3.72.040 Youth court programs.

3.72.005 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Court" when used without further qualification means the district court under chapter 3.30 RCW, the municipal department under chapter 3.46 RCW, or the municipal court under chapter 3.50 or 35.20 RCW.
"Traffic infraction" means those acts defined as traffic infractions by RCW 46.63.020.

"Transit infraction" means an infraction issued by a transit authority as defined in RCW 9.91.025(2)(c), including those infractions authorized under RCW 35.58.580, 36.77A.230, and 81.112.220.

"Youth court" means an alternative method of hearing and disposing of traffic infractions for juveniles age sixteen or seventeen. [2017 c 9 § 1; 2002 c 237 § 1.]

3.72.010 Youth court creation—Jurisdiction. (1) A court created under chapter 3.30, 3.46, 3.50, or 35.20 RCW may create a youth court. The youth court shall have jurisdiction over traffic and transit infractions alleged to have been committed by juveniles age sixteen or seventeen. The court may refer a juvenile to the youth court upon request of any party or upon its own motion. However, a juvenile shall not be required under this section to have his or her traffic or transit infraction referred to or disposed of by a youth court.

(2) To be referred to a youth court pursuant to this chapter, a juvenile:
   (a) May not have had a prior traffic or transit infraction referred to a youth court;
   (b) May not be under the jurisdiction of any court for a violation of any provision of Title 46 RCW or for unlawful transit conduct under RCW 9.91.025;
   (c) May not have any convictions for a violation of any provision of Title 46 RCW or for unlawful transit conduct under RCW 9.91.025; and
   (d) Must acknowledge that there is a high likelihood that he or she would be found to have committed the traffic or transit infraction.

(3)(a) Nothing in this chapter shall interfere with the ability of juvenile courts to refer matters involving juvenile offenders who are eligible for diversion pursuant to RCW 13.40.070 (6) and (8) and who agree, along with a parent, guardian, or legal custodian, to comply with the provisions of RCW 13.40.600.

   (b) Nothing in this chapter shall interfere with the ability of student courts to work with students who violate school rules and policies pursuant to RCW 28A.300.420. [2017 c 9 § 2; 2005 c 73 § 1; 2002 c 237 § 2.]

3.72.020 Youth court agreement. (1) A youth court agreement shall be a contract between a juvenile accused of a traffic or transit infraction and a court whereby the juvenile agrees to fulfill certain conditions imposed by a youth court in lieu of a determination that a traffic or transit infraction occurred. Such agreements may be entered into only after the law enforcement authority has determined that probable cause exists to believe that a traffic or transit infraction has been committed and that the juvenile committed it. A youth court agreement shall be reduced to writing and signed by the court and the youth accepting the terms of the agreement. Such agreements shall be entered into as expeditiously as possible.

(2) Conditions imposed on a juvenile by a youth court shall be limited to one or more of the following:

   (a) Community service not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;
   (b) Attendance at defensive driving school or driver improvement education classes or, in the discretion of the court, a like means of fulfilling this condition. The state shall not be liable for costs resulting from the youth court or the conditions imposed upon the juvenile by the youth court;
   (c) A monetary penalty, not to exceed one hundred dollars. All monetary penalties assessed and collected under this section shall be deposited and distributed in the same manner as costs, fines, forfeitures, and penalties are assessed and collected under RCW 2.68.040, *3.46.120, 3.50.100, 3.62.020, 3.62.040, 35.20.220, and 46.63.110(7), regardless of the juvenile's successful or unsuccessful completion of the youth court agreement;
   (d) Requirements to remain during specified hours at home, school, or work, and restrictions on leaving or entering specified geographical areas;
   (e) Participating in law-related education classes;
   (f) Providing periodic reports to the youth court or the court;
   (g) Participating in mentoring programs;
   (h) Serving as a participant in future youth court proceedings;
   (i) Writing apology letters; or
   (j) Writing essays.

(3) Youth courts may require that the youth pay any costs associated with conditions imposed upon the youth by the youth court.

   (a) A youth court disposition shall be completed within one hundred eighty days from the date of referral.
   (b) The court, as specified in RCW 3.72.010, shall monitor the successful or unsuccessful completion of the disposition.

(4) A youth court agreement may extend beyond the eighteenth birthday of the youth.

(5) Any juvenile who is, or may be, referred to a youth court shall be afforded due process in all contacts with the youth court regardless of whether the juvenile is accepted by the youth court or whether the youth court program is successfully completed. Such due process shall include, but not be limited to, the following:

   (a) A written agreement shall be executed stating all conditions in clearly understandable language and the action that will be taken by the court upon successful or unsuccessful completion of the agreement;
   (b) Violation of the terms of the agreement shall be the only grounds for termination.

   (6) The youth court shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during youth court hearings or negotiations.

   (7) The court shall be responsible for advising a juvenile of his or her rights as provided in this chapter.

   (8) When a juvenile enters into a youth court agreement, the court may receive only the following information for dispositional purposes:

      (a) The fact that a traffic or transit infraction was alleged to have been committed;
(b) The fact that a youth court agreement was entered into;
(c) The juvenile's obligations under such agreement;
(d) Whether the juvenile performed his or her obligations under such agreement; and
(e) The facts of the alleged traffic or transit infraction.
(9) A court may refuse to enter into a youth court agreement with a juvenile. When a court refuses to enter a youth court agreement with a juvenile, it shall set the matter for hearing in accordance with all applicable court rules and statutory provisions governing the hearing and disposition of traffic and transit infractions.
(10) If a monetary penalty required by a youth court agreement cannot reasonably be paid due to a lack of financial resources of the youth, the court may convert any or all of the monetary penalty into community service. The modification of the youth court agreement shall be in writing and signed by the juvenile and the court. The number of hours of community service in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour. [2017 c 9 § 3; 2002 c 237 § 3.]

Reviser's note: RCW 3.46.120 was repealed by 2008 c 227 § 12, effective July 1, 2008.

3.72.030 Purpose and limitations of youth courts, student courts. Youth courts provide a disposition method for cases involving juveniles alleged to have committed traffic or transit infractions. Youth courts may also provide diversion in cases involving juvenile offenders who are eligible for diversion pursuant to RCW 13.40.070 (6) and (8) and who agree, along with a parent, guardian, or legal custodian, to comply with the provisions of RCW 13.40.600. Student court programs may also be available in schools to work with students who violate school rules and policies pursuant to RCW 28A.300.420. Youth court participants, under the supervision of the court or an adult coordinator, may serve in various capacities within the youth court, acting in the role of jurors, lawyers, bailiffs, clerks, and judges. Youth courts and student courts have no jurisdiction except as provided for in this chapter, chapter 13.40 RCW, and RCW 28A.300.420. Youth courts and student courts are not courts established under Article IV of the state Constitution. [2017 c 9 § 4; 2005 c 73 § 2; 2002 c 237 § 4.]

3.72.040 Youth court programs. The administrative office of the courts shall encourage the courts to work with cities, counties, and schools to implement, expand, or use youth court programs for juveniles who commit traffic or transit infractions. Program operations of youth court programs may be funded by government and private grants. Youth court programs are limited to those that:
(1) Are developed using the guidelines for creating and operating youth court programs developed by nationally recognized experts in youth court projects;
(2) Target youth ages sixteen and seventeen who are alleged to have committed a traffic or transit infraction; and
(3) Emphasize the following principles:
(a) Youth must be held accountable for their problem behavior;
(b) Youth must be educated about the impact their actions have on themselves and others including their victims, their families, and their community;
(c) Youth must develop skills to resolve problems with their peers more effectively; and
(d) Youth should be provided a meaningful forum to practice and enhance newly developed skills. [2017 c 9 § 5; 2002 c 237 § 5.]

(1) No judge of a superior court of the state of Washington shall sit to hear or try any action or proceeding if that judge has been disqualified pursuant to RCW 4.12.050. In such case the presiding judge in judicial districts where there is more than one judge shall forthwith transfer the action to another department of the same court, or call in a judge from some other court. In all judicial districts where there is only one judge, a certified copy of the notice of disqualification filed in the cause shall be transmitted by the clerk of the superior court to the clerk of the superior court designated by the chief justice of the supreme court. Upon receipt the clerk of said superior court shall transmit the forwarded notice to the presiding judge who shall direct a visiting judge to hear and try such action as soon as convenient and practical.
(2) The presiding judge in judicial districts where there is more than one judge, or the presiding judge of judicial districts where there is only one judge, may send a case for trial to another court if the convenience of witnesses or the ends of justice will not be interfered with by such a course and the action is of such a character that a change of venue may be ordered: PROVIDED, That in criminal prosecutions the case shall not be sent for trial to any court outside the county unless the accused shall waive his or her right to a trial by a jury of the county in which the offense is alleged to have been committed.

(c) A judge who has been disqualified under this section may decide such issues as the parties agree in writing or on the record in open court.

(d) No party or attorney is permitted to disqualify more than one judge in any matter under this section and RCW 4.12.040.

SPECIAL RIGHTS OF ACTION AND SPECIAL IMMUNITIES

Sections

4.24.210 Liability of owners or others in possession of land and water areas for injuries to recreation users—Known dangerous artificial latent conditions—Other limitations. (1) Except as otherwise provided in subsection (3) or (4) of this section, any public or private landowners, hydroelectric project owners, or others in lawful possession and control of any lands whether rural or urban, or water areas or channels and lands adjacent to such areas or channels, who allow members of the public to use them for the purposes of outdoor recreation, which term includes, but is not limited to, the cutting, gathering, and removing of firewood by private persons for their personal use without purchasing the firewood from the landowner, hunting, fishing, camping, picnicking, swimming, hiking, bicycling, skateboarding or other nonmotorized wheel-based activities, aviation activities including, but not limited to, the operation of airplanes, ultra-light airplanes, hang gliders, parachutes, and paragliders, rock climbing, the riding of horses or other animals, clam digging, pleasure driving of off-road vehicles, snowmobiles, and other vehicles, boating, kayaking, canoeing, rafting, nature study, winter or water sports, viewing or enjoying historical, archaeological, scenic, or scientific sites, without charging a fee of any kind therefor, shall not be liable for unintentional injuries to such users.

(2) Except as otherwise provided in subsection (3) or (4) of this section, any public or private landowner or others in lawful possession and control of any lands whether rural or urban, or water areas or channels and lands adjacent to such areas or channels, who offer or allow such land to be used for purposes of a fish or wildlife cooperative project, or allow access to such land for cleanup of litter or other solid waste, shall not be liable for unintentional injuries to any volunteer group or to any other users.

(3) Any public or private landowner, or others in lawful possession and control of the land, may charge an administrative fee of up to twenty-five dollars for the cutting, gathering, and removing of firewood from the land.

(4)(a) Nothing in this section shall prevent the liability of a landowner or others in lawful possession and control for injuries sustained to users by reason of a known dangerous artificial latent condition for which warning signs have not been conspicuously posted.

(i) A fixed anchor used in rock climbing and put in place by someone other than a landowner is not a known dangerous artificial latent condition and a landowner under subsection (1) of this section shall not be liable for unintentional injuries resulting from the condition or use of such an anchor.

(ii) Releasing water or flows and making waterways or channels available for kayaking, canoeing, or rafting purposes pursuant to and in substantial compliance with a hydroelectric license issued by the federal energy regulatory commission, and making adjacent lands available for purposes of allowing viewing of such activities, does not create a known dangerous artificial latent condition and hydroelectric project owners under subsection (1) of this section shall not be liable for unintentional injuries to the recreational users and observers resulting from such releases and activities.

(b) Nothing in RCW 4.24.200 and this section limits or expands in any way the doctrine of attractive nuisance.

(c) Usage by members of the public, volunteer groups, or other users is permissive and does not support any claim of adverse possession.

(5) For purposes of this section, the following are not fees:

(a) A license or permit issued for statewide use under authority of chapter 79A.05 RCW or Title 77 RCW;

(b) A pass or permit issued under RCW 79A.80.020, 79A.80.030, or 79A.80.040;

(c) A daily charge not to exceed twenty dollars per person, per day, for access to a publicly owned ORV sports park, as defined in RCW 46.09.310, or other public facility accessed by a highway, street, or nonhighway road for the purposes of off-road vehicle use; and
(d) Payments to landowners for public access from state, local, or nonprofit organizations established under department of fish and wildlife cooperative public access agreements if the landowner does not charge a fee to access the land subject to the cooperative agreement. Findings—Intent—2011 c 320: See RCW 79A.80.005.

Effective date—2011 c 320: See note following RCW 79A.80.005.

Intent—2011 c 171: "This act is intended to reconcile and conform amendments made in chapter 161, Laws of 2010 with other legislation passed during the 2010 legislative sessions, as well as provide technical amendments to codified sections affected by chapter 161, Laws of 2010. Any statutory changes made by this act should be interpreted as technical in nature and not be interpreted to have any substantive policy or legal implications." [2011 c 171 § 1.]

Effective date—2011 c 171: "Except for section 129 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2011." [2011 c 171 § 142.]

Finding—2003 c 16: "The legislature finds that some property owners in Washington are concerned about the possibility of liability arising when individuals are permitted to engage in potentially dangerous outdoor recreational activities, such as rock climbing. Although RCW 4.24.210 provides property owners with immunity from legal claims for any unintentional injuries suffered by certain individuals recreating on their land, the legislature finds that it is important to the promotion of rock climbing opportunities to specifically include rock climbing as one of the recreational activities that are included in RCW 4.24.210. By including rock climbing in RCW 4.24.210, the legislature intends merely to provide assurance to the owners of property suitable for this type of recreation, and does not intend to limit the application of RCW 4.24.210 to other types of recreation. By providing that a landowner shall not be liable for any unintentional injuries resulting from the condition or use of a fixed anchor used in rock climbing, the legislature recognizes that such fixed anchors are recreational equipment used by climbers for which a landowner has no duty of care." 4.24.355 Action by person removed from premises pursuant to RCW 9A.52.105—Damages, costs, attorneys’ fees. All persons removed from premises pursuant to RCW 9A.52.105 on the basis of false statements made by a declarant pursuant to RCW 9A.52.115 shall have a cause of action to recover from the declarant for actual damages, together with costs and reasonable attorneys’ fees. [2017 c 284 § 3.]

4.24.595 Liability immunity—Emergent placement investigations of child abuse or neglect—Shelter care and other dependency orders. (Effective July 1, 2018.) (1) Governmental entities, and their officers, agents, employees, and volunteers, are not liable in tort for any of their acts or omissions in emergent placement investigations of child abuse or neglect under chapter 26.44 RCW including, but not limited to, any determination to leave a child with a parent, custodian, or guardian, or to return a child to a parent, custodian, or guardian, unless the act or omission constitutes gross negligence. Emergent placement investigations are those conducted prior to a shelter care hearing under RCW 13.34.065. [2017 RCW Supp—page 8]

(2) The department of children, youth, and families and its employees shall comply with the orders of the court, including shelter care and other dependency orders, and are not liable for acts performed to comply with such court orders. In providing reports and recommendations to the court, employees of the department of children, youth, and families are entitled to the same witness immunity as would be provided to any other witness. 4.24.830 Agritourism—Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agritourism activity" means any activity carried out on a farm or ranch whose primary business activity is agricultural or ranching and that allows members of the general public, for recreational, entertainment, or educational purposes, to view or enjoy rural activities including, but not limited to: Farming; ranching; historic, cultural, and on-site educational programs; recreational farming programs that may include on-site hospitality services; guided and self-guided tours; petting zoos; farm festivals; corn mazes; harvest-your-own operations; hayrides; barn parties; horseback riding; fishing; and camping.

(2) "Agritourism professional" means any person in the business of providing one or more agritourism activities, whether or not for compensation.

(3) "Inherent risks of agritourism activity" means those dangers or conditions that are an integral part of an agritourism activity including certain hazards, such as surface and subsurface conditions, natural conditions of land, vegetation, waters, the behavior of wild or domestic animals, and ordinary dangers of structures or equipment ordinarily used in farming and ranching operations. Inherent risks of agritourism activity also include the potential of a participant to act in a negligent manner that may contribute to injury to the participant or others, including failing to follow instructions given by the agritourism professional or failing to exercise reasonable caution while engaging in the agritourism activity, unless the participant acting in a negligent manner is a minor or is under the influence of alcohol or drugs.

(4) "Participant" means any person, other than the agritourism professional, who engages in an agritourism activity.

(5) "Person" means a legal person, such as a business of providing one or more agritourism activities, whether for the purpose of profit or otherwise, an association, partnership, limited liability company, corporation, unit of government, or any other group acting as a unit. [2017 c 227 § 2.]

4.24.832 Agritourism—Immunity. (a) Except as provided in subsection (2) of this section, an agritourism professional is not liable for injury, loss, damage, or death of a participant resulting exclusively from any of the inherent risks of agritourism activities.

(b) Except as provided in subsection (2) of this section, no participant or participant's representative may pursue an
action or recover from an agritourism professional for injury, loss, damage, or death of the participant resulting exclusively from any of the inherent risks of agritourism activities.

(c) In any action for damages against an agritourism professional for agritourism activity, the agritourism professional must plead the affirmative defense of assumption of the risk of agritourism activity by the participant.

(2) Nothing in subsection (1) of this section prevents or limits the liability of an agritourism professional if the agritourism professional does any one or more of the following:

(a) Commits an act or omission that is grossly negligent or constitutes willful or wanton disregard for the safety of the participant and that act or omission proximately causes injury, damage, or death to the participant.

(b) Has actual knowledge or reasonably should have known of an existing dangerous condition on the land, facilities, or equipment used in the activity or the dangerous propensity of a particular animal used in such an activity and does not make the danger known to the participant and the danger proximately causes injury, damage, or death to the participant.

(c) Permits minor participants to use facilities or engage in agritourism activities that are not reasonably appropriate for their age. This provision shall not be interpreted to relieve a parent or guardian of a minor participant of the duty to reasonably supervise the minor's participation in agritourism activities, including assessing whether the minor's participation in an agritourism activity is reasonably appropriate for his or her age.

(d) Knowingly permits participants to use facilities or engage in agritourism activities while under the influence of alcohol or drugs.

(e) Fails to warn participants as required by RCW 4.24.835.

(3) Any limitation on legal liability afforded by this section to an agritourism professional is in addition to any other limitations of legal liability otherwise provided by law. [2017 c 227 § 3.]

Finding—2017 c 227: "The legislature finds that agriculture plays a substantial role in the economy, culture, and history of Washington state. As an increasing number of Washington's citizens are removed from day-to-day agricultural experiences, agritourism provides a valuable opportunity for the public to interact with, experience, and understand agriculture. In addition, agritourism opportunities provide valuable options for farmers and ranchers and rural residents to maintain their operations and continue a traditional economic development opportunity in rural areas. Inherent risks exist on farms and ranches, some of which cannot be reasonably eliminated. Uncertainty of potential liability associated with inherent risks has a negative impact on the establishment and success of agritourism operations." [2017 c 227 § 1.]

4.24.835 Agritourism—Warning notice. (1) Every agritourism professional must post and maintain signs that contain the warning notice specified in subsection (2) of this section. The sign must be placed in a clearly visible location at the entrance to the agritourism location and at the site of the agritourism activity. The warning notice must consist of a sign in black letters, with each letter to be a minimum of one inch in height. Every written contract entered into by an agritourism professional for the providing of professional services, instruction, or the rental of equipment to a participant, whether or not the contract involves agritourism activities on or off the location or at the site of the agritourism activity, must contain in clearly readable print the warning notice specified in subsection (2) of this section.

(2) The sign and contracts described in subsection (1) of this section must contain the following notice of warning:

"WARNING

Under Washington state law, there is limited liability for an injury to or death of a participant in an agritourism activity conducted at this agritourism location if such an injury or death results exclusively from the inherent risks of the agritourism activity. Inherent risks of agritourism activities include, among others, risks of injury inherent to land, equipment, and animals, as well as the potential for you to act in a negligent manner that may contribute to your injury or death. We are required to ensure that in any activity involving minor children, only age-appropriate access to activities, equipment, and animals is permitted. You are assuming the risk of participating in this agritourism activity."

(3) Failure to comply with the requirements concerning warning signs and notices provided in this section prohibits an agritourism professional from invoking the privilege of immunity provided by this section, section 1, chapter 227, Laws of 2017, and RCW 4.24.830 and 4.24.832 and may be introduced as evidence in any claim for damages. [2017 c 235 § 1; 2011 c 346 § 101; 2006 c 268 § 1; 2002 c 10 § 3; 2001 c 136 § 1; 1997 c 249 § 1; 1990 c 73 § 1; 1987 c 281 § 6; 1985 c 443 § 11; 1983 c 239 § 4; 1980 c 156 § 2; 1977 ex.s.s. c 302 § 2; 1975 1st ex.s.s. c 176 § 1; 1973 1st ex.s.s. c 122 § 2.]

Intent—2011 c 346: "It is the intent of the legislature that eligible victims of crime who suffer bodily injury or death as a result of violent crime receive benefits under the crime victims' compensation program. To ensure benefits are provided, within funds available, to the largest number of eligible victims, it is imperative to streamline and provide flexibility in the administration of the program. Therefore, the legislature intends to simplify the administration of the benefits and services provided to victims of crime by separating the administration of the benefits and services provided to crime victims from the workers' compensation program under Title 51 RCW. These changes are intended to clarify that the limited funding available to help victims of crimes will be managed to help the largest number of crime victims as possible." [2011 c 346 § 1.]

Retroactive application—2011 c 346: "This act applies retroactively for claims of victims of criminal acts that occurred on or after July 1, 1981, in which a closing order has not been issued or become final and binding as of July 1, 2011, except that victims receiving time loss or loss of support on or before July 1, 2011, may continue to receive time loss at the rate established prior to July 1, 2011. Aggravation applications filed by crime victims who had claims prior to July 1, 2011, will be adjudicated under the laws in effect on or after July 1, 2011. This act does not affect the retroactive application of chapter 122, Laws of 2010." [2011 c 346 § 802.]

Effective date—2011 c 346: "Except for *sections 402 and 503 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2011." [2011 c 346 § 806.]

*Reviser's note: Sections 402 and 503 of this act were vetoed by the governor.

Findings—Purpose—2002 c 10: (1) The legislature finds that:
(a) The trafficking in persons is a modern form of slavery, and it is the largest manifestation of slavery today;
(b) At least seven hundred thousand persons annually, primarily women and children, are trafficked within or across international borders;
(c) Approximately fifty thousand women and children are trafficked into the United States each year;
(d) Trafficking in persons is not limited to the sex industry, and includes forced labor with significant violations of labor, public health, and human rights standards worldwide;
(e) Traffickers primarily target women and girls, who are disproportionately affected by poverty, the lack of access to education, chronic unemployment, discrimination, and the lack of economic opportunities in countries of origin; and
(f) There are not adequate services and facilities to meet the needs of trafficking victims regarding health care, housing, education, and legal assistance, which safely reintegrate trafficking victims into their home countries.

(2) The legislature declares that the purpose of this act is to provide a coordinated, humane response for victims of human trafficking through a review of existing programs and clarification of existing options for such victims." [2002 c 10 § 1.]

Legislative intent—"Public or private insurance"—1980 c 156: "Sections 2 through 4 of this 1980 act are required to clarify the legislative intent concerning the phrase "public or private insurance" as used in section 13, chapter 122, Laws of 1973 1st ex. sess. and RCW 7.68.130 which was the subject of Wagner v. Labor & Indus., 92 Wn.2d 463 (1979). It has continuously been the legislative intent to include as "public insurance" both state and federal statutory social welfare and insurance schemes which make available to victims or their beneficiaries recompense as a result of the claimed injury or death, such as but not limited to old age and survivors insurance, medicare, medicaid, benefits under the veterans' benefits act, longshore and harbor workers act, industrial insurance act, law enforcement officers' and firefighters' retirement system act, Washington public employees' retirement system act, teachers' retirement system act, and firemen's relief and pension act. 7.68.030 Duties of the director—General provisions—Testimony by medical providers. (1) It shall be the duty of the director to establish and administer a program of benefits to innocent victims of criminal acts within the terms and limitations of this chapter. The director may apply for and, subject to appropriation, expend federal funds under Public Law 98-473 and any other federal program providing financial assistance to state crime victim compensation programs. The federal funds shall be deposited in the state general fund and may be expended only for purposes authorized by applicable federal law.

(2) The director shall:
(a) Establish and adopt rules governing the administration of this chapter in accordance with chapter 34.05 RCW;
(b) Regulate the proof of accident and extent thereof, the proof of death, and the proof of relationship and the extent of dependency;
(c) Supervise the medical, surgical, and hospital treatment to the intent that it may be in all cases efficient and up to the recognized standard of modern surgery;

(d) Issue proper receipts for moneys received and certificates for benefits accrued or accruing;

(e) Designate a medical director who is licensed under chapter 18.57 or 18.71 RCW;

(f) Supervise the providing of prompt and efficient care and treatment, including care provided by physician assistants governed by the provisions of chapters 18.57A and 18.71A RCW, acting under a supervising physician, including chiropractic care, and including care provided by licensed advanced registered nurse practitioners, to victims at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and adopt and supervise the administration of printed forms, electronic communications, rules, regulations, and practices for the furnishing of such care and treatment.

The medical coverage decisions of the department do not constitute a "rule" as used in RCW 34.05.010(16), nor are such decisions subject to the rule-making provisions of chapter 34.05 RCW except that criteria for establishing medical coverage decisions shall be adopted by rule. The department may recommend to a victim particular health care services and providers where specialized treatment is indicated or where cost-effective payment levels or rates are obtained by the department, and the department may enter into contracts for goods and services including, but not limited to, durable medical equipment so long as statewide access to quality service is maintained for injured victims;

(g) In consultation with interested persons, establish and, in his or her discretion, periodically change as may be necessary, and make available a fee schedule of the maximum charges to be made by any physician, surgeon, chiropractor, hospital, druggist, licensed advanced registered nurse practitioner, and physician assistants as defined in chapters 18.57A and 18.71A RCW, acting under a supervising physician or other agency or person rendering services to victims. The department shall coordinate with other state purchasers of health care services to establish as much consistency and uniformity in billing and coding practices as possible, taking into account the unique requirements and differences between programs. No service covered under this title, including services provided to victims, whether aliens or other victims, who are not residing in the United States at the time of receiving the services, shall be charged or paid at a rate or rates exceeding those specified in such fee schedule, and no contract providing for greater fees shall be valid as to the excess. The establishment of such a schedule, exclusive of conversion factors, does not constitute "agency action" as used in RCW 34.05.010(3), nor does such a fee schedule constitute a "rule" as used in RCW 34.05.010(16). Payments for providers' services under the fee schedule established pursuant to this subsection (2) may not be less than payments provided for comparable services under the workers' compensation program under Title 51 RCW, provided:

(i) If the department, using caseload estimates, projects a deficit in funding for the program by July 15th for the following fiscal year, the director shall notify the governor and the appropriate committees of the legislature and request funding sufficient to continue payments to not less than payments provided for comparable services under the workers' compensation program. If sufficient funding is not provided to continue payments to not less than payments provided for comparable services under the workers' compensation program, the director shall reduce the payments under the fee schedule for the following fiscal year based on caseload estimates and available funding, except payments may not be reduced to less than seventy percent of payments for comparable services under the workers' compensation program;

(ii) If an unforeseeable catastrophic event results in insufficient funding to continue payments to not less than payments provided for comparable services under the workers' compensation program, the director shall reduce the payments under the fee schedule to not less than seventy percent of payments provided for comparable services under the workers' compensation program, provided that the reduction may not be more than necessary to fund benefits under the program; and

(iii) Once sufficient funding is provided or otherwise available, the director shall increase the payments under the fee schedule to not less than payments provided for comparable services under the workers' compensation program;

(h) Make a record of the commencement of every disability and the termination thereof and, when bills are rendered for the care and treatment of injured victims, shall approve and pay those which conform to the adopted rules, regulations, established fee schedules, and practices of the director and may reject any bill or item thereof incurred in violation of the principles laid down in this section or the rules, regulations, or the established fee schedules and rules and regulations adopted under it.

(3) The director and his or her authorized assistants:

(a) Have power to issue subpoenas to enforce the attendance and testimony of witnesses and the production and examination of books, papers, photographs, tapes, and records before the department in connection with any claim made to the department or any bill submitted to the department. The superior court has the power to enforce any such subpoena by proper proceedings;

(b)(i) May apply for and obtain a superior court order approving and authorizing a subpoena in advance of its issuance. The application may be made in the county where the subpoenaed person resides or is found, or the county where the subpoenaed records or documents are located, or in Thurston county. The application must (A) state that an order is sought pursuant to this subsection; (B) adequately specify the records, documents, or testimony; and (C) declare under oath that an investigation is being conducted for a lawfully authorized purpose related to an investigation within the department's authority and that the subpoenaed documents or testimony are reasonably related to an investigation within the department's authority.

(ii) Where the application under this subsection (3)(b) is made to the satisfaction of the court, the court must issue an order approving the subpoena. An order under this subsection constitutes authority of law for the agency to subpoena the records or testimony.

(iii) The director and his or her authorized assistants may seek approval and a court may issue an order under this sub-
section without prior notice to any person, including the person to whom the subpoena is directed and the person who is the subject of an investigation.

(4) In all hearings, actions, or proceedings before the department, any physician or licensed advanced registered nurse practitioner having theretofore examined or treated the claimant may be required to testify fully regarding such examination or treatment, and shall not be exempt from so testifying by reason of the relation of the physician or licensed advanced registered nurse practitioner to the patient.

In order to effectively accomplish such purpose and to assure that the victim receives such services as are paid for by the state of Washington, the acceptance by the victim of such services, and the request by a provider of services for reimbursement for providing such services, shall authorize the director of the department or the director’s authorized representative to inspect and audit all records in connection with the provision of such services. In the conduct of such audits or investigations, the director or the director’s authorized representatives may:

(iii) Parents of the minor patient;

(iv) The individual, if any, to whom the minor's parent has given a signed authorization to make health care decisions for the minor patient; and

(v) A competent adult representing himself or herself to be a relative responsible for the health care of such minor patient or a competent adult who has signed and dated a declaration under penalty of perjury pursuant to RCW 9A.72.085 stating that the adult person is a relative responsible for the health care of the minor patient. Such declaration shall be effective for up to six months from the date of the declaration.

(b)(i) Informed consent for health care on behalf of a patient who is incapacitated, as defined in RCW 11.88.010(1)(e), because he or she is under the age of majority and who is not otherwise authorized to provide informed consent may be obtained from a school nurse, school counselor, or homeless student liaison when:

(A) Consent is necessary for nonemergency, outpatient, primary care services, including physical examinations, vision examinations and eyeglasses, dental examinations, hearing examinations and hearing aids, immunizations, treatments for illnesses and conditions, and routine follow-up care customarily provided by a health care provider in an outpatient setting, excluding elective surgeries;

(B) The minor patient meets the definition of a "homeless child or youth" under the federal McKinney-Vento homeless education assistance improvements act of 2001, P.L. 107-110, January 8, 2002, 115 Stat. 2005; and

(C) The minor patient is not under the supervision or control of a parent, custodian, or legal guardian, and is not in the care and custody of the department of social and health services.

(ii) A person authorized to consent to care under this subsection (2)(b) and the person's employing school or school district are not subject to administrative sanctions or civil damages resulting from the consent or nonconsent for care, any care, or payment for any care, rendered pursuant to this section. Nothing in this section prevents a health care facility or a health care provider from seeking reimbursement from other sources for care provided to a minor patient under this subsection (2)(b).

(iii) Upon request by a health care facility or a health care provider, a person authorized to consent to care under this subsection (2)(b) must provide to the person rendering care a declaration signed and dated under penalty of perjury pursuant to RCW 9A.72.085 stating that the person is a school nurse, school counselor, or homeless student liaison and that the minor patient meets the elements under (b)(i) of this subsection. The declaration must also include written notice of the exemption from liability under (b)(ii) of this subsection.

(c) A health care provider may, but is not required to, rely on the representations or declaration of a person claiming to be a relative responsible for the care of the minor patient, under (a)(v) of this subsection, or a person claiming to be authorized to consent to the health care of the minor patient under (b) of this subsection, if the health care provider does not have actual notice of the falsity of any of the statements made by the person claiming to be a relative responsible for the health care of the minor patient, or person claiming to be authorized to consent to the health care of the minor patient.
(d) A health care facility or a health care provider may, in its discretion, require documentation of a person's claimed status as being a relative responsible for the health care of the minor patient, or a person claiming to be authorized to consent to the health care of the minor patient under (b) of this subsection. However, there is no obligation to require such documentation.

(e) The health care provider or health care facility where services are rendered shall be immune from suit in any action, civil or criminal, or from professional or other disciplinary action when such reliance is based on a declaration signed under penalty of perjury pursuant to RCW 9A.72.085 stating that the adult person is a relative responsible for the health care of the minor patient under (a)(v) of this subsection, or a person claiming to be authorized to consent to the health care of the minor patient under (b) of this subsection.

(3) For the purposes of this section, "health care," "health care provider," and "health care facility" shall be defined as established in RCW 70.02.010. [2017 c 275 § 1; 2007 c 156 § 11; 2006 c 93 § 1; 2005 c 440 § 2; 2003 c 283 § 29; 1987 c 162 § 1.]

Intent—2005 c 440: "(1) It is the intent of the legislature to assist children in the care of kin to access appropriate medical services. Children being raised by kin have faced barriers to medical care because their kinship caregivers have not been able to verify that they are the identified primary caregivers of these children. Such barriers pose an especially significant challenge to kinship caregivers in dealing with health professionals when children are left in their care.

(2) It is the intent of the legislature to assist kinship caregivers in accessing appropriate medical care to meet the needs of a child in their care by permitting such responsible adults who are providing care to a child to give informed consent to medical care." [2005 c 440 § 1.]

Chapter 7.90 RCW

SEXUAL ASSAULT PROTECTION ORDER ACT

Sections

7.90.120 Ex parte orders—Duration.
7.90.121 Renewal of ex parte order.
7.90.170 Modification or termination of protection orders.

7.90.120 Ex parte orders—Duration. (1)(a) An ex parte temporary sexual assault protection order shall be effective for a fixed period not to exceed fourteen days if service by publication or service by mail is permitted. If the court permits service by publication or service by mail, the court shall also issue the ex parte temporary protection order not to exceed twenty-four days from the date of reissuing the ex parte protection order. Except as provided in RCW 7.90.050, 7.90.052, or 7.90.053, the respondent shall be personally served with a copy of the ex parte temporary sexual assault protection order along with a copy of the petition and notice of the date set for the hearing.

(b) Any ex parte temporary order issued under this section shall contain the date and time of issuance and the expiration date and shall be entered into a statewide judicial information system by the clerk of the court within one judicial day after issuance.

(2) Except as otherwise provided in this section or RCW 7.90.150, a final sexual assault protection order shall be effective for a fixed period of time or be permanent.

(3) Any sexual assault protection order which would expire on a court holiday shall instead expire at the close of the next court business day.

(4) The practice of dismissing or suspending a criminal prosecution in exchange for the issuance of a sexual assault protection order undermines the purposes of this chapter. This section shall not be construed as encouraging that practice. [2017 c 233 § 1; 2013 c 74 § 3; 2006 c 138 § 13.]

7.90.121 Renewal of ex parte order. (1) Any ex parte temporary or nonpermanent final sexual assault protection order may be renewed one or more times, as required.

(2) The petitioner may apply for renewal of the order by filing a motion for renewal at any time within the three months before the order expires. The motion for renewal shall state the reasons why the petitioner seeks to renew the protection order.

(3)(a) The court shall grant the motion for renewal unless the respondent proves by a preponderance of the evidence that there has been a material change in circumstances such that the respondent is not likely to engage in or attempt to engage in physical or nonphysical contact with the petitioner when the order expires.

(b) For purposes of this subsection (3), a court shall determine whether there has been a material change in circumstances by considering only factors which address whether the respondent is likely to engage in or attempt to engage in physical or nonphysical contact with the petitioner when the order expires. The passage of time and compliance with the existing protection order shall not, alone, be sufficient to meet this burden of proof. The court may renew the sexual assault protection order for another fixed time period or may enter a permanent order as provided in this section.

(c) In determining whether there has been a material change in circumstances, the court may consider the following unweighted factors, and no inference is to be drawn from the order in which the factors are listed:

(i) Whether the respondent has committed or threatened sexual assault, domestic violence, stalking, or other violent acts since the protection order was entered;

(ii) Whether the respondent has violated the terms of the protection order and the time that has passed since the entry of the order;

(iii) Whether the respondent has exhibited suicidal ideation or attempts since the protection order was entered;

(iv) Whether the respondent has been convicted of criminal activity since the protection order was entered;

(v) Whether the respondent has either acknowledged responsibility for acts of sexual assault that resulted in entry of the protection order or successfully completed sexual assault perpetrator treatment or counseling since the protection order was entered;

(vi) Whether the respondent has a continuing involvement with drug or alcohol abuse, if such abuse was a factor in the protection order;

(vii) Whether the respondent or petitioner has relocated to an area more distant from the other party, giving due con-
sideration to the fact that acts of sexual assault may be committed from any distance such as via cybercrime;

(viii) Other factors relating to a material change in circumstances.

(4)(a) If the motion is contested, upon receipt of the motion, the court shall order that a hearing be held not later than fourteen days from the date of the order.

(b) The court may schedule a hearing by telephone pursuant to local court rule, to reasonably accommodate a disability, or in exceptional circumstances to protect a petitioner from further nonconsensual sexual conduct or nonconsensual sexual penetration. The court shall require assurances of the petitioner's identity before conducting a telephonic hearing.

(c) The respondent shall be personally served not less than five court days prior to the hearing. If timely personal service cannot be made, the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided in RCW 7.90.052 or service by mail as provided in RCW 7.90.053. The court shall not require more than two attempts at obtaining personal service and shall permit service by publication or service by mail unless the petitioner requests additional time to attempt personal service. If the court permits service by publication or service by mail, the court shall set the hearing date not later than twenty-four days from the date of the order.

(5) Renewals may be granted only in open court. [2017 c 233 § 2; 2013 c 74 § 4.]

7.90.170 Modification or termination of protection orders. (1) Upon a motion with notice to all parties and after a hearing, the court may terminate or modify the terms of an existing sexual assault protection order, including terms entered pursuant to RCW 9.41.800 related to firearms or other dangerous weapons or to concealed pistol licenses.

(2)(a) A respondent's motion to terminate or modify a sexual assault protection order must include a declaration setting forth facts supporting the requested order for termination or modification. The nonmoving parties to the proceeding may file opposing declarations. The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the declarations. If the court finds that the respondent established adequate cause, the court shall set a date for hearing the respondent's motion.

(b) The court may terminate or modify the terms of a sexual assault protection order, including terms entered pursuant to RCW 9.41.800 related to firearms or other dangerous weapons or to concealed pistol licenses, if the respondent proves by a preponderance of the evidence that there has been a material change in circumstances such that the respondent is not likely to engage in or attempt to engage in physical or nonphysical contact with the persons protected by the protection order if the order is terminated or modified. The petitioner bears no burden of proving that he or she has a current reasonable fear of harm by the respondent.

(c) A respondent may file a motion to terminate or modify pursuant to this section no more than once in every twelve-month period that the order is in effect, starting from the date of the order and continuing through any renewal.

(d) A court may require the respondent to pay the petitioner for costs incurred in responding to a motion to terminate or modify pursuant to this section, including reasonable attorneys' fees.

(3) The court shall order that a hearing on the motion for termination or modification of the order be held not later than fourteen days from the date of the order. The nonmoving party shall be personally served not less than five days before the hearing. If timely service cannot be made, the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided in RCW 7.90.052 or service by mail as provided in RCW 7.90.053. If the court permits service by mail or service by publication, the court shall set the new hearing date not later than twenty-four days from the date of the order.

(4) In any situation where an order is terminated or modified before its expiration date, the clerk of the court shall forward on or before the next judicial day a true copy of the modified order or the termination order to the appropriate law enforcement agency specified in the modified or termination order. Upon receipt of the order, the law enforcement agency shall promptly enter it in the computer-based criminal intelligence information system, or if the order is terminated, remove the order from the computer-based criminal intelligence information system. [2017 c 233 § 3; 2013 c 74 § 9; 2006 c 138 § 18.]

7.94.900 Short title—2017 c 3 (Initiative Measure No. 1491).

7.94.010 Purpose—Intent. (1) Chapter 3, Laws of 2017 is designed to temporarily prevent individuals who are at high risk of harming themselves or others from accessing firearms by allowing family, household members, and police to obtain a court order when there is demonstrated evidence that the person poses a significant danger, including danger as a result of a dangerous mental health crisis or violent behavior.

(2) Every year, over one hundred thousand people are victims of gunshot wounds and more than thirty thousand of those victims lose their lives. Over the last five years for which data is available, one hundred sixty-four thousand eight hundred twenty-one people in America were killed with firearms—an average of ninety-one deaths each day.

(3) Studies show that individuals who engage in certain dangerous behaviors are significantly more likely to commit violence toward themselves or others in the near future. These behaviors, which can include other acts or threats of
vocabulary, self-harm, or the abuse of drugs or alcohol, are warning signs that the person may soon commit an act of violence.

(4) Individuals who pose a danger to themselves or others often exhibit signs that alert family, household members, or law enforcement to the threat. Many mass shooters displayed warning signs prior to their killings, but federal and state laws provided no clear legal process to suspend the shooters' access to guns, even temporarily.

(5) In enacting this initiative [chapter 3, Laws of 2017], it is the purpose and intent of the people to reduce gun deaths and injuries, while respecting constitutional rights, by providing a court procedure for family, household members, and law enforcement to obtain an order temporarily restricting a person's access to firearms. Court orders are intended to be limited to situations in which the person poses a significant danger of harming themselves or others by possessing a firearm and include standards and safeguards to protect the rights of respondents and due process of law. [2017 c 3 § 1 (Initiative Measure No. 1491, approved November 8, 2016).]

7.94.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Extreme risk protection order" means an ex parte temporary order or a final order granted under this chapter.

(2) "Family or household member" means, with respect to a respondent, any: (a) Person related by blood, marriage, or adoption to the respondent; (b) dating partners of the respondent; (c) person who has a child in common with the respondent, regardless of whether such person has been married to the respondent or has lived together with the respondent at any time; (d) person who resides or has resided with the respondent within the past year; (e) domestic partner of the respondent; (f) person who has a biological or legal parent-child relationship with the respondent, including stepparents and stepchildren and grandparents and grandchildren; and (g) person who is acting or has acted as the respondent's legal guardian.

(3) "Petitioner" means the person who petitions for an order under this chapter.

(4) "Respondent" means the person who is identified as the respondent in a petition filed under this chapter. [2017 c 3 § 3 (Initiative Measure No. 1491, approved November 8, 2016).]

7.94.030 Petition for order. There shall exist an action known as a petition for an extreme risk protection order.

(1) A petition for an extreme risk protection order may be filed by (a) a family or household member of the respondent or (b) a law enforcement officer or agency.

(2) An action under this chapter must be filed in the county where the petitioner resides or the county where the respondent resides.

(3) A petition must:

(a) Allege that the respondent poses a significant danger of causing personal injury to self or others by having in his or her custody or control, purchasing, possessing, or receiving a firearm, and be accompanied by an affidavit made under oath stating the specific statements, actions, or facts that give rise to a reasonable fear of future dangerous acts by the respondent;

(b) Identify the number, types, and locations of any firearms the petitioner believes to be in the respondent's current ownership, possession, custody, or control;

(c) Identify whether there is a known existing protection order governing the respondent, under chapter 7.90, 7.92, 10.14, 9A.46, 10.99, 26.50, or 26.52 RCW or under any other applicable statute; and

(d) Identify whether there is a pending lawsuit, complaint, petition, or other action between the parties to the petition under the laws of Washington.

(4) The court administrator shall verify the terms of any existing order governing the parties. The court may not delay granting relief because of the existence of a pending action between the parties or the necessity of verifying the terms of an existing order. A petition for an extreme risk protection order may be granted whether or not there is a pending action between the parties.

(5) If the petitioner is a law enforcement officer or agency, the petitioner shall make a good faith effort to provide notice to a family or household member of the respondent and to any known third party who may be at risk of violence. The notice must state that the petitioner intends to petition the court for an extreme risk protection order or has already done so, and include referrals to appropriate resources, including mental health, domestic violence, and counseling resources. The petitioner must attest in the petition to having provided such notice, or attest to the steps that will be taken to provide such notice.

(6) If the petition states that disclosure of the petitioner's address would risk harm to the petitioner or any member of the petitioner's family or household, the petitioner's address may be omitted from all documents filed with the court. If the petitioner has not disclosed an address under this subsection, the petitioner must designate an alternative address at which the respondent may serve notice of any motions. If the petitioner is a law enforcement officer or agency, the address of record must be that of the law enforcement agency.

(7) Within ninety days of receipt of the master copy from the administrative office of the courts, all court clerk's offices shall make available the standardized forms, instructions, and informational brochures required by RCW 7.94.150. Any assistance or information provided by clerks under this section does not constitute the practice of law and clerks are not responsible for incorrect information contained in a petition.

(8) No fees for filing or service of process may be charged by a court or any public agency to petitioners seeking relief under this chapter. Petitioners shall be provided the necessary number of certified copies, forms, and instructional brochures free of charge.

(9) A person is not required to post a bond to obtain relief in any proceeding under this section.

(10) The superior courts of the state of Washington have jurisdiction over proceedings under this chapter. Additionally, district and municipal courts have limited jurisdiction over issuance and enforcement of ex parte extreme risk protection orders issued under RCW 7.94.050. The district or municipal court shall set the full hearing provided for in RCW 7.94.040 in superior court and transfer the case. If the notice and order are not served on the respondent in time for
Section 7.94.040  Hearings on petition—Grounds for order issuance. (1) Upon receipt of the petition, the court shall order a hearing to be held not later than fourteen days from the date of the order and issue a notice of hearing to the respondent for the same. 

(a) The court may schedule a hearing by telephone pursuant to local court rule, to reasonably accommodate a disability, or in exceptional circumstances to protect a petitioner from potential harm. The court shall require assurances of the petitioner's identity before conducting a telephonic hearing.

(b) The court clerk shall cause a copy of the notice of hearing and petition to be forwarded on or before the next judicial day to the appropriate law enforcement agency for service upon the respondent.

(c) Personal service of the notice of hearing and petition shall be made upon the respondent by a law enforcement officer not less than five court days prior to the hearing. Service issued under this section takes precedence over the service of other documents, unless the other documents are of a similar emergency nature. If timely personal service cannot be made, the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication or mail as provided in RCW 7.94.070. The court shall not require more than two attempts at obtaining personal service and shall permit service by publication or mail after two attempts at obtaining personal service unless the petitioner requests additional time to attempt personal service. If the court issues an order permitting service by publication or mail, the court shall set the hearing date not later than twenty-four days from the date the order issues.

(d) The court may, as provided in RCW 7.94.050, issue an ex parte extreme risk protection order pending the hearing ordered under this subsection (1). Such ex parte order must be served concurrently with the notice of hearing and petition.

(2) Upon hearing the matter, if the court finds by a preponderance of the evidence that the respondent poses a significant danger of causing personal injury to self or others by having in his or her custody or control, purchasing, possessing, or receiving a firearm, the court shall issue an extreme risk protection order for a period of one year.

(3) In determining whether grounds for an extreme risk protection order exist, the court may consider any relevant evidence including, but not limited to, any of the following:

(a) A recent act or threat of violence by the respondent against self or others, whether or not such violence or threat of violence involves a firearm;

(b) A pattern of acts or threats of violence by the respondent within the past twelve months including, but not limited to, acts or threats of violence by the respondent against self or others;

(c) Any dangerous mental health issues of the respondent;

(d) A violation by the respondent of a protection order or a no-contact order issued under chapter 7.90, 7.92, 10.14, 9A.46, 10.99, 26.50, or 26.52 RCW;

(e) A previous or existing extreme risk protection order issued against the respondent;

(f) A violation of a previous or existing extreme risk protection order issued against the respondent;

(g) A conviction of the respondent for a crime that constitutes domestic violence as defined in RCW 10.99.020;

(h) The respondent's ownership, access to, or intent to possess firearms;

(i) The unlawful or reckless use, display, or brandishing of a firearm by the respondent;

(j) The history of use, attempted use, or threatened use of physical force by the respondent against another person, or the respondent's history of stalking another person;

(k) Any prior arrest of the respondent for a felony offense or violent crime;

(l) Corroborated evidence of the abuse of controlled substances or alcohol by the respondent; and

(m) Evidence of recent acquisition of firearms by the respondent.

(4) The court may:

(a) Examine under oath the petitioner, the respondent, and any witnesses they may produce, or, in lieu of examination, consider sworn affidavits of the petitioner, the respondent, and any witnesses they may produce; and

(b) Ensure that a reasonable search has been conducted for criminal history records related to the respondent.

(5) In a hearing under this chapter, the rules of evidence apply to the same extent as in a domestic violence protection order proceeding under chapter 26.50 RCW.

(6) During the hearing, the court shall consider whether a mental health evaluation or chemical dependency evaluation is appropriate, and may order such evaluation if appropriate.

(7) An extreme risk protection order must include:

(a) A statement of the grounds supporting the issuance of the order;

(b) The date and time the order was issued;

(c) The date and time the order expires;

(d) Whether a mental health evaluation or chemical dependency evaluation of the respondent is required;

(e) The address of the court in which any responsive pleading should be filed;

(f) A description of the requirements for relinquishment of firearms under RCW 7.94.090; and

(g) The following statement: "To the subject of this protection order: This order will last until the date and time noted above. If you have not done so already, you must surrender to the (insert name of local law enforcement agency) all firearms in your custody, control, or possession and any concealed pistol license issued to you under RCW 9.41.070 immediately. You may not have in your custody or control, purchase, possess, receive, or attempt to purchase or receive, a firearm while this order is in effect. You have the right to request one hearing to terminate this order every twelve-month period that this order is in effect, starting from the date of this order and continuing through any renewals. You may seek the advice of an attorney as to any matter connected with this order."

(8) When the court issues an extreme risk protection order, the court shall inform the respondent that he or she is entitled to request termination of the order in the manner pre-
that an ex parte extreme risk protection order be issued before

the respondent, by including in the petition detailed allega-

tions based on personal knowledge that the respondent poses

a significant danger of causing personal injury to self or oth-

ers in the near future by having in his or her custody or con-

trol, purchasing, possessing, or receiving a firearm.

(2) In considering whether to issue an ex parte extreme risk

protection order under this section, the court shall con-

sider all relevant evidence, including the evidence described

in RCW 7.94.040(3).

(3) If a court finds there is reasonable cause to believe

that the respondent poses a significant danger of causing per-

sonal injury to self or others in the near future by having in

his or her custody or control, purchasing, possessing, or

receiving a firearm, the court shall issue an ex parte extreme

risk protection order.

(4) The court shall hold an ex parte extreme risk protec-

tion order hearing in person or by telephone on the day the

petition is filed or on the judicial day immediately following

the day the petition is filed.

(5) In accordance with RCW 7.94.040(1), the court shall

schedule a hearing within fourteen days of the issuance of an

ex parte extreme risk protection order to determine if a one-

year extreme risk protection order should be issued under this

chapter.

(6) An ex parte extreme risk protection order shall

include:

(a) A statement of the grounds asserted for the order;

(b) The date and time the order was issued;

(c) The date and time the order expires;

(d) The address of the court in which any responsive

firearms under RCW 7.94.090; and

(g) The following statement: "To the subject of this pro-

tection order: This order is valid until the date and time noted

above. You are required to surrender all firearms in your cus-

tody, control, or possession. You may not have in your cus-

tody or control, purchase, possess, receive, or attempt to pur-

chase or receive, a firearm while this order is in effect. You

must surrender to the (insert name of local law enforce-

ment agency) all firearms in your custody, control, or possession

and any concealed pistol license issued to you under RCW

9.41.070 immediately. A hearing will be held on the date and

at the time noted above to determine if an extreme risk protec-

tion order should be issued. Failure to appear at that hear-

ing may result in a court making an order against you that is

valid for one year. You may seek the advice of an attorney as

to any matter connected with this order."

(7) Any ex parte extreme risk protection order issued

expires upon the hearing on the extreme risk protection order.
You are hereby summoned to appear on the . . . . . . day of . . . . . ., (year) . . . ., at . . . . a.m./p.m., and respond to the petition. If you fail to respond, an extreme risk protection order may be issued against you pursuant to the provisions of the extreme risk protection order act, chapter 7.94 RCW, for one year from the date you are required to appear. (An ex parte extreme risk protection order has been issued against you, restraining you from having in your custody or control, purchasing, possessing, or receiving any firearms. You must surrender to the (insert name of local law enforcement agency) all firearms in your custody, control, or possession and any concealed pistol license issued to you under RCW 9.41.070 within forty-eight hours. A copy of the notice of hearing, petition, and ex parte extreme risk protection order has been filed with the clerk of this court.) (A copy of the notice of hearing and petition has been filed with the clerk of this court.)

Petitioner

(2) If the court orders service by publication or mail for notice of an extreme risk protection order hearing, it shall also reissue the ex parte extreme risk protection order, if issued, to expire on the date of the extreme risk protection order hearing.

(3) Following completion of service by publication or by mail for notice of an extreme risk protection order hearing, if the respondent fails to appear at the hearing, the court may issue an extreme risk protection order as provided in RCW 7.94.040. [2017 c 3 § 8 (Initiative Measure No. 1491, approved November 8, 2016).]

7.94.080 Termination and renewal of orders. (1) The respondent may submit one written request for a hearing to terminate an extreme risk protection order issued under this chapter every twelve-month period that the order is in effect, starting from the date of the order and continuing through any renewals.

(a) Upon receipt of the request for a hearing to terminate an extreme risk protection order, the court shall set a date for a hearing. Notice of the request must be served on the petitioner in accordance with RCW 4.28.080. The hearing shall occur no sooner than fourteen days and no later than thirty days from the date of service of the request upon the petitioner.

(b) The respondent shall have the burden of proving by a preponderance of the evidence that the respondent does not pose a significant danger of causing personal injury to self or others by having in his or her custody or control, purchasing, possessing, or receiving a firearm. The court may consider any relevant evidence, including evidence of the considerations listed in RCW 7.94.040(3).

(c) If the court finds after the hearing that the respondent has met his or her burden, the court shall terminate the order.

(2) The court must notify the petitioner of the impending expiration of an extreme risk protection order. Notice must be received by the petitioner one hundred five calendar days before the date the order expires.

(3) A family or household member of a respondent or a law enforcement officer or agency may by motion request a renewal of an extreme risk protection order at any time within one hundred five calendar days before the expiration of the order.

(a) Upon receipt of the motion to renew, the court shall order that a hearing be held not later than fourteen days from the date the order issues.

(i) The court may schedule a hearing by telephone in the manner prescribed by RCW 7.94.040(1)(a).

(ii) The respondent shall be personally served in the same manner prescribed by RCW 7.94.040(1)(b) and (c).

(b) In determining whether to renew an extreme risk protection order issued under this section, the court shall consider all relevant evidence presented by the petitioner and follow the same procedure as provided in RCW 7.94.040.

(c) If the court finds by a preponderance of the evidence that the requirements for issuance of an extreme risk protection order as provided in RCW 7.94.040 continue to be met, the court shall renew the order. However, if, after notice, the motion for renewal is uncontested and the petitioner seeks no modification of the order, the order may be renewed on the basis of the petitioner's motion or affidavit stating that there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested renewal.

(d) The renewal of an extreme risk protection order has a duration of one year, subject to termination as provided in subsection (1) of this section or further renewal by order of the court. [2017 c 3 § 9 (Initiative Measure No. 1491, approved November 8, 2016).]

7.94.090 Firearms—Surrender. (1) Upon issuance of any extreme risk protection order under this chapter, including an ex parte extreme risk protection order, the court shall order the respondent to surrender to the local law enforcement agency all firearms in the respondent's custody, control, or possession and any concealed pistol license issued under RCW 9.41.070.

(2) The law enforcement officer serving any extreme risk protection order under this chapter, including an ex parte extreme risk protection order, shall request that the respondent immediately surrender all firearms in his or her custody, control, or possession and any concealed pistol license issued under RCW 9.41.070, and conduct any search permitted by law for such firearms. The law enforcement officer shall take possession of all firearms belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search. Alternatively, if personal service by a law enforcement officer is not possible, or not required because the respondent was present at the extreme risk protection order hearing, the respondent shall surrender the firearms in a safe manner to the control of the local law enforcement agency within forty-eight hours of being served with the order by alternate service or within forty-eight hours of the hearing at which the respondent was present.

(3) At the time of surrender, a law enforcement officer taking possession of a firearm or concealed pistol license shall issue a receipt identifying all firearms that have been surrendered and provide a copy of the receipt to the respondent. Within seventy-two hours after service of the order, the
officer serving the order shall file the original receipt with the court and shall ensure that his or her law enforcement agency retains a copy of the receipt.

(4) Upon the sworn statement or testimony of the petitioner or of any law enforcement officer alleging that the respondent has failed to comply with the surrender of firearms as required by an order issued under this chapter, the court shall determine whether probable cause exists to believe that the respondent has failed to surrender all firearms in his or her possession, custody, or control. If probable cause exists, the court shall issue a warrant describing the firearms and authorizing a search of the locations where the firearms are reasonably believed to be and the seizure of any firearms discovered pursuant to such search.

(5) If a person other than the respondent claims title to any firearms surrendered pursuant to this section, and he or she is determined by the law enforcement agency to be the lawful owner of the firearm, the firearm shall be returned to him or her, provided that:

(a) The firearm is removed from the respondent's custody, control, or possession and the lawful owner agrees to store the firearm in a manner such that the respondent does not have access to or control of the firearm; and

(b) The firearm is not otherwise unlawfully possessed by the owner.

(6) Upon the issuance of a one-year extreme risk protection order, the court shall order a new hearing date and require the respondent to appear not later than three judicial days from the issuance of the order. The court shall require a showing that the person subject to the order has surrendered any firearms in his or her custody, control, or possession. The court may dismiss the hearing upon a satisfactory showing that the respondent is in compliance with the order.

(7) All law enforcement agencies must develop policies and procedures by June 1, 2017, regarding the acceptance, storage, and return of firearms required to be surrendered under this chapter. [2017 c 3 § 10 (Initiative Measure No. 1491, approved November 8, 2016).]

7.94.100 Firearms—Return—Disposal. (1) If an extreme risk protection order is terminated or expires without renewal, a law enforcement agency holding any firearm that has been surrendered pursuant to this chapter shall return any surrendered firearm requested by a respondent only after confirming, through a background check, that the respondent is currently eligible to own or possess firearms under federal and state law and after confirming with the court that the extreme risk protection order has terminated or has expired without renewal.

(2) A law enforcement agency must, if requested, provide prior notice of the return of a firearm to a respondent to family or household members of the respondent in the manner provided in RCW 9.41.340 and 9.41.345.

(3) Any firearm surrendered by a respondent pursuant to RCW 7.94.090 that remains unclaimed by the lawful owner shall be disposed of in accordance with the law enforcement agency's policies and procedures for the disposal of firearms in police custody. [2017 c 3 § 11 (Initiative Measure No. 1491, approved November 8, 2016).]

7.94.110 Reporting of orders. (1) The clerk of the court shall enter any extreme risk protection order or ex parte extreme risk protection order issued under this chapter into a statewide judicial information system on the same day such order is issued.

(2) The clerk of the court shall forward a copy of an order issued under this chapter the same day such order is issued to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order into the national instant criminal background check system, any other federal or state computer-based systems used by law enforcement or others to identify prohibited purchasers of firearms, and any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order must remain in each system for the period stated in the order, and the law enforcement agency shall only expunge orders from the systems that have expired or terminated. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any county in the state.

(3) The issuing court shall, within three judicial days after issuance of an extreme risk protection order or ex parte extreme risk protection order, forward a copy of the respondent's driver's license or identicard, or comparable information, along with the date of order issuance, to the department of licensing. Upon receipt of the information, the department of licensing shall determine if the respondent has a concealed pistol license. If the respondent does have a concealed pistol license, the department of licensing shall immediately notify the license issuing authority which, upon receipt of such notification, shall immediately revoke the license.

(4) If an extreme risk protection order is terminated before its expiration date, the clerk of the court shall forward the same day a copy of the termination order to the department of licensing and the appropriate law enforcement agency specified in the termination order. Upon receipt of the order, the law enforcement agency shall promptly remove the order from any computer-based system in which it was entered pursuant to subsection (2) of this section. [2017 c 3 § 12 (Initiative Measure No. 1491, approved November 8, 2016).]

7.94.120 Penalties. (1) Any person who files a petition under this chapter knowing the information in such petition to be materially false, or with intent to harass the respondent, is guilty of a gross misdemeanor.

(2) Any person who has in his or her custody or control, purchases, possesses, or receives a firearm with knowledge that he or she is prohibited from doing so by an order issued under this chapter is guilty of a gross misdemeanor, and further is prohibited from having in his or her custody or control, purchasing, possessing, or receiving, or attempting to purchase or receive, a firearm for a period of five years from the date the existing order expires. However, such person is guilty of a class C felony if the person has two or more previous convictions for violating an order issued under this chapter. [2017 c 3 § 13 (Initiative Measure No. 1491, approved November 8, 2016).]
7.94.130 Other authority retained. This chapter does not affect the ability of a law enforcement officer to remove a firearm or concealed pistol license from any person or conduct any search and seizure for firearms pursuant to other lawful authority. [2017 c 3 § 14 (Initiative Measure No. 1491, approved November 8, 2016).]

7.94.140 Liability. Except as provided in RCW 7.94.120, this chapter does not impose criminal or civil liability on any person or entity for acts or omissions related to obtaining an extreme risk protection order or ex parte extreme risk protection [order] including, but not limited to, reporting, declining to report, investigating, declining to investigate, filing, or declining to file a petition under this chapter. [2017 c 3 § 15 (Initiative Measure No. 1491, approved November 8, 2016).]

7.94.150 Instructional and informational material. (1) The administrative office of the courts shall develop and prepare instructions and informational brochures, standard petitions and extreme risk protection order forms, and a court staff handbook on the extreme risk protection order process. The standard petition and order forms must be used after June 1, 2017, for all petitions filed and orders issued under this chapter. The instructions, brochures, forms, and handbook shall be prepared in consultation with interested persons, including representatives of gun violence prevention groups, judges, and law enforcement personnel. Materials must be based on best practices and available electronically online to the public.

   (a) The instructions must be designed to assist petitioners in completing the petition, and must include a sample of a standard petition and order for protection forms.

   (b) The instructions and standard petition must include a means for the petitioner to identify, with only lay knowledge, the firearms the respondent may own, possesses [possess], receive, or have in his or her custody or control. The instructions must provide pictures of types of firearms that the petitioner may choose from to identify the relevant firearms, or an equivalent means to allow petitioners to identify firearms without requiring specific or technical knowledge regarding the firearms.

   (c) The informational brochure must describe the use of and the process for obtaining, modifying, and terminating an extreme risk protection order under this chapter, and provide relevant forms.

   (d) The extreme risk protection order form must include, in a conspicuous location, notice of criminal penalties resulting from violation of the order, and the following statement: "You have the sole responsibility to avoid or refrain from violating this order's provisions. Only the court can change the order and only upon written application."

   (e) The court staff handbook must allow for the addition of a community resource list by the court clerk.

   (2) All court clerks may create a community resource list of crisis intervention, mental health, substance abuse, interpreter, counseling, and other relevant resources serving the county in which the court is located. The court may make the community resource list available as part of or in addition to the informational brochures described in subsection (1) of this section.

   (3) The administrative office of the courts shall distribute a master copy of the petition and order forms, instructions, and informational brochures to all court clerks and shall distribute a master copy of the petition and order forms to all superior, district, and municipal courts. Distribution of all documents shall, at a minimum, be in an electronic format or formats accessible to all courts and court clerks in the state.

   (4) For purposes of this section, "court clerks" means court administrators in courts of limited jurisdiction and elected court clerks.

   (5) The administrative office of the courts shall determine the significant non-English speaking or limited English speaking populations in the state. The administrator shall then arrange for translation of the instructions and informational brochures required by this section, which shall contain a sample of the standard petition and order for protection forms, into the languages spoken by those significant non-English speaking populations and shall distribute a master copy of the translated instructions and informational brochures to all court clerks by December 1, 2017.

   (6) The administrative office of the courts shall update the instructions, brochures, standard petition and extreme risk protection order forms, and court staff handbook as necessary, including when changes in the law make an update necessary. [2017 c 3 § 16 (Initiative Measure No. 1491, approved November 8, 2016).]

7.94.900 Short title—2017 c 3 (Initiative Measure No. 1491). Chapter 3, Laws of 2017 may be known and cited as the extreme risk protection order act. [2017 c 3 § 2 (Initiative Measure No. 1491, approved November 8, 2016).]

8.26.010 Purposes—Applicability. (1) The purposes of this chapter are:

   (a) To establish a uniform policy for the fair and equitable treatment of persons displaced as a direct result of public works programs of the state and local governments in order that such persons shall not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole and to minimize the hardship of displacement on such persons;

   (b) To encourage and expedite the acquisition of real property for public works programs by agreements with owners, to reduce litigation and relieve congestion in the courts, to assure consistent treatment for owners affected by state
8.26.035 Payment for moving and related expenses.  (1) Whenever a program or project to be undertaken by a displacing agency will result in the displacement of any person, the displacing agency shall provide for the payment to the displaced person of:

(a) Actual reasonable expenses in moving himself or herself, or his or her family, business, farm operation, or other personal property;

(b) Actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate the property, in accordance with criteria established by the lead agency;

(1) In addition to payments otherwise authorized by this chapter, the displacing agency may make an additional payment, not in excess of the dollar amount allowed under 42 U.S.C. Sec. 4623 as it existed on July 23, 2017, or such subsequent date as may be provided by the displacing agency by rule or regulation, consistent with the purposes of this section, to any displaced person who is displaced from a dwelling actually owned and occupied by the displaced person for not less than ninety days immediately before the initiation of negotiations for the acquisition of the dwelling. 9.35.001 Findings—Intent. (1) The legislature finds that means of identification or financial information are personal and sensitive information such that if unlawfully obtained, possessed, used, or transferred by others may result in significant harm to a person's privacy, financial security, and other interests. The legislature finds that unscrupulous persons find ever more clever ways, including identity theft, to improperly obtain, possess, use, and transfer another person's means of identification or financial information. The legislature intends to penalize for each unlawful act of improperly obtaining, possessing, using, or transferring means of identification or financial information of an individual person. The unit of prosecution for identity theft by use of a means of identification or financial information is each individual unlawful use of any one person's means of identification or financial information. Unlawfully obtaining, possessing, or transferring each means of identification or financial information of any individual person, with the requisite intent, is a separate unit of prosecution for each victim and for each act of obtaining, possessing, or transferring of the individual person's means of identification or financial information.

(2) The people find that additional measures are needed to protect seniors and vulnerable individuals from identity theft because such individuals often have less ability to protect themselves and such individuals can be targeted using information available through public sources, including publicly available information that identifies such individuals or their in-home caregivers. [2017 c 4 § 4 (Initiative Measure No. 1501, approved November 8, 2016); 2008 c 207 § 3; 1999 c 368 § 1.]

Finding—Intent—2008 c 207 §§ 3 and 4: "The legislature enacts sections 3 and 4 of this act to expressly reject the interpretation of State v. Leyda, 157 Wn.2d 335, 138 P.3d 610 (2006), which holds that the unit of prosecution in identity theft is any one act of either knowingly obtaining, possessing, using, or transferring a single piece of another's identification or financial information, including all subsequent proscribed conduct with that single piece of identification or financial information, when the acts are taken with the requisite intent. The legislature finds that proportionality of punishment requires the need for charging and punishing for obtaining, using, possessing, or transferring any individual person's identification or financial information, with the requisite intent. The legislature specifically intends that each individual who obtains, possesses, uses, or transfers any individual person's identification or financial information, with the requisite intent, be classified separately and punished separately as provided in chapter 3.34A RCW." [2008 c 207 § 1.]

9.35.005 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

Short title—2017 c 4 (Initiative Measure No. 1501): "This act may be known and cited as the seniors and vulnerable individuals' safety and financial crimes prevention act." [2017 c 4 § 1 (Initiative Measure No. 1501, approved November 8, 2016).]

Intent—2017 c 4 (Initiative Measure No. 1501): "It is the intent of this initiative to protect the safety and security of seniors and vulnerable individuals by (1) increasing criminal penalties for identity theft targeting seniors and vulnerable individuals; (2) increasing penalties for consumer fraud targeting seniors and vulnerable individuals; and (3) prohibiting the release of certain public records that could facilitate identity theft and other financial crimes against seniors and vulnerable individuals." [2017 c 4 § 2 (Initiative Measure No. 1501, approved November 8, 2016).]

Construction—2017 c 4 (Initiative Measure No. 1501): "This act shall be liberally construed to promote the public policy of protecting seniors and vulnerable individuals from identity theft, consumer fraud, and other forms of victimization." [2017 c 4 § 12 (Initiative Measure No. 1501, approved November 8, 2016).]

9.35.020 Identity theft. (1) No person may knowingly obtain, possess, use, or transfer a means of identification or financial information of another person, living or dead, with the intent to commit, or to aid or abet, any crime.

(2) Violation of this section when the accused or an accomplice violates subsection (1) of this section and obtains credit, money, goods, services, or anything else of value in excess of one thousand five hundred dollars in value, or when the accused knowingly targets a senior or vulnerable individual in carrying out a violation of subsection (1) of this section, shall constitute identity theft in the first degree. Identity theft in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(3) A person is guilty of identity theft in the second degree when he or she violates subsection (1) of this section under circumstances not amounting to identity theft in the first degree. Identity theft in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(4) Each crime prosecuted under this section shall be punished separately under chapter 9.94A RCW, unless it is the same criminal conduct as any other crime, under RCW 9.94A.589.

(5) Whenever any series of transactions involving a single person's means of identification or financial information which constitute identity theft would, when considered separately, constitute identity theft in the second degree because of value, and the series of transactions are a part of a common scheme or plan, then the transactions may be aggregated in one count and the sum of the value of all of the transactions shall be the value considered in determining the degree of identity theft involved.

(6) Every person who, in the commission of identity theft, shall commit any other crime may be punished therefor as well as for the identity theft, and may be prosecuted for each crime separately.

(7) A person who violates this section is liable for civil damages of one thousand dollars or actual damages, whichever is greater, including costs to repair the victim's credit record, and reasonable attorneys' fees as determined by the court.

(8) In a proceeding under this section, the crime will be considered to have been committed in any locality where the person whose means of identification or financial information was appropriated resides, or in which any part of the offense took place, regardless of whether the defendant was ever actually in that locality.

(9) The provisions of this section do not apply to any person who obtains another person's driver's license or other form of identification for the sole purpose of misrepresenting his or her age.

(10) In a proceeding under this section in which a person's means of identification or financial information was used without that person's authorization, and when there has been a conviction, the sentencing court may issue such orders as are necessary to correct a public record that contains false information resulting from a violation of this section. [2017...
The fraudulent issuance of driver's licenses and identification cards is commonly associated with identity theft. This act aims to significantly reduce identity theft and other fraudulent activities by preventing the fraudulent issuance of driver's licenses and identification cards. [2004 c 273 § 1.]

Civil penalties for consumer fraud targeting seniors or vulnerable individuals are increased where a plaintiff successfully proves that he or she was victim to consumer fraud. Penalties are three times the amount of actual damages. Where a plaintiff proceeds under any existing cause of action under statute or common law, the court increases penalties. [2004 c 273 § 1.]

The legislature finds that identity theft and the other types of fraud is a significant problem in the state of Washington, costing our citizens and businesses millions each year. The most common method of accomplishing identity theft and other fraudulent activity is by securing a fraudulently issued driver's license. It is the purpose of this act to significantly reduce identity theft and other fraud by preventing the fraudulent issuance of driver's licenses and identification cards. [2004 c 273 § 1.]

"There is broad consensus that felons, persons convicted of domestic violence crimes, and per-
sons dangerously mentally ill as determined by a court shall not be eligible to possess guns for public safety reasons. Criminal and public safety background checks are an effective and easy mechanism to ensure that guns are not purchased by or transferred to those who are prohibited from possessing them. Criminal and public safety background checks also reduce illegal gun trafficking. Because Washington’s current background check requirements apply only to sales or transfers by licensed firearms dealers, many guns are sold or transferred without a criminal and public safety background check, allowing criminals and dangerously mentally ill individuals to gain access to guns.

Conducting criminal and public safety background checks will help ensure that all persons buying guns are legally eligible to do so. The people find that it is in the public interest to strengthen our background check system by extending the requirement for a background check to apply to all gun sales and transfers in the state, except as permitted herein. To encourage compliance with background check requirements, the sales tax imposed by RCW 82.08.020 would not apply to the sale or transfer of any firearms between two unlicensed persons if the unlicensed persons have complied with all background check requirements.

This measure would extend criminal and public safety background checks to all gun sales or transfers. Background checks would not be required for gifts between immediate family members or for antiques.”

9.41.040 Unlawful possession of firearms—Ownership, possession by certain persons—Restoration of right to possess—Penalties. (1)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the first degree, if the person owns, has in his or her possession, or has in his or her control any firearm after having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any serious offense as defined in this chapter.

(b) Unlawful possession of a firearm in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(2)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the second degree, if the person does not qualify under subsection (1) of this section for the crime of unlawful possession of a firearm in the first degree and the person owns, has in his or her possession, or has in his or her control any firearm:

(i) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any felony not specifically listed as prohibiting firearm possession under subsection (1) of this section, or any of the following crimes when committed by one family or household member against another, committed on or after July 1, 1993: Assault in the fourth degree, coercion, stalking, reckless endangerment, criminal trespass in the first degree, or violation of the provisions of a protection order or no-contact order restraining the person or excluding the person from a residence (RCW 26.50.060, 26.50.070, 26.50.130, or 10.99.040);

(ii) During any period of time that the person is subject to a court order issued under chapter 7.90, 7.92, 9A.46, 10.14, 10.99, 26.09, 26.10, 26.26, or 26.50 RCW that:

(A) Was issued after a hearing of which the person received actual notice, and at which the person had an opportunity to participate;

(B) Restrains the person from harassing, stalking, or threatening an intimate partner of the person or child of the intimate partner or person, or engaging in other conduct that would place an intimate partner in reasonable fear of bodily injury to the partner or child; and

(C)(I) Includes a finding that the person represents a credible threat to the physical safety of the intimate partner or child; and

(II) By its terms, explicitly prohibits the use, attempted use, or threatened use of physical force against the intimate partner or child that would reasonably be expected to cause bodily injury;

(iii) After having previously been involuntarily committed for mental health treatment under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, unless his or her right to possess a firearm has been restored as provided in RCW 9.41.047;

(3) Notwithstanding RCW 9.41.047 or any other provisions of law, as used in this chapter, a person has been "convicted", whether in an adult court or adjudicated in a juvenile court, at such time as a plea of guilty has been accepted, or a verdict of guilty has been filed, notwithstanding the pendency of any future proceedings including but not limited to sentencing or disposition, post-trial or post-fact-finding motions, and appeals. Conviction includes a dismissal entered after a period of probation, suspension or deferral of sentence, and also includes equivalent dispositions by courts in jurisdictions other than Washington state. A person shall not be precluded from possession of a firearm if the conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted or the conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence. Where no record of the court's disposition of the charges can be found, there shall be a rebuttable presumption that the person was not convicted of the charge.

(4)(a) Notwithstanding subsection (1) or (2) of this section, a person convicted or found not guilty by reason of insanity of an offense prohibiting the possession of a firearm under this section other than murder, manslaughter, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401 and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from possession of a firearm as a result of the conviction or finding of not guilty by reason of insanity. Not-
withstanding any other provisions of this section, if a person is prohibited from possession of a firearm under subsection (1) or (2) of this section and has not previously been convicted or found not guilty by reason of insanity of a sex offense prohibiting firearm ownership under subsection (1) or (2) of this section and/or any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, the individual may petition a court of record to have his or her right to possess a firearm restored:

(i) Under RCW 9.41.047; and/or

(ii)(A) If the conviction or finding of not guilty by reason of insanity was for a felony offense, after four or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, the individual has no prior felony convictions that prohibit the possession of a firearm as part of the offender score under RCW 9.94A.525; or

(B) If the conviction or finding of not guilty by reason of insanity was for a nonfelony offense, after three or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525 and the individual has completed all conditions of the sentence.

(b) An individual may petition a court of record to have his or her right to possess a firearm restored under (a) of this subsection (4) only at:

(i) The court of record that ordered the petitioner's prohibition on possession of a firearm; or

(ii) The superior court in the county in which the petitioner resides.

(5) In addition to any other penalty provided for by law, if a person under the age of eighteen years is found by a court to have possessed a firearm in a vehicle in violation of subsection (1) or (2) of this section or to have committed an offense while armed with a firearm during which offense a motor vehicle served an integral function, the court shall notify the department of licensing within twenty-four hours. However, if the applicant does not have a valid permanent Washington driver's license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. The issuing authority shall not refuse to accept completed applications for concealed pistol licenses during regular business hours.

The applicant's constitutional right to bear arms shall not be denied, unless:

(a) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045, or is prohibited from possessing a firearm under federal law;

(b) The applicant's concealed pistol license is in a revoked status;

(d) He or she is subject to a court order or injunction regarding firearms pursuant to RCW 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.50.060, 26.50.070, or 26.26.590;

granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.
(2)(a) The issuing authority shall conduct a check through the national instant criminal background check sys-
tem, the Washington state patrol electronic database, the depart-
ment of social and health services electronic database, and with other agencies or resources as appropriate, to deter-
mine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm, or is prohibited from pos-
sessing a firearm under federal law, and therefore ineligible for a concealed pistol license.
(b) The issuing authority shall deny a permit to anyone who is found to be prohibited from possessing a firearm under federal or state law.
(c) This subsection applies whether the applicant is applying for a new concealed pistol license or to renew a con-
cealed pistol license.
(3) Any person whose firearms rights have been restricted and who has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c) or who is exempt under 18 U.S.C. Sec. 921(a)(20)(A) shall have his or her right to acquire, receive, transfer, ship, transport, carry, and possess firearms in accordance with Washington state law restored except as otherwise prohibited by this chapter.
(4) The license application shall bear the full name, resi-
dential address, telephone number at the option of the appli-
cant, email address at the option of the applicant, date and place of birth, race, gender, description, a complete set of fi-
gerprints, and signature of the licensee, and the licensee's driver's license number or state identification card number if used for identification in applying for the license. A signed application for a concealed pistol license shall constitute a waiver of confidentiality and written request that the depart-
ment of social and health services, mental health institutions, and other health care facilities release information relevant to the applicant's eligibility for a concealed pistol license to an inquiring court or law enforcement agency.
The application for an original license shall include a complete set of fingerprints to be forwarded to the Wash-
ington state patrol.
The license and application shall contain a warning sub-
stantially as follows:
CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.
The license shall contain a description of the major dif-
fferences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are pre-
empted by state law and must be consistent with state law.
The application shall contain questions about the appli-
cant's eligibility under RCW 9.41.040 and federal law to pos-
sess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen. If the applicant is not a United States citizen, the applicant must provide the appli-
cant's country of citizenship, United States issued alien num-
ber or admission number, and the basis on which the appli-
cant claims to be exempt from federal prohibitions on firearm possession by aliens. The applicant shall not be required to produce a birth certificate or other evidence of citizenship. A person who is not a citizen of the United States shall, if applicable, meet the additional requirements of RCW 9.41.173 and produce proof of compliance with RCW 9.41.173 upon application. The license may be in triplicate or in a form to be prescribed by the department of licensing.
The original thereof shall be delivered to the licensee, the duplicate shall within seven days be sent to the director of licensing and the triplicate shall be preserved for six years, by the authority issuing the license.
The department of licensing shall make available to law enforcement and corrections agencies, in an on-line format, all information received under this subsection.
(5) The nonrefundable fee, paid upon application, for the original five-year license shall be thirty-six dollars plus addi-
tional charges imposed by the federal bureau of investigation that are passed on to the applicant. No other state or local branch or unit of government may impose any additional charges on the applicant for the issuance of the license.
The fee shall be distributed as follows:

(6) The nonrefundable fee for the renewal of such license shall be thirty-two dollars. No other branch or unit of govern-
ment may impose any additional charges on the applicant for the renewal of the license.
The renewal fee shall be distributed as follows:
(a) Fifteen dollars shall be paid to the state general fund;
(b) Fourteen dollars shall be paid to the issuing authority for the purpose of enforcing this chapter;
(c) Two dollars and sixteen cents to the firearms range account in the general fund; and

(7) The nonrefundable fee for replacement of lost or damaged licenses is ten dollars to be paid to the issuing authority.
(8) Payment shall be by cash, check, or money order at the option of the applicant. Additional methods of payment may be allowed at the option of the issuing authority.
(9)(a) A licensee may renew a license if the licensee applies for renewal within ninety days before or after the expiration date of the license. A license so renewed shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license must pay a late renewal penalty of ten dollars in addition to the renewal fee specified in subsection (6) of this section. The fee shall be distributed as follows:
(i) Three dollars shall be deposited in the state wildlife account and used exclusively first for the printing and distribu-
tion of a pamphlet on the legal limits of the use of firearms, firearms safety, and the preemptive nature of state law, and subsequently the support of volunteer instructors in the basic firearms safety training program conducted by the depart-
ment of fish and wildlife. The pamphlet shall be given to each applicant for a license; and

(ii) Seven dollars shall be paid to the issuing authority for the purpose of enforcing this chapter.

(b) Beginning with concealed pistol licenses that expire on or after August 1, 2018, the department of licensing shall mail a renewal notice approximately ninety days before the license expiration date to the licensee at the address listed on the concealed pistol license application, or to the licensee's new address if the licensee has notified the department of licensing of a change of address. Alternatively, if the licensee provides an email address at the time of license application, the department of licensing may send the renewal notice to the licensee's email address. The notice must contain the date the concealed pistol license will expire, the amount of renewal fee, the penalty for late renewal, and instructions on how to renew the license.

(10) Notwithstanding the requirements of subsections (1) through (9) of this section, the chief of police of the municipality or the sheriff of the county of the applicant's residence may issue a temporary emergency license for good cause pending review under subsection (1) of this section. However, a temporary emergency license issued under this subsection shall not exempt the holder of the license from any records check requirement. Temporary emergency licenses shall be easily distinguishable from regular licenses.

(11) A political subdivision of the state shall not modify the requirements of this section or chapter, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section.

(12) A person who knowingly makes a false statement regarding citizenship or identity on an application for a concealed pistol license is guilty of false swearing under RCW 9A.72.040. In addition to any other penalty provided for by law, the concealed pistol license of a person who knowingly makes a false statement shall be revoked, and the person shall be permanently ineligible for a concealed pistol license.

(13) A person may apply for a concealed pistol license:

(a) To the municipality or to the county in which the applicant resides if the applicant resides in a municipality;

(b) To the county in which the applicant resides if the applicant resides in an unincorporated area; or

(c) Anywhere in the state if the applicant is a nonresident.

(14) Any person who, as a member of the armed forces, including the national guard and armed forces reserves, is unable to renew his or her license under subsections (6) and (9) of this section because of the person's assignment, reassignment, or deployment for out-of-state military service may renew his or her license within ninety days after the person returns to this state from out-of-state military service, if the person provides the following to the issuing authority no later than ninety days after the person's date of discharge or assignment, reassignment, or deployment back to this state:

(a) A copy of the person's original order designating the specific period of assignment, reassignment, or deployment for out-of-state military service, and (b) if appropriate, a copy of the person's discharge or amended or subsequent assignment, reassignment, or deployment order back to this state. A license so renewed under this subsection (14) shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license under this subsection (14) shall pay only the renewal fee specified in subsection (6) of this section and shall not be required to pay a late renewal penalty in addition to the renewal fee. Reviser's note: This section was amended by 2017 c 174 § 1 and by 2017 c 282 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Finding—Hunter education program: "The legislature finds that the hunter education program offers classes that all new hunters in the state are legally required to complete, but that budget reductions have limited the assistance that may be provided to the volunteers who conduct these classes. A portion of the funds for this program is provided by statute exclusively for printing and distributing the hunter safety pamphlet. While this pamphlet should remain the highest spending priority for these funds, there is a surplus in the account which could assist with other activities by the volunteers conducting the hunter education program." [1999 c 222 § 1.]

(1) All firearm sales or transfers, in whole or part in this state including without limitation a sale or transfer where either the purchaser or seller or transferee or transferor is in Washington, shall be subject to background checks unless specifically exempted by state or federal law. The background check requirement applies to all sales or transfers including, but not limited to, sales and transfers through a licensed dealer, at gun shows, online, and between unlicensed persons.

(a) The person is a licensed dealer;

(b) The purchaser or transferee is a licensed dealer; or

(a) The seller or transferor shall deliver the firearm to a licensed dealer to process the sale or transfer as if it is selling or transferring the firearm from its inventory to the purchaser or transferee, except that the unlicensed seller or transferor may remove the firearm from the business premises of the licensed dealer while the background check is being conducted. If the seller or transferor removes the firearm from the business premises of the licensed dealer while the background check is being conducted, the purchaser or transferee and the seller or transferor shall return to the business premises of the licensed dealer and the seller or transferor shall again deliver the firearm to the licensed dealer prior to completing the sale or transfer.

(b) Except as provided in (a) of this subsection, the licensed dealer shall comply with all requirements of federal and state law that would apply if the licensed dealer were

(c) The purchaser or transferee must complete, sign, and submit all federal, state, and local forms necessary to process the required background check to the licensed dealer conducting the background check.

(d) If the results of the background check indicate that the purchaser or transferee is ineligible to possess a firearm, then the licensed dealer shall return the firearm to the seller or transferor.

(e) The licensed dealer may charge a fee that reflects the fair market value of the administrative costs and efforts incurred by the licensed dealer for facilitating the sale or transfer of the firearm.

(1) A dealer shall report to the Washington association of sheriffs and police chiefs information on each instance where the dealer denies an application for the purchase or transfer of a firearm, whether under RCW 9.41.090 or 9.41.113, or the requirements of federal law, as the result of a background check or completed and submitted firearm purchase or transfer application that indicates the applicant is ineligible to possess a firearm under state or federal law. The dealer shall report the denied application information to the Washington association of sheriffs and police chiefs within five days of the denial in a format as prescribed by the Washington association of sheriffs and police chiefs. The reported information must include the identifying information of the applicant, the date of the application and denial of the application, and other information or documents as prescribed by the Washington association of sheriffs and police chiefs. In any case where the purchase or transfer of a firearm is initially denied by the dealer as the result of a background check that indicates the applicant is ineligible to possess a firearm, but the purchase or transfer is subsequently approved, the dealer shall report the subsequent approval to the Washington association of sheriffs and police chiefs within one day of the approval.

(2) Upon denying an application for the purchase or transfer of a firearm as a result of a background check or completed and submitted firearm purchase or transfer application that indicates the applicant is ineligible to possess a firearm under state or federal law, the dealer shall:

(a) Provide the applicant with a copy of a notice form generated and distributed by the Washington state patrol
under RCW 43.43.823(5), informing denied applicants of their right to appeal the denial; and

The license shall be good for two years. The issuing authority shall not refuse to accept completed applications for alien firearm licenses during regular business hours. An application for a license may not be denied, unless the applicant's alien firearm license is in a revoked status, or the applicant:

(c) Is free on bond or personal recognizance pending trial, appeal, or sentencing for a felony offense; or
(d) Has an outstanding warrant for his or her arrest from any court of competent jurisdiction for a felony or misdemeanor.

No license application shall be granted to a nonimmigrant alien convicted of a felony unless the person has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c), or unless RCW 9.41.040 (3) or (4) applies.

(3) The sheriff shall check with the national crime information center, the Washington state patrol electronic database, the department of social and health services electronic database, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm.

(4) The license application shall bear the full name, residential address, telephone number at the option of the applicant, date and place of birth, race, gender, description, a complete set of fingerprints, and signature of the applicant, a copy of the applicant’s passport and visa showing the applicant is in the country legally, and a valid Washington hunting license or documentation that the applicant is a member of a sport shooting club.

A signed application for an alien firearm license shall constitute a waiver of confidentiality and written request that the department of social and health services, mental health institutions, and other health care facilities release information relevant to the applicant's eligibility for an alien firearm license to an inquiring court or law enforcement agency.

The application for an original license shall include a complete set of fingerprints to be forwarded to the Washington state patrol.

The license and application shall contain a warning substantially as follows:

CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law. The application shall contain questions about the applicant’s eligibility under RCW 9.41.040 to possess a firearm. The nonimmigrant alien applicant shall be required to produce a passport and visa as evidence of being in the country legally.

The license may be in triplicate or in a form to be prescribed by the department of licensing. The original thereof shall be delivered to the licensee, the duplicate shall within seven days be sent to the director of licensing and the triPLICATE shall be preserved for six years, by the authority issuing the license.

The department of licensing shall make available to law enforcement and corrections agencies, in an online format, all information received under this section.

(5) The sheriff has the authority to collect a nonrefundable fee, paid upon application, for the two-year license. The fee shall be fifty dollars plus additional charges imposed by the Washington state patrol and the federal bureau of investigation that are passed on to the applicant. No other state or local branch or unit of government may impose any additional charges on the applicant for the issuance of the license. The fee shall be retained by the sheriff.

(6) Payment shall be by cash, check, or money order at the option of the applicant. Additional methods of payment may be allowed at the option of the sheriff.

(7) A political subdivision of the state shall not modify the requirements of this section, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section.

(8) A person who knowingly makes a false statement regarding citizenship or identity on an application for an alien firearm license is guilty of false swearing under RCW 9A.72.040. In addition to any other penalty provided for by law, the alien firearm license of a person who knowingly makes a false statement shall be revoked, and the person shall be permanently ineligible for an alien firearm license.

GAMBLING—1973 ACT

Sections
9.46.0209 "Bona fide charitable or nonprofit organization."
9.46.212 Officers designated with police powers authorized to take action to prevent physical injury to person or substantial damage to property—Immunity from civil liability—Exception.
9.46.0209 "Bona fide charitable or nonprofit organization." (1) (a) "Bona fide charitable or nonprofit organization," as used in this chapter, means:

(i) Any organization duly existing under the provisions of chapter 24.12, 24.20, or 24.28 RCW, any agricultural fair authorized under the provisions of chapters 15.76 or 36.37 RCW, or any nonprofit corporation duly existing under the provisions of chapter 24.03 RCW for charitable, benevolent, eleemosynary, educational, civic, patriotic, political, social, fraternal, athletic or agricultural purposes only, or any nonprofit organization, whether incorporated or otherwise, when found by the commission to be organized and operating for one or more of the aforesaid purposes only, all of which in the opinion of the commission have been organized and are operated primarily for purposes other than the operation of gambling activities authorized under this chapter; or

(ii) Any corporation which has been incorporated under Title 36 U.S.C. and whose principal purposes are to furnish volunteer aid to members of the armed forces of the United States and also to carry on a system of national and international relief and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods, and other national calamities and to devise and carry on measures for preventing the same.

(b) An organization defined under (a) of this subsection must:

(i) Have been organized and continuously operating for at least twelve calendar months immediately preceding making application for any license to operate a gambling activity, or the operation of any gambling activity authorized by this chapter for which no license is required; and

(ii) Demonstrate to the commission that it has made significant progress toward the accomplishment of the purposes of the organization during the twelve consecutive month period preceding the date of application for a license or license renewal. The fact that contributions to an organization do not qualify for charitable contribution deduction purposes or that the organization is not otherwise exempt from payment of federal income taxes pursuant to the internal revenue code of 1954, as amended, shall constitute prima facie evidence that the organization is not a bona fide charitable or nonprofit organization for the purposes of this section.

(c) Any person, association or organization which pays its employees, including members, compensation other than is reasonable therefor under the local prevailing wage scale shall be deemed paying compensation based in part or whole upon receipts relating to gambling activities authorized under this chapter and shall not be a bona fide charitable or nonprofit organization for the purposes of this chapter.

(2) For the purposes of RCW 9.46.0315 and 9.46.110, a bona fide nonprofit organization also includes:

(a) A credit union organized and operating under state or federal law. All revenue less prizes and expenses received from raffles conducted by credit unions must be devoted to purposes authorized under this section for charitable and nonprofit organizations; and

(b) A group of executive branch state employees that:

(i) Has requested and received revocable approval from the agency's chief executive official, or such official's designee, to conduct one or more raffles in compliance with this section;

(ii) Conducts a raffle solely to raise funds for either the state combined fund drive, created under RCW 41.04.033; an entity approved to receive funds from the state combined fund drive; or a charitable or benevolent entity, including but not limited to a person or family in need, as determined by a majority vote of the approved group of employees. No person or other entity may receive compensation in any form from the group for services rendered in support of this purpose;

(iii) Promptly provides such information about the group's receipts, expenditures, and other activities as the agency's chief executive official or designee may periodically require, and otherwise complies with this section and RCW 9.46.0315; and

(iv) Limits the participation in the raffle such that raffle tickets are sold only to, and winners are determined only from, the employees of the agency.

(3) For the purposes of RCW 9.46.0277, a bona fide nonprofit organization also includes a county, city, or town, provided that all revenue less prizes and expenses from raffles conducted by the county, city, or town must be used for community activities or tourism promotion activities. [2017 c 133 § 1; 2009 c 137 § 1; 2007 c 452 § 1; 2000 c 233 § 1; 1987 c 4 § 4. Formerly RCW 9.46.020(3).]

9.46.212 Officers designated with police powers authorized to take action to prevent physical injury to person or substantial damage to property—Immunity from civil liability—Exception. When physical injury to a person or substantial damage to property occurs, or is about to occur, within the presence of an officer of the commission designated with police powers pursuant to RCW 9.46.210, the designated officer is authorized to take such action as is reasonably necessary to prevent physical injury to a person or substantial damage to property or prevent further injury to a person or further substantial damage to property. A designated officer shall be immune from civil liability for damages arising out of the action of the designated officer to prevent physical injury to a person or substantial damage to property or prevent further injury to a person or further substantial damage to property, unless it is shown that the designated officer acted with gross negligence or bad faith. SENTENCING REFORM ACT OF 1981

9.94A SENTENCING REFORM ACT OF 1981

Chapter 9.94A

Title 9 RCW: Crimes and Punishments

9.94A.411 Evidentiary sufficiency.

9.94A.515 Table 2—Crimes included within each seriousness level.

9.94A.525 Offender score.

9.94A.411 Evidentiary sufficiency. (1) Decision not to prosecute.

STANDARD: A prosecuting attorney may decline to prosecute, even though technically sufficient evidence to prosecute exists, in situations where prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

GUIDELINE/COMMENTARY:

Examples

The following are examples of reasons not to prosecute which could satisfy the standard.

(a) Contrary to Legislative Intent - It may be proper to decline to charge where the application of criminal sanctions would be clearly contrary to the intent of the legislature in enacting the particular statute.

(b) Antiquated Statute - It may be proper to decline to charge where the statute in question is antiquated in that:

(i) It has not been enforced for many years; and

(ii) Most members of society act as if it were no longer in existence; and

(iii) It serves no deterrent or protective purpose in today's society; and

(iv) The statute has not been recently reconsidered by the legislature.

This reason is not to be construed as the basis for declining cases because the law in question is unpopular or because it is difficult to enforce.

(c) De Minimis Violation - It may be proper to decline to charge where the violation of law is only technical or insubstantial and where no public interest or deterrent purpose would be served by prosecution.

(d) Confinement on Other Charges - It may be proper to decline to charge because the accused has been sentenced on another charge to a lengthy period of confinement and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;

(ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and

(iii) Conviction of the new offense would not serve any significant deterrent purpose.

(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a pending prosecution in the same or another county and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;

(ii) Conviction in the pending prosecution is imminent;

(iii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and

(iv) Conviction of the new offense would not serve any significant deterrent purpose.

(f) High Disproportionate Cost of Prosecution - It may be proper to decline to charge where the cost of locating or transporting, or the burden on, prosecution witnesses is highly disproportionate to the importance of prosecuting the offense in question. This reason should be limited to minor cases and should not be relied upon in serious cases.

(g) Improper Motives of Complainant - It may be proper to decline charges because the motives of the complainant are improper and prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

(h) Immunity - It may be proper to decline to charge where immunity is to be given to an accused in order to prosecute another where the accused's information or testimony will reasonably lead to the conviction of others who are responsible for more serious criminal conduct or who represent a greater danger to the public interest.

(i) Victim Request - It may be proper to decline to charge because the victim requests that no criminal charges be filed and the case involves the following crimes or situations:

(i) Assault cases where the victim has suffered little or no injury;

(ii) Crimes against property, not involving violence, where no major loss was suffered;

(iii) Where doing so would not jeopardize the safety of society.

Care should be taken to assure that the victim's request is freely made and is not the product of threats or pressure by the accused.

The presence of these factors may also justify the decision to dismiss a prosecution which has been commenced.

Notification

The prosecutor is encouraged to notify the victim, when practical, and the law enforcement personnel, of the decision not to prosecute.

(2) Decision to prosecute.

(a) STANDARD:

Crimes against persons will be filed if sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised
under the evidence, would justify conviction by a reasonable and objective fact finder. With regard to offenses prohibited by RCW 9A.44.040, 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, 9A.44.089, and 9A.64.020 the prosecutor should avoid prefiling agreements or diversions intended to place the accused in a program of treatment or counseling, so that treatment, if determined to be beneficial, can be provided pursuant to RCW 9.94A.670.

Crimes against property/other crimes will be filed if the admissible evidence is of such convincing force as to make it probable that a reasonable and objective fact finder would convict after hearing all the admissible evidence and the most plausible defense that could be raised.

See table below for the crimes within these categories.

9.94A.525

Offender score. The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(a) (2) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined under the influence of intoxicating liquor or any drug (RCW 46.61.505(14)) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from...
confine ment or entry of judgment and sentence, the offender
had spent ten consecutive years in the community without
committing any crime that subsequently results in a convic-
tion.

(g) This subsection applies to both adult and juvenile
prior convictions.

(3) Out-of-state convictions for offenses shall be classi-
fied according to the comparable offense definitions and sen-
tences provided by Washington law. Federal convictions for
offenses shall be classified according to the comparable
offense definitions and sentences provided by Washington
law. If there is no clearly comparable offense under Washing-
ton law or the offense is one that is usually considered subject
to exclusive federal jurisdiction, the offense shall be scored
as a class C felony equivalent if it was a felony under the rel-
levant federal statute.

(4) Score prior convictions for felony anticipatory
offenses (at tempts, criminal solicitations, and criminal con-
spiracies) the same as if they were convictions for completed
offenses.

(5)(a) In the case of multiple prior convictions, for
the purpose of computing the offender score, count all convic-
tions separately, except:

(i) Prior offenses which were found, under RCW
9.94A.589(1)(a), to encompass the same criminal conduct,
shall be counted as one offense, the offense that yields the
highest offender score. The current sentencing court shall
determine with respect to other prior adult offenses for which
sentences were served concurrently or prior juvenile offenses
for which sentences were served consecutively, whether
those offenses shall be counted as one offense or as separate
offenses using the "same criminal conduct" analysis found in
RCW 9.94A.589(1)(a), and if the court finds that they shall
be counted as one offense, then the offense that yields the
highest offender score shall be used. The current sentencing
court may presume that such other prior offenses were not the
same criminal conduct from sentences imposed on separate
dates, or in separate counties or jurisdictions, or in separate
complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses
committed before July 1, 1986, for the purpose of computing
the offender score, count all adult convictions served concur-
rently as one offense, and count all juvenile convictions
entered on the same date as one offense. Use the conviction
for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently"
means that: (i) The latter sentence was imposed with specific
reference to the former; (ii) the concurrent relationship of the
sentences was judicially imposed; and (iii) the concurrent
timing of the sentences was not the result of a probation or
parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory
offenses of criminal attempt, solicitation, or conspiracy,
count each prior conviction as if the present conviction were
for a completed offense. When these convictions are used as
criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense
and not covered by subsection (11), (12), or (13) of this sec-
tion, count one point for each adult prior felony conviction
and one point for each juvenile prior violent felony convic-
tion and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and
not covered in subsection (9), (10), (11), (12), or (13) of this
section, count two points for each prior adult and juvenile
violent felony conviction, one point for each prior adult non-
violent felony conviction, and 1/2 point for each prior juvenile
nonviolent felony conviction.

(9) If the present conviction is for a serious violent
offense, count three points for prior adult and juvenile convic-
tions for crimes in this category, two points for each prior adult
and juvenile violent conviction (not already counted),
one point for each prior adult nonviolent felony conviction,
and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count
prior convictions as in subsection (8) of this section; however
count two points for each prior adult Burglary 2 or residential
burglary conviction, and one point for each prior juvenile
Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic
offense count two points for each adult or juvenile prior convic-
tion for Vehicular Homicide or Vehicular Assault; for
each felony offense count one point for each adult and 1/2
point for each juvenile prior conviction; for each serious traf-
cfic offense, other than those used for an enhancement pursu-
ant to RCW 46.61.520(2), count one point for each adult and
1/2 point for each juvenile prior conviction; count one point
for each adult and 1/2 point for each juvenile prior conviction
for operation of a vessel while under the influence of intocia-
ting liquor or any drug.

(12) If the present conviction is for homicide by water-
craft or assault by watercraft or any drug, or operation of a
vessel while under the influence of intoxicating liquor or any
drug, actual physical control of a
vehicle while under the influence of intoxicating liquor or any
drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of meth-
amphetamine count three points for each adult prior manu-
facture of methamphetamine conviction and two points for
each juvenile manufacture of methamphetamine offense. If
the present conviction is for a drug offense and the offender
has a criminal history that includes a sex offense or serious
violent offense, count three points for each prior adult non-
violent drug offense conviction and two points for each juvenile
drug offense. All other adult and juvenile felonies are scored as in
subsection (8) of this section if the current drug offense is
violent, or as in subsection (7) of this section if the current
drug offense is nonviolent.

(14) If the present conviction is for Escape from Com-
community Custody, RCW 72.09.310, count only prior escape
convictions in the offender score. Count adult prior escape
convictions as one point and juvenile prior escape convic-
tions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW
9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior

[2017 RCW Supp—page 48]
convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW *9A.44.130 or 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW *9A.44.130 or 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

9.96.070 Vacating records of conviction—Prostitution offenses.

9.96.060 Misdeemor or gross misdemeanor offenses, persons convicted of prostitution who committed the offense as a result of being a victim of trafficking, promoting prostitution in the first degree, promoting commercial sexual abuse of a minor, or trafficking in persons, of or violating a certain statute or rule regarding the regulation of fishing—Vacating records—Domestic violence records. (1) Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion vacate the record of conviction by: (a) permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court;

(b) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;

(c) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the applicant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense or less than ten years has elapsed since the date of the arrest for the prior offense;

(d) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses);

(e) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family member or household member against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

(ii) The applicant has previously had a conviction for domestic violence. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;

(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction;

(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;

(f) For any offense other than those described in (e) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

Sec. 7101 et seq. may apply to the sentencing court for vacation of the applicant's record of conviction for the prostitution offense. An applicant may not have the record of conviction for prostitution vacated if any one of the following is present:

U.S.C. Sec. 7101 et seq., according to the requirements provided in RCW 9.96.070 for each respective conviction.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and
(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under United States v. Washington, 384 F. Supp. 312 (W.D. Wash. 1974), or Sohappy v. Smith, 302 F. Supp. 899 (D. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5)(a) Once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. Except as provided in (b) of this subsection, nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location (RCW 10.99.040, 10.99.050, 26.09.300, 26.10.220, 26.26.138, 26.44.063, 26.44.150, 26.50.060, 26.50.070, 26.50.130, 26.52.070, or 74.34.145); or (ii) stalking (RCW 9A.46.110). A vacated conviction under this section is not considered a conviction of such an offense for the purposes of 27 C.F.R. 478.11.

(6) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(7) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification sec-

9.97.020 Certificate of restoration of opportunity—Qualified applicants—States, counties, municipal departments, boards, officers, or agencies authorized may not disqualify—Exceptions—Immunity—Qualified courts have jurisdiction to issue certificates—Employers, housing providers—Department of social and health services and department of children, youth, and families—Washington state patrol—Court records—Judicial proceedings—Department of health—Notice by applicant—Certain superior courts may decline to consider applications—Certificate transmittal—Duties of administrative office of the courts. (Effective July 1, 2018.)

(1) Except as provided in this section, no state, county, or municipal department, board, officer, or agency authorized to assess the qualifications of any applicant for a license, certificate of authority, qualification to engage in the practice of a profession or business, or for admission to an examination to qualify for such a license or certificate may disqualify a qualified applicant, solely based on the applicant's criminal history, if the qualified applicant has obtained a certificate of restoration of opportunity awarded by the department of health or the district attorney for the county in which the conviction occurred from a court of superior jurisdiction of the state of Washington. The certificate of restoration of opportunity does not remove or alter citizenship or other applicable statute or agency rule. A certificate of restoration of opportunity does not remove or alter citizenship or legal residency requirements already in place for state agencies and employers.

(2) A qualified court has jurisdiction to issue a certificate of restoration of opportunity to a qualified applicant.

(a) A court must determine, in its discretion whether the certificate:

(i) Applies to all past criminal history; or

(ii) Applies only to the convictions or adjudications in the jurisdiction of the court.

(b) The certificate does not apply to any future criminal justice involvement that occurs after the certificate is issued.

(c) A court must determine whether to issue a certificate by determining whether the applicant is a qualified applicant as defined inRCW 9.97.010.

(3) An employer or housing provider may, in its sole discretion, determine whether to consider a certificate of restoration of opportunity issued under this chapter in making employment or rental decisions. An employer or housing provider is immune from suit in law, equity, or under the administrative procedure act for damages based upon its exercise of discretion under this section or the refusal to exercise such
discretion. In any action at law against an employer or housing provider arising out of the employment of or provision of housing to the recipient of a certificate of restoration of opportunity, evidence of the crime for which a certificate of restoration of opportunity has been issued may not be introduced as evidence of negligence or intentionally tortious conduct on the part of the employer or housing provider. This subsection does not create a protected class, private right of action, any right, privilege, or duty, or to change any right, privilege, or duty existing under law related to employment or housing except as provided in RCW 7.60.035.

(4)(a) Department of social and health services: A certificate of restoration of opportunity does not apply to the state abuse and neglect registry. No finding of abuse, neglect, or misappropriation of property may be removed from the registry based solely on a certificate. The department must include such certificates as part of its criminal history record reports, qualifying letters, or other assessments pursuant to RCW 43.43.830 through 43.43.838. The department shall adopt rules to implement this subsection.

(b) Washington state patrol: The Washington state patrol is not required to remove any records based solely on a certificate of restoration of opportunity. The state patrol must include a certificate as part of its criminal history record report.

c) Court records:

(i) A certificate of restoration of opportunity has no effect on any other court records, including records in the judicial information system. The court records related to a certificate of restoration of opportunity must be processed and recorded in the same manner as any other record.

(ii) The qualified court where the applicant seeks the certificate of restoration of opportunity must administer the court records regarding the certificate in the same manner as it does regarding all other proceedings.

d) Effect in other judicial proceedings: A certificate of restoration of opportunity may only be submitted to a court to demonstrate that the individual met the specific requirements of this section and not for any other procedure, including evidence of character, reputation, or conduct. A certificate is not an equivalent procedure under Rule of Evidence 609(c).

e) Department of health: The department of health must include a certificate of restoration of opportunity on its public web site if:

(i) Its web site includes an order, stipulation to informal disposition, or notice of decision related to the conviction identified in the certificate of restoration of opportunity; and

(ii) The credential holder has provided a certified copy of the certificate of restoration of opportunity to the department of health.

(f) Department of children, youth, and families: A certificate of restoration of opportunity does not apply to founded findings of child abuse or neglect. No finding of child abuse or neglect may be destroyed based solely on a certificate. The department of children, youth, and families must include such certificates as part of its criminal history record reports, qualifying letters, or other assessments pursuant to RCW 43.43.830 through 43.43.838. The department of children, youth, and families shall adopt rules to implement this subsection (4)(f).

(5) In all cases, an applicant must provide notice to the prosecutor in the county where he or she seeks a certificate of restoration of opportunity of the pendency of such application. If the applicant has been sentenced by any other jurisdiction in the five years preceding the application for a certificate, the applicant must also notify the prosecuting attorney in those jurisdictions. The prosecutor in the county where an applicant applies for a certificate shall provide the court with a report of the applicant's criminal history.

(6) Application for a certificate of restoration of opportunity must be filed as a civil action.

(7) A superior court in the county in which the applicant resides may decline to consider the application for certificate of restoration of opportunity. If the superior court in which the applicant resides declines to consider the application, the court must dismiss the application without prejudice and the applicant may refile the application in another qualified court. The court must state the reason for the dismissal on the order. If the court determines that the applicant does not meet the required qualifications, then the court must dismiss the application without prejudice and state the reason(s) on the order. The superior court in the county of the applicant's conviction or adjudication may not decline to consider the application.

(8) Unless the qualified court determines that a hearing on an application for certificate of restoration is necessary, the court must decide without a hearing whether to grant the certificate of restoration of opportunity based on a review of the application filed by the applicant and pleadings filed by the prosecuting attorney.

(9) The clerk of the court in which the certificate of restoration of opportunity is granted shall transmit the certificate of restoration of opportunity to the Washington state patrol identification section, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol shall update its records to reflect the certificate of restoration of opportunity.

(10)(a) The administrative office of the courts shall develop and prepare instructions, forms, and an informational brochure designed to assist applicants applying for a certificate of restoration of opportunity.

(b) The instructions must include, at least, a sample of a standard application and a form order for a certificate of restoration of opportunity.

(c) The administrative office of the courts shall distribute a master copy of the instructions, informational brochure, and sample application and form order to all county clerks and a master copy of the application and order to all superior courts by January 1, 2017.

(d) The administrative office of the courts shall determine the significant non-English-speaking or limited English-speaking populations in the state. The administrator shall then arrange for translation of the instructions, which shall contain a sample of the standard application and order, and the informational brochure into languages spoken by those significant non-English-speaking populations and shall distribute a master copy of the translated instructions and informational brochures to the county clerks by January 1, 2017.

(e) The administrative office of the courts shall update the instructions, brochures, standard application and order,
and translations when changes in the law make an update necessary. [2017 3rd sp.s. c 6 § 806; 2017 c 281 § 35; 2016 c 81 § 3.]

Finding—Intent—2017 c 266: See note following RCW 9A.42.020.

Finding—2017 c 231: "(1) Because of the serious nature of human trafficking related offenses, and the power, control, and exploitation exerted over victims, the legislature finds the statute of limitations on these offenses should be extended. Victims are often under the control of their trafficker for over fifteen years. These fatality reviews demonstrate the significant impact of domestic violence on our communities as well as the barriers and high rates of lethality faced by victims. The legislature further notes there have been several high profile domestic violence homicides with multiple prior domestic violence incidents not accounted for in the legal response. Many jurisdictions nationally have encountered the same challenges as Washington and now utilize risk assessment as a best practice to assist in the response to domestic violence.

The Washington domestic violence risk assessment work group is established to study how and when risk assessment can best be used to improve the response to domestic violence offenders and victims and find effective strategies to reduce domestic violence homicides, serious injuries, and recidivism that are a result of domestic violence incidents in Washington state.

(2)(a) The Washington state gender and justice commission, in collaboration with the Washington state coalition against domestic violence and the Washington state University criminal justice program, shall coordinate the work group and provide staff support.

(b) The work group must include a representative from each of the following organizations:

(i) The Washington state gender and justice commission;

(ii) The department of corrections;

(iii) The department of social and health services;

(iv) The Washington association of sheriffs and police chiefs;

(v) The superior court judges’ association;

(vi) The district and municipal court judges’ association;

(vii) The Washington state association of counties;

(viii) The Washington association of prosecuting attorneys;

(ix) The Washington defender association;

(x) The Washington association of criminal defense lawyers;

(xi) The Washington state association of cities;

(xii) The Washington state coalition against domestic violence;

(xiii) The Washington state office of civil legal aid; and

(xiv) The family law section of the Washington state bar association.

(c) The work group must additionally include representation from:

(i) Treatment providers;

(ii) City law enforcement;

(iii) County law enforcement;

(iv) Court administrators; and

(v) Domestic violence victims or family members of a victim.

(3) At a minimum, the work group shall research, review, and make recommendations on the following:

[2017 RCW Supp—page 56]
(a) How to best develop and use risk assessment in domestic violence response utilizing available research and Washington state data;
(b) Providing effective strategies for incorporating risk assessment in domestic violence response to reduce deaths, serious injuries, and recidivism due to domestic violence;
(c) Promoting access to domestic violence risk assessment for advocates, police, prosecutors, corrections, and courts to improve domestic violence response;
(d) Whether or how risk assessment could be used as an alternative to mandatory arrest in domestic violence;
(e) Whether or how risk assessment could be used in bail determinations in domestic violence cases, and in civil protection order hearings;
(f) Whether or how offender risk, needs, and responsivity could be used in determining eligibility for diversion, sentencing alternatives, and treatment options;
(g) Whether or how victim risk, needs, and responsivity could be used in improving domestic violence response;
(h) Whether or how risk assessment can improve prosecution and encourage prosecutors to aggressively enforce domestic violence laws; and
(i) Encouraging private sector collaboration.

(4) The work group shall compile its findings and recommendations into a final report and provide its report to the appropriate committees of the legislature and governor by June 30, 2018.

(5) The work group must operate within existing funds.

(6) This section expires June 30, 2019.* [2017 c 272 § 8.]

(d) Fees assessed under this section shall be collected by the clerk of the court and remitted to the treasurer of the county where the offense occurred for deposit in the general fund, except in cases in which the offense occurred in a city or town that provides for its own law enforcement, in which case these amounts shall be remitted to the treasurer of the city or town for deposit in the general fund of the city or town. (ii) Revenues from these fees are not subject to the distribution requirements under RCW 3.50.100, 3.62.020, 3.62.040, 10.82.070, or 35.20.220.
(5) If the victim of any offense identified in this section is a minor, force, fraud, or coercion are not necessary elements of an offense and consent to the sexually explicit act or commercial sex act does not constitute a defense.

RCW, for which something of value is given or received by any person; and

9A.40.102 Trafficking—Court appearance—No-contact orders—Entry of order into computer-based criminal intelligence information system. (1) A defendant who is charged by citation, complaint, or information with an offense involving trafficking, as described in RCW 9A.40.100, and is not arrested, shall appear in court for arraignment or initial appearance in person as soon as practicable, but in no event later than fourteen days after the defendant is served with the citation, complaint, or information. At that appearance, the court shall determine the necessity of imposing or extending a no-contact order, and consider the provisions of RCW 9A.40.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

(2) Whenever a no-contact order is issued under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.  

[2017 c 230 § 1.]

9A.40.104 Trafficking—Court may prohibit defendant's contact with victim—No-contact orders—Issuance, termination, modification—Entry of order into computer-based criminal intelligence information system. (1) Because of the likelihood of repeated harassment and intimidation directed at those who have been victims of trafficking as described in RCW 9A.40.100, before any defendant charged with or arrested, for a crime involving trafficking, is released from custody, or at any time the case remains unresolved, the court may prohibit that person from having any contact with the victim whether directly or through third parties.

At the initial preliminary appearance, the court shall determine whether to extend any existing prohibition on the defendant's contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location. The court may also consider the provisions of RCW 9A.40.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

(2) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. So long as the court finds probable cause, the court may issue or extend a no-contact order. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed.

(3)(a) Willful violation of a court order issued under this section is punishable under RCW 26.50.110.

(b) The written order shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 26.50 RCW and the violator is subject to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony.

(4) Upon a motion with notice to all parties and after a hearing, the court may terminate or modify the terms of an existing no-contact order, including terms entered pursuant to RCW 9A.40.800 related to firearms or other dangerous weapons or to concealed pistol licenses.

(5)(a) A defendant's motion to terminate or modify a no-contact order must include a declaration setting forth facts supporting the requested order for termination or modification. The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the declarations. If the court finds that the defendant established adequate cause, the court shall set a date for hearing the defendant's motion.

(b) The court may terminate or modify the terms of a no-contact order, including terms entered pursuant to RCW 9A.40.800 related to firearms or other dangerous weapons or to concealed pistol licenses, if the defendant proves by a preponderance of the evidence that there has been a material change in circumstances such that the defendant is not likely to engage in or attempt to engage in physical or nonphysical contact with the victim if the order is terminated or modified. The victim bears no burden of proving that he or she has a current reasonable fear of harm by the defendant.

(c) A defendant may file a motion to terminate or modify pursuant to this section no more than once in every twelve-month period that the order is in effect, starting from the date of the order and continuing through any renewal.

(6) Whenever a no-contact order is issued, modified, or terminated under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.  

[2017 c 230 § 3.]
9A.40.106 Trafficking—Condition of sentence restricting contact—No-contact orders—Entry of order into computer-based criminal intelligence information system. (1) If a defendant is found guilty of the crime of trafficking under RCW 9A.40.100 and a condition of the sentence restricts the defendant's ability to have contact with the victim, the condition must be recorded and a written certified copy of that order must be provided to the victim by the clerk of the court. Willful violation of a court order issued under this section is punishable under RCW 26.50.110. The written order must contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 26.50 RCW and the violator is subject to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony.

(2) Whenever a no-contact order is issued under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system. [2017 c 230 § 4.]

9A.40.120 Enforcement of orders restricting contact. Any general authority Washington peace officer as defined in RCW 10.93.020 in this state may enforce this chapter as it relates to orders restricting the defendants’ ability to have contact with the victim or others. [2017 c 230 § 2.]

(vi) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than three business days after entering the county and provide the information required in subsection (2)(a) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(viii) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in an other state shall register a new address, fingerprints, and photograph with the new state within three business days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within three business days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.
(b) The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of RCW 9A.44.132, or arraignment on charges for a violation of RCW 9A.44.132, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under RCW 9A.44.132 who asserts as a defense the lack of notice of the duty to register shall register within three business days following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must provide, by certified mail, with return receipt requested or in person, signed written notice of the change of address to the county sheriff within three business days of moving.

(b) If any person required to register pursuant to this section moves to a new county, within three business days of moving the person must register with the county sheriff of the county into which the person has moved and provide, by certified mail, with return receipt requested or in person, signed written notice of the change of address to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered is responsible for address verification pursuant to RCW 9A.44.135 until the person completes registration of his or her new residence address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within three business days after ceasing to have a fixed residence. The notice shall include the information required by subsection (2)(a) of this section, except the photograph, fingerprints, and palmprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The person must keep an accurate accounting of where he or she stays during the week and provide it to the county sheriff upon request. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within three business days of ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vi) or (vii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within three business days of the entry of the order.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a peace officer, including a county sheriff, or law enforcement agency, for failing to release information authorized under this section. Application—2010 c 267: See note following RCW 9A.44.128.

Delayed effective date—2008 c 230 §§ 1-3: "Sections 1 through 3 of this act take effect ninety days after adjournment sine die of the 2010 legislative session." [2008 c 230 § 5.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

Intent—1999 s.s. c 6: "It is the intent of this act to revise the law on registration of sex and kidnapping offenders in response to the case of State v. Pickett, Docket number 41562-94. The legislature intends that all sex and kidnapping offenders whose history requires them to register shall do so regardless of whether the person has a fixed residence. The lack of a residential address is not to be construed to preclude registration as a sex or kidnapping offender. The legislature intends that persons who lack a residential address shall have an affirmative duty to report to the appropriate county sheriff, based on the level of risk of offending." [1999 s.s. c 6 § 1.]

Intent—1994 c 84: "This act is intended to clarify existing law and is not intended to reflect a substantive change in the law." [1994 c 84 § 1.]

Finding and intent—1991 c 274: "The legislature finds that sex offender registration has assisted law enforcement agencies in protecting their communities. This act is intended to clarify and amend the deadlines for sex offenders to register. This act's clarification or amendment of RCW 9A.44.130 does not relieve the obligation of sex offenders to comply with the registration requirements of RCW 9A.44.130 as that statute exists before July 28, 1991."

Finding—Policy—1990 c 3 § 402: "The legislature finds that sex offenders often pose a high risk of recidivism, and that law enforcement's
efforts to protect their communities, conduct investigations, and quickly apprehend offenders who commit sex offenses, are impaired by the lack of information available to law enforcement agencies about convicted sex offenders who live within the law enforcement agency's jurisdiction. Therefore, this state's policy is to assist local law enforcement agencies' efforts to protect their communities by regulating sex offenders by requiring sex offenders to register with local law enforcement agencies as provided in RCW 9A.44.130.** [1990 c 3 § 401.]

1. The nature of the registrable offense committed including the number of victims and the length of the offense history;

The prosecuting attorney of the county shall be named and served as the respondent in any such petition. The prosecuting attorney must make reasonable efforts to notify the victim via the victim's choice of telephone, letter, or email, if known.

(5) In determining whether the petitioner is sufficiently rehabilitated to warrant removal from the central registry of sex offenders and kidnapping offenders, the following factors are provided as guidance to assist the court in making its determination, to the extent the factors are applicable considering the age and circumstances of the petitioner:

At that appearance, the court shall determine the necessity of imposing or extending a no-contact order, and consider the provisions of RCW 9A.88.080 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

   (2) Whenever a no-contact order is issued under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The court may also consider the provisions of RCW 9.41.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

   (2) At the time of arraignment, the court shall determine whether a no-contact order shall be issued or extended. If the court finds that the defendant established adequate cause, the court shall set a date for hearing the defendant's motion.

   (b) The court may terminate or modify the terms of a no-contact order, including terms entered pursuant to RCW 9A.88.080 related to firearms or other dangerous weapons or to concealed pistol licenses, if the defendant proves by a preponderance of the evidence that there has been a material change in circumstances such that the defendant is not likely to engage in or attempt to engage in physical or nonphysical contact with the victim if the order is terminated or modified. The victim bears no burden of proving that he or she has a current reasonable fear of harm by the defendant.

   (c) A defendant may file a motion to terminate or modify pursuant to this section no more than once in every twelve-
month period that the order is in effect, starting from the date of the order and continuing through any renewal.

(6) Whenever a no-contact order is issued, modified, or terminated under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Willful violation of a court order issued under this section is punishable under RCW 26.50.110. The written order must contain the court's directives and shall bear the legend: Violation of this order is a felony.

(2) Whenever a no-contact order is issued under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. (2) This section was amended by 2017 c 223 § 1 and by 2017 c 336 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). Intent—2010 c 274: "The legislature intends to improve the lives of persons who suffer from the adverse effects of domestic violence and to require reasonable, coordinated measures to prevent domestic violence from occurring. The legislature intends to give law enforcement and the courts better tools to identify violent perpetrators of domestic violence and hold them accountable. The legislature intends to: Increase the safety afforded to individuals who seek protection of public and private agencies involved in domestic violence prevention; improve the ability of agencies to address the needs of victims and their children and the delivery of services; upgrade the quality of treatment programs; and enhance the ability of the justice system to respond quickly and fairly to domestic violence. In order to improve the lives of persons who have, or may suffer, the effects of domestic violence the legislature intends to achieve more uniformity in the decision-making processes at public and private agencies that address domestic violence by reducing inconsistencies and duplications allowing domestic violence victims to achieve safety and stability in their lives." SEXUAL EXPLOITATION OF CHILDREN

Sections

10.112.010 Special inquiry judge process—Subpoena for records.

10.112.010 Special inquiry judge process—Subpoena for records. (1) In a criminal investigation of an offense involving the sexual exploitation of children under chapter 9.68A RCW, the prosecuting attorney shall use the special inquiry judge process established under chapter 10.27 RCW when the prosecuting attorney determines it is necessary to the investigation to subpoena a provider of electronic communication services or remote computing services to obtain records relevant to the investigation, including, but not limited to, records or information that provide the following subscriber or customer information: (a) Name and address; (b) local and long distance telephone connection records, or records of session times and durations; (c) length of service and types of service utilized; (d) telephone or instrument number or other subscriber number or identity, including any temporarily assigned network address; and (e) means and source of payment for such service, including any credit card or bank account number.

(2) A provider who receives a subpoena for records as provided under subsection (1) of this section may not disclose the existence of the subpoena to the subscribers or customers whose records or information are requested or released under the subpoena.

(3) For the purposes of this section:
(a) "Electronic communication service" means any service that provides to users the ability to send or receive wire or electronic communications.
(b) "Provider" means a provider of electronic communication services or remote computing services.
(c) "Remote computing service" means the provision to the public of computer storage or processing services by means of an electronic communications system. [2017 c 114 § 2.]

Findings—2017 c 114: "The legislature must continue to act to aid law enforcement in their efforts to prevent the unthinkable acts of sexual abuse of children and the horrendous social and emotional trauma experienced by victims of child pornography by expanding the tools available for law enforcement. The legislature finds that the expansion of the internet and computer-related technologies have led to a dramatic increase in the production, distribution, and trade of graphic images of child pornography and those who molest children. A well-known study conducted by crimes against children research center for the national center for missing and exploited children concluded that an estimated forty percent of those who possess child pornography have also directly victimized a child and fifteen percent have attempted to entice a child over the internet. Investigators and prosecutors report serious challenges with combating child pornography because offenders can act anonymously on the internet. Investigators track the trading of child pornography by using internet protocol addresses, which are unique identifiers that each computer is assigned when it accesses the internet. Under federal law, if an internet service provider is presented with a subpoena and an internet protocol address by law enforcement, the provider must turn over the names and addresses of account holders matched to it. Access to such information allows investigators to efficiently evaluate investigative leads and determine whether to request a warrant for a specific internet user. The legislature finds that in investigations of child exploitation, the use of a special inquiry judge is the appropriate process for obtaining subpoenas for the production of records from electronic communications providers under a less than probable cause standard while maintaining judicial oversight." GUARDIANSHIP—APPOINTMENT, QUALIFICATION, REMOVAL OF GUARDIANS

Sections

11.88.120 Modification or termination of guardianship—Procedure.

11.88.120 Modification or termination of guardianship—Procedure. (1)(a) At any time after establishment of a guardianship or appointment of a guardian, the court may, upon the death of the guardian or limited guardian, or, for other good reason, modify or terminate the guardianship or replace the guardian or limited guardian or modify the authority of a guardian or limited guardian. Such action may be taken based on the court's own motion, based on a motion by an attorney for a person or entity, based on a motion of a person or entity representing themselves, or based on a written complaint, as described in this section. The court may grant relief under this section as it deems just and in the best interest of the incapacitated person. For any hearing to modify or terminate a guardianship, the incapacitated person shall be given reasonable notice of the hearing and of the incapacitated person's right to be represented at the hearing by counsel of his or her own choosing.

(b) The court must modify or terminate a guardianship when a less restrictive alternative, such as a power of attorney or a trust, will adequately provide for the needs of the incapacitated person. In any motion to modify or terminate a guardianship with a less restrictive alternative, the court should consider any recent medical reports; whether a condition is reversible; testimony of the incapacitated person; testimony of persons most closely related by blood, marriage, or state registered domestic partnership to the incapacitated person; testimony of persons entitled to notice of special proceedings under RCW 11.92.150; and other needs of the incapacitated person that are not adequately served in a guardianship or limited guardianship that may be better served with a

less restrictive alternative. All motions under the provisions of this subsection (1)(b) must be heard within sixty days unless an extension of time is requested by a party or a guardian ad litem within such sixty-day period and granted for good cause shown. An extension granted for good cause should not exceed an additional sixty days from the date of the request of the extension, and the court must set a new hearing date.

(2)(a) An unrepresented person or entity may submit a complaint to the court. Complaints must be addressed to one of the following designees of the court: The clerk of the court having jurisdiction in the guardianship, the court administrator, or the guardianship monitoring program, and must identify the complainant and the incapacitated person who is the subject of the guardianship. The complaint must also provide the complainant's address, the case number (if available), and the address of the incapacitated person (if available). The complaint must state facts to support the claim.

(b) By the next judicial day after receipt of a complaint from an unrepresented person, the court's designee must ensure the original complaint is filed and deliver the complaint to the court.

(c) Within fourteen days of being presented with a complaint, the court must enter an order to do one or more of the following actions:

(i) To show cause, with fourteen days' notice, directing the guardian to appear at a hearing set by the court in order to respond to the complaint;

(ii) To appoint a guardian ad litem to investigate the issues raised by the complaint or to take any emergency action the court deems necessary to protect the incapacitated person until a hearing can be held;

(iii) To dismiss the complaint without scheduling a hearing, if it appears to the court that the complaint is without merit on its face; is filed in other than good faith; is filed for an improper purpose; regards issues that have already been adjudicated; or is frivolous. In making a determination, the court may review the matter and consider previous behavior of the complainant that is documented in the guardianship record;

(iv) To direct the guardian to provide, in not less than fourteen days, a written report to the court on the issues raised in the complaint;

(v) To defer consideration of the complaint until the next regularly scheduled hearing in the guardianship, if the date of that hearing is within the next three months, provided that there is no indication that the incapacitated person will suffer physical, emotional, financial, or other harm as a result of the court's deferral of consideration;

(vi) To order other action, in the court's discretion, in addition to doing one or more of the actions set out in this subsection.

(d) If after consideration of the complaint, the court believes that the complaint is made without justification or for reason to harass or delay or with malice or other bad faith, the court has the power to levy necessary sanctions, including but not limited to the imposition of reasonable attorney fees, costs, fees, striking pleadings, or other appropriate relief.

(3) The court may order persons who have been removed as guardians to deliver any property or records belonging to the incapacitated person in accordance with the court's order. Similarly, when guardians have died or been removed and property or records of an incapacitated person are being held by any other person, the court may order that person to deliver it in accordance with the court's order. Disobedience of an order to deliver is punishable as contempt of court.

(4) The administrative office of the courts must develop and prepare, in consultation with interested persons, a model form for the complaint described in subsection (2)(a) of this section and a model form for the order that must be issued by the court under subsection (2)(c) of this section.

(5) The board may send a grievance it has received regarding an active guardian case to the court's designee with a request that the court review the grievance and take any action the court deems necessary. This type of request from the board must be treated as a complaint under this section and the person who sent the complaint must be treated as the complainant. The court must direct the clerk to transmit a copy of its order to the board. The board must consider the court order when taking any further action and note the court order in any final determination.

(6) In any court action under this section that involves a professional guardian, the court must direct the clerk of the court to send a copy of the order entered under this section to the board.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Board" means the certified professional guardian board.

(b) "Complaint" means a written submission by an unrepresented person or entity, who is referred to as the complainant. [2017 c 271 § 2; 2015 c 293 § 1; 1991 c 289 § 7; 1990 c 122 § 14; 1977 ex.s. c 309 § 9; 1975 1st ex.s. c 95 § 14; 1965 c 145 § 11.88; 1963 c 156 § 209; RRS 1579; prior: Code 1881 § 1616; 1860 p 227 § 333; 1855 p 17 11.]

Findings—2017 c 271: "The legislature finds that an incapacitated person should retain basic rights enjoyed by the public, including the freedom of associating with family and friends. A court or guardian should not remove or restrict the rights of an incapacitated person under a guardianship except when absolutely necessary to protect the incapacitated person. The legislature finds that less restrictive alternatives are preferred to guardianships and limited guardianships when they provide adequate support for an incapacitated person's needs. The legislature also recognizes that less restrictive alternatives are typically less expensive to administer than a guardianship, thereby preserving state resources, court resources, and the incapacitated person's estate. A less restrictive alternative may be in the form of a power of attorney, or a trust, or other legal, financial, or medical directives that allow an incapacitated person to enjoy a greater degree of individual liberty and decision making than for persons under a guardianship." (B) The superior court may, upon petition by the guardian or limited guardian or any other method as provided by local court rule:

(I) For good cause, waive this requirement for guardians appointed prior to July 22, 2011. Good cause requires evidence that the guardian already possesses the requisite knowledge to serve as a guardian without completing the training. When determining whether there is good cause to waive the training requirement, the court must consider, among other facts, the length of time the guardian has been serving the incapacitated person; whether the guardian has timely filed all required reports with the court; whether the guardian is monitored by other state or local agencies; and whether there have been any allegations of abuse, neglect, or a breach of fiduciary duty against the guardian; or

(iii) Has been treated in an emergency room setting or kept for hospital observation for more than twenty-four hours; or

(iv) Dies, in which case the notification must be made in person, by telephone, or by certified mail.

(e) Consistent with the powers granted by the court, to care for and maintain the incapacitated person in the setting least restrictive to the incapacitated person's freedom and appropriate to the incapacitated person's personal care needs, assert the incapacitated person's rights and best interests, and if the incapacitated person is a minor or where otherwise appropriate, to see that the incapacitated person receives appropriate training and education and that the incapacitated person has the opportunity to learn a trade, occupation, or profession.

(f) Consistent with RCW 7.70.065, to provide timely, informed consent for health care of the incapacitated person, except in the case of a limited guardian where such power is not expressly provided for in the order of appointment or subsequent modifying order as provided in RCW 11.88.125 as now or hereafter amended, the standby guardian or standby limited guardian may provide timely, informed consent to necessary medical procedures if the guardian or limited guardian cannot be located within four hours after the need for such consent arises. No guardian, limited guardian, or standby guardian may involuntarily commit for mental health treatment, observation, or evaluation an alleged incapacitated person who is unable or unwilling to give informed consent to such commitment unless the procedures for involuntary commitment set forth in chapter 71.05 or 72.23 RCW are followed. Nothing in this section may be construed to allow a guardian, limited guardian, or standby guardian to consent to:

(i) Therapy or other procedure which induces convulsion;

(ii) Surgery solely for the purpose of psychosurgery;

(iii) Other psychiatric or mental health procedures that restrict physical freedom of movement, or the rights set forth in RCW 71.05.217.

(2) A guardian, limited guardian, or standby guardian who believes these procedures are necessary for the proper care and maintenance of the incapacitated person shall petition the court for an order unless the court has previously approved the procedure within the past thirty days. The court may order the procedure only after an attorney is appointed in accordance with RCW 11.88.045 if no attorney has previously appeared, notice is given, and a hearing is held in accordance with RCW 11.88.040. [2017 c 268 § 3; 2011 c 329 § 3; 1991 c 289 § 11; 1990 c 122 § 21.]
11.92.195 Incapacitated persons—Right to associate with persons of their choosing. (1) Except as otherwise provided in this section, an incapacitated person retains the right to associate with persons of the incapacitated person's choosing. This right includes, but is not limited to, the right to freely communicate and interact with other persons, whether through in-person visits, telephone calls, electronic communication, personal mail, or other means. If the incapacitated person is unable to express consent for communication, visitation, or interaction with another person, or is otherwise unable to make a decision regarding association with another person, a guardian of the incapacitated person, whether full or limited, must:

(a) Personally inform the incapacitated person of the decision under consideration, using plain language, in a manner calculated to maximize the understanding of the incapacitated person;

(b) Maximize the incapacitated person's participation in the decision-making process to the greatest extent possible, consistent with the incapacitated person's abilities; and

(c) Give substantial weight to the incapacitated person's preferences, both expressed and historical.

(2) A guardian or limited guardian may not restrict an incapacitated person's right to communicate, visit, interact, or otherwise associate with persons of the incapacitated person's choosing, unless:

(a) The restriction is specifically authorized by the guardianship court in the court order establishing or modifying the guardianship or limited guardianship under chapter 11.88 RCW;

(b) The restriction is pursuant to a protection order issued under chapter 74.34 RCW, chapter 26.50 RCW, or other law, that limits contact between the incapacitated person and other persons; or

(c)(i) The guardian or limited guardian has good cause to believe that there is an immediate need to restrict an incapacitated person's right to communicate, visit, interact, or otherwise associate with persons of the incapacitated person's choosing in order to protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation, as those terms are defined in RCW 74.34.020, or to protect the incapacitated person from activities that unnecessarily impose significant distress on the incapacitated person; and

(ii) Within fourteen calendar days of imposing the restriction under (c)(i) of this subsection, the guardian or limited guardian files a petition for a protection order under chapter 74.34 RCW. The immediate need restriction may remain in place until the court has heard and issued an order or decision on the petition.

(3) A protection order under chapter 74.34 RCW issued to protect an incapacitated person as described in subsection (2)(c)(ii) of this section:

(a) Must include written findings of fact and conclusions of law;

(b) May not be more restrictive than necessary to protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation as those terms are defined in RCW 74.34.020; and

(c) May not deny communication, visitation, interaction, or other association between the incapacitated person and another person unless the court finds that placing reasonable time, place, or manner restrictions is unlikely to sufficiently protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation as those terms are defined in RCW 74.34.020. (6) "First trust" means a trust over which a trustee may exercise the decanting power.

(7) "Limited discretion" means a discretionary power of distribution that is limited to an ascertainable standard or a reasonably definite standard.

(8) "Person" means an individual, estate, business or nonprofit entity, public corporation, government or governmental subdivision, agency, or instrumentality, or other legal entity.

(9) "Qualified beneficiary" means a beneficiary that on the date of qualification is described in RCW 11.98.002(2).

(10) "Reasonably definite standard" means a clearly measurable standard under which a holder of a power of distribution is legally accountable within the meaning of Title
26 U.S.C. Sec. 674(b)(5)(A) of the federal internal revenue code and any applicable regulations, as amended, as of July 23, 2017.

(11) "Second trust" means:
(a) A first trust after modification under this chapter; or
(b) A trust to which a distribution of income and principal from a first trust is or may be made under this chapter. [2017 c 29 § 1.]

11.107.020 Decanting power under expanded discretion. (1) Subject to (a) of this subsection and RCW 11.107.070, a trustee that has expanded discretion to distribute the principal of a first trust to one or more current beneficiaries may exercise the decanting power over the principal of the first trust, subject to the following:
(a) Except as provided in RCW 11.107.060, a second trust may not in an exercise of the decanting power under this section:
(i) Include as a current beneficiary a person that is not a current beneficiary of the first trust, except as otherwise provided in (b) of this subsection;
(ii) Include as a presumptive remainder beneficiary or successor beneficiary a person that is not a current beneficiary, presumptive remainder beneficiary, or successor beneficiary of the first trust, except as otherwise provided in (b) of this subsection; or
(iii) Reduce or eliminate a vested interest;
(b) Subject to (a)(ii) of this subsection and RCW 11.107.070, a second trust may in an exercise of the decanting power under this section:
(i) Retain a power of appointment granted in the first trust;
(ii) Omit a power of appointment granted in the first trust, other than a presently exercisable general power of appointment;
(iii) Create or modify a power of appointment if the powerholder is a current beneficiary of the first trust and the trustee has expanded discretion to distribute principal to the current beneficiary; and
(iv) Create or modify a power of appointment if the powerholder is a presumptive remainder beneficiary or successor beneficiary of the first trust, but the exercise of the power may take effect only after the powerholder becomes, or would have become if then living, a current beneficiary;
(c) A power of appointment described in (b) of this subsection may be general or nongeneral. The class of permissible appointees in favor of which the power may be exercised may be broader than or different from the beneficiaries of the first trust;
(d) In an exercise of the decanting power under this section, a second trust may be a trust created or administered under the law of any jurisdiction; and
(e) If a trustee has expanded discretion to distribute part but not all of the principal of a first trust, the trustee may exercise the decanting power under this section only over that part of the principal.
(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.
(a) "Presumptive remainder beneficiary" means a qualified beneficiary other than a current beneficiary. (b) "Successor beneficiary" means a beneficiary that on the date of the beneficiary's qualification is determined not to be a qualified beneficiary. The term does not include a person that is a beneficiary only because the person holds a nongeneral power of appointment.
(c) "Vested interest" means:
(i) A right to a mandatory distribution that is noncontingent as of the date of the exercise of the decanting power;
(ii) A current and noncontingent right, annually or more frequently, to either a mandatory distribution of income or to withdraw income, a specified dollar amount, or a percentage of value of some or all of the trust income or principal;
(iii) A presently exercisable general power of appointment; or
(iv) A right to receive an ascertainable part of the trust principal on trust termination that is not subject to the exercise of discretion or the occurrence of a specified event that is not certain to occur. [2017 c 29 § 2.]

11.107.030 Decanting power under limited discretion. Subject to RCW 11.107.070, a trustee that has limited discretion to distribute the principal of a first trust to one or more current beneficiaries may exercise the decanting power over the principal of the first trust, subject to the following:
(1) Second trusts under this section, in the aggregate, must grant each beneficiary of the first trust beneficial interests in the second trusts which are substantially similar to the beneficial interests of the beneficiary in the first trust;
(2) A power to make a distribution under the second trust for the benefit of a beneficiary who is an individual is substantially similar to a power under the first trust to make a distribution directly to the beneficiary. A distribution is for the benefit of a beneficiary if:
(a) The distribution is made for the benefit of the beneficiary;
(b) The beneficiary is incapacitated or otherwise under a legal disability or the trustee reasonably believes the beneficiary is incapacitated or under a legal disability, and the distribution is made as permitted by the first trust instrument or otherwise as permitted by law; or
(c) The distribution is made as permitted under the terms of the first trust instrument and the second trust instrument for the benefit of the beneficiary;
(3) In an exercise of the decanting power under this section, a second trust may be a trust created or administered under the law of any jurisdiction; and
(4) If a trustee has limited discretion to distribute part but not all of the principal of a first trust, the trustee may exercise the decanting power under this section only over that part of the principal. [2017 c 29 § 3.]

11.107.040 Decanting statute—Procedure to exercise decanting power. (1) The trustee of the first trust may exercise the decanting power under RCW 11.107.020 and 11.107.030 if:
(a) The trustee determines that the exercise of the decanting power is consistent with the trustee's fiduciary duties described in RCW 11.107.080(1);
(b) In the event that the first trust contains a charitable interest, the trustee gives written notice to the attorney gen-
eral of the trustee's intention to exercise the decanting power; and

(c) The trustee gives written notice of the trustee's intention to exercise the decanting power to each qualified beneficiary, each holder of a presently exercisable power of appointment over any part of the first trust, and each person that currently has the right to remove or replace the trustee not less than sixty days prior to the effective date of the exercise.

(2) The trustee of the first trust, qualified beneficiaries, and any other party as defined by RCW 11.96A.030(5) may agree to exercise by the trustee of the decanting power by means of a binding agreement under RCW 11.96A.220.

(3) The trustee of the first trust, a qualified beneficiary, a holder of a presently exercisable power of appointment over any part of the first trust, and a person that currently has the right to remove or replace the trustee may petition the court under chapter 11.96A RCW regarding exercise of the decanting power for the following relief, to:

(a) Provide instructions to the trustee regarding whether a proposed exercise of the decanting power is permitted under this chapter and consistent with the fiduciary duties of the trustee;

(b) Approve an exercise of the decanting power;

(c) Determine that a proposed or attempted exercise of the decanting power is ineffective because the proposed or attempted exercise does not or did comply with this chapter or the proposed or attempted exercise would be or was an abuse of the trustee's discretion or a breach of fiduciary duty; or

(d) Order other relief to carry out the purposes of this chapter.

(4) The trustee of the first trust may petition the court under chapter 11.96A RCW regarding exercise of the decanting power for the following relief:

(a) An increase of the trustee's compensation under RCW 11.107.070(2)(a)(ii); or

(b) Modification under RCW 11.107.070(4)(b) of a provision granting a person the right to remove or replace the trustee.

(5) If there is at least one qualified beneficiary who is not a minor or who has a representative, the trustee is not required to give notice under subsection (1)(c) of this section to a qualified beneficiary who is a minor and has no representative. If all qualified beneficiaries are minors and none has a representative, the trustee must petition for appointment of a guardian ad litem under RCW 11.98A.160 [11.96A.160].

(6) The trustee is not required to give notice under this section to a person who is not known to the trustee or is known to the trustee but cannot be located by the trustee after reasonable diligence.

(7) A notice under subsection (1) of this section or petition under subsection (3) or (4) of this section must:

(a) Specify the manner in which the trustee must exercise the decanting power;

(b) Specify the proposed effective date for exercise of the decanting power;

(c) Include a copy of all governing instruments of the first trust; and

(d) Include a copy of all governing instruments of the second trust. An exercise of the decanting power under this section must be made in a record signed by the trustee; for this purpose, a "record signed by the trustee" must include a court order under subsection (3) of this section.

(8) The decanting power may be exercised before expiration of the notice period under subsection (1) of this section if all persons entitled to receive notice waive the period in writing. An exercise of the decanting power is not ineffective because of the failure to give notice to one or more persons under subsection (1) of this section if the trustee acted with reasonable care to comply with this section. [2017 c 29 § 4.]

11.107.050 Decanting statute—Effects and consequences of an exercise of the decanting power. (1) A trustee or other person that reasonably relies on the validity of a distribution of part or all of the income and principal of a trust to another trust, or a modification of a trust, under this chapter or the law of another jurisdiction is not liable to any person for any action or failure to act as a result of the reliance.

(2) A debt, liability, or other obligation enforceable against income and principal of a first trust is enforceable to the same extent against that income and principal when held by the second trust after exercise of the decanting power.

(3) For purposes of the law of this state other than this chapter and subject to this subsection, a settlor of a first trust is deemed to be the settlor of the second trust with respect to the portion of the principal of the first trust subject to the exercise of the decanting power. In determining settlor intent with respect to a second trust, the intent of a settlor of the first trust and the intent of a settlor of the second trust, if different, may be considered. The intent of the trustee may also be considered.

(4) If the trustee intends to distribute all of the principal of a first trust to a second trust and the trustee makes a good faith effort to do so, the distribution of all of the principal of a first trust to a second trust includes subsequently discovered assets otherwise belonging to the first trust and principal paid to or acquired by the first trust after the distribution of the first trust's principal. If the trustee does not intend to distribute all of the principal of a first trust to a second trust, the distribution of part of the principal of a first trust to a second trust does not include subsequently discovered assets belonging to the first trust or principal paid to or acquired by the first trust after the distribution of principal from the first trust to the second trust, and those assets or that principal remain the assets or principal of the first trust.

(5) A reference under this title to a trust instrument or to terms of the trust includes the second trust, the second trust instrument, and the terms of the second trust.

(6) The title to all real estate and other property, both tangible and intangible, owned by the first trust remains vested in the second trust without reversion or impairment.

(7) An action or proceeding pending by or against the first trust may be continued by or against the second trust as if the decanting had not occurred.

(8) Except as otherwise provided by this chapter, all of the rights, privileges, immunities, powers, and purposes of the first trust remain vested in the second trust. [2017 c 29 § 5.]
11.107.060 Decanting statute—Trust for beneficiary with a disability. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Beneficiary with a disability" means a beneficiary of the first trust who the trustee believes may qualify for governmental benefits based on disability, whether or not the beneficiary currently receives those benefits or is an individual who is incapacitated within the meaning of RCW 11.88.010.

(b) "Governmental benefits" means financial aid or services from a state, federal, or other public agency.

(c) "Special needs trust" means a trust the trustee believes would not be considered a resource for purposes of determining whether the beneficiary with a disability is eligible for governmental benefits.

(2) A trustee may exercise the decanting power under RCW 11.107.020 and 11.107.030 over the property of the first trust as if the trustee had authority to distribute principal to a beneficiary with a disability subject to expanded discretion if:

(a) The second trust is a special needs trust that benefits the beneficiary with a disability; and

(b) The trustee determines that exercise of the decanting power will further the purposes of the first trust.

(3) In an exercise of the decanting power under this section, the following rules apply:

(a) The provisions of the second trust for a beneficiary with a disability may:

(i) Meet the medicaid law requirements for an account in a pooled trust for a beneficiary with a disability under 42 U.S.C. Sec. 1369(d)(4)(C), as amended, including requiring a payback to the state of medicaid expenditures of funds not retained by the pooled trust; or

(ii) Meet the medicaid law requirements for a trust for the sole benefit of a beneficiary with a disability under age sixty-five under 42 U.S.C. Sec. 1369(d)(4)(A), as amended, including requiring a payback to the state of medicaid expenditures.

(b) RCW 11.107.020(1)(a)(iii) does not apply to the interests of the beneficiary with a disability.

(c) Except as affected by any change to the interests of the beneficiary with a disability, the second trusts, in the aggregate, may grant each other beneficiary of the first trust the same charitable powers as if the trustee had authority to distribute principal to the beneficiary with a disability.

(d) Any exercise of the decanting power is subject to the prohibition of (a)(i) or (ii) of this subsection (2).

(4) If the first trust contains assets that qualified, or would have qualified but for the provisions of this chapter, the following rules apply:

(a) All qualified beneficiaries of the second trust consent to the increase in a signed record; or

(b) The trustee determines that exercise of the decanting power will further the purposes of the first trust.

(5) A second trust may have a duration that is the same as or different from the duration of the first trust.

(6) If a first trust contains a charitable interest, the attorney general has the rights of a qualified beneficiary and may grant, or a power granted by state law to the trustee to modify the trust including, but not limited to, modification pursuant to chapter 11.96A RCW, and any exercise of the decanting power is subject to the prohibition and the prohibition must be included in the second trust instrument or modified first trust instrument if the first trust instrument contains an express restriction on exercise of the decanting power or such a power to modify the trust, the exercise of the decanting power is subject to the restriction and the restriction must be included in the second trust instrument or modified first trust instrument.

11.107.070 Decanting statute—Specific prohibitions. (1) A trustee may not exercise the decanting power to the extent the first trust instrument expressly prohibits exercise of the decanting power or a power granted by state law to the trustee to modify the trust including, but not limited to, modification pursuant to chapter 11.96A RCW, and any exercise of the decanting power is subject to the prohibition and the prohibition must be included in the second trust instrument or modified first trust instrument. If the first trust instrument contains an express restriction on exercise of the decanting power or such a power to modify the trust, the exercise of the decanting power is subject to the restriction and the restriction must be included in the second trust instrument or modified first trust instrument.

(2)(a) Whether or not a first trust instrument specifies a trustee's compensation, the trustee may not exercise the decanting power to increase the trustee's compensation beyond any compensation specified or above the compensation permitted by RCW 11.98.070(26) unless:

(i) All qualified beneficiaries of the second trust consent to the increase in a signed record; or

(ii) The increase is approved by the court.

(b) A change in a trustee's compensation which is incidental to other changes made by the exercise of the decanting power is not an increase in the trustee's compensation for purposes of this subsection (2).

(3) Except as otherwise provided in subsection (2)(a)(i) or (ii) of this section, a second trust instrument may not relieve a trustee from liability for breach of trust to a greater extent than the first trust instrument.

(a) A second trust instrument may provide for indemnification of a trustee of the first trust or another person acting in a fiduciary capacity under the first trust for any liability or claim that would have been payable from the first trust if the decanting power had not been exercised.

(b) A second trust instrument may not reduce fiduciary liability in the aggregate.

(c) Subject to (b) of this subsection, a second trust instrument may divide and reallocate fiduciary powers among fiduciaries, including one or more trustees or statutory trust advisors, and relieve a fiduciary from liability for an act or failure to act of another fiduciary as permitted by law of this state other than this chapter. This includes but is not limited to directed trusts.

(d) A trustee may not exercise the decanting power to modify a provision in the first trust instrument granting another person power to remove or replace the trustee unless:

(a) All qualified beneficiaries of the second trust consent to the modification in a signed record; or

(b) The court approves the modification and the modification grants a substantially similar power to another person.

(e) A second trust may have a duration that is the same as or different from the duration of the first trust. Notwithstanding the foregoing, to the extent that income and principal of a second trust is attributable to income and principal of the first trust, the second trust is subject to any maximum perpetuity, accumulation, or suspension of the power of alienation rules that were applicable to income and principal of the first trust.

(f) If a first trust contains a charitable interest, the attorney general has the rights of a qualified beneficiary and may represent and bind the charitable interest and the attorney general has the authority to participate in any proceedings in accordance with chapter 11.110 RCW. If a first trust contains a charitable interest, the second trusts, in the aggregate, may not:

(a) Diminish the charitable interest;

(b) Diminish the interest of any entity that holds the charitable interest; or

(c) Alter any charitable purpose stated in the first trust instrument.

(7) If the first trust contains assets that qualified, or would have qualified but for the provisions of this chapter
other than this subsection, for a tax benefit as defined in this subsection, the second trust instrument must not include or omit a term which would have prevented the first trust from qualifying in the same manner for, or would have reduced the amount of, that tax benefit.

(a) For the purposes of this subsection, "tax benefit" includes any federal or state tax deduction, exemption, exclusion, or other tax benefit under federal or state statute, regulation, or other law, except for the benefit of being a grantor trust other than under Title 26 U.S.C. Sec. 672(f)(2)(A) of the federal internal revenue code, as amended, as of July 23, 2017, including but not limited to the following:

(i) The marital deduction for gift, estate, or inheritance tax purposes, including but not limited to the deductions under Title 26 U.S.C. Sec. 2056 of the federal internal revenue code, as amended, as of July 23, 2017, and RCW 83.100.047;

(ii) The charitable deduction for purposes of the income, gift, or estate tax under the internal revenue code or a state income, gift, estate, or inheritance tax;

(iii) The exclusion from the gift tax described in 26 U.S.C. Sec. 2503(b), including by application of Title 26 U.S.C. Sec. 2503(c) of the internal revenue code, as amended;

(iv) Status as a permitted shareholder in an S corporation, as defined in Title 26 U.S.C. Sec. 1361 of the federal internal revenue code, as amended, as of July 23, 2017, including as a qualified subchapter S trust within the meaning of Title 26 U.S.C. Sec. 1361(c)(2) of the federal internal revenue code;

(v) Qualification for a zero inclusion ratio for purposes of the generation-skipping transfer tax under Title 26 U.S.C. Sec. 2642(c) of the federal internal revenue code, as amended, as of July 23, 2017;

(vi) Meeting required minimum distribution and any similar requirements under Title 26 U.S.C. Sec. 401(a)(9) of the federal internal revenue code, as amended, as of July 23, 2017, and any applicable regulations; or

(vii) Qualification as a grantor trust because of the application of Title 26 U.S.C. Sec. 672(f)(2)(A) of the federal internal revenue code, as amended, as of July 23, 2017.

(b) Subject to (a)(vii) of this subsection, the second trust may be a nongrantor trust, even if the first trust is a grantor trust, and except as otherwise provided in this subsection (7)(b) the second trust may be a grantor trust, even if the first trust is a nongrantor trust. The trustee may not exercise the decanting power if the settlor objects in a written instrument delivered to the trustee within the notice period under RCW 11.107.040(1)(c); and

(i) The first trust and second trust are both grantor trusts, in whole or in part;

(ii) The first trust grants the settlor or another person the power to cause the first trust to cease to be a grantor trust; and

(C) The second trust does not grant an equivalent power to the settlor or other person; or

(ii) The first trust is a nongrantor trust and the second trust is a grantor trust, in whole or in part, with respect to the settlor unless:

(A) The settlor has the power at all times to cause the second trust to cease to be a grantor trust; or

(B) The first trust instrument contains a provision granting the settlor or another person the power to cause the first trust to cease to be a grantor trust and the second trust instrument contains the same provision.

A trustee may not exercise the decanting power if RCW 11.98.200 applies to the first trust and exercise would cause RCW 11.98.200 not to apply to the second trust or modified first trust instrument.

A general prohibition of the amendment or revocation of a first trust, a spendthrift clause, or a clause restraining the voluntary or involuntary transfer of a beneficiary's interest does not preclude exercise of the decanting power. [2017 c 29 § 7.]

11.107.080 Application—Miscellaneous. (1) This chapter applies to any express trust, within the meaning of RCW 11.98.009, other than a trust during such time as the grantor has retained the right to revoke or amend. In exercising the decanting power, the trustee must act in accordance with the trustee's fiduciary duties, including the duty to act in accordance with the purposes of the first trust. Except as otherwise provided in the first trust instrument, for purposes of this chapter the terms of the first trust are deemed to include the decanting power.

(2) This chapter does not limit the power of a trustee, powerholder, or other person to distribute or appoint income and principal in further trust or to modify a trust under the trust instrument, law of this state other than this title, a court order, or a nonjudicial agreement. This chapter does not increase or modify the requirements for a binding agreement under RCW 11.96A.220 or the requirements for a directed trust under chapter 11.98A RCW. This chapter does not affect the ability of a settlor to provide in a trust instrument for the distribution or appointment in further trust of the trust income and principal or for modification of the trust instrument.

(3) This chapter does not apply to a trust held solely for charitable purposes.

(4) This chapter does not create or imply a duty to exercise the decanting power or to inform beneficiaries about the applicability of this chapter.

(5) This chapter applies to a trust created before, on, or after July 23, 2017, that:

(a) Has its situs in this state, including a trust whose situs has been changed to this state; or

(b) Provides by its trust instrument that it is governed by the law of this state or is governed by the law of this state for purposes of:

(i) Administration, including a trust whose governing law for purposes of administration has been changed to the law of this state;

(ii) Construction of terms of the trust; or

(iii) Determining the meaning or effect of terms of the trust.

(6) A trustee may exercise the decanting power whether or not the trustee would have made or could have been compelled to make a discretionary distribution of principal at the time of the exercise.

If exercise of the decanting power would be effective under this chapter except that the second trust instrument in part does not comply with this chapter, the exercise of the
decanting power is effective and the following rules apply to the principal of the first trust subject to the exercise of the power:

(a) A provision in the second trust instrument which is not permitted under this chapter is void to the extent necessary to comply with this chapter.

(b) A provision required by this chapter to be in the second trust instrument which is not contained in the instrument is deemed to be included in the instrument to the extent necessary to comply with this chapter.

(8) If a trustee of a second trust discovers that subsection (7) of this section applies to a prior exercise of the decanting power, the trustee must take such appropriate corrective action as is consistent with the trustee's duties. [2017 c 29 § 8.]

For purposes of this title:

(1) "Adjudication" has the same meaning as "conviction" in RCW 9.94A.030, but only for the purposes of sentencing under chapter 9.94A RCW;

(2) Except as specifically provided in RCW 13.40.020 and chapters 13.24 and 13.34 RCW, "juvenile," "youth," and "child" mean any individual who is under the chronological age of eighteen years;

(3) "Juvenile offender" and "juvenile offense" have the meaning ascribed in RCW 13.40.020;

(4) "Court" when used without further qualification means the juvenile court judge(s) or commissioner(s);

(5) "Parent" or "parents," except as used in chapter 13.34 RCW, means that parent or parents who have the right of legal custody of the child;

(6) "Custodian" means that person who has the legal right to custody of the child. [2017 c 276 § 1; 2011 c 330 § 2; 2010 c 150 § 4; 1997 c 338 § 6; 1992 c 205 § 119; 1979 c 155 § 1; 1977 ex.s. c 291 § 2.]

Intent—2013 c 39; 2011 c 330: "The Washington state legislature has consistently provided national leadership on safe housing and support to foster youth transitioning out of foster care. Since 2006, the legislature has addressed the needs of foster youth aging out of care with medicaid to twenty-one (2007), foster care to twenty-one (2006), the independent youth housing program (2007), and Washington’s alignment with the federal fostering connections act (2009). As a result of this national leadership to provide safe and basic housing to youth aging out of foster care, the programs have demonstrated the significant cost-benefit to providing safe housing to our youth exiting foster care.

The United States congress passed the fostering connections to success and increasing adoptions act of 2008 in order to give states another financial tool to continue to provide foster care services to dependent youth who turn eighteen years old while in foster care. However, substantially declining revenues have resulted in markedly decreased funds for states to use to meet the federal requirements necessary to help these youth. Current fiscal realities require that the scope of programs must be narrowed.

The Washington state legislature intends to serve, within the resources available, the maximum number of foster youth who are legally dependent on the state and who reach the age of eighteen while still in foster care. The legislature intends to provide these youth continued foster care services to support basic and healthy transition into adulthood. The legislature recognizes the extremely poor outcomes of unsupported foster youth aging out of the foster care system and is committed to ensuring that those foster youth who engage in positive, age-appropriate activities receive support. It is the intent of the legislature to fully engage in the fostering connections act by providing support, including extended court supervision to foster youth pursuing a high school diploma or high school equivalency certificate as provided in RCW 28B.50.536 to age twenty-one with the goal of increasing support to all children up to age twenty-one who are eligible under the federal fostering connections to success act as resources become available." [2013 c 39 § 1; 2011 c 330 § 1.]

Intent—2013 c 39; 2011 c 330: "The Washington state legislature has consistently provided national leadership on safe housing and support to foster youth transitioning out of foster care. Since 2006, the legislature has addressed the needs of foster youth aging out of care with Medicaid to twenty-one (2006), foster care to twenty-one (2007), foster care to the independent youth housing program (2007), and Washington's alignment with the federal fostering connections act (2009). As a result of this national leadership to provide safe and basic housing to youth aging out of foster care, the programs have demonstrated the significant cost-benefit to providing safe housing to our youth exiting foster care.

The United States Congress passed the fostering connections to success act as resources become available." [2013 c 39 § 1; 2011 c 330 § 1.]

Basic Juvenile Court Act

13.04.030

Juvenile court—Exclusive original jurisdiction—Exceptions. (Effective July 1, 2019.) (1) Except as provided in this section, the juvenile courts in this state shall have exclusive original jurisdiction over all proceedings:

(a) Under the interstate compact on placement of children as provided in chapter 26.34 RCW;

(b) Relating to children alleged or found to be dependent as provided in chapter 26.44 RCW and in RCW 13.34.030 through 13.34.161;

(c) Relating to the termination of a parent and child relationship as provided in RCW 13.34.180 through 13.34.210;

(d) To approve or disapprove out-of-home placement as provided in RCW 13.32A.170;

(e) Relating to juveniles alleged or found to have committed offenses, traffic or civil infractions, or violations as provided in RCW 13.40.020 through 13.40.230, unless:

(i) The juvenile court transfers jurisdiction of a particular juvenile to adult criminal court pursuant to RCW 13.40.110; or

(ii) The statute of limitations applicable to adult prosecution for the offense, traffic or civil infraction, or violation has expired;

(iii) The alleged offense or infraction is a traffic, fish, boating, or game offense, or traffic or civil infraction committed by a juvenile sixteen years of age or older and would, if committed by an adult, be tried or heard in a court of limited jurisdiction, in which instance the appropriate court of limited jurisdiction shall have jurisdiction over the alleged offense or infraction, and no guardian ad litem is required in any such proceeding due to the juvenile's age. If such an alleged offense or infraction and an alleged offense or infraction subject to juvenile court jurisdiction arise out of the same event or incident, the juvenile court may have jurisdiction of both matters. The jurisdiction under this subsection does not constitute "transfer" or a "decline" for purposes of RCW 13.40.110 (1) or (2) or (e)(i) of this subsection. Courts of limited jurisdiction which confine juveniles for an alleged offense or infraction may place juveniles in juvenile detention facilities under an agreement with the officials responsible for the administration of the juvenile detention facility in RCW 13.04.035 and 13.20.060;

(iv) The alleged offense is a traffic or civil infraction, a violation of compulsory school attendance provisions under chapter 28A.225 RCW, or a misdemeanor, and a court of limited jurisdiction has assumed concurrent jurisdiction over those offenses as provided in *RCW 13.04.0301; or

(v) The juvenile is sixteen or seventeen years old on the date the alleged offense is committed and the alleged offense is:

(A) A serious violent offense as defined in RCW 9.94A.030;

(B) A violent offense as defined in RCW 9.94A.030 and the juvenile has a criminal history consisting of: (I) One or more prior serious violent offenses; (II) two or more prior violent offenses; or (III) three or more of any combination of the following offenses: Any class A felony, any class B felony, vehicular assault, or manslaughter in the second degree, all of which must have been committed after the juvenile's thirteenth birthday and prosecuted separately;

(C) Robbery in the first degree, rape of a child in the first degree, or drive-by shooting, committed on or after July 1, 1997;

(D) Burglary in the first degree committed on or after July 1, 1997, and the juvenile has a criminal history consisting of one or more prior felony or misdemeanor offenses; or

(E) Any violent offense as defined in RCW 9.94A.030 committed on or after July 1, 1997, and the juvenile is alleged to have been armed with a firearm.

(I) In such a case the adult criminal court shall have exclusive original jurisdiction, except as provided in (e)(v)(E)(II) and (III) of this subsection.

(II) The juvenile court shall have exclusive jurisdiction over the disposition of any remaining charges in any case in which the juvenile is found not guilty in the adult criminal court of the charge or charges for which he or she was transferred, or is convicted in the adult criminal court of a lesser included offense that is not also an offense listed in (e)(v) of this subsection. The juvenile court shall enter an order extending juvenile court jurisdiction if the juvenile has turned eighteen years of age during the adult criminal court proceedings pursuant to RCW 13.40.300. However, once the case is returned to juvenile court, the court may hold a decline hearing pursuant to RCW 13.40.110 to determine whether to retain the case in juvenile court for the purpose of disposition or return the case to adult criminal court for sentencing.

(III) The prosecutor and respondent may agree to juvenile court jurisdiction and waive application of exclusive adult criminal jurisdiction in (e)(v)(A) through (E) of this

[2017 RCW Supp—page 83]
subsection and remove the proceeding back to juvenile court with the court's approval.

If the juvenile challenges the state's determination of the juvenile's criminal history under (e)(v) of this subsection, the state may establish the offender's criminal history by a preponderance of the evidence. If the criminal history consists of adjudications entered upon a plea of guilty, the state shall not bear a burden of establishing the knowing and voluntariness of the plea;

(f) Under the interstate compact on juveniles as provided in chapter 13.24 RCW;

(g) Relating to termination of a diversion agreement under RCW 13.40.080, including a proceeding in which the divertee has attained eighteen years of age;

(h) Relating to court validation of a voluntary consent to an out-of-home placement under chapter 13.34 RCW, by the parent or Indian custodian of an Indian child, except if the parent or Indian custodian and child are residents of or domiciled within the boundaries of a federally recognized Indian reservation over which the tribe exercises exclusive jurisdiction;

(i) Relating to petitions to compel disclosure of information filed by the department of social and health services pursuant to RCW 74.13.042; and

(j) Relating to judicial determinations and permanency planning hearings involving developmentally disabled children who have been placed in out-of-home care pursuant to a voluntary placement agreement between the child's parent, guardian, or legal custodian and the department of social and health services and the department of children, youth, and families.

(2) The family court shall have concurrent original jurisdiction with the juvenile court over all proceedings under this section if the superior court judges of a county authorize concurrent jurisdiction as provided in RCW 26.12.010.

(3) The juvenile court shall have concurrent original jurisdiction with the family court over child custody proceedings under chapter 26.10 RCW and parenting plans or residential schedules under chapters 26.09 and 26.26 RCW as provided for in RCW 13.34.155.

(4) A juvenile subject to adult superior court jurisdiction under subsection (1)(e)(i) through (j) of this section, who is detained pending trial, may be detained in a detention facility as defined in RCW 13.40.020 pending sentencing or a dismissal. **Finding—Intent—1997 c 341:** "The legislature finds that a swift and certain response to a juvenile who begins engaging in acts of delinquency may prevent the offender from becoming a chronic or more serious offender. However, given pressing demands to address serious offenders, the system does not always respond to minor offenders expeditiously and effectively. Consequently, this act is adopted to implement an experiment to determine whether granting courts of limited jurisdiction concurrent jurisdiction over certain juvenile offenses will improve the system's effectiveness in curbing delinquency. The legislature may ascertain whether this approach might be successful on a larger scale by conducting an experiment with local governments, which are the laboratories of democracy." The criminal history which may result in loss of juvenile court jurisdiction upon the alleged commission of a serious violent or violent offense may have been acquired on, before, or after June 13, 1994." 13.06.050 Conditions for receiving state funds—Criteria for distribution of funds—Annual report on programs to reduce racial disproportionality. (Effective July 1, 2019.) No county shall be entitled to receive any state funds provided by this chapter until its application and plan are approved, and unless and until the minimum standards prescribed by the department of children, youth, and families are complied with and then only on such terms as are set forth in this section. In addition, any county making application for state funds under this chapter that also operates a juvenile detention facility must have standards of operations in place that include: Intake and admissions, medical and health care, communication, correspondence, visiting and telephone use, security and control, sanitation and hygiene, juvenile rights, rules and discipline, property, juvenile records, safety and emergency procedures, programming, release and transfer, training and staff development, and food service.

(1) The distribution of funds to a county or a group of counties shall be based on criteria including but not limited to the county's per capita income, regional or county at-risk populations, juvenile crime or arrest rates, rates of poverty, size of racial minority populations, existing programs, and the effectiveness and efficiency of consolidating local programs towards reducing commitments to state correctional facilities for offenders whose standard range disposition does not include commitment of the offender to the department and reducing reliance on other traditional departmental services.

The secretary shall investigate whether implementation of such programs has reduced disproportionality in counties with initially high levels of disproportionality. The analysis shall indicate which programs are cost-effective in reducing disproportionality in such areas as alternatives to detention, intake and risk assessment standards pursuant to RCW 13.40.038, alternatives to incarceration, and in the prosecution and adjudication of juveniles. The secretary shall report his or her findings to the legislature by December 1st of each year. [2017 3rd sps. c 6 §§ 601-631, 701-728, and 804: See note following RCW 13.04.011.]

to terminate the parent and child relationship pursuant to
RCW 13.34.180 and when there is no remaining parent with
parental rights.

The court must appoint an attorney for a child when
there is no remaining parent with parental rights for six
months or longer prior to July 1, 2014, if the child is not
already represented.

The court may appoint one attorney to a group of sib-
lings, unless there is a conflict of interest, or such representa-
tion is otherwise inconsistent with the rules of professional
conduct.

(b) Legal services provided by an attorney appointed
pursuant to (a) of this subsection do not include representa-
tion of the child in any appellate proceedings relative to the
termination of the parent and child relationship.

(c)(i) Subject to the availability of amounts appropriated
for this specific purpose, the state shall pay the costs of legal
services provided by an attorney appointed pursuant to (a) of
this subsection, if the legal services are provided in accor-
dance with the standards of practice, voluntary training, and
caseload limits developed and recommended by the statewide
children's representation work group pursuant to section 5,
chapter 180, Laws of 2010. Caseload limits must be calcu-
lated pursuant to (c)(ii) of this subsection.

(ii) Counties are encouraged to set caseloads as low as
possible and to account for the individual needs of the chil-
dren in care. Notwithstanding the caseload limits developed
and recommended by the statewide children's representation
work group pursuant to section 5, chapter 180, Laws of 2010,
when one attorney represents a sibling group, the first child is
counted as one case, and each child thereafter is counted as
one-half case to determine compliance with the caseload
standards pursuant to (c)(i) of this subsection and RCW
2.53.045.

(iii) The office of civil legal aid is responsible for imple-
mentation of (c)(i) and (ii) of this subsection as provided in
RCW 2.53.045.

(7)(a) The court may appoint an attorney to represent the
child's position in any dependency action on its own initia-
tive, or upon the request of a parent, the child, a guardian ad
litem, a caregiver, or the department.

(b)(i) If the court has not already appointed an attorney
for a child, or the child is not represented by a privately
retained attorney:
(A) The child's caregiver, or any individual, may refer the child to an attorney for the purposes of filing a motion to request appointment of an attorney at public expense; or

(B) The child or any individual may retain an attorney for the child for the purposes of filing a motion to request appointment of an attorney at public expense.

(ii) Nothing in this subsection (7)(b) shall be construed to change or alter the confidentiality provisions of RCW 13.50.100.

(c) Pursuant to this subsection, the department or supervising agency and the child's guardian ad litem shall each notify a child of his or her right to request an attorney and shall ask the child whether he or she wishes to have an attorney. The department or supervising agency and the child's guardian ad litem shall notify the child and make this inquiry immediately after:

(i) The date of the child's twelfth birthday;

(ii) Assignment of a case involving a child age twelve or older; or

(iii) July 1, 2010, for a child who turned twelve years old before July 1, 2010.

(d) The department or supervising agency and the child's guardian ad litem shall then repeat the notification and inquiry at least annually and upon the filing of any motion or petition affecting the child's placement, services, or familial relationships.

(e) The notification and inquiry is not required if the child has already been appointed an attorney.

(f) The department or supervising agency shall note in the child's individual service and safety plan, and the guardian ad litem shall note in his or her report to the court, that the child was notified of the right to request an attorney and indicate the child's position regarding appointment of an attorney.

(g) At the first regularly scheduled hearing after:

(i) The date of the child's twelfth birthday;

(ii) The date that a dependency petition is filed pursuant to this chapter on a child age twelve or older; or

(iii) July 1, 2010, for a child who turned twelve years old before July 1, 2010;

the court shall inquire whether the child has received notice of his or her right to request an attorney from the department or supervising agency and the child's guardian ad litem. The court shall make an additional inquiry at the first regularly scheduled hearing after the child's fifteenth birthday. No inquiry is necessary if the child has already been appointed an attorney.

(8) For the purposes of child abuse prevention and treatment act (42 U.S.C. Secs. 5101 et seq.) grants to this state under P.L. 93-247, or any related state or federal legislation, a person appointed pursuant to this section shall be deemed a guardian ad litem.

(9) When a court-appointed special advocate or volunteer guardian ad litem is requested on a case, the program shall give the court the name of the person it recommends. The program shall attempt to match a child with special needs with a guardian ad litem who has specific training or education related to the child's individual needs. The court shall immediately appoint the person recommended by the program.

(10) If a party in a case reasonably believes the court-appointed special advocate or volunteer guardian ad litem is inappropriate or unqualified, the party may request a review of the appointment by the program. The program must complete the review within five judicial days and remove any appointee for good cause. If the party seeking the review is not satisfied with the outcome of the review, the party may file a motion with the court for the removal of the court-appointed special advocate or volunteer guardian ad litem on the grounds the advocate or volunteer is inappropriate or unqualified.

(11) The court shall remove any person from serving as a court-appointed special advocate or volunteer guardian ad litem if the court is notified that the person has been removed from another county's registry pursuant to the disposition of a grievance or if the court is otherwise made aware that the individual was found by a court to have made a materially false statement that he or she knows to be false during an official proceeding under oath. [2017 c 99 § 2; 2014 c 108 § 2; 2010 c 180 § 2; 2009 c 480 § 2; 2000 c 124 § 2; 1996 c 249 § 13; 1994 c 110 § 2; 1993 c 241 § 2; 1988 c 232 § 1; 1979 c 155 § 43; 1977 ex.s.s. 291 § 38.]

Finding—Intent—2017 c 99: "The legislature finds that the integrity of court-appointed special advocates and volunteer guardians ad litem is necessary to protect the best interest of children in child welfare proceedings.

Although courts must be notified regarding the removal of a guardian ad litem from a county's registry pursuant to a grievance, there is no requirement that a county must act on that information. For that reason, the legislature intends to require counties to remove child welfare volunteer guardians ad litem from their registries when counties are notified that the person has been removed from another county's registry pursuant to the disposition of a grievance or if the court is otherwise made aware that a guardian ad litem has been found by a court to have made a materially false statement that he or she knows to be false during an official proceeding under oath." [2017 c 99 § 1.]

Finding—Construction—2014 c 108: "(1) The legislature recognizes that some children may remain in foster care following the termination of the parent and child relationship. These children have legal rights and no longer have a parent to advocate on their behalf, and no other party represents their legal interests. The legislature finds that providing attorneys for children following the termination of the parent and child relationship is fundamental to protecting the child's legal rights and to accelerate permanency.

(2) Although the legislature recognizes that many jurisdictions provide attorneys to children prior to termination of the parent and child relationship, nothing in this act may be construed against the parent's fundamental right to property interest in parenting the child prior to termination of the parent and child relationship as stated in In re Dependency of K.N.J., 171 Wn.2d 568, 574 (2011) and In re Welfare of Luscie, 84 Wn.2d 135, 136-37 (1974), unless such a position would jeopardize the child's right to conditions of basic nurture, health, or safety." [2014 c 108 § 1.]

Effective date—2014 c 108: "This act takes effect July 1, 2014." [2014 c 108 § 4.]

Findings—2010 c 180: "(1) The legislature recognizes that inconsistent practices in and among counties in Washington have resulted in few children being notified of their right to request legal counsel in their dependency and termination proceedings under RCW 13.34.100.

(2) The legislature recognizes that when children are provided attorneys in their dependency and termination proceedings, it is imperative to provide them with well-trained advocates so that their legal rights around health, safety, and well-being are protected. Attorneys, who have different skills and obligations than guardians ad litem and court-appointed special advocates, especially in forming a confidential and privileged relationship with a child, should be trained in meaningful and effective child advocacy, the child welfare system and services available to a child client, child and adolescent brain development, child and adolescent mental health, and the distinct legal rights of dependent youth, among other things. Well-trained attorneys can provide legal counsel to a child on issues such as placement options, visitation rights, educational rights, access to services while in care and services available to a child upon aging out of care. Well-trained attorneys for a child can:

(a) Ensure the child's voice is considered in judicial proceedings;
"b) Engage the child in his or her legal proceedings;
(c) Explain to the child his or her legal rights;
(d) Assist the child, through the attorney’s counseling role, to consider
the consequences of different decisions; and
(e) Encourage accountability, when appropriate, among the different
systems that provide services to children.” [2010 c 180 § 1.]

Juvenile Court Act—Dependency and Termination of Parent-Child Relationship

13.34.110 Hearings—Fact-finding and disposition—
Time and place, notice. (Effective July 1, 2018.) (1) The
court shall hold a fact-finding hearing on the petition and,
unless the court dismisses the petition, shall make written
findings of fact, stating the reasons therefor. The rules of evidence
shall apply at the fact-finding hearing and the parent,
guardian, or legal custodian of the child shall have all of the
rights provided in RCW 13.34.090(1). The petitioner shall
have the burden of establishing by a preponderance of the
evidence that the child is dependent within the meaning of
RCW 13.34.030.

(2) The court in a fact-finding hearing may consider the
history of past involvement of child protective services or
law enforcement agencies with the family for the purpose of
establishing a pattern of conduct, behavior, or inaction with
regard to the health, safety, or welfare of the child on the part
of the child’s parent, guardian, or legal custodian, or for the
purpose of establishing that reasonable efforts have been
made by the department to prevent or eliminate the need for
removal of the child from the child’s home. No report of child
abuse or neglect that has been destroyed or expunged under
RCW 26.44.031 may be used for such purposes.

(3)(a) The parent, guardian, or legal custodian of the
child may waive his or her right to a fact-finding hearing by
stipulating or agreeing to the entry of an order of dependency
establishing that the child is dependent within the meaning of
RCW 13.34.030. The parent, guardian, or legal custodian
may also stipulate or agree to an order of disposition pursuant
to RCW 13.34.130 at the same time. Any stipulated or agreed
order of dependency or disposition must be signed by the par-
et, guardian, or legal custodian and his or her attorney,
unless the parent, guardian, or legal custodian has waived his
or her right to an attorney in open court, and by the petitioner
and the attorney, guardian ad litem, or court-appointed spe-
cial advocate for the child, if any. If the department is not the
petitioner and is required by the order to supervise the place-
ment of the child or provide services to any party, the depart-
ment must also agree to and sign the order.

(b) Entry of any stipulated or agreed order of depen-
dency or disposition is subject to approval by the court. The
court shall receive and review a social study before entering
a stipulated or agreed order and shall consider whether the
order is consistent with the allegations of the dependency
petition and the problems that necessitated the child’s place-
ment in out-of-home care. No social file or social study may
be considered by the court in connection with the fact-finding
hearing or prior to factual determination, except as otherwise
admissible under the rules of evidence.

(c) Prior to the entry of any stipulated or agreed order of
dependency, the parent, guardian, or legal custodian of the
child and his or her attorney must appear before the court and
the court within available resources must inquire and estab-
lish on the record that:

(i) The parent, guardian, or legal custodian understands
the terms of the order or orders he or she has signed, includ-
ing his or her responsibility to participate in remedial services
as provided in any disposition order;

(ii) The parent, guardian, or legal custodian understands
that entry of the order starts a process that could result in the
filing of a petition to terminate his or her relationship with the
child within the time frames required by state and federal law
if he or she fails to comply with the terms of the dependency
or disposition orders or fails to substantially remedy the prob-
lems that necessitated the child’s placement in out-of-home
care;

(iii) The parent, guardian, or legal custodian understands
that the entry of the stipulated or agreed order of dependency
is an admission that the child is dependent within the mean-
ning of RCW 13.34.030 and shall have the same legal effect as
a finding by the court that the child is dependent by at least a
preponderance of the evidence, and that the parent, guardian,
or legal custodian shall not have the right in any subsequent
proceeding for termination of parental rights or dependency
guardianship pursuant to this chapter or nonparental custody
pursuant to chapter 26.10 RCW to challenge or dispute the
fact that the child was found to be dependent; and

(iv) The parent, guardian, or legal custodian knowingly
and willingly stipulated and agreed to and signed the order or
orders, without duress, and without misrepresentation or
fraud by any other party.

If a parent, guardian, or legal custodian fails to appear
before the court after stipulating or agreeing to entry of an
order of dependency, the court may enter the order upon a
finding that the parent, guardian, or legal custodian had
actual notice of the right to appear before the court and chose
not to do so. The court may require other parties to the order,
including the attorney for the parent, guardian, or legal custo-
dian, to appear and advise the court of the parent’s, guardi-
ian’s, or legal custodian’s notice of the right to appear and
understanding of the factors specified in this subsection. A
parent, guardian, or legal custodian may choose to waive his
or her presence at the in-court hearing for entry of the stipu-
lated or agreed order of dependency by submitting to the
court through counsel a completed stipulated or agreed
dependency fact-finding/disposition statement in a form
determined by the Washington state supreme court pursuant
to General Rule GR 9.

(4) Immediately after the entry of the findings of fact, the
court shall hold a disposition hearing, unless there is good
cause for continuing the matter for up to fourteen days. If
good cause is shown, the case may be continued for longer
than fourteen days. Notice of the time and place of the contin-
ued hearing may be given in open court. If notice in open
court is not given to a party, that party shall be notified by
certified mail of the time and place of any continued hearing.
Unless there is reasonable cause to believe the health, safety,
or welfare of the child would be jeopardized or efforts to
reunite the parent and child would be hindered, the court shall
direct the department to notify those adult persons who: (a)
Are related by blood or marriage to the child in the following
degrees: Parent, grandparent, brother, sister, stepparent, step-
brother, stepsister, uncle, or aunt; (b) are known to the depart-
ment as having been in contact with the family or child within
the past twelve months; and (c) would be an appropriate
placement for the child. Reasonable cause to dispense with notification to a parent under this section must be proved by clear, cogent, and convincing evidence.

The parties need not appear at the fact-finding or dispositional hearing if the parties, their attorneys, the guardian ad litem, and court-appointed special advocates, if any, are all in agreement. 13.34.136 Permanency plan of care. (Effective July 1, 2018.) (1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the department's or supervising agency's proposed permanency plan must be provided to the department or supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption, including a tribal customary adoption as defined in RCW 13.38.040; guardianship; permanent legal custody; long-term relative or foster care, if the child is between ages sixteen and eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. Although a permanency plan of care may only identify long-term relative or foster care for children between ages sixteen and eighteen, children under sixteen may remain placed with relatives or in foster care. The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the supervising agency or the department will take to promote existing appro-
tion provided by law enforcement during the consultation to inform family visitation plans and may not share or otherwise distribute the information to any person or entity. Any information provided to the department by law enforcement during the consultation is considered investigative information and is exempt from public inspection pursuant to RCW 42.56.240. The results of the consultation shall be communicated to the court.

(D) The court and the department or supervising agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) (A) The department, court, or caregiver in the out-of-home placement may not limit visitation or contact between a child and sibling as a sanction for a child's behavior or as an incentive to the child to change his or her behavior.

(B) Any exceptions, limitation, or denial of contacts or visitation must be approved by the supervisor of the department caseworker and documented. The child, parent, department, guardian ad litem, or court-appointed special advocate may challenge the denial of visits in court.

(iv) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department or supervising agency.

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vii) The supervising agency or department shall provide all reasonable services that are available within the department or supervising agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department or supervising agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for fifteen of the most recent twenty-two months, and the court has not made a good cause exception, the court shall require the department or supervising agency to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(4)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(6). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other supervising agency to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the potential detriments of severing contact. This section does not require the department or other supervising agency to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care.

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe. 13.34.141 Entry, order of disposition—Parent, guardian, or custodian of child to engage in services and maintain contact with child—Notice. (Effective July 1, 2018.) (1) After entry of a dispositional order pursuant to 
RCW 13.34.130 ordering placement of a child in out-of-home care, the department shall continue to encourage the 
parent, guardian, or custodian of the child to engage in services and maintain contact with the child, which shall be 
accomplished by attaching a standard notice to the services and safety plan to be provided in advance of hearings con-
ducted pursuant to RCW 13.34.138.

(2) The notice shall be photocopied on contrasting paper to distinguish it from the services and safety plan to which it is 
atached, and shall be in substantially the following form:

"NOTICE

If you have not been maintaining consistent contact with your child in out-of-home care, your ability to reunify with your child may be jeopardized. If this is your situation, you need to be aware that you have important legal rights and must take steps to protect your interests.

1. The department of children, youth, and families (or other supervising agency) and the court have created a per-
manency plan for your child, including a primary placement plan and a secondary placement plan, and recommending ser-
vices needed before your child can be placed in the primary or secondary placement. If you want the court to order that your child be reunified with you, you should notify your lawyer and the department, and you should carefully comply with court orders for services and participate regularly in visitation with your child. Failure to promptly engage in services or to maintain contact with your child may lead to the filing of a petition to terminate your rights as a parent.

2. Primary and secondary permanency plans are intended to run at the same time so that your child will have a perma-
nency home as quickly as possible. Even if you want another parent or person to be the primary placement choice for your child, you should tell your lawyer, the department, and the court if you want to be the secondary placement option, and you should comply with any court orders for services and participate in visitation with your child. Early and consistent involvement in your child's case plan is important for the well-being of your child.

3. Dependency review hearings, and all other depen-
dency case hearings, are legal proceedings with potentially serious consequences. Failure to participate, respond, or comply with court orders may lead to the loss of your parental rights." [2017 3rd sp.s. c 6 § 307; 2009 c 484 § 1.]

13.34.147 Case review panel—Creation—Duties. (1) Within the department's appropriations, the department shall 
ensure that a case review panel reviews cases involving dependent children where permanency is not achieved for 
children within eighteen months after being placed in out-of-home care.

(a) That the court has entered a dispositional order pur-
porting that the child has been found to be a dependent child;
(b) That the child has been removed from the custody of the par-
ent for a period of at least six months pursuant to a finding of 
dependency;
(c) That the courts of justice shall be heard on the petition.
(d) That the services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of cor-
recting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;
(e) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(i) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts;

(ii) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; or

(iii) Failure of the parent to have contact with the child for an extended period of time after the filing of the dependency petition if the parent was provided an opportunity to have a relationship with the child by the department or the court and received documented notice of the potential consequences of this failure, except that the actual inability of a parent to have visitation with the child including, but not limited to, mitigating circumstances such as a parent's current or prior incarceration and has maintained a meaningful role in the military does not in and of itself constitute failure to have contact with the child; and

(f) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home. If the parent is incarcerated, the court shall consider whether a parent maintains a meaningful role in his or her child's life based on factors identified in RCW 13.34.145(5)(b); whether the department or supervising agency made reasonable efforts as defined in this chapter; and whether particular barriers existed as described in RCW 13.34.145(5)(b) including, but not limited to, delays or barriers experienced in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

(2) As evidence of rebuttal to any presumption established pursuant to subsection (1)(e) of this section, the court may consider the particular constraints of a parent's current or prior incarceration. Such evidence may include, but is not limited to, delays or barriers a parent may experience in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

(3) In lieu of the allegations in subsection (1) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

(4) In lieu of the allegations in subsection (1)(b) through (f) of this section, the petition may allege that the parent has been convicted of:

(a) Murder in the first degree, murder in the second degree, or homicide by abuse as defined in chapter 9A.32 RCW against another child of the parent;

(b) Manslaughter in the first degree or manslaughter in the second degree, as defined in chapter 9A.32 RCW against another child of the parent;

(c) Attempting, conspiring, or soliciting another to commit one or more of the crimes listed in (a) or (b) of this subsection; or

(d) Assault in the first or second degree, as defined in chapter 9A.36 RCW, against the surviving child or another child of the parent.

(5) When a parent has been sentenced to a long-term incarceration and has maintained a meaningful role in the child's life considering the factors provided in RCW 13.34.145(5)(b), and it is in the best interest of the child, the department should consider a permanent placement that allows the parent to maintain a relationship with his or her child, such as, but not limited to, a guardianship pursuant to chapter 13.36 RCW.

(6) Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

(d) Where the secretary or the secretary's designee has suspended the parole of a juvenile offender.

(2) A juvenile may not be held in detention unless there is probable cause to believe that:

(a) The juvenile has committed an offense or has violated the terms of a disposition order; and

(i) The juvenile will likely fail to appear for further proceedings; or

(ii) Detention is required to protect the juvenile from himself or herself; or

(iii) The juvenile is a threat to community safety; or

(iv) The juvenile will intimidate witnesses or otherwise unlawfully interfere with the administration of justice; or

(v) The juvenile has committed a crime while another case was pending; or

(b) The juvenile is a fugitive from justice; or

(c) The juvenile's parole has been suspended or modified; or

(d) The juvenile is a material witness.

(3) Notwithstanding subsection (2) of this section, and within available funds, a juvenile who has been found guilty of one of the following offenses shall be detained pending disposition: Rape in the first or second degree (RCW 9A.44.040 and 9A.44.050); or rape of a child in the first degree (RCW 9A.44.073).

(4) Upon a finding that members of the community have threatened the health of a juvenile taken into custody, at the juvenile's request the court may order continued detention pending further order of the court.

(5) Except as provided in RCW 9.41.280, a juvenile detained under this section may be released upon posting a probation bond set by the court. The juvenile's parent or guardian may sign for the probation bond. A court authorizing such a release shall issue an order containing a statement of conditions imposed upon the juvenile and shall set the date of his or her next court appearance. The court shall advise the juvenile of any conditions specified in the order and may at
any time amend such an order in order to impose additional or different conditions of release upon the juvenile or to return the juvenile to custody for failing to conform to the conditions imposed. In addition to requiring the juvenile to appear at the next court date, the court may condition the probation bond on the juvenile's compliance with conditions of release. The juvenile's parent or guardian may notify the court that the juvenile has failed to conform to the conditions of release or the provisions in the probation bond. If the parent notifies the court of the juvenile's failure to comply with the probation bond, the court shall notify the surety. As provided in the terms of the bond, the surety shall provide notice to the court of the offender's noncompliance. A juvenile may be released only to a responsible adult or the department of children, youth, and families. Failure to appear on the date scheduled by the court pursuant to this section shall constitute the crime of bail jumping. 13.40.070 Complaints—Screening—Filing information—Diversion—Modification of community supervision—Notice to parent or guardian—Probation counselor acting for prosecutor—Referral to mediation or reconciliation programs. (1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:  
(a) The alleged facts bring the case within the jurisdiction of the court; and
(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsections (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (8) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) Except as provided in RCW 13.40.213 and subsection (7) of this section, where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:
(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, a class C felony listed in RCW 9.94A.411(2) as a crime against persons or listed in RCW 9A.46.060 as a crime of harassment, or a class C felony that is a violation of RCW 9.41.080 or 9.41.040(2)(a)(iv); or
(b) An alleged offender is accused of a felony and has a criminal history of any felony, or at least two gross misdemeanors, or at least two misdemeanors; or
(c) An alleged offender has previously been committed to the department; or
(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or
(e) An alleged offender has three or more diversion agreements on the alleged offender's criminal history; or
(f) A special allegation has been filed that the offender or an accomplice was armed with a firearm when the offense was committed.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that must or may be filed under subsections (5) and (8) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient to charge an alleged offender with:
(a) Either prostitution or prostitution loitering and the alleged offense is the offender's first prostitution or prostitution loitering offense, the prosecutor shall divert the case; or
(b) Voyeurism in the second degree, the offender is under seventeen years of age, and the alleged offense is the offender's first voyeurism in the second degree offense, the prosecutor shall divert the case, unless the offender has received two diversions for any offense in the previous two years.
(8) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender’s criminal history and the circumstances surrounding the commission of the alleged offense.

(9) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

(10) The responsibilities of the prosecutor under subsections (1) through (9) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(11) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims. 13.40.185 Disposition order—Confinement under departmental supervision or in juvenile facility, when. (Effective July 1, 2019.) (1) Any term of confinement imposed for an offense which exceeds thirty days shall be served under the supervision of the department. If the period of confinement imposed for more than one offense exceeds thirty days but the term imposed for each offense is less than thirty days, the confinement may, in the discretion of the court, be served in a juvenile facility operated by or pursuant to a contract with the state or a county.

(2) Whenever a juvenile is confined in a detention facility or is committed to the department, the court may not directly order a juvenile into a particular county or state facility. The juvenile court administrator and the secretary or the secretary’s designee, as appropriate, has the sole discretion to determine in which facility a juvenile should be confined or committed. The counties may operate a variety of detention facilities as determined by the county legislative authority subject to available funds. 13.40.210 Setting of release date—Administrative release authorized, when—Parole program, revocation or modification of, scope—Intensive supervision program—Parole officer’s right of arrest. (Effective July 1, 2019.) (1) The secretary shall set a release date for each juvenile committed to its custody. The release date shall be within the prescribed range to which a juvenile has been committed under RCW 13.40.0357 or 13.40.030 except as provided in RCW 13.40.320 concerning offenders the department determines are eligible for the juvenile offender basic training camp program. Such dates shall be determined prior to the expiration of sixty percent of a juvenile's minimum term of confinement included within the prescribed range to which the juvenile has been committed. The secretary shall release any juvenile committed to the custody of the department within four calendar days prior to the juvenile's release date or on the release date set under this chapter. Days spent in the custody of the department shall be tolled by any period of time during which a juvenile has absented himself or herself from the department's supervision without the prior approval of the secretary or the secretary's designee.

(2) The secretary shall monitor the average daily population of the state's juvenile residential facilities. When the secretary concludes that in-residence population of residential facilities exceeds one hundred five percent of the rated bed capacity specified in statute, or in absence of such specification, as specified by the department in rule, the secretary may recommend reductions to the governor. On certification by the governor that the recommended reductions are necessary, the secretary has authority to administratively release a sufficient number of offenders to reduce in-residence population to one hundred percent of rated bed capacity. The secretary shall release those offenders who have served the greatest proportion of their sentence. However, the secretary may deny release in a particular case at the request of an offender, or if the secretary finds that there is no responsible custodian, as determined by the department, to whom to release the offender, or if the release of the offender would pose a clear danger to society. The department shall notify the committing court of the release at the time of release if any such early releases have occurred as a result of excessive in-residence population. In no event shall an offender adjudicated of a violent offense be granted release under the provisions of this subsection.

(3)(a) Following the release of any juvenile under subsection (1) of this section, the secretary may require the juvenile to comply with a program of parole to be administered by the department in his or her community which shall last no longer than eighteen months, except that in the case of a juvenile sentenced for rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, or indecent liberties with forcible compulsion,
the period of parole shall be twenty-four months and, in the discretion of the secretary, may be up to thirty-six months when the secretary finds that an additional period of parole is necessary and appropriate in the interests of public safety or to meet the ongoing needs of the juvenile. A parole program is mandatory for offenders released under subsection (2) of this section and for offenders who receive a juvenile residential commitment sentence for theft of a motor vehicle, possession of a stolen motor vehicle, or taking a motor vehicle without permission. A juvenile adjudicated for unlawful possession of a firearm, possession of a stolen firearm, theft of a firearm, or drive-by shooting may participate in aggression replacement training, functional family therapy, or functional family parole aftercare if the juvenile meets eligibility requirements for these services. The decision to place an offender in an evidence-based parole program shall be based on an assessment by the department of the offender’s risk for reoffending upon release and an assessment of the ongoing treatment needs of the juvenile. The department shall prioritize available parole resources to provide supervision and services to offenders at moderate to high risk for reoffending.

(b) The secretary shall, for the period of parole, facilitate the juvenile’s reintegration into his or her community and to further this goal shall require the juvenile to refrain from possessing a firearm or using a deadly weapon and refrain from committing new offenses and may require the juvenile to: (i) Undergo available medical, psychiatric, drug and alcohol, sex offender, mental health, and other offense-related treatment services; (ii) report as directed to a parole officer and/or designee; (iii) pursue a course of study, vocational training, or employment; (iv) notify the parole officer of the current address where he or she resides; (v) be present at a particular address during specified hours; (vi) remain within prescribed geographical boundaries; (vii) submit to electronic monitoring; (viii) refrain from using illegal drugs and alcohol, and submit to random urinalysis when requested by the assigned parole officer; (ix) refrain from contact with specific individuals or a specified class of individuals; (x) meet other conditions determined by the parole officer to further enhance the juvenile’s reintegration into the community; (xi) pay any court-ordered fines or restitution; and (xii) perform community restitution. Community restitution for the purpose of this section means compulsory service, without compensation, performed for the benefit of the community by the offender. Community restitution may be performed through public or private organizations or through work crews.

(c) The secretary may further require up to twenty-five percent of the highest risk juvenile offenders who are placed on parole to participate in an intensive supervision program. Offenders participating in an intensive supervision program shall be required to comply with all terms and conditions listed in (b) of this subsection and shall also be required to comply with the following additional terms and conditions: (i) Obey all laws and refrain from any conduct that threatens public safety; (ii) report at least once a week to an assigned community case manager; and (iii) meet all other requirements imposed by the community case manager related to participating in the intensive supervision program. As a part of the intensive supervision program, the secretary may require day reporting.

(d) After termination of the parole period, the juvenile shall be discharged from the department's supervision.

(4)(a) The department may also modify parole for violation thereof. If, after affording a juvenile all of the due process rights to which he or she would be entitled if the juvenile were an adult, the secretary finds that a juvenile has violated a condition of his or her parole, the secretary shall order one of the following which is reasonably likely to effectuate the purpose of the parole and to protect the public: (i) Continued supervision under the same conditions previously imposed; (ii) intensified supervision with increased reporting requirements; (iii) additional conditions of supervision authorized by this chapter; (iv) except as provided in (a)(v) and (vi) of this subsection, imposition of a period of confinement not to exceed thirty days in a facility operated by or pursuant to a contract with the state of Washington or any city or county for a portion of each day or for a certain number of days each week with the balance of the days or weeks spent under supervision; (v) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the offense for which the offender was sentenced is rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, indecent liberties with forcible compulsion, or a sex offense that is also a serious violent offense as defined by RCW 9.94A.030; and (vi) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the youth has completed the basic training camp program as described in RCW 13.40.320.

(b) The secretary may modify parole and order any of the conditions or may return the offender to confinement for up to twenty-four weeks if the offender was sentenced for a sex offense as defined under RCW 9A.44.128 and is known to have violated the terms of parole. Confinement beyond thirty days is intended to only be used for a small and limited number of sex offenders. It shall only be used when other graduated sanctions or interventions have not been effective or the behavior is so egregious it warrants the use of the higher level intervention and the violation: (i) Is a known pattern of behavior consistent with a previous sex offense that puts the youth at high risk for reoffending sexually; (ii) consists of sexual behavior that is determined to be predatory as defined in RCW 71.09.020; or (iii) requires a review under chapter 71.09 RCW, due to a recent overt act. The total number of days of confinement for violations of parole conditions during the parole period shall not exceed the number of days provided by the maximum sentence imposed by the disposition for the underlying offense pursuant to RCW 13.40.0357. The department shall not aggregate multiple parole violations that occur prior to the parole revocation hearing and impose consecutive twenty-four week periods of confinement for each parole violation. The department is authorized to engage in rule making pursuant to chapter 34.05 RCW, to implement this subsection, including narrowly defining the behaviors that could lead to this higher level intervention.

(c) If the department finds that any juvenile in a program of parole has possessed a firearm or used a deadly weapon during the program of parole, the department shall modify the parole under (a) of this subsection and confine the juvenile for at least thirty days. Confinement shall be in a facility
operated by or pursuant to a contract with the state or any county.

(5) A parole officer of the department of children, youth, and families shall have the power to arrest a juvenile under his or her supervision on the same grounds as a law enforcement officer would be authorized to arrest the person.

(6) If so requested and approved under chapter 13.06 RCW, the secretary shall permit a county or group of counties to perform functions under subsections (3) through (5) of this section. 13.40.220 Costs of support, treatment, and confinement—Order—Contempt of court. (Effective July 1, 2017.) (1) Whenever legal custody of a child is vested in someone other than his or her parents, under this chapter, and not vested in the department, after due notice to the parents or other persons legally obligated to care for and support the child, and after a hearing, the court may order and decree that the parent or other legally obligated person shall pay in such a manner as the court may direct a reasonable sum representing in whole or in part the costs of support, treatment, and confinement of the child after the decree is entered.

(2) If the parent or other legally obligated person willfully fails or refuses to pay such sum, the court may proceed against such person for contempt.

(3) Whenever legal custody of a child is vested in the department under this chapter, the parents or other persons legally obligated to care for and support the child shall be liable for the costs of support, treatment, and confinement of the child, in accordance with the department's reimbursement of cost schedule. The department shall adopt a reimbursement of cost schedule based on the costs of providing such services, and shall determine an obligation based on the responsible parents' or other legally obligated person's ability to pay. The department is authorized to adopt additional rules as appropriate to enforce this section.

(4) To enforce subsection (3) of this section, the department shall serve on the parents or other person legally obligated to care for and support the child a notice and finding of financial responsibility requiring the parents or other legally obligated person to appear and show cause in an adjudicative proceeding why the finding of responsibility and/or the amount thereof is incorrect and should not be ordered. This notice and finding shall relate to the costs of support, treatment, and confinement of the child in accordance with the department's reimbursement of cost schedule adopted under this section, including periodic payments to be made in the future. The hearing shall be held pursuant to chapter 34.05 RCW, the administrative procedure act, and the rules of the department.

(5) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action or may be served on the parent or legally obligated person by certified mail, return receipt requested. The receipt shall be prima facie evidence of service.

(6) If the parents or other legally obligated person objects to the notice and finding of financial responsibility, then an application for an adjudicative hearing may be filed within twenty days of the date of service of the notice. If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the parents or other legally obligated person and shall also determine the amount of periodic payments to be made in the future. If the parents or other legally responsible person fails to file an application within twenty days, the notice and finding of financial responsibility shall become a final administrative order.

(7) Debts determined pursuant to this section are subject to collection action without further necessity of action by a presiding or reviewing officer. The department may collect the debt in accordance with RCW 43.20B.635, 43.20B.640, 74.20A.060, and 74.20A.070. The department shall exempt from payment parents receiving adoption support under RCW 74.13A.005 through 74.13A.080, parents eligible to receive adoption support under RCW 74.13A.085, and a parent or other legally obligated person when the parent or other legally obligated person, or such person's child, spouse, or spouse's child, was the victim of the offense for which the child was committed.

(8) An administrative order entered pursuant to this section shall supersede any court order entered prior to June 13, 1994.

(9) The department shall be subrogated to the right of the child and his or her parents or other legally responsible person to receive support payments for the benefit of the child from any parent or legally obligated person pursuant to a support order established by a superior court or pursuant to RCW 74.20A.055. The department's right of subrogation under this section is limited to the liability established in accordance with its cost schedule for support, treatment, and confinement, except as addressed in subsection (10) of this section.
(10) Nothing in this section precludes the department from recouping such additional support payments from the child's parents or other legally obligated person as required to qualify for receipt of federal funds. The department may adopt such rules dealing with liability for recoupment of support, treatment, or confinement costs as may become necessary to entitle the state to participate in federal funds unless such rules would be expressly prohibited by law. If any law dealing with liability for recoupment of support, treatment, or confinement costs is ruled to be in conflict with federal requirements which are a prescribed condition of the allocation of federal funds, such conflicting law is declared to be inoperative solely to the extent of the conflict. (2) The secretary of the department of children, youth, and families may, with the consent of the secretary of the department of corrections, transfer a juvenile offender to the department of corrections if it is established at a hearing before a review board that continued placement of the juvenile offender in an institution for juvenile offenders presents a continuing and serious threat to the safety of others in the institution. The department of children, youth, and families shall establish rules for the conduct of the hearing, including provision of counsel for the juvenile offender.

(3) Assaults made against any staff member at a juvenile corrections institution that are reported to a local law enforcement agency shall require a hearing held by the department of children, youth, and families review board within ten judicial working days. The board shall determine whether the accused juvenile offender represents a continuing and serious threat to the safety of others in the institution.

(4) Upon conviction in a court of law for custodial assault as defined in RCW 9A.36.100, the department of children, youth, and families review board shall conduct a second hearing, within five judicial working days, to recommend to the secretary of the department of children, youth, and families that the convicted juvenile be transferred to an adult correctional facility if the review board has determined the juvenile offender represents a continuing and serious threat to the safety of others in the institution.

The juvenile has the burden to show cause why the transfer to an adult correctional facility should not occur.

(5) A juvenile offender transferred to an institution operated by the department of corrections shall not remain in such an institution beyond the maximum term of confinement imposed by the juvenile court.

(6) A juvenile offender who has been transferred to the department of corrections under this section may, in the discretion of the secretary of the department of children, youth, and families and with the consent of the secretary of the department of corrections, be transferred from an institution operated by the department of corrections to a facility for juvenile offenders deemed appropriate by the secretary. 13.40.300 Commitment of juvenile beyond age twenty-one prohibited—Jurisdiction of juvenile court after juvenile's eighteenth birthday. (Effective July 1, 2019.)  (1) In no case may a juvenile offender be committed by the juvenile court to the department of children, youth, and families for placement in a juvenile correctional institution beyond the juvenile offender's twenty-first birthday. A juvenile may be under the jurisdiction of the juvenile court or the authority of the department of children, youth, and families beyond the juvenile's eighteenth birthday only if prior to the juvenile's eighteenth birthday:

(a) Proceedings are pending seeking the adjudication of a juvenile offense and the court by written order setting forth its reasons extends jurisdiction of juvenile court over the juvenile beyond his or her eighteenth birthday;
(b) The juvenile has been found guilty after a fact finding or after a plea of guilty and an automatic extension is necessary to allow for the imposition of disposition;

(c) Disposition has been held and an automatic extension is necessary to allow for the execution and enforcement of the court's order of disposition. If an order of disposition imposes commitment to the department, then jurisdiction is automatically extended to include a period of up to twelve months of parole, in no case extending beyond the offender's twenty-first birthday; or

(d) While proceedings are pending in a case in which jurisdiction has been transferred to the adult criminal court pursuant to RCW 13.04.030, the juvenile turns eighteen years of age and is subsequently found not guilty of the charge for which he or she was transferred, or is convicted in the adult criminal court of a lesser included offense, and an automatic extension is necessary to impose the disposition as required by RCW 13.04.030(1)(e)(v)(E).

(2) If the juvenile court previously has extended jurisdiction beyond the juvenile offender's eighteenth birthday and that period of extension has not expired, the court may further extend jurisdiction by written order setting forth its reasons.

(3) In no event may the juvenile court have authority to extend jurisdiction over any juvenile offender beyond the juvenile offender's twenty-first birthday except for the purpose of enforcing an order of restitution or penalty assessment.

(4) Notwithstanding any extension of jurisdiction over a person pursuant to this section, the juvenile court has no jurisdiction over any offenses alleged to have been committed by a person eighteen years of age or older. [1991 c 326 § 3.]

Finding—Intent—Severability—1994 sp.s. c 7: (b) A culturally relevant and appropriate community-based program that provides comprehensive drug and alcohol treatment, coordinated individual and family counseling, academic and vocational training, and employment in apprenticeship, internship, and entrepreneurial programs; and

(c) A culturally relevant and appropriate transitional group living program that provides support services, academic services, and coordinated individual and family counseling.

(2) Participation in any such program shall be on a voluntary basis.

(3) The department shall adopt rules as necessary to implement any such program. [1979 c 155 § 17; 1981 c 299 § 17; 1983 c 191 § 17; 1986 c 288 § 6; 1991 c 326 § 4.]

Conflict with federal requirements—2017 3rd sp.s. c 6: See RCW 43.216.908.

Finding—1991 c 326: "The legislature finds that a destructive lifestyle of drug and street gang activity is rapidly becoming prevalent among some of the state's youths. Gang and drug activity may be a culturally influenced phenomenon which the legislature intends public and private agencies to consider and address in prevention and treatment programs. Gang and drug-involved youths are more likely to become addicted to drugs or alcohol, live in poverty, experience high unemployment, be incarcerated, and die of violence than other youths." [1991 c 326 § 3.]

13.40.320 Juvenile offender basic training camp program. (Effective July 1, 2019.) (1) The department may establish a medium security juvenile offender basic training camp program. This program for juvenile offenders serving a term of confinement under the supervision of the department is exempt from the licensing requirements of chapter 74.15 RCW.

(2) The department may contract under this chapter with private companies, the national guard, or other federal, state, or local agencies to operate the juvenile offender basic training camp.

(3) The juvenile offender basic training camp shall be a structured and regimented model emphasizing the building up of an offender's self-esteem, confidence, and discipline. The juvenile offender basic training camp program shall provide participants with basic education, prevocational training, work-based learning, work experience, work ethic skills, conflict resolution counseling, substance abuse intervention, anger management counseling, and structured intensive physical training. The juvenile offender basic training camp program shall have a curriculum training and work schedule that incorporates a balanced assignment of these or other rehabilitation and training components for no less than sixteen hours per day, six days a week.

The department shall develop standards for the safe and effective operation of the juvenile offender basic training camp program, for an offender's successful program completion, and for the continued after-care supervision of offenders who have successfully completed the program.

(4) Offenders eligible for the juvenile offender basic training camp option shall be those with a disposition of not more than sixty-five weeks. Violent and sex offenders shall not be eligible for the juvenile offender basic training camp program.

[2017 RCW Supp—page 111]
(5) If the court determines that the offender is eligible for the juvenile offender basic training camp option, the court may recommend that the department place the offender in the program. The department shall evaluate the offender and may place the offender in the program. The evaluation shall include, at a minimum, a risk assessment developed by the department and designed to determine the offender’s suitability for the program. No juvenile who is assessed as a high risk offender or suffers from any mental or physical problems that could endanger his or her health or drastically affect his or her performance in the program shall be admitted to or retained in the juvenile offender basic training camp program.

(6) All juvenile offenders eligible for the juvenile offender basic training camp sentencing option shall spend one hundred twenty days of their disposition in a juvenile offender basic training camp. This period may be extended for up to forty days by the secretary if a juvenile offender requires additional time to successfully complete the basic training camp program. If the juvenile offender’s activities while in the juvenile offender basic training camp are so disruptive to the juvenile offender basic training camp program, as determined by the secretary according to standards developed by the department, as to result in the removal of the juvenile offender from the juvenile offender basic training camp program, or if the offender cannot complete the juvenile offender basic training camp program due to medical problems, the secretary shall require that the offender be committed to a juvenile institution to serve the entire remainder of his or her disposition, less the amount of time already served in the juvenile offender basic training camp program.

(7) All offenders who successfully graduate from the juvenile offender basic training camp program shall spend the remainder of their disposition on parole in a department juvenile rehabilitation intensive aftercare program in the local community. Violation of the conditions of parole is subject to sanctions specified in RCW 13.40.210(4). The program shall provide for the needs of the offender based on his or her progress in the aftercare program as indicated by ongoing assessment of those needs and progress. The intensive aftercare program shall monitor postprogram juvenile offenders and assist them to successfully reintegrate into the community. In addition, the program shall develop a process for closely monitoring and assessing public safety risks. The intensive aftercare program shall be designed and funded by the department.

(8) The department shall also develop and maintain a database to measure recidivism rates specific to this incarceration program. The database shall maintain data on all juvenile offenders who complete the juvenile offender basic training camp program for a period of two years after they have completed the program. The database shall also maintain data on the criminal activity, educational progress, and employment activities of all juvenile offenders who participated in the program. [2017 3rd sp.s. c 6 § 615; 2015 3rd sp.s. c 23 § 1; 2002 c 354 § 234; 2001 c 137 § 1; 1997 c 338 § 38; 1995 c 40 § 1; 1994 sp.s. c 7 § 532.]

Findings and intent—Juvenile basic training camps—1994 sp.s. c 7: “The legislature finds that the number of juvenile offenders and the severity of their crimes is increasing rapidly statewide. In addition, many juvenile offenders continue to reoffend after they are released from the juvenile justice system causing disproportionately high and expensive rates of recidivism.

The legislature further finds that juvenile criminal behavior is often the result of a lack of self-discipline, the lack of systematic work habits and ethics, the inability to deal with authority figures, and an unstable or unstructured living environment. The legislature further finds that the department of social and health services currently operates an insufficient number of confinement beds to meet the rapidly growing juvenile offender population. Together these factors are combining to produce a serious public safety hazard and the need to develop more effective and stringent juvenile punishment and rehabilitation options.

The legislature intends that juvenile offenders who enter the state rehabilitation system have the opportunity and are given the responsibility to become more effective participants in society by enhancing their personal development, work ethics, and life skills. The legislature recognizes that structured incarceration programs for juvenile offenders such as juvenile offender basic training camps, can instill the self-discipline, accountability, self-esteem, and work ethic skills that could discourage many offenders from returning to the criminal justice system. Juvenile offender basic training camp incarceration programs generally emphasize life skills training, vocational work skills training, anger management, dealing with difficult at-home family problems and/or abuses, discipline, physical training, structured and intensive work activities, and educational classes. The legislature further recognizes that juvenile offenders can benefit from a highly structured basic training camp environment and the public can also benefit through increased public protection and reduced cost due to lowered rates of recidivism.” [1994 sp.s. c 7 § 531.]

   (b) To avoid placing a juvenile offender on parole status who has been assessed as a moderate to high risk for sexually aggressive behavior in a department community residential program with another child who is: (i) Dependent under chapter 13.34 RCW, or an at-risk youth or child in need of services under chapter 13.32A RCW; and (ii) not also a juvenile offender on parole status;

13.40.464 Reinvesting in youth program. (Effective July 1, 2019.) (1) The department shall establish a reinvesting in youth program that awards grants to counties for implementing research-based early intervention services that target juvenile justice-involved youth and reduce crime, subject to the availability of amounts appropriated for this specific purpose.

(2) Effective July 1, 2007, any county or group of counties may apply for participation in the reinvesting in youth program.

(3) Counties that participate in the reinvesting in youth program shall have a portion of their costs of serving youth through the research-based intervention service models paid for with moneys from the reinvesting in youth account established pursuant to RCW 13.40.466.

(4) The department shall review county applications for funding through the reinvesting in youth program and shall select the counties that will be awarded grants with funds appropriated to implement this program. The department, in consultation with the Washington state institute for public policy, shall develop guidelines to determine which counties will be awarded funding in accordance with the reinvesting in youth program. At a minimum, counties must meet the following criteria in order to participate in the reinvesting in youth program:

   (a) Counties must match state moneys awarded for research-based early intervention services with nonstate resources that are at least proportional to the expected local government share of state and local government cost avoidance that would result from the implementation of such services;

   (b) Counties must demonstrate that state funds allocated pursuant to this section are used only for the intervention service models authorized pursuant to RCW 13.40.464;

   (c) Counties must participate fully in the state quality assurance program established in RCW 13.40.468 to ensure fidelity of program implementation. If no state quality assurance program is in effect for a particular selected research-based service, the county must submit a quality assurance plan for state approval with its grant application. Failure to demonstrate continuing compliance with quality assurance plans shall be grounds for termination of state funding; and

   (d) Counties that submit joint applications must submit for approval by the department multicounty plans for efficient program delivery. [2017 3rd sp.s. c 6 § 617; 2011 1st sp.s. c 32 § 4; 2006 c 304 § 2.]

Transition plan—Report to the legislature—2011 1st sp.s. c 32: See note following RCW 70.305.005.

Finding—Intent—2006 c 304: "The legislature finds that there are youth and family-focused intervention services that have been proven through rigorous evaluation in the state of Washington and elsewhere to significantly reduce violence and crime while saving more public safety dollars than they cost. Under current state laws, no local government acting alone has the financial incentive to invest in these cost-effective services because the savings accrue to multiple levels of government with the largest savings going to the state. It is the intent of the legislature to create incentives for local government to invest in cost-effective intervention services that reduce crime by reimbursing local governments with a portion of the cost savings that accrue to the state as the result of local investments in such services."

13.40.464 Reinvesting in youth program—Guidelines. (Effective July 1, 2019.) (1)(a) In order to receive funding through the reinvesting in youth program established pursuant to RCW 13.40.462, intervention service models must meet the following minimum criteria:

   (i) There must be scientific evidence from at least one rigorous evaluation study of the specific service model that measures recidivism reduction;

   (ii) There must be evidence that the specific service model’s results can be replicated outside of an academic research environment;

   (iii) The evaluation or evaluations of the service model must permit dollar cost estimates of both benefits and costs so that the benefit-cost ratio of the model can be calculated; and

   (iv) The public taxpayer benefits to all levels of state and local government must exceed the service model costs.
(b) In calendar year 2006, for use beginning in fiscal year 2008, the Washington state institute for public policy shall publish a list of service models that are eligible for reimbursement through the investing in youth program. As authorized by the board of the institute and to the extent necessary to respond to new research and information, the institute shall periodically update the list of service models. The institute shall use the technical advisory committee established in *RCW 13.40.462(5) to review and provide comments on the list of service models that are eligible for reimbursement.

(2) In calendar year 2006, for use beginning in fiscal year 2008, the Washington state institute for public policy shall review and update the methodology for calculating cost savings resulting from implementation of this program. As authorized by the board of the institute and to the extent necessary to respond to new research and information, the institute shall periodically further review and update the methodology. As authorized by the board of the institute, when the institute reviews and updates the methodology for calculating cost savings, the institute shall provide an estimate of savings and avoided costs resulting from this program, along with a projection of future savings and avoided costs, to the appropriate committees of the legislature. The institute shall use the technical advisory committee established in *RCW 13.40.462(5) to review and provide comments on its methodology and cost calculations.

(3) In calendar year 2006, for use beginning in fiscal year 2008, the department shall establish a distribution formula to provide funding to local governments that implement research-based intervention services pursuant to this program. The department shall periodically update the distribution formula. The distribution formula shall require that the state allocation to local governments be proportional to the expected state government share of state and local government cost avoidance that would result from the implementation of such services based on the methodology maintained by the Washington state institute for public policy pursuant to subsection (2) of this section. The department shall use the technical advisory committee established in *RCW 13.40.462(5) to review and provide comments on its proposed distribution formula. Expenditures from the account may be used to reimburse local governments for the implementation of the reinvesting in youth program established in RCW 13.40.462 and 13.40.464. During the 2013-2015 fiscal biennium, the legislature may appropriate moneys from the reinvesting in youth account for juvenile rehabilitation purposes.

(2) Revenues to the reinvesting in youth account consist of revenues appropriated to or deposited in the account.

(3) The department shall review and monitor the expenditures made by any county or group of counties that is funded, in whole or in part, with funds provided through the reinvesting in youth account. Counties shall repay any funds that are not spent in accordance with RCW 13.40.462 and 13.40.464. [2017 3rd sp.s. c 6 § 619; 2013 2nd sp.s. c 4 § 953; 2006 c 304 § 4.]

13.40.510 Community juvenile accountability programs—Establishment—Proposals—Guidelines. (Effective July 1, 2019.) (1) In order to receive funds under RCW 13.40.500 through 13.40.540, local governments may, through their respective agencies that administer funding for consolidated juvenile services, submit proposals that establish community juvenile accountability programs within their communities. These proposals must be submitted to the department for certification.

(2) The proposals must:

(a) Demonstrate that the proposals were developed with the input of the local law and justice councils established under RCW 72.09.300;

(b) Describe how local community groups or members are involved in the implementation of the programs funded under RCW 13.40.500 through 13.40.540;

(c) Include a description of how the grant funds will contribute to the expected outcomes of the program and the reduction of youth violence and juvenile crime in their community. Data approaches are not required to be replicated if the networks have information that addresses risks in the community for juvenile offenders.

(3) A local government receiving a grant under this section shall agree that any funds received must be used efficiently to encourage the use of community-based programs that reduce the reliance on secure confinement as the sole means of holding juvenile offenders accountable for their crimes. The local government shall also agree to account for the expenditure of all funds received under the grant and to
submit to audits for compliance with the grant criteria developed under RCW 13.40.520.

(4) The department, in consultation with the Washington association of juvenile court administrators and the state law and justice advisory council, shall establish guidelines for programs that may be funded under RCW 13.40.500 through 13.40.540. The guidelines must:

(a) Target diverted and adjudicated juvenile offenders;

(b) Include assessment methods to determine services, programs, and intervention strategies most likely to change behaviors and norms of juvenile offenders;

(c) Provide maximum structured supervision in the community. Programs should use natural surveillance and community guardians such as employers, relatives, teachers, clergy, and community mentors to the greatest extent possible;

(d) Promote good work ethic values and educational skills and competencies necessary for the juvenile offender to function effectively and positively in the community;

(e) Maximize the efficient delivery of treatment services aimed at reducing risk factors associated with the commission of juvenile offenses;

(f) Maximize the reintegration of the juvenile offender into the community upon release from confinement;

(g) Maximize the juvenile offender's opportunities to make full restitution to the victims and amends to the community;

(h) Support and encourage increased court discretion in imposing community-based intervention strategies;

(i) Be compatible with research that shows which prevention and early intervention strategies work with juvenile offenders;

(j) Be outcome-based in that it describes what outcomes will be achieved or what outcomes have already been achieved;

(k) Include an evaluation component; and

(l) Recognize the diversity of local needs.

(5) The state law and justice advisory council may provide support and technical assistance to local governments for training and education regarding community-based prevention and intervention strategies. [2017 3rd sp.s. c 6 § 621; 2010 1st sp.s. c 7 § 62; 1997 c 338 § 61.]

(15) For purposes of providing for the educational success of youth in foster care, the department of social and health services may disclose only those confidential child welfare records that pertain to or may assist with meeting the educational needs of foster youth to another state agency or state agency's contracted provider responsible under state law or contract for assisting foster youth to attain educational success. Finding—Intent—2016 c 71: See note following RCW 28A.300.590.
Finding—Intent—2015 c 265: "The legislature finds that requiring juvenile offenders to pay all legal financial obligations before being eligible to have a juvenile record administratively sealed disproportionately affects youth based on their socioeconomic status. Juveniles who cannot afford to pay their legal financial obligations cannot seal their juvenile records once they turn eighteen and oftentimes struggle to find employment. By eliminating nonrestitution legal financial obligations for juveniles convicted of less serious crimes, juvenile offenders will be better able to find employment and focus on making restitution payments first to the actual victim. This legislation is intended to help juveniles understand the consequences of their actions and the harm that those actions have caused others without placing insurmountable burdens on juveniles attempting to become productive members of society. Depending on the juvenile's ability to pay, and upon the consent of the victim, courts should also strongly consider ordering community restitution in lieu of paying restitution where appropriate." [2015 c 265 § 1.]

Findings—Intent—2014 c 175: "The legislature finds that:
(1) The primary goal of the Washington state juvenile justice system is the rehabilitation and reintegration of former juvenile offenders. The public has a compelling interest in the rehabilitation of former juvenile offenders and their successful reintegration into society as active, law-abiding, and contributing members of their communities. When juvenile court records are publicly available, former juvenile offenders face substantial barriers to reintegration, as they are denied housing, employment, and education opportunities on the basis of these records.
(2) The legislature declares it is the policy of the state of Washington that the interest in juvenile rehabilitation and reintegration constitutes compelling circumstances that outweigh the public interest in continued availability of juvenile court records. The legislature intends that juvenile court proceedings be openly administered but, except in limited circumstances, the records of these proceedings be closed when the juvenile has reached the age of eighteen and completed the terms of disposition." Findings—2015 1st sp.s. c 2: "The legislature finds that Washington state's elderly population is growing and the number of individuals with dementia is increasing. The legislature further finds that approximately sixty percent of individuals with dementia will wander at least once and that if not found within twenty-four hours, up to half of wandering seniors with dementia may suffer serious injury or death. The legislature further finds that creating a public notification system to broadcast information about missing persons with Alzheimer's disease, dementia, or other mental disabilities to aid in their safe return will help prevent unnecessary suffering and death." [2015 1st sp.s. c 2 § 1.]

13.60.040 Children receiving services from department of children, youth, and families—Reporting by the department—Notification of child's whereabouts. (Effective July 1, 2018.) (2) "Guardian" means a person who has been appointed by the court as the guardian of a vulnerable youth in a legal proceeding under this chapter. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under chapter 13.34 RCW for the purpose of assisting the court in supervising the dependency. The term "guardian" does not include a "guardian" appointed pursuant to a proceeding under chapter 13.36 RCW or a "dependency guardian" appointed pursuant to a proceeding under chapter 13.34 RCW.

(3) "Juvenile court" or "court" means the juvenile division of the superior court.

(4) "Relative" means a person related to the child in the following ways:

(a) Any parent, or blood relative, including those of half-blood, and including first cousins, second cousins, nephews or nieces, and persons of preceding generations as denoted by prefixes of grand, great, or great-great;

(b) A stepfather, stepmother, stepbrother, and stepsister;

(c) A person who legally adopts a child or the child's parent as well as the natural and other legally adopted children of such persons, and other relatives of the adoptive parents in accordance with state law;

(5)(a) "Suitable person" means a nonrelative who has completed all required criminal history background checks as specified in (b) of this subsection and otherwise appears to be suitable and competent to provide care for the youth.

(b) The criminal background checks required in (a) of this subsection are those set out in RCW 26.10.135 (1) and (2)(b), but apply only to the guardian and not to other adult members of the household.

(6) "Vulnerable youth" is an individual who has turned eighteen years old, but who is not yet twenty-one years old and who is eligible for classification under 8 U.S.C. Sec. 1101(a)(27)(J). A youth who remains in a vulnerable youth guardianship under this chapter shall not be considered a "child" under any other state statute or for any other purpose. A vulnerable youth is one who is not also a nonminor dependent who is participating in extended foster care services authorized under RCW 74.13.031. [2017 c 279 § 3.]

13.90.020 Petition for guardianship—Requirements. (1) A vulnerable youth may petition the court that a vulnerable youth guardianship be established for him or her by filing a petition in juvenile court under this chapter. The proposed guardian must agree to join in the petition, and must receive notice of the petition.

(2) To be designated as a proposed guardian in a petition under this chapter, a person must be age twenty-one or over, suitable, and capable of performing the duties of guardian under RCW 13.90.040, including but not limited to parents, licensed foster parents, relatives, and suitable persons. (3) The petition must allege and show that:

(a) Both the petitioner and the proposed guardian agree to the establishment of a guardianship;

(b) The youth is between the ages of eighteen and twenty-one years;

(c) The youth is prima facie eligible to apply for classification under 8 U.S.C. Sec. 1101(a)(27)(J);

(d) The youth requests the support of a responsible adult; and

(e) The proposed guardian agrees to serve as guardian, and is a suitable adult over twenty-one years old who is capable of performing the duties of a guardian as stated in RCW 13.90.040.

(4) There must be no fee associated with the filing of a vulnerable youth guardianship petition by or for a vulnerable youth under this section. [2017 c 279 § 4.]

13.90.030 Petition for guardianship—Hearing. (1) At the hearing on a vulnerable youth guardianship petition, both parties, the vulnerable youth and the proposed guardian, have the right to present evidence and cross-examine witnesses. The rules of evidence apply to the conduct of the hearing.
(2) A vulnerable youth guardianship must be established if the court finds by a preponderance of the evidence that:
   (a) The allegations in the petition are true;
   (b) It is in the vulnerable youth's best interest to establish a vulnerable youth guardianship; and
   (c) The vulnerable youth consents in writing to the appointment of a guardian.

(3) A guardianship established under subsection (2) of this section remains in effect as provided in RCW 13.90.060. [2017 c 279 § 5.]

13.90.040 Order establishing guardianship. (1) If the court has made the findings required under RCW 13.90.030, the court shall issue an order establishing a vulnerable youth guardianship for the vulnerable youth. The order shall:
   (a) Appoint a person to be the guardian for the vulnerable youth;
   (b) Provide that the guardian shall ensure that the legal rights of the vulnerable youth are not violated, and may specify the guardian's other rights and responsibilities concerning the care, custody, and nurturing of the vulnerable youth;
   (c) Specify that the guardian shall not have possession of any identity documents belonging to the vulnerable youth; and
   (d) Specify the need for and scope of continued oversight by the court, if any.

(2) Unless specifically ordered by the court, the standards and requirements for relocation in chapter 26.09 RCW do not apply to vulnerable youth guardianships established under this chapter.

(3) The court shall provide a certified copy of the vulnerable youth guardianship order to the vulnerable youth and the guardian.

(4) For an unrepresented vulnerable youth whose vulnerable youth guardian is a suitable person, as defined in RCW 13.90.010, the court shall provide a list of service providers and available resources for survivors of human trafficking, such as any relevant lists or materials created by the Washington state task force against the trafficking of persons under RCW 7.68.350. [2017 c 279 § 6.]

13.90.050 Motion for modification—Motion for appointment of a new guardian. (1) The youth may move the court to modify the provisions of a vulnerable youth guardianship order at any time by: (a) Filing with the court a motion for modification and an affidavit setting forth facts supporting the requested modification; and (b) providing notice and a copy of the motion and affidavit to the other party. The nonmoving party may file and serve opposing affidavits.

(2) The youth may move the court to appoint a new guardian at any time by: (a) Filing with the court a motion for appointment of a new guardian and an affidavit setting forth facts supporting the requested appointment; and (b) providing notice and a copy of the motion and affidavit to the other party.

(3) The youth may move the court to substitute a new guardian, provided that the proposed new guardian is a suitable adult over twenty-one years old who is capable of performing the duties of a guardian as stated in RCW 13.90.040. The substitution of a new guardian must be permitted without termination of the vulnerable youth guardianship and the youth is not required to file a new vulnerable youth guardianship petition to substitute a guardian.

(4) If a party other than the youth moves the court to modify the provisions of a vulnerable youth guardianship order, the modification is subject to the youth's agreement. [2017 c 279 § 7.]

(2) The vulnerable youth may request the termination of the vulnerable youth guardianship at any time. The court shall terminate the vulnerable youth guardianship upon the request of the vulnerable youth. The vulnerable youth may also withdraw consent to the vulnerable youth guardianship at any time.

(3) The guardian may request termination of the vulnerable youth guardianship by filing a petition and supporting affidavit alleging a substantial change has occurred in the circumstances of the vulnerable youth or the guardian and that the termination is necessary to serve the best interests of the vulnerable youth. The petition and affidavit must be served on both parties to the vulnerable youth guardianship.

(4) Except as provided in subsection (2) of this section, the court shall not terminate a vulnerable youth guardianship unless it finds, upon the basis of facts that have arisen since the vulnerable youth guardianship was established or that were unknown to the court at the time the vulnerable youth guardianship was established, that a substantial change has occurred in the circumstances of the vulnerable youth or the guardian and that termination of the vulnerable youth guardianship is necessary to serve the best interests of the vulnerable youth. The effect of a guardian's duties while serving in the military potentially impacting vulnerable youth guardianship functions is not, by itself, a substantial change of circumstances justifying termination of a vulnerable youth guardianship. [2017 c 279 § 8.]

13.90.070 Right to counsel. In all proceedings under this chapter to establish, modify, or terminate a vulnerable youth guardianship order, the vulnerable youth and the guardian or prospective guardian have the right to be represented by counsel of their choosing and at their own expense. [2017 c 279 § 9.]

13.90.900 Purpose. Existing federal law, 8 U.S.C. Sec. 1101(a)(27)(J), establishes a procedure for classification of abandoned, abused, or neglected youth as special immigrants who have been declared dependent on a juvenile court or legally committed to or placed in the custody of a state agency or department, or placed under the custody of an individual or entity appointed by a state or juvenile court, and authorizes those youth to apply for an adjustment of status to that of a lawful permanent resident within the United States. A youth is age-eligible if the youth is under twenty-one years old. Existing state law already provides that superior courts have jurisdiction to make judicial determinations regarding the custody and care of juveniles.

This chapter authorizes a court to appoint a guardian for a vulnerable youth from eighteen to twenty-one years old,

[2017 RCW Supp—page 123]
who is not participating in extended foster care services authorized under RCW 74.13.031, and who is eligible for classification under 8 U.S.C. Sec. 1101(a)(27)(J) with the consent of the proposed ward. This chapter also provides that a vulnerable youth guardianship of the person terminates on the youth's twenty-first birthday unless the youth requests termination prior to that date. Opening court doors for the provision of a vulnerable youth guardianship serves the state's interest in eliminating human trafficking, preventing further victimization of youth, decreasing reliance on public resources, reducing youth homelessness, and offering protection for youth who may otherwise be targets for traffickers. [2017 c 279 § 1.]

13.90.901 Findings—Intent—2017 c 279. (1) The legislature finds and declares the following:

(a) Washington law grants the superior courts jurisdiction to make judicial determinations regarding the custody and care of youth within the meaning of the federal immigration and nationality act. Pursuant to 8 U.S.C. Sec. 1101(b), the term "child" means an unmarried person under twenty-one years of age. Superior courts are empowered to make the findings necessary for a youth to petition the United States citizenship and immigration services for classification under 8 U.S.C. Sec. 1101(a)(27)(J).

(b) 8 U.S.C. Sec. 1101(a)(27)(J) offers interim relief from deportation to undocumented, unmarried immigrant youth under twenty-one years old, if a state court with jurisdiction over juveniles has made specific findings.

(c) The findings necessary for a youth to petition for classification under 8 U.S.C. Sec. 1101(a)(27)(J) include, among others, a finding that reunification with one or both parents is not viable due to abuse, neglect, abandonment, or a similar basis under state law, and a finding that it is not in the youth's best interest to be returned to the youth's country of origin.

(d) Misalignment between state and federal law continues to exist. Federal law allows a person under twenty-one years old, who otherwise meets the requirements for eligibility under 8 U.S.C. Sec. 1101(a)(27)(J), to file for relief. In Washington, however, vulnerable youth who are between eighteen and twenty-one years old have largely been unable to obtain the findings from the superior court necessary to seek classification under 8 U.S.C. Sec. 1101(a)(27)(J) and the relief that it was intended to afford them, solely because superior courts cannot take jurisdiction of these vulnerable youth under current law. This is true despite the fact that many vulnerable youth between eighteen and twenty-one years old face circumstances identical to those faced by their younger counterparts.

(e) Given the recent influx of vulnerable youth arriving to the United States, many of whom have been released to family members and other adults in Washington, and who have experienced parental abuse, neglect, or abandonment, it is necessary to provide an avenue for these vulnerable youth to petition the superior courts to appoint a guardian of the person, even if the youth is over eighteen years old. This is particularly necessary in light of the vulnerability of this class of youth, and their need for a custodial relationship with a responsible adult as they adjust to a new cultural context, language, and education system, and recover from the trauma of abuse, neglect, or abandonment. These custodial arrangements promote the long-term well-being and stability of vulnerable youth present in the United States who have experienced abuse, neglect, or abandonment by one or both parents.

(f) The legislature has an interest in combating human trafficking throughout Washington state. In 2003, Washington became the first state to enact a law making human trafficking a crime and has since continued its efforts to provide support services for victims of human trafficking while also raising awareness of human trafficking. Vulnerable youth who have been subject to parental abuse, neglect, or abandonment are particularly susceptible to becoming victims of human trafficking. By creating an avenue for a vulnerable youth guardianship for certain eligible individuals between eighteen and twenty-one years old, the legislature will provide such youth with the possibility for additional support and protection that a guardian can offer, which will make these youth less likely to become targets for human traffickers. Guardians can support vulnerable youth by providing them stable housing and caring for their basic necessities, which may help alleviate many of the risk factors that make such youth prime targets for trafficking and exploitation.

(g) Vulnerable youth guardianships of the person may be necessary and appropriate for these individuals, even between eighteen and twenty-one years old, although a vulnerable youth for whom a guardian has been appointed retains the rights of an adult under Washington law.

(2) It is the intent of the legislature to give the juvenile division of superior courts jurisdiction to appoint a guardian for a consenting vulnerable youth between eighteen, up to the age of twenty-one who has been abandoned, neglected, or abused by one or both parents, or for whom the court determines that a guardian is otherwise necessary as one or both parents cannot adequately provide for the youth such that the youth risks physical or psychological harm if returned to the youth's home. The juvenile court will have jurisdiction to make the findings necessary for a vulnerable youth to petition for classification under 8 U.S.C. Sec. 1101(a)(27)(J). It is further the intent of the legislature to provide an avenue for a person between eighteen and twenty-one years old to have a guardian of the person appointed beyond eighteen years old if the youth so requests or consents to the appointment of a guardian as provided in RCW 13.90.030. (e) A tethered dog must have access to clean water and necessary shelter that is safe and protective while tethered. The shelter and water vessel must be constructed or attached in such a way that the dog cannot knock over the shelter or water vessel.

(f) A dog shall not be tethered in a manner that results in the dog being left in unsafe or unsanitary conditions or that forces the dog to stand, sit, or lie down in its own excrement or urine.

(g) A dog shall not be tethered by means of a choke, pinch, slip, halter, or prong-type collar, or by any means other than with a properly fitted buckle-type collar or harness that provides enough room between the collar or harness and the dog’s throat to allow normal breathing and swallowing.

(h) The weight of the tether shall not unreasonably inhibit the free movement of the dog within the area allowed by the length of the tether.

(i) The dog shall not be tethered in a manner that causes the dog injury or pain.

(2) The provisions of subsection (1)(a) through (d) of this section do not apply to a dog that is:

(b) A second offense is a class 2 civil infraction under RCW 7.80.120(1)(b).

(c) A third or subsequent offense is a class 1 civil infraction under RCW 7.80.120(1)(a). [2017 c 65 § 1.]

16.67.110 Promotional programs, research, rate studies, labeling. The commission shall provide for programs designed to support sustainable stewardship of cattle and the environment; increase the consumption of beef; develop more efficient methods for the production, processing, handling and marketing of beef; eliminate transportation rate inequalities on feed grains and supplements and other production supplies adversely affecting Washington producers; properly identify beef and beef products for consumers as to quality and origin. 16.67.200 Budget—Report to the legislature. (1) The budget required in RCW 16.67.090(8) must set forth the complete and detailed financial program of the commission, showing the revenues and expenditures of the commission. The budget must be explanatory, describing how the funding is used to administer and implement the commission's programs and priorities, and include the reasons for salient changes from the previous fiscal period in expenditure or revenue items. The budget must explain any major changes to financial policy and contain an outline of the proposed financial policies of the commission for the ensuing fiscal period and describe performance indicators that demonstrate measurable progress toward the commission's priorities.
(2) The budget must be sufficiently detailed to provide transparency for the commission's actions on behalf of the industry.
(3) The commission must submit to the legislature a concise yet detailed report of the commission's activities and expenditures after the completion of each fiscal year. [2017 c 256 § 5.]
16.76.005 Finding. The legislature finds that there is a need to provide resources to help livestock producers adapt their operations in light of the recovery of wolves on the landscape and a desire by many to increase use of nonlethal deterrence measures to reduce the probability of livestock depredations by wolves. The application of resources in support of these goals must respect livestock producers' values of independence, privacy, and local decision making. The legislature further recognizes that the recent recolonization of wolves places a relatively large time and monetary burden on livestock producers, and that livestock producers have unique and valuable knowledge, occupy an important place in their local communities and the state's social fabric, and are critical partners in creating sound natural resource policies. [2017 c 257 § 1.]

16.76.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of agriculture.
(2) "Director" means the director of the department of agriculture.
(3) "Northeast Washington" means Okanogan, Ferry, Stevens, and Pend Oreille counties. [2017 c 257 § 2.]

16.76.020 Northeast Washington wolf-livestock management grant—Advisory board—Distribution of funds. (1) The northeast Washington wolf-livestock management grant is created within the department. Funds from the grant program must be used only for the deployment of nonlethal deterrence resources in any Washington county east of the crest of the Cascade mountain range that shares a border with Canada, including human presence, and locally owned and deliberately located equipment and tools.

(2)(a) A four-member advisory board is established to advise the department on the expenditure of the northeast Washington wolf-livestock management grant funds. Advisory board members must be knowledgeable about wolf depredation issues, and have a special interest in the use of nonlethal wolf management techniques. Board members are unpaid, are not state employees, and are not eligible for reimbursement for subsistence, lodging, or travel expenses incurred in the performance of their duties as board members. The director must appoint each member to the board for a term of two years. Board members may be reappointed for subsequent two-year terms. The following board members must be appointed by the director in consultation with each applicable conservation district and the legislators in the legislative district encompassing each county:

(i) One Ferry county conservation district board member;
(ii) One Stevens county conservation district board member;
(iii) One Pend Oreille conservation district board member; and
(iv) One Okanogan conservation district board member.

(b) If no board member qualifies under this section, the director must appoint a resident of the applicable county to serve on the board.

(c) Board members may not:

(i) Directly benefit, in whole or in part, from any contract entered into or grant awarded under this section; or
(ii) Directly accept any compensation, gratuity, or reward in connection with such a contract from any other person with a beneficial interest in the contract.

(3) The board must help direct funding for the deployment of nonlethal deterrence resources, including human presence, and locally owned and deliberately located equipment and tools. Funds may only be distributed to nonprofit community-based collaborative organizations that have advisory boards that include personnel from relevant agencies including, but not limited to, the United States Forest Service and the Washington department of fish and wildlife, or to individuals that are willing to receive technical assistance from the same agencies. [2017 c 257 § 3.]

16.76.030 Northeast Washington wolf-livestock management account. (1) The northeast Washington wolf-livestock management account is created as a nonappropriated account in the custody of the state treasurer. All receipts, any legislative appropriations, private donations, or any other private or public source directed to the northeast Washington wolf-livestock management grant must be deposited into the account. Expenditures from the account may be used only for the deployment of nonlethal wolf deterrence resources as described in RCW 16.76.020. Only the director may authorize expenditures from the account in consultation with the advisory board created in RCW 16.76.020. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Interest earned by deposits in the account must be retained in the account.

(2) The advisory board created in RCW 16.76.020 may solicit and receive gifts and grants from public and private sources for the purposes of RCW 16.76.020. [2017 c 257 § 4.]

18.22.250 Impaired practitioner program—License surcharge.
18.22.800 Opioid drug prescribing rules—Adoption.

18.22.800 Opioid drug prescribing rules—Adoption.
(1) By January 1, 2019, the board must adopt rules establishing requirements for prescribing opioid drugs. The rules may contain exemptions based on education, training, amount of opioids prescribed, patient panel, and practice environment.
(2) In developing the rules, the board must consider the agency medical directors' group and centers for disease control guidelines, and may consult with the department of health, the University of Washington, and the largest professional association of podiatric physicians and surgeons in the state. [2017 c 297 § 2.]

Findings—Intent—2017 c 297: "The legislature finds that in 2015 an average of two Washington residents died per day in this state from opioid overdose and that opioid overdose deaths have more than doubled between 2010 and 2015. The legislature finds that in 2015 an average of two Washington residents died per day in this state from opioid overdose and that opioid overdose deaths have more than doubled between 2010 and 2015. The legislature further finds that medically prescribed opioids intended to treat pain have contributed to the opioid epidemic and although Washington has done much to address the prescribing and tracking of opioid prescriptions, more needs to be done to ensure proper prescribing and use of opioids and access to treatment. This includes allowing local health officers to access the prescription monitoring program in order to provide patient follow-up and care coordination, including directing care to opioid treatment programs in the area as appropriate to the patient following an overdose event. The legislature intends to streamline its already comprehensive system of tracking and treating opioid abuse by: Reducing barriers to the siting of opioid treatment programs; ensuring ease of access for prescribers, including those prescribers who provide services in opioid treatment programs, to the prescription monitoring program; allowing facilities and practitioners to use the information received under the prescription monitoring program for the purpose of providing individual prescriber quality improvement feedback; and requiring the boards and commissions of the health care professions with prescriptive authority to adopt rules establishing requirements for prescribing opioid drugs with the goal of reducing the number of people who inadvertently become addicted to opioids and, consequently, reducing the burden on opioid treatment programs." 18.71B.130 Interstate commission—Finance powers. (1) The interstate commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the interstate commission and its staff. The total assessment must be sufficient to cover the annual budget approved each year for which revenue is not provided by other sources. (a) The liability of the executive director and employees of the interstate commission or representatives of the interstate commission, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state, may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. Notwithstanding the foregoing, in the event the interstate commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of the compact, or the powers granted hereunder, then such an action by the interstate commission shall be invalid and have no force or effect.

(2) Rules deemed appropriate for the operations of the interstate commission shall be made pursuant to a rule-making process that substantially conforms to the "model state administrative procedure act" of 2010, and subsequent amendments thereto.

(3) Not later than thirty days after a rule is promulgated, any person may file a petition for judicial review of the rule in the United States district court for the District of Columbia or the federal district where the interstate commission has its principal offices, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the interstate commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the authority granted to the interstate commission. [2017 c 195 § 15.]

18.71B.160 State enforcement—Judicial notice—Service of process. (1) The executive, legislative, and judicial branches of state government in each member state shall enforce the compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of the compact and the rules promulgated hereunder shall have standing as statutory law but shall not override existing state authority to regulate the practice of medicine.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter [matter] of the
compact which may affect the powers, responsibilities, or actions of the interstate commission.

(3) The interstate commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. 18.71B.170 Enforcement by interstate commission. (1) The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the compact.

(2) The interstate commission may, by majority vote of the commissioners, initiate legal action in the United States district court for the District of Columbia, or, at the discretion of the interstate commission, in the federal district where the interstate commission has its principal offices, to enforce compliance with the provisions of the compact, and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorneys’ fees.

(3) The remedies herein shall not be the exclusive remedies of the interstate commission. The interstate commission may avail itself of any other remedies available under state law or the regulation of a profession. [2017 c 195 § 17.]

(a) Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default, and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the defaulting state must cure its default; and

(b) Provide remedial training and specific technical assistance regarding the default.

(3) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the commissioners and all rights, privileges, and benefits conferred by the compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(4) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the interstate commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(5) The interstate commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state.

(6) The member state which has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination.

(7) The interstate commission shall not bear any costs relating to any state that has been found to be in default or which has been terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state.

(8) The defaulting state may appeal the action of the interstate commission by petitioning the United States district court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorneys’ fees. [2017 c 195 § 18.]

18.71B.190 Dispute resolution. (1) The interstate commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states or member boards.

(2) The interstate commission shall promulgate rules providing for both mediation and binding dispute resolution as appropriate. [2017 c 195 § 19.]

18.71B.200 Withdrawal. (1) Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

(2) Withdrawal from the compact shall be by the enactment of a statute repealing the same, but shall not take effect until one year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

(3) The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing the compact in the withdrawing state.

(4) The interstate commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty days of its receipt of notice provided under subsection (3) of this section.

(5) The withdrawing state is responsible for all dues, obligations, and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

(6) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

(7) The interstate commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license. [2017 c 195 § 21.]

18.71B.210 Dissolution. (1) The compact shall dissolve effective upon the date of the withdrawal or default of
the member state which reduces the membership in the compact to one member state.

(2) Upon the dissolution of the compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws. [2017 c 195 § 22.]

18.71B.900 Member states, effective date, and amendment. (1) Any state is eligible to become a member state of the compact.

(2) The compact shall become effective and binding upon legislative enactment of the compact into law by no less than seven states. Thereafter, it shall become effective and binding on a state upon enactment of the compact into law by that state.

(3) The governors of nonmember states, or their designees, shall be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states.

(4) The interstate commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the interstate commission and the member states unless and until it is enacted into law by unanimous consent of the member states. [2017 c 195 § 20.]

18.71B.901 Severability—Construction. (1) The provisions of the compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(2) The provisions of the compact shall be liberally construed to effectuate its purposes.

(3) Nothing in the compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members. [2017 c 195 § 23.]

18.71B.902 Binding effect of compact and other laws. (1) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact.

(2) All laws in a member state in conflict with the compact are superseded to the extent of the conflict.

(3) All lawful actions of the interstate commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.

(4) All agreements between the interstate commission and the member states are binding in accordance with their terms.

(5) In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state. [2017 c 195 § 24.]

A remote state may, in accordance with due process and that state's laws, remove a licensee's compact privilege in the remote state for a specific period of time, impose fines, and/or take any other necessary actions to protect the health and safety of its citizens. The licensee is not eligible for a compact privilege in any state until the specific time for removal has passed and all fines are paid.

(b) A state or federal governmental subdivision or agency; or

(c) An association having at least twenty-five members.

(9) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

(a) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(b) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(c) All hearings will be recorded. A copy of the recording will be made available on request.

(d) Nothing in this Article IX shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this Article IX.

(10) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(11) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(12) The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rule-making record and the full text of the rule.

(13) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rule-making procedures provided in the compact and in this Article IX shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(a) Meet an imminent threat to public health, safety, or welfare;

(b) Prevent a loss of commission or member state funds;

(c) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(d) Protect public health and safety.

(14) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the
web site of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

ARTICLE X - OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(1) Oversight.
   (a) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.
   (b) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.
   (c) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or any member state.
   (d) The commission shall not bear any costs related to a proceeding in which the commission appears by reason of its membership in the commission.

(2) Default, technical assistance, and termination.
   (a) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:
      (i) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and/or any other action to be taken by the commission; and
      (ii) Provide remedial training and specific technical assistance regarding the default.
   (b) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
   (c) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.
   (d) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.
   (e) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.
   (f) The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) Dispute resolution.
   (a) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and non-member states.
   (b) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.
   (c) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE XI - DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

(1) The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rule-making powers necessary to the implementation and administration of the compact.

(2) Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

(3) Any member state may withdraw from this compact by enacting a statute repealing the same.
   (a) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.
   (b) Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action
reporting requirements of this compact prior to the effective date of withdrawal.

(4) Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(5) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters. 19.02.115 Licensing information—Authorized disclosure—Penalty. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Disclose" means to make known to any person in any manner licensing information.

(b) "Licensing information" means any information created or obtained by the department in the administration of this chapter and chapters 19.80 and 59.30 RCW, which information relates to any person who: (i) Has applied for or has been issued a license or trade name; or (ii) has been issued an assessment or delinquency fee. Licensing information includes initial and renewal business license applications, and business licenses.

(c) "Person" has the same meaning as in RCW 82.04.030 and also includes the state and the state's departments and institutions.

(d) "State agency" means every Washington state office, department, division, bureau, board, commission, or other state agency.

(2) Licensing information is confidential and privileged, and except as authorized by this section, neither the department nor any other person may disclose any licensing information. Nothing in this chapter requires any person possessing licensing information made confidential and privileged by this section to delete information from such information so as to permit its disclosure.

(3) This section does not prohibit the department of revenue, or any other person receiving licensing information from the department under this subsection, from:

(a) Disclosing licensing information in a civil or criminal judicial proceeding or an administrative proceeding:
   (i) In which the person about whom such licensing information is sought and the department, another state agency, or a local government are adverse parties in the proceeding; or
   (ii) Involving a dispute arising out of the department's administration of chapter 19.80 or 59.30 RCW, or this chapter if the licensing information relates to a party in the proceeding;

(b) Disclosing, subject to such requirements and conditions as the director prescribes by rules adopted pursuant to chapter 34.05 RCW, such licensing information regarding a license applicant or license holder to such license applicant or license holder or to such person or persons as that license applicant or license holder may designate in a request for, or consent to, such disclosure, or to any other person, at the license applicant's or license holder's request, to the extent necessary to comply with a request for information or assistance made by the license applicant or license holder to such other person. However, licensing information not received from the license applicant or holder must not be so disclosed if the director determines that such disclosure would compromise any investigation or litigation by any federal, state, or local government agency in connection with the civil or criminal liability of the license applicant, license holder, or another person, or that such disclosure would identify a confidential informant, or that such disclosure is contrary to any agreement entered into by the department that provides for the reciprocal exchange of information with other government agencies, which agreement requires confidentiality with respect to such information unless such information is required to be disclosed to the license applicant or license holder by the order of any court;

(c) Publishing statistics so classified as to prevent the identification of particular licensing information;

(d) Disclosing licensing information for official purposes only, to the governor or attorney general, or to any state agency, or to any committee or subcommittee of the legislature dealing with matters of taxation, revenue, trade, commerce, the control of industry or the professions, or licensing;

(e) Permitting the department's records to be audited and examined by the proper state officer, his or her agents and employees;

(f) Disclosing any licensing information to a peace officer as defined in RCW 9A.04.110 or county prosecuting attorney, for official purposes. The disclosure may be made only in response to a search warrant, subpoena, or other court order, unless the disclosure is for the purpose of criminal tax or license enforcement. A peace officer or county prosecuting attorney who receives the licensing information may disclose that licensing information only for use in the investigation and a related court proceeding, or in the court proceeding for which the licensing information originally was sought;

(g) Disclosing, in a manner that is not associated with other licensing information, the name of a license applicant or license holder, entity type, registered trade name, business address, mailing address, unified business identifier number, list of licenses issued to a person through the business licensing system established in this chapter and their issuance and expiration dates, and the dates of opening of a business. This subsection may not be construed as giving authority to the department to give, sell, or provide access to any list of persons for any commercial purpose;

(h) Disclosing licensing information that is also maintained by another Washington state or local governmental agency as a public record available for inspection and copying under the provisions of chapter 42.56 RCW or is a document maintained by a court of record and is not otherwise prohibited from disclosure;

(i) Disclosing any licensing information when the disclosure is specifically authorized under any other section of the Revised Code of Washington;
(j) Disclosing licensing information to the proper officer of the licensing or tax department of any city, town, or county of this state, for official purposes. If the licensing information does not relate to a license issued by the city, town, or county requesting the licensing information, disclosure may be made only if the laws of the requesting city, town, or county grants substantially similar privileges to the proper officers of this state; or

(k) Disclosing licensing information to the federal government for official purposes.

(4) Notwithstanding anything to the contrary in this section, a state agency or local government agency may disclose licensing information relating to a license issued on its behalf by the department pursuant to this chapter if the disclosure is authorized by another statute, local law, or administrative rule.

(5) The department, any other state agency, or local government may refuse to disclose licensing information that is otherwise disclosable under subsection (3) of this section if such disclosure would violate federal law or any information sharing agreement between the state or local government and federal government.

(6) Any person acquiring knowledge of any licensing information in the course of his or her employment with the department and any person acquiring knowledge of any licensing information as provided under subsection (3)(d), (e), (f), (j), or (k) of this section, who discloses any such licensing information to another person not entitled to knowledge of such licensing information under the provisions of this section, is guilty of a misdemeanor. (a) With actual intent to hinder, delay, or defraud any creditor of the debtor; or  
(b) Without receiving a reasonably equivalent value in exchange for the transfer or obligation, and the debtor:

(ii) Intended to incur, or believed or reasonably should have believed that the debtor would incur, debts beyond the debtor's ability to pay as they became due.

(2) In determining actual intent under subsection (1)(a) of this section, consideration may be given, among other factors, to whether:

(1) A transfer is made:
(a) With respect to an asset that is real property other than a fixture, but including the interest of a seller or purchaser under a contract for the sale of the asset, when the transfer is so far perfected that a good-faith purchaser of the asset from the debtor against which applicable law permits the transfer to be perfected cannot acquire an interest in the asset that is superior to the interest of the transferee; and
(b) With respect to an asset that is not real property or that is a fixture, when the transfer is so far perfected that a creditor on a simple contract cannot acquire a judicial lien otherwise than under this chapter that is superior to the interest of the transferee;

(2) If applicable law permits the transfer to be perfected as provided in subsection (1) of this section and the transfer is not so perfected before the commencement of an action for relief under this chapter, the transfer is deemed made immediately before the commencement of the action;

(3) If applicable law does not permit the transfer to be perfected as provided in subsection (1) of this section, the transfer is made when it becomes effective between the debtor and the transferee;

(4) A transfer is not made until the debtor has acquired rights in the asset transferred; and

(5) An obligation is incurred:
(a) If oral, when it becomes effective between the parties; or

(b) If evidenced by a record, when the record signed by the obligor is delivered to or for the benefit of the obligee. [2017 c 57 § 6; 1987 c 444 § 6.]

(2) To the extent a transfer is avoidable in an action by a creditor under RCW 19.40.071(1)(a), the following rules apply:
(a) Except as otherwise provided in this section, the creditor may recover judgment for the value of the asset transferred, as adjusted under subsection (c) of this section, or the

(3) If the judgment under subsection (2) of this section is based upon the value of the asset transferred, the judgment must be for an amount equal to the value of the asset at the time of the transfer, subject to adjustment as the equities may require.

(4) Notwithstanding voidability of a transfer or an obligation under this chapter, a good-faith transferee or obligee is entitled, to the extent of the value given the debtor for the transfer or obligation, to:

(c) If made pursuant to a good faith effort to rehabilitate the debtor and the transfer secured present value given for that purpose as well as an antecedent debt of the debtor.

Findings—Intent—2011 c 289: "The legislature finds:
(1) The market price of gold has increased significantly in recent years and there has been a proliferation of secondhand dealers, including temporary, transient secondhand businesses, engaging in "cash for gold" type precious metal transactions. Frequently, these "cash for gold" type operations are operated by persons desiring to exploit unsuspecting consumers based on current market conditions;
(2) The increasing number of "cash for gold" type transactions in communities and neighborhoods throughout Washington has been linked to increased crimes involving the theft of gold and other precious metal objects, including home burglaries, robberies, and other crimes, resulting in depressed home values and other threats to the health, safety, and welfare of Washington state residents; and
(3) With the growing number of precious metal transactions, there is a corresponding significant increase in the number of "cash for gold" type storefront businesses, including temporary, transient secondhand businesses, in Washington state which may not be consistent with the quality of life and personal security sought by communities and neighborhoods and the state as a whole.

Therefore, to better protect legitimate owners, consumers, and secondhand dealers, the legislature intends to establish and implement stricter standards relating to transactions involving property consisting of gold and other precious metals." [2011 c 289 § 1.]
19.60.020 Duty to record information. (1) Every pawnbroker and secondhand dealer doing business in this state shall maintain wherever that business is conducted a record in which shall be legibly written in the English language, at the time of each transaction the following information:

If an agency receives a written objection to expedited repeal of the rule, this chapter applies to the rule-making proceeding.

(2) This chapter does not apply to a rule proposed for expedited adoption under RCW 34.05.353, unless a written objection is timely filed with the agency and the objection is not withdrawn.

(3) This chapter does not apply to the adoption of a rule described in RCW 34.05.310(4).

(4) This chapter does not apply to the adoption of a rule if an agency is able to demonstrate that the proposed rule does not affect small businesses.

The portion of the analysis that meets the requirements of RCW 19.85.040 shall be filed with the code reviser and provided to any person requesting it in lieu of a separate small business economic impact statement. However, if the agency has completed the pilot rule process as defined by RCW 34.05.313 before filing the notice of a proposed rule,
the agency is not required to prepare a small business economic impact statement.

(b) An agency must prepare the small business economic impact statement in accordance with RCW 19.85.040, and file it with the code reviser along with the notice required under RCW 34.05.320. An agency must provide a copy of the small business economic impact statement to any person requesting it.

(2) Based upon the extent of disproportionate impact on small business identified in the statement prepared under RCW 19.85.040, the agency shall, where legal and feasible in meeting the stated objectives of the statutes upon which the rule is based, reduce the costs imposed by the rule on small businesses. The agency must consider, without limitation, each of the following methods of reducing the impact of the proposed rule on small businesses:

(b) Simplifying, reducing, or eliminating recordkeeping and reporting requirements;
(c) Reducing the frequency of inspections;
(d) Delaying compliance timetables;

(f) Any other mitigation techniques including those suggested by small businesses or small business advocates.

(3) If a proposed rule affects only small businesses, the proposing agency must consider all mitigation options defined in this chapter.

(4) In the absence of sufficient data to calculate disproportionate impacts, an agency whose rule imposes more than minor costs must mitigate the costs to small businesses, where legal and feasible, as defined in this chapter.

(5) If the agency determines it cannot reduce the costs imposed by the rule on small businesses, the agency must provide a clear explanation of why it has made that determination and include that statement with its filing of the proposed rule pursuant to RCW 34.05.320.

(6)(a) All small business economic impact statements are subject to selective review by the joint administrative rules review committee pursuant to RCW 34.05.630.

A claimant against the bond may maintain an action on the bond, or the director may maintain an action on behalf of the claimant.

(3) The surety bond must be continuous and may be canceled by the surety upon the surety giving written notice to the director of its intent to cancel the bond. The cancellation is effective thirty days after the notice of cancellation is received by the director or the director's designee. Whether or not the bond is renewed, continued, replaced, or modified, including increases or decreases in the penal sum, it is considered one continuous obligation, and the surety upon the bond is not liable in an aggregate or cumulative amount exceeding the penal sum set forth on the face of the bond. In no event may the penal sum, or any portion thereof, at two or more points in time, be added together in determining the surety's liability.

The written notice of surrender must include notice of where the records of the licensee will be stored and the name, address, telephone number, and other contact information of a responsible party who is authorized to provide access to the records. The surrender of a license does not reduce or eliminate the licensee's civil or criminal liability arising from acts or omissions occurring prior to the surrender of the license, including any administrative actions undertaken by the director or the director's designee to revoke or suspend a license, to assess fines, to order payment of restitution, or to exercise any other authority authorized under this chapter. The written notice of surrender must include notice of where the records of the licensee will be stored and the name, address, telephone number, and other contact information of a responsible
party who is authorized to provide access to the records. The surrender of a license does not reduce or eliminate the licensee's civil or criminal liability arising from acts or omissions occurring prior to the surrender of the license, including any administrative actions undertaken by the director or the director's designee to revoke or suspend a license, to assess fines, to order payment of restitution, or to exercise any other authority authorized under this chapter. (c) The commencement of a proceeding to revoke, suspend, restrict, or condition its license, or otherwise discipline or sanction the licensee, in a state or country in which the licensee engages in business or is licensed;

(d) The cancellation or other impairment of the licensee's bond;

(e) A charge or conviction of the licensee or of an executive officer, responsible individual, board director of the licensee, or person in control of the licensee, for a felony; or

19.230.152 Reports—Nationwide licensing system. Each licensee shall submit reports of condition through a nationwide licensing system which must be in the form and contain the information as the director may require. [2017 c 30 § 13; 2014 c 36 § 4.]

19.230.180 Money laundering reports. Every licensee and its authorized delegates shall file all reports required by federal currency reporting, recordkeeping, and suspicious transaction reporting requirements with the appropriate federal agency as set forth in 31 U.S.C. Sec. 5311, 31 C.F.R. Part 1022, and other federal and state laws pertaining to money laundering. Every licensee and its authorized delegates shall maintain copies of these reports in its records in compliance with RCW 19.230.170. [2017 c 30 § 14; 2010 c 73 § 8; 2003 c 287 § 20.]

19.230.190 Confidentiality. (1) Except as otherwise provided in subsection (2) of this section, all information or reports obtained by the director from an applicant, licensee, or authorized delegate and all information contained in, or related to, examination, investigation, operating, or condition reports prepared by, on behalf of, or for the use of the director, or financial statements, balance sheets, or authorized delegate information, are confidential and are not subject to disclosure under chapter 42.56 RCW.

(2) The director may disclose information not otherwise subject to disclosure under subsection (1) of this section to representatives of state or federal agencies who agree in writing to maintain the confidentiality of the information; or if the director finds that the release is reasonably necessary for the protection of the public and in the interests of justice.

(3) This section does not prohibit the director from disclosing to the public a list of persons licensed or reported with the department as authorized delegates under this chapter or the aggregated financial data concerning those licensees. [2017 c 30 § 15; 2005 c 274 § 237; 2003 c 287 § 21.]

19.230.200 Maintenance of permissible investments. (1)(a) A money transmitter licensee must maintain, at all times, permissible investments that have a market value computed in accordance with generally accepted accounting principles of not less than the amount of the licensee's average daily transmission liability. Average daily transmission liability means the sum of the daily amounts of a licensee's outstanding money transmissions, as computed each day of the month divided by the number of days in the month.

(b) A licensee transmitting virtual currencies must hold like-kind virtual currencies of the same volume as that held by the licensee but which is obligated to consumers in lieu of the permissible investments required in (a) of this subsection.

(c) A licensee transmitting both money and virtual currency must maintain applicable levels and types of permissible investments as described in (a) and (b) of this subsection.

(2) The director, with respect to any money transmitter licensee, may limit the extent to which a type of investment within a class of permissible investments may be considered a permissible investment, except for money, time deposits, savings deposits, demand deposits, and certificates of deposit issued by a federally insured financial institution. The director may prescribe in rule, or by order allow, other types of investments that the director determines to have a safety substantially equivalent to other permissible investments. [2017 c 30 § 16; 2013 c 106 § 7; 2010 c 73 § 9; 2003 c 287 § 22.]

19.230.210 Types of permissible investments. (1) Except to the extent otherwise limited by the director under RCW 19.230.200, the following investments are permissible for a money transmitter licensee under RCW 19.230.200:

(a) Cash on hand. Time deposits, savings deposits, demand deposits, certificates of deposit, or senior debt obligations of an insured depository institution as defined in section 3 of the Federal Deposit Insurance Act (12 U.S.C. Sec.
Act of 1940 (15 U.S.C. Sec. 80(a)(1) through (64), and whose portfolio is restricted by the management investment company that is registered with the United States securities and exchange commission under the Investment Companies Act of 1940 (15 U.S.C. Sec. 80(a)(1) through (64), and whose equity shares are traded on a national securities exchange or a national over-the-counter market, if the aggregate of investments under subsection (2) of this section may not exceed fifty percent of the total permissible investments of a licensee.

(b) A share of a person traded on a national securities exchange or a national over-the-counter market, if the aggregate of investments under subsection (2) of this section may not exceed twenty percent of the total permissible investments.

(c) An investment bearing a rating of one of the three highest grades as defined by a nationally recognized organization that rates securities;

(d) An investment security that is an obligation of the United States or a department, agency, or instrumentality thereof; an investment in an obligation that is guaranteed fully as to principal and interest by the United States; or an investment in an obligation of a state or a governmental subdivision, agency, or instrumentality thereof;

(e) Receivables that are payable to a licensee from its authorized delegates, in the ordinary course of business, pursuant to contracts which are not past due or doubtful of collection, if the aggregate amount of receivables under this subsection (1)(e) does not exceed thirty percent of the total permissible investments of a licensee and the licensee does not hold, at one time, receivables under this subsection (1)(e) in any one person aggregating more than ten percent of the licensee's total permissible investments; and

(f) A share or a certificate issued by an open-end management investment company that is registered with the United States securities and exchange commission under the Investment Companies Act of 1940 (15 U.S.C. Sec. 80(a)(1) through (64), and whose portfolio is restricted by the management company's investment policy to investments specified in (a) through (d) of this subsection.

(2) The following investments are permissible under RCW 19.230.200, but only to the extent specified as follows:

(a) An interest-bearing bill, note, bond, or debenture of a person whose equity shares are traded on a national securities exchange or on a national over-the-counter market, if the aggregate of investments under subsection (2)(a) does not exceed twenty percent of the total permissible investments of a licensee and the licensee does not, at one time, hold investments under this subsection (2)(a) in any one person aggregating more than ten percent of the licensee's total permissible investments;

(b) A share of a person traded on a national securities exchange or a national over-the-counter market or a share or certificate issued by an open-end management investment company that is registered with the United States securities and exchange commission under the Investment Companies Act of 1940 (15 U.S.C. Sec. 80(a)(1) through (64), and whose portfolio is restricted by the management company's investment policy to shares of a person traded on a national securities exchange or a national over-the-counter market, if the aggregate of investments under subsection (2)(b) does not exceed twenty percent of the total permissible investments of a licensee and the licensee does not, at one time, hold investments under this subsection (2)(b) in any one person aggregating more than ten percent of the licensee's total permissible investments;

(3) The aggregate of investments under subsection (2) of this section may not exceed twenty percent of the total permissible investments of a licensee.

(4) A licensee may not use any portion of a restricted asset as a permissible investment. Restricted assets include, but are not limited to, surety bonds or any other assets pledged to other persons or entities. The director may establish by rule other restricted assets. [2017 c 30 § 17; 2010 c 73 § 10; 2003 c 287 § 23.]

19.230.250 Unlicensed persons. (1) If the director has reason to believe that a person has violated or is violating RCW 19.230.030 or 19.230.080, the director or the director's designee may conduct an examination or investigation as authorized under RCW 19.230.130.

(2) If as a result of such investigation or examination, the director finds that a person has violated RCW 19.230.030 or 19.230.080, the director may issue a temporary cease and desist order as authorized under RCW 19.230.260.

(3) If as a result of such investigation or examination, the director finds that a person has violated RCW 19.230.030 or 19.230.080, the director may issue an order to prohibit the person from continuing to engage in providing money services, to compel the person to pay restitution to damaged parties, to impose civil money penalties on the person, which may include the costs and expenses to investigate and prosecute violations of this chapter, and to prohibit from participation in the affairs of any licensee or authorized delegate, or both, any executive officer, person in control, or employee of the person.

(4) The director may petition the superior court for the issuance of a temporary restraining order under the rules of civil procedure. [2017 c 30 § 18; 2003 c 287 § 27.]

19.230.290 Civil penalties. The director may assess a civil penalty against a licensee, responsible individual, authorized delegate, or other person that violates this chapter or a rule adopted or an order issued under this chapter in an amount not to exceed one hundred dollars per violation per day for each day the violation is outstanding, plus this state's costs and expenses for the investigation and prosecution of the matter, including reasonable attorneys' fees. [2017 c 30 § 19; 2003 c 287 § 31.]

19.230.320 Fees. (1) The director shall establish fees by rule sufficient to cover the costs of administering this chapter. The director may establish different fees for each type of license authorized under this chapter. These fees may include:

(a) An annual assessment specified in rule by the director paid by each licensee on or before the annual assessment due date;
chapter shall be deposited into the financial services regula-
as specified in rule by the director.

(b) A late fee for late payment of the annual assessment as

specified in rule by the director;

(c) An hourly investigation fee to cover the costs of any

investigation of the books and records of a licensee or other

person subject to this chapter;

(d) A nonrefundable application fee to cover the costs of

this chapter;

(e) An initial license fee to cover the period from the date

(2) The director shall ensure that when an examination or

investigation, or any part of the examination or investigation,

of any licensee applicant or person subject to licensing under

this chapter, requires travel and services outside this state by

the director or designee, the licensee applicant or person sub-

ject to licensing under this chapter that is the subject of the

examination or investigation shall pay the actual travel

expenses incurred by the director or designee conducting the

examination or investigation.

(3) All moneys, fees, and penalties collected under this

chapter shall be deposited into the financial services regula-
tion account.

(4) The director or designee may waive all or a portion of

the fees and assessments under this chapter. [2017 c 30 § 20;

2010 c 73 § 11; 2003 c 287 § 34.]

19.230.330 Money transmitter delivery, receipts, and

refunds. (1)(a) Every money transmitter licensee and its

authorized delegates shall transmit the monetary equivalent

of all money or equivalent value received from a customer for

transmission, net of any fees, or issue instructions commit-
ting the money or its monetary equivalent, to the person des-

ignated by the customer within ten business days after receiv-
ing the money or equivalent value, unless otherwise ordered

by the customer or when the transmission is for the payment

of goods or services or unless the licensee or its authorized

delate has reason to believe that a crime has occurred, is

occurring, or may occur as a result of transmitting the money.

For purposes of this subsection, money is considered to have

been transmitted when it is available to the person designated

by the customer and a reasonable effort has been made to

inform this designated person that the money is available,

whether or not the designated person has taken possession of

the money. As used in this subsection, "monetary equiva-

lent," when used in connection with a money transmission in

which the customer provides the licensee or its authorized
delate with the money of one government, and the des-

ignated recipient is to receive the money of another govern-

ment, means the amount of money, in the currency of the

government that the designated recipient is to receive, as con-

verted at the retail exchange rate offered by the licensee or its

authorized delegate to the customer in connection with the

transaction.

(b) A money transmitter licensee that accepts money or

its equivalent from consumers purchasing goods or services

from third-party merchants and transmits the money or its

equivalent to those merchants selling the goods or services to

the consumer must:

(i) Transmit the money or its equivalent to the merchant

within the time frame agreed upon in the merchant's agree-

ment with the money transmitter licensee; and

(ii) Conspicuously disclose to the merchant in the agree-

ment the money transmitter licensee's authority to place a

hold or delay in transmission of consumer money or its equiva-

cent for more than ten business days and the general circum-

stances under which the merchant may be subject to a hold or

delay.

2(a) Every money transmitter licensee and its author-

ized delegates shall provide a receipt to the customer that

clearly states the amount of money presented for transmis-

sion and the total of any fees charged by the licensee. If the

rate of exchange for a money transmission to be paid in the

currency of another country is fixed by the licensee for that

transaction at the time the money transmission is initiated,

then the receipt provided to the customer shall disclose the

rate of exchange for that transaction, and the duration, if any,

for the payment to be made at the fixed rate of exchange so

specified. If the rate of exchange for a money transmission to

be paid in the currency of another country is not fixed at the

time the money transmission is sent, the receipt provided to

the customer shall disclose that the rate of exchange for that

transaction will be set at the time the recipient of the money

transmission picks up the funds in the foreign country. The

receipt shall also contain the licensee name, address, and

phone number. As used in this section, "fees" does not

include revenue that a licensee or its authorized delegate gen-

erates, in connection with a money transmission, in the con-

version of the money of one government into the money of

another government.

(b) Licensees acting as payment processors not excluded

from this chapter do not have to comply with (a) of this sub-

section if they have no control over receipts issued by mer-

chants or other parties having interactions with the consumer.

(3) Every money transmitter licensee and its authorized

delates shall refund to the customer all moneys received

for transmittal within ten days of receipt of a written request

for a refund unless any of the following occurs:

(a) The moneys have been transmitted and delivered to

the person designated by the customer prior to receipt of the

written request for a refund;

(b) Instructions have been given committing an equiva-

lent amount of money to the person designated by the cus-

tomer prior to receipt of a written request for a refund;

(c) The licensee or its authorized delegate has reason to

believe that a crime has occurred, is occurring, or may poten-

tially occur as a result of transmitting the money as requested

by the customer or refunding the money as requested by the

customer; or

(d) The licensee is otherwise barred by law from making

a refund. [2017 c 30 § 22; 2014 c 206 § 1; 2010 c 73 § 12;

2003 c 287 § 35.]

19.230.370 Virtual currency licensees—Disclosures.

(1) Virtual currency licensees must provide to any person

seeking to use the licensee's products or services the disclo-

sures required by subsection (2) of this section.
(2) As applicable, virtual currency licensees must make the following disclosures:
   (a) A schedule of all fees and charges the licensee may assess on a transaction, how the fees and charges will be calculated if not set in advance and disclosed, and the timing of the fees and charges.
   (b) Whether the product or service provided is insured or guaranteed by an agency of the United States, such as the federal deposit insurance corporation or the securities investor protection corporation or by private insurance against theft or loss, including cybertheft or theft by other means.
   (c) A notice that the transfer of virtual currency or digital units is irrevocable and any exception to the irrevocability of transfer.
   (d) A notice describing the licensee's liability for unauthorized, mistaken, or accidental transfers and, describing the user's responsibility for providing notice of such mistake to the licensee and of general error-resolution rights applicable to any transaction.
   (3) Licensees must provide any additional disclosures the director may require as set forth in rule.
   (4) Disclosures required by this section must be made separately from any other information provided by the licensee and in a clear and conspicuous manner. [2017 c 30 § 21.]

(b) "Nonpower attributes" does not include any aspects, claims, characteristics, and benefits associated with the on-site capture and destruction of methane or other greenhouse gases at a facility through a digester system, landfill gas collection system, or other mechanism, which may be separately marketable as greenhouse gas emission reduction credits, offsets, or similar tradable commodities. However, these separate avoided emissions may not result in or otherwise have the effect of attributing greenhouse gas emissions to the electricity.

(19) "Qualifying utility" means an electric utility, as the term "electric utility" is defined in RCW 19.29A.010, that serves more than twenty-five thousand customers in the state of Washington. The number of customers served may be based on data reported by a utility in form 861, "annual electric utility report," filed with the energy information administration, United States department of energy.

(20) "Renewable energy credit" means a tradable certificate of proof of at least one megawatt-hour of an eligible renewable resource where the generation facility is not powered by freshwater. (23) "Year" means the twelve-month period commencing January 1st and ending December 31st. [2017 c 315 § 1; 2014 c 45 § 1. Prior: 2013 c 158 § 1; 2013 c 99 § 1; 2013 c 61 § 1; prior: 2012 c 22 § 2; 2009 c 565 § 20; 2007 c 1 § 3 (Initiative Measure No. 937, approved November 7, 2006).]

Findings—Intent—2012 c 22: "(1) The legislature finds that: (a) Pulp liquors can be used to reduce harmful pollution and produce electricity and thermal energy that enables pulp and paper facilities to be highly energy efficient; (b) biomass facilities and pulp and paper mills are typically located in communities that are disproportionately affected by economic downturns; (c) mill closures have occurred throughout the state for more than a decade and the remaining ones have become all the more dependent on selling wood residuals, which are used for electricity generation, in order to sustain their economic viability; (d) employment at pulp and paper mills in the state has also declined significantly, most recently in Grays Harbor and Snohomish counties; (e) wood derived biomass is a renewable fuel for generating electricity and considered carbon-neutral under the laws of the state of Washington; and (f) using food processing residues, food waste, and yard waste to generate renewable electricity can benefit rural economies, decrease the amount of solid waste that requires disposal, and reduce greenhouse gas emissions that result from organic decay.

(2) The legislature declares that, by promoting the generation of renewable energy from biomass, particularly in economically distressed communities, it intends to ensure greater economic stability for the communities that have suffered heavy job losses and chronic unemployment.

(3) The legislature further declares that: (a) The owners of qualified biomass energy facilities that must comply with the renewable energy standards under the energy independence act of 2006, either as a matter of law or contractual obligation, should be permitted to use qualified biomass energy credits to meet their obligations; and (b) electricity that is generated by a biomass energy facility that entered commercial operation after March 31, 1999, from the combustion of organic by-products of pulping and the wood manufacturing process should be treated as an eligible renewable resource." [2012 c 22 § 1.]

19.285.040 Energy conservation and renewable energy targets. (1) Each qualifying utility shall pursue all available conservation that is cost-effective, reliable, and feasible.

(a) By January 1, 2010, using methodologies consistent with those used by the Pacific Northwest electric power and conservation planning council in the most recently published regional power plan as it existed on June 12, 2014, or a subsequent date as may be provided by the department or the commission by rule, each qualifying utility shall identify its achievable cost-effective conservation potential through 2019. Nothing in the rule adopted under this subsection precludes a qualifying utility from using its utility specific conservation measures, values, and assumptions in identifying its achievable cost-effective conservation potential. At least every two years thereafter, the qualifying utility shall review and update this assessment for the subsequent ten-year period.

(b) Beginning January 2010, each qualifying utility shall establish and make publicly available a biennial acquisition target for cost-effective conservation consistent with its identification of achievable opportunities in (a) of this subsection, and meet that target during the subsequent two-year period. At a minimum, each biennial target must be no lower than the qualifying utility's pro rata share for that two-year period of its cost-effective conservation potential for the subsequent ten-year period.
(c)(i) Except as provided in (c)(ii) and (iii) of this subsection, beginning on January 1, 2014, cost-effective conservation achieved by a qualifying utility in excess of its biennial acquisition target may be used to help meet the immediately subsequent two biennial acquisition targets, such that no more than twenty percent of any biennial target may be met with excess conservation savings.

(ii) Beginning January 1, 2014, a qualifying utility may use single large facility conservation savings in excess of its biennial target to meet up to an additional five percent of the immediately subsequent two biennial acquisition targets, such that no more than twenty-five percent of any biennial target may be met with excess conservation savings allowed under all of the provisions of this section combined. For the purposes of this subsection (1)(c)(ii), "single large facility conservation savings" means cost-effective conservation savings achieved in a single biennial period at the premises of a single customer of a qualifying utility whose annual electricity consumption prior to the conservation savings exceeded five average megawatts.

(iii) Beginning January 1, 2012, and until December 31, 2017, a qualifying utility with an industrial facility located in a county with a population between ninety-five thousand and one hundred fifteen thousand that is directly interconnected with electricity facilities that are capable of carrying electricity at transmission voltage may use cost-effective conservation from that industrial facility in excess of its biennial acquisition target to help meet the immediately subsequent two biennial acquisition targets, such that no more than twenty-five percent of any biennial target may be met with excess conservation savings allowed under all of the provisions of this section combined.

(d) In meeting its conservation targets, a qualifying utility may count high-efficiency cogeneration owned and used by a retail electric customer to meet its own needs. High-efficiency cogeneration is the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output. The reduction in load due to high-efficiency cogeneration shall be: (i) Calculated as the ratio of the fuel chargeable to power heat rate of the cogeneration facility compared to the heat rate on a new and clean basis of a best-commercially available technology combined-cycle natural gas-fired combustion turbine; and (ii) counted towards meeting the biennial conservation target in the same manner as other conservation savings.

(e) The commission may determine if a conservation program implemented by an investor-owned utility is cost-effective based on the commission's policies and practice.

(f) The commission may rely on its standard practice for review and approval of investor-owned utility conservation targets.

(2)(a) Except as provided in (j) of this subsection, each qualifying utility shall use eligible renewable resources or acquire equivalent renewable energy credits, or any combination of them, to meet the following annual targets:

(i) At least three percent of its load by January 1, 2012, and each year thereafter through December 31, 2015;

(ii) At least nine percent of its load by January 1, 2016, and each year thereafter through December 31, 2019; and

(iii) At least fifteen percent of its load by January 1, 2020, and each year thereafter.

(b) A qualifying utility may count distributed generation at double the facility's electrical output if the utility: (i) Owns or has contracted for the distributed generation and the associated renewable energy credits; or (ii) has contracted to purchase the associated renewable energy credits.

(c) In meeting the annual targets in (a) of this subsection, a qualifying utility shall calculate its annual load based on the average of the utility's load for the previous two years.

(d) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if: (i) The utility's weather-adjusted load for the previous three years on average did not increase over that time period; (ii) after December 7, 2006, the utility did not commence or renew ownership or incremental purchases of electricity from resources other than coal transition power or renewable resources other than on a daily spot price basis and the electricity is not offset by equivalent renewable energy credits; and (iii) the utility invested at least one percent of its total annual retail revenue requirement that year on eligible renewable resources, renewable energy credits, or a combination of both.

(e) The requirements of this section may be met for any given year with renewable energy credits produced during that year, the preceding year, or the subsequent year. Each renewable energy credit may be used only once to meet the requirements of this section.

(f) In complying with the targets established in (a) of this subsection, a qualifying utility may not count:

(i) Eligible renewable resources or distributed generation where the associated renewable energy credits are owned by a separate entity; or

(ii) Eligible renewable resources or renewable energy credits obtained for and used in an optional pricing program such as the program established in RCW 19.29A.090.

(g) Where fossil and combustible renewable resources are cofired in one generating unit located in the Pacific Northwest where the cofiring commenced after March 31, 1999, the unit shall be considered to produce eligible renewable resources in direct proportion to the percentage of the total heat value represented by the heat value of the renewable resources.

(h)(i) A qualifying utility that acquires an eligible renewable resource or renewable energy credit may count that acquisition at one and two-tenths times its base value:

(A) Where the eligible renewable resource comes from a facility that commenced operation after December 31, 2005; and

(B) Where the developer of the facility used apprenticeship programs approved by the council during facility construction.

(ii) The council shall establish minimum levels of labor hours to be met through apprenticeship programs to qualify for this extra credit.

(i) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if events beyond the reasonable control of the utility that could not have been reasonably anticipated or ameliorated prevented it
from meeting the renewable energy target. Such events include weather-related damage, mechanical failure, strikes, lockouts, and actions of a governmental authority that adversely affect the generation, transmission, or distribution of an eligible renewable resource under contract to a qualifying utility.

(j)(i) Beginning January 1, 2016, only a qualifying utility that owns or is directly interconnected to a qualified biomass energy facility may use qualified biomass energy to meet its compliance obligation under this subsection.

(ii) A qualifying utility may no longer use electricity and associated renewable energy credits from a qualified biomass energy facility if the associated industrial pulping or wood manufacturing facility ceases operation other than for purposes of maintenance or upgrade.

(k) An industrial facility that hosts a qualified biomass energy facility may only transfer or sell renewable energy credits associated with qualified biomass energy generated at its facility to the qualifying utility with which it is directly interconnected with facilities owned by such a qualifying utility and that are capable of carrying electricity at transmission voltage. The qualifying utility may only use an amount of renewable energy credits associated with qualified biomass energy that are equivalent to the proportionate amount of its annual targets under (a)(ii) and (iii) of this subsection that was created by the load of the industrial facility. A qualifying utility that owns a qualified biomass energy facility may not transfer or sell renewable energy credits associated with qualified biomass energy to another person, entity, or qualifying utility.

(3) Utilities that become qualifying utilities after December 31, 2006, shall meet the requirements in this section on a time frame comparable in length to that provided for qualifying utilities as of December 7, 2006. [2017 c 315 § 2; 2014 c 26 § 1; 2013 c 158 § 2; 2012 c 22 § 3; 2007 c 1 § 4 (Initiative Measure No. 937, approved November 7, 2006).]

19.285.080 Rule making. (1) The commission may adopt rules to ensure the proper implementation and enforcement of this chapter as it applies to investor-owned utilities.

(2) The department shall adopt rules concerning only process, timelines, and documentation to ensure the proper implementation of this chapter as it applies to qualifying utilities that are not investor-owned utilities. Those rules include, but are not limited to, rules associated with a qualifying utility's biometric identifiers. Those rules may not transfer or sell renewable energy credits associated with qualified biomass energy to another person, entity, or qualifying utility.

(3) The commission and department may coordinate in developing rules related to process, timelines, and documentation that are necessary for implementation of this chapter.

(4) Pursuant to the administrative procedure act, chapter 34.05 RCW, rules needed for the implementation of this chapter must be adopted by December 31, 2007. These rules may be revised as needed to carry out the intent and purposes of this chapter. [2017 c 315 § 3; 2007 c 1 § 8 (Initiative Measure No. 937, approved November 7, 2006).]

Chapter 19.375 RCW

BIOMETRIC IDENTIFIERS

19.375.010 Definitions. The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Biometric identifier" means data generated by automatic measurements of an individual's biological characteristics, such as a fingerprint, voiceprint, eye retinas, irises, or other unique biological patterns or characteristics that is used to identify a specific individual. "Biometric identifier" does not include a physical or digital photograph, video or audio recording or data generated therefrom, or information collected, used, or stored for health care treatment, payment, or operations under the federal health insurance portability and accountability act of 1996.

(2) "Biometric system" means an automated identification system capable of capturing, processing, and storing a biometric identifier, comparing the biometric identifier to one or more references, and matching the biometric identifier to a specific individual.

(3) "Capture" means the process of collecting a biometric identifier from an individual.

(4) "Commercial purpose" means a purpose in furtherance of the sale or disclosure to a third party of a biometric identifier for the purpose of marketing of goods or services when such goods or services are unrelated to the initial transaction in which a person first gains possession of an individual's biometric identifier. "Commercial purpose" does not include a security or law enforcement purpose.

(5) "Enroll" means to capture a biometric identifier of an individual, convert it into a reference template that cannot be reconstructed into the original output image, and store it in a database that matches the biometric identifier to a specific individual.

(6) "Law enforcement officer" means a law enforcement officer as defined in RCW 9.41.010 or a federal peace officer as defined in RCW 10.93.020.

(7) "Person" means an individual, partnership, corporation, limited liability company, organization, association, or any other legal or commercial entity, but does not include a government agency.

(8) "Security purpose" means the purpose of preventing shoplifting, fraud, or any other misappropriation or theft of a thing of value, including tangible and intangible goods, services, and other purposes in furtherance of protecting the security or integrity of software, accounts, applications, online services, or any person. [2017 c 299 § 3.]

19.375.020 Enrollment, disclosure, and retention of biometric identifiers. (1) A person may not enroll a biomet-

[2017 RCW Supp—page 188]
(7) Nothing in this section requires an entity to provide notice and obtain consent to collect, capture, or enroll a biometric identifier and store it in a biometric system, or otherwise, in furtherance of a security purpose.  [2017 c 299 § 2.]

19.375.030 Application of consumer protection act.  
(1) The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.  

(2) This chapter may be enforced solely by the attorney general under the consumer protection act, chapter 19.86 RCW.  [2017 c 299 § 4.]

19.375.040 Exclusions.  
(1) Nothing in this chapter applies in any manner to a financial institution or an affiliate of a financial institution that is subject to Title V of the federal Gramm-Leach-Bliley act of 1999 and the rules promulgated thereunder.  

(2) Nothing in this chapter applies to activities subject to Title V of the federal health insurance privacy and portability act of 1996 and the rules promulgated thereunder.  

(3) Nothing in this chapter expands or limits the authority of a law enforcement officer acting within the scope of his or her authority including, but not limited to, the authority of a state law enforcement officer in executing lawful searches and seizures.  [2017 c 299 § 5.]

19.375.900 Finding—Intent—2017 c 299.  The legislature finds that citizens of Washington are increasingly asked to disclose sensitive biological information that uniquely identifies them for commerce, security, and convenience. The collection and marketing of biometric information about individuals, without consent or knowledge of the individual whose data is collected, is of increasing concern. The legislature intends to require a business that collects and can attribute biometric data to a specific uniquely identified individual to disclose how it uses that biometric data, and provide notice to and obtain consent from an individual before enrolling or changing the use of that individual’s biometric identifier in a database. 21.20.886 Repealed.
21.20.880 Small securities offerings—Exemptions—Annual reports—Disqualification provisions—Rules. (1) Any offer or sale of a security is exempt from RCW 21.20.040 through 21.20.300 and 21.20.327, except as expressly provided, if:
   (a) The issuer first files the offering with the director and the director declares the offering exempt;
   (b) The offering is conducted in accordance with an applicable exemption from registration under the securities act of 1933;
   (c) The issuer is an entity doing business in the state of Washington;
   (d) The issuer files with the director an escrow agreement providing that all offering proceeds will be released to the issuer only when the aggregate capital raised from all investors equals or exceeds the minimum target offering, as determined by the director;
   (e) The aggregate purchase price of all securities sold by an issuer pursuant to the exemption provided by this section does not exceed one million dollars during any twelve-month period;
   (f) The aggregate amount sold to any investor, other than an "accredited investor" as that term is defined under the securities act of 1933, by one or more issuers during the twelve-month period preceding the date of the sale does not exceed:
      (i) The greater of two thousand dollars or five percent of the annual income or net worth of the investor, as applicable, if either the annual income or the net worth of the investor is less than one hundred thousand dollars; or
      (ii) Ten percent of the annual income or net worth of the investor, as applicable, up to one hundred thousand dollars, if either the annual income or net worth of the investor is one hundred thousand dollars or more;
   (g) The investor acknowledges by manual or electronic signature the following statement conspicuously presented at the time of sale on a page separate from other information relating to the offering: "I acknowledge that I am investing in a high-risk, speculative business venture, that I may lose all of my investment, and that I can afford the loss of my investment";
   (h) The issuer reasonably believes that all purchasers are purchasing for investment and not for sale in connection with a distribution of the security; and
      (i) The issuer and investor provide any other information reasonably requested by the director.
   (2) Attempted compliance with the exemption provided by this section does not act as an exclusive election. The issuer may claim any other applicable exemption.
   (3) For as long as securities issued under the exemption provided by this section are outstanding, the issuer shall provide an annual report to the issuer's shareholders and the director no later than one hundred twenty days after the end of the fiscal year covered by the report. An issuer may provide the report to its shareholders by posting a copy of the report on the issuer's web site. The report must contain the following information:
      (a) Executive officer and director compensation, including specifically the cash compensation earned by the executive officers and directors since the previous report and on an annual basis, and any bonuses or other compensation, including stock options or other rights to receive equity securities of the issuer or any affiliate of the issuer, received by them; and
      (b) A brief analysis by management of the issuer of the business operations and financial condition of the issuer.
   (4) Securities issued under the exemption provided by this section may not be transferred by the purchaser during a one-year period beginning on the date of purchase, unless the securities are transferred:
      (a) To the issuer of the securities;
      (b) To an accredited investor;
      (c) As part of a registered offering; or
      (d) To a member of the family of the purchaser or the equivalent, or in connection with the death or divorce or other similar circumstances, in the discretion of the director.
   (5) The director shall adopt disqualification provisions under which this exemption shall not be available to any person or its predecessors, affiliates, officers, directors, underwriters, or other related persons. The provisions shall be substantially similar to the disqualification provisions adopted by the securities and exchange commission pursuant to the requirements of section 401(b)(2) of the Jobs act of 2012 or, if none, as adopted in Rule 506 of Regulation D. Notwithstanding the foregoing, this exemption shall become available on June 12, 2014.
   (6) Any type of equity or convertible debt security may be offered under the exemption provided under this section.
   (7) Subject to RCW 21.20.450, the director may amend, or repeal rules to implement this section, including the establishment of filing and transaction fees sufficient to cover the costs of administering this section. [2017 c 113 § 1; 2014 c 144 § 3.]

Short title—2014 c 144: "This act may be known and cited as the Washington jobs act of 2014." [2014 c 144 § 1.]

Findings—Intent—2014 c 144: "The legislature finds that start-up companies play a critical role in creating new jobs and revenues. Crowdfunding, or raising money through small contributions from a large number of investors, allows smaller enterprises to access the capital they need to get new businesses off the ground. The legislature further finds that the costs of state securities registration often outweigh the benefits to Washington startups seeking to make small securities offerings and that the use of crowdfunding for business financing in Washington is significantly restricted by state securities laws. Helping new businesses access equity crowdfunding within certain boundaries will democratize venture capital and facilitate investment by Washington residents in Washington start-ups while protecting consumers and investors. For these reasons, the legislature intends to provide Washington businesses and investors the opportunity to benefit from equity crowdfunding." [2014 c 144 § 2.]

23B.07.050 Notice of meeting.
23B.07.300 Voting trusts.
23B.07.320 Agreements among shareholders—Acquisition of shares after agreement.

23B.07.050 Notice of meeting. (1) A corporation shall notify shareholders of the date, time, and place of each annual and special shareholders' meeting. Such notice shall be given no fewer than ten nor more than sixty days before the meeting date, except that notice of a shareholders' meeting to act on an amendment to the articles of incorporation, a plan of merger or share exchange, a proposed disposition of property and assets pursuant to RCW 23B.12.020, or the dissolution of the corporation shall be given no fewer than twenty nor more than sixty days before the meeting date. Unless this title or the articles of incorporation require otherwise, the corporation is required to give notice only to shareholders entitled to vote at the meeting.

(2) Unless this title or the articles of incorporation require otherwise, notice of an annual meeting need not include a description of the purpose or purposes for which the meeting is called.

(3) Notice of a special meeting must include a description of the purpose or purposes for which the meeting is called.

(4) Unless the bylaws require otherwise, if an annual or special shareholders' meeting is adjourned to a different date, time, or place, notice need not be given of the new date, time, or place if the new date, time, or place is announced at the meeting before adjournment. If a new record date for the adjourned meeting is or must be fixed under RCW 23B.07.070, however, notice of the adjourned meeting must be given under this section to persons who are shareholders as of the new record date. [2017 c 28 § 13; 1989 c 165 § 64.]

23B.07.300 Voting trusts. (1) One or more shareholders may create a voting trust, conferring on a trustee the right to vote or otherwise act for them, by signing an agreement setting out the provisions of the trust, which may include anything consistent with its purpose, and transferring their shares to the trustee. When a voting trust agreement is signed, the trustee shall prepare a list of the names and addresses of all voting trust beneficial owners, together with the number and class of shares each voting trust beneficial owner transferred to the trust, and deliver copies of the list and agreement to the corporation's principal office.

(2) A voting trust becomes effective on the date the first shares subject to the trust are registered in the trustee's name.

(3) Limits, if any, on the duration of a voting trust are to be as set forth in the voting trust agreement. A voting trust that became effective when this section limited the term of a
voting trust to ten years will remain governed by the provisions of this section then in effect relating to the duration of voting trusts, unless the voting trust agreement is amended to provide otherwise by unanimous agreement of the parties to that agreement. [2017 c 28 § 15; 1989 c 165 § 77.]

23B.07.320 Agreements among shareholders—Acquisition of shares after agreement. (1) An agreement among the shareholders of a corporation that is not contrary to public policy and that complies with this section is effective among the shareholders and the corporation even though it is inconsistent with one or more other provisions of this title in that it:

(a) Eliminates the board of directors or restricts the discretion or powers of the board of directors;

(b) Governs the approval or making of distributions whether or not in proportion to ownership of shares, subject to the limitations in RCW 23B.06.400;

(c) Establishes who shall be directors or officers of the corporation, or their terms of office or manner of selection or removal;

(d) Governs, in general or in regard to specific matters, the exercise or division of voting power by or between the shareholders and directors or by or among any of them, including use of weighted voting rights or director proxies;

(e) Establishes the terms and conditions of any agreement for the transfer or use of property or the provision of services between the corporation and any shareholder, director, officer, or employee of the corporation or among any of them;

(f) Transfers to one or more shareholders or other persons all or part of the authority to exercise the corporate powers or to manage the business and affairs of the corporation;

(g) Provides a process by which a deadlock among directors or shareholders may be resolved;

(h) Requires dissolution of the corporation at the request of one or more shareholders or upon the occurrence of a specified event or contingency; or

(i) Otherwise governs the exercise of the corporate powers or the management of the business and affairs of the corporation or the relationship among the shareholders, the directors, and the corporation, or among any of them.

(2) An agreement authorized by this section shall be:

(a) Set forth in a written agreement that is signed by all persons who are shareholders at the time of the agreement and is made known to the corporation; and

(b) Subject to amendment only by all persons who are shareholders with respect to an agreement authorized by this section if no shares have been issued when the agreement is made.

(3) The existence of an agreement authorized by this section shall be noted conspicuously on the front or back of each certificate for outstanding shares or on the information statement required by RCW 23B.06.260(2). If at the time of the agreement the corporation has shares outstanding represented by certificates, the corporation shall recall the outstanding certificates and issue substitute certificates that comply with this subsection. The failure to note the existence of the agreement on the certificate or information statement shall not affect the validity of the agreement or any action taken pursuant to it. Unless the agreement provides otherwise, any person who acquires outstanding or newly issued shares in the corporation after an agreement authorized by this section has been effected, whether by purchase, gift, operation of law, or otherwise, is deemed to have assented to the agreement and to be a party to the agreement. A purchaser of shares who is aggrieved because he or she at the time of purchase did not have actual or constructive knowledge of the existence of the agreement may either: (a) Bring an action to rescind the purchase within the earlier of ninety days after discovery of the existence of the agreement or two years after the purchase of the shares; or (b) continue to hold the shares subject to the agreement but with a right of action for any damages resulting from nondisclosure of the existence of the agreement. A purchaser shall be deemed to have constructive knowledge of the existence of the agreement if its existence is noted on the certificate or information statement for the shares in compliance with this subsection and, if the shares are not represented by a certificate, the information statement is delivered to the purchaser at or prior to the time of purchase of the shares.

(4) An agreement authorized by this section shall cease to be effective when shares of the corporation are listed on a national securities exchange or regularly traded in a market maintained by one or more members of a national or affiliated securities association.

(5) An agreement authorized by this section that limits the discretion or powers of the board of directors shall relieve the directors of, and impose upon the person or persons in whom such discretion or powers are vested, liability for acts or omissions imposed by law on directors to the extent that the discretion or powers of the directors are limited by the agreement.

(6) The existence or performance of an agreement authorized by this section shall not be a ground for imposing personal liability on any shareholder for the acts or debts of the corporation even if the agreement or its performance treats the corporation as if it were a partnership or results in failure to observe the corporate formalities otherwise applicable to the matters governed by the agreement.

(7) Incorporators or subscribers for shares may act as shareholders with respect to an agreement authorized by this section if no shares have been issued when the agreement is made.

(8) Limits, if any, on the duration of an agreement governed by this section are to be as set forth in the agreement. An agreement governed by this section that became effective when this section limited the term of such an agreement to ten years unless the agreement provided otherwise will remain governed by the provisions of this section then in effect relating to the duration of agreements among shareholders. [2017 c 28 § 16; 2009 c 189 § 22; 1995 c 47 § 6; 1993 c 290 § 4.]

MERGER AND SHARE EXCHANGE

Sections
23B.11.040 Merger of or into subsidiary.

23B.11.040 Merger of or into subsidiary. (1) A parent corporation owning at least ninety percent of the outstanding shares of each class of a subsidiary corporation may (a) merge the subsidiary into itself without approval of the share-
23B.12.020 Sale of property and assets other than in the usual and regular course of business. (1) A corporation may sell, lease, exchange, or otherwise dispose of all, or substantially all, of its property and assets, otherwise than in the usual and regular course of business, on the terms and conditions and for the consideration determined by the corporation's board of directors. Except as provided in subsection (8) of this section, a transaction described in this subsection requires approval of the corporation's shareholders.

(2) For a transaction to be approved by a corporation's shareholders:

(a) The board of directors must submit the proposed transaction to the shareholders for their approval;

(b) The board of directors must recommend the proposed transaction to the shareholders unless (i) the board of directors determines that because of conflict of interest or other special circumstances it should make no recommendation or (ii) RCW 23B.08.245 applies, and in either case the board of directors communicates the basis for so proceeding to the shareholders; and

(c) The shareholders entitled to vote must approve the transaction.

(3) The board of directors may condition its submission of the proposed transaction on any basis, including the affirmative vote of holders of a specified percentage of shares held by any group of shareholders not otherwise entitled under this title or the articles of incorporation to vote as a separate voting group on the proposed transaction.

(4) If the approval of the shareholders is to be given at a meeting, the corporation shall notify each shareholder, whether or not entitled to vote, of the proposed shareholders' meeting at which the proposed transaction is to be submitted for approval in accordance with RCW 23B.07.050. The notice must state that the purpose, or one of the purposes, of the meeting is to consider the sale, lease, exchange, or other disposition of all, or substantially all, of the property and assets of the corporation and contain or be accompanied by a description of the transaction.

(5) In addition to any other voting conditions imposed by the board of directors under subsection (3) of this section, the transaction must be approved by two-thirds of the voting group comprising all the votes entitled to be cast on the transaction, and of each other voting group entitled under the articles of incorporation to vote separately on the transaction, unless shareholder approval is not required under subsection (8) of this section. The articles of incorporation may require a greater or lesser vote than provided in this subsection, or a greater or lesser vote by any separate voting groups provided for in the articles of incorporation, so long as the required vote is not less than a majority of all the votes entitled to be cast on the transaction and of each other voting group entitled to vote separately on the transaction.

(6) After a sale, lease, exchange, or other disposition of property and assets has been approved as required by this section, the transaction may be abandoned, subject to any contractual rights, without further shareholder approval, in a manner determined by the board of directors.

(7) A transaction that constitutes a distribution is governed by RCW 23B.06.400 and not by this section.

(8) Unless the articles of incorporation otherwise require, approval by the shareholders of a parent corporation...
is not required for the transfer of any or all of the parent corporation's property and assets to one or more subsidiary corporations or other entities all of the shares or interests of which are owned, directly or indirectly, by the parent corporation.

(9) The sale, lease, exchange, or other disposition of all, or substantially all, the assets of one or more subsidiaries of a corporation, if not in the usual and regular course of business as conducted by that subsidiary or those subsidiaries, is to be treated as a disposition by the parent corporation within the meaning of subsection (1) of this section if the subsidiary or subsidiaries constitute all, or substantially all, the assets of the parent corporation. [2017 c 28 § 11; 2011 c 328 § 7; 2009 c 189 § 40; 2003 c 35 § 8; 1989 c 165 § 139.]

(a) A plan of merger, which has become effective, to which the corporation is a party (i) if shareholder approval was required for the merger by RCW 23B.11.030, 23B.11.080, or the articles of incorporation, and the shareholder was entitled to vote on the merger, or (ii) if the corporation was a subsidiary and the plan of merger provided for the merger of the subsidiary with its parent under RCW 23B.11.040;

(b) A plan of share exchange, which has become effective, to which the corporation is a party as the corporation whose shares have been acquired, if the shareholder was entitled to vote on the plan;

(c) A sale, lease, exchange, or other disposition, which has become effective, of all, or substantially all, of the property and assets of the corporation other than in the usual and regular course of business, if the shareholder was entitled to vote on the sale, lease, exchange, or other disposition, including a disposition in dissolution, but not including a disposition pursuant to court order or a disposition for cash pursuant to a plan by which all or substantially all of the net proceeds of the disposition will be distributed to the shareholders within one year after the date of the disposition;

(d) An amendment of the articles of incorporation, whether or not the shareholder was entitled to vote on the amendment, if the amendment affects a redemption or cancellation of all of the shareholder's shares in exchange for cash or other consideration other than shares of the corporation;

(e) Any action described in RCW 23B.25.120;

(f) Any corporate action approved pursuant to a shareholder vote to the extent the articles of incorporation, bylaws, or a resolution of the board of directors provides that voting or nonvoting shareholders are entitled to dissent and obtain payment for their shares; or

(g) A plan of entity conversion in the case of a conversion of a domestic corporation to a foreign corporation, which has become effective, to which the domestic corporation is a party as the converting entity, if: (i) The shareholder was entitled to vote on the plan; and (ii) the shareholder does not receive shares in the surviving entity that have terms as favorable to the shareholder in all material respects and that represent at least the same percentage interest of the total voting rights of the outstanding shares of the surviving entity as the shares held by the shareholder before the conversion.

(2) A shareholder entitled to dissent and obtain payment for the shareholder's shares under this chapter may not challenge the corporate action creating the shareholder's entitlement unless the action fails to comply with the procedural requirements imposed by this title, RCW 25.10.831 through 25.10.886, the articles of incorporation, or the bylaws, or is fraudulent with respect to the shareholder or the corporation.

(3) The right of a dissenting shareholder to obtain payment of the fair value of the shareholder's shares shall terminate upon the occurrence of any one of the following events:

(a) The proposed corporate action is abandoned or rescinded;

(b) A court having jurisdiction permanently enjoins or sets aside the corporate action; or

(c) The shareholder's demand for payment is withdrawn with the written consent of the corporation. [2017 c 28 § 11; 2014 c 83 § 15; 2013 c 97 § 1. Prior: 2009 c 189 § 41; 2009 c 188 § 1404; 2003 c 35 § 9; 1991 c 269 § 37; 1989 c 165 § 141.]

Significant Business Transactions

Sections

23B.19.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Acquiring person" means a person or group of persons, other than the target corporation or a subsidiary of the target corporation, who is the beneficial owner of voting shares entitled to cast votes comprising ten percent or more of the voting power of the target corporation; provided, however, that the term "acquiring person" does not include any person who (a) beneficially owned voting shares entitled to cast votes comprising ten percent or more of the voting power of the target corporation on March 23, 1988; (b) acquired its voting shares of the target corporation solely by gift, inheritance, or in a transaction in which no consideration is exchanged; (c) equals or exceeds the ten percent threshold as a result of action taken solely by the target corporation, such as redemption of shares, unless that person, by its own action, acquires additional voting shares of the target corporation; (d) beneficially owned voting shares entitled to cast votes comprising ten percent or more of the voting power of the target corporation prior to the time the target corporation had a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act; or (e) beneficially owned voting shares entitled to cast votes comprising ten percent or more of the voting
power of the target corporation prior to the time the target corporation amended its articles of incorporation to provide that the corporation shall be subject to the provisions of this chapter. An agent, bank, broker, nominee, or trustee for another person, if the other person is not an acquiring person, who acts in good faith and not for the purpose of circumventing this chapter, is not an acquiring person. For the purpose of determining whether a person is an acquiring person, the number of voting shares of the target corporation that are outstanding shall include voting shares beneficially owned by the person through application of subsection (4) of this section, but shall not include any other unissued voting shares of the target corporation which may be issuable pursuant to any agreement, arrangement, or understanding; or upon exercise of conversion rights, warrants, or options; or otherwise.

(2) "Affiliate" means a person who directly or indirectly controls, or is controlled by, or is under common control with, a person.

(3) "Announcement date," when used in reference to any significant business transaction, means the date of the first public announcement of the final, definitive proposal for such a significant business transaction.

(4) "Associate" means (a) a domestic or foreign corporation or organization of which a person is an officer, director, member, or partner or in which a person performs a similar function; (b) a direct or indirect beneficial owner of ten percent or more of any class of equity securities of a person; (c) a trust or estate in which a person has a beneficial interest or as to which a person serves as trustee or in a similar fiduciary capacity; and (d) the spouse or a parent or sibling of a person or a child, grandchild, sibling, parent, or spouse of any thereof, of a person or an individual having the same home as a person.

(5)(a)(i) "Beneficial owner" when used with respect to any shares means a person who individually or with or through any of its affiliates or associates:

(A) Has or shares:
   (I) The power to vote, or to direct the voting of, the shares, directly or indirectly;
   (II) The power to dispose, or to direct the disposition of, the shares, directly or indirectly;
   (III) The right to acquire the shares, whether the right is exercisable immediately or only after the passage of time, pursuant to any agreement, arrangement, or understanding, whether or not in writing, or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise; or
   (IV) The right to vote the shares pursuant to any agreement, arrangement, or understanding, whether or not in writing; or

(B) Has any agreement, arrangement, or understanding, whether or not in writing, for the purpose of acquiring, holding, voting, or disposing of the shares with any other person who beneficially owns, or whose affiliates or associates beneficially own, directly or indirectly, the shares.

(ii)(A) A person is not the beneficial owner of shares under (a)(i)(A)(III) of this subsection with respect to shares tendered pursuant to a tender or exchange offer made by the person or any of the person's affiliates or associates until the tendered shares are accepted for purchase or exchange.

(B) A person is not the beneficial owner of any shares under (a)(i)(A)(IV) of this subsection if the agreement, arrangement, or understanding to vote the shares arises solely from a revocable proxy or consent given in response to a proxy or consent solicitation made in accordance with the applicable rules and regulations under the exchange act and is not then reportable on schedule 13D under the exchange act, or any comparable or successor report.

(C) A person is not the beneficial owner of any shares under (a)(i)(B) of this subsection if the agreement, arrangement, or understanding for the purpose of voting the shares arises solely from a revocable proxy or consent given in response to a proxy or consent solicitation made in accordance with the applicable rules and regulations under the exchange act and is not then reportable on schedule 13D under the exchange act, or any comparable or successor report.

(b) The terms "beneficial ownership," "beneficially own," and "beneficially owned" have meanings correlative to the meaning of "beneficial owner."

(6) "Common shares" means any shares other than preferred shares.

(7) "Consummation date," with respect to any significant business transaction, means the date of consummation of such a significant business transaction, or, in the case of a significant business transaction as to which a shareholder vote is taken, the later of the business day prior to the vote or twenty days prior to the date of consummation of such a significant business transaction.

(8) "Control," "controlling," "controlled by," and "under common control with" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise. A person's beneficial ownership of voting shares entitled to cast votes comprising ten percent or more of the voting power of a domestic or foreign corporation shall create a rebuttable presumption that such person has control of such corporation. However, a person does not have control of a domestic or foreign corporation if the person holds voting shares, in good faith and not for the purpose of circumventing this chapter, as an agent, bank, broker, nominee, custodian, or trustee for one or more beneficial owners who do not individually or as a group have control of such corporation.

(9) "Domestic corporation" means an issuer of voting shares which is organized under chapter 23B.02 RCW or any predecessor provision.

(10) "Exchange act" means the federal securities exchange act of 1934, as amended.

(11) "Market value," in the case of property other than cash or shares, means the fair market value of the property on the date in question as determined by the board of directors of the target corporation in good faith.

(12) "Person" means an individual, domestic or foreign corporation, partnership, trust, unincorporated association, or other entity; an affiliate or associate of any such person; or any two or more persons acting as a partnership, syndicate, or other group for the purpose of acquiring, holding, or dispersing of securities of a domestic or foreign corporation.

(13) "Preferred shares" means any class or series of shares of a target corporation which under the bylaws or articles of incorporation of such a corporation is entitled to receive payment of dividends prior to any payment of divi-
dends on some other class or series of shares, or is entitled in the event of any voluntary liquidation, dissolution, or winding up of the target corporation to receive payment or distribution of a preferential amount before any payments or distributions are received by some other class or series of shares.

(14) "Share acquisition time" means the time at which a person first becomes an acquiring person of a target corporation.

(15) "Shares" means any:

(a) Shares or similar security, any certificate of interest, any participation in any profit sharing agreement, any voting trust certificate, or any certificate of deposit for shares; and

(b) Security convertible, with or without consideration, into shares, or any warrant, call, or other option or privilege of buying shares without being bound to do so, or any other security carrying any right to acquire, subscribe to, or purchase shares.

(16) "Significant business transaction" means:

(a) A merger, share exchange, or consolidation of a target corporation or a subsidiary of a target corporation with (i) an acquiring person, or (ii) any other domestic or foreign corporation which is, or after the merger, share exchange, or consolidation would be, an affiliate or associate of the acquiring person;

(b) A sale, lease, exchange, mortgage, pledge, transfer, or other disposition or encumbrance, whether in one transaction or a series of transactions, to or with an acquiring person or an affiliate or associate of an acquiring person of assets of a target corporation or a subsidiary of a target corporation (i) having an aggregate market value equal to five percent or more of the aggregate market value of all the assets, determined on a consolidated basis, of the target corporation, (ii) having an aggregate market value equal to five percent or more of the aggregate market value of all the outstanding shares of the target corporation, or (iii) representing five percent or more of the earning power or net income, determined on a consolidated basis, of the target corporation;

(c) The termination, while the corporation has an acquiring person and as a result of the acquiring person's acquisition of ten percent or more of the shares of the corporation, of five percent or more of the employees of the target corporation or its subsidiaries employed in this state, whether at one time or over the five-year period following the share acquisition time. For the purposes of (c) of this subsection, a termination other than an employee's death or disability or bona fide voluntary retirement, transfer, resignation, termination for cause under applicable common law principles, or leave of absence shall be presumed to be a termination resulting from the acquiring person's acquisition of shares, which presumption is rebuttable. A bona fide voluntary transfer of employees between the target corporation and its subsidiaries or between its subsidiaries is not a termination for the purposes of (c) of this subsection;

(d) The issuance, transfer, or redemption by a target corporation or a subsidiary of a target corporation, whether in one transaction or a series of transactions, of shares or of options, warrants, or rights to acquire shares of a target corporation or a subsidiary of a target corporation to or beneficially owned by an acquiring person or an affiliate or associate of an acquiring person except pursuant to the exercise of warrants or rights to purchase shares offered, or a dividend, distribution, or redemption paid or made pro rata to, all shareholders or holders of options, warrants, or rights to acquire shares of the target corporation, and except for involuntary redemptions permitted by the target corporation's charter or by the law of this state or the state of incorporation;

(e) The liquidation or dissolution of a target corporation proposed by, or pursuant to an agreement, arrangement, or understanding, whether or not in writing, with an acquiring person or an affiliate or associate of an acquiring person;

(f) A reclassification of securities, including, without limitation, any shares split, shares dividend, or other distribution of shares in respect of stock, or any reverse shares split, or recapitalization of a target corporation, or a merger or consolidation of a target corporation with a subsidiary of the target corporation, or any other transaction, whether or not with or into or otherwise involving an acquiring person, proposed by, or pursuant to an agreement, arrangement, or understanding, whether or not in writing, with an acquiring person or an affiliate or associate of an acquiring person, that has the effect, directly or indirectly, of increasing the proportionate share of the outstanding shares of a class or series of voting shares or securities convertible into voting shares of a target corporation or a subsidiary of the target corporation that is directly or indirectly owned by an acquiring person or an affiliate or associate of an acquiring person, except as a result of immaterial changes due to fractional share adjustments; or

(g) A receipt by an acquiring person or an affiliate or associate of an acquiring person of the benefit, directly or indirectly, except proportionately as a shareholder of a target corporation, of loans, advances, guarantees, pledges, or other financial assistance or tax credits or other tax advantages provided by or through a target corporation.

(17) "Subsidiary" means a domestic or foreign corporation that has a majority of its outstanding voting shares owned, directly or indirectly, by another domestic or foreign corporation.

(18) "Tangible assets" means tangible real and personal property of all kinds. It shall also include leasehold interests in tangible real and personal property.

(19) "Target corporation" means:

(a) Every domestic corporation, if:

(i) The corporation has a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act; or

(ii) The corporation's articles of incorporation have been amended to provide that such a corporation shall be subject to the provisions of this chapter, if the corporation did not have a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act on the effective date of that amendment; and

(b) Every foreign corporation required to register to transact business in this state pursuant to chapter 23B.15 RCW and Article 5 of chapter 23.95 RCW, if:

(b) The earlier of the date on which that person or those persons first purportedly approved corporate action or purportedly were elected as initial directors; and
(c) That the ratification of the election of that person or those persons as the initial directors of the corporation is approved.

(3) If any provision of this title, the articles of incorporation or bylaws, any corporate resolution, or any plan or agreement to which the corporation is a party at the time the resolution required by RCW 23B.030(1) or (2), or (ii) the information required by RCW 23B.030(1) or (2) (a) through (d) or (2) (a) through (c), as

23B.30.040 Ratification—Quorum—Voting. (1) The quorum and voting requirements applicable to the adoption by the board of directors of the resolution required by RCW 23B.030(1) are the quorum and voting requirements that would be applicable if the defective corporate action was being approved at the time the resolution required by RCW 23B.030(1) is adopted.

(2) Except as provided in subsection (3) of this section, the quorum and voting requirements applicable to the approval by shareholders of the ratification of the defective corporate action required by RCW 23B.030(3) are the quorum and voting requirements that would be applicable if the defective corporate action was being approved at the time the ratification of the defective corporate action is approved.

(3) The approval by shareholders of the ratification of a defective corporate action under this chapter involving the election of directors requires that the votes cast within a voting group favoring such ratification exceed the votes cast within the voting group opposing such ratification at a meeting at which a quorum is present.

(4) Putative shares on the record date for determining the shareholders entitled to vote on any matter submitted to shareholders in accordance with RCW 23B.030(3) (and without giving effect to any ratification of a defective corporate action involving the purported issuance of putative shares that would become valid shares as a result of the approval of such matter) are neither entitled to vote nor to be counted for quorum purposes in any vote to approve the ratification of any defective corporate action.

(5) If the ratification of a defective corporate action involving the purported issuance of putative shares would result in an overissue, in addition to the approval required by RCW 23B.030, the board of directors and shareholders must approve an amendment to the articles of incorporation in accordance with chapter 23B.10 RCW to increase the number of shares of a class or series that the corporation is authorized to issue or to create a class or series of shares that the corporation is authorized to issue so there would be no overissue. [2017 c 28 § 4.]

23B.30.050 Ratification and validation—Notice. (1) If the ratification of a defective corporate action does not require approval of the shareholders under RCW 23B.030(3):

(a) The corporation shall notify, promptly after the adoption of the resolution described in RCW 23B.030(1) or (2), each holder of valid shares and putative shares, whether or not entitled to vote, as of the date of the adoption of that resolution by the board of directors, that the ratification of a defective corporate action has been approved by the board of directors pursuant to RCW 23B.030. This notice must also be given to each person who was a holder of valid shares or putative shares, whether or not entitled to vote, as of the date of the defective corporate action, other than to those persons whose identities or addresses for notice cannot be determined from the records of the corporation.

(b) The notice specified in (a) of this subsection must contain or be accompanied by (i) a copy of the resolution adopted by the board of directors in accordance with RCW 23B.030 (1) or (2), or (ii) the information required by RCW 23B.030 (1) (a) through (d) or (2) (a) through (c), as
applicable. This notice must also include a statement that any action before a court to determine whether the ratification of the defective corporate action complied with the requirements imposed by this chapter must be brought within sixty days from the validation effective time.

(2) If the ratification of a defective corporate action requires approval of the shareholders under RCW 23B.30.030(3), and if the approval of the shareholders is to be given at a meeting:

(a) The corporation shall notify each holder of valid shares and putative shares, whether or not entitled to vote, as of the record date for the meeting, of the proposed meeting of shareholders at which the ratification is to be submitted for approval in accordance with RCW 23B.07.050. This notice must also be given to each person who was a holder of valid shares or putative shares, whether or not entitled to vote, as of the date of the defective corporate action, other than to those persons whose identities or addresses for notice cannot be determined from the records of the corporation; and

(b) The notice specified in (a) of this subsection must state that the purpose, or one of the purposes, of the meeting is to consider ratification of a defective corporate action and must contain or be accompanied by (i) a copy of the resolution adopted by the board of directors in accordance with RCW 23B.30.030(1), or (ii) the information required by RCW 23B.30.030(1) (a) through (d). This notice must also include a statement that any action before a court to determine whether the ratification of the defective corporate action complied with the requirements imposed by this chapter must be brought within sixty days from the validation effective time.

(3) If the ratification of a defective corporate action requires approval of the shareholders under RCW 23B.30.030(3), and if the approval of the shareholders is to be without a meeting or a vote in accordance with RCW 23B.07.040:

(a) The corporation or the person soliciting consents shall give the notice required under RCW 23B.07.040(3)(a) and the corporation shall give the notice required under RCW 23B.07.040(3)(b) to each holder of valid shares and putative shares, whether or not entitled to vote, as of the record date for the shareholder consent. These notices must also be given to each person who was a holder of valid shares or putative shares, whether or not entitled to vote, as of the date of the defective corporate action, other than to those persons whose identities or addresses for notice cannot be determined from the records of the corporation; and

(b) The notices specified in (a) of this subsection must describe the ratification of the defective corporate action being approved and must contain or be accompanied by (i) a copy of the resolution adopted by the board of directors in accordance with RCW 23B.30.030 (1) or (2), or (ii) the information required by RCW 23B.30.030 (1)(a) through (d) or (2)(a) through (c), as applicable. These notices must also include a statement that any action before a court to determine whether the ratification of the defective corporate action complied with the requirements imposed by this chapter must be brought within sixty days from the validation effective time.

(4) If a defective corporate action is validated in accordance with RCW 23B.30.080:

(a) The corporation shall notify, promptly after the validation, each holder of valid shares and putative shares, whether or not entitled to vote, as of the date of the validation, that the validation of a defective corporate action has taken place pursuant to RCW 23B.30.080. This notice must also be given to each person who was a holder of valid shares or putative shares, whether or not entitled to vote, as of the date of the defective corporate action, other than to those persons whose identities or addresses for notice cannot be determined from the records of the corporation.

(b) The notice specified in (a) of this subsection must contain or be accompanied by a copy of the information required by RCW 23B.30.080(2).

(5) Any notice required by this section may be given in any manner permitted by RCW 23B.01.410 and, for any corporation subject to the reporting requirements of section 13 or 15(d) of the securities exchange act of 1934, as amended, may be given by filing or furnishing the notice with the United States securities and exchange commission. [2017 c 28 § 5.]

23B.30.060 Ratification and validation—Effect. From and after the validation effective time:

(1) Each defective corporate action ratified in accordance with RCW 23B.30.030 or validated in accordance with RCW 23B.30.080:

(a) Is not void or voidable as a result of the failure of authorization identified (i) in the resolution adopted by the board of directors in accordance with RCW 23B.30.030 (1) or (2), or (ii) by the court in accordance with RCW 23B.30.080(2); and

(b) Is deemed to be a valid corporate action taken on the date of the defective corporate action;

(2) The issuance of each putative share or fraction of a putative share purportedly issued pursuant to a defective corporate action identified in the resolution adopted by the board of directors in accordance with RCW 23B.30.030 (1) or by the court in accordance with RCW 23B.30.080(2) is not void or voidable as a result of the failure of authorization identified in that resolution or by that court, and each such putative share or fraction of a putative share is deemed to be an identical valid share or fraction of a valid share issued at the time it was purportedly issued; and

(3) Any corporate action taken subsequent to the date of the defective corporate action ratified or validated in accordance with this chapter in reliance on that defective corporate action having been validly taken, and any subsequent defective corporate action resulting directly or indirectly from that original defective corporate action, is deemed to be valid as of the time that corporate action was taken. [2017 c 28 § 6.]

23B.30.070 Filings—Articles of validation. (1) If a defective corporate action ratified or validated under this chapter would have required under any other section of this title a record to be filed with the secretary of state, then, whether or not a record was previously filed in respect of that defective corporate action and in lieu of filing the record otherwise required by this title, the corporation shall deliver to the secretary of state for filing articles of validation setting forth:
Defective Corporate Actions 23B.30.080

(a) The defective corporate action that was ratified or validated and, if the defective corporate action involved the purported issuance of putative shares, the number and class or series of putative shares purportedly issued;

(b) The date of the defective corporate action that was ratified or validated and, if the defective corporate action involved the purported issuance of putative shares, the date or dates on which the putative shares were purportedly issued;

(c) The nature of the failure of authorization with respect to the defective corporate action that was ratified or validated;

(d) A statement that the defective corporate action was (i) ratified in accordance with RCW 23B.30.030, including the date on which the board of directors ratified the defective corporate action and the date, if any, on which the shareholders approved the ratification of the defective corporate action, or (ii) validated in accordance with RCW 23B.30.080, including the date on which the court validated the defective corporate action; and

(e) The information required by subsection (2) of this section.

(2) The articles of validation must also contain the following information:

(a) If the corporation previously filed a record in respect of a defective corporate action that was ratified or validated and no changes to that record are required to give effect to the ratification or validation of the defective corporate action in accordance with RCW 23B.30.040(5), the corporation shall (i) describe the record, together with any articles of correction thereto, including its filing date, in the articles of validation, and (ii) attach a copy of the record, together with any articles of correction thereto, to the articles of validation;

(b) If the corporation previously filed a record in respect of a defective corporate action that was ratified or validated and any change to that record is required to give effect to the ratification or validation of the defective corporate action in accordance with RCW 23B.30.040(5), the corporation shall (i) describe the previously filed record, together with any articles of correction thereto, including its filing date, (ii) attach a copy of the record containing all of the information required to be included under the applicable section or sections of this title to give effect to the defective corporate action that was ratified or validated to the articles of validation, and (iii) state the date and time that the record is deemed to have become effective; or

(c) If the corporation did not previously file a record in respect of a defective corporate action that was ratified or validated and that defective corporate action would have required a filing under any other section of this title, the corporation shall (i) attach a copy of a record containing all of the information required to be included under the applicable section or sections of this title to give effect to the defective corporate action that was ratified or validated to the articles of validation, and (ii) state the date and time that the record is deemed to have become effective.

(3) Articles of validation that comply with this section supersede any other record in respect of a defective corporate action that was ratified in accordance with RCW 23B.30.030 or validated in accordance with RCW 23B.30.080. [2017 c 28 § 7.]

23B.30.080 Judicial proceedings to validate or challenge ratification. (1) Upon application by the corporation, any successor entity to the corporation, a director of the corporation, or any shareholder of the corporation, including any person who was a shareholder of the corporation as of the date of a defective corporate action, the superior courts may:

(a) Validate any defective corporate action that has not been ratified in accordance with RCW 23B.30.030; or

(b) Determine that any ratification of a defective corporate action under RCW 23B.30.030 is not valid or effective because it failed to comply with the procedural requirements imposed by this chapter.

(2) In connection with a proceeding under subsection (1)(a) of this section, the court shall identify the defective corporate action to be validated, including the information required under RCW 23B.30.030 (1)(a) through (c) or (2)(a) and (b), as applicable, and may make such findings or orders as it deems proper under the circumstances. In determining whether to validate a defective corporate action under subsection (1)(a) of this section, the court may consider the following:

(a) Whether the defective corporate action was originally approved or effectuated with the belief that the approval or effectuation was in compliance with the provisions of this title, the articles of incorporation or bylaws of the corporation, and any corporate resolution or plan or agreement of or to which the corporation is a party that would be relevant in determining whether there was a failure of authorization;

(b) Whether the corporation and board of directors has treated the defective corporate action as a valid action or transaction;

(c) Whether any person has acted in reliance on the public record that the defective corporate action was valid or would be harmed by the failure to validate the defective corporate action;

(d) Whether any person would be harmed by the validation of the defective corporate action, excluding any harm that would have resulted if the defective corporate action had been valid when approved or effectuated; and

(e) Any other factors or considerations that the court deems proper in the circumstances.

(3) The court shall stay any proceeding brought under subsection (1)(a) of this section during any ratification process under RCW 23B.30.030 involving the defective corporate action that is the subject of the proceeding until the earlier of:

(a) The validation effective time; and

(b)(i) If shareholder approval is not required for ratification, the date on which the board of directors votes, but fails to ratify, the defective corporate action, (ii) if shareholder approval is required for ratification in accordance with RCW 23B.30.040 and is to be given at a meeting, the date on which the shareholders vote, but fail to ratify, the defective corporate action, or (iii) if shareholder approval is required for ratification in accordance with RCW 23B.30.040 and is to be given without a meeting, sixty days after the date of execution indicated on the earliest dated shareholder consent approving the ratification that is delivered to the corporation, even though that shareholder consent may not have been delivered to the corporation on that date, if consents executed by a sufficient number of shareholders to approve the ratifi-
cution are not delivered to the corporation during that sixty-

day period.

(4) Notwithstanding any other provision of this section or otherwise under applicable law, any proceeding asserting a claim under subsection (1)(b) of this section must be brought within sixty days after the validation effective time, except that this subsection will not apply to any person to whom notice of the ratification was required to have been pur-
suant to RCW 23B.30.050, but to whom such notice was not
given. Claims under subsection (1)(b) of this section are to be
the exclusive basis for challenging the validity or effective-
ness of a defective corporate action ratified under RCW
23B.30.030.

(5) Service of process on the corporation for any pro-
ceeding under this section may be made in any manner pro-
vided by statute of this state or by rule of the court for service
on the corporation, and no other party need be joined in order
for the court to adjudicate the matter. In a proceeding com-
menced by the corporation, the court may require notice of
the proceeding to be provided to other persons specified by
the court and permit such other persons to intervene in the
proceeding.

(6) For purposes of this section, "shareholder" includes a
beneficial owner whose shares are held in a voting trust or
held by a nominee on behalf of the beneficial owner. [2017 c
28 § 8.]

(I) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (b)(iii)(A) through (H) of this subsection.

This subsection (2)(b) shall not apply when (c) or (e) of this subsection applies.

(c) If a parent has been found to be a sexual predator under chapter 71.09 RCW or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter. If a parent resides with an adult or a juvenile who has been found to be a sexual predator under chapter 71.09 RCW or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with the parent's child except contact that occurs outside that person's presence.

(d) There is a rebuttable presumption that a parent who has been convicted as an adult of a sex offense listed in (d)(i)
through (ix) of this subsection poses a present danger to a child. Unless the parent rebuts this presumption, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter:

(i) RCW 9A.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;
(ii) RCW 9A.44.073;

(ix) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (d)(i) through (vii) of this subsection.

(e) There is a rebuttable presumption that a parent who resides with a person who, as an adult, has been convicted, or as a juvenile has been adjudicated, of the sex offenses listed in (e)(i) through (ix) of this subsection places a child at risk of abuse or harm when that parent exercises residential time in the presence of the convicted or adjudicated person. Unless the parent rebuts the presumption, the court shall restrain the parent from contact with the parent's child except for contact that occurs outside of the convicted or adjudicated person's presence:

(i) If the child was not the victim of the sex offense committed by the parent requesting residential time, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the offending parent is in the child's best interest, and (C) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child.

(g) The presumption established in (e) of this subsection may be rebutted only after a written finding that the child was not conceived and subsequently born as a result of a sexual assault committed by the parent requesting residential time and that:

(i) If the child was not the victim of the sex offense committed by the person who is residing with the parent requesting residential time, (A) contact between the child and the parent residing with the convicted or adjudicated person is appropriate and that parent is able to protect the child in the presence of the convicted or adjudicated person, and (B) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) If the child was the victim of the sex offense committed by the person who is residing with the parent requesting residential time, (A) contact between the child and the parent residing with the convicted or adjudicated person is appropriate and that parent is able to protect the child in the presence of the convicted or adjudicated person, and (B) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child.

(h) If the court finds that the parent has met the burden of rebutting the presumption under (f) of this subsection, the court may allow a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection to have residential time with the child supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(i) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who has been adjudicated as a juvenile of a sex offense listed in (e)(i) through (ix) of this subsection to have residential time with
the child in the presence of the person adjudicated as a juvenile, supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(j) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who, as an adult, has been convicted of a sex offense listed in (e)(i) through (ix) of this subsection to have residential time with the child in the presence of the convicted person supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(k) A court shall not order unsupervised contact between the offending parent and a child of the offending parent who was sexually abused by that parent. A court may order supervised contact between the offending parent and a child who was not sexually abused by the parent after the presumption under (d) of this subsection has been rebutted and supervised residential time has occurred for at least two years with no further arrests or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW, and (i) the court finds that unsupervised contact between the child and the parent that may occur in the presence of the adjudicated juvenile is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treatment of child sexual abuse victims who has supervised at least one period of residential time between the parent and the child in the presence of the adjudicated juvenile, and after consideration of evidence of the adjudicated juvenile's compliance with community supervision or parole requirements, if any. If the adjudicated juvenile was not ordered by a court to participate in treatment for sex offenders, then the adjudicated juvenile shall obtain a psychosexual evaluation conducted by a certified sex offender treatment provider or a certified affiliate sex offender treatment provider indicating that the adjudicated juvenile has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child which may occur in the presence of the adjudicated juvenile who is residing with the parent.

(m)(i) The limitations imposed by the court under (a) or (b) of this subsection shall be reasonably calculated to protect the child from the physical, sexual, or emotional abuse or harm that could result if the child has contact with the parent requesting residential time. The limitations shall also be reasonably calculated to provide for the safety of the parent who may be at risk of physical, sexual, or emotional abuse or harm that could result if the parent has contact with the parent requesting residential time. The limitations the court may impose include, but are not limited to: Supervised contact between the child and the parent or completion of relevant counseling or treatment. If the court expressly finds based on the evidence that limitations on the residential time with the child will not adequately protect the child from the harm or abuse that could result if the child has contact with the parent requesting residential time, the court shall restrain the parent requesting residential time from all contact with the child.

(ii) The court shall not enter an order under (a) of this subsection allowing a parent to have contact with a child if the parent has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused the child, except upon recommendation by an evaluator or therapist for the child that the child is ready for contact with the parent and will not be harmed by the contact. The court shall not enter an order allowing a parent to have contact with the child in the offender's presence if the parent resides with a person who has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused a child, unless the court finds that the parent accepts that the person engaged in the harmful conduct and the parent is willing to and capable of protecting the child from harm from the person.

(iii) The court shall not enter an order under (a) of this subsection allowing a parent to have contact with a child if the parent has been found by clear and convincing evidence pursuant to RCW 26.26.760 to have committed sexual assault, as defined in RCW 26.26.760, against the child's parent, and that the child was born within three hundred twenty days of the sexual assault.

[2017 RCW Supp—page 207]
(iv) If the court limits residential time under (a) or (b) of this subsection to require supervised contact between the child and the parent, the court shall not approve of a supervisor for contact between a child and a parent who has engaged in physical, sexual, or a pattern of emotional abuse of the child unless the court finds based upon the evidence that the supervisor accepts that the harmful conduct occurred and is willing to and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing to or capable of protecting the child.

(n) If the court expressly finds based on the evidence that contact between the parent and the child will not cause physical, sexual, or emotional abuse or harm to the child and that the probability that the parent's or other person's harmful or abusive conduct will recur is so remote that it would not be in the child's best interests to apply the limitations of (a), (b), and (m)(i) and (iv) of this subsection, or if the court expressly finds that the parent's conduct did not have an impact on the child, then the court need not apply the limitations of (a), (b), and (m)(i) and (iv) of this subsection. The weight given to the existence of a protection order issued under chapter 26.50 RCW as to domestic violence is within the discretion of the court. This subsection shall not apply when (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), and (m)(ii) of this subsection apply.

(3) A parent's involvement or conduct may have an adverse effect on the child's best interests, and the court may preclude or limit any provisions of the parenting plan, if any, of the following factors exist:

(a) A parent's neglect or substantial nonperformance of parenting functions;
(b) A long-term emotional or physical impairment which interferes with the parent's performance of parenting functions as defined in RCW 26.09.004;
(c) A long-term impairment resulting from drug, alcohol, or other substance abuse that interferes with the performance of parenting functions;
(d) The absence or substantial impairment of emotional ties between the parent and the child;
(e) The abusive use of conflict by the parent which creates the danger of serious damage to the child's psychological development;
(f) A parent has withheld from the other parent access to the child for a protracted period without good cause; or
(g) Such other factors or conduct as the court expressly finds adverse to the best interests of the child.

(4) In cases involving allegations of limiting factors under subsection (2)(a)(ii) and (iii) of this section, both parties shall be screened to determine the appropriateness of a comprehensive assessment regarding the impact of the limiting factor on the child and the parties.

(5) In entering a permanent parenting plan, the court shall not draw any presumptions from the provisions of the temporary parenting plan.

(6) In determining whether any of the conduct described in this section has occurred, the court shall apply the civil rules of evidence, proof, and procedure.

(7) For the purposes of this section:
(a) "A parent's child" means that parent's natural child, adopted child, or stepchild; and
(b) "Social worker" means a person with a master's or further advanced degree from a social work educational program accredited and approved as provided in RCW 18.320.010. Chapter 26.26 RCW
UNIFORM PARENTAGE ACT

Sections

26.26.760 Sexual assault resulting in pregnancy—Parental rights and responsibilities. (1) This section applies in cases when a person alleged or presumed to be a legal parent to a child is alleged to have committed a sexual assault that resulted in the victim of the assault becoming pregnant and subsequently giving birth to the child.

(2) For the purposes of this section, "sexual assault" means nonconsensual sexual penetration that results in pregnancy.

(3) For the purposes of this section, the fact that the person seeking parental rights or presumed to be a legal parent committed a sexual assault that resulted in the victim of the assault becoming pregnant and subsequently giving birth to the child may be proved by either:

(a) Evidence that the person seeking parental rights or presumed to be a legal parent was convicted of or pleaded guilty to a sexual assault under RCW 9A.44.040, 9A.44.050, 9A.44.060, or a comparable crime of sexual assault in any jurisdiction, against the child's parent, and that the child was born within three hundred twenty days after the sexual assault; or

(b) Clear, cogent, and convincing evidence that the person seeking parental rights or presumed to be a legal parent committed sexual assault, as defined in this section, against the child's parent, and that the child was born within three hundred twenty days after the sexual assault.

(4) An allegation that the child was born as a result of a sexual assault may be raised under this chapter:

(a) In a petition to adjudicate parentage; or

(b) In response to a petition to adjudicate parentage.

The pleading making the allegation must be filed in a petition or in a response to a petition in proceedings filed no later than four years after the birth of the child, except that (i) the pleading making the allegation that the child was born as a result of a sexual assault may be filed at any time in proceedings pursuant to RCW 26.26.525; or (ii) for a period of two years after July 23, 2017, a court may waive the time bar in cases in which a presumed, acknowledged, or adjudicated parent was found in a criminal or separate civil proceeding to have committed a sexual assault against the parent alleging that the child was born as a result of the sexual assault.

(5) If there is an allegation that the child was born as a result of a sexual assault against the child's parent by the person seeking parentage or presumed to be the parent of the child, the court must conduct a fact-finding hearing on the allegation.

(a) The court may not enter any temporary orders providing residential time or decision making to the alleged perpetrator prior to the fact-finding hearing on the sexual assault allegation unless both of the following criteria are satisfied: (i) The alleged perpetrator is a presumed parent of the child; and (ii) the court specifically finds that it would be in the best interests of the child if such temporary orders are entered.

(b) Prior to the fact-finding hearing, the court may order genetic testing to determine whether the alleged perpetrator is biologically related to the child. If genetic testing reveals that the alleged perpetrator is not biologically related to the child, the fact-finding hearing must be stricken.

(c) Fourteen days prior to the fact-finding hearing, the party alleging that the child was born as a result of a sexual assault shall submit affidavits setting forth facts supporting the allegation and shall give notice, together with a copy of the affidavit, to other parties to the proceedings, who may file opposing affidavits. Opposing affidavits must be submitted and served to other parties to the proceeding five days prior to the fact-finding hearing.

(d) The court shall determine on the record whether affidavits and documents submitted for the fact-finding hearing should be sealed.

(6) If, after the fact-finding hearing or after a bench trial, the court finds that the person seeking parental rights or presumed to be a legal parent committed sexual assault, pursuant to the standards set forth in subsection (3)(a) or (b) of this section, against the child's parent, and that the child was born within three hundred twenty days of the sexual assault the court must:

(a) Enter an order holding that the person seeking parental rights or presumed to be a legal parent is not a parent of the child, if such an order is requested by the child's legal parent or guardian; or

(b) Enter an order consistent with the relief requested by the child's legal parent or guardian, provided that the court determines that the relief requested is in the best interests of the child.

(7) Absent the express written consent of the child's legal parent or guardian, a person who is found to have committed a sexual assault, as defined in this section, against the child's parent, and that the child was born within three hundred twenty days of the sexual assault has:

(a) No right to an allocation of parental rights, including residential time or decision-making responsibilities for the child;

(b) No right to inheritance from the child; and

(c) No right to notification of, or standing to object to, the adoption of the child.

(8) If the court enters an order under subsection (6) of this section that is inconsistent with the information on the child's birth certificate, the court shall also order the birth certificate be amended in a manner that is consistent with the
Chapter 26.33
Title 26 RCW: Domestic Relations

child's best interests and the wishes of the child's legal parent or guardian.

(9) If the court finds that the person seeking parentage or presumed to be the parent committed a sexual assault, as defined in this section, against the child's parent, and that the child was born within three hundred twenty days of the sexual assault, and the legal parent or guardian requests it, the court must order the person seeking parentage or presumed to be the parent to pay child support or birth-related costs or both.

(10) The legal parent or guardian may decline an order for child support or birth-related costs. If the legal parent or guardian declines an order for child support, and is either currently receiving public assistance or later applies for it for the child born as a result of the sexual assault, support enforcement agencies as defined in this chapter shall not file administrative or court proceedings to establish or collect child support, including medical support, from the person seeking parentage or presumed to be the parent who has been found to have committed a sexual assault, as defined in this section, against the child's parent, and that the child was born within three hundred twenty days of the sexual assault.

(11) If the court enters an order under subsection (10) of this section providing that no child support obligation may be established or collected from the person seeking parentage or presumed to be the parent who has been found to have committed a sexual assault, the court shall forward a copy of the order to the Washington state support registry.

(12) The court may order an award of attorneys' fees under this section on the same basis as attorneys' fees are awarded under RCW 26.09.140.

(13) Any party may move to close the fact-finding hearing and any related proceedings under this section to the public. If no party files such a motion, the court shall determine on its own initiative whether the fact-finding hearing and any related proceedings under this section should be closed to the public. Upon finding good cause for closing the proceeding, and if consistent with Article I, section 10 of the state Constitution, the court may: (a) Restrict admission to only those persons whom the court finds to have a direct interest in the case or in the work of the court, including witnesses deemed necessary to the disposition of the case; and (b) restrict persons who are admitted from disclosing any information obtained at the hearing that would identify the parties involved or the child. 26.33.345 Search for birth parent or adopted child—Limited release of information—Noncertified copies of original birth certificate—Contact preference form. (Effective July 1, 2018.) (1) The department, adoption agencies, and independent adoption facilitators shall release the name and location of the court where a relinquishment of parental rights or finalization of an adoption took place to an adult adoptee, a birth parent of an adult adoptee, an adoptive parent, a birth or adoptive grandparent of an adult adoptee, or an adult sibling of an adult adoptee, or the legal guardian of any of these.

(2) The department of health shall make available a noncertified copy of the original birth certificate of a child to the child's birth parents upon request.

(3)(a) For adoptions finalized after October 1, 1993, the department of health shall provide a noncertified copy of the original birth certificate to an adoptee eighteen years of age or older upon request, unless the birth parent has filed an affidavit of nondisclosure before July 28, 2013, or a contact preference form that indicates he or she does not want the original birth certificate released: PROVIDED, That the affidavit of nondisclosure, the contact preference form, or both have not expired.

(b) For adoptions finalized on or before October 1, 1993, the department of health may not provide a noncertified copy of the original birth certificate to the adoptee until after June 30, 2014. After June 30, 2014, the department of health shall provide a noncertified copy of the original birth certificate to an adoptee eighteen years of age or older upon request, unless the birth parent has filed a contact preference form that indicates he or she does not want the original birth certificate released: PROVIDED, That the contact preference form has not expired.

(c) An affidavit of nondisclosure expires upon the death of the birth parent.

(4)(a) Regardless of whether a birth parent has filed an affidavit of nondisclosure or when the adoption was finalized, a birth parent may at any time complete a contact preference form stating his or her preference about personal contact with the adoptee, which, if available, must accompany an original birth certificate provided to an adoptee under subsection (3) of this section.

(b) The contact preference form must include the following options:

(i) I would like to be contacted. I give the department of health consent to provide the adoptee with a noncertified copy of his or her original birth certificate;

(ii) I would like to be contacted only through a confidential intermediary as described in RCW 26.33.343. I give the department of health consent to provide the adoptee with a noncertified copy of his or her original birth certificate;

(iii) I prefer not to be contacted and have completed the birth parent updated medical history form. I give the department of health consent to provide the adoptee with a noncertified copy of his or her original birth certificate; and

(iv) I prefer not to be contacted and have completed the birth parent updated medical history form. I do not want a noncertified copy of the original birth certificate released to the adoptee.

(c) If the birth parent indicates he or she prefers not to be contacted, personally identifying information on the contact preference form must be kept confidential and may not be released.

(d) Nothing in this section precludes a birth parent from subsequently filing another contact preference form to rescind the previous contact preference form and state a different preference.

(e) A contact preference form expires upon the death of the birth parent.

[2017 RCW Supp—page 211]
(5) If a birth parent files a contact preference form, the birth parent must also file an updated medical history form with the department of health. Upon request of the adoptee, the department of health must provide the adoptee with the updated medical history form filed by the adoptee’s birth parent.

(6) Both a completed contact preference form and birth parent updated medical history form are confidential and must be placed in the adoptee's sealed file.

(7) If a birth parent files a contact preference form within six months after the first time an adoptee requests a copy of his or her original birth certificate as provided in subsection (3) of this section, the department of health must forward the contact preference form and the birth parent updated medical history form to the address of the adoptee.

(8) The department of health may charge the adoptee a reasonable fee to cover the cost of a birth certificate to an adoptee.

(9) The department of health must create the contact preference form and an updated medical history form. The contact preference form must provide a method to ensure personally identifying information can be kept confidential. The updated medical history form may not require the birth parent to disclose any identifying information about the birth parent.

(10) If the department of health does not provide an adoptee with a noncertified copy of the original birth certificate because a valid affidavit of nondisclosure or contact preference form has been filed, the adoptee may request, no more than once per year, that the department of health attempt to determine if the birth parent is deceased. Upon request of the adoptee, the department of health must make a reasonable effort to search public records that are accessible and already available to the department of health to determine if the birth parent is deceased. The department of health may charge the adoptee a reasonable fee to cover the cost of conducting a search. [2017 3rd sp.s. c 6 § 320; 2013 c 321 § 1; 1993 c 81 § 3; 1990 c 145 § 2.]

Chapter 26.34 RCW

INTERSTATE COMPACT ON PLACEMENT OF CHILDREN

Sections
26.34.030 "Appropriate public authorities" defined. (Effective July 1, 2018.) The "appropriate public authorities" as used in Article III of the Interstate Compact on the Placement of Children shall, with reference to this state, mean the department of children, youth, and families, and said agency shall receive and act with reference to notices required by said Article III. [2017 3rd sp.s. c 6 § 330; 1971 ex.s. c 168 § 3.]
abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(4) "Child protective services section" means the child protective services section of the department.

(5) "Children's advocacy center" means a child-focused facility in good standing with the state chapter for children's advocacy centers and that coordinates a multidisciplinary process for the investigation, prosecution, and treatment of sexual and other types of child abuse. Children's advocacy centers provide a location for forensic interviews and coordinate access to services such as, but not limited to, medical evaluations, advocacy, therapy, and case review by multidisciplinary teams within the context of county protocols as defined in RCW 26.44.180 and 26.44.185.

(6) "Clergy" means any regularly licensed or ordained minister, priest, or rabbi of any church or religious denomination, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(7) "Court" means the superior court of the state of Washington, juvenile department.

(8) "Department" means the department of children, youth, and families.

(9) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child abuse or neglect, and family strengths and needs that is applied to a child abuse or neglect report. Family assessment does not include a determination as to whether child abuse or neglect occurred, but does determine the need for services to address the safety of the child and the risk of subsequent maltreatment.

(10) "Family assessment response" means a way of responding to certain reports of child abuse or neglect made under this chapter using a differential response approach to child protective services. The family assessment response shall focus on the safety of the child, the integrity and preservation of the family, and shall assess the status of the child and the family in terms of risk of abuse and neglect including the parent's or guardian's or other caretaker's capacity and willingness to protect the child and, if necessary, plan and arrange the provision of services to reduce the risk and otherwise support the family. No one is named as a perpetrator, and no investigative finding is entered in the record as a result of a family assessment.

(11) "Founded" means the determination following an investigation by the department that, based on available information, it is more likely than not that child abuse or neglect did occur.

(12) "Inconclusive" means the determination following an investigation by the department of social and health services, prior to October 1, 2008, that based on available information a decision cannot be made that more likely than not, child abuse or neglect did or did not occur.

(13) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment, or care.

(14) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

(15) "Malice" or "maliciously" means an intent, wish, or design to intimidate, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(16) "Negligent treatment or maltreatment" means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to a child's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.

(17) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(18) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner. A person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

(19) "Professional school personnel" include, but are not limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.

(20) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(21) "Screened-out report" means a report of alleged child abuse or neglect that the department has determined does not rise to the level of a credible report of abuse or neglect and is not referred for investigation.

(22) "Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child by any person.
(23) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(24) "Social service counselor" means anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support, or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.

(25) "Supervising agency" means an agency licensed by the state under RCW 74.15.090 or an Indian tribe under RCW 74.15.190 that has entered into a performance-based contract with the department to provide child welfare services.

(26) "Unfounded" means the determination following an investigation by the department that available information indicates that, more likely than not, child abuse or neglect did not occur, or that there is insufficient evidence for the department to determine whether the alleged child abuse did or did not occur. any department of corrections personnel has reasonable cause
to believe that a child has suffered abuse or neglect, he or she
shall report the incident, or cause a report to be made, to the
proper law enforcement agency or to the department as pro-
vided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any
adult who has reasonable cause to believe that a child who
resides with them, has suffered severe abuse, and is able or
capable of making a report. For the purposes of this subsection,
"severe abuse" means any of the following: Any single
act of abuse that causes physical trauma of sufficient severity
that, if left untreated, could cause death; any single act of sex-
ual abuse that causes significant bleeding, deep bruising, or
significant external or internal swelling; or more than one act
of physical abuse, each of which causes bleeding, deep bruis-
ing, significant external or internal swelling, bone fracture, or
unconsciousness.

(e) The reporting requirement also applies to guardians
ad litem, including court-appointed special advocates,
appointed under Titles 11 and 13 RCW and this title, who in
the course of their representation of children in these actions
have reasonable cause to believe a child has been abused or
neglected.

(f) The reporting requirement in (a) of this subsection
also applies to administrative and academic or athletic
department employees, including student employees, of insti-
tutions of higher education, as defined in RCW 28B.10.016,
and of private institutions of higher education.

(g) The report must be made at the first opportunity, but
in no case longer than forty-eight hours after there is reason-
able cause to believe that the child has suffered abuse or
neglect. The report must include the identity of the accused if
known.

(2) The reporting requirement of subsection (1) of this
section does not apply to the discovery of abuse or neglect
that occurred during childhood if it is discovered after the
child has become an adult. However, if there is reasonable
cause to believe other children are or may be at risk of abuse
or neglect by the accused, the reporting requirement of sub-
section (1) of this section does apply.

(3) Any other person who has reasonable cause to
believe that a child has suffered abuse or neglect may report
such incident to the proper law enforcement agency or to the
department of social and health services as provided in RCW
26.44.040.

(4) The department, upon receiving a report of an inci-
dent of alleged abuse or neglect pursuant to this chapter,
involving a child who has died or has had physical injury or
injuries inflicted upon him or her other than by accidental
means or who has been subjected to alleged sexual abuse,
shall report such incident to the proper law enforcement
agency, including military law enforcement, if appropriate.
In emergency cases, where the child's welfare is endangered,
the department shall notify the proper law enforcement
agency within twenty-four hours after a report is received by
the department. In all other cases, the department shall notify
the law enforcement agency within seventy-two hours after a
report is received by the department. If the department makes
an oral report, a written report must also be made to the
proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an
incident of alleged abuse or neglect pursuant to this chapter,
involving a child who has died or has had physical injury or
injuries inflicted upon him or her other than by accidental
means, or who has been subjected to alleged sexual abuse,
shall report such incident in writing as provided in RCW
26.44.040 to the proper county prosecutor or city attorney for
appropriate action whenever the law enforcement agency's
investigation reveals that a crime may have been committed.
The law enforcement agency shall also notify the department
of all reports received and the law enforcement agency's dis-
position of them. In emergency cases, where the child's wel-
fare is endangered, the law enforcement agency shall notify
the department within twenty-four hours. In all other cases,
the law enforcement agency shall notify the department
within seventy-two hours after a report is received by the law
enforcement agency.

(6) Any county prosecutor or city attorney receiving a
report under subsection (5) of this section shall notify the vic-
tim, any persons the victim requests, and the local office of
the department, of the decision to charge or decline to charge
a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning
and consultation with those persons or agencies required to
report under this section, with consultants designated by the
department, and with designated representatives of Washin-
gton Indian tribes if the client information exchanged is pertinent
to cases currently receiving child protective services.
Upon request, the department shall conduct such planning
and consultation with those persons required to report under
this section if the department determines it is in the best inter-
ests of the child. Information considered privileged by statute
and not directly related to reports required by this section
must not be divulged without a valid written waiver of the
privilege.

(8) Any case referred to the department by a physician
licensed under chapter 18.57 or 18.71 RCW on the basis of an
expert medical opinion that child abuse, neglect, or sexual
assault has occurred and that the child's safety will be seri-
ously endangered if returned home, the department shall file
a dependency petition unless a second licensed physician of
the parents' choice believes that such expert medical opinion
is incorrect. If the parents fail to designate a second physi-
cian, the department may make the selection. If a physician
finds that a child has suffered abuse or neglect but that such
abuse or neglect does not constitute imminent danger to the
child's health or safety, and the department agrees with the
physician's assessment, the child may be left in the parents'
home while the department proceeds with reasonable efforts
to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under
subsection (7) of this section shall not further disseminate or
release the information except as authorized by state or fed-
eral statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect,
the department shall make reasonable efforts to learn the
name, address, and telephone number of each person making
a report of abuse or neglect under this section. The depart-
ment shall provide assurances of appropriate confidentiality
of the identification of persons reporting under this section. If
the department is unable to learn the information required
under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:

(i) Investigation; or

(ii) Family assessment.

(b) In making the response in (a) of this subsection the department shall:

(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;

(ii) Allow for a change in response assignment based on new information that alters risk or safety level;

(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:

(A) Poses a risk of "imminent harm" consistent with the definition provided in RCW 13.34.050, which includes, but is not limited to, sexual abuse and sexual exploitation as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW, or by the department of early learning.

(c) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(12)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(13) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report; however, upon parental agreement, the family assessment response period may be extended up to ninety days;

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian agree to participate in services before services are initiated. The department shall inform the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not agree to participate in services.

(14)(a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the
course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(15) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(16) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(17)(a) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetrator and no investigative finding shall be entered in the department's child abuse or neglect database.

(18) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

(19) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(20) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

(21) The department shall make efforts as soon as practicable to determine the military status of parents whose children are subject to abuse or neglect allegations. If the department determines that a parent or guardian is in the military, the department shall notify a department of defense family advocacy program that there is an allegation of abuse and neglect that is screened in and open for investigation that relates to that military parent or guardian.

(22) The department shall make available on its public website a downloadable and printable poster that includes the reporting requirements included in this section. The poster must be no smaller than eight and one-half by eleven inches with all information on one side. The poster must be made available in both the English and Spanish languages. Organizations that include employees or volunteers subject to the reporting requirements of this section must clearly display this poster in a common area. At a minimum, this poster must include the following:

(a) Who is required to report child abuse and neglect;
(b) The standard of knowledge to justify a report;
(c) The definition of reportable crimes;
(d) Where to report suspected child abuse and neglect; and

(e) What should be included in a report and the appropriate timing.

(21) The department shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.
Finding—Intent—1996 c 278: "The legislature finds that including certain department of corrections personnel among the professionals who are mandated to report suspected abuse or neglect of children, dependent adults, or people with developmental disabilities is an important step toward improving the protection of these vulnerable populations. The legislature intends, however, to limit the circumstances under which department of corrections personnel are mandated reporters of suspected abuse or neglect to only those circumstances when the information is obtained during the course of their employment. This act is not to be construed to alter the circumstances under which other professionals are mandated to report suspected abuse or neglect, nor is it the legislature's intent to alter current practices and procedures utilized by other professional organizations who are mandated reporters under RCW 26.44.030(1)(a)." [1996 c 278 § 1.]

Legislative findings—1985 c 259: "The Washington state legislature finds and declares: The children of the state of Washington are the state's greatest resource and the greatest source of wealth to the state of Washington. Children of all ages must be protected from child abuse. Governmental authorities must give the prevention, treatment, and punishment of child abuse the highest priority, and all instances of child abuse must be reported to the proper authorities who should diligently and expeditiously take appropriate action, and child abusers must be held accountable to the people of the state for their actions.

The legislature recognizes the current heavy caseload of governmental authorities responsible for the prevention, treatment, and punishment of child abuse. The information obtained by child abuse reporting requirements, in addition to its use as a law enforcement tool, will be used to determine the need for additional funding to ensure that resources for appropriate governmental response to child abuse are available." [1985 c 259 § 1.]

26.44.030 Reports—Duty and authority to make—Duty of receiving agency—Duty to notify—Case planning and consultation—Penalty for unauthorized exchange of information—Filing dependency petitions—Investigations—Interviews of children—Records—Risk assessment process. (Effective July 1, 2018.) (1) (a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of children, youth, and families, licensed or certified child care providers or their employees, employee of the department of social and health services, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, state family and children's ombuds or any volunteer in the ombuds's office, or host home program has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has supervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Organization" includes a sole proprietor, partnership, corporation, limited liability company, trust, association, financial institution, governmental entity, other than the federal government, and any other individual or group engaged in a trade, occupation, enterprise, governmental function, charitable function, or similar activity in this state whether or not the entity is operated as a nonprofit or for-profit entity.

(iii) "Reasonable cause" means a person witnesses or receives a credible written or oral report alleging abuse, including sexual contact, or neglect of a child.

(iv) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(v) "Sexual contact" has the same meaning as in RCW 9A.44.010.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11 and 13 RCW and this title, who, in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of insti-
tutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency, including military law enforcement, if appropriate. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;
(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or
(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:
(i) Investigation; or
(ii) Family assessment.
(b) In making the response in (a) of this subsection the department shall:
(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;
(ii) Allow for a change in response assignment based on new information that alters risk or safety level;
(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:

(A) Poses a risk of "imminent harm" consistent with the definition provided in RCW 13.34.050, which includes, but is not limited to, sexual abuse and sexual exploitation as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW.

(c) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(12)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(13) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report; however, upon parental agreement, the family assessment response period may be extended up to ninety days;

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian agree to participate in services before services are initiated. The department shall inform the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not agree to participate in services.

(14)(a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(15) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(16) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(17)(a) The department shall maintain investigation records and conduct timely and periodic reviews of all
founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetuator and no investigative finding shall be entered in the department's child abuse or neglect database.

(18) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

(19) Upon receipt of a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

(20) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

(21) The department shall make efforts as soon as practicable to determine the military status of parents whose children are subject to abuse or neglect allegations. If the department determines that a parent or guardian is in the military, the department shall notify a department of defense family advocacy program that there is an allegation of abuse and neglect that is screened in and open for investigation that relates to that military parent or guardian.

(22) The department shall make available on its public web site a downloadable and printable poster that includes the reporting requirements included in this section. The poster must be no smaller than eight and one-half by eleven inches with all information on one side. The poster must be made available in both the English and Spanish languages. Organizations that include employees or volunteers subject to the reporting requirements of this section must clearly display this poster in a common area. At a minimum, this poster must include the following:

(a) Who is required to report child abuse and neglect;
(b) The standard of knowledge to justify a report;
(c) The definition of reportable crimes;
(d) Where to report suspected child abuse and neglect, and

(e) What should be included in a report and the appropriate timing.

26.44.050 Abuse or neglect of child—Duty of law enforcement agency or department of children, youth, and families—Taking child into custody without court order, when. (Effective July 1, 2018.) Except as provided in RCW 26.44.030(11), upon the receipt of a report concerning the possible occurrence of abuse or neglect, the law enforcement agency or the department must investigate and provide the protective services section with a report in accordance with chapter 74.13 RCW, and where necessary to refer such report to the court.

A law enforcement officer may take, or cause to be taken, a child into custody without a court order if there is probable cause to believe that the child is abused or neglected and that the child would be injured or could not be taken into custody if it were necessary to first obtain a court order pursuant to RCW 13.34.050. The law enforcement agency or the department investigating such a report is hereby authorized to photograph such a child for the purpose of providing documentary evidence of the physical condition of the child. 26.44.063 Temporary restraining order or preliminary injunction—Enforcement—Notice of modification or termination of restraining order. (Effective July 1, 2018.) (1) It is the intent of the legislature to minimize trauma to a child involved in an allegation of sexual or physical abuse. The legislature declares that removing the child from the home or the care of a parent, guardian, or legal custodian often has the effect of further traumatizing the child. It is, therefore, the legislature's intent that the alleged abuser, rather than the child, shall be removed or restrained from the child's residence and that this should be done at the earliest possible point of intervention in accordance with RCW 10.31.100, chapter 13.34 RCW, this section, and RCW 26.44.130.

(2) In any judicial proceeding in which it is alleged that a child has been subjected to sexual or physical abuse, if the court finds reasonable grounds to believe that an incident of sexual or physical abuse has occurred, the court may, on its own motion, or the motion of the guardian ad litem or other parties, issue a temporary restraining order or preliminary injunction restraining or enjoining the person accused of committing the abuse from:

(a) Molesting or disturbing the peace of the alleged victim;
(b) Entering the family home of the alleged victim except as specifically authorized by the court;
(c) Having any contact with the alleged victim, except as specifically authorized by the court;
(d) Knowingly coming within, or knowingly remaining within, a specified distance of a specified location.

(3) If the caretaker is willing, and does comply with the duties prescribed in subsection (8) of this section, uncertainty by the caretaker that the alleged abuser has in fact abused the alleged victim shall not, alone, be a basis to remove the alleged victim from the caretaker, nor shall it be considered neglect.

(4) In issuing a temporary restraining order or preliminary injunction, the court may impose any additional restrictions that the court in its discretion determines are necessary to protect the child from further abuse or emotional trauma pending final resolution of the abuse allegations.

(5) The court shall issue a temporary restraining order prohibiting a person from entering the family home if the court finds that the order would eliminate the need for an out-of-home placement to protect the child's right to nurturance, health, and safety and is sufficient to protect the child from further sexual or physical abuse or coercion.

(6) The court may issue a temporary restraining order without requiring notice to the party to be restrained or other parties only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(7) A temporary restraining order or preliminary injunction:

(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding; and

(b) May be revoked or modified.

(8) The person having physical custody of the child shall have an affirmative duty to assist in the enforcement of the restraining order including but not limited to a duty to notify the court as soon as practicable of any violation of the order, a duty to request the assistance of law enforcement officers to enforce the order, and a duty to notify the department of any violation of the order as soon as practicable if the department is a party to the action. Failure by the custodial party to discharge these affirmative duties shall be subject to contempt proceedings.

(9) Willful violation of a court order entered under this section is a misdemeanor. A written order shall contain the court's directive and shall bear the legend: "Violation of this order with actual notice of its terms is a criminal offense under chapter 26.44 RCW, is also subject to contempt proceedings, and will subject a violator to arrest."

(10) If a restraining order issued under this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order on or before the next judicial day. Upon receipt of notice of an order that has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system. 26.44.100 Information about rights—Legislative purpose—Notification of investigation, report, and findings. (1) The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to ensure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific information as set forth in this chapter, provided that nothing contained in this chapter shall cause any delay in protective custody action.

(2) The department shall notify the parent, guardian, or legal custodian of a child of any allegations of child abuse or neglect made against such person at the initial point of contact with such person, in a manner consistent with the laws maintaining the confidentiality of the persons making the complaints or allegations. Investigations of child abuse and neglect should be conducted in a manner that will not jeopardize the safety or protection of the child or the integrity of the investigation process.

Whenever the department completes an investigation of a child abuse or neglect report under this chapter, the department shall notify the subject of the report of the department's investigative findings. The notice shall also advise the subject of the report that:

(a) A written response to the report may be provided to the department and that such response will be filed in the record following receipt by the department;

(b) Information in the department's record may be considered in subsequent investigations or proceedings related to child protection or child custody;

(c) Founded reports of child abuse and neglect may be considered in determining whether the person is disqualified from being licensed to provide child care, employed by a licensed child care agency, or authorized by the department to care for children; and

(d) A subject named in a founded report of child abuse or neglect has the right to seek review of the finding as provided in this chapter.

(3) The founded finding notification required by this section shall be made by certified mail, return receipt requested, to the person's last known address.

(4) The unfounded finding notification required by this section must be made by regular mail to the person's last known address or by email.

(5) The duty of notification created by this section is subject to the ability of the department to ascertain the location of the person to be notified. The department shall exercise reasonable, good-faith efforts to ascertain the location of persons entitled to notification under this section.

(6) The department shall provide training to all department personnel who conduct investigations under this section that shall include, but is not limited to, training regarding the legal duties of the department from the initial time of contact during investigation through treatment in order to protect children and families. Finding—Intent—2005 c 512: "The legislature finds that whenever possible, children should remain in the home of their parents. It is only when the safety of the child is in jeopardy that the child should be removed from the home.

It is the intent of the legislature that the department of social and health services be permitted to intervene in cases of chronic neglect where the health, welfare, or safety of the child is at risk. One incident of neglect may not rise to the level requiring state intervention; however, a pattern of neglect has been shown to cause damage to the health and well-being of the child subject to the neglect.

It is the intent of the legislature that, when chronic neglect has been found to exist in a family, the legal system reinforce the need for the parent's early engagement in services that will decrease the likelihood of future neglect. However, if the parents fail to comply with the offered necessary and available services, the state has the authority to intervene to protect the children who are at risk. If a parent fails to engage in available substance abuse or mental health services necessary to maintain the safety of a child or a parent fails to correct substance abuse deficiencies that jeopardize the
safety of a child, the state has the authority to intervene to protect a child.”

The parents and the child shall be provided a copy of the dependency petition and a copy of any court orders which have been issued. This advice of rights under RCW 13.34.090 shall be in writing. 26.44.140  Treatment for abusive person removed from home. (Effective July 1, 2018.) The court shall require that an individual who, while acting in a parental role, has physically or sexually abused a child and has been removed from the home pursuant to a court order issued in a proceeding under chapter 13.34 RCW, prior to being permitted to reside in the home where the child resides, complete the treatment and education requirements necessary to protect the child from future abuse. The court may require the individual to continue treatment as a condition for remaining in the home where the child resides. Unless a parent, custodian, or guardian has been convicted of the crime for the acts of abuse determined in a fact-finding hearing under chapter 13.34 RCW, such person shall not be required to admit guilt in order to begin to fulfill any necessary treatment and education requirements under this section.

The department or supervising agency shall be responsible for advising the court as to appropriate treatment and education requirements, providing referrals to the individual, monitoring and assessing the individual's progress, informing the court of such progress, and providing recommendations to the court.

The person removed from the home shall pay for these services unless the person is otherwise eligible to receive financial assistance in paying for such services. Nothing in this section shall be construed to create in any person an entitlement to services or financial assistance in paying for services. Domestic violence perpetrator programs. (Effective July 1, 2018.)

Any program that provides domestic violence treatment to perpetrators of domestic violence must be certified by the department of children, youth, and families and meet minimum standards for domestic violence treatment purposes. The department of children, youth, and families shall adopt rules for standards of approval of domestic violence perpetrator programs. The treatment must meet the following minimum qualifications:

(1) All treatment must be based upon a full, complete clinical intake including but not limited to: Current and past violence history; a lethality risk assessment; history of treatment from past domestic violence perpetrator treatment programs; a complete diagnostic evaluation; a substance abuse assessment; criminal history; assessment of cultural issues, learning disabilities, literacy, and special language needs; and a treatment plan that adequately and appropriately addresses the treatment needs of the individual.

(2) To facilitate communication necessary for periodic safety checks and case monitoring, the program must require the perpetrator to sign the following releases:

(a) A release for the program to inform the victim and victim's community and legal advocates that the perpetrator is in treatment with the program, and to provide information, for safety purposes, to the victim and victim's community and legal advocates;

(b) A release to prior and current treatment agencies to provide information on the perpetrator to the program;

(c) A release for the program to provide information on the perpetrator to relevant legal entities including: Lawyers, courts, parole, probation, child protective services, and child welfare services.

(3) Treatment must be for a minimum treatment period defined by the secretary of the department of children, youth, and families by rule. The weekly treatment sessions must be in a group unless there is a documented, clinical reason for another modality. Any other therapies, such as individual, marital, or family therapy, substance abuse evaluations or therapy, medication reviews, or psychiatric interviews, may be concomitant with the weekly group treatment sessions described in this section but not a substitute for it.

(4) The treatment must focus primarily on ending the violence, holding the perpetrator accountable for his or her violence, and changing his or her behavior. The treatment must be based on nonvictim-blaming strategies and philosophies and shall include education about the individual, family, and cultural dynamics of domestic violence. If the perpetrator or the victim has a minor child, treatment must specifically include education regarding the effects of domestic violence on children and the long-term consequences that exposure to incidents of domestic violence may have on children.

(5) Satisfactory completion of treatment must be contingent upon the perpetrator meeting specific criteria, defined by rule by the secretary of the department of children, youth, and families, and not just upon the end of a certain period of time or a certain number of sessions.

(6) The program must have policies and procedures for dealing with reoffenses and noncompliance.

(7) All evaluation and treatment services must be provided by, or under the supervision of, qualified personnel.

(8) The secretary of the department of children, youth, and families may adopt rules and establish fees as necessary to implement this section.

[2017 RCW Supp—page 225]
(9) The department of children, youth, and families may conduct on-site monitoring visits as part of its plan for certifying domestic violence perpetrator programs and monitoring implementation of the rules adopted by the secretary of the department of children, youth, and families to determine compliance with the minimum qualifications for domestic violence perpetrator programs. The applicant or certified domestic violence perpetrator program shall cooperate fully with the department of children, youth, and families in the monitoring visit and provide all program and management records requested by the department of children, youth, and families to determine the program’s compliance with the minimum certification qualifications and rules adopted by the department of children, youth, and families. (g) Programs for highly capable students under RCW 28A.185.010 through 28A.185.030.

(4) Nothing contained in this section shall be construed to require individual students to attend school for any particular number of hours per day or to take any particular courses.

(5)(a) Each school district's kindergarten through twelfth grade basic educational program shall be accessible to all students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one hundred eighty half-days of instruction, or equivalent, in kindergarten, to be increased to a minimum of one hundred eighty school days per school year according to the implementation schedule under RCW 28A.150.315.

(b) Schools administering the Washington kindergarten inventory of developing skills may use up to three school days at the beginning of the school year to meet with parents and families as required in the parent involvement component of the inventory.

(c) In the case of students who are graduating from high school, a school district may schedule the last five school days of the one hundred eighty day school year for noninstructional purposes including, but not limited to, the observance of graduation and early release from school upon the request of a student. All such students may be claimed as a full-time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260. Any hours scheduled by a school district for noninstructional purposes during the last five school days for such students shall count toward the instructional hours requirement in subsection (2)(a) of this section.
(6) Subject to RCW 28A.150.276, nothing in this section precludes a school district from enriching the instructional program of basic education, such as offering additional instruction or providing additional services, programs, or activities that the school district determines to be appropriate for the education of the school district's students.

(7) The state board of education shall adopt rules to implement and ensure compliance with the program requirements imposed by this section, RCW 28A.150.250 and 28A.150.260, and such related supplemental program approval requirements as the state board may establish.

Intent—2017 3rd sp.s. c 13 See note following RCW 28A.150.410.

Finding—Intent—2014 c 217 "The legislature recognizes that preparing students to be successful in postsecondary education, gainful employment, and citizenship requires increased rigor and achievement, including attaining a meaningful high school diploma with the opportunity to earn twenty-four credits. The legislature finds that an investment was made in the 2013-2015 omnibus appropriations act to implement an increase in instructional hours in the 2014-15 school year. School districts informed the legislature that the funding as provided in the 2013-2015 omnibus appropriations act would result in only a few minutes being added onto each class period and would not result in a meaningful increase in instruction that would have the positive impact on student learning that the legislature expects. The school districts suggested that it would be a better educational policy to use the funds to implement the requirement of twenty-four credits for high school graduation, which will result in a meaningful increase of instructional hours. Based on input from school districts across the state, the legislature recognizes the need to provide flexibility for school districts to implement the increase in instructional hours while still moving towards an increase in the high school graduation requirements. Therefore, the legislature intends to shift the focus and intent of the investments from compliance with the minimum instructional hours offering to assisting school districts to provide an opportunity for students to earn twenty-four credits for high school graduation and obtain a meaningful diploma, beginning with the graduating class of 2019, with the opportunity for school districts to request a waiver for up to two years." [2014 c 217 § 1.]

Intent—2013 2nd sp.s. c 9 "The legislature intends to fund a plan to carry out the reforms enacted in chapter 548, Laws of 2009, and chapter 236, Laws of 2010, and to make the statutory changes necessary to support this plan." [2013 2nd sp.s. c 9 § 1.]

Effective dates—2013 2nd sp.s. c 9 "(1) Sections 2 through 4 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect September 1, 2013.

(2) Section 7 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect June 30, 2013.

(3) Sections 5, 6, and 8 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [June 30, 2013]." [2013 2nd sp.s. c 9 § 9.]

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in schools where at least fifty percent of students are eligible for free and reduced-price meals. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less
intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instructional program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050. (1) To the extent that career and technical education funding allocations under RCW 28A.150.260 (4)(c) and (9) exceed general education funding allocations under RCW 28A.150.260, school districts may use the difference only for the career and technical education purposes, defined as follows:
(a) Staff salaries and benefits for career and technical education program delivery;
(b) Materials, supplies, and operating costs;
(c) Smaller class sizes;
(d) Work-based learning programs such as internships and preapprenticeship programs, including coordination tied to career and technical education coursework;

(f) Certificated work-based learning coordinators and career guidance advisors;
(g) School expenses associated with career and technical education community partnerships with a career discovery focus including research or evidence-based mentoring programs and expanded learning opportunities in school, before or after school, and during the summer, and career-focused education programs with private and public K-12 schools and colleges, community-based organizations and nonprofit organizations, industry partners, tribal governments, and workforce development entities;

28A.150.276 Local revenues—Enrichment of program of basic education—"Local revenues" defined. (1) (a) Beginning September 1, 2019, school districts may use local revenues only for documented and demonstrated enrichment of the state's statutory program of basic education as authorized in subsection (2) of this section.

(b) Nothing in this section revises the definition of the program of basic education under RCW 28A.150.220 and 28A.150.260.

(c) For purposes of this section, "local revenues" means enrichment levies collected under RCW 84.52.053, transportation vehicle enrichment levies, local effort assistance funding received under chapter 28A.500 RCW, and other school district local revenues including, but not limited to, grants, donations, and state and federal payments in lieu of taxes, except that "local revenues" does not include other federal revenues, or local revenues that operate as an offset to the district's basic education allocation under RCW 28A.150.250.

(2) (a) Enrichment activities are permitted under this section if they provide supplementation beyond the state:
(i) Minimum instructional offerings of RCW 28A.150.220 or 28A.150.260;
(ii) Staffing ratios or program components of RCW 28A.150.260, including providing additional staff for class size reduction beyond class sizes allocated in the prototypical school model and additional staff beyond the staffing ratios allocated in the prototypical school formula;
(iii) Program components of RCW 28A.150.200, 28A.150.220, or 28A.150.260; or
(iv) Program of professional learning as defined by RCW 28A.415.430 beyond that allocated pursuant to RCW 28A.150.415.

(b) Permitted enrichment activities consist of:
(i) Extracurricular activities, extended school days, or an extended school year;
(ii) Additional course offerings beyond the minimum instructional program established in the state's statutory program of basic education;
(iii) Activities associated with early learning programs;
(iv) Any additional salary costs attributable to the provision or administration of the enrichment activities allowed under this subsection; and
(v) Additional activities or enhancements that the office of the superintendent of public instruction determines to be a documented and demonstrated enrichment of the state's statutory program of basic education under (a) of this subsection and for which the superintendent approves proposed expenditures during the preballot approval process required by RCW 84.52.053 and 28A.505.240.

(3) In addition to the limitations of subsections (1) and (2) of this section and of RCW 28A.400.200, permitted enrichment activities are subject to the following conditions and limitations:
(a) If a school district spends local revenues for salary costs attributable to the administration of enrichment programs, the portion of administrator salaries attributable to that purpose may not exceed the proportion of the district's local revenues to its other revenues; and
(b) Supplemental contracts under RCW 28A.400.200 are subject to the limitations of this section.

(4) The superintendent of public instruction must adopt rules to implement this section. [2017 3rd sp.s. c 13 § 501.]

28A.150.315 All-day kindergarten programs—Funding—Identification of skills, knowledge, and characteristics—Assessments. (Effective July 1, 2018.) (1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. During the 2011-2013 biennium, funding shall continue to be phased-in each year until full statewide implementation of all-day kindergarten is achieved in the 2017-18 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:
(a) Provide at least a one thousand-hour instructional program;
(b) Provide a curriculum that offers a rich, varied set of experiences that assist students in:
(i) Developing initial skills in the academic areas of reading, mathematics, and writing;
(ii) Developing a variety of communication skills;
(iii) Providing experiences in science, social studies, arts, health and physical education, and a world language other than English;
(iv) Acquiring large and small motor skills;
(v) Acquiring social and emotional skills including successful participation in learning activities as an individual and as part of a group; and
(vi) Learning through hands-on experiences;
(c) Establish learning environments that are developmentally appropriate and promote creativity;
(d) Demonstrate strong connections and communication with early learning community providers; and
(e) Participate in kindergarten program readiness activities with early learning providers and parents.

(2)(a) It is the intent of the legislature that administration of the Washington kindergarten inventory of developing skills as required in this subsection (2) and RCW 28A.655.080 replace administration of other assessments being required by school districts or that other assessments only be administered if they seek to obtain information not covered by the Washington kindergarten inventory of developing skills.

(b) In addition to the requirements in subsection (1) of this section and to the extent funds are available, beginning with the 2011-12 school year on a voluntary basis, schools must identify the skills, knowledge, and characteristics of kindergarten students at the beginning of the school year in order to support social-emotional, physical, and cognitive growth and development of individual children; support early learning provider and parent involvement; and inform instruction. Kindergarten teachers shall administer the Washington kindergarten inventory of developing skills, as directed by the superintendent of public instruction in consultation with the department of children, youth, and families and in collaboration with the nongovernmental private-public partnership designated in RCW 43.216.065, and report the results to the superintendent. The superintendent shall share the results with the secretary of the department of children, youth, and families.

(c) School districts shall provide an opportunity for parents and guardians to excuse their children from participation in the Washington kindergarten inventory of developing skills.

(3) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities. 28A.150.390 Appropriations for special education programs. (1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (4)(a), (5), (6), and (8).

(2) The excess cost allocation to school districts shall be based on the following:
(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and
(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9309.

(3) As used in this section:
(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8), to be divided by the district's full-time equivalent enrollment.
(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.
(c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.
(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or thirteen and five-tenths percent. 28A.150.392  Special education funding—Safety net awards—Rules—Annual survey and report—Safety net oversight committee. (1)(a) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390.

(b) If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need.

(2) Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall award additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas.

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

(c) Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(d) In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for special education-eligible students and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act—Part B and appropriate special projects. Awards associated with (e) and (f) of this subsection shall not exceed the total of a district's specific determination of need.

(e) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(f) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2)(f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

(g) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(h) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(i) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(3) The superintendent of public instruction shall adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. By September 1, 2019, the superintendent shall review and revise the rules to achieve full and complete implementation of the requirements of this subsection and subsection (4) of this section. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(4) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(5) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding. [2017 3rd sp.s. c 13 § 407; 2009 c 548 § 109.]

Special education safety net study—2017 3rd sp.s. c 13: *(1) To ensure that the special education safety net process results in sufficient funding for school districts with demonstrated needs for funding in excess of state and federal funding otherwise provided, the superintendent of public instruction shall review the current safety net process. The superintendent must make recommendations on possible adjustments to improve the safety net process and to evaluate the appropriate funding level to meet the safety net's purpose.

(2) The superintendent of public instruction must consider and make recommendations on the following:

[2017 RCW Supp—page 236]
(a) Whether fiscal components in addition to or in place of the fiscal components of community impact and high need students should be considered by the safety net committee when making safety net awards, including:

(i) Should a school district be able to access the safety net when a school district's enrollment of students with disabilities exceeds the statutory limit of thirteen and five-tenths percent;

(ii) Should the definition and the limitation on the amount provided for high need students be adjusted; and

(iii) Should a district have access to the safety net when it has disproportionate concentrations of students with higher than statewide average costs, but the students do not meet the threshold for high need awards; and

(b) How the process can be improved, including how the superintendent can best provide technical assistance to school districts that file incomplete applications, and how the timeline can be changed to provide sufficient time for a district to resubmit an incomplete application.

(3) The superintendent of public instruction may consider other topics deemed relevant by the superintendent that achieve the goals of subsection (1) of this section.

(4) The superintendent of public instruction must submit the recommendations to the governor, and the legislative education and operating budget committees by November 1, 2018.

(5) This section expires August 1, 2019.  

Effective date—2017 3rd sp.s.c 13 §§ 401-413: See note following RCW 28A.150.200.

28A.150.410 Basic education certificated instructional staff—Salary allocation methodology—Adjustments for regional differences—Review and rebasing of regionalization factors.  (1) Through the 2017-18 school year, the legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260. For the purposes of this section, the staff allocations for classroom teachers, teacher-librarians, guidance counselors, and student health services staff under RCW 28A.150.260 are considered allocations for certificated instructional staff.

(2) Through the 2017-18 school year, salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Through the 2017-18 school year, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a master's degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(4) Beginning in the 2007-08 school year and through the 2017-18 school year, the calculation of years of service for occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

(5) By the 2019-20 school year, the minimum state allocation for salaries for certificated instructional staff in the basic education program must be increased beginning in the 2018-19 school year to provide a statewide average allocation of sixty-four thousand dollars adjusted for inflation from the 2017-18 school year.

(6) By the 2019-20 school year, the minimum state allocation for salaries for certificated administrative staff in the basic education program must be increased beginning in the 2018-19 school year to provide a statewide average allocation of ninety-five thousand dollars adjusted for inflation from the 2017-18 school year.

(7) By the 2019-20 school year, the minimum state allocation for salaries for classified staff in the basic education program must be increased beginning in the 2018-19 school year to provide a statewide average allocation of forty-five thousand nine hundred twelve dollars adjusted by inflation from the 2017-18 school year.

(8) To implement the new minimum salary allocations in subsections (5) through (7) of this section, the legislature must fund fifty percent of the increased salary allocation in the 2018-19 school year and the entire increased salary allocation in the 2019-20 school year. For school year 2018-19, a district's minimum state allocation for salaries is the greater of the district's 2017-18 state salary allocation, adjusted for inflation, or the district's allocation based on the state salary level specified in subsections (5) through (7) of this section, and as further specified in the omnibus appropriations act.

(9) Beginning with the 2018-19 school year, state allocations for salaries for certificated instructional staff, certificated administrative staff, and classified staff must be adjusted for regional differences in the cost of hiring staff. Adjustments for regional differences must be specified in the omnibus appropriations act for each school year through at least school year 2022-23. For school years 2018-19 through school year 2022-23, the school district regionalization factors are based on the median single-family residential value of each school district and proximate school district median single-family residential value as described in RCW 28A.150.412.

(10) Beginning with the 2023-24 school year and every six years thereafter, the minimum state salary allocations and school district regionalization factors for certificated instructional staff, certificated administration [administrative] staff, and classified staff must be reviewed and rebased, as provided under RCW 28A.150.412, to ensure that state salary allocations continue to align with staffing costs for the state's program of basic education.

Title 28A RCW: Common School Provisions

28A.150.412 Basic education compensation allocations—Rebase and review—Revision of minimum allocations and regionalization factors—Regionalization factors—Definitions. (1) Beginning with the 2023 regular legislative session, and every six years thereafter, the legislature shall review and rebase state basic education compensation allocations compared to school district compensation data, regionalization factors, and other economic information. The legislature shall revise the minimum allocations and regionalization factors if necessary to ensure that state basic education allocations continue to provide market-rate salaries and that regionalization adjustments reflect actual economic differences between school districts.

(2)(a) For school districts with single-family residential values above the statewide median residential value, regionalization factors for school years 2018-19 through school year 2022-23 are as follows:
   (i) For school districts in tercile 1, state salary allocations for school district employees are regionalized by six percent; and  
   (ii) For school districts in tercile 2, state salary allocations for school district employees are regionalized by twelve percent; and  
   (iii) For school districts in tercile 3, state salary allocations for school district employees are regionalized by eighteen percent.

(b) Additional school district adjustments are identified in the omnibus appropriations act, and these adjustments are partially reduced or eliminated by the 2022-23 school year as follows:
   (i) Adjustments that increase the regionalization factor to a value that is greater than the tercile 3 regionalization factor must be reduced by two percentage points each school year beginning with school year 2020-21, through 2022-23.
   (ii) Adjustments that increase the regionalization factor to a value that is less than or equal to the tercile 3 regionalization factor must be reduced by one percentage point each school year beginning with school year 2020-21, through 2022-23.

(3) To aid the legislature in reviewing and rebasing regionalization factors, the department of revenue shall, by November 1, 2022, and by November 1st every six years thereafter, determine the median single-family residential value of each school district as well as the median value of proximate districts within fifteen miles of the boundary of the school district for which the median residential value is being calculated.

(4) No district may receive less state funding for the minimum state salary allocation as compared to its prior school year salary allocation as a result of adjustments that reflect updated regionalized salaries.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Median residential value of each school district" means the median value of all single-family residential parcels included within a school district and any other school district that is proximate to the school district.

(b) "Proximate to the school district" means within fifteen miles of the boundary of the school district for which the median residential value is being calculated.

(c) "School district employees" means state-funded certificated instructional staff, certificated administrative staff, and classified staff.

(d) "School districts in tercile 1" means school districts with median single-family residential values in the first tercile of districts with single-family residential values above the statewide median residential value.

(e) "School districts in tercile 2" means school districts with median single-family residential values in the second tercile of districts with single-family residential values above the statewide median residential value.

(f) "School districts in tercile 3" means school districts with median single-family residential values in the third tercile of districts with single-family residential values above the statewide median residential value.

(g) "Statewide median residential value" means the median value of single-family residential parcels located within all school districts, reduced by five percent.

Intent—2017 3rd sp.s. c 13: See note following RCW 28A.150.410.

28A.150.413 Finding—Local levy authority—Local effort assistance—Value—Restriction. (1) The legislature finds that while the state has the responsibility to provide for a general and uniform system of public schools, there is also a need for some diversity in the public school system. A successful system of public education must permit some variation among school districts outside the basic education provided for by the state to respond to and reflect the unique desires of local communities. The opportunity for local communities to invest in enriched education programs promotes support for local public schools. Further, the ability of local school districts to experiment with enriched programs can inform the legislature's long-term evolution of the definition of basic education. Therefore, local levy authority remains an important component of the overall finance system in support of the public schools even though it is outside the state's obligation for basic education and, after September 1, 2019, is restricted to enrichment purposes under RCW 28A.150.276.

(2) However, the value of permitting local levies must be balanced with the value of equity and fairness to students and to taxpayers, neither of whom should be unduly disadvantaged due to differences in the tax bases used to support local levies. Equity and fairness require both an equitable basis for supplemental funding outside basic education and a mechanism for property tax-poor school districts to fairly access

[2017 RCW Supp—page 238]
supplemental funding. As such, local effort assistance, while also outside the state's obligation for basic education, is another important component of school finance. [2017 3rd sp.s. c 13 § 208; 2009 c 548 § 301. Formerly RCW 28A.500.050.]

28A.150.414 Locally determined compensation plans for certificated instructional staff—Model salary grid—Stakeholder technical working group. (1) The superintendent of public instruction must convene and facilitate a stakeholder technical working group to develop a model salary grid for school district use in developing locally determined compensation plans for certificated instructional staff.

(2) The grid is intended to be used as a resource by school districts in determining local salaries in the collective bargaining process, and it is intended to provide guidance to districts in hiring staff based on the allocation methodology, regionalization adjustments, and compensation restrictions in chapter 13, Laws of 2017 3rd sp. sess. However, districts are not required to use this grid in bargaining or determining actual salaries.

(3) Membership of the technical working group convened by the superintendent of public instruction may include, but is not limited to, one school district administrator each from an urban and a rural district east of the crest of the Cascade mountains and from an urban and a rural district west of the crest of the Cascade mountains, a representative of an organization representing school district certificated instructional staff, and a representative of an educational service district.

(4) The superintendent of public instruction must provide the initial model grid to the governor and the appropriate policy and fiscal committees of the legislature for their review by December 1, 2017. The superintendent of public instruction must post the model grid on the web site for the office of the superintendent of public instruction.

(5) The superintendent of public instruction may reconvene the technical working group to update the model grid based on future legislative changes to methodologies for allocating and regionalizing salaries for certificated instructional staff. [2017 3rd sp.s. c 13 § 107.]

28A.150.415 Professional learning days—Funding. (1) Beginning with the 2018-19 school year, the legislature shall begin phasing in funding for professional learning days for certificated instructional staff. At a minimum, the state must allocate funding for:

(a) One professional learning day in the 2018-19 school year;

(b) Two professional learning days in the 2019-20 school year; and

(c) Three professional learning days in the 2020-21 school year.

(2) Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days.

(3) The professional learning days must meet the definitions and standards provided in RCW 28A.415.430, 28A.415.432, and 28A.415.434. [2017 3rd sp.s. c 13 § 105.]

28A.150.510 Transmittal of education records to department of children, youth, and families—Disclosure of educational records—Data-sharing agreements—Comprehensive needs requirement document—Report. (Effective July 1, 2018.) (1) In order to effectively serve students who are dependent pursuant to chapter 13.34 RCW, education records shall be transmitted to the department of children, youth, and families within two school days after receiving the request from the department provided that the department certifies that it will not disclose to any other party the education records without prior written consent of the parent or student unless authorized to disclose the records under state law. The department of children, youth, and families is authorized to disclose education records it obtains pursuant to this section to a foster parent, guardian, or other entity authorized by the department to provide residential care to the student. The department is also authorized to disclose educational records it obtains pursuant to this section to those entities with which it has contracted, or with which it is formally collaborating, having responsibility for educational support services and educational outcomes of students who are dependent pursuant to chapter 13.34 RCW. The department is encouraged to put in place data-sharing agreements to assure accountability.

(2)(a) The K-12 data governance group established under RCW 28A.300.507 shall create a comprehensive needs requirement document detailing the specific information, technical capacity, and any federal and state statutory and regulatory changes needed by school districts, the office of the superintendent of public instruction, the department of children, youth, and families, or the higher education coordinating board or its successor, to enable the provision, on at least a quarterly basis, of:

(i) Current education records of students who are dependent pursuant to chapter 13.34 RCW to the department of children, youth, and families and, from the department, to those entities with which the department has contracted, or with which it is formally collaborating, having responsibility for educational support services and educational outcomes; and

(ii) The names and contact information of students who are dependent pursuant to chapter 13.34 RCW and are thirteen years or older to the higher education coordinating board or its successor and the private agency with which it has contracted to perform outreach for the passport to college promise program under chapter 28B.117 RCW or the college bound scholarship program under chapter 28B.118 RCW.

(b) In complying with (a) of this subsection, the K-12 data governance group shall consult with: Educational support service organizations, with which the department of children, youth, and families contracts or collaborates, having responsibility for educational support services and educational outcomes of dependent students; the passport to col-
leage advisory committee; the education support service organizations under contract to perform outreach for the passport to college promise program under chapter 28B.117 RCW; the department of children, youth, and families; the office of the attorney general; the higher education coordinating board or its successor; and the office of the administrator for the courts. 28A.155.065 Early intervention services—Accounting of expenditures. (Effective July 1, 2018.) (1) Each school district shall provide or contract for early intervention services to all eligible children with disabilities from birth to three years of age. Eligibility shall be determined according to Part C of the federal individuals with disabilities education act or other applicable federal and state laws, and as specified in the Washington Administrative Code adopted by the state lead agency, which is the department of children, youth, and families. School districts shall provide or contract, or both, for early intervention services in partnership with local birth-to-three lead agencies and birth-to-three providers. Services provided under this section shall not supplant services or funding currently provided in the state for early intervention services to eligible children with disabilities from birth to three years of age. The state-designated birth-to-three lead agency shall be payor of last resort for birth-to-three early intervention services provided under this section.

(2)(a) By October 1, 2016, the office of the superintendent of public instruction shall provide the department of early learning, in its role as state lead agency, with a full accounting of the school district expenditures from the 2013-14 and 2014-15 school years, disaggregated by district, for birth-to-three early intervention services provided under this section.

(b) The reported expenditures must include, but are not limited to per student allocations, per student expenditures, the number of children served, detailed information on services provided by school districts and contracted for by school districts, coordination and transition services, and administrative costs.

(3) The services in this section are not part of the state's program of basic education pursuant to Article IX of the state Constitution. [2017 3rd sp.s. c 6 § 216; 2016 c 57 § 3; 2007 c 115 § 7; 2006 c 269 § 2.]

28A.180.020 Annual report by superintendent of public instruction. The superintendent of public instruction shall review annually the transitional bilingual instruction program and shall submit a report of such review to the legislature on or before February 1st of each year. [2017 c 123 § 1; 1984 c 124 § 8. Formerly RCW 28A.58.801.]

28A.180.120 Bilingual educator initiative—Pilot projects—Pipeline to college—Conditional loans—Report—Rules. In 2017, funds must be appropriated for the purposes in this section.

(1) The professional educator standards board, beginning in the 2017-2019 biennium, shall administer the bilingual educator initiative, which is a long-term program to recruit, prepare, and mentor bilingual high school students to become future bilingual teachers and counselors.

(2) Subject to the availability of amounts appropriated for this specific purpose, pilot projects must be implemented in one or two school districts east of the crest of the Cascade mountains and one or two school districts west of the crest of the Cascade mountains, where immigrant students are shown to be rapidly increasing. Districts selected by the professional educator standards board must partner with at least one two-year and one four-year college in planning and implementing the program. The professional educator standards board shall provide oversight.

(3) Participating school districts must implement programs, including: (a) An outreach plan that exposes the program to middle school students and recruits them to enroll in the program when they begin their ninth grade of high school; (b) activities in ninth and tenth grades that help build student agency, such as self-confidence and awareness, while helping students to develop academic mind-sets needed for high school and college success; the value and benefits of teaching and counseling as careers; and introduction to leadership, civic engagement, and community service; (c) credit-bearing curricula in grades eleven and twelve that include mentoring, shadowing, best practices in teaching in a multicultural world, efficacy and practice of dual language instruction, social and emotional learning, enhanced leadership, civic engagement, and community service activities.

(4) There must be a pipeline to college using two-year and four-year college faculty and consisting of continuation services for program participants, such as advising, tutoring, mentoring, financial assistance, and leadership.

(5) High school and college teachers and counselors must be recruited and compensated to serve as mentors and trainers for participating students.

(6) After obtaining a high school diploma, students qualify to receive conditional loans to cover the full cost of college tuition, fees, and books. To qualify for funds, students must meet program requirements as developed by their local implementation team, which consists of staff from their school district and the partnering two-year and four-year college faculty.

(7) In order to avoid loan repayment, students must (a) earn their baccalaureate degree and certification needed to serve as a teacher or professional guidance counselor; and (b) teach or serve as a counselor in their educational service district region for at least five years. Students who do not meet the repayment terms in this subsection are subject to repaying all or part of the financial aid they receive for college unless students are recipients of funding provided through programs such as the state need grant program or the college bound scholarship program.

(8) Grantees must work with the professional educator standards board to draft the report required in section 6, chapter 236, Laws of 2017.

(9) The professional educator standards board may adopt rules to implement this section. [2017 c 236 § 4.]

28A.185.020 Funding. (1) The legislature finds that, for highly capable students, access to accelerated learning and enhanced instruction is access to a basic education. There are multiple definitions of highly capable, from intellectual to academic to artistic. The research literature strongly supports using multiple criteria to identify highly capable students, and therefore, the legislature does not intend to prescribe a single method. Instead, the legislature intends to allocate funding based on 5.0 percent of each school district’s population. (2) Supplementary funds provided by the state for the program for highly capable students under RCW 28A.150.260 shall be categorical funding to provide services to highly capable students as determined by a school district under RCW 28A.185.030. 28A.210.260 Public and private schools—Administration of medication—Conditions. Public school districts and private schools which conduct any of grades kindergarten through the twelfth grade may provide for the administration of oral medication, topical medication, eye drops, ear drops, or nasal spray, of any nature to students who are in the custody of the school district or school at the time of administration, but are not required to do so by this section, subject to the following conditions:

(1) The board of directors of the public school district or the governing board of the private school or, if none, the chief administrator of the private school shall adopt policies which address the designation of employees who may administer oral medications, topical medications, eye drops, ear drops, or nasal spray to students, the acquisition of parent requests and instructions, and the acquisition of requests from licensed health professionals prescribing within the scope of their prescriptive authority and instructions regarding students who require medication for more than fifteen consecutive school days, the identification of the medication to be administered, the means of safekeeping medications with special attention given to the safeguarding of legend drugs as defined in chapter 69.41 RCW, and the means of maintaining a record of the administration of such medication;

(2) The board of directors shall seek advice from one or more licensed physicians or nurses in the course of developing the foregoing policies;

(3) The public school district or private school is in receipt of a written, current and unexpired request from a parent, or a legal guardian, or other person having legal control over the student to administer the medication to the student;

(4) The public school district or the private school is in receipt of (a) a written, current and unexpired request from a licensed health professional prescribing within the scope of his or her prescriptive authority for administration of the medication, as there exists a valid health reason which makes administration of such medication advisable during the hours when school is in session or the hours in which the student is under the supervision of school officials, and (b) written, current and unexpired instructions from such licensed health professional prescribing within the scope of his or her prescriptive authority regarding the administration of prescribed medication to students who require medication for more than fifteen consecutive workdays;

(5) The medication is administered by an employee designated by or pursuant to the policies adopted pursuant to subsection (1) of this section and in substantial compliance with the prescription of a licensed health professional prescribing within the scope of his or her prescriptive authority or the written instructions provided pursuant to subsection (4) of this section. If a school nurse is on the premises, a nasal spray that is a legend drug or a controlled substance must be administered by the school nurse. If no school nurse is on the premises, a nasal spray that is a legend drug or a controlled substance may be administered by a trained school employee or parent-designated adult who is not a school nurse. The board of directors shall allow school personnel, who have received appropriate training and volunteered for such training, to administer a nasal spray that is a legend drug or a controlled substance. After a school employee who is not a school nurse administers a nasal spray that is a legend drug or a controlled substance, the employee shall summon emergency medical assistance as soon as practicable;

(6) The medication is first examined by the employee administering the same to determine in his or her judgment that it appears to be in the original container and to be properly labeled; and

(7) The board of directors shall designate a professional person licensed pursuant to chapter 18.71 RCW or chapter 18.79 RCW as it applies to registered nurses and advanced registered nurse practitioners, to delegate to, train, and supervise the designated school district personnel in proper medication procedures;

(8)(a) For the purposes of this section, "parent-designated adult" means a volunteer, who may be a school district employee, who receives additional training from a health care professional or expert in epileptic seizure care selected by the parents, and who provides care for the child consistent with the individual health plan.

(b) To be eligible to be a parent-designated adult, a school district employee not licensed under chapter 18.79 RCW must file, without coercion by the employer, a voluntary written, current, and unexpired letter of intent stating the employee's willingness to be a parent-designated adult. If a school employee who is not licensed under chapter 18.79

[2017 RCW Supp—page 244]
RCW chooses not to file a letter under this section, the employee shall not be subject to any employer reprisal or disciplinary action for refusing to file a letter;

(9) The board of directors shall designate a professional person licensed under chapter 18.71, 18.57, or 18.79 RCW as it applies to registered nurses and advanced registered nurse practitioners, to consult and coordinate with the student's parents and health care provider, and train and supervise the appropriate school district personnel in proper procedures for care for students with epilepsy to ensure a safe, therapeutic learning environment. Training may also be provided by an epilepsy educator who is nationally certified. Parent-designated adults who are school employees are required to receive the training provided under this subsection. Parent-designated adults who are not school employees must show evidence of comparable training. The parent-designated adult must also receive additional training as established in subsection (8)(a) of this section for the additional care the parents have authorized the parent-designated adult to provide. The professional person designated under this subsection is not responsible for the supervision of the parent-designated adult for those procedures that are authorized by the parents;

(10) This section does not apply to topical sunscreen products regulated by the United States food and drug administration for over-the-counter use. Provisions related to possession and application of topical sunscreen products are in RCW 28A.210.278. [2017 c 186 § 2; 2013 c 180 § 1; 2012 c 16 § 1; 2000 c 63 § 1; 1994 sp.s. c 9 § 720; 1982 c 195 § 1. Formerly RCW 28A.31.150.]

28A.210.278 Topical sunscreen products—Sun safety guidelines. (1) Any person, including students, parents, and school personnel, may possess topical sunscreen products to help prevent sunburn while on school property, at a school-related event or activity, or at summer camp. As excepted in RCW 28A.210.260, a sunscreen product may be possessed and applied under this section without the prescription or note of a licensed health care professional if the product is regulated by the United States food and drug administration for over-the-counter use. For student use, a sunscreen product must be supplied by a parent or guardian.

(2) Schools are encouraged to educate students about sun safety guidelines.

(3) Nothing in this section requires school personnel to assist students in applying sunscreen.

(4) As used in this section, "school" means a public school, school district, educational service district, or private school with any of grades kindergarten through twelve. [2017 c 186 § 1.]

Application—2017 c 186: "This act does not create any civil liability on the part of the state or any state agency, officer, employee, agent, political subdivision, or school district." [2017 c 186 § 3.]

Short title—2017 c 186: "This act may be known and cited as the student sun safety education act." [2017 c 186 § 4.]

Effective date—2017 c 186: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 4, 2017]." [2017 c 186 § 5.]

28A.210.305 Registered nurse or advance registered nurse practitioner—Duties relating to nursing care of students—Notice to school districts. (1)(a) A registered nurse or an advanced registered nurse practitioner licensed under chapter 18.79 RCW working in a school setting is authorized and responsible for the nursing care of students to the extent that the care is within the practice of nursing as defined in this section.

(b) A school administrator may supervise a registered nurse or an advanced registered nurse practitioner licensed under chapter 18.79 RCW in aspects of employment other than the practice of nursing as defined in this section.

(c) Only a registered nurse or an advanced registered nurse practitioner licensed under chapter 18.79 RCW may supervise, direct, or evaluate a licensed nurse working in a school setting with respect to the practice of nursing as defined in this section.

(2) Nothing in this section:

(a) Prohibits a nonnurse supervisor from supervising, directing, or evaluating a licensed nurse working in a school setting with respect to matters other than the practice of nursing;

(b) Requires a registered nurse or an advanced registered nurse practitioner to be clinically supervised in a school setting; or

(c) Prohibits a nonnurse supervisor from conferring with a licensed nurse working in a school setting with respect to the practice of nursing.

(3) Within existing funds, the superintendent of public instruction shall notify each school district in this state of the requirements of this section.

(4) For purposes of this section, "practice of nursing" means:

(a) Registered nursing practice as defined in RCW 18.79.040, advanced registered nursing practice as defined in RCW 18.79.050, and licensed practical nursing practice as defined in RCW 18.79.060, including, but not limited to:

(i) The administration of medication pursuant to a medication or treatment order; and

(ii) The decision to summon emergency medical assistance; and

(b) Compliance with any state or federal statute or administrative rule specifically regulating licensed nurses, including any statute or rule defining or establishing standards of patient care or professional conduct or practice. [2017 c 84 § 2.]

Findings—Intent—2017 c 84: "(1) The legislature finds that:

(a) A registered nurse or an advanced registered nurse practitioner working in a school setting is authorized and responsible for the nursing care of students to the extent that the care is within the practice of nursing. A school administrator may supervise a registered nurse or an advanced registered nurse practitioner in aspects of employment other than the practice of nursing;

(b) Nursing is governed by specific laws and regulations and requires a unique license to practice. Clinical supervision of a nurse is based on knowledge of the laws, regulations, and rules governing nursing practice, nursing practice standards, and nursing performance standards;

(c) Student health needs have changed dramatically over the last twenty years. The number of students with special health care needs has risen exponentially;

(d) School nurses are held accountable through chapter 18.79 RCW and the uniform disciplinary act, chapter 18.130 RCW, for errors in nursing judgments and actions;

(e) Individuals who are not nurses are unqualified to make nursing judgments and assessments;
(f) The independent nature of nursing has been recognized in both statute and rule. For example, under RCW 18.79.040, "registered nursing practice" includes the "administration, supervision, delegation, and evaluation of nursing practice." Furthermore, continuing competency rules recently adopted by the nursing care quality assurance commission recognize and acknowledge the independent nature of nursing; and

(g) The ability of a nurse to practice nursing without the supervision of a nonnurse supervisor is particularly important given the primacy of the nurse-patient relationship.

(2) It is therefore the intent of the legislature to reaffirm the authority of a licensed nurse working in a school setting to practice nursing without the supervision of a person who is not a licensed nurse.

(3) It is not the intent of the legislature to:

(a) Prohibit a nonnurse from supervising a licensed nurse working in a school setting with respect to matters other than the practice of nursing, such as matters of administration, terms and conditions of employment, and employee performance; or

(b) Require a school to provide clinical supervision for a licensed nurse working in a school setting. [2017 c 84 § 1.]

teach traffic safety education from the superintendent of
public instruction or is certificated by the superintendent of
public instruction to teach a driver training education course; or
(b) Is an instructor provided by a driver training school
that has contracted with a school district's or districts' board
of directors under RCW 28A.220.030(3) to teach driver edu-
cation for the school district.

(6) "Superintendent" or "state superintendent" means the
superintendent of public instruction.

(7) "Traffic safety education program" means the admin-
istration and provision of driver training education courses
offered by secondary schools of a school district or voca-
tional-technical schools that are conducted by such schools in
a like manner to their other regular courses. [2017 c 197 § 2;

Reviser's note: The definitions in this section have been alphabetized
pursuant to RCW 1.08.015(2)(k).

Findings—Intent—2017 c 197: "The legislature finds that there is a
need to establish consistency in the quality of driver training education in
this state to reduce the number of young driver accidents that are prematurely
killing our youth. The traffic safety commission reports that out of two hun-
dred forty-five fatalities in the first half of 2016, thirty-one involved young
drivers aged sixteen to twenty-five. The intent of this act is to require driver
training education curriculum to be developed and maintained jointly by the
office of the superintendent of public instruction and the department of
licensing. The legislature also finds that there is a need to audit driver train-
ing education courses; therefore, the intent of this act is also to provide the
department of licensing with resources and authority to audit all driver train-
ing education courses in consultation with the superintendent of public
instruction for driver training education courses offered by school districts."
[2017 c 197 § 1.]

Effective date—2017 c 197: "Except for section 13 of this act, this act
takes effect August 1, 2018." [2017 c 197 § 16.]

driver training—Powers and duties of school officials—Administration of knowledge and driving portions of
driver licensing examination. (Effective August 1, 2018.)

(1) The superintendent of public instruction is authorized to
establish a section of traffic safety education, and through
such section shall: Define appropriate course delivery stan-
dards required to provide an effective driver training educa-
tion course, establish a level of driving competency required
of each student to successfully complete the course, and
ensure that an effective statewide program is implemented
and sustained; administer, supervise, and develop the traffic
safety education program; and assist local school districts and
approved private schools in the conduct of their traffic safety
education programs. The superintendent shall adopt neces-
sary rules governing the operation and scope of the traffic
safety education program; and each school district and
approved private school shall submit a report to the superin-
tendent on the condition of its traffic safety education pro-
gram: PROVIDED, That the superintendent shall monitor the
quality of the program and carry out the purposes of this
chapter.

taining a secondary school which includes any of the grades
10 to 12, inclusive, or any approved private school which
includes any of the grades 10 to 12, inclusive, may establish
and maintain a traffic safety education program.

(b) Any school district or approved private school that
offers a driver training education course must certify to the
department of licensing that it is operating a traffic safety
education program, that the driver training education course
follows the curriculum promulgated by the office of the
superintendent of public instruction and the department of
licensing, that it meets the course delivery standards promul-
gated by the office of the superintendent of public instruction,
that a record retention policy is in place to meet the require-
ments of subsection (5) of this section, and that the school
district or approved private school has verified that all
instructors are authorized by the office of the superintendent
of public instruction to teach a driver training education
course.

(c) Any portion of a driver training education course
offered by a school district may be taught before or after reg-
ular school hours or on Saturdays as well as on regular school
days or as a summer school course, at the option of the local
school district. If a school district elects to offer a driver train-
ing education course and has within its boundaries a private
accredited secondary school which includes any of the grades
10 to 12, inclusive, at least one driver training education
course must be given at times other than regular school hours
if there is sufficient demand for it.

(3)(a) A qualified teacher of driver training education
must be certificated under chapter 28A.410 RCW and obtain
a traffic safety endorsement or a letter of approval to teach
traffic safety education from the superintendent of public
instruction to teach either the classroom instruction or the
behind-the-wheel instruction portion of the driver training
education course, or both, under rules adopted by the superin-
tendent. The classroom or behind-the-wheel instruction
portion of the driver training education course may also be
taught by instructors certificated under rules adopted by the
superintendent of public instruction, exclusive of any

requirement that the instructor be certificated under chapter 28A.410 RCW.

(b) The superintendent shall establish a required minimum number of hours of continuing traffic safety education for qualified teachers of driver training education.

(4) The board of directors of a school district, or combination of school districts, may contract with any driver training school licensed under chapter 46.82 RCW to teach the behind-the-wheel instruction portion of the driver training education course. Providers informed by such contacting driver training school must be properly qualified teachers of driver training education under the joint qualification requirements adopted by the superintendent of public instruction and the director of licensing.

(5) Each school district or approved private school offering a traffic safety education program must maintain: (a) Documentation of each instructor's name and address and that establishes the instructor as a qualified teacher of driver training education as defined in RCW 28A.220.020; and (b) student records that include the student's name, address, and telephone number, the date of enrollment and all dates of instruction, the student's driver's instruction permit or driver's license number, the type of training received, the total number of hours of instruction, and the name of the instructor or instructors. These records must be maintained for three years following the completion of the instruction and are subject to inspection upon request of the department of licensing or the office of the superintendent of public instruction. The superintendent may adopt rules regarding the retention of additional documents that are subject to inspection by the department of licensing or the office of the superintendent of public instruction.

(6) A driver training education course may not be offered by a school district or an approved private school to a student who is under the age of fifteen, and behind-the-wheel instruction may not be given by an instructor to a student in a motor vehicle unless the student possesses either a current and valid driver's instruction permit or driver's license, and a current and valid driver's license.

(7) School districts that offer a driver training education course under this chapter may administer the portions of the driver licensing examination that test the applicant's knowledge of traffic laws and ability to safely operate a motor vehicle as authorized under RCW 46.20.120(7). The superintendent shall work with the department of licensing, in consultation with school districts that offer a traffic safety education program, to develop standards and requirements for administering each portion of the driver licensing examination that are comparable to the standards and requirements for driver training schools under RCW 46.82.450.

(8) Before a school district may provide a portion of the driver licensing examination, the school district must, after consultation with the superintendent, enter into an agreement with the department of licensing that sets forth an accountability and audit process that takes into account the unique nature of school district facilities and school hours and, at a minimum, contains provisions that:

(a) Allow the department of licensing to conduct random examinations, inspections, and audits without prior notice;
(b) Allow the department of licensing to conduct on-site inspections at least annually;
(c) Allow the department of licensing to test, at least annually, a random sample of the drivers approved by the school district for licensure and to cancel any driver's license that may have been issued to any driver selected for testing who refuses to be tested; and
(d) Reserve to the department of licensing the right to take prompt and appropriate action against a school district that fails to comply with state or federal standards for a driver licensing examination or to comply with any terms of the agreement. Intent—2011 c 370: "It is the intent of the legislature to utilize the infrastructure and resources of the commercial driver training schools and the school districts' traffic safety education programs by authorizing these entities to provide driver licensing examinations. The legislature intends for the department of licensing to authorize the administration of driver licensing examinations by these entities in order to maintain and reauthorize its staff for the purpose of reducing the wait times at its driver licensing offices. Further, the legislature recognizes the growing importance of the work performed by department of licensing driver licensing services employees, who play an increasingly vital role in our security by ensuring that applicants are properly issued identification." (2) The department of licensing shall conduct audits of traffic safety education programs to ensure that the instructors are qualified teachers of driver training education and teaching the required curriculum material, and that accurate
records are maintained and accurate information is provided to the department of licensing regarding student performance. Each school district and approved private school may be audited at least once every five years or more frequently. The audit process must take into account the unique nature of school district facilities, operations, and hours. As part of its audit process, the department of licensing may examine all relevant information, including driver training education course curriculum materials and student records, and visit any course in progress that is part of the traffic safety education program. The director shall consult with the superintendent in developing and carrying out these auditing practices.

(3) The department of licensing may suspend a school's or school district's traffic safety education program certification if: The school or school district does not follow the curriculum promulgated by the office of the superintendent of public instruction and the department of licensing, any program instructors are not qualified teachers of driver training education, accurate records have not been maintained under RCW 28A.220.030(5) or accurate information regarding student performance has not been provided to the department of licensing, or the school or school district refuses to cooperate with the department of licensing audit process authorized under this chapter. (a) The child is attending an approved private school for the same time or is enrolled in an extension program as provided in RCW 28A.195.010(4);

(i) The child is regularly and lawfully employed and either the parent agrees that the child should not be required to attend school or the child is emancipated in accordance with chapter 13.64 RCW;

(ii) The child has already met graduation requirements in accordance with state board of education rules and regulations; or
(iii) The child has received a certificate of educational competence under rules and regulations established by the state board of education under RCW 28A.305.190.

(2) A parent for the purpose of this chapter means a parent, guardian, or person having legal custody of a child.

(3) An approved private school for the purposes of this chapter and chapter 28A.200 RCW shall be one approved under regulations established by the state board of education pursuant to RCW 28A.305.130.

(4) For the purposes of this chapter and chapter 28A.200 RCW, instruction shall be home-based if it consists of planned and supervised instructional and related educational activities, including a curriculum and instruction in the basics skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of an appreciation of art and music, provided for a number of hours equivalent to the total annual program hours per grade level established for approved private schools under RCW 28A.195.010 and 28A.195.040 and if such activities are:

(a) Provided by a parent who is instructing his or her child only and are supervised by a certificated person. A certificated person for purposes of this chapter and chapter 28A.200 RCW shall be a person certified under chapter 28A.410 RCW. For purposes of this section, "supervised by a certificated person" means: The planning by the certificated person and the parent of objectives consistent with this subsection; a minimum each month of an average of one contact hour per week with the child being supervised by the certificated person; and evaluation of such child's progress by the certificated person. 28A.225.015 Attendance mandatory—Six or seven year olds—Unexcused absences—Petition. (1) If a parent enrolls a child who is six or seven years of age in a public school, the child is required to attend and that parent has the responsibility to ensure the child attends for the full time that school is in session. An exception shall be made to this requirement for children whose parents formally remove them from enrollment if the child is less than eight years old and a petition has not been filed against the parent under subsection (3) of this section. The requirement to attend school under this subsection does not apply to a child enrolled in a public school part-time for the purpose of receiving ancillary services. A child required to attend school under this subsection may be temporarily excused upon the request of his or her parent for purposes agreed upon by the school district and parent.

(2) If a six or seven year old child is required to attend public school under subsection (1) of this section and that child has unexcused absences, the public school in which the child is enrolled shall:

(a) Inform the child's custodial parent, parents, or guardian by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year;

(b) Request a conference or conferences with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after three unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the third unexcused absence, then the school district may schedule this conference on that day; and

(c) Take steps to eliminate or reduce the child's absences. These steps shall include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, offering assistance in enrolling the child in available alternative schools or programs, or assisting the parent or child to obtain supplementary services that may help eliminate or ameliorate the cause or causes for the absence from school.

(3) If a child required to attend public school under subsection (1) of this section has seven unexcused absences in a month or ten unexcused absences in a school year, the school district shall file a petition for civil action as provided in RCW 28A.225.035 against the parent of the child.

(4) This section does not require a six or seven year old child to enroll in a public or private school or to receive home-based instruction. This section only applies to six or seven year old children whose parents enroll them full time in public school and do not formally remove them from enrollment as provided in subsection (1) of this section. [2017 c 291 § 1; 1999 c 319 § 6.]
(a) Inform the child's parent by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences. If the parent is not fluent in English, the school must make reasonable efforts to provide this information in a language in which the parent is fluent;

(b) Schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after three unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the third unexcused absence, then the school district may schedule this conference on that day. If the child's parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However the parent shall be notified of the steps to be taken to eliminate or reduce the child's absences; and

(c) At some point after the second and before the fifth unexcused absence, take data-informed steps to eliminate or reduce the child's absences.

(i) In middle school and high school, these steps must include application of the Washington assessment of the risks and needs of students (WARNS) or other assessment by a school district's designee under RCW 28A.225.026.

(ii) For any child with an existing individualized education plan or 504 plan, these steps must include the convening of the child's individualized education plan or 504 plan team, including a behavior specialist or mental health specialist where appropriate, to consider the reasons for the absences. If necessary, and if consent from the parent is given, a functional behavior assessment to explore the function of the absence behavior shall be conducted and a detailed behavior plan completed. Time should be allowed for the behavior plan to be initiated and data tracked to determine progress.

(iii) With respect to any child, without an existing individualized education plan or 504 plan, reasonably believed to have a mental or physical disability or impairment, these steps must include informing the child's parent of the right to obtain an appropriate evaluation at no cost to the parent to determine whether the child has a disability or impairment and needs accommodations, related services, or special education services. This includes children with suspected emotional or behavioral disabilities as defined in WAC 392-172A-01035. If the school obtains consent to conduct an evaluation, time should be allowed for the evaluation to be completed, and if the child is found to be eligible for special education services, accommodations, or related services, a plan developed to address the child's needs.

(iv) These steps must include, where appropriate, providing an available approved best practice or research-based intervention, or both, consistent with the WARNS profile or other assessment, if an assessment was applied, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school.

(2) For purposes of this chapter, an "unexcused absence" means that a child:

(a)(i) Has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive school district policy; and

(ii) Has failed to meet the school district's policy for excused absences; or

(b) Has failed to comply with alternative learning experience program attendance requirements as described by the superintendent of public instruction.

(3) If a child transfers from one school district to another during the school year, the receiving school or school district shall include the unexcused absences accumulated at the previous school or from the previous school district for purposes of this section, RCW 28A.225.030, and 28A.225.015. The sending school district shall provide this information to the receiving school, together with a copy of any previous assessment as required under subsection (1)(c) of this section, history of any best practices or researched-based intervention previously provided to the child by the child's sending school district, and a copy of the most recent truancy information including any online or written acknowledgment by the parent and child, as provided for in RCW 28A.225.005. All school districts must use the standard choice transfer form for releasing a student to a nonresident school district for the purpose of accessing an alternative learning experience program. [2017 c 291 § 2; 2016 c 205 § 4; 2009 c 266 § 1; 1999 c 319 § 1; 1996 c 134 § 2; 1995 c 312 § 67; 1992 c 205 § 202; 1986 c 132 § 2; 1979 ex.s. c 201 § 1. Formerly RCW 28A.27.020.]

28A.225.025 Community truancy boards. (1) For purposes of this chapter, "community truancy board" means a board established pursuant to a memorandum of understanding between a juvenile court and a school district and composed of members of the local community in which the child attends school. Community truancy boards must include members who receive training regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, cultural responsive interactions, trauma-informed approaches to discipline, evidence-based treatments that have been found effective in supporting at-risk youth and their families, and the specific services and treatment available in the particular school, court, community, and elsewhere. Duties of a community truancy board shall include, but not be limited to: Identifying barriers to school attendance, recommending methods for improving attendance such as connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy, suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program, or recommending to the juvenile court that a juvenile be offered the
opportunity for placement in a HOPE center or crisis residential center, if appropriate.

(2) The legislature finds that utilization of community truancy boards is the preferred means of intervention when preliminary methods to eliminate or reduce unexcused absences as required by RCW 28A.225.020 have not been effective in securing the child's attendance at school. The legislature intends to encourage and support the development and expansion of community truancy boards. Operation of a school truancy board does not excuse a district from the obligation of filing a petition within the requirements of RCW 28A.225.015(3). [2017 c 291 § 3; 2016 c 205 § 5; 2009 c 266 § 2; 1999 c 319 § 5; 1996 c 134 § 9; 1995 c 312 § 66.]

28A.225.026 Community truancy boards—Memoranda of understanding with juvenile courts—Designation of school district coordinators to address absenteeism and truancy—Community-wide partnerships. (1) By the beginning of the 2017-18 school year, juvenile courts must establish, through a memorandum of understanding with each school district within their respective counties, a coordinated and collaborative approach to address truancy through the establishment of a community truancy board or, with respect to certain small districts, through other means as provided in subsection (3) of this section.

(2) Except as provided in subsection (3) of this section, each school district must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to the operation of a community truancy board. A community truancy board may be operated by a juvenile court, a school district, or a collaboration between both entities, so long as the agreement is memorialized in a memorandum of understanding. For a school district that is located in more than one county, the memorandum of understanding shall be with the juvenile court in the county that acts as the school district's treasurer.

(3) A school district with fewer than three hundred students must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to: (a) The operation of a community truancy board; or (b) addressing truancy through other coordinated means of intervention aimed at identifying barriers to school attendance, and connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy. School districts with fewer than three hundred students may work cooperatively with other school districts or the school district's educational service district to ensure access to a community truancy board or to provide other coordinated means of intervention.

(4) All school districts must designate, and identify to the local juvenile court and to the office of the superintendent of public instruction, a person or persons to coordinate school district efforts to address excessive absenteeism and truancy, including tasks associated with: Outreach and conferences pursuant to RCW 28A.225.018; entering into a memorandum of understanding with the juvenile court; establishing protocols and procedures with the court; coordinating trainings; sharing evidence-based and culturally appropriate promising practices; identifying a person within every school to serve as a contact with respect to excessive absenteeism and truancy; and assisting in the recruitment of community truancy board members.

(5) As has been demonstrated by school districts and county juvenile courts around the state that have worked together and led the way with community truancy boards, success has resulted from involving the entire community and leveraging existing dollars from a variety of sources, including public and private, local and state, and court, school, and community. In enacting this coordinated and collaborative approach statewide pursuant to local memoranda of understanding, courts and school districts are encouraged to create strong community-wide partnerships and to leverage existing dollars and resources. 28A.225.030 Petition to juvenile court for violations by a parent or child—School district responsibilities. (1) If a child under the age of seventeen is required to attend school under RCW 28A.225.010 and if the actions taken by a school district under RCW 28A.225.020 are not successful in substantially reducing an enrolled student's absences from public school, not later than the seventh unexcused absence by a child within any month during the current school year or not later than the tenth unexcused absence during the current school year the school district shall file a petition and supporting affidavit for a civil action with the juvenile court alleging a violation of RCW 28A.225.010: (a) By the parent; (b) by the child; or (c) by the parent and the child. The petition must include a list of all interventions that have been attempted as set forth in RCW 28A.225.020, include a copy of any previous truancy assessment completed by the child's current school district, the history of approved best practices intervention or research-based intervention previously provided to the child by the child's current school district, and a copy of the most recent truancy information document provided to the parent, pursuant to RCW 28A.225.005. Except as provided in this subsection, no additional documents need be filed with the petition. Nothing in this subsection requires court jurisdiction to terminate when a child turns seventeen or precludes a school district from filing a petition for a child that is seventeen years of age.

(2) The district shall not later than the fifth unexcused absence in a month:

(a) Enter into an agreement with a student and parent that establishes school attendance requirements;

(b) Refer a student to a community truancy board as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child's absences; or

(c) File a petition under subsection (1) of this section.

(3) The petition may be filed by a school district employee who is not an attorney.

(4) If the school district fails to file a petition under this section, the parent of a child with five or more unexcused absences in any month during the current school year or upon the tenth unexcused absence during the current school year may file a petition with the juvenile court alleging a violation of RCW 28A.225.010.
(5) Petitions filed under this section may be served by certified mail, return receipt requested. If such service is unsuccessful, or the return receipt is not signed by the addressee, personal service is required. 28A.225.090 Court orders—Penalties—Parents' defense. (1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, which shall not consider a suspension day as an unexcused absence;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Submit to a substance abuse assessment if the court finds on the record that such assessment is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any assessment, including a urinalysis test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the substance abuse assessment at no expense to the school; or

(e) Submit to a mental health evaluation or other diagnostic evaluation and adhere to the recommendations of the drug assessment, at no expense to the school, if the court finds on the court records that such evaluation is appropriate to the circumstances and behavior of the child, and will facilitate the child's compliance with the mandatory attendance law.

(2)(a) If the child fails to comply with the court order, the court may impose:

(i) Community restitution;

(ii) Nonresidential programs with intensive wraparound services;

(iii) A requirement that the child meet with a mentor for a specified number of times; or

(iv) Other services and interventions that the court deems appropriate.

(b) If the child continues to fail to comply with the court order and the court makes a finding that other measures to secure compliance have been tried but have been unsuccessful and no less restrictive alternative is available, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e). Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. Detention ordered under this subsection may be for no longer than seven days. Detention ordered under this subsection shall preferably be served at a secure crisis residential center close to the child's home rather than in a juvenile detention facility. A warrant of arrest for a child under this subsection may not be served on a child inside of school during school hours in a location where other students are present.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The court shall remit fifty percent of the fine collected under this section to the child's school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to attend public school under RCW 28A.225.015. [2017 c 291 § 5; 2016 c 205 § 9; 2009 c 266 § 4; 2008 c 171 § 1; 2002 c 175 § 29. 28A.225.151 Student-level truancy data—Reports—Data protocols and guidance for school districts. (1) As required under subsection (2) of this section, the office of superintendent of public instruction shall collect and school districts shall submit student-level truancy data in order to allow a better understanding of actions taken under RCW 28A.225.030. The office shall prepare an annual report to the legislature by December 15th of each year.

(2) The reports under subsection (1) of this section shall include, disaggregated by student group:

(a) The number of enrolled students and the number of unexcused absences;

(b) The number of enrolled students with ten or more unexcused absences in a school year or five or more unexcused absences in a month during a school year;

(c) A description of any programs or schools developed to serve students who have had five or more unexcused absences in a month or ten in a year including information about the number of students in the program or school and the number of unexcused absences of students during and after participation in the program. The school district shall also describe any placements in an approved private nonsectarian school or program or certified program under a court order under RCW 28A.225.090;

(d) The number of petitions filed by a school district with the juvenile court and, beginning in the 2018-19 school year, whether the petition results in:

(i) Referral to a community truancy board;

(ii) Other coordinated means of intervention;

(iii) A hearing in the juvenile court; or

(iv) Other less restrictive disposition (e.g., change of placement, home school, alternative learning experience, residential treatment); and

(e) Each instance of imposition of detention for failure to comply with a court order under RCW 28A.225.090, with a statement of the reasons for each instance of detention.

(3) A report required under this section shall not disclose the name or other identification of a child or parent.

(4) The K-12 data governance group shall develop the data protocols and guidance for school districts in the collection of data to provide a clearer understanding of actions taken under RCW 28A.225.030. [2017 c 291 § 7; 1996 c 134 § 5; 1995 c 312 § 72.]

28A.230.055 Physical education programs—Annual review. (1) Beginning in the 2018-19 school year, all school districts must conduct an annual review of their physical education programs that includes:

(a) The number of individual students completing a physical education class during the school year;

(b) The average number of minutes per week of physical education received by students in grades one through eight, expressed in appropriate reporting ranges;

(c) The number of students granted waivers from physical education requirements;

(d) An indication of whether all physical education classes are taught by instructors who possess a valid health and fitness endorsement;

(e) The physical education class sizes, expressed in appropriate reporting ranges;

(f) The frequency with which physical education is provided to students;

(g) An indication of whether there is sufficient dedicated gym space and sheltered areas to support the minimum amount of physical activity required of students by law or agency rule;

(h) An indication of whether the physical education curriculum of the district addresses the Washington state K-12 learning standards;

(i) An indication of whether, as a matter of policy or procedure, the district routinely modifies and adapts its physical education curriculum for students with disabilities; and

(j) An indication of whether the district routinely excludes students from physical education classes for disciplinary reasons.

(2) The results of the review required by this section must be submitted by the school district to the district’s wellness committee and to the office of the superintendent of public instruction. The office of the superintendent of public instruction, upon receipt of the review data, must aggregate and analyze the data, summarize the information provided by each district, and post the summarized information, by district, on its web site.

(3) In fulfilling the requirements of this section, the K-12 data governance group established under RCW 28A.300.507 shall develop the data protocols and guidance for school districts in the collection of data to provide a clearer understanding of physical education instructional minutes and certification. 28A.230.090 High school graduation requirements or equivalencies—High school and beyond plans—Career and college ready graduation requirements and waivers—Reevaluation of graduation requirements—Review and authorization of proposed changes—Credit
Compulsory Coursework and Activities 28A.230.090

Compulsory Coursework and Activities—Postsecondary credit equivalencies. (1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

(c)(i) Each student must have a high school and beyond plan to guide the student's high school experience and prepare the student for postsecondary education or training and career.

(ii) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(iii) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who have not met the high school graduation standard, to enable them to meet the standard. School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan.

(iv) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) A four-year plan for course taking that fulfills state and local graduation requirements and aligns with the student's career and educational goals; and

(D) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(e). The rules must include authorization for a school district to waive up to two credits for individual students based on unusual circumstances and in accordance with written policies that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(e) to an applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the leg-
islature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit. [2017 3rd sp.s. c 31 § 4; 2016 c 162 § 2; 2014 c 217 § 202; 2011 c 203 § 2. Finding—2009 c 223: "The legislature finds that although the United States has long exemplified democratic practice to the rest of the world, we ought not to neglect it at home. Two-thirds of our nation's twelfth graders scored below proficient on the last national civics assessment, and fewer than ten percent could list two ways that a democracy benefits from citizen participation. A healthy democracy depends on the participation of citizens. But participation is learned behavior, and in recent years civic learning has been pushed aside. Preparation for citizenship is as important as preparation for college and a career, and should take its place as a requirement for receiving a high school diploma." [2009 c 223 § 1.]

Finding—1997 c 222: "In 1994, the legislature directed the higher education board and the state board of education to convene a task force to examine and provide recommendations on establishing credit equivalencies. In November 1994, the task force recommended unanimously that the state board of education maintain the definition of five quarter or three semester college credits as equivalent to one high school credit. Therefore, the legislature intends to adopt the recommendations of the task force." [1997 c 222 § 1.]

request the service of any certificated or classified employee
of a school district upon any committee formed for the purp-

facilitate its implementation including, but not limited to, the
following:
(a) Implementing statewide career and technical educa-
tion course equivalency frameworks authorized under RCW
28A.700.070 for high schools and skill centers in science,
technology, engineering, and mathematics. This may include
development of additional equivalency course frameworks in

and design course performance assessments, deepen the
understanding of integrating academic and career and techni-
cal education in student instruction, and develop professional
learning modules for school districts to plan implementation
of equivalency crediting.

STATE BOARD OF EDUCATION

28A.305.130 Powers and duties—Purpose.
28A.305.900 Repealed.
28A.305.901 Repealed.

28A.305.130 Powers and duties—Purpose. The purpose of the state board of education is to provide advocacy and strategic oversight of public education; implement a standards-based accountability framework that creates a unified system of increasing levels of support for schools in order to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business;

(2) Form committees as necessary to effectively and efficiently conduct the work of the board;

(3) Seek advice from the public and interested parties regarding the work of the board;

(4) For purposes of statewide accountability:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically under-achieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b)(i) Identify the scores students must achieve in order to meet the standard on the statewide student assessment. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose;

(ii)(A) The legislature intends to continue the implementation of chapter 22, Laws of 2013, 2nd sp. sess. when the legislature expressed the intent for the state board of education to identify the student performance standard that demonstrates a student's career and college readiness for the eleventh grade consortium-developed assessments. Therefore, by December 1, 2018, the state board of education, in consultation with the superintendent of public instruction, must identify and report to the governor and the education policy and fiscal committees of the legislature on the equivalent student performance standard that a tenth grade student would need to achieve on the state assessments to be on track to be career and college ready at the end of the student's high school experience;

(B) Nothing in this section prohibits the state board of education from identifying a college and career readiness score that is different from the score required for high school graduation purposes;

(iii) The legislature shall be advised of the initial performance standards and any changes made to the elementary, middle, and high school level performance standards. The board must provide an explanation of and rationale for all initial performance standards and any changes, for all grade levels of the statewide student assessment. If the board changes the performance standards for any grade level or subject, the superintendent of public instruction must recalculate the
results from the previous ten years of administering that assessment regarding students below, meeting, and beyond the state standard, to the extent that this data is available, and post a comparison of the original and recalculated results on the superintendent's web site;

(c) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system;

(d) Include in the biennial report required under RCW 28A.305.035, information on the progress that has been made in achieving goals adopted by the board;

(5) Accredit, subject to such accreditation standards and procedures as may be established by the state board of education, all private schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve. However, no private school may be approved that operates a kindergarten program only and no private school shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials;

(6) Articulate with the institutions of higher education, workforce representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system;

(7) Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The board may delegate to the executive director by resolution such duties as deemed necessary to efficiently carry on the business of the board including, but not limited to, the authority to employ necessary personnel and the authority to enter into, amend, and terminate contracts on behalf of the board. The executive director, administrative assistant, and all but one of the other personnel of the board are exempt from civil service, together with other personnel of the board.

(8) Adopt a seal that shall be kept in the office of the superintendent of public instruction. [2017 3rd sp.s. c 31 § 3; 2013 2nd sp.s. c 22 § 7; 2011 1st sp.s. c 6 § 1; 2009 c 548 § 502; 2008 c 27 § 1; 2006 c 263 § 102; 2005 c 497 § 104; 2002 c 205 § 3; 1997 c 13 § 5; 1996 c 83 § 6; 1995 c 369 § 9; 1991 c 116 § 11; 1990 c 33 § 266. Intent—Finding—2009 c 548: "(1)(a) The legislature intends to develop a system in which the state and school districts share accountability for achieving state educational standards and supporting continuous school improvement. The legislature recognizes that comprehensive education finance reform and the increased investment of public resources necessary to implement that reform must be accompanied by a new mechanism for clearly defining the relationships and expectations for the state, school districts, and schools. It is the legislature's intent that this be accomplished through the development of a proactive, collaborative accountability system that focuses on a school improvement system that engages and serves the local school board, parents, students, staff in the schools and districts, and the community. The improvement system shall be based on progressive levels of support, with a goal of continuous improvement in student achievement and alignment with the federal system of accountability.

(b) The legislature further recognizes that it is the state's responsibility to provide schools and districts with the tools and resources necessary to improve student achievement. These tools include the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, recognition, and, if necessary, state intervention.

(2) The legislature has already charged the state board of education to develop criteria to identify schools and districts that are successful, in need of assistance, and those where students persistently fail, as well as to identify a range of intervention strategies and a performance incentive system. The legislature finds that the state board of education should build on the work that the board has already begun in these areas. As development of these formulas, processes, and systems progresses, the legislature should monitor the progress." [2009 c 548 § 501.]

28A.320.125 Safe school plans—Requirements—Duties of school districts, schools, and educational service districts—Reports—Drills—Rules. (1) The legislature considers it to be a matter of public safety for public schools and staff to have current safe school plans and procedures in place, fully consistent with federal law. The legislature further finds and intends, by requiring safe school plans to be in place, that school districts will become eligible for federal assistance. The legislature further finds that schools are in a position to serve the community in the event of an emergency resulting from natural disasters or man-made disasters.

(2) Schools and school districts shall consider the guidance provided by the superintendent of public instruction, including the comprehensive school safety checklist and the model comprehensive safe school plans that include prevention, intervention, all hazard/crisis response, and postcrisis recovery, when developing their own individual comprehensive safe school plans. Each school district shall adopt, no later than September 1, 2008, and implement a safe school plan consistent with the school mapping information system pursuant to RCW 36.28A.060. The plan shall:

(a) Include required school safety policies and procedures;

(b) Address emergency mitigation, preparedness, response, and recovery;

(c) Include provisions for assisting and communicating with students and staff, including those with special needs or disabilities;

(d) Use the training guidance provided by the Washington emergency management division of the state military department in collaboration with the Washington state office of the superintendent of public instruction school safety center and the school safety center advisory committee;

(e) Require the building principal to be certified on the incident command system;

(f) Take into account the manner in which the school facilities may be used as a community asset in the event of a community-wide emergency; and

(g) Set guidelines for requesting city or county law enforcement agencies, local fire departments, emergency service providers, and county emergency management agencies to meet with school districts and participate in safety-related drills.

(3) To the extent funds are available, school districts shall annually:

(a) Review and update safe school plans in collaboration with local emergency response agencies;

(b) Conduct an inventory of all hazardous materials;

(c) Update information on the school mapping information system to reflect current staffing and updated plans, including:

(i) Identifying all staff members who are trained on the national incident management system, trained on the incident command system, or are certified on the incident command system; and

(ii) Identifying school transportation procedures for evacuation, to include bus staging areas, evacuation routes, communication systems, parent-student reunification sites, and secondary transportation agreements consistent with the school mapping information system; and

(d) Provide information to all staff on the use of emergency supplies and notification and alert procedures.

(4) To the extent funds are available, school districts shall annually record and report on the information and activities required in subsection (3) of this section to the Washington association of sheriffs and police chiefs.

(5) School districts are encouraged to work with local emergency management agencies and other emergency responders to conduct one tabletop exercise, one functional exercise, and two full-scale exercises within a four-year period.

(6)(a) Due to geographic location, schools have unique safety challenges. It is the responsibility of school principals and administrators to assess the threats and hazards most likely to impact their school, and to practice three basic functional drills, shelter-in-place, lockdown, and evacuation, as these drills relate to those threats and hazards. Some threats or hazards may require the use of more than one basic functional drill.

(b) Schools shall conduct at least one safety-related drill per month, including summer months when school is in session with students. These drills must teach students three basic functional drill responses:

(i) "Shelter-in-place," used to limit the exposure of students and staff to hazardous materials, such as chemical, biological, or radiological contaminants, released into the environment by isolating the inside environment from the outside;

(ii) "Lockdown," used to isolate students and staff from threats of violence, such as suspicious trespassers or armed intruders, that may occur in a school or in the vicinity of a school; and

(iii) "Evacuation," used to move students and staff away from threats, such as fires, oil train spills, or tsunamis.

(c) The drills described in (b) of this subsection must incorporate the following requirements:

(i) Use of the school mapping information system in at least one of the safety-related drills; and

(ii) A pedestrian evacuation drill for schools in mapped tsunami hazard zones.

(d) The drills described in (b) of this subsection may incorporate an earthquake drill using the state-approved earthquake safety technique "drop, cover, and hold."

(e) Schools shall document the date, time, and type (shelter-in-place, lockdown, or evacuate) of each drill required under this subsection (6), and maintain the documentation in the school office.
(f) This subsection (6) is intended to satisfy all federal requirements for comprehensive school emergency drills and evacuations.

(7) Educational service districts are encouraged to apply for federal emergency response and crisis management grants with the assistance of the superintendent of public instruction and the Washington emergency management division of the state military department.

(8) The superintendent of public instruction may adopt rules to implement provisions of this section. These rules may include, but are not limited to, provisions for evacuations, lockdowns, or other components of a comprehensive safe school plan. [2017 c 165 § 1; 2013 c 14 § 1; 2009 c 578 § 10; 2007 c 406 § 1; 2002 c 205 § 2.]

Findings—2002 c 205: “Following the tragic events of September 11, 2001, the government’s primary role in protecting the health, safety, and well-being of its citizens has been underscored. The legislature recognizes that there is a need to focus on the development and implementation of comprehensive safe school plans for each public school. The legislature recognizes that comprehensive safe school plans for each public school are an integral part of rebuilding public confidence. In developing these plans, the legislature finds that a coordinated effort is essential to ensure the most effective response to any type of emergency. Further, the legislature recognizes that comprehensive safe school plans for each public school are of paramount importance and will help to assure students, parents, guardians, school employees, and school administrators that our schools provide the safest possible learning environment.” [2002 c 205 § 1.]

(2) School districts must waive specific courses required for graduation if similar coursework has been satisfactorily completed in another school district or must provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school district, the receiving school district must provide an alternative means of acquiring required coursework so that graduation may occur on time.

(3) School districts must consolidate partial credit, unresolved, or incomplete coursework and provide opportunities for credit accrual in a manner that eliminates academic and nonacademic barriers for the student.

(4) For students who have been unable to complete an academic course and receive full credit due to withdrawal or transfer, school districts must grant partial credit for coursework completed before the date of withdrawal or transfer and the receiving school must accept those credits, apply them to the student’s academic progress or graduation or both, and allow the student to earn credits regardless of the student’s date of enrollment in the receiving school.

(5) Should a student who is transferring at the beginning or during the student’s junior or senior year be ineligible to graduate from the receiving school district after all alternatives have been considered, the sending and receiving districts must ensure the receipt of a diploma from the sending district if the student meets the graduation requirements of the sending district.

(6) The superintendent of public instruction shall adopt and distribute to all school districts lawful and reasonable rules prescribing the substantive and procedural obligations of school districts to implement these provisions.

(7) Should a student have enrolled in three or more school districts as a high school student and have met state requirements but be ineligible to graduate from the receiving school district after all alternatives have been considered, the receiving school district must waive its local requirements and ensure the receipt of a diploma. The policy must require a public hearing by the school district board of directors of the findings of the state auditor within thirty days of the issuance of the findings; and may include progressive disciplinary actions for the district superintendent, which may be implemented by the school district board of directors. [2017 3rd sp.s. c 13 § 504.]

(b) Salaries for certificated instructional staff with a master's degree shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a master's degree and zero years of service; and

(c) Beginning with the 2019-20 school year:

(i) Salaries for full-time certificated instructional staff must not be less than forty thousand dollars, to be adjusted for regional differences in the cost of hiring staff as specified in RCW 28A.150.410, and to be adjusted annually by the same inflationary measure as provided in RCW 28A.400.205;

(ii) Salaries for full-time certificated instructional staff with at least five years of experience must exceed by at least ten percent the value specified in (c)(i) of this subsection;

(iii) A district may not pay full-time certificated instructional staff a salary that exceeds ninety thousand dollars, subject to adjustment for regional differences in the cost of hiring staff as specified in RCW 28A.150.410. This maximum salary is adjusted annually by the inflationary measure in RCW 28A.400.205;

(iv) These minimum and maximum salaries apply to the services provided as part of the state's statutory program of basic education and exclude supplemental contracts for additional time, responsibility, or incentive pursuant to this section or for employment pursuant to RCW 28A.150.276;

(v) A district may pay a salary that exceeds this maximum salary by up to ten percent for full-time certificated instructional staff: Who are educational staff associates; who teach in the subjects of science, technology, engineering, or math; or who teach in the transitional bilingual instruction or special education programs.

(3)(a)(i) Through the 2017-18 school year the actual average salary paid to certificated instructional staff shall not exceed the district's average certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to RCW 28A.150.410.

(ii) For the 2018-19 school year, salaries for certificated instructional staff are subject to the limitations in RCW 41.59.800.

(iii) Beginning with the 2019-20 school year, for purposes of subsection (4) of this section, RCW 28A.150.276, and 28A.505.100, each school district must annually identify the actual salary paid to each certificated instructional staff for services rendered as part of the state’s program of basic education.

(b) Through the 2018-19 school year, fringe benefit contributions for certificated instructional staff shall be included as salary under (a)(i) of this subsection only to the extent that the district’s actual average benefit contribution exceeds the amount of the insurance benefits allocation, less the amount remitted by districts to the health care authority for retiree subsidies, provided per certificated instructional staff unit in
the state operating appropriations act in effect at the time the compensation is payable. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.400.210; employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system; or employer contributions for health benefits in excess of the insurance benefits allocation provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. (4)(a) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, for additional responsibilities, or for incentives. (b) Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.405.240, shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.405.300 through 28A.405.380. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 1 of the state Constitution and RCW 28A.150.220. Beginning September 1, 2019, supplemental contracts for certificated instructional staff are subject to the following additional restrictions: School districts may enter into supplemental contracts only for enrichment activities as defined in and subject to the limitations of RCW 28A.150.276. The rate the district pays under a supplemental contract may not exceed the hourly rate provided to that same instructional staff for services under the basic education salary identified pursuant to subsection (3)(a)(iii) of this section.

(2) (2) The legislature establishes the following goals:

(a) Improve the transparency of health benefit plan claims and financial data to assure prudent and efficient use of taxpayers’ funds at the state and local levels;

(b) Create greater affordability for full family coverage and greater equity between premium costs for full family coverage and for employee only coverage for the same health benefit plan;

(c) Promote health care innovations and cost savings, and significantly reduce health care costs; and

(d) Provide greater parity in state allocations for state employee and K-12 employee health benefits.

(1) The board of directors of any of the state's school districts or educational service districts may make available medical, dental, vision, liability, life, accident, disability, and salary protection or insurance, direct agreements as defined in chapter 48.150 RCW, or any one of, or a combination of the types of employee benefits enumerated in this subsection, or any other type of insurance or protection, for the members of the boards of directors, the students, and employees of the school district or educational service district, and their dependents. Except as provided in subsection (6) of this section, such coverage may be provided by contracts or agreements with private carriers, with the state health care authority, or through self-insurance or self-funding pursuant to chapter 48.62 RCW, or in any other manner authorized by law. Any direct agreement must comply with RCW 48.150.050.

(2)(a) Whenever funds are available for these purposes the board of directors of the school district or educational service district may contribute all or a part of the cost of such protection or insurance for the employees of their respective school districts or educational service districts and their dependents. The premiums on such liability insurance shall be borne by the school district or educational service district. (b) After October 1, 1990, school districts may not contribute to any employee protection or insurance other than liability insurance unless the district's employee benefit plan conforms to RCW 28A.400.275 and 28A.400.280.

(c) After December 31, 2019, school district contributions to any employee insurance that is purchased through the health care authority must conform to the requirements established by chapter 41.05 RCW and the school employees' benefits board.

(3) For school board members, educational service district board members, and students, the premiums due on such protection or insurance shall be borne by the assenting school board member, educational service district board member, or student. The school district or educational service district may contribute all or part of the costs, including the premiums, of life, health, health care, accident or disability insurance which shall be offered to all students participating in interschool activities on the behalf of or as representative of their school, school district, or educational service district. The school district board of directors and the educational service district board may require any student participating in extracurricular interschool activities to, as a condition of participation, document evidence of insurance or purchase insurance that will provide adequate coverage, as determined by the school district board of directors or the educational service district board, for medical expenses incurred as a result of injury sustained while participating in the extracurricular activity. In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district or educational service district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. The district board shall adopt regulations for waiving or reducing the insurance coverage requirements for low-income students in order to assure such students are not prohibited from participating in extracurricular interschool activities.

(iii) Offer employees at least one health benefit plan that is not a high deductible health plan offered in conjunction with a health savings account in which the employee share of the premium cost for a full-time employee, regardless of whether the employee chooses employee-only coverage or coverage that includes dependents, does not exceed the share of premium cost paid by state employees during the state employee benefits year that started immediately prior to the school year.

(b) All contracts or agreements for employee benefits must be held to responsible contracting standards, meaning a fair, prudent, and accountable competitive procedure for procuring services that includes an open competitive process, except where an open process would compromise cost-effective purchasing, with documentation justifying the approach.

(c) School districts offering medical, vision, and dental benefits shall also make progress on promoting health care innovations and cost savings and significantly reduce administrative costs.

(d) All contracts or agreements for insurance or protection described in this section shall be in compliance with chapter 3, Laws of 2012 2nd sp. sess.

(e) Upon notification from the office of the insurance commissioner of a school district's substantial noncompliance with the data reporting requirements of RCW 28A.400.275, and the failure is due to the action or inaction of the school district, and if the noncompliance has occurred for two reporting periods, the superintendent is authorized and required to limit the school district's authority provided in subsection (1) of this section regarding employee health coverage to the provision of health benefit coverage provided by the state health care authority.

28A.410.062 Initial educator certificates and paraeducator certificates—Application processing fee—Educator certification processing account. (1) The legislature finds that the current economic environment requires that the state, when appropriate, charge for some of the services provided directly to the users of those services. The office of the superintendent of public instruction is currently supported with state funds to process certification fees. In addition, the legislature finds that the processing of certifications should be moved to an online system that allows educators to manage their certifications and provides better information to policymakers. The legislature intends to assess a certification processing fee to eliminate state-funded support of the cost to issue educator certificates.

(2) In addition to the certification fee established under RCW 28A.410.060 for certificated instructional staff as defined in RCW 28A.150.203, the superintendent of public instruction shall charge an application processing fee for initial educator certificates and subsequent actions, and paraeducator certificates and subsequent actions. The superintendent of public instruction shall establish the amount of the fee by rule under chapter 34.05 RCW. The superintendent shall set the fee at a sufficient level to defray the costs of administering the educator certification program under RCW 28A.300.040(9) and the paraeducator certificate program under chapter 28A.413 RCW. Revenue generated through the processing fee shall be deposited in the educator certification processing account.

(3) The educator certification processing account is established in the custody of the state treasurer. The superintendent of public instruction shall deposit in the account all moneys received from the fees collected in subsection (2) of this section. Moneys in the account may be spent only for the processing of educator certificates and subsequent actions and paraeducator certificates and subsequent actions. Disbursements from the account shall be on authorization of the superintendent of public instruction or the superintendent's designee. The account is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements. [2017 c 237 § 16; 2011 1st sp.s. c 23 § 1.]

Reviser's note: This section was amended by 2017 3rd sp.s. c 23: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2011." [2011 1st sp.s. c 23 § 2.]

28A.410.090 Revocation or suspension of certificate or permit to teach—Reprimand—Criminal basis—Complaints—Investigation—Process. (1)(a) Any certificate or permit authorized under the provisions of this chapter, chap-
ter 28A.405 RCW, or rules promulgated thereunder may be revoked or suspended by the authority authorized to grant the same based upon a criminal records report authorized by law, or upon the complaint of the professional educator standards board or any school district superintendent, educational service district superintendent, or private school administrator for lack of good moral character or personal fitness, violation of written contract, unprofessional conduct, intemperance, or crime against the law of the state. A reprimand may be issued as an alternative to suspension or revocation of a certificate or permit. School district superintendents, educational service district superintendents, the professional educator standards board, or private school administrators may file a complaint concerning any certificated employee of a school district, educational service district, or private school and this filing authority is not limited to employees of the complaining superintendent or administrator. Such written complaint shall state the grounds and summarize the factual basis upon which a determination has been made that an investigation by the superintendent of public instruction is warranted.

(b) If the superintendent of public instruction has reasonable cause to believe that an alleged violation of this chapter or rules adopted under it has occurred based on a written complaint alleging physical abuse or sexual misconduct by a certificated school employee filed by a parent or another person, but no complaint has been forwarded to the superintendent by a school district superintendent, educational service district superintendent, or private school administrator, and that a school district superintendent, educational service district superintendent, or private school administrator has sufficient notice of the alleged violation and opportunity to file a complaint, the superintendent of public instruction may cause an investigation to be made of the alleged violation, together with such other matters that may be disclosed in the course of the investigation related to certificated personnel.

(2) A parent or another person may file a written complaint with the superintendent of public instruction alleging physical abuse or sexual misconduct by a certificated school employee if:

(a) The parent or other person has already filed a written complaint with the educational service district superintendent concerning that employee;

(b) The educational service district superintendent has not caused an investigation of the allegations and has not forwarded the complaint to the superintendent of public instruction for investigation;

(c) The written complaint states the grounds and factual basis upon which the parent or other person believes an investigation should be conducted.

(3) Any certificate or permit authorized under the provisions of this chapter, chapter 28A.405 RCW, or rules adopted thereunder may be revoked or suspended by the authority authorized to grant the same upon complaint from the professional educator standards board alleging unprofessional conduct in the form of a fraudulent submission of a test for educators. A reprimand may be issued as an alternative to suspension or revocation of a certificate or permit. The professional educator standards board must issue to the superintendent of public instruction a written complaint stating the grounds and factual basis upon which the professional educator standards board believes an investigation should be conducted pursuant to this section. In all cases under this subsection, the person whose certificate is in question shall be given an opportunity to be heard and has the right to appeal as established in RCW 28A.410.100.

(4)(a) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be revoked by the authority authorized to grant the certificate upon a guilty plea or the conviction of any felony crime specified under RCW 28A.400.322, in accordance with this section. The person whose certificate is in question shall be given an opportunity to be heard.

(b) Mandatory permanent revocation upon a guilty plea or conviction of a crime specified under RCW 28A.400.322(1) shall apply to such convictions or guilty pleas which occur after July 23, 1989, and before July 26, 2009.

(c) Mandatory permanent revocation upon a guilty plea or conviction of a crime specified under RCW 28A.400.322(2) shall apply to such convictions or guilty pleas that occur on or after July 26, 2009.

(d) Revocation of any certificate or permit authorized under this chapter or chapter 28A.405 RCW for a guilty plea or criminal conviction of a crime specified under RCW 28A.400.322 occurring prior to July 23, 1989, shall be subject to the provisions of subsection (1) of this section.

(5)(a) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be suspended or revoked, according to the provisions of this subsection, by the authority authorized to grant the certificate upon a finding that an employee has engaged in an unauthorized use of school equipment to intentionally access material depicting sexually explicit conduct or has intentionally possessed on school grounds any material depicting sexually explicit conduct; except for material used in conjunction with established curriculum. A first time violation of this subsection shall result in either suspension or revocation of the employee's certificate or permit as determined by the office of the superintendent of public instruction. A second violation shall result in a mandatory revocation of the certificate or permit.

(b) In all cases under this subsection (5), the person whose certificate is in question shall be given an opportunity to be heard and has the right to appeal as established in RCW 28A.410.100. Certificates or permits shall be suspended or revoked under this subsection only if findings are made on or after July 24, 2005. For the purposes of this subsection, "sexually explicit conduct" has the same definition as provided in RCW 9.68A.011.

(6) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be revoked by the authority authorized to grant the certificate upon a finding that the certificate holder obtained the certificate through fraudulent means, including fraudulent misrepresentation of required academic credentials or prior criminal record. In all cases under this subsection, the person whose certificate is in question shall be given an opportunity to be heard and has the right to appeal as established in RCW 28A.410.100. Certificates or permits shall be revoked under this subsection only if findings are made on or after July 26, 2009.

(7)(a) In determining whether an individual lacks good moral character or personal fitness under this chapter, the superintendent of public instruction may consider founded
reports of child abuse or neglect made by the ** department of social and health services pursuant to RCW 26.44.030.

(b) The ** department of social and health services shall furnish the superintendent with reports of founded findings of child abuse or neglect in a timely fashion, but shall not disclose to the superintendent screened-out, inconclusive, or unfounded reports as defined in RCW 26.44.020.

(c) If the ** department of social and health services inadvertently furnishes the superintendent with a screened-out, inconclusive, or unfounded report in violation of this section, the superintendent shall:

(i) Not consider the information contained in the reports for any purpose;
(ii) Notify the ** department of social and health services of the violation of this section;
(iii) Notify the subject of the reports at his or her last known address of the department of social and health service's violation; and
(iv) Destroy the improperly disclosed reports. In development, the board shall, to the extent possible, incorporate standards for cultural competency along the entire continuum. For the purposes of this subsection, "cultural competency" includes knowledge of student cultural histories and contexts, as well as family norms and values in different cultures; knowledge and skills in accessing community resources and community and parent outreach; and skills in adapting instruction to students’ experiences and identifying cultural contexts for individual students.

(b) The Washington professional educator standards board shall adopt a definition of master teacher, with a comparable level of increased competency between professional certification level and master level as between professional certification level and national board certification. [2017 3rd sp.s. c 26 § 4; 2009 c 548 § 402.]

Finding—2009 c 548: "The legislature recognizes that the key to providing all students the opportunity to achieve the basic education goal is effective teaching and leadership. Teachers, principals, and administrators must be provided with access to the opportunities they need to gain the knowledge and skills that will enable them to be increasingly successful in their classroom and schools. A system that clearly defines, supports, measures, and recognizes effective teaching and leadership is one of the most important investments to be made." [2009 c 548 § 401.]

Intent—Finding—2009 c 548: See note following RCW 28A.305.130.

(b) "Educational interpreter assessment" means an assessment that includes both written assessment and performance assessment that is offered by a national organization of professional sign language interpreters and transliterators, and is designed to assess performance in more than one sign system or sign language.

(c) "Interpretation" means conveying one language in the form of another language.

(d) "Transliteration" means conveying one language in a different modality of the same language.

(2) The professional educator standards board shall:

(a) Adopt standards for educational interpreters and identify and publicize educational interpreter assessments that are available and meet the requirements in this section; and

(b) Establish a performance standard for each educational interpreter assessment for the purposes of this section, defining what constitutes a minimum assessment result.

(3)(a) Except as otherwise provided by this section, by the beginning of the 2016-17 school year, educational interpreters who are employed by school districts must have successfully achieved the performance standard established by the professional educator standards board on one of the educational interpreter assessments identified by the board. Evaluations and assessments for educational interpreters for which the board has not established a performance standard may be obtained as supplemental demonstrations of professional proficiency but may not be used as evidence of compliance with this subsection (3)(a).

(b) An educational interpreter who has not successfully achieved the performance standard required by (a) of this subsection may provide or continue providing educational interpreter services to students for one calendar year after receipt of his or her most recent educational interpreter assessment results, or eighteen months after completing his or her most recent educational interpreter assessment, whichever period is longer, if he or she can demonstrate to the satisfaction of the employing school or school district, ongoing
efforts to successfully achieve the required performance standard. In making a determination under this subsection (3)(b), the employing school or school district may consult with the professional educator standards board. For purposes of this subsection (3)(b), "educational interpreter" includes persons employed as educational interpreters before the 2016-17 school year.

(4) By December 31, 2013, the professional educator standards board shall recommend to the education committee of the house of representatives and the senate how to appropriately use the national interpreter certification and the educational interpreter performance assessment for educational interpreters in Washington public schools.

(5) The provisions of this section do not apply to educational interpreters employed to interpret a sign system or sign language, including nonsigning interpretation such as oral interpreting, computer-assisted real time captioning, and cued speech transliteration, for which an educational interpreter assessment either does not exist or, as determined by the professional educator standards board, is not capable of being evaluated by the board for suitability as a performance standard in Washington. [2017 c 34 § 1; 2013 c 151 § 2.]

Effective date—2017 c 34: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 17, 2017]." [2017 c 34 § 3.]

Finding—Intent—2013 c 151: "The legislature finds that although the professional educator standards board has begun work on standards and assessments for educational interpreters as directed by the 2012 supplemental operating budget, there is a need formally to codify this as an ongoing responsibility. The legislature also intends to specify how the standards and assessments will be used to improve learning opportunities for students who are deaf, deaf-blind, or hearing impaired." [2013 c 151 § 1.]

ing needs, educator development needs, and school district, or state improvement goals. Professional learning shall have as its primary focus the improvement of teachers' and school leaders' effectiveness in assisting all students to meet the state learning standards.

(2) Professional learning is an ongoing process that is measurable by multiple indicators and includes learning experiences that support the acquisition and transfer of learning, knowledge, and skills into the classroom and daily practice.

(3) Professional learning shall incorporate differentiated, coherent, sustained, and evidence-based strategies that improve educator effectiveness and student achievement, including job-embedded coaching or other forms of assistance to support educators' transfer of new knowledge and skills into their practice.

(4) Professional learning should include the work of established collaborative teams of teachers, school leaders, and other administrative, instructional, and educational services staff members, who commit to working together on an ongoing basis to accomplish common goals and who are engaged in a continuous cycle of professional improvement that is focused on:

(a) Identifying student and educator learning needs using multiple sources of data;
(b) Defining a clear set of educator learning goals based on the rigorous analysis of these multiple data sources and the collective and personalized learning needs of teachers and administrators;
(c) Continuously assessing the effectiveness of the professional learning in achieving identified learning goals, improving teaching, and assisting all students in meeting state academic learning standards through reflection, observation, and sustained support;
(d) Using formative and summative measures to assess the effectiveness of professional learning in achieving educator learning goals;
(e) Realizing the three primary purposes for professional learning: (i) Individual improvement aligned with individual goals; (ii) school and team improvement aligned with school and team improvement [goals]; and (iii) program implementation aligned with state, district, and school improvement goals and initiatives.

(5) Professional learning should be facilitated by well-prepared school and district leaders who incorporate knowledge, skills, and dispositions for leading professional learning of adults and meet the standards described in *RCW 28A.300.602. These facilitators may include but are not limited to: Curriculum specialists, central office administrators, principals, coaches, mentors, master teachers, and other teacher leaders.

(6) Principals should assist staff with alignment of professional learning tied to curriculum, instruction, and state and local learning goals and assessments.

(7) Professional learning may be supported by external expert assistance or additional activities that will be held to the same definition and standards as internally supported professional learning, and that:

(a) Address defined student and educator learning goals;
(b) Include, but are not limited to, courses, workshops, institutes, networks, studio residencies, virtual learning mod-

ules, and conferences provided by for-profit and nonprofit entities outside the school such as universities, educational service districts, technical assistance providers, networks of content specialists, and other education organizations and associations; and

(c) Advance ongoing school-based professional learning that occurs throughout the year with opportunities for regular practice and feedback while developing new skills. [2016 c 77 § 2. Formerly RCW 28A.300.600.]

*Reviser's note: RCW 28A.300.602 was recodified as RCW 28A.415.432 pursuant to 2017 3rd sp.s. c 13 § 108.

Findings—Intent—2016 c 77: "(1) The legislature finds that effective professional learning enables educators to acquire and apply the knowledge, skills, practices, and dispositions needed to help students learn and achieve at higher levels.

(2) The legislature further finds that a clear definition of professional learning provides a foundational vision that sets the course for how state, regional, and local education leaders support educator professional learning in order to advance student learning. A shared, statewide definition is a piece of critical infrastructure to guide policy and investments in the content, structure, and provision of the types of professional learning opportunities that are associated with increased student performance. A definition of professional learning is also an accountability measure to assure that professional learning will have the highest possible return on investment in terms of increased student performance.

(3) Therefore, the legislature intends to adopt a statewide definition of effective professional learning. Each public school and school district should establish targeted, sustained, relevant professional learning opportunities that meet the definition and are aligned to state and district goals." [2016 c 77 § 1.]

28A.500.010 Local effort assistance funding—Purpose—Not basic education.

The legislature intends to continue providing local effort assistance funding to school districts. Local effort assistance provides schools in property-poor districts with funding for locally determined activities that enrich the state's program of basic education, thereby enhancing equity in students' access to extracurricular activities and similar enrichments. The purpose of these funds is to mitigate the effect that above average property tax rates might have on the ability of a school district to raise local revenues to supplement the state's basic program of education. These funds serve to equalize the property tax rates that individual taxpayers would pay for such levies and to provide tax relief to taxpayers in high tax rate school districts.

Local effort assistance funding is not part of the state's statutory program of basic education, nor are allocations for it part of the district's basic education allocation. Beginning September 1, 2019, and subject to RCW 28A.150.276, districts may use local effort assistance funding only to enrich the state's statutory program of basic education. 28A.500.015 Local effort assistance funding—Formula—Not basic education—Definitions. (Effective January 1, 2019.)

(1) Beginning in calendar year 2019 and each calendar year thereafter, the state must provide local effort assistance funding to supplement school district enrichment levies as provided in this section.

(2) For an eligible school district, annual local effort assistance funding is equal to the school district's maximum local effort assistance multiplied by a fraction equal to the school district's actual enrichment levy divided by the school district's maximum allowable enrichment levy.

(3) The state local effort assistance funding provided under this section is not part of the state's program of basic education deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible school district" means a school district whose maximum allowable enrichment levy divided by the school district's total student enrollment in the prior school year is less than the state local effort assistance threshold.

(b) "Inflation" means inflation as defined in RCW 84.55.005.

(c) "Maximum allowable enrichment levy" means the maximum levy permitted by RCW 84.52.0531.

(d) "Maximum local effort assistance" means the school district's student enrollment in the prior school year multiplied by the difference of the state local effort assistance threshold and a school district's maximum allowable enrichment levy divided by the school district's student enrollment in the prior school year.

(e) "Prior school year" means the most recent school year completed prior to the year in which the state local effort assistance funding is to be distributed.

(f) "State local effort assistance threshold" means one thousand five hundred dollars per student, adjusted for inflation beginning in calendar year 2020.

(g) "Student enrollment" means the average annual resident full-time equivalent student enrollment. [2017 3rd sp.s. c 13 § 206.]

(c) The "district's fourteen percent levy amount" means the school district's maximum levy authority after transfers determined under RCW 84.52.0531 (2) (a) through (c) divided by the district's maximum levy percentage determined under *RCW 84.52.0531 (6) multiplied by fourteen percent.

(d) The "district's fourteen percent levy rate" means the district's fourteen percent levy amount divided by the district's assessed valuation for excess levy purposes for the prior tax collection year as adjusted to one hundred percent by the county indicated ratio.

(e) "Districts eligible for local effort assistance" means those districts with a fourteen percent levy rate that exceeds the statewide average fourteen percent levy rate.

(2) Unless otherwise stated all rates, percents, and amounts are for the calendar year for which local effort assistance is being calculated under this chapter. [2013 2nd sp.s. c 4 § 957; 2010 c 237 § 5; 2004 c 21 § 1; 1999 c 317 § 2.]

### 28A.505.140 Rules for budgetary procedures—Review by superintendent—Separate accounting of state and local revenues—Notice of irregularity—Budget revisions.

(1) Notwithstanding any other provision of law, the superintendent of public instruction shall adopt such rules as will ensure proper budgetary procedures and practices, including monthly financial statements consistent with the provisions of RCW 43.09.200, and this chapter. By the 2019-20 school year, the rules must require school districts to provide separate accounting of state and local revenues to expenditures.

(2) If the superintendent of public instruction determines upon a review of the budget of any district that said budget does not comply with the budget procedures established by this chapter or by rules adopted by the superintendent of public instruction, or the provisions of RCW 43.09.200, the superintendent shall give written notice of this determination to the board of directors of the local school district.

(3) The local school district, notwithstanding any other provision of law, shall, within thirty days from the date the superintendent of public instruction issues a notice pursuant to subsection (2) of this section, submit a revised budget which meets the requirements of RCW 43.09.200, this chapter, and the rules of the superintendent of public instruction. [2017 3rd sp.s. c 13 § 602; 2006 c 263 § 202; 1990 c 33 § 422;
28A.505.240 Enrichment levy spending plans—Pre-ballot approval—Revised spending plan for voter-approved levies. (1) As required by RCW 84.52.053(4), before a school district may submit an enrichment levy, including a transportation vehicle enrichment levy, under RCW 84.52.053 to the voters, it must have received approval from the office of the superintendent of public instruction of an expenditure plan for the district's enrichment levy and other local revenues as defined in RCW 28A.150.276. Within thirty days after receiving the plan the office of the superintendent of public instruction must notify the school district whether the spending plan is approved. If the office of the superintendent of public instruction rejects a district's proposed spending plan, then the district may submit a revised spending plan, and the superintendent must approve or reject the revised submission within thirty days. The office of the superintendent of public instruction may approve a spending plan only if it determines that the enrichment levy and other local revenues as defined in RCW 28A.150.276(1) will be used solely for permitted enrichment activities as provided in RCW 28A.150.276(2).

(2)(a) Except as provided in (b) of this subsection, after a school district has received voter approval for a levy for an enrichment levy under RCW 84.52.053, a school district may change its spending plan for the voter-approved levy by submitting a revised spending plan to the office of the superintendent of public instruction for review and approval. To revise a previously approved spending plan, the district must provide notice and an opportunity for review and comment at an open meeting of the school board, and the board must adopt the revised spending plan by resolution. The board must then submit the plan to the office of the superintendent of public instruction. Within thirty days after receiving the revised spending plan the office must notify the school district whether the revised spending plan is approved. The office of the superintendent of public instruction may approve a revised spending plan only if it determines that the enrichment levy and other local revenues as defined in RCW 28A.150.276(1) will be used solely for permitted enrichment activities as provided in RCW 28A.150.276(2).

(b) If the superintendent has approved expenditures for specific purposes under (a) of this subsection, a district may change the relative amounts to be spent for those respective purposes for the same levy in subsequent years without having to first receive approval for the change from the office of the superintendent of public instruction if the district adopts the change as part of its annual budget proposal after a public hearing under RCW 28A.505.060.

(3) This section applies to taxes levied for collection beginning in calendar year 2020 and thereafter. [2017 3rd sp.s. c 13 § 204.]

The annual amount due and apportionable shall be the amount apportionable for all apportionment credits estimated to accrue to the schools during the apportionment year beginning September 1st and continuing through August 31st. Appropriations made for school districts for each year of a biennium shall be apportioned according to the schedule set forth in this section for the fiscal year starting September 1st of the then calendar year and ending August 31st of the next calendar year, except as provided in subsection (2) of this section. The apportionment from the state general fund for each month shall be an amount which will equal the amount due and apportionable to the several educational service districts during such month: PROVIDED, That any school district may petition the superintendent of public instruction for an emergency advance of funds which may become apportionable to it but not to exceed ten percent of the total amount to become due and apportionable during the school districts apportionment year. The superintendent of public instruction shall determine if the emergency warrants such advance and if the funds are available therefor. If the superintendent determines in the affirmative, he or she may approve such advance and, at the same time, add such an amount to the apportionment for the educational service district in which the school district is located: PROVIDED, That the emergency advance of funds and the interest earned by school districts on the investment of temporary cash surpluses resulting from obtaining such advance of state funds shall be deducted by the superintendent of public instruction from the remaining...
amount apportionable to said districts during that apportionment year in which the funds are advanced.

(2) In the 2010-11 school year, the June apportionment payment to school districts shall be reduced by one hundred twenty-eight million dollars, and an additional apportionment payment shall be made on July 1, 2011, in the amount of one hundred twenty-eight million dollars. This July 1st payment shall be in addition to the regularly calculated July apportionment payment. The purposes of RCW 28A.545.030 through 28A.545.110 and 84.52.0531 are to:

(1) Simplify the annual process of determining and paying the amounts due by nonhigh school districts to high school districts for educating students residing in a nonhigh school district;

(2) Provide for a payment schedule that coincides to the extent practicable with the ability of nonhigh school districts to pay and the need of high school districts for payment; and

DUAL LANGUAGE GRANT PROGRAM

28A.630.095 Dual language grant program. (Expires July 1, 2020.) (1)(a) The K-12 dual language grant program is created to grow capacity for high quality dual language learning in the common schools and in state-tribal compact schools.

(b) A dual language program is an instructional model that provides content-based instruction to students in two languages: English and a target language other than English spoken in the local community, for example Spanish, Somali, Vietnamese, Russian, Arabic, native languages, or indigenous languages. The goal of the program is for students to eventually become proficient and literate in both languages, while also meeting high academic standards in all subject areas. Typically, programs begin at kindergarten or first grade and continue through at least elementary school. Two-way dual language programs begin with a balanced number of native and nonnative speakers of the target language so that both groups of students serve in the role of language modeler and language learner at different times. One-way dual language programs serve only nonnative English speakers.

(2)(a) The office of the superintendent of public instruction shall develop and administer the grant program.

(b) Subject to the availability of amounts appropriated for this specific purpose, by October 1, 2017, the office of the superintendent of public instruction must award grants of up to two hundred thousand dollars each through a competitive process to school districts or state-tribal compact schools proposing to: (i) Establish a two-way dual language program or a one-way dual language program in a school with predominantly English learners; or (ii) expand a recently established two-way dual language program or a one-way dual language program in a school with predominantly English learners. When awarding a grant to a school district or a state-tribal compact school proposing to establish a dual language program in a target language other than Spanish, the office must provide a bonus of up to twenty thousand dollars.

(c) The office of the superintendent of public instruction must identify criteria for awarding the grants, evaluate applicants, and award grant money. The office must select grantees that represent sufficient geographic, demographic, and enrollment diversity to produce meaningful data for the report required in section 6, chapter 236, Laws of 2017. The application must require, among other things, that the applicant describe: (i) How the program will serve the applicant's English learner population; (ii) the number of classrooms that the applicant expects to add with the grant money; (iii) the planned use of the grant money; (iv) the applicant's plan for student enrollment and outreach to families who speak the target language; (v) the applicant's plan to recruit and support bilingual paraeducators, classified staff, parents, and high school students to become bilingual teachers in the district or state-tribal compact school; (vi) the applicant's commitment to, and plan for, sustaining a dual language program beyond the grant period; and (vii) whether the school district board of directors or the governing body of a state-tribal compact school has expressed support for dual language programs.

(d) The grant money must be used for dual language program start-up and expansion costs, such as staff and teacher training, teacher recruitment, development and implementation of a dual language learning model and curriculum, and other costs identified in the application as key for start-up. The grant money may not be used for ongoing program costs.

(3) The grant period is two years. At the end of the grant period, the grantees must work with the office of the superintendent of public instruction to draft the report required in section 6, chapter 236, Laws of 2017.

(4) The office of the superintendent of public instruction must notify school districts and state-tribal compact schools of the grant program established under this section and provide ample time for the application process.

(5) The superintendent of public instruction may adopt rules to implement this section.

(6) This section expires July 1, 2020. [2017 c 236 § 2.]

Findings—Intent—2017 c 236: "(1) The legislature finds that it should review and revise the K-12 educational program taking into consideration the needs of students as they evolve. In Washington state, immigrant students whose first language is not English represent a significant part of evolving and more diverse school demographics. The legislature finds that Washington's educator workforce in school districts has not evolved in a manner consistent with changing student demographics. Thus, more and more schools are without the capacity to meet the needs of English learners and without the capacity to communicate effectively with parents whose first language is not English.

(2) The legislature finds that:

(a) Between 1986 and 2016, the number of students served in the state's transitional bilingual instruction program increased from fifteen thousand twenty-four to one hundred eighteen thousand five hundred twenty-six, an increase of six hundred eighty-nine percent, and that two-thirds of the students were native Spanish speakers; the next ten most common languages were Russian, Vietnamese, Somali, Chinese, Arabic, Ukrainian, Tagalog, Korean, Marshallese, and Punjabi;

(b) In the 2015-16 school year, forty-six percent of instructors in the state's transitional bilingual instruction program were instructional aides, or paraeducators, not certificated teachers; and

(c) Eleven percent of students in the transitional bilingual instruction program received instruction in their native language in the 2015-16 school year, and research shows that non-English speaking students develop academic proficiency in English more quickly when they are provided instruction in their native language initially.

(3) The legislature showed its commitment to equity in education by passing legislation creating a seal of biliteracy, requiring world language for high school graduation, easing the transitions of English learners, encouraging training for staff in cultural competence, monitoring the racial and ethnic data of teachers, and funding the creation of K-12 dual language programs.

(4) However, the legislature finds it is necessary to better serve non-English speaking students by addressing and closing the significant language and instructional gaps that hinder English learners from meeting the state's rigorous educational standards.

(5) Thus, the legislature intends to establish a comprehensive approach to support English learners by creating grant programs to: (a) Expand dual language programs for elementary and secondary students; and (b) recruit bilingual individuals to become educators who are able to provide instruction in, and support for, dual language programs." [2017 c 236 § 1.]

28A.630.400 Paraeducator associate of arts degree.

(1) The professional educator standards board and the state board for community and technical colleges, in consultation with the superintendent of public instruction, the state apprenticeship training council, and community colleges, shall adopt rules as necessary under chapter 34.05 RCW to implement the paraeducator associate of arts degree.

(2) As used in this section, a "paraeducator" is an individual who has completed an associate of arts degree for a paraeducator. The paraeducator may be hired by a school district to assist certificated instructional staff in the direct instruction of children in small and large groups, individual-
ized instruction, testing of children, recordkeeping, and preparation of materials. The paraeducator shall work under the direction of instructional certificated staff.

(3)(a) The training program for a paraeducator associate of arts degree shall include, but is not limited to, the general requirements for receipt of an associate of arts degree and training in the areas of introduction to childhood education, orientation to children with disabilities, fundamentals of childhood education, creative activities for children, instructional materials for children, fine art experiences for children, the psychology of learning, introduction to education, child health and safety, child development and guidance, first aid, and a practicum in a school setting.

(b) Subject to the availability of amounts appropriated for this specific purpose, by September 1, 2018, the training program for a paraeducator associate of arts degree must incorporate the state paraeducator standards of practice adopted by the paraeducator board under RCW 28A.413.050.

(4) Consideration shall be given to the availability of amounts appropriated for this specific purpose, by September 1, 2018, the training program for a paraeducator associate of arts degree must incorporate the state paraeducator standards of practice adopted by the paraeducator board under RCW 28A.413.050.

(5) The lead staff person for each pilot site must have the primary responsibility for:

(a) Coordinating medicaid billing for schools and school districts in the educational service district;

(b) Facilitating partnerships with community mental health agencies, providers of substance use disorder treatment, and other providers;

(c) Sharing service models;

(d) Seeking public and private grant funding;

(e) Ensuring the adequacy of other system level supports for students with mental health and substance use disorder treatment needs; and

(f) Collaborating with the other selected project and with the office of the superintendent of public instruction.

(4) The office of the superintendent of public instruction must report on the results of the two pilot projects to the governor and the appropriate committees of the legislature in accordance with RCW 43.01.036 by December 1, 2019. The report must also include:

(a) A case study of an educational service district that is successfully delivering and coordinating children's mental health activities and services. Activities and services may include but are not limited to medicaid billing, facilitating partnerships with community mental health agencies, and seeking and securing public and private funding; and

(b) Recommendations regarding whether to continue or make permanent the pilot projects and how the projects might be replicated in other educational service districts.

(5) This section expires January 1, 2020. [2017 c 202 § 6.]

28A.655.061 High school assessment system—Certificate of academic achievement—Exception—Options to retake high school assessment—Objective alternative assessments—Locally determined courses—High school transition courses—Interventions and academic supports—Student learning plans. (1) The high school assessment system shall include but need not be limited to the statewide student assessment, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and, if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or *28A.655.0611, acquisition of the certificate...
is required for graduation from a public high school but is not the only requirement for graduation.

(3)(a) Beginning with the graduating class of 2008 through the graduating class of 2015, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the English language arts and mathematics high school statewide student assessment shall earn a certificate of academic achievement. The mathematics assessment shall be the end-of-course assessment for the first year of high school mathematics that assesses the standards common to algebra I and integrated mathematics I or the end-of-course assessment for the second year of high school mathematics that assesses standards common to geometry and integrated mathematics II.

(b) As the state transitions from reading and writing assessments to an English language arts assessment and from end-of-course assessments to a comprehensive assessment for high school mathematics, a student in a graduating class of 2016 through 2018 shall earn a certificate of academic achievement if the student meets the high school graduation standard as follows:

   (i) Students in the graduating class of 2016 may use the results from:

   (A) The reading and writing assessment or the English language arts assessment developed with the multistate consortium; and

   (B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

   (ii) Students in the graduating classes of 2017 and 2018 may use the results from:

   (A) The tenth grade English language arts assessment developed by the superintendent of public instruction using resources from the multistate consortium or the English language arts assessment developed with the multistate consortium; and

   (B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

   (c) Beginning with the graduating class of 2019, a student who meets the high school graduation standard on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium shall earn a certificate of academic achievement.

   (d) Beginning with the graduating class of 2020, a student who meets the high school graduation standard on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium to be administered in tenth grade shall earn a certificate of academic achievement.

   (e) If a student does not successfully meet the state standards on one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area at least twice a year at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the statewide student assessment at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning with the graduating class of 2021, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the statewide student assessment, a retake, or the objective alternative assessments in order to earn a certificate of academic achievement. The assessment under this subsection must be a comprehensive assessment of the science essential academic learning requirements adopted by the superintendent of public instruction in 2013.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

   (a) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

   (b) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the
legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the statewide student assessment. A student's score on the science portion of the ACT or the science subject area tests of the SAT may be used as an objective alternative assessment under this section as soon as the state board of education determines that sufficient data is available to identify reliable equivalent scores for the science content area of the statewide student assessment. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examination in biology, physics, chemistry, or environmental science may be used as an alternative assessment for the science portion of the statewide student assessment.

(iii) A student who scores at least a four on selected externally administered international baccalaureate (IB) examinations may use the score as an objective alternative assessment under this section for demonstrating that the student has met or exceeded state standards for the certificate of academic achievement. A score of four on the higher level IB examinations for any of the IB biology, chemistry, or physics may be used as an alternative assessment for the science portion of the statewide student assessment.

(iv)(A) Beginning in the 2018-19 school year, high school students who have not earned a certificate of academic achievement due to not meeting the high school graduation standard on the mathematics or English language arts assessment may take and pass a locally determined course in the content area in which the student was not successful, and may use the passing score on a locally administered assessment tied to that course and approved under the provisions of this subsection (10)(b)(iv) as an objective alternative assessment for demonstrating that the student has met or exceeded the high school graduation standard. High school transition courses and the assessments offered in association with high school transition courses shall be considered an approved locally determined course and assessment for demonstrating that the student met or exceeded the high school graduation standard. The course must be rigorous and consistent with the student's educational and career goals identified in his or her high school and beyond plan, and may include career and technical education equivalencies in English language arts or mathematics adopted pursuant to RCW 28A.230.097. School districts shall record students' participation in locally determined courses under this section in the statewide individual data system.

(B) The office of the superintendent of public instruction shall develop a process by which local school districts can submit assessments for review and approval for use as objective alternative assessments for graduation as allowed by (b)(iv) of this subsection. This process shall establish means to determine whether a local school district-administered assessment is comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and is objective in its determination of student achievement of the state standards. The office of the superintendent of public instruction shall post on its agency web site a compiled list of local school district-administered assessments approved as objective alternative assessments, including the comparable scores on these assessments necessary to meet the standard.

(C) For the purpose of this section, "high school transition course" means an English language arts or mathematics course offered in high school where successful completion by a high school student ensures the student college-level placement at participating institutions of higher education as defined in RCW 28B.10.016. High school transition courses must, in accordance with this section, satisfy core or elective credit graduation requirements established by the state board of education. A student's successful completion of a high school transition course does not entitle the student to be admitted to any institution of higher education as defined in RCW 28B.10.016.

(v) A student who completes a dual credit course in English language arts or mathematics in which the student earns college credit may use passage of the course as an objective alternative assessment for demonstrating that the student has met or exceeded the high school graduation standard for the certificate of academic achievement.

(11) To help assure continued progress in academic achievement as a foundation for high school graduation and
to assure that students are on track for high school graduation, each school district shall:

(a) Provide students who have not earned a certificate of academic achievement before the beginning of grade eleven with the opportunity to access interventions and academic supports, courses, or both, designed to enable students to meet the high school graduation standard. These interventions, supports, or courses must be rigorous and consistent with the student’s educational and career goals identified in his or her high school and beyond plan, and may include career and technical education equivalencies in English language arts or mathematics adopted pursuant to RCW 28A.230.097; and

(b) Prepare student learning plans and notify students and their parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(i) The student’s results on the state assessment;

(ii) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

(iii) Any credit deficiencies;

(iv) The student’s attendance rates over the previous two years;

(v) The student’s progress toward meeting state and local graduation requirements;

(vi) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;

(vii) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

(viii) The alternative assessment options available to students under this section and RCW 28A.655.065;

(ix) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

(x) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535. Effective date—2017 3rd sp.s. c 31: “This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 7, 2017].” [2017 3rd sp.s. c 31 § 8.]

Finding—Purpose—2015 3rd sp.s. c 42: “The legislature finds that the graduating class of 2015 is the first class required to meet the state standard on the state science assessment. The legislature recognizes that the educational system needs more time before this graduation requirement is implemented. Therefore, the sole purpose of the legislature with this legislation is to delay for no more than two years, but not eliminate, the requirement that students must meet the state standard on the science assessment.” [2015 3rd sp.s. c 42 § 1.]

Retroactive application—2015 3rd sp.s. c 42 § 2: “Section 2 of this act applies retroactively to students in the graduating class of 2015, and prospectively beginning with students in the graduating class of 2016.” [2015 3rd sp.s. c 42 § 3.]

Findings—Intent—2013 2nd sp.s. c 22: “The legislature finds that the superintendent of public instruction was authorized to align the state essential academic learning requirements for English language arts, reading, writing, and communication with the common set of standards for students in grades kindergarten through twelve, known as the common core state standards, which were initiated by the governors and chief school officers of forty-five states, including Washington. The legislature further finds that Washington has joined one of two multistate consortia using a federal grant to develop new English language arts and mathematics assessments in grades three through eight and grade eleven that are, among other factors, aligned with the common core state standards and intended to demonstrate a student’s career and college readiness. The legislature further finds that the assessments are required to be ready for use by the 2014-15 school year.

The legislature intends to reduce the overall costs of the state assessment systems by implementing the eleventh grade English language arts and mathematics assessments being developed by a multistate consortium in which Washington is participating, maximize use of the consortium assessments by developing a tenth grade high school English language arts assessment and modifying the algebra I and geometry end-of-course assessment to be used only during the transition to the consortium-developed assessments, and reduce to three the number of assessments that will be required for students to graduate beginning with the class of 2019.

The legislature further intends that the eleventh grade consortium-developed assessments have two different student performance standards: One for the purposes of high school graduation that will be established by the state board of education and one that is intended to demonstrate a student’s career and college readiness.” [2013 2nd sp.s. c 22 § 1.]

Finding—Intent—2011 1st sp.s. c 22: “(1) The legislature continues to support end-of-course assessments as a fair and practical way to measure students’ knowledge and skills in high school science, but the legislature also recognizes that there are important scientific concepts, principles, and content that are not able to be captured in a single course or a single assessment. The legislature also does not wish to narrow the high school science curriculum to a singular focus on biology. (2) However, the legislature finds that the financial resources for developing additional end-of-course assessments for high school science are not available in the 2011-2013 biennium. Nevertheless, the legislature intends to revisit this issue in the future and further intends at an appropriate time to direct the superintendent of public instruction to develop one or more end-of-course assessments in additional science subjects.” [2011 1st sp.s. c 22 § 1.]

Intent—2009 c 524: See note following RCW 28B.50.535.

Findings—2008 c 321: “The legislature finds that high school students need to graduate with the skills necessary to be successful in college and work. The state graduation requirements help to ensure that Washington high school graduates have the basic skills to be competitive in a global economy. Under education reform started in 1993, time was to be the variable, obtaining the skills was to be the constant. Therefore, students who need additional time to gain the academic skills needed for college and the workplace should have the opportunities they need to reach high academic achievement, even if that takes more than the standard four years of high school.

Different students face different challenges and barriers to their academic success. Some students struggle to meet the standard on a single portion of the Washington assessment of student learning while excelling in the other subject areas; other students struggle to complete the necessary state or local graduation credits; while still others have their knowledge tested on the assessments and have completed all the credit requirements but are struggling because English is not their first language. The legislature finds that many of these students need additional time and support to achieve academic proficiency and meet all graduation requirements.” [2008 c 321 § 1.]

[2017 RCW Supp—page 29]
(1) The legislature maintains a strong commitment to high expectations and high academic achievement for all students. The legislature finds that Washington schools and students are making significant progress in improving achievement in reading and writing. Schools are adapting instruction and providing remediation for students who need additional assistance. Reading and writing are being taught across the curriculum. Therefore, the legislature does not intend to make changes to the Washington assessment of student learning or high school graduation requirements in reading and writing.

(2) However, students are having difficulty improving their academic achievement in mathematics and science, particularly as measured by the high school Washington assessment of student learning. The legislature finds that corrections are needed in the state's high school assessment system that will improve alignment between learning standards, instruction, diagnosis, and assessment of students' knowledge and skills in high school mathematics and science. The legislature further finds there is a sense of urgency to make these corrections and intends to revise high school graduation requirements in mathematics and science only for the minimum period for corrections to be fully implemented. 28A.655.065 Objective alternative assessment methods—Appeals from assessment scores—Waivers and appeals from assessment requirements—Rules. (1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, mathematics, and science is through the statewide student assessment. Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through regular and consistent attendance at school and participation in extended learning and other assistance programs.

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school statewide student assessment. A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and this section and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance and/or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school statewide student assessment, as provided in this subsection. A student is eligible to apply for the alternative assessment method under this subsection (4) if the student has a cumulative grade point average of at least 3.2 on a four point grading scale. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in the same school as the applicant who took the same high school courses as the applicant in the applicable content area. From the group of students identified in this manner, the district shall select the comparison cohort that shall be those students who met or slightly exceeded the state standard on the statewide student assessment.

(b) The district shall compare the applicant's grades in high school courses in the applicable content area to the grades of students in the comparison cohort for the same high school courses. If the applicant's grades are equal to or above the mean grades of the comparison cohort, the applicant shall be deemed to have met the state standard on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) The superintendent of public instruction shall implement:

(a) By June 1, 2006, a process for students to appeal the score they received on the high school assessments;

(b) By January 1, 2007, guidelines and appeal processes for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and to the certificate of individual achievement for students who: (i) Transfer to a Washington public school in their junior or senior year with the intent of obtaining a public high school diploma, or (ii) have special, unavoidable circumstances;

(c)(i) For the graduating classes of 2014, 2015, 2016, 2017, and 2018, an expedited appeal process for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and the certificate of individual achievement for eligible students who have not met the state standard on the English language arts statewide student assessment, the mathematics high school statewide student assessment, or both. The student or the student's parent, guardian, or principal may initiate an appeal with the district and the district has the authority to determine which appeals are submitted to the superintendent of public instruction for review and approval. The superintendent of public instruction may only approve an appeal if it has been demonstrated that the student has the necessary skills and knowledge to meet the high school graduation standard and that the student has the skills necessary to successfully achieve the college or career goals established in his or her high school and beyond plan. Pathways for demonstrating the necessary skills and knowledge may include, but are not limited to:

(A) Successful completion of a college level class in the relevant subject area;

(B) Admission to a higher education institution or career preparation program;

(C) Award of a scholarship for higher education; or

(D) Enlistment in a branch of the military.

(ii) A student in the class of 2014, 2015, 2016, or 2017 is eligible for the expedited appeal process in (c)(i) of this subsection if he or she has met all other graduation requirements established by the state and district.

(iii) A student in the class of 2018 is eligible for the expedited appeal process in (c)(i) of this subsection if he or she has met all other graduation requirements established by

the state and district and has attempted at least one alternative assessment option as established in RCW 28A.655.065.

(6) The state board of education shall examine opportunities for additional alternative assessments, including the possible use of one or more standardized norm-referenced student achievement tests and the possible use of the reading, writing, or mathematics portions of the ACT ASSET and ACT COMPASS test instruments as objective alternative assessments for demonstrating that a student has met the state standards for the certificate of academic achievement. The state board shall submit its findings and recommendations to the education committees of the legislature by January 10, 2008.

(7) The superintendent of public instruction shall adopt rules to implement this section. [2017 3rd sp.s. c 31 § 2; 2009 c 556 § 19; 2008 c 170 § 205; 2007 c 354 § 6; 2006 c 115 § 1.]

28A.655.068 Statewide high school assessment in science. (1) Beginning in the 2011-12 school year, the statewide high school assessment in science shall be an end-of-course assessment for biology that measures the state standards for life sciences, in addition to systems, inquiry, and application as they pertain to life sciences.

(2)(a) The superintendent of public instruction may develop or adopt science end-of-course assessments or a comprehensive science assessment that includes subjects in addition to biology for purposes of RCW 28A.655.061, when so directed by the legislature. The legislature intends to transition from a biology end-of-course assessment to a more comprehensive science assessment in a manner consistent with the way in which the state transitioned to an English language arts assessment and a comprehensive mathematics assessment. The legislature further intends that the transition will include at least two years of using the student assessment results from either the biology end-of-course assessment or the more comprehensive assessment in order to provide students with reasonable opportunities to demonstrate high school competencies while being mindful of the increasing rigor of the new assessment.

(b) The superintendent of public instruction shall develop or adopt a science assessment in accordance with RCW 28A.655.070(10) that is not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(c) Before the next subsequent school year after the legislature directs the superintendent to develop or adopt a new science assessment, the superintendent of public instruction shall review the objective alternative assessments for the science assessment and make recommendations to the legislature regarding additional objective alternatives, if any.

(3) The superintendent of public instruction may participate with consortia of multiple states as common student learning standards and assessments in science are developed. The superintendent of public instruction, in consultation with the state board of education, may modify the essential academic learning requirements and statewide student assessments in science, including the high school assessment, according to the multistate common student learning standards and assessments as long as the education committees of the legislature have opportunities for review before the modifications are adopted, as provided under RCW 28A.655.070.

(4) The statewide high school assessment under this section shall be used to demonstrate that a student meets the state standards in the science content area of the statewide student assessment until a comprehensive science assessment is required under RCW 28A.655.061. 28A.660.020 Program design—Funding—Reports. (1) The professional educator standards board shall transition the alternative route partnership grant program from a separate competitive grant program to a preparation program model to be expanded among approved preparation programs. Alternative routes are partnerships between professional educator standards board-approved preparation programs, Washington school districts, and other partners as appropriate. Program design of alternative route programs shall continue to evolve over time to reflect innovations and improvements in educator preparation. The professional educator standards board must construct rules that address the competitive grant process and program design.

(2) As provided in RCW 28A.410.210, it is the duty of the professional educator standards board to establish policies for the approval of nontraditional preparation programs and to provide oversight and accountability related to the quality of these programs. In establishing and amending rules for alternative route programs, the professional educator standards board shall:

(a) Uphold criteria for alternative route program design that is innovative and reflects evidence-based practice;

(b) Ensure that approved partnerships reflect district engagement in their resident alternative route program as an integral part of their future workforce development, as well as school and student learning improvement strategies;

(c) Amend or adopt rules issuing preservice residents certification necessary to serve as substitute teachers in classrooms within the residency school for up to ten days per school year;

(d) Continue to prioritize program designs tailored to the needs of experienced paraeducators and candidates of high academic attainment in the subject area they intend to teach.
In doing so the program designs must take into account school district demand for certain teacher credentials;

(e) Expand access and opportunity for individuals to become teachers statewide; and

(f) Give preference in admissions to applicants for alternative route programs who are eligible veterans or national guard members and who meet the entry requirements for the alternative route program.

(3) Beginning December 1, 2017, and each odd-numbered year thereafter, the professional educator standards board shall report to the education committees of the house of representatives and the senate the following outcomes as indicators that alternative route programs are meeting legislative intent through the regulation and oversight of the professional educator standards board. In considering administrative rules for, and reporting outcomes of, alternative route programs, the professional educator standards board shall examine the historical record of the data, reporting on:

(a) The number and percentage of alternative route completers hired;

(b) The percentage of alternative route completers from underrepresented populations;

(c) Three-year and five-year retention rates of alternative route completers;

(d) The average hiring dates of alternative route completers; and

(e) The percentage of alternative route completers hired in districts where their alternative route program was completed.

(4) To the extent funds are appropriated for this purpose, alternative route programs may apply for program funds to pay stipends to trained mentor teachers of interns during the mentored internship. The per intern amount of mentor stipend provided by state funds shall not exceed five hundred dollars. [2017 c 14 § 1; 2010 c 235 § 503; 2006 c 263 § 816; 2004 c 23 § 2; 2003 c 410 § 1; 2001 c 158 § 3.]

Finding—2010 c 235: See note following RCW 28A.405.245.

28A.660.035 Partnership grant programs—Priority assistance in advancing cultural competency skills. The office of the superintendent of public instruction shall identify school districts that have the most significant achievement gaps among subgroups of students and for large numbers of those students, and districts that should receive priority for assistance in advancing cultural competency skills in their workforce. The professional educator standards board shall provide assistance to the identified school districts to develop partnership grant programs between the districts and teacher preparation programs to provide alternative route programs under RCW 28A.660.020 and to recruit paraeducators and other individuals in the local community to become certified as teachers. An alternative route partnership program proposed by an identified school district shall receive priority eligibility for partnership grants under RCW 28A.660.020. To the maximum extent possible, the board shall coordinate the recruiting Washington teachers program under RCW 28A.415.370 with the alternative route programs under this section. [2017 c 14 § 2; 2009 c 468 § 6.]

28A.660.042 Pipeline for paraeducators conditional scholarship program. (1) The pipeline for paraeducators conditional scholarship program is created. Participation is limited to paraeducators without a college degree who have at least three years of classroom experience. It is anticipated that candidates enrolled in this program will complete their associate of arts degree at a community and technical college in two years or less and become eligible for an endorsement in a subject matter shortage area, as defined by the professional educator standards board, via route one in the alternative routes to teacher certification program provided in this chapter.

(2) Entry requirements for candidates include district or building validation of qualifications, including three years of successful student interaction and leadership as a classified instructional employee. [2017 c 237 § 19; 2007 c 396 § 6.]

28B.10.054 Credit policies for AP exams—Reports.
(1) The institutions of higher education must establish a coordinated, evidence-based policy for granting as many undergraduate college credits to students who have earned minimum scores of three on AP exams as possible and appropriate.

(2) Credit policy regarding all AP exams must be posted on campus websites effective for the 2017 fall academic term. The institutions of higher education must conduct biennial reviews of their AP credit policy and report noncompliance to the appropriate committees of the legislature by November 1st each year beginning November 1, 2019. [2017 c 179 § 2.]

Findings—Intent—2017 c 179: "The legislature finds that advanced placement coursework prepares students for postsecondary success and provides opportunities for them to earn college credit or secure placement in advanced courses. The legislature further finds that eighty-four thousand eight hundred sixty-six students took an AP exam in Washington state in 2015. The legislature further finds that six thousand six hundred sixty-seven of those students were underrepresented minority students and nine thousand four hundred seventy-one were low-income students. The legislature further finds that of the students that took an AP exam in Washington state in 2015, fifty-one thousand seven hundred twenty-five scored a three, four, or five.

Therefore, the legislature intends to establish a policy for granting as many undergraduate college credits as possible to students who have earned a minimum score of three on their AP exams and clearly communicate credit awarding policies and course equivalencies to students. The goal of the policy is to award course credit in all appropriate instances and maximize the number of college students given college credit for AP exam scores of three or higher." [2017 c 179 § 1.]

28B.10.285 Student financial aid information—Notice to students—Development of reporting form—Compliance reporting. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Educational institution" includes any entity that is an institution of higher education as defined in RCW 28B.10.016, a degree-granting institution as defined in RCW 28B.85.010, a private vocational school as defined in RCW 28C.10.020, or school as defined in RCW 18.16.020.

(b) "Student education loan" means any loan solely for personal use to finance postsecondary education and costs of attendance at an educational institution.

(2) Subject to the availability of amounts appropriated for this specific purpose, an educational institution must provide to an enrolled student who has applied for student financial aid a notification including the following information about the student education loans the educational institution has certified:

(i) An estimate, based on information available at the time the notification is provided, of the:

(a) Total amount of student education loans taken out by the student;

(b) Potential total payoff amount of the student education loans incurred or a range of the total payoff amount, including principal and interest;

(c) The monthly repayment amount that the student may incur for the amount of student education loans the student has taken out, based on the federal loan repayment plan borrowers are automatically enrolled in if they do not select an alternative repayment plan; and

(d) Percentage of the aggregate federal direct loan borrowing limit applicable to the student's program of study the student has reached at the time the information is sent to the student; and

(ii) Consumer information about the differences between private student loans and federal student loans, including the availability of income-based repayment plans and loan forgiveness programs for federal loans.

(iii) The notification provided under subsection (2) of this section must include a statement that the estimates and ranges provided are general in nature and not meant as a guarantee or promise of the actual projected amount. It must also include a statement that a variety of repayment plans are available for federal student loans that may limit the monthly repayment amount based on income.

(iv) The notification must include information about how to access resources for student education loan borrowers provided by federal or state agencies, such as a student education loan debt hotline and web site or student education loan ombuds, federal student loan repayment calculator, or other available resources.

(v) An educational institution must provide the notification required in subsection (2) of this section via email. In addition, the educational institution may provide the notification in writing, in an electronic format, or in person.

(vi) An educational institution does not incur liability, including for actions under chapter 19.86 RCW by the attorney general, for any good faith representations made under subsection (2) of this section.

(7) Educational institutions must begin providing the notification required under subsection (2) of this section by July 1, 2018, each time a financial aid package that includes a new or revised student education loan is offered to the student.

(8) Subject to the availability of amounts appropriated for this specific purpose, an organization representing the public four-year colleges and universities, an organization representing the private nonprofit institutions, the state board for community and technical colleges under chapter 28B.50 RCW, the workforce training and education coordinating board as defined in RCW 28C.18.020, and the department of licensing under chapter 46.01 RCW, must develop a form for
the educational institutions to use to report compliance by
July 1, 2018.

(9) Beginning December 1, 2019, and biannually there-
after until December 25, 2025, the organizations under sub-
section (8) of this section must submit a report in compliance
with RCW 43.01.036 to the legislature that details how the
educational institutions are in compliance with this section.
[2017 c 154 § 2.]

Finding—Intent—2017 c 154: "The legislature finds and declares that
students pursuing higher education benefit from periodic notification about
the balance of their student education loan debt. This notification helps stu-
dents and their families make informed borrowing decisions about how to
finance their postsecondary education and be more prepared for repayment
when leaving school. The legislature recognizes the steps many higher edu-
cation institutions in Washington have already taken to provide financial
education and information to their students. The legislature encourages
schools to continue to strengthen financial literacy training, financial aid
counseling, and other resources available to students. It is the intent of the
legislature to ensure that all students pursuing higher education in Washing-
ton receive periodic notifications about their student education loan debt."
[2017 c 154 § 1.]

Short title—2017 c 154: "This act may be known and cited as the
Washington student loan transparency act." [2017 c 154 § 3.]

28B.20.744 University buildings and facilities for critical patient care or specialized medical research—Alternative process for awarding contracts—Reports.

28B.20.744 University buildings and facilities for critical patient care or specialized medical research—Alternative process for awarding contracts—Reports.

(1) This section provides an alternative process for awarding contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of university buildings and facilities in which critical patient care or highly specialized medical research is located. These provisions may be used, in lieu of other procedures to award contracts for such work, when the estimated cost of the work is equal to or less than five million dollars and the project involves construction, renovation, remodeling, or alteration of improvements within a building that is used directly for critical patient care or highly specialized medical research.

(2) The university may create a single critical patient care or specialized medical research facilities roster or may create multiple critical patient care or specialized medical research facilities rosters for different trade specialties or categories of anticipated work. At least once a year, the university shall publish in a newspaper of general circulation and with the office of minority and women's business enterprises, a notice of the existence of the roster or rosters and solicits a statement of qualifications from contractors who wish to be on the roster or rosters of prime contractors. In addition, qualified contractors shall be added to the roster or rosters at any time they submit a written request, necessary records, and meet the qualifications established by the university. The university may require eligible contractors desiring to be placed on the roster to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the university with input from the women-owned and minority-owned business community as a condition of being placed on a roster or rosters. Placement on a roster shall be on the basis of qualifications.

(3) The public solicitation of qualifications shall include but not be limited to:
(a) A description of the types of projects to be completed and where possible may include programmatic, performance, and technical requirements and specifications;
(b) The reasons for using the critical patient care and specialized medical research roster process;
(c) A description of the qualifications to be required of a contractor, including submission of an accident prevention program;
(d) A description of the process the university will use to evaluate qualifications, including evaluation factors and the relative weight of factors;
(e) The form of the contract to be awarded;
(f) A description of the administrative process by which the required qualifications, evaluation process, and project types may be appealed; and
(g) A description of the administrative process by which decisions of the university may be appealed.

(4) The university shall establish a committee that includes one representative from the minority-owned business community and one representative from the women-owned business community to evaluate the contractors submitting qualifications. Evaluation criteria for selection of the contractor or contractors to be included on a roster shall include, but not be limited to:
(a) Ability of a contractor's professional personnel;
(b) A contractor's past performance on similar projects, including but not limited to medical facilities, and involving either negotiated work or other public works contracts;
(c) The contractor's ability to meet time and budget requirements;
(d) The contractor's ability to provide preconstruction services, as appropriate;
(e) The contractor's capacity to successfully complete the project;
(f) The contractor's approach to executing projects;
(g) The contractor's approach to safety and the contractor's safety history;
(h) The contractor's record of performance, integrity, judgment, and skills;
(i) The contractor's record of including office of minority and women's business enterprises-certified, minority, women, veteran, and small businesses; and
(j) The contractor's past history of use of small business entities, disadvantaged business enterprises, minority business enterprises, women business enterprises, and minority women business enterprises over the last five years on projects of five million dollars or less and the contractor's proposed outreach plan and commitment to include such firms.

(5) Contractors meeting the evaluation committee's criteria for selection must be placed on the applicable roster or rosters.

(6) When a project is selected for delivery through this roster process, the university must establish a procedure for securing written quotations from all contractors on a roster to assure that a competitive price is established. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. Plans and specifications must be included in the invitation but may not be detailed. Award of a project must be made to the responsible bidder submitting the lowest responsive bid.

(7) The university shall make an effort to solicit proposals from certified minority or certified woman-owned contractors. The university business diversity program shall establish aspirational goals for small business entities, disadvantaged business enterprises, minority business enterprises, women business enterprises, and minority women business enterprises for each roster based on the projected subcontracting opportunities and to the extent permitted by the Washington state civil rights act, RCW 49.60.400.

(8) Beginning in September 2010 and every other September thereafter, the university shall provide a report to the capital projects advisory review board which must, at a minimum, include a list of rosters used, contracts awarded, office of minority and women's business enterprises-certified small business entities, disadvantaged business enterprises, veterans, and women and minority-owned business use rates on the projects.

(9) Beginning in September 2015 and every September thereafter, the university shall report to the office of minority and women's business enterprises and to the appropriate legislative fiscal committees the number of qualified women and minority-owned business contractors on the roster or rosters and the number of contracts awarded to women and minority-owned businesses.

(10) The university shall require contractors to solicit proposals from office of minority and women's business enterprises-certified firms. [2017 c 124 § 1; 2015 3rd sp.s. c 3 § 7043; 2010 c 245 § 11.]

28B.45.010 Legislative findings. The legislature finds that the benefits of higher education should be more widely available to the citizens of the state of Washington. The legislature also finds that a citizen's place of residence can restrict that citizen's access to educational opportunity at the upper-division and graduate level.

Because most of the state-supported baccalaureate universities are located in areas removed from major metropolitan areas, the legislature finds that many of the state's citizens, especially those citizens residing in the central Puget Sound area, the Tri-Cities, Spokane, Vancouver, and Yakima, have insufficient and inequitable access to upper-division baccalaureate and graduate education.

This lack of sufficient educational opportunities in urban areas makes it difficult or impossible for place-bound individuals, who are unable to relocate, to complete a baccalaureate or graduate degree. It also exacerbates the difficulty financially needy students have in attending school, since many of those students need to work, and work is not always readily available in some communities where the baccalaureate institutions of higher education are located.
The lack of sufficient educational opportunities in metropolitan areas also affects the economy of the underserved communities. Businesses benefit from access to the research and teaching capabilities of institutions of higher education. The absence of these institutions from some of the state's major urban centers prevents beneficial interaction between businesses in these communities and the state's universities.

The Washington state master plan for higher education, adopted by the *higher education coordinating board, recognizes the need to expand upper-division and graduate educational opportunities in the state's large urban centers. The board has also attempted to provide a means for helping to meet future educational demand through a system of campuses in the state's major urban areas.

The legislature endorses the assignment of responsibility to serve these urban centers that the board has made to various institutions of higher education. The legislature also endorses the creation of campuses for the University of Washington and Washington State University.

The legislature recognizes that, among their other responsibilities, the state's comprehensive community colleges share with the four-year universities and colleges the responsibility of providing the first two years of a baccalaureate education. It is the intent of the legislature that the four-year institutions and the community colleges work as cooperative partners to ensure the successful and efficient operation of the state's system of higher education. The legislature further intends that the four-year institutions work cooperatively with the community colleges to ensure that the campuses created under this chapter are operated as models of a two plus two educational system. [2017 c 52 § 7; 1989 1st ex.s. c 7 § 1.]

*Reviser's note: The higher education coordinating board was abolished by 2011 1st sp.s. c 11 § 301, effective July 1, 2012.

28B.45.012 Findings—Intent. (1) In 1989, the legislature created five campuses to be operated by the state's two public research universities. Located in growing urban areas, the campuses were charged with two missions:

(a) Increasing access to higher education by focusing on upper-division and graduate programs, targeting placebound students, and operating as models of a two plus two educational system in cooperation with the community colleges; and

(b) Promoting regional economic development by responding to demand for degrees from local businesses and supporting regional economies through research activities.

(2) Fifteen years later, the legislature finds that the campuses are responding to their original mission:

(a) The campuses accounted for half of statewide upper-division and graduate public enrollment growth since 1990;

(b) The campuses have grown steadily and enroll increasing numbers of transfer students each year;

(c) The campuses enroll proportionately more older and part-time students than their main campuses and attract increasing proportions of students from nearby counties;

(d) Although the extent of their impact has not been measured, these campuses positively affect local economies and offer degree programs that roughly correspond with regional occupational projections; and

(e) The capital investments made by the state to support the campuses represent a significant benefit to regional economic development.

(3) However, the legislature also finds the policy landscape in higher education has changed since the original creation of the campuses. Demand for access to baccalaureate and graduate education is increasing rapidly. Economic development efforts increasingly recognize the importance of focusing on local and regional economic clusters and improving collaboration among communities, businesses, and colleges and universities. Each campus has evolved into a unique institution, and it is appropriate to assess the nature of this evolution to ensure the role and mission of each campus is aligned with the state's higher education goals and the needs of the region where the campus is located.

(4) Therefore, it is the legislature's intent to recognize the unique nature of Washington's higher education campuses created under this chapter, reaffirm the role and mission of each, and set the course for their continued future development.

(5) It is the further intent of the legislature that the campuses be identified by the following names: University of Washington Bothell, University of Washington Tacoma, Washington State University Tri-Cities, and Washington State University Vancouver. [2017 c 52 § 4; 2004 c 57 § 1.]

28B.45.014 Mission—Collaboration with community and technical colleges—Alternative models—Monitoring and evaluation—Reports to the legislature. (1) The primary mission of the higher education campuses created under this chapter remains to expand access to baccalaureate and graduate education in underserved urban areas of the state in collaboration with community and technical colleges. The top priority for each of the campuses is to expand courses and degree programs for transfer and graduate students. New degree programs should be driven by the educational needs and demands of students and the community, as well as the economic development needs of local businesses and employers.

(2) The campuses created under this chapter shall collaborate with the community and technical colleges in their region to develop articulation agreements, dual admissions policies, and other partnerships to ensure that the campuses serve as innovative models of a two plus two educational system. Other possibilities for collaboration include but are not limited to joint development of curricula and degree programs, colocation of instruction, and arrangements to share faculty.

(3) In communities where a private postsecondary institution is located, representatives of the private institution may be invited to participate in the conversation about meeting the baccalaureate and graduate needs in underserved urban areas of the state.

(4) However, the legislature recognizes there are alternative models for achieving this primary mission. Some campuses may have additional missions in response to regional needs and demands. At selected campuses, an innovative combination of instruction and research targeted to support regional economic development may be appropriate to meet the region's needs for both access and economic viability. Other campuses should focus on becoming models of a two...
plus two educational systems through continuous improvement of partnerships and agreements with community and technical colleges. Still other campuses may be best suited to transition to a four-year university.

(5) The legislature recognizes that size, mix of degree programs, and proportion of lower versus upper-division and graduate enrollments are factors that affect costs at the campuses. However over time, the legislature intends that the campuses be funded more similarly to regional universities.

(6) Research universities are authorized to develop doctoral degree programs at their campuses.

(7) The student achievement council shall monitor and evaluate growth of the campuses and periodically report and make recommendations to the higher education committees of the legislature to ensure the campuses continue to follow the priorities established under this chapter. [2017 c 52 § 5; 2012 c 229 § 531; 2011 c 208 § 1; 2005 c 258 § 2; 2004 c 57 § 2.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Findings—Intent—2005 c 258: "(1) Since their creation in 1989, the research university branch campuses have significantly expanded access to baccalaureate and graduate education for placebound students in Washington's urban and metropolitan cities. Furthermore, the campuses have contributed to community revitalization and economic development in their regions. The campuses have met their overall mission through the development of new degree programs and through collaboration with community and technical colleges. These findings were confirmed by a comprehensive review of the campuses by the Washington state institute for public policy in 2002 and 2003, and reaffirmed through legislation enacted in 2004 that directed four of the campuses to make recommendations for their future evolution.

(2) The self-studies conducted by the University of Washington Bothell, University of Washington Tacoma, Washington State University Tri-Cities, and Washington State University Vancouver reflect thoughtful and strategic planning and involved the input of numerous students, faculty, community and business leaders, community colleges, advisory committees, and board members. The *higher education coordinating board's careful review provides a statewide context for the legislature to implement the next stage of the campuses.

(3) Concurrently, the *higher education coordinating board has developed a strategic master plan for higher education that sets a goal of increasing the number of students who earn college degrees at all levels: Associate, baccalaureate, and graduate. The strategic master plan also sets a goal to increase the higher education system's responsiveness to the state's economic needs.

(4) The legislature finds that to meet both of the master plan's goals and to provide adequate educational opportunities for Washington's citizens, additional access is needed to baccalaureate degree programs. Expansion of the four campuses is one strategy for achieving the desired outcomes of the master plan. Other strategies must also be implemented through service delivery models that reflect both regional demands and statewide priorities.

(5) Therefore, the legislature intends to increase baccalaureate access and encourage economic development through overall expansion of upper-division capacity, continued development of two plus two programs in some areas of the state, authorization of four-year university programs in other areas of the state, and creation of new types of baccalaureate programs on a pilot basis. These steps will make significant progress toward achieving the master plan goals, but the legislature will also continue to monitor the development of the higher education system and evaluate what additional changes or expansion may be necessary." [2005 c 258 § 1.]

28B.45.020 University of Washington Tacoma—University of Washington Bothell. (1) The University of Washington is responsible for ensuring the expansion of baccalaureate and graduate educational programs in the central Puget Sound area under rules or guidelines adopted by the student achievement council and in accordance with proportionality agreements emphasizing access for transfer students developed with the state board for community and technical colleges. The University of Washington shall meet that responsibility through the operation of at least two campuses. One campus shall be located in the Tacoma area. Another campus shall be collocated with Cascadia Community College in the Bothell-Woodinville area.

(2) At the University of Washington Tacoma, a top priority is expansion of upper-division capacity for transfer students and graduate capacity and programs. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus shall admit lower division students through coadmission or coenrollment agreements with a community college, or through direct transfer for students who have accumulated approximately one year of transferable college credits. In addition to offering lower division courses linked to specific majors as addressed above, the campus may also directly admit first-year students and sophomores.

(3) At the University of Washington Bothell, a top priority is expansion of upper-division capacity for transfer students and graduate capacity and programs. The campus shall also seek additional opportunities to collaborate with and maximize its colocation with Cascadia Community College. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus may admit lower division students through coadmission or coenrollment agreements with a community college, or through direct transfer for students who have accumulated approximately one year of transferable college credits. In addition to offering lower division courses linked to specific majors as addressed above, the campus may also directly admit first-year students and sophomores.

(2) The board shall target a portion of any federal stimulus funding received to ensure commensurate capacity for high employer-demand programs of study developed under this section. To that end, the state board must coordinate with the department, the *leadership team, the workforce board, or another appropriate state agency in the application for and receipt of any funding that may be made available through the federal youthbuild program, workforce innovation and opportunity act, job corps, or other relevant federal programs.

28B.50.360 Construction, reconstruction, equipping, and demolition of community and technical college facilities and acquisition of property—Community and technical college capital projects account—Disposition of building fees. Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board, if issuing bonds payable out of building fees, shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, engineering and architectural services provided by the department of enterprise services, and for the payment of principal of and interest on any bonds issued for such purposes. However, during the 2015-2017 biennium, sums in the capital projects account shall also be used for routine facility maintenance and utility costs. However, during the 2017-2019 biennium, sums in the capital projects account shall also be used for routine facility maintenance and utility costs.

28B.50.535 Community or technical college—Issuance of high school diploma or certificate. A community or technical college may issue a high school diploma or certificate as provided under this section.

(1) An individual who satisfactorily meets the requirements for high school completion shall be awarded a diploma from the college, subject to rules adopted by the superintendent of public instruction and the state board of education.

(2) An individual enrolled through the option established under RCW 28A.600.310 through 28A.600.400 who satisfactorily completes an associate degree, including an associ-
ate of arts degree, associate of science degree, associate of technology degree, or associate in applied science degree, shall be awarded a diploma from the college upon written request from the student.

(3) An individual, twenty-one years or older, who enrolls in a community or technical college for the purpose of obtaining an associate degree and who satisfactorily completes an associate degree, including an associate of arts degree, associate of science degree, associate of technology degree, or associate in applied science degree, shall be awarded a diploma from the college upon written request from the student. Individuals under this subsection are not eligible for funding provided under chapter 28A.150 RCW.

(4) An individual who enrolls in a technical college through the option established under RCW 28B.50.533, who satisfactorily completes an associate degree, including an associate of arts degree, associate of science degree, associate of technology degree, or associate in applied science degree, shall be awarded a diploma from the college upon written request from the student. [2017 c 93 § 1; 2009 c 524 § 2; 2007 c 355 § 2; 1991 c 238 § 58; 1969 ex.s. c 261 § 30.]

Intent—2009 c 524: "The legislature has previously affirmed the value of career and technical education, particularly in programs that lead to nationally recognized certification. These programs provide students with the knowledge and skills to become responsible citizens and contribute to their own economic well-being and that of their families and communities, which is the goal of education in the public schools. The legislature has also previously affirmed the value of dual enrollment in college and high school programs that can lead to both an associate degree and a high school diploma. Therefore, the legislature intends to maximize students' options and choices for completing high school by awarding diplomas to students who complete these valuable postsecondary programs." [2009 c 524 § 1.]

Finding—Intent—2007 c 355: "The legislature finds that the goal of Washington's education reform is for all students to meet rigorous academic standards so that they are prepared for success in college, work, and life. Educators know that not all students learn at the same rate or in the same way. Some students will take longer to meet the state's standards for high school graduation. Older students who cannot graduate with their peers need an appropriate learning environment and flexible programming that enables them simultaneously to earn a diploma, work, and pursue other training options. Providing learning options in locations in addition to high schools will encourage older students to complete their diplomas. Therefore the legislature intends to create a pilot high school completion program at two community and technical colleges for older students who have not yet received a diploma but are eligible for state basic education support." [2007 c 355 § 1.]

28B.50.789 Online course descriptions—Required materials' cost information—Reports. (1) To the maximum extent practicable, but no later than the first full quarter after a community or technical college has implemented the ctcLink system, a community or technical college shall provide the following information to students during registration by displaying it in the online course description or by providing a link that connects to the bookstore's web site or other web site where students can search and view:

(a) The cost of any required textbook or other course materials; and

(b) Whether a course uses open educational resources.

(2) If a course's required textbooks and course materials are not determined prior to registration due to an unassigned faculty member, the textbooks' and course materials' cost must be provided as soon as feasible after a faculty member is assigned.

(3) Each community and technical college shall report to the college board which courses provided textbooks' and course materials' costs to students during registration, and what percent of total classes this equaled. The college board shall report the information to the legislature in accordance with RCW 43.01.036 by January 1st of each biennium, beginning with January 1, 2019. [2017 c 98 § 2.]

Intent—2017 c 98: "The legislature recognizes the high cost of textbooks and the burden this can create for students. The legislature also recognizes the work of the state board for community and technical colleges in creating the open course library, in which free textbooks and other course materials are available for eighty-one of the highest enrolled courses in the community and technical college system. The student public interest research groups completed a cost analysis of the open course library and found that students who take open course library courses save ninety-six dollars on average per course over a traditional textbook. Therefore, it is the legislature's intent to incentivize faculty to use resources available on the open course library by informing students of a textbook's cost when they register for a class." [2017 c 98 § 1.]

28B.50.815 Associate degree education for incarcerated adults. The college board may authorize any board of trustees within the system to promote and conduct associate degree education and training of incarcerated adults through new or expanded partnerships between the community and technical colleges and the department of corrections. [2017 c 120 § 2.]

Findings—Intent—2017 c 120: "(1) The legislature finds that studies clearly and consistently demonstrate that incarcerated adults who obtain associate degree education and training are more likely to be employed following release, which leads to a dramatic reduction in recidivism rates, significant improvements in public safety, and a major return on investment. The legislature finds that reducing recidivism would decrease the financial burden to taxpayers and the emotional burden of victims.

(2) The legislature finds that research indicates that associate degree education and training is an effective evidence-based practice for reducing recidivism. An analysis commissioned by the United States department of justice determined that adults who received such education while incarcerated were forty-three percent less likely to recidivate.

(3) Ninety-five percent of incarcerated adults ultimately return to their communities to obtain employment and contribute to society. The legislature finds that according to the bureau of labor statistics, unemployment rates for people with only a high school education are twice that of those with an associate degree. Research has shown that adults who participated in such education while incarcerated were thirteen percent more likely to be employed.

(4) The legislature further finds that correctional education is cost-effective. A 2014 study by the Washington state institute for public policy estimated that the state received a return on investment of twenty dollars for every dollar invested in correctional education.

(5) It is the intent of the legislature to enhance public safety by reducing crime and increasing employment rates in a cost-effective manner by authorizing associate degree education and training of incarcerated adults through expanded partnerships between the community and technical colleges and the department of corrections.

(6) The legislature does not intend to provide additional funding to the department of corrections with chapter 120, Laws of 2017 and intends that the department of corrections incorporate associate degree education into its available educational and vocational opportunities for offenders within existing funds set aside for this purpose." [2017 c 120 § 1.]

28B.50.820 Baccalaureate degree programs—Agreements with state universities, regional universities, or the state college. (1) One strategy to accomplish expansion of baccalaureate capacity in underserved regions of the state is to allocate state funds for student enrollment to a community and technical college and authorize the college to enter into agreements with a state university, regional university, or state college as defined in RCW 28B.10.016, to offer baccalaureate degree programs. [2017 RCW Supp—page 307]
(2) Subject to legislative appropriation for the purpose described in this section, the college board shall select and allocate funds to three community or technical colleges for the purpose of entering into an agreement with one or more state universities, regional universities, or the state college to offer baccalaureate degree programs on the college campus.

(3) The college board shall select the community or technical college based on analysis of gaps in service delivery, capacity, and student and employer demand for programs. Before taking effect, the agreement under this section must be approved by the student achievement council.

(4) Students enrolled in programs under this section are considered students of the state university, regional university, or state college for all purposes including tuition and reporting of state-funded enrollments. [2017 c 52 § 11; 2012 c 229 § 538; 2005 c 258 § 12.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Findings—Intent—2005 c 258: See note following RCW 28B.45.014.

28B.50.891 Apprenticeship programs or certificate programs—Transferable course credits. Beginning with the 2015-16 academic year, any community or technical college that offers an apprenticeship program or certificate program for paraeducators must provide candidates the opportunity to earn transferable course credits within the program. The programs must also incorporate the standards for cultural competence, including multicultural education and principles of language acquisition, developed by the professional educator standards board under RCW 28A.410.270. Subject to the availability of amounts appropriated for this specific purpose, by September 1, 2018, the paraeducator apprenticeship and certificate programs must also incorporate the state paraeducator standards of practice adopted by the paraeducator board under RCW 28A.413.050. [2017 c 237 § 20; 2014 c 136 § 4.]

28B.67.020 Customized employment training program created—Applications—Criteria—Rules. (1) The Washington customized employment training program is hereby created to provide training assistance to employers locating or expanding in the state.

(2)(a) Application to receive funding under this program must be made to the board in a form and manner as specified by the board. Successful applicants must receive a training allowance from the board to cover the costs of training at a qualified training institution. Employers may not receive an allowance for training costs which exceed the maximum annual training cost per employee, as established by the board, and are not eligible to receive an allowance or allowances of over five hundred thousand dollars per calendar year.

(b) Allowances must be granted for applicants who meet the following criteria:

(i) The employer must have entered into an agreement with a qualified training institution to engage in customized training and the employer must agree to: (A) Upon completion of the training, make a payment to the employment training finance account created in RCW 28B.67.030 in an amount equal to one-quarter of the amount of the training allowance; and (B) over the subsequent eighteen months, make monthly or quarterly payments, as specified in the agreement, to the employment training finance account created in RCW 28B.67.030 in an amount equal to three-quarters of the amount of the training allowance. During calendar
years 2009 and 2010, participants may delay payments due under this section for up to eighteen months. The payments into the employment training finance account provided for in this section do not constitute payment to the institution.

(ii) When hiring, the employer must make good faith efforts, as determined by the board, to hire from trainees in the participant's training program. The agreement with the qualified training institution provided for in (b)(i) of this subsection must specify terms for reimbursement or additional payment to the employment training finance account by the employer if the participant does not, when hiring, make good faith efforts to hire from trainees in the participant's training program.

(iii) The training allowance may not be used to train workers who have been hired as a result of a strike or lockout.

(c) Preference is given to employers with fewer than fifty employees.

(d) Preference is given to training that leads to transferable skills that are interchangeable among different jobs, employers, or workplaces.

(3) Qualified training institutions may enter into agreements with four-year institutions of higher education, as defined in RCW 28B.10.016, in accordance with the interlocal cooperation act, chapter 39.34 RCW.

(4) The board and qualified training institutions may solicit and receive gifts, grants, funds, fees, and endowments, in trust or otherwise, from tribal, local, federal, or other governmental entities, as well as private sources, for the purpose of providing training allowances under chapter 112, Laws of 2006. All revenue thus solicited and received must be deposited into the employment training finance account created in RCW 28B.67.030.

(5) Qualified training institutions must make good faith efforts to develop training programs using trainers preferred by participants.

(6) For employers who (a) have requested training under the job skills program created under chapter 28C.04 RCW but are not able to participate in the job skills program because the funds have all been committed, and (b) desire to become participants in the Washington customized employment training program, the board shall ensure a seamless process toward participation.

(7) The board may adopt rules to implement this section. [2017 c 21 § 1; 2012 c 46 § 1; 2011 c 151 § 4. Prior: 2009 c 296 § 1; 2006 c 112 § 3.]

28B.67.030 Employment training finance account. (1) All payments received from a participant in the Washington customized employment training program created in RCW 28B.67.020 must be deposited into the employment training finance account, which is hereby created in the custody of the state treasurer. Only the state board for community and technical colleges may authorize expenditures from the account and no appropriation is required for expenditures. The money in the account must be used solely for training allowances under the Washington customized employment training program created in RCW 28B.67.020 and for providing up to seventy-five thousand dollars per year for training, marketing, and facilitation services to increase the use of the program. The deposit of payments under this section from a participant ceases when the board specifies that the participant has met the monetary obligations of the program. During the 2013-2015 fiscal biennium, the legislature may transfer from the employment training finance account to the state general fund such amounts as reflect the excess fund balance in the account.

(2) All revenue solicited and received under the provisions of RCW 28B.67.020(4) must be deposited into the employment training finance account to provide training allowances.

(3) The definitions in RCW 28B.67.010 apply to this section. [2017 c 21 § 2; 2013 2nd sp.s. c 4 § 961; 2012 c 46 § 2; 2010 1st sp.s. c 26 § 4. Prior: 2009 c 564 § 1804; 2009 c 296 § 2; 2006 c 112 § 8.]

28B.112.030 Campus-affiliated advocates—Confidentiality of records. (1) Survivor communications with, and records maintained by, campus-affiliated advocates, shall be confidential.

(2) Records maintained by a campus-affiliated advocate are not subject to public inspection and copying and are not subject to inspection or copying by an institution of higher education unless:

(a) The survivor consents to inspection or copying;

(b) There is a clear, imminent risk of serious physical injury or death of the survivor or another person;

(c) Inspection or copying is required by federal law; or

(d) A court of competent jurisdiction mandates that the record be available for inspection or copying.

(3) The definitions in this subsection apply throughout this section and RCW 42.56.240(16) unless the context clearly requires otherwise.

(a) "Campus-affiliated advocate" means a "sexual assault advocate" or "domestic violence advocate" as defined in RCW 5.60.060 or a victim advocate, employed by or volunteering for an institution of higher education.

(b) "Survivor" means any student, faculty, staff, or administrator at an institution of higher education that believes they were a victim of a sexual assault, dating or domestic violence, or stalking. [2017 c 72 § 2.]

Finding—Intent—2017 c 72: "The legislature finds that the state, along with the federal government and the state's public colleges and universities, plays an important role in protecting college students on and off campus from violence, including sexual assault. This role includes protecting students from repeat offenders and ensuring that survivors can trust that their college or university has education record protocols that prioritize their safety on and off campus.

The legislature commends the final report produced by the task force established by Substitute Senate Bill No. 5719 in 2015. The task force brought together experts across a range of fields to highlight ways in which both institutions of higher education and the state can enact stronger policies around the issue of campus sexual assault. As representatives of our state's public colleges and universities said two years ago, this subject needs to be a high priority for the state and existing state law has gaps that need to be fixed. Therefore, the legislature intends to enact changes based on several recommendations contained within the report to the legislature." [2017 c 72 § 1.]

28B.115.070 Eligible credentialed health care professions—Health professional shortage areas. (1) After June 1, 1992, the department, in consultation with the office and the department of social and health services, shall:

(a) Determine eligible credentialed health care professions for the purposes of the loan repayment and scholarship program authorized by this chapter. Eligibility shall be based upon an assessment that determines that there is a shortage or insufficient availability of a credentialed profession so as to jeopardize patient care and pose a threat to the public health and safety. The department shall consider the relative degree of shortages among professions when determining eligibility. The department may add or remove professions from eligibility based upon the determination that a profession is no longer in shortage. Should a profession no longer be eligible, participants or eligible students who have received scholarships shall be eligible to continue to receive scholarships or loan repayments until they are no longer eligible or until their service obligation has been completed;

(b) Determine health professional shortage areas for each of the eligible credentialed health care professions.

28B.118.010 Program design.

28B.118.010 Program design. The office of student financial assistance shall design the Washington college bound scholarship program in accordance with this section and in alignment with the state need grant program in chapter 28B.92 RCW unless otherwise provided in this section.

(1) "Eligible students" are those students who: (a) Qualify for free or reduced-price lunches. If a student qualifies in the seventh grade, the student remains eligible even if the student does not receive free or reduced-price lunches thereafter; (b) Are dependent pursuant to chapter 13.34 RCW and: (i) In grade seven through twelve; or (ii) Are between the ages of eighteen and twenty-one and have not graduated from high school; or (c) Were dependent pursuant to chapter 13.34 RCW and were adopted between the ages of fourteen and eighteen with a negotiated adoption agreement that includes continued eligibility for the Washington state college bound scholarship program pursuant to RCW 74.13A.025.

(2) Eligible students shall be notified of their eligibility for the Washington college bound scholarship program beginning in their seventh grade year. Students shall also be notified of the requirements for award of the scholarship.

(3)(a) To be eligible for a Washington college bound scholarship, a student eligible under subsection (1)(a) of this section must sign a pledge during seventh or eighth grade that includes a commitment to graduate from high school with at least a "C" average and with no felony convictions. The pledge must be witnessed by a parent or guardian and forwarded to the office of student financial assistance by mail or electronically, as indicated on the pledge form.

(b) A student eligible under subsection (1)(b) of this section shall be automatically enrolled, with no action necessary by the student or the student's family, and the enrollment form must be forwarded by the department of social and health services to the *higher education coordinating board or its successor by mail or electronically, as indicated on the form.

(4)(a) Scholarships shall be awarded to eligible students graduating from public high schools, approved private high schools under chapter 28A.195 RCW, or who received home-based instruction under chapter 28A.200 RCW.

(b)(i) To receive the Washington college bound scholarship, a student must graduate with at least a "C" average from a public high school or an approved private high school under chapter 28A.195 RCW in Washington or have received home-based instruction under chapter 28A.200 RCW, must have no felony convictions, and must be a resident student as defined in RCW 28B.15.012(2) (a) through (d).

For a student who does not meet the "C" average requirement, and who completes fewer than two quarters in the running start program, under chapter 28A.600 RCW, the student's first quarter of running start course grades must be excluded from the student's overall grade point average for purposes of determining their eligibility to receive the scholarship.

(5) A student's family income will be assessed upon graduation before awarding the scholarship.

(6) If at graduation from high school the student's family income does not exceed sixty-five percent of the state median family income, scholarship award amounts shall be as provided in this section.

(a) For students attending two or four-year institutions of higher education as defined in RCW 28B.10.016, the value of the award shall be (i) the difference between the student's tuition and required fees, less the value of any state-funded grant, scholarship, or waiver assistance the student receives; (ii) plus five hundred dollars for books and materials.

(b) For students attending four-year institutions of higher education in Washington, the award amount shall be the representative average of awards granted to students in public research universities in Washington or the representative average of awards granted to students in public research universities in Washington in the 2014-15 academic year, whichever is greater.

(c) For students attending private vocational schools in Washington, the award amount shall be the representative average of awards granted to students in public community and technical colleges in Washington or the representative average of awards granted to students in public community and technical colleges in Washington in the 2014-15 academic year, whichever is greater.

(7) Recipients may receive no more than four full-time years' worth of scholarship awards.

(8) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college bound scholarship is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

(9) The first scholarships shall be awarded to students graduating in 2012.

(10) The state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter 28B.95 RCW by a Washington college bound scholarship recipient.
(11) The scholarship award must be used within five years of receipt. Any unused scholarship tuition units revert to the Washington college bound scholarship account.

(12) Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account. Findings—2015 c 244: "The legislature finds that the college bound scholarship program has demonstrated that an early promise of financial aid results in increased high school graduation rates for low-income students. The promise of state financial aid to students from low-income families who work to graduate with sufficient grades and no felony convictions provides them with a path toward greater educational attainment and upward mobility. The scholarship program has the potential to move Washington toward its long-term goal of a better trained and educated workforce. Among the first two cohorts, college bound enrollees were fifteen percent and nineteen percent more likely to graduate from high school in 2012 and 2013 compared to low-income peers who were not part of the program."

The legislature also finds that a comprehensive review of the college bound scholarship program in 2014 resulted in unanimous recommendations to improve and enhance certain components of the program, including data collection, outreach, and program outcomes." [2015 c 244 § 1.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Legislative recommendation—2012 c 163: "The legislature strongly recommends that the entities with which the department of social and health services contracts or collaborates to provide educational support services and educational outcomes for students who are dependent under chapter 13.34 RCW and the private agency under contract with the *higher education coordinating board or its successor to perform outreach for the passport to college promise program under chapter 28B.117 RCW and the college bound scholarship program under chapter 28B.118 RCW explore models for harnessing technology to keep in constant touch with the students they serve and keep these students engaged." (1) "Adult basic education" means instruction designed to achieve mastery of skills in reading, writing, oral communication, and computation at a level sufficient to allow the individual to function effectively as a parent, worker, and citizen in the United States, commensurate with that individual’s actual ability level, and includes English as a second language and preparation and testing services for a high school equivalency certificate as provided in RCW 28B.50.536.

(2) "Board" means the workforce training and education coordinating board.

(3) "Director" means the director of the workforce training and education coordinating board.

(4) "Industry skill panel" means a regional partnership of business, labor, and education leaders that identifies skill gaps in a key economic cluster and enables the industry and public partners to respond to and be proactive in addressing workforce skill needs.

(5) "Training system" means programs and courses of secondary vocational education, technical college programs and courses, community college vocational programs and courses, private career school and college programs and courses, employer-sponsored training, adult basic education programs and courses, programs and courses funded by the federal workforce innovation and opportunity act, programs and courses funded by the federal vocational act, programs and courses funded under the federal adult education act, publicly funded programs and courses for adult literacy education, and apprenticeships, and programs and courses
offered by private and public nonprofit organizations that are representative of communities or significant segments of communities and provide job training or adult literacy services.

(6) "Vocational education" means organized educational programs offering a sequence of courses which are directly related to the preparation or retraining of individuals in paid or unpaid employment in current or emerging occupations requiring other than a baccalaureate or advanced degree. Such programs shall include competency-based applied learning which contributes to an individual's academic knowledge, higher-order reasoning, and problem-solving skills, work attitudes, general employability skills, and the occupational-specific skills necessary for economic independence as a productive and contributing member of society. Such term also includes applied technology education.

(7) "Workforce development council" means a local workforce development board as established in P.L. 113-128 Sec. 107.

(8) "Workforce skills" means skills developed through applied learning that strengthen and reinforce an individual's academic knowledge, critical thinking, problem solving, and work ethic and, thereby, develop the employability, occupational skills, and management of home and work responsibilities necessary for economic independence. [2017 c 39 § 3; 2013 c 39 § 16. Prior: 2009 c 151 § 5; 2008 c 103 § 2; 1996 c 99 § 2; 1991 c 238 § 2.]

Findings—Intent—2008 c 103: "(1) The legislature finds that a skilled workforce is essential for employers and job seekers to compete in today's global economy. The engines of economic progress are fueled by education and training. The legislature further finds that industry skill panels are a critical and proven form of public-private partnership that harness the expertise of leaders in business, labor, and education to identify workforce development strategies for industries that drive Washington's regional economies. Industry skill panels foster innovation and enable industry leaders and public partners to be proactive, addressing changing needs for businesses quickly and strategically. Industry skill panels leverage small state investments with private sector investments to ensure that public resources are better aligned with industry needs.

(2) The legislature further finds that industry skill panels support other valuable initiatives such as the department of community, trade, and economic development's cluster-based economic development grants; the community and technical college centers of excellence, high-demand funds, and the job skills program; and the employment security department's incumbent worker training funds. Industry skill panels provide a framework for coordinating these and other investments in line with economic and workforce development strategies identified by industry leaders. It is the intent of the legislature to support the development and maintenance of industry skill panels in key sectors of the economy as an efficient and effective way to support regional economic development." [2008 c 103 § 1.]

Each consortium may select no more than one hundred low-income high school students per year to participate in the program.

(ii) For fiscal years 2011 through 2013, the board shall enter into a contract with each consortium selected to participate in the program. 29A.04.905  Decodified.

29A.04.510  Election administration and certification board—Generally. (1) The Washington state election administration and certification board is established and has the responsibilities and authorities prescribed by this chapter. The board is composed of the following members:

(a) The secretary of state or the secretary's designee;

(b) The state director of elections or the director's designee;

(c) Four county auditors appointed by the Washington state association of county auditors or their alternates who are county auditors designated by the association to serve as such alternates, each appointee and alternate to serve at the pleasure of the association;

(d) One member from each of the two largest political party caucuses of the house of representatives designated by and serving at the pleasure of the legislative leader of the respective caucus;

(e) One member from each of the two largest political party caucuses of the senate designated by and serving at the pleasure of the legislative leader of the respective caucus; and

(f) One representative from each major political party, designated by and serving at the pleasure of the chair of the party's state central committee.

(2) The board shall elect a chair from among its number; however, neither the secretary of state nor the state director of elections nor their designees may serve as the chair of the board. A majority of the members appointed to the board constitutes a quorum for conducting the business of the board. Chapter 42.30 RCW, the Open Public Meetings Act, and RCW 42.30.035 regarding minutes of meetings, apply to the meetings of the board.

[2017 RCW Supp—page 318]
(4) Unlike human beings, corporations can exist in perpetuity and in many countries at the same time. As a result, many large corporations, both foreign and domestic, invest in campaigns to invalidate or bypass regulatory law intended to protect the public. Thus, corporate participation in the political process often conflicts with the public interest.

(5) Money is property; it is not speech. Nowhere in the U.S. Constitution is money equated with speech. Because advertising is limited and costly, equating the spending of money with free speech gives those with the most money the most speech.

(6) Whenever special interests, including very wealthy individuals, are able to spend unlimited amounts of money on political speech, candidates and officeholders can be corrupted and intimidated, and the free speech of most citizens is drowned out and denied. Monopolizing public speech neither promotes nor protects free speech.

(7) Anonymous contributions and spending for political gain promote dishonesty and corruption, preventing voters from assessing the motives of the speaker. The public must be able to hold funders of political speech accountable when their messages prove false or misleading. Full and prompt disclosure of funding sources is essential to an informed electorate, fair elections, and effective governance.

(8) Article V of the U.S. Constitution empowers the people and the states to use the amendment process to correct egregious decisions by the U.S. supreme court that subvert our representative government. [2017 c 1 § 2 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.040 Joint resolution for amendment to United States Constitution. The voters of the state of Washington urge immediate action by the current and future Washington state congressional delegations to propose a joint resolution for an amendment to the Constitution of the United States clarifying that:

(1) The rights listed and acknowledged in the Constitution of the United States are the rights of individual human beings only.

(2) The judiciary shall not construe the spending of money to be free speech under the First Amendment of the Constitution of the United States. Federal, state, and local governments shall be fully empowered to regulate political contributions and expenditures to ensure that no person or artificial legal entity gains undue influence over government and the political process.

(3) All political contributions and expenditures shall be disclosed promptly and in a manner accessible to voters prior to elections.

(4) Chapter 1, Laws of 2017 does not limit the people's rights to freedom of speech, freedom of the press, free exercise of religion, or freedom of association. [2017 c 1 § 3 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.050 Recommendation to congress. In accordance with the U.S. Constitution, the voters of the state of Washington urge the Washington state congressional delegation, and the U.S. congress generally, to include an amendment ratification method which will best ensure that the people are heard and represented during the ratification process. [2017 c 1 § 4 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.060 Recommendation to state legislature. The voters of the state of Washington urge our current and future Washington state legislatures to ratify such an amendment when passed by congress and delivered to the states for ratification. [2017 c 1 § 5 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.070 Secretary of state to deliver copies. The Washington secretary of state is authorized and directed to immediately deliver copies of this initiative, when enacted, to the following persons: The governor of the state of Washington, all current members of the Washington state legislature, all current members of the United States congress, and the president of the United States. [2017 c 1 § 6 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.900 Construction—2017 c 1 (Initiative Measure No. 735). The provisions of chapter 1, Laws of 2017 are to be liberally construed to effectuate the intent, policies, and purposes of chapter 1, Laws of 2017. [2017 c 1 § 7 (Initiative Measure No. 735, approved November 8, 2016).]

29A.40.160  Voting centers. (1) Each county auditor shall open a voting center each primary, special election, and general election. The voting center shall be open during business hours during the voting period, which begins eighteen days before, and ends at 8:00 p.m. on the day of, the primary, special election, or general election.

(2) The voting center must provide voter registration materials, ballots, provisional ballots, disability access voting units, sample ballots, instructions on how to properly vote the ballot, a ballot drop box, and voters’ pamphlets, if a voters’ pamphlet has been published.

(3) The voting center must be accessible to persons with disabilities. Each state agency and entity of local government shall permit the use of any of its accessible facilities as voting centers when requested by a county auditor.

(4) The voting center must provide at least one voting unit certified by the secretary of state that provides access to individuals who are blind or visually impaired, enabling them to vote with privacy and independence.

(5) No person may interfere with a voter attempting to vote in a voting center. Interfering with a voter attempting to vote is a violation of RCW 29A.84.510.

(6) Before opening the voting center, the voting equipment shall be inspected to determine if it has been properly prepared for voting. If the voting equipment is capable of direct tabulation of each voter’s choices, the county auditor shall verify that no votes have been registered for any issue or office, and that the device has been sealed with a unique numbered seal at the time of final preparation and logic and accuracy testing. A log must be made of all device numbers and seal numbers.

(7) The county auditor shall require any person desiring to vote at a voting center to either sign a ballot declaration or provide identification.

(a) The signature on the declaration must be compared to the signature on the voter registration record before the ballot may be counted. If the voter registered using a mark, or can no longer sign his or her name, the election officers shall require the voter to be identified by another registered voter.

(b) The identification must be valid photo identification, such as a driver's license, state identification card, student identification card, tribal identification card, or employer identification card. Any individual who desires to vote in person but cannot provide identification shall be issued a provisional ballot, which shall be accepted if the signature on the declaration matches the signature on the voter’s registration record.

(8) Provisional ballots must be accompanied by a declaration and security envelope, as required by RCW 29A.40.091, and space for the voter’s name, date of birth, current and former registered address, reason for the provisional ballot, and disposition of the provisional ballot. The voter shall vote and return the provisional ballot at the voting center. The voter must be provided information on how to ascertain whether the provisional ballot was counted and, if applicable, the reason why the vote was not counted.

(9) Any voter may take printed or written material into the voting device to assist in casting his or her vote. The voter shall not use this material to electioneer and shall remove it when he or she leaves the voting center.

(10) If any voter states that he or she is unable to cast his or her votes due to a disability, the voter may designate a person of his or her choice, or two election officers, to enter the voting booth and record the votes as he or she directs.

(11) No voter is entitled to vote more than once at a primary, special election, or general election. If a voter incorrectly marks a ballot, he or she may be issued a replacement ballot.

(12) A voter who has already returned a ballot but requests to vote at a voting center shall be issued a provisional ballot. The canvassing board shall not count the provisional ballot if it finds that the voter has also voted a regular ballot in that primary, special election, or general election.

(13) The county auditor must prevent overflow of each ballot drop box to allow a voter to deposit his or her ballot securely. Ballots must be removed from a ballot drop box by at least two people, with a record kept of the date and time ballots were removed, and the names of people removing them. Ballots from drop boxes must be returned to the counting center in secured transport containers. A copy of the record must be placed in the container, and one copy must be transported with the ballots to the counting center, where the seal number must be verified by the county auditor or a designated representative. All ballot drop boxes must be secured at 8:00 p.m. on the day of the primary, special election, or general election.

(14) Any voter who is inside or in line at the voting center at 8:00 p.m. on the day of the primary, special election, or general election must be allowed to vote.

(15) For each primary, special election, and general election, the county auditor may provide election services at locations in addition to the voting center. (2) A call of a special membership meeting of a credit union shall be in writing submitted to the secretary of the credit union by the board, the petitioners, or the supervisory committee as applicable, and shall state specifically the purpose or purposes for which the meeting is called and the agenda item or items for consideration by the members at the meeting. If the special membership meeting is called for the removal of one or more directors or supervisory committee members, the call shall state the name of each individual whose removal is sought.

(3)(a) Upon receipt of a call for a special membership meeting, the secretary of the credit union shall determine whether the call satisfies the requirements of this section. The special membership meeting must be held at a reasonable location within
the county in which the principal place of business of the credit union is located, unless provided otherwise by the bylaws. The special membership meeting must be held no later than ninety days after the date on which the call is received by the secretary.

(b) The secretary shall give notice of the special membership meeting at least thirty days before the date of the meeting, or within such other reasonable time period as may be provided by the bylaws. (1) The members of a credit union may remove a director of the credit union at a special membership meeting held in accordance with RCW 31.12.195 and called for that purpose. (2) The members of a credit union may remove a supervisory committee member at a special membership meeting held in accordance with RCW 31.12.195 and called for that purpose. If the members remove a supervisory committee member, the members may at the same special membership meeting elect an interim supervisory committee member to complete the remainder of the former supervisory committee member's term of office or authorize the supervisory committee to appoint an interim supervisory committee member as provided in RCW 31.12.326. [2017 c 61 § 5; 1997 c 397 § 16; 1984 c 31 § 26.]

31.12.267 Officials—Fiduciary duty—Information relied on—Definition. (1) Officials owe a fiduciary duty to the credit union, and must discharge the duties of their positions:

(a) In good faith;

(b) With the care an ordinarily prudent person in a like position would exercise under similar circumstances; and

(c) In a manner the official reasonably believes to be in the best interests of the credit union.

(2) In discharging the duties of an official, the official is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

(a) One or more officers or employees of the credit union whom the official reasonably believes to be reliable and competent in the matters presented;

(b) Legal counsel, public accountants, or other persons as to matters the official reasonably believes are within the person's professional or expert competence;

(c) A committee of the board of directors or supervisory committee of which the official is not a member if the official reasonably believes the committee merits confidence.

(3) An official is not acting in good faith if the official has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (2) of this section unwarranted.

(4) An official is not liable for any action taken as a director, or any failure to take any action, if the director performed the duties of the director's office in compliance with this section.

(5) As used in this section, "official" means a director, board officer, supervisory committee member, or senior operating officer of the credit union. [2017 c 61 § 6; 2010 c 87 § 3; 2001 c 83 § 9; 1997 c 397 § 19.]

31.12.326 Supervisory committee—Membership—Terms—Vacancies—Operating officers and employees may not serve—Audit committee alternative. (1) A supervisory committee of at least three members must be elected at the annual membership meeting of the credit union. Members of the supervisory committee shall serve a term of three years, unless sooner removed under this chapter or until their successors are qualified and elected or appointed. The members of the supervisory committee shall be divided into classes so that as equal a number as is possible is elected each year.

(2) At least one supervisory committee member may attend each regular meeting of the board. However, supervisory committee members may be excluded from executive sessions of board meetings.

(3)(a) If a supervisory committee member is absent from more than one-third of the committee meetings in any twelve-month period in a term without being reasonably excused by the committee, the member shall no longer serve as a member of the committee for the period remaining in the term.

(b) The supervisory committee shall promptly notify the member that he or she shall no longer serve as a committee member. Failure to provide notice does not affect the termination of the member's service under (a) of this subsection.

(4) A supervisory committee member must be a natural person and a member of the credit union. If a member of the supervisory committee ceases to be a member of the credit union, the member shall no longer serve as a committee member. The chairperson of the supervisory committee may not serve as a board officer.

(5) Except as provided in subsection (6) of this section, any vacancy on the committee must be filled by an interim
member appointed by the committee, unless the interim member would serve a term of fewer than ninety days. Interim members appointed to fill vacancies created by expansion of the committee will serve until the next annual meeting of members. Other interim members may serve out the unexpired term of the former member, unless provided otherwise by the credit union's bylaws. However, if all positions on the committee are vacant at the same time, the board may appoint interim members to serve until the next annual membership meeting.

(6) In the case of a merger between two credit unions pursuant to RCW 31.12.461, a supervisory committee member of the merging credit union may continue to serve as a supervisory committee member of the continuing credit union for a period not to exceed the equivalent of the duration of his or her unexpired term on the supervisory committee of the merging credit union, provided that the approved plan of merger or other agreement approved by the director provides for such service on the continuing credit union's supervisory committee with a corresponding expansion in the size of the continuing credit union's supervisory committee.

(7) No operating officer or employee of a credit union may serve on the credit union's supervisory committee. No more than one director may be a member of the supervisory committee at the same time, unless provided otherwise by the credit union's bylaws. No member of the supervisory committee may serve on the credit committee or investment committee of the credit union while serving on the supervisory committee.

(8) A credit union may establish an audit committee in lieu of a supervisory committee. An audit committee and its members possess the same duties and powers, and are subject to the same limitations as a supervisory committee and its members pursuant to this chapter. [2017 c 61 § 7; 2015 c 114 § 5; 2001 c 83 § 10; 1997 c 397 § 22; 1984 c 31 § 34.]

31.12.335 Supervisory committee—Duties. (1) The supervisory committee of a credit union shall:

(a) Keep informed as to the financial condition of the credit union and the decisions of the credit union's board;

(b) Perform or arrange for a complete annual audit of the credit union and a verification of its members' accounts and provide any related findings and recommendations to the board;

(c) Provide an annual report to members at each annual membership meeting;

(d) Perform or arrange for additional audits as requested by the board or management or as deemed necessary by the supervisory committee and provide any related findings and recommendations to management or the board as deemed appropriate by the supervisory committee;

(e) Monitor the implementation of management responses to material adverse findings in audits and regulatory examinations;

(f) Implement a process for the supervisory committee to receive and respond to whistleblower complaints; and

(g) Perform any additional duties as specified by the board or in the credit union's bylaws.

(2) The supervisory committee may in its sole discretion retain, at the credit union's expense, independent counsel or other professional advisors or consultants as necessary to perform the duties under this section. [2017 c 61 § 8; 2001 c 83 § 11; 1997 c 397 § 23. Prior: 1994 c 256 § 82; 1994 c 92 § 192; 1984 c 31 § 35.]

Findings—Construction—1994 c 256: See RCW 43.320.007.

31.12.386 Voting rights—Methods—Proxy—Under eighteen years of age. (1) No member may have more than one vote. A natural person may not hold more than one membership in a credit union on behalf of himself or herself. An organization having membership in a credit union may cast one vote through a natural person agent duly authorized in writing.

(2) Members may vote, as prescribed in the credit union's bylaws, by mail ballot, absentee ballot, or other method. However, no member may vote by proxy.

(3) A member who is not at least eighteen years of age is not eligible to vote as a member unless otherwise provided in the credit union's bylaws. [2017 c 61 § 9; 1997 c 397 § 28; 1994 c 256 § 76; 1984 c 31 § 17. Formerly RCW 31.12.155.]

Findings—Construction—1994 c 256: See RCW 43.320.007.

31.12.404 Additional powers—Powers conferred on federal credit union—Authority of director. (1) Notwithstanding any other provision of law, and in addition to all powers and authorities, express or implied, that a credit union has under the laws of this state, a credit union has the powers and authorities that a federal credit union had on December 31, 1993, or a subsequent date not later than July 23, 2017.

(2) Notwithstanding any other provision of law, and in addition to the powers and authorities, express or implied, that a credit union has under subsection (1) of this section, a credit union has the powers and authorities that a federal credit union has, and an out-of-state credit union operating a branch in Washington has, subsequent to July 23, 2017, if the director finds that the exercise of the power and authority serves the convenience and advantage of members of credit unions, and maintains the fairness of competition and parity between credit unions and federal or out-of-state credit unions. However, a credit union:

(a) Must still comply with RCW 31.12.408; and

(b) Is not granted the field of membership powers or authorities of any out-of-state credit union operating a branch in Washington.

(3) The restrictions, limitations, and requirements applicable to specific powers or authorities of federal or out-of-state credit unions apply to credit unions exercising those powers or authorities permitted under this section but only insofar as the restrictions, limitations, and requirements relate to the specific exercise of the powers or authorities granted credit unions solely under this section.

(4) As used in this section, "powers and authorities" include, but are not limited to, powers and authorities in corporate governance matters. [2017 c 61 § 10; 2015 c 114 § 9; 2001 c 83 § 15; 1997 c 397 § 31. Prior: 1994 c 256 § 75; 1994 c 92 § 187; 1987 c 338 § 1; 1984 c 31 § 15. Formerly RCW 31.12.136.]

Findings—Construction—1994 c 256: See RCW 43.320.007.

31.12.413 Low-income credit unions—Director's approval required—Powers—Rules. (1) A credit union may apply in writing to the director for designation as a low-
income credit union. To qualify for approval of this designation, the credit union must provide evidence satisfactory to the director that at least fifty percent of a substantial and well-defined segment of the credit union’s members or potential primary members are low-income members.

(2) Among other powers and authorities, a low-income credit union may:

(a) Issue secondary capital accounts approved in advance by the director upon application of the credit union; and

(b) Accept and maintain shares and deposits from nonmembers.

(3) The director may adopt rules for the organization and operation of low-income credit unions including, but not limited to, rules concerning secondary capital accounts and requiring disclosures to the purchasers of the accounts. [2017 c 61 § 11; 2015 c 114 § 10; 2001 c 83 § 16.]

Section 35.21.960 Removal of restrictive covenants—Hearing, notice. The notice must be posted on the city, town, or municipal corporation's web site if it is updated for any reason before the hearing date. The notice must also identify the property and provide a brief explanation of the restrictive covenant to be removed, vacated, or extinguished. Short title—2017 c 119: "This act may be known and cited as the land covenant preservation and transparency act." [2017 c 119 § 1.]

Finding—2017 c 119: "The legislature finds that many pieces of property are provided to government agencies as part of agreements in which the land includes restrictive covenants. There is a desire that government agencies become more transparent when they want to change the use of property that has covenants that restrict what can be done with property, especially if the property was a gift to be used for parks, open space, habitat, or environmental mitigation and conservation. The legislature declares that any local government agency that intends to remove restrictive covenants from real property owned by the agency must do so through an open process in which citizens are made aware of the agency's intent to remove or modify the restrictive covenant before the legal action occurs." (a) Except as otherwise provided in subsection (3) of this section, the department must phase in the issuance and renewal of general business licenses of cities that required a general business license as of July 1, 2017, and are not already partnering with the department, as follows:

(i) Between January 1, 2018, and December 31, 2021, the department must partner with at least six cities per year;

(ii) Between January 1, 2022, and December 31, 2027, the department must partner with the remaining cities; or

(iii) Between July 1, 2017 and December 31, 2022, the department must partner with all cities requiring a general business license if specific funding for the purposes of this subsection [(1)(a)(i)](iii) is appropriated in the omnibus appropriations act.

(b) A city that imposes a general business license requirement and does not partner with the department as of January 1, 2018, may continue to issue and renew its general business licenses until the city partners with the department as provided in subsection (4) of this section.

(2)(a) A city that did not require a general business license as of July 1, 2017, but imposes a new general business license requirement after that date must advise the department in writing of its intent to do so at least ninety days before the requirement takes effect.

(b) If a city subject to (a) of this subsection (2) imposes a new general business license requirement after July 1, 2017, the department, in its sole discretion, may adjust resources to partner with the imposing city as of the date that the new general business licensing requirement takes effect. If the department cannot reallocate resources, the city may issue and renew its general business license until the department is able to partner with the city.

(d) The department receives a written notice from a city within sixty days of the date that the city appears on the department's biennial partnership plan, which includes an explanation of the fiscal or technical challenges causing the city to delay joining the system. A delay under this subsection (3)(d) may be for no more than three years.

(4)(a) In consultation with affected cities and in accordance with the priorities established in subsection (5) of this section, the department must establish a biennial plan for partnering with cities to assume the issuance and renewal of general business licenses as required by this section. The plan must identify the cities that the department will partner with and the dates targeted for the department to assume the duties of issuing and renewing general business licenses.

(b) By January 1, 2018, and January 1st of each even-numbered year thereafter, the department must submit the partnering plan required in (a) of this subsection (4) to the governor; legislative fiscal committees; house local government committee; senate agriculture, water, trade and economic development committee; senate local government committee; affected cities; association of Washington cities; association of Washington business; national federation of independent business; and Washington retail association.

(c) The department may, in its sole discretion, alter the plan required in (a) of this subsection (4) with a minimum notice of thirty days to affected cities.

(5) When determining the plan to partner with cities for the issuance and renewal of general business licenses as required in subsection (4) of this section, cities that notified the department of their wish to partner with the department before January 1, 2017, must be allowed to partner before other cities.

(6) A city that partners with the department for the issuance and renewal of general business licenses through the business licensing service in accordance with chapter 19.02 RCW may not issue and renew those licenses.

(7) A city may decline to partner with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section if the city participates in the online local business license and tax filing portal known as "FileLocal" as of July 1, 2020. For the purposes of this subsection (7), a city is considered to be a FileLocal participant as of the date that a business may access FileLocal for purposes of applying for or renewing that city's general business license and reporting and paying that city’s local business and occupation taxes. A city that ceases participation in FileLocal after July 1, 2020, must partner with the department for the issuance and renewal of its general business license as provided in subsection (1) of this section.

The department has the sole discretion to determine if it can administer a city’s fee structure.

(b) If the department is unable to administer a city’s fee structure, the city must work with the department to adopt a fee structure that is administrable by the department. If a city fails to comply with this subsection (2)(b), it may not enforce its general business licensing requirements on any person until the effective date of a fee structure that is administrable by the department.

(3) A general business license may not be renewed more frequently than once per year except that the department may require a more frequent renewal date as may be necessary to synchronize the renewal date for the general business license with the business’s business license expiration date.

(4) The business licensing system need not accommodate any monetary penalty imposed by a city for failing to obtain or renew a general business license. The penalty imposed in RCW 19.02.085 applies to general business licenses that are not renewed by their expiration date.

(5) The department may refuse to administer any provision of a city business license ordinance that is inconsistent with this chapter. [2017 c 209 § 3.]

The department is not authorized to enforce a city’s licensing laws except to the extent of issuing or renewing a license in accordance with this chapter and chapter 19.02 RCW or refusing to issue a license due to an incomplete application, nonpayment of the appropriate fees as indicated by the license application or renewal application, or the nonpayment of any applicable penalty for late renewal. [2017 c 209 § 4.]

35.90.050 Authority retained by cities. Cities whose general business licenses are issued through the business licensing system retain the authority to set license fees, provide exemptions and thresholds for these licenses, approve or deny license applicants, and take appropriate administrative actions against licensees. [2017 c 209 § 5.]

35.90.060 Geographic restrictions on license requirement. Cities may not require a person to obtain or renew a general business license unless the person engages in business within its respective city. For the purposes of this section, a person may not be considered to be engaging in business within a city unless the person is subject to the taxing jurisdiction of a city under the standards established for interstate commerce under the commerce clause of the United States Constitution. [2017 c 209 § 6.]

35.90.070 License change—When effective. A general business license change enacted by a city whose general business license is issued through the business licensing system takes effect no sooner than seventy-five days after the department receives notice of the change if the change affects in any way who must obtain a license, who is exempt from obtaining a license, or the amount or method of determining any fee for the issuance or renewal of a license. [2017 c 209 § 7.]

35.90.080 Adoption of model ordinance—Development committee—Mandatory provisions—City registration. (1)(a) The cities, working through the association of Washington cities, must form a model ordinance development committee made up of a representative sampling of cities that impose a general business license requirement. This committee must work through the association of Washington cities to adopt a model ordinance on general business license requirements by July 1, 2018. The model ordinance and subsequent amendments developed by the committee must be adopted using a process that includes opportunity for substantial input from business stakeholders and other members of the public. Input must be solicited from statewide business associations and from local chambers of commerce and downtown business associations in cities that require a person that conducts business in the city to obtain a general business license.

(b) The department, association of Washington cities, and municipal research and services center must post copies of, or links to, the model ordinance on their internet web sites. Additionally, a city that imposes a general business license requirement must make copies of its general business license ordinance or ordinances available for inspection and copying as provided in chapter 42.56 RCW.

(c) The definitions in the model ordinance may not be amended more frequently than once every four years, except that the model ordinance may be amended at any time to comply with changes in state law or court decisions. Any amendment to a mandatory provision of the model ordinance must be adopted with the same effective date by all cities.

(2) (a) A city that imposes a general business license requirement must adopt the mandatory provisions of the model ordinance by January 1, 2019. The following provisions are mandatory:
(a) A definition of "engaging in business within the city" for purposes of delineating the circumstances under which a general business license is required;

(b) A uniform minimum licensing threshold under which a person would be relieved of the requirement to obtain a city's general business license. A city retains the authority to create a higher threshold for the requirement to obtain a general business license but must not deviate lower than the level required by the model ordinance.

(3)(a) A city may require a person that is under the uniform minimum licensing threshold as provided in subsection (2) of this section to obtain a city registration with no fee due to the city.

(b) A city that requires a city registration as provided in (a) of this subsection must partner with the department to have such registration issued through the business licensing service in accordance with chapter 19.02 RCW. This subsection (3)(b) does not apply to a city that is excluded from the requirement to partner with the department for the issuance and renewal of general business licenses as provided in RCW 35.90.020. [2017 c 209 § 8.]

35.90.090 Adoption of mandatory provisions of model ordinance. Cities that impose a general business license must adopt the mandatory provisions of the model ordinance as provided in RCW 35.90.080 by January 1, 2019. A city that has not complied with the requirements of this section by January 1, 2019, may not enforce its general business licensing requirements on any person until the date that the mandatory provisions of the model ordinance take effect within the city. [2017 c 209 § 9.]

35.90.100 Report. Cities must coordinate with the association of Washington cities to submit a report to the governor; legislative fiscal committees; house local government committee; and the senate agriculture, water, trade and economic development committee by January 1, 2019. The report must:

(1) Provide information about the model ordinance adopted by the cities as required in RCW 35.90.080;

(2) Identify cities that have and have not adopted the mandatory provisions of the model ordinance; and

(3) Incorporate comments from statewide business organizations concerning the process and substance of the model ordinance. Statewide business organizations must be allowed thirty days to submit comments for inclusion in the report. [2017 c 209 § 10.]

(b) To the extent the facilities are used for the storage and retrieval of state agency records and digital data, that portion of the construction of such facilities used for state government records and data shall be supported by other charges and fees paid by state agencies and shall not be supported by the surcharge authorized in this subsection, except that to the extent there is an excess fund balance in the account and fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments for the Washington state heritage center, the local government archives account under RCW 40.14.024 may be used for the Washington state heritage center.

(c) At such time that all debt service from construction of the specialized regional archive facility located in eastern Washington has been paid, fifty percent of the surcharge authorized by this subsection shall be reverted to the centennial document preservation and modernization account as prescribed in RCW 36.22.170 and fifty percent of the surcharge authorized by this section shall be reverted to the state treasurer for deposit in the public records efficiency, preservation, and access account to serve the archives, records management, and digital data management needs of local government, except that the state treasurer shall not revert funds to the centennial document preservation and modernization account and to the public records efficiency, preservation, and access account if fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments on the Washington state heritage center. (b) The auditor shall remit the remaining funds to the state treasurer for deposit in the home security fund account. The department may use twelve and one-half percent of this amount for administration of the program established in RCW 43.185C.020, including the costs of creating the statewide homeless housing strategic plan, measuring performance, providing technical assistance to local governments, and managing the homeless housing grant program. Of the remaining eighty-seven and one-half percent, at least forty-five percent must be set aside for the use of private rental housing payments, and the remainder is to be used by the department to:

(i) Provide housing and shelter for homeless people including, but not limited to: Grants to operate, repair, and staff shelters; grants to operate transitional housing; partial payments for rental assistance; consolidated emergency assistance; overnight youth shelters; grants and vouchers designated for victims of human trafficking and their families; and emergency shelter assistance; and

(ii) Fund the homeless housing grant program.

36.28A.430 Sexual assault kit initiative project—Definitions. (1) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs shall establish and administer the Washington sexual assault kit initiative project.

(2) The project is created for the purpose of providing funding through a competitive grant program to support multidisciplinary community response teams engaged in seeking a just resolution to sexual assault cases resulting from evidence found in previously unsubmitted sexual assault kits.

(3) In administering the project, the Washington association of sheriffs and police chiefs has the following powers and duties:

(a) Design and implement the grant project with the elements included in this section;

The grant funds may support personnel costs, including hiring and overtime, to allow for adequate follow-up investigations and prosecutions. Grant awards must be prioritized for eligible applicants with a commitment to colocate assigned prosecutors, law enforcement, and victim advocates for the duration of the grant program;

(c) Require participants in the multidisciplinary cold case or sexual assault investigation team or teams to participate in and complete specialized training for victim-centered, trauma-informed investigation and prosecutions;

(b) Enhance victim services and support for past and current victims of sexual assault; or

(c) Develop evidence collection, retention, victim notification, and other protocols needed to optimize data sharing, case investigation, prosecution, and victim support.

(6) For the purposes of this section:

A combination of jurisdictions, including contiguous jurisdictions of multiple towns, cities, or counties, may create a task force or other entity for the purposes of applying for and receiving a grant, provided that the relevant prosecutors and law enforcement agencies are acting in partnership in complying with the grant requirements.

(b) "Project" means the Washington sexual assault kit initiative project created in this section.

(c) "Unsubmitted sexual assault kit" are sexual assault kits that have not been submitted to a forensic laboratory for testing with the combined DNA index system-eligible DNA methodologies as of the effective date of the mandatory testing law in RCW 70.125.090. Unsubmitted sexual assault kits includes partially tested sexual assault kits, which are sexual assault kits that have only been subjected to serological testing, or that have previously been tested only with noncombined DNA index system-eligible DNA methodologies. The project does not include untested sexual assault kits that have been submitted to forensic labs for testing with combined DNA index system-eligible DNA methodologies but are delayed for testing as a result of a backlog of work in the laboratory. 36.70A.030 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by *RCW 84.33.100 through 84.33.140, finish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(6) "Department" means the department of commerce.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under *RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(9) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

(10) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(11) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(12) "Minerals" include gravel, sand, and valuable metallic substances.

(13) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(14) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(15) "Recreational land" means land so designated under **RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(16) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(17) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preserv-
ation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(18) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(19) "Short line railroad" means those railroad lines designated class II or class III by the United States surface transportation board.

(20) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(21) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(22) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(23) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland areas—Development regulations.

Finding—1994 c 307: "The legislature finds that it is in the public interest to identify and provide long-term conservation of those productive natural resource lands that are critical to and can be managed economically and practically for long-term commercial production of food, fiber, and minerals. Successful achievement of the natural resource industries' goal set forth in RCW 36.70A.020 requires the conservation of a land base sufficient in size and quality to maintain and enhance those industries and the development and use of land use techniques that discourage uses incompatible to the management of designated lands. The 1994 amendment to RCW 36.70A.030(8) (section 2(8), chapter 307, Laws of 1994) is intended to clarify legislative intent regarding the designation of forestlands and is not intended to require every county that has already complied with the interim forestland designation requirement of RCW 36.70A.170 to review its actions until the adoption of its comprehensive plans and development regulations as provided in RCW 36.70A.060(3)." [1994 c 307 § 1.]

**Finding—2017 3rd sp.s. c 18:** "The legislature recognizes that it enacted the rail preservation program because railroads provide benefits to state and local jurisdictions that are valuable to economic development, highway safety, and the environment. The Washington state freight mobility plan includes the goal of supporting rural economies farm-to-market, manufacturing, and resource industry sectors. The plan makes clear that ensuring the availability of rail capacity is vital to meeting the future needs of the Puget Sound region. Rail-served industrial sites are a necessary part of a thriving freight mobility system, and are a key means of assuring that food and goods from rural areas are able to make it to people living in urban areas and international markets. Planned and effective access to railroad services is a pivotal aspect of transportation planning. The legislature acting in the public interest to allow economic development infrastructure to occur near rail lines as a means to alleviate strains on government infrastructure elsewhere. Therefore, the legislature finds that there is a need for counties and cities to improve their planning under the growth management act to provide much needed infrastructure for freight rail dependent uses adjacent to railroad lines." [2017 3rd sp.s. c 18 § 1.1]

**Intent—2005 c 423:** "The legislature recognizes the need for playing fields and supporting facilities for sports played on grass as well as the need to preserve agricultural land of long-term commercial significance. With thoughtful and deliberate planning, and adherence to the goals and requirements of the growth management act, both needs can be met.

The legislature acknowledges the state's interest in preserving the agricultural industry and family farms, and recognizes that the state's rich and productive lands enable agricultural production. Because of its unique qualities and limited quantities, designated agricultural land of long-term commercial significance is best suited for agricultural and farm uses, not recreational uses.

The legislature acknowledges also that certain local governments have either failed or neglected to properly plan for population growth and the sufficient number of playing fields and supporting facilities needed to accommodate this growth. The legislature recognizes that citizens responded to this lack of planning, fields, and supporting facilities by constructing nonconforming fields and facilities on agricultural lands of long-term commercial significance. It is the intent of the legislature to permit the continued existence and use of these fields and facilities in very limited circumstances if specific criteria are satisfied within a limited time frame. It is also the intent of the legislature to grant this authorization without diminishing the designation and preservation requirements of the growth management act pertaining to Washington's invaluable farmland." [2005 c 423 § 1.1]

Finding—Intent—1994 c 307: "The legislature finds that it is in the public interest to identify and provide long-term conservation of those productive natural resource lands that are critical to and can be managed economically and practically for long-term commercial production of food, fiber, and minerals. Successful achievement of the natural resource industries' goal set forth in RCW 36.70A.020 requires the conservation of a land base sufficient in size and quality to maintain and enhance those industries and the development and use of land use techniques that discourage uses incompatible to the management of designated lands. The 1994 amendment to RCW 36.70A.030(8) (section 2(8), chapter 307, Laws of 1994) is intended to clarify legislative intent regarding the designation of forestlands and is not intended to require every county that has already complied with the interim forestland designation requirement of RCW 36.70A.170 to review its actions until the adoption of its comprehensive plans and development regulations as provided in RCW 36.70A.060(3)." **36.70A.060 Natural resource lands and critical areas—Development regulations.** (1)(a) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.040. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accus-
tomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Any county located to the west of the crest of the Cascade mountains that has both a population of at least four hundred thousand and a border that touches another state, and any city in such county, may adopt development regulations to assure that agriculture, forest, and mineral resource lands adjacent to short line railroads may be developed for freight rail dependent uses.

(b) Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within five hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration. The notice for mineral resource lands shall also inform that an application might be made for mining-related activities, including mining, extraction, washing, crushing, stockpiling, blasting, transporting, and recycling of minerals.

(c) Each county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b), and each city within such county, shall adopt development regulations within one year after the adoption of the resolution of partial planning to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection (1)(c) must comply with the requirements governing regulations adopted under (a) of this subsection.

(d)(i) A county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b) and that is not in compliance with the planning requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172 at the time the resolution is adopted must, by January 30, 2017, apply for a determination of compliance from the department finding that the county’s development regulations, including development regulations adopted to protect critical areas, and comprehensive plans are in compliance with the requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172. The department must approve or deny the application for a determination of compliance within one hundred twenty days of its receipt or by June 30, 2017, whichever date is earlier.

(ii) If the department denies an application under (d)(i) of this subsection, the county and each city within is obligated to comply with all requirements of this chapter and the resolution for partial planning adopted under RCW 36.70A.040(2)(b) is no longer in effect.

(iii) A petition for review of a determination of compliance under (d)(i) of this subsection may only be appealed to the growth management hearings board within sixty days of the issuance of the decision by the department.

(iv) In the event of a filing of a petition in accordance with (d)(iii) of this subsection, the county and the department must equally share the costs incurred by the department for defending an approval of determination of compliance that is before the growth management hearings board.

(v) The department may implement this subsection (1)(d) by adopting rules related to determinations of compliance. The rules may address, but are not limited to: The requirements for applications for a determination of compliance; charging of costs under (d)(iv) of this subsection; procedures for processing applications; criteria for the evaluation of applications; issuance and notice of department decisions; and applicable timelines.

(e) Any county that borders both the Cascade mountains and another country and has a population of less than fifty thousand people, and any city in such county, may adopt development regulations to assure that agriculture, forest, and mineral resource lands adjacent to short line railroads may be developed for freight rail dependent uses.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to ensure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights. 36.70A.070 Comprehensive plans—Mandatory elements. The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use ele-
ment should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community. In counties and cities subject to the review and evaluation requirements of RCW 36.70A.215, any revision to the housing element shall include consideration of prior review and evaluation reports and any reasonable measures identified.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural economic advancement, densities, and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of iso-
lated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(16). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(f) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that
(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride-sharing programs, demand management, and other transportation system management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130. Finding—2017 3rd sp.s. c 18: See note following RCW 36.70A.030.

36.70A.108 Comprehensive plans—Transportation element—Multimodal transportation improvements and strategies. (1) The transportation element required by RCW 36.70A.070 may include, in addition to improvements or strategies to accommodate the impacts of development authorized under RCW 36.70A.070(6)(b), multimodal transportation improvements or strategies that are made concurrent with the development. These transportation improvements or strategies may include, but are not limited to, measures implementing or evaluating:

(a) Multiple modes of transportation with peak and nonpeak hour capacity performance standards for locally owned transportation facilities; and

(b) Modal performance standards meeting the peak and nonpeak hour capacity performance standards.

(2) Any county located to the west of the crest of the Cascade mountains that has both a population of at least four hundred thousand and a border that touches another state, and any city in such county, may include development of freight rail dependent uses on land adjacent to a short line railroad in the transportation element required by RCW 36.70A.070. Such counties and cities may also modify development regulations to include development of freight rail dependent uses that do not require urban governmental services in rural areas.

(3) Nothing in this section or RCW 36.70A.070(6)(b) shall be construed as prohibiting a county or city planning under RCW 36.70A.040 from exercising existing authority to develop multimodal improvements or strategies to satisfy the concurrency requirements of this chapter.

(4) Nothing in this section is intended to affect or otherwise modify the authority of jurisdictions planning under RCW 36.70A.040. [2017 3rd sp.s. c 18 § 5; 2005 c 328 § 1.]

Finding—2017 3rd sp.s. c 18: See note following RCW 36.70A.030.

36.70A.110 Comprehensive plans—Urban growth areas. (1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a county only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth,
be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and under this section. Such action may be appealed to the growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth area expansions where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land to be included in the urban growth area and located within the floodplain; or

(B) Urban development already exists within a floodplain as of July 26, 2009, and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or

(C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:

(I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or
environmental restoration; stormwater facilities; flood control facilities; or underground conveyances; and

(II) The development and use of such facilities or projects will not decrease flood storage, increase stormwater runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on July 26, 2009.

(9) If a county, city, or utility has adopted a capital facility plan or utilities element to provide sewer service within the urban growth areas during the twenty-year planning period, nothing in this chapter obligates counties, cities, or utilities to install sanitary sewer systems to properties within urban growth areas designated under subsection (2) of this section by the end of the twenty-year planning period when those properties:

(a)(i) Have existing, functioning, nonpolluting on-site sewage systems;

(ii) Have a periodic inspection program by a public agency to verify the on-site sewage systems function properly and do not pollute surface or groundwater; and

(iii) Have no redevelopment capacity; or

(b) Do not require sewer service because development densities are limited due to wetlands, flood plains, fish and wildlife habitats, or geological hazards. [2017 c 305 § 1; 2010 c 211 § 1. Prior: 2009 c 342 § 1; 2009 c 121 § 1; 2004 c 206 § 1; 2003 c 299 § 5; 1997 c 429 § 24; 1995 c 400 § 2; 1994 c 249 § 27; 1993 sp.s. c 6 § 2; 1991 sp.s. c 32 § 29; 1990 1st ex.s. c 17 § 11.]

36.70A.115 Comprehensive plans and development regulations must provide sufficient land capacity for development. (1) Counties and cities that are required or choose to plan under RCW 36.70A.040 shall ensure that, taken collectively, adoption of and amendments to their comprehensive plans and/or development regulations provide sufficient capacity of land suitable for development within their jurisdictions to accommodate their allocated housing and employment growth, including the accommodation of, as appropriate, the medical, governmental, educational, institutional, commercial, and industrial facilities related to such growth, as adopted in the applicable countywide planning policies and consistent with the twenty-year population forecast from the office of financial management.

(2) This analysis shall include the reasonable measures findings developed under RCW 36.70A.215, if applicable to such counties and cities. [2017 3rd sp.s. c 16 § 1; 2009 c 121 § 3; 2003 c 333 § 1.]

36.70A.211 Siting of schools—Rural areas, when authorized—Impact fees. (Expires June 30, 2031.) (1) A county may authorize the siting in a rural area of a school that serves students from an urban area, even where otherwise prohibited by a multicounty planning policy, under the following circumstances:

(a) The county has a population of more than eight hundred forty thousand but fewer than one million five hundred thousand and abuts at least six other counties;

(b) The county must have adopted in its comprehensive plan a policy concerning the siting of schools in rural areas;

(c) Any impacts associated with the siting of such a school are mitigated as required by the state environmental policy act, chapter 43.21C RCW; and

(d) The county must be a participant in a multicounty planning policy as described in RCW 36.70A.210.

(2) A multicounty planning policy in which any county referred to in subsection (1) of this section is a participant must be amended, at its next regularly scheduled update, to include a policy that addresses the siting of schools in rural areas of all counties subject to the multicounty planning policy.

(3) A school sited under this section may not collect or impose the impact fees described in RCW 82.02.050.

(4) This section expires June 30, 2031. [2017 c 129 § 2.]

36.70A.212 Siting of schools—Periodic updates. In a county that chooses to site schools under RCW 36.70A.211, each school district within the county must participate in the county’s periodic updates required by RCW 36.70A.130(1)(b) by:

(1) Coordinating its enrollment forecasts and projections with the county’s adopted population projections;

(2) Identifying school siting criteria with the county, cities, and regional transportation planning organizations;

(3) Identifying suitable school sites with the county and cities, with priority to siting urban-serving schools in existing cities and towns in locations where students can safely walk and bicycle to the school from their homes and that can effectively be served with transit; and

(4) Working with the county and cities to identify school costs and funding for the capital facilities plan element required by RCW 36.70A.070(3). [2017 c 129 § 3.]

36.70A.213 Extension of public facilities and utilities to serve school sited in a rural area authorized—Requirements for authorization—Report. (1) This chapter does not prohibit a county planning under RCW 36.70A.040 from authorizing the extension of public facilities and utilities to serve a school sited in a rural area that serves students from a rural area and an urban area so long as the following requirements are met:

(a) The applicable school district board of directors has adopted a policy addressing school service area and facility needs and educational program requirements;

(b) The applicable school district has made a finding, with the concurrence of the county legislative authority and the legislative authorities of any affected cities, that the district's proposed site is suitable to site the school and any associated recreational facilities that the district has determined cannot reasonably be collocated on an existing school site, taking into consideration the policy adopted in (a) of this subsection and the extent to which vacant or developable land within the growth area meets those requirements;

(c) The county and any affected cities agree to the extension of public facilities and utilities to serve the school sited
in a rural area that serves urban and rural students at the time of concurrence in (b) of this subsection;

(d) If the public facility or utility is extended beyond the urban growth area to serve a school, the public facility or utility must serve only the school and the costs of such extension must be borne by the applicable school district based on a reasonable nexus to the impacts of the school, except as provided in subsection (3) of this section; and

(e) Any impacts associated with the siting of the school are mitigated as required by the state environmental policy act, chapter 43.21C RCW.

(2) This chapter does not prohibit either the expansion or modernization of an existing school in the rural area or the placement of portable classrooms at an existing school in the rural area.

(3) Where a public facility or utility has been extended beyond the urban growth area to serve a school, the public facility or utility may, where consistent with RCW 36.70A.110(4), serve a property or properties in addition to the school if the property owner so requests, provided that the county and any affected cities agree with the request and provided that the property is located no further from the public facility or utility than the distance that, if the property were within the urban growth area, the property would be required to connect to the public facility or utility. In such an instance, the school district may, for a period not to exceed twenty years, require reimbursement from a requesting property owner for a proportional share of the construction costs incurred by the school district for the extension of the public facility or utility.

(4) By December 1, 2023, the department shall report to the governor and the appropriate committees of the legislature about schools outside of urban growth areas that have been built, are under construction, or are planned as a result of the requirements of chapter 43.21C RCW.

The report shall include the number, location, and characteristics of the schools; the number of urban and rural students served; and a cost analysis of schools built outside of urban growth boundaries. [2017 3rd sp.s. c 32 § 1.]

36.70A.215 Review and evaluation program. (Effective until January 1, 2030.) (1) Subject to the limitations in subsection (5) of this section, a county shall adopt, in consultation with its cities, countywide planning policies to establish a review and evaluation program. This program shall be in addition to the requirements of RCW 36.70A.110, 36.70A.130, and 36.70A.210. In developing and implementing the review and evaluation program required by this section, the county and its cities shall consider information from other appropriate jurisdictions and sources. The purpose of the review and evaluation program shall be to:

(a) Determine whether a county and its cities are achieving urban densities within urban growth areas by comparing growth and development assumptions, targets, and objectives contained in the countywide planning policies and the county and city comprehensive plans with actual growth and development that has occurred in the county and its cities; and

(b) Identify reasonable measures, other than adjusting urban growth areas, that will be taken to comply with the requirements of this chapter. Reasonable measures are those actions necessary to reduce the differences between growth and development assumptions and targets contained in the countywide planning policies and the county and city comprehensive plans with actual development patterns. The reasonable measures process in subsection (3) of this section shall be used as part of the next comprehensive plan update to reconcile inconsistencies.

(2) The review and evaluation program shall:

(a) Encompass land uses and activities both within and outside of urban growth areas and provide for annual collection of data on urban and rural land uses, development, zoning and development standards, environmental regulations including but not limited to critical areas, stormwater, shoreline, and tree retention requirements; and capital facilities to determine the quantity and type of land suitable for development, both for residential and employment-based activities;

(b) Provide for evaluation of the data collected under (a) of this subsection as provided in subsection (3) of this section. The evaluation shall be completed no later than three years prior to the deadline for review and, if necessary, update of comprehensive plans and development regulations as required by RCW 36.70A.130. For comprehensive plans required to be updated before 2024, the evaluation as provided in subsection (3) of this section shall be completed no later than two years prior to the deadline for review and, if necessary, update of comprehensive plans. The county and its cities may establish in the countywide planning policies indicators, benchmarks, and other similar criteria to use in conducting the evaluation;

(c) Provide for methods to resolve disputes among jurisdictions relating to the countywide planning policies required by this section and procedures to resolve inconsistencies in collection and analysis of data; and

(d) Develop reasonable measures to use in reducing the differences between growth and development assumptions and targets contained in the countywide planning policies and county and city comprehensive plans, with the actual development patterns. The reasonable measures shall be adopted, if necessary, into the countywide planning policies and the county or city comprehensive plans and development regulations during the next scheduled update of the plans.

(3) At a minimum, the evaluation component of the program required by subsection (1) of this section shall:

(a) Determine whether there is sufficient suitable land to accommodate the countywide population projection established for the county pursuant to RCW 43.62.035 and the subsequent population allocations within the county and between the county and its cities and the requirements of RCW 36.70A.110. The zoned capacity of land alone is not a sufficient standard to deem land suitable for development or redevelopment within the twenty-year planning period;

(b) An evaluation and identification of land suitable for development or redevelopment shall include:

(i) A review and evaluation of the land use designation and zoning/development regulations; environmental regulations (such as tree retention, stormwater, or critical area regulations) impacting development; and other regulations that could prevent assigned densities from being achieved; infrastructure gaps (including but not limited to transportation, water, sewer, and stormwater); and

(ii) Use of a reasonable land market supply factor when evaluating land suitable to accommodate new development
or redevelopment of land for residential development and employment activities. The reasonable market supply factor identifies reductions in the amount of land suitable for development and redevelopment. The methodology for conducting a reasonable land market factor shall be determined through the guidance developed in RCW 36.70A.217.

(c) Provide an analysis of county and/or city development assumptions, targets, and objectives contained in the countywide planning policies and the county and city comprehensive plans when growth targets and assumptions are not being achieved. It is not appropriate to make a finding that assumed growth contained in the countywide planning policies and the county or city comprehensive plan will occur at the end of the current comprehensive planning twenty-year planning cycle without rationale;

(d) Determine the actual density of housing that has been constructed and the actual amount of land developed for commercial and industrial uses within the urban growth area since the adoption of a comprehensive plan under this chapter or since the last periodic evaluation as required by subsection (1) of this section; and

(e) Based on the actual density of development as determined under (b) of this subsection, review commercial, industrial, and housing needs by type and density range to determine the amount of land needed for commercial, industrial, and housing for the remaining portion of the twenty-year planning period used in the most recently adopted comprehensive plan.

(4) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations required under subsection (5) of this section to conduct the review and perform the evaluation required by this section.

(5) The provisions of this section shall apply to counties, and the cities within those counties, that were greater than one hundred fifty thousand in population in 1996 as determined by office of financial management population estimates and that are located west of the crest of the Cascade mountain range. Any other county planning under RCW 36.70A.040 may carry out the review, evaluation, and amendment programs and procedures as provided in this section.

(6) The requirements of this section are subject to the availability of funds appropriated for this specific purpose. If sufficient funds are not appropriated consistent with the timelines in subsection (2)(b) of this section, counties and cities shall be subject to the review and evaluation program as it existed prior to October 19, 2017. [2011 3rd sp.s. c 16 § 2; 2011 c 353 § 3; 1997 c 429 § 25.]

Expiration date—2017 3rd sp.s. c 16 § 2: “Section 2 of this act expires January 1, 2030.” [2017 3rd sp.s. c 16 § 8.]

Intent—2011 c 353: See note following RCW 36.70A.130.

36.70A.215 Review and evaluation program. (Effective January 1, 2030.) (1) Subject to the limitations in subsection (7) of this section, a county shall adopt, in consultation with its cities, countywide planning policies to establish a review and evaluation program. This program shall be in addition to the requirements of RCW 36.70A.110, 36.70A.130, and 36.70A.210. In developing and implementing the review and evaluation program required by this section, the county and its cities shall consider information from other appropriate jurisdictions and sources. The purpose of the review and evaluation program shall be to:

(a) Determine whether a county and its cities are achieving urban densities within urban growth areas by comparing growth and development assumptions, targets, and objectives contained in the countywide planning policies and the county and city comprehensive plans with actual growth and development that has occurred in the county and its cities; and

(b) Identify reasonable measures, other than adjusting urban growth areas, that will be taken to comply with the requirements of this chapter.

(2) The review and evaluation program shall:

(a) Encompass land uses and activities both within and outside of urban growth areas and provide for annual collection of data on urban and rural land uses, development, critical areas, and capital facilities to the extent necessary to determine the quantity and type of land suitable for development, both for residential and employment-based activities;

(b) Provide for evaluation of the data collected under (a) of this subsection as provided in subsection (3) of this section. The evaluation shall be completed no later than one year prior to the deadline for review and, if necessary, update of comprehensive plans and development regulations as required by RCW 36.70A.130. The county and its cities may establish in the countywide planning policies indicators, benchmarks, and other similar criteria to use in conducting the evaluation;

(c) Provide for methods to resolve disputes among jurisdictions relating to the countywide planning policies required by this section and procedures to resolve inconsistencies in collection and analysis of data; and

(d) Provide for the amendment of the countywide policies and county and city comprehensive plans as needed to remedy an inconsistency identified through the evaluation required by this section, or to bring these policies into compliance with the requirements of this chapter.

(3) At a minimum, the evaluation component of the program required by subsection (1) of this section shall:

(a) Determine whether there is sufficient suitable land to accommodate the countywide population projection established for the county pursuant to RCW 43.62.035 and the subsequent population allocations within the county and between the county and its cities and the requirements of RCW 36.70A.110;

(b) Determine the actual density of housing that has been constructed and the actual amount of land developed for commercial and industrial uses within the urban growth area since the adoption of a comprehensive plan under this chapter or since the last periodic evaluation as required by subsection (1) of this section; and

(c) Based on the actual density of development as determined under (b) of this subsection, review commercial, industrial, and housing needs by type and density range to determine the amount of land needed for commercial, industrial, and housing for the remaining portion of the twenty-year planning period used in the most recently adopted comprehensive plan.

(4) If the evaluation required by subsection (3) of this section demonstrates an inconsistency between what has
occurred since the adoption of the countywide planning policies and the county and city comprehensive plans and development regulations and what was envisioned in those policies and plans and the planning goals and the requirements of this chapter, as the inconsistency relates to the evaluation factors specified in subsection (3) of this section, the county and its cities shall adopt and implement measures that are reasonably likely to increase consistency during the subsequent five-year period. If necessary, a county, in consultation with its cities as required by RCW 36.70A.210, shall adopt amendments to countywide planning policies to increase consistency. The county and its cities shall annually monitor the measures adopted under this subsection to determine their effect and may revise or rescind them as appropriate.

(5)(a) Not later than July 1, 1998, the department shall prepare a list of methods used by counties and cities in carrying out the types of activities required by this section. The department shall provide this information and appropriate technical assistance to counties and cities required to or choosing to comply with the provisions of this section.

(b) By December 31, 2007, the department shall submit to the appropriate committees of the legislature a report analyzing the effectiveness of the activities described in this section in achieving the goals envisioned by the countywide planning policies and the comprehensive plans and development regulations of the counties and cities.

(6) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations required under subsection (7) of this section to conduct the review and perform the evaluation required by this section.

(7) The provisions of this section shall apply to counties, and the cities within those counties, that were greater than one hundred fifty thousand in population in 1995 as determined by office of financial management population estimates and that are located west of the crest of the Cascade mountain range. Any other county planning under RCW 36.70A.040 may carry out the review, evaluation, and amendment programs and procedures as provided in this section. [2011 c 353 § 3; 1997 c 429 § 25.]

36.70A.217 Guidance for local governments on the review and evaluation program—Public participation—Analysis and recommendations. (1) The department of commerce, through a contract with a land use and economics entity, shall develop guidance for local governments on the review and evaluation program in RCW 36.70A.215. The contract shall be with an entity experienced in serving private and public sector clients which can assist developers and policymakers to understand near-term market realities and long-term planning considerations, and with experience facilitating successful conversations between multiple local governments and stakeholders on complex land use issues. The department of commerce shall enable appropriate public participation by affected stakeholders in the development of the guidance for the appropriate market factor analysis and review and update of the overall buildable lands program. This guidance regarding the market factor methodology and buildable lands program shall be completed by December 1, 2018. The buildable lands guidance shall analyze and provide recommendations on:

(a) The review and evaluation program in RCW 36.70A.215 and changes to the required information to be analyzed within the program to increase the accuracy of the report when updating countywide planning policies and the county and city comprehensive plans;

(b) Whether a more effective schedule could be developed for countywide planning policies and the county and city comprehensive plan updates to better align with implementing reasonable measures identified through the review and evaluation program, and population projections and census data while maintaining appropriate and timely consideration of planning needs best done through a comprehensive planning process;

(c) A determination on how reasonable measures, based on the review and evaluation program, should be implemented into updates for countywide planning policies and the county and city comprehensive plans;

(d) Infrastructure costs, including but not limited to transportation, water, sewer, stormwater, and the cost to provide new or upgraded infrastructure if required to serve development; cost of development; timelines to permit and develop land; market availability of land; the nexus between proposed densities, economic conditions needed to achieve those densities, and the impact to housing affordability for home ownership and rental housing; and, market demand when evaluating if land is suitable for development or redevelopment. These all have an impact on whether development occurs or if planned for densities will differ from achieved densities;

(e) Identifying the measures to increase housing availability and affordability for all economic segments of the community and the factors contributing to the high cost of housing including zoning/development/environmental regulations, permit processing timelines, housing production trends by housing type and rents and prices, national and regional economic and demographic trends affecting housing affordability and production by rents and prices, housing unit size by housing type, and how well growth targets align with market conditions including the assumptions on where people desire to live;

(f) Evaluating how existing zoning and land use regulations are promoting or hindering attainment of the goal for affordable housing in RCW 36.70A.020(4). Barriers to meeting this goal shall be identified and considered as possible reasonable measures for each county and city, and as part of the next countywide planning policies and county and city comprehensive plan update;

(g) Identifying opportunities and strategies to encourage growth within urban growth areas;

(h) Identifying strategies to increase local government capacity to invest in the infrastructure necessary to accommodate growth and provide opportunities for affordable housing across all economic segments of the community and housing types; and

(i) Other topics identified by stakeholders and the department.

(2) The requirements of this section are subject to the availability of funds appropriated for this specific purpose. [2017 3rd sp.s. c 16 § 3.]
36.70A.690 On-site sewage system self-inspection. This chapter does not preclude counties from authorizing inspections of on-site sewage systems to be conducted by a homeowner, a homeowner's family member, or a homeowner's tenant that has completed certification requirements specified by the county. Nothing in this section eliminates the requirement that counties protect water quality consistent with RCW 36.70A.070 (1) and (5). [2017 c 105 § 1.]

36.70A.725 Technical review of work plan—Time frame for action by director. (1) Upon receipt of a work plan submitted to the director under RCW 36.70A.720(2)(a), the director must submit the work plan to the technical panel for review.

(2) The technical panel shall review the work plan and report to the director within ninety days after the director receives the work plan. The technical panel shall assess whether at the end of ten years after receipt of funding, the work plan, in conjunction with other existing plans and regulations, will protect critical areas while maintaining and enhancing the viability of agriculture in the watershed.

(3)(a) If the technical panel determines the proposed work plan will protect critical areas while maintaining and enhancing the viability of agriculture in the watershed:

(i) It must recommend approval of the work plan; and
(ii) The director must approve the work plan.

(b) If the technical panel determines the proposed work plan will not protect critical areas while maintaining and enhancing the viability of agriculture in the watershed:

(i) It must identify the reasons for its determination; and
(ii) The director must advise the watershed group of the reasons for disapproval.

(4) The watershed group may modify and resubmit its work plan for review and approval consistent with this section.

(5) If the director does not approve a work plan submitted under this section within two years and nine months after receipt of funding, the director shall submit the work plan to the statewide advisory committee for resolution. If the statewide advisory committee recommends approval, the director must approve the work plan.

(6) If the director does not approve a work plan for a watershed within three years after receipt of funding, the provisions of RCW 36.70A.735(2) apply to the watershed. with a county road for a distance of one hundred feet from the crossing in such a manner as to permit a person upon the road to obtain an unobstructed view in both directions of an approaching train or other on-track equipment. The county legislative authority shall cause brush and timber to be cleared from the right-of-way of county roads in the proximity of a railroad grade crossing for a distance of one hundred feet from the crossing in such a manner as to permit a person traveling upon the road to obtain an unobstructed view in both directions of an approaching train or other on-track equipment. It is unlawful to erect or maintain a sign, signboard, or billboard within a distance of one hundred feet from the point of intersection of the road and railroad grade crossing located outside the corporate limits of any city or town unless, after thirty days notice to the Washington utilities and transportation commission and the railroad operating the crossing, the county legislative authority determines that it does not obscure the sight distance of a person operating a vehicle or train approaching the grade crossing.
