Finding—2008 c 104: "The legislature finds that men and women who are incarcerated have the need to develop prosocial behaviors. These behaviors will better enable these men and women to fully participate in society and adhere to law-abiding behaviors, such as continuing treatment that is undertaken in prison, once the person is released in the community.

Living in an environment where foundational skills are modeled and encouraged fosters positive outcomes for people who have been convicted and sentenced for their crimes. Basic skills include positive decision making, personal responsibility, building a healthy community, religious tolerance and understanding, ethics and morality, conflict management, family life relationships, leadership, managing emotions, restorative justice, transitional issues, and spirituality. Learning and practicing how to overcome minor and significant obstacles in a positive way will prepare offenders who are returning to our communities to begin their new crime-free lives." 72.01.410 Placement of person convicted as an adult for a felony offense committed under the age of eighteen.

(1) Whenever any person is convicted as an adult in the courts of this state of a felony offense committed under the age of eighteen, and is committed for a term of confinement, that person shall be initially placed in a facility operated by the department of children, youth, and families. The department of corrections shall determine the person's earned release date.

(a) While in the custody of the department of children, youth, and families, the person must have the same treatment, housing options, transfer, and access to program resources as any other person committed to that juvenile correctional facility or institution pursuant to chapter 13.40 RCW. Except as provided under (d) of this subsection, treatment, placement, and program decisions shall be at the sole discretion of the department of children, youth, and families. The person shall not be transferred to the custody of the department of corrections without the approval of the department of children, youth, and families until the person reaches the age of twenty-five.

(b) If the person's sentence includes a term of community custody, the department of children, youth, and families shall not release the person to community custody until the department of corrections has approved the person's release plan pursuant to RCW 9.94A.729(5)(b). If a person is held past his or her earned release date pending release plan approval, the department of children, youth, and families shall retain custody until a plan is approved or the person completes the ordered term of confinement prior to age twenty-five.

(c) If the department of children, youth, and families determines that retaining custody of the person in a facility of the department of children, youth, and families presents a significant safety risk, the department of children, youth, and families may transfer the person to the custody of the department of corrections.

(d) The department of corrections must retain authority over custody decisions relating to a person whose earned release date is on or after the person's twenty-fifth birthday and who is placed in a facility operated by the department of children, youth, and families under this section, unless the person qualifies for partial confinement under RCW 72.01.412, and must approve any leave from the facility. When the person turns age twenty-five, he or she must be transferred to the department of corrections, except as described under RCW 72.01.412. The department of children, youth, and families has all routine and day-to-day operations authority for the person while the person is in its custody.

(2)(a) Except as provided in (b) and (c) of this subsection, a person under the age of eighteen who is transferred to the custody of the department of corrections must be placed in a housing unit, or a portion of a housing unit, that is sepa-

rated from other persons in custody who are eighteen years of age or older, until the person reaches the age of eighteen.

(b) A person who is transferred to the custody of the department of corrections and reaches eighteen years of age may remain in a housing unit for persons under the age of eighteen if the secretary of corrections determines that: (i) The person's needs and the rehabilitation goals for the person could continue to be better met by the programs and housing environment that is separate from other persons in custody who are eighteen years of age and older; and (ii) the programs or housing environment for persons under the age of eighteen will not be substantially affected by the continued placement of the person in that environment. The person may remain placed in a housing unit for persons under the age of eighteen until such time as the secretary of corrections determines that the person's needs and goals are no longer better met in that environment but in no case past the person's twenty-fifth birthday.

(c) A person transferred to the custody of the department of corrections who is under the age of eighteen may be housed in an intensive management unit or administrative segregation unit containing offenders eighteen years of age or older if it is necessary for the safety or security of the offender or staff. In these cases, the offender must be kept physically separate from other offenders at all times.

(3) The department of children, youth, and families must review the placement of a person over age twenty-one in the custody of the department of children, youth, and families under this section to determine whether the person should be transferred to the custody of the department of corrections. The department of children, youth, and families may determine the frequency of the review required under this subsection, but the review must occur at least once before the person reaches age twenty-three if the person's commitment period in a juvenile institution extends beyond the person's twenty-third birthday. [2019 c 322 § 2; 2017 3rd sp.s. c 6 § 728; 2015 c 156 § 2; 2002 c 171 § 1; 1997 c 338 § 41; 1994 c 220 § 1; 1981 c 136 § 74; 1979 c 141 § 166; 1959 c 140 § 1.]

Findings—Intent—2019 c 322: "The legislature recognizes state and national efforts to reform policies that incarcerate youth and young adults in the adult criminal justice system. The legislature acknowledges that transferring youth and young adults to the adult criminal justice system is not effective in reducing future criminal behavior. Youth and young adults incarcerated in the adult criminal justice system are more likely to recidivate than their counterparts housed in juvenile facilities.

The legislature intends to enhance community safety by emphasizing rehabilitation of juveniles convicted even of the most serious violent offenses under the adult criminal justice system. Juveniles adjudicated as adults should be served and housed within the facilities of the juvenile rehabilitation administration up until age twenty-five, but released earlier if their sentence ends prior to that. In doing so, the legislature takes advantage of recent changes made by congress during the reauthorization of the juvenile justice and delinquency prevention act by the juvenile justice reform act of 2018 that allow youth and young adults who at the time of their offense are younger than the maximum age of confinement in a juvenile correctional facility, to be placed in a juvenile correctional facility by operation of state law. The emphasis on rehabilitation up to age twenty-five reflects similar programming in other states, which has significantly reduced recidivism of juveniles confined in adult correctional facilities." The multidisciplinary interagency team must include a minimum of three representatives from the department of corrections and three representatives from the department of children, youth, and families, and must provide the person whose transfer is being considered an opportunity to consent to the transfer. In considering whether a transfer to the department of children, youth, and families is appropriate, the multidisciplinary interagency team may consider any relevant factors including, but not limited to:

(i) The safety and security of the person, staff, and other persons in the custody of the department of children, youth, and families;

(ii) The person's behavior and assessed risks and needs;

(iii) Whether the department of children, youth, and families or the department of corrections' programs are better equipped to facilitate successful rehabilitation and reentry into the community; and

The department of children, youth, and families retains the authority to transfer the person to the custody of the department of corrections under RCW 72.01.410.

(2) A person placed on electronic home monitoring under this section must otherwise continue to be subject to similar treatment, options, access to programs and resources, conditions, and restrictions applicable to other similarly situated persons under the jurisdiction of the department of children, youth, and families. If the person has a sentence that includes a term of community custody, this term of community custody must begin after the current term of confinement has ended.

(1) Enhance public safety and maximize the rehabilitative potential of juvenile offenders through modifications to licensed community residential placements for juveniles;

(2) Ensure community support for community facilities by enabling community participation in decisions involving these facilities and assuring the safety of communities in which community facilities for juvenile offenders are located; and

72.05.450 Use of restraints on pregnant youth in custody—Allowed in extraordinary circumstances. (1) Except in extraordinary circumstances no restraints of any kind may be used on any pregnant youth in an institution or a community facility covered by this chapter during transportation to and from visits to medical providers and court proceedings during the third trimester of her pregnancy, or during postpartum recovery. For purposes of this section, "extraordinary circumstances" exist where an employee of an institution or community facility covered by this chapter makes an individualized determination that restraints are necessary to prevent an incarcerated pregnant youth from escaping, or from injuring herself, medical or correctional personnel, or others. In the event an employee of an institution or community facility covered by this chapter determines that extraordinary circumstances exist and restraints are used, the corrections officer or employee must fully document in writing the reasons that he or she determined such extraordinary circumstances existed such that restraints were used. As part of this documentation, the employee of an institution or community facility covered by this chapter must also include the kind of restraints used and the reasons those restraints were considered the least restrictive available and the most reasonable under the circumstances.

(2) While the pregnant youth is in labor or in childbirth no restraints of any kind may be used. Nothing in this section affects the use of hospital restraints requested for the medical safety of a patient by treating physicians licensed under Title 18 RCW.

(4) No employee of the institution or community facility shall be present in the room during the pregnant youth's labor or childbirth, unless specifically requested by medical personnel. If the employee's presence is requested by medical personnel, the employee should be female, if practicable.

In addition, the secretary shall cause a notice containing the requirements of chapter 181, Laws of 2010 to be posted in conspicuous locations in the institutions or community facilities, including but not limited to the locations in which medical care is provided within the facilities. 72.09.010 Legislative intent. It is the intent of the legislature to establish a comprehensive system of corrections for convicted law violators within the state of Washington to accomplish the following objectives.

(1) The system should ensure the public safety. The system should be designed and managed to provide the maximum feasible safety for the persons and property of the general public, the staff, and the inmates.

(2) The system should punish the offender for violating the laws of the state of Washington. This punishment should generally be limited to the denial of liberty of the offender.

(3) The system should positively impact offenders by stressing personal responsibility and accountability and by discouraging recidivism.

(4) The system should treat all offenders fairly and equitably without regard to race, religion, sex, national origin, residence, or social condition.

(5) The system, as much as possible, should reflect the values of the community including:

(a) Avoiding idleness. Idleness is not only wasteful but destructive to the individual and to the community.

(2020 Ed.)

(b) Adoption of the work ethic. It is the community expectation that all individuals should work and through their efforts benefit both themselves and the community.

(c) Providing opportunities for self improvement. All individuals should have opportunities to grow and expand their skills and abilities so as to fulfill their role in the community.

(d) Linking the receipt or denial of privileges to responsible behavior and accomplishments. The individual who works to improve himself or herself and the community should be rewarded for these efforts. As a corollary, there should be no rewards for no effort.

(e) Sharing in the obligations of the community. All citizens, the public and inmates alike, have a personal and fiscal obligation in the corrections system. All communities must share in the responsibility of the corrections system.

(6) The system should provide for prudent management of resources. The avoidance of unnecessary or inefficient public expenditures on the part of offenders and the department is essential. Offenders must be accountable to the department, and the department to the public and the legislature. The human and fiscal resources of the community are limited. The management and use of these resources can be enhanced by wise investment, productive programs, the reduction of duplication and waste, and the joining together of all involved parties in a common endeavor. Since most offenders return to the community, it is wise for the state and the communities to make an investment in effective rehabilitation programs for offenders and the wise use of resources.

(7) The system should provide for restitution. Those who have damaged others, persons or property, have a responsibility to make restitution for these damages.

(8) The system should be accountable to the citizens of the state. In return, the individual citizens and local units of government must meet their responsibilities to make the corrections system effective.

(9) The system should meet those national standards which the state determines to be appropriate. [1995 1st sp.s. c 19 § 2; 1981 c 136 § 2.]

Findings—Purpose—Short title—Severability—Effective date—1995 1st sp.s. c 19: See notes following RCW 72.09.450.

ment employee was acting in the course and scope of his or her employment.

Finding—2020 c 319: "The legislature recognizes the importance of maintaining strong family ties throughout an individual's period of incarceration to help facilitate rehabilitation. Studies have shown that regular visits from family members can reduce recidivism rates by thirteen percent. The legislature recognizes the importance and value that a strong, connected family network can provide to an individual once he or she is released from incarceration. The legislature further recognizes the financial and emotional toll that incarceration can take on the family of those experiencing incarceration. The legislature resolves to increase family interaction by expanding eligibility for family visitation and by providing transparency and availability of services inside correctional institutions. Furthermore, the current indigent cap of ten dollars, which has not increased since 1995, limits access to services inside correctional institutions. Therefore, the legislature finds and declares that the cap shall be increased to twenty-five dollars." [2020 c 319 § 1.]

72.09.080 Correctional industries advisory committee—Appointment of members, chair—Compensation—Support. (1) The correctional industries advisory committee shall consist of nine voting members, appointed by the secretary. Each member shall serve a three-year staggered term. The speaker of the house of representatives and the president of the senate shall each appoint one member from each of the two largest caucuses in their respective houses. 72.09.090 Correctional industries account—Expenditure—Profits—Appropriations. The correctional industries account is established in the state treasury. However, the secretary shall annually recommend that some portion of the profits from correctional industries be returned to the state general fund.

The secretary shall request appropriations or increased appropriations whenever it appears that additional money is needed to provide for the establishment and operation of a comprehensive correctional industries program. During the 2015-2017 fiscal biennium, the legislature may appropriate from the correctional industries account for increased case-load costs at the department of corrections such amounts as reflect the excess fund balance of the account. 72.09.095 Transfer of funds to department of labor and industries for crime victims' compensation. Each year the department shall transfer twenty-five percent of the total annual revenues and receipts received in each institutional betterment fund subaccount to the department of labor and industries for the purpose of providing direct benefits to crime victims through the crime victims' compensation program as outlined in chapter 7.68 RCW. This transfer takes priority over any expenditure of betterment funds and shall be reflected on the monthly financial statements of each institution's betterment fund subaccount.

Any funds so transferred to the department of labor and industries shall be in addition to the crime victims' compensation amount provided in an omnibus appropriation bill. It is the intent of the legislature that the funds forecasted or transferred pursuant to this section shall not reduce the funding levels provided by appropriation. [1995 c 234 § 2.]

Finding—1995 c 234: "The legislature finds that the responsibility for criminal activity should fall squarely on the criminal. To the greatest extent possible society should not be expected to have to pay the price for crimes twice, once for the criminal activity and again by feeding, clothing, and housing the criminal. The corrections system should be the first place crimi-

nals are given the opportunity to be responsible for paying for their criminal act, not just through the loss of their personal freedom, but by making financial contributions to alleviate the pain and suffering of victims of crime." [1995 c 234 § 1.]

72.09.100 Inmate work program—Classes of work programs—Participation—Benefits. It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. It is also the intent of the legislature to ensure that the department, in developing and selecting correctional industries work programs, does not encourage the development of, or provide for selection of or contracting for, or the significant expansion of, any new or existing class I correctional industries work programs that unfairly compete with Washington businesses. The legislature intends that the requirements relating to fair competition in the correctional industries work programs be liberally construed by the department to protect Washington businesses from unfair competition. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES.

(a) The employer model industries in this class shall be operated and managed in total or in part by any profit or non-profit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

(b) The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers.

(c) The department shall review these proposed industries, including any potential new class I industries work program or the significant expansion of an existing class I industries work program, before the department contracts to provide such products or services. The review shall include the analysis required under RCW 72.09.115 to determine if the proposed correctional industries work program will compete with any Washington business. An agreement for a new class I correctional industries work program, or an agreement for a significant expansion of an existing class I correctional industries work program, that unfairly competes with any Washington business is prohibited.

(d) The department shall supply appropriate security and custody services without charge to the participating firms.

(e) Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

(f) An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(2) CLASS II: TAX REDUCTION INDUSTRIES.

(a) Industries in this class shall be state-owned and operated enterprises designed primarily to reduce the costs for goods and services for tax-supported agencies and for non-profit organizations.

(b)(i) The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit.

(ii) Except as provided in *RCW 43.19.534(3) and this section, the products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to the following:

(A) Public agencies;

(B) Nonprofit organizations;

(C) Private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization;

(D) An employee and immediate family members of an employee of the department;

(E) A person under the supervision of the department and his or her immediate family members; and

(F) A licensed health professional for the sole purpose of providing eyeglasses to enrollees of the state medical program at no more than the health professional's cost of acquisition.

(iii) The department shall authorize the type and quantity of items that may be purchased and sold under (b)(ii)(D) and (E) of this subsection.

(iv) It is prohibited to purchase any item purchased under (b)(ii)(D) and (E) of this subsection for the purpose of resale.

(v) Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons.

(c) Under no circumstance shall offenders under the custody of the department of corrections make or assemble uniforms to be worn by correctional officers employed with the department.

(d)(i) Class II correctional industries products and services shall be reviewed by the department before offering such products and services for sale to private contractors.

(ii) The secretary shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state, when there is no public sector market for such goods, by-products and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus by-products and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

(e) Security and custody services shall be provided without charge by the department.

(f) Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of

a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

(g) Provisions of RCW 41.06.142 shall not apply to contracts with Washington state businesses entered into by the department through class II industries.

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES.

(a) Industries in this class shall be operated by the department. They shall be designed and managed to accomplish the following objectives:

(i) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate's work within this class of industries should be his or her final and total work experience as an inmate.

(ii) Whenever possible, to provide forty hours of work or work training per week.

(iii) Whenever possible, to offset tax and other public support costs.

(b) Class III correctional industries shall be reviewed by the department to set policy for work crews. The department shall prepare quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked.

(c) Supervising, management, and custody staff shall be employees of the department.

(d) All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

(e) Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) CLASS IV: COMMUNITY WORK INDUSTRIES.

(a) Industries in this class shall be operated by the department. They shall be designed and managed to provide services in the inmate's resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

(b) Class IV correctional industries shall be reviewed by the department to set policy for work crews. The department shall prepare quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. Class IV correctional industries operated in work camps established pursuant to RCW 72.64.050 are exempt from the requirements of this subsection (4)(b).

(c) Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate's wage.

(d) The department shall reimburse participating units of local government for liability and workers compensation insurance costs.

(e) Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

(5) CLASS V: COMMUNITY RESTITUTION PROGRAMS.

(a) Programs in this class shall be subject to supervision by the department. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community restitution order as ordered by the sentencing court.

(b) Employment shall be in a community restitution program operated by the state, local units of government, or a nonprofit agency.

(c) To the extent that funds are specifically made available for such purposes, the department shall reimburse nonprofit agencies for workers compensation insurance costs. [2012 c 220 § 2. The secretary shall also deduct child support payments from the gratuities of each inmate working in class II through class IV correctional industries work programs. 72.09.115 Proposed new class I correctional industries work program—Threshold analysis—Business impact analysis—Public hearing—Finding. (1) The department must prepare a threshold analysis for any proposed new class I correctional industries work program or the significant expansion of an existing class I correctional industries work program before the department enters into an agreement to provide such products or services. The analysis must state whether the proposed new or expanded program will impact any Washington business and must be based on information sufficient to evaluate the impact on Washington business.

(2) If the threshold analysis determines that a proposed new or expanded class I correctional industries work program will impact a Washington business, the department must complete a business impact analysis before the department enters into an agreement to provide such products or services. The business impact analysis must include:

(a) A detailed statement identifying the scope and types of impacts caused by the proposed new or expanded correctional industries work program on Washington businesses; and

(b) A detailed statement of the business costs of the proposed correctional industries work program compared to the business costs of the Washington businesses that may be impacted by the proposed class I correctional industries work program. Business costs of the proposed correctional industries work program include rent, water, sewer, electricity, disposal, labor costs, and any other quantifiable expense unique to operating in a prison. Business costs of the impacted Washington business include rent, water, sewer, electricity, disposal, property taxes, and labor costs including employee taxes, unemployment insurance, and workers' compensation.

(3) The completed threshold analysis and any completed business impact analysis with all supporting documents must be shared in a meaningful and timely manner with local chambers of commerce, trade or business associations, local and state labor union organizations, and government entities before a finding required under subsection (4) of this section is made on the proposed new or expanded class I correctional industries work program.

(4) If a business impact analysis is completed, the department must conduct a public hearing to take public testimony on the business impact analysis. The department must, at a minimum, establish a publicly accessible web site containing information reasonably calculated to provide notice to each Washington business assigned the same three-digit standard industrial classification code, or the corresponding North American industry classification system code, as the organization seeking the class I correctional industries work program agreement of the date, time, and place of the hearing. Notice of the hearing shall be posted at least thirty days prior to the hearing.

(5) Following the public hearing, the department shall adopt a finding that the proposed new or expanded class I correctional industries work program: (a) Will not compete with any Washington business; (b) will not compete unfairly with any Washington business; or (c) will compete unfairly with any Washington business and is therefore prohibited under chapter 167, Laws of 2004. [2004 c 167 § 4.]

72.09.116 Information obtained under RCW 72.09.115 exempt from public disclosure. All records, documents, data, and other materials obtained under the requirements of RCW 72.09.115 from an existing correctional industries class I work program participant or an applicant for a proposed new or expanded class I correctional industries work program are exempt from public disclosure under chapter 42.56 RCW. [2005 c 274 § 347; 2004 c 167 § 8.]

72.09.120 Distribution of list of inmate job opportunities. In order to assist inmates in finding work within prison industries, the department shall periodically prepare

and distribute a list of prison industries' job opportunities, which shall include job descriptions and the educational and skill requirements for each job. [1981 c 136 § 16.]

72.09.130 Incentive system for participation in education and work programs—Rules—Dissemination. (1) The department shall adopt, by rule, a system that clearly links an inmate's behavior and participation in available education and work programs with the receipt or denial of earned early release days and other privileges. The system shall include increases or decreases in the degree of liberty granted the inmate within the programs operated by the department, access to or withholding of privileges available within correctional institutions, and recommended increases or decreases in the number of earned early release days that an inmate can earn for good conduct and good performance.

(2) Earned early release days shall be recommended by the department as a reward for accomplishment. The system shall be fair, measurable, and understandable to offenders, staff, and the public. At least once in each twelve-month period, the department shall inform the offender in writing as to his or her conduct and performance. This written evaluation shall include reasons for awarding or not awarding recommended earned early release days for good conduct and good performance. An inmate is not eligible to receive earned early release days during any time in which he or she refuses to participate in an available education or work program into which he or she has been placed under RCW 72.09.460.

(3) The department shall provide each offender in its custody a written description of the system created under this section. [1995 1st sp.s. c 19 § 6; 1981 c 136 § 17.]

Findings—Purpose—Short title—Severability—Effective date—1995 1st sp.s. c 19: See notes following RCW 72.09.450.

72.09.135 Adoption of standards for correctional facilities. The department of corrections shall, no later than July 1, 1987, adopt standards for the operation of state adult correctional facilities. The need for each standard shall be documented. [1987 c 462 § 15.]

The department shall contract with persons or organizations to provide legal services. The secretary shall adopt procedures designed to minimize any conflict of interest, or appearance thereof, in respect to the provision of legal services and the department's administration of such contracts.

(2) Persons who contract to provide legal services are expressly forbidden to solicit plaintiffs or promote litigation which has not been pursued initially by a person entitled to such services under this section.

(3) Persons who contract to provide legal services shall exhaust all informal means of resolving a legal complaint or dispute prior to the filing of any court proceeding.

(4) Nothing in this section forbids the secretary to supplement contracted legal services with any of the following: (a) Law libraries, (b) law student interns, and (c) volunteer attorneys.

(5) The total due a contractor as compensation, fees, or reimbursement under the terms of the contract shall be reduced by the total of any other compensation, fees, or reimbursement received by or due the contractor for the performance of any legal service to inmates during the contract period. Any amount received by a contractor under contract which is not due under this section shall be immediately returned by the contractor. [1981 c 136 § 23.]

Whenever any question arises as to the transfer of any funds including unexpended balances within any accounts, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred under RCW 72.09.040, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

If apportionments of budgeted funds are required because of the transfers authorized in this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification. [1981 c 136 § 31.]

[1993 c 281 § 64; 1981 c 136 § 33.]

72.09.225 Sexual misconduct by state employees, contractors. (1) When the secretary has reasonable cause to believe that sexual intercourse or sexual contact between an employee and an inmate has occurred, notwithstanding any rule adopted under chapter 41.06 RCW the secretary shall immediately suspend the employee.

(2) The secretary shall immediately institute proceedings to terminate the employment of any person:

(4) The secretary shall disqualify for employment with a contractor in any position with access to an inmate, any person:

(a) Who is found by the department, based on a preponderance of the evidence, to have had sexual intercourse or sexual contact with the inmate; or

(b) Upon a guilty plea or conviction for any crime specified in chapter 9A.44 RCW when the victim was an inmate.

(5) The secretary, when considering the renewal of a contract with a contractor who has taken action under subsection (3) or (4) of this section, shall require the contractor to demonstrate that there has been significant progress made in reducing the likelihood that any of its employees will have sexual intercourse or sexual contact with an inmate. The secretary shall examine whether the contractor has taken steps to improve hiring, training, and monitoring practices and whether the employee remains with the contractor. The secretary shall not renew a contract unless he or she determines that significant progress has been made.

(6)(a) For the purposes of RCW 50.20.060, a person terminated under this section shall be considered discharged for misconduct.

(b)(i) The department may, within its discretion or upon request of any member of the public, release information to

an individual or to the public regarding any person or contract terminated under this section.

(ii) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for damages for any discretionary release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the public.

(iii) Except as provided in chapter 42.56 RCW, or elsewhere, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section. Nothing in this section implies that information regarding persons designated in subsection (2) of this section is confidential except as may otherwise be provided by law.

(7) The department shall adopt rules to implement this section. The rules shall reflect the legislative intent that this section prohibits individuals who are employed by the department or a contractor of the department from having sexual intercourse or sexual contact with inmates. 72.09.230 Duties continued during transition. All state officials required to maintain contact with or provide services to the department or secretary of social and health services relating to adult corrections shall continue to perform the services for the department of corrections.

In order to ease the transition of adult corrections to the department of corrections, the governor may require an inter-agency agreement between the department and the department of social and health services under which the department of social and health services would, on a temporary basis, continue to perform all or part of any specified function of the department of corrections. [1981 c 136 § 34.]

72.09.240 Reimbursement of employees for offender assaults. (1) In recognition of prison overcrowding and the hazardous nature of employment in state correctional institutions and offices, the legislature hereby provides a supplementary program to reimburse employees of the department of corrections and the department of natural resources for some of their costs attributable to their being the victims of offender assaults. This program shall be limited to the reimbursement provided in this section.

(2) An employee is only entitled to receive the reimbursement provided in this section if the secretary of corrections or the commissioner of public lands, or the secretary's or commissioner's designee, finds that each of the following has occurred:

(a) An offender has assaulted the employee while the employee is performing the employee's official duties and as a result thereof the employee has sustained injuries which have required the employee to miss days of work; and

(b) The assault cannot be attributable to any extent to the employee's negligence, misconduct, or failure to comply with any rules or conditions of employment.

(3) The reimbursement authorized under this section shall be as follows:

(a) The employee's accumulated sick leave days shall not be reduced for the workdays missed;

(b) For each workday missed for which the employee is not eligible to receive compensation under chapter 51.32 RCW, the employee shall receive full pay; and

(c) In respect to workdays missed for which the employee will receive or has received compensation under chapter 51.32 RCW, the employee shall be reimbursed in an amount which, when added to that compensation, will result in the employee receiving full pay for the workdays missed.

(4) Reimbursement under this section may not continue longer than three hundred sixty-five consecutive days after the date of the injury or the date of termination of time loss benefits related to the assault by the department of labor and industries, whichever is later.

(5) The employee shall not be entitled to the reimbursement provided in subsection (3) of this section for any workday for which the secretary or the commissioner of public lands, or the secretary's or commissioner's designee, finds that the employee has not diligently pursued his or her compensation remedies under chapter 51.32 RCW.

(6) The reimbursement shall only be made for absences which the secretary or the commissioner of public lands, or the secretary's or commissioner's designee, believes are justified.

(7) While the employee is receiving reimbursement under this section, he or she shall continue to be classified as a state employee and the reimbursement amount shall be considered as salary or wages.

(8) All reimbursement payments required to be made to employees under this section shall be made by the department of corrections or the department of natural resources. The payments shall be considered as a salary or wage expense and shall be paid by the department of corrections or the department of natural resources in the same manner and from the same appropriations as other salary and wage expenses of the department of corrections or the department of natural resources.

(9) Should the legislature revoke the reimbursement authorized under this section or repeal this section, no affected employee is entitled thereafter to receive the reimbursement as a matter of contractual right.

72.09.251 Communicable disease prevention guidelines. (1) The department shall develop and implement policies and procedures for the uniform distribution of communicable disease prevention guidelines to all corrections staff who, in the course of their regularly assigned job responsibilities, may come within close physical proximity to offenders with communicable diseases.

(2) The guidelines shall identify special precautions necessary to reduce the risk of transmission of communicable diseases.

(3) For the purposes of this section, "communicable disease" means sexually transmitted diseases, as defined in RCW 70.24.017, diseases caused by blood-borne pathogens, or any other illness caused by an infectious agent that can be transmitted from one person, animal, or object to another person by direct or indirect means including transmission via an intermediate host or vector, food, water, or air. [1997 c 345 § 4.]

Findings—Intent—1997 c 345: See note following RCW 70.24.340.

72.09.260 Litter cleanup programs—Requirements.

(1) The department shall assist local units of government in establishing community restitution programs for litter cleanup. Community restitution litter cleanup programs must include the following: (a) Procedures for documenting the number of community restitution hours worked in litter cleanup by each offender; (b) plans to coordinate litter cleanup activities with local governmental entities responsible for roadside and park maintenance; (c) insurance coverage for offenders during litter cleanup activities pursuant to RCW 51.12.045; (d) provision of adequate safety equipment and, if needed, weather protection gear; and (e) provision for including felons and misdemeanants in the program.

(2) Community restitution programs established under this section shall involve, but not be limited to, persons convicted of nonviolent, drug-related offenses.

(3) Nothing in this section shall diminish the department's authority to place offenders in community restitution programs or to determine the suitability of offenders for specific programs.

(4) As used in this section, "litter cleanup" includes cleanup and removal of solid waste that is illegally dumped. [2002 c 175 § 50; 1990 c 66 § 2.]

Findings—Intent—1990 c 66: "The legislature finds that the amount of litter along the state's roadways is increasing at an alarming rate and that local governments often lack the human and fiscal resources to remove litter from public roads. The legislature also finds that persons committing nonviolent, drug-related offenses can often be productively engaged through programs to remove litter from county and municipal roads. It is therefore the intent of the legislature to assist local units of government in establishing community restitution programs for litter cleanup and to establish a funding source for such programs." [2002 c 175 § 51; 1990 c 66 § 1.]

72.09.270 Individual reentry plan. (1) The department of corrections shall develop an individual reentry plan as defined in RCW 72.09.015 for every offender who is committed to the jurisdiction of the department except:

(a) Offenders who are sentenced to life without the possibility of release or sentenced to death under chapter 10.95 RCW; and

(b) Offenders who are subject to the provisions of 8 U.S.C. Sec. 1227.

(2) The individual reentry plan may be one document, or may be a series of individual plans that combine to meet the requirements of this section.

(3) In developing individual reentry plans, the department shall assess all offenders using standardized and comprehensive tools to identify the criminogenic risks, programmatic needs, and educational and vocational skill levels for each offender. The assessment tool should take into account demographic biases, such as culture, age, and gender, as well as the needs of the offender, including any learning disabilities, substance abuse or mental health issues, and social or behavior deficits.

(4)(a) The initial assessment shall be conducted as early as sentencing, but, whenever possible, no later than forty-five days of being sentenced to the jurisdiction of the department of corrections.

(b) The offender's individual reentry plan shall be developed as soon as possible after the initial assessment is conducted, but, whenever possible, no later than sixty days after completion of the assessment, and shall be periodically reviewed and updated as appropriate.

(5) The individual reentry plan shall, at a minimum, include:

(a) A plan to maintain contact with the inmate's children and family, if appropriate. The plan should determine whether parenting classes, or other services, are appropriate to facilitate successful reunification with the offender's children and family;

(b) An individualized portfolio for each offender that includes the offender's education achievements, certifications, employment, work experience, skills, and any training received prior to and during incarceration; and

(c) A plan for the offender during the period of incarceration through reentry into the community that addresses the needs of the offender including education, employment, substance abuse treatment, mental health treatment, family reunification, and other areas which are needed to facilitate a successful reintegration into the community.

(6)(a) Prior to discharge of any offender, the department shall:

(i) Evaluate the offender's needs and, to the extent possible, connect the offender with existing services and resources that meet those needs; and

(ii) Connect the offender with a community justice center and/or community transition coordination network in the area in which the offender will be residing once released from the correctional system if one exists.

(b) If the department recommends partial confinement in an offender's individual reentry plan, the department shall maximize the period of partial confinement for the offender as allowed pursuant to RCW 9.94A.728 to facilitate the offender's transition to the community.

(7) The department shall establish mechanisms for sharing information from individual reentry plans to those persons involved with the offender's treatment, programming,

and reentry, when deemed appropriate. When feasible, this information shall be shared electronically.

(8)(a) In determining the county of discharge for an offender released to community custody, the department may not approve a residence location that is not in the offender's county of origin unless it is determined by the department that the offender's return to his or her county of origin would be inappropriate considering any court-ordered condition of the offender's sentence, victim safety concerns, negative influences on the offender in the community, or the location of family or other sponsoring persons or organizations that will support the offender.

(b) If the offender is not returned to his or her county of origin, the department shall provide the law and justice council of the county in which the offender is placed with a written explanation.

(c) For purposes of this section, the offender's county of origin means the county of the offender's first felony conviction in Washington.

(9) Nothing in this section creates a vested right in programming, education, or other services. [2008 c 231 § 48; 2007 c 483 § 203.]

Intent—Application—Application of repealers—Effective date—2008 c 231: See notes following RCW 9.94A.701.

Intent—2007 c 483: "Individual reentry plans are intended to be a tool for the department of corrections to identify the needs of an offender. Individual reentry plans are meant to assist the department in targeting programming and services to offenders with the greatest need and to the extent that those services are funded and available. The state cannot meet every need that may have contributed to every offender's criminal proclivities. Further, an individual reentry plan, and the programming resulting from that plan, are not a guarantee that an offender will not recidivate. Rather, the legislature intends that by identifying offender needs and offering programs that have been proven to reduce the likelihood of reoffense, the state will benefit by an overall reduction in recidivism." [2007 c 483 § 201.]

Findings—2007 c 483: See RCW 72.78.005.

72.09.275 Duty to notify inmate of process for restoration of voting rights. The department shall notify an inmate, in writing, of the process for provisional and permanent restoration of voting rights, as described in RCW 29A.08.520, prior to the termination of authority of the department over the inmate. The department shall also provide the inmate with:

(1) A voter registration form and written instructions for returning the form by mail; and

(2) Written information regarding registering to vote in person and electronically. [2019 c 43 § 1.]

72.09.280 Community justice centers. (1) The department shall continue to establish community justice centers throughout the state for the purpose of providing comprehensive services and monitoring for offenders who are reentering the community.

(2) For the purposes of this chapter, "community justice center" is defined as a nonresidential facility staffed primarily by the department in which recently released offenders may access services necessary to improve their successful reentry into the community. Such services may include but are not limited to, those listed in the individual reentry plan, mental health, chemical dependency, sex offender treatment, anger

management, parenting education, financial literacy, housing assistance, and employment assistance.

(3) At a minimum, the community justice center shall include:

(a) A violator program to allow the department to utilize a range of available sanctions for offenders who violate conditions of their supervision;

(b) An employment opportunity program to assist an offender in finding employment; and

(c) Resources for connecting offenders with services such as treatment, transportation, training, family reunification, and community services.

(4) In addition to any other programs or services offered by a community justice center, the department shall designate a transition coordinator to facilitate connections between the former offender and the community. The department may designate transition coordination services to be provided by a community transition coordination network pursuant to *RCW 72.78.030 if one has been established in the community where the community justice center is located and the department has entered into a memorandum of understanding with the county to share resources.

(5) The transition coordinator shall provide information to former offenders regarding services available to them in the community regardless of the length of time since the offender's release from the correctional facility. The transition coordinator shall, at a minimum, be responsible for the following:

(a) Gathering and maintaining information regarding services currently existing within the community that are available to offenders including, but not limited to:

72.09.285 Rental voucher list—Housing providers.

(1) A housing provider may be placed on a list with the department to receive rental vouchers under RCW 9.94A.729 in accordance with the provisions of this section.

(2) For living environments with between four and eight beds, or a greater number of individuals if permitted by local code, the department shall provide transition support that verifies an offender is participating in programming or services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, development of positive living skills, or employment programming. In addition, when selecting housing providers, the department shall consider the compatibility of the proposed offender housing with the surrounding neighborhood and underlying zoning. The department shall adopt procedures to limit the concentration of housing providers who

provide housing to sex offenders in a single neighborhood or area.

(3)(a) The department shall provide the local law and justice council, county sheriff, or, if such housing is located within a city, a city's chief law enforcement officer with notice anytime a housing provider or new housing location requests to be or is added to the list within that county.

(b) The county or city local government may provide the department with a community impact statement, which includes the number and location of other special needs housing in the neighborhood and a review of services and supports in the area to assist offenders in their transition. If a community impact statement is provided to the department within twenty-five business days of the notice of a new housing provider or housing location request, the department shall consider the community impact statement in determining whether to add the provider to the list and, if the provider is added, shall include the community impact statement in the notice that a provider is added to the list within that county.

(4) If a certificate of inspection, as provided in RCW 59.18.125, is required by local regulation and the local government does not have a current certificate of inspection on file, the local government shall have ten business days from the later of (a) receipt of notice from the department as provided in subsection (3) of this section; or (b) the date the local government is given access to the dwelling unit to conduct an inspection or reinspection to issue a certificate. This section is deemed satisfied if a local government does not issue a timely certificate of inspection.

(5)(a) If, within ten business days of receipt of a notice from the department of a new location or new housing provider, the county or city determines that the housing is in a neighborhood with an existing concentration of special needs housing, including but not limited to offender reentry housing, retirement homes, assisted living, emergency or transitional housing, or adult family homes, the county or city may request that the department program administrator remove the new location or new housing provider from the list.

(b) This subsection does not apply to housing providers approved by the department to receive rental vouchers on July 28, 2013.

(6) The county or city may at any time request a housing provider be removed from the list if it provides information to the department that:

(a) It has determined that the housing does not comply with state and local fire and building codes or applicable zoning and development regulations in effect at the time the housing provider first began receiving housing vouchers; or

(b) The housing provider is not complying with the provisions of this section.

(7) After receiving a request to remove a housing provider from the county or city, the department shall immediately notify the provider of the concerns and request that the provider demonstrate that it is in compliance with the provisions of this section. If, after ten days' written notice, the housing provider cannot demonstrate to the department that it is in compliance with the reasons for the county's or city's request for removal, the department shall remove the housing provider from the list.

(8) A housing provider who provides housing pursuant to this section is not liable for civil damages arising from the

criminal conduct of an offender to any greater extent than a regular tenant, and no special duties are created under this section. [2017 c 141 § 1; 2013 c 266 § 2.]

72.09.290 Correctional facility siting list. (1) No later than July 1, 2007, and every biennium thereafter starting with the biennium beginning July 1, 2009, the department shall prepare a list of counties and rural multicounty geographic areas in which work release facilities, community justice centers and other community-based correctional facilities are anticipated to be sited during the next three fiscal years and transmit the list to the office of financial management and the counties on the list. The list may be updated as needed.

(2) In preparing the list, the department shall make substantial efforts to provide for the equitable distribution of work release, community justice centers, or other community-based correctional facilities among counties. The department shall give great weight to the following factors in determining equitable distribution:

(a) The locations of existing residential facilities owned or operated by, or operated under contract with, the department in each county;

(b) The number and proportion of adult offenders sentenced to the custody or supervision of the department by the courts of the county or rural multicounty geographic area; and

(c) The number of adult registered sex offenders classified as level II or III and adult sex offenders registered per thousand persons residing in the county.

(3) For purposes of this section, "equitable distribution" means siting or locating work release, community justice centers, or other community-based correctional facilities in a manner that reasonably reflects the proportion of offenders sentenced to the custody or supervision of the department by the courts of each county or rural multicounty geographic area designated by the department, and, to the extent practicable, the proportion of offenders residing in particular jurisdictions or communities within such counties or rural multicounty geographic areas. Equitable distribution is a policy goal, not a basis for any legal challenge to the siting, construction, occupancy, or operation of any facility anywhere in the state. [2007 c 483 § 303.]

Findings—2007 c 483: See RCW 72.78.005.

As resources permit, training within the center shall be available to state, county, and municipal agencies requiring the services. Other state colleges, state universities, and mental health providers may be involved in activities as required on a subcontract basis. Community mental health organizations, research groups, and community advocacy groups may be critical components of the center's operations and involved as appropriate to annual objectives. Clients with mental illness may be drawn from throughout the department's population and transferred to the center as clinical need, available services, and department jurisdiction permits.

(3) The department shall prepare a report of the center's progress toward the attainment of stated goals and provide the report to the legislature annually. [2019 c 325 § 5024; 2018 c 201 § 9011; 2014 c 225 § 94; 1993 c 459 § 1.]

72.09.370 Offenders with mental illness who are believed to be dangerous—Plan for postrelease treatment

(2020 Ed.)

and support services—Rules. (1) The offender reentry community safety program is established to provide intensive services to offenders identified under this subsection and to thereby promote public safety. The secretary shall identify offenders in confinement or partial confinement who: (a) Are reasonably believed to be dangerous to themselves or others; and (b) have a mental disorder. In determining an offender's dangerousness, the secretary shall consider behavior known to the department and factors, based on research, that are linked to an increased risk for dangerousness of offenders with mental illnesses and shall include consideration of an offender's substance use disorder or abuse.

(2) Prior to release of an offender identified under this section, a team consisting of representatives of the department of corrections, the health care authority, and, as necessary, the indeterminate sentence review board, divisions or administrations within the department of social and health services, specifically including the division of developmental disabilities, the appropriate managed care organization contracted with the health care authority, the appropriate behavioral health administrative services organization, and the providers, as appropriate, shall develop a plan, as determined necessary by the team, for delivery of treatment and support services to the offender upon release. In developing the plan, the offender shall be offered assistance in executing a mental health directive under chapter 71.32 RCW, after being fully informed of the benefits, scope, and purposes of such directive. The team may include a school district representative for offenders under the age of twenty-one. The team shall consult with the offender's counsel, if any, and, as appropriate, the offender's family and community. The team shall notify the crime victim/witness program, which shall provide notice to all people registered to receive notice under RCW 72.09.712 of the proposed release plan developed by the team. Victims, witnesses, and other interested people notified by the department may provide information and comments to the department on potential safety risk to specific individuals or classes of individuals posed by the specific offender. The team may recommend: (a) That the offender be evaluated by the designated crisis responder, as defined in chapter 71.05 RCW; (b) department-supervised community treatment; or (c) voluntary community mental health or substance use disorder or abuse treatment.

(3) Prior to release of an offender identified under this section, the team shall determine whether or not an evaluation by a designated crisis responder is needed. If an evaluation is recommended, the supporting documentation shall be immediately forwarded to the appropriate designated crisis responder. The supporting documentation shall include the offender's criminal history, history of judicially required or administratively ordered involuntary antipsychotic medication while in confinement, and any known history of involuntary civil commitment.

(4) If an evaluation by a designated crisis responder is recommended by the team, such evaluation shall occur not more than ten days, nor less than five days, prior to release.

(5) A second evaluation by a designated crisis responder shall occur on the day of release if requested by the team, based upon new information or a change in the offender's mental condition, and the initial evaluation did not result in

an emergency detention or a summons under chapter 71.05 RCW.

(6) If the designated crisis responder determines an emergency detention under chapter 71.05 RCW is necessary, the department shall release the offender only to a state hospital or to a consenting evaluation and treatment facility. The department shall arrange transportation of the offender to the hospital or facility.

(7) If the designated crisis responder believes that a less restrictive alternative treatment is appropriate, he or she shall seek a summons, pursuant to the provisions of chapter 71.05 RCW, to require the offender to appear at an evaluation and treatment facility. If a summons is issued, the offender shall remain within the corrections facility until completion of his or her term of confinement and be transported, by corrections personnel on the day of completion, directly to the identified evaluation and treatment facility.

(8) The secretary shall adopt rules to implement this section. [2019 c 325 § 5025; 2018 c 201 § 9012; 2016 sp.s. c 29 § 427; 2014 c 225 § 95. Prior: 2009 c 319 § 3; 2009 c 28 § 36; 2001 2nd sp.s. c 12 § 362; 1999 c 214 § 2.]

The legislature does not create a presumption that any person subject to the provisions of this act is dangerous as a result of a mental disorder or chemical dependency or abuse. The legislature intends that every person subject to the provisions of this act retain the amount of liberty consistent with his or her condition, behavior, and legal status and that any restraint of liberty be done solely on the basis of forensic and clinical practices and standards." 72.09.400 Work ethic camp program—Findings—

Intent. The legislature finds that high crime rates and a heightened sense of vulnerability have led to increased public pressure on criminal justice officials to increase offender punishment and remove the most dangerous criminals from the streets. As a result, there is unprecedented growth in the corrections populations and overcrowding of prisons and local jails. Skyrocketing costs and high rates of recidivism have become issues of major public concern. Attention must be directed towards implementing a long-range corrections strategy that focuses on inmate responsibility through intensive work ethic training.

The legislature finds that many offenders lack basic life skills and have been largely unaffected by traditional correctional philosophies and programs. In addition, many first-time offenders who enter the prison system learn more about how to be criminals than the important qualities, values, and skills needed to successfully adapt to a life without crime.

The legislature finds that opportunities for offenders to improve themselves are extremely limited and there has not been adequate emphasis on alternatives to total confinement for nonviolent offenders.

The legislature finds that the explosion of drug crimes since the inception of the sentencing reform act and the response of the criminal justice system have resulted in a much higher proportion of substance abuse-affected offenders in the state's prisons and jails. The needs of this population differ from those of other offenders and present a great challenge to the system. The problems are exacerbated by the shortage of drug treatment and counseling programs both in and outside of prisons.

The legislature finds that the concept of a work ethic camp that requires the offender to complete an appropriate and balanced combination of highly structured and goal-oriented work programs such as correctional industries based work camps and/or class I and class II work projects, drug rehabilitation, and intensive life management work ethic training, can successfully reduce offender recidivism and lower the overall cost of incarceration.

It is the purpose and intent of RCW 72.09.400 through *72.09.420, 9.94A.690, and **section 5, chapter 338, Laws of 1993 to implement a regimented work ethic camp that is designed to directly address the high rate of recidivism, reduce upwardly spiraling prison costs, preserve scarce and high cost prison space for the most dangerous offenders, and provide judges with a tough and sound alternative to traditional incarceration without compromising public safety. [1993 c 338 § 1.]

Reviser's note: *(1) RCW 72.09.420 was repealed by 1998 c 273 § 1.

72.09.410 Work ethic camp program—Generally.

The department of corrections shall establish one work ethic camp. The secretary shall locate the work ethic camp within an already existing department compound or facility, or in a facility that is scheduled to come on line within the initial implementation date outlined in this section. The facility selected for the camp shall appropriately accommodate the logistical and cost-effective objectives contained in RCW 72.09.400 through *72.09.420, 9.94A.690, and **section 5, chapter 338, Laws of 1993. The department shall be ready to assign inmates to the camp one hundred twenty days after July 1, 1993. The department shall establish the work ethic camp program cycle to last from one hundred twenty to one hundred eighty days. The department shall develop all aspects of the work ethic camp program including, but not limited to, program standards, conduct standards, educational components including preparation for a high school equivalency certificate as described in RCW 28B.50.536, offender incentives, drug rehabilitation program parameters, individual and team work goals, techniques for improving the offender's self-esteem, citizenship skills for successful living in the community, measures to hold the offender accountable for his or her behavior, and the successful completion of the work ethic camp program granted to the offender based on successful attendance, participation, and performance as defined by the secretary. The work ethic camp shall be designed and implemented so that offenders are continually engaged in meaningful activities and unstructured time is kept to a minimum. In addition, the department is encouraged to explore the integration and overlay of a military style approach to the work ethic camp. [2013 c 39 § 23; 1993 c 338 § 3.]

72.09.450 Limitation on denial of access to services and supplies—Recoupment of assessments—Collections.

(1) An inmate shall not be denied access to services or supplies required by state or federal law solely on the basis of his or her inability to pay for them.

(2) The department shall record all lawfully authorized assessments for services or supplies as a debt to the department. The department shall recoup the assessments when the inmate's institutional account exceeds the indigency standard, and may pursue other remedies to recoup the assessments after the period of incarceration.

(3) The department shall record as a debt any costs assessed by a court against an inmate plaintiff where the state is providing defense pursuant to chapter 4.92 RCW. The department shall recoup the debt when the inmate's institutional account exceeds the indigency standard and may pursue other remedies to recoup the debt after the period of incarceration.

(4) In order to maximize the cost-efficient collection of unpaid offender debt existing after the period of an offender's incarceration, the department is authorized to use the follow-

ing nonexclusive options: (a) Use the collection services available through the department of enterprise services, or (b) notwithstanding any provision of chapter 41.06 RCW, contract with collection agencies for collection of the debts. The costs for enterprise services or collection agency services shall be paid by the debtor. Any contract with a collection agency shall only be awarded after competitive bidding. Factors the department shall consider in awarding a collection contract include but are not limited to a collection agency's history and reputation in the community; and the agency's access to a local database that may increase the efficiency of its collections. The servicing of an unpaid obligation to the department does not constitute assignment of a debt, and no contract with a collection agency may remove the department's control over unpaid obligations owed to the department. [2015 c 225 § 113; 1996 c 277 § 1; 1995 1st sp.s. c 19 § 4.]

Findings—Purpose—1995 1st sp.s. c 19: "The legislature finds the increasing number of inmates incarcerated in state correctional institutions, and the expenses associated with their incarceration, require expanded efforts to contain corrections costs. Cost containment requires improved planning and oversight, and increased accountability and responsibility on the part of inmates and the department.

The legislature further finds motivating inmates to participate in meaningful education and work programs in order to learn transferable skills and earn basic privileges is an effective and efficient way to meet the penological objectives of the corrections system.

The purpose of this act is to assure that the department fulfills its mission to reduce offender recidivism, to mirror the values of the community by clearly linking inmate behavior to receipt of privileges, and to prudently manage the resources it receives through tax dollars. This purpose is accomplished through the implementation of specific cost-control measures and creation of a planning and oversight process that will improve the department's effectiveness and efficiencies." 72.09.460 Inmate participation in education and work programs—Associate degree education opportunities—Legislative intent—Priorities—Rules—Payment of costs. (1) Recognizing that there is a positive correlation between education opportunities and reduced recidivism, it is the intent of the legislature to offer appropriate associate degree opportunities to inmates designed to prepare the inmate to enter the workforce.

(2) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted as specifically provided in this section. Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges.

(3) The legislature recognizes more inmates may agree to participate in education and work programs than are available. The department must make every effort to achieve maximum public benefit by placing inmates in available and appropriate education and work programs.

(4)(a) The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for inmates in the order listed:

(i) Achievement of basic academic skills through obtaining a high school diploma or a high school equivalency certificate as provided in RCW 28B.50.536;

(ii) Achievement of vocational skills necessary for purposes of work programs and for an inmate to qualify for work upon release;

(iii) Additional work and education programs necessary for compliance with an offender's individual reentry plan under RCW 72.09.270; and

(iv) Other appropriate vocational, work, or education programs that are not necessary for compliance with an offender's individual reentry plan under RCW 72.09.270 including associate degree education programs.

(b) If programming is provided pursuant to (a)(i) through (iii) of this subsection, the department shall pay the cost of such programming, including but not limited to books, materials, and supplies.

(c) If programming is provided pursuant to (a)(iv) of this subsection, inmates shall be required to pay all or a portion of the costs, including books, fees, and tuition, for participation in any vocational, work, or education program as provided in department policies. Department policies shall include a formula for determining how much an offender shall be required to pay. The formula shall include steps which correlate to an offender average monthly income or average available balance in a personal inmate savings account and which are correlated to a prorated portion or percent of the per credit fee for tuition, books, or other ancillary costs. The formula shall be reviewed every two years. A third party may pay directly to the department all or a portion of costs and tuition for any programming provided pursuant to (a)(iv) of this subsection on behalf of an inmate. Such payments shall not be subject to any of the deductions as provided in this chapter.

(d) The department may accept any and all donations and grants of money, equipment, supplies, materials, and services from any third party, including but not limited to nonprofit entities, and may receive, utilize, and dispose of same to complete the purposes of this section.

(e) Any funds collected by the department under (c) and (d) of this subsection and subsections (9) and (10) of this section shall be used solely for the creation, maintenance, or expansion of inmate educational and vocational programs.

(5) The department shall provide access to a program of education to all offenders who are under the age of eighteen and who have not met high school graduation requirements or requirements to earn a high school equivalency certificate as provided in RCW 28B.50.536 in accordance with chapter 28A.193 RCW. The program of education established by the department and education provider under RCW 28A.193.020 for offenders under the age of eighteen must provide each offender a choice of curriculum that will assist the inmate in achieving a high school diploma or high school equivalency certificate. The program of education may include but not be limited to basic education, prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.

(6)(a) In addition to the policies set forth in this section, the department shall consider the following factors in establishing criteria for assessing the inclusion of education and

work programs in an inmate's individual reentry plan and in placing inmates in education and work programs:

(i) An inmate's release date and custody level. An inmate shall not be precluded from participating in an education or work program solely on the basis of his or her release date, except that inmates with a release date of more than one hundred twenty months in the future shall not comprise more than ten percent of inmates participating in a new class I correctional industry not in existence on June 10, 2004;

(ii) An inmate's education history and basic academic skills;

(iii) An inmate's work history and vocational or work skills;

(iv) An inmate's economic circumstances, including but not limited to an inmate's family support obligations; and

(v) Where applicable, an inmate's prior performance in department-approved education or work programs;

(b) The department shall establish, and periodically review, inmate behavior standards and program goals for all education and work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be removed from the education or work program if they consistently fail to meet the standards or goals.

(7) Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges.

(8) The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines an inmate is permanently unable to participate in any available education or work program due to a health condition, the inmate is exempt from the requirement under subsection (2) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (2) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all inmates with temporary disabilities to ensure the earliest possible entry or reentry by inmates into available programming.

(9) The department shall establish policies requiring an offender to pay all or a portion of the costs and tuition for any vocational training or postsecondary education program if the offender previously abandoned coursework related to associate degree education or vocational training without excuse as defined in rule by the department. Department policies shall include a formula for determining how much an offender shall be required to pay. The formula shall include steps which correlate to an offender average monthly income or average available balance in a personal inmate savings account and which are correlated to a prorated portion or percent of the per credit fee for tuition, books, or other ancillary costs. The formula shall be reviewed every two years. A third party may pay directly to the department all or a portion of

costs and tuition for any program on behalf of an inmate under this subsection. Such payments shall not be subject to any of the deductions as provided in this chapter.

(10) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release, sentenced to death under chapter 10.95 RCW, or subject to the provisions of 8 U.S.C. Sec. 1227:

(a) Shall not be required to participate in education programming except as may be necessary for the maintenance of discipline and security;

(b) May not participate in an associate degree education program offered by the department or its contracted providers;

(c) May participate in prevocational or vocational training that may be necessary to participate in a work program;

(d) Shall be subject to the applicable provisions of this chapter relating to inmate financial responsibility for programming. [2017 c 120 § 3; 2013 c 39 § 24; 2007 c 483 § 402; 2004 c 167 § 5; 1998 c 244 § 10; 1997 c 338 § 43; 1995 1st sp.s. c 19 § 5.]

Findings—Intent—2017 c 120: See note following RCW 28B.50.815.

Findings—Intent—2007 c 483: "Research and practice show that long-term success in helping offenders prepare for economic self-sufficiency requires strategies that address their education and employment needs. Recent research suggests that a solid academic foundation and employment- and career-focused programs can be cost-effective in reducing the likelihood of reoffense. To this end, the legislature intends that the state strive to provide every inmate with basic academic skills as well as educational and vocational training designed to meet the assessed needs of the offender.

Nonetheless, it is vital that offenders engaged in educational or vocational training contribute to their own success. An offender should financially contribute to his or her education, particularly postsecondary educational pursuits. The legislature intends to provide more flexibility for offenders in obtaining postsecondary education by allowing third parties to make contributions to the offender's education without mandatory deductions. In developing the loan program, the department is encouraged to adopt rules and standards similar to those that apply to students in noninstitutional settings for issues such as applying for a loan, maintaining accountability, and accruing interest on the loan obligation." 72.09.465 Associate degree education programs. (1) The department may implement associate degree education programs at state correctional institutions. During the 2015-2017 fiscal biennium, the department may implement postsecondary degree programs within state institutions, including the state correctional institution with the largest population of females, within its existing funds and under the limitations in this section, to include any funding provided under subsection (3) of this section. The department may consider for inclusion in any associate degree education program, any education program from an accredited community or technical college, college, or university that is part of an associate workforce degree program designed to prepare the inmate to enter the workforce.

(2) Inmates not meeting the department's priority criteria for the state-funded associate degree education program shall be required to pay the costs for participation in a postsecondary education degree program if he or she elects to participate

through self-pay, including costs of books, fees, tuition, or any other appropriate ancillary costs, by one or more of the following means:

(a) The inmate who is participating in the postsecondary education degree program may, during confinement, provide the required payment or payments to the department; or

(b) A third party shall provide the required payment or payments directly to the department on behalf of an inmate, and such payments shall not be subject to any of the deductions as provided in this chapter.

(3) The department may accept any and all donations and grants of money, equipment, supplies, materials, and services from any third party, including but not limited to nonprofit entities, and may receive, utilize, and dispose of same to provide postsecondary education to inmates.

(4) An inmate may be selected to participate in a state-funded associate degree education program, based on priority criteria determined by the department, in which the following conditions may be considered:

(a) Priority should be given to inmates within five years or less of release;

(b) The inmate does not already possess a postsecondary education degree; and

(c) The inmate's individual reentry plan includes participation in an associate degree education program that is:

(i) Offered at the inmate's state correctional institution;

(ii) Approved by the department as an eligible and effective postsecondary education degree program; and

(iii) Limited to an associate workforce degree.

(5) During the 2015-2017 fiscal biennium, an inmate may be selected to participate in a state-funded postsecondary education degree program, based on priority criteria determined by the department, in which the following conditions may be considered:

(a) Priority should be given to inmates within five years of release;

(b) The inmate does not already possess a postsecondary education degree; and

(c) The inmate's individual reentry plan includes participation in a postsecondary education degree program that is:

(i) Offered at the inmate's state correctional institution; and

(ii) Approved by the department as an eligible and effective postsecondary education degree program.

(6) Any funds collected by the department under this section shall be used solely for the creation, maintenance, or expansion of inmate postsecondary education degree programs. [2017 c 120 § 4; 2016 sp.s. c 36 § 946; 2007 c 483 § 403.]

72.09.470 Inmate contributions for cost of privileges—Standards. To the greatest extent practical, all inmates shall contribute to the cost of privileges. The department shall establish standards by which inmates shall contribute a portion of the department's capital costs of providing privileges, including television cable access, extended family

(2020 Ed.)

visitation, weight lifting, and other recreational sports equipment and supplies. The standards shall also require inmates to contribute a significant portion of the department's operating costs directly associated with providing privileges, including staff and supplies. Inmate contributions may be in the form of individual user fees assessed against an inmate's institution account, deductions from an inmate's gross wages or gratuities, or inmates' collective contributions to the institutional welfare/betterment fund. The department shall make every effort to maximize individual inmate contributions to payment for privileges. The department shall not limit inmates' financial support for privileges to contributions from the institutional welfare/betterment fund. The standards shall consider the assets available to the inmates, the cost of administering compliance with the contribution requirements, and shall promote a responsible work ethic. 72.09.480 Inmate funds subject to deductions—Definitions—Exceptions—Child support collection actions.

(1) Unless the context clearly requires otherwise, the definitions in this section apply to this section.

(a) "Cost of incarceration" means the cost of providing an inmate with shelter, food, clothing, transportation, supervision, and other services and supplies as may be necessary for the maintenance and support of the inmate while in the custody of the department, based on the average per inmate costs established by the department and the office of financial management.

(b) "Minimum term of confinement" means the minimum amount of time an inmate will be confined in the custody of the department, considering the sentence imposed and adjusted for the total potential earned early release time available to the inmate.

(c) "Program" means any series of courses or classes necessary to achieve a proficiency standard, certificate, or postsecondary degree.

(2) When an inmate, except as provided in subsections (4) and (8) of this section, receives any funds in addition to his or her wages or gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to the following deductions and the priorities established in chapter 72.11 RCW:

(a) Five percent to the crime victims' compensation account provided in RCW 7.68.045;

(b) Ten percent to a department personal inmate savings account;

(c) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court;

(d) Twenty percent for any child support owed under a support order;

(e) Twenty percent to the department to contribute to the cost of incarceration; and

(f) Twenty percent for payment of any civil judgment for assault for all inmates who are subject to a civil judgment for assault in any Washington state court or federal court.

(3) When an inmate, except as provided in subsection (9) of this section, receives any funds from a settlement or award

72.09.495 Incarcerated parents—Policies to encourage family contact and engagement. (1) The secretary of corrections shall review current department policies and assess the following:

(a) The impact of existing policies on the ability of offenders to maintain familial contact and engagement between inmates and children; and

(b) The adequacy and availability of programs targeted at inmates with children.

(2) The secretary shall adopt policies that encourage familial contact and engagement between inmates and their children with the goal of reducing recidivism and intergenerational incarceration. Programs and policies should take into consideration the children's need to maintain contact with his

or her parent and the inmate's ability to develop plans to financially support their children, assist in reunification when appropriate, and encourage the improvement of parenting skills where needed.

(3) The department shall conduct the following activities to assist in implementing the requirements of subsection (1) of this section:

(a) Gather information and data on the families of inmates, particularly the children of incarcerated parents;

(b) Evaluate data to determine the impact on recidivism and intergenerational incarceration; and

(c) Participate in the children of incarcerated parents advisory committee and report information obtained under this section to the advisory committee. [2007 c 384 § 2.]

Intent—Finding—2007 c 384: "The legislature recognizes the significant impact on the lives and well-being of children and families when a parent is incarcerated. It is the intent of the legislature to support children and families, and maintain familial connections when appropriate, during the period a parent is incarcerated. Further, the legislature finds that there must be a greater emphasis placed on identifying state policies and programs impacting children with incarcerated parents. Additionally, greater effort must be made to ensure that the policies and programs of the state are supportive of the children, and meet their needs during the time the parent is incarcerated.

According to the final report of the children of incarcerated parents oversight committee, helping offenders build durable family relationships may reduce the likelihood that their children will go to prison later in life. Additionally, the report indicates that offenders who reconnect with their families in sustaining ways are less likely to reoffend. In all efforts to help offenders build these relationships with their children, the safety of the children will be paramount." [2007 c 384 § 1.]

72.09.500 Prohibition on weight-lifting. If, based on the review, it is determined by the superintendent that the inmate poses a threat to the safety of others or the order of the facility, or otherwise does not meet requirements for the weight-lifting privilege, the superintendent may impose an additional reasonable restriction period. All disclosure of information to the public must be done in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. Nothing in this subsection prevents any person from reporting to law enforcement or the department behavior that he or she believes creates a public safety risk. In the event the corrections officer determines that extraordinary circumstances exist and restraints are used, the corrections officer must fully document in writing the reasons that he or she determined such extraordinary circumstances existed such that restraints were used. 72.10.020 Health services delivery plan—Reports to the legislature—Policy for distribution of personal hygiene items. (1) Upon entry into the correctional system, offenders shall receive an initial medical examination. The department shall prepare a health profile for each offender that includes at least the following information: (a) An identification of the offender's serious medical and dental needs; (b) an evaluation of the offender's capacity for work and recreation; and (c) a financial assessment of the offender's ability to pay for all or a portion of his or her health care services from personal resources or private insurance.

(2)(a) The department may develop and implement a plan for the delivery of health care services and personal hygiene items to offenders in the department's correctional facilities, at the discretion of the secretary, and in conformity with federal law.

(b) To discourage unwarranted use of health care services caused by unnecessary visits to health care providers, offenders shall participate in the costs of their health care services by paying an amount that is commensurate with their resources as determined by the department, or a nominal amount of no less than four dollars per visit, as determined by the secretary. Under the authority granted in RCW 72.01.050(2), the secretary may authorize the superintendent to collect this amount directly from an offender's institution account. All copayments collected from offenders' institution accounts shall be a reduction in the expenditures for offender health care at the department.

(c) Offenders are required to make copayments for initial health care visits that are offender initiated and, by rule adopted by the department, may be charged a copayment for subsequent visits related to the medical condition which caused the initial visit.

(d) No offender may be refused any health care service because of indigence.

(e) At no time shall the withdrawal of funds for the payment of a medical service copayment result in reducing an offender's institution account to an amount less than the level of indigency as defined in chapter 72.09 RCW.

(3)(a) The secretary shall adopt, by rule, a uniform policy relating to the distribution and replenishment of personal hygiene items for inmates incarcerated in all department institutions. The policy shall provide for the initial distribution of adequate personal hygiene items to inmates upon their arrival at an institution.

(b) The acquisition of replenishment personal hygiene items is the responsibility of inmates, except that indigent inmates shall not be denied adequate personal hygiene items based on their inability to pay for them.

(c) The policy shall provide that the replenishment personal hygiene items be distributed to inmates only in autho-

rized quantities and at intervals that reflect prudent use and customary wear and consumption of the items.

(4) To the extent that federal law allows and federal financial participation is available, for the limited purpose of implementing this section, the department, or the department's designee, is authorized to act on behalf of an inmate for purposes of applying for medicaid eligibility.

(5) The following become a debt and are subject to RCW 72.09.450:

(a) All copayments under subsection (2) of this section that are not collected when the visit occurs; and

(b) All charges for replenishment personal hygiene items that are not collected when the item is distributed.

(6) The department, in accordance with medically accepted best practices and in consultation with the health care authority, shall develop and implement uniform standards across all of the department's correctional facilities for determining when a patient's current health status requires a referral for consultation or treatment outside the department. These standards must be based on the health care community standard of care to ensure medical referrals for consultation or treatment are timely and promote optimal patient outcomes. [2020 c 58 § 2; 2016 c 197 § 8; 2012 c 237 § 1; 1995 1st sp.s. c 19 § 17; 1989 c 157 § 3.]

72.10.030 Contracts for services. (1) Notwithstanding any other provisions of law, the secretary may enter into contracts with health care practitioners, health care facilities, and other entities or agents as may be necessary to provide medical, behavioral health, and chemical dependency treatment care to inmates. The contracts shall not cause the termination of classified employees of the department rendering the services at the time the contract is executed.

(2) In contracting for services, the secretary is authorized to provide for indemnification of health care practitioners who cannot obtain professional liability insurance through reasonable effort, from liability on any action, claim, or proceeding instituted against them arising out of the good faith performance or failure of performance of services on behalf of the department. The contracts may provide that for the purposes of chapter 4.92 RCW only, those health care practitioners with whom the department has contracted shall be considered state employees.

(3) Providers of hospital services that are hospitals licensed under chapter 70.41 RCW shall contract with the department for inpatient, outpatient, and ancillary services if deemed appropriate by the department. Payments to hospitals shall conform to the following requirements:

(a) The department shall pay hospitals through the provider one system operated by the Washington state health care authority;

(b) The department shall reimburse the hospitals using the reimbursement methodology in use by the state medicaid program; and

(c) The department shall only reimburse a provider of hospital services to a hospital patient at a rate no more than the amount payable under the medicaid reimbursement structure plus a percentage increase that is determined in the operating budget, regardless of whether the hospital is located

within or outside of Washington. [2012 c 237 § 2; 1989 c 157 § 4.]

72.10.060 Inmates who have received mental health treatment—Notification to treatment provider at time of release. The secretary shall, for any person committed to a state correctional facility after July 1, 1998, inquire at the time of commitment whether the person had received outpatient mental health treatment within the two years preceding confinement and the name of the person providing the treatment.

The secretary shall inquire of the treatment provider if he or she wishes to be notified of the release of the person from confinement, for purposes of offering treatment upon the inmate's release. If the treatment provider wishes to be notified of the inmate's release, the secretary shall attempt to provide such notice at least seven days prior to release.

At the time of an inmate's release if the secretary is unable to locate the treatment provider, the secretary shall notify the health care authority and the behavioral health administrative services organization in the county the inmate will most likely reside following release.

If the secretary has, prior to the release from the facility, evaluated the inmate and determined he or she requires post-release mental health treatment, a copy of relevant records and reports relating to the inmate's mental health treatment or status shall be promptly made available to the offender's present or future treatment provider. The secretary shall determine which records and reports are relevant and may provide a summary in lieu of copies of the records. [2019 c 325 § 5027; 2014 c 225 § 97; 1998 c 297 § 48.]

Upon receipt of a written request signed by the superintendent stating that a designated patient of such hospital is involuntarily hospitalized therein, and that no guardian of his or her estate has been appointed, any person, bank, firm, or corporation having possession of any money, bank accounts, or choses in action owned by such patient, may, if the balance due does not exceed one thousand dollars, deliver the same to the superintendent and mail written notice thereof to such patient at such hospital. The receipt of the superintendent shall be full and complete acquittance for such payment and the person, bank, firm, or corporation making such payment shall not be liable to the patient or his or her legal representatives. All funds so received by the superintendent shall be deposited in such patient's personal account at such hospital and be administered in accordance with this chapter.

If any proceeding is brought in any court to recover property so delivered, the attorney general shall defend the same without cost to the person, bank, firm, or corporation effecting such delivery, and the state shall indemnify such person, bank, firm, or corporation against any judgment rendered as a result of such proceeding. 72.23.260 Federal patients—Agreements authorized. The department shall have the power, in the name of the state, to enter into contracts with any duly authorized representative of the United States government, providing for the admission to, and the separate or joint observation, maintenance, care, treatment and custody in, state hospitals of persons entitled to or requiring the same, at the expense of the United States, and contracts providing for the separate or joint maintenance, care, treatment or custody of such persons hospitalized in the manner provided by law, and to perform such contracts, which contracts shall provide that all payments due the state of Washington from the United States for services rendered under said contracts shall be paid to the

department. [1959 c 28 § 72.23.260. Prior: 1951 c 139 § 65. Formerly RCW 71.02.460.]

72.23.280 Nonresidents—Hospitalization. Nonresidents of this state conveyed or coming herein while mentally ill shall not be hospitalized in a state hospital, but this prohibition shall not prevent the hospitalization and temporary care in said hospitals of such persons stricken with mental illness while traveling or temporarily sojourning in this state, or sailors attacked with mental illness upon the high seas and first arriving thereafter in some port within this state. [1959 c 28 § 72.23.280. Prior: 1951 c 139 § 67. Formerly RCW 71.02.470.]

Whenever it appears to be to the best interests of the patients concerned, the department shall have the authority to transfer such patients among the various state hospitals pursuant to rules and regulations established by said department. The superintendent of a state hospital shall also have authority to transfer patients eligible for treatment to the veterans administration or other United States government agency where such transfer is satisfactory to such agency. Such agency shall possess the same authority over such patients as the superintendent would have possessed had the patient remained in a state hospital. [1959 c 28 § 72.23.290. 72.23.390 Safe patient handling. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Lift team" means hospital employees specially trained to conduct patient lifts, transfers, and repositioning using lifting equipment when appropriate.

(b) "Safe patient handling" means the use of engineering controls, lifting and transfer aids, or assistive devices, by lift teams or other staff, instead of manual lifting to perform the acts of lifting, transferring, and repositioning health care patients and residents.

(c) "Musculoskeletal disorders" means conditions that involve the nerves, tendons, muscles, and supporting structures of the body.

(2) By February 1, 2007, each hospital must establish a safe patient handling committee either by creating a new committee or assigning the functions of a safe patient handling committee to an existing committee. The purpose of the committee is to design and recommend the process for implementing a safe patient handling program. At least half of the members of the safe patient handling committee shall be frontline nonmanagerial employees who provide direct care to patients unless doing so will adversely affect patient care.

(3) By December 1, 2007, each hospital must establish a safe patient handling program. As part of this program, a hospital must:

(a) Implement a safe patient handling policy for all shifts and units of the hospital. Implementation of the safe patient handling policy may be phased-in with the acquisition of equipment under subsection (4) of this section;

(b) Conduct a patient handling hazard assessment. This assessment should consider such variables as patient-handling tasks, types of nursing units, patient populations, and the physical environment of patient care areas;

(c) Develop a process to identify the appropriate use of the safe patient handling policy based on the patient's physical and medical condition and the availability of lifting equipment or lift teams;

(d) Conduct an annual performance evaluation of the program to determine its effectiveness, with the results of the evaluation reported to the safe patient handling committee. The evaluation shall determine the extent to which implementation of the program has resulted in a reduction in musculoskeletal disorder claims and days of lost work attributable to musculoskeletal disorder caused by patient handling, and include recommendations to increase the program's effectiveness; and

(e) When developing architectural plans for constructing or remodeling a hospital or a unit of a hospital in which patient handling and movement occurs, consider the feasibility of incorporating patient handling equipment or the physical space and construction design needed to incorporate that equipment at a later date.

(4) By January 30, 2010, hospitals must complete acquisition of their choice of: (a) One readily available lift per acute care unit on the same floor, unless the safe patient handling committee determines a lift is unnecessary in the unit; (b) one lift for every ten acute care available inpatient beds; or (c) equipment for use by lift teams. Hospitals must train staff on policies, equipment, and devices at least annually.

(5) Nothing in this section precludes lift team members from performing other duties as assigned during their shift.

(6) A hospital shall develop procedures for hospital employees to refuse to perform or be involved in patient handling or movement that the hospital employee believes in good faith will expose a patient or a hospital employee to an unacceptable risk of injury. A hospital employee who in good faith follows the procedure developed by the hospital in accordance with this subsection shall not be the subject of disciplinary action by the hospital for the refusal to perform or be involved in the patient handling or movement. [2006 c 165 § 3.]

Findings—2006 c 165: See note following RCW 70.41.390.

72.23.400 Workplace safety plan. (1) By November 1, 2000, each state hospital shall develop a plan, for implementation by January 1, 2001, to reasonably prevent and protect employees from violence at the state hospital. The plan shall be developed with input from the state hospital's safety committee, which includes representation from management, unions, nursing, psychiatry, and key function staff as appropriate. The plan shall address security considerations related to the following items, as appropriate to the particular state hospital, based upon the hazards identified in the assessment required under subsection (2) of this section:

(a) The physical attributes of the state hospital including access control, egress control, door locks, lighting, and alarm systems;

(b) Staffing, including security staffing;

(c) Personnel policies;

(d) First aid and emergency procedures;

(e) Reporting violent acts, taking appropriate action in response to violent acts, and follow-up procedures after violent acts;

(f) Development of criteria for determining and reporting verbal threats;

(g) Employee education and training; and

(h) Clinical and patient policies and procedures including those related to smoking; activity, leisure, and therapeutic programs; communication between shifts; and restraint and seclusion.

(2) Before the development of the plan required under subsection (1) of this section, each state hospital shall conduct a security and safety assessment to identify existing or potential hazards for violence and determine the appropriate preventive action to be taken. The assessment shall include, but is not limited to analysis of data on violence and worker's compensation claims during at least the preceding year, input from staff and patients such as surveys, and information relevant to subsection (1)(a) through (h) of this section.

(3) In developing the plan required by subsection (1) of this section, the state hospital may consider any guidelines on violence in the workplace or in the state hospital issued by the department of health, the department of social and health services, the department of labor and industries, the federal occupational safety and health administration, medicare, and state hospital accrediting organizations.

(4) The plan must be evaluated, reviewed, and amended as necessary, at least annually. [2000 c 22 § 3.]

Findings—2000 c 22: "The legislature finds that:

(1) Workplace safety is of paramount importance in state hospitals for patients and the staff that treat them;

(2) Based on an analysis of workers' compensation claims, the department of labor and industries reports that state hospital employees face high rates of workplace violence in Washington state;

(3) State hospital violence is often related to the nature of the patients served, people who are both mentally ill and too dangerous for treatment in their home community, and people whose behavior is driven by elements of mental illness including desperation, confusion, delusion, or hallucination;

(4) Patients and employees should be assured a reasonably safe and secure environment in state hospitals;

(5) The state hospitals have undertaken efforts to assure that patients and employees are safe from violence, but additional personnel training and appropriate safeguards may be needed to prevent workplace violence and minimize the risk and dangers affecting people in state hospitals; and

(6) Duplication and redundancy should be avoided so as to maximize resources available for patient care." [2000 c 22 § 1.]

72.23.410 Violence prevention training. By July 1, 2001, and at least annually thereafter, as set forth in the plan developed under RCW 72.23.400, each state hospital shall provide violence prevention training to all its affected employees as determined by the plan. Initial training shall occur prior to assignment to a patient unit, and in addition to his or her ongoing training as determined by the plan. The training may vary by the plan and may include, but is not limited to, classes, videotapes, brochures, verbal training, or other verbal or written training that is determined to be appropriate under the plan. The training shall address the following topics, as appropriate to the particular setting and to the duties and responsibilities of the particular employee being trained, based upon the hazards identified in the assessment required under RCW 72.23.400:

- (1) General safety procedures;
- (2) Personal safety procedures and equipment;
- (3) The violence escalation cycle;
- (4) Violence-predicting factors;
- (5) Obtaining patient history for patients with violent behavior or a history of violent acts;
- (6) Verbal and physical techniques to de-escalate and minimize violent behavior;
- (7) Strategies to avoid physical harm;
- (8) Restraining techniques;
- (9) Documenting and reporting incidents;
- (10) The process whereby employees affected by a violent act may debrief;
- (11) Any resources available to employees for coping with violence;
- (12) The state hospital's workplace violence prevention plan;
- (13) Use of the intershift reporting process to communicate between shifts regarding patients who are agitated; and
- (14) Use of the multidisciplinary treatment process or other methods for clinicians to communicate with staff regarding patient treatment plans and how they can collaborate to prevent violence. [2000 c 22 § 4.]

Findings—2000 c 22: See note following RCW 72.23.400.

72.23.420 Record of violent acts. Beginning no later than July 1, 2000, each state hospital shall keep a record of any violent act against an employee or a patient occurring at the state hospital. Each record shall be kept for at least five years following the act reported during which time it shall be available for inspection by the department of labor and industries upon request. At a minimum, the record shall include:

- (1) Necessary information for the state hospital to comply with the requirements of chapter 49.17 RCW related to employees that may include:
 - (a) A full description of the violent act;
 - (b) When the violent act occurred;
 - (c) Where the violent act occurred;
 - (d) To whom the violent act occurred;
 - (e) Who perpetrated the violent act;

Chapter 72.27 RCW

INTERSTATE COMPACT ON MENTAL HEALTH

Sections

72.27.010	Compact enacted.
72.27.020	Secretary is compact administrator—Rules and regulations—Cooperation with other agencies.
72.27.030	Supplementary agreements.
72.27.040	Financial arrangements.
72.27.050	Prerequisites for transfer of person to another party state—Release or return of residents, jurisdiction, laws applicable.
72.27.060	Transmittal of copies of chapter.
72.27.070	Right to deport aliens and return residents of nonparty states preserved.

72.27.010 Compact enacted. The Interstate Compact on Mental Health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(b) "Receiving state" shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(c) "Institution" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) "Patient" shall mean any person subject to or eligible as determined by the laws of the sending state, for institution-

alization or other care, treatment, or supervision pursuant to the provisions of this compact.

(e) "After-care" shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

ARTICLE III

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

ARTICLE IV

(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the med-

ical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

ARTICLE VII

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a

party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care and treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances: PROVIDED, HOWEVER, That in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

ARTICLE IX

(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X

(a) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general coordina-

tor of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1965 ex.s. c 26 § 1.]

These rules shall be adopted after consultation with the resident councils and the state long-term care ombuds, and shall include, but not be limited to the following:

(1) Provision of staff technical assistance to the councils;

[Title 72 RCW—page 75]

(2) Provision of an active role for residents in developing choices regarding activities, foods, living arrangements, personal care, and other aspects of resident life;

72.36.1601 Findings. The legislature finds that continued operation of state veterans' homes is necessary to meet the needs of eligible veterans for shelter, personal and nursing care, and related services; that certain residents of veterans' homes or services provided to them may be eligible for participation in the state's medicaid reimbursement system; and that authorizing medicaid participation is appropriate to address the homes' long-term funding needs. The legislature also finds that it is important to maintain the dignity and self-respect of residents of veterans' homes, by providing for continued resident involvement in the homes' operation, and through retention of current law guaranteeing a minimum amount of allowable personal income necessary to meet the greater costs for these residents of transportation, communication, and participation in family and community activities that are vitally important to their maintenance and rehabilitation. 72.40.015 Center for deaf and hard of hearing youth—Functions.

(c) Collaborating with appropriate public and private partners for the training and professional development of educators serving children who are deaf or hard of hearing. [2019 c 266 § 1; 2009 c 381 § 2.]

Findings—Intent—2009 c 381: "The legislature finds that the education of children who are deaf presents unique challenges because deafness is a low-incidence disability significantly impacting the child's ability to access communication at home, at school, and in the community. The legislature further finds that over the past fifty years, there have been numerous advances in technology as well as a growing awareness about the importance of delivering services to children in a variety of communication modalities to support their early and continued access to communication. The legislature intends to enhance the coordination of regionally delivered educational services and supports for children who are deaf or hard of hearing and to promote the development of communication-rich learning environments for these children." (1) The schools shall implement a policy for the children who reside at the schools protecting those who are vulnerable to sexual victimization by other children who are sexually aggressive and residing at the schools. The policy shall include, at a minimum, the following elements:

(a) Development and use of an assessment process for identifying children, within thirty days of beginning residence at the schools, who present a moderate or high risk of sexually aggressive behavior for the purposes of this section. The assessment process need not require that every child who is adjudicated or convicted of a sex offense as defined in RCW 9.94A.030 be determined to be sexually aggressive, nor shall a sex offense adjudication or conviction be required

in order to determine a child is sexually aggressive. Instead, the assessment process shall consider the individual circumstances of the child, including his or her age, physical size, sexual abuse history, mental and emotional condition, and other factors relevant to sexual aggressiveness. The definition of "sexually aggressive youth" in RCW 74.13.075 does not apply to this section to the extent that it conflicts with this section;

(b) Development and use of an assessment process for identifying children, within thirty days of beginning residence at the schools, who may be vulnerable to victimization by children identified under (a) of this subsection as presenting a moderate or high risk of sexually aggressive behavior. The assessment process shall consider the individual circumstances of the child, including his or her age, physical size, sexual abuse history, mental and emotional condition, and other factors relevant to vulnerability;

(c) Development and use of placement criteria to avoid assigning children who present a moderate or high risk of sexually aggressive behavior to the same sleeping quarters as children assessed as vulnerable to sexual victimization, except that they may be assigned to the same multiple-person sleeping quarters if those sleeping quarters are regularly monitored by visual surveillance equipment or staff checks;

(d) Development and use of procedures for minimizing, within available funds, unsupervised contact in the residential facilities of the schools between children presenting moderate to high risk of sexually aggressive behavior and children assessed as vulnerable to sexual victimization. The procedures shall include taking reasonable steps to prohibit any child residing at the schools who present a moderate to high risk of sexually aggressive behavior from entering any sleeping quarters other than the one to which they are assigned, unless accompanied by an authorized adult.

(2) For the purposes of this section, the following terms have the following meanings:

(a) "Sleeping quarters" means the bedrooms or other rooms within a residential facility where children are assigned to sleep.

(b) "Unsupervised contact" means contact occurring outside the sight or hearing of a responsible adult for more than a reasonable period of time under the circumstances. [2000 c 125 § 10.]

sand twenty-four bed medium security prison as appropriated for and authorized by the legislature.

(2) Each implementation plan shall include, but not be limited to, sufficient space and design elements that try to achieve a target of twenty-five percent of the total inmates in class I employment programs and twenty-five percent of the total inmates in class II employment programs or as much of the target as possible without jeopardizing the efficient and necessary day-to-day operation of the prison. Only those inmates employed in class I and class II jobs may participate in the incentive program. The department shall develop special program criteria for inmates with physical or mental disabilities so that they can participate in the incentive program.

(4) The department shall propose rules specifying that inmate wages, other than the amount an inmate owes for taxes, legal financial obligations, and to the victim restitution fund, shall be returned to the department to pay for the cost of prison operations, including room and board.

(5) The plan shall identify actual or potential legal or operational obstacles, or both, in implementing the components of the plan as specified in this section, and recommend strategies to remove the obstacles.

(6) The department shall submit the plan to the appropriate committees of the legislature and to the governor by October 1, 1991. [2020 c 274 § 56; 1991 c 256 § 2.]

72.68.010 Transfer of prisoners. (1) Whenever in its judgment the best interests of the state or the welfare of any prisoner confined in any penal institution will be better

served by his or her transfer to another institution or to a foreign country of which the prisoner is a citizen or national, the secretary may effect such transfer consistent with applicable federal laws and treaties. The secretary has the authority to transfer offenders between in-state correctional facilities or to out-of-state governmental institutions if the secretary determines that transfer is in the best interest of the state or the offender. The determination of what is in the best interest of the state or offender may include but is not limited to considerations of overcrowding, emergency conditions, or hardship to the offender. In determining whether the transfer will impose a hardship on the offender, the secretary shall consider: (a) The location of the offender's family and whether the offender has maintained contact with members of his or her family; (b) whether, if the offender has maintained contact, the contact will be significantly disrupted by the transfer due to the family's inability to maintain the contact as a result of the transfer; and (c) whether the offender is enrolled in a vocational or educational program that cannot reasonably be resumed if the offender is returned to the state.

(2)(a) The secretary has the authority to transfer offenders to an out-of-state private correctional entity only if:

(i) The governor finds that an emergency exists such that the population of a state correctional facility exceeds its reasonable, maximum capacity, resulting in safety and security concerns;

(ii) The governor has considered all other legal options to address capacity, including those pursuant to RCW 9.94A.870;

(iii) The secretary determines that transfer is in the best interest of the state or the offender; and

(iv) The contract with the out-of-state private correctional entity includes requirements for access to public records to the same extent as if the facility were operated by the department, inmate access to the office of the corrections ombuds, and inspections and visits without notice.

(b) Should any of these requirements in this subsection not be met, the contract with the private correctional entity shall be terminated.

(3) If directed by the governor, the secretary shall, in carrying out this section and RCW 43.06.350, adopt rules under chapter 34.05 RCW to effect the transfer of prisoners requesting transfer to foreign countries. [2020 c 318 § 4; 2000 c 62 § 2; 1983 c 255 § 10; 1979 c 141 § 282; 1959 c 28 § 72.68.010. Prior: 1955 c 245 § 2; 1935 c 114 § 5; RRS § 10249-5. Formerly RCW 9.95.180.]

(2) This section does not apply to:

(a) State work release centers, juvenile residential facilities, nonprofit community-based alternative juvenile detention facilities, or nonprofit community-based alternative adult detention facilities that provide separate care or special treatment, operated in whole or in part by for-profit contractors;

(b) Contracts for ancillary services including, but not limited to, medical services, educational services, repair and maintenance contracts, behavioral health services, or other services not directly related to the ownership, management, or operation of security services in a correctional facility; or

(c) Tribal entities. [2020 c 318 § 2.]

Findings—Intent—2020 c 318: "(1) The legislature finds that all people confined in prisons in Washington deserve basic health care, nutrition, and safety. As held in *United States v. California*, 921 F.3d 865, 886 (9th Cir. 2019), states possess "the general authority to ensure the health and welfare of inmates and detainees in facilities within its borders."

(2) The legislature finds that profit motives lead private prisons to cut operational costs, including the provision of food, health care, and rehabilitative services, because their primary fiduciary duty is to maximize shareholder profits. The legislature finds that this is in stark contrast to the interests of the state to ensure the health, safety, and welfare of Washingtonians.

(3) The legislature finds that people confined in for-profit prisons have experienced abuses and have been confined in dangerous and unsanitary conditions. Safety risks and abuses in private prisons at the local, state, and federal level have been consistently and repeatedly documented. The United States department of justice office of the inspector general found in 2016 that privately operated prisons "incurred more safety and security incidents per capita than comparable BOP (federal bureau of prisons) institutions." The office of inspector general additionally found that privately operated prisons had "higher rates of inmate-on-inmate and inmate-on-staff assaults, as well as higher rates of staff uses of force."

(4) The legislature finds that private prison operators have cut costs by reducing essential security and health care staffing. The sentencing project, a national research and advocacy organization, found in 2012 that private

(2020 Ed.)

prison staff earn an average of five thousand dollars less than staff at publicly run facilities and receive almost sixty hours less training. The office of inspector general also found that people confined in private facilities often failed to receive necessary medical care and that one private prison went without a full-time physician for eight months.

(5) The legislature finds that private prisons are less accountable for what happens inside those facilities than state-run facilities, as they are not subject to the freedom of information act under 5 U.S.C. Sec. 552 or the Washington public records act under chapter 42.56 RCW.

(6) The legislature finds that at least twenty-two other states have stopped confining people in private for-profit facilities.

(7) Therefore, it is the intent of the legislature to prohibit the use of private prisons in Washington state." [2020 c 318 § 1.]

Construction—2020 c 318: "This act shall be construed liberally for the accomplishment of the purposes thereof." [2020 c 318 § 8.]

Effective date—2020 c 318: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 2, 2020]." [2020 c 318 § 9.]

72.70.010 Compact enacted—Provisions. The Western Interstate Corrections Compact as contained herein is hereby enacted into law and entered into on behalf of this state with any and all other states legally joining therein in a form substantially as follows:

WESTERN INTERSTATE CORRECTIONS COMPACT

ARTICLE I—Purpose and Policy

The party states, desiring by common action to improve their institutional facilities and provide programs of sufficiently high quality for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society. The purpose of this compact is to provide for the development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders.

ARTICLE II—Definitions

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States, or, subject to the limitation contained in Article VII, Guam.

(b) "Sending state" means a state party to this compact in which conviction was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction was had.

(d) "Inmate" means a male or female offender who is under sentence to or confined in a prison or other correctional institution.

(e) "Institution" means any prison, reformatory or other correctional facility except facilities for persons suffering from mental illness or persons with disabilities in which inmates may lawfully be confined.

ARTICLE III—Contracts

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) Prior to the construction or completion of construction of any institution or addition thereto by a party state, any other party state or states may contract therewith for the enlargement of the planned capacity of the institution or addition thereto, or for the inclusion therein of particular equipment or structures, and for the reservation of a specific percentage of the capacity of the institution to be kept available for use by inmates of the sending state or states so contracting. Any sending state so contracting may, to the extent that moneys are legally available therefor, pay to the receiving state, a reasonable sum as consideration for such enlargement of capacity, or provision of equipment or structures, and reservation of capacity. Such payment may be in a lump sum or in installments as provided in the contract.

(c) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV—Procedures and Rights

(a) Whenever the duly constituted judicial or administrative authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary in order to provide adequate quarters and care or desirable in order to provide an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the

receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have the benefit of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be cared for and treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state. Costs of records made pursuant to this subdivision shall be borne by the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon

release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V—Acts Not Reviewable In Receiving State; Extradition

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is suspected of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI—Federal Aid

Any state party to this compact may accept federal aid for use in connection with an institution or program, the use of which is or may be affected by this compact or any contract pursuant thereto and any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision; provided that if such program or activity is not part of the customary correctional regimen the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII—Entry Into Force

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two contiguous states from among the states of Alaska, Arizona, California, Colorado, Hawaii,

(2020 Ed.)

Idaho, Montana, Nebraska, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming. For the purposes of this article, Alaska and Hawaii shall be deemed contiguous to each other; to any and all of the states of California, Oregon and Washington; and to Guam. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states, or any other state contiguous to at least one party state upon similar action by such state. Guam may become party to this compact by taking action similar to that provided for joinder by any other eligible party state and upon the consent of Congress to such joinder. For the purposes of this article, Guam shall be deemed contiguous to Alaska, Hawaii, California, Oregon and Washington.

ARTICLE VIII—Withdrawal and Termination

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until two years after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX—Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X—Construction and Severability

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. 72.72.010 Legislative intent. The legislature finds that political subdivisions in which state institutions are located incur a disproportionate share of the criminal justice costs due to criminal behavior of the residents of such institutions. To redress this inequity, it shall be the policy of the state of Washington to reimburse political subdivisions which have incurred such costs. [1979 ex.s. c 108 § 1.]

The state shall reimburse cities and counties for their costs incurred under chapter 41.26 RCW if the costs are the direct result of physical injuries sustained in the implementation of a contingency plan adopted under RCW 72.02.150 and if reimbursement is not precluded by the following provisions: If the secretary of corrections identifies in the contingency plan the prison walls or other perimeter of the secured area, then reimbursement will not be made unless the injuries occur within the walls or other perimeter of the secured area. If the secretary of corrections does not identify prison walls or other perimeter of the secured area, then reimbursement shall not be made unless the injuries result from providing assistance, requested by the secretary of corrections or the secretary's designee, which is beyond the description of the assistance contained in the contingency plan. In no case shall reimbursement be made when the injuries result from conduct which either is not requested by the secretary of corrections or the secretary's designee, or is in violation of orders by superiors of the local law enforcement agency. 72.74.010 Short title. This chapter shall be known and may be cited as the Interstate Corrections Compact. [1983 c 255 § 12.]

72.74.020 Authority to execute, terms of compact. The secretary of the department of corrections is hereby authorized and requested to execute, on behalf of the state of Washington, with any other state or states legally joining therein a compact which shall be in form substantially as follows:

The contracting states solemnly agree that:

(1) The party states, desiring by common action to fully utilize and improve their institutional facilities and provide adequate programs for the confinement, treatment, and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, and with the federal government, thereby serving the best interest of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment, and rehabilitation of offenders with the most economical use of human and material resources.

(2) As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; and the Commonwealth of Puerto Rico.

(b) "Sending state" means a state party to this compact in which conviction or court commitment was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction or court commitment was had.

(d) "Inmate" means a male or female offender who is committed, under sentence to, or confined in a penal or correctional institution.

(e) "Institution" means any penal or correctional facility, including but not limited to a facility for the mentally ill or mentally defective, in which inmates as defined in subsection (2)(d) of this section may lawfully be confined.

(3)(a) Each party state may make one or more contracts with any one or more of the other party states, or with the federal government, for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

(i) Its duration;

(ii) Payments to be made to the receiving state or to the federal government, by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance;

(iii) Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom;

(iv) Delivery and retaking of inmates;

(v) Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto and nothing in any such contract shall be inconsistent therewith.

(4)(a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to subsection (3)(a) of this section, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state, provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of subsection (3)(a) of this section.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact, including a conduct record of each inmate, and certify said record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the

governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record, together with any recommendations of the hearing officials, shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parents, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

(5)(a) Any decision of the sending state in respect to any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharge from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

(6) Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant hereto; and any inmate in a receiving state pursuant to this compact may participate in any such federally-aided program or activity for which the sending and receiving states have made contractual provision, provided that if such program or activity is not part of the customary

correctional regimen, the express consent of the appropriate official of the sending state shall be required therefor.

(7) This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

(8) This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate official of all other party states. An actual withdrawal shall not take effect until one year after the notice provided in said statute has been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

(9) Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a nonparty state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

(10) The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1983 c 255 § 13.]

72.74.030 Authority to receive or transfer inmates. The secretary of corrections is authorized to receive or transfer an inmate as defined in the Interstate Corrections Compact to any institution as defined in the Interstate Corrections Compact within this state or without this state, if this state has entered into a contract or contracts for the confinement of inmates in such institutions pursuant to subsection (3) of the Interstate Corrections Compact. [1983 c 255 § 14.]

72.74.040 Enforcement. The courts, departments, agencies, and officers of this state and its subdivisions shall enforce this compact and shall do all things appropriate to the effectuation of its purposes and intent which may be within their respective jurisdictions including but not limited to the making and submission of such reports as are required by the compact. [1983 c 255 § 15.]

72.74.050 Hearings. The secretary is authorized and directed to hold such hearings as may be requested by any other party state pursuant to subsection (4)(f) of the Interstate Corrections Compact. Additionally, the secretary may hold out-of-state hearings in connection with the case of any

inmate of this state confined in an institution of another state party to the Interstate Corrections Compact. [1983 c 255 § 16.]

72.74.060 Contracts for implementation. The secretary of corrections is empowered to enter into such contracts on behalf of this state as may be appropriate to implement the participation of this state in the Interstate Corrections Compact pursuant to subsection (3) of the compact. No such contract shall be of any force or effect until approved by the attorney general. [1983 c 255 § 17.]

72.74.070 Clothing, transportation, and funds for state inmates released in other states. If any agreement between this state and any other state party to the Interstate Corrections Compact enables an inmate of this state confined in an institution of another state to be released in such other state in accordance with subsection (4)(g) of this compact, then the secretary is authorized to provide clothing, transportation, and funds to such inmate in accordance with RCW 72.02.100. [1983 c 255 § 18.]

[1989 c 177 § 2.]

72.76.010 Compact enacted—Provisions. The Washington intrastate corrections compact is enacted and entered into on behalf of this state by the department with any and all counties of this state legally joining in a form substantially as follows:

**WASHINGTON INTRASTATE CORRECTIONS
COMPACT**

A compact is entered into by and among the contracting counties and the department of corrections, signatories hereto, for the purpose of maximizing the use of existing resources and to provide adequate facilities and programs for the confinement, care, treatment, and employment of offenders.

The contracting counties and the department do solemnly agree that:

(1) As used in this compact, unless the context clearly requires otherwise:

(a) "Department" means the Washington state department of corrections.

(b) "Secretary" means the secretary of the department of corrections or designee.

(c) "Compact jurisdiction" means the department of corrections or any county of the state of Washington which has executed this compact.

(d) "Sending jurisdiction" means a county party to this agreement or the department of corrections to whom the courts have committed custody of the offender.

(e) "Receiving jurisdiction" means the department of corrections or a county party to this agreement to which an offender is sent for confinement.

(f) "Offender" means a person who has been charged with and/or convicted of an offense established by applicable statute or ordinance.

(g) "Convicted felony offender" means a person who has been convicted of a felony established by state law and is eighteen years of age or older, or who is less than eighteen years of age, but whose case has been transferred by the appropriate juvenile court to a criminal court pursuant to RCW 13.40.110 or has been tried in a criminal court pursuant to *RCW 13.04.030(1)(e)(iv).

(h) An "offender day" includes the first day an offender is delivered to the receiving jurisdiction, but ends at midnight of the day immediately preceding the day of the offender's release or return to the custody of the sending jurisdiction.

(i) "Facility" means any state correctional institution, camp, or other unit established or authorized by law under the jurisdiction of the department of corrections; any jail, holding, detention, special detention, or correctional facility operated by the county for the housing of adult offenders; or any contract facility, operated on behalf of either the county or the state for the housing of adult offenders.

(j) "Extraordinary medical expense" means any medical expense beyond that which is normally provided by contract or other health care providers at the facility of the receiving jurisdiction.

(k) "Compact" means the Washington intrastate corrections compact.

(2)(a) Any county may make one or more contracts with one or more counties, the department, or both for the exchange or transfer of offenders pursuant to this compact. Appropriate action by ordinance, resolution, or otherwise in accordance with the law of the governing bodies of the participating counties shall be necessary before the contract may take effect. The secretary is authorized and requested to execute the contracts on behalf of the department. Any such contract shall provide for:

(i) Its duration;

(ii) Payments to be made to the receiving jurisdiction by the sending jurisdiction for offender maintenance, extraordinary medical and dental expenses, and any participation in or receipt by offenders of rehabilitative or correctional services, facilities, programs, or treatment not reasonably included as part of normal maintenance;

(iii) Participation in programs of offender employment, if any; the disposition or crediting of any payments received by offenders on their accounts; and the crediting of proceeds from or the disposal of any products resulting from the employment;

(iv) Delivery and retaking of offenders;

(v) Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving jurisdictions.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant to the contract. Nothing in any contract may be inconsistent with the compact.

(3)(a) Whenever the duly constituted authorities of any compact jurisdiction decide that confinement in, or transfer of an offender to a facility of another compact jurisdiction is necessary or desirable in order to provide adequate housing and care or an appropriate program of rehabilitation or treatment, the officials may direct that the confinement be within a facility of the other compact jurisdiction, the receiving jurisdiction to act in that regard solely as agent for the sending jurisdiction.

(b) The receiving jurisdiction shall be responsible for the supervision of all offenders which it accepts into its custody.

(c) The receiving jurisdiction shall be responsible to establish screening criteria for offenders it will accept for transfer. The sending jurisdiction shall be responsible for ensuring that all transferred offenders meet the screening criteria of the receiving jurisdiction.

(d) The sending jurisdiction shall notify the sentencing courts of the name, charges, cause numbers, date, and place of transfer of any offender, prior to the transfer, on a form to be provided by the department. A copy of this form shall accompany the offender at the time of transfer.

(e) The receiving jurisdiction shall be responsible for providing an orientation to each offender who is transferred. The orientation shall be provided to offenders upon arrival and shall address the following conditions at the facility of the receiving jurisdiction:

(i) Requirements to work;

(ii) Facility rules and disciplinary procedures;

(iii) Medical care availability; and

(iv) Visiting.

(f) Delivery and retaking of inmates shall be the responsibility of the sending jurisdiction. The sending jurisdiction shall deliver offenders to the facility of the receiving jurisdiction where the offender will be housed, at the dates and times specified by the receiving jurisdiction. The receiving jurisdiction retains the right to refuse or return any offender. The sending jurisdiction shall be responsible to retake any transferred offender who does not meet the screening criteria of the receiving jurisdiction, or who is refused by the receiving jurisdiction. If the receiving jurisdiction has notified the sending jurisdiction to retake an offender, but the sending jurisdiction does not do so within a seven-day period, the receiving jurisdiction may return the offender to the sending jurisdiction at the expense of the sending jurisdiction.

(g) Offenders confined in a facility under the terms of this compact shall at all times be subject to the jurisdiction of the sending jurisdiction and may at any time be removed from the facility for transfer to another facility within the sending jurisdiction, for transfer to another facility in which the sending jurisdiction may have a contractual or other right to confine offenders, for release or discharge, or for any other purpose permitted by the laws of the state of Washington.

(h) Unless otherwise agreed, the sending jurisdiction shall provide at least one set of the offender's personal cloth-

ing at the time of transfer. The sending jurisdiction shall be responsible for searching the clothing to ensure that it is free of contraband. The receiving jurisdiction shall be responsible for providing work clothing and equipment appropriate to the offender's assignment.

(i) The sending jurisdiction shall remain responsible for the storage of the offender's personal property, unless prior arrangements are made with the receiving jurisdiction. The receiving jurisdiction shall provide a list of allowable items which may be transferred with the offender.

(j) Copies or summaries of records relating to medical needs, behavior, and classification of the offender shall be transferred by the sending jurisdiction to the receiving jurisdiction at the time of transfer. At a minimum, such records shall include:

(i) A copy of the commitment order or orders legally authorizing the confinement of the offender;

(ii) A copy of the form for the notification of the sentencing courts required by subsection (3)(d) of this section;

(iii) A brief summary of any known criminal history, medical needs, behavioral problems, and other information which may be relevant to the classification of the offender; and

(iv) A standard identification card which includes the fingerprints and at least one photograph of the offender.

Disclosure of public records shall be the responsibility of the sending jurisdiction, except for those documents generated by the receiving jurisdiction.

(k) The receiving jurisdiction shall be responsible for providing regular medical care, including prescription medication, but extraordinary medical expenses shall be the responsibility of the sending jurisdiction. The costs of extraordinary medical care incurred by the receiving jurisdiction for transferred offenders shall be reimbursed by the sending jurisdiction. The receiving jurisdiction shall notify the sending jurisdiction as far in advance as practicable prior to incurring such costs. In the event emergency medical care is needed, the sending jurisdiction shall be advised as soon as practicable after the offender is treated. Offenders who are required by the medical authority of the sending jurisdiction to take prescription medication at the time of the transfer shall have at least a three-day supply of the medication transferred to the receiving jurisdiction with the offender, and at the expense of the sending jurisdiction. Costs of prescription medication incurred after the use of the supply shall be borne by the receiving jurisdiction.

(l) Convicted offenders transferred under this agreement may be required by the receiving jurisdiction to work. Transferred offenders participating in programs of offender employment shall receive the same reimbursement, if any, as other offenders performing similar work. The receiving jurisdiction shall be responsible for the disposition or crediting of any payments received by offenders, and for crediting the proceeds from or disposal of any products resulting from the employment. Other programs normally provided to offenders by the receiving jurisdiction such as education, mental health, or substance abuse treatment shall also be available to transferred offenders, provided that usual program screening criteria are met. No special or additional programs will be provided except by mutual agreement of the sending and receiving

jurisdiction, with additional expenses, if any, to be borne by the sending jurisdiction.

(m) The receiving jurisdiction shall notify offenders upon arrival of the rules of the jurisdiction and the specific rules of the facility. Offenders will be required to follow all rules of the receiving jurisdiction. Disciplinary detention, if necessary, shall be provided at the discretion of the receiving jurisdiction. The receiving jurisdiction may require the sending jurisdiction to retake any offender found guilty of a serious infraction; similarly, the receiving jurisdiction may require the sending jurisdiction to retake any offender whose behavior requires segregated or protective housing.

(n) Good-time calculations and notification of each offender's release date shall be the responsibility of the sending jurisdiction. The sending jurisdiction shall provide the receiving jurisdiction with a formal notice of the date upon which each offender is to be released from custody. If the receiving jurisdiction finds an offender guilty of a violation of its disciplinary rules, it shall notify the sending jurisdiction of the date and nature of the violation. If the sending jurisdiction resets the release date according to its good-time policies, it shall provide the receiving jurisdiction with notice of the new release date.

(o) The sending jurisdiction shall retake the offender at the receiving jurisdiction's facility on or before his or her release date, unless the sending and receiving jurisdictions shall agree upon release in some other place. The sending jurisdiction shall bear the transportation costs of the return.

(p) Each receiving jurisdiction shall provide monthly reports to each sending jurisdiction on the number of offenders of that sending jurisdiction in its facilities pursuant to this compact.

(q) Each party jurisdiction shall notify the others of its coordinator who is responsible for administering the jurisdiction's responsibilities under the compact. The coordinators shall arrange for alternate contact persons in the event of an extended absence of the coordinator.

(r) Upon reasonable notice, representatives of any party to this compact shall be allowed to visit any facility in which another party has agreed to house its offenders, for the purpose of inspecting the facilities and visiting its offenders that may be confined in the institution.

(4) This compact shall enter into force and become effective and binding upon the participating parties when it has been executed by two or more parties. Upon request, each party county shall provide any other compact jurisdiction with a copy of a duly enacted resolution or ordinance authorizing entry into this compact.

(5) A party participating may withdraw from the compact by formal resolution and by written notice to all other parties then participating. The withdrawal shall become effective, as it pertains to the party wishing to withdraw, thirty days after written notice to the other parties. However, such withdrawal shall not relieve the withdrawing party from its obligations assumed prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing participant shall notify the other parties to retake the offenders it has housed in its facilities and shall remove to its facilities, at its own expense, offenders it has confined under the provisions of this compact.

(6) Legal costs relating to defending actions brought by an offender challenging his or her transfer to another jurisdiction under this compact shall be borne by the sending jurisdiction. Legal costs relating to defending actions arising from events which occur while the offender is in the custody of a receiving jurisdiction shall be borne by the receiving jurisdiction.

(7) The receiving jurisdiction shall not be responsible to provide legal services to offenders placed under this agreement. Requests for legal services shall be referred to the sending jurisdiction.

(8) The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence, or provision of this compact is declared to be contrary to the Constitution or laws of the state of Washington or is held invalid, the validity of the remainder of this compact and its applicability to any county or the department shall not be affected.

(9) Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a county or the department may have with each other or with a nonparty county for the confinement, rehabilitation, or treatment of offenders. [1994 sp.s. c 7 § 539; 1989 c 177 § 3.]

*Reviser's note: RCW 13.04.030 was amended by 1997 c 341 § 3, changing subsection (1)(e)(iv) to subsection (1)(e)(v).

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

72.76.020 Costs and accounting of offender days. (1) The costs per offender day to the sending jurisdiction for the custody of offenders transferred according to the terms of this agreement shall be at the rate set by the state of Washington, office of financial management under RCW 70.48.440, unless the parties agree to another rate in a particular transfer. The costs may not include extraordinary medical costs, which shall be billed separately. Except in the case of prisoner exchanges, as described in subsection (2) of this section, the sending jurisdiction shall be billed on a monthly basis by the receiving jurisdiction. Payment shall be made within thirty days of receipt of the invoice.

(2) When two parties to this agreement transfer offenders to each other, there shall be an accounting of the number of "offender days." If the number is exactly equal, no payment is necessary for the affected period. The payment by the jurisdiction with the higher net number of offender days may be reduced by the amount otherwise due for the number of offender days its offenders were held by the receiving jurisdiction. Billing and reimbursement shall remain on the monthly schedule, and shall be supported by the forms and procedures provided by applicable regulations. The accounting of offender days exchanged may be reconciled on a monthly basis, but shall be at least quarterly. [1989 c 177 § 4.]

72.76.030 Contracts authorized for implementation of participation—Application of chapter. The secretary is empowered to enter into contracts on behalf of this state on the terms and conditions as may be appropriate to implement the participation of the department in the Washington intrastate corrections compact under RCW 72.76.010(2). Nothing

in this chapter is intended to create any right or entitlement in any offender transferred or housed under the authority granted in this chapter. The failure of the department or the county to comply with any provision of this chapter as to any particular offender or transfer shall not invalidate the transfer nor give rise to any right for such offender. [1989 c 177 § 5.]

72.76.040 Fiscal management. Notwithstanding any other provisions of law, payments received by the department pursuant to contracts entered into under the authority of this chapter shall be treated as nonappropriated funds and shall be exempt from the allotment controls established under chapter 43.88 RCW. The secretary may use such funds, in addition to appropriated funds, to provide institutional and community corrections programs. The secretary may, in his or her discretion and in lieu of direct fiscal payment, offset the obligation of any sending jurisdiction against any obligation the department may have to the sending jurisdiction. Outstanding obligations of the sending jurisdiction may be carried forward across state fiscal periods by the department as a credit against future obligations of the department to the sending jurisdiction. [1989 c 177 § 6.]

72.76.900 Short title. This chapter shall be known and may be cited as the Washington Intrastate Corrections Compact. [1989 c 177 § 1.]

72.78.005 Findings—2007 c 483. The people of the state of Washington expect to live in safe communities in which the threat of crime is minimized. Attempting to keep communities safe by building more prisons and paying the costs of incarceration has proven to be expensive to taxpayers. Incarceration is a necessary consequence for some offenders, however, the vast majority of those offenders will eventually return to their communities. Many of these former offenders will not have had the opportunity to address the deficiencies that may have contributed to their criminal behavior. Persons who do not have basic literacy and job skills, or who are ill-equipped to make the behavioral changes necessary to successfully function in the community, have a high risk of reoffense. Recidivism represents serious costs to victims, both financial and nonmonetary in nature, and also burdens state and local governments with those offenders who recycle through the criminal justice system.

The legislature believes that recidivism can be reduced and a substantial cost savings can be realized by utilizing evidence-based, research-based, and promising programs to address offender deficits, developing and better coordinating the reentry efforts of state and local governments and local communities. Research shows that if quality assurances are

adhered to, implementing an optimal portfolio of evidence-based programming options for offenders who are willing to take advantage of such programs can have a notable impact on recidivism.

While the legislature recognizes that recidivism cannot be eliminated and that a significant number of offenders are unwilling or unable to work to develop the tools necessary to successfully reintegrate into society, the interests of the public overall are better served by better preparing offenders while incarcerated, and continuing those efforts for those recently released from prison or jail, for successful, productive, and healthy transitions to their communities. Educational, employment, and treatment opportunities should be designed to address individual deficits and ideally give offenders the ability to function in society. In order to foster reintegration, chapter 483, Laws of 2007 recognizes the importance of a strong partnership between the department of corrections, local governments, law enforcement, social service providers, and interested members of communities across our state. [2007 c 483 § 1.]

72.78.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) A "community transition coordination network" is a system of coordination that facilitates partnerships between supervision and service providers. It is anticipated that an offender who is released to the community will be able to utilize a community transition coordination network to be connected directly to the supervision and/or services needed for successful reentry.

(2) "Evidence-based" means a program or practice that has had multiple-site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective in reducing recidivism for the population.

(3) An "individual reentry plan" means the plan to prepare an offender for release into the community. A reentry plan is developed collaboratively between the supervising authority and the offender and based on an assessment of the offender using a standardized and comprehensive tool to identify the offenders' risks and needs. An individual reentry plan describes actions that should occur to prepare individual offenders for release from jail or prison and specifies the supervision and/or services he or she will experience in the community, taking into account no contact provisions of the judgment and sentence. An individual reentry plan should be updated throughout the period of an offender's incarceration and supervision to be relevant to the offender's current needs and risks.

(4) "Local community policing and supervision programs" include probation, work release, jails, and other programs operated by local police, courts, or local correctional agencies.

(5) "Promising practice" means a practice that presents, based on preliminary information, potential for becoming a research-based or consensus-based practice.

(6) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.
