15.04.010 Definitions. As used in this title except where otherwise defined:

"Department" means the department of agriculture.

"Director" means the director of agriculture.

"Person" includes any individual, firm, corporation, trust, association, cooperative, copartnership, society, any other organization of individuals, and any other business unit, device, or arrangement. [1961 c 11 § 15.04.010. Prior: (i) 1941 c 56 § 3; Rem. Supp. 1941 § 2828-4. (ii) 1941 c 56 § 4; Rem. Supp. 1941 § 2828-5. (iii) 1943 c 150 § 1, part; 1937 c 148 § 1, part; 1927 c 311 § 1, part; 1921 c 141 § 1, part; 1915 c 166 § 1, part; Rem. Supp. 1943 § 2839, part.]

15.04.090 Lease of unnecessary lands to nonprofit groups—Funds. The director of agriculture may, at his or her discretion, for a period of not to exceed ten years, lease state lands which are now or may hereafter be, under his or her direction and control, the retention of which he or her [she] deems unnecessary for present state purposes or needs, to any nonprofit group or organization having educational, agricultural, or youth development purposes. Such leases shall be upon such terms as the director deems beneficial to

the state. All rental funds received by the director under the provisions of this section shall be deposited in the fair fund created under RCW 15.76.115. [2010 c 8 § 6002; 1998 c 345 § 1; 1961 c 11 § 15.04.090. Prior: 1953 c 119 § 1.]

*Reviser's note: Section 16 of this act was vetoed by the governor.

Additional notes found at www.leg.wa.gov

15.04.110 Control of predatory birds. The director of the state department of agriculture may control birds which he or she determines to be injurious to agriculture, and for this purpose enter into written agreements with the federal and state governments, political subdivisions and agencies of this state including counties, municipal corporations and associations and individuals, when such cooperation will implement the control of predatory birds injurious to agriculture. [2010 c 8 § 6003; 1961 c 247 § 1.]

15.04.120 Control of predatory birds—Expenditures and contracts. For the purpose of carrying out the provisions of RCW 15.04.110 the director may make expenditures and contract for personal services, control materials and equipment as required to carry out such predatory bird control functions. [1961 c 247 § 2.]

15.04.150 Berry harvesting by youthful workers—Legislative finding. The legislature finds that the crops of berry growers in the state are imperiled by a recent change in the federal law relating to youthful agricultural workers. Since the berry harvest season is so short that few migrant agricultural workers find the trip to this state to pick berries worth the trouble, the long-established use of younger pickers must be permitted to the extent where such employment will not interfere with interstate commerce and the federal law. Further, the legislature finds that such employment is healthful, a good indoctrination for youth in the work ethic and the role of agriculture in society, and an opportunity youths welcome to earn extra spending money. [1975 1st ex.s. c 238 § 1.]

15.04.160 Berry harvesting by youthful workers—Authorized—Restrictions. (1) An employee engaged to pick berries in this state outside of school hours for the school district where such employee is living while so employed may be less than twelve years of age: PROVIDED, That (a) the employee is employed with the consent of his or her parent or person standing in the place of his or her parent, (b) the berries are for sale within the state only, and are not to be shipped out of the state in any form; (c) the secretary of agriculture or his or her designated representative has certified that there are not sufficient workers available in the immediate area to harvest the crop without such youthful employees, and (d) all employees of any employer engaging youthful employees are paid at the same rate for picking berries.

(2) Each basket, package, or other container containing berries or berry products picked by an employee under twelve years of age shall be distinctively marked so as to insure that the berries do not enter interstate commerce: PROVIDED HOWEVER, That nothing in RCW 15.04.150 and 15.04.160 shall apply to employers who are exempt from the federal fair

labor standards act. [2010 c 8 § 6004; 1975 1st ex.s. c 238 § 2.]

15.04.200 Agricultural development or trade promotion and promotional hosting—Expenditures, approval by commodity commission—Exemption from housing requirements. (1) Under the authority of Article VIII of the state Constitution as amended, agricultural commodity commission expenditures for agricultural development or trade promotion and promotional hosting by an agricultural commodities commission under chapters 15.24, 15.28, 15.44, 15.65, 15.66, 15.88, 15.89, 15.115, and 16.67 RCW shall be pursuant to specific budget items as approved by the agricultural commodity commission at the annual public hearings on the agricultural commodity commission budget.

(2) Agricultural commodity commissions shall adopt rules governing promotional hosting expenditures by agricultural commodity commission employees, agents or commissioners. The rules shall identify officials and agents authorized to make expenditures and the objectives of the expenditures. Individual agricultural commodity commission commissioners shall make promotional hosting expenditures, or seek reimbursements for these expenditures, only in those instances where the expenditures have been approved by the agricultural commodity commission. All payments and reimbursements shall be identified and supported on vouchers.

(3) Agricultural commodity commissions shall be exempt from the requirements of RCW 43.01.090 and 43.19.500 and chapter 43.82 RCW. [2009 c 33 § 33; 2006 c 330 § 24; 1987 c 452 § 16; 1986 c 203 § 24; 1985 c 26 § 1.]

Additional notes found at www.leg.wa.gov

15.04.300 Guide to state and federal programs of assistance to farm families. The department of agriculture is authorized to develop, in cooperation with Washington State University and other state agencies, an informational guide to programs offered by state and federal agencies which would be of assistance to farm families. The informational guide shall be made available to farmers and ranchers through county extension offices, farm organizations, and other appropriate means. [1987 c 393 § 26.]

15.04.400 Findings—Department's duty to promote agriculture, protect public health and welfare. The history, economy, culture, and the future of Washington state to a large degree all involve agriculture, which is vital to the economic well-being of the state. The legislature finds that farmers and ranchers are responsible stewards of the land, but are increasingly subjected to complaints and unwarranted restrictions that encourage, and even force, the premature removal of lands from agricultural uses.

The legislature further finds that it is now in the overriding public interest that support for agriculture be clearly expressed and that adequate protection be given to agricultural lands, uses, activities, and operations.

The legislature further finds that the department of agriculture has a duty to promote and protect agriculture and its dependent rural community in Washington state however, the duty shall not be construed as to diminish the responsibility of the department to fully carry out its assigned regulatory

responsibilities to protect the public health and welfare. [1994 c 46 § 9; 1991 c 280 § 1.]

Additional notes found at www.leg.wa.gov

15.04.402 Department to advance private sector, economic well-being of agricultural industry. The department shall seek to enhance, protect, and perpetuate the ability of the private sector to produce food and fiber. Additionally, the department shall seek, consistent with its regulatory responsibilities, to maintain the economic well-being of the agricultural industry and its dependent rural community in Washington state. [1994 c 46 § 10; 1991 c 280 § 2.]

Additional notes found at www.leg.wa.gov

15.04.410 Declarations of "Washington state grown"—Restrictions—Violations unlawful—Application of consumer protection act. (1) Before being offered for retail sale in this state, any agricultural commodity, defined under RCW 15.66.010, that was grown or raised in this state may be advertised, labeled, described, sold, marked, or otherwise held out, with the words "Washington state grown," or other similar language indicating that the product is from Washington state grown or raised agricultural commodities.

(2) An agricultural commodity that was not grown or raised in this state and packages of that product shall not be advertised, labeled, described, sold, marked, or otherwise held out as "Washington state grown," or in any way as to imply that such product is a Washington state grown or raised agricultural commodity.

(3) It is unlawful for any person to violate this section.

(4) The legislature finds that the practices covered by this section are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Violations of this section are not reasonable in relation to the development and preservation of business. A violation of this section is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. [1995 c 97 § 1.]

15.04.415 Information on product country of origin—Findings—Use of placards. (1) The legislature finds that it is a common practice for consumers to be provided information as to the country [of] origin for many products available to them for purchase. The legislature finds that consumers have a right to know the origin of the fresh fruits and vegetables being offered to them at retail sale. The legislature finds that there is value to the consumer being able to make an informed buying decision as to whether the fresh fruit or vegetable was produced under standards and conditions required in the United States. Further, the legislature finds that consumers should be given the ability to make an informed choice to buy fresh fruits and vegetables that are grown in Washington state as a means of supporting the economy of the state.

(2) Stores or other businesses offering fresh fruit and vegetables for retail sale to consumers shall place a placard on the bin, shelf, or other location the product is displayed that informs the consumer where the fruit or vegetable was grown if it was grown in the United States or grown in Washington. The placard shall indicate that the product was either

"Grown in United States" or "Grown in Washington." Placards are not required if (a) the product was grown outside of the United States, or (b) each item in the bin, shelf, or other location contains a sticker or label that indicates where the fruit or vegetable product was grown. [2002 c 40 § 1.]

15.08.020 Methods of prevention, control and disinfection. The following methods shall be used for the prevention, control or disinfection of pests and diseases:

15.08.025 Disinfection of fruit trees—Procedures to be followed. The method for disinfecting fruit trees required to be disinfected under the provisions of this chapter shall be as prescribed in the official published recommendations of the Washington State University for the proper prevention, control and eradication of pests and diseases of fruit trees.

Whenever specific recommendations for disinfecting fruit trees are not set forth in the official published recommendations of the Washington State University, the generally accepted horticultural practices for the prevention, control and eradication of any pests and diseases in the producing area shall be used.

The burden of proving that the proper procedures as set forth in this section have been followed shall be upon the person ordered to disinfect fruit trees.

The disinfection of fruit trees as in this section set forth shall in no way limit the authority of the inspection board to determine that such fruit trees constitute a nuisance and thus shall be subject to removal as provided for in this chapter. [1981 c 296 § 5; 1965 c 27 § 2.]

Purpose—1965 c 27: "The production of tree fruits in the state of Washington is a major agricultural industry promoting the general economic welfare of the state and beneficial to the health of the public. The proper maintenance of fruit tree orchards to insure the continued and increased benefits to the health and welfare of the state makes it necessary to prevent, eradicate and control any pests or diseases which are or may be injurious to such

fruit trees and the produce therefrom. Such prevention, eradication and control of pests and diseases which are or may be injurious to fruit trees and their crops may require chemical or biological control or removal of host trees which may be hosts and breeding places for such diseases and pests. The provisions of this act are adopted under the police power of the state for the purpose of protecting its health and general welfare, presently and in the future." [1965 c 27 § 1.]

In event any of said properties become infected it is the duty of said persons to use effective methods to control or destroy the infection by disinfection as in this chapter defined. All fruits, vegetables and nursery stock which cannot be successfully disinfected shall be promptly destroyed.

15.08.050 Condemnation of infected property—Disposal of, unlawful. If the premises or property inspected is found to be infected the inspecting officer shall condemn the same and serve upon the owner or person in charge thereof a written notice of the condemnation, describing the premises or property with reasonable certainty, and ordering the infected portion to be disinfected, or to be destroyed if incapable of disinfection, within a time and in a manner stated therein, and giving notice that if the order is not complied with in the time stated, the officer will disinfect or destroy the property and charge the expense thereof to the owner or against the premises.

No person shall ship, sell, or otherwise dispose of or part with possession of, or transport, any such condemned property until all requirements of said notice and order are complied with and written permit of the inspector so to do is issued. [1961 c 11 § 15.08.050. Prior: 1943 c 150 § 4, part; 1929 c 150 § 1, part; 1925 ex.s. c 108 § 1, part; 1919 c 195 §

The record or a verified copy thereof shall be admissible in evidence as prima facie evidence of the truth of its contents. [2010 c 8 § 6010; 1961 c 11 § 15.08.120. Prior: 1915 c 166 § 12, part; RRS § 2850, part.]

[1961 c 11 § 15.08.170. Prior: 1927 c 311 § 5, part; 1921 c 141 § 5, part; 1915 c 166 § 14, part; RRS § 2852, part.]

15.09.020 Creation of board. Either upon receiving a petition filed by twenty-five landowners within the county or on its own motion, the board of county commissioners in order to achieve the purposes of this chapter may, following a hearing, create a horticultural pest and disease board. products. Such appointed members shall serve a term of two years and shall serve without salary. If no such qualified candidate resides in the county, a nonresident that owns property in the county and is engaged in the primary and commercial production of a horticultural product or products may be appointed as a member of the horticultural pest and disease board. [2009 c 96 § 1; 1988 c 254 § 7; 1969 c 113 § 3.]

15.09.040 Meeting—Quorum—Officers. Within thirty days after the appointed seats on the horticultural pest and disease board have been filled, the board shall conduct its first meeting. A majority of the voting members of the board shall constitute a quorum for the transaction of business and shall be necessary for any action taken by the board. The board shall elect from its members a chair and such other officers as may be necessary. [2010 c 8 § 6017; 1969 c 113 § 4.]

15.09.050 Powers and duties. Each horticultural pest and disease board shall have the following powers and duties:

(1) To receive complaints concerning the infection of horticultural pests and diseases on any parcel of land within the county;

(2) To inspect or cause to be inspected any parcel of land within the county for the purpose of ascertaining the presence of horticultural pests and diseases as provided by RCW 15.09.070;

(3) To order any landowner to control and prevent the spread of horticultural pests and diseases from his or her property, as provided by RCW 15.09.080;

(4) To control and prevent the spread of horticultural pests and diseases on any property within the county as provided by RCW 15.09.080, and to charge the owner for the expense of such work in accordance with RCW 15.09.080 and 15.09.090;

(5) To employ such persons and purchase such goods and machinery as the board of county commissioners may provide;

(6) To adopt, following a hearing, such rules and regulations as may be necessary for the administration of this chapter. [2010 c 8 § 6018; 1969 c 113 § 5.]

15.09.055 Contracts and agreements. The horticultural pest and disease board may enter into contracts and agreements with federal, state, and local government agencies, Indian tribes, and any other organization to perform any duties pursuant to the identification, detection, control, or eradication of horticultural pests and diseases. [2000 c 144 § 35.]

15.09.060 Owner's duty to control pests and diseases. Each owner of land containing any plant or plants shall perform or cause to be performed such acts as may be necessary to control and to prevent the spread of horticultural pests and diseases, as such pests and diseases are defined under RCW 15.08.010, as now or hereafter amended, or as such pests and diseases are defined by the director of the department of agriculture in accordance with the purpose of this chapter and with the provisions of the Administrative Procedure Act, chapter 34.05 RCW. The word "owner" as used in this section shall mean the possessor or possessors of any form of

legal or equitable title to land and entitlement to possession. For purposes of liability under this chapter, the owners of land shall be jointly and severally liable. [1969 c 113 § 6.]

15.09.070 Right of entry—Search warrant. Any authorized agent or employee of the county horticultural pest and disease board may enter upon any property for the purpose of administering this chapter and any power exercisable pursuant thereto, including the taking of specimens, general inspection, and the performance of such acts as are necessary for controlling and preventing the spreading of horticultural pests and diseases. Such entry may be without the consent of the owner, and no action for trespass or damages shall lie so long as such entry and any activities connected therewith are undertaken and prosecuted with reasonable care.

Should any such employee or authorized agent of the county horticultural pest and disease board be denied access to such property where such access was sought to carry out the purpose and provisions of this chapter, the said board may apply to any court of competent jurisdiction for a search warrant authorizing access to such property for said purpose. The court may upon such application issue the search warrant for the purpose requested. [1969 c 113 § 7.]

15.09.080 Failure to control horticultural pests and diseases—Remedies. (1) Whenever the horticultural pest and disease control board finds that an owner of land has failed to control and prevent the spread of horticultural pests and diseases on his or her land, as is his or her duty under RCW 15.09.060, it shall provide such person with written notice, which notice shall identify the pests and diseases found to be present and shall order prompt control or disinfection action to be taken within a specified and reasonable time period.

(2) If the person to whom the notice is directed fails to take action in accordance with this notice, then the board shall perform or cause to be performed such measures as are necessary to control and prevent the spread of the pests and diseases on such property and the expense of this work shall be charged to such person. Any action that the board determines requires the destruction of infested plants, absent the consent of the owner, shall be subject to the provisions of subsection (3) of this section.

(3) In the event the owner of land fails to control and prevent the spread of horticultural pests and diseases as required by RCW 15.09.060, and the county horticultural pest and disease board determines that actions it has taken to control and prevent the spread of such pests or diseases has not been effective or the county horticultural pest and disease board determines that no reasonable measures other than removal of the plants will control and prevent the spread of such pests or diseases, the county horticultural pest and disease board may petition the superior court of the county in which the property is situated for an order directing the owner to show cause why the plants should not be removed at the owner's expense and for an order authorizing removal of said infested plants. The petition shall state: (a) The legal description of the property on which the plants are located; (b) the name and place of residence, if known, of the owners of said property; (c) that the county horticultural pest and disease board has, through its officers or agents, inspected said property and that

The petition shall request an order directing the owner to appear and show cause why the plants on said property shall not be removed at the expense of the owner, to be collected as provided in this chapter. The order to show cause shall direct the owner to appear on a date certain and show cause, if any, why the plants on the property described in the petition should not be removed at the owner's expense. The order to show cause and petition shall be served on the owner not less than five days before the hearing date specified in the order in the same manner as a summons and complaint. In the event the owner fails to appear or fails to show by competent evidence that the horticultural pest or disease has been controlled, then the court shall authorize the county horticultural pest and disease board to remove the plants at the owner's expense, to be collected as provided by this chapter. If the procedure provided herein is followed, no action for damages for removal of the plants shall lie against the county horticultural pest and disease board, its officers or agents, or the county in which it is situated. [2010 c 8 § 6020; 1969 c 113 § 10.]

15.09.110 Refund of charges paid. (2) The board shall develop and forward to the county board of commissioners or other county legislative authority, as a proposed level of assessment for each class, an amount that seems just. The assessment rate shall be either uniform per acre in its respective class, a flat rate per parcel, or a flat rate per parcel rate plus a uniform rate per acre: PROVIDED, That if no benefits are found to accrue to a class of land, a zero assessment may be levied.

(3) The county board of commissioners or other county legislative authority, upon receipt of the proposed levels of assessment from the horticultural pest and disease board, after a hearing, shall accept or modify by resolution, or refer back to the horticultural pest and disease board for its reconsideration, all or any portion of the proposed levels of assessment.

- 15.15.005 Legislative findings.
- 15.15.010 Restricted seed potato production area—Growers' petition—Department of agriculture—Director—Rules.
- 15.15.020 Violation or threatened violation of chapter—Action to enjoin.

15.15.005 Legislative findings. The legislature finds that the production of high quality certified seed potatoes within the state requires conditions that are as free as possible from insect pests and plant diseases and that ensuring these conditions exist is in the public interest. The legislature further finds that the production of other potatoes intermixed with or in close proximity to a concentrated seed potato production area poses an increased risk of introduction of plant diseases and insect pests. [1997 c 176 § 1.]

15.15.010 Restricted seed potato production area—Growers' petition—Department of agriculture—Director—Rules. Growers of seed potatoes, certified in accordance with rules adopted under chapter 15.14 RCW, may submit a petition to the director of the department of agriculture requesting that the director establish a restricted seed potato production area. The petition shall include the proposed geographic boundaries of the restricted seed potato production area, and the types of restrictions that are proposed to apply to the growing of nonseed potatoes. The petition shall contain the signatures of at least fifty percent of the growers of certified seed potatoes who have produced at least fifty percent of the certified seed potatoes within the proposed restricted seed potato production area in each of the two preceding years.

Upon receipt of a petition submitted in accordance with this section, the director of the department of agriculture shall, within sixty days of receipt of the petition, investigate the need of establishing a restricted seed potato production area. The director may propose rules and hold public hearings in the area affected by the proposed rules. The director has the authority to adopt rules in accordance with chapter 34.05 RCW to establish restricted seed potato production areas to prevent the increased exposure to plant diseases and insect pests that adversely affect the ability to meet standards for

certification of seed potatoes established under chapter 15.14 RCW. [1997 c 176 § 2.]

15.15.020 Violation or threatened violation of chapter—Action to enjoin. The director of the department of agriculture may bring an action to enjoin the violation or threatened violation of any provision of this chapter or any rule made pursuant to this chapter in a court of competent jurisdiction of the county in which such violation occurs or is about to occur. [1997 c 176 § 3.]

The meetings may be held each year, as far as practicable, at the same time and place as an

(2021 Ed.)

annual meeting of a grower or dealer organization that represents a majority of the state's apple growers or dealers, but not while the same is in actual session. Public notice of such meetings must be given by the commission in such manner as it may determine: PROVIDED, That nonreceipt of the notice by any interested person does not invalidate the proceedings. Any qualified person may be nominated orally for such positions at the respective meetings. Nominations may also be made within five days after any such meeting by written petition filed in the office of the commission, signed by not less than five apple growers or dealers, as the case may be, residing within the district.

(3) The commission shall hold an advisory vote in the event that more than two candidates are nominated for a position. The names of the two candidates receiving the most votes in the advisory vote shall be forwarded to the director for consideration. In the event that only one candidate is nominated, the name must be forwarded to the director for consideration without an advisory vote.

(4) Advisory ballots shall be mailed to all growers for grower positions and to affected dealers for dealer positions. The advisory ballot shall be conducted in a manner so that it is a secret ballot. Nominees to be forwarded to the director for consideration for appointment to dealer positions on the commission shall be selected by a majority of the votes cast by the apple dealers in the respective districts, each dealer being entitled to one vote. Nominees to be forwarded to the director for consideration for appointment to grower positions on the commission shall be selected by a majority of the votes cast by the apple growers in the respective districts. Each grower engaged in the business of producing apples for market in commercial quantities within the district is entitled to one vote. An individual commercial orchard operator, if otherwise qualified, is entitled to vote, even though he or she is also a member of a partnership or corporation, which also is entitled to vote.

(5) The director has the discretion to appoint or reject any candidate.

(6) Any candidate whose name is forwarded to the director for potential appointment shall submit to the director a letter stating why he or she wishes to be appointed to the commission. The director may select any candidate for the position or may reject all candidates and request a new advisory vote with nominees selected by the commission and, if desired, by the director. Upon receiving such recommendation, the director shall review the matter, including any statement from the commission member who is the subject of the recommendation, and determine whether adequate cause for removal is present. If the director finds that adequate cause for removal exists, the director shall remove the member from his or her commission position. The position shall then be declared vacant and must be filled pursuant to the

provisions of this chapter for filling vacancies. [2008 c 11 § 3.]

15.24.050 Vacancies—Quorum—Compensation—Travel expenses. A majority of the voting members shall constitute a quorum for the transaction of all business and the carrying out of the duties of the commission.

Each member of the commission shall be compensated in accordance with RCW 43.03.230 and shall be reimbursed for actual travel expenses incurred in carrying out the provisions of this chapter. Employees of the commission may also be reimbursed for actual travel expenses when on official commission business. 15.24.090 Assessment—Modification process—Referendum. (1) There is hereby levied annually upon all fresh apples grown in this state, and all apples packed as Washington apples, including fresh sliced, an assessment of eight and seventy-five one-hundredths cents per one hundred pounds of apples, based on net shipping weight, or reasonable equivalent net product assessment measurement as determined by the commission. All moneys collected under this subsection must be expended to effectuate the purpose and objects of

this chapter. The assessment rates established in this subsection may be increased or decreased pursuant to the procedure in subsection (2) of this section.

(2) If the commission determines based on information available to it that the revenue from the assessment levied under this chapter is too high or is inadequate to accomplish the purposes of this chapter, then with the oversight of the director the commission shall commence rule making setting forth the needs of the industry, the extent and probable cost of commission activities identified as necessary to address the needs of the industry together with a brief statement justifying each activity, the proposed new assessment rate, and the expected revenue from the proposed assessment. A different rate may be proposed for any specific variety or for fresh apples sliced or cut for raw consumption.

(3) Upon receiving the director's approval of the rule making commenced under subsection (2) of this section, and with the oversight of the director, the commission may conduct a referendum to determine whether growers assent to the proposed new assessment rate, or may refer the matter to the director to conduct the referendum on behalf of the commission. An increase in the assessment rate is approved if two-thirds of growers vote in favor and the growers voting in favor represent two-thirds of the apples grown in the two prior crop years, based on net shipping weight. A decrease in the assessment rate is approved if a majority of growers vote in favor and the growers voting in favor represent two-thirds of the apples grown in the two prior crop years, based on the net shipping weight. If approved, the new rate must be adopted in rule in accordance with chapter 34.05 RCW. 15.24.100 Procedure for eliminating assessment. (1)

A petition may be filed with the commission to reduce the assessment authorized in RCW 15.24.090 to zero. To be valid, the petition must be signed by at least eight percent of all apple growers eligible to vote in commission referendum elections. The petition shall contain the name of a person designated to represent the petitioners.

(2) Upon receipt of a valid petition, the commission shall prepare a document discussing the substance of the petition. A statement in favor of the petition shall be written by the proponents of the petition. A statement opposing the petition may be written by the commission or an opponent. The document and a notice of public hearing shall be sent to apple growers eligible to vote in commission referendum elections at least twenty days prior to the scheduled public hearings. The commission shall hold public hearings in Yakima and Wenatchee on the petition.

(3) Following the public hearings, the question of whether to reduce the assessment authorized in RCW 15.24.090 to zero shall be referred to a referendum mail ballot. The commission shall certify to the director a list of apple growers eligible to vote in commission referendum elections. The referendum shall be conducted and supervised by the director using the certified list. Inadvertent failure to notify a grower does not invalidate a referendum.

(4) The referendum will be approved if a simple majority of apple growers voting in the referendum election vote in favor of the elimination of the assessment. The director will certify the results of the vote.

(5) The referendum vote shall be binding and may not be overturned by action of the commission or director. If the referendum is approved, the commission shall immediately commence activities to wind down its operations. However, the elimination of the assessment shall not be effective until six months from the date the referendum result is certified by the director. If the referendum fails, neither the commission nor the director will take further action on the petition.

(6) The commission is responsible for all its own costs and all the director's costs associated with the hearing, notice, and referendum process. A subsequent petition may not be filed any sooner than five years following the certification of the results of any previously held referendum conducted under this section. 15.24.900 Purpose of chapter—Regulation of apples and apple products—Existing comprehensive scheme—Applicable laws. (1) This chapter is passed:

(a) In the exercise of the police power of the state to assure, through this chapter, and other chapters, that the apple industry is highly regulated to protect the public health, to prevent fraudulent practices, to promote the welfare of the state, and to stabilize and protect the apple industry of the state as a vital and integral part of its economy for the benefit of all its citizens;

(b) Because the apple crop grown in Washington comprises one of the major agricultural crops of Washington, and that therefore the business of selling and distributing such crop and the expanding and protection of its market is of public interest;

(c) Because it is necessary and expedient to enhance the reputation of Washington apples in domestic and foreign markets;

(d) Because it is necessary to discover the health giving qualities and food and dietetic value of Washington apples, and to spread that knowledge throughout the world in order to increase the consumption of Washington apples;

(e) Because Washington grown apples are handicapped by high freight rates in competition with eastern and foreign grown apples in the markets of the world, and this disadvantage can only be overcome by education and advertising;

(f) Because the stabilizing and promotion of the apple industry, the enlarging of its markets, and the increasing of the consumption of apples are necessary to assure and increase the payment of taxes to the state and its subdivisions, to alleviate unemployment within the state, and increase wages for agricultural labor;

(g) To disseminate information giving the public full knowledge of the manner of production, the cost and expense thereof, the care taken to produce and sell only apples of the finest quality, the methods and care used in preparing for market, and the methods of sale and distribution to increase the amount secured by the grower therefor, so that they can pay higher wages and pay their taxes, and by such information to reduce the cost of distribution so that the spread between the cost to the consumer and the amount received by the grower will be reduced to the minimum absolutely necessary; and

(h) To protect the general public by educating it in reference to the various varieties and grades of Washington apples, the time to use and consume each variety, and the uses to which each variety should be put.

(2) The history, economy, culture, and future of Washington state's agricultural industry involves the apple industry. In order to develop and promote apples and apple products as part of an existing comprehensive scheme to regulate those products, the legislature declares:

(a) That it is vital to the continued economic well-being of the citizens of this state and their general welfare that its apple and apple products be properly promoted by establishing orderly, fair, sound, efficient, and unhampered marketing, grading, and standards of and for apples and apple prod-

ucts; and by working to stabilize the apple industry and by increasing consumption of apples and apple products within the state, nation, and internationally;

(b) That apple growers operate within a regulatory environment that imposes burdens on them for the benefit of society and the citizens of the state and includes restrictions on marketing autonomy. Those restrictions may impair the agricultural grower's ability to compete in local, domestic, and foreign markets;

(c) That it is in the overriding public interest that support for the apple industry be clearly expressed, that adequate protection be given to agricultural commodities, uses, activities, and operations, and that apples and apple products be promoted individually, as well as part of a comprehensive promotion of the agricultural industry to:

(i) Enhance the reputation and image of Washington state's agricultural industry;

(ii) Increase the sale and use of apples and apple products in local, domestic, and foreign markets;

(iii) Protect the public and consumers by correcting any false or misleading information and by educating the public in reference to the quality, care, and methods used in the production of apples and apple products, and in reference to the various sizes, grades, and varieties of apples and the uses to which each should be put;

(iv) Increase the knowledge of the health-giving qualities and dietetic value of apple products; and

(v) Support and engage in programs or activities that benefit the production, handling, processing, marketing, and uses of apples and apple products;

(d) That the apple industry is a highly regulated industry and that this chapter and the rules adopted under it are only one aspect of the regulation of the industry. Other regulations and restraints applicable to the apple industry include:

(i) Washington agriculture general provisions, chapter 15.04 RCW;

(ii) Pests and diseases, chapter 15.08 RCW;

15.28.015 Regulating soft tree fruits—Commission created—Existing comprehensive scheme—Applicable laws. The history, economy, culture, and the future of Washington state's agriculture involves the production of soft tree fruits. In order to develop and promote Washington's soft tree fruits as part of an existing comprehensive regulatory scheme the legislature declares:

(1) That the Washington state fruit commission is created;

(2) That it is vital to the continued economic well-being of the citizens of this state and their general welfare that its soft tree fruits be properly promoted by (a) enabling the soft tree fruit industry to help themselves in establishing orderly, fair, sound, efficient, and unhampered cooperative marketing, grading, and standardizing of soft tree fruits they produce; and (b) working to stabilize the soft tree fruit industry by increasing consumption of soft tree fruits within the state, the nation, and internationally;

(3) That producers of soft tree fruits operate within a regulatory environment that imposes burdens on them for the benefit of society and the citizens of the state and includes restrictions on marketing autonomy. Those restrictions may impair the producers of soft tree fruits in their ability to compete in local, domestic, and foreign markets;

(4) That it is in the overriding public interest that support for the soft tree fruit industry be clearly expressed, that adequate protection be given to agricultural commodities, uses, activities, and operations, and that soft tree fruits be promoted individually, and as part of a comprehensive industry to:

(a) Enhance the reputation and image of Washington state's agriculture industry;

(b) Increase the sale and use of Washington state's soft tree fruits in local, domestic, and foreign markets;

(c) Protect the public by educating the public in reference to the quality, care, and methods used in the production of Washington state's soft tree fruits;

(d) Increase the knowledge of the health-giving qualities and dietetic value of soft tree fruits;

(e) Support and engage in cooperative programs or activities that benefit the production, handling, processing, marketing, and uses of soft tree fruits produced in Washington state;

(5) That this chapter is enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state and to stabilize and protect the soft tree fruit industry of the state; and

(6) That the production and marketing of soft tree fruit is a highly regulated industry and that the provisions of this chapter and the rules adopted under it are only one aspect of the regulated industry. Other regulations and restraints applicable to the soft tree fruit industry include:

(a) The federal marketing order under 7 C.F.R. Part 922 (apricots);

Assessments are due upon receipt of an invoice for the assessments.

If the assessment becomes delinquent, the department shall cease to provide inspection services under chapter 15.17 RCW to the delinquent party until that party pays all delinquent assessments, interest, and penalties.

15.35.010 Short title. This chapter may be known and cited as the Washington state milk pooling act to provide for equitable pricing and pooling among producers and processors of milk and milk products. [1993 c 345 § 1; 1971 ex.s. c 230 § 1.]

15.35.030 Declaration of public interest. It is hereby declared that:

- (1) Milk is a necessary article of food for human consumption;
- (2) The production, distribution, and maintenance of an adequate supply of healthful milk of proper chemical and physical content, free from contamination, is vital to the public health and welfare;
- (3) It is the policy of the state to promote, foster, and encourage the intelligent production and orderly marketing of adequate supplies of pure and wholesome milk and milk products necessary to its citizens, to promote competitive prices, and to eliminate economic waste, destructive trade practices, and improper accounting for milk purchased from producers;
- (4) Economic factors concerning the production, marketing, and sale of milk in the state may not be accurately reflected in federal programs;
- (5) Conditions within the milk industry of this state are such that it may be necessary to establish marketing areas wherein pricing and pooling arrangements between produc-

ers are necessary, and for that purpose the director shall have the administrative authority, with such additional duties as are herein prescribed, after investigations and public hearings, to prescribe such marketing areas and modify the same when advisable or necessary. [1993 c 345 § 2; 1991 c 239 § 1; 1971 ex.s. c 230 § 3.]

15.35.060 Purposes. The purposes of this chapter are to:

- (1) Authorize and enable the director to prescribe marketing areas and to establish pricing and pooling arrangements which are necessary to prevent disorderly marketing of milk due to varying factors of costs of production, health regulations, transportation, and other factors in said marketing areas of this state;

- (2) Authorize and enable the director to formulate marketing plans subject to the provisions of this chapter, in accordance with chapter 34.05 RCW, which provide for pricing and pooling arrangements and declare such plans in effect for any marketing area;

- (3) Provide funds for administration and enforcement of this chapter by assessments to be paid by producers. [1993 c 345 § 3; 1991 c 239 § 2; 1971 ex.s. c 230 § 6.]

15.35.070 Powers conferred to be liberally construed—Monopoly—Price setting. It is the intent of the legislature that the powers conferred in this chapter shall be liberally construed. Nothing in this chapter shall be construed as permitting or authorizing the development of conditions of monopoly in the production or distribution of milk, nor shall this chapter give the director authority to establish wholesale or retail prices for processed milk products. [1993 c 345 § 5; 1991 c 239 § 3; 1971 ex.s. c 230 § 7.]

15.35.080 Definitions. For the purposes of this chapter:

- (1) "Department" means the department of agriculture of the state of Washington;

- (2) "Director" means the director of the department or the director's duly appointed representative;

- (3) "Person" means a natural person, individual, firm, partnership, corporation, company, society, and association, and every officer, agent, or employee thereof. This term shall import either the singular or plural as the case may be;

- (4) "Market" or "marketing area" means any geographical area within the state or another state comprising one or more counties or parts thereof, where marketing conditions are substantially similar and which may be designated by the director as one marketing area;

- (5) "Milk" means all fluid milk from cows as defined in chapter 15.36 RCW and rules adopted under chapter 15.36 RCW;

- (6) "Milk products" includes any product manufactured from milk or any derivative or product of milk;

- (7) "Milk dealer" means any person engaged in the handling of milk in his or her capacity as the operator of a milk plant, as that term is defined in chapter 15.36 RCW and rules adopted under chapter 15.36 RCW:

- (a) Who receives milk in an unprocessed state from dairy farms, and who processes milk into milk or milk products; and

(b) Whose milk plant is located within the state or from whose milk plant milk or milk products that are produced at least in part from milk from producers are disposed of to any place or establishment within a marketing area;

(8) "Producer" means a person producing milk within this state for sale under a grade A milk permit issued by the department under the provisions of chapter 15.36 RCW or, if the director so provides by rule, a person who markets to a milk dealer milk produced under a grade A permit issued by another state;

(9) "Classification" means the classification of milk into classes according to its utilization by the department;

(10) The terms "plan," "market area and pooling arrangement," "market area pooling plan," "market area and pooling plan," "market pool," and "market plan" all have the same meaning;

(11) "Producer-dealer" means a producer who engages in the production of milk and also operates a plant from which an average of more than three hundred pounds daily of milk products, except filled milk, is sold within the marketing area and who has been so designated by the director. A state institution which processes and distributes milk of its own production shall be considered a producer-dealer for purposes of this chapter, but the director may by rule exempt such state institutions from any of the requirements otherwise applicable to producer-dealers. [1994 c 143 § 509; 1993 c 345 § 4; 1992 c 58 § 1; 1991 c 239 § 4; 1971 ex.s. c 230 § 8.]

15.35.090 Milk control between states. (1) The director shall in carrying out the provisions of this chapter and any marketing plan thereunder confer with the legally constituted authorities of other states of the United States, and the United States department of agriculture, for the purpose of seeking uniformity of milk control with respect to milk coming in to the state and going out of the state in interstate commerce with a view to accomplishing the purposes of this chapter, and may enter into a compact or compacts which will insure a uniform system of milk control between this state and other states.

(2) In order to facilitate carrying out the provisions and purposes of this chapter, the department may hold joint hearings with authorized officers or agencies of other states who have duties and powers similar to those of the department or with any authorized person designated by the United States department of agriculture, and may enter into joint agreements with such authorized state or federal agencies for exchange of information with regard to prices paid to producers for milk moving from one state to the other or any purpose to carry out and enforce this chapter. [1991 c 239 § 5; 1971 ex.s. c 230 § 9.]

15.35.100 Director's authority—Subpoena power—Rules. Subject to the provisions of this chapter, the director is hereby vested with the authority:

(1) To investigate all matters pertaining to the production, processing, storage, transportation, and distribution of milk and milk products in the state, and shall have the authority to:

(a) Establish classifications of processed milk and milk products, and a minimum price or a formula to determine a

minimum price to be paid by milk dealers for milk used to produce each such class of products;

(b) Require that payment be made by dealers to producers of fluid milk or their cooperative associations and prescribe the method and time of such payments by dealers to producers or their cooperative associations in accordance with a marketing plan for milk;

(c) Determine what constitutes a natural milk market area;

(d) Establish quota systems within marketing plans, and to determine by using uniform rules, what portion of the milk produced by each producer shall be assigned to each quota classification;

(e) Provide for the pooling of minimum class values from the sales of each class of milk to milk dealers, and the equalization of returns to producers;

(f) Provide and establish market pools for a designated market area with such rules as the director may adopt;

(g) Employ an executive officer, who shall be known as the milk pooling administrator;

(h) Employ such persons or contract with such entities as may be necessary and incur all expenses necessary to carry out the purposes of this chapter;

(i) Determine by rule, what portion of any increase in the available quotas shall be assigned to new producers or existing producers.

(2) To issue subpoenas to compel the attendance of witnesses and/or the production of books, documents, and records anywhere in the state in any hearing affecting the authority of privileges granted by a license issued under the provisions of this chapter. Witnesses shall be entitled to fees for attendance and travel as provided for in chapter 2.40 RCW.

(3) To make, adopt, and enforce all rules necessary to carry out the purposes and policies of this chapter subject to the provisions of chapter 34.05 RCW concerning the adoption of rules. Nothing contained in this chapter shall be construed to abrogate or affect the status, force, or operation of any provision of the public health laws enacted by the state or any municipal corporation or the public service laws of this state. [1993 c 345 § 6; 1991 c 239 § 6; 1971 ex.s. c 230 § 10.]

15.35.105 Minimum milk price—Competition from outside the marketing area. (1) In establishing a minimum milk price or a formula to determine a minimum milk price, as provided under RCW 15.35.060 and 15.35.100, the director shall, in addition to other appropriate criteria, consider the:

(a) Cost of producing fluid milk for human consumption;

(b) Transportation costs;

(c) Milk prices in states or regions outside of the state that influence prices within the marketing areas;

(d) Demand for fluid milk for human consumption;

(e) Alternative enterprises available to producers; and

(f) Economic impact on milk dealers.

(2) A milk dealer who believes that actual competition from outside the marketing area is having a significant economic impact on that milk dealer, may petition the director for a public hearing on an expedited basis to consider whether the minimum milk price in the market plan should be changed relative to the milk price to a competitor located out-

side the state plus transportation costs for that competitor to compete with the petitioning milk dealer.

(a) To be considered, the petition must identify the specific action requested, and must be accompanied by a statement summarizing the facts and evidence that would be provided at a public hearing by or on behalf of the petitioner to support the need for the requested action, including an identification of circumstances that have changed since the last rule-making proceeding at which the minimum price was established.

(b) Within twenty-one days of receiving the petition, the director shall either:

(i) Adopt rules on an emergency basis, in accordance with RCW 34.05.350;

(ii) File, and distribute to all milk dealers and other interested parties, notice that a hearing will be held within sixty days of receiving the petition;

(iii) Advise the petitioner in writing that the request for rule making is denied, and explain the reasons for the denial; or

(iv) Advise the petitioner in writing that the petition provides insufficient information from which to find that rule making should be initiated, and request that the petition be resubmitted with additional information.

(c) Except as otherwise specifically provided in this section, this petition must be handled in accordance with RCW 34.05.330, and the rule-making procedures of chapter 34.05 RCW.

(3) The director may adopt rules of practice or procedure with respect to the proceedings. [1993 c 345 § 7; 1991 c 239 § 7.]

15.35.110 Referendum on establishing or discontinuing market area pooling arrangement. (1) The director, either upon his or her own motion or upon petition by ten percent of the producers in any proposed area, shall conduct a hearing to determine whether to establish or discontinue a market area pooling arrangement. Upon determination by the director that in order to satisfy the purposes of this chapter a pooling arrangement should be established, a referendum of affected individual producers and milk dealers shall be conducted by the department.

(2) In order for the director to establish a market area and pooling plan:

(a) Sixty-six and two-thirds percent of the producers and producer-dealers that vote must be in favor of establishing a market area and pooling plan;

(b) Sixty-six and two-thirds percent of the milk dealers and producer-dealers that vote must be in favor of establishing a market area and pooling plan; and

(c) Producer-dealers providing notice to the director under RCW 15.35.115(1), shall be authorized to vote both as producers and as milk dealers.

(3) Except as provided in subsection (4) of this section, the director, within ninety days from the date the results of a referendum approved under subsection (2) of this section are filed with the secretary of state, shall adopt rules to establish a market pool in the market area, as provided for in this chapter. In conducting hearings on rules proposed for adoption under this subsection, the director shall invite public comment on whether milk regulation similar to the market area

pooling plan proposed in the rules exists in neighboring states and whether a lack of such milk regulation in neighboring states would render such a market area pooling plan in this state ineffective or impractical.

(4) If, following hearings held under subsection (3) of this section, the director determines that the lack of milk regulation in neighboring states similar to the market area pooling plan proposed for this state would render such a pooling arrangement in this state ineffective or impractical, the director shall so state in writing. The director shall file the statement with the code reviser for publication in the Washington State Register. In such a case, a market area pooling plan shall not be established in the market area under subsection (3) of this section based upon the referendum that precipitated the hearings.

If the director determines that such a lack of milk regulation in neighboring states would not render such a market area pooling plan ineffective or impractical in this state, the director shall adopt rules in accordance with subsection (3) of this section.

(5) If fifty-one percent of the producers and producer-dealers voting representing fifty-one percent of the milk produced and fifty-one percent of the milk dealers and producer-dealers in the market area vote to terminate a pooling plan, the director, within one hundred twenty days, shall terminate all the provisions of said market area and pooling arrangement.

(6) A referendum of affected producers, producer-dealers, and milk dealers shall be conducted only when a market area pooling arrangement is to be established. Only producers, milk dealers, and producer-dealers who are subject to the plan may vote on the termination of a pooling plan. [1993 c 345 § 8; 1992 c 58 § 4; 1991 c 239 § 8; 1971 ex.s. c 230 § 11.]

15.35.115 Referendum on establishing or discontinuing market area pooling arrangement—Producer-dealers. (1) Not less than sixty days before a referendum creating a market area and pooling plan with quotas is to be conducted under RCW 15.35.110, the director shall notify each producer-dealer regarding the referendum. Any producer-dealer may choose to vote on the referendum and each choosing to do so shall notify the director in writing of this choice not later than thirty days before the referendum is conducted. Such a producer-dealer and any person who becomes a producer-dealer or producer by acquiring the quota of such a producer-dealer shall be a fully regulated producer under such an approved plan and shall receive a quota which is not less than the sales of milk in fluid form from the producer facilities during the reference period used by the director in determining quotas for producers. Such a producer-dealer shall also be a fully regulated milk dealer under the terms of such an approved plan. RCW 15.35.310(1) does not apply to a producer-dealer who is subject to regulation under this subsection.

(2) If a person was not a producer-dealer at the time notice was provided to producer-dealers under subsection (1) of this section regarding a referendum on a proposed market area and pooling plan with quotas, the plan was approved by referendum, and the person subsequently became a producer-dealer (other than by virtue of the person's acquisition of the quota of a producer-dealer who is fully regulated under the

plan), the person is subject to all of the terms of the plan for producers and milk dealers during the duration of the plan and RCW 15.35.310(1) does not apply to such a person with regard to that plan.

(3) This subsection applies: To a person who was a producer-dealer at the time the notice was provided to producer-dealers under subsection (1) of this section regarding a referendum which was approved and who did not notify the director under subsection (1) of this section to vote in that referendum; and to a person who acquires the facility of such a person.

If such a person's sales of milk in fluid form subsequent to the adoption of the plan increases such that those sales in any year are more than fifty percent greater than the sales of milk in fluid form from the producer facilities during any of the previous five years, RCW 15.35.310(1) does not apply to that person with regard to that plan. Such a producer-dealer shall be a fully regulated producer under such an approved plan and shall receive a quota which is not less than the producer-dealer's sales of milk in fluid form during the reference period used by the director in determining quotas for producers. Such a producer-dealer shall also be a fully regulated dealer under the terms of such an approved plan.

If changes are made, on a market area-wide basis, to the quotas established under the plan, the director shall by rule adjust the fifty percent limitation provided by this section by an equivalent amount. [1993 c 345 § 9; 1992 c 58 § 2.]

15.35.120 Qualifications for producers to sign petitions or vote in referendums. (1) The producers qualified to sign a petition, or to vote in any referendum concerning a market pool, shall be all those producers shipping milk to the market area on a regular supply basis and who would or do receive or pay equalization in an existing market pool in a market area, or in a market pool if established in such market area.

(2) The milk dealers qualified to vote in any referendum establishing a market pool shall be all those milk dealers who operate a plant which is located within the state and who would receive milk priced under a market pool if established in such market area.

(3) The director is authorized during business hours to review the books and records of milk dealers to obtain a list of the producers qualified to sign petitions or to vote in referendums and to verify that such milk dealers are qualified to vote in a referendum. [1991 c 239 § 9; 1971 ex.s. c 230 § 12.]

15.35.130 Form of producer petitions. Petitions filed with the director by producers shall:

(1) Consist of one or more pages, each of which is dated at the bottom. The date shall be inserted on each sheet prior to, or at the time the first signature is obtained on each sheet. The director shall not accept a sheet on which such date is more than sixty days, prior to the time it is filed with the director. After a petition is filed, additional pages may be filed if time limits have not expired.

(2) Contain wording at the top of each page which clearly explains to each person whose signature appears thereon the meaning and intent of the petition. Such wording shall also clearly indicate to the director if it is in reference to a request for public hearing, exactly what matters are to be

studied and desired. Similar information must be directed to the director if the matter relates to a referendum. The director has the authority to clarify wording from a petition before making it a part of a referendum.

No informalities or technicalities in the conduct of a referendum, or in any matters relating thereto, shall invalidate any referendum if it is fairly and reasonably conducted by the director. [1971 ex.s. c 230 § 13.]

15.35.140 Director to establish systems within market areas. (1) The director shall establish a system of classifying, pricing, and pooling of all milk used in each market area established under RCW 15.35.110.

(2) Thereafter the director may establish a system in each market area for the equalization of returns for all quota milk and all surplus over quota milk whereby all producers selling milk to milk dealers or delivering milk in such market area, or their cooperative associations, will receive the same prices for all quota milk and all surplus over quota milk, except that any premium paid to a producer by a dealer above established prices shall not be considered in determining average pool prices. Such prices may reflect adjustments based on the value of component parts of each producer's milk. [1991 c 239 § 10; 1971 ex.s. c 230 § 14.]

15.35.150 Determination of quota. (1) Under a market pool and as used in this section, "quota" means a producer's or producer-dealer's portion of the total sales of milk in a market area in fluid form or, in the director's discretion, in other forms.

(2) The director may in each market area subject to a market plan establish each producer's and each producer-dealer's initial quota in the market area. Such initial quotas shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.05 RCW. In making this determination, consideration shall be given to a history of the producer's production record. In no case shall a producer-dealer receive as a quota an amount which is less than his or her fluid milk sales for the reference period used by the director in determining quotas for other producers.

In any system of establishing quotas, provision shall be made for new producers to qualify for allocation of quota in a reasonable proportion and for old and new producers to participate in any new increase in available quota in a reasonable proportion. The director may establish a method to proportionately decrease quota allocations in the event decreases in milk usage occur.

All subsequent changes or new quotas issued shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.05 RCW. [1993 c 345 § 10; 1992 c 58 § 5; 1991 c 239 § 11; 1971 ex.s. c 230 § 15.]

15.35.160 Contracts, rights and powers of associations not affected. No provision of this chapter shall be deemed or construed to:

(1) Affect or impair the contracts of any such cooperative association with its members or other producers marketing their milk through such corporation;

(2) Impair or affect any contract which any such cooperative association has with milk dealers or others which are not in violation of this chapter;

(3) Affect or abridge the rights and powers of any such cooperative association conferred by the laws of this state under which it is incorporated. [1971 ex.s. c 230 § 16.]

15.35.170 Quotas—Transfer of—Limitations. Quotas provided for in this chapter may not in any way be transferred without the consent of the director. Regulations regarding transfer of quotas shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.05 RCW. Any contract for the transfer of quotas, unless the transfer has previously been approved by the director, shall be null and void. The director shall make rules and regulations to preclude any person from using a corporation as a device to evade the provisions of this section. The quotas assigned to any producer shall become null and void as of any time the producer does not own the means of production to which the quotas pertain. Quotas shall in no event be considered as property and may be taken or abolished by the state without compensation. [1991 c 239 § 12; 1971 ex.s. c 230 § 17.]

15.35.180 Records of milk dealers and cooperatives, inspection and audit of. The director shall examine and audit not less than one time each year or at any other such time the director considers necessary, the books and records, and may photostat such books, records, and accounts of milk dealers and cooperatives licensed or believed subject to license under this chapter for the purpose of determining:

(1) How payments to producers for the milk handled are computed and whether the amount of such payments are in accordance with the applicable marketing plan;

(2) If any provisions of this chapter affecting such payments directly or indirectly have been or are being violated.

No person shall in any way hinder or delay the director in conducting such examination.

The director may accept and use for the purposes of this section any audit made for or by a federal milk market order administrator which provides the information necessary for such purposes. [1991 c 239 § 13; 1971 ex.s. c 230 § 18.]

15.35.190 Records necessary for milk dealers. All milk dealers subject to the provisions of this chapter shall keep the records as deemed necessary by the director. [1971 ex.s. c 230 § 19.]

15.35.200 Verified reports of milk dealers. Each milk dealer subject to the provisions of this chapter shall from time to time, as required by rule of the director, make and file a verified report, on forms prescribed by the director, of all matters on account for which a record is required to be kept, together with such other information or facts as may be pertinent and material within the scope of the purpose of this chapter. Such reports shall cover a period specified in the order, and shall be filed within a time fixed by the director. [1971 ex.s. c 230 § 20.]

15.35.210 Milk dealer license—Required. It shall be unlawful for any milk dealer subject to the provisions of a

(2021 Ed.)

marketing plan to handle milk subject to the provisions of such marketing plan without first obtaining an annual license from the director for each separate place of business where such milk is received or sold. Such license shall be in addition to any other license required by the laws of this state: PROVIDED, That the provisions of this section shall not become effective for a period of sixty days subsequent to the inception of a marketing plan in any marketing area prescribed by the director. [1971 ex.s. c 230 § 21.]

15.35.220 Milk dealer license—Application for—Contents. Application for a license to act as a milk dealer shall be on a form prescribed by the director and shall contain, but not be limited to, the following:

(1) The nature of the business to be conducted;

(2) The full name and address of the person applying for the license if an individual; and if a partnership, the full name and address of each member thereof; and if a corporation, the full name and address of each officer and director;

(3) The complete address at which the business is to be conducted;

(4) Facts showing that the applicant has adequate personnel and facilities to properly conduct the business of a milk dealer;

(5) Facts showing that the applicant has complied with all the rules prescribed by the director under the provisions of this chapter;

(6) Any other reasonable information the director may require. [1971 ex.s. c 230 § 22.]

15.35.230 Milk dealer license—Fees—Additional assessment for late renewal. (1) Application for each milk dealer's license shall be accompanied by an annual license fee to be established by the director by rule.

(2) If an application for the renewal of a milk dealer's license is not filed on or before the first day of an annual licensing period a late fee of up to one-half of the license fee shall be assessed and added to the original fee and shall be paid by the applicant before the renewal license shall be issued: PROVIDED, That such additional assessment shall not apply if the applicant furnishes an affidavit that the applicant has not acted as a milk dealer subsequent to the expiration of his or her prior license. [1991 c 239 § 14; 1971 ex.s. c 230 § 23.]

15.35.240 Milk dealer license—Denial, suspension, or revocation of—Grounds. The director may deny, suspend, or revoke a license upon due notice and an opportunity for a hearing as provided in chapter 34.05 RCW concerning adjudicative proceedings, or rules adopted thereunder by the director, when he or she is satisfied by a preponderance of the evidence of the existence of any of the following facts:

(1) A milk dealer has failed to account and make payments without reasonable cause, for milk purchased from a producer subject to the provisions of this chapter or rules adopted hereunder;

(2) A milk dealer has committed any act injurious to the public health or welfare or to trade and commerce in milk;

(3) A milk dealer has continued in a course of dealing of such nature as to satisfy the director of his or her inability or unwillingness to properly conduct the business of handling or

selling milk, or to satisfy the director of his or her intent to deceive or defraud producers subject to the provisions of this chapter or rules adopted hereunder;

(4) A milk dealer has rejected without reasonable cause any milk purchased or has rejected without reasonable cause or reasonable advance notice milk delivered in ordinary continuance of a previous course of dealing, except where the contract has been lawfully terminated;

(5) Where the milk dealer is insolvent or has made a general assignment for the benefit of creditors or has been adjudged bankrupt or where a money judgment has been secured against him or her upon which an execution has been returned wholly or partially satisfied;

(6) Where the milk dealer has been a party to a combination to fix prices, contrary to law; a cooperative association organized under chapter 23.86 RCW and making collective sales and marketing milk pursuant to the provisions of such chapter, directly or through a marketing agent, shall not be deemed or construed to be a conspiracy or combination in restraint of trade or an illegal monopoly;

(7) Where there has been a failure either to keep records or to furnish statements or information required by the director;

(8) Where it is shown that any material statement upon which the license was issued is or was false or misleading or deceitful in any particular;

(9) Where the applicant is a partnership or a corporation and any individual holding any position or interest or power of control therein has previously been responsible in whole or in part for any act for which a license may be denied, suspended, or revoked, pursuant to the provisions of this chapter or rules adopted hereunder;

(10) Where the milk dealer has violated any provisions of this chapter or rules adopted hereunder;

(11) Where the milk dealer has ceased to operate the milk business for which the license was issued. [2010 c 8 § 6051. Prior: 1989 c 307 § 36; 1989 c 175 § 47; 1987 c 164 § 1; 1971 ex.s. c 230 § 24.]

15.35.250 Marketing assessment on producers—Additional assessment for milk testing—Penalty—Court action. (1) There is hereby levied upon all milk sold or received in any marketing area subject to a marketing plan established under the provisions of this chapter an assessment, not to exceed five cents per one hundred pounds of all such milk, to be paid by the producer of such milk. Such assessment shall be collected by the first milk dealer who receives or handles such milk from any producer or his or her agent subject to such marketing plan and shall be paid to the director for deposit into the agricultural local fund.

The amount to be assessed and paid to the director under any marketing plan shall be determined by the director within the limits prescribed by this subsection and shall be determined according to the necessities required to carry out the purpose and provisions of this chapter under any such marketing plan.

(2) In the event a producer's milk dealer does not provide milk testing in a state-certified laboratory, the director may levy an additional assessment on all such milk, not to exceed

three cents per one hundred pounds of milk, to be paid by the producer of such milk. Such assessment shall be collected by the first milk dealer who receives or handles such milk from any producer or the producer's agent subject to the marketing plan and shall be paid to the director for deposit into the agricultural local fund. Moneys from such assessments shall be used to provide testing of the milk in a state-certified laboratory.

The amount to be assessed and paid to the director under this subsection shall be determined by the director within the limits prescribed by this subsection.

(3) Upon the failure of any dealer to withhold out of amounts due to or to become due to a producer at the time a dealer is notified by the director of the amounts to be withheld and upon failure of such dealer to pay such amounts, the director subject to the provisions of RCW 15.35.260, may revoke the license of the dealer required by RCW 15.35.230. The director may commence an action against the dealer in a court of competent jurisdiction in the county in which the dealer resides or has his principal place of business to collect such amounts. If it is determined upon such action that the dealer has wrongfully refused to pay the amounts the dealer shall be required to pay, in addition to such amounts, all the costs and disbursements of the action, to the director as determined by the court. If the director's contention in such action is not sustained, the director shall pay to the dealer all costs and disbursements of the action as determined by the court. [1993 c 345 § 11; 1991 c 239 § 15; 1971 ex.s. c 230 § 25.]

15.35.260 Records and reports of licensees for assessment purposes. Each licensee, in addition to other records required under the provisions of this chapter, shall keep such records and make such reports as the director may require for the purpose of computing payments of assessments by such licensee. [1971 ex.s. c 230 § 26.]

15.35.270 Assessment due date. All assessments on milk subject to the provisions of this chapter and a marketing order shall be paid to the director on or before the twentieth day of the succeeding month for the milk which was received or handled in the previous month. [1971 ex.s. c 230 § 27.]

15.35.280 Separate account for each marketing plan—Deductions for departmental costs. The director shall establish a separate account for each marketing plan established under the provisions of this chapter, and all license fees and assessments collected under any such marketing plan shall be deposited in its separate account to be used only for the purpose of carrying out the provisions of such marketing plan: PROVIDED, That the director may deduct from each such account the necessary costs incurred by the department. Such costs shall be prorated among the several marketing plans if more than one is in existence under the provisions of this chapter. [1971 ex.s. c 230 § 28.]

15.35.290 Court actions to implement. In addition to any other remedy provided by law, the director in the name of the state shall have the right to sue in any court of competent jurisdiction for the recovery of any moneys due it from any persons subject to the provisions of this chapter and shall also have the right to institute suits in equity for injunctive relief

and for purpose of enforcement of the provisions of this chapter. [1971 ex.s. c 230 § 29.]

15.35.300 General penalty—Misdemeanor—Exception. Any violation of this chapter and/or rules and regulations adopted thereunder shall constitute a misdemeanor: PROVIDED, That this section shall not apply to retail purchasers who purchase milk for domestic consumption. [1971 ex.s. c 230 § 30.]

15.35.310 Certain producer-dealers exempt. (1) Except as provided in RCW 15.35.115, the provisions of this chapter shall not apply to persons designated as producer-dealers, except that:

(a) The director may require pursuant to RCW 15.35.100 any information deemed necessary to verify a producer-dealer's status as a producer-dealer; and

(b) A producer-dealer shall comply with all requirements of this chapter applicable to milk dealers, except those which the director may deem unnecessary.

(2) The director shall upon request designate producer-dealers and adopt rules governing eligibility for designation of a producer-dealer and cancellation of such designation. To receive such designation, a producer-dealer shall, at a minimum:

(a) In its capacity as a handler, have and exercise complete and exclusive control over the operation and management of a plant at which it handles and processes milk received from its own milk production resources and facilities as designated in subsection (4)(a) of this section, the operation and management of which are under the complete and exclusive control of the producer-dealer in its capacity as a dairy farmer;

(b) Neither receive at its designated milk production resources and facilities nor receive, handle, process, or distribute at or through any of its milk handling, processing, or distributing resources and facilities, as designated in subsection (4)(b) of this section, milk products for reconstitution into fluid milk products, or fluid milk products derived from any source other than (i) its designated milk production resources and facilities, (ii) other milk dealers within the limitation specified in subsection (2)(e) of this section, or (iii) nonfat milk solids which are used to fortify fluid milk products;

(c) Neither be directly nor indirectly associated with the business control or management of, nor have a financial interest in, another dealer's operation; nor shall any other dealer be so associated with the producer-dealer's operation;

(e) Not handle fluid milk products derived from sources other than the designated milk production facilities and resources, except for fluid milk product purchased from pool plants which do not exceed in the aggregate a daily average during the month of one hundred pounds.

(3) Designation of any person as a producer-dealer following a cancellation of its prior designation shall be preceded by performance in accordance with subsection (2) of this section for a period of one month.

(4) Designation of a person as a producer-dealer shall include the determination and designation of the milk production, handling, processing, and distributing resources and facilities, all of which shall be deemed to constitute an integrated operation, as follows:

(a) As milk production resources and facilities: All resources and facilities, milking herd, buildings housing such herd, and the land on which such buildings are located, used for the production of milk:

(i) Which are directly, indirectly, or partially owned, operated, or controlled by the producer-dealer;

(ii) In which the producer-dealer in any way has an interest including any contractual arrangement; and

(iii) Which are directly, indirectly, or partially owned, operated, or controlled by any partner or stockholder of the producer-dealer. However, for purposes of this item (4)(a)(iii) any such milk production resources and facilities which the producer-dealer proves to the satisfaction of the director do not constitute an actual or potential source of milk supply for the producer-dealer's operation as such shall not be considered a part of the producer-dealer's milk production resources and facilities; and

(b) As milk handling, processing, and distributing resources and facilities: All resources and facilities including store outlets used for handling, processing, and distributing any fluid milk product:

(i) Which are directly, indirectly, or partially owned, operated, or controlled by the producer-dealer; or

(ii) In which the producer-dealer in any way has an interest, including any contractual arrangement, or with respect to which the producer-dealer directly or indirectly exercises any degree of management or control.

(5) Designation as a producer-dealer shall be canceled automatically upon determination by the director that any of the requirements of subsection (2) of this section are not continuing to be met, such cancellation to be effective on the first day of the month following the month in which the requirements were not met, or the conditions for cancellation occurred. (ii) 1929 c 213 § 6, part; 1927 c 192 § 16, part; 1921 c 104 § 3, part; 1919 c 192 § 41, part; RRS § 6203, part. Formerly RCW 15.32.010.]

Findings—2006 c 157: "The legislature finds that chapter 15.36 RCW includes the regulation of raw milk and raw milk products including arrangements known as "cow shares" in which one or more individuals purchase one or more shares in a milk-producing animal in return for a portion of the milk that is produced. The legislature also finds that the agencies charged with protecting public health and safety need to have strong enforcement mechanisms and be able to respond rapidly, comprehensively, and effectively. It is not the intent of this act to prohibit either the sale of raw milk or cow share or similar arrangements by producers and processors who are properly licensed under chapter 15.36 RCW." [2006 c 157 § 1.]

15.36.021 Milk and milk products—Rule-making authority—Grade A pasteurized and raw milk—Grade C milk and milk products. The director of agriculture is authorized to:

(1) Adopt rules necessary to carry out the purposes of chapter 15.36 RCW, which includes rules governing the farm storage tank and bulk milk tanker requirements, however the rules may not restrict the display or promotion of products covered under this section.

(2) By rule, establish, amend, or both, definitions and standards for milk and milk products. Such definitions and standards established by the director shall conform, insofar as practicable, with the definitions and standards for milk and milk products adopted by the federal food and drug administration.

(3) By rule, adopt the PMO, DMO, and supplemental documents by reference to establish requirements for grade A pasteurized and grade A raw milk.

(4) Adopt rules establishing standards for grade A pasteurized and grade A raw milk that are more stringent than the PMO based upon current industry or public health information for the enforcement of this chapter whenever he or she determines that any such rules are necessary to carry out the purposes of this section and RCW 15.36.481.

(2021 Ed.)

(5) By rule, certify an officially designated laboratory to analyze milk for standard of quality, adulteration, contamination, and unwholesomeness.

(6) Adopt rules setting standards and requirements for the production of grade C milk and milk products. [1999 c 291 § 2; 1996 c 188 § 3; 1994 c 143 § 103; 1989 c 354 § 13; 1969 ex.s. c 102 § 1. Formerly RCW 15.36.011.]

Repealed definitions constitute rules: "The definitions constituting section 15.36.010, chapter 11, Laws of 1961 and RCW 15.36.010 as hereinafter in section 7 of this 1969 amendatory act repealed are hereby constituted and declared to be operative and to remain in force as the rules of the department of agriculture until such time as amended, modified, or revoked by the director of agriculture." [1969 ex.s. c 102 § 2.]

15.36.025 Application of chapter 34.05 RCW. Chapter 34.05 RCW governs the rights, remedies, and procedures respecting the administration of this chapter, including rule making, assessment of civil penalties, emergency actions, and license suspension, revocation, or denial. [1999 c 291 § 3.]

15.36.041 Milk producer's license. Every milk producer must obtain a milk producer's license to operate as a milk producer as defined in this chapter. A milk producer's license is not transferable with respect to persons or locations or both. The license, issued by the director upon approval of an application for the license and compliance with the provisions of this chapter, shall contain the license number, name, residence, and place of business, if any, of the licensee. [1994 c 143 § 202.]

15.36.051 Milk processing plant license—Fee waiver.

(1) A milk processing plant must obtain an annual milk processing plant license from the department, which shall expire on June 30th of each year. A milk processing plant may choose to process: (a) Grade A milk and milk products; or (b) other milk products that are not classified grade A.

(2) Only one license may be required to process milk; however, milk processing plants must obtain the necessary endorsements from the department in order to process products as defined for each type of milk or milk product processing. Application for a license shall be on a form prescribed by the director and accompanied by a two hundred fifty dollar annual license fee beginning July 1, 2015. The applicant shall include on the application the full name of the applicant for the license and the location of the milk processing plant he or she intends to operate and any other necessary information. Upon the approval of the application by the director and compliance with the provisions of this chapter, including the applicable rules adopted under this chapter by the department, the applicant shall be issued a license or a renewal of a license.

(3) Licenses shall be issued to cover only those products, processes, and operations specified in the license application and approved for licensing. If a license holder wishes to engage in processing a type of milk product that is different than the type specified on the application supporting the licensee's existing license and processing that type of food product would require a major addition to or modification of the licensee's processing facilities, the licensee shall submit an amendment to the current license application. In such a

case, the licensee may engage in processing the new type of milk product only after the amendment has been approved by the department.

(4) A licensee under this section shall not be required to obtain a food processing plant license under chapter 69.07 RCW to process milk or milk products.

(5) The director shall waive the fee for a food processing license under chapter 69.07 RCW for persons who are also licensed as a milk processing plant. [2015 3rd sp.s. c 27 § 2; 2005 c 414 § 1; 1999 c 291 § 4; 1994 c 143 § 203; 1991 c 109 § 2; 1961 c 11 § 15.32.110. Prior: (i) 1927 c 192 § 11; 1923 c 27 § 8; 1919 c 192 § 29; RRS § 6192. (ii) 1919 c 192 § 33; RRS § 6195. Formerly RCW 15.32.110.]

Findings—Intent—2015 3rd sp.s. c 27: "(1) The legislature finds that section 309(4), chapter 4, Laws of 2013 2nd sp. sess. directed the department of agriculture to convene and facilitate a work group with appropriate stakeholders to review fees supporting programs within the department that are also supported with the state general fund.

(2) The legislature further finds that with the help of a consulting firm, the department of agriculture identified fees in the food safety and animal health programs that met the budget proviso criteria. The department then formed a work group with representatives from dairy, food processing, and other relevant professional associations.

(3) The legislature further finds that the work group's final report recommends fee increases for fees that do not completely cover the costs of services provided and that will make programs within the department of agriculture less reliant on the state general fund. Therefore, the legislature intends to implement the recommendations of the work group's report." [2015 3rd sp.s. c 27 § 1.]

The license, issued by the director upon approval of an application for the license and compliance with the provisions of this chapter, shall contain the license number, name, residence, and place of business, if any, of the licensee. A milk hauler's license shall also contain endorsements for individual milk transport vehicles. The license plate number and registration number for each milk transport vehicle shall be listed on the endorsement. [1995 c 374 § 2; 1994 c 143 § 205.]

Such license shall be limited to those functions which the licensee has been found qualified to perform. Before issuing the license the director shall assess the applicant's qualifications and may test the applicant for the functions for which application has been made.

(2) Application for a license as a dairy technician shall be made upon forms provided by the director, and shall be filed with the department. The director may issue a temporary license to the applicant for such period as may be prescribed and stated in the license, not to exceed sixty days, but the license may not be renewed to extend the period beyond sixty days.

(3) The initial application and renewal for a dairy technician's license must be accompanied by a license fee of twenty-five dollars beginning July 1, 2015. All dairy techni-

icians' licenses shall expire on December 31st of odd-numbered years.

(4) The initial application for any endorsement beyond a dairy technician's license must be accompanied by an endorsement fee of twenty-five dollars beginning July 1, 2015. [2015 3rd sp.s. c 27 § 3; 1999 c 291 § 5; 1994 c 143 § 206; 1963 c 58 § 6; 1961 c 11 § 15.32.580. Prior: 1943 c 90 § 4; 1927 c 192 § 8; 1923 c 27 § 7; 1919 c 192 § 26; Rem. Supp. 1943 § 6189. 15.36.091 Dairy technician's license—Records—Inspection of. Licensed dairy technicians shall personally take all samples, conduct all tests, and determine all weights and grades of milk and milk products bought, sold, or delivered upon the basis of weight or grade or on the basis of the milk fat, nonfat milk solids, or other components contained therein. Each licensee shall keep a copy of every original report of each test, weight, or grade made by him or her for a period of two months after making the report. No unfair, fraudulent, or manipulated sample shall be taken or delivered for analysis. [1994 c 143 § 207; 1963 c 58 § 9; 1961 c 11 § 15.32.590. Prior: 1927 c 192 § 7, part; 1923 c 27 § 6, part; 1919 c 192 § 25, part; RRS § 6188, part. Formerly RCW 15.32.590.]

15.36.101 Milk wash station license. A wash station operator must obtain a milk wash station license to conduct the operation under this chapter for all wash stations separate from a milk processing plant. A milk wash station license is not transferable with respect to persons or locations or both. The license, issued by the director upon approval of an application for such license and compliance with the provisions of this chapter, shall contain the license number, name, residence, and place of business, if any, of the licensee. [1994 c 143 § 208.]

15.36.111 Inspection of dairy farms and milk processing plants—Violations—Director's access. (1) The director shall inspect all dairy farms and all milk processing plants prior to issuance of a license under this chapter and at a frequency determined by the director by rule: PROVIDED, That the director may accept the results of periodic industry inspections of producer dairies if such inspections have been officially checked periodically and found satisfactory. In case the director discovers the violation of any item of grade requirement, he or she shall make a second inspection after a lapse of such time as he or she deems necessary for the defect to be remedied, but not before the lapse of three days, and the second inspection shall be used in determining compliance with the grade requirements of this chapter. Whenever there is any violation of the same requirement of this chapter on the second inspection, the director may initiate proceedings to degrade, suspend the license, or assess a civil penalty.

(2) One copy of the inspection report detailing the grade requirement violations shall be posted by the director in a conspicuous place upon an inside wall of the milk tank room or a mutually agreed upon location on a dairy farm or given to an operator of the milk processing plant, and said inspection report shall not be defaced or removed by any person

except the director. Another copy of the inspection report shall be filed with the records of the director.

(3) Every milk producer and milk processing plant shall permit the director access to all parts of the establishment during the working hours of the producer or milk processing plant, which shall at a minimum include the hours from 8 a.m. to 5 p.m., and every milk processing plant shall furnish the director, upon his or her request, for official use only, samples of any milk product for laboratory analysis, and a true statement of the actual quantities of milk and milk products of each grade purchased and sold.

(4) The director shall have access to all parts of a dairy farm or facility that is not licensed as a milk producer or milk processing plant if the director has information that the dairy farm or facility is engaged in activities that require a license under this chapter. The director shall have access during the working hours of the dairy farm or facility, which shall at a minimum include the hours from 8 a.m. to 5 p.m. The director shall have the authority to take samples of milk or any milk products and water and environmental samples for laboratory analysis. For all establishments subject to this subsection and subsection (3) of this section, the director shall have access to records including, but not limited to, customer lists, milk production records, temperature records, and records of inspections and tests.

(5) If the director is denied access to a dairy farm or milk processing plant, the director may apply to a court of competent jurisdiction for a search warrant authorizing access to the property and facilities for purposes of conducting tests and inspections, taking samples, and examining records. Within one week of the receipt of such an application and statement the director shall make a reinspection of the applicant's establishment and thereafter as many additional reinspections as he or she may deem necessary to assure himself or herself that the applicant is again complying with the higher grade requirements. If the owner or custodian is not available for service, the director may attach the notice of embargo and order prohibiting sale to the container holding the milk or milk products. 15.44.015 Regulating dairy products—Commission created—Existing comprehensive scheme—Laws applicable. The history, economy, culture, and the future of Washington state's agriculture involves the dairy industry. In order to develop and promote Washington's dairy products as part of an existing comprehensive scheme to regulate those products the legislature declares:

(1) That the Washington state dairy products commission is created. The commission may also take actions under the name "the dairy farmers of Washington";

(2) That it is vital to the continued economic well-being of the citizens of this state and their general welfare that its dairy products be properly promoted by (a) enabling the dairy industry to help themselves in establishing orderly, fair, sound, efficient, and unhampered marketing, grading, and standardizing of the dairy products they produce; and (b) working to stabilize the dairy industry by increasing consumption of dairy products within the state, the nation, and internationally;

(3) That dairy producers operate within a regulatory environment that imposes burdens on them for the benefit of society and the citizens of the state and includes restrictions on marketing autonomy. Those restrictions may impair the dairy producer's ability to compete in local, domestic, and foreign markets;

(4) That it is in the overriding public interest that support for the dairy industry be clearly expressed, that adequate protection be given to agricultural commodities, uses, activities, and operations, and that dairy products be promoted individually, and as part of a comprehensive industry to:

(a) Enhance the reputation and image of Washington state's agriculture industry;

(b) Increase the sale and use of Washington state's dairy products in local, domestic, and foreign markets;

(c) Protect the public by educating the public in reference to the quality, care, and methods used in the production of Washington state's dairy products;

(d) Increase the knowledge of the health-giving qualities and dietetic value of dairy products; and

(e) Support and engage in programs or activities that benefit the production, handling, processing, marketing, and uses of dairy products produced in Washington state;

(5) That this chapter is enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state; and

(6) That the dairy industry is a highly regulated industry and that this chapter and the rules adopted under it are only one aspect of the regulated industry. Other regulations and restraints applicable to the dairy industry include the:

(a) Federal marketing order under 7 C.F.R., Part 1124;

(b) Dairy promotion program under the dairy and tobacco adjustment act of 1983, Subtitle B;

(c) Milk and milk products act under chapter 15.36 RCW and rules, including:

(i) The national conference of interstate milk shippers pasteurized milk ordinance;

(ii) The national conference of interstate milk shippers dry milk ordinance;

(iii) Standards for the fabrication of single-service containers;

(iv) Procedures governing cooperative state-public health service;

(v) Methods of making sanitation ratings of milk supplies;

(vi) Evaluation and certification of milk laboratories; and

(vii) Interstate milk shippers;

(d) Milk and milk products for animal food act under chapter 15.37 RCW and rules;

(e) Organic products act under chapter 15.86 RCW and rules;

In the event of redistricting, the procedure for transition of appointments to new districts or areas must be set forth in rule. The commission may adopt rules allowing the appointment of additional dealers to the commission.

(3) The boundaries and numbers of the commission districts or areas shall be maintained in a manner that ensures each producer a representation in the commission which is reasonably equal with the representation afforded all other producers by their commission members and maintains re-

sonable apportionment for each historical production or marketing area. However, the requirement of this section for reasonable equal representation of each producer on the commission does not require an equality of representation when the commission districts east of the crest of the Cascade mountains are compared to the commission districts west of the crest of the Cascade mountains.

(4) The commission shall, when requested in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW as enacted or hereafter amended, or on its own initiative, hold hearings to determine if new boundaries for each commission district or area should be established in order to afford each producer a reasonably equal representation in the commission, and if the commission so finds it shall change the boundaries of the commission districts or areas to carry out the proper reapportionment of producer representation on the commission.

(5) A review of boundaries and areas must be conducted by the commission at least every five years and take into consideration the distribution of producers, the number of head, production levels, and other relevant factors as determined by the commission. If the commission fails to carry out its responsibilities as set forth in this section, the director may upon request by ten producers institute a hearing to determine if there is reasonably equal representation for each producer on the commission. If the director finds that such reasonably equal representation is lacking, he or she then shall realign the district boundaries in a manner which will provide proper representation on the commission for each producer. [2012 c 107 § 5; 2010 c 8 § 6057; 1975 1st ex.s. c 136 § 7.]

The dealer member shall be actively engaged as a dealer in dairy products or employed in a dealer capacity as an officer or employee at management level in a dairy products organization. [2012 c 107 § 6; 2008 c 12 § 3; 1975 1st ex.s. c 136 § 2; 1965 ex.s. c 44 § 4; 1961 c 11 § 15.44.030. Prior: 1959 c 163 § 4; prior: 1939 c 219 § 3, part; RRS § 6266-3, part.]

15.44.032 Terms—Vacancies. (1) Except as provided in this section for initial appointments after redistricting or boundary modification, the term of office of each producer member of the commission shall be three years. Commission members shall continue to serve their terms until new appointments are made.

However, a license is not required of a person who distributes seeds only in sealed packages of eight ounces or less, packed by a seed labeling registrant and bearing the name and address of the registrant. Moreover, a license is not required of any grower selling seeds of his or her own production exclusively. Such seed sold by such grower must be properly labeled as provided in this chapter. BRASSICA SEED PRODUCTION**

Sections

15.51.010	Findings—Purpose.
15.51.020	Definitions.
15.51.030	Brassica seed production districts—Grower's petition—Rules.
15.51.040	Brassica production agreements.

15.51.070	Application of chapter 34.05 RCW.

15.51.010 Findings—Purpose. The legislature finds that the growing, production, or formation of seed from plants of the genus *Brassica* for the purpose of producing seed, oil, biofuel or associated by-products, commercial vegetables, forage, or cover crops is in the interest of the public welfare. The legislature finds that species, hybrids, varieties, and variations of plants of the genus *Brassica* have potential to form genetic crosses, particularly when they are grown in geographic proximity, and will, if not properly regulated, result in significant loss of quality, purity, and value in the seed produced.

The legislature finds that production of biofuel using *Brassica* seed crops, generally known as canola or rapeseed, can help citizens and businesses conserve energy and reduce the use of petroleum-based fuels, improve air and water quality, and create new industries and jobs for Washington citizens. The legislature also finds that Washington state offers conditions uniquely suited to the production of high quality, high value *Brassica* vegetable seed, and that the vegetable seed industry is a significant contributor to the diversity and economic viability of the agricultural community.

The purpose of chapter 181, Laws of 2007 is to provide for the orderly production of potentially incompatible varieties of *Brassica* seed crops. [2007 c 181 § 1.]

15.51.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "*Brassica*" means any plants in the genus *Brassica*.

(2) "*Brassica* seed crop" means any commercial production of any species, hybrid, or variety of the genus *Brassica* that results in pollen or seed formation. *Brassica* seed crop includes, but is not limited to, *Brassica* seeds grown for planting, and species generally known as rapeseed or canola, including *Brassica napus*, *Brassica rapa*, and *Brassica juncea*, grown for oil or biofuel and associated by-products. For purposes of this chapter, forage and cover crops from the genus *Brassica* are considered *Brassica* seed crops. Plants from the genus *Brassica* grown as vegetables for human or animal consumption such as cabbage, broccoli, rutabaga, and kohlrabi are not *Brassica* seed crops as long as they are not allowed to produce pollen or seed.

(3) "Department" means the state department of agriculture.

(4) "Director" means the director of the department or the director's authorized representative.

(5) "Grower" means a person who grows a *Brassica* seed crop within a *Brassica* seed production district or, for purposes of RCW 15.51.030, within a proposed *Brassica* seed production district.

(6) "Processor" means a person who commercially uses, sells, or processes a *Brassica* seed crop grown within a *Brassica* seed production district or, for purposes of RCW 15.51.030, within a proposed *Brassica* seed production district.

(7) "Volunteer and weed *Brassica* plants" means plants of the genus *Brassica* that arise from accidental or unintentional scattering or occurrence of seed. [2007 c 181 § 2.]

15.51.030 Brassica seed production districts—Grower's petition—Rules. Any grower or processor of a *Brassica* seed crop may submit a petition to the director requesting establishment of a *Brassica* seed production district. The petition must include proposed geographic boundaries of the district and the proposed types of regulations for designated *Brassica* seed crop species within the district. The petition must contain the signatures of at least ten growers or processors of affected *Brassica* seed crops grown within the boundaries of the proposed *Brassica* seed production district. If there are fewer than ten growers or processors of affected *Brassica* seed crops grown within the boundaries of the proposed district, then the applicant may submit a list of names and contact information for all *Brassica* seed crop growers and processors within the proposed district and a petition signed by at least fifty percent of these persons. In response to the petition, the director may adopt rules to establish *Brassica* seed production districts. [2007 c 181 § 3.]

15.51.040 Brassica production agreements. (1) Any person who wishes to conduct an activity otherwise prohibited within a *Brassica* seed production district must first enter into a *Brassica* production agreement with the director. Each *Brassica* production agreement shall be developed by the applicant and the director in consultation with an advisory committee comprised of at least three individuals appointed by the director, none of whom shall have a financial interest in the request for agreement or its outcome and at least one of whom shall be a grower in or processor of *Brassica* seed crops grown within the *Brassica* seed production district. The director shall not enter into any *Brassica* production agree-

ment unless the director, in the exercise of his or her discretion, is satisfied that the agreement contains terms and conditions that are necessary and sufficient to mitigate reasonably possible risks to the economic well-being of growers within the *Brassica* seed production district from the proposed activity.

(2) The applicant or any grower or processor of a *Brassica* seed crop grown within the *Brassica* seed production district that would be affected by the *Brassica* production agreement may appeal, under RCW 34.05.570(4), the director's decision whether or not to enter into a *Brassica* production agreement. Any such appeal must be filed in the superior court of Thurston county or the county in which the activity to be allowed under the *Brassica* production agreement would occur. [2007 c 181 § 4.]

15.51.050 Rules. The director may adopt rules necessary to carry out the purpose and provisions of this chapter concerning, but not limited to:

- (1) *Brassica* seed production districts;
- (2) Notification of a designated central clearinghouse for growers to report their intention to plant a *Brassica* seed crop within a *Brassica* seed production district;
- (3) Isolation distances between *Brassica* seed crops within a *Brassica* seed production district;
- (4) Exclusion of designated *Brassica* seed crops within a *Brassica* seed production district, except under terms of a *Brassica* production agreement;
- (5) Control of volunteer and weed *Brassica* plants within a *Brassica* seed production district; and
- (6) *Brassica* production agreements. [2007 c 181 § 5.]

15.51.060 Violation or threatened violation of chapter—Action to enjoin. The director or any grower or processor of a *Brassica* seed crop grown within a *Brassica* seed production district may bring an action to enjoin the violation or threatened violation of any provision of this chapter or its rules, or any *Brassica* production agreement entered into by an applicant and the director, in the superior court of Thurston county or the county in which the violation or threatened violation occurs or is about to occur. [2007 c 181 § 6.]

15.51.070 Application of chapter 34.05 RCW. Chapter 34.05 RCW governs the rights, remedies, and procedures respecting the administration of this chapter, including rule making. [2007 c 181 § 7.]

15.53.9012 Administration and administrative rules.

(1) The department shall administer, enforce and carry out the provisions of this chapter and may adopt rules necessary

(2021 Ed.)

to carry out its purpose. In adopting such rules, the director shall consider (a) the official definitions of feed ingredients and official feed terms adopted by the association of American feed control officials and published in the official publication of that organization; and (b) any regulation adopted pursuant to the authority of the federal food, drug, and cosmetic act (21 U.S.C. Sec. 301, et seq.), if the department would have the authority under this chapter to adopt the regulations. The adoption of rules shall be subject to a public hearing and all other applicable provisions of chapter 34.05 RCW (Administrative Procedure Act).

(2) The director when adopting rules in respect to the feed industry shall consult with affected parties, such as manufacturers and distributors of commercial feed and any final rule adopted shall be designed to promote orderly marketing and shall be reasonable and necessary and based upon the requirements and condition of the industry and shall be for the purpose of promoting the well-being of the members of the feed industry as well as the well-being of the purchasers and users of feed and for the general welfare of the people of the state. [1995 c 374 § 34; 1965 ex.s. c 31 § 3.]

15.53.9013 Commercial feed license—Required—Exemptions—Application—Fees—Renewal—Denial or cancellation for noncompliance—Violation—Penalty—Rules. (1) Except as provided under subsection (2) of this section, any person: (a) Who manufactures a commercial feed in this state; (b) who distributes a commercial feed in or into this state; or (c) whose name appears on a commercial feed label as guarantor, must first obtain from the department a commercial feed license for each facility that distributes in or into this state.

(2) The following persons are exempt from the requirement of a commercial feed license:

(a) Any person who makes only retail sales of commercial feed which bears labeling or other approved indication that the commercial feed is from a licensed manufacturer, guarantor, or distributor who has assumed full responsibility for reporting and paying the inspection fee due under chapter 18, Laws of 2005;

(b) Any person distributing only pet food or specialty pet food;

(c) Any person distributing food processing by-products from fruit, vegetable, or potato processing plants, freezing or dehydrating facilities, or juice or jelly preserving plants, except that the distribution of by-products or products of sugar refineries are not exempt from the requirement of a commercial feed license; and

(d) Any person distributing bona fide experimental feed on which accurate records and experimental programs are maintained.

(3) Application for a commercial feed license must be made annually on forms provided by the department and must be accompanied by a fee of fifty dollars.

(4) The commercial feed license expires on June 30th of each year. The application and fee for a commercial feed license renewal is due July 1st of each year. If a completed application and appropriate fee is not received by July 1st, a late renewal fee of fifty dollars per facility will be assessed in addition to the license fee and must be paid by the applicant

before the renewal license is issued. A late renewal fee will not apply if the applicant furnishes an affidavit that he or she has not distributed a commercial feed subsequent to the expiration of his or her prior license. The assessment of the late renewal fee will not prevent the department from taking other action as provided for in this chapter.

(5) An application for a commercial feed license must include:

- (a) The name and mailing address of the applicant;
- (b) The physical address of the facility;
- (c) The name, contact information, and signature of the applicant; and
- (d) Other information required by the department by rule.

(6) The department may deny a license application if the applicant is not in compliance with this chapter or applicable rules, and may cancel a license if the licensee is not in compliance with this chapter or applicable rules. Prior to denial or cancellation of a license, the department shall provide notice and an opportunity to correct deficiencies. If an applicant or licensee fails to correct the deficiency, the department shall deny or cancel the license. If aggrieved by the decision, the applicant or licensee may request a hearing as authorized under chapter 34.05 RCW.

(7) Notwithstanding the payment of a late renewal fee, it is a violation to distribute a commercial feed by an unlicensed person, and nothing in this chapter prevents the department from imposing a penalty authorized by this chapter for the violation.

(8) The department may under conditions specified by rule, request submission of labels and labeling in order to determine compliance with the provisions of this chapter. [2005 c 18 § 2; 1995 c 374 § 35.]

15.53.9014 Registration of pet food and specialty pet food—Exemption—Application—Renewal—Fees—Denial or cancellation for noncompliance—Violation—Penalty. (1) A person may not distribute in this state a pet food or specialty pet food that has not been registered by the department.

(2) All applications for registration must be submitted on forms provided by the department and must include:

- (a) The name and mailing address of the applicant;
- (b) The physical address of the applicant;
- (c) The name, contact information, and signature of the applicant;
- (d) Indication of the package sizes distributed for each product; and
- (e) Other information required by the department by rule.

(3) An application for registration must be accompanied by a label and other applicable printed matter describing the product and the following fees:

- (a) Twenty-two dollars per product for those products distributed only in packages of ten pounds or more;
- (b) Ninety dollars per product for those products distributed in packages of less than ten pounds; or
- (c) Ninety dollars per product for those products distributed both in packages of less than ten pounds and packages of ten pounds or more.

(4) Registrations are issued by the department for a two-year period beginning on July 1st of a given year and ending twenty-four months later on July 1st, except that registrations issued to a registrant who applies to register an additional product during the last twelve months of the registrant's period expire on the next July 1st.

(5) A distributor is not required to register a pet food or specialty pet food that is already registered under this chapter, as long as it is distributed with the original label.

(6) Changes in the guarantee of either chemical or ingredient composition of a pet food or specialty pet food registered under this chapter may be permitted if there is satisfactory evidence that such changes would not result in a lowering of the feed value of the product for the purpose for which it was designed.

(7) The department may deny registration of any pet food or specialty pet food not in compliance with this chapter and its rules. The department may cancel any registration subsequently found to be not in compliance with this chapter and its rules. Prior to denial or cancellation of a registration, the applicant or registrant of an existing registered pet food or specialty pet food must be notified of the reasons and given an opportunity to amend the application to comply. If the applicant does not make the necessary corrections, the department will deny or cancel the registration. The applicant or registrant of an existing registered pet food or specialty pet food may request a hearing as provided for in chapter 34.05 RCW.

(8) Application for renewal of registration is due July 1st of each registration period. If an application for renewal is not received by the department by the due date, a late fee of twenty dollars per product is added to the original fee and must be paid by the applicant before the renewal registration may be issued. A late fee will not apply if the applicant furnishes an affidavit that he or she has not distributed this feed subsequent to the expiration of the prior registration. Payment of a late fee does not prevent the department from imposing a penalty authorized by this chapter for the violation. [2005 c 18 § 4; (2005 c 18 § 3 expired July 1, 2006); 1995 c 374 § 36; 1993 sp.s. c 19 § 2; 1982 c 177 § 2; 1975 1st ex.s. c 257 § 4; 1965 ex.s. c 31 § 4.]

- (b) The physical address of the licensee;
- (c) The name, contact information, and signature of the applicant; and

In all cases the substances or elements must be determinable by laboratory methods such as the methods published by the association of official analytical chemists.

(c) The common or usual name of each ingredient used in the manufacture of the commercial feed, except as the department may, by regulation, permit the use of a collective term for a group of ingredients all of which perform the same function. An ingredient statement is not required for single standardized ingredient feeds which are officially defined.

(d) The name and principal mailing address of the manufacturer or the person responsible for distributing the commercial feed.

(e) Adequate directions for use for all commercial feeds containing drugs and for all such other commercial feeds as the department may require by rule as necessary for their safe and effective use.

(f) Those precautionary statements the department by rule determines are necessary for the safe and effective use of the commercial feed.

(g) The net weight as required under chapter 19.94 RCW.

(2) When a commercial feed, except a customer-formula feed, is distributed in this state in bags or other containers, the label must be placed on or affixed to the container; when a commercial feed, except a customer-formula feed, is distributed in bulk the label must accompany delivery and be furnished to the purchaser at time of delivery.

(4) The product name and quantity statement of each commercial feed and each other ingredient used in the customer formula feed must be on file at the plant producing the product. These records must be kept on file for one year after

(2021 Ed.)

the last sale. This information must be made available to the purchaser, the dealer making the sale, and the department on request. [2005 c 18 § 6; 1995 c 374 § 37; 1965 ex.s. c 31 § 5.]

15.53.9018 Semiannual report required—Inspection fees—Reports—Late fees—Confidentiality. (1) Every registrant or licensee must file a semiannual report on forms provided by the department setting forth the number of tons of commercial feed distributed in or into this state. The report must be filed regardless of the amount of feed distributed or inspection fees owed. The report must include:

(g) Other information required by the department by rule.

(2) Except as provided in subsections (3) through (5) of this section, each initial distributor or responsible buyer must pay to the department an inspection fee on all commercial feed distributed by such person during the reporting period. The inspection fee must accompany the report required in subsection (1) of this section. The inspection fee shall be not less than four cents nor more than twelve cents per ton as prescribed by the department by rule. These fees shall be used for enforcement and administration of this chapter and its rules.

(3) The initial distributor is not required to pay an inspection fee for commercial feed he or she distributed to a responsible buyer.

(4) In a situation where a responsible buyer is distributing to another responsible buyer, the inspection fee must be paid by the last responsible buyer to distribute the commercial feed.

(5) The initial distributor or responsible buyer is not required to pay an inspection fee for: (a) Pet food and specialty pet food distributed in packages weighing less than ten pounds; (b) distribution of bona fide experimental feeds on which accurate records and experimental programs are maintained; (c) commercial feed distributed to points outside this state; and (d) food processing by-products from fruit, vegetable, or potato processing plants, freezing or dehydrating facilities, or juice or jelly preserving plants.

(6) Tonnage will be reported and inspection fees will be paid on (a) by-products or products of sugar refineries; and (b) materials used in the preparation of pet foods and specialty pet food.

(7)(a) Each person made responsible by this chapter for filing a report or paying inspection fees must do so according to the following schedule:

(i) For the period January 1st through June 30th of each year, the report and inspection fees are due on July 31st of that year; and

(ii) For the period July 1st through December 31st of each year, the report and inspection fees are due on January 31st of the following year.

(b) If a complete report is not received by the due date or the appropriate inspection fees are not received by the due date, the person responsible for filing the report or paying the inspection fee must pay a late fee equal to fifteen percent of the inspection fee owed or fifty dollars, whichever is greater.

(c) The department may cancel the registration of a person's commercial feed or may cancel a person's commercial feed license if that person fails to pay the late fee. The applicant or licensee may request a hearing as authorized under chapter 34.05 RCW.

(8) If inspection fees are owed, the minimum inspection fee is twelve dollars and fifty cents.

(9) For the purpose of verifying the accuracy of reports and payment of appropriate inspection fees, the department may examine, at reasonable times, a registrant's or licensee's distribution records and may require each registrant or licensee to maintain records or file additional reports. These records must be maintained in usable condition by the registrant or licensee for a period of three years unless by rule this retention period is extended and must be submitted to the department upon request.

(10) The report required by subsection (1) of this section shall not be a public record, and any information given in such report which would reveal the business operation of the person making the report is exempt from public disclosure under chapter 42.56 RCW, and information obtained by the department from other governmental agencies or other sources that is used to verify information received in the report is exempt from public disclosure under chapter 42.56 RCW. However, this subsection does not prevent the use of information concerning the business operation of a person if any action, suit, or proceeding instituted under the authority of this chapter, including any civil action for collection of unpaid inspection fees, which action is hereby authorized and which shall be as an action at law in the name of the director of the department.

(11) Any commercial feed obtained by a consumer or contract feeder outside the jurisdiction of this state and brought into this state for use is subject to all the provisions of this chapter, including inspection fees. [2006 c 209 § 2; 2005 c 18 § 7; 1995 c 374 § 38; 1982 c 177 § 3; 1981 c 297 § 17; 1979 c 91 § 1; 1975 1st ex.s. c 257 § 5; 1967 c 240 § 32; 1965 ex.s. c 31 § 6.]

15.53.902 Adulteration—Definition—Unlawful to distribute. It is unlawful for any person to distribute an adulterated feed. A commercial feed is deemed to be adulterated:

(1) If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance, such commercial feed shall not be considered adulterated under this subsection if the quantity of such substance in such commercial feed does not ordinarily render it injurious to health; or

(2) If it bears or contains any added poisonous, added deleterious, or added nonnutritive substance which is unsafe within the meaning of section 406 of the federal food, drug, and cosmetic act (other than one which is (a) a pesticide chemical in or on a raw agricultural commodity; or (b) a food additive); or

(3) If it is, or it bears, or contains any food additive which is unsafe within the meaning of section 409 of the federal food, drug, and cosmetic act (21 U.S.C. Sec. 348); or

(4) If it is ruminant feed and is, bears, or contains any animal protein prohibited in ruminant feed that is unsafe within the meaning of federal regulations promulgated under section 409 of the federal food, drug, and cosmetic act (21 U.S.C. Sec. 348); or

(5) If it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of section 408(a) of the federal food, drug, and cosmetic act: PROVIDED, That where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or a tolerance prescribed under section 408 of the federal food, drug, and cosmetic act and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating, or milling, the residue of such pesticide chemical remaining in or on such processed feed shall not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice and the concentration of such residue in the processed feed is not greater than the tolerance prescribed for the raw agricultural commodity unless the feeding of such processed feed will result or is likely to result in a pesticide residue in the edible product of the animal, which is unsafe within the meaning of section 408(a) of the federal food, drug, and cosmetic act; or

(6) If it is, or it bears or contains any color additive which is unsafe within the meaning of section 721 of the federal food, drug, and cosmetic act (21 U.S.C. Sec. 379e); or

(7) If it is, or it bears or contains any new animal drug that is unsafe within the meaning of section 512 of the federal food, drug, and cosmetic act (21 U.S.C. Sec. 360b); or

(8) If any valuable constituent has been in whole or in part omitted or abstracted therefrom or any less valuable substance substituted therefor; or

(9) If its composition or quality falls below or differs from that which it is purported or is represented to possess by its labeling; or

(10) If it contains a drug and the methods used in or the facilities or controls used for its manufacture, processing, or packaging do not conform to current good manufacturing practice rules adopted by the department to assure that the drug meets the requirements of this chapter as to safety and has the identity and strength and meets the quality and purity characteristics that it purports or is represented to possess. In adopting such rules, the department shall adopt the current good manufacturing practice regulations for type A medicated articles and type B and type C medicated feeds established under authority of the federal food, drug, and cosmetic act, unless the department determines that they are not appropriate to the conditions that exist in this state; or

(11) If it contains viable, prohibited (primary) noxious weed seeds in excess of one per pound, or if it contains via-

ble, restricted (secondary) noxious weed seeds in excess of twenty-five per pound. The primary and secondary noxious weed seeds shall be those as named pursuant to the provisions of chapter 15.49 RCW and rules adopted thereunder. [2012 c 25 § 2; 2005 c 40 § 1; 1995 c 374 § 39; 1982 c 177 § 4; 1979 c 154 § 2; 1965 ex.s. c 31 § 7.]

15.53.9022 Misbranding—Definition—Unlawful to distribute. It shall be unlawful for any person to distribute misbranded feed. A commercial feed shall be deemed to be misbranded:

- (1) If its labeling is false or misleading in any particular;
- (2) If it is distributed under the name of another commercial feed;
- (3) If it is not labeled as required in RCW 15.53.9016 and in rules prescribed under this chapter;
- (4) If it purports to be or is represented as a commercial feed, or if it purports to contain or is represented as containing a commercial feed or feed ingredient, unless such commercial feed or feed ingredient conforms to the definition of identity, if any, prescribed by rule of the department. In the adopting of such rules the department may consider commonly accepted definitions such as those issued by nationally recognized associations or groups of feed control officials;
- (5) If any word, statement, or other information required by or under authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;
- (6) If its composition or quality falls below or differs from that which it is purported or is represented to possess by its labeling. [1995 c 374 § 40; 1965 ex.s. c 31 § 8.]

15.53.9024 Inspections of facilities, vehicles, equipment, etc.—Verification of records and procedures—Notice—Official samples—Warrants authorized. (1) For the purpose of enforcement of this chapter, and in order to determine whether its provisions have been complied with, including whether an operation is subject to such provisions, inspectors duly designated by the director, upon presenting appropriate credentials, and a written notice to the owner, operator, or agent in charge, are authorized (a) to enter, during normal business hours, any facility within the state in which commercial feeds are manufactured, transloaded, processed, packed, distributed, or held for distribution, or to enter a vehicle being used to transport or hold such feeds; and (b) to inspect at reasonable times and within reasonable limits and in a reasonable manner, the facilities, or vehicles and all pertinent equipment, finished and unfinished materials, containers, labeling, and records. The inspection may include the verification of only such records, and production and control procedures as may be necessary to determine compliance with this chapter and its rules.

(2) A separate notice shall be given for each such inspection, but a notice is not required for each entry made during the period covered by the inspection. Each such inspection shall be commenced and completed with reasonable prompt-

(2021 Ed.)

ness. Upon completion of the inspection, the person in charge of the facility or vehicle shall be so notified.

(3) If the inspector or employee making such inspection of a facility or vehicle has obtained a sample in the course of the inspection, upon completion of the inspection and prior to leaving the premises, he or she shall give to the owner, operator, or agent in charge, a receipt describing the samples obtained.

(4) If the owner of a facility or vehicle described in subsection (1) of this section, or his or her agent, refuses to admit the director or his or her agent to inspect in accordance with subsections (1) and (2) of this section, the director or his or her agent is authorized to obtain from any court of competent jurisdiction a warrant directing such owner or his or her agent to submit the premises described in the warrant to inspection.

(5) For the enforcement of this chapter, the director or his or her duly assigned agent is authorized to enter upon any public or private premises including any vehicle of transport during regular business hours to have access to, and to obtain samples, and to examine records relating to distribution of commercial feeds.

(6) Sampling and analysis shall be conducted in accordance with methods published by the association of official analytical chemists, or in accordance with other generally recognized methods.

(7) The results of all analyses of official samples shall be forwarded by the department to the person named on the label and to the purchaser, if known. If the inspection and analysis of an official sample indicates a commercial feed has been adulterated or misbranded and upon request within thirty days following the receipt of the analysis, the department shall furnish to the registrant or licensee a portion of the sample concerned. If referee analysis is requested, a portion of the official sample shall be furnished by the department and shall be sent directly to an independent lab agreed to by all parties.

(8) The department, in determining for administrative purposes whether a feed is deficient in any component, shall be guided solely by the official sample as defined in RCW 15.53.901(20) and obtained and analyzed as provided for in this section.

(9) Analysis of an official sample by the department shall be accepted as prima facie evidence by any court of competent jurisdiction. [2005 c 18 § 8; 1995 c 374 § 41; 1965 ex.s. c 31 § 9.]

15.53.9038 Department's remedies for noncompliance—"Withdrawal from distribution" order—Condemnation—Seizure. (1) When the department has reasonable cause to believe that any lot of commercial feed is adulterated or misbranded or is being distributed in violation of this chapter or any rules hereunder it may issue and enforce a written or printed "withdrawal from distribution" order, or "stop sale" order, warning the distributor not to dispose of the lot of feed in any manner until written permission is given by the department. The department shall release the lot of commercial feed so withdrawn when the provisions and rules have been complied with. If compliance is not obtained within thirty days, parties may agree to an alternative disposition in

writing or the department may institute condemnation proceedings in a court of competent jurisdiction.

(2) Any lot of commercial feed not in compliance with the provisions and rules is subject to seizure on complaint of the department to a court of competent jurisdiction in the area in which the commercial feed is located. If the court finds the commercial feed to be in violation of this chapter and orders the condemnation of the commercial feed, it shall be disposed of in any manner consistent with the quality of the commercial feed and the laws of the state. The court shall first give the claimant an opportunity to apply to the court for release of the commercial feed or for permission to process or relabel the commercial feed to bring it into compliance with this chapter. [1995 c 374 § 42; 1982 c 177 § 5; 1975 1st ex.s. c 257 § 7; 1965 ex.s. c 31 § 16.]

In all prosecutions under this chapter involving the composition of a lot of commercial feed, a certified copy of the official analysis signed by the department shall be accepted as prima facie evidence of the composition.

(2) Any person convicted of intentionally violating RCW 15.53.902(4) or the rules issued thereunder is guilty of a gross misdemeanor as provided in RCW 9A.20.021.

(3) Nothing in this chapter shall be construed as requiring the department to report for prosecution or for the institution of seizure proceedings as a result of minor violations of this chapter when it believes that the public interest will be best served by a suitable notice of warning in writing.

(4) It shall be the duty of each prosecuting attorney to whom any violation is reported to cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction without delay. Before the department reports a violation for such prosecution, an opportunity shall be given the distributor to present the distributor's view in writing or orally to the department.

(5) The department is hereby authorized to apply for and the court to grant a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this chapter or any rule or regulation promulgated under this chapter notwithstanding the existence of other remedies at law. Said injunction to be issued without bond. [2005 c 40 § 2; 1965 ex.s. c 31 § 17.]

Analysis of official sample as evidence: RCW 15.53.9024.

15.53.9042 Department to publish distribution information, production data, and analyses comparison. The department shall publish at least annually, in such forms as it may deem proper, information concerning the distribution of commercial feed, together with such data on their production and use as it may consider advisable, and a report of the results of the analyses of official samples of commercial feed

within the state as compared with the analyses guaranteed on the label or as calculated from the invoice data for customer-formula feeds: PROVIDED, That the information concerning production and use of commercial feeds shall not disclose the operations of any person. - (a) Ensuring that all fertilizers meet standards for allowable metals;
- (b) Allowing fertilizer purchasers and users to know about the contents of fertilizer products; and
- (c) Clarifying the department of ecology's oversight authority over waste-derived fertilizers.

(2) The legislature intends to provide better information to the public on fertilizers, soils, and potential health effects by authorizing additional studies on plant uptake of metals and levels of dioxins in soils and products. [1998 c 36 § 1.]

- (d) Name, address, and phone number of the registrant;
- (e) A label for each product being registered;
- (f) Identification of those products that are (i) waste-derived fertilizers, (ii) micronutrient fertilizers, or (iii) fertilizer materials containing phosphate;
- (g) The concentration of each metal, for which standards are established under RCW 15.54.800, in each product being registered, unless the product is (i) anhydrous ammonia or a solution derived solely from dissolving anhydrous ammonia in water, (ii) a customer-formula fertilizer containing only registered commercial fertilizers, or (iii) a packaged commercial fertilizer whose plant nutrient content is present in the form of a single chemical compound which is registered in compliance with this chapter and the product is not blended with any other material. The provisions of (g)(i) of this subsection do not apply if the anhydrous ammonia is derived in whole or in part from waste such that the fertilizer is a "waste-derived fertilizer" as defined in RCW 15.54.270. Verification of a registration relied on by an applicant under (g)(iii) of this subsection must be submitted with the application;
- (h) If a waste-derived fertilizer or micronutrient fertilizer, information to ensure the product complies with chapter 70A.300 RCW and the resource conservation and recovery act, 42 U.S.C. Sec. 6901 et seq.; and
- (i) Any other information required by the department by rule.

(3) All companies planning to mix customer-formula fertilizers shall include the statement "customer-formula grade mixes" under the column headed "product name" on the product registration application form. All customer-formula fertilizers sold under one brand name shall be considered one product.

(4) Registrations are issued by the department for a two-year period beginning on July 1st of a given year and ending twenty-four months later on July 1st, except that registrations issued to a registrant who applies to register an additional product during the last twelve months of the registrant's period expire on the next July 1st.

(5) An application for a new registration must be accompanied by a fee of one hundred fifty dollars for each product.

(6) Application for renewal of registration is due July 1st of each registration period and must be accompanied by a renewal fee of one hundred twenty dollars for each product. If an application for renewal is not received by the department by the due date, a late fee of fifty dollars per product is added to the original fee and must be paid by the applicant before the renewal registration may be issued. Payment of a late fee does not prevent the department from taking any action authorized by this chapter for the violation. [2021 c 282 § 2; 2020 c 20 § 1002; 2008 c 292 § 1. 15.54.330 Commercial fertilizer registration—Application review—Labels and guarantees. (1) The department shall examine the commercial fertilizer product registration application form and labels for conformance with the requirements of this chapter. If the application and appropriate labels are in proper form and contain the required information, the particular commercial fertilizer products shall be registered by the department and a certificate of registration shall be issued to the applicant.

(2) In reviewing the commercial fertilizer product registration application, the department may consider experimental data, manufacturers' evaluations, data from agricultural experiment stations, product review evaluations, or other authoritative sources to substantiate labeling claims. The data shall be from statistically designed and analyzed trials representative of the soil, crops, and climatic conditions found in the northwestern area of the United States.

(3) In determining whether approval of a labeling statement or guarantee of an ingredient is appropriate, the department may require the submission of a written statement describing the methodology of laboratory analysis utilized, the source of the ingredient material, and any reference material relied upon to support the label statement or guarantee of ingredient.

(4) Before registering a waste-derived fertilizer or micronutrient fertilizer, the department shall obtain written approval from the department of ecology as provided in RCW 15.54.820. Once a waste-derived fertilizer or micronutrient fertilizer has been approved by the department of ecology, its subsequent use in another product during that registration cycle shall not require department of ecology review. This subsection shall apply to new and renewal registration applications for periods beginning July 1, 1999, and thereafter. [1999 c 383 § 2; 1998 c 36 § 5; 1993 c 183 § 4; 1967 ex.s. c 22 § 21.]

15.54.362 Reports—Inspection fees—Late fees—Confidentiality—Penalty—Exception. (1) Every registrant or licensee who distributes commercial fertilizer in this state must file a semiannual report on forms provided by the department stating the number of net tons of each commercial fertilizer distributed in this state.

(a) For the period January 1st through June 30th of each year, the report is due on July 31st of that year; and

(b) For the period July 1st through December 31st of each year, the report is due on January 31st of the following year.

(2) Upon permission of the department, a person distributing in the state less than one hundred tons for each six-month period during any annual reporting period of July 1st through June 30th may submit an annual report on a form provided by the department that is due on the July 31st following the period. The department may accept sales records or other records accurately reflecting the tonnage sold and verifying such reports.

(3) Each person responsible for the payment of inspection fees for commercial fertilizer distributed in this state must include the inspection fees with each semiannual or annual report. If in an annual reporting period a registrant or licensee distributes less than one hundred forty-three tons of commercial fertilizer or less than two hundred fifty tons of commercial lime or equivalent combination of the two, the registrant or licensee must pay the minimum inspection fee of fifty dollars.

(4) The department may, upon request, require registrants or licensees to furnish information setting forth the net tons of commercial fertilizer distributed to each location in this state.

(5) If the semiannual or annual report indicates that zero tons of commercial fertilizer were distributed during the reporting period, the person responsible for completing the report must pay a filing fee of twelve dollars and fifty cents for a semiannual report or twenty-five dollars for an annual report.

(6)(a) If a complete report is not received by the due date, the person responsible for filing the report must pay a late fee of fifty dollars.

(b) If the appropriate inspection fees are not received by the due date, the person responsible for paying the inspection fee must pay a late fee equal to ten percent of the inspection fee owed or fifty dollars, whichever is greater.

(7) It is a misdemeanor for any person to divulge any information provided under this section that would reveal the business operation of the person making the report. However, nothing contained in this subsection may be construed to prevent or make unlawful the use of information concerning the business operations of a person in any action, suit, or proceeding instituted under the authority of this chapter, including any civil action for the collection of unpaid inspection fees, which action is authorized and which shall be as an action at law in the name of the director of the department.

(8) Payment of late fees or filing fees provided for under this section does not prevent the department from taking any other action authorized by this chapter for the violation. [2021 c 282 § 4; 2008 c 292 § 3; 1993 c 183 § 7; 1987 c 45 § 14.]

(1) It shall be the duty of the department to inspect, sample, make analysis of, and test commercial fertilizers distributed within this state at such time and place and to such an extent as it may deem necessary to determine whether such fertilizers are in compliance with the provisions of this chapter. The department is authorized to stop any commercial vehicle transporting fertilizers on the public highways and direct it to the nearest scales approved by the department to check weights of fertilizers being delivered. The department is also authorized, upon presentation of proper identification, to enter any distributor's premises, including any vehicle of transport, at all reasonable times in order to have access to commercial fertilizers and to records relating to their distribution.

(2) The methods of sampling and analysis shall be those adopted by the department from officially recognized sources.

(3) The department, in determining for administrative purposes whether a fertilizer is deficient in any component or total nutrients, shall be guided solely by the official sample as defined in RCW 15.54.270 and obtained and analyzed as provided for in this section.

(4) When the inspection and analysis of an official sample has been made, the results of analysis shall be forwarded by the department to the registrant or licensee and to the purchaser, if known. Upon request and within thirty days, the department shall furnish to the registrant or licensee a portion of the sample concerned.

(5) Analysis of an official sample by the department shall be accepted as prima facie evidence by any court of competent jurisdiction. [1993 c 183 § 8; 1987 c 45 § 16; 1967 ex.s. c 22 § 25.]

15.54.380 Penalties for deficiencies upon analysis of commercial fertilizers—Appeal—Disposition of penalties. (1) If the analysis shall show that any commercial fertilizer falls short of the guaranteed analysis in any one plant nutrient or in total nutrients, penalty shall be assessed in favor of the department in accordance with the following provisions:

(a) A penalty of three times the commercial value of the deficiency, if such deficiency in any one plant nutrient is more than two percent under guarantee on any one commercial fertilizer in which that plant nutrient is guaranteed up to and including ten percent; a penalty of three times the commercial value of the deficiency, if such deficiency in any one plant nutrient is more than three percent under guarantee on any one commercial fertilizer in which that plant nutrient is guaranteed from ten and one-tenth percent to twenty percent; a penalty of three times the commercial value of the deficiency, if such deficiency in any one plant nutrient is more than four percent under guarantee on any one commercial fertilizer in which that plant nutrient is guaranteed twenty and one-tenth percent and above.

(b) A penalty of three times the commercial value of the total nutrient deficiency shall be assessed when such deficiency is more than two percent under the calculated total nutrient guarantee.

(c) When a commercial fertilizer is subject to penalty under both (a) and (b) of this subsection, only the larger penalty shall be assessed.

(2) All penalties assessed under this section on any one commercial fertilizer, represented by the sample analyzed, shall be paid to the department within three months after the date of notice from the department to the registrant or licensee. The department shall deposit the amount of the penalty into an account with the agricultural local fund.

(3) Nothing contained in this section shall prevent any person from appealing to a court of competent jurisdiction for a judgment as to the justification of such penalties imposed under subsections (1) and (2) of this section.

(4) The civil penalties payable in subsections (1) and (2) of this section shall in no manner be construed as limiting the consumer's right to bring a civil action in damage against the

registrant or licensee paying said civil penalties. [1998 c 36 § 7; 1993 c 183 § 9; 1987 c 45 § 17; 1967 ex.s. c 22 § 26.]

The values so determined and published shall be used in determining and assessing penalty payments and shall be established by rule. [1987 c 45 § 18; 1967 ex.s. c 22 § 27.]

(2) If it is distributed under the name of another fertilizer product;

(3) If its labeling bears any reference to registration under this chapter unless such reference is required by rule under this chapter;

(4) If any word, statement, or other information, required by this chapter or rules adopted thereunder to appear on the label or labeling, is not prominently placed thereon with such conspicuousness (as compared with other words, statements, design, or graphic matter in the labeling), and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use; or

(5) If it purports to be or is represented as a fertilizer, or is represented as containing a plant nutrient or fertilizer unless such plant nutrient or fertilizer conforms to the definition of identity, if any, prescribed by the department by rule. In adopting such rules the department shall give due regard to commonly accepted definitions and official fertilizer terms such as those issued by the association of American plant food control officials. [1987 c 45 § 20.]

(2) If its composition falls below or differs from that which it is purported to possess by its labeling;

(3) If it contains unwanted viable seed; or

(4) If the concentration of any nonnutritive constituent in a representative sample of commercial fertilizer exceeds the maximum concentration stated on the registration application or on the label. [1998 c 36 § 8; 1993 c 183 § 10; 1987 c 45 § 21.]

(1) Commercial fertilizers that are not registered in Washington state or that fail to meet the Washington standards for total metals pose an emergency situation because they may contain certain metals at levels which are harmful to Washington soils and plants and may contain substances which are harmful to the public without its knowledge. Commercial fertilizers that are not registered or that fail to meet the Washington standards for total metals are subject to immediate stop sale, stop use, or withdrawal from distribution in this state and seizure, disposal, or both.

(2) The department may issue and enforce a written "stop sale," "stop use," or "withdrawal from distribution" order to the distributor, owner, or custodian of any lot of commercial fertilizer to hold the commercial fertilizer at a designated place when the department has reasonable cause to believe such fertilizer is being offered or exposed for sale in violation of any of the provisions of this chapter.

(2) The director is authorized to adopt appropriate rules for carrying out the purpose and provisions of this chapter, including but not limited to rules providing for:

(a) Declaring as a pest any form of plant or animal life or virus which is injurious to plants, people, animals (domestic or otherwise), land, articles, or substances;

(b) Determining that certain pesticides are highly toxic to people. For the purpose of this chapter, highly toxic pesticide means any pesticide that conforms to the criteria in 40 C.F.R. Sec. 156.10 for toxicity category I due to oral inhalation or dermal toxicity. The director shall publish a list of all pesticides, determined to be highly toxic, by their common or generic name and their trade or brand name if practical. Such list shall be kept current and shall, upon request, be made available to any interested party;

(c) Determining standards for denaturing pesticides by color, taste, odor, or form;

(d) The collection and examination of samples of pesticides or devices;

15.58.100 Criterion for registering. (1) The director shall require the information required under RCW 15.58.060 and shall register the label or labeling for such pesticide if he or she determines that:

(a) Its composition is such as to warrant the proposed claims for it;

(b) Its labeling and other material required to be submitted comply with the requirements of this chapter;

(c) It will perform its intended function without unreasonable adverse effects on the environment;

(d) When used in accordance with widespread and commonly recognized practice it will not generally cause unreasonable adverse effects on the environment;

15.58.110 Refusing or canceling registration—Procedure. (1) If it does not appear to the director that the pesticide is such as to warrant the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of this chapter or rules adopted under this chapter, the registrant shall be notified of the manner in which the pesticide, labeling, or other material required to be submitted fails to comply with the provisions of this chapter so as to afford the applicant an opportunity to make the necessary corrections. If, upon receipt of such notice, the applicant does not make the corrections the director shall refuse to register the pesticide. The applicant may request a hearing as provided for in chapter 34.05 RCW.

(2) The director may, when the director determines that a pesticide or its labeling does not comply with the provisions of this chapter or the rules adopted under this chapter, cancel the registration of a pesticide after a hearing in accordance with the provisions of chapter 34.05 RCW. [1989 c 380 § 8; 1971 ex.s. c 190 § 11.]

15.58.120 Suspension of registration when hazard to public health. The director may, when the director determines that there is or may be an imminent hazard to the public health and welfare, suspend on the director's own motion, the registration of a pesticide in conformance with the provisions of chapter 34.05 RCW. [1989 c 380 § 9; 1971 ex.s. c 190 § 12.]

(b) If its labeling bears any reference to registration under the provision of this chapter unless such reference be required by rules under this chapter;

(c) If any word, statement, or other information, required by this chapter or rules adopted under this chapter to appear on the label or labeling, is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or graphic matter in the labeling), and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;

(d) If the label does not bear:

(i) The name and address of the manufacturer, registrant or person for whom manufactured;

(ii) Name, brand or trademark under which the pesticide is sold;

(iii) An ingredient statement on that part of the immediate container and on the outside container or wrapper, if there be one, through which the ingredient statement on the immediate container cannot be clearly read, of the retail package which is presented or displayed under customary conditions of purchase: PROVIDED, That the director may permit the ingredient statement to appear prominently on some other part of the container, if the size or form of the container makes it impracticable to place it on the part of the retail package which is presented or displayed under customary conditions of purchase;

(iv) Directions for use and a warning or caution statement which are necessary and which if complied with would be adequate to protect the public and to prevent injury to the public, including living people, useful vertebrate animals, useful vegetation, useful invertebrate animals, wildlife, and land; and

(i) The skull and crossbones;

(ii) The word "POISON" in red prominently displayed on a background of distinctly contrasting color; and

The term "adulterated" shall apply to any pesticide if its strength or purity deviates from the professed standard or quality as expressed on its labeling or under which it is sold, or if any substance has been substituted wholly or in part for the pesticide, or if any valuable constituent of the pesticide has been wholly or in part abstracted, or if any contaminant is present in an amount which is determined by the director to be a hazard. [1971 ex.s. c 190 § 14.]

(b) For any person to detach, alter, deface or destroy, wholly or in part, any label or labeling provided for in this chapter or rules adopted under this chapter, or to add any sub-

15.58.160 Violations of chapter—"Stop sale, use or removal" order. When the director has reasonable cause to believe a pesticide or device is being distributed, stored, or transported in violation of any of the provisions of this chapter, or of any of the prescribed rules under this chapter, the director may issue and serve a written "stop sale, use or removal" order upon the owner or custodian of any such pesticide or device. If the owner or custodian is not available for service of the order, the director may attach the order to the pesticide or device. The pesticide or device shall not be sold, used or removed until the provisions of this chapter have been complied with and the pesticide or device has been released in writing under conditions specified by the director, or the violation has been otherwise disposed of as provided in this chapter by a court of competent jurisdiction. [1989 c 380 § 12; 1971 ex.s. c 190 § 16.]

(2) If the pesticide or device is condemned, it shall, after entry of decree, be disposed of by destruction or sale as the court directs, and the proceeds, if such pesticide or device is sold, less cost including legal costs, shall be paid to the state treasury: PROVIDED, That the pesticide or device shall not be sold contrary to the provisions of this chapter or rules adopted under this chapter. Upon payment of costs and execution and delivery of a good and sufficient bond conditioned that the pesticide or device shall not be disposed of unlawfully, the court may direct that the pesticide or device be delivered to the owner thereof for relabeling or reprocessing as the case may be.

(3) When a decree of condemnation is entered against the pesticide, court costs, fees, and storage and other proper expenses shall be awarded against the person, if any, appearing as claimant of the pesticide. [1997 c 242 § 3; 1989 c 380 § 13; 1971 ex.s. c 190 § 17.]

The insurance policy shall be maintained at not less than the required sum at all times during the licensed period. The insurance policy shall provide coverage for errors and omissions in an inspection conducted during the term of the policy. However, the policy may limit the insurer's liability on the policy in effect at the time of the inspection to two years from the date of the inspection.

(b) **Surety Bond.** The amount of the surety bond required by RCW 15.58.460(2)(b) shall not be less than twenty-five thousand dollars. The surety bond shall be maintained at not less than the required sum at all times during the licensed period. Any person having a claim against the structural pest inspector for legal damages as a result of the actions of the structural pest inspector may bring suit upon the bond in the court of the county in which the inspection took place or of the county in which jurisdiction of the structural pest inspector may be had. The surety issuing the bond shall be named as a party to any suit upon the bond. The suit upon the bond must be commenced within two years of the date of the inspection.

(c) **Surety Bond and Errors and Omissions Insurance.** The amount of the surety bond required by RCW 15.58.460(2)(c) shall not be less than twelve thousand five hundred dollars. Except as to the amount of the bond, the terms of the bond shall be identical to those set forth in (b) of this subsection. The amount of the errors and omissions insurance policy required by RCW 15.58.460(2)(c) shall not be less than twenty-five thousand dollars. The insurance policy shall be maintained at not less than the required sum at all times during the licensed period. The insurance policy shall provide coverage for errors and omissions in an inspection conducted during the term of the policy.

(d) **Assigned Account.** The amount of the assigned account required by RCW 15.58.460(2)(d) shall not be less than twenty-five thousand dollars. The assigned account shall

be held by the department to satisfy any execution on a judgment issued against the inspector for legal damages resulting from errors and omissions in the conduct of an inspection, according to the provisions of the assigned account agreement. The department has no liability for payment in excess of the amount of the assigned account.

(i) The assigned account agreement filed with the director as evidence of financial responsibility shall be canceled at the expiration of two years after the inspector's license has expired or been revoked, or at the expiration of two years after the inspector has furnished another form of evidence of financial responsibility required by RCW 15.58.460, unless legal action has been instituted against the inspector prior to the expiration of the two-year period and the director has been provided written notice of the same by the claimant. In such a case the director shall not cancel the assigned account agreement until the director either receives a copy of the order dismissing the action by registered or certified mail, or has received a copy of the unsatisfied judgment and has complied with the requirements of (d)(ii) of this subsection.

(ii) Any person having an unsatisfied final judgment against the inspector for legal damages awarded based on errors and omissions in the conduct of an inspection may execute upon the funds in the assigned account by serving a certified copy of the unsatisfied final judgment by registered or certified mail upon the department within one year of the date of entry of such judgment. Upon the receipt of service of such certified copy the department shall direct the financial institution to pay from the assigned account, through the registry of the court which rendered judgment, towards the amount of the unsatisfied judgment. The priority of payment from the assigned account shall be the order of receipt of the final judgment by the department.

(2) Nothing in subsection (1) of this section that limits the time period in which a suit must be commenced on a surety bond or in which a claim must be made on a policy effects the statute of limitations applicable to any claim any person may have against the structural pest inspector or company.

(3) The director may only accept a surety bond or insurance policy as evidence of financial responsibility if the bond or policy is issued by an insurer authorized to do business in this state. The director shall be notified ten days before any reduction of insurance coverage at the request of the applicant or cancellation of the surety bond or insurance by the surety or insurer and by the insured.

(4) The total and aggregate of the surety and insurer for all claims is limited to the face of the surety bond or insurance policy. The director may accept a surety bond or insurance policy in the proper sum that has a deductible clause in an amount not exceeding five thousand dollars for the total amount of surety bond or insurance required by this section. If the applicant has not satisfied the requirement of the deductible amount in any prior legal claim the deductible clause may not be accepted by the director unless the applicant furnishes the director with a surety bond or insurance policy which satisfies the amount of the deductible as to all claims that may arise. [2003 c 212 § 11; 2000 c 96 § 5.]

15.58.480 Educational materials regarding best practices for avoiding adverse effects from pesticides on pollinating insects. The department must develop educational materials regarding the best practices for avoiding adverse effects from pesticides on populations of bees, honey bees, and other pollinating insects. The educational materials must include, but not be limited to, measures that anyone applying pesticides can take to protect bees, honey bees, and other pollinating insects. The department must design requirements to ensure that any pesticide applicator applying or supervising the application of a restricted-use pesticide is highly knowledgeable regarding alternatives to, the appropriateness of, and precautions for, the use of restricted-use pesticides that may be injurious to the health of bees, honey bees, and other pollinating insects. [2019 c 353 § 13.]

Findings—Intent—2019 c 353: See note following RCW 43.23.300.

15.58.910 Continuation of rules adopted pursuant to repealed sections. All such rules shall be considered to have been adopted under the provisions of this chapter. [1989 c 380 § 31; 1971 ex.s. c 190 § 43.]

expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

(4) If an affected person fails to remit any assessment, such assessment plus interest at the rate of one percent per month from the due date shall constitute a personal debt of the person assessed or who otherwise owes the assessment and shall be due and payable within thirty days from the date it becomes first due the commission. In the event of failure of the person to pay due and payable assessments, the commission may bring civil action against the person in a state court of competent jurisdiction for collection thereof, together with any reasonable costs including attorneys' fees. [1989 c 5 § 15.]

15.62.180 Reporting. Each affected person shall, as required, file with the commission a return under oath on forms to be furnished by the commission, stating the information requested by the commission regarding the ownership, handling, processing, manufacturing, delivering, shipping, sale, and brokering of various honey bee industry products and activities as defined in RCW 15.62.020. The report shall cover the period or periods of time prescribed by the commission. [1989 c 5 § 18.]

15.62.200 Audit of records of affected persons. The commission through its agents may audit the records of any affected person for the purpose of enforcing the provisions of this chapter. The commission must first notify the affected person of their intention to audit and may request supporting documents of the affected person regarding reports submitted on commission forms under RCW 15.62.180. [1989 c 5 § 20.]

15.62.210 Nonliability of state—Salaries, expenses, and liabilities. The state shall not be liable for the acts or on

In the seventh year following the inception of the commission, a referendum shall be conducted by the department of agriculture to determine if the commission is still desired by the beekeeping industry in Washington. The commission shall continue if the director finds that affected apiarists and brokers voting in a referendum conducted as for an assessment increase in RCW 15.62.140(4) voted in favor of such continuance, otherwise it shall be terminated or suspended as in RCW 15.62.310. [1989 c 5 § 25.]

(1) Maintain a market news service by bulletins and through newspapers, giving information as to prices, available supplies of different farm products, demand in local and foreign markets, freight rates, and any other data of interest to producers and consumers;

(2) Aid producers and consumers in establishing economical and efficient methods of distribution, promoting more direct business relations by organizing cooperative societies of buyers and sellers and by other means reducing the cost and waste in the distribution of farm products;

(3) Investigate the methods of intermediaries handling farm products, and in so doing, he or she may hear complaints and suggestions and may visit places of business of all such intermediaries and may examine under oath, the officers and employees thereof;

(4) If he or she finds further legislation on this subject advisable, he or she shall make recommendations thereon to the governor not later than the fifteenth of November of each even-numbered year;

(5) Investigate the possibilities of direct dealing between the producer and consumer by parcel post and other mail order methods;

(6) Assist in the obtaining and employment of farm labor, and to that end cooperate with federal, state, and municipal agencies engaged in similar work;

15.64.030 Studies of farm marketing problems—Rules. The director shall enact rules and regulations governing the pursuit of technical studies of farm marketing problems. Moneys appropriated to the department for agricultural marketing research shall be expended by the department to further studies by the department, the experiment station of Washington State University and the extension service of Washington State University. The studies shall be made jointly or in conjunction with those made by the United States Department of Agriculture as provided for in the Flannigan-Hope Act, Title II "The Agricultural Marketing Act of 1946" Public Law 733. All funds appropriated shall be expended jointly and as matching funds with any federal funds made available for such purposes. [1961 c 11 § 15.64.040. Prior: 1947 c 280 § 1; Rem. Supp. 1947 § 2909-1.]

15.64.050 Small farm direct marketing assistance program—Created—Duties. (1) The small farm direct marketing assistance program is created.

(2) The director shall employ a small farm direct marketing assistant.

(3) The small farm direct marketing assistance program shall assist small farms in their direct marketing efforts. In carrying out this duty the program shall:

(a) Assist small farms in complying with federal, state, and local rules and regulations as they apply to direct marketing of agricultural products;

(b) Assist in developing infrastructure to increase direct marketing opportunities for small farms;

(c) Provide information on direct marketing opportunities for small farms;

(d) Promote localized food production systems;

(e) Increase access to information for farmers wishing to sell farm products directly to consumers;

(f) Identify and help reduce market barriers facing small farms in direct marketing;

(g) Assist in developing and submitting proposals to grant programs to assist small farm direct marketing efforts; and

(h) Perform other functions that will assist small farms in directly marketing their products. [2007 c 522 § 947; 2007 c 122 § 1; 2001 2nd sp.s. c 3 § 2.]

Findings—2001 2nd sp.s. c 3: "The legislature finds that:

(1) Many consumers in this state appreciate and seek out the opportunity to purchase local farm products.

(2) Consumers and small-scale farmers would both benefit from increased opportunities to market farm products locally. Direct marketing provides farmers with the opportunity to realize an increased share of consumers' food dollars and provides consumers with a greater opportunity to support local agriculture and understand farm operations, farm culture, and the role farms play in meeting our food needs.

(3) The state would greatly benefit from a focused effort to increase the economic viability and profitability of small farms through increasing their ability to market their products directly to consumers.

(4) Direct marketing opportunities are often not feasible for farmers to undertake because of market barriers and the difficulty of obtaining information related to marketing.

(5) A direct marketing assistance program for small farmers could provide the needed information, technical assistance, and barrier clearing work that is a key to increasing direct marketing of farm products." [2001 2nd sp.s. c 3 § 1.]

15.64.060 Farm-to-school program. (1) A farm-to-school program is created within the department to facilitate increased procurement of Washington grown food by schools.

(2) The department, in consultation with the department of health, the office of the superintendent of public instruction, the department of enterprise services, and Washington State University, shall, in order of priority:

(a) Identify and develop policies and procedures to implement and evaluate the farm-to-school program, including coordinating with school procurement officials, buying cooperatives, and other appropriate organizations to develop uniform procurement procedures and materials, and practical recommendations to facilitate the purchase of Washington grown food by the common schools. These policies, procedures, and recommendations shall be made available to school districts to adopt at their discretion;

(b) Assist food producers, distributors, and food brokers to market Washington grown food to schools by informing them of food procurement opportunities, bid procedures, school purchasing criteria, and other requirements;

(c) Assist schools in connecting with local producers by informing them of the sources and availability of Washington grown food as well as the nutritional, environmental, and economic benefits of purchasing Washington grown food;

(d) Identify and recommend mechanisms that will increase the predictability of sales for producers and the adequacy of supply for purchasers;

(e) Identify and make available existing curricula, programs and publications that educate students on the nutritional, environmental, and economic benefits of preparing and consuming locally grown food;

(f) Support efforts to advance other farm-to-school connections such as school gardens or farms and farm visits; and

(g) As resources allow, seek additional funds to leverage state expenditures.

(3) The department in cooperation with the office of the superintendent of public instruction shall collect data on the activities conducted pursuant to chapter 215, Laws of 2008 and communicate such data biennially to the appropriate committees of the legislature beginning November 15, 2009. Data collected may include the numbers of schools and farms participating and any increases in the procurement of Washington grown food by the common schools.

(4) As used in this section, RCW 28A.335.190, and 28A.235.170, "Washington grown" means grown and packed or processed in Washington. [2015 c 225 § 9; 2008 c 215 § 2.]

Findings—Intent—2008 c 215: "(1) The legislature recognizes that the benefits of local food production include stewardship of working agricultural lands; direct and indirect jobs in agricultural production, food processing, tourism, and support industries; energy conservation and greenhouse gas reductions; and increased food security through access to locally grown foods.

(2) The legislature finds there is a direct correlation between adequate nutrition and a child's development and school performance. Children who are hungry or malnourished are at risk of lower achievement in school.

(3) The legislature further finds that adequate nutrition is also necessary for the physical health of adults, and that some communities have limited access to healthy fruits and vegetables and quality meat and dairy products, a lack of which may lead to high rates of diet-related diseases.

(4) The legislature believes that expanding market opportunities for Washington farmers will preserve and strengthen local food production and increase the already significant contribution that agriculture makes to the state and local economies.

(5) The legislature finds that the state's existing procurement requirements and practices may inhibit the purchase of locally produced food.

(6) The legislature intends that the local farms-healthy kids act strengthen the connections between the state's agricultural industry and the

state's food procurement procedures in order to expand local agricultural markets, improve the nutrition of children and other at-risk consumers, and have a positive impact on the environment." [2008 c 215 § 1.]

"Commercial quantities" as applied to handlers and/or handling means such quantities per year (or other period of time) of an agricultural commodity or product thereof as the director finds are not less than the minimum which a prudent person engaged in such handling would handle for the purpose of making such quantity a substantial contribution to the handling operation in which such commodity or product thereof is so handled. In either case, the director may in his or her discretion: (a) Determine that

substantial quantity is any amount above zero; and (b) apply the quantity so determined on a uniform rule applicable alike to all persons which he or she finds to be similarly situated.

15.65.028 Regulating agricultural commodities—Existing comprehensive scheme. The history, economy, culture, and the future of Washington state to a large degree all involve agriculture. In order to develop and promote Washington's agricultural products as part of the existing comprehensive scheme to regulate agricultural commodities, the legislature declares:

(1) That the marketing of agricultural products within this state is in the public interest. It is vital to the continued economic well-being of the citizens of this state and their general welfare that its agricultural commodities be properly promoted by (a) enabling producers of agricultural commodities to help themselves in establishing orderly, fair, sound, efficient, and unhampered marketing, grading, and standardizing of the commodities they produce and (b) working towards stabilizing the agricultural industry by increasing consumption of agricultural commodities within the state, the nation, and internationally;

(2) That farmers and ranchers operate within a regulatory environment that imposes burdens on them for the benefit of society and the citizens of the state and includes restrictions on marketing autonomy. Those restrictions may impair the agricultural producer's ability to compete in local, domestic, and foreign markets;

(3) That it is now in the overriding public interest that support for the agricultural industry be clearly expressed, that adequate protection be given to agricultural commodities, uses, activities, and operations, and that each agricultural commodity be promoted individually, and as part of a comprehensive industry to:

(a) Enhance the reputation and image of Washington state's agricultural commodities;

(b) Increase the sale and use of Washington state's agricultural commodities in local, domestic, and foreign markets;

(c) Protect the public by educating the public in reference to the quality, care, and methods used in the production of Washington state's agricultural commodities;

(d) Increase the knowledge of the health-giving qualities and dietetic value of Washington state's agricultural commodities and products; and

(e) Support and engage in programs or activities that benefit the planting, production, harvesting, handling, processing, marketing, and uses of agricultural commodities produced in Washington state;

(4) That the director seek to enhance, protect, and perpetuate the ability of the private sector to produce food and fiber, and seek to maintain the economic well-being of the agricultural industry in Washington state consistent with its regulatory activities and responsibilities;

(5) That the director is hereby authorized to implement, administer, and enforce this chapter through the adoption of marketing orders that establish commodity boards; and

(6) That this chapter is enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state. [2002 c 313 § 2.]

keting area, as the case may be, or (2) when upon the basis of findings on a duly noticed hearing held in the manner herein provided, the director determines:

(a) That the issuance of such order or amendment will not result in unequal cost of product or availability of supplies, or cause competitive disadvantage of other respects as between handlers;

(b) That the issuance of such order or amendment is the only practical means of advancing the interest of producers of such commodity pursuant to the declared policy of this chapter and that failure to issue such order or amendment would tend to prevent effectuation of the declared policies of this chapter;

(c) That the issuance of such order is assented to or favored by producers who during a representative period determined by the director constituted at least seventy-five percent by numbers or at least sixty-five percent by volume of production of the producers who have been engaged within the production area specified in such marketing order in the production for market of the commodity specified therein, or who during such representative period have been engaged in the production of such commodity for sale in the marketing area specified in such order. (2) The director may conduct a referendum among producers within the affected area and the requirements of assent or approval shall be held to be complied with if of the total number of such producers and the total volume of production represented in such referendum the percentage assenting to or favoring is equal to or in excess of the percentage specified in RCW 15.65.140, 15.65.150 or 15.65.190 (whichever is applicable) as now or hereafter amended: PROVIDED, That thirty percent of the affected producers within the affected area producing thirty percent by volume of the affected commodity have been represented in a referendum to determine assent or approval of the issuance of a marketing order: PROVIDED FURTHER, That a marketing order shall not become effective when the provisions of subsection (3) of this section are used unless sixty-five percent by number of the affected producers within the affected area producing fifty-one percent by volume of the affected commodity or fifty-one percent by number of such affected producers producing sixty-five per-

cent by volume of the affected commodity approve such marketing order;

(3) The director shall consider the assent or dissent or the approval or disapproval of any cooperative marketing association authorized by its producer members either by a majority vote of those voting thereon or by its articles of incorporation or by its bylaws or by any marketing or other agreement to market the affected commodity for such members or to act for them in any such referendum as being the assent or dissent or the approval or disapproval of the producers who are members of or stockholders in or under contract with such cooperative association of producers: PROVIDED, That the association shall first determine that a majority of its affected producers authorizes its action concerning the specific marketing order. nature, such as the modification of standards within a certain grade may be made without a hearing, and shall not be considered an amendment for the purposes of this chapter. [2010 c 8 § 6078; 1961 c 256 § 33.]

15.65.340 Agreement and order provisions prohibiting or regulating certain practices. Any marketing agreement or order may contain provisions prohibiting and/or otherwise regulating any one or more or all of the practices listed to the extent that such practices affect, directly or indirectly, the commodity which forms the subject matter of such agreement or order or any product thereof, but only with respect to persons who engage in such practices with the intent of or with the reasonably foreseeable effect of inducing any purchaser to become his or her customer or his or her supplier or of otherwise dealing or trading with him or her or of diverting trade from a competitor, to wit:

- (1) Paying rebates, commissions, or unearned discounts;
 - (2) Giving away or selling below the true cost (which includes all direct and indirect costs incurred to the point of sale plus a reasonable margin of mark-up for the seller) any of the affected commodities or of any other commodity or product thereof;
 - (3) Unfairly extending privileges or benefits (pertaining to price, to credit, to the loan, lease or giving away of facilities, equipment or other property or to any other matter or thing) to any customer, supplier, or other person;
 - (4) Discriminating between customers, or suppliers of like class;
 - (5) Using the affected or any other commodity or product thereof as a loss leader or using any other device whereby for advertising, promotional, come-on or other purposes such commodity or product is sold below its fair value;
 - (6) Making or publishing false or misleading advertising.
- Such regulation may authorize uniform trade practices applicable to all similarly situated handlers and/or other persons. Such regulation shall not prevent any person (a) from selling below cost to liquidate excess inventory which cannot otherwise be moved, or (b) from meeting the equally low legal price of any competitor within any one trading area during any one trading period and the director may define in said marketing agreement or order said trading area and said trading period in accordance with generally accepted industry practices; but in any event the burden of proving that such selling was to meet the equally low legal price of a competitor or to liquidate said excess inventory shall be upon the person who sells below cost as above defined. Any marketing agreement or order may authorize use of any money received and of any persons employed thereunder for legal proceedings, of any type and in the name of any person, directed to enforcement of this or any other law in force in the state of Washington relating to the prevention of unfair trade practices. [2010 c 8 § 6079; 1961 c 256 § 34.]

Such area may be defined as a "marketing area" in which case such agreement or order shall regulate or apply with respect to all of the commodity specified in such agreement or order which is stored in frozen condition or sold or marketed or delivered for sale or marketing or distribution or processing or consumption within such marketing area. [1985 c 261 § 12; 1961 c 256 § 35.]

15.65.360 Agreement and order provisions for marketing information, services, verification of grades, standards, sampling, etc. Any marketing agreement or order may provide for marketing information and services to producers and for the verification of grades, standards, weights, tests and sampling of quality and quantity of the agricultural product purchased by handlers from producers. [1961 c 256 § 36.]

15.65.370 Agreement or order not to prohibit or discriminatorily burden marketing. No marketing agreement or order or amendment thereto shall prohibit or discriminatorily burden the marketing in its area of any agricultural commodity or product thereof produced in any production area of the United States. [1961 c 256 § 37.]

15.65.375 Agreement and order provisions—Participation in proceedings concerning regulation of pesticides or agricultural chemicals. Any marketing agreement or order may authorize the members of a commodity board, or their agents or designees, to participate in federal or state hearings or other proceedings concerning regulation of the manufacture, distribution, sale, or use of any pesticide as defined by RCW 15.58.030 or any agricultural chemical which is of use or potential use in producing the affected commodity. Any marketing agreement or order may authorize the expenditure of commodity board funds for this purpose. [2011 c 103 § 8; 2002 c 313 § 32; 1988 c 54 § 1.]

There is hereby levied, and the director or his or her designee shall collect, upon each and every affected unit of any agricultural commodity specified in any marketing agreement or order an annual assessment which shall be paid by the producer thereof upon each and every such affected unit stored in frozen condition or sold or marketed or delivered for sale or marketed by him or her, and which shall be paid by the handler thereof upon each and every such unit purchased or received for sale, processing or distribution, or stored in fro-

zen condition, by him or her: PROVIDED, That such assessment shall be paid by producers only, if only producers are regulated by such agreement or order, and by handlers only, if only handlers are so regulated, and by both producers and handlers if both are so regulated. Such rate may be at the full amount of, or at any lesser amount than the amount hereinabove limited. Such rate may be altered or amended from time to time, but only upon compliance with the procedural requirements of this chapter. In every such marketing agreement, order and amendment the director shall base his or her determination of such rate upon the volume and price of sales of affected units (or units which would have been affected units had the agreement or order been in effect) during a period which the director determines to be a representative period. The rate of assessment prescribed in any such agreement, order or amendment shall for all purposes and times be deemed to be within the limits of assessment above provided until such time as such agreement or order is amended as to such rate. [2010 c 8 § 6081; 1987 c 393 § 10; 1961 c 256 § 40.]

For such purpose the director may, by the terms of the marketing order or agreement:

(2) Require handlers to collect producer assessments from producers whose production they handle and remit the same to the director or his or her designee; or

(3) Require the person subject to the assessment to give adequate assurance or security for its payment; or

date of receipt, and the name and address of each such owner; and

(b) That such commodity not be shipped from a cold storage facility until the facility has been notified by the commission that the commodity owner has paid the commission for any assessments imposed by the marketing order.

Unless the director has otherwise provided in any marketing order or agreement, assessments payable by producers shall be paid prior to the time when the affected unit is shipped off the farm, and assessments payable to handlers shall be paid prior to the time when the affected units are received by or for the account of the first handler. No affected units shall be transported, carried, shipped, sold, marketed, or otherwise handled or disposed of until every due and payable assessment herein provided for has been paid by the producer or first handler and the receipt issued. [2010 c 8 § 6082; 1985 c 261 § 14; 1961 c 256 § 41.]

In the event any person fails to pay the director or his or her designee the full amount of such assessment or such other sum on or before the date due, the director or his or her designee may, and is hereby authorized to, add to such unpaid assessment or sum an amount not exceeding ten percent of the same to

defray the cost of enforcing the collecting of the same. In the event of failure of such person or persons to pay any such due and payable assessment or other such sum, the director or his or her designee may bring a civil action against such person or persons in a court of competent jurisdiction for the collection thereof, together with the above specified ten percent thereon, and such action shall be tried and judgment rendered as in any other cause of action for debt due and payable. The department shall provide to a commodity board an estimate of expenses that may be incurred to amend or terminate a marketing order or agreement prior to any services taking place.

(2) Petitioners who are not a majority of a commodity board, and who file a petition with the director to issue, amend, or terminate a marketing order or agreement, shall deposit funds with the director to pay for expenses incurred by the department, under rules adopted by the director.

15.66.015 Regulating agricultural commodities—Existing comprehensive scheme. The history, economy, culture, and the future of Washington state to a large degree all involve agriculture. In order to develop and promote Washington's agricultural products as part of the existing comprehensive scheme to regulate agricultural commodities, the legislature declares:

(1) That the marketing of agricultural products within this state is in the public interest. It is vital to the continued economic well-being of the citizens of this state and their general welfare that its agricultural commodities be properly promoted by (a) enabling producers of agricultural commodities to help themselves in establishing orderly, fair, sound, efficient, and unhampered marketing, grading, and standardizing of the commodities they produce; and (b) working towards stabilizing the agricultural industry by increasing consumption of agricultural commodities within the state, the nation, and internationally;

(2) That farmers and ranchers operate within a regulatory environment that imposes burdens on them for the benefit of

society and the citizens of the state and includes restrictions on marketing autonomy. Those restrictions may impair the agricultural producer's ability to compete in local, domestic, and foreign markets;

(3) That it is now in the overriding public interest that support for the agricultural industry be clearly expressed, that adequate protection be given to agricultural commodities, uses, activities, and operations, and that each agricultural commodity be promoted individually, and as part of a comprehensive industry to:

(a) Enhance the reputation and image of Washington state's agricultural commodities;

(b) Increase the sale and use of Washington state's agricultural commodities in local, domestic, and foreign markets;

(c) Protect the public by educating the public in reference to the quality, care, and methods used in the production of Washington state's agricultural commodities;

(d) Increase the knowledge of the health-giving qualities and dietetic value of Washington state's agricultural commodities and products; and

(e) Support and engage in programs or activities that benefit the planting, production, harvesting, handling, processing, marketing, and uses of agricultural commodities produced in Washington state;

(4) That the director seek to enhance, protect, and perpetuate the ability of the private sector to produce food and fiber, and seek to maintain the economic well-being of the agricultural industry in Washington state consistent with its regulatory activities and responsibilities;

(5) That the director is hereby authorized to implement, administer, and enforce this chapter through the adoption of marketing orders that establish commodity commissions; and

(6) That this chapter is enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state. [2002 c 313 § 38.]

15.66.150 Annual assessments—Rate—Collection.

There is hereby levied, and there shall be collected by each commission, upon each and every unit of any agricultural commodity specified in any marketing order an annual assessment which shall be paid by the producer thereof upon each and every such unit sold, processed, stored, or delivered for sale, processing, or storage by him or her. Such assessments shall be expressed as a stated amount of money per unit or as a percentage of the net unit price at the time of sale. The total amount of such annual assessment to be paid by all affected producers of such commodity shall not exceed three percent of the total market value of all affected units sold, processed, stored, or delivered for sale, processing, or storage by all affected producers of such units during the year to which the assessment applies.

Every marketing order shall prescribe the per unit or percentage rate of such assessment. Such rate may be at the full amount of, or at any lesser amount than the amount hereinabove limited and may be altered from time to time by amendment of such order. In every such marketing order and amendment the determination of such rate shall be based upon the volume and price of sales of affected units during a period which the director determines to be a representative period. The per unit or percentage rate of assessment prescribed in any such order or amendment shall for all purposes and times be deemed to be within the limits of assessment above provided until such time as such order is amended as to such rate. However, at the end of any year, any affected producer may obtain a refund from the commission of any assessment payments made which exceed three percent of the total market value of all of the affected commodity sold, processed, stored, or delivered for sale, processing, or storage by such producer during the year. Such refund shall be made only upon satisfactory proof given by such producer in accordance with reasonable rules and regulations prescribed by the director. Such market value shall be based upon the average sales price received by such producer during the year from all his or her bona fide sales or, if such producer did not sell twenty-five percent or more of all of the affected commodity produced by him or her during the year, such market value shall be determined by the director upon other sales of the affected commodity determined by the director to be representative and comparable.

To collect such assessment each order may require:

(1) Stamps to be purchased from the affected commodity commission or other authority stated in such order and attached to the containers, invoices, shipping documents, inspection certificates, releases, or receiving receipts or tickets (said stamps to be canceled immediately upon being attached and the date of cancellation placed thereon).

(2) Payment of producer assessments before the affected units are shipped off the farm or payment of assessments at different or later times, and in such event the order may require any person subject to the assessment to give adequate assurance or security for its payment.

(3) Every affected producer subject to assessment under such order to deposit with the commission in advance an amount based on the estimated number of affected units upon which such person will be subject to such assessment in any one year during which such marketing order is in force, or upon any other basis which the director determines to be rea-

sonable and equitable and specifies in such order, but in no event shall such deposit exceed twenty-five percent of the estimated total annual assessment payable by such person. At the close of such marketing year the sums so deposited shall be adjusted to the total of such assessments payable by such person.

(4) Handlers receiving the affected commodity from the producer, including warehouse operators and processors, to collect producer assessments from producers whose production they handle and remit the same to the affected commission. The lending agency for a commodity credit corporation loan to producers shall be deemed a handler for the purpose of this subsection. No affected units shall be transported, carried, shipped, sold, stored, or otherwise handled or disposed of until every due and payable assessment herein provided for has been paid and the receipt issued, but no liability hereunder shall attach to common carriers in the regular course of their business. (1) Document the details of all measures undertaken to terminate the commodity commission and identify and document all closing costs;

(2) Contact the office of the state auditor and arrange for a final audit of the commission. Payment for the audit shall be from commission funds and identified in the budget for closing costs;

(3) Provide for the reimbursement to affected producers of moneys collected by assessment. Reimbursement shall be made to those considered affected producers over the previous three-year time frame on a pro rata basis and at a percent commensurate with their volume of production over the previous three-year period unless a different time period is specified in the marketing order. If the commodity commission finds that the amounts of moneys are so small as to make impractical the computation and remitting of the pro rata refund, the moneys shall be paid into the state treasury as unclaimed trust moneys; and

(4) Transfer all remaining files to the department for storage and archiving, as appropriate. [2002 c 313 § 60.]

The director shall approve an agreement so applied for only if he or she shall find:

(1) That no other agreement or order is in force for the same commodity in the same area or any part thereof;

(2) That such agreement will tend to effectuate its purpose and the declared policies of this chapter and conforms to law;

(3) That enough persons who produce a sufficient amount of the affected commodity to tend to effectuate said policies and purposes and to provide sufficient moneys to defray the necessary expenses of formulation, issuance, administration, and enforcement have agreed in writing to said agreement.

Such agreement may be for any of the purposes and may contain any of the provisions that a marketing order may contain under the provisions of this chapter but no other purposes and provisions. A commodity commission created by such agreement shall in all respects have all powers and duties as a commodity commission created by a marketing order. Such agreement shall be binding upon, and only upon, persons who have signed the agreement: PROVIDED, That a cooperative association may, in behalf of its members, execute any and all marketing agreements authorized hereunder, and upon so doing, such agreement so executed shall be binding upon said cooperative association and its members. Such agreements shall go into force when the director endorses his or her approval in writing upon the agreement and so notifies all who have signed the agreement. Additional signatories may be added at any time with the approval of the director. Every agreement shall remain in force and be binding upon all persons so agreeing for the period specified in such agreement but the agreement shall provide a time at least once in every twelve months when any or all such persons may withdraw upon giving notice as provided in the agreement. Such an agreement may be amended or terminated in the same manner as herein provided for its creation and may also be terminated whenever after the withdrawal of any signatory the director finds on the basis of evidence presented at such hearing that not enough persons remain signatory to such agreement to effectuate the purposes of the agreement or the policies of the act or to provide sufficient moneys to defray

necessary expenses. However, in the event that a cooperative association is signatory to the marketing agreement in behalf of its members, the action of the cooperative association shall be considered the action of its members for the purpose of determining withdrawal or termination.  15.74.060 Assessments—Adjustment for inflation.
 15.74.070 Assessments—Failure to pay.

15.74.005 Legislative purpose. The legislature recognizes that the economic base of the state of Washington is directly tied to the development and management of forest industries and that efforts to enhance and promote the recognition and expansion of the hardwoods industry should be coordinated between state and federal agencies, the forest products industry, commissions, institutions of higher education, and other entities. The legislature further recognizes that the development of hardwood forests and hardwood products will require multispecies, sustained-yield management plans for industrial and nonindustrial timber tracts, the development of products and markets for all grades of hardwoods, a stable and predictable tax program for new and existing firms and financial assistance for the attraction and expansion of new and existing hardwood processing facilities. The legislature also recognizes that the welfare of the citizens of the state of Washington require, as a public purpose, a continuing effort toward the full utilization of hardwood forests and the hardwood products industry. [1990 c 142 § 1.]

15.74.010 Commission created. In recognition of the findings and purposes in RCW 15.74.005, there is created the Washington hardwoods commission, which is created solely for the purposes set forth in this chapter. The commission shall be comprised of seven members. All members shall be members of the hardwood industry. All members shall initially be appointed by the governor and shall be appointed to staggered terms. Three members shall be appointed for a two-year term, two members to a three-year term, and two members to a four-year term. The hardwoods commission shall, by January 1, 1991, develop a method of electing board members to replace the appointed members. Each board member shall serve until the election of his or her successor. Five voting members of the commission constitute a quorum for the transaction of any business of the commission. Each member of the commission shall be a resident of the state and over the age of twenty-one. [1990 c 142 § 2.]

15.74.020 Commission authority. The commission shall have the power, duty, and responsibility to assist in the retention, expansion, and attraction of hardwood-related industries by creating a climate for development and support of the industry. The commission shall coordinate efforts to enhance and promote the expansion of the forest industry among state and federal agencies, industry organizations, and institutions of higher education. The commission shall have the power and duty to develop products and markets for various species and grades of hardwoods, and to study and recommend a tax program that will attract new firms and promote stability for existing firms. The commission shall also have as its duty the development of an enhancement and protection program that will reduce waste and respect environmental sensitivity. The commission will develop financial assistance programs from public and private moneys for attraction and expansion of new and existing primary, secondary, and tertiary processing facilities. It is also appropriate that the commission utilize recognized experts in educational institutions, public and private foundations, and agen-

cies of the state, to facilitate research into economic development, hardwood silviculture, woodland management, and the development of new products. The commission will also work cooperatively with the department of natural resources in the development of best management practices for hardwood resources. [1990 c 142 § 3.]

15.74.030 Commission management. The commission shall have the power to elect a chair and such officers as the commission deems necessary and advisable. The commission shall elect a treasurer who shall be responsible for all receipts and disbursements by the commission. The treasurer's faithful discharge of duties shall be guaranteed by a bond at the sole expense of the commission. The commission shall adopt rules for its governance, which shall provide for the holding of an annual meeting for the election of officers and the transaction of other business and for such other meetings as the commission may direct. The commission shall do all things reasonably necessary to effect the purposes of this chapter. The commission shall have no legislative power. The commission may employ and discharge managers, secretaries, agents, attorneys, and other employees or staff, and may engage the services of independent contractors, prescribe their duties, and fix their compensation. Each member of the board shall be compensated in accordance with RCW 43.03.240 and shall be reimbursed for travel expenses at the rates allowed state employees in accordance with RCW 43.03.050 and 43.03.060. [1991 c 67 § 1; 1990 c 142 § 4.]

15.74.040 Financial requirements. The commission shall maintain an account with one or more public depositories, and may deposit moneys in the depository and expend moneys for purposes authorized by this chapter in the form of drafts made by the commission. The commission shall keep accurate records of all receipts, disbursements, and other financial transactions in accordance with generally accepted principles of accounting, available for audit by the state auditor. [1990 c 142 § 5.]

15.74.050 Obligations, liabilities, and claims. Obligations incurred by the commission and liabilities or claims against the commission shall be enforced only against the assets of the commission in the same manner as if it were a corporation and no liability for the debts or actions of the commission shall exist against either the state of Washington or any subdivision or instrumentality thereof or against any member, officer, employee, or agent of the commission in his or her individual capacity. The members of the commission, including employees of the commission, shall not be held responsible in any way whatsoever to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as principle, agent, person, or employees, except for their own individual acts of dishonesty or crime. No such person or employee shall be held responsible individually for any act or omission of any other members of the commission. [1990 c 142 § 6.]

15.74.060 Assessments—Adjustment for inflation. To provide for permanent funding of the Washington hardwoods commission, agricultural commodity assessments

shall be levied by the commission on processors of hardwoods.

An assessment is hereby levied on hardwood processors operating within the state of Washington. The assessment shall be based on the hardwood processor's production per calendar quarter. The assessment shall be four cents per ton produced.

The commission may develop by rule formulas for converting other units of measure to tons of production for determining the appropriate production per calendar quarter. The assessment shall be calculated based upon calendar quarters. Beginning July 1, 2019, and every July 1st thereafter, the assessment must be adjusted to reflect the percentage change in the implicit price deflator for personal consumption expenditures for the United States as published for the most recent twelve-month period by the bureau of economic analysis of the federal department of commerce by September 25th of the year before the assessments are payable. [2018 c 71 § 1; 1991 c 67 § 3; 1990 c 142 § 7.]

Effective date—2018 c 71: "This act takes effect July 1, 2018." [2018 c 71 § 2.]

15.74.070 Assessments—Failure to pay. Any due and payable assessment levied under this chapter in such specified amount as may be determined by the commission shall constitute a personal debt of every person so assessed or who otherwise owes the same, and the same shall be due and payable to the commission when payment is called for by the commission. In the event any person fails to pay the commission the full amount of such assessment or such other sum on or before the date due, the commission may, and is hereby authorized to, add to such unpaid assessment or sum an amount not exceeding ten percent of the same to defray the cost of enforcing the collecting of the same. In the event of failure of such person or persons to pay any such due and payable assessment or other such sum, the commission may bring a civil action against such person or persons in a court of competent jurisdiction for the collection thereof, together with the above specified ten percent thereon, and such action shall be tried and judgment rendered as in any other cause of action for debt due and payable. [1991 c 67 § 2.]

Each fiscal year, the state treasurer shall transfer into the fair fund from the general fund an amount appropriated in the omnibus operating appropriations act equal to:

(a) \$2,000,000 for fiscal year 2021;

(b) \$2,750,000 in each fiscal year 2022 and 2023;

(c) \$3,500,000 in each fiscal year 2024 and 2025; and

(d) \$4,000,000 in fiscal year 2026 and each fiscal year thereafter.

(e) To support inclusiveness at fair events, a portion of the additional funds provided to fairs as a result of chapter 245, Laws of 2021 must be prioritized to be spent on educational programs and outreach that are reflective of the diversity within a fair's local population.

(3) Expenditures from the fund may be used only for assisting fairs in the manner provided in this chapter. Only the director of agriculture or the director's designee may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. [2021 c 245 § 2; 2018 c 280 § 3; 2011 1st sp.s. c 50 § 926; 2011 c 103 § 10; 2010 1st sp.s. c 37 § 912; 2001 2nd sp.s. c 16 § 1; 1998 c 345 § 2.]

Findings—2021 c 245: "(1) The legislature found in 1961 that it is in the public interest to hold agricultural fairs to train youth, to educate the public about the production of food and fiber, and to promote the welfare of farm people and rural living. The legislature finds that the fair fund was created for the purpose of encouraging agricultural fairs and training rural youth.

The legislature finds that despite the original expectations, the fair fund has not increased, and this lack of increased support has made it difficult to maintain youth programs. Research has shown that youth who participate in fairs are more likely to get better grades, attend college, and positively contribute to their families and communities.

(2) The legislature finds that fairs also contribute to economic vitality and cultural heritage by: (a) Providing an opportunity for small businesses to reach a larger customer base; (b) providing agricultural suppliers a platform to showcase new technology; (c) creating numerous seasonal jobs; (d) playing a vital role in fund-raising for nonprofit organizations; and (e) providing a venue for community and cultural events.

(3) The legislature further finds that events held on fairgrounds support both the cultural and economic development of rural communities. The legislature finds that connecting the fair fund to revenue generated on fairgrounds encourages fairs to work with local businesses to increase economic opportunity. Thirty-seven counties have a fair. Benton and Franklin counties share a fair. Mason county currently does not have a fair." [2021 c 245 § 1.]

Effective dates—2011 1st sp.s. c 50: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [June 15, 2011], except for section 951 of this act which takes effect June 30, 2011." [2011 1st sp.s. c 50 § 1802.]

Purpose—2011 c 103: See note following RCW 15.26.120.

15.76.120 Categories of fairs. The following categories of agricultural fairs held in the state may be eligible for state allocations:

(1) Area fairs, which serve an area larger than one county; have both open and junior participation and an extensive diversification of classes, displays, and exhibits; and are not under county commissioner jurisdiction;

(2) County fairs, organized to serve the interests of single counties; have both open and junior participation but not as extensive diversification of classes, displays, and exhibits as area fairs; and are under county commissioner jurisdiction. An individual county must have no more than one county fair, but the county commissioners of two or more counties, by resolution, may jointly sponsor a county or district fair as limited by RCW 36.37.050;

(3) Community fairs, which serve an area smaller than area or county fairs and have either or both open or junior classes, displays, or exhibits. There may be more than one community fair in a county; and

(4) Youth shows and fairs, which serve three or more counties, have the purpose of educating and training rural youth in matters of rural living, and are approved under the authority of the Washington State University or the office of the superintendent of public instruction. [2018 c 280 § 4; 1993 c 163 § 1; 1991 c 238 § 74; 1961 c 61 § 3.]

15.76.140 Eligibility requirements for state allocation. (1) Before any agricultural fair may become eligible for state allocations it must have conducted two successful consecutive annual fairs immediately preceding application for such allocations, and have its application therefor approved by the director.

(2) The director may waive the requirement in subsection (1) of this section if:

(a) A county fair reorganizing as an area fair has, through a current or predecessor organization, received an allocation from the fair fund as a county fair for at least two years; or

(b) A fair is not held due to a natural disaster such as a flood or wildfire. [2018 c 280 § 5; 2001 c 157 § 1; 1995 c 374 § 71; 1965 ex.s. c 32 § 1; 1961 c 61 § 5.]

15.76.150 Allocations from the fair fund. (1) Using the department's forms, the board of trustees of any fair or youth show may apply to the department for allocations from the state fair fund.

(2)(a) The director may allocate ninety-five percent of the state fair fund, including its interest income under RCW 43.79A.040, to applicant agricultural fairs, distributed according to merit as measured by a merit rating to be set up by the director. This merit rating must take into account such factors as area and population served, open and/or youth participation, attendance, gate receipts, number and type of exhibits, premiums paid, community support, evidence of successful achievement of the aims and purposes of the fair, extent of improvements made to grounds and facilities from year to year, and overall condition and appearance of grounds and facilities.

(b) The department may use up to ten percent of the amount allocated in (a) of this subsection for special assistance to any participating fair or fairs.

(c) The department may use the remaining five percent of money in the state fair fund for expenses incurred in the administration of this chapter, which may include the fair commission expenses approved by the director.

(3) The division and payment of funds authorized in this section shall occur at such times as the director may prescribe. [2018 c 280 § 6; 2002 c 313 § 113; 1965 ex.s. c 32 § 2; 1961 c 61 § 6.]

15.76.160 Purposes for which allocation made—To whom made. Any state allocations made under this chapter shall be made only as a reimbursement in whole or in part for operating expenses incurred. State allocations to fairs under the control of one or more counties must be made to the county treasurer of the county in which the fair is held. State allocations to other fairs or youth shows under RCW 15.76.120 must be made to sponsors of such fairs or shows. [2018 c 280 § 7; 1961 c 61 § 7.]

15.76.165 Authorization for capital funding to support capital projects that make health or safety improvements to agricultural fairgrounds or fair facilities—Contract requirements. (1) Subject to the availability of amounts appropriated for this specific purpose, the department may provide capital funding to local governments and nonprofit organizations, on a competitive basis, to support capital projects that make health or safety improvements to agricultural fairgrounds or fair facilities in order to benefit participants and the fair-going public.

(2) The department shall develop and manage appropriate contracts with the selected applicants, monitor project expenditures and grantee performance, report project and contract information, and exercise due diligence and other contract management responsibilities.

(a) The department shall include provisions in the contracts which require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities must be used for the express purpose of the grant.

(b) If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant. [2012 c 221 § 3; 2005 c 443 § 2; 1973 c 117 § 1; 1969 c 85 § 1.]

Appointed members of the commission shall be compensated in accordance with RCW 43.03.240 and shall be reimbursed for travel expenses, in accordance with RCW 43.03.050 and 43.03.060 payable on proper vouchers submitted to and approved by the director, and payable from that portion of the state fair fund set aside for administrative costs under this chapter. The commission shall meet at the call of the chair, but at least annually. It shall be the duty of the commission to act as an advisory committee to the director, to evaluate fairs to help determine merit under RCW 15.76.150(2), to assist in the preparation of the merit rating used in determining allocations to be made to fairs, and to perform such other duties as may be required by the director from time to time. [2018 c 280 § 8; 2010 c 8 § 6100; 1984 c 287 § 18; 1975-'76 2nd ex.s. c 34 § 21; 1975 1st ex.s. c 7 § 11; 1961 c 61 § 8.]

[1969 ex.s. c 100 § 28.]

15.80.580 Weighing devices—Platform size to sufficiently accommodate vehicles. No weighmaster shall weigh a vehicle or combination of vehicles to determine the weight of such vehicle or combination of vehicles unless the weighing device has a platform of sufficient size to accommodate such vehicle or combination of vehicles fully and completely as one entire unit. When a combination of vehicles must be broken up into separate units in order to be weighed as prescribed, each separate unit shall be entirely disconnected before weighing and a separate certified weight ticket shall be issued for each separate unit. [1969 ex.s. c 100 § 29.]

15.80.590 Denial, suspension, or revocation of licenses—Hearing. The director is hereby authorized to deny, suspend, or revoke a license in any case in which he or she finds that there has been a failure to comply with the requirements of this chapter or rules adopted hereunder. For hearings for revocations, suspension, or denial of a license, the director shall give the licensee or applicant such notice as is required under the provisions of chapter 34.05 RCW. Witnesses shall testify under oath which may be administered by the director. [2010 c 8 § 6110; 1969 ex.s. c 100 § 32.]

15.80.620 Assuming to act as weighmaster or weigher. It shall be unlawful for any person not licensed pursuant to the provisions of this chapter to:

15.83.005 Intent. Agricultural products are produced by many individual farmers and ranchers located throughout the state. The efficient production and marketing of agricultural products by farmers, ranchers, and handlers is of vital concern to the welfare and general economy of the state. It is the purpose of this chapter to establish standards of fair practices required of handlers, producers, and associations of producers, with respect to certain agricultural commodities, to establish the mutual obligation of handlers and accredited associations of producers to negotiate relative to the production or marketing of these agricultural commodities.

It is the intent of the legislature that a workable process be developed through which a fair price and other contract terms can be arrived at through negotiations between processors of agricultural products and an accredited association of producers, and that in developing rules and administering this chapter the director of agriculture shall recognize this intent. [1989 c 355 § 1.]

15.83.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Accredited association of producers" means an association of producers which is accredited by the director to be

(2021 Ed.)

the exclusive negotiation agent for all producer members of the association within a negotiating unit.

(2) "Advance contract" means a contract for purchase and sale of a crop entered into before the crop becomes a growing crop and providing for delivery at or after the harvest of that crop.

(3) "Agricultural products" as used in this chapter means pears, sweet corn, and potatoes produced for sale from farms in this state.

(4) "Association of producers" means any association of producers of agricultural products engaged in marketing, negotiating for its members, shipping, or processing as defined in section 15(a) of the federal agriculture marketing act of 1929 or in section 1 of 42 Stat. 388.

(5) "Director" means the director of the department of agriculture.

(6) "Handler" means a processor or a person engaged in the business or practice of:

(a) Acquiring agricultural products from producers or associations of producers for use by a processor;

(b) Processing agricultural products received from producers or associations of producers, provided that a cooperative association owned by producers shall not be a handler except when contracting for crops from producers who are not members of the cooperative association;

(c) Contracting or negotiating contracts or other arrangements, written or oral, with or on behalf of producers or associations of producers with respect to the production or marketing of any agricultural product for use by a processor; or

(d) Acting as an agent or broker for a handler in the performance of any function or act specified in (a), (b), or (c) of this subsection.

(7) "Negotiate" means meeting at reasonable times and for reasonable periods of time commencing at least sixty days before the normal planting date for sweet corn and potatoes, or at least sixty days before the normal harvest date for pears, and concluding within thirty days of the normal planting date for sweet corn and potatoes, or within thirty days of the normal harvest date for pears, to make a serious, fair, and reasonable attempt to reach agreement by acknowledging or refuting with reason points brought up by either party with respect to the price, terms of sale, compensation for products produced under contract, or other terms relating to the production or sale of these products: PROVIDED, That neither party shall be required to disclose proprietary business or financial records or information.

(10) "Processor" means any person that purchases agricultural crops from a producer and cans, freezes, dries, dehydrates, cooks, presses, powders, or otherwise processes those crops in any manner for eventual resale. A person who solely cleans, sorts, grades, and packages a farm product for sale without altering the natural condition of the product is not a processor. A person processing any portion of a crop is a processor.

(11) "Producer" means a person engaged in the production of agricultural products as a farmer or planter, including a grower or farmer furnishing inputs, production manage-

ment, or facilities for growing or raising agricultural products. A producer who is also a handler shall be considered a handler under this chapter.

(12) "Qualified commodity" means agricultural products as defined in subsection (3) of this section. [2020 c 176 § 1; 1989 c 355 § 2.]

15.83.020 Negotiating agents—Association of producers—Accreditation. (1) An association of producers may file an application with the director:

(a) Requesting accreditation to serve as the exclusive negotiating agent on behalf of its producer members who are within a proposed negotiating unit with respect to any qualified commodity;

(2) Within a reasonable time after receiving an application under subsection (1) of this section, the director shall approve or disapprove the application in accordance with this section.

(a) The director shall approve the initial application or renewal if the director determines that:

(i) The association is owned and controlled by producers under the charter documents or bylaws of the association;

(iii) The association represents a sufficient percentage of producers or that its members produce a sufficient percentage of agricultural products to enable it to function as an effective agent for producers in negotiating with a given handler as defined in rules promulgated by the department. In making this finding, the director shall exclude any quantity of the agricultural products contracted by producers with producer-owned and controlled processing cooperatives with its members and any quantity of these products produced by handlers;

(iv) One of the association's functions is to act as principal or agent for its members in negotiations with handlers for prices and other terms of trade with respect to the production, sale, and marketing of the products of its members, or for compensation for products produced by its members under contract;

(v) Sufficient resources, including public funds and any funds to be provided by the applicant under reimbursement agreements, will be available to cover department costs for services provided by the department in carrying out the provisions of this chapter, including department costs to defend

a decision made by the department under this chapter if such a decision is appealed; and

(vi) Accreditation would not be contrary to the policies established in RCW 15.83.005.

(b) If the director does not approve the application under (a) of this subsection, then the association of producers may file an amended application with the director. The director, within a reasonable time, shall approve the amended application if it meets the requirements set out in (a) of this subsection.

(3) The department shall provide the association an estimate of expenses that may be incurred prior to the department's provision of services.

(4) At the discretion of the director, or upon submission of a timely filed petition by an affected handler or an affected association of producers, the association of producers accredited under this section may be required by the director to renew the application for accreditation by providing the information required under subsection (1) of this section. [2020 c 176 § 2; 1989 c 355 § 3.]

15.83.030 Unlawful practices of handlers. It shall be unlawful for any handler to engage, or permit any employee or agent to engage, in the following practices:

(1) To refuse to negotiate with an association of producers accredited under RCW 15.83.020 with respect to any qualified commodity: PROVIDED, That the obligation to negotiate does not require either party to agree to a proposal, to make a concession, or to enter into a contract;

(2) To coerce any producer in the exercise of his or her right to contract with, join, refrain from contracting with or joining, belong to an association of producers, or refuse to deal with any producer because of the exercise of that producer's right to contract with, join, or belong to an association or because of that producer's promotion of legislation on behalf of an association of producers;

(3) To discriminate against any producer with respect to price, quantity, quality, or other terms of purchase, acquisition, or other handling of agricultural products because of that producer's membership in or contract with an association of producers or because of that producer's promotion of legislation on behalf of an association of producers;

(3) If upon the preponderance of the evidence taken, the director is of the opinion that any person named in the complaint has engaged in or is engaging in any prohibited practice, the director shall make and enter findings of fact and shall issue and cause to be served on that person, an order requiring that person to cease and desist from the practice and to take affirmative action to further the policies of this chapter. The order may also require the person to make reports from time to time showing the extent of compliance with the order. If, upon the preponderance of the testimony and other evidence, the director determines that the person named in the complaint has not engaged in or is not engaging in any prohibited practice, the director shall make and enter findings of fact and an order dismissing the complaint. [1989 c 355 § 6.]

15.83.060 Director's authority—Recordkeeping—Cooperation. If required to carry out the objectives of this chapter, including the conduct of any investigations or hearing:

- (1) The director shall require any person to:
 - (a) Establish and maintain records;

(b) Make reports; and

No civil penalty may be assessed unless the person charged has been given notice and opportunity for a hearing pursuant to chapter 34.05 RCW. In determining the amount of the penalty, the director shall consider the size of the business of the person charged, the penalty's affect [effect] on the person's ability to continue in business, and the gravity of the violation. If the director is unable to collect the civil penalty, the director shall refer the collection to the attorney general. [1989 c 355 § 9.]

15.83.090 Injunction. The director or any aggrieved producer, accredited association, or handler may bring an action to enjoin the violation of any provision of this chapter or any regulation made pursuant to this chapter in a court of competent jurisdiction of the county in which such violation occurs or is about to occur. Aquaculture disease control: Chapter 77.115 RCW.

15.85.010 Legislative declaration. The legislature declares that aquatic farming provides a consistent source of quality food, offers opportunities of new jobs, increased farm income stability, and improves balance of trade.

The legislature finds that many areas of the state of Washington are scientifically and biologically suitable for aquaculture development, and therefore the legislature encourages promotion of aquacultural activities, programs, and development with the same status as other agricultural activities, programs, and development within the state.

The legislature finds that aquaculture should be considered a branch of the agricultural industry of the state for purposes of any laws that apply to or provide for the advancement, benefit, or protection of the agriculture industry within the state.

The legislature further finds that in order to ensure the maximum yield and quality of cultured aquatic products, the department of fish and wildlife should provide diagnostic services that are workable and proven remedies to aquaculture disease problems.

It is therefore the policy of this state to encourage the development and expansion of aquaculture within the state. It is also the policy of this state to protect wildstock fisheries by providing an effective disease inspection and control program and prohibiting the release of salmon or steelhead trout by the private sector into the public waters of the state and the subsequent recapture of such species as in the practice commonly known as ocean ranching. [1994 c 264 § 4; 1985 c 457 § 1.]

Release and recapture of salmon or steelhead prohibited: RCW 77.12.459.

15.88.010 Legislative declaration. The legislature declares that:

(1) Marketing is a dynamic and changing part of Washington agriculture and a vital element in expanding the state economy.

(2) The sale in the state and export to other states and abroad of wine made in the state contribute substantial benefits to the economy of the state, provide a large number of jobs and sizeable tax revenues, and have an important stabilizing effect on prices received by agricultural producers. Development of exports of these commodities abroad will contribute favorably to the balance of trade of the United States and of the state. The sale and export are therefore affected with the public interest.

(3) The production of wine grapes in the state is a new and important segment of Washington agriculture which has potential for greater contribution to the economy of the state if it undergoes healthy development.

(4) The general welfare of the people of the state will be served by healthy development of the activities of growing and processing wine grapes, which development will

improve the tax bases of local communities in which agricultural land and processing facilities are located, and obviate the need for state and federal funding of local services. The industries are therefore affected with the public interest.

(5) Creation of a commission for the public purpose of administering the revenue of the commission under RCW 66.24.210(3) for the enhancement of production of wine grapes and wine and the marketing of Washington wine will materially advance the industries of growing and processing wine grapes and thereby the interests of the citizens of the state. [1987 c 452 § 1.]

(7) "Vinifera grapes" means the agricultural product commonly known as VITIS VINIFERA and those hybrid of VITIS VINIFERA which have predominantly the character of VITIS VINIFERA.

(8) "Producer" means any person or other entity which grows within the state vinifera grapes or any person or other entity licensed under Title 66 RCW to produce within the state wine made predominantly from vinifera grapes.

15.88.025 Regulating wine grapes and wine—Existing comprehensive scheme—Applicable laws. The history, economy, culture, and future of Washington state's agriculture involves the wine industry. In order to develop and promote wine grapes and wine as part of an existing comprehensive scheme to regulate those products the legislature declares:

(1) That it is vital to the continued economic well-being of the citizens of this state and their general welfare that its wine grapes and wine be properly promoted by (a) enabling the wine industry to help themselves in establishing orderly, fair, sound, efficient, and unhampered marketing of wine grapes and wines they produce; and (b) working to stabilize the wine industry by increasing markets for wine grapes and wine within the state, the nation, and internationally;

(2) That wine grape growers and wine producers operate within a regulatory environment that imposes burdens on them for the benefit of society and the citizens of the state and includes restrictions on marketing autonomy. Those restrictions may impair the wine grape growers' and wine producers' ability to compete in local, domestic, and foreign markets;

(3) That it is in the overriding public interest that support for the wine industry be clearly expressed; that adequate protection be given to agricultural commodities, uses, activities, and operations; and that wine grapes and wine be promoted individually, and as part of a comprehensive industry to:

(a) Enhance the reputation and image of Washington state's agriculture industry;

(b) Increase the sale and use of wine grapes and wine in local, domestic, and foreign markets;

(c) Protect the public by educating the public in reference to the quality, care, and methods used in the production of wine grapes and wine;

(d) Increase the knowledge of the qualities and value of Washington's wine grapes and wine; and

(e) Support and engage in programs or activities that benefit the production, handling, processing, marketing, and uses of wine grapes and wine;

(4) That this chapter is enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state; and

(5) That the production and marketing of wine grapes and wine is a highly regulated industry and that the provisions of this chapter and the rules adopted under it are only one aspect of the regulated industry. Other regulations and restraints applicable to the wine grape and wine industry include:

(a) Organic products act under chapter 15.86 RCW;

(b) Horticultural pests and diseases under chapter 15.08 RCW;

(c) Horticultural plants, Christmas trees, and facilities—Inspection and licensing under chapter 15.13 RCW;

(d) Planting stock under chapter 15.14 RCW;

(e) Washington pesticide control act under chapter 15.58 RCW;

(f) Food safety and security act under chapter 15.130 RCW;

(g) Insect pests and plant diseases under chapter 17.24 RCW;

(h) Wholesale distributors and suppliers of wine and malt beverages under chapter 19.126 RCW;

(i) Weights and measures under chapter 19.94 RCW;

(j) Title 66 RCW, alcoholic beverage control;

(k) Chapter 69.07 RCW, Washington food processing act;

The remaining votes of the membership of the commission shall be divided equally among the remaining members of the commission.

(2) In the event that the percentage of wine produced by the producer represented by position one falls below twenty-five percent of the wine produced in this state, the weighted voting mechanism provided for in subsection (1) of this section shall cease to be effective. A qualified person may, at any time, have his or her name placed upon the list by delivering or mailing the information to the commission. This list shall be corrected and brought up-to-date in accordance with evidence and information available to the commission on or before December 31st of each year. For all purposes of giving notice and holding referendums, the list on hand, corrected up to the day next preceding the date for issuing notices or ballots as the case may be, is, for purposes of this chapter, deemed to be the list of all growers entitled to notice or to assent or dissent or to vote.

(2) The commission shall develop a reporting system to document that the vinifera grape growers in this state are reporting quantities of vinifera grapes grown and subject to the assessment as provided in RCW 15.88.130. [1988 c 257 § 1.]

(2) The commission shall recommend rules to the director prescribing the time, place, and method for payment and collection of this assessment. For such purpose, the commission may recommend that the director, by rule, require the wine producers or handlers within this state to collect the grower assessments from growers whose vinifera grapes they purchase or accept delivery and remit the assessments to the commission, and provide for collecting assessments from growers who ship directly out of state.

(3) After considering any recommendations made under subsection (2) of this section, the director shall adopt rules, in accordance with chapter 34.05 RCW, prescribing the time, place, and method for the payment and collection of the assessment levied under this section and approved under RCW 15.88.140. A due and payable assessment levied in such specified amount as determined by the commission under RCW 15.88.130 constitutes a personal debt of every person so assessed or who otherwise owes the assessment, and the assessment is due and payable to the commission when payment is called for by the commission. If a person fails to pay the commission the full amount of the assessment by the date due, the commission may add to the unpaid assessment an amount not exceeding ten percent of the assessment to defray the cost of enforcing its collection. If the person fails to pay any such due and payable assessment or other such sum, the commission may bring a civil action for collection against the person or persons in a court of competent jurisdiction. The action shall be tried and judgment rendered as in any other cause of action for a debt due and payable. [1988 c 257 § 5.]

They may also be used, if required, in any suit or administrative hearing involving any provision of this chapter or a marketing order.

(3) This chapter does not prohibit:

(a) The issuance of general statements based upon the reports of persons subject to this chapter as long as the statements do not identify the information furnished by any person; or

15.89.010 Legislative declaration. The legislature declares that:

(1) Marketing is a dynamic and changing part of Washington agriculture and a vital element in expanding the state economy;

(2) The sale in this state and export to other states and abroad of beer made in this state contribute substantial benefits to the economy of the state and provide a large number of jobs and sizeable tax revenues;

(3) The production of beer in this state is a new and important segment of Washington agriculture that has potential for greater contribution to the economy of the state if it undergoes continued development; and

(4) The general welfare of the people of this state will be served by continued development of the activities of the production of beer, that will improve the tax bases of local communities where agricultural land and processing facilities are located, and reduce the need for state and federal funding of local services. The industries are therefore affected with the public interest. [2006 c 330 § 1.]

15.89.025 Regulating beer—Existing comprehensive scheme—Applicable laws. The history, economy, culture, and future of Washington state's agriculture involve the beer industry. In order to develop and promote beer as part of an existing comprehensive scheme to regulate those products, the legislature declares that:

(1) It is vital to the continued economic well-being of the citizens of this state and their general welfare that beer produced in Washington state be properly promoted;

(2) It is in the overriding public interest that support for the Washington beer industry be clearly expressed and that beer be promoted individually, and as part of a comprehensive industry to:

(a) Enhance the reputation and image of Washington state's agriculture industry;

(b) Protect the public by educating the public in reference to the quality, care, and methods used in the production of beer;

(c) Increase the knowledge of the qualities and value of Washington's beer; and

(d) Support and engage in programs or activities that benefit the production, handling, processing, marketing, and uses of beer;

(3) This chapter is enacted in the exercise of the police powers of this state to protect the health, peace, safety, and general welfare of the people of this state; and

Purpose—2011 c 103: See note following RCW 15.26.120.

15.89.030 Washington beer commission created—Composition. (1) Subject to the referendum conducted under RCW 15.89.040, there is created an agricultural commodity commission, to be known as the Washington beer commission. The commission shall be comprised of seven voting members; six members shall be producers and one voting member shall be the director.

(2) Five voting members of the commission constitute a quorum for the transaction of any commission business.

(3) Each producer member shall be a citizen and resident of this state and over the age of twenty-one. Each producer member must be engaged in producing beer, and must, during his or her term of office, derive a substantial portion of income from the production of beer, or have a substantial investment in the production of beer as an owner, lessee, partner, or the manager or executive officer of such a corporation. No more than one board member may be part of the same person as defined by RCW 15.04.010. These qualifications apply throughout each member's term of office but do not apply to the director.

(4) The producer members shall serve three-year terms. Of the initial voting members, two members shall be appointed for a one-year term, two members shall be appointed for a two-year term, and two members shall be appointed for a three-year term. [2006 c 330 § 4.]

15.89.040 Director's duties—Referendum of beer producers. (1) Upon receipt of a petition containing the signatures of five beer producers from a statewide Washington state craft brewing trade association or from other producers to implement this chapter and to determine producer participation in the commission and assessment under this chapter, the director shall:

(a) Conduct a referendum of beer producers. The requirements of assent or approval of the referendum are met if:

- (i) At least fifty-one percent by numbers of producers participating in the referendum vote affirmatively; and
- (ii) Thirty percent of the producers and thirty percent of the production have been represented in the referendum to determine assent or approval of participation and assessment. The referendum shall be conducted within sixty days of receipt of the petition; and

(b) Establish a list of beer producers from information provided by the petitioners, by obtaining information on beer producers from applicable producer organizations or associations or other sources identified as maintaining the information. In establishing a current list of beer producers and their individual production, the director shall use the beer producer's name, mailing address, and production by the producer in the preceding fiscal year. Information on each producer shall be mailed to each beer producer on record with the director for verification. All corrections shall be filed with the director within twenty days from the date of mailing. The list of producers shall be kept in a file by the director. The list shall be certified as a true representation of the referendum mailing list. Inadvertent failure to notify a producer does not invalidate a proceeding conducted under this chapter. The director shall provide the commission the list of producers after assent in a referendum as provided in this section.

(2) If the director determines that the requisite assent has been given in the referendum conducted under subsection (1) of this section, the director shall:

(a) Within sixty days after assent of the referendum held, appoint the members of the commission; and

(b) Direct the commission to put into force the assessment as provided for in RCW 15.89.110.

(3) If the director determines that the requisite assent has not been given in the referendum conducted under subsection (1) of this section, the director shall take no further action to implement or enforce this chapter.

(4) Upon completion of the referendum conducted under subsection (1) of this section, the department shall tally the results of the vote and provide the results to producers. If a producer disputes the results of a vote, that producer within sixty days from the announced results, shall provide in writing a statement of why the vote is disputed and request a recount. Once the vote is tallied and distributed, all disputes are resolved, and all matters in a vote are finalized, the individual ballots may be destroyed.

(5) Before conducting the referendum provided for in subsection (1) of this section, the director may require the petitioners to deposit with him or her an amount of money as the director deems necessary to defray the expenses of conducting the referendum. The director shall provide the petitioners an estimate of expenses that may be incurred to conduct a referendum before any service takes place. Petitioners shall deposit funds with the director to pay for expenses incurred by the department. The commission shall reimburse petitioners the amount paid to the department when funds become available. However, if for any reason the referendum process is discontinued, the petitioners shall reimburse the department for expenses incurred by the department up until the time the process is discontinued.

(6) The director is not required to hold a referendum under subsection (1) of this section more than once in any twelve-month period. [2011 c 54 § 2; 2006 c 330 § 5.]

15.89.050 Appointment of members—Terms, travel expenses. (1) The director shall appoint the producer members of the commission. In making appointments, no later than ninety days before an expiration of a commission member's term, the director shall call for recommendations for commission member positions, and the director shall take into consideration recommendations made by a statewide Washington state craft brewing trade association or other producers. In appointing persons to the commission, the director shall seek a balanced representation on the commission that reflects the composition of the beer producers throughout the state on the basis of beer produced and geographic location. Information on beer production by geographic location shall be provided by the commission upon the director's request.

(2) If a position on the commission becomes vacant due to resignation, disqualification, death, or for any other reason, the commission shall notify the director and the unexpired term shall immediately be filled by appointment by the director.

(3) Each member or employee of the commission shall be reimbursed for actual travel expenses incurred in carrying out this chapter as defined by the commission in rule. Otherwise if not defined in rule, reimbursement for travel expenses shall be at the rates allowed by RCW 43.03.050 and 43.03.060. [2011 c 54 § 3; 2006 c 330 § 6.]

15.89.060 Enforcement of commission obligations against commission assets—Liability of commission members and employees. Obligations incurred by the commission and any other liabilities or claims against the commission shall be enforced only against the assets of the commission and, except to the extent of such assets, no liability for the debts or actions of the commission exists against either the state of Washington or any subdivision or instrumentality thereof or against any member, employee, or agent of the commission or the state of Washington in his or her individual capacity. Except as otherwise provided in this chapter, neither the commission members, nor its employees, may be held individually responsible for errors in judgment, mistakes, or other acts, either of commission or omission, as principal, agent, person, or employee, except for their own individual acts of dishonesty or crime. No person or employee may be held individually responsible for any act or omission of any other commission members. The liability of the commission members shall be several and not joint, and no member is liable for the default of any other member. This provision confirms that commission members have been and continue to be, state officers or volunteers for purposes of RCW 4.92.075 and are entitled to the defenses, indemnifications, limitations of liability, and other protections and benefits of chapter 4.92 RCW. [2006 c 330 § 7.]

15.89.070 Commission powers and duties. The commission shall:

(1) Elect a chair and officers. The officers must include a treasurer who is responsible for all receipts and disburse-

ments by the commission and the faithful discharge of whose duties shall be guaranteed by a bond at the sole expense of the commission. The commission must adopt rules for its own governance that provide for the holding of an annual meeting for the election of officers and the transaction of other business and for other meetings the commission may direct;

(2) Do all things reasonably necessary to effect the purposes of this chapter. However, the commission has no rule-making power except as provided in this chapter;

(3) Employ and discharge managers, secretaries, agents, attorneys, and employees and engage the services of independent contractors;

(5) Receive donations of beer from producers for promotional purposes under subsections (6) and (7) of this section and for fund-raising purposes under subsection (8) of this section. Donations of beer for promotional purposes may only be disseminated without charge;

(6) Engage directly or indirectly in the promotion of Washington beer, including, without limitation, the acquisition in any lawful manner and the dissemination without charge of beer. This dissemination is not deemed a sale for any purpose and the commission is not deemed a producer, supplier, or manufacturer, or the clerk, servant, or agent of a producer, supplier, distributor, or manufacturer. This dissemination without charge shall be for agricultural development or trade promotion, and not for fund-raising purposes under subsection (8) of this section. Dissemination for promotional purposes may include promotional hosting and must in the good faith judgment of the commission be in the aid of the marketing, advertising, sale of beer, or of research related to such marketing, advertising, or sale;

(7) Promote Washington beer by conducting unique beer tastings without charge;

(8) Beginning July 1, 2007, fund the Washington beer commission through sponsorship of up to twelve beer festivals annually at which beer may be sold to festival participants. For this purpose, the commission would qualify for issue of a special occasion license as an exception to WAC 314-05-020 but must comply with laws under Title 66 RCW and rules adopted by the *liquor control board under which such events may be conducted;

(9) Participate in international, federal, state, and local hearings, meetings, and other proceedings relating to the production, regulation, distribution, sale, or use of beer including activities authorized under RCW 42.17A.635, including the reporting of those activities to the public disclosure commission;

(10) Acquire and transfer personal and real property, establish offices, incur expenses, and enter into contracts, including contracts for the creation and printing of promotional literature. The contracts are not subject to chapter 43.19 RCW, and are cancelable by the commission unless performed under conditions of employment that substantially conform to the laws of this state and the rules of the department of labor and industries. The commission may create debt and other liabilities that are reasonable for proper discharge of its duties under this chapter;

(11) Maintain accounts with one or more qualified public depositories as the commission may direct, for the deposit of money, and expend money for purposes authorized by this chapter by drafts made by the commission upon such institutions or by other means;

(12) Cause to be kept and annually closed, in accordance with generally accepted accounting principles, accurate records of all receipts, disbursements, and other financial transactions, available for audit by the state auditor;

(13) Create and maintain a list of producers and disseminate information among and solicit the opinions of producers with respect to the discharge of the duties of the commission, directly or by arrangement with trade associations or other instrumentalities;

(14) Employ, designate as an agent, act in concert with, and enter into contracts with any person, council, commission, or other entity to promote the general welfare of the beer industry and particularly to assist in the sale and distribution of Washington beer in domestic and foreign commerce. The commission shall expend money necessary or advisable for this purpose and to pay its proportionate share of the cost of any program providing direct or indirect assistance to the sale and distribution of Washington beer in domestic or foreign commerce, employing and paying for vendors of professional services of all kinds;

(15) Sue and be sued as a commission, without individual liability for acts of the commission within the scope of the powers conferred upon it by this chapter;

(16) Serve as liaison with the *liquor control board on behalf of the commission and not for any individual producer;

The legislature hereby charges the commission, with oversight by the director, to speak on behalf of the Washington state government with regard to the marketing and promotion of Washington produced beer. [2006 c 330 § 10.]

15.89.080 Research, promotional, and educational campaign. The commission may create, provide for, and conduct a comprehensive and extensive research, promotional, and educational campaign as sales and market conditions reasonably require. It shall investigate and ascertain the needs of producers, conditions of markets, and degree of public awareness of products, and take into account this information in the discharge of its duties under this chapter. [2006 c 330 § 11.]

15.89.090 Campaign goals. The commission shall adopt as major objectives of its research, promotional, and educational campaign goals that serve the needs of producers. The goals may include efforts to:

(1) Establish Washington beer as a major factor in markets everywhere;

(2) Promote Washington breweries as tourist attractions;

(3) Encourage favorable reporting of Washington beer and breweries in the press throughout the world;

(4) Establish Washington beer in markets everywhere as a major source of premium beer;

(5) Encourage favorable legislative and regulatory treatment of Washington beer in markets everywhere;

(6) Encourage promotion of Washington agriculture related to beer production, specifically hops, malting barley, and wheat grown in the state; and

(7) Foster economic conditions favorable to investment in the production of Washington beer. [2006 c 330 § 12.]

15.89.100 List of producers of beer—Reporting system. (1) The commission shall prepare a list of all producers from information available from the *liquor control board, the department, or the producers' association. This list must contain the names and addresses of producers within this state and the amount, by barrelage, of beer produced during the period designated by the commission. A qualified person may, at any time, have his or her name placed upon the list by delivering or mailing the information to the commission. This list shall be corrected and brought up-to-date in accordance with evidence and information available to the commission by December 31st of each year. For the purposes of giving notice and holding referendums, the list updated before the date for issuing notices or ballots is the list of all producers entitled to notice, to assent or dissent, or to vote. Inadvertent failure to notify a producer does not invalidate a proceeding conducted under this chapter.

(2) It is the responsibility of producers to ensure that their correct address is filed with the commission. It is also the responsibility of producers to submit production data to the commission as prescribed by this chapter.

(3) The commission shall develop a reporting system to document that the producers in this state are reporting quantities of beer produced and are paying the assessment as provided in RCW 15.89.110. [2011 c 54 § 4; 2006 c 330 § 13.]

RCW 43.01.050 does not apply to this account or to the money received, collected, or expended as provided in this chapter. [2006 c 330 § 15.]

15.89.130 Assessment constitutes debt—Penalty for nonpayment—Civil action. An assessment levied in an amount determined by the commission under RCW 15.89.110 constitutes a personal debt of every person assessed or who otherwise owes the assessment, and the assessment is due and payable to the commission when payment is called for by the commission. If a producer fails to pay the commission the full amount of the assessment by the date due, the commission may add to the unpaid assessment an amount not exceeding ten percent of the assessment to defray the cost of enforcing its collection. If the person fails to pay an assessment, the commission may bring a civil action for collection against the person or persons in a court of competent jurisdiction. 15.92.005 Finding. The legislature finds that public concerns are increasing about the need for significant efforts to develop sustainable systems in agriculture. The sustainable systems would address many anxieties, including the erosion of agricultural lands, the protection and wise utilization of natural resources, and the safety of food production. Consumers have demonstrated their apprehension in the marketplace by refusing to purchase products whose safety is suspect and consumer confidence is essential for a viable agriculture in Washington. Examples of surface and ground water contamination by pesticides and chemical fertilizers raise concerns about deterioration of environmental quality. Reducing soil erosion would maintain water quality and protect the long-term viability of the soil for agricultural productivity. Both farmers and farm labor are apprehensive about the effects of pesticides on their health and personal safety. Development of sustainable farming systems would strengthen the economic viability of Washington's agricultural production industry.

Public anxieties over the use of chemicals in agriculture have resulted in congress amending the federal insecticide, fungicide and rodenticide act which requires all pesticides and their uses registered before November 1984 to be reregistered, complying with present standards, by the end of 1997. The legislature finds that the pesticide reregistration process and approval requirements could reduce the availability of chemical pesticides for use on minor crops in Washington and may jeopardize the farmers' ability to grow these crops in Washington.

The legislature recognizes that Washington State University supports research and extension programs that can lead to reductions in pesticide use where viable alternatives are both environmentally and economically sound. Yet, the legislature finds that a focused and coordinated program is needed to develop possible alternatives, increase public confidence in the safety of the food system, and educate farmers and natural resource managers on land stewardship.

The legislature further finds that growers, processors, and agribusiness depend upon pesticide laboratories associated with manufacturers, regional universities, state departments of agriculture, and the United States department of agriculture to provide residue data for registering essential pesticides. The registration of uses for minor crops, which include vegetables, fruits, nuts, berries, nursery and greenhouse crops, and reregistration of needed chemicals, are activities of particular concern to ensure crop production. Furthermore, public demands for improved information and education on pesticides and risk assessment efforts justify these efforts.

The legislature further finds that multiple alternatives are needed for pest control, including programs for integrated pest management, genetic resistance to pests, biological con-

trol, cultural practices, and the use of appropriate approved chemicals. [1991 c 341 § 1.]

15.92.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agricultural commodity" means any distinctive type of agricultural, horticultural, viticultural, floricultural, vegetable, or animal product, including but not limited to, products qualifying as organic products under chapter 15.86 RCW, private sector cultured aquatic products as defined in RCW 15.85.020, bees and honey, and Christmas trees but not including timber or timber products.

(2) "Center" means the center for sustaining agriculture and natural resources established at Washington State University.

(3) "Integrated pest management" is a strategy that uses various combinations of pest control methods, biological, cultural, and chemical, in a compatible manner to achieve satisfactory control and ensure favorable economic and environmental consequences.

(5) "Laboratory" means the food and environmental quality laboratory established at Washington State University at Tri-Cities.

(6) "Minor crop" means an agricultural crop considered to be minor in the national context of registering pesticides.

(7) "Minor use" means a pesticide use considered to be minor in the national context of registering pesticides including, but not limited to, a use for a special local need.

15.100.010 Finding. The legislature finds that the creation of a forest products commission would assist in expanding the state's economy, because:

(1) Marketing is a dynamic and changing part of the Washington forest products industry and a vital element in expanding the state economy;

(2) The sale in the state and export to other states and abroad of forest products made in the state contribute substantial benefits to the economy of the state, provide a large number of jobs and sizeable tax revenues, and are key components of the health of many local communities because many secondary businesses are largely dependent on the health of the forest products industry; and

(3) Forest products are made from a renewable resource and are more environmentally sound than many alternative products. [2001 c 314 § 1.]

15.100.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

15.100.030 Washington forest products commission—Created—Membership—Quorum—Terms. (1)(a) There is created a commodity commission to be known and designated as the Washington forest products commission. The commission is composed of nine voting members. The commission may, in its sole discretion, add or remove non-voting ex officio members to the commission. Of the members, six shall be from western Washington, and three shall be from eastern Washington. After the initial election of commission members, however, if a position cannot be filled by a member from eastern Washington within sixty days from the date on which nominations may first be received because of a lack of candidates, the position may be filled by a member from western Washington. Under no circumstances will there be less than two board members from eastern Washington. If a position was filled by a member from western Washington because of a lack of candidates from eastern Washington, and districts are not used for the nomination and election of members, then a person from eastern Washington must fill the

(2021 Ed.)

next available vacancy or open position at the next election to bring the number of representatives from eastern Washington up to three members. All members shall be elected by the entire group of producers unless the commission creates districts for the members as authorized in RCW 15.100.050. If districts are used for the nomination and election of commission members, and it does not appear that one of the positions from eastern Washington will be filled because of a lack of candidates, then a commission member who resides in western Washington must be elected by the entire group of producers as an at large member. The position of the western Washington member who is elected as an at large member shall be filled by a member from eastern Washington at the expiration of the term of the at large member. If districts are not used for the nomination and election of members, the commission shall strive to achieve representation on the commission from the different geographic regions of the state.

(b) Of the six members from western Washington, three members must have annual harvests of more than seventy-five million board feet, and three members must have annual harvests between two million board feet and seventy-five million board feet.

(c) Of the two members from eastern Washington, one member must have an annual harvest greater than forty million board feet, and one member must have an annual harvest between two million board feet and forty million board feet. If there is a third member from eastern Washington, the only harvest requirement is that the member have an annual harvest of at least two million board feet.

(2) The members must be citizens and residents of this state, and over the age of twenty-one years. Each member must currently, and for the five years last preceding his or her election, be actually engaged in producing forest products within the state of Washington, either individually or as an officer of a corporation, firm, partnership, trust, association, or business organization at the level of production required to qualify as a producer. Each member must also derive a substantial amount of his or her income from the production of forest products. The qualifications set forth in this section apply throughout each member's term of office.

(3) No more than one member of the commission may be employed by, or connected in a proprietary capacity with, the same corporation, firm, partnership, trust, association, or business organization.

(4) Five voting members of the commission constitute a quorum for the transaction of all business and the carrying out of the duties of the commission.

(5) The regular term of office of the members is four years from November 1st following their election and until their successors are elected and qualified. However, the first terms of the members elected in the initial November 1st election is as follows: Positions one, four, and seven terminate on November 1st, two years after the initial election is held; positions two, five, and eight terminate on November 1st, three years after the initial election is held; and positions three, six, and nine terminate on November 1st, four years after the initial election is held. [2002 c 251 § 2; 2001 c 314 § 3.]

not given. (1) The director shall call the initial meeting of producers of forest products for the purpose of nominating their respective members of the commission after receiving notice from an association representing producers of forest products that substantial interest exists in forming a forest products commission. Public notice of the meeting shall be given by the director in the manner the director determines is appropriate. A producer may on his or her own motion file his or her name with the director for the purpose of receiving notice of the meeting. The nonreceipt of the notice by any interested person does not invalidate the proceedings.

(2) Prior to the nomination of commission members, the department of revenue shall provide the director with a list of all qualified producers within the state based upon tax records of the department.

(3) For the initial election of commission members, any qualified producer may be nominated orally for a commissioner position at the meeting convened by the director. Nominations may also be made within five days prior to the meeting by a written petition filed with the department, signed by at least five producers who reside in the state. If the director determines that one of the positions from eastern Washington will go unfilled because of a lack of candidates, the director shall announce that this position shall be filled by a member from western Washington. If the position designated for eastern Washington is filled by a member from western Washington because of a lack of candidates from eastern Washington, this position shall be designated as position number seven by the director for purposes of RCW 15.100.030(5). Under no circumstances will there be less than two board members from eastern Washington.

(4) The initial members of the commission shall be elected by secret mail ballot under the supervision of the director at the same time the referendum is submitted under RCW 15.100.120 calling for the creation of the commission and the imposition of the initial assessment. If a nominee does not receive a majority of the votes on the first ballot, a runoff election shall be held by mail in a similar manner between the two candidates for the position receiving the largest number of votes.

(5) If the director determines under RCW 15.100.120(3) that the requisite approval for the establishment of a commission has not been given, any subsequent efforts to create a commission must follow the procedures established under this chapter for the initial nomination and election of members. [2002 c 251 § 3; 2001 c 314 § 4.]

15.100.043 Costs of proceeding to form a commission—Reimbursement. The association responsible for giving the director notice under RCW 15.100.040 that substantial interest exists in forming a forest products commission shall reimburse the department for its costs associated with conducting a proceeding to initiate a commission under RCW 15.100.040 and 15.100.120. If the necessary approval is received for the creation of a commission, the commission shall reimburse the association for the costs paid to the department when funds become available. [2002 c 251 § 4.]

15.100.050 After initial election of members—Rules—Annual meetings—Public notice. (1) After the initial election of commission members, the commission shall

establish rules for electing commission members, including the method used for notification, nominating, and voting. The commission may create commission districts and boundaries, and may also establish a weighted voting procedure for election of commission members. The commission shall hold its annual meeting during the month of October each year for the purpose of nominating commission members and the transaction of other business. Public notice of the meeting shall be given by the commission in the manner it determines is appropriate. A producer may on his or her own motion file his or her name with the commission for the purpose of receiving notice of the meeting. The nonreceipt of the notice by any interested person does not invalidate the proceedings.

(2) Prior to the nomination of commission members, the department of revenue shall provide the commission with a list of all qualified producers within the state based upon tax records of the department. [2001 c 314 § 5.]

15.100.060 Vacancies—Compensation. (1) In the event a position becomes vacant due to resignation, disqualification, death, or for any other reason, the position until the next annual meeting shall be filled by vote of the remaining members of the commission. At the annual meeting a commissioner shall be elected to fill the balance of the unexpired term.

(2) Each member of the commission shall be compensated in accordance with RCW 43.03.230 and shall be reimbursed for actual travel expenses incurred in carrying out the provisions of this chapter. Employees of the commission may also be reimbursed for actual travel expenses when on official commission business. [2001 c 314 § 6.]

15.100.070 Obligations of commission—Limitations on liabilities or claims—State—Individual capacity. Obligations incurred by the commission and liabilities or claims against the commission may be enforced only against the assets of the commission in the same manner as if it were a corporation and no liability for the debts or actions of the commission exists against either the state of Washington or any subdivision or instrumentality thereof or against any member, officer, employee, or agent of the commission in his or her individual capacity. The members of the commission, including employees of the commission, may not be held responsible individually or any way whatsoever to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as principal, agent, person, or employees, except for their own individual acts of dishonesty or crime. A person or employee may not be held responsible individually for any act or omission of any other members of the commission. [2001 c 314 § 7.]

15.100.080 Powers and duties of commission. The powers and duties of the commission include:

(1) To elect a chair and such officers as the commission deems advisable. The commission shall adopt rules for its own governance, which provide for the holding of an annual meeting for the election of officers and transaction of other business and for such other meetings as the commission may direct;

(7) To enforce the provisions of this chapter, including investigating and prosecuting violations of this chapter;

(8) To acquire and transfer personal and real property, establish offices, incur expense, and enter into contracts. Contracts for creation and printing of promotional literature are not subject to chapter 43.19 RCW, but such contracts may be canceled by the commission unless performed under conditions of employment which substantially conform to the laws of this state and the rules of the department of labor and industries. The commission may create such debt and other liabilities as may be reasonable for proper discharge of its duties under this chapter;

(9) To maintain such account or accounts with one or more qualified public depositaries as the commission may direct, to cause moneys to be deposited therein, and to expend moneys for purposes authorized by this chapter by drafts made by the commission upon such institutions or by other means;

(15) To participate in federal and state agency hearings, meetings, and other proceedings relating to the regulation, production, manufacture, distribution, sale, or use of forest products. [2015 c 225 § 14; 2010 c 8 § 6115; 2001 c 314 § 8.]

15.100.090 Research, promotional, and educational campaigns. The commission shall create, provide for, and conduct a research, promotional, and educational campaign as sales and market conditions reasonably require. It shall investigate and ascertain the needs of producers, conditions of markets, and degree of public awareness of products, and take into account the information obtained in the discharge of its duties under this chapter. [2001 c 314 § 9.]

15.100.100 List of all Washington producers—Confidential—Reporting system for assessment purposes. (1) The commission shall cause a list to be prepared of all Washington producers of forest products from any information available from the commission, producers' association, or producers, including tax records from the department of revenue. This list shall contain the names and addresses of all persons who produce forest products within this state, the amount of forest products produced during the period designated by the commission, and the assessment amount for each member. The list is considered confidential and may be reviewed only by the employees of the commission, except for information that may be disclosed to the public and commission members under subsection (4) of this section. A qualified person may, at any time, have his or her name placed upon the list by delivering or mailing the information to the commission. This list shall be corrected and brought up-to-date in accordance with evidence and information available to the commission on or before December 31st of each year, or as soon thereafter as possible. For all purposes of giving notice and holding referendums, the list on hand, corrected up to the day next preceding the date for issuing notices or ballots as the case may be, is, for purposes of this chapter, the list of all producers entitled to notice or to assent or dissent or to vote.

(2) The commission shall develop a reporting system to document that the producers of forest products in this state are reporting quantities of forest products produced and subject to the assessment as provided in RCW 15.100.110.

(3) The department of revenue may charge the commission for the reasonable costs of providing reports of harvest activity on a quarterly basis.

(4) Any taxpayer information received by the commission from the department of revenue may only be used for the limited purposes of establishing lists of producers necessary to determine eligibility for voting, eligibility for serving as a commission member, the amount of assessments owed, or other necessary purposes as established by law. Any return or tax information received from the department of revenue may be reviewed only by the employees of the commission. Employees may disclose to the public and commission members a list of commission members, groupings of at least three

commission members by the amount of forest products harvested over any time period designated by the commission of at least one quarter, and the members who are eligible for the various positions on the commission. [2001 c 314 § 10.]

15.100.110 Assessment for permanent funding of commission—Adjustments—Referendum. (1) To provide for permanent funding of the forest products commission, an assessment shall be levied by the commission on producers of each species of forest products. The initial rate of assessment that shall be submitted for approval by referendum pursuant to RCW 15.100.120 is fifty-seven cents per thousand board feet. The initial assessment is not effective until approved by a majority of producers as required by RCW 15.100.120.

(2) After the initial assessment rate is approved, the commission may adjust the amount of the assessment within a range of forty-five cents up to ninety cents per thousand board feet. The commission shall submit any proposed increase in the assessment to producers pursuant to the referendum process established in this section, and shall supply all known producers with a ballot for the referendum. The commission shall establish the assessment for the marketing year by January 1st of each year, or as soon thereafter as possible. Assessments may only be used for the purposes and objects of this chapter.

(3) The forest products commission may raise the assessment on forest products in excess of the fiscal growth factor under chapter 43.135 RCW. The assessment limits established by this section are solely to provide prior legislative authority for the purposes of RCW 43.135.055 and are not a limit on the authority of the forest products commission to alter assessments in any manner not limited by RCW 43.135.055. However, any alteration in assessments made under this section must be made with the procedural requirements established by this chapter for altering such assessments.

(4) The requirement for approval of an assessment is met if: (a) At least fifty-one percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least sixty-one percent of the volume of the producers replying in the referendum; or (b) sixty-five percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least fifty-one percent of the volume of the producers replying in the referendum. An assessment shall only be approved if at least forty percent of the eligible producers participate in the vote. [2001 c 314 § 11.]

15.100.120 Establishment of commission and initial assessment—Statewide referendum among producers. (1) For purposes of determining producer participation in the commission, the initial election of commissioners, and for imposition of the original assessment specified in RCW 15.100.110, the director shall conduct a referendum among all producers of forest products within the state.

(2) The requirement for approval of the assessment and creation of the commission is met if: (a) At least fifty-one percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least sixty-one percent of the volume of the producers replying in

the referendum; or (b) sixty-five percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least fifty-one percent of the volume of the producers replying in the referendum. The referendum shall only be approved if at least forty percent of the eligible producers participate in the vote.

(3) If the director determines that the requisite approval has been given, the director shall declare the establishment of the commission and direct it to put into force the assessment authorized in RCW 15.100.110. If the director finds that the requisite approval has not been given, then this chapter is not operative. [2001 c 314 § 12.]

15.100.130 Deposit of moneys collected—Appropriation not required. The commission shall deposit moneys collected under RCW 15.100.110 in a separate account in the name of the commission in any bank that is a state depository. All expenditures and disbursements made from this account under this chapter may be made without the necessity of a specific legislative appropriation. RCW 43.01.050 does not apply to this account or to the moneys received, collected, or expended under this chapter. [2001 c 314 § 13.]

15.100.140 Assessment—Personal debt—Payable when called—Failure to pay—Civil action. A due and payable assessment levied in the amount determined by the commission under RCW 15.100.110 constitutes a personal debt of every person so assessed, or who otherwise owes the assessment, and the assessment is due and payable to the commission when payment is called for by the commission. If a person fails to pay the commission the full amount of the assessment by the date due, the commission may add to the unpaid assessment an amount not exceeding ten percent of the assessment to defray the cost of enforcing its collection. If the person fails to pay any due and payable assessment or other such sum, the commission may bring a civil action for collection against the person or persons in a court of competent jurisdiction. The action shall be tried and judgment rendered as in any other cause of action for a debt due and payable. [2001 c 314 § 14.]

15.100.150 Enforcement of chapter. All county and state law enforcement officers shall assist in the enforcement of this chapter. [2001 c 314 § 15.]

15.100.160 Superior courts—Jurisdiction. The superior courts are hereby vested with jurisdiction to enforce this chapter and the rules of the commission, and to prevent and restrain violations thereof. [2001 c 314 § 16.]

15.100.900 Construction. This chapter shall be liberally construed to effectuate its purposes. [2001 c 314 § 17.]

15.105.005 Findings. The legislature finds that the support of Washington's agriculture industry and its family farms by the citizens of the state of Washington is beneficial to the economy of the state. The legislature also finds that Washington farmers produce a variety of wholesome, quality products and are good stewards of the land.

The legislature also finds that the from the heart of Washington program, developed by the Washington state department of agriculture with one-time federal grant monies, is a valuable tool to convey important messages about Washington agriculture and to encourage Washington citizens to buy Washington-grown and Washington-processed food and agricultural products. With the exhaustion of the one-time federal grant funding, the legislature finds that the program would benefit from a new governance structure that will allow the necessary operational flexibility to enable the program to expand and to encourage private investment in the program, and that the continuance of the program as a private, nonprofit corporation is the best method to achieve these goals.

The legislature further finds that the continuation of the from the heart of Washington program will provide both direct and indirect economic benefits to the people of the state of Washington. [2004 c 26 § 1.]

15.105.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "From the heart of Washington" or "program" means that program created by the department to encourage Washington citizens to purchase Washington food and agricultural products and to promote the value of agriculture and family farms to Washington state.

(2) "Successor organization" means a private, nonprofit corporation created specifically to assume responsibility for carrying out the from the heart of Washington program that is now part of the department. The private, nonprofit corporation must qualify as a tax-exempt, nonprofit corporation under section 501(c) of the federal internal revenue code; the majority of members on its board of directors must be from Washington commodity commissions, nonprofit associations organized for the promotion of Washington agricultural products, and other agricultural industry groups; and the corporation must carry forward with the work of the current program.

(3) "Department" means the Washington state department of agriculture.

(4) "Director" means the director of the Washington state department of agriculture.

(5) "Fiscal agent" means the Washington state fruit commission, as a contractor of the department. [2004 c 26 § 2.]

establish a private, nonprofit corporation for the purpose of carrying out the program. The nonprofit corporation must be organized under chapter 24.03 RCW and has the powers granted under that chapter. However, this chapter does not prohibit the department or other agencies, boards, commissions, and associations from separately continuing to promote Washington products under their existing authorities.

(2) The department may contract with the successor organization to carry out the program. The contract must require the successor organization to aggressively seek to fund its continued operation from nonstate funding sources.

(3) The successor organization must report to the department each January 1st on the amounts it has secured from both nonstate and state funding sources, its operations, and its programs.

(4) Debts and other liabilities of the successor organization are successor organization debts and liabilities only and may be satisfied only from the resources of the successor organization. However, this chapter does not prohibit the department or other agencies, boards, commissions, and associations from separately continuing to promote Washington products under their existing authorities.

(2) The department may contract with the successor organization to carry out the program. The contract must require the successor organization to aggressively seek to fund its continued operation from nonstate funding sources.

(1) Transferring any equipment, software, database, other assets except the logo of the program, or contracts for services to the successor organization under appropriate terms and conditions, including reasonable compensation deemed appropriate by the department. The department shall retain the right to repossess any property transferred to the successor organization in the event that the successor organi-

zation dissolves, becomes bankrupt, insolvent, or is otherwise unable to carry out the program, or if the successor organization fails to comply with any contract with the department. In the event that the department exercises its right to repossess under this section, any property returned to the department becomes the property of the state and is administered by the department;

15.105.040 Board of directors of the successor organization—State membership. The state is not liable under any circumstances for the acts of the successor organization, any member of its board of directors, or its employees.

(2) The department may pay an annual membership fee to the successor organization not to exceed the value of services received. [2004 c 26 § 5.]

15.105.050 Program logo. The logo of the program is the property of the department. The department may license the use of the logo to the successor organization and others, as it deems appropriate. The department retains the right to cancel any license to use the logo. [2004 c 26 § 6.]

15.105.060 Gifts, grants, or endowments. The department may receive gifts, grants, or endowments from private or public sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the program. 15.105.901 Effective date—2004 c 26. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 19, 2004]. [2004 c 26 § 10.]

15.115.010 Legislative declaration. The history, economy, culture, and the future of Washington state to a large degree all involve agriculture. In order to develop and promote Washington's agricultural products as part of the existing comprehensive scheme to regulate agricultural commodities, the legislature declares:

(1) That the marketing of wheat and barley produced in Washington is in the public interest. It is vital to the continued economic well-being of the citizens of this state and their general welfare that wheat and barley produced in Washington are properly promoted by:

(a) Enabling wheat producers and barley producers to help themselves in establishing orderly, fair, sound, efficient, and unhampered marketing, grading, and standardizing of the grains they produce; and

(b) Working towards stabilizing the agricultural industries by increasing consumption of wheat and barley within the state, the nation, and internationally;

(2) That the wheat and barley industries operate within a regulatory environment that imposes burdens on them for the benefit of society and the citizens of the state and that includes restrictions on marketing autonomy. Those restrictions may impair the agricultural producer's ability to compete in local, domestic, and foreign markets;

(3) That it is in the overriding public interest that support for the wheat and barley industries be clearly expressed, that adequate protection be given to the industries and their activities and operations, and that wheat and barley be promoted individually and as part of a comprehensive agricultural industry to:

(a) Enhance the reputation and image of Washington state's wheat and barley;

(b) Increase the sale and use of Washington state's wheat and barley in local, domestic, and foreign markets;

(c) Protect the public by educating the public in reference to the quality, care, and methods used in the production of Washington state's wheat and barley;

(d) Increase the knowledge of the health-giving qualities and dietetic value of Washington state's wheat and barley and wheat and barley products;

(e) Support and engage in programs or activities that benefit the planting, production, harvesting, handling, processing, marketing, and uses of wheat and barley produced in Washington state;

(4) That the commission is established primarily for the benefit of the people of the state of Washington and its economy. By enacting this chapter, the legislature hereby charges the commission, with oversight by the director, to speak on behalf of the Washington state government with regard to wheat and barley production in Washington and issues related to the wheat and barley industry in Washington; and

(5) That this chapter is enacted in the exercise of the police powers of this state for the purposes of protecting the health, peace, safety, and general welfare of the people of this state. [2009 c 33 § 1.]

15.115.150 Director's duties. (1) The commission shall develop and submit to the director for approval any plans, programs, and projects concerning the following:

(a) The establishment, issuance, effectuation, and administration of appropriate programs or projects for the advertising and promotion of wheat and barley; and

(b) The establishment and effectuation of market research projects, market development projects, or both, to the end that the marketing and utilization of wheat and barley may be encouraged, expanded, improved, or made more efficient.

(2) The director shall review the commission's advertising or promotion program to ensure that no false claims are being made concerning any agricultural commodity.

(3) The commission, prior to the beginning of its fiscal year, shall prepare and submit to the director for approval its research plan, its commodity-related education and training plan, and its budget on a fiscal period basis.

(4) The director shall review and make a determination of all submissions described in this section in a timely manner. [2009 c 33 § 15.]

15.115.160 Rule-making proceedings. (1) Except as provided in subsection (2) of this section, all rule-making proceedings conducted under this chapter must be in accordance with chapter 34.05 RCW.

43.135.055 and chapter 19.85 RCW, the regulatory fairness act, when the proposed rule is subject to a referendum.

(3) Rules, regulations, and orders made by the commission must be filed with the director and become effective as provided in RCW 34.05.380. [2009 c 33 § 16.]

15.115.170 Liquor produced from wheat or barley.

(1) The commission may receive donations of liquor produced from wheat or barley grown in Washington and may use the liquor for the promotional purposes specified in subsection (2) of this section.

(2) The commission may engage directly or indirectly in the promotion of liquor produced from wheat or barley grown in Washington including, without limitation, the acquisition in any lawful manner and the dissemination without charge of the liquor. This dissemination is not deemed a sale for any purpose and the commission is not deemed a producer, supplier, or manufacturer, or the clerk, servant, or agent of a producer, supplier, distributor, or manufacturer under Title 66 RCW. This dissemination without charge may be solely for agricultural development or trade promotion, and not for fund-raising purposes under RCW 15.115.140(2)(u). Dissemination for promotional purposes may include promotional hosting and must in the good faith judgment of the commission be in the aid of the marketing, advertising, or promotion of wheat or barley grown in Washington, or research related to that marketing, advertising, or promotion.

(3) The commission shall adopt rules governing promotional hosting expenditures by its employees, agents, or commission members under RCW 15.04.200. [2009 c 33 § 17.]

15.115.180 Promotional printing and literature—Contracts. (1) The restrictive provisions of chapter 43.19 RCW do not apply to promotional printing and literature for the commission.

(2) All promotional printing contracts entered into by the commission must be executed and performed under conditions of employment that substantially conform to the laws of this state respecting hours of labor, the minimum wage scale, and the rules and regulations of the department of labor and industries regarding conditions of employment, hours of labor, and minimum wages, and the violation of such a provision of any contract is grounds for cancellation of the contract. [2015 c 225 § 15; 2009 c 33 § 19.]

15.115.190 Handling, accounting, and disbursement of moneys. (1) All money received by the commission from the assessment levied under this chapter and all moneys transferred to the commission under RCW 15.115.130(2) must be deposited in the banks designated by the commission and disbursed by order of the commission. RCW 43.01.050 does not apply to money collected under this chapter.

(2) The commission shall adopt rules or establish policies as it determines necessary to ensure proper accounting and disbursement of moneys received and held by the commission. [2009 c 33 § 20.]

15.115.200 Bond requirements. Unless covered by a blanket bond covering officials or employees of the state of Washington, every administrator, employee, or other person

occupying a position of trust for the commission and every commission member actually handling or drawing upon funds shall give a bond in the penal amount as may be required by the commission, the premium for which bond or bonds must be paid by the commission. [2009 c 33 § 21.]

15.115.210 Limitation of liability. (1) Obligations incurred by the commission and any other liabilities or claims against the commission are enforceable only against the assets of the commission and, except to the extent of those assets, liability for the debts or actions of the commission does not exist against either the state of Washington or any subdivision or instrumentality thereof or against any member, employee, or agent of the commission or the state of Washington in his or her individual capacity.

(2) Except as otherwise provided in this chapter, neither the commission members, nor its employees, may be held individually responsible for errors in judgment, mistakes, or other acts, either of commission or omission, as principal, agent, person, or employee, except for their own individual acts of dishonesty or crime. A person or employee may not be held individually responsible for any act or omission of any other commission members. The liability of the commission members is several and not joint, and a member is not liable for the default of any other member. This subsection confirms that commission members have been and continue to be state officers or volunteers for purposes of RCW 4.92.075 and are entitled to the defenses, indemnifications, limitations of liability, and other protections and benefits of chapter 4.92 RCW.

(3) In any civil or criminal action or proceeding for violation of any statute, including a rule adopted under that statute, or common law against monopolies or combinations in restraint of trade, including any action under chapter 19.86 RCW, proof that the act complained of was done in compliance with the provisions of this chapter, and in furtherance of the purposes and provisions of this chapter, is a complete defense to such an action or proceeding. [2009 c 33 § 22.]

15.115.220 Copies of proceedings, records, and acts of the commission admissible in court as prima facie evidence of the truth of the statements contained therein. Copies of the proceedings, records, and acts of the commission, when certified by the chair, are admissible in any court as prima facie evidence of the truth of the statements contained therein. [2009 c 33 § 23.]

15.115.230 Application of RCW 42.56.380—Use of commercial information and records. (1) Under RCW 42.56.380, certain agricultural business records, commission records, and department of agriculture records relating to the commission and producers of agricultural commodities are exempt from public disclosure.

(2) Financial and commercial information and records submitted to either the department or the commission for the purpose of administering this chapter may be shared between the department and the commission. They may also be used, if required, in any suit or administrative hearing involving this chapter.

(3) This section does not prohibit:

(a) The issuance of general statements based upon the reports of persons subject to this chapter as long as the statements do not identify the information furnished by any person; or

(b) The publication by the director or the commission of the name of any person violating this chapter and a statement of the manner of the violation by that person. [2009 c 33 § 24.]

15.115.240 Commission shall reimburse department for certain costs—Funding of staff support. (1) The commission shall reimburse the department for all costs incurred by the department for actions necessary to carry out this chapter, including the adoption of rules, facilitating or conducting nominations or advisory votes, and the review and approval required under RCW 15.115.150.

(2) The director may provide by rule for a method to fund staff support for all commodity boards or commissions in accordance with RCW 43.23.033 if a position is not directly funded by the legislature and costs are related to the specific activity undertaken on behalf of an individual commodity board or commission. The commission shall provide funds to the department according to the rules adopted by the director. [2009 c 33 § 25.]

15.115.250 Preparation of lists of producers and handlers of wheat and barley. (1) The commission shall prepare a list of all producers of wheat and a list of all producers of barley, which must include for each producer his or her name and address and the amount, by unit, of wheat or barley produced during the past three years.

(2) The commission shall prepare a list of all persons who handle wheat and all persons who handle barley, which must include for each handler his or her name and address and the amount, by unit, of wheat or barley handled during the past three years.

(3) It is the responsibility of each producer or handler to ensure that his or her correct address is filed with the commodity commission and to submit production data and handling data to the commission as prescribed in this chapter.

(4) Any qualified person may, at any time, have his or her name placed upon any list for which he or she qualifies by delivering or mailing the information to the commission. The lists must be corrected and brought up-to-date in accordance with evidence and information provided to the commission.

(5) For all purposes of giving notice, conducting advisory votes, and holding referenda, the applicable list corrected up to the day preceding the date the list is certified by the commission is the list of all affected producers entitled to notice or to vote. Inadvertent failure to notify an affected producer does not invalidate a proceeding conducted under this chapter.

(6) At the director's request when conducting a referendum for the commission, the commission shall provide the director a certified list of affected producers from the commission records. The list must include all information required by the director to conduct a referendum under this chapter, must be used to determine assent as provided in this chapter, and must be kept in the rule-making file by the director. [2009 c 33 § 26.]

15.115.260 Annual assessments—Adjustments—Referendum—Temporary reduction—Limit on annual assessment. (1)(a) The initial annual assessments are the amounts most recently approved by referendum by wheat producers and barley producers and effective at the time the grain commission is established:

(i) The initial annual assessment on wheat is three-fourths of one percent of the net receipts at the first point of sale;

(ii) The initial annual assessment on barley is one percent of the net receipts at the first point of sale.

(b) The initial annual assessments established in this subsection are effective unless and until changed pursuant to the procedure in subsection (2) of this section.

(2)(a) If the commission determines, based on information available to it, that the revenue from the assessment levied on wheat or barley under this chapter is too high or is inadequate to accomplish the purposes of this chapter, then with the oversight of the director the commission shall adopt a resolution setting forth the needs of the industry, the extent and probable cost of the commission activities identified as necessary to address the needs of the industry together with a brief statement justifying each activity, the proposed new assessment rate, and the expected revenue from the proposed assessment levied. The resolution must be submitted to the director for review and approval.

(b) If the director objects to the proposed new assessment rate, the director shall explain the reasons for the objection to the commission in writing. The commission may adopt a revised resolution and submit it to the director for review and approval.

(c) Upon receiving the director's approval and with the director's oversight, the commission may conduct a referendum to determine whether affected producers assent to the proposed new assessment rate, or may refer the matter to the director to conduct the referendum on behalf of the commission. Only wheat producers may vote on a proposed new assessment rate on wheat, and only barley producers may vote on a proposed new assessment rate on barley.

(i) The producers have assented to the new rate if more than fifty percent by number and more than fifty percent by volume of those replying assent. The determination by volume is made on the basis of volume as determined in the list of affected producers created under RCW 15.115.250.

(ii) Results of the referendum must be communicated via the news media.

(iii) If the requisite assent is given, the commission shall adopt the new rate at its next meeting. The new rate must be adopted by rule in accordance with chapter 34.05 RCW, except as provided in RCW 15.115.160.

(3)(a) Notwithstanding the provisions in subsection (2) of this section, the commission may, by majority vote of a quorum of its members, adopt a finding that its current revenue substantially exceeds that needed to support the current needs of the industry and the current cost of commission activities and order a temporary reduction in the annual assessments below the rate currently authorized under subsection (1) of this section.

(b) With the director's approval, such a reduction commences on July 1st following the commission's action and expires automatically on June 30th of the subsequent year

unless extended by a new action of the commission under this subsection.

(c) Any action taken under this subsection must be communicated to affected producers via the news media and any other means it deems effective.

(4) The annual assessment authorized in this chapter may not exceed three percent of the total market value of all affected units sold, processed, stored, or delivered for sale, processing, or storage by all affected producers of wheat or barley during the year to which the assessment applies. [2009 c 33 § 27.]

15.115.270 Collection of assessment—Failure to pay assessment—Civil action—Venue. (1) The collection of the assessment made and levied by the commission must be paid by the producer upon all commercial quantities of wheat and all commercial quantities of barley sold, processed, stored, or delivered for sale, processing, or storage by the producer. However, an assessment may not be levied or collected on wheat or barley grown and used by the producer for feed, seed, or personal consumption.

(2) Handlers including warehouse operators, processors, and feedlots receiving wheat or barley in commercial quantities from producers shall collect the assessment made and levied by the commission from each producer whose production they handle and remit the assessment to the commission on a monthly basis. Affected units of wheat or barley must not be transported, carried, shipped, sold, stored, or otherwise handled or disposed of until every due and payable assessment under this chapter has been paid and the receipt issued, but liability under this chapter does not attach to common carriers in the regular course of their business.

(3) Any due and payable assessment levied under this chapter constitutes a personal debt of every person so assessed or who otherwise owes the assessment, and the assessment is due and payable to the commission on a monthly basis. In the event any person fails to pay the full amount of such an assessment, the commission may add to the unpaid assessment an amount not exceeding ten percent of the unpaid assessment to defray the cost of enforcing the collecting of the unpaid assessment. In the event of failure of the person or persons to pay any due and payable assessment, the commission may bring a civil action against the person or persons in a state court of competent jurisdiction for the collection thereof, together with the additional ten percent, and the action must be tried and judgment rendered as in any other cause of action for debt due and payable. Venue for an action against a person owing a due and payable assessment to the commission is in Spokane county or a county in which the person produces or handles wheat or barley. [2011 c 336 § 417; 2009 c 33 § 28.]

15.115.280 Use of moneys received by the commission under this chapter. (1) All moneys collected or otherwise received by the commission under this chapter must be used solely by and for the commission and may not be used for any other commission or the department, except as otherwise provided in this chapter. These moneys must be deposited in accounts in the name of the commission in any bank which is a state depository. All expenses and disbursements incurred and made under this chapter must be paid from mon-

eys collected and received under this chapter without the necessity of a specific legislative appropriation, and all moneys deposited for the account of any order must be paid from the account by check or voucher in the form and in the manner and upon the signature of the person as may be prescribed by the commission. RCW 43.01.050 is not applicable to such an account or any moneys so received, collected, or expended.

(2) The commission shall ensure that the expenditure of assessments collected from wheat producers and moneys transferred from the wheat commission under RCW 15.115.130(2) are used for purposes related to the wheat industry and that the expenditure of assessments collected from barley producers and moneys transferred from the barley commission under RCW 15.115.130(2) are used for purposes related to the barley industry. However, this section does not prevent assessments from wheat, assessments from barley, and moneys transferred from the wheat commission or barley commission under RCW 15.115.130(2) to be combined or used together for activities, projects, and other endeavors that benefit both the wheat and barley industries. [2009 c 33 § 29.]

15.115.290 Investment of funds of the commission.

(1) Any funds of the commission may be invested in savings or time deposits in banks, trust companies, and mutual savings banks that are doing business in the United States, up to the amount of insurance afforded those accounts by the federal deposit insurance corporation.

(2) This section applies to all funds which may be lawfully so invested, which in the judgment of the commission are not required for immediate expenditure. The authority granted by this section is not exclusive and is cumulative and in addition to other authority provided by law for the investment of the funds including, but not limited to, authority granted under chapters 39.58, 39.59, and 43.84 RCW. [2009 c 33 § 30.]

15.115.300 Proof of eligibility to vote or hold a position on the commission—Records—Inspection by commission—Confidentiality of information—Limitation of section.

(1) To prove eligibility to vote or hold a position on the commission, each producer must show records of sales of commercial quantities of wheat or barley sold within the past three years if requested by the commission.

(2) Each handler shall keep a complete and accurate record of all wheat and barley handled.

(3) Handlers' records must be in the form and contain the information as the commission may by rule prescribe, must be preserved for a period of three years, and are subject to inspection at any time upon demand of the commission or its agents.

(4) The commission through its agents may enter and inspect the premises and records of any handler of wheat or barley for the purpose of enforcing this chapter. The commission has the authority to issue subpoenas for the production of books, records, documents, and other writings of any kind from any handler and from any person having, either directly or indirectly, actual or legal control of or over the premises, books, records, documents, or other writings, for the purpose of enforcing this chapter or rules adopted under this chapter.

(2021 Ed.)

(5) All information furnished to or acquired by the commission or by an agent of the commission under this section must be kept confidential by all officers, employees, and agents of the commission, except as may be necessary in a suit or other legal proceeding brought by, on behalf of, or against the commission or its employees or agents involving the enforcement of this chapter or rules adopted under this chapter.

(6) This section does not prohibit:

(a) The issuance of general statements based upon the reports of a number of persons subject to this chapter, which statements do not identify the information furnished by any person; or

(b) The publication by the commission or the director of the name of any person violating this chapter or rules adopted under this chapter, together with a statement of the particular provisions and the manner of the violation. [2009 c 33 § 31.]

15.115.310 Penalties—Injunctions—Referring a violation to the county prosecutor—Jurisdiction. (1) It is a misdemeanor for any person willfully to:

(a) Violate or aid in the violation of this chapter or rules adopted under this chapter;

(b) Submit a false or fraudulent report, statement, or record required by the director or the commission under this chapter or rules adopted under this chapter; or

(c) Fail or refuse to submit a report, statement, or record required by the director or the commission under this chapter or rules adopted under this chapter.

(2) In the event of a violation or threatened violation of this chapter or rules adopted under this chapter, the director or the commission is entitled to an injunction in a court of competent jurisdiction to prevent further violation and to a decree of specific performance, and to a temporary restraining order and injunction pending litigation.

(3) In the event of a violation or threatened violation of this chapter or rules adopted under this chapter, the director, the commission, or any affected producer on joining the commission may refer the violation to the prosecutor in any county in which the defendant or any defendant resides, or in which the violation was committed, or in which the defendant or any defendant has his or her principal place of business.

(4) The superior courts are hereby vested with jurisdiction to enforce this chapter and the rules of the commission issued under this chapter, and to prevent and restrain violations of this chapter. [2009 c 33 § 32.]

15.130.120 Department's general powers. (1) The department must do all acts and things necessary to carry out and enforce the provisions of this chapter.

(2) The department must adopt rules as necessary to implement the purpose and provisions of this chapter.

(a) To the extent feasible, the rules must promote uniformity with the federal food, drug, and cosmetic act, as amended, 21 U.S.C. Sec. 301 et seq., and regulations adopted under it.

(b) To promote such uniformity, the department may conduct expedited rule making under chapter 34.05 RCW to adopt a subsequent version of a federal statute or regulation referenced in this chapter and adopt amendments to federal regulations that the department has previously adopted as rule.

(3) In accordance with subsection (2) of this section, the department may establish by rule:

(a) Standards for food including, but not limited to, identity, quality, and fill;

(b) Tolerance standards for any substance, including pesticides, color additives, and food additives used in or on food, but potentially harmful to humans or animals; and

(c) Uniform standards for pull date labeling and storage conditions for perishable packaged foods.

(4) The department must investigate violations or possible violations of this chapter or the rules adopted under it.

(5) The department may cooperate with and enter into agreements with other state, federal, or local governmental agencies in carrying out the purpose and provisions of this chapter.

(6) The department may notify the public about food safety issues and enforcement actions under this chapter.

(7) Rules that the department adopted under the authority of chapter 69.04 RCW remain effective until June 30, 2022, or until the department repeals or amends the rules, whichever is first. [2018 c 236 § 103.]

15.130.130 Administrative procedure act. Chapter 34.05 RCW governs the administration of this chapter including but not limited to rule making, assessment of civil penalties, orders, emergency actions, and license suspension, revocation, or denial. [2018 c 236 § 104.]

15.130.140 Exemptions. (1) Food in transit from one processing facility to another processing facility to complete its preparation for sale is exempt from the labeling requirements of this chapter, but is otherwise subject to all applicable provisions of this chapter.

(2) This chapter is not applicable to kosher food to the extent necessary to produce kosher food products as defined in RCW 69.90.010. [2018 c 236 § 105.]

15.130.150 Federal food and drug administration information—Public disclosure exemptions. The following information or records obtained from the federal food and drug administration pursuant to a contract or commissioning agreement is exempt from public inspection and copying under chapter 42.56 RCW to the extent it is exempt from disclosure under 5 U.S.C. Sec. 552, the federal freedom of information act: Trade secrets; confidential commercial information; information under the federal deliberative process priv-

ilege; information compiled for law enforcement purposes; and information expressly required to be kept confidential by other federal laws. [2019 c 337 § 2.]

Findings—Intent—2019 c 337: "The legislature finds that the United States food and drug administration has stopped sharing nonpublic information with the Washington state department of agriculture and has indicated that unless the state can protect nonpublic food and drug administration information from disclosure consistent with federal law, the food and drug administration may discontinue future contracts and cooperative agreements with the Washington state department of agriculture for food safety, feed safety, rapid response, and laboratory programs. The legislature further finds that the loss of these contracts and cooperative agreements would result in significant reductions in state food safety funding, staffing, and infrastructure. The loss of certain nonpublic information diminishes the department of agriculture's ability to respond to food-related public health emergencies and degrades the department of agriculture's capacity to support the movement of state agricultural products in interstate and international commerce. The legislature therefore intends to exempt United States food and drug administration nonpublic information from disclosure under the state public disclosure act when the department of agriculture obtains such information or records in the course of a federal contract or commissioning agreement entered into under the authority of chapter 15.130 RCW, the food safety and security act." [2019 c 337 § 1.]

(2) The pull date must be stated by month and day and be in a style and format that is readily decipherable by consumers.

(3) A person may not offer perishable packaged food for sale after the pull date, except that if clearly identified as past the pull date, packaged perishable food with an expired pull date may be sold if still wholesome and without danger to health.

(5) The department may exclude the monthly requirement from the pull date for perishable packaged food with a shelf life of seven days or less.

(3) The license fee must accompany any application submittal.

(4) The department must adopt rules for an annual license and renewal fee to defray the costs of administering a licensing program, including inspections.

(5) The department must issue a license to the applicant if the application is complete and the applicant's food facility complies with this chapter, including the rules adopted under it. [2018 c 236 § 401.]

15.130.410 Direct seller license. (1) A person may not operate as a direct seller without a license issued by the department.

(2) A licensed direct seller must transport food under conditions that protect food against physical, chemical, and microbial contamination, as well as against deterioration of the food and its container. This includes, but is not limited to, the separation of raw materials in a manner to avoid cross-contamination of other food and ensure that raw materials that inherently contain pathogenic and spoilage microorganisms, soil, or other foreign material, do not come into direct contact with other food.

(3) In the event of a food recall or when required by the department or a federal, state, or local health authority in response to a foodborne illness outbreak, a licensed direct seller must use its client listserv to notify its customers of the recall and other relevant information.

15.130.420 Inspections. (1) Any person authorized by the department to operate a food facility must provide the department access for inspection to any part, portion, or area of the food facility or its records subject to the authorization.

(2) When possible, the department must make any such inspection during regular business hours or during a working shift of the food facility, except that the department may inspect such food facility at any time upon information of conditions that constitute immediate danger to public health. [2018 c 236 § 403.]

15.130.430 License denial, suspension, or revocation—Penalties. (1) The department may deny, suspend, or revoke a license issued by the department upon determining that an applicant or licensee has:

(2) The department may take product or ingredient samples of food at food facilities or in intrastate commerce upon payment of the market price, if requested. The department must allow the owner of the food or any person named on the label of the food to conduct independent sampling.

(3) To enforce this chapter, the department may inspect the pertinent records of any state agency.

(4) When the department presents a written request specifying the food under investigation, carriers engaged in intrastate commerce and persons receiving or holding food in intrastate commerce must permit the department reasonable access to and allow the department to copy all records showing the movement or holding in intrastate commerce of food, its quantity, shipper, and consignee. Evidence obtained under this section may not be used in a criminal prosecution of the person who provides access to records under this section.

(5) An owner or other person in control of a food facility or food in intrastate commerce may not refuse to allow the department's investigation under this chapter, if the depart-

ment has probable cause to conduct the investigation. [2018 c 236 § 501.]

15.130.510 Injunction. (1) Regardless of the existence of other remedies at law, the department may bring an action to enjoin the violation of this chapter or the rules adopted under it in the superior court of Thurston county or in a court of competent jurisdiction.

(2) When the injunction concerns dissemination of false advertisement and the court determines that the injunction would delay the regular distribution of a printed issue of a newspaper, magazine, periodical, or other print publication, the court must exclude the issue from the scope of the injunction. [2018 c 236 § 502.]

15.130.520 Embargo. (1) If the department has probable cause to believe that a food that violates a provision of this chapter and stopping its movement in intrastate commerce is necessary to protect public health, the department may initiate an embargo prohibiting transportation, distribution, or sale of the food.

(2) The department must provide an opportunity for an emergency adjudicative proceeding under chapter 34.05 RCW within twenty days of initiating the embargo action and provide notice to other governmental authorities having jurisdiction.

(3) The department must initiate the embargo action by (a) posting or affixing an embargo order on or at the location of the food or (b) delivering an embargo order to the party in control of the food. The order must specify the food under embargo, set forth the department's intent for disposition of the food, give notice of emergency hearing rights, and otherwise comply with the requirements for an emergency adjudicative proceeding under chapter 34.05 RCW. Disposition of the food may include, but is not limited to, destruction or correction or cure of the violation.

(4) A person may not transport, distribute, or sell food subject to an embargo order without the department's written approval.

(5) A person may not remove, mutilate, or destroy an embargo order without the department's written approval.

(6) The department must immediately withdraw or remove an embargo order upon discovery that the food does not violate any provision of this chapter.

health and the extent of injury cannot be determined once the food has entered into intrastate commerce, the department may adopt emergency rules for the manufacture, processing, or packing of that class of food in that locality. The rules must include the conditions necessary to protect public health and provide for the department to issue temporary permits during the emergency period.

(2) A person may not manufacture, process, or pack the class of food subject to the emergency unless holding a temporary permit under the emergency rules and complying with the conditions of the permit.

(3) To the extent practicable, such emergency rules must conform to federal emergency regulations, if any, addressing the same subject.

(4) A person may not introduce or deliver in intrastate commerce food that violates the requirements of this provision.

(5) A person may not falsely represent that food subject to temporary emergency rule complies with those rules through the use of a mark stamp, tag, label, or other counterfeited or false identification device.

(6) The department may immediately suspend a temporary emergency permit when its holder violates the conditions of the permit. [2018 c 236 § 505.]

15.130.550 Civil monetary penalty. (1) The department may impose upon and collect a civil penalty from a person violating this chapter or the rules adopted under it.

[2021 c 104 § 1.]

15.140.030 Agricultural commodity program—Rule-making authority. (1) The department must develop an agricultural commodity program to replace the industrial hemp research pilot program in *chapter 15.120 RCW, in accordance with the agriculture improvement act of 2018.

(2) The department has sole regulatory authority over the production of hemp and may adopt rules to implement this chapter. All rules relating to hemp, including any testing of hemp, are outside of the control and authority of the liquor and cannabis board.

(3) If the department adopts rules implementing this chapter that are effective by June 1, 2019, persons licensed to grow hemp under *chapter 15.120 RCW may transfer into the regulatory program established in this chapter, and continue hemp production under this chapter. 15.140.040 State's hemp plan. (1) The department must develop the state's hemp plan to conform to the agriculture improvement act of 2018, to include consultation with the governor and the attorney general and the plan elements required in the agriculture improvement act of 2018.

(2) Consistent with subsection (1) of this section, the state's hemp plan must include the following elements:

(a) A practice for hemp producers to maintain relevant information regarding land on which hemp is produced, including a legal description of the land, for a period of not less than three calendar years;

(b) A procedure for testing, using postdecarboxylation or other similarly reliable methods, delta-9 tetrahydrocannabinol concentration levels of hemp, without the application of heat;

(c) A procedure for the effective disposal of plants, whether growing or not, that are produced in violation of this chapter, and products derived from such plants;

(d) A procedure for enforcement of violations of the plan and for corrective action plans for licensees as required under the agriculture improvement act of 2018;

(e) A procedure for conducting annual inspections of, at a minimum, a random sample of hemp producers to verify hemp is not produced in violation of this chapter; and

(f) A certification that the state has the resources and personnel to carry out the practices and procedures described in this section.

(3) The proposal for the state's plan may include any other practice or procedure established to the extent the practice or procedure is consistent with the agriculture improvement act of 2018.

(4) Hemp and processed hemp produced in accordance with this chapter or produced lawfully under the laws of another state, tribe, or country may be transferred and sold within this state, outside of this state, and internationally.

(5) The whole hemp plant may be used as food. The department shall regulate the processing of hemp for food products, that are allowable under federal law, in the same manner as other food processing under chapters 15.130 and 69.07 RCW and may adopt rules as necessary to properly regulate the processing of hemp for food products including, but not limited to, establishing standards for creating hemp extracts used for food. [2019 c 158 § 4.]

15.140.050 Postharvest test protocol. The department must develop a postharvest test protocol for testing hemp under this chapter that includes testing of whole plant samples or other testing protocol identified in regulations established by the United States department of agriculture, including the testing procedures for delta-9 tetrahydrocannabinol concentration levels of hemp produced by producers under the state plan. [2019 c 158 § 5.]

15.140.060 Hemp producer license—Hemp processor registration—Rules—Fees. (1) The department must issue hemp producer licenses to applicants qualified under this chapter and the agriculture improvement act of 2018. The department may adopt rules pursuant to this chapter and chapter 34.05 RCW as necessary to license persons to grow hemp under a commercial hemp program. The department may adopt rules pursuant to this chapter and chapter 34.05 RCW as necessary to register hemp processors.

(2) A hemp processor that processes hemp for commercial use or sale may register with the department. The registration application must include the physical address of all locations where hemp is processed or stored, a registration fee as set in rule, and any other information required by the department by rule. A registered hemp processor is not required to obtain a hemp producer license. A registered hemp processor must be a registered business entity in Washington state or a foreign entity compliant with state laws.

(3) The plan must identify qualifications for license applicants, to include adults and corporate persons and to exclude persons with felony convictions as required under the agriculture improvement act of 2018.

(4) The department must establish license fees in an amount that will fund the implementation of this chapter and sustain the hemp program. The department may adopt rules establishing fees for tetrahydrocannabinol testing, inspections, and additional services required by the United States department of agriculture. License fees and any money received by the department under this chapter must be deposited in the hemp regulatory account created in RCW 15.140.080. [2021 c 104 § 3; 2019 c 158 § 6.]

Intent—2021 c 104: See note following RCW 15.140.020.

15.140.070 Source of hemp seeds or clones. A person producing hemp pursuant to this chapter must notify the department of the source of the hemp seed or clones solely for the purpose of maintaining a record of the sources of seeds and clones being used or having been used for hemp production in this state. Hemp seed is an agricultural seed. [2019 c 158 § 7.]

15.140.080 Hemp regulatory account. The hemp regulatory account is created in the custody of the state treasurer. All receipts from fees established under this chapter must be deposited into the account. Expenditures from the account may be used only for implementing this chapter. Only the director of the state department of agriculture or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2019 c 158 § 8.]

15.140.090 Internet-based application. Washington State University may, within existing resources, develop and make accessible an internet-based application designed to assist hemp producers by providing regional communications concerning recommended planting times for hemp crops in this state. [2019 c 158 § 9.]

15.140.100 Cross-pollination—Hemp plants and marijuana plants. (1) There is no distance requirement, limitation, or buffer zone between any licensed hemp producer or hemp processing facility licensed or authorized under this chapter and any marijuana producer or marijuana processor licensed under chapter 69.50 RCW. No rule may establish such a distance requirement, limitation, or buffer zone without the evaluation of sufficient data showing impacts to either crop as a result of cross-pollination.

(2) Notwithstanding subsection (1) of this section, in an effort to prevent cross-pollination between hemp plants produced under this chapter and marijuana plants produced under chapter 69.50 RCW, the department, in consultation with the liquor and cannabis board, must review the state's policy regarding cross-pollination and pollen capture to ensure an appropriate policy is in place, and must modify policies or establish new policies as appropriate. Under any such policy, when a documented conflict involving cross-pollination exists between two farms or production facilities growing or producing hemp or marijuana, the farm or production

facility operating first in time shall have the right to continue operating and the farm or production facility operating second in time must cease growing or producing hemp or marijuana, as applicable. [2019 c 158 § 10.]

15.140.110 Expedited rule making to adopt the state hemp plan. (1) The department must use expedited rule making to adopt the state hemp plan submitted to the United States department of agriculture. As allowed under this section, rule making by the department to adopt the approved hemp plan qualifies as expedited rule making under RCW 34.05.353. Upon the submittal of the plan to the United States department of agriculture, the department may conduct initial expedited rule making under RCW 34.05.353 to establish rules to allow hemp licenses to be issued without delay.

(2) On the effective date of rules adopted by the department regulating hemp production under chapter 15.140 RCW, a licensed hemp producer under this chapter may immediately produce hemp pursuant to chapter 15.140 RCW with all the privileges of a hemp producer licensed under chapter 15.140 RCW. [2019 c 158 § 11.]

15.140.120 Limitation of enforcement of certain laws and rules. Beginning on April 26, 2019:

(1) No law or rule related to certified or interstate hemp seeds applies to or may be enforced against a person with a license to produce or process hemp issued under this chapter; and

(2) No department or other state agency rule may establish or enforce a buffer zone or distance requirement between a person with a license or authorization to produce or process hemp under this chapter and a person with a license to produce or process marijuana issued under chapter 69.50 RCW. The department may not adopt rules without the evaluation of sufficient data showing impacts to either crop as a result of cross-pollination.

(3) Notwithstanding the rule-making provisions of RCW 15.140.030(2), if a marijuana producer or marijuana processor licensed by the liquor and cannabis board under chapter 69.50 RCW is engaged in producing or processing hemp at the same location for which they are licensed to produce or process marijuana, the liquor and cannabis board may test samples represented as hemp that are obtained from a location licensed for marijuana production or marijuana processing for the sole purpose of validating THC content of products represented as hemp. Any product with a delta-9 tetrahydrocannabinol concentration exceeding 0.3 percent on a dry weight basis is considered marijuana and is subject to the provisions of chapter 69.50 RCW. [2021 c 104 § 4; 2019 c 158 § 16.]

Intent—2021 c 104: See note following RCW 15.140.020.

15.140.900 Effective date—2019 c 158. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 26, 2019]. [2019 c 158 § 19.]

15.145.005 Finding—Intent. The legislature finds that healthy soil is a cornerstone of a high quality of life on earth and that soil health is integral to supporting agricultural viability, promoting positive environmental outcomes, and ensuring the long-term availability of nutritious food.

It is the intent of the legislature that the mission of the Washington soil health initiative be the promotion of collaborative soil health research, education, demonstration projects, and technical assistance activities designed to identify, promote, and implement soil health stewardship practices that are grounded in sound science and that can be voluntarily and economically implemented by farmers and ranchers across Washington's diverse agricultural communities, climates, and geographies. [2020 c 314 § 1.]

15.145.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Collaborating agencies" means the university, the department, and the commission.

(2) "Commission" means the Washington state conservation commission.

(3) "Department" means the Washington department of agriculture.

(4) "Soil health" means the continued capacity of the soil to function as a vital living ecosystem that sustains plants, animals, and humans.

(5) "Soil health initiative" means the Washington soil health initiative created by this chapter as a collaborative partnership to promote and implement voluntary soil management actions and systems to improve soil health, environmental function, nutrition, and the productivity of working farm and ranch lands.

(6) "University" means Washington State University. [2020 c 314 § 2.]

15.145.020 Washington soil health initiative—Creation—Report. (1) The Washington soil health initiative is created as a partnership jointly administered by the collaborating agencies.

(2) The goals and objectives of the soil health initiative are to improve:

(a) Agricultural viability, by improving farm profitability; and by helping agricultural producers implement good soil health practices that build soil organic matter, reduce soil erosion, soil compaction and production costs, and improve nutrient management, soil tilth, moisture infiltration, moisture retention, drought resilience, disease suppression, and the beneficial activity of microbes, fungi, earthworms, and other organisms;

(b) Nutrition, by increasing health-promoting nutrients, micronutrients, and microbial processes of agricultural soils; and by improving nutrient uptake, thereby expanding access to nutritious food and improving human health; and

(c) Environmental function, by reducing soil erosion, runoff, and leaching of nutrients and pollutants, thereby improving water quality; and by promoting strategies to store carbon and build soil organic matter and other beneficial properties, thereby enhancing the environmental functions of agricultural soils.

(3) In addition to the joint responsibilities established for the collaborative agencies in this section and the primary responsibilities established for each collaborating agency in RCW 15.145.030 through 15.145.050, the collaborating agencies may pursue any action designed to improve soil health and promote complementary improvements to agricultural viability, nutrition, and environmental function. The collaborating agencies must jointly:

(a) Support and supplement current Washington soil health advisory committee membership to promote effective implementation of the soil health initiative. Committee members must be qualified and knowledgeable regarding soil health stewardship. Membership may include agricultural producers, soil scientists or specialists, and representatives of governmental, nongovernmental, and tribal organizations interested in soil health as it pertains to agricultural viability, nutrition, or environmental function. The collaborating agencies must convene, staff, and develop agendas for each Washington soil health advisory committee meeting and appoint committee members and subcommittee members as appropriate. No appointment is effective unless all collaborating agencies concur in the appointment;

(b) Assess programmatic needs and build the capacities of the collaborating agencies to fill gaps in scientific research, economic assessment, staffing, technical assistance, grants administration, project implementation, data management, and monitoring tools to improve the reach and effectiveness of the soil health initiative;

(c) Prioritize in-state sourcing of needed soil health initiative resources including, but not limited to, testing resources, seeds, compost materials, supplies, and equipment;

(d) Employ adaptive management to support the improvement and long-term viability of the soil health initiative, including modification of soil health metrics, priorities, and activities to maximize complementary net benefits for agricultural viability, nutrition, and environmental function. To the extent practicable, metrics chosen to assess changes from baseline environmental function must be measured per unit of production;

(e) Submit a biennial Washington soil health initiative progress report to the governor and appropriate committees of the legislature by October 1, 2020, and every even-numbered year thereafter. The report's recommendations must include an assessment of success in meeting the soil health initiative's goals and objectives, a biennial work plan detailing any proposed legislation, budget requests or administrative rules, and a prioritized list of proposed actions needed to fulfill each collaborating agency's responsibilities for programmatic components and advance soil health initiative goals and objectives in the upcoming biennium.

(4) The soil health initiative shall operate within the appropriations provided for the program. [2020 c 314 § 3.]

15.145.030 University's primary responsibilities.

[(1)] The university has primary responsibility for the following components of the soil health initiative:

(1) [(a)] Establishing a regionally dispersed network of long-term agroecological research and extension demonstration sites to showcase and refine soil health research and practices, build statewide awareness and understanding, and support technical assistance capacity through trainings and on-farm demonstration projects that promote positive soil health outcomes across the state's diverse food production zones;

(2) [(b)] Compiling existing information and developing new information on nutrition effects related to agricultural soil management practices and regimes, and identifying data gaps associated with understanding and quantifying such effects across the state's diverse food production zones, soil types, tillage systems, and cropping methods. Nutrition effects information compiled, developed, and assessed must include, but not be limited to, soil, plant, and food nutrient and micronutrient levels and community access to nutritious food;

(3) [(c)] Developing a statewide soil health road map, based on a compilation of existing soil health information and ancillary agronomic, economic, environmental, and nutritional benefits and identified data gaps, to refine metrics and objectives to guide future public and private investment in the soil health initiative;

(4) [(d)] Developing a statewide agricultural soil health monitoring system and database to receive data, test modeling estimations, and measure, analyze, and track trends over time in the productive use, management, and health of Washington's agricultural soils; and

(5) [(e)] Consulting and collaborating with the department and the commission to support all soil health initiative goals, objectives, and components established in this chapter.

(6) [(2)] The university shall perform its responsibilities within the appropriations provided for the soil health initiative. [2020 c 314 § 4.]

15.145.040 Department's primary responsibilities—

Rules. (1) The department has primary responsibility for the following components of the soil health initiative:

(a) Compiling existing information on agricultural viability and environmental function effects related to agricultural soil management practices and regimes across the state's diverse food production zones, soil types, tillage systems, and cropping methods, and identifying data gaps associated with understanding and quantifying such effects. Agricultural viability effects compiled and assessed must include, but not be limited to, assessments of yields, profitability, costs, and benefits. Environmental function effects compiled and assessed must include, but not be limited to, assessments of water quality and water availability;

(b) Establishing a "state of the soils" baseline assessment of statewide agricultural soil health practices and characteristic soil health indicators, which may include, but is [are] not limited to: Soil type, organic matter, aggregate stability, porosity, temperature, microbiology, and pathogens; carbon

storage; nutrient management; crop rotations; cropping techniques; tillage systems; plant biomass input, residue, and cover levels; water infiltration rate; water retention; root exudates; electrical conductivity; soil nutrient, vitamin, and mineral levels including, but not limited to, levels of nitrogen, phosphorous, potassium, magnesium, sulfur, calcium, and micronutrients; and any other indicator of a soil's health, yield, profitability, or ecological function. Baseline assessments must be developed in a stepwise process to incrementally assess the baseline for each of Washington's major food production zones, soil types, tillage systems, and cropping methods, including both conventional and organic food production systems;

(c) Developing standardized methods and diagnostic tools to support accurate and cost-effective measurement of key soil health indicators at a scale and speed that supports broad implementation and verification of improved soil health stewardship across Washington's diverse agricultural landscapes;

(d) Developing and supporting an agricultural product marketing and promotion program that creates opportunities for participating producers to benefit from the emerging market for Washington food products grown under good soil health stewardship; and

(e) Consulting and collaborating with the commission and the university to support all soil health initiative goals, objectives, and components established in this chapter.

(2) In consultation with the commission and the university, the department may adopt rules as needed to carry out the purposes of this chapter. [2020 c 314 § 5.]

15.145.050 Commission's primary responsibilities—

Rules. (1) The commission has primary responsibility for the following components of the soil health initiative:

(a) Developing, publishing, and distributing outreach and education materials to help conservation districts, cooperative extension, and local governments raise awareness of the importance of soil health to society and agriculture, including farmer case studies on soil health practices, experiences, and outcomes;

(b) Training and mobilizing technical service providers to encourage farmers, ranchers, and land managers to voluntarily implement desired soil health stewardship and enter into any maintenance or easement agreements needed to maintain soil health benefits obtained. The commission and the university must coordinate technical assistance, working with and through conservation districts and university extension, to avoid duplication of effort in carrying out soil health initiative technical assistance responsibilities;

(c) Training technical assistance providers, property owners, land managers, and others to voluntarily take ongoing soil health samples and measurements and submit results to the soil health monitoring database;

(d) In collaboration with the department and the university, developing equitable criteria for the awarding of grants to help producers improve soil health across the state's diverse agricultural systems; and

(e) Consulting and collaborating with the department and the university to support all soil health initiative goals, objectives, and components established in this chapter.

(2) In consultation with the department and the university, the commission may adopt rules as needed to carry out the purposes of this chapter.

(3) The commission shall perform its responsibilities within the appropriations provided for the soil health initiative. [2020 c 314 § 6.]

15.145.060 Short title. This chapter may be known and cited as the Washington soil health initiative act. [2020 c 314 § 7.]
