(a) The deployment and adoption of high-speed internet services and information technology has resulted in enhanced economic development and public safety for the state's communities, improved health care and educational opportunities, and a better quality of life for the state's residents;

(b) Continued progress in the deployment and adoption of high-speed internet services and other advanced telecommunications services, both land-based and wireless, is vital to ensuring Washington remains competitive and continues to create business and job growth; and

43.117.010 Legislative declaration. The legislature declares that the public policy of this state is to insure equal opportunity for all of its citizens. The legislature finds that

Asian Pacific Americans have unique and special problems. It is the purpose of this chapter to improve the well-being of Asian Pacific Americans by insuring their access to participation in the fields of government, business, education, and other areas. The legislature is particularly concerned with the plight of those Asian Pacific Americans who, for economic, linguistic, or cultural reasons, find themselves disadvantaged or isolated from American society and the benefits of equal opportunity. The legislature aims to help these and all Asian Pacific Americans achieve full equality and inclusion in American society. The legislature further finds that it is necessary to aid Asian Pacific Americans in obtaining governmental services in order to promote the health, safety, and welfare of all the residents of this state. Therefore the legislature deems it necessary to create a commission to carry out the purposes of this chapter. [2000 c 236 § 1; 1995 c 67 § 2; 1983 c 119 § 1; 1974 ex.s. c 140 § 1.]

43.117.120 Filipino American history month. October of each year will be known as Filipino American history month. Each October is designated as a time for people of this state to commemorate the contributions of Filipino Americans to the history and heritage of Washington state and the United States. [2019 c 283 § 2.]

Findings—Intent—2019 c 283: "The legislature finds that the writings and teachings of American history have often overlooked the role of people of color, among them the history of Filipino Americans, whose heritage spans a colonial, political, economic, and cultural relationship with the United States. The legislature also finds that the earliest documented proof of Filipino presence in the continental United States was on October 18, 1587, when the first "Luzones Indios" set foot in Morro Bay, California. The Filipino American national historical society recognizes the year of 1763 as the date of the first permanent Filipino settlement in the United States in St. Malo Parrish, Louisiana. Subsequent waves of migration followed, and today Filipino Americans continue to make a lasting impact on the history and heritage of Washington state and the United States. In recognition of the critical economic, cultural, social, and other notable contributions by Filipino Americans to Washington state and the United States, the legislature has proclaimed October as Filipino American history month since 2010.

The legislature further finds that the prominence of Filipino and Filipino American population in Washington state warrants official commemoration of the history and heritage of Filipino Americans. Therefore the legislature intends to designate the month of October as Filipino American history

month, a period of commemoration that highlights the contributions of Filipino Americans to Washington state and the United States." [2019 c 283 § 1.]

Of the persons initially appointed by the governor to the commission, three shall be appointed to serve one year, three to serve two years, and three to serve three years. Upon expiration of such terms, subsequent appointments shall be for three years. The commission's executive director shall make a report of such funds received from private sources to the office of financial management on a regular basis. Intent—Effective date—2011 c 171: See notes following RCW 4.24.210.

Legislative findings—1987 c 351: "The legislature finds that children are society's most valuable resource and that child abuse and neglect is a threat to the physical, mental, and emotional health of children. The legislature further finds that assisting community-based private nonprofit and public organizations, agencies, or school districts in identifying and establishing needed primary prevention programs will reduce the incidence of child abuse and neglect, and the necessity for costly subsequent intervention in family life by the state. Child abuse and neglect prevention programs can be most effectively and economically administered through the use of trained volunteers and the cooperative efforts of the communities, citizens, and the state. The legislature finds that the Washington council for prevention of child abuse is an effective counsel for reducing child abuse but limited resources have prevented the council from funding promising prevention concepts statewide.

It is the intent of the legislature to establish a cost-neutral revenue system for the children's trust fund which is designed to fund primary prevention programs and innovative prevention related activities such as research or public awareness campaigns. The fund shall be supported through revenue created by the sale of heirloom birth certificates. This concept has proven to be a cost-effective approach to funding child abuse prevention in the state of Oregon. The legislature believes that this is an innovative way of using private dollars to supplement our public dollars to reduce child abuse and neglect." [1987 c 351 § 1.]

GENERAL PROVISIONS

43.131.010 Short title. (*Expires June 30, 2025.*) This chapter may be known and cited as the Washington Sunset Act. [1990 c 297 § 1; 1977 ex.s. c 289 § 1.]

43.131.020 Findings. (*Expires June 30, 2025.*) The state legislature finds that state entities may fail to deliver services as effectively and efficiently as is expected by the general public and as originally contemplated by the legislature. It further finds that state government actions have produced a substantial increase in numbers of entities, growth of programs, and proliferation of rules, and that the entire process has evolved without sufficient legislative and executive oversight, regulatory accountability, or a system of checks and balances. The legislature further finds that by establishing a system for the termination, continuation, or modification of state entities, coupled with a system of scheduled review of such entities, it will be in a better position to: Evaluate the need for the continued existence of existing and future state entities; assess the effectiveness and performance of agencies, boards, commissions, and programs; and ensure public accountability. The legislature recognizes that the executive branch shares in this duty and responsibility to assure that state government operates in an efficient, orderly, and responsive manner. [2000 c 189 § 1; 1977 ex.s. c 289 § 2.]

43.131.030 Definitions. (*Expires June 30, 2025.*) As used in this chapter the following words and phrases shall have the following meanings unless the context clearly requires otherwise.

(1) "Entity" includes every state office, department, board, commission, unit or subunit, and agency of the state, and where provided by law, programs and activities involving less than the full responsibility of a state agency. "Entity"

also includes any part of the Revised Code of Washington scheduled for repeal, expiration, or program termination.

(2) "Person" includes every natural person, firm, partnership, corporation, association, or organization. [2000 c 189 § 2; 1983 1st ex.s. c 27 § 1; 1977 ex.s. c 289 § 3.]

43.131.040 Reestablishment of entity scheduled for termination—Review. (*Expires June 30, 2025.*) Any state entity scheduled for termination by the processes provided in this chapter may be reestablished by the legislature for a specified period of time or indefinitely. The legislature may again review the state entity in a manner consistent with the provisions of this chapter and reestablish, modify, or consolidate such state entity or allow it to be terminated. [2000 c 189 § 3; 1983 1st ex.s. c 27 § 2; 1977 ex.s. c 289 § 4.]

43.131.051 Program and fiscal review—Reports. (*Expires June 30, 2025.*) The joint legislative audit and review committee shall conduct a program and fiscal review of any entity scheduled for termination under this chapter. This program and fiscal review shall be completed and a preliminary report prepared during the calendar year prior to the date established for termination. These reports shall be prepared in the manner set forth in RCW 44.28.071 and 44.28.075. Upon completion of its preliminary report, the joint legislative audit and review committee shall transmit copies of the report to the office of financial management and any affected entity. The final report shall include the response, if any, of the affected entity and the office of financial management in the same manner as set forth in RCW 44.28.088, except the affected entity and the office of financial management shall have sixty days to respond to the report. The joint legislative audit and review committee shall transmit the final report to the legislature, to the state entity affected, to the governor, and to the state library. [2000 c 189 § 4.]

43.131.055 Program and fiscal review—Alternative public works contracting procedures. (*Expires July 1, 2022.*) (1) If the sunset review process in RCW 43.131.010 through 43.131.150 expires before June 30, 2021, the joint legislative audit and review committee must conduct a program and fiscal review of the alternative public works contracting procedures authorized in chapter 39.10 RCW. The review must be completed by June 30, 2021, and findings reported to the office of financial management and any affected entities. The report must be prepared in the manner set forth in RCW 44.28.071 and 44.28.075.

(2) This section expires July 1, 2022. [2013 c 222 § 24.]

ing the extent to which performance results have been achieved. The sunset termination legislation shall name a lead entity, if more than one entity is impacted by scheduled termination. The affected entity or lead entity has the responsibility for developing and implementing a data collection plan and submitting the resulting performance information to the joint legislative audit and review committee.

(3) An entity shall develop performance measures and a data collection plan and submit them for review and comment to the joint legislative audit and review committee within one year of the effective date of the legislation establishing the sunset termination.

(4) Unless specified otherwise, sunset terminations under this chapter shall be a minimum of seven years. The joint legislative audit and review committee shall complete its review in the year prior to the date of termination. [2000 c 189 § 5.]

43.131.071 Scope of review—Recommendations to the legislature. (Expires June 30, 2025.) (b) The extent to which the entity is operating in an efficient and economical manner which results in optimum performance;

(c) The extent to which the entity is operating in the public interest by controlling costs;

Legislative fiscal notes: Chapter 43.88A RCW.

43.132.010 Intent. It is the intent of this chapter to create a uniform and coordinated procedure to determine the fiscal impact of proposed legislation on units of local government. [1977 ex.s. c 19 § 1.]

43.132.020 Fiscal notes—Preparation—Contents—Scope—Revisions—Reports. The director of financial management or the director's designee shall, in cooperation with appropriate legislative committees and legislative staff, establish a mechanism for the determination of the fiscal impact of proposed legislation which if enacted into law would directly or indirectly increase or decrease revenues received or expenditures incurred by counties, cities, towns, or any other units of local government. For purposes of this section, "unit of local government" includes school districts to the extent that the proposed legislation affects school districts in the same manner as it affects other units of local government. Where proposed legislation uniquely affects school districts, a school district fiscal note must be prepared under the process established in RCW 28A.300.0401. The office of financial management shall, when requested by a member of the state legislature, report in writing as to such fiscal impact and said report shall be known as a "fiscal note".

Such fiscal notes shall indicate by fiscal year the total impact on the local governments involved for the first two years the legislation would be in effect and also a cumulative six year forecast of the fiscal impact. Where feasible and applicable, the fiscal note also shall indicate the fiscal impact on each individual county or on a representative sampling of cities, towns, or other units of local government.

A fiscal note as defined in this section shall be provided only upon request of any member of the state legislature. A request for a fiscal note on legislation shall be considered to be a continuing request for a fiscal note on any formal alteration of the legislation in the form of amendments to the leg-

islation that are adopted by a committee or a house of the legislature or a substitute version of such legislation that is adopted by a committee and preparation of the fiscal note on the prior version of the legislation shall stop, unless the legislator requesting the fiscal note specifies otherwise or the altered version is first adopted or enacted in the last week of a legislative session.

Fiscal notes shall be completed within one week of the request unless a longer time period is allowed by the requesting legislator. In the event a fiscal note has not been completed within one week of a request, a daily report shall be prepared for the requesting legislator by the director of financial management which report summarizes the progress in preparing the fiscal note. If the request is referred to the director of commerce, the daily report shall also include the date and time such referral was made. [2011 c 140 § 2; 2000 c 182 § 2; 1995 c 399 § 79; 1984 c 125 § 16; 1979 c 151 § 149; 1977 ex.s. c 19 § 2.]

Intent—2000 c 182: "It is the intent of the legislature to enhance the local government fiscal note process by providing for updated fiscal information on pending legislation and to establish a process for a more comprehensive report on the fiscal impacts to local governments arising from laws that have been enacted. Further, it is the intent of the legislature that the varying effects of legislation on different local governments be recognized. This act is enacted in recognition of the responsibilities imposed by RCW 43.135.060." [2000 c 182 § 1.]

43.132.030 Designation of department of community, trade, and economic development to prepare fiscal notes—Cooperation of state agencies, legislative staffs, and local government associations. The director of financial management is hereby empowered to designate the *director of community, trade, and economic development as the official responsible for the preparation of fiscal notes authorized and required by this chapter. It is the intent of the legislature that when necessary the resources of other state agencies, appropriate legislative staffs, and the various associations of local government may be employed in the development of such fiscal notes. [1995 c 399 § 80; 1985 c 6 § 10; 1979 c 151 § 150; 1977 ex.s. c 19 § 3.]

***Reviser's note:** The "director of community, trade, and economic development" was changed to the "director of commerce" by 2009 c 565.

43.132.040 Fiscal notes—Transmission of copies to designated recipients. When a fiscal note is prepared and approved as to form and completeness by the director of financial management, the director shall transmit copies immediately to:

- (1) The requesting legislator;
- (2) With respect to proposed legislation held by the senate, the chairperson of the committee which holds or has acted upon the proposed legislation, the chairperson of the ways and means committee or equivalent committees with jurisdiction over matters normally considered by a ways and means committee, the chairperson of the local government committee or equivalent committee that considers local government matters, and the secretary of the senate; and

(2021 Ed.)

ered by a ways and means committee, the chairperson of the local government committee or equivalent committee that considers local government matters, and the chief clerk of the house of representatives. [2000 c 182 § 3; 1986 c 158 § 18; 1979 c 151 § 151; 1977 ex.s. c 19 § 4.]

Intent—2000 c 182: See note following RCW 43.132.020.

43.132.050 Fiscal notes—Transmission of copies upon request. The office of financial management may make additional copies of the fiscal note available to members of the legislature and others on request.

At the request of any member of the senate or house of representatives, whichever is considering the proposed legislation, and unless it is prohibited by the rules of the body, copies of the fiscal note or a synopsis thereof shall be placed on the members' desks at the time the proposed legislation takes its place on the second reading calendar.

Whenever proposed legislation accompanied by such a fiscal note is passed by either the senate or the house of representatives, the fiscal note shall be transmitted with the bill to the other house. [1986 c 158 § 19; 1979 c 151 § 152; 1977 ex.s. c 19 § 5.]

43.132.055 Fiscal notes—Expenditures by local government—Fiscal responsibility. When the fiscal note indicates that a bill or resolution would require expenditures of funds by a county, city, town, or other unit of local government, the legislature shall determine the state's fiscal responsibility and shall make every effort to appropriate the funds or provide the revenue generating authority necessary to implement the legislation during the ensuing biennium. [1979 ex.s. c 112 § 2.]

43.132.060 Legislative action upon or validity of measures not affected. (1) Nothing in this chapter shall prevent either house of the legislature from acting on any bill or resolution before it as otherwise provided by the state Constitution, by law, and by the rules of the senate and house of representatives, nor shall the lack of any fiscal note as provided in this chapter or any error in the accuracy thereof affect the validity of any measure otherwise duly passed by the legislature.

(2) Subsection (1) of this section shall not alter the responsibilities of RCW 43.135.060. [2000 c 182 § 4; 1977 ex.s. c 19 § 6.]

Intent—2000 c 182: See note following RCW 43.132.020.

43.132.810 Local government fiscal notes—Fiscal impact of selected laws on local governments—Biennial report. The office of financial management, in consultation with the *department of community, trade, and economic development, shall prepare a report for the legislature on or before December 31st of every even-numbered year on local government fiscal notes, and reports on the fiscal impacts on local governments arising from selected laws, that were prepared over the preceding two-year period. [2000 c 182 § 6.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Intent—2000 c 182: See note following RCW 43.132.020.

43.135.025 Fiscal growth factor. (1) Each November, the economic and revenue forecast council shall calculate the fiscal growth factor for each fiscal year of the current biennium and the ensuing biennium.

(2) The definitions in this subsection apply throughout this chapter unless the context clearly requires otherwise.

(a) "Fiscal growth factor" means the average growth in state personal income for the prior ten fiscal years.

(b) "General fund" means the state general fund. [2020 c 218 § 3; 2015 3rd sp.s. c 29 § 3; 2009 c 479 § 35; 2005 c 72 § 4; (2006 c 56 § 7 expired July 1, 2007); 2000 2nd sp.s. c 2 § 1; 1994 c 2 § 2 (Initiative Measure No. 601, approved November 2, 1993).]

Effective date—2020 c 218: See note following RCW 43.88.030.

Effective date—2015 3rd sp.s. c 29: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 6, 2015]." [2015 3rd sp.s. c 29 § 5.]

Findings—2015 3rd sp.s. c 29: "The legislature finds that under the state supreme court's decision and subsequent orders in *McCleary v. State*, the state has an Article IX constitutional obligation to make significant enhancements to the program of basic education over the next biennia. The legislature further finds that the state expenditure limit was first enacted in 1993 as part of Initiative Measure No. 601, and that Washington has undergone many changes in the intervening years, including a recession during which state general fund revenues and expenditures actually declined despite population growth and increased demands for public services. Finally, the legislature finds that the new state requirements for a four-year balanced budget and budget outlook process provide a better tool for balancing and controlling the state budget while fulfilling constitutional requirements than does the state expenditure limit process. For these reasons, during the biennia in which the legislature is phasing in its Article IX obligations and for the ensuing biennium, the legislature is temporarily suspending the state expenditure limit." [2015 3rd sp.s. c 29 § 1.]

Findings—2005 c 72: "The legislature finds that the citizens of the state benefit from a state expenditure limit that ensures that the state budget operates with stability and predictability, while encouraging the establishment of budget priorities and a periodic review of state programs and the delivery of state services. A state expenditure limit can prevent budgeting crises that can occur because of increased spending levels during periods of revenue surplus followed by drastic reductions in state services in lean years. The citizens of the state are best served by an expenditure limit that keeps pace with the growth in the state's economy yet ensures budget discipline and taxpayer protection. For these reasons, the legislature finds that modifications to the state expenditure limit, after ten years of experience following the initial implementation of Initiative Measure No. 601, will recognize the economic productivity of the state's economy and better balance the needs of the citizens for essential government services with the obligation of the legislature for strict spending accountability and protection of its taxpayers." [2005 c 72 § 1.]

(2021 Ed.)

43.135.034 or increases fees, the office of financial management must promptly and without delay report the results of its most up-to-date analysis of the bill required by subsection (1) of this section and the date, time, and location of the hearing by public press release via email to each member of the house of representatives, each member of the senate, the news media, and the public, and must post and maintain these releases on its web site. (3) Each time a bill that raises taxes as defined by RCW 43.135.034 or increases fees is approved by any legislative committee or by at least a simple majority in either the house of representatives or the senate, the office of financial management must expeditiously reexamine and redetermine its ten-year cost projection due to amendment or other changes during the legislative process, must promptly and without delay report the results of its most up-to-date analysis by public press release via email to each member of the house of representatives, each member of the senate, the news media, and the public, and must post and maintain these releases on its web site. Any ten-year cost projection must include a year-by-year breakdown. For any bill containing more than one revenue source, a ten-year cost projection for each revenue source will be included along with the bill's total ten-year cost projection. [2013 c 1 § 5 (Initiative Measure No. 1185, approved November 6, 2012); 2016 c 1 § 4 (Initiative Measure No. 1366, approved November 3, 2015); 2008 c 1 § 2 (Initiative Measure No. 960, approved November 6, 2007).]

Reviser's note: The Washington state supreme court ruled in *Lee v. State*, 185 Wn.2d 608, 374 P.3d 157 (2016) that Initiative Measure No. 1366 (chapter 1, Laws of 2016) is in violation of the single-subject rule of Article II, section 19 of the state Constitution and is therefore void in its entirety. This section is published without the amendment contained in Initiative Measure No. 1366.

Intent—Construction—Short title—2013 c 1 (Initiative Measure No. 1185): See notes following RCW 43.135.034.

Findings—Intent—2008 c 1 (Initiative Measure No. 960): "Washington has a long history of public interest in tax increases. The people have clearly and consistently illustrated their ongoing and passionate desire to ensure that taxpayers are protected. The people find that even without raising

taxes, the government consistently receives revenue growth many times higher than the rate of inflation every year. With this measure, the people intend to protect taxpayers by creating a series of accountability procedures to ensure greater legislative transparency, broader public participation, and wider agreement before state government takes more of the people's money. This measure protects taxpayers and relates to tax and fee increases imposed by state government. This measure would require publication of cost projections, information on public hearings, and legislators' sponsorship and voting records on bills increasing taxes and fees, allow either two-thirds legislative approval or voter approval for tax increases, and require advisory votes on tax increases blocked from citizen referendum.

The intent of sections 2, 3, and 4 of this act: The people want a thorough, independent analysis of any proposed increase in taxes and fees. The people find that legislators too often do not know the costs to the taxpayers for their tax and fee increases and this fiscal analysis by the office of financial management will provide better, more accessible information. The people want a user-friendly method to track the progress of bills increasing taxes and fees, finding that transparency and openness leads to more public involvement and better understanding. The people want information on public hearings and legislators' sponsorship and voting records on bills increasing taxes and fees and want easy access to contact information of legislators so the people's voice can be heard. Section 2(5) and (6) of this act are intended to provide active, engaged citizens with the opportunity to be notified of the status of bills increasing taxes and fees. Such a notification system is already being provided by the state supreme court with regard to judicial rulings. Intent of RCW 43.88A.020: The cost projection reports required by section 2 of this act will simplify and facilitate the creation of fiscal notes. The people want the office of financial management to fully comply with the cost projections and other requirements of section 2 [of this act] on bills increasing taxes or fees before fiscal notes. Cost projections and the other information required by section 2 [of this act] are critically important for the legislature, the media, and the public to receive before fiscal notes.

The intent of section 5 of this act: The two-thirds requirement for raising taxes has been on the books since 1993 and the people find that this policy has provided the legislature with a much stronger incentive to use existing revenues more cost-effectively rather than reflexively raising taxes. The people want this policy continued and want it to be clear that tax increases inside and outside the general fund are subject to the two-thirds threshold. If the legislature cannot receive a two-thirds vote in the house of representatives and senate to raise taxes, the Constitution provides the legislature with the option of referring the tax increase to the voters for their approval or rejection at an election using a referendum bill. The people expect the legislature to respect, follow, and abide by the law, on the books for thirteen years, to not raise taxes in excess of the state expenditure limit without two-thirds legislative approval and a vote of the people. Intent of RCW 43.135.035(5): When it comes to enactment of tax increases exceeding the state expenditure limit, the legislature has, in recent years, shifted money between funds to get around the voter approval requirement for tax increases above the state expenditure limit as occurred in 2005 with sections 1607 and 1701 of Engrossed Substitute Senate Bill No. 6090. RCW 43.135.035(5) is intended to clarify the law so that the effective taxpayer protection of requiring voter approval for tax increases exceeding the state expenditure limit is not circumvented.

The intent of sections 6 through 13 of this act: Our state Constitution guarantees to the people the right of referendum. In recent years, however, the legislature has thwarted the people's constitutional right to referendum by excessive use of the emergency clause. In 2005, for example, the legislature approved five hundred twenty-three bills and declared ninety-eight of them, nearly twenty percent, "emergencies," insulating them all from the constitution's guaranteed right to referendum. The courts' reviews of emergency clauses have resulted in inconsistent decisions regarding the legality of them in individual cases. The people find that, if they are not allowed to vote on a tax increase, good public policy demands that at least the legislature should be aware of the voters' view of individual tax increases. An advisory vote of the people at least gives the legislature the views of the voters and gives the voters information about the bill increasing taxes and provides the voters with legislators' names and contact information and how they voted on the bill. The people have a right to know what is happening in Olympia. Intent of section 6(1) of this act: If the legislature blocks a citizen referendum through the use of an emergency clause or a citizen referendum on the tax increase is not certified for the next general election ballot, then an advisory vote on the tax increase is required. Intent of section 6(4) of this act: If there's a binding vote on the ballot, there's no need for a nonbinding vote.

The intent of section 14 of this act: The people want to return the authority to impose or increase fees from unelected officials at state agencies to the duly elected representatives of the legislature or to the people. The people

find that fee increases should be debated openly and transparently and up-or-down votes taken by our elected representatives so the people are given the opportunity to hold them accountable at the next election." [2008 c 1 § 1 (Initiative Measure No. 960, approved November 6, 2007).]

43.135.034 Tax legislation—Two-thirds approval—Taxes on intangible property. (1)(a) Any action or combination of actions by the legislature that raises taxes may be taken only if approved by a two-thirds vote in both the house of representatives and the senate. Pursuant to the referendum power set forth in Article II, section 1(b) of the state Constitution, tax increases may be referred to the voters for their approval or rejection at an election.

(b) For the purposes of this chapter, "raises taxes" means any action or combination of actions by the state legislature that increases state tax revenue deposited in any fund, budget, or account, regardless of whether the revenues are deposited into the general fund.

(2) The state or any political subdivision of the state may not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993. [2020 c 218 § 4; 2015 3rd sp.s. c 44 § 421; 2013 c 1 § 2 (Initiative Measure No. 1185, approved November 6, 2012); 2011 c 1 § 2 (Initiative Measure No. 1053, approved November 2, 2010).]

Reviser's note: As to the constitutionality of the supermajority requirement in subsection (1) of this section, see *League of Educ. Voters v. State*, 176 Wn.2d 808, 295 P.3d 743 (2013).

Effective date—2015 3rd sp.s. c 44: See note following RCW 46.68.395.

Intent—2013 c 1 (Initiative Measure No. 1185): "This initiative should deter the governor and the legislature from sidestepping, suspending, or repealing any of Initiative 1053's policies which voters approved by a huge margin in 2010. The people insist that tax increases receive either two-thirds legislative approval or voter approval and fee increases receive a simple majority vote. These important policies ensure that taxpayers will be protected and that taking more of the people's money will always be an absolute last resort." [2013 c 1 § 1 (Initiative Measure No. 1185, approved November 6, 2012).]

Construction—2013 c 1 (Initiative Measure No. 1185): "The provisions of this act are to be liberally construed to effectuate the intent, policies, and purposes of this act." [2013 c 1 § 7 (Initiative Measure No. 1185, approved November 6, 2012).]

Contingent effective date—2011 c 1 §§ 2 and 3 (Initiative Measure No. 1053): "Sections 2 and 3 of this act take effect if, during the 2010 legislative session, the legislature amends or repeals RCW 43.135.035." [2011 c 1 § 9 (Initiative Measure No. 1053, approved November 2, 2010).]

Intent—2011 c 1 (Initiative Measure No. 1053): "This initiative should deter the governor and the legislature from sidestepping, suspending, or repealing any of Initiative 960's policies in the 2010 legislative session. But regardless of legislative action taken during the 2010 legislative session concerning Initiative 960's policies, the people intend, by the passage of this initiative, to require either two-thirds legislative approval or voter approval for tax increases and majority legislative approval for fee increases. These important policies ensure that taking more of the people's money will always be an absolute last resort." [2011 c 1 § 1 (Initiative Measure No. 1053, approved November 2, 2010).]

Construction—2011 c 1 (Initiative Measure No. 1053): "The provisions of this act are to be liberally construed to effectuate the intent, policies, and purposes of this act." [2011 c 1 § 6 (Initiative Measure No. 1053, approved November 2, 2010).]

43.135.041 Tax legislation—Advisory vote—Duties of the attorney general and secretary of state—Exemption. (1)(a) After July 1, 2011, if legislative action raising taxes as defined by RCW 43.135.034 is blocked from a public vote or is not referred to the people by a referendum petition found to be sufficient under RCW 29A.72.250, a measure for an advisory vote of the people is required and shall be placed on the next general election ballot under this chapter.

(b) If legislative action raising taxes enacted after July 1, 2011, involves more than one revenue source, each tax being increased shall be subject to a separate measure for an advisory vote of the people under the requirements of this chapter.

(2) No later than the first of August, the attorney general will send written notice to the secretary of state of any tax increase that is subject to an advisory vote of the people, under the provisions and exceptions provided by this chapter. Within five days of receiving such written notice from the attorney general, the secretary of state will assign a serial number for a measure for an advisory vote of the people and transmit one copy of the measure bearing its serial number to the attorney general as required by RCW 29A.72.040, for any tax increase identified by the attorney general as needing an advisory vote of the people for that year's general election ballot. Saturdays, Sundays, and legal holidays are not counted in calculating the time limits in this subsection.

(3) For the purposes of this section, "blocked from a public vote" includes adding an emergency clause to a bill increasing taxes, bonding or contractually obligating taxes, or otherwise preventing a referendum on a bill increasing taxes.

(4) If legislative action raising taxes is referred to the people by the legislature or is included in an initiative to the people found to be sufficient under RCW 29A.72.250, then the tax increase is exempt from an advisory vote of the people under this chapter. Reviser's note: The Washington state supreme court ruled in *Lee v. State*, 185 Wn.2d 608, 374 P.3d 157 (2016) that Initiative Measure No. 1366 (chapter 1, Laws of 2016) is in violation of the single-subject rule of Article II, section 19 of the state Constitution and is therefore void in its entirety. This section is published without the amendment contained in Initiative Measure No. 1366.

Findings—1997 c 303: "The legislature finds that Initiative Measure No. 601, adopted by the people of the state of Washington, limits fee increases by requiring that any increases in fees beyond the levels expressly allowed under the initiative receive the prior approval of the legislature. The legislature finds that a more direct system of allowing the people to control fee increases predates Initiative Measure No. 601. This system developed in agricultural communities and provides these communities with direct control of the fees of the agricultural commodity commissions they created to serve them. The system requires those who pay the assessments levied by commodity commissions and boards to approve of assessment increases by referendum. It is at the heart of the statutes and marketing orders and agreements under which agricultural commodity commissions and boards are created. The legislature does not believe that the adoption of Initiative Measure No. 601 was intended to dilute in any manner this more direct control held by the people governed by commodity commissions or boards over the fees they pay in the form of such assessments. Therefore, the legislature defers to this more direct control of these assessments so long as the authority to approve or disapprove of increases in these assessments is by referendum held directly by those who pay them." 43.135.060 Prohibition of new or extended programs without full reimbursement—Transfer of programs—Determination of costs. (1) After July 1, 1995, the legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any political subdivision of the state unless the subdivision is fully reimbursed by the state for the costs of the new programs or increases in service levels. Reimbursement by the state may be made by: (a) A specific appropriation; or (b) increases in state distributions of revenue to political subdivisions occurring after January 1, 1998.

(2) If by order of any court, or legislative enactment, the costs of a federal or local government program are transferred to or from the state, the otherwise applicable state expenditure limit shall be increased or decreased, as the case may be, by the dollar amount of the costs of the program.

(3) The legislature, in consultation with the office of financial management or its successor agency, shall determine the costs of any new programs or increased levels of service under existing programs imposed on any political subdivision or transferred to or from the state.

43.136.011 Findings—Intent. The legislature recognizes that tax preferences are enacted to meet objectives which are determined to be in the public interest. However, some tax preferences may not be efficient or equitable tools for the achievement of current public policy objectives. Given the changing nature of the economy and tax structures of other states, the legislature finds that periodic performance audits of tax preferences are needed to determine if their continued existence will serve the public interest. The legislature further finds that tax preferences that are enacted for economic development purposes must demonstrate growth in full-time family-wage jobs with health and retirement benefits. Given that an opportunity cost exists with each economic choice, it is the intent of the legislature that the overall impact of economic development-focused tax preferences benefit the state's economy. [2011 c 335 § 1; 2006 c 197 § 1.]

43.136.021 "Tax preference" defined. As used in this chapter, "tax preference" means an exemption, exclusion, or deduction from the base of a state tax; a credit against a state tax; a deferral of a state tax; or a preferential state tax rate. [2006 c 197 § 2.]

43.136.035 Citizen commission for performance measurement of tax preferences. (1) The citizen commission for performance measurement of tax preferences is created.

(2) The commission has seven members as follows:

(a) One member is the state auditor, who is a nonvoting member;

(b) One member is the chair of the joint legislative audit and review committee, who is a nonvoting member;

(c) The chair of each of the two largest caucuses of the senate and the two largest caucuses of the house of representatives shall each appoint a member. None of these appointments may be members of the legislature; and

(d) The governor shall select the seventh member.

(3) Persons appointed by the caucus chairs should be individuals who represent a balance of perspectives and con-

stituencies, and have a basic understanding of state tax policy, government operations, and public services. These appointees should have knowledge and expertise in performance management, fiscal analysis, strategic planning, economic development, performance assessments, or closely related fields.

(4) The commission shall elect a chair from among its voting or nonvoting members. Decisions of the commission must be made using the sufficient consensus model. For the purposes of this subsection, "sufficient consensus" means the point at which the vast majority of the commission favors taking a particular action. If the commission determines that sufficient consensus cannot be reached, a vote must be taken. The commission must allow a minority report to be included with a decision of the commission, if requested by a member of the commission.

(5) Members serve for terms of four years, with the terms expiring on June 30th on the fourth year of the term. However, in the case of the initial terms, the members appointed by the chairs of senate caucuses shall serve four-year terms, the members appointed by the chairs of house of representatives caucuses shall serve three-year terms, and the member appointed by the governor shall serve a two-year term, with each of the terms expiring on June 30th of the applicable year. Appointees may be reappointed to serve more than one term.

(6) The joint legislative audit and review committee shall provide clerical, technical, and management personnel to the commission to serve as the commission's staff. The department of revenue shall provide necessary support and information to the joint legislative audit and review committee.

(7) The commission shall meet at least once a quarter and may hold additional meetings at the call of the chair or by a majority vote of the members of the commission. The members of the commission shall be compensated in accordance with RCW 43.03.220 and reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060. [2006 c 197 § 3.]

43.136.045 Schedule for review of tax preferences—Expedited review—Citizen input. (1) The citizen commission for performance measurement of tax preferences must develop a schedule to accomplish an orderly review of tax preferences at least once every ten years. In determining the schedule, the commission must consider the order the tax preferences were enacted into law, in addition to other factors including but not limited to grouping preferences for review by type of industry, economic sector, or policy area. The commission may elect to include, anywhere in the schedule, a tax preference that has a statutory expiration date. The commission must omit from the schedule tax preferences that are required by constitutional law, sales and use tax exemptions for machinery and equipment for manufacturing, research and development, or testing, the small business credit for the business and occupation tax, sales and use tax exemptions for food and prescription drugs, property tax relief for retired persons, and property tax valuations based on current use, and may omit any tax preference that the commission determines is a critical part of the structure of the tax system. As an alternative to the process under RCW 43.136.055, the commission may recommend to the joint legislative audit and

(2021 Ed.)

review committee an expedited review process for any tax preference.

(2) The commission must revise the schedule as needed each year, taking into account newly enacted or terminated tax preferences. The commission must deliver the schedule to the joint legislative audit and review committee by September 1st of each year.

(3) The commission must provide a process for effective citizen input during its deliberations. [2011 c 335 § 2; 2006 c 197 § 4.]

43.136.055 Review of tax preferences by joint legislative audit and review committee—Recommendations. (1)

The joint legislative audit and review committee must review tax preferences according to the schedule developed under RCW 43.136.045. The committee must consider, but not be limited to, the following factors in the review as relevant to each particular tax preference:

(a) The classes of individuals, types of organizations, or types of industries whose state tax liabilities are directly affected by the tax preference;

(b) Public policy objectives that might provide a justification for the tax preference, including but not limited to the legislative history, any legislative intent, or the extent to which the tax preference encourages business growth or relocation into this state, promotes growth or retention of high wage jobs, or helps stabilize communities;

(c) Evidence that the existence of the tax preference has contributed to the achievement of any of the public policy objectives;

(d) The extent to which continuation of the tax preference might contribute to any of the public policy objectives;

(e) The extent to which the tax preference may provide unintended benefits to an individual, organization, or industry other than those the legislature intended;

(f) The extent to which terminating the tax preference may have negative effects on the category of taxpayers that currently benefit from the tax preference, and the extent to which resulting higher taxes may have negative effects on employment and the economy;

(g) The feasibility of modifying the tax preference to provide for adjustment or recapture of the tax benefits of the tax preference if the objectives are not fulfilled;

(h) Fiscal impacts of the tax preference, including past impacts and expected future impacts if it is continued. For the purposes of this subsection, "fiscal impact" includes an analysis of the general effects of the tax preference on the overall state economy, including, but not limited to, the effects of the tax preference on the consumption and expenditures of persons and businesses within the state;

(i) The extent to which termination of the tax preference would affect the distribution of liability for payment of state taxes;

(j) The economic impact of the tax preference compared to the economic impact of government activities funded by the tax for which the tax preference is taken at the same level of expenditure as the tax preference. For purposes of this subsection the economic impact shall be determined using the Washington input-output model as published by the office of financial management;

(k) Consideration of similar tax preferences adopted in other states, and potential public policy benefits that might be gained by incorporating corresponding provisions in Washington.

(2) For each tax preference, the committee must provide a recommendation as to whether the tax preference should be continued without modification, modified, scheduled for sunset review at a future date, or terminated immediately. The committee may recommend accountability standards for the future review of a tax preference. [2011 c 335 § 3; 2006 c 197 § 5.]

43.136.057 Review of hog fuel tax exemption by joint legislative audit and review committee. (*Expires June 30, 2024.*) (1) The intent of the tax exemption provided in RCW 82.08.956 and 82.12.956 is to promote the retention of relatively high wage jobs in the counties where facilities who purchase and use hog fuel are located. Specifically, in a time when there is increasing pressure to close industrial facilities like mills and relocate this economic activity out of state or overseas, rural areas of the state are at risk of losing critical jobs that directly, or indirectly, support entire communities. The legislature, in enacting the hog fuel tax exemption, hopes to retain seventy five percent of the jobs at each facility in the state at which the exemption is claimed, between now and June 30, 2024.

(2) The joint legislative audit and review committee must review the performance through July 1, 2018, of the tax preferences established in RCW 82.08.956 and 82.12.956, and prepare a report to the legislature by October 31, 2019.

(3) The department of revenue must provide the committee with annual survey information and any other tax data necessary to conduct the review required in subsection (2) of this section. The employment security department and other agencies, as requested, must cooperate with the committee by providing information about the average wage of employment in the county where each facility owned or operated by a company claiming the exemption is located. The report is not limited to, but must include, the following information:

(a) Identification of the baseline number of jobs existing as of January 1, 2013, in facilities where the preference has been claimed, as well as related wage and benefit information;

(b) Identification of how the number of jobs at these facilities has changed during the duration of the credit;

(c) Analysis of how the wages provided to employees at affected facilities compare to the average wages in the county in which the facility is located;

(d) Analysis of how the benefits, including medical and other health care benefits, provided to employees at affected facilities compare to the average wages in the county in which the facility is located; and

(e) Whether and to what extent the goal has been achieved, of retaining seventy-five percent of employment at the facilities at which the exemption has been claimed.

(4) This section expires June 30, 2024. [2013 2nd sp.s. c 13 § 1005.]

Intent—Effective date—2013 2nd sp.s. c 13: See notes following RCW 82.08.956.

43.136.065 Reports to the citizen commission—Reports to the legislature—Public hearings. (1) The joint legislative audit and review committee shall report its findings and recommendations for scheduled tax preferences to the citizen commission for performance measurement of tax preferences by August 30th of each year. The commission may review and comment on the report of the committee. The committee may revise its report based on the comments of the commission. The committee shall prepare a final report that includes the comments of the commission and submit the final report to the finance committee of the house of representatives and the ways and means committee of the senate by December 30th.

(2) The joint legislative audit and review committee shall submit a special report reviewing all tax preferences that have statutory expiration dates between June 30, 2005, and January 1, 2007. For the special report, the committee shall complete a review under RCW 43.136.055, and obtain comments of the citizen commission for performance measurement of tax preferences under subsection (1) of this section, to the extent possible. The committee shall submit the special report to the finance committee of the house of representatives and the ways and means committee of the senate by January 12, 2006.

(3) Following receipt of a report under this section, the finance committee of the house of representatives and the ways and means committee of the senate shall jointly hold a public hearing to consider the final report and any related data. [2006 c 197 § 6.]

43.136.075 Information from the department of revenue and the employment security department. Upon request of the citizen commission for performance measurement of tax preferences or the joint legislative audit and review committee, the department of revenue and the department of employment security shall provide information needed by the commission or committee to meet its responsibilities under this chapter. [2006 c 197 § 7.]

43.136.080 Tax preference performance statements—Task force created. (1) The legislative auditor, with the assistance of a task force, must make recommendations on the appropriate data and metrics that should be included in tax preference performance statements to evaluate new tax preferences, as provided under RCW 82.32.808.

(2)(a) The task force is comprised of five members: (i) One person from the department of revenue; (ii) one person from an association representing Washington businesses; (iii) one person from the office of financial management; (iv) the legislative auditor or a designee of the legislative auditor; and (v) an economist with substantial experience in state taxes.

(b) The task force must choose its chair from among its membership.

(3) By January 1, 2014, and in compliance with RCW 43.01.036, the legislative auditor must submit a report to the appropriate fiscal committees of the legislature the findings and recommendations of the task force. [2013 2nd sp.s. c 13 § 1703.]

Effective date—2013 2nd sp.s. c 13: See note following RCW 82.04.43393.

43.136.090 Economic impact report. By December 1, 2020, and in compliance with RCW 43.01.036, the joint legislative audit and review committee must provide an economic impact report to the legislature evaluating the impacts of changes made in chapter 207, Laws of 2014 regarding the leasehold tax and property tax treatment of property owned by a federally recognized Indian tribe. The economic impact report must indicate: The number of parcels and uses of land involved; the economic impacts to tribal governments; state and local government revenue reductions, increases, and shifts from all tax sources affected; impacts on public infrastructure and public services; impacts on business investment and business competition; a description of the types of business activities affected; impacts on the number of jobs created or lost; and any other data the joint legislative audit and review committee deems necessary in determining the economic impacts of chapter 207, Laws of 2014. [2014 c 207 § 11.]

Application—2014 c 207: See note following RCW 84.36.010.

Oil or gas exploration in marine waters: RCW 90.58.550.

Transport of petroleum products or hazardous substances: Chapter 88.40 RCW.

43.143.005 Legislative findings. (1) Washington's coastal waters, seabed, and shorelines are among the most valuable and fragile of its natural resources.

(2) Ocean and marine-based industries and activities, such as fishing, aquaculture, tourism, and marine transportation have played a major role in the history of the state and will continue to be important in the future.

(3) Washington's coastal waters, seabed, and shorelines are faced with conflicting use demands. Some uses may pose unacceptable environmental or social risks at certain times.

(4) The state of Washington has primary jurisdiction over the management of coastal and ocean natural resources within three miles of its coastline. From three miles seaward to the boundary of the two hundred mile exclusive economic zone, the United States federal government has primary jurisdiction. Since protection, conservation, and development of the natural resources in the exclusive economic zone directly affect Washington's economy and environment, the state has an inherent interest in how these resources are managed. [1997 c 152 § 1; 1989 1st ex.s. c 2 § 8.]

43.143.010 Legislative policy and intent—Moratorium on leases for oil and gas exploration, development, or production—Appeals from regulation of recreational uses—Participation in federal ocean and marine resource

(2021 Ed.)

decisions. (1) The purpose of this chapter is to articulate policies and establish guidelines for the exercise of state and local management authority over Washington's coastal waters, seabed, and shorelines.

(2) There shall be no leasing of Washington's tidal or submerged lands extending from mean high tide seaward three miles along the Washington coast from Cape Flattery south to Cape Disappointment, nor in Grays Harbor, Willapa Bay, and the Columbia river downstream from the Longview bridge, for purposes of oil or gas exploration, development, or production.

(3) When conflicts arise among uses and activities, priority shall be given to resource uses and activities that will not adversely impact renewable resources over uses which are likely to have an adverse impact on renewable resources.

(4) It is the policy of the state of Washington to actively encourage the conservation of liquid fossil fuels, and to explore available methods of encouraging such conservation.

(5) It is not currently the intent of the legislature to include recreational uses or currently existing commercial uses involving fishing or other renewable marine or ocean resources within the uses and activities which must meet the planning and review criteria set forth in RCW 43.143.030. It is not the intent of the legislature, however, to permanently exclude these uses from the requirements of RCW 43.143.030. If information becomes available which indicates that such uses should reasonably be covered by the requirements of RCW 43.143.030, the permitting government or agency may require compliance with those requirements, and appeals of that decision shall be handled through the established appeals procedure for that permit or approval.

(6) The state shall participate in federal ocean and marine resource decisions to the fullest extent possible to ensure that the decisions are consistent with the state's policy concerning the use of those resources. [1997 c 152 § 2; 1995 c 339 § 1; 1989 1st ex.s. c 2 § 9.]

43.143.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Coastal counties" means Clallam, Jefferson, Grays Harbor, and Pacific counties.

(2) "Coastal waters" means the waters of the Pacific Ocean seaward from Cape Flattery south to Cape Disappointment, from mean high tide seaward two hundred miles. [1989 1st ex.s. c 2 § 10.]

43.143.030 Planning and project review criteria. (1) When the state of Washington and local governments develop plans for the management, conservation, use, or development of natural resources in Washington's coastal waters, the policies in RCW 43.143.010 shall guide the decision-making process.

(2) Uses or activities that require federal, state, or local government permits or other approvals and that will adversely impact renewable resources, marine life, fishing, aquaculture, recreation, navigation, air or water quality, or other existing ocean or coastal uses, may be permitted only if the criteria below are met or exceeded:

(a) There is a demonstrated significant local, state, or national need for the proposed use or activity;

(b) There is no reasonable alternative to meet the public need for the proposed use or activity;

(c) There will be no likely long-term significant adverse impacts to coastal or marine resources or uses;

(d) All reasonable steps are taken to avoid and minimize adverse environmental impacts, with special protection provided for the marine life and resources of the Columbia river, Willapa Bay and Grays Harbor estuaries, and Olympic national park;

(e) All reasonable steps are taken to avoid and minimize adverse social and economic impacts, including impacts on aquaculture, recreation, tourism, navigation, air quality, and recreational, commercial, and tribal fishing;

(f) Compensation is provided to mitigate adverse impacts to coastal resources or uses;

(g) Plans and sufficient performance bonding are provided to ensure that the site will be rehabilitated after the use or activity is completed; and

(h) The use or activity complies with all applicable local, state, and federal laws and regulations. [1989 1st ex.s. c 2 § 11.]

43.143.050 Washington coastal marine advisory council. (1) The Washington coastal marine advisory council is established in the executive office of the governor to fulfill the duties outlined in RCW 43.143.060.

(2)(a) Voting members of the Washington coastal marine advisory council shall be appointed by the governor or the governor's designee. The council consists of the following voting members:

(i) The governor or the governor's designee;

(ii) The director or commissioner, or the director's or commissioner's designee, of the following agencies:

(F) Washington sea grant;

(iii) The following members of the Washington coastal marine advisory council established by the department of ecology and as existing on January 15, 2013:

(G) One person representing coastal recreation;

(H) One person representing coastal recreational fishing;

(I) One person representing coastal shellfish aquaculture;

(J) One representative from the coastal shipping industry;

(K) One representative from a science organization;

(L) One representative from the coastal Washington sustainable salmon partnership;

(b) The Washington coastal marine advisory council shall adopt bylaws and operating procedures that may be modified from time to time by the council.

(3) The Washington coastal marine advisory council may invite state, tribal, local governments, federal agencies, scientific experts, and others with responsibility for the study and management of coastal and ocean resources or regulation of coastal and ocean activities to designate a liaison to the council to attend council meetings, respond to council requests for technical and policy information, perform collaborative research, and review any draft materials prepared by the council. The council may also invite representatives from other coastal states or Canadian provinces to participate, when appropriate, as nonvoting members.

(4) The chair of the Washington coastal marine advisory council must be nominated and elected by a majority of councilmembers. The term of the chair is one year, and the position is eligible for reelection. The agenda for each meeting must be developed as a collaborative process by councilmembers.

(5) The term of office of each member appointed by the governor is four years. Members are eligible for reappointment.

(6) The Washington coastal marine advisory council shall utilize a consensus approach to decision making. The council may put a decision to a vote among councilmembers, in the event that consensus cannot be reached. The council must include in its bylaws guidelines describing how consensus works and when a lack of consensus among councilmembers will trigger a vote.

(7) Consistent with available resources, the Washington coastal marine advisory council may hire a neutral convener to assist in the performance of the council's duties, including but not limited to the dissemination of information to all parties, facilitating selected tasks as requested by the councilmembers, and facilitation of setting meeting agendas.

(8) The department of ecology shall provide administrative and primary staff support for the Washington coastal marine advisory council.

(9) The Washington coastal marine advisory council must meet at least twice each year or as needed.

(10) A majority of the members of the Washington coastal marine advisory council constitutes a quorum for the transaction of business. [2013 c 318 § 1.]

43.143.060 Washington coastal marine advisory council—Duties. (1) The duties of the Washington coastal marine advisory council established in RCW 43.143.050 are to:

(a) Serve as a forum for communication concerning coastal waters issues, including issues related to: Resource management; shellfish aquaculture; marine and coastal hazards; ocean energy; open ocean aquaculture; coastal waters research; education; and other coastal marine-related issues.

43.143.901 Short title. Sections 8 through 12 of this act shall constitute a new chapter in Title 43 RCW and may be known and cited as the ocean resources management act. [1989 1st ex.s. c 2 § 19.]

(2021 Ed.)

THE PACIFIC NORTHWEST ECONOMIC REGION

ARTICLE I—Policy and Purpose

States and provinces participating in the Pacific Northwest Economic Region shall seek to develop and establish policies that: Promote greater regional collaboration among the seven entities; enhance the overall competitiveness of the region in international and domestic markets; increase the economic well-being of all citizens in the region; and improve the quality of life of the citizens of the Pacific Northwest.

States and provinces recognize that there are many public policy areas in which cooperation and joint efforts would be mutually beneficial. These areas include, but are not limited to: International trade; economic development; human resources; the environment and natural resources; energy; and education. Parties to this agreement shall work diligently to establish collaborative activity in these and other appropriate policy areas where such cooperation is deemed worthwhile and of benefit to the participating entities. Participating states and provinces also agree that there are areas in which cooperation may not be feasible.

The substantive actions of the Pacific Northwest Economic Region may take the form of uniform legislation enacted by two or more states and/or provinces or policy initiatives endorsed as appropriate by participating entities. It shall not be necessary for all states and provinces to participate in each initiative.

ARTICLE II—Eligible Parties and Effective Date

Each of the following states and provinces is eligible to become a party to this agreement: Alaska, Alberta, British Columbia, Idaho, Montana, Oregon, and Washington. This agreement establishing the Pacific Northwest Economic Region shall become effective when it is executed by one state, one province, and one additional state and/or province in a form deemed appropriate by each entity. This agreement shall continue in force and remain binding upon each state and province until renounced by it. Renunciation of this agreement must be preceded by sending one year's notice in writing of intention to withdraw from the agreement to the other parties to the agreement.

ARTICLE III—Organizational Structure

Each state and province participating in this agreement shall appoint representatives to the Pacific Northwest Economic Region. The organizational structure of the Pacific Northwest Economic Region shall consist of the following: A delegate council consisting of four legislators and the governor or governor's designee from each participating state and four representatives and the premier or the premier's designee from each participating province and an executive committee consisting of one legislator from each participating state and/or province who is a member of the delegate council and four of the seven governors/premiers or their designees who are members of the delegate council. The legislator members of the executive committee from each state or province shall be chosen by the legislator members of that state or province. The four governor or premier members of the executive committee shall be chosen by the governors and premiers from

[Title 43 RCW—page 647]

among the governors and premiers on the delegate council. At least one of four members representing the governors and premiers on the executive committee must be the premier of a Canadian province. Policy committees may be established to carry out further duties and responsibilities of the Pacific Northwest Economic Region.

ARTICLE IV—Duties and Responsibilities

The delegate council shall have the following duties and responsibilities: Facilitate the involvement of other government officials in the development and implementation of specific collaborative initiatives; work with policy-making committees in the development and implementation of specific initiatives; approve general organizational policies developed by the executive committee; provide final approval of the annual budget and staffing structure for the Pacific Northwest Economic Region developed by the executive committee; and other duties and responsibilities as may be established in the rules and regulations of the Pacific Northwest Economic Region. The executive committee shall perform the following duties and responsibilities: Elect the president and vice president of the Pacific Northwest Economic Region; approve and implement general organizational policies; develop the annual budget; devise the annual action plan; act as liaison with other public and private sector entities; review the availability of, and if appropriate apply for, (1) tax exempt status under the laws and regulations of the United States or any state or subdivision thereof and (2) similar status under the laws and regulations of Canada or any province or subdivision thereof, and approve such rules, regulations, organizational policies, and staffing structure for the Pacific Northwest Economic Region and take such further actions on behalf of the Pacific Northwest Economic Region as may be deemed by the executive committee to be necessary or appropriate to qualify for and maintain such tax exempt or similar status under the applicable laws or regulations; and other duties and responsibilities established in the rules and regulations of the Pacific Northwest Economic Region. The rules and regulations of the Pacific Northwest Economic Region shall establish the procedure for voting.

ARTICLE V—Membership of Policy Committees

Policy committees dealing with specific subject matter may be established by the executive committee.

Each participating state and province shall appoint legislators and governors or premiers to sit on these committees in accordance with its own rules and regulations concerning such appointments.

ARTICLE VI—General Provisions

This agreement shall not be construed to limit the powers of any state or province or to amend or repeal or prevent the enactment of any legislation. [1993 c 108 § 1; 1991 c 251 § 2.]

43.147.020 Finding. The legislature finds that there is a new emerging global economy in which countries and regions located in specific areas of the world are forging new cooperative arrangements.

The legislature finds that these new cooperative arrangements are increasing the competitiveness of the participating countries and regions, thus increasing the economic benefits and the overall quality of life for the citizens of the individual countries and regions.

The legislature also finds that the Pacific Northwest states of Alaska, Idaho, Montana, Oregon, and Washington and the Canadian provinces of Alberta and British Columbia are in a strategic position to act together, as a region, thus increasing the overall competitiveness of the individual states and provinces that will provide substantial economic benefits for all of their citizens. [1991 c 251 § 1.]

43.147.030 Cooperative activities encouraged. It is the intent of chapter 251, Laws of 1991 to direct and encourage the establishment of cooperative activities between the seven legislative bodies of the region. The state representatives to the Pacific Northwest Economic Region shall work through appropriate channels to advance consideration of proposals developed by this body. [1991 c 251 § 3.]

43.147.040 Interlibrary sharing—Finding. In chapter 251, Laws of 1991, the legislature enacted into law the Pacific Northwest economic region agreement and made the state of Washington a party along with member states Alaska, Idaho, Montana, and Oregon, and member Canadian provinces Alberta and British Columbia. The legislature recognized that the member states and provinces of the Pacific Northwest economic region are in a strategic position to act together, as a region, thus increasing the overall competitiveness of the members and providing substantial economic benefits for all of their citizens.

For those reasons, in chapter 251, Laws of 1991, the legislature also encouraged the establishment of cooperative activities between the seven legislative bodies of the Pacific Northwest economic region. The member states and provinces now desire to engage in such cooperation by electronically sharing twenty-two million volumes from certain of their respective universities. The member states and provinces have determined that such interlibrary sharing will provide substantial economic benefit for their citizens. The legislature agrees, specifically also finding that such interlibrary sharing furthers a major component of education strategy in the 1990's and twenty-first century, namely providing increased access to knowledge via technology. [1993 c 485 § 1.]

43.147.050 Interlibrary sharing—Definition—Member libraries. Unless the context clearly requires otherwise, as used in RCW 43.147.040 through 43.147.080 "PNWER-Net" means the technology network to be created by the member states and provinces of the Pacific Northwest economic region that will be capable of electronically linking the following undergraduate university libraries of the member states and provinces:

43.150.010 Legislative findings. (1) The legislature finds that:

(a) Large numbers of Washington's citizens are actively engaged in carrying forward the ethic of service and voluntary activities that benefit their citizens, their communities, and the entire state;

(b) This contribution continues to provide the equivalent of hundreds of millions of dollars in services that might otherwise create a need for additional tax collections;

(c) Many Washington citizens have yet to become fully involved in the life of their communities; many societal needs exist that could and should be met by new citizen service initiatives;

(d) The state of Washington needs to continue to encourage and expand the ethic of civic responsibility among its citizenry, through individuals working on their own, and through local and statewide organizations, both governmental and private and nonprofit agencies;

(e) This ethic of citizen service benefits those who serve and those who receive services; in both cases there is the betterment of all Washington communities;

(f) Public and private agencies depend in large measure on the efforts of volunteers for the accomplishment of their missions and actively seek to increase these efforts;

(g) State agencies can and should extend their service delivery programs through the increased use of and support for volunteers;

(h) The national and community service act of 1990 provides an opportunity for Washington to support citizen service and volunteer activities in Washington;

(i) Business, industry, communities, schools, and labor in Washington state are increasingly interested in opportunities for community service and in developing the volunteer and service ethic;

(j) While providing both tangible and intangible benefits, volunteers in turn need respect and support for their efforts;

(k) The state itself, through the programs and services of its agencies as well as through the provisions of law and rule making, can and should provide a primary role and focus for encouraging the ethic of citizen service and support for volunteer efforts and programs;

(l) Planned and coordinated recognition, information, training, and technical assistance for volunteer and citizen service efforts through a statewide center for voluntary action have been proven to be effective means of multiplying the resources volunteers bring to the needs of their communities; and

(m) It is important that Washington state position itself to raise volunteerism to the highest attainable levels, and along with the private sector, become a voice in the role citizen service will take in providing solutions to societal needs.

(2) Therefore, the legislature, in recognition of these findings, enacts the center for volunteerism and citizen service act to ensure that the state of Washington actively promotes the ethic of service and makes every appropriate effort

to encourage effective involvement of individuals in their communities and of volunteers who supplement the services of private, nonprofit community agencies and organizations, agencies of local government throughout the state, and the state government. [1992 c 66 § 1; 1982 1st ex.s. c 11 § 1.]

43.155.010 Legislative findings and policy. The legislature finds that there exists in the state of Washington over four billion dollars worth of critical projects for the planning, acquisition, construction, repair, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, and storm and sanitary sewage systems. The December, 1983 Washington state public works report prepared by the planning and community affairs agency documented that local governments expect to be capable of financing over two billion dollars worth of the costs of those critical projects but will not be able to fund nearly half of the documented needs.

The legislature further finds that Washington's local governments have unmet financial needs for solid waste disposal, including recycling, and encourages the board to make an equitable geographic distribution of the funds.

It is the policy of the state of Washington to encourage self-reliance by local governments in meeting their public works needs and to assist in the financing of critical public works projects by making loans, grants, financing guarantees, and technical assistance available to local governments for these projects. [2017 3rd sp.s. c 10 § 1; 1996 c 168 § 1; 1985 c 446 § 7.]

Finding—2005 c 425: "The legislature has and continues to recognize the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, *43.155.070(4)(g), 43.163.005, and 43.168.010. The legislature finds that current economic development programs and funding, which are primarily low-interest loan

programs, can be enhanced by creating a grant program to assist with public infrastructure projects that directly stimulate community and economic development by supporting the creation of new jobs or the retention of existing jobs." [2005 c 425 § 1.]

43.155.060 Public works financing powers—Establishment of interest rates—Competitive bids on projects.

(1) In order to aid the financing of public works projects, the board may:

(a) Make loans or grants to local governments from the public works assistance account or other funds and accounts for the purpose of assisting local governments in financing public works projects. Money received from local governments in repayment of loans made under this section shall be paid into the public works assistance account for uses consistent with this chapter.

(b) Pledge money in the public works assistance account, or money to be received by the public works assistance account, to the repayment of all or a portion of the principal of or interest on obligations issued by local governments to finance public works projects. The board shall not pledge any amount greater than the sum of money in the public works assistance account plus money to be received from the payment of the debt service on loans made from that account, nor shall the board pledge the faith and credit or the taxing power of the state or any agency or subdivision thereof to the repayment of obligations issued by any local government.

(c) Create such subaccounts in the public works assistance account as the board deems necessary to carry out the purposes of this chapter.

(d) Provide a method for the allocation of loans, grants, and financing guarantees and the provision of technical assistance under this chapter.

(2) When establishing interest rates for loan programs authorized in this chapter for projects which are supported by a rate base of at least fifty thousand equivalent residential units, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle.

(a) For projects with a repayment period between five and twenty years, the rate must be fifty percent of the market rate.

(b) For projects with a repayment period under five years, the rate must be twenty-five percent of the market rate.

(c) For any year in which the average daily market interest rate for tax-exempt municipal bonds for the period from sixty to thirty days before the start of an application cycle is nine percent or greater, the board may cap interest rates at four percent for projects with a repayment period between five and twenty years and at two percent for projects with a repayment period under five years.

(d) The board may also provide reduced interest rates, extended repayment periods, or grants for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship. The board may provide reduced interest rates, extended repayment periods, or grants for projects that are supported by a

(2021 Ed.)

rate base of less than fifty thousand equivalent residential units.

(3) All local public works projects aided in whole or in part under the provisions of this chapter shall be put out for competitive bids, except for emergency public works under RCW 43.155.065 for which the recipient jurisdiction shall comply with this requirement to the extent feasible and practicable. The competitive bids called for shall be administered in the same manner as all other public works projects put out for competitive bidding by the local governmental entity aided under this chapter. [2017 3rd sp.s. c 10 § 6; 1988 c 93 § 2; 1985 c 446 § 11.]

43.155.065 Emergency public works projects. The board may make low-interest or interest-free loans or grants to local governments for emergency public works projects. Emergency public works projects shall include the construction, repair, reconstruction, replacement, rehabilitation, or improvement of a public water system that is in violation of health and safety standards and is being operated by a local government on a temporary basis. The loans or grants may be used to help fund all or part of an emergency public works project less any reimbursement from any of the following sources: (1) Federal disaster or emergency funds, including funds from the federal emergency management agency; (2) state disaster or emergency funds; (3) insurance settlements; or (4) litigation. [2017 3rd sp.s. c 10 § 7; 2001 c 131 § 3; 1990 c 133 § 7; 1988 c 93 § 1.]

Findings—Severability—1990 c 133: See notes following RCW 36.94.140.

43.155.068 Loans or grants for preconstruction activities.

(1) The board may make loans or grants to local governments for preconstruction activities on public works projects before the legislature approves the construction phase of the project. Preconstruction activities include design, engineering, bid-document preparation, environmental studies, right-of-way acquisition, value planning, and other preliminary phases of public works projects as determined by the board. The purpose of the loans and grants authorized in this section is to accelerate the completion of public works projects by allowing preconstruction activities to be performed before the appropriation for the construction phase of the project by the legislature.

(2) Projects receiving loans or grants for preconstruction activities under this section must be evaluated using the priority process and factors in RCW 43.155.070. The receipt of a loan or grant for preconstruction activities does not ensure the receipt of a construction loan or grant for the project under this chapter. Construction loans or grants for projects receiving a loan or grant for preconstruction activities under this section are subject to legislative appropriation under RCW 43.155.070(7). The board shall adopt a single application process for local governments seeking both a loan or grant for preconstruction activities under this section and a construction loan for the project. [2017 3rd sp.s. c 10 § 8; 2001 c 131 § 4; 1995 c 363 § 2.]

Finding—Purpose—1995 c 363: "The legislature finds that there continues to exist a great need for capital projects to plan, acquire, design, construct, and repair local government streets, roads, bridges, water systems, and storm and sanitary sewage systems. It is the purpose of this act to accel-

erate the construction of these projects under the public works assistance program." [1995 c 363 § 1.]

43.155.070 Eligibility, priority, limitations, and exceptions—Report. (1) To qualify for financial assistance under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4)(a) The board must develop a process to prioritize applications and funding of loans and grants for public works projects submitted by local governments. The board must consider, at a minimum and in any order, the following factors in prioritizing projects:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages other funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality, as applicable;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family-wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services and transportation; and

(G) Reduction of the overall cost of public infrastructure;

(xi) Whether the applicant sought or is seeking funding for the project from other sources; and

(xii) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before September 1, 2018, and each year thereafter, the board must develop and submit a report regarding the construction loans and grants to the office of financial management and appropriate fiscal committees of the senate and house of representatives. The report must include:

(i) The total number of applications and amount of funding requested for public works projects;

(ii) A list and description of projects approved in the preceding fiscal year with project scores against the board's prioritization criteria;

(iii) The total amount of loan and grants disbursements made from the public works assistance account in the preceding fiscal year;

(iv) The total amount of loan repayments in the preceding fiscal year for outstanding loans from the public works assistance account;

(v) The total amount of loan repayments due for outstanding loans for each fiscal year over the following ten-year period; and

(vi) The total amount of funds obligated and timing of when the funds were obligated in the preceding fiscal year.

(c) The maximum amount of funding that the board may provide for any jurisdiction is ten million dollars per biennium.

(5) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(6) Before September 1st of each year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans and grants made under RCW 43.155.065 and 43.155.068.

(7) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds to the board for the purpose of funding public works projects under this chapter.

(8) To qualify for loans, grants, or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70A.205 RCW.

(9) After January 1, 2010, any project designed to address the effects of stormwater or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(10) For projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is reasonably obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan or grant.

(11) The board must implement policies and procedures designed to maximize local government consideration of other funds to finance local infrastructure. Findings—Recommendations—Reports encouraged—2007 c 231:

"(1) The legislature finds that permit programs have been legislatively established to protect the health, welfare, economy, and environment of Washington's citizens and to provide a fair, competitive opportunity for business innovation and consumer confidence. The legislature also finds that uncertainty in government processes to permit an activity by a citizen of Washington state is undesirable and erodes confidence in government. The legislature further finds that in the case of projects that would further economic development in the state, information about the permitting process is critical for an applicant's planning and financial assessment of the proposed project. The legislature also finds that applicants have a responsibility to provide complete and accurate information.

(2) The legislature recommends that applicants be provided with the following information when applying for a development permit from a city, county, or state agency:

(a) The minimum and maximum time an agency will need to make a decision on a permit, including public comment requirements;

(b) The minimum amount of information required for an agency to make a decision on a permit;

(c) When an agency considers an application complete for processing;

(d) The minimum and maximum costs in agency fees that will be incurred by the permit applicant; and

(e) The reasons for a denial of a permit in writing.

(3) In providing this information to applicants, an agency should base estimates on the best information available about the permitting program and prior applications for similar permits, as well as on the information provided

(2021 Ed.)

by the applicant. New information provided by the applicant subsequent to the agency estimates may change the information provided by an agency per subsection (2) of this section. Project modifications by an applicant may result in more time, more information, or higher fees being required for permit processing.

(4) This section does not create an independent cause of action, affect any existing cause of action, or establish time limits for purposes of RCW 64.40.020.

(5) City, county, and state agencies issuing development permits are encouraged to track the progress in providing the information to applicants per subsection (2) of this section by preparing an annual report of its performance for the preceding fiscal year. The report should be posted on its web site [and] made available and provided to the appropriate standing committees of the senate and house of representatives." [2007 c 231 § 1.]

43.155.075 Loans and grants for public works projects—Statement of environmental benefits—Sustainable asset management best practices—Development of outcome-focused performance measures. In providing loans and grants for public works projects, the board shall require recipients to incorporate the environmental benefits of the project into their applications, and the board shall utilize the statement of environmental benefits in its prioritization and selection process, when applicable. For projects funded under this chapter, the board may require a local government to have sustainable asset management best practices in place; provide a long-term financial plan to demonstrate a sound maintenance program; have a long-term financial plan for loan repayments in place; and undergo value planning at the predesign project stage, where the greatest productivity gains and cost savings can be found. The board shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the loan and grant program. To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. The board shall consult with affected interest groups in implementing this section. [2017 3rd sp.s. c 10 § 10; 2001 c 227 § 10.]

43.155.110 Puget Sound partners. In developing a priority process for public works projects under RCW 43.155.070, the board shall give preferences only to Puget Sound partners, as defined in RCW 90.71.010, over other entities that are eligible to be included in the definition of Puget Sound partner. Entities that are not eligible to be a Puget Sound partner due to geographic location, composi-

tion, exclusion from the scope of the action agenda developed by the Puget Sound partnership under RCW 90.71.310, or for any other reason, shall not be given less preferential treatment than Puget Sound partners. [2007 c 341 § 25.]

43.155.120 Administering funds—Preference to an evergreen community. When administering funds under this chapter, the board shall give preference only to an evergreen community recognized under RCW 76.15.090 in comparison to other entities that are eligible to receive evergreen community designation. Entities not eligible for designation as an evergreen community shall not be given less preferential treatment than an evergreen community. [2021 c 209 § 17; 2008 c 299 § 30.]

43.155.130 Intent—Local infrastructure assistance—Plan. (1) The legislature intends to modernize state programs that provide financial and technical assistance related to local infrastructure by: (a) Clarifying the policy objectives and priorities for state assistance for local infrastructure; (b) eliminating redundancy among the various state programs; (c) increasing the speed of delivering state assistance and the ability to respond to emerging needs; (d) maximizing the acquisition and use of federal funding sources; (e) ensuring transparency in state and federal assistance; (f) improving access to the lowest cost private market financing; and (g) ensuring accountability and the periodic review of progress.

(2) By November 1, 2011, the public works board must prepare and submit to the appropriate committees of the legislature an implementation plan for creating a reformed state system for providing local infrastructure assistance. In developing the plan, the board must consult with state agencies that provide infrastructure funding and technical assistance including, but not limited to, the departments of commerce, health, and ecology. The board must also work in cooperation with local governments or entities that benefit from infrastructure funding and technical assistance.

(3) The board, state agencies, and local partners must consider, among other things, consolidation of state appropriations to support policy-focused investments including water quality, safe drinking water, stormwater, economic development, access to private financing, solid waste and recycling, and flood levees. In addition, they must consider consolidating assistance packages, streamlining application processes, and clarify the respective responsibilities of state and local agencies in planning for, developing[,] and maintaining local public infrastructure.

(4) The implementation plan must include draft legislation and the organizational and budgetary changes necessary to implement the new system in time for the 2013-2015 budget cycle. [2011 1st sp.s. c 48 § 7028.]

Effective date—2011 1st sp.s. c 48: See note following RCW 39.35B.050.

43.155.140 Projects in areas impacted by the closure or potential closure of large coal-fired electric generation facilities. The board shall solicit qualifying projects to plan,

design, and construct public works projects needed to attract new industrial and commercial activities in areas impacted by the closure or potential closure of large coal-fired electric generation facilities, which for the purposes of this section means a facility that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The projects should be consistent with any applicable plans for major industrial activity on lands formerly used or designated for surface coal mining and supporting uses under RCW 36.70A.368. When the board receives timely and eligible project applications from a political subdivision of the state for financial assistance for such projects, the board from available funds shall give priority consideration to such projects. [2011 c 180 § 302.]

Findings—Purpose—2011 c 180: See note following RCW 80.80.010.

43.155.150 Interagency, multijurisdictional system improvement team. (*Expires June 30, 2025.*) (1) An interagency, multijurisdictional system improvement team must identify, implement, and report on system improvements that achieve the designated outcomes, including:

(a) Projects that maximize value, minimize overall costs and disturbance to the community, and ensure long-term durability and resilience;

(b) Projects that are designed to meet the unique needs of each community, rather than the needs of particular funding programs;

(c) Project designs that maximize long-term value by fully considering and responding to anticipated long-term environmental, technological, economic and population changes;

(d) The flexibility to innovate, including utilizing natural systems, addressing multiple regulatory drivers, and forming regional partnerships;

(e) The ability to plan and collaborate across programs and jurisdictions so that different investments are packaged to be complementary, timely, and responsive to economic and community opportunities;

(f) The needed capacity for communities, appropriate to their unique financial, planning, and management capacities, so they can design, finance, and build projects that best meet their long-term needs and minimize costs;

(g) Optimal use and leveraging of federal and private infrastructure dollars; and

(h) Mechanisms to ensure periodic, systemwide review and ongoing achievement of the designated outcomes.

(2) The system improvement team must consist of representatives of state infrastructure programs that provide funding for drinking water, wastewater, stormwater, and broadband programs, including but not limited to representatives from the public works board, department of ecology, department of health, and the department of commerce. The system improvement team may invite representatives of other infrastructure programs, such as transportation, energy, and broadband, as needed in order to achieve efficiency, minimize costs, and maximize value across infrastructure programs. The system improvement team shall also consist of representatives of users of those programs, representatives of infrastructure project builders, and other parties the system improvement team determines would contribute to achieving the desired outcomes, including but not limited to representa-

tives from a state association of cities, a state association of counties, a state association of public utility districts, a state association of water and sewer districts, a state association of general contractors, and a state organization representing building trades. The public works board, a representative from the department of ecology, department of health, and department of commerce shall facilitate the work of the system improvement team.

(3) The system improvement team must focus on achieving the designated outcomes within existing program structures and authorities. The system improvement team shall use lean practices to achieve the designated outcomes.

(4) The system improvement team shall provide briefings as requested to the public works board on the current state of infrastructure programs to build an understanding of the infrastructure investment program landscape and the interplay of its component parts.

(5) If the system improvement team encounters statutory or regulatory barriers to system improvements, the system improvement team must inform the public works board and consult on possible solutions. When achieving the designated outcomes would be best served through changes in program structures or authorities, the system improvement team must report those findings to the public works board.

(6) By September 1, 2022, in compliance with RCW 43.01.036, the system improvement team must submit a report to the appropriate committees of the legislature that includes the following:

(a) A list of all projects funded by members of the system improvement team;

(b) A description of the coordination the system improvement team has completed with other grant programs and funds leveraged; and

(c) A description of regional planning that has occurred.

(7) This section expires June 30, 2025. [2021 c 332 § 7033; 2021 c 190 § 1. Prior: 2017 3rd sp.s. c 10 § 11.]

(2)(a) Grants and loans may be awarded under this section to assist in funding acquisition, installation, and construction of middle mile and last mile infrastructure that supports broadband services and to assist in funding strategic planning for deploying broadband service in unserved areas.

(b) The board may choose to fund all or part of an application for funding, provided that the application meets the requirements of subsection (9) of this section.

(3) Eligible applicants for grants and loans awarded under this section include:

(a) Local governments;

(b) Tribes;

(c) Nonprofit organizations;

(d) Cooperative associations;

(f) Limited liability corporations organized for the purpose of expanding broadband access; and

(g) Incorporated businesses or partnerships.

(4)(a) The board shall develop administrative procedures governing the application and award process. The board shall act as fiscal agent for the program and is responsible for receiving and reviewing applications and awarding funds under this section.

(b) At least sixty days prior to the first day applications may be submitted each fiscal year, the board must publish on its website the specific criteria and any quantitative weighting scheme or scoring system that the board will use to evaluate or rank applications and award funding.

(c) The board may maintain separate accounting in the statewide broadband account created in RCW 43.155.165 as the board deems necessary to carry out the purposes of this section.

(d) The board must provide a method for the allocation of loans, grants, provision of technical assistance, and interest rates under this section.

(5) An applicant for a grant or loan under this section must provide the following information on the application:

(a) The location of the project;

(b) Evidence regarding the unserved nature of the community in which the project is to be located;

(c) Evidence that proposed infrastructure will be capable of scaling to greater download and upload speeds;

(d) The number of households passed that will gain access to broadband service as a result of the project or whose broadband service will be upgraded as a result of the project;

(e) The estimated cost of retail services to end users facilitated by a project;

(f) The proposed actual download and upload speeds experienced by end users;

(g) Evidence of significant community institutions that will benefit from the proposed project;

(h) Anticipated economic, educational, health care, or public safety benefits created by the project;

(i) Evidence of community support for the project;

(j) If available, a description of the applicant's user adoption assistance program and efforts to promote the use of newly available broadband services created by the project;

(k) The estimated total cost of the project;

(l) Other sources of funding for the project that will supplement any grant or loan award;

(m) A demonstration of the project's long-term sustainability, including the applicant's financial soundness, organizational capacity, and technical expertise;

(n) A strategic plan to maintain long-term operation of the infrastructure;

(o) Evidence that no later than six weeks before submission of the application, the applicant contacted, in writing, all entities providing broadband service near the proposed project area to ask each broadband service provider's plan to upgrade broadband service in the project area to speeds that meet or exceed the state's definition for broadband service as defined in RCW 43.330.530, within the time frame specified in the proposed grant or loan activities;

(p) If applicable, the broadband service providers' written responses to the inquiry made under (o) of this subsection; and

(q) Any additional information requested by the board.

(6)(a) Within thirty days of the close of the grant and loan application process, the board shall publish on its website the proposed geographic broadband service area and the proposed broadband speeds for each application submitted.

(b) Any existing broadband service provider near the proposed project area may, within thirty days of publication of the information under (a) of this subsection, submit in writing to the board an objection to an application. An objection must contain information demonstrating that:

(i) The project would result in overbuild, meaning that the objecting provider currently provides, or has begun construction to provide, broadband service to end users in the proposed project area at speeds equal to or greater than the state speed goals contained in RCW 43.330.536; or

(ii) The objecting provider commits to complete construction of broadband infrastructure and provide broadband service to end users in the proposed project area at speeds equal to or greater than the state speed goals contained in RCW 43.330.536, no later than twenty-four months after the date awards are made under this section for the grant and loan cycle under which the application was submitted.

(c) Objections submitted to the board under this subsection must be certified by affidavit.

(d) The board may evaluate the information submitted under this section by the objecting provider and must consider it in making a determination on the application objected to. The board may request clarification or additional information. The board may choose to not fund a project if the board determines that the objecting provider's commitment to provide broadband service that meets the requirements of (b) of this subsection in the proposed project area is credible. In assessing the commitment, the board may consider whether the objecting provider has or will provide a bond, letter of credit, or other indicia of financial commitment guaranteeing the project's completion.

(e) If the board denies funding to an applicant as a result of a broadband service provider's objection made under this section, and the broadband service provider does not fulfill its commitment to provide broadband service in the project area, then for the following two grant and loan cycles, the board is prohibited from denying funding to an applicant on the basis of a challenge by the same broadband service provider, unless the board determines that the broadband service provider's failure to fulfill the provider's commitment was the result of factors beyond the broadband service provider's control. The board is not prohibited from denying funding to an applicant for reasons other than an objection by the same broadband service provider.

(f) An applicant or broadband service provider that objected to the application may request a debriefing conference regarding the board's decision on the application. Requests for debriefing must be coordinated by the office and must be submitted in writing in accordance with procedures specified by the office.

(g) Confidential business and financial information submitted by an objecting provider under this subsection is exempt from disclosure under chapter 42.56 RCW.

(7)(a) In evaluating applications and awarding funds, the board shall give priority to applications that are constructed in areas identified as unserved.

(b) In evaluating applications and awarding funds, the board may give priority to applications that:

(i) Provide assistance to public-private partnerships deploying broadband infrastructure from areas currently served with broadband service to areas currently lacking access to broadband services;

(ii) Demonstrate project readiness to proceed;

(iii) Construct infrastructure that is open access, meaning that during the useful life of the infrastructure, service providers may use network services and facilities at rates, terms, and conditions that are not discriminatory or preferential between providers, and employing accountable interconnection arrangements published and available publicly;

(iv) Are submitted by tribal governments whose reservations are in rural and remote areas where reliable and efficient broadband services are unavailable to many or most residents;

(v) Bring broadband service to tribal lands, particularly to rural and remote tribal lands or areas servicing rural and remote tribal entities;

(xii) Provide evidence of strong support for the project from citizens, government, businesses, and community institutions;

(xiii) Provide access to broadband service to a greater number of unserved households and businesses, including farms;

(xiv) Utilize equipment and technology demonstrating greater longevity of service;

(xvii) Consider leveraging existing broadband infrastructure and other unique solutions;

(xviii) Benefit public safety and fire preparedness; or

(xix) Demonstrate other priorities as the board, in collaboration with the office, may prescribe by rule.

(c) The board shall endeavor to award funds under this section to qualified applicants in all regions of the state.

(d) The board shall consider affordability and quality of service to end users in making a determination on any application.

(e) The board, in collaboration with the office, may develop additional rules for eligibility, project applications, the associated objection process, and funding priority, as provided under this subsection and subsections (3), (5), and (6) of this section.

(f) The board, in collaboration with the office, may adopt rules for a voluntary nonbinding mediation between incumbent providers and applicants to the grant and loan program created in this section.

(8) To ensure a grant or loan to a private entity under this section primarily serves the public interest and benefits the public, any such grant or loan must be conditioned on a guarantee that the asset or infrastructure to be developed will be maintained for public use for a period of at least fifteen years.

(9)(a) No funds awarded under this section may fund more than fifty percent of the total cost of the project, except as provided in (b) of this subsection.

(b) The board may choose to fund up to ninety percent of the total cost of a project in financially distressed areas as the term "distressed area" is defined in RCW 43.168.020, and in areas identified as Indian country as the term "Indian country" is defined in WAC 458-20-192.

(c) Funds awarded to a single project under this section must not exceed two million dollars, except that the board may choose to fund projects qualifying for the exception in (b) of this subsection up to, but not to exceed, five million dollars.

(10) Except for during the 2021-2023 fiscal biennium, prior to awarding funds under this section, the board must consult with the Washington utilities and transportation commission. The commission must provide to the board an assessment of the technical feasibility of a proposed application. The board must consider the commission's assessment as part of its evaluation of a proposed application.

(11) The board shall have such rights of recovery in the event of default in payment or other breach of financing agreement as may be provided in the agreement or otherwise by law.

(12) The community economic revitalization board shall facilitate the timely transmission of information and documents from its broadband program to the board in order to effectuate an orderly transition.

(13) The definitions in RCW 43.330.530 apply throughout this section unless the context clearly requires otherwise. [2021 c 332 § 7040; 2019 c 365 § 7.]

43.155.165 Statewide broadband account. (1) The statewide broadband account is created in the state treasury. Moneys received from appropriations by the legislature, the proceeds of bond sales when authorized by the legislature, repayment of loans, or any other lawful source must be deposited into the account for uses consistent with this section. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may be used only:

(a) For grant and loan awards made under RCW 43.155.160, including costs incurred by the board to administer RCW 43.155.160;

(b) To contract for data acquisition, a statewide broadband demand assessment, or gap analysis;

(c) To supplement revenues raised by bonds sold by local governments for broadband infrastructure development; or

(d) To provide for state match requirements under federal law.

(3) The board must maintain separate accounting for any federal funds in the account.

(4) The definitions in RCW 43.330.530 apply throughout this section unless the context clearly requires otherwise. [2019 c 365 § 8.]

43.157.005 Declaration. The legislature declares that certain investments, such as investments for industrial development, environmental improvement, and innovation activities, merit special designation and treatment by governmental bodies when they are proposed. Such investments bolster the economies of their locale and impact the economy of the state as a whole. It is the intention of the legislature to recognize projects of statewide significance and to encourage local governments and state agencies to expedite their completion. (i) The project must be completed after January 1, 2009;

(ii) The applicant must submit an application to the department for designation as a project of statewide significance to the department of commerce; and

(iii) Except for an aviation biofuels production facility, the project must have:

(A) In counties with a population less than or equal to twenty thousand, a capital investment of five million dollars;

(B) In counties with a population greater than twenty thousand but no more than fifty thousand, a capital investment of ten million dollars;

(C) In counties with a population greater than fifty thousand but no more than one hundred thousand, a capital investment of fifteen million dollars;

(J) Been qualified by the director of the department as a project of statewide significance either because:

(I) The economic circumstances of the county merit the additional assistance such designation will bring;

(II) The impact on a region due to the size and complexity of the project merits such designation;

(III) The project resulted from or is in furtherance of innovation activities at a public research institution in the state or is in or resulted from innovation activities within an innovation partnership zone; or

(IV) The project will provide a net environmental benefit as evidenced by plans for design and construction under green building standards or for the creation of renewable energy technology or components or under other environmental criteria established by the director in consultation with the director of the department of ecology.

A project may be qualified under this subsection (5)(b)(iii)(J) only after consultation on the availability of staff resources of the office of regulatory assistance.

(6) "Research and development" shall have the meaning assigned it in RCW 82.62.010. [2020 c 46 § 2; 2017 c 288 § 2. Prior: 2012 c 63 § 2; prior: 2009 c 565 § 34; 2009 c 421 § 2; 2004 c 275 § 63; 2003 c 54 § 1; 1997 c 369 § 2.]

Findings—2020 c 46: "(1) The legislature finds that Washington is a national leader in the transition to one hundred percent clean electricity, resulting in substantial reductions in the emissions of greenhouse gases. In 2012, the legislature authorized certain water rights to be used to enable a pumped storage project, codified as RCW 54.16.410. As more variable renewable energy facilities come online to facilitate the transition to our clean energy future, additional renewable energy storage facilities may be used in place of greenhouse gas emitting generation to integrate variable renewable energy. Expediting beneficial use of those authorized water rights for a pumped storage project will enable investment of more than one billion dollars in, and provide economic development to, a rural county, and facilitate construction and operation of additional renewable energy throughout the state and the west.

(2) The legislature further finds that certain studies indicate a resource adequacy shortfall on the region's electric grid by 2025 and it is in the interest of the state to expedite pump storage projects that will address this shortfall." [2020 c 46 § 1.]

Finding—2017 c 288: "The legislature finds that Washington is one of our nation's trade leaders, serving as a gateway to both international and interstate trade for the west. Clark county's population has grown by thirty percent over the past fifteen years. Recent southwest Washington regional transportation council data found a greater than fifty percent year-over-year increase in peak-hour vehicle and truck delays on the Interstate 5 corridor through Vancouver. Southwest Washington must find a path forward to establishing a unified plan for infrastructure investments that will serve as the basis for progress for the next one hundred years. The safety and economic well-being of our residents cannot wait. Legislators representing southwest Washington have set out some guiding principles that will enable a planning process to begin to select a new Interstate 5 bridge project that will serve as the foundation of an initial investment in the bridges that link Washington with Oregon, supporting critical trade routes, alleviating congestion, and improving safety." [2017 c 288 § 1.]

Findings—Intent—2014 c 174; 2012 c 63: "The legislature finds that Washington is becoming a leader in the development and commercialization of aviation biofuels due to its strong tradition of market innovation, a concentrated demand for sustainable aviation fuels, leading expertise and research capacity, an established aviation manufacturing sector, and the availability of a diverse range of feedstocks for the production of biofuels. The legislature also finds that the development of aviation biofuels has the potential to reduce dependence on foreign sources of fossil fuels, reduce greenhouse gas emissions, and promote economic development and jobs in Washington. The legislature intends to support the development of commercial-scale aviation biofuels production facilities in Washington by facilitating and streamlining the permitting process for new facilities and the expansion of existing facilities and by providing access to low-cost financing through the issuance of revenue bonds.

The legislature finds that the 2012 Washington state energy strategy calls for a targeted, strategic policy focus on sustainable aviation biofuels to encourage the realization of Washington's potential. The legislature also finds that a regional stakeholder effort to explore the opportunities and challenges surrounding the production of sustainable aviation fuels, known as sustainable aviation biofuels northwest, urged policymakers in the Northwest to develop supportive public policies that will jump start the industry, attract investment, and accelerate industry growth. In order to provide focus and develop policy recommendations to support the sustainable aviation biofuels sector in Washington, the legislature intends to establish a sustainable aviation biofuels work group." [2014 c 174 § 6; 2012 c 63 § 1.]

43.157.020 Expediting completion of projects of statewide significance—Requirements of agreements.

Counties and cities with development projects designated as projects of statewide significance within their jurisdictions shall enter into an agreement with the office of regulatory assistance and the project managers of projects of statewide significance for expediting the completion of projects of statewide significance. The agreement shall require:

- (1) Expedited permit processing for the design and construction of the project;
- (2) Expedited environmental review processing;
- (3) Expedited processing of requests for street, right-of-way, or easement vacations necessary for the construction of the project;
- (4) Participation of local officials on the team assembled under the requirements of RCW 43.157.030(3)(b);

43.157.030 Application for designation—Project facilitator or coordinator. (1) The department of commerce shall:

(a) Develop an application for designation of development projects as projects of statewide significance. The application must be accompanied by a letter of approval from the legislative authority of any jurisdiction that will have the proposed project of statewide significance within its boundaries. No designation of a project as a project of statewide significance shall be made without such letter of approval. The letter of approval must state that the jurisdiction joins in the request for the designation of the project as one of statewide significance and has or will hire the professional staff that will be required to expedite the processes necessary to the completion of a project of statewide significance. The development project proponents may provide the funding necessary for the jurisdiction to hire the professional staff that will be required to so expedite. The application shall contain information regarding the location of the project, the applicant's average employment in the state for the prior year, estimated new employment related to the project, estimated wages of employees related to the project, estimated time schedules for completion and operation, and other information required by the department; and

(b) Designate a development project as a project of statewide significance if the department determines:

(i) After review of the application under criteria adopted by rule, the development project will provide significant economic benefit to the local or state economy, or both, the project is aligned with the state's comprehensive plan for economic development under *RCW 43.162.020, and, by its designation, the project will not prevent equal consideration of all categories of proposals under RCW 43.157.010; and

(ii) The development project meets or will meet the requirements of RCW 43.157.010 regarding designation as a project of statewide significance.

(2) Any project designated by the legislature and codified in this chapter is not subject to the application requirements set out in subsection (1) of this section.

(3) The office of regulatory assistance shall assign a project facilitator or coordinator to each project of statewide significance to:

(a) Assist in the scoping and coordinating functions provided for in chapter 43.42 RCW;

(2021 Ed.)

(b) Assemble a team of state and local government and private officials to help meet the planning, permitting, and development needs of each project, which team shall include those responsible for planning, permitting and licensing, infrastructure development, workforce development services including higher education, transportation services, and the provision of utilities; and

(c) Work with each team member to expedite their actions in furtherance of the project. [2017 c 288 § 3; 2009 c 421 § 4; 2003 c 54 § 3; 1997 c 369 § 4.]

*Reviser's note: RCW 43.162.020 was repealed by 2014 c 112 § 123.

Finding—2017 c 288: See note following RCW 43.157.010.

Public records: Chapter 42.56 RCW.

43.160.010 Findings. (1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

(c) Encouraging wider access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment;

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment; and

(g) Enhancing job and business growth through facility development and other improvements in innovation partnership zones designated under RCW 43.330.270.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways, county roads, or city streets for industries considering locating or expanding in this state.

(3) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(4) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in the state.

(5) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

(6) The legislature finds that sharing economic growth statewide is important to the welfare of the state. The ability of communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predevelopment, and infrastructure are critical ingredients for economic development. It is, therefore, the intent of the legislature to increase the amount of funding available through the community economic revitalization board and to authorize flexibility for available resources in these areas to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification. [2012 c 225 § 2; 2008 c 327 § 1. Prior: 1999 c 164 § 101; 1999 c 94 § 5; 1996 c 51 § 1; 1991 c 314 § 21; 1989 c 431 § 61; 1987 c 422 § 1; 1984 c 257 § 1; 1982 1st ex.s. c 40 § 1.]

Findings—Intent—1999 c 164: "The legislature finds that while Washington's economy is currently prospering, economic growth continues to be uneven, particularly as between metropolitan and rural areas. This has created in effect two Washingtons. One afflicted by inadequate infrastructure to support and attract investment, another suffering from congestion and soaring housing prices. In order to address these problems, the legislature

intends to use resources strategically to build on our state's strengths while addressing threats to our prosperity." [1999 c 164 § 1.]

Findings—Intent—Part headings and subheadings not law—Effective date—Severability—1999 c 164: See notes following RCW 43.160.010.

Findings—1991 c 314: "The legislature finds that:

(1) Cutbacks in allowable sales of old growth timber in Washington state pose a substantial threat to the region and the state with massive layoffs, loss of personal income, and declines in state revenues;

(2) The timber impact areas are of critical significance to the state because of their leading role in the overall economic well-being of the state and their importance to the quality of life to all residents of Washington, and that these regions require a special state effort to diversify the local economy;

(3) There are key opportunities to broaden the economic base in the timber impact areas including agriculture, high-technology, tourism, and regional exports; and

(4) A coordinated state, local, and private sector effort offers the greatest potential to promote economic diversification and to provide support for new projects within the region.

The legislature further finds that if a special state effort does not take place the decline in allowable timber sales may result in a loss of six thousand logging and milling jobs; two hundred million dollars in direct wages and benefits; twelve thousand indirect jobs; and three hundred million dollars in indirect wages and benefits.

It is the intent of the legislature to develop comprehensive programs to provide diversified economic development and promote job creation and

employment opportunities for the citizens of the timber impact areas." [1991 c 314 § 1.]

43.160.060 Loans and grants to political subdivisions and federally recognized Indian tribes for public facilities authorized—Application—Requirements for financial assistance. (1) The board is authorized to make direct loans to political subdivisions of the state and to federally recognized Indian tribes for the purposes of assisting the political subdivisions and federally recognized Indian tribes in financing the cost of public facilities, including development of land and improvements for public facilities, project-specific environmental, capital facilities, land use, permitting, feasibility, and marketing studies and plans; project design, site planning, and analysis; project debt and revenue impact analysis; as well as the construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, no more than twenty-five percent of all financial assistance approved by the board in any biennium may consist of grants to political subdivisions and federally recognized Indian tribes.

(2) Application for funds must be made in the form and manner as the board may prescribe. In making grants or loans the board must conform to the following requirements:

(a) The board may not provide financial assistance:

(i) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(ii) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(iii) For a project the primary purpose of which is to facilitate or promote gambling.

(iv) For a project located outside the jurisdiction of the applicant political subdivision or federally recognized Indian tribe.

(b) The board may only provide financial assistance:

(i) For a project demonstrating convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board; and

(B) Will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities;

(ii) For a project that cannot meet the requirement of (b)(i) of this subsection but is a project that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Is part of a local economic development plan consistent with applicable state planning requirements;

(C) Can demonstrate project feasibility using standard economic principles; and

(D) Is located in a rural community as defined by the board, or a rural county;

(iii) For site-specific plans, studies, and analyses that address environmental impacts, capital facilities, land use, permitting, feasibility, marketing, project engineering, design, site planning, and project debt and revenue impacts, as grants not to exceed fifty thousand dollars.

(c) The board must develop guidelines for local participation and allowable match and activities.

(d) An application must demonstrate local match and local participation, in accordance with guidelines developed by the board.

(e) An application must be approved by the political subdivision and supported by the local associate development organization or local workforce development council or approved by the governing body of the federally recognized Indian tribe.

(f) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the project.

(g) An application must demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the county-wide median hourly wage.

(h) The board must prioritize each proposed project according to:

(i) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed, but also giving consideration to the unemployment rate in the area in which the jobs would be located;

(ii) The rate of return of the state's investment, including, but not limited to, the leveraging of private sector investment, anticipated job creation and retention, and expected increases in state and local tax revenues associated with the project;

(iii) Whether the proposed project offers a health insurance plan for employees that includes an option for dependents of employees;

(iv) Whether the public facility investment will increase existing capacity necessary to accommodate projected population and employment growth in a manner that supports infill and redevelopment of existing urban or industrial areas that are served by adequate public facilities. Projects should maximize the use of existing infrastructure and provide for adequate funding of necessary transportation improvements;

(v) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance; and

(vi) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007.

(i) A responsible official of the political subdivision or the federally recognized Indian tribe must be present during board deliberations and provide information that the board requests.

(3) Before any financial assistance application is approved, the political subdivision or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board. 43.163.005 Purpose—Construction. Economic development is essential to the health, safety, and welfare of all Washington citizens by broadening and strengthening state and local tax bases, providing meaningful employment opportunities and thereby enhancing the quality of life. Economic development increasingly is dependent upon the ability of small-sized and medium-sized businesses and farms to finance growth and trade activities. Many of these businesses face an unmet need for capital that limits their growth. These unmet capital needs are a problem in both urban and rural areas which cannot be solved by the private sector alone. There presently exist some federal programs, private credit enhancements and other financial tools to complement the private banking industry in providing this needed capital. More research is needed to develop effective strategies to enhance access to capital and thereby stimulate economic development.

It is the purpose of this chapter to establish a state economic development finance authority to act as a financial conduit that, without using state funds or lending the credit of the state or local governments, can issue nonrecourse revenue bonds, and participate in federal, state, and local economic development programs to help facilitate access to needed capital by Washington businesses that cannot otherwise readily obtain needed capital on terms and rates comparable to large corporations, and can help local governments obtain capital more efficiently. It is also a primary purpose of this chapter to encourage the employment and retention of Washington workers at meaningful wages and to develop innovative approaches to the problem of unmet capital needs. This chapter is enacted to accomplish these and related purposes and shall be construed liberally to carry out its purposes and objectives. [1990 c 53 § 1; 1989 c 279 § 1.]

Findings—Purpose—1994 c 302: "The legislature finds that when public funds are used to support private enterprise, the public may gain through the creation of new jobs, the diversification of the economy, or higher quality jobs for existing workers. The legislature further finds that such returns on public investments are not automatic and that tax-based incentives, in particular, may result in a greater tax burden on businesses and individuals that are not eligible for the public support. It is the purpose of this

*chapter to collect information sufficient to allow the legislature and the executive branch to make informed decisions about the merits of existing tax-based incentives and loan programs intended to encourage economic development in the state." [1994 c 302 § 1.]

***Reviser's note:** 1994 c 302 § 2 was vetoed. 1994 c 302 § 3 is a codification direction and 1994 c 302 § 4 is an emergency clause. The code reviser's office chose not to create a new chapter for the only remaining section, section 1.

43.163.200 Construction. Insofar as the provisions of this chapter are inconsistent with the provisions of any general or special law, or parts thereof, the provisions of this chapter are controlling. [1989 c 279 § 21.]

43.163.210 Nonrecourse revenue bond financing—Economic development activities—New products. For the purpose of facilitating economic development in the state of Washington and encouraging the employment of Washington workers at meaningful wages:

(1) The authority may develop and conduct a program or programs to provide nonrecourse revenue bond financing for the project costs for economic development activities.

(2) The authority may develop and conduct a program that will stimulate and encourage the development of new products within Washington state by the infusion of financial aid for invention and innovation in situations in which the financial aid would not otherwise be reasonably available from commercial sources. The authority is authorized to provide nonrecourse revenue bond financing for this program.

(a) For the purposes of this program, the authority shall have the following powers and duties:

(i) To enter into financing agreements with eligible persons doing business in Washington state, upon terms and on conditions consistent with the purposes of this chapter, for the advancement of financial and other assistance to the persons for the development of specific products, procedures, and techniques, to be developed and produced in this state, and to condition the agreements upon contractual assurances that the benefits of increasing or maintaining employment and tax revenues shall remain in this state and accrue to it;

(ii) Own, possess, and take license in patents, copyrights, and proprietary processes and negotiate and enter into contracts and establish charges for the use of the patents, copyrights, and proprietary processes when the patents and

licenses for products result from assistance provided by the authority;

(iii) Negotiate royalty payments to the authority on patents and licenses for products arising as a result of assistance provided by the authority;

(iv) Negotiate and enter into other types of contracts with eligible persons that assure that public benefits will result from the provision of services by the authority; provided that the contracts are consistent with the state Constitution;

(v) Encourage and provide technical assistance to eligible persons in the process of developing new products;

(vi) Refer eligible persons to researchers or laboratories for the purpose of testing and evaluating new products, processes, or innovations; and

(vii) To the extent permitted under its contract with eligible persons, to consent to a termination, modification, forgiveness, or other change of a term of a contractual right, payment, royalty, contract, or agreement of any kind to which the authority is a party.

(b) Eligible persons seeking financial and other assistance under this program shall forward an application, together with an application fee prescribed by rule, to the authority. An investigation and report concerning the advisability of approving an application for assistance shall be completed by the staff of the authority. The investigation and report may include, but is not limited to, facts about the company under consideration as its history, wage standards, job opportunities, stability of employment, past and present financial condition and structure, pro forma income statements, present and future markets and prospects, integrity of management as well as the feasibility of the proposed product and invention to be granted financial aid, including the state of development of the product as well as the likelihood of its commercial feasibility. After receipt and consideration of the report set out in this subsection and after other action as is deemed appropriate, the application shall be approved or denied by the authority. The applicant shall be promptly notified of action by the authority. In making the decision as to approval or denial of an application, priority shall be given to those persons operating or planning to operate businesses of special importance to Washington's economy, including, but not limited to: (i) Existing resource-based industries of agriculture, forestry, and fisheries; (ii) existing advanced technology industries of electronics, computer and instrument manufacturing, computer software, and information and design; and (iii) emerging industries such as environmental technology, biotechnology, biomedical sciences, materials sciences, and optics.

(3) The authority may also develop and implement, if authorized by the legislature, such other economic development financing programs adopted in future general plans of economic development finance objectives developed under RCW 43.163.090. [2005 c 137 § 2; 2001 c 304 § 3; 1998 c 48 § 2; 1997 c 257 § 2; 1996 c 310 § 1; 1994 c 238 § 4.]

43.167.003 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community" means a group of people who reside or work in the geographic area established by the community preservation and development authority board or the proposal to create the authority and who currently or historically share a distinct cultural identity or local history.

(2) "Community preservation and development authority" or "authority" means a public body corporate and politic and instrumentality of the state of Washington created by members of an impacted community.

(3) "Constituency" means the general membership of the community preservation and development authority, which membership must be open to all persons eighteen years of age and over who are residents, property owners, employees, or business persons within the geographic boundaries established by the authority or the proposal to create the authority.

(4) "Impacted community" means a community that has been adversely impacted by the construction of, or ongoing operation of, multiple major public facilities, public works, and capital projects with significant public funding or by other land use decisions.

(5) "Major public facilities project, public works project, or capital project with significant public funding" means any capital project whose total cost exceeds ten million dollars. On July 1, 2019, and on July 1st of each odd-numbered year thereafter, the capital project cost threshold must be adjusted by the capital project cost adjustment factor for inflation established by the office of financial management. [2021 c 47 § 1; 2019 c 447 § 3.]

Findings—2019 c 447: See note following RCW 43.167.007.

43.167.007 Purpose. (1) Community preservation and development authorities are hereby created to restore or enhance the health, safety, and economic well-being of communities adversely impacted by the construction of, or ongoing operation of, multiple major public facilities, public works, and capital projects with significant public funding or by other land use decisions.

(2) Community preservation and development authorities must have one or more of the following purposes:

(a) To revitalize, enhance, and preserve the unique character of impacted communities;

(b) To mitigate the adverse effects of multiple major public facilities projects, public works projects, or capital projects with significant public funding, a secure community

transition facility as defined in RCW 71.09.020, or other land use decisions;

(c) To restore a local area's sense of community;

(d) To reduce the displacement of community members and businesses;

(e) To stimulate the community's economic vitality;

(f) To enhance public service provisions;

(g) To improve the standard of living of community members; or

(h) To preserve historic buildings or areas by returning them to economically productive uses that are compatible with or enhance their historic character. [2019 c 447 § 2.]

Findings—2019 c 447: "The legislature finds that:

(1) Both state and local land use actions, such as the siting of major public facilities, public works, and capital projects with significant public funding, and other land use decisions, generally aim to accrue broad benefits to the people of Washington and local communities.

(2) The local stakeholder community which bears the disproportionate costs of such a land use decision by absorbing the deleterious impacts of the decision are often overlooked or inadequately addressed. These impacts may include dislocation, displacement, and the overall disintegration of an identifiable existing community and its historical and cultural character.

(3) The preservation and restoration of the character of such a community, and the community's historical and cultural character, are important public policy goals that can be achieved through the creation of community preservation and development authorities." [2019 c 447 § 1.]

43.167.010 Formation—Board of directors. (1) The residents, property owners, employees, or business owners of an impacted community may propose formation of a community preservation and development authority. The proposal to form a community preservation and development authority must be presented in writing to the appropriate legislative committee in both the house of representatives and the senate. The proposal must contain proposed general geographic boundaries that will be used to define the community for the purposes of the authority. Proposals presented after January 1, 2020, must identify in its proposal one or more stable revenue sources that (a) have a nexus with the multiple publicly funded facilities or other land use decisions that have adversely impacted the community, and (b) can be used to support future operating or capital projects that will be identified in the strategic plan required under RCW 43.167.030.

(2) Formation of the community preservation and development authority is subject to legislative authorization by statute. The legislature must find that (a) the area within the proposal's geographic boundaries meets the definition of "impacted community" contained in RCW 43.167.003(4) and (b) those persons that have brought forth the proposal are members of the community as defined in RCW 43.167.003(1) and, if the authority were approved, would meet the definition of constituency contained in RCW 43.167.003(3). For proposals brought after January 1, 2020, the legislature must also find that the community has identified one or more stable revenue sources as required in subsection (1) of this section. The legislature may then act to authorize the establishment of the community preservation and development authority in law.

(3) The affairs of a community preservation and development authority shall be managed by a board of directors, consisting of the following members:

(a) Two members who own, operate, or represent businesses within the community;

- (b) Two members who reside in the community;
 - (c) Two members who are involved in providing non-profit community or social services within the community;
 - (d) Two members who are involved in the arts and entertainment within the community;
 - (e) Two members with knowledge of the community's culture and history;
 - (f) One member who is involved in a nonprofit or public planning organization that directly serves the impacted community; and
 - (g) Two representatives of the local legislative authority or authorities, as ex officio members.
- (4) No member of the board shall hold office for more than six years. Board positions shall be numbered one through nine [thirteen], and the terms staggered as follows:
- (a) Board members elected to positions one through five shall serve three-year terms, and if reelected, may serve no more than one additional three-year term.
 - (b) Board members initially elected to positions six through thirteen shall serve a two-year term, and if reelected, may serve no more than one additional three-year term.
 - (c) Board members elected to positions six through thirteen after the initially elected members shall serve three-year terms, and if reelected, may serve no more than one additional three-year term.
- (5) With respect to an authority's initial board of directors: The state legislative delegation and those proposing formation of the authority shall jointly establish a committee to select the members of the initial board of directors once the authority has received legislative approval as established in subsection (2) of this section. For the purpose of identifying those persons who meet the criteria in subsection (3)(a) through (e) of this section, community shall mean the proposed geographic boundaries as set out in the proposal.
- (6) With respect to subsequent elections of an authority's board of directors: A list of candidates shall be developed by the authority's existing board of directors and the election shall be held during the annual local town hall meeting as required in RCW 43.167.030. [2021 c 47 § 2; 2019 c 447 § 4; 2009 c 516 § 1; 2007 c 501 § 3.]

Findings—2019 c 447: See note following RCW 43.167.007.

43.167.020 Powers of authorities—Limitations. (1) A community preservation and development authority shall have the power to:

- (a) Accept gifts, grants, loans, or other aid from public or private entities;
- (b) Employ and appoint such agents, attorneys, officers, and employees as may be necessary to implement the purposes and duties of an authority;
- (c) Contract and enter into partnerships with individuals, associations, corporations, and local, state, and federal governments;
- (d) Buy, own, lease, and sell real and personal property;
- (e) Hold in trust, improve, and develop land;
- (f) Invest, deposit, and reinvest its funds;
- (g) Incur debt in furtherance of its mission; and
- (h) Lend its funds, property, credit, or services for corporate purposes.

(2021 Ed.)

(2) A community preservation and development authority has no power of eminent domain nor any power to levy taxes or special assessments.

(3) A community preservation and development authority that accepts public funds under subsection (1)(a) of this section:

- (a) Is subject in all respects to Article VIII, section 5 or 7, as appropriate, of the state Constitution, and to RCW 42.17A.550; and
- (b) May not use the funds to support or oppose a candidate, ballot proposition, political party, or political committee. [2011 c 60 § 40; 2009 c 516 § 2; 2007 c 501 § 4.]

Effective date—2011 c 60: See RCW 42.17A.919.

43.167.030 Duties of authorities. A community preservation and development authority shall have the duty to:

- (1) Establish specific geographic boundaries for the authority within its bylaws based on the general geographic boundaries established in the proposal submitted and approved by the legislature;
- (2) Solicit input from members of its community and develop a strategic preservation and development plan to restore and promote the health, safety, and economic well-being of the impacted community and to restore and preserve its cultural and historical identity;
- (3) Include within the strategic plan a prioritized list of projects identified and supported by the community, including capital or operating components;
- (4) Establish funding mechanisms to support projects and programs identified in the strategic plan including but not limited to grants and loans;
- (5) Use gifts, grants, loans, and other aid from public or private entities to carry out projects identified in the strategic plan including, but not limited to, those that: (a) Enhance public safety; (b) reduce community blight; and (c) provide ongoing mitigation of the adverse effects of multiple publicly funded projects on the impacted community; and
- (6) Demonstrate ongoing accountability for its actions by:

- (a) Reporting to the appropriate committees of the legislature, one year after formation and every biennium thereafter, on the authority's strategic plan, activities, accomplishments, and any recommendations for statutory changes;
- (b) Reporting any changes in the authority's geographic boundaries to the appropriate committees of the legislature when the legislature next convenes in regular session;
- (c) Convening a local town hall meeting with its constituency on an annual basis to: (i) Report its activities and accomplishments from the previous year; (ii) present and receive input from members of the impacted community regarding its proposed strategic plan and activities for the upcoming year; and (iii) hold board member elections as necessary; and
- (d) Maintaining books and records as appropriate for the conduct of its affairs. [2009 c 516 § 3; 2007 c 501 § 5.]

43.167.040 Community preservation and development authority account. The community preservation and development authority account is created in the state treasury. The account is composed of two subaccounts, one for monies to be appropriated for operating purposes, and the other

for moneys to be appropriated for capital purposes. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for projects under this chapter. [2007 c 501 § 7.]

43.167.050 Role of state and local government agencies. Prior to making siting, design, and construction decisions for future major public facilities, public works projects, or capital projects with significant public funding, state and local government agencies may:

(1) Communicate and consult with the community preservation and development authority and impacted community, including assessing the compatibility of the proposed project with the strategic plan adopted by the authority; and

(2) Make reasonable efforts to ensure that negative, cumulative effects of multiple projects upon the impacted community are minimized. [2007 c 501 § 8.]

43.167.060 Pioneer Square-International district community preservation and development authority. The legislature authorizes the establishment of the Pioneer Square-International district community preservation and development authority, which boundaries are those contained in the Pioneer Square-International district within the city of Seattle. [2007 c 501 § 6.]

43.167.070 Central district community preservation and development authority. (1) The legislature finds that the Central district is identified as the oldest surviving residential neighborhood in Seattle where, historically, residents who faced housing and economic discrimination elsewhere in the city could settle and raise families, resulting in a richly diverse multicultural community. The legislature also finds that the Central district is widely recognized as the historical center of the Seattle African American community which is reflected in the historic buildings, institutions, and culture of the neighborhood. The legislature further finds that the Central district has been adversely impacted by public works, capital projects with significant public funding, and other land use decisions which have contributed to dislocation, displacement, and the disintegration of an identifiable existing community and its historical and cultural character. In addition, the legislature finds that members of the community who meet the definition of constituency contained in RCW 43.167.003(3) have submitted a proposal to form a community preservation and development authority to preserve, restore, and enhance the unique, history, culture, and character of the Central district.

(2) The legislature authorizes the establishment of the Central district community preservation and development authority, which boundaries are those contained in the Central district within the city of Seattle, to preserve the unique character and history of the area pursuant to RCW 43.167.007. [2019 c 447 § 5.]

Public records: Chapter 42.56 RCW.

43.168.010 Legislative findings and declaration. The legislature finds that:

(1) The economic health and well-being of the state, particularly in areas of high unemployment, economic stagnation, and poverty, is of substantial public concern.

(2) The consequences of minimal economic activity and persistent unemployment and underemployment are serious threats to the safety, health, and welfare of residents of these areas, decreasing the value of private investments and jeopardizing the sources of public revenue.

(3) The economic and social interdependence of communities and the vitality of industrial and economic activity necessitates, and is in part dependent on preventing substantial dislocation of residents and rebuilding the diversification of the areas' economy.

(4) The ability to remedy problems in stagnant areas of the state is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the problems of poverty and unemployment.

(5) The revitalization of depressed communities requires the stimulation of private investment, the development of new business ventures, the provision of capital to ventures sponsored by local organizations and capable of growth in the business markets, and assistance to viable, but under-financed, small businesses in order to create and preserve jobs that are sustainable in the local economy.

Therefore, the legislature declares there to be a substantial public purpose in providing capital to promote economic development and job creation in areas of economic stagnation, unemployment, and poverty. To accomplish this purpose, the legislature hereby creates the rural Washington loan fund and vests in the *department of community, trade, and economic development the authority to spend federal funds to stimulate the economy of distressed areas. [1999 c 164 § 501; 1985 c 164 § 1.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Findings—Intent—Part headings and subheadings not law—Effective date—Severability—1999 c 164: See notes following RCW 43.160.010.

43.168.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of commerce.

(2021 Ed.)

(2) "Director" means the director of commerce.

(3) "Distressed area" means: (a) A rural county; (b) a county which has an unemployment rate which is twenty percent above the state average for the immediately previous three years; (c) a county that has a median household income that is less than seventy-five percent of the state median household income for the previous three years; (d) a metropolitan statistical area, as defined by the office of federal statistical policy and standards, United States department of commerce, in which the average level of unemployment for the calendar year immediately preceding the year in which an application is filed under this chapter exceeds the average state unemployment for such calendar year by twenty percent; or (e) an area within a county, which area: (i) Is composed of contiguous census tracts; (ii) has a minimum population of five thousand persons; (iii) has at least seventy percent of its families and unrelated individuals with incomes below eighty percent of the county's median income for families and unrelated individuals; and (iv) has an unemployment rate which is at least forty percent higher than the county's unemployment rate. For purposes of this definition, "families and unrelated individuals" has the same meaning that is ascribed to that term by the federal department of housing and urban development in its regulations authorizing action grants for economic development and neighborhood revitalization projects.

(4) "Fund" means the rural Washington loan fund.

(5) "Local development organization" means a nonprofit organization which is organized to operate within an area, demonstrates a commitment to a long-standing effort for an economic development program, and makes a demonstrable effort to assist in the employment of unemployed or underemployed residents in an area.

(6) "Project" means the establishment of a new or expanded business in an area which when completed will provide employment opportunities. "Project" also means the retention of an existing business in an area which when completed will provide employment opportunities.

(7) "Rural county" has the same meaning as provided in RCW 82.14.370. [2009 c 565 § 36; 2008 c 131 § 2; 2005 c 136 § 3; 1999 c 164 § 502; 1996 c 290 § 3; 1995 c 226 § 27; 1993 c 280 § 56; 1991 c 314 § 19; 1988 c 42 § 18; 1987 c 461 § 2; 1985 c 164 § 2.]

Findings—Intent—Part headings and subheadings not law—Effective date—Severability—1999 c 164: See notes following RCW 43.160.010.

Findings—1991 c 314: See note following RCW 43.160.020.

Additional notes found at www.leg.wa.gov

43.168.040 Approval of applications for federal community development block grant funds for projects. Subject to the restrictions contained in this chapter, the director is authorized to approve applications of local governments for federal community development block grant funds which the local governments would use to make loans to finance business projects within their jurisdictions. Applications approved by the director under this chapter shall conform to applicable federal requirements. [2005 c 136 § 4; 1987 c 461 § 3; 1985 c 164 § 4.]

Additional notes found at www.leg.wa.gov

43.168.050 Application approval—Conditions and limitations. (1) The director may only approve an application providing a loan for a project which the director finds:

(a) Will result in the creation of employment opportunities, the maintenance of threatened employment, or development or expansion of business ownership by minorities and women;

(b) Will conform to federal rules and regulations governing the spending of federal community development block grant funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, the employment of disadvantaged workers, and development or expansion of business ownership by minorities and women, will primarily accrue to residents of the area;

(d) Will probably be successful;

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.

(2) The director shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The director may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the director. The director may require an annual or other periodic audit of the project books.

(4) The director may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

(5) The director may approve an application which results in a loan or grant of up to one million dollars.

(6) The director shall fix the terms and rates pertaining to fund loans.

(7) Should there be more demand for loans than funds available for lending, the director shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the "greatest amount of employment or benefit" the director shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(8) To the extent permitted under federal law the director shall require applicants to provide for the transfer of all payments of principal and interest on loans to the fund created under this chapter. Under circumstances where the federal law does not permit the director to require such transfer, the director shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

(9) The director shall not approve any application to finance or help finance a shopping mall.

(10) For loans not made to minority and women-owned businesses, the director shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. For loans not made to minority and women-owned businesses, the director shall not make funds available to projects located

in areas not designated as distressed if the fund's net worth is less than seven million one hundred thousand dollars.

(11) If an objection is raised to a project on the basis of unfair business competition, the director shall evaluate the potential impact of a project on similar businesses located in the local market area. A grant may be denied by the director if a project is not likely to result in a net increase in employment within a local market area.

(12) For loans to minority and women-owned businesses who do not meet the credit criteria, the director may consider nontraditional credit standards to offset past discrimination that has precluded full participation of minority or women-owned businesses in the economy. For applicants with high potential who do not meet the credit criteria, the director shall consider developing alternative borrowing methods. For applicants denied loans due to credit problems, the department shall provide financial counseling within available resources and provide referrals to credit rehabilitation services. In circumstances of competing applications, priority shall be given to members of eligible groups which previously have been least served by this fund. [2005 c 136 § 5; 1993 c 512 § 12; 1990 1st ex.s. c 17 § 74; 1989 c 430 § 9; 1987 c 461 § 4; 1986 c 204 § 2; 1985 c 164 § 5.]

43.168.055 Application priorities. In addition to the requirements of RCW 43.168.050, the department shall, subject to applicable federal funding criteria, give priority to applications that capitalize or recapitalize an existing or new local revolving fund based on criteria established by the department. [1999 c 164 § 503.]

Findings—Intent—Part headings and subheadings not law—Effective date—Severability—1999 c 164: See notes following RCW 43.160.010.

43.168.060 Local development organizations—Duties of department—Rules. The department is encouraged to work with local development organizations to promote applications for loans by the fund. The department shall also provide assistance to local development organizations and local governments to identify viable projects for consideration. The department shall adopt such rules and regulations as are appropriate for implementation of this chapter. [2005 c 136 § 6; 1985 c 164 § 6.]

Additional notes found at www.leg.wa.gov

43.168.070 Processing of applications—Contents of applications. The director may receive and approve applications on a monthly basis but shall receive and approve applications on at least a quarterly basis for each fiscal year. The director shall make every effort to simplify the loan process for applicants. Department staff shall process and assist in the preparation of applications. Each application shall show in detail the nature of the project, the types and numbers of jobs to be created, wages to be paid to new employees, and methods to hire unemployed persons from the area. Each application shall contain a credit analysis of the business to receive the loan. The director may respond on short notice to applica-

tions of a serious or immediate nature. [2005 c 136 § 7; 1993 c 512 § 14; 1987 c 461 § 5; 1985 c 164 § 7.]

Additional notes found at www.leg.wa.gov

43.168.090 Use of federal community development block grant funds. The department shall use for the fund an amount of federal community development block grant funds equal to the amount of state funds transferred or appropriated to the department for purposes of supplementing the department's block grant funds. [2005 c 136 § 8; 1985 c 164 § 9.]

Additional notes found at www.leg.wa.gov

43.168.100 Entitlement community grants—Conditions. The director may make grants of state funds to local governments which qualify as "entitlement communities" under the federal law authorizing community development block grants. These grants may only be made on the condition that the entitlement community provide the director with assurances that it will: (1) Spend the grant moneys for purposes and in a manner which satisfies state constitutional requirements; (2) spend the grant moneys for purposes and in a manner which would satisfy federal requirements; and (3) spend at least the same amount of the grant for loans to businesses from the federal funds received by the entitlement community. Moneys in the account may be spent only after legislative appropriation for loans under this chapter. Any expenditures of these moneys shall conform to federal law. [1999 c 164 § 504; 1992 c 235 § 11; 1985 c 164 § 11.]

43.168.120 Guidelines for use of funds for existing economic development revolving loan funds—Grants to local governments to assist existing economic development revolving loan funds. (1) The department shall develop guidelines for rural Washington loan funds to be used to fund existing economic development revolving loan funds. Consideration shall be given to the selection process for grantees, loan quality criteria, legal and regulatory issues, and ways to minimize duplication between rural Washington loan funds and local economic development revolving loan funds.

(2) If it appears that all of the funds appropriated to the fund for a biennium will not be fully granted to local governments within that biennium, the department may make available up to twenty percent of the eighty percent of the funds available to projects in distressed areas under RCW 43.168.050(10) for grants to local governments to assist existing economic development revolving loan funds in distressed areas. The grants to local governments shall be utilized to make loans to businesses that meet the specifications

for loans under this chapter. The local governments shall, to the extent permitted under federal law, agree to convey to the fund the principal and interest payments from existing loans that the local governments have made through their revolving loan funds. Under circumstances where the federal law does not permit the department to require such transfer, the department shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer. [1999 c 164 § 505; 1987 c 461 § 6.]

- (3) The creation of new employment opportunities;
- (4) The diversification of the economic base of local communities;
- (5) The establishment of employee cooperatives;

Subject to the restrictions contained in this chapter, the director is authorized to approve applications of minority and women-owned businesses for loans or loan guarantees from the fund. Applications approved by the director under this chapter shall conform to applicable federal requirements. The director shall prioritize available funds for loan guarantees rather than loans when possible. The director may enter into agreements with other public or private lending institutions to develop a joint loan guarantee program for minority and women-owned businesses. If such a program is developed, the director may provide funds, in conjunction with the other organizations, to operate the program. This section does not preclude the director from making individual loan guarantees.

To the maximum extent practicable, the funds available under this section shall be made available on an equal basis to minority and women-owned businesses. The director shall submit to the appropriate committees of the senate and house of representatives quarterly reports that detail the number of loans approved and the characteristics of the recipients by ethnic and gender groups. 43.180.010 Declaration of public policies—Purpose.

It is declared to be the public policy of the state and a recognized governmental function to assist in making affordable and decent housing available throughout the state and by so doing to contribute to the general welfare. Decent housing for the people of our state is a most important public concern. Interest rates and construction costs have made it impossible for many Washington citizens to purchase their own homes. Older people, disabled persons, and low and moderate-income families often cannot afford to rent decent housing. There exists throughout the state a serious shortage of safe, sanitary and energy efficient housing available at prices within the financial means of our citizens. General economic development within the state is also impeded by a lack of affordable housing. The state's economy, which is dependent on the timber, wood products, and construction industries, has been damaged by inadequate investment in housing construction and rehabilitation. The result has been high unemployment and economic hardship affecting the prosperity of all the people of the state, particularly those in the wood products industry.

It is the purpose of this chapter to establish a state housing finance commission to act as a financial conduit which, without using public funds or lending the credit of the state or local government, can issue nonrecourse revenue bonds and participate in federal, state, and local housing programs and thereby make additional funds available at affordable rates to help provide housing throughout the state. It is also a primary purpose of this chapter to encourage the use of Washington state forest products in residential construction. This chapter is enacted to accomplish these and related purposes and shall be liberally construed to carry out its purposes and objectives. [1983 c 161 § 1.]

43.180.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bonds" means the bonds, notes, or other evidences of indebtedness of the commission, the interest paid on which may or may not qualify for tax exemption.

(2) "Certifying authority" means: (a) For improvements involving solar electric systems, the Washington climate and rural energy development center at Washington State University, established under RCW 28B.30.642; or (b) for all other energy efficiency and renewable energy improvements, any utility company or other institution qualified to assess and certify the feasibility and benefit of energy efficiency and renewable energy improvements in a manner that is efficient and minimizes the amount of time or cost.

(3) "Code" means the federal internal revenue code of 1954, as now or hereafter amended, and the regulations and rulings promulgated thereunder.

(4) "Commission" means the Washington state housing finance commission or any board, body, commission, department, or officer succeeding to the principal functions thereof or to whom the powers conferred upon the commission shall be given by law.

(5) "Costs of housing" means all costs related to the development, design, acquisition, construction, reconstruction, leasing, rehabilitation, and other improvements of housing, as determined by the commission.

(6) "Eligible applicant" means, with respect to the sustainable energy trust program, an owner of a residential, agricultural, commercial, state, or municipal property.

(7) "Eligible person" means a person or family eligible in accordance with standards promulgated by the commission. Such persons shall include those persons whose income is insufficient to obtain at a reasonable cost, without financial assistance, decent, safe, and sanitary housing in the area in which the person or family resides, and may include such other persons whom the commission determines to be eligible.

(8) "Energy efficiency improvement" means an installation or modification that is designed to reduce energy consumption in residential, agricultural, commercial, state, or municipal properties. The term includes, but is not limited to: Insulation; storm windows and doors; automatic energy control systems; heating, ventilating, or air conditioning and distribution system modifications or replacements in buildings or central plants; caulking and weather stripping; energy recovery systems; geothermal heat pumps; and day lighting systems.

(9) "Housing" means specific new, existing, or improved residential dwellings within this state or dwellings to be constructed within this state. The term includes land, buildings, and manufactured dwellings, and improvements, furnishings, and equipment, and such other nonhousing facilities, furnishings, equipment, and costs as may be incidental or appurtenant thereto if in the judgment of the commission the facilities, furnishings, equipment and costs are an integral part of the project. Housing may consist of single-family or multi-family dwellings in one or more structures located on contiguous or noncontiguous parcels or any combination thereof. Improvements may include such equipment and materials as are appropriate to accomplish energy efficiency within a dwelling. The term also includes a dwelling constructed by a person who occupies and owns the dwelling, and nursing homes licensed under chapter 18.51 RCW.

(10) "Mortgage" means a mortgage, mortgage deed, deed of trust, security agreement, or other instrument securing a mortgage loan and constituting a lien on or security interest in housing. The property may be held in fee simple or on a leasehold under a lease having a remaining term, at the time the mortgage is acquired, of not less than the term of repayment of the mortgage loan secured by the mortgage. The property may also be housing which is evidenced by an interest in a cooperative association or corporation if ownership of the interest entitles the owner of the interest to occupancy of a dwelling owned by the association or corporation.

(11) "Mortgage lender" means any of the following entities which customarily provide service or otherwise aid in the financing of housing and which are approved as a mortgage lender by the commission: A bank, trust company, savings bank, national banking association, savings and loan association, building and loan association, mortgage banker, mortgage company, credit union, life insurance company, or any other financial institution, governmental agency, municipal

corporation, or any holding company for any of the entities specified in this subsection.

(12) "Mortgage loan" means an interest-bearing loan or a participation therein, made to a borrower, for the purpose of financing the costs of housing, evidenced by a promissory note, and which may or may not be secured (a) under a mortgage agreement, (b) under any other security agreement, regardless of whether the collateral is personal or real property, or (c) by insurance or a loan guarantee of a third party. However, an unsecured loan shall not be considered a mortgage loan under this definition unless the amount of the loan is under two thousand five hundred dollars.

(13) "Qualified improvement" means an energy efficiency improvement which has been approved by a certifying authority or a net metering system as defined under RCW 80.60.010. [2009 c 65 § 2; 1990 c 167 § 1; 1983 c 161 § 2.]

Intent—Finding—2009 c 65: "The legislature intends to promote the development of renewable energy technologies and the application of energy efficiency measures by authorizing the issuance of revenue bonds to finance renewable energy and energy efficiency improvement costs. The legislature finds that by providing access to low-cost capital to finance renewable energy and energy efficiency projects, a key barrier is eliminated." [2009 c 65 § 1.]

43.180.030 Bonds not debt of state. Bonds issued under this chapter shall be issued in the name of the commission. The bonds shall not be obligations of the state of Washington and shall be obligations only of the commission payable from the special fund or funds created by the commission for their payment. Such funds shall not be or constitute public moneys or funds of the state of Washington but at all times shall be kept segregated and set apart from other funds.

Bonds issued under this chapter shall contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds, shall be a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the commission as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds.

Contracts entered into by the commission shall be entered into in the name of the commission and not in the name of the state of Washington. The obligations of the commission under the contracts shall be obligations only of the commission and are not in any way obligations of the state of Washington. [1983 c 161 § 3.]

43.180.040 Commission created. (1) There is hereby established a public body corporate and politic, with perpetual corporate succession, to be known as the Washington state housing finance commission. The commission is an instrumentality of the state exercising essential government functions and, for purposes of the code, acts as a constituted authority on behalf of the state when it issues bonds pursuant to this chapter. The commission is a "public body" within the meaning of RCW 39.53.010.

(2) The commission shall consist of the following voting members:

- (a) The state treasurer, ex officio;

(f) A representative of low-income persons, appointed by the governor with the consent of the senate;

(g) Five members of the public appointed by the governor, with the consent of the senate, on the basis of geographic distribution and their expertise in housing, real estate, finance, energy efficiency, or construction, one of whom shall be appointed by the governor as chair of the commission and who shall serve on the commission and as chair of the commission at the pleasure of the governor.

The term of the persons appointed by the governor, other than the chair, shall be four years from the date of their appointment, except that the terms of three of the initial appointees shall be for two years from the date of their appointment. The governor shall designate the appointees who will serve the two-year terms. An appointee may be removed by the governor for cause pursuant to RCW 43.06.070 and 43.06.080. The governor shall fill any vacancy in an appointed position by appointment for the remainder of the unexpired term. If the department of community development is abolished, the resulting vacancy shall be filled by a state official who shall be appointed to the commission by the governor. If this official occupies an office or position for which senate confirmation is not required, then his or her appointment to the commission shall be subject to the consent of the senate. The members of the commission shall be compensated in accordance with RCW 43.03.240 and may be reimbursed, solely from the funds of the commission, for expenses incurred in the discharge of their duties under this chapter, subject to the provisions of RCW 43.03.050 and 43.03.060. A majority of the commission constitutes a quorum. Designees shall be appointed in such manner and shall exercise such powers as are specified by the rules of the commission.

(3) The commission may adopt an official seal and may select from its membership a vice chair, a secretary, and a treasurer. The commission shall establish rules concerning its exercise of the powers authorized by this chapter. The rules shall be adopted in conformance with chapter 34.05 RCW. [1995 c 399 § 98; 1985 c 6 § 14; 1984 c 287 § 90; 1983 c 161 § 4.]

Reviser's note: *(1) The "director of community, trade, and economic development" was changed to the "director of commerce" by 2009 c 565.

***(2) Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994. The department of community, trade, and economic development was renamed the department of commerce by 2009 c 565.

[2013 c 13 § 1; 1986 c 264 § 1; 1983 c 161 § 5.]

(9) The use of financing assistance for implementation of cost-effective energy efficiency measures in dwellings.

The plan shall include an estimate of the amount of bonds the commission will issue during the term of the plan and how bond proceeds will be expended.

The plan shall be adopted by resolution of the commission following at least one public hearing thereon, notice of which shall be made by mailing to the clerk of the governing body of each county and by publication in the Washington State Register no more than forty and no less than twenty days prior to the hearing. A draft of the plan shall be made available not less than thirty days prior to any such public hearing. At least every two years, the commission shall report to the legislature regarding implementation of the plan.

The commission may periodically update the plan.

The commission shall adopt rules designed to result in the use of bond proceeds in a manner consistent with the plan. The commission may periodically update its rules.

(15) Employ, contract with, or engage engineers, architects, attorneys, financial advisors, bond underwriters, mortgage lenders, mortgage administrators, housing construction or financing experts, other technical or professional assistants, and such other personnel as are necessary. The commission may delegate to the appropriate persons the power to execute legal instruments on its behalf;

(16) Receive contributions or grants from any source unless otherwise prohibited;

(17) Impose covenants running with the land in order to satisfy and enforce the requirements of applicable state and federal law and commission policy with respect to housing or other facilities financed by the commission or assisted by federal, state, or local programs administered by the commission, by executing and recording regulatory agreements or other covenants between the commission and the person or entity to be bound. These regulatory agreements and covenants shall run with the land and be enforceable by the commission or its successors or assigns against the person or entity making the regulatory agreement or covenants or its successors or assigns, even though there may be no privity of estate or privity of contract between the commission or its successors or assigns and the person or entity against whom enforcement is sought. The term of any such covenant shall be set forth in the recorded agreement containing the covenant. This subsection shall apply to regulatory agreements and covenants previously entered into by the commission as well as regulatory agreements and covenants entered into by the commission on or after July 27, 1997;

(18) Delegate any of its powers and duties if consistent with the purposes of this chapter;

Findings—Effective date—2010 c 2: See notes following RCW 41.06.070.

43.180.090 Selection of bond counsel—Written policies to be adopted. (1) The commission shall adopt written policies to provide for the selection of bond counsel. The policies shall provide for the creation and maintenance of a roster of attorneys whom the commission believes possess the requisite special expertise and professional standing to provide bond counsel opinions which would be accepted by the underwriters, bondholders, and other members of the financial community, and which would be in furtherance of the public interest in obtaining the lowest possible interest rates on the bonds issued by the commission. Any attorney may apply to have his or her name placed on the roster, but may not be placed on the roster unless the attorney demonstrates to the commission's satisfaction that the attorney would issue the kind of opinions required by this section.

(2) Prior to selecting an attorney or attorneys to provide bond counsel services, the commission shall provide all attorneys on the roster with a notice of its intentions to select bond counsel and shall invite each of them to submit to the commission his or her fee schedule for providing bond counsel services. The commission shall have wide discretion in selecting the attorney or attorneys it considers to be most appropriate to provide the services, but in the exercise of this discretion the commission shall consider all submitted fee schedules and the public interest in achieving both savings in bond counsel fees and issuance of bonds on terms most favorable to the commission. At least once every two calendar years, the commission shall select anew an attorney or attorneys to serve as bond counsel. However, the commission may retain an attorney for longer than two years when necessary to complete work on a particular bond issue. An attorney previously retained may be selected again but only after the commission has provided other attorneys on the roster with an opportunity to be selected and has made the fee schedule review required under this subsection. In addition to or as an alternative to retaining counsel for a period of time, the commission may appoint an attorney to serve as counsel in respect to only a particular bond issue. [1983 c 161 § 9.]

43.180.100 Selection of underwriters—Written policies to be adopted. (1) The commission shall adopt written policies to provide for the selection of underwriters. The policies shall provide for the creation of a roster of underwriters whom the commission believes possess the requisite special expertise and professional standing to provide bond marketing services which would be accepted by bondholders and other members of the financial community, and which would be in furtherance of the public interest in marketing the commission's bonds at the lowest possible costs. Any underwriter may apply to have its name placed on the roster, but may not be placed on the roster unless it demonstrates to the commission's satisfaction that it meets the requirements of this section.

(2) Whenever the commission decides that it needs the services of an underwriter, it shall provide all underwriters on the roster with a notice of its intentions and shall invite each of them to submit to the commission an itemization of its fees and other charges for providing underwriting services on the issue. The itemization shall be by categories designed by the commission. The commission shall have wide discretion in selecting the underwriter it considers to be most appropriate to provide the services, but in the exercise of this discretion the commission shall consider the underwriter's fees and other charges and the public interest in achieving both savings in the total costs of underwriting services and issuance of bonds on terms most favorable to the commission. [1983 c 161 § 10.]

43.180.110 Review of initial policies adopted under RCW 43.180.090 and 43.180.100—Adoption—Change. The commission shall submit the initial policies adopted under RCW 43.180.090 and 43.180.100 to the chief clerk of the house and the secretary of the senate for transmittal to and review by the appropriate standing committees and the joint administrative rules review committee. By January 1, 1984 the commission shall have adopted policies in the form of

rules and regulations under chapter 34.05 RCW. Such rules and regulations may only be changed or revised in accordance with chapter 34.05 RCW. [1983 c 161 § 11.]

43.180.120 Rules for fair allocation of bond proceeds for nonrental single-family housing. The legislature recognizes that the demand for mortgage loans for nonrental single-family housing will probably greatly exceed the supply of bond proceeds available to satisfy the demand. Therefore, the commission shall adopt rules providing procedures to assure that the bond proceeds available for that kind of housing shall be made available to qualified mortgagors in a fair and equitable manner. [1983 c 161 § 12.]

43.180.130 Protection of bondholders—Mortgage insurance. The commission is encouraged to adopt policies which will assure that bondholders will be protected against the failure to make mortgage payments financed under this chapter. Such policies may require, among other things, mortgage insurance. [1983 c 161 § 13.]

43.180.140 Rules for energy efficiency. The commission shall adopt rules providing for financing assistance to implement cost-effective energy efficiency improvements. [1983 c 161 § 14.]

43.180.150 Bond issues—Terms—Issuance—Purchase, etc. (1) The commission's bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, be registered or registrable in such manner, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, be payable at such time or times, and be sold in such manner and at such price or prices, as the commission determines. The bonds shall be executed by the chair, by either its duly elected secretary or its treasurer, and by the trustee or paying agent if the commission determines to use a trustee or paying agent for the bonds. Execution of the bonds may be by manual or facsimile signature.

(2) The bonds of the commission shall be subject to such terms, conditions, covenants, and protective provisions as are found necessary or desirable by the commission, including, but not limited to, pledges of the commission's assets, setting aside of reserves, limitations on additional forms of indebtedness, and the mortgaging of all or any part of the commission's real or personal property, then owned or thereafter acquired, and other provisions the commission finds are necessary or desirable for the security of bond holders.

(3) Any security interest created in the unexpended bond proceeds and in the special funds created by the commission shall be immediately valid and binding against such moneys and any securities in which such moneys may be invested without commission or trustee possession thereof, and the security interest shall be prior to any party having any competing claim in such moneys or securities, without filing or recording pursuant to *chapter 62A.9 RCW and regardless of whether the party has notice of the security interest.

(4) When issuing bonds, the commission may provide for the future issuance of additional bonds or parity debt on a

parity with outstanding bonds, and the terms and conditions of their issuance. The commission may refund or advance refund any bond of the commission in accordance with chapter 39.53 RCW or issue bonds with a subordinate lien against the fund or funds securing outstanding bonds.

(5) The chair of the state finance committee or the chair's designee shall be notified in advance of the issuance of bonds by the commission in order to promote the orderly offering of obligations in the financial markets.

(6) The members of the commission and any person executing the bonds are not liable personally on the indebtedness or subject to any personal liability or accountability by reason of the issuance thereof.

(7) The commission may, out of any fund available therefor, purchase its bonds in the open market. [1983 c 161 § 15.]

**Reviser's note:* Chapter 62A.9 RCW was repealed in its entirety by 2000 c 250 § 9A-901, effective July 1, 2001. For later enactment, see chapter 62A.9A RCW.

43.180.160 Debt limitation—Washington works housing program. (1) The total amount of outstanding indebtedness of the commission may not exceed eight billion dollars at any time. The calculation of outstanding indebtedness shall include the initial principal amount of an issue and shall not include interest that is either currently payable or that accrues as a part of the face amount of an issue payable at maturity or earlier redemption. Outstanding indebtedness shall not include notes or bonds as to which the obligation of the commission has been satisfied and discharged by refunding or for which payment has been provided by reserves or otherwise.

(2)(a) The Washington works housing program is created to increase opportunities for nonprofit organizations and public agencies to purchase, acquire, build, and own real property to be used for affordable housing for low and moderate-income households. The Washington works housing program is intended to provide access to new funding mechanisms and build long-term community equity by increasing the stock of permanently affordable housing owned by nonprofit organizations and public agencies.

(b) The Washington works housing program is intended to provide these opportunities for public agencies and nonprofit organizations, including those materially participating as a managing member or general partner of a partnership, limited liability company, or equivalent organization, through the issuance of tax exempt or taxable revenue bonds issued by the commission in conjunction with a subsidy necessary to make bond issues to finance affordable housing properties financially feasible. The program is intended to provide financing for affordable housing that will meet the following income and rent restrictions during the period of initial bond indebtedness and thereafter.

(c) During the period of initial bond indebtedness under the program, the owner of the property must meet one of the following requirements: A minimum of twenty percent of the units will be occupied by households earning less than fifty percent of area median income and an additional thirty-one percent of the units will be occupied by persons earning less than eighty percent of area median income; or forty percent of the units will be occupied by households earning less than

sixty percent of area median income and an additional eleven percent of the units will be occupied by households earning less than eighty percent of area median income.

(d) After the initial bond indebtedness is retired, the rents charged for units in the project will be adjusted to be sufficient to pay reasonable operation and maintenance expenses, including necessary capital needs, and to make reasonable deposits into a reserve account with the intent of providing affordable housing to very low or low-income households for the remaining useful life of the property. The reasonableness of the rent levels must be periodically approved by the commission based on information provided by the owner of the property about income, expenses, and necessary reserve levels. The determination of the commission regarding the reasonableness of the rent levels will be final.

(e) The commission will enter into a recorded regulatory agreement with the borrower at the time of the issuance of bonds under the program for the purpose of ensuring that the property will meet the income and rent restrictions established in this section. The commission may charge such compliance fees as necessary to ensure enforcement of the income and rent restrictions during the useful life of the property.

(3) One billion dollars of the outstanding indebtedness of the commission is for the primary purpose of implementing the Washington works housing program.

(4) If no subsidies are available to make the program in subsection (2) of this section feasible, then the commission may pass a resolution stating these facts and authorize the use of a portion of the one billion dollars of indebtedness intended for the program to support its other bond programs until such time as the one billion dollars is exhausted or subsidies are available to make the program feasible. Money other than bond sale proceeds received by the commission for these same purposes, such as private contributions or grants from the federal government, may be deposited in such fund or funds. Proceeds received from the sale of the bonds may also be used to defray the expenses of the commission in connection with and incidental to the issuance and sale of bonds, as well as expenses for studies, surveys, estimates, plans, inspections, and examinations of or incidental to the purposes for which the bonds were issued, and other costs advanced therefor by third parties or by the commission. In lieu of the commission receiving and handling these moneys in the man-

ner outlined in this section, the commission may appoint trustees, depositaries, paying agents, and other financial institutions within or without the state to perform the functions outlined and to receive, hold, disburse, invest, and reinvest such funds on its behalf and for the protection of the bondholders. [1983 c 161 § 17.]

The commission may establish a bond fund or funds, and a reserve, sinking fund and other accounts therein, for payment of principal and interest and for other special requirements of the bonds as determined by the commission. In lieu of the commission receiving and handling these moneys as outlined in this section, the commission may appoint trustees, depositaries, paying agents, and other financial institutions to perform the functions outlined and to receive, hold, disburse, invest, and reinvest such funds on its behalf and for the protection of the bondholders. Such revenues and funds, whether received and held by the commission or by others on its behalf, shall not be or constitute public funds of the state of Washington but at all times shall be kept segregated and apart from all other funds. [1983 c 161 § 18.]

Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivisions of the state for any purpose for which the deposit of bonds and other obligations of the state are now or may hereafter be authorized by law. [1983 c 161 § 19.]

(a) Eighty percent of the state ceiling shall be allocated to the commission and twenty percent shall be allocated to the other issuing authorities in the state.

(b) The allocation to the issuing authorities other than the commission shall be distributed to such issuing authorities in amounts as determined following public notice by the *department of community, trade, and economic development pursuant to rules promulgated by it. (c) Describe any legislation that may be necessary to facilitate, implement, or create incentives for the private sector to implement such a financing tool or model within the state.

(3) Beginning July 1, 2018, the commission may implement a financing tool or model for the aggregation, by public or private entities, of federal tax incentives and other financial benefits accruing from the installation, ownership, and operation of renewable energy systems and other distributed energy resources if the commission determines that it is legally, financially, and economically feasible and that it would further the public policy goals set forth in subsection (1) of this section. (9) "User" means one or more persons acting as lessee, purchaser, mortgagor, or borrower under a financing document and may include a party who transfers the right of use and occupancy to another party by lease, sublease, or otherwise. [2018 c 78 § 2; 1997 c 44 § 1; 1990 c 167 § 2.]

43.180.310 Commission powers. The commission has the following powers with respect to nonprofit facilities together with all powers incidental thereto or necessary for the performance thereof:

(1) To make secured loans to nonprofit corporations for the purpose of providing temporary or permanent financing or refinancing of all or part of the project cost of any nonprofit facility, including the refunding of any outstanding obligations, mortgages, or advances issued, made, or given by any person for the project costs of a nonprofit corporation; and to charge and collect interest on the loans for the loan payments upon such terms and conditions as its commissioners consider advisable which are not in conflict with this subchapter;

(2) To issue revenue bonds for the purpose of financing all or part of the project cost of any nonprofit facility and to secure the payment of the revenue bonds as provided in this subchapter;

(3) To collect fees or charges from users or prospective users of nonprofit facilities to recover actual or anticipated administrative costs;

(4) To execute financing documents incidental to the powers enumerated in this section;

(5) To accept grants and gifts;

(6) To establish such special funds with any financial institution providing fiduciary services within or without the state as it deems necessary and appropriate and invest money therein. [1990 c 167 § 3.]

43.180.320 Revenue bonds. (1) The proceeds of the revenue bonds of each issue shall be used solely for the purposes set forth in this subchapter and shall be disbursed in such manner and under such restrictions, if any, provided in the resolution authorizing the issuance of the revenue bonds or in the trust agreement securing the bonds. If the proceeds of the revenue bonds of any series issued with respect to the cost of any nonprofit facility exceeds the cost of the nonprofit facility for which issued, the surplus shall be deposited to the credit of the debt service fund for the revenue bonds or used to purchase the revenue bonds in the open market.

(2) The commission may issue interim notes in the manner provided for the issuance of revenue bonds to fund nonprofit facilities prior to issuing other revenue bonds to fund such facilities. The commission may issue revenue bonds to fund nonprofit facilities that are exchangeable for other revenue bonds, when these other revenue bonds are executed and available for delivery.

(3) The principal of and interest on any revenue bonds issued by the commission shall be secured by a pledge of unexpended bond proceeds and the revenues and receipts derived from the nonprofit facilities funded by the revenue bonds pursuant to financing documents. The resolution under which the revenue bonds are authorized to be issued and any financing document may contain agreements and provisions respecting the maintenance or use of the nonprofit facility covered thereby, the fixing and collection of rents, purchase price payments or loan payments, the creation and maintenance of special funds from such revenues or from revenue bond proceeds, the rights and remedies available in the event of default, and other provisions relating to the security for the bonds, all as the commission considers advisable which are not in conflict with this subchapter.

(4) All revenue bonds issued under this subchapter and any interest coupons applicable thereto are negotiable instruments within the meaning of Article 8 of the uniform commercial code, Title 62A RCW, regardless of form or character.

(5) Notwithstanding subsection (1) of this section, such bonds and interim notes may be issued and sold in accordance with chapter 39.46 RCW. [1990 c 167 § 4.]

43.180.330 Revenue refunding bonds. The commission may provide by resolution for the issuance of revenue refunding bonds for the purpose of refunding any obligations issued for a nonprofit facility, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption or maturity of the revenue bonds and, if considered advisable by the commission, for the additional purpose of financing improvements, extensions, or enlargements to the nonprofit facility for another nonprofit facility. The issuance of the revenue refunding bonds, the maturities and other details thereof, the rights of the owners

thereof, and the rights, duties, and obligations of the commission in respect to the same shall be governed by this chapter insofar as applicable. [1990 c 167 § 5.]

43.180.340 Trust agreements. Any bonds issued under this subchapter may be secured by a trust agreement between the commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. The trust agreement may evidence a pledge or assignment of the financing documents and lease, sale, or loan revenues to be received from a lessee or purchaser of or borrower with respect to a nonprofit facility for the payment of principal of and interest and any premium on the bonds as the same shall become due and payable and may provide for creation and maintenance of reserves for these purposes. A trust agreement or resolution providing for the issuance of the revenue bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondowners as may be reasonable and proper and not in violation of law, including covenants setting forth the duties in relation to the acquisition of property and the construction, improvement, maintenance, use, repair, operation, and insurance of the nonprofit facility for which the bonds are authorized, and the custody, safeguarding, and application of all money. A trust agreement may set forth the rights and remedies of the bondowners and of the trustee and may restrict the individual right of action by bondowners as is customary in trust agreements or trust indentures securing bonds and debentures of private corporations. In addition, a trust agreement may contain such provisions as the commission considers reasonable and proper for the security of the bondowners which are not in conflict with this subchapter. [1990 c 167 § 6.]

43.180.350 Lessees or assignees. A lessee or contracting party under a sale contract or loan agreement shall not be required to be the eventual user of a nonprofit facility if any sublessee or assignee assumes all of the obligations of the lessee or contracting party under the lease, sale contract, or loan agreement, but the lessee or contracting party or their successors shall remain primarily liable for all of its obligations under the lease, sale contract, or loan agreement and the use of the nonprofit facility shall be consistent with the purposes of this subchapter. [1990 c 167 § 7.]

43.180.360 Default. The proceedings authorizing any revenue bonds under this subchapter or any financing document securing the revenue bonds may provide that if there is a default in the payment of the principal of or the interest on the bonds or in the performance of any agreement contained in the proceedings or financing document, the payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents, purchase price payments, and loan repayments, and to apply the revenues from the nonprofit facility in accordance with the proceedings or provisions of the financing document. Any financing document entered into under this

subchapter may also provide that if there is a default in the payment thereof or a violation of any agreement contained in the financing document, the nonprofit facility may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Any financing document may also provide that any trustee under the financing document or the holder of any revenue bonds secured thereby may become the purchaser at any foreclosure sale if it is the highest bidder. [1990 c 167 § 8.]

43.180.900 Conflict with federal requirements. If any part of this chapter is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this chapter is hereby declared to be inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this chapter in its application to the agencies concerned. The rules under this chapter shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1983 c 161 § 21.]

43.180.901 Liberal construction. This chapter, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect the purposes thereof. [1983 c 161 § 23.]

Donations of surplus state property: RCW 43.19.1920.

Funding: RCW 43.79.201 and 79.02.410.

43.185.010 Findings. The legislature finds that current economic conditions, federal housing policies and declining resources at the federal, state, and local level adversely affect the ability of low and very low-income persons to obtain safe, decent, and affordable housing.

The legislature further finds that members of over one hundred twenty thousand households live in housing units which are overcrowded, lack plumbing, are otherwise threatening to health and safety, and have rents and utility payments which exceed thirty percent of their income.

The legislature further finds that minorities, rural households, and migrant farmworkers require housing assistance at a rate which significantly exceeds their proportion of the general population.

The legislature further finds that one of the most dramatic housing needs is that of persons needing special housing-related services, such as the mentally ill, recovering alcoholics, frail elderly persons, families with members who have disabilities, and single parents. These services include medical assistance, counseling, chore services, and child care.

The legislature further finds that housing assistance programs in the past have often failed to help those in greatest need.

The legislature declares that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs, and that the needs of very low-income citizens should be given priority and that whenever feasible, assistance should be in the form of loans. [1991 c 356 § 1; 1986 c 298 § 1.]

43.185.015 Housing assistance program. There is created within the department the housing assistance program to carry out the purposes of this chapter. [1995 c 399 § 100; 1991 c 356 § 2.]

43.185.020 Definitions. (1) "Contracted amount" means the aggregate amount of all state funds for which the department has monitoring and compliance responsibility.

(2) "Department" means the department of commerce.

(3) "Director" means the director of the department of commerce. [2013 c 145 § 1; 2009 c 565 § 37; 1995 c 399 § 101; 1986 c 298 § 3.]

43.185.030 Washington housing trust fund. There is hereby created in the state treasury an account to be known as the Washington housing trust fund. The housing trust fund shall include revenue from the sources established by this chapter, appropriations by the legislature, private contributions, repayment of loans, and all other sources. During the 2015-2017 fiscal biennium, the legislature may transfer from the Washington housing trust fund to the home security fund account and to the state general fund such amounts as reflect the excess balance in the fund. At least thirty percent of these moneys used in any given funding cycle must be for the benefit of projects located in rural areas of the state as defined by the department. If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

43.185.070 Notice of grant and loan application period—Priorities—Criteria for evaluation. (1) During each calendar year in which funds from the housing trust fund or other legislative appropriations are available for use by the department for the housing assistance program, the department must announce to all known interested parties, and through major media throughout the state, a grant and loan application period of at least ninety days' duration. This announcement must be made as often as the director deems appropriate for proper utilization of resources. The department must then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department as provided in RCW 43.185.050.

(2) In awarding funds under this chapter, the department must:

(a) Provide for a geographic distribution on a statewide basis; and

(b) Until June 30, 2013, consider the total cost and per-unit cost of each project for which an application is submitted for funding under RCW 43.185.050(2) (a) and (j), as compared to similar housing projects constructed or renovated within the same geographic area.

(3) The department, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, or a subcommittee of the affordable housing advisory board, must report recommendations for awarding funds in a cost-effective manner. (5) The department must give preference for applications based on some or all of the criteria under this subsection, and similar projects and activities must be evaluated under the same criteria:

(a) The degree of leveraging of other funds that will occur;

(b) The degree of commitment from programs to provide necessary habilitation and support services for projects focusing on special needs populations;

(c) Recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Local government project contributions in the form of infrastructure improvements, and others;

(e) Projects that encourage ownership, management, and other project-related responsibility opportunities;

(f) Projects that demonstrate a strong probability of serving the original target group or income level for a period of at least twenty-five years;

(g) The applicant has the demonstrated ability, stability and resources to implement the project;

(h) Projects which demonstrate serving the greatest need;

(i) Projects that provide housing for persons and families with the lowest incomes;

(j) Projects serving special needs populations which are under statutory mandate to develop community housing;

The affordable housing advisory board established in RCW 43.185B.020 shall advise the director on housing needs in this state, including housing needs for persons with mental illness or developmental disabilities or youth who are blind or deaf or otherwise disabled, operational aspects of the grant and loan program or revenue collection programs established by this chapter, and implementation of the policy and goals of this chapter. Such advice shall be consistent with policies and plans developed by behavioral health administrative services organizations according to chapter 71.24 RCW for individuals with mental illness and the developmental disabilities planning council for individuals with developmental disabilities. [2019 c 325 § 5014; 2014 c 225 § 63; 1993 c 478 § 15; 1991 c 204 § 4; 1987 c 513 § 3.]

43.185.120 Protection of state's interest. The department shall adopt policies to ensure that the state's interest will be protected upon either the sale or change of use of projects financed in whole or in part under RCW 43.185.050(2) (a), (i), and (j). These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project; (2) requiring a lump-sum repayment of the loan or grant upon the sale or change of use of the project; or (3) requiring a deferred payment of principal or principal and interest on loans after a specified time period. [1991 c 356 § 7.]

43.185.130 Application process—Distribution procedure. The application process and distribution procedure for the allocation of funds are the same as the competitive application process and distribution procedure for the housing trust fund, described in this chapter and chapter 43.185A RCW, except for the funds applied to the *homeless families services fund created in RCW 43.330.167, dollars appropriated to weatherization administered through the energy matchmaker program, dollars appropriated for housing vouchers for homeless persons, victims of domestic violence,

and low-income persons or seasonal farmworkers, and dollars appropriated to any program to provide financial assistance for grower-provided on-farm housing for low-income migrant or seasonal farmworkers. [2006 c 349 § 3.]

***Reviser's note:** The "homeless families services fund" was renamed the "Washington youth and families fund" by 2015 c 69 § 24.

Finding—2006 c 349: "The legislature finds that Washington is experiencing an affordable housing crisis and that this crisis is growing exponentially every year as the population of the state expands and housing values increase at a rate that far exceeds most households' proportionate increase in income.

The fiscal and societal costs of the lack of adequate affordable housing are high for both the public and private sectors. Current levels of funding for affordable housing programs are inadequate to meet the housing needs of many low-income Washington households." [2006 c 349 § 1.]

43.185.140 Findings—Review of all housing properties—Energy audits. (1) The legislature finds that growing preservation and rehabilitation needs in the housing trust fund property portfolio provide opportunities to advance energy efficiency and weatherization efforts for low-income individuals in Washington state while protecting the state's six hundred million dollars in affordable housing investments. Preservation of existing affordable housing, when done in conjunction with weatherization activities, is a cost-effective, prudent, and environmentally friendly strategy to ensure that low-income housing remains durable, safe, and affordable. Therefore, the legislature intends that where federal funds are available for increasing and improving energy efficiency of low-income housing that these funds must be utilized, subject to federal requirements, for energy audits and implementing energy efficiency measures in the state housing trust fund real estate portfolio.

(2) The department shall review all housing properties in the housing trust fund real estate portfolio and identify those in need of major renovation or rehabilitation. In its review, the department shall survey property owners for information including, but not limited to, the age of the building and the type of heating, cooling, plumbing, and electrical systems contained in the property. The department shall prioritize all renovation or rehabilitation projects identified in the review by the department's ability to:

(a) Achieve the greatest possible expected monetary and energy savings by low-income households and other energy consumers over the greatest period of time;

(b) Promote the greatest possible health and safety improvements for residents of low-income households; and

(c) Leverage, to the extent feasible, technologically advanced and environmentally friendly sustainable technologies, practices, and designs.

(3) Subject to the availability of amounts appropriated for this specific purpose, the department shall use the prioritization of potential energy efficiency needs and opportunities in subsection (2) of this section to make offers of energy audit services to project owners and operators. The department shall use all practicable means to achieve the completion of energy audits in at least twenty-five percent of the properties in its portfolio that exceed twenty-five years in age, by June 30, 2011. Where the energy audits identify cost-effective weatherization and other energy efficiency measures, the department shall accord a priority within appropriated funding levels to include funding for energy efficiency

(2021 Ed.)

improvements when the department allocates funding for renovation or rehabilitation of the property. [2009 c 379 § 301.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70A.50.010.

43.185.910 Conflict with federal requirements—1991 c 356. If any part of this act is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1991 c 356 § 8.]

This announcement must be made as often as the director deems appropriate for proper utilization of resources. The department must then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department as provided in RCW 43.185A.030.

(2) Until June 30, 2013, for applications submitted for funding under RCW 43.185A.030(2)(a), the department must consider total cost and per-unit cost of each project compared to similar housing projects constructed or renovated within the same geographic area.

These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project; (2) requiring a lump-sum repayment of the loan or grant upon the sale or change of use of the project; or (3) requiring a deferred payment of principal or principal and interest on loans after a specified time period. The department, the housing finance commission, the affordable housing advisory board, and all local governments, housing authorities, and other nonprofits receiving state housing funds or financing through the housing finance commission shall, by December 31, 2006, and annually thereafter, review current housing reporting requirements related to housing programs and services and give recommendations to streamline and simplify all planning and reporting requirements to the *department of community, trade, and economic development, which will compile and present the recommendations annually to the legislature. The entities listed in this section shall also give recommendations for additional legislative actions that could promote affordable housing and end homelessness. [2006 c 349 § 11.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Finding—2006 c 349: See note following RCW 43.185.130.

43.185A.110 Affordable housing land acquisition revolving loan fund program. (1) The affordable housing land acquisition revolving loan fund program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land for affordable housing development. The department shall contract with the Washington state housing finance commission to administer the affordable housing land acquisition revolving loan fund program. Within this program, the Washington state housing finance commission shall establish and administer the Washington state housing finance commission land acquisition revolving loan fund.

(2) As used in this chapter, "market rate" means the current average market interest rate that is determined at the time any individual loan is closed upon using a widely recognized current market interest rate measurement to be selected for use by the Washington state housing finance commission with the department's approval. This interest rate must be noted in an attachment to the closing documents for each loan.

(3) Under the affordable housing land acquisition revolving loan fund program:

(a) Loans may be made to purchase vacant or improved land on which to develop affordable housing. In addition to affordable housing, facilities intended to provide supportive services to affordable housing residents and low-income households in the nearby community may be developed on the land.

(b) Eligible organizations applying for a loan must include in the loan application a proposed affordable housing development plan indicating the number of affordable hous-

ing units planned, a description of any other facilities being considered for the property, and an estimated timeline for completion of the development. The Washington state housing finance commission may require additional information from loan applicants and may consider the efficient use of land, project readiness, organizational capacity, and other factors as criteria in awarding loans.

(c) Forty percent of the loans shall go to eligible applicants operating homeownership programs for low-income households in which the households participate in the construction of their homes. Sixty percent of loans shall go to other eligible organizations. If the entire forty percent for applicants operating self-help homeownership programs cannot be lent to these types of applicants, the remainder shall be lent to other eligible organizations.

(d) Within five years of receiving a loan, a loan recipient must present the Washington state housing finance commission with an updated development plan, including a proposed development design, committed and anticipated additional financial resources to be dedicated to the development, and an estimated development schedule, which indicates completion of the development within eight years of loan receipt. This updated development plan must be substantially consistent with the development plan submitted as part of the original loan application as required in (b) of this subsection.

(e) Within eight years of receiving a loan, a loan recipient must develop affordable housing on the property for which the loan was made and place the affordable housing into service.

(f) A loan recipient must preserve the affordable rental housing developed on the property acquired under this section as affordable housing for a minimum of thirty years.

(4) If a loan recipient does not place affordable housing into service on a property for which a loan has been received under this section within the eight-year period specified in subsection (3)(e) of this section, or if a loan recipient fails to use the property for the intended affordable housing purpose consistent with the loan recipient's original affordable housing development plan, then the loan recipient must pay to the Washington state housing finance commission an amount consisting of the principal of the original loan plus compounded interest calculated at the current market rate. The Washington state housing finance commission shall develop guidelines for the time period in which this repayment must take place, which must be noted in the original loan agreement. The Washington state housing finance commission may grant a partial or total exemption from this repayment requirement if it determines that a development is substantially complete or that the property has been substantially used in keeping with the original affordable housing purpose of the loan. Any repayment funds received as a result of non-compliance with loan requirements shall be deposited into the Washington state housing finance commission land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(5) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing land acquisition revolving loan fund program.

(6) Interest rates on property loans granted under this section may not exceed one percent. All loan repayment moneys received shall be deposited into the Washington state housing finance commission affordable housing land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(7) The Washington state housing finance commission must develop performance measures for the program, which must be approved by the department, including, at a minimum, measures related to:

(a) The ability of eligible organizations to access land for affordable housing development;

(b) The total number of dwelling units by housing type and the total number of low-income households and persons served; and

(c) The financial efficiency of the program as demonstrated by factors, including the cost per unit developed for affordable housing units in different areas of the state and a measure of the effective use of funds to produce the greatest number of units for low-income households.

(8) By December 1st of each year, beginning in 2007, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature using, at a minimum, the performance measures developed under subsection (7) of this section. [2017 c 274 § 1; 2008 c 112 § 1; 2007 c 428 § 2.]

Findings—2007 c 428: "The legislature finds that protecting the public health, safety, and welfare by providing affordable housing resources to needy or vulnerable persons is a fundamental purpose of government. The legislature further finds that assisting eligible organizations to purchase land for affordable housing development and related supportive services facilities confers a valuable benefit on the public that constitutes consideration for financing assistance to eligible organizations in the form of low-interest loans, subject to restrictions that provide continued protection of the public interest." [2007 c 428 § 1.]

43.185A.120 Affordable housing and community facilities rapid response loan program. (1) The affordable housing and community facilities rapid response loan program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land or real property for affordable housing and community facilities preservation or development in rapidly gentrifying neighborhoods or communities with a significant low-income population that is threatened with displacement by such gentrification. The department shall contract with the Washington state housing finance commission to establish and administer the program.

(2) Loans or grants may be made through the affordable housing and community facilities rapid response loan program to purchase land or real property for the preservation or development of affordable housing or community facilities, including reasonable costs and fees.

(3) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing and community facilities rapid response loan program.

(4) A loan or grant recipient must preserve affordable rental housing acquired or developed under this section as affordable housing for a minimum of thirty years.

(5) Interest rates on loans made under this section may be as low as zero percent but may not exceed three percent. All loan repayment moneys received must be deposited into a program account established by the Washington state housing finance commission for the purpose of making new loans and grants under this section.

(6) By December 1st of each year, beginning in 2008, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature: The number of loans and grants that were made in the program; for what purposes the loans and grants were made; to whom the loans and grants were made; and when the loans are expected to be paid back. [2008 c 112 § 2.]

43.185A.900 Short title. This chapter may be known and cited as the affordable housing act. [1991 c 356 § 9.]

43.185A.902 Conflict with federal requirements—1991 c 356. If any part of this act is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1991 c 356 § 19.]

43.185C.005 Findings. Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons in Washington is unacceptably high. The state's homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness should be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; and a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, and monitoring role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable

goals. Systematic statewide data collection on homelessness in Washington must be a critical component of such a program enabling the state to work with local governments to count homeless persons and assist them in finding housing.

The systematic collection and rigorous evaluation of homeless data, a search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by July 1, 2015. [2005 c 484 § 1.]

43.185C.020 Homeless housing program. There is created within the department the homeless housing program to develop and coordinate a statewide strategic plan aimed at housing homeless persons. (2021 Ed.)

data to be collected. Data on subpopulations and other characteristics of the homeless must, at a minimum, be consistent with the United States department of housing and urban development's point-in-time requirements.

(1) The department shall, in consultation with the interagency council on homelessness, the affordable housing advisory board, and the state advisory council on homelessness, prepare and publish a five-year homeless housing strategic plan which must outline statewide goals and performance measures. The state homeless housing strategic plan must be submitted to the legislature by July 1, 2019, and every five years thereafter. The plan must include:

(a) Performance measures and goals to reduce homelessness, including long-term and short-term goals;

(b) An analysis of the services and programs being offered at the state and county level and an identification of those representing best practices and outcomes;

(c) Recognition of services and programs targeted to certain homeless populations or geographic areas in recognition of the diverse needs across the state;

(d) New or innovative funding, program, or service strategies to pursue;

(e) An analysis of either current drivers of homelessness or improvements to housing security, or both, such as increases and reductions to employment opportunities, housing scarcity and affordability, health and behavioral health services, chemical dependency treatment, and incarceration rates; and

(f) An implementation strategy outlining the roles and responsibilities at the state and local level and timelines to achieve a reduction in homelessness at the statewide level during periods of the five-year homeless housing strategic plan.

(2) The department must coordinate its efforts on the state homeless housing strategic plan with the office of homeless youth prevention and protection programs advisory committee under RCW 43.330.705. The state homeless housing strategic plan must not conflict with the strategies, planning, data collection, and performance and outcome measures developed under RCW 43.330.705 and 43.330.706 to reduce the state's homeless youth population.

(3) To guide local governments in preparation of local homeless housing plans due December 1, 2019, the department shall issue by December 1, 2018, guidelines consistent with this chapter and including the best available data on each community's homeless population. Program outcomes, performance measures, and goals must be created by the department in collaboration with local governments against which state and local governments' performance will be measured.

(4) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine compliance with the terms and conditions set forth in the grant application or required by the department.

The department shall, in consultation with the inter-agency council on homelessness and the affordable housing advisory board, report biennially to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state five-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. To increase the effectiveness of the report, the department must develop a process to ensure consistent presentation, analysis, and explanation in the report, including year-to-year comparisons, highlights of program successes and challenges, and information that supports recommended strategy or operational changes. The report may include performance measures such as:

(a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;

(b) The reduction in the number of unaccompanied homeless youth. "Unaccompanied homeless youth" has the same meaning as in RCW 43.330.702;

(c) The number of new units available and affordable for homeless families by housing type;

(d) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;

(e) The number of households at risk of losing housing who maintain it due to a preventive intervention;

(f) The transition time from homelessness to permanent housing;

(g) The cost per person housed at each level of the housing continuum;

(h) The ability to successfully collect data and report performance;

(i) The extent of collaboration and coordination among public bodies, as well as community stakeholders, and the level of community support and participation;

(j) The quality and safety of housing provided; and

(k) The effectiveness of outreach to homeless persons, and their satisfaction with the program. [2018 c 85 § 4; 2017 3rd sp.s. c 15 § 2; 2015 c 69 § 25; 2009 c 518 § 17; 2005 c 484 § 7.]

Intent—Short title—2018 c 85: See notes following RCW 43.185C.045.

Findings—2017 3rd sp.s. c 15: "The legislature finds that a surcharge on documents recorded for the sale or transfer of real property have generated approximately one hundred forty million dollars for homeless programs in Washington. The legislature further finds that according to a third-party audit of the use of surcharge funds, additional performance measures are needed to effectively measure the success of the state's homeless programs. Therefore, the legislature finds that developing and adopting recommendations to improve performance measures contained in the December 5, 2016, report required under *RCW 43.185C.240(1)(e) will help ensure accountability and transparency of public funds and their effectiveness in reducing homelessness in Washington." [2017 3rd sp.s. c 15 § 1.]

*Reviser's note: RCW 43.185C.240 expired June 30, 2019.

(2021 Ed.)

Findings—Intent—Department of commerce and William D. Ruckelshaus center examination of homelessness—Reports—2021 c 214: See note following RCW 36.22.176.

Intent—2018 c 85: "The legislature recognizes that all of the people of the state should have the opportunity to live in a safe, healthy, and affordable home. The legislature further recognizes that homelessness in Washington is unacceptable and that action needs to be taken to protect vulnerable households including families with children, youth and young adults, veterans, seniors, and people at high risk of homelessness, including survivors of domestic violence and people living with mental illness and other disabilities.

The legislature recognizes that homelessness has immediate and often times long-term consequences on the educational achievement of public school children and disproportionately impacts students of color. Additionally, the legislature recognizes that the health and safety of people experiencing homelessness is immediately and oftentimes significantly compromised, and that homelessness exacerbates physical and behavioral health disabilities. The legislature further recognizes that homelessness is disproportionately experienced by people of color and LGBTQ youth and young adults. The legislature recognizes that homelessness is also disproportionately experienced by people living with mental illness and that homelessness is an impediment to treatment. The legislature further recognizes that homelessness is disproportionately experienced by Native Americans.

In 2005, the Washington state legislature passed the homeless housing and assistance act that outlined several bold policies to address homelessness. That act also required a strategic plan by the department of commerce, which was first submitted in 2006 and subsequently updated. Since the first statewide plan, the state has succeeded in housing over five hundred fifty-six thousand people experiencing homelessness. These people were previously living in places not meant for human habitation, living in emergency shelters, or at imminent risk of becoming homeless. Although the overall prevalence of homelessness is down more than seventeen percent, the recent increase in homelessness, due in large part to surging housing costs, remains a crisis and more must be done.

Therefore, the legislature intends to improve resources available to aid with increasing access and removing barriers to housing for individuals and families in Washington." [2018 c 85 § 1.]

Short title—2018 c 85: "This act may be known and cited as the Washington housing opportunities act." [2018 c 85 § 11.]

43.185C.050 Local homeless housing plans. (1) Each local homeless housing task force shall prepare and recommend to its local government legislative authority a five-year homeless housing plan for its jurisdictional area, which shall be not inconsistent with the department's statewide guidelines issued by December 1, 2018, and thereafter the department's five-year homeless housing strategic plan, and which shall be aimed at eliminating homelessness. The local government may amend the proposed local plan and shall adopt a plan by December 1, 2019. Performance in meeting the goals of this local plan shall be assessed annually in terms of the performance measures published by the department. Local plans may include specific local performance measures adopted by the local government legislative authority, and may include recommendations for any state legislation needed to meet the state or local plan goals.

(2) Eligible activities under the local plans include:

(a) Rental and furnishing of dwelling units for the use of homeless persons;

(b) Costs of developing affordable housing for homeless persons, and services for formerly homeless individuals and families residing in transitional housing or permanent housing and still at risk of homelessness;

(c) Operating subsidies for transitional housing or permanent housing serving formerly homeless families or individuals;

(d) Services to prevent homelessness, such as emergency eviction prevention programs including temporary rental subsidies to prevent homelessness;

(e) Temporary services to assist persons leaving state institutions and other state programs to prevent them from becoming or remaining homeless;

(f) Outreach services for homeless individuals and families;

(g) Development and management of local homeless plans including homeless census data collection; identification of goals, performance measures, strategies, and costs and evaluation of progress towards established goals;

(h) Rental vouchers payable to landlords for persons who are homeless or below thirty percent of the median income or in immediate danger of becoming homeless; and

(i) Other activities to reduce and prevent homelessness as identified for funding in the local plan. [2018 c 85 § 5; 2005 c 484 § 8.]

Intent—Short title—2018 c 85: See notes following RCW 43.185C.045.

43.185C.060 Home security fund account—Performance metrics—Expenditure review. (1) The home security fund account is created in the state treasury, subject to appropriation. The state's portion of the surcharge established in RCW 36.22.179 and 36.22.1791 and 36.22.176 must be deposited in the account. Expenditures from the account may be used only for homeless housing programs as described in this chapter, including the eviction prevention rental assistance program established in RCW 43.185C.185.

(2)(a) By December 15, 2021, the department, in consultation with stakeholder groups specified in RCW 43.185C.185(2)(c), must create a set of performance metrics for each county receiving funding under RCW 36.22.176. The metrics must target actions within a county's control that will prevent and reduce homelessness, such as increasing the number of permanent supportive housing units and increasing or maintaining an adequate number of noncongregate shelter beds.

(b)(i) Beginning July 1, 2023, and by July 1st every two years thereafter, the department must award funds for project-based vouchers for nonprofit housing providers and related services, rapid rehousing, and housing acquisition under RCW 36.22.176 to eligible grantees in a manner that 15 percent of funding is distributed as a performance-based allocation based on performance metrics created under (a) of this subsection, in addition to any base allocation of funding for the county.

(ii) Any county that demonstrates that it has met or exceeded the majority of the target actions to prevent and reduce homelessness over the previous two years must receive the remaining 15 percent performance-based allocation. Any county that fails to meet or exceed the majority of target actions to prevent and reduce homelessness must enter into a corrective action plan with the department. To receive its performance-based allocation, a county must agree to undertake the corrective actions outlined in the corrective action plan and any reporting and monitoring deemed necessary by the department. Any county that fails to meet or exceed the majority of targets for two consecutive years after entering into a corrective action plan may be subject to a

reduction in the performance-based portion of the funds received in (b)(i) of this subsection, at the discretion of the department in consultation with stakeholder groups specified in RCW 43.185C.185(2)(c). Performance-based allocations unspent due to lack of compliance with a corrective action plan created under this subsection (2)(b) may be distributed to other counties that have met or exceeded their target actions.

(3) The department must distinguish allotments from the account made to carry out the activities in RCW 43.330.167, 43.330.700 through 43.330.715, 43.330.911, 43.185C.010, 43.185C.250 through 43.185C.320, and 36.22.179(1)(b).

(4) The office of financial management must secure an independent expenditure review of state funds received under RCW 36.22.179(1)(b) on a biennial basis. The purpose of the review is to assess the consistency in achieving policy priorities within the private market rental housing segment for housing persons experiencing homelessness. The independent reviewer must notify the department and the office of financial management of its findings. The first biennial expenditure review, for the 2017-2019 fiscal biennium, is due February 1, 2020. Independent reviews conducted thereafter are due February 1st of each even-numbered year.

(5) During the 2019-2021 and 2021-2023 fiscal biennia, expenditures from the account may also be used for shelter capacity grants. [2021 c 334 § 980; 2021 c 214 § 4; 2020 c 357 § 915; 2018 c 85 § 6; 2014 c 200 § 2; 2007 c 427 § 6; 2005 c 484 § 10.]

Reviser's note: This section was amended by 2021 c 214 § 4 and by 2021 c 334 § 980, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

[2015 c 69 § 27.]

Short title—2015 c 69: See RCW 43.330.911.

43.185C.070 Grant applications. (1) During each calendar year in which moneys from the *homeless housing account are available for use by the department for the homeless housing grant program, the department shall announce to all Washington counties, participating cities, and through major media throughout the state, a grant application period of at least ninety days' duration. This announcement will be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds, less appropriate administrative costs of the department as described in RCW 36.22.179.

(2) The department will develop, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, criteria to evaluate grant applications.

(3) The department may approve applications only if they are consistent with the local and state homeless housing program strategic plans. The department may give preference to applications based on some or all of the following criteria:

(a) The total homeless population in the applicant local government service area, as reported by the most recent annual Washington homeless census;

(b) Current local expenditures to provide housing for the homeless and to address the underlying causes of homelessness as described in RCW 43.185C.005;

(c) Local government and private contributions pledged to the program in the form of matching funds, property, infrastructure improvements, and other contributions; and the degree of leveraging of other funds from local government or private sources for the program for which funds are being requested, to include recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Construction projects or rehabilitation that will serve homeless individuals or families for a period of at least twenty-five years;

(e) Projects which demonstrate serving homeless populations with the greatest needs, including projects that serve special needs populations;

(f) The degree to which the applicant project represents a collaboration between local governments, nonprofit community-based organizations, local and state agencies, and the private sector, especially through its integration with the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650;

(g) The cooperation of the local government in the annual Washington homeless census project;

(h) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse workforce;

(i) The extent, if any, that the local homeless population is disproportionate to the revenues collected under this chapter and RCW 36.22.178 and 36.22.179; and

(j) Other elements shown by the applicant to be directly related to the goal and the department's state strategic plan. [2005 c 484 § 11.]

***Reviser's note:** The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.080 Homeless housing grants—Participation. (1) Only a local government is eligible to receive a homeless housing grant from the *homeless housing account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under RCW 36.22.179 equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing program grants. A city choosing to operate a separate homeless housing program

(2021 Ed.)

shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.

(2) Local governments applying for homeless housing funds may subcontract with any other local government, housing authority, community action agency or other non-profit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts shall be consistent with the local homeless housing plan adopted by the legislative authority of the local government, time limited, and filed with the department and shall have specific performance terms. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

(3) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If such a resolution is adopted, all of the funds otherwise due to the county under RCW 43.185C.060 shall be remitted monthly to the state treasurer for deposit in the *homeless housing account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local homeless housing plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of chapter 484, Laws of 2005 in the county, provided that the department may retain six percent of these funds to offset the cost of managing the county's program.

(4) A resolution by the county declining to participate in the program shall have no effect on the ability of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under this chapter. [2005 c 484 § 12.]

***Reviser's note:** The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.090 Allocation of grant moneys—Issuance of criteria or guidelines. The department shall allocate grant moneys from the *homeless housing account to finance in whole or in part programs and projects in approved local homeless housing plans to assist homeless individuals and families gain access to adequate housing, prevent at-risk individuals from becoming homeless, address the root causes of homelessness, track and report on homeless-related data, and facilitate the movement of homeless or formerly homeless individuals along the housing continuum toward more stable and independent housing. The department may issue criteria or guidelines to guide local governments in the application process. [2005 c 484 § 13.]

[Title 43 RCW—page 707]

*Reviser's note: The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.100 Technical assistance. The department shall provide technical assistance to any participating local government that requests such assistance. Technical assistance activities may include:

- (1) Assisting local governments to identify appropriate parties to participate on local homeless housing task forces;
- (2) Assisting local governments to identify appropriate service providers with which the local governments may subcontract for service provision and development activities, when necessary;
- (3) Assisting local governments to implement or expand homeless census programs to meet homeless housing program requirements;
- (4) Assisting in the identification of "best practices" from other areas;
- (5) Assisting in identifying additional funding sources for specific projects; and
- (6) Training local government and subcontractor staff. [2005 c 484 § 14.]

43.185C.110 Progress reports—Uniform process. The department shall establish a uniform process for participating local governments to report progress toward reducing homelessness and meeting locally established goals. [2005 c 484 § 15.]

43.185C.120 Rules. The department may adopt such rules as may be necessary to effect the purposes of this chapter. [2005 c 484 § 16.]

43.185C.130 Protection of state's interest in grant program projects. The department shall ensure that the state's interest is protected upon the development, use, sale, or change of use of projects constructed, acquired, or financed in whole or in part through the homeless housing grant program. These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project, or (2) requiring a lump sum repayment of the grant upon the sale or change of use of the project. [2005 c 484 § 17.]

43.185C.140 Public assistance eligibility—Payments exempt. The department of social and health services shall exempt payments to individuals provided under this chapter when determining eligibility for public assistance. [2005 c 484 § 20.]

43.185C.150 Expenditures within authorized funds—Existing expenditures not reduced or supplanted. This chapter does not require either the department or any local government to expend any funds to accomplish the goals of this chapter other than the revenues authorized in chapter 484, Laws of 2005. However, neither the department nor any local government may use any funds authorized in chapter 484, Laws of 2005 to supplant or reduce any existing expenditures of public money for the reduction or prevention of homelessness or services for homeless persons. [2005 c 484 § 21.]

43.185C.160 County homeless housing task forces—Homeless housing plans—Reports by counties. (1) Each county shall create a homeless housing task force to develop a five-year homeless housing plan addressing short-term and long-term housing for homeless persons.

Membership on the task force may include representatives of the counties, cities, towns, housing authorities, civic and faith organizations, schools, community networks, human services providers, law enforcement personnel, criminal justice personnel, including prosecutors, probation officers, and jail administrators, substance abuse treatment providers, mental health care providers, emergency health care providers, businesses, real estate professionals, at large representatives of the community, and a homeless or formerly homeless individual.

In lieu of creating a new task force, a local government may designate an existing governmental or nonprofit body which substantially conforms to this section and which includes at least one homeless or formerly homeless individual to serve as its homeless representative. As an alternative to a separate plan, two or more local governments may work in concert to develop and execute a joint homeless housing plan, or to contract with another entity to do so according to the requirements of this chapter. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If a county declines to participate, the department shall create and execute a local homeless housing plan for the county meeting the requirements of this chapter.

(2) In addition to developing a five-year homeless housing plan, each task force shall establish guidelines consistent with the statewide homeless housing strategic plan, as needed, for the following:

- (a) Emergency shelters;
- (b) Short-term housing needs;
- (c) Temporary encampments;
- (d) Supportive housing for chronically homeless persons; and
- (e) Long-term housing.

Guidelines must include, when appropriate, standards for health and safety and notifying the public of proposed facilities to house the homeless.

(3) Each county, including counties exempted from creating a new task force under subsection (1) of this section, shall report to the department such information as may be needed to ensure compliance with this chapter, including the annual report required in RCW 43.185C.045. [2018 c 85 § 7; 2005 c 485 § 1.]

Intent—Short title—2018 c 85: See notes following RCW 43.185C.045.

43.185C.170 Interagency council on homelessness—Duties—Reports. (1) The interagency council on homelessness, as defined in RCW 43.185C.010, shall be convened not later than August 31, 2006, and shall meet at least two times

each year and report to the appropriate committees of the legislature annually by December 31st on its activities.

(2) The interagency council on homelessness shall work to create greater levels of interagency coordination and to coordinate state agency efforts with the efforts of state and local entities addressing homelessness.

(3) The interagency council shall seek to:

(a) Align homeless-related housing and supportive service policies among state agencies;

(b) Identify ways in which providing housing with appropriate services can contribute to cost savings for state agencies;

(c) Identify policies and actions that may contribute to homelessness or interfere with its reduction;

(d) Review and improve strategies for discharge from state institutions that contribute to homelessness;

(e) Recommend policies to either improve practices or align resources, or both, including those policies requested by the affordable housing advisory board or through state and local housing plans; and

(f) Ensure that the housing status of people served by state programs is collected in consistent formats available for analysis. [2006 c 349 § 7.]

Finding—2006 c 349: See note following RCW 43.185.130.

43.185C.180 Washington homeless client management information system. (1) In order to improve services for the homeless, the department, within amounts appropriated by the legislature for this specific purpose, shall implement the Washington homeless client management information system for the ongoing collection and updates of information about all homeless individuals in the state.

(2) Information about homeless individuals for the Washington homeless client management information system shall come from the Washington homeless census and from state agencies and community organizations providing services to homeless individuals and families.

(a) Personally identifying information about homeless individuals for the Washington homeless client management information system may only be collected after having obtained informed, reasonably time limited (i) written consent from the homeless individual to whom the information relates, or (ii) telephonic consent from the homeless individual, provided that written consent is obtained at the first time the individual is physically present at an organization with access to the Washington homeless client management information system. Safeguards consistent with federal requirements on data collection must be in place to protect homeless individuals' rights regarding their personally identifying information.

(b) Data collection under this subsection shall be done in a manner consistent with federally informed consent guidelines regarding human research which, at a minimum, require that individuals receive:

(i) Information about the expected duration of their participation in the Washington homeless client management information system;

(ii) An explanation of whom to contact for answers to pertinent questions about the data collection and their rights regarding their personal identifying information;

(2021 Ed.)

(iii) An explanation regarding whom to contact in the event of injury to the individual related to the Washington homeless client management information system;

(iv) A description of any reasonably foreseeable risks to the homeless individual; and

(v) A statement describing the extent to which confidentiality of records identifying the individual will be maintained.

(c) The department must adopt policies governing the appropriate process for destroying Washington homeless client management information system paper documents containing personally identifying information when the paper documents are no longer needed. The policies must not conflict with any federal data requirements.

(d) Any unaccompanied youth thirteen years of age or older may give consent for the collection of his or her personally identifying information under this section. "Unaccompanied" has the same definition as in RCW 43.330.702.

(3) The Washington homeless client management information system shall serve as an online information and referral system to enable local governments and providers to connect homeless persons in the database with available housing and other support services. Local governments shall develop a capacity for continuous case management, including independent living plans, when appropriate, to assist homeless persons.

(4) The information in the Washington homeless client management information system will also provide the department with the information to consolidate and analyze data about the extent and nature of homelessness in Washington state, giving emphasis to information about the extent and nature of homelessness in Washington state among families with children.

(5) The system may be merged with other data gathering and reporting systems and shall:

(a) Protect the right of privacy of individuals;

(b) Provide for consultation and collaboration with all relevant state agencies including the department of social and health services, experts, and community organizations involved in the delivery of services to homeless persons; and

(c) Include related information held or gathered by other state agencies.

(6) Within amounts appropriated by the legislature, for this specific purpose, the department shall evaluate the information gathered and disseminate the analysis and the evaluation broadly, using appropriate computer networks as well as written reports.

(7) The Washington homeless client management information system shall be implemented by December 31, 2009, and updated with new homeless client information at least annually. [2018 c 15 § 1; 2011 c 239 § 1; 2006 c 349 § 8; 1999 c 267 § 4. Formerly RCW 43.63A.655.]

Finding—2006 c 349: See note following RCW 43.185.130.

Findings—Intent—Severability—1999 c 267: See notes following RCW 43.20A.790.

43.185C.185 Eviction prevention rental assistance program. (1) The eviction prevention rental assistance program is created in the department to prevent evictions by providing resources to households most likely to become homeless or suffer severe health consequences, or both, after an

eviction, while promoting equity by prioritizing households, including communities of color, disproportionately impacted by public health emergencies and by homelessness and housing instability. The department must provide grants to eligible organizations, as described in RCW 43.185.060, to provide assistance to program participants. The eligible organizations must use grant moneys for:

(a) Rental assistance, including rental arrears and future rent if needed to stabilize the applicant's housing and prevent their eviction;

(b) Utility assistance for households if needed to prevent an eviction; and

(c) Administrative costs of the eligible organization, which must not exceed limits prescribed by the department.

(2) Households eligible to receive assistance through the eviction prevention rental assistance program are those:

(a) With incomes at or below 80 percent of the county area median income;

(b) Who are families with children, living in doubled up situations, young adults, senior citizens, and others at risk of homelessness or significant physical or behavioral health complications from homelessness; and

(c) That meet any other eligibility requirements as established by the department after consultation with stakeholder groups, including persons at risk of homelessness due to unpaid rent, representatives of communities of color, homeless service providers, landlord representatives, local governments that administer homelessness assistance, a statewide association representing cities, a statewide association representing counties, a representative of homeless youth and young adults, and affordable housing advocates.

(3) A landlord may assist an eligible household in applying for assistance through the eviction prevention rental assistance program or may apply for assistance on an eligible household's behalf.

(4)(a) Eligible grantees must actively work with organizations rooted in communities of color to assist and serve marginalized populations within their communities.

(b) At least 10 percent of the grant total must be subgranted to organizations that serve and are substantially governed by marginalized populations to pay the costs associated with program outreach, assistance completing applications for assistance, rent assistance payments, activities that directly support the goal of improving access to rent assistance for people of color, and related costs. Upon request by an eligible grantee or the county or city in which it exists, the department must provide a list of organizations that serve and are substantially governed by marginalized populations, if known.

(c) An eligible grantee may request an exemption from the department from the requirements under (b) of this subsection. The department must consult with the stakeholder group established under subsection (2)(c) of this section before granting an exemption. An eligible grantee may request an exemption only if the eligible grantee:

(i) Is unable to subgrant with an organization that serves and is substantially governed by marginalized populations; or

(ii) Provides the department with a plan to spend 10 percent of the grant total in a manner that the department determines will improve racial equity for historically underserved communities more effectively than a subgrant.

(5) The department must ensure equity by developing performance measures and benchmarks that promote both equitable program access and equitable program outcomes. Performance measures and benchmarks must be developed by the department in consultation with stakeholder groups, including persons at risk of homelessness due to unpaid rent, representatives of communities of color, homeless service providers, landlord representatives, local governments that administer homelessness assistance, a statewide association representing cities, a statewide association representing counties, a representative of homeless youth and young adults, and affordable housing advocates. Performance measures and benchmarks must also ensure that the race and ethnicity of households served under the program are proportional to the numbers of people at risk of homelessness in each county for each of the following groups:

(a) Black or African American;

(b) American Indian and Alaska Native;

(c) Native Hawaiian or other Pacific Islander;

(d) Hispanic or Latinx;

(e) Asian;

(f) Other multiracial.

(6) The department may develop additional rules, requirements, procedures, and guidelines as necessary to implement and operate the eviction prevention rental assistance program.

(7)(a) The department must award funds under this section to eligible grantees in a manner that is proportional to the amount of revenue collected under RCW 36.22.176 from the county being served by the grantee.

(b) The department must provide counties with the right of first refusal to receive grant funds distributed under this subsection. If a county refuses the funds or does not respond within a time frame established by the department, the department must identify an alternative grantee. The alternative grantee must distribute the funds in a manner that is in compliance with this chapter. [2021 c 214 § 2.]

The state's portion of the surcharges established in RCW 36.22.178 and 36.22.176 shall be deposited in the account. Expenditures from the account may only be used for affordable housing programs, including operations, maintenance, and services as described in RCW 36.22.176(1)(a). During the 2021-2023 fiscal biennium, expenditures from the account may be used for operations, maintenance, and services for permanent supportive housing as defined in RCW 36.70A.030. (3) All program participants must be willing to create and actively participate in a housing stability plan for achieving permanent housing and greater levels of self-sufficiency.

(4) Data on all program participants must be entered into and tracked through the Washington homeless client management information system as described in RCW 43.185C.180. For eligible organizations serving victims of domestic violence or sexual assault, compliance with this subsection must be accomplished in accordance with 42 U.S.C. Sec. 11383(a)(8).

43.185C.215 Transitional housing operating and rent account. The transitional housing operating and rent account is created in the custody of the state treasurer. All receipts from sources directed to the transitional housing operating and rent program must be deposited into the account. Expenditures from the account may be used solely for the purpose of the transitional housing operating and rent program as described in RCW 43.185C.210. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2008 c 256 § 2.]

43.185C.220 Essential needs and housing support program—Distribution of funds. (1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating

budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under RCW 74.04.805 and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The amount of funds to be distributed pursuant to this section shall be designated in the biennial operating budget. For the sole purpose of meeting the initial distribution of funds date, the department may distribute partial funds upon the department's approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.

(3)(a) During the 2011-2013 biennium, in awarding housing support that is not funded through the contingency fund in this subsection, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010. As provided in the biennial operating budget for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at substantial risk of losing stable housing or at substantial risk of losing one of the other services defined in RCW 74.62.010(6). For purposes of this chapter, "substantial risk" means the client has provided documentation that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.

(b) After July 1, 2013, the designated housing support entity shall give first priority to clients who are homeless persons as defined in RCW 43.185C.010 and second priority to clients who would be at substantial risk of losing stable housing without housing support.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to medical care services program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every person referred to the local entity or who meets the priority standards in subsection (3) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more counties may combine resources to more effectively deliver services.

(b) The department's designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support

to recipients of the essential needs and housing support program, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The department may move funds between entities or between counties to reflect actual caseload changes. In doing so, the department must: (i) Develop a process for reviewing the caseload of designated essential needs and housing support entities, and for redistributing grant funds from those entities experiencing reduced actual caseloads to those with increased actual caseloads; and (ii) inform all designated entities of the redistribution process. Savings resulting from program caseload attrition from the essential needs and housing support program shall not result in increased per-client expenditures.

(d) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(6) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(7) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:

(i) A description of the actions the department has taken to achieve the objectives of chapter 36, Laws of 2011 1st sp. sess.;

(ii) The amount of funds used by the department to administer the program;

(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals who have requested housing support but did not receive housing support;

(iv) Grantee expenditure data related to administration and services provided under this section; and

(v) Efforts made to partner with other entities and leverage sources or public and private funds;

(d) Review the data submitted by the designated entities, and make recommendations for program improvements and administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.

(8) The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding: (a) The provision or lack of provision of housing or essential needs support; or (b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential needs or housing support entity to enforce contractual duties or obligations. 43.185C.230 Verification of eligibility—Medical care services. The department, in collaboration with the department of social and health services, shall:

(1) Develop a mechanism through which the department and local governments or community-based organizations can verify a person has been determined eligible by the department of social and health services and remains eligible for the essential needs and housing support program; and

(2) Provide a secure and current list of individuals eligible for the essential needs and housing support program to designated entities within each county. The list must be updated at least monthly and include, as available and applicable, the eligible individual's:

(a) Name;

(b) If the administrator has reasonable cause to believe that a child is a child in need of services and the parent is unavailable or unwilling to continue efforts to maintain the family structure, the administrator shall immediately convene a multidisciplinary team.

(c) A parent may disband a team twenty-four hours, excluding weekends and holidays, after receiving notice of formation of the team under (b) of this subsection unless a petition has been filed under RCW 13.32A.140. Those agencies that agree to participate shall provide the director or the director's designee all information necessary to facilitate forming a multidisciplinary team and the director or the director's designee shall provide this information to the administrator of each crisis residential center.

(3) The administrator shall also seek participation from representatives of mental health and drug and alcohol treatment providers as appropriate.

(4) A parent shall be advised of the request to form a multidisciplinary team and may select additional members of the multidisciplinary team. The parent or child may request any person or persons to participate including, but not limited to, educators, law enforcement personnel, court personnel, family therapists, licensed health care practitioners, social service providers, youth residential placement providers, other family members, church representatives, and members of their own community. The administrator shall assist in obtaining the prompt participation of persons requested by the parent or child.

(1) An officer taking a child into custody under RCW 43.185C.260(1) (a) or (b) shall inform the child of the reason for such custody and shall:

(a) Transport the child to his or her home or to a parent at his or her place of employment, if no parent is at home. The parent may request that the officer take the child to the home of an adult extended family member, responsible adult, crisis residential center, the department of children, youth, and families, or a licensed youth shelter. In responding to the request of the parent, the officer shall take the child to a requested place which, in the officer's belief, is within a reasonable distance of the parent's home. The officer releasing a child into the custody of a parent, an adult extended family member, responsible adult, or a licensed youth shelter shall inform the person receiving the child of the reason for taking the child into custody and inform all parties of the nature and location of appropriate services available in the community; or

(b) After attempting to notify the parent, take the child to a designated crisis residential center's secure facility or a center's semi-secure facility if a secure facility is full, not available, or not located within a reasonable distance if:

(i) The child expresses fear or distress at the prospect of being returned to his or her home which leads the officer to believe there is a possibility that the child is experiencing some type of abuse or neglect;

(ii) It is not practical to transport the child to his or her home or place of the parent's employment; or

(iii) There is no parent available to accept custody of the child; or

(c) After attempting to notify the parent, if a crisis residential center is full, not available, or not located within a reasonable distance, request the department of children, youth, and families to accept custody of the child. If the department of children, youth, and families determines that an appropriate placement is currently available, the department of children, youth, and families shall accept custody and place the child in an out-of-home placement. Upon accepting custody of a child from the officer, the department of children, youth, and families may place the child in an out-of-home placement for up to seventy-two hours, excluding Saturdays, Sundays, and holidays, without filing a child in need of services petition, obtaining parental consent, or obtaining an order for placement under chapter 13.34 RCW. Upon transferring a child to the department of children, youth, and families' custody, the officer shall provide written documentation of the reasons and the statutory basis for taking the child into custody. If the department of children, youth, and families declines to accept custody of the child, the officer may release the child after attempting to take the child to the following, in the order listed: The home of an adult extended family member; a responsible adult; or a licensed youth shelter. The officer shall immediately notify the department of children, youth, and families if no placement option is available and the child is released.

(2) An officer taking a child into custody under RCW 43.185C.260(1)(c) shall inform the child of the reason for

custody. An officer taking a child into custody under RCW 43.185C.260(1)(c) may release the child to the supervising agency, may return the child to the placement authorized by the supervising agency, or shall take the child to a designated crisis residential center.

(3) Every officer taking a child into custody shall provide the child and his or her parent or parents or responsible adult with a copy of the statement specified in RCW 43.185C.290(6).

(4) Whenever an officer transfers custody of a child to a crisis residential center or the department of children, youth, and families, the child may reside in the crisis residential center or may be placed by the department of children, youth, and families in an out-of-home placement for an aggregate total period of time not to exceed seventy-two hours excluding Saturdays, Sundays, and holidays. Thereafter, the child may continue in out-of-home placement only if the parents have consented, a child in need of services petition has been filed, or an order for placement has been entered under chapter 13.34 RCW.

(5) The department of children, youth, and families shall ensure that all law enforcement authorities are informed on a regular basis as to the location of all designated secure and semi-secure facilities within centers in their jurisdiction, where children taken into custody under RCW 43.185C.260 may be taken. 43.185C.290 Youth services—Child admitted to secure facility—Maximum hours of custody—Evaluation for semi-secure facility or release to department of social and health services—Parental right to remove child—Reconciliation effort—Information to parent and child—Written statement of services and rights—Crisis residential center immunity from liability. (1) A child admitted to a secure facility located in a juvenile detention center shall remain in the facility for at least twenty-four hours after admission but for not more than five consecutive days. A child admitted to a secure facility not located in a juvenile detention center or a semi-secure facility may remain for not more than fifteen consecutive days. If a child is transferred between a secure and semi-secure facility, the aggregate length of time a child may remain in both facilities shall not exceed fifteen consecutive days per admission, and in no event may a child's stay in a secure facility located in a juvenile detention center exceed five days per admission.

(2)(a)(i) The facility administrator shall determine within twenty-four hours after a child's admission to a secure facility whether the child is likely to remain in a semi-secure facility and may transfer the child to a semi-secure facility or release the child to the department of social and health services. The determination shall be based on: (A) The need for continued assessment, protection, and treatment of the child in a secure facility; and (B) the likelihood the child would remain at a semi-secure facility until his or her parents can take the child home or a petition can be filed under this title.

(ii) In making the determination the administrator shall consider the following information if known: (A) The child's age and maturity; (B) the child's condition upon arrival at the center; (C) the circumstances that led to the child's being taken to the center; (D) whether the child's behavior endangers the health, safety, or welfare of the child or any other person; (E) the child's history of running away; and (F) the child's willingness to cooperate in the assessment.

(b) If the administrator of a secure facility determines the child is unlikely to remain in a semi-secure facility, the administrator shall keep the child in the secure facility pursuant to this chapter and in order to provide for space for the child may transfer another child who has been in the facility for at least seventy-two hours to a semi-secure facility. The administrator shall only make a transfer of a child after determining that the child who may be transferred is likely to remain at the semi-secure facility.

(c) A crisis residential center administrator is authorized to transfer a child to a crisis residential center in the area where the child's parents reside or where the child's lawfully prescribed residence is located.

(d) An administrator may transfer a child from a semi-secure facility to a secure facility whenever he or she reasonably believes that the child is likely to leave the semi-secure facility and not return and after full consideration of all factors in (a)(i) and (ii) of this subsection.

(3) If no parent is available or willing to remove the child during the first seventy-two hours following admission, the department of social and health services shall consider the filing of a petition under RCW 13.32A.140.

(4) Notwithstanding the provisions of subsection (1) of this section, the parents may remove the child at any time unless the staff of the crisis residential center has reasonable cause to believe that the child is absent from the home because he or she is abused or neglected or if allegations of abuse or neglect have been made against the parents. The department of social and health services or any agency legally charged with the supervision of a child may remove a child from a crisis residential center at any time after the first twenty-four hour period after admission has elapsed and only after full consideration by all parties of the factors in subsection (2)(a) of this section.

(5) Crisis residential center staff shall make reasonable efforts to protect the child and achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours from the time of admission, and if the administrator of the center does not consider it likely that reconciliation will be achieved within five days of the child's admission to the center, then the administrator shall inform the parent and child of: (a) The availability of counseling services; (b) the right to file a child in need of services petition for an out-of-home placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; (c) the right to request the facility administrator or his or her designee to form a multidisciplinary team; (d) the right to request a review of any out-of-home placement; (e) the right to request a mental health or chemical dependency evaluation by a county-designated professional or a private treatment facility; and (f) the right to request treatment in a program to address the child's at-risk behavior under RCW 13.32A.197.

(6) At no time shall information regarding a parent's or child's rights be withheld. The department shall develop and distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating the services and rights. The administrator of the facility or his or her designee shall provide every resident and parent with a copy of the statement.

(7) A crisis residential center and any person employed at the center acting in good faith in carrying out the provisions of this section are immune from criminal or civil liability for such actions. Juveniles placed in such a facility pursuant to this section may not, to the extent possible, come in contact with alleged or convicted juvenile or adult offenders.

(3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department of social and health services or the department's designee, which shall include the services defined in RCW 43.185C.305(2). 43.185C.315 Youth services—HOPE centers—Establishment—Requirements. (1) The department shall establish HOPE centers across the state and may establish HOPE centers by contract, within funds appropriated by the legislature specifically for this purpose. HOPE centers shall be operated in a manner to reasonably assure that street youth placed there will not run away. Pursuant to rules established by the facility administrator, residents may come and go from the facility at reasonable hours such that no residents are free to come and go at all hours of the day and night. The facility administrator, where appropriate, may condition a resident's leaving the facility upon the resident being accompanied by the administrator or the administrator's designee and the resident may be required to notify the administrator or the administrator's designee of any intent to leave, his or her intended destination, and the probable time of his or her return to the HOPE center. Any street youth who runs away from a HOPE center shall not be readmitted unless specifically authorized by the street youth's placement and liaison specialist, and the placement and liaison specialist shall document with specific factual findings an appropriate basis for readmitting any street youth to a HOPE center. HOPE centers are required to have the following:

(a) A license issued by the department of children, youth, and families, including staff who meet licensing qualifications;

(b) A case manager who may be a contractual or a part-time employee, but must be available to work with street youth in a HOPE center at a ratio of one to every fifteen youth staying in a HOPE center. This case manager shall be known as a placement and liaison specialist. Preference shall be given to those case managers who have experience working with adolescents and are cross-credentialed in mental health and chemical dependency. The placement and liaison specialist shall:

(i) Conduct an assessment of the street youth that includes a determination of the street youth's legal status regarding residential placement;

(ii) Facilitate the street youth's return to his or her legally authorized residence at the earliest possible date or initiate processes to arrange legally authorized appropriate place-

ment. Any street youth who may meet the definition of dependent child under RCW 13.34.030 must be referred to the department of children, youth, and families. The department of children, youth, and families shall determine whether a dependency petition should be filed under chapter 13.34 RCW. A shelter care hearing must be held within seventy-two hours to authorize out-of-home placement for any youth the department of children, youth, and families determines is appropriate for out-of-home placement under chapter 13.34 RCW. All of the provisions of chapter 13.32A RCW must be followed for children in need of services or at-risk youth;

(iii) Interface with other relevant resources and system representatives to secure long-term residential placement and other needed services for the street youth;

(iv) Be assigned immediately to each youth and meet with the youth within eight hours of the youth receiving HOPE center services;

(v) Facilitate a physical examination of any street youth who has not seen a physician within one year prior to residence at a HOPE center and facilitate evaluation by a county-designated mental health professional, a chemical dependency specialist, or both if appropriate; and

(vi) Arrange an educational assessment to measure the street youth's competency level in reading, writing, and basic mathematics, and that will measure learning disabilities or special needs;

(c) Staff trained in development needs of street youth as determined by the department, including but not limited to an on-site program manager who must work with the placement and liaison specialist to provide appropriate services on-site;

(d) A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the department;

(e) Notification requirements that meet the notification requirements of chapter 13.32A RCW. The youth's arrival date and time must be logged at intake by HOPE center staff. The staff must immediately notify law enforcement and dependency caseworkers if a street youth runs away from a HOPE center. A child may be transferred to a secure facility as defined in RCW 13.32A.030 whenever the staff reasonably believes that a street youth is likely to leave the HOPE center and not return after full consideration of the factors set forth in RCW 43.185C.290(2)(a) (i) and (ii). The street youth's temporary placement in the HOPE center must be authorized by the court or the secretary of the department of children, youth, and families if the youth is a dependent of the state under chapter 13.34 RCW or the department of children, youth, and families is responsible for the youth under chapter 13.32A RCW, or by the youth's parent or legal custodian, until such time as the parent can retrieve the youth who is returning to home;

(f) HOPE centers must identify to the department of children, youth, and families any street youth it serves who is not returning promptly to home. The department of children, youth, and families then must contact the missing children's clearinghouse identified in chapter 13.60 RCW and either report the youth's location or report that the youth is the subject of a dependency action and the parent should receive

notice from the department of children, youth, and families; and

(g) Services that provide counseling and education to the street youth.

(2) The department shall award contracts for the operation of HOPE center beds with the goal of facilitating the coordination of services provided for youth by such programs and those services provided by secure and semi-secure crisis residential centers.

(3) Subject to funds appropriated for this purpose, the department must incrementally increase the number of available HOPE beds by at least seventeen beds in fiscal year 2017, at least seventeen beds in fiscal year 2018, and at least seventeen beds in fiscal year 2019, such that by July 1, 2019, seventy-five HOPE beds are established and operated throughout the state as set forth in subsection (1) of this section.

(4) Subject to funds appropriated for this purpose, the beds available in HOPE centers shall be increased incrementally. The additional capacity shall be distributed around the state based upon need and, to the extent feasible, shall be geographically situated so that HOPE beds are available across the state. In determining the need for increased numbers of HOPE beds in a particular county or counties, one of the considerations should be the volume of truancy petitions filed there. The department of commerce shall adopt rules to carry out this chapter and the long-term care ombuds provisions of the federal older Americans act, as amended, and applicable federal regulations. The long-term care ombuds program shall have the following powers and duties:

(3) Establish procedures consistent with RCW 43.190.110 for appropriate access by long-term care ombuds to long-term care facilities and patients' records, including procedures to protect the confidentiality of the records and

ensure that the identity of any complainant or resident will not be disclosed without the written consent of the complainant or resident, or upon court order;

(4) Establish a statewide uniform reporting system to collect and analyze data relating to complaints and conditions in long-term care facilities for the purpose of identifying and resolving significant problems, with provision for submission of such data to the department of social and health services and to the federal department of health and human services, or its successor agency, on a regular basis; and

Legislative findings—1988 c 119: "The legislature recognizes that the state long-term care ombudsman [ombuds] program and the office of the state long-term care ombudsman [ombuds], located within the department of social and health services, have brought into serious question the ability of that office to serve as an effective mechanism on the state level for investigating and resolving complaints made by or on behalf of residents of long-term care facilities.

The legislature further finds it necessary to exercise its options under the federal older Americans act and identify an organization, outside of the department of social and health services and independent of any other state agency, to provide, through contract, long-term care ombudsman [ombuds] services." [1988 c 119 § 1.]

Use of survey findings—1988 c 119: "The survey findings, together with any reports of legislative committees in response to such survey, shall be used by the department of community development in determining the best manner to contract for and provide long-term care ombudsman [ombuds] services." - 43.210.130 Minority business export outreach program.

43.210.010 Findings. The legislature finds:

(1) The exporting of goods and services from Washington to international markets is an important economic stimulus to the growth, development, and stability of the state's businesses in both urban and rural areas, and that these economic activities create needed jobs for Washingtonians.

(2) Impediments to the entry of many small and medium-sized businesses into export markets have restricted growth in exports from the state.

(3) Particularly significant impediments for many small and medium-sized businesses are the lack of easily accessible information about export opportunities and financing alternatives.

(4) There is a need for a small business export finance assistance center which will specialize in providing export assistance to small and medium-sized businesses throughout the state in acquiring information about export opportunities and financial alternatives for exporting. [1990 1st ex.s. c 17 § 65; 1985 c 231 § 1; 1983 1st ex.s. c 20 § 1.]

Intent—1990 1st ex.s. c 17: "The legislature finds that the Puget Sound region is experiencing economic prosperity and the challenges associated with rapid growth; much of the rest of the state is not experiencing economic prosperity, and faces challenges associated with slow economic growth. It is the intent of the legislature to encourage economic prosperity and balanced economic growth throughout the state.

In order to accomplish this goal, growth must be managed more effectively in the Puget Sound region, and rural areas must build local capacity to accommodate additional economic activity in their communities. Where possible, rural economies and low-income areas should be linked with prosperous urban economies to share economic growth for the benefit of all areas and the state.

To accomplish this goal it is the intent of the legislature to: (1) Assure equitable opportunities to secure prosperity for distressed areas, rural communities, and disadvantaged populations by promoting urban-rural economic links, and by promoting value-added product development, business networks, and increased exports from rural areas; (2) improve the economic development service delivery system to be better able to serve these areas, communities, and populations; (3) redirect the priorities of the state's economic development programs to focus economic development efforts into areas and sectors of the greatest need; (4) build local capacity so that communities are better able to plan for growth and achieve self-reliance; (5) administer grant programs to promote new feasibility studies and project development on projects of interest to rural areas or areas outside of the Puget Sound region; and (6) develop a coordinated economic investment strategy involving state economic development programs, businesses, educational and vocational training institutions, local governments and local economic development organizations, ports, and others." Chapter 43.211 RCW 211 INFORMATION SYSTEM

Sections

43.211.005	Findings.
43.211.010	211 system.
43.211.020	Definitions.
43.211.030	New information services.

43.211.070	Reports to the legislature.
43.211.902	Effective date—2003 c 135.

43.211.005 Findings. The legislature finds that the implementation of a single easy to use telephone number, 211, for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster will benefit the citizens

(2021 Ed.)

of the state of Washington by providing easier access to available health and human services, by reducing inefficiencies in connecting people with the desired service providers, and by reducing duplication of efforts. The legislature further finds in a time of reduced resources for providing health and human services that establishing a cost-effective means to continue to provide information to the public about available services is important. The legislature further finds that an integrated statewide system of local information and referral service providers will build upon an already existing network of experienced service providers without the necessity of creating a new agency, department, or system to provide 211 services. The legislature further finds that no funds should be appropriated by the legislature to a 211 system under chapter 135, Laws of 2003 without receiving documentation that a 211 system will provide savings to the state. [2003 c 135 § 1.]

43.211.010 211 system. 211 is created as the official state dialing code for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster. [2003 c 135 § 2.]

43.211.030 New information services. Before a state agency or department that provides health and human services establishes a new public information telephone line or hotline, the state agency or department shall consult with WIN 211 about using the 211 system to provide public access to the information. [2003 c 135 § 4.]

43.211.040 211 services. Only a service provider approved by WIN 211 may provide 211 telephone services. WIN 211 shall approve 211 service providers, after considering the following:

(1) The ability of the proposed 211 service provider to meet the national 211 standards recommended by the alliance of information and referral systems and adopted by the national 211 collaborative on May 5, 2000;

(2) The financial stability and health of the proposed 211 service provider;

(3) The community support for the proposed 211 service provider;

(4) The relationships with other information and referral services; and

(f) Providing grants to approved 211 service providers to enable the provision of 211 services on a twenty-four-hour per day seven-day a week basis. [2003 c 135 § 7.]

43.211.070 Reports to the legislature. WIN 211 shall provide an annual report to the legislature and the department beginning July 1, 2004. [2003 c 135 § 8.]

43.211.902 Effective date—2003 c 135. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003. [2003 c 135 § 11.]

GENERAL PROVISIONS

43.216.005 Findings. (1) The legislature finds that state services are not currently organized and delivered in a way that achieves the optimal outcomes for children, youth, and families. The legislature believes that, to improve service delivery and outcomes, existing services must be restructured into a comprehensive agency dedicated to the safety, development, and well-being of children that emphasizes prevention, early childhood development, and early intervention, and supporting parents to be their children's first and most important teachers.

(2) The legislature finds that:

(a) The early years of a child's life are critical to the child's healthy brain development and that the quality of care-

giving during the early years can significantly impact the child's intellectual, social, and emotional development;

(b) A successful outcome for every child obtaining a K-12 education depends on children being prepared from birth for academic and social success in school. For children at risk of school failure, the opportunity gap often emerges as early as eighteen months of age;

(c) A more cohesive and integrated early learning system has been established that provides a solid foundation for further improvements in the quality and availability of early learning programs; and

(d) Increasing the availability of high quality services for children ages birth to three and their parents or caregivers will result in improved school and life outcomes.

(3) Research is clear that quality culturally and linguistically responsive early care and education builds the foundation for a child's success in school and in life. In restructuring early learning and child welfare services, the legislature seeks to build on the success of Washington's early learning efforts to assure children most at risk of experiencing adversity are provided high quality early learning experiences.

(4) The legislature finds that advancements in research and science have identified indicators of risk, how they impact healthy development, and the critical importance of stable, nurturing relationships, particularly in the early years. Services for families and children should be prioritized for those who are most at risk of neglect, physical harm, and other adverse factors.

(5) The legislature finds that a focus on adolescent development is needed to ensure that effective supports and interventions are targeted to support adolescents successfully transitioning to adulthood. Youth known to both the child welfare and juvenile justice systems often suffer from childhood trauma, have multisystem involvement, and experience homelessness. Increased integration of the child welfare and juvenile justice systems can increase opportunities for prevention and improve outcomes for youth in both systems.

(6) The legislature finds that children and youth of color are disproportionately impacted at every point in the child welfare and juvenile justice systems. The department of children, youth, and families must prioritize addressing equity, disproportionality, and disparity in service delivery and outcomes, and provide transparent, frequent reporting of outcomes by race, ethnicity, and geography. The legislature finds that the state values the partnership with tribes in providing services for our children and youth and intends to honor the government-to-government relationship between the state and tribes.

(7) The department of children, youth, and families must be anchored in a culture of innovation, transparency, accountability, rigorous data analysis, and reliance on research and evidence-based interventions.

(8) The legislature finds that the public expects an effective service delivery system that is comprehensive, accountable, and goes beyond a single department's role. For this reason, the legislature is creating a mechanism in the department of children, youth, and families to align, integrate, and ensure accountability of state services for children, youth, and their families across state agencies so that there is a seamless, effective, prevention and early intervention-based service

system regardless of which state agency is responsible for particular services.

(9) The legislature finds that the work of the department of children, youth, and families will only be as successful as the workforce—both the agency employees and community-based providers. Increased support for the professionals working with children, youth, and families is critical to improving outcomes.

(10) The legislature further finds that other states have successfully established integrated departments dedicated to serving children, youth, and families. These departments have improved the visibility of child and family issues, increased authority and accountability, enabled system improvements, and created a stronger focus on improving child outcomes. [2017 3rd sp.s. c 6 § 1.]

43.216.015 Department of children, youth, and families—Created—Duties—Agency performance data—Oversight board for children, youth, and families—Powers and restrictions—Stakeholder meetings. (Effective until December 31, 2021.) (1)(a) The department of children, youth, and families is created as an executive branch agency. The department is vested with all powers and duties transferred to it under chapter 6, Laws of 2017 3rd sp. sess. and such other powers and duties as may be authorized by law. The vision for the department is that Washington state's children and youth grow up safe and healthy—thriving physically, emotionally, and academically, nurtured by family and community.

(b) The department, in partnership with state and local agencies, tribes, and communities, shall protect children and youth from harm and promote healthy development with effective, high quality prevention, intervention, and early

education services delivered in an equitable manner. An important role for the department shall be to provide preventative services to help secure and preserve families in crisis. The department shall partner with the federally recognized Indian tribes to develop effective services for youth and families while respecting the sovereignty of those tribes and the government-to-government relationship. Nothing in chapter 6, Laws of 2017 3rd sp. sess. alters the duties, requirements, and policies of the federal Indian child welfare act, 25 U.S.C. Secs. 1901 through 1963, as amended, or the Indian child welfare act, chapter 13.38 RCW.

(2) Beginning July 1, 2018, the department must develop definitions for, work plans to address, and metrics to measure the outcomes for children, youth, and families served by the department and must work with state agencies to ensure services for children, youth, and families are science-based, outcome-driven, data-informed, and collaborative.

(3)(a) Beginning July 1, 2018, the department must establish short and long-term population level outcome measure goals, including metrics regarding reducing disparities by family income, race, and ethnicity in each outcome.

(b) In addition to transparent, frequent reporting of the outcome measures in (c)(i) through (viii) of this subsection, the department must report to the legislature an examination of engagement, resource utilization, and outcomes for clients receiving department services and youth participating in juvenile court alternative programs funded by the department, no less than annually and beginning September 1, 2020. The data in this report must be disaggregated by race, ethnicity, and geography. This report must identify areas of focus to advance equity that will inform department strategies so that all children, youth, and families are thriving. Metrics detailing progress towards eliminating disparities and disproportionality over time must also be included. The report must also include information on department outcome measures, actions taken, progress toward these goals, and plans for the future year.

(c) The outcome measures must include, but are not limited to:

(i) Improving child development and school readiness through voluntary, high quality early learning opportunities as measured by: (A) Increasing the number and proportion of children kindergarten-ready as measured by the Washington kindergarten inventory of developing skills (WAKids) assessment including mathematics; (B) increasing the proportion of children in early learning programs that have achieved the level 3 or higher early achievers quality standard; and (C) increasing the available supply of licensed child care in child care centers, outdoor nature-based child care, and family homes, including providers not receiving state subsidy;

(ii) Preventing child abuse and neglect;

(iii) Improving child and youth safety, permanency, and well-being as measured by: (A) Reducing the number of children entering out-of-home care; (B) reducing a child's length of stay in out-of-home care; (C) reducing maltreatment of youth while in out-of-home care; (D) licensing more foster homes than there are children in foster care; (E) reducing the number of children that reenter out-of-home care within twelve months; (F) increasing the stability of placements for children in out-of-home care; and (G) developing strategies

to demonstrate to foster families that their service and involvement is highly valued by the department, as demonstrated by the development of strategies to consult with foster families regarding future placement of a foster child currently placed with a foster family;

(iv) Improving reconciliation of children and youth with their families as measured by: (A) Increasing family reunification; and (B) increasing the number of youth who are reunified with their family of origin;

(vi) Reducing future demand for mental health and substance use disorder treatment for youth involved in the child welfare and juvenile justice systems;

(vii) In collaboration with county juvenile justice programs, reducing criminal justice involvement and recidivism as measured by: (A) An increase in the number of youth who successfully complete the terms of diversion or alternative sentencing options; (B) a decrease in the number of youth who commit subsequent crimes; and (C) eliminating the discharge of youth from institutional settings into homelessness; and

(viii) Eliminating racial and ethnic disproportionality and disparities in system involvement and across child and youth outcomes in collaboration with other state agencies.

(4) Beginning July 1, 2018, the department must:

(a) Lead ongoing collaborative work to minimize or eliminate systemic barriers to effective, integrated services in collaboration with state agencies serving children, youth, and families;

(b) Identify necessary improvements and updates to statutes relevant to their responsibilities and proposing legislative changes to the governor no less than biennially;

Whenever possible, contractor performance data must be made available to the public, consistent with confidentiality laws and individual rights to privacy.

43.216.080 Integration with other entities. (1) The foundation of quality in the early care and education system in Washington is the quality rating and improvement system entitled the early achievers program. In an effort to build on the existing quality framework, enhance access to quality care for children, and strengthen the entire early care and education systems in the state, it is important to integrate the efforts of state and local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations.

(2) Local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations are encouraged to collaborate with the department when establishing and strengthening early learning programs for residents.

(3) Local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations may contribute funds to the department for the following purposes:

(a) Initial investments to build capacity and quality in local early care and education programming;

(b) Reductions in copayments charged to parents or caregivers;

(c) To expand access and eligibility in the early childhood education and assistance program.

(4) Funds contributed to the department by local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations must be deposited in the early start account established in RCW 43.216.165.

(5) Children enrolled in the early childhood education and assistance program with funds contributed in accordance with subsection (3)(c) of this section are not considered to be eligible children as defined in RCW 43.216.505 and are not considered to be part of the state-funded entitlement required in RCW 43.216.556. [2019 c 408 § 10; 2017 c 178 § 2; 2015 3rd sp.s. c 7 § 15. Formerly RCW 43.215.099.]

Intent—2017 c 178: "The legislature recognizes that local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations play an important role in strengthening the early care and education systems in the state. The legislature acknowledges that these entities may face barriers to investing in early care and education programs. The legislature intends to create a local pathway to high quality early learning to help these entities understand how they can use additional local and private funds with existing funds to expand access for existing programs. The legislature intends for this local pathway to reduce barriers and increase efficiency to provide more high quality early learning opportunities." [2017 c 178 § 1.]

Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.216.085.

43.216.085 Early achievers program—Quality rating and improvement system. (1) The department, in collaboration with tribal governments and community and statewide partners, shall implement a quality rating and improvement system, called the early achievers program. The early achievers program provides a foundation of quality for the early care and education system. The early achievers program is applicable to licensed or certified child care centers, family home child care, outdoor nature-based child care, and early learning programs such as working connections child care and early childhood education and assistance programs.

(2) The objectives of the early achievers program are to:

(a) Improve short-term and long-term educational outcomes for children as measured by assessments including, but not limited to, the Washington kindergarten inventory of developing skills in RCW 28A.655.080;

(b) Give parents clear and easily accessible information about the quality of child care and early education programs;

(c) Support improvement in early learning and child care programs throughout the state;

(d) Increase the readiness of children for school;

(e) Close the disparities in access to quality care;

(f) Provide professional development and coaching opportunities to early child care and education providers; and

(g) Establish a common set of expectations and standards that define, measure, and improve the quality of early learning and child care settings.

(3)(a) Licensed or certified child care centers, family home child care, and outdoor nature-based child care, serving nonschool-age children and receiving state subsidy payments, must participate in the early achievers program by the required deadlines established in RCW 43.216.135.

(b) Approved early childhood education and assistance program providers receiving state-funded support must participate in the early achievers program by the required deadlines established in RCW 43.216.515.

(c) Participation in the early achievers program is voluntary for:

(i) Licensed or certified child care centers, family home child care, and outdoor nature-based child care, not receiving state subsidy payments; and

(ii) Early learning programs not receiving state funds.

(d) School-age child care providers are exempt from participating in the early achievers program. By July 1, 2017, the department and the office of the superintendent of public instruction shall jointly design a plan to incorporate school-age child care providers into the early achievers program or other appropriate quality improvement system. To test implementation of the early achievers system for school-age child

care providers the department and the office of the superintendent of public instruction shall implement a pilot program.

(4)(a) There are five primary levels in the early achievers program.

(b) In addition to the primary levels, the department must establish an intermediate level that is between level 3 and level 4 and serves to assist participants in transitioning to level 4.

(c) Participants are expected to actively engage and continually advance within the program.

(5) The department has the authority to determine the rating cycle for the early achievers program. The department shall streamline and eliminate duplication between early achievers standards and state child care rules in order to reduce costs associated with the early achievers rating cycle and child care licensing.

(a) Early achievers program participants may request to be rated at any time after the completion of all level 2 activities.

(b) The department shall provide an early achievers program participant an update on the participant's progress toward completing level 2 activities after the participant has been enrolled in the early achievers program for fifteen months.

(c) The first rating is free for early achievers program participants.

(d) Each subsequent rating within the established rating cycle is free for early achievers program participants.

(6)(a) Early achievers program participants may request to be rerated outside the established rating cycle. A rerating shall reset the rating cycle timeline for participants.

(b) The department may charge a fee for optional rerating requests made by program participants that are outside the established rating cycle.

(c) Fees charged are based on, but may not exceed, the cost to the department for activities associated with the early achievers program.

(7)(a) The department must create a single source of information for parents and caregivers to access details on a provider's early achievers program rating level, licensing history, and other indicators of quality and safety that will help parents and caregivers make informed choices. The licensing history that the department must provide for parents and caregivers pursuant to this subsection shall only include license suspension, surrender, revocation, denial, stayed suspension, or reinstatement. No unfounded child abuse or neglect reports may be provided to parents and caregivers pursuant to this subsection.

(b) The department shall publish to the department's website, or offer a link on its website to, the following information:

(i) Early achievers program rating levels 1 through 5 for all child care programs that receive state subsidy, early childhood education and assistance programs, and federal head start programs in Washington; and

(ii) New early achievers program ratings within thirty days after a program becomes licensed or certified, or receives a rating.

(c) The early achievers program rating levels shall be published in a manner that is easily accessible to parents and

(2021 Ed.)

caregivers and takes into account the linguistic needs of parents and caregivers.

(d) The department must publish early achievers program rating levels for child care programs that do not receive state subsidy but have voluntarily joined the early achievers program.

(e) Early achievers program participants who have published rating levels on the department's website or on a link on the department's website may include a brief description of their program, contingent upon the review and approval by the department, as determined by established marketing standards.

(8)(a) The department shall create a professional development pathway for early achievers program participants to obtain a high school diploma or equivalency or higher education credential in early childhood education, early childhood studies, child development, or an academic field related to early care and education.

(b) The professional development pathway must include opportunities for scholarships and grants to assist early achievers program participants with the costs associated with obtaining an educational degree.

(c) The department shall address cultural and linguistic diversity when developing the professional development pathway.

(9) The early achievers quality improvement awards shall be reserved for participants offering programs to an enrollment population consisting of at least five percent of children receiving a state subsidy.

(10) In collaboration with tribal governments, community and statewide partners, and the early achievers review subcommittee created in RCW 43.216.075, the department shall develop a protocol for granting early achievers program participants an extension in meeting rating level requirement timelines outlined for the working connections child care program and the early childhood education and assistance program.

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(b) Extensions shall not exceed six months, and early achievers program participants are only eligible for one extension in meeting rating level requirement timelines.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

(11)(a) The department shall accept national accreditation that meets the requirements of this subsection (11) as a qualification for the early achievers program ratings.

(b) Each national accreditation agency will be allowed to submit its most current standards of accreditation to establish potential credit earned in the early achievers program. The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards. By December 1, 2019, and subject to the availability of amounts appropriated for this specific purpose, the department must submit a detailed plan to the governor and the legislature to implement a robust cross-accreditation process with multiple pathways that allows a provider to earn equivalent early achievers credit

resulting from accreditation by high quality national organizations.

(c) Licensed child care centers, child care home providers, and outdoor nature-based child care must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

(12) The department shall explore the use of alternative quality assessment tools that meet the culturally specific needs of the federally recognized tribes in the state of Washington.

(13) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department's website or through a link on the department's website; and

(c) Tribal child care facilities and early learning programs must provide notification to parents or guardians who apply for or have been admitted into their program that early achievers program rating level information is available and provide the parents or guardians with the program's early achievers program rating level upon request.

(14) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(15) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d). Finding—Intent—2015 3rd sp.s. c 7: "(1) The legislature finds that quality early care and education builds the foundation for a child's success in school and in life. The legislature acknowledges that a quality framework is necessary for the early care and education system in Washington. The legislature recognizes that empirical evidence supports the conclusion that high quality programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children. The legislature acknowledges that critical developmental windows exist in early childhood, and low quality child care has damaging effects for children. The legislature further understands that the proper dosage, duration of programming, and stability of care are critical to enhancing program quality and improving child outcomes. The legislature acknowledges that the early care

and education system should strive to address the needs of Washington's culturally and linguistically diverse populations. The legislature understands that parental choice and provider diversity are guiding principles for early learning programs.

(2) The legislature intends to prioritize the integration of child care and preschool in an effort to promote full day programming. The legislature further intends to reward quality and create incentives for providers to participate in a quality rating and improvement system that will also provide valuable information to parents regarding the quality of care available in their communities." 43.216.087 Early achievers program—Participation of culturally diverse and low-income center, family home, and outdoor nature-based child care providers. (1)(a) The department shall, in collaboration with tribal governments and community and statewide partners, implement a protocol to maximize and encourage participation in the early achievers program for culturally diverse and low-income center, family home, and outdoor nature-based child care providers. Amounts appropriated for the encouragement of culturally diverse and low-income center, family home, and outdoor nature-based child care provider participation shall be appropriated separately from the other funds appropriated for the department, are the only funds that may be used for the protocol, and may not be used for any other purposes. Funds appropriated for the protocol shall be considered an ongoing program for purposes of future departmental budget requests.

(b) The department shall prioritize the resources authorized in this section to assist providers in the early achievers program to help them reach a rating of level 3 or higher wherever access to subsidized care is at risk.

(2) The protocol should address barriers to early achievers program participation and include at a minimum the following:

(a) The creation of a substitute pool;

(b) The development of needs-based grants for providers in the early achievers program who demonstrate a need for assistance to improve program quality. 43.216.090 Early achievers program—Mental health consultants. (1) The department shall administer or contract for infant and early childhood mental health consultation services to child care providers and early learning providers participating in the early achievers program.

(2) Beginning July 1, 2021, the department of children, youth, and families must have or contract for one infant and early childhood mental health consultation coordinator and must enter into a contractual agreement with an organization providing coaching services to early achievers program participants to hire at least 12 qualified infant and early childhood mental health consultants. The department shall determine, in collaboration with the statewide child care resource and referral network, where the additional consultants should be sited based on factors such as the total provider numbers overlaid with indicators of highest need. The infant and early childhood mental health consultants must support early achievers program coaches and child care providers by providing resources, information, and guidance regarding challenging behavior and expulsions and may travel to assist providers in serving families and children with severe behavioral needs.

(3) The department shall provide, or contract with an entity to provide, reflective supervision and professional development for infant and early childhood mental health consultants to meet national competency standards.

(4) As capacity allows, the department may provide access to infant and early childhood mental health consultation services to caregivers and licensed or certified, military, and tribal early learning providers, license-exempt family, friend, and neighbor care providers, and families with children expelled or at risk of expulsion from child care. [2021 c 199 § 309; 2019 c 360 § 7.]

Effective date—2021 c 199 §§ 201, 202, 301, 309, and 504: See note following RCW 43.216.1368.

Short title—Findings—Intent—Conflict with federal requirements—2021 c 199: See notes following RCW 43.216.770.

Findings—Intent—2019 c 360: See note following RCW 74.09.4951.

43.216.091 Early achievers program—Administrative policies—Rating and rerating. The department must adopt administrative policies in the early achievers program, within the department's appropriations, to:

(1) Consider child care provider schedules and needs and allow flexibility when scheduling data collection and rating visits at a facility;

(2) Prioritize reratings for providers rated at a level 2;

(3) Prioritize reratings for providers rated at a level 3 who are seeking to become early childhood education and assistance program providers; and

(2021 Ed.)

(4) Provide continuous and robust postrating feedback to providers. [2019 c 369 § 8.]

Findings—Intent—2019 c 369: "(1) The legislature finds that a commitment to early learning quality was established through the passage of the early start act and creation of the early achievers program. The legislature recognizes that achieving the desired child outcomes from high quality early learning and child care requires additional financial support, including the payment of living wages to providers, and that the success of the early achievers system must continue to be supported through adequate funding. Further, the legislature finds that the federal administration of children and families advises states to set child care subsidy rates at the seventy-fifth percentile of private market rates in order to ensure equal access to high quality child care. The legislature further finds that objectives of the early achievers program include providing professional development and robust training and coaching opportunities that are available in geographically diverse areas to child care and early education providers who are often small business owners and as such play a critical role in our state's economy.

(2) The legislature further finds that the department of children, youth, and families has undertaken efforts to identify professional equivalencies for early learning providers that recognize the commitment and years of experience that much of the workforce demonstrates.

(3) Therefore, as recommended by the joint select committee on the early achievers program, the legislature intends to work toward raising base subsidy rates for licensed child care centers and family homes and further incentivize the provision of care for infants and toddlers by considering rates for providers serving these young children. Further, the legislature intends to look to increase needs-based grants, scholarships, and professional development assistance, as well as reduce early achievers coaching ratios, in order to support providers in continuous improvement. The legislature further intends to support the work of the department of children, youth, and families' professional equivalencies committee and the department's development of the proficiency review process." [2019 c 369 § 1.]

43.216.092 Early achievers program—Administrative policies—Various. Subject to the availability of amounts appropriated for this specific purpose, the department must adopt administrative policies in the early achievers program to:

(1) Eliminate rating scale barriers, to the extent possible, within the assessment tools and data collection methodologies used in the early achievers program and weight early achievers points to incentivize providers to serve infants and toddlers;

(2) Remove barriers to timely approvals for one-on-one behavioral support assistants when requested by a provider; and

(3) Require trauma-informed care training for raters and coaches. [2019 c 369 § 9.]

Findings—Intent—2019 c 369: See note following RCW 43.216.091.

43.216.100 Community information and involvement plan—Informing home-based, tribal, and family early learning providers of early achievers program. The department, in collaboration with the office of the superintendent of public instruction, shall create a community information and involvement plan to inform home-based, tribal, and family early learning providers of the early achievers program under RCW 43.216.085. [2019 c 369 § 14; 2016 c 72 § 701. Formerly RCW 43.215.103.]

Findings—Intent—2019 c 369: See note following RCW 43.216.091.

Finding—Intent—2016 c 72: See note following RCW 28A.600.015.

43.216.105 Native language development and retention—Dual language learning—Rules. (1) The department of children, youth, and families must work with community partners to support outreach and education for parents and

families around the benefits of native language development and retention, as well as the benefits of dual language learning. Native language means the language normally used by an individual or, in the case of a child or youth, the language normally used by the parents or family of the child or youth. Dual language learning means learning in two languages, generally English and a target language other than English spoken in the local community, for example Spanish, Somali, Vietnamese, Russian, Arabic, native languages, or indigenous languages where the goal is bilingualism.

(2) Within existing resources, the department must create training and professional development resources on dual language learning, such as supporting English learners, working in culturally and linguistically diverse communities, strategies for family engagement, and cultural responsiveness. The department must design the training modules to be culturally responsive.

(3) Within existing resources, the department must support dual language learning communities for teachers and coaches.

(4) The department may adopt rules to implement this section. [2018 c 58 § 44; 2017 c 236 § 5. Formerly RCW 43.215.104.]

Effective date—2018 c 58: See note following RCW 28A.655.080.

43.216.110 Core competencies for early care and education professionals and child and youth development professionals—Adoption and implementation—Updating. By December 31, 2012, the department shall adopt core competencies for early care and education professionals and child and youth development professionals and develop an implementation plan. The department shall incorporate the core competencies into all appropriate professional development opportunities including, but not limited to, the quality rating and improvement system, the early childhood education and assistance program, child care licensing, and the early support for infants and toddlers program. The purpose of the core competencies is to serve as a foundation for what early care and education professionals and child and youth development professionals need to know and do to provide quality care for children. The core competencies must be reviewed and updated every five years. [2012 c 149 § 2. Formerly RCW 43.215.105.]

Findings—2012 c 149: "The legislature finds that adopting statewide core competencies for early care and education professionals and child and youth development professionals is important because the competencies:

(1) Define what early care and education professionals and child and youth development professionals need to know and be able to do to provide quality care and education for children;

(2) Serve as the foundation for decisions and practices carried out by professionals in all early care and education settings and school-age child care settings;

(3) Establish a set of standards for early care and education professionals and child and youth development professionals that support the professionalism for the field;

(4) Are an integral part of a comprehensive professional development system; and

(5) Recognize existing standards met by nationally chartered nonprofit youth development agencies providing facility-based after school services for school-age children as relevant and sufficient standards." [2012 c 149 § 1.]

43.216.115 Partnership responsibilities—Department's duties—Partnership's duties. (1) In order to meet its partnership responsibilities, the department shall:

These local partnerships shall be encouraged to seek local funding and develop strategies to improve coordination and exchange information between the community, early care and education programs, and the K-12 system; and

(d) Assist the statewide movement to high quality early learning and the support of parents as a child's first and best teacher. [2007 c 394 § 6. Formerly RCW 43.215.110.]

Finding—Declaration—Captions not law—2007 c 394: See notes following RCW 43.216.010.

43.216.120 Reduction of barriers for using local or private funds for early learning opportunities. To the greatest extent possible, the department must reduce barriers and increase efficiency for using local or private funds, or both, to provide more high quality early learning opportunities. [2017 c 178 § 3. Formerly RCW 43.215.112.]

Intent—2017 c 178: See note following RCW 43.216.080.

43.216.125 Parental notification of report alleging sexual misconduct or abuse—Notice of parental rights. The department and an agency must, at the first opportunity but in all cases within forty-eight hours of receiving a report alleging sexual misconduct or abuse by an agency employee, notify the parents or guardian of a child alleged to be the victim, target, or recipient of the misconduct or abuse. The department and an agency shall provide parents annually with information regarding their rights under the public records act, chapter 42.56 RCW, to request the public records regarding the employee. [2007 c 415 § 8. Formerly RCW 43.215.120.]

43.216.130 Home visiting services account—Purpose—Administration—Funding. (1)(a) The home visiting services account is created in the state treasury. Revenues to the account shall consist of appropriations by the legislature and all other sources deposited in the account. All federal funds received by the department for home visiting activities must be deposited into the account.

(b)(i) Expenditures from the account shall be used for state matching funds for the purposes of the program estab-

lished in this section and federally funded activities for the home visiting program, including administrative expenses.

(ii) The department oversees the account and is the lead state agency for home visiting system development. The nongovernmental private-public partnership supports the home visiting service delivery system and provides support functions to funded programs.

(b) Development and maintenance of the infrastructure for home visiting programs, including training, quality improvement, and evaluation.

The department shall monitor performance and provide periodic reports on the uses and outcomes of the home visiting services account.

(5) The department shall, in the administration of the programs:

(a) Fund programs through a competitive bid process or in compliance with the regulations of the funding source; and

Findings—Intent—2020 c 355: "The legislature finds that the federal child care and development block grant act of 2014 reauthorized the child care and development fund program and established a minimum twelve-month eligibility period for subsidized child care in order to provide families with more stability and to support the continuity of care between children

and providers. The legislature further finds that the state's policy of authorizing twelve months of uninterrupted care was affirmed by the passage of the state's early start act in 2015. However, some families are not able to access child care right away through the working connections child care program due to factors beyond their control. These barriers to care include challenges with access to child care in rural areas, declining numbers of providers accepting state subsidy, and the persistence of child care deserts in which either no child care providers are in operation or there are so few options for child care that the demand outweighs available slots. Therefore, the legislature intends to clarify the state's policy that all eligible children may receive at least a full twelve months of working connections child care." [2020 c 355 § 1.]

Contingent effective date—2019 c 406 § 70: "Section 70 of this act takes effect only if chapter 97, Laws of 2019 is enacted by July 28, 2019." [2019 c 406 § 78.]

Findings—Intent—2019 c 406: "(1) The legislature recognizes the following:

(a) In Washington, over forty-six thousand community and technical college students, which represents twenty-three percent of all community and technical college students in the state, are parents of dependent children. Student parents represent more than one-quarter of community and technical college students in Washington who receive financial aid. Financial assistance[,] however, does not sufficiently cover many student parents' college expenses.

(b) Caregiving demands affect student parents' ability to devote the time needed to succeed in school. Nearly three-quarters of women community college students living with dependents report spending over twenty hours per week caring for dependents. Many of these students report that care demands are likely to lead them to drop out: Forty-three percent of women and thirty-seven percent of men at two-year institutions who live with children say they are likely or very likely to withdraw from college to care for dependents.

(c) In addition, child care costs represent a large financial burden for parents who are in college. The annual cost of full-time, center-based infant care averages over thirteen thousand dollars in Washington. Given the financial pressures experienced by student parents, both married and single, assistance with paying for quality child care services could dramatically improve their ability to make ends meet and complete their higher education programs.

(d) Work requirements imposed on student parents as a condition for receiving child care assistance can have negative consequences for parents in education or job training. Students working more than fifteen hours per week achieve significantly lower college attainment compared with those who work fewer hours. Nationally, fifty-eight percent of community college student parents who work fifteen or more hours per week leave school without earning a credential within six years of enrollment, compared with forty-eight percent who work less than fifteen hours per week.

(2) Therefore, the legislature intends to improve access and completion rates of student parents enrolled in community and technical colleges by reducing existing restrictions to subsidized child care." [2019 c 406 § 69.]

Effective date—Intent—Finding—2018 c 52: See notes following RCW 43.216.909.

Findings—Intent—2017 3rd sp.s. c 9: "The legislature finds that children with the greatest needs benefit significantly from child care programs that promote stability, quality, and continuity of care. The legislature recognizes that empirical evidence supports the conclusion that high quality child care programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children.

Children in the child welfare system are some of the most vulnerable children. The legislature finds that a child who experiences child abuse or neglect is over four times more likely to abuse substances as an adult and forty-three percent of youth in the juvenile justice system were involved in the child welfare system.

The legislature finds that the child care and development block grant act of 2014 allows the *department of early learning to provide working connections child care to children in need of, or receiving, protective services. The legislature further understands that as of July 1, 2016, authorizations for the working connections child care subsidy are effective for twelve months.

The legislature finds that the children's mental health work group, in its December 2016 final report, recommended that state agencies provide at least twelve months of stable child care through the working connections child care program for certain children involved in the child welfare system, regardless of the employment status of their parents or guardians. Many of these child welfare-involved families are addressing chemical dependency issues, which require a significant amount of time to overcome. For these reasons, the legislature intends to allow certain populations of vulnerable children to be eligible for the working connections child care subsidy for a minimum of twelve months." [2017 3rd sp.s. c 9 § 1.]

***Reviser's note:** The department of early learning was abolished and its powers, duties, and functions were transferred to the department of children, youth, and families by 2017 3rd sp.s. c 6 § 802, effective July 1, 2018.

(4)(a) Beginning July 1, 2021, and subject to the availability of amounts appropriated for this specific purpose, the department may not require an applicant or consumer to meet work requirements as a condition of receiving working connections child care benefits when the applicant or consumer is a full-time student of a community, technical, or tribal college and is enrolled in:

(i) A vocational education program that leads to a degree or certificate in a specific occupation;

[2011 c 4 § 17. Formerly RCW 43.215.1351.]

(1) The standards and guidelines described in this section are intended for the guidance of the department. They are not intended to, do not, and may not be relied upon to create a right or benefit, substantive or procedural, enforceable at law by a party in litigation with the state.

43.216.143 Working connections child care program—Contracted child care slots and vouchers. (1) The department may employ a combination of vouchers and contracted slots for the subsidized child care programs in *RCW 43.215.135. Child care vouchers preserve parental choice. Child care contracted slots promote access to continuous quality care for children, provide parents and caregivers stable child care that supports employment, and allow providers to have predictable funding. Any contracted slots the department may create under this section must meet the requirements in subsections (2) through (6) of this section.

(2) Only child care providers who participate in the early achievers program and rate at a level 3, 4, or 5 are eligible to be awarded a contracted slot.

(3)(a) The department is required to use data to calculate a set number of targeted contracted slots. In calculating the number, the department must take into account a balance of family home and center child care programs and the overall geographic distribution of child care programs in the state and the distribution of slots between ages zero and five.

(b) The targeted contracted slots are reserved for programs meeting both of the following conditions:

- (i) Programs in low-income neighborhoods; and
- (ii) Programs that consist of at least fifty percent of children receiving subsidy pursuant to *RCW 43.215.135.

(c) Until August 1, 2017, the department shall assure an even distribution of contracted slots for children birth to age five.

(4) The department shall award the remaining contracted slots via a competitive process and prioritize child care programs with at least one of the following characteristics:

- (a) Programs located in a high-need geographic area;
- (b) Programs partnering with elementary schools to offer transitional planning and support to children as they advance to kindergarten;
- (c) Programs serving children involved in the child welfare system; or
- (d) Programs serving children diagnosed with a special need.

(5) The department shall pay a provider for each contracted slot, unless a contracted slot is not used for thirty days.

(6) The department shall include the number of contracted slots that use both early childhood education and assistance program funding and working connections child care program funding in the annual report to the legislature required under *RCW 43.215.102. [2015 3rd sp.s. c 7 § 14. Formerly RCW 43.215.137.]

***Reviser's note:** RCW 43.215.135 and 43.215.102 were recodified as RCW 43.216.135 and 43.216.089, respectively, pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.216.085.

43.216.145 Working connections child care—Eligibility of high school students. (1) A parent who is attending high school is eligible to receive working connections child care.

(2) A parent age twenty-one years or younger who is working toward completing a high school equivalency certificate is eligible to receive working connections child care.

(3) When determining consumer eligibility and copayment under this section, the department:

(a) Must, within existing resources, authorize full-day subsidized child care during the school year in cases where:

(i) The parent is participating in one hundred ten hours of approved activities per month;

(ii) The household income of the parent does not exceed eighty-five percent of the state median income at the time of application; and

(iii) The parent meets all other program eligibility requirements;

(b) May not consider the availability of the other biological parent when authorizing care; and

(c) May not require a copayment. [2020 c 339 § 1.]

Effective date—2020 c 339 § 1: "Section 1 of this act takes effect September 1, 2020." [2020 c 339 § 4.]

43.216.152 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community-based early learning providers" includes for-profit and nonprofit licensed providers of child care and preschool programs.

(2) "Program" means the program of early learning established in *RCW 43.215.141 for eligible children who are three and four years of age. [2010 c 231 § 2. Formerly RCW 43.215.140.]

***Reviser's note:** RCW 43.215.141 was recodified as RCW 43.215.455 pursuant to 2013 2nd sp.s. c 16 § 5. RCW 43.215.455 was subsequently recodified as RCW 43.216.555 pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

43.216.155 Home visitation programs—Findings—Intent. The legislature finds that:

(1) The years from birth to three are critical in building the social, emotional, and cognitive developmental foundations of a young child. Research into the brain development of young children reveals that children are born learning.

(2) The farther behind children are in their social, emotional, physical, and cognitive development, the more difficult it will be for them to catch up.

(3) A significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; and mother without a high school degree.

(4) Parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development including improved school readiness, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and

severity of maltreatment, and higher rates of school graduation.

The legislature intends to promote the use of voluntary home visitation services to families as an early intervention strategy to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of a high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. [2007 c 466 § 1. Formerly RCW 43.215.145, 43.121.170.]

43.216.157 Home visitation programs—Definitions.

The definitions in this section apply throughout this section and RCW *43.215.145, *43.215.147, and **43.121.185 unless the context clearly requires otherwise.

(1) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population.

(2) "Home visitation" means providing services in the permanent or temporary residence, or in other familiar surroundings, of the family receiving such services.

(3) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices. [2011 1st sp.s. c 32 § 6; 2007 c 466 § 2. Formerly RCW 43.215.146, 43.121.175.]

43.216.159 Home visitation programs—Funding—Home visitation services coordination or consolidation plan. (1) Within available funds, the department shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. In order to maximize opportunities to obtain matching funds from private entities, general funds intended to support home visiting funding shall be appropriated to the home visiting services account established in *RCW 43.215.130.

(2) The department shall work with the department of social and health services, the department of health, the private-public partnership created in *RCW 43.215.070, and key partners and stakeholders to develop a plan to coordinate or consolidate home visitation services for children and families to the extent practicable. All receipts from local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations must be deposited into the account.

(2) The department oversees the account. Only the secretary or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(3) The department shall separately track funds received for each local government, school district, institution of higher education as defined in RCW 28B.10.016, or nonprofit organization that deposits funds into the account. Expenditures from these funds may be used only for the purposes listed in RCW 43.216.080 as identified in writing with the department by the contributing local government, school district, institution of higher education as defined in RCW 28B.10.016, or nonprofit organization. LICENSING

43.216.250 Secretary's licensing duties. It shall be the secretary's duty with regard to licensing under this chapter:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities or outdoor locations for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size

(2021 Ed.)

or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2)(a) In consultation with the state fire marshal's office, the secretary shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session;

(b) Any requirements in (a) of this subsection as they relate to the physical facility, including outdoor playgrounds, do not apply to before-school and after-school programs that serve only school-age children and operate in the same facilities used by public or private schools;

(3) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter;

(4) In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges of each agency and its staff seeking licensure or relicensure, and other persons having unsupervised access to children in child care;

(5) To satisfy the shared background check requirements provided for in RCW 43.216.270 and 43.20A.710, the department of children, youth, and families and the department of social and health services shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person;

(6) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of child care that an agency is authorized to render and the ages and number of children to be served;

(7) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(8) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

Effective date—2015 3rd sp.s. c 7 § 4: "Section 4 of this act takes effect July 1, 2016." [2015 3rd sp.s. c 7 § 23.]

Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.216.085.

Finding—Intent—2011 c 359: "(1) The legislature finds that some licensed child care centers seeking to operate in public schools incur substantial costs to renovate spaces that are considered safe for children to use for the purpose of education. Consequently, families are forced to seek before or after school child care outside of the school building, resulting in additional transitions for students.

(2) It is the legislature's intent to allow licensed child care centers that serve school-age children to operate in facilities that provide a safe and healthy environment for children to use for the purpose of education. With respect to section 2(2) of this act, the legislature intends that the development of any related child care licensing requirements shall:

- (a) Ensure safe and healthy environments for children;
- (b) Utilize existing rule-making processes and resources;
- (c) Utilize existing requirements as a starting point rather than create an entirely new set of requirements; and
- (d) Give due consideration to the burdens imposed by inconsistent licensing requirements." [2011 c 359 § 1.]

43.216.255 Licensing standards. (1) No later than November 1, 2016, the department shall implement a single set of licensing standards for child care and the early childhood education and assistance program. The department shall produce the single set of licensing standards within the department's available appropriations. The new licensing standards must:

- (a) Provide minimum licensing requirements for child care and preschool programs;
- (b) Rely on the standards established in the early achievers program to address quality issues in participating early childhood programs;
- (c) Take into account the separate needs of family care providers, outdoor nature-based child care providers, and child care centers; and
- (d) Promote the continued safety of child care settings.

(2) Private schools that operate early learning programs and do not receive state subsidy payments shall be subject to the minimum health and safety standards as defined in RCW 43.216.395(2)(b), the health and safety requirements under chapter 28A.195 RCW, and the requirements necessary to assure a sufficient early childhood education to meet usual requirements needed for transition into elementary school. The state, and any agency thereof, shall not restrict or dictate any specific educational or other programs for early learning programs operated by private schools except for programs that receive state subsidy payments. [2021 c 304 § 10; 2015 3rd sp.s. c 7 § 3. Formerly RCW 43.215.201.]

Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.216.085.

43.216.260 Minimum requirements for licensure. Applications for licensure shall require, at a minimum, the following information:

(6) The financial ability of an agency to comply with minimum requirements established under this chapter; and

(7) The maintenance of records pertaining to the care of children. [2021 c 304 § 11; 2007 c 415 § 4. Formerly RCW 43.215.205.]

43.216.265 Fire protection—Powers and duties of chief of the Washington state patrol. The chief of the Washington state patrol, through the director of fire protection, shall have the power and it shall be his or her duty:

(1) In consultation with the secretary and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt recognized minimum standard requirements pertaining to each category of agency established pursuant to this chapter necessary to protect all persons residing therein from fire hazards;

(2) To adopt licensing minimum standard requirements to allow children who attend classes in a school building during school hours to remain in the same building to participate in before-school or after-school programs and to allow participation in such before-school and after-school programs by children who attend other schools and are transported to attend such before-school and after-school programs;

43.216.270 Character, suitability, and competence to provide child care and early learning services—Fingerprint criminal history record checks—Background check clearance card or certificate—Shared background checks. (1)(a) In determining whether an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allega-

tion of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

(b) The department may not deny or delay a license to provide child care and early learning services under this chapter to an individual solely because of a founded finding of physical abuse or negligent treatment or maltreatment involving the individual revealed in the background check process or solely because the individual's child was found by a court to be dependent as a result of a finding that the individual abused or neglected their child pursuant to RCW 13.34.030(6)(b) when that founded finding or court finding is accompanied by a certificate of parental improvement as defined in chapter 74.13 RCW related to the same incident.

(2) In order to determine the suitability of individuals newly applying for an agency license, new licensees, their new employees, and other persons who newly have unsupervised access to children in child care, shall be fingerprinted.

(a) The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

(b)(i) All individuals applying for first-time agency licenses, all new employees, and other persons who have not been previously qualified by the department to have unsupervised access to children in child care must be fingerprinted and obtain a criminal history record check pursuant to this section.

(ii) Persons required to be fingerprinted and obtain a criminal history record check pursuant to this section must pay for the cost of this check as follows: The fee established by the Washington state patrol for the criminal background history check, including the cost of obtaining the fingerprints; and a fee paid to the department for the cost of administering the individual-based/portable background check clearance registry. The fee paid to the department must be deposited into the individual-based/portable background check clearance account established in RCW 43.216.273. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(c) The secretary shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

(d) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

(e) No later than July 1, 2013, all agency licensees holding licenses prior to July 1, 2012, persons who were employees before July 1, 2012, and persons who have been qualified by the department before July 1, 2012, to have unsupervised access to children in child care, must submit a new background application to the department. The department must require persons submitting a new background application pursuant to this subsection (2)(e) to pay a fee to the department for the cost of administering the individual-based/portable background check clearance registry. This fee must be paid into the individual-based/portable background check clearance account established in RCW 43.216.273. The

licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(f) The department shall issue a background check clearance card or certificate to the applicant if after the completion of a background check the department concludes the applicant is qualified for unsupervised access to children in child care. The background check clearance card or certificate is valid for three years from the date of issuance. A valid card or certificate must be accepted by a potential employer as proof that the applicant has successfully completed a background check as required under this chapter. For purposes of renewal of the background clearance card or certificate, all agency licensees holding a license, persons who are employees, and persons who have been previously qualified by the department, must submit a new background application to the department on a date to be determined by the department. The fee requirements applicable to this section also apply to background clearance renewal applications.

(g) The original applicant for an agency license, licensees, their employees, and other persons who have unsupervised access to children in child care shall submit a new background check application to the department, on a form and by a date as determined by the department.

(h) The payment requirements applicable to (a) through (g) of this subsection do not apply to persons who:

(i) Provide regularly scheduled care for a child or children in the home of the provider or in the home of the child or children for periods of less than twenty-four hours or, if necessary due to the nature of the parent's work, for periods equal to or greater than twenty-four hours;

(ii) Receive child care subsidies; and

(iii) Are exempt from licensing under this chapter.

(i) The applicant and agency shall maintain on-site for inspection a copy of the background check clearance card or certificate.

(j) Individuals who have been issued a background check clearance card or certificate shall report nonconviction and conviction information to the department within twenty-four hours of the event constituting the nonconviction or conviction information.

(k) The department shall investigate and conduct a re-determination of an applicant's or licensee's background clearance if the department receives a complaint or information from individuals, a law enforcement agency, or other federal, state, or local government agency. Subject to the requirements contained in RCW 43.216.325 and 43.216.327 and based on a determination that an individual lacks the appropriate character, suitability, or competence to provide child care or early learning services to children, the department may: (i) Invalidate the background card or certificate; or (ii) suspend, modify, or revoke any license authorized by this chapter.

(3) To satisfy the shared background check requirements of the department of children, youth, and families, the office of the superintendent of public instruction, and the department of social and health services, each department shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow these departments to fulfill their joint background

check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. These departments may not share the federal background check results with any other state agency or person.

(4) Individuals who have completed a fingerprint background check as required by the office of the superintendent of public instruction, consistent with RCW 28A.400.303, and have been continuously employed by the same school district or educational service district, can meet the requirements in subsection (2) of this section by providing a true and accurate copy of their Washington state patrol and federal bureau of investigation background check report results to the department or if the school district or the educational service district provides an affidavit to the department that the individual has been authorized to work by the school district or educational service district after completing a record check consistent with RCW 28A.400.303. The department may require that additional background checks be completed that do not require additional fingerprinting and may charge a fee for these additional background checks. [2020 c 270 § 9. The department shall consider whether an agency is in good standing, as defined in subsection (4)(b) of this section, before granting a continuation of a full license. Full licenses provided for in this chapter shall continue to remain valid so long as the licensee meets the requirements for a nonexpiring license in subsection (2) of this section and may be transferred to a new licensee in the event of a transfer of ownership of a child care operation. The licensee, however, shall advise the secretary of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move.

(2) In order to qualify for a nonexpiring full license, a licensee must meet the following requirements on an annual basis as established from the date of initial licensure:

- (a) Submit the annual licensing fee;
- (b) Submit a declaration to the department indicating the licensee's intent to continue operating a licensed child care program, or the intent to cease operation on a date certain;
- (c) Submit a declaration of compliance with all licensing rules; and
- (d) For all current employees of the agency and as defined by department rule, submit background check applications into the department's electronic workforce registry on the schedule established by the department.

(3) If a licensee fails to meet the requirements in subsection (2) of this section for continuation of a full license the license expires and the licensee must submit a new application for licensure under this chapter.

(2021 Ed.)

(4)(a) Nothing about the nonexpiring license process may interfere with the department's established monitoring practice.

(b) For the purpose of this section, an agency is considered to be in good standing if in the intervening period between monitoring visits the agency does not have any of the following:

- (i) Valid complaints;
- (ii) A history of noncompliance related to those valid complaints or pending from prior monitoring visits; or
- (iii) Other information that when evaluated would result in a finding of noncompliance with this section.

(c) The department shall consider whether an agency is in good standing when determining the most appropriate approach and process for monitoring visits, for the purposes of administrative efficiency while protecting children, consistent with this chapter. If the department determines that an agency is not in good standing, the department may issue a probationary license, as provided in RCW 43.216.320. 43.216.320 Probationary licenses. (1) The department may issue a probationary license to a licensee who has had an initial, expiring, or other license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:

(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and

(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.

(2) Before issuing a probationary license, the department shall, in writing, refer the licensee to the child care resource and referral network or other appropriate resource for technical assistance. The department may issue a probationary

license pursuant to subsection (1) of this section if within fifty working days after the department has sent its referral:

(a) The licensee, in writing, has refused the department's referral for technical assistance; or

(b) The licensee has failed to respond in writing to the department's referral for technical assistance.

(3) If the licensee accepts the department's referral for technical assistance issued under subsection (2) of this section, the department, the licensee, and the technical assistance provider shall meet within thirty days after the licensee's acceptance. The licensee and the department, in consultation with the technical assistance provider, shall develop a plan to correct the areas of noncompliance identified by the department. If, after sixty days, the licensee has not corrected the areas of noncompliance identified in the plan developed in consultation with the technical assistance provider, the department may issue a probationary license pursuant to subsection (1) of this section.

(4) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.

(5) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

(6) An existing license is invalidated when a probationary license is issued.

(7) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

(8) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license. (1) An agency may be denied a license, or any license issued pursuant to this chapter may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of this chapter or the requirements adopted pursuant to this chapter; or (b) that the conditions required for the issuance of a license under this chapter have ceased to exist with respect to such licenses. RCW 43.216.327 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(3)(a) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under this chapter or that an agency subject to licensing under this chapter is operating without a

license except that civil monetary penalties shall not be levied against a licensed foster home.

(b) Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance.

(c) Civil monetary penalties shall not exceed one hundred fifty dollars per violation for a family day care home and two hundred fifty dollars per violation for child day care centers or outdoor nature-based child care programs. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(d) The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period.

(e) The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. RCW 43.216.335 governs notice of a civil monetary penalty and provides the right to an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(4)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day care center, outdoor nature-based child care provider, or family day care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day care center, outdoor nature-based child care provider, or family day care provider is placed on nonreferral status, the department shall provide written notification to the child day care center, outdoor nature-based child care provider, or family day care provider.

[2013 2nd sp.s. c 16 § 1.]

Findings—1994 c 166; 1988 c 174: "The legislature finds that the early childhood education and assistance program provides for the educational, social, health, nutritional, and cultural development of children at risk of failure when they reach school age. The long-term benefits to society in the form of greater educational attainment, employment, and projected lifetime earnings as well as the savings to be realized, from lower crime rates, welfare support, and reduced teenage pregnancy, have been demonstrated through lifelong research of at-risk children and early childhood programs.

The legislature intends to encourage development of community partnerships for children at risk by authorizing a program of voluntary grants and contributions from business and community organizations to increase opportunities for children to participate in early childhood education." 43.216.510 Admission and funding. The department shall administer a state-supported early childhood education and assistance program to assist eligible children with educational, social, health, nutritional, and cultural development to enhance their opportunity for success in the common school system. Eligible children shall be admitted to approved early childhood programs to the extent that the legislature provides funds, and additional children may be admitted to the extent that grants and contributions from community sources provide sufficient funds for a program equivalent to that supported by state funds. 43.216.512 Expanded enrollment—Risk factors—Participation in other programs. (Effective until July 1, 2026.) (1) The department shall adopt rules that allow the enrollment of children in the early childhood education and assistance program, as space is available if the number of such children equals not more than twenty-five percent of total statewide enrollment, whose family income is:

(a) Above one hundred ten percent but less than or equal to one hundred thirty percent of the federal poverty level; or

(b) Above one hundred thirty percent but less than or equal to two hundred percent of the federal poverty level if the child meets at least one of the risk factor criterion described in subsection (2) of this section.

(2) Children enrolled in the early childhood education and assistance program pursuant to subsection (1)(b) of this section must be prioritized for available funded slots according to a prioritization system adopted in rule by the department that considers risk factors that have a disproportionate effect on kindergarten readiness and school performance, including:

(a) Family income as a percent of the federal poverty level;

(b) Homelessness;

(c) Child welfare system involvement;

(d) Developmental delay or disability that does not meet the eligibility criteria for special education described in RCW 28A.155.020;

(e) Domestic violence;

(f) English as a second language;

(g) Expulsion from an early learning setting;

(h) A parent who is incarcerated;

(i) A parent with a substance use disorder or mental health treatment need; and

(j) Other risk factors determined by the department to be linked by research to school performance.

(3) The department shall adopt rules that allow a child to enroll in the early childhood education and assistance program, as space is available, when the child is not eligible under RCW 43.216.505 and the child turns three years old at any time during the school year when the child:

(a) Has a family income at or below two hundred percent of the federal poverty level or meets at least one risk factor criterion adopted by the department in rule; and

(b) Has received services from or participated in:

(i) The early support for infants and toddlers program;

(ii) The early head start or a successor federal program providing comprehensive services for children from birth through two years of age; or

(iii) The birth to three early childhood education and assistance program, if such a program is established.

(4) Children enrolled in the early childhood education and assistance program under this section are not considered eligible children as defined in RCW 43.216.505 and are not considered to be part of the state-funded entitlement required in RCW 43.216.556. [2019 c 409 § 2; 2019 c 408 § 5; 2018 c 155 § 2.]

Contingent effective dates—2019 c 409 §§ 1 and 2: "(1) Section 2 of this act takes effect only if chapter 408, Laws of 2019 is enacted by July 28, 2019.

(2) Section 1 of this act takes effect only if section 2 of this act does not take effect by July 28, 2019." [2019 c 409 § 3.] Second Substitute Senate Bill No. 5437 was enacted into law May 21, 2019.

Contingent effective dates—2019 c 408 §§ 4 and 5: "(1) Section 5 of this act takes effect only if chapter 409, Laws of 2019 is enacted by July 28, 2019.

(2) Section 4 of this act takes effect only if section 5 of this act does not take effect by July 28, 2019." [2019 c 408 § 13.] Substitute Senate Bill No. 5089 was enacted into law May 21, 2019.

Findings—Intent—2019 c 408: "The legislature finds that the family income eligibility limit of one hundred ten percent of the federal poverty level for the early childhood education and assistance program hinders the state's ability to recruit and enroll qualified families, particularly in rural areas of the state and in tribal communities. This income barrier results in unused preschool slots and growing waiting lists of children who are from low-income families but who are over the established income limits. Therefore, the legislature intends to keep the qualifying income for the early childhood education and assistance program at one hundred ten percent of the federal poverty level for the purposes of entitlement caseload forecasting and allow for the flexibility to serve additional children with family incomes up to two hundred percent of the federal poverty level." [2019 c 408 § 1.]

Effective date—2018 c 155: "This act takes effect July 1, 2018." [2018 c 155 § 5.]

Findings—Intent—2018 c 155: "The legislature finds that research continues to demonstrate the efficacy of the state's early childhood education and assistance program, known as ECEAP. Studies in Washington and from other states show that ECEAP prepares children for kindergarten success and has significant positive impacts on third, fourth, and fifth grade test scores. The legislature also finds that in some areas of the state, expanding ECEAP has proven challenging because there are too few eligible children to form an ECEAP classroom. The result is that children who are income eligible and

the furthest from opportunity remain unserved. The legislature finds further that in other ECEAP classrooms, funded seats remain empty because providers do not have sufficient flexibility to serve families in need who are slightly over income but often have similar risk factors. The legislature intends, therefore, to provide more flexibility in determining eligibility for ECEAP in order to maximize the state's investment and assure that program funding is deployed to serve the greatest number of children and families." [2018 c 155 § 1.]

43.216.512 Expanded enrollment—Risk factors. (Effective July 1, 2026, until August 1, 2030.) (1) The department shall adopt rules that allow the enrollment of children in the early childhood education and assistance program, as space is available, if the number of such children equals not more than 25 percent of total statewide enrollment, when the child is not eligible under RCW 43.216.505 and whose family income level is above 36 percent of the state median income but at or below 50 percent of the state median income adjusted for family size and the child meets at least one of the risk factor criterion described in subsection (2) of this section.

(2) Children enrolled in the early childhood education and assistance program pursuant to this section must be prioritized for available funded slots according to a prioritization system adopted in rule by the department that considers risk factors that have a disproportionate effect on kindergarten readiness and school performance, including:

(a) Family income as a percent of the state median income;

(b) Child welfare system involvement;

(c) Eligible for services under part C of the federal individuals with disabilities education act but not eligible for services under part B of the federal individuals with disabilities education act;

(d) Domestic violence;

(e) English as a second language;

(f) Expulsion from an early learning setting;

(g) A parent who is incarcerated;

(h) A parent with a behavioral health treatment need; and

(i) Other risk factors determined by the department to be linked by research to school performance.

(3) Children enrolled in the early childhood education and assistance program under this section are not considered eligible children as defined in RCW 43.216.505 and are not considered to be part of the state-funded entitlement required in RCW 43.216.556.

(4) This section expires August 1, 2030. [2021 c 199 § 205; 2019 c 409 § 2; 2019 c 408 § 5; 2018 c 155 § 2.]

[2018 c 155 § 1.]

43.216.513 Early entry—Participation in other programs. (Effective July 1, 2026.) (1) The department shall adopt rules that allow a child to enroll in the early childhood education and assistance program, as space is available and subject to the availability of amounts appropriated for this specific purpose, when the child is not eligible under RCW 43.216.505 and the child turns three years old at any time during the school year when the child:

(a) Has a family income at or below 50 percent of the state median income or meets at least one risk factor criterion adopted by the department in rule; and

(b) Has received services from or participated in:

(i) The early head start or a successor federal program providing comprehensive services for children from birth through two years of age;

(ii) The early support for infants and toddlers program or received class C developmental services;

(iii) The birth to three early childhood education and assistance program; or

(iv) The early childhood intervention and prevention services program.

(2) Children enrolled in the early childhood education and assistance program under this section are not eligible children as defined in RCW 43.216.505 and are not part of the state-funded entitlement required in RCW 43.216.556. [2021 c 199 § 206.]

Findings—Intent—2021 c 199 §§ 204-208: "(1) The legislature finds that eligibility guidelines for the national school lunch program require free meals for children with household incomes at or below 130 percent of the federal poverty level and that this income level is approximately equivalent to 36 percent of the state median income for a household of three. The legislature further finds that eligibility guidelines require reduced-price meals for children with household incomes at or below 185 percent of the federal pov-

(2021 Ed.)

erty level and that this income level is approximately equivalent to 50 percent of the state median income for a household of three.

(2) Therefore, the legislature intends to raise the maximum family income for children entitled to enroll in the early childhood education and assistance program to 36 percent of the state median income beginning July 1, 2026. Beginning in the 2030-31 school year, the legislature intends to raise the maximum family income for children entitled to enroll in this program to 50 percent of the state median income. It is the intent of the legislature to standardize income eligibility levels for assistance programs in order to help families and social workers better understand the benefits for which families qualify and to simplify and align state systems wherever feasible.

(3) The legislature further intends to support educational service districts to help school districts partner with early childhood education and assistance program contractors and providers to expand access." [2021 c 199 § 203.]

43.216.514 Enrollment priority. (1)(a) The department shall prioritize children for enrollment in the early childhood education and assistance program who are eligible pursuant to RCW 43.216.505.

(b) A child who is eligible at the time of enrollment in the early childhood education and assistance program maintains program eligibility until the child begins kindergarten.

(2) As space is available, children may be included in the early childhood education and assistance program pursuant to RCW 43.216.512. [2021 c 199 § 507; 2020 c 343 § 3; 2019 c 408 § 7; 2018 c 155 § 3.]

Short title—Findings—Intent—Conflict with federal requirements—2021 c 199: See notes following RCW 43.216.770.

Short title—2020 c 343: "This act may be known and cited as the rural child care access act." [2020 c 343 § 1.]

Findings—Intent—2020 c 343: "(1) The legislature finds that many rural communities face child care and early learning supply shortages due to factors that include geographic isolation and fewer providers. These shortages contribute to economic challenges in the child care market, undermining child care affordability for families and threatening the viability of child care businesses. Families deserve access to a full range of child care and early learning choices and providers need stable funding that is essential to meet high quality standards.

(2) The legislature further finds that while federal child care and development fund rules allow child care subsidy rates to exceed private pay rates in order to pay for quality care and health and safety requirements, state rules require child care subsidy rates to be lower than a provider's private pay rate with limited exceptions. This limitation has the effect of forcing child care providers to raise private pay rates when state subsidy rates go up, resulting in families who do not qualify for subsidy leaving licensed care because it has become unaffordable.

(3) Therefore, it is the intent of the legislature to implement policies to relieve providers and families by streamlining child care access, balancing subsidy requirements, and supporting the needs of rural communities." [2020 c 343 § 2.]

Findings—Intent—2019 c 408: See note following RCW 43.216.512.

Effective date—Findings—Intent—2018 c 155: See notes following RCW 43.216.512.

43.216.515 Eligible providers—State-funded support—Requirements—Data collection—Pathways to early childhood education and assistance program. (1) Approved early childhood education and assistance programs shall receive state-funded support through the department. Public or private organizations including, but not limited to, school districts, educational service districts, community and technical colleges, local governments, or nonprofit organiza-

tions, are eligible to participate as providers of the state early childhood education and assistance program.

(2) Funds obtained by providers through voluntary grants or contributions from individuals, agencies, corporations, or organizations may be used to expand or enhance preschool programs so long as program standards established by the department are maintained.

(3) Persons applying to conduct the early childhood education and assistance program shall identify targeted groups and the number of children to be served, program components, the qualifications of instructional and special staff, the source and amount of grants or contributions from sources other than state funds, facilities and equipment support, and transportation and personal care arrangements.

(4) A new early childhood education and assistance program provider must complete the requirements in this subsection to be eligible to receive state-funded support under the early childhood education and assistance program:

(a) Enroll in the early achievers program within thirty days of the start date of the early childhood education and assistance program contract;

(b)(i) Except as provided in (b)(ii) of this subsection, rate at a level 4 or 5 in the early achievers program within twenty-four months of enrollment. If an early childhood education and assistance program provider rates below a level 4 within twenty-four months of enrollment, the provider must complete remedial activities with the department, and must rate at or request to be rated at a level 4 or 5 within twelve months of beginning remedial activities.

(ii) Licensed or certified child care centers, family home providers, and outdoor nature-based child care providers that administer an early childhood education and assistance program shall rate at a level 4 or 5 in the early achievers program within twenty-four months of the start date of the early childhood education and assistance program contract. If an early childhood education and assistance program provider rates below a level 4 within twenty-four months, the provider must complete remedial activities with the department, and must rate at or request to be rated at a level 4 or 5 within twelve months of beginning remedial activities.

(5)(a) If an early childhood education and assistance program provider has successfully completed all of the required early achievers program activities and is waiting to be rated by the deadline provided in this section, the provider may continue to participate in the early achievers program as an approved early childhood education and assistance program provider and receive state subsidy pending the successful completion of a level 4 or 5 rating.

(b) To avoid disruption, the department may allow for early childhood education and assistance program providers who have rated below a level 4 after completion of the twelve-month remedial period to continue to provide services until the current school year is finished.

(c)(i) If the early childhood education and assistance program provider described under subsection (4)(b)(i) or (ii) of this section does not rate or request to be rated at a level 4 or 5 following the remedial period, the provider is not eligible to receive state-funded support under the early childhood education and assistance program under this section.

(ii) If the early childhood education and assistance program provider described under subsection (4)(b)(i) or (ii) of

this section does not rate at a level 4 or 5 when the rating is released following the remedial period, the provider is not eligible to receive state-funded support under the early childhood education and assistance program under this section.

(6)(a) When an early childhood education and assistance program in good standing changes classroom locations to a comparable or improved space within the same facility, or to a comparable or improved outdoor location for an outdoor nature-based child care, a rerating is not required outside of the regular rerating and renewal cycle.

(b) When an early childhood education and assistance program in good standing moves to a new facility, or to a new outdoor location for an outdoor nature-based child care, the provider must notify the department of the move within six months of changing locations in order to retain their existing rating. The early achievers program must conduct an observational visit to ensure the new classroom space is of comparable or improved environmental quality. If a provider fails to notify the department within six months of a move, the early achievers rating must be changed from the posted rated level to "Participating, Not Yet Rated" and the provider will cease to receive tiered reimbursement incentives until a new rating is completed.

(7) The department shall collect data periodically to determine the demand for full-day programming for early childhood education and assistance program providers. The department shall analyze this demand by geographic region and shall include the findings in the annual report required under RCW 43.216.089.

(8) The department shall develop multiple pathways for licensed or certified child care centers and homes to administer an early childhood education and assistance program. The pathways shall include an accommodation for these providers to rate at a level 4 or 5 in the early achievers program according to the timelines and standards established in subsection (4)(b)(ii) of this section. The department must consider using the intermediate level that is between level 3 and level 4 as described in RCW 43.216.085, incentives, and front-end funding in order to encourage providers to participate in the pathway. Approved early childhood education and assistance programs shall conduct needs assessments of their service area and identify any targeted groups of children, to include but not be limited to children of seasonal and migrant farmworkers and native American populations living either on or off reservation. Approved early childhood education and assistance programs shall provide to the department a service delivery plan, to the extent practicable, that addresses these targeted populations.

(2) The department, in developing rules for the early childhood education and assistance program, shall consult with the early learning advisory council, and shall consider such factors as coordination with existing head start and other early childhood programs, the preparation necessary for instructors, qualifications of instructors, adequate space and equipment, and special transportation needs. The rules shall specifically require the early childhood programs to provide for parental involvement in participation with their child's program, in local program policy decisions, in development and revision of service delivery systems, and in parent education and training.

(3) By January 1, 2016, the department shall adopt rules requiring early childhood education and assistance program employees who have access to children to submit to a fingerprint background check. ***Reviser's note:** RCW 43.215.215 was recodified as RCW 43.216.270 pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

Intent—1994 c 166; 1987 c 518: "The long-term social, community welfare, and economic interests of the state will be served by an investment in our children. Conclusive studies and experiences show that providing children with developmental experiences and providing parents with effective parental partnership, empowerment, opportunities for involvement with their child's developmental learning, and expanding parenting skills, learning, and training can greatly improve children's performance in school as well as increase the likelihood of children's success as adults. National studies have also confirmed that special attention to, and educational assistance for, children, their school environment, and their families are the most effective ways in which to meet the state's social and economic goals.

The legislature intends to enhance the readiness to learn of certain children and students by: Providing for an expansion of the state early childhood education and assistance program for children from low-income families and establishing an adult literacy program for certain parents; assisting school districts to establish elementary counseling programs; instituting a program to address learning problems due to drug and alcohol use and abuse; and

(2021 Ed.)

establishing a program directed at students who leave school before graduation.

The legislature intends further to establish programs that will allow for parental, business, and community involvement in assisting the school systems throughout the state to enhance the ability of children to learn." [1994 c 166 § 7; 1987 c 518 § 1.]

43.216.535 Reports. The department shall annually report to the governor and the legislature on the findings of the longitudinal study undertaken to examine and monitor the effectiveness of early childhood educational and assistance services for eligible children to measure, among other elements, if possible, how the average level of performance of children completing this program compare to the average level of performance of all state students in their grade level, and to the average level of performance of those eligible students who did not have access to this program. The evaluation system shall examine how the percentage of these children needing access to special education or remedial programs compares to the overall percentage of children needing such services and compares to the percentage of eligible students who did not have access to this program needing such services. The department shall distribute funding to approved early childhood education and assistance program contractors on the basis of eligible children enrolled.

(2) The program shall be implemented in phases, so that full implementation is achieved in the 2026-27 school year.

43.216.565 Findings—Intent—Early start program. The legislature finds that the first five years of a child's life establish the foundation for educational success. The legislature also finds that children who have high quality early learning opportunities from birth through age five are more likely to succeed throughout their K-12 education and beyond. The legislature further finds that the benefits of high quality early learning experiences are particularly significant for low-income parents and children, and provide an opportunity to narrow the opportunity gap in Washington's K-12 educational system. The legislature understands that early supports for high-risk parents of young children through home visiting services show a high return on investment due to significantly improved chances of better education, health, and life outcomes for children. The legislature further recognizes that, when parents work or go to school, high quality and full-day early learning opportunities should be available and accessible for their children. In order to improve education outcomes, particularly for low-income children, the legislature is committed to expanding high quality early learning opportunities and integrating currently disparate funding streams for all birth-to-five early learning services including, working connections child care and the early childhood education and assistance program, into a single high quality continuum of learning that provides essential services to low-income families and prepares all enrolled children for success in school. The legislature therefore intends to establish the early start program to provide a continuum of high quality and accountable early learning opportunities for Washington's parents and children. [2013 c 323 § 1. Formerly RCW 43.215.460.]

43.216.567 Early therapeutic and preventative services and programs. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer early therapeutic and preventative services and programs, such as the early childhood intervention and prevention services program, and other related services for children who are:

(a) Between the ages of birth and five years; and

(b) Referred by a child welfare worker, a department of social and health services social worker, a primary care physician, a behavioral health provider, or a public health nurse due to: (i) Risk of child abuse or neglect; (ii) exposure to complex trauma; or (iii) significant developmental delays.

(2) Subject to the availability of amounts appropriated for this specific purpose, the department shall make all reasonable efforts to deliver early therapeutic and preventative services and programs statewide. These services and programs must focus first on children and families furthest from opportunity as defined by income and be delivered by programs that emphasize greater racial equity. 43.216.570 Early intervention services—Findings. The legislature finds that there is an urgent and substantial need to:

(1) Enhance the development of infants and toddlers with disabilities in the state of Washington in order to minimize developmental delay and maximize individual potential and enhance the capability of families to meet the needs of their infants and toddlers with disabilities and maintain family integrity;

(2) Coordinate and enhance the state's existing early intervention services to ensure a statewide, community-based, coordinated, interagency program of early intervention services for infants and toddlers with disabilities and their families; and

(3) Facilitate the coordination of payment for early intervention services from federal, state, local, and private sources including public and private insurance coverage. [1992 c 198 § 14. Formerly RCW 43.215.470, 70.195.005.]

43.216.572 Early intervention services—Infants and toddlers with disabilities—Interagency coordinating council—Conditions and limitations. For the purposes of implementing this chapter, the governor shall appoint a state interagency coordinating council for infants and toddlers with disabilities and their families and ensure that state agencies involved in the provision of, or payment for, early intervention services to infants and toddlers with disabilities and their families shall coordinate and collaborate in the planning and delivery of such services.

No state or local agency currently providing early intervention services to infants and toddlers with disabilities may use funds appropriated for early intervention services for infants and toddlers with disabilities to supplant funds from other sources.

All state and local agencies shall ensure that the implementation of this chapter will not cause any interruption in existing early intervention services for infants and toddlers with disabilities.

Nothing in this chapter shall be construed to permit the restriction or reduction of eligibility under Title V of the Social Security Act, P.L. 90-248, relating to maternal and child health or Title XIX of the Social Security Act, P.L. 89-97, relating to medicaid for infants and toddlers with disabilities. 43.216.574 Early intervention services—Infants and toddlers with disabilities—Interagency coordinating council—Coordination with counties and communities. The state interagency coordinating council for infants and toddlers with disabilities and their families shall identify and work with county early childhood interagency coordinating councils to coordinate and enhance existing early intervention services and assist each community to meet the needs of infants and toddlers with disabilities and their families. [2020 c 114 § 7; 2016 c 57 § 2; 1992 c 198 § 17. Formerly RCW 43.215.474, 70.195.020.]

Effective date—2020 c 114: See note following RCW 28A.175.075.

43.216.576 Early intervention services—Interagency agreements. The department shall enter into formal interagency agreements, where appropriate, with school districts, counties, and other providers, to define their relationships and financial and service responsibilities. Local agencies or entities, including local school districts, counties, and service providers receiving public money for providing or paying for early intervention services shall enter into formal interagency agreements with each other that define their relationships and financial responsibilities to provide services within each county. In establishing priorities, school districts, counties, and other service providers shall give due regard to the needs of children birth to three years of age and shall ensure that they continue to participate in providing services and collaborate with each other. The interagency agreements shall include procedures for resolving disputes, provisions for establishing maintenance requirements, and all additional components necessary to ensure collaboration and coordination. [2020 c 90 § 5; 1992 c 198 § 16. Formerly RCW 43.215.476, 70.195.030.]

Effective date—2020 c 90: See note following RCW 43.216.580.

43.216.577 Prenatal to three family engagement strategy. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer a prenatal to three family engagement strategy to support expectant parents, babies and toddlers from birth to three years of age, and their caregivers.

(2) Components of the prenatal to three family engagement strategy must include supports and services to improve maternal and infant health outcomes, reduce and mitigate trauma, promote attachment and other social-emotional assets, strengthen parenting skills, and provide early supports to help maximize healthy and robust childhood development and reduce isolation. Services and supports may include:

(a) In-home parent skill-based programs and training established in RCW 43.216.130;

(b) Facilitated play and learn groups;

(c) Parent peer-support groups, including groups designed for families with children with complex needs; families whose primary home language is not English; incarcerated parents; families coping with substance use disorder or mental health support needs; black, indigenous, and families of color; or other specific needs; and

(d) Other prenatal to age three programs and services.

(3) Continuity of services for babies and toddlers are important for early childhood brain development. Therefore, the services and supports described in this section may be made available to biological parents, foster parents, kinship care providers, and other family, friend, and neighbor caregivers. [2021 c 199 § 402.]

Findings—Intent—2021 c 199 §§ 402-405: "(1) The legislature finds that parental relationships and healthy interactions in the first few years of life help shape the development of babies' and toddlers' brains and bodies. Eighty percent of the brain is developed by the age of three and parents are a child's first teachers.

(2) The legislature finds that the federal family first prevention services act (P.L. 115-123) offers the state the opportunity to leverage federal funding for certain programs, including in-home parent skill-based programs, substance use disorder support, and mental health interventions. Culturally relevant, evidence-based programs that may qualify for these federal funds are

limited. Therefore, state support may be necessary to serve traditionally underrepresented communities and increase positive engagement from parents and caregivers of children from before birth to age three.

(3) The legislature finds that small teacher-child ratios for infant and toddler care, as well as the existence of child care deserts with low levels of access to care for the birth to three age group, contribute to higher expenses for providers and families with babies and young children.

(4) Therefore, the legislature intends to expand parent and family education and support, incentivize the provision of infant and toddler care, and make early therapeutic and preventative services more readily available to families and young children." [2021 c 199 § 401.]

43.216.578 Birth to three early childhood education and assistance program—Pilot project—Reports. (Effective until July 1, 2026.) (1) Within resources available under the federal preschool development grant birth to five grant award received in December 2018, the department shall develop a plan for phased implementation of a birth to three early childhood education and assistance program pilot project for eligible children under thirty-six months old. Funds to implement the pilot project may include a combination of federal, state, or private sources.

(2) The department may adopt rules to implement the pilot project and may waive or adapt early childhood education and assistance program requirements when necessary to allow for the operation of the birth to three early childhood education and assistance program. The department shall consider early head start rules and regulations when developing the provider and family eligibility requirements and program requirements. Any deviations from early head start standards, rules, or regulations must be identified and explained by the department in its annual report under subsection (6) of this section.

(3)(a) Upon securing adequate funds to begin implementation, the pilot project programs must be delivered through child care centers and family home providers who meet minimum licensing standards and are enrolled in the early achievers program.

(b) The department must determine minimum early achievers ratings scores for programs participating in the pilot project.

(4) When selecting pilot project locations for service delivery, the department may allow each pilot project location to have up to three classrooms per location. When selecting and approving pilot project locations, the department shall attempt to select a combination of rural, urban, and suburban locations. The department shall prioritize locations with programs currently operating early head start, head start, or the early childhood education and assistance program.

(5) To be eligible for the birth to three early childhood education and assistance program, a child's family income must be at or below one hundred thirty percent of the federal poverty level and the child must be under thirty-six months old.

(6) Beginning November 1, 2020, and each November 1st thereafter during pilot project activity, the department shall submit an annual report to the governor and legislature that includes a status update that describes the planning work completed, the status of funds secured, and any implementation activities of the pilot project. Implementation activity reports must include a description of the participating pro-

grams and number of children and families served. [2019 c 408 § 8.]

43.216.578 Birth to three early childhood education and assistance program. (Effective July 1, 2026.) (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer a birth to three early childhood education and assistance program for eligible children under thirty-six months old. Funds to implement the program may include a combination of federal, state, or private sources.

(2) The department may adopt rules to implement the program and may waive or adapt early childhood education and assistance program requirements when necessary to allow for the operation of the birth to three early childhood education and assistance program. The department shall consider early head start rules and regulations when developing the provider and family eligibility requirements and program requirements.

(3)(a) The birth to three early childhood education and assistance program must be delivered through child care centers and family home providers who meet minimum licensing standards and are enrolled in the early achievers program.

(b) The department must determine minimum early achievers ratings scores for participating contractors.

(4) To be eligible for the birth to three early childhood education and assistance program, a child's family income must be at or below 50 percent of the state median income and the child must be under thirty-six months old. [2021 c 199 § 403; 2019 c 408 § 8.]

43.216.579 Infant child care incentives. (1) The legislature finds that our state suffers from an extreme shortage of infant child care, impacting the ability of parents to participate in the workforce. Further, parents returning to work after using paid family leave to care for a new child struggle to find readily available, high quality care during a time of critical growth and brain development for young children. Therefore, the legislature intends to incentivize the provision of high quality infant care.

(2) Beginning July 1, 2022, the department shall provide an infant rate enhancement for licensed or certified child care providers and birth to three early childhood education and assistance program contractors who are:

CHILD CARE AND WELFARE

43.216.650 Child fatality reviews. (1) For the purposes of this section, "near fatality" means an act that, as certified by a physician, places the child in serious or critical condition.

(2)(a) The department shall conduct a child fatality review if a child fatality occurs in an early learning program described in RCW 43.216.500 through 43.216.550 or a licensed child care center, licensed outdoor nature-based child care, or a licensed child care home.

(b) The department shall convene a child fatality review committee and determine the membership of the review committee. The committee shall comprise individuals with appropriate expertise, including but not limited to experts from outside the department with knowledge of early learning licensing requirements and program standards, a law enforcement officer with investigative experience, a representative from a county or state health department, and a child advocate with expertise in child fatalities. The department shall invite one parent or guardian for membership on the child fatality review committee who has had a child die in a child care setting. The department shall ensure that the fatality review team is made up of individuals who had no previous involvement in the case.

(c) The department shall allow the parents or guardians whose child's death is being reviewed to testify before the child fatality review committee.

(d) The primary purpose of the fatality review shall be the development of recommendations to the department and legislature regarding changes in licensing requirements, practice, or policy to prevent fatalities and strengthen safety and health protections for children.

(e) Upon conclusion of a child fatality review required pursuant to this section, the department shall, within one hundred eighty days following the fatality, issue a report on the results of the review, unless an extension has been granted by the governor. Reports must be distributed to the appropriate committees of the legislature, and the department shall create a public website where all child fatality review reports required under this section must be posted and maintained. A child fatality review report completed pursuant to this section is subject to public disclosure and must be posted on the public website, except that confidential information may be redacted by the department consistent with the requirements of RCW 13.50.100, 68.50.105, and 74.13.500 through 74.13.525, chapter 42.56 RCW, and other applicable state and federal laws.

(3) The department shall consult with the office of the family and children's ombuds to determine if a review should be conducted in the case of a near child fatality that occurs in an early learning program described in RCW 43.216.500

through 43.216.550 or licensed child care center, licensed outdoor nature-based child care, or licensed child care home.

(4) In any review of a child fatality or near fatality, the department and the fatality review team must have access to all records and files regarding the child or that are otherwise relevant to the review and that have been produced or retained by the early education and assistance program provider or licensed child care center, licensed outdoor nature-based child care, or licensed family home provider.

(5) The child fatality review committee shall coordinate with local law enforcement to ensure that the fatality or near fatality review does not interfere with any ongoing or potential criminal investigation.

(6)(a) A child fatality or near fatality review completed pursuant to this section is subject to discovery in a civil or administrative proceeding, but may not be admitted into evidence or otherwise used in a civil or administrative proceeding except pursuant to this section.

(b) A department employee responsible for conducting a child fatality or near fatality review, or member of a child fatality or near fatality review team, may not be examined in a civil or administrative proceeding regarding the following:

(i) The work of the child fatality or near fatality review team;

(ii) The incident under review;

(iii) The employee's or member's statements, deliberations, thoughts, analyses, or impressions relating to the work of the child fatality or near fatality review team or the incident under review; or

(iv) Statements, deliberations, thoughts, analyses, or impressions of any other member of the child fatality or near fatality review team, or any person who provided information to the child fatality or near fatality review team, relating to the work of the child fatality or near fatality review team or the incident under review.

(c) Documents prepared by or for a child fatality or near fatality review team are inadmissible and may not be used in a civil or administrative proceeding, except that any document that exists before its use or consideration in a child fatality or near fatality review, or that is created independently of such review, does not become inadmissible merely because it is reviewed or used by a child fatality or near fatality review team. A person is not unavailable as a witness merely because the person has been interviewed by or has provided a statement for a child fatality or near fatality review, but if called as a witness, a person may not be examined regarding the person's interactions with the child fatality or near fatality review including, without limitation, whether the person was interviewed during such review, the questions that were asked during such review, and the answers that the person provided during such review. This section may not be construed as restricting a person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(d) The restrictions in this section do not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with a minor's death or near fatality reviewed by a child fatality or near fatality review team.

(7) The department shall develop and implement procedures to carry out the requirements of this section.

(8) Nothing in this section creates a duty for the office of the family and children's ombuds under RCW 43.06A.030 as related to children in the care of an early learning program described in RCW 43.216.500 through 43.216.550, a licensed child care center, a licensed outdoor nature-based child care, or a licensed child care home. (2) The department shall provide early learning providers student-level data collected pursuant to this section that are specific to the early learning provider's program. Upon completion of an electronic time and attendance record system identified in subsection (1) of this section, the department shall provide child care providers student-level data that are specific to the child care provider's program.

(3) The department shall review available research and best practices literature on cultural competency in early learning settings. The department shall review the K-12 components for cultural competency developed by the professional educator standards board and identify components appropriate for early learning professional development.

(4)(a) The Washington state institute for public policy shall conduct a longitudinal analysis examining relationships between the early achievers program quality ratings levels and outcomes for children participating in subsidized early care and education programs.

(b) The institute shall submit the first report to the appropriate committees of the legislature and the early learning advisory council by December 31, 2019. The institute shall submit subsequent reports annually to the appropriate committees of the legislature and the early learning advisory council by December 31st, with the final report due December 31, 2022. The final report shall include a cost-benefit analysis.

(5) By December 31, 2021, and subject to the availability of amounts appropriated for this specific purpose, the Washington state institute for public policy shall update the out-

The evaluation must include the demographics of program participants including race, ethnicity, and socioeconomic status. The evaluation must examine short and long-term impacts on program participants, including high school graduation rates for up to two cohorts. When conducting the evaluation, the institute must consider, to the extent that data is available, the education levels and demographics, including race, ethnicity, and socioeconomic status, of early childhood education and assistance program staff and the effects of full-day programming and half-day programming on outcomes. [2019 c 369 § 7; 2015 3rd sp.s. c 7 § 13. Formerly RCW 43.215.492.]

Findings—Intent—2019 c 369: See note following RCW 43.216.091.

Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.216.085.

43.216.660 Child care services—Declaration of policy. It shall be the policy of the state of Washington to:

(1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods of parental care at home. The availability of quality, affordable child care is a concern for working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to workplaces and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) Promote a variety of culturally and developmentally appropriate child care settings and services of the highest possible quality in accordance with the basic principle of continuity of care. These settings shall include, but not be limited to, family day care homes, outdoor nature-based child care, centers, and schools.

(3) Promote the growth, development and safety of children by working with community groups including providers and parents to establish standards for quality service, training of child care providers, fair and equitable monitoring, and salary levels commensurate with provider responsibilities and support services.

(4) Promote equal access to quality, affordable, socio-economically integrated child care for all children and families.

(5) Facilitate broad community and private sector involvement in the provision of quality child care services to foster economic development and assist industry through the department. [2021 c 304 § 22; 2017 3rd sp.s. c 6 § 212; 2006 c 265 § 202; 1989 c 381 § 2; 1988 c 213 § 1. Formerly RCW 43.215.495, 74.13.085.]

Effective date—2017 3rd sp.s. c 6 §§ 102, 104-115, 201-227, 301-337, 401-419, 501-513, 801-803, and 805-822: See note following RCW 43.216.025.

Findings—1989 c 381: "The legislature finds that the increasing difficulty of balancing work life and family needs for parents in the workforce has made the availability of quality, affordable child care a critical concern for the state and its citizens. The prospect for labor shortages resulting from the aging of the population and the importance of the quality of the work-

(2021 Ed.)

force to the competitiveness of Washington businesses make the availability of quality child care an important concern for the state and its businesses.

The legislature further finds that making information on child care options available to businesses can help the market for child care adjust to the needs of businesses and working families. The legislature further finds that investments are necessary to promote partnerships between the public and private sectors, educational institutions, and local governments to increase the supply, affordability, and quality of child care in the state." [1989 c 381 § 1.]

43.216.665 Child care workers—Findings—Intent.

The legislature finds that as of 2000, child care workers in the state earned an average hourly wage of eight dollars and twenty-two cents, only fifty-eight percent received medical insurance through employers, only sixty-six percent received paid sick leave, and only seventy-three percent received paid vacation. The legislature further finds that low wages for child care workers create a barrier for individuals entering the profession, result in child care workers leaving the profession in order to earn a living wage in another profession, and make it difficult for child care workers to afford professional education and training. As a result, the availability of quality child care in the state suffers.

The legislature intends to increase wages to child care workers through establishing a child care career and wage ladder that provides increased wages for child care workers based on their work experience, level of responsibility, and education. To the extent practicable within available funds, this child care career and wage ladder shall mirror the successful child care career and wage ladder pilot project operated by the state between 2000 and 2003. While it is the intent of the legislature to establish the vision of a statewide child care career and wage ladder that will enhance employment quality and stability for child care workers, the legislature also recognizes that funding allocations will determine the extent of statewide implementation of a child care career and wage ladder. [2005 c 507 § 1. Formerly RCW 43.215.500, 74.13.097.]

43.216.670 Child care provider rules review. In conjunction with child care providers and other early learning leaders, the department shall review and revise child care provider rules in order to emphasize the need for mutual respect among parents, providers, and state staff who enforce rules. Revised rules shall clearly focus on keeping children safe and improving early learning outcomes for children. The department shall develop a plan by July 2007 that outlines the process and timelines to complete the rules review. Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects. [2007 c 394 § 7. Formerly RCW 43.215.502.]

Finding—Declaration—Captions not law—2007 c 394: See notes following RCW 43.216.010.

43.216.675 Child care workers—Career and wage ladder.

(1) Subject to the availability of funds appropriated for this specific purpose, the department shall establish a child care career and wage ladder in licensed child care centers that meet the following criteria: (a) At least ten percent of child care slots are dedicated to children whose care is subsidized by the state or any political subdivision thereof or any local government; (b) the center agrees to adopt the child care

career and wage ladder, which, at a minimum, shall be at the same pay schedule as existed in the previous child care career and wage ladder pilot project; and (c) the center meets further program standards as established by rule pursuant to *section 4, chapter 507, Laws of 2005.

The child care career and wage ladder shall include wage increments for levels of education, years of relevant experience, levels of work responsibility, relevant early childhood education credits, and relevant requirements in the state training and registry system.

(2) The department shall establish procedures for the allocation of funds to implement the child care career and wage ladder among child care centers meeting the criteria identified in subsection (1) of this section. In developing these procedures, the department shall:

(a) Review past efforts or administration of the child care career and wage ladder pilot project in order to take advantage of any findings, recommendations, or administrative practices that contributed to that pilot project's success;

(b) Consult with stakeholders, including organizations representing child care teachers and providers, in developing an allocation formula that incorporates consideration of geographic and demographic distribution of child care centers adopting the child care career and wage ladder; and

(c) Develop a system for prioritizing child care centers interested in adopting the child care career and wage ladder that is based on the criteria identified in subsection (1) of this section.

(3) Notwithstanding the requirements of subsection (2) of this section, child care centers meeting the criteria in subsection (1) of this section located in urban areas of the department of social and health services region one shall receive a minimum of fifteen percent of the funds allocated through the child care career and wage ladder, and of these centers, child care centers meeting the criteria in subsection (1) of this section participating in the Spokane tiered reimbursement pilot project shall have first priority for child care career and wage ladder funding. [2006 c 265 § 205; 2005 c 507 § 2. Formerly RCW 43.215.505, 74.13.098.]

*Reviser's note: Section 4 of this act was vetoed.

43.216.680 Child care workers—Career and wage ladder—Wage increases. Child care centers adopting the child care career and wage ladder established pursuant to *RCW 43.215.505 shall increase wages for child care workers who have earned a high school diploma or high school equivalency certificate as provided in RCW 28B.50.536, gain additional years of experience, or accept increasing levels of responsibility in providing child care, in accordance with the child care career and wage ladder. The adoption of a child care career and wage ladder shall not prohibit the provision of wage increases based upon merit. The department shall pay wage increments for child care workers employed by child care centers adopting the child care career and wage ladder established pursuant to *RCW 43.215.505 who earn early childhood education credits or meet relevant requirements in the state training and registry system, in accordance with the child care career and wage ladder. [2013 c 39 § 20; 2006 c 265 § 206; 2005 c 507 § 3. Formerly RCW 43.215.510, 74.13.099.]

*Reviser's note: RCW 43.215.505 was recodified as RCW 43.216.675 pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

43.216.685 Child care—Toll-free information number. (1) The department shall establish and maintain a toll-free telephone number, and an interactive web-based system through which persons may obtain information regarding child day care centers, outdoor nature-based child care providers, and family day care providers. This number shall be available twenty-four hours a day for persons to request information. The department shall respond to recorded messages left at the number within two business days. The number shall be published in reasonably available printed and electronic media. The number shall be easily identifiable as a number through which persons may obtain information regarding child day care centers and family day care providers as set forth in this section.

(2) Through the toll-free telephone line established by this section, the department shall provide information to callers about: (a) Whether a day care provider is licensed; (b) whether a day care provider's license is current; (c) the general nature of any enforcement against the providers; (d) how to report suspected or observed noncompliance with licensing requirements; (e) how to report alleged abuse or neglect in a day care; (f) how to report health, safety, and welfare concerns in a day care; (g) how to receive follow-up assistance, including information on the office of the family and children's ombuds; and (h) how to receive referral information on other agencies or entities that may be of further assistance to the caller.

(3) The department shall print the toll-free number established by this section on the face of new licenses issued to child day care centers, outdoor nature-based child care providers, and family day care providers.

Finding—1997 c 58: "The legislature finds that informed choice is consistent with individual responsibility and that parents should be given a range of options for available child care while participating in the program." [1997 c 58 § 401.]

Finding—1993 c 453: "The legislature finds that building a system of quality, affordable child care requires coordinated efforts toward constructing partnerships at state and community levels. Through the office of child care policy, the department of social and health services is responsible for facilitating the coordination of child care efforts and establishing working partnerships among the affected entities within the public and private sectors. Through these collaborative efforts, the office of child care policy encouraged the coalition of locally based child care resource and referral agencies into a statewide network. The statewide network, in existence since 1989, supports the development and operation of community-based resource and referral programs, improves the quality and quantity of child care available in Washington by fostering statewide strategies, and generates then nurtures effective public-private partnerships. The statewide network provides important training, standards of service, and general technical assistance to its locally based child care resource and referral programs. The locally based programs enrich the availability, affordability, and quality of child care in their communities." [1993 c 453 § 1.]

43.216.720 Child care expansion grant fund. (1) The legislature recognizes that a severe shortage of child care exists to the detriment of all families and employers throughout the state. Many workers are unable to enter or remain in

the workforce due to a shortage of child care resources. The high costs of starting a child care business create a barrier to the creation of new slots, especially for children with special needs.

(2) A child care expansion grant fund is created in the custody of the secretary of the department of social and health services. Grants shall be awarded on a one-time only basis to persons, organizations, or schools needing assistance to start a child care center or mini-center as defined by the department by rule, or to existing licensed child care providers, including family home providers, for the purpose of making capital improvements in order to accommodate children with disabilities, sick children, or infant care, or children needing nighttime care. No grant may exceed ten thousand dollars. Start-up costs shall not include operational costs after the first three months of business.

(3) Child care expansion grants shall be awarded on the basis of need for the proposed services in the community, within appropriated funds.

(4) The department shall adopt rules under chapter 34.05 RCW setting forth criteria, application procedures, and methods to assure compliance with the purposes described in this section. [2020 c 274 § 26; 1988 c 213 § 3. Formerly RCW 43.215.555, 74.13.095.]

43.216.725 Subsidized child care report and assessment. The department and the department of social and health services, in consultation with interested individuals and organizations, shall jointly:

(1) Identify different options to track subsidized child care attendance, including methods using a land line or cellular telephone, a computer, a point of sale system, or some combination of these methods and report their recommended method to the legislature no later than December 31, 2011. Each department's recommendations must include implementation issues to be addressed and a proposed implementation timeline, and should assume a January 2013 implementation date for the attendance tracking system. The legislature shall review the recommendations and authorize implementation. The method that is chosen must interface smoothly with the current and future payment systems for subsidized child care payments.

(2) Conduct an assessment of the current subsidized child care eligibility determination system and develop recommendations to improve the accuracy, efficiency, and responsiveness of the system, including consideration of the most appropriate entity or entities to make eligibility determinations. The results of the assessment shall be reported to the legislature no later than December 31, 2011. [2011 1st sp.s. c 42 § 12. Formerly RCW 43.215.560.]

Findings—Intent—Effective date—2011 1st sp.s. c 42: See notes following RCW 74.08A.260.

Finding—2011 1st sp.s. c 42: See note following RCW 74.04.004.

43.216.730 Child care subsidy fraud—Referral—Collection of overpayments. (1) The department must refer all suspected incidents of child care subsidy fraud to the department of social and health services office of fraud and accountability for appropriate investigation and action.

(2) For the purposes of this section, "fraud" has the definition in RCW 74.04.004.

(3) This section does not limit or preclude the department or the department of social and health services from establishing and collecting overpayments consistent with federal regulation or seek other remedies that may be legally available, including but not limited to criminal investigation or prosecution. [2013 2nd sp.s. c 29 § 2. Formerly RCW 43.215.562.]

Finding—Intent—2013 2nd sp.s. c 29: "The legislature finds that child care providers positively contribute to local communities by offering important services that support the well-being of children and their families. The legislature further recognizes that most child care providers make every effort to ensure that subsidy payments received are correct and align with agency rules. When a child care provider is found to have fraudulently accepted subsidy payments, however, it is the legislature's intent to prohibit such a provider from receiving future child care subsidy payments." [2013 2nd sp.s. c 29 § 1.]

43.216.735 Placement of children ages sixty months through six years. For children ages sixty months through six years, the child's school enrollment status may not be used as a reason to require the child be placed within a specific mixed-age group. Nothing in this section changes or requires the department to change the staff-to-child ratio requirements for mixed-age groups that include children who are ages thirty months through six years. [2016 c 169 § 2. Formerly RCW 43.215.564.]

Finding—Intent—2016 c 169: "(1) The legislature recognizes that the high cost of quality child care places a heavy burden on Washington's poorest families. The legislature further acknowledges the administrative burden unnecessary regulations place on child care providers and the families they serve. The legislature finds that under current rule, child care providers may not serve five year olds attending school in the same group as five year olds not attending school.

(2) The legislature intends to allow child care centers to serve kindergartners in a mixed group or classroom without having to go through a waiver process. The legislature further intends to streamline the delivery of services to children while continuing to protect their safety and well-being." [2016 c 169 § 1.]

43.216.742 Outdoor nature-based child care program. (1) The department shall establish a licensed outdoor nature-based child care program.

(2) The department shall adopt rules to implement the outdoor nature-based child care program and may waive or adapt licensing requirements when necessary to allow for the operation of outdoor classrooms.

(3) The department shall apply the early achievers program to the outdoor nature-based child care program to assess quality in outdoor learning environments and may waive or adapt early achievers requirements when necessary to allow for the operation of outdoor classrooms.

(4) A child care or early learning program operated by a federally recognized tribe may participate in the outdoor nature-based child care program through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty.

(5) Subject to the availability of funds, the department may convene an advisory group of outdoor, nature-based early learning practitioners to inform and support implemen-

tation of the outdoor nature-based child care program. [2021 c 304 § 28.]

43.216.745 Child care consultation program—Creation, operation, and duties. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a child care consultation program linking child care providers with evidence-based, trauma-informed, and best practice resources regarding caring for infants and young children who present behavioral concerns or symptoms of trauma. The department may contract with an entity with expertise in child development and early learning programs in order to operate the child care consultation program.

(2) In establishing and operating the program, the department or contracted entity shall: (a) Assist child care providers in recognizing the signs and symptoms of trauma in children; (b) provide support and guidance to child care staff; (c) consult and coordinate with parents, other caregivers, and experts or practitioners involved with the care and well-being of the young children; and (d) provide referrals for children who need additional services. [2017 c 202 § 5. Formerly RCW 43.215.570.]

Findings—Intent—2017 c 202: See note following RCW 74.09.495.

43.216.749 Child care subsidy rates—Use of cost model. (1) It is the intent of the legislature to systemically increase child care subsidy rates over time until rates are equal to the full cost of providing high quality child care.

(2) Beginning July 1, 2021, child care subsidy base rates must achieve the 85th percentile of market for licensed or certified child care providers. The state and the exclusive representative for family child care providers must enter into bargaining over the implementation of the subsidy rate increase under this subsection.

(3)(a) The department shall build upon the work of the child care collaborative task force to develop and implement a child care cost estimate model and use the completed child care cost model to recommend subsidy rates at levels that are sufficient to compensate licensed or certified child care providers for the full costs of providing high quality child care. The department shall consider:

(i) Adjusting rates to reflect cost of living such as area median income, cost of living by zip code, and grouping by categories such as rural, suburban, or urban; and

(ii) Incorporating the rate model for nonstandard child care hours developed under section 306, chapter 199, Laws of 2021.

(b) The department shall build upon the work of the child care collaborative task force to evaluate options to support access to affordable health care insurance coverage for licensed or certified child care providers.

(4) This section does not interfere with, impede, or in any way diminish the right of family child care providers to bargain collectively with the state through the exclusive bargaining representatives as provided for under RCW 41.56.028. [2021 c 199 § 301; 2019 c 368 § 7.]

Short title—Findings—Intent—Conflict with federal requirements—2021 c 199: See notes following RCW 43.216.770.

(2021 Ed.)

Findings—Intent—2019 c 368: "(1) The legislature finds that child care is a sector that is critical to the vitality and economic security of our state and communities and families, and that families in Washington face significant barriers to accessing and affording high quality child care. The legislature finds that Washington's committed caregivers and state investments and advancements in our quality rating and improvement system ensure that quality, culturally relevant child care supports children's healthy development and prepares them for success in school and in life. The legislature recognizes that provider diversity and cultural relevance are fundamental components of quality, and that parent choice is a priority throughout the state's early learning system.

(2) The legislature finds that the cost of quality child care is unaffordable for many families and state support is needed to ensure that all children and families in Washington can access safe, enriching child care.

(3) The legislature recognizes that expanding access to quality child care requires preparing the market of child care providers to meet existing and expanded demand. The legislature finds that the market of child care providers is shrinking, that child care deserts are expanding, and that fewer providers are offering services to working connections child care subsidy recipients. The legislature additionally finds that child care providers are unable to recruit and retain a qualified workforce; that wages in the industry remain among the lowest of all professions, at or near minimum wage; and that the relationship between a child and a qualified caregiver is of paramount importance to parents and, according to a rapidly accumulating body of brain science, is foundational to supporting healthy development.

(4) Further, while the system awaits systemic change, the legislature finds that steps must be taken to begin to preserve and expand access to child care for child care subsidy recipients, stabilize the child care industry, and reduce turnover in the workforce.

(5) Therefore, the legislature intends to promote high quality child care from diverse providers that is accessible and affordable to all families of Washington's children ages birth to twelve." [2019 c 368 § 1.]

Short title—2019 c 368: "This act may be known and cited as the Washington child care access now act." [2019 c 368 § 9.]

43.216.750 Child welfare workers—Department duties—Technical work group to develop workload model—Annual report to legislature. (1) The department shall provide child welfare workers and those supervising child welfare workers with access to:

(a) A critical incident protocol that establishes a process for appropriately responding to traumatic or high stress incidents in a manner that provides employees with proper mental health and stress management support, guidance, and education; and

(b) Peer counseling from someone trained in providing peer counseling and support.

(2) The department shall systematically collect workforce data regarding child welfare workers including staff turnover, workload distribution, exit interviews, and regular staff surveys to assess organizational culture and psychological safety.

(3) The department shall make a concerted effort to increase efficiency through the reduction of paperwork.

(4) The department shall develop a scientifically based method for measuring the direct service time of child welfare workers and contracted resources.

(5) The department shall convene a technical work group to develop a workload model including standardized ratios for supervisors, clerical, and other child welfare worker support staff and child welfare worker caseload ratios by case type.

(a) The technical work group must include:

(i) Two child welfare worker representatives, one from west of the crest of the Cascade mountain range, and one from east of the crest of the Cascade mountain range;

(ii) Fiscal staff from the department;

(iii) Human resources staff from the department; and
 (iv) A representative from the office of financial management.

(b) The department shall provide a report to the relevant committees of the legislature in compliance with RCW 43.01.036 by December 1, 2019, that includes a description of the workload model recommended by the technical work group and the steps the department is taking to implement this model.

(c) The technical work group established in this section shall continue to meet and provide an annual report to the relevant committees of the legislature in compliance with RCW 43.01.036 by December 1st of each year regarding any recommended modifications to the workload model and steps the department is taking to implement those changes.

(6) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Child welfare worker" means an employee of the department whose job includes supporting or providing child welfare services as defined in RCW 74.13.020 including those providing family assessment response services as defined in RCW 26.44.020 or child protective services as defined in RCW 26.44.020.

(b) "Critical incident" means an incident that is unusual and involves a perceived or actual threat of harm to an individual which includes but is not limited to child fatalities or near fatalities. [2019 c 470 § 28.]

43.216.755 Child care providers—Community-based training pathway. (1) By July 1, 2021, the department shall implement a noncredit-bearing, community-based training pathway for licensed child care providers to meet professional education requirements associated with child care licensure. The community-based training pathway must be offered as an alternative to existing credit-bearing pathways available to providers.

(2) The department shall consult with the following stakeholders in the development and implementation of the community-based training pathway: The statewide child care resource and referral network, a community-based training organization that provides training to licensed family day care providers, a statewide organization that represents the interests of family day care providers, a statewide organization that represents the interests of licensed child day care centers, an organization that represents the interests of refugee and immigrant communities, a bilingual child care provider whose first language is not English, an organization that advocates for early learning, an organization representing private and independent schools, and the state board for community and technical colleges.

(3) The community-based training pathway must:

(a) Align with adopted core competencies for early learning professionals;

(b) Be made available to providers in multiple languages;

(c) Include culturally relevant practices; and

(d) Be made available at low cost to providers and at prices comparable to the cost of similar community-based trainings, not to exceed two hundred and fifty dollars per person; and

(e) Be accessible to providers in rural and urban settings.

(4) The department shall allow licensed child care providers until at least August 1, 2026, to:

(a) Comply with child care licensing rules that require a provider to hold an early childhood education initial certificate or an early childhood education short certificate; or

(b) Complete community-based trainings.

(5) For the purposes of this section, "demonstrated competence" means an individual has shown that he or she has the skills to complete the required work independently. [2020 c 342 § 2.]

Findings—Intent—2020 c 342: "The legislature finds that a nurturing and loving relationship between an early learning provider and a child the provider cares for is an essential component of early learning and has a strong influence on that child's healthy development. Further, the legislature finds that successfully operating a child care center or licensed family home is becoming more financially challenging as the state's regulatory framework for child care and early learning has grown more comprehensive. The legislature recognizes the value of demonstrated competence that comes with a provider's experience in delivering quality child care. Therefore, in response to our state's urgent child care crisis, the legislature intends to provide relief to early learning providers by building the early learning workforce to meet the needs of working families across our state. The legislature further intends for providers to have a range of options to meet education requirements, including a noncredit-bearing[,] community-based training pathway." [2020 c 342 § 1.]

43.216.760 Child care and early learning providers—Firearms, dangerous weapons. (1) Every child day care center and early childhood education and assistance program provider is subject to RCW 9.41.282.

(2)(a) A family day care provider must store any firearm, ammunition, or other dangerous weapon as described in RCW 9.41.250 in a secure area when children for whom the family day care provider is licensed to provide care are present on the premises.

(b) The secure area must be inaccessible to children and must consist of a locked gun safe or a locked room. If stored in a locked room, each firearm must be stored unloaded and with a trigger lock or other disabling feature.

(3) The department may deny, suspend, revoke, modify or not renew the license of a child care provider in violation of this section. [2020 c 189 § 2.]

43.216.762 Child care and early learning providers—Firearms, dangerous weapons—Rules. The department must adopt rules to implement RCW 9.41.282 and 43.216.760. [2020 c 189 § 3.]

43.216.770 Fair start for kids account. (1) The fair start for kids account is created in the state treasury. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may be used only for child care and early learning purposes. [2021 c 199 § 101.]

Short title—2021 c 199: "This act may be known and cited as the fair start for kids act." [2021 c 199 § 1.]

Findings—Intent—2021 c 199: "(1) The legislature finds that high quality child care and early learning is critical to a child's success in school and life. The legislature recognizes that COVID-19 has devastated the existing child care industry, making it unduly burdensome for families to find care. The legislature recognizes that without immediate action to support child care providers, and without expanded access to affordable child care, especially infant and school-age care, parents will not be able to return to work while children lose valuable learning opportunities. In order to bolster a full economic recovery, the legislature finds that every child deserves a fair start.

(2) The legislature finds that access to affordable child care increases economic growth and labor force participation. The legislature further finds that an affordable, accessible system of high quality child care is necessary to the health of Washington's economy because employers benefit when parents have safe, stable, and appropriate care for their children. The legislature recognizes that too many working parents are forced to reduce their hours, decline promotional opportunities, or leave the workforce completely due to a lack of affordable and appropriate child care. The legislature finds that a report commissioned by the department of commerce in 2019 found that working parents in Washington forego \$14,000,000,000 each year directly due to child care scarcity. The legislature recognizes that this disproportionately impacts women in the workforce and that in September 2020 alone, 78,000 men left the workforce, compared to 600,000 women.

(3) The legislature recognizes that quality child care can be a stabilizing factor for children experiencing homelessness, and is a proven protective factor against the impacts of trauma they may experience. Access to child care is also a necessary support for families with young children in resolving homelessness and securing employment.

(4) The legislature finds that the scarcity of child care, exacerbated by COVID-19, most significantly impacts families furthest from opportunity. The legislature recognizes that there are additional barriers to accessing this foundational support for immigrant communities and families whose first language is not English, families who have children with disabilities, rural communities, or other child care deserts. The legislature recognizes that high quality, inclusive child care and early learning programs have been shown to reduce the opportunity gap for low-income children and black, indigenous, and children of color while consistently improving outcomes for all children both inside and outside of the classroom.

(5) The legislature finds that without access to comprehensive, high quality prenatal to five services, children often enter kindergarten without the social-emotional, physical, cognitive, and language skills they need to be successful and fall behind their peers, facing compounding developmental challenges throughout their K-12 education. The legislature finds that cascading impacts of inaccessible child care and early learning programs create systemic barriers for children and their families that result in higher special education needs, greater likelihood of needing to repeat grades, increased child welfare and juvenile justice involvement, reduced high school graduation rates, limited postsecondary education attainment, and greater barriers to employment in adulthood.

(6) The legislature finds the vast majority of child care providers are small businesses and nonprofit organizations. In addition to adhering to federal, state, and local regulations to ensure healthy and safe environments for children, the legislature recognizes that child care providers must ensure their employees are adequately compensated and supported. However, the legislature acknowledges that the reduced staffing ratios for health and safety, additional cost of personal protective equipment and extra cleaning supplies, increased use of substitutes needed during COVID-19-related absences, and increased technology demands during school closures from the pandemic are further straining the viability of the child care business model in Washington state.

(7) The legislature finds that the health and stability of the early learning workforce is pivotal to any expansion of child care in Washington state. The legislature recognizes that the child care workforce, predominantly comprised of women of color, is structurally afflicted by low wages, limited or no health care, and a severe lack of retirement benefits. The legislature further recognizes that the threat of COVID-19 compounds these underlying issues, forcing providers to navigate increased stress, anxiety, and behavioral issues all while risking their lives to care for children. The legislature recognizes that families, friends, and neighbors who provide care are a critical component of the child care system. The legislature finds that child care workers are essential and deserve to be compensated and benefited accordingly.

(8) Therefore, the legislature resolves to respond to the COVID-19 crisis by first stabilizing the child care industry and then expanding access to a comprehensive continuum of high quality early childhood development programs, including infant and school-age child care, preschool, parent and family supports, and prenatal to three services. The legislature recognizes this continuum as critical to meeting different families' needs and offering every child in Washington access to a fair start.

(9) The legislature recognizes that the federal government has provided substantial additional funding through the coronavirus response and relief supplemental appropriations act, P.L. 116-260, division M., and the American rescue plan act of 2021. The purpose of the additional federal funding is to ensure access to affordable child care and stabilize and support child care providers affected by COVID-19. Therefore, it is the intent of the legislature to use the additional federal funding to supplement state funding in order to accelerate these investments.

(10) The legislature recognizes the strengths that multilingual, diverse early learning providers and caregivers contribute to early learning across the state. Therefore, the legislature intends to expand language access services to create an inclusive early learning system that specifically supports underserved providers.

(11) The legislature intends to expand eligibility for existing child care and preschool programs to increase access. The legislature recognizes that expansion must be accompanied by an investment to make child care more affordable. Therefore, the legislature intends to eliminate copayments for low-income families and limit copayments for any family on subsidy to no more than seven percent of their income.

(12) The legislature further intends to stabilize, support, and grow the diverse early learning workforce by funding living wages and affordable health benefits while providing training, infant and early childhood mental health consultation, shared business services, and a variety of other supports that recognize the critical role that early learning providers serve for all Washington children.

(13) The legislature intends to accelerate Washington's economic recovery from the devastating impacts of COVID-19 by dramatically expanding access to affordable, high quality child care and preschool, in order to get parents back to work and provide every child with a fair start." [2021 c 199 § 2.]

Conflict with federal requirements—2021 c 199: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [2021 c 199 § 603.]

43.216.772 Fair start for kids account—Spending goals and strategies. (1) The spending goals and strategies for the fair start for kids account created under RCW 43.216.770 include, but are not limited to:

(a) Increasing child care subsidy rates, with the goal of moving toward the full cost of providing high quality child care;

(b) Expanding health care coverage through state sponsorship of child care workers on the Washington health benefit exchange and providing consumer assistance through navigators, as well as any other expansions of access to affordable health care for staff in child care centers, family home providers, outdoor nature-based care, and early childhood education and assistance program staff;

(n) Funding special designations in the working connections child care programs, early childhood education and assistance programs, and birth to three early childhood education and assistance programs including designations established in RCW 43.216.579, 43.216.585, 43.216.590, and 43.216.592;

(u) Allowing the exploration of options to provide regulatory relief and make licensing more affordable for child care providers;

(v) Administering comprehensive shared services hubs to allow the ongoing pooling and shared use of services by licensed or certified child care centers and family home providers;

(w) Training department staff to ensure consistent and equitable application of child care licensing and quality standards across the state including antibias and antiracist training;

(x) Providing incentives and supports for child care providers to become licensed;

(y) Studying and evaluating options to incentivize business participation in child care and early learning systems;

(z) Providing start-up grants to eligible organizations as described in RCW 43.31.575 who provide or commit to providing the early childhood education and assistance program or working connections child care. Start-up grants must be used for one-time start-up costs associated with the start-up of a new child care or early childhood education and assistance program site; and

(aa) Recognizing the benefits of the diverse workforce and facilitating communication in the three most commonly spoken languages by developing a language access plan that centers on equity and access for immigrants, multilingual providers, caregivers, and families.

(2) This section does not interfere with, impede, or in any way diminish the right of family child care providers to bargain collectively with the state through the exclusive bargaining representatives as provided for under RCW 41.56.028. [2021 c 199 § 102.]

43.216.775 Inflationary adjustments to rates. Beginning July 1, 2023, and subject to the availability of amounts appropriated for this specific purpose, rates paid under RCW 43.216.579, 43.216.585, 43.216.592, and 43.216.578 must be adjusted every two years according to an inflationary increase. The inflationary increase must be calculated by applying the rate of the increase in the inflationary adjustment index to the rates established in RCW 43.216.579, 43.216.585, 43.216.592, and 43.216.578. Any funded inflationary increase must be included in the rate used to determine inflationary increases in subsequent years. For the purposes of this section, "inflationary adjustment index" means the implicit price deflator averaged for each fiscal year, using the official current base rate, compiled by the bureau of economic analysis, United States department of commerce. [2018 c 52 § 2.]

Effective date—2018 c 52: "This act takes effect July 1, 2019." [2018 c 52 § 7.]

Intent—Finding—2018 c 52: "(1) The legislature recognizes that child care subsidy programs include the working connections child care program and the seasonal child care program. Child care subsidy programs provide children with stable, nurturing, and enriching activities while parents are supported in stable employment that contributes to financial independence. The legislature acknowledges that the department of early learning develops

subsidized child care policy and conducts quality assurance for provider payments and the department of social and health services is responsible for other aspects of service delivery. The legislature intends for these child care subsidy programs to be thoughtfully integrated into the department of children, youth, and families while maintaining a delivery system that continues to support families and providers with consistent, accurate, and effective services.

(2) The legislature finds that the department of children, youth, and families submitted a report according to section 103, chapter 6, Laws of 2017 3rd sp. sess. with recommendations for effectively transferring working connections child care eligibility into the department of children, youth, and families by July 1, 2019. The legislature intends for the transfer of all aspects of service delivery of child care subsidy programs from the department of social and health services to the department of children, youth, and families to follow the recommendations of that report." [2018 c 52 § 1.]

43.216.910 Savings clause—2021 c 199. Nothing in chapter 199, Laws of 2021 changes the department's responsibility to collectively bargain over mandatory subjects consistent with RCW 41.56.028(3) or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs consistent with legislative reservation of rights under RCW 41.56.028(4)(d). [2021 c 199 § 601.]

43.220.020 Conservation corps created—Puget Sound corps created. (1) The Washington conservation corps is created. The department of ecology must administer the corps as a partnership with the departments of natural resources and fish and wildlife, the state parks and recreation commission, and when appropriate, other agencies and nonprofit organizations to advance the program goals outlined in RCW 43.220.045.

(2) The Puget Sound corps is created as a distinct program within the Washington conservation corps focused on the implementation of the specific program goals outlined in RCW 43.220.045. [2011 c 20 § 2; 1999 c 280 § 1; 1994 c 264 § 32; 1988 c 36 § 23; 1983 1st ex. s. c 40 § 1.]

Findings—Intent—2011 c 20: "(1) The legislature finds that the Washington conservation corps, the veterans conservation corps, and other state and nonprofit service corps contribute significantly to the priorities of state government to protect natural resources, including Puget Sound, while providing meaningful work experience for the state's youth, veterans, unemployed, and underemployed workforces.

(2) The legislature further finds that the long-term health of the economy of Washington depends on the sustainable management of its natural resources and that the livelihoods and revenues produced by Washington's forests, agricultural lands, estuaries, waterways, and watersheds would be enhanced by targeted, streamlined, and prioritized investments in clean water and habitat restoration.

(3) The legislature further finds that it is important to stretch limited public resources to advance the state's natural resource management priorities. Transformation of natural resource management and service delivery, including the creation of strategic partnerships among agencies and nongovernmental partners, will increase the efficiency and effectiveness of the expenditure of federal, state, and local funds for clean water and habitat rehabilitation projects.

(4) The legislature further finds that there are efficiencies to be gained by streamlining how the various conservation corps are administered, managed, funded, and deployed by the natural resources agencies. There are further efficiencies to be gained through coordinating the conservation corps with other state service corps programs, recruitment activities, and through public-private partnerships.

(5) The legislature further finds that the state should seek to expand the conservation corps in all areas of the state, deploying the corps to work on projects that advance established priorities including, but not limited to, the cleanup and rehabilitation of the Puget Sound ecosystem, oil spill response and cleanup, salmon recovery, and the reduction of wildfire and forest health hazards statewide.

(6) The legislature further finds that individuals with developmental disabilities would benefit from experiencing a meaningful work experience, and learning the value of labor and of membership in a productive society. As such, the legislature urges state agencies that are participating in the Washington conservation corps program to consider for enrollment in the program individuals with developmental disabilities, as defined in RCW 71A.10.020.

(7)(a) Therefore, it is the intent of the legislature to maintain the conservation corps statewide, to collaborate with the veterans conservation corps, to establish the Puget Sound corps, to streamline how government administers and manages the state's conservation corps to more efficiently expend the state's resources toward priority outcomes, including the recovery of the Puget Sound ecosystem to health by 2020, to increase opportunities for meaningful work experience, and to authorize public-private partnerships as a key element of corps activities.

(b) It is also the intent of the legislature to integrate into the Puget Sound corps the therapeutic and reintegration intent of the veterans conservation corps for veterans involved in the Puget Sound corps." [2011 c 20 § 1.]

Investment accounting: RCW 43.33A.180.

43.250.010 Purpose. The purpose of this chapter is to enable eligible governmental entities, including community and technical college districts, the state board for community and technical colleges as established in chapter 28B.50 RCW, public four-year institutions of higher education, qualifying federally recognized tribes or federally recognized political subdivisions thereof, and other governmental entities to participate with the state in providing maximum opportunities for the investment of surplus public funds consistent with the safety and protection of such funds. The legislature finds and declares that the public interest is found in providing maximum prudent investment of surplus funds, thereby reducing the need for additional taxation. The legislature also recognizes that not all eligible governmental entities are able to maximize the return on their temporary surplus funds. The legislature therefore provides in this chapter a mechanism whereby eligible governmental entities may, at their option, utilize the resources of the state treasurer's office to maximize the potential of surplus funds while ensuring the safety of those funds. [2010 1st sp.s. c 10 § 1; 2001 c 31 § 1; 1996 c 268 § 1; 1986 c 294 § 1.]

43.270.010 Intent. The legislature recognizes that statewide efforts aimed at reducing the incidence of substance abuse, including alcohol, tobacco, or other drug abuse, or violence must be increased. The legislature further recog-

nizes that the most effective strategy for reducing the impact of alcohol, tobacco, other drug abuse, and violence is through the collaborative efforts of educators, law enforcement, local government officials, local treatment providers, and concerned community and citizens' groups.

The legislature intends to support the development and activities of community mobilization strategies against alcohol, tobacco, or other drug abuse, and violence, through the following efforts:

(ii) That the community has considered research-based theory when developing its strategy;

(iii) That proposals submitted for funding are based on a local assessment of need and address specific objectives contained in a coordinated strategy of prevention, treatment, and law enforcement against alcohol, tobacco, or other drug abuse, or violence;

(iv) Evidence of active participation in preparation of the proposal and specific commitments to implementing the community-wide agenda by leadership from education, law enforcement, local government, tribal government, and treatment entities in the community, and the opportunity for meaningful involvement from others such as neighborhood and citizen groups, businesses, human service, health and job training organizations, and other key elements of the community, particularly those whose responsibilities in law enforcement, treatment, prevention, education, or other community efforts provide direct, ongoing contact with substance abusers or those who exhibit violent behavior, or those at risk for alcohol, tobacco, or other drug abuse, or violent behavior;

(v) Evidence of additional local resources committed to the applicant's strategy totaling at least twenty-five percent of funds awarded under this section. These resources may consist of public or private funds, donated goods or services, and other measurable commitments, including in-kind contributions such as volunteer services, materials, supplies, physical facilities, or a combination thereof; and

(iv) An explanation of who was involved in development of the strategy and what specific commitments have been made to carry it out;

(v) Identification of existing prevention, education, treatment, and law enforcement resources committed by the applicant, including financial and other support, and an explanation of how the applicant's strategy involves and builds on the efforts of existing organizations or coalitions that have been carrying out community efforts against alcohol, tobacco, or other drug abuse, or violence;

(vi) Identification of activities that address specific objectives in the strategy for which additional resources are needed;

(vii) Identification of additional local resources, including public or private funds, donated goods or services, and other measurable commitments, that have been committed to the activities identified in (c)(vi) of this subsection;

[1989 c 271 § 318.]

43.270.070 Community suggestions. 43.280.011 Intent—Approval of committee recommendations. The Washington state sexual assault services advisory committee issued a report to the department of commerce and the department of social and health services in June of 1995. The committee made several recommendations to improve the delivery of services to victims of sexual assault: (1) Consolidate the administration and funding of sexual assault and abuse services in one agency instead of splitting those functions between the department of social and health services and the department of commerce; (2) adopt a funding allocation plan to pool all funds for sexual assault services and to distribute them across the state to ensure the delivery of core and specialized services; (3) establish service, data collection, and management standards and outcome measurements for recipients of grants; and (4)

create a data collection system to gather pertinent data concerning the delivery of sexual assault services to victims.

The legislature approves the recommendations of the advisory committee and consolidates the functions and funding for sexual assault services in the department of commerce to implement the advisory committee's recommendations. [2012 c 29 § 2; 1996 c 123 § 1.]

(7) The committee expires June 30, 2015. [2013 c 121 § 2.]

Intent—Finding—2013 c 121: "The legislature recognizes there are many state agencies and private organizations that might be called on to provide services to victims of sex trafficking. Victims of human trafficking are often in need of services such as emergency medical attention, food and shelter, vocational and English language training, mental health counseling, and legal support. The state intends to improve the response of state, local, and private entities to incidents of trafficking of humans. Victims would be better served if there is an established, coordinated system of identifying the needs of sex trafficking victims, training of service delivery agencies and staff, timely and appropriate delivery of services, and better investigations and prosecutions of trafficking.

Leadership in providing services to victims of sex trafficking also extends beyond government efforts and is grounded in the work of highly dedicated individuals and community-based groups. Without these efforts the struggle against human trafficking will be very difficult to win. The legislature, therefore, finds that such efforts merit regular public recognition and appreciation. Such recognition and appreciation will encourage the efforts of all persons to end sex trafficking, and provide the public with information and education about the necessity of its involvement in this struggle." [2013 c 121 § 1.]

43.280.095 Statewide training on Washington's human trafficking laws—Training entity—Report. (1)

(3) The entity will provide or coordinate training for law enforcement personnel, prosecutors, and court personnel covering Washington's state antitrafficking laws, the investigation of sex trafficking cases, and the adjudication of sex trafficking cases. The training shall encourage interdisciplinary coordination among criminal justice personnel, build cul-

(2021 Ed.)

tural competency, and develop understanding of diverse victim populations including children, youth, and adults.

(4) The office shall provide a biennial report to the appropriate policy committees of the legislature on the statewide training program, with a focus on the effectiveness of the training. [2015 c 101 § 2.]

Finding—2015 c 101: "The legislature finds that in order to reduce instances of human trafficking in our state there needs to be a cohesive and concerted statewide training program provided to those in the law enforcement and legal community. This training is intended to help promote the use of existing laws to initiate sustainable and viable investigations, prosecutions, and adjudications in all jurisdictions across the state." [2015 c 101 § 1.]

43.280.100 Revenue collection under RCW 9.68A.105, 9A.88.120, or 9A.88.140—Expenditure of revenue—Conditions—Report. (1)

The department of commerce shall prepare and submit an annual report to the legislature on the amount of revenue collected by local jurisdictions under RCW 9.68A.105, 9A.88.120, or 9A.88.140 and the expenditure of that revenue.

Any remaining funds may be spent on the administration of grants for services for victims of the commercial sex trade, consistent with this chapter. [2013 c 121 § 7.]

Intent—Finding—2013 c 121: See note following RCW 43.280.091.

(2)(a) The model notice that may be voluntarily posted pursuant to subsection (1) of this section may be in a variety of languages and include toll-free telephone numbers a person may call for assistance, including the number for the national human trafficking resource center and the number for the Washington state office of crime victims advocacy.

Additional notes found at www.leg.wa.gov

43.290.010 Office created. The office of international relations and protocol is created under the office of the governor. The office shall serve as the state's official liaison and protocol office with foreign governments. The governor shall appoint a director of the office of international relations and protocol, who shall serve at the pleasure of the governor. Because of the diplomatic character of this office, the director and staff will be exempt from the provisions of chapter 41.06 RCW. The director will be paid a salary to be fixed by the governor in accordance with the provisions of RCW 43.03.040. The director may hire such personnel as may be necessary for the general administration of the office. To the extent permitted by law, state agencies may temporarily loan staff to the office of international relations and protocol to assist in carrying out the office's duties and responsibilities under this chapter. An arrangement to temporarily loan staff must have the approval of the staff members to be loaned and the directors of the office and the agencies involved in the loan. [1991 c 24 § 2.]

43.290.020 Authority of office. The office of international relations and protocol may:

(1) Create temporary advisory committees as necessary to deal with specific international issues. Advisory committee representation may include external organizations such as the Seattle consular corps, world affairs councils, public

ports, world trade organizations, private nonprofit organizations dealing with international education or international environmental issues, organizations concerned with international understanding, businesses with experience in international relations, or other organizations deemed appropriate by the director.

(2) Accept or request grants or gifts from citizens and other private sources to be used to defray the costs of appropriate hosting of foreign dignitaries, including appropriate gift-giving and reciprocal gift-giving, or other activities of the office. [1991 c 24 § 4.]

43.290.900 Effective date—1991 c 24. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991. [1991 c 24 § 15.]

Marine resources committees: Chapter 36.125 RCW.

43.300.005 Purpose. Perpetuation of fish and wildlife in Washington requires clear, efficient, streamlined, scientific, management from a single state fish and wildlife agency. Such a consolidation will focus existing funds for the greatest protection of species and stocks. It will bring combined resources to bear on securing, managing, and enhancing habitats. It will simplify licensing, amplify research, increase field staff, avoid duplication, and magnify enforcement of laws and rules. It will provide all fishers, hunters, and observers of fish and wildlife with a single source of consistent policies, procedures, and access. [1993 sp.s. c 2 § 1.]

43.300.010 Department created—Transfer of powers, duties, and functions. There is hereby created a department of state government to be known as the department of fish and wildlife. The department shall be vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law. All powers, duties, and functions of the department of fisheries and the department of wildlife are transferred to the department of fish and wildlife. All references in the Revised Code of Washington to the director or the department of fisheries

or the director or department of wildlife shall be construed to mean the director or department of fish and wildlife. [1993 sp.s. c 2 § 2.]

43.300.020 Definitions. As used in this chapter, unless the context indicates otherwise:

- (1) "Department" means the department of fish and wildlife.
- (2) "Director" means the director of fish and wildlife.
- (3) "Commission" means the fish and wildlife commission. [1993 sp.s. c 2 § 3.]

43.300.040 Director's duties. In addition to other powers and duties granted or transferred to the director, the commission may delegate to the director any of the powers and duties vested in the commission. [1996 c 267 § 33; 1993 sp.s. c 2 § 5.]

Intent—Effective date—1996 c 267: See notes following RCW 77.12.177.

43.300.050 Exempt positions. The director shall appoint such deputy directors, assistant directors, and up to seven special assistants as may be needed to administer the department. These employees are exempt from the provisions of chapter 41.06 RCW. [1993 sp.s. c 2 § 6.]

43.300.060 Enforcement in accordance with RCW 43.05.100 and 43.05.110. Enforcement action taken after July 23, 1995, by the director or the department shall be in accordance with RCW 43.05.100 and 43.05.110. [1995 c 403 § 627.]

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.

43.300.070 Exchange of tidelands with private or public landowners. (1) The department of fish and wildlife may exchange the tidelands and shorelands it manages with private or public landowners if the exchange is in the public interest.

(2) As used in this section, an exchange of tidelands and shorelands is in the public interest if the exchange would provide significant fish and wildlife habitat or public access to the state's waterways. [1997 c 209 § 3.]

Finding—1997 c 209: "The legislature finds that the department of fish and wildlife manages a large amount of public land and that the department may have opportunities to improve the quality of its landholdings by participating in an exchange with private landowners or other public entities. The legislature declares that it is in the public interest to allow the department to exchange land with private landowners or with public entities if the exchange would provide significant fish and wildlife habitat or public access to the state's waterways." [1997 c 209 § 1.]

Additional notes found at www.leg.wa.gov

43.300.080 Cost-reimbursement agreements. (1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing.

(2021 Ed.)

(2) The cost-reimbursement agreement shall identify the tasks and costs for work to be conducted under the agreement. The agreement must include a schedule that states:

- (a) The estimated number of weeks for initial review of the permit application;
- (b) The estimated number of revision cycles;
- (c) The estimated number of weeks for review of subsequent revision submittals;
- (d) The estimated number of billable hours of employee time;
- (e) The rate per hour; and
- (f) A date for revision of the agreement if necessary.

(3) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to hire temporary employees, to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants or hire temporary employees to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The cost-reimbursement agreement must not negatively impact the processing of other permit applications. In order to maintain permit processing capacity, the agency may hire outside consultants, temporary employees, or make internal administrative changes. Consultants or temporary employees hired as part of a cost-reimbursement agreement or to maintain agency capacity are hired as agents of the state not of the permit applicant. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. YOUTH GANGS

43.310.005	Finding.
43.310.007	Intent—Prevention and intervention pilot programs.
43.310.010	Definitions.
43.310.020	Gang risk prevention and intervention pilot programs—Request for proposals.
43.310.030	Gang risk prevention and intervention pilot programs—Scope.
43.310.040	Cultural awareness retreats.

43.310.005 Finding. The legislature finds and declares that:

(1) The number of youth who are members and associates of gangs and commit gang violence has significantly increased throughout the entire greater Puget Sound, Spokane, and other areas of the state;

(2) Youth gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by youth gang violence has reached intolerable levels. Increased youth gang activity has seriously strained the budgets of many local jurisdictions, as well as threatened the ability of the educational system to educate our youth;

(3) Among youth gang members the high school dropout rate is significantly higher than among nongang members. Since the economic future of our state depends on a highly educated and skilled workforce, this high school dropout rate threatens the economic welfare of our future workforce, as well as the future economic growth of our state;

(4) The unemployment rate among youth gang members is higher than that among the general youth population. The unusual unemployment rate, lack of education and skills, and the increased criminal activity could significantly impact our future prison population;

(5) Most youth gangs are subcultural. This implies that gangs provide the nurturing, discipline, and guidance to gang youth and potential gang youth that is generally provided by communities and other social systems. The subcultural designation means that youth gang participation and violence can be effectively reduced in Washington communities and schools through the involvement of community, educational, criminal justice, and employment systems working in a unified manner with parents and individuals who have a first-hand knowledge of youth gangs and at-risk youth; and

(6) A strong unified effort among parents and community, educational, criminal justice, and employment systems would facilitate: (a) The learning process; (b) the control and reduction of gang violence; (c) the prevention of youth joining negative gangs; and (d) the intervention into youth gangs. [1993 c 497 § 1.]

43.310.007 Intent—Prevention and intervention pilot programs. It is the intent of the legislature to cause the development of positive prevention and intervention pilot programs for elementary and secondary age youth through cooperation between individual schools, local organizations, and government. It is also the intent of the legislature that if the prevention and intervention pilot programs are determined to be effective in reducing problems associated with youth gang violence, that other counties in the state be eligi-

ble to receive special state funding to establish similar positive prevention and intervention programs. [1993 c 497 § 2.]

43.310.010 Definitions. Unless the context otherwise requires, the following definitions shall apply throughout RCW 43.310.005 through 43.310.040 and *sections 5 and 7 through 10, chapter 497, Laws of 1993:

(1) "School" means any public school within a school district any portion of which is in a county with a population of over one hundred ninety thousand.

(2) "Community organization" means any organization recognized by a city or county as such, as well as private, nonprofit organizations registered with the secretary of state.

(3) "Gang risk prevention and intervention pilot program" means a community-based positive prevention and intervention program for gang members, potential gang members, at-risk youth, and elementary through high school-aged youth directed at all of the following:

(a) Reducing the probability of youth involvement in gang activities and consequent violence.

(b) Establishing ties, at an early age, between youth and community organizations.

(c) Committing local business and community resources to positive programming for youth.

(d) Committing state resources to assist in creating the gang risk prevention and intervention pilot programs.

43.320.005 Finding. The legislature finds that, given the overlap of powers and products in the companies regulated, the consolidation of the agencies regulating financial institutions and securities into one department will better serve the public interest through more effective use of staff expertise. Therefore, for the convenience of administration and the centralization of control and the more effective use of state resources and expertise, the state desires to combine the regulation of financial institutions and securities into one department. [1993 c 472 § 1.]

43.320.007 Regulatory reform—Findings—Construction—1994 c 256. (1) The legislature finds that the financial services industry is experiencing a period of rapid change with the development and delivery of new products and services and advances in technology.

(2) The legislature further finds it in the public interest to strengthen the regulation, supervision, and examination of business entities furnishing financial services to the people of this state and that this can be accomplished by streamlining and focusing regulation to reduce costs, increase effectiveness, and foster efficiency by eliminating requirements that are not necessary for the protection of the public.

(3) The provisions of chapter 256, Laws of 1994 should not be construed to limit the ability of the director of financial institutions to implement prudent regulation, prevent unsafe, unsound, and fraudulent practices, and undertake necessary enforcement actions to protect the public and promote the public interest. [1994 c 256 § 1.]

43.320.010 Department created. A state department of financial institutions, headed by the director of financial institutions, is created. The department shall be organized and operated in a manner that to the fullest extent permissible under applicable law protects the public interest, protects the safety and soundness of depository institutions and entities under the jurisdiction of the department, ensures access to the regulatory process for all concerned parties, and protects the interests of investors. The department of financial institutions shall be structured to reflect the unique differences in the types of institutions and areas it regulates. [1993 c 472 § 2.]

43.320.011 Department of general administration and department of licensing powers and duties transferred. (1) All powers, duties, and functions of the *department of general administration under Titles **30, 31, 32, 33, and 43 RCW and any other title pertaining to duties relating to banks, savings banks, foreign bank branches, savings and loan associations, credit unions, consumer loan companies, check cashers and sellers, trust companies and departments, and other similar institutions are transferred to the depart-

ment of financial institutions. All references to the *director of general administration, supervisor of banking, or the supervisor of savings and loan associations in the Revised Code of Washington are construed to mean the director of the department of financial institutions when referring to the functions transferred in this section. All references to the *department of general administration in the Revised Code of Washington are construed to mean the department of financial institutions when referring to the functions transferred in this subsection.

(2) All powers, duties, and functions of the department of licensing under chapters 18.44, 19.100, 19.110, 21.20, 21.30, and 48.18A RCW and any other statute pertaining to the regulation under the chapters listed in this subsection of escrow agents, securities, franchises, business opportunities, commodities, and any other speculative investments are transferred to the department of financial institutions. All references to the director or department of licensing in the Revised Code of Washington are construed to mean the director or department of financial institutions when referring to the functions transferred in this subsection. [1995 c 238 § 6; 1993 c 472 § 6.]

Reviser's note: *(1) The "department of general administration" and the "director of general administration" were renamed the "department of enterprise services" and the "director of enterprise services" by 2011 1st sp.s. c 43.

***(2) Title 30 RCW was recodified and/or repealed pursuant to 2014 c 37, effective January 5, 2015.

43.325.005 Findings—2007 c 348. (1) The legislature finds that excessive dependence on fossil fuels jeopardizes Washington's economic security, environmental integrity, and public health. Accelerated development and use of clean fuels and clean vehicle technologies will reduce the drain on Washington's economy from importing fossil fuels. As fossil fuel prices rise, clean fuels and vehicles can save consumers money while promoting the development of a major, sustainable industry that provides good jobs and a new source of rural prosperity. In addition, clean fuels and vehicles protect public health by reducing toxic air and climate change emissions.

(2) The legislature also finds that climate change is expected to have significant impacts in the Pacific Northwest region in the near and long-term future. These impacts include: Increased temperatures, declining snowpack, more frequent heavy rainfall and flooding, receding glaciers, rising sea levels, increased risks to public health due to insect and rodent-borne diseases, declining salmon populations, and increased drought and risk of forest fires. The legislature recognizes the need at this time to continue to gather and analyze information related to climate protection. This analysis will

allow prudent steps to be taken to avoid, mitigate, or respond to climate impacts and protect our communities.

(3) Finally, the legislature finds that to reduce fossil fuel dependence, build our clean energy economy, and reduce climate impacts, the state should develop policies and incentives that help businesses, consumers, and farmers gain greater access to affordable clean fuels and vehicles and to produce clean fuels in the state. These policies and incentives should include: Incentives for replacement of the most polluting diesel engines, especially in school buses; transitional incentives for development of the most promising in-state clean fuels and fuel feedstocks, including biodiesel crops, ethanol from plant waste, and liquid natural gas from landfill or wastewater treatment gases; reduced fossil fuel consumption by state fleets; development of promising new technologies for displacing petroleum with electricity, such as "plug-in hybrids"; and impact analysis and emission accounting procedures that prepare Washington to respond and prosper as climate change impacts occur, and as policies and markets to reduce climate pollution are developed. [2007 c 348 § 1.]

43.325.030 Coordinator—Duties. The director of the department shall appoint a coordinator that is responsible for:

(1) Managing, directing, inventorying, and coordinating state efforts to promote, develop, and encourage biofuel and energy efficiency, renewable energy, and innovative energy technology markets in Washington;

(2) Developing, coordinating, and overseeing the implementation of a plan, or series of plans, for the production, transport, distribution, and delivery of biofuels produced predominantly from recycled products or Washington feedstocks;

[2015 c 225 § 92; 2009 c 451 § 4; 2007 c 348 § 205.]

Intent—2009 c 451: "The legislature intends to modify the energy freedom program and account in order to receive federal funds and other sources of funding. Also, the legislature intends to expand the mission of the energy freedom program to accelerate energy efficiency improvements, renewable

energy improvements, and deployment of innovative energy technologies. 43.330.005 Findings. The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a department of commerce that fosters new partnerships for strong and sustainable communities. The mission of the department is to grow and improve jobs in Washington and facilitate innovation. To carry out its mission, the department will bring together focused efforts to: Streamline access to business assistance and economic development services by providing them through sector-based, cluster-based, and regional partners; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; increase accountability to the public, the executive branch, and the legislature; manage growth and achieve sustainable development; diversify the state's economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; and construct public infrastructure.

The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in creating the department to maximize the use of local expertise and resources in the delivery of community and economic development services. [2010 c 271 § 2; 1993 c 280 § 1.]

Purpose—2010 c 271: "In 2009, the legislature changed the name of the department of community, trade, and economic development to the depart-

ment of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission." [2010 c 271 § 1.]

43.330.007 Management responsibility. (1) The purpose of this chapter is to establish the broad outline of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions to more closely reflect its customers, its mission, and its priorities, and to make recommendations for changes.

(2) In order to generate greater local capacity, maximize results through partnerships and the use of intermediaries, and leverage the use of state resources, the department shall, in carrying out its business assistance and economic development functions, provide business and economic development services primarily through sector-based, cluster-based, and regionally based organizations rather than providing assistance directly to individual firms. [2010 c 271 § 3; 2009 c 565 § 1; 1993 c 280 § 2.]

Purpose—Effective date—2010 c 271: See notes following RCW 43.330.005.

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

43.330.082 Contracting associate development organizations—Performance measures and summary of best practices—Remediation plans—Report. (1)(a) Contracting associate development organizations must provide the department with measures of their performance and a summary of best practices shared and implemented by the contracting organizations. Annual reports must include the following information to show the contracting organization's impact on employment and overall changes in employment: Current employment and economic information for the community or regional area produced by the employment security department; the net change from the previous year's employment and economic information using data produced by the employment security department; other relevant information on the community or regional area; the amount of funds received by the contracting organization through its contract with the department; the amount of funds received by the contracting organization through all sources; and the contracting organization's impact on employment through all funding sources. Annual reports may include the impact of the contracting organization on wages, exports, tax revenue, small business creation, foreign direct investment, business relocations, expansions, terminations, and capital investment. (i) The number of small businesses that received retention and expansion services, and the outcome of those services;

(ii) The number of businesses located outside of the boundaries of the largest city within the contracting associate development organization's region that received recruitment, retention, and expansion services, and the outcome of those services.

(2)(a) The department and contracting associate development organizations must agree upon specific target levels for the performance measures in subsection (1) of this section. Comparison of agreed thresholds and actual performance must occur annually.

(b) Contracting organizations that fail to achieve the agreed performance targets in more than one-half of the agreed measures must develop remediation plans to address performance gaps. The remediation plans must include revised performance thresholds specifically chosen to provide evidence of progress in making the identified service changes.

Findings—2003 c 153: "The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington's natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues.

The legislature also finds that current efforts to promote Washington's natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each." The geographic area defined should lend itself to a distinct identity and have the capacity to accommodate firm growth;

(d) The innovation partnership zone administrator must be an economic development council, port, workforce development council, city, or county.

(3) With respect solely to the research capacity required in subsection (2)(a)(i) of this section, the director may waive the requirement that the research institution be located within the zone. To be considered for such a waiver, an applicant must provide a specific plan that demonstrates the research institution's unique qualifications and suitability for the zone, and the types of jointly executed activities that will be used to ensure ongoing, face-to-face interaction and research collaboration among the zone's partners.

(4) On October 1st of each odd-numbered year, the director must designate innovation partnership zones on the basis of applications that meet the legislative criteria, estimated economic impact of the zone, evidence of forward planning for the zone, and other criteria as developed by the department. Estimated economic impact must include evidence of anticipated private investment, job creation, innovation, and commercialization. The director must require evidence that zone applicants will promote commercialization, innovation, and collaboration among zone residents.

(5) Innovation partnership zones are eligible for funds and other resources as provided by the legislature or at the discretion of the governor.

(6) If the innovation partnership zone meets the other requirements of the fund sources, then the zone is eligible for the following funds relating to:

(a) The local infrastructure financing tools program;

(b) The sales and use tax for public facilities in rural counties;

(c) Job skills;

(d) Local improvement districts; and

(e) Community economic revitalization board projects under chapter 43.160 RCW.

(7) An innovation partnership zone must be designated as a zone for a four-year period. At the end of the four-year period, the zone must reapply for the designation through the department.

(8) If the director finds that an applicant does not meet all of the statutory criteria or additional criteria recommended by the department to be designated as an innovation partnership zone, the department must:

(a) Identify the deficiencies in the proposal and recommended steps for the applicant to take to strengthen the proposal;

(b) Provide the applicant with the opportunity to appeal the decision to the director; and

(c) Allow the applicant to reapply for innovation partnership designation on October 1st of the following calendar year or during any subsequent application cycle.

(9) If the director finds at any time after the initial year of designation that an innovation partnership zone is failing to meet the performance standards required in its contract with the department, the director may withdraw such designation and cease state funding of the zone.

(10) The department must convene annual information sharing events for innovation partnership zone administrators and other interested parties.

(11) An innovation partnership zone must annually provide performance measures as required by the director, including but not limited to private investment measures, job creation measures, and measures of innovation such as licensing of ideas in research institutions, patents, or other recognized measures of innovation.

(12) The department must compile a biennial report on the innovation partnership zone program by December 1st of every even-numbered year. The report must provide information for each zone on its: Objectives; funding, tax incentives, and other support obtained from public sector sources; major activities; partnerships; performance measures; and outcomes achieved since the inception of the zone or since the previous biennial report. The department must submit the report to the governor and legislature beginning December 1, 2010. [2014 c 112 § 115; 2012 c 225 § 1; 2009 c 72 § 1; 2007 c 227 § 1.]

(3) The financial fraud and identity theft crimes investigation and prosecution account is created in the state treasury. Moneys in the account may be spent only after appropriation. Revenue to the account may include appropriations, revenues generated by the surcharge imposed in RCW 62A.9A-525, federal funds, and any other gifts or grants. Expenditures from the account may be used only to support the activities of the financial fraud and identity theft crime investigation and prosecution task forces and the program administrative expenses of the department, which may not exceed ten percent of the amount appropriated.

(4) For purposes of this section, "financial fraud and identity theft crimes" includes those that involve: Check fraud, chronic unlawful issuance of bank checks, embezzlement, credit/debit card fraud, identity theft, forgery, counterfeit instruments such as checks or documents, organized counterfeit check rings, and organized identification theft rings.

Effective date—2015 c 65: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2015." [2015 c 65 § 5.]

43.330.310 Comprehensive green economy jobs growth initiative—Establishment. (1) The legislature establishes a comprehensive green economy jobs growth initiative based on the goal of, by 2020, increasing the number of green economy jobs to twenty-five thousand from the eight thousand four hundred green economy jobs the state had in 2004.

(2) The department, in consultation with the employment security department, the state workforce training and education coordinating board, and the state board for community and technical colleges, shall develop a defined list of terms, consistent with current workforce and economic development terms, associated with green economy industries and jobs.

(3)(a) The employment security department, in consultation with the department, the state workforce training and education coordinating board, the state board for community and technical colleges, Washington State University small business development center, and the Washington State University extension energy program, shall conduct labor market research to analyze the current labor market and projected job growth in the green economy, the current and projected recruitment and skill requirement of green economy industry employers, the wage and benefits ranges of jobs within green economy industries, and the education and training requirements of entry-level and incumbent workers in those industries.

(i) The employment security department shall conduct an analysis of occupations in the forest products industry to: (A) Determine key growth factors and employment projections in the industry; and (B) define the education and skill standards required for current and emerging green occupations in the industry.

(ii) The term "forest products industry" must be given a broad interpretation when implementing (a)(i) of this subsection and includes, but is not limited to, businesses that grow, manage, harvest, transport, and process forest, wood, and paper products.

(b) The University of Washington business and economic development center shall: Analyze the current opportunities for and participation in the green economy by minority and women-owned business enterprises in Washington; identify existing barriers to their successful participation in the green economy; and develop strategies with specific policy recommendations to improve their successful participation in the green economy. The research may be informed by the research of the Puget Sound regional council prosperity partnership, as well as other entities. The University of Washington business and economic development center shall report to the appropriate committees of the house of representatives and the senate on their research, analysis, and recommendations by December 1, 2008.

(4) Based on the findings from subsection (3) of this section, the employment security department, in consultation with the department and taking into account the requirements and goals of chapter 14, Laws of 2008 and other state clean energy and energy efficiency policies, shall propose which

(2021 Ed.)

industries will be considered high-demand green industries, based on current and projected job creation and their strategic importance to the development of the state's green economy. The employment security department and the department shall take into account which jobs within green economy industries will be considered high-wage occupations and occupations that are part of career pathways to the same, based on family-sustaining wage and benefits ranges. These designations, and the results of the employment security department's broader labor market research, shall inform the planning and strategic direction of the department, the state workforce training and education coordinating board, and the state board for community and technical colleges.

(5) The department shall identify emerging technologies and innovations that are likely to contribute to advancements in the green economy, including the activities in designated innovation partnership zones established in RCW 43.330.270.

(6) The department shall:

(a) Develop targeting criteria for existing investments, and make recommendations for new or expanded financial incentives and comprehensive strategies, to recruit, retain, and expand green economy industries and small businesses; and

(b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(7) For the purposes of this section, "target populations" means (a) entry-level or incumbent workers in high-demand green industries who are in, or are preparing for, high-wage occupations; (b) dislocated workers in declining industries who may be retrained for high-wage occupations in high-demand green industries; (c) dislocated agriculture, timber, or energy sector workers who may be retrained for high-wage occupations in high-demand green industries; (d) eligible veterans or national guard members; (e) disadvantaged populations; or (f) anyone eligible to participate in the state opportunity grant program under RCW 28B.50.271.

(8) The legislature directs the state workforce training and education coordinating board to create and pilot green industry skill panels. These panels shall consist of business representatives from: Green industry sectors, including but not limited to forest product companies, companies engaged in energy efficiency and renewable energy production, companies engaged in pollution prevention, reduction, and mitigation, and companies engaged in green building work and green transportation; labor unions representing workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries; state and local veterans agencies; employer associations; educational institutions; and local workforce development councils within the region that the panels propose to operate; and other key stakeholders as determined by the applicant. Any of these stakeholder organizations are eligible to receive grants under this section and serve as the intermediary that convenes and leads the panel. Panel applicants must provide labor market and industry analysis that demonstrates high demand, or demand of strategic importance to the

development of the state's clean energy economy as identified in this section, for high-wage occupations, or occupations that are part of career pathways to the same, within the relevant industry sector. The panel shall:

(a) Conduct labor market and industry analyses, in consultation with the employment security department, and drawing on the findings of its research when available;

(b) Plan strategies to meet the recruitment and training needs of the industry and small businesses; and

(c) Leverage and align other public and private funding sources. [2014 c 112 § 117. Prior: 2012 c 229 § 590; 2012 c 198 § 12; 2010 c 187 § 2; 2008 c 14 § 9.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Effective date—2012 c 198: See note following RCW 70A.15.5110.

Findings—2010 c 187: "(1) The legislature finds that:

(a) Washington's forest products industry plays a critical economic and environmental role in the state. The industry provides a wide range of services and goods both to Washingtonians and people around the world and is vital to the well-being and lifestyle of the people of the state of Washington; and

(b) It is in the best interest of the state to support and enhance the forest products industry.

(2) The legislature further finds that the state's forest practices are sustainably managed according to some of the most stringent riparian growing and harvest rules of any state in the nation or in the world, and that the state of Washington has received fifty-year assurances from the federal government that the state's forest practices satisfy the requirements of the federal endangered species act for aquatic species. As part of their environmental stewardship, forestland owners in Washington have repaired or removed nearly three thousand fish passage barriers, returned nearly twenty-five hundred miles of forest roads to their natural condition, and opened up nearly fifty hundred miles of riparian salmonid habitat.

(3) The legislature further finds that Washington's forests naturally create habitat for fish and wildlife, clean water, and carbon storage; all environmental benefits that are lost when land is converted out of working forestry into another use. In recognition of forestry's benefits, the international panel on climate change has reported that a sustainable forest management strategy aimed at maintaining or increasing forest carbon stocks, while producing an annual sustained yield of timber, fiber, wood products, or energy from the forest, will generate the largest sustained carbon mitigation benefit.

(4) The legislature further finds that the forest products industry is a seventeen billion dollar industry, making it Washington's second largest manufacturing industry. The forest products industry alone provides nearly forty-five thousand direct jobs and one hundred sixty-two thousand indirect jobs, many located in rural areas.

(5) The legislature further finds that working forests help generate wealth through recreation and tourism, the retention and creation of green jobs, and through the production of wood products and energy, a finding supported by the United States secretary of agriculture." [2010 c 187 § 1.]

Findings—Intent—Scope of chapter 14, Laws of 2008—2008 c 14: See RCW 70A.45.005 and 70A.45.900.

43.330.320 Obtaining energy efficiency services—Awarding grants to financial institutions—Credit enhancements. (1) The department must: (a) Establish a process to award grants on a competitive basis to provide grants to financial institutions for the purpose of creating credit enhancements, such as loan loss reserve funds as specified in RCW 43.330.330 and 43.330.350, and consumer financial products and services that will be used to obtain energy efficiency services; and (b) develop criteria, in consultation with the department of financial institutions, regarding the extent to which funds will be provided for the purposes of credit enhancements and set forth principles for accountability for financial institutions receiving funding for credit enhancements.

(2) The department must:

(a) Give priority to financial institutions that provide both consumer financial products or services and direct outreach;

(b) Approve any financing mechanisms offered by local municipalities under RCW 43.330.350; and

(c) Require any financial institution or other entity receiving funding for credit enhancements to:

(i) Provide books, accounts, and other records in such a form and manner as the department may require;

(ii) Provide an estimate of projected loan losses; and

(iii) Provide the financial institution's plan to manage loan loss risks, including the rationale for sizing a loan loss reserve and the use of other credit enhancements, as applicable. [2009 c 379 § 205.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70A.50.010.

43.330.330 Funding energy efficiency improvements—Risk reduction mechanisms—Legislative intent.

(1) The legislature finds that the creation and use of risk reduction mechanisms will promote greater involvement of local financial institutions and other financing mechanisms in funding energy efficiency improvements and will achieve greater leverage of state and federal dollars. Risk reduction mechanisms will allow financial institutions to lend to a broader pool of applicants on more attractive terms, such as potentially lower rates and longer loan terms. Placing a portion of funds in long-term risk reduction mechanisms will support a sustained level of energy efficiency investment by financial institutions while providing funding to projects quickly.

(2) It is the intent of the legislature to leverage new federal funding aimed at promoting energy efficiency projects, improving energy efficiency, and increasing family-wage jobs. To this end, the legislature intends to invest a portion of all federal funding, subject to federal requirements, for energy efficiency projects in financial mechanisms that will provide for maximum leverage of financing. [2009 c 379 § 206.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70A.50.010.

43.330.340 Appliance efficiency rebate program.

The department may create an appliance efficiency rebate program with available funds from the energy efficient appliances rebate program authorized under the federal energy policy act of 2005 (P.L. 109-58). [2009 c 379 § 207.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70A.50.010.

43.330.350 Use of moneys by local municipalities to leverage financing for energy efficiency projects.

(1) Local municipalities receiving federal stimulus moneys through the federal energy efficiency and conservation block grant program or state energy program are authorized to use those funds, subject to federal requirements, to establish loan loss reserves or toward risk reduction mechanisms, such as loan loss reserves, to leverage financing for energy efficiency projects.

(2) Interest rate subsidies, financing transaction cost subsidies, capital grants to energy users, and other forms of grants and incentives that support financing energy efficiency projects are authorized uses of federal energy efficiency funding.

(3) Financing mechanisms offered by local municipalities under this section must conform to all applicable state and federal rules and regulations. [2009 c 379 § 208.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70A.50.010.

43.330.360 Findings—Involvement of state bond authorities in financing energy efficiency projects.

(1) The legislature finds that the state bond authorities have capacities that can be applied to financing energy efficiency projects for their respective eligible borrowers: Washington economic development finance authority for industry; Washington state housing finance commission for single-family and multifamily housing, commercial properties, agricultural properties, and nonprofit facilities; Washington higher education facilities authority for private, nonprofit higher education; and Washington health care facilities authority for hospitals and all types of health clinics.

(2)(a) Subject to federal requirements, the state bond authorities may accept and administer an allocation of the state's share of the federal energy efficiency funding for designing energy efficiency finance loan products and for developing and operating energy efficiency finance programs. The state bond authorities shall coordinate with the department on the design of the bond authorities' program.

(b) The department may make allocations of the federal funding to the state bond authorities and may direct and administer funding for outreach, marketing, and delivery of energy services to support the programs by the state bond authorities.

(c) The legislature authorizes a portion of the federal energy efficiency funds to be used by the state bond authorities for credit enhancements and reserves for such programs.

(3) The Washington state housing finance commission may:

(a) Issue revenue bonds as the term "bond" is defined in RCW 43.180.020 for the purpose of financing loans for energy efficiency and renewable energy improvement projects in accordance with RCW 43.180.150;

(b) Establish eligibility criteria for financing that will enable it to choose applicants who are likely to repay loans made or acquired by the commission and funded from the proceeds of federal funds or commission bonds; and

(c) Participate fully in federal and other governmental programs and take such actions as are necessary and consistent with chapter 43.180 RCW to secure to itself and the people of the state the benefits of programs to promote energy efficiency and renewable energy technologies. [2009 c 379 § 209.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70A.50.010.

Effective date—Purpose—2011 1st sp.s. c 43: See notes following RCW 43.19.003.

Findings—Intent—Purpose—2009 c 509: "(1) The legislature finds that the deployment and adoption of high-speed internet services and technology advancements enhance economic development and public safety for the state's communities. Such deployment also offers improved health care, access to consumer and legal services, increased educational and civic participation opportunities, and a better quality of life for the state's residents. The legislature further finds that improvements in the deployment and adoption of high-speed internet services and the strategic inclusion of technology advancements and technology education are critical to ensuring that Washington remains competitive and continues to provide a skilled workforce, attract businesses, and stimulate job growth.

(2) The legislature intends to support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology. The legislature further intends to ensure that all Washington citizens, businesses, schools, and organizations are able to obtain and utilize broadband fully, regardless of location, economic status, literacy level, age, disability, structure, or size. In addition, the legislature intends that a statewide assessment of the availability, location, service levels, and other characteristics of high-speed internet services and other advanced telecommunications services in the state be conducted.

(3) In recognition of the importance of broadband deployment and adoption to the economy, health, safety, and welfare of the people of Washington, it is the purpose of this act to make high-speed internet service more readily available throughout the state, especially in areas and for populations with a low utilization rate." 43.330.430 Developmental disabilities endowment—Definitions. The definitions in this section apply throughout *RCW 43.330.200 through 43.330.230.

(1) "Developmental disability" has the meaning in **RCW 71A.10.020(3).

(2) "Developmental disabilities endowment trust fund" means the fund established in the custody of the state treasurer in *RCW 43.330.200, comprised of private, public, or private and public sources, to finance services for persons with developmental disabilities. All moneys in the fund, all property and rights purchased from the fund, and all income attributable to the fund, shall be held in trust by the state investment board, as provided in RCW 43.33A.030, for the exclusive benefit of fund beneficiaries. The principal and interest of the endowment fund must be maintained until such time as the governing board policy specifies except for the costs and expenses of the state treasurer and the state invest-

ment board otherwise provided for in chapter 120, Laws of 2000.

(3) "Governing board" means the developmental disabilities endowment governing board in *RCW 43.330.205.

(4) "Individual trust account" means accounts established within the endowment trust fund for each individual named beneficiary for the benefit of whom contributions have been made to the fund. The money in each of the individual accounts is held in trust as provided for in subsection (2) of this section, and shall not be considered state funds or revenues of the state. The governing board serves as administrator, manager, and recordkeeper for the individual trust accounts for the benefit of the individual beneficiaries. The policies governing the disbursements, and the qualifying services for the trust accounts, shall be established by the governing board. Individual trust accounts are separate accounts within the developmental disabilities endowment trust fund, and are invested for the beneficiaries through the endowment trust fund. [2000 c 120 § 2. Formerly RCW 43.70.730, 43.330.195.]

Reviser's note: *(1) RCW 43.330.200 through 43.330.230 were recodified as RCW 43.70.731 through 43.70.736, respectively, pursuant to 2010 c 271 § 203. RCW 43.70.731 through 43.70.736 were subsequently recodified as RCW 43.330.431 through 43.330.436, respectively, pursuant to 2012 c 197 § 4.

***(2) RCW 71A.10.020 was amended by 2011 1st sp.s. c 30 § 3, changing subsection (3) to subsection (4). RCW 71A.10.020 was subsequently amended by 2014 c 139 § 2, changing subsection (4) to subsection (5).

43.330.431 Developmental disabilities endowment—Trust fund. (1) The developmental disabilities endowment trust fund is created in the custody of the state treasurer. Expenditures from the fund may be used only for the purposes of the developmental disabilities endowment established under this chapter, except for expenses of the state investment board and the state treasurer as specified in subsection (2) of this section. Only the developmental disabilities endowment governing board or the board's designee may authorize expenditures from the fund. The fund shall retain its interest earnings in accordance with RCW 43.79A.040.

(2) The developmental disabilities endowment governing board shall deposit in the fund all money received for the program, including state appropriations and private contributions. With the exception of investment and operating costs associated with the investment of money by the investment board paid under RCW 43.33A.160 and 43.84.160 and the expenses and operating costs of the state treasurer paid under RCW 43.08.190 and 43.79A.040, the fund shall be credited with all investment income earned by the fund. Disbursements from the fund are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. However, money used for program administration by the department or the governing board is subject to the allotment and budgetary controls of chapter 43.88 RCW, and an appropriation is required for these expenditures. [2000 c 120 § 3; 1999 c 384 § 2. Formerly RCW 43.70.731, 43.330.200.]

Intent—1999 c 384: "The legislature recognizes that the main and most enduring support for persons with developmental disabilities, along with public resources, is their immediate and extended families. The legislature recognizes that these families are searching for ways to provide for the long-term continuing care of their disabled family member when the family can no longer provide that care. It is the intent of the legislature to encourage and assist families to engage in long-range financial planning and to contribute to

the lifetime care of their disabled family member. To further these objectives, this chapter is enacted to finance lifetime services and supports for persons with developmental disabilities through an endowment funded jointly by the investment of public funds and dedicated family contributions.

The establishment of this endowment is not intended to diminish the state's responsibility for funding services currently available to future endowment participants, subject to available funding, nor is it the intent of the legislature, by the creation of this public/private endowment, to impose additional, unintended financial liabilities on the public." [2000 c 120 § 1; 1999 c 384 § 1.]

43.330.434 Developmental disabilities endowment—Endowment principles. The design, implementation, and administration of the developmental disabilities endowment shall be governed by the following principles:

(1) The design and operation of the endowment should reward families who set aside resources for their child's future care and provide incentives for continued caregiving by the family.

(2) The endowment should encourage financial planning and reward caregiving by a broad range of families, not just those who have substantial financial resources.

(3) Families should not feel compelled to contribute to the endowment in order to meet the needs of continuing care for their child.

(4) All families should have equal access to developmental disabilities services not funded through the endowment regardless of whether they contribute to the endowment.

(5) Services funded through the endowment should be stable, ongoing, of reasonable quality, and respectful of individual and family preferences.

(6) Endowment resources should be expended economically in order to benefit as many families as possible.

(7) Endowment resources should be managed prudently so that families can be confident that their agreement with the endowment on behalf of their child will be honored.

(8) The private financial contribution on behalf of each person receiving services from the endowment shall be at least equal to the state's contribution to the endowment.

(9) In order to be matched with funding from the state's contribution to the endowment, the private contribution on behalf of a beneficiary must be sufficient to support the beneficiary's approved service plan for a significant portion of the beneficiary's anticipated remaining lifetime.

(10) The rate that state appropriations to the endowment are used to match private contributions shall be such that each legislative appropriation to the developmental disabilities endowment trust fund, including principal and investment income, is not depleted in a period of less than five years.

(11) Private contributions made on behalf of a particular individual, and the associated state match, shall only be used for services provided upon that person's behalf.

(12) State funds contributed to the developmental disabilities endowment trust fund are to support the individual trust accounts established by individual private contributions made by families or other interested persons for named individual beneficiaries.

(13) The governing board shall explore methods to solicit private donations. The governing board shall explore mechanisms to support individuals with developmental disabilities who do not have individual private contributions made on their behalf. The governing board shall establish policies for the use of any private donations.

(14) Types of services funded by money managed through the developmental disabilities endowment trust fund shall be approved by the governing board or its designee. [2000 c 120 § 6; 1999 c 384 § 5. Formerly RCW 43.70.734, 43.330.220.]

43.330.435 Developmental disabilities endowment—Development of operating plan—Elements. To the extent funds are appropriated for this purpose, the governing board shall contract with an appropriate organization for the development of a proposed operating plan for the developmental disabilities endowment program. The proposed operating plan shall be consistent with the endowment principles specified in *RCW 43.330.220. The plan shall address at least the following elements:

(1) The recommended types of services to be available through the endowment program and their projected average costs per beneficiary;

(2) An assessment of the number of people likely to apply for participation in the endowment under alternative rates of matching funds, minimum service year requirements, and contribution timing approaches;

(3) An actuarial analysis of the number of disabled beneficiaries who are likely to be supported under alternative

levels of public contribution to the endowment, and the length of time the beneficiaries are likely to be served, under alternative rates of matching funds, minimum service year requirements, and contribution timing approaches;

(4) Recommended eligibility criteria for participation in the endowment program;

(5) Recommended policies regarding withdrawal of private contributions from the endowment in cases of movement out of state, death of the beneficiary, or other circumstances;

(6) Recommended matching rate of public and private contributions and, for each beneficiary, the maximum annual and lifetime amount of private contributions eligible for public matching funds;

(7) The recommended minimum years of service on behalf of a beneficiary that must be supported by private contributions in order for the contributions to qualify for public matching funds from the endowment;

(8) The recommended schedule according to which lump sum or periodic private contributions should be made to the endowment in order to qualify for public matching funds;

(9) A recommended program for educating families about the endowment, and about planning for their child's long-term future; and

(10) Recommended criteria and procedure for selecting an organization or organizations to administer the developmental disabilities endowment program, and projected administrative costs. [2000 c 120 § 7. Formerly RCW 43.70.735, 43.330.225.]

Based on the proposed operating plan under *RCW 43.330.225, and to the extent funds are appropriated for this purpose, the developmental disabilities endowment governing board shall implement and administer, or contract for the administration of, the developmental disabilities endowment program under the principles specified in *RCW 43.330.220. By December 1, 2000, and prior to implementation, the final program design shall be submitted to the appropriate committees of the legislature.

The secretary of the department of social and health services shall seek to maximize federal reimbursement and matching funds for expenditures made under the endowment program, and shall seek waivers from federal requirements as necessary for the receipt of federal funds.

The governing board may receive gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the endowment program and may expend the gifts, grants, and endowments according to their terms. Purpose—Effective date—2010 c 271: See notes following RCW 43.330.005.

43.330.440 Multijurisdictional regulatory streamlining projects—Establishment—Reports. (1) The department, in collaboration with the office of regulatory assistance and the office of accountability and performance, must conduct multijurisdictional regulatory streamlining projects that each impact a specific industry sector or subsector within a specific geographical location. Planning for an initial pilot project must begin by September 1, 2013, and the initial pilot project must be underway by December 31, 2013. One or more projects must be implemented in each subsequent calendar year through 2019.

(2) The department must establish and implement a competitive process and select a minimum of one applicant comprised of a public-private partnership for participation in each project. The initial pilot project must focus on the manufacturing sector. The department, in consultation with the economic development commission, must determine the sectors for subsequent projects. The criteria to be used to select projects must include:

(a) Evidence of strong business commitment to the project;

(b) Evidence of strong commitment by the local government jurisdictions where the project is located to allocate necessary staff to the project and to streamline laws, rules, and administrative process requirements both within their jurisdictions and collaboratively across jurisdictions;

(c) Willingness to apply lean principles and tools to streamline the business regulatory experience;

(d) Identification of a lead partner capable of providing project management and coordination of partners;

(e) Support of the stakeholders necessary to implement the project;

(f) A plan and capacity to complete the project within the time frame; and

(g) A minimum of fifty percent match must be provided from project partners. The match may be cash, in-kind, or a combination of cash and in-kind.

(3) The department is encouraged to collaborate with nonprofit industry organizations, the private sector, foundations, and other interested entities to successfully complete each project.

(4) The department must pursue opportunities for non-state funding as the match to the fifty percent or more provided by project partners. A maximum of fifty thousand dollars of state funds may be used for a project.

(5) The department may contract with a third party for expertise and facilitation.

(6) All state agencies with regulatory requirements that impact the project's industry sector must participate.

(7) The state agencies, local jurisdictions, business partners, and other participants must jointly:

(a) Develop a project plan to conduct a cross-jurisdictional review process;

(b) Identify and review all laws, rules, and administrative processes and requirements pertaining to the selected sector;

(c) Apply specific criteria to evaluate the extent to which the laws, rules, and administrative processes and requirements provide for consistent, clear, and efficient customer experiences while continuing to maintain public health, safety, and environmental standards;

(d) Develop an implementation plan and schedule that identifies priority streamlining actions;

(e) Present their recommendations to the department for comment and endorsement; and

(f) Present their recommendations to the Washington state economic development commission for comment, endorsement, and evaluation.

(8) The department must document and distribute the streamlined laws, rules, processes, and other potentially replicable information, derived from the projects to the association of Washington cities and Washington state association of counties for distribution to their membership.

(9) The department must brief the economic development committees of the legislature by January 15, 2014, on the status of the initial pilot project, and must submit a report on the outcomes of the projects to the economic development committees of the legislature by January 15th of each calendar year, from 2015 through 2020. The department must include in the reports any streamlining recommendations identified in the projects that require statutory changes for implementation and any potentially replicable models, approaches, and tools that could be applied to other sectors and geographical areas. [2013 c 324 § 2.]

Findings—Intent—2013 c 324: "(1) The legislature finds that: Since 2010, the department of commerce and the office of regulatory assistance have convened and coordinated a number of cross-agency collaborative regulatory streamlining efforts focused on improving the regulatory experience for small businesses, while maintaining public health and safety; the department of commerce has established efficient and effective regulation as one of its four global priorities to support the mission to grow and improve jobs; the state auditor's office issued a regulatory performance audit in 2012 identifying many agency actions that can also improve the business community's ability to comply with regulatory requirements; and the Washington state economic development commission's 2012 comprehensive statewide strategy emphasized the need for smarter regulations in order to achieve long-term global competitiveness, prosperity, and economic opportunity for all the state's citizens.

(2) The legislature further finds that while individual agency streamlining activities result in improvements, businesses are required to interact with many state and local agencies, all with unique requirements, processes, forms, instructions, payment options, and electronic transaction capabilities. Cross-agency and cross-jurisdictional regulatory improvements are needed to meaningfully improve the overall business customer experience and ability to more easily understand and comply with requirements.

(3) Therefore, the legislature intends to authorize a business regulatory efficiency program administered by the department of commerce with the goal of providing an improved regulatory environment in Washington. By enhancing, simplifying, and better coordinating state and local regulatory processes for specific industry sectors, the amount of time it takes businesses to conduct their interactions with state government will decrease, compliance will increase, and businesses will have the opportunity to generate more revenue and create more jobs, thereby strengthening Washington's economy and overall global competitiveness." [2019 c 365 § 2.]

Findings—2019 c 365: See note following RCW 43.330.532.

43.330.532 Broadband office—Established—Purpose. (1) The governor's statewide broadband office is established. The director of the office must be appointed by the governor. The office may employ staff necessary to carry out the office's duties as prescribed by chapter 365, Laws of 2019, subject to the availability of amounts appropriated for this specific purpose.

(2) The purpose of the office is to encourage, foster, develop, and improve affordable, quality broadband within the state in order to:

(a) Drive job creation, promote innovation, improve economic vitality, and expand markets for Washington businesses;

(b) Serve the ongoing and growing needs of Washington's education systems, health care systems, public safety systems, transportation systems, industries and business, governmental operations, and citizens; and

(c) Improve broadband accessibility for unserved communities and populations. [2021 c 258 § 2; 2019 c 365 § 3.]

Findings—Intent—2021 c 258: See note following RCW 47.44.160.

Findings—2019 c 365: "The legislature finds that:

(1) Access to broadband is critical to full participation in society and the modern economy;

(2) Increasing broadband access to unserved areas of the state serves a fundamental governmental purpose and function and provides a public benefit to the citizens of Washington by enabling access to health care, education, and essential services, providing economic opportunities, and enhancing public health and safety;

(3) Achieving affordable and quality broadband access for all Washingtonians will require additional and sustained investment, research, local and community participation, and partnerships between private, public, and non-profit entities;

(4) The federal communications commission has adopted a national broadband plan that includes recommendations directed to federal, state, and local governments, including recommendations to:

(a) Design policies to ensure robust competition and maximize consumer welfare, innovation, and investment;

(b) Ensure efficient allocation and management of assets that the government controls or influences to encourage network upgrades and competitive entry;

(c) Reform current universal service mechanisms to support deployment in high-cost areas, ensuring that low-income Americans can afford broadband, and supporting efforts to boost adoption and utilization; and

(d) Reform laws, policies, standards, and incentives to maximize the benefits of broadband in sectors that government influences significantly, such as public education, health care, and government operations;

(5) Extensive investments have been made by the telecommunications industry and the public sector, as well as policies and programs adopted to provide affordable broadband services throughout the state, that will provide a foundation to build a comprehensive statewide framework for additional actions needed to advance the state's broadband goals; and

(6) Providing additional funding mechanisms to increase broadband access in unserved areas is in the best interest of the state. To that end, this act establishes a grant and loan program that will support the extension of broadband infrastructure to unserved areas. To ensure this program primarily serves the public interest, the legislature intends that any grant or loan provided to a private entity under this program must be conditioned on a guarantee that the asset or infrastructure to be developed will be maintained for public use for a period of at least fifteen years." [2019 c 365 § 1.]

The department shall submit a final report on the safe streets pilot project, including an analysis of the reported data required under this subsection, by December 1, 2023.

(7) This section expires January 1, 2024. [2021 c 327 § 2.]

Finding—2021 c 327: "The legislature finds that community engagement is a foundational principle of successful community policing practices. When individuals and neighborhood groups are encouraged to partner with law enforcement, a powerful alliance can be built on mutual trust and respect and mitigate polarization between police departments and community groups. A successful community-police partnership leads to the achievement of shared goals of improving safety and quality of life and ensuring that public safety services are tailored to the needs of local communities.

The legislature recognizes current efforts in Washington to mobilize communities to insist on equitable and accountable practices that will result in community participation in public safety efforts as well as establish cooperative lines of communication between civilians and law enforcement. Laudable community engagement models such as the safe streets campaign in Pierce county, safe Yakima in Yakima county, and the Okanogan county community coalition are recognized to mitigate crime trends by engaging the community and law enforcement in cooperative efforts to improve public safety.

The department of commerce intends to foster community engagement with law enforcement officers through the creation of a community engagement project in 15 communities across the state of Washington with a mix of urban, rural, and suburban areas to facilitate community-law enforcement partnerships and improve police-community relations. The department will implement a project evaluation to measure and examine the impact of local initiatives on community engagement, neighborhood safety, and positive community-police relations.

The funded projects will facilitate the empowerment of communities to engage in crime prevention efforts through neighborhood organizing, law enforcement-community partnerships, youth mobilization, and business engagement." [2021 c 327 § 1.]

HOMELESS YOUTH PREVENTION AND PROTECTION ACT

43.330.700 Findings—Homeless youth. (1) The legislature finds that every night thousands of homeless youth in Washington go to sleep without the safety, stability, and support of a family or a home. This population is exposed to an increased level of violence, human trafficking, and exploitation resulting in a higher incidence of substance abuse, illness, and death. The prevention and reduction of youth and young adult homelessness and protection of homeless youth is of key concern to the state. Nothing in chapter 69, Laws of 2015 is meant to diminish the work accomplished by the implementation of Becca legislation but rather, the intent of the legislature is to further enhance the state's efforts in working with unaccompanied homeless youth and runaways to encourage family reconciliation or permanent housing and support through dependency when family reconciliation is not a viable alternative.

(2) Successfully addressing youth and young adult homelessness ensures that homeless youth and young adults in our state have the support they need to thrive and avoid involvement in the justice system, human trafficking, long-term, avoidable use of public benefits, and extended adult homelessness.

(3) Providing appropriate, relevant, and readily accessible services is critical for addressing one-time, episodic, or longer-term homelessness among youth and young adults, and keeping homeless youth and young adults safe, housed, and connected to family.

(4) The coordination of statewide programs to combat youth and young adult homelessness should include programs addressing both youth and young adults. In some instances, best practices mandate that youth programs and young adult programs be segregated in their implementation; however, in other instances, innovative approaches can ensure the health and safety of both populations while serving them together, allowing for alignment with federal programs and funding opportunities, application of adolescent neurodevelopment research, and maximization of capacity to serve more dispersed populations in rural areas. The legislature further finds that the differing needs of these populations should be considered when assessing which programs are relevant and appropriate.

(5) To successfully reduce and prevent youth and young adult homelessness, it is the goal of the legislature to have the following key components available and accessible:

(a) **Stable housing:** It is the goal of the legislature to provide a safe and healthy place for homeless youth to sleep each night until permanency can be reached. Every homeless young adult in our state deserves access to housing that gives them a safe, healthy, and supported launching pad to adulthood. Every family in crisis should have appropriate support as they work to keep their children housed and safe. It is the goal of the legislature that every homeless youth discharged from a public system of care in our state will not be discharged into homelessness.

(b) **Family reconciliation:** All homeless youth should have access to services that support reunification with immediate family. When reunification is not possible for homeless youth, youth should be placed in the custody of the department of children, youth, and families.

(c) **Permanent connections:** Every homeless young adult should have opportunities to establish positive, healthy relationships with adults, including family members, employers, landlords, teachers, and community members, with whom they can maintain connections and from whom they can receive ongoing, long-term support to help them develop the skills and experiences necessary to achieve a successful transition to adulthood.

(d) **Education and employment:** Every homeless young adult in our state deserves the opportunity and support they need to complete their high school education and pursue additional education and training. It is the goal of the legislature that every homeless young adult in our state will have the opportunity to engage in employment training and be able to access employment. With both education and employment support and opportunities, young adults will have the skills they need to become self-sufficient, self-reliant, and independent.

(e) **Social and emotional well-being:** Every homeless youth and young adult in our state should have access to both behavioral health care and physical health care. Every state-funded program for homeless youth and young adults must endeavor to identify, encourage, and nurture each youth's strengths and abilities and demonstrate a commitment to youth-centered programming. [2019 c 124 § 4; 2015 c 69 § 4.]

The plan must specify actions that state agencies will need to take, any necessary statutory and funding legislative action, and the assignment of those specific state agency actions to effectuate all parts of the plan. By December 31, 2019, the department of children, youth, and families must issue the plan to the appropriate committees of the legislature and the governor.

WASHINGTON SMALL BUSINESS RETIREMENT MARKETPLACE

43.330.730 Finding—2015 c 296. The legislature finds that there is a retirement savings access gap in Washington; that Americans reach the median salary four years later than they did in 1980 and therefore have four fewer years of savings opportunities; and that one in six Americans retire in poverty. Employees who are unable to effectively build their retirement savings risk living on low incomes in their elderly years and are more likely to become dependent on state services. Further, small businesses, which employ more than forty percent of private sector employees in Washington, often choose not to offer retirement plans to employees due to concerns about costs, administrative burdens, and potential liability that they believe such plans would place on their business. In response, the legislature recognizes the work of the federal government in addressing these issues by establishing the myRA program: A safe, affordable, and accessible retirement vehicle designed to remove barriers to retirement savings. In addition, the legislature recognizes that many private financial services firms in Washington currently offer high quality retirement options for small businesses and their employees.

The Washington small business retirement marketplace will remove barriers to entry into the retirement market for small businesses by educating small employers on plan availability and promoting, without mandated participation, qualified, low-cost, low-burden retirement savings vehicles and myRA. The marketplace furthers greater retirement plan access for the residents of Washington while ensuring that individuals participating in these retirement plans will have all the protections offered by the employee retirement income security act. Further, the Washington small business retirement marketplace will not pose any significant financial burden upon taxpayers. The Washington small business retirement marketplace will be the best way for Washington to close the retirement savings access gap, protect the fiscal stability of the state and its citizens well into the future, and further cement its place as a national leader in retirement and investor promotion and protection. The marketplace will educate and promote retirement saving among employees and in particular market to small employers with fifty or fewer employees. [2015 c 296 § 1.]

Findings—Intent—1996 c 186: "The legislature finds responsibilities of state government need to be limited to core services in support of public safety and welfare. Services provided by the Washington state energy office are primarily advisory and can be eliminated. The legislature further finds a need to redefine the state's role in energy-related regulatory functions. The state may be better served by allowing regulatory functions to be performed by other appropriate entities, simplifying state government while maintaining core services. Further, it is the intent of the legislature that the state continue to receive oil overcharge restitution funds for our citizens while every effort is being made to maximize federal funds available for energy conservation purposes." 43.330A.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of commerce.

(2) "Office" means the Washington office of firearm safety and violence prevention. [2020 c 313 § 2.]

Finding—Intent—2020 c 313: See note following RCW 43.330A.020.

43.330A.020 Created—Duties—Reports. (1) The Washington office of firearm safety and violence prevention is created within the department for the purposes of coordinating and promoting effective state and local efforts to reduce firearm violence.

(2) The duties of the office include, but are not limited to:

(a) Working with law enforcement agencies, county prosecutors, researchers, and public health agencies throughout the state to identify and improve upon available data sources, data collection methods, and data-sharing mechanisms. The office will also identify gaps in available data needed for ongoing analysis, policy development, and the implementation of evidence-based firearm violence intervention and prevention strategies;

(b) Researching, identifying, and recommending legislative policy options to promote the implementation of statewide evidence-based firearm violence intervention and prevention strategies;

(c) Researching, identifying, and applying for nonstate funding to aid in the research, analysis, and implementation of statewide firearm violence intervention and prevention strategies;

(d) Working with the office of crime victim[s] advocacy to identify opportunities to better support victims of firearm violence, a population that is currently underrepresented among recipients of victim services;

(e) Contract [Contracting] for a statewide helpline, counseling, and referral services for victims, friends, and family members impacted by gun violence and community professionals and providers who engage with them;

(f) Contract [Contracting] with the University of Washington to develop a best practice guide for therapy for gun violence victims;

(g) Administering the Washington firearm violence intervention and prevention grant program as outlined in RCW 43.330A.050.

(3) The office shall report to the appropriate legislative policy committees by December 1st every odd-numbered year on its progress and findings in analyzing data, developing strategies to prevent firearm violence, and recommendations for additional legislative policy options. The first report must be submitted by December 1, 2021. [2020 c 313 § 3.]

Finding—Intent—2020 c 313: "The legislature finds that firearm violence is a significant public health and safety concern in Washington. From 2014 to 2018, over one thousand people in Washington were murdered and well over half of those victims were murdered with a gun. Thousands more were hospitalized or treated in emergency departments after surviving gunshot injuries. The legislature recognizes that firearm violence in Washington disproportionately impacts low-income communities and communities of color, with young men of color being particularly vulnerable. This violence imposes a high physical, emotional, and financial toll on families and communities across the state. In Washington, the overall estimate of the annual economic cost of gun violence is three billion eight hundred million dollars.

The legislature recognizes that rates of suicide have been growing in the United States as well as in the state of Washington. Seventy-nine percent of all firearm deaths in Washington state are suicides. More people die of suicide by firearm than by all other means combined.

The legislature intends to establish the Washington office of firearm safety and violence prevention to provide statewide leadership, coordination, and technical assistance to promote effective state and local efforts to reduce preventable injuries and deaths from firearm violence. The office will work with government entities, law enforcement agencies, community-based organizations, and individuals through the state to develop evidence-based policies, strategies, and interventions to reduce the impacts of firearm violence in Washington's communities. The office will also administer the Washington firearm violence intervention and prevention grant program which will provide for intentional, coordinated, and sustained investments in evidence-based violence reduction strategies to reduce the human and financial costs of firearm violence and enhance firearm safety." [2020 c 313 § 1.]

43.330A.030 Statewide helpline, counseling, and referral service. Subject to the availability of amounts appropriated for this specific purpose, the office shall contract with a level one trauma center in the state of Washington to provide a statewide helpline, counseling, and referral service for victims, friends, and family members impacted by gun violence and community professionals, legal practitioners, health providers, and others who engage with them. The service must be developed in consultation with the office of crime victims advocacy established in RCW 43.280.080, and include the opportunity for brief clinical encounters, problem solving, and referral to the best statewide resources available to meet their needs. The service must become conversant with providers across the state that are trained in evidence-based trauma therapy and establish relationships to ensure specific knowledge of available resources. The office of crime victims advocacy established in RCW 43.280.080 must provide consultation within existing resources. [2020 c 313 § 4.]

Finding—Intent—2020 c 313: See note following RCW 43.330A.020.

43.330A.040 Best practice guide for therapy for gun violence victims. The office shall contract with the University of Washington department of psychiatry and behavioral sciences to develop a best practice guide for therapy for gun violence victims in collaboration with the Harborview center for sexual assault and traumatic stress. The guide must summarize the state of the knowledge in this area and provide recommendations for areas of focus and action that are meaningful and practical for different constituencies. The guide must be made available to the public online and disseminated across the state to appropriate entities including but not lim-

ited to medical examiner's offices, prosecuting attorneys, level one and level two trauma centers, and victim support organizations. [2020 c 313 § 5.]

Finding—Intent—2020 c 313: See note following RCW 43.330A.020.

43.330A.050 Firearm violence intervention and prevention grant program. (1) The Washington firearm violence intervention and prevention grant program is created to be administered by the office. The purpose of the program is to improve public health and safety by supporting effective firearm violence reduction initiatives in communities that are disproportionately affected by firearm violence including suicides.

(2) Program grants shall be used to support, expand, and replicate evidence-based violence reduction initiatives, including hospital-based violence intervention programs, evidence-based street outreach programs, and focused deterrence strategies, that seek to interrupt the cycles of violence, victimization, and retaliation in order to reduce the incidence of firearm violence. These initiatives must be primarily focused on providing violence intervention services to the small segment of the population that is identified as having the highest risk of perpetrating or being victimized by firearm violence.

(3) Program grants shall be made on a competitive basis to cities that are disproportionately impacted by violence, to law enforcement agencies in those cities, and to community-based organizations that serve the residents of those cities. Where appropriate, two or more cities may submit joint applications to better address regional problems.

(4) An applicant for a program grant shall submit a proposal, in a form prescribed by the office, which must include, but not be limited to, all of the following:

(a) Clearly defined and measurable objectives for the grant;

(b) A statement describing how the applicant proposes to use the grant to implement an evidence-based firearm violence reduction initiative in accordance with this section;

(c) A statement describing how the applicant proposes to use the grant to enhance coordination of existing violence prevention and intervention programs and minimize duplication of services; and

(d) Evidence indicating that the proposed firearm violence reduction initiative would likely reduce the incidence of firearm violence.

(5) In awarding program grants, the office shall give preference to applicants whose grant proposals demonstrate the greatest likelihood of reducing firearm violence in the applicant's community, without contributing to mass incarceration.

(6) Each city that receives a program grant shall distribute no less than fifty percent of the grant funds to one or more of any of the following types of entities:

(a) Community-based organizations;

(b) Indian tribes and tribal organizations; and

(c) Public agencies or departments that are primarily dedicated to community safety or firearm violence prevention.

(7) The office shall form a grant selection advisory committee including, without limitation, persons who have been impacted by violence, formerly incarcerated persons, and

persons with direct experience in implementing evidence-based violence reduction initiatives, including initiatives that incorporate public health and community-based approaches.

(8) Each grantee shall report to the office, in a form and at intervals prescribed by the office, the grantee's progress in achieving the grant objectives.

(9) The office may contract with an independent entity with expertise in evaluating community-based grant-funded programs to evaluate the grant program's effectiveness. [2020 c 313 § 6.]

Finding—Intent—2020 c 313: See note following RCW 43.330A.020.

- 43.331.040 Program administration by department of commerce, in consultation with department of enterprise services and Washington State University energy program—Definitions.
- 43.331.050 Competitive grant process—Audit—Administrative fees—Reports to the legislature.
- 43.331.900 Referral to people—Spending restriction—Ballot title—2010 1st sp.s. c 35 §§ 101 through 203 and 401 through 405.

43.331.040 Program administration by department of commerce, in consultation with department of enterprise services and Washington State University energy program—Definitions. (1) The department of commerce, in consultation with the department of enterprise services and the Washington State University energy program, shall administer the jobs act.

(2) The department of enterprise services must develop guidelines that are consistent with national and international energy savings performance standards for the implementation of energy savings performance contracting projects by the energy savings performance contractors by December 31, 2010.

(3) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(a) "Cost-effectiveness" means that the present value to higher education institutions and school districts of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(c) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may

(2021 Ed.)

also include reductions in the use or cost of water, wastewater, or solid waste.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Innovative measures" means advanced or emerging technologies, systems, or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics, and controls systems for buildings; novel heating, cooling, ventilation, and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(f) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(g) "Public facilities" means buildings, building components, and major equipment or systems owned by public school districts and public higher education institutions. [2015 c 225 § 94; 2010 1st sp.s. c 35 § 301.]

***Reviser's note:** Second Engrossed Substitute Senate Bill No. 6143 became chapter 23, Laws of 2010 1st sp. sess.

43.331.050 Competitive grant process—Audit—Administrative fees—Reports to the legislature. (1) Within appropriations specifically provided for the purposes of this chapter, the department of commerce, in consultation with the department of enterprise services, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public school districts, public higher education institutions, and other state agencies. Final grant awards shall be determined by the department of commerce.

(2) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than one thousand full-time equivalent students, based on demand and capacity.

(3) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis

must be performed by a licensed engineer and documentation must include but is not limited to the following:

- (i) A description of the energy equipment and improvements;
- (ii) A description of the energy and operational cost savings; and
- (iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy savings or energy cost reductions.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(4) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings, as defined in RCW 43.331.040, for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the department of enterprise services' energy savings performance contracting project guidelines developed pursuant to RCW 43.331.040; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the department of enterprise services through the request of qualifications process. Third-party verification must be conducted either by an energy savings performance contractor selected by the department of enterprise services through a request for qualifications, a licensed engineer specializing in energy conservation, or by a project resource conservation manager or educational service district resource conservation manager.

(5) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(6) To match federal grants and programs that require state matching funds and produce significantly higher efficiencies in operations and utilities, the level of innovation criteria may be increased for the purposes of weighted scoring to capture those federal dollars for selected projects that require a higher level of innovation and regional collaboration.

(7) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

(8)(a) The department of commerce must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the other one-half of the cost of the preliminary audit if the project does not meet their predetermined cost-effectiveness criteria.

(b) The energy savings performance contractor may not charge for an investment grade audit if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the full price of an

investment grade audit if they do not proceed with a project that meets the school district's and higher education institution's predetermined cost-effectiveness criteria.

(9) The department of commerce may charge projects administrative fees and may pay the department of enterprise services and the Washington State University energy program administration fees in an amount determined through a memorandum of understanding.

(10) The department of commerce and the department of enterprise services must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administration fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled. [2015 c 225 § 95; 2010 1st sp.s. c 35 § 302.]

43.331.900 Referral to people—Spending restriction—Ballot title—2010 1st sp.s. c 35 §§ 101 through 203 and 401 through 405.

(1) The secretary of state shall submit sections 101 through 203 and 401 through 405 of this act to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with Article II, section 1 and Article VIII, section 3 of the state Constitution and the laws adopted to facilitate their operation.

(2) If the people ratify this act as specified under subsection (1) of this section, revenues generated shall be spent as detailed in this act.

(3) Pursuant to RCW 29A.72.050(6), the statement of subject and concise description for the ballot title shall read: "The legislature has passed Engrossed House Bill No. 2561 (this act), concerning job creation through energy efficiency projects in school buildings. This bill would promote job creation by authorizing bonds to construct energy efficiency savings improvements to schools, including higher education buildings." [2010 1st sp.s. c 35 § 501.]

OFFICE OF THE WASHINGTON STATE TRADE
REPRESENTATIVE**

Sections

- 43.332.005 Findings—Purpose.
- 43.332.010 Office created—Duties.
- 43.332.020 Gifts, grants—Bank account.

43.332.005 Findings—Purpose. (1) The legislature finds that:

- (a) The expansion of international trade is vital to the overall growth of Washington's economy;
- (b) On a per capita basis, Washington state is the most international trade dependent state in the nation;
- (c) The North American free trade agreement (NAFTA) and the general agreement on tariffs and trade (GATT) highlight the increased importance of international trade opportunities to the United States and the state of Washington;

(d) The passage of NAFTA and GATT will have a major impact on the state's agriculture, aerospace, computer software, and textiles and apparel sectors;

(e) There is a need to strengthen and coordinate the state's activities in promoting and developing its agricultural, manufacturing, and service industries overseas, especially for small and medium-sized businesses, and minority and women-owned business enterprises; and

(f) The importance of having a coherent vision for advancing Washington state's interest in the global economy has rarely been so consequential as it is now.

(2) The legislature declares that the purpose of the office of the Washington state trade representative is to:

(a) Strengthen and expand the state's activities in marketing its goods and services overseas;

(b) Review and analyze proposed international trade agreements to assess their impact on goods and services produced by Washington businesses; and

(c) Inform the legislature about ongoing trade negotiations, trade development, and the possible impacts on Washington's economy. [2003 c 346 § 1; 1995 c 350 § 1.]

43.332.010 Office created—Duties. (1) The office of the Washington state trade representative is created in the office of the governor. The office shall serve as the state's official liaison with foreign governments on trade matters.

(2) The office shall:

(a) Work with the *department of community, trade, and economic development, the department of agriculture, and other appropriate state agencies, and within the agencies' existing resources, review and analyze proposed and enacted international trade agreements and provide an assessment of the impact of the proposed or enacted agreement on Washington's businesses and firms;

(b) Provide input to the office of the United States trade representative in the development of international trade, commodity, and direct investment policies that reflect the concerns of the state of Washington;

(c) Serve as liaison to the legislature on matters of trade policy oversight including, but not limited to, updates to the legislature regarding the status of trade negotiations, trade litigation, and the impacts of trade policy on Washington state businesses;

(d) Work with the international trade division of the *department of community, trade, and economic development and the international marketing program of the Washington state department of agriculture to develop a statewide strategy designed to increase the export of Washington goods and services, particularly goods and services from small and medium-sized businesses; and

(e) Conduct other activities the governor deems necessary to promote international trade and foreign investment within the state.

(3) The office shall prepare and submit an annual report on its activities under subsection (2) of this section to the governor and appropriate committees of the legislature. [2003 c 346 § 2; 1995 c 350 § 2.]

Reviser's note: *(1) The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

(2021 Ed.)

(2) Substitute House Bill No. 1059, Substitute House Bill No. 1173, and Engrossed Substitute House Bill No. 1827 were enacted during the 2003 regular session of the legislature, but were vetoed in part by the governor. A stipulated judgment, No. 03-2-01988-4 filed in the Superior Court of Thurston County, between the governor and the legislature, settled litigation over the governor's use of veto powers and declared the vetoes of SHB 1059, SHB 1173, and ESHB 1827 null and void. Consequently, the text of this section has been returned to the version passed by the legislature prior to the vetoes. For vetoed text and message, see chapter 346, Laws of 2003.

43.332.020 Gifts, grants—Bank account. 43.334.030 Director powers and duties. It is the intent of the legislature wherever possible to place the internal affairs of the department under the control of the director in order that the director may institute therein the flexible, alert, and intelligent management of its business that changing contemporary circumstances require. Therefore, whenever the director's authority is not specifically limited by law, the director has complete charge and supervisory powers over the department. The director may create such administrative structures as the director considers appropriate, except as otherwise specified by law. [2005 c 333 § 5.]

43.334.060 Director's delegation of powers and duties. Any power or duty vested in or transferred to the director by law or executive order may be delegated by the director to the deputy director or to any other assistant or subordinate; but the director is responsible for the official acts of the officers and employees of the department. [2005 c 333 § 6.]

43.334.070 Advisory committees or councils. The committees or councils shall be constituted as required by federal law or as the director may determine. The members of the committees or councils shall hold office as follows: One-third to serve one year; one-third to serve two years; and one-third to serve

three years. Upon expiration of the original terms, subsequent appointments shall be for three years except in the case of a vacancy, in which event appointment shall be only for the remainder of the unexpired term for which the vacancy occurs. No member may serve more than two consecutive terms.

The state physical anthropologist is available to any local governments or any federally recognized tribal government within the boundaries of Washington to assist in determining whether discovered skeletal human remains are forensic or nonforensic.

(3) The director shall hire staff as necessary to support the state physical anthropologist to meet the objectives of this section.

All appropriations provided by the legislature for this purpose as well as any reimbursement for services provided pursuant to chapter 275, Laws of 2008 must be deposited in the account. Expenditures from the account may be used only for archaeological determinations and excavations of inadvertently discovered skeletal human remains, and removal and reinterment of such remains when necessary. Only the director or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2008 c 275 § 7.]

43.334.080 Federal and state cooperation—Rules—Construction. In furtherance of the policy of the state to cooperate with the federal government in all of the programs under the jurisdiction of the department, rules as may become necessary to entitle the state to participate in federal funds may be adopted, unless expressly prohibited by law. Any internal reorganization carried out under the terms of this chapter shall meet federal requirements that are a necessary

condition to state receipt of federal funds. Any section or provision of law dealing with the department that may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling this state to receive federal funds for the various programs of the department. If any law dealing with the department is ruled to be in conflict with federal requirements that are a prescribed condition of the allocation of federal funds to the state, or to any departments or agencies thereof, the conflicting part is declared to be inoperative solely to the extent of the conflict. [2005 c 333 § 8.]

43.334.900 Transfer of powers, duties, and functions.

(1) The office of archaeology and historic preservation is hereby abolished and its powers, duties, and functions are hereby transferred to the department of archaeology and historic preservation.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the office of archaeology and historic preservation shall be delivered to the custody of the department of archaeology and historic preservation. (3) All employees of the office of archaeology and historic preservation are transferred to the jurisdiction of the department of archaeology and historic preservation. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of archaeology and historic preservation to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

(4) All rules and all pending business before the office of archaeology and historic preservation shall be continued and acted upon by the department of archaeology and historic preservation. All existing contracts and obligations shall remain in full force and shall be performed by the department of archaeology and historic preservation.

(5) The transfer of the powers, duties, functions, and personnel of the office of archaeology and historic preservation shall not affect the validity of any act performed before July 24, 2005.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director

of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(7) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel resources board as provided by law. The legislature declares it to be the public policy of the state and a recognized governmental function to assist in securitizing the revenue stream from the master settlement agreement between the state and tobacco product manufacturers in order to provide a current and reliable source of revenue for the state. The purpose of this chapter is to establish a tobacco settlement authority having the power to purchase certain rights of the state under the master settlement agreement and to issue non-recourse revenue bonds to pay outstanding obligations of the state in order to make funds available for increased costs of health care, long-term care, and other programs of the state. This chapter, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect the purposes thereof. [2002 c 365 § 1.]

(4) Any revenue pledged by the authority to be received under the sales agreement or in special funds created by the authority shall be valid and binding at the time the pledge is made. Receipts so pledged and then or thereafter received by the authority and any securities in which such receipts may be invested shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind against the authority, whether such parties have notice of the lien. Application—Effective date—2011 c 74: See notes following RCW 62A.9A-102.

(2021 Ed.)

43.340.060 Bonds—Obligations of authority—Not obligations of state. (1) Bonds issued under this chapter shall be issued in the name of the authority. The bonds shall not be obligations of the state of Washington and shall be obligations only of the authority, payable solely from the special fund or funds created by the authority for their payment.

(2) Bonds issued under this chapter shall contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds shall be a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the authority as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds.

(3) Contracts entered into by the authority shall be entered into in the name of the authority and not in the name of the state of Washington. The obligations of the authority under the contracts shall be obligations only of the authority and are not in any way obligations of the state of Washington. [2002 c 365 § 4.]

43.340.070 Bonds—Legal investments. Bonds issued under this chapter are hereby made securities in which all insurance companies, trust companies in their commercial departments, savings banks, cooperative banks, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in obligations of the state may properly and legally invest funds, including capital in their control or belonging to them. [2002 c 365 § 9.]

43.340.080 Sale of rights in master settlement agreement. (1) The governor is authorized to sell and assign to the authority all of the state's right to receive a portion of the state's annual share of the revenue derived from the master settlement agreement for litigation brought by the state against tobacco product manufacturers. The portion of the state's share sold and assigned shall be determined by the governor in an amount necessary to generate net proceeds to the state for deposit to the tobacco securitization trust account under *RCW 43.340.120 up to four hundred fifty million dollars. The attorney general shall assist the governor in the review of all necessary documentation to effect the sale. The governor and the authority are authorized to take any action necessary to facilitate and complete the sale.

(2) The sale made under this section is irrevocable so long as bonds issued under this chapter remain outstanding. The portion of the revenue sold to the authority shall be pledged to the bondholders. The sale and assignment shall constitute and be treated as a true sale and absolute transfer of the revenue so transferred and not as a pledge or other security interest granted by the state for any borrowing. The characterization of such a sale as an absolute transfer shall not be negated or adversely affected by the fact that only a portion of the revenue from the master settlement agreement is being sold and assigned, or by the state's acquisition or retention of an ownership interest in the portion of the revenue from the master settlement agreement not so assigned.

[Title 43 RCW—page 865]

(3) In addition to such other terms, provisions, and conditions as the governor and the authority may determine appropriate for inclusion in the sale agreements, the sale agreements shall contain (a) a covenant of the state that the state will not agree to any amendment of the master settlement agreement that materially and adversely affects the authority's ability to receive the portion of the state's share of master settlement agreement payments that have been sold to the authority; (b) a requirement that the state enforce, at its own expense, the provisions of the master settlement agreement that require the payment of the portion of the state's share of master settlement agreement payments that have been sold to the authority; and (c) a covenant that the state shall take no action that would adversely affect the tax-exempt status of any tax exempt bonds of the authority.

(4) On or after the effective date of the sale, the state shall not have any right, title, or interest in the portion of the state's share of the master settlement agreement revenue sold and such portion shall be the property of the authority and not the state, and shall be owned, received, held, and disbursed by the authority or its trustee or assignee, and not the state.

(5) The terms of the state's sale to the authority of a portion of the master settlement agreement revenue shall provide that the portion shall be paid directly to the authority or its trustee or assignee. The revenue sold and assigned shall not be received in the treasury of the state and shall not be or deemed to be general state revenues as that term is used in Article VIII, section 1 of the state Constitution. [2002 c 365 § 7.]

*Reviser's note: RCW 43.340.120 was repealed by 2012 c 198 § 26.

43.340.090 Limitation of liability. Members of the board and persons acting in the authority's behalf, while acting within the scope of their employment or agency, are not subject to personal liability resulting from carrying out the powers and duties conferred on them under this chapter. [2002 c 365 § 10.]

43.340.100 Bankruptcy—Contractual obligation to contain section. Prior to the date that is three hundred sixty-six days after which the authority no longer has any bonds outstanding, the authority is prohibited from filing a voluntary petition under chapter 9 of the federal bankruptcy code or such corresponding chapter or section as may, from time to time, be in effect, and a public official or organization, entity, or other person shall not authorize the authority to be or become a debtor under chapter 9 or any successor or corresponding chapter or sections during such periods. This section shall be part of any contractual obligation owed to the holders of bonds issued under this chapter. Any such contractual obligation shall not subsequently be modified by state law during the period of the contractual obligation. [2002 c 365 § 11.]

43.340.110 Dissolution of authority. The authority shall dissolve no later than two years from the date of final payment of all of its outstanding bonds and the satisfaction of all outstanding obligations of the authority, except to the extent necessary to remain in existence to fulfill any outstanding covenants or provisions with bondholders or third parties made in accordance with this chapter. Upon dissolution

of the authority, all assets of the authority shall be returned to the state and shall be deposited in the state general fund, and the authority shall execute any necessary assignments or instruments, including any assignment of any right, title, or ownership to the state for receipt of payments under the master settlement agreement. [2002 c 365 § 12.]

43.340.130 Appeals bonds—Amounts. (1) Except as provided in subsection (2) of this section, in order to secure and protect the moneys to be received as a result of the master settlement agreement in civil litigation under any legal theory involving a signatory, a successor of a signatory, or any affiliate of a signatory to the master settlement agreement, the supersedeas bond to be furnished in order to stay the execution of the judgment during the entire course of appellate review shall be set in accordance with applicable laws or court rules, except that the total bond that is required of all appellants collectively shall not exceed one hundred million dollars, regardless of the value of the judgment.

(2) If an appellee proves by a preponderance of the evidence that an appellant is dissipating assets outside the ordinary course of business to avoid the payment of a judgment, a court may require the appellant to post a bond in an amount up to the amount of the judgment. [2006 c 246 § 2.]

Findings—Intent—2006 c 246: "(1) The legislature finds that:

(a) Over the past five years, Washington has received more than seven hundred million dollars from the tobacco master settlement agreement;

(b) While the state has securitized a portion of the moneys it was promised under the master settlement agreement, the remainder of the master settlement agreement payments is used to fund important health programs such as the state's basic health plan, children's health insurance, childhood vaccines, and public health;

(c) Litigation now pending in the state or filed in the future could result in damage awards against master settlement agreement signatories or their successors or affiliates that are so large that the defendants could obtain a stay of the execution of the judgment while they appeal only by declaring bankruptcy, rather than posting an appeal bond under state law;

(d) Should a master settlement agreement signatory declare bankruptcy, issues might be raised about whether that disrupts or jeopardizes the payments that fund important state programs;

(e) The legislature has the substantive obligation to raise revenue and to protect the financial well-being of the state and its citizens. Pursuant to that obligation, it is the legislature's responsibility to ensure the continued receipt of master settlement agreement funds to the maximum extent possible.

(2) Therefore, the legislature intends to place a maximum limit on the appeal bond a master settlement agreement signatory or a successor or affiliate of a master settlement agreement signatory can be required to post in litigation in order to stay execution of the judgment without being forced into bankruptcy while it exercises its right to appeal an adverse judgment." [2006 c 246 § 1.]

43.340.902 Effective date—2002 c 365. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 4, 2002]. [2002 c 365 § 19.]

(f) Create jobs and encourage investments that will generate new tax revenues in our state, and advance the biotech, medical device, and health care information technology industries in Washington. [2015 3rd sp.s. c 34 § 1.]

43.348.020 Andy Hill cancer research endowment.

(1) The Andy Hill cancer research endowment is created. The powers of the endowment are vested in and must be exercised by a board. The board consists of thirteen members appointed by the governor:

(a) Two members must be appointed from nominations submitted by the presidents of the University of Washington and Washington State University;

(b) Two members must be appointed from nominations submitted by the Fred Hutchinson cancer research center, Seattle cancer care alliance, and the Seattle children's research institute;

(c) Two members must be appointed from nominations submitted by patient advocacy organizations;

(d) Two members must be appointed from nominations submitted by representatives of businesses or industries engaged in the commercialization of life sciences research or cancer research;

(e) One member must be appointed from a list of at least three nominated by the speaker of the house of representatives;

(f) One member must be appointed from a list of at least three nominated by the president of the senate;

(g) One member must be appointed from nominations submitted by entities or systems that provide health care delivery services;

(h) One member must be appointed from nominations provided by private sector donors to the fund. However, the governor may reject all nominations and request a new list from which the governor must select the member; and

(i) The remaining member must be a member of the public.

(2) In soliciting nominations and appointing members, the governor must seek to identify individuals from throughout the state having relevant knowledge, experience, and expertise with regard to (a) cancer research, prevention, and care; (b) health care consumer issues; (c) government finance and budget; and (d) the commercialization of life sciences or cancer research. In soliciting nominations and appointing members, the governor must seek individuals who will contribute to the geographic diversity of the board, with the goal that at least five board members be from counties with a population less than one million persons. Appointments must be made on or before July 1, 2016.

(3) The term of a member is four years from the date of their appointment except the initial term of the members in subsection (1)(d) through (i) of this section must be two years to create a staggered appointment process. A member may be appointed to not more than two full consecutive terms. A member appointed by the governor may be removed by the governor for cause under RCW 43.06.070 and 43.06.080. The members may not be compensated but may be reimbursed, solely from the fund, for expenses incurred in the discharge of their duties under this chapter.

(4) Seven members of the board constitute a quorum.

(5) The members must elect a chair, treasurer, and secretary annually, and other officers as the members determine necessary, and may adopt bylaws or rules for their own government.

(6) Meetings of the board must be held in accordance with the open public meetings act, chapter 42.30 RCW, and at the call of the chair or when a majority of the members so requests. Meetings of the board may be held at any location within or out of the state, and members may participate in a meeting of the board by means of a conference telephone or similar communication equipment under RCW 23B.08.200. [2018 c 4 § 2; 2015 3rd sp.s. c 34 § 3.]

43.348.030 Endowment—General powers. The endowment has all the general powers necessary to carry out its purposes and duties and to exercise its specific powers. In addition to other powers specified in this chapter, the endowment may:

(1) Sue and be sued in its own name;

(2) Make and execute agreements, contracts, and other instruments, with any public or private person or entity, including commercial entities, in accordance with this chapter;

(3) Employ, contract with, or engage independent counsel, financial advisors, auditors, other technical or professional assistants, and such other personnel as are necessary or desirable to implement this chapter;

(4) Exercise any other power reasonably required to implement the purposes of this chapter; and

(5) Delegate any of its powers and duties if consistent with the purposes of this chapter. [2018 c 4 § 3; 2015 3rd sp.s. c 34 § 4.]

43.348.040 Andy Hill cancer research endowment program. (1) The Andy Hill cancer research endowment program is created. The purpose of the program is to make grants to public and private entities, including commercial entities, to fund or reimburse the entities pursuant to agreement for the promotion of cancer research to be conducted in the state. The endowment is to oversee and guide the program, including the solicitation, selection, and award of grants.

(2) The board must develop a plan for the allocation of projected amounts in the fund, which it must update annually, following at least one annual public hearing. The plan must provide for appropriate funding continuity and take into account the projected speed at which revenues will be available and amounts that can be spent during the plan period.

(3) The endowment must solicit requests for grant funding and evaluate the requests by reference to factors such as: (a) The quality of the proposed research or program; (b) its potential to improve health outcomes of persons with cancer, with particular attention to the likelihood that it will also lower health care costs, substitute for a more costly diagnostic or treatment modality, or offer a breakthrough treatment for a particular cancer or cancer-related condition or disease; (c) its potential for leveraging additional funding; (d) its potential to provide additional health care benefits or benefit other human diseases or conditions; (e) its potential to stimulate life science, health care, and biomedical employment in the state; (f) the geographic diversity of the grantees within Washington; (g) evidence of potential royalty, sales, or licensing revenue, or other commercialization-related revenue and contractual means to recapture such income for purposes of this chapter; and (h) evidence of public and private collaboration.

(4) The endowment may not award a grant for a proposal that was not recommended by an independent expert scientific review and advisory committee under RCW 43.348.050.

(5) The endowment must issue an annual report to the public that sets forth its activities with respect to the fund, including grants awarded, grant-funded work in progress, research accomplishments, prevention, and care activities, and future program directions with respect to cancer research, prevention, and care. Each annual report regarding activities of the program and fund must include, but not be limited to, the following: The number and dollar amounts of grants; the grantees for the prior year; the endowment's administrative expenses; an assessment of the availability of funding for cancer research, prevention, and care from sources other than

the endowment; a summary of research, prevention, and care-related findings, including promising new areas for investment; and a report on the benefits to Washington of its programs to date.

(6) The endowment's first annual report must include a proposed operating plan for the design, implementation, and administration of an endowment program supporting the purposes of the endowment and program.

(7) The endowment must adopt policies to ensure that all potential conflicts have been disclosed and that all conflicts have been eliminated or mitigated.

(8) The endowment must establish standards to ensure that recipients of grants for cancer research, prevention, or care purchase goods and services from Washington suppliers to the extent reasonably possible. [2018 c 4 § 4; 2015 3rd sp.s. c 34 § 5.]

43.348.050 Independent expert scientific review and advisory committee—Created—Grant proposal evaluations and recommendations. (1) In addition to any advisory boards the endowment determines to establish, the endowment must establish one or more independent expert scientific review and advisory committees for the purposes of evaluating grant proposals for cancer research and recommending grants to be made from the Andy Hill cancer research fund; advising the endowment during the development and review of its strategic plans for cancer research; and advising the endowment on scientific and other matters in furtherance of the cancer research purposes of this chapter.

(2) Each independent expert scientific review and advisory committee must consist of individuals with nationally recognized expertise in the scientific, clinical, ethical, commercial, and regulatory aspects of cancer research, prevention, and care. The board must appoint the members of the committee. Preliminary review of grant proposals may be made by a panel of such committee or an independent contractor chosen by the board upon recommendation of the committee, but all recommendations for grants to be made from the fund may be made only upon majority vote of the committee. [2018 c 4 § 5; 2015 3rd sp.s. c 34 § 6.]

43.348.060 Program administrator—Andy Hill cancer research fund—Independent auditor. (1) The program administrator must provide services to the board and has the following duties and responsibilities:

(a) Jointly with the board, solicit and receive gifts, grants, and bequests, and enter into contribution agreements with private entities and public entities, including commercial entities, in order to use those moneys to fund grants awarded by the endowment;

(b) Establish an Andy Hill cancer research fund. The fund must be a separate private account outside the state treasury into which grants and contributions received from public and private sources as well as state matching funds must be deposited, and from which funds for grants awarded by the endowment must be disbursed. Once moneys in the Andy Hill cancer research endowment fund match transfer account are subject to an agreement under RCW 43.348.080(6) and are deposited in the fund under this section, the moneys in the fund are not considered state money, common cash, or revenue to the state;

(c) Manage the fund, its obligations, and investments as to achieve the maximum possible rate of return on investment in the fund;

(d) Establish policies and procedures to facilitate the orderly process of grant application, review, selection, and notification; and

(e) Distribute funds to selected entities through grant agreements. Grant agreements must set forth the terms and conditions of the grant and must include, but not be limited to: (i) Deliverables to be provided by the recipient pursuant to the grant; (ii) the circumstances under which the grant amount would be required to be repaid or the circumstances under which royalty, sales, or licensing revenue, or other commercialization-related revenue would be required to be shared; and (iii) indemnification, dispute resolution, and any other terms and conditions as are customary for grant agreements or are deemed reasonable by the board. The program administrator may negotiate with any grantee the costs associated with performing scientific activities funded by grants.

(2) Periodically, but not less often than every three years, the endowment and the department must conduct a request for proposals and retain the services of an independent auditor with experience in performance auditing of research granting entities similar to the endowment. The independent auditor must review the endowment's strategic plan, program, and program administrator and publish a report assessing their performance and providing recommendations for improvement. The endowment must hold at least one public hearing at which the results of each audit are presented and discussed. [2018 c 4 § 6; 2015 3rd sp.s. c 34 § 7.]

43.348.070 Charitable contributions. The program administrator may create additional legal entities and take such action as may be necessary or advisable to enable the fund to accept charitable contributions. In addition, the program administrator may provide technical assistance, information, and training to private employers and other potential donors to establish programs that facilitate charitable contributions to the fund including tobacco use premium surcharge programs. [2018 c 4 § 7; 2015 3rd sp.s. c 34 § 8.]

43.348.080 Andy Hill cancer research endowment fund match transfer account. (1) The Andy Hill cancer research endowment fund match transfer account is created in the custody of the state treasury to be used solely and exclusively for the program created in RCW 43.348.040. Moneys in the account may be spent only after appropriation. The purpose of the account is to provide matching funds for the fund and administrative costs. Expenditures to fund or reimburse the program administrator are not subject to the requirements of subsection (4) of this section.

(2) The legislature must appropriate a state match, up to a maximum of ten million dollars annually, beginning July 1, 2016, and each July 1st following the end of the fiscal year from tax collections and penalties generated from enforcement of state taxes on cigarettes and other tobacco products by the state liquor and cannabis board or other federal, state or local law or tax enforcement agency, as determined by the department of revenue. Tax collections include any cigarette tax, other tobacco product tax, and retail sales and use tax. Any amounts deposited into this account from the tax

imposed under RCW 82.25.010 in excess of the cap provided in this subsection must be deposited into the foundational public health services account created in RCW 82.25.015.

(3) Revenues to the account must consist of deposits into the account, taxes imposed on vapor products under RCW 82.25.010, legislative appropriations, and any gifts, grants, or donations received by the department for this purpose.

(4) Each fiscal biennium, the legislature must appropriate to the department of commerce such amounts as estimated to be the balance of the account to provide state matching funds.

(5) Expenditures, in the form of matching funds, from the account may be made only upon receipt of proof from the program administrator of nonstate or private contributions to the fund for the program. Expenditures, in the form of matching funds, may not exceed the total amount of nonstate or private contributions.

(6) The department must enter into an appropriate agreement with the program administrator to demonstrate exchange of consideration for the matching funds. [2019 c 445 § 403; 2018 c 4 § 8; 2015 3rd sp.s. c 34 § 9.]

Tax incentives for Washington main street program: Chapter 82.73 RCW.

43.360.005 Findings—Intent. (1) The legislature finds:

(a) The continued economic vitality of downtown and neighborhood commercial districts in our state's cities is essential to community preservation, social cohesion, and economic growth;

(b) In recent years there has been a deterioration of downtown and neighborhood commercial districts in both rural and urban communities due to a shifting population base, changes in the marketplace, and greater competition from suburban shopping malls, discount centers, and business transacted through the internet;

(c) This decline has eroded the ability of businesses and property owners to renovate and enhance their commercial and residential properties; and

(d) Business owners in these districts need to maintain their local economies in order to provide goods and services to adjacent residents, to provide employment opportunities, to avoid disinvestment and economic dislocations, and to develop and sustain downtown and neighborhood commercial district revitalization programs to address these problems.

(2) It is the intent of the legislature to establish a program to:

(a) Work in partnership with these organizations;

(b) Provide technical assistance and training to local governments, business organizations, downtown and neighborhood commercial district organizations, and business and property owners to accomplish community and economic revitalization and development of business districts; and

(c) Certify a downtown or neighborhood commercial district organization's use of available tax incentives. [2005 c 514 § 901.]

43.360.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Area" means a geographic area within a local government that is described by a closed perimeter boundary.

(2) "Department" means the department of archaeology and historic preservation.

(3) "Director" means the director of the department.

(4) "Local government" means a city, code city, or town.

(5) "Qualified levels of participation" means a local downtown or neighborhood commercial district revitalization program that has been designated by the department. [2010 c 30 § 3; 2009 c 565 § 44; 2005 c 514 § 908.]

Finding—2010 c 30: "Many of Washington's communities use the main street program to address issues facing their older traditional commercial districts. The main street program is a preservation-based economic development program that assists communities in implementing a locally driven downtown revitalization effort. However, the main street program is broader than merely preserving a community's downtown, it is the revitalization of that community's downtown. Downtown revitalization creates jobs and puts people to work. Downtown revitalization attracts new businesses and offers local investment opportunities. New and expanding downtown businesses generate increased sales tax and attract export dollars to the community. Therefore, the legislature finds that the movement of the main street program from the department of commerce to the department of archaeology and historic preservation is designed to provide for both the preservation of a community's downtown and economic development for that community." [2010 c 30 § 1.]

43.360.020 Program created—Duties. The Washington main street program is created within the department. In order to implement the Washington main street program, the department shall:

(1) Provide technical assistance to businesses, property owners, organizations, and local governments undertaking a comprehensive downtown or neighborhood commercial district revitalization initiative and management strategy. Technical assistance may include, but is not limited to, initial site evaluations and assessments, training for local programs, training for local program staff, site visits and assessments by technical specialists, local program design assistance and evaluation, and continued local program on-site assistance;

(2) To the extent funds are made available, provide financial assistance to local governments or local organizations to assist in initial downtown or neighborhood commercial district revitalization program start-up costs, specialized training, specific project feasibility studies, market studies, and design assistance;

(3) Develop objective criteria for selecting recipients of assistance under subsections (1) and (2) of this section, which shall include priority for downtown or neighborhood commercial district revitalization programs located in a rural

county as defined in *RCW 43.160.020(12), and provide for designation of local programs under RCW 43.360.030;

(4) Operate the Washington main street program in accordance with the plan developed by the department, in consultation with the Washington main street advisory committee created under **RCW 43.360.040; and

(5) Consider other factors the department deems necessary for the implementation of this chapter. [2005 c 514 § 909.]

Reviser's note: *(1) RCW 43.160.020 was amended by 2009 c 565 § 35, changing subsection (12) to subsection (5).

***(2) RCW 43.360.040 was repealed by 2010 1st sp.s. c 7 § 68.

43.360.030 Designation of specific programs—Criteria. (1) The department shall adopt criteria for the designation of local downtown or neighborhood commercial district revitalization programs and official local main street programs. In establishing the criteria, the department shall consider:

(a) The degree of interest and commitment to comprehensive downtown or neighborhood commercial district revitalization and, where applicable, historic preservation by both the public and private sectors;

(b) The evidence of potential private sector investment in the downtown or neighborhood commercial district;

(c) Where applicable, a downtown or neighborhood commercial district with sufficient historic fabric to become a foundation for an enhanced community image;

(d) The capacity of the organization to undertake a comprehensive program and the financial commitment to implement a long-term downtown or neighborhood commercial district revitalization program that includes a commitment to employ a professional program manager and maintain a sufficient operating budget;

(e) The department's existing downtown revitalization program's tier system;

(f) The national main street center's criteria for designating official main street cities; and

(g) Other factors the department deems necessary for the designation of a local program.

(2) The department shall designate local downtown or neighborhood commercial district revitalization programs and official local main street programs. The programs shall be limited to three categories of designation, one of which shall be the main street level.

(3) *RCW 82.73.010 does not apply to any local downtown or neighborhood commercial district revitalization program unless the boundaries of the program have been identified and approved by the department. The boundaries of a local downtown or neighborhood commercial district revitalization program are typically defined using the pedestrian core of a traditional commercial district.

(4) The department may not designate a local downtown or neighborhood commercial district revitalization program or official local main street program if the program is undertaken by a local government with a population of one hundred ninety thousand persons or more. [2005 c 514 § 910.]

REGIONAL TRANSFER OF DEVELOPMENT RIGHTS PROGRAM

43.362.005	Findings.

43.362.030	Program established in central Puget Sound.

43.362.070	Quantitative and qualitative performance measures—Reporting—Posting on web site.

43.362.005 Findings. (1) The legislature finds that current concern over the rapid and increasing loss of rural, agricultural, and forested land has led to the exploration of creative approaches to preserving these important lands, and that the creation of a regional transfer of development rights marketplace will assist in conserving these lands.

(2) A transfer of development rights is a market-based exchange mechanism that encourages the voluntary transfer of development rights from sending areas with lower population densities to receiving areas with higher population densities. When development rights are transferred through a transfer of development rights exchange, permanent deed restrictions are placed on the sending area properties to ensure that the land will be used only for approved activities, activities that may include farming, forest management, conservation, or passive recreation. Additionally, in a transfer of development rights exchange, the costs of purchasing the recorded development restrictions are borne by the developers who receive the transferred right in the form of a building credit or bonus.

(3) The legislature further finds that a successful transfer of development rights program must consider housing affordable to all economic segments of the population, and economic development programs and policies in designated receiving areas. Counties, cities, and towns that decide to participate in the regional transfer of development rights program for central Puget Sound are encouraged to adopt comprehensive plan policies and development regulations to implement the program that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing. Participating cities and towns are also encouraged to use the development of receiving areas to maximize opportunities for economic development that supports the creation or retention of jobs.

(4) Participation in a regional transfer of development rights program by counties, cities, and towns should be as simple as possible.

(5) Accordingly, the legislature has determined that it is good public policy to build upon existing transfer of development rights programs, pilot projects, and private initiatives that foster effective use of transferred development rights through the creation of a market-based program that focuses on the central Puget Sound region. A regional transfer of development rights program in the central Puget Sound should be voluntary, incentive-driven, and separate, but compatible with existing local transfer of development rights programs. [2009 c 474 § 1; 2007 c 482 § 1.]

43.362.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "By-right permitting" means that project applications for permits that use transferable development rights would be subject to administrative review. Administrative review allows a local planning official to approve a project without noticed public hearings.

(2) "Department" means the department of commerce.

(3) "Nongovernmental entities" includes nonprofit or membership organizations with experience or expertise in transferring development rights.

(4) "Receiving area ratio" means the number or character of development rights that are assigned to a development right for use in a receiving area. Development rights in a receiving area may be used at the discretion of the receiving area jurisdiction, including but not limited to additional residential density, additional building height, additional commercial floor area, or to meet regulatory requirements.

(5) "Receiving areas" are lands within and designated by a city or town in which transferable development rights from the regional program established by this chapter may be used.

(6) "Regional transfer of development rights program" or "regional program" means the regional transfer of development rights program established by RCW 43.362.030 in central Puget Sound, including King, Pierce, Kitsap, and Snohomish counties and the cities and towns within these counties.

(7) "Sending area" includes those lands that meet conservation criteria as described in RCW 43.362.040.

(8) "Sending area ratio" means the number of development rights that a sending area landowner can sell per acre.

(9) "Transfer of development rights" includes methods for protecting land from development by voluntarily removing the development rights from a sending area and transferring them to a receiving area for the purpose of increasing development density or intensity in the receiving area.

(10) "Transferable development right" means a right to develop one or more residential units in a sending area that can be sold and transferred for use consistent with a receiving ratio adopted for development in a designated receiving area consistent with the regional program. [2009 c 565 § 45; 2009 c 474 § 2; 2007 c 482 § 2.]

Reviser's note: (1) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

(2) This section was amended by 2009 c 474 § 2 and by 2009 c 565 § 45, each without reference to the other. Both amendments are incorporated in the

publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.362.020 Regional transfer of development rights program. Subject to the availability of amounts appropriated for this specific purpose, the department shall fund a process to develop a regional transfer of development rights program that comports with chapter 36.70A RCW that:

(1) Encourages King, Kitsap, Pierce, and Snohomish counties, and the cities within these counties, to participate in the development and implementation of regional frameworks and mechanisms that make transfer of development rights programs viable and successful. The department shall encourage and embrace the efforts in any of these counties or cities to develop local transfer of development rights programs. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council and its growth management policy board to develop a process that satisfies the requirements of this chapter. In the development of a process to create a regional transfer of development rights program, the Puget Sound regional council and its growth management policy board shall develop policies to discourage, or prohibit if necessary, the transfer of development rights from a sending area that would negatively impact the future economic viability of the sending area. The department shall also work with an advisory committee to develop a regional transfer of development rights marketplace that includes, but is not limited to, supporting strategies for financing infrastructure and conservation. The department shall establish an advisory committee of nine stakeholders with representatives of the following interests:

(a) Two qualified nongovernmental organizations with expertise in the transfer of development rights. At least one organization must have a statewide expertise in growth management planning and in the transfer of development rights and at least one organization must have a local perspective on market-based conservation strategies and transfer of development rights;

(b) Two representatives from real estate and development;

(c) One representative with a county government perspective;

(d) Two representatives from cities of different sizes and geographic areas within the four-county region; and

(e) Two representatives of the agricultural industry; and

(2) Allows the department to utilize recommendations of the interested local governments, nongovernmental entities, and the Puget Sound regional council to develop recommendations and strategies for a regional transfer of development rights marketplace with supporting strategies for financing infrastructure and conservation that represents the consensus of the governmental and nongovernmental parties engaged in the process. However, if agreement between the parties cannot be reached, the department shall make recommendations to the legislature that seek to balance the needs and interests of the interested governmental and nongovernmental parties. The department may contract for expertise to accomplish any of the following tasks. Recommendations developed under this subsection must:

(a) Identify opportunities for cities, counties, and the state to achieve significant benefits through using transfer of

development rights programs and the value in modifying criteria by which capital budget funds are allocated, including but not limited to, existing state grant programs to provide incentives for local governments to implement transfer of development rights programs;

(b) Address challenges to the creation of an efficient and transparent transfer of development rights market, including the creation of a transfer of development rights bank, brokerage, or direct buyer-seller exchange;

(c) Address issues of certainty to buyers and sellers of development rights that address long-term environmental benefits and perceived inequities in land values and permitting processes;

(d) Address the means for assuring that appropriate values are recognized and updated, as well as specifically addressing the need to maintain the quality of life in receiving neighborhoods and the protection of environmental values over time;

(e) Identify opportunities and challenges that, if resolved, would result in cities throughout the Puget Sound region participating in a transfer of development rights market;

(f) Compare the uses of a regional transfer of development rights program to other existing land conservation strategies to protect rural and resource lands and implement the growth management act; and

(g) Identify appropriate sending areas so as to protect future growth and economic development needs of the sending areas. [2007 c 482 § 3.]

43.362.030 Program established in central Puget Sound. (1) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall establish a regional transfer of development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties. The program must be guided by the Puget Sound regional council's multicounty planning policies adopted under RCW 36.70A.210(7).

(2) The purpose of the program is to foster voluntary county, city, and town participation in the program so that interjurisdictional transfers occur between the counties, cities, and towns, including transfers from counties to cities and towns in other counties. Private transactions between buyers and sellers of transferable development rights are allowed and encouraged under this program. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council to implement a regional program.

(3) The department shall encourage participation by the cities, towns, and counties in the regional program. The regional program shall not be implemented in a manner that negatively impacts existing local programs. The department shall encourage and work to enhance the efforts in any of these counties, cities, or towns to develop local transfer of development rights programs or enhance existing programs.

(4) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall do

(2021 Ed.)

(b) Offer technical assistance to cities, towns, and counties planning for participation in the regional transfer of development rights program. The department's technical assistance shall:

(i) Include written guidance for local development and implementation of the regional transfer of development rights program;

(ii) Include guidance for and encourage permitting or environmental review incentives for developers to participate. Activities may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240;

(iii) Provide guidance to counties, cities, and towns to negotiate receiving area ratios and foster private transactions;

(iv) Provide guidance and encourage planning for receiving areas that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing; and

(v) Provide guidance and encourage planning for receiving areas that maximizes opportunities for economic development through the creation or retention of jobs.

(c) Work with counties, cities, and towns to inform elected officials, planning commissions, and the public regarding the regional transfer of development rights program. The information provided by the department shall discuss the importance of preserving farmland and farming, and forestland and forestry, to cities and towns and the local economy.

(d) Based on information provided by the counties, cities, and towns, post on a web site information regarding transfer of development rights transactions and a list of interested buyers and sellers of transferable development rights.

(e) Coordinate with and provide resources to state and local agencies and stakeholders to provide public outreach. [2009 c 474 § 3.]

43.362.040 Designation of sending and receiving areas—Inclusion of certain lands in programs for agricultural or forestland conservation. (1) Counties shall use the following criteria to guide the designation of sending areas for participation in the regional transfer of development rights program:

(a) Land designated as agricultural or forestland of long-term commercial significance;

(b) Land designated rural that is being farmed or managed for forestry;

(c) Land whose conservation meets other state and regionally adopted priorities; and

(d) Land that is in current use as a manufactured/mobile home park as defined in chapter 59.20 RCW.

Nothing in these criteria limits a county's authority to designate additional lands as a sending area for conservation under a local county transfer of development rights program.

(2) Upon purchase of a transferable development right from land designated rural that is being farmed or managed for forestry, a county must include the land from which the right was purchased in any programs it administers for conservation of agricultural land or forestland.

(3) The designation of receiving areas is limited to incorporated cities or towns. Prior to designating a receiving area, a city or town should have adequate infrastructure planned and funding identified for development in the receiving area at densities or intensities consistent with what can be achieved under the local transfer of development rights program. Nothing in this subsection limits a city's, town's, or county's authority to designate additional lands for a receiving area under a local intrajurisdictional transfer of development rights program that is not part of the regional program.

(4) Cities and towns participating in the regional transfer of development rights program shall have discretion to determine which sending areas they receive development rights from to be used in their designated receiving areas.

(5) Designation of sending and receiving areas should include a process for public outreach consistent with the public participation requirements in chapter 36.70A RCW. [2009 c 474 § 4.]

43.362.050 Interlocal agreement for transfers of development rights—Rules. (1) To facilitate participation, the department shall develop and adopt by rule terms and conditions of an interlocal agreement for transfers of development rights between counties, cities, and towns. Counties, cities, and towns participating in the regional program have the option of adopting the rule by reference to transfer development rights across jurisdictional boundaries as an alternative to entering into an interlocal agreement under chapter 39.34 RCW.

(2) This section and the rules adopted under this section shall be deemed to provide an alternative method for the implementation of a regional transfer of development rights program, and shall not be construed as imposing any additional condition upon the exercise of any other powers vested in municipalities.

(3) Nothing in this section prohibits a county, city, or town from entering into an interlocal agreement under chapter 39.34 RCW to transfer development rights under the regional program. [2009 c 474 § 5.]

43.362.060 Participation in regional transfer of development rights program—Requirements—Incentives for developers. (1) Counties, cities, and towns that choose to participate in the regional transfer of development rights program must:

(a) Enter into an interlocal agreement or adopt a resolution adopting by reference the provisions in the department rule authorized in RCW 43.362.050; and

(iii) Adopt a sending or receiving area ratio in cooperation with the sending or receiving jurisdiction.

(2) Cities and towns that choose to participate in the regional transfer of development rights program are encouraged to provide permitting or environmental review incentives for developers to participate. Such incentives may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240. [2009 c 474 § 6.]

43.362.070 Quantitative and qualitative performance measures—Reporting—Posting on web site. The department will develop quantitative and qualitative performance measures for monitoring the regional transfer of development rights program. The performance measures may address conservation of land and creation of compact communities, as well as other measures identified by the department. The department may require cities, towns, and counties to report on these performance measures biannually. The department shall compile any performance measure information that has been reported by the counties, cities, and towns and post it on a web site. [2009 c 474 § 7.]

43.365.005 Findings—Intent. The legislature recognizes the motion picture industry in Washington as a valuable commodity contributing greatly to the economic vitality of the state and the cultural integrity of our communities. The legislature further recognizes the production of in-state motion pictures, television programs, and television commercials creates a marked increase in tourism, family-wage jobs, and the sale of local goods and services generating revenue for the state. Furthermore, with captive national and international audiences, the world is introduced to the state's pristine scenic venues and reminded that the Pacific Northwest is a great place to live and raise a family. The legislature also recognizes the inherent educational value of promoting arts and culture as well as the benefits of training young motion picture professionals who will build a fruitful industry for years to come.

The legislature finds in recent years that the state has realized a drastic decline in motion picture production that precludes economic expansion and threatens the state's reputation as a production destination. With the emergence of tax incentives in thirty states nationwide, in-state producers are

taking their projects to more competitive economic climates, such as Oregon and Vancouver, British Columbia, where compelling tax incentive packages and subsidies are already in effect.

The legislature also finds that in recent years increasingly workers in Washington state are without health insurance coverage and retirement income protections, causing hardships on workers and their families and higher costs to the state.

Therefore, it is the intent of the legislature to recognize both national and international competition in the motion picture production marketplace. The legislature is committed to leveling the competitive playing field and interested in a partnership with the private sector to regain Washington's place as a premier destination to make motion pictures, television, and television commercials. While at the same time the legislature is committed to ensuring that workers in the motion picture and television industry are covered under health insurance and retirement income plans. [2006 c 247 § 1.]

43.370.030 Development of strategy—Goals and principles—Required elements—Reports—Public hearings.

(1) The office shall develop a statewide health resources strategy. The strategy shall establish statewide health planning policies and goals related to the availability of health care facilities and services, quality of care, and cost of care. The strategy shall identify needs according to geographic regions suitable for comprehensive health planning as designated by the office.

(2) The development of the strategy shall consider the following general goals and principles:

(a) That excess capacity of health services and facilities place considerable economic burden on the public who pay for the construction and operation of these facilities as patients, health insurance purchasers, carriers, and taxpayers; and

(b) That the development and ongoing maintenance of current and accurate health care information and statistics related to cost and quality of health care, as well as projections of need for health facilities and services, are essential to effective strategic health planning.

(3) The strategy, with public input by health service areas, shall include:

(a) A health system assessment and objectives component that:

(i) Describes state and regional population demographics, health status indicators, and trends in health status and health care needs; and

(ii) Identifies key policy objectives for the state health system related to access to care, health outcomes, quality, and cost-effectiveness;

(b) A health care facilities and services plan that shall assess the demand for health care facilities and services to inform state health planning efforts and direct certificate of need determinations, for those facilities and services subject to certificate of need as provided in chapter 70.38 RCW. The plan shall include:

(i) An inventory of each geographic region's existing health care facilities and services;

(ii) Projections of need for each category of health care facility and service, including those subject to certificate of need;

(iii) Policies to guide the addition of new or expanded health care facilities and services to promote the use of quality, evidence-based, cost-effective health care delivery options, including any recommendations for criteria, standards, and methods relevant to the certificate of need review process; and

(iv) An assessment of the availability of health care providers, public health resources, transportation infrastructure, and other considerations necessary to support the needed health care facilities and services in each region;

(c) A health care data resource plan that identifies data elements necessary to properly conduct planning activities and to review certificate of need applications, including data related to inpatient and outpatient utilization and outcomes information, and financial and utilization information related to charity care, quality, and cost. The plan shall inventory existing data resources, both public and private, that store and disclose information relevant to the health planning process, including information necessary to conduct certificate of need activities pursuant to chapter 70.38 RCW. The plan shall identify any deficiencies in the inventory of existing data resources and the data necessary to conduct comprehensive health planning activities. The plan may recommend that the office be authorized to access existing data sources and conduct appropriate analyses of such data or that other agencies expand their data collection activities as statutory authority permits. The plan may identify any computing infrastructure deficiencies that impede the proper storage, transmission, and analysis of health planning data. The plan shall provide recommendations for increasing the availability of data related to health planning to provide greater community involvement in the health planning process and consistency in data used for certificate of need applications and determinations;

(d) An assessment of emerging trends in health care delivery and technology as they relate to access to health care facilities and services, quality of care, and costs of care. The assessment shall recommend any changes to the scope of health care facilities and services covered by the certificate of need program that may be warranted by these emerging trends. In addition, the assessment may recommend any changes to criteria used by the department to review certificate of need applications, as necessary;

(e) A rural health resource plan to assess the availability of health resources in rural areas of the state, assess the unmet needs of these communities, and evaluate how federal and state reimbursement policies can be modified, if necessary, to more efficiently and effectively meet the health care needs of rural communities. The plan shall consider the unique health care needs of rural communities, the adequacy of the rural health workforce, and transportation needs for accessing appropriate care.

(4) The office shall submit the initial strategy to the governor and the appropriate committees of the senate and house of representatives by January 1, 2010. Every two years the office shall submit an updated strategy. The health care facilities and services plan as it pertains to a distinct geographic

planning region may be updated by individual categories on a rotating, biannual schedule.

(5) The office shall hold at least one public hearing and allow opportunity to submit written comments prior to the issuance of the initial strategy or an updated strategy. A public hearing shall be held prior to issuing a draft of an updated health care facilities and services plan, and another public hearing shall be held before final adoption of an updated health care facilities and services plan. Any hearing related to updating a health care facilities and services plan for a specific planning region shall be held in that region with sufficient notice to the public and an opportunity to comment. [2010 1st sp.s. c 7 § 114; 2007 c 259 § 52.]

43.370.040 Department of health—Certificate of need review program. The office shall submit the strategy to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. As the health care facilities and services plan is updated for any specific geographic planning region, the office shall submit that plan to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. The office shall not issue determinations of the merits of specific project proposals submitted by applicants for certificates of need. [2007 c 259 § 53.]

(1) The office may respond to requests for data and other information from its computerized system for special studies and analysis consistent with requirements for confidentiality of patient, provider, and facility-specific records. The office may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) Data elements related to the identification of individual patient's, provider's, and facility's care outcomes are confidential, are exempt from RCW 42.56.030 through 42.56.570 and *42.17.350 through 42.17.450, and are not subject to discovery by subpoena or admissible as evidence. 43.371.005 Findings. The legislature finds that:

(1) The activities authorized by this chapter will require collaboration among state agencies and local governments that are involved in health care, private health carriers, third-party purchasers, health care providers, and hospitals. These activities will identify strategies to increase the quality and effectiveness of health care delivered in Washington state and are therefore in the best interest of the public.

(2) The benefits of collaboration, together with active state supervision, outweigh potential adverse impacts. Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the authority pursuant to this chapter that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services. Finding—2014 c 223: See note following RCW 41.05.690.

43.371.020 Statewide all-payer health care claims database—Selection and duties of lead organization—Certification as qualified entity pursuant to 42 C.F.R. Sec. 401.703(a)—Contract with data vendor. (1) The office shall establish a statewide all-payer health care claims database. On January 1, 2020, the office must transfer authority and oversight for the database to the authority. The office and authority must develop a transition plan that sustains operations by July 1, 2019. The database shall support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost. The database must systematically collect all medical claims and pharmacy claims from private and public payers, with data from all settings of care that permit the systematic analysis of health care delivery.

(2) The authority shall use a competitive procurement process, in accordance with chapter 39.26 RCW, to select a lead organization from among the best potential bidders to coordinate and manage the database.

(a)(i) In conducting the competitive procurement, the authority must ensure that no state officer or state employee participating in the procurement process:

(A) Has a current relationship or had a relationship within the last three years with any organization that bids on the procurement that would constitute a conflict with the proper discharge of official duties under chapter 42.52 RCW; or

(B) Is a compensated or uncompensated member of a bidding organization's board of directors, advisory committee, or has held such a position in the past three years.

(ii) If any relationship or interest described in (a)(i) of this subsection is discovered during the procurement process, the officer or employee with the prohibited relationship must withdraw from involvement in the procurement process.

(b) Due to the complexities of the all-payer claims database and the unique privacy, quality, and financial objectives, the authority must give strong consideration to the following elements in determining the appropriate lead organization contractor: (i) The organization's degree of experience in health care data collection, analysis, analytics, and security; (ii) whether the organization has a long-term self-sustainable financial model; (iii) the organization's experience in convening and effectively engaging stakeholders to develop reports, especially among groups of health providers, carriers, and self-insured purchasers; (iv) the organization's experience in meeting budget and timelines for report generations; and (v) the organization's ability to combine cost and quality data to assess total cost of care.

(c) The successful lead organization must apply to be certified as a qualified entity pursuant to 42 C.F.R. Sec. 401.703(a) by the centers for medicare and medicaid services.

(d) The authority may not select a lead organization that:

(i) Is a health plan as defined by and consistent with the definitions in RCW 48.43.005;

(ii) Is a hospital as defined in RCW 70.41.020;

(iii) Is a provider regulated under Title 18 RCW;

(iv) Is a third-party administrator as defined in RCW 70.290.010; or

(v) Is an entity with a controlling interest in any entity covered in (d)(i) through (iv) of this subsection.

(3) As part of the competitive procurement process referenced in subsection (2) of this section, the lead organization shall enter into a contract with a data vendor or multiple data vendors to perform data collection, processing, aggregation, extracts, and analytics. A data vendor must:

(a) Establish a secure data submission process with data suppliers;

(b) Review data submitters' files according to standards established by the authority;

(c) Assess each record's alignment with established format, frequency, and consistency criteria;

(d) Maintain responsibility for quality assurance, including, but not limited to: (i) The accuracy and validity of data suppliers' data; (ii) accuracy of dates of service spans; (iii) maintaining consistency of record layout and counts; and (iv) identifying duplicate records;

(e) Assign unique identifiers, as defined in RCW 43.371.010, to individuals represented in the database;

(f) Ensure that direct patient identifiers, indirect patient identifiers, and proprietary financial information are released only in compliance with the terms of this chapter;

(g) Demonstrate internal controls and affiliations with separate organizations as appropriate to ensure safe data collection, security of the data with state of the art encryption methods, actuarial support, and data review for accuracy and quality assurance;

(h) Store data on secure servers that are compliant with the federal health insurance portability and accountability act and regulations, with access to the data strictly controlled and limited to staff with appropriate training, clearance, and background checks; and

(i) Maintain state of the art security standards for transferring data to approved data requestors.

(4) The lead organization and data vendor must submit detailed descriptions to the office of the chief information officer to ensure robust security methods are in place. The office of the chief information officer must report its findings to the authority and the appropriate committees of the legislature.

(5) The lead organization is responsible for internal governance, management, funding, and operations of the database. At the direction of the authority, the lead organization shall work with the data vendor to:

(a) Collect claims data from data suppliers as provided in RCW 43.371.030;

(b) Design data collection mechanisms with consideration for the time and cost incurred by data suppliers and others in submission and collection and the benefits that measurement would achieve, ensuring the data submitted meet quality standards and are reviewed for quality assurance;

(c) Ensure protection of collected data and store and use any data in a manner that protects patient privacy and complies with this section. All patient-specific information must be deidentified with an up-to-date industry standard encryption algorithm;

(d) Consistent with the requirements of this chapter, make information from the database available as a resource for public and private entities, including carriers, employers, providers, hospitals, and purchasers of health care;

(e) Report performance on cost and quality pursuant to RCW 43.371.060 using, but not limited to, the performance measures developed under RCW 41.05.690;

(f) Develop protocols and policies, including prerelease peer review by data suppliers, to ensure the quality of data releases and reports;

(g) Develop a plan for the financial sustainability of the database as may be reasonable and customary as compared to other states' databases and charge fees for reports and data files as needed to fund the database. Any fees must be approved by the authority and should be comparable, accounting for relevant differences across data requests and uses. The lead organization may not charge providers or data suppliers fees other than fees directly related to requested reports and data files; and

(h) Convene advisory committees with the approval and participation of the authority, including: (i) A committee on data policy development; and (ii) a committee to establish a data release process consistent with the requirements of this chapter and to provide advice regarding formal data release requests. The advisory committees must include in-state representation from key provider, hospital, public health, health maintenance organization, large and small private purchas-

ers, consumer organizations, and the two largest carriers supplying claims data to the database.

(6) The lead organization governance structure and advisory committees for this database must include representation of the third-party administrator of the uniform medical plan. A payer, health maintenance organization, or third-party administrator must be a data supplier to the all-payer health care claims database to be represented on the lead organization governance structure or advisory committees. [2019 c 319 § 3; 2015 c 246 § 2; 2014 c 223 § 10.]

Transfer of powers, duties, and functions from the office of financial management to the health care authority—2019 c 319: "(1) The powers, duties, and functions of the office of financial management provided in chapter 43.371 RCW, except as otherwise specified in this act, are transferred to the health care authority.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material necessary for the health care authority to carry out the powers, duties, and functions in chapter 43.371 RCW being transferred from the office of financial management to the health care authority and that are in the possession of the office of financial management must be delivered to the custody of the health care authority. (c) If any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management must make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All rules and pending business before the office of financial management specifically related to its powers, duties, and functions in chapter 43.371 RCW that are being transferred to the health care authority shall be continued and acted upon by the health care authority. All existing contracts and obligations remain in full force and must be performed by the health care authority.

(4) The transfer of the powers, duties, and functions of the office of financial management does not affect the validity of any act performed before May 8, 2019.

(5) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these must make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification." [2019 c 319 § 11.]

Effective date—2019 c 319: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 8, 2019]." [2019 c 319 § 13.]

The director may expand this requirement by rule to include any health plans or health benefit plans defined in *RCW 48.43.005(26) (a) through (i) to accomplish the goals of this chapter set forth in RCW 43.371.020(1). Employer-sponsored self-funded health plans

and Taft-Hartley trust health plans may voluntarily provide claims data to the database within the time frames and in accordance with procedures established by the lead organization.

(2) Any data supplier used by an entity that voluntarily participates in the database must provide claims data to the data vendor upon request of the entity.

(3) The lead organization shall submit an annual status report to the authority regarding compliance with this section. [2019 c 319 § 4; 2015 c 246 § 3; 2014 c 223 § 11.]

***Reviser's note:** RCW 48.43.005 was alphabetized pursuant to RCW 1.08.015(2)(k), changing subsection (26) to subsection (27), and effective January 1, 2020, changing subsection (26) to subsection (29).

Finding—2014 c 223: See note following RCW 41.05.690.

43.371.040 Claims data and database—Exempt from public disclosure—Not subject to subpoena or compulsory process. (1) The claims data provided to the database, the database itself, including the data compilation, and any raw data received from the database are not public records and are exempt from public disclosure under chapter 42.56 RCW.

(2) Claims data obtained, distributed, or reported in the course of activities undertaken pursuant to or supported under this chapter are not subject to subpoena or similar compulsory process in any civil or criminal, judicial, or administrative proceeding, nor may any individual or organization with lawful access to data under this chapter be compelled to provide such information pursuant to subpoena or testify with regard to such data, except that data pertaining to a party in litigation may be subject to subpoena or similar compulsory process in an action brought by or on behalf of such individual to enforce any liability arising under this chapter. [2015 c 246 § 4; 2014 c 223 § 12.]

Finding—2014 c 223: See note following RCW 41.05.690.

43.371.050 Availability of claims or data for retrieval—Confidentiality of claims or data—Duties of the lead organization and the data vendor. (1) Except as otherwise required by law, claims or other data from the database shall only be available for retrieval in processed form to public and private requesters pursuant to this section and shall be made available within a reasonable time after the request. Each request for claims data must include, at a minimum, the following information:

(a) The identity of any entities that will analyze the data in connection with the request;

(b) The stated purpose of the request and an explanation of how the request supports the goals of this chapter set forth in RCW 43.371.020(1);

(c) A description of the proposed methodology;

(d) The specific variables requested and an explanation of how the data is necessary to achieve the stated purpose described pursuant to (b) of this subsection;

(e) How the requester will ensure all requested data is handled in accordance with the privacy and confidentiality protections required under this chapter and any other applicable law;

(f) The method by which the data will be destroyed at the conclusion of the data use agreement;

(g) The protections that will be utilized to keep the data from being used for any purposes not authorized by the requester's approved application; and

(h) Consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1).

(2) The lead organization may decline a request that does not include the information set forth in subsection (1) of this section that does not meet the criteria established by the lead organization's data release advisory committee, or for reasons established by rule.

(3) Except as otherwise required by law, the authority shall direct the lead organization and the data vendor to maintain the confidentiality of claims or other data it collects for the database that include proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof. Any entity that receives claims or other data must also maintain confidentiality and may only release such claims data or any part of the claims data if:

(a) The claims data does not contain proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof; and

(b) The release is described and approved as part of the request in subsection (1) of this section.

(4) The lead organization shall, in conjunction with the authority and the data vendor, create and implement a process to govern levels of access to and use of data from the database consistent with the following:

(a) Claims or other data that include proprietary financial information, direct patient identifiers, indirect patient identifiers, unique identifiers, or any combination thereof may be released only to the extent such information is necessary to achieve the goals of this chapter set forth in RCW 43.371.020(1) to researchers with approval of an institutional review board upon receipt of a signed data use and confidentiality agreement with the lead organization. A researcher or research organization that obtains claims data pursuant to this subsection must agree in writing not to disclose such data or parts of the data set to any other party, including affiliated entities, and must consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1).

(b) Claims or other data that do not contain direct patient identifiers, but that may contain proprietary financial information, indirect patient identifiers, unique identifiers, or any combination thereof may be released to:

(i) Federal, state, tribal, and local government agencies upon receipt of a signed data use agreement with the authority and the lead organization. Federal, state, tribal, and local government agencies that obtain claims data pursuant to this subsection are prohibited from using such data in the purchase or procurement of health benefits for their employees;

(ii) Any entity when functioning as the lead organization under the terms of this chapter; and

(iii) The Washington health benefit exchange established under chapter 43.71 RCW, upon receipt of a signed data use agreement with the authority and the lead organization as directed by rules adopted under this chapter.

(c) Claims or other data that do not contain proprietary financial information, direct patient identifiers, or any combination thereof, but that may contain indirect patient identifiers, unique identifiers, or a combination thereof may be released to agencies, researchers, and other entities as approved by the lead organization upon receipt of a signed data use agreement with the lead organization.

(d) Claims or other data that do not contain direct patient identifiers, indirect patient identifiers, proprietary financial information, or any combination thereof may be released upon request.

(5) Reports utilizing data obtained under this section may not contain proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof. Nothing in this subsection (5) may be construed to prohibit the use of geographic areas with a sufficient population size or aggregate gender, age, medical condition, or other characteristics in the generation of reports, so long as they cannot lead to the identification of an individual.

(6) Reports issued by the lead organization at the request of providers, facilities, employers, health plans, and other entities as approved by the lead organization may utilize proprietary financial information to calculate aggregate cost data for display in such reports. The authority shall approve by rule a format for the calculation and display of aggregate cost data consistent with this chapter that will prevent the disclosure or determination of proprietary financial information. In developing the rule, the authority shall solicit feedback from the stakeholders, including those listed in RCW 43.371.020(5)(h), and must consider, at a minimum, data presented as proportions, ranges, averages, and medians, as well as the differences in types of data gathered and submitted by data suppliers.

(7) Recipients of claims or other data under subsection (4) of this section must agree in a data use agreement or a confidentiality agreement to, at a minimum:

(a) Take steps to protect data containing direct patient identifiers, indirect patient identifiers, proprietary financial information, or any combination thereof as described in the agreement;

(b) Not redisclose the claims data except pursuant to subsection (3) of this section;

(c) Not attempt to determine the identity of any person whose information is included in the data set or use the claims or other data in any manner that identifies any individual or their family or attempt to locate information associated with a specific individual;

(d) Destroy claims data at the conclusion of the data use agreement; and

(e) Consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1). [2019 c 319 § 5; 2015 c 246 § 5; 2014 c 223 § 13.]

shall prepare health care data reports using the database and the statewide health performance and quality measure set. Prior to the lead organization releasing any health care data reports that use claims data, the lead organization must submit the reports to the authority for review.

(b) By October 31st of each year, the lead organization shall submit to the director a list of reports it anticipates producing during the following calendar year. The director may establish a public comment period not to exceed thirty days, and shall submit the list and any comment to the appropriate committees of the legislature for review.

(2)(a) Health care data reports that use claims data prepared by the lead organization for the legislature and the public should promote awareness and transparency in the health care market by reporting on:

(i) Whether providers and health systems deliver efficient, high quality care; and

(ii) Geographic and other variations in medical care and costs as demonstrated by data available to the lead organization.

(b) Measures in the health care data reports should be stratified by demography, income, language, health status, and geography when feasible with available data to identify disparities in care and successful efforts to reduce disparities.

(c) Comparisons of costs among providers and health care systems must account for differences in the case mix and severity of illness of patients and populations, as appropriate and feasible, and must take into consideration the cost impact of subsidization for uninsured and government-sponsored patients, as well as teaching expenses, when feasible with available data.

(3) The lead organization may not publish any data or health care data reports that:

(a) Directly or indirectly identify individual patients;

(b) Disclose a carrier's proprietary financial information;

(c) Compare performance in a report generated for the general public that includes any provider in a practice with fewer than four providers; or

(d) Contain medicaid data that is in direct conflict with the biannual medicaid forecast.

(4) The lead organization may not release a report that compares and identifies providers, hospitals, or data suppliers unless:

(a) It allows the data supplier, the hospital, or the provider to verify the accuracy of the information submitted to the data vendor, comment on the reasonableness of conclusions reached, and submit to the lead organization and data vendor any corrections of errors with supporting evidence and comments within thirty days of receipt of the report;

(b) It corrects data found to be in error within a reasonable amount of time; and

(c) The report otherwise complies with this chapter.

(5) The authority and the lead organization may use claims data to identify and make available information on payers, providers, and facilities, but may not use claims data to recommend or incentivize direct contracting between providers and employers.

(6) The lead organization shall make information about claims data related to the provision of air ambulance service available on a web site that is accessible to the public in a

searchable format by geographic region, provider, and other relevant information.

(7)(a) The lead organization shall distinguish in advance to the authority when it is operating in its capacity as the lead organization and when it is operating in its capacity as a private entity. Where the lead organization acts in its capacity as a private entity, it may only access data pursuant to RCW 43.371.050(4) (b), (c), or (d).

(b) Except as provided in RCW 43.371.050(4), claims or other data that contain direct patient identifiers or proprietary financial information must remain exclusively in the custody of the data vendor and may not be accessed by the lead organization. [2020 c 131 § 1; 2019 c 319 § 6; 2015 c 246 § 6; 2014 c 223 § 14.]

Finding—2014 c 223: See note following RCW 41.05.690.

43.371.070 Rules. (1) The director shall adopt any rules necessary to implement this chapter, including:

(a) Definitions of claim and data files that data suppliers must submit to the database, including: Files for covered medical services, pharmacy claims, and dental claims; member eligibility and enrollment data; and provider data with necessary identifiers;

(b) Deadlines for submission of claim files;

(c) Penalties for failure to submit claim files as required;

(d) Procedures for ensuring that all data received from data suppliers are securely collected and stored in compliance with state and federal law;

(e) Procedures for ensuring compliance with state and federal privacy laws;

(f) Procedures for establishing appropriate fees;

(g) Procedures for data release;

(h) Penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, and proprietary financial information; and

(i) A minimum reporting threshold below which a data supplier is not required to submit data.

(2) The director may not adopt rules, policies, or procedures beyond the authority granted in this chapter. [2019 c 319 § 7; 2015 c 246 § 7; 2014 c 223 § 15.]

Effective date—2019 c 319: See note following RCW 43.371.020.

Finding—2014 c 223: See note following RCW 41.05.690.

43.371.080 Cost, performance, and effectiveness of database and performance of lead organization—Reports to the legislature. (1) The authority shall report every two years to the appropriate committees of the legislature regarding the cost, performance, and effectiveness of the database and the performance of the lead organization under its contract with the authority. Using independent economic expertise, subject to appropriation, the report must evaluate whether the database has advanced the goals set forth in RCW 43.371.020(1), as well as the performance of the lead organization. The report must also make recommendations regarding but not limited to how the database can be improved, whether the contract for the lead organization should be modified, renewed, or terminated, and the impact the database has had on competition between and among providers, purchasers, and payers.

(2) The authority shall annually report to the appropriate committees of the legislature regarding any additional grants received or extended. [2019 c 319 § 8; 2015 c 246 § 8.]

43.371.090 State agency coordinating structure—Biennial review—Recommendations. (1) To ensure the database is meeting the needs of state agencies and other data users, the authority shall convene a state agency coordinating structure, consisting of state agencies with related data needs and the Washington health benefit exchange to ensure effectiveness of the database and the agencies' programs. The coordinating structure must collaborate in a private/public manner with the lead organization and other partners key to the broader success of the database. The coordinating structure shall advise the authority and lead organization on the development of any database policies and rules relevant to agency data needs.

(2) The office must participate as a key part of the coordinating structure and evaluate progress towards meeting the goals of the database, and, as necessary, recommend strategies for maintaining and promoting the progress of the database in meeting the intent of this section, and report its findings biennially to the governor and the legislature. The authority shall facilitate the office obtaining the information needed to complete the report in a manner that is efficient and not overly burdensome for the parties. The authority must provide the office with access to database processes, procedures, nonproprietary methodologies, and outcomes to conduct the review and issue the biennial report. The biennial review shall assess, at a minimum the following:

(a) The list of approved agency use case projects and related data requirements under RCW 43.371.050(4);

(b) Successful and unsuccessful data requests and outcomes related to agency and nonagency health researchers pursuant to RCW 43.371.050(4);

(c) Online data portal access and effectiveness related to research requests and data provider review and reconsideration;

(d) Adequacy of data security and policy consistent with the policy of the office of the chief information officer; and

(e) Timeliness, adequacy, and responsiveness of the database with regard to requests made under RCW 43.371.050(4) and for potential improvements in data sharing, data processing, and communication.

(3) To promote the goal of improving health outcomes through better cost and quality information, the authority, in consultation with the agency coordinating structure, the office, lead organization, and data vendor shall make recommendations to the Washington state performance measurement coordinating committee as necessary to improve the effectiveness of the state common measure set as adopted under RCW 70.320.030. [2019 c 319 § 9.]

administration of the database and the lead organization to establish a data set and business process to provide health carriers, health care providers, hospitals, ambulatory surgical facilities, and arbitrators with data to assist in determining commercially reasonable payments and resolving payment disputes for out-of-network medical services rendered by health care facilities or providers.

(a) The data set and business process must be developed in collaboration with health carriers, health care providers, hospitals, and ambulatory surgical facilities.

(b) The data set must provide the amounts for the services described in RCW 48.49.020. The data used to calculate the median in-network and out-of-network allowed amounts and the median billed charge amounts by geographic area, for the same or similar services, must be drawn from commercial health plan claims, and exclude medicare and medicaid claims as well as claims paid on other than a fee-for-service basis.

(c) The data set and business process must be available beginning November 1, 2019, and must be reviewed by an advisory committee established under chapter 43.371 RCW that includes representatives of health carriers, health care providers, hospitals, and ambulatory surgical facilities for validation before use.

(2) The 2019 data set must be based upon the most recently available full calendar year of claims data. The data set for each subsequent year must be adjusted by applying the consumer price index-medical component established by the United States department of labor, bureau of labor statistics to the previous year's data set. 43.372.005 Findings—Purpose. (1) The legislature finds that:

(a) Native American tribes have depended on the state's marine waters and its resources for countless generations and continue to do so for cultural, spiritual, economic, and subsistence purposes.

(b) The state has long demonstrated a strong commitment to protecting the state's marine waters, which are abundant in natural resources, contain a treasure of biological diversity, and are a source of multiple uses by the public supporting the economies of nearby communities as well as the entire state. These multiple uses include, but are not limited to: Marine-based industries and activities such as cargo, fuel,

and passenger transportation; commercial, recreational, and tribal fishing; shellfish aquaculture; telecommunications and energy infrastructure; seafood processing; tourism; scientific research; and many related goods and services. These multiple uses as well as new emerging uses, such as renewable ocean energy, constitute a management challenge for sustaining resources and coordinating state decision making in a proactive, comprehensive and ecosystem-based manner.

(c) Washington's marine waters are part of a west coast-wide large marine ecosystem known as the California current, and the Puget Sound and Columbia river estuaries constitute two of the three largest estuaries that are part of this large marine ecosystem. Puget Sound and the Columbia river are estuaries of national significance under the national estuary program, and the outer coast includes the Olympic national marine sanctuary.

(d) Washington is working in cooperation with the states of Oregon and California and federal agencies on ocean and ocean health management issues through the west coast governors' agreement on ocean health, and with the government of British Columbia on shared waters management issues through the British Columbia-Washington coastal and ocean task force.

(e) Washington has initiated comprehensive management programs to protect and promote compatible uses of these waters. These include: The development of a comprehensive ecosystem-based management plan known as the Puget Sound action agenda; shoreline plans for shorelines around the state; management plans for state-owned aquatic lands and their associated waters statewide; and watershed and salmon recovery management plans in the upland areas of Puget Sound, the coast, and the Columbia river. Data and data management tools have also been developed to support these management and planning activities, such as the coastal atlas managed by the department of ecology and the shore zone database managed by the department of natural resources.

(f) For marine waters specifically, Washington has formed several mechanisms to improve coordination and management. A legislatively authorized task force formed by the governor identified priority recommendations for improving state management of ocean resources through Washington's ocean action plan in 2006. The governor further formed an ongoing interagency team that assists the department of ecology in implementing these recommendations. There is an extensive network of marine resources committees within Puget Sound and on the outer coast and the Columbia river to promote and support local involvement identifying and conducting local priority marine projects and some have been involved in local planning and management. Through the Olympic coast intergovernmental policy council, the state has also formalized its working relationship with coastal tribes and the federal government in the management of the Olympic coast national marine sanctuary.

(g) Reports by the United States commission on oceans policy, the Pew oceans commission, and the joint oceans commission initiative recommend the adoption of a national ocean policy under which states and coastal communities would have a principal role in developing and implementing ecosystem-based management of marine waters. Acting on these recommendations, the president of the United States

recently formed an interagency ocean policy task force charged with developing a national ocean policy and a framework for marine spatial planning that involves all governmental levels, including state, tribal, and local governments. To further develop and implement such a planning framework, it is anticipated that federal cooperation and support will be available to coastal states that are engaged in marine and coastal resource management and planning, including marine spatial planning.

(2) The purpose of this chapter is to build upon existing statewide Puget Sound, coastal, and Columbia river efforts. When resources become available, the state intends to augment the marine spatial component of existing plans and to improve the coordination among state agencies in the development and implementation of marine management plans.

(3) It is also the purpose of this chapter to establish policies to guide state agencies and local governments when exercising jurisdiction over proposed uses and activities in these waters. Specifically, in conducting marine spatial planning, and in augmenting existing marine management plans with marine spatial planning components, the state must:

(a) Continue to recognize the rights of native American tribes regarding marine natural resources;

(b) Base all planning on best available science. This includes identifying gaps in existing information, recommend a strategy for acquiring science needed to strengthen marine spatial plans, and create a process to adjust plans once additional scientific information is available;

(c) Coordinate with all stakeholders, including marine resources committees and nongovernmental organizations, that are significantly involved in the collection of scientific information, ecosystem protection and restoration, or other activities related to marine spatial planning;

(d) Recognize that marine ecosystems span tribal, state, and international boundaries and that planning has to be coordinated with all entities with jurisdiction or authority in order to be effective;

(e) Establish or further promote an ecosystem-based management approach including linking marine spatial plans to adjacent nearshore and upland spatial or ecosystem-based plans;

(f) Ensure that all marine spatial plans are linked to measurable environmental outcomes;

(g) Establish a performance management system to monitor implementation of any new marine spatial plan;

(h) Establish an ocean stewardship policy that takes into account the existing natural, social, cultural, historic, and economic uses;

(i) Recognize that commercial, tribal, and recreational fisheries, and shellfish aquaculture are an integral part of our state's culture and contribute substantial economic benefits;

(j) Value biodiversity and ecosystem health, and protect special, sensitive, or unique estuarine and marine life and habitats, including important spawning, rearing, and migration areas for finfish, marine mammals, and productive shellfish habitats;

(k) Integrate this planning with existing plans and ongoing planning in the same marine waters and provide additional mechanisms for improving coordination and aligning management;

(l) Promote recovery of listed species under state and federal endangered species acts plans pursuant to those plans; and

(m) Fulfill the state's public trust and tribal treaty trust responsibilities in managing the state's ocean waters in a sustainable manner for current and future generations. [2010 c 145 § 1.]

43.372.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aquatic lands" includes all tidelands, shorelands, harbor areas, and the beds of navigable waters, and must be construed to be coextensive with the term "aquatic lands" as defined in RCW 79.105.060.

(2) "Exclusive economic zone waters" means marine waters from the offshore state boundary to the boundary of the exclusive economic zone, over which the United States government has primary jurisdiction.

(3) "Marine counties" includes Clallam, Jefferson, Grays Harbor, Wahkiakum, San Juan, Whatcom, Skagit, Island, Snohomish, King, Pierce, Thurston, Mason, Kitsap, and Pacific counties.

(4) "Marine ecosystem" means the physical, biological, and chemical components and processes and their interactions in marine waters and aquatic lands, including humans.

(5) "Marine interagency team" or "team" means the marine interagency team created under RCW 43.372.020.

(6) "Marine management plan" and "marine waters management plan" means any plan guiding activities on and uses of the state's marine waters, and may include a marine spatial plan or element.

(7) "Marine resources committees" means those committees organized under RCW 36.125.020 or by counties within the Northwest straits marine conservation initiative.

(8) "Marine spatial planning" means a public process of analyzing and allocating the spatial and temporal distribution of human activities in marine areas to achieve ecological, economic, and social objectives. Often this type of planning is done to reduce conflicts among uses, to reduce environmental impacts, to facilitate compatible uses, to align management decisions, and to meet other objectives determined by the planning process.

(9) "Marine waters" means aquatic lands and waters under tidal influence, including salt waters and estuaries to the ordinary high water mark lying within the boundaries of the state. This definition also includes the portion of the Columbia river bordering Pacific and Wahkiakum counties, Willapa Bay, Grays Harbor, the Strait of Juan de Fuca, and the entire Puget Sound. [2010 c 145 § 2.]

43.372.020 Marine interagency team. (1) The office of the governor shall chair a marine interagency team that is composed of representatives of each of the agencies in the governor's natural resources cabinet with management responsibilities for marine waters, including the independent agencies. A representative from a federal agency with lead responsibility for marine spatial planning must be invited to serve as a liaison to the team to help ensure consistency with federal actions and policy. The team must assist state agencies under RCW 43.372.030 with the review and coordina-

tion of such planning with their existing and ongoing planning and conduct the marine management planning authorized in RCW 43.372.040.

(2) The team may not commence any activities authorized under RCW 43.372.030 and 43.372.040 until federal, private, or other funding is secured specifically for these activities. [2012 c 252 § 1; 2010 c 145 § 3.]

43.372.030 Marine spatial data and marine spatial planning elements—Inclusion in planning—Joint plans and planning frameworks—Integration with comprehensive marine management plan. (1) Subject to available federal, private, or other funding for this purpose, all state agencies with marine waters planning and management responsibilities are authorized to include marine spatial data and marine spatial planning elements into their existing plans and ongoing planning.

(2) The director of the Puget Sound partnership under the direction of the leadership council created in RCW 90.71.220 must integrate marine spatial information and planning provisions into the action agenda. The information should be used to address gaps or improve the effectiveness of the spatial planning component of the action agenda, such as in addressing potential new uses such as renewable energy projects.

(3) The governor and the commissioner of public lands, working with appropriate marine management and planning agencies, should work cooperatively with the applicable west coast states, Canadian provinces, and with federal agencies, through existing cooperative entities such as the west coast governor's agreement on ocean health, the coastal and oceans task force, the Pacific coast collaborative, the Puget Sound federal caucus, and the United States and Canada cooperative agreement working group, to explore the benefits of developing joint marine spatial plans or planning frameworks in the shared waters of the Salish Sea, the Columbia river estuary, and in the exclusive economic zone waters. The governor and commissioner may approve the adoption of shared marine spatial plans or planning frameworks where they determine it would further policies of this chapter and chapter 43.143 RCW.

(4) On an ongoing basis, the director of the department of ecology shall work with other state agencies with marine management responsibilities, tribal governments, marine resources committees, local and federal agencies, and marine waters stakeholders to compile marine spatial information and to incorporate this information into ongoing plans. This work may be integrated with the comprehensive marine management plan authorized under RCW 43.372.040 when that planning process is initiated.

(5) All actions taken to implement this section must be consistent with RCW 43.372.060. [2012 c 252 § 2; 2010 c 145 § 5.]

43.372.040 Comprehensive marine management plan. (1) Upon the receipt of federal, private, or other funding for this purpose, the marine interagency team shall coordinate the development of a comprehensive marine management plan for the state's marine waters. The marine management plan must include marine spatial planning, as well as recommendations to the appropriate federal agencies regarding the exclusive economic zone waters.

(2) The comprehensive marine management plan may be developed in geographic segments, and may incorporate or be developed as an element of existing marine plans, such as the Puget Sound action agenda. If the team exercises the option to develop the comprehensive marine management plan in geographic segments, it may proceed with development and adoption of marine management plans for these geographic segments on different schedules.

(3) The chair of the team may designate a state agency with marine management responsibilities to take the lead in developing and recommending to the team particular segments or elements of the comprehensive marine management plan.

(4) The marine management plan must be developed and implemented in a manner that:

(a) Recognizes and respects existing uses and tribal treaty rights;

(b) Promotes protection and restoration of ecosystem processes to a level that will enable long-term sustainable production of ecosystem goods and services;

(c) Addresses potential impacts of climate change and sea level rise upon current and projected marine waters uses and shoreline and coastal impacts;

(d) Fosters and encourages sustainable uses that provide economic opportunity without significant adverse environmental impacts;

(e) Preserves and enhances public access;

(f) Protects and encourages working waterfronts and supports the infrastructure necessary to sustain marine industry, commercial shipping, shellfish aquaculture, and other water-dependent uses;

(g) Fosters public participation in decision making and significant involvement of communities adjacent to the state's marine waters; and

(h) Integrates existing management plans and authorities and makes recommendations for aligning plans to the extent practicable.

(5) To ensure the effective stewardship of the state's marine waters held in trust for the benefit of the people, the marine management plan must rely upon existing data and resources, but also identify data gaps and, as possible, procure missing data necessary for planning.

(6) The marine management plan must include but not be limited to:

(a) An ecosystem assessment that analyzes the health and status of Washington marine waters including key social, economic, and ecological characteristics and incorporates the best available scientific information, including relevant marine data. This assessment should seek to identify key threats to plan goals, analyze risk and management scenarios, and develop key ecosystem indicators. In addition, the plan should incorporate existing adaptive management strategies underway by local, state, or federal entities and provide an adaptive management element to incorporate new information and consider revisions to the plan based upon research, monitoring, and evaluation;

(b) Using and relying upon existing plans and processes and additional management measures to guide decisions among uses proposed for specific geographic areas of the state's marine and estuarine waters consistent with applicable

state laws and programs that control or address developments in the state's marine waters;

(c) A series of maps that, at a minimum, summarize available data on: The key ecological aspects of the marine ecosystem, including physical and biological characteristics, as well as areas that are environmentally sensitive or contain unique or sensitive species or biological communities that must be conserved and warrant protective measures; human uses of marine waters, particularly areas with high value for fishing, shellfish aquaculture, recreation, and maritime commerce; and appropriate locations with high potential for renewable energy production with minimal potential for conflicts with other existing uses or sensitive environments;

(d) An element that sets forth the state's recommendations to the federal government for use priorities and limitations, siting criteria, and protection of unique and sensitive biota and ocean floor features within the exclusive economic zone waters consistent with the policies and management criteria contained in this chapter and chapter 43.143 RCW;

(e) An implementation strategy describing how the plan's management measures and other provisions will be considered and implemented through existing state and local authorities; and

(f) A framework for coordinating state agency and local government review of proposed renewable energy development uses requiring multiple permits and other approvals that provide for the timely review and action upon renewable energy development proposals while ensuring protection of sensitive resources and minimizing impacts to other existing or projected uses in the area.

(7) If the director of the department of fish and wildlife determines that a fisheries management element is appropriate for inclusion in the marine management plan, this element may include the incorporation of existing management plans and procedures and standards for consideration in adopting and revising fisheries management plans in cooperation with the appropriate federal agencies and tribal governments.

(8) Any provision of the marine management plan that does not have as its primary purpose the management of commercial or recreational fishing but that has an impact on this fishing must minimize the negative impacts on the fishing. The team must accord substantial weight to recommendations from the director of the department of fish and wildlife for plan revisions to minimize the negative impacts.

(9) The marine management plan must recognize and value existing uses. All actions taken to implement this section must be consistent with RCW 43.372.060.

(10) The marine management plan must identify any provisions of existing management plans that are substantially inconsistent with the plan.

(11)(a) In developing the marine management plan, the team shall implement a strong public participation strategy that seeks input from throughout the state and particularly from communities adjacent to marine waters. Public review and comment must be sought and incorporated with regard to planning the scope of work as well as in regard to significant drafts of the plan and plan elements.

(b) The team must engage tribes and marine resources committees in its activities throughout the planning process. In particular, prior to finalizing the plan, the team must provide each tribe and marine resources committee with a draft

of the plan and invite them to review and comment on the plan.

(12) The director of the department of ecology shall submit the completed marine management plan to the appropriate federal agency for its review and approval for incorporation into the state's federally approved coastal zone management program.

(13) Subsequent to the adoption of the marine management plan, the team may periodically review and adopt revisions to the plan to incorporate new information and to recognize and incorporate provisions in other marine management plans. The team must afford the public an opportunity to review and comment upon significant proposed revisions to the marine management plan. [2012 c 252 § 3; 2010 c 145 § 6.]

43.372.050 Marine management plans—Compliance—Consistency—Review—Report and recommendations.

(1) Upon the adoption of the marine management plan under RCW 43.372.040, each state agency and local government must make decisions in a manner that ensures consistency with applicable legal authorities and conformance with the applicable provisions of the marine management plan to the greatest extent possible.

(2) The director of the department of ecology, in coordination with the team, shall periodically review existing management plans maintained by state agencies and local governments that cover the same marine waters as the marine management plan under RCW 43.372.040, and for any substantial inconsistency with the marine management plan the director shall make recommendations to the agency or to the local government for revisions to eliminate the inconsistency.

(3) Not later than four years following adoption of the marine management plan under RCW 43.372.040, the department of ecology, in coordination with the team, shall report to the appropriate marine waters committees in the senate and house of representatives describing provisions of existing management plans that are substantially inconsistent with the marine management plan under RCW 43.372.040, and making recommendations for eliminating the inconsistency.

(4) All actions taken to implement this section must be consistent with RCW 43.372.060. [2010 c 145 § 7.]

43.372.060 Authority limited. No authority is created under this chapter to affect in any way any project, use, or activity in the state's marine waters existing prior to or during the development and review of the marine management plan. No authority is created under this chapter to supersede the current authority of any state agency or local government. [2010 c 145 § 8.]

43.372.070 Marine resources stewardship trust account.

(1) The marine resources stewardship trust account is created in the state treasury. All receipts from income derived from the investment of amounts credited to the account, any grants, gifts, or donations to the state for the purposes of marine management planning, marine spatial planning, data compilation, research, or monitoring, and any appropriations made to the account must be deposited in the

account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may only be used for the purposes of marine management planning, marine spatial planning, research, monitoring, and implementation of the marine management plan.

(3) Except as provided in subsection (5) of this section, until July 1, 2016, expenditures from the account may only be used for the purposes of:

(a) Conducting ecosystem assessment and mapping activities in marine waters consistent with RCW 43.372.040(6) (a) and (c), with a focus on assessment and mapping activities related to marine resource uses and developing potential economic opportunities;

(b) Developing a marine management plan for the state's coastal waters as that term is defined in RCW 43.143.020; and

(c) Coordination under the west coast governors' agreement on ocean health, entered into on September 18, 2006, and other regional planning efforts consistent with RCW 43.372.030.

(4) Expenditures from the account on projects and activities relating to the state's coastal waters, as defined in RCW 43.143.020, must be made, to the maximum extent possible, consistent with the recommendations of the Washington coastal marine advisory council as provided in RCW 43.143.060. If expenditures relating to coastal waters are made in a manner that differs substantially from the Washington coastal marine advisory council's recommendations, the responsible agency receiving the appropriation shall provide the council and appropriate committees of the legislature with a written explanation.

(5) During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the marine resources stewardship trust account to the aquatic lands enhancement account. [2021 c 334 § 983; 2019 c 415 § 975; 2016 sp.s. c 36 § 938; 2013 c 318 § 3; 2012 c 252 § 4; 2011 c 250 § 2; 2010 c 145 § 10.]

Conflict with federal requirements—Effective date—2021 c 334: See notes following RCW 43.79.555.

Effective date—2019 c 415: See note following RCW 28B.20.476.

Effective date—2016 sp.s. c 36: See note following RCW 18.20.430.

Findings—2011 c 250: "(1) The legislature finds that the states of Washington, Oregon, and California have a common interest in the management and protection of ocean and coastal resources. This common interest stems from the many ocean and coastal resources that cross jurisdictional boundaries including winds, currents, fish, and wildlife, as well as the multi-jurisdictional reach of many uses of marine waters. These shared resources provide enormous economic, environmental, and social benefits to the states, and are an integral part of maintaining the high quality of life enjoyed by residents of the west coast.

(2) The legislature finds that the shared nature of ocean and coastal resources make coordination between the states of Washington, Oregon, and California essential in order to achieve effective ocean and coastal resource management and support sustainable coastal communities.

(3) The legislature recognizes the west coast governors' agreement on ocean health, entered into on September 18, 2006, as an important step towards achieving more coordinated management of these ocean and coastal resources.

(4) Ocean and coastal resource planning processes and funding opportunities recently initiated by the federal government contemplate action at the regional level. Early action on the part of Washington, Oregon, and California to collaboratively define and implement such planning efforts and projects will increase the states' ability to determine the course of federal planning processes for the west coast and receive nonstate support for the plan-

(2021 Ed.)

ning efforts, resource preservation and restoration projects, and projects to support ocean health and sustainable coastal communities.

(5) Therefore, collaboration on ocean and coastal resource management between Washington, Oregon, and California should be continued and enhanced through the respective legislatures, as well as through the respective executive branches through the west coast governors' agreement on ocean health." [2011 c 250 § 1.]

43.380.005 Finding—Intent. The legislature finds that the cycle of recidivism warrants a closer examination of our criminal justice system, correctional systems, and community services in Washington. Over ninety-five percent of persons in prison will return to the community, and more than half of those persons will reoffend and be reincarcerated in today's system. This high rate of recidivism results in more crimes, more victims, more prisons, and more trauma within families and communities. We can do better for the people of Washington.

The legislature intends to establish the Washington statewide reentry council to develop collaborative and cooperative relationships between the criminal justice system, victims and their families, impacted individuals and their fami-

lies, and service providers, with the purpose of improving public safety and outcomes for people reentering the community from incarceration. [2016 c 188 § 1.]

(5) The initial appointments under subsections (1) and (2) of this section must be appointed by the governor to terms as follows: Four members for two-year terms; four members for three-year terms; and five members for four-year terms, which must include the chair. After the initial appointments, all appointments must be for four years.

(6) The board must select from its membership the chair of the board and such other officers as it deems appropriate. The chair of the board must be a member from the tourism industry or related businesses.

(7) A majority of the board constitutes a quorum.

(8) The board must create its own bylaws in accordance with the laws of the state of Washington.

(9) Any member of the board may be removed for misfeasance, malfeasance, or willful neglect of duty after notice and a public hearing, unless the notice and hearing are expressly waived in writing by the affected member.

(10) If a vacancy occurs on the board, a replacement must be appointed for the unexpired term.

(11) The members of the board serve without compensation but are entitled to reimbursement, solely from the funds of the authority, for expenses incurred in the discharge of their duties.

(12) The board must meet at least quarterly.

(13) No board member of the authority may serve on the board of an organization that could be considered for a contract authorized under RCW 43.384.050. [2018 c 275 § 4.]

43.384.040 Statewide tourism marketing account—Matching funds. The statewide tourism marketing account is created in the state treasury. All receipts from tax revenues under RCW 82.08.225 must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for expenditures of the department that are related to implementation of a statewide tourism marketing program and operation of the authority. A two-to-one nonstate or state fund, other than general fund state, match must be provided for all expenditures from the account. A match may consist of nonstate or state fund, other than general fund state, cash contributions deposited in the private local account created under RCW 43.384.020(4), the value of an advertising equivalency contribution, or an in-kind contribution. The board must determine criteria for what qualifies as an in-kind contribution. [2018 c 275 § 5.]

43.384.050 Use of funds. (1) From amounts appropriated to the department for the authority and from other mon-

eys available to it, the authority may incur expenditures for any purpose specifically authorized by this chapter including:

(a) Entering into a contract for a multiple year statewide tourism marketing plan with a statewide nonprofit organization existing on June 7, 2018, whose sole purpose is marketing Washington to tourists. The marketing plan must include, but is not limited to, focuses on rural tourism-dependent counties, natural wonders and outdoor recreation opportunities of the state, including sustainable whale watching, attraction of international tourists, identification of local offerings for tourists, and assistance for tourism areas adversely impacted by natural disasters. In the event that no such organization exists on June 7, 2018, or the initial contractor ceases to exist, the authority may determine criteria for a contractor to carry out a statewide marketing program;

(b) Contracting for the evaluation of the impact of the statewide tourism marketing program; and

(c) Paying for administrative expenses of the authority, which may not exceed two percent of the state portion of funds collected in any fiscal year.

(2) All nonstate moneys received by the authority under RCW 43.384.060 or otherwise provided to the authority for purposes of matching funding must be deposited in the authority's private local account created under RCW 43.384.020(4) and are held in trust for uses authorized solely by this chapter.

(3) "Sustainable whale watching" means an experience that includes whale watching from land or aboard a vessel that reduces the impact on whales, provides a recreational and educational experience, and motivates participants to care about marine mammals, the sea, and marine conservation. [2019 c 291 § 5; 2018 c 275 § 6.]

43.384.060 Receipt of gifts, grants authorized. The board may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the authority and spend gift, grants, or endowments or income from public or private sources according to their terms, unless the receipt of gifts, grants, or endowments violates RCW 42.17A.560. [2018 c 275 § 7.]

43.384.800 Evaluation by joint legislative audit and review committee. The joint legislative audit and review committee must conduct an evaluation of the performance of the authority created in chapter 43.384 RCW and report its findings and recommendations, in compliance with RCW 43.01.036, to the governor and the economic development committees of the senate and house of representatives by December 1, 2023. The purpose of the evaluation is to determine the extent to which the authority has contributed to the growth of the tourism industry and economic development of the state. An interim report by the authority, submitted in compliance with RCW 43.01.036, is due to the governor and economic development committees of the house of representatives and senate by December 1, 2021. The report must provide an update on the authority's progress in implementing a statewide tourism marketing program. [2018 c 275 § 11.]

43.384.900 Findings—Purpose—2018 c 275. (1) The legislature finds that the tourism industry is the fourth largest

economic sector in the state of Washington and provides general economic benefit to the state. Since 2011 there have been minimal general funds committed to statewide tourism marketing and Washington is the only state without a state-funded tourism marketing program. Before 2011, the amount of funds appropriated to statewide tourism marketing was not significant and, in fact, Washington ranked forty-eighth in state tourism funding. Washington has significant attractions and activities for tourists, including many natural outdoor assets that draw visitors to mountains, waterways, parks, and open spaces. There should be a program to publicize these assets and activities to potential out-of-state visitors that is implemented in an expeditious manner by tourism professionals in the private sector.

(2) The purpose of chapter 275, Laws of 2018 is to establish the framework and funding for a statewide tourism marketing program. The program needs to have a structure that includes significant, stable, long-term funding, and it should be implemented and managed by the tourism industry. The source of funds should be from major sectors of the tourism industry with government assistance in collecting these funds and providing accountability for their expenditure. The dedicated sales tax authorized for contributions made in this chapter will bring direct benefits to those making contributions by bringing more tourists into the state who will patronize the participating businesses and create economic benefit for the state. [2018 c 275 § 1.]

43.384.901 Short title. This chapter may be known and cited as the statewide tourism marketing act. [2018 c 275 § 8.]

43.386.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Accountability report" means a report developed in accordance with RCW 43.386.020.

(2) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of an individual and adds the facial template to a gallery used by the facial recognition service for recognition or persistent tracking of individuals. It also

includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(3)(a) "Facial recognition service" means technology that analyzes facial features and is used by a state or local government agency for the identification, verification, or persistent tracking of individuals in still or video images.

(b) "Facial recognition service" does not include: (i) The analysis of facial features to grant or deny access to an electronic device; or (ii) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure outside the law enforcement agency to protect the privacy of a subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(4) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(5) "Identification" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches any individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(6) "Legislative authority" means the respective city, county, or other local governmental agency's council, commission, or other body in which legislative powers are vested. For a port district, the legislative authority refers to the port district's port commission. For an airport established pursuant to chapter 14.08 RCW and operated by a board, the legislative authority refers to the airport's board. For a state agency, "legislative authority" refers to the technology services board created in RCW 43.105.285.

(7) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with RCW 43.386.060 and who have the authority to alter the decision under review.

(8) "Nonidentifying demographic data" means data that is not linked or reasonably linkable to an identified or identifiable individual, and includes, at a minimum, information about gender, race or ethnicity, age, and location.

(9) "Ongoing surveillance" means using a facial recognition service to track the physical movements of a specified individual through one or more public places over time, whether in real time or through application of a facial recognition service to historical records. It does not include a single recognition or attempted recognition of an individual, if no attempt is made to subsequently track that individual's movement over time after they have been recognized.

(10) "Persistent tracking" means the use of a facial recognition service by a state or local government agency to track the movements of an individual on a persistent basis without identification or verification of that individual. Such tracking becomes persistent as soon as:

(a) The facial template that permits the tracking is maintained for more than forty-eight hours after first enrolling that template; or

(b) Data created by the facial recognition service is linked to any other data such that the individual who has been tracked is identified or identifiable.

(11) "Recognition" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches:

(a) Any individual who has been enrolled in a gallery used by the facial recognition service; or

(b) A specific individual who has been enrolled in a gallery used by the facial recognition service.

(12) "Verification" means the use of a facial recognition service by a state or local government agency to determine whether an individual is a specific individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service. [2020 c 257 § 2.]

43.386.020 Notice of intent—Accountability report.

(1) A state or local government agency using or intending to develop, procure, or use a facial recognition service must file with a legislative authority a notice of intent to develop, procure, or use a facial recognition service and specify a purpose for which the technology is to be used. A state or local government agency may commence the accountability report once it files the notice of intent by the legislative authority.

(2) Prior to developing, procuring, or using a facial recognition service, a state or local government agency must produce an accountability report for that service. Each accountability report must include, at minimum, clear and understandable statements of the following:

(a)(i) The name of the facial recognition service, vendor, and version; and (ii) a description of its general capabilities and limitations, including reasonably foreseeable capabilities outside the scope of the proposed use of the agency;

(b)(i) The type or types of data inputs that the technology uses; (ii) how that data is generated, collected, and processed; and (iii) the type or types of data the system is reasonably likely to generate;

(c)(i) A description of the purpose and proposed use of the facial recognition service, including what decision or decisions will be used to make or support it; (ii) whether it is a final or support decision system; and (iii) its intended benefits, including any data or research demonstrating those benefits;

(d) A clear use and data management policy, including protocols for the following:

(i) How and when the facial recognition service will be deployed or used and by whom including, but not limited to, the factors that will be used to determine where, when, and how the technology is deployed, and other relevant information, such as whether the technology will be operated continuously or used only under specific circumstances. If the facial recognition service will be operated or used by another entity on the agency's behalf, the facial recognition service accountability report must explicitly include a description of the other entity's access and any applicable protocols;

(ii) Any measures taken to minimize inadvertent collection of additional data beyond the amount necessary for the specific purpose or purposes for which the facial recognition service will be used;

(iii) Data integrity and retention policies applicable to the data collected using the facial recognition service, including how the agency will maintain and update records used in

connection with the service, how long the agency will keep the data, and the processes by which data will be deleted;

(iv) Any additional rules that will govern use of the facial recognition service and what processes will be required prior to each use of the facial recognition service;

(v) Data security measures applicable to the facial recognition service including how data collected using the facial recognition service will be securely stored and accessed, if and why an agency intends to share access to the facial recognition service or the data from that facial recognition service with any other entity, and the rules and procedures by which an agency sharing data with any other entity will ensure that such entities comply with the sharing agency's use and data management policy as part of the data-sharing agreement;

(vi) How the facial recognition service provider intends to fulfill security breach notification requirements pursuant to chapter 19.255 RCW and how the agency intends to fulfill security breach notification requirements pursuant to RCW 42.56.590; and

(vii) The agency's training procedures, including those implemented in accordance with RCW 43.386.060, and how the agency will ensure that all personnel who operate the facial recognition service or access its data are knowledgeable about and able to ensure compliance with the use and data management policy prior to use of the facial recognition service;

(e) The agency's testing procedures, including its processes for periodically undertaking operational tests of the facial recognition service in accordance with RCW 43.386.040;

(f) Information on the facial recognition service's rate of false matches, potential impacts on protected subpopulations, and how the agency will address error rates, determined independently, greater than one percent;

(g) A description of any potential impacts of the facial recognition service on civil rights and liberties, including potential impacts to privacy and potential disparate impacts on marginalized communities, and the specific steps the agency will take to mitigate the potential impacts and prevent unauthorized use of the facial recognition service; and

(h) The agency's procedures for receiving feedback, including the channels for receiving feedback from individuals affected by the use of the facial recognition service and from the community at large, as well as the procedures for responding to feedback.

(3) Prior to finalizing the accountability report, the agency must:

(a) Allow for a public review and comment period;

(b) Hold at least three community consultation meetings; and

(c) Consider the issues raised by the public through the public review and comment period and the community consultation meetings.

(4) The final accountability report must be updated every two years and submitted to a legislative authority.

(5) The final adopted accountability report must be clearly communicated to the public at least ninety days prior to the agency putting the facial recognition service into operational use, posted on the agency's public web site, and submitted to a legislative authority. The legislative authority

must post each submitted accountability report on its public web site.

(6) A state or local government agency seeking to procure a facial recognition service must require vendors to disclose any complaints or reports of bias regarding the service.

(7) An agency seeking to use a facial recognition service for a purpose not disclosed in the agency's existing accountability report must first seek public comment and community consultation on the proposed new use and adopt an updated accountability report pursuant to the requirements contained in this section.

(8) This section does not apply to a facial recognition service under contract as of July 1, 2021. An agency must fulfill the requirements of this section upon renewal or extension of the contract. [2020 c 257 § 3.]

43.386.030 Meaningful human review—When required. A state or local government agency using a facial recognition service to make decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals must ensure that those decisions are subject to meaningful human review. Decisions that produce legal effects concerning individuals means decisions that result in the provision or denial of financial and lending services, housing, insurance, education enrollment, criminal justice, employment opportunities, health care services, or access to basic necessities such as food and water, or that impact civil rights of individuals. [2020 c 257 § 4.]

43.386.040 Testing—When required. Prior to deploying a facial recognition service in the context in which it will be used, a state or local government agency using a facial recognition service to make decisions that produce legal effects on individuals or similarly significant effects on individuals must test the facial recognition service in operational conditions. An agency must take reasonable steps to ensure best quality results by following all guidance provided by the developer of the facial recognition service. [2020 c 257 § 5.]

43.386.050 Performance differences across subpopulations—Testing and mitigation. (1)(a) A state or local government agency that deploys a facial recognition service must require a facial recognition service provider to make available an application programming interface or other technical capability, chosen by the provider, to enable legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. Such subpopulations are defined by visually detectable characteristics such as: (i) Race, skin tone, ethnicity, gender, age, or disability status; or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing data set. If the results of the independent testing identify material unfair performance differences across subpopulations, the provider must develop and implement a plan to mitigate the identified performance differences within ninety days of receipt of such results. For purposes of mitigating the identified performance differences, the methodology and data used in the independent testing must be disclosed to the provider in a manner that allows full reproduction.

(b) Making an application programming interface or other technical capability does not require providers to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Providers bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing.

(2) Nothing in this section requires a state or local government agency to collect or provide data to a facial recognition service provider to satisfy the requirements in subsection (1) of this section. [2020 c 257 § 6.]

43.386.060 Training. A state or local government agency using a facial recognition service must conduct periodic training of all individuals who operate a facial recognition service or who process personal data obtained from the use of a facial recognition service. The training must include, but not be limited to, coverage of:

(1) The capabilities and limitations of the facial recognition service;

(2) Procedures to interpret and act on the output of the facial recognition service; and

(3) To the extent applicable to the deployment context, the meaningful human review requirement for decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals. [2020 c 257 § 7.]

43.386.070 Disclosure to criminal defendants—Retention of records—Reporting of surveillance warrants. (1) A state or local government agency must disclose their use of a facial recognition service on a criminal defendant to that defendant in a timely manner prior to trial.

(2) A state or local government agency using a facial recognition service shall maintain records of its use of the service that are sufficient to facilitate public reporting and auditing of compliance with the agency's facial recognition policies.

(3) In January of each year, any judge who has issued a warrant for the use of a facial recognition service to engage in any surveillance, or an extension thereof, as described in RCW 43.386.080, that expired during the preceding year, or who has denied approval of such a warrant during that year shall report to the administrator for the courts:

(a) The fact that a warrant or extension was applied for;

(b) The fact that the warrant or extension was granted as applied for, was modified, or was denied;

(c) The period of surveillance authorized by the warrant and the number and duration of any extensions of the warrant;

(d) The identity of the applying investigative or law enforcement officer and agency making the application and the person authorizing the application; and

(e) The nature of the public spaces where the surveillance was conducted.

(4) In January of each year, any state or local government agency that has applied for a warrant, or an extension thereof, for the use of a facial recognition service to engage in any surveillance as described in RCW 43.386.080 shall provide to a legislative authority a report summarizing nonidentifying demographic data of individuals named in warrant applications as subjects of surveillance with the use of a facial recognition service. [2020 c 257 § 8.]

43.386.080 Use for surveillance, real-time identification, or persistent tracking—When permitted—Restrictions on law enforcement use. (1) A state or local government agency may not use a facial recognition service to engage in ongoing surveillance, conduct real-time or near real-time identification, or start persistent tracking unless:

(a) A warrant is obtained authorizing the use of the service for those purposes;

(b) Exigent circumstances exist; or

(c) A court order is obtained authorizing the use of the service for the sole purpose of locating or identifying a missing person, or identifying a deceased person. A court may issue an ex parte order under this subsection (1)(c) if a law enforcement officer certifies and the court finds that the information likely to be obtained is relevant to locating or identifying a missing person, or identifying a deceased person.

(2) A state or local government agency may not apply a facial recognition service to any individual based on their religious, political, or social views or activities, participation in a particular noncriminal organization or lawful event, or actual or perceived race, ethnicity, citizenship, place of origin, immigration status, age, disability, gender, gender identity, sexual orientation, or other characteristic protected by law. This subsection does not condone profiling including, but not limited to, predictive law enforcement tools.

(3) A state or local government agency may not use a facial recognition service to create a record describing any individual's exercise of rights guaranteed by the First Amendment of the United States Constitution and by Article I, section 5 of the state Constitution.

(4) A law enforcement agency that utilizes body worn camera recordings shall comply with the provisions of RCW 42.56.240(14).

(5) A state or local law enforcement agency may not use the results of a facial recognition service as the sole basis to establish probable cause in a criminal investigation. The results of a facial recognition service may be used in conjunction with other information and evidence lawfully obtained by a law enforcement officer to establish probable cause in a criminal investigation.

(6) A state or local law enforcement agency may not use a facial recognition service to identify an individual based on a sketch or other manually produced image.

(7) A state or local law enforcement agency may not substantively manipulate an image for use in a facial recognition service in a manner not consistent with the facial recognition service provider's intended use and training. [2020 c 257 § 11.]

43.386.090 Exemption—Federal regulations and orders—Airports and seaports. (1) This chapter does not apply to a state or local government agency that: (a) Is mandated to use a specific facial recognition service pursuant to a federal regulation or order, or that are undertaken through partnership with a federal agency to fulfill a congressional mandate; or (b) uses a facial recognition service in association with a federal agency to verify the identity of individuals presenting themselves for travel at an airport or seaport.

(2) A state or local government agency must report to a legislative authority the use of a facial recognition service pursuant to subsection (1) of this section. [2020 c 257 § 9.]

43.386.100 Exemption—Department of licensing—Drivers' licenses, permits, and identicards. Nothing in this chapter applies to the use of a facial recognition matching system by the department of licensing pursuant to RCW 46.20.037. [2020 c 257 § 12.]

43.386.900 Findings—2020 c 257. The legislature finds that:

(1) Unconstrained use of facial recognition services by state and local government agencies poses broad social ramifications that should be considered and addressed. Accordingly, legislation is required to establish safeguards that will allow state and local government agencies to use facial recognition services in a manner that benefits society while prohibiting uses that threaten our democratic freedoms and put our civil liberties at risk.

(2) However, state and local government agencies may use facial recognition services to locate or identify missing persons, and identify deceased persons, including missing or murdered indigenous women, subjects of Amber alerts and silver alerts, and other possible crime victims, for the purposes of keeping the public safe. [2020 c 257 § 1.]

43.386.901 Effective date—2020 c 257. Sections 1 through 9 and 11 through 13 of this act take effect July 1, 2021. [2020 c 257 § 14.]
