

CHAPTER 135.

[Engrossed House Bill No. 133.]

WATER DISTRICTS.

AN ACT relating to water districts; authorizing the leasing out of real property; amending section 1, chapter 111, Laws of 1963 and RCW 57.08.065; and adding a new section to chapter 57.08 RCW.

*Be it enacted by the Legislature of the State of Washington:*

New section.

Section 1. There is added to chapter 57.08 RCW a new section to read as follows:

Water districts  
—Lease of  
surplus prop-  
erty—Limita-  
tions.

A water district may lease out real property which it owns or in which it has an interest and which is not immediately necessary for its purposes upon such terms as the board of water commissioners deem proper: *Provided*, That no such lease shall be made until the water district has first caused notice thereof to be published twice in a newspaper in general circulation in the water district, the first publication to be at least fifteen days and the second at least seven days prior to the making of such lease, which notice shall describe the property proposed to be leased out, to whom, for what purpose, and the rental to be charged therefor. A hearing shall be held pursuant to the terms of the said notice, at which time any and all persons who may be interested shall have the right to appear and to be heard.

No such lease shall be for a period longer than twenty-five years, and each lease of real property shall be secured by a bond conditioned to perform the terms of such lease with surety satisfactory to the commissioners, in a penalty not less than the rental for one-sixth of the term: *Provided*, That the penalty shall not be less than the rental for one year where the term is one year or more. In a lease, the term of which exceeds five years, and when at the option of the commissioners, it is so stipulated in the

lease, the commission shall accept, with surety satisfactory to it, a bond conditioned to perform the terms of the lease for some part of the term, in no event less than five years (unless the remainder of the unexpired term is less than five years, in which case for the full remainder) and in every such case the commissioners shall require of the lessee, another or other like bond to be delivered within two years, and not less than one year prior to the expiration of the period covered by the existing bond, covering an additional part of the term in accordance with the foregoing provisions in respect to the original bond, and so on until the end of the term so that there will always be in force a bond securing the performance of the lease, and the penalty in each bond shall be not less than the rental for one-half the period covered thereby, but no bond shall be construed to secure the furnishing of any other bond.

The commissioners may accept as surety on any bond required by this section, either an approved surety company or one or more persons satisfactory to the commissioners, or in lieu of such bond may accept a deposit as security of such property or collateral or the giving of such other form of security as may be satisfactory to the commissioners.

Sec. 2. The authority granted in section 1 hereof shall not be exercised by the board of water commissioners unless such property is declared by resolution of the board of commissioners to be property for which there is a future need by the district and for the use of which provision is made in the comprehensive plan of the water system of the district as the same may be amended from time to time.

Prerequisites.

Sec. 3. Section 1, chapter 111, Laws of 1963 and RCW 57.08.065 are each amended to read as follows:

RCW 57.08.065 amended.

In addition to the powers now given water districts by law, they shall also have power to es-

Water districts  
—Additional  
powers—  
Operation of  
mutual sewer  
and water  
system.

tablish, maintain and operate a mutual water and sewer system or a separate sewer system within their water district area in the same manner as provided by law for the doing thereof in connection with water supply systems.

In addition thereto, a water district constructing, maintaining and operating a sanitary sewer system may exercise all the powers permitted to a sewer district under RCW Title 56, including, but not limited to, the right to compel connections to the district's system, liens for delinquent sewer connection charges or sewer service charges, and all other powers presently exercised by or which may be hereafter granted to such sewer districts: *Provided*, That no water district shall proceed to exercise the powers herein granted to establish, maintain, construct and operate any sewer system without first obtaining written approval and certification of necessity so to do from the state of Washington pollution control commission and department of health. Any comprehensive plan for a system of sewers or addition thereto or betterment thereof shall be approved by the same county and state officials as are required to approve such plans adopted by a sewer district.

Passed the House April 26, 1967.

Passed the Senate April 26, 1967.

Approved by the Governor May 10, 1967.
