

An association with the written approval of the supervisor, may establish and operate branches in any county of the state.

An association desiring to establish a branch shall file a written application therefor with the supervisor, who shall approve or disapprove the application within six months after receipt.

(A branch shall not be established at a place in which the supervisor would not permit a proposed new association to engage in business; by reason of any consideration contemplated by RCW 33.08.060 as now or hereafter amended.) The supervisor's approval shall be conditioned on a finding that the resources in the neighborhood of the proposed location and in the surrounding country offer a reasonable promise of adequate support for their proposed branch and that the proposed branch is not being formed for other than the legitimate objects covered by this title. A branch shall not be established or permitted if the contingent fund, loss reserves and guaranty stock are less than the aggregate paid-in capital which would be required by law as a prerequisite to the establishment and operation of an equal number of branches in like locations by a commercial bank. If the application for a branch is not approved, the association shall have the right to appeal in the same manner and within the same time as provided by RCW 33.08.070 as now or hereafter amended. The association when delivering said application to the supervisor shall transmit to him a check for five hundred dollars to cover the expense of the investigation. An association shall not move any office from its immediate vicinity without prior approval of the supervisor.
