CHAPTER 125

[Substitute House Bill No. 527]

OIL TANKER TRANSPORTATION ON PUGET SOUND AND ADJACENT WATERS

AN ACT Relating to water pollution from petroleum spills; and adding new sections to chapter 88.16 RCW.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Section 1. There is added to chapter 88.16 RCW a new section to read as follows:

Because of the danger of spills, the legislature finds that the transportation of crude oil and refined petroleum products by tankers on Puget Sound and adjacent waters creates a great potential hazard to important natural resources of the state and to jobs and incomes dependent on these resources.

The legislature also recognizes Puget Sound and adjacent waters are a relatively confined salt water environment with irregular shorelines and therefore there is a greater than usual likelihood of long-term damage from any large oil spill.

The legislature further recognizes that certain areas of Puget Sound and adjacent waters have limited space for maneuvering a large oil tanker and that these waters contain many natural navigational obstacles as well as a high density of commercial and pleasure boat traffic.
