

I wish to make special note of the fact that I support revised statutory language on small scale gambling and sports pools, and probably would have approved language originally drafted by their proponents and concurred in by the Gambling Commission. However, the provisions related thereto have suffered the same consequences as many other worthwhile changes in past gambling bills, and amendments added during the legislative process have made those provisions far broader than first intended. I specifically regret that the well-intentioned and diligent efforts of organizations such as the Washington Congress of Parents, Teachers and Students are hereby negated because of changes made in the enactment of this bill.

With the exception of sections 1, 2, 3, 5, 6, and 14 which I have vetoed for the reasons stated, the remainder of Substitute House Bill No. 212 is approved."

Any dispute over the accuracy of testimony and data submitted as to the benefits in state governmental economy, efficiency, and effectiveness to be gained by such transfer shall be resolved by a majority vote of the automotive policy board established by section 6 of this 1975 amendatory act.

originally acquired without cost or was purchased from general fund appropriations. For such property purchased from dedicated, revolving, or trust funds, the value at the time of transfer shall also be entered upon the accounts of the motor transport account as an amount due the agency and fund from which the vehicle transferred was purchased and maintained. If surplus funds are available in the motor transport account, the agency may be paid all or part of the amount due to the dedicated, revolving, or trust fund concerned. Otherwise, the credit for the amount due shall be applied proportionately over the remaining undepreciated life of such property. The prorated credits shall be applied monthly by the director of general administration against any monthly or other charges for motor vehicle transportation services rendered the agency.

To the extent surplus funds are available in the motor transport account, the automotive policy board may direct a cash reimbursement to a dedicated, revolving, or trust fund where an amount due such a fund will not be charged off to services rendered by the department of general administration within a reasonable time.

Any disagreement between the supervisor of motor transport and an agency as to the amount of reimbursement to which it may be entitled shall be resolved by the director of general administration with the advice and consent of the automotive policy board.

Disbursements therefrom shall be made in accordance with the provisions of sections 2 through 16 of this 1975 amendatory act as authorized by the director or his duly authorized representative and as may be provided by law.

NEW SECTION. Sec. 13. There is added to chapter 8, Laws of 1965 and to chapter 43.19 RCW a new section to read as follows:

The director of general administration shall deposit in the motor transport account all receipts, including the initial transfer of automobile pool capital from the highway equipment fund and any other funds transferred, rentals or other fees and charges for transportation services furnished, proceeds from the sale of surplus or replaced property under the control of the supervisor of motor transport and other income, and from which shall be paid operating costs, including salaries and wages, administrative expense, overhead, the cost of replacement vehicles, additional passenger vehicles authorized pursuant to section 3 of this 1975 amendatory act, and any other expenses. If it is necessary at any time for the department to request any appropriation from the general fund or various dedicated, revolving, or trust funds to purchase additional vehicles, any appropriation therefor may provide that such advance shall be repaid together with reasonable interest from surpluses of the motor transport account.

NEW SECTION. Sec. 14. There is added to chapter 8, Laws of 1965 and to chapter 43.19 RCW a new section to read as follows:

The director of general administration, through the supervisor of motor transport, shall adopt, promulgate, and enforce such regulations as may be deemed necessary to accomplish the purpose of sections 2 through 16 of this 1975 amendatory act. Such regulations, in addition to other matters, shall provide authority for any agency director or his delegate to approve the use on official state business of personally owned or commercially owned rental passenger motor vehicles. Before such an authorization is made, it must first be reasonably determined that state owned passenger vehicles or other suitable transportation is not available at the time or location required or that the use of such other transportation would not be conducive to the economical, efficient, and effective conduct of business.

Such regulations shall be consistent with and shall carry out the objectives of the general policies and guidelines adopted by the office of program planning and fiscal management pursuant to section 5 of this 1975 amendatory act, after approval by the automotive policy board.

Pursuant to policies and regulations promulgated by the office of program planning and fiscal management after consultation with and approval by the automotive policy board, an elected state officer or his delegate or a state agency director or his delegate may permit employee commuting in a state owned or leased vehicle only if such travel is on official business, as determined in accordance with section 5 of this 1975 amendatory act, and is determined to be economical and advantageous to the state.

NEW SECTION. Sec. 16. There is added to chapter 8, Laws of 1965 and to chapter 43.19 RCW a new section to read as follows:

Sections 2 through 15 of this 1975 amendatory act shall not be construed to prohibit a state officer or employee from using his personal motor vehicle on state business and being reimbursed therefor, where permitted under state travel policies, rules, and regulations promulgated by the office of program planning and fiscal management after concurrence of the automotive policy board, and where such use is in the interest of economic, efficient, and effective management and performance of official state business.

NEW SECTION. Sec. 17. There is added to chapter 8, Laws of 1965 and to chapter 43.19 RCW a new section to read as follows:

(1) The governor, acting through the department of general administration and any other appropriate agency or agencies as he may direct, is empowered to utilize all reasonable means for detecting the unauthorized use of state owned motor vehicles, including the execution of agreements with the state patrol for compliance enforcement. Whenever such illegal use is discovered which involves a state employee, the employing agency shall proceed as provided by law to establish the amount, extent, and dollar value of any such use, including an opportunity for notice and hearing for the employee involved. When such illegal use is so established, the agency shall assess its full cost of any mileage illegally used and shall recover such amounts by deductions from salary or allowances due to be paid to

the offending official or employee by other means. Recovery of costs by the state under this subsection shall not preclude disciplinary or other action by the appropriate appointing authority or employing agency under subsection (2) of this section.

(2) Any wilful and knowing violation of any provision of sections 2 through 15 of this 1975 amendatory act shall subject the state official or employee committing such violation to disciplinary action by the appropriate appointing or employing agency. Such disciplinary action may include, but shall not be limited to, suspension without pay, or termination of employment in the case of repeated violations.

(3) Any casual or inadvertent violation of sections 2 through 15 of this 1975 amendatory act may subject the state official or employee committing such violation to disciplinary action by the appropriate appointing authority or employing agency. Such disciplinary action may include, but need not be limited to, suspension without pay.
