## CHAPTER 307

[Second Substitute House Bill No. 874]

### JUVENILE PROBATION SERVICES

AN ACT Relating to juveniles; providing probation and other services; amending section 5, chapter 165, Laws of 1969 ex. sess. as last amended by section 1, chapter 198, Laws of 1973 1st ex. sess. and RCW 13.06.050; creating a new section; declaring an emergency; and providing an effective date.

Be it enacted by the Legislature of the State of Washington:

Section 1. Section 5, chapter 165, Laws of 1969 ex. sess. as last amended by section 1, chapter 198, Laws of 1973 1st ex. sess. and RCW 13.06.050 are each amended to read as follows:

No county shall be entitled to receive any state funds provided by this chapter until its application is approved, and unless and until the minimum standards prescribed by the department of social and health services are complied with and then only on such terms as are set forth hereafter in this section.

(1) A base commitment rate for each county and for the state as a whole shall be calculated by the department of social and health services. The base commitment rate shall be determined by computing the ratio of the number of juveniles committed to state juvenile correctional institutions plus the number of juveniles who have been convicted of felonies and committed to state correctional institutions after a juvenile court has declined jurisdiction of their cases and remanded them for prosecution in the superior courts, to the county population, such ratio to be expressed in a rate per hundred thousand population, for each of the calendar years 1964 through 1968. The average of these rates for a county for the five year period or the average of the last two years of the period, whichever is higher, shall be the base commitment rate, as certified by the secretary: PROVIDED, That, a county may elect as its base commitment rate the average of the base commitment rates of all counties in the state over the last two years of the period described above. The county and state population shall be that certified as of April 1st of each year by the office of program planning and fiscal management, such population figures to be provided to the secretary of social and health services not later than June 30th of each year.

(2) An annual commitment rate shall be calculated by the department at the end of each year for each participating county and for the state as a whole, in a like manner as provided in subsection (1). The annual commitment rate shall exclude commitments that fall within the high risk categories as defined by the department.

(3) The amount that may be paid to a county pursuant to this chapter shall be the ~~((actual))~~ standard cost of the operation of a special supervision program ~~((or four thousand dollars multiplied by the "commitment reduction number", whichever is the lesser))~~ based upon workload standards established by the department. Payment shall not exceed five thousand dollars per commitment reduction. The "commitment reduction number" is obtained by subtracting (a) the product of the most recent annual commitment rate and population of the county for the same year from (b) the product of the base commitment rate and population of the county for the same year employed in (a).

(4) The secretary ~~((of social and health services))~~ will reimburse a county upon presentation and approval of a valid claim pursuant to the provisions of this chapter based on actual performance in reducing the annual commitment rate from its base commitment rate. Whenever a claim made by a county pursuant to this chapter, covering a prior year, is found to be in error, an adjustment may be made on a current claim without the necessity of applying the adjustment to the allocation for the prior year.

(5) In the event a participating county earns in a payment period less than one-half of the sum paid in the previous payment period because of extremely unusual

circumstances claimed by the county and verified by the secretary of the department of social and health services, the secretary may pay to the county a sum not to exceed actual program expenditures, provided, however, that in subsequent periods the county will be paid only the amount earned: PROVIDED, That the amendatory provisions of subsection (5) of this act may be applied to payment periods prior to May 20, 1971.

(6) If the amount received by a county in reimbursement of its expenditures in a calendar year is less than the maximum amount computed under subsection (3) above, the difference may be paid to the county as reimbursement of program costs during the next two succeeding years upon receipt of valid claims for reimbursement of program expenses.

(7) Funds received by participating counties under this chapter shall not be used to replace local funds for existing programs for delinquent juveniles or to develop county institutional programs.

(8) Any county averaging less than thirty commitments annually during either the two year or five year period used to determine the base commitment rate as defined in subsection (1) above may:

(a) apply for subsidies under subsection (1); or

(b) as an alternative, elect to receive from the state the salary of one full time additional probation officer and related employee benefits(-); or

(c) elect to receive from the state the salary and related employee benefits of one full time additional probation officer and in addition, reimbursement for certain supporting services other than capital outlay and equipment whose total will not exceed a maximum limit established by the secretary of the department of social and health services; or

(d) elect to receive from the state reimbursement for certain supporting services other than capital outlay and equipment whose total cost will not exceed a maximum limit established by the secretary of the department of social and health services.

(9) In the event a county chooses one of the alternative proposals in subsection (8), it will be eligible for reimbursement only so long as the officer and supporting services are wholly used in the performance of probation services to supervision of persons eligible for state commitment and are paid the salary referred to in this section in accordance with a salary schedule adopted by rule of the department and:

(a) if its base commitment rate is below the state average, its annual commitment rate does not exceed the base commitment rate for the entire state; or

(b) if its base commitment rate is above the state average, its annual commitment rate does not in the year exceed by two its own base commitment rate.

(10) Where any county does not have a juvenile probation officer, but obtains such services by agreement with another county or counties, or, where two or more counties mutually provide probation services by agreement for such counties, then under such circumstances the secretary may make the computations and payments under this chapter as though the counties served with probation services were one geographical unit.

NEW SECTION. Sec 2. By January 1, 1978, the department of social and health services shall provide to the standing committees on ways and means and on

social and health services of the state senate and to the standing committees on appropriations and on institutions of the house of representatives a report on the juvenile probation services in the state. Such report shall include, but not be limited to:

- (1) A disposition of all juvenile probation officers by county;
- (2) The number of juvenile probation officers provided with juvenile probation subsidy funds by county;
- (3) A description of the full range of services provided under the juvenile probation subsidy program by county;
- (4) The cost per child served by the program by county;
- (5) An evaluation of the program by county; and
- (6) An analysis of the application and impact of the "banking" provision.

**NEW SECTION.** Sec. 3. This 1977 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1977.

Passed the House June 10, 1977.

Passed the Senate May 23, 1977.

Approved by the Governor June 21, 1977.

Filed in Office of Secretary of State June 21, 1977.
