Sec. 18. Section 8, chapter 17, Laws of 1967 as last amended by section 111, chapter 136, Laws of 1981 and RCW 72.65.080 are each amended to read as follows:

The secretary may enter into contracts with the appropriate authorities for the payment of the cost of feeding and lodging and other expenses of housing work release participants. Such contracts may include any other terms and conditions as may be appropriate for the implementation of the work release program. In addition the secretary is authorized to acquire, by lease or contract, appropriate facilities for the housing of work release participants and providing for their subsistence and supervision. Such work release participants placed in leased or contracted facilities shall be required to reimburse the department the per capita cost of subsistence and lodging in accordance with the provisions and in the priority established by RCW 72.65.050(2). The location of such facilities shall ((not)) be subject to the zoning laws of the city or county in which they may be situated.

Sec. 19. Section 1, chapter 235, Laws of 1981 and RCW 43.83.172 are each amended to read as follows:

For the purpose of acquiring land and providing needed capital improvements consisting of the planning, acquisition, construction, remodeling, and furnishing, together with all improvements, enhancements, fixed equipment facilities of office buildings, parking facilities, and such other buildings, facilities, and utilities as are determined to be necessary to provide space including offices, committee rooms, hearing rooms, work rooms, and industrial-related space for the legislature, for other elective officials, and
such other state agencies as may be necessary, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of ((eleven million two hundred)) twelve million one hundred thirty thousand dollars, or so much thereof as may be required, to finance these projects, and all costs incidental thereto. No bonds authorized by RCW 43.83.172 through 43.83.182 may be offered for sale without prior legislative appropriation.

NEW SECTION. Sec. 20. There is added to chapter 143, Laws of 1981 a new section to read as follows:

If federal funds appropriated by this act from the outdoor recreation account in the general fund are not received, the agency or department may expend state general fund—outdoor recreation account moneys appropriated for other capital projects of the agency or department. This reallocation of appropriated moneys may be accomplished by the elimination, reduction, or combination of capital projects authorized by this act.

Expenditures under this section shall not be made without the prior approval of the director of financial management in consultation with the committees on ways and means of the senate and house of representatives.

NEW SECTION. Sec. 21. Section 114, chapter ... (ESSB 4369), Laws of 1982 1st ex. sess. is hereby repealed.

NEW SECTION. Sec. 22. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 23. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Passed the House April 10, 1982.
Passed the Senate April 10, 1982.
Approved by the Governor April 20, 1982 with the exception of Section 16, subsection 60, which is vetoed.
Filed in Office of Secretary of State April 20, 1982.

Note: Governor's explanation of partial veto is as follows:

*I am returning herewith without my approval as to Section 16, subsection 60 of Substitute House Bill No. 1230, entitled:
*AN ACT Relating to appropriation*

New language in Section 16, subsection 60 would require the Department of Fisheries to locate eight salmon-rearing pens at McNeil Island. This is a good idea, which the Department of Fisheries is working to implement. But such a project may violate our agreement with the Federal government regarding the use of McNeil Island. If, for this reason, the pens at McNeil Island are not possible, the funds should be used for pens elsewhere. The new language would not permit this; vetoing it will permit the Director of Fisheries to make the best use of his limited funds.

With the exception of Section 16, subsection 60, which I have vetoed, House Bill No. 1230 is approved.

CHAPTER 49
[Engrossed Senate Bill No. 4972]
LOCAL GOVERNMENTS—TAXING POWERS

AN ACT Relating to local government finance; amending section 4, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.030; amending section 5, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.040; amending section 1, chapter 87, Laws of 1972 ex. sess. as last amended by section 4, chapter 175, Laws of 1979 ex. sess. and RCW 82.44.150; amending section 6, chapter 134, Laws of 1972 ex. sess. as last amended by section 6, chapter 144, Laws of 1981 and RCW 35.21.710; adding new sections to chapter 35.21 RCW; adding new sections to chapter 82.14 RCW; adding a new chapter to Title 82 RCW; creating new sections; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Section 1. The legislature hereby recognizes the concern of local governmental entities regarding the financing of vital services to residents of this state. The legislature finds that local governments are an efficient and responsive means of providing these vital services to the citizens of this state. It is the intent of the legislature that vital services such as public safety, public health, and fire protection be recognized by all local governmental entities in this state as top priorities of the citizens of Washington.

NEW SECTION. Sec. 2. (1) No city or town may impose a franchise fee or any other fee or charge of whatever nature or description upon the light and power, telephone, or gas distribution businesses, as defined in RCW 82.16.010, except that (a) a tax authorized by section 3 of this act may be imposed and (b) a fee may be charged to such businesses that recovers actual administrative expenses incurred by a city or town that are directly related to receiving and approving a permit, license, and franchise, to inspecting plans and construction, or to the preparation of a detailed statement pursuant to chapter 43.21C RCW.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on the effective date of this section with a city or town, for the duration of the contract, but the franchise fees shall be considered taxes for the purposes of the limitations established in sections 3 and 4 of this act to the extent the fees exceed the costs allowable under subsection (1) of this section.

NEW SECTION. Sec. 3. No city or town may increase the rate of tax it imposes on the privilege of conducting an electrical energy, natural gas, or telephone business which increase applies to business activities occurring before the effective date of the increase, and no rate change may take effect
before the expiration of sixty days following the enactment of the ordinance establishing the change.

**NEW SECTION.** Sec. 4. (1) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, no city or town may impose a tax on the privilege of conducting an electrical energy, natural gas, or telephone business at a rate which exceeds six percent unless the rate is approved by a majority of the voters of the city or town voting on the proposition.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, if a city or town is imposing a rate of tax under subsection (1) of this section in excess of six percent on the effective date of this section, the city or town shall decrease the rate to a rate of six percent or less by reducing the rate each year before November 1st by an amount equal to the lesser of (a) the weighted average increase in utility rates for the period beginning October 1st of the previous year and ending September 30th of the current year less the increase in the Seattle All Urban Consumer Price Index for the same period, multiplied by the then current tax rate or (b) one-fifth the difference between the tax rate on the effective date of this section and six percent. If the amount determined under (b) of this subsection is less than the amount determined under (a) of this subsection, then one-half of the difference between the amounts determined under (a) and (b) of this subsection shall be added to the amount determined under (a) of this subsection in the following year.

As used in this subsection, "weighted average increase in utility rates" means the percentage increase in utility revenues for each utility expected from application of increases in rates based on the previous year's revenues and service areas within each city or town.

Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

Voter approved rate increases under subsection (1) of this section shall not be included in the computations under this subsection.

Sec. 5. Section 82.02.020, chapter 15, Laws of 1961 as last amended by section 3, chapter 196, Laws of 1979 ex. sess. and RCW 82.02.020 are each amended to read as follows:

Except only as expressly provided in RCW 67.28.180 and 67.28.190 and the provisions of chapter 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. No county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any
other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements pursuant to RCW 58.17.110 within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat: PROVIDED, That any such voluntary agreement shall be subject to the following provisions:

1. The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

2. The payment shall be expended in all cases within five years of collection; and

3. Any payment not so expended shall be refunded with interest at the rate applied to judgments to the property owners of record at the time of the refund; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.
This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 56, 57, or 87 RCW, nor is the authority conferred by these titles affected.

**NEW SECTION.** Sec. 6. Nothing in this act precludes the imposition of business and occupation taxes by cities and towns, or of sales and use taxes. However, nothing in this act authorizes the imposition of a business and occupation tax by any county.

Sec. 7. Section 6, chapter 134, Laws of 1972 ex. sess. as last amended by section 6, chapter 144, Laws of 1981 and RCW 35.21.710 are each amended to read as follows:

Any city which imposes a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales, shall impose such tax at a single uniform rate upon all such business activities. The taxing authority granted to cities for taxes upon business activities measured by gross receipts or gross income from sales shall not exceed a rate of .0020; EXCEPT that any city with an adopted ordinance at a higher rate, as of January 1, 1982 shall be limited to a maximum increase of ten percent of the January 1982 rate, not to exceed an annual incremental increase of two percent of current rate: PROVIDED, That any adopted ordinance which classifies according to different types of business or services shall be subject to both the ten percent and the two percent annual incremental increase limitation on each tax rate: PROVIDED FURTHER, That all surtaxes on business and occupation classifications in effect as of January 1, 1982, shall expire no later than December 31, 1982, or by expiration date established by local ordinance. Cities which impose a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales shall be required to submit an annual report to the department of revenue identifying the rate established and the revenues received from each fee or tax. This section shall not apply to any business activities subject to the tax imposed by chapter 82.16 RCW. For purposes of this section, the providing to consumers of competitive telephone service, as defined in RCW 82.16.010, shall be deemed to be the retail sale of tangible personal property.

**NEW SECTION.** Sec. 8. The qualified voters of any city or town may by majority vote approve rates in excess of the provisions of section 7 of this act.

**NEW SECTION.** Sec. 9. Every city and town first imposing a business and occupation tax or increasing the rate of the tax after the effective date of this section shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure
shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the city or town otherwise possess the general power of initiative on city or town matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a city or town do not otherwise possess the general power of initiative on city or town matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 10. The municipal research council shall conduct a survey to determine the various rates of business and occupation taxes in each city and town in the state of Washington. The survey shall use the rates in effect on March 1, 1982. The research council shall provide the results of the survey to the legislature no later than July 1, 1982.

NEW SECTION. Sec. 11. (1) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, the governing body of any county or any city may impose an excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-quarter of one percent of the selling price.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, in lieu of imposing the tax authorized in RCW 82.14.030(2), the governing body of any county or any city may impose an additional excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(3) Taxes imposed under this section shall be collected from persons who are taxable by the state under chapter 82.45 RCW upon the occurrence of any taxable event within the unincorporated areas of the county or within the corporate limits of the city, as the case may be.

(4) Taxes imposed under this section shall comply with all applicable rules, regulations, laws, and court decisions regarding real estate excise taxes as imposed by the state under chapter 82.45 RCW.

(5) As used in this section, "city" means any city or town.

NEW SECTION. Sec. 12. Every county and city imposing a tax under section 11(2) of this act shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the county or city otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a county or city do not otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to
the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 13. (1) The county treasurer shall place one percent of the proceeds of the taxes imposed under section 11 of this act in the county current expense fund to defray costs of collection.

(2) The remaining proceeds from the county tax under section 11(1) of this act shall be placed in a county capital improvements fund. The remaining proceeds from city or town taxes under section 11(1) of this act shall be distributed to the respective cities and towns monthly and placed by the city treasurer in a municipal capital improvements fund. These capital improvements funds shall be used by the respective jurisdictions for local improvements, including those listed in RCW 35.43.040.

(3) This section does not limit the existing authority of any city, town, or county to impose special assessments on property specially benefited thereby in the manner prescribed by law.

NEW SECTION. Sec. 14. Any tax imposed under section 11 of this act and any interest or penalties thereon is a specific lien upon each piece of real property sold from the time of sale until the tax is paid, which lien may be enforced in the manner prescribed for the foreclosure of mortgages.

NEW SECTION. Sec. 15. The taxes levied under section 11 of this act are the obligation of the seller and may be enforced through an action of debt against the seller or in the manner prescribed for the foreclosure of mortgages. Resort to one course of enforcement is not an election not to pursue the other.

NEW SECTION. Sec. 16. Any taxes imposed under section 11 of this act shall be paid to and collected by the treasurer of the county within which is located the real property which was sold. The treasurer shall act as agent for any city within the county imposing the tax. The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales. A receipt issued by the county treasurer for the payment of the tax imposed under section 11 of this act shall be evidence of the satisfaction of the lien imposed in section 14 of this act and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax may be accepted by the county auditor for filing or recording until the tax is paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be accepted until suitable notation of this fact is made on the instrument by the treasurer.

Sec. 17. Section 4, chapter 94, Laws of 1970 ex. sess. and RCW 82.14-.030 are each amended to read as follows:

(1) The governing body of any county or city while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes
authorized by this chapter, fix and impose a sales and use tax in accordance with the terms of this chapter. Such tax shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. The rate of such tax imposed by a county shall be five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city shall not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED, HOWEVER, That in the event a county shall impose a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein shall not exceed four hundred and twenty-five one-thousandths of one percent.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this 1982 act, in addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax shall be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is levied. The rate of such additional tax imposed by a county shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED HOWEVER, That in the event a county shall impose a sales and use tax under this subsection at a rate equal to or greater than the rate imposed under this subsection by a city within the county, the county shall receive fifteen percent of the city tax: PROVIDED FURTHER, That in the event that the county shall impose a sales and use tax under this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county shall receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

Sec. 18. Section 5, chapter 94, Laws of 1970 ex. sess. and RCW 82.14-040 are each amended to read as follows:

(1) Any county ordinance adopted ((pursuant to this chapter)) under RCW 82.14.030(1) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under RCW 82.14.030(1) for the full amount of any city sales or use tax imposed under RCW 82.14.030(1) upon the same taxable event.
(2) Any county ordinance adopted under RCW 82.14.030(2) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under RCW 82.14.030(2) for the full amount of any city sales or use tax imposed under RCW 82.14.030(2) upon the same taxable event up to the additional tax imposed by the county under RCW 82.14.030(2).

NEW SECTION. Sec. 19. There is added to chapter 82.14 RCW a new section to read as follows:

Every county and city imposing a tax under section 17(2) of this act shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the county or city otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a county or city do not otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

Sec. 20. Section 1, chapter 87, Laws of 1972 ex. sess. as last amended by section 4, chapter 175, Laws of 1979 ex. sess. and RCW 82.44.150 are each amended to read as follows:

(1) The director of licensing shall on the twenty-fifth day of February, May, August and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department of licensing during the preceding calendar quarter ending on the last day of March, June, September and December, respectively, except for those payable under RCW 82.44.030 and 82.44.070, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.030 and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in
the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund. A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; a sum equal to two percent of all motor vehicle excise tax receipts shall be allocable to the county sales and use tax equalization account under section 21 of this 1982 act; and a sum equal to seventy percent of all motor vehicle excise tax receipts shall be allocable to the state school equalization fund and credited and transferred each year in the following order of priority:

(a) The amount required and certified by the state finance committee each year as being necessary for payment of principal of and interest on bonds authorized by ((chapter 26, Laws of 1963 extraordinary session)) RCW 28A.47.760 through 28A.47.774 in the ensuing twelve months and any additional amounts required by the covenants of such bonds shall be transferred from the state school equalization fund to the 1963 public school building bond retirement fund.

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state (ratably, on the basis of the population as last determined by the office of financial management) according to the following formula:

(a) Sixty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned ratably on the basis of population as last determined by the office of financial management.

(b) Thirty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned to cities and towns under section 22 of this 1982 act.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the
department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(8) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (5) of this section.
NEW SECTION. Sec. 21. There is added to chapter 82.14 RCW a new section to read as follows:

There is created in the state general fund a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.150(2). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (5) and (6) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the county sales and use tax equalization account. The
distribution to each qualifying county shall be equal to the distribution to
the county under subsection (3) of this section, subject to the reduction un-
der subsections (5) and (6) of this section. To qualify for the distributions
under this subsection, the county must impose the tax under RCW
82.14.030(2) for the entire calendar year. Counties imposing the tax for less
than the full year shall qualify for prorated allocations under this subsection
proportionate to the number of months of the year during which the tax is
imposed.

(5) Revenues distributed under this section in any calendar year shall
not exceed an amount equal to seventy percent of the state-wide weighted
average per capita level of revenues for the unincorporated areas of all
counties during the previous calendar year. If distributions under subsection
(3) or (4) of this section cannot be made because of this limitation, then
distributions under subsection (3) or (4) of this section shall be reduced
ratably among the qualifying counties.

(6) If inadequate revenues exist in the county sales and use tax equal-
ization account to make the distributions under subsection (3) or (4) of this
section, then the distributions under subsection (3) or (4) of this section
shall be reduced ratably among the qualifying counties. At such time during
the year as additional funds accrue to the county sales and use tax equal-
ization account, additional distributions shall be made under subsections (3)
and (4) of this section to the counties.

(7) If the level of revenues in the county sales and use tax equalization
account exceeds the amount necessary to make the distributions under sub-
sections (2) through (4) of this section, then the additional revenues shall be
credited and transferred to the state general fund.

NEW SECTION. Sec. 22. There is added to chapter 82.14 RCW a new
section to read as follows:

There is created in the state general fund a special account to be known
as the "municipal sales and use tax equalization account." Into this account
shall be placed such revenues as are provided under RCW 82.44.150(3)(b).
Funds in this account shall be allocated by the state treasurer according to
the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform
the state treasurer of the total and the per capita levels of revenues for each
city and the state-wide weighted average per capita level of revenues for all
cities imposing the sales and use tax authorized under RCW 82.14.030(1)
for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as
now or hereafter amended, the state treasurer shall apportion to each city
not imposing the sales and use tax under RCW 82.14.030(2) an amount
from the municipal sales and use tax equalization account equal to the
amount distributed to the city under RCW 82.44.150(3)(a) multiplied by
thirty-five sixty-fifths.

[ 1385 ]
(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for all cities as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the state-wide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (5) of this section.

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. The distribution to each qualifying city shall be equal to the distribution to the city under subsection (3) of this section, subject to the reduction under subsection (5) of this section. To qualify for the distributions under this subsection, the city must impose the tax under RCW 82.14.030(2) for the entire calendar year. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the cities.

(6) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management: PROVIDED, That no such distribution shall be made to those cities receiving a distribution under subsection (2) of this section.

NEW SECTION. Sec. 23. County legislative authorities who levy optional taxes pursuant to this act shall fully consider funding for fire districts within their respective jurisdictions during the county budget process.
The local government committees of the legislature shall study fire district services and funding and shall report back to the Washington State Legislature by December 31, 1982.

NEW SECTION. Sec. 24. Sections 2 through 4 and 9 of this act are each added to chapter 35.21 RCW, and sections 11 through 16 of this act shall constitute a new chapter in Title 82 RCW.

NEW SECTION. Sec. 25. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately, except section 5 of this act shall take effect July 1, 1982.

NEW SECTION. Sec. 115. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 116. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state
government and its existing public institutions, and shall take effect immediately.

Passed the Senate April 10, 1982.
Passed the House April 5, 1982.

Approved by the Governor April 20, 1982 with the exceptions of Sections 15, 16, 43(6), 49 and 57, which are vetoed.

Filed in Office of Secretary of State April 20, 1982.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to several provisions Substitute Senate Bill No. 4369, entitled:

"AN ACT Relating to appropriations*

I have vetoed Section 15, making an appropriation "FOR THE GOVERNOR - MINORITY AND WOMEN'S AFFAIRS" in its entirety. This section will not be necessary as I have also vetoed Section 16, thus leaving intact the existing minority offices.

I have vetoed Section 16, amending the appropriation "FOR THE COMMISSION ON MEXICAN-AMERICAN AFFAIRS, THE COMMISSION ON ASIAN-AMERICAN AFFAIRS, AND THE GOVERNOR'S OFFICE OF INDIAN AFFAIRS" in its entirety. Important and sensitive programs would be eliminated without the opportunity for public input and considered legislative evaluation. Furthermore, the legislature has not provided any statutory mechanism for the establishment of an alternate organization.

I have vetoed Section 43, subsection (6), which requires that any caseload savings lapse at the end of each calendar quarter. This section conflicts with Section 47(4), which allows the transfer of up to $7.0 million into the Administration program. It is also unnecessarily restrictive because it prevents any use of savings to offset further losses in Federal funds.

I have vetoed Sections 49 and 57. These sections would have repealed the appropriation for the Commission for the Blind and transferred it to the Department of Social and Health Services, authorizing DSHS to provide services to the blind. This would have the effect of nullifying existing law in RCW 74.16, which requires the Commission for the Blind to distribute funds and provide services to the blind. In effect, the legislature would have placed the dollars with DSHS, while leaving the statutory responsibility for the provision of services with the Commission for the Blind.

With the exceptions noted above, Substitute Senate Bill No. 4369 is approved."

Reviser's note: The title of ESSB No. 4369 was moved to its customary place at the beginning of the measure to accord with the direction of the conference report as adopted by the House of Representatives on April 5, 1982, and the Senate on April 10, 1982.

For the purpose of the internal accounting record of the retirement system and not the segregation of moneys on deposit with the state treasurer there are hereby created the employees' savings fund, the benefit account fund, the income fund and such other funds as may from time to time be required.

(1) The employees' savings fund shall be the fund in which shall be accumulated the contributions from the compensation of members. The director shall provide for the maintenance of an individual account for each member of the retirement system showing the amount of the member's contributions together with interest accumulations thereon. The contributions of a member returned to the former employee upon the former employee's withdrawal from service, or paid in event of the employee's death, as provided in
this chapter, shall be paid from the employees' savings fund. ((Any accumulated contributions forfeited by failure of a member, or his estate, to claim the same as provided for in this chapter shall be transferred from the employees' savings fund to the income fund:)) The accumulated contributions of a member, upon the commencement of ((his)) the individual's retirement, shall be transferred from the employees' savings fund to the benefit account fund.

(2) The benefit account fund shall be the fund in which shall be accumulated the reserves for the payment of all retirement allowances and death benefits, if any, in respect of any beneficiary. The amounts contributed by ((the)) all employers to provide pension benefits shall be credited to the benefit account fund. The benefit account fund shall be the fund from which shall be paid all retirement allowances, or benefits in lieu thereof because of which reserves have been transferred from the employees' savings fund to the benefit account fund. At the time a recipient of a retirement allowance again becomes a member there shall be transferred from the benefit account fund to the employees' savings fund and credited to the individual account of such a member a sum that shall be equal to the excess, if any, of ((his)) the individual's account at the date of ((his)) the member's retirement over any service retirement allowance received since that date.

(3) An income fund is hereby created for the purpose of crediting interest on the amounts in the various other funds with the exception of the department of retirement systems expense fund, and to provide a contingent fund out of which special requirements of any of the other funds may be covered. ((Transfers for such special requirements shall be made only when the amount in the income fund exceeds the ordinary requirements of such fund as evidenced by a resolution of the retirement board recorded in its minutes. The retirement board shall quarterly allow interest to each of the funds enumerated in subdivisions (1) and (2) of this section, and the amount so allowed shall be due and payable to said funds and shall be quarterly credited on the previous quarterly balance by the retirement board and paid from the income fund:)) The director shall determine when a distribution of interest and other earnings of the retirement system shall take place. The amounts to be credited and the methods for distribution to each of the funds enumerated in subsections (1) and (2) of this section and for special requirements previously mentioned in this subsection shall be at the director's discretion.

All accumulated contributions standing to the account of a terminated member ((and unclaimed after the expiration of fifteen years from the date of such termination)) except as provided in RCW 41.40.150(3) and (5), 41.40.170, 41.40.710, and 41.40.720 shall ((thereafter become an integral part of the income fund)) be transferred from the employees' savings fund
to the income fund. If the former employee, the former employee's beneficiary, or the former employee's estate at a future date requests the unclaimed contributions or reinstatement of the rights previously provided thereunder, the former employee's contributions shall be transferred from the income fund to the savings fund and the former employee's account re-established with all the rights which would have been due the former employee, the former employee's beneficiary, or the former employee's estate as if in fact the transfer to the income fund had not occurred. All income, interest, and dividends derived from the deposits and investments authorized by this chapter shall be paid into the income fund with the exception of interest derived from sums deposited in the department of retirement systems expense fund. The ((retirement board)) director on behalf of the retirement system is hereby authorized to accept gifts and bequests. Any funds that may come into the possession of the retirement system in such manner, or any funds which may be transferred from the employees' savings fund by reason of lack of claimant, or because of a surplus in any fund created by this chapter, or any other moneys the disposition of which is not otherwise provided for ((herein)), shall be credited to the income fund.

((The board shall have sole discretion to determine the amount of interest to be credited to the employees' savings fund which will thereupon be credited as regular interest to the individual members' accounts. The board may specifically allocate not more than one percent per annum of the investment earnings for the purpose of making sufficient funds available to facilitate the adjustment in service retirement allowances provided by RCW 41.40.195 as now or hereafter amended:))

NEW SECTION. Sec. 33. There is added to chapter 41.50 RCW a new section to read as follows:

(1) Every employer participating in one or more of the retirement systems listed in RCW 41.50.030 shall fully cooperate in the administration of the systems in which its employees participate, including the distribution of information to employees, and shall accept and carry out all other duties as required by law, regulation, or administrative instruction.
(2) If an employee is entitled to retroactive service credit which was not previously established through no fault of the employee, or through an employer error which has caused a member's compensation or contributions to be understated or overstated so as to cause a loss to the retirement funds, the director may bill the employer for the loss, to include interest, if applicable. The employer contributions, with interest thereon, will be treated as if in fact the interest was part of the normal employer contribution and no distribution of interest received shall be required.

(3) Employer-paid employee contributions will not be credited to a member's account until the employer notifies the director in writing that the employer has been reimbursed by the employee or beneficiary for the payment. (1) For the retiree's average final compensation period, the basis for making the comparison required by this section shall be a percentage increase equal to one percentage point in excess of each of the average percentage general salary increases granted during such average final compensation period to all employees of that employer who are members of the retirement system under this chapter, adjusted for incremental increases for seniority and/or performance, and staff position changes.

(2) For all retirees identified in this section, the department shall calculate the increase in the basic retirement benefit which results from any increase in salary granted an employee in excess of the authorized salary increase. The department will then, utilizing tables developed by the state actuary, determine the extra pension cost attributable to exceeding such average and shall bill the retiree's employer, who shall remit the entire amount determined to the retirement system within thirty days, except that the director is empowered to omit billing for an amount less than fifty dollars.
(3) Any post-retirement increases resulting from the excess benefit identified in subsection (2) of this section shall be billed to the last employer as they occur on the basis set forth in subsection (2) of this section.

The committee shall prepare a report, including any recommendations, for the January, 1983 session of the legislature. The committee shall cease to exist upon presentation of its report.

Passed the House April 5, 1982.
Passed the Senate April 4, 1982.
Approved by the Governor April 20, 1982 with the exceptions of Section 30, and all references to it, which are vetoed.
Filed in Office of Secretary of State April 20, 1982.

Note: Governor's explanation of partial veto is as follows:
"I am returning herewith without my approval as to Section 30 of Substitute House Bill No. 1226, entitled:
"AN ACT Relating to public employees"
I have vetoed Section 30 on pages 27 and 28, and all references to Section 30 on pages 13, 15, 23, 24, 25, and 27.
Section 30 calls for legislative review and approval of the proposed administrative rules for implementing the act. Failure of the legislature to approve the rules would void several sections of the act. In addition to presenting some constitutional issues relating to the functions of the legislative and executive branches, implementation of this section creates too much uncertainty as to when or whether the law will become effective.

With the exception of Section 30 and the references to it, which I have vetoed, Substitute House Bill No. 1226 is approved."

MISCELLANEOUS PROVISIONS

*NEW SECTION. Sec. 14. (1) Each elected state official shall ensure that each agency under the official's control does not hire any person after the effective date of this section unless:

(a) The total number of full-time equivalent employees, whose source of funding is from the state general fund, for the agency, whose source of funding is from the state general fund, during the month in which the hiring occurs does not exceed the greater of (i) the average monthly number of full-time equivalent employees, whose source of funding is from the state general fund, exclusive of persons employed under the federal comprehensive employment and training act, actually employed by the agency during the previous calendar year, or (ii) the total number of full-time equivalent employees, whose source of funding is from the state general fund, exclusive of persons employed under the federal comprehensive employment and training act, actually employed by the agency during the same month of the previous year: PROVIDED, That the elected state official is authorized to grant reasonable exceptions to this rule for an agency which did not exist during the same month of the previous year and for an agency which has had its statutory responsibilities substantially changed since such month; and
(b) On the date the hiring occurs, the total number of full-time equivalent employees, whose source of funding is from the state general fund, hired after December 31, 1981, by all agencies under the elected state official's control does not exceed fifty percent of the total number of full-time equivalent employees, whose source of funding is from the state general fund, who left employment with those agencies after December 31, 1981: PROVIDED, That this subsection (1)(b) does not apply to: (i) The hiring of seasonal employees if the number of seasonal employees employed by the agency is consistent with the historical use of seasonal employees by the agency; (ii) the hiring of temporary employees if the number of temporary employees employed by the agency is consistent with the historical use of temporary employees by the agency; (iii) the department of corrections; and (iv) the hiring of four thousand critical employees of the department of social and health services, as identified by the governor; and

(c) The hiring complies with the policy set forth in section 15 of this act.

(2) For the purposes of this section, all state executive branch agencies are under the control of the governor unless they are headed by an elected state official other than the governor.

(3) This section does not prohibit an elected state official or the legislature from providing for the employment of state employees in excess of the number otherwise allowable under this section in order to address a state of emergency proclaimed under RCW 43.06.010 or a critical and emergent need proclaimed by the governor for the protection of the public health and safety. Any proclamation under this section shall be immediately transmitted to the financial committees of the legislature. Employment allowed under this subsection shall not last longer than the emergency conditions.

(4) As used in this section, "agency" has the meaning given in RCW 43.88.020, except that the system of community colleges shall be treated as one agency under this section.

(5) This section expires June 30, 1983.

*Sec. 14 was vetoed, see message at end of chapter.

*NEW SECTION, Sec. 15. There is added to chapter 41.04 RCW a new section to read as follows:

(1) It is the policy of the state of Washington that, in hiring employees, state officials shall emphasize maintaining those positions with functions permitting the agency to carry out its legislatively mandated mission. As a general rule, hirings shall not disproportionately favor management positions. In furtherance of this policy, each agency shall submit to the office of financial management by January 15 and July 15 of each year a report indicating by title each position which became vacant and each position which was filled during the previous six months.

(2) The office of financial management shall study the implementation of the hiring policy provided in this section. This study shall be presented to the
financial committees of the legislature by January 31 and July 31 of each year.

*Sec. 15 was vetoed, see message at end of chapter.

*NEW SECTION. Sec. 16. (1) The office of financial management shall study the actual utilization of the special early retirement offered by this act, the subsequent replacement of those persons who utilized the special early retirement offered by this act, and the impact of early retirement on managerial efficiency and prerogatives. This study shall be presented to the financial committees of the legislature by December 31, 1983.

(2) The office of financial management shall study the implementation of the hiring limits provided in section 14 of this act. This study shall be presented to the financial committees of the legislature by July 31, 1982, January 31, 1983, and July 31, 1983.

*Sec. 16 was partially vetoed, see message at end of chapter.

NEW SECTION. Sec. 17. Part headings as used in this act do not constitute any part of the law.

NEW SECTION. Sec. 18. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 19. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House April 5, 1982.
Passed the Senate April 4, 1982.
Approved by the Governor April 20, 1982 with the exceptions of Sections 14, 15, and 16(2), which are vetoed.
Filed in Office of Secretary of State April 20, 1982.

Note: Governor's explanation of partial veto is as follows:

*I am returning herewith without my approval as to Sections 14, 15, and 16(2) Second Substitute House Bill No. 124, entitled:

"AN ACT Relating to public employment; amending certain sections of RCW 28B and RCW 41.04 and other sections and declaring an emergency."

Section 14 directs that the state general fund full-time equivalent employment of any state agency during any month not exceed the average monthly state general fund FTE employment of the previous calendar year or the state general fund FTE employment of the same month of the previous year. Section 14 also limits replacement of state general fund-supported employees to 50 percent of those leaving employment after December 31, 1981.

Employee attrition does not occur evenly between agencies. Agencies with high turnover would be severely affected, particularly in view of staffing reductions that have already occurred. The hiring freeze imposed by Section 14 is overly restrictive: it does not allow for exceptions to meet critical needs; nor does it allow for the planning and control that is essential to good management. In addition, the exempting provisions of this bill result in an unfair burden being placed on the remainder of state government. For these reasons, I have vetoed Section 14.
Section 15 requires agencies to report every six months to the Office of Financial Management (OFM) the number of vacancies created and positions filled. OFM must present this information to the legislature 15 days thereafter. To require additional paperwork of questionable purpose and value is not appropriate during times of budgetary and staffing reductions. The OFM presently collects and distributes sufficient information to keep the legislature and me adequately informed as to the status of state agency staffing.

Subsection (2) of Section 16 is a study requirement related to Section 14 and is therefore unnecessary.

With the exceptions noted above, Second Substitute House Bill No. 124 is approved.

CHAPTER 55
[House Bill No. 1099]
FOREST FIRE PROTECTION ASSESSMENTS

AN ACT Relating to fire protection of forest lands; amending section 1, chapter 102, Laws of 1977 ex. sess. as amended by section 1, chapter 171, Laws of 1981 and RCW 76.04.360; and amending section 8, chapter 207, Laws of 1971 ex. sess. as last amended by section 1, chapter 28, Laws of 1981 and RCW 76.04.515.

Be it enacted by the Legislature of the State of Washington:

Section 1. Section 1, chapter 102, Laws of 1977 ex. sess. as amended by section 1, chapter 171, Laws of 1981 and RCW 76.04.360 are each amended to read as follows:

If any owner of forest land neglects or fails to provide adequate fire protection therefor as required by RCW 76.04.350, the department shall provide such protection therefor, notwithstanding the provisions of RCW 76.04.515, at a cost to the owner of not to exceed ((twenty)) twenty-one cents an acre per year on lands west of the summit of the Cascade mountains and ((sixteen)) seventeen cents an acre per year on lands east of the summit of the Cascade mountains: PROVIDED, That the cost for any ownership parcel containing less than thirty acres shall not be less than five dollars and ten cents east of the Cascade mountains and six dollars and thirty cents west of the Cascade mountains: PROVIDED FURTHER, That an owner of two or more parcels per county, each containing less than thirty acres, may obtain a certified list of such parcels from the county assessor and file it by January 1 each year with the department, which will collect from that owner one minimum assessment for all parcels. Should the total acreage of the parcels filed exceed thirty acres, the per-acre rate shall apply. If payment is not received within ten days of filing, the owner shall not be entitled to the exception contained in this proviso for that tax year and the assessments shall be collected as otherwise provided.

For the purpose of chapter 76.04 RCW, the supervisor may divide the forest lands of the state, or any part thereof, into districts, for patrol and assessment purposes, may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands
under the administration of the proper district. Such cost must be justified by a showing of budgets on demand of twenty-five owners of forest land in the county concerned at public hearing. Any amounts paid or contracted to be paid by the supervisor of the department of natural resources for this purpose from any funds at his disposal shall be a lien upon the property patrolled and protected, and unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred, on which date the supervisor of the department of natural resources shall be prepared to make statement thereof upon request to any forest owner whose own protection has not been previously approved by him as adequate, shall be reported by the supervisor of the department of natural resources to the assessor of the county in which the property is situated who shall extend the amounts upon the tax rolls covering the property, or the county assessor shall upon authorization from the supervisor of the department of natural resources levy the forest patrol assessment against the amounts of unimproved land as shown in each ownership on the county assessor's records and the assessor may then segregate on his records to provide that the improved land and improvements thereon carry the millage levy designed to support the rural fire protection districts as provided for in chapter 52.04 RCW.

The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that ((the next)) general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the supervisor of the department of natural resources certifying them to the treasurer of the county in which the land involved is situated. Assessments shall be known and designated as assessments of the year in which the amounts became reimbursable. Upon the collection of such assessments the county treasurer shall transmit them to the supervisor of the department of natural resources to be applied against expenses incurred in carrying out the provisions of this section((:

The supervisor of the department of natural resources shall add to the assessment a sum not to exceed one cent per acre, to cover the)), including necessary and reasonable administrative costs incurred by the department in the enforcement of these provisions. He may also expend any sums collected from owners of forest lands or received from any other source for necessary administrative costs in connection with the enforcement of RCW 76.04.370.

When land against which forest patrol assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale over and above the amount necessary to satisfy the county's delinquent tax judgment, and the county treasurer in case the proceeds of sale exceed the amount of the delinquent tax judgment shall forthwith remit to the supervisor of the department of natural resources the amount of the outstanding patrol assessments.
All public bodies owning or administering forest lands shall pay the forest patrol assessments provided in this section and the special forest fire suppression account assessments under RCW 76.04.515. The forest patrol assessments and special forest fire suppression account assessments shall be payable by public bodies from any available funds within thirty days following receipt of the written notice from the department which is given after October 1st of the year in which the protection was provided. Unpaid assessments shall not be a lien against the publicly owned land but shall constitute a debt by the public body to the department and shall be subject to interest charges in the same amount as other unpaid forest patrol assessments.

A public body, having failed to previously pay forest patrol assessments required of it by this section, which fails to suppress a fire on or originating from forest lands owned or administered by it shall be liable for the costs of suppression incurred by the department or its agent and shall not be entitled to reimbursement of any costs incurred by the public body in the suppression activities.

The supervisor of the department of natural resources shall furnish the surety company bond under RCW 43.30.170(6), conditioned for the faithful performance of his duties and for a faithful accounting for all sums received and expended thereunder, which bond shall be approved by the attorney general.

Sec. 2. Section 8, chapter 207, Laws of 1971 ex. sess. as last amended by section 1, chapter 28, Laws of 1981 and RCW 76.04.515 are each amended to read as follows:

There is created a landowner contingency forest fire suppression account which shall be a separate account in the general fund. This account shall be for the purpose of paying emergency fire costs incurred or approved by the department in the suppression of forest fires. When a determination is made that the fire was started by other than a participating landowner operation, moneys expended from this account in the suppression of such fire shall be recovered from such general fund appropriations as may be available for emergency fire suppression costs. Moneys spent from this account shall be by appropriation. The department shall transmit to the state treasurer for deposit in the landowner contingency forest fire suppression account any moneys paid out of said account which are later recovered, less reasonable costs of recovery, which moneys may be expended for purposes set forth herein during the current biennium, without reappropriation.

This account shall be established and renewed by a special forest fire suppression account assessment paid by participating forest landowners at rates to be established by the department, but not to exceed ten cents per acre per year for such period of years as may be necessary to establish and thereafter reestablish a balance in said account of two million dollars; PROVIDED, That the department may establish a minimum assessment
for ownership parcels containing less than thirty acres. The maximum assessment for these parcels shall not exceed the fees levied on a thirty acre parcel. The assessments with respect to forest lands in western and eastern Washington may differ to equitably distribute the assessment based on emergency fire suppression cost experience necessitated by participating landowner operations. Amounts assessed for this account shall be a lien upon the forest lands with respect to which the assessment is made, and may be collected as directed by the department in the same manner as forest patrol assessments. This account shall be held by the state treasurer who is authorized to invest so much of said account as is not necessary to meet current needs. Any interest earned on moneys from said account shall be deposited in and remain a part of the account, and shall be computed as part of the same in determining the balance thereof. Interfund loans to and from this account are authorized at the then current rate of interest as determined by the state treasurer, provided that the effect of the loan is considered for purposes of determining the assessments. Payment of emergency costs from this account shall in no way restrict the right of the department to recover costs pursuant to RCW 76.04.390 as now or hereafter amended, or other laws.

When the department determines that a forest fire was started in the course of or as a result of a participating landowner operation, it shall notify the forest fire advisory board of such determination. Such determination shall be final, unless, within ninety days of such notification, the forest fire advisory board or any interested party, serves a request for a hearing before the department. Such hearing shall constitute a contested case under chapter 34.04 RCW and any appeal therefrom shall be to the superior court of Thurston county.

[H.B. No. 1249]

NURSING HOMES—AUDIT AND COST REIMBURSEMENT SYSTEM—
INFLATION ADJUSTMENT REMOVED

AN ACT Relating to social and health services; amending section 1, chapter 2, Laws of 1981 1st ex. sess. as last amended by section 2, chapter 19, Laws of 1982 1st ex. sess. and RCW 74.09.610; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Section 1. Section 1, chapter 2, Laws of 1981 1st ex. sess. as last amended by section 2, chapter 19, Laws of 1982 1st ex. sess. and RCW 74.09.610 are each amended to read as follows:

(1) The nursing home auditing and cost reimbursement system of the department of social and health services shall be governed by this section until implementation of chapter 74.46 RCW. The department shall reimburse nursing homes on the basis of the following cost centers: Patient care, food, administration and operations, and property.

(2) (a) For rate setting purposes for fiscal year 1982, the department shall reimburse the patient care cost center at the January 1, 1981, reimbursement rate, as adjusted for inflation.

(b) For rate setting purposes in fiscal year 1983, this subsection (2)(b) applies.

(i) There shall be established by the department a redistribution pool consisting of overpayments to contractors for 1981 indicated by proposed settlements for 1981, less one million dollars.

(ii) If a contractor's patient care cost center rate for 1981 is greater than or equal to the contractor's desk reviewed 1981 patient care costs, the department shall reimburse the patient care cost center at the desk reviewed 1981 patient care costs plus any patient care funds shifted to other cost centers pursuant to subsection (8) of this section((, as adjusted for inflation)).

(iii) If the contractor's 1981 patient cost center rate is less than the contractor's desk reviewed 1981 patient care costs, the department shall reimburse the contractor's patient care cost at the January 1, 1982, reimbursement rate less one and one half percent((, as adjusted for inflation;)) plus an allowance from the redistribution pool. The allowance for a contractor shall not exceed the contractor's patient care costs, as adjusted for inflation, and the total of allowances distributed shall not exceed the redistribution pool under subsection (2)(b)(i) of this section. If the funds contained in the redistribution pool exceed or are equal to the total amount by which contractors were underfunded in the patient care cost center, each contractor's allowance will be equal to the amount by which the contractor was underfunded. If the funds contained in the redistribution pool are less
than the total amount by which contractors were underfunded in the patient care cost center, each contractor will receive an allowance which shall be a percentage of the amount by which the contractor was underfunded. The percentage shall be determined by dividing the amount of the pool by the total amount of underfunding.

(c) In addition, the reimbursement shall be enhanced by three million dollars for the first year of the biennium and by one million four hundred thousand dollars for the second year of the biennium. These enhancements shall be apportioned among the nursing homes proportionately based on the patient care cost center for each nursing home.

(d) For the purpose of nursing assistant certification, the department shall reimburse at a rate of thirty cents for each medicaid patient day for the first year of the biennium. This is in addition to the January 1, 1981, reimbursement rate.

(e) Effective July 1, 1982, the patient care cost center reimbursement rate shall be adjusted as follows:

(i) As used in (ii) of this subsection, patient care consultation refers to medical director, patient activities, physical therapy, speech therapy, occupational therapy, and other therapy consultation.

(ii) The department shall determine the average expense weighted by patient days for patient care consultation taken from the most recently completed cost reports.

In determining the patient care cost to be used for rate setting pursuant to subsections (2)(b)(ii) and (iii) of this section, the department shall not include any cost in excess of the average cost determined under (ii) of this subsection.

(3) Reimbursement for the food cost center shall be at the January 1, 1981, reimbursement rate, adjusted for inflation.

(4) The administration and operations cost center consists of two components:

(a) (i) For rate setting purposes for fiscal year 1982, the wages for all employees, other than nursing service personnel and administrators and assistant administrators, shall be reimbursed at the January 1, 1981, rate as adjusted for inflation.

(ii) For rate setting purposes for fiscal year 1983:

(A) If the contractor's administration and operations wage component rate for 1981 is greater than or equal to the contractor's desk reviewed 1981 administration and operations wage costs, the department shall reimburse the contractor's administration and operations wage component costs (as adjusted for inflation).

(B) If the contractor's administration and operations wage component rate for 1981 is less than the contractor's desk reviewed 1981 administration and operations wage costs, the department shall reimburse the contractor's
administration and operations wage component at the January 1, 1981, reimbursement rate (as adjusted for inflation) except that, after distribution of the redistribution pool to contractors underfunded in the patient care cost center pursuant to subsection (2)(b)(iii) of this section, any funds remaining will be distributed to contractors with rates below cost in proportion to the underfunding in this component. This distribution shall not exceed the total of underfunded cost in this component.

(b) Reimbursement for administration and operations, including all items not specified in subsections (2), (3), (4)(a), (5), and (6) of this section, shall not exceed the eighty-fifth percentile of the costs of all reporting facilities, not including any funds shifted pursuant to subsection (8) of this section (as adjusted for inflation) except that the nursing home facilities may be grouped by factors, other than ownership or legal organizational characteristics, which could reasonably influence cost requirements for administration and operations. Effective July 1, 1982, the administration and operations cost center reimbursement rate shall be adjusted as follows:

(i) As used in (ii) and (iii) of this subsection, administration and operations consultation expense refers to dietary and medical record consultant fees.

(ii) The department shall determine the average expense weighted by patient days for administration and operations consultation expense taken from the most recent completed cost report.

(iii) Reimbursement for administration and operations consultation shall be the lesser of the average expense as determined under (ii) of this subsection or the individual facility's costs for administration and operations consultation expenses taken from the most recent completed cost report (as adjusted for inflation). This adjustment applies only to the July 1, 1982, through July 1, 1983, reimbursement period.

(5) The return on net invested equity for each facility shall be determined by utilizing medicare rules and regulations.

(6) Property cost center reimbursement for both leased and owner-operated facilities shall not exceed the predicted cost plus one standard deviation of the necessary and ordinary costs of depreciation, and interest, of owner-operated facilities utilizing a multiple regression formula developed by the department of social and health services, recognizing factors which may be significant, including location, age, and type of facility. Rental costs of leased facilities other than those operating as intermediate care facilities for the mentally retarded, and depreciation and interest costs of owner-operated facilities, for leases or mortgages entered into prior to July 1, 1979, shall be reimbursed to the extent they do not exceed the reimbursement rate payable for the property cost center as of June 30, 1979, or July 1, 1979, whichever is higher, adjusted to meet any discrepancies as determined by the federal government between the reimbursements made and the approved state medicaid plan, and adjusted for any approved capitalized additions or
replacements, except that any leased facility which has operated as an intermediate care facility for the mentally retarded prior to July 1, 1979, shall be reimbursed to the extent that the property costs exceed the upper limit of the multiple regression formula.

(7) The patient personal needs allowance limitation shall be thirty-three dollars and fifty cents.

(8) For settlement purposes only, for calendar years 1981, 1982, and 1983, a nursing home may shift among cost centers an amount not greater than twenty percent of the reimbursement rate of the cost center into which the shift is being made. Shifts may be made among the cost centers. However, shifts may not be made into the property cost center. The department shall monitor on a random basis the extent and patterns of shifting between cost centers authorized by this section. The department shall report to the legislature on its findings required by this section prior to July 15th of each year.

(9) Audits shall be conducted by the department and settlements shall be calculated by cost center only.

(10) The department may adjust reimbursement rates to reflect required increases in staffing levels and capital improvements.

(11) Any reference in this section to a January 1, 1981, reimbursement rate includes any adjustment resulting from a rate appeal and its final resolution, but shall not include any adjustment resulting from litigation on reimbursement rates prior to June 30, 1981, or the procedures by which they were established.

(12) References in this section to adjustments for inflation mean adjustments of 5.0 percent for rates effective July 1, 1981, through December 31, 1981((c)), and 4.25 percent for rates effective January 1, 1982, through June 30, 1982((c)), 1.625 percent for rates effective July 1, 1982, through December 31, 1982, and 1.625 percent for rates effective January 1, 1983, through June 30, 1983)).

NEW SECTION, Sec. 2. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

(2) For purposes of this section:

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (2) of this section, such tax shall be in the amount of two and sixteen one-hundredths percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer during the preceding calendar year in the case of foreign and alien insurers, and in the
amount of one and sixteen one-hundredths percent of all such premiums in
the case of domestic insurers, for direct insurances, other than ocean marine
and foreign trade insurances, after deducting premiums paid to policyhold-
ers as returned premiums, upon risks or property resident, situated, or to be
performed in this state. For the purposes of this section the consideration
received by an insurer for the granting of an annuity shall not be deemed to
be a premium.

(2) In the case of insurers which require the payment by their policy-
holders at the inception of their policies of the entire premium thereon in
the form of premiums or premium deposits which are the same in amount,
based on the character of the risks, regardless of the length of term for
which such policies are written, such tax shall be in the amount of two and
sixteen one-hundredths percent of the gross amount of such premiums and
premium deposits upon policies on risks resident, located, or to be per-
formed in this state, in force as of the thirty-first day of December next
preceding, less the unused or unabsorbed portion of such premiums and
premium deposits computed at the average rate thereof actually paid or
credited to policyholders or applied in part payment of any renewal premi-
ums or premium deposits on one-year policies expiring during such year.

(3) From and after the first day of April, 1982, until and including the
thirtieth day of June, 1983, an additional tax is imposed equal to the rate
specified in ((section 31 of this 1982 act)) RCW 82.02.... (section 31, chap-
ter 35, Laws of 1982 1st ex. sess.) multiplied by the taxes payable under
subsections (1) and (2) of this section. All revenues from this additional tax
shall be deposited in the state general fund.

(4) Each authorized insurer shall with respect to all ocean marine and
foreign trade insurance contracts written within this state during the pre-
ceding calendar year, on or before the first day of March of each year pay
to the state treasurer through the commissioner's office a tax of ((three-
quartes)) ninety-one one-hundredths of one percent on its gross under-
writing profit. Such gross underwriting profit shall be ascertained by de-
ducting from the net premiums (i.e., gross premiums less all return
premiums and premiums for reinsurance) on such ocean marine and foreign
trade insurance contracts the net losses paid (i.e., gross losses paid less sal-
vage and recoveries on reinsurance ceded) during such calendar year under
such contracts. In the case of insurers issuing participating contracts, such
gross underwriting profit shall not include, for computation of the tax pre-
scribed by this subsection, the amounts refunded, or paid as participation
dividends, by such insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing excise or privi-
lege taxes upon insurers or their agents, other than title insurers, and no
county, city, town or other municipal subdivision shall have the right to im-
pose any such taxes upon such insurers or their agents.
(6) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums.

(7) This section shall be effective as to and shall govern the payment of all taxes ((falling due after the effective date of this code)) due for calendar year 1982 and thereafter.

CHAPTER 15
[Senate Bill No. 5033]
GOVERNOR—ALLOTMENT REDUCTIONS

AN ACT Relating to budget and accounting; amending section 43.88.110, chapter 8, Laws of 1965 as last amended by section 5, chapter 270, Laws of 1981 and RCW 43.88.110; amending section 7, chapter 270, Laws of 1981 and RCW 43.88.112; adding a new section to chapter 43.88 RCW; repealing section 1, chapter 263, Laws of 1971 ex. sess., section 7, chapter 293, Laws of 1975 1st ex. sess. and RCW 43.88.115; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Section 1. Section 43.88.110, chapter 8, Laws of 1965 as last amended by section 5, chapter 270, Laws of 1981 and RCW 43.88.110 are each amended to read as follows:

Subdivisions (1) ((and—(2))) through (4) of this section set forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch for public funds. Allotments of an appropriation for any fiscal period shall conform to the terms, limits, or conditions of the appropriation.

(1) Before the beginning of the fiscal period, all agencies shall submit to the governor a statement of proposed agency expenditures at such times and in such form as may be required by the governor. The statement of proposed expenditures shall show, among other things, the requested allotments of public funds for the ensuing fiscal period for the agency concerned on a monthly basis for the entire fiscal period. The governor shall review the requested allotments in the light of the agency's plan of work and, with the advice of the director of financial management, the governor may revise or alter agency allotments: PROVIDED, That revision of allotments shall not be made for agencies headed by elective officials pursuant to this subsection. The aggregate of the allotments for an appropriation shall not exceed the total appropriation.

(2) Except for ((agencies headed by elective officials)) the legislative and judicial branches of government, approved allotments may be revised during the course of the fiscal period in accordance with the regulations issued pursuant to this chapter. If at any time during the fiscal period the governor shall ascertain that available revenues for the applicable period will be less than the respective appropriations, the governor shall revise the
allotments concerned so as to prevent the making of expenditures in excess of available revenues. To the same end, (and with the exception stated in this section for allotments involving agencies headed by elective officials,) the governor is authorized to withhold and to assign to, and to remove from, a reserve status any portion of an agency appropriation which in the governor's discretion is not needed for the allotment.

No expenditures shall be made from any portion of an appropriation which has been assigned to a reserve status except as provided in this section.

(3) Except as provided in section 3 of this act, for any allotment reduction necessary following adjournment sine die of the 1982 2nd ex. sess. of the legislature based upon the June 1982 office of financial management revenue forecast the governor shall be limited to a uniform percentage allotment reduction: PROVIDED, That the allotments to the superintendent of public instruction for support of state-wide programs shall not be reduced. The provisions of this subsection expire on October 1, 1982.

(4) Except as provided in subsection (3) of this section, the percentage of each agency's allotment assigned to a reserve status under subsection (2) of this section and RCW 43.88.112 may vary among agencies. As a result of any official office of financial management revenue forecast on or after July 30, 1982, for any allotment reduction, the maximum percentage reduction shall not exceed five percent for any given agency's biennial appropriation: PROVIDED, That the allotment reduction to the superintendent of public instruction for support of state-wide programs shall not exceed one percent of the biennial appropriation. If the percentage reduction for a particular agency is less than the maximum reduction applied to other agencies, the governor must declare an emergent need for the variance. The governor's declaration shall be based on one or more of the following reasons, and shall so state:

(a) The protection of public health and safety;
(b) The satisfaction of a constitutional requirement;
(c) The avoidance of a loss of revenue or the protection of a revenue source;
(d) The protection of basic education as provided in RCW 43.88.112.

The declaration shall be transmitted to the committees on ways and means of the senate and house of representatives twenty days prior to the effective date of the declaration. The declaration shall be considered ratified by the legislature unless changed by statute.

The provisions of this subsection expire December 31, 1982.

(5) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. The
The director of financial management shall monitor agency expenditures to prevent spending patterns which inflate agency expenditures during the second year of a biennium.

The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees.

Sec. 2. Section 7, chapter 270, Laws of 1981 and RCW 43.88.112 are each amended to read as follows:

If at any time during the fiscal period the governor ascertains that available revenues for the applicable period will be less than the respective appropriations, the governor shall revise the allotments for the total funds which are appropriated to the superintendent of public instruction for support of state-wide programs and which ultimately will be distributed to local school districts so as to prevent the making of expenditures in excess of available revenues, but the governor shall not revise the allotments for the superintendent of public instruction for support of state-wide programs by an amount which would result in less than ample provision for the basic education of the children of the state.

NEW SECTION. Sec. 3. There is added to chapter 43.88 RCW a new section to read as follows:

(1) The governor shall order the reduction of allotments of appropriations for executive branch agencies, including those headed by elective officials, except for the superintendent of public instruction's allotments for support of state-wide programs and for the legislative and judicial branches of government, so that the total of the state general fund allotments for those agencies shall be twenty million dollars less than the total of the appropriations for those agencies. The allotment reductions shall be distributed among the agencies by measures which in the governor's judgment enhance the efficiency and productivity of state government, including but not limited to the following:

(a) Cost-savings measures;
(b) Cost-avoidance measures;
(c) Improved management systems; and
(d) Program and personnel reorganizations.

(2) The portion of any appropriation not needed for an allotment as reduced under this section shall lapse. The allotment reductions made under this section are in addition to any allotment reductions which may be made under RCW 43.88.110.

(3) Notwithstanding the provisions of RCW 41.06.150 and rules promulgated thereunder, to carry out the provisions of this section the governor shall have the authority to implement:
(a) Leave without pay;
(b) Reduced workweek;
(c) Reduced workday;
(d) Modified holidays or unaccrued vacation leave;
(e) Reduction in workforce; and
(f) Reduction or elimination of increment increases.

(4) This section shall be deemed to be operative and the amount in this section shall be applied prior to implementation of RCW 43.88.110(3).

(5) This section shall expire on June 30, 1983.

NEW SECTION. Sec. 4. Section 1, chapter 263, Laws of 1971 ex. sess., section 7, chapter 293, Laws of 1975 1st ex. sess. and RCW 43.88.115 are each repealed.

NEW SECTION. Sec. 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

PROPOSED CONSTITUTIONAL AMENDMENT ADOPTED AT THE 1982 FIRST EXTRAORDINARY SESSION FOR SUBMISSION TO THE VOTERS AT THE STATE GENERAL ELECTION, NOVEMBER 1982

SUBSTITUTE SENATE JOINT RESOLUTION NO. 143

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article VII of the state Constitution by adding a new section to read as follows:

Article VII, section . . . . . Notwithstanding any provision of this Constitution, the legislature may by general law authorize the legislative authority of any county, city, or town to create boundaries in urban areas, within its jurisdiction, containing only that real property which is determined will be increased in true and fair value by reason of specified public improvements to redevelop areas within those boundaries, and may provide that all or a portion of the ad valorem taxes levied within those boundaries against increases in the true and fair value of such real property may be used to pay for the specified public improvements or to pay public obligations incurred to fund the specified public improvements. Public obligations incurred for these public improvements and payable solely from revenues from these public improvements and such ad valorem taxes levied against the increases in real property value shall not constitute general indebtedness.

For the purposes of this section, "ad valorem taxes" means:

1. Ad valorem taxes subject to the aggregate limitation on tax levies by the state and all taxing districts in section 2 of this Article; and

2. Ad valorem taxes levied by port districts and public utility districts, except for ad valorem taxes levied specifically for the purpose of making required payments of principal and interest on general indebtedness.

Nothing in this section authorizes the provision of public improvements which counties, cities, and towns may not otherwise provide.

Nothing in this section authorizes a county, city, or town to exercise powers of eminent domain contrary to the provisions of Article I, section 16.

Nothing in this section authorizes a county, city, or town to pledge all or part of its full faith and credit or any other tax revenues without complying with the laws relating to the incurring of general indebtedness, including Article VIII, section 1 and Article VIII, section 6, or to aggregate tax levies in excess of the limitation on levies in section 2 of this Article: PROVIDED,
That no bonds that constitute general indebtedness and which use the funding mechanism contained in this section shall be issued to fund all or a portion of such specified public improvements unless a public hearing on the issue of such bonds is held prior to the time boundaries are created pursuant to this section. The notice for such a public hearing shall include: (1) A statement that the county, city, or town must pledge its full faith and credit toward the payment of any general indebtedness which uses the funding mechanism contained in the section; (2) A statement that in the absence of sufficient revenues under this funding mechanism, the debt service must be made from then existing taxes or other revenues, which may result in an increase in taxes or reduction in existing programs; and (3) An estimate of the dollar amount of debt service on such bonds per year, and an estimate of the total principal and interest payments required for the full term of the bonds. The use of the funding mechanism contained in this section to pay principal and interest on general indebtedness, which is not required to be approved by the voters pursuant to Article VIII, section 6, shall be subject to potential referendum approval by simple majority vote of the voters of the county, city, or town.

After the initial adoption of a law by the legislature authorizing the use of ad valorem taxes levied against increases in the true and fair value of real property to finance specified public improvements, no amendment to such act which expands the nature of the areas within which ad valorem taxes levied against increases in the true and fair value of real property may be used to finance specified public improvements, or adds to the purposes and types of public improvements that may be financed with such revenues, or reduces the requirements which must be met if public obligations are incurred to fund the specified public improvements, shall be valid unless the amendment is enacted by a favorable vote of three-fifths of the members elected to each house of the legislature and is subject to referendum petition.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

Passed the Senate April 6, 1982.
Passed the House April 5, 1982.
Filed in Office of Secretary of State April 8, 1982.
