*** The state board of education shall establish through rules and regulations clearly defined physical education requirements for the purpose of minimum high school graduation requirements under RCW 28A.05.040.

A candidate for graduation must have in addition earned a minimum of 48 credits and fulfilled the physical education requirement. These credits shall consist of the state requirements listed above and such additional requirements and electives as shall be established by each district.

(2) The state board of education shall develop and establish procedures for students to meet equivalencies for courses required for graduation in subsection (1) of this section. Such procedures may include provisions for competency testing in lieu of such courses.

(3) The state board of education shall establish procedures for establishing high school graduation requirements for students with special educational needs, in accord with limitations on their ability to fulfill these high school graduation requirements.

(4) The local school districts shall consider the relevance of vocational and applied courses in fulfilling these high school graduation requirements.

(5) The state board of education, upon request from local school districts, shall be authorized to grant temporary exemptions from the graduation requirements in subsection (1) of this section for reasons relating to school district size and availability of staff authorized to teach required subjects. The state board of education may adopt reasonable and necessary rules regarding exemptions for students who transfer between districts.

(6) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

NEW SECTION. Sec. 7. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.58 RCW a new section to read as follows:
Each school district board of directors may establish student grading policies which permit teachers to consider a student's attendance in determining the student's overall grade or deciding whether the student should be granted or denied credit. Such policies shall take into consideration the circumstances pertaining to the student's inability to attend school. However, no policy shall be adopted whereby a grade shall be reduced or credit shall be denied for disciplinary reasons only, rather than for academic reasons, unless due process of law is provided as set forth by the state board of education under RCW 28A.04.132.

Sec. 8. Section 1, chapter 98, Laws of 1975-76 2nd ex. sess. and RCW 28A.03.360 are each amended to read as follows:

(1) ((It shall be the intent and purpose of this section to direct the office of superintendent of public instruction to conduct standardized reading, mathematics, and language arts achievement level surveys of approximately two thousand students distributed throughout the state in each of the grade levels eight and eleven during such testing cycles as provided for in subsection (2) of this section. The survey testing shall be based on a statistical random sample of students from these grade levels sufficient to generalize about all of the students at each of the selected grade levels from the state's school districts. The purpose of these surveys is to allow the public and the legislature to evaluate how Washington students in these grades compare to students in the same grades tested in other comparable national achievement surveys. The office of superintendent of public instruction shall coordinate such tests and provide such information as obtained therefrom to the legislature no less often than once every four years;)

(2) The superintendent of public instruction shall prepare a report to the legislature on the achievement levels of students in grades eight and eleven based on the achievement level surveys conducted in the 1975-77 biennium and for each of the subsequent testing cycles as designated by the superintendent of public instruction's office. Such report shall include a comparison of the achievement levels attained by Washington students to the levels attained by students outside of the state, with special emphasis placed on the basic skills of reading, mathematics, and language arts. Such report shall also focus on appropriate input variables and comparisons of variables reported by other states' testing programs.

(3) Results of the first survey test shall be made available to the school districts and the legislature no later than June 30, 1977.

(4) In addition to the survey testing for grades eight and eleven as set forth in this section;)) Every school district is encouraged to test pupils in grade two by an assessment device designed or selected by the local school districts. This test shall be used to help teachers in identifying those pupils in need of assistance in the skills of reading, writing, mathematics, and language arts. The test results are not to be compiled by the superintendent of public instruction, but are only to be used by the local school district.
(2) The superintendent of public instruction shall prepare and conduct, with the assistance of local school districts, a standardized achievement test to be given annually to all pupils in grade four. The test shall assess students' skill in reading, mathematics, and language arts and shall focus upon appropriate input variables. Results of such tests shall be compiled by the superintendent of public instruction, who shall make those results available annually to the legislature, to all local school districts and subsequently to parents of those children tested. The results shall allow parents to ascertain the achievement levels and input variables of their children as compared with the other students within the district, the state and, if applicable, the nation.

(3) The superintendent of public instruction shall prepare and conduct, with the assistance of local school districts, an assessment to be administered annually to all grade eight students. The purposes of the assessment are to assist students, parents, and teachers in the planning and selection of appropriate high school programs and courses for the students and to provide comparisons within the district, the state and, if applicable, the nation. The assessment shall include but not be limited to tests in reading, mathematics, and language arts and a student interest inventory. The superintendent of public instruction shall make the results available to all local school districts which shall in turn make them available to students, parents, and teachers in a timely fashion.

(4) The superintendent of public instruction shall test approximately two thousand students distributed throughout the state in the eleventh grade once every two years. Choice of students shall be based on a statistical random sample of students from this grade level sufficient to generalize about all of the students at the grade level from the state's school districts. The purpose of the test is to allow the public, the legislature, and school district personnel to evaluate how Washington students in this grade compare to students in the same grade tested in other comparable national achievement surveys.

(5) The superintendent of public instruction shall report annually to the legislature on the achievement levels of students in grades four and eight and shall report biennially to the legislature on the achievement levels of students in grade eleven.

NEW SECTION. Sec. 9. This model test shall be called the "Washington life skills test" and shall be made available to school districts for use at the district's option. The test shall include questions designed to determine students' academic growth and proficiency in skills generally thought to be useful in adult life, including but not limited to English, vocabulary, communications, and mathematical skills as such skills relate to career, consumer, economic, health, and other issues important to individuals becoming productive citizens. The superintendent of public instruction shall develop and implement a process to review periodically the contents of the test and make changes as may be appropriate or necessary.

(2) School districts may establish their own policies and procedures governing the use of the test. Districts may use the test as a requirement for graduation in conjunction with other state and local graduation requirements or for other purposes as districts may determine.

Selection shall be made by a broadly based committee of professionals, after consideration of the results of the multiple criteria assessment.

(2) Students selected pursuant to procedures outlined in this section shall be provided, to the extent feasible, an educational opportunity which takes into account each student's unique needs and capabilities and the limits of the resources and program options available to the district, including those options which can be developed or provided by using funds allocated by the superintendent of public instruction for that purpose.

NEW SECTION. Sec. 14. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.16 RCW a new section to read as follows:

NEW SECTION. Sec. 5. The disciplining authority has the following authority:

(1) To adopt, amend, and rescind such rules as are deemed necessary to carry out this chapter;

(2) To investigate all complaints or reports of unprofessional conduct as defined in this chapter and to hold hearings as provided in this chapter;
(3) To issue subpoenas and administer oaths in connection with any investigation, hearing, or proceeding held under this chapter;

(4) To take or cause depositions to be taken and use other discovery procedures as needed in any investigation, hearing, or proceeding held under this chapter;

(5) To compel attendance of witnesses at hearings;

(6) In the course of investigating a complaint of unprofessional conduct, to conduct practice reviews;

(7) To take emergency action ordering summary suspension of a license, or restriction or limitation of the licensee's practice pending proceedings by the disciplining authority;

(8) To use the office of administrative hearings as authorized in chapter 34.12 RCW to conduct hearings. However, the disciplining authority shall make the final decision regarding disposition of the license;

(9) To use consultants or individual members of the boards to assist in the direction of investigations and issuance of statements of charges. However, the member of the board shall not subsequently participate in the hearing of the case;

(10) To enter into contracts for professional services determined to be necessary for adequate enforcement of this chapter;

(11) To contract with licensees or other persons or organizations to provide services necessary for the monitoring and supervision of licensees who are placed on probation, whose professional activities are restricted, or who are for any authorized purpose subject to monitoring by the disciplining authority;

(12) To adopt standards of professional conduct or practice;

(13) To grant or deny license applications, and in the event of a finding of unprofessional conduct by an applicant or license holder, to impose any sanction against a license applicant or license holder provided by this chapter;

(14) To enter into an assurance of discontinuance in lieu of issuing a statement of charges or conducting a hearing. The assurance shall consist of a statement of the law in question and an agreement to not violate the stated provision. The applicant or license holder shall not be required to admit to any violation of the law, nor shall the assurance be construed as such an admission. Violation of an assurance under this subsection is grounds for disciplinary action.

NEW SECTION. Sec. 6. In addition to the authority specified in section 5 of this act, the director has the following additional authority:

(1) To hire such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter;

(2) Upon the request of a board, to appoint pro tem members for the purpose of participating as members of one or more committees of the board in connection with proceedings specifically identified in the request.
Individuals so appointed must meet the same minimum qualifications as regular members of the board. While serving as board members pro tem, persons so appointed have all the powers, duties, and immunities, and are entitled to the emoluments, including travel expenses in accordance with RCW 43.03.050 and 43.03.060, of regular members of the board. The chairperson of a committee shall be a regular member of the board. Committees have authority to act as directed by the board with respect to all matters concerning the review, investigation, and adjudication of all complaints, allegations, charges, and matters subject to the jurisdiction of the board. The authority to act through committees does not restrict the authority of the board to act as a single body at any phase of proceedings within the board's jurisdiction. Board committees may make interim orders and issue final decisions with respect to matters and cases delegated to the committee by the board. Final decisions may be appealed as provided in chapter 34.04 RCW;

(3) To establish fees to be paid for witnesses, expert witnesses, and consultants used in any investigation and to establish fees to witnesses in any agency hearing or contested case as authorized by RCW 34.04.105(4).

NEW SECTION. Sec. 7. (1) The disciplining authority may adopt rules requiring any person, including, but not limited to, corporations, organizations, and federal, state, or local governmental agencies, to report to the disciplining authority any conviction, determination, or finding that a license holder has committed an act which constitutes unprofessional conduct, or to report information which indicates that the license holder may not be able to practice his or her profession with reasonable skill and safety to consumers as a result of a mental or physical condition.

(2) If a person fails to furnish a required report, the disciplining authority may petition the superior court of the county in which the person resides or is found, and the court shall issue to the person an order to furnish the required report. A failure to obey the order shall be punished by the court as civil contempt.

(3) A person is immune from civil liability, whether direct or derivative, for providing information to the disciplining authority pursuant to the rules adopted under subsection (1) of this section.

(4) The holder of a license subject to the jurisdiction of this chapter shall report to the disciplining authority any conviction, determination, or finding that the licensee has committed unprofessional conduct or is unable to practice with reasonable skill or safety. Failure to report within thirty days of notice of the conviction, determination, or finding constitutes grounds for disciplinary action.

NEW SECTION. Sec. 8. A person, firm, corporation, or public officer may submit a written complaint to the disciplining authority charging a license holder or applicant with unprofessional conduct and specifying the grounds therefor. If the disciplining authority determines that the complaint
merits investigation, or if the disciplining authority has reason to believe, without a formal complaint, that a license holder or applicant may have engaged in unprofessional conduct, the disciplining authority shall investigate to determine whether there has been unprofessional conduct.

NEW SECTION. Sec. 9. (1) If the disciplining authority determines, upon investigation, that there is reason to believe a violation of section 18 of this act has occurred, a statement of charge or charges shall be prepared and served upon the license holder or applicant at the earliest practical time. The statement of charge or charges shall be accompanied by a notice that the license holder or applicant may request a hearing to contest the charge or charges. The license holder or applicant must file a request for hearing with the disciplining authority within twenty days after being served the statement of charges. The failure to request a hearing constitutes a default, whereupon the disciplining authority may enter a decision on the basis of the facts available to it.

(2) If a hearing is requested, the time of the hearing shall be fixed by the disciplining authority as soon as convenient, but not earlier than thirty days after service of the charges upon the license holder or applicant. A notice of hearing shall be issued at least twenty days prior to the hearing, specifying the time, date, and place of the hearing. The notice shall also notify the license holder or applicant that a record of the proceeding will be kept, that he or she will have the opportunity to appear personally and to have counsel present, with the right to produce witnesses, who will be subject to cross-examination, and evidence in his or her own behalf, to cross-examine witnesses testifying against him or her, to examine such documentary evidence as may be produced against him or her, to conduct depositions, and to have subpoenas issued by the disciplining authority.

NEW SECTION. Sec. 10. The procedures governing contested cases before agencies under chapter 34.04 RCW, the administrative procedure act, govern all hearings before the disciplining authority. The disciplining authority has, in addition to the powers and duties set forth in this chapter, all of the powers and duties under chapter 34.04 RCW, which include, without limitation, all powers relating to the administration of oaths, the receipt of evidence, the issuance and enforcing of subpoenas, and the taking of depositions.

NEW SECTION. Sec. 11. (1) In the event of a finding of unprofessional conduct, the disciplining authority shall prepare and serve findings of fact and an order as provided in RCW 34.04.120. If the license holder or applicant is found to have not committed unprofessional conduct, the disciplining authority shall forthwith prepare and serve findings of fact and an order of dismissal of the charges, including public exoneration of the licensee or applicant. The findings of fact and order shall be retained by the disciplining authority as a permanent record.
(2) The disciplining authority shall report the issuance of statements of charges and final orders in cases processed by the disciplining authority to:

(a) The person or agency who brought to the disciplining authority's attention information which resulted in the initiation of the case;

(b) Appropriate organizations, public or private, which serve the professions;

(c) The public. Notification of the public shall include press releases to appropriate local news media and the major news wire services, and

(d) Counterpart licensing boards in other states, or associations of state licensing boards.

(3) This section shall not be construed to require the reporting of any information which is exempt from public disclosure under chapter 42.17 RCW.

NEW SECTION. Sec. 12. The department shall not issue any license to any person whose license has been denied, revoked, or suspended by the disciplining authority except in conformity with the terms and conditions of the certificate or order of denial, revocation, or suspension, or in conformity with any order of reinstatement issued by the disciplining authority, or in accordance with the final judgment in any proceeding for review instituted under this chapter.

NEW SECTION. Sec. 13. An order pursuant to proceedings authorized by this chapter, after due notice and findings in accordance with this chapter and chapter 34.04 RCW, or an order of summary suspension entered under this chapter, shall take effect immediately upon its being served. The order, if appealed to the court, shall not be stayed pending the appeal unless the court to which the appeal is taken enters an order staying the order of the disciplining authority, which stay shall provide for terms necessary to protect the public.

NEW SECTION. Sec. 14. An individual who has been disciplined or whose license has been denied by a disciplining authority may appeal the decision as provided in chapter 34.04 RCW.

NEW SECTION. Sec. 15. A person whose license has been suspended or revoked under this chapter may petition the disciplining authority for reinstatement after an interval as determined by the disciplining authority in the order. The disciplining authority shall hold hearings on the petition and may deny the petition or may order reinstatement and impose terms and conditions as provided in section 16 of this act and issue an order of reinstatement. The disciplining authority may require successful completion of an examination as a condition of reinstatement.

NEW SECTION. Sec. 16. Upon a finding that a license holder or applicant has committed unprofessional conduct or is unable to practice with
reasonable skill and safety due to a physical or mental condition, the disciplining authority may issue an order providing for one or any combination of the following:

1. Revocation of the license;
2. Suspension of the license for a fixed or indefinite term;
3. Restriction or limitation on the license holder's practice;
4. The establishment of a requirement that the license holder satisfactorily complete a specific program of remedial education or treatment;
5. The monitoring of the license holder's practice by a supervisor approved by the disciplining authority;
6. Censure or reprimand;
7. Compliance with conditions of probation for a designated period of time;
8. Payment of a fine for each violation of this chapter, not to exceed one thousand dollars per violation. Funds received shall be placed in the health professions account;
9. Denial of the license request;
10. Corrective action by the license holder;
11. Refund of fees charged to the consumer by the license holder.

Any of the actions under this section may be totally or partly stayed by the disciplining authority. In determining what action is appropriate, the disciplining authority must first consider what sanctions are necessary to protect or compensate the public. Only after such provisions have been made may the disciplining authority consider and include in the order requirements designed to rehabilitate the license holder or applicant. All costs associated with compliance with orders issued under this section are the obligation of the license holder or applicant.

NEW SECTION. Sec. 17. (1) If the disciplining authority believes a license holder or applicant may be unable to practice with reasonable skill and safety to consumers by reason of any mental or physical condition, a statement of charges in the name of the disciplining authority shall be served on the license holder or applicant and notice shall also be issued providing an opportunity for a hearing. The hearing shall be limited to the sole issue of the capacity of the license holder or applicant to practice with reasonable skill and safety. If the disciplining authority determines that the license holder or applicant is unable to practice with reasonable skill and safety for one of the reasons stated in this subsection, the disciplining authority shall impose such sanctions under section 16 of this act as is deemed necessary to protect the public.

(2) In enforcing this section, the disciplining authority may require a license holder or applicant to submit to a mental or physical examination by one or more physicians, a psychological examination by one or more licensed psychologists designated by the disciplining authority, or any combination thereof. The cost of the examinations ordered by the disciplining
authority shall be paid out of the health professions account. In addition to any examinations ordered by the disciplining authority, the licensee may submit psychiatric, physical, or psychological examination reports from physicians or psychologists of the license holder's or applicant's choosing and expense. Failure of a license holder or applicant to submit to examination when directed constitutes grounds for immediate suspension or denial of the license, consequent upon which a default and final order may be entered without the taking of testimony or presentations of evidence, unless the failure was due to circumstances beyond the person's control. A determination by a court of competent jurisdiction that a license holder or applicant is mentally incompetent or mentally ill is presumptive evidence of the license holder's or applicant's inability to practice with reasonable skill and safety. An individual affected under this section shall at reasonable intervals be afforded an opportunity to demonstrate that the individual can resume competent practice with reasonable skill and safety to the consumer.

(3) For the purpose of subsection (2) of this section, an applicant or license holder governed by this chapter, by making application, practicing, or filing a license renewal, is deemed to have given consent to submit to a mental, physical, or psychological examination when directed in writing by the disciplining authority and further to have waived all objections to the admissibility or use of the examining physician's or psychologist's testimony or examination reports by the disciplining authority on the ground that the testimony or reports constitute privileged communications.

NEW SECTION. Sec. 18. The following conduct, acts, or conditions constitute unprofessional conduct for any license holder or applicant under the jurisdiction of this chapter:

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. The disciplinary authority shall define by rule acts involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;
(4) Incompetence, negligence, or use of any practice or procedure in the practice of the profession which creates an unreasonable risk of physical or mental harm or serious financial loss to the consumer;

(5) Suspension, revocation, or restriction of the individual's license to practice the profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) The possession, use, addiction to, prescription for use, diversion, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, or violation of any drug law, or prescribing drugs for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:
   (a) Not furnishing any papers or documents;
   (b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority; or
   (c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding;

(9) Failure to comply with an order issued by the disciplining authority or an assurance of discontinuance entered into with the disciplining authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Wilful or repeated violations of rules established by any health agency or authority of the state or a political subdivision thereof;

(12) Practice beyond the scope of practice as defined by law;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been
deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(20) The willful betrayal of a practitioner-patient privilege as recognized by law;

(21) Violation of chapter 19.68 RCW;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action;

(23) Drunkenness or habitual intemperance in the use of alcohol or addiction to alcohol;

(24) Physical abuse or sexual contact with a client or patient.

NEW SECTION. Sec. 19. (1) The director shall investigate bona fide complaints concerning practice by unlicensed individuals of a profession requiring a license. In the investigation of the complaints, the director shall have the same authority as provided the director for the investigation of complaints against license holders. The director shall issue a cease and desist order to a person after notice and hearing and upon a determination that the person has violated this subsection. If the director makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the director may issue a temporary cease and desist order. The cease and desist order shall not relieve the person so practicing without a license from criminal prosecution therefor, but the remedy of a cease and desist order shall be in addition to any criminal liability.

(2) The attorney general, a county prosecuting attorney, the director, a board, or any individual may in accordance with the laws of this state governing injunctions, maintain an action in the name of this state to enjoin any individual practicing a licensed profession without a license from engaging in such practice until the required license is secured. However, the injunction shall not relieve the person so practicing without a license from criminal prosecution therefor, but the remedy by injunction shall be in addition to any criminal liability.

(3) Practice of a profession specified in section 4 of this act without a license, unless otherwise exempted by law, constitutes a gross misdemeanor.
NEW SECTION. Sec. 20. A person who attempts to obtain a license by wilful misrepresentation or fraudulent representation is guilty of a misdemeanor.

NEW SECTION. Sec. 21. The director, members of the boards, or individuals acting on their behalf are immune from suit in any action, civil or criminal, based on any disciplinary proceedings or other official acts performed in the course of their duties.

NEW SECTION. Sec. 22. If the disciplining authority determines or has cause to believe that a license holder has committed a crime, the disciplining authority shall, in addition to taking the appropriate administrative action, concurrently notify the attorney general or the county prosecuting attorney in the county in which the act took place of the facts known to the disciplining authority.

NEW SECTION. Sec. 23. The disciplinary authority shall submit a report to the legislature on January 1 of each odd-numbered year on its proceedings during the biennium, detailing the number of complaints made, investigated, and adjudicated and manner of disposition. The report may include recommendations for improving the disciplinary process, including proposed legislation. The department of licensing shall develop a uniform report format.

NEW SECTION. Sec. 24. This chapter shall be known and cited as the uniform disciplinary act.

Sec. 25. Section 1, chapter 52, Laws of 1971 as amended by section 104, chapter 158, Laws of 1979 and RCW 43.24.140 are each amended to read as follows:

Notwithstanding any provision of law to the contrary which provides for a licensing period for any type of license subject to this chapter, the director of licensing may, from time to time, extend or otherwise modify the duration of any licensing, certification, or registration period, whether an initial or renewal period, if the director determines that it would result in a more economical or efficient operation of state government and that the public health, safety, or welfare would not be substantially adversely affected thereby. However, no license, certification, or registration may be issued or approved for a period in excess of four years, without renewal. Such extension, reduction, or other modification of a licensing, certification, or registration period shall be by rule or regulation of the department of licensing adopted in accordance with the provisions of chapter 34.04 RCW. Such rules and regulations may provide a method for imposing and collecting such additional proportional fee as may be required for the extended or modified period.

Passed the Senate March 2, 1984.
Approved by the Governor March 29, 1984, with the exception of sections 64, 65(3), 66, 67, 70(3) and (4), which were vetoed.
Filed in Office of Secretary of State March 29, 1984.

Note: Governor's explanation of partial veto is as follows:

I am returning herewith, without my approval as to certain provisions, Substitute House Bill No. 1178, entitled:

"AN ACT Relating to the regulation of health and health-related professions and businesses."

Section 64 adds very detailed and inappropriate language to the statute regulating nursing home administrators.

Sections 64 and 65 (3) would exempt from all regulation the administrators of nursing homes operated by churches teaching healing by faith alone. I believe it is important to recognize that the regulation of nursing homes and their administrators deals with far more than medical treatment. Therefore, the current exemptions from medically-related regulations are more appropriate than blanket deregulation.

Sections 66 and 67 would raise the educational requirement for licensure of nursing home administrators from an associate degree to a bachelor's degree. This kind of educational requirement, unrelated to the practice of the occupation, is inappropriate because it tends to increase consumer costs and decrease job opportunities without promising any improvement in service.

Sections 70(3) and (4) would reduce the state's ability to discipline licensed nursing home administrators by removing the ability to discipline for knowing violations of the statute. Knowing violation should be retained as a basis of discipline.

With the exception of these provisions, Substitute House Bill No. 1178 is approved.

CHAPTER 280
[Substitute House Bill No. 1163]
CREDIT TRANSACTIONS

WASHINGTON LAWS, 1984

Be it enacted by the Legislature of the State of Washington:

The term includes but is not limited to merchandise certificates or coupons, issued by a retail seller, to be used in their face amount in lieu of cash in exchange for goods or services sold by such a seller and goods which, at the time of sale or subsequently, are to be so affixed to real property as to become a part thereof, whether or not severable therefrom;

(2) "Lender credit card" means a card or device under a lender credit card agreement pursuant to which the issuer gives to a cardholder residing in this state the privilege of obtaining credit from the issuer or other persons in purchasing or leasing property or services, obtaining loans, or otherwise, and the issuer of which is not: (a) Principally engaged in the business of selling goods; or (b) a financial institution;

(3) "Lender credit card agreement" means an agreement entered into or performed in this state prescribing the terms of retail installment transactions pursuant to which the issuer may, with the buyer's consent, purchase or acquire one or more retail sellers' indebtedness of the buyer under a sales slip or memorandum evidencing the purchase, lease, loan, or otherwise to be paid in accordance with the agreement. The issuer of a lender credit card agreement shall not be principally engaged in the business of selling goods or be a financial institution;

(4) "Financial institution" means any bank or trust company, mutual savings bank, credit union, or savings and loan association organized pursuant to the laws of any one of the United States of America or the United States of America, or the laws of a foreign country if also qualified to conduct business in any one of the United States of America or pursuant to the laws of the United States of America;

"Retail installment contract" or "contract" means a contract, other than a retail charge agreement, a lender credit card agreement, or an instrument reflecting a sale made pursuant thereto, entered into or performed in this state for a retail installment transaction. The term "retail installment contract" may include a chattel mortgage, a conditional sale contract, and a contract in the form of a bailment or a lease if the bailee or lessee contracts to pay as compensation for their use a sum substantially equivalent to or in excess of the value of the goods sold and if it is agreed that the bailee or lessee is bound to become, or for no other or a merely nominal consideration, has the option of becoming the owner of the goods upon full compliance with the provisions of the bailment or lease. The term "retail installment contract" does not include: (a) A "consumer lease," heretofore or hereafter entered into, as defined in RCW 63.10.020; or (b) a lease which would constitute such "consumer lease" but for the fact that: (i) It was entered into before April 29, 1983; (ii) the lessee was not a natural person; (iii) the lease was not primarily for personal, family, or household purposes; or (iv) the total contractual obligations exceeded twenty-five thousand dollars;

The holder of any retail installment contract ((or)), retail charge agreement, or lender credit card agreement may not collect any delinquency or collection charges, including any attorney's fee and court costs and disbursements, unless the contract ((or)), charge agreement, or lender credit card agreement so provides. In such cases, the charges shall be reasonable, and no attorney's fee may be recovered unless the contract ((or)), charge agreement, or lender credit card agreement is referred for collection to an attorney not a salaried employee of the holder.

The contract ((or)), charge agreement, or lender credit card agreement may contain other provisions not inconsistent with the purposes of this chapter, including but not limited to provisions relating to refinancing, transfer of the buyer's equity, construction permits, and title reports.

Sec. 3. Section 12, chapter 236, Laws of 1963 as last amended by section 4, chapter 77, Laws of 1981 and RCW 63.14.120 are each amended to read as follows:

(3) Every retail charge agreement shall contain the following notice in ten point bold face type or larger directly above the space reserved in the charge agreement for the signature of the buyer: NOTICE TO BUYER:

(a) Do not sign this retail charge agreement before you read it or if any spaces intended for the agreed terms are left blank.
(b) You are entitled to a copy of this charge agreement at the time you sign it.
(c) You may at any time pay off the full unpaid balance under this charge agreement.
(d) You may cancel any purchases made under this charge agreement if the seller or his representative solicited in person such purchase, and you sign an agreement for such purchase, at a place other than the seller's business address shown on the charge agreement, by sending notice of such cancellation by certified mail return receipt requested to the seller at his address shown on the charge agreement, which notice shall be posted not later than midnight of the third day (excluding Sundays and holidays) following your signing of the purchase agreement. If you choose to cancel this purchase, you must return or make available to seller at the place of delivery any merchandise, in its original condition, received by you under this purchase agreement.

NEW SECTION. Sec. 4. There is added to chapter 236, Laws of 1963 and to chapter 63.14 RCW a new section to read as follows:
A lender credit card agreement may not contain any provision for a security interest in real or personal property or fixtures of the buyer to secure payment of performance of the buyer's obligation under the lender credit card agreement.

Sec. 5. Section 13, chapter 236, Laws of 1963 as last amended by section 5, chapter 77, Laws of 1981 and RCW 63.14.130 are each amended to read as follows:

The service charge shall be inclusive of all charges incident to investigating and making the retail installment contract or charge agreement and for the privilege of making the installment payments thereunder and no other fee, expense or charge whatsoever shall be taken, received, reserved or contracted therefor from the buyer.

(1) The service charge, in a retail installment contract, shall not exceed the highest of the following:

(a) A rate on outstanding unpaid balances which exceeds six percentage points above the average, rounded to the nearest one-quarter of one percent, of the equivalent coupon issue yields (as published by the Federal Reserve Bank of San Francisco) of the bill rates for twenty-six week treasury bills for the last market auctions conducted during February, May, August, and November of the year prior to the year in which the retail installment contract is executed; or

(b) Ten dollars.

(2) The service charge in a retail charge agreement, revolving charge agreement, lender credit card agreement, or charge agreement, shall not exceed one and one-half percent per month on the outstanding unpaid balances. If the service charge so computed is less than one dollar for any month, then one dollar may be charged.

(3) A service charge may be computed on the median amount within a range which does not exceed ten dollars and which is a part of a published schedule of consecutive ranges applied to an outstanding balance, provided the median amount is used in computing the service charge for all balances within such range.

Sec. 6. Section 14, chapter 236, Laws of 1963 and RCW 63.14.140 are each amended to read as follows:

If the cost of any insurance is included in the retail installment contract ((or)), retail charge agreement, or lender credit card agreement:

(1) The contract or agreement shall state the nature, purpose, term, and amount of such insurance, and in connection with the sale of a motor vehicle, the contract shall state that the insurance coverage ordered under the terms of this contract does not include "bodily injury liability," "public liability," and "property damage liability" coverage, where such coverage is in fact not included;

(2) The contract or agreement shall state whether the insurance is to be procured by the buyer or the seller;
(3) The amount, included for such insurance, shall not exceed the premiums chargeable in accordance with the rate fixed for such insurance by the insurer, except where the amount is less than one dollar;

(4) If the insurance is to be procured by the seller or holder, he shall, within forty-five days after delivery of the goods or furnishing of the services under the contract, deliver, mail or cause to be mailed to the buyer, at his or her address as specified in the contract, a notice thereof or a copy of the policy or policies of insurance or a certificate or certificates of the insurance so procured.

No provision of a retail installment contract ((or)), retail charge agreement ((which)), or lender credit card agreement is valid by which the buyer agrees not to assert against the seller or against an assignee a claim or defense arising out of the sale, or by which the buyer agrees to submit to suit in a county other than the county where the buyer signed the contract or where the buyer resides or has his principal place of business.

Sec. 8. Section 9, chapter 77, Laws of 1981 and RCW 63.14.151 are each amended to read as follows:

Any retail installment contract ((or)), retail charge agreement ((which)), or lender credit card agreement that complies with the disclosure requirements of Title I of the federal consumer protection act (82 Stat. 146, 15 U.S.C. 1601) which is also known as the truth in lending act, as of the date upon which said retail installment contract ((or)), revolving charge agreement, or lender credit card agreement is executed, shall be deemed to comply with the disclosure provisions of chapter 63.14 RCW.

Sec. 9. Section 16, chapter 236, Laws of 1963 and RCW 63.14.160 are each amended to read as follows:

No act or agreement of the retail buyer before or at the time of the making of a retail installment contract, retail charge agreement, lender credit card agreement, or purchases thereunder shall constitute a valid waiver of any of the provisions of this chapter or of any remedies granted to the buyer by law.

Sec. 10. Section 10, chapter 77, Laws of 1981 and RCW 63.14.165 are each amended to read as follows:

A ((lender)) financial institution credit card is a card or device issued under an arrangement pursuant to which the ((issuer)) issuing financial institution gives to a card holder residing in this state the privilege of obtaining credit from the issuer or other persons in purchasing or leasing property or services, obtaining loans, or otherwise, and the issuer of which is not principally engaged in the business of selling goods.
Except as provided in section 11 of this act, a ((lender)) financial institution credit card agreement and credit extended pursuant to it is not subject to the provisions of this chapter but shall be subject to the provisions of chapter 19.52 RCW.

*NEW SECTION. Sec. 11. There is added to chapter 236, Laws of 1963 and to chapter 63.14 RCW a new section to read as follows:

(1) Pursuant to a lender credit card or financial institution credit card transaction in which a credit card has been used to obtain credit, the seller is a person other than the card issuer, and the seller accepts or allows a return of goods or forgiveness of a debit for services that were the subject of the sale, credit shall be applied to the obligor's account as provided by this section.

(2) Within seven working days after a transaction in which an obligor becomes entitled to credit, the seller shall transmit a statement to the card issuer through the normal channels established by the card issuer for the transmittal of such statements. The credit card issuer shall credit the obligor's account within three working days following receipt of a credit statement from the seller.

(3) The obligor is not responsible for payment of any service charges resulting from the seller's or card issuer's failure to comply with subsection (2) of this section.

(4) The seller is responsible for payment of any service charges resulting from the seller's failure to comply with subsection (2) of this section.

(5) An issuer issuing a lender credit card or financial institution credit card shall mail or deliver a notice of the provisions of this section at least once per calendar year, at intervals of not less than six months nor more than eighteen months, either to all cardholders or to each cardholder entitled to receive a periodic statement for any one billing cycle. The notice shall state that the obligor is not responsible for payment of any service charges resulting from the seller's or card issuer's failure to comply with subsection (2) of this section.

*Sec. 11 was partially vetoed, see message at end of chapter.

Sec. 12. Section 18, chapter 236, Laws of 1963 as amended by section 10, chapter 234, Laws of 1967 and RCW 63.14.180 are each amended to read as follows:

Any person who enters into a retail installment contract ((or)), charge agreement ((which)), or lender credit card agreement that does not comply with the provisions of this chapter or who violates any provision of this chapter except as a result of an accidental or bona fide error shall be barred from the recovery of any service charge, official fees, or any delinquency or collection charge under or in connection with the related retail installment contract or purchases under a retail charge agreement or lender credit card agreement; but such person may nevertheless recover from the buyer an amount equal to the cash price of the goods or services and the cost to such
person of any insurance included in the transaction: PROVIDED, That if the service charge is in excess of that allowed by RCW 63.14.130, except as the result of an accidental or bona fide error, the buyer shall be entitled to an amount equal to the total of (1) twice the amount of the service charge paid, and (2) the amount of the service charge contracted for and not paid, plus (3) costs and reasonable attorneys' fees. The reduction in the cash price by the application of the above sentence shall be applied to diminish pro rata each future installment of principal amount payable under the terms of the contract or agreement.

NEW SECTION. Sec. 13. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Passed the House March 5, 1984.
Passed the Senate March 4, 1984.
Approved by the Governor March 29, 1984, with the exception of section 11(4), which was vetoed.
Filed in Office of Secretary of State March 29, 1984.

Note: Governor's explanation of partial veto is as follows:

I am returning herewith, without my approval as to one section, Substitute House Bill No. 1163, entitled: "AN ACT Relating to credit transactions."

This bill places credit cards issued by companies which are not financial institutions nor retail businesses in the same category as credit cards issued by retail businesses. The bill also provides additional protection to the user of the credit card where his returned goods or otherwise secured forgiveness of the debt for which the card was used. This bill clarifies that the credit card user is not responsible for the payment of service charges resulting from the failure of a retailer or of the card issuer to properly process the advice of credit. However, subsection 4 of section 11 goes beyond protection of the holder of the card and unnecessarily stipulates that, as between the issuer of the card and the retailers, the retailers will bear the burden of the surcharges where they are at fault. This issue should be left to agreement between the card issuer and the retailers honoring the card.

With the exception of section 11(4), Substitute House Bill No. 1163 is approved.

CHAPTER 281
[Engrossed Substitute Senate Bill No. 4448]
MINOR HEALTH CARE SERVICES

AN ACT Relating to the regulation of persons who perform minor health care services; adding a new chapter in Title 18 RCW; adding a new section to chapter 18.36 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:
NEW SECTION. Sec. 1. It is in the public interest that limited authority to administer skin tests and subcutaneous, intradermal, intramuscular, and intravenous injections and to perform minor invasive procedures to withdraw blood in this state be granted to health care assistants who are not so authorized under existing licensing statutes, subject to such regulations as will assure the protection of the health and safety of the patient.

NEW SECTION. Sec. 2. As used in this chapter:
(1) "Director" means the director of licensing.
(2) "Health care assistant" means an unlicensed person who assists a licensed health care practitioner in providing health care to patients pursuant to this chapter.
(3) "Health care practitioner" means a physician licensed under chapter 18.71 RCW, an osteopathic physician or surgeon licensed under chapter 18.57 RCW, or, acting within the scope of their respective licensures, a podiatrist licensed under chapter 18.22 RCW or a registered nurse licensed under chapter 18.88 RCW.
(4) "Supervision" means supervision of procedures permitted pursuant to this chapter by a health care practitioner who is physically present and is immediately available in the facility during the administration of injections, as defined in this chapter, but need not be present during procedures to withdraw blood.
(5) "Health care facility" means any hospital, hospice care center, licensed or certified health care facility, health maintenance organization regulated under chapter 48.46 RCW, federally qualified health maintenance organization, renal dialysis center or facility federally approved under 42 C.F.R. 405.2100, or blood bank federally licensed under 21 C.F.R. 607.
(6) "Delegation" means direct authorization granted by a licensed health care practitioner to a health care assistant to perform the functions authorized in this chapter which fall within the scope of practice of the delegator and which are not within the scope of practice of the delegatee.

NEW SECTION. Sec. 3. A certification issued to a health care assistant pursuant to this chapter shall be authority to perform only the functions authorized in section 1 of this act subject to proper delegation and supervision in the health care facility making the certification or under the supervision of the certifying health care practitioner in other health care facilities or in his or her office. No certification made by one health care facility or health care practitioner is transferrable to another health care facility or health care practitioner.

NEW SECTION. Sec. 4. The director, or the director's designee, with the advice of designees of the board of medical examiners, the board of osteopathic medicine and surgery, the podiatry board, and the board of nursing, shall adopt rules necessary to administer, implement, and enforce this chapter and establish the minimum uniform requirements necessary for a
health care facility or health care practitioner to certify a health care assistant capable of performing the functions authorized in this chapter. These requirements shall ensure that the public health and welfare are protected and shall include, but not be limited to, the following factors:

(1) The education and occupational qualifications of the health care assistant including types and limitation of drugs or diagnostic agents which may be administered by injection by a health care assistant;

(2) The work experience of the health care assistant; and

(3) The instruction and training provided to the health care assistant.

NEW SECTION. Sec. 5. (1) Any health care facility may certify a health care assistant to perform the functions authorized in this chapter in that health care facility; and any health care practitioner may certify a health care assistant capable of performing such services in any health care facility, or in his or her office, under a health care practitioner's supervision. Before certifying the health care assistant, the health care facility or health care practitioner shall verify that the health care assistant has met the minimum requirements established by the director under this chapter. These requirements shall not prevent the certifying entity from imposing such additional standards as the certifying entity considers appropriate. The health care facility or health care practitioner shall provide the licensing authority with a certified roster of health care assistants who are certified.

(2) Certification of a health care assistant shall be effective for a period of two years. Recertification is required at the end of this period. Requirements for recertification shall be established by rule.

NEW SECTION. Sec. 6. Any health care assistant certified pursuant to this chapter shall perform the functions authorized in this chapter only by delegation of authority from the health care practitioner and under the supervision of a health care practitioner acting within the scope of his or her license. In the case of subcutaneous, intradermal and intramuscular and intravenous injections, a health care assistant may perform such functions only under the supervision of a health care practitioner having authority, within the scope of his or her license, to order such procedures.

NEW SECTION. Sec. 7. The licensing authority of health care facilities or the disciplinary board of the delegating or supervising health care practitioner shall investigate all complaints or allegations of violations of proper certification of a health care assistant or violations of delegation of authority or supervision. A substantiated violation shall constitute sufficient cause for disciplinary action by the licensing authority of a health care facility or the disciplinary board of the health care practitioner.

NEW SECTION. Sec. 8. The director or the director's designee shall decertify a health care assistant based on a finding that the assistant has obtained certification through misrepresentation or concealment of a material fact or has engaged in unsafe or negligent practices.
NEW SECTION. Sec. 9. The performance of the functions authorized in this chapter by a health care assistant pursuant to this chapter does not constitute unlicensed practice as a health care practitioner.

NEW SECTION. Sec. 10. The department of licensing shall provide to the legislature on January 3, 1985, a report on the standards and rules established to implement sections 1 through 9 of this act.

*NEW SECTION. Sec. 11. There is added to chapter 18.36 RCW a new section to read as follows:

A person licensed to practice drugless healing as a naturopathic physician may draw blood for diagnostic purposes.

*Sec. 11. was vetoed, see message at end of chapter.

NEW SECTION. Sec. 12. Sections 1 through 9 of this act shall constitute a new chapter in Title 18 RCW.

Passed the Senate March 6, 1984.
Passed the House March 6, 1984.
Approved by the Governor March 29, 1984, with the exception of section 11, which was vetoed.
Filed in Office of Secretary of State March 29, 1984.

Note: Governor's explanation of partial veto is as follows:

I am returning herewith, without my approval as to section 11 of Substitute Senate Bill No. 4448, entitled:

"AN ACT Relating to the regulations who perform minor health care services."

Recently, legal impediments have surfaced to the common practice of permitting unlicensed health care assistants to administer injections and withdraw blood. These unlicensed practitioners are medical technicians, medical assistants, and others giving shots and withdrawing blood in various laboratories, blood banks, and clinics. If only licensed practitioners were permitted to do these procedures, health care costs would be driven up considerably. I support this measure.

Section 11 of this bill does present a problem, however. This section adds naturopathic physicians to those permitted to draw blood. It has not been common practice for naturopathic physicians to draw blood or utilize blood samples in their diagnostic process. While ultimately this may prove to be an appropriate addition to the authorized actions of naturopaths, I am concerned that their addition to this bill was accomplished without sufficient in-depth consideration of the consequences.

With the exception of section 11, Substitute Senate Bill No. 4448, is approved.

CHAPTER 282
[Second Substitute House Bill No. 689]
SMALL BUSINESS IMPROVEMENT COUNCIL

AN ACT Relating to small business; adding a new chapter to Title 43 RCW; creating new sections; making appropriations; providing expiration dates; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds that the small businesses in the state of Washington are essential to the well-being of the
state’s economy and that these businesses have unique needs and problems that must be dealt with to insure a healthy economy for all of the citizens of the state. The legislature further recognizes that small businesses represent a majority of the businesses in this state and that it is vital that the ability of small businesses be enhanced to provide more jobs for Washington workers, insure essential economic competition, and broaden the industrial base of Washington industries. To stimulate the expansion of small business growth and resultant new jobs, the legislature finds that:

1. There is a need for an overall coordination within the state that can integrate, coordinate, and provide services to small businesses and more efficiently use the individual operating entities as they now exist; and

2. There is a need for additional services for the small business community in the areas of financing, dealing with regulatory problems, and encouraging more small businesses to export their products and services overseas.

3. There is a need for an advisory council to establish long-range policy recommendations for state delivered small business programs.

NEW SECTION. Sec. 2. As used in this chapter, a "small business assistance program" is any service offered by a unit of state government where the majority of the services attempt to aid or assist in the establishment, expansion, or management of a small business as defined in RCW 43.31.920.

*NEW SECTION. Sec. 3. (1) There is established the small business assistance coordinating council, referred to in this chapter as "the council."

(2) The council shall consist of nine persons, three of whom shall be appointed by the governor. The council shall include the director of commerce and economic development or its successor, the director of planning and community affairs or its successor, two members of the house of representatives, one from each of the two political parties with the largest number of members, appointed by the speaker of the house of representatives from the house committee on commerce and economic development or its successor, and two members of the senate, one from each of the two political parties with the largest number of members, appointed by the president of the senate from the senate committee on commerce and labor or its successor. The members appointed by the governor shall include representatives of small businesses from the various geographic areas of the state one or two of whom shall also represent minority-owned business and women-owned business. The council shall elect a chairman from among the voting members. The planning and community affairs agency or its successor is responsible for providing administrative support to the council and shall keep a record of the proceedings of each council meeting.

(3) All voting members of the council shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.
(4) If a vacancy in an appointive position on the council occurs by death, resignation, or otherwise, the governor shall fill the position for the unexpired term. Any members of the council, appointive or otherwise, may be removed for malfeasance or misfeasance in office, upon specific written charges by the governor.

*Sec. 3. was vetoed, see message at end of chapter.*

NEW SECTION. Sec. 4. The council shall be responsible for:

1. Reviewing the small business assistance programs now being offered by all units of state government except the federally funded service centers administered by the department of transportation and approved by the federal highway administration;

2. Reviewing the contract between the small business development center and the federal small business administration, and the contract between the small business development center and the federal economic development administration; and

3. Reviewing the coordination of all small business assistance programs and making recommendations to reduce duplication of services and to increase the efficiency of available programs.

NEW SECTION. Sec. 5. To enable the council to carry out its responsibilities, every unit of state government which provides a small business assistance program shall report to the small business assistance coordinating council in writing by September 1, 1984. The report shall include:

1. A description of the small business assistance program offered by the unit of state government;

2. The amount of state funds expended to operate the small business assistance program;

3. The sources and amount of any other funds available to the unit of government to operate a small business assistance program and the extent to which the funds are being used by the unit of state government;

4. The method by which the activity is being delivered by the unit of state government to the small business community;

5. Information on the benefits derived from the program; and

6. Any other information as may be requested by the council.

NEW SECTION. Sec. 6. The small business assistance coordinating council shall report to the legislature and governor by December 31, 1984, on recommendations to improve the dissemination of small business assistance in the state. The report shall include:

1. A description of the types, quantity, and benefits of small business assistance available in the state including federal, state, and local programs;

Passed the House March 6, 1984.
Passed the Senate March 6, 1984.
Approved by the Governor March 29, 1984, with the exception of sections 3, 9, 10, 11 and 12, which was vetoed.
Filed in Office of Secretary of State March 29, 1984.

Note: Governor’s explanation of partial veto is as follows:
I am returning herewith without my approval, as to certain sections, Second Substitute House Bill No. 689, entitled:
"AN ACT Relating to small business."

This measure creates both the Small Business Assistance Advisory Council and the Small Business Improvement Council. The purpose of the two councils is to identify and resolve small business program duplications in state government and to recommend actions to remove governmental restrictions that would inhibit the growth of small businesses.

Clearly, two councils are unnecessary and duplicative. Therefore, I have vetoed section 3 of this measure. The council created therein is unduly restrictive in its appointment process, jeopardizing the separation of powers between the executive and legislative branches.

In addition, I have vetoed sections 9, 10, 11, and 12 of the bill as these provisions specifically provide the internal organization structure of the remaining council, a subject which is better left to the council to determine after its formation.

With the exception of sections 3, 9, 10, 11, and 12, Second Substitute House Bill No. 689 is approved.

**CHAPTER 283**
[House Bill No. 880]
**PAYMENT OF HEALTH CARE SERVICES**

AN ACT Relating to health care services; amending section 1, chapter 168, Laws of 1982 and RCW 48.44.026; and adding a new section to Article 3 of Title 62A RCW.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 1, chapter 168, Laws of 1982 and RCW 48.44.026 are each amended to read as follows:
Checks in payment for claims pursuant to any health care service contract for health care services provided by persons licensed or regulated under chapters 18.22, 18.25, 18.29, 18.32 (or), 18.53, 18.57, 18.71, 18.74, 18.83, or 18.88 RCW, where the provider is not a participant under a contract with the health care service contractor, shall be made out to both the provider and the insured, jointly, to require endorsement by each: PROVIDED, That payment shall be made in the single name of the insured if the insured as part of his or her claim furnishes evidence of prepayment to the health care service provider: AND PROVIDED FURTHER, That nothing in this section shall preclude a health care service contractor from voluntarily issuing payment in the single name of the provider.

*NEW SECTION. Sec. 2. There is added to Article 3 of Title 62A RCW a new section to read as follows:

If an instrument under RCW 48.44.026 requires indorsement by more than one person and the instrument is not so indorsed, the initial party who accepts the negotiation of the instrument is liable for the value of the instrument and the costs of collection, including reasonable attorneys' fees.

*Sec. 2. was vetoed, see message at end of chapter.

Passed the House March 6, 1984.
Passed the Senate March 6, 1984.
Approved by the Governor March 29, 1984, with the exception of section 2, which was vetoed.
Filed in Office of Secretary of State March 29, 1984.

Note: Governor's explanation of partial veto is as follows:

I am returning herewith without my approval, as to section 2, House Bill No. 880, entitled:

"AN ACT Relating to health care services."

This measure, in section 1, adds to existing law a number of additional health care providers to whom checks and payments for claims under any health service contract must be made payable to both the provider and the insured, jointly.

Section 2, however, adds to the Uniform Commercial Code a provision establishing liability on the initial party accepting negotiation without obtaining the endorsement of all the payees for the value of the instrument, cost of collection and reasonable attorneys' fees. This section is ill-advised. First, the language is inconsistent with other provisions of Article 3 of the Uniform Commercial Code. Second, the provision would appear to be unnecessary. Under current law, a joint payee whose endorsement is not obtained on a check which is paid absent that endorsement has remedies available against all other parties in the collection process. This provision may reduce the joint payee's possibility of recovery except against the "initial party."

With the exception of section 2, House Bill No. 880 is approved.

(21) Assuring persons who are or have been employed in classified positions under chapter 28B.16 RCW will be eligible for employment, reemployment, transfer, and promotion in respect to classified positions covered by this chapter and with the same preferences as are granted to employees who are or have been employed in classified positions covered by this chapter, except that persons whose employment is terminated by an agency pursuant to a reduction in force shall have preference in respect to appointment to openings in classified positions for which they are eligible in that agency.

*Sec. 3. was vetoed, see message at end of chapter.

*NEW SECTION. Sec. 8. There is added to chapter 41.06 RCW a new section to read as follows:

(1) It is the employment policy of the state of Washington that state officials emphasize maintaining those direct service positions which permit the agency to carry out its legislatively mandated missions. As a general rule, employment practices shall not disproportionately favor management positions. When hirings or reductions in the work force, or other employment decisions occur, the ratio of management to nonmanagement full-time equivalent positions shall not increase. The board shall prepare an official record of the hearing, including all testimony, recorded manually or by mechanical device, and exhibits; but it may not be required to transcribe such record unless requested by the employee. If requested, the board shall furnish a complete transcript upon payment of a reasonable charge therefor. The employee shall be reimbursed by the employing agency for the cost of a transcript used on appeal if the employee prevails before the court, who shall be furnished with a complete transcript upon payment of a reasonable charge. However, payment of the cost of a transcript used on appeal shall await determination of the appeal and shall be made by the employing agency if the employee prevails.

Passed the House March 1, 1984.
Passed the Senate February 25, 1984.
Approved by the Governor March 30, 1984, with the exception of those provisions noted in the veto message.
Filed in Office of Secretary of State March 30, 1984.

Note: Governor's explanation of partial veto is as follows:

I am returning herewith without my approval, as to certain sections, House Bill No. 1378, entitled:

"AN ACT Relating to public employees."

Portions of this bill would reestablish seniority as the sole factor in personnel decisions regarding salary increases, layoffs, and rehiring of state employees. Current law requires that both seniority and job performance be considered when such decisions are made.
In 1983, I expressed my support of the existing law in the veto message of a bill similar to this measure. No new evidence has since been presented to me that would justify a change in my position. To discard the modest performance achieved in 1982, as proposed in this bill, would be an unfortunate step backward in our continuing efforts to motivate and reward our best employees.

Substitute House Bill No. 1378 has provisions that do not relate to performance or seniority. One of these is the proposal that the ratio of management employees to direct service employees be maintained during hiring and layoffs. This provision was vetoed last year because it was too vague to enforce, inflexible, and may force unintended layoffs of direct service workers. While I approve of a policy that maintains this ratio in layoffs, the above problems persist.

Other provisions of the bill cover the important aspect of mobility between personnel systems. Both the State Personnel Board and the Higher Education Personnel Board are about to adopt rules which will allow such mobility. In doing so, they will use existing authority for those rules. Rule making on this topic will allow greater flexibility in the system than will be permitted by this legislation.

The provisions of the bill dealing with extra sick leave for prison guards attacked on the job acknowledges the hazardous nature of employment in state prisons and other correctional facilities and are acceptable.

Therefore, I have vetoed the provisions of House Bill No. 1378 with the exception of section 19, which is approved.

the governor to serve four-year staggered terms. The terms of the initial members shall be as follows: Two members will serve a one-year term, four members will serve two-year terms, four members will serve three-year terms, and four members will serve four-year terms. (2) The members of the council shall select the chairperson from among their members.

**NEW SECTION.** Sec. 3. Members of the council shall serve without compensation but shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

**NEW SECTION.** Sec. 4. The council shall meet at regularly scheduled meetings and may meet more frequently as necessary as determined by the chairperson. Eight members shall constitute a quorum for conducting business.

**NEW SECTION.** Sec. 6. (1) The council shall conduct a study of health and safety conditions in organized athletic programs designed for persons between the ages of twelve and eighteen either in public or private junior high schools and high schools in this state. The study shall be completed by September 1, 1984.

Passed the Senate March 2, 1984.
Passed the House February 26, 1984.
Approved by the Governor March 30, 1984, with the exception of section 6, subsection 2 through 5, sections 7, 8, 9, and 10, which were vetoed.
Filed in Office of Secretary of State March 30, 1984.

Note: Governor’s explanation of partial veto is as follows:

I am returning herewith without my approval, as to several sections, Substitute Senate Bill No. 4484, entitled:

"AN ACT Relating to the athletic health care and training council."

As presented to me, this bill would create an additional state agency to regulate the safety, health care, and training of our school-aged athletes. In addition, it would give the new agency a wide array of powers to establish and enforce certain standards with respect to health and safety of training techniques and equipment. I totally support the intent of this legislation. However, I am not convinced that a clear need has been demonstrated justifying a state agency and a regulatory program of this size and scope.

In addition, this measure ignores the existing authority of elected officials who are responsible for our common school education program, including the athletic component. Indeed, this measure not only substitutes future rules and regulations of the council for that authority but may well place additional and costly burdens on these officials with respect to civil suits arising from any injuries which occur where the rules and regulations may have been violated.

All the issues raised by this legislation merit further study. Therefore, I am approving those portions of the bill which establish the council and empower it to conduct a study of health and safety conditions in organized athletic programs in the state’s junior high and high schools.

With the exception of section 6, subsection 2 through subsection 5, sections 7, 8, 9, and 10, Substitute Senate Bill No. 4484 is approved.

CHAPTER 287
[House Bill No. 1159]
BOARDS, COMMISSIONS, COUNCILS, AND COMMITTEES—COMPENSATION UNIFORMITY

AN ACT Relating to state government; amending section 3, chapter 157, Laws of 1951 as amended by section 1, chapter 21, Laws of 1969 and RCW 1.08.005; amending section 1, chapter 185, Laws of 1943 as amended by section 1, chapter 42, Laws of 1971 and RCW
Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds that members of part-time boards, commissions, councils, committees, and other similar groups established by the executive, legislative, or judicial branches of state government make a valuable contribution to the public welfare. This time and talent so generously donated to the state is gratefully acknowledged.

The legislature further finds that membership on certain part-time groups involves responsibility for major policy decisions and represents a significant demand on the time and resources of members. The demands and responsibilities are well beyond reasonable expectations of an individual's gratuitous contribution to the public welfare. It is therefore appropriate to provide compensation to members of specific qualifying groups and further to provide three levels of compensation based on the responsibilities of the group and the time required to perform the group's statutory duties.

NEW SECTION. Sec. 2. There is added to chapter 43.03 RCW a new section to read as follows:

CLASS ONE GROUPS. (1) Any part-time board, commission, council, committee, or other similar group which is established by the executive, legislative, or judicial branch to participate in state government and which functions primarily in an advisory, coordinating, or planning capacity shall be identified as a class one group.

(2) Absent any other provision of law to the contrary, no money beyond the customary reimbursement or allowance for expenses may be paid by or through the state to members of class one groups for attendance at meetings of such groups.

NEW SECTION. Sec. 3. There is added to chapter 43.03 RCW a new section to read as follows:
CLASS TWO GROUPS. (1) Any agricultural commodity commission established pursuant to Title 15 or 16 RCW shall be identified as a class two group for purposes of compensation.

(2) Except as otherwise provided in this section, each member of a class two group is eligible to receive compensation in an amount not to exceed thirty-five dollars for each day during which the member attends an official meeting of the group or performs statutorily prescribed duties approved by the chairperson of the group. A person shall not receive compensation for a day of service under this section if the person (a) occupies a position, normally regarded as full-time in nature, in any agency of the federal government, Washington state government, or Washington state local government; and (b) receives any compensation from such government for working that day.

(3) Compensation may be paid a member under this section only if it is authorized under the law dealing in particular with the specific group to which the member belongs or dealing in particular with the members of that specific group.

NEW SECTION. Sec. 4. There is added to chapter 43.03 RCW a new section to read as follows:

CLASS THREE GROUPS. (1) Any part-time, statutory board, commission, council, committee, or other similar group which has rule-making authority, performs quasi judicial functions, has responsibility for the administration or policy direction of a state agency or program, or performs regulatory or licensing functions with respect to a specific profession, occupation, business, or industry shall be identified as a class three group for purposes of compensation.

(2) Except as otherwise provided in this section, each member of a class three group is eligible to receive compensation in an amount not to exceed fifty dollars for each day during which the member attends an official meeting of the group or performs statutorily prescribed duties approved by the chairperson of the group. A person shall not receive compensation for a day of service under this section if the person (a) occupies a position, normally regarded as full-time in nature, in any agency of the federal government, Washington state government, or Washington state local government; and (b) receives any compensation from such government for working that day.

(3) Compensation may be paid a member under this section only if it is authorized under the law dealing in particular with the specific group to which the member belongs or dealing in particular with the members of that specific group.

NEW SECTION. Sec. 5. There is added to chapter 43.03 RCW a new section to read as follows:
CLASS FOUR GROUPS. (1) A part-time, statutory board, commission, council, committee, or other similar group shall be identified as a class four group for purposes of compensation if the group:

(a) Has rule-making authority, performs quasi-judicial functions, or has responsibility for the administration or policy direction of a state agency or program;
(b) Has duties that are deemed by the legislature to be of overriding sensitivity and importance to the public welfare and the operation of state government; and
(c) Requires service from its members representing a significant demand on their time that is normally in excess of one hundred hours of meeting time per year.

(2) Each member of a class four group is eligible to receive compensation in an amount not to exceed one hundred dollars for each day during which the member attends an official meeting of the group or performs statutorily prescribed duties approved by the chairperson of the group. A person shall not receive compensation for a day of service under this section if the person (a) occupies a position, normally regarded as full-time in nature, in any agency of the federal government, Washington state government, or Washington state local government; and (b) receives any compensation from such government for working that day.

(3) Compensation may be paid a member under this section only if it is authorized under the law dealing in particular with the specific group to which the member belongs or dealing in particular with the members of that specific group.

NEW SECTION. Sec. 116. This act shall take effect on July 1, 1985.

Passed the House March 1, 1984.
Passed the Senate February 23, 1984.
Approved by the Governor March 30, 1984, with the exception of sections 22, 23, 24, 25 and 38, which were vetoed.
Filed in Office of Secretary of State March 30, 1984.

Note: Governor's explanation of partial veto is as follows:

I am returning herewith, without my approval as to several sections, House Bill No. 1159, entitled:

"AN ACT Relating to state government."

Sections 22, 23, 24, and 25 would amend statutory provisions dealing with existing barbering and cosmetology boards. Because the legislature has chosen to allow these boards to terminate under existing provisions and to assign their functions to the Department of Licensing and a new State Cosmetology, Barbering and Manicuring Advisory Board (ESHB 1187, Section 9), these sections need to be vetoed in order to avoid potential double-amendment problems.

With the exception of sections 22, 23, 24, 25, and 38, House Bill No. 1159 is approved.

CHAPTER 288
[Engrossed Substitute Senate Bill No. 4403]
HEALTH CARE COSTS

AN ACT Relating to health care costs; amending section 2, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.010; amending section 3, chapter 5, Laws of 1973 1st ex. sess. and
Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 2, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.010 are each amended to read as follows:

The primary purpose of this chapter is to promote the economic delivery of high quality, necessary, and effective ((hospital)) health care services to the people by establishing a hospital commission with authority over financial disclosure ((and)), budget ((and)), prospective rate ((review)) approval, and other related matters, including authority to develop a hospital reimbursement control system, which will assure all purchasers of ((hospital)) health care services that total hospital costs are reasonably related to total services, that costs do not exceed those that are necessary for prudently and reasonably managed hospitals, that hospital rates are reasonably related to aggregate costs, and that such rates are set equitably among all purchasers of these services without undue discrimination.

The legislature finds and declares that rising hospital costs are a vital concern to the people of this state because of the danger which is posed that hospital and health care services are fast becoming out of the economic reach of the majority of our population. It is further declared that health care is a right of the people and one of the primary purposes for which governments are established, and it is, therefore, essential that an effective cost control program be established ((which will both enable and motivate hospitals to control their spiraling costs)). It is the legislative intent, in pursuance of this declared public policy, to provide for uniform measures on a state-wide basis to control hospital ((costs)) rates without the sacrifice of quality of service or reasonable access to necessary health care.
The legislature further finds and declares that: (1) There is an increased need for comprehensive public oversight of the costs of and expenditures for health care services; (2) no one should be denied access to necessary health care because of poverty or unemployment; (3) access to necessary health care in rural areas must be assured; (4) the hospital commission and the public need additional information to make better-informed decisions about health care costs and charges; (5) there is a need to encourage market penetration of alternative health care delivery systems that have internal incentives to control costs and stimulate market competition, and that some regulatory policies have impeded health care cost containment by unduly restricting competition; (6) there is a need for more effective assessment of the impact of technology on the cost and delivery of health care services so that appropriate public policies may be adopted; and (7) the hospital commission should be more representative of a diversity of public interests so that it can more effectively carry out its mission.

It is the intent of the 1984 amendments to this chapter to strengthen certain regulatory policies which have had limited success in containing hospital costs since this chapter was enacted, and to promote constructive competition among health care delivery systems.

Sec. 2. Section 3, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.020 are each amended to read as follows:

(c) Other pertinent distinguishing factors.

(3) The commission shall, where appropriate, provide for modification, consistent with the purposes of this chapter, of reporting requirements to correctly reflect these differences among hospitals, and to avoid otherwise unduly burdensome costs in meeting the requirements of the uniform system of accounting and financial reporting.
(4) The accounting system, where appropriate, shall be structured so as to establish and differentiate costs incurred for patient-related services rendered by hospitals, as distinguished from those incurred with reference to educational research and other nonpatient-related activities including but not limited to charitable activities of such hospitals.

(5) The commission shall collect and maintain patient discharge data, including data necessary for identification of discharges by diagnosis-related groups. So far as possible, the data collection procedures shall be coordinated with any similar procedures or requirements of the federal department of health and human services for the medicare program and the needs of the department of social and health services in gathering public health statistics, in order to minimize any unduly burdensome reporting requirements imposed on hospitals.

Sec. 11. Section 12, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.110 are each amended to read as follows:

(1) Each hospital shall file annually, at such time as the commission may prescribe, its proposed budget for the next fiscal year, showing projected revenues and expenses and including such further information as the commission may require to implement the purposes of this chapter.

(2) Each hospital shall file annually with the commission after the close of the fiscal year:
   (a) A balance sheet detailing the assets, liabilities, and net worth of the hospital;
   (b) A statement of income and expenses; and
   (c) Such other reports of the costs incurred in rendering services as the commission may prescribe.

(3) Where more than one licensed hospital is operated by the reporting organization, the information required by this section shall be reported for each hospital separately.

(4) The commission shall require certification of specified financial reports by the hospital's certified public accountant, and may require attestation as to such statements from responsible officials of the hospital that such reports have to the best of their knowledge and belief been prepared in accordance with the prescribed system of accounting and reporting.

(5) All reports, except privileged medical information, filed under this chapter shall be available for public inspection and copying under RCW 42.17.250 through 42.17.340.

(6) The commission shall inspect hospital books, audits, and records as reasonably necessary to implement the policies and purposes of this chapter.

Sec. 12. Section 13, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.120 are each amended to read as follows:
The commission shall from time to time undertake analyses and studies relating to the need for and delivery of health care services, the availability of such services, hospital rates, health care costs, and the financial status of any hospital or hospitals subject to the provisions of this chapter, and may publish and disseminate such information as it deems desirable in the public interest. It shall further publish information concerning the need for health care services identified by area-wide and state comprehensive health planning agencies under chapter 70.38 RCW and the extent to which such needs are being met.

The commission shall also prepare and file such summaries and compilations or other supplementary reports based on the information filed with the commission hereunder as will advance the purposes of this chapter.

The commission shall furnish a copy of any report regarding any hospital to the chief executive officer of the hospital and the presiding officer of the hospital's governing body.

Sec. 13. Section 14, chapter 5, Laws of 1973 1st ex. sess. as amended by section 82, chapter 75, Laws of 1977 and RCW 70.39.130 are each amended to read as follows:

The commission shall prepare and, prior to each legislative session beginning in January, transmit to the governor and to the legislature an annual report of commission operations and activities for the preceding fiscal year. This report shall include such findings and recommendations as the commission believes will further the legislative goal of cost containment in the delivery of good quality health care services, including cost-containment programs that have been or might be adopted, and issues of access to good quality care. The report shall also include data on the amount and proportion of charity care provided by each hospital. The commission's report for 1986, to be submitted in January 1987, shall include an analysis of the impacts of section 15 of this 1984 act on (1) the use by indigent persons of health care settings other than hospitals and (2) the caseloads and costs associated with the limited casualty program for medical indigents under RCW 74.09.700. The department of social and health services and the health systems agencies established under chapter 70.38 RCW shall provide such information and assistance as the commission may reasonably require in preparing the report on the impact of section 15 of this 1984 act.

Sec. 14. Section 15, chapter 5, Laws of 1973 1st ex. sess. as amended by section 1, chapter 163, Laws of 1974 ex. sess. and RCW 70.39.140 are each amended to read as follows:
(1) From and after a date not less than twelve months but not more than twenty-four months after the adoption of the uniform system of accounting and financial reporting required by RCW 70.39.100, as the commission may direct, the commission shall have the power to initiate such reviews or investigations as may be necessary to assure all purchasers of ((hospital)) health care services that the total costs of a hospital are reasonably related to the total services offered by that hospital, that costs do not exceed those that are necessary for prudently and reasonably managed hospitals, that the hospital's ((aggregate revenues as expressed by)) rates are reasonably related to the hospital's aggregate costs; and that rates are set equitably among all purchasers or classes of purchasers of services without undue discrimination or preference. Effective July 1, 1985, if all 1984 amendments to this section and section 22 of this 1984 act take effect, this chapter does not preclude any hospital from negotiating with and charging any particular payer or purchaser rates that are less than those approved by the commission, if:

(a) The rates are cost justified and do not result in any shifting of costs to other payers or purchasers in the current or any subsequent year;

(b) The hospital granting such rates has been determined by the commission to be providing charity care at or above the average for such care in the region served by the hospital and as determined by the commission;

(c) All the terms of such negotiated rates are filed with the commission within ten working days and made available for public inspection.

The commission may retrospectively disapprove such negotiated rates in accordance with procedures established by the commission if such rates are found to contravene any provision of this section.

(2) In order to properly discharge these obligations, the commission shall have full power to review projected annual revenues and approve the reasonableness of rates proposed to generate that revenue established or requested by any hospital subject to the provisions of this chapter. No hospital shall charge for services at rates ((other-than)) exceeding those established in accordance with the procedures established hereunder. After June 30, 1985, rates for inpatient care shall be expressed using an appropriate measure of hospital efficiency, such as that based on diagnosis-related groups, and, if necessary for federal medicare participation in a hospital reimbursement control system, hospitals shall charge for such care at rates prospectively established and expressed in terms of a comparable unit of total payment, such as diagnosis-related groups. In the event any hospital reimbursement control system is implemented, children's hospitals shall be exempted until such time as a pediatric based classification system which reflects the unique resource consumption by patients of a children's hospital is perfected. For the purposes of this exemption, children's hospitals are defined as hospitals whose patients are predominantly under eighteen years of age.
In the interest of promoting the most efficient and effective use of hospital health care service, and providing greater promise of hospital cost containment, the commission may develop a hospital reimbursement control system in which all payers or purchasers participate, that includes procedures for establishing prospective rates, that deals equitably with the costs of providing charity care, and that shall include the participation of the federal medicare program under the social security amendments of 1983, Public Law 98-21. The commission shall have the authority to require utilization reviews of patient care to ensure that hospital admissions and services provided are medically justified. The commission may seek approval, concurrence, or participation in such a system from any federal agency, such as the department of health and human services, prior to securing legislative approval pursuant to concurrent resolution for implementation of any hospital reimbursement control system developed pursuant to this section. The commission shall involve the legislature in the development of any plan for a hospital reimbursement control system.

The commission shall assure that no hospital or its medical staff either adopts or maintains admission practices or policies which result in:

(a) A significant reduction in the proportion of patients who have no third-party coverage and who are unable to pay for hospital services;

(b) A significant reduction in the proportion of individuals admitted for inpatient hospital services for which payment is or is likely to be less than the anticipated charges for or costs of such services;

(c) The refusal to admit patients who would be expected to require unusually costly or prolonged treatment for reasons other than those related to the appropriateness of the care available at the hospital; or

(d) The refusal to provide emergency or other medically necessary services to any person who is in need of such services if the hospital provides such services. The commission shall establish by rule a definition of "medically necessary services" for the purposes of this subsection (4)(d), which shall be narrowly construed.

The commission shall serve as the state agency responsible for coordinating state actions and otherwise responding and relating to the efforts of the federal department of health and human services in planning and implementing federal cost containment programs with respect to hospitals and related health care institutions as authorized by the social security amendments of 1983, as now or hereafter amended, or other federal law, and any rules or regulations promulgated thereto. In carrying out this responsibility, the commission may serve as the state agency responsible for recommending increases in rates for hospitals and related...
health care institutions to the cost of living council, or its successor; may apply to the cost of living council for authorization to administer a control program in Washington state in lieu of the federal controls established and otherwise administered by the cost of living council; may) assume (another) any function or role authorized by appropriate federal regulations implementing the (Federal Economic Stabilization Act of 1970) social security amendments of 1983; or assume any combination of such roles or functions as it may determine will most effectively contain the rising costs of the varying kinds of hospitals and related health care institutions in Washington state. In determining its functions or roles in relation to (the) federal efforts (to the cost of living council, or its successor), the commission shall seek to ensure coordination, and the reduction of duplicatory cost containment efforts, by the state and federal governments, as well as the diligent fulfillment of the purposes of this chapter and declared public policy and legislative intent herein (PROVIDED, HOWEVER, That in cases where the rates of nursing homes or similar health institutions are subject to review pursuant to the provisions of the Federal Economic Stabilization Act of 1970 or any rules or regulations promulgated thereto, the members of the commission representing hospitals shall not sit in the proceedings nor vote; and the governor shall appoint an ad hoc member representing nursing homes or similar health institutions in lieu thereof, who shall have the same powers as the other members with respect to such review only)).

Nothing in this chapter limits the ability of the department of social and health services to establish hospital payment rates pursuant to RCW 74.09.120 or in accord with a federally approvable state plan under Title XIX of the federal social security act.

*Sec. 14 was partially vetoed, see message at end of chapter.

NEW SECTION. Sec. 15. There is added to chapter 70.39 RCW a new section to read as follows:

Within six months of the effective date of this act, the commission shall establish by rule, consistent with the definition of charity care under RCW 70.39.020, the following:

1. Uniform procedures, data requirements, and criteria for identifying patients receiving charity care;

2. A definition of residual bad debt as a component of hospital rate-setting and budget review, including reasonable and uniform standards for collection procedures to be used in efforts to collect the unpaid portions of hospital charges that are the patient's responsibility.

NEW SECTION. Sec. 16. By January 1, 1985, a select committee of the legislature shall develop legislative recommendations for programs that will promote the state-wide development of comprehensive cost-effective managed health care systems and shall recommend programs that will promote use of such managed health care systems. The select committee shall be composed of twelve members of the legislature, six appointed by the
speaker of the house of representatives and six appointed by the president of
the senate, three from each of the two largest political caucuses in each
house, upon recommendation of the majority and minority caucuses of their
respective bodies.

The committee shall elect a chairperson from among its membership.

The committee is authorized to appoint a technical advisory committee
to prepare proposals under which cost–effective managed health care sys-
tems could be used to control health care costs, to more equitably distribute
charity care among hospitals and licensed health care practitioners, and
more effectively provide publicly and privately financed patient care.

For the purposes of this study "managed health care system" means
any health care organization, including health providers, insurers, health
care service contractors, health maintenance organizations, or any co.mbi-
nation thereof, that provides directly or by contract comprehensive health
care services to one or more defined patient populations by enrollment or
other prior agreement or arrangement.

NEW SECTION. Sec. 17. By January 1, 1985, the governor shall
submit a six-year state health care purchasing plan to the legislature. The
plan shall identify the number and type of health care services purchased by
the state through the department of social and health services, the depart-
ment of labor and industries, the state employees' insurance board, the
office of superintendent of public instruction, and other agencies of govern-
ment where state funds are used to purchase health care. The plan shall
contain objectives for realizing specific dollar savings in the purchase of
these health care services by obtaining discounts from providers, contracting
with managed health care systems, altering copayment and deductible re-
quirements, instituting improved utilization controls, using prospective pay-
ment arrangements, or by other means.

The governor or the governor's designee shall report the governor's
progress in completing this plan to the legislative budget committee and the
social and health services and ways and means committees of the house of
representatives and the senate by September 30, 1984.

Sec. 18. Section 16, chapter 5, Laws of 1973 1st ex. sess. as amended
by section 1, chapter 154, Laws of 1977 ex. sess. and RCW 70.39.150 are
each amended to read as follows:

To properly carry out its authority the commission shall:

(1) Compile and maintain all relevant financial (and), accounting,
and patient discharge data in order to have available the statistical infor-
mation necessary to properly conduct rate review and approval. Such data
shall include necessary operating expenses, appropriate expenses incurred
for charity care and for rendering services to patients who (cannot or) do
not pay, all properly incurred interest charges, and reasonable depreciation
expenses based on the expected useful life of the property and equipment
involved. The commission shall define and prescribe by rule and regulation
the types and classes of charges which cannot be changed except as provided by the procedure contained in RCW 70.39.160 and it shall also obtain from each such hospital a current rate schedule as well as any subsequent amendments or modifications of that schedule as it may require. So far as possible, the commission shall compile and maintain the same patient discharge data with respect to all patients as that required under the federal Medicare program and the uniform billing procedures applicable to third-party payers.

(2) Permit any ((nonprofit)) hospital subject to the provisions of this chapter to charge reasonable rates which will permit the hospital to render necessary, effective, and efficient service in the public interest ((and on a solvent basis)).

(3) ((Permit any proprietary profit-making hospital subject to the provisions of this chapter to charge reasonable rates which will permit the hospital to render effective and efficient service in the public interest and which includes an allowance for a fair return to stockholders based upon actual investment or, if the hospital elects, upon the fair value of the investment on the effective date of this section. PROVIDED, That once the election is made it may not be changed without the approval of the commission:

(4)) Take into account, in the determination of reasonable rates under this section, that it is its obligation to assure access to necessary, effective, economically viable, and efficient hospital health care capability throughout the state, rather than the solvency or profitability of any individual hospital subject to this chapter except where the insolvency of a hospital would seriously threaten the access of the rural public to basic health care services.

(4) Take into account, in the determination of reasonable rates under this section for each hospital, the recommendations of appropriate area-wide and state comprehensive health planning agencies to ensure compliance with Washington comprehensive health planning law, chapter 70.38 RCW.

(((5) Permit, in considering a request for change in or initiating a review of rate schedules or other charges, any hospital subject to the provisions of this chapter to charge rates which will in the aggregate produce sufficient total revenue for the hospital to meet all of the reasonable obligations specified in this chapter:))

(5) Permit any hospital, whether proprietary, district, public, or not-for-profit, to retain the excess of its revenues, if any, that exceed the actual cost of providing services, generated as a result of cost-effective practices, if the hospital charges do not exceed rates permitted by the commission.

(6) On or before October 1 of each year, after notice and public hearing, and in full consideration of the intent and purpose of this chapter as expressed in RCW 70.39.010, adopt a target dollar amount of total statewide hospital revenue for the ensuing calendar year. To set the target
amount, the commission shall develop a standard methodology that considers such factors as changes in the economy, affordability of hospital care, cost of hospital-purchased goods, numbers and age of the population, technology, and severity of illness of hospital patients. The commission shall endeavor, in establishing rates, to assure that total hospital revenues do not exceed the target amount for the applicable year.

Sec. 19. Section 17, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.160 are each amended to read as follows:

From and after the date determined by the commission pursuant to RCW 70.39.140, no hospital subject to the provisions of this chapter shall change or amend that schedule of rates and charges of the type and class which cannot be changed without prior approval of the commission, except in accordance with the following procedure:

(1) Any request for a change in rate schedules or other charges must be filed in writing in the form and content prescribed by the commission and with such supporting data as the hospital seeking the change deems appropriate. Unless the commission orders otherwise as provided for in subsection (4) of this section, no hospital shall establish such changes except after publication and notice to the commission of at least thirty days from the time the rate is intended to go into effect. All proposed changes shall be plainly indicated on the schedule effective at that time and shall be open to public inspection. Upon receipt of notice, the commission may suspend the effective date of any proposed change. In any such case a formal written statement of the reasons for the suspension will be promptly submitted to the hospital. Unless suspended, any proposed change shall go into effect upon the date specified in the application.

(2) In any case where such action is deemed necessary, the commission shall promptly, but in any event within thirty days, institute proceedings as to the reasonableness of the proposed changes. The suspension may extend for a period of not more than thirty days beyond the date the change would otherwise go into effect: PROVIDED, That should it be necessary, the commission may extend the suspension for an additional thirty days. After the expiration of ninety days from the date the rate is intended to go into effect the new rate will go into effect, if the commission does not approve, disapprove, or modify the request by that time.

(3) Such proposed changes shall be considered at a public hearing, the time and place of which shall be determined by the commission. The hearing shall be conducted by the commission. Evidence for and against the requested change may be introduced at the time of the hearing by any interested party and witnesses may be heard. The hearing may be conducted without compliance with formal rules of evidence.

(4) The commission may, in its discretion, permit any hospital to make a temporary change in rates which shall be effective immediately upon filing
and in advance of any review procedure when it deems it in the public interest to do so. Notwithstanding such temporary change in rates, the review procedures set out in this section shall be conducted by the commission as soon thereafter as is practicable.

(5) Every decision and order of the commission in any contested proceeding shall be in writing and shall state the grounds for the commission's conclusions. The effects of such orders shall be prospective in nature.

Sec. 20. Section 21, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.200 are each amended to read as follows:

Every person who shall violate or knowingly aid and abet the violation of this chapter or any valid orders, rules, or regulations thereunder, or who fails to perform any act which it is herein made his duty to perform shall be guilty of a misdemeanor. Following official notice to the accused by the commission of the existence of an alleged violation, each day upon which a violation occurs shall constitute a separate violation. Any person violating the provisions of this chapter may be enjoined from continuing such violation. The commission has authority to levy civil penalties not exceeding one thousand dollars for violations of this chapter.

Sec. 21. Section 10, chapter 161, Laws of 1979 ex. sess. as last amended by section 7, chapter 235, Laws of 1983 and RCW 70.38.105 are each amended to read as follows:

(1) The department is authorized and directed to implement the certificate of need program in this state pursuant to the provisions of this chapter.

(2) There shall be a state certificate of need program which is administered consistent with the requirements of federal law as necessary to the receipt of federal funds by the state.

(3) No person shall engage in any undertaking which is subject to certificate of need review under subsection (4) of this section without first having received from the department either a certificate of need or an exception granted in accordance with this chapter.

(4) The following shall be subject to certificate of need review under this chapter:

(a) The construction, development, or other establishment of a new health care facility;

(b) The sale, purchase, or lease of part or all of any existing hospital as defined in RCW 70.39.020;

(c) Any capital expenditure by or on behalf of a health care facility which substantially changes the services of the facility after January 1, 1981, provided that the substantial changes in services are specified by the department in rule;

((((c))))) (d) Any capital expenditure by or on behalf of a health care facility which exceeds the expenditure minimum as defined by RCW 70.38-.025. However, a capital expenditure which is not subject to certificate of
need review under (a), (b), ((c)), (c), ((e)) (f), or (g) of this subsection and which is solely for any one or more of the following is not subject to certificate of need review except to the extent required by the federal government as a condition to receipt of federal assistance and does not substantially affect patient charges:

(i) Communications and parking facilities;
(ii) Mechanical, electrical, ventilation, heating, and air conditioning systems;
(iii) Energy conservation systems;
(iv) Repairs to, or the correction of, deficiencies in existing physical plant facilities which are necessary to maintain state licensure;
(v) Acquisition of equipment, including data processing equipment, which is not or will not be used in the direct provision of health services;
(vi) Construction which involves physical plant facilities, including administrative and support facilities, which are not or will not be used for the provision of health services;
(vii) Acquisition of land; and
(viii) Refinancing of existing debt;

((d))) (c) A change in bed capacity of a health care facility which increases the total number of licensed beds or redistributes beds among facility and service categories of acute care, skilled nursing, intermediate care, and boarding home care if the bed redistribution is to be effective for a period in excess of six months;

((e))) (f) Acquisition of major medical equipment:

(i) If the equipment will be owned by or located in a health care facility; or
(ii) If, after January 1, 1981, the equipment is not to be owned by or located in a health care facility, the department finds consistent with federal regulations the equipment will be used to provide services for hospital inpatients, or the person acquiring such equipment did not notify the department of the intent to acquire such equipment at least thirty days before entering into contractual arrangements for such acquisition;

((f))) (g) Any new institutional health services which are offered in or through a health care facility, and which were not offered on a regular basis by, in, or through such health care facility within the twelve-month period prior to the time such services would be offered; and

((g))) (h) Any expenditure by or on behalf of a health care facility in excess of the expenditure minimum made in preparation for any undertaking under subsection (4) of this section and any arrangement or commitment made for financing such undertaking. Expenditures of preparation shall include expenditures for architectural designs, plans, working drawings, and specifications. The department may issue certificates of need permitting predevelopment expenditures, only, without authorizing any
subsequent undertaking with respect to which such predevelopment expend- 
itures are made.

(5) No person may divide a project in order to avoid review require- 
ments under any of the thresholds specified in this section.

*Sec. 22. Section 11, chapter 161, Laws of 1979 ex. sess. as last 
amended by section 8, chapter 235, Laws of 1983 and RCW 70.38.115 are 
each amended to read as follows:

(1) Certificates of need shall be issued, denied, suspended, or revoked 
by the designee of the secretary of the department in accord with the provi-
sions of this chapter and rules of the department which establish review 
procedures and criteria for the certificate of need program.

(2) Criteria for the review of certificate of need applications, except as 
provided in subsection (3) of this section for health maintenance organiza-
tions, shall include but not be limited to consideration of the following:

(a) The relationship of the health services being reviewed to the applic-
able health plans;

(b) The need that the population served or to be served by such ser-

vices has for such services;

(c) The availability of less costly or more effective alternative methods 
of providing such services;

(d) The financial feasibility and the probable impact of the proposal on 
the cost of and charges for providing health services in the community to be 
served, including findings and recommendations of the Washington state 
hospital commission in the case of applications submitted by hospitals. An 
application by a hospital shall be denied if the state hospital commission 
does not recommend approval, unless the secretary provides the commission 
with a written statement setting forth the reason or reasons, and citing the 
applicable subsection or subsections of this section, for approving an appli-
cation that the commission has determined to be not feasible;

(e) In the case of health services to be provided, (i) the availability of 
alternative uses of project resources for the provision of other health ser-

vices, (ii) the extent to which such proposed services will be accessible to all 
residents of the area to be served, and (iii) the need for and the availability 
in the community of services and facilities for osteopathic and allopathic 
physicians and their patients. The department shall consider the application 
in terms of its impact on existing and proposed institutional training pro-
grams for doctors of osteopathy and medicine at the student, internship, and 
residency training levels;

(f) In the case of a construction project, the costs and methods of the 
proposed construction, including the cost and methods of energy provision, 
and the probable impact of the construction project reviewed (i) on the cost 
of providing health services by the person proposing such construction 
project and (ii) on the cost and charges to the public of providing health 
services by other persons;
(g) The special needs and circumstances of osteopathic hospitals, nonallopathic services and children's hospitals;

(h) Improvements or innovations in the financing and delivery of health services which foster cost containment and serve to promote quality assurance and cost-effectiveness;

(i) In the case of health services proposed to be provided, the efficiency and appropriateness of the use of existing services and facilities similar to those proposed;

(j) In the case of existing services or facilities, the quality of care provided by such services or facilities in the past; and

(k) In the case of hospital certificate of need applications, whether the hospital meets or exceeds the regional average level of charity care, as determined by the hospital commission. No certificate of need may be granted to a hospital which has not met or exceeded the regional average level of charity care in the year preceding application and which does not give assurance it will continue to meet or exceed such level in the future.

(3) A certificate of need application of a health maintenance organization or a health care facility which is controlled, directly or indirectly, by a health maintenance organization, shall be approved by the department if the department finds:

(a) Approval of such application is required to meet the needs of the members of the health maintenance organization and of the new members which such organization can reasonably be expected to enroll; and

(b) The health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its institutional health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-term basis through physicians and other health professionals associated with it.

A health care facility (or any part thereof) or medical equipment with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or equipment or in a lease of such facility or equipment may not be acquired unless the department issues a certificate of need approving the sale, acquisition, or lease.

(4) The decision of the department on a certificate of need application shall be consistent with the state health plan in effect, except in emergency circumstances which pose a threat to the public health. The department in making its final decision may issue a conditional certificate of need if it finds that the project is justified only under specific circumstances. The conditions shall directly relate to the project being reviewed. The conditions may be released if it can be substantiated that the conditions are no longer valid and the release of such conditions would be consistent with the purposes of this chapter.
(5) Criteria adopted for review in accordance with subsection (2) of this section may vary according to the purpose for which the particular review is being conducted or the type of health service reviewed.

(6) The department shall specify information to be required for certificate of need applications. Within fifteen days of receipt of the application, the department shall request additional information considered necessary to the application or start the review process. Applicants may decline to submit requested information through written notice to the department, in which case review starts on the date of receipt of the notice. Applications may be denied or limited because of failure to submit required and necessary information.

(7) Concurrent review is for the purpose of comparative analysis and evaluation of competing or similar projects in order to determine which of the projects may best meet identified needs. Categories of projects subject to concurrent review include at least new health care facilities, new services, and expansion of existing health care facilities. The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. Review of concurrent applications shall start fifteen days after the conclusion of the time period for submission of applications subject to concurrent review. Concurrent review periods shall be limited to one hundred fifty days, except as provided for in rules adopted by the department authorizing and limiting amendment during the course of the review, or for an unresolved pivotal issue declared by the department.

(8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. Review periods may be extended up to thirty days if needed by a review agency, and for unresolved pivotal issues the department may extend up to an additional thirty days. A review may be extended in any case if the applicant agrees to the extension.

(9) The department or a designated regional health council shall conduct a public hearing on a certificate of need application if requested unless the review is expedited or subject to emergency review. The department by rule shall specify the period of time within which a public hearing must be requested and requirements related to public notice of the hearing, procedures, recordkeeping and related matters.

(10) Any applicant denied a certificate of need or whose certificate of need has been suspended or revoked shall be afforded an opportunity for administrative review in accordance with chapter 34.04 RCW and a hearing shall be held within one hundred twenty days of a request therefor. An administrative law judge shall review the decision of the secretary's designee and render a proposed decision for consideration by the secretary in accordance with chapter 34.12 RCW or remand the matter to the secretary's
designee for further consideration. The secretary's final decision is subject to review by the superior court as provided in chapter 34.04 RCW.

(11) The department may establish procedures and criteria for reconsideration of decisions.

(12) An amended certificate of need shall be required for the following modifications of an approved project:
   (a) A new service;
   (b) An expansion of a service beyond that originally approved;
   (c) An increase in bed capacity;
   (d) A significant reduction in the scope of a project without a commensurate reduction in the cost of the project, or a cost increase (as represented in bids on a construction project or final cost estimates acceptable to the person to whom the certificate of need was issued) if the total of such increases exceeds twelve percent or fifty thousand dollars, whichever is greater, over the maximum capital expenditure approved. The review of reductions or cost increases shall be restricted to the continued conformance of the project with the review criteria pertaining to financial feasibility and cost containment.

(13) An application for a certificate of need for a capital expenditure which is determined by the department to be required to eliminate or prevent imminent safety hazards or correct violations of applicable licensure and accreditation standards shall be approved.

*Sec. 22 was partially vetoed, see message at end of chapter.

NEW SECTION. Sec. 23. There is added to chapter 70.39 RCW a new section to read as follows:

Passed the Senate March 8, 1984.
Passed the House March 8, 1984.
Approved by the Governor March 30, 1984, with the exception of
those provisions noted in the veto message.
Filed in Office of Secretary of State March 30, 1984.

Note: Governor's explanation of partial veto is as follows:

I am returning herewith, without my approval as to certain provisions, Substi-
tute Senate Bill No. 4403, entitled:
"AN ACT Relating to health care costs."

The following sections are hereby vetoed: Section 14(4)(d), the term "medically
necessary" has been defined in Washington State by the Superior Court case, Mead
v. Burdman. Using that definition for guidance, it is apparent that even a narrowly construed definition of "medically necessary" would place a major new obligation on hospitals. A change of this magnitude deserves full review and public input, which it did not receive during the legislative process. In the meantime, I admonish all hospitals to continue to provide necessary emergency services, without regard to means.

Section 22(2)(k), the second sentence, conditions the receipt of a certificate of need by a hospital on achievement of the regional average of charity care. During a colloquy, both houses clearly stated that they did not want to penalize hospitals who were making a "good faith effort" to reach their regional average. This sentence would, however, regardless of any good faith efforts, penalize not only the hospital, but the community, denying a hospital the right to fund its capital needs in order to assure quality of health care to all.

Similarly, section 14(1)(b) prohibits a hospital from negotiating discounts with health care purchasers unless the hospital is providing charity care at or above the average for the region. This provision is unfair to those hospitals, particularly in rural areas, that provide all the charity care that is demanded yet fall below the regional average. Discounts, as restricted by this bill, may well reduce health care costs. I believe it unwise to frustrate the process at the outset by inextricably tying discounts to mandated levels of charity care.

Section 14(1), on lines 27 and 28, contains a phrase which reads "if all 1984 amendments to this section and section 22 of this 1984 act take effect." This provision allows hospitals to negotiate rates lower than those established by the Commission if the amendments in section 22 take effect. As explained above, I have vetoed portions of section 22 and of section 14. Therefore, in order to preserve the hospital's ability to negotiate competitive rates, it is necessary to veto this provision in section 14.

This bill also contains an emergency clause in section 29. I am concerned that a bill of this complexity proposing such significant changes in the health care industry not be approached precipitously. I am convinced that allowing this bill to become effective in normal course will facilitate the state and the health care industry entering into the process contemplated by this bill in a more deliberative fashion.

With the exception of these provisions, Substitute Senate Bill No. 4403 is approved.

CHAPTER 289
[Engrossed Second Substitute Senate Bill No. 4831]
WORKER AND COMMUNITY RIGHT TO KNOW ACT

AN ACT Relating to worker and community right to know; creating a new chapter in Title 49 RCW; creating new sections; prescribing penalties; and making an appropriation.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. This chapter shall be known and may be cited as the "Worker and community right to know act."

NEW SECTION. Sec. 2. The legislature finds and declares that the proliferation of hazardous substances in the environment poses a growing threat to the public health, safety, and welfare; that the constantly increasing number and variety of hazardous substances, and the many routes of exposure to them make it difficult and expensive to monitor adequately and detect any adverse health effects attributable thereto; that individuals themselves are often able to detect and thus minimize effects of exposure to...
hazardous substances if they are aware of the identity of the substances and the early symptoms of unsafe exposure; and that individuals have an inherent right to know the full range of the risks they face so that they can make reasoned decisions and take informed action concerning their employment and their living conditions.

The legislature further declares that local health, fire, police, safety, and other government officials require detailed information about the identity, characteristics, and quantities of hazardous substances used and stored in communities within their jurisdictions, in order to plan adequately for, and respond to, emergencies, enforce compliance with applicable laws and regulations concerning these substances, and to compile records of exposures to hazardous substances over a period of time that will facilitate the diagnosis, treatment, and prevention of disease.

The legislature further declares that the extent of the toxic contamination of the air, water, and land in this state has caused a high degree of concern among its residents and that much of this concern is needlessly aggravated by the unfamiliarity of these substances to residents.

The legislature therefore determines that while these substances have contributed to the high quality of life we enjoy in our state, it is in the public interest to establish a comprehensive program for the disclosure of information about hazardous substances in the workplace and the community, and to provide a procedure whereby residents of this state may gain access to this information.

*NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Chemical abstracts service number" means the unique identification number assigned by the Chemical Abstracts Service to chemicals.

(2) "Chemical name" is the scientific designation of a chemical in accordance with the nomenclature system developed by the International Union of Pure and Applied Chemistry or the Chemical Abstracts Service rules of nomenclature.

Employee does not include:

(a) Any person employed as a domestic servant in a private home by an employer who has less than two employees regularly employed forty or more hours a week in such employment;

(b) Any person employed to do gardening, maintenance, repair, remodeling, or similar work in or about the private home of the employer;

For the purposes of access to employee exposure records and analysis using exposure or medical records, a recognized or certified collective bargaining agent shall be treated automatically as a designated representative without regard to written employee authorization.

(10) "Employer" means any person, firm, corporation, partnership, business trust, legal representative, or other business entity which engages in any business, industry, profession, or activity in this state and employs one or more employees or who contracts with one or more persons, the essence of which contract is the personal labor of such person or persons and includes the state, counties, cities, and all municipal corporations, public corporations, political subdivisions of the state, and charitable organizations but does not include a person who employs less than four employees as agricultural laborers employed forty or more hours a week in such employment. Any person, partnership, or business entity not having employees, and who is covered by the industrial insurance act shall be considered both an employer and an employee except for the purposes of section 13 of this act. The department may, by inclusion in the standards adopted under section 5 of this act, determine whether any of the following may be excluded from the definitions of hazardous substance:

(a) Any substance received by an employee in a sealed package and subsequently sold or transferred in that package, if the seal remains intact while the substance is in the employer's workplace; or

(b) Any substance, mixture, or product if present in a physical state, volume, or concentration for which there is no valid and substantial evidence that a significant risk to human health may occur from exposure.

(13) "Label" means a sign, emblem, sticker, or marker affixed to or stenciled onto a container.

(14) "Manufacturer" means a person who produces, synthesizes, extracts, or otherwise makes a hazardous substance.

(15) "Material safety data sheet" means a written document prepared by the manufacturer or supplier for each product containing a hazardous substance and transmitted by the manufacturer or supplier to purchasers pursuant to this chapter. Manufacturers and suppliers shall obtain or develop a material safety data sheet for each hazardous substance they produce or import. Employers shall have a material safety data sheet for each hazardous substance which they use. Each material safety data sheet shall contain at least the following information:

(a) The identity used on the label, and, except as provided for in section 9 of this act on trade secrets:

(i) If the hazardous substance is a single substance, its chemical and common name;

(ii) If the hazardous substance is a mixture which has been tested as a whole to determine its hazards, the chemical and common name of the ingredients which contribute to these known hazards and the common name of the mixture itself; or

(iii) If the hazardous substance is a mixture which has not been tested as a whole:

(A) The chemical and common name of all ingredients that have been determined to be health hazards, and that comprise one percent or greater of the composition, except that hazardous substances identified as carcinogens
shall be listed if the concentrations are one-tenth of one percent or greater; and

(B) The chemical and common name of all ingredients that have been determined to present a physical hazard when present in the mixture;

(b) Physical and chemical characteristics of the hazardous substance, such as vapor pressure and flash point;

(c) The physical hazards of the hazardous substance including the potential for fire, explosion, and reactivity;

(d) The acute and chronic health hazards of the hazardous substance, including signs and symptoms of exposure, and any medical conditions that are generally recognized as being aggravated by exposure to the hazardous substance;

(h) Any generally applicable precautions for safe handling and use that are known to the manufacturer or supplier preparing the material safety data sheet, including appropriate hygienic practices, protective measures during repair and maintenance of contaminated equipment, and procedures for clean-up of spills and leaks;

(i) Any generally applicable control measures that are known to the manufacturer or supplier preparing the material safety data sheet, such as appropriate engineering controls, work practices, or personal protective equipment;

(j) Emergency and first aid procedures;

(k) The date of preparation of the material safety data sheet or the last change to it;

(l) The name, address, and telephone number of the manufacturer, supplier, or other responsible party preparing or distributing the material safety data sheet, who can provide additional information on the hazardous substance and appropriate emergency procedures, if necessary; and

(m) Any additional information the department may require by rule adopted in accordance with chapter 34.04 RCW necessary to remain consistent with the requirements for material safety data sheets in accordance with United States Occupational Safety and Health Administration regulations. The department may not require more information than the Occupational Safety and Health Administration.
If no relevant information is found for any given category on the material safety data sheet, the manufacturer or supplier preparing the material safety data sheet shall mark it to indicate that no applicable information was found.

Where complex mixtures have similar hazards and contents, i.e., the chemical ingredients are essentially the same, but the specific composition varies from mixture to mixture, the manufacturer or supplier may prepare one material safety data sheet to apply to all of these similar mixtures.

The manufacturer or supplier preparing the material safety data sheet shall ensure that the information recorded accurately reflects the scientific evidence used in making the hazard determination. If the manufacturer or supplier becomes newly aware of any significant information regarding the hazards of a hazardous substance, or ways to protect against the hazards, this new information shall be added to the material safety data sheet within three months. Effective November 25, 1985, if the hazardous substance is not being produced or imported, the manufacturer or supplier shall add the information to the material safety data sheet before the hazardous substance is introduced into the workplace.

(16) "Mixture" means any combination of two or more chemicals if the combination is not, in whole or in part, the result of a chemical reaction.

(17) "Nonhazardous substance" means any item not included in the workplace hazardous substance list as prepared by the department pursuant to section 5 of this act.

(18) "Process container" means:

(a) A container, excluding a pipeline, the content of which is changed frequently;

(b) A container into which substances are transferred from labeled containers, and which is intended only for the immediate use of the employee who performs the transfer;

(c) A container on which a label would be obscured by heat, spillage, or other factors; or

(d) A test tube, beaker, vial, or other container which is routinely used and reused;

(e) The employer may use signs, placards, process sheets, batch tickets, operating procedures, or other written materials in lieu of affixing labels to individual process containers, as long as the alternative method identifies the containers to which the label is applicable and conveys the information required by section 14 of this act to be on a label. The written materials shall be readily accessible to the employees in their work area throughout each work shift;

(f) The employer is not required to label portable containers into which hazardous chemicals are transferred from labeled containers, and which are intended only for the immediate use of the employee who performs the transfer.
"Research and development laboratory" means a specially designated area used primarily for research, development, teaching, and testing activity, and not primarily involved in the production of goods for commercial sale, in which hazardous substances are used by or under the direct supervision of a technically qualified person.

"Supplier" means any firm or individual other than the initial manufacturer, such as an importer or distributor, who supplies or imports products containing hazardous substances.

"Technically qualified individual" means a person who, because of education, training, or experience, understands the health risks associated with the hazardous substance or mixture handled by or under his or her supervision.

"Trade secret" has the definition found in the uniform trade secrets act, RCW 19.108.010(4).

"Workplace" means an establishment at one geographical location containing one or more work areas.

"Workplace hazardous substance list" means the list of health hazard substances developed by the department under section 5 of this act for which a manufacturer or supplier may make a trade secret claim.

Sec. 3. was vetoed, see message at end of chapter.

*NEW SECTION. Sec. 4. (1) The application of this chapter is limited with respect to the following employees:

(a) Employees of handlers of sewage or solid waste;

(c) Employees who are performing duties subject to regulations regarding the transportation of hazardous substances promulgated by any of the following agencies:
   (i) The federal department of transportation;
   (ii) The Washington utilities and transportation commission; or
   (iii) The international maritime organization of the United Nations;
(d) Other employees who are performing duties directly relating to the transportation of hazardous substances.

(2) Employers shall be limited to the following responsibilities under this chapter with regard to employees listed in subsection (1) of this section:
(a) Extensive education and training programs shall be provided to employees in accordance with section 13 of this act;
(b) Employers shall ensure that labels on incoming containers of hazardous substances are not removed or defaced;
(c) Employers shall maintain material safety data sheets that are received with incoming shipments for each type of hazardous substance in their workplace, and ensure that they are readily accessible to employees;

(e) Any employee who is exposed to a hazardous substance shall be immediately provided with a material safety data sheet if possible.

(3) The limitations in this section apply only to employees directly involved in the transportation of hazardous substances, directly involved in laboratory research, or directly involved in handling sewage or solid waste. Employees not directly involved in the transportation of hazardous substances, not directly involved in laboratory research, or not directly involved in handling sewage or solid waste are covered by the full terms of this chapter.

*NEW SECTION. Sec. 5. (1) The department, after consultation with the department of agriculture, shall develop a workplace hazardous substance list in accordance with rules adopted under chapter 34.04 RCW that shall include:

(a) Any substance regulated under the Washington industrial safety and health act, chapter 49.17 RCW;

(b) Those environmental hazardous substances designated by the federal Environmental Protection Agency pursuant to section 307 and 311 of the federal Clean Water Act of 1977 (33 U.S.C. Secs. 1317 and 1321 respectively) or as hazardous air pollutants pursuant to section 112 of the federal Clean Air Act (42 U.S.C. Sec. 4712) as amended, which have known adverse human health risks;

(c) Substances listed as human or animal carcinogens by the International Agency for Research on Cancer (IARC);

(d) Substances for which an information alert has been issued by the department; and

(e) Any other substance which the department, based on documented scientific evidence, determines may pose a threat to the health or safety of an employee.

(2) The department shall develop by rule, in accordance with chapter 34.04 RCW, criteria by which hazardous substances may be placed or deleted from the list established under this section.

*NEW SECTION. Sec. 6. (1) The department, after consultation with the department of agriculture, shall develop a workplace survey in accordance with rules adopted under chapter 34.04 RCW. The workplace survey shall include a copy of the workplace hazardous substance list.

(2) The department shall transmit the workplace survey to each employer in the state no later than June 1, 1986. Employers shall complete the workplace survey and return it to the department within forty-five days except when employer receives an extension from the department. The number of workplace surveys an employer must submit shall be in accordance with criteria developed by the department.
(3) For those employees who communicate primarily in a language other than English, employers shall make a reasonable effort to inform such employees of their rights under this chapter. When necessary or desirable, the department shall prepare and, upon request, make available to the employers and the public a translation of the workplace survey and each material safety data sheet. The department shall also prepare and make available, when necessary or desirable, translations of written material prepared by the department to inform employees of their rights under this chapter.

An employer shall ensure that all employees, regardless of any language barriers, are provided with a suitable education and training program required pursuant to section 13 of this act.

Every employer employing employees who have trouble communicating in English shall make reasonable efforts to post any notices in the employees' native language as provided by the department.

*Sec. 6. was vetoed, see message at end of chapter.

*NEW SECTION. Sec. 7. (1) The manufacturer or supplier of any product used or brought into the state, which product contains hazardous substances as listed pursuant to section 5 of this act, shall prepare and/or provide its purchasers of the product and the department with a material safety data sheet or sheets containing information specified in section 3(15) of this act by November 25, 1985. The manufacturer or supplier shall make every reasonable effort to ensure that the information contained in each material safety data sheet is current, accurate, and complete. Failure to provide current, accurate, and complete information as required by this section shall result in civil and criminal penalties as provided in chapter 49.17 RCW.

(a) This material safety data sheet shall be provided to the purchaser and to the department at the time of initial shipment and with the first shipment after each update of the material safety data sheet.

(b) The manufacturer or supplier shall revise a material safety data sheet pursuant to section 3(15) of this act regarding new information that affects the accuracy of the existing material safety data sheet. If the new information indicates either increased or decreased risks or additional measures necessary to protect employee health as compared to those stated on the material safety data sheet previously provided, the manufacturer or supplier shall provide the new material safety data sheet to the department and to those who have purchased the product directly from the manufacturer or supplier within the last year.

(2) If an employer has reason to believe that a product present at the employer's facility contains a hazardous substance as a component, but has not obtained from the manufacturer or supplier of the product a material safety data sheet, the employer shall list the product by its common name in the space provided on the survey. The department shall have the responsibility of obtaining the material safety data sheet, and, upon obtaining this information, shall transmit it to the employer.
(3) The manufacturer or supplier may provide the information required by section 3(15) of this act on an entire product mixture instead of on each hazardous substance in it when all of the following conditions exist:

(a) Hazard test information exists on the mixture itself, or adequate information exists to form a valid judgment of the hazardous properties of the mixture itself and the material safety data sheet indicates that the information presented and the conclusions drawn are from some source other than direct test data on the mixture itself;

(b) Providing information on the mixture will be as effective in protecting employee health as information on the ingredients; and

(c) The hazardous substances in the mixture are identified on the material safety data sheet unless it is either unfeasible to describe all the ingredients in the mixture or the identity of the ingredients is itself a valid trade secret. In either case, the reason why the hazardous substances in the mixture are not identified shall be stated on the material safety data sheet.

(4) A single mixture material safety data sheet may be provided for more than one formulation of a product mixture if the information provided pursuant to section 3(15) of this act does not vary for the formulation.

(5) The provisions of this section shall be complied with not later than November 25, 1985.

*Sec. 7. was vetoed, see message at end of chapter.

**NEW SECTION.** Sec. 8. (1) The department shall, upon request, transmit a copy of the workplace survey to the health department of the county in which the employer's facility is located, the local fire department, and the local police department.

(2) The department shall annually notify the association of Washington cities, the Washington state association of counties, and the Washington fire commissioners association of their rights under this chapter. These organizations shall inform their members of the information available to the members through the department.

*Sec. 8. was vetoed, see message at end of chapter.

**NEW SECTION.** Sec. 9. (1) The manufacturer, employer, or supplier may make a trade secret claim to the department. Such a trade secret claim does not relieve the manufacturer or supplier from the duty to provide the department with the material safety data sheet. The department shall, by rules adopted in accordance with chapter 34.04 RCW, establish criteria to determine whether the trade secret claim is warranted, and if warranted set forth procedures for the transmittal of information obtained on the material safety data sheet to the employer while providing protection for the trade secret. While the trade secret claim is under review, a manufacturer, employer, or supplier may withhold the hazardous substance trade secret information from the label required by section 14 of this act, the workplace survey required by section 6 of this act, and the material safety data sheet required by section 7 of this act. The manufacturer or supplier shall notify purchasers of

trade secret claims made to the department. For any trade secret claim, the manufacturers or suppliers shall compensate the department for expenses incurred in evaluating the validity of that claim.

(2) Where a treating physician or nurse determines that a medical emergency exists and the specific chemical identity of a hazardous chemical is necessary for emergency or first-aid treatment, the manufacturer, supplier, or employer shall immediately disclose the specific chemical identity to that treating physician or nurse, regardless of the existence of a written statement of need or a confidentiality agreement. The manufacturer, supplier, or employer may require a written statement of need and confidentiality agreement in accordance with provisions developed by the department.

(3) Any challenge to the denial of a trade secret claim shall be heard by an administrative law judge in accordance with chapter 34.04 RCW.

*Sec. 9. was vetoed, see message at end of chapter.

*NEW SECTION. Sec. 10. (1) The department shall maintain a file of all completed workplace surveys and material safety data sheets received pursuant to sections 5, 7, and 8 of this act. The workplace surveys and material safety data sheets shall be retained by the department for thirty years.

(2) Copies of such records maintained on microfiche or microfilm shall be admissible evidence in any judicial or administrative proceeding.

(3) The department shall require employers who have hazardous substances present at their workplaces to update annually the workplace survey for the employer's workplace, unless the department determines that updating the workplace survey less frequently would accomplish the purposes of this act.

(4) The department shall require all employers to complete a workplace survey at least once every five years.

(5) Any person may request from the department a copy of a workplace survey for a workplace, together with the appropriate material safety data sheets. The department is the only public agency required to respond to these requests. The department shall keep a record of each request to be made available to health and law enforcement agencies. The record shall include the information released and the identification of the person or organization making the request. A "community right-to-know" state-wide toll-free telephone number shall be made available by the department to receive workplace survey and material safety data sheet requests. The department shall advise the employer when requests for information pertaining to his or her workplace have been made by persons or organizations other than (a) employees working for the employer, or (b) local health, fire, and law enforcement agencies. The department shall impose reasonable limits on requests made under this section and may establish reasonable fees to be charged for copies. Any request by an employee for material pertaining to the workplace where
the employee is employed made pursuant to this subsection shall be treated by the department as confidential.

*Sec. 10. was vetoed, see message at end of chapter.

*NEW SECTION. Sec. 11. Every employer shall establish and maintain a central file at that employer’s workplace in which the employer shall retain a workplace survey for the workplace and appropriate material safety data sheets. Every employer shall post on bulletin boards or other places readily accessible to employees a notice in a form substantially the same as a notice developed by the department of the availability of the information in the file. Every employer shall supply employees with any material designed and provided by the department to inform employees of their rights under this chapter.

*Sec. 11. was vetoed, see message at end of chapter.

*NEW SECTION. Sec. 12. (1) Within three working days, employers shall make available as soon as possible without interrupting normal work operations, a workplace survey and a material safety data sheet on each hazardous substance in the employees' work area upon written request of an employee, or the employee's designated representative.

(2) If a manufacturer or supplier has failed to provide a material safety data sheet as specified in section 7 of this act, employers shall notify the department and identify the hazardous substance, manufacturer or supplier, and trade name to the department.

(3) If the material safety data sheet is not on file with the department, the department shall request the manufacturer or supplier to furnish:

(a) The most current material safety data sheet;
(b) A statement that the material safety data sheet is under development and the estimated completion date; or
(c) A statement that the product is not subject to the requirements of this chapter.

(4) The manufacturer or supplier shall provide a response to the request under subsection (3) of this section within fifteen days of receipt of the request.

(5) The department shall supply the employer and employee with copies of the response.

*Sec. 12. was vetoed, see message at end of chapter.

*NEW SECTION. Sec. 13. (1) Every employer or group of employers shall establish or use an existing education and training program for that employer's employees, which shall be designed to inform employees in writing and orally of the nature of the hazardous substances to which they are exposed in the course of their employment and the potential health risks which the hazardous substances pose as provided in the material safety data sheets for the hazardous substances to which the employees may be exposed at the workplace. An employer shall provide current employees with the education
and training program by June 1, 1986, and annually thereafter. Beginning June 1, 1986, all new employees shall be provided with the training and education program within the first month of employment. At the time of entering an employment agreement with a prospective employee, an employer shall notify a prospective employee of the availability of workplace surveys and appropriate material safety data sheets for the workplace at which the prospective employee will be employed. The department may develop rules in accordance with chapter 34.04 RCW for less restrictive methods of providing training and education programs for short-term employees to be practical under the circumstances but which, in the opinion of the director, achieve the goal of informing those workers about the existence of potential chemical hazards in their workplace and the measures they may take to minimize the potential adverse health effects.

(2) An employer with fewer than thirty-five full-time employees may request assistance, including on-site assistance, from the department in completing its workplace surveys and education and training programs.

The department shall develop rules, in accordance with chapter 34.04 RCW, which:

(a) Outline the kinds and extent of assistance the department will provide;
(b) Outline the delivery mechanism for such assistance;
(c) State the procedures a requester must follow to obtain the assistance;
(d) Give consideration to the various circumstances and occupational settings which may prompt requests for assistance; and
(e) Provide procedures for granting extensions for deadlines for employers requiring assistance.

*Sec. 13. was vetoed, see message at end of chapter.

*NEW SECTION. Sec. 14. (1) A company or individual who manufactures or supplies a hazardous substance or mixture containing a hazardous substance and who supplies the substance or mixture to an employer in the state shall label all such substances and mixtures by the chemical or common name and the appropriate hazard warnings according to chapter 49.17 RCW. These labels shall be updated whenever the product mix is changed or if the manufacturer or supplier becomes aware of any information which is both new and significant regarding the health hazard of a component of the product.

(2) By June 1, 1986, every employer shall make every reasonable effort to assure that every container at the employer's workplace containing a hazardous substance shall bear a label indicating the chemical or common name and the appropriate hazard warnings in accordance with chapter 49.17 RCW.

(3) The labeling requirements of subsections (1) and (2) of this section shall not apply to containers labeled pursuant to the "Federal Insecticide, Fungicide, and Rodenticide Act" (61 Stat. 163; 7 U.S.C. sec. 121 et al.). The
department may, by rule, certify containers labeled pursuant to any other federal rule or regulation as labeled in compliance with this section.

(4) Although process containers are excluded from labeling requirements, the employer shall post in a readily available place a workplace hazardous substance list indicating the chemical name or chemical abstracts service number of all hazardous substances contained therein. Labeling of normally-operated vents to the atmosphere, sample connections, and drains in those areas is required if there is potential for employee exposure to a hazardous substance.

(5) In cases of pipes or piping systems, a fixed storage tank, or a reaction vessel, an employer may choose to convey the information required by this section by posting signs, placards, or operating instructions, or other methods rather than affixing labels. For any pipe or piping system, the information required by this section shall be provided at points where direct employee exposure to the hazardous substance contained in the pipe or piping system is likely to occur under normal operating conditions.

(6) If any provisions of this section are inconsistent with the federal Resource Conservation and Recovery Act, or with applicable regulations issued under that act by the Environmental Protection Agency or with chapter 70 RCW, or with regulations adopted by the department of ecology pursuant to its authority under RCW 70.105.020 and RCW 70.105.130, the provisions of this section shall be deemed superseded by those federal and state statutes and regulations.

*Sec. 14. was vetoed, see message at end of chapter.

NEW SECTION. Sec. 15. An employee or employee representative may request, in writing, from the employer, a copy of a workplace survey or a material safety data sheet, filed pursuant to this chapter for the employee's work area. The employer shall supply this material within three working days of the request. If an employer has not complied with section 12 of this act, an employee shall have the right to refuse to work with a particular hazardous substance for which a request was made and not honored within the statutory time period without loss of pay or forfeit of any other privilege until the request is honored. This section shall not apply to employees of vessels while the employees are on the water.

NEW SECTION. Sec. 16. No employer may discharge, cause to be discharged, or otherwise discipline, penalize, or discriminate against any employee because the employee or the employee's representative has exercised any right established in this chapter. The discrimination provisions of chapter 49.17 RCW apply to this chapter.

NEW SECTION. Sec. 17. (1) The director shall establish in the department a right-to-know advisory council, which shall consist of fifteen members appointed by the director. Each of these members shall be appointed for a term of three years, provided that of the members of the
council first appointed by the director, five shall serve for terms of one year, five shall serve for terms of two years, and five shall serve for terms of three years. Of these members, one shall be appointed from persons having training and experience in industrial hygiene recommended by recognized labor unions; one from persons recommended by recognized agricultural organizations; one from persons recommended by recognized environmental organizations; one from persons recommended by recognized public interest organizations; one from persons recommended by recognized organizations of chemical industries; one from persons recommended by recognized community organizations; one from persons recommended by recognized organizations of petroleum industries; one from persons recommended by recognized organizations of fire fighters; one from persons recommended by recognized business or trade organizations; one from persons recommended by recognized organizations of small business; one from persons holding an M.D. degree recommended by recognized public health organizations; two persons from professional accident and safety organizations; one person from the technology–based industries; and one from persons with training and experience in environmental epidemiology and toxicology recommended by recognized research or academic organizations. In the event that no recommendations for a particular category of membership are made to the director three months after the effective date of this act in the case of the initial appointments, or within sixty days of the date of the expiration of the term of office of any member or the occurrence of any vacancy in the case of subsequent appointments, the director shall appoint as a member for that category of membership a person whom the director believes will be representative thereof.

(2) A majority of the membership of the council constitutes a quorum for the transaction of council business. Action may be taken and motions and resolutions adopted by the council at any meeting thereof by the affirmative vote of a majority of the members of the council present and voting.

(3) The council shall meet regularly as it may determine, and shall also meet at the call of the department.

(4) The council shall appoint a chairman and other officers as may be necessary from among its members. The council may, within the limits of any funds appropriated or otherwise made available to it for this purpose, appoint such staff or hire such experts as it may require.

(5) Members of the council shall serve without compensation, but the council may, within the limits of funds appropriated or otherwise made available to it for such purposes, reimburse its members for necessary expenses incurred in the discharge of their official duties in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 18. (1) The council shall:

(a) Advise the department on the revision of the workplace hazardous substance lists;
(b) Study the impact of this chapter on employers and make recommendations to the legislature. Special emphasis shall be given to the study of the impacts on agricultural and small business employers;

(c) Prepare an updated fiscal note of the costs of this act to the department and to local governments, school districts, institutions of higher education and hospitals;

(d) Report to the legislature its findings under (b) and (c) of this section by January 1, 1985;

(e) Advise the department on the implementation of this chapter; and

(f) Review any matters submitted to it by the department.

(2) The council may:

(a) Review any aspect of the implementation of this chapter, and transmit its recommendations to the department; and

(b) Hold public meetings or hearings within the state on any matter or matters related to this chapter.

*NEW SECTION. Sec. 19. The department, in conjunction with the council, shall establish a procedure for annually receiving information, advice, testimony, and recommendations from the council, the public, and any other interested party concerning the implementation of this chapter. This procedure shall include a mechanism for revising the workplace hazardous substance list. Any revision of the workplace hazardous substance list shall be based on documented scientific evidence. The department shall publicly announce any revisions of the workplace hazardous substance list, and any such additions or revisions shall be made pursuant to chapter 34.04 RCW.

*Sec. 19, was vetoed, see message at end of chapter.

NEW SECTION. Sec. 20. The department shall produce educational brochures and public service announcements detailing information available to citizens under this chapter. These educational materials shall be sent to each county health department. As necessary, the department shall provide information needed to update these educational materials.

NEW SECTION. Sec. 21. A person may bring a civil action on his or her own behalf against a manufacturer, supplier, employer, or user to compel compliance with the provisions of this chapter or any rule promulgated under this chapter subject to the provisions of Title 51 RCW. The superior court shall have jurisdiction over these actions. The court may award costs of litigation to the prevailing party, including reasonable attorney and expert witness fees.

*NEW SECTION. Sec. 22. Substances not included on the workplace hazardous substance list shall not be subject to the reporting provisions of this chapter. However, the absence of any substance from the workplace hazardous substance list, or the provision of any information by an employer to an employee or any other person pursuant to the provisions of this chapter shall not affect any other liability of an employer with regard to safeguarding
the health and safety of an employee or any other person exposed to the
substance, nor shall it affect any other duty or responsibility of an employer
to warn ultimate users of a substance of any potential health hazards associ-
ated with the use of the substance pursuant to the provisions of any law or
rule adopted pursuant thereto.

*Sec. 22. was vetoed, see message at end of chapter.

NEW SECTION. Sec. 23. The department may request from an em-
ployer submitting surveys to it further information concerning the surveys,
and the employer shall provide the additional information upon the request.
The employer may require the department to provide reasons why further
information is needed and to sign an agreement protecting the confidential-
ity of any additional information provided under this section.

NEW SECTION. Sec. 24. (1) The worker and community right to
know fund is hereby established in the custody of the state treasurer. The
department shall deposit all moneys received under this chapter in the fund.
Moneys in the fund may be spent only for the purposes of this chapter fol-
lowing legislative appropriation. Disbursements from the fund shall be on
authorization of the director or the director's designee. The fund is subject
to the allotment procedure provided under chapter 43.88 RCW.

(2) The department shall after July 1, 1985, assess each employer a fee
of seventy-five cents per employee to provide for the implementation of the
provisions of this chapter. After this initial assessment, the fees shall be
based on a fee schedule developed by the department and shall be collected
only from those employers who have hazardous substances present at their
workplaces. All fees collected by the department pursuant to this section
shall be collected in a cost-efficient manner and shall be deposited in the
fund.

(3) Records required by this chapter shall at all times be open to the
inspection of the director, or his designee including, the traveling auditors,
agents or assistants of the department provided for in RCW 51.16.070 and
51.48.040. The information obtained from employer records under the pro-
visions of this section shall be subject to the same confidentiality require-
ments as set forth in RCW 51.16.070.

(4) An employer may appeal the assessment of the fee pursuant to the
procedures set forth in chapter 49.17 RCW and accompanying rules except
that the employer shall not have the right of appeal to superior court as
provided in chapter 49.17 RCW. The employer from whom the fee is de-
manded or enforced, may however, within thirty days of the board of in-
dustrial insurance appeal's final order, pay the fee under written protest
setting forth all the grounds upon which such fee is claimed to be unlawful,
excessive or otherwise improper and thereafter bring an action in superior
court against the department to recover such fee or any portion of the fee
which was paid under protest.
(5) Repayment shall be made to the general fund of any moneys appropriated by law in order to implement this chapter.

NEW SECTION. Sec. 25. Unless reference is specifically made to another chapter, this chapter shall be implemented and enforced including penalties, violations, citations, and other administrative procedures pursuant to chapter 49.17 RCW.

NEW SECTION. Sec. 26. If a manufacturer, supplier, employer, or user refuses or fails to provide the department with any data sheets, workplace surveys, or other papers, documents, or information required by this chapter, the department may give written notice to the manufacturer, supplier, employer, or user demanding immediate compliance. If the manufacturer, supplier, employer, or user fails to begin to comply with the terms of the notice within fourteen days of receipt, the department may levy a fine of up to fifty dollars per affected employee per day, not to exceed five thousand dollars per day from the final date for compliance allowed by this section or by the department. In any case where the noncompliance continues for more than fifteen days or where the department determines the failure to comply creates a potential health or safety hazard to employees or hinders the department's performance of its duties under this chapter, the department may, in lieu of levying a fine or further fines, petition the superior court of Thurston county or the county where the manufacturer, supplier, employer, or user is located for an order enjoining the manufacturer, employer, supplier, or user from further noncompliance and granting any other remedies that may be appropriate. The court may award the department costs of litigation, including attorney's fees, if the department is the prevailing party.

NEW SECTION. Sec. 27. Except as otherwise provided in this chapter, the department, after consultation with the department of agriculture, shall adopt any rules necessary to carry out its responsibilities under this chapter.

NEW SECTION. Sec. 28. Sections 3 through 27 of this act shall constitute a new chapter in Title 49 RCW.

NEW SECTION. Sec. 29. There is appropriated from the general fund to the worker and community right to know fund for the biennium ending June 30, 1985, the sum of ninety-seven thousand four hundred fifty-three dollars, or so much thereof as may be necessary, to carry out the purposes of this act.

NEW SECTION. Sec. 30. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or
the application of the provision to other persons or circumstances is not affected.

Passed the Senate March 6, 1984.
Passed the House March 5, 1984.
Approved by the Governor March 30, 1984, with the exception of those provisions noted in the veto message.
Filed in Office of Secretary of State March 30, 1984.

Note: Governor's explanation of partial veto is as follows:

I am returning herewith, without my approval as to several sections, Second Substitute Senate Bill No. 4831, entitled:

"AN ACT Relating to worker and community right to know."

I am confronted with a dilemma with respect to this measure. Protection of workers and the public from inadvertent exposure to hazardous substances is of particular concern to me. I favor a responsible approach to these concerns tailored to the particular circumstances of the state of Washington. Unfortunately, this bill is not such a proposal.

This bill contains serious technical flaws and numerous substantive errors. It is internally inconsistent, creates a monstrous paper burden in the Department of Labor and Industries and on small business and agriculture, and is so broad that it may well constitute an illegal burden on interstate commerce under Federal law. In its present form, this bill would substantially increase costs to consumers and dampen economic recovery.

Rather than reject the concept of this legislation, I am approving those provisions of the bill which will allow the Department of Labor and Industries to be responsive to the need for establishing a program for disclosure of information regarding hazardous substances in the workplace. As a result of my action, the Department will immediately begin work in preparation for reporting to the Governor and the legislature by January 1, 1985, in conjunction with the Right to Know Advisory Council, on the necessary study of the impact of legislation on this subject, and on the need for any additional legislation.

I have vetoed section 3. This section purports to provide definitions for purposes of implementing the act. However, many of these definitions are in fact substantive requirements inappropriately engrossed on the definition section. Necessary definitions for implementation of this chapter may be developed by the Department under the authority of section 27.

I have vetoed sections 4 through 14 of the act, inclusive. Section 4 contains numerous exclusions from coverage under the statute which exclusions may or may not prove to be appropriate after study. Section 5 places on the Department of Labor and Industries the sole burden of development of a hazardous substance list. This section in conjunction with sections 6 through 14 constitutes overly burdensome aspects of the legislation.

I have vetoed section 19 from the bill for the reasons stated above. I have vetoed section 22 for the same reasons.

Many of the substantive action sections of this bill do not become operative for more than a year or two years. Therefore, it would seem prudent and in the best interests of employees, employers, and the public, that they be reviewed, fine-tuned, and acted upon next January.

With the exception of the above vetoes, Second Substitute Senate Bill No. 4831 is approved.
AUTHENTICATION

I, Dennis W. Cooper, Code Reviser of the State of Washington, do hereby certify that, with the exception of such corrections as I have made in accordance with the powers vested in me by the provisions of RCW 44.20.060, the laws published in these volumes are a true and correct reproduction of the copies of the enrolled laws of the 1984 regular session (48th Legislature) as certified and transmitted to the Statute Law Committee by the Secretary of State pursuant to RCW 44.20.020.

IN TESTIMONY WHEREOF, I have hereunto set my hand at Olympia, Washington, this second day of May, 1984.
