

the state commission on equipment. The state commission on equipment is abolished under Substitute House Bill No. 454 and the commission's responsibilities are transferred to the Washington State Patrol.

References are made to the state commission on equipment in sections 11 and 16 of Substitute Senate Bill No. 5124. Substitute House Bill No. 454 establishes the Legislature's clear intention that the Washington State Patrol, and not the state commission on equipment, carry out the responsibilities set forth in the above-referenced sections of Substitute Senate Bill No. 5124.

With the exception of sections 11, 16, 21(6) and 21(9), Substitute Senate Bill No. 5124 is approved."

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. It is the purpose of section 3 of this act to encourage local and state government to join in partnerships for the sharing of resources regarding the management of offenders in the correctional system. The formation of partnerships between local and state government is intended to reduce duplication while assuring better accountability and offender management through the most efficient use of resources at both the local and state level.

NEW SECTION. Sec. 2. A new section is added to chapter 72.09 RCW to read as follows:

The definitions in this section apply throughout this chapter.

(1) "Department" means the department of corrections.

(2) "Secretary" means the secretary of corrections.

(3) "County" refers to a county or combination of counties.

(4) "Base level of correctional services" means the minimum level of field services the department of corrections is required by statute to provide for the supervision and monitoring of offenders.

NEW SECTION. Sec. 3. A new section is added to chapter 72.09 RCW to read as follows:

(1) A county may establish a community corrections board which shall consist of nine members. The county legislative authority shall appoint four members to the board, two of whom shall be from the private sector. The secretary shall appoint one member to the board. In addition, the county prosecutor and county sheriff, or their designees, a judge of the county superior court selected by the county superior court judges, and a county district court judge, selected by the county district court judges, shall be members of the board.

(2) If a combination of counties establishes a community corrections board, an intergovernmental agreement shall establish the composition and powers of the board, not to exceed the authority granted in this section.

(3) The community corrections board shall develop a community corrections plan for the county. Upon request, the department may provide technical assistance in developing the plan. The plan shall describe the existing correctional resources, goals, objectives, needs, and problems for local and state correctional services in the county. The plan shall review ways to maximize resources and reduce duplication of services. Areas to be addressed in the plan include, but are not limited to: Voluntary services for offenders, which include employment, substance and alcohol abuse services, housing and mental health services; ways to share administrative costs between local and state government; and the development of alternatives to partial and total confinement.

(4) The secretary shall adopt rules for the submittal and review of all plans. Representatives from other state and local agencies and organizations shall participate in the review process. Initiatives that reduce the duplication of services or maximize the use of existing resources shall be given priority.

(5) The department shall establish a base level of correctional services, which shall be determined and distributed in a consistent manner statewide. The department's contributions to any partnerships, approved pursuant to this section, shall not operate to reduce this base level of services.

Sec. 4. Section 5, chapter 136, Laws of 1981 as amended by section 1, chapter 19, Laws of 1986 and RCW 72.09.050 are each amended to read as follows:

The secretary shall manage the department of corrections and shall be responsible for the administration of adult correctional programs, including but not limited to the operation of all state correctional institutions or facilities used for the confinement of convicted felons. In addition, the secretary shall have broad powers to enter into agreements with any federal agency, or any other state, or any Washington state agency or local government providing for the operation of any correctional facility or program for persons convicted of felonies or misdemeanors or for juvenile offenders. The secretary may employ persons to aid in performing the functions and duties of the department. The secretary may delegate any of his functions or duties to department employees. The secretary is authorized to promulgate standards for the department of corrections within appropriation levels authorized by the legislature.

Pursuant to the authority granted in chapter 34.04 RCW, the secretary shall adopt rules providing for inmate restitution when restitution is determined appropriate as a result of a disciplinary action.
