Credit shall be allowed for all months of service rendered by a member from and after the member's initial commencement of employment as a fire fighter or law enforcement officer, during which the member worked for seventy or more hours, or was on disability leave or disability retirement. Only months of service shall be counted in the computation of any retirement allowance or other benefit provided for in this chapter. In addition to the foregoing, for members retiring after May 21, 1971 who were employed under the coverage of a prior pension act before

(b) "Service" for persons who establish membership in the retirement system on or after October 1, 1977, means periods of employment by a member for one or more employers for which basic salary is earned for ninety or more hours per calendar month.

Members of the retirement system who are elected or appointed to a state elective position may elect to continue to be members of this retirement system.

Years of service shall be determined by dividing the total number of months of service by twelve. Any fraction of a year of service as so determined shall be taken into account in the computation of such retirement allowance or benefits.
