## CHAPTER 91

[House Bill No. 2942]

### RECREATIONAL FISHERIES ENHANCEMENT PLAN PROGRESS REPORTS

AN ACT Relating to progress reports on the recreational fisheries enhancement plan; and adding new sections to chapter 75.08 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature is aware that the Washington state department of fisheries introduced a broad new program titled "The Recreational Fishery Enhancement Plan" in October of 1989. The declared purpose of the plan is to emphasize recreational opportunities and develop the plan with emphasis on recreational salmon fishing.

The plan boldly adopts, as its chief goal, Governor Gardner's personal objective: Make Washington the recreational fishing capital of the nation. The director states this will be accomplished through a series of regional programs. The legislature commends the director for his recreational fishery enhancement plan and the various concepts it contains to meet the need for recreational emphasis.

The legislature recognizes that any plan such as the recreational fishery enhancement plan requires creative thinking, innovation, commitment, allocation of appropriate resources, and risk taking. Certain failures may occur in aspects of the programs but only through such far-sighted acceptance of risks will success be achieved.

Because of the importance of this effort to the state of Washington, the legislature and the thousands of Washington recreational fishers must be kept informed as to the progress and success of the recreational fishery enhancement plan.

**NEW SECTION.** Sec. 2. The director shall report to the governor and the appropriate legislative committees regarding its progress on the recreational fishery enhancement plan giving the following minimum information:
