CHAPTER 2

[Initiative 1029]

LONG-TERM CARE SERVICES—ELDERLY—PERSONS WITH DISABILITIES ACT

AN ACT Relating to long-term care services for the elderly and persons with disabilities; amending RCW 74.39A.009, 74.39A.340, 74.39A.350, 74.39A.050, and 18.130.040; reenacting and amending RCW 18.130.040; adding new sections to chapter 74.39A RCW; adding a new section to chapter 18.88A RCW; adding a new chapter to Title 18 RCW; creating new sections; providing an effective date; and providing a contingent effective date.

Be it enacted by the People of the State of Washington:

NEW SECTION. Sec. 1. It is the intent of the people through this initiative to protect the safety of and improve the quality of care to the vulnerable elderly and persons with disabilities.

The people find and declare that current procedures to train and educate long-term care workers and to protect the elderly or persons with disabilities from caregivers with a criminal background are insufficient. The people find and declare that long-term care workers for the elderly or persons with

disabilities should have a federal criminal background check and a formal system of education and experiential qualifications leading to a certification test.

The people find that the quality of long-term care services for the elderly and persons with disabilities is dependent upon the competency of the workers who provide those services. To assure and enhance the quality of long-term care services for the elderly and persons with disabilities, the people recognize the need for federal criminal background checks and increased training requirements. Their establishment should protect the vulnerable elderly and persons with disabilities, bring about a more stabilized workforce, improve the quality of long-term care services, and provide a valuable resource for recruitment into long-term care services for the elderly and persons with disabilities.

Sec. 2. RCW 74.39A.009 and 2007 c 361 s 2 are each amended to read as follows:

These background checks shall include checking against the federal bureau of investigation fingerprint identification records system and against the national sex offenders registry or their successor programs. The department shall share this information with the department of health. The department shall not pass on the cost of these criminal background checks to the workers or their employers. (3) The department shall take appropriate enforcement action related to the contract of a private agency or facility licensed by the state, to provide personal care services, other than an individual provider, who knowingly employs a long-term care worker who is not a certified home care aide as required under this act or, if exempted from certification by section 7 of this act, has not completed his or her required training pursuant to this act.

The department's system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter 392, Laws of 1997.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing or contract inspections, the department shall interview an appropriate percentage of residents, family members, resident case managers, and advocates in addition to interviewing providers and staff.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and based on a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers, residents, and other interested parties.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) ~~((To the extent funding is available, all long-term care staff directly responsible for the care, supervision, or treatment of vulnerable persons should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis according to law and rules adopted by the department.))~~ All long-term care workers shall be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. This information will be shared with the department of health to advance the purposes of this act.

(8) No provider or ~~((staff))~~ long-term care worker, or prospective provider or ~~((staff))~~ long-term care worker, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) The department shall establish, by rule, a state registry which contains identifying information about ~~((personal care aides))~~ long-term care workers identified under this chapter who have substantiated findings of abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact, appeal rights, and fair hearing requirements. The department shall disclose, upon request, substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information. This information will also be shared with the department of health to advance the purposes of this act.

(10) ~~((The department shall by rule develop training requirements for individual providers and home care agency providers. Effective March 1,~~

~~2002;))~~ Until December 31, 2009, individual providers and home care agency providers must satisfactorily complete department-approved orientation, basic training, and continuing education within the time period specified by the department in rule. The department shall adopt rules by March 1, 2002, for the implementation of this section (~~(based on the recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190)~~). The department shall deny payment to an individual provider or a home care provider who does not complete the training requirements within the time limit specified by the department by rule.

(11) Until December 31, 2009, in an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.

(12) The department shall create an approval system by March 1, 2002, for those seeking to conduct department-approved training. (~~In the rule-making process, the department shall adopt rules based on the recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190.~~)

(13) The department shall establish, by rule, (~~(training;)~~) background checks(~~;~~) and other quality assurance requirements for (~~(personal aides)~~) long-term care workers who provide in-home services funded by medicaid personal care as described in RCW 74.09.520, community options program entry system waiver services as described in RCW 74.39A.030, or chore services as described in RCW 74.39A.110 that are equivalent to requirements for individual providers.

(14) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

(15) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide the caregiver with appropriate options that assist in meeting the resident's care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules. The nursing care quality assurance commission shall direct the nursing assistant training programs to accept some or all of the skills and competencies from the curriculum modules towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. A process may be developed to test persons completing modules from a caregiver's class to verify that they have the transferable skills and competencies for entry into a nursing assistant training

program. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training. The department of social and health services and the nursing care quality assurance commission shall work together to develop an implementation plan by December 12, 1998.
