RESOLUTION

WHEREAS, Earl Hale is retiring from the State Board for Community and Technical Colleges on January 20, 2006, after thirty-five years of total service and the last nineteen years as the Executive Director; and

WHEREAS, Earl Hale has helped the State Board to ensure that the two-year college system maintains an open door to public education for nearly half a million Washington residents every year; and

WHEREAS, Earl Hale has articularly and effectively communicated the system's core mission and values to leaders across the state, including business, state government, faculty unions, the K-12 system, and four-year colleges and universities; and

WHEREAS, Earl Hale has overseen tremendous growth of the two-year college system with the addition of the technical colleges into the system in 1991, and two additional community colleges since 1994;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives hereby commend Earl Hale for his tireless efforts on behalf of the two-year college system and his deep commitment to serving the citizens of Washington over the last thirty-five years; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Chief Clerk of the House of Representatives to Earl Hale.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 80.60.010 and 2000 c 158 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly indicates otherwise.

(1) "Commission" means the utilities and transportation commission.
(2) "Customer-generator" means a user of a net metering system.
(3) "Electrical company" means a company owned by investors that meets the definition of RCW 80.04.010.
(4) "Electric cooperative" means a cooperative or association organized under chapter 23.86 or 24.06 RCW.
(5) "Electric utility" means any electrical company, public utility district, irrigation district, port district, electric cooperative, or municipal electric utility that is engaged in the business of distributing electricity to retail electric customers in the state.
(6) "Irrigation district" means an irrigation district under chapter 87.03 RCW.
(7) "Municipal electric utility" means a city or town that owns or operates an electric utility authorized by chapter 35.92 RCW.
(8) "Net metering" means measuring the difference between the electricity supplied by an electric utility and the electricity generated by a customer-generator that is fed back to the electric utility over the applicable billing period.
(9) "Net metering system" means (as its fuel either solar, wind, or hydropower) renewable energy:
(a) Uses (as its fuel either solar, wind, or hydropower) renewable energy;
(b) Has a generating capacity of not more than (twenty-five) one hundred kilowatts;
(c) Is located on the customer-generator's premises;
(d) Operates in parallel with the electric utility's transmission and distribution facilities; and
(e) Is intended primarily to offset part or all of the customer-generator's requirements for electricity.

(10) "Port district" means a port district within which an industrial development district has been established as authorized by Title 53 RCW.
(11) "Public utility district" means a district authorized by chapter 54.04 RCW.
(12) "Renewable energy" means resources whose common characteristic is that they are nondepletable or are naturally replenishable existing or emerging nonfossil fuel energy sources or technologies, and shall include but not be limited to the following:
(a) Solar photovoltaic or solar thermal electric energy;
(b) Wind energy;
(c) Ocean thermal, wave, or tidal energy;
(d) Fuel cells;
(e) Landfill gas;
(f) Incremental gains in energy production from capital and operational improvements in hydroelectric generating facilities;
(g) Run of river hydropower generation;
(h) Hydroelectric generation that does not impede the flow in naturally flowing water.
(i) Advanced biomass power conversion technologies, such as gasification using such biomass fuels as wood, agricultural, or food wastes, energy crops, biogas, biodiesel, or organic refuse-derived fuel;
(j) Biomass energy using animal waste, solid organic fuels from wood, forest, or field residues, dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic; and
(k) Lignin in spent pulping liquors.
(l) The following technologies or fuels shall not be considered renewable energy supplies: Coal, oil, nuclear power, or fuel gases, excluding fuel gases that are used in a combined heat and power plant designed to produce both heat and electricity from a single heat source.

Sec. 2. RCW 80.60.020 and 2000 c 158 s 2 are each amended to read as follows:

An electric utility:

(1) Shall offer to make net metering available to eligible customers-generators on a first-come, first-served basis until the cumulative generating capacity of net metering systems equals ((10) + (50)) 0.25 percent of the utility's peak demand during 1996, ((of which not less than 0.05 percent shall be attributable to net metering systems that use as its fuel either solar, wind, or hydropower)) If one or more utilities are found to be approaching the maximum cumulative generating capacity of net metering systems allowed under this subsection of this section, the legislature may review the generation threshold contained in this section for potential modification. On January 1, 2014 the cumulative generating capacity of net metering systems will equal 0.5 percent of the utility's peak demand during 1996;
(2) Shall allow net metering systems to be interconnected using a standard kilowatt-hour meter capable of registering the flow of
electricity in two directions, unless the commission, in the case of an electric company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment:

(a) That the use of additional metering equipment to monitor the flow of electricity in each direction is necessary and appropriate for the interconnection of net metering systems, after taking into account the benefits and costs of purchasing and installing additional metering equipment; and

(b) How the cost of purchasing and installing an additional meter is to be allocated between the customer-generator and the utility;

(3) Shall charge the customer-generator a minimum monthly fee that is the same as other customers of the electric utility in the same rate class, but shall not charge the customer-generator any additional standby, capacity, interconnection, or other fee or charge unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment that:

(a) The electric utility will incur direct costs associated with interconnecting or administering net metering systems that exceed any offsetting benefits associated with these systems; and

(b) Public policy is best served by imposing these costs on the customer-generator rather than allocating these costs among the utility's entire customer base.

Sec. 3. RCW 80.60.030 and 1998 c 318 s 4 are each amended to read as follows:

Consistent with the other provisions of this chapter, the net energy measurement must be calculated in the following manner:

1. The electric utility shall measure the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

2. If the electricity supplied by the electric utility exceeds the electricity generated by the customer-generator and fed back to the electric utility during the billing period, the customer-generator shall be billed for the net electricity supplied by the electric utility, in accordance with normal metering practices.

3. If electricity generated by the customer-generator exceeds the electricity supplied by the electric utility, the customer-generator:

(a) Shall be billed for the appropriate customer charges for that billing period, in accordance with RCW 80.60.020; and

(b) Shall be credited for the excess kilowatt-hours generated during the billing period, with this kilowatt-hour credit appearing on the bill for the following billing period.

(At the beginning) On April 30th of each calendar year, any remaining unused kilowatt-hour credit accumulated during the previous year shall be granted to the electric utility, without any compensation to the customer-generator.

Sec. 4. RCW 80.60.040 and 2000 c 158 s 3 are each amended to read as follows:

1. A net metering system used by a customer-generator shall include, at the customer-generator's own expense, all equipment necessary to meet applicable safety, power quality, and interconnection requirements established by the national electrical code, national electrical safety code, the institute of electrical and electronics engineers, and underwriters laboratories.

2. The commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, after appropriate notice and opportunity for comment, may adopt by regulation additional safety, power quality, and interconnection requirements for customer-generators, including limitations on the number of customer generators and total capacity of net metering systems that may be interconnected to any distribution feeder line, circuit or network that the commission or governing body determines are necessary to protect public safety and system reliability.

3. An electric utility may not require a customer-generator whose net metering system meets the standards in subsections (1) and (2) of this section to comply with additional safety or performance standards, perform or pay for additional tests, or purchase additional liability insurance. However, an electric utility shall not be liable directly or indirectly for permitting or continuing to allow an attachment of a net metering system, or for the acts or omissions of the customer-generator that cause loss or injury, including death, to any third party."

Representative Kilmer moved the adoption of amendment (796):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.04.4333 and 1996 c 1 s 4 are each amended to read as follows:

(1) (There may be credited against the tax imposed by this chapter, the value of state approved, employer provided or sponsored job training services designed to enhance the job-related performance of employees, for those businesses eligible for a tax deferral under chapter 82.60 RCW.) In computing the tax imposed under this chapter, a credit is allowed for fifty percent of the value of qualified worker training expenses incurred by a qualified employer.

(2) The value of the ([state approved, job training services]) qualified worker training expenses provided by the qualified employer to ([the]) a new or existing employee, without charge, shall be determined by the allocation of the cost method using generally accepted accounting standards.

(3) The credit allowed under this section shall be limited to an amount equal to twenty percent of the value of the state approved, job training services determined under subsection (2) of this section.) The total credits allowed under this section for a (business) qualified employer shall not exceed ([five]) the lesser of ten thousand dollars per calendar year or the amount of tax otherwise due under this chapter for the calendar year. Credits may not be carried over to subsequent calendar years. No refunds may be granted for any unused credits. Credits may not be approved on training expenses incurred prior to January 1, 2007. Approved credits must be taken for taxes due for the calendar year following the calendar year in which the qualified expenses were incurred.

(4) The total credits allowed under this section for all qualified employers shall not exceed two million dollars per calendar year for credits taken for qualified worker training under subsection (6)(f)(i), (ii), and (iii) of this section. The total credits allowed under this section for all qualified employers shall not exceed one million dollars per calendar year for credits taken for qualified worker training under subsection (6)(f)(iv) of this section. The department shall allow the use of the credits on a first-in-time basis.

(5) Prior to claiming the credit under this section, the (business) qualified employer must obtain approval of the proposed ([job training services]) worker training expenses from the ([employment security department]) work force training and education coordinating board. The employer's request for approval must include a description of the proposed ([job]) worker training service, how the ([job]) worker training will enhance the employee's performance, and the cost of the proposed ([job]) worker training.

((6) This section only applies to training in respect to eligible business projects for which an application is approved on or after January 1, 1996)) (6) For the purposes of this section:

(a) "Manufacturing" has the meaning provided in RCW 82.04.120. "Manufacturing" also includes computer programming, the production of computer software, and other computer-related services, and the activities performed by research and development laboratories and commercial testing laboratories.

(b) "Pilot scale manufacturing" has the meaning provided in RCW 82.63.010.
(e) "Qualified employer" means an independently owned and operated business located in Washington with less than fifty employees worldwide that is engaged in a manufacturing, pilot scale manufacturing, or qualified research and development operation.

(d) "Qualified research and development operation" has the meaning provided in RCW 82.63.010.

(e) "Qualified worker training expenses" means the amount of qualified worker training expenditures that exceed the lesser of: (i) The employer's average annual amount of qualified worker training expenditures for the previous five calendar years; or (ii) the employer's annual amount of qualified worker training expenditures for the previous year.

(f) "Qualified worker training" means instruction to enhance an employee's job-related performance through: (i) A course or program at an institution of higher education, as defined in RCW 28B.10.016, or a private vocational school licensed under RCW 28C.10.060; (ii) a private, nonprofit educational institution, the main campus of which is permanently situated in the state, and that: (A) Is open to residents of the state; (B) does not restrict entry on racial or religious grounds; (C) provides programs beyond high school leading to at least the baccalaureate degree; and (D) is accredited by the Northwest association of schools and colleges or by an accrediting association recognized by the higher education coordinating board; (iii) training provided by Washington manufacturing services; or (iv) for employers with more than two and less than twenty employees, training provided by the employer on premises the value of which is determined according to subsection (2) of this section.

(7) This section expires December 31, 2012.

NEW SECTION  Sec. 2. A new section is added to chapter 82.32 RCW to read as follows:

(1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources, the legislature needs information on how a tax incentive is used.

(2)(a) A person who claims the tax credit under RCW 82.04.4333 shall file a complete annual survey with the department. The survey is due by March 31st following any year in which a person takes the tax credit under RCW 82.04.4333. The department may extend the due date for timely filing of annual surveys under this section as provided in RCW 82.32.590. The survey shall also include the following information for employment positions in Washington:

(i) The number of total employment positions;

(ii) Full-time, part-time, and temporary employment positions as a percent of total employment;

(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band;

(iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands;

(v) The number of people receiving qualified worker training;

(vi) The average cost of the qualified worker training;

(vii) The cost of the program administration; and

(viii) The type of qualified worker training received, including the average length of training.

(b) As part of the annual survey, the department may request additional information necessary to measure the results of, or determine eligibility for, the tax credit in RCW 82.04.4333.

(3) The department shall use the information from the annual survey required under subsection (2) of this section to prepare summary descriptive statistics by category including the number of qualified employers utilizing the credit by firm size:

(a) Under five employees;

(b) Five to ten employees;

(c) Eleven to twenty-five employees; and

(d) Twenty-six to forty-nine employees.

The department shall report these statistics to the legislature each year by September 1st.

(5) By November 1, 2010, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effect of the tax credit provided in RCW 82.04.4333 in regard to keeping Washington competitive. The report shall measure the effect of the tax credit provided in RCW 82.04.4333 on job retention, net jobs created for Washington residents, company growth, diversification of the state's economy, cluster dynamics, and other factors as the committees select. The report shall include a discussion of principles to apply in evaluating whether the legislature should extend the tax credit provided in RCW 82.04.4333.

Sec. 3. RCW 82.32.590 and 2005 c 514 s 1001 are each amended to read as follows:

(1) If the department finds that the failure of a taxpayer to file an annual survey under RCW 82.04.4452 or 82.04.4333 by the due date was the result of circumstances beyond the control of the taxpayer, the department shall extend the time for filing the survey. Such extension shall be for a period of thirty days from the date the department issues its written notification to the taxpayer that it qualifies for an extension under this section. The department may grant additional extensions as it deems proper.

(2) In making a determination whether the failure of a taxpayer to file an annual survey by the due date was the result of circumstances beyond the control of the taxpayer, the department shall be guided by rules adopted by the department for the waiver or cancellation of penalties when the underpayment or untimely payment of any tax was due to circumstances beyond the control of the taxpayer.

On page 4, after line 16, insert:

"Sec. 8. RCW 82.04.4461 and 2003 2nd sp.s. c 1 s 7 are each amended to read as follows:

(1)(a) In computing the tax imposed under this chapter, a credit is allowed for each person for preproduction development spending occurring after December 1, 2003.

(b) Before July 1, 2005, any credits earned under this section must be accrued and carried forward and may not be used until July 1, 2005. These carryover credits may be used at any time thereafter, and may be carried over until used. Refunds may not be granted in the place of a credit.

(2) The credit is equal to the amount of qualified preproduction development expenditures of a person, multiplied by the rate of 1.5 percent.

(3) Except as provided in subsection (1)(b) of this section the credit shall be taken against taxes due for the same calendar year in which the qualified preproduction development expenditures are incurred. Credit earned on or after July 1, 2005, may not be carried over. The credit for each calendar year shall not exceed the amount of tax otherwise due under this chapter for the calendar year. Refunds may not be granted in the place of a credit.

(4) Any person claiming the credit shall file an affidavit form prescribed by the department that shall include the amount of the credit claimed, an estimate of the anticipated preproduction development expenditures during the calendar year for which the credit is claimed, an estimate of the taxable amount during the calendar year for which the credit is claimed, and such additional information as the department may prescribe.

(5) The definitions in this subsection apply throughout this section.

(a) "Aeronautics" means the study of flight and the science of building and operating commercial aircraft.

(b) "Person" means a person as defined in RCW 82.04.030, who is a manufacturer or processor for hire of commercial airplanes, or components of such airplanes, as those terms are defined in RCW 82.32.550.

(c) "Preproduction development" means research, design, and engineering activities performed in relation to the development of a product, product line, model, or model derivative, including prototype development, testing, and certification. The term includes the discovery of technological information, the translating of technological information into new or improved products, processes, techniques, formulas, or inventions, and the adaptation of existing products and models into new products or new models, or derivatives of products or models. The term does not include manufacturing activities or other production-oriented activities, however the term does include tool design and engineering design for the manufacturing process. The term does not include surveys and studies, social science and humanities research, market research or testing, quality control, sale promotion and service, computer software developed for internal use, and research in areas such as improved style, taste, and seasonal design.

(d) "Preproduction development spending" means qualified preproduction development expenditures plus eighty percent of amounts paid to a person other than a public educational or research institution to conduct qualified preproduction development.

(e) "Qualified preproduction development" means preproduction development performed within this state in the field of aeronautics or eligible diesel engine design.

(f) "Qualified preproduction development expenditures" means operating expenses, including wages, compensation of a proprietor or a partner in a partnership as determined by the department, benefits, supplies, and computer expenses, directly incurred in qualified preproduction development by a person claiming the credit provided in this section. The term does not include amounts paid to a person other than a public educational or research institution to conduct qualified preproduction development. The term does not include capital costs and overhead, such as expenses for land, structures, or depreciable property.

(g) "Taxable amount" means the taxable amount subject to the tax imposed in this chapter required to be reported on the person's tax returns during the year in which the credit is claimed, less any taxable amount for which a credit is allowed under RCW 82.04.440.

THIRTY THIRD DAY, FEBRUARY 10, 2006

23
(h) "Eligible diesel engine" means a diesel engine designed for operating on biodiesel fuel.

(i) "Biodiesel fuel" means a mono alkyl ester of long chain fatty acids derived from vegetable oils or animal fats for use in compression-ignition engines and that meets the requirements of the American Society of testing and materials specification D 6751 in effect as of January 1, 2003.

(6) In addition to all other requirements under this title, a person taking the credit under this section must report as required under RCW 82.32.545.

(7) Credit may not be claimed for expenditures for which a credit is claimed under RCW 82.04.4452.

(8) This section expires July 1, 2024.

(7) Upon every person engaging within this state in the business of stevedoring and associated activities pertinent to the movement of goods and commodities in waterborne interstate or foreign commerce; as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds derived from such activities multiplied by the rate of 0.275 percent. Persons subject to taxation under this subsection shall be exempt from payment of taxes imposed by chapter 82.16 RCW for that portion of their business subject to taxation under this subsection. Stevedoring and associated activities pertinent to the conduct of goods and commodities in waterborne interstate or foreign commerce are defined as all activities of a labor, service or transportation nature whereby cargo may be loaded or unloaded to or from vessels or barges, passing over, onto or under a wharf, pier, or similar structure; cargo may be moved to a warehouse or similar holding or storage yard or area to await further movement in import or export or may move to a consolidation freight station and be stuffed, unstuffed, containerized, separated or otherwise segregated or aggregated for delivery or loaded on any mode of transportation for delivery to its consignee. Specific activities included in this definition are: Wharfage, handling, loading, unloading, moving of cargo to a convenient place of delivery to the consignee or a convenient place for further movement to export mode; documentation services in connection with the receipt, delivery, checking, care, custody and control of cargo required in the transfer of cargo; imported automobile handling prior to delivery to consignee; terminal stevedoring and incidental vessel services, including but not limited to plugging and unplugging refrigerator service to containers, trailers, and other refrigerated cargo receptacles, and securing ship hatch covers.

(8) Upon every person engaging within this state in the business of disposing of low-level waste, as defined in RCW 43.145.010; as to such persons the amount of the tax with respect to such business shall be equal to the gross income of the business, excluding any fees imposed under chapter 43.200 RCW, multiplied by the rate of 3.3 percent.

If the gross income of the taxpayer is attributable to activities both within and without this state, the gross income attributable to this state shall be determined in accordance with the methods of apportionment required under RCW 82.04.460.

(9) Upon every person engaging within this state as an insurance agent, insurance broker, or insurance solicitor licensed under chapter 48.17 RCW; as to such persons, the amount of the tax with respect to such licensed activities shall be equal to the gross income of such business multiplied by the rate of 0.484 percent.

(10) Upon every person engaging within this state in business as a hospital, as defined in chapter 70.41 RCW, that is operated as a nonprofit corporation or by the state or any of its political subdivisions, as to such persons, the amount of tax with respect to
such activities shall be equal to the gross income of the business multiplied by the rate of 0.75 percent through June 30, 1995, and 1.5 percent thereafter. The moneys collected under this subsection shall be deposited in the health services account created under RCW 43.72.900.

(11) (a) Beginning October 1, 2005, upon every person engaging within this state in the business of manufacturing commercial airplanes, or components of such airplanes, as to such persons the amount of tax with respect to such business shall, in the case of manufacturers, be equal to the value of the product manufactured, or in the case of processors for hire, be equal to the gross income of the business, multiplied by the rate of:

(i) 0.4235 percent from October 1, 2005, through the later of June 30, 2007, or the day preceding the date final assembly of a superefficient airplane begins in Washington state, as determined under RCW 82.32.550; and

(ii) 0.2904 percent beginning on the later of July 1, 2007, or the date final assembly of a superefficient airplane begins in Washington state, as determined under RCW 82.32.550.

(b) Beginning October 1, 2005, upon every person engaging within this state in the business of making sales, at retail or wholesale, of commercial airplanes, or components of such airplanes, manufactured by that person, as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of the airplanes or components multiplied by the rate of:

(i) 0.4235 percent from October 1, 2005, through the later of June 30, 2007, or the day preceding the date final assembly of a superefficient airplane begins in Washington state, as determined under RCW 82.32.550; and

(ii) 0.2904 percent beginning on the later of July 1, 2007, or the date final assembly of a superefficient airplane begins in Washington state, as determined under RCW 82.32.550.

(c) For the purposes of this subsection (11), "commercial airplane," "component," and "final assembly of a superefficient airplane" have the meanings given in RCW 82.32.550.

(d) In addition to all other requirements under this title, a person eligible for the tax rate under this subsection (11) must report as required under RCW 82.32.545.

(e) This subsection (11) does not apply after the earlier of: July 1, 2024; or December 31, 2007, if assembly of a superefficient airplane does not begin by December 31, 2007, as determined under RCW 82.32.550.

(12) Upon every person engaging within this state in the business of manufacturing eligible diesel engines, as to such persons the amount of tax with respect to such business shall be equal to the value of the products manufactured multiplied by the rate of 0.2904 percent. Eligible diesel engines has the same meaning as given in RCW 82.04.4461.

NEW SECTION. Sec. 10. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of computer hardware, computer peripherals, or software used primarily in the development, design, and engineering of eligible diesel engines, or to sales of or charges made for labor and services rendered in respect to installing the computer hardware, computer peripherals, or software. The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller shall retain a copy of the certificate for the seller's files.

(2) As used in this section:

(a) "Eligible diesel engines" has the same meaning as given in RCW 82.04.4461.

(b) "Peripherals" includes keyboards, monitors, mouse devices, and other accessories that operate outside of the computer, excluding cables, conduit, wiring, and other similar property.

NEW SECTION. Sec. 11. A new section is added to chapter 82.12 RCW to read as follows: (1) The provisions of this chapter do not apply in respect to the use of computer hardware, computer peripherals, or software used primarily in the development, design, and engineering of eligible diesel engines, or to the use of labor and services rendered in respect to installing the computer hardware, computer peripherals, or software.

(2) As used in this section:

(a) "Eligible diesel engines" has the same meaning as given in RCW 82.04.4461.

(b) "Peripherals" includes keyboards, monitors, mouse devices, and other accessories that operate outside of the computer, excluding cables, conduit, wiring, and other similar property."

POINT OF ORDER

Representative Hunt requested a scope and object ruling on the amendment (828) to Substitute House Bill No. 2738.

SPEAKER'S RULING

Mr. Speaker (Representative Lovick presiding): The title of Substitute House Bill No. 2738 is an act "relating to developing minimum renewable fuel content requirements and fuel quality standards. The bill amends the Motor Fuel Quality Act in chapter 19.112 RCW by establishing minimum fuel content requirements for biodiesel and ethanol, requiring the Department of Agriculture to adopt fuel quality standards for biodiesel and rules for ethanol and biodiesel, and establishing a Biofuels Advisory Committee. Amendment (828) changes various taxes related to the development and production of biodiesel engines. It amends 82.04 and 82.08 RCW. Changes to the tax code for the development and production of engines is completely unrelated to the bill's purpose of developing fuel content requirements and fuel quality standards.

The Speaker finds the amendment is beyond the scope and object of the bill.

Representative Hunt, your point of order is well taken."

Representative Holmquist moved the adoption of amendment (798):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that it is in the public interest to establish a market for alternative fuels in Washington. By requiring a growing percentage of our fuel supply
to be renewable biofuel that meets appropriate fuel quality standards, we will reduce our dependence on imports of foreign oil, improve the health and quality of life for Washingtonians, and stimulate the creation of a new industry that benefits our farmers and rural communities.

NEW SECTION. Sec. 2. A new section is added to chapter 19.112 RCW to read as follows:

(1) Special fuel licensees under chapter 82.38 RCW, other than international fuel tax agreement licensees and special fuel distributors, shall provide evidence to the department of licensing that at least two percent of total annual diesel fuel sales are biodiesel fuel sales, when the director determines that feedstock grown in Washington state can satisfy a two-percent requirement, or the date November 30, 2008, has passed.

(2) Special fuel licensees under chapter 82.38 RCW, other than international fuel tax agreement licensees and special fuel distributors, shall provide evidence to the department of licensing that at least five percent of total annual diesel fuel sales are biodiesel fuel sales, when the director determines that both in-state oil seed crushing capacity and feedstock grown in Washington state can satisfy a three-percent requirement.

(3) For the purposes of this chapter, "biodiesel fuel" has the meaning provided in RCW 82.29A.135.

(4) The director and the director of licensing shall adopt rules for enforcing and carrying out the purposes of this section.

NEW SECTION. Sec. 3. A new section is added to chapter 19.112 RCW to read as follows:

(1) Beginning December 1, 2008, all gasoline sold or offered for sale in Washington shall contain at least two percent denatured ethanol by volume.

(2) If the director of ecology determines that ethanol content greater than two percent will not jeopardize continued attainment of the federal clean air act's national ambient air quality standard for ozone pollution in Washington and the director of agriculture determines that sufficient raw materials are available within Washington to support economical production of ethanol at higher levels, the director of agriculture may require by rule that all gasoline sold or offered for sale in Washington shall contain up to a maximum of ten percent of denatured ethanol by volume. The director of agriculture shall allow blenders and retailers six months to meet the new minimum content requirement.

(3) The director of agriculture shall adopt rules for enforcing and carrying out the purposes of this section.

Sec. 4. RCW 19.112.020 and 1990 c 102 s 3 are each amended to read as follows:

(1) This chapter shall be administered by the director or his or her authorized agent. ((For the purpose of administering this chapter.))

(2) The director shall adopt rules for maintaining standards for biodiesel fuel or fuel blended with biodiesel fuel by adopting all or part of the standards set forth in the National Book of ASTM Standards and supplements (herein, and revisions thereof, are adopted), amendments, or revisions thereof, all or part of the standards set forth in the National Institute of Standards and Technology (NIST) Handbook 130, Uniform Laws and Regulations in the areas of legal metrology and engine fuel quality rules, and any supplements, amendments, or revisions thereof, together with applicable federal environmental protection agency standards. If a conflict exists between federal environmental protection agency standards, ASTM standards, or (state) NIST standards, for purposes of uniformity, federal environmental protection agency standards shall take precedence over ASTM and NIST standards. ((Any standards adopted must be consistent with federal environmental protection agency standards and ASTM standards not in conflict with federal environmental protection agency standards.)) The department of agriculture shall not exceed ASTM standards for diesel.

(3) The director may establish a fuel testing laboratory or may contract with a laboratory for testing. The director may also adopt rules on false and misleading advertising, labeling and posting of prices, and the standards for, and identity of, motor fuels. The director shall require fuel pumps offering biodiesel and ethanol blends to be identified by a label stating the percentage of biodiesel or ethanol.

NEW SECTION. Sec. 5. A new section is added to chapter 19.112 RCW to read as follows:

The director shall establish a biofuels advisory committee to advise the director on implementing or suspending the minimum renewable fuel content requirements. The committee shall advise the director on applicability to all users; logistical, technical, and economic issues of implementation; and how the use of renewable fuel blends greater than two percent could achieve the goals of this act. The director shall make recommendations to the legislature and the governor on the implementation or suspension of this act by September 1, 2007.

NEW SECTION. Sec. 6. A new section is added to chapter 19.112 RCW to read as follows:

The governor, by executive order, may suspend all or portions of the minimum renewable fuel content requirements in section 2 or 3 of this act, or both, based on a determination that such requirements are temporarily technically or economically infeasible.

NEW SECTION. Sec. 7. A new section is added to chapter 19.112 RCW to read as follows:

(1) By November 30, 2008, the director shall determine whether the state's diesel fuel supply is comprised of at least ten percent biodiesel made predominantly from Washington feedstock, and whether the goals of section 2 of this act have been achieved.

(2) By November 30, 2008, the director shall determine whether the state's gasoline fuel supply is comprised of at least five percent ethanol made predominantly from Washington feedstock, without jeopardizing continued attainment of the federal clean air act's national ambient air quality standard for ozone pollution, and whether the goals of section 3 of this act have been achieved.

(3) By December 1, 2008, the director shall notify the governor and the legislature of the findings in subsections (1) and (2) of this section.

(4) If the findings from the director indicate that the goals of section 2 or 3 of this act, or both, have been achieved, then the governor shall issue an executive order declaring that section 2 or 3 of this act, or both, are no longer applicable."

Representatives Ericksen moved the adoption of amendment (804) to amendment (798):

On page 1, beginning on line 3 of the amendment, strike everything and insert the following:
"Sec. 1. RCW 43.19.642 and 2003 c 17 s 2 are each amended to read as follows:

(1) All state agencies are encouraged to use a fuel blend of twenty percent biodiesel and eighty percent petroleum diesel for use in diesel-powered vehicles and equipment. The department shall ensure that the fuel used is produced from feedstock grown in Washington state.

(2) Effective (from) July 1, 2006, for agencies complying with the ultra-low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, except for vehicles engaged in fire suppression and life support activities (c), provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives (d)). The amount of biodiesel added to the ultra-low sulfur diesel fuel shall be not less than:

(a) two percent, if both in-state oil seed crushing capacity and feedstock grown, produced, and refined in Washington state can fully satisfy the two percent requirement;
(b) five percent, if feedstock grown, produced, and refined in Washington state can fully satisfy a five percent requirement;
(c) ten percent, if feedstock grown, produced, and refined in Washington state can fully satisfy a ten percent requirement; and
(d) twenty percent, if feedstock grown, produced, and refined in Washington state can fully satisfy a ten percent requirement.

NEW SECTION. Sec. 2. A new section is added to chapter 19.112 RCW to read as follows:

The director shall establish a biofuels advisory committee to advise the director on implementing or suspending the minimum renewable fuel content standards for state agencies. The committee shall advise the director on applicability to all users; logistical, technical and economic issues of implementation; and how the use of renewable fuel blends greater than two percent could achieve the goals of this act. The director shall make recommendations to the legislature and the governor on the implementation of this act by September 1, 2007.

NEW SECTION. Sec. 3. The office of financial management shall conduct a fiscal impact study of the cost impacts of this act on state government. The office shall report its findings to the relevant committees of the legislature by November 1st, 2006."

Correct the title.

Representatives Ericksen, Armstrong, Buck, Buri and Kretz spoke in favor of the adoption of the amendment to the amendment.

Representative Morris, B. Sullivan and Dunshee spoke against the adoption of the amendment to the amendment.

An electronic roll call was requested.

The Speaker (Representative Lovick presiding) stated the question before the House to be adoption of amendment (804) to amendment (789) to Substitute House Bill No. 2738.

ROLL CALL

The Clerk called the roll on the adoption of amendment (804) to amendment (789) to Substitute House Bill No. 2738, and the amendment was not adopted by the following vote:

Yea - 44, Nays - 54, Absent - 0, Excused - 0.

Representative Holmiquist moved the adoption of amendment (807) to amendment (798):

On page 4, after line 15, insert the following:

"NEW SECTION. Sec. 8. A new section is added to chapter 19.112 RCW to read as follows:

(1) If either or both of the goals in sections 2 and 3 of this act are not achieved by November 30, 2008, the director shall monitor the state's diesel and gasoline fuel supply until such time as those goals, or either of them, is met.

(2) The director shall report to the governor and the legislature November 30th of the year in which a goal is met.

(3) Following notification under this section that a goal has been met, the governor shall prepare executive request legislation repealing section 2 or 3 of this act, or both, as applicable."

Representatives Holmiquist and Morris spoke in favor of the adoption of the amendment to the amendment.

The amendment to the amendment was adopted.

Amendment (798) as amended was adopted. The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Holmiquist, Morris and Dunshee spoke in favor of passage of the bill.

Representative Curtis, Nixon, Schindler and Ericksen spoke against the passage of the bill.
The Speaker (Representative Lovick presiding) stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 2738.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 2738 and the bill passed the House by the following vote: Yeas - 70, Nays - 28, Absent - 0, Excused - 0.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2738, having received the necessary constitutional majority, was declared passed.

HOUSE BILL NO. 2917, By Representatives P. Sullivan, Kristiansen, Simpson, Linville, Blake and Ericks; by request of Department of Agriculture

Identifying accessory uses on agricultural lands.

The bill was read the second time.

There being no objection, Substitute House Bill No. 2917 was substituted for House Bill No. 2917 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 2917 was read the second time.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives P. Sullivan, Kristiansen, Walsh and Linville spoke in favor of passage of the bill.

The Speaker (Representative Lovick presiding) stated the question before the House to be the final passage of Substitute House Bill No. 2917.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 2917 and the bill passed the House by the following vote: Yeas - 98, Nays - 0, Absent - 0, Excused - 0.

SUBSTITUTE HOUSE BILL NO. 2917, having received the necessary constitutional majority, was declared passed.

There being no objection, HOUSE BILL NO. 3084 was removed from the Suspension Calendar and placed on second reading.

There being no objection, the House advanced to the eleventh order of business.

There being no objection, the House adjourned until 9:00 a.m., February 11, 2006, the 34th Day of the Regular Session.
