Mr. Speaker:

ENGROSSED SUBSTITUTE SENATE BILL 5529
SUBSTITUTE SENATE BILL 6197
SUBSTITUTE SENATE BILL 6207
SENATE BILL 6227
SENATE BILL 6288
SENATE BILL 6330
SENATE BILL 6487

NEW SECTION.

The legislature finds that the current economic crisis is requiring sacrifices by citizens and businesses all across the state. The legislature acknowledges the sacrifices also being made by the many state employees who have volunteered for unpaid furlough days including those, such as our ferry workers, who volunteered for pay freezes. The recession requires us to continue to find every possible cost savings while striving to continue to deliver key services to our citizens. Therefore, the legislature finds it necessary to immediately suspend recognition awards given to state employees. Until the economic climate permits the resumption of appropriate cash awards, the legislature encourages supervisors throughout state agencies to look for nonmonetary ways to acknowledge outstanding contributions to Washington’s citizens by our state’s civil servants.

Sec. 10. RCW 41.06.070 and 2009 c 33 s 36 and 2009 c 5 s 1 are each reenacted and amended to read as follows:

The total number of additional exemptions permitted under this subsection shall not exceed one percent of the number of employees in the classified service not including employees of institutions of higher education and related boards for those agencies not directly under the authority of any elected public official other than the governor, and shall not exceed a total of twenty-five for all agencies under the authority of elected public officials other than the governor.

The salary and fringe benefits of all positions presently or hereafter exempted except for the chief executive officer of each agency, full-time members of boards and commissions, administrative assistants and confidential secretaries in the immediate office of an elected state official, and the personnel listed in subsections (1)(j) through (v) and (y) and (2) of this section, shall be determined by the director of personnel. From the effective date of this section until June 30, 2011, no monetary performance-based awards or incentives may be granted by the director or employers to employees covered by rules adopted under this section. (1) The director shall adopt rules, consistent with the purposes and provisions of this chapter and with the best standards of personnel administration, regarding the basis and procedures to be followed for:

(a) The reduction, dismissal, suspension, or demotion of an employee;

Such adoption and revision is subject to approval by the director of financial management in accordance with chapter 43.88 RCW;
(k) Increment increases within the series of steps for each pay grade based on length of service for all employees whose standards of performance are such as to permit them to retain job status in the classified service. For the twelve months following February 18, 2009, a salary or wage increase shall not be granted to any exempt position under this chapter;
(l) Optional lump sum relocation compensation approved by the agency director, whenever it is reasonably necessary that a person make a domiciliary move in accepting a transfer or other employment with the state. An agency must provide lump sum compensation within existing resources. If the person receiving the relocation payment terminates or causes termination with the state, for reasons other than layoff, disability separation, or other good cause as determined by an agency director, within one year of the date of the employment, the state is entitled to reimbursement of the lump sum compensation from the person;
(m) Providing for veteran's preference as required by existing statutes, with recognition of preference in regard to layoffs and subsequent reemployment for veterans and their surviving spouses by giving such eligible veterans and their surviving spouses additional credit in computing their seniority by adding to their unbroken state service, as defined by the director, the veteran's service in the military not to exceed five years. For the purposes of this section, "veteran" means any person who has one or more years of active military service in any branch of the armed forces of the United States or who has less than one year's service and is discharged with a disability incurred in the line of duty or is discharged at the convenience of the government and who, upon termination of such service, has received an honorable discharge, a discharge for physical reasons with an honorable record, or a release from active military service with evidence of service other than that for which an undesirable, bad conduct, or dishonorable discharge shall be given. However, the surviving spouse of a veteran is entitled to the benefits of this section regardless of the veteran's length of active military service. For the purposes of this section, "veteran" does not include any person who has voluntarily retired with twenty or more years of active military service and whose military retirement pay is in excess of five hundred dollars per month.

(2) Rules adopted under this section by the director shall provide for local administration and management by the institutions of higher education and related boards, subject to periodic audit and review by the director.

(3) Rules adopted by the director under this section may be superseded by the provisions of a collective bargaining agreement negotiated under RCW 41.80.001 and 41.80.010 through 41.80.130. The supersession of such rules shall only affect employees in the respective collective bargaining units.

(4)(a) The director shall require that each state agency report annually the following data:

(i) The number of classified, Washington management service, and exempt employees in the agency and the change compared to the previous report;
(ii) The number of bonuses and performance-based incentives awarded to agency staff and the base wages of such employees; and
(iii) The cost of each bonus or incentive awarded.
(b) A report that compiles the data in (a) of this subsection for all agencies will be provided annually to the governor and the appropriate committees of the legislature and must be posted for the public on the department of personnel's agency web site.

(5) From the effective date of this section until June 30, 2011, no monetary performance-based awards or incentives may be granted by the director or employers to employees covered by rules adopted under this section. This subsection does not prohibit the payment of awards provided for in chapter 41.60 RCW.

(1) Except as provided in RCW 41.06.070, notwithstanding any other provisions of this chapter, the director is authorized to adopt, after consultation with state agencies and employee organizations, rules for managers as defined in RCW 41.06.022. These rules shall not apply to managers employed by institutions of higher education or related boards or whose positions are exempt. The rules shall govern recruitment, appointment, classification and allocation of positions, examination, training and career development, hours of work, probation, certification, compensation, transfer, affirmative action, promotion, layoff, reemployment, performance appraisals, discipline, and any and all other personnel practices for managers. These rules shall be separate from rules adopted for other employees, and to the extent that the rules adopted under this section apply only to managers shall take precedence over rules adopted for other employees, and are not subject to review by the board.
(2) In establishing rules for managers, the director shall adhere to the following goals:
   (a) Development of a simplified classification system that facilitates movement of managers between agencies and promotes upward mobility;
   (b) Creation of a compensation system that provides flexibility in setting and changing salaries, and shall require review and approval by the director in the case of any salary change greater than five percent proposed for any group of employees;
   (c) Establishment of a performance appraisal system that emphasizes individual accountability for program results and efficient management of resources; effective planning, organization, and communication skills; valuing and managing workplace diversity; development of leadership and interpersonal abilities; and employee development;

   (e) Permitting flexible recruitment and hiring procedures that enable agencies to compete effectively with other employers, both public and private, for managers with appropriate skills and training; allowing consideration of all qualified candidates for positions as managers; and achieving affirmative action goals and diversity in the workplace;
   (f) Providing that managers may only be reduced, dismissed, suspended, or demoted for cause; and
   (g) Facilitating decentralized and regional administration.

(3) For the twelve months following February 18, 2009, a salary or wage increase shall not be granted to any position under this section.

(4) From the effective date of this section until June 30, 2011, no monetary performance-based awards or growth and development progression adjustments may be granted by the director or employers to the Washington management service employees covered by the rules adopted under this section. This subsection does not prohibit the payment of awards provided for in chapter 41.60 RCW.

"NEW SECTION. Sec. 1. (1) The insurance commissioner shall prepare and submit a report to the legislature related to the performance of the small group health plan market and the association health plan market. To the extent that the data needed to complete the report are not readily available, the commissioner may require carriers to submit aggregated data for the small group health plans and association health plans underwritten or administered by the carrier, for each calendar year 2005 through 2008. Data submitted shall not identify specific small group plans or association health plans, and the report shall not identify specific small group or association health plans or present data in a manner that allows identification of specific plans. Carriers who underwrite or administer an association health plan that covers fewer than ten thousand lives in any year reported may, at their own expense, contract with a third party to aggregate and report the information required under this section with that of other carriers who qualify for this option. The data must be reported separately for the carrier's small group health plan block of business and association health plan block of business, and must include the following information:

(a) The number of persons residing in Washington state who receive health benefit coverage through each block of business, including the number of persons enrolled in the plans on the first day and last day of each year, the number of persons enrolled in the plans during each year, and the number of persons who terminated enrollment in the plans during each year;

(b) The calendar year-end enrollment of each block of business, by age group using five-year increments beginning with age twenty and ending with age sixty-five, and the average age of persons covered in each block of business;

(c) The calendar year-end enrollment of each block of business by employer size for each year, reporting by groups of two to five, six to ten, eleven to twenty, twenty-six to fifty, fifty-one to one hundred, and more than one hundred;

(d) The annual calendar year earned premium and incurred claims for each block of business;

(e) For the association health plan block of business, the number of association health plans that limit eligibility for health plan coverage to employer groups of a minimum size, or that limit eligibility for health plan coverage to a subset of the industries that the association sponsoring the health plan was established to serve, and the percentage of health plan enrollees for whom each of the following elements is used in setting health plan rates:

(i) Claims experience;
(ii) Employer group size; or
(iii) Health status factors.

(2) In fulfilling the requirements of subsection (1) of this section the commissioner may adopt rules necessary to implement the data submission administrative process under this section, including the format, timing of data reporting, data standards, instructions, definitions, and data sources.

(3) For the purposes of this subsection, the terms "association health plan" and "association plan" shall include all member-governed group health plans and multiple employer welfare arrangements and any other arrangement to which two or more public or private employers, of which at least two are small employers, contribute to provide health care for their employees.

(4) Data, information, and documents provided by a carrier pursuant to this section are exempt from public inspection and copying under RCW 48.02.120 and chapters 42.17 and 42.56 RCW.

(5) The report shall be submitted to the legislature no later than July 1, 2011.
