On page 4, line 8, after “program,” insert the following:
“If an act of the legislature sets income eligibility for children who are not eligible for coverage under the federally funded children's health insurance program or medicaid at a level below three hundred percent of the federal poverty level, the department shall continue to provide coverage to children with family incomes between the new income standard and three hundred percent of the federal poverty level if the families pay premiums in an amount equal to the per capita cost of coverage under the state-funded children's health program.”

POINT OF ORDER

Representative Van De Wege requested a scope and object ruling on amendment (203) to House Bill No. 2003.
SPEAKER’S RULING

Madame Speaker (Representative Orwall presiding): The title of House Bill 2003 is narrow, “an act relating to premium payments for children’s health coverage for children in families with income greater than two hundred percent of the federal poverty level who are not eligible for the federal children’s health insurance program.” Amendment 203 concerns premium payments for children whose family income is below three hundred percent of the federal poverty level. Because the amendment applies to income below two hundred percent of the federal poverty level and the title limits the bill to income greater than two hundred percent, the amendment is beyond the scope and object of the bill. The point of order is well taken.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.
