"Sec. 7. RCW 82.14.390 and 2011 1st sp.s. c 50 s 973 are each amended to read as follows:

(1) Except as provided in subsection (7) of this section, the governing body of a public facilities district (a) created before July 31, 2002, under chapter 35.57 or 36.100 RCW that ((commenced)) commenced construction of a new regional center, or improvement or rehabilitation of an existing new regional center, before January 1, 2004; (b) created before July 1, 2006, under chapter 35.57 RCW in a county or counties in which there are no other public facilities districts on June 7, 2006, and in which the total population in the public facilities district is greater than ninety thousand that ((commenced)) commenced construction of a new regional center before February 1, 2007; (c) created under the authority of RCW 35.57.010(1)(d); or (d) created before September 1, 2007, under chapter 35.57 or 36.100 RCW, in a county or counties in which there are no other public facilities districts on July 22, 2007, and in which the total population in the public facilities district is greater than seventy thousand, that ((commenced)) commenced construction of a new regional center before January 1, 2009, or before January 1, 2011, in the case of a new regional center in a county designated by the president as a disaster area in December 2007, may impose a sales and use tax in accordance with the terms of this chapter. The tax is in addition to other taxes authorized by law and must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the public facilities district. The rate of tax may not exceed 0.033 percent of the selling price in the case of a sales tax or value of the article used in the case of a use tax.

(2)(a) The governing body of a public facilities district imposing a sales and use tax under the authority of this section may increase the rate of tax by up to 0.037 percent if, within three fiscal years of July 1, 2008, the department determines that, as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020, a public facilities district's sales and use tax collections for fiscal years after July 1, 2008, have been reduced by a net loss of at least 0.50 percent from the fiscal year before July 1, 2008. The fiscal year in which this section becomes effective is the first fiscal year after July 1, 2008.

(b) The department must determine sales and use tax collection net losses under this section as provided in RCW 82.14.500 (2) and
(3) The department must provide written notice of its determinations to public facilities districts. Determinations by the department of a public facilities district's sales and use tax collection net losses as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020 are final and not appealable.

(c) A public facilities district may increase its rate of tax after it has received written notice from the department as provided in (b) of this subsection. The increase in the rate of tax must be made in 0.001 percent increments and must be the least amount necessary to mitigate the net loss in sales and use tax collections as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020. The increase in the rate of tax is subject to RCW 82.14.055.

(3) The tax imposed under subsection (1) of this section must be deducted from the amount of tax otherwise required to be collected or paid over to the department of revenue under chapter 82.08 or 82.12 RCW. The department of revenue must perform the collection of such taxes on behalf of the county at no cost to the public facilities district. During the 2011-2013 fiscal biennium, distributions by the state to a public facilities district based on the additional rate authorized in subsection (2) of this section must be reduced by 3.4 percent.

(4) No tax may be collected under this section before August 1, 2000. The tax imposed in this section expires when the bonds issued for the construction, improvement, rehabilitation, or expansion of the regional center and related parking facilities are retired, but not more than [twenty-five] forty years after the tax is first collected.

(5) Moneys collected under this section may only be used for the purposes set forth in RCW 35.57.020 and must be matched with an amount from other public or private sources equal to thirty-three percent of the amount collected under this section; however, amounts generated from nonvoter approved taxes authorized under chapter 35.57 RCW or nonvoter approved taxes authorized under chapter 36.100 RCW do not constitute a public or private source. For the purpose of this section, public or private sources includes, but is not limited to cash or in-kind contributions used in all phases of the development or improvement of the regional center, land that is donated and used for the siting of the regional center, cash or in-kind contributions from public or private foundations, or amounts attributed to private sector partners as part of a public and private partnership agreement negotiated by the public facilities district.

(6) The combined total tax levied under this section may not be greater than 0.037 percent. If both a public facilities district created under chapter 35.57 RCW and a public facilities district created under chapter 36.100 RCW impose a tax under this section, the tax imposed by a public facilities district created under chapter 35.57 RCW must be credited against the tax imposed by a public facilities district created under chapter 36.100 RCW.

(7) A public facilities district created under chapter 36.100 RCW is not eligible to impose the tax under this section if the legislative authority of the county where the public facilities district is located has imposed a sales and use tax under RCW 82.14.0485 or 82.14.0494.

Renumber the remaining sections consecutively, correct any internal references accordingly, and correct the title.

POINT OF PARLIAMENTARY INQUIRY

Representative Green “I request a ruling of scope and object on this amendment.”

**SPEAKER’S RULING**

Mr. Speaker: “ Substitute Senate Bill 5984 is titled an act relating to “local government financial soundness.” The bill is concerned with financially distressed public facilities districts, and authorizes a PFD that has defaulted on debt to impose a local sales tax for purposes of refinancing debt. It also requires independent financial review of future PFD actions and prohibits contractual restriction of a PFD’s statutory taxing authority. Amendment 1190 amends the statute authorizing a PFD sales and use tax credit against taxes owed the state, to extend the duration of and alter the purposes for which the credit may be claimed. The taxation provisions in the underlying bill relate solely to the imposition of local taxes, unlike the taxations provisions in the amendment which relate to the taxes due the state. The Speaker therefore finds that the amendment is beyond the scope and object of the bill. The point of order is well taken.”

"Law enforcement officer" also includes an employee of a federal governmental agency who is authorized by law to engage in or supervise the prevention, detection, investigation, or prosecution of, or the incarceration of any person for, any violation of law, and who has statutory powers of arrest.

5) "Officer's employing law enforcement agency" means the law enforcement agency by which the officer is employed.

(b) The process for reporting the information to designated media outlets in Washington; and

(c) Criteria for the investigating law enforcement agency to determine quickly whether an officer has been seriously injured or killed and a blue alert therefore needs to be requested.

(2) The investigating law enforcement agency may request activation of the blue alert system and notify appropriate participants in the blue alert system, when the investigating law enforcement agency believes that:

(a) A suspect has not been apprehended;

(b) A suspect may be a serious threat to the public;

(c) Sufficient information is available to disseminate to the public that could assist in locating and apprehending the suspect;

(d) Release of the information will not compromise the investigation; and

(e) Criteria to ensure that releasing the victim information is proper, as to avoid improper next of kin notification.

(3) When a blue alert is activated, the investigating law enforcement agency shall provide descriptive information under the criminal justice information act, chapter 10.98 RCW, and the national crime information center system.

(4) The investigating law enforcement agency shall terminate the blue alert with respect to a particular suspect when the suspect is located or the incident is otherwise resolved, or when the investigating law enforcement agency determines that the blue alert system is no longer an effective tool for locating and apprehending the suspect.

NEW SECTION. Sec. 4. No cause of action shall be maintained for civil damages in any court of this state against any radio or television broadcasting station or cable television system, or the employees, officers, directors, managers, or agents of the radio or television broadcasting station or cable television system, based on the broadcast of information supplied by law enforcement officials pursuant to the provisions of this chapter. The bill was read the second time.

Representatives Santos, Dammeier, Lytton, Maxwell, Armstrong and Walsh spoke in favor of the passage of the bill.

COLLOQUY

Representative Santos: “Section 1, Subsection (4)(c) of this bill explicitly requires that a school district implement discharge notification procedures when a continuing contract employee with 5 or more years of experience receives and evaluation rating below Level 2 for two consecutive years. Is it the intent of this requirement that an evaluation rating below Level 2 for two consecutive years constitutes sufficient cause for discharge of a continuing contract employee with 5 or more years of experience?”

Representative Dammeier: “Yes, that is the intent. Current statutes and case law require a school district to determine that there is sufficient cause for an employee with a continuing contract to be discharged from employment. Notification procedures and other due process are specified in law to deal with this circumstance. This bill establishes a new and specific performance criteria for initiating these notification procedures in the case of an employee with 5 or more years of experience. The school district has no discretion in this matter: the notification must be initiated within 10 days of the second evaluation or by May 15, whichever occurs first. It is the intent of this bill that an evaluation rating below Level 2 for two consecutive years constitutes sufficient cause for discharge of a continuing contract employee with 5 or more years of experience.”

Representative Santos: “Is it also the intent of this bill to permit termination of an unsatisfactory teacher without first providing him or her with an opportunity to improve during the probationary period specified in the underlying statute?”

Representative Dammeier: “No, that is not the intent. Teachers still retain the right to show improvement through the probationary process in statute prior to the implementation of discharge notification procedures.”
