NEW SECTION. Sec. 2. A new section is added to chapter 43.10 RCW to read as follows:

(1) The office of the attorney general shall create a training module on tribal hunting rights to assist all general authority Washington peace officers with understanding the rights of tribal hunters, the related complexity of enforcing hunting laws, and the recommended course of action that should be taken by a peace officer when an individual presents a tribal identification card.

(2) The training module required by this section must include information on the following aspects of tribal hunting law:

(a) Applicable federal treaty provisions, including Article 5 of the treaty of Point Elliot, Article 4 of both the treaty of Neah Bay and the treaty of Point No Point, and Article 3 of both the treaty of Medicine Creek and the treaty of Olympia;

(b) Case law interpretations of treaty rights, including State v. Miller (102 Wn.2d 678), State v. Buchanan (138 Wn.2d 186), and State v. Chambers (81 Wn.2d 929);

(c) Tribal government status and general organization; and

(d) Other sources of authority and information relevant to peace officers when enforcing the hunting laws and rules contained in Title 77 RCW and the corresponding administrative rules adopted by the fish and wildlife commission.

(3) The training module required by this section must be updated as necessary to reflect evolving case law, treaty interpretations, generally accepted academic findings, agreements entered into by the states and tribes, and any other relevant developments related to tribal hunting law.
Sec. 3. RCW 77.04.055 and 2000 c 107 s 204 are each amended to read as follows:

(1) In establishing policies to preserve, protect, and perpetuate wildlife, fish, and wildlife and fish habitat, the commission shall meet annually with the governor to:

(a) Review and prescribe basic goals and objectives related to those policies; and

(b) Review the performance of the department in implementing fish and wildlife policies.

(2)(a) The commission shall maximize fishing, hunting, and outdoor recreational opportunities compatible with healthy and diverse fish and wildlife populations.

((ii)) (b) The commission shall establish hunting, trapping, and fishing seasons and prescribe the time, place, manner, and methods that may be used to harvest or enjoy game fish and wildlife.

(3) The commission shall establish provisions regulating food fish and shellfish as provided in RCW 77.12.047.

(4) The commission shall have final approval authority for tribal, interstate, international, and any other department agreements relating to fish and wildlife.

(5)(a) The commission shall adopt rules to implement the state's fish and wildlife laws.

(b) The commission shall adopt, review and update as necessary, enforcement policies and guidelines related to tribal hunting rights that are based on the contents of the training module on tribal hunting rights produced by the office of the attorney general under section 2 of this act.

(6) The commission shall have final approval authority for the department's budget proposals.

(7) The commission shall select its own staff and shall appoint the director of the department. The director and commission staff shall serve at the pleasure of the commission.

Sec. 4. RCW 77.15.075 and 2012 c 176 s 8 are each amended to read as follows:

(1) Fish and wildlife officers shall have and exercise, throughout the state, such police powers and duties as are vested in sheriffs and peace officers generally. Fish and wildlife officers are general authority Washington peace officers.

(2) An applicant for a fish and wildlife officer position must be a citizen of the United States of America who can read and write the English language. Before a person may be appointed to act as a fish and wildlife officer, the person shall meet the minimum standards for employment with the department, including successful completion of a psychological examination and polygraph examination or similar assessment procedure administered in accordance with the requirements of RCW 43.101.095(2).

(3) Any liability or claim of liability under chapter 4.92 RCW that arises out of the exercise or alleged exercise of authority by a fish and wildlife officer rests with the department unless the fish and wildlife officer acts under the direction and control of another agency or unless the liability is otherwise assumed under an agreement between the department and another agency.

(4) The department may utilize the services of a volunteer chaplain as provided under chapter 41.22 RCW.

(5) All fish and wildlife officers must, as part of their new officer training, receive at least four hours of training related to the training module on tribal hunting rights prepared by the office of the attorney general under section 2 of this act and any relevant policies adopted by the commission under RCW 77.04.055. This training must be repeated at least once a year for every fish and wildlife officer, with a focus on any recent changes to the module.

Representative Tharinger moved the adoption of amendment (121).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that it is in the public interest of the citizens of Washington to encourage the recovery and reuse of materials, such as metals, that replace the output of mining and other extractive industries.

(2) The legislature further finds that it is desirable to reduce the volume of the solid waste stream and resulting burdens on municipalities.

(3) The legislature further finds that ensuring the proper handling and recycling of used small rechargeable batteries prevents the release of certain toxic materials into the environment and removes from the waste stream certain materials that may present safety concerns if mishandled.

(4) The legislature further finds that it is important to ensure that all entities supplying small rechargeable batteries to users in Washington, whether as stand-alone units or as easily removable components of products, bear the same battery stewardship obligations.

(5) The legislature further finds that addressing certain existing and future barriers to implementation of voluntary industry programs to collect and recycle used small rechargeable batteries will facilitate these interests.

(6) The legislature further finds that the opportunity exists for the state of Washington to encourage the continuation of existing private mechanisms that ensure the proper stewardship of used small rechargeable batteries, while avoiding any burden on the state for enforcement responsibilities.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Battery pack" means an assembly of small rechargeable batteries, together weighing less than eleven pounds, that are packed in a container that has a single positive and negative connection.

(2) "Bona fide used small rechargeable battery stewardship program" or "bona fide program" means a program for the collection, transportation, recycling, and disposal of used small rechargeable batteries that meets the criteria set forth in section 5 of this act.

(3) "Easily removable" means readily detachable by a consumer with the use of common household tools or without the use of tools.

(4) "Manage" means to run or direct the functioning of a bona fide used small rechargeable battery stewardship program, other than as a retailer or as a franchisor on behalf of its franchisees, on behalf of more than one marketer or manufacturer.

(5) "Manager" means a person who conducts activities described in the definition of manage in this section.

(6) "Manufacture or market" means to perform one of the following acts, other than as a retailer:

(a) Manufacture, or arrange for the manufacturing of, small rechargeable batteries or portable rechargeable products sold, offered for sale, or distributed in Washington under a brand name owned or licensed by the manufacturer or the person who arranges for manufacturing;

(b) Package, or arrange for the packaging of, small rechargeable batteries or portable rechargeable products sold, offered for sale, or distributed in Washington under a brand name owned or licensed by the manufacturer or the person who arranges for packaging;

(c) Import into the United States small rechargeable batteries or portable rechargeable products sold, offered for sale, or distributed in Washington under a brand name owned or licensed by the importer or the person who arranges for the importation; or

(d) Otherwise make available to wholesalers or retailers in Washington small rechargeable batteries either as replacement batteries or as easily removable components in portable rechargeable products.

(7) "Manufacturer or marketer" means every person who conducts activities described in the definition of manufacture or market in this section.

(8) "Nonenrolled battery" means a small rechargeable battery that is not manufactured or marketed by any person who self-operates, manages, or participates in a bona fide used small rechargeable battery stewardship program.

(9) "Participate" means to appoint a manager to act as a representative to administer a bona fide used small rechargeable battery stewardship program on one's behalf and to have that appointment accepted by the manager of the bona fide program.

(10) "Person" means a sole proprietorship, partnership, corporation, nonprofit corporation or organization, limited liability company, firm, association, cooperative, or other legal entity located within or outside Washington.

(11) "Portable rechargeable product" means a product, other than a medical device as defined in RCW 19.210.010, that is packaged with, or contains, one or more easily removable small rechargeable batteries at the time it is sold or offered for sale.

(12) "Retailer" means every person who sells or offers to sell small rechargeable batteries or portable rechargeable products at retail through any means including, but not limited to, remote offerings such as sales outlets, catalogs, or the internet. The term retailer does not include a person who engages solely in wholesale transactions with a distributor or manufacturer.

(13) "Self-operate" means to run or direct the functioning of a bona fide used small rechargeable battery stewardship program as a retailer or franchisor on behalf of oneself or one’s franchisees.

(14) "Self-operator" means a retailer or franchisor who conducts activities described in the definition of self-operate in this section.

(15) "Small rechargeable battery" means:

(a)(i) Except as described in (b) of this subsection, one or more voltaic or galvanic cells, together weighing less than eleven pounds, that are electrically connected to produce electric energy and are designed to be recharged; or

(ii) Except as described in (b) of this subsection, a battery pack.

(b) "Small rechargeable battery" does not include:
(i) A battery that is not easily removable or is not intended or
designed to be removed from the product, other than by the
manufacturer;
(ii) A battery that contains electrolyte as a free liquid; or
(iii) A battery or battery pack that employs lead acid technology,
unless the battery or battery pack:
(A) Is sealed;
(B) Contains no liquid electrolyte; and
(C) Is intended by its manufacturer or marketer to power a
handheld device or to provide uninterrupted backup electrical power
protection for stationary consumer products or stationary office
equipment.

NEW SECTION. Sec. 3. (1) Except as authorized by subsection
(2) of this section, a person may not sell or make available to a
wholesaler or retailer for sale in Washington a nonenrolled battery,
whether as a replacement battery or as a component of a portable
rechargeable product.

(2) This section does not apply to the activities of a
telecommunications provider for equipment marketed under a brand it
owns that contains small rechargeable batteries.

NEW SECTION. Sec. 4. (1) The self-operator or manager of a
bona fide used small rechargeable battery stewardship program that
incurs costs, including incremental administrative and other costs, in
excess of three thousand dollars to collect, transport, and reclaim
nenrolled batteries collected in Washington may bring a civil action
or actions to recover costs, damages, and fees, as specified in this
section, from any manufacturer or marketer who sold in Washington
or made available to a wholesaler or retailer for sale in Washington
those nonenrolled batteries.

(2) An action under this section may be brought against one or
more defendants.

(3) It is a defense to liability under this section that another
manufacturer or marketer of the allegedly nonenrolled battery self-
operates, manages, or participates in a bona fide program.

(4)(a) In any action under this section, the self-operator or
manager may recover from the manufacturer or marketer of
nnenrolled batteries the costs the self-operator or manager incurred
in collecting, handling, recycling, or properly disposing of
nnenrolled batteries that are reasonably identified as having being
manufactured or marketed by the defendant manufacturer or
marketer.

(b) In addition to the costs identified in (a) of this subsection, the
self-operator or manager may also recover an amount of damages
equal to no more than three times the costs identified in (a) of this
subsection, plus attorneys' fees and costs of litigation.

(5) An action under this section to recover the costs specified in
this section may be brought in any superior or district court in the
state.

NEW SECTION. Sec. 5. (1) A program for the collection,
transportation, recycling, and disposal of used small rechargeable
batteries is a bona fide used small rechargeable battery stewardship
program for purposes of this chapter if it is either:

(a) A self-operated program that meets the requirements of
subsection (2) of this section and collects used small rechargeable
batteries regardless of brand at all retail locations in Washington at
which the retailer or franchisees sell small rechargeable batteries or
portable rechargeable products; or

(b) A program managed on behalf of more than one participating
manufacturer or marketer that meets the requirements of subsections
(2) and (3) of this section.

(2) All bona fide programs must meet the following operational
conditions:

(a) All used small rechargeable batteries collected by the bona
fide program are handled by the program self-operator or manager in
compliance with all applicable laws and rules and transported only to
lawfully permitted facilities for reclamation of battery constituents;

(b) All contracts with service providers entered into by the bona
fide program self-operator or manager require compliance with all
applicable laws and rules;

(c) All return acceptance, recycling, and other handling services,
including postcollection transportation, are provided free of charge to
consumers;

(d) Education and outreach activities are provided by the bona
fide program to maximize collections and safety, including the
offering of signage to retailers indicating the retailer's support of the
bona fide program and providing instructions and materials to protect
collected used batteries from short circuits;

(e) The bona fide program is open to the public:

(i) For a self-operated program, during all hours the retailer or
franchisee does business; or

(ii) For a program managed on behalf of more than one
participating manufacturer or marketer, during all hours that
collection locations normally do business; and

(f) The following information is provided on the internet:

(i) The name, address, and contact information for its self-
operator or manager;

(ii) A description of the methods used to collect, transport, and
account for all used small rechargeable batteries collected that
includes the identification of all sorting and reclamation facilities to
be used through final disposition for sorting and reclamation of all
used small rechargeable batteries collected;

(iii) Identification of locations served by the bona fide program
where Washington residents may take used small rechargeable
batteries and information on what restrictions, if any, will be imposed
on the number of used small rechargeable batteries that may be
returned;

(iv) A description of the mechanism by which the bona fide
program will handle inquiries from consumers;

(v) Information regarding education and outreach activities;

(vi) An invitation for consumers to provide comments on the
adequacy and convenience of the bona fide program and instructions
on how to do so;

(vii) A description of material changes to the bona fide program
from previous program activities; and

(viii) An annual report, current as to no later than April 1st of
each year, that identifies:

(A) The bona fide program's funding and recycling success,
including any increase in total batteries collected each year, the cost
of the bona fide program per pound of batteries collected, and the cost
of the bona fide program per Washington resident;

(B) The bona fide program's collections by county and battery
chemistry;

(C) The bona fide program's educational and outreach activities;

(D) The mechanisms employed and the entities involved in the
final disposition of collected materials; and

(E) The methods used to collect, transport, and account for all
used small rechargeable batteries collected, including the
identification of all sorting and reclamation facilities used.

(3) If the bona fide program is not a self-operated program, it
must also meet the following additional operational conditions:

(a) Provide at least one used small rechargeable battery collection
site in each county of the state and in each city or town with a
population greater than ten thousand, which may be the same as the
location in a county;

(b) Include retailer collection of used small rechargeable batteries
regardless of brand at multiple locations;

(c) Provide for the collection of used small rechargeable batteries
regardless of brand from governmental collection facilities;

(d) Include on its internet site:

(i) A collection site locator to assist consumers in finding the
nearest collection site;
(ii) Identification of all small rechargeable battery manufacturers and marketers that currently are participating in the bona fide program; and

(iii) Information on how small rechargeable battery manufacturers and marketers and consumers may seek technical assistance from the bona fide program; and

e) Include in its annual report required by subsection (2)(f)(viii) of this section an independently audited financial statement, including a breakdown of bona fide program expenses such as collection, recycling, education, and overhead, unless the bona fide program is part of a program that also operates in jurisdictions outside of Washington, in which case funding information and audited financial statements need not be reported on a Washington-specific basis, but average bona fide program-wide costs of collection and overhead must be clearly stated.

NEW SECTION. Sec. 6. This chapter is void if a federal law, or a combination of federal laws, takes effect that establishes a national program for the collection and recycling of both used nonrechargeable batteries and used small rechargeable batteries.

NEW SECTION. Sec. 7. Nothing in this chapter alters or limits the authority of the utilities and transportation commission to regulate collection of solid waste, including curbside collection of residential recyclable materials, nor does this chapter alter or limit the authority of a city or town to provide such services itself or by contract under RCW 81.77.020.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 9. Sections 2 through 7 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 10. This act takes effect January 1, 2014."

SECOND READING

HOUSE BILL NO. 1027, by Representatives Moeller and Appleton

Implementing changes to child support based on the child support schedule work group report.

The bill was read the second time.

There being no objection, Substitute House Bill No. 1027 was substituted for House Bill No. 1027 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1027 was read the second time.

Representative Shea moved the adoption of amendment (123).

Beginning on page 19, line 27, strike all of subsection (d) and insert:

"(d) Residential schedule. The court may deviate from the standard calculation if the child spends a significant amount of time with the parent who is obligated to make a support transfer payment."

On page 22, after line 22, insert the following:

"NEW SECTION. Sec. 7. A new section is added to chapter 26.19 RCW to read as follows:

(1) The court shall make an adjustment to the standard calculation for a shared residential schedule subject to the provisions in this section.

(2) In order to make an adjustment to the standard calculation based on the residential schedule, there must be a court order or findings made by an administrative law judge regarding the number of overnights the child or children spend with the obligor parent, and the number of overnights allocated to the obligor is equivalent to at least fourteen percent of annual overnights. The number of overnights in the court order or administrative law judge's findings must be used to calculate the residential adjustment. The findings made by an administrative law judge may be based upon a written agreement between the parents or upon sworn testimony provided by a party at the administrative hearing for child support.

(3) The adjustment must be based on the table in section 8 of this act and the formula set forth in the worksheet for calculating residential credit.

(4) An adjustment may not be made to the standard calculation based on the shared residential schedule if:

(a) The adjustment would result in insufficient funds in the household receiving the support transfer payment to meet the basic needs of the child;

(b) The obligee's net income before receiving the support transfer payment is at or below one hundred twenty-five percent of the federal poverty level guidelines for one person; or

(c) The child is receiving temporary assistance for needy families.

(3) The adjustment must be based on the table in section 8 of this act and the formula set forth in the worksheet for calculating residential credit.

(5) To help parties estimate residential credit, the division of child support shall, if feasible and with available resources, create a residential credit calculator available online.

NEW SECTION. Sec. 8. A new section is added to chapter 26.19 RCW to read as follows:

Residential time table. The TOTAL column represents the anticipated total out-of-pocket expenses expressed as a percentage of the basic child support obligation that will be incurred by the parent who will pay child support. The total expenses are the sum of transferred and duplicated expenses. The DUPLICATED column represents the duplicated expenses and reflects the assumption that when there is an equal sharing of residential time, fifty percent of the basic child support obligation will be duplicated. The number of annual overnights column will determine the particular fractions of TOTAL and DUPLICATED to be used in the residential time credit worksheet.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.02.050 and 1994 c 257 s 24 are each amended to read as follows:
(1) It is the intent of the legislature:
(a) To ensure that adequate facilities are available to serve new growth and development;
(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and
(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.
(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new
development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3)(a) Counties, cities, and towns collecting impact fees must adopt a permanent system for the collection of impact fees from applicants for residential building permits issued for a lot or unit created by a subdivision, short subdivision, site development permit, binding site plan, or condominium that includes one or more of the following:

(i) A process by which an applicant for any development permit that requires payment of an impact fee must record a covenant against title to the lot or unit subject to the impact fee obligation. A covenant under this subsection (3)(a)(i) must also serve as a lien binding on all successors in title after the recordation. The covenant must require payment equal to one hundred percent of the impact fee applicable to the lot or unit at the rates in effect at the time the building permit was issued, less a credit for any deposits paid.

(ii) Covenants recorded in accordance with this subsection (3)(a)(i) must provide for payment of the impact fee at the earlier of the following: The time of closing of sale of the applicable lot or unit; or in accordance with the applicable county, city, or town ordinances, eight or more months after the building permit is issued. Payment of impact fees due at closing of a sale must, unless an agreement to the contrary is reached between buyer and seller, be made from the seller’s proceeds. In the absence of an agreement to the contrary, the seller bears strict liability for the payment of the impact fees.

(C) The seller must provide written disclosure of the covenant authorized under this subsection (3)(a)(i) as required by chapter 64.06 RCW.

(D) Upon receiving payment of impact fees due, the applicable county, city, or town must remove the covenant recorded in accordance with this subsection (3)(a)(ii); or

(ii) A process by which an applicant may apply for a deferral of the impact fee payment until final inspection or certificate of occupancy, or equivalent certification.

(b) Counties, cities, and towns may adopt local systems for the collection of impact fees that differ from the requirements of this subsection (3) if the payment timing provisions are consistent with those of this subsection.

(c) Any county, city, or town with a prior existing process to delay all impact fees in place prior to the effective date of this section is exempt from the provisions of this section as long as the prior existing impact fee deferral process remains in effect. Prior existing impact fee deferral processes may be amended in a manner consistent with this section.

(4) The impact fees:

(a) Shall only be imposed for system improvements that are reasonably related to the new development;

(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) Shall be used for system improvements that will reasonably benefit the new development.

((4)(a))) (5)(a) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After the date a county, city, or town is required to adopt its development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees (shall be) is contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:

((4)(a))) (i) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time; and

((4)(b))) (ii) Additional demands placed on existing public facilities by new development; and

((4)(c))) (iii) Additional public facility improvements required to serve new development.

(b) If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible.

Sec. 2. RCW 36.70A.070 and 2010 1st sp.s. c 26 s 6 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

1. A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

2. A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) Includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) Identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) Makes adequate provisions for existing and projected needs of all economic segments of the community.

3. A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) A forecast of the future needs for such capital facilities; (c) The proposed locations and capacities of expanded or new capital facilities; (d) At least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) A requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

4. A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

5. Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture,
forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area (shall be) subject to the requirements of (d)(iv) of this subsection, but (shall) not (be) subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5).

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area (as defined by the local government according to RCW 36.70A.030(15)). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area (as defined by the local government according to RCW 36.70A.030(15)). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl. For the purposes of this subsection, "rural character" has the same meaning as provided in RCW 36.70A.030:

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection.

The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;
(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use and transportation service plans, and other transportation systems management strategies. For the transportation service plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after the county or city receives full payment of all impact fees due.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection;

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

"Sec. 1. RCW 70.240.020 and 2008 c 288 s 3 are each amended to read as follows:
(1) Beginning July 1, 2009, no manufacturer, wholesaler, or retailer may manufacture, knowingly sell, offer for sale, distribute for sale, or distribute for use in this state a children's product or product component containing the following:
(a) Except as provided in subsection (2) of this section, lead at more than .009 percent by weight (ninety parts per million);
(b) Cadmium at more than .004 percent by weight (forty parts per million); or
(c) Phthalates, individually or in combination, at more than 0.10 percent by weight (one thousand parts per million).
(2) Beginning July 1, 2015, no manufacturer, wholesaler, or retailer may manufacture, knowingly sell, offer for sale, distribute for sale, or distribute for use in this state children's products or residential upholstered furniture, as defined in RCW 70.76.010, containing TDCPP or TCEP in amounts greater than one hundred parts per million in any product component.
(3) If determined feasible for manufacturers to achieve and necessary to protect children's health, the department, in consultation with the department of health, may by rule require that no manufacturer, wholesaler, or retailer may manufacture, knowingly sell, offer for sale, distribute for sale, or distribute for use in this state a children's product or product component containing lead at more than .004 percent by weight (forty parts per million).

NEW SECTION. Sec. 2. A new section is added to chapter 70.240 RCW to read as follows:
(1) Beginning July 1, 2015, no manufacturer, wholesaler, or retailer may manufacture, knowingly sell, offer for sale, distribute for sale or distribute for use in this state, residential upholstered furniture, as defined in RCW 70.76.010, or children's products containing a flame retardant not included in RCW 70.240.020 in any product component in amounts greater than one hundred parts per million identified by the department as a high priority chemical of high concern for children as required under RCW 70.240.030.
(2) Except for TDCPP and TCEP, the department shall grant an exemption to restrictions under subsection (1) of this section for a length of time requested by the manufacturer, but not to exceed two years, if the manufacturer of residential upholstered furniture or children's products demonstrates, and the department determines, that there is no technically feasible safer alternative to meet applicable Washington state or federal fire safety standards.
(3) Beginning July 1, 2015, at the request of the department, a manufacturer of residential upholstered furniture or children's products shall, within sixty days of the request, submit a certificate of compliance stating that the product or product component meets the requirements of subsection (1) of this section. A manufacturer required under any other state statute to provide a certificate of compliance may develop one certificate containing all required information.
(4) The certificate of compliance must include the following:
(a) Chemical names and chemical abstracts service registry numbers for all chemicals present in the product or product component that act as flame retardants;
(b) The specific basis upon which an exemption, if applicable, is claimed; and
(c) The signature of an authorized official of the manufacturing company.
(5) A manufacturer completing a certificate of compliance shall keep a copy of the certificate on file for as long as the product or product component contains flame retardants. If a manufacturer ceases to sell or distribute products or product components containing flame retardants, the manufacturer must retain the certificate on file for three years from the date of the last sale or distribution.

Sec. 3. RCW 70.240.010 and 2008 c 288 s 2 are each amended to read as follows:
The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
