On page 1, beginning on line 3 of the striking amendment, after “Sec. 1.” strike all material through “assistance.” on page 2, line 5 and insert “The legislature acknowledges that paraeducators have become a significant resource to students who need additional education assistance. The legislature further recognizes that there is significant variability in paraeducator standards, training, and opportunity for professional development. A carefully constructed paraeducator development program would place the highest qualified paraeducators working with the highest need students. Such a program when combined with a career ladder could offer paraeducators real opportunities for upward mobility. Since paraeducators more closely reflect the cultural diversity of the student population, a development program and career ladder would be likely to encourage more paraeducators to become teachers. Training teachers how to work with a paraeducator in their classrooms could increase paraeducators' ability to teach students who need additional assistance.”
