MESSAGE FROM THE SENATE

January 23, 2018

MR. SPEAKER:

The President has signed:

ENGROSSED HOUSE CONCURRENT RESOLUTION NO. 4400,

and the same is herewith transmitted.

Brad Hendrickson, Secretary

MESSAGE FROM THE SECRETARY OF STATE

CERTIFICATION OF INITIATIVE TO THE LEGISLATURE NO. 940

Pursuant to Article II, Section 1 of the Washington State Constitution, RCW 29A.72.230, and WAC 434-379-010, the Office of the Secretary of State has caused the signatures submitted in support of Initiative to the Legislature No. 940 to be examined in the following manner:

1. It was determined that 359,895 signatures were submitted by the sponsors of the initiative. A random sample of 10,833 signatures was taken from those submitted:

2. Each sampled signature was examined to determine if the signer was a registered voter of the state, if the signature was reasonably similar to the one appearing on the record of that voter, and if the same signature appeared more than once in the sample. We found 9,100 valid signatures, 1,732 signatures that were invalid and 1 pair of duplicated signatures in the sample;

3. We calculated an allowance for the chance error of sampling (62) by multiplying the square root of the number of invalid signatures by 1.5;

4. We estimated the upper limit of the number of signatures on the initiative petition which were invalid (59,615) by dividing the sum of the number of invalid signatures in the sample and allowance for the chance of error of sampling by the sampling ratio;

5. We determined the maximum allowable number of duplicate pairs of signatures on the petition (40,658) by subtracting the sum of the number of signatures required by Article II, Section 1 of the Washington State Constitution (259,622) and the estimate of the upper limit of the number of invalid signatures on the petition from the number of signatures submitted;

6. We determined the expected number of duplicate pairs of signatures in the sample (37) by multiplying the square of the sampling ratio by the maximum allowable number of pairs of signatures on the initiative petition;

7. We determined the acceptable number of duplicate pairs of signatures in the sample (27) by subtracting 1.65 times the square root of the expected number of pairs of signatures in the sample from the expected number of pairs of signatures in the sample; and

8. The number of duplicate pairs of signatures in the sample is less than the acceptable number of duplicate pairs of signatures in the sample.

Therefore, I hereby declare Initiative to the Legislature No. 940 to contain sufficient signatures.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Seal of the State of Washington this 23rd day of January, 2018.

KIM WYMAN
Secretary of State
(Mark Neary, Assistant Secretary of State)

The Speaker (Representative Lovick presiding) called upon Representative Orwall to preside.

There being no objection, the House advanced to the fourth order of business.

0) Beginning on page 2, line 34, strike all of section 3 and insert the following:

"Sec. 3. RCW 28A.150.260 and 2017 3rd sp.s. c 13 s 402 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c) and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or section 2 of this act, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must also report state general apportionment per-pupil allocations by grade for each school district. The superintendent must report this information in a user-friendly format on the main page of the office's web site and on school district apportionment reports. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's web site. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:
(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

<table>
<thead>
<tr>
<th>Grades</th>
<th>Class Size</th>
</tr>
</thead>
<tbody>
<tr>
<td>K-3</td>
<td>17.00</td>
</tr>
<tr>
<td>4</td>
<td>27.00</td>
</tr>
<tr>
<td>5-6</td>
<td>27.00</td>
</tr>
<tr>
<td>7-8</td>
<td>28.53</td>
</tr>
<tr>
<td>9-12</td>
<td>28.74</td>
</tr>
</tbody>
</table>

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through twelve per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

<table>
<thead>
<tr>
<th>Grades</th>
<th>Class Size</th>
</tr>
</thead>
<tbody>
<tr>
<td>9-12</td>
<td>19.98</td>
</tr>
</tbody>
</table>

(b)(i) Beginning September 1, 2018, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district’s demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

<table>
<thead>
<tr>
<th>Career and technical education average class size</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grades 9-12</td>
</tr>
<tr>
<td>19.98</td>
</tr>
</tbody>
</table>

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(6)(a) The minimum staffing allocation for each school district to provide district-wide support services shall be allocated per one thousand annual average full-time equivalent students in grades K-12 as follows:

- Staff per 1,000 K-12 students
- Technology 0.628
- Facilities, maintenance, and grounds 1.813
- Warehouse, laborers, and mechanics 0.332

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

- Per annual average full-time equivalent student in grades K-12
- Technology $130.76
- Utilities and insurance $355.30
Curriculum and textbooks $140.39
Other supplies and library materials $298.05
Instructional professional development for certificated and classified staff $21.71
Facilities maintenance $176.01
Security and central office administration $121.94

(b) In addition to the amounts provided in (a) of this subsection, beginning in the 2014-15 school year, the omnibus appropriations act shall provide the following minimum allocation for each annual average full-time equivalent student in grades nine through twelve for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

- Per annual average full-time equivalent student in grades 9-12
  - Technology $36.35
  - Curriculum and textbooks $39.02
  - Other supplies and library materials $82.84

Instructional professional development for certificated and classified staff $6.04

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in schools where at least fifty percent of students are eligible for free and reduced-price meals. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less
intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district’s full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent’s reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

Sec. 4. RCW 28A.400.007 and 2017 3rd sp.s. c 13 s 904 are each amended to read as follows:

(1) In addition to the staffing units in RCW 28A.150.260, the superintendent of public instruction must provide school districts with allocations for the following staff units if and to the extent that funding is specifically appropriated and designated for that category of staffing unit in the omnibus operating appropriations act.

(a) Additional staffing units for each level of prototypical school in RCW 28A.150.260:

<table>
<thead>
<tr>
<th>Elementary School</th>
<th>Middle School</th>
<th>High School</th>
<th>School</th>
</tr>
</thead>
</table>

Principals, assistant principals, and other certificated building-level administrators

Teacher-librarians, a function that includes information literacy, technology, and media to support school library media programs

Health and social services:

School nurses
Social workers
Psychologists
Guidance counselors, a function that includes parent outreach and graduation advising

Teaching assistance, including any aspect of educational instructional services provided by classified employees

Office support and other noninstructional aides

Custodians
Classified staff providing student and staff safety

(Parent involvement)

Family and community engagement coordinators

(b) Additional certificated instructional staff units sufficient to achieve the following reductions in class size in each level of prototypical school under RCW 28A.150.260:

General education certificated instructional staff units sufficient to achieve class size reduction of:
Grades K-3 class size 0.00
Grade 4 2.00
Grades 5-6 2.00
Grades 7-8 3.53
Grades 9-12 3.74
CTE 4.00
Skills 4.00
High poverty certificated instructional staff units sufficient to achieve class size reduction of:
Grades K-3 class size 2.00
Grade 4 5.00
Grades 5-6 4.00
Grades 7-8 5.53
Grades 9-12 5.74

(2) The staffing units in subsection (1) of this section are an enrichment to and are beyond the state's statutory program of basic education in RCW 28A.150.220 and 28A.150.260. However, if and to the extent that any of these additional staffing units are funded by specific reference to this section in the
omnibus operating appropriations act, those units become part of prototypical school funding formulas and a component of the state funding that the legislature deems necessary to support school districts in offering the statutory program of basic education under Article IX, section 1 of the state Constitution."

Renumber the remaining sections consecutively.

On page 12, beginning on line 1, strike all of section 5 and insert the following:

"NEW SECTION. Sec. 5. Sections 3 and 4 of this act take effect September 1, 2018."
