Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that city annexations of unincorporated areas within urban growth areas will be more efficient and effective if the county and city develop a jointly approved interlocal agreement so as not to create illogical boundaries or islands of unincorporated territory.

NEW SECTION. Sec. 2. A new section is added to chapter 35A.14 RCW to read as follows:

(1) A code city, as provided in subsection (2) of this section, may annex unincorporated territory pursuant to an interlocal agreement. This method of annexation shall be an alternative method and is additional to all other methods provided for in this chapter.

(2)(a) The county legislative authority of a county and the governing body of a code city may jointly initiate an annexation process for unincorporated territory by adopting an interlocal agreement as provided in chapter 39.34 RCW and under this section between the county and code city within the county. If a code city is proposing to annex territory where the sole access or majority of egress and ingress for the territory proposed for annexation is served by the transportation network of an adjacent city, or that will include areas in a fire protection district under Title 52 RCW, regional fire protection service authority under chapter 52.26 RCW, water-sewer district under Title 57 RCW, or transportation benefit district under chapter 36.73 RCW, the code city must provide written notice to the governing authority of such adjacent city, fire protection district, regional fire protection service authority, water-sewer district, or transportation benefit district. Such adjacent city or notified district shall have thirty calendar days from the date of the notice to provide written notice of its interest in being a party to the interlocal agreement. If timely notice is provided, such city or district shall be included as a party to the interlocal agreement. If the adjacent city or district does not approve the interlocal agreement, the annexation may not proceed under this section. For purposes of this subsection, "adjacent" means that the territory proposed for annexation is contiguous with the existing city limits of the nonannexing city.

(b) The interlocal agreement must ensure that for a period of five years after the annexation any parcel zoned for residential development within the annexed area shall:

(i) Maintain a zoning designation that provides for residential development; and

(ii) Not have its minimum gross residential density reduced below the density allowed for by the zoning designation for that parcel prior to annexation.

(3) The county and code city shall jointly agree on the boundaries of the annexation and its effective date. The interlocal agreement shall describe the boundaries of the territory to be annexed and set a date for a public hearing on such agreement for annexation. An interlocal agreement may include phased annexation of territory, and may be amended following the same process as initial approval, including adding additional territory. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall:

(a) Separately or jointly, publish a notice of availability of the agreement at least once a week for four weeks before the date of the hearing in one or more newspapers of general circulation within the code city and one or more newspapers of general circulation within the territory proposed for annexation; and

(b) If the legislative body has the ability to do so, post the notice of availability of the agreement on its web site for the same four weeks that the notice is published in the newspapers under (a) of this subsection. The notice shall describe where the public may review the agreement and the territory to be annexed.

(4) On the date set for hearing, the public shall be afforded an opportunity to be heard. Following the hearing, if the legislative body determines to effect the annexation, they shall do so by ordinance. If the annexation agreement includes phased annexation of territory, the legislative body shall adopt a separate ordinance at the time of each phase of annexation. Upon the date fixed in the ordinance of annexation the area annexed shall become part of the city. If the annexation ordinance provides for
assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of such requirements. Upon passage of the annexation ordinance, a certified copy shall be filed with the board of county commissioners of the county in which the annexed property is located."

Representative Bergquist moved the adoption of the striking amendment (1225):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 29A.04.410 and 2013 c 11 s 10 are each amended to read as follows:

Every county, city, town, and district, and the state is liable for its proportionate share of the costs when such elections are held in conjunction with other elections held under RCW 29A.04.321 and 29A.04.330.

Whenever any county, city, town, or district, or the state holds any primary or election, general or special, on an isolated date, all costs of such elections must be borne by the county, city, town, or district concerned, or the state as appropriate.

The purpose of this section is to clearly establish that the county is not responsible for any costs involved in the holding of any city, town, (see) district, state, or federal election.

In recovering such election expenses, including a reasonable (proration) proration of administrative costs, the county auditor shall certify the cost to the county treasurer with a copy to the clerk or auditor of the city, town, or district concerned, or the secretary of state as appropriate. Upon receipt of such certification relating to a city, town, or district, the county treasurer shall make the transfer from any available and appropriate city, town, or district funds to the county current expense fund or to the county election reserve fund if such a fund is established. Each city, town, or district must be promptly notified by the county treasurer whenever such transfer has been completed. However, in those districts wherein a treasurer, other than the county treasurer, has been appointed such transfer procedure does not apply, but the district shall promptly issue its warrant for payment of election costs. State and federal offices are to be considered one entity for purposes of election cost proration and reimbursement.

Sec. 2. RCW 29A.04.420 and 2019 c 161 s 2 are each amended to read as follows:

(1) Whenever federal officers, state officers, or measures are voted upon at a state primary or general election held (in an odd-numbered year) under RCW 29A.04.321, the state of Washington shall assume a prorated share of the costs of that state primary or general election.

(2) The state shall reimburse counties for the federal and state offices and measures, including the prorated cost of return postage, required to be included on return envelopes pursuant to RCW 29A.40.091 (for all elections).

(3) Whenever a primary or vacancy election is held to fill a vacancy in the position of United States senator or United States representative under chapter 29A.28 RCW, the state of Washington shall assume a prorated share of the costs of that primary or vacancy election.

(4) The county auditor shall apportion the state’s share of these expenses when prorating election costs under RCW 29A.04.410 and in accordance with the state budgeting, accounting, and reporting system, shall file such expense claims with the secretary of state.

(5) The secretary of state shall include in his or her biennial budget requests sufficient funds to carry out this section. Reimbursements for election costs shall be from appropriations specifically provided by law for that purpose.

(6) State and federal offices are to be considered one entity for purposes of election cost proration and reimbursement.

(7) In addition to the state share of election expenses under RCW 29A.04.410, the state must provide an amount not less than ten percent of the budgeted amount under subsection (4) of this section from the previous fiscal year to be distributed to each county, prorated based on population. The distributed moneys must be used by the counties for voter outreach and education required by section 3 of this act. This appropriation must be calculated separately from any prorated share of state costs which the state is required to reimburse under this chapter.
NEW SECTION. Sec. 3. A new section is added to chapter 29A.04 RCW to read as follows:

(1) County auditors must engage in voter outreach and education activities, for which they may be reimbursed as provided in RCW 29A.04.420.

(2) As used in this section, "voter outreach and education" includes:

(a) Printed materials, paid advertising, video, news coverage, social media, or in-person presentations designed to:

(i) Educate people about the importance of voting as an act of civic engagement;

(ii) Educate and inform people about the entire voting process, from voter registration, to ballot deadlines, to election certification; and

(iii) Reduce participation gaps with outreach to communities with a history of poor voter turnout; and

(b) The creation of a county youth outreach council, as described in subsection (4) of this section.

(3) County auditors must coordinate with local school districts to engage youth in events for temperance and good citizenship day under RCW 28A.230.150.

(4) Each county with a population of more than five hundred thousand must create a county youth outreach council. The council must be comprised of youth ages fourteen to eighteen years old and have a minimum of seven members. The members of the council may be nominated by local youth organizations, the page programs of the senate or the house of representatives, or other programs designed to increase youth civic engagement. The county auditor, or his or her designee, shall select the council members from the nominees, determine the duration of their membership, and determine the number of meetings of the council. The activities of the council may include, but are not limited to:

(a) Organizing events designed to increase youth voter participation;

(b) Attendance at events designed to educate youth about local and state elections; and

(c) Participation in events related to temperance and good citizenship day as created by RCW 28A.230.150.

Sec. 4. RCW 29A.04.216 and 2013 c 11 s 7 are each amended to read as follows:

The county auditor of each county shall be ex officio the supervisor of all primaries and elections, general or special, and it shall be the county auditor's duty to provide places for holding such primaries and elections; to provide the supplies and materials necessary for the conduct of elections; and to publish and post notices of calling such primaries and elections in the manner provided by law. The auditor shall also apportion to the county, each city, town, or district, and to the state of Washington (in the odd-numbered years), its share of the expense of such primaries and elections. This section does not apply to general or special elections for any city, town, or district that is not subject to RCW 29A.04.321 and 29A.04.330, but all such elections must be held and conducted at the time, in the manner, and by the officials (with such notice, requirements for filing for office, and certifications by local officers) as provided and required by the laws governing such elections. State and federal offices are to be considered one entity for purposes of election cost proration and reimbursement.

Sec. 5. RCW 29A.04.430 and 2003 c 111 s 148 are each amended to read as follows:

(1) For any reimbursement of election costs under RCW 29A.04.420, the secretary of state shall pay (interest at an annual rate equal to two percentage points in excess of the discount rate on ninety-day commercial paper in effect at the federal reserve bank in San Francisco on the fifteenth day of the month immediately preceding the payment for any period of time in excess of) within thirty days after the receipt of a properly executed and documented voucher for such expenses and the entry of an allotment from specifically appropriated funds for this purpose until those funds are exhausted. If funds appropriated for this purpose are not sufficient to pay all claims, the secretary of state shall include a budget request to the legislature during the next legislative session for sufficient funds for reimbursement of all remaining claims and shall pay all properly executed and documented vouchers to the counties within thirty days of allotment of specifically appropriated funds for this purpose. The secretary of state shall
promptly notify any county that submits an incomplete or inaccurate voucher for reimbursement under RCW 29A.04.420.

(2) Funding provided in this section to counties for election costs in even-numbered years is retrospective and prospective reimbursement under RCW 43.135.060 for any new or increased responsibilities under this title.

Sec. 6. RCW 29A.64.081 and 2004 c 271 s 181 are each amended to read as follows:

The canvassing board shall determine the expenses for conducting a recount of votes.

(1) For a recount conducted under RCW 29A.64.011, the cost of the recount shall be deducted from the amount deposited by the applicant for the recount at the time of filing the request for the recount, and the balance shall be returned to the applicant. If the costs of the recount exceed the deposit, the applicant shall pay the difference. No charges may be deducted by the canvassing board from the deposit for a recount if the recount changes the result of the nomination or election for which the recount was ordered.

(2) For a recount conducted under RCW 29A.64.021, for an office where the candidates filed the declarations of candidacy with the secretary of state, any legislative office, and any congressional office, the county auditor shall file an expense claim for such costs with the secretary of state. The secretary of state shall include a budget request to the legislature during the next legislative session for sufficient funds for reimbursement of all costs of the recount and shall pay all properly executed and documented vouchers to the counties within thirty days of allotment of specifically appropriated funds for this purpose. The secretary of state shall promptly notify any county that submits an incomplete or inaccurate voucher for reimbursement under this section.

(3) State and federal offices are to be considered one entity for purposes of election cost proration and reimbursement.

Sec. 7. RCW 29A.32.210 and 2013 c 11 s 38 are each amended to read as follows:

((At least ninety days before)) Before any primary or general election, or ((at least forty days before)) any special election held under RCW 29A.04.321 or 29A.04.330, (the legislative authority of any county or first-class or code city may adopt an ordinance authorizing the publication and distribution of) each county auditor shall print and distribute a local voters' pamphlet. The pamphlet shall provide information on all measures ((within that jurisdiction and may, if specified in the ordinance, include information on)) and candidates within that jurisdiction. (If both a county and a first-class or code city within that county authorize a local voters' pamphlet for the same election, the pamphlet shall be produced jointly by the county and the first-class or code city. If no agreement can be reached between the county and first-class or code city, the county and first-class or code city may each produce a pamphlet. Any ordinance adopted authorizing a local voters' pamphlet may cover a specific primary, special election, or general election or for any future primaries or elections.) The format of any local voters' pamphlet shall, whenever applicable, comply with the provisions of this chapter regarding the publication of the state candidates' and voters' pamphlets.

NEW SECTION. Sec. 8. Subject to the availability of amounts appropriated for this specific purpose, in the fiscal biennium ending June 30, 2021, the state must provide an amount up to ten percent of the state share of election expenses under RCW 29A.04.410 for the elections held in 2019 for distribution to county auditors for the purpose of voter outreach and education, as defined in section 3 of this act.

NEW SECTION. Sec. 9. This act takes effect January 1, 2021.”

Representative Mead moved the adoption of the striking amendment (1223):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Sustainable and resilient markets for recycled materials are essential to any successful recycling system. For many years, Washington has depended on foreign markets to accept the recyclable materials that are collected for recycling in the state. Developing domestic markets for recycled materials benefits the environment and the state's economy and is critical due to the loss of foreign markets.

(2) China's 2018 national sword policy bans the importation of recycled mixed paper and certain types of recycled plastic and imposes a stringent one-half of one percent contamination limit on all other recycled material imports. Washington's recycling facilities are struggling to find markets for recycled materials, resulting in the stockpiling of these materials. Washington must reduce its reliance on unpredictable foreign markets for its recycled materials.

(3) Plastic and glass bottles can be recycled and can contain recycled content in order to close the loop in the recycling stream. Many companies have already taken the initiative at closing the loop by using plastic bottles that contain one hundred percent recycled content. Since November 2010, one national juice company has been using bottles made with one hundred percent postconsumer recycled content for all of its juices and juice smoothies. In January 2018, an international beverage producer announced that it will make all its bottles from one hundred percent recycled plastic by 2025.

(4) The requirements imposed by this chapter are reasonable and are achievable at minimal cost relative to the burden imposed by the continued excessive use of virgin materials in beverage containers in Washington.

(5) The legislature encourages beverage manufacturers to use plastic beverage containers that exceed the standards set forth in this act.

NEW SECTION. Sec. 2. (1)(a) Between January 1, 2022, and December 31, 2024, inclusive, the total number of plastic beverage containers filled with a beverage described in section 4 of this act that are sold, offered for sale, or distributed in Washington by a beverage manufacturer must contain no less than ten percent postconsumer recycled plastic per year.

(b) Between January 1, 2025, and December 31, 2029, inclusive, the total number of plastic beverage containers filled with a beverage described in section 4 of this act that are sold, offered for sale, or distributed in Washington by a beverage manufacturer must contain no less than twenty-five percent postconsumer recycled plastic per year.

(c) On and after January 1, 2030, the total number of plastic beverage containers filled with a beverage described in section 4 of this act that are sold, offered for sale, or distributed in Washington by a beverage manufacturer must contain no less than fifty percent postconsumer recycled plastic.

(2)(a) Every other year, beginning in 2021, or at the petition of the beverage manufacturing industry not more than annually, the director of the department of ecology shall consider whether the minimum recycled content requirements required pursuant to subsection (1) of this section should be waived or reduced. If the director of the department of ecology receives a petition from the beverage manufacturing industry, the director shall consider the petition within sixty days. If the director of the department of ecology makes a finding that a minimum recycled content requirement pursuant to this section should be adjusted, the adjusted rate for the requirement must be in effect until a new determination for the requirement is made or upon the expiration of the requirement's effective period, whichever occurs first. The director of the department of ecology may not adjust
the minimum recycled content requirements above the minimum postconsumer recycled plastic content percentages required pursuant to subsection (1) of this section. In making a determination pursuant to this subsection, the director of the department of ecology shall consider, at a minimum, all of the following:

(i) Changes in market conditions, including supply and demand for postconsumer recycled plastics, collection rates, and bale availability;

(ii) Recycling rates;

(iii) The availability of recycled plastic suitable to meet the minimum recycled content requirements pursuant to subsection (1) of this section, including the availability of high quality recycled plastic, and food grade recycled plastic from beverage container recycling programs;

(iv) The capacity of recycling or processing infrastructure;

(v) The progress made by beverage manufacturers in achieving the goals of this section; and

(vi) The carbon footprint of the transportation of the recycled resin.

(b) The beverage manufacturing industry or a beverage manufacturer may appeal the director of ecology's decision made pursuant to this subsection to the pollution control hearings board within thirty days of the director's decision.

(c) For the purposes of this section, "beverage manufacturing industry" means an association that represents companies that manufacture beverages.

(3) The department of ecology may grant extensions to the minimum recycled plastic content requirements required under subsection (1) of this section if the department of ecology makes a finding that a beverage manufacturer has made a substantial effort but has failed to meet the minimum recycled plastic content requirements due to extenuating circumstances that are out of the beverage manufacturer's control.

(4)(a) On or before March 1, 2022, and annually thereafter, a beverage manufacturer of a beverage described in section 4 of this act sold in a plastic beverage container described in section 4 of this act must report to the department of ecology in pounds and by resin type the amount of virgin plastic and postconsumer recycled plastic used by the beverage manufacturer for plastic beverage containers containing a beverage described in section 4 of this act sold, offered for sale, or distributed in Washington in the previous calendar year. The beverage manufacturer shall submit this information to the department of ecology under penalty of perjury.

(b) The department of ecology shall post the information reported under this subsection on the department's web site.

(5) A beverage manufacturer that does not meet the minimum recycled plastic content requirements established in subsection (1) of this section is subject to a fee established in section 5 of this act.

(6) The department of ecology may conduct audits and investigations and take enforcement action pursuant to this chapter against a beverage manufacturer for the purpose of ensuring compliance with this section based on the information reported under subsection (4) of this section.

(7) The department of ecology shall keep confidential all business trade secrets and proprietary information about manufacturing processes and equipment that the department gathers or becomes aware of through the course of conducting audits or inspections pursuant to this chapter.

(8) This section does not apply to:

(a) Refillable plastic beverage containers;

(b) Rigid plastic containers or rigid plastic bottles that are medical devices, medical products that are required to be sterile, prescription medicine, and packaging used for those products; or

(c) Bladders or pouches that contain wine.

NEW SECTION. Sec. 3. The recycling enhancement fee account is created in the custody of the state treasurer. All fees collected by the department of ecology pursuant to section 2 of this act must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used by the department of ecology only for providing funding to the recycling development center created in RCW 70.370.030 for the purpose of
furthering the development of recycling infrastructure in this state.

NEW SECTION. Sec. 4. (1) This section and sections 2, 3, and 5 of this act apply only to any individual, separate, sealed plastic bottle that contains the following beverages, intended for human or animal consumption and in a quantity less than or equal to one gallon, offered for sale, sold, or distributed in Washington:

(a) The following beverages, intended for human or animal consumption and in a quantity less than or equal to one gallon:
   (i) Water and flavored water;
   (ii) Beer or other malt beverages;
   (iii) Wine; and
   (iv) Mineral waters, soda water, and similar carbonated soft drinks;

(b) Any beverage other than those specified in (a) of this subsection that is intended for human or animal consumption and is in a quantity more than or equal to two fluid ounces and less than or equal to one gallon, except infant formula or any other exemptions adopted by the department of ecology by rule.

(2) For the purposes of this chapter, "beverage manufacturer" means a manufacturer of one or more beverages described in subsection (1) of this section that are sold, offered for sale, or distributed in Washington.

NEW SECTION. Sec. 5. (1)(a) Beginning January 1, 2022, a beverage manufacturer that does not meet the minimum recycled plastic content requirements pursuant to section 2 of this act is subject to an annual fee pursuant to this section. Beginning March 1, 2023, the violation level and fee must be collected annually if a waiver has not been granted pursuant to section 2(2) of this act, and calculated, based upon the amount in pounds, and in the aggregate, by which the beverage manufacturer does not meet the minimum recycled content requirements required pursuant to section 2 of this act, according to the following:

(i) If a beverage manufacturer has an overall compliance rate of at least seventy-five percent but less than one hundred percent of the minimum recycled plastic content requirements pursuant to this subsection (1)(a), that is a level one violation;

(ii) If a beverage manufacturer has an overall compliance rate of at least fifty percent but less than seventy-five percent of the minimum recycled plastic content requirements pursuant to this subsection (1)(a), that is a level two violation;

(iii) If a beverage manufacturer has an overall compliance rate of at least twenty-five percent but less than fifty percent of the minimum recycled plastic content requirements pursuant to this subsection (1)(a), that is a level three violation;

(iv) If a beverage manufacturer has an overall compliance rate of at least fifteen percent but less than twenty-five percent of the minimum recycled plastic content requirements pursuant to this subsection (1)(a), that is a level four violation; and

(v) If a beverage manufacturer has an overall compliance rate that is less than fifteen percent of the minimum recycled plastic content requirements pursuant to this subsection (1)(a), that is a level five violation.

(b) The fee amounts assessed pursuant to this subsection are as follows:
   (i) For a level one violation, the fee range is five cents ($0.05) to fifteen cents ($0.15) per pound;
   (ii) For a level two violation, the fee range is ten cents ($0.10) to twenty cents ($0.20) per pound;
   (iii) For a level three violation, the fee range is fifteen cents ($0.15) to twenty-five cents ($0.25) per pound;
   (iv) For a level four violation, the fee range is twenty cents ($0.20) to thirty cents ($0.30) per pound;
   (v) For a level five violation, the fee range is twenty-five cents ($0.25) to thirty cents ($0.30) per pound.

(c) In lieu of or in addition to assessing a fee, the department of ecology may require a beverage manufacturer to submit a corrective action plan to the department detailing how the beverage manufacturer plans to come into compliance with section 2 of this act.

(d) The department of ecology shall consider equitable factors in
determining whether to assess a fee and the amount of the fee including, but not limited to: The nature and circumstances of the violation; actions taken by the beverage manufacturer to correct the violation; the beverage manufacturer's history of compliance; the size and economic condition of the manufacturer; and whether the violation or conditions giving rise to the violation were due to circumstances beyond the reasonable control of the beverage manufacturer or were otherwise unavoidable under the circumstances including, but not limited to, unforeseen changes in market conditions.

(e) A beverage manufacturer that is assessed fees pursuant to this section may pay those fees to the department of ecology in quarterly installments or arrange an alternative payment schedule subject to the approval of the department.

(f) A beverage manufacturer that has been assessed fees pursuant to this section may appeal the assessment of fees to the pollution control hearings board within thirty days of the assessment.

(2)(a) The department of ecology shall consider granting a waiver, reduction, or extension of the fees assessed pursuant to subsection (1) of this section for the purposes of meeting the minimum recycled content requirements required pursuant to section 2 of this act to a beverage manufacturer that has demonstrated progress toward meeting those requirements in either of the following circumstances:

(i) The beverage manufacturer has failed to meet the minimum recycled content requirements required pursuant to section 2 of this act; or

(ii) The beverage manufacturer anticipates it will not be able to meet the minimum recycled content requirements required pursuant to section 2 of this act.

(b) In determining whether to grant the waiver, reduction, or extension pursuant to this subsection (2), the department shall consider, at a minimum, all of the following:

(i) Anomalous market conditions;

(ii) Disruption in, or lack of supply of, recycled plastics; and

(iii) Other factors that have prevented a beverage manufacturer from meeting the requirements.

(3) A beverage manufacturer shall pay the fees assessed pursuant to this section, as applicable, based on the information reported to the department of ecology pursuant to section 2(4) of this act in the form and manner prescribed by the department.

NEW SECTION. Sec. 6. A new section is added to chapter 42.56 RCW to read as follows:

Information submitted to the department of ecology under chapter 70. -- RCW (the new chapter created in section 7 of this act), that contains business trade secrets or proprietary information about manufacturing processes and equipment, is exempt from disclosure under this chapter.

NEW SECTION. Sec. 7. Sections 2 through 5 of this act constitute a new chapter in Title 70 RCW."

Correct the title.
