POINT OF PERSONAL PRIVILEGE

Representative Smith: “Madame Speaker, it is with a lot of emotion and a lot of excitement, a lot of sadness, but mostly a lot of looking forward today that I wanted you and my good colleagues on the floor to know that I will not be seeking reelection for the 10th District. I want you to know that working with you and every member on this floor has
been an extraordinary honor over the last 13 years. Thirteen years is a long time and Madam Speaker, you know my heart on so many issues; we’ve talked about a lot of things, and one of the things that has been consistent in my life is the call to serve, and serving here, and working on sound public policy; working on behavioral and mental health; working on environmental policy; working on those things that we care so deeply about and we’ve joined forces together and we’ve passed some incredible legislation that makes a difference for the people we serve; that is an incredible way to serve. The work we do here, the work our staff helps us to do here is so incredibly important, but Madam Speaker, there’s another calling on my life that has been as consistent as well, that’s part of serving, and that is teaching and mentoring. From high school, it’s been a part of my life to share with others; to come alongside in their journeys; to touch their lives and allow them to touch mine; to see people, and in that moment, to help them know their intrinsic value; that they are loved, that they are beloved, that their lives matter. And so Madam Speaker, as more and more of those opportunities have arisen over the last few years and I’ve had to say “no” because of this work that is so important, I want to be able to say “yes” to what I believe is the most important work. And Madam Speaker, we here can solve problems that touch many areas of people’s lives. We can help them with their physical challenges; we can help provide housing, we can help provide solutions that address the physical and the intellectual and the, perhaps even sometimes, emotional challenges of life. But Madam Speaker, here we can’t solve the deepest longings of the heart, the spiritual nature of who we are. To address those eternal issues; to know that we are loved and to know how to love. That, I believe, is my next calling because it’s been my calling for as long as I can remember and I look forward to being able to invest my heart more fully both in my own family, my community, in the faith community, wherever I am led in this next season of life and I want you to know that the experiences here will impact that effort, that calling, that work, and I want to say thank you for the journey we have been on here in this House together. Our journeys will continue in different ways. I want to be in, in any way that I can be, help to any of my colleagues on the floor; I want to be able to do that, but today, I want to say “Thank you” to you, to my colleagues, most of all to the people of the 10th Legislative district who gave me the great privilege and honor of giving myself fully to representing them here in the House of Representatives. I will be forever grateful. Thank you Madam Speaker.”

Speaker Jinkins: “Thank you Representative Smith. Norma, the loss that this body will feel and that the people of the state will feel, will only be a gain to those people in your community that you are going to be able to be in closer touch with and your grandchildren who you’ve talked to me a lot about and wanting to be with them, so we’ll have more opportunities, next week likely, to recognize and celebrate your service, but for now, I will just say “Thank you.””

There being no objection, the House advanced to the fourth order of business.

POINT OF ORDER

Representative Stonier requested a scope and object ruling on amendment (1852) to SB 6096.

SPEAKER'S RULING

Madame Speaker: “The title of the bill is an act relating to preventing disruption of certain state financed and procured services due to labor unrest within contracted service providers.

The bill requires that certain contracts between the Department of Social and Health Services and private contractors must contain assurances that the contracted services will not be disrupted or delayed by economic or industrial action.
