(ii) The translated version and English language version of the directions for use appear on the prescription container or label; and

(iii) A pharmacy or nonresident pharmacy provide the translated directions for use, auxiliary warnings, and any other information required by the commission in rules if the language is one selected by the commission upon the request of a patient, patient's representative, or prescriber.

(b) Rules adopted under this section must establish the following:

(12) For purposes of this section, an "auxiliary warning" or "advisory label" is a cautionary warning label added onto a dispensed prescription drug label by a pharmacist in addition to the required prescription drug label to provide extra information to the patient on the safe administration, use, and storage of the prescription.
