Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 48.43 RCW to read as follows:

(1) For nongrandfathered group health plans other than small group health plans issued or renewed on or after January 1, 2024, a health carrier shall include coverage for hearing instruments, including bone conduction hearing devices. This section does not include coverage of over-the-counter hearing instruments.

(2) Coverage shall also include the initial assessment, fitting, adjustment, auditory training, and ear molds as necessary to maintain optimal fit. Coverage of the services in this subsection shall include services for enrollees who intend to obtain or have already obtained any hearing instrument, including an over-the-counter hearing instrument.

(3) A health carrier shall provide coverage for hearing instruments as provided in subsection (1) of this section at no less than \$3,000 per ear with hearing loss every 36 months.

(4) The services and hearing instruments covered under this section are not subject to the enrollee's deductible unless the health plan is offered as a qualifying health plan for a health savings account. For such a qualifying health plan, the carrier may apply a deductible to coverage of the services covered under this section only at the minimum level necessary to preserve the enrollee's ability to claim tax exempt contributions and withdrawals from the enrollee's health savings account under internal revenue service laws and regulations.

(5) Coverage for a minor under 18 years of age shall be available under this section

only after the minor has received medical clearance within the preceding six months from:

(a) An otolaryngologist for an initial evaluation of hearing loss; or

(b) A licensed physician, which indicates there has not been a substantial change in clinical status since the initial evaluation by an otolaryngologist.

(6) For the purposes of this section:

(a) "Hearing instrument" has the same meaning as defined in RCW 18.35.010.

(b) "Over-the-counter hearing instrument" has the same meaning as "over-the-counter hearing aid" in 21 C.F.R. Sec. 800.30 as of December 28, 2022.

**Sec. 2.** RCW 48.43.715 and 2022 c 236 s 2 are each amended to read as follows:

(1) The commissioner, in consultation with the board and the health care authority, shall, by rule, select the largest small group plan in the state by enrollment as the benchmark plan for the individual and small group market for purposes of establishing the essential health benefits in Washington state.

(2) If the essential health benefits benchmark plan for the individual and small group market does not include all of the ten essential health benefits categories, the commissioner, in consultation with the board and the health care authority, shall, by rule, supplement the benchmark plan benefits as needed.

(3) All individual and small group health plans must cover the ten essential health benefits categories, other than a health plan offered through the federal basic health program, a grandfathered health plan, or medicaid. Such a health plan may not be offered in the state unless the commissioner finds that it is substantially equal to the benchmark plan. When making this determination, the commissioner:

(a) Must ensure that the plan covers the ten essential health benefits categories;

(b) May consider whether the health plan has a benefit design that would create a risk of biased selection based on health status and whether the health plan contains meaningful scope and level of benefits in each of the ten essential health benefits categories;

(c) Notwithstanding (a) and (b) of this subsection, for benefit years beginning January 1, 2015, must establish by rule the review and approval requirements and procedures for pediatric oral services when offered in stand-alone dental plans in the nongrandfathered individual and small group markets outside of the exchange; and

(d) Must allow health carriers to also offer pediatric oral services within the health benefit plan in the nongrandfathered individual and small group markets outside of the exchange.

(4) Beginning December 15, 2012, and every year thereafter, the commissioner shall submit to the legislature a list of state-mandated health benefits, the enforcement of which will result in federally imposed costs to the state related to the plans sold through the exchange because the benefits are not included in the

essential health benefits designated under federal law. The list must include the anticipated costs to the state of each state-mandated health benefit on the list and any statutory changes needed if funds are not appropriated to defray the state costs for the listed mandate. The commissioner may enforce a mandate on the list for the entire market only if funds are appropriated in an omnibus appropriations act specifically to pay the state portion of the identified costs.

(5) Upon authorization by the legislature to modify the state's essential health benefits benchmark plan under 45 C.F.R. Sec. 156.111, the commissioner shall include coverage for donor human milk under RCW 48.43.815 and hearing instruments and services required under section 1 of this act in the updated plan.

**Sec. 3.** RCW 41.05.830 and 2018 c 159 s 1 are each amended to read as follows:

(1) Subject to appropriation, a health plan offered to employees and their covered dependents under this chapter issued or renewed on or after January 1, 2019, must include coverage for hearing instruments. Coverage must include a new hearing instrument every five years and services and supplies such as the initial assessment, fitting, adjustment, and auditory training.

(2) The hearing instrument must be recommended by a licensed audiologist, hearing aid specialist, or a licensed physician or osteopathic physician who specializes in otolaryngology and dispensed by a licensed audiologist, hearing aid specialist, or a licensed physician or osteopathic physician who specializes in otolaryngology.

(3) For the purposes of this section, "hearing instrument" and "hearing aid specialist" have the same meaning as defined in RCW 18.35.010.

(4) This section expires December 31, 2023.

**NEW SECTION. Sec. 4.** A new section is added to chapter 41.05 RCW to read as follows:

A health plan offered to employees and their covered dependents under this chapter issued or renewed on or after January 1, 2024, is subject to section 1 of this act."

"**Sec. 1.** RCW 43.21C.229 and 2020 c 87 s 1 are each amended to read as follows:

(1) ~~((In order))~~ The purpose of this section is to accommodate infill and housing development and thereby realize the goals and policies of comprehensive plans adopted according to chapter 36.70A RCW((a)).

(2) A city or county planning under RCW 36.70A.040 is authorized by this section to establish categorical exemptions from the requirements of this chapter. ((An exemption adopted under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a).)) An exemption may be adopted by a city or county under this ~~(section)~~ subsection if it meets the following criteria:

(a) It categorically exempts government action related to development proposed to fill in an urban growth area, designated according to RCW 36.70A.110, where current density and intensity of use in the area is roughly equal to or lower than called for in the goals and policies of the applicable comprehensive plan and the development is either:

(i) Residential development;  
(ii) Mixed-use development; or  
(iii) Commercial development up to ~~((sixty-five thousand))~~ 65,000 square feet, excluding retail development;

(b) It does not exempt government action related to development that is inconsistent with the applicable comprehensive plan or would clearly exceed the density or intensity of use called for in the goals and policies of the applicable comprehensive plan;

(c) The local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan, planned action ordinance, or other local, state, or federal rules or laws; and

(d)(i) The city or county's applicable comprehensive plan was previously subjected to environmental analysis through an environmental impact statement under the requirements of this chapter prior to adoption; or

(ii) The city or county has prepared an environmental impact statement that considers the proposed use or density and intensity of use in the area proposed for an exemption under this section.

~~((2) Any))~~ (3) All project actions that propose to develop one or more residential housing units within an urban growth area designated pursuant to RCW 36.70A.110 shall be categorically exempt from the requirements of this chapter. This categorical exemption only applies to areas that do not have existing or anticipated transportation system safety or operational deficiencies. A city or county must consult with the Washington state department of transportation to determine if such deficiencies exist. A project action shall be eligible for categorical exemption under this subsection only if it meets the following criteria:

(a) The proposed development is consistent with all development regulations implementing an applicable comprehensive plan adopted according to chapter 36.70A RCW by the jurisdiction in which the development is proposed, with the exception of any development regulation that is inconsistent with applicable provisions of chapter 36.70A RCW; and

(b)(i) The city or county's applicable comprehensive plan was previously subjected to environmental analysis through an environmental impact statement under the requirements of this chapter prior to adoption; or

(ii) The city or county has prepared an environmental impact statement that considers the proposed use or density and intensity of use in the area proposed for an exemption under this section and fully addresses the transportation impacts.

(4) Any categorical exemption under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a). However, any categorical exemption ((adopted by a city or county)) under this section shall be subject to the rules of the department adopted according to RCW 43.21C.110(1)(a) that provide exceptions to the use of categorical exemptions adopted by the department.

NEW SECTION. Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:

(1) For purposes of this section, "design review" means a formally adopted local government process by which projects are reviewed for compliance with design standards for the type of use adopted through local ordinance.

(2) Except as provided in subsection (3) of this section, counties and cities planning under RCW 36.70A.040 may apply in any design review process only clear and objective development regulations governing the exterior design of new development. For purposes of this section, a clear and objective development regulation:

(a) Must include one or more ascertainable guideline, standard, or criterion by which an applicant can determine whether a given building design is permissible under that development regulation; and

(b) May not result in a reduction in density, height, bulk, or scale below the generally applicable development regulations for a development proposal in the applicable zone.

(3) The provisions of subsection (2) of this section do not apply to development regulations that apply only to structures listed in the Washington heritage register as described in RCW 27.34.220 or the national register of historic places as defined in the national historic preservation act of 1966 (Title 1, Sec. 101, Public Law 89-665; 80 Stat. 915; 16 U.S.C. Sec. 470) as now or hereafter amended.

(4) Any design review process must be conducted concurrently, or otherwise logically integrated, with the consolidated review and decision process for project permits set forth in RCW 36.70B.120(3), and no design review process may include more than one public meeting within the meaning of RCW 36.70B.020.

Sec. 3. RCW 36.70B.160 and 1995 c 347 s 420 are each amended to read as follows:

(1) Each local government is encouraged to adopt further project review provisions to provide prompt, coordinated, and objective review and ensure accountability to applicants and the public, including expedited review for project permit applications for projects that are consistent with adopted development regulations or that include dwelling units that are affordable to low-income or moderate-income households and within the capacity of systemwide infrastructure improvements.

(2) Nothing in this chapter is intended or shall be construed to prevent a local government from requiring a preapplication conference or a public meeting by rule, ordinance, or resolution, where otherwise required by applicable state law.

(3) Each local government shall adopt procedures to monitor and enforce permit decisions and conditions.

(4) Nothing in this chapter modifies any independent statutory authority for a government agency to appeal a project permit issued by a local government.

(5) For the purposes of this section:

(a) A dwelling unit is affordable if it requires payment of monthly housing costs, including utilities other than telephone, of no more than 30 percent of the family's income.

(b) "Dwelling unit" means a residential living unit that provides complete independent living facilities for one or more persons and that includes permanent provisions for living, sleeping, eating, cooking, and sanitation, and that is sold or rented separately from other dwelling units.

(c) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is less than 80 percent of the median family income, adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development, or less than 80 percent of the city's median income if the project is located in the city, the city has median income of more than 20 percent above the county median income, and the city has adopted an alternative local median income.

(d) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below 120 percent of the median household income, adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development, or less than 120 percent of the city's median income if the project is located in the city, the city has median income of more than 20 percent above the county median income, and the city has adopted an alternative local median income."
