**REQUEST FOR PROPOSALS
PUBLIC PRIVATE PARTNERSHIP WORK GROUP**

I. BACKGROUND

In 1995 Washington state enacted its first Public Private Partnership (P3) laws specific to transportation ([RCW 47.46](#)) at the request of industry leaders in the financial and construction sectors.

In 2005 new laws were established under [RCW 47.29](#) for Transportation Innovative Partnerships. Noting that the 1995 P3 law “has not met the needs and expectations of the public or private sectors for the development of transportation projects”.

In 2012 the Joint Transportation Committee was directed to convene a Work Group to study the P3 program and the Transportation Innovative Partnerships statute and make any recommendations for changes and/or improvements. The outcome of this work was three policy and twelve legislative recommendations for changes to statute and administration of the program. Some but not all of the recommendations have been adopted.

To date no P3 transportation infrastructure projects have been completed in Washington State.

During the 2023 legislative session, the Senate Transportation Committee conducted a work session on P3s (February 14, 2023). This work session included presentations from P3 private financing and construction practitioners throughout the country that highlighted the opportunities for P3 and other states’ success in implementing P3 projects. It was noted by these presenters that Washington State’s current laws are a hindrance to private entities’ interest in conducting P3 projects in the state.

The purpose of this Work Group is to update the 2012 JTC P3 report findings and recommendations with any necessary changes and to deliver draft legislation that would balance the public and private interests (ideally creating a “win-win” scenario) in P3’s in Washington State. A preliminary report, with any draft legislation or recommendations is due by December 15, 2023. The final report, including an implementation plan, is due by July 1, 2024.

II. SCOPE OF WORK

Purpose: The purpose of this project is to update the [2012 JTC Evaluation of Public Private Partnership](#) findings with any necessary changes and to deliver draft legislation and an implementation plan that would balance public and private interests for P3's in Washington State.

Work Group

A Work Group will be convened according to membership outlined in the proviso. The Consultant will work with the Work Group throughout the study, briefing the Work Group, soliciting input, presenting draft materials before they are shared publicly, and reviewing findings, recommendations, and draft reports in advance of JTC presentations.

A preliminary report, including any initial recommendations and a first draft of legislation is due by December 15, 2023. The final report, including an implementation plan and further revised draft legislation, is due to the Office of the Governor and the House and Senate Transportation Committees by July 1, 2024.

III. TASKS TO BE COMPLETED IN STUDY

The tasks described below are based on the [study proviso](#) included in the 2023-25 transportation budget (HB 1125, session law). The description of the tasks is not intended to fully encompass the study tasks, but instead provides the Consultant with a potential framework for the study.

Consultants are encouraged to recommend additions and/or alternatives to better accomplish the study's stated objectives.

TASK 1: P3 101 & REVIEW OF PRIOR WORK IN WASHINGTON STATE

This task consists of two main parts:

- A) The Consultant will provide an overview and orientation on Public Private Partnerships including: defining what they are and are not; furnishing examples to demonstrate how they practically work; identifying current Washington State specific alternatives to P3 that include private sector risk sharing; and sharing best practices for the public sector, including things to avoid for the interest of the public.
- B) The Consultant will thoroughly review the 2012 JTC P3 materials and brief the Work Group on the main contents, items that need updating, and any additions recommended. See the [proviso, \(2\)\(c\)](#) for more details.

Deliverable: Work Group meeting #1 - a briefing in PowerPoint format (or equivalent) to the Work Group on these topics

TASK 2: RECOMMEND POSSIBLE FRAMEWORKS FOR P3 LEGISLATION

Utilizing other state's P3 laws, the Consultant will create a framework for a rewrite of the Washington State P3/Transportation Innovative Partnership laws. The consultant must highlight the advantages and disadvantages of different approaches, ensuring to address all items noted in section (2) (c) of the proviso, which are generally related to how to best protect the public interest.

Deliverable: Work Group meeting #2 – work session materials for review of P3 law framework in other states, and legislative framework recommendations for Washington State

TASK 3: DEVELOP DRAFT LEGISLATION FOR WASHINGTON STATE

For Task 3 the Consultant will develop the draft legislation, based on the outcome of consultation with the Work Group in Tasks 1 and 2.

Deliverable: Work Group Meeting #3 – bring to this meeting a proposal for Preliminary Draft Legislation, due no later than November 16, 2023; revised Preliminary Draft Legislation is due no later than December 15, 2023; Final Draft Legislation must be included in the Final Report

TASK 4: IMPLEMENTATION PLAN FOR WASHINGTON STATE

For Task 4 the Consultant will detail any necessary steps for implementation of the recommendations. The plan should include, but not be limited to, detailed tasks, a suggested entity to perform the tasks, a task timeline, any phasing necessary, and estimated funding necessary for implementation.

Deliverable: Implementation plan, a section of the Final Report

TASK 5: EVALUATE P3 OPPORTUNITIES

For Task 5 the Consultant will review the potential P3 opportunities identified in the [proviso](#), specifically *“...opportunities for required fish passage and culvert work on state highways, for the construction of, replacement of, or commercial retail options within Washington state ferries' terminals, and for other projects as determined by the work group”*. The Consultant will provide an assessment of viability for those opportunities utilizing the Consultant updated version of the [screening tool from the 2012 final report](#). The Consultant will include details and background to support the finding.

Deliverable: Presentation to the Work Group at Work Group Meeting # 2 or #3, and a draft report chapter for the final report

TASK 6: COORDINATE THE WORK GROUP AND CONDUCT CONSULTATIONS

Work Group

Membership of the Work Group includes the following:

- Joint Transportation Committee Executive Committee members (or designees)
- Secretary of Transportation (or designee)
- State Treasurer (or designee)
- Representative of a national nonprofit organization specializing in public-private partnership program development
- Representative of the construction trades
- Representative from an organization representing general contractors
- Others as deemed appropriate by the JTC

The Consultant will work with the proviso outlined Work Group throughout the study, and mainly during the Work Group meetings, soliciting input, presenting draft materials before they are shared publicly, and reviewing findings, recommendations, and draft reports.

The Consultant will be responsible for convening the Work Group after initial JTC contact. The Consultant should generally expect to provide copies of all materials needed for meetings with the Work Group.

Though the Consultant should strive to incorporate input provided by the Work Group the final recommendations will be those of the Consultant.

Consultations

In addition to soliciting input from the Work Group, the Department of Commerce and Washington State Transportation Commission must also be consulted. This should occur at the start of the project, on the draft legislation, and the draft implementation plan. These will likely occur as (30-45 minute) interviews, after the Consultant sends materials in advance for review and feedback.

TASK 7: LEGISLATIVE COMMITTEE WORK SESSION & PRESENTATIONS

The Consultant will attend and provide study updates at the following meetings:

- December 14, 2023 JTC meeting (Olympia) - provide a study overview and progress report to the full JTC

- June 2024 JTC meeting (location TBD) - provide a final report to the full JTC

TASK 8: FINAL REPORT

The Consultant will prepare a final report that summarizes and includes the deliverables for Tasks 1-5. The Final Report must also include an Executive Summary highlighting findings and recommendations of the Work Group and Consultant.

The Consultant must deliver the draft final report to the JTC Project Manager by May 1, 2024, which after an initial round of editing will be shared with the Work Group for feedback. The Contractor, by execution of this contract, acknowledges the jurisdiction of the courts of the state of Washington in this matter.

10. INDEMNIFICATION -- The contractor shall defend, protect, and hold harmless the state of Washington, JTC, or any employees thereof, from and against all claims, suits or actions arising from the Contractor's acts which are libelous or slanderous, which result in injury to persons or property, which

violate a right of confidentiality, or which constitute an infringement of any copyright, patent, trademark, or trade name through use of reproduction of material of any kind.

11. INDUSTRIAL INSURANCE COVERAGE -- The Contractor shall provide or purchase industrial insurance coverage prior to performing work under this contract as required under Title 51 RCW. JTC will not be responsible for payment of industrial insurance premiums or for any other claim or benefit for this Contractor, or any Subcontractor or employee of the Contractor, which might arise under the industrial insurance laws during performance of duties and services under this contract.

12. LICENSING, ACCREDITATION AND REGISTRATION -- The Contractor shall comply with all applicable local, state and federal licensing, accreditation, and registration requirements and standards, necessary for the performance of this contract.

13. LIMITATION OF AUTHORITY -- Only the JTC shall have the express, implied, or apparent authority to alter, amend, modify or waive any clause or condition of this contract. Furthermore, any alteration, amendment, modification, or waiver of any clause or condition of this contract is not effective or binding unless made in writing and signed by the JTC.

14. NONASSIGNABILITY -- Neither this contract, nor any claim arising under this contract, shall be transferred or assigned by the Contractor.

15. NONDISCRIMINATION -- During the performance of this contract, the Contractor shall comply with all federal and state nondiscrimination laws, regulations, and policies.

16. NONCOMPLIANCE WITH NONDISCRIMINATION LAWS -- In the event of the Contractor's noncompliance or refusal to comply with any nondiscrimination law, regulation, or policy, this contract may be rescinded, canceled, or terminated in whole or in part, and the Contractor may be declared ineligible for further contracts with JTC. The Contractor shall, however, be given a reasonable time in which to cure this noncompliance. Any dispute may be resolved in accordance with the "Disputes" procedure set forth herein.

17. PAYMENT OF TAXES -- Contractor shall pay all applicable taxes assessed on the compensation received under this contract and shall identify and pay those taxes under Contractor's federal and state identification number(s).

18. PUBLICITY -- The Contractor agrees not to publish or use any advertising or publicity materials in which the state of Washington or JTC's name is mentioned, or language used from which the connection with the state of Washington's or JTC's name may reasonably be inferred or implied, without the prior written consent of JTC.

19. RECORDS, DOCUMENTS AND REPORTS -- The Contractor shall maintain books, records, documents, data and other evidence of accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this contract. These records shall be subject at all reasonable times to inspection, review, or audit by personnel duly authorized by the JTC, State Auditor or state or federal officials so authorized by law, regulation, or contract. The Contractor will retain all books, records, documents, and other materials relevant to this contract for six (6) years after the date of final payment and make them available for inspection by persons authorized under this provision.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation claims, or audit findings involving the records have been resolved.

20. REGISTRATION WITH DEPARTMENT OF REVENUE -- The Contractor shall complete registration with the Department of Revenue, <http://dor.wa.gov/Content/Home/Default.aspx>, and be responsible for payment of all taxes due on payments made under this contract.

21. RIGHT OF INSPECTION -- The Contractor shall provide right of access to its facilities to the JTC, or any of its officers, or to any other authorized agent or official of the state of Washington or the federal

government at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this contract.

22. RIGHTS IN DATA -- Unless otherwise provided, data which originates from this contract shall be "works for hire" as defined by the U.S. Copyright Act and shall be owned by JTC. Data shall include, but not be limited to: working papers, reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. Ownership includes the right to copyright, patent, register, and the ability to transfer these rights.

Data which is delivered under the contract, but which does not originate therefrom shall be transferred to JTC with a nonexclusive, royalty-free, irrevocable license to publish, translate, reproduce, deliver, perform, dispose of, and to authorize others to do so; *provided*, that such license shall be limited to the extent which the Contractor has a right to grant such a license. The Contractor shall exert all reasonable effort to advise JTC, at the time of delivery of data furnished under this contract, of all known or potential invasions of privacy contained therein and of any portion of such document which was not produced in the performance of this contract. JTC shall receive prompt written notice of each notice of claim of copyright infringement received by the Contractor with respect to any data delivered under this contract. JTC shall have the right to modify or remove any restrictive markings placed upon the data by the Contractor.

23. SAFEGUARDING OF INFORMATION -- The use or disclosure by any party of any information concerning JTC for any purpose not directly connected with the administration of JTC or the Contractor's responsibilities with respect to services provided under this contract is prohibited except by written consent of the JTC.

24. SAVINGS -- In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this contract and prior to normal completion, JTC may terminate the contract under the "Termination for Convenience" clause, without the five-day notice requirement, subject to renegotiation under those new funding limitations and conditions.

25. SCOPE OF CONTRACT -- This contract and the attachments incorporate all the contracts, covenants, and understandings between the parties concerning the subject matter, and all such covenants, agreements, and understandings have been merged into this contract. No prior contract or understandings, verbal or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this contract.

26. SEVERABILITY -- The provisions of this contract are intended to be severable. If any term or provision is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of the contract.

27. SUBCONTRACTING -- Neither the Contractor nor any Subcontractor shall enter into subcontracts for any of the work contemplated under this contract without obtaining prior written approval of the JTC.

28. TERMINATION FOR CAUSE -- In the event the JTC determines the Contractor has failed to comply with the conditions of this contract in a timely manner, the JTC has the right to suspend or terminate this contract. In such event the Contractor shall be liable for damages as authorized by law including, but not limited to, any cost difference between the original contract and the replacement or cover contract and all administrative costs directly related to the replacement contract, e.g., cost of the mailing, advertising, and staff time.

A termination shall be deemed a "Terminate for Convenience" if it is determined that the Contractor (i) was not in default, or (ii) failure to perform was outside of his or her control, fault or negligence.

29. TERMINATION FOR CONVENIENCE -- Except as otherwise provided in this contract, the JTC may, by five (5) days written notice, beginning on the second day after the mailing, terminate this contract in whole or in part when it is in the best interests of JTC. If this contract is so terminated, JTC shall be liable only for payment in accordance with the terms of this contract for services rendered prior to the effective date of termination.

30. TERMINATION PROCEDURE -- Upon termination of this contract, JTC, in addition to any other rights provided in this contract, may require the Contractor to deliver to JTC any property specifically produced or acquired for the performance of such part of this contract as has been terminated. The provisions of the "Treatment of Assets" clause shall apply in such property transfer.

JTC shall pay to the Contractor the agreed upon price, if separately stated, for completed work and services accepted by JTC, and the amount agreed upon by the Contractor and JTC for (i) completed work and services for which no separate price is stated, (ii) partially completed work and services, (iii) other property or services which are accepted by JTC, and (iv) the protection and preservation of property, unless the termination is for default, in which case the JTC shall determine the extent of the liability of JTC. Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" clause of this contract. JTC may withhold from any amounts due the Contractor such sum as the JTC determines to be necessary to protect JTC against potential loss or liability.

The rights and remedies of JTC provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

After receipt of a notice of termination, and except as otherwise directed by the JTC, the Contractor shall:

1. Stop work under the contract on the date, and to the extent specified, in the notice;
2. Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under the contract as is not terminated;
3. Assign to JTC, in the manner, at the times, and to the extent directed by the JTC, all of the rights, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case JTC has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts;
4. Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the JTC to the extent the JTC may require, which approval or ratification shall be final for all the purposes of this clause;
5. Transfer title to JTC and deliver in the manner, at the times, and to the extent directed by the JTC any property which, if the contract has been completed, would have been required to be furnished to JTC;
6. Complete performance of such part of the work as shall not have been terminated by the JTC; and
7. Take such action as may be necessary, or as the JTC may direct, for the protection and preservation of the property related to this contract which is in the possession of the Contractor and in which JTC has or may acquire an interest.

31. WAIVER OF DEFAULT -- Waiver of any default shall not be deemed to be a waiver of any subsequent default. Waiver of breach of any provision of the contract shall not be deemed to be a waiver of any other or subsequent breach and shall not be construed to be a modification of the terms of the contract unless stated to be such in writing, signed by the JTC and attached to the original contract.

**JOINT TRANSPORTATION COMMITTEE
PERSONAL SERVICES CONTRACTS POLICY**

Adopted: July 20, 2005 by affirmative vote of the Joint Transportation Committee.

Amended: June 29, 2022

Purpose:

RCW 39.26 is the state law regulating personal service contracts. However, this law does not apply to the legislative branch of government. See RCW 39.26.100(1).

Although the Joint Transportation Committee (JTC) is entitled to the exemption granted to the legislative branch under RCW 39.26.100, the JTC desires to adopt policies that more specifically delineate the Committee's standards and processes for entering into personal services contracts.

With the adoption of these policies, the JTC seeks to ensure public confidence that its consultants meet high professional and ethical standards, and that the process for selecting consultants remains fair, open and more rigorous than laws applicable to the legislative branch of government.

1. Applicability

- (a) The policies apply to all contracts for personal services that are executed by the JTC with the following exceptions:
 - Contracts with state agencies;
 - Personal Services Contracts for less than \$20,000;
 - Contracts for purchased services.
- (b) The policies apply to subconsultants as well as prime consultants.
- (c) Any exception to this policy must be approved by the Executive Committee of the JTC.

2. Consultant Selection Process

- (a) The JTC may designate specific legislators, staff and/or agency personnel to conduct the selection process, but in all cases the final authority to select consultants rests with the JTC.
- (b) After a Request for Proposals has been released for a specific JTC project or study, there shall be no ex parte contacts between prospective bidders and members of the JTC or JTC staff, except for the designated RFP Coordinator.

3. Conflicts of Interest

- (a) Consultants must disclose any lobbying activities, as that term is defined in RCW 42.17A.005, or other paid advocacy positions that have been undertaken in the prior 12-month period.
- (b) No contract shall be awarded to a consultant who has or may have a direct or indirect beneficial interest in the outcome of the proposed project or work scope. A situation where there is a beneficial interest is where the consultant's methodology, analysis or conclusions would result in a tangible professional or financial gain to the consultant, his/her family, friends, associates or other clients.

4. Awarding and Executing Personal Services Contracts

- (a) The JTC may award a personal services contract, or a portion thereof, to a prime consultant, and may make such award contingent on the participation or exclusion of specific individuals or subconsultants as necessary to comply with these policies or where it is in the best interest of the state to do so.
- (b) The JTC 1st Co-chair may enter into personal services contracts on behalf of the JTC, as approved by the Executive Committee.
- (c) The 1st Co-chair may delegate contract signature authority to staff on projects approved by the Executive Committee.

5. Contract Amendments

- (a) All proposed contractual amendments shall be approved in the same manner as the original contract, unless otherwise specified by the Executive Committee.
