Revenue for transportation purposes is contained in and appropriated from transportation accounts. Each account is set up for certain purposes and is the repository for revenue earmarked for those purposes. For example, the Puget Sound Ferry Operations Account (PSFOA) contains revenue that is statutorily set aside out of collections from the motor fuel tax, motor vehicle registration fee, the combined licensing fee, and ferry fares. By statute, this revenue can only be spent for ferry operations.

Expenditures from accounts created “in the motor vehicle fund” are subject to the restrictions of the 18th amendment. Expenditures from other accounts may also be restricted to the extent that the source of funds includes gas tax and vehicle license fees. A list of accounts organized by whether expenditures from the account are restricted to highway purposes can be found immediately following this introduction.

Accounts in this section are arranged alphabetically. Included within each account profile are revenue estimates, excluding administrative transfers between accounts, and bond proceeds and costs carried forward from prior periods for the 2013-15 and 2015–17 biennia.

The Office of Financial Management maintains an on-line Fund Reference Manual with information about all authorized accounts for use by state agencies.

State transportation accounts: Restricted or not by the 18th Amendment?

The 18th Amendment to the Washington State Constitution restricts the expenditure of gas tax and vehicle license fees into the motor vehicle fund to “highway purposes.” As a result of this language, the restriction of expenditures to highway purposes may be a result of either: 1) the revenue source being a gas tax or vehicle license fee, or 2) the revenue source being deposited into the motor vehicle fund. Historically, the motor vehicle fund has been an umbrella fund for many state accounts, including the motor vehicle account. Expenditures from state accounts which receive gas taxes/vehicle license fees or are created “in the motor vehicle fund” are thus considered to be subject to the restrictions of the 18th Amendment.
