Subject: TRS Plan 1 increase

CAUTION: External email.

Dear State Actuary,

I taught in Washington for 30 years and have been retired with TRS Plan 1 for 21 years. At first the pension was okay, but slowly it has fallen behind the need.

Since I retired the teacher salaries have almost doubled so now the pension is about half of what I'd be getting if I retired now. Inflation is making things even worse.

We need a TRS Plan 1 increase of at least 7% just to stay afloat, but I'd still be behind the buying power of my pension when I retired.

We need your help. Please raise TRS Plan 1 pensions with a minimum 7% increase.
