First I'd like to say thank you for saving the Uniform Medical Plan-Classic Medicare. This is a great relief.

My other concern is the lack of COLA Plan 1 not being a yearly increase with the cost of living. Teachers were in this profession for the love of teaching and not for the high paying jobs many new young people want today. This is often due to the high costs of living. Please consider making Plan I COLA permanent yearly.

Thank you for your consideration.
Sincerely,
Beverly Tharp
