(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but for fiscal year 2023 shall be set so that a nursing home provider's direct care rate does not exceed one hundred thirty percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). The legislature intends to remove the cap on direct care rates by June 30, 2027. Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using countywide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RSMeans rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the Medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RSMeans construction index value per square foot. The department may use updated RSMeans construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average fair rental value rate is not less than ten dollars and eighty cents per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate year beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMeans" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage
of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average centers for medicare and medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure point determinants of eighty quality measure points, sixty quality measure points, forty quality measure points, and twenty quality measure points, identified in the most recent available five-star quality rating system technical user's guide published by the center[s] for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average centers for medicare and medicaid services quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient centers for medicare and medicaid services minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average centers for medicare and medicaid services quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicare residents must be continued.

(8)(a) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(b) It is the intention of the legislature that direct and indirect care rates paid in fiscal year 2022 will be rebased using the calendar year 2019 cost reports. For fiscal year 2021, in addition to the rates generated by (a) of this subsection, an additional adjustment is provided as established in this subsection (8)(b). Beginning May 1, 2020, and through June 30, 2021, the calendar year costs must be adjusted for inflation by a twenty-four month consumer price index, based on the most recently available monthly index for all urban consumers, as published by the bureau of labor statistics. It is also the intent of the legislature that, starting in fiscal year 2022, a facility-specific rate add-on equal to the inflation adjustment that facilities received solely in fiscal year 2021, must be added to the rate.

(c) To determine the necessity of regular inflationary adjustments to the nursing facility rates, by December 1, 2020, the department shall provide the appropriate policy and fiscal committees of the legislature with a report that provides a review of rates paid in 2017, 2018, and 2019 in comparison to costs incurred by nursing facilities.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology,
and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019.

Sec. 975. RCW 79.64.040 and 2019 c 415 s 984 are each amended to read as follows:

(1) The board shall determine the amount deemed necessary in order to achieve the purposes of this chapter and shall provide by rule for the deduction of this amount from the moneys received from all leases, sales, contracts, licenses, permits, easements, and rights-of-way issued by the department and affecting state lands and aquatic lands, except as provided in RCW 79.64.130, provided that no deduction shall be made from the proceeds from agricultural college lands.

(2) Moneys received as deposits from successful bidders, advance payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150 prior to December 1, 1981, which have not been subjected to deduction under this section are not subject to deduction under this section.

(3) Except as otherwise provided in subsection (5) of this section, the deductions authorized under this section shall not exceed twenty-five percent of the moneys received by the department in connection with any one transaction pertaining to state lands and aquatic lands other than second-class tide and shore lands and the beds of navigable waters, and fifty percent of the moneys received by the department pertaining to second-class tide and shore lands and the beds of navigable waters.

(4) In the event that the department sells logs using the contract harvesting process described in RCW 79.15.500 through 79.15.530, the moneys received subject to this section are the net proceeds from the contract harvesting sale.

(5) During the 2015-2017, 2017-2019, 2019-2021, and 2021-2023 fiscal biennia, the board may increase the twenty-five percent limitation up to thirty-two percent.

Sec. 976. RCW 79.64.110 and 2019 c 415 s 985 and 2019 c 309 s 1 are each reenacted and amended to read as follows:

(1) Any moneys derived from the lease of state forestlands or from the sale of valuable materials, oils, gases, coal, minerals, or fossils from those lands, except as provided in RCW 79.64.130, or the appraised value of these resources when transferred to a public agency under RCW 79.22.060, except as provided in RCW 79.22.060(4), must be distributed as follows:

(a) For state forestlands acquired through RCW 79.22.040 or by exchange for lands acquired through RCW 79.22.040:

(i) Any moneys derived from the state for administration, reforestation, and protection, not to exceed twenty-five percent, which rate of percentage shall be determined by the board, must be returned to the forest development account created in RCW 79.64.100. During the 2017-2019 and 2019-2021 fiscal biennia, the board may increase the twenty-five percent limitation up to twenty-seven percent.

(ii) Any balance remaining must be paid to the county in which the land is located or, for counties participating in a land pool created under RCW 79.22.140, to each participating county proportionate to its contribution of asset value to the land pool as determined by the board.

(b) For state forestslands acquired through RCW 79.22.010 or by exchange for lands acquired through RCW 79.22.010, except as provided in RCW 79.64.120:

(i) Fifty percent shall be placed in the forest development account.

(ii) Fifty percent shall be prorated and distributed to the state general fund, to be dedicated for the benefit of the public schools, to the county in which the land is located or, for counties participating in a land pool created under RCW 79.22.140, to each participating county proportionate to its contribution of asset value to the land pool as determined by the board, and according to the relative proportions of tax levies of all taxing districts in the county. The portion to be distributed to the state general fund shall be based on the regular school levy rate under RCW 84.52.065 (1) and (2) and the levy rate for any maintenance and operation special school levies. With regard to the portion to be distributed to the counties, the department shall certify to the state treasurer the amounts to be distributed within seven working days of receipt of the money. The state treasurer shall distribute funds to the counties four times per month, with no more than ten days between each payment date. The money distributed to the county must be paid, distributed, and prorated to the various other funds in the same manner as general taxes are paid and distributed during the year of payment.

(2) A school district may transfer amounts deposited in its debt service fund pursuant to this section into its capital projects fund as authorized in RCW 28A.320.330.

Sec. 977. RCW 79.105.150 and 2019 c 415 s 986 are each amended to read as follows:

(1) After deduction for management costs as provided in RCW 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys received by the state from the sale or lease of state-owned aquatic lands and from the sale of valuable material from state-owned aquatic lands shall be deposited in the aquatic lands enhancement account which is hereby created in the state treasury. After appropriation, these funds shall be used solely for aquatic lands enhancement projects; for the purchase, improvement, or protection of aquatic lands for public purposes; for providing and improving access to the lands; and for volunteer cooperative fish and game projects. During the 2017-2019 fiscal biennia, the aquatic lands enhancement account may be used to support the shellfish program, the ballast water program, hatcheries and hatchery projects at the department of fish and wildlife, the knotweed program at the department of agriculture, actions at the University of Washington for reducing ocean acidification, which may include the creation of a center on ocean acidification, the Puget SoundCorps program, and support of the marine resource
advisory council and the Washington coastal marine advisory council. During the 2017-2019 and 2019-2021 fiscal biennia, the legislature may transfer from the aquatic lands enhancement account to the geoduck aquaculture research account for research related to shellfish aquaculture. During the 2015-2017 fiscal biennium, the legislature may transfer moneys from the aquatic lands enhancement account to the marine resources stewardship trust account.

(2) In providing grants for aquatic lands enhancement projects, the recreation and conservation funding board shall:
(a) Require grant recipients to incorporate the environmental benefits of the project into their grant applications;
(b) Utilize the statement of environmental benefits, consideration, except as provided in RCW 79.105.610, of whether the applicant is a Puget Sound partner, as defined in RCW 90.71.010, whether a project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, and except as otherwise provided in RCW 79.105.630, and effective one calendar year following the development and state-wide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the applicant is an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030 in its prioritization and selection process; and
(c) Develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grants.

(3) To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270.

(4) The department shall consult with affected interest groups in implementing this section.

(5) Any project designed to address the restoration of Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

Sec. 978. RCW 79A.25.210 and 2019 c 415 s 987 are each amended to read as follows:

The firearms range account is hereby created in the state general fund. Moneys in the account shall be subject to legislative appropriation and shall be used for purchase and development of land, construction or improvement of range facilities, including fixed structure construction or modeling, equipment purchase, safety or environmental improvements, noise abatement, and liability protection for public and nonprofit firearm range training and practice facilities.

Grant funds shall not be used for expendable shooting supplies, or normal operating expenses. In making grants, the board shall give priority to projects for noise abatement or safety improvement. Grant funds shall not supplant funds for other organization programs.

The funds will be available to nonprofit shooting organizations, school districts, and state, county, or local governments on a membership basis. All entities receiving matching funds must be open on a regular basis and usable by law enforcement personnel or the general public who possess Washington concealed pistol licenses or Washington hunting licenses or who are enrolled in a firearm safety class.

Applicants for a grant from the firearms range account shall provide matching funds in either cash or in-kind contributions. The match must represent one dollar in value for each one dollar of the grant except that in the case of a grant for noise abatement or safety improvements the match must represent one dollar in value for each two dollars of the grant. In-kind contributions include but are not limited to labor, materials, and new property. Existing assets and existing development may not apply to the match.

Applicants other than school districts or local or state government must be registered as a nonprofit or not-for-profit organization with the Washington secretary of state. The organization's articles of incorporation must contain provisions for the organization's structure, officers, legal address, and registered agent.

Organizations requesting grants must provide the hours of range availability for public and law enforcement use. The fee structure will be submitted with the grant application.

Any nonprofit organization or agency accepting a grant under this program will be required to pay back the entire grant amount to the firearms range account if the use of the range facility is discontinued less than ten years after the grant is accepted.

Entities receiving grants must make the facilities for which grant funding is received open for hunter safety education classes and firearm safety classes on a regular basis for no fee.

Government units or school districts applying for grants must open their range facility on a regular basis for hunter safety education classes and firearm safety classes.

The board shall adopt rules to implement chapter 195, Laws of 1990, pursuant to chapter 34.05 RCW. During the 2017-2019 and 2019-2021 fiscal biennia, expenditures from the firearms range account may be used to implement chapter 74, Laws of 2017 (SHB 1100) (concealed pistol licenses) and chapter 282, Laws of 2017 (SB 5268) (concealed pistol license notices). During the 2019-2021 fiscal biennium, expenditures from the firearms range account may be used to implement chapter 74, Laws of 2017 (SHB 1100) (concealed pistol licenses).

Sec. 979. RCW 90.50A.090 and 2019 c 415 s 992 are each amended to read as follows:

1. The water pollution control revolving administration account is created in the state treasury. All receipts from charges authorized in this section must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only in a manner consistent with this section.

2. The department is authorized to assess administration charges as a portion of the debt service for loans issued under the water pollution control revolving fund, as created in RCW 90.50A.020. The sole purpose of assessing administration charges is to predictably and adequately fund the department's costs of administering the water pollution control revolving fund loan program, as identified in subsection (5) of this section. The department must assess administration charges on each water pollution control revolving fund loan at the point the loan enters repayment status, after July 28, 2013, and rule changes are adopted to implement the administration charge. Loans that are at an interest rate below the established administration charge rate are exempt from the administration charge.

3. The water pollution control revolving administration account consists of:
(a) Any administration charge levied by the department in conjunction with administration of the water pollution control revolving fund; and
(b) Any other revenues derived from gifts, grants, or bequests pledged to the state for the purpose of administering the water pollution control revolving fund.

4. The state treasurer may invest and reinvest moneys in the water pollution control revolving administration account in the manner provided by law. All earnings from such investment and reinvestment must be credited to the water pollution control revolving administration account.
(5) Moneys in the water pollution control revolving administration account are to be used for the following water pollution control revolving fund loan program costs:

(a) Administration costs associated with conducting application processes, managing contracts, collecting loan repayments, managing the revolving fund, providing technical assistance, and meeting state and federal reporting requirements; and

(b) Information and data system costs associated with loan tracking and fund management.

(6) Each biennium, the department may spend from the water pollution control revolving administration account an amount no greater than four percent of the water pollution control revolving fund new capital appropriation.

(7) For its 2017-2019 biennial operating budget submittal, and every biennium thereafter, the department must compare the projected water pollution control revolving administration account balance and the projected administration charge income with projected program costs, including an adequate working capital reserve as defined by the office of financial management. In its submittal to the office of financial management, the department may:

(a) Find that the projected administration charge income is inadequate to fund the cost of administering the program, and that the rate of the charge must be increased. However, the administration charge may never exceed one percent on the declining principal loan balance;

(b) Find that the projected administration charge income exceeds what is needed to fund the cost of administering the program, and that the rate of the charge must be decreased;

(c) Find that there is an excess balance in the revolving administration account, and that the excess must be transferred to the water pollution control revolving fund to be used for loans; or

(d) Find that there is no need for any rate adjustments or balance transfers.

(8) At the point where the water pollution control revolving administration account adequately covers the program administration costs, the department may no longer use the federal administration allowance. If a federal capitalization grant is awarded after that point, all federal capitalization dollars must be used for making loans.

(9) By December 1, 2018, the department must submit to the appropriate legislative fiscal committees a report on implementation of the administration charge, including information on: The amount of income the administration charge has produced since its inception; the uses and adequacy of the income for administrative costs; any excess balances that have been transferred to the water pollution control revolving fund; and any additional sources that the department is using for program administration.

(10) During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the water pollution control revolving administration account to the water pollution control revolving account fund.

Sec. 980. 2019 c 415 s 729 (uncodified) is amended to read as follows:

FOR THE GAMBLING COMMISSION—PROBLEM GAMBLING TASK FORCE

General Fund—State Appropriation (FY 2020)...........$100,000
TOTAL APPROPRIATION........................................$100,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for expenditure into the gambling revolving account for the gambling commission to contract for a facilitator to staff and assist with a joint legislative task force on problem gambling as provided in subsection (2) of this section. At a minimum, the contract must provide for the facilitation of meetings, to moderate the discussion, provide objective facilitation and negotiation between work group members, ensure participants receive information and guidance to assist in their preparation and timely response for meetings, and to synthesize agreements and recommendations ensuring the task force meets its reporting requirements.

(2) A joint legislative task force on problem gambling is created. The task force membership is composed of:

(a) One member from each of the two largest caucuses of the senate, appointed by the president of the senate;

(b) One member from each of the two largest caucuses in the house of representatives, appointed by the speaker of the house of representatives;

(c) A representative from the health care authority;

(d) A representative from the department of health;

(e) A representative from the gambling commission;

(f) A representative from the state lottery;

(g) A representative from the horse racing commission;

(h) A representative from a nonprofit organization with experience in problem gambling treatment and recovery services;

(i) Two representatives with experience in problem gambling treatment and recovery services, at least one of whom must be from a federally recognized Indian tribe;

(j) A member of the public who is impacted by a gambling problem or gambling disorder;

(k) A representative from a problem gambling recovery group or organization;

(l) A representative from a mental health provider group or organization;

(m) A representative from a licensed gambling business or organization;

(n) A representative from a federally recognized tribal gaming operation, group, or organization; and

(o) Other representatives from federally recognized Indian tribes, state agency representatives, or stakeholder group representatives, at the discretion of the task force, for the purpose of participating in specific topic discussions or subcommittees.

(3) The task force shall engage in the following activities:

(a) Review findings of the gambling commission’s problem gambling study and report completed in 2018-2019;

(b) Review existing prevention, treatment, and recovery services to address problem gambling and gambling disorders in this state by public, private, and nonprofit entities;

(c) Review existing programs, services, and treatment to address problem gambling and gambling disorders in other states and the federal government;

(d) Make recommendations to the legislature regarding:

(i) How to proceed forward with a state prevalence study measuring the adult participation in gambling and adult problem gambling in this state;

(ii) Whether this state should expand state funding for prevention, treatment, and recovery services to address the need for these programs; and

(iii) What steps the state should take to improve the current licensing and certification of problem gambling providers to meet the current and projected future demand for services; and

(e) Identify additional problem gambling areas for consideration and any actions needed to ensure the state and/or regulatory agencies are effectively addressing problem gambling in an attempt to reduce the number of persons impacted by this disorder.

(5) Staff support for the task force must be provided by the agencies, departments, and commissions identified in subsection (2)(c) through (g) of this section. The state agencies, departments,
and commissions identified in subsection (2)(c) through (g) of this section may enter into an interagency agreement related to the provision of staff support for the task force. Unless it is expressly provided for in the agreement between the agencies, departments, and commissions, nothing in this subsection requires staff of each of the agencies, departments, and commissions identified in subsection (1)(c) through (g) of this section to provide staff support to the task force.

(6) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(7) The task force shall submit a preliminary report of recommendations to the appropriate committees of the legislature by November 1, 2020, and a final report by November 30, 2020.

Sec. 981. 2019 c 415 s 952 (uncodified) is amended to read as follows:

(1) The Washington state criminal sentencing task force is established.

(2) The task force is composed of members as provided in this subsection.

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(c) The president of the senate and the speaker of the house of representatives jointly shall appoint members representing the following:

(i) The office of the governor;

(ii) Caseload forecast council;

(iii) Department of corrections;

(iv) Sentencing guidelines commission;

(v) Statewide family council administered by the department of corrections;

(vi) Statewide reentry council;

(vii) Superior court judges’ association;

(viii) Washington association of criminal defense attorneys or the Washington defender association;

(ix) Washington association of prosecuting attorneys;

(x) Washington association of sheriffs and police chiefs;

(xi) Washington state association of counties;

(xii) Washington state minority and justice commission;

(xiii) A labor organization representing active law enforcement officers in Washington state;

(xiv) Two different community organizations representing the interests of incarcerated persons; and

(xv) Two different community organizations or other entities representing the interests of crime victims.

(3) The legislative membership shall convene the initial meeting of the task force no later than September 1, 2019. The membership shall select the task force’s cochairs, which must include one legislator and one nonlegislative member.

(4) The task force shall review state sentencing laws, including a consideration of the report of the sentencing guidelines commission required by section 129, chapter 299, Laws of 2018. The task force shall develop recommendations for the purpose of:

(a) Reducing sentencing implementation complexities and errors;

(b) Improving the effectiveness of the sentencing system; and

(c) Promoting and improving public safety.

(5) The task force shall submit an initial report, including findings and recommendations, to the governor and the appropriate committees of the legislature by December 31, 2019. The task force shall submit a final report by December 31, 2020.

(6)(a) The William D. Ruckelshaus center shall administer and provide staff support and facilitation services to the task force.

(b) The caseload forecast council shall provide information, data analysis, and other necessary assistance upon the request of the task force.

(7) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(8) This section expires ((January 1, 2021)) June 30, 2022.

Sec. 982. 2020 c 127 s 14 (uncodified) is amended to read as follows:

The sum of six million dollars is appropriated from the general fund—state for the fiscal year ending June 30, 2020, and is provided solely for expenditure into the gambling revolving account. The gambling commission may expend from the gambling revolving account from moneys attributable to the appropriation in this section solely for enforcement actions in the illicit market for sports wagering and for implementation of this act. The appropriation in this section constitutes a loan from the general fund to the gambling revolving account that must be repaid with net interest by June 30, 2022.

Sec. 983. RCW 43.70.--- and 2021 c 3 s 19 are each amended to read as follows:

(1) The COVID-19 public health response account is created in the custody of the state treasurer. The account shall consist of funds appropriated by the legislature and grants received by the department of health for activities in response to the coronavirus pandemic (COVID-19). Only the secretary, or the secretary's designee, may authorize expenditures from the account for costs related to the public health response to COVID-19, subject to any limitations imposed by grant funding deposited into the account. The COVID-19 public health response account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2)(a) The legislature finds that a safe, efficient, and effective delivery of vaccinations is of the utmost importance for restoring societal and economic functions. As we learn more about the virus, the vaccine, and challenges to vaccine allocation and distribution, it is anticipated that the state's COVID-19 vaccination distribution plan will evolve. To that end, the legislature has provided flexibility by funding (vaccine expenditure) expenditures for testing, contact tracing, mitigation activities, vaccine administration and distribution, and other allowable uses for the state, local health jurisdictions, and tribes at the discretion of the secretary and without an appropriation. However, to maintain fiscal control and to ensure spending priorities align, the department is required to collaborate and communicate with the chairs and ranking members of the health care and fiscal committees of the legislature and local health jurisdictions in advance of any significant revision of the state's COVID-19 vaccination plan and to provide regular updates on its implementation and spending.
(b) As part of the public health response to COVID-19, the expenditures from the account must be used to effectively administer the vaccine for COVID-19 and conduct testing and contact tracing. The department must ensure that COVID-19 outreach is accessible, culturally and linguistically appropriate, and that it includes community-driven partnerships and strategies.

(c) When making expenditures for administering the vaccine for COVID-19, the department must focus on identifying persons for vaccination, prioritizing underserved, underrepresented, and hard-to-reach communities, making the vaccine accessible, and providing support to schools for safe reopening. Strategies for vaccine distribution shall include the establishment and expansion of community vaccination centers, mobile vaccination units, reporting enhancements, and transportation of individuals to vaccination sites.

(d) When making expenditures regarding testing and contact tracing, the department must provide equitable access, prioritize underserved, underrepresented, and hard-to-reach communities, and provide support and resources to facilitate the safe reopening of schools while minimizing community spread of the virus.

(3) When making expenditures from the account, the department must include an emphasis on public communication regarding the availability and accessibility of the vaccine and testing, and the importance of vaccine and testing availability to the safe reopening of the state.

(4)(a) The department must report to the fiscal and health care committees of the legislature on a monthly basis regarding its COVID-19 response.

(b) To the extent that it is available, the report must include data regarding vaccine distribution, testing, and contact tracing, as follows:

(i) The number of vaccines administered per day, including regional data regarding the location and age groups of persons receiving the vaccine, specifically identifying hard-to-reach communities in which vaccines were administered; and

(ii) The number of tests conducted per week, including data specifically addressing testing conducted in hard-to-reach communities.

(c) The first monthly report is due no later than one month from the effective date of this section. Monthly reports are no longer required upon the department's determination that the remaining balance of the COVID-19 response account is less than $100,000.

NEW SECTION. Sec. 984. (1) The office of financial management shall conduct a feasibility study and make recommendations regarding the establishment of a system for streamlining the vacation of criminal conviction records. The office of financial management may contract with an independent organization with an interest in gender-based violence; one member from each of the two largest caucuses of the senate; the attorney general; one member from each of the two largest caucuses of the house; the governor's office of Indian affairs; the Washington association of tribes; the Washington state office of financial management; the department of corrections; the department of social and health services; one tribal chair, council, or designee from a Washington Indian tribe; two members, each representing an urban Indian organization with an interest in gender-based violence; two members, each representing a tribal epidemiology center serving tribal or urban American Indian or Alaska native communities in Washington state; the department of enterprise services; the department of social and health services; the Washington state Missing and Murdered Indigenous Women and People Task Force; the department of social and health services; and the Washington state patrol.

(2) The office of financial management shall submit a preliminary report of findings and recommendations to the governor and the appropriate committees of the legislature by December 1, 2022, and a final report by June 30, 2023.

(3) This section expires July 1, 2023.

NEW SECTION. Sec. 985. The Washington state missing and murdered indigenous women and people task force is established.

(1) The task force is composed of members as provided in this subsection.

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(c) The president of the senate and the speaker of the house of representatives jointly shall appoint the following:

(i) Four tribal chairs, councils, or designees from a Washington federally recognized Indian tribe appointed and recommended by the Washington association of tribes;

(ii) Two members, each representing an urban Indian organization with an interest in gender-based violence;

(iii) Two members, each representing a tribal epidemiology center serving tribals or urban American Indian or Alaska native communities in Washington state;

(iv) One member representing the American Indian health commission;

(v) Two indigenous women or family members of indigenous women that have experienced gender-based violence;

(vi) One member representing the governor's office of Indian affairs;

(vii) The chief of the Washington state patrol or his or her representative;

(viii) One member representing the Washington state office of the attorney general;

(ix) One member representing the Washington association of sheriffs and police chiefs;

(x) One member representing the Washington state association of counties;

(xi) One member representing the association of Washington cities;

(xii) One member representing the Washington association of prosecuting attorneys; and

(xiii) One representative of the Washington association of criminal defense lawyers.

(d) Where feasible, the task force may invite and consult with:

(i) An agent representing the federal bureau of investigation;
(ii) An agent representing the office of the United States attorneys; and
(iii) Any experts or professionals involved and having expertise in the topic of missing and murdered indigenous women and people.

(2) The membership shall select the task force's cochairs, which must include one legislator and one nonlegislative member.

(3) The legislative members shall convene the initial meeting of the task force no later than December 31, 2021, and thereafter convene:
   (a) A minimum of two subsequent meetings; and
   (b) One annual summit with the state agencies involved with the task force under subsection (1) of this section, including Washington tribes, and tribal and urban Indian organizations. The summit must be jointly coordinated with the Washington association of tribes, the governor’s office of Indian affairs, and the centennial accord.

(4) The task force shall review the laws and policies relating to missing and murdered American Indian and Alaska native people. The task force shall review current policies and develop recommendations for the purpose of:
   (a) Assessing systemic causes behind gender-based violence including patterns and underlying historical, social, and economic, institutional, and cultural factors which may contribute to disproportionately high levels of gender-based violence that occur against American Indian and Alaska native people;
   (b) Assessing data tracking and reporting practices relating to gender-based violence against American Indian and Alaska native people in Washington state;
   (c) Making recommendations and best practices for improving:
      (i) The collection and reporting of data by tribal, local, and state law enforcement agencies to more effectively understand and address issues of gender-based violence facing American Indian and Alaska native people; and (ii) jurisdictional and data sharing issues on tribal reservation land and urban areas that impact gender-based violence against American Indian and Alaska native people;
   (d) Reviewing prosecutorial trends and practices relating to crimes of gender-based violence against American Indian and Alaska native people in Washington state;
   (e) Identifying barriers to providing more state resources in tracking gender-based violence against American Indian and Alaska native people and reducing the incidences of gender-based violence;
   (f) Assessing and identifying state resources to support programs and services for survivors, families of survivors, and tribal and urban Indian service providers working with American Indian and Alaska native people that have experienced gender-based violence; and
   (g) Identifying and making recommendations for increasing state resources for trainings on culturally attuned best practices for working with American Indian and Alaska native communities for tribal, local, and state law enforcement personnel in Washington state.

(5) The task force, with the assistance of the Washington state office of the attorney general, must consult with Washington tribes and engage with urban Indian organizations to submit a preliminary report including any initial findings, recommendations and progress updates to the governor and the appropriate committees of the legislature by August 1, 2022, and a final report by June 1, 2023.

(6)(a) The office of the attorney general must administer and provide staff support to the task force, organize the summit, and oversee the development of the two task force reports. The office of the attorney general may contract for the summit.

(b) The Washington state office of the attorney general may contract with the Seattle Indian health board, the American Indian health commission, or a similar organization for consulting and facilitation services. The Washington state office of the attorney general may, when deemed necessary by the task force, retain consultants to provide data analysis, research, recommendations, and other services to the task force for the purposes provided in subsection (4) of this section.

(c) The Washington state office of the attorney general may share and exchange information received or created on behalf of the task force with other states, tribes, urban Indian organizations, and other national groups working on missing and murdered indigenous women and people issues.

(7) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(8) To ensure that the task force has diverse and inclusive representation of those affected by its work, task force members whose participation in the task force may be hampered by financial hardship may apply for a stipend in an amount not to exceed $100 for each day during which the member attends an official meeting of the task force or performs prescribed duties approved by the attorney general’s office. A person shall not receive compensation for a day of service under this section if the person:
   (a) Occupies a position, normally regarded as full-time in nature, in any agency of the federal government, Washington state government, or Washington state local government; and
   (b) Receives any compensation from such government for working that day. The attorney general’s office, by staffing the task force, is authorized to assess eligibility for the stipend as limited by available financial resources.

NEW SECTION. Sec. 986. (1) During the 2021-2023 fiscal biennium, the health care authority and the departments of commerce, corrections, and children, youth, and families must revise their agreements and contracts with vendors to include a provision to require that each vendor agrees to equality among its workers by ensuring similarly employed individuals are compensated as equals as follows:

   (a) Employees are similarly employed if the individuals work for the same employer, the performance of the job requires comparable skill, effort, and responsibility, and the jobs are performed under similar working conditions. Job titles alone are not determinative of whether employees are similarly employed.
   (b) Vendors may allow differentials in compensation for its workers based in good faith on any of the following: A seniority system, a merit system, a system that measures earnings by quantity or quality of production, a bona fide job-related factor or factors, or a bona fide regional difference in compensation levels.
   (c) A bona fide job-related factor or factors may include, but is not limited to, education, training, or experience, that is: Consistent with business necessity, not based on or derived from a gender-based differential, and accounts for the entire differential.
   (d) A bona fide regional difference in compensation level must be: Consistent with business necessity, not based on or derived from a gender-based differential, and account for the entire differential.

(2) The provision must allow for the termination of the contract if the agency or the department of enterprise services determines
that the vendor is not in compliance with this agreement or contract term.
(3) Agencies must implement this provision with any new contract and at the time of renewal of any existing contract.
(4) The department of enterprise services must revise its master contracts with vendors, including cooperative purchasing agreements under RCW 39.26.060, in accordance with this section. Any cost incurred by the department of enterprise services to implement this section must be recouped from the fees charged to master contract vendors.

NEW SECTION. Sec. 987. The office of financial management must apply for waivers pursuant to section 2004 of the American rescue plan act of 2021, P.L. 117-2 and section 317, the coronavirus response and relief supplemental appropriations act, P.L. 116-260, division M. In the request for the waiver, the office shall, among other things, note the increase in state appropriations in K-12 and higher education programs for fiscal years 2022 and 2023 compared to the combined average of appropriations for 2017, 2018, and 2019 for these programs, demonstrating a growth in state spending in K-12 and higher education in the relevant period. The office of financial management must coordinate with the office of the superintendent of public instruction in applying for the waiver.

NEW SECTION. Sec. 988. (1) In preparation for the salary review and rebase required in RCW 28A.150.412, the office of the superintendent of public instruction shall convene a K-12 basic education compensation advisory committee to develop recommendations to the governor and the legislature that supports recruiting and retaining a multicultural and multilingual educator workforce, including but not limited to:
(a) Compensation updates to K-12 basic education salaries based on a comparable wage data analysis;
(b) Updates to regionalization data, including consideration of a hedonic wage model and other improvements to better reflect regional differences, address differences in recruiting and retention, incorporate data from neighboring communities in other states where appropriate, and mitigate boundary effects of regionalization policies;
(c) Adjustments to inflationary factors used in state budgeting if the inflation documented through the comparable wage analysis is significantly different than the inflation that had been funded in state budgets since the last comparable wage analysis;
(d) Analysis of workforce needs, including identification of hard to recruit/retain positions and strategies to address those workforce needs;
(e) Compensation adjustments to promote equity considerations, which could include additional compensation to attract and retain educators in school districts with fewer resources from combined state and local dollars per student, adjustments to institutional education compensation, and additional compensation tied to complex need factors of schools; and
(f) Additional compensation targeted to recruit and retain a more diverse workforce and to recognize the additional work of educators who serve on multiple committees and assume mentoring responsibilities to support new educators and students.
(2) The advisory committee shall consist of:
(a) The superintendent of public instruction, or their designee to serve as chair of the committee;
(b) Twelve members, comprised of representatives from organizations that represent the following groups, appointed by the superintendent of public instruction as follows:
(i) One representing school administrators;
(ii) One representing school business officials;
(iii) One representing school district human resources professionals;
(iv) Three representing teachers and educational staff associates;
(v) Three representing classified staff;
(vi) One representing parents;
(vii) One representing students; and
(viii) A representative of federally recognized Indian tribes whose traditional lands and territories lie within the borders of Washington state, designated by the federally recognized tribes.
(c) To appoint representatives in (b) of this subsection the office of the superintendent of public instruction must:
(i) Consult with the state ethnic commissions, who represent African American, Hispanic American, Asian American, and Pacific Islander American populations to include representation of each population in the advisory committee; and
(ii) Include geographic diversity so that at least one district each from the eastern, western, and southern portions of the state are represented in the membership.
(3) The department of revenue, employment security department, and education research and data centers shall make available relevant data and analysis to the superintendent of public instruction in support of the salary rebase and review. The employment security department shall make available information necessary to determine the comparable occupations and wages for each K-12 job category in RCW 28A.150.260.
(4) The advisory committee shall report its recommendations for salary rebase and compensation adjustments to the superintendent of public instruction. The superintendent shall make official recommendations to the governor and the legislative committee of the legislature by September 30, 2022.

(c) The appropriations in this subsection are subject to the reporting requirements in section 1029 (3) and (4), chapter 413, Laws of 2019.

(((1183))) (109)(a) ($10,000,000) $210,000 of the Washington housing trust account—state appropriation is provided solely for the preservation of affordable multifamily housing at risk of losing affordability due to expiration of use restrictions that otherwise require affordability including, but not limited to, United States department of agriculture funded multifamily housing.

(b) Within the amount provided in this subsection, the department must implement necessary procedures no later than July 1, 2020, to enable rapid commitment of funds on a first-come, first-served basis to qualifying project proposals that satisfy the goal of long-term preservation of Washington's affordable multifamily housing stock, particularly in rural areas of the state.

(c) The department must adhere to the following award terms and procedures for the rapid response program created under (b) of this subsection:

(i) The funding is not subject to the ninety-day application periods in RCW 43.185.070 or 43.185A.050.

(ii) Awards must be in the form of a recoverable grant with a forty-year low income housing covenant on the land.
(iii) If a capital needs assessment is required, the department must work with the applicant to ensure that this does not create an unnecessary impediment to rapidly accessing these funds.

(iv) Awards may be used for acquisition or for acquisition and rehabilitation of properties to preserve the affordable housing units beyond existing use restrictions and keep them in Washington’s housing portfolio.

(v) No single award may exceed $2,500,000, although the department must consider waivers of this award cap if an applicant demonstrates sufficient need.

(vi) The award limit in (c)(v) of this subsection may only be applied to the use of awards provided under this subsection. The amount awarded under this subsection may not be calculated in award limitations for other housing trust fund awards.

(vii) If the department receives simultaneous applications for funding under this program, proposals that reach the greatest public benefit, as defined by the department, must be prioritized. For purposes of this subsection, “greatest public benefit” includes, but is not limited to:

   (A) The greatest number of units that will be preserved;
   (B) Whether the project has federally funded rental assistance tied to it;
   (C) The scarcity of the affordable housing applied for compared to the number of available affordable housing units in the same geographic location; and
   (D) The program’s established funding priorities under RCW 43.185.070(5).

   (d) The appropriations in this subsection are subject to the reporting requirements in section 1029 (3) and (4), chapter 413, Laws of 2019.

   (((119)))(110) (a) $5,000,000 of the Washington housing trust account—state appropriation is provided solely for housing preservation grants or loans to be awarded competitively.

   (b) The funds may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require a capital needs assessment to be provided prior to contract execution. Funds may not be used to add or expand the capacity of the property.

   (c) To allocate preservation funds, the department must review applications and evaluate projects based on the following criteria:

      (i) The age of the property, with priority given to buildings that are more than fifteen years old;
      (ii) The population served, with priority given to projects with at least fifty percent of the housing units being occupied by families and individuals at or below fifty percent area median income;
      (iii) The degree to which the applicant demonstrates that the improvements will result in a reduction of operating or utilities costs, or both;
      (iv) The potential for additional years added to the affordability period of the property; and
      (v) Other criteria that the department considers necessary to achieve the purpose of this program.

   (d) The appropriations in this subsection are subject to the reporting requirements in section 1029 (3) and (4), chapter 413, Laws of 2019.

   (((119)))(111) $500,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the department to contract with a nonprofit organization to establish and operate a center for child care retention and expansion. The nonprofit organization must be a Bellingham, Washington-based nonprofit community action agency with fifty years of experience serving homeless and low-income families and individuals.

   (a) Funding provided in this subsection may be used for, but is not limited to, the following purposes:

      (i) Creating a rapid response team trained to help child care businesses whose continuity of operations is threatened;
      (ii) Developing business model prototypes for new child care settings; and
      (iii) Assisting existing or new child care businesses in assessing readiness for expansion or acquisition.

   (b) Of the amounts provided in this subsection:

      (i) $120,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for staffing at the center for child care; and
      (ii) $380,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the nonprofit organization to distribute grants to third party child care providers and nongovernmental organizations. Nonprofit entities applying for funding as a statewide network must:

         (A) Have an existing infrastructure or network of academic, innovation, and mentoring program grant-eligible entities;
         (B) Provide after-school and summer programs with youth development services; and
         (C) Provide proven and tested recreational, educational, and character-building programs for children ages six to eighteen years of age.

   (112)(a) $4,000,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the department to create a grant program to reimburse local governments for eligible costs of providing emergency noncongregate sheltering during the COVID-19 public health emergency.

   (b) A city or county is eligible to apply for grant funding if it:

      (i) Applies to the federal emergency management agency public assistance program for reimbursement of costs to provide emergency noncongregate sheltering; and
      (ii) Incurs eligible costs.

   (c) Eligible costs are costs to provide emergency noncongregate sheltering that:

      (i) Were deemed eligible for reimbursement in the federal emergency management agency policy 104-009-18, version 3, titled FEMA emergency non-congregate sheltering during the COVID-19 public health emergency (interim) and dated January 29, 2021; and

   (d) The department must give priority to applicants who demonstrate use of funds received under P.L. 117-2 for the acquisition, development, and operation of noncongregate sheltering.

   (e) The department must coordinate with the military department to confirm that grant recipients have applied to the federal emergency management agency public assistance program for costs identified in their grant application.

   (f) For the purposes of this subsection, “noncongregate sheltering” means sheltering provided in locations where each individual or household has living space that offers some level of privacy, such as hotels, motels, or dormitories.

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) The student achievement council and all institutions of higher education as defined in RCW 28B.92.030 and eligible for state financial aid programs under chapters 28B.92 and 28B.118 RCW shall ensure that data needed to analyze and evaluate the effectiveness of state financial aid programs are promptly transmitted to the education data center so that it is available and easily accessible. The data to be reported must include but not be limited to:

(i) The number of state need grant and college bound recipients;

(ii) The number of students on the unserved waiting list of the state need grant;

(iii) Persistence and completion rates of state need grant recipients and college bound recipients as well as students on the state need grant unserved waiting list, disaggregated by institution of higher education;

(iv) State need grant recipients and students on the state need grant unserved waiting list grade point averages; and

(v) State need grant and college bound scholarship program costs.

(b) The student achievement council shall submit student unit record data for state financial aid program applicants and recipients to the education data center.

(c) The education data center shall enter data sharing agreements with the joint legislative audit and review committee and the Washington state institute for public policy to ensure that legislatively directed research assignments regarding state financial aid programs may be completed in a timely manner.

(2)(a) $29,623,000 of the statewide information technology system development revolving account—state appropriation is provided solely for the one Washington program agency financial reporting system replacement, phase 1A core financials. Of the amounts provided in this subsection:

(i) $7,082,000 of the statewide information technology system development revolving account—state appropriation is provided solely for organizational enterprise resource planning, organizational change management, and procurement contracts in fiscal year 2020.

(ii) $459,000 of the statewide information technology system development revolving account—state appropriation is provided solely for staff in fiscal year 2020.

(iii) $1,000,000 of the statewide information technology system development revolving account—state appropriation is provided solely for other contractual services or project staffing in fiscal year 2020.

(iv) $1,366,000 of the statewide information technology system development revolving account—state appropriation is provided solely for program staff in fiscal year 2021.

(v) $442,000 of the statewide information technology system development revolving account—state appropriation is provided solely for dedicated integration development staffing in fiscal year 2021. This staff will work to expand the states integration layer.

(vi) $140,000 of the statewide information technology system development revolving account—state appropriation is provided solely for other contractual services or project staffing in fiscal year 2021.

(b) Beginning September 30, 2019, the office of financial management shall provide written quarterly reports on the one Washington program to the legislative fiscal committees and the legislative evaluation and accountability program committee to include how funding was spent for the prior quarter and what the ensuing quarter budget will be by fiscal month. The written report must also include:

(i) A list of quantifiable deliverables accomplished and the expenditures by deliverable by fiscal month;

(ii) A report on the contract full time equivalent charged and paid to each vendor by fiscal month; and

(iii) A report identifying each state agency that received change management vendor work from the information technology pool by fiscal month.

(c) Prior to spending any funds, the director of the office of financial management must agree to the spending and sign off on the spending.

(d) This subsection is subject to the conditions, limitations, and review requirements of section 701 of this act.

(e) Financial reporting for the agency change management funding must be coded and charged discretely in the agency financial reporting system each fiscal month so that it can be differentiated from the noninformation technology pool change management budget and costs.

(3) Within existing resources, the labor relations section shall produce a report annually on workforce data and trends for the previous fiscal year. At a minimum, the report must include a workforce profile; information on employee compensation, including salaries and cost of overtime; and information on retention, including average length of service and workforce turnover.

(4) $12,741,000 of the personnel service account—state appropriation in this section is provided solely for administration of orca pass benefits included in the 2019-2021 collective bargaining agreements and provided to nonrepresented employees as identified in section 996 of this act. The office of financial management must bill each agency for that agency’s proportionate share of the cost of orca passes. The payment from each agency must be deposited in to the personnel service account and used to purchase orca passes. The office of financial
management may consult with the Washington state department of transportation in the administration of these benefits.

(5) $12,485,000 of the personnel service fund appropriation is provided solely for the administration of a flexible spending arrangement (FSA) plan. Agencies shall pay their proportional cost for the program as determined by the office of financial management. Total amounts billed by the office of financial management for this purpose may not exceed the amount provided in this subsection. The office of financial management may, through interagency agreement, delegate administration of the program to the health care authority.

(6) $1,536,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the implementation of Engrossed Substitute Senate Bill No. 5741 (payer claims database), and is subject to the conditions, limitations, and review provided in section 701 of this act.

(7) $157,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the implementation of Substitute House Bill No. 1949 (firearm background checks).

(8) Within amounts appropriated in this section, funding is provided to implement Second Substitute House Bill No. 1497 (foundational public health).

(9) $110,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the office of financial management to determine annual primary care medical expenditures in Washington, by insurance carrier, in total and as a percentage of total medical expenditure. Where feasible, this determination must also be broken down by relevant characteristics such as whether expenditures were for in-patient or out-patient care, physical or mental health, by type of provider, and by payment mechanism.

(a) The determination must be made in consultation with statewide primary care provider organizations using the state's all payer claims database and other existing data.

(b) For purposes of this section:

(i) "Primary care" means family medicine, general internal medicine, and general pediatrics.

(ii) "Primary care provider" means a physician, naturopath, nurse practitioner, physician assistant, or other health professional licensed or certified in Washington state whose clinical practice is in the area of primary care.

(iii) "Primary care medical expenditures" means payments to reimburse the cost of physical and mental health care provided by a primary care provider, excluding prescription drugs, vision care, and dental care, whether paid on a fee-for-service basis or as a part of a capitated rate or other type of payment mechanism.

(iv) "Total medical expenditure" means payments to reimburse the cost of all health care and prescription drugs, excluding vision care and dental care, whether paid on a fee-for-service basis or as part of a capitated rate or other type of payment mechanism.

(c) By December 1, 2019, the office of financial management shall report its findings to the legislature, including an explanation of its methodology and any limits or gaps in existing data which affected its determination.

(10) $1,200,000 of the office of financial management central services—state appropriation is provided solely for the education research and data center to set up a data enclave and to work on complex data sets. This is subject to the conditions, limitations and review requirements of section 701 of this act. (a) The house;

(b) The senate;

(c) The legislative evaluation and accountability program committee;

(d) The joint legislative audit and review committee; and

(e) The Washington state institute for public policy.

(11) $250,000 of the office of financial management central service—state appropriation is provided solely for a dedicated budget staff for the work associated with the information technology cost pool projects. The staff will be responsible for providing a monthly financial report after each fiscal month close to fiscal staff of the senate ways and means and house appropriations committees to reflect at least:

(a) Fund balance of the information technology pool account;

(b) Amount by project of funding approved to date and for the last fiscal month;

(c) Amount by agency of funding approved to date and for the last fiscal month;

(d) Total amount approved to date and for the last fiscal month;

(e) Amount of expenditure on each project by the agency to date and for the last fiscal month;

(f) A projection for the information technology pool account by fiscal month through the 2019-2021 fiscal biennium close, and as a calculation of amount spent to date as a percentage of total appropriation;

(g) A projection of each project by fiscal month through the 2019-2021 fiscal biennium close, and a calculation of amount spent to date as a percentage of total project cost; and

(h) A list of agencies and projects that have not yet been approved for funding by the office of financial management.

(12) $15,000,000 of the general fund—state appropriation for fiscal year 2020, $159,000 of the general fund—state appropriation for fiscal year 2021, and $5,000,000 of the general fund—private/local appropriation are provided solely for the office of financial management to prepare for the 2020 census. No funds provided under this subsection may be used for political purposes. The office must:

(a) Complete outreach and a communication campaign that reaches the state's hardest to count residents;

(b) Perform frequent outreach to the hard-to-count population both in person through community messengers and through various media avenues;

(c) Establish deliverable-based outreach contracts with nonprofit organizations and local and tribal contracts;

(d) Consider the recommendations of the statewide complete count committee;

(e) Prepare documents in multiple languages to promote census participation;

(f) Provide technical assistance with the electronic census forms; and

(g) Hold in reserve $5,000,000 of the general fund—state appropriation for fiscal year 2020 and $5,000,000 of the general fund—private/local appropriation, until January 1, 2020, for contracting with community based organizations with historical access to and credibility with hard-to-count people to support outreach to the hardest to count and last-mile efforts.

(13) Within existing resources and in consultation with the office of the superintendent of public instruction, the office of financial management shall review and report on the pupil transportation funding system for K-12 education. The report shall include findings and recommendations and shall be submitted to the governor and the appropriate committees of the legislature by August 1, 2020. This report shall include review of the following:

(a) The formula components and modeling approach in RCW 28A.160.192;

(b) The data used in the analysis for completeness, validity, and appropriateness;

(c) The timing requirements and whether they could be changed;
(d) The STARS model for appropriateness, functionality, and alignment with statute; and

(e) The capacity and resources of the office of the superintendent of public instruction to produce the transportation analysis.

((14))) (16) $192,000 of the general fund—state appropriation for fiscal year 2020 (and $288,000 of the general fund—state appropriation for fiscal year 2021) is provided solely for the office of financial management to contract for project management and fiscal modeling to support collaborations with the office of the superintendent of public instruction and department of children, youth, and families to complete a report with options and recommendations for administrative efficiencies and long-term strategies which align and integrate high-quality early learning programs administered by both agencies. The report is due to the governor and the appropriate committees of the legislature by September 1, 2020.

((15))) (15) The office shall consult with agencies of the state, including but not limited to the department of natural resources, state parks and recreation commission, department of fish and wildlife, conservation commission, Puget Sound partnership, recreation and conservation office, and department of ecology, to prioritize actions and investments that mitigate the effects of climate change and strengthen the resiliency of communities and the natural environment. The recommended prioritization list shall be submitted to the governor and the legislature by November 1, 2020, to be considered for funding from the climate change and natural resources fund.

((16))) (16) $40,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the office of financial management to review and report on vendor rates for services provided to low-income individuals at the department of children, youth, and families, the department of corrections, and the department of social and health services. The report must be submitted to the governor and the appropriate committees of the legislature by December 1, 2020, and must include review of, at least:

(a) The current rates for services by vendor;
(b) A history of increases to the rates since fiscal year 2010 by vendor;
(c) A comparison of how the vendor increases and rates compare to inflation; and
(d) A summary of the billing methodology for the vendor rates.

((17))) (17) $350,000 of the general fund—state appropriation for fiscal year 2021, and $350,000 of the general fund—federal appropriation are provided solely to contract with one or more research or actuarial entities to examine the delivery of behavioral and physical health care services for which the health care authority contracts with a risk-bearing fiscal intermediary, excluding any contracts for employee benefit programs. A report must be provided to the legislature no later than September 1, 2021, and must include:

(a) A description of the types of payment methods currently used by risk-bearing fiscal intermediaries to establish provider payments. The report must identify, and, to the extent practicable, quantify, instances of case payment rates, broad encounter rates, value-based purchasing, subcapitation, or similar methodologies;
(b) Options available to the legislature and the governor to modify payment rates to providers that offer services under medicaid managed care. To the extent practicable, for each option the report must discuss the potential implications to federal funding and client access to care for both state-funded and private pay patients and identify whether the option could be restricted to particular types of service, provider specializations, client characteristics, care settings, geographic areas, or other relevant, identified demographic criteria.

((18))) (18) $250,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the education research and data center to expand its higher education finance report on the education research and data center web site to include budget, expenditure, and revenue data for institutions of higher education. The budget, expenditure, and revenue data must be by fund for each institution and for all appropriated, non appropriated, and nonallotted funds, including the source and use of tuition and fee revenue. Expenditure data must include program and activity information. Revenue data must include source of funds.

((19))) (19) $50,000 of the general fund—state appropriation for fiscal year 2021 is provided on a one-time basis solely for the office to work with a correctional facility located in Des Moines, Washington serving the confinement needs of multiple member cities and a number of contract agencies to study and review the most cost effective delivery options for providing medication assisted treatment to individuals located in local jails and state correctional facilities. The office shall provide a report to the legislature and the appropriate fiscal committees of the legislature by November 10, 2020, which includes recommendations for and the costs associated with providing safe, effective treatment and coordination of care. The study and report must include identification of alternative revenue sources.

((20))) (20) $90,000 of the general fund—state appropriation for fiscal year 2020 and $85,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the education research and data center to conduct a statewide study of opportunity youth. The center shall provide a report of its findings to the appropriate committees of the legislature by December 31, 2020. The study must include:

(a) The number of people in Washington between the ages of sixteen and twenty-nine who have enrolled in Washington schools or participated in the Washington workforce between 2015 and 2019 before completely opting out, including:
(i) The rate of young people without a high school diploma or a high school equivalency certificate who are disconnected from high school;
(ii) The rate of young people with a high school diploma, but without a postsecondary credential, who are disconnected from postsecondary education and may or may not be working;
(iii) The rate of young people with a postsecondary credential, but not enrolled in postsecondary education, who are disconnected from the Washington workforce; and
(iv) The rate of young people disconnected from the Washington workforce and not enrolled in Washington schools.

(b) The education levels for each of the following age bands: 16-18, 19-21, 22-24, 25-29. The education levels include:

(II) $4,268,000 of the general fund—state appropriation for fiscal year 2020 and $3,238,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to implement 2019 revenue legislation.

(b) Within the amounts provided in this subsection, sufficient funding is provided for the department to implement section 11 of Engrossed Substitute Senate Bill No. 5183 (manufactured/mobile homes).

(c)(i) Of the amounts provided in this subsection, $711,000 of the general fund—state appropriation for fiscal year 2020 and $1,327,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to facilitate a tax structure work group, initially created within chapter 1, Laws of 2017 3rd sp. sess. (SSB 5883) and hereby reauthorized.

(ii) In addition to the membership as set forth in chapter 1, Laws of 2017 3rd sp. sess., the tax structure work group is expanded to include voting members as follows:

(A) The president of the senate must appoint two members from each of the two largest caucuses of the senate;

(B) The speaker of the house of representatives must appoint two members from each of the two largest caucuses of the house of representatives; and

(C) The governor must appoint one member who represents the office of the governor.

(iii) The work group must include the following nonvoting members:

(A) One representative of the department;

(B) One representative of the association of Washington cities; and

(C) One representative of the Washington state association of counties.

(iv) All voting members of the work group must indicate, in writing, their interest in serving on the tax structure work group and provide a statement of understanding that the commitment to serve on the tax structure work group is through December 31, 2024. Elected officials not reelected to their respective offices may be relieved of their responsibilities on the tax structure work group. Vacancies on the tax structure work group must be filled within sixty days of notice of the vacancy. The work group must choose a chair or cochairs from among its legislative membership.

The chair is, or cochairs are, responsible for convening the meetings of the work group no less than quarterly each year. Recommendations and other decisions of the work group may be approved by a simple majority vote. All work group members may have a representative attend meetings of the tax structure work group in lieu of the member, but voting by proxy is not permitted. Staff support for the work group must be provided by the department. The department may engage one or more outside employees or associations expressly dedicated to representing businesses, or both; and

Individual taxpayers with income at or below one hundred percent of area median income in their county of residence or
organizations expressly dedicated to representing low-income and middle-income taxpayers, or both;

(B) The presentation referenced in (c)(v)(C)(IV) of this subsection must include the following elements:

(I) The findings and alternatives included in the summary report described in (c)(vii) of this subsection; and

(II) The preliminary plan to engage taxpayers directly in a robust conversation about the state's tax structure including, presenting the findings described in (c)(vii) of this subsection and alternatives to the state's current tax structure, and collecting feedback to inform development of recommendations.

(vii) The duties of the department, with assistance of one or more technical advisory groups, are to:

(A) With respect to the final report of findings and alternatives submitted by the Washington state tax structure study committee to the legislature under section 138, chapter 7, Laws of 2001 2nd sp. sess.:

(I) Update the data and research that informed the recommendations and other analysis contained in the final report;

(II) Estimate how much revenue all the revenue replacement alternatives recommended in the final report would have generated for the 2017-2019 fiscal biennium if the state had implemented the alternatives on January 1, 2003;

(III) Estimate the tax rates necessary to implement all recommended revenue replacement alternatives in order to achieve the revenues generated during the 2017-2019 fiscal biennium as reported by the economic and revenue forecast council;

(IV) Estimate the impact on taxpayers, including tax paid as a share of household income for various income levels, and tax paid as a share of total business revenue for various business activities, for (c)(vii)(A)(II) and (III) of this subsection; and

(V) Estimate how much revenue would have been generated in the 2017-2019 fiscal biennium, if the incremental revenue alternatives recommended in the final report would have been implemented on January 1, 2003, excluding any recommendations implemented before the effective date of this section;

(B) With respect to the recommendations in the final report of the 2018 tax structure work group:

(I) Conduct economic modeling or comparable analysis of replacing the business and occupation tax with an alternative, such as corporate income tax or margins tax, and estimate the impact on taxpayers, such as tax paid as a share of total business revenue for various business activities, assuming the same revenues generated by business and occupation taxes during the 2017-2019 fiscal biennium as reported by the economic and revenue forecast council; and

(II) Estimate how much revenue would have been generated for the 2017-2019 fiscal biennium if the one percent revenue growth limit on regular property taxes was replaced with a limit based on population growth and inflation if the state had implemented this policy on January 1, 2003;

(C) To analyze our economic competitiveness with border states:

(I) Estimate the revenues that would have been generated during the 2017-2019 fiscal biennium, had Washington adopted the tax structure of those states, assuming the economic tax base for the 2017-2019 fiscal biennium as reported by the economic and revenue forecast council; and

(II) Estimate the impact on taxpayers, including tax paid as a share of household income for various income levels, and tax paid as a share of total business revenue for various business activities for (c)(vii)(C)(I) of this subsection;

(D) To analyze our economic competitiveness in the context of a national and global economy, provide comparisons of the effective state and local tax rate of the tax structure during the 2017-2019 fiscal biennium and various alternatives under consideration, as they compare to other states and the federal government, as well as consider implications of recent changes to federal tax law;

(E) To the degree it is practicable, conduct tax incidence analysis of the various alternatives under consideration to account for the impacts of tax shifting, such as business taxes passed along to consumers and property taxes passed along to renters;

(F) To the degree it is practicable, present findings and alternatives by geographic area, in addition to statewide; and

(G) Conduct other analysis as directed by the work group.

(3) $63,000 of the general fund—state appropriation for fiscal year 2020 and $7,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the implementation of Engrossed Second Substitute Senate Bill No. 5497 (immigrants in the workplace).

(6)(a) During the 2019-2021 fiscal biennium, the department must revise its master contracts with vendors, including cooperative purchasing agreements under RCW 39.26.060, to include a provision to require that each vendor agrees to equality among its workers by ensuring similarly employed individuals are compensated as equals as follows:
(i) Employees are similarly employed if the individuals work for the same employer, the performance of the job requires comparable skill, effort, and responsibility, and the jobs are performed under similar working conditions. Job titles alone are not determinative of whether employees are similarly employed;
(ii) Vendors may allow differentials in compensation for its workers based in good faith on any of the following:
(A) A seniority system; a merit system; a system that measures earnings by quantity or quality of production; a bona fide job-related factor or factors; or a bona fide regional difference in compensation levels.
(B) A bona fide job-related factor or factors may include, but not be limited to, education, training, or experience, that is:
(A) A merit system; a seniority system; a system that measures earnings by quantity or quality of production; a bona fide job-related factor or factors; or a bona fide regional difference in compensation levels.
(C) A bona fide regional difference in compensation level must be:

(a) The provision must allow for the termination of the contract if the public entity using the contract or agreement of the department of enterprise services determines that the vendor is not in compliance with this agreement or contract terms.
(b) The department must implement this provision with any new contract and at the time of renewal of any existing contract.
(c) Any cost for the implementation of this section must be recouped from the fees charged to master contract vendors.
(7) $10,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the department to query and inventory all state agency use and amounts of glyphosate. Within amounts provided, the department must offer to pay to state agencies the difference in costs for using alternatives for vegetation control. A report to the appropriate committees of the legislature on the findings of the query and inventory must be made by December 31, 2019.
(8)(a) $45,000 of the general fund—state appropriation for fiscal year 2020 ((and $70,000 of the general fund—state appropriation for fiscal year 2021 are)) is provided solely for a
legislative work group to study and make recommendations on a monument on the capitol campus to honor residents who died in the global war in terror. The department of enterprise services must staff the work group, which shall be composed of:

(i) One member from each of the four major caucuses of the legislature;
(ii) The director of the department of veterans affairs or his or her designee;
(iii) The director of the Washington state parks and recreation commission or his or her designee;
(iv) The director of the department of enterprise services or his or her designee;
(v) The director of the Washington state military department or his or her designee;
(vi) The secretary of state or his or her designee;
(vii) The state archivist or his or her designee;
(viii) A representative of the capitol campus design advisory committee that is not the secretary of state or a legislative member already designated to be part of the work group; and
(ix) Two representatives from veterans organizations appointed by the governor.

(b) The work group shall choose two cochairs from among its legislative membership. The legislative membership shall convene the initial meeting of the work group before November 1, 2019.

(c) The work group shall:

(i) Conduct a study of the feasibility of establishing a new memorial on the capitol campus to honor fallen service members from the global war on terrorism;

(ii) Provide the names of the recommended individuals to be honored at the memorial;

(iii) Recommend locations where the memorial could be constructed on the capitol campus and provide any permit requirements or other restrictions that may exist for each location;

(iv) Provide potential draft designs that could be used for the memorial;

(v) Provide information regarding the anticipated funding needed for:
   (A) The design, construction, and placement of the memorial;
   (B) Any permits that may be required;
   (C) Anticipated ongoing maintenance cost for the memorial based on potential materials used and historical maintenance of other memorials on campus; and
   (D) An unveiling ceremony or other expenses that may be necessary for the memorial;

(vi) Make recommendations regarding the funding sources that may be available, which may include solicitation of private funds or a method for obtaining the necessary funds; and

(vii) Make recommendations regarding an agency, committee, or commission to coordinate the design, construction, and placement of a memorial on the capitol campus.

(d) Legislative members of the work group shall be reimbursed for travel expenses in accordance with chapter 43.03 RCW. Nonlegislative members shall be reimbursed for travel expenses in accordance with chapter 43.03 RCW.

(e) The work group shall submit a report of its recommendations to the appropriate committees of the legislature in accordance with RCW 43.01.036 by June 30, 2021.

9(a) Within existing resources, beginning October 31, 2019, the department, in collaboration with consolidated technology services, must provide a report to the governor and fiscal committees of the legislature by October 31st of each calendar year that reflects information technology contract information based on a contract snapshot from June 30 of that calendar year. The department will coordinate to receive contract information for all contracts to include those where the department has delegated authority so that the report includes statewide contract information. The report must contain a list of all information technology contracts to include the agency name, contract number, vendor name, the contract term start and end dates, the contract dollar amount in total, contract dollar amount by state fiscal year to include contract spending projections for each ensuing state fiscal year through the contract term, and type of service delivered. The list of contracts must be provided electronically in excel and sortable by all fields.

(b) In determining the type of service delivered, groupings must include agreed upon items by the department, the office of the chief information officer, senate fiscal staff, and house fiscal staff. This grouping criteria must be agreed upon by August 31, 2019.

(10) The department must use any new resources provided for civic education solely for the free-to-schools civic education program.

(11) Within existing resources, the department must study the increase in tort claims filed generally and with a specific focus on the increase in tort claims filed and payouts made against the department of children, youth, and families. The study must include an assessment of the source of the payouts, such as jury awards, court judgments, mediation, and arbitration awards. The department should determine the root cause for these increases and develop recommendations on how to reduce the number of tort claims filed and payouts made. The department must coordinate its work with the department of children, youth, and families and the office of the attorney general. A report must be provided to the office of financial management and the appropriate committees of the legislature by November 1, 2020.

(12) In collaboration with the office of the governor, the department will add a diversity, equity, and inclusion training module to the learning management system by June 30, 2021.

(13) $447,000 of the building code council account—state appropriation is provided solely for an economic study, additional staffing for the council, and to upgrade the web site. Upgrading the web site is subject to the conditions, limitations, and review provided in section 701 of this act.

Sec. 1036. 2020 c 357 s 148 (uncodified) is amended to read as follows:

Sec. 1037. 2020 c 357 s 149 (uncodified) is amended to read as follows:

FOR THE CONSOLIDATED TECHNOLOGY SERVICES AGENCY

General Fund—State Appropriation (FY 2020) ............. $188,000
General Fund—State Appropriation (FY 2021)............. $188,000
Consolidated Technology Services Revolving Account—
State Appropriation...............................................($29,522,000)
$29,334,000

TOTAL APPROPRIATION.............................................($29,898,000)
$29,614,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $11,468,000 of the consolidated technology services revolving account—state appropriation is provided solely for the office of the chief information officer. Of this amount:
   (a) $1,663,000 of the consolidated technology services revolving account—state appropriation is provided solely for experienced information technology project managers to provide critical support to agency IT projects that are ((subject to the provisions of section 701 of this act)) under oversight from the office of the chief information officer. The staff or vendors will:
      (i) Provide master level project management guidance to agency IT stakeholders;
      (ii) Consider statewide best practices from the public and private sectors, independent review and analysis, vendor management, budget and timing quality assurance and other support of current or past IT projects in at least Washington state and share these with agency IT stakeholders and legislative fiscal staff at least quarterly, beginning July 1, 2020; and
      (iii) Beginning December 31, 2019, provide independent recommendations to legislative fiscal committees by December of each calendar year on oversight of IT projects.
   (b)(i) $250,000 of the consolidated technology services revolving account—state appropriation is provided solely to ensure that the state has a more nimble, extensible information technology dashboard. Dashboard elements must include at the minimum:
      (A) Start date of the project;
      (B) End date of the project when the project will close out and implementation will occur;
      (C) Term of the project in fiscal years across all biennia to reflect the start of the project through the end of the project;
      (D) Total project cost from start date through end date in total dollars, and a subtotal of near general fund outlook;
      (E) Estimated annual fiscal year cost for maintenance and operations after implementation and close out;
      (F) Actual spend by fiscal year and in total for fiscal years that are closed; and
      (G) Date a feasibility study was completed.
   (ii) The office of the chief information officer may recommend additional elements be included but must have agreement with legislative fiscal committees and the office of financial management prior to including the additional elements.
   (c) The agency must ensure timely posting of project data on the information technology dashboard for at least each project funded in the budget to include, at a minimum, posting on the new digital vault (WASERV) to identify opportunities to:
      (i) Provide master level project management guidance to agency IT stakeholders;
      (ii) Consider statewide best practices from the public and private sectors, independent review and analysis, vendor management, budget and timing quality assurance and other support of current or past IT projects in at least Washington state and share these with agency IT stakeholders and legislative fiscal staff at least quarterly, beginning July 1, 2020; and
      (iii) Beginning December 31, 2019, provide independent recommendations to legislative fiscal committees by December of each calendar year on oversight of IT projects.

(2) $13,001,000 of the consolidated technology services revolving account—state appropriation is provided solely for the office of cyber security. Of this amount:
   (a) $800,000 of the consolidated technology services revolving account—state appropriation is provided solely for the computer emergency readiness to review security designs of computer systems and to complete security evaluations of state agency systems and applications to identify vulnerabilities and opportunities for system hardening.
   (b) $768,000 of the consolidated technology services revolving account—state appropriation is provided solely for the office of cyber security to decrypt network traffic to identify and evaluate network traffic for malicious activity and threats, and is subject to the conditions, limitations, and review provided in section 701 of this act.
   (c) $608,000 of the consolidated technology services revolving account—state appropriation is provided solely for the office of cyber security to complete cyber security designs for new platforms, databases, and applications.

(3) The consolidated technology services agency shall work with customer agencies using the Washington state electronic records vault (WASERV) to identify opportunities to:
   (a) Reduce storage volumes and costs associated with vault records stored beyond the agencies' record retention schedules; and
   (b) Assess a customized service charge as defined in chapter 304, Laws of 2017 for costs of using WASERV to prepare data compilations in response to public records requests.

(4)(a) In conjunction with the office of the chief information officer's prioritization of proposed information technology expenditures, agency budget requests for proposed information technology expenditures must include the following:
   (i) The agency's priority ranking of each information technology request;
   (ii) The estimated cost by fiscal year and by fund for the current biennium;
   (iii) The estimated cost by fiscal year and by fund for the ensuing biennium;
   (iv) The estimated total cost for the current and ensuing biennium;
   (v) The total cost by fiscal year, by fund, and in total, of the information technology project since it began;
   (vi) The estimated cost by fiscal year and by fund over all biennia through implementation and close out and into maintenance and operations;
   (vii) The estimated cost by fiscal year and by fund for service level agreements once the project is implemented;
   (viii) The estimated cost by fiscal year and by fund for agency staffing for maintenance and operations once the project is implemented; and
   (ix) The expected fiscal year when the agency expects to complete the request.

(b) The office of the chief information officer and the office of financial management may request agencies to include additional information on proposed information technology expenditure requests.

(5) The consolidated technology services agency must not increase fees charged for existing services without prior approval by the office of financial management. The agency may develop fees to recover the actual cost of new infrastructure to support increased use of cloud technologies.

(6) Within existing resources, the agency must provide oversight of state procurement and contracting for information technology goods and services by the department of enterprise services.

(7) Within existing resources, the agency must host, administer, and support the state employee directory in an online format to provide public employee contact information.

(8) $750,000 of the consolidated technology services revolving account—state appropriation is provided for the office to conduct a statewide cloud computing readiness assessment to prepare for the migration of core services to cloud services, including ways it
can leverage cloud computing to reduce costs. The assessment must:

(a) Inventory state agency assets, associated service contracts, and other relevant information;

(b) Identify impacts to state agency staffing resulting from the migration to cloud computing including:
   (i) Skill gaps between current on-premises computing practices and how cloud services are procured, secured, administered, maintained, and developed; and
   (ii) Necessary retraining and ongoing training and development to ensure state agency staff maintain the skills necessary to effectively maintain information security and understand changes to enterprise architectures;

(c) Identify additional resources needed by the agency to enable sufficient cloud migration support to state agencies; and

(d) Be submitted as a report, by June 30, 2020, to the governor and the appropriate committees of the legislature that summarizes statewide cloud migration readiness and makes recommendations for migration goals.

(9) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in section 701 of this act.

(10) $4,303,000 of the consolidated technology services revolving account—state appropriation is provided solely for the creation and ongoing delivery of information technology services tailored to the needs of small agencies. The scope of services must include, at a minimum, full-service desktop support, service assistance, security, and consultation. The Appropriation in this section is subject to the following conditions and limitations:

1. $4,014,000 of the professional engineers' account—state appropriation is provided solely for implementation of House Bill No. 1176 (businesses and professions).

2. $1,480,000 of the professional engineers' account—state appropriation is provided solely for the business and technology modernization project pursuant to an interagency agreement with the department of licensing and is subject to the conditions, limitations, and review provided in section 701 of this act.

**PART XI**

**HUMAN SERVICES SUPPLEMENTAL**

Sec. 1101. 2020 c 357 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

1. The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

2. The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

3. The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

4. The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.
(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in section 701 of this act.

(8)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, (2020) 2021, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year (2020) 2021 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year (2020) 2021 in response to the COVID-19 pandemic or caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(c) The department may not transfer appropriations from any other program or subprogram to the mental health program. Within the mental health program, the department may transfer appropriations that are provided solely for a specified purpose as needed to fund actual expenditures through the end of fiscal year (2020) 2021.

(d) The department may not transfer appropriations for the developmental disabilities program to any other program or subprograms of the department of social and health services.

Sec. 1102. 2020 c 357 s 202 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—MENTAL HEALTH PROGRAM

(1) INSTITUTIONAL SERVICES

General Fund—State Appropriation (FY 2020) $423,815,000

TOTAL APPROPRIATION ...................... ($1,044,141,000)

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The state psychiatric hospitals may use funds appropriated in this subsection to purchase goods, services, and supplies through hospital group purchasing organizations when it is cost-effective to do so.

(b) $311,000 of the general fund—state appropriation for fiscal year 2020 and $310,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for a community partnership between western state hospital and the city of Lakewood to support community policing efforts in the Lakewood community surrounding western state hospital. The amounts provided in this subsection (1)(b) are for the salaries, benefits, supplies, and equipment for one full-time investigator, one full-time police officer, and one full-time community service officer at the city of Lakewood. The department must collect data from the city of Lakewood on the use of the funds and the number of calls responded to by the community policing program and submit a report with this information to the office of financial management and the appropriate fiscal committees of the legislature each December of the fiscal biennium.

(c) $45,000 of the general fund—state appropriation for fiscal year 2020 and $45,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for payment to the city of Lakewood for police services provided by the city at western state hospital and adjacent areas.

(d) $19,000 of the general fund—state appropriation for fiscal year 2020 and $19,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for payment to the city of Medical Lake for police services provided by the city at eastern state hospital and adjacent areas. The city must submit a proposal
to the department for a community policing program for eastern state hospital and adjacent areas by September 30, 2019. 

(e) $135,000 of the general fund—state appropriation for fiscal year 2020 and $135,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to hire an on-site safety compliance officer, stationed at Western State Hospital, to provide oversight and accountability of the hospital’s response to safety concerns regarding the hospital’s work environment.

(f) $100,000 of the general fund—state appropriation for fiscal year 2020 and $100,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to track compliance with RCW 71.05.365 requirements for transition of state hospital patients into community settings within fourteen days of the determination that they no longer require active psychiatric treatment at an inpatient level of care. The department must use these funds to track the following elements related to this requirement: (i) The date on which an individual is determined to no longer require active psychiatric treatment at an inpatient level of care; (ii) the date on which the behavioral health entities and other organizations responsible for resource management services for the person is notified of this determination; and (iii) the date on which either the individual is transitioned to the community or has been re-evaluated and determined to again require active psychiatric treatment at an inpatient level of care. The department must provide this information in regular intervals to behavioral health entities and other organizations responsible for resource management services. The department must summarize the information and provide a report to the office of financial management and the appropriate committees of the legislature on progress toward meeting the fourteen day standard by December 1, 2019 and December 1, 2020.

(g) $250,000 of the general fund—state appropriation for fiscal year 2020 and $250,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department, in collaboration with the health care authority, to develop and implement a predictive modeling tool which identifies clients who are at high risk of future involvement with the criminal justice system and for developing a model to estimate demand for civil and forensic state hospital bed needs pursuant to the following requirements.

(i) The predictive modeling tool must be developed to leverage data from a variety of sources and identify factors that are strongly associated with future criminal justice involvement. The department must submit a report to the office of financial management and the appropriate committees of the legislature which describes the following: (A) The proposed data sources to be used in the predictive model and how privacy issues will be addressed; (B) modeling results including a description of measurable factors most strongly predictive of risk of future criminal justice involvement; (C) an assessment of the accuracy, timeliness, and potential effectiveness of the tool; (D) identification of interventions and strategies that can be effective in reducing future criminal justice involvement of high risk patients; and (E) the timeline for implementing processes to provide monthly lists of high-risk client to contracted managed care organizations and behavioral health entities.

(ii) The model for civil and forensic state hospital bed need must be developed and updated in consultation with staff from the office of financial management and the appropriate fiscal committees of the state legislature. The model shall incorporate factors for capacity in state hospitals as well as contracted facilities, which provide similar levels of care, referral patterns, wait lists, lengths of stay, and other factors identified as appropriate for predicting the number of beds needed to meet the demand for civil and forensic state hospital services. Factors should include identification of need for the services and analysis of the effect of community investments in behavioral health services and other types of beds that may reduce the need for long-term civil commitment needs. The department must submit a report to the legislature by October 1, 2019, with an update of the model and the estimated civil and forensic state hospital bed need by November 1, 2020, and each November 1st thereafter through the end of fiscal year 2027. The department must continue to update the model on a calendar quarterly basis and provide updates to the office of financial management and the appropriate committees of the legislature accordingly.

(h) $2,097,000 of the general fund—state appropriation for fiscal year 2020 and $3,084,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the phase-in of the settlement agreement under Trueblood, et al. v. Department of Social and Health Services, et al., United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The department, in collaboration with the health care authority and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, crisis diversion and supports, education and training, and workforce development.

(i) $6,450,000 of the general fund—state appropriation for fiscal year 2020 and $7,147,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to maintain and further increase implementation of efforts to improve the timeliness of competency evaluation services for individuals who are in local jails pursuant to chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency treatment and evaluation services). This funding must be used solely to maintain increases in the number of competency evaluators that began in fiscal year 2016 and further increase the number of staff providing competency evaluation services. During the 2019-2021 fiscal biennium, the department must use a portion of these amounts to increase the number of forensic evaluators pursuant to the settlement agreement under Trueblood, et al. v. Department of Social and Health Services, et al., United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP.

(j) $56,441,000 of the general fund—state appropriation for fiscal year 2020, $63,159,000 of the general fund—state appropriation for fiscal year 2021, and $2,127,000 of the general fund—federal appropriation are provided solely for implementation of efforts to improve the timeliness of competency restoration services pursuant to chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency treatment and evaluation services). These amounts must be used to maintain increases that began in fiscal year 2016 and further increase the number of forensic beds at western state hospital and eastern state hospital. Pursuant to chapter 7, Laws of 2015 1st sp. sess. (2E2SSB 5177) (timeliness of competency treatment and evaluation services), the department may contract some of these amounts for services at alternative locations if the secretary determines that there is a need. During the 2019-2021 fiscal biennium, the department must use a portion of these amounts to increase forensic bed capacity at the state hospitals pursuant to the settlement agreement under Trueblood, et al. v. Department of Social and Health Services, et al., United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP.
(k) $86,601,000 of the general fund—state appropriation for fiscal year 2020 and $86,705,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to continue to implement an acuity based staffing tool at western state hospital and eastern state hospital in collaboration with the hospital staffing committees.

(i) The staffing tool must be designed and implemented to identify, on a daily basis, the clinical acuity on each patient ward and determine the minimum level of direct care staff by profession to be deployed to meet the needs of the patients on each ward. The department must also continue to update, in collaboration with the office of financial management's labor relations office, the staffing committees, and state labor unions, an overall state hospital staffing plan that looks at all positions and functions of the facilities and that is informed by a review of the Oregon state hospital staffing model.

(ii) Within these amounts, the department must establish, monitor, track, and report monthly staffing and expenditures at the state hospitals, including overtime and use of locums, to the functional categories identified in the recommended staffing plan. The allotments and tracking of staffing and expenditures must include all areas of the state hospitals, must be done at the ward level, and must include contracted facilities providing forensic restoration services as well as the office of forensic mental health services. By December 1, 2019, the department and hospital staffing committees must submit a report to the office of financial management and the appropriate committees of the legislature that includes the following: (A) Progress in implementing the acuity based staffing tool; (B) a comparison of average monthly staffing expenditures to budgeted staffing levels and to the recommended state hospital staffing plan by function and at the ward level; and (C) metrics and facility performance for the use of overtime and extra duty pay, patient length of stay, discharge management, active treatment planning, medication administration, patient and staff aggression, and staff recruitment and retention. The department must use information gathered from implementation of the clinical staffing tool and the hospital-wide staffing model to provide budget oversight and accountability and inform and prioritize future budget requests for staffing at the state hospitals.

(iii) The department must submit quarterly reports to the office of financial management and the appropriate committees of the legislature that include monitoring of monthly spending, staffing levels, overtime and use of locums compared to allotments and to the recommended state hospital staffing model. The format for these reports must be developed in consultation with staff from the office of financial management and the appropriate committees of the legislature. The reports must include an update from the hospital staffing committees.

(iv) Monthly staffing levels and related expenditures at the state hospitals must not exceed official allotments without prior written approval from the director of the office of financial management. In the event the director of the office of financial management approves an increase in monthly staffing levels and expenditures beyond what is budgeted, notice must be provided to the appropriate committees of the legislature within thirty days of such approval. The notice must identify the reason for the authorization to exceed budgeted staffing levels and the time frame for the authorization. Extensions of authorizations under this subsection must also be submitted to the director of the office of financial management for written approval in advance of the expiration of an authorization. The office of financial management must notify the appropriate committees of the legislature of any extensions of authorizations granted under this subsection within thirty days of granting such authorizations and identify the reason and time frame for the extension.

(l) $11,285,000 of the general fund—state appropriation for fiscal year 2020 and $10,581,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to implement strategies to improve patient and staff safety at eastern and western state hospitals. These amounts must be used for implementing a new intensive care model program at western state hospital. Remaining amounts may be used for enclosure of nursing stations, increasing the number of security guards, and provision of training on patient and staff safety. The department must provide implementation reports to the office of financial management and the appropriate committees of the legislature as follows:

(i) A report must be submitted by December 1, 2019, which includes a description of the intensive care model being implemented, a profile of the types of patients being served at the program, the staffing model being used for the program, and preliminary information on outcomes associated with the program. The outcomes section should include tracking data on facility wide metrics related to patient and staff safety as well as individual outcomes related to the patients served on the unit.

(ii) A report must be submitted by December 1, 2020, which provides an update on the implementation of the intensive care model, any changes that have occurred, and updated information on the outcomes associated with implementation of the program.

(m) (($4,262,000)) $(2,658,000) of the general fund—state appropriation for fiscal year 2021 ((and $2,144,000 of the general fund—federal appropriation are)) is provided solely to open a new unit at the child study treatment center which shall serve up to eighteen children.

(n) $(2,593,000) of the general fund—state appropriation for fiscal year 2020 and $(2,593,000) of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to increase services to patients found not guilty by reason of insanity under the *Ross v. Laswhay* settlement agreement.

(((q))) (p) Within the amounts provided in this subsection, the department must develop and submit an annual state hospital performance report for eastern and western state hospitals. Each measure included in the performance report must include baseline performance data, agency performance targets, and performance for the most recent fiscal year. The performance report must include a one page dashboard as well as charts for each fiscal and quality of care measure broken out by hospital and including but not limited to: (i) monthly FTE expenditures compared to allotments; (ii) monthly dollar expenditures compared to allotments; (iii) monthly FTE expenditures per ten thousand patient bed days; (iv) monthly dollar expenditures per ten thousand patient bed days; (v) percentage of FTE expenditures for overtime; (vi) average length of stay by category of patient; (vii) average monthly civil wait list; (viii) average monthly forensic wait list; (ix) rate of staff assaults per 10,000 bed days; (x) rate of patient assaults per 10,000 bed days; (xi) average number of days to release after a patient has been determined to be clinically ready for discharge; and (xii) average monthly vacancy rates for key clinical positions. The department must submit the state hospital performance report to the office of financial management and the appropriate committees of the legislature by November 1, 2020, and provide annual updates thereafter.

(((q))) (q) $(1,660,000) of the general fund—state appropriation for fiscal year 2021 is provided solely for the department to repair, replace, or upgrade failing infrastructure at western and eastern state hospitals.

(((t))) (t) $(1,000) of the general fund—state appropriation for fiscal year 2021 is provided solely for a cost of living adjustment to the personal needs allowance pursuant to RCW 74.09.340.

Sec. 1103. 2020 c 357 s 203 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—DEVELOPMENTAL DISABILITIES PROGRAM

(1) The appropriations to the department of social and health services in this section must be expended for the programs and in the amounts specified in this section. However, after May 1, 2021, unless prohibited by this act, the department may transfer appropriations for fiscal year 2021 among programs and subprograms of this section after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2020 in response to the COVID-19 pandemic or caseload forecasts and utilization assumptions in the developmental disabilities program, the department may transfer state appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments may not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and 43.135.055, the department is authorized to increase nursing facility, assisted living facility, and adult family home fees as necessary to fully support the actual costs of conducting the licensure, inspection, and regulatory programs. The license fees may not exceed the department's annual licensing and oversight activity costs and shall include the department's cost of paying providers for the amount of the license fee attributed to medicaid clients.

(i) The current annual renewal license fee for adult family homes is $225 per bed beginning in fiscal year 2020 and $225 per bed beginning in fiscal year 2021. A processing fee of $2,750 must be charged to each adult family home when the home is initially licensed. This fee is nonrefundable. A processing fee of $700 must be charged when adult family home providers file a change of ownership application.

(ii) The current annual renewal license fee for assisted living facilities is $116 per bed beginning in fiscal year 2020 and $116 per bed beginning in fiscal year 2021.

(iii) The current annual renewal license fee for nursing facilities is $359 per bed beginning in fiscal year 2020 and $359 per bed beginning in fiscal year 2021.

(c) $7,527,000 of the general fund—state appropriation for fiscal year 2020, $16,092,000 of the general fund—state appropriation for fiscal year 2021, and $29,989,000 of the general fund—federal appropriation are provided solely for the program and subprograms of this section. The department is also granted the authority to waive the required residential administrator training for a period of 120 days if necessary to ensure continuity of care during the relicensing process.

(d) $1,058,000 of the general fund—state appropriation for fiscal year 2020, $2,245,000 of the general fund—state appropriation for fiscal year 2021, and $4,203,000 of the general fund—federal appropriation are provided solely for the homecare agency parity impacts of the agreement between the governor and the service employees international union healthcare 775nw.

(e) The department may authorize a one-time waiver of all or any portion of the licensing and processing fees required under RCW 70.128.060 in any case in which the department determines that an adult family home is being relicensed because of exceptional circumstances, such as death or incapacity of a provider, and that to require the full payment of the licensing and processing fees would present a hardship to the applicant. In these situations the department is also granted the authority to waive the required residential administrator training for a period of 120 days if necessary to ensure continuity of care during the relicensing process.

(f) Community residential cost reports that are submitted by or on behalf of contracted agency providers are required to include information about agency staffing including health insurance, wages, number of positions, and turnover.

(g) $1,705,000 of the general fund—state appropriation for fiscal year 2020, $1,688,000 of the general fund—state appropriation for fiscal year 2021, and $1,465,000 of the general fund—federal appropriation are provided solely for the development and implementation of thirteen enhanced respite beds across the state for children. These services are intended to provide families and caregivers with a break in caregiving, the opportunity for behavioral stabilization of the child, and the ability to partner with the state in the development of an individualized service plan that allows the child to remain in his or her family home. The department must provide the legislature with a respite utilization report in January of each year that provides information about the number of children who have used enhanced respite in the preceding year, as well as the location and number of days per month that each respite bed was occupied.

(h) $2,025,000 of the general fund—state appropriation for fiscal year 2020 and $2,006,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the development and implementation of thirteen community respite beds across the state for adults. These services are intended to
provide families and caregivers with a break in caregiving and the opportunity for stabilization of the individual in a community-based setting as an alternative to using a residential habilitation center to provide planned or emergent respite. The department must provide the legislature with a respite utilization report by January of each year that provides information about the number of individuals who have used community respite in the preceding year, as well as the location and number of days per month that each respite bed was occupied.

(i) $4,005,000 of the general fund—state appropriation for fiscal year 2020, $6,084,000 of the general fund—state appropriation for fiscal year 2021, and $9,826,000 of the general fund—federal appropriation are provided solely to continue community alternative placement beds that prioritize the transition of clients who are ready for discharge from the state psychiatric hospitals, but who have additional long-term care or developmental disability needs.

(i) Community alternative placement beds include enhanced service facility beds, adult family home beds, skilled nursing facility beds, intensive living beds, state operated living alternative beds, and assisted living facility beds.

(ii) Each client must receive an individualized assessment prior to leaving one of the state psychiatric hospitals. The individualized assessment must identify and authorize personal care, nursing care, behavioral health stabilization, physical therapy, or other necessary services to meet the unique needs of each client. It is the expectation that, in most cases, staffing ratios in all community alternative placement options described in (i)(i) of this subsection will need to increase to meet the needs of clients leaving the state psychiatric hospitals. If specialized training is necessary to meet the needs of a client before he or she enters a community placement, then the person centered service plan must also identify and authorize this training.

(iii) When reviewing placement options, the department must consider the safety of other residents, as well as the safety of staff, in a facility. An initial evaluation of each placement, including any documented safety concerns, must occur within thirty days of a client leaving one of the state psychiatric hospitals and entering one of the community placement options described in (i)(i) of this subsection. At a minimum, the department must perform two additional evaluations of each placement during the first year that a client has lived in the facility.

(iv) In developing bed capacity, the department shall consider the complex needs of individuals waiting for discharge from the state psychiatric hospitals.

(j) $1,029,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for state-operated behavioral health group training homes for clients with developmental disabilities who require a short-term placement for crisis stabilization following a hospital stay. The developmental disabilities administration shall research and assess options to claim federal medicaid funds for state-operated behavioral health group training homes and report its findings to the governor and appropriate legislative committees by December 1, 2019.

(k) $605,000 of the general fund—state appropriation for fiscal year 2020, $1,627,000 of the general fund—state appropriation for fiscal year 2021, and $385,000 of the general fund—state appropriation are provided solely to assist home care agencies with implementing electronic visit verification systems that are compliant with the federal 21st century cures act no later than January 1, 2020.

(l) $20,243,000 of the general fund—state appropriation for fiscal year 2020, $424,000 of the general fund—state appropriation for fiscal year 2021, and $10,444,000 of the general fund—federal appropriation are provided solely for the implementation of an agreement reached between the governor and the adult family home council under the provisions of chapter 41.56 RCW for the 2019-2021 fiscal biennium.

(m) $63,000 of the general fund—state appropriation for fiscal year 2020, $4,757,000 of the general fund—state appropriation for fiscal year 2021, and $106,000 of the general fund—federal appropriation are provided solely to increase rates for assisted living facility providers consistent with chapter 225, Laws of 2018 (SHB 2515) and for a rate add-on to providers that serve fifty percent or more medicaid clients.

(n) $401,000 of the general fund—state appropriation for fiscal year 2020, $600,000 of the general fund—state appropriation for fiscal year 2021, and $100,000 of the general fund—federal appropriation are provided solely to increase rates for assisted living facility providers consistent with chapter 225, Laws of 2018 (SHB 2515) and for a rate add-on to providers that serve sixty percent or more medicaid clients.

(o) $193,000 of the general fund—state appropriation for fiscal year 2020, $385,000 of the general fund—state appropriation for fiscal year 2021, and $654,000 of the general fund—federal appropriation are provided solely for a ten percent rate increase, effective January 1, 2020, for nurse delegation, private duty nursing, and supported living nursing services.

(p) $3,490,000 of the general fund—local appropriation and $3,490,000 of the general fund—federal appropriation are provided solely to implement Senate Bill No. 5359 (residential services and supports). The annual certification renewal fee for community residential service businesses is $847 per client in fiscal year 2020 and $859 per client in fiscal year 2021. The annual certification renewal fee may not exceed the department’s annual licensing and oversight activity costs.

(q) $13,000 of the general fund—state appropriation for fiscal year 2020, $20,000 of the general fund—state appropriation for fiscal year 2021, and $23,000 of the general fund—federal appropriation are provided solely to implement chapter 70, Laws of 2019 (SHB 1199).

(r) $153,000 of the general fund—state appropriation for fiscal year 2020, $356,000 of the general fund—state appropriation for fiscal year 2021, and $643,000 of the general fund—federal appropriation are provided solely to increase rates for assisted living facility providers consistent with chapter 225, Laws of 2018 (SHB 2515) and for a rate add-on to providers that serve sixty percent or more medicaid clients.

(s) $193,000 of the general fund—state appropriation for fiscal year 2020, $385,000 of the general fund—state appropriation for fiscal year 2021, and $654,000 of the general fund—federal appropriation are provided solely for a ten percent rate increase, effective January 1, 2020, for nurse delegation, private duty nursing, and supported living nursing services.

(t) $3,490,000 of the general fund—local appropriation and $3,490,000 of the general fund—federal appropriation are provided solely to implement Senate Bill No. 5359 (residential services and supports). The annual certification renewal fee for community residential service businesses is $847 per client in fiscal year 2020 and $859 per client in fiscal year 2021. The annual certification renewal fee may not exceed the department’s annual licensing and oversight activity costs.

(u) The appropriations in this section include sufficient funding to implement Second Substitute Senate Bill No. 5672 (adult family homes specialty services).
(v) $100,000 of the general fund—state appropriation for fiscal year 2020, $95,000 of the general fund—state appropriation for fiscal year 2021, and $195,000 of the general fund—federal appropriation are provided solely for discharge case managers stationed at the state psychiatric hospitals. Discharge case managers will transition clients ready for hospital discharge into less restrictive alternative community placements. The transition of clients ready for discharge will free up bed capacity at the state psychiatric hospitals.

(w) $4,886,000 of the general fund—state appropriation for fiscal year 2020, $7,150,000 of the general fund—state appropriation for fiscal year 2021, and $11,894,000 of the general fund—federal appropriation are provided solely to complete the three-year phase in of forty-seven clients from residential habilitation centers to state operated living alternatives.

(x) $2,279,000 of the general fund—state appropriation for fiscal year 2020, $2,279,000 of the general fund—state appropriation for fiscal year 2021, and $4,558,000 of the general fund—federal appropriation are provided solely for additional staffing resources for the transition of clients living in the intermediate care facilities at Rainier school, Fircrest school, and Lakeland village to state operated living alternatives to address deficiencies identified by the centers for medicare and medicaid services.

(y) $51,000 of the general fund—state appropriation for fiscal year 2020, $108,000 of the general fund—state appropriation for fiscal year 2021, and $203,000 of the general fund—federal appropriation are provided solely to increase the administrative rate for home care agencies by five cents per hour effective July 1, 2019, and by an additional five cents per hour effective July 1, 2020.

(z) $1,798,000 of the general fund—state appropriation for fiscal year 2020, $2,422,000 of the general fund—state appropriation for fiscal year 2021, and $4,219,000 of the general fund—federal appropriation are provided solely for state-operated living alternative homes.

(i) Of the amounts provided in this subsection, $480,000 of the general fund—state appropriation for fiscal year 2020, $646,000 of the general fund—state appropriation for fiscal year 2021, and $1,125,000 of the general fund—federal appropriation are provided solely to place residents in transition from the Rainier PAT A intermediate care facility.

(ii) Of the amounts provided in this subsection, $420,000 of the general fund—state appropriation for fiscal year 2020, $565,000 of the general fund—state appropriation for fiscal year 2021, and $985,000 of the general fund—federal appropriation are provided solely to place developmental disability administration clients upon discharge from a hospital stay when the clients' previous providers are unable to manage the clients' care needs.

(aa) $75,000 of the general fund—state appropriation for fiscal year 2021 and $96,000 of the general fund—federal appropriation are provided solely to implement House Bill No. 2380 (home care agencies). If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(bb) $60,000 of the general fund—state appropriation for fiscal year 2020, $120,000 of the general fund—state appropriation for fiscal year 2021, and $120,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Substitute Senate Bill No. 6419 (habilitation center clients). If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(cc) $145,000 of the general fund—state appropriation for fiscal year 2020, $146,000 of the general fund—state appropriation for fiscal year 2021, and $214,000 of the general fund—federal appropriation are provided solely to review the no-paid services caseload pursuant to Engrossed Substitute Senate Bill No. 6040 (developmental disability budgeting).

(vi) The insurance commissioner or his or her designee, who shall serve as an ex officio member; and

(vii) Other agency directors or designees as necessary.

(b) The committee must make recommendations and continue to identify key strategic actions to prepare for the aging of the population in Washington, including state budget and policy options, and may conduct, but are not limited to, the following tasks:

(i) Identify strategies to better serve the health care needs of an aging population and people with disabilities to promote healthy living and palliative care planning;
less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) No more than $2,525,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the Medicaid transformation demonstration waiver under under healthier Washington. Under this initiative, the department and the health care authority shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its providers third party administrator. The department and the authority in consultation with the Medicaid forecast work group shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The department shall not increase general fund—state expenditures under this initiative. The secretary in cooperation with the director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes.

The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(16) $13,303,000 of the general fund—state appropriation for fiscal year 2020, $15,891,000 of the general fund—state appropriation for fiscal year 2021, and $36,390,000 of the general fund—federal appropriation are provided solely for the implementation of an agreement reached between the governor and the adult family home council under the provisions of chapter 41.56 RCW for the 2019-2021 fiscal biennium.

(17) $40,000 of the general fund—state appropriation for fiscal year 2020, $40,000 of the general fund—state appropriation for fiscal year 2021, and $80,000 of the general fund—federal appropriation are provided solely for the department, in partnership with the department of health and the health care authority, to assist a collaborative public-private entity with implementation of recommendations in the state plan to address Alzheimer's disease and other dementias.

(18) $428,000 of the general fund—state appropriation for fiscal year 2020, $1,761,000 of the general fund—state appropriation for fiscal year 2021, and $2,520,000 of the general fund—federal appropriation are provided solely for case managers at the area agencies on aging to coordinate care for Medicaid clients with mental illness who are living in their own homes. Work shall be accomplished within existing standards for case management and no requirements will be added or modified unless by mutual agreement between the department of social and health services and area agencies on aging.

(19) $117,000 of the general fund—state appropriation for fiscal year 2020 and $116,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to contract with an organization to provide educational materials, legal services, and attorney training to support persons with dementia. The funding provided in this subsection must be used for:

(a) An advance care and legal planning toolkit for persons and families living with dementia, designed and made available online and in print. The toolkit should include educational topics including, but not limited to:

(i) The importance of early advance care, legal, and financial planning;

(ii) The purpose and application of various advance care, legal, and financial documents;

(iii) Dementia and capacity;

(iv) Long-term care financing considerations;

(v) Elder and vulnerable adult abuse and exploitation;

(vi) Checklists such as "legal tips for caregivers," "meeting with an attorney," and "life and death planning;"

(vii) Standardized forms such as general durable power of attorney forms and advance health care directives; and

(viii) A selected list of additional resources.

(b) Webinars about the dementia legal and advance care planning toolkit and related issues and topics with subject area experts. The subject area expert presenters must provide their services in-kind, on a volunteer basis.

(c) Continuing legal education programs for attorneys to advise and assist persons with dementia. The continuing education programs must be offered at no cost to attorneys who make a commitment to participate in the pro bono program.

(d) Administrative support costs to develop intake forms and protocols, perform client intake, match participating attorneys with eligible clients statewide, maintain records and data, and produce reports as needed.

(20) $18,000 of the traumatic brain injury account—state appropriation is provided solely to implement Substitute House Bill No. 1532 (domestic violence TBIs).

(21) $543,000 of the general fund—state appropriation for fiscal year 2020, $495,000 of the general fund—state appropriation for fiscal year 2021, and $1,038,000 of the general fund—federal appropriation are provided solely to begin implementing an asset verification system that is compliant with the federal Medicaid extenders act by January 1, 2021 and is subject to the conditions, limitation, and review provided in section 701 of this act. Of the amounts provided in this subsection, $75,000 of the general fund—state appropriation in fiscal year 2020 and $75,000 of the general fund—federal appropriation are provided solely for feasibility study of information technology solutions for an asset verification system. The feasibility study shall consider the department's existing case management systems that may be required to interface with the asset verification system. The department shall work with the health care authority to develop a long-term strategy for an asset verification system that complies with federal requirements, maximizes efficient use of staff time, supports accurate client financial eligibility determinations, and incorporates relevant findings from the feasibility study, and shall report its findings and recommendation to the governor and appropriate legislative committees no later than December 1, 2019.

(22) $2,937,000 of the long-term services and supports trust account—state appropriation is provided solely to implement Second Substitute House Bill No. 1087 (long-term services and support). Of the amounts provided in this subsection, $717,000 is provided solely for a contract with the state actuary.

(23) $3,237,000 of the general fund—state appropriation for fiscal year 2020, $2,459,000 of the general fund—state appropriation for fiscal year 2021, and $6,215,000 of the general fund—federal appropriation are provided solely to assist home care agencies with implementing electronic visit verification systems that are compliant with the federal 21st century cures act no later than January 1, 2020.

(24) $772,000 of the general fund—state appropriation for fiscal year 2020, $1,455,000 of the general fund—state appropriation for fiscal year 2021, and $2,469,000 of the general fund—federal appropriation are provided solely for a ten percent rate increase, effective January 1, 2020, for in-home skilled nursing services, nurse delegation, in-home private duty nursing, and adult family home private duty nursing.

(25) $3,353,000 of the general fund—local appropriation and $1,055,000 of the general fund—federal appropriation are provided solely to implement Senate Bill No. 5359 (residential
services and supports). The annual certification renewal fee for community residential service businesses is $847 per client in fiscal year 2020 and $859 per client in fiscal year 2021. The annual certification renewal fee may not exceed the department’s annual licensing and oversight activity costs.

(26) $17,481,000 of the general fund—state appropriation for fiscal year 2020, $28,471,000 of the general fund—state appropriation for fiscal year 2021, and $41,031,000 of the general fund—federal appropriation are provided solely to continue community alternative placement beds that prioritize the transition of clients who are ready for discharge from the state psychiatric hospitals, but who have additional long-term care or developmental disability needs.

(a) Community alternative placement beds include enhanced service facility beds, adult family home beds, skilled nursing facility beds, shared supportive housing beds, state operated living alternative beds, assisted living facility beds, and specialized dementia beds.

(b) Each client must receive an individualized assessment prior to leaving one of the state psychiatric hospitals. The individualized assessment must identify and authorize personal care, nursing care, behavioral health stabilization, physical therapy, or other necessary services to meet the unique needs of each client. It is the expectation that, in most cases, staffing ratios in all community alternative placement options described in (a) of this subsection will need to increase to meet the needs of clients leaving the state psychiatric hospitals. If specialized training is necessary to meet the needs of a client before he or she enters a community placement, then the person centered service plan must also identify and authorize this training.

(c) When reviewing placement options, the department must consider the safety of other residents, as well as the safety of staff, in a facility. An initial evaluation of each placement, including any documented safety concerns, must occur within thirty days of a client leaving one of the state psychiatric hospitals and entering one of the community placement options described in (a) of this subsection. At a minimum, the department must perform two additional evaluations of each placement during the first year that a client has lived in the facility.

(d) In developing bed capacity, the department shall consider the complex needs of individuals waiting for discharge from the state psychiatric hospitals.

(27) $1,344,000 of the general fund—state appropriation for fiscal year 2020 and $1,344,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the kinship care support program.

(28) $306,000 of the general fund—state appropriation for fiscal year 2020, $317,000 of the general fund—state appropriation for fiscal year 2021, and $794,000 of the general fund—federal appropriation are provided solely to increase the administrative rate for home care agencies by five cents per hour effective July 1, 2019.

(29) $94,000 of the general fund—state appropriation for fiscal year 2020 and $94,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to establish a pilot project to provide personal care services to homeless seniors and persons with disabilities from the time the person presents at a shelter to the time the person becomes eligible for medicaid personal care services.

(a) The department shall contract with a single nonprofit organization that provides personal care services to homeless persons and operates a twenty-four hour homeless shelter, and that is currently partnering with the department to bring medicaid personal care services to homeless seniors and persons with disabilities.

(b) The department shall submit a report by December 1, 2020, to the governor and appropriate legislative committees. The report shall address findings and outcomes of the pilot and recommendations.

(30) $3,669,000 of the general fund—state appropriation for fiscal year 2020, $8,543,000 of the general fund—state appropriation for fiscal year 2021, and $15,434,000 of the general fund—federal appropriation are provided solely to increase rates for assisted living facility providers consistent with chapter 225, Laws of 2018 (SHB 2515) and to provide a rate add-on to providers that serve sixty percent or more medicaid clients.

(31) $375,000 of the general fund—state appropriation for fiscal year 2020, $637,000 of the general fund—state appropriation for fiscal year 2021, and $1,016,000 of the general fund—federal appropriation are provided solely to increase rates for adult day health and adult day care providers effective July 1, 2019, and to increase rates by 6 percent effective July 1, 2020.

(32) The appropriations in this section include sufficient funding for the implementation of Second Substitute Senate Bill No. 5672 (adult family homes specialty services).

(33) No later than December 31, 2021, the department of social and health services and the health care authority shall submit a waiver request to the federal department of health and human services to authorize presumptive medicaid eligibility determinations for clients preparing for acute care hospital discharge who may need long-term services and supports. The department and the authority shall hold stakeholder discussions, including opportunities for public review and comment, during development of the waiver request. Upon submission of the waiver request, the department and the authority shall submit a report to the governor and the appropriate legislative committees that describes the request and identifies any statutory changes that may be necessary if the federal government approves the request.

(34) $439,000 of the general fund—state appropriation for fiscal year 2021 and $559,000 of the general fund—federal appropriation are provided solely to implement House Bill No. 2380 (home care agencies). (If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(35) The appropriations in this section include sufficient funding to implement Engrossed Substitute House Bill No. 1023 (adult family homes/8 beds). A nonrefundable fee of $455 shall be charged for each application to increase bed capacity at an adult family home to seven or eight beds.

(36) $77,000 of the general fund—state appropriation for fiscal year 2021 and $76,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute Senate Bill No. 6205 (long-term care workers). If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(37) $17,000 of the general fund—state appropriation for fiscal year 2021 and $12,000 of the general fund—federal appropriation is provided solely for a cost of living adjustment to the personal needs allowance pursuant to RCW 74.09.340.

(38) The department of social and health services must claim the enhanced federal medical assistance participation rate for home and community-based services offered under section 9817 of the American rescue plan act of 2021 (ARPA). Appropriations made that constitute supplementation of home and community-based services as defined in section 9817 of ARPA are listed in LEAP omnibus document HCBS-2021.

(39) $21,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the department to begin phasing in personal care services for up to 20 clients who are not United States citizens and who are ineligible for medicaid upon their discharge from an acute care hospital. The department must
prioritize the funding provided in this subsection for such clients in acute care hospitals who are also on the department's wait list for services.

(i) (($265,980,000)) $294,745,000 of the amounts in (a) of this subsection is for WorkFirst job search, education and training activities, barrier removal services, limited English proficiency services, and tribal assistance under RCW 74.08A.040. The department shall implement the working family support program.

(ii) (($137,723,000)) $133,196,000 of the amounts provided in this subsection (1)(c) is for enhanced transportation assistance. The department must prioritize the use of these funds for the recipients most in need of financial assistance to facilitate their return to work. The department must not utilize these funds to supplant repayment arrangements that are currently in place to facilitate the reinstatement of drivers' licenses.

(iii) Of the amounts in (a) of this subsection, $864,000 of the general fund—state appropriation for fiscal year 2020 and $649,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for implementation of Second Substitute House Bill No. 1603 (economic assistance programs).

(d) Of the amounts in (a) of this subsection, $353,402,000 of the general fund—federal appropriation is for the working connections child care program under RCW 43.216.020 within the department of children, youth, and families. The department is the lead agency for and recipient of the federal temporary assistance for needy families grant. A portion of this grant must be used to fund child care subsidies expenditures at the department of children, youth, and families. The department shall work in collaboration with the department of children, youth, and families to track the average monthly child care subsidy caseload and expenditures by fund type including the child care development fund, general fund—state, and the temporary assistance for needy families grant for the purpose of estimating the monthly temporary assistance for needy families grant reimbursement.

(e) Of the amounts in (a) of this subsection, $68,496,000 of the general fund—federal appropriation is for child welfare services within the department of children, youth, and families.

(f)(i) (($137,723,000)) $133,196,000 of the amounts in (1)(a) of this section is for WorkFirst administration and overhead.

(ii) Of the amounts in (a) of this subsection, $218,000 of the general fund—state appropriation for fiscal year 2020 and $39,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for implementation of Second Substitute House Bill No. 1603 (economic assistance programs).

(iii) Of the amount in (f) of this subsection, $284,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the implementation of Second Substitute Senate Bill No. 6478 (economic assistance programs). ((If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.))

(iv) Of the amount in (f) of this subsection, $291,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the implementation of Substitute House Bill No. 2441 (TANF access). ((If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.))

(g) The amounts in subsections (1)(b) through (e) of this section shall be expended for the programs and in the amounts specified. However, the department may transfer up to ten percent of funding between subsections (1)(b) through (f) of this section. The department shall provide notification prior to any transfer to the office of financial management and to the appropriate legislative committees and the legislative-executive WorkFirst poverty reduction oversight task force. The approval of the director of financial management is required prior to any transfer under this subsection.
(h) Each calendar quarter, the department shall provide a maintenance of effort and participation rate tracking report for temporary assistance for needy families to the office of financial management, the appropriate policy and fiscal committees of the legislature, and the legislative-executive WorkFirst poverty reduction oversight task force. The report must detail the following information for temporary assistance for needy families:

(i) An overview of federal rules related to maintenance of effort, excess maintenance of effort, participation rates for temporary assistance for needy families, and the child care development fund as it pertains to maintenance of effort and participation rates;
(ii) Countable maintenance of effort and excess maintenance of effort, by source, provided for the previous federal fiscal year;
(iii) Countable maintenance of effort and excess maintenance of effort, by source, for the current fiscal year, including changes in countable maintenance of effort from the previous year;
(iv) The status of reportable federal participation rate requirements, including any impact of excess maintenance of effort on participation targets;
(v) Potential new sources of maintenance of effort and progress to obtain additional maintenance of effort;
(vi) A two-year projection for meeting federal block grant and contingency fund maintenance of effort, participation targets, and future reportable federal participation rate requirements; and
(vii) Proposed and enacted federal law changes affecting maintenance of effort or the participation rate, what impact these changes have on Washington's temporary assistance for needy families program, and the department's plan to comply with these changes.
(j) In the 2019-2021 fiscal biennium, it is the intent of the legislature to provide appropriations from the state general fund for the purposes of (b) through (f) of this subsection if the department does not receive additional federal temporary assistance for needy families contingency funds in each fiscal year as assumed in the budget outlook.
(2) $2,545,000 of the general fund—state appropriation for fiscal year 2020 and $2,546,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for naturalization services.
(3) $2,366,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for employment services for refugees and immigrants, of which $1,774,000 is provided solely for the department to pass through to statewide refugee and immigrant assistance organizations for limited English proficiency pathway services; and $2,366,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for employment services for refugees and immigrants, of which $1,774,000 is provided solely for the department to pass through to statewide refugee and immigrant assistance organizations for limited English proficiency pathway services.
(4) On January 1, 2020, and annually thereafter, the department must report to the governor and the legislature on all sources of funding available for both refugee and immigrant services and naturalization services during the current fiscal year and the amounts expended to date by service type and funding source. The report must also include the number of clients served and outcome data for the clients.
(5) To ensure expenditures remain within available funds appropriated in this section, the legislature establishes the benefit under the state food assistance program, pursuant to RCW 74.08A.120, to be one hundred percent of the federal supplemental nutrition assistance program benefit amount.
(6) The department shall review clients receiving services through the aged, blind, or disabled assistance program, to determine whether they would benefit from assistance in becoming naturalized citizens, and thus be eligible to receive federal supplemental security income benefits. Those cases shall be given high priority for naturalization funding through the department.
(7)(a) $3,682,000 of the general fund—state appropriation for fiscal year 2020((($2,311,000 of the general fund—state appropriation for fiscal year 2021)) and ($10,333,000)) $7,485,000 of the general fund—federal appropriation are provided solely for the continuation of the ESAR project and implementation of a disaster recovery plan.

Sec. 1110. 2020 c 357 s 210 (uncodified) is amended to read as follows:

FOR THE STATE HEALTH CARE AUTHORITY

During the 2019-2021 fiscal biennium, the health care authority shall provide support and data as required by the office of the state actuary in providing the legislature with health care actuarial information, including providing any information in the possession of the health care authority or available to the health care authority through contracts with providers, plans, insurers, consultants, or any other entities contracting with the health care authority.

Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the health care authority are subject to technical oversight by the office of the chief information officer.

The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (1) The status of any information technology projects currently being developed or implemented that affect the coalition; (2) funding needs of these current and future information technology projects; and (3) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in section 701 of this act.

The appropriations to the health care authority in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ((2020)) 2021, unless prohibited by this act, the authority may transfer general fund—state appropriations for fiscal year ((2020)) 2021 among programs after approval by the director of the office of financial management. To the extent that appropriations in sections 211 through 215 are insufficient to fund actual expenditures in excess of caseload forecast and utilization assumptions or for expenses in response to the COVID-19 pandemic, the authority may transfer general fund—state appropriations for fiscal year ((2020)) 2021 that are provided solely for a specified purpose. The authority may also transfer general fund—state appropriations for fiscal year 2020 that are provided solely for a specified purpose within section 215 of this act to cover any deficits in section 215 of this act resulting from assumptions related to the return of $35,000,000 in general fund—state behavioral health organization reserves in fiscal year 2020 or for expenses in response to the COVID-19 pandemic in fiscal year 2021. The authority may not transfer funds, and the director of the office of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this section. The written notification must include a narrative explanation and justification of changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications and transfers.

Sec. 1111. 2020 c 357 s 211 (uncodified) is amended to read as follows:

$4,581,000

TOTAL APPROPRIATION .......................................................... (($18,172,295,000))
$18,879,625,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The authority shall not accept or expend any federal funds received under a Medicaid transformation waiver under Healthier Washington except as described in subsections (2) and (3) of this section until specifically approved and appropriated by the legislature. To ensure compliance with legislative directive budget requirements and terms and conditions of the waiver, the authority shall implement the waiver and reporting requirements with oversight from the office of financial management. The legislature finds that appropriate management of the innovation waiver requires better analytic capability, transparency, consistency, timeliness, accuracy, and lack of redundancy with other established measures and that the patient must be considered first and foremost in the implementation and execution of the demonstration waiver. In order to effectuate these goals, the authority shall: (a) Require the Dr. Robert Breeze collaborative and the health technology assessment program to reduce the administrative burden upon providers by only requiring performance measures that are nonduplicative of other nationally established measures. The joint select committee on health care oversight will evaluate the measures chosen by the collaborative and the health technology assessment program for effectiveness and appropriateness; (b) develop a patient satisfaction survey with the goal to gather information about whether it was beneficial for the patient to use the center of excellence location in exchange for additional out-of-pocket savings; (c) ensure patients and health care providers have significant input into the implementation of the demonstration waiver, in order to ensure improved patient health outcomes; and (d) in cooperation with the department of social and health services, consult with and provide notification of work on applications for federal waivers, including details on waiver duration, financial implications, and potential future impacts on the state budget, to the joint select committee on health care oversight prior to submitting waivers for federal approval. By federal standard, the Medicaid transformation demonstration waiver shall not exceed the duration originally granted by the centers for Medicare and Medicaid services and any programs created or funded by this waiver do not create an entitlement. Beginning May 15, 2019, and continuing through December 15, 2019, by the 15th of each month, the director in consultation with the secretary shall report to the fiscal chair of the appropriate committees of the legislature in the manner and form requested the status of the Medicaid transformation waiver, including any anticipated or proposed changes to accruals or expenditures.

(2) No more than (($152,357,000)) $165,082,000 of the general fund—federal appropriation and no more than (($86,190,000)) $112,949,000 of the general fund—local appropriation may be expended for transformation through accountable communities of health described in initiative 1 of the Medicaid transformation demonstration waiver under Healthier Washington, including preventing youth drug use, opioid prevention and treatment, and physical and behavioral health integration. Under this initiative, the authority shall take into account local input regarding community needs. In order to ensure transparency to the appropriate fiscal committees of the legislature, the authority shall provide fiscal staff of the legislature query ability into any database of the fiscal intermediary that authority staff would be authorized to access. The authority shall not increase general fund—state expenditures under this initiative. The director shall also report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees. By December 15, 2019, the authority in collaboration with each accountable community of health shall demonstrate how it will be self-sustaining by the end of the demonstration waiver period, including sources of outside funding, and provide this reporting to the joint select committee on health care oversight. If by the third year of the demonstration waiver there are not measurable, improved patient outcomes and financial returns, the Washington state institute for public policy will conduct an audit of the accountable communities of health, in addition to the process set in place through the independent evaluation required by the agreement with centers for Medicare and Medicaid services.

(3) (a) No more than (($270,829,000)) $67,896,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the Medicaid transformation demonstration waiver under Healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its third party administrator. The authority and the department in consultation with the Medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) No more than (($89,476,000)) $105,283,000 of the general fund—federal appropriation and no more than (($36,548,000)) $43,004,000 of the general fund—local appropriation may be expended for the Medicaid quality improvement program. Under federal regulations, the Medicaid quality improvement program is authorized and allows states to design quality improvement programs for the Medicaid population in ways that support the state’s quality goals. Medicaid quality improvement program
payments will not count against initiative 1 of the medicaid transformation demonstration waiver spending limit and are excluded from the waiver’s budget neutrality calculation. Apple health managed care organizations and their partnering providers will receive medicaid quality improvement program payments as they meet designated milestones. Partnering providers and apple health managed care organizations will work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority shall only utilize the medicaid quality improvement program to support the transformation waiver and shall not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not create an entitlement. The authority shall not increase general fund—state, federal, or local expenditures under this program. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. The director shall report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(4) Annually, no later than November 1st, the authority shall report to the governor and appropriate committees of the legislature: (a) Savings attributed to behavioral and physical integration in areas that are scheduled to integrate in the following calendar year, and (b) savings attributed to behavioral and physical health integration and the level of savings achieved in areas that have integrated behavioral and physical health.

(5) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(a)(VIII).

(6) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(7) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(8) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(9) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(10) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicare, using state-only funds to the extent necessary.

(11) $4,261,000 of the general fund—state appropriation for fiscal year 2020, ($4,261,000) $3,733,000 of the general fund—state appropriation for fiscal year 2021, and ($8,522,000) $9,050,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(12) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children’s health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(13)(a) $7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(b) The authority, in consultation with the department of social and health services and the nursing homes operated by public hospitals in (a) of this subsection, must develop a plan with recommendations for an upper payment limit calculation and the supplemental payment model for nursing homes operated by a public hospital district. The group must consider how to restructure payments under (a) of this subsection, taking into consideration alternate upper payment limit calculation. If upon completion of the plan, the authority determines it can implement the recommendations of the group within the amounts provided in (a) of this subsection, the authority must submit a state plan amendment, if necessary, and submit a report to the fiscal committees of the legislature no later than September 30, 2020.

(c) $193,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the authority to provide a one-time grant to a standalone skilled nursing facility operated by a public hospital district in Grant county. This grant is provided as a one-time offset to address the impact of the recoupment requirements of this subsection (13).

(14) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2019-2021 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2020, and by November 1, 2021, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2020 and fiscal year 2021, hospitals in the program
shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2019-2021 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. $759,000 of the general fund—state appropriation for fiscal year 2020 and ($740,000) $698,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for state grants for the participating hospitals.

(15) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(16) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(17) The authority shall submit reports to the governor and the legislature by September 15, 2020, and no later than September 15, 2021, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

(18) Managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

(19) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit.

(20) The health care authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(21) To facilitate a single point of entry across public and managed care organizations at the request of a rural health clinic eligible under the medicaid state plan for encounter payments, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The health care authority shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for medical assistance benefits.

(22) $90,000 of the general fund—state appropriation for fiscal year 2020, $90,000 of the general fund—state appropriation for fiscal year 2021, and $180,000 of the general fund—federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

(23) Within the amounts appropriated in this section, the authority shall reimburse for primary care services provided by naturopathic physicians.

(24) Within the amounts appropriated in this section, the authority shall continue to provide coverage for pregnant teens that qualify under existing pregnancy medical programs, but whose eligibility for pregnancy related services would otherwise end due to the application of the new modified adjusted gross income eligibility standard.

(25) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the classic medicaid benefit plan.

(26) The authority shall use revenue appropriated from the dedicated marijuana fund for contracts with community health centers under RCW 69.50.540 in lieu of general fund—state payments to community health centers for services provided to medical assistance clients, and it is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(27) Beginning no later than January 1, 2018, for any service eligible under the medicaid state plan for encounter payments, managed care organizations at the request of a rural health clinic shall pay the full published encounter rate directly to the clinic. At no time will a managed care organization be at risk for or have any right to the supplemental portion of the claim. Payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority.

(28) Sufficient funds are provided for the authority to remove payment and billing limitations identified during the review process required for implementation of chapter 226, Laws of 2017 (behavioral health care—primary care integration) for health and behavior codes, psychotherapy codes, and to continue to offer
The authority must submit a report with final recommendations and a proposed implementation timeline to the appropriate committees of the legislature by November 30, 2019. The work group must consider the following when developing the new payment methodology:

(a) Reimbursement for telemedicine;
(b) Reimbursement for social work for clients with behavioral health needs;
(c) An additional add-on for services in rural or underserved areas;
(d) Quality metrics for home health providers serving medical assistance clients including reducing hospital readmission;
(e) The role of home health in caring for individuals with complex, physical, and behavioral health needs who are able to receive care in their own home, but are unable to be discharged from hospital settings; and
(f) Partnerships between home health and other community resources that enable individuals to be served in a cost-effective setting that also meets the individual's needs and preferences.

$969,000 of the general fund—state appropriation for fiscal year 2020, $2,607,000 of the general fund—state appropriation for fiscal year 2021, and $1,268,000 of the general fund—federal appropriation are provided solely for medication interaction services through the Washington state poison center.
medically intensive children's program clients who reside in a group home setting. This rate increase begins on January 1, 2020.

((44))) (39) $439,000 of the general fund—state appropriation for fiscal year 2020 and $519,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to implement Engrossed Substitute Senate Bill No. 5526 (individual health insurance market).

((44))) (40) $22,000 of the general fund—state appropriation for fiscal year 2020, $159,000 of the general fund—state appropriation for fiscal year 2021, and $181,000 of the general fund—federal appropriation are provided solely to implement Substitute House Bill No. 1199 (health care/disability).

((42))) (41) $290,000 of the general fund—state appropriation for fiscal year 2020 and $463,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to implement Engrossed Substitute Senate Bill No. 1224 (Rx drug cost transparency) with up to an additional year for initial reporting due within the 2019-2021 fiscal biennium.

((44))) (42) $1,053,000 of the general fund—state appropriation for fiscal year 2020 and $2,222,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to implement Engrossed Substitute Senate Bill No. 5741 (all payer claims database).

((44))) (43) $2,374,000 of the general fund—state appropriation for fiscal year 2020 and $2,374,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the kidney disease program.

((45))) (44) The authority shall work with the department of health, other state agencies, and other hepatitis C virus medication purchasers to establish a comprehensive procurement strategy. As part of this work, the authority shall estimate, by program, any savings that will result from lower medication costs. It is the intent of the legislature to evaluate reinvesting any savings to expand treatment for individuals enrolled in state covered groups and to further the public health elimination effort during the 2020 legislative session. By October 31, 2019, the authority and department shall report to the governor and relevant committees of the legislature on:

(a) The progress of the procurement;
(b) The estimated savings resulting from lower medication costs;
(c) Funding needed for public health interventions to eliminate the hepatitis C virus;
(d) The current status of treatment; and
(e) A plan to implement the elimination effort.

((44))) (45) $50,000 of the general fund—state appropriation for fiscal year 2020 and $533,000 for fiscal year 2021 are provided solely for implementation of Engrossed Senate Bill No. 5274 (Pacific islanders dental). Open enrollment periods and special enrollment periods must be consistent with the enrollment periods for the COFA dental program, through the health benefit exchange, and program administration must be consistent with the Pacific Islander medical program. The first open-enrollment period for the COFA dental program must begin no later than November 1, 2020. The dental services must be consistent with the adult Medicaid dental coverage, including state payment of premiums, out-of-pocket costs for covered benefits under the qualified dental plan, and costs for noncovered qualified dental plan benefits consistent with, but not to exceed, the Medicaid adult dental coverage.

((44))) (46) During the 2019-2021 biennium, sufficient amounts are provided in this section for the authority to provide services identical to those services covered by the Washington state family planning waiver program as of August 2018 to individuals who:

(a) Are over nineteen years of age;
(b) Are at or below two hundred and sixty percent of the federal poverty level as established in WAC 182-505-0100;
(c) Are not covered by other public or private insurance; and
(d) Need family planning services and are not currently covered by or eligible for another medical assistance program for family planning.

((45)) (47) $228,000 of the general fund—state appropriation for fiscal year 2020 and $754,000 of the general fund—federal appropriation are provided solely for the implementation of Senate Bill No. 5415 (Indian health improvement).

((44)) (48) $3,150,000 of the general fund—state appropriation for fiscal year 2020 and $3,500,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to reimburse dental health aid therapists for services performed in tribal facilities for Medicaid clients. The authority must leverage any federal funding that may become available as a result of appeal decisions from the centers for Medicare and Medicaid services.

((44)) (49) Sufficient amounts are appropriated within this section for the authority to incorporate the expected outcomes and criteria to measure the performance of service coordination organizations as provided in chapter 70.320 RCW into contracts with managed care organizations that provide services to clients. The authority is directed to:

(a) Contract with an external quality improvement organization to annually analyze the performance of managed care organizations providing services to clients under this chapter based on seven performance measures. The analysis required under this subsection must:

(i) Measure managed care performance in four common measures across each managed care organization, including:
   (A) At least one common measure must be weighted towards having the potential to impact managed care costs; and
   (B) At least one common measure must be weighted towards population health management, as defined by the measure; and
   (ii) Measure managed care performance in an additional three quality focus performance measures specific to a managed care organization. Quality focus performance measures chosen by the authority must:
   (A) Be chosen from the statewide common measure set;
   (B) Reflect specific measures where a managed care organization has poor performance; and
   (C) Be substantive and clinically meaningful in promoting health status.
(b) By September 1, 2019, the authority shall set the four common measures to be analyzed across all managed care organizations.
(c) By September 1, 2019, the authority shall set three quality focus performance measures specific to each managed care organization. The authority must determine performance measures for each managed care organization based on the criteria established in (a)(ii) of this subsection.
(d) By September 15, 2019, and annually thereafter, the authority shall notify each managed care organization of the performance measures for the organization for the subsequent plan year.

(e) Beginning in plan year 2020, two percent of the total plan year funding appropriated to each managed care organization that provides services to clients under chapter 70.320 RCW shall be withheld. At least seventy-five percent of the withhold shall be held contingent on each managed care organization's performance on the seven performance measures identified in this section. Each managed care organization may earn back the annual withhold if the external quality improvement organization finds that the managed care organization:
(i) Made statistically significant improvement in the seven performance measures as compared to the preceding plan year; or
(ii) Scored in the top national medicaid quartile of the performance measures.

(f) The amount of withhold annually paid to each managed care organization shall be proportional to findings of statistically significant improvement or top national medicaid quartile scoring by a managed care organization.

(g) For no more than two of the four quality focus performance measures, the authority may use an alternate methodology to approximate top national medicaid quartile performance where top quartile performance data is unavailable.

(h) For the purposes of this subsection, "external quality improvement organization" means an organization that meets the competence and independence requirements under 42 C.F.R. Sec. 438.354, as it existed on the effective date of this section.

(((54))) (50) $1,805,727,000 of the general fund—state appropriation for fiscal year 2020 and $1,876,135,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the authority to implement the recommendations of the centers for medicare and medicaid services center for program integrity as provided to the authority in the January 2019 Washington focused program integrity review final report. The authority is directed to:

(a) Organize all program integrity activities into a centralized unit or under a common protocol addressing provider enrollment, fraud and abuse detection, investigations, and law enforcement referrals that is more reflective of industry standards;

(b) Ensure appropriate resources are dedicated to prevention, detection, investigation, and suspected provider fraud at both the authority and at contracted managed care organizations;

(c) Ensure all required federal regulations are being followed and are incorporated into managed care contracts;

(d) Directly audit managed care encounter data to identify fraud, waste, and abuse issues with managed care organization providers;

(e) Initiate data mining activities in order to identify fraud, waste, and abuse issues with managed care organization providers;

(f) Implement proactive data mining and routine audits of validated managed care encounter data;

(g) Assess liquidated damages to managed care organizations when fraud, waste, or abuse with managed care organization providers is identified;

(h) Require managed care organizations submit accurate reports on overpayments, including the prompt reporting of overpayments identified or recovered, specifying overpayments due to fraud, waste, or abuse;

(i) Implement processes to ensure integrity of data used for rate setting purposes;

(j) Refine payment suspension policies; and

(k) Ensure all federal database exclusion checks are performed at the appropriate intervals. The authority shall update managed care contracts as appropriate to reflect these requirements.

(((52))) (51) $96,130,000 of the general fund—state appropriation for fiscal year 2020 and $100,476,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for fee-for-service dental services. The authority must provide these services through fee-for-service and may not proceed with either a carved-out or carved-in managed care dental option. Any contracts that have been procured or that are in the process of being procured shall not be entered into or implemented. By November 15, 2019, the authority shall report to the governor and appropriate committees of the legislature a plan to improve access to dental services for medicaid clients. This plan should address options for carve-in, carve-out, fee-for-service, and other models that would improve access and outcomes for adults and children. The plan should also include the cost for any options provided.

(((54))) (52) During the 2019-2021 fiscal biennium, the authority must revise its agreements and contracts with vendors to include a provision to require that each vendor agrees to equality among its workers by ensuring similarly employed individuals are compensated as equals as follows:

(a) Employees are similarly employed if the individuals work for the same employer, the performance of the job requires comparable skill, effort, and responsibility, and the jobs are performed under similar working conditions. Job titles alone are not determinative of whether employees are similarly employed;

(b) Vendors may allow differentials in compensation for its workers based in good faith on any of the following:

(i) A seniority system; a merit system; a system that measures earnings by quantity or quality of production; a bona fide job-related factor or factors; or a bona fide regional difference in compensation levels.

(ii) A bona fide job-related factor or factors may include, but not be limited to, education, training, or experience, that is: Consistent with business necessity; not based on or derived from a gender-based differential; and accounts for the entire differential.

(iii) A bona fide regional difference in compensation level must be: Consistent with business necessity; not based on or derived from a gender-based differential; and account for the entire differential.

(c) The provision must allow for the termination of the contract if the authority or department of enterprise services determines that the vendor is not in compliance with this agreement or contract term.

(d) The authority must implement this provision with any new contract and at the time of renewal of any existing contract.

(((54))) (53) The authority is prohibited to direct any funds to safe-injection sites for the illicit use of drugs.

(((55))) (54) $1,400,000 of the general fund—state appropriation for fiscal year 2020, $1,400,000 of the general fund—state appropriation for fiscal year 2021, and $7,000,000 of the general fund—federal appropriation are provided solely to increase the rates paid to rural hospitals that meet the criteria in (a) through (d) of this subsection. Payments for state and federal medical assistance programs for services provided by such a hospital, regardless of the beneficiary's managed care enrollment status, must be increased to one hundred fifty percent of the hospital's fee-for-service rates. The authority must discontinue this rate increase after June 30, 2021, and return to the payment levels and methodology for these hospitals that were in place as of January 1, 2018. Hospitals participating in the certified public expenditures program may not receive increased reimbursement for inpatient services. Hospitals qualifying for this rate increase must:

(a) Be certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013;

(b) Have had less than one hundred fifty acute care licensed beds in fiscal year 2011;

(c) Have a level III adult trauma service designation from the department of health as of January 1, 2014; and

(d) Be owned and operated by the state or a political subdivision.

(((56))) (55) Within the amounts appropriated within this section the authority shall conduct an evaluation of purchasing arrangements and paid claims or encounter data for prescription drugs under managed care contracts for plan years 2017 and 2018 and compare these to contract purchasing agreements under the
same years for the prescription drug consortium and identify any cost differences. The authority shall report its findings to the governor and appropriate committees of the legislature by November 15, 2019.

(((57))) (56) The health care authority is directed to convene a work group on establishing a universal health care system in Washington. $338,000 of the general fund—state appropriation for fiscal year 2020 and $162,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the health care authority to contract with one or more consultants to perform any actuarial and financial analyses necessary to develop options under (b)(vi) of this subsection.

(a) The work group must consist of a broad range of stakeholders with expertise in the health care financing and delivery system, including but not limited to:

(i) Consumers, patients, and the general public;
(ii) Patient advocates and community health advocates;
(iii) Large and small businesses with experience with large and small group insurance and self-insured models;
(iv) Labor, including experience with Taft-Hartley coverage;
(v) Health care providers that are self-employed and health care providers that are otherwise employed;
(vi) Health care facilities such as hospitals and clinics;
(vii) Health insurance carriers;
(viii) The Washington health benefit exchange and state agencies, including the office of financial management, the office of the insurance commissioner, the department of revenue, and the office of the state treasurer; and
(ix) Legislators from each caucus of the house of representatives and senate.

(b) The work group must study and make recommendations to the legislature on how to create, implement, maintain, and fund a universal health care system that may include publicly funded, publicly administered, and publicly and privately delivered health care that is sustainable and affordable to all Washington residents including, but not limited to:

(i) Options for increasing coverage and access for uninsured and underinsured populations;
(ii) Transparency measures across major health system actors, including carriers, hospitals, and other health care facilities, pharmaceutical companies, and provider groups that promote understanding and analyses to best manage and lower costs;
(iii) Innovations that will promote quality, evidence-based practices leading to sustainability, and affordability in a universal health care system. When studying innovations under this subsection, the work group must develop recommendations on issues related to covered benefits and quality assurance and consider expanding and supplementing the work of the Robert Bree collaborative and the health technology assessment program;
(iv) Options for ensuring a just transition to a universal health care system for all stakeholders including, but not limited to, consumers, businesses, health care providers and facilities, hospitals, health carriers, state agencies, and entities representing both management and labor for these stakeholders;
(v) Options to expand or establish health care purchasing in collaboration with neighboring states; and
(vi) Options for revenue and financing mechanisms to fund the universal health care system. The work group shall contract with one or more consultants to perform any actuarial and financial analyses necessary to develop options under this subsection.

(c) The work group must report its findings and recommendations to the appropriate committees of the legislature by November 15, 2020. Preliminary reports with findings and preliminary recommendations shall be made public and open for public comment by November 15, 2019, and May 15, 2020.

((57)) (52) $23,000 of the general fund—state appropriation for fiscal year 2020, $2,000 of the general fund—state appropriation for fiscal year 2021, and $36,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5497 (immigrants in the workplace).

(((58))) (59) $1,667,000 of the general fund—state appropriation for fiscal year 2020, $855,000 of the general fund—state appropriation for fiscal year 2021, and $1,867,000 of the general fund—federal appropriation are provided solely for the Washington rural health access preservation pilot program.

(((60))) (58) $250,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the authority to develop a public-private partnership with a state-based oral health foundation to connect medical patients to dental services and reduce barriers to accessing care. The authority shall submit a progress report to the appropriate committees of the legislature by June 30, 2021.

(b) By August 1, 2020, the authority shall convene representatives from FQHCs participating in the APM4 methodology, the FQHC association, the office of financial management, and fiscal committees of the legislature to evaluate and amend the APM4 model and memorandum of understanding.

(c) The authority in collaboration with the representatives in (b) of this subsection must develop an updated APM4 model and memorandum of understanding that:

(i) Complies with budget neutrality requirements and spending limits as required under the omnibus appropriations act;
(ii) Identifies predictable spending targets;
(iii) Clearly defines quality performance standards for participating FQHCs;
(iv) Requires progressively increasing standards of quality performance for participating FQHCs;
(v) Clearly defines financial performance expectations for participating FQHCs;
(vi) Requires progressively increasing standards of financial performance for participating FQHCs; and
(vii) Requires that reconciliation payments made under APM4 may not fall below the payment level required by the federal law for qualifying face-to-face encounters.

(d) The authority in collaboration with the office of financial management and representatives from fiscal committees of the legislature shall conduct an evaluation of the APM4 model to determine its cost effectiveness and impact on patient outcomes and report its findings and recommendations to the appropriate committees of the legislature by November 15, 2022.

(e) The authority shall not enter into any future value-based arrangements with federally qualified health centers or rural health clinics prior to receiving approval from the office of financial management and the appropriate committees of the legislature.

(f) The authority shall require all managed care organizations to provide information to the authority to account for all payments to FQHCs to include how payments are made, including any additional payments and whether there is a sub-capitation arrangement or value-based purchasing arrangement.

(g) Beginning with fiscal year 2021 and for each subsequent year thereafter, the authority shall reconcile on an annual basis with FQHCs contracting under APM4.
(h) Beginning with fiscal year 2021 and for each subsequent year thereafter, the authority shall properly accrue for any anticipated reconciliations with FQHCs contracting under APM4 during the fiscal year close process following generally accepted accounting practices.

(((64))) (61) $70,000 of the general fund—state appropriation for fiscal year 2021 is provided solely to implement Engrossed House Bill No. 2755 (air ambulance cost transp.). (If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.

(64)) (62) $611,000 of the general fund—state appropriation for fiscal year 2021 is provided solely to implement Second Substitute House Bill No. 2457 (health care cost board). (If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.

(65)) (63) $259,000 of the general fund—state appropriation for fiscal year 2021 is provided solely to implement Second Substitute House Bill No. 2662 (total cost of insulin). (If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.

(66)) (64) The health care authority shall submit a state plan amendment to the centers for medicare and medicaid services to maintain children's health insurance program coverage as secondary payer for eligible child dependents of employees eligible for school employee or public employee benefit coverage. The intent of the legislature for this option is to provide children the best access to health care coverage while prioritizing efficient use of state funds. No later than October 15, 2020, the authority shall report to the fiscal committees of the legislature and the office of financial management on the status of the state plan amendment and the impact to the state. The health care authority shall implement the amendment in calendar year 2020, once approved by the centers for medicare and medicaid services.

(((67))) (65) $250,000 of the general fund—state appropriation for fiscal year 2020, $250,000 of the general fund—state appropriation for fiscal year 2021, and $500,000 of the general fund—federal appropriation are provided solely to increase the rates paid to provide education and clinical training for dental professionals and students in the care of persons with developmental or acquired disabilities, or both.

(((68))) (66) $510,000 of the general fund—state appropriation for fiscal year 2021 and $76,000 of the general fund—federal appropriation are provided solely for the authority to collaborate with the University of Washington department of psychiatry and behavioral sciences and Seattle children's hospital to extend the partnership access line for moms and partnership access line for kids referral assistance service programs, as described in RCW 71.24.061(3)(a), until June 30, 2021.

(((69))) (67) $66,000 of the general fund—state appropriation for fiscal year 2021 and $66,000 of the general fund—federal appropriation are provided solely for the authority to identify, analyze, and address health equity disparities in access and outcomes for individuals in the medicaid population.

(((70))) (68) $200,000 of the general fund—state appropriation for fiscal year 2021 and $200,000 of the general fund—federal appropriation are provided solely for contracting with the office of equity to implement Substitute House Bill No. 2905 (baby, child dentistry access). (If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(71)) (69) $150,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the development of a system to address individuals with intellectual and developmental disabilities who present in an emergency in crisis. The system must include crisis plans to be available to emergency room providers; and education and training for emergency room providers in how to best serve this population to provide immediate intervention to prevent acute care admissions and support the individual to return to their current living arrangements.

(((72))) (70) $187,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for a full-time employee to coordinate client assessments and implement plans for patients who are hospitalized and likely to need post discharge services including placement in community or out of state settings. Client assessments must include information regarding the individual's specific care needs, whether medical, behavioral, or cognitive, and ability to perform activities of daily living. The coordinator must collaborate with the department of social and health services, the department of children, youth, and families, and health care organizations to promote the transition of patients to postacute care settings.

(((73))) (71) $120,000 of the general fund—state appropriation for fiscal year 2021 and $120,000 of the general fund—federal appropriation are provided solely for the authority to identify ways to maximize federal financial participation and any new opportunities to leverage federal funding. In collaboration with the department of health, the authority must explore options to leverage federal funding for foundational public health. The authority may use the amounts in this subsection for staff support and one-time contracting.

(((74))) (72) No later than December 31, 2021, the health care authority, in partnership with the department of social and health services as described in section 204(33) of this act, shall submit a waiver request to the federal department of health and human services to authorize presumptive medicaid eligibility determinations for clients preparing for acute care hospital discharge who may need long-term services and supports. The department and the authority shall hold stakeholder discussions, including opportunities for public review and comment, during development of the waiver request. Upon submission of the waiver request, the department and the authority shall submit a report to the governor and the appropriate legislative committees that describes the request and identifies any statutory changes that may be necessary if the federal government approves the request.

(((75))) (73) $770,000 of the general fund—state appropriation for fiscal year 2021 and $800,000 of the general fund—federal appropriation are provided solely to increase home health rates for fiscal year 2021.

(((76))) (74)(a) Within the amounts appropriated within this section, the authority shall implement Engrossed Substitute Senate Bill No. 6534 (ambulance quality assurance fee). The authority is directed to submit a state plan amendment (SPA) pursuant to the terms of Engrossed Substitute Senate Bill No. 6534 without delay once the bill becomes effective. If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(b) The authority, in collaboration with an association representing private emergency ambulance providers and an organization representing employees of private emergency ambulance providers, shall develop reporting requirements prior to June 30, 2021, to account for how funds from the quality assurance fee program and base rate increase are spent. The reporting requirements should include, but not be limited to, the percent of the add-on fee and base rate increase used to increase rates; to which category of workers' wages these increases apply, specifically whether wage increases are being used to increase wages for emergency medical technicians whose statewide average dollars-per-hour wage was less than $25 per hour in calendar year 2020; and, whether the add-on and base rate increase are being used to address resulting wage compression for
related job classes immediately affected by wage increases to emergency medical technicians.

The health care authority shall work with the department of social and health services to assess a Katie Beckett waiver and a tax equity and fiscal responsibility act (TEFRA) waiver to expand coverage for children with significant disabilities who meet federal requirements for such services. No later than October 15, 2020, the authority shall report to the fiscal committees of the legislature and the office of financial management the number of children who would be eligible if such waivers were approved, the services for which they would be eligible, and the potential impact to the state budget.

$2,362,000 of the general fund—state appropriation for fiscal year 2021 and $4,132,000 of the general fund—federal appropriation are provided solely to increase the rates paid to low volume, small rural hospitals that meet the criteria in (a) through (d) of this subsection. Payments for state and federal medical assistance programs for services provided by such a hospital, regardless of the beneficiary's managed care enrollment status, must be increased to one hundred fifty percent of the hospital's fee-for-service rates beginning July 1, 2020. The authority must discontinue this rate increase after June 30, 2021, and return to the payment levels and methodology for these hospitals that were in place as of June 30, 2020. A hospital qualifying for this rate increase must:

(a) Have fewer than seventy available acute beds as reported in the hospital's 2018 department of health year-end report;
(b) Not be currently designated as a critical access hospital, and not meet the current federal eligibility requirements for designation as a critical access hospital;
(c) Not be a certified public expenditure hospital;
(d) Have combined medicare and medicaid inpatient days greater than eighty percent as reported in the hospital's 2018 cost report.

$25,000 of the general fund—state appropriation for fiscal year 2021 and $25,000 of the general fund—federal appropriation are provided solely for the authority to develop an implementation plan to incorporate medical and psychiatric respite care as statewide medicaid benefits. The plan must include an analysis of the cost effectiveness of providing a medical and psychiatric respite care benefit for medicaid enrollees. In developing the plan, the authority shall consult with interested stakeholders, including medicaid managed care organizations, community health centers, organizations providing respite care, and hospitals. The amounts provided in this subsection may be used for staff support and one-time contracting. No later than January 15, 2022, the authority shall report its findings to the relevant committees of the legislature, the office of the governor, and the office of financial management.

The authority must claim the enhanced federal medical assistance participation rate for home and community-based services offered under section 9817 of the American rescue plan act of 2021 (ARPA). Appropriations made that constitute supplementation of home and community-based services as defined in section 9817 of ARPA are listed in LEAP omnibus document HCBS-2021.

SEC. 1112. 2020 c 357 s 212 (uncodified) is amended to read as follows:

FOR THE STATE HEALTH CARE AUTHORITY—PUBLIC EMPLOYEES' BENEFITS BOARD AND EMPLOYEE BENEFITS PROGRAM

State Health Care Authority Administrative Account—
State Appropriation

$37,144,000

TOTAL APPROPRIATION

$37,144,000

The appropriation in this section is subject to the following conditions and limitations:

(1) Any savings resulting from reduced claims costs or other factors identified after March 1, 2019, must be reserved for funding employee benefits in the 2021-2023 fiscal biennium. The health care authority shall deposit any moneys received on behalf of the uniform medical plan resulting from rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys received as a result of prior uniform medical plan claims payments, in the public employees' and retirees' insurance account to be used for insurance benefits. The authority may, however, conduct a request for information about a diabetes disease management program.

(2) Any changes to benefits must be approved by the public employees' benefits board. The board shall not make any changes to benefits without considering a comprehensive analysis of the cost of those changes, and shall not increase benefits including making any change in retiree eligibility criteria that re-establishes eligibility for enrollment in PEBB benefits, unless savings achieved under subsection (3) of this section or offsetting cost reductions from other benefit revisions are sufficient to fund the changes, or unless the funding for the increase or change is specifically provided in this act. However, the funding provided anticipates that the public employees' benefits board may increase the availability of nutritional counseling in the uniform medical plan by allowing a lifetime limit of up to twelve nutritional counseling visits, and may increase hearing aid benefits to reflect the provisions of chapter 159, Laws of 2018, for the plan year beginning January 1, 2021. Provided further, that within the amount provided, the health care authority may update the public employees benefits board benefits enrollment process. The board may also, within the amounts provided, use cost savings to enhance the basic long-term disability benefit.

(3) Except as may be provided in a health care bargaining agreement, to provide benefits within the level of funding provided in part IX of this bill, the public employees' benefits board shall require or make any or all of the following: Employee premium copayments, increases increase in point-of-service cost sharing, the implementation of managed competition, or make other changes to benefits consistent with RCW 41.05.065.

(4) The board shall collect a surcharge payment of not less than twenty-five dollars per month from members who use tobacco products, and a surcharge payment of not less than fifty dollars per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than ninety-five percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment.

(5) $7,000 of the state health care authority administrative account—state appropriation in this section is provided solely for implementation of Engrossed Substitute Senate Bill No. 5497 (immigrants in the workplace).

(6) $1,705,000 of the state health care authority administrative account—state appropriation in this section is provided solely for implementation of Engrossed Substitute Senate Bill No. 6189 (SEBB coverage eligibility). If the bill is not enacted by June 30, 2020, the amount in this subsection shall lapse.

SEC. 1113. 2020 c 357 s 213 (uncodified) is amended to read as follows:

FOR THE STATE HEALTH CARE AUTHORITY—SCHOOL EMPLOYEES' BENEFITS BOARD

School Employees' Insurance Administrative Account—
State Appropriation

$34,045,000
The appropriation in this section is subject to the following conditions and limitations:

(1) By February 5, 2020, the health care authority shall report to the appropriate committees of the legislature on the total amount by school district, educational service district, and charter school billed for January benefits and a detailed list of school districts, educational service districts, and charter schools that have not remitted payment for January coverage as of January 31, 2020.

(2) $2,000 of the appropriation in this section is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5497 (immigrants in the workplace).

(3) The health care authority must study the potential cost savings and improved efficiency in providing insurance benefits to the employers and employees participating in the public employees' and school employees' benefits board systems that could be gained by consolidating the systems. The consolidation options studied must maintain separate risk pools for medicare-eligible and non-medicare eligible employees and retirees, assume a consolidation date of January 1, 2022, and incorporate the experiences gained by health care authority during the initial implementation and operation of the school employees' benefits board program. The study must be submitted to the committees of the house of representatives and the senate overseeing health care and the omnibus operating budget by November 15, 2020.

(4) $2,002,000 of the school employees' insurance administrative account—state appropriation in this section is provided solely for implementation of Engrossed Substitute Senate Bill No. 6189 (SEBB coverage eligibility). If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.

Sec. 1114. 2020 c 357 s 214 (uncodified) is amended to read as follows:

FOR THE STATE HEALTH CARE AUTHORITY—HEALTH BENEFIT EXCHANGE

General Fund—State Appropriation (FY 2020)..... $6,407,000

TOTAL APPROPRIATION.................................($122,338,000) $122,140,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The receipt and use of medicaid funds provided to the health benefit exchange from the health care authority are subject to compliance with state and federal regulations and policies governing the Washington apple health programs, including timely and proper application, eligibility, and enrollment procedures.

(2)(a) By July 15th and January 15th of each year, the authority shall make a payment of one-half the general fund—state appropriation and one-half the health benefit exchange account—state appropriation to the exchange.

(b) The exchange shall monitor actual to projected revenues and make necessary adjustments in expenditures or carrier assessments to ensure expenditures do not exceed actual revenues.

(c) Payments made from general fund—state appropriation and health benefit exchange account—state appropriation shall be available for expenditure for no longer than the period of the appropriation from which it was made. When the actual cost of materials and services have been fully determined, and in no event later than the lapsing of the appropriation, any unexpended balance of the payment shall be returned to the authority for credit to the fund or account from which it was made, and under no condition shall expenditures exceed actual revenue.

(3) $50,000 of the general fund—state appropriation for fiscal year 2020, $50,000 of the general fund—state appropriation for fiscal year 2021, and $1,048,000 of the health benefit exchange account—state appropriation are provided solely to implement Engrossed Substitute Senate Bill No. 5526 (individual health insurance market).

(4) $1,173,000 of the general fund—state appropriation for fiscal year 2020 is provided for the exchange to enhance Washington healthplanfinder so eligible COFA citizens can obtain dental coverage. Open enrollment periods and special enrollment periods for the COFA dental program shall be consistent with the enrollment periods for the COFA medical program. The first open-enrollment period for the COFA dental program must begin no later than November 1, 2020.

(5) $1,173,000 of the general fund—state appropriation and $874,000 of the general fund—federal appropriation are provided solely for cloud platform costs and are subject to the conditions, limitations, and review provided in section 701 of this act.

(6) $968,000 of the health benefit exchange account—state appropriation and $1,978,000 of the general fund—federal appropriation are provided solely for system integrator reprocurement and are subject to the conditions, limitations, and review provided in section 701 of this act.

(7) $152,000 of the health benefit exchange account—state appropriation for fiscal year 2021 is provided solely to implement Engrossed Substitute Senate Bill No. 2554 (health plan exclusions). ((If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.))

(8) $172,000 of the health benefit exchange account—state appropriation for fiscal year 2021 is provided solely to implement Engrossed Second Substitute House Bill No. 2662 (total cost of insulin). ((If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.))

(10) (9) $100,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the exchange to contract with an independent actuarial consultant to conduct an assessment of the impact of a state requirement that individuals enroll in health coverage. The assessment shall consider the effects of this requirement on revenue, individual market enrollment, individual market premiums, and the uninsured rate. The exchange shall submit assessment findings to the chairs of the health committees of the legislature no later than December 15, 2020.

(10) $34,000 of the general fund—state appropriation for fiscal year 2021, $32,000 of the health benefit exchange account—state appropriation, and $34,000 of the general fund—federal appropriation are provided solely for pass-through funding in the amount of $25,000 for each lead navigator organization in the four geographic regions with the highest density of compact of free association (COFA) citizens. These amounts are provided solely for lead organizations to recruit, hire, and train a representative of the citizens of the COFA nations community to:

(a) Provide outreach and enrollment assistance to COFA citizens leading up to the July 2021 transition of COFA citizens from qualified health and dental plan coverage to medicaid coverage; and

(b) Promote continuous access to needed health services beyond the scope of the current COFA program.
(11) $87,000 of the general fund—federal appropriation (CRRSA) is provided solely for the costs to administer the child care premium assistance program for individuals who work in a licensed child care facility.

Sec. 1115. 2020 c 357 s 215 (uncodified) is amended to read as follows:

FOR THE STATE HEALTH CARE AUTHORITY—COMMUNITY BEHAVIORAL HEALTH PROGRAM

General Fund—State Appropriation (FY 2020) $579,402,000
General Fund—State Appropriation (FY 2021) ........................................... $604,211,000
General Fund—Federal Appropriation ....................................................... $2,244,685,000
General Fund—Private/Local Appropriation .............................................. $36,513,000
Criminal Justice Treatment Account—State Appropriation ................ $17,486,000
Problem Gambling Account—State Appropriation ........................................ (1,461,000)
Medicaid Fraud Penalty Account—State Appropriation ........................ (20,000)
Dedicated Marijuana Account—State Appropriation (FY 2020) ................ $28,490,000
Dedicated Marijuana Account—State Appropriation (FY 2021) ................ (28,493,000)
Pension Funding Stabilization Account—State Appropriation ................... $1,714,000
TOTAL APPROPRIATION ........................................................................ $3,542,472,000

The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and administrative services organizations in regions where the authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380, and behavioral health organizations in regions that have not yet transitioned to fully integrated managed care.

(2) Within the amounts appropriated in this section, funding is provided for implementation of the settlement agreement under Trueblood, et al. v. Department of Social and Health Services, et al., United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. In addition to amounts provided solely for implementation of the settlement agreement, class members must have access to supports and services funded throughout this section for which they meet eligibility and medical necessity requirements. The authority must include language in contracts that requires regional behavioral health entities to develop and implement plans for improving access to timely and appropriate treatment for individuals with behavioral health needs and current or prior criminal justice involvement who are eligible for services under these contracts.

(3) $15,605,000 of the general fund—state appropriation for fiscal year 2020, $(51,000) $15,861,000 of the general fund—state appropriation for fiscal year 2021, and $4,789,000 of the general fund—federal appropriation are provided solely for the authority and behavioral health entities to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funds with local dollars or funds received under subsection (7) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(4) $7,657,000 of the general fund—state appropriation for fiscal year 2020, $11,544,000 of the general fund—state appropriation for fiscal year 2021, and $20,197,000 of the general fund—federal appropriation are provided solely for the authority and behavioral health entities to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funds with local dollars or funds received under subsection (7) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(5) $7,071,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for increased state costs for exceptional behavioral health personal care services. From (these) these amounts and the other general fund—state appropriations in this section, the authority shall assure that behavioral health entities reimburse the department of social and health services aging and long term support administration for the general fund—state cost of exceptional medicaid personal care services that enrolled behavioral health entity consumers use because of their psychiatric disability.

(6) $3,520,000 of the general fund—federal appropriation is provided solely for the authority to maintain a pilot project to incorporate peer bridging staff into behavioral health regional teams that provide transitional services to individuals returning to their communities.

(7) $81,930,000 of the general fund—state appropriation for fiscal year 2020 and $85,122,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health entity spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts must be distributed to behavioral health entities as follows:

(a) Of the amount provided for fiscal year 2020, seventy percent must be distributed to behavioral health administrative service organizations and thirty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative service organization must be proportionate to the fiscal year 2019 regional allocation of flexible nonmedicaid funds.

(b) $3,939,000 of the fiscal year 2021 amounts must be distributed to behavioral health administrative service organizations. Of the remaining amount for fiscal year 2021, eighty percent must be distributed to behavioral health administrative service organizations and twenty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative service organization must be proportionate to the fiscal year 2020 regional allocation of flexible nonmedicaid funds.
(c) The authority must include the following language in medicaid contracts with behavioral health entities unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(8) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

(9) $1,204,000 of the general fund—state appropriation for fiscal year 2020 and $1,204,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting one hundred eighty-day commitment hearings at the state psychiatric hospitals.

(10) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(11) $2,291,000 of the general fund—state appropriation for fiscal year 2020 and $2,291,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health entities on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(12) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in T.R. v. Dreyfus and Porter.

(13) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization and administrative services organization contracts and include contract language that clearly states the requirements and limitations. The authority must monitor and ensure that behavioral health organization and administrative services organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health organization or administrative services organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health organization or administrative services organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan.

(14) During the 2019-2021 fiscal biennium, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted directly between the authority and providers rather than through contracts with behavioral health organizations.

(15) Within the amounts appropriated in this section, the authority may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program or other specialized chemical dependency case management providers for pregnant, post-partum, and parenting women. For all contractors: (a) Service and other outcome data must be provided to the authority by request; and (b) indirect charges for administering the program must not exceed ten percent of the total contract amount.

(16) $3,500,000 of the general fund—federal appropriation (from the substance abuse prevention and treatment federal block grant) is provided solely for the continued funding of existing county drug and alcohol use prevention programs.

(17) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(18) The criminal justice treatment account—state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. The authority must offer counties the option to administer their share of the distributions provided for under RCW 71.24.580(5)(a). If a county is not interested in administering the funds, the authority shall contract with behavioral health entities to administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b). The authority must provide a report to the office of financial management and the appropriate committees of the legislature which identifies the distribution of criminal justice treatment account funds by September 30, 2019.

(19) No more than (($27,844,000) $15,358,000) of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed
necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(20) $6,858,000 of the general fund—state appropriation for fiscal year 2020, $6,858,000 of the general fund—state appropriation for fiscal year 2021, and $8,046,000 of the general fund—federal appropriation are provided solely to maintain new crisis triage or stabilization centers. Services in these facilities may include crisis stabilization and intervention, individual counseling, peer support, medication management, education, and referral assistance. The authority shall monitor each center’s effectiveness at lowering the rate of state psychiatric hospital admissions.

(21) $1,125,000 of the general fund—federal appropriation is provided solely for the authority to develop a memorandum of understanding with the department of health for implementation of chapter 297, Laws of 2017 (opioid treatment programs). The authority must use these amounts to reimburse the department of health for costs incurred through the implementation of the bill.

(22) $6,655,000 of the general fund—state appropriation for fiscal year 2020, ($10,015,000) $9,074,000 of the general fund—state appropriation for fiscal year 2021, and ($12,065,000) $12,024,000 of the general fund—federal appropriation are provided solely for the operation of secure withdrawal management and stabilization facilities. The authority may not use any of these amounts for services in facilities that are subject to federal funding restrictions that apply to institutions for mental diseases, unless they have received a waiver that allows for full federal participation in these facilities. Within these amounts, funding is provided to increase the fee for service rate for inpatient care beds as defined in RCW 71.24.025.

(23) $23,090,000 of the general fund—state appropriation for fiscal year 2020, $23,090,000 of the general fund—state appropriation for fiscal year 2021, and $92,444,000 of the general fund—federal appropriation are provided solely to maintain the enhancement of community-based behavioral health services that was funded in fiscal year 2019. Twenty percent of the general fund—state appropriation amounts for each regional service area must be contracted to the behavioral health administrative services organizations and used to increase their nonmedicaid funding and the remainder must be used to increase medicaid rates above FY 2018 levels. Effective January 2020, the medicaid funding is intended to increase rates for behavioral health services provided by licensed and certified community behavioral health agencies as defined by the department of health. This funding must be allocated to the managed care organizations proportionate to their medicaid enrollees. The authority must require the managed care organizations to provide a report on their implementation of this funding. The authority must submit a report to the legislature by December 1, 2020, summarizing how this funding was used and provide information for future options of increasing behavioral health provider rates through directed payments. The report must identify different mechanisms for implementing directed payment for behavioral health providers including but not limited to minimum fee schedules, across the board percentage increases, and value-based payments. The report must provide a description of each of the mechanisms considered, the timeline that would be required for implementing the mechanism, and whether and how the mechanism is expected to have a differential impact on different providers. The report must also summarize the information provided by managed care organizations in implementing the funding provided under this section.

(24) $27,917,000 of the general fund—state appropriation for fiscal year 2020, ($36,096,000) $21,366,000 of the general fund—state appropriation for fiscal year 2021, and ($46,889,000) $35,451,000 of the general fund—federal appropriation are provided solely for the department to contract with community hospitals or freestanding evaluation and treatment centers to provide long-term inpatient care beds as defined in RCW 71.24.025. Within these amounts, the authority must meet the requirements for reimbursing counties for the judicial services for patients being served in these settings in accordance with RCW 71.05.730. The authority must coordinate with the department of social and health services in developing the contract requirements, selecting contractors, and establishing processes for identifying patients that will be admitted to these facilities.

(a) Sufficient amounts are provided in fiscal year 2020 for the authority to reimburse community hospitals serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025 at a rate of $1,171 per day, or the hospital’s current psychiatric inpatient per diem rate, whichever is higher. In fiscal year 2020, the rate paid to hospitals in this subsection cannot exceed one-hundred percent of the hospitals eligible costs based on their most recently completed medicare cost report.

(b) Sufficient amounts are provided in fiscal year 2021 for the authority to reimburse providers serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025 as follows: (i) Community hospitals whose costs exceed their current rates based on their most recently filed medicare cost report at one hundred percent of the hospital’s eligible costs documented in the most recently filed medicare cost report; (ii) community hospitals that do not have a filed medicare cost report on file with the authority at the statewide average rate based on the average of provider specific long-term inpatient care rates or the provider’s current per diem rate, whichever is higher; (iii) community hospitals whose costs do not exceed their current rates based on their most recently filed medicare cost report at a rate of $940 per day; and (iv) nonhospital residential treatment centers certified to provide long-term inpatient care beds as defined in RCW 71.24.025 at a rate that reflects a five percent increase from their fiscal year 2020 rate for serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025.

((24)) (q) The authority in collaboration with the Washington state hospital association must convene a work group to further refine the methodology for reimbursing community hospitals serving these clients. The authority must provide a report to the appropriate committees of the legislature by December 1, 2020. The report must include options for incorporating additional factors into future rate adjustments and identify where there may be overlap within the different options. The report must include the following areas and provide a description of the option and the methodology and implementation costs associated with each option:

(i) Acuity adjustments for providers serving individuals with higher levels of behavioral health or physical health care needs;

(ii) Retroactive reconciliation adjustments for providers whose total costs for serving clients under this subsection are higher or...
lower than payments received by the authority and any additional payers.

(25) $1,455,000 of the general fund—state appropriation for fiscal year 2020 ($1,401,000 of the general fund—state appropriation for fiscal year 2021, and $3,210,000 of the general fund—federal appropriation are) is provided solely for the implementation of intensive behavioral health treatment facilities within the community behavioral health service system pursuant to Second Substitute House Bill No. 1394 (behavioral health facilities).

(26) $21,000 of the general fund—state appropriation for fiscal year 2020, $152,000 of the general fund—state appropriation for fiscal year 2021, and $173,000 of the general fund—federal appropriation are provided solely to implement chapter 70, Laws of 2019 (SHB 1199) (health care/disability).

(27)(a) $12,878,000 of the dedicated marijuana account—state appropriation for fiscal year 2020 and $12,878,000 of the dedicated marijuana account—state appropriation for fiscal year 2021 are provided for:

(i) A memorandum of understanding with the department of children, youth, and families to provide substance abuse treatment programs;
(ii) A contract with the Washington state institute for public policy to conduct a cost-benefit evaluation of the implementations of chapter 3, Laws of 2013 (Initiative Measure No. 502);
(iii) Designing and administering the Washington state healthy youth survey and the Washington state young adult behavioral health survey;
(iv) Maintaining increased services to pregnant and parenting women provided through the parent child assistance program;
(v) Grants to the office of the superintendent of public instruction for life skills training to children and youth;
(vi) Maintaining increased prevention and treatment service provided by tribes and federally recognized American Indian organization to children and youth;
(vii) Maintaining increased residential treatment services for children and youth;
(viii) Training and technical assistance for the implementation of evidence-based, research based, and promising programs which prevent or reduce substance use disorder;
(ix) Expenditures into the home visiting services account; and
(x) Grants to community-based programs that provide prevention services or activities to youth.

(b) The authority must allocate the amounts provided in (a) of this subsection amongst the specific activities proportionate to the fiscal year 2019 allocation.

(28)(a) $1,125,000 of the general fund—state appropriation for fiscal year 2020 and $1,125,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for Spokane behavioral health entities to implement services to reduce utilization and the census at eastern state hospital. Such services must include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;
(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;
(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and
(iv) Services at the sixteen-bed evaluation and treatment facility.

(b) At least annually, the Spokane county behavioral health entities shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(29) $29,288,000 of the general fund—state appropriation for fiscal year 2020 ((is)) and $12,440,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to assist behavioral health entities with the costs of providing services to medicaid clients receiving services in psychiatric facilities classified as institutions of mental diseases. The authority must distribute these amounts proportionate to the number of bed days for medicaid clients in institutions for mental diseases that were excluded from behavioral health entity calendar year 2019 capitation rates because they exceeded the amounts allowed under federal regulations. The authority must also use these amounts to directly pay for costs that are ineligible for medicaid reimbursement in institutions of mental disease facilities for American Indian and Alaska Natives who opt to receive behavioral health services on a fee-for-service basis. The amounts used for these individuals must be reduced from the allocation of the behavioral health entities where the individual resides. If a behavioral health entity receives more funding through this subsection than is needed to pay for the cost of their medicaid clients in institutions for mental diseases, they must use the remainder of the amounts to provide other services not covered under the medicaid program. The authority must submit an application for a waiver to allow, by July 1, 2020, for full federal participation for medicaid clients in mental health facilities classified as institutions of mental diseases. The authority must submit a report on the status of the waiver to the office of financial management and the appropriate committees of the legislature by December 1, 2019.

(30) The authority must require all behavioral health organizations transitioning to full integration to either spend down or return all reserves in accordance with contract requirements and federal and state law. Behavioral health organization reserves may not be used to pay for services to be provided beyond the end of a behavioral health organization's contract or for startup costs in full integration regions except as provided in this subsection. The authority must ensure that any increases in expenditures in behavioral health reserve spend-down plans are required for the operation of services during the contract period and do not result in overpayment to providers. If the nonfederal share of reserves returned during fiscal year 2020 exceeds $35,000,000, the authority shall use some of the amounts in excess of $35,000,000 to support the final regions transitioning to full integration of physical and behavioral health care. These amounts must be distributed proportionate to the population of each regional area covered. The maximum amount allowed per region is $3,175 per 1,000 residents. These amounts must be used to provide a reserve for nonmedicaid services in the region to stabilize the new crisis services system.

(31) $1,850,000 of the general fund—state appropriation for fiscal year 2020, $1,850,000 of the general fund—state appropriation for fiscal year 2021, and $13,312,000 of the general fund—federal appropriation are provided solely for the authority to implement a medicaid state plan amendment which provides for substance use disorder peer support services to be included in behavioral health capitation rates beginning in fiscal year 2020 in accordance with section 213(5)(ss), chapter 299, Laws of 2018. The authority shall require managed care organizations to provide access to peer support services for individuals with substance use disorders transitioning from emergency departments, inpatient facilities, or receiving treatment as part of hub and spoke networks.
(32) $1,256,000 of the general fund—state appropriation for fiscal year 2021 and $1,686,000 of the general fund—federal appropriation are provided solely for the authority to increase the number of residential beds for pregnant and parenting women. These amounts may be used for startup funds and ongoing costs associated with two new sixteen-bed pregnant and parenting women residential treatment programs.

(33) Within the amounts appropriated in this section, the authority must maintain a rate increase for community hospitals that provide a minimum of 200 medicaid psychiatric inpatient days pursuant to the methodology adopted to implement section 213(5)(n), chapter 299, Laws of 2018 (ESSB 6032) (partial veto).

(34) $1,393,000 of the general fund—state appropriation for fiscal year 2020, $1,423,000 of the general fund—state appropriation for fiscal year 2021, and $5,938,000 of the general fund—federal appropriation are provided solely for the authority to implement discharge wraparound services for individuals with complex behavioral health conditions transitioning or being diverted from admission to psychiatric inpatient programs. The authority must coordinate with the department of social and health services in establishing the standards for these programs.

(35) $850,000 of the general fund—federal appropriation is provided solely to contract with a nationally recognized recovery residence organization and to create a revolving fund for loans to operators of recovery residences seeking certification in accordance with Second Substitute House Bill No. 1528 (recovery support services).

(36) $212,000 of the general fund—state appropriation for fiscal year 2020, $212,000 of the general fund—state appropriation for fiscal year 2021, and $124,000 of the general fund—federal appropriation are provided solely for the implementation of Engrossed Second Substitute House Bill No. 1874 (adolescent behavioral health). Funding is provided specifically for the authority to provide an online training to behavioral health providers related to state law and best practices in family-initiated treatment, adolescent-initiated treatment, and other services and to conduct an annual survey to measure the impacts of implementing policies resulting from the bill.

(37) $500,000 of the general fund—state appropriation for fiscal year 2020, $500,000 of the general fund—state appropriation for fiscal year 2021, and $1,000,000 of the general fund—federal appropriation are provided solely for the authority to implement a memorandum of understanding with the criminal justice training commission to provide funding for community grants pursuant to Second Substitute House Bill No. 1767 (alternatives to arrest).

(38) $500,000 of the general fund—state appropriation for fiscal year 2020 and $500,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the authority to coordinate with crisis stabilization providers, managed care organizations, and behavioral health administrative services organizations throughout the state to identify payment models that reflect the unique needs of crisis stabilization and crisis triage providers. The report must also include an analysis of the estimated gap in nonmedicaid funding for crisis stabilization and triage facilities throughout the state. The authority must provide a report to the office of financial management and the appropriate committees of the legislature on the estimated nonmedicaid funding gap and payment models by December 1, 2019.

(39) The authority must conduct an analysis to determine whether there is a gap in fiscal year 2020 behavioral health entity funding for services in institutions for mental diseases and submit a report to the office of financial management and the appropriate committees of the legislature by November 1, 2019. The report must be developed in consultation with the office of financial management and staff from the fiscal committees of the legislature and must include the following elements: (a) The increase in the number of nonmedicaid bed days in institutions for mental diseases from fiscal year 2017 to fiscal year 2019 by facility and the estimated annual cost associated with these increased bed days in FY 2020; (b) the increase in the number of medicaid bed days in institutions for mental diseases from fiscal year 2017 to fiscal year 2019 by facility and the estimated annual cost associated with these increased bed days in FY 2020; (c) the amount of funding assumed in current behavioral health entity medicaid capitation rates for institutions for mental diseases bed days that are currently allowable under medicaid regulation or waivers; (d) the amounts provided in subsection (29) of this section to assist with costs in institutions for mental diseases not covered in medicaid capitation rates; and (e) any remaining gap in behavioral health entity funding for institutions for mental diseases for medicaid or nonmedicaid clients.

(40) $1,968,000 of the general fund—state appropriation for fiscal year 2020, ($3,396,000) $1,968,000 of the general fund—state appropriation for fiscal year 2021, and ($12,150,000) $8,100,000 of the general fund—federal appropriation are provided solely for support of and to increase clubhouse facilities across the state. The authority shall work with the centers for medicare and medicaid services to review opportunities to include clubhouse services as an optional “in lieu of” service in managed care organization contracts in order to maximize federal participation. The authority must provide a report to the office of financial management and the appropriate committees of the legislature on the status of efforts to implement clubhouse programs and receive federal approval for including these services in managed care organization contracts as an optional “in lieu of” service.

(41) $1,000,000 of the general fund—federal appropriation (from the substance abuse prevention and treatment federal block grant) is provided solely for the authority to contract on a one-time basis with the University of Washington behavioral health institute to develop and disseminate model programs and curricula for inpatient and outpatient treatment for individuals with substance use disorder and co-occurring disorders. The behavioral health institute will provide individualized consultation to behavioral health agencies in order to improve the delivery of evidence-based and promising practices and overall quality of care. The behavioral health institute will provide training to staff of behavioral health agencies to enhance the quality of substance use disorder and co-occurring treatment delivered.

(42) $190,000 of the general fund—state appropriation for fiscal year 2020, $947,000 of the general fund—state
appropriation for fiscal year 2021, and $1,023,000 of the general fund—federal appropriation are provided solely for the authority to develop a statewide plan to implement evidence-based coordinated specialty care programs that provide early identification and intervention for psychosis in behavioral health agencies in accordance with Second Substitute Senate Bill No. 5903 (children's mental health).

((44)) (43) $708,000 of the general fund—state appropriation for fiscal year 2021 and $799,000 of the general fund—federal appropriation are provided solely for implementing mental health peer respite centers and a pilot project to implement a mental health drop-in center beginning July 1, 2020, in accordance with Second Substitute House Bill No. 1394 (behavioral health facilities).

((45)) (44) $500,000 of the general fund—state appropriation for fiscal year 2020 is provided on a one-time basis solely for a licensed youth residential psychiatric substance abuse and mental health agency located in Clark county to invest in staff training and increasing client census. This amount must be allocated subject to a contract with the authority concerning staffing levels, critical action plans, and client services.

((46)) (45) $599,000 of the general fund—state appropriation for fiscal year 2020, $494,000 of the general fund—state appropriation for fiscal year 2021, and $4,823,000 of the general fund—federal appropriation are provided solely for implementing mental health capitation rates for accountability mechanisms to demonstrate that amounts included in behavioral health capitation rates for

((47)) (46) The authority must compile all previous reports and collaborate with any work groups created during the 2019-2021 fiscal biennium for the purpose of establishing the implementation plan for transferring the full risk of long-term inpatient care for mental illness into the behavioral health entity contracts by January 1, 2020.

((48)) (47) $225,000 of the general fund—state appropriation for fiscal year 2020 and $225,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to continue funding one pilot project in Pierce county to promote increased utilization of assisted outpatient treatment programs. The authority shall provide a report to the legislature by October 15, 2020, which must include the number of individuals served, outcomes to include changes in use of inpatient treatment and hospital stays, and recommendations for further implementation based on lessons learned from the pilot project.

((49)) (48) $18,000 of the general fund—state appropriation for fiscal year 2020 and $18,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the implementation of Substitute Senate Bill No. 5380 (opioid use disorder).

((50)) (49) $814,000 of the general fund—state appropriation for fiscal year 2020, $800,000 of the general fund—state appropriation for fiscal year 2021, and $1,466,000 of the general fund—federal appropriation are provided solely for the University of Washington's evidence-based practice institute which supports the identification, evaluation, and implementation of evidence-based or promising practices. The institute must work with the authority to develop a plan to seek private, federal, or other grant funding in order to reduce the need for state general funds. The authority must collect information from the institute on the use of these funds and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

((51)) (50) $60,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the authority to provide a one-time grant to the city of Maple Valley to support a pilot project for a community resource coordinator position for the city of Maple Valley, Tahoma school district, and the greater Maple Valley area. This amount must be used to develop programs, projects, and training that specifically address mental health awareness and education and facilitate access to school-based and community resources. The grant must require a report be submitted by the city of Maple Valley to the authority and the Maple Valley city council which summarizes the services provided and the perceived value of the community resource coordinator position for the community. The authority must submit the report to the office of financial management and the appropriate committees of the legislature by June 30, 2021.

((52)) (51) $215,000 of the general fund—state appropriation for fiscal year 2020 and $165,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for provision of crisis stabilization services in Island County. The authority must use this amount to contract for start-up and treatment services that are not reimbursable under medicaid provided in a crisis stabilization center in Island County. The authority must continue to coordinate with crisis stabilization providers and behavioral health entities to identify funding gaps for non-Medicaid services and payment models that reflect the unique needs of these facilities.

((53)) (52) $200,000 of the general fund—state appropriation for fiscal year 2020 is provided on a one-time basis solely for the authority to contract with a family-centered substance use disorder treatment program which provides behavioral health services to families engaged in the foster system in Spokane county. This amount must be used to provide wraparound behavioral health services to individuals enrolled in the program.

((54)) (53) $50,000 of the general fund—state appropriation for fiscal year 2021 and $50,000 of the general fund—federal appropriation are provided solely for the authority to work with the actuaries responsible for establishing behavioral health capitation rates, the University of Washington behavioral health institute, managed care organizations, and community mental health and substance use disorder providers to develop strategies for enhancing behavioral health provider reimbursement to promote behavioral health workforce development efforts. The authority must submit a report to the office of financial management and the appropriate committees of the legislature by December 1, 2020, that identifies: (a) A description of the actuarial assumptions related to clinical supervision included in the development of calendar year 2020 managed care behavioral health capitation rates and the relative dollar value of these assumptions; (b) available information on whether and to what extent managed care organizations are accounting for clinical supervision in establishing behavioral health provider reimbursement methodologies and rates; (c) identification of provider reimbursement models through managed care organizations that effectively incentivize the expansion of internships and entry level opportunities for clinicians; and (d) recommendations for accountability mechanisms to demonstrate that amounts included in behavioral health capitation rates for
clinical supervision are passed on to mental health and substance abuse agencies that provide internships and entry level opportunities for clinicians.

(((56))) $281,000 of the general fund—state appropriation for fiscal year 2020, ((57))) $654,000 of the general fund—state appropriation for fiscal year 2021, and ((58))) $4,840,000 of the general fund—federal appropriation are provided solely to support the administrative costs associated with the application and implementation of a federal waiver allowing for full federal participation in mental health treatment facilities identified as institutions of mental diseases.

(((59))) $128,000 of the general fund—state appropriation for fiscal year 2021 and $123,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed House Bill No. 2584 (behavioral health rates). If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(((60))) $313,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for implementation of Second Substitute House Bill No. 2737 (children's mental health work group). If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.

(((61))) $766,000 of the general fund—state appropriation for fiscal year 2021 and $1,526,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Substitute House Bill No. 2642 (substance use disorder coverage). If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(((62))) $864,000 of the general fund—state appropriation for fiscal year 2021 and $1,788,000 of the general fund—federal appropriation are provided solely for the implementation of Second Engrossed Second Substitute Senate Bill No. 5720 (involuntary treatment act). If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(((63))) $200,000 of the general fund—federal appropriation for fiscal year 2021 is provided solely for the implementation of Substitute Senate Bill No. 6191 (adverse childhood experience). If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.

(((64))) Within existing resources, the authority shall implement Substitute Senate Bill No. 6259 (Indian behavioral health sys).

(((65))) $1,260,000 of the general fund—state appropriation for fiscal year 2021 and $840,000 of the general fund—federal appropriation are provided solely for the authority to increase rates to parent-child assistance program providers in an effort to stabilize the workforce and increase training and evaluation.

(((66))) $2,537,000 of the general fund—state appropriation for fiscal year 2020 is provided solely to ensure a smooth transition to integrated managed care for behavioral health regions and to maintain the existing level of regional behavioral health crisis and diversion programs, and other required behavioral health administrative service organization services. These amounts must be used to support the regions transitioning to full integration of physical and behavioral health care beginning January 1, 2020. These amounts must be distributed proportionate to the population of each regional area covered. The maximum amount allowed per region is $2,494 per one thousand residents. These amounts must be used to provide a reserve for nonmedicaid services in the region and to stabilize the new crisis services system.

(((67))) $15,000 of the general fund—state appropriation for fiscal year 2021 and $15,000 of the general fund—federal appropriation are provided solely for the authority to develop a value-based case rate payment model for comprehensive community behavioral health services. It is the intent of the legislature to strengthen the community behavioral health system in order to promote recovery and whole person care, avoid unnecessary institutionalization and ensure access to care in the least restrictive setting possible, and incentivize value-based alternative payment models. Therefore, the authority in collaboration with the Washington council for behavioral health must convene a work group to develop a case rate payment model for comprehensive community behavioral health services. The authority must submit a report to the legislature by October 31, 2020. The report must: (a) Identify a comprehensive package of services to be provided by community behavioral health agencies that are licensed and certified by the department of health as defined in RCW 71.24.025; (b) describe the methodology used to develop an actuarily sound case rate model for this comprehensive package of services, and propose a medicaid case rate or range of rates; and (c) identify key quality performance metrics focused on health and recovery as well as quality incentive payment mechanisms that reinforce value over volume.

(((68))) $500,000 of the problem gambling account—state appropriation is provided solely for the authority to contract for a problem gambling adult prevalence study. The prevalence study must review both statewide and regional results about beliefs and attitudes toward gambling, gambling behavior and preferences, and awareness of treatment services. The study should also estimate the level of risk for problem gambling and examine correlations with broader behavioral and mental health measures. The health care authority shall submit results of the prevalence study to the problem gambling task force and the legislature by June 30, 2021.

(((69))) $4,500,000 of the criminal justice treatment account—state appropriation for fiscal year 2021 is provided solely for the authority to provide funding for the setting up of new therapeutic courts for cities or counties or for the expansion
of services being provided to an already existing therapeutic court that engages in evidence-based practices, to include medication assisted treatment in jail settings pursuant to RCW 71.24.580. Funding provided under this subsection shall not supplant existing funds utilized for this purpose.

((74))) (69) $250,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the authority to contract with a statewide mental health nonprofit serving consumers and families that provides free community and school-based mental health education and support programs. Funding shall be used to provide access to programs tailored to peers living with mental illness, family members of people with mental illness, and the community.

((74))) (70) In establishing, re-basing, enhancing, or otherwise updating medicaid rates for behavioral health services, the authority and contracted actuaries shall use a transparent process that provides an opportunity for medicaid managed care organizations, behavioral health administrative service organizations, and behavioral health provider agencies, and their representatives, to review and provide data and feedback on proposed rate changes within their region or regions of service operation. The authority and contracted actuaries shall consider the information gained from this process and make adjustments allowable under federal law when appropriate.

((74))) (71) The authority shall seek input from representatives of the managed care organizations (MCOs), licensed community behavioral health agencies, and behavioral health administrative service organizations to develop the format of a report which addresses revenues and expenditures for the community behavioral health programs. The report shall include, but not be limited to (i) revenues and expenditures for community behavioral health programs, including medicaid and nonmedicaid funding; (ii) access to services, service denials, and utilization by state plan modality; (iii) claims denials and record of timely payment to providers; (iv) client demographics; and (v) social and recovery measures and managed care organization performance measures. The authority shall submit the report for the preceding calendar year to the governor and appropriate committees of the legislature on or before July 1st of each year.

((74))) (72) $1,801,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the authority to implement two pilot programs for intensive outpatient services and partial hospitalization services for certain children and adolescents. 

(a) The effective date of the pilot sites is January 1, 2021.

(b) The two pilots must be contracted with a hospital that provides psychiatric inpatient services to children and adolescents in a city with the largest population east of the crest of the Cascade mountains and a hospital that provides psychiatric inpatient services to children and adolescents in a city with the largest population west of the crest of the Cascade mountains.

(c) The authority must establish minimum standards, eligibility criteria, authorization and utilization review processes, and payment methodologies for the pilot programs in contract.

(d) Eligibility for the pilot sites is limited pursuant to the following:

(i) Children and adolescents discharged from an inpatient hospital treatment program who require the level of services offered by the pilot programs in lieu of continued inpatient treatment;

(ii) Children and adolescents who require the level of services offered by the pilot programs in order to avoid inpatient hospitalization; and

(iii) Services may not be offered if there are less costly alternative community based services that can effectively meet the needs of an individual referred to the program.

((74))) (73) The authority must collect data on the pilot sites and work with the actuaries responsible for establishing managed care rates for medicaid enrollees to develop and submit a report to the office of financial management and the appropriate committees of the legislature. A preliminary report must be submitted by December 1, 2021, and a final report must be submitted by December 1, 2022. The reports must include the following information:

(i) A narrative description of the services provided at each pilot site and identification of any specific gaps the sites were able to fill in the current continuum of care;

(ii) Clinical outcomes and estimated reductions in psychiatric inpatient costs associated with each of the pilot sites;

(iii) Recommendations for whether either or both of the pilot models should be expanded statewide; whether modifications should be made to the models to better address gaps in the continuum identified through the pilot sites, and whether statewide implementation should be achieved through a state plan amendment or some other mechanism for leveraging federal medicaid match; and

(iv) Actuarial projections on the statewide need for services related to the pilot sites and estimated costs of adding each of the services to the medicaid behavioral health benefit for children and adolescents.

(73) $1,743,000 of the general fund—state appropriation for fiscal year 2021 and $5,419,000 of the general fund—federal appropriation are provided solely to implement a two percent provider rate increase as intended and verify this pursuant to the process established in chapter 285, Laws of 2020 (EHB 2584). The rate increase shall be implemented to all behavioral health inpatient, residential, and outpatient providers contracted through the medicaid managed care organizations.

(74) The authority must claim the enhanced federal medical assistance participation rate for home and community-based services offered under section 9817 of the American rescue plan act of 2021 (ARPA). Appropriations made that constitute supplementation of home and community-based services as defined in section 9817 of ARPA are listed in LEAP omnibus document HCBS-2021.

(75) $1,000,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the authority, in coordination with the department of health, to purchase and distribute opioid overdose reversal medications.

Sec. 1120. 2020 c 357 s 220 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF VETERANS AFFAIRS

(1) The appropriations in this section are subject to the following conditions and limitations:

(a) The department of veterans affairs shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys unless expressly authorized in this act or other law.

(b) Each year, there is fluctuation in the revenue collected to support the operation of the state veteran homes. When the department has foreknowledge that revenue will decrease, such as from a loss of census or from the elimination of a program, the legislature expects the department to make reasonable efforts to reduce expenditures in a commensurate manner and to
demonstrate that it has made such efforts. By December 31, 2020, the department must: (i) Develop and implement a sustainable staffing model for the institutional services program to keep expenditures commensurate with the program revenue; and (ii) report to the legislature regarding its expenditures. In response to any request by the department for general fund—state appropriation to backfill a loss of revenue, the legislature shall consider the department's efforts in reducing its expenditures in light of known or anticipated decreases to revenues.

Sec. 1121. 2020 c 357 s 221 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF HEALTH
General Fund—State Appropriation (FY 2020).....$79,582,000
General Fund—State Appropriation (FY 2021).................................................................((($85,728,000)) $82,755,000
General Fund—Federal Appropriation...............$579,457,000
General Fund—Private/Local Appropriation ((($192,631,000)) $213,790,000
(1) The department of health shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department of health and the state board of health shall not implement any new or amended rules pertaining to primary and secondary school facilities until the rules and a final cost estimate have been presented to the legislature, and the legislature has formally funded implementation of the rules through the omnibus appropriations act or by statute. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapping of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(2) During the 2019-2021 fiscal biennium, each person subject to RCW 43.70.110(3)(c) is required to pay only one surcharge of up to twenty-five dollars annually for the purposes of RCW 43.70.112, regardless of how many professional licenses the person holds.

(3) In accordance with RCW 43.20B.110, 43.135.055, and 71.24.035, the department is authorized to adopt license and certification fees in fiscal years 2020 and 2021 to support the costs of the regulatory program. The department's fee schedule shall have differential rates for providers with proof of accreditation from organizations that the department has determined to have substantially equivalent standards to those of the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. To reflect the reduced costs associated with regulation of accredited programs, the department's fees for organizations with such proof of accreditation must reflect the lower costs of licensing for these programs than for other organizations which are not accredited.

(4) Within the amounts appropriated in this section, and in accordance with RCW 43.20B.110 and 70.41.100, the department shall set fees to include the full costs of the performance of inspections pursuant to RCW 70.41.080.

(5) In accordance with RCW 70.96A.090, 71.24.035, 43.20B.110, and 43.135.055, the department is authorized to adopt fees for the review and approval of mental health and substance use disorder treatment programs in fiscal years 2020 and 2021 as necessary to support the costs of the regulatory program. The department's fee schedule must have differential rates for providers with proof of accreditation from organizations that the department has determined to have substantially equivalent standards to those of the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. To reflect the reduced costs associated with regulation of accredited programs, the department's fees for organizations with such proof of accreditation must reflect the lower cost of licensing for these programs than for other organizations which are not accredited.

(6) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and...
maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in section 701 of this act.

(7)(a) $285,000 of the general fund—state appropriation for fiscal year 2020 and $15,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the governor's interagency coordinating council on health disparities to establish a task force to develop a proposal for the creation of an office of equity. The purpose of the office of equity is to promote access to equitable opportunities and resources that reduce disparities, including racial and ethnic disparities, and improve outcomes statewide across all sectors of government. The council must provide staff support and coordinate community and stakeholder outreach for the task force.

(b) The task force shall include:

For the purposes of this subsection, "noncongregate sheltering" means sheltering provided in locations where each individual or household has living space that offers some level of privacy, such as hotels, motels, or dormitories.

Sec. 1122. 2020 c 357 s 222 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF CORRECTIONS

The appropriations to the department of corrections in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, (2020) 2021, after approval by the director of financial management and unless specifically prohibited by this act, the department may transfer general fund—state appropriations for fiscal year (2020) 2021 between programs. The department may not transfer funds, and the director of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. To the extent that transfers under this section are insufficient to fund actual expenditures made as a response to the COVID-19 pandemic, the department may transfer state appropriations that are provided solely for a specified purpose. The director of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any deviations from appropriation levels. The written notification must include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The department of corrections shall use funds appropriated in this subsection for offender programming. The department shall develop and implement a written comprehensive plan for offender programming that prioritizes programs which follow the risk-needs-responsivity model, are evidence-based, and have measurable outcomes. The department is authorized to discontinue ineffective programs and to repurpose underspent funds according to the priorities in the written plan.

(b) $250,000 of the general fund—state appropriation for fiscal year 2020 and $924,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for additional rental vouchers for individuals released from prison facilities or to increase the value of the rental voucher.

(c) $9,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the implementation of Second Substitute Senate Bill No. 5433 (DOC/post secondary education).

(d) $1,156,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for costs relating to a pilot program for expanding educational programming to include postsecondary degrees and secure internet connections at up to three correctional institutions. The institutions chosen must be participating in the federal second chance Pell program. The internet connections are limited to the following purposes:

- (A) Adult basic education;
- (B) Completion of the free application for federal student aid or the Washington application for state financial aid; and
- (C) Postsecondary education and training.

(ii) A report shall be submitted to the governor and the appropriate committees of the legislature by December 1, 2021, including:

- (A) A description of how the secure internet connections were implemented, including any barriers or challenges;
- (B) How many inmates participated in the programs that used the secure internet connections and a description of how the internet connection changed existing practices; and
- (C) Data on whether the secure internet connection increased general education development or high school equivalency certificate completions; free application for federal student aid or Washington application for state financial aid filings; access to Pell grants or other state financial aid; and postsecondary education and training credit, certificate, and degree completions.

(e) $1,300,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for staffing and to provide release assistance, including limited housing and food assistance, and other costs associated with individuals ordered released from confinement as a result of the State v. Blake decision.

(1) The department is directed to maximize the use of federal funds. The department must update its budget annually to align expenditures with anticipated changes in projected revenues.

(2) $70,000 of the employment service administrative account—state appropriation is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5497 (immigrants in the workplace).

(3) $3,516,000 of the employment service administrative account—state appropriation is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5438 (ag & seasonal workforce srv).

(4) $4,636,000 of the employment service administrative account—state appropriation is provided solely for the statewide reentry initiative to connect incarcerated individuals to employment resources prior to and after release.

(5) $14,103,000 of the long-term services and supports trust account—state appropriation is provided solely for implementation of Substitute House Bill No. 1399 (paid family and medical leave).

(6) $162,000 of the family and medical leave insurance account—state appropriation is provided solely for implementation of Substitute House Bill No. 1399 (paid family and medical leave).

(7) $875,000 of the general fund—state appropriation for fiscal year 2021 is provided solely to expand career connected learning program intermediary grants.

(8) $50,948,000 of the family and medical leave insurance account—state appropriation is provided solely to increase staffing levels and funding for the paid family medical leave program in order to align with projected business needs. The department must reassess its ongoing staffing and funding needs for the paid family medical leave program and submit documentation of the updated need to the office of financial management by September 1, 2020.

(9) $491,000 of the employment service administrative account—state appropriation is provided solely for implementation of Substitute House Bill No. 2308 (job title reporting). Of the amount provided in this subsection, $208,000 of employment service administrative account—state appropriation is subject to the conditions, limitations, and review provided in section 701 of this act. (If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.)

(a) Within existing resources, the department shall coordinate outreach and education to paid family and medical leave benefit recipients with a statewide family resource, referral, and linkage system that connects families with children prenatal through age five and residing in Washington state to appropriate services and community resources. This coordination shall include but is not limited to placing information about the statewide family resource, referral, and linkage system on the paid family and medical leave program web site and in printed materials, and conducting joint events.

(b) Within existing resources, by December 1, 2020, the department shall submit a report to the governor and the appropriate committees of the legislature concerning the ability for the paid family and medical leave program and a statewide family resource, referral, and linkage system to provide integrated services to eligible beneficiaries. The report shall include an analysis of any statutory changes needed to allow information and data to be shared between the statewide family resource, referral,
and linkage system and the paid family and medical leave program.

(11) $111,019,000 of the employment services administrative account—state appropriation is provided solely for increased compensation and other administrative costs that federal grant dollars are insufficient to cover. The department shall report the following to the legislature and the governor by September 30, 2020:

(a) An inventory of the department's programs, services, and activities, identifying federal, state, and other funding sources for each;

(b) Federal grants received by the department, segregated by line of business or activity, for each fiscal year from fiscal year 2014 through fiscal year 2020, and the applicable rules;

(c) State funding available to the department, segregated by line of business or activity, for each fiscal year from fiscal year 2014 through fiscal year 2020;

(d) A history of staffing levels by line of business or activity, identifying sources of state or federal funding, for each fiscal year from fiscal year 2014 through fiscal year 2020; and

(e) A projected spending plan for the employment services administrative account and the administrative contingency account. The spending plan must include forecasted revenues and estimated expenditures under various economic scenarios.

(12) $6,826,000 of the unemployment compensation administration account—federal appropriation is provided for the department to process the unemployment insurance claimant backlog and to make program changes that enhance user experience in order to reduce claimant errors. If the department does not receive adequate funding from the United States department of labor to cover these costs, the department may use funding made available to the state through section 903 (d), (f), and (g) of the social security act (Reed act) in an amount not to exceed the amount provided in this subsection (12).

(13)(a) $35,000 of the employment services administrative account—state appropriation is provided solely for the department to begin conducting a study, jointly with the department of social and health services, the department of labor and industries, the department of commerce, and the office of the governor, on the feasibility of replicating the unemployment insurance program for and expanding other social net programs to individuals regardless of their citizenship status.

(b) In preparation for the study, the department shall analyze existing programs to assess the legality of expansion to serve undocumented individuals and families, identify programmatic changes that would mitigate barriers to access and reduce fear of participation, and identify the operational and caseload costs associated with replication or expansion. If existing program expansion is not feasible or in compliance with federal law, the study shall assess the creation of similar social net programs to individuals regardless of their citizenship status, and identify the associated operational and caseload costs.

(14) $13,603,000 of the general fund—federal appropriation (ARPA), $4,966,000 of the general fund—federal appropriation (CRF), and $33,589,000 of the general fund—federal appropriation are provided solely for the department to address the impacts of COVID-19 on the state unemployment system in order to promote equitable access, reduce fraud, and ensure the timely payment of unemployment insurance benefits. Of the amounts provided in this subsection:

(a) $33,589,000 of the general fund—federal appropriation is provided for the department to process the unemployment insurance claimant backlog and to make program changes that enhance user experience in order to reduce claimant errors.

(b) $13,603,000 of the general fund—federal appropriation (ARPA) is provided for the department to ensure adequate security measures are in place to prevent unemployment insurance fraud.

(c) $2,110,000 of the general fund—federal appropriation (CRF) is provided solely for the department to migrate and upgrade the unemployment insurance customer call center phone system to a cloud-based system, and is subject to the conditions, limitations, and review requirements of section 701 of this act.

(d) $1,983,000 of the general fund—federal appropriation (CRF) is provided solely for the department to contract with the national guard to assist the department with its unemployment insurance claims backlog.

(e) $633,000 of the general fund—federal appropriation (CRF) is provided solely for the department to contract with a vendor to provide fact-finding services related to unemployment insurance claims.

Sec. 1125. 2020 c 357 s 225 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF CHILDREN, YOUTH, AND FAMILIES

(1)(a) The appropriations to the department of children, youth, and families in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, ((2020)) 2021, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year ((2020)) 2021 among programs after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ((2020)) 2021 caseload forecasts and utilization assumptions in the foster care, adoption support, child protective services, working connections child care, and the juvenile rehabilitation programs or in response to the COVID-19 pandemic, the department may transfer appropriations that are provided solely for a specified purpose.

(2) CHILDREN AND FAMILIES SERVICES PROGRAM

General Fund—State Appropriation (FY 2020)........ $401,235,000

General Fund—State Appropriation (FY 2021)........... $411,209,000

General Fund—Federal Appropriation.............. $458,790,000

The appropriations in this section are subject to the following conditions and limitations:

(a) $748,000 of the general fund—state appropriation for fiscal year 2020 and $748,000 of the general fund—state appropriation for fiscal year 2021 is provided solely to contract for the operation of one pediatric interim care center. The center shall provide residential care for up to thirteen children through two years of age. Seventy-five percent of the children served by the center must be in need of special care as a result of substance abuse by their mothers. The center shall also provide on-site training to biological, adoptive, or foster parents. The center shall provide at least three months of consultation and support to the parents accepting placement of children from the center. The center may
recruit new and current foster and adoptive parents for infants served by the center. The department shall not require case management as a condition of the contract.  

(b) $253,000 of the general fund—state appropriation for fiscal year 2020 and $662,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the costs of hub home foster families that provide a foster care delivery model that includes a hub home. Use of the hub home model is intended to support foster parent retention, improve child outcomes, and encourage the least restrictive community placements for children in out-of-home care.  

(i) Of the amounts provided in this subsection, $253,000 of the general fund—state appropriation for fiscal year 2020 and $253,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the costs of existing hub home foster family constellations.

(ii) Of the amounts provided in this subsection, $231,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for a contract with an organization with expertise in implementing the hub home model with fidelity to identify and train organizations serving kinship caregivers in eastern and western Washington with the goal of establishing additional hub home constellations to provide respite, training, and support to kinship caregivers. The department of children, youth, and families shall make available to the contracted organization information about the rates of placement of children with relative caregivers in order for the contracted organization to identify appropriate locations for expanding the model.

(c) $579,000 of the general fund—state appropriation for fiscal year 2020 and $579,000 of the general fund—state appropriation for fiscal year 2021 and $110,000 of the general fund—federal appropriation are provided solely for a receiving care center east of the Cascade mountains.

(d) $1,245,000 of the general fund—state appropriation for fiscal year 2020 and $1,245,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for services provided through children's advocacy centers. Of the amounts provided in this subsection, $255,000 of the general fund—state appropriation for fiscal year 2020 and $255,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for an expansion to child advocacy center services.

(e) $1,884,000 of the general fund—state appropriation for fiscal year 2020 and $2,400,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for services provided through children's advocacy centers. Of the amounts provided in this subsection, $255,000 of the general fund—state appropriation for fiscal year 2021 and $255,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for an expansion to child advocacy center services.

(f) $2,799,000 of the general fund—state appropriation for fiscal year 2020, $1,754,000 of the general fund—state appropriation for fiscal year 2021, and $5,444,000 of the general fund—federal appropriation are provided solely for social worker and related staff to receive, refer, and respond to screened-in reports of child abuse and neglect pursuant to chapter 208, Laws of 2018.

(g) Beginning October 1, 2019, and each calendar quarter thereafter, the department shall provide a tracking report for social service specialists and corresponding social services support staff to the office of financial management, and the appropriate policy and fiscal committees of the legislature. To the extent to which the information is available, the report shall include the following information identified separately for social service specialists doing case management work, supervisory work, and administrative support staff, and identified separately by job duty or program, including but not limited to, intake, child protective services investigations, child protective services family assessment response, and child and family welfare services:

(i) Total full time equivalent employee authority, allotments and expenditures by region, office, classification and band, and job duty or program;

(ii) Vacancy rates by region, office, and classification and band;

(iii) Average length of employment with the department, and when applicable, the date of exit for staff exiting employment with the department by region, office, classification and band, and job duty or program.

(h) $94,000 of the general fund—state appropriation for fiscal year 2020 and $94,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for a contract with a child advocacy center in Spokane to provide continuum of care services for children who have experienced abuse or neglect and their families.

(i) $3,910,000 of the general fund—state appropriation for fiscal year 2020 and $3,910,000 of the general fund—state appropriation for fiscal year 2021 and $2,336,000 of the general fund—federal appropriation are provided solely for the department to reduce the caseload ratios of social workers serving children in foster care, to promote decreased lengths of stay and to make progress towards achievement of the Braam settlement caseload outcomes.

(j)(A) $539,000 of the general fund—state appropriation for fiscal year 2020 and $540,000 of the general fund—state appropriation for fiscal year 2021, $656,000 of the general fund private/local appropriation, and $252,000 of the general fund—federal appropriation are provided solely for a contract with an educational advocacy provider with expertise in foster care educational outreach. The amounts in this subsection are provided solely for contracted education coordinators to assist foster children in succeeding in K-12 and higher education systems and to assure a focus on education during the department's transition to performance-based contracts. Funding must be prioritized to regions with high numbers of foster care youth, or regions where backlogs of youth that have formerly requested educational outreach services exist. The department is encouraged to use private matching funds to maintain educational advocacy services.

(B) The department shall contract with the office of the superintendent of public instruction, which in turn shall contract with a nongovernmental entity or entities to provide educational advocacy services pursuant to RCW 28A.300.590.

(k) The department shall continue to implement policies to reduce the percentage of parents requiring supervised visitation, including clarification of the threshold for transition from supervised to unsupervised visitation prior to reunification.

(l) $375,000 of the general fund—state appropriation for fiscal year 2020 and $375,000 of the general fund—state appropriation for fiscal year 2021 and $112,000 of the general fund—federal appropriation are provided solely for the department to develop, implement, and expand strategies to improve the capacity, reliability, and effectiveness of contracted visitation services for children in temporary out-of-home care and their parents and siblings. Strategies may include, but are not limited to, increasing mileage reimbursement for providers, offering transportation-only contract options, and mechanisms to reduce the level of
parent-child supervision when doing so is in the best interest of the child.

(m) For purposes of meeting the state's maintenance of effort for the state supplemental payment program, the department of children, youth, and families shall track and report to the department of social and health services the monthly state supplemental payment amounts attributable to foster care children who meet eligibility requirements specified in the state supplemental payment state plan. Such expenditures must equal at least $3,100,000 annually and may not be claimed toward any other federal maintenance of effort requirement. Annual state supplemental payment expenditure targets must continue to be established by the department of social and health services. Attributable amounts must be communicated by the department of children, youth, and families to the department of social and health services on a monthly basis.

(n) $1,230,000 of the general fund—state appropriation for fiscal year 2020 and $2,230,000 of the general fund—state appropriation for fiscal year 2021 and $156,000 of the general fund—federal appropriation are provided solely for ten child and family welfare services case workers. The department is encouraged to control exceptional reimbursement decisions so that the child's needs are met without excessive costs.

(o) $197,000 of the general fund—state appropriation for fiscal year 2020 and $197,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the department to conduct biennial inspections and certifications of facilities, both overnight and day shelters, that serve those who are under 18 years old and are homeless.

(p) $5,040,000 of the general fund—state appropriation for fiscal year 2020 $6,051,000 of the general fund—state appropriation for fiscal year 2021, and $846,000 of the general fund—federal appropriation are provided solely for contracts with enhanced therapeutic services and greater staff-to-child ratios. The department shall not include the costs to operate emergent placement contracts. Of the amounts provided in this subsection (2)(q), $1,037,000 of the general fund—state appropriation for fiscal year 2021 and $115,000 of the general fund—federal appropriation are provided solely for contracts with enhanced therapeutic services and family foster home maintenance payments and shall submit as part of the budget submittal documentation required by RCW 43.88.030 any costs associated with increases in the number of emergent placement contract beds after the effective date of this section that cannot be sustained within existing appropriations.

(q) The appropriations in this section include sufficient funding for continued implementation of Chapter 80, Laws of 2018 (2SSB 643) (kinship caregiver legal support).

(r) The department shall modify the rate structure to one that is based on placement setting rather than acuity level pursuant to the rate study submitted in December 2018.

Beginning in state fiscal year 2021, the report shall identify beds with the behavioral rehabilitation services—plus services rate in (ii) this subsection.

(t) Within existing resources, the department shall implement Engrossed Second Substitute Senate Bill No. 5291 (confinement alts/children). Of the amount provided in this subsection, $767,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for implementation of chapter 328, Laws of 2019 (2SSB 5718). Of the amount provided in this subsection, $767,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the department to provide short-term housing assistance to families that must not result in ongoing expenditures after June 30, 2021, consistent with the requirements of chapter 328, Laws of 2019 (2SSB 5718).

(u) $413,000 of the general fund—state appropriation for fiscal year 2020, $513,000 of the general fund—state appropriation for fiscal year 2021, and $826,000 of the general fund—federal appropriation are provided solely to increase family reconciliation services. The appropriations in this section include sufficient funding to implement Substitute House Bill No. 2873 (families in conflict).

(v) $250,000 of the general fund—state appropriation for fiscal year 2020 and $250,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for implementing the supportive visitation model that utilizes trained visit navigators to provide a structured and positive visitation experience for children and their parents.

(vi) The department of children, youth, and families shall enter into interagency agreements with the office of public defense and office of civil legal aid to facilitate the use of federal Title IV-E reimbursement for child representation services.

(w) $146,000 of the general fund—state appropriation for fiscal year 2020 and $147,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for implementation of Substitute Senate Bill No. 5955 (DCYF/statewide system).

(x) $15,046,000 of the general fund—federal appropriation is provided solely for the department of children, youth, and families to leverage federal title IV-E funds available under the family first prevention services act for qualifying services and families.

(i) In fiscal year 2020, the department shall work with the department of social and health services to complete an evaluation of kinship navigator services that would enable establishment of a well-supported, supported, or promising practice model.

(ii) No later than December 1, 2019, the department shall report to the governor and appropriate legislative committees on the feasibility of claiming federal title IV-E reimbursement in fiscal year 2021 for home visiting services and kinship navigator services. The report shall include the estimated share of the current population receiving home visiting services whom the department would consider candidates for foster care for the purposes of title IV-E reimbursement under the family first prevention services act, and the estimated workload impacts for the department to identify and document the candidacy of populations receiving home visiting services.

(aa) $443,000 of the general fund—state appropriation for fiscal year 2020, $443,000 of the general fund—state appropriation for fiscal year 2021, and $818,000 of the general fund—federal appropriation are provided solely for ten child and family welfare services case workers.
(bb) $400,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for a contract with a national nonprofit organization to, in partnership with private matching funds, subcontract with a community organization for specialized, enhanced adoption placement services for legally free children in state custody. The contract must supplement, but not supplant, the work of the department to secure permanent adoptive homes for children with high needs.

(cc) $666,000 of the general fund—state appropriation for fiscal year 2021 and $74,000 of the general fund—federal appropriation are provided solely to implement Second Substitute House Bill No. 1645 (parental improvement). If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(dd) $937,000 of the general fund—state appropriation for fiscal year 2021 and $66,000 of the general fund—federal appropriation are provided solely to implement Engrossed Third Substitute House Bill No. 1775 (sexually exploited children). If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(ee) $5,159,000 of the general fund—state appropriation for fiscal year 2021 and $1,870,000 of the general fund—federal appropriation are provided solely to increase the basic foster care maintenance rate by an average of $110 per month per child for all age groups effective July 1, 2020.

(ff) $3,175,000 of the general fund—state appropriation for fiscal year 2021 and $2,117,000 of the general fund—federal appropriation are provided solely to establish behavioral rehabilitation services-plus contracts to serve dependent youth whose needs cannot be met in regular behavioral rehabilitation services, and who may be transitioning from a hospital or other inpatient treatment, emergent placement services, a hotel stay, or an out-of-state placement. Contracts for behavioral rehabilitation services-plus must offer enhanced rates that support therapeutic services, appropriate staff-to-child ratios, and placement stabilization.

(gg) The department of children, youth, and families shall make foster care maintenance payments to programs where children are placed with a parent in a residential program for substance abuse treatment. These maintenance payments are considered foster care maintenance payments for purposes of forecasting and budgeting at maintenance level as required by RCW 43.88.058.

The plan must include prioritized capital budget projects. The plan shall be submitted to the fiscal committees of the legislature by January 15, 2021.

((26))) $462,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for expanded management of pinniped populations on the lower Columbia river and its tributaries with the goal of increasing chinook salmon abundance and prey availability for southern resident orcas. The department may only expend funds in this subsection after receiving necessary permits from the national marine fisheries service.

((27))) $112,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the implementation of Engrossed Second Substitute House Bill No. 2311 (greenhouse
gas emissions). (If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.

((33)) (28) $1,262,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the costs for the department to maintain shellfish sanitation activities necessary to implement its memorandum of understanding with the department of health to ensure the state is compliant with its federal obligations under the model ordinance of the national shellfish sanitation program.

((34)) (32) ($142,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for work addressing fish passage barriers, including data analysis and mapping to identify streams and barriers that have the greatest potential benefit to listed salmon populations, southern resident orca whales, and fisheries. In conducting this work, the department must consult with tribes and coordinate with the department of transportation's fish barrier work plans.

((35)) (33) $90,000 of the general fund—state appropriation for fiscal year 2020 ((and $166,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the costs for the department to contract with the Washington academy of sciences for fiscal year 2021 is provided solely for the costs for the department to contract with the Washington academy of sciences to implement its memorandum of understanding with the department to maintain shellfish sanitation activities necessary to achieve a goal of better statewide performance on ecological health and endangered species recovery, including the recovery of salmon in order to fulfill tribal treaty obligations and achieve the delisting of threatened or endangered runs. The report must address each environmental, development, and land use law or rule where the existing standard is less protective of ecological integrity than the standard of net ecological gain, including the shoreline management act, chapter 90.58 RCW; the growth management act, chapter 36.70A RCW; and construction projects in state waters regulated under 77.55 RCW.

(b) In developing the report under this subsection, the department must consult with the appropriate local governments, state agencies, federally recognized Indian tribes, and stakeholders with subject matter expertise on environmental, land use, and development laws including, but not limited to, cities, counties, ports, the department of ecology, and the department of commerce. The department's consultation process under this subsection must include a total of at least two meetings at which local governments, state agencies, federally recognized Indian tribes, and stakeholders may provide input.

(c) The report must include:

(i) The development of a definition, goals, objectives, and measurable performance metrics for the standard of net ecological gain;

(ii) An assessment and analysis of opportunities and challenges, including legal issues and costs for state and local governments to achieve net ecological gain through both:

(A) Implementation of a standard of net ecological gain under different environmental, development, and land use laws; and

(B) An enhanced approach to implementing and monitoring no net loss in existing environmental, development, and land use laws;

(iii) Recommendations on funding, incentives, technical assistance, legal issues, monitoring, and use of scientific data, and other applicable considerations to the integration of net ecological gain into each environmental, developmental, and land use law or rule;

(iv) Assessments of why existing standards of ecological protectiveness, such as no net loss standards, have been sufficient or insufficient to protect ecological health and achieve endangered species recovery.

The department's indirect and administrative costs shall be allocated among its remaining accounts and appropriations. The department shall provide a monthly report to the appropriate fiscal and policy committees of the legislature with an update of fire suppression costs incurred and the number and type of wildfires suppressed.

(3) $5,500,000 of the forest and fish support account—state appropriation is provided solely for outcome-based performance contracts with tribes to participate in the implementation of the forest practices program. Contracts awarded may only contain indirect costs set at or below the rate in the contracting tribe's indirect cost agreement with the federal government. Of the amount provided in this subsection, $500,000 is contingent upon receipts under RCW 82.04.261 exceeding eight million dollars per biennium. If receipts under RCW 82.04.261 are more than eight million dollars but less than eight million five hundred thousand dollars shall lapse.

(4) $1,857,000 of the general fund—state appropriation for fiscal year 2020 and $1,857,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to carry out the forest practices adaptive management program pursuant to RCW 76.09.370 and the May 24, 2012, settlement agreement entered into by the department and the department of ecology. Scientific research must be carried out according to the master project schedule and work plan of cooperative monitoring, evaluation, and research priorities adopted by the forest practices board. The forest practices board shall submit a report to the legislature following review, approval, and solicitation of public comment on the cooperative monitoring, evaluation, and research master project schedule, to include: Cooperative monitoring, evaluation, and research science and related adaptive management expenditure details, accomplishments, the use of cooperative monitoring, evaluation, and research science in decision-making, and funding needs for the coming biennium. The report shall be provided to the appropriate committees of the legislature by October 1, 2020.

(5) Consistent with the recommendations of the Wildfire Suppression Funding and Costs (18-02) report of the joint legislative audit and review committee, the department shall submit a report to the governor and legislature by December 1, 2019, and December 1, 2020, describing the previous fire season. At a minimum, the report shall provide information for each wildfire in the state, including its location, impact by type of land ownership, the extent it involved timber or range lands, cause, size, costs, and cost-share with federal agencies and nonstate partners. The report must also be posted on the agency's web site.

(6) $26,000 of the general fund—state appropriation for fiscal year 2020 and $27,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the implementation of Engrossed Substitute Senate Bill No. 5116 (clean energy).

(7) $12,000 of the general fund—state appropriation for fiscal year 2020 and $12,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the implementation of Substitute Senate Bill No. 5550 (pesticide application safety).

(8) The appropriations in this section include sufficient funding for the implementation of Engrossed Substitute Senate Bill No. 5330 (small forestland).

(9) $42,000 of the general fund—state appropriation for fiscal year 2020 and $21,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the implementation of Substitute Senate Bill No. 5106 (natural disaster mitigation).

(10) $26,000 of the general fund—state appropriation for fiscal year 2020 and $26,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the implementation of Substitute Senate Bill No. 5597 (aerial herbicide application).

(11) $4,486,000 of the aquatic land enhancement account—state appropriation is provided solely for the removal of creosote pilings and debris from the marine environment and to continue monitoring zooplankton and eelgrass beds on state-owned aquatic lands managed by the department. Actions will address recommendations to recover the southern resident orca population and to monitor ocean acidification as well as help implement the Puget Sound action agenda.

(12) $304,000 of the model toxics control operating account—state appropriation is provided solely for costs associated with the cleanup of the Fairview avenue site near Lake Union in Seattle. The aquatic site is contaminated with lead, chromium, and arsenic. This will be the department's final payment toward remediation costs.

(13) $75,000 of the general fund—state appropriation for fiscal year 2020 and $75,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to identify priority kelp restoration locations in central Puget Sound, based on historic locations, and monitor the role of natural kelp beds in moderating pH conditions in Puget Sound.

(14) $188,000 of the general fund—state appropriation for fiscal year 2020 and $187,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to coordinate with the Olympic natural resources center to study emerging ecosystem threats such as Swiss needlecast disease, conduct field trials for long-term ecosystem productivity and T3 watershed experiments, and engage stakeholders. The department must contract with the Olympic natural resources center for at least $187,000 per fiscal year. The department may retain up to $30,000 per fiscal year to conduct Swiss needlecast surveys and research. Administrative costs may be taken and are limited to twenty-seven percent of the amount of appropriation retained by the department.

(15) $22,843,000 of the general fund—state appropriation for fiscal year 2020, $11,364,000 of the general fund—state appropriation for fiscal year 2021, and $4,000,000 of the forest fire protection assessment nonappropriated account—state appropriation are provided solely for wildfire response, to include funding full time fire engine leaders, increasing the number of...
correctional camp fire crews in western Washington, purchasing two helicopters, providing dedicated staff to conduct fire response training, creating a fire prevention outreach program, forest health administration, landowner technical assistance, conducting forest health treatments on federal lands and implementing the department's twenty-year forest health strategic plan, post-wildfire landslide assessments, and other measures necessary for wildfire suppression and prevention.

(16) $186,000 of the general fund—state appropriation for fiscal year 2020 and $185,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for compensation to the trust beneficiaries and department for lost revenue from leases to amateur radio operators who use space on the department managed radio towers for their equipment. The department is authorized to lease sites at the rate of up to one hundred dollars per year, per site, per lessee. The legislature makes this appropriation to fulfill the remaining costs of the leases at market rate per RCW 79.13.510.

(17) $110,000 of the general fund—state appropriation for fiscal year 2020 and $110,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to conduct post wildfire landslide hazard assessments and reports.

(18) $59,000 of the general fund—state appropriation for fiscal year 2020 and $266,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for paving the road access to Leader lake in northeast Washington.

(19) The appropriations in this section include sufficient funding for the department to conduct an analysis of revenue impacts to the state forestlands taxing district beneficiaries as a result of the proposed long-term conservation strategy for the marbled murrelet. The department shall consult with state forestlands taxing district beneficiary representatives on the analysis. The department shall make the analysis available to state forestlands taxing districts and submit it to the board of natural resources by September 30, 2019.

(20) $150,000 of the aquatic lands enhancement account—state appropriation is provided solely for continued facilitation and support services for the marine resources advisory council.

(21) $217,000 of the aquatic lands enhancement account—state appropriation is provided solely for implementation of the state marine management plan and ongoing costs of the Washington coastal marine advisory council to serve as a forum and provide recommendations on coastal management issues.

(22) $485,000 of the general fund—state appropriation for fiscal year 2020 and $485,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the implementation of Second Substitute House Bill No. 1784 (wildfire prevention).

(23)(a) $250,000 of the general fund—state appropriation for fiscal year 2020 and $125,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the following activities:
   (i) Conducting carbon inventories to build on existing efforts to understand carbon stocks, flux, trends, emissions, and sequestration across Washington's natural and working lands, including harvested wood products, wildfire emissions, land management activities, and sawmill energy use and emissions. Where feasible, the department shall use available existing data and information to conduct this inventory and analysis. For the purposes of this section, natural and working land types include forests, croplands, rangelands, wetlands, grasslands, aquatic lands, and urban green space.
   (ii) Compiling and providing access to information on existing opportunities for carbon compensation services and other incentive-based carbon reducing programs to assist owners of private and other nonstate owned or managed forestland interested in voluntarily engaging in carbon markets.

(b) By December 1, 2020, the department must submit a report to the appropriate committees of the legislature summarizing the results of the inventories required under this section, and assessing actions that may improve the efficiency and effectiveness of carbon inventory activities on natural and working lands, including carbon sequestration in harvested forest products. The department must also describe any barriers, including costs, to the use of voluntary, incentive-based carbon reducing or sequestering programs. The department may also include recommendations for additional work or legislation that may be advisable resulting from the advisory group created in this subsection as part of this report.

(c) The department must form a natural and working lands carbon sequestration advisory group to help guide the activities provided in this section. The advisory group must be composed of a balance of representatives reflecting the diverse interests and expertise involved on the subject of carbon sequestration on natural and working lands.

(24) $100,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the department to increase technical assistance to small forestland owners.

(((26))) (26) $232,000 of the aquatic lands enhancement account—state appropriation and $93,000 of the resource management cost account—state appropriation are provided solely for the implementation of Second Substitute Senate Bill No. 6027 (floating residences). If the bill is not enacted by June 30, 2020, the amounts provided in this subsection shall lapse.

(22)(26) The appropriations in this section include sufficient funding for the department to report to the appropriate policy and fiscal committees of the legislature by July 2020 information on those parcels currently used for commercial or nonresource use purposes and those identified by the department as transition lands likely to be sold or redeveloped for nonresource use. By January 2021 the department shall bring to the legislature for its consideration a modernization package in the form of request legislation to update and remove performance barriers to the long-term management of state trust lands, considering both market and nonmarket values, ensuring intergenerational equity, and long term benefits for the trust beneficiaries and the public. The appropriate policy and fiscal committees of the legislature shall be kept informed of all proposed transactions, land sales, and exchanges involving trust lands prior to approval by the board, and all related financial and legal documents shall be available as public records immediately following the transaction's completion, as allowed under chapter 42.56 RCW.

(((29a))) (26) $325,000 of the performance audit of state government account—state appropriation is provided solely for the department, in cooperation with the wildland fire advisory committee established under RCW 76.04.179 and the office of financial management, to conduct a zero-based budget and performance review of its resource protection program. The review shall be specifically focused on the wildfire program operating budget and activities. Throughout the review process the department shall submit monthly updates of actual and estimated fire expenditures, and obligated cost related to fire suppression to the fiscal committees of the legislature. A report of the review shall be submitted to the fiscal committees of the legislature by December 1, 2020. The report shall contain a description of findings, list of changes made, and recommendations and options for accounting structure changes. The review under this subsection shall include:
   (a) A statement of the statutory basis or other basis for the creation of each subprogram within the resource protection
program and the history of each subprogram that is being reviewed;
(b) A description of how each subprogram fits within the strategic plan and goals of the agency and an analysis of the quantified objectives of each subprogram within the agency;
(c) Any available performance measures indicating the effectiveness and efficiency of each subprogram program;
(d) A description with supporting cost and staffing data of each program and the populations served by each program, and the level of funding and staff required to accomplish the goals of the subprogram program if different than the actual maintenance level;
(e) An analysis of the major costs and benefits of operating each subprogram and the rationale for specific expenditure and staffing levels;
(f) An analysis estimating each subprogram's administrative and other overhead costs;
(g) An analysis of the levels of services provided;
(h) An analysis estimating the amount of funds or benefits that actually reach the intended recipients;
(i) An analysis of terminology used to describe wildfire suppression, prevention, preparedness, forest health, pre-suppression, and any other term used to describe program activities and provide definitions for each. This should include cross reference to federal definitions and federal funding;
(j) An analysis of inconsistencies and increased costs associated with the decentralized nature of organizational authority and operations, including recommendations for the creation of policy and procedures and subsequent oversight for dispersed operations;
(k) An analysis of the department's budgeting and accounting processes, including work done at the central, program, and region levels, with specific focus on efficiencies to be gained by centralized budget control; and
(l) A review of the progress and findings of the ongoing internal department fire business transformation team related to current practices in wildfire business and the development of an organizational structure governing fire business practices across the department which complies with all state and federal statutes and agreements and which meets the needs of the department as a whole.

(g) $200,000 of the general fund—state appropriation for fiscal year 2020 and $200,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for implementation of Second Substitute Senate Bill No. 5082 (social emotional learning).

(h) (((i))) (i) $50,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the office of the superintendent of public instruction to convene a work group to develop recommendations for integrating, in a regular and ongoing basis, African American history, examinations of racism, and the history of the civil rights movement into curriculum provided to students in grades seven through twelve. Recommendations developed in accordance with this subsection must be preceded by a work group review of pertinent curriculum that is available to school districts, and must include recommendations for the professional development needed to support educators in providing the instruction to students.

(ii) The work group must consist of one representative from each of the following: (A) The Washington state commission on African American affairs; (B) the educational opportunity gap oversight and accountability committee; and (C) a statewide organization representing teachers. The work group may also include other persons with unique and specific expertise, including but not limited to, Washington state historians and persons representing teacher preparation programs.

(iii) The office must report the findings and recommendations required by this subsection to the education committees of the legislature by November 15, 2020.

(((ii))) (i) $50,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the office to participate in the work group established in section 922 of this act to create a family engagement framework for early learning through high school. At a minimum, the work group must review family engagement policies and practices in Washington and in other states, with a focus on identifying best practices that can be adopted throughout Washington.

(((ii))) (ii)(A) Within amounts provided in this section, the office of the superintendent of public instruction shall convene a work group to:

(I) Review provisions related to sexual health education in the health and physical education learning standards adopted in 2016;

(II) Review existing sexual health education curricula in use in the state for the purpose of identifying gaps or potential inconsistencies with the health and physical education learning standards;

(III) Consider revisions to sexual health education provisions in statute; and

(IV) Consider the merits and challenges associated with requiring all public schools offer comprehensive sexual health education to students in all grades by September 1, 2022. For purposes of this subsection (((ii))) (i), "comprehensive sexual health education" means instruction in sexual health that, at a minimum, is evidence-informed, medically and scientifically accurate, age appropriate, and inclusive for all students.

(ii) In meeting the requirements of this subsection (h), the work group shall consult with a broad array of stakeholders representing diverse opinions.

(A) The superintendent of public instruction or the superintendent’s designee;

(B) Three representatives of school districts recommended by the Washington state school directors’ association. To the extent possible, the school district representatives must reflect a diversity of student enrollment, geographic location, and urban, suburban, and rural locations;

(C) Three school principals recommended by an association of Washington school principals, one each representing an elementary school, a middle school, and a high school. The three principals must represent the geographic diversity of urban, suburban, and rural locations;

(D) Three public school health educators recommended by an association of Washington educators, one each representing grades kindergarten through five, grades six through eight, and grades nine through twelve. The three public school health educators must represent the geographic diversity of urban, suburban, and rural locations;

(E) Three public health officials, at least two of whom are local public health officials with expertise in developing or presenting comprehensive sexual health education materials and resources, as recommended by the Washington state department of health. The three public health officials must represent the geographic diversity of urban, suburban, and rural locations; and

(F) Three parents recommended in accordance with this subsection (3)(((ii))) (ii)(F), one with a child enrolled in a public school west of the crest of the Cascade mountain range, one with a child enrolled in a public school east of the crest of the Cascade mountain range, and one with a child enrolled in a public school who is also receiving special education services. The recommendation for a parent of a public school student receiving special education services must be made by an association of parents, teachers, and students that focuses on the needs of students receiving special education services. The recommendation for the other parents under this subsection must be made by an association of parents, teachers, and students.

(iii) The office of the superintendent of public instruction shall submit findings and recommendations required by this section to the state board of education, the department of health, and, in accordance with RCW 43.01.036, the education committees of the house of representatives and the senate by December 1, 2019.

(iv)(A) The office of the superintendent of public instruction and the Washington state school directors’ association, shall collaborate with department of health to conduct a data survey of the availability of sexual health education in public schools and relevant health measures in those schools. All school districts shall submit to the office of the superintendent of public instruction, through the Washington school health profiles survey, or other reporting mechanisms, the curricula used in the district to teach sexual health education. The data survey must include a list of the schools within the boundaries of each school district that offer sexual health education and in which grade levels, and the curricula used to teach sexual health education, as reported according to RCW 28A.300.475(7). In addition, the data shall include, for each school district and inclusive of any charter schools that may be within the boundaries of the school district, the rate of teen pregnancy, sexually transmitted infections, suicide, depression, and adverse childhood experiences in each of the previous five years for which data is available. To the extent that the data allows, the information shall be collected by school district, inclusive of any charter schools that may be within the boundaries of the school district. To the extent allowed by existing data sources, the information must be disaggregated by age, race, ethnicity, free and reduced lunch eligibility, sexual orientation, gender identity and expression, and geography, including school district population density, and conveyed, to the maximum extent possible, in a manner that complies with WAC
The data survey may combine multiple years of data if necessary to comply with student privacy requirements.

(B) The office of the superintendent of public instruction shall utilize the information collected from the data survey to inform the work group established in (((f))) (i) of this subsection. The office, in accordance with RCW 43.01.036, shall submit the data survey to the committees of the legislature with jurisdiction over matters related to education and health care and the governor by December 1, 2019.

(((f))) (k) $107,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the office to support the children and youth behavioral health work group created in Second Substitute House Bill No. 2737 (child. mental health wk. grp). The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(b) For the 2019-20 and 2020-21 school years, the superintendent shall allocate general apportionment funding to school districts as provided in the funding formulas and salary allocations in sections 504 and 505 of this act, excluding (c) of this subsection.

(c) From July 1, 2019, to August 31, 2019, the superintendent shall allocate general apportionment funding to school districts as provided in sections 502 and 503, chapter 299, Laws of 2018.

(d) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the fourth day of school in September and on the first school day of each month.
NINETY FOURTH DAY, APRIL 14, 2021
October through June, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. Any school district concluding its basic education program in May must report the enrollment of the last school day held in May in lieu of a June enrollment.

(e)(i) Funding provided in part V of this act is sufficient to provide each full-time equivalent student with the minimum hours of instruction required under RCW 28A.150.220.

(ii) The office of the superintendent of public instruction shall align the agency rules defining a full-time equivalent student with the increase in the minimum instructional hours under RCW 28A.150.220, as amended by the legislature in 2014.

(f) The superintendent shall adopt rules requiring school districts to report full-time equivalent student enrollment as provided in RCW 28A.655.210.

(g) For the 2019-20 and 2020-21 school years, school districts must report to the office of the superintendent of public instruction the monthly actual average district-wide class size across each grade level of kindergarten, first grade, second grade, and third grade classes. The superintendent of public instruction shall report this information to the education and fiscal committees of the House of Representatives and the Senate by September 30th of each year.

(2) CERTIFICATED INSTRUCTIONAL STAFF ALLOCATIONS

Allocations for certificated instructional staff salaries for the 2019-20 and 2020-21 school years are determined using formula-generated staff units calculated pursuant to this subsection.

(a) Certificated instructional staff units, as defined in RCW 28A.150.410, shall be allocated to reflect the minimum class size allocations, requirements, and school prototypes assumptions as provided in RCW 28A.150.260. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent student enrollment in each grade.

(b) Additional certificated instructional staff units provided in this subsection (2) that exceed the minimum requirements in RCW 28A.150.260 are enhancements outside the program of basic education, except as otherwise provided in this section.

(c)(i) The superintendent shall base allocations for each level of prototypical school, including those at which more than fifty percent of the students were eligible for free and reduced-price meals in the prior school year, on the following regular education average class size of full-time equivalent students per teacher, except as provided in (c)(ii) of this subsection:

The superintendent shall base allocations for: Laboratory science average class size as provided in RCW 28A.150.260; career and technical education (CTE) class size of 23.0; and skill center program class size of 20.0.

(ii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher planning period, expressed as a percentage of a teacher work day, is 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

(iii) Advanced placement and international baccalaureate courses are funded at the same class size assumptions as general education schools in the same grade; and

(d)(i) Funding for teacher librarians, school nurses, social workers, school psychologists, and guidance counselors is allocated based on the school prototypes as provided in RCW 28A.150.260 and is considered certificated instructional staff, except as provided in (d)(ii) of this subsection.

(ii)(A) For the twenty schools with the lowest overall school score for all students in the 2018-19 school year, as determined by the Washington school improvement framework among elementary schools, middle schools, and other schools not serving students up to twelfth grade, having enrollments greater than one hundred fifty students, in addition to the allocation under (d)(i) of this subsection the superintendent shall allocate additional funding for guidance counselors for each level of prototypical school ((in the 2019-20 school year)) as follows:

To receive additional allocations under (((d)(ii)(A) of)) this subsection, a school eligible to receive the allocation must have demonstrated actual staffing for guidance counselors for its prototypical school level that meets or exceeds the staffing for guidance counselors in (d)(i) of this subsection and this subsection (2)(d)(ii)(A) for its prototypical school level. School districts must distribute the additional guidance counselors allocation in this subsection to the schools that generate the allocation. The enhancement within this subsection is not part of the state's program of basic education.

(B) Students in approved career and technical education and skill center programs generate certificated instructional staff units to provide for the services of teacher librarians, school nurses, social workers, school psychologists, and guidance counselors at the following combined rate per 1000 student full-time equivalent enrollment:

(3) ADMINISTRATIVE STAFF ALLOCATIONS

(a) Allocations for school building-level certificated administrative staff salaries for the 2019-20 and 2020-21 school years for general education students are determined using the formula generated staff units calculated pursuant to this subsection. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent enrollment in each grade. The following prototypical school values shall determine the allocation for principals, assistant principals, and other certificated building level administrators:

(b) Students in approved career and technical education and skill center programs generate certificated school building-level administrator staff units at per student rates that are a multiple of the general education rate in (a) of this subsection by the following factors: Career and Technical Education students 1.025 Skill Center students 1.198

(4) CLASSIFIED STAFF ALLOCATIONS

Allocations for classified staff units providing school building-level and district-wide support services for the 2019-20 and 2020-21 school years are determined using the formula-generated staff units provided in RCW 28A.150.260 and pursuant to this subsection, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade.

(5) CENTRAL OFFICE ALLOCATIONS

In addition to classified and administrative staff units allocated in subsections (3) and (4) of this section, classified and administrative staff units are provided for the 2019-20 and 2020-21 school years for the central office administrative costs of operating a school district, at the following rates:

(a) The total central office staff units provided in this subsection (5) are calculated by first multiplying the total number of eligible certificated instructional, certificated administrative, and classified staff units providing school-based or district-wide support services, as identified in RCW 28A.150.260(6)(b) and the increased allocations provided pursuant to subsections (2) and (4) of this section, by 5.3 percent.

(b) Of the central office staff units calculated in (a) of this subsection, 74.53 percent are allocated as classified staff units, as generated in subsection (4) of this section, and 25.48 percent shall be allocated as administrative staff units, as generated in subsection (3) of this section.

(c) Staff units generated as enhancements outside the program of basic education to the minimum requirements of RCW 28A.150.260, and staff units generated by skill center and career-technical students, are excluded from the total central office staff units calculation in (a) of this subsection.

(d) For students in approved career-technical and skill center programs, central office classified units are allocated at the same staff unit per student rate as those generated for general education students of the same grade in this subsection (5), and central office administrative staff units are allocated at staff unit per student rates that exceed the general education rate established for students in the same grade in this subsection (5) by 12.50 percent in the 2019-20 school year and (12.50%) 12.63 percent in the 2020-21 school year for career and technical education students, and 17.83 percent in the 2019-20 school year and (17.83%) 17.97 percent in the 2020-21 school year for skill center students.

(6) FRINGE BENEFIT ALLOCATIONS

Fringe benefit allocations shall be calculated at a rate of 23.80 percent in the 2019-20 school year and 24.03 percent in the 2020-21 school year for certificated salary allocations provided under subsections (2), (3), and (5) of this section, and a rate of 24.33 percent in the 2019-20 school year and 24.44 percent in the 2020-21 school year for classified salary allocations provided under subsections (4) and (5) of this section.

(7) INSURANCE BENEFIT ALLOCATIONS

Insurance benefit allocations shall be calculated at the rates specified in section 506 of this act, based on the number of benefit units determined as follows:

(a) Until December 31, 2019 and for nonrepresented employees of educational service districts for the 2020-21 school year:

(i) The number of certificated staff units determined in subsections (2), (3), and (5) of this section; and

(ii) The number of classified staff units determined in subsections (4) and (5) of this section.

(b) Beginning January 1, 2020, and except for nonrepresented employees of educational service districts for the 2020-21 school year, the number of calculated benefit units determined below. Calculated benefit units are staff units multiplied by the benefit allocation factors established in the collective bargaining agreement referenced in section 907 of this act. These factors are intended to adjust allocations so that, for the purpose of distributing insurance benefits, full-time equivalent employees may be calculated on the basis of 630 hours of work per year, with no individual employee counted as more than one full-time equivalent. The number of benefit units is determined as follows:

(i) The number of certificated staff units determined in subsections (2), (3), and (5) of this section multiplied by 1.02; and

(ii) The number of classified staff units determined in subsections (4) and (5) of this section multiplied by 1.43.

(c) For health benefits payments to the health care authority for benefits provided to school employees in January 2020, school districts must provide payment to the health care authority within three business days of receiving the January 2020 allocation for insurance benefits. The health care authority and office of the superintendent of public instruction must coordinate with school districts to enable timely payment to the health care authority consistent with this subsection.

(8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

Funding is allocated per annual average full-time equivalent student for the materials, supplies, and operating costs (MSOC) incurred by school districts, consistent with the requirements of RCW 28A.150.260.

(a)(i) MSOC funding for general education students are allocated at the following per student rates:

NINTH DAY, APRIL 14, 2021

[Text from the image]

Funding in this section is sufficient to fund all day kindergarten programs in all schools in the 2019-20 school year and 2020-21 school year, pursuant to RCW 28A.150.220 and 28A.150.315.

(13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND NECESSARY PLANTS

For small school districts and remote and necessary school plants within any district which have been judged to be remote and necessary by the superintendent of public instruction, additional staff units are provided to ensure a minimum level of staffing support. Additional administrative and certificated instructional staff units provided to districts in this subsection shall be reduced by the general education staff units, excluding career and technical education and skills center enhancement units, otherwise provided in subsections (2) through (5) of this section on a per district basis.

(a) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the superintendent of public instruction and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling students in grades 7 and 8, $1,529.98 for the 2019-20 school year and $1,554.46 for the 2020-21 school year.

(ii) For those enrolling students in grades 7 or 8, $1,68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled.

(b) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the superintendent of public instruction:

(i) For enrollment of up to sixty average annual full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(c) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools, except as noted in this subsection:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full-time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full-time equivalent students;

(iii) Districts receiving staff units under this subsection shall add students enrolled in a district alternative high school and any grades nine through twelve alternative learning experience.
programs with the small high school enrollment for calculations under this subsection;
(d) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a classified instructional staff unit;
(e) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a classified instructional staff unit;
(f) For enrollments generating classified staff unit allocations under (a) through (e) of this subsection, one classified staff unit for each 2.94 certificated staff units allocated under such subsections;
(ii) For each non-high school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit; and
(g) School districts receiving additional staff units to support small student enrollments and remote and necessary plants under this subsection (13) shall generate additional MSOC allocations consistent with the nonemployee related costs (NERC) allocation formula in place for the 2010-11 school year as provided section 502, chapter 37, Laws of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually for inflation.
(14) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.
(15) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2020 and 2021 as follows:
(a) $650,000 of the general fund—state appropriation for fiscal year 2020 and $650,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW.
(b) $436,000 of the general fund—state appropriation for fiscal year 2020 and $436,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs.
(16) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.
(17) Funding in this section is sufficient to fund a maximum of 1.2 FTE enrollment for career launch students pursuant to RCW 28A.700.130. Expenditures for this purpose must come first from the appropriations provided in section 521 of this act; funding for career launch enrollment exceeding those appropriations is provided in this section. The office of the superintendent of public instruction shall provide a summary report to the office of the governor and the appropriate committees of the legislature by January 1, 2022. The report must include the total FTE enrollment for career launch students, the FTE enrollment for career launch students that exceeded the appropriations provided in section 521 of this act, and the amount expended from this section for those students.
(18) Students participating in running start programs may be funded up to a combined maximum enrollment of 1.2 FTE including school district and institution of higher education enrollment consistent with the running start course requirements provided in chapter 202, Laws of 2013 (dual credit education opportunities). In calculating the combined 1.2 FTE, the office of the superintendent of public instruction may average the participating student’s September through June enrollment to account for differences in the start and end dates for courses provided by the high school and higher education institution. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the student achievement council, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.
(19) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (13) of this section, the following apply:
(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and
(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (13) of this section shall be reduced in increments of twenty percent per year.
(20)(a) Indirect cost charges by a school district to approved career and technical education middle and secondary programs shall not exceed the lesser of five percent or the cap established in federal law of the combined basic education and career and technical education program enhancement allocations of state funds. Middle and secondary career and technical education programs are considered separate programs for funding and financial reporting purposes under this section.
(b) Career and technical education program full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported career and technical education program enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.
(21) Funding in this section is sufficient to provide full general apportionment payments to school districts eligible for federal forest revenues as provided in RCW 28A.520.020. For the 2019-2021 biennium, general apportionment payments are not reduced for school districts receiving federal forest revenues.
(22) FEDERAL APPROPRIATIONS FOR COVID-19 RECOVERY
(a) $34,273,000 of the general fund—federal appropriation (CRSSA-ESSER) is provided solely for enrollment and transportation stabilization allocations in the 2020-21 school year required in section 1419 of this act.
(b) $600,000 of the general fund—federal appropriation (CRSSA-ESSER) is provided solely for allocations from funds attributable to subsection 313(e), the coronavirus response and relief supplemental appropriations act, P.L. 116-260, division M to local education agencies that do not receive elementary and secondary school emergency relief fund subgrants due to not
COMPENSATION ADJUSTMENTS

INSTRUCTION—FOR PUPIL TRANSPORTATION

(2)(a) For the 2019-20 and 2020-21 school years, the
annual inflationary adjustments pursuant to RCW
28A.160.205.

(b) From July 1, 2019, to August 31, 2019, the superintendent
shall allocate funding to school district programs
for the transportation of eligible students as provided in RCW
28A.160.192, which enhancement is
implemented by the legislature.

(c) from subsection (b) of this section, the equivalent of one day of salary and benefits for each
of the funded full-time equivalent certificated instructional staff units in school year 2019-20, and
days of salary and benefits for each of the funded full-time equivalent certificated instructional staff units in school year
2020-21.

The appropriations in this section are subject to the following conditions and limitations:

1) The salary increases provided in this section are 2.0 percent
for the 2019-20 school year, and 1.6 percent for the 2020-21 school year, the annual inflationary adjustments pursuant to RCW
28A.160.205.

2)(a) In addition to salary allocations, the appropriations in
this section include funding for professional learning as defined in
RCW 28A.15.30, 28A.15.430, and 28A.15.434. Funding for this purpose is calculated as the equivalent of two days of salary and benefits for each of the funded full-time equivalent certificated instructional staff units in school year 2019-20, and
days of salary and benefits for each of the funded full-time equivalent certificated instructional staff units in school year
2020-21.

(b) Of the funding provided for professional learning in this
section, the equivalent of one day of salary and benefits for each
of the funded full-time equivalent certificated instructional staff units in school year 2020-21 must be used to train school district
staff on racial literacy, cultural responsiveness, and stereotype
threat for purposes of closing persistent opportunity gaps.

3) The appropriations in this section include associated incremental fringe benefit allocations at 23.16 percent for the
2019-20 school year and 23.39 percent for the 2020-21 school year for certificated instructional and certificated administrative
staff and 20.83 percent for the 2019-20 school year and 20.94 percent for the 2020-21 school year for classified staff.

(b) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act.

Changes for general apportionment (basic education) are based on the salary allocations and methodology in sections 503 and 504
of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes for
educational service districts and institutional education programs are determined by the superintendent of public instruction pursuant to RCW 28A.160.192, and impact compensation factors in sections 504, 505, and 506 of this act.

(c) The appropriations in this section include no salary adjustments for substitute teachers.

4) The appropriations in this section are sufficient to fund the collective bargaining agreement referenced in section 907 of this act and reflect the incremental change in cost of allocating rates as follows:

(a) For the 2019-20 school year, $973.00 per month from September 1, 2019, to December 31, 2019, $994 per month from January 1, 2020, to June 30, 2020, and $1,056 per month from July 1, 2020, to August 31, 2020; and
(b) For the 2020-21 school year, $1,000 per month.

5) When bargaining for funding for school employees health benefits for the 2021-2023 fiscal biennium, any proposal agreed
upon must assume the imposition of a twenty-five dollar per month surcharge payment from members who use tobacco
products and a surcharge payment of not less than fifty dollars per month from members who cover a spouse or domestic partner
where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than ninety-five percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment.

6) The rates specified in this section are subject to revision each year by the legislature.

Sec. 1404. 2020 c 357 s 506 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR PUPIL TRANSPORTATION

Sec. 1403. 2020 c 357 s 505 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR SCHOOL EMPLOYEE

(3) Within amounts appropriated in this section, up to $10,000,000 of the general fund—state appropriation for fiscal year 2020 and up to $10,000,000 of the general fund—state appropriation for fiscal year 2021 are for a transportation alternate funding grant program based on the alternate funding process established in RCW 28A.160.191. The superintendent of public instruction must include a review of school district efficiency rating, key performance indicators and local school district characteristics such as unique geographic constraints in the grant award process.

(4) A maximum of $939,000 of this fiscal year 2020 appropriation and a maximum of $939,000 of the fiscal year 2021 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(5) Subject to available funds under this section, school districts may provide student transportation for summer skills center programs.

(6) The office of the superintendent of public instruction shall provide reimbursement funding to a school district for school bus purchases only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(7) The superintendent of public instruction shall base depreciation payments for school district buses on the presales tax five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

(8) Funding levels in this section reflect waivers granted by the state board of education for four-day school weeks as allowed under RCW 28A.305.141.

(9) The office of the superintendent of public instruction shall annually disburse payments for bus depreciation in August.

(10) The office of the superintendent of public instruction must subtract pupil transportation amounts carried over from the 2018-19 school year to the 2019-20 school year from the 2019-20 school year that were the result of corrections to the pupil transportation allocation for the 2020-21 school year.

(11) $21,508,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for one-time hold harmless pupil transportation payments to school districts to address lower pupil transportation payments for the 2019-2020 school year that were the result of corrections to the pupil transportation allocation methodology as implemented by the superintendent.

TOTAL APPROPRIATION........................................ ($3,438,737,000)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general appropriation allocation.
accruing through sections 503 and 505 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(b) Funding provided within this section is sufficient for districts to provide school principals and lead special education teachers annual professional development on the best-practices for special education instruction and strategies for implementation. Districts shall annually provide a summary of professional development activities to the office of the superintendent of public instruction.

(2)(a) The superintendent of public instruction shall ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4)(a) For the 2019-20 and 2020-21 school years, the superintendent shall allocate funding to school district programs for special education students as provided in RCW 28A.150.390 as amended by chapter 266, Laws of 2018 (basic education), except that the calculation of the base allocation also includes allocations provided under section 503 (2) and (4) of this act and RCW 28A.150.415, which enhancement is within the program of basic education.

(b) From July 1, 2019, to August 31, 2019, the superintendent shall allocate funding to school district programs for special education students as provided in section 507, chapter 299, Laws of 2018.

(5) The following applies throughout this section: The definitions for enrollment and enrollment percent are as specified in RCW 28A.150.390(3). Each district's general fund—state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 13.5 percent.

(6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with RCW 28A.150.390(3)(c) and (d), and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(7) $63,609,000 of the general fund—state appropriation for fiscal year 2020, $39,630,000 of the general fund—state appropriation for fiscal year 2021, and $29,574,000 of the general fund—federal appropriation are provided solely for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (4) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (7) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. At the conclusion of each school year, the superintendent shall recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible.

(a) For the 2019-20 and 2020-21 school years, safety net funds shall be awarded by the state safety net oversight committee as provided in section 109(1) chapter 548, Laws of 2009 (education).

(b) The office of the superintendent of public instruction shall make award determinations for state safety net funding in August of each school year, except that the superintendent of public instruction shall make award determinations for state safety net funding in July of each school year for the Washington state school for the blind and for the center for childhood deafness and hearing loss. Determinations on school district eligibility for state safety net awards shall be based on analysis of actual expenditure data from the current school year.

(8) A maximum of $931,000 may be expended from the general fund—state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(9) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(10) A school district may carry over from one year to the next year up to 10 percent of the general fund—state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(11) $50,000 of the general fund—state appropriation for fiscal year 2020, $50,000 of the general fund—state appropriation for fiscal year 2021, and $100,000 of the general fund—federal appropriation are provided solely for a special education family liaison position within the office of the superintendent of public instruction.

(12) $30,746,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for changes to the special education cost multiplier as specified in Engrossed Second Substitute Senate Bill No. 5091 (special education funding).

(13) Within amounts appropriated in this section, funding is provided for fiscal year 2021 for changes to the special education cost multiplier as specified in chapter 387, Laws of 2019 (special education funding).

(14) $5,200,000 of the general fund—state appropriation for fiscal year 2020 and $19,800,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the office of the superintendent of public instruction to support professional development in inclusionary practices for classroom teachers. The primary form of support to public school classroom teachers must be for mentors who are experts in best practices for inclusive education, differentiated instruction, and individualized instruction. Funding for mentors must be prioritized to the public schools with the highest percentage of students with individualized education programs aged six through twenty-one who spend the least amount of time in general education classrooms.

(15) Beginning September 1, 2020, funding for payments to providers for the early support for infants and toddlers program is transferred to the department of children, youth, and families to implement Substitute House Bill No. 2787 (infants and toddlers program). The amount of the transfer and related funding requirements are included in section 225(4)(ff) of this act.
Sec. 1407. 2020 c 357 s 508 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR EDUCATIONAL SERVICE DISTRICTS

General Fund—State Appropriation (FY 2020)....$12,869,000
General Fund—State Appropriation (FY 2021) .......................................................... ($13,920,000)

The appropriations in this section are subject to the following conditions and limitations:

(1) The educational service districts shall continue to furnish financial services required by the superintendent of public instruction and RCW 28A.310.190 (3) and (4).

(2) Funding within this section is provided for regional professional development related to mathematics and science curriculum and instructional strategies aligned with common core state standards and next generation science standards. Funding shall be distributed among the educational service districts in the same proportion as distributions in the 2007-2009 biennium. Each educational service district shall use this funding solely for salary and benefits for certificated instructional staff with expertise in the appropriate subject matter and in professional development delivery, and for travel, materials, and other expenditures related to providing regional professional development support.

(3) Funding in this section is provided for regional professional development related to English language arts curriculum and instructional strategies aligned with common core state standards. Each educational service district shall use this funding solely for salary and benefits for certificated instructional staff with expertise in the appropriate subject matter and in professional development delivery, and for travel, materials, and other expenditures related to providing regional professional development support.

(4) For fiscal year 2021, funding in this section is provided for regional technical support for the K-20 telecommunications network to prevent system failures and avoid interruptions in school utilization of the data processing and video-conferencing capabilities of the network. These funds may be used to purchase engineering and advanced technical support for the network.

(5) For fiscal year 2021, funding in this section is provided for a corps of nurses located at the educational service districts, to be dispatched in coordination with the office of the superintendent of public instruction, to provide direct care to students, health education, and training for school staff.

(6) For fiscal year 2021, funding in this section is provided for staff and support at the nine educational service districts to provide a network of support for school districts to develop and implement comprehensive suicide prevention and behavioral health supports for students.

(7) For fiscal year 2021, funding in this section is provided for staff and support at the nine educational service districts to provide assistance to school districts with comprehensive safe schools planning, conducting needs assessments, school safety and security trainings, coordinating appropriate crisis and emergency response and recovery, and developing threat assessment and crisis intervention teams.

(8) For fiscal year 2021, funding in this section is provided for regional English language arts coordinators to provide professional development of teachers and principals around the new early screening for dyslexia requirements.

(9) The educational service districts, at the request of the state board of education pursuant to RCW 28A.310.010 and 28A.305.130, may receive and screen applications for school accreditation, conduct school accreditation site visits pursuant to state board of education rules, and submit to the state board of education post-site visit recommendations for school accreditation. The educational service districts may assess a cooperative service fee to recover actual plus reasonable indirect costs for the purposes of this subsection.

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

(1) Amounts distributed to districts by the superintendent through part V of this act are for allocations purposes only, unless specified by part V of this act, and do not entitle a particular district, district employee, or student to a specific service, beyond what has been expressly provided in statute. Part V of this act restates the requirements of various sections of Title 28A RCW. If any conflict exists, the provisions of Title 28A RCW control unless this act explicitly states that it is providing an enhancement. Any amounts provided in part V of this act in excess of the amounts required by Title 28A RCW provided in statute, are not within the program of basic education unless clearly stated by this act.

(2) When adopting new or revised rules or policies relating to the administration of allocations in part V of this act that result in fiscal impact, the office of the superintendent of public instruction shall seek legislative approval through the budget request process.

(3) Appropriations made in this act to the office of the superintendent of public instruction shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in subsection (4) of this section.

(4) The appropriations to the office of the superintendent of public instruction in this act shall be expended for the programs and amounts specified in this act. However, after May 1, (2024) 2021, unless specifically prohibited by this act and after approval by the director of financial management, the superintendent of public instruction may transfer state general fund appropriations for fiscal year 2020 among the following programs to meet the apportionment schedule for a specified formula in another of these programs: General apportionment; employee compensation adjustments; pupil transportation; special education programs;
in institutional education programs; transitional bilingual programs; highly capable; and learning assistance programs.

(5) The director of financial management shall notify the appropriate legislative fiscal committees in writing prior to approving any allotment modifications or transfers under this section.

(6) Appropriations in sections 503 and 505 of this act for insurance benefits under chapter 41.05 RCW are provided solely for the superintendent to allocate to districts for employee health benefits as provided in section 907 of this act. The superintendent may not allocate, and districts may not expend, these amounts for any other purpose beyond those authorized in section 907 of this act. (7) As required by RCW 28A.710.110, the office of the superintendent of public instruction shall transmit the charter school authorizer oversight fee for the charter school commission to the charter school oversight account.

(28) $75,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for grants to school districts to create systems, policies, and practices to address racial discipline gaps consistent with RCW 28A.415.410. The office of superintendent of public instruction, in coordination with a state association representing both certificated and classified staff, an superintendent of public instruction, in coordination with a state association representing both certificated and classified staff, the Washington state school directors association, and an association representing principals, will guide grant recipients using existing training materials and resources. Grant recipients must develop systems that provide tiered supports for intervention, restorative approaches to behavior, and eliminate zero-tolerance policies that contribute to racial disparities.

(29) $300,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the south Kitsap school district to co-develop a pilot strategy to increase completion rates for the free application for federal student aid (FAFSA).

(30) $50,000 of the general fund—state appropriation for fiscal year 2021 is provided solely to the Renton school district to expand early learning opportunities with the Somali parent's education board.

(31) $878,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the Washington school principals' education foundation to continue student outdoor education services. Within the amounts provided in this subsection (31):

(a) $512,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the Cispus learning center to continue services to provide outdoor education to the students of Washington state.

(b) $366,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the associate of Washington student leaders to continue services for student leadership programs within Washington state.

(32) The general fund—state appropriations in this section for fiscal year 2021 have been reduced by $11,000 to reflect furlough savings implemented in the office. The office of financial management, in consultation with the office of the superintendent of public instruction, shall adjust allotments from the appropriations in this section, including allotments of amounts provided solely for a specific purpose, to reflect the reduction to the overall appropriation.

NEW SECTION. Sec. 1419. A new section is added to 2020 c 357 (uncodified) to read as follows: ENROLLMENT AND TRANSPORTATION STABILIZATION

(1) From appropriations in section 1402(22)(a) of this act, the superintendent of public instruction must provide an enrollment stabilization allocation from funds attributable to subsection 313(c), the coronavirus response and relief supplemental appropriations act, P.L. 116-260, division M to local education agencies equal to amount A minus amount B if amount A minus amount B is greater than zero.

(a) "Amount A" is the maximum enrollment stabilization amount in subsection (2) of this section.

(b) "Amount B" is total federal funding that is available to the local education agency from subgrants provided by the elementary and secondary school emergency relief fund as enacted by subsection 313(c), the coronavirus response and relief supplemental appropriations act, P.L. 116-260, division M and subsection 2001(d), the American rescue plan act of 2021, P.L. 117-2.

(2) The maximum enrollment stabilization allocation for the 2020-21 school year is the amount needed to bring total allocations for all program and enrollment groups listed in (b) of this subsection that meet the criteria in (a) of this subsection up to an amount calculated using 2019-20 annual average enrollment values and formulas in place for the 2020-21 school year, plus the maximum transportation stabilization allocation in (c) of this subsection.

(a) A program and enrollment group meets the criteria to be included in the maximum enrollment stabilization allocation for a local education agency if enrollment in the 2020-21 school year is less than funded annual average enrollment in the 2019-20 school year and using 2019-20 annual average enrollment values does not result in less funding within the program to the local education agency.

(b) Program and enrollment groups that may be eligible for the maximum enrollment stabilization allocation are:

(i) Total annual average full-time equivalent enrollment in kindergarten through 12th grades, including alternative learning experience enrollment for purposes of calculating general apportionment allocations;

(ii) Enrollment in special education for purposes of calculating excess cost allocations as defined in RCW 28A.150.390. Allocations for special education enrollment above 2020-21 school year levels in kindergarten through 12th grades must be based on an excess cost multiplier of 0.995;

(iii) Enrollment in programs that provide supplemental instruction and services for students whose primary language is other than English for purposes of calculating allocations as described in RCW 28A.150.260(10)(b);
NINETY FOURTH DAY, APRIL 14, 2021

(iv) Enrollment in programs that support highly capable students for purposes of calculating allocations as described in RCW 28A.150.260(10)(c);

(v) Enrollment in dropout reengagement programs for purposes of calculating allocations for eligible students under RCW 28A.175.100; and

(vi) Enrollment in career and technical education and skill centers for purposes of calculating allocations as described in RCW 28A.150.260 (4)(c), (7), and (9).

(c) The maximum transportation stabilization allocation is equal to amount C minus amount D if amount C minus amount D is greater than zero.

(i) "Amount C" is 80 percent of the district's estimated allocation for the 2020-21 school year provided by the superintendent of public instruction prior to February 2021.

(ii) "Amount D" is the actual amount the local education agency receives for the 2020-21 school year under the allocation formula provided in RCW 28A.160.192.

(3) Enrollment stabilization amounts allocated under this section are not part of the state's program of basic education but may be used for any allowable cost within any of the programs.

(4) For purposes of this section, "local education agency" means a school district, charter school, or state-tribal education compact school established under chapter 28A.715 RCW.

5. If Engrossed Second Substitute House Bill No. 2158 (workforce education) is enacted by June 30, 2019, all references made in this section to the state need grant program are deemed made to the Washington college grant program.

6. $255,327,000 of the general fund—state appropriation for fiscal year 2020, $7,935,000 of the general fund—state appropriation for fiscal year 2021, $45,527,000 of the education legacy trust account—state appropriation, $6,600,000 of the state educational trust fund nonappropriated account—state appropriation, and $38,350,000 of the Washington opportunity pathways account—state appropriation are provided solely for student financial aid payments under the state need grant and state work study programs, including up to four percent administrative allowance for the state work study program.

7. $258,593,000 of the general fund—state appropriation for fiscal year 2021, $1,079,000 of the workforce education investment account—state appropriation, $32,112,000 of the education legacy trust fund—state appropriation, and $44,918,000 of the Washington opportunity pathways account—state appropriation are provided solely for the Washington college grant program as provided in RCW 28B.92.200.

8. Changes made to the state work study program in the 2009-2011 and 2011-2013 fiscal biennia are continued in the 2019-2021 fiscal biennium including maintaining the increased required employer share of wages; adjusted employer match rates; discontinuation of nonresident student eligibility for the program; and revising distribution methods to institutions by taking into consideration other factors such as off-campus job development, historical utilization trends, and student need.

9. Within the funds appropriated in this section, eligibility for the state need grant includes students with family incomes at or below 70 percent of the state median family income (MFI), adjusted for family size, and shall include students enrolled in three to five credit-bearing quarter credits, or the equivalent semester credits. Awards for students with incomes between 51 and 70 percent of the state median shall be prorated at the following percentages of the award amount granted to those with incomes below 51 percent of the MFI: 70 percent for students with family incomes between 51 and 55 percent MFI; 65 percent for students with family incomes between 56 and 60 percent MFI; 60 percent for students with family incomes between 61 and 65 percent MFI; and 50 percent for students with family incomes between 66 and 70 percent MFI. If Engrossed Second Substitute House Bill No. 2158 (workforce education) is enacted by June 30, 2019, then the eligibility and proration provisions of that bill supersede the provisions of this subsection.

10. Of the amounts provided in subsection (2) of this section, $100,000 of the general fund—state appropriation for fiscal year 2020 and $100,000 of the general fund—state appropriation for fiscal year 2021 are provided for the council to process an alternative financial aid application system pursuant to RCW 28B.92.010.

11. Students who are eligible for the college bound scholarship shall be given priority for the state need grant program. These eligible college bound students whose family incomes are in the 0-65 percent median family income ranges must be awarded the maximum state need grant for which they are eligible under state policies and may not be denied maximum state need grant funding due to institutional policies or delayed awarding of college bound scholarship students. The council shall provide directions to institutions to maximize the number of college bound scholarship students receiving the maximum state need grant for which they are eligible with a goal of 100 percent coordination. Institutions shall identify all college bound scholarship students to receive state need grant priority. If an institution is unable to identify all
college bound scholarship students at the time of initial state aid packaging, the institution should reserve state need grant funding sufficient to cover the projected enrollments of college bound scholarship students.

(8) $972,000 of the general fund—state appropriation for fiscal year 2020, (($1,165,000)) $3,701,000 of the general fund—state appropriation for fiscal year 2021, $15,849,000 of the education legacy trust account—state appropriation, and $18,929,000 of the Washington opportunity pathways account—state appropriation are provided solely for the college bound scholarship program and may support scholarships for summer session. The office of student financial assistance and the institutions of higher education shall not consider awards made by the opportunity scholarship program to be state-funded for the purpose of determining the value of an award amount under RCW 28B.118.010.

(9) $2,759,000 of the general fund—state appropriation for fiscal year 2020 ((and)), $2,795,000 of the general fund—state appropriation for fiscal year 2021, and $3,640,000 of the workforce education investment account—state appropriation are provided solely for the passport to college program. The maximum scholarship award is up to $5,000. The council shall contract with a nonprofit organization to provide support services to increase student completion in their postsecondary program and shall, under this contract, provide a minimum of $500,000 in fiscal years 2020 and 2021 for this purpose.

(10) $2,536,000 of the general fund—state appropriation for fiscal year 2020 and ((4,550,000)) $4,540,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to meet state match requirements associated with the opportunity scholarship program. The legislature will evaluate subsequent appropriations to the opportunity scholarship program based on the extent that additional private contributions are made, program spending patterns, and fund balance.

(11) $3,800,000 of the general fund—state appropriation for fiscal year 2020 and $3,800,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for expenditure into the health professionals loan repayment and scholarship program account. These amounts must be used to increase the number of licensed primary care health professionals to serve in licensed primary care health professional critical shortage areas. Contracts between the office and program recipients must guarantee at least three years of conditional loan repayments. The office of student financial assistance and the department of health shall prioritize a portion of any nonfederal balances in the health professional loan repayment and scholarship fund for conditional loan repayment contracts with psychiatrists and with advanced registered nurse practitioners for work at one of the state-operated psychiatric hospitals. The office and department shall designate the state hospitals as health professional shortage areas if necessary for this purpose. The office shall coordinate with the department of social and health services to effectively incorporate three conditional loan repayments into the department's advanced psychiatric professional recruitment and retention strategies. The office may use these targeted amounts for other program participants should there be any remaining amounts after eligible psychiatrists and advanced registered nurse practitioners have been served. The office shall also work to prioritize loan repayments to professionals working at health care delivery sites that demonstrate a commitment to serving uninsured clients. It is the intent of the legislature to provide funding to maintain the current number and amount of awards for the program in the 2021-2023 biennium on the basis of these contractual obligations.

(12) $850,000 of the general fund—state appropriation for fiscal year 2020 and $750,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for implementation of Second Substitute House Bill No. 1973 (dual enrollment scholarship).

(13) $1,000,000 of the general fund—state appropriation for fiscal year 2020 and $1,000,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for implementation of Second Substitute House Bill No. 1668 (Washington health corps). Within amounts provided in this subsection, the student achievement council, in consultation with the department of health, shall study the need, feasibility, and potential design of a grant program to provide funding to behavioral health students completing unpaid pregraduation internships and postgraduation supervised hours for licensure.

(14) Sufficient amounts are appropriated within this section to implement Engrossed Substitute House Bill No. 1311 (college bound).

(15) $1,896,000 of the general fund—state appropriation for fiscal year 2020 and $1,673,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for implementation of Engrossed Second Substitute House Bill No. 1139 (educator workforce supply). Of the amounts appropriated in this subsection, $1,650,000 of the general fund—state appropriation for fiscal year 2020 and $1,650,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for funding of the student teaching grant program, the teacher endorsement and certification help program, and the educator conditional scholarship and loan repayment programs under chapter 28B.102 RCW, including the pipeline for paraeducators program, the retooling to teach conditional loan programs, the teacher shortage conditional scholarship program, the career and technical education conditional scholarship program, and the federal student loan repayment in exchange for teaching service program.

(16) $500,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for a state match associated with the rural jobs program. The legislature will evaluate appropriations in future biennia to the rural jobs program based on the extent that additional private contributions are made.

(17) $625,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for implementation of Senate Bill No. 5197 (national guard ed. grants). (If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.)

(18) $1,500,000 of the state financial aid account—state appropriation is provided solely for passport to career program scholarship awards.

(19) $161,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for implementation of Engrossed Substitute Senate Bill No. 6141 (higher education access). (If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.)

(20) $396,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for implementation of Second Substitute Senate Bill No. 6561 (undocumented student support). (If the bill is not enacted by June 30, 2020, the amount provided in this subsection shall lapse.)
The appropriations in this section are subject to the following conditions and limitations:

(1) For the 2019-2021 fiscal biennium the board shall not designate recipients of the Washington award for vocational excellence or recognize them at award ceremonies as provided in RCW 28C.04.535.

(2) $240,000 of the general fund—state appropriation for fiscal year 2020 and $240,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the health workforce council of the state workforce training and education coordinating board. In partnership with the office of the governor, the health workforce council shall continue to assess workforce shortages across behavioral health disciplines. The board shall create a recommended action plan to address behavioral health workforce shortages and to meet the increased demand for services now, and with the integration of behavioral health and primary care in 2020. The analysis and recommended action plan shall align with the recommendations of the adult behavioral health system task force and related work of the healthier Washington initiative. The board shall consider workforce data, gaps, distribution, pipeline, development, and infrastructure, including innovative high school, postsecondary, and postgraduate programs to evolve, align, and respond accordingly to our state's behavioral health and related and integrated primary care workforce needs.

(3) $260,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for implementation of chapter 294, Laws of 2018 (future of work task force).

(4) $28,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for implementation of Substitute Senate Bill No. 5166 (postsecondary religious acc.).

(5) $300,000 of the general fund—state appropriation for fiscal year 2021 is provided solely for the board to provide a one-time grant to an accredited university offering a doctorate in osteopathic medicine. The grant must be used to purchase up to twelve fully-equipped (all-in-one) telemedicine kits for student training purposes in rural and underserved communities.

PART XVI
SPECIAL APPROPRIATIONS

Sec. 1601. 2020 c 357 s 701 (uncodified) is amended to read as follows:

FOR THE OFFICE OF FINANCIAL MANAGEMENT—INFORMATION TECHNOLOGY INVESTMENT POOL

General Fund—State Appropriation (FY 2020)......$9,107,000
General Fund—State Appropriation (FY 2021) ....$12,309,000
General Fund—Federal Appropriation.................$7,427,000
General Fund—Private/local Appropriation............$213,000
Other Appropriated Funds..............................$65,139,000
TOTAL APPROPRIATION............................$94,195,000

The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Funds in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. To facilitate transfer of unused moneys originally from other funds and accounts that were deposited into the information technology revolving account as associated with these same projects, and that are not expended by June 30, 2021, the state treasurer is directed to transfer money from other funds and accounts out of the information technology investment revolving account and deposit into the fund or account of origin in accordance with schedules provided by the office of financial management. However, restricted federal funds and qualified employee benefit and pension funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from the information technology investment revolving account. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(3) Allocations and allotments of information technology investment revolving account must be made for discrete stages of projects as determined by the technology budget approved by the office of the state chief information officer and office of financial management. Fifteen percent of total funding allocated by the office of financial management, or another amount as defined jointly by the office of financial management and the office of the state chief information officer, will be retained in the account, but remain allocated to that project. The retained funding will be released to the agency only after successful completion of that stage of the project. For the military department enhanced 911 next generation project and the one Washington project, the amount retained is increased to at least twenty percent of total funding allocated for any stage of that project.

(4)(a) Each project must have a technology budget. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out.
(b) As part of the development of a technology budget and at each request for funding, the agency shall submit detailed financial information to the office of financial management and the office of the state chief information officer. The technology budget must describe the total cost of the project by fiscal month to include and identify:
(i) Fund sources;
(ii) Full time equivalent staffing level to include job classification assumptions;
(iii) A discreet appropriation index and program index;
(iv) Object and subobject codes of expenditures; and
(v) Anticipated deliverables.
(c) If a project technology budget changes and a revised technology budget is completed, a comparison of the revised technology budget to the last approved technology budget must be posted to the dashboard, to include a narrative rationale on what changed, why, and how that impacts the project in scope, budget, and schedule.

(5)(a) Each project must have an investment plan that includes:
(i) An organizational chart of the project management team that identifies team members and their roles and responsibilities;
(ii) The office of the state chief information officer staff assigned to the project;
(iii) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;
(iv) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;
(v) Ongoing maintenance and operations cost of the project post implementation and close out delineated by agency staffing, contracted staffing, and service level agreements; and
(vi) Financial budget coding to include at least discreet program index and subobject codes.

(6) Projects with estimated costs greater than one hundred million dollars from initiation to completion and implementation may be divided into discrete subprojects as determined by the office of the state chief information officer, except for the one Washington project which must be divided into the following discrete subprojects: Core financials, expanding financials and procurement, budget, and human resources. Each subproject must have a technology budget and investment plan as provided in this section.

(7)(a) The office of the state chief information officer shall maintain an information technology project dashboard that provides updated information each fiscal month on projects subject to this section. This includes, at least:
(i) Project changes each fiscal month;
(ii) Noting if the project has a completed market requirements document;
(iii) Financial status of information technology projects under oversight;
(iv) Coordination with agencies;
(v) Monthly quality assurance reports, if applicable;
(vi) Monthly office of the state chief information officer status reports;
(vii) Historical project budget and expenditures through fiscal year 2019;
(viii) Budget and expenditures each fiscal month; and
(ix) Estimated annual maintenance and operations costs by fiscal year.

(b) The dashboard must retain a roll up of the entire project cost, including all subprojects, that can be displayed the subproject detail.

(8) If the project affects more than one agency:
(a) A separate technology budget and investment plan must be prepared for each agency; and
(b) The dashboard must contain a statewide project technology budget roll up that includes each affected agency at the subproject level.

(9) For any project that exceeds two million dollars in total funds to complete, requires more than one biennium to complete, or is financed through financial contracts, bonds, or other indebtedness:
(a) Quality assurance for the project must report independently to the office of the chief information officer;
(b) The office of the chief information officer must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;
(c) The technology budget must specifically identify the uses of any financing proceeds. No more than thirty percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;
(d) The agency must consult with the office of the state treasurer during the competitive procurement process to evaluate

early in the process whether products and services to be solicited and the responsive bids from a solicitation may be financed; and
(e) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts and agreements related to the project's information technology procurements.

(10) The office of the state chief information officer must evaluate the project at each stage and certify whether the project is planned, managed, and meeting deliverable targets as defined in the project's approved technology budget and investment plan.

(11) The office of the state chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management. The office of the state chief information officer must report on July 1 and December 1 each calendar year, beginning July 1, 2020, any suspension or termination of a project in the previous six month period to the legislative fiscal committees.

(12) The office of the state chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. The office of the state chief information officer must report on July 1 and December 1 each calendar year, beginning July 1, 2020, any additional projects to be subjected to this section that were identified in the previous six month period to the legislative fiscal committees.

(13) Any cost to administer or implement this section for projects listed in subsection (1) of this section, must be paid from the information technology investment revolving account. For any other information technology project made subject to the conditions, limitations, and review of this section, the cost to implement this section must be paid from the funds for that project.

(14) The information technology feasibility study of the Washington state gambling commission is subject to the conditions, limitations, and review in this section.

(15) The learning management system project of the department of enterprise services is subject to the conditions, limitations, and review in this section.

(16) The gambling self-exclusion program project of the Washington state gambling commission is subject to the conditions, limitations, and review in this section.

(17) The facilities portfolio management tool project of the office of financial management is subject to the conditions, limitations, and review in this section.

(18) The logging and monitoring project of the consolidated technology services agency is subject to the conditions, limitations, and review in this section.

FOR THE DEPARTMENT OF COMMERCE—RENTAL ASSISTANCE AND HOUSING

General Fund—Federal Appropriation...........................................(265,000,000)
$105,745,000
TOTAL APPROPRIATION.............................................................................$105,745,000

The appropriation in this section is subject to the following conditions and limitations:

1) ($325,000,000) $95,000,000 of the general fund—federal appropriation (CRRSA) is provided solely for the department to administer an emergency rental and utility assistance program pursuant to P.L. 116-260, the federal consolidated appropriations act. The department shall distribute funding in the form of grants to local housing providers. In making distributions, the department must consider the number of unemployed persons and renters in each jurisdiction served by the provider as well as account for any funding that jurisdiction, including cities within each county, received directly from the federal government. A provider may use up to 9.5 percent of their grant award for administrative costs and the remainder must be used for financial assistance as defined in P.L. 116-260. The department may retain up to 0.5 percent of the funding provided in this subsection to administer the program.

2) 0.5 percent of the general fund—federal appropriation (CRF) is provided solely for the department to administer an eviction rental assistance program. The department shall distribute funding in the form of grants to local housing providers. In making distributions, the department must consider the number of unemployed persons and renters in each jurisdiction served by the provider. To be eligible for the program, households must, at a minimum, have an income at or below 80 percent of the area median income and must have a missed or partially paid rent payment. Rental payments made through the program will be provided directly to landlords. The department may establish additional eligibility criteria to target these resources to households most likely to become homeless if they do not receive rental assistance.

(b) Of the amounts provided in this subsection, ((265,000,000)) $4,200,000 of the general fund—federal appropriation (CRF) is provided solely for local housing providers to subgrant with community organizations that serve historically disadvantaged populations within their jurisdiction. Subgrants may be used for program outreach and assisting community members in applying...
for assistance under this subsection and subsection (1) of this section.

(3) (($4,000,000)) $1,000,000 of the general fund—federal appropriation (CRF) is provided solely for the department to assist homeowners at risk of foreclosure pursuant to chapter 61.24 RCW. Funding must be used for activities to prevent mortgage or tax lien foreclosures, housing counselors, foreclosure prevention hotlines, low-income legal services, mediation, and other activities that promote homeownership. The department may contract with other state agencies to carry out these activities.

(4) (($1,500,000)) $360,000 of the general fund—federal appropriation (CRF) is provided solely for a contract with resolution Washington for alternative dispute resolution centers and dispute resolution programs to provide citizens with low-cost resolution as an alternative to litigation. This funding must be prioritized for resolution services relating to evictions.

(5) (($1,500,000)) $375,000 of the general fund—federal appropriation (CRF) is provided solely for the department to contract with the office of civil legal aid to provide services relating to evictions, housing, and utilities.

(6) (($1,000,000)) $250,000 of the general fund—federal appropriation (CRF) is provided solely for the department to contract with the office of the attorney general for legal work relating to the eviction moratorium extended in the governor's proclamation 20-19.5.

(7)(a) (($2,000,000)) $750,000 of the general fund—federal appropriation (CRF) is provided solely for a program to provide grants to eligible landlords who have encountered a significant financial hardship due to loss of rental income from elective nonpayor tenants during the state's eviction moratorium pursuant to the governor's proclamation.

(b) To be eligible for a grant under this subsection, a landlord must:

(i) Apply for a grant;

(ii) Be the sole investor in the property from which they are seeking rental arrears;

(iii) Be the owner of no more than four dwelling units from which they receive rental payments;

(iv) Not contract with a property manager or property management company for duties or activities related to the tenancy or dwelling unit; and

(v) Have an elective nonpayor tenant who is in arrears in rent or utilities or both.

(c) Eligible landlords may receive a grant of up to 80 percent of the total amount of rent in arrears. The department must prioritize landlords who have an income at or below 100 percent of the area median income and who demonstrate a loss of rental income, to the extent that funds are available.

(d) The department may inspect the property and the landlord's records related to an application under the program, including the use of a third-party inspector as needed to investigate fraud, to assist in making its application review, and to determine eligibility.

(e) A landlord who receives a grant under this section is prohibited from:

(i) Taking any legal action against the tenant for damages attributable to the same tenancy; or

(ii) Pursuing collection, or authorizing another entity to pursue collection on the landlord's behalf, against the tenant for damages attributable to the same tenancy.

(8) For the purposes of this section, the following definitions apply:

(i) "Dwelling unit" has the meaning defined in RCW 59.18.030.

(ii) "Elective nonpayor" means a tenant who has been determined to not be eligible for the federal or state emergency rental assistance program or has not applied for the federal or state emergency rental assistance program.

(iii) "Landlord" has the meaning defined in RCW 59.18.030.

(iv) "Owner" has the meaning defined in RCW 59.18.030.

(v) "Rent" has the meaning defined in RCW 59.18.030.

PART XVIII
MISCELLANEOUS SUPPLEMENTAL

Sec. 1801. RCW 15.76.115 and 2018 c 280 s 3 are each amended to read as follows:

The fair fund is created in the custody of the state treasury. All moneys received by the department of agriculture for the purposes of this fund and from RCW 67.16.105 shall be deposited into the fund. ((Eaeh)) Except during fiscal year 2021, each fiscal year, the state treasurer shall transfer into the fair fund from the general fund the sum of two million dollars. During fiscal year 2021, the state treasurer shall transfer into the fair fund from the general fund the sum of $1,005,000. Expenditures from the fund may be used only for assisting fairs in the manner provided in this chapter. Only the director of agriculture or the director's designee may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

NEW SECTION. Sec. 1802. A new section is added to chapter 28A.300 RCW to read as follows:

The elementary and secondary school emergency relief III account is created in the state treasury. Revenues attributable to section 2001, the American rescue plan act of 2021, P.L. 117-2 must be deposited into the account. Moneys in the account may be spent only after appropriation.

Sec. 1803. RCW 28B.115.070 and 2019 c 415 s 954, 2019 c 406 s 72, and 2019 c 302 s 6 are each reenacted and amended to read as follows:

(1) After June 1, 1992, the department, in consultation with the office and the department of social and health services, shall:

(((((a))) (a) Determine eligible credentialed health care professions for the purposes of the health professional loan repayment and scholarship program and the behavioral health loan repayment program authorized by this chapter. Eligibility shall be based upon an assessment that determines that there is a shortage or insufficient availability of a credentialed profession so as to jeopardize patient care and pose a threat to the public health and safety. The department shall consider the relative degree of shortages among professions when determining eligibility. The department may add or remove professions from eligibility based upon the determination that a profession is no longer in shortage. Should a profession no longer be eligible, participants or eligible students who have received scholarships shall be eligible to continue to receive scholarships or loan repayments until they are no longer eligible or until their service obligation has been completed;

(((b))) (b) Determine health professional shortage areas for each of the eligible credentialed health care professions; and

(((c))) (c) Determine underserved behavioral health areas for each of the eligible credentialed health care professions.

(2) For the 2017-2019 and 2019-2021 fiscal biennia, consideration for eligibility shall also be given to registered nursing students who have been accepted into an eligible nursing education program and have declared an intention to teach nursing upon completion of the nursing education program.

(3) For the 2019-2021 fiscal biennium, eligibility for loan repayment shall also be given to chiropractors.

(4) For the 2019-2021 fiscal biennium, the department must consider pediatric and juvenile rheumatologists for eligibility for loan repayment.

NEW SECTION. Sec. 1804. A new section is added to chapter 43.79 RCW to read as follows:

The Washington rescue plan transition account is created in the state treasury. Moneys in the account may be spent only after appropriation. Revenues to the account consist of moneys directed by the legislature to the account. Allowable uses of moneys in the account include responding to the impacts of the COVID-19 pandemic including those related to education, human services, health care, and the economy. In addition, the legislature may appropriate from the account to continue activities begun with, or augmented with, COVID-19 related federal funding.

NEW SECTION. Sec. 1805. A new section is added to chapter 43.79 RCW to read as follows:

The coronavirus state fiscal rescue fund is created in the state treasury. Moneys in the account may be spent only after appropriation. All federal moneys received by the state pursuant to the American rescue plan act of 2021, state fiscal recovery fund, P.L. 117-2, subtitle M, section 9901, must be deposited in the account. The legislature may appropriate from the account only for the purposes authorized in that section of the federal act.

Sec. 1806. RCW 43.88.058 and 2018 c 208 s 5 are each amended to read as follows:

For the purposes of this chapter, expenditures for the following foster care, adoption support and related services, and child protective services must be forecasted and budgeted as maintenance level costs:

(1) Behavioral rehabilitation services placements;

(2) Social worker and related staff to receive, refer, and respond to screened-in reports of child abuse or neglect, except in fiscal year 2021;

(3) Court-ordered parent-child and sibling visitations delivered by contractors; and

(4) Those activities currently being treated as maintenance level costs for budgeting or forecasting purposes on June 7, 2018, including, but not limited to: (a) Adoption support and other adoption-related expenses; (b) foster care maintenance payments; (c) child-placing agency management fees; (d) support goods such as clothing vouchers; (e) child aides; and (f) child care for children in foster or relative placements when the caregiver is at work or in school.

NEW SECTION. Sec. 1807. The office of financial management must apply for waivers pursuant to section 2004 of the American rescue plan act of 2021, P.L. 117-2 and section 317, the coronavirus response and relief supplemental appropriations act, P.L. 116-260, division M. In the request for the waiver, the office is to, among other things, note the increase in state appropriations in K-12 and higher education programs for fiscal years 2022 and 2023 compared to the combined average of appropriations for 2017, 2018, and 2019 for these programs, demonstrating a growth in state spending in K-12 and higher education in the relevant period. The office of financial management must coordinate with the office of the superintendent of public instruction in applying for the waiver.

NEW SECTION. Sec. 1808. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under
this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 1809. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 1810. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 2, 2021

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5165 with the following amendment(s): 5165-S AMH ENGR H1417.E

Strike everything after the enacting clause and insert the following:

"2021-2023 FISCAL BIENNIAL

NEW SECTION. Sec. 1. (1) The transportation budget of the state is hereby adopted and, subject to the provisions set forth, the several amounts specified, or as much thereof as may be necessary to accomplish the purposes designated, are hereby appropriated from the several accounts and funds named to the designated state agencies and offices for employee compensation and other expenses, for capital projects, and for other specified purposes, including the payment of any final judgments arising out of such activities, for the period ending June 30, 2023.

(2) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this act.

(a) "Fiscal year 2022" or "FY 2022" means the fiscal year ending June 30, 2022.

(b) "Fiscal year 2023" or "FY 2023" means the fiscal year ending June 30, 2023.

(c) "FTE" means full-time equivalent.

(d) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(e) "Provided solely" means the specified amount may be spent only for the specified purpose. Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(f) "Reappropriation" means appropriation and, unless the context clearly provides otherwise, is subject to the relevant conditions and limitations applicable to appropriations.

(g) "LEAP" means the legislative evaluation and accountability program committee.

Washington case area, water resource inventory area numbers one through 23. The study is a continuation of previous inventories, and must finalize a complete inventory of city-owned fish passage barriers in water resource inventory area numbers one through 23. The inventories and assessments must be conducted using the methods described in the department's fish passage, inventory, assessment, and prioritization manual. A report of the study must be provided to the office of financial management and the transportation committees of the legislature by July 1, 2023.

NEW SECTION. Sec. 113. FOR THE DEPARTMENT OF ECOLOGY

(1) When distributing funds for litter control the department shall give priority to litter control along state highways.

(2) The department shall contract with the department of transportation to schedule litter prevention messaging and coordination of litter emphasis patrols with the Washington state patrol. The department of transportation may coordinate with the department to conduct litter pickup during scheduled maintenance closures as situations allow.

TRANSPORTATION AGENCIES—OPERATING

NEW SECTION. Sec. 201. FOR THE WASHINGTON TRAFFIC SAFETY COMMISSION

Highway Safety Account—State Appropriation ...$4,601,000

Highway Safety Account—Federal Appropriation .............................................................$27,198,000

Highway Safety Account—Private/Local Appropriation ..................................................................$60,000

School Zone Safety Account—State Appropriation $850,000

TOTAL APPROPRIATION ..........................................................$32,709,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The Washington traffic safety commission may oversee a demonstration project in one county, coordinating with a public transportation benefit area (PTBA) and the department of transportation, to test the feasibility and accuracy of the use of automated enforcement technology for high occupancy vehicle (HOV) lane passenger compliance. All costs associated with the demonstration project must be borne by the participating public transportation benefit area. Any photograph, microphotograph, or electronic images of a driver or passengers are for the exclusive use of the PTBA in the determination of whether an HOV passenger violation has occurred to test the feasibility and accuracy of automated enforcement under this subsection and are not open to the public and may not be used in a court in a pending action or proceeding. All photographs, microphotographs, and electronic images must be destroyed after determining a passenger count and no later than the completion of the demonstration project. No warnings or notices of infraction may be issued under the demonstration project.

For purposes of the demonstration project, an automated enforcement technology device may record an image of a driver and passenger of a motor vehicle. The county and PTBA must erect signs marking the locations where the automated enforcement for HOV passenger requirements is occurring.

The PTBA, in consultation with the Washington traffic safety commission, must provide a report to the transportation committees of the legislature with the number of violations...
detected during the demonstration project, whether the technology used was accurate and any recommendations for future use of automated enforcement technology for HOV lane enforcement by June 30, 2022.

(2) The Washington traffic safety commission shall coordinate with each city that implements a pilot program as authorized in RCW 46.63.170, chapter 224, Laws of 2020 to provide the transportation committees of the legislature with the following information by June 30, 2023:

(a) The number of warnings and infractions issued to first-time violators under the pilot program;
(b) The number of warnings and infractions issued to the registered owners of vehicles that are not registered with an address located in the city conducting the pilot program; and
(c) The frequency with which warnings and infractions are issued on weekdays versus weekend days.

(3) The Washington traffic safety commission may oversee a pilot program in up to three cities implementing the use of automated vehicle noise enforcement cameras in zones that have been designated by ordinance as "Stay Out of Areas of Racing." Any programs authorized by the commission must be authorized by December 31, 2022.

If a city has established an authorized automated vehicle noise enforcement camera pilot program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based upon the value of the equipment and services provided or rendered in support of the system.

Any city administering a pilot program overseen by the traffic safety commission shall use the following guidelines to administer the program:

(i) Automated vehicle noise enforcement camera may record photographs or audio of the vehicle and vehicle license plate only while a violation is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;
(ii) The law enforcement agency of the city or county government shall install two signs facing opposite directions within two hundred feet, or otherwise consistent with the uniform manual on traffic control devices, where the automated vehicle noise enforcement camera is used that state "Street Racing Noise Pilot Program in Progress";
(iii) Cities testing the use of automated vehicle noise enforcement cameras must post information on the city website and notify local media outlets indicating the zones in which the automated vehicle noise enforcement cameras will be used;
(iv) A city may only issue a warning notice with no penalty for a violation detected by automated vehicle noise enforcement cameras in a Stay Out of Areas of Racing zone. Warning notices must be mailed to the registered owner of a vehicle within fourteen days of the detected violation;
(v) A violation detected through the use of automated vehicle noise enforcement cameras is not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120;
(vi) Notwithstanding any other provision of law, all photographs, videos, microphotographs, audio recordings, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding. No photograph, microphotograph, audio recording, or electronic image may be used for any purpose other than the issuance of warnings for violations under this section or retained longer than necessary to issue a warning notice as required under this subsection (3); and
(vii) By June 30, 2023, the participating cities shall provide a report to the commission and appropriate committees of the legislature regarding the use, public acceptance, outcomes, warnings issued, data retention and use, and other relevant issues regarding automated vehicle noise enforcement cameras demonstrated by the pilot projects.

NEW SECTION. Sec. 202. FOR THE COUNTY ROAD ADMINISTRATION BOARD

Rural Arterial Trust Account—State Appropriation .......................................................... $1,134,000
Motor Vehicle Account—State Appropriation .... $7,743,000
County Arterial Preservation Account—State Appropriation ............................................. $1,669,000
TOTAL APPROPRIATION .............................................$10,546,000
The appropriations in this section are subject to the following conditions and limitations: $5,000,000 of the motor vehicle account—state appropriation is provided solely for deposit into the county road administration board emergency loan account—state account.

NEW SECTION. Sec. 203. FOR THE TRANSPORTATION IMPROVEMENT BOARD

Transportation Improvement Account—State Appropriation ................................................. $4,495,000

NEW SECTION. Sec. 204. FOR THE JOINT TRANSPORTATION COMMITTEE

Motor Vehicle Account—State Appropriation .... $2,660,000
Multimodal Transportation Account—State Appropriation ........................................... $770,000
TOTAL APPROPRIATION ...........................................$3,430,000
The appropriations in this section are subject to the following conditions and limitations:

(1) $220,000 of the multimodal transportation account—state appropriation is provided solely for overseeing a consultant study to provide recommendations related to the Washington state department of transportation's role in broadband service expansion efforts as directed in chapter . . . (Engrossed Substitute House Bill No. 1457), Laws of 2021 (broadband and highway rights-of-way). If chapter . . . (Engrossed Substitute House Bill No. 1457), Laws of 2021 (broadband and highway rights-of-way) is not enacted by June 30, 2021, the amount provided in this subsection lapses.

(2) $250,000 of the motor vehicle account—state appropriation is provided solely for the joint transportation committee to convene a study on the impacts of current and historical city transportation investments on designated populations, including communities of color, low-income households, vulnerable populations, and displaced communities. The study must identify and measure the true costs of underinvestment of accessible transportation for designated populations, including the secondary impacts to public health, economic opportunity, educational access, and environmental risk factors. The assessment must include specific approaches to addressing existing inequities within cities, as well as recommendations to develop best practices to improve, diversify, and expand city transportation investments. A report must be provided to the office of financial management and the transportation committees of the legislature by December 30, 2022.

(3) $400,000 of the motor vehicle account—state appropriation is provided for the development of a workforce plan for the Washington state ferries which addresses recruitment, retention, diversity, training needs, leadership development, succession planning and other elements needed to ensure sufficient and cost-effective crewing and staffing of the ferry system. In developing the scope of work for the plan and throughout plan development, the joint transportation committee must solicit input from representatives of the Washington state ferries division and the human resources division of the Washington state department of transportation. Represented employee groups must also be
consulted as part of plan development. The plan must include a roadmap for Washington state ferries to comprehensively address persistent staffing challenges and strategically position itself for its future workforce needs. The joint transportation committee must issue an interim report identifying short-term strategies to reduce reliance on overtime for staffing day-to-day ferry service. The interim report is due to the transportation committees of the legislature by January 1, 2022. The final report is due to the transportation committees of the legislature by December 20, 2022.

(4) $250,000 of the motor vehicle account—state appropriation is provided for the joint transportation committee to examine best practices from other states for insuring highway facilities. The joint transportation committee shall report to the legislature on findings and include recommendations for best practices for Washington state by December 15, 2021.

(5) $150,000 of the multimodal transportation account—state appropriation is for the joint transportation committee to update the Washington State Short Line Rail Inventory and Needs Assessment, prepared in 2015, and to facilitate a stakeholder process to assess the effectiveness of state support for short line rail infrastructure based on current and future short line rail infrastructure needs. This assessment must include consideration of current state grant and loan programs, including state investment in nonstate owned short lines, the state’s role and investments in the Palouse River and Coulee City (PCC) rail system, and any other ongoing state activities related to short line rail infrastructure. The joint transportation committee must solicit input from all regions of the state from representatives of: Short line rail infrastructure owners, short line rail operators, short line rail customers from representative industries, ports served by short line rail infrastructure, the Washington state department of transportation, the utilities and transportation commission, and other relevant stakeholders as identified by the joint transportation committee. A report with recommendations to enhance the state's support for short line rail infrastructure is due to the transportation committees of the legislature by January 1, 2022.

(6)(a) $200,000 of the motor vehicle account—state appropriation is for the joint transportation committee to develop a truck parking action plan with recommendations for immediate next steps for near-term and lasting change in the availability of truck parking for short-haul and long-distance commercial vehicle drivers who require reasonable accommodations for parking commercial motor vehicles, obtaining adequate services, and complying with federal rest requirements. For each opportunity identified, the action plan must:

(i) Assess the magnitude of potential impact;
(ii) Assess the potential difficulty level of implementation; and
(iii) Explain barriers to success and specific steps required to overcome them.

(b) The action plan must focus on approaches that would be most impactful and feasible and may include, but not be limited to:

(i) Specific cooperative private sector and government actions;
(ii) Legal and regulatory frameworks at the state level to drive private and/or public-sector action;
(iii) Incentive-based government programs to spur private sector innovation and investment; and
(iv) Direct government action at the state, regional, and/or local level.

(c) The action plan must identify specific, promising projects and approaches, and provide a clear roadmap to what is needed to drive real, substantial improvements in truck parking.

(d) Outreach for action plan input, including on the feasibility of each opportunity evaluated, must include outreach to representatives of: The trucking industry; truck labor organizations; the shipping industry; truck stop owners; commercial freight delivery recipients, including warehouse and retail recipients; the association of Washington cities; the Washington state association of counties; the Washington state department of transportation; the Washington state patrol; and an academic or research institution that can provide input on technical components of the plan.

(e) A concise action plan with specific recommended next steps is due to the transportation committees of the legislature by January 1, 2022.

(7) $400,000 of the multimodal transportation account—state appropriation is for the joint transportation committee to evaluate options for providing connectivity in the Pacific Northwest region from Portland, Oregon to Vancouver, British Columbia in light of new trends impacting the transportation system to determine how updated forecasts of future highway volumes and changes to future transportation mobility needs impact earlier assessments of options for facilitating mobility in the region, including ultra high speed rail. The assessment must consider and update relevant information provided in past Washington state department of transportation long range plans for the Cascades corridor. A comparative assessment of the potential benefits and costs of each option evaluated must be included. A report is due to the legislature by December 1, 2022.

NEW SECTION. Sec. 205. FOR THE TRANSPORTATION COMMISSION

Motor Vehicle Account—State Appropriation .......... $2,332,000

Interstate 405 and state Route Number 167 Express Toll Lanes Account—State Appropriation .................. $127,000

State Route Number 520 Corridor Account—State Appropriation ............................................... $276,000

Tacoma Narrows Toll Bridge Account—State Appropriation .................................................... $180,000

Alaskan Way Viaduct Replacement Project Account—State Appropriation ......................... $172,000

TOTAL APPROPRIATION ........................................ $3,087,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $127,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, $276,000 of the state route number 520 corridor account—state appropriation, $180,000 of the Tacoma Narrows toll bridge account—state appropriation, and $172,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the transportation commission's proportional share of time spent supporting tolling operations for the respective tolling facilities.

(2) The commission shall identify and measure how a road usage charge could be adjusted so that vehicles of comparable efficiency pay the same rate regardless of their means of propulsion and examine options for indexing to stabilize revenue as vehicle fleets become more efficient over time.

(3)(a) The transportation budget is currently reliant on vehicle and driver related fees. Motor vehicle registrations, driver licenses, tolls, and the motor vehicle fuel tax provide the primary revenues for the transportation budget. These user revenues no longer adequately support the transportation system's needs. Many of the transportation modes have no or little ability to generate revenue, yet are important elements of a functioning transportation network. Providing transportation options that do not involve passenger vehicles is critical. The tax burden in the transportation budget falls on people that own and drive vehicles.

It fails to provide the money needed for the system quality that the people of Washington want.
(b) Therefore, the commission is directed to evaluate, identify, and consider agencies, programs, and activities that are currently funded in the transportation budget that provide a public good that might be paid for using other revenues. The commission is directed to make recommendations for potential changes to funding sources for the transportation system with the goal of providing funding to maintain existing transportation assets in a state of good repair without exclusively relying on vehicle owners or drivers as the revenue source. Preliminary findings must be presented to the Joint Transportation Committee by September 30, 2022, and a final report issued to the appropriate committees of the legislature by December 1, 2022.

NEW SECTION. Sec. 206. FOR THE FREIGHT MOBILITY STRATEGIC INVESTMENT BOARD

Freight Mobility Investment Account—State Appropriation .............................................................. $831,000

NEW SECTION. Sec. 207. FOR THE WASHINGTON STATE PATROL

State Patrol Highway Account—State Appropriation .......................................................... $523,697,000

State Patrol Highway Account—Federal Appropriation .......................................................... $16,157,000

State Patrol Highway Account—Private/Local Appropriation .................................................. $4,261,000

Highway Safety Account—State Appropriation ............................................................... $1,224,000

Ignition Interlock Device Revolving Account—State Appropriation .......................................... $5,053,000

Multimodal Transportation Account—State Appropriation ....................................................... $288,000

Interstate 405 and State Route Number 167 Express Toll Lanes Account—State Appropriation ....... $1,348,000

State Route Number 520 Corridor Account—State Appropriation ................................................ $433,000

Tacoma Narrows Toll Bridge Account—State Appropriation ....................................................... $77,000

TOTAL APPROPRIATION .................................................. $552,538,000

The appropriations in this section are subject to the following conditions and limitations:

1. Washington state patrol officers engaged in off-duty uniformed employment providing traffic control services to the department of transportation or other state agencies may use state patrol vehicles for the purpose of that employment, subject to guidelines adopted by the chief of the Washington state patrol. The Washington state patrol must be reimbursed for the use of the vehicle at the prevailing state employee rate for mileage and hours of usage, subject to guidelines developed by the chief of the Washington state patrol.

2. $510,000 of the ignition interlock device revolving account—state appropriation is provided solely for the ignition interlock program at the Washington state patrol to provide funding for two staff to work and provide support for the program in working with manufacturers, service centers, technicians, and participants in the program.

3. $16,099,000 of the state patrol highway account—state appropriation is provided solely for the land mobile radio system replacement, upgrade, and other related activities. Beginning January 1, 2022, the Washington state patrol must report semiannually to the office of the state chief information officer on the progress related to the projects and activities associated with the land mobile radio system, including the governance structure, outcomes achieved in the prior six-month time period, and how the activities are being managed holistically as recommended by the office of the chief information officer. At the time of submittal to the office of the state chief information officer, this report shall be transmitted to the office of financial management and the house and senate transportation committees.

4. $493,000 of the state patrol highway account—state appropriation is provided solely for aerial criminal investigation tools, including software licensing and maintenance, and annual certification, and is subject to the conditions, limitations, and review requirements of section 701 of this act.

5. $786,000 of the state patrol highway account—state appropriation is provided solely for one-time costs associated with establishing the second toxicology laboratory and addressing the backlog of toxicology cases from impaired driving and death investigations.

6. $580,000 of the state patrol highway account—state appropriation is provided solely for the operation of and administrative support to the license investigation unit to enforce vehicle registration laws in southwestern Washington. The Washington state patrol, in consultation with the department of revenue, shall maintain a running estimate of the additional vehicle registration fees, sales and use taxes, and local vehicle fees remitted to the state pursuant to activity conducted by the license investigation unit. Beginning October 1, 2021, and quarterly thereafter, the Washington state patrol shall submit a report detailing the additional revenue amounts generated since January 1, 2021, to the director of the office of financial management and the transportation committees of the legislature. At the end of the calendar quarter in which it is estimated that more than $625,000 in state sales and use taxes have been remitted to the state since January 1, 2021, the Washington state patrol shall notify the state treasurer and the state treasurer shall transfer funds pursuant to section 406(18) of this act.

7. The Washington state patrol and the office of financial management must be consulted by the department of transportation during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department of transportation must estimate the cost of designing around the affected weigh station’s current operations, as well as the cost of moving the affected weigh station.

8. $4,180,000 of the state patrol highway account—state appropriation is provided solely for an additional arming and trooper basic training class. The cadet class is expected to graduate in June 2023.

9. By December 1st of each year during the 2021-2023 biennium, the Washington state patrol must report to the house and senate transportation committees on the status of recruitment and retention activities as follows:

(a) A summary of recruitment and retention strategies;

(b) The number of transportation funded staff vacancies by major category;

(c) The number of applicants for each of the positions by these categories;

(d) The composition of workforce; and

(e) Other relevant outcome measures with comparative information with recent comparable months in prior years.

10. $1,348,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, $433,000 of the state route number 520 corridor account—state appropriation, and $77,000 of the Tacoma Narrows toll bridge account—state appropriation are provided solely for the Washington state patrol’s proportional share of time spent supporting tolling operations and enforcement for the respective tolling facilities.

11. $289,000 of the state patrol highway account—state appropriation is provided solely for the replacement of 911 workstations.
$35,000 of the state patrol highway account—state appropriation is provided solely for the replacement of bomb response equipment.

$713,000 of the state patrol highway account—state appropriation is provided solely for information technology infrastructure maintenance.

The Washington state patrol must provide a report to the office of financial management and the house and senate transportation committees on its plan for implementing a transition to cloud computing and storage with its 2023-2025 budget submittal.

$945,000 of the state patrol highway account—state appropriation is provided solely for implementation of chapter . . . (Substitute House Bill No. 1223), Laws of 2021 (custodial interrogations). If chapter . . . (Substitute House Bill No. 1223), Laws of 2021 (custodial interrogations) is not enacted by June 30, 2021, the amount provided in this subsection lapses.

$92,000 of the state patrol highway account—state appropriation is provided solely for implementation of chapter . . . (Engrossed Substitute House Bill No. 1054), Laws of 2021 (peace officer tactics). If chapter . . . (Engrossed Substitute House Bill No. 1054), Laws of 2021 (peace officer tactics) is not enacted by June 30, 2021, the amount provided in this subsection lapses.

The Washington state patrol is directed to terminate its "Agreement for Utility Connection and Reimbursement of Water Extension Expenses" with the city of Shelton, executed on June 12, 2017, subject to the city of Shelton's consent to terminate the agreement. The legislature finds that the water connection extension constructed by the Washington state patrol from the city of Shelton's water facilities to the Washington state patrol academy was necessary to meet the water supply needs of the academy. The legislature also finds that the water connection provides an ongoing water supply that is necessary to the operation of the training facility, that the state is making use of the water connection for these public activities, and that any future incidental use of the municipal infrastructure put in place to support these activities will not impede the Washington state patrol's ongoing use of the water connection extension.

(b) $2,220,000 of the transfer from the waste tire removal account—state appropriation to the motor vehicle account—state appropriation in this act, as required under RCW 70A.205.425, reimburses the motor vehicle account—state appropriation for the portion of the water project costs assigned by the agreement to properties, other than the Washington state patrol academy, that make use of the water connection while the agreement remains in effect. This reimbursement to the motor vehicle fund is intended to address any possibility that the termination of this agreement could be determined to result in the unconstitutional use of 18th amendment designated funds for nonhighway purposes under the constitution of the state of Washington; however, this transfer is not intended to indicate that the incidental use of this infrastructure by these properties necessarily requires such reimbursement under the state Constitution.

Marine Fuel Tax Refund Account—State Appropriation .................................................. $34,000

Motorcycle Safety Education Account—State Appropriation .............................................. $4,928,000

Highway Safety Account—State Appropriation $242,488,000

Highway Safety Account—Federal Appropriation $1,294,000

Motor Vehicle Account—State Appropriation .................. $79,421,000

Motor Vehicle Account—Federal Appropriation...... $150,000

Ignition Interlock Device Revolving Account—State Appropriation ............................. $4,099,000

Department of Licensing Services Account—State Appropriation ............................. $8,189,000

License Plate Technology Account—State Appropriation ................................................. $4,250,000

Abandoned Recreational Vehicle Account—State Appropriation ................................. $3,074,000

Limousine Carriers Account—State Appropriation .................. $110,000

Electric Vehicle Account—State Appropriation ...... $417,000

DOL Technology Improvement & Data Management Account—State Appropriation ........ $816,000

Agency Financial Transaction Account—State Appropriation ........................................... $21,257,000

Limited Fish and Wildlife Account—State Appropriation ................................. $21,257,000

TOTAL APPROPRIATION .................................................. $3,714,433,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $12,000 of the motorcycle safety education account—state appropriation, $2,000 of the limited fish and wildlife account—state appropriation, $728,000 of the highway safety account—state appropriation, $238,000 of the motor vehicle account—state appropriation, $10,000 of the ignition interlock device revolving account—state appropriation, and $10,000 of the department of licensing services account—state appropriation are provided solely for the department to redesign and improve its online services and website, and are subject to the conditions, limitations, and review requirements of section 701 of this act.

(2) $28,636,000 of the highway safety account—state appropriation is provided solely for costs necessary to accommodate increased demand for enhanced drivers' licenses and enhanced identicards. The department shall report on a quarterly basis on the use of these funds, associated workload, and information with comparative information with recent comparable months in prior years. The report must include detailed statewide and by licensing service office information on staffing levels, average monthly wait times, the number of enhanced drivers' licenses and enhanced identicards issued/renewed, and the number of primary drivers' licenses and identicards issued/renewed. Within the amounts provided in this subsection, the department shall implement efficiency measures to reduce the time for licensing transactions and wait times including, but not limited to, the installation of additional cameras at licensing service offices that reduce bottlenecks and align with the "keep your customer" initiative.

(3) The department must implement cost recovery mechanisms to recoup at least a portion of credit card and other financial transaction costs as part of charges imposed for driver and vehicle fee transactions. The department must develop a method of tracking the amount of credit card and other financial cost-recovery revenues. The department must notify the state treasurer of these amounts and the state treasurer must deposit these revenues in the agency financial transaction account on a quarterly basis. If chapter . . . (House Bill No. 1115), Laws of 2021 (cost recovery of state agency credit card and transaction fees) is enacted by June 30, 2021, this subsection (3) lapses.

(b) The appropriations in this section assume implementation by the department of cost recovery mechanisms to recoup at least $21,257,000 during the 2021-2023 biennium in credit card and other financial transaction costs as part of charges imposed for driver and vehicle fee transactions. During the 2021-2023 fiscal biennium, the department must report any amounts recovered to
the office of financial management and appropriate committees of the legislature on a quarterly basis.

(4) $3,074,000 of the abandoned recreational vehicle disposal account—state appropriation is provided solely for providing reimbursements in accordance with the department's abandoned recreational vehicle disposal reimbursement program. It is the intent of the legislature that the department prioritize this funding for allowable and approved reimbursements and not to build a reserve of funds within the account. During the 2021-2023 fiscal biennium, the department must report any amounts recovered to the office of financial management and appropriate committees of the legislature on a quarterly basis.

(5) $1,550,000 of the highway safety account—state appropriation is provided solely for the department to provide an interagency transfer to the department of social and health services, children's administration division for the purpose of providing driver's license support to a larger population of foster youth than is already served within existing resources. Support services include reimbursement of driver's license issuance costs, fees for driver training education, and motor vehicle liability insurance costs.

(6) $500,000 of the highway safety account—state appropriation is provided solely for communication and outreach activities necessary to inform the public of federally acceptable identification options including, but not limited to, enhanced drivers' licenses and enhanced identifiers. The department shall continue the outreach plan that includes informational material that can be effectively communicated to all communities and populations in Washington. To accomplish this work, the department shall contract with an external vendor with demonstrated experience and expertise in outreach and marketing to underrepresented communities in a culturally responsive fashion.

(7) $23,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter . . . (Engrossed Substitute House Bill No. 1078), Laws of 2021 (restoring voter eligibility after felony conviction). If chapter . . . (Engrossed Substitute House Bill No. 1078), Laws of 2021 (restoring voter eligibility after felony conviction) is not enacted by June 30, 2021, the amount provided in this subsection lapses.

(8) $523,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter . . . (Substitute House Bill No. 1207), Laws of 2021 (department of licensing issued documents). If chapter . . . (Substitute House Bill No. 1207), Laws of 2021 (department of licensing issued documents) is not enacted by June 30, 2021, the amount provided in this subsection lapses.

(9) $57,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter . . . (Substitute House Bill No. 1322), Laws of 2021 (off-road vehicle enforcement). If chapter . . . (Substitute House Bill No. 1322), Laws of 2021 (off-road vehicle enforcement) is not enacted by June 30, 2021, the amount provided in this subsection lapses.

(10)(a) $54,000 of the motor vehicle account—state appropriation is provided solely for the issuance of nonemergency medical transportation vehicle decals to implement the high occupancy vehicle lane access pilot program established elsewhere in this act. A for hire nonemergency medical transportation vehicle is a vehicle that is a "for hire vehicle" under RCW 46.04.190 that provides nonemergency medical transportation, including for life-sustaining transportation purposes, to meet the medical transportation needs of individuals traveling to medical practices and clinics, cancer centers, dialysis facilities, hospitals, and other care providers.

(b) As part of this pilot program, the owner of a for hire nonemergency medical transportation vehicle may apply to the department, county auditor or other agent, or subagent appointed by the director, for a high occupancy vehicle exempt decal for a for hire nonemergency medical transportation vehicle. The high occupancy vehicle exempt decal allows the for hire nonemergency medical transportation vehicle to use a high occupancy vehicle lane as specified in RCW 46.61.165 and 47.52.025 during the 2021-2023 fiscal biennium.

(c) For the exemption in this subsection to apply to a for hire nonemergency medical transportation vehicle, the decal:

(i) Must be displayed on the vehicle so that it is clearly visible from outside the vehicle;

(ii) Must identify that the vehicle is exempt from the high occupancy vehicle requirements; and

(iii) Must be visible from the rear of the vehicle.

(d) The owner of a for hire nonemergency medical transportation vehicle or the owner's representative must apply for a high occupancy vehicle exempt decal on a form provided or approved by the department. The application must include:

(i) The name and address of the person who is the owner of the vehicle;

(ii) A full description of the vehicle, including its make, model, year, and the vehicle identification number;

(iii) The purpose for which the vehicle is principally used;

(iv) An attestation signed by the vehicle's owner or the owner's representative that the vehicle's owner has a minimum of one contract or service agreement to provide for hire transportation services for medical purposes with one or more of the following entities: A health insurance company; a hospital, clinic, dialysis center, or other medical institution; a day care center; retirement home, or group home; a federal, state, or local agency or jurisdiction; or a broker who negotiates these services on behalf of one or more of these entities; and

(v) Other information as required by the department upon application.

(e) The department, county auditor or other agent, or subagent appointed by the director shall collect the fee required under (f) of this subsection when issuing a high occupancy vehicle exempt decal.

(f) The department, county auditor or other agent, or subagent, is required to collect a $5 fee when issuing a decal under this subsection, in addition to any other fees and taxes required by law.

(g) A high occupancy vehicle exempt decal may not be renewed and expires upon the termination of the pilot program established elsewhere in this act. The status as an exempt vehicle continues until suspended or revoked for misuse, or when the vehicle is no longer used as a for hire nonemergency medical transportation vehicle, or when the pilot program established elsewhere in this act is terminated.

(h) The department may adopt rules to implement this subsection.

(11) The department must place personal and company data elements in separate data fields to allow the department to select discrete data elements when providing information or data to persons or entities outside the department. Pursuant to the restrictions in federal and state law, a person's photo, social security number, or medical information must not be made available through public disclosure or data being provided under RCW 46.12.630 or 46.12.635.

(12) The department must work with any regional transit authority pursuant to RCW 82.44.135 to determine cost allocations that are based on actual costs and that would result in full cost recovery for administration and collection of the taxes.
The department must report actual cost allocations to the transportation committees of the legislature by January 1, 2022.

NEW SECTION.
Sec. 209.
FOR THE DEPARTMENT OF TRANSPORTATION—TOLL OPERATIONS AND MAINTENANCE—PROGRAM B
State Route Number 520 Corridor Account—State Appropriation .................................................. $53,747,000
State Route Number 520 Civil Penalties Account—State Appropriation .................................................. $4,150,000
Tacoma Narrows Toll Bridge Account—State Appropriation .................................................. $29,809,000
Alaskan Way Viaduct Replacement Project Account—State Appropriation .................................................. $20,933,000
Interstate 405 and State Route Number 167 Express Toll Lanes Account—State Appropriation ........... $23,984,000
TOTAL APPROPRIATION .................................................. $132,623,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $1,300,000 of the Tacoma Narrows toll bridge account—state appropriation and $12,483,846 of the state route number 520 corridor account—state appropriation are provided solely for the purposes of addressing unforeseen operations and maintenance costs on the Tacoma Narrows bridge and the state route number 520 bridge, respectively. The office of financial management shall place the amounts provided in this subsection, which represent a portion of the required minimum fund balance under the policy of the state treasurer, in unallotted status. The office may release the funds only when it determines that all other funds designated for operations and maintenance purposes have been exhausted.

(2) As long as the facility is tolled, the department must provide semiannual reports to the transportation committees of the legislature on the Interstate 405 express toll lane project performance measures listed in RCW 47.56.880(4). These reports must include:

(a) Information on the travel times and travel time reliability (at a minimum, average and 90th percentile travel times) maintained during peak and nonpeak periods in the express toll lanes and general purpose lanes for both the entire corridor and commonly made trips in the corridor including, but not limited to, northbound from Bellevue to Rose Hill, state route number 520 at NE 148th to Interstate 405 at state route number 522, Bellevue to Bothell (both NE 8th to state route number 522 and NE 8th to state route number 527), and a trip internal to the corridor (such as NE 85th to NE 160th) and similar southbound trips;

(b) A month-to-month comparison of travel times and travel time reliability for the entire corridor and commonly made trips in the corridor as specified in (a) of this subsection since implementation of the express toll lanes and, to the extent available, a comparison to the travel times and travel time reliability prior to implementation of the express toll lanes;

(c) Total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane (i) compared to total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, on this segment of Interstate 405 prior to implementation of the express toll lanes and (ii) compared to total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, from month to month since implementation of the express toll lanes; and

(d) Underlying congestion measurements, that is, speeds, that are being used to generate the summary graphs provided, to be made available in a digital file format.

(3) The department shall make detailed semiannual reports to the transportation committees of the legislature and the public on the department’s website on the following:

(a) The use of consultants in the tolling program, including the name of the contractor, the scope of work, the type of contract, timelines, deliverables, any new task orders, and any extensions to existing consultant contracts;

(b) The nonvendor costs of administering toll operations, including the costs of staffing the division, consultants, and other personal service contracts required for technical oversight and management assistance, insurance, payments related to credit card processing, transponder purchases and inventory management, facility operations and maintenance, and other miscellaneous nonvendor costs;

(c) The vendor-related costs of operating tolled facilities, including the costs of the customer service center, cash collections on the Tacoma Narrows bridge, electronic payment processing, and toll collection equipment maintenance, renewal, and replacement;

(d) The toll adjudication process, including a summary table for each toll facility that includes:

(i) The number of notices of civil penalty issued;

(ii) The number of recipients who pay before the notice becomes a penalty;

(iii) The number of recipients who request a hearing and the number who do not respond;

(iv) Workload costs related to hearings;

(v) The cost and effectiveness of debt collection activities; and

(vi) Revenues generated from notices of civil penalty; and

(e) A summary of toll revenue by facility on all operating toll facilities and express toll lane systems, and an itemized depiction of the use of that revenue.

(4) During the 2021-2023 fiscal biennium, the department plans to issue a request for proposals as the first stage of a competitive procurement process that will replace the toll equipment and select a new tolling operator for the Tacoma Narrows Bridge. The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational costs, and incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies.

(5) $20,001,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for the new state route number 99 tunnel toll facility’s expected share of collecting toll revenues, operating customer services, and maintaining toll collection systems. The legislature expects to see appropriate reductions to the other toll facility accounts once tolling on the new state route number 99 tunnel toll facility stabilizes and any previously incurred costs for start-up of the new facility are charged back to the Alaskan Way viaduct replacement project account. The office of financial management shall closely monitor the application of the cost allocation model and ensure that the new state route number 99 tunnel toll facility is adequately sharing costs and the other toll facility accounts are not being overspent or subsidizing the new state route number 99 tunnel toll facility.

(6) (a) $1,651,000 of the state route number 520 corridor account—state appropriation, $709,000 of the Tacoma Narrows toll bridge account—state appropriation, $932,000 of the Alaskan Way viaduct replacement project account—state appropriation, and $708,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation are provided...
solely for the reappropriation of unspent funds on the new tolling back office system from the 2019-2021 biennium, and are subject to the conditions, limitations, and review provided in section 701 of this act.

(b) The department shall continue to work with the office of financial management, office of the chief information officer, and the transportation committees of the legislature on the project management plan that includes a provision for independent verification and validation of contract deliverables from the successful bidder and a provision for quality assurance that includes reporting independently to the office of the chief information officer on an ongoing basis during system implementation.

(c) The office of financial management shall place the amounts provided in this subsection in unallotted status until the department submits a detailed progress report on the progress of the new tolling back office system. The director of the office of financial management or their designee shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

(7) Out of funding appropriated in this section, the department shall contract with the state auditor's office for a performance audit of the department's project to replace its electronic toll collection system. The audit should include an evaluation of the department's project planning, vendor procurement, contract management and project oversight. The final report is to be issued by December 31, 2022. The state auditor will transmit copies of the report to the jurisdictional committees of the legislature and the department.

(8) $1,516,000 of the state route number 520 corridor account—state appropriation is provided solely for the increased costs of insurance for the state route number 520 floating bridge. The department shall conduct an evaluation of the short and long-term costs and benefits including risk mitigation of self-insurance as compared to the commercial insurance option for the state route number 520 floating bridge, as allowed under the terms of the state route number 520 master bond resolution. By December 15, 2021, the department shall report to the legislature on the results of this evaluation.

(9) As part of the department's 2023-2025 biennial budget request, the department shall update the cost allocation recommendations that assign appropriate costs to each of the toll funds for services provided by relevant Washington state department of transportation programs, the Washington state patrol, and the transportation commission. The recommendations shall be based on updated traffic and toll transaction patterns and other relevant factors.

NEW SECTION. Sec. 210. FOR THE DEPARTMENT OF TRANSPORTATION—INFORMATION TECHNOLOGY—PROGRAM C

Transportation Partnership Account—State Appropriation ................................................................. $1,437,000
Motor Vehicle Account—State Appropriation .................................................................................. $102,671,000
Puget Sound Ferry Operations Account—State Appropriation ..................................................... $263,000
Multimodal Transportation Account—State Appropriation ......................................................... $2,831,000
Transportation 2003 Account (Nickel Account)—State Appropriation ......................................... $1,441,000
TOTAL APPROPRIATION ............................................................................................................... $358,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $8,546,000 of the motor vehicle account—state appropriation is provided solely for the department's cost related to the one Washington project, and is subject to the conditions, limitations, and review requirements of section 701 of this act.

(2) The capital systems replacement or modernization project is subject to the conditions, limitations, and review requirements of section 701 of this act.

NEW SECTION. Sec. 211. FOR THE DEPARTMENT OF TRANSPORTATION—FACILITY MAINTENANCE, OPERATIONS, AND CONSTRUCTION—PROGRAM D—OPERATING

Motor Vehicle Account—State Appropriation .................................................................................. $35,771,000
State Route Number 520 Corridor Account—State Appropriation ................................................. $34,000
TOTAL APPROPRIATION ............................................................................................................... $35,805,000

NEW SECTION. Sec. 212. FOR THE DEPARTMENT OF TRANSPORTATION—AVIATION—PROGRAM F

Aeronautics Account—State Appropriation ...................................................................................... $8,480,000
Aeronautics Account—Federal Appropriation .................................................................................. $3,916,000
Aeronautics Account—Private/Local Appropriation .......................................................................... $60,000
TOTAL APPROPRIATION ............................................................................................................... $12,456,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $2,888,000 of the aeronautics account—state appropriation is provided solely for the airport aid grant program, which provides competitive grants to public use airports for pavement, safety, maintenance, planning, and security.

(2) $505,000 of the aeronautics account—state appropriation is provided solely for the implementation of chapter . . . (House Bill No. 1198), Laws of 2021 (aviation coordinating commission). If chapter . . . (House Bill No. 1198), Laws of 2021 is not enacted by June 30, 2021, the amount provided in this subsection lapses.

(3) $280,000 of the aeronautics account—state appropriation is provided solely for the implementation of chapter . . . (Substitute House Bill No. 1379), Laws of 2021 (unpiloted aircraft system state coordinator). If chapter . . . (Substitute House Bill No. 1379), Laws of 2021 (unpiloted aircraft system state coordinator) is not enacted by June 30, 2021, the amount provided in this subsection lapses.

NEW SECTION. Sec. 213. FOR THE DEPARTMENT OF TRANSPORTATION—PROGRAM DELIVERY MANAGEMENT AND SUPPORT—PROGRAM H

Motor Vehicle Account—State Appropriation .................................................................................. $60,273,000
Motor Vehicle Account—Federal Appropriation .............................................................................. $500,000
Multimodal Transportation Account—State Appropriation ......................................................... $258,000
TOTAL APPROPRIATION ............................................................................................................... $61,031,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) No. 02-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

(a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

(b) Prior to completing the transfer in this subsection (1), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the
department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

(c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining property owners must be given the first opportunity to acquire such property that abuts their property, and applicable boundary line or other adjustments must be made to the legal descriptions for recording purposes.

(2) With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical development of the property, is one of the significant uses of the property.

(3) During the 2021-2023 biennium, if the department takes possession of the property situated in the City of Edmonds for which a purchase agreement was executed between Unocal and the department in 2005 (Tax Parcel Number 262703-2-003-0009), and if the department confirms that the property is still no longer needed for transportation purposes, the department shall provide the City of Edmonds with the right of first purchase in accordance with RCW 47.12.063(3) for the city's intended use of the property to rehabilitate near-shore habitat for salmon and related species.

(4) The department shall report to the transportation committees of the legislature by December 1, 2021, on the status of its efforts to consolidate franchises for broadband facilities across the state, including plans for increasing the number of consolidated franchises in the future.

NEW SECTION. Sec. 214. FOR THE DEPARTMENT OF TRANSPORTATION—PUBLIC-PRIVATE PARTNERSHIPS—PROGRAM K

Motor Vehicle Account—State Appropriation $75,000

Electric Vehicle Account—State Appropriation $3,900,000

Multimodal Transportation Account—State Appropriation $12,533,000

TOTAL APPROPRIATION $17,108,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The public private partnerships program must continue to explore retail partnerships at state-owned park and ride facilities, as authorized in RCW 47.04.295.

(2) $2,400,000 of the multimodal transportation account—state appropriation is provided solely for the pilot program established under RCW 47.04.355, to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards.

(3)(a)(i) $133,000 of the multimodal transportation account—state appropriation is provided solely for the purpose of conducting an assessment of options for the development, including potential features and costs, for a publicly available mapping and forecasting tool that provides locations and essential information of charging and refueling infrastructure to support forecasted levels of electric vehicle adoption, travel, and usage across Washington state as described in chapter . . . (Engrossed Substitute House Bill No. 1287), Laws of 2021 (preparedness for a zero emissions transportation future).

(ii) The assessment must include a review of existing infrastructure needs assessments, mapping and forecasting tools, environmental health disparity resources, and related modeling. It must be performed in consultation with the department of ecology, department of commerce, and office of equity, and include a stakeholder process to address community, public agency, and relevant public and private utility needs to determine the resources needed to facilitate statewide and local transportation electrification efforts to drive emission reductions consistent with RCW 70A.45.020.

(iii) A report summarizing the findings of the assessment and the options recommended by the department for the tool's development is due to the transportation committees of the legislature by December 31, 2021.

(b) $10,000,000 of the multimodal transportation account—state appropriation is provided solely for a clean alternative fuel vehicle infrastructure grant program for clean alternative fuel vehicle charging and refueling infrastructure that will provide public benefits for the state's network of charging infrastructure to facilitate state zero emission vehicle requirements under RCW 70A.30.010 and greenhouse gas emission reduction goals under RCW 70A.45.020. The department must develop a strategy for grant award selection based on maximizing public benefits by: Facilitating residents' and businesses' ability to purchase and lease clean alternative fuel vehicles through increased access to public electric vehicle charging and refueling, facilitating a decline in vehicle emissions that would otherwise contribute to pollution and greenhouse gas emissions, and increasing equity of access to clean alternative fuel vehicles. The department shall use proposed grant matching funds as a criterion for selecting grant award recipients. When the publicly available mapping and forecasting tool in (a) of this subsection has been developed and is available to be used for this purpose, strategy development for grant award selection must include analysis of the information provided by the tool.

NEW SECTION. Sec. 215. FOR THE DEPARTMENT OF TRANSPORTATION—HIGHWAY MAINTENANCE—PROGRAM M

Motor Vehicle Account—State Appropriation $505,498,000

Motor Vehicle Account—Federal Appropriation $7,000,000

State Route Number 520 Corridor Account—State Appropriation $4,222,000

Tacoma Narrows Toll Bridge Account—State Appropriation $1,529,000

Alaskan Way Viaduct Replacement Project Account—State Appropriation $8,443,000

Interstate 405 and State Route Number 167 Express Toll Lanes Account—State Appropriation $2,573,000

TOTAL APPROPRIATION $529,265,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $7,529,000 of the motor vehicle account—state appropriation is provided solely for utility fees assessed by local governments as authorized under RCW 90.03.525 for the mitigation of stormwater runoff from state highways. Plan and reporting requirements as required in chapter 435, Laws of 2019 (Local Stormwater Charges) shall be consistent with the January 2012 findings of the Joint Transportation Committee Report for Effective Cost Recovery Structure for WSDOT, Jurisdictions, and Efficiencies in Stormwater Management.

(2) $5,000,000 of the motor vehicle account—state appropriation is provided solely for a contingency pool for snow and ice removal. The department must notify the office of financial management and the transportation committees of the legislature when they have spent the base budget for snow and ice removal and will begin using the contingency pool funding.
(3) $1,025,000 of the motor vehicle account—state appropriation is provided solely for the department to implement safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle at levels above that being implemented as of January 1, 2019. The department must contract out or hire a crew dedicated solely to collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public, department employees, or people encamped upon department-owned rights-of-way. The department may request assistance from the Washington state patrol as necessary in order for both agencies to provide enhanced safety-related activities regarding the emergency hazards along state highway rights-of-way in the Seattle area.

(4) $1,015,000 of the motor vehicle account—state appropriation is provided solely for a partnership program between the department and the city of Tacoma. The program shall address the safety and public health problems created by homeless encampments on the department's property along state highways within the city limits. $570,000 is for dedicated department maintenance staff and associated clean-up costs. The department and the city of Tacoma shall enter into a reimbursable agreement to cover up to $445,000 of the city's expenses for clean-up crews and landfill costs.

(5) The department must continue a pilot program for the 2021-2023 fiscal biennium at the four highest demand safety rest areas to create and maintain an online calendar for volunteer groups to check availability of weekends for the free coffee program. The calendar must be updated at least weekly and show dates and times that are, or are not, available to participate in the free coffee program. The department must submit a report to the legislature on the ongoing pilot by December 1, 2022, outlining the costs and benefits of the online calendar pilot, and including surveys from the volunteer groups and agency staff to determine its effectiveness.

(6) $686,000 of the motor vehicle account—state appropriation is provided solely for reimbursing the Oregon department of transportation (ODOT) for the department's share of increased maintenance costs of six highway bridges over the Columbia River that are maintained by ODOT.

(7) $4,145,000 of the motor vehicle account—state appropriation is provided solely for increased costs of highway maintenance materials.

(8) $5,816,000 of the motor vehicle account—state appropriation is provided solely for a contingency pool for repairing damages to highways caused by known and unknown third parties. The department must notify the office of financial management and the transportation committees of the legislature when they have spent the base budget for third-party damage repair and will begin using the contingency pool funding.

(9) $5,000,000 of the motor vehicle account—state appropriation is provided solely for the department to address the risks to safety and public health associated with homeless encampments on department owned rights-of-way. The department must coordinate and work with local government officials and social service organizations to provide services and direct people to housing alternatives that are not in highway rights-of-way to help prevent future encampments from forming on highway rights of way. The department may hire crews specializing in collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist. The department may request assistance from the Washington state patrol as necessary to provide enhanced safety-related activities along state highway rights-of-way.

(10) $623,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter . . . (Substitute House Bill No. 1355), Laws of 2021 (noxious weeds). If chapter . . . (Substitute House Bill No. 1355), Laws of 2021 (noxious weeds) is not enacted by June 30, 2021, the amount provided in this subsection lapses.

NEW SECTION, Sec. 216. FOR THE DEPARTMENT OF TRANSPORTATION—TRAFFIC OPERATIONS—PROGRAM Q—OPERATING

Motor Vehicle Account—State Appropriation $76,142,000
Motor Vehicle Account—Federal Appropriation $2,050,000
Motor Vehicle Account—Private/Local Appropriation $250,000

State Route Number 520 Corridor Account—State Appropriation $224,000
Tacoma Narrows Toll Bridge Account—State Appropriation $40,000
Alaskan Way Viaduct Replacement Project Account—State Appropriation $1,112,000
Interstate 405 and State Route Number 167 Express Toll Lanes Account—State Appropriation $20,000
TOTAL APPROPRIATION $79,838,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $6,000,000 of the motor vehicle account—state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects completed in the prior fiscal biennium.

(2)(a) During the 2021-2023 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(b) The department shall expand the high occupancy vehicle lane access pilot program to vehicles that deliver or collect blood, tissue, or blood components for a blood-collecting or distributing establishment regulated under chapter 70.335 RCW. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, blood-collecting or distributing establishment vehicles that are clearly and identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(c) The department shall expand the high occupancy vehicle lane access pilot program to organ transport vehicles transporting
a time urgent organ for an organ procurement organization as defined in RCW 68.64.010. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, organ transport vehicles that are clearly and identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(d) The department shall expand the high occupancy vehicle lane access pilot program to private, for hire vehicles regulated under chapter 81.72 RCW that have been specially manufactured, designed, or modified for the transportation of a person who has a mobility disability and uses a wheelchair or other assistive device. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, wheelchair-accessible taxicabs that are clearly and identifiably marked as such on all sides of the vehicle are considered public transportation vehicles and must be authorized to use the reserved portion of the highway.

(e) The department shall expand the high occupancy vehicle lane access pilot program to for hire nonemergency medical transportation vehicles, when in use for medical purposes, as described elsewhere in this act. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, nonemergency medical transportation vehicles that meet the requirements identified elsewhere in this act must be authorized to use the reserved portion of the highway.

(f) Nothing in this subsection (2) is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for express toll lanes.

(3) When regional transit authority construction activities are visible from a state highway, the department shall allow the regional transit authority to place safe and appropriate signage informing the public of the purpose of the construction activity.

(4) The department must make signage for low-height bridges a high priority.

The appropriations in this section are subject to the following conditions and limitations: $6,000,000 of the motor vehicle account—state appropriation is provided solely for efforts to increase diversity in the transportation construction workforce through: (1) The preapprenticeship support services (PASS) program, which aims to increase diversity in the highway construction workforce and prepare individuals interested in entering the highway construction workforce. In addition to the services allowed by RCW 47.01.435, the PASS program may provide housing assistance for youth aging out of the foster care and juvenile rehabilitation systems in order to support the participation of these youth in a transportation-related preapprenticeship program; (2) assisting minority and women-owned businesses to perform work in the highway construction industry. This assistance shall include technical assistance, business training, counseling, guidance, prime to subcontractor relationship building, and a capacity building mentorship program. At a minimum, $1,000,000 of the total appropriation in this subsection must be directed towards the efforts outlined in this subsection. Of the total appropriation in this subsection, up to one full time position can be created to support all this work. The provider(s) chosen to complete the work in this subsection shall be selected through a competitive bidding process. The program shall be administered by the Washington state department of transportation's office of equal opportunity.

The appropriations in this section are subject to the following conditions and limitations:

(1) $2,879,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely for completion of updating the state route number 167 master plan.

(2) $406,000 of the state route number 520 corridor account—state appropriation is provided solely for the department to contract with the University of Washington department of mechanical engineering, to study measures to reduce noise impacts from the state route number 520 bridge expansion joints. The field testing shall be scheduled during existing construction, maintenance, or other scheduled closures to minimize impacts. The testing must also ensure safety of the traveling public. The study shall examine testing methodologies and project timelines and costs. A final report must be submitted to the transportation committees of the legislature and the governor by March 1, 2022.

(3) $5,900,000 of the motor vehicle account—federal appropriation and $400,000 of the motor vehicle account—private/local appropriation are provided solely for delivery of the department's state planning and research work program and pooled fund research projects, provided that the department may not expend any amounts provided in this section on a long-range plan or corridor scenario analysis for I-5 from Tumwater to Marysville. This is not intended to reference or impact: The existing I-5 corridor from Mounts road to Tumwater design and operations alternatives analysis; design studies related to HOV lanes or operations; or where it is necessary to continue design and operations analysis related to projects already under development.

(4) $4,080,000 of the motor vehicle account—federal appropriation is provided solely for the Forward Drive road usage charge research project overseen by the transportation commission using a portion of the amount of the federal grant award. The purpose of the Forward Drive road usage charge...
research project is to advance research in key policy areas related to road usage charge including assessing impacts of future mobility shifts on road usage charge revenues, conducting an equity analysis, updating and assessing emerging mileage reporting methods, determining opportunities to reduce cost of collection, conducting small-scale pilot tests, and identifying a long-term, detailed phase-in plan.

(5) $500,000 of the multimodal transportation account—state appropriation is provided for the department to partner with the department of commerce in developing vehicle miles traveled targets for the counties in Washington state with (a) a population density of at least 100 people per square mile and a population of at least 200,000; or (b) a population density of at least 75 people per square mile and an annual growth rate of at least 1.75 percent as determined by the office of financial management. Given land use patterns are key factors in travel demand and should be taken into consideration when developing the targets, the department and the department of commerce shall partner with local jurisdictions, regional transportation planning organizations and other stakeholders to inventory existing laws and rules that promote transportation and land use, identify gaps and make recommendations for changes in laws, rules and agency guidance, and establish a framework for considering underserved and rural communities in the evaluation. The department and the department of commerce shall provide an initial technical report by December 31, 2021, an interim report by June 22, 2022, and a final report to the governor and legislature by June 30, 2023, that includes a process for establishing vehicle miles traveled reduction targets, a recommended suite of options for local jurisdictions to achieve the targets, and funding requirements for state and local jurisdictions.

(6) $500,000 of the multimodal transportation account—state appropriation is provided solely for implementation of a state route number 161 corridor study to be conducted in consultation with Pierce Transit, Sound Transit, and other regional entities. The department must study practical solutions to address high vehicle volumes and delays in the corridor. The study should develop short-, mid-, and long-term strategies and identify potential improvements for the corridor or improvements to nearby roads that could help address the traffic congestion on state route number 161.

(7) $800,000 of the motor vehicle account—state appropriation is provided solely for WSDOT to do a corridor study of SR 302 (Victor Area) to recommend safety and infrastructure improvements to address current damage and prevent future roadway collapse and landslides that have caused road closures.

(8) $1,500,000 of the motor vehicle account—state appropriation is provided solely for a study on the need for additional connectivity in the area between SR 161, SR 7, SR 507, and I-5 in South Pierce County.

NEW SECTION. Sec. 219. FOR THE DEPARTMENT OF TRANSPORTATION—CHARGES FROM OTHER AGENCIES—PROGRAM U

Motor Vehicle Account—State Appropriation .............................................................. $77,093,000
Multimodal Transportation Account—State Appropriation ............................................. $3,045,000
Interstate 405 and State Route Number 167 Express Toll Lanes Account—State Appropriation ................................................................. $6,000

Puget Sound Ferry Operations Account—State Appropriation ................................................ $220,000
Connecting Washington Account—State Appropriation ............................................... $184,000
TOTAL APPROPRIATION ................................................................. $80,578,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Consistent with existing protocol and practices, for any negotiated settlement of a claim against the state for the department that exceeds $5,000,000, the department, in conjunction with the attorney general and the department of enterprise services, shall notify the director of the office of financial management and the transportation committees of the legislature.

(2) Beginning October 1, 2021, and quarterly thereafter, the department, in conjunction with the attorney general and the department of enterprise services, shall provide a report with judgments and settlements dealing with the Washington state ferry system to the director of the office of financial management and the transportation committees of the legislature. The report must include information on: (a) The number of claims and settlements by type; (b) the average claim and settlement by type; (c) defense costs associated with those claims and settlements; and (d) information on the impacts of moving legal costs associated with the Washington state ferry system into the statewide self-insurance pool.

(3) Beginning October 1, 2021, and quarterly thereafter, the department, in conjunction with the attorney general and the department of enterprise services, shall provide a report with judgments and settlements dealing with the nonferry operations of the department to the director of the office of financial management and the transportation committees of the legislature. The report must include information on: (a) The number of claims and settlements by type; (b) the average claim and settlement by type; and (c) defense costs associated with those claims and settlements.

(4) When the department identifies significant legal issues that have potential transportation budget implications, the department must initiate a briefing for appropriate legislative members or staff through the office of the attorney general and its legislative briefing protocol.

NEW SECTION. Sec. 220. FOR THE DEPARTMENT OF TRANSPORTATION—PUBLIC TRANSPORTATION—PROGRAM V

State Vehicle Parking Account—State Appropriation .................................................... $784,000
Regional Mobility Grant Program Account—State Appropriation ........................................ $104,478,000
Rural Mobility Grant Program Account—State Appropriation ...................................... $33,168,000
Multimodal Transportation Account—State Appropriation ........................................... $146,827,000
Multimodal Transportation Account—Federal Appropriation ....................................... $3,574,000
Multimodal Transportation Account—Local Appropriation ......................................... $100,000
TOTAL APPROPRIATION ................................................................. $288,931,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $72,698,000 of the multimodal transportation account—state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation. Of this amount:

(a) $16,526,000 of the multimodal transportation account—state appropriation is provided solely for grants to nonprofit
providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided. Fuel type may not be a factor in the grant selection process.

(b) $56,172,000 of the multimodal transportation account—state appropriation is provided solely for vanpool grant program for: (i) Public transit agencies to add vanpools or replace vans; and (ii) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds. Fuel type may not be a factor in the grant selection process.

(3) $2,000,000 of the multimodal transportation account—state appropriation is provided solely for a vanpool grant program for: (i) Public transit agencies to add vanpools or replace vans; and (ii) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds. Fuel type may not be a factor in the grant selection process.

(4) $26,800,000 of the rural mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021, Program - Public Transportation Program (V), except for the King County Metro Eastlake Off-Street Layover Facility project, for which $4,524,000 is reappropriated, and the King County Metro Transit Speed & Reliability Hot Spot Imp Program project, for which $950,000 is reappropriated.

(5)(a) $77,679,000 of the regional mobility grant program account—state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021, Program - Public Transportation Program (V). The department shall review all projects receiving grant awards under this program at least annually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2021, and December 15, 2022, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. Additionally, when allocating funding for the 2023-2025 biennium, no more than thirty percent of the total grant program may directly benefit or support one grantee. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant. Fuel type may not be a factor in the grant selection process.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2021-2023 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of transportation rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(6) Funds provided for the commute trip reduction (CTR) program may also be used for the growth and transportation efficiency center program.

(7) $6,500,000 of the multimodal transportation account—state appropriation and $784,000 of the state vehicle parking account—state appropriation are provided solely for CTR grants and activities. Fuel type may not be a factor in the grant selection process. Of this amount:

(a) $30,000 of the state vehicle parking account—state appropriation is provided solely for the STAR pass program for state employees residing in Mason and Grays Harbor Counties. Use of the pass is for public transportation between Mason County and Thurston County, and Grays Harbor and Thurston County. The pass may also be used within Grays Harbor County.

(b) $800,000 of the multimodal transportation account—state appropriation is provided solely for a first mile/last mile connections grant program. Eligible grant recipients include cities, businesses, nonprofits, and transportation network companies with first mile/last mile solution proposals. Transit agencies are not eligible. The commute trip reduction board shall develop grant parameters, evaluation criteria, and evaluate grant proposals. The commute trip reduction board shall provide the transportation committees of the legislature a report on the effectiveness of this grant program and best practices for continuing the program.

(8) Except as provided otherwise in this subsection, $28,263,000 of the multimodal transportation account—state appropriation is provided solely for connecting Washington transit projects identified in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021. It is the intent of the legislature that entities identified to receive funding in the LEAP document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed a project in the LEAP document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(9) The department shall not require more than a ten percent match from nonprofit transportation providers for state grants.
NINETY FOURTH DAY, APRIL 14, 2021

(10) $375,000 of the multimodal transportation account—state appropriation is provided solely for Intercity Transit for the Dash shuttle program.

(11) $31,993,000 of the multimodal transportation account—state appropriation is provided solely for the green transportation capital grant program established in chapter 287, Laws of 2019 (advancing green transportation adoption).

(12) $555,000 of the multimodal transportation account—state appropriation is provided solely for an interagency transfer to the Washington State University extension energy program to establish and administer a technical assistance and education program for public agencies on the use of alternative fuel vehicles. The Washington State University extension energy program shall prepare a report regarding the utilization of the vehicles. The Washington State University extension energy program shall prepare a report regarding the utilization of the vehicles. The Washington State University extension energy program shall prepare a report regarding the utilization of the vehicles.

NEW SECTION. Sec. 221. FOR THE DEPARTMENT OF TRANSPORTATION—MARINE—PROGRAM X

Puget Sound Ferry Operations Account—State
Appropriation ............................................................ $421,103,000

Puget Sound Ferry Operations Account—Federal
Appropriation ............................................................ $124,000,000

Puget Sound Ferry Operations Account—Private/Local
Appropriation ............................................................ $121,000

TOTAL APPROPRIATION .................................................. $545,224,000

The appropriations in this section are subject to the following conditions and limitations:

1. The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2023-2025 supplemental and 2023-2025 omnibus transportation appropriations act requests, as determined jointly by the office of financial management, the Washington state ferries, and the transportation committees of the legislature. This level of detail must include the administrative functions in the operating as well as capital programs. The data in the tables in the report must be supplied in a digital file format.

2. For the 2021-2023 fiscal biennium, the department may enter into a distributor controlled fuel hedging program and other methods of hedging approved by the fuel hedging committee, which must include a representative of the department of enterprise services.

3. $70,794,000 of the Puget Sound ferry operations account—state appropriation is provided solely for auto ferry vessel operating fuel in the 2021-2023 fiscal biennium, which reflect cost savings from a reduced biodiesel fuel requirement and, therefore, is contingent upon the enactment of section 703 of this act. The amount provided in this subsection represents the fuel budget for the purposes of calculating any ferry fare fuel surcharge. The department shall review future use of alternative fuels and dual fuel configurations, including hydrogen.

4. $500,000 of the Puget Sound ferry operations account—state appropriation is provided solely for operating costs related to moving vessels for emergency capital repairs. Funds may only be spent after approval by the office of financial management.

5. $336,000 of the Puget Sound ferry operations account—state appropriation is provided solely for evacuation slide training.

6. $336,000 of the Puget Sound ferry operations account—state appropriation is provided solely for fall restraint labor and industries inspections.

7. $2,400,000 of the Puget Sound ferry operations account—state appropriation is provided solely for overtime expenses incurred by engine and deck crew members.

(13) The department must request reimbursement from the federal transit administration for the maximum amount of ferry operating expenses eligible for reimbursement under federal law.

NEW SECTION. Sec. 222. FOR THE DEPARTMENT OF TRANSPORTATION—RAIL—PROGRAM Y—OPERATING

Multimodal Transportation Account—State
Appropriation ............................................................ $80,807,000

Multimodal Transportation Account—Private/Local
Appropriation ............................................................ $46,000

Multimodal Transportation Account—Federal
Appropriation ............................................................ $500,000

TOTAL APPROPRIATION .................................................... $81,353,000

The appropriations in this section are subject to the following conditions and limitations:

1. The department is directed to continue to pursue efforts to reduce costs, increase ridership, and review Amtrak Cascades fares and fare schedules. Within thirty days of each annual cost/revenue reconciliation under the Amtrak service contract, the department shall report annual credits to the office of financial management and the legislative transportation committees, which must include a representative of the department of enterprise services.

2. Consistent with the ongoing planning and service improvement for the intercity passenger rail program, $500,000 of the multimodal transportation account—state is provided solely for the Cascades service development plan. This funding is to be used to analyze current and future market conditions and to develop a structured assessment of service options and goals based on anticipated demand and the results of the state and federally required 2019 state rail plan, including identifying implementation alternatives to meet the future service goals for the Amtrak Cascades route. The work must be consistent with federal railroad administration guidance and direction on developing service development plans. It must also leverage the $500,000 in federal funding appropriated for development of a service development plan and comply with the planning and grant award obligations of the consolidated rail infrastructure and safety improvements (CRISI) program. A status report must be provided to the transportation committees of the legislature by June 30, 2022.
NEW SECTION. Sec. 223. FOR THE DEPARTMENT OF TRANSPORTATION—LOCAL PROGRAMS—PROGRAM Z—OPERATING
Motor Vehicle Account—State Appropriation .... $12,465,000
Motor Vehicle Account—Federal Appropriation .... $2,567,000
Multiuse Roadway Safety Account—State Appropriation ................................................................. $900,000
TOTAL APPROPRIATION ........................................ $15,932,000
The appropriations in this section are subject to the following conditions and limitations:
(1) $1,448,000 of the motor vehicle account—state appropriation from amounts set aside out of statewide fuel taxes distributed to counties according to RCW 46.68.120(3) and $350,000 of the motor vehicle account—state appropriation are provided solely for the department to contract with the Washington state association of counties to:
(a) In coordination with stakeholders, identify county-owned fish passage barriers, and assess which barriers share the same stream system as state-owned fish passage barriers.
(b) Streamline and update the county road administration board's data dashboard, county reporting systems, and program management software to provide a more detailed, more transparent, and user-friendly platform for data management, reporting, and research by the public and other interested parties.
(c) A study of the use of county road right-of-way as a potential source of revenue for county road operating and maintenance needs with recommendations on their feasibility statewide.
(2) The entire multiuse roadway safety account—state appropriation is provided solely for grants under RCW 46.09.540, subject to the following limitations:
(a) Twenty-five percent of the amounts provided are reserved for counties that each have a population of fifteen thousand persons or less;
(b)(i) Seventy-five percent of the amounts provided are reserved for counties that each have a population exceeding fifteen thousand persons; and
(ii) No county that receives a grant or grants under (b) of this subsection may receive more than sixty thousand dollars in total grants.
(3)(a) By October 1, 2021, the department must report to the office of financial management and the transportation committees with recommendations regarding:
(i) Modifications to the agreement with Wahkiakum county regarding future state reimbursement for the Wahkiakum ferry operating and maintenance deficit; and
(ii) Cost-sharing models for operating and maintenance costs, which recognize the benefit of the ferry route to both Washington and Oregon.
(b) The reimbursement recommendations must reflect a mutual agreement with Wahkiakum county, which considers future county ferry operating loss projections. The report may address the importance of the ferry route to the state highway system and whether there is a need for an increased role for the state department of transportation in the finance or operation of the ferry route.

TRANSPORTATION AGENCIES—CAPITAL
NEW SECTION. Sec. 301. FOR THE FREIGHT MOBILITY STRATEGIC INVESTMENT BOARD
Freight Mobility Investment Account—State Appropriation ............................................................. $16,577,000
Freight Mobility Multimodal Account—State Appropriation ............................................................ $15,195,000
TOTAL APPROPRIATION ............................................................................................................. $31,772,000
The appropriations in this section are subject to the following conditions and limitations:
(1) Except as otherwise provided in this section, the entire appropriations in this section are provided solely for the projects by amount, as listed in the LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021, Program - FMSIB.
(2) Until directed by the legislature, the board may not initiate a new call for projects.
(3)(a) For the 2021-2023 project appropriations, unless otherwise provided in this act, the director of the office of financial management may authorize a transfer of appropriation authority between projects as listed in the LEAP transportation document 2021-2 ALL PROJECTS as developed March 22, 2021, Program - FMSIB project list in order for the board to manage project spending and support the efficient and timely delivery of all projects in the program. The office of financial management may authorize a transfer of appropriation authority between projects under the following conditions and limitations:
(i) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;
(ii) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects on the FMSIB LEAP list;
(iii) Transfers between projects may be made by the board without the formal written approval provided under this subsection (3)(a), provided that the transfer amount does not exceed $250,000 or 10 percent of the total project, whichever is less. These transfers must be reported to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees; and
(iv) Transfers may only be made in fiscal year 2023.
(b) At the time the board submits a request to transfer funds under this section, a copy of the request must be submitted to the directors and ranking members of the transportation committees of the legislature.
(c) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner and consider any concerns raised by the chairs and ranking members of the transportation committees.
(d) No fewer than 10 days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the board of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

NEW SECTION. Sec. 302. FOR THE WASHINGTON STATE PATROL
State Patrol Highway Account—State Appropriation ........................................................................ $4,196,000
(1) $695,000 of the state patrol highway account—state appropriation is provided solely for roof replacement.
(2) $3,501,000 of the state patrol highway account—state appropriation is provided solely for the following projects:
(a) $250,000 for emergency repairs;
(b) $350,000 for fuel tank decommissioning;
(c) $750,000 for generator and electrical replacement;
(d) $195,000 for the exterior envelope of the Yakima office;
(e) $466,000 for the snow cat shelter;
(f) $325,000 for the weatherization of the Bow Hill inspection station;
(g) $325,000 for the weatherization of the Sea-Tac north inspection station;
(b) $200,000 for roof replacements originally authorized in the 2019-2021 biennium; and
(i) $640,000 for the Marysville water and fire suppression project originally authorized in the 2019-2021 biennium.

The Washington state patrol may transfer funds between projects specified in this subsection to address cash flow requirements. If a project specified in this subsection is completed for less than the amount provided, the remainder may be transferred to another project specified in this subsection not to exceed the total appropriation provided in this subsection.

NEW SECTION. Sec. 303. FOR THE COUNTY ROAD ADMINISTRATION BOARD

Rural Arterial Trust Account—State Appropriation ................................................................. $55,028,000
Motor Vehicle Account—State Appropriation .............................................................. $1,456,000
County Arterial Preservation Account—State Appropriation ................................................. $37,379,000
TOTAL APPROPRIATION ........................................................................................................... $93,863,000

NEW SECTION. Sec. 304. FOR THE TRANSPORTATION IMPROVEMENT BOARD

Small City Pavement and Sidewalk Account—State Appropriation .................................................. $4,100,000
Transportation Improvement Account—State Appropriation ............................................ $201,000,000
Complete Streets Grant Program Account—State Appropriation .................................................. $14,670,000
TOTAL APPROPRIATION ........................................................................................................... $219,770,000

The appropriations in this section are subject to the following conditions and limitations: $7,500,000 of the transportation improvement account—state appropriation is provided solely for the Relight Washington Program. Of this amount, $5,000,000 is for cities with an assessed value of over $2,000,000,000 that can demonstrate a sustainable return on investment when converting to energy efficient LED streetlights.

NEW SECTION. Sec. 305. FOR THE DEPARTMENT OF TRANSPORTATION—FACILITIES—PROGRAM D—(DEPARTMENT OF TRANSPORTATION-ONLY PROJECTS)—CAPITAL

Motor Vehicle Account—State Appropriation .............................................................. $10,852,000
Connecting Washington Account—State Appropriation .................................................. $2,000,000
TOTAL APPROPRIATION ........................................................................................................... $12,852,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $2,000,000 of the connecting Washington account—state appropriation is provided solely for a new Olympic region maintenance and administration facility to be located on the department-owned site at the intersection of Marvin Road and 32nd Avenue in Lacey, Washington.

(2)(a) $4,325,000 of the motor vehicle account—state appropriation is provided solely for payments of a financing contract for the department facility located at 15700 Dayton Ave N in Shoreline.

(b) Payments from the department of ecology pursuant to the agreement with the department to pay a share of the financing contract in (a) of this subsection must be deposited into the motor vehicle account.

NEW SECTION. Sec. 306. FOR THE DEPARTMENT OF TRANSPORTATION—IMPROVEMENTS—PROGRAM 1

Transportation Partnership Account—State Appropriation .................................................... $128,053,000
Motor Vehicle Account—State Appropriation .............................................................. $91,517,000
Motor Vehicle Account—Federal Appropriation .......................................................... $269,338,000
Motor Vehicle Account—Private/Local Appropriation .................................................. $47,092,000

State Route Number 520 Corridor Account—State Appropriation........................................ $15,940,000
Connecting Washington Account—State Appropriation .................................................. $149,000
Interstate 405 and State Route Number 167 Express Toll Lanes Account—State Appropriation .......................................................... $30,308,000
Coronavirus State Fiscal Recovery Fund—Federal Appropriation ........................................ $340,000,000
TOTAL APPROPRIATION ........................................................................................................... $3,692,198,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document 2021-1 as developed March 22, 2021, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 of this act.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities or fish passage barrier corrections (0814001).

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) The connecting Washington account—state appropriation includes up to $2,375,216,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(5) The special category C account—state appropriation includes up to $87,659,000 in proceeds from the sale of bonds authorized in RCW 47.10.812.

(6) The transportation partnership account—state appropriation includes up to $47,226,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(7) $69,450,000 of the transportation partnership account—state appropriation, $2,258,000 of the motor vehicle account—private/local appropriation, and $984,000 of the multimodal transportation account—state appropriation are provided solely for the SR 99/Alaskan Way Viaduct Replacement project (099936Z). It is the intent of the legislature that any legal damages paid to the state as a result of a lawsuit related to contractual provisions for construction and delivery of the Alaskan Way...
viaduct replacement project be used to repay project cost increases paid from the transportation partnership account—state funds.

(8) $193,699,000 of the connecting Washington account—state appropriation is provided solely for the US 395 North Spokane Corridor project (M00800R).

(9) $14,827,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely for the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) for activities related to adding capacity on Interstate 405 between state route number 522 and Interstate 5, with the goals of increasing vehicle throughput and aligning project completion with the implementation of bus rapid transit in the vicinity of the project.

(10) $149,234,900 of the connecting Washington account—state appropriation and $335,000 of the motor vehicle account—private/local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R).

(b) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), WSDOT shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(11) $359,522,000 of the connecting Washington account—state appropriation, $105,523,000 of the motor vehicle account—federal appropriation, $15,369,000 of the motor vehicle account—private/local appropriation, $4,800,000 of the multimodal transportation account—state appropriation, and $2,500,000 of the motor vehicle account—state appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(c) It is the legislature's intent that the department shall construct a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the base project is fully funded, the funds must first be applied toward the completion of these two full single-point urban interchanges.

(d) Of the amounts provided in this subsection, $2,300,000 of the multimodal transportation account—state appropriation is provided solely for the design phase of the Puyallup to Tacoma multiuse trail along the SR 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park.

(e) Of the amounts provided in this subsection, $2,500,000 of the multimodal transportation account—state appropriation is provided solely for segment 2 of the state route 167 completion project shared-use path to provide connections to the interchange of state route 167 at 54th to the intersection of state route 509 and Taylor way in Tacoma.

(12) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(13) Any advisory group that the department convenes during the 2021-2023 fiscal biennium must consider the interests of the entire state of Washington.

(14) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value, construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

(15)(a) $26,928,000 of the motor vehicle account—state appropriation and $1,671,000 of the motor vehicle account—private/local appropriation are provided solely for supporting a project office and the continued work towards replacement of the Interstate 5 bridge across the Columbia river (G2000088).

(b) The work of this project office includes, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders and the public, and the reevaluation of scope, schedule, and budget for a reinvigorated bistate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts.

(c) During the 2021-2023 biennium the department shall have as a goal to:

(i) Conduct all work necessary to prepare and publish a draft SEIS;

(ii) Coordinate with regulatory agencies to begin the process of obtaining environmental approvals and permits;

(iii) Identify a locally preferred alternative; and

(iv) Begin preparing a final SEIS.

The department shall aim to provide progress reports on these activities to the governor and the transportation committees of the
NINETY FOURTH DAY, APRIL 14, 2021

legislature by December 1, 2021, June 1, 2022, and December 1, 2022.

(16) $1,000,000 of the connecting Washington account—state appropriation is provided solely for the North Lewis County transportation study. The study shall examine new, alternate routes for vehicular and truck traffic at the Harrison interchange (Exit 82) in North Centralia and shall allow for a site and configuration to be selected and feasibility to be conducted for final design, permitting and construction of the I-5/North Lewis County Interchange project (L2000204).

(17)(a) $332,500,000 of the connecting Washington account—state appropriation, $52,036,000 of the motor vehicle account—federal appropriation, and $1,849,000 of the motor vehicle account—state appropriation are provided solely for the Fish Passage Barrier Removal project (0BI4001) with the intent of fully complying with the federal U.S. v. Washington court injunction by 2030.

(b) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach to maximize habitat gain by replacing both state and local culverts. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, ability to leverage investments by others, presence of other barriers, project readiness, other transportation projects in the area, and transportation impacts.

(c) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(18) $340,000,000 of the Coronavirus State Fiscal Recovery Account—federal appropriation is provided solely for water infrastructure projects that remove fish passage barriers that are impeding state streams, rivers, and other waterways (0BI4001), as permitted under the federal American rescue plan act of 2021. Once available, these amounts must be applied prior to other amounts provided for this purpose (0BI4001). These water infrastructure projects are intended to meet compliance requirements with the federal U.S. v. Washington court injunction by 2030.

(19)(a) The Washington state department of transportation is directed to pursue compliance with the U.S. v. Washington permanent injunction by delivering culvert corrections within the injunction area guided by the principle of providing the greatest fisheries habitat gain at the earliest time and considering the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert condition, other transportation projects in the area, and transportation impacts.

(b) The department and Brian Abbott fish barrier removal board must provide updates on the implementation of the statewide culvert remediation plan to the legislature by November 1, 2021, and June 1, 2022.

(20) $14,669,000 of the connecting Washington account—state appropriation and $3,037,000 of the motor vehicle account—private/local appropriation are provided solely for the I-90/Barker to Harvard – Improve Interchanges & Local Roads project (L2000122). The connecting Washington account appropriation for the improvements that fall within the city of Liberty Lake may only be expended if the city of Liberty Lake agrees to cover any project costs within the city of Liberty Lake above the $20,900,000 of state appropriation provided for the total project in LEAP Transportation Document 2021-1 as developed March 22, 2021, Program – Highway Improvements (I).

(21) $15,189,000 of the motor vehicle account—federal appropriation, $259,000 of the motor vehicle account—state appropriation, and $15,481,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation are provided solely for the SR 167/SR 410 to SR 18 - Congestion Management project (316706C).

(22) $18,914,000 of the Special Category C account—state appropriation is provided solely for the SR 18 Widening - Issaquah/Hobart Rd to Raging River project (L1000199) for improving and widening state route number 18 to four lanes from Issaquah-Hobart Road to Raging River.

(23) $1,090,000 of the motor vehicle account—state appropriation is provided solely for the US 101/East Sequim Corridor Improvements project (L2000343).

(24) $12,139,000 of the motor vehicle account—state appropriation and $9,104,000 of the connecting Washington account—state appropriation are provided solely for the SR 522/Paradise Lk Rd Interchange & Widening on SR 522 (Design/Engineering) project (NPARADI).

(25) $1,378,000 of the motor vehicle account—federal appropriation is provided solely for the US 101/Morse Creek Safety Barrier project (L1000247).

(26) $915,000 of the motor vehicle account—state appropriation is provided solely for the SR 162/410 Interchange Design and Right of Way project (L1000276).

(27)(a) $6,581,000 of the connecting Washington account—state appropriation is provided solely for the US Hwy 2 Safety project (N002200R).

(b) Of the amounts provided in this subsection, $2,000,000 of the connecting Washington account—state appropriation is for the department to conduct a Highway 2 Safety-Capacity study.

(28) The department may advance the I-405/SR 522 to I-5 Capacity Improvements (L2000234) project and construct the project earlier than is scheduled in the LEAP list if funding is identified by September 1, 2021. The department shall explore alternatives to toll revenue funding including but not limited to federal loan and grant programs. The department shall explore phasing and modifying the project to align as best as possible with the anticipated deployment of bus rapid transit on the corridor in 2023-25. The department shall report back to the transportation committees of the legislature on this work prior to September 2021.

NEW SECTION. Sec. 307. FOR THE DEPARTMENT OF TRANSPORTATION—PRESERVATION—
PROGRAM P
Recreational Vehicle Account—State Appropriation ........................................................................ $1,520,000
Transportation Partnership Account—State Appropriation ........................................................... $16,394,000
Motor Vehicle Account—State Appropriation .................................................................................. $85,444,000
Motor Vehicle Account—Federal Appropriation .............................................................................. $465,871,000
Motor Vehicle Account—Private/Local Appropriation ...................................................................... $10,792,000
State Route Number 520 Corridor Account—State Appropriation .................................................. $1,891,000
Connecting Washington Account—State Appropriation ................................................................. $182,780,000
Tacoma Narrows Toll Bridge Account—State Appropriation ........................................................... $9,730,000
Alaskan Way Viaduct Replacement Project Account—State Appropriation ...................................... $314,000
Interstate 405 and State Route Number 167 Express Toll Lanes Account—State Appropriation ........ $26,039,000
Transportation 2003 Account (Nickel Account)—State Appropriation ........................................... $12,394,000
The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document 2021-1 as developed March 22, 2021, Program - Highway Preservation Program (P). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 of this act. The department may not convene a Washington freight advisory committee. When submitting its 2021-2023 supplemental and 2023-2025 biennial budget requests, the department shall provide a prioritized freight project list for the national highway freight program funds that first addresses shortfalls in funding for connecting Washington act projects. The freight project list must describe how the estimated funding allocation for the national highway freight program for federal fiscal years 2022-2025 could be invested and matched.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document 2021-2. ALL PROJECTS as developed March 22, 2021, Program - Highway Preservation Program (P). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities or fish passage barrier corrections (OB34001).

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) $5,166,000 of the connecting Washington account—state appropriation is provided solely for the land mobile radio upgrade (G2000055) and is subject to the conditions, limitations, and review provided in section 701 of this act. The land mobile radio project is subject to technical oversight by the office of the chief information officer. The department, in collaboration with the office of the chief information officer, shall identify where existing or proposed mobile radio technology investments should be consolidated, identify when existing or proposed mobile radio technology investments can be reused or leveraged to meet multiagency needs, increase mobile radio interoperability between agencies, and identify how redundant investments can be reduced over time. The department shall also provide quarterly reports to the technology services board on project progress.

(5) $5,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund. The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted. No funds provided in this subsection may be expended on any legal fees related to the SR 99/Alaskan Way viaduct replacement project (8099362).

(6) The appropriation in this section includes funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

(7) The department must consult with the Washington state patrol and the office of financial management during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

(8) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. The department's next budget submittal after using this subsection must appropriately reflect the transfer.
2 ALL PROJECTS as developed March 22, 2021, Program - Washington State Ferries Capital Program (W).

(2) No additional funding may be allocated or expended for terminal electrification purposes.

(3) $28,097,000 of the Puget Sound capital construction account—federal appropriation, $71,293,000 of the connecting Washington account—state appropriation, and $809,000 of the Puget Sound capital construction account—state appropriation are provided solely for the Seattle Terminal Replacement project (900010L).

(4) $5,000,000 of the Puget Sound capital construction account—state appropriation is provided solely for emergency capital repair costs (999910K). Funds may only be spent after approval by the office of financial management.

(5) $1,277,000 of the Puget Sound capital construction account—state appropriation is provided solely for the ORCA card next generation project (L2000300). The ferry system shall work with Washington technology solutions and the tolling division on the development of a new, interoperable ticketing system.

(6) $4,200,000 of the connecting Washington account—state appropriation and $2,200,000 of the Puget Sound operating account—federal appropriation are provided solely for ferry vessel and terminal preservation (L2000110). The funds provided in this subsection must be used for unplanned preservation needs before shifting funding from other preservation projects.

(7) $24,750,000 of the Puget Sound capital construction account—state appropriation is provided solely for the conversion of up to two Jumbo Mark II vessels to electric hybrid propulsion (G2000084). The department shall seek additional funds for the purposes of this subsection. The department may spend from the Puget Sound capital construction account—state appropriation in this section only as much as the department receives in Volkswagen settlement funds for the purposes of this subsection.

(8) $152,453,000 of the capital vessel replacement account—state appropriation is provided solely for the acquisition of a 144-car hybrid-electric vessel. The commencement of construction of new vessels for the ferry system is important not only for safety reasons, but also to keep skilled marine construction jobs in the Puget Sound region and to sustain the capacity of the region to meet the ongoing construction and preservation needs of the ferry system fleet of vessels. The legislature has determined that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and shipyards. To accomplish construction of vessels in accordance with RCW 47.60.810, the prevailing shipbuilder, for vessels initially funded after July 1, 2020, is encouraged to follow the historical practice of subcontracting the construction of ferry superstructures to a separate nonaffiliated contractor located within the Puget Sound region, that is qualified in accordance with RCW 47.60.690.

(9) The capital vessel replacement account—state appropriation includes up to $152,453,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(10) For the 2021-2023 biennium, the marine division shall provide to the office of financial management and the legislative transportation committees the following reports on ferry capital projects:

(a) On a semiannual basis the report must include a status update on projects with funding provided in (a)(i) through (iii) of this subsection including, but not limited to, the following:

(i) Anticipated cost increases and cost savings;
(ii) Anticipated cash flow and schedule changes; and
(iii) Explanations for the changes.

(b) On an annual basis the report must include a status update on vessel and terminal preservation and improvement plans including, but not limited to, the following:

(i) What work has been done;
(ii) How have schedules shifted; and
(iii) Associated changes in funding among projects, accompanied by explanations for the changes.

(c) On an annual basis the report must include an update on the implementation of the maintenance management system with recommendations for using the system to improve the efficiency of project reporting under this subsection.

NEW SECTION. Sec. 310. FOR THE DEPARTMENT OF TRANSPORTATION—RAIL—PROGRAM Y—CAPITAL

Essential Rail Assistance Account—State Appropriation .......................................................$550,000

Transportation Infrastructure Account—State Appropriation ..............................................$5,456,000

Multimodal Transportation Account—State Appropriation ...............................................$79,754,000

Multimodal Transportation Account—Federal Appropriation .............................................$41,219,000

TOTAL APPROPRIATION ........................................$126,979,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021, Program - Rail Program (Y).

(2) $5,089,000 of the transportation infrastructure account—state appropriation is provided solely for new low-interest loans approved by the department through the freight rail investment bank (FRIB) program. The department shall issue FRIB program loans with a repayment period of no more than ten years, and charge only so much interest as is necessary to recoup the department's costs to administer the loans. The department shall report annually to the transportation committees of the legislature and the office of financial management on all FRIB loans issued.

(3) $7,040,000 of the multimodal transportation account—state appropriation is provided solely for new statewide emergent freight rail assistance projects identified in the LEAP transportation document referenced in subsection (1) of this section.

(4) $367,000 of the transportation infrastructure account—state appropriation and $1,100,000 of the multimodal transportation account—state appropriation are provided solely to reimburse Highline Grain, LLC for approved work completed on Palouse River and Coulee City (PCC) railroad track in Spokane county between the BNSF Railway Interchange at Cheney and Geiger Junction and must be administered in a manner consistent with freight rail assistance program projects. The value of the public benefit of this project is expected to meet or exceed the cost of this project in: Shipper savings on transportation costs; jobs saved in rail-dependent industries; and/or reduced future costs to repair wear and tear on state and local highways due to fewer annual truck trips (reduced vehicle miles traveled). The amounts provided in this subsection are not a commitment for future legislatures, but it is the legislature's intent that future legislatures will work to approve biennial appropriations until the full $7,337,000 cost of this project is reimbursed.

(5)(a) $550,000 of the essential rail assistance account—state appropriation is provided solely for the purpose of the rehabilitation and maintenance of the Palouse river and Coulee City railroad line (F01111B).
(b) Expenditures from the essential rail assistance account—state in this subsection may not exceed the combined total of:

(i) Revenues and transfers deposited into the essential rail assistance account from leases and sale of property relating to the Palouse river and Coulee City railroad;

(ii) Revenues from trackage rights agreement fees paid by shippers; and

(iii) Revenues and transfers transferred from the miscellaneous program account to the essential rail assistance account, pursuant to RCW 47.76.360, for the purpose of sustaining the grain train program by maintaining the Palouse river and Coulee City railroad.

(6) The department shall issue a call for projects for the freight rail assistance program, and shall evaluate the applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. By November 15, 2022, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

(7) $12,077,000 of the multimodal transportation account—state appropriation is provided solely as expenditure authority for any insurance proceeds received by the state for Passenger Rail Equipment Replacement (project 700010C). The department shall give priority to those projects that can be accelerated in order to meet the 2017 derailment.

(8) It is the intent of the legislature to encourage the department to pursue federal grant opportunities leveraging up to $6,696,000 in connecting Washington programmed funds to be used as a state match to improve the state-owned Palouse river and Coulee City system. The amount listed in this subsection is not a commitment for future legislatures, but is the legislature's intent that future legislatures will work to approve biennial appropriations up to a state match share not to exceed $6,696,000 of a grant award.

NEW SECTION. Sec. 311. FOR THE DEPARTMENT OF TRANSPORTATION—LOCAL PROGRAMS—PROGRAM Z—CAPITAL

Highway Infrastructure Account—State Appropriation .......................................................... $793,000

Highway Infrastructure Account—Federal Appropriation .................................................... $1,600,000

Motor Vehicle Account—Federal Appropriation ............................................................... $43,698,000

Motor Vehicle Account—Private/Local Appropriation ...................................................... $6,600,000

Connecting Washington Account—State Appropriation .................................................. $116,792,000

Multimodal Transportation Account—State Appropriation .............................................. $88,145,000

TOTAL APPROPRIATION ........................................................................................................ $275,942,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021, Program - Local Programs Program (Z).

(2) The amounts identified in the LEAP transportation document referenced under subsection (1) of this section for pedestrian safety/safe routes to school are as follows:

(a) $36,760,000 of the multimodal transportation account—state appropriation is provided solely for newly selected pedestrian and bicycle safety program projects. $9,233,000 of the

multimodal transportation account—state appropriation is reappropriated for pedestrian and bicycle safety program projects selected in the previous biennia (L2000188).

(b) $11,400,000 of the motor vehicle account—federal appropriation and $26,900,000 of the multimodal transportation account—state appropriation are provided solely for newly selected safe routes to school projects. $7,944,000 of the motor vehicle account—federal appropriation and $4,647,000 of the multimodal transportation account—state appropriation are reappropriated for safe routes to school projects selected in the previous biennia (L2000189). The department may consider the special situations facing high-need areas, as defined by schools or project areas in which the percentage of the children eligible to receive free and reduced-price meals under the national school lunch program is equal to, or greater than, the state average as determined by the department, when evaluating project proposals against established funding criteria while ensuring continued compliance with federal eligibility requirements.

(3) The department shall submit a report to the transportation committees of the legislature by December 1, 2021, and December 1, 2022, on the status of projects funded as part of the pedestrian safety/safe routes to school grant program. The report must include, but is not limited to, a list of projects selected and a brief description of each project's status. In its December 1, 2021, report the department must also include recommended changes to the pedestrian safety/safe routes to school grant program application and selection processes to increase utilization by a greater diversity of jurisdictions.

(4) $6,561,000 of the multimodal transportation account—state appropriation is provided solely for bicycle and pedestrian projects listed in the LEAP transportation document referenced in subsection (1) of this section.

(5) $10,097,000 of the connecting Washington account—state appropriation is provided solely for the Covington Connector (L2000104).

(6)(a) $12,500,000 of the motor vehicle account—federal appropriation is provided solely for national highway freight network projects identified on the project list submitted in accordance with section 218(4)(b), chapter 14, Laws of 2016 on October 31, 2016.

(b) $11,679,000 of the motor vehicle account—federal appropriation is for acceleration of local preservation projects that ensure the reliable movement of freight on the national highway freight system (G2000100). The department will identify projects through its current national highway system asset management call for projects with applications due in February 2021. The department shall give priority to those projects that can be obligated by September 30, 2021.

(7) $6,500,000 of the motor vehicle account—state appropriation designated for the Edmonds street waterfront connector project (L100177) in LEAP Transportation Document 2012-2 ALL PROJECTS as developed March 22, 2021, Program Local Programs Program (z) is redesignated and provided solely for the SR 99 revitalization in Edmonds project (NEDMOND).

NEW SECTION. Sec. 312. ANNUAL REPORTING REQUIREMENTS FOR CAPITAL PROGRAM

(1) As part of its annual budget submittal, the department of transportation shall provide an update to the report provided to the legislature in the prior fiscal year that: (a) Compares the original project cost estimates approved in the 2003, 2005, and 2015 revenue package project lists to the completed cost of the project, or the most recent legislatively approved budget and total project costs for projects not yet completed; (b) identifies highway projects that may be reduced in scope and still achieve a functional benefit; (c) identifies highway projects that have experienced scope increases and that can be reduced in scope; (d)
identifies highway projects that have lost significant local or regional contributions that were essential to completing the project; (e) identifies risk reserves and contingency amounts allocated to projects; and (f) lists the nickel, TPA, and connecting Washington projects charging to the Nickel/TPA/CWA Environmental Mitigation Reserve (OB4ENV) and the Nickel/TPA Projects Completed with Minor Ongoing Expenditures project (OB100B), and the amount each project is charging.

(2) As part of its annual budget submittal, the department of transportation shall provide: (a) An annual report on the number of toll credits the department has accumulated and how the department has used the toll credits, and (b) a status report on the projects funded using federal national highway freight program funds.

NEW SECTION. Sec. 313. QUARTERLY REPORTING REQUIREMENTS FOR CAPITAL PROGRAM

On a quarterly basis, the department of transportation shall provide to the office of financial management and the legislative transportation committees a report for all capital projects, except for ferry projects subject to the reporting requirements established elsewhere in this act, that must include: (1) A TEIS version containing actual capital expenditures for all projects consistent with the structure of the most recently enacted budget; (2) anticipated cost savings, cost increases, reappropriations, and schedule adjustments for all projects consistent with the structure of the most recently enacted budget; (3) the award amount, the engineer's estimate, and the number of bidders for all active projects consistent with the structure of the most recently enacted budget; (4) risk reserves and contingency amounts for all projects consistent with the structure of the most recently enacted budget.

NEW SECTION. Sec. 314. FEDERAL FUNDS RECEIVED FOR CAPITAL PROJECT EXPENDITURES

To the greatest extent practicable, the department of transportation shall expend federal funds received for capital project expenditures before state funds.

NEW SECTION. Sec. 315. NOTIFICATION REQUIREMENTS FOR PAUSES AND CANCELLATIONS

(1) The department shall notify the transportation committees of the legislature when it intends to pause for a significant length of time or not proceed with operating items or capital projects included as budget provisos or on project lists. When feasible, this notification shall be provided prior to the pause or cancellation and at least seven days in advance of any public announcement related to such a pause or cancellation.

(2) At the time of notification, the department shall provide an explanation for the reason or reasons for the pause or cancellation for each operating budget item and capital project. The explanation shall include specific reasons for each pause or cancellation, in addition to a statement of the broad rationale for the pause or cancellation.

(3) When feasible, the department shall make best efforts to keep the transportation committees of the legislature informed of an evaluation process underway for selecting operating budget items and capital projects to be paused or cancelled, providing updates as its selection efforts proceed.

(4) When exigent circumstances prevent prior notice of a pause or cancellation from being provided to the transportation committees of the legislature, the department shall provide the information required under this section to the transportation committees of the legislature as soon as is practicable.

NEW SECTION. Sec. 501. COLLECTIVE BARGAINING AGREEMENTS NOT IMPAIRED

Nothing in this act prohibits the expenditure of any funds by an agency or institution of the state for benefits guaranteed by any
collective bargaining agreement in effect on the effective date of this section.

NEW SECTION. Sec. 502. COLLECTIVE BARGAINING AGREEMENTS

Sections 503 through 520 of this act represent the results of the 2021-2023 collective bargaining process required under chapters 41.80, 47.64, and 41.56 RCW. Provisions of the collective bargaining agreements contained in sections 503 through 520 of this act are described in general terms. Only major economic terms are included in the descriptions. These descriptions do not contain the complete contents of the agreements. The collective bargaining agreements contained in sections 503 through 520 of this act may also be funded by expenditures from nonappropriated accounts. If positions are funded with lidded grants or dedicated fund sources with insufficient revenue, additional funding from other sources is not provided.

NEW SECTION. Sec. 503. DEPARTMENT OF TRANSPORTATION MARINE DIVISION COLLECTIVE BARGAINING AGREEMENTS—OPEIU

An agreement has been reached between the governor and the office and professional employees international union local eight (OPEIU) pursuant to chapter 47.64 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include wage increases but does include furloughs. The agreement provides that positions designated by the employer as not requiring backfill take 24 furlough days during the biennium.

NEW SECTION. Sec. 504. DEPARTMENT OF TRANSPORTATION MARINE DIVISION COLLECTIVE BARGAINING AGREEMENTS—FASPA

An agreement has been reached between the governor and the ferry agents, supervisors, and project administrators association pursuant to chapter 47.64 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include wage increases but does include furloughs. The agreement provides that positions designated by the employer as not requiring backfill take 24 furlough days during the biennium.

NEW SECTION. Sec. 505. DEPARTMENT OF TRANSPORTATION MARINE DIVISION COLLECTIVE BARGAINING AGREEMENTS—SEIU LOCAL 6

An agreement has been reached between the governor and the service employees international union local 6 pursuant to chapter 47.64 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include wage increases but does include furloughs. The agreement provides that positions designated by the employer as not requiring backfill take 24 furlough days during the biennium.

NEW SECTION. Sec. 506. DEPARTMENT OF TRANSPORTATION MARINE DIVISION COLLECTIVE BARGAINING AGREEMENTS—CARPENTERS

An agreement has been reached between the governor and the Pacific Northwest regional council of carpenters pursuant to chapter 47.64 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include wage increases but does include furloughs. The agreement provides that positions designated by the employer as not requiring backfill take 24 furlough days during the biennium.

NEW SECTION. Sec. 507. DEPARTMENT OF TRANSPORTATION MARINE DIVISION COLLECTIVE BARGAINING AGREEMENTS—METAL TRADING

An agreement has been reached between the governor and the Puget Sound metal trades council through an interest arbitration award pursuant to chapter 47.64 RCW for the 2021-2023 fiscal biennium. The arbitration award imposed and funding is provided to implement a 1.9% general wage decrease from July 1, 2021, through June 30, 2022, and exempted these employees from the furlough requirement.
fiscal biennium. Funding is provided to fund the agreement, which does not include wage increases, but does include 24 furlough days for employees in positions that do not require the position to be backfilled.

NEW SECTION. Sec. 515. COLLECTIVE BARGAINING AGREEMENT—WFSE
An agreement has been reached between the governor and the Washington federation of state employees under the provisions of chapter 41.80 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include wage increases, but does include 24 furlough days for employees in position that do not require the position to be backfilled.

NEW SECTION. Sec. 516. COLLECTIVE BARGAINING AGREEMENT—PTE LOCAL 17
An agreement has been reached between the governor and the professional and technical employees local 17 under the provisions of chapter 41.80 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include wage increases, but does include 24 furlough days for employees in position that do not require the position to be backfilled.

NEW SECTION. Sec. 517. COLLECTIVE BARGAINING AGREEMENT—WPEA
An agreement has not been reached between the governor and the Washington public employees association under the provisions of chapter 41.80 RCW for the 2021-2023 fiscal biennium. Pursuant to RCW 41.80.010(6), funding is provided for fiscal year 2022 to fund the terms of the 2019-2021 agreement and for fiscal year 2023 to fund the terms according to law.

NEW SECTION. Sec. 518. COLLECTIVE BARGAINING AGREEMENT—COALITION OF UNIONS
An agreement has been reached for the 2019-2021 biennium between the governor and the coalition of unions under the provisions of chapter 41.80 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which includes 24 furlough days for employees in position that do not require the position to be backfilled. The agreement includes and funding is provided for a 2.5 percent wage increase for fiscal year 2022 and a 2.5 percent wage increase for fiscal year 2023 for the department of corrections marine vessel operators.

NEW SECTION. Sec. 519. COLLECTIVE BARGAINING AGREEMENT—WSP TROOPERS ASSOCIATION
An agreement has been reached between the governor and the Washington state patrol troopers association under the provisions of chapter 41.56 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include general wages increases but does provide the ability to request to reopen the compensation article for the purpose of bargaining base rate of pay for fiscal year 2023.

NEW SECTION. Sec. 520. COLLECTIVE BARGAINING AGREEMENT—WSP lieutenants and captains association
An agreement has been reached between the governor and the Washington state patrol lieutenants and captains association under the provisions of chapter 41.56 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include general wages increases but does provide the ability to request to reopen the compensation article for the purpose of bargaining base rate of pay for fiscal year 2023.

NEW SECTION. Sec. 521. COMPENSATION—REPRESENTED EMPLOYEES—HEALTH CARE—COALITION—INSURANCE BENEFITS
An agreement was reached for the 2021-2023 biennium between the governor and the health care coalition under the provisions of chapter 41.80 RCW. Appropriations in this act for state agencies, including institutions of higher education, are sufficient to implement the provisions of the 2021-2023 collective bargaining agreement, which maintains the provisions of the 2019-2021 agreement, and are subject to the following conditions and limitations:

The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed $988 per eligible employee for fiscal year 2022. For fiscal year 2023, the monthly employer funding rate shall not exceed $1018 per eligible employee.

The board shall collect a $25 per month surcharge payment from members who use tobacco products and a surcharge payment of not less than $50 per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than 95 percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment if directed by the legislature.

NEW SECTION. Sec. 522. COMPENSATION—NONREPRESENTED EMPLOYEES—INSURANCE BENEFITS
Appropriations for state agencies in this act are sufficient for nonrepresented state employee health benefits for state agencies, including institutions of higher education, and are subject to the following conditions and limitations: The employer monthly funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, may not exceed $988 per eligible employee for fiscal year 2022. For fiscal year 2023, the monthly employer funding rate may not exceed $1018 per eligible employee.

NEW SECTION. Sec. 523. COMPENSATION—REVISE PENSION CONTRIBUTION RATES
The appropriations in this act for school districts and state agencies, including institutions of higher education, are subject to the following conditions and limitations: Appropriations are adjusted to reflect changes to agency appropriations to reflect pension contribution rates adopted by the pension funding council and the law enforcement officers' and firefighters' retirement system plan 2 board.

NEW SECTION. Sec. 525. JUNETEENTH HOLIDAY
Funding is provided within the amounts appropriated for the cost to agencies of additional staff necessary to provide coverage in positions that require continual presence, as a result of implementing chapter . . . (House Bill No. 1016), Laws of 2021 (making Juneteenth a legal holiday). If chapter . . . (House Bill No. 1016), Laws of 2021 is not enacted by June 30, 2021, this section does not take effect.

NEW SECTION. Sec. 526. COLLECTIVE BARGAINING AGREEMENTS—ELIMINATING FURLough DAYS
Appropriations in this act provide sufficient funding to eliminate the furlough days required in the following collective bargaining agreements for the 2021-2023 biennium:

(1) Office and professional employees international union local 8;
(2) Ferry agents, supervisors, and project administrators association;
(3) Service employees international union local 6;
(4) Pacific Northwest regional council of carpenters;
(5) Marine engineers' beneficial association port engineers;
(6) Masters, mates, and pilots - watch center supervisors;
(7) Inlandboatmen's union of the Pacific;
(8) Washington public employees association general government;
(9) Washington federation of state employees;
(10) Professional and technical employees local 17; and
(11) The coalition of unions.

Expenditure of the amounts provided for this purpose is contingent upon execution of an appropriate memorandum of understanding between the governor or the governor's designee and the exclusive bargaining representative, consistent with the terms of this section.

NEW SECTION. Sec. 527. COLLECTIVE BARGAINING AGREEMENTS—ELIMINATING GENERAL WAGE DECREASE

Appropriations in this act provide sufficient funding solely for the purpose of eliminating the 1.9 percent wage reduction from July 1, 2021, to June 30, 2022, provided in the arbitration award for the Puget Sound metal trades council. Expenditure of the amounts provided for this purpose is contingent upon execution of an appropriate modification of the agreement between the governor or the governor's designee and the exclusive bargaining representative, consistent with the terms of this section.

NEW SECTION. Sec. 528. FORGONE GENERAL WAGE INCREASES

Appropriations in this act for state agencies, including institutions of higher education, are sufficient to provide a three percent or two percent general wage increase, effective July 1, 2021, for employees that were scheduled to receive a general wage increase of either of those amounts on July 1, 2020, that was forgone due to COVID-19 emergency.

IMPLEMENTING PROVISIONS

NEW SECTION. Sec. 601. FUND TRANSFERS

(1) The 2005 transportation partnership projects or improvements and 2015 connecting Washington projects or improvements are listed in the LEAP Transportation Document 2021-1 as developed March 22, 2021, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the out year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this subsection. For the 2019-2021 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers to a project may not occur if that project is a programmatic funding item described in broad general terms on the applicable project list without referencing a specific state route number;

(f) Transfers may not be made while the legislature is in session;

(g) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(h) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature;

(i) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount to a single project does not exceed two hundred fifty thousand dollars or ten percent of the total project per biennium, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees;

(j) Transfers may only be made in fiscal year 2023;

(k) The total amount of transfers to projects in fiscal year 2023 may not exceed $50,000,000; and

(l) The total amount transferred to a single project may not exceed $20,000,000.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section, including any effects to the total project budgets and schedules beyond the current biennium.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the chairs and ranking members of the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner and address any concerns raised by the chairs and ranking members of the transportation committees.

(5) No fewer than ten days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

(6) The department must submit annually as part of its budget submittal a report detailing all transfers made pursuant to this section, including any effects to the total project budgets and schedules beyond the current biennium.

NEW SECTION. Sec. 602. BOND REIMBURSEMENT

To the extent that any appropriation authorizes expenditures of state funds from the motor vehicle account, special category C account, Tacoma Narrows toll bridge account, transportation 2003 account (nickel account), transportation partnership
account, transportation improvement account, Puget Sound capital construction account, multimodal transportation account, state route number 520 corridor account, connecting Washington account, or other transportation capital project account in the state treasury for a state transportation program that is specified to be funded with proceeds from the sale of bonds authorized in chapter 47.10 RCW, the legislature declares that any such expenditures made before the issue date of the applicable transportation bonds for that state transportation program are intended to be reimbursed from proceeds of those transportation bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. Sec. 603. BELATED CLAIMS
The agencies and institutions of the state may expend moneys appropriated in this act, upon approval of the office of financial management, for the payment of supplies and services furnished to the agency or institution in prior fiscal biennia.

NEW SECTION. Sec. 604. REAPPROPRIATIONS REPORTING
(1) As part of its 2020 supplemental budget submittal, the department of transportation shall provide a report to the legislature and the office of financial management that:
(a) Identifies, by capital project, the amount of state funding that has been reappropriated from the 2017-2019 fiscal biennium into the 2019-2021 fiscal biennium; and
(b) Identifies, for each project, the amount of cost savings or increases in funding that have been identified as compared to the 2017 enacted omnibus transportation appropriations act.
(2) As part of the agency request for capital programs, the department shall load reappropriations separately from funds that were assumed to be required for the 2019-2021 fiscal biennium into budgeting systems.

NEW SECTION. Sec. 605. WEB SITE REPORTING REQUIREMENTS
(1) The department of transportation shall post on its web site every report that is due from the department to the legislature during the 2019-2021 fiscal biennium on one web page. The department must post both completed reports and planned reports on a single web page.
(2) The department shall provide a web link for each change order that is more than five hundred thousand dollars on the affected project web page.

NEW SECTION. Sec. 606. TRANSIT, BICYCLE, AND PEDESTRIAN ELEMENTS REPORTING
(1) By November 15th of each year, the department of transportation must report on amounts expended to benefit transit, bicycle, or pedestrian elements within all connecting Washington projects in programs I, P, and Z identified in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021. The report must address each modal category separately and identify if eighteenth amendment protected funds have been used and, if not, the source of funding.
(2) To facilitate the report in subsection (1) of this section, the department of transportation must require that all bids on connecting Washington projects include an estimate on the cost to implement any transit, bicycle, or pedestrian project elements.

NEW SECTION. Sec. 607. PROJECT SCOPE CHANGES
(1) During the 2021-2023 fiscal biennium, while the legislature is not in session, the director of the office of financial management may approve project scope change requests to connecting Washington projects in the highway improvements program, provided that the requests meet the criteria outlined in RCW 47.01.480 and are subject to the limitations in this section.
(2) At the time the department of transportation submits a request for a project scope change under this section, a copy of the request must be submitted to the transportation committees of the legislature.
(3) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested project scope changes.
(4) No fewer than ten days after the receipt of a scope change request, the director of the office of financial management must provide written notification to the department of any decision regarding project scope changes, with copies submitted to the transportation committees of the legislature.
(5) As part of its annual budget submittal, the department of transportation must report on all approved scope change requests from the prior year, including a comparison of the scope before and after the requested change.

NEW SECTION. Sec. 608. TOLL CREDITS
The department of transportation may provide up to three million dollars in toll credits to Kitsap transit for its role in passenger-only ferry service and ferry corridor-related projects. The number of toll credits provided must be equal to, but no more than, the number sufficient to meet federal match requirements for grant funding for passenger-only ferry service, but must not exceed the amount authorized in this section.

MISCELLANEOUS 2021-2023 FISCAL BIENNIAL

TECHNOLOGY OVERSIGHT
(1) Agencies must apply to the office of financial management and the office of the state chief information officer for approval before beginning a project or proceeding with each discrete stage of a project subject to this section. At each stage, the office of the state chief information officer must certify that the project has an approved technology budget and investment plan, complies with state information technology and security requirements, and other policies defined by the office of the state chief information officer. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.
(2)(a) Each project must have a technology budget. The technology budget must have the detail by fiscal month for the 2021-2023 fiscal biennium. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out, as well as at least five years of maintenance and operations costs.
(b) As part of the development of a technology budget and at each request for funding, the agency shall submit an updated technology budget, if changes occurred, to include detailed financial information to the office of financial management and the office of the chief information officer. The technology budget must describe the total cost of the project by fiscal month to include and identify:
(i) Fund sources;
(ii) Full-time equivalent staffing level to include job classification assumptions;
(iii) Discrete financial budget codes to include at least the appropriation index and program index;
(iv) Object and subobject codes of expenditures;
(v) Anticipated deliverables;
(vi) Historical budget and expenditure detail by fiscal year; and
(vii) Maintenance and operations costs by fiscal year for at least five years as a separate worksheet
(c) If a project technology budget changes and a revised technology budget is completed, a comparison of the revised technology budget to the last approved technology budget must
be posted to the dashboard, to include a narrative rationale on what changed, why, and how that impacts the project in scope, budget, and schedule.

(3)(a) Each project must have an investment plan that includes:
   (i) An organizational chart of the project management team that identifies team members and their roles and responsibilities;
   (ii) The office of the chief information officer staff assigned to the project;
   (iii) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;
   (iv) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;
   (v) Ongoing maintenance and operations cost of the project post implementation and close out delineated by agency staffing, contracted staffing, and service level agreements; and
   (vi) Financial budget coding to include at least discrete financial coding for the project.

(4) Projects with estimated costs greater than one hundred million dollars from initiation to completion and implementation may be divided into discrete subprojects as determined by the office of the chief information officer. Each subproject must have a technology budget and investment plan as provided in this section.

(5)(a) The office of the state chief information officer shall maintain an information technology project dashboard that provides updated information each fiscal month on projects subject to this section. This includes, at least:
   (i) Project changes each fiscal month;
   (ii) Noting if the project has a completed market requirements document, and when it was completed;
   (iii) Financial status of information technology projects under oversight;
   (iv) Coordination with agencies;
   (v) Monthly quality assurance reports, if applicable;
   (vi) Monthly office of the chief information officer status reports;
   (vii) Historical project budget and expenditures through fiscal year 2021;
   (viii) Budget and expenditures each fiscal month;
   (ix) Estimated annual maintenance and operations costs by fiscal year; and
   (x) Posting monthly project status assessments on scope, schedule, budget, and overall by the:
      (A) Office of the chief information officer;
      (B) Agency project team; and
      (C) Quality assurance vendor, if applicable to the project.

(b) The office of the chief information officer must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;

(e) The technology budget must specifically identify the uses of any financing proceeds. No more than thirty percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;

(d) The agency must consult with the office of the state treasurer during the competitive procurement process to evaluate early in the process whether products and services to be solicited and the responsive bids from a solicitation may be financed; and

(e) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts and agreements related to the project's information technology procurements.

(8) The office of the chief information officer must evaluate the project at each stage and certify whether the project is planned, managed, and meeting deliverable targets as defined in the project's approved technology budget and investment plan.

(9) The office of the chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management. The office of the chief information officer must report on July 1st and December 1st each calendar year any suspension or termination of a project in the previous six-month period to the legislative fiscal committees.

(10) The office of the chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. The office of the chief information officer must report on July 1st and December 1st each calendar year any additional projects to be subjected to this section that were identified in the previous six-month period to the legislative fiscal committees.

(11) The following transportation projects are subject to the conditions, limitations, and review provided in this section:

(a) For the Washington state patrol: Aerial criminal investigation tools;

(b) For the department of licensing: Website accessibility and usability; and

(c) For the department of transportation: Maintenance management system, land mobile radio system replacement, new CSC system and operator, PROPEL – WSDOT support of one Washington, and capital systems replacement.

NEW SECTION. Sec. 702. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS

The department of transportation is authorized, subject to the conditions in section 305(2) of this act, to enter into a financing contract pursuant to chapter 39.94 RCW through the state treasurer's lease-purchase program for the purposes indicated. The department may use any funds, appropriated or nonappropriated, in not more than the principal amounts indicated, plus financing expenses and required reserves, if any. Expenditures made by the department of transportation for the indicated purposes before the issue date of the authorized financing contract and any certificates of participation therein may be reimbursed from proceeds of the financing contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.
Sec. 703. RCW 43.19.642 and 2019 c 416 s 703 are each amended to read as follows:

(1) Effective June 1, 2006, for agencies complying with the ultra-low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives. The amount of biodiesel added to the ultra-low sulfur diesel fuel shall not be less than two percent.

(2) Except as provided in subsection (5) of this section, effective June 1, 2009, state agencies are required to use a minimum of twenty percent biodiesel as compared to total volume of all diesel purchases made by the agencies for the operation of the agencies' diesel-powered vessels, vehicles, and construction equipment.

(3) All state agencies using biodiesel fuel shall, beginning on July 1, 2016, file annual reports with the department of enterprise services documenting the use of the fuel and a description of how any problems encountered were resolved.

(4) By December 1, 2009, the department of enterprise services shall:

(a) Report to the legislature on the average true price differential for biodiesel by blend and location; and
(b) Examine alternative fuel procurement methods that work to address potential market barriers for in-state biodiesel producers and report these findings to the legislature.

(5) During the (2017-2019 and) 2019-2021 and 2021-2023 fiscal biennia, the Washington state ferries is required to use a minimum of ((five)) 10 percent biodiesel as compared to total volume of all diesel purchases made by the Washington state ferries for the operation of the Washington state ferries diesel-powered vessels, as long as the price of a ((B5 or)) B10 biodiesel blend does not exceed the price of conventional diesel fuel by five percent or more.

Sec. 704. RCW 46.20.745 and 2019 c 416 s 704 are each amended to read as follows:

(1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, removing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under RCW 46.20.385, 46.20.720, and 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, “indigent” has the same meaning as in RCW 10.101.010, as determined by the department. During the ((2019-2021)) 2019-2021 and 2021-2023 fiscal (biennium) biennia, the ignition interlock device revolving account program also includes ignition interlock enforcement work conducted by the Washington state patrol.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washington, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:

(a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;
(b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and
(c) Identify ways to track compliance and reduce noncompliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver's license under RCW 46.20.385 and 46.20.720.

Sec. 705. RCW 47.66.120 and 2019 c 287 s 18 are each amended to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose through the 2023-2025 biennium, the department's public transportation division shall establish a green transportation capital grant program. The purpose of the grant program is to aid any transit authority in funding cost-effective capital projects to reduce the carbon intensity of the Washington transportation system, examples of which include: Electrification of vehicle fleets, including battery and fuel cell electric vehicles; modification or replacement of capital facilities in order to facilitate fleet electrification and/or hydrogen refueling; necessary upgrades to electrical transmission and distribution systems; and construction of charging and fueling stations. The department's public transportation division shall identify projects and shall submit a prioritized list of all projects requesting funding to the legislature by December 1st of each even-numbered year.

(b) The department's public transportation division shall select projects based on a competitive process that considers the following criteria:

(i) The cost-effectiveness of the reductions in carbon emissions provided by the project; and
(ii) The benefit provided to transitioning the entire state to a transportation system with lower carbon intensity.

(2) The department's public transportation division must establish an advisory committee to assist in identifying projects under subsection (1) of this section. The advisory committee must include representatives from the department of ecology, the department of commerce, the utilities and transportation commission, and at least one transit authority.

(3) In order to receive green transportation capital grant program funding for a project, a transit authority must provide matching funding for that project that is at least equal to twenty percent of the total cost of the project.

(4) The department's public transportation division must report annually to the transportation committees of the legislature on the status of any grant projects funded by the program created under this section.

(5) For purposes of this section, "transit authority" means a city transit system under RCW 35.58.2721 or chapter 35.95A RCW, a county public transportation authority under chapter 36.57 RCW, a metropolitan municipal corporation transit system under chapter 36.56 RCW, a public transportation benefit area under chapter 36.57A RCW, an unincorporated transportation benefit area under RCW 36.57.100, a regional transit authority under chapter 81.112 RCW, or any special purpose district formed to provide public transportation services documenting the use of the fuel and a description of how any problems encountered were resolved.

(6) During the 2021-2023 fiscal biennium, the department may provide green transportation capital grant program funding for zero emissions capital transition planning projects.

Sec. 706. RCW 46.68.063 and 2019 c 416 s 712 are each amended to read as follows:

The department of licensing technology improvement and data management account is created in the highway safety fund. All receipts from fees collected under RCW 46.12.630(5) must be
The license plate technology account is created in the state treasury. All receipts collected under RCW 46.17.015 must be deposited into this account. Expenditures from this account must support current and future license plate technology and systems integration upgrades for both the department and correctional industries. Moneys in the account may be spent only after appropriation. Additionally, the moneys in this account may be used to reimburse the motor vehicle ((account [fund])) fund for any appropriation made to implement the digital license plate system. During the 2011-2013 and 2013-2015 fiscal biennia, the legislature may transfer from the license plate technology account to the highway safety ((account [fund])) fund such amounts as reflect the excess fund balance of the license plate technology account. During the 2019-2021 ((biennium)) and 2021-2023 biennia, the account may also be used for the maintenance of recently modernized information technology systems for vehicle registrations.

The freight mobility investment account is hereby created in the state treasury. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for freight mobility projects that have been approved by the freight mobility strategic investment board in RCW 47.06A.020 for freight mobility projects that have been approved by the freight mobility strategic investment board or for the projects or improvements. During the ((2019-2021)) 2021-2023 fiscal biennium, the expenditures from the account may also be used for the administrative expenses of the freight mobility strategic investment board.

NEW SECTION. Sec. 709. (1) The agency financial transaction account is created in the state treasury. Designated receipts from cost-recovery charges for credit card and other financial transaction fees pursuant to this act must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for paying credit card and financial transaction fees, and other related costs incurred by state agencies.

(2) This section expires June 30, 2023.

Sec. 710. RCW 47.12.370 and 2003 c 187 s 713 are each amended to read as follows:

The department to enforce the terms of the exchange agreement or quitclaim deed in state court; and

Sec. 711. RCW 47.60.530 and 2017 c 313 s 714 are each amended to read as follows:

(1) The Puget Sound ferry operations account is created in the motor vehicle fund.

(2) The following funds must be deposited into the account:

(a) All moneys directed by law;

(b) All revenues generated from ferry fares; and

(c) All revenues generated from commercial advertising, concessions, parking, and leases as allowed under RCW 47.60.140.

(3) Moneys in the account may be spent only after appropriation.

(4) Expenditures from the account may be used only for the maintenance, administration, and operation of the Washington state ferry system.

(5) During the 2015-2017 fiscal biennium, the legislature may transfer from the Puget Sound ferry operations account to the connecting Washington account such amounts as reflect the excess fund balance of the Puget Sound ferry operations account.

(6) During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the Puget Sound ferry operations account to the connecting Washington account.

(7) During the 2021-23 fiscal biennium, the legislature may transfer from the Puget Sound ferry operations account to the Puget Sound capital construction account such amounts as reflect the excess fund balance of the Puget Sound ferry operations account.

Sec. 712. RCW 47.60.315 and 2019 c 431 s 3 are each amended to read as follows:

(1) The commission shall adopt fares and pricing policies by rule, under chapter 34.05 RCW, according to the following schedule:

(a) Each year the department shall provide the commission a report of its review of fares and pricing policies, with recommendations for the revision of fares and pricing policies for the ensuing year;

(b) By September 1st of each year, beginning in 2008, the commission shall adopt by rule fares and pricing policies for the ensuing year.

(2) The commission may adopt by rule fares that are effective for more or less than one year for the purposes of transitioning to the fare schedule in subsection (1) of this section.

(3) The commission may increase ferry fares included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(4) The chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the
commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities.

(5) ((Fare)) Except for the 2021-2023 fiscal biennium, fare revenues and other revenues deposited in the Puget Sound ferry operations account created in RCW 47.60.530 may not be used to support the Puget Sound capital construction account created in RCW 47.60.505, unless the support for capital is separately identified in the fare.

(6) The commission may not raise fares until the fare rules contain pricing policies developed under RCW 47.60.290, or September 1, 2009, whichever is later.

(7) The commission shall impose a vessel replacement surcharge of twenty-five cents on every one-way and round-trip ferry fare sold, including multiride and monthly pass fares. This surcharge must be clearly indicated to ferry passengers and drivers and, if possible, on the fare media itself.

(8) Except as provided in subsection (10) of this section, beginning May 1, 2020, the commission shall impose an additional vessel replacement surcharge in an amount sufficient to fund twenty-five year debt service on one 144-auto hybrid vessel taking into account funds provided in chapter 417, Laws of 2019 or chapter ... (SSB 5419), Laws of 2019. The department of transportation shall provide to the commission vessel and debt service cost estimates. Information on vessels constructed or purchased with revenue from the surcharges must be publicly posted including, but not limited to, the commission web site.

(9) The vessel replacement surcharges imposed in this section may only be used for the construction or purchase of ferry vessels and to pay the principal and interest on bonds authorized for the construction or purchase of new ferry vessels.

(10) The commission shall not impose the additional vessel replacement surcharge in subsection (8) of this section if doing so would increase fares by more than ten percent.

Sec. 713. RCW 34.05.350 and 2011 1st sp.s. c 2 s 1 are each amended to read as follows:

(1) If an agency for good cause finds:

(a) That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest;

(b) That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule; or

(c) In order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, or in an omnibus transportation appropriations act for the 2021-2023 biennium related to setting toll rates, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency,

the agency may dispense with those requirements and adopt, amend, or repeal the rule on an emergency basis. The agency’s finding and a concise statement of the reasons for its finding shall be incorporated in the order for adoption of the emergency rule or amendment filed with the office of the code reviser under RCW 34.05.380 and with the rules review committee.

(2) An emergency rule adopted under this section takes effect upon filing with the code reviser, unless a later date is specified in the order of adoption, and may not remain in effect for longer than one hundred twenty days after filing. Identical or substantially similar emergency rules may not be adopted in sequence unless conditions have changed or the agency has filed notice of its intent to adopt the rule as a permanent rule, and is actively undertaking the appropriate procedures to adopt the rule as a permanent rule. This section does not relieve any agency from compliance with any law requiring that its permanent rules be approved by designated persons or bodies before they become effective.

(3) Within seven days after the rule is adopted, any person may petition the governor requesting the immediate repeal of a rule adopted on an emergency basis by any department listed in RCW 43.17.010. Within seven days after submission of the petition, the governor shall either deny the petition in writing, stating his or her reasons for the denial, or order the immediate repeal of the rule. In ruling on the petition, the governor shall consider only whether the conditions in subsection (1) of this section were met such that adoption of the rule on an emergency basis was necessary. If the governor orders the repeal of the emergency rule, any sanction imposed based on that rule is void. This subsection shall not be construed to prohibit adoption of any rule as a permanent rule.

Sec. 714. RCW 46.68.060 and 2019 c 416 s 705 are each amended to read as follows:

There is hereby created in the state treasury a fund to be known as the highway safety fund to the credit of which must be deposited all moneys directed by law to be deposited therein. This fund must be used for carrying out the provisions of law relating to driver licensing, driver improvement, financial responsibility, cost of furnishing abstracts of driving records and maintaining such case records, and to carry out the purposes set forth in RCW 43.59.010, and chapters 46.72 and 46.72A RCW. During the 2013-2015 and 2015-2017 fiscal biennia, the legislature may transfer from the highway safety fund to the Puget Sound ferry operations account, the motor vehicle fund, and the multimodal transportation account such amounts as reflect the excess fund balance of the highway safety fund. During the ((2017-2019 and the)) 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the highway safety fund to the multimodal transportation account.

Sec. 715. RCW 46.68.325 and 2019 c 416 s 708 are each amended to read as follows:

(1) The rural mobility grant program account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the grants provided under RCW 47.66.100.

(2) Beginning September 1, 2011, by the last day of September, December, March, and June of each year, the state treasurer shall transfer from the multimodal transportation account to the rural mobility grant program account two million five hundred thousand dollars.

(3) The legislature may transfer from the rural mobility grant program account to the multimodal transportation account such amounts as reflect the excess fund balance of the rural mobility grant program account.

(4) During the ((2017-2019 and the)) 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the rural mobility grant program account to the multimodal transportation account.

Sec. 716. RCW 47.56.876 and 2019 c 416 s 710 are each amended to read as follows:

A special account to be known as the state route number 520 civil penalties account is created in the state treasury. All state route number 520 bridge replacement and HOV program civil penalties generated from the nonpayment of tolls on the state route number 520 corridor must be deposited into the account, as provided under RCW 47.56.870(4)(b)(viii). Moneys in the account may be spent only after appropriation. Expenditures from the account may be used to fund any project within the state route
number 520 bridge replacement and HOV program, including mitigation. During the 2013-2015 and 2015-2017 fiscal biennia, the legislature may transfer from the state route number 520 civil penalties account to the state route number 520 corridor account such amounts as reflect the excess fund balance of the state route number 520 civil penalties account. Funds transferred must be used solely for capital expenditures for the state route number 520 bridge replacement and HOV project. During the 2017-2019 and the 2019-2021 and the 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the state route number 520 civil penalties account to the state route number 520 corridor account.

Sec. 717. RCW 47.60.322 and 2019 c 416 s 716 are each amended to read as follows:

(1) The capital vessel replacement account is created in the motor vehicle fund. All revenues generated from the vessel replacement surcharge under RCW 47.60.315(7) and service fees collected by the department of licensing or county auditor or other agent appointed by the director under RCW 46.17.040, 46.17.050, and 46.17.060 must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the construction or purchase of ferry vessels and to pay the principal and interest on bonds authorized for the construction or purchase of ferry vessels. However, expenditures from the account must first be used to support the construction or purchase, including any applicable financing costs, of a ferry vessel with a carrying capacity of at least one hundred forty-four.

(2) The state treasurer may transfer moneys from the capital vessel replacement account to the transportation 2003 account (nickel account) for debt service on bonds issued for the construction of 144-car class ferry vessels.

(3) The legislature may transfer from the capital vessel replacement account to the connecting Washington account created under RCW 46.68.395 such amounts as reflect the excess fund balance of the capital vessel replacement account to be used for ferry terminal construction and preservation.

(4) During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the capital vessel replacement account to the transportation partnership account.

Sec. 718. RCW 46.68.395 and 2020 c 219 s 707 are each amended to read as follows:

(1) The connecting Washington account is created in the motor vehicle fund. Moneys in the account may be spent only after appropriation. Expenditures from the account must be used only for projects or improvements identified as connecting Washington projects or improvements in a transportation appropriations act, including any principal and interest on bonds authorized for the projects or improvements.

(2) Moneys in the connecting Washington account may not be expended on the state route number 99 Alaskan Way viaduct replacement project.

(3) During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the connecting Washington account to the motor vehicle fund.

2019-2021 FISCAL BIENNIIUM

GENERAL GOVERNMENT AGENCIES—OPERATING

Sec. 801. 2019 c 416 s 101 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF ARCHAEOLOGY AND HISTORIC PRESERVATION

Motor Vehicle Account—State Appropriation ........................................... ($545,000)

$536,000

Sec. 802. 2020 c 219 s 101 (uncodified) is amended to read as follows:

FOR THE OFFICE OF FINANCIAL MANAGEMENT

Motor Vehicle Account—State Appropriation ........................................... ($1,419,000)

$1,388,000

Multimodal Transportation Account—State Appropriation ........................................... $300,000

Puget Sound Ferry Operations Account—State Appropriation ........................................... $121,000

TOTAL APPROPRIATION ........................................... ($1,840,000)

$1,809,000

The appropriations in this section are subject to the following conditions and limitations: $300,000 of the multimodal transportation account—state appropriation is provided solely for the office of financial management, in direct coordination with the office of state treasurer, to evaluate, coordinate, and assist in efforts by state agencies in developing cost recovery mechanisms for credit card and other financial transactions currently paid from state funds. This may include disbursing interagency reimbursements for the implementation costs incurred by the affected agencies. As part of the first phase of this effort, the office of financial management, with the assistance of relevant agencies, must develop implementation plans and take all necessary steps to ensure that the actual cost-recovery mechanisms will be in place by January 1, 2020, for the vehicles and drivers programs of the department of licensing. By November 1, 2019, the office of financial management must provide a report to the joint transportation committee on the phase 1 implementation plan and options to expand similar cost recovery mechanisms to other state agencies and programs, including the ferries division.

Sec. 803. 2019 c 416 s 106 (uncodified) is amended to read as follows:

FOR THE LEGISLATIVE EVALUATION AND ACCOUNTABILITY PROGRAM COMMITTEE

Motor Vehicle Account—State Appropriation ........................................... ($582,000)

$647,000

TRANSPORTATION AGENCIES—OPERATING

Sec. 901. 2020 c 219 s 201 (uncodified) is amended to read as follows:

FOR THE WASHINGTON TRAFFIC SAFETY COMMISSION

Highway Safety Account—State Appropriation ........................................... ($4,675,000)

$4,647,000

Highway Safety Account—Federal Appropriation ........................................... ($27,051,000)

$26,943,000

Highway Safety Account—Private/Local Appropriation ........................................... $118,000

School Zone Safety Account—State Appropriation ........................................... $850,000

TOTAL APPROPRIATION ........................................... ($32,694,000)

$32,598,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $150,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 54, Laws of 2019 (Cooper Jones Active Transportation Safety Council). If chapter 54, Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(2) The Washington traffic safety commission may oversee a pilot program in up to three cities implementing the use of automated vehicle noise enforcement cameras in zones that have been designated by ordinance as "Stay Out of Areas of Racing."
(a) Any programs authorized by the commission must be authorized by December 31, (2020) 2022.  
(b) If a city has established an authorized automated vehicle noise enforcement camera pilot program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based upon the value of the equipment and services provided or rendered in support of the system.  
(c) Any city administering a pilot program overseen by the traffic safety commission shall use the following guidelines to administer the program:  

(i) Automated vehicle noise enforcement camera may record photographs or audio of the vehicle and vehicle license plate only while a violation is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;  
(ii) The law enforcement agency of the city or county government shall install two signs facing opposite directions within two hundred feet, or otherwise consistent with the uniform manual on traffic control devices, where the automated vehicle noise enforcement camera is used that state “Street Racing Noise Enforcement Program in Progress”;  
(iii) Cities testing the use of automated vehicle noise enforcement cameras must post information on the city’s web site and notify local media outlets indicating the zones in which the automated vehicle noise enforcement cameras will be used;  
(iv) A city may only issue a warning notice with no penalty for a violation detected by automated vehicle noise enforcement cameras in a Stay Out of Areas of Racing zone. Warning notices must be mailed to the registered owner of a vehicle within fourteen days of the detected violation;  
(v) A violation detected through the use of automated vehicle noise enforcement cameras is not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120;  

Notwithstanding any other provision of law, all photographs, videos, microphotographs, audio recordings, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding. No photograph, microphotograph, audio recording, or electronic image may be used for any purpose other than the issuance of warnings for violations under this section or retained longer than necessary to issue a warning notice as required under this subsection (2); and  

By June 30, 2021, the participating cities shall provide a report to the commission and appropriate committees of the legislature regarding the use, public acceptance, outcomes, warnings issued, data retention and use, and other relevant issues regarding automated vehicle noise enforcement cameras demonstrated by the pilot projects.  
(3) The Washington traffic safety commission may oversee a demonstration project in one county, coordinating with a public transportation benefit area (PTBA) and the department of transportation, to test the feasibility and accuracy of the use of automated enforcement technology for high occupancy vehicle (HOV) lane passenger compliance. All costs associated with the demonstration project must be borne by the participating public transportation benefit area. Any photograph, microphotograph, or electronic images of a driver or passengers are for the exclusive use of the PTBA in the determination of whether an HOV passenger violation has occurred to test the feasibility and accuracy of automated enforcement under this subsection and are not open to the public and may not be used in a court in a pending action or proceeding. All photographs, microphotographs, and electronic images must be destroyed after determining a passenger count and no later than the completion of the demonstration project. No warnings or notices of infraction may be issued under the demonstration project.  

For purposes of the demonstration project, an automated enforcement technology device may record an image of a driver and passenger of a motor vehicle. The county and PTBA must erect signs marking the locations where the automated enforcement for HOV passenger requirements is occurring.  

The PTBA, in consultation with the Washington traffic safety commission, must provide a report to the transportation committees of the legislature with the number of violations detected during the demonstration project, whether the technology used was accurate and any recommendations for future use of automated enforcement technology for HOV lane enforcement by June 30, 2021.  

(4)(a) The Washington traffic safety commission shall coordinate with each city that implements a pilot program as authorized in chapter 224, Laws of 2020 (automated traffic safety cameras) or chapter . . . (Substitute Senate Bill No. 5789), Laws of 2020 (automated traffic safety cameras) to provide the transportation committees of the legislature with the following information by June 30, 2021:  

(i) The number of warnings and infractions issued to first-time violators under the pilot program;  
(ii) The number of warnings and infractions issued to the registered owners of vehicles that are not registered with an address located in the city conducting the pilot program; and  
(iii) The frequency with which warnings and infractions are issued on weekdays versus weekend days.  
(b) If neither chapter 224, Laws of 2020 nor chapter . . . (Substitute Senate Bill No. 5789), Laws of 2020 is enacted by June 30, 2020, the conditions of this subsection (4) have no force and effect.

The appropriations in this section are subject to the following conditions and limitations:  

(1) $400,000 of the motor vehicle account—state appropriation and $50,000 of the multimodal transportation account—state appropriation is for the joint transportation committee to conduct a comprehensive assessment of statewide transportation needs and priorities, and existing and potential transportation funding mechanisms to address those needs and priorities. The assessment must include: (a) Recommendations on the critical state and local
transportation projects, programs, and services needed to achieve an efficient, effective, statewide transportation system over the next ten years; (b) a comprehensive menu of funding options for the legislature to consider to address the identified transportation system investments; (c) recommendations on whether a revision to the statewide transportation policy goals in RCW 47.04.280 is warranted in light of the recommendations and options identified in (a) and (b) of this subsection; and (d) an analysis of the economic impacts of a range of future transportation investments. The assessment must be submitted to the transportation committees of the legislature by June 30, 2020. Starting July 1, 2020, and concluding by December 31, 2020, a committee-appointed commission or panel shall review the assessment and make final recommendations to the legislature for consideration during the 2021 legislative session on a realistic, achievable plan for funding transportation programs, projects, and services over the next ten years including a timeline for legislative action on funding the identified transportation system needs shortfall.

2(a) $382,000 of the multimodal transportation account—state appropriation is for the joint transportation committee to conduct an analysis of the electrification of public fleets in Washington state. The study must include the following:

(i) An inventory of existing public fleets for the state of Washington, counties, a sampling of cities, and public transit agencies. The inventory must differentiate among battery and fuel cell electric vehicles, hybrid vehicles, gasoline powered vehicles, and any other functional categories. Three cities from each of the following population ranges must be selected for the analysis:

- (A) Population up to and including twenty-five thousand;
- (B) Population greater than twenty-five thousand and up to and including fifty thousand;
- (C) Population greater than fifty thousand and up to and including one hundred thousand;
- (D) Population greater than one hundred thousand;

(ii) A review of currently available battery and fuel cell electric vehicle alternatives to the vehicle types most commonly used by the state, counties, cities, and public transit agencies. The review must include:

- (A) The average vehicle cost differential among the commercially available fuel options;
- (B) A cost benefit analysis of the conversion of different vehicle classes; and
- (C) Recommendations for the types of vehicles that should be excluded from consideration due to insufficient alternatives, unreliable technology, or excessive cost;

(iii) The projected costs of achieving substantial conversion to battery and/or fuel cell electric fleets by 2025, 2030, and 2035 for the state, counties, cities, and public transit agencies. This cost estimate must include:

- (A) Vehicle acquisition costs, charging and refueling infrastructure costs, and other associated costs;
- (B) Financial constraints of each type of entity to transition to an electric vehicle fleet; and
- (C) Any other identified barriers to transitioning to a battery and/or fuel cell electric vehicle fleet;

(iv) Identification and analysis of financing mechanisms that could be used to finance the transition of publicly owned vehicles to battery and fuel cell electric vehicles. These mechanisms include, but are not limited to: Energy or carbon savings performance contracting, utility grants and rebates, revolving loan funds, state grant programs, private third-party financing, fleet management services, leasing, vehicle use optimization, and vehicle to grid technology; and

(v) The predicted number and location profile of electric vehicle fueling stations needed statewide to provide fueling for the fleets of the state, counties, cities, and public transit agencies.

(b) In developing and implementing the study, the joint transportation committee must solicit input from representatives of the department of enterprise services, the department of transportation, the department of licensing, the department of commerce, the Washington state association of counties, the association of Washington cities, the Washington state transit association, transit agencies, and others as deemed appropriate.

(c) The joint transportation committee must issue a report of its findings and recommendations to the transportation committees of the legislature by September 30, 2020.

3(a) $250,000 of the multimodal transportation account—state appropriation is for the joint transportation committee to conduct a study of the feasibility of an east-west intercity passenger rail system. The study must include the following elements:

(i) Projections of potential ridership;
(ii) Review of relevant planning studies;
(iii) Establishment of an advisory group and associated meetings;
(iv) Development of a Stampede Pass corridor alignment to maximize ridership, revenue, and rationale, considering service to population centers: Auburn, Cle Elum, Yakima, Tri-Cities, Ellensburg, Toppenish, and Spokane;
(v) Assessment of current infrastructure conditions, including station stop locations;
(vi) Identification of equipment needs; and
(vii) Identification of operator options.

(b) A report of the study findings and recommendations is due to the transportation committees of the legislature by June 30, 2020.

4(a) $275,000 of the highway safety fund—state appropriation is for a study of vehicle subagents in Washington state. The study must consider and include recommendations, as necessary, on the following:

(i) The relevant statutes, rules, and/or regulations authorizing vehicle subagents and any changes made to the relevant statutes, rules, and/or regulations;

(ii) The current process of selecting and authorizing a vehicle subagent, including the change of ownership process and the identification of any barriers to entry into the vehicle subagent market;

(iii) The annual business expenditures borne by each of the vehicle subagent businesses since fiscal year 2010 and identification of any materials, including office equipment and supplies, provided by the department of licensing to each vehicle subagent since fiscal year 2010. To accomplish this task, each vehicle subagent must provide expenditure data to the joint transportation committee for the purposes of this study;

(iv) The oversight provided by the county auditors and/or the department of licensing over the vehicle subagent businesses;

(v) The history of service fees, how increases to the service fee rate are made, and how the requested fee increase is determined;

(vi) The online vehicle registration renewal process and any potential improvements to the online process;

(vii) The department of licensing's ability to provide more vehicle licensing services directly, particularly taking into account the increase in online vehicle renewal transactions;

(viii) The potential expansion of services that can be performed by vehicle subagents; and

(ix) The process by which the geographic locations of vehicle subagents are determined.
(b) In conducting the study, the joint transportation committee
must consult with the department of licensing, a representative of
county auditors, and a representative of vehicle subagents.
(c) The joint transportation committee may collect any data
from the department of licensing, county auditors, and vehicle
subagents that is necessary to conduct the study.
(d) The joint transportation committee must issue a report of its
findings and recommendations to the transportation committees

5(a) $235,000 of the multimodal transportation account—
state appropriation is for the joint transportation committee to
oversee a consultant study on rail safety governance best
practices, by class of rail where applicable, and recommendations
for the implementation of these best practices in Washington
state. The study must assess rail safety governance for passenger
and freight rail, including rail transit services, and must consider
recommendations made by the national transportation safety
board in its 2017 Amtrak passenger train 501 derailment accident
report that are relevant to rail safety governance.
(b) The study must include the following components:
   (i) An assessment of rail safety oversight in Washington
       state that includes: (I) The rail safety oversight roles of federal,
       state, regional, and local agencies, including the extent to which
       federal and state laws govern these roles and the extent to which
       these roles would be modified should the suspended federal rules
       in 49 C.F.R. Part 270 take effect; (II) federal, state, regional, and
       local agency organizational structures and processes utilized to
       conduct rail safety oversight; and (III) coordination activities by
       federal, state, regional, and local agencies in conducting rail
       safety oversight;
   (B) An examination of rail safety governance best practices by
       other states for the items identified in (a) of this subsection; and
   (C) Recommendations for the implementation of best practices
       for rail safety governance in Washington state.
   (ii) The study must address the extent to which additional
       safety oversight of rail project design and construction is used in
       other states and would be a recommended best practice for
       Washington state.
(c) The joint transportation committee shall consult with the
Washington state department of transportation, the Washington
state utilities and transportation commission, sound transit, the
national transportation safety board, Amtrak, the federal railroad
administration, BNSF railway company, one or more representatives of short line railroads, one or more representatives of labor, and other entities with rail safety expertise as necessary.
(d) The joint transportation committee must issue a report of its
findings and recommendations on rail safety governance to the
transportation committees of the legislature by January 6, 2021.

6(a) $250,000 of the motor vehicle account—state
appropriation is for the joint transportation committee to conduct
a study of the feasibility of a private auto ferry between the state
of Washington and British Columbia, Canada. The study must
include the following elements:
   (i) Expected impacts to ridership, revenue, and expenditures for
       Washington state ferries;
   (ii) Expected impacts to ferry service provided to the San Juan
       Islands;
   (iii) Possible terminal locations on Fidalgo Island;
   (iv) Economic impacts to the Anacortes area if ferry service
       between the area and Vancouver Island ceases;
   (v) Economic impacts to the San Juan Islands if ferry service
       or ferry tourism is reduced;
   (vi) Expected impacts to family wage jobs in the marine
       industry for Washingtonians;
   (vii) Expected impacts to ferry fares between the state of
       Washington and British Columbia, Canada;
   (viii) Legal analysis of all state, federal, or Canadian laws or
       rules, including the Jones act and rules of the board of pilotage
       commissioners, that may apply to initiation of private service or
       cessation of state service; and
   (ix) Options for encouraging private auto ferry service between
       the state of Washington and Vancouver Island, Canada.
(b) In conducting the study, the joint transportation committee
must consult with the department of transportation, a
representative of San Juan county, a representative of the city of
Anacortes, a representative of the inland boatman's union, a
representative of Puget Sound pilots, a representative of the port
of Anacortes, a representative of the economic development
alliance of Skagit county, and interested private ferry operators in
Washington state.
(c) A report of the study findings and options is due to the
transportation committees of the legislature by February 15, 2021.

FOR THE TRANSPORTATION COMMISSION

Motor Vehicle Account—State Appropriation ($2,324,000)

Interstate 405 and State Route Number 167 Express Toll Lanes
Account—State Appropriation.................................((($410,000))

State Route Number 520 Corridor Account—State
Appropriation.................................................. ($271,000)

Tacoma Narrows Toll Bridge Account—State
Appropriation.................................................. ($158,000)

Alaskan Way Viaduct Replacement Project
Account—State Appropriation.................................((($126,000))

TOTAL APPROPRIATION .....................................($2,813,000)

The appropriations in this section are subject to the following
conditions and limitations:

1(a) The commission shall reconvene the road usage charge
steering committee, with the same membership described in
chapter 297, Laws of 2018, and shall report at least once every
three months to the steering committee with updates on report
development for the completed road usage charge pilot project
until the final report is submitted. The commission shall also
report to the steering committee on any other activities
undertaken in accordance with this subsection (1) as necessary to
keep it apprised of new developments and to obtain input on its
efforts. The final report on the road usage charge pilot project is
due to the transportation committees of the legislature by January
1, 2020, and should include recommendations for necessary next
steps to consider impacts to communities of color, low-income
households, vulnerable populations, and displaced communities.
Any legislative vacancies on the steering committee must be
appointed by the speaker of the house of representatives for a
house of representatives member vacancy, and by the president of
the senate for a senate member vacancy.

(b)(i) The commission shall coordinate with the department of
transportation to jointly seek federal funds available through the
federal surface transportation system funding alternatives grant
program, applying toll credits for meeting match requirements.
One or more grant applications shall be developed that propose
to:

(A) Create a framework for modeling the effects of a road
usage charge on passenger and light-duty vehicles including, but
not limited to, plug-in electric vehicles, autonomous vehicles,
state fleets, and transportation network companies on a road usage
charge system;
(B) Identify and measure potential disparate impacts of a road usage charge on designated populations, including communities of color, low-income households, vulnerable populations, and displaced communities;
(C) Incorporate emerging approaches to mileage reporting, such as in-vehicle telematics, improved smartphone apps, and use of private businesses to provide odometer verification and mileage reporting services, into a road usage charge system;
(D) Conduct a series of facilitated work sessions with other states and private sector firms to identify opportunities to reduce the cost of collections for a road usage charge;
(E) Develop a road usage charge phase-in plan that incorporates findings from (b)(i)(A) through (D) of this subsection;
(F) Carry out a limited scale demonstration to test new mileage reporting methods; equity policies; cost reduction techniques; and collecting a road usage charge from passenger and light-duty vehicles including, but not limited to, plug-in electric vehicles, autonomous vehicles, state fleets, transportation network companies, and other new mobility services; and
(G) Produce a final report with recommendations and a recommended roadmap that details how a road usage charge could be appropriately scaled to fit state circumstances and that includes a framework for evaluating policy choices related to the use of road usage charge revenue.

(ii) A year-end report on the status of any federally-funded project for which federal funding is secured must be provided to the governor's office and the transportation committees of the legislature by January 1, 2020, and by January 1, 2021.

((e)) $150,000 of the motor vehicle account—state appropriation is provided solely for analysis of potential impacts of a road usage charge on communities of color, low-income households, vulnerable populations, and displaced communities. The analysis must include an assessment of potential mitigation measures to address these potential impacts. These funds must be held in unallotted status during the 2019-2021 fiscal biennium, and may only be used after the commission has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal surface transportation system funding alternatives grant program under (b) of this subsection without successfully securing federal funding for the further study of a road usage charge. A year-end update on the status of this effort, if undertaken prior to the end of calendar year 2020, must be provided to the governor's office and the transportation committees of the legislature by January 1, 2021.

(2)(a) $250,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely for the transportation commission to conduct a study, applicable to the Interstate 405 express toll lanes, of discounted tolls and other similar programs for low-income drivers that are provided by other states, countries, or other entities and how such a program could be implemented in the state of Washington. The transportation commission may contract with a consultant to conduct all or a portion of this study.

(b) In conducting this study, the transportation commission shall consult with both the department of transportation and the department of social and health services.

(c) The transportation commission shall, at a minimum, consider the following issues when conducting the study of discounted tolls and other similar programs for low-income drivers:

(i) The benefits, requirements, and any potential detriments to the users of a program;
(ii) The most cost-effective way to implement a program given existing financial commitments, shared cost requirements across facilities, and technical requirements to execute and maintain a program;
(iii) The implications of a program for tolling policies, revenues, costs, operations, and enforcement; and
(iv) Any implications to tolled facilities based on the type of tolling implemented on a particular facility.

(d) The transportation commission shall provide a report detailing the findings of this study and recommendations for implementing a discounted toll or other appropriate program in the state of Washington to the transportation committees of the legislature by June 30, 2021.

(3) $160,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, $271,000 of the state route number 520 corridor account—state appropriation, $158,000 of the Tacoma Narrows toll bridge account—state appropriation, and $136,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the transportation commission's proportional share of time spent supporting tolling operations for the respective tolling facilities.

(4) The legislature requests that the commission commence proceedings to name state route number 165 as The Glacier Highway to commemorate the significance of glaciers to the state of Washington.

Sec. 905. 2020 c 219 s 207 (uncodified) is amended to read as follows:

FOR THE WASHINGTON STATE PATROL
State Patrol Highway Account—State Appropriation ................................................................. ($501,294,000) $498,197,000

Interstate 405 and State Route Number 167 Express Toll Lanes Account—State Appropriation ......................................................... $1,182,000
State Route Number 520 Corridor Account—State Appropriation .......................................... $1,988,000
Alaskan Way Viaduct Replacement Project Account—State Appropriation ............................. $1,158,000
TOTAL APPROPRIATION ........................................................................................... ($535,441,000) $532,342,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Washington state patrol officers engaged in off-duty uniformed employment providing traffic control services to the department of transportation or other state agencies may use state patrol vehicles for the purpose of that employment, subject to guidelines adopted by the chief of the Washington state patrol. The Washington state patrol must be reimbursed for the use of the vehicle at the prevailing state employee rate for mileage and hours of usage, subject to guidelines developed by the chief of the Washington state patrol.

(2) $510,000 of the ignition interlock device revolving account—state appropriation is provided solely for the ignition
interlock program at the Washington state patrol to provide funding for two staff to work and provide support for the program in working with manufacturers, service centers, technicians, and participants in the program.

3. $1,424,000 of the state patrol highway account—state appropriation is provided solely to enter into an agreement for upgraded land mobile software, hardware, and equipment.

4. $2,582,000 of the state patrol highway account—state appropriation is provided solely for the replacement of radios and other related equipment.

5. $343,000 of the state patrol highway account—state appropriation is provided solely for aerial criminal investigation tools, including software licensing and maintenance, and annual certification.

6. $2,342,000 of the state patrol highway account—state appropriation is provided solely to address the increase in the number of toxicology cases from impaired driving and death investigations.

7. $580,000 of the state patrol highway account—state appropriation is provided solely for the operation of and administrative support to the license investigation unit to enforce vehicle registration laws in southwestern Washington. The Washington state patrol, in consultation with the department of revenue, shall maintain a running estimate of the additional vehicle registration fees, sales and use taxes, and local vehicle fees remitted to the state pursuant to activity conducted by the license investigation unit. Beginning October 1, 2019, and quarterly thereafter, the Washington state patrol shall submit a report detailing the additional revenue amounts generated since July 1, 2017, to the director of the office of financial management and the transportation committees of the legislature. At the end of the calendar quarter in which it is estimated that more than $625,000 in state sales and use taxes have been remitted to the state since July 1, 2017, the Washington state patrol shall notify the state treasurer and the state treasurer shall transfer funds pursuant to section 406, chapter 416, Laws of 2019.

8. $18,000 of the state patrol highway account—state appropriation is provided solely for the license investigation unit to procure an additional license plate reader and related costs.

9. The Washington state patrol and the office of financial management must be consulted by the department of transportation during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department of transportation must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

10. $4,210,000 of the state patrol highway account—state appropriation is provided solely for a third arming and a third trooper basic training class. The cadet class is expected to graduate in June 2021.

11. $65,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 440, Laws of 2019 (immigrants in the workplace). If chapter 440, Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

12(a) The Washington state patrol must report quarterly to the house and senate transportation committees on the status of recruitment and retention activities as follows:

i. A summary of recruitment and retention strategies;

ii. The number of transportation funded staff vacancies by major category;

iii. The number of applicants for each of the positions by these categories;

iv. The composition of workforce; and

(v) Other relevant outcome measures with comparative information with recent comparable months in prior years.

b) By January 1, 2020, the Washington state patrol must submit to the transportation committees of the legislature and the governor a workforce diversity plan. The plan must identify ongoing, and both short-term and long-term, specific comprehensive outreach and recruitment strategies to increase populations underrepresented within both commissioned and noncommissioned employee groups.

13. $1,182,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, $1,988,000 of the state route number 520 corridor account—state appropriation, $1,158,000 of the Tacoma Narrows toll bridge account—state appropriation, and $996,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the Washington state patrol’s proportional share of time spent supporting tolling operations and enforcement for the respective tolling facilities.

14. $100,000 of the state patrol highway account—state appropriation is provided solely for the implementation of ((Senate Bill No. 6218)) chapter 97, Laws of 2020 (Washington state patrol retirement definition of salary), which reflects an increase in the Washington state patrol retirement system pension contribution rate of 0.15 percent for changes to the definition of salary. If ((Senate Bill No. 6218)) chapter 97, Laws of 2020 is not enacted by June 30, 2020, the amount provided in this subsection lapses.

15. $995,000 of the state patrol highway account—state appropriation is provided solely for communications officers at the King county public safety answering point.

16. $830,000 of the state patrol highway account—state appropriation is provided solely for information technology security enhancements.

17. $150,000 of the state patrol highway account is provided solely for the Washington state patrol to work with the department of enterprise services and office of minority and women's business enterprises to contract for a workforce diversity strategic action plan. The successful consultant must have demonstrated expertise in workforce diversity research and an established record of assisting organizations in implementing diversity initiatives. The plan must include:

a) Current and past employment data on the composition of the state patrol workforce generally and of its protective service workers;

b) Research into the reasons for underrepresentation of minorities and women in the state patrol workforce;

c) Research on best practices for recruiting across the state and from communities historically underrepresented in the Washington state patrol workforce;

d) Case studies of law enforcement and other agencies that have successfully diversified their workforce; and

e) A strategic plan with recommendations that will address disparities in the Washington state patrol employment ranks in both commissioned and noncommissioned personnel, with a focus on executive, command, and supervisory employees.

Sec. 906. 2020 c 219 s 208 (uncodified) is amended to read as follows:

Abandoned Recreational Vehicle Account—State Appropriation $2,925,000

Limousine Carriers Account—State Appropriation $113,000

Electric Vehicle Account—State Appropriation $264,000

DOL Technology Improvement & Data Management Account—State Appropriation $2,250,000

Agency Financial Transaction Account—State Appropriation $11,903,000

TOTAL APPROPRIATION $338,489,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $139,000 of the motorcycle safety education account—state appropriation is provided solely for the implementation of chapter 65, Laws of 2019 (motorcycle safety). If chapter 65, Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(2) $25,000 of the motorcycle safety education account—state appropriation, $4,000 of the state wildlife account—state appropriation, $1,708,000 of the highway safety account—state appropriation, $576,000 of the motor vehicle account—state appropriation, $22,000 of the ignition interlock device revolving account—state appropriation, and $28,000 of the department of licensing services account—state appropriation are provided solely for the department to fund the appropriate staff and necessary equipment and software for data management, data analytics, and data compliance activities. The department must, in consultation with the office of the chief information officer, construct a framework with goals for providing better data stewardship and a plan to achieve those goals. The department must provide the framework and plan to the transportation committees of the legislature by December 31, 2019, and an update by May 1, 2020.

(3) Appropriations provided for the cloud continuity of operations project in this section are subject to the conditions, limitations, and review provided in section 701 (of this act), chapter 219, Laws of 2020.

(4) $24,028,000 of the highway safety account—state appropriation is provided solely for costs necessary to accommodate increased demand for enhanced drivers' licenses and enhanced identicards. The department shall report on a quarterly basis on the use of these funds, associated workload, and information with comparative information with recent comparable months in prior years. The report must include detailed statewide and by licensing service office information on staffing levels, average monthly wait times, the number of enhanced drivers' licenses and enhanced identicards issued/renewed, and the number of primary drivers' licenses and identicards issued/renewed. Within the amounts provided in this subsection, the department shall implement efficiency measures to reduce the time for licensing transactions and wait times including, but not limited to, the installation of additional cameras at licensing service offices that reduce bottlenecks and align with the "keep your customer" initiative.

(5) $507,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter . . . (Substitute Senate Bill No. 5419), Laws of 2019 (vehicle service fees) or chapter 417, Laws of 2019 (vehicle service fees). If neither chapter . . . (Substitute Senate Bill No. 5419), Laws of 2019 or chapter 417, Laws of 2019 are enacted by June 30, 2019, the amount provided in this subsection lapses.

(6) $25,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 177, Laws of 2019 (San Juan Islands license plate). If chapter 177, Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(7) $24,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 384, Laws of 2019 (Seattle Storm license plate). If chapter 384, Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(8) $65,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 440, Laws of 2019 (immigrants in the workplace). If chapter 440, Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(9) The appropriations in this section assume implementation of additional cost recovery mechanisms to recoup at least $11,903,000 in credit card and other financial transaction costs as part of charges imposed for driver and vehicle fee transactions beginning January 1, 2020. At the direction of the office of financial management, the department must develop a method of tracking the additional amount of credit card and other financial cost-recovery revenues. In consultation with the office of financial management, the department must notify the state treasurer of these amounts and the state treasurer must deposit these revenues in the agency financial transaction account created in section 717, chapter 416, Laws of 2019 on a quarterly basis.

(10) $1,281,000 of the department of licensing service account—state appropriation is provided solely for savings from the implementation of chapter 417, Laws of 2019 (vehicle service fees). If chapter 417, Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(11) $2,650,000 of the abandoned recreational vehicle disposal account—state appropriation is provided solely for providing reimbursements in accordance with the department's abandoned recreational vehicle disposal reimbursement program. It is the intent of the legislature that the department prioritize this funding for allowable and approved reimbursements and not to build a reserve of funds within the account.

(12) $20,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 210, Laws of 2019 (Gold Star license plate). If chapter 210, Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(13) $31,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 262, Laws of 2019 (snow bikes). If chapter 262, Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(14) $24,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 139, Laws of 2019 (Purple Heart license plate). If chapter 139, Laws of 2019 is
not enacted by June 30, 2019, the amount provided in this subsection lapses.

(15) $24,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 278, Laws of 2019 (vehicle and vessel owner information). If chapter 278, Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(16) $600,000 of the highway safety account—state appropriation is provided solely for the department to provide an interagency transfer to the department of social and health services, children's administration division for the purpose of providing driver's license support to a larger population of foster youth than is already served within existing resources. Support services include reimbursement of driver's license issuance costs, fees for driver training education, and motor vehicle liability insurance costs.

(17) The department must place personal and company data elements in separate data fields to allow the department to select discrete data elements when providing information or data to persons or entities outside the department. Pursuant to the restrictions in federal and state law, a person's photo, social security number, or medical information must not be made available through public disclosure or data being provided under RCW 46.12.630 or 46.12.635.

(18) $91,000 of the highway safety account—state appropriation is provided solely for the department's costs related to the one Washington project.

(19) $1,174,000 of the highway safety account—state appropriation is provided solely for communication and outreach activities necessary to inform the public of federally acceptable identification options including, but not limited to, enhanced drivers' licenses and enhanced identicards. The department shall continue the outreach plan that includes informational material that can be effectively communicated to all communities and populations in Washington. To accomplish this work, the department shall contract with an external vendor with demonstrated experience and expertise in outreach and marketing to underrepresented communities in a culturally-responsive fashion.

(20) Due to the passage of chapter 1 (Initiative Measure No. 976), Laws of 2020, the department, working with the office of financial management, shall provide a monthly report on the number of registrations involved and differences between actual collections and collections if the initiative was not subject to a temporary injunction as of December 5, 2019.

(21) The appropriations in this section assume full cost recovery for the administration and collection of a motor vehicle excise tax on behalf of any regional transit authority pursuant to section 706 of this act, chapter 219, Laws of 2020.

(22) $107,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 78, Laws of 2020 (military veterans commercial driver's license waivers) or chapter . . . (Second Substitute Senate Bill No. 5544), Laws of 2020 (military veterans commercial driver's license waivers). If neither chapter 78, Laws of 2020 nor chapter . . . (Second Substitute Senate Bill No. 5544), Laws of 2020 is enacted by June 30, 2020, the amount provided in this subsection lapses.

(23) $114,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 124, Laws of 2020 (homeless youth identicards) or chapter . . . (Senate Bill No. 6304), Laws of 2020 (homeless youth identicards). If neither chapter 124, Laws of 2020 nor chapter . . . (Senate Bill No. 6304), Laws of 2020 is enacted by June 30, 2020, the amount provided in this subsection lapses.
report to the governor and the transportation committees of the legislature by December 15, 2020.

(b) If chapter . . . (Engrossed Substitute House Bill No. 2723), Laws of 2020 is enacted by June 30, 2020, this subsection has no force and effect.

Sec. 907. 2020 c 219 s 209 (uncodified) is amended to read as follows:

$23,638,000

TOTAL APPROPRIATION.............................. (($146,083,000))
$134,308,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $1,300,000 of the Tacoma Narrows toll bridge account—state appropriation and $1,034,000 of the state route number 520 corridor account—state appropriation are provided solely for the purposes of addressing unforeseen operations and maintenance costs on the Tacoma Narrows bridge and the state route number 520 bridge, respectively. The office of financial management shall place the amounts provided in this subsection, which represent a portion of the required minimum fund balance under the policy of the state treasurer, in unallotted status. The office may release the funds only when it determines that all other funds designated for operations and maintenance purposes have been exhausted.

(2) As long as the facility is tolled, the department must provide quarterly reports to the transportation committees of the legislature on the Interstate 405 express toll lane project performance measures listed in RCW 47.56.880(4). These reports must include:

(a) Information on the travel times and travel time reliability (at a minimum, average and 90th percentile travel times) maintained during peak and nonpeak periods in the express toll lanes and general purpose lanes for both the entire corridor and commonly made trips in the corridor including, but not limited to, northbound from Bellevue to Rose Hill, state route number 520 at NE 148th to Interstate 405 at state route number 522, Bellevue to Bothell (both NE 8th to state route number 522 and NE 8th to state route number 527), and a trip internal to the corridor (such as NE 85th to NE 160th) and similar southbound trips;

(b) A month-to-month comparison of travel times and travel time reliability for the entire corridor and commonly made trips in the corridor as specified in (a) of this subsection since implementation of the express toll lanes and, to the extent available, a comparison to the travel times and travel time reliability prior to implementation of the express toll lanes;

(c) Total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane (i) compared to total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, from month to month since implementation of the express toll lanes; and

(d) Underlying congestion measurements, that is, speeds, that are being used to generate the summary graphs provided, to be made available in a digital file format.

(3) (a) $2,114,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, $4,920,000 of the state route number 520 corridor account—state appropriation, $2,116,000 of the Tacoma Narrows toll bridge account—state appropriation, and $2,776,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the department to finish implementing a new tolling customer service toll collection system, and are subject to the conditions, limitations, and review provided in section 701 [(of this act)), chapter 219, Laws of 2020.

(b) The department shall continue to work with the office of financial management, office of the chief information officer, and the transportation committees of the legislature on the project management plan that includes a provision for independent verification and validation of contract deliverables from the successful bidder and a provision for quality assurance that includes reporting independently to the office of the chief information officer on an ongoing basis during system implementation.

(4) The department shall make detailed quarterly reports to the transportation committees of the legislature and the public on the department's web site on the following:

(a) The use of consultants in the tolling program, including the name of the contractor, the scope of work, the type of contract, timelines, deliverables, any new task orders, and any extensions to existing consultant contracts;

(b) The nonvendor costs of administering toll operations, including the costs of staffing the division, consultants, and other personal service contracts required for technical oversight and management assistance, insurance, payments related to credit card processing, transponder purchases and inventory management, facility operations and maintenance, and other miscellaneous nonvendor costs;

(c) The vendor-related costs of operating tolled facilities, including the costs of the customer service center, cash collections on the Tacoma Narrows bridge, electronic payment processing, and toll collection equipment maintenance, renewal, and replacement;

(d) The toll adjudication process, including a summary table for each toll facility that includes:

(i) The number of notices of civil penalty issued;

(ii) The number of recipients who pay before the notice becomes a penalty;

(iii) The number of recipients who request a hearing and the number who do not respond;

(iv) Workload costs related to hearings;

(v) The cost and effectiveness of debt collection activities; and

(vi) Revenues generated from notices of civil penalty; and

(e) A summary of toll revenue by facility on all operating toll facilities and express toll lane systems, and an itemized depiction of the use of that revenue.

(5) (($24,725,000)) $20,914,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely for operational costs related to the express toll lane facility.
(6) In calendar year 2021, toll equipment on the Tacoma Narrows Bridge will have reached the end of its operational life. During the 2019-2021 fiscal biennium, the department plans to issue a request for proposals as the first stage of a competitive procurement process that will replace the toll equipment and select a new tolling operator for the Tacoma Narrows Bridge. The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational costs, and incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies.

(7) $17,082,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for the new state route number 99 tunnel toll facility's expected share of collecting toll revenues, operating customer services, and maintaining toll collection systems. The legislature expects to see appropriate reductions to the other toll facility accounts once tolling on the new state route number 99 tunnel toll facility commences and any previously incurred costs for start-up of the new facility are charged back to the Alaskan Way viaduct replacement project account. The office of financial management shall closely monitor the application of the cost allocation model and ensure that the new state route number 99 tunnel toll facility is adequately sharing costs and the other toll facility accounts are not being overspent or subsidizing the new state route number 99 tunnel toll facility.

(8) $608,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation are provided solely for increased levels of service from the Washington state patrol for enforcement of toll lane violations on the Interstate 405 and state route number 167 express toll lanes. The department shall compile monthly data on the number of Washington state patrol enforcement hours on each facility and the percentage of time during peak hours that speeds are at or above forty-five miles per hour on each facility. The department shall provide this data in a report to the transportation committees of the legislature on at least a calendar quarterly basis.

(9) The department shall develop an ongoing cost allocation method to assign appropriate costs to each of the toll funds for services provided by each Washington state department of transportation program and all relevant transportation agencies, including the Washington state patrol and the transportation commission. This method should update the toll cost allocation method used in the 2020 supplemental transportation appropriations act. By December 1, 2020, a report with the recommended method and any changes or potential impacts to toll rates shall be submitted to the transportation committees of the legislature and the office of financial management.

Aeronautics Account—Private/Local Appropriation ....$60,000
TOTAL APPROPRIATION ..........................($10,846,000)

$9,876,000

The appropriations in this section are subject to the following conditions and limitations:

1. ($2,862,000) $2,505,000 of the aeronautics account—state appropriation is provided solely for the airfield aid grant program, which provides competitive grants to public use airports for pavement, safety, maintenance, planning, and security.

2. ($268,000) $218,000 of the aeronautics account—state appropriation is provided solely for one FTE dedicated to planning aviation emergency services and addressing emerging aeronautics requirements.

3. $200,000 of the aeronautics account—state appropriation is provided solely for the department to convene an electric aircraft work group to study the state of the electrically powered aircraft industry and assess infrastructure needs related to the deployment of electric or hybrid-electric aircraft for commercial air travel in Washington state.

   (a) The chair of the work group may be a consultant specializing in aeronautics. The work group must include, but is not limited to, representation from the electric aircraft industry, the aircraft manufacturing industry, electric utility districts, the battery industry, the department of commerce, the department of transportation aviation division, the airline pilots association, a primary airport representing an airport association, and the airline industry.

   (b) The study must include, but is not limited to:

   (i) Infrastructure requirements necessary to facilitate electric aircraft operations at airports;

   (ii) Potential economic and public benefits including, but not limited to, the direct and indirect impact on the number of manufacturing and service jobs and the wages from those jobs in Washington state;

   (iii) Potential incentives for industry in the manufacturing and operation of electric aircraft for regional air travel;

   (iv) Educational and workforce requirements for manufacturing and maintaining electric aircraft;

   (v) Demand and forecast for electric aircraft use to include expected timeline of the aircraft entering the market given federal aviation administration certification requirements;

   (vi) Identification of up to six airports in Washington state that may benefit from a pilot program once an electrically propelled aircraft for commercial use becomes available; and

   (vii) Recommendations to further the advancement of the electrification of aircraft for regional commercial use within Washington state, including specific, measurable goals for the years 2030, 2040, and 2050 that reflect progressive and substantial increases in the utilization of electric and hybrid-electric commercial aircraft.

   (c) The work group must submit a report and accompanying methodology to segregate and track actual amounts collected from the hazardous substance tax under chapter 82.21 RCW and the petroleum products tax under chapter 82.23A RCW as imposed on aviation fuel. The department of revenue is directed to submit a report, including the recommended methodology, to the fiscal committees of the house of representatives and the senate by January 11, 2021.

Sec. 911. 2020 c 219 s 213 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION—
PROGRAM DELIVERY MANAGEMENT AND
SUPPORT—PROGRAM II
Motor Vehicle Account—State Appropriation .................................................................($50,788,000)

$58,543,000

Motor Vehicle Account—State Appropriation .................................................................($500,000)

$258,000

TOTAL APPROPRIATION ..........................($60,546,000)

$59,401,000

The appropriations in this section are subject to the following conditions and limitations:

1. The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) No. 2-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

   (a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

   (b) Prior to completing the transfer in this subsection (1), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

   (c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining property owners must be given the first opportunity to acquire such property that abuts their property, and applicable boundary line or other adjustments must be made to the legal descriptions for recording purposes.

2. With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical development of the property, is one of the significant uses of the property.

3. $1,600,000 of the motor vehicle account—state appropriation is provided solely for real estate services activities. Consistent with RCW 47.12.120 and during the 2019-2021 fiscal biennium, when initiating, extending, or renewing any rent or
lease agreements with a regional transit authority, consideration of value must be equivalent to one hundred percent of economic or market rent.

(4)(a) $100,000 of the motor vehicle account—state appropriation is provided solely for the department to:

(i) Determine the real property owned by the state of Washington and under the jurisdiction of the department in King county that is surplus property located in an area encompassing south of Dearborn Street in Seattle, south of Newcastle, west of SR 515, and north of South 216th to SR 515; and

(ii) Use any remaining funds after (a)(i) of this subsection is completed to identify additional real property across the state owned by the state of Washington and under the jurisdiction of the department that is surplus property.

(b) The department shall provide a report to the transportation committees of the legislature describing the properties it has identified as surplus property under (a) of this subsection by October 1, 2020.

Sec. 912. 2020 c 219 s 214 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION—PUBLIC-PRIVATE PARTNERSHIPS—PROGRAM K

Motor Vehicle Account—State Appropriation ...............$670,000

Electric Vehicle Account—State Appropriation ...............($2,000,000) $100,000

Multimodal Transportation Account—State Appropriation ...............($1,634,000) $350,000

TOTAL APPROPRIATION ...................................... ($4,204,000) $1,120,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The economic partnerships program must continue to explore retail partnerships at state-owned park and ride facilities, as authorized in RCW 47.04.295.

(2) $350,000 of the multimodal transportation account—state appropriation is provided solely for the department to execute a transit oriented development pilot project at King's Gate park and ride in Kirkland intended to be completed by December 31, 2023. The purpose of the pilot project is to demonstrate how appropriate department properties may be used to provide multiple public benefits such as affordable and market rate housing, commercial development, and institutional facilities in addition to transportation purposes. To accomplish the pilot project, the department is authorized to exercise all legal and administrative powers authorized in statute that may include, but is not limited to, the transfer, lease, or sale of some or all of the property to another governmental agency, public development authority, or nonprofit developer approved by the department and partner agencies. The department may also partner with sound transit, King county, the city of Kirkland, and any other federal, regional, or local jurisdiction on any policy changes necessary from those jurisdictions to facilitate the pilot project. By December 1, 2019, the department must report to the legislature on any legislative actions necessary to facilitate the pilot project and future transit oriented development projects.

(3) ($2,000,000) $100,000 of the electric vehicle account—state appropriation is provided solely for the clean alternative fuel vehicle charging and refueling infrastructure program in chapter 287, Laws of 2019 (advancing green transportation adoption).

(4) ($1,200,000 of the multimodal transportation account—state appropriation is provided solely for the pilot program established under chapter 287, Laws of 2019 (advancing green transportation adoption) to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards.

(5) $84,000 of the multimodal transportation account—state appropriation is provided solely for an interagency transfer to the department of commerce for the purpose of conducting a study as described in chapter 287, Laws of 2019 (advancing green transportation adoption) to identify opportunities to reduce barriers to electric vehicle adoption by lower income residents of the state through the use of vehicle and infrastructure financing assistance.

(6)(i) Building on the information and experience gained from the transit oriented development project at the King’s Gate park and ride, the department must identify a pilot park and ride with future public-private partnership development potential in Pierce county and report back to the transportation committees of the legislature by June 30, 2021, with a proposal for moving forward with a pilot project.

Sec. 913. 2020 c 219 s 215 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION—HIGHWAY MAINTENANCE—PROGRAM M

Motor Vehicle Account—State Appropriation ...............($8,844,000) $461,472,000

State Route Number 520 Corridor Account—State Appropriation ...............($4,422,000) $4,222,000

Toll Lanes Account—State Appropriation ...............$487,805,000

TOTAL APPROPRIATION ...................................... ($513,575,000) $1,539,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) $6,170,000 of the motor vehicle account—state appropriation is provided solely for utility fees assessed by local governments as authorized under RCW 90.03.525 for the mitigation of stormwater runoff from state highways. Plan and reporting requirements as required in chapter 435, Laws of 2019 (Local Stormwater Charges) shall be consistent with the January 2012 findings of the Joint Transportation Committee Report for Effective Cost Recovery Structure for WSDOT, Jurisdictions, and Efficiencies in Stormwater Management.

(b) Pursuant to RCW 90.03.525(3), the department and the utilities imposing charges to the department shall negotiate with the goal of agreeing to rates such that the total charges to the department for the 2019-2021 fiscal biennium do not exceed the amount provided in this subsection. The department shall report to the transportation committees of the legislature on the amount of funds requested, the funds granted, and the strategies used to keep costs down, by January 17, 2021. If chapter 435, Laws of 2019 (local stormwater charges) is enacted by June 30, 2019, this subsection (1)(b) does not take effect.

(2) ($4,447,000) $4,422,000 of the state route number 520 corridor account—state appropriation is provided solely to maintain the state route number 520 floating bridge. These funds must be used in accordance with RCW 47.56.830(3).

(3) ($1,549,000) $1,539,000 of the Tacoma Narrows toll bridge account—state appropriation is provided solely to...
maintain the new Tacoma Narrows bridge. These funds must be used in accordance with RCW 47.56.830(3).

(4) $2,050,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely to maintain the Interstate 405 and state route number 167 express toll lanes between Lynnwood and Bellevue, and Renton and the southernmost point of the express toll lanes. These funds must be used in accordance with RCW 47.56.830(3).

(5) $2,478,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely for maintenance for the 2019-2021 fiscal biennium only on the Interstate 405 roadway between Renton and Bellevue.

(6) $5,000,000 of the motor vehicle account—state appropriation is provided solely for a contingency pool for snow and ice removal. The department must notify the office of financial management and the transportation committees of the legislature when they have spent the base budget for snow and ice removal and will begin using the contingency pool funding.

(7) $1,025,000 of the motor vehicle account—state appropriation is provided solely for the department to implement safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle at levels above that being implemented as of January 1, 2019. The department must contract out or hire a crew dedicated solely to collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public, department employees, or people encamped upon department-owned rights-of-way. The department may request assistance from the Washington state patrol as necessary in order for both agencies to provide enhanced safety-related activities regarding the emergency hazards along state highway rights-of-way in the Seattle area.

(8) $1,015,000 of the motor vehicle account—state appropriation is provided solely for a partnership program between the department and the city of Tacoma. The program shall address the safety and public health problems created by homeless encampments on the department's property along state highways within the city limits. $570,000 is for dedicated department maintenance staff and associated clean-up costs. The department and the city of Tacoma shall enter into a reimbursable agreement to cover up to $445,000 of the city's expenses for clean-up crews and landfill costs.

(9) The department must commence a pilot program for the 2019-2021 fiscal biennium at the four highest demand safety rest areas to create and maintain an online calendar for volunteer groups to check availability of weekends for the free coffee program. The calendar must be updated at least weekly and show dates and times that are, or are not, available to participate in the free coffee program. The department must submit a report to the legislature on the ongoing pilot by December 1, 2020, outlining the costs and benefits of the online calendar pilot, and including surveys from the volunteer groups and agency staff to determine its effectiveness.

vehicle, wheelchair-accessible taxicabs that are clearly and identifiably marked as such on all sides of the vehicle are considered public transportation vehicles and must be authorized to use the reserved portion of the highway.

(e) Nothing in this subsection (2) is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for express toll lanes.

(3) When regional transit authority construction activities are visible from a state highway, the department shall allow the regional transit authority to place safe and appropriate signage informing the public of the purpose of the construction activity.

(4) The department must make signage for low-height bridges a high priority.

(5) $32,000,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, $53,000 of the state route number 520 corridor account—state appropriation, $31,000 of the Tacoma Narrows toll bridge account—state appropriation, and $26,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the traffic operations program's proportional share of time spent supporting tolling operations for the respective tolling facilities.

The appropriations in this section are subject to the following conditions and limitations:

(1) $2,000,000 of the motor vehicle account—state appropriation is provided solely for a grant program that makes awards for the following: (a) Support for nonprofit agencies, churches, and other entities to help provide outreach to populations underrepresented in the current apprenticeship programs; (b) preapprenticeship training; and (c) child care, transportation, and other supports that are needed to help women, veterans, and minorities enter and succeed in apprenticeship. The department must report on grants that have been awarded and the amount of funds disbursed by December 1st each year. If moneys are provided in the omnibus operating appropriations act for a career connected learning grant program, defined in chapter . . . (Substitute House Bill No. 1336), Laws of 2019, or otherwise, the amount provided in this subsection lapses.

(2) $150,000 of the motor vehicle account—state appropriation is provided solely for a user-centered and mobile-compatible web site redesign using estimated web site ad revenues.

(3) From the revenues generated by the five dollar per studded tire fee under RCW 46.37.427, $250,000 of the motor vehicle account—state appropriation is provided solely for the department, in consultation with the appropriate local jurisdictions and relevant stakeholder groups, to establish a pilot media-based public information campaign regarding the damage of studded tire use on state and local roadways in Whatcom county, and to continue the existing pilot information campaign in Spokane county. The reason for the geographic selection of Spokane and Whatcom counties is based on the high utilization of studded tires in these jurisdictions. The public information campaigns must primarily focus on making the consumer aware of the safety implications for other drivers, road deterioration, financial impact for taxpayers, and, secondarily, the alternatives to studded tires. The Whatcom county pilot media-based public information campaign must begin by September 1, 2020. By January 14, 2021, the department must provide the transportation committees of the legislature an update on the Spokane and Whatcom county pilot media-based public information campaigns.

(4) $119,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, $199,000 of the state route number 520 corridor account—state appropriation, $116,000 of the Tacoma Narrows toll bridge account—state appropriation, and $100,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the transportation management and support program's proportional share of time spent supporting tolling operations for the respective tolling facilities.

(2) The study on state route number 518 referenced in section 218(5), chapter 297, Laws of 2018 must be submitted to the transportation committees of the legislature by November 30, 2019.

(3) $100,000 of the motor vehicle account—state appropriation is provided solely to complete the Tacoma mall direct access feasibility study.

(4) $672,900 of the motor vehicle account—federal appropriation is provided solely to complete the road usage charge pilot project overseen by the transportation commission using the remaining unspent amount of the federal grant award. The purpose of the road usage charge pilot project is to explore the viability of a road usage charge as a possible replacement for the gas tax.

(5) $121,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely for updating the state route number 167 master plan. If chapter 421, Laws of 2019 (addressing tolling) is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(6) $672,900 of the motor vehicle account—state appropriation, $121,000 of the state route number 520 corridor account—state appropriation, $121,000 of the Tacoma Narrows toll bridge account—state appropriation, and $104,000 of the Alaskan Way Viaduct replacement project account—state appropriation are provided solely for the transportation planning data and research program’s proportional share of time spent supporting tolling operations for the respective tolling facilities.

(7) By December 31, 2020, the department shall provide to the governor and the transportation committees of the legislature a report examining the feasibility of doing performance-based evaluations for projects. The department must incorporate feedback from stakeholder groups, including traditionally underserved and historically disadvantaged populations, and the report shall include the project evaluation procedures that would be used for the performance-based evaluation.

The appropriations in this section are subject to the following conditions and limitations:

(1) Consistent with existing protocol and practices, for any negotiated settlement of a claim against the state for the department that exceeds five million dollars, the department, in conjunction with the attorney general and the department of enterprise services, shall notify the director of the office of financial management and the transportation committees of the legislature.

(2) Beginning October 1, 2019, and quarterly thereafter, the department, in conjunction with the attorney general and the department of enterprise services, shall provide a report with judgments and settlements dealing with the Washington state ferry system to the director of the office of financial management and the transportation committees of the legislature. The report must include information on: (a) The number of claims and settlements by type; (b) the average claim and settlement by type; (c) defense costs associated with those claims and settlements; and (d) information on the impacts of moving legal costs associated with the Washington state ferry system into the statewide self-insurance pool.

(3) Beginning October 1, 2019, and quarterly thereafter, the department, in conjunction with the attorney general and the department of enterprise services, shall provide a report with judgments and settlements dealing with the nonferry operations of the department to the director of the office of financial management and the transportation committees of the legislature. The report must include information on: (a) The number of claims and settlements by type; (b) the average claim and settlement by type; and (c) defense costs associated with those claims and settlements.

(4) $122,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, $205,000 of the state route number 520 corridor account—state appropriation, $205,000 of the state route number 520 corridor account—state appropriation, $1,050,000 of the motor vehicle account—federal appropriation is provided solely for the Forward Drive road usage charge research project overseen by the transportation commission using a portion of the amount of the federal grant award. The purpose of the Forward Drive road usage charge research project is to advance research in key policy areas related to road usage charge including assessing impacts of future mobility shifts on road usage charge revenues, conducting an equity analysis, updating and assessing emerging mileage reporting methods, determining opportunities to reduce cost of collection, conducting small-scale pilot tests, and identifying a long-term, detailed phase-in plan.

Sec. 918. 2020 c 219 s 220 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION—
PUBLIC TRANSPORTATION—PROGRAM V

State Vehicle Parking Account—State Appropriation ...........................................................$784,000

Regional Mobility Grant Program Account—State Appropriation ........................................((($83,698,000))) $78,159,000

Rural Mobility Grant Program Account—State Appropriation ................................................. $32,223,000

Multimodal Transportation Account—State Appropriation .......................................................((($422,355,000))) $122,349,000

Multimodal Transportation Account—Federal Appropriation ....................................................$3,574,000

Multimodal Transportation Account—Local Appropriation ......................................................$100,000

TOTAL APPROPRIATION .......................................................((($247,734,000))) $237,189,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $62,698,000 of the multimodal transportation account—state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation. Of this amount:

(a) $14,297,000 of the multimodal transportation account—state appropriation is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided. Fuel type may not be a factor in the grant selection process.

(b) $48,401,000 of the multimodal transportation account—state appropriation is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2017 as reported in the "Summary of Public Transportation - 2017" published by the department of transportation. No transit agency may receive more than thirty percent of the amount appropriated in this subsection. Additionally, when allocating funding for the 2021-2023 biennium, no more than thirty percent of the total grant program may directly benefit or support one grantee. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant. Fuel type may not be a factor in the grant selection process.

(2) $32,223,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100. Fuel type may not be a factor in the grant selection process.

(3)(a) $10,539,000 of the multimodal transportation account—state appropriation is provided solely for a vanpool grant program for: (i) Public transit agencies to add vanpools or replace vans; and (ii) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds. Fuel type may not be a factor in the grant selection process.

(b) At least $1,600,000 of the amount provided in this subsection must be used for vanpool grants in congested corridors.

(4) $27,483,000 of the regional mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document ((2020) 2021-2 ALL PROJECTS as developed March ((41, 2020)) 22, 2021, Program - Public Transportation Program (V).

(5)(a) (($61,215,000)) $50,676,000 of the regional mobility grant program account—state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document ((2020) 2021-2 ALL PROJECTS as developed March ((41, 2020)) 22, 2021, Program - Public Transportation Program (V). The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2019, and December 15, 2020, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. Additionally, when allocating funding for the 2021-2023 biennium, no more than thirty percent of the total grant program may directly benefit or support one grantee. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant. Fuel type may not be a factor in the grant selection process.

(b) In order to be eligible to receive a grant under (a) of this subsection for the 2021-2023 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transport company regulated under chapter 81.66 RCW; a private employer transportation service regulated under chapter 81.68 RCW; a private transportation company regulated under chapter 81.70 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(6) Funds provided for the commute trip reduction (CTR) program may also be used for the growth and transportation efficiency center program.
(7) $7,670,000 of the multimodal transportation account—state appropriation and $784,000 of the state vehicle parking account—state appropriation are provided solely for CTR grants and activities. Fuel type may not be a factor in the grant selection process. Of this amount:

(a) $1,000,000 of the multimodal transportation account—state appropriation is provided solely for the STAR pass program for state employees residing in Mason and Grays Harbor Counties. Use of the pass is for public transportation between Mason County and Thurston County, and Grays Harbor and Thurston County. The pass may also be used within Grays Harbor County. The STAR pass commute trip reduction program is open to any state employee who expresses intent to commute to his or her assigned state worksite using a public transit system currently participating in the STAR pass program. 

(b) $30,000 of the state vehicle parking account—state appropriation is provided solely for the STAR pass program for state employees residing in Mason and Grays Harbor Counties.

(ii) The department shall update the transportation committees of the legislature on the impact of the program by January 31, 2020, and may adopt rules to administer the program.

(c) $1,000,000 of the multimodal transportation account—state appropriation is provided solely for a first mile/last mile connections grant program. Eligible grant recipients include cities, businesses, nonprofits, and transportation network companies with first mile/last mile solution proposals. Transit agencies are not eligible. The commute trip reduction board shall develop grant parameters, evaluation criteria, and evaluate grant proposals. The commute trip reduction board shall provide the transportation committees of the legislature a report on the effectiveness of this grant program and best practices for continuing the program.

(8) Except as provided otherwise in this subsection, $33,370,000 of the multimodal transportation account—state appropriation is provided solely for connecting Washington transit projects identified in LEAP Transportation Document ((2020)) 2021-2 ALL PROJECTS as developed March (((44, 2020))) 22, 2021. It is the intent of the legislature that entities identified to receive funding in the LEAP document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed a project in the LEAP document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(9) $1,000,000 of the multimodal transportation account—state appropriation is provided solely for transit coordination grants. Fuel type may not be a factor in the grant selection process.

(10) The department shall not require more than a ten percent match from nonprofit transportation providers for state grants.

(11)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (4) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) King County Metro - RapidRide Expansion, Burien-Delridge (G2000031);

(ii) King County Metro - Route 40 Northgate to Downtown (G2000032);

(iii) Mason Transit Park & Ride Development (G2000042); or

(iv) Pierce Transit - SR 7 Express Service (G2000045).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) To the extent practicable, the department shall use the flexibility and authority granted in this section to minimize the amount of reappropriations needed each biennium.

(12) $750,000 of the multimodal transportation account—state appropriation is provided solely for Intercity Transit for the Dash shuttle program.

(13)(a) $485,000 of the multimodal transportation account—state appropriation is provided solely for King county for:

(i) An expanded pilot program to provide certain students in the Highline, Tukwila, and Lake Washington school districts with an ORCA card during these school districts' summer vacations. In order to be eligible for an ORCA card under this program, a student must also be in high school, be eligible for free and reduced-price lunches, and have a job or other responsibility during the summer; and

(ii) Providing administrative support to other interested school districts in King county to prepare for implementing similar programs for their students.

(b) King county must provide a report to the department and the transportation committees of the legislature by December 15, 2021, regarding:

(i) The annual student usage of the pilot program;

(ii) Available ridership data;

(iii) A cost estimate, including a detailed description of the various expenses leading to the cost estimate, and any other factors relevant to expanding the program to other King county school districts;

(iv) A cost estimate, including a detailed description of the various expenses leading to the cost estimate, and any other factors relevant to expanding the program to student populations other than high school or eligible for free and reduced-price lunches;

(v) Opportunities for subsidized ORCA cards or local grant or matching funds; and

(vi) Any additional information that would help determine if the pilot program should be extended or expanded.

(14) $12,000,000 of the multimodal transportation account—state appropriation is provided solely for the green transportation capital grant program established in chapter 287, Laws of 2019 (advancing green transportation adoption).

(15) $555,000 of the multimodal transportation account—state appropriation is provided solely for an interagency transfer to the Washington State University extension energy program to establish and administer a technical assistance and education program for public agencies on the use of alternative fuel vehicles.

(16) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to
provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) No allotment modifications may be made to amounts provided solely for the special needs transportation grant program;

(b) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(c) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document (2020) 2021-2 ALL PROJECTS as developed March (11, 2020) 22, 2021;

(d) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the multimodal transportation account—state; and

(e) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

((442)) (17)(a) The Washington state department of transportation public transportation division, working with the Thurston regional planning council, shall provide state agency management, the office of financial management, and the transportation committees of the legislature with results of their regional mobility grant program demonstration project I-5/SUS 101 Practical Solutions: State Capitol Campus Transportation Demand Management – Mobile Work. This includes reporting after the 2020 legislative session on the measurable results of an early pilot initiative, "Telework Tuesday," beginning in January 2020.

(b) Capitol campus state agency management is directed to fully participate in this work, which aims to reduce greenhouse gases, require less office space and parking investments; provide low cost congestion relief on I-5 during peak periods, US 101, and the local transportation network; and improve retention and recruitment of public employees. The agencies should actively:

Encourage employees qualified to telework to participate in this program and increase the number of employees who qualify for mobile work and schedule shifts.

(c) If measurable success is achieved, the capitol campus state agencies shall provide options to expand the project to other jurisdictions concentrated with large employers. Expansion and encouragement of telework will help reduce demand on the transportation system, reduce traffic during peak hours, and reduce greenhouse gas emissions.

Sec. 919. 2020 c 219 s 221 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION—MARINE—PROGRAM X

Motor Vehicle Account—State Appropriation ............ $250,000 Puget Sound Ferry Operations Account—State Appropriation ...........................................((545,997,000)) $487,445,000

Puget Sound Ferry Operations Account—Federal Appropriation ...........................................((7,922,000)) $47,169,000

Puget Sound Ferry Operations Account—Private/Local Appropriation ...........................................((554,300,000)) $121,000

TOTAL APPROPRIATION .....................................................((534,985,000)) $534,985,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2019-2021 supplemental and 2021-2023 omnibus transportation appropriations act requests, as determined jointly by the office of financial management, the Washington state ferries, and the transportation committees of the legislature. This level of detail must include the administrative functions in the operating as well as capital programs.

(2) For the 2019-2021 fiscal biennium, the department may enter into a distributor controlled fuel hedging program and other methods of hedging approved by the fuel hedging committee, which must include a representative of the department of enterprise services.

(3) ((32,161,000)) $67,052,000 of the Puget Sound ferry operations account—state appropriation is provided solely for auto ferry vessel operating fuel in the 2019-2021 fiscal biennium, which reflect cost savings from a reduced biodiesel fuel requirement and, therefore, is contingent upon the enactment of section 703, chapter 416, Laws of 2019. The amount provided in this subsection represents the fuel budget for the purposes of calculating any ferry fare fuel surcharge. The department shall review future use of alternative fuels and dual fuel configurations, including hydrogen.

(4) $650,000 of the Puget sound ferry operations account—state appropriation is provided solely for increased staffing at Washington ferry terminals to meet increased workload and customer expectations. Within the amount provided in this subsection, the department shall contract with uniformed officers for additional traffic control assistance at the Kingston ferry terminal during peak ferry travel times, with a particular focus on Sundays and holiday weekends. Traffic control methods should include, but not be limited to, holding traffic on the shoulder at Lindvog Road until space opens for cars at the tollbooths and dock, and management of traffic on Highway 104 in order to ensure Kingston residents and business owners have access to businesses, roads, and driveways.

(5) $254,000 of the Puget Sound ferry operations account—state appropriation is provided solely for a dedicated inventory logistics manager on a one-time basis.

(6) $500,000 of the Puget Sound ferry operations account—state appropriation is provided solely for operating costs related to moving vessels for emergency capital repairs. Funds may only be spent after approval by the office of financial management.

(7) By January 1, 2020, the ferries division must submit a workforce plan for reducing overtime due to shortages of staff available to fill vacant crew positions. The plan must include numbers of crew positions being filled by staff working overtime, strategies for filling these positions with straight time employees, progress toward implementing those strategies, and a forecast for when overtime expenditures will return to historical averages.

(8) $160,000 of the Puget Sound ferry operations account—state appropriation is provided solely for a ferry fleet baseline noise study, conducted by a consultant, for the purpose of establishing plans and data-driven goals to reduce ferry noise when Southern resident orca whales are present. In addition, the study must establish prioritized strategies to address vessels serving routes with the greatest exposure to orca whale movements.

(9) (a) $250,000 of the motor vehicle account—state appropriation is provided solely for the department, in consultation with the Washington state transportation center, to develop a plan for service on the triangle route with a goal of providing maximum sailings moving the most passengers to all
stops in the least travel time, including waits between sailings, within budget and resource constraints.

(b) The Washington state transportation center must use new traffic management models and scheduling tools to examine proposed improvements for the triangle route. The department shall report to the standing transportation committees of the legislature by January 15, 2021. The report must include:

(i) Implementation and status of data collection, modeling, scheduling, capital investments, and procedural improvements to allow Washington state ferries to schedule more sailings to and from all stops on the triangle route with minimum time between sailings;

(ii) Recommendations for emergency boat allocations, regular schedule policies, and emergency schedule policies based on all customers alternative travel options to ensure that any dock with no road access is prioritized in scheduling and scheduled service is provided based on population size, demographics, and local medical services;

(iii) Triangle route pilot economic analysis of Washington state ferries fare revenue and fuel cost impact of offering additional, better spaced sailings;

(iv) Results of an economic analysis of the return on investment of potentially acquiring and using traffic control infrastructure, technology, walk on loading bridges, and Good-to-Go and ORCA replacement of current fare sales, validation, collections, accounting, and all associated labor and benefits costs that can be saved via those capital investments; and

(v) Recommendation on policies, procedures, or agency interpretations of statute that may be adopted to mitigate any delays or disruptions to scheduled sailings.

(10) $15,139,000 of the Puget Sound ferry operations account—state appropriation is provided solely for training. Of the amount provided in this subsection:

(a) $2,500,000 is for training for new employees.

(b) $160,000 is for electronic chart display and information system training.

(c) $379,000 is for marine evacuation slide training.

(11) $1,600,000 of the Puget Sound ferry operations account—state appropriation is provided solely for naval architecture staff support for the marine maintenance program.

(12) $336,000 of the Puget Sound ferry operations account—state appropriation is provided solely for inspections of fall restraint systems.

(13) $4,361,000 of the Puget Sound ferry operations account—state appropriation is provided solely for overtime expenses incurred by engine and deck crew members.

(14) $1,200,000 of the Puget Sound ferry operations account—state appropriation is provided solely for familiarization for new assignments of engine crew and terminal staff.

(15) $100,000 of the Puget Sound ferry operations account—state appropriation is provided solely to develop a plan for upgrading a second vessel to meet the international convention for the safety of life at sea standards. The plan must identify the option with the lowest impacts to sailing schedules.

(16) The department must request reimbursement from the federal transit administration for the maximum amount of ferry operating expenses eligible for reimbursement under federal law.

Appropriation ......................................................... $717,000

((Multimodal Transportation Account—Federal Appropriation ......................................................... $500,000))

TOTAL APPROPRIATION ........................................... ($717,000)

$47,568,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a)(i) $224,000 of the multimodal transportation account—state appropriation and $671,000 of the multimodal transportation account—private/local appropriation are provided solely for continued analysis of the ultra high-speed ground transportation corridor in a new study, with participation from Washington, Oregon, and British Columbia. No funds may be expended until the department is in receipt of $671,000 in private/local funding provided solely for this purpose.

(ii) The ultra high-speed ground transportation corridor advisory group must include legislative membership.

(iii) "Ultra high-speed" means a maximum testing speed of at least two hundred fifty miles per hour.

(b) The study must consist of the following:

(i) Development of proposed corridor governance, general powers, operating structure, legal instruments, and contracting requirements, in the context of the roles of relevant jurisdictions, including federal, state, provincial, and local governments;

(ii) Development of a long-term funding and financing strategy for project initiation, development, construction, and program administration of the high-speed corridor, building on the funding and financing chapter of the 2019 business case analysis and aligned with the recommendations of (b)(i) of this subsection; and

(iii) Development of recommendations for a department-led ultra-high speed corridor engagement plan for policy leadership from elected officials.

(c) This study must build on the results of the 2018 Washington state ultra high-speed ground transportation business case analysis and the 2019 Washington state ultra high-speed ground transportation study findings report. The department shall consult with the transportation committees of the legislature regarding all issues related to proposed corridor governance.

(d) The development work referenced in (b) of this subsection is intended to identify and make recommendations related to specific entities, including interjurisdictional entities, policies, and processes required for the purposes of furthering preliminary analysis efforts for the ultra high-speed ground transportation corridor. This development work is not intended to authorize one or more entities to assume decision making authority for the design, construction, or operation of an ultra high-speed rail corridor.

(e) By December 1, 2020, the department shall provide to the governor and the transportation committees of the legislature a report of the study’s findings regarding the three elements noted in this subsection. As applicable, the report should also be sent to the executive and legislative branches of government in the state of Oregon and appropriate government bodies in the province of British Columbia.

(2) The department is directed to continue to pursue efforts to reduce costs, increase ridership, and review Amtrak Cascades fares and fare schedules. Within thirty days of each annual cost/revenue reconciliation under the Amtrak service contract, the department shall report annual credits to the office of financial management and the legislative transportation committees. Annual credits from Amtrak to the department including, but not limited to, credits due to higher ridership, reduced level of service, and fare or fare schedule adjustments, must be used to offset corresponding amounts of the multimodal transportation account—state appropriation, which must be placed in reserve.
Sec. 921. 2020 c 219 s 223 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION—LOCAL PROGRAMS—PROGRAM Z—OPERATING

Motor Vehicle Account—State Appropriation ....................................................... (($12,187,000)) $12,441,000

Motor Vehicle Account—Federal Appropriation ............................................... $2,567,000

Multiuse Roadway Safety Account—State Appropriation ....................................... $450,000

Multiuse Transportation Account—State Appropriation ........................................... $350,000

TOTAL APPROPRIATION ....................................................... (($15,554,000)) $15,808,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $350,000 of the multimodal transportation account—state appropriation is provided solely for a study by the Puget Sound regional council of new passenger ferry service to better connect communities throughout the twelve county Puget Sound region. The study must assess potential new routes, identify future terminal locations, and provide recommendations to accelerate the electrification of the ferry fleet. The study must identify future passenger only demand throughout Western Washington, analyze potential routes and terminal locations on Puget Sound, Lake Washington, and Lake Union with an emphasis on preserving waterfront opportunities in public ownership and opportunities for partnership. The study must determine whether and when the passenger ferry service achieves a net reduction in carbon emissions including an analysis of the emissions of modes that passengers would otherwise have used. The study must include early and continuous outreach with all interested stakeholders and a report to the legislature and all interested parties by January 31, 2021.

(2) $1,142,000 of the motor vehicle account—state appropriation is provided solely for the department, from amounts set aside out of statewide fuel taxes distributed to counties according to RCW 46.68.120(3), to contract with the Washington state association of counties to:

- In coordination with stakeholders, identify county-owned fish passage barriers, with priority given to barriers that share the same stream system as state-owned fish passage barriers. The study must identify, map, and provide a preliminary assessment of county-owned barriers within the same stream system as state-owned barriers.
- The study must identify, map, and provide a preliminary assessment of county-owned barriers that need correction, and provide, where possible, preliminary costs estimates for each barrier correction. The study must provide recommendations on:
  - How to prioritize county-owned barriers within the same stream system of state-owned barriers in the current six-year construction plan to maximize state investment; and
  - How future state six-year construction plans should incorporate county-owned barriers;
- Update the local agency guidelines manual, including exploring alternatives within the local agency guidelines manual on county priorities;
- Study the current state of county transportation funding, identify emerging issues, and identify potential future alternative transportation funding sources to meet current and future needs.

(3) The entire multiuse roadway safety account—state appropriation is provided solely for grants under RCW 46.09.540, subject to the following limitations:

- Twenty-five percent of the amounts provided are reserved for counties that each have a population of fifteen thousand persons or less; and
- Seventy-five percent of the amounts provided are reserved for counties that each have a population exceeding fifteen thousand persons; and
- No county that receives a grant or grants under (b) of this subsection may receive more than sixty thousand dollars in total grants.

(4) $260,000 of the motor vehicle account—state appropriation is provided solely for the Wahkiakum county ferry operating deficit.

TRANSPORTATION AGENCIES—CAPITAL

Sec. 1001. 2020 c 219 s 301 (uncodified) is amended to read as follows:

FOR THE FREIGHT MOBILITY STRATEGIC INVESTMENT BOARD

Freight Mobility Investment Account—State Appropriation ........................................ (($23,015,000)) $17,344,000

Highway Safety Account—State Appropriation ................................................. $81,000

Motor Vehicle Account—State Appropriation ................................................... (($4,992,000)) $4,454,000

Motor Vehicle Account—Federal Appropriation ............................................... $1,250,000

Motor Vehicle Account—Federal Appropriation ............................................... $1,899,000

Motor Vehicle Account—Multi Modal Account—Private/Local Appropriation ....... $4,544,000

TOTAL APPROPRIATION ....................................................... (($26,144,000)) $28,193,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as otherwise provided in this section, the entire appropriations in this section are provided solely for the projects by amount, as listed in the LEAP Transportation Document ((2020-3)) 2021-2: ALL PROJECTS as developed March ((44, 2020)) 22, 2021, ((Conference)) Program - FMSIB (Project List).

(2) Until directed by the legislature, the board may not initiate a new call for projects. By January 1, 2020, the board must report to the legislature on alternative proposals to revise its project award and obligation process, which result in lower reappropriations.

(44) (3) It is the intent of the legislature to continue to make strategic investments in a statewide freight mobility transportation system with the help of the freight mobility strategic investment board, including projects that mitigate the impact of freight movement on local communities.

Sec. 1002. 2020 c 219 s 302 (uncodified) is amended to read as follows:

FOR THE COUNTY ROAD ADMINISTRATION BOARD

Rural Arterial Trust Account—State Appropriation ................................................ (($502,884,000)) $51,184,000

Motor Vehicle Account—State Appropriation ............................................... $1,456,000

County Arterial Preservation Account—State Appropriation ........................................... $39,590,000

TOTAL APPROPRIATION ....................................................... (($103,930,000)) $92,230,000

Sec. 1003. 2020 c 219 s 304 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION—FACILITIES—PROGRAM D—(DEPARTMENT OF TRANSPORTATION-ONLY PROJECTS)—CAPITAL

Motor Vehicle Account—State Appropriation ....................................................... (($51,187,000)) $49,717,000
The appropriations in this section are subject to the following conditions and limitations:

1. Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document (2020) 2021-1 as developed March (44, 2020) 22, 2021, Program - Highway Improvements Program (1). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 (of this act), chapter 219, Laws of 2020.

2. Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities as listed in LEAP Transportation Document (2020) 2021-2 ALL PROJECTS as developed March (44, 2020) 22, 2021, Program - Highway Improvements Program (1). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities or fish passage barrier corrections (0BI4001).

3. Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

4. The connecting Washington account—state appropriation includes up to ($1,083,325,000) $1,085,325,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

5. The special category C account—state appropriation includes up to (($243,911,000)) $19,911,000 in proceeds from the sale of bonds authorized in RCW 47.10.812.

6. The transportation partnership account—state appropriation includes up to (($162,658,000)) $175,140,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

7. The Alaskan Way viaduct replacement project account—state appropriation includes up to $77,956,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

8. (($168,757,000)) $162,005,000 of the transportation partnership account—state appropriation, (($11,920,000)) $17,898,000 of the motor vehicle account—private/local appropriation, $3,384,000 of the transportation 2003 account (nickel account)—state appropriation, $77,956,000 of the Alaskan Way viaduct replacement project account—state appropriation, and (($1,183,000)) $854,000 of the multimodal transportation account—state appropriation are provided solely for the SR 99/Alaskan Way Viaduct Replacement project (809936Z). It is the intent of the legislature that the $25,000,000 increase in funding provided in the 2021-2023 fiscal biennium be covered by any legal damages paid to the state as a result of a lawsuit related to contractual provisions for construction and delivery of the Alaskan Way Viaduct replacement project. The legislature intends that the $25,000,000 of the transportation partnership account—state funds be repaid when those damages are recovered.

(9) $3,000,000 of the multimodal transportation account—state appropriation is provided solely for transit mitigation for the SR 99/Viaduct Project - Construction Mitigation project (809940B).

(10) (($165,655,000)) $148,097,000 of the connecting Washington account—state appropriation, $1,052,000 of the special category C account—state appropriation, and (($238,150,000)) $1,338,000 of the motor vehicle account—private/local appropriation are provided solely for the US 395 North Spokane Corridor project (M00800R).

(11) (($82,991,000)) $29,187,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely for the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) for activities related to adding capacity on Interstate 405 between state route number 522 and Interstate 5, with the goals of increasing vehicle throughput and aligning project completion with the implementation of bus rapid transit in the vicinity of the project.

(12)(a) (($422,000,000)) $356,007,000 of the connecting Washington account—state appropriation and (($456,000)) $400,000 of the motor vehicle account—private/local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R).

(b) Recognizing that the department of transportation requires full possession of parcel number 1-23190 to complete the Montlake Phase of the West End project, the department is directed to:

(i) Work with the operator of the Montlake boulevard market located on parcel number 1-23190 to negotiate a lease allowing continued operations up to January 1, 2020. After that time, the department shall identify an area in the vicinity of the Montlake property for a temporary market or other food service to be provided during the period of project construction. Should the current operator elect not to participate in providing that temporary service, the department shall then develop an outreach plan with the city to solicit community input on the food services provided, and then advertise the opportunity to other potential vendors. Further, the department shall work with the city of Seattle and existing permit processes to facilitate vendor access to and use of the area in the vicinity of the Montlake property.

(ii) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), WSDOT shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(c) $60,000 of the motor vehicle account—state appropriation is provided solely for grants to nonprofit organizations located in a city with a population exceeding six hundred thousand persons and that empower artists through equitable access to vital expertise, opportunities, and business services. Funds may be used only for the purpose of preserving, commemorating, and sharing the history of the city of Seattle's freeway protests and making the history of activism around the promotion of more integrated transportation and land use planning accessible to current and future generations through the preservation of Bent 2 of the R. H. Thompson freeway ramp.

(13) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue $50,000,000 in federal funds to pay for this project to supplant state funds in the future. $50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(14) (($310,469,000)) $172,911,000 of the connecting Washington account—state appropriation (($15,129,590,000)) $12,599,000 of the motor vehicle account—private/local appropriation, $2,500,000 of the motor vehicle account—state appropriation, and ($1,500,000) of the motor vehicle account—federal appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

(c) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on how and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(d) It is the legislature's intent that the department shall construct a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the base project is fully funded, the funds must first be applied toward the completion of these two full single-point urban interchanges.

(e) In designing the state route number 509/state route number 516 interchange component of the SR 167/SR 509 Puget Sound Gateway project (M00600R), the department shall make every effort to utilize the preferred “4B” design.

(f) The department shall explore the development of a multiuse trail for bicyclists, pedestrians, skateboarders, and similar users along the SR 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park.

(g) If sufficient bonding authority to complete this project is not provided within chapter 421, Laws of 2019 (addressing tolling), or within a bond authorization act referencing chapter 421, Laws of 2019 by June 30, 2019, it is the intent of the legislature to return the Puget Sound Gateway project (M00600R) to its previously identified construction schedule by moving $128,900,000 in connecting Washington account—state appropriation back to the 2027-2029 biennium from the 2023-2025 biennium on the list referenced in subsection (2) of this section. If sufficient bonding authority is provided, it is the intent of the legislature to advance the project to allow for earlier completion and inflationary savings.

(15) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(16) (($1,029,000)) $1,030,000 of the transportation partnership account—state appropriation is provided solely for the U.S. 2 Trestle IJR project (L1000158).

(17) The department shall itemize all future requests for the construction of buildings on a project list and submit them
through the transportation executive information system as part of the department’s annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(18) Any advisory group that the department convenes during the 2019-2021 fiscal biennium must consider the interests of the entire state of Washington.

(19) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2021, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(20)(a) For connecting Washington projects that have already begun and are eligible for the authority granted in section 601 ((of this act)), chapter 219, Laws of 2020, the department shall prioritize advancing the following projects if expected reappropriations become available:

(i) SR 14/I-205 to SE 164th Ave - Auxiliary Lanes (L2000102);
(ii) SR 305 Construction - Safety Improvements (N305008);
(iii) SR 14/Bingen Underpass (L2200062);
(iv) I-405/NE 132nd Interchange - Totem Lake (L1000110);
(v) US 2 Safety (N002008);
(vi) US-12/Walla Walla Corridor Improvements (T209000R);
(vii) I-5 JBLM Corridor Improvements (M00100R);
(viii) I-5/Slater Road Interchange - Improvements (L1000099);
(ix) SR 510/Yelm Loop Phase 2 (T32700R); or
(x) SR 520/124th St Interchange (Design and Right of Way) (L1000098).

(b) To the extent practicable, the department shall use the flexibility and authority granted in this section and in section 601 of this act to minimize the amount of reappropriations needed each biennium.

(c) The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(21) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.085, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, they are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value, construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

(22)(a) ((($17,500,000)))) $8,072,000 of the motor vehicle account—state appropriation ((is)) and $7,329,000 of the motor vehicle account—private/local appropriation are provided solely for staffing of a project office to replace the Interstate 5 bridge across the Columbia river (G2000088). If at least a $9,000,000 transfer is not authorized in section 406(29), chapter 416, Laws of 2019, then $9,000,000 of the motor vehicle account—state appropriation lapses.

(b) ((Of the amount provided in this subsection, $7,780,000 of the motor vehicle account—state appropriation must be placed in an unappropriated account that the department shall develop a detailed plan for the work of this project in consultation with the chairs and ranking members of the transportation committees of the legislature. The director of the office of financial management shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

(23) The work of this project office includes, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders and the public, and the reevaluation of scope, schedule, and budget for a reinvigorated bistate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts.

(24) Within the amount provided in this subsection, the department must implement chapter 137, Laws of 2019 (projects of statewide significance).

The department shall have as a goal to:

(i) Reengage project stakeholders and reevaluate the purpose and need and environmental permits by July 1, 2020;
(ii) Develop a finance plan by December 1, 2020; and
(iii) Have made significant progress toward beginning the supplemental environmental impact statement process by June 30, 2021. The department shall aim to provide a progress report on these activities to the governor and the transportation committees of the legislature by December 1, 2019, and a final report to the governor and the transportation committees of the legislature by December 1, 2020.

(25) $17,500,000 of the motor vehicle account—state appropriation is provided solely to begin the pre-design phase on the I-5 Columbia River Bridge project (G2000088).

(26)(a) $191,360,000 of the connecting Washington account—state appropriation, $47,655,000 of the motor vehicle account—federal appropriation, $11,179,000 of the motor vehicle account—private/local appropriation, $6,160,000 of the motor vehicle account—state appropriation, and $18,706,000 of the transportation partnership account—state appropriation are provided solely for the Fish Passage Barrier Removal project (0BI4001) with the intent of fully complying with the court injunction by 2030.

(b) Of the amounts provided in this subsection, $3,200,000 of the connecting Washington account—state appropriation is provided solely to remove the fish passage barrier on state route number 6
that interfaces with Boistfort Valley water utilities near milepost 46.6.

(c) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach to maximize habitat gain by replacing both state and local culverts. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, ability to leverage investments by others, presence of other barriers, project readiness, other transportation projects in the area, and transportation impacts.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(e) It is the intent of the legislature that for the amount listed for the 2021-2023 biennium for the Fish Passage Barrier Removal project (0B14001) on the LEAP list referenced in subsection (1) of this section, that accrued practical design savings deposited in the transportation future funding program account be used to help fund the cost of fully complying with the court injunction by 2030.

(((25))) (24)(a) The Washington state department of transportation is directed to pursue compliance with the U.S. v. Washington permanent injunction by delivering culvert corrections within the injunction area guided by the principle of providing the greatest fisheries habitat gain at the earliest time and considering the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert condition, other transportation projects in the area, and transportation impacts.

(b) The department and Brian Abbott fish barrier removal board, while providing the opportunity for stakeholders, tribes, and government agencies to give input on a statewide culvert remediation plan, must provide updates on the development of the statewide culvert remediation plan to the capital budget, ways and means, and transportation committees of the legislature by November 1, 2020, and March 15, 2021. The first update must include a project timeline and plan to ensure that all state agencies with culvert correction programs are involved in the creation of the comprehensive plan. The department and Brian Abbott fish barrier removal board must submit the final comprehensive statewide culvert remediation plan and the process by which it will be adaptively managed over time to the governor and the legislative fiscal committees by June 30, 2021.

(((26) $16,649,000)) (25) $4,880,000 of the connecting Washington account—state appropriation, $373,000 of the motor vehicle account—state appropriation, and ($6,000,000) $113,000 of the motor vehicle account—private/local appropriation are provided solely for the I-90/Barker to Harvard - Improve Interchanges & Local Roads project (L2000122).

The connecting Washington account appropriation for the improvements that fall within the city of Liberty Lake may only be expended if the city of Liberty Lake agrees to cover any project costs within the city of Liberty Lake above the $20,900,000 of state appropriation provided for the total project in LEAP Transportation Document (2020) 2021-1 as developed March ((11, 2020)) 22, 2021, Program – Highway Improvements (I).

(b) If sufficient bonding authority to complete this project is not provided within chapter 421, Laws of 2019 (addressing tolling), or within a bond authorization act referencing chapter 421, Laws of 2019 by June 30, 2019, it is the intent of the legislature to remove the $100,000,000 in toll funding from this project on the list referenced in subsection (2) of this section.

(((28))) (27) For the I-405/North 8th Street Direct Access Ramp in Renton project (L1000280), if sufficient bonding authority to begin this project is not provided within chapter 421, Laws of 2019 (addressing tolling), or within a bond authorization act referencing chapter 421, Laws of 2019, it is the intent of the legislature to remove the project from the list referenced in subsection (2) of this section.

(((33)) $1,000,000) (32) $1,001,000 of the motor vehicle account—state appropriation (is) and $1,227,000 of the motor vehicle account—federal appropriation are provided solely for the US 101/Morse Creek Safety Barrier project (L1000247).

(((34)) $1,000,000) (33) $85,000 of the motor vehicle account—state appropriation is provided solely for the SR 162/410 Interchange Design and Right of Way project (L1000276).

(((36a))) (34) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document (2020) 2021-2 ALL PROJECTS as developed March ((11, 2020)) 22, 2021;

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Multimodal transportation account—state, transportation partnership account—state, connecting Washington account—state, and special category C account—state; and
(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

Sec. 1005. 2020 c 219 s 306 (uncodified) is amended to read as follows:

TOTAL APPROPRIATION ........................................ ($816,960,000)

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((2020)) 2021-1 as developed March ((14, 2020)) 22, 2021, Program - Highway Preservation Program (P). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 ((of this act)), chapter 219, Laws of 2020.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document ((2020)) 2021-2 ALL PROJECTS as developed March ((14, 2020)) 22, 2021, Program - Highway Preservation Program (P). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities or fish passage barrier corrections (0BI4001).

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) ((($26,683,000)))) $21,517,000 of the connecting Washington account—state appropriation is provided solely for the land mobile radio upgrade (G2000055) and is subject to the conditions, limitations, and review provided in section 701 ((of this act)), chapter 219, Laws of 2020. The land mobile radio project is subject to technical oversight by the office of the chief information officer. The department, in collaboration with the office of the chief information officer, shall identify where existing or proposed mobile radio technology investments should be consolidated, identify when existing or proposed mobile radio technology investments can be reused or leveraged to meet multiagency needs, increase mobile radio interoperability between agencies, and identify how redundant investments can be reduced over time. The department shall also provide quarterly reports to the technology services board on project progress.

(5) ((($4,000,000)))) $5,000,000 of the motor vehicle account—state appropriation is provided solely for the preservation of structurally deficient bridges or bridges that are at risk of becoming structurally deficient (L1000068). These funds must be used widely around the state of Washington. When practicable, the department shall pursue design-build contracts for these bridge projects to expedite delivery. The department shall provide a report that identifies the progress of each project funded in this subsection as part of its annual agency budget request.

(6) The appropriation in this section includes funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

(7) $21,289,000 of the motor vehicle account—federal appropriation and $840,000 of the motor vehicle account—state appropriation are provided solely for the preservation of structurally deficient bridges or bridges that are at risk of becoming structurally deficient (L1000068). These funds must be used widely around the state of Washington. When practicable, the department shall pursue design-build contracts for these bridge projects to expedite delivery. The department shall provide a report that identifies the progress of each project funded in this subsection as part of its annual agency budget request.

(8) The department must consult with the Washington state patrol and the office of financial management during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

(9) During the course of any planned resurfacing or other preservation activity on state route number 26 between Colfax and Othello in the 2019-2021 fiscal biennium, the department must add dug-in reflectors.
(10) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. The department's next budget submittal after using this subsection must appropriately reflect the transfer.

(2) $2,857,000 of the Puget Sound capital construction account—state appropriation, ($17,932,000) $18,818,000 of the Puget Sound capital construction account—federal appropriation, and $63,789,000 of the connecting Washington account—state appropriation, are provided solely for the Mukilteo ferry terminal (952515P). To the extent practicable, the department shall avoid the closure of, or disruption to, any existing public access walkways in the vicinity of the terminal project during construction.

(3) $94,643,000 of the Puget Sound capital construction account—federal appropriation, $47,819,000 of the connecting Washington account—state appropriation, and $4,355,000 of the Puget Sound capital construction account—local appropriation are provided solely for the Seattle Terminal Replacement project (900010L).

(4) $5,357,000 of the Puget Sound capital construction account—state appropriation is provided solely for emergency capital repair costs (999910K). Funds may only be spent after approval by the office of financial management.

(5) $2,224,000 of the Puget Sound capital construction account—state appropriation is provided solely for the ORCA acceptance project (L2000300). The ferry system shall work with Washington technology solutions and the tolling division on the development of a new, interoperable ticketing system.

(6) $495,000 of the Puget Sound capital construction account—state appropriation is provided solely for an electric ferry planning team (G2000087) to develop ten-year and twenty-year implementation plans to efficiently deploy hybrid-electric vessels, including a cost-benefit analysis of construction and operation of hybrid-electric vessels with and without charging infrastructure. The plan includes, but is not limited to, vessel technology and feasibility, vessel and terminal deployment schedules, project financing, and workforce requirements. The plan shall be submitted to the office of financial management and the transportation committees of the legislature by June 30, 2020.

(7) $10,776,000 of the Puget Sound capital construction account—state appropriation and $8,000,000 of the Puget Sound capital construction account—federal appropriation are provided solely for the conversion of up to two Jumbo Mark II vessels to electric hybrid propulsion (G2000084). The department shall seek additional funds for the purposes of this subsection. The department may spend from the Puget Sound capital construction account—state appropriation in this section only as much as the department receives in Volkswagen settlement funds for the purposes of this subsection.

(8) $400,000 of the Puget Sound capital construction account—state appropriation is provided solely for a request for proposals for a new maintenance management system (project L2000301) and is subject to the conditions, limitations, and review provided in section 701 (of this act), chapter 219, Laws of 2020.

(9) $35,547,000 of the capital vessel replacement account—state appropriation is provided solely for the acquisition of a 144-car hybrid-electric vessel. The vendor must present to the joint transportation committee and the office of financial management, by September 15, 2019, a list of options that will result in significant cost savings changes in terms of construction or the long-term maintenance and operations of the vessel. The vendor must allow for exercising the options without a penalty. It is the intent of the legislature to provide an additional $88,000,000 in funding in the 2021-23 biennium. The reduction provided in this subsection is an assumed underrun pursuant to subsection (11) of this section. The commencement of construction of new vessels for the ferry system is important not only for safety reasons, but also to keep skilled marine construction jobs in the Puget Sound region and to sustain the capacity of the region to meet the ongoing construction and preservation needs of the ferry system fleet of vessels. The
legislature has determined that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and shipyards. To accomplish construction of vessels in accordance with RCW 47.60.810, the prevailing shipbuilder, for vessels initially funded after July 1, 2020, is encouraged to follow the historical practice of subcontracting the construction of ferry superstructures to a separate nonaffiliated contractor located within the Puget Sound region, that is qualified in accordance with RCW 47.60.690.

(10) The capital vessel replacement account—state appropriation includes up to $35,547,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

((22)) (11) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document (2020) 2021-2 ALL PROJECTS as developed March (11, 2020) 22, 2021;

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Puget Sound capital construction account—state, transportation partnership account—state, and capital vessel replacement account—state; and

(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

Sec. 1008. 2020 c 219 s 309 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION—RAIL—PROGRAM Y—CAPITAL

Motor Vehicle Account—State Appropriation $2,300,000

Essential Rail Assistance Account—State Appropriation $851,000

Transportation Infrastructure Account—State Appropriation $7,465,000

Multimodal Transportation Account—State Appropriation $74,876,000

Multimodal Transportation Account—Federal Appropriation $8,601,000

Multimodal Transportation Account—Local Appropriation $336,000

TOTAL APPROPRIATION $94,429,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document (2020) 2021-2 ALL PROJECTS as developed March (11, 2020) 22, 2021, Program - Rail Program (Y).

(8) $898,000 of the multimodal transportation account—federal appropriation and $8,000 of the multimodal transportation account—state appropriation are provided solely for the Ridgefield Rail Overpass (project 725910A). Total costs for this project may not exceed $909,000 across fiscal biennia.

(9)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an appropriation that cannot be used for the current fiscal biennium to advance the South Kelso Railroad Crossing project (L1000147).

(b) At least ten business days before advancing the project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of the project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) To the extent practicable, the department shall use the flexibility and authority granted in this section to minimize the amount of reappropriations needed each biennium.

((10)) (The multimodal transportation account—state appropriation includes up to $25,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.867.

(((14))) (13) $500,000 of the multimodal transportation account—state appropriation is provided solely for the Spokane airport transload facility project (L1000242).

(((15))) (14) $1,000,000 of the motor vehicle account—state appropriation is provided solely for the grade separation at Bell road project (L1000229).

(((16))) (15) $750,000 of the motor vehicle account—state appropriation and $399,000 of the multimodal transportation account—state appropriation are provided solely for the road crossing improvements at 6th Ave. and South 19th St. project (L2000289).

(((17))) (16) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document (2020) 2021-2 ALL PROJECTS as developed March (44, 2020) 22, 2021:

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the multimodal transportation account—state; and

(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document (2020) 2021-2 ALL PROJECTS as developed March (44, 2020) 22, 2021, Program - Local Programs Program (Z).

(2) The amounts identified in the LEAP transportation document referenced under subsection (1) of this section for pedestrian safety/safe routes to school are as follows:

(a) ($15,380,000) $8,361,000 of the multimodal transportation account—state appropriation is provided solely for newly selected pedestrian and bicycle safety project projects.

(b) ($11,400,000) $4,066,000 of the motor vehicle account—federal appropriation and ($7,750,000) $4,668,000 of the multimodal transportation account—state appropriation are provided solely for newly selected safe routes to school projects.

(c) $10,744,000 of the motor vehicle account—federal appropriation, ($4,640,000) $3,075,000 of the multimodal transportation account—state appropriation, and $1,314,000 of the highway safety account—state appropriation are reappropriated for safe routes to school projects selected in the previous biennium (L2000189). The department may consider...
the special situations facing high-need areas, as defined by schools or project areas in which the percentage of the children eligible to receive free and reduced-price meals under the national school lunch program is equal to, or greater than, the state average as determined by the department, when evaluating project proposals against established funding criteria while ensuring continued compliance with federal eligibility requirements.

(3) The department shall submit a report to the transportation committees of the legislature by December 1, 2019, and December 1, 2020, on the status of projects funded as part of the pedestrian safety/safe routes to school grant program. The report must include, but is not limited to, a list of projects selected and a brief description of each project's status.

(4) (4) ($32,976,000) $32,976,000 of the multimodal transportation account—state appropriation is provided solely for bicycle and pedestrian projects listed in the LEAP transportation document referenced in subsection (1) of this section.

(5) (5) ($13,829,000) $13,829,000 of the connecting Washington account—state appropriation is provided solely for the Covington Connector (L2000104). The amounts described in the LEAP transportation document referenced in subsection (1) of this section are not a commitment by future legislatures, but it is the legislature's intent that future legislatures will work to approve appropriations in the 2019-2021 fiscal biennium to reimburse the city of Covington for approved work completed on the project up to the full $24,000,000 cost of this project.

(6)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) I-5/Port of Tacoma Road Interchange (L1000087);
(ii) SR 99 Revitalization in Edmonds (NEDMOND);
(iii) SR 523 145th Street (L1000148);

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) To the extent practicable, the department shall use the flexibility and authority granted in this section to minimize the amount of reappropriations needed each biennium.

(7) It is the expectation of the legislature that the department will be administering a local railroad crossing safety grant program for $7,000,000 in federal funds during the 2019-2021 fiscal biennium.

(8)(a) ($22,500,000) $22,500,000 of the motor vehicle account—federal appropriation is provided solely for national highway freight network projects identified on the project list submitted in accordance with section 218(4)(b), chapter 14, Laws of 2016 on October 31, 2016.

(b) The department shall convene a stakeholder group for the purpose of developing a recommendation for a Washington freight advisory committee. The recommendations must include, but are not limited to, defining the committee's purpose and goals, roles and responsibilities, reporting structure, and proposed activities. Stakeholders must include representation from, but not limited to, the trucking industry, the maritime industry, the rail industry, cities, tribal governments, counties, ports, and representatives from key industrial associations important to the state's economic vitality and other relevant public and private interests. In developing the recommendation, the stakeholder group must review practices used by other states. The proposed committee must conform with requirements of the Fixing America's Surface Transportation Act and other relevant federal legislation. The recommendations must include how the committee can address improving freight mobility including, but not limited to, addressing insufficient truck parking in Washington state, examining the link between preservation investments and freight mobility, and enhancing freight logistics through the application of technology. The stakeholder group shall make recommendations to the governor and the transportation committees of the legislature by December 1, 2020.

(9) $1,000,000 of the motor vehicle account—state appropriation is provided solely for the Ballard-Interbay Regional Transportation project (L1000222).

(10) ($2,000,000) $2,000,000 of the motor vehicle account—state appropriation is provided solely for the Dupont-Steilacoom road improvements project (L1000224).

(11) ($100,000) $100,000 of the motor vehicle account—state appropriation is provided solely for the SR 104/40th place northeast roundabout project (L1000244).

(12) ($360,000) $360,000 of the multimodal transportation account—state appropriation is provided solely for the Clinton to Ken's corner trail project (L1000249).

(13) ($210,000 of the motor vehicle account—state appropriation is provided solely for the I-405/44th gateway signage and green-scaping improvements project (L1000220).

(((14))) (14) $60,000 of the motor vehicle account—state appropriation is provided solely for the SR 224th Phase two project (L1000270).

(((15))) (15) $700,000 of the motor vehicle account—state appropriation is provided solely for the Ballard-Interbay Regional Transportation project plan project (L1000281).

(b) Funding in this subsection is provided solely for the city of Seattle to develop a plan and report for the Ballard-Interbay Regional Transportation System project to improve mobility for people and freight. The plan must be developed in coordination and partnership with entities including but not limited to the city of Seattle, King county, the Port of Seattle, Sound Transit, the Washington state military department for the Seattle armory, and the Washington state department of transportation. The plan must examine replacement of the Ballard bridge and the Magnolia bridge, which was damaged in the 2001 Nisqually earthquake. The city must provide a report on the plan that includes recommendations to the Seattle city council, King county council, and the transportation committees of the legislature by November 1, 2020. The report must include recommendations on how to maintain the current and future capacities of the Magnolia and Ballard bridges, an overview and analysis of all plans between 2010 and 2020 that examine how to replace the Magnolia bridge, and recommendations on a timeline for constructing new Magnolia and Ballard bridges.

(((16))) (16) $750,000 of the motor vehicle account—state appropriation is provided solely for the Riverside Bridge project (L1000282).
((19) $300,000)  (18) $175,000 of the motor vehicle account—state appropriation is provided solely for the South 314th Street Improvements project (L1000283).

((20) $250,000)  (19) $200,000 of the motor vehicle account—state appropriation is provided solely for the Ridgefield South I-5 Access Planning project (L1000284).

((21) $200,000)  (20) $50,000 of the motor vehicle account—state appropriation is provided solely for the Washougal 32nd Street Underpass Design and Permitting project (L1000285).

((22) $600,000 of the connecting Washington account—state appropriation, $150,000)  (21) $25,000 of the motor vehicle account—state appropriation, and $267,000 of the multimodal transportation account—state appropriation are provided solely for the Bingen Walnut Creek and Maple Railroad Crossing (L2000328).

((23) $1,500,000)  (22) $200,000 of the motor vehicle account—state appropriation is provided solely for the SR 303 Warren Avenue Bridge Pedestrian Improvements project (L2000339).

((24) $1,000,000)  (23) $150,000 of the motor vehicle account—state appropriation is provided solely for the 72nd/Washington Improvements in Yakima project (L2000341).

((25) $650,000)  (24) $150,000 of the motor vehicle account—state appropriation is provided solely for the 48th/Washington Improvements in Yakima project (L2000342).

((26))  (25) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document (2020) 2021-2 ALL PROJECTS as developed March (11, 2020) 22, 2021;

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Connecting Washington account—state and multimodal transportation account—state; and

(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

((26)) $11,679,000 of the motor vehicle account—federal appropriation is provided solely to accelerate local preservation projects that ensure the reliable movement of freight on the national highway freight system. The department will identify projects through its current national highway system asset management call for projects with applications due in February 2021.

APPOINTMENT OF CONFERENCE COMMITTEE

The President appointed as members of the Conference Committee on Substitute Senate Bill No. 5165 and the House amendment(s) thereto: Senators Hobbs, King and Saldaña.

MOTION

On motion of Senator Liias, the appointments to the conference committee were confirmed.

MESSAGE FROM THE HOUSE

April 7, 2021

MR. PRESIDENT:
The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5128 with the following amendment(s): 5128-S2.E AMH ED H1314.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the COVID-19 pandemic has significantly changed the delivery of education across the state, as school districts transition to remote learning environments to protect the health of students and staff. The legislature also recognizes that the role of transportation services has evolved alongside remote learning programs to help students equitably access the instructional program of basic education. As permitted by emergency proclamation, many school districts have adapted to remote learning by transporting meals, learning materials, and technology supports directly to students' homes or neighborhoods. Other school districts have used transportation resources to bring students to learning centers or other agencies where support services are provided.

This flexibility has allowed school districts to creatively use the resources at their disposal to equitably address the needs of students during an ongoing emergency.

With this act, the legislature intends to preserve this principle of flexibility for qualifying transportation services during a future local, state, or national emergency.

BERNARD DEAN, Chief Clerk
NEW SECTION. Sec. 2. A new section is added to chapter 28A.160 RCW to read as follows:

(1) If a school or school district is providing full remote or partial remote instruction under the authority of RCW 28A.150.290 due to a local, state, or national emergency that causes a substantial disruption to full in-person instruction then, in addition to the transportation services allowed under this chapter, the district may use student transportation allocations to provide the following expanded services to students, regardless of whether those students would qualify as eligible students under RCW 28A.160.160:

(a) Delivery of educational services necessary to provide students with the opportunity to equitably access educational services during the period of remote instruction. Delivery of educational services include the transportation of materials, hardware, and other supports that assist students in accessing remote instruction, internet connectivity, or the curriculum;
(b) Delivery of meals to students;
(c) Providing for the transportation of students to and from learning centers or other public or private agencies where educational and support services are being provided to students during the period of remote instruction. "Providing for" includes the provision of payments to allow students to use public transit to access the educational and support services; and
(d) Providing for the transportation of students to and from interscholastic and extracurricular activities.

(2) Nothing in this section is intended to limit a district's ability to use transportation allocations to pay for fixed transportation costs, such as school bus maintenance and basic administrative, regulatory, safety, or operational expenses.

(3) If a district provides expanded services under subsection (1) of this section, the district must track by a separate accounting code the expenditures incurred by the district in providing such services. This data must be included in the report required under RCW 28A.160.170(2).

Sec. 3. RCW 28A.160.160 and 2009 c 548 s 305 are each amended to read as follows:

For purposes of RCW 28A.160.150 through 28A.160.190, except where the context shall clearly indicate otherwise, the following definitions apply:

(1) "Eligible student" means any student served by the transportation program of a school district or compensated for individual transportation arrangements authorized by RCW 28A.160.030 whose route stop is outside the walk area for a student's school, except if the student to be transported is disabled under RCW 28A.155.020 and is either not ambulatory or not capable of protecting his or her own welfare while traveling to or from the school or agency where special education services are provided, in which case no mileage distance restriction applies.

(2) "Superintendent" means the superintendent of public instruction.

(3) "To and from school" means the transportation of students for the following purposes:

(a) Transportation to and from route stops and schools;
(b) Transportation to and from schools pursuant to an interdistrict agreement pursuant to RCW 28A.335.160;
(c) Transportation of students between schools and learning centers for instruction specifically required by statute; and
(d) Transportation of students with disabilities to and from schools and agencies for special education services; and
(e) Transportation of students to and from interscholastic and extracurricular activities under section 2 of this act.

Academic extended day transportation for the instructional program of basic education under RCW 28A.150.220 shall be considered part of transportation of students "to and from school" for the purposes of this section. Transportation for field trips may not be considered part of transportation of students "to and from school" under this section.

(4) "Transportation services" for students living within the walk area includes the coordination of walk-to-school programs, the funding of crossing guards, and matching funds for local and state transportation projects intended to mitigate hazardous walking conditions. Priority for transportation services shall be given to students in grades kindergarten through five.

(5) As used in this section, "walk area" means that area around a school with an adequate roadway configuration to provide students access to school with a walking distance of less than one mile. Mileage must be measured along the shortest roadway or maintained public walkway where hazardous conditions do not exist. The hazardous conditions must be documented by a process established in rule by the superintendent of public instruction and must include roadway, environmental, and social conditions. Each elementary school shall identify walk routes within the walk area.

Sec. 4. RCW 28A.160.170 and 2009 c 548 s 306 are each amended to read as follows:

Each district shall submit three times each year to the superintendent of public instruction during October, February, and May of each year a report containing the following:

(1)(a) The number of eligible students transported to and from school as provided for in RCW 28A.160.150, along with identification of stop locations and school locations, and (b) the number of miles driven for pupil transportation services as authorized in RCW 28A.160.150 the previous school year; and

(2) Other operational data and descriptions as required by the superintendent to determine allocation requirements for each district. The superintendent shall require that districts separate the costs of operating the program for the transportation of eligible students to and from school as defined by RCW 28A.160.160(3) (from), non-to-and-from-school pupil transportation costs, and costs to provide expanded services under section 2(1) of this act in the annual financial statement. The cost, quantity, and type of all fuel purchased by school districts for use in to-and-from-school transportation shall be included in the annual financial statement.

Each district shall submit the information required in this section on a timely basis as a condition of the continuing receipt of school transportation moneys.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.710 RCW to read as follows:

Section 2 of this act governs school operation and management under RCW 28A.710.040 and applies to charter schools established under this chapter.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.715 RCW to read as follows:

Section 2 of this act governs school operation and management under RCW 28A.715.020 and applies to state-tribal compact schools established under this chapter.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

MESSAGE FROM THE HOUSE

April 8, 2021

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5408 with the following amendment(s): 5408-S.E AMH FIN H1468.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the homestead exemption is intended to protect the homeowner's equity in a home against unsecured creditors. The legislature finds that changes to the homestead exemption are necessary to modernize the law and to address the case of Wilson v. Rigby, 909 F.3d 306 (2018) and to adopt the reasoning in In re Good, 588 B.R. 573 (Bankr. W.D. Wash. 2018).

Sec. 2. RCW 6.13.010 and 1999 c 403 s 1 are each amended to read as follows:

(1) The homestead consists of real or personal property that the owner or a dependent of the owner uses as a residence. In the case of a dwelling house or mobile home, the homestead consists of the dwelling house or the mobile home in which the owner resides or intends to reside, with appurtenant buildings, and the land on which the same are situated and by which the same are surrounded, or improved or unimproved land, regardless of area, owned with the intention of placing a house or mobile home thereon and residing thereon. A mobile home may be exempted under this chapter whether or not it is permanently affixed to the underlying land and whether or not the mobile home is placed upon a lot owned by the mobile home owner or a dependent of the owner. Property included in the homestead must be actually intended or used as the principal home for the owner.

(2) As used in this chapter, "owner" includes but is not limited to a purchaser under a deed of trust, mortgage, or real estate contract.

"Owner" includes but is not limited to a purchaser under a deed of trust, mortgage, or real estate contract.

(a) "Owner" includes but is not limited to a purchaser under a deed of trust, mortgage, or real estate contract.

Sec. 3. RCW 6.13.030 and 2007 c 442 s 207 are each amended to read as follows:

(A homestead may consist of lands, as described in RCW 6.13.010, regardless of area, but the homestead exemption amount shall not exceed the lesser of (1) the total net value of the lands, manufactured homes, mobile home, improvements, and other personal property, as described in RCW 6.13.010, or (2) the sum of one hundred twenty-five thousand dollars in the case of lands, manufactured homes, mobile home, and improvements, or the sum of fifteen thousand dollars in the case of other personal property described in RCW 6.13.010, except where)

- The homestead exemption amount is the greater of:
  - $125,000;
  - The county median sale price of a single-family home in the preceding calendar year;
- Where the homestead is subject to execution, attachment, or seizure by or under any legal process whatever to satisfy a judgment in favor of any state for failure to pay that state's income tax on benefits received while a resident of the state of Washington from a pension or other retirement plan, ((in which event there shall be)) no dollar limit ((on the value of the exemption)).

2) In determining the county median sale price of a single-family home in the preceding year, a court shall use data from the Runstad department of real estate at the University of Washington or, if the Runstad department no longer provides the data, a successor entity designated by the office of financial management.

Sec. 4. RCW 6.13.060 and 2008 c 6 s 634 are each amended to read as follows:

The homestead of a spouse or domestic partner cannot be conveyed or encumbered unless the instrument by which it is conveyed or encumbered is executed and acknowledged by both spouses or both domestic partners, except that either spouse or both or either domestic partner or both jointly may make and execute powers of attorney for the conveyance or encumbrance of the homestead. The conveyance or encumbrance of the homestead does not require that any dependent of the owner who is not a spouse or domestic partner execute and acknowledge the instrument by which it is conveyed or encumbered.

Sec. 5. RCW 6.13.070 and 1987 c 442 s 207 are each amended to read as follows:

1) Except as provided in RCW 6.13.080, the homestead is exempt from attachment and from execution or forced sale for the debts of the owner up to the amount specified in RCW 6.13.030.

2) In a bankruptcy case, the debtor's exemption shall be determined on the date the bankruptcy petition is filed. If the value of the debtor's interest in homestead property on the petition date is less than or equal to the amount that can be exempted under RCW 6.13.030, then the debtor's entire interest in the property, including the debtor's right to possession and interests of no monetary value, is exempt. Any appreciation in the value of the debtor's exempt interest in the property during the bankruptcy case is also exempt, even if in excess of the amounts in RCW 6.13.030(1).

3) The proceeds of the voluntary sale of the homestead in good faith for the purpose of acquiring a new homestead, and proceeds from insurance covering destruction of homestead property held for use in restoring or replacing the homestead property, up to the amount specified in RCW 6.13.030, shall likewise be exempt for one year from receipt, and also such new homestead acquired with such proceeds.

4) Every homestead created under this chapter is presumed to be valid to the extent of all the property claimed exempt, until the validity thereof is contested in a court of general jurisdiction in the county or district in which the homestead is situated.

Sec. 6. RCW 6.13.080 and 2019 c 238 s 215 are each amended to read as follows:

The homestead exemption is not available against an execution or forced sale in satisfaction of judgments obtained:

1) On debts secured by mechanical's, laborer's, construction, maritime, automobile repair, material supplier's, or vendor's liens
arising out of and against the particular property claimed as a homestead;

(2) On debts secured;

(a) [[(b)] By security agreements describing as collateral the property that is claimed as a homestead; or

(b) [[(b)] By mortgages or deeds of trust on the premises that have been executed and acknowledged by both spouses or both domestic partners or by any claimant not married or in a state registered domestic partnership. The execution and acknowledgment of a mortgage or deed of trust by a dependent who is not a spouse or domestic partner is not required.

(3) On one spouse's or one domestic partner's or the community's debts existing at the time of that spouse's or that domestic partner's bankruptcy filing where (a) bankruptcy is filed by both spouses or both domestic partners within a six-month period, other than in a joint case or a case in which their assets are jointly administered, and (b) the other spouse or other domestic partner exempts property from property of the estate under the bankruptcy exemption provisions of 11 U.S.C. Sec. 522(d);

(4) On debts arising from a lawful court order or decree or administrative order establishing a child support obligation or obligation to pay maintenance;

(5) On debts owing to the state of Washington for recovery of medical assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p;

(6) On debts secured by a condominium, homeowners', or common interest community association's lien; or

(7) On debts owed for taxes collected under chapters 82.08, 82.12, and 82.14 RCW but not remitted to the department of revenue.

Sec. 7. RCW 61.24.100 and 1998 c 295 s 12 are each amended to read as follows:

(1) Except to the extent permitted in this section for deeds of trust securing commercial loans, a deficiency judgment shall not be obtained on the obligations secured by a deed of trust against any borrower, grantor, or guarantor after a trustee's sale under that deed of trust.

(2)(a) Nothing in this chapter precludes an action against any person liable on the obligations secured by a deed of trust or any guarantor prior to a notice of trustee's sale being given pursuant to this chapter or after the discontinuance of the trustee's sale.

(b) No action under (a) of this subsection precludes the beneficiary from commencing a judicial foreclosure or trustee's sale under the deed of trust after the completion or dismissal of that action.

(3) This chapter does not preclude any one or more of the following after a trustee's sale under a deed of trust securing a commercial loan executed after June 11, 1998:

(a)(i) To the extent the fair value of the property sold at the trustee's sale to the beneficiary or an affiliate of the beneficiary is less than the unpaid obligation secured by the deed of trust immediately prior to the trustee's sale, an action for a deficiency judgment against the borrower or grantor, if such person or persons was timely given the notices under RCW 61.24.040, for (A) any decrease in the fair value of the property caused by waste to the property committed by the borrower or grantor, respectively, after the deed of trust is granted, and (B) the wrongful retention of any rents, insurance proceeds, or condemnation awards by the borrower or grantor, respectively, that are otherwise owed to the beneficiary.

(ii) This subsection (3)(a) does not apply to any property that is occupied by the borrower as its principal residence as of the date of the trustee's sale;

(b) Any judicial or nonjudicial foreclosures of any other deeds of trust, mortgages, security agreements, or other security interests or liens covering any real or personal property granted to secure the obligation that was secured by the deed of trust foreclosed; or

(c) Subject to this section, an action for a deficiency judgment against a guarantor if the guarantor is timely given the notices under RCW 61.24.042.

(4) Any action referred to in subsection (3)(a) and (c) of this section shall be commenced within one year after the date of the trustee's sale, or a later date to which the liable party otherwise agrees in writing with the beneficiary after the notice of foreclosure is given, plus any period during which the action is prohibited by a bankruptcy, insolvency, moratorium, or other similar debtor protection statute. If there occurs more than one trustee's sale under a deed of trust securing a commercial loan or if trustee's sales are made pursuant to two or more deeds of trust securing the same commercial loan, the one-year limitation in this section begins on the date of the last of those trustee's sales.

(5) In any action against a guarantor following a trustee's sale under a deed of trust securing a commercial loan, the guarantor may request the court or other appropriate adjudicator to determine, or the court or other appropriate adjudicator may in its discretion determine, the fair value of the property sold at the sale and the deficiency judgment against the guarantor shall be for an amount equal to the sum of the total amount owed to the beneficiary by the guarantor as of the date of the trustee's sale, less the fair value of the property sold at the trustee's sale or the sale price paid at the trustee's sale, whichever is greater, plus interest on the amount of the deficiency from the date of the trustee's sale at the rate provided in the guaranty, the deed of trust, or in any other contracts evidencing the debt secured by the deed of trust, as applicable, and any costs, expenses, and fees that are provided for in any contract evidencing the guarantor's liability for such a judgment. If any other security is sold to satisfy the same debt prior to the entry of a deficiency judgment against the guarantor, the fair value of that security, as calculated in the manner applicable to the property sold at the trustee's sale, shall be added to the fair value of the property sold at the trustee's sale as of the date that additional security is foreclosed. This section is in lieu of any right any guarantor would otherwise have to establish an upset price pursuant to RCW 61.12.060 prior to a trustee's sale.

(6) A guarantor granting a deed of trust to secure its guaranty of a commercial loan shall be subject to a deficiency judgment following a trustee's sale under that deed of trust only to the extent stated in subsection (3)(a)(i) of this section. If the deed of trust encumbers the guarantor's principal residence, the guarantor shall be entitled to receive an amount up to ($125,000, without regard to the effect of RCW 61.13.080(2), from the bid at the foreclosure or trustee's sale accepted by the sheriff or trustee prior to the application of the bid to the guarantor's obligation.

(7) A beneficiary's acceptance of a deed in lieu of a trustee's sale under a deed of trust securing a commercial loan exonerates the guarantor from any liability for the debt secured thereby except to the extent the guarantor otherwise agrees as part of the deed in lieu transaction.

(8) This chapter does not preclude a beneficiary from foreclosing a deed of trust in the same manner as a real property mortgage and this section does not apply to such a foreclosure.

(9) Any contract, note, deed of trust, or guaranty may, by its express language, prohibit the recovery of any portion or all of a deficiency after the property encumbered by the deed of trust securing a commercial loan is sold at a trustee's sale.

(10) A trustee's sale under a deed of trust securing a commercial loan does not preclude an action to collect or enforce
any obligation of a borrower or guarantor if that obligation, or the substantial equivalent of that obligation, was not secured by the deed of trust.

(11) Unless the guarantor otherwise agrees, a trustee's sale shall not impair any right or agreement of a guarantor to be reimbursed by a borrower or grantor for a deficiency judgment against the guarantor.

(12) Notwithstanding anything in this section to the contrary, the rights and obligations of any borrower, grantor, and guarantor following a trustee's sale under a deed of trust securing a commercial loan or any guaranty of such a loan executed prior to June 11, 1998, shall be determined in accordance with the laws existing prior to June 11, 1998.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

INTRODUCTION AND FIRST READING

SJM 8005 by Senators Liias, Kuderer, Hunt and Wellman Concerning statehood for Washington, D.C.

Referred to Committee on State Government & Elections.

MOTIONS

On motion of Senator Liias, all measures listed on the Introduction and First Reading report were referred to the committees as designated.

At 1:10 p.m., on motion of Senator Liias, the Senate was declared to be at ease subject to the call of the President.

Senator Hasegawa announced a meeting of the Democratic Caucus.

Senator Rivers announced a meeting of the Republican Caucus.

The Senate was called to order at 3:18 p.m. by President Heck.

PERSONAL PRIVILEGE

Senator Liias: “Yes, Thank you Mr. President. It is my sad duty to inform our friends here in the Senate the passing of my predecessor in the Senate, Senator Paull Shin. Describing him as my predecessor doesn’t capture all that Paull was to me. He was a friend and a mentor. Someone who helped guide our community. He also was an incredible trailblazer in his own life. He was an orphan, left abandoned by his parents on the streets of Korea during the Korean War, who was adopted by a G.I. who was serving in Korea and brought him here to the United States. And, Paull would share the simple phrase that his life was, he first learned his ABCs, then he got his GED, and then he got his Ph.D. He embodied the American dream in his own career. And throughout his life, faced so much challenge and hardship. When Paull and Donna met, they actually couldn’t get married in the state that they fell in love in because of anti-miscegenation laws that were on the books. So, all throughout his life overcoming obstacle after obstacle after obstacle, ending up as the first Korean American here in the Senate. And I take special privilege in having the opportunity to follow in Paull’s footsteps. I actually, the 2014 session would have been Paull’s last, and he had to leave us early because of illness, and I filled his final term. And, Paull taught me, and he used the phrase a lot with our constituents, that his service in the Legislature was payback time for all that our country had given him. And when I think about the opportunity to fill that final year of Paull’s term, to me that was payback time to my friend for all that he had given to our community. It’s incredibly difficult but on behalf of the Senate and all of our colleagues, we express our sadness to Donna, and to the Shin family, to the community who loved him so much. And Mr. President, I will long remember his contributions he made here and am eternally grateful for the opportunity to follow in his footsteps and serve alongside him and learn from him on this journey.”

REMARKS BY THE PRESIDENT

President Heck: “Thank you Senator Liias, very well said. The President would like to note that he knew Senator Shin. He was a friend. He was a good Senator in every meaning of that phrase. And he was a good man. Thank you again Senator Liias.

MOTION

On motion of Senator Nguyen, the Senate reverted to the fourth order of business.

MESSAGE FROM THE HOUSE

April 6, 2021

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5381 with the following amendment(s): 5381-S AMH ENVI H1302.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.55.181 and 2020 c 166 s 1 are each amended to read as follows:

(1)(a) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under this section and must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made or caused fish passage barriers, including:

(A) Culvert repair and replacement; and

(B) Fish passage barrier removal projects that comply with the forest practices rules, as the term "forest practices rules" is defined in RCW 76.09.020;

(ii) Restoration of an eroded or unstable stream bank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water;

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks; or

(iv) Restoration of native kelp and eelgrass beds and restoring native oysters.

(b) The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety.

(c) A fish habitat enhancement project must be approved in one of the following ways in order to receive the permit review and approval process created in this section:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) By conservation districts as conservation district-sponsored fish habitat enhancement or restoration projects;

(vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration;

(vii) By federally recognized tribes as tribally sponsored fish habitat enhancement projects or restoration projects;

(viii) Through the department of transportation's environmental retrofit program as a stand-alone fish passage barrier correction project, or the fish passage barrier correction portion of a larger transportation project;

(ix) By a city or county for a stand-alone fish passage barrier correction project funded by the city or county;

(x) Through the approval process established for forest practices hydraulic projects in chapter 76.09 RCW; or

(xi) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3)(a) A permit is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. The department of transportation shall use the department's online permit application system or a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Applicants for a forest practices hydraulic project that are not otherwise required to submit a joint aquatic resource permit application must submit a copy of their forest practices application to the appropriate local government on the same day that they submit the forest practices application to the department of natural resources.

(b) Local governments shall accept the application identified in this section as notice of the proposed project. A local government shall be provided with a (fifteen-day) 15-day comment period during which it may transmit comments regarding environmental impacts to the department or, for forest practices hydraulic projects, to the department of natural resources.

(c) Except for forest practices hydraulic projects, the department shall, within 45 days, either issue a permit, with or without conditions, deny approval, or make a determination that
the review and approval process created by this section is not appropriate for the proposed project (within forty-five days). The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by the conditioning of a permit. Permitting decisions over forest practices hydraulic approvals must be made consistent with chapter 76.09 RCW.

(ii) For department of transportation fish passage barrier correction projects, the department of fish and wildlife shall, within 30 days, either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project.

(d) If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

(c) Any person aggrieved by the approval, denial, conditioning, or modification of a permit other than a forest practices hydraulic project under this section may appeal the decision as provided in RCW 77.55.021(8). Appeals of a forest practices hydraulic project may be made as provided in chapter 76.09 RCW.

(4) No local government may require permits or charge fees for fish habitat enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section, except that, pursuant to chapter 86.16 RCW, a local government may impose such requirements, or charge such fees, or both, only as may be necessary in order for the local government to administer the national flood insurance program regulation requirements.

(5) No civil liability may be imposed by any court on the state or its officers and employees for any adverse impacts resulting from a fish enhancement project permitted by the department or the department of natural resources under the criteria of this section except upon proof of gross negligence or willful or wanton misconduct.

Sec. 2. RCW 90.58.147 and 2019 c 150 s 2 are each amended to read as follows:

(1) A public or private project that is designed to improve fish or wildlife habitat or fish passage shall be exempt from the substantial development permit requirements of this chapter when all of the following apply:

(a) The project has been approved by the department of fish and wildlife or, for forest practices hydraulic projects within the scope of RCW 77.55.181, the department of natural resources if the local government notification provisions of RCW 77.55.181 are satisfied;

(b) The project has received hydraulic project approval by the department of fish and wildlife pursuant to chapter 77.55 RCW or approval of a forest practices hydraulic project within the scope of RCW 77.55.181 from the department of natural resources if the local government notification provisions of RCW 77.55.181 are satisfied; and

(c) The local government has determined that the project is substantially consistent with the local shoreline master program. The local government shall make such determination in a timely manner and provide it by letter to the project proponent.

(2) Fish habitat enhancement projects that conform to the provisions of RCW 77.55.181 are determined to be consistent with local shoreline master programs.

(3) Public projects for the primary purpose of fish passage improvement or fish passage barrier removal are exempt from the substantial development permit requirements of this chapter.

Sec. 3. RCW 47.85.020 and 2015 3rd sp.s. c 17 s 3 are each amended to read as follows:

The department must streamline the permitting process by developing and maintaining positive relationships with the regulatory agencies and the Indian tribes. The department can reduce the time it takes to obtain permits by incorporating impact avoidance and minimization measures into project design and by developing complete permit applications. To streamline the permitting process, the department must:

(1) Implement a multiagency permit program, commensurate with program funding levels, consisting of appropriate regulatory agency staff with oversight and management from the department.

(a) The multiagency permit program must provide early project coordination, expedited project review, project status updates, technical and regulatory guidance, and construction support to ensure compliance.

(b) The multiagency permit program staff must assist department project teams with developing complete biological assessments and permit applications, provide suggestions for how the project can avoid and minimize impacts, and provide input regarding mitigation for unavoidable impacts;

(2) Establish, implement, and maintain programmatic agreements and permits with federal and state agencies to expedite the process of ensuring compliance with the endangered species act, section 106 of the national historic preservation act, hydraulic project approvals, the clean water act, and other federal acts as appropriate;

(3) Collaborate with permitting staff from the United States army corps of engineers, Seattle district, department of ecology, and department of fish and wildlife to develop, implement, and maintain complete permit application guidance. The guidance must identify the information that is required for agencies to consider a permit application complete; ((and))

(4) Perform internal quality assurance and quality control to ensure that permit applications are complete before submitting them to the regulatory agencies; and

(5) Implement a multiagency effort, in coordination with the department of ecology and the department of fish and wildlife, and work with the relevant federal environmental permitting agencies to streamline the acquisition of commonly needed environmental permits and approvals for department of transportation fish passage barrier correction projects. Expected results include developing programmatic permit options that simplify the application process, reduce paperwork, and reduce the amount of time and cost it takes to acquire these permits and approvals.”

MESSAGE FROM THE HOUSE

April 9, 2021

MR. PRESIDENT:
The House passed SENATE BILL NO. 5430 with the following amendment(s): 5430 AMH CWD H1375.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.95.030 and 2018 c 188 s 2 are each amended to read as follows:
(1) The Washington advanced college tuition payment program shall be administered by the committee on advanced tuition payment which shall be chaired by the director of the office. The committee shall be supported by staff of the office.
(2)(a) The Washington advanced college tuition payment program shall consist of the sale of tuition units, which may be redeemed by the beneficiary at a future date for an equal number of tuition units regardless of any increase in the price of tuition, that may have occurred in the interval, except as provided in subsections ((7)) (9) and ((8)) (10) of this section.
(b) Each purchase shall be worth a specific number of or fraction of tuition units at each state institution of higher education as determined by the governing body, except as provided in subsections ((7)) (9) and ((8)) (10) of this section.
(c) The number of tuition units necessary to pay for a full year's, full-time undergraduate tuition and fee charges at a state
institution of higher education shall be set by the governing body at the time a purchaser enters into a tuition unit contract, except as provided in subsections (((23))) (9) and (((23))) (10) of this section.

(d) The governing body may limit the number of tuition units purchased by any one purchaser or on behalf of any one beneficiary, however, no limit may be imposed that is less than that necessary to achieve four years of full-time, undergraduate tuition charges at a state institution of higher education. The governing body also may, at its discretion, limit the number of participants, if needed, to ensure the actuarial soundness and integrity of the program.

(e) While the Washington advanced college tuition payment program is designed to help all citizens of the state of Washington, the governing body may determine residency requirements for eligible purchasers and eligible beneficiaries to ensure the actuarial soundness and integrity of the program.

3(3)(a) No tuition unit may be redeemed until two years after the purchase of the unit.

(b) Units may be redeemed for enrollment at any institution of higher education that is recognized by the internal revenue service under chapter 529 of the internal revenue code. Units may also be redeemed to pay for dual credit fees.

(c) Units redeemed at a nonstate institution of higher education or for graduate enrollment shall be redeemed at the rate for state public institutions in effect at the time of redemption.

(4) The governing body shall determine the conditions under which the tuition benefit may be transferred to another family member. In permitting such transfers, the governing body may not allow the tuition benefit to be bought, sold, bartered, or otherwise exchanged for goods and services by either the beneficiary or the purchaser.

(5) The governing body shall administer the Washington advanced college tuition payment program in a manner reasonably designed to be actuarially sound, such that the assets of the trust will be sufficient to defray the obligations of the trust including the costs of administration. The governing body may, at its discretion, discount the minimum purchase price for certain kinds of purchases such as those from families with young children, as long as the actuarial soundness of the account is not jeopardized.

(6) The governing body shall annually determine current value of a tuition unit.

(7) The governing body shall adopt a unit price of no more than 10 percent, including administrative fees, above the current unit payout value if:

(a) The best estimate funded status of the program provided by the state actuary is in excess of at least 120 percent as of July 1st of each year; and

(b) Tuition and fee increases for the academic year immediately following the July 1st best estimate funded status will be no more than the average annual percentage growth rate in the median hourly wage for Washington for the previous 14 years as the wage is determined by the federal bureau of labor statistics.

(8) For units purchased at the 2020-21 unit price, the governing body shall grant additional units to each account holder equivalent to the difference between the 2020-21 unit price and the 2020-21 unit payout value, after adjusting the unit payout value 10 percent above the current price, including administrative fees, as determined by the governing body.

(9) For the 2015-16 and 2016-17 academic years only, the governing body shall set the payout value for units redeemed during that academic year only at one hundred seventeen dollars and eighty-two cents per unit. For academic years after the 2016-17 academic year, the governing body shall make program adjustments it deems necessary and appropriate to ensure that the total payout value of each account on October 9, 2015, is not decreased or diluted as a result of the initial application of any changes in tuition under section 3, chapter 36, Laws of 2015 3rd sp. sess. In the event the committee or governing body provides additional units under chapter 36, Laws of 2015 3rd sp. sess., the committee and governing body shall also increase the maximum number of units that can be redeemed in any year to mitigate the reduction in available account value during any year as a result of chapter 36, Laws of 2015 3rd sp. sess. The governing body must notify holders of tuition units after the adjustment in this subsection is made and must include a statement concerning the adjustment.

(((4))) (10) The governing body shall allow account owners who purchased units before July 1, 2015, to redeem such units at the unit cash value price provided that all the redeemed funds are deposited immediately into an eligible Washington college savings program account established by the governing body. Within ninety days of April 15, 2018, the committee, in consultation with the state actuary and state investment board, shall:

(a) Establish a period that is not less than ninety days during which eligible purchasers may redeem units at the unit cash value price for the purposes of this subsection and provide at least thirty days' notice prior to the ninety-day window to all eligible account holders about the redemption option; and

(b) Establish the unit cash value price. The committee, in consultation with the state actuary and the state investment board, may revalue the unit cash value price established in this subsection (((4))) (10)(b) up to three times during the ninety-day period in which eligible purchasers may redeem units for the unit cash value price.

(((4))) (11)(a) After the governing body completes the requirements of subsection (((4))) (10) of this section, the governing body shall allow account owners with uncompleted custom monthly contracts, the state actuary is in excess of at least 120 percent as of July 1st, 2015, to redeem such units at the unit cash value price provided that all the redeemed funds are deposited immediately into an eligible Washington college savings program account established by the governing body. Within ninety days of April 15, 2018, the committee, in consultation with the state actuary and state investment board, shall:

(i) First, the governing body shall take the difference between the average unit purchase price in each individual's account and the 2016-17 unit payout value and increase the number of units in each individual's account by a number of units of equivalent total value at the 2017-18 unit purchase price, if the average unit purchase price is more than the 2016-17 unit payout value; and

(ii) Second, after (a)(i) of this subsection is completed, the governing body, with assistance from the state actuary, shall grant an additional number of units to each account holder with unredeemed and purchased units before July 1, 2015, in order to lower the best-estimate funded status of the program to one hundred twenty-five percent, subject to a limit of an increase of fifteen percent of unredeemed and purchased units per account holder. The state actuary shall select the measurement date, assumptions, and methods necessary to perform an actuarial measurement consistent with the purpose of this subsection.

(b) For the purpose of this subsection (((4))) (11), and for account holders with uncompleted custom monthly contracts, the governing body shall only include purchased and unredeemed units before July 1, 2015.

(((4))) (12) The governing body shall collect an amortization fee as a component of each future unit sold whenever the governing body determines amortization fees are necessary to increase the best-estimate funded status of the program.

(((4))) (13) The governing body shall promote, advertise, and publicize the Washington advanced college tuition payment program. Materials and online publications advertising the Washington advanced college tuition payment program shall

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5432 with the following amendment(s): 5432-S.EMH SGOV H1275.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 43.105 RCW to read as follows:

(1) The office of cybersecurity is created within the office of the chief information officer.

(2) The director shall appoint a state chief information security officer, who is the director of the office of cybersecurity.

(3) The primary duties of the office of cybersecurity are:

(a) To establish security standards and policies to protect the state’s information technology systems and infrastructure, to provide appropriate governance and application of the standards and policies across information technology resources used by the state, and to ensure the confidentiality, availability, and integrity of the information transacted, stored, or processed in the state's information technology systems and infrastructure;

(b) To develop a centralized cybersecurity protocol for protecting and managing state information technology assets and infrastructure;

(c) To detect and respond to security incidents consistent with information security standards and policies;

(d) To create a model incident response plan for agency adoption, with the office of cybersecurity as the incident response coordinator for incidents that: (i) Impact multiple agencies; (ii) impact more than 10,000 citizens; (iii) involve a nation state actor; or (iv) are likely to be in the public domain;

(e) To ensure the continuity of state business and information resources that support the operations and assets of state agencies in the event of a security incident;

(f) To provide formal guidance to agencies on leading practices and applicable standards to ensure a whole government approach to cybersecurity, which shall include, but not be limited to, guidance regarding: (i) The configuration and architecture of agencies' information technology systems, infrastructure, and assets; (ii) governance, compliance, and oversight; and (iii) incident investigation and response;

(g) To serve as a resource for local and municipal governments in Washington in the area of cybersecurity;
(h) To develop a service catalog of cybersecurity services to be offered to state and local governments;

(i) To collaborate with state agencies in developing standards, functions, and services in order to ensure state agency regulatory environments are understood and considered as part of an enterprise cybersecurity response;

(j) To define core services that must be managed by agency information technology security programs; and

(k) To perform all other matters and things necessary to carry out the purposes of this chapter.

(4) In performing its duties, the office of cybersecurity must address the highest levels of security required to protect confidential information transacted, stored, or processed in the state's information technology systems and infrastructure that is specifically protected from disclosure by state or federal law and for which strict handling requirements are required.

(5) In executing its duties under subsection (3) of this section, the office of cybersecurity shall use or rely upon existing, industry standard, widely adopted cybersecurity standards, with a preference for United States federal standards.

(6) Each state agency, institution of higher education, the legislature, and the judiciary must develop an information technology security program consistent with the office of cybersecurity's standards and policies.

(7)(a) Each state agency information technology security program must adhere to the office of cybersecurity's security standards and policies. Each state agency must review and update its program annually, certify to the office of cybersecurity that its program is in compliance with the office of cybersecurity's security standards and policies, and provide the office of cybersecurity with a list of the agency's cybersecurity business needs and agency program metrics.

(b) The office of cybersecurity shall require a state agency to obtain an independent compliance audit of its information technology security program and controls at least once every three years to determine whether the state agency's information technology security program is in compliance with the standards and policies established by the agency and that security controls identified by the state agency in its security program are operating efficiently.

(c) If a review or an audit conducted under (a) or (b) of this subsection identifies any failure to comply with the standards and policies of the office of cybersecurity or any other material cybersecurity risk, the office of cybersecurity must require the state agency to formulate and implement a plan to resolve the failure or risk. On an annual basis, the office of cybersecurity must provide a confidential report to the governor and appropriate committees of the legislature identifying and describing the cybersecurity risk or failure to comply with the office of cybersecurity's security policy or implementing cybersecurity standards and policies, as well as the agency's plan to resolve such failure or risk. Risks that are not mitigated are to be tracked by the office of cybersecurity and reviewed with the governor and the chair and ranking member of the appropriate committees of the legislature on a quarterly basis.

(d) The reports produced, and information compiled, pursuant to this subsection (7) are confidential and may not be disclosed under chapter 42.56 RCW.

(8) In the case of institutions of higher education, the judiciary, and the legislature, each information technology security program must be comparable to the intended outcomes of the office of cybersecurity's security standards and policies.

NEW SECTION, Sec. 2. A new section is added to chapter 43.105 RCW to read as follows:

(1) By July 1, 2022, the office of cybersecurity, in collaboration with state agencies, shall develop a catalog of cybersecurity services and functions for the office of cybersecurity to perform and submit a report to the legislature and governor. The report must include, but not be limited to:

(a) Cybersecurity services and functions to include in the office of cybersecurity's catalog of services that should be performed by the office of cybersecurity;

(b) Core capabilities and competencies of the office of cybersecurity;

(c) Security functions which should remain within agency information technology security programs;

(d) A recommended model for accountability of agency security programs to the office of cybersecurity; and

(e) The cybersecurity services and functions required to protect confidential information transacted, stored, or processed in the state's information technology systems and infrastructure that is specifically protected from disclosure by state or federal law and for which strict handling requirements are required.

(2) The office of cybersecurity shall update and publish its catalog of services and performance metrics on a biennial basis. The office of cybersecurity shall use data and information provided from agency security programs to inform the updates to its catalog of services and performance metrics.

(3) To ensure alignment with enterprise information technology security strategy, the office of cybersecurity shall develop a process for reviewing and evaluating agency proposals for additional cybersecurity services consistent with RCW 43.105.255.

NEW SECTION, Sec. 3. A new section is added to chapter 43.105 RCW to read as follows:

(1) In the event of a major cybersecurity incident, as defined in policy established by the office of cybersecurity in accordance with section 1 of this act, state agencies must report that incident to the office of cybersecurity within 24 hours of discovery of the incident.

(2) State agencies must provide the office of cybersecurity with contact information for any external parties who may have material information related to the cybersecurity incident.

(3) Once a cybersecurity incident is reported to the office of cybersecurity, the office of cybersecurity must investigate the incident to determine the degree of severity and facilitate any necessary incident response measures that need to be taken to protect the enterprise.

(4) The chief information security officer or the chief information security officer's designee shall serve as the state's point of contact for all major cybersecurity incidents.

(5) The office of cybersecurity must create policy to implement this section.

NEW SECTION, Sec. 4. (1) The office of cybersecurity, in collaboration with the office of privacy and data protection and the office of the attorney general, shall research and examine existing best practices for data governance, data protection, the sharing of data relating to cybersecurity, and the protection of state and local governments' information technology systems and infrastructure including, but not limited to, model terms for data-sharing contracts and adherence to privacy principles.

(2) The office of cybersecurity must submit a report of its findings and identify specific recommendations to the governor and the appropriate committees of the legislature by December 1, 2021.

(3) This section expires December 31, 2021.

NEW SECTION, Sec. 5. A new section is added to chapter 39.26 RCW to read as follows:
NEW SECTION. Sec. 1. 31, 2022. The report is confidential and may not be disclosed to the governor and appropriate committees of the legislature by August 31, 2022.

NEW SECTION. Sec. 2. The reports and information compiled pursuant to sections 1 and 7 of this act are confidential and may not be disclosed under this chapter.

NEW SECTION. Sec. 3. RCW 43.105.054 and 2016 c 237 s 3 are each amended to read as follows:

(i) Acquisition of equipment, software, and technology-related services;
(ii) Disposition of equipment;
(iii) Licensing of the radio spectrum by or on behalf of state agencies; and
(iv) Confidentiality of computerized data;

(b) To develop statewide and interagency technical policies, standards, and procedures;

(c) To review and approve standards and common specifications for new or expanded telecommunications networks proposed by agencies, public postsecondary education institutions, educational service districts, or statewide or regional providers of K-12 information technology services;

(d) With input from the legislature and the judiciary, to provide direction concerning strategic planning goals and objectives for the state;

(e) To establish policies for the periodic review by the director of state agency performance which may include but are not limited to analysis of:

(i) Planning, management, control, and use of information services;
(ii) Training and education;
(iii) Project management; and
(iv) Cybersecurity, in coordination with the office of cybersecurity;

(f) To coordinate with state agencies with an annual information technology expenditure that exceeds ten million dollars to implement a technology business management program to identify opportunities for savings and efficiencies in information technology expenditures and to monitor ongoing financial performance of technology investments;

(g) In conjunction with the consolidated technology services agency, to develop statewide standards for agency purchases of technology networking equipment and services;

(h) To implement a process for detecting, reporting, and responding to security incidents consistent with the information security standards, policies, and guidelines adopted by the director;

(i) To develop plans and procedures to ensure the continuity of commerce for information resources that support the operations and assets of state agencies in the event of a security incident; and

(j) To work with the office of cybersecurity, department of commerce, and other economic development stakeholders to facilitate the development of a strategy that includes key local, state, and federal assets that will create Washington as a national leader in cybersecurity. The office shall collaborate with, including but not limited to, community colleges, universities, the national guard, the department of defense, the department of energy, and national laboratories to develop the strategy.

(3) Statewide technical standards to promote and facilitate electronic information sharing and access are an essential component of acceptable and reliable public access service and complement content-related standards designed to meet those goals. The office shall:

(a) Establish technical standards to facilitate electronic access to government information and interoperability of information systems, including wireless communications systems; and

(b) Require agencies to include an evaluation of electronic public access needs when planning new information systems or major upgrades of systems.

In developing these standards, the office is encouraged to include the state library, state archives, and appropriate representatives of state and local government.
security programs) and 2015 3rd sp.s. c 1 s 202 & 2013 2nd sp.s. c 33 s 8 are each repealed."

MESSAGE FROM THE HOUSE

April 7, 2021

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5295 with the following amendment(s): 5295-S.E AMH ENGR H1406.E

Strike everything after the enacting clause and insert the following:
"NEW SECTION. Sec. 1. (1) To provide clarity and certainty to stakeholders on the details of performance-based regulation, the utilities and transportation commission is directed to conduct a proceeding to develop a policy statement addressing alternatives to traditional cost of service rate making, including performance measures or goals, targets, performance incentives, and penalty mechanisms. As part of such a proceeding, the utilities and transportation commission must consider factors including, but not limited to, lowest reasonable cost planning, affordability, increases in energy burden, cost of service, customer satisfaction and engagement, service reliability, clean energy or renewable procurement, conservation acquisition, demand side management expansion, rate stability, timely
execution of competitive procurement practices, attainment of state energy and emissions reduction policies, rapid integration of renewable energy resources, and fair compensation of utility employees.

(2) In developing its policy statement, the utilities and transportation commission must in its proceeding allow for participation and consultation with regulated utilities, the attorney general's office, and other interested stakeholders including, but not limited to, residential, industrial, commercial, and low-income customers and organizations, as well as environmental or community organizations and stakeholders.

(3) By January 1, 2022, the utilities and transportation commission shall notify the chairs and ranking members of the appropriate committees of the legislature of the process to date, the expected duration of, and work plan associated with this proceeding.

NEW SECTION. Sec. 2. A new section is added to chapter 80.28 RCW to read as follows:

(1) Beginning January 1, 2022, every general rate case filing of a gas or electrical company must include a proposal for a multiyear rate plan as provided in this chapter. The commission may, by order after an adjudicative proceeding as provided by chapter 34.05 RCW, approve, approve with conditions, or reject, a multiyear rate plan proposal made by a gas or electrical company or an alternative proposal made by one or more parties, or any combination thereof. The commission's consideration of a proposal for a multiyear rate plan is subject to the same standards applicable to other rate filings made under this title, including the public interest and fair, just, reasonable, and sufficient rates. In determining the public interest, the commission may consider such factors including, but not limited to, environmental health and greenhouse gas emissions reductions, health and safety concerns, economic development, and equity, to the extent such factors affect the rates, services, and practices of a gas or electrical company regulated by the commission.

(2) The commission may approve, disapprove, or approve with modifications any proposal to recover from ratepayers up to five percent of the total revenue requirement approved by the commission for each year of a multiyear rate plan for tariffs that reduce the energy burden of low-income residential customers including, but not limited to: (a) Bill assistance programs; or (b) one or more special rates. For any multiyear rate plan approved under this section resulting in a rate increase, the commission must approve an increase in the amount of low-income bill assistance to take effect in each year of the rate plan where there is a rate increase. At a minimum, the amount of such low-income assistance increase must be equal to double the percentage increase, if any, in the residential base rates approved for each year of the rate plan. The commission may approve a larger increase to low-income bill assistance based on an appropriate record.

(3)(a) If it approves a multiyear rate plan, the commission shall separately approve rates for each of the initial rate year, the second rate year and, if applicable, the third rate year, and the fourth rate year.

(b) The commission shall ascertain and determine the fair value for rate-making purposes of the property of any gas or electrical company that is or will be used and useful under RCW 80.04.250 for service in this state by or during each rate year of the multiyear rate plan. For the initial rate year, the commission shall, at a minimum, ascertain and determine the fair value for rate-making purposes of the property of any gas or electrical company that is used and useful for service in this state as of the rate effective date. The commission may order refunds to customers if property expected to be used and useful by the rate effective date when the commission approves a multiyear rate plan is in fact not used and useful by such a date.

(c) The commission shall ascertain and determine the revenues and operating expenses for rate-making purposes of any gas or electrical company for each rate year of the multiyear rate plan.

(d) In ascertaining and determining the fair value of property of a gas or electrical company pursuant to (b) of this subsection and projecting the revenues and operating expenses of a gas or electrical company pursuant to (c) of this subsection, the commission may use any standard, formula, method, or theory of valuation reasonably calculated to arrive at fair, just, reasonable, and sufficient rates.

(e) If the commission approves a multiyear rate plan with a duration of three or four years, then the electrical company must update its power costs as of the rate effective date of the third rate year. The proceeding to update the electrical company's power costs is subject to the same standards that apply to other rate filings made under this title.

(4) Subject to subsection (5) of this section, the commission may, by order establish terms, conditions, and procedures for a multiyear rate plan and ensure that rates remain fair, just, reasonable, and sufficient during the course of the plan.

(5) Notwithstanding subsection (4) of this section, a gas or electrical company is bound by the terms of the multiyear rate plan approved by the commission for each of the initial rate year and the second rate year. A gas or electrical company may file a new multiyear rate plan in accordance with this section for the third rate year and fourth rate year, if any, of a multiyear rate plan.

(6) If the annual commission basis report for a gas or electrical company demonstrates that the reported rate of return on rate base of the company for the 12-month period ending as of the end of the period for which the annual commission basis report is filed is more than .5 percent higher than the rate of return authorized by the commission in the multiyear rate plan for such a company, the company shall defer all revenues that are in excess of .5 percent higher than the rate of return authorized by the commission for refunds to customers or another determination by the commission in a subsequent adjudicative proceeding. If a multistate electrical company with fewer than 250,000 customers in Washington files a multiyear rate plan that provides for no increases in base rates in consecutive years beyond the initial rate year, the commission shall waive the requirements of this subsection provided that such a waiver results in just and reasonable rates.

(7) The commission must, in approving a multiyear rate plan, determine a set of performance measures that will be used to assess a gas or electrical company operating under a multiyear rate plan. These performance measures may be based on proposals made by the gas or electrical company in its initial application, by any other party to the proceeding in its response to the company's filing, or in the testimony and evidence admitted in the proceeding. In developing performance measures, incentives, and penalty mechanisms, the commission may consider factors including, but not limited to, lowest reasonable cost planning, affordability, increases in energy burden, cost of service, customer satisfaction and engagement, service reliability, clean energy or renewable procurement, conservation acquisition, demand side management expansion, rate stability, timely execution of competitive procurement practices, attainment of state energy and emissions reduction policies, rapid integration of renewable energy resources, and fair compensation of utility employees.

(8) Nothing in this section precludes any gas or electrical company from making filings required or permitted by the commission.
(9) The commission shall align, to the extent practical, the timing of approval of a multiyear rate plan of an electrical company submitted pursuant to this section with the clean energy implementation plan of the electrical company filed pursuant to RCW 19.405.060.

(10) The provisions of this section may not be construed to limit the existing rate-making authority of the commission.

Sec. 3. RCW 80.28.068 and 2009 c 32 s 1 are each amended to read as follows:

((Lined)) (1) Upon its own motion, or upon request by an electrical or gas company, or other party to a general rate case hearing, or other proceeding to set rates, the commission may approve rates, charges, services, and/or physical facilities at a discount, or through grants, for low-income senior customers and low-income customers. Expenses and lost revenues as a result of these discounts, grants, or other low-income assistance programs shall be included in the company's cost of service and recovered in rates to other customers. Each gas or electrical company must propose a low-income assistance program comprised of a discount rate for low-income senior customers and low-income customers as well as grants and other low-income assistance programs. The commission shall approve, disapprove, or approve with modifications each gas or electrical company's low-income assistance discount rate and grant program. The gas or electrical company must use reasonable and good faith efforts to seek approval for low-income program design, eligibility, operation, outreach, and funding proposals from its low-income and equity advisory groups in advance of filing such proposals with the commission. In order to remove barriers and to expedite assistance, low-income discounts or grants approved under this section must be provided in coordination with community-based organizations in the gas or electrical company's service territory including, but not limited to, grantees of the department of commerce, community action agencies, and community-based nonprofit organizations. Nothing in this section may be construed as limiting the commission's authority to approve or modify tariffs authorizing low-income discounts or grants.

(2) Eligibility for a low-income discount rate or grant established in this section may be established upon verification of a low-income customer's receipt of any means-tested public benefit, or verification of eligibility for the low-income home energy assistance program, or its successor program, for which eligibility does not exceed the low-income definition set by the commission pursuant to RCW 19.405.020. The public benefits may include, but are not limited to, assistance that provides cash, housing, food, or medical care including, but not limited to, temporary assistance for needy families, supplemental security income, emergency assistance to elders, disabled, and children, supplemental nutrition assistance program benefits, public housing, federally subsidized or state-subsidized housing, the low-income home energy assistance program, veterans' benefits, and similar benefits.

(3) Each gas or electrical company shall conduct substantial outreach efforts to make the low-income discounts or grants available to eligible customers and must provide annual reports to the commission as to the gas or electrical company's outreach activities and results. Such outreach: (a) Shall be made at least semiannually to inform customers of available rebates, discounts, credits, and other cost-saving mechanisms that can help them lower their monthly bills for gas or electrical service; and (b) may be in the form of any customary and usual methods of communication or distribution including, without limitation, widely broadcast communications with customers, direct mailing, telephone calls, electronic communications, social media postings, in-person contacts, websites of the gas or electrical company, press releases, and print and electronic media, that are designed to increase access to and participation in bill assistance programs.

(4) Outreach may include establishing an automated program of matching customer accounts with lists of recipients of the means-tested public benefit programs and, based on the results of the matching program, to presumptively offer a low-income discount rate or grant to eligible customers so identified. However, the gas or electrical company must within 60 days of the presumptive enrollment inform such a low-income customer of the presumptive enrollment and all rights and obligations of a customer under the program, including the right to withdraw from the program without penalty.

(5) A residential customer eligible for a low-income discount rate must receive the service on demand.

(6) A residential customer may not be charged for initiating or terminating low-income discount rates, grants, or any other form of energy assistance.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Energy burden" has the same meaning as defined in RCW 19.405.020.

(b) "Low-income" has the same meaning as defined in RCW 19.405.020.

(c) "Physical facilities" includes, but may not be limited to, a community solar project as defined in RCW 80.28.370.

NEW SECTION. Sec. 4. A new section is added to chapter 80.28 RCW to read as follows:

1. A gas company or electrical company shall, upon request, enter into one or more written agreements with organizations that represent broad customer interests in regulatory proceedings conducted by the commission, subject to commission approval in accordance with subsection (2) of this section, including but not limited to organizations representing low-income, commercial, and industrial customers, vulnerable populations, or highly impacted communities. The agreement must govern the manner in which financial assistance may be provided to the organization. More than one gas company, electrical company, or organization representing customer interests may join in a single agreement. Any agreement entered into under this section must be approved, approved with modifications, or rejected by the commission. The commission must consider whether the agreement is consistent with a reasonable allocation of financial assistance provided to organizations pursuant to this section among classes of customers of the gas or electrical company.

2. Before administering an agreement entered into under subsection (1) of this section, the commission shall, by rule or order, determine:

(a) The amount of financial assistance, if any, that may be provided to any organization;

(b) The manner in which the financial assistance is distributed;

(c) The manner in which the financial assistance is recovered in the rates of the gas company or electrical company under subsection (3) of this section; and

(d) Other matters necessary to administer the agreement.

3. The commission shall allow a gas company or electrical company that provides financial assistance under this section to recover the amounts provided in rates. The commission shall allow a gas company or electrical company to defer inclusion of those amounts in rates if the gas company or electrical company so elects. An agreement under this section may not provide for payment of any amounts to the commission.

4. Organizations representing vulnerable populations or highly impacted communities must be prioritized for funding under this section.
Sec. 5. RCW 80.28.074 and 1988 c 166 s 1 are each amended to read as follows:

The legislature declares it is the policy of the state to:

(1) Preserve affordable (natural gas and electric) energy services to the residents of the state;
(2) Maintain and advance the efficiency and availability of (natural gas and electric) energy services to the residents of the state of Washington;
(3) Ensure that customers pay only reasonable charges for (natural gas and electric services);
(4) Permit flexible pricing of (natural gas and electric services);

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 5, 2021

MR. PRESIDENT:
The House passed SENATE BILL NO. 5299 with the following amendment(s): 5299 AMH ED H1398.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.230.300 and 2019 c 180 s 2 are each amended to read as follows:

(1) Beginning no later than the 2022-23 school year, each school district that operates a high school must, at a minimum, provide an opportunity to access an elective computer science course that is available to all high school students. School districts are encouraged to consider community-based or public-private partnerships in establishing and administering a course, but any course offered in accordance with this section must be aligned to the state learning standards for computer science or mathematics.

(2) In accordance with the requirements of this section, beginning in the 2019-20 school year, school districts may award academic credit for computer science to students based on student completion of a competency examination that is aligned with the state learning standards for computer science or mathematics and course equivalency requirements adopted by the office of the superintendent of public instruction to implement this section. Each school district board of directors in districts that award credit under this subsection shall develop a written policy for awarding such credit that includes:

(a) A course equivalency approval procedure;
(b) Procedures for awarding competency-based credit for skills learned partially or wholly outside of a course; and
(c) An approval process for computer science courses taken before attending high school under RCW 28A.230.090 (4) and (5).

(3) Prior to the use of any competency examination under this section that may be used to award academic credit to students, the office of the superintendent of public instruction must review the examination to ensure its alignment with:

(a) The state learning standards for computer science or mathematics; and
(b) Course equivalency requirements adopted by the office of the superintendent of public instruction to implement this section.

(4)(a) For purposes of meeting graduation requirements under RCW 28A.230.090, a student may substitute a computer science course aligned to state computer science learning standards as an alternative to a third year mathematics or third year science course if:

(i) Prior to the substitution, the school counselor provides the student and the student's parent or guardian with written notification of the consequences of the substitution on postsecondary opportunities;

(ii) The student, the student's parent or guardian, and the student's school counselor or principal agree to the substitution; and

(iii) The substitution is aligned with the student's high school and beyond plan.

(b) A substitution permitted under this subsection (4) may only be used once per student.

Sec. 2. RCW 28A.230.090 and 2020 c 307 s 6 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and 28A.655.250 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of
the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c)(i) Each student must have a high school and beyond plan to guide the student's high school experience and inform course taking that is aligned with the student's goals for education or training and career after high school.

(ii)(A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(B) For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

(iii)(A) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who are not on track to graduate, to enable them to fulfill high school graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.

(B) For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postschool transition plan. The high school and beyond plan must be updated in a similar manner and with similar school personnel as for all other students.

(iv) School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection (1)(c)(iv) prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.

(v) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) Identification of dual credit programs and the opportunities they create for students, including eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP courses, international baccalaureate programs, and college in the high school programs;

(D) Information about the college bound scholarship program established in chapter 28B.118 RCW;

(E) A four-year plan for course taking that:

(I) Includes information about options for satisfying state and local graduation requirements;

(II) Satisfies state and local graduation requirements;

(III) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;

(IV) Identifies course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and

(V) Includes information about the college bound scholarship program, the Washington college grant, and other scholarship opportunities;

(F) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

(I) Information about the documentation necessary for completing the applications; application timelines and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and

(II) Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and

(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(e). The rules must include authorization for a school district to waive up to two credits for individual students based on a student's circumstances, provided that none of the waived credits are identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal, or as provided in RCW 28A.230.300(4).

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(e) to an
applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) Unless requested otherwise by the student and the student's family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit."

individual impact, health care workers need the skills to address systemic racism and bias.

NEW SECTION. Sec. 2. A new section is added to chapter 43.70 RCW to read as follows:

(1) By January 1, 2024, the rule-making authority for each health profession licensed under Title 18 RCW subject to continuing education requirements must adopt rules requiring a licensee to complete health equity continuing education training at least once every four years.

(2) Health equity continuing education courses may be taken in addition to or, if a rule-making authority determines the course fulfills existing continuing education requirements, in place of other continuing education requirements imposed by the rule-making authority.

(3)(a) The secretary and the rule-making authorities must work collaboratively to provide information to licensees about available courses. The secretary and rule-making authorities shall consult with patients or communities with lived experiences of health inequities or racism in the health care system and relevant professional organizations when developing the information and must make this information available by July 1, 2023. The information should include a course option that is free of charge to licensees. It is not required that courses be included in the information in order to fulfill the health equity continuing education requirement.

(b) By January 1, 2023, the department, in consultation with the boards and commissions, shall adopt model rules establishing the minimum standards for continuing education programs meeting the requirements of this section. The department shall consult with patients or communities with lived experience of health inequities or racism in the health care system, relevant professional organizations, and the rule-making authorities in the development of these rules.

(c) The minimum standards must include instruction on skills to address the structural factors, such as bias, racism, and poverty, that manifest as health inequities. These skills include individual-level and system-level intervention, and self-reflection to assess how the licensee's social position can influence their relationship with patients and their communities. These skills enable a health care professional to effectively care for patients from diverse populations. Any such education shall be developed in structural terms.

Sec. 3. RCW 43.70.615 and 2006 c 237 s 2 are each amended to read as follows:

(1) For the purposes of this section, "multicultural health" means the provision of health care services with the knowledge and awareness of the causes and effects of the determinants of health that lead to disparities in health status between different genders and racial and ethnic populations and the practice skills necessary to respond appropriately.

(2) The department, in consultation with the disciplining authorities as defined in RCW 18.130.040, shall establish, within available department general funds, an ongoing multicultural health awareness and education program as an integral part of its health professions regulation. The purpose of the education program is to raise awareness and educate health care professionals regarding the knowledge, attitudes, and practice skills necessary to care for diverse populations to achieve a greater understanding of the relationship between culture and health. "(The disciplining authorities having the authority to offer continuing education may provide training in the dynamics of providing culturally competent, multicultural health care to diverse populations.) Any such education shall be developed in collaboration with education programs that train students in that health profession. "(A disciplining authority may require that instructors of continuing education or continuing competency programs integrate multicultural health into their curricula when it is appropriate to the subject matter of the instruction.)" No funds from the health professions account may be utilized to fund activities under this section unless the disciplining authority authorizes expenditures from its proportions of the account. (A disciplining authority may defray costs by authorizing a fee to be

ENGROSSED SUBSTITUTE SENATE BILL NO. 5229, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

April 10, 2021

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5226 with the following amendment(s): 5226-S.E AMH TR H1493.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.63.060 and 2013 c 170 s 1 are each amended to read as follows:

(1) A notice of traffic infraction represents a determination that an infraction has been committed. The determination will be final unless contested as provided in this chapter.

(2) The form for the notice of traffic infraction shall be prescribed by rule of the supreme court and shall include the following:

(a) A statement that the notice represents a determination that a traffic infraction has been committed by the person named in the notice and that the determination shall be final unless contested as provided in this chapter;

(b) A statement that a traffic infraction is a noncriminal offense for which imprisonment may not be imposed as a sanction; (that the penalty for a traffic infraction may include sanctions against the person's driver's license including suspension, revocation, or denial,) that the penalty for a traffic infraction related to standing, stopping, or parking may include nonrenewal of the vehicle registration;

(c) A statement of the specific traffic infraction for which the notice was issued;

(d) A statement of the monetary penalty established for the traffic infraction;

(e)(j) A statement of the options provided in this chapter for responding to the notice and the procedures necessary to exercise these options:

(ii) One of the options must allow a person to admit responsibility for the infraction and attest that the person does not have the current ability to pay the infraction in full. The person must receive information on how to submit evidence of inability to pay, obtain a payment plan pursuant to section 4 of this act, and be informed that failure to pay or enter into a payment plan may result in collection action, including garnishment of wages or other assets;

(f) A statement that at any hearing to contest the determination the state has the burden of proving, by a preponderance of the evidence, that the infraction was committed; and that the person may subpoena witnesses including the officer who issued the notice of infraction;

(g) A statement that at any hearing requested for the purpose of explaining mitigating circumstances surrounding the commission of the infraction the person will be deemed to have committed the infraction and may not subpoena witnesses; and

(h) A statement that the person must respond to the notice as provided in this chapter within ((fifteen)) 30 days or the person's driver's license or driving privilege may be suspended by the department until any penalties imposed pursuant to this chapter have been satisfied; and

(i) A statement that failure to appear at a hearing requested for the purpose of contesting the determination or for the purpose of explaining mitigating circumstances may result in the suspension of the person's driver's license or driving privilege, or in the case of a standing, stopping, or parking violation, refusal of the department to renew the vehicle registration, until any penalties imposed pursuant to this chapter have been satisfied.

((3)(a) A form for a notice of traffic infraction printed after July 22, 2011, must include a statement that the person may be able to enter into a payment plan with the court under RCW 46.63.110.

(b) The forms for a notice of traffic infraction must include the changes in section 1, chapter 170, Laws of 2013 by July 1, 2015.

Sec. 2. RCW 46.63.070 and 2011 c 372 s 3 are each amended to read as follows:

(1) Any person who receives a notice of traffic infraction shall respond to such notice as provided in this section within ((fifteen)) 30 days of the date of the notice.
(2) If the person determined to have committed the infraction does not contest the determination the person shall respond by completing the appropriate portion of the notice of infraction and submitting it, either by mail or in person, to the court specified on the notice. A check or money order in the amount of the penalty prescribed for the infraction must be submitted with the response, unless the person selects the option attesting that the person does not have the current ability to pay the infraction in full. When a response which does not contest the determination is received, an appropriate order shall be entered in the court’s records, and a record of the response and order shall be furnished to the department in accordance with RCW 46.20.270.

(3) If the person determined to have committed the infraction wishes to contest the determination the person shall respond by completing the portion of the notice of infraction requesting a hearing and submitting it, either by mail or in person, to the court specified on the notice. The court shall notify the person in writing of the time, place, and date of the hearing. The court shall notify the person in writing of the time, place, and date of the hearing, and that date shall not be sooner than seven days from the date of the notice, except by agreement.

(4) If the person determined to have committed the infraction does not contest the determination but wishes to explain mitigating circumstances surrounding the infraction the person shall respond by completing the portion of the notice of infraction requesting a hearing for that purpose and submitting it, either by mail or in person, to the court specified on the notice. The court shall notify the person in writing of the time, place, and date of the hearing.

(5) (a) Except as provided in (b), (c), and (d) of this subsection, in hearings conducted pursuant to subsections (3) and (4) of this section, the court may defer findings, or in a hearing to explain mitigating circumstances may defer entry of its order, for up to one year and impose conditions upon the defendant the court deems appropriate. Upon deferring findings, the court may assess costs as the court deems appropriate for administrative processing. If at the end of the deferral period the defendant has met all conditions and has not been determined to have committed another traffic infraction, the court may dismiss the infraction.

(b) A person may not receive more than one deferral within a seven-year period for traffic infractions for moving violations and more than one deferral within a seven-year period for traffic infractions for nonmoving violations.

(c) A person who is the holder of a commercial driver’s license or who was operating a commercial motor vehicle at the time of the violation may not receive a deferral under this section.

(d) A person who commits negligent driving in the second degree with a vulnerable user victim may not receive a deferral for this infraction under this section.

(6) If any person issued a notice of traffic infraction:

(a) Fails to respond to the notice of traffic infraction as provided in subsection (2) of this section; or

(b) Fails to appear at a hearing requested pursuant to subsection (3) or (4) of this section;

the court shall enter an appropriate order assessing the monetary penalty prescribed for the traffic infraction and any other penalty authorized by this chapter and shall notify the department in accordance with RCW 46.20.270, of the failure to respond to the notice of infraction or to appear at a requested hearing.

Sec. 3. RCW 46.63.110 and 2019 c 467 s 4, 2019 c 403 s 13, 2019 c 181 s 1, and 2019 c 65 s 7 are each recodified and amended to read as follows:

1(a) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(b) The court may waive or remit any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction unless the specific monetary obligation in question is prohibited from being waived or remitted by state law.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines that a person is not able to pay a monetary obligation in full, the court may, in its discretion, enter an appropriate order assessing the monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution of the failure to pay a monetary penalty.

The court may waive or remit any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction unless the specific monetary obligation in question is prohibited from being waived or remitted by state law.
court has entered into a new time payment or community restitution agreement with the person. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privileges.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's delinquency, and the department shall suspend the person's driver's license or driving privileges.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow offenders to offset all or a part of the penalty assessment, or other monetary obligation for civil enforcement action, the court may, at its discretion, enter into a payment plan.

(2) The person may voluntarily pay an amount at any time in lieu of time payments if the person is unable to make reasonable time payments.

(3) If a payment required to be made under the payment plan is not subject to assessments or fees provided under this section.

(4) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the person may request a payment plan pursuant to section 4 of this act.

(5) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

(6) The additional monetary penalty for a violation of RCW 46.20.500 is not subject to assessments or fees provided under this section.

(7) The additional monetary fine for a violation of RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205 is not subject to assessments or fees provided under this section.

(8) The additional monetary penalties for a violation of RCW 46.61.165 are not subject to assessments or fees provided under this section.

NEW SECTION  Sec. 4. A new section is added to chapter 46.63 RCW to read as follows:

(1)(a) A person may request a payment plan at any time for the payment of any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction. If the person does not have the ability to pay the monetary obligation in full, the person has not previously been granted a payment plan for the same monetary obligation, and the court has not authorized its collections agency to take civil legal enforcement action, the court shall enter into a payment plan with the individual. Where the court has authorized its collections agency to take civil legal enforcement action, the court may, at its discretion, enter into a payment plan.

(b) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(2) The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(3) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations have been paid and court authorized community restitution has been completed, or until the court has entered into a new payment plan or community restitution agreement with the person.
The department is authorized to suspend the license of a driver upon a showing by its records or other sufficient evidence that the licensee:

1. Has committed an offense for which mandatory revocation or suspension of license is provided by law;
2. Has, by reckless or unlawful operation of a motor vehicle, caused or contributed to an accident resulting in death or injury to any person or serious property damage;
3. Has been convicted of offenses against traffic regulations governing the movement of vehicles, or found to have committed traffic infractions, with such frequency as to indicate a disrespect for traffic laws or a disregard for the safety of other persons on the highways;
4. Is incompetent to drive a motor vehicle under RCW 46.20.031(3);
5. Has failed to respond to a notice of traffic infraction, failed to appear at a ((requested)) hearing, ((violated a written promise to appear in court)) or has failed to comply with the terms of a ((notice of traffic infraction,)) criminal complaint((,)) or criminal citation for a moving violation, as provided in RCW 46.20.289;
6. Is subject to suspension under RCW 46.20.305 or 9A.56.078;
7. Has committed one of the prohibited practices relating to drivers' licenses defined in RCW 46.20.0921; or
8. Has been certified by the department of social and health services as a person who is not in compliance with a child support order or a residential or visitation order as provided in RCW 74.20A.330.

NEW SECTION. Sec. 7. A new section is added to chapter 46.20 RCW to read as follows:

1. Whenever the official records of the department show that a person has committed a traffic infraction for a moving violation on three or more occasions within a one-year period, or on four or more occasions within a two-year period, the department must suspend the license of the driver for a period of 60 days and establish a period of probation for one calendar year to begin when the suspension ends. Prior to reinstatement of a license, the person must complete a safe driving course as recommended by the department. During the period of probation, the person must not be convicted of any additional traffic infractions for moving violations. Any traffic infraction for a moving violation committed during the period of probation shall result in an additional 30-day suspension to run consecutively with any suspension already being served.
2. When a person has committed a traffic infraction for a moving violation on two occasions within a one-year period or three occasions within a two-year period, the department shall send the person a notice that an additional infraction will result in suspension of the person's license for a period of 60 days.
3. The department may not charge a reissue fee at the end of the term of suspension under this section.
4. For purposes of this section, multiple traffic infractions issued during or as the result of a single traffic stop constitute one occasion.

Sec. 8. RCW 46.20.311 and 2020 c 330 s 7 are each amended to read as follows:

1(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.
(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed,
pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) Except as provided in section 7(3) of this act, the department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee in the amount of seventy-five dollars.

(ii) Except as provided in subsection (4) of this section, if the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred seventy dollars.

2(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until:

(i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) Except as provided in subsection (4) of this section, if the revocation is the result of a violation of RCW 46.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred seventy dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning as required by RCW 46.20.720(8). If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) Except as provided in subsection (4) of this section, if the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred seventy dollars.

(4) When the department reinstates a person's driver's license following a suspension, revocation, or denial under RCW
(a) A person found to be a habitual offender under chapter 46.65 RCW, who violates this section while an order of revocation issued under chapter 46.65 RCW prohibiting such operation is in effect, is guilty of driving while license suspended or revoked in the first degree, a gross misdemeanor. Upon the first such conviction, the person shall be punished by imprisonment for not less than ten days. Upon the second conviction, the person shall be punished by imprisonment for not less than ninety days. Upon the third or subsequent conviction, the person shall be punished by imprisonment for not less than one hundred eighty days. If the person is also convicted of the offense defined in RCW 46.61.520 or 46.61.504, when both convictions arise from the same event, the minimum sentence of confinement shall be not less than ninety days. The minimum sentence of confinement required shall not be suspended or deferred. A conviction under this subsection does not prevent a person from petitioning for reinstatement as provided by RCW 46.65.080.

(b) A person who violates this section while an order of suspension or revocation prohibiting such operation is in effect and while the person is not eligible to reinstate his or her driver's license or driving privilege, other than for a suspension for the reasons described in (c) of this subsection, is guilty of driving while license suspended or revoked in the second degree, a gross misdemeanor. For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver's license or driving privilege if the person is eligible to obtain an ignition interlock driver's license but did not obtain such a license. This subsection applies when a person's driver's license or driving privilege has been suspended or revoked by reason of:

(i) A conviction of a felony in the commission of which a motor vehicle was used;

(ii) A previous conviction under this section;

(iii) A notice received by the department from a court or diversion unit as provided by RCW 46.20.265, relating to a minor who has committed, or who has entered a diversion unit concerning an offense relating to alcohol, legend drugs, controlled substances, or imitation controlled substances;

(iv) A conviction of RCW 46.20.410, relating to the violation of restrictions of an occupational driver's license, a temporary restricted driver's license, or an ignition interlock driver's license;

(v) A conviction of RCW 46.20.345, relating to the operation of a motor vehicle with a suspended or revoked license;

(vi) A conviction of RCW 46.52.020, relating to duty in case of injury to or death of a person or damage to an attended vehicle;

(vii) A conviction of RCW 46.61.024, relating to attempting to elude pursuing police vehicles;

(viii) A conviction of RCW 46.61.212((44)) (5), relating to reckless endangerment of emergency zone workers;

(ix) A conviction of RCW 46.61.500, relating to reckless driving;

(x) A conviction of RCW 46.61.502 or 46.61.504, relating to a person under the influence of intoxicating liquor or drugs;

(xi) A conviction of RCW 46.61.520, relating to vehicular homicide;

(xii) A conviction of RCW 46.61.522, relating to vehicular assault;

(xiii) A conviction of RCW 46.61.527(4), relating to reckless endangerment of roadway workers;

(xiv) A conviction of RCW 46.61.530, relating to racing of vehicles on highways;

(xv) A conviction of RCW 46.61.685, relating to leaving children in an unattended vehicle with motor running;

(xvi) A conviction of RCW 46.61.740, relating to theft of motor vehicle fuel;

(xvii) A conviction of RCW 46.64.048, relating to attempting, aiding, abetting, coercing, and committing crimes;

(xviii) An administrative action taken by the department under chapter 46.20 RCW;

(xix) A conviction of a local law, ordinance, regulation, or resolution of a political subdivision of this state, the federal government, or any other state, of an offense substantially similar to a violation included in this subsection; or

(xx) A finding that a person has committed a traffic infraction under RCW 46.61.526 and suspension of driving privileges pursuant to RCW 46.61.526 (4)(b) or (7)(a)(ii).

(c) A person who violates this section when his or her driver's license or driving privilege is, at the time of the violation, suspended or revoked solely because:

(i) The person must furnish proof of satisfactory progress in a required alcoholism or drug treatment program;

(ii) The person must furnish proof of financial responsibility for the future as provided by chapter 46.29 RCW;

(iii) The person has failed to comply with the provisions of chapter 46.29 RCW relating to uninsured accidents;

(iv) The person has failed to respond to a notice of traffic infraction for a moving violation, failed to appear at a ((requested)) hearing for a moving violation, ((violated a written promise to appear in court)) or ((has)) failed to comply with the terms of a ((notice of traffic infraction)) criminal complaint or criminal citation for a moving violation, as provided in RCW 46.20.289((e)(1));

(v) The person has committed an offense in another state that, if committed in this state, would not be grounds for the suspension or revocation of the person's driver's license;

(vi) The person has been suspended or revoked by reason of one or more of the items listed in (b) of this subsection, but was eligible to reinstate his or her driver's license or driving privilege at the time of the violation;

(vii) The person has received traffic citations or notices of traffic infraction that have resulted in a suspension under RCW 46.20.267 relating to intermediate drivers' licenses;

(viii) The person has been certified by the department of social and health services as a person who is not in compliance with a child support order as provided in RCW 74.20A.320, or any combination of (c)(i) through (viii) of this subsection, is guilty of driving while license suspended or revoked in the third degree, a misdemeanor.

(d) For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver's license or driving privilege if the person is eligible to obtain an ignition interlock driver's license but did not obtain such a license.

(2) Upon receiving a record of conviction of any person or upon receiving an order by any juvenile court or any duly authorized court officer of the conviction of any juvenile under this section, the department shall:
(a) For a conviction of driving while suspended or revoked in the first degree, as provided by subsection (1)(a) of this section, extend the period of administrative revocation imposed under chapter 46.65 RCW for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(b) For a conviction of driving while suspended or revoked in the second degree, as provided by subsection (1)(b) of this section, not issue a new license or restore the driving privilege for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(c) of this section. If the conviction was under subsection (1)(a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver's license, the period of suspension or revocation shall not be extended.

**Sec. 10.** RCW 46.20.391 and 2012 c 82 s 2 are each amended to read as follows:

1. Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide, vehicular assault, driving while under the influence of intoxicating liquor or any drug, or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, may submit to the department an application for a temporary restricted driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue a temporary restricted driver's license and may set definite restrictions as provided in RCW 46.20.394.

2. (a) A person licensed under this chapter whose driver's license is suspended administratively due to failure to appear or respond pursuant to RCW 46.20.289; a violation of the financial responsibility laws under chapter 46.29 RCW; or for multiple violations within a specified period of time under RCW 46.20.291, may apply to the department for an occupational driver's license.

(b) An occupational driver's license issued to an applicant described in (a) of this subsection shall be valid for the period of the suspension or revocation.

3. (a) Within seven years immediately preceding the date of the offense that gave rise to the present conviction or incident, the applicant has not committed vehicular homicide under RCW 46.61.520 or vehicular assault under RCW 46.61.522; and

(b) The applicant demonstrates that it is necessary for him or her to operate a motor vehicle because he or she:

(i) Is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle;

(ii) Is undergoing continuing health care or providing continuing care to another who is dependent upon the applicant;

(iii) Is enrolled in an educational institution and pursuing a course of study leading to a diploma, degree, or other certification of successful educational completion;

(iv) Is undergoing substance abuse treatment or is participating in meetings of a twelve-step group such as Alcoholics Anonymous that requires the petitioner to drive to or from the treatment or meetings;

(v) Is fulfilling court-ordered community service responsibilities;

(vi) Is in a program that assists persons who are enrolled in a WorkFirst program pursuant to chapter 74.08A RCW to become gainfully employed and the program requires a driver's license;

(vii) Is in an apprenticeship, on-the-job training, or welfare-to-work program; or

(viii) Presents evidence that he or she has applied for a position in an apprenticeship or on-the-job training program for which a driver's license is required to begin the program, provided that a license granted under this provision shall be in effect for no longer than fourteen days; and

(c) The applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW; and

(d) Upon receipt of evidence that a holder of an occupational driver's license granted under this subsection is no longer enrolled in an apprenticeship or on-the-job training program for which a license granted under this provision is required, the director shall give written notice by first-class mail to the driver that the occupational driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver's license upon submittal of evidence of enrollment in another program that meets the criteria set forth in this subsection; and

(e) The department shall not issue an occupational driver's license under (b)(iv) of this subsection if the applicant is able to receive transit services sufficient to allow for the applicant's participation in the programs referenced under (b)(iv) of this subsection.

4. A person aggrieved by the decision of the department on the application for an occupational or temporary restricted driver's license may request a hearing as provided by rule of the department.

5. The director shall cancel an occupational or temporary restricted driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose occupational or temporary restricted driver's license has been canceled under this section may reapply for a new occupational or temporary restricted driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

**NEW SECTION.** Sec. 11. A new section is added to chapter 46.20 RCW to read as follows:

1. The department is authorized to administratively reinstate the license of a person suspended pursuant to RCW 46.20.289(1) prior to the effective date of this section because the person:

(a) Failed to respond to a notice of traffic infraction for a moving violation;

(b) Failed to appear at a requested hearing for a moving violation;

(c) Violated a written promise to appear in court for a notice of infraction for a moving violation; or

(d) Failed to comply with the terms of a notice of traffic infraction.

2. No later than 90 days after the effective date of this section, the department shall:

(a) Take reasonable steps to publicize the availability of relief to reinstate a suspended license as provided in this section; and

(b) Create an online application process for persons whose licenses are suspended and may be eligible for reinstatement as provided in this section. The online application process shall
allow a person to determine whether the person is eligible to have his or her license reinstated and explain the process for reinstatement. A reissue fee as provided in RCW 46.20.311 shall apply.

(3) A reissue fee as provided in RCW 46.20.311 shall apply to any license reinstated under this section.

Sec. 12. RCW 46.64.025 and 2017 c 336 s 11 are each amended to read as follows:

Whenever any person (served with, or provided notice of, a traffic infraction or a traffic-related criminal complaint willfully) fails to respond to a notice of traffic infraction for a moving violation, fails to appear at a (requested) hearing for a moving violation, or fails to comply with the terms of a (notice of infraction for a moving violation or a traffic related)) criminal complaint or criminal citation for a moving violation, the court with jurisdiction over the traffic infraction or traffic-related criminal complaint or criminal citation shall promptly give notice of such fact to the department of licensing. Whenever thereafter the case in which the defendant failed to appear or comply is adjudicated, the court hearing the case shall promptly file with the department a certificate showing that the case has been adjudicated.

For the purposes of this section, "moving violation" is defined by rule pursuant to RCW 46.20.2891.

NEW SECTION. Sec. 13. A new section is added to chapter 46.20 RCW to read as follows:

(1) An additional $1 fee shall be imposed on each application for an original or renewal of a regular driver’s license, regular identicard, enhanced driver’s license, or enhanced identicard. The entire amount of the fee shall be used to pay for processing costs for driver’s license issuance and reinstatements, and information technology upgrades and the ongoing costs to maintain the driver’s license and identicard record and issuance system.

(2) The department shall forward all funds accruing under this section to the state treasurer who shall deposit the moneys to the credit of the highway safety fund.

Sec. 14. RCW 2.68.040 and 2019 c 467 s 6, 2019 c 403 s 12, and 2019 c 65 s 6 are each reenacted and amended to read as follows:

(1) To support the judicial information system account provided for in RCW 2.68.020, the supreme court may provide by rule for an increase in fines, penalties, and assessments, and the increased amount shall be forwarded to the state treasurer for deposit in the account:

(a) Pursuant to the authority of RCW 46.63.110(3), the sum of ten dollars to any penalty collected by a court pursuant to supreme court infraction rules for courts of limited jurisdiction;

(b) Pursuant to RCW 3.62.060, a mandatory appearance cost in the initial sum of ten dollars to be assessed on all defendants; and

(c) Pursuant to RCW 46.63.110(6), a ten-dollar assessment for each account for which a person requests a time payment schedule.

(2) Notwithstanding a provision of law or rule to the contrary, the assessments provided for in this section may not be waived or suspended and shall be immediately due and payable upon forfeiture, conviction, deferral of prosecution, or request for time payment, as each shall occur.

(3) The supreme court is requested to adjust these assessments for inflation.

(4) This section does not apply to the additional monetary penalty under RCW 46.20.500.

(5) This section does not apply to the additional monetary fine under RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205.

(6) This section does not apply to the additional monetary penalties under RCW 46.61.165.

(7) In addition to any amount prescribed by rule under subsection (1)(a) of this section as an assessment on traffic infractions dedicated for the judicial information system, there shall be assessed $2 on each traffic infraction. The additional $2 shall be forwarded to the state treasurer for deposit in the driver licensing technology support account, created under section 15 of this act, to be used to support information technology systems used by the department of licensing to communicate with the judicial information system, manage driving records, and implement court orders.

NEW SECTION. Sec. 15. A new section is added to chapter 46.68 RCW to read as follows:

The driver licensing technology support account is created as a subaccount in the highway safety fund under RCW 46.68.060. Moneys in the subaccount may be spent only after appropriation. Expenditures from the subaccount may be used only for supporting information technology systems used by the department to communicate with the judicial information system, manage driving records, and implement court orders.

NEW SECTION. Sec. 16. This act takes effect January 1, 2023.

MESSAGE FROM THE HOUSE

April 8, 2021

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5024 with the following amendment(s): 5024-S.E AMH CRJ H1409.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 64.55.040 and 2005 c 456 s 5 are each amended as follows:

(1) A qualified building enclosure inspector:

(a) Must be ((a)) the architect or engineer of record or another person with substantial and verifiable training and experience in building enclosure design and construction;

(b) Shall be free from improper interference or influence relating to the inspections; and

(c) May not be an employee, officer, or director of, nor have any pecuniary interest in, the declarant, developer, association, or any party providing services or materials for the project, or any of their respective affiliates, except that the qualified inspector may be the architect or engineer who approved the building enclosure design documents or the architect or engineer of record. The qualified inspector may, but is not required to, assist with the preparation of such design documents.

(2) Nothing in this section alters requirements for licensure of any architect, engineer, or other professional, or alters the jurisdiction, authority, or scope of practice of architects, engineers, other professionals, or general contractors.

Sec. 2. RCW 64.90.645 and 2018 c 277 s 410 are each amended to read as follows:

((Any earnest money deposit, as defined in RCW 64.04.005, or any reservation)) (1) Except as provided in subsection (2) of this section, any deposit made in connection with the right to purchase a unit from a person required to deliver a public offering statement pursuant to RCW 64.90.605(3) must be placed in escrow and held in this state in an escrow or trust account designated solely for that purpose by a licensed title insurance company or agent, a licensed attorney, a real estate broker or independent bonded escrow company, or an institution whose accounts are insured by a governmental agency or instrumentality until: (((4)))

(a) Delivered to the declarant at closing, (((2)))

(b) Delivered to the declarant because of the purchaser's default under a contract to purchase the unit, (((3)))

(c) Refunded to the purchaser, or (((4)))

(d) Delivered to a court in connection with the filing of an interpleader action.

(2) ((a) If a purchase agreement for the sale of a unit provides that deposit funds may be used for construction costs and the declarant obtains and maintains a surety bond as required by this section, the declarant may withdraw escrow funds when construction of improvements has begun. The funds may be used only for actual building and construction costs of the project in which the unit is located.

(b) The bond must be issued by a surety insurer licensed in this state in favor of the purchaser in an amount adequate to cover the amount of the deposit to be withdrawn. The declarant may not withdraw more than the face amount of the bond. The bond must be payable to the purchaser if the purchaser obtains a final judgment against the declarant requiring the declarant to return the deposit pursuant to the purchase agreement. The bond may be either in the form of an individual bond for each deposit accepted by the declarant or in the form of a blanket bond assuring the return of all deposits received by the declarant.

(c) The party holding escrow funds who releases all or any portion of the funds to the declarant has no obligation to monitor the progress of construction or the expenditure of the funds by the declarant and is not liable to any purchaser for the release of funds pursuant to this section.

(2) A deposit under this section may not exceed five percent of the purchase price.

Correct the title.

MESSAGE FROM THE HOUSE

April 9, 2021

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5172 with the following amendment(s): 5172-S.E AMH TANG 109

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In order to stabilize, strengthen, and protect our state's agricultural workforce and economy, it is the intent of the legislature to pass the laws necessary to protect
farmworkers and to provide agricultural employers with certainty and predictability.

The legislature intends to address the historical exceptions of agricultural work from overtime standards from both the federal fair labor standards act and the state minimum wage act when they were enacted over 60 years ago. Excluded from the opportunity to earn overtime pay, farmworkers across our state remain among our state's poorest workers. A United States department of labor study in 2016 found that nationally, 30 percent of farmworker families live below the poverty line, almost double the poverty rate of American families overall. The state department of health found that the current novel coronavirus pandemic has had a significant and disproportionate impact on farmworkers. The virus' risks to essential farmworkers from potential workplace exposures are compounded by systemic barriers to testing, prevention measures, and medical care.

The legislature also intends to avoid disruptions within the state's vital agricultural sector. While Washington is well known as the national leader in apple production, the state's agricultural sector is incredibly diverse: Over 300 crops are harvested, and a variety of livestock are raised on over 35,000 farms across the state. The robust size of our agricultural sector means our state overall ranks in the top 10 nationally in the size of our farm labor force. Agriculture is a cornerstone of our state economy. Uncertainty from recent legal decisions regarding overtime standards are compounding the pandemic's disruptions to the food chain and the safety challenges of operating during a public health crisis.

The legislature intends to provide clear overtime standards to reduce litigation between parties in this key sector of the state's economy during the challenges and additional costs brought on by the novel coronavirus and to protect the security of our food supply chain. This act's transitional approach is reasonable to achieve the legislature's purpose of increasing the safety of an at risk and essential workforce, increasing the public welfare of low-income individuals by removing a historical barrier to their earning potential, and maintaining the food security and economic security provided by a stable agricultural sector.

Sec. 2. RCW 49.46.130 and 2013 c 207 s 1 are each amended to read as follows:

(1) Except as otherwise provided in this section, no employer shall employ any of his or her employees for a workweek longer than forty hours unless such employee receives compensation for his or her employment in excess of the hours above specified at a rate not less than one and one-half times the regular rate at which he or she is employed.

(2) This section does not apply to:

(a) Any person exempted pursuant to RCW 49.46.010(3). The payment of compensation or provision of compensatory time off in addition to a salary shall not be a factor in determining whether a person is exempted under RCW 49.46.010(3)(c);

(b) Employees who request compensating time off in lieu of overtime pay;

(c) Any individual employed as a seaman whether or not the seaman is employed on a vessel other than an American vessel;

(d) Seasonal employees who are employed at concessions and recreational establishments at agricultural fairs, including those seasonal employees employed by agricultural fairs, within the state provided that the period of employment for any seasonal employee at any or all agricultural fairs does not exceed fourteen working days a year;

(e) Any individual employed as a motion picture projectionist if that employee is covered by a contract or collective bargaining agreement which regulates hours of work and overtime pay;

(f) An individual employed as a truck or bus driver who is subject to the provisions of the Federal Motor Carrier Act (49 U.S.C. Sec. 3101 et seq. and 49 U.S.C. Sec. 10101 et seq.), if the compensation system under which the truck or bus driver is paid includes overtime pay, reasonably equivalent to that required by this subsection, for working longer than forty hours per week;

(g) Any individual employed ((i) on a farm, in the employ of any person, in connection with the cultivation of the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and furbearing animals and wildlife, or in the employ of the owner or tenant or other operator of a farm in connection with the operation, management, conservation, improvement, or maintenance of such farm and its tools and equipment; or (ii) in packing, packaging, grading, storing or delivering to storage, or to market or to a carrier for transportation to market, any agricultural or horticultural commodity; or (iii) commercial canning, commercial freezing, or any other commercial processing, or with respect to services performed in connection with the cultivation, raising, harvesting, and processing of oysters or in connection with any agricultural or horticultural commodity after its delivery to a terminal market for distribution for consumption)) as an agricultural employee. This exemption from subsection (1) of this section applies only until December 31, 2021;

(b) Any industry in which federal law provides for an overtime payment based on a workweek other than forty hours. However, the provisions of the federal law regarding overtime payment based on a workweek other than forty hours shall nevertheless apply to employees covered by this section without regard to the existence of actual federal jurisdiction over the industrial activity of the particular employer within this state. For the purposes of this subsection, "industry" means a trade, business, industry, or other activity, or branch, or group thereof, in which individuals are gainfully employed (section 3(h) of the Fair Labor Standards Act of 1938, as amended (Public Law 93-259));

(i) Any hours worked by an employee of a carrier by air subject to the provisions of subchapter II of the Railway Labor Act (45 U.S.C. Sec. 181 et seq.), when such hours are voluntarily worked by the employee pursuant to a shift-trading practice under which the employee has the opportunity in the same or in other workweeks to reduce hours worked by voluntarily offering a shift for trade or reassignment; and

(j) Any individual licensed under chapter 18.85 RCW unless the individual is providing real estate brokerage services under a written contract with a real estate firm which provides that the individual is an employee. For purposes of this subsection (2)(j), "real estate brokerage services" and "real estate firm" mean the same as defined in RCW 18.85.011.

(3) No employer shall be deemed to have violated subsection (1) of this section by employing any employee of a retail or service establishment for a workweek in excess of the applicable workweek specified in subsection (1) of this section if:

(a) The regular rate of pay of the employee is in excess of one and one-half times the minimum hourly rate required under RCW 49.46.020; and

(b) More than half of the employee's compensation for a representative period, of not less than one month, represents commissions on goods or services.

In determining the proportion of compensation representing commissions, all earnings resulting from the application of a bona fide commission rate is to be deemed commissions on goods or services without regard to whether the computed commissions exceed the draw or guarantee.
(4) No employer of commissioned salespeople primarily engaged in the business of selling automobiles, trucks, recreational vessels, recreational vessel trailers, recreational vehicle trailers, recreational campers, manufactured housing, or farm implements to ultimate purchasers shall violate subsection (1) of this section with respect to such commissioned salespeople if the commissioned salespeople are paid the greater of:

(a) Compensation at the hourly rate, which may not be less than the rate required under RCW 49.46.020, for each hour worked up to forty hours per week, and compensation of one and one-half times that hourly rate for all hours worked over forty hours in one week; or

(b) A straight commission, a salary plus commission, or a salary plus bonus applied to gross salary.

(5) No public agency shall be deemed to have violated subsection (1) of this section with respect to the employment of any employee in fire protection activities or any employee in law enforcement activities (including security personnel in correctional institutions) if: (a) In a work period of twenty-eight consecutive days the employee receives for tours of duty which in the aggregate exceed two hundred forty hours; or (b) in the case of such an employee to whom a work period of at least seven but less than twenty-eight days applies, in his or her work period the employee receives for tours of duty which in the aggregate exceed a number of hours which bears the same ratio to the number of consecutive days in his or her work period as two hundred forty hours bears to twenty-eight days; compensation at a rate not less than one and one-half times the regular rate at which he or she is employed.

(6)(a) Beginning January 1, 2022, any agricultural employee shall not be employed for more than 55 hours in any one workweek unless the agricultural employee receives one and one-half times that agricultural employee's regular rate of pay for all hours worked over 55 in any one workweek.  

(b) Beginning January 1, 2023, any agricultural employee shall not be employed for more than 48 hours in any one workweek unless the agricultural employee receives one and one-half times that agricultural employee's regular rate of pay for all hours worked over 48 in any one workweek.

(c) Beginning January 1, 2024, any agricultural employee shall not be employed for more than 40 hours in any one workweek unless the agricultural employee receives one and one-half times that agricultural employee's regular rate of pay for all hours worked over 40 in any one workweek.

(7)(a) No damages, statutory or civil penalties, attorneys' fees and costs, or other type of relief may be granted against an employer to an agricultural or dairy employee seeking unpaid overtime due to the employee's historical exclusion from overtime under subsection (2)(g) of this section, as it existed on November 4, 2020.  

(b) This subsection applies to all claims, causes of actions, and proceedings commenced on or after November 5, 2020, regardless of when the claim or cause of action arose.  To this extent, this subsection applies retroactively, but in all other respects it applies prospectively.

(c) This subsection does not apply to dairy employees entitled to backpay or other relief as a result of a being a member in the class of plaintiffs in Martinez-Cuevas v. DeRuyter Bros. Dairy, 196 Wn.2d 506 (2020).

(8) For the purposes of this section, "agricultural employee" means any individual employed: (a) On a farm, in the employ of any person, in connection with the cultivation of the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and fur-bearing animals and wildlife, or in the employ of the owner or tenant or other operator of a farm in connection with the operation, management, conservation, improvement, or maintenance of such farm and its tools and equipment; (b) in packing, packaging, grading, storing or delivering to storage, or to market or to a carrier for transportation to market, any agricultural or horticultural commodity; or (c) commercial canning, commercial freezing, or any other commercial processing, or with respect to services performed in connection with the cultivation, raising, harvesting, and processing of oysters or in connection with any agricultural or horticultural commodity after its delivery to a terminal market for distribution for consumption.  An agricultural employee does not include a dairy employee.

(9) For the purposes of this section, "dairy employee" includes any employee engaged in dairy cattle and milk production activities described in code 112120 of the North American industry classification system.  

Correct the title.

and the same are herewith transmitted.

Excused: Senator Holy

ENGROSSED SUBSTITUTE SENATE BILL NO. 5172, as amended by the House, having received the constitutional majority, was declared passed.  There being no objection, the title of the bill was ordered to stand as the title of the act.

SIGNED BY THE PRESIDENT

Pursuant to Article 2, Section 32 of the State Constitution and Senate Rule 1(5), the President announced the signing of and thereupon did sign in open session:
The legislature finds that substance use disorder is a disease and should be treated using a public health, rather than a criminal justice-centered, approach. Existing laws criminalizing the possession of drugs have been ineffective in reducing drug use and preventing substance use disorder. These laws cause significant harm to individuals who use drugs by disrupting and further destabilizing their lives. It also contributes to an increased risk of death, the spread of infectious diseases, mass incarceration, the separation of families, and barriers to accessing housing, employment, and other vital services. Furthermore, even though research shows that drugs are used and sold at similar levels across all races, laws criminalizing the use of drugs have disproportionately impacted minority communities.

This act takes the important first step of reducing the crime of possession from a felony to a gross misdemeanor and institutes greater opportunities for treatment. In coordination with this act, the legislature intends to increase funding for programs that have a proven track record of assisting individuals to break free from substance use dependency. These programs include LEAD (law enforcement assisted diversion/let everyone advance with dignity program); HOST (homeless outreach stabilization transition teams); peer-run clubhouses; opioid treatment network; project for psychiatric outreach for the homeless; mobile opioid treatment grant; peer support programs; and family navigators.

The purpose of this act is to save lives and to help transform Washington’s approach to drug use from one based on criminalization and stigma to one based on science and compassion.

PART I

POSSSESSION AND USE OF CONTROLLED SUBSTANCES, COUNTERFEIT SUBSTANCES, AND LEGEND DRUGS

Sec. 2. RCW 69.50.4011 and 2003 c 53 s 332 are each amended to read as follows:

(1) Except as authorized by this chapter, it is unlawful for any person to create, deliver, or knowingly possess a counterfeit substance.

(2) [(Any)] Except as provided in subsection (3) of this section, any person who violates this section with respect to:

(a) A counterfeit substance classified in Schedule I or II which is a narcotic drug, or flunitrazepam classified in Schedule IV, is guilty of a class B felony and upon conviction may be imprisoned for not more than ten years, fined not more than twenty-five thousand dollars, or both;

(b) A counterfeit substance which is methamphetamine, is guilty of a class B felony and upon conviction may be imprisoned for not more than ten years, fined not more than twenty-five thousand dollars, or both;

(c) Any other counterfeit substance classified in Schedule I, II, or III, is guilty of a class C felony punishable according to chapter 9A.20 RCW;

(d) A counterfeit substance classified in Schedule IV, except flunitrazepam, is guilty of a class C felony punishable according to chapter 9A.20 RCW;

(e) A counterfeit substance classified in Schedule V, is guilty of a class C felony punishable according to chapter 9A.20 RCW.

(3) A violation of this section involving possession is a gross misdemeanor. Where a case is legally sufficient, the prosecutor shall divert the case for treatment if the alleged violation involving possession is the person's first or second violation. On a person's third and subsequent violation involving possession, the prosecutor is encouraged to divert the case for treatment.
Sec. 3. RCW 69.50.4013 and 2017 c 317 s 15 are each amended to read as follows:

1. It is unlawful for any person to knowingly possess a controlled substance unless the substance was obtained directly from, or pursuant to, a valid prescription or order of a practitioner while acting in the course of his or her professional practice, or except as otherwise authorized by this chapter.

2. Except as provided in RCW 69.50.4014, any person who violates this section is guilty of a ((class C felony)) gross misdemeanor punishable under chapter 9A.20 RCW.

3. Where a case is legally sufficient, the prosecutor shall divert the case for treatment if the alleged violation is the person's first or second violation of this section. On a person's third and subsequent violation of this section, the prosecutor is encouraged to divert the case for treatment.

4. (a) The possession, by a person twenty-one years of age or older, of useable marijuana, marijuana concentrates, or marijuana-infused products in amounts that do not exceed those set forth in RCW 69.50.360(3) is not a violation of this section, this chapter, or any other provision of Washington state law.

(b) The possession of marijuana, useable marijuana, marijuana concentrates, and marijuana-infused products being physically transported or delivered within the state, in amounts not exceeding those that may be established under RCW 69.50.385(3), by a licensed employee of a common carrier when performing the duties authorized in accordance with RCW 69.50.382 and 69.50.385, is not a violation of this section, this chapter, or any other provision of Washington state law.

(((6))) (7) The possession by a qualifying patient or designated provider of marijuana concentrates, useable marijuana, marijuana-infused products, or plants in accordance with chapter 18.64 RCW when authorized by the Washington medical commission, or any of the following professionals in any province of Canada that shares a common border with the state of Washington or in any state of the United States: A physician licensed to practice medicine and surgery or a physician licensed to practice osteopathic medicine and surgery, a podiatric physician and surgeon under chapter 18.32 RCW, a podiatric physician and surgeon under chapter 18.32 RCW, a veterinarian under chapter 18.92 RCW, a commissioned medical or dental officer in the United States armed forces or public health service in the discharge of his or her official duties, a duly licensed physician or dentist employed by the veterans administration in the discharge of his or her official duties, a registered nurse or advanced registered nurse practitioner under chapter 18.79 RCW when authorized by the nursing care quality assurance commission, a pharmacist licensed under chapter 18.64 RCW to the extent permitted by drug therapy guidelines or protocols established under RCW 18.64.011 and authorized by the commission and approved by a practitioner authorized to prescribe drugs, an osteopathic physician assistant under chapter 18.57A RCW when authorized by the board of osteopathic medicine and surgery, a physician assistant under chapter 18.71A RCW when authorized by the Washington medical commission, or any of the following professionals in any province of Canada that shares a common border with the state of Washington or in any state of the United States: A physician licensed to practice medicine and surgery or a physician licensed to practice osteopathic medicine and surgery, a podiatric physician and surgeon licensed to practice podiatric medicine and surgery, a licensed advanced registered nurse practitioner, a licensed physician assistant, a licensed osteopathic physician assistant, or a veterinarian licensed to practice veterinary medicine: PROVIDED, HOWEVER, That the above provisions shall not apply to sale, delivery, or possession by drug wholesalers or drug manufacturers, or their agents or employees, or to any practitioner acting within the scope of his or her license, or to a common or contract carrier or warehouse operator, or any employee thereof, whose possession
of any legend drug is in the usual course of business or employment: PROVIDED FURTHER, That nothing in this chapter or chapter 18.64 RCW shall prevent a family planning clinic that is under contract with the health care authority from selling, delivering, possessing, and dispensing commercially prepackaged oral contraceptives prescribed by authorized, licensed health care practitioners: PROVIDED FURTHER, That nothing in this chapter prohibits possession or delivery of legend drugs by an authorized collector or other person participating in the operation of a drug take-back program authorized in chapter 69.48 RCW.

(((2))) (3)(a) A violation of this section involving the sale, delivery, or possession with intent to sell or deliver is a class B felony punishable according to chapter 9A.20 RCW.

(b) A violation of this section involving possession is a misdemeanor. Where a case is legally sufficient, the prosecutor shall divert the case for treatment if the alleged violation involving possession is the person's first or second violation. On a person's third and subsequent violation involving possession, the prosecutor is encouraged to divert the case for treatment.

Sec. 6. RCW 69.41.030 and 2020 c 80 s 41 are each amended to read as follows:

(1) (k) Except as provided in subsection (2) of this section, it shall be unlawful for any person to sell, deliver, or knowingly possess any legend drug (except)

(2) The sale, delivery, or possession of a legend drug does not constitute a violation of this section upon the order or prescription of a physician under chapter 18.71 RCW, an osteopathic physician and surgeon under chapter 18.57 RCW, an optometrist licensed under chapter 18.53 RCW who is certified by the optometry board under RCW 18.53.010, a dentist under chapter 18.32 RCW, a podiatric physician and surgeon under chapter 18.21 RCW, a veterinarian under chapter 18.92 RCW, a commissioned medical or dental officer in the United States armed forces or public health service in the discharge of his or her official duties, a duly licensed physician or dentist employed by the veterans administration in the discharge of his or her official duties, a registered nurse or advanced registered nurse practitioner under chapter 18.79 RCW when authorized by the nursing care quality assurance commission, a pharmacist licensed under chapter 18.64 RCW to the extent permitted by drug therapy guidelines or protocols established under RCW 18.64.011 and authorized by the commission and approved by a practitioner authorized to prescribe drugs, a physician assistant under chapter 18.71A RCW when authorized by the Washington medical commission, or any of the following professionals in any province of Canada that shares a common border with the state of Washington or in any state of the United States: A physician licensed to practice medicine and surgery or a pharmacist licensed to practice osteopathic medicine and surgery, a dentist licensed to practice dentistry, a podiatric physician and surgeon licensed to practice podiatric medicine and surgery, a licensed advanced registered nurse practitioner, a licensed physician assistant, or a veterinarian licensed to practice veterinary medicine: PROVIDED, HOWEVER, That the above provisions shall not apply to sale, delivery, or possession by drug wholesalers or drug manufacturers, or their agents or employees, or to any practitioner acting within the scope of his or her license, or to a common or contract carrier or warehouse operator, or any employee thereof, whose possession of any legend drug is in the usual course of business or employment: PROVIDED FURTHER, That nothing in this chapter or chapter 18.64 RCW shall prevent a family planning clinic that is under contract with the health care authority from selling, delivering, possessing, and dispensing commercially prepackaged oral contraceptives prescribed by authorized, licensed health care practitioners: PROVIDED FURTHER, That nothing in this chapter prohibits possession or delivery of legend drugs by an authorized collector or other person participating in the operation of a drug take-back program authorized in chapter 69.48 RCW.

(((2))) (3)(a) A violation of this section involving the sale, delivery, or possession with intent to sell or deliver is a class B felony punishable according to chapter 9A.20 RCW.

(b) A violation of this section involving possession is a misdemeanor. Where a case is legally sufficient, the prosecutor shall divert the case for treatment if the alleged violation involving possession is the person's first or second violation. On a person's third and subsequent violation involving possession, the prosecutor is encouraged to divert the case for treatment.

PART II
PERSONAL USE AMOUNTS OF CONTROLLED SUBSTANCES, COUNTERFEIT SUBSTANCES, AND LEGEND DRUGS

NEW SECTION. Sec. 7. A new section is added to chapter 71.24 RCW to read as follows:

(1) By October 1, 2022, the director, in consultation with the department and the pharmacy quality assurance commission, shall adopt rules establishing maximum personal use amounts of controlled substances, counterfeit substances, and legend drugs known to be used by people for recreational or nonmedical and nonprescribed purposes.

(2) When the committee learns of a recreational or nonmedical and nonprescribed use of a controlled substance, counterfeit substance, or legend drug for which a maximum personal use amount has not been established, the director must adopt a maximum personal use amount for that substance within one year of learning of its recreational or nonmedical and nonprescribed use.

(3) In adopting the rules under this section, the director must convene and consult with a work group, which must include, at a minimum: Persons who currently use controlled substances outside the legal authority of a prescription or valid practitioner order; persons in recovery from substance use disorder who previously used substances outside the legal authority of a prescription or valid practitioner order; representatives from law enforcement; a representative of public defenders; a representative of prosecutors; and experts relevant to setting threshold amounts of controlled substances.

(4) For the purposes of this section, the term "personal use amount" has the same meaning as in RCW 69.50.101.

Sec. 8. RCW 69.41.010 and 2019 c 358 s 6 and 2019 c 308 s 23 are each reenacted and amended to read as follows:

As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise:

(1) "Administer" means the direct application of a legend drug whether by injection, inhalation, ingestion, or any other means, to the body of a patient or research subject by:

(a) A practitioner; or

(b) The patient or research subject at the direction of the practitioner.

(2) "Commission" means the pharmacy quality assurance commission.

(3) "Community-based care settings" include: Community residential programs for persons with developmental disabilities, certified by the department of social and health services under chapter 71A.12 RCW; adult family homes licensed under chapter 70.128 RCW; and assisted living facilities licensed under chapter 18.20 RCW. Community-based care settings do not include acute care or skilled nursing facilities.
(4) "Deliver" or "delivery" means the actual, constructive, or attempted transfer from one person to another of a legend drug, whether or not there is an agency relationship.

(5) "Department" means the department of health.

(r) "Electronic communication of prescription information" means the transmission of a prescription or refill authorization for a drug of a practitioner using computer systems. The term does not include a prescription or refill authorization verbally transmitted by telephone nor a facsimile manually signed by the practitioner.

(s) "Immature plant or clone" means a plant or clone that has no flowers, is less than twelve inches in height, and is less than twelve inches in diameter.

(t) "Immediate precursor" means a substance:

(1) that the commission has found to be and by rule designates as being the principal compound commonly used, or produced primarily for use, in the manufacture of a controlled substance;

(2) that is an immediate chemical intermediary used or likely to be used in the manufacture of a controlled substance; and

(3) the control of which is necessary to prevent, curtail, or limit the manufacture of the controlled substance.

(u) "Isomer" means an optical isomer, but in subsection (gg)(5) of this section, RCW 69.50.204(a)(12) and (34), and 69.50.206(b)(4), the term includes any geometrical isomer; in RCW 69.50.204(a) (8) and (42), and 69.50.210(c) the term includes any positional isomer; and in RCW 69.50.204(a)(35), 69.50.204(c), and 69.50.208(a) the term includes any positional or geometric isomer.

(v) "Lot" means a definite quantity of marijuana, marijuana concentrates, usable marijuana, or marijuana-infused product identified by a lot number, every portion or package of which is uniform within recognized tolerances for the factors that appear in the labeling.

(w) "Lot number" must identify the licensee by business or trade name and Washington state unified business identifier number, and the date of harvest or processing for each lot of marijuana, marijuana concentrates, usable marijuana, or marijuana-infused product.

(x) "Manufacture" means the production, preparation, propagation, compounding, conversion, or processing of a controlled substance, either directly or indirectly by or extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, and includes any packaging or repackaging of the substance or labeling or relabeling of its container. The term does not include the preparation, compounding, packaging, repackaging, labeling, or relabeling of a controlled substance:

(1) by a practitioner as an incident to the practitioner's administering or dispensing of a controlled substance in the course of the practitioner's professional practice; or

(2) by a practitioner, or by the practitioner's authorized agent under the practitioner's supervision, for the purpose of, or as an incident to, research, teaching, or chemical analysis and not for

(y) "Marijuana" or "marihuana" means all parts of the plant Cannabis, whether growing or not, with a THC concentration greater than 0.3 percent on a dry weight basis, the seeds thereof; the resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds or resin. The term does not include:

(1) The mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks (except the resin extracted therefrom), fiber, oil, or cake, or the sterilized seed of the plant which is incapable of germination; or

(2) Hemp or industrial hemp as defined in RCW 15.140.020, seeds used for licensed hemp production under chapter 15.140 RCW.

(z) "Marijuana concentrates" means products consisting wholly or in part of the resin extracted from any part of the plant Cannabis and having a THC concentration greater than ten percent.

(aa) "Marijuana processor" means a person licensed by the board to process marijuana into marijuana concentrates, usable marijuana, and marijuana-infused products, package and label marijuana concentrates, usable marijuana, and marijuana-infused products for sale in retail outlets, and sell marijuana concentrates, usable marijuana, and marijuana-infused products at wholesale to marijuana retailers.

(bb) "Marijuana producer" means a person licensed by the board to produce and sell marijuana at wholesale to marijuana processors and other marijuana producers.

(cc) "Marijuana products" means usable marijuana, marijuana concentrates, and marijuana-infused products as defined in this section.

(dd) "Marijuana researcher" means a person licensed by the board to produce, process, and possess marijuana for the purposes of conducting research on marijuana and marijuana-derived drug products.

(ee) "Marijuana retailer" means a person licensed by the board to sell marijuana concentrates, usable marijuana, and marijuana-infused products in a retail outlet.

(ff) "Marijuana-infused products" means products that contain marijuana or marijuana extracts, are intended for human use, are derived from marijuana as defined in subsection (y) of this section, and have a THC concentration no greater than ten percent. The term "marijuana-infused products" does not include either usable marijuana or marijuana concentrates.

(gg) "Narcotic drug" means any of the following, whether produced directly or indirectly by extraction from substances of
vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(1) Opium, opium derivative, and any derivative of opium or opium derivative, including their salts, isomers, and salts of isomers, whenever the existence of the salts, isomers, and salts of isomers is possible within the specific chemical designation. The term does not include the isoquinoine alkaloids of opium.

(2) Synthetic opiate and any derivative of synthetic opiate, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, whenever the existence of the isomers, esters, ethers, and salts is possible within the specific chemical designation.

(3) Poppy straw and concentrate of poppy straw.

(4) Coca leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives or ecgonine or their salts have been removed.

(5) Cocaine, or any salt, isomer, or salt of isomer thereof.

(6) Ecgonine base.

(7) Egonine, or any derivative, salt, isomer, or salt of isomer thereof.

(8) Any compound, mixture, or preparation containing any quantity of any substance referred to in (1) through (7) of this subsection.

(hh) "Opiate" means any substance having an addiction-forming or addiction-sustaining liability similar to morphine or being capable of conversion into a drug having addiction-forming or addiction-sustaining liability. The term includes opium, substances derived from opium (opium derivatives), and synthetic opiates. The term does not include, unless specifically designated as controlled under RCW 69.50.201, the dextrotoxan isomer of 3-methoxy-n-methylmorphinan and its salts (dextromethorphan). The term includes the racemic and levorotatory forms of dextromethorphan.

(ii) "Opium poppy" means the plant of the species Papaver somniferum L., except its seeds.

(jj) "Person" means individual, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or any other legal or commercial entity.

(kk) "Personal use amount" means the maximum amount of a particular controlled substance, legend drug, or counterfeit substance that the health care authority has determined to be consistent with personal, nonprescribed use patterns of people with substance use disorder, as provided under section 7 of this act.

(ll) "Plant" has the meaning provided in RCW 69.51A.010.

(mmm) "Poppy straw" means all parts, except the seeds, of the opium poppy, after mowing.

(nnn) "Practitioner" means:

(1) A physician under chapter 18.71 RCW; a physician assistant under chapter 18.71A RCW; an osteopathic physician and surgeon under chapter 18.57 RCW; an osteopathic physician assistant under chapter 18.57A RCW who is licensed under RCW 18.57A.020 subject to any limitations in RCW 18.57A.040; an optometrist licensed under chapter 18.53 RCW who is certified by the optometry board under RCW 18.53.010 subject to any limitations in RCW 18.53.010; a dentist under chapter 18.32 RCW; a podiatric physician and surgeon under chapter 18.22 RCW; a veterinarian under chapter 18.92 RCW; a registered nurse, advanced registered nurse practitioner, or licensed practical nurse under chapter 18.79 RCW; a naturopathic physician under chapter 18.36A RCW who is licensed under RCW 18.36A.030 subject to any limitations in RCW 18.36A.040; a pharmacist under chapter 18.64 RCW or a scientific investigator under this chapter, licensed, registered or otherwise permitted insofar as is consistent with those licensing laws to distribute, dispense, conduct research with respect to or administer a controlled substance in the course of their professional practice or research in this state.

(2) A pharmacy, hospital or other institution licensed, registered, or otherwise permitted to distribute, dispense, conduct research with respect to or to administer a controlled substance in the course of professional practice or research in this state.

(3) A physician licensed to practice medicine and surgery, a physician licensed to practice osteopathic medicine and surgery, a dentist licensed to practice dentistry, a podiatric physician and surgeon licensed to practice podiatric medicine and surgery, a licensed physician assistant or a licensed osteopathic physician assistant specifically approved to prescribe controlled substances by his or her state's medical commission or equivalent and his or her supervising physician, an advanced registered nurse practitioner licensed to prescribe controlled substances, or a veterinarian licensed to practice veterinary medicine in any state of the United States.

(((oo))) (pp) "Prescription" means an order for controlled substances issued by a practitioner duly authorized by law or rule in the state of Washington to prescribe controlled substances within the scope of his or her professional practice for a legitimate medical purpose.

((qq)) (rr) "Production" includes the manufacturing, planting, cultivating, growing, or harvesting of a controlled substance.

((ss)) (tt) "Qualifying patient" has the meaning provided in RCW 69.51A.010.

((uu)) (vv) "Recognition card" has the meaning provided in RCW 69.51A.010.

(((ww))) (xx) "Retail outlet" means a location licensed by the board for the retail sale of marijuana concentrates, useable marijuana, and marijuana-infused products.

(((yy))) (zz) "Secretary" means the secretary of health or the secretary's designee.

(((uuu))) (aaa) "State," unless the context otherwise requires, means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or insular possession subject to the jurisdiction of the United States.

(((aaa))) (bbb) "THC concentration" means percent of delta-9 tetrahydrocannabinol content per dry weight of any part of the plant Cannabis, or per volume or weight of marijuana product, or the combined percent of delta-9 tetrahydrocannabinol and tetrahydrocannabinolic acid in any part of the plant Cannabis regardless of moisture content.

(((ccc))) (ddd) "Ultimate user" means an individual who, regardless of possession by the individual, is the lawful possessor of a controlled substance.

(((eee))) (fff) "Youth access" means the level of interest persons under the age of twenty-one may have in a vapor product, as well as the degree to which the product is available or appealing to such persons, and the likelihood of initiation, use, or addiction by adolescents and young adults.

Sec. 11. RCW 69.50.101 and 2020 c 133 s 2 and 2020 c 8 s 43 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(a) "Administer" means to apply a controlled substance, whether by injection, inhalation, ingestion, or any other means, directly to the body of a patient or research subject by:
(1) a practitioner authorized to prescribe (or, by the practitioner's authorized agent); or
(2) the patient or research subject at the direction and in the presence of the practitioner.

(b) "Agent" means an authorized person who acts on behalf of or at the direction of a manufacturer, distributor, or dispenser. It does not include a common or contract carrier, public warehouseperson, or employee of the carrier or warehouseperson.

(c) "Board" means the Washington state liquor and cannabis board.

(d) "CBD concentration" has the meaning provided in RCW 69.51A.010.

(e) "CBD product" means any product containing or consisting of cannabidiol.

(f) "Commission" means the pharmacy quality assurance commission.

(g) "Controlled substance" means a drug, substance, or immediate precursor included in Schedules I through V as set forth in federal or state laws, or federal or commission rules, but does not include hemp or industrial hemp as defined in RCW 15.140.020.

(h)(1) "Controlled substance analog" means a substance the chemical structure of which is substantially similar to the chemical structure of a controlled substance in Schedule I or II and:
(i) that has a stimulant, depressant, or hallucinogenic effect on the central nervous system substantially similar to the stimulant, depressant, or hallucinogenic effect on the central nervous system of a controlled substance included in Schedule I or II; or
(ii) with respect to a particular individual, that the individual represents or intends to have a stimulant, depressant, or hallucinogenic effect on the central nervous system of a controlled substance included in Schedule I or II.

(2) The term does not include:
(i) a controlled substance;
(ii) a substance for which there is an approved new drug application;
(iii) a substance with respect to which an exemption is in effect for investigational use by a particular person under Section 505 of the federal food, drug, and cosmetic act, 21 U.S.C. Sec. 355, or chapter 69.77 RCW to the extent conduct with respect to the substance is pursuant to the exemption; or
(iv) any substance to the extent not intended for human consumption before an exemption takes effect with respect to the substance.

(i) "Deliver" or "delivery" means the actual or constructive transfer from one person to another of a substance, whether or not there is an agency relationship.

(j) "Department" means the department of health.

(k) "Designated provider" has the meaning provided in RCW 69.51A.010.

(l) "Dispense" means the interpretation of a prescription or order for a controlled substance and, pursuant to that prescription or order, the proper selection, measuring, compounding, labeling, or packaging necessary to prepare that prescription or order for delivery.

(m) "Dispenser" means a practitioner who dispenses.

(n) "Distribute" means to deliver other than by administering or dispensing a controlled substance.

(o) "Distributor" means a person who distributes.

(p) "Drug" means (1) a controlled substance recognized as a drug in the official United States pharmacopoeia/national formulary or the official homeopathic pharmacopoeia of the United States, or any supplement to them; (2) controlled substances intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in individuals or animals; (3) controlled substances (other than food) intended to affect the structure or any function of the body of individuals or animals; and (4) controlled substances intended for use as a component of any article specified in (1), (2), or (3) of this subsection. The term does not include devices or their components, parts, or accessories.

(q) "Drug enforcement administration" means the drug enforcement administration in the United States Department of Justice, or its successor agency.

(r) "Electronic communication of prescription information" means the transmission of a prescription or refill authorization for a drug of a practitioner using computer systems. The term does not include a prescription or refill authorization verbally transmitted by telephone nor a facsimile manually signed by the practitioner.

(s) "Immature plant or clone" means a plant or clone that has no flowers, is less than twelve inches in height, and is less than twelve inches in diameter.

(t) "Immediate precursor" means a substance:
(1) that the commission has found to be and by rule designates as being the principal compound commonly used, or produced primarily for use, in the manufacture of a controlled substance;

(2) that is an immediate chemical intermediary used or likely to be used in the manufacture of a controlled substance; and

(3) the control of which is necessary to prevent, curtail, or limit the manufacture of the controlled substance.

(u) "Isomer" means an optical isomer, but in subsection (gg)(5) of this section, RCW 69.50.204(a) (12) and (34), and 69.50.206(b)(4), the term includes any geometrical isomer; in RCW 69.50.204(a)(8) and (42), and 69.50.210(c) the term includes any positional isomer; and in RCW 69.50.204(a)(35), 69.50.204(c), and 69.50.208(a) the term includes any positional or geometric isomer.

(v) "Lot" means a definite quantity of marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product identified by a lot number, every portion or package of which is uniform within recognized tolerances for the factors that appear in the labeling.

(w) "Lot number" must identify the licensee by business or trade name and Washington state unified business identifier number, and the date of harvest or processing for each lot of marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product.

(x) "Manufacture" means the production, preparation, propagation, compounding, conversion, or processing of a controlled substance, either directly or indirectly or by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, and includes any packaging or repackaging of the substance or labeling or relabeling of its container. The term does not include the preparation, compounding, packaging, repackaging, labeling, or relabeling of a controlled substance:
(1) by a practitioner as an incident to the practitioner's administering or dispensing of a controlled substance in the course of the practitioner's professional practice; or
(2) by a practitioner, or by the practitioner's authorized agent under the practitioner's supervision, for the purpose of, or as an incident to, research, teaching, or chemical analysis and not for sale.
(y) "Marijuana" or "marihuana" means all parts of the plant Cannabis, whether growing or not, with a THC concentration greater than 0.3 percent on a dry weight basis; the seeds thereof; the resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds or resin. The term does not include:

(1) The mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks (except the resin extracted therefrom), fiber, oil, or cake, or the sterilized seed of the plant which is incapable of germination; or

(2) Hemp or industrial hemp as defined in RCW 15.140.020, seeds used for licensed hemp production under chapter 15.140 RCW.

(z) "Marijuana concentrates" means products consisting wholly or in part of the resin extracted from any part of the plant Cannabis and having a THC concentration greater than ten percent.

(aa) "Marijuana processor" means a person licensed by the board to process marijuana into marijuana concentrates, useable marijuana, and marijuana-infused products, package and label marijuana concentrates, useable marijuana, and marijuana-infused products for sale in retail outlets, and sell marijuana concentrates, useable marijuana, and marijuana-infused products at wholesale to marijuana retailers.

(bb) "Marijuana producer" means a person licensed by the board to produce and sell marijuana at wholesale to marijuana processors and other marijuana producers.

(cc) "Marijuana products" means useable marijuana, marijuana concentrates, and marijuana-infused products as defined in this section.

(dd) "Marijuana researcher" means a person licensed by the board to produce, process, and possess marijuana for the purposes of conducting research on marijuana and marijuana-derived drug products.

(ee) "Marijuana retailer" means a person licensed by the board to sell marijuana concentrates, useable marijuana, and marijuana-infused products in a retail outlet.

(ff) "Marijuana-infused products" means products that contain marijuana or marijuana extracts, are intended for human use, are derived from marijuana as defined in subsection (y) of this section, and have a THC concentration no greater than ten percent. The term "marijuana-infused products" does not include either useable marijuana or marijuana concentrates.

(gg) "Narcotic drug" means any of the following, whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(1) Opium, opium derivative, and any derivative of opium or opium derivative, including their salts, isomers, and salts of isomers, whenever the existence of the salts, isomers, and salts of isomers is possible within the specific chemical designation. The term does not include the isoquinoline alkaloids of opium.

(2) Synthetic opiate and any derivative of synthetic opiate, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, whenever the existence of the isomers, esters, ethers, and salts is possible within the specific chemical designation.

(3) Poppy straw and concentrate of poppy straw.

(4) Coca leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives or ecgonine or their salts have been removed.

(5) Coca, or any salt, isomer, or salt of isomer thereof.

(6) Cocaine base.

(7) Ecgonine, or any derivative, salt, isomer, or salt of isomer thereof.

(8) Any compound, mixture, or preparation containing any quantity of any substance referred to in (1) through (7) of this subsection.

(hh) "Opiate" means any substance having an addiction-forming or addiction-sustaining liability similar to morphine or being capable of conversion into a drug having addiction-forming or addiction-sustaining liability. The term includes opium, substances derived from opium (opium derivatives), and synthetic opiates. The term does not include, unless specifically designated as controlled under RCW 69.50.201, the dextrorotatory isomer of 3-methoxy-n-methylmorphinan and its salts (dextrorotatory dextromethorphan). The term includes the racemic and levorotatory forms of dextromethorphan.

(ii) "Opium poppy" means the plant of the species Papaver somniferum L., except its seeds.

(jj) "Person" means individual, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or any other legal or commercial entity.

(kk) "Personal use amount" means the maximum amount of a particular controlled substance, legend drug, or counterfeit substance that the health care authority has determined to be consistent with personal, nonprescribed use patterns of people with substance use disorder, as provided under section 7 of this act.

(ll) "Plant" has the meaning provided in RCW 69.51A.010.

(((mm))) (nn) "Practitioner" means:

(1) A physician under chapter 18.71 RCW; a physician assistant under chapter 18.71A RCW; an osteopathic physician and surgeon under chapter 18.57 RCW; an optometrist licensed under chapter 18.53 RCW who is certified by the optometry board under RCW 18.53.010 subject to any limitations in RCW 18.53.010; a dentist under chapter 18.32 RCW; a podiatric physician and surgeon under chapter 18.22 RCW; a veterinarian under chapter 18.92 RCW; a registered nurse, advanced registered nurse practitioner, or licensed practical nurse under chapter 18.79 RCW; a naturopathic physician under chapter 18.36A RCW who is licensed under RCW 18.36A.030 subject to any limitations in RCW 18.36A.040; a pharmacist under chapter 18.64 RCW or a scientific investigator under this chapter, licensed, registered or otherwise permitted insofar as is consistent with those licensing laws to distribute, dispense, conduct research with respect to or administer a controlled substance in the course of their professional practice or research in this state.

(2) A pharmacy, hospital or other institution licensed, registered, or otherwise permitted to distribute, dispense, conduct research with respect to or to administer a controlled substance in the course of their professional practice or research in this state.

(3) A physician licensed to practice medicine and surgery, a physician licensed to practice osteopathic medicine and surgery, a dentist licensed to practice dentistry, a podiatric physician and surgeon licensed to practice podiatric medicine and surgery, a licensed physician assistant or a licensed osteopathic physician assistant specifically approved to prescribe controlled substances by his or her state's medical commission or equivalent and his or her supervising physician, an advanced registered nurse practitioner licensed to prescribe controlled substances, or a veterinarian licensed to practice veterinary medicine in any state of the United States.
"Prescription" means an order for controlled substances issued by a practitioner duly authorized by law or rule in the state of Washington to prescribe controlled substances within the scope of his or her professional practice for a legitimate medical purpose.

"Production" includes the manufacturing, planting, cultivating, growing, or harvesting of a controlled substance.

"Qualifying patient" has the meaning provided in RCW 69.51A.010.

"Recognition card" has the meaning provided in RCW 69.51A.010.

"Retail outlet" means a location licensed by the board for the retail sale of marijuana concentrates, useable marijuana, and marijuana-infused products.

"Secretary" means the secretary of health or the secretary's designee.

"State," unless the context otherwise requires, means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or insular possession subject to the jurisdiction of the United States.

"THC concentration" means percent of delta-9 tetrahydrocannabinol content per dry weight of any part of the plant Cannabis, or per volume or weight of marijuana product, or the combined percent of delta-9 tetrahydrocannabinol and tetrahydrocannabinolic acid in any part of the plant Cannabis regardless of moisture content.

"Ultimate user" means an individual who lawfully possesses a controlled substance for the individual's own use or for the use of a member of the individual's household or for administering to an animal owned by the individual or by a member of the individual's household.

"Useable marijuana" means dried marijuana flowers. The term "useable marijuana" does not include either marijuana-infused products or marijuana concentrates.

"Youth access" means the level of interest persons under the age of twenty-one may have in a vapor product, as well as the degree to which the product is available or appealing to such persons, and the likelihood of initiation, use, or addiction by adolescents and young adults.

PART III
SUBSTANCE USE RECOVERY SERVICES ADVISORY COMMITTEE

NEW SECTION. Sec. 12. A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority shall establish the substance use recovery services advisory committee to make recommendations for implementation of a substance use recovery services plan.

(2) The authority must, in consultation with the University of Washington department of psychiatry and behavioral sciences and an organization that represents the interests of people who have been directly impacted by substance use and the criminal legal system, appoint members to the advisory committee who have relevant background related to the needs of persons with substance use disorder. The membership of the advisory committee must include, but is not limited to, experts in the etiology and stabilization of substance use disorders, including expertise in medication-assisted treatment and other innovative medication therapies; experts in mental health and trauma and their comorbidity with substance use disorders; people who are currently using controlled substances outside the legal authority of prescription or valid practitioner order; experts in the relationship between social determinants of health, including housing and substance use disorder; experts in drug user health and harm reduction; representatives of city and county governments; a representative of urban police chiefs; a representative of rural county sheriffs; a representative of the interests of rural communities; a representative of fire chiefs; experts in peer support services; experts in substance use disorder recovery support services; experts in diversion from the criminal legal system to community-based care for people with complex behavioral health needs; experts in reducing racial disparity in exposure to the criminal legal system; an academic researcher with an expertise in drug policy and program evaluation; a substance use disorder professional; a representative of public defenders; a representative of prosecutors; a representative of the criminal justice training commission; a nongovernmental immigration attorney with expertise in the immigration consequences of drug possession and use crimes and findings of substance use disorder; recovery housing providers; low-barrier housing providers; representatives of racial justice organizations, including organizations promoting antiracism and equity in health care; a representative of a local health jurisdiction with expertise in overdose prevention and harm reduction; representatives of the interests of tribes; at least three adults in recovery from substance use disorder, including individuals with previous contact with the criminal legal system due to substance use; at least three youths in recovery from substance use disorder, including youths with previous criminal legal system contact due to substance use; and at least three family members of persons with substance use disorder. The advisory committee shall be reflective of the community of individuals living with substance use disorder, including people who are Black, indigenous, and people of color, and individuals who can represent the unique needs of rural communities.

(3) The advisory committee must make recommendations and provide perspectives to the authority regarding:

(a) Reforms to state laws that align with the goal of treating substance use disorder as a disease, rather than a criminal behavior;

(b) Current regional capacity for existing public and private programs providing substance use disorder assessments, each of the American society of addiction medicine levels of care, and recovery support services;

(c) Barriers to accessing the existing health system for those populations chronically exposed to criminal legal system responses relating to complex behavioral health conditions and the consequences of trauma, and possible innovations that could reduce those barriers and improve the quality and accessibility of care for those populations;

(d) Evidence-based, research-based, and promising treatment and recovery services appropriate for target populations, to include, but not be limited to, field-based outreach and engagement, case management, mental and physical health care, contingency management, medication-assisted treatment and other innovative medication therapies, peer support services, family education, housing, job training and employment programs, and treatments that have not traditionally been covered by insurance;

(e) Workforce needs for the behavioral health services sector, including wage and retention challenges;

(f) Options for leveraging existing integrated managed care, medicaid waiver, American Indian or Alaska Native fee-for-service behavioral health benefits, and private insurance service capacity for substance use disorders, including but not limited to coordination with managed care organizations, behavioral health administrative services organizations, the Washington health benefit exchange, accountable communities of health, and the office of the insurance commissioner;

(g) Framework and design assistance for jurisdictions to assist in compliance with the requirements of RCW 10.31.110 for diversion of individuals with complex behavioral health...
conditions to community-based care whenever possible and appropriate, and identifying resource gaps that impede jurisdictions in fully realizing the potential impact of this approach;

(h) The design of a referral mechanism for referring people with substance use disorder or problematic behaviors resulting from drug use into the supportive services described in this section, including intercepting individuals who likely would otherwise be referred into the criminal legal system, with the express intention of ensuring that decriminalization of possession of personal use amounts does not inadvertently contribute to increased racial disparity among those who continue to be exposed to the criminal legal system due to income instability and involvement in the illicit economy to meet basic needs;

(i) The design of ongoing qualitative and quantitative research about the types of services desired by people with substance use disorders and barriers they experience in accessing existing and recommended services; and

(j) Proposing a funding framework in which, over time, resources are shifted from punishment sectors to community-based care interventions such that community-based care becomes the primary strategy for addressing and resolving public order issues related to behavioral health conditions.

(4) The authority shall submit a summary report of the substance use recovery services plan and recommended changes to the law to the appropriate committees of the legislature by October 1, 2022.

(5) This section expires December 31, 2023.

PART IV

RESENTENCING AND RELEASE OF PERSONS IMPACTED BY STATE V. BLAKE

Sec. 13. RCW 2.24.010 and 2013 c 27 s 3 are each amended to read as follows:

(1) There may be appointed in each county or judicial district, by the judges of the superior court having jurisdiction therein, one or more court commissioners for said county or judicial district. Each such commissioner shall be a citizen of the United States and shall hold the office during the pleasure of the judges making the appointment.

(2)(a) There may be appointed (in counties with a population of more than four hundred thousand) by the presiding judge of the superior court having jurisdiction (herein), one or more attorneys to act as criminal commissioners to assist the superior court in disposing of adult criminal cases. Such criminal commissioners shall have power, authority, and jurisdiction, concurrent with the superior court and the judges thereof, in adult criminal cases, to preside over arraignments, preliminary appearances, initial extradition hearings, and noncompliance proceedings pursuant to RCW 9.94A.6333 or 9.94B.040; accept pleas if authorized by local court rules; appoint counsel; make determinations of probable cause; set, amend, and review conditions of pretrial release; set bail; set trial and hearing dates; authorize continuances; accept waivers of the right to speedy trial; and authorize and issue search warrants and orders to intercept, monitor, or record wired or wireless telecommunications or for the installation of electronic taps or other devices to include, but not be limited to, vehicle global positioning system or other mobile tracking devices with all the powers conferred upon the judge of the superior court in such matters. Criminal commissioners also shall have the authority to conduct resentencing hearings and to vacate convictions pursuant to State v. Blake, No. 96873-0 (Feb. 25, 2021).

(b) The county legislative authority must approve the creation of criminal commissioner positions.

Sec. 14. RCW 2.24.040 and 2009 c 28 s 1 are each amended to read as follows:

Such court commissioner shall have power, authority, and jurisdiction, concurrent with the superior court and the judge thereof, in the following particulars:

1. To hear and determine all matters in probate, to make and issue all proper orders therein, and to issue citations in all cases where same are authorized by the probate statutes of this state.

2. To grant and enter defaults and enter judgment thereon.

3. To issue temporary restraining orders and temporary injunctions, and to fix and approve bonds thereon.

4. To act as referee in all matters and actions referred to him or her by the superior court as such, with all the powers now conferred upon referees by law.

5. To hear and determine all proceedings supplemental to execution, with all the powers conferred upon the judge of the superior court in such matters.

6. To hear and determine all petitions for the adoption of children and for the dissolution of incorporations.

7. To hear and determine all applications for the commitment of any person to the hospital for the insane, with all the powers of the superior court in such matters: PROVIDED, That in cases where a jury is demanded, same shall be referred to the superior court for trial.

8. To hear and determine all complaints for the commitments of minors with all powers conferred upon the superior court in such matters.

9. To hear and determine ex parte and uncontested civil matters of any nature.

10. To grant adjournments, administer oaths, compel attendance of witnesses, and to punish for contempts in the refusal to obey or the neglect of the court commissioner's lawful orders made in any matter before the court commissioner as fully as the judge of the superior court.

11. To take acknowledgments and proofs of deeds, mortgages and all other instruments requiring acknowledgment under the laws of this state, and to take affidavits and depositions in all cases.

12. To provide an official seal, upon which shall be engraved the words "Court Commissioner," and the name of the county for which he or she may be appointed, and to authenticate his official acts therewith in all cases where same is necessary.

13. To charge and collect, for his or her own use, the same fees for the official performance of official acts mentioned in subsections (4) and (11) of this section as are provided by law for referees and notaries public.

14. To hear and determine small claims appeals as provided in chapter 12.36 RCW.

15. In adult criminal cases, to preside over arraignments, preliminary appearances, initial extradition hearings, and noncompliance proceedings pursuant to RCW 9.94A.6333 or 9.94B.040; accept pleas if authorized by local court rules; appoint counsel; make determinations of probable cause; set, amend, and review conditions of pretrial release; set bail; set trial and hearing dates; authorize continuances; accept waivers of the right to speedy trial; and conduct resentencing hearings and to vacate convictions pursuant to State v. Blake, No. 96873-0 (Feb. 25, 2021).

Sec. 15. RCW 9.94A.728 and 2018 c 166 s 2 are each amended to read as follows:

1. No person serving a sentence imposed pursuant to this chapter and committed to the custody of the department shall leave the confines of the correctional facility or be released prior to the expiration of the sentence except as follows:
(a) An offender may earn early release time as authorized by RCW 9.94A.729;
(b) An offender may leave a correctional facility pursuant to an authorized furlough or leave of absence. In addition, offenders may leave a correctional facility when in the custody of a corrections officer or officers;
(c)(i) The secretary may authorize an extraordinary medical placement for an offender when all of the following conditions exist:

(A) The offender has a medical condition that is serious and is expected to require costly care or treatment;
(B) The offender poses a low risk to the community because he or she is currently physically incapacitated due to age or the medical condition or is expected to be so at the time of release; and
(C) It is expected that granting the extraordinary medical placement will result in a cost savings to the state.
(ii) An offender sentenced to death or to life imprisonment without the possibility of release or parole is not eligible for an extraordinary medical placement.
(iii) The secretary shall require electronic monitoring for all offenders in extraordinary medical placement unless the electronic monitoring equipment interferes with the function of the offender's medical equipment or results in the loss of funding for the offender's medical care, in which case, an alternative type of monitoring shall be utilized. The secretary shall specify who shall provide the monitoring services and the terms under which the monitoring shall be performed.
(iv) The secretary may revoke an extraordinary medical placement under this subsection (1)(c) at any time.
(v) Persistent offenders are not eligible for extraordinary medical placement;
(d) The governor, upon recommendation from the clemency and pardons board, may grant an extraordinary release for reasons of serious health problems, senility, advanced age, extraordinary meritorious acts, or other extraordinary circumstances;
(e) No more than the final twelve months of the offender's term of confinement may be served in partial confinement for aiding the offender with: Finding work as part of the work release program under chapter 72.65 RCW; or reestablishing himself or herself in the community as part of the parenting program in RCW 9.94A.6551. This is in addition to that period of earned early release time that may be exchanged for partial confinement pursuant to RCW 9.94A.729(5)(d);
(f) No more than the final six months of the offender's term of confinement may be served in partial confinement as home detention as part of the graduated reentry program developed by the department under RCW 9.94A.733;
(g) The governor may pardon any offender;
(h) The department may release an offender from confinement any time within ten days before a release date calculated under this section;
(i) An offender may leave a correctional facility prior to completion of his or her sentence if the sentence has been reduced as provided in RCW 9.94A.870;
(j) Notwithstanding any other provisions of this section, an offender sentenced for a felony crime listed in RCW 9.94A.540 as subject to a mandatory minimum sentence of total confinement shall not be released from total confinement before the completion of the listed mandatory minimum sentence for that felony crime of conviction unless allowed under RCW 9.94A.540; and
(k) Any person convicted of one or more crimes committed prior to the person's eighteenth birthday may be released from confinement pursuant to RCW 9.94A.730.
(2) Notwithstanding any other provision of this section, an offender entitled to vacation of a conviction or the recalculation of his or her offender score pursuant to State v. Blake, No. 96873-0 (Feb. 25, 2021), may be released from confinement pursuant to a court order if the offender has already served a period of confinement that exceeds his or her new standard range. This provision does not create an independent right to release from confinement prior to resentencing.
(3) Offenders residing in a juvenile correctional facility placement pursuant to RCW 72.01.410(1)(a) are not subject to the limitations in this section.

NEW SECTION. Sec. 16. The State v. Blake reimbursement account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for state and local government costs resulting from the supreme court's decision in State v. Blake and to reimburse individuals for legal financial obligations paid in connection with sentences that have been invalidated as a result of the decision in State v. Blake.

PART V ELIMINATION OF CRIMINAL PENALTIES FOR PERSONAL USE AMOUNTS OF CONTROLLED SUBSTANCES, COUNTERFEIT SUBSTANCES, AND LEGEND DRUGS

Sec. 17. RCW 69.50.4011 and 2003 c 53 s 332 are each amended to read as follows:

(1) Except as authorized by this chapter, it is unlawful for ((any));

(3) A person 21 years of age or older who possesses a controlled substance in an amount that does not exceed the applicable personal use amount may be referred to a local diversion program for connection to substance use disorder resources.

((((4)))) (5)(a) The delivery by a person twenty-one years of age or older, of useable marijuana, marijuana concentrates, or marijuana-infused products in amounts that do not exceed those set forth in RCW 69.50.360(3) is not a violation of this section, this chapter, or any other provision of Washington state law.

(b) The possession of marijuana, useable marijuana, marijuana concentrates, and marijuana-infused products being physically transported or delivered within the state, in amounts not exceeding those that may be established under RCW 69.50.385(3), by a licensed employee of a common carrier when performing the duties authorized in accordance with RCW 69.50.382 and 69.50.385, is not a violation of this section, this chapter, or any other provision of Washington state law.

((((4)))) (5)(a) The delivery by a person twenty-one years of age or older to one or more persons twenty-one years of age or older, during a single twenty-four hour period, for noncommercial purposes and not conditioned upon or done in connection with the provision or receipt of financial consideration, of any of the following marijuana products, is not a violation of this section, this chapter, or any other provisions of Washington state law:
   (i) One-half ounce of useable marijuana;
   (ii) Eight ounces of marijuana-infused product in solid form;
   (iii) Thirty-six ounces of marijuana-infused product in liquid form; or
   (iv) Three and one-half grams of marijuana concentrates.

(b) The act of delivering marijuana or a marijuana product as authorized under this subsection (((4)(4)))) (5) must meet one of the following requirements:
   (i) The delivery must be done in a location outside of the view of general public and in a nonpublic place; or
   (ii) The marijuana or marijuana product must be in the original packaging as purchased from the marijuana retailer.

(((5))) (6) No person under twenty-one years of age may possess, manufacture, sell, or distribute marijuana, marijuana-infused products, or marijuana concentrates, regardless of THC concentration. This does not include qualifying patients with a valid authorization.

(((4)(4)))) (7) The possession by a qualifying patient or designated provider of marijuana concentrates, useable marijuana, marijuana-infused products, or plants in accordance with chapter 69.51A RCW is not a violation of this section, this chapter, or any other provision of Washington state law.

Sec. 19. RCW 69.41.030 and 2020 c 80 s 41 are each amended to read as follows:

(1) (((It is unlawful for any person to sell((,)) or deliver((, or possess)) any legend drug (((except))));
   (b) Any person to knowingly possess more than a personal use amount of any legend drug; or
   (c) A person under the age of 21 to knowingly possess a legend drug of any amount.

(2) The sale, delivery, or possession of a legend drug does not constitute a violation of this section upon the order or prescription of a physician under chapter 18.71 RCW, an osteopathic physician and surgeon under chapter 18.57 RCW, an optometrist licensed under chapter 18.53 RCW who is certified by the optometry board under RCW 18.53.010, a dentist under chapter 18.32 RCW, a pediatric physician and surgeon under chapter 18.22 RCW, a veterinarian under chapter 18.92 RCW, a commissioned medical or dental officer in the United States armed forces or public health service in the discharge of his or her official duties, a duly licensed physician or dentist employed by the veterans administration in the discharge of his or her official duties, a registered nurse or advanced registered nurse practitioner under chapter 18.79 RCW when authorized by the nursing care quality assurance commission, a pharmacist licensed under chapter 18.64 RCW to the extent permitted by drug therapy guidelines or protocols established under RCW 18.64.011 and authorized by the commission and approved by a practitioner authorized to prescribe drugs, a physician assistant under chapter 18.71A RCW when authorized by the Washington medical commission, or any of the following professionals in any province of Canada that shares a common border with the state of Washington or in any state of the United States: A physician licensed to practice medicine and surgery or a physician licensed to practice osteopathic medicine and surgery, a dentist licensed to practice dentistry, a podiatric physician and surgeon licensed to practice podiatric medicine and surgery, a licensed advanced registered nurse practitioner, a licensed physician assistant, or a veterinarian licensed to practice veterinary medicine: PROVIDED, HOWEVER, That the above provisions shall not apply to sale, delivery, or possession by drug wholesalers or drug manufacturers, or their agents or employees, or to any practitioner acting within the scope of his or her license, or to a common or contract carrier or warehouse operator, or any employee thereof, whose possession of any legend drug is in the usual course of business or employment: PROVIDED FURTHER, That nothing in this chapter or chapter 18.64 RCW shall prevent a family planning clinic that is under contract with the health care authority from selling, delivering, possessing, and dispensing commercially prepackaged oral contraceptives prescribed by authorized, licensed health care practitioners: PROVIDED FURTHER, That nothing in this chapter prohibits possession or delivery of legend drugs by an authorized collector or other person participating in the operation of a drug take-back program authorized in chapter 69.48 RCW. 

(((2))) (2)(a) A violation of this section involving the sale, delivery, or possession with intent to sell or deliver is a class B felony punishable according to chapter 9A.20 RCW.

(b) A violation of this section involving possession is a misdemeanor. Where a case is legally sufficient, the prosecutor shall divert the case for treatment if the alleged violation involving possession is the person's first or second violation. On a person's third and subsequent violation involving possession, the prosecutor may divert the case for treatment.

(4) A person 21 years of age or older who possesses a legend drug in an amount that does not exceed the applicable personal use amount may be referred to a local diversion program for connection to substance use disorder resources.
Sec. 20. RCW 69.50.445 and 2015 2nd sp.s. c 4 s 401 are each amended to read as follows:

(1) It is unlawful to open a package containing marijuana, useable marijuana, marijuana-infused products, or marijuana concentrates, or consume marijuana, useable marijuana, marijuana-infused products, or marijuana concentrates, in view of the general public or in a public place.

(2) It is unlawful to open a package containing an unauthorized controlled substance or consume an unauthorized controlled substance in view of the general public or in a public place.

(3) For the purposes of this section, "public place" has the same meaning as defined in RCW 66.04.010, but the exclusions in RCW 66.04.011 do not apply.

((4)(a) A person who violates subsection (1) of this section is guilty of a class 3 civil infraction under chapter 7.80 RCW.

(b) A person who violates subsection (2) of this section is guilty of a class 2 civil infraction under chapter 7.80 RCW.

NEW SECTION. Sec. 21. Sections 5, 8, and 10 of this act expire July 1, 2022.

NEW SECTION. Sec. 22. Sections 6, 9, and 11 of this act take effect July 1, 2022.

NEW SECTION. Sec. 23. (1) Sections 2, 3, and 6 of this act expire July 1, 2023, and sections 17 through 20 of this act take effect July 1, 2023, if the legislature does not adopt legislation by July 1, 2023, in response to the summary report of the substance use recovery services plan as provided in section 12 of this act.

(2) If the legislature adopts legislation by July 1, 2023, in response to the summary report of the substance use recovery services plan as provided in section 12 of this act, sections 17 through 20 of this act are null and void.

(3) The substance use recovery services advisory committee must provide written notice by July 1, 2023, of the effective dates or expiration dates, or both, under this section and whether the legislature has adopted legislation in response to the summary report of the substance use recovery services plan to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others deemed appropriate by the committee.

NEW SECTION. Sec. 24. Sections 1 through 5, 7, 8, 10, and 12 through 16 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately."

SUBSTITUTE SENATE BILL NO. 5230,
SENATE BILL NO. 5367,
ENGROSSED SENATE BILL NO. 5454,
and SUBSTITUTE SENATE BILL NO. 5460.

Personal Privilege
Senator Sheldon: “Mr. President, it was with extreme sadness to hear Senator Liias say that Senator Paull Shin had passed on today. I served a long time with Senator Shin and admired him greatly. When you got to know Senator Shin and his personal story, it was impossible to have a bad day. He was such a kind gentleman. Took his role as a senator so seriously. And worked with people across the aisle and really around the country. He was really a rock star in Korea. Executive branch of our United States government used him, and he helped them in many ways in the contacts he made. So, it’s very sad to hear that he is gone but my Session Aide, Bev Burnley, worked for him for a long time as well, and we all admired Paull and certainly will miss his smiling face. And he always gave you a handshake when you talked to him during the day and when he said good morning to you. I’ll always remember that handshake, firm, and earnest. That was Paull Shin in my memory. Thank you, Mr. President.”

PERSONAL PRIVILEGE

Senator Keiser: “I want to thank Senator Sheldon for his comments, and I would ask for the Lieutenant Governor and presiding officer to call for a moment of silence. We’ve been very busy today. I believe it’s time for us to take a few minutes and center ourselves on the loss of a very valued colleague. Thank you.”

MOMENT OF SILENCE

The Senate observed a moment of silence in memory of former Senator Paull Shin, who passed away April 12, 2021.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1532, by House Committee on Appropriations (originally sponsored by Ormsby, Lekanoff, Harris-Talley and Macri)

 Concerning court filing fees.

The measure was read the second time.

MOTION

Senator Padden moved that the following floor amendment no. 860 by Senator Padden be adopted:

MESSAGE FROM THE GOVERNOR

April 3, 2020

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Second Substitute Senate Bill No. 6027 entitled:

"AN ACT Relating to floating residences."

Circumstances have changed dramatically since the 2020 supplemental operating budget was approved by the Legislature last month. The COVID-19 pandemic is having catastrophic effects on the health and welfare of Washingtonians. It will also have a major impact on the economic health of our state. I have conferred with leaders in the House of Representatives and Senate, and we agree that we must prepare for the effects of the lost revenue that will result from this pandemic.

For these reasons I have vetoed Second Substitute Senate Bill No. 6027 in its entirety.

Respectfully submitted,
/s/
Jay Inslee
Governor

MOTION
Senator Pedersen moved that the Senate pass Second Substitute Senate Bill No. 6027 (2020), notwithstanding the Governor’s Veto.

Senators Pedersen and Warnick spoke in favor of the motion.

The President declared the question before the Senate to be the motion by Senator Pedersen that Second Substitute Senate Bill No. 6027 (2020) pass the Senate notwithstanding the Governor’s Veto. The President declared a vote ‘yea’ will override the Governor’s Veto and a vote ‘nay’ will sustain the veto. The President declared that a two-thirds majority of those present is required to override the veto.

ROLL CALL

The Secretary called the roll on the final passage of Second Substitute Senate Bill No. 6027 (2020), notwithstanding the Governor’s Veto, and the Governor’s Veto was overridden by the following vote: Yeas, 48; Nays, 0; Absent, 0; Excused, 1.

Excused: Senator Holy

SECOND SUBSTITUTE SENATE BILL NO. 6027 (2020), having received the constitutional two-thirds majority, notwithstanding the Governor’s Veto, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Lias, the Senate advanced to the fourth order of business.

MESSAGE FROM THE HOUSE

April 15, 2021

MR. PRESIDENT:
The Speaker has signed SUBSTITUTE HOUSE BILL NO. 1279, and the same are herewith transmitted.

BERNARD DEAN, Chief Clerk

SIGNED BY THE PRESIDENT

Pursuant to Article 2, Section 32 of the State Constitution and Senate Rule 1(5), the President announced the signing of and thereupon did sign in open session:

MESSAGE FROM THE HOUSE  
April 7, 2021  
MR. PRESIDENT:  
The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5022 with the following amendment(s):  
5022-S2.E AMH ENGR H1491.E

Strike everything after the enacting clause and insert the following:  
"NEW SECTION. Sec. 1. FINDINGS—INTENT. (1) The legislature finds that minimum recycled content requirements for plastic beverage containers, trash bags, and household cleaning and personal care product containers, bans on problematic and unnecessary plastic packaging, and standards for customer opt-in for food service packaging and accessories are among actions needed to improve the state's recycling system as well as reduce litter.  
(2) By implementing a minimum recycled content requirement for plastic beverage containers, trash bags, and household cleaning and personal care product containers; prohibiting the sale and distribution of certain expanded polystyrene products; and establishing optional serviceware requirements as provided for in this chapter; the legislature intends to take another step towards ensuring plastic packaging and other packaging materials are reduced, recycled, and reused.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.  
(1) "Beverage" means beverages identified in (a) through (f) of this subsection, intended for human or animal consumption, and in a quantity more than or equal to two fluid ounces and less than or equal to one gallon:  
(a) Water and flavored water;  
(b) Beer or other malt beverages;  
(c) Wine;  
(d) Distilled spirits;  
(e) Mineral water, soda water, and similar carbonated soft drinks; and  
(f) Any beverage other than those specified in (a) through (e) of this subsection, except infant formula as defined in 21 U.S.C.
Sec. 321(z), medical food as defined in 21 U.S.C. Sec. 360ee(b)(3), or fortified oral nutritional supplements used for persons who require supplemental or sole source nutritional needs due to special dietary needs directly related to cancer, chronic kidney disease, diabetes, or other medical conditions as determined by the department.

(2) "Beverage manufacturing industry" means an association that represents beverage producers.

(3) "Condiment packaging" means packaging used to deliver single-serving condiments to customers. Condiment packaging includes, but is not limited to, single-serving packaging for ketchup, mustard, relish, mayonnaise, hot sauce, coffee creamer, salad dressing, jelly, jam, and soy sauce.

(4)(a) "Covered product" means an item in one of the following categories subject to minimum postconsumer recycled content requirements:
   (i) Plastic trash bags;
   (ii) Household cleaning and personal care products that use plastic household cleaning and personal care product containers; and
   (iii) Beverages that use plastic beverage containers.
   (b) "Covered product" does not include any type of container or bag for which the state is preempted from regulating content of the container material or bag material under federal law.

(5) "Dairy milk" means a beverage that designates milk as the predominant (first) ingredient in the ingredient list on the container's label.

(6) "Department" means the department of ecology.

(7) "Expanded polystyrene" means blown polystyrene and expanded and extruded foams that are thermoplastic petrochemical materials utilizing a styrene monomer and processed by any number of techniques including, but not limited to, fusion of polymer spheres (expandable bead polystyrene), injection molding, foam molding, and extrusion-blow molding (extruded foam polystyrene).

(8) "Food service business" means a business selling or providing food for consumption on or off the premises, and includes full-service restaurants, fast food restaurants, cafes, delicatessens, coffee shops, grocery stores, vending trucks or carts, home delivery services, delivery services provided through an online application, and business or institutional cafeterias.

(9) "Food service product" means a product intended for one-time use and used for food or drink offered for sale or use. Food service products include, but are not limited to, containers, plates, bowls, cups, lids, beverage containers, meat trays, deli rounds, utensils, sachets, straws, condiment packaging, clamshells and other hinged or lidded containers, wrap, and portion cups.

(10) "Household cleaning and personal care product" means any of the following:
   (a) Laundry detergents, softeners, and stain removers;
   (b) Household cleaning products;
   (c) Liquid soap;
   (d) Shampoo, conditioner, styling sprays and gels, and other hair care products; or
   (e) Lotion, moisturizer, facial toner, and other skin care products.

(11) "Household cleaning and personal care product manufacturing industry" means an association that represents companies that manufacture household cleaning and personal care products.

(12) "Licensee" means a manufacturer or entity who licenses a brand and manufactures a covered product under that brand.

(13) "Oral nutritional supplement" means a manufactured liquid, powder capable of being reconstituted, or solid product that contains a combination of carbohydrates, proteins, fats, fiber, vitamins, and minerals intended to supplement a portion of a patient's nutrition intake.

(14) "Plastic beverage container" means a bottle or other rigid container that is capable of maintaining its shape when empty, comprised solely of one or multiple plastic resins designed to contain a beverage. Plastic beverage container does not include:
   (a) Refillable beverage containers, such as containers that are sufficiently durable for multiple rotations of their original or similar purpose and are intended to function in a system of reuse;
   (b) Rigid plastic containers or plastic bottles that are or are used for medical devices, medical products that are required to be sterile, nonprescription and prescription drugs, or dietary supplements as defined in RCW 82.08.0293;
   (c) Bladders or pouches that contain wine; or
   (d) Liners, caps, corks, closures, labels, and other items added externally or internally but otherwise separate from the structure of the bottle or container.

(15)(a) "Plastic household cleaning and personal care product container" means a bottle, jug, or other rigid container with a neck or mouth narrower than the base, and:
   (i) A minimum capacity of eight fluid ounces or its equivalent volume;
   (ii) A maximum capacity of five fluid gallons or its equivalent volume;
   (iii) That is capable of maintaining its shape when empty;
   (iv) Comprised solely of one or multiple plastic resins; and
   (v) Containing a household cleaning or personal care product.
   (b) "Plastic household cleaning and personal care product container" does not include:
      (i) Refillable household cleaning and personal care product containers, such as containers that are sufficiently durable for multiple rotations of their original or similar purpose and are intended to function in a system of reuse; and
      (ii) Rigid plastic containers or plastic bottles that are medical devices, medical products that are required to be sterile, and nonprescription and prescription drugs, dietary supplements as defined in RCW 82.08.0293, and packaging used for those products.

(16) "Plastic trash bag" means a bag that is made of noncompostable plastic, is at least 0.70 mils thick, and is designed and manufactured for use as a container to hold, store, or transport materials to be discarded or recycled, and includes, but is not limited to, a garbage bag, recycling bag, lawn or leaf bag, can liner bag, kitchen bag, or compactor bag. "Plastic trash bag" does not include any compostable bags meeting the requirements of chapter 70A.455 RCW.

(17) "Plastic trash bag manufacturing industry" means an association that represents companies that manufacture plastic trash bags.

(18) "Postconsumer recycled content" means the content of a covered product made of recycled materials derived specifically from recycled material generated by households or by commercial, industrial, and institutional facilities in their role as end users of a product that can no longer be used for its intended purpose. "Postconsumer recycled content" includes returns of material from the distribution chain.

(19)(a) "Producer" means the following person responsible for compliance with minimum postconsumer recycled content requirements under this chapter for a covered product sold, offered for sale, or distributed in or into this state:
   (i) If the covered product is sold under the manufacturer's own brand or lacks identification of a brand, the producer is the person who manufactures the covered product;
(ii) If the covered product is manufactured by a person other than the brand owner, the producer is the person who is the licensee of a brand or trademark under which a covered product is sold, offered for sale, or distributed in or into this state, whether or not the trademark is registered in this state, unless the manufacturer or brand owner of the covered product has agreed to accept responsibility under this chapter; or

(iii) If there is no person described in (a)(i) and (ii) of this subsection over whom the state can constitutionally exercise jurisdiction, the producer is the person who imports or distributes the covered product in or into the state.

(b) "Producer" does not include:

(i) Government agencies, municipalities, or other political subdivisions of the state;

(ii) Registered 501(c)(3) charitable organizations and 501(c)(4) social welfare organizations; or

(iii) De minimis producers that annually sell, offer for sale, distribute, or import in or into the country for sale in Washington:

(A) Less than one ton of a single category of plastic beverage containers, plastic household cleaning and personal care containers, or plastic trash bags each year; or

(B) A single category of a covered product that in aggregate generates less than $1,000,000 each year in revenue.

(20)(a) "Retail establishment" means any person, corporation, partnership, business, facility, vendor, organization, or individual that sells or provides merchandise, goods, or materials directly to a customer.

(b) "Retail establishment" includes, but is not limited to, food service businesses, grocery stores, department stores, hardware stores, home delivery services, pharmacies, liquor stores, restaurants, catering trucks, convenience stores, or other retail stores or vendors, including temporary stores or vendors at farmers markets, street fairs, and festivals.

(21)(a) "Utensil" means a product designed to be used by a consumer to facilitate the consumption of food or beverages, including knives, forks, spoons, cocktail picks, chopsticks, splash sticks, and stirrers.

(b) "Utensil" does not include plates, bowls, cups, and other products used to contain food or beverages.

NEW SECTION. Sec. 3. POSTCONSUMER RECYCLED CONTENT.  (1)(a) Beginning January 1, 2023, producers that offer for sale, sell, or distribute in or into Washington:

(i) Beverages other than wine in 187 milliliter plastic beverage containers and dairy milk in plastic beverage containers must meet minimum postconsumer recycled content requirements established under subsection (4) of this section; and

(ii) Plastic trash bags must meet minimum postconsumer recycled content requirements established under subsection (6) of this section.

(b) Beginning January 1, 2025, producers that offer for sale, sell, or distribute in or into Washington household and personal care product containers must meet minimum postconsumer recycled content as required under subsection (5) of this section.

(c) Beginning January 1, 2028, producers that offer for sale, sell, or distribute in or into Washington household and personal care product containers must meet minimum postconsumer recycled content as required under subsection (4) of this section.

(2)(a) On or before April 1, 2022, and annually thereafter, a producer that offers for sale, sells, or distributes in or into Washington covered products must register with the department individually or through a third-party representative registering on behalf of a group of producers.

(b) The registration information submitted to the department under this section must include a list of the producers of covered products and the brand names of the covered products represented in the registration submittal. Beginning April 1, 2024, for plastic trash bags and plastic beverage containers other than wine in 187 milliliter plastic beverage containers and dairy milk in plastic beverage containers, April 1, 2026, for plastic household and personal care product containers, and April 1, 2029, for wine in 187 milliliter plastic beverage containers and dairy milk, a producer may submit registration information at the same time as the information submitted through the annual reporting required under section 4 of this act.

(3)(a) By January 31, 2022, and every January 31st thereafter, the department must:

(i) Prepare an annual workload analysis for public comment that identifies the annual costs it expects to incur to implement, administer, and enforce this section and sections 4 through 7 and 12(1), (2), and (4) of this act, including rule making, in the next fiscal year for each category of covered products;

(ii) Determine a total annual fee payment by producers or their third-party representatives for each category of covered products that is adequate to cover, but not exceed, the workload identified in (a)(i) of this subsection;

(iii) Until rules are adopted under (a)(iv) of this subsection, issue a general order to all entities falling within the definition of producer. The department must equitably determine fee amounts for an individual producer or third-party representatives within each category of covered product;

(iv) By 2024, adopt rules to equitably determine annual fee payments by producers or their third-party representatives within each category of covered product. Once such rules are adopted, the general order issued under (a)(iii) of this subsection is no longer effective; and

(v) Send notice to producers or their third-party representatives of fee amounts due consistent with either the general order issued under (a)(iii) of this subsection or rules adopted under (a)(iv) of this subsection.

(b) The department must:

(i) Apply any remaining annual payment funds from the current year to the annual payment for the coming year, if the collected annual payment exceeds the department's costs for a given year; and

(ii) Increase annual payments for the coming year to cover the department's costs, if the collected annual payment was less than the department's costs for a given year.

(c) By April 1, 2022, and every April 1st thereafter, producers or their third-party representative must submit a fee payment as determined by the department under (a) of this subsection.

(4) A producer of a beverage in a plastic beverage container must meet the following annual minimum postconsumer recycled content percentage on average for the total quantity of plastic beverage containers, by weight, that are sold, offered for sale, or distributed in or into Washington by the producer effective:

(a) For beverages except wine in 187 milliliter plastic beverage containers and dairy milk:

(i) January 1, 2023, through December 31, 2025: No less than 15 percent postconsumer recycled content plastic by weight;

(ii) January 1, 2026, through December 31, 2030: No less than 25 percent postconsumer recycled content plastic by weight; and

(iii) On and after January 1, 2031: No less than 50 percent postconsumer recycled content plastic by weight.

(b) For wine in 187 milliliter plastic beverage containers and dairy milk:

(i) January 1, 2028, through December 31, 2030: No less than 15 percent postconsumer recycled content plastic by weight;
(i) The department may not adjust the minimum postconsumer recycled content requirements above the minimum postconsumer recycled content percentages for the year under review pursuant to subsection (4), (5), or (6) of this section.

(ii) For plastic household cleaning and personal care product containers, the department may adjust the minimum postconsumer recycled content requirements above the minimum postconsumer recycled content percentages for the year under review pursuant to subsection (5) of this section or below a minimum of 10 percent.

(iii) For plastic trash bags, the department may not adjust the minimum postconsumer recycled content requirements above the minimum postconsumer recycled content percentages for the year under review pursuant to subsection (6) of this section or below the minimum percentage required in subsection (6)(a) of this section.

(d) A producer or the manufacturing industry for a covered product may appeal a decision by the department to adjust postconsumer recycled content percentages under (a) of this subsection or to temporarily exclude covered products from minimum postconsumer recycled content requirements under subsection (8) of this section to the pollution control hearings board within 30 days of the department's determination.

(8) The department must temporarily exclude from minimum postconsumer recycled content requirements for the upcoming year any types of covered products in plastic containers for which a producer annually demonstrates to the department by December 31st of a given year that the achievement of postconsumer recycled content requirements in the container material is not technically feasible in order to comply with health or safety requirements of federal law, including the federal laws specified in subsection (7)(b)(v) of this section. A producer must continue to register and report consistent with the requirements of this chapter for covered products temporarily excluded from minimum postconsumer recycled content requirements under this subsection.

(9) A producer that does not achieve the postconsumer recycled content requirements established under this section is subject to penalties established in section 5 of this act.

(10)(a) A city, town, county, or municipal corporation may not implement local recycled content requirements for a covered product that is subject to minimum postconsumer recycled content requirements established in this section.

(b) A city, town, county, or municipal corporation may establish local purchasing requirements that include recycled content standards that exceed the minimum recycled content requirements established by this chapter for plastic household cleaning and personal care product containers or plastic trash bags purchased by a city, town, or municipal corporation, or its contractor.

(11) The department may enter into contracts for the services required to implement this chapter and related duties of the department.

(12) In-state distributors, wholesalers, and retailers in possession of covered products manufactured before the date that postconsumer recycled content requirements become effective may exhaust their existing stock through sales to the public.
content by resin type used for each category of covered products that are sold, offered for sale, or distributed in or into Washington state, including the total postconsumer recycled content resins as a percentage of total weight. The report must be submitted in a format and manner prescribed by the department. A manufacturer may submit national data allocated on a per capita basis for Washington to approximate the information required in this subsection if the producer or third-party representative demonstrates to the department that state level data are not available or feasible to generate.

(b) The requirements of (a) of this subsection apply to household cleaning and personal care products in plastic containers beginning April 1, 2026.

(c) The requirements of (a) of this subsection apply to wine in 187 milliliter plastic beverage containers and dairy milk in plastic beverage containers beginning April 1, 2029.

(d) The department must post the information reported under this subsection on its website, except as provided in subsection (2) of this section.

(2) A producer that submits information or records to the department under this chapter may request that the information or records be made available only for the confidential use of the department, the director, or the appropriate division of the department. The director of the department must give consideration to the request and if this action is not detrimental to the public interest and is otherwise in accordance with the policies and purposes of chapter 43.21A RCW, the director must grant the request for the information to remain confidential as authorized in RCW 43.21A.160.

NEW SECTION. Sec. 5. PELIMTIES FOR POSTCONSUMER RECYCLED CONTENT REQUIREMENTS. (1)(a) A producer that does not meet the minimum postconsumer recycled content requirements pursuant to section 3 of this act is subject to a penalty pursuant to this section. Beginning June 1st of the year following the first year that minimum postconsumer recycled content requirements apply to a category of covered product, the penalty must be calculated consistent with subsection (2) of this section unless a penalty reduction or corrective action plan has been approved pursuant to subsection (3) of this section.

(b) A producer that is assessed a penalty pursuant to this section may pay the penalty to the department in one payment, in quarterly installments, or arrange an alternative payment schedule subject to the approval of the department, not to exceed a 12-month payment schedule unless the department determines an extension is needed due to unforeseen circumstances, such as a public health emergency, state of emergency, or natural disaster.

(2) Beginning June 1st of the year following the first year that minimum postconsumer recycled product content requirements apply to a category of covered product, and annually thereafter, the department shall determine the penalty for the previous calendar year based on the postconsumer recycled content requirement of the previous calendar year. The department shall calculate the amount of the penalty based upon the amounts in pounds in the aggregate of virgin plastic, postconsumer recycled content plastic, and any other plastic per category used by the producer to produce covered products sold or offered for sale in or into Washington state, in accordance with the following:

(a)(i) The annual penalty amount assessed to a producer must equal the product of both of the following: The total pounds of plastic used per category multiplied by the relevant minimum postconsumer recycled plastic target percentage, less the pounds of total plastic multiplied by the percent of postconsumer recycled plastic used; multiplied by 20 cents.

(ii) Example: [(Total pounds of plastic used x minimum postconsumer recycled plastic target percentage) – (Total pounds of plastic used x postconsumer recycled plastic percentage used)] x 20 cents.

(b) For the purposes of (a) of this subsection, both of the following apply:

(i) The total pounds of plastic used must equal the sum of the amount of virgin plastic, postconsumer recycled content plastic, and any other plastic used by the producer, as reported pursuant to section 4 of this act.

(ii) If the product calculated pursuant to (a) of this subsection is equal to or less than zero, the department may not assess a penalty.

(3)(a)(i) The department shall consider granting a reduction of penalties assessed pursuant to this section for the purpose of meeting the minimum postconsumer recycled content requirements required pursuant to section 3 of this act.

(ii) In determining whether to grant the reduction pursuant to (a)(i) of this subsection, the department shall consider, at a minimum, all of the following factors:

(A) Anomalous market conditions;

(B) Disruption in, or lack of supply of, recycled plastics; and

(C) Other factors that have prevented a producer from meeting the requirements.

(b) In lieu of or in addition to assessing a penalty under this section, the department may require a producer to submit a corrective action plan detailing how the producer plans to come into compliance with section 3 of this act.

(4) For the purposes of determining compliance with the postconsumer recycled content requirements of this chapter, the department may consider the date of manufacture of a covered product or the container of a covered product.

(5) A producer shall pay the penalty assessed pursuant to this section, as applicable, based on the information reported to the department as required under section 4 of this act in the form and manner prescribed by the department.

(6) A producer may appeal the penalty assessed under this section to the pollution control hearings board within 30 days of assessment.

(7) Penalties collected under this section must be deposited in the recycling enhancement account created in section 13 of this act.

NEW SECTION. Sec. 6. PELIMTIES FOR REGISTRATION, LABELING, AND REPORTING. (1) For producers out of compliance with the registration, reporting, or labeling requirements of section 3, 4, or 7 of this act, the department shall provide written notification and offer information to producers. For the purposes of this section, written notification serves as notice of the violation. The department must issue at least two notices of violation by certified mail prior to assessing a penalty under subsection (2) of this section.

(2) A producer in violation of the registration, reporting, or labeling requirements in section 3, 4, or 7 of this act, the department may re quire a producer to submit a corrective action plan detailing how the producer plans to come into compliance with section 3 of this act.

(3) Penalties collected under this section must be deposited in the recycling enhancement account created in section 13 of this act.

NEW SECTION. Sec. 7. TRASH BAG LABELING REQUIREMENTS. (1) Beginning January 1, 2023, producers shall label each package containing plastic trash bags sold, offered for sale, or distributed in or into Washington with:
(a) The name of the producer and the city, state, and country where the producer is located, which may be designated as the location of the producer’s corporate headquarters; or
(b) A uniform resource locator or quick response code to an internet website that contains the information required pursuant to (a) of this subsection.

(2)(a) The provisions of subsection (1) of this section do not apply to a plastic bag that is designed and manufactured to hold, store, or transport dangerous waste or biomedical waste.
(b) For the purposes of this subsection:
(i) "Biomedical waste" means any waste defined as that term under RCW 70A.228.010; and
(ii) "Dangerous waste" means any waste defined as dangerous wastes under RCW 70A.300.010.

NEW SECTION. Sec. 8. A new section is added to chapter 39.26 RCW to read as follows:
POSTCONSUMER RECYCLED CONTENT IN PLASTIC TRASH BAGS—PURCHASING PRIORITY.
(1) Beginning July 1, 2024, all state agencies may only purchase plastic trash bags manufactured by producers that comply with the minimum recycled content requirements established in section 3 of this act.
(2) By July 1, 2024, the department of ecology shall provide to the department a list of the plastic trash bag producer brands that comply with the minimum recycled content requirements established in section 3 of this act, in order for state agencies to purchase compliant products, updated annually.

NEW SECTION. Sec. 9. (1)(a) By July 1, 2021, the departments of commerce and ecology shall jointly select an impartial, third-party facilitator to convene a stakeholder advisory committee housed within the recycling development center. The advisory committee shall make recommendations to the appropriate committees of the legislature on the development of mandatory postconsumer recycled content requirements for types of plastic packaging not subject to the minimum postconsumer recycled content requirements established in this act, and that are present in the municipal solid waste material stream or are regularly received by facilities that process recyclable materials from residential curbside recycling programs. The recommendations may include rates of mandatory postconsumer recycled content required by material type, target implementation dates, and potential exemptions or alternate compliance pathways for some materials.
(b) The facilitator must:
(i) Work with the recycling development center to subcontract for any relevant information regarding recycled plastic market conditions and barriers to the use of recycled content to provide to the stakeholder advisory committee to aid in the development of recommendations, to the extent practicable;
(ii) Provide staff and support to the stakeholder advisory committee meetings; and
(iii) Draft reports and other materials for review by the stakeholder advisory committee.
(2) The facilitator identified in subsection (1) of this section must be selected based on the following criteria:
(a) Impartiality regarding policy outcomes;
(b) Professional qualifications, relevant experience, and degrees; and
(c) The facilitator must be an environmental conflict resolution specialist recognized by a national center for environmental conflict resolution.
(3) By December 1, 2021, the facilitator shall submit a report to the legislature containing the recommendations of the stakeholder advisory committee after review and approval by the facilitator and committee. The stakeholder advisory committee shall make recommendations using consensus-based decision making. The report must include recommendations where general stakeholder consensus has been achieved and note dissenting opinions where stakeholder consensus has not been achieved.
(4) The stakeholder advisory committee shall consider information and findings by a variety of authoritative bodies related to recycled content, including mechanical and advanced recycling technologies.
(5) The facilitator shall select at least one member to the stakeholder advisory committee from each of the following:
(a) The department of commerce;
(b) The department of ecology;
(c) The utilities and transportation commission;
(d) Cities, including both small and large cities and cities located in urban and rural counties;
(e) Counties, including both small and large counties and urban and rural counties;
(f) Municipal collectors;
(g) A representative from the private sector waste and recycling industry that owns or operates a curbside recycling program and a material recovery facility;
(h) A solid waste collection company regulated under chapter 81.77 RCW that provides curbside recycling services;
(i) A material recovery facility operator that processes municipal solid waste from curbside recycling programs;
(j) A company that provides curbside recycling service pursuant to a municipal contract under RCW 81.77.020;
(k) A trade association that represents the private sector solid waste industry;
(l) Recycled plastic feedstock users;
(m) A trade association representing the plastics recycling industry;
(n) A recycled content certification organization;
(o) An environmental justice organization;
(p) An environmental nonprofit organization;
(q) An environmental nonprofit organization that specializes in waste and recycling issues;
(r) Plastic converters/manufacturers of resins;
(s) A manufacturer of plastic packaging;
(t) A statewide general business trade association;
(u) Associations that represent consumer brand companies;
(v) Representatives of consumer brands;
(w) A consumer-oriented organization;
(x) Representatives of the state’s most marginalized communities;
(y) A retailer or representative of the retail association;
(z) A representative of an advanced recycling technology provider that processes plastic material;
(aa) An association that represents cities;
(bb) An association that represents county solid waste managers;
(cc) A representative from a retail grocery association;
(dd) A representative from a Washington headquartered online retailer;
(ee) A representative from a national consumer electronics association; and
(ff) A representative from the personal care products industry.
(6) The definitions in section 2 of this act apply throughout this section unless the context clearly requires otherwise.
(7) This section expires January 1, 2022.

NEW SECTION. Sec. 10. EXPANDED POLYSTYRENE PROHIBITIONS. (1)(a) Beginning June 1, 2024, the sale and
distribution of the following expanded polystyrene products in or into Washington state is prohibited:

(i) A portable container that is designed or intended to be used for cold storage, except for expanded polystyrene containers used for drugs, medical devices, and biological materials as defined in the federal food, drug, and cosmetic act (21 U.S.C. Sec. 301 et seq.) or shipping perishable commodities from a wholesale or retail establishment; and

(ii) Food service products that include food containers, plates, clam shell-style containers, and hot and cold beverage cups. For the purposes of this subsection (1)(a)(ii), food service products do not include: Packaging for raw, uncooked, or butchered meat, fish, poultry, or seafood, vegetables, fruit, or egg cartons.

(b) Beginning June 1, 2023, the sale and distribution of expanded polystyrene void filling packaging products, which means loose fill packaging material, also referred to as packing peanuts, in or into Washington state is prohibited.

(2)(a) The department must provide technical assistance and guidance to manufacturers of prohibited expanded polystyrene products, upon request. For manufacturers out of compliance with the requirements of this section, the department shall provide written notification and offer information to manufacturers that sell prohibited expanded polystyrene products who are in violation of this section. For the purposes of this section, written notification serves as notice of the violation. The department must issue at least two notices of violation by certified mail prior to assessing a penalty.

(b) A manufacturer of products in violation of this section is subject to a civil penalty for each violation in an amount not to exceed:

(i) $250 if it is the manufacturer's first penalty; and

(ii) $1,000 if the manufacturer has previously been issued a civil penalty under this section.

(c) Penalties collected under this section must be deposited in the model toxics control operating account created in RCW 70A.305.180.

(d) Penalties issued under this section are appealable to the pollution control hearings board established in chapter 43.21B RCW.

(3) A city, town, county, or municipal corporation may not implement a local ordinance restricting products prohibited under subsection (1) of this section unless the ordinance was filed by April 1, 2021, and enacted by June 1, 2021. An ordinance restricting products prohibited under subsection (1) of this section that was not enacted as of June 1, 2021, is preempted by this section.

(4) For the purposes of this section, "manufacturer" includes any person, firm, association, partnership, corporation, governmental entity, organization, or joint venture that:

(a) Produces the products subject to restrictions in subsection (1) of this section; or

(b) Is an importer or domestic distributor of a product subject to restrictions in subsection (1) of this section sold or offered for sale in or into the state.

NEW SECTION. Sec. 11. OPTIONAL SERVICEWARE.

(1) Beginning January 1, 2022:

(a) Except as provided in (b) of this subsection, a food service business may provide the following single use food service products only after affirming that the customer wants the item or items:

(i) Utensils;

(ii) Straws;

(iii) Condiment packaging; and

(iv) Beverage cup lids.

(b) A food service business may provide beverage cup lids without customer affirmation for:

(i) Hot beverages;

(ii) Beverages provided through delivery service or curbside pickup; and

(iii) Beverages served to customers via a drive through or at large, permanent, venues that are designed for professional sport or music events and that have a fixed-seat capacity of at least 2,500 customers and are enclosed or are surrounded by a perimeter fence.

(c) The requirements of this section do not apply to food service products provided to a patient, resident, or customer in:

(i) A health care facility or a health care provider as defined in RCW 70.02.010;

(ii) Long-term care facilities identified in RCW 18.51.010, 18.20.020, 70.128.010, 70.97.010, or 18.390.010;

(iii) Senior nutrition programs authorized under 45 C.F.R. Sec. 1321, and home delivered meals offered under chapters 74.39 and 74.39A RCW;

(iv) Services to individuals with developmental disabilities under Title 71A RCW and chapter 74.39A RCW; and

(v) State hospitals as defined in RCW 72.23.010.

(d) The requirements of this subsection (1) apply to the activities of the department of corrections and the department of children, youth, and families only to the extent operationally feasible and practicable.

(2)(a) Nothing in this section prohibits a food service business from making utensils, straws, condiments, and beverage cup lids available to customers using cylinders, bins, dispensers, containers, or other means of allowing for single-use utensils, straws, condiments, and beverage cup lids to be obtained at the affirmative volition of the customer.

(b) Utensils provided by a food service business for use by customers may not be bundled or packaged in plastic in such a way that a customer is unable to take only the type of single-use utensil or utensils desired without also taking a different type or types of utensil.

(3)(a) The department may issue a civil penalty of no less than $150 per day and no more than $2,000 per day to the owner or operator of a food service business for each day single-use food service products are provided in violation of this section.

(b) The department must issue at least two notices of violation by certified mail prior to assessing a penalty.

(c) Penalties collected under this section must be deposited in the model toxics control operating account created in RCW 70A.305.180.

(d) A food service business may appeal penalties assessed under this subsection to the pollution control hearings board within 30 days of assessment.

(4) All food service businesses are encouraged, but not required, to take actions in addition to the requirements of this section that support a goal of reducing the use of and waste generated by single-use food service products.

(5) Beginning July 1, 2021, a city, town, county, or municipal corporation may not enact an ordinance to reduce pollution from single-use food service products by requiring affirmation that a customer wants single-use food service products from the customer of the food service business or other retail establishment.

NEW SECTION. Sec. 12. DEPARTMENT DUTIES.

(1) The department may conduct audits and investigations for the purpose of ensuring compliance with sections 3 and 5 of this act based on the information reported under section 4 of this act.

(2) The department shall annually publish a list of registered producers of covered products and associated brand names, their
compliance status, and other information the department deems appropriate on the department's website.

(3) To assist regulated parties with the requirements specified under sections 10 and 11 of this act, the department:

(a) Must prepare and post on its website information regarding the prohibitions on the sale and distribution of expanded polystyrene products as specified under section 10 of this act and restrictions on the provision of optional serviceware under section 11 of this act;

(b) For education and outreach to help implement sections 10 and 11 of this act, may develop culturally appropriate and translated educational materials and resources for the state's diverse ethnic populations from existing materials used by local jurisdictions and other states.

(4) The department may adopt rules as necessary to administer, implement, and enforce this chapter.

NEW SECTION. Sec. 13. RECYCLING ENHANCEMENT ACCOUNT. The recycling enhancement account is created in the custody of the state treasurer. All penalties collected by the department pursuant to sections 5 and 6 of this act must be deposited in the account. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Expenditures from the account may be used by the department only for providing grants to local governments for the purpose of supporting local solid waste and financial assistance programs.

NEW SECTION. Sec. 14. RECYCLED CONTENT ACCOUNT. The recycled content account is created in the custody of the state treasurer. All receipts received by the department under section 3 of this act must be deposited in the account. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Expenditures from the account may be used by the department only for implementing, administering, and enforcing the requirements of sections 3 through 7 and 12(1), (2), and (4) of this act.

NEW SECTION. Sec. 15. MARKET STUDY. (1) Subject to the availability of amounts appropriated for this specific purpose prior to January 1, 2028, the department shall contract with a research university or an independent third-party consultant to study the plastic resin markets for all of the following:

(a) Analyzing market conditions and opportunities in the state's recycling industry for meeting the minimum postconsumer recycled content requirements for covered products pursuant to sections 3 and 4 of this act; and

(b) Determining the data needs and tracking opportunities to increase the transparency and support of a more effective, fact-based public understanding of the recycling industry.

(2) If funding is provided pursuant to subsection (1) of this section and the department undertakes the study, the study must be completed by May 1, 2029.

(3) This section expires July 1, 2029.

Sec. 16. RCW 43.21B.110 and 2020 c 138 s 11 and 2020 c 20 s 1035 are each reenacted and amended to read as follows:

(1) The hearings board shall only have jurisdiction to hear and decide appeals from the following decisions of the department, the director, local conservation districts, the air pollution control boards or authorities as established pursuant to chapter 70A.15 RCW, local health departments, the department of natural resources, the department of fish and wildlife, the parks and recreation commission, and authorized public entities described in chapter 79.100 RCW:

(a) Civil penalties imposed pursuant to RCW 18.104.155, 70A.15.3160, 70A.50.090, 70A.20.050, 70A.530.040, 70A.350.070, 70A.515.060, sections 5, 6, 10, and 11 of this act, 76.09.170, 77.55.440, 78.44.250, 88.46.090, 90.03.600, 90.46.270, 90.48.144, 90.56.310, 90.56.330, and 90.64.102.

(b) Orders issued pursuant to RCW 18.104.043, 18.104.060, 43.27A.190, 70A.15.2520, 70A.15.3010, 70A.300.120, 70A.350.070, section 3 of this act, 86.16.020, 88.46.070, 90.14.130, 90.46.250, 90.48.120, and 90.56.330.

(c) Except as provided in RCW 90.03.210(2), the issuance, modification, or termination of any permit, certificate, or license by the department or any air authority in the exercise of its jurisdiction, including the issuance or termination of a waste disposal permit, the denial of an application for a waste disposal permit, the modification of the conditions or the terms of a waste disposal permit, or a decision to approve or deny an application for a solid waste permit exemption under RCW 70A.205.260.

(d) Decisions of local health departments regarding the grant or denial of solid waste permits pursuant to chapter 70A.205 RCW.

(e) Decisions of local health departments regarding the issuance and enforcement of permits to use or dispose of biosolids under RCW 70A.226.090.

(f) Decisions of the department regarding waste-derived fertilizer or micronutrient fertilizer under RCW 15.54.820, and decisions of the department regarding waste-derived soil amendments under RCW 70A.205.145.

(g) Decisions of local conservation districts related to the denial of approval or denial of certification of a dairy nutrient management plan; conditions contained in a plan; application of any dairy nutrient management practices, standards, methods, and technologies to a particular dairy farm; and failure to adhere to the plan review and approval timelines in RCW 90.64.026.

(h) Any other decision by the department or an air authority which pursuant to law must be decided as an adjudicative proceeding under chapter 34.05 RCW.

(i) Decisions of the department of natural resources, the department of fish and wildlife, and the department that are reviewable under chapter 76.09 RCW, and the department of natural resources' appeals of county, city, or town objections under RCW 76.09.050(7).

(j) Forest health hazard orders issued by the commissioner of public lands under RCW 76.06.180.

(k) Decisions of the department of fish and wildlife to issue, deny, condition, or modify a hydraulic project approval permit under chapter 77.55 RCW, to issue a stop work order, to issue a notice to comply, to issue a civil penalty, or to issue a notice of intent to disapprove applications.

(l) Decisions of the department of natural resources that are reviewable under RCW 78.44.270.

(m) Decisions of an authorized public entity under RCW 79.100.010 to take temporary possession or custody of a vessel or to contest the amount of reimbursement owed that are reviewable by the hearings board under RCW 79.100.120.

(n) Decisions of the department of ecology that are appealable under section 3 of this act to set recycled minimum postconsumer content for covered products or to temporarily exclude types of covered products in plastic containers from minimum postconsumer recycled content requirements.

(2) The following hearings shall not be conducted by the hearings board:
(a) Hearings required by law to be conducted by the shorelines hearings board pursuant to chapter 90.58 RCW.

(b) Hearings conducted by the department pursuant to RCW 70A.15.3010, 70A.15.3070, 70A.15.3080, 70A.15.3090, 70A.15.3100, 70A.15.3110, and 90.44.180.

(c) Appeals of decisions by the department under RCW 90.03.110 and 90.44.220.

(d) Hearings conducted by the department to adopt, modify, or repeal rules.

(2) Review of rules and regulations adopted by the hearings board shall be subject to review in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW.

Sec. 17. RCW 43.21B.300 and 2020 c 20 s 1038 are each amended to read as follows:

(1) Any civil penalty provided in RCW 18.104.155, 70A.15.3160, 70A.205.280, 70A.300.090, 70A.20.050, sections 5, 6, 10, and 11 of this act, 88.46.090, 90.03.600, 90.46.270, 90.48.144, 90.56.310, 90.56.330, and 90.64.102 and chapter 70A.355 RCW shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the penalty from the department or the local air authority, describing the violation with reasonable particularity. For penalties issued by local air authorities, within thirty days after the notice is received, the person incurring the penalty may apply in writing to the authority for the remission or mitigation of the penalty. Upon receipt of the application, the authority may remit or mitigate the penalty upon whatever terms the authority deems proper. The authority may ascertain the facts regarding all such applications in such reasonable manner and under such rules as it deems proper and shall remit or mitigate the penalty only upon a demonstration of extraordinary circumstances such as the presence of information or factors not considered in setting the original penalty.

(2) Any penalty imposed under this section may be appealed to the pollution control hearings board in accordance with this chapter if the appeal is filed with the hearings board and served on the department or authority thirty days after the date of receipt by the person penalized of the notice imposing the penalty or thirty days after the date of receipt of the notice of disposition by a local air authority of the application for relief from penalty.

(3) A penalty shall become due and payable on the later of:

(a) Thirty days after receipt of the notice imposing the penalty;

(b) Thirty days after receipt of the notice of disposition by a local air authority on application for relief from penalty, if such application is made; or

(c) Thirty days after receipt of the notice of decision of the hearings board if the penalty is appealed.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon request of the department, shall bring an action in the superior court of the state of Washington in the county in which the violator does business, to recover the penalty. If the amount of the penalty is not paid to the authority within thirty days after it becomes due and payable, the authority may bring an action to recover the penalty in the superior court of the county in which the authority's main office or of any county in which the violator does business. In these actions, the procedures and rules of evidence shall be the same as in an ordinary civil action.

(5) All penalties recovered shall be paid into the state treasury and credited to the general fund except those penalties imposed pursuant to RCW 18.104.155, which shall be credited to the reclamation account as provided in RCW 18.104.155(7), RCW 70A.15.3160, the disposition of which shall be governed by that provision, sections 5 and 6 of this act, which shall be credited to the recycling enhancement account created in section 13 of this act.

RCW 70A.300.090, which shall be credited to the model toxics control operating account created in RCW 70A.35.180, RCW 90.56.330, which shall be credited to the coastal protection fund created by RCW 90.48.390, and RCW 70A.355.070, which shall be credited to the underground storage tank account created by RCW 70A.355.090.

Sec. 18. RCW 70A.220.020 and 2020 c 20 s 1228 are each amended to read as follows:

(1)) The provisions of this section and any rules adopted under this section shall be interpreted to conform with nationwide plastics industry standards.

(2)) Except as provided in RCW 70A.220.030(2), after January 1, 1992, no person may distribute, sell, or offer for sale in this state a plastic bottle or rigid plastic container unless the container is labeled with a code identifying the appropriate resin type used to produce the structure of the container. ((The code shall consist of a number placed within three triangulated arrows and letters placed below the triangle of arrows. The triangulated arrows shall be equilateral, formed by three arrows with the apex of each point of the triangle at the midpoint of each arrow, rounded with a short radius. The pointer (arrowhead) of each arrow shall be at the midpoint of each side of the triangle with a short gap separating the pointer from the base of the adjacent arrow. The triangle, formed by the three arrows curved at their midpoints shall depict a clockwise path around the code number.) The numbers and letters used shall be as follows:

(a) 1 = PETE (polyethylene terephthalate)

(b) 2 = HDPE (high density polyethylene)

(c) 3 = V (vinyl) or PVC (polyvinyl chloride)

(d) 4 = LDPE (low density polyethylene)

(e) 5 = PP (polypropylene)

(f) 6 = PS (polystyrene)

(g) 7 = OTHER

NEW SECTION. Sec. 19. Sections 2 through 7 and 9 through 15 of this act constitute a new chapter in Title 70A RCW.

NEW SECTION. Sec. 20. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

MESSAGE FROM THE HOUSE

April 6, 2021

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5025 with the following amendment(s): 5025-S AMH CPB H1289.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Strong consumer protection and antitrust penalties are critical to protecting consumers and ensuring a fair marketplace;
(2) Strong penalties ensure accountability, deter violations, and ensure a level playing field for businesses;
(3) Washington currently does not provide strong penalties for violations of the state's consumer protection act, which prohibits unfair or deceptive acts or practices and unfair methods of competition;
(4) Washington's penalty for unfair or deceptive acts or practices has not kept pace with inflation, and has not increased since 1970;
(5) Washington's penalty for unfair methods of competition has also not kept pace with inflation, and has not increased since 1983;
(6) Consequently, Washington has one of the lowest consumer protection penalties in the United States;
(7) Twenty-four state legislatures representing more than 200 million Americans have passed enhanced penalties for violations that target or impact certain vulnerable populations, but Washington does not have an enhanced penalty;
(8) Many Washingtonians are hurting financially due to the impacts of the global pandemic;
(9) Washington's weak penalties place Washington consumers at greater risk; and
(10) Washingtonians deserve strong consumer protections to ensure entities that illegally, unfairly, and deceptively go after their hard-earned dollars are held accountable,

Sec. 2. RCW 19.86.140 and 1983 c 288 s 2 are each amended to read as follows:

Every person who shall violate the terms of any injunction issued as in this chapter provided, shall forfeit and pay a civil penalty of not more than ((twenty five thousand dollars)) $25,000.

Every ((person, other than a corporation,)) individual who violates RCW 19.86.030 or 19.86.040 shall pay a civil penalty of not more than ((one hundred thousand dollars)) $180,000. Every ((corporation which)) person, other than an individual, who violates RCW 19.86.030 or 19.86.040 shall pay a civil penalty of not more than ((five hundred thousand dollars)) $900,000.

Every person who violates RCW 19.86.020 shall forfeit and pay a civil penalty of not more than ((two thousand dollars)) $7,500 for each violation: PROVIDED, That nothing in this paragraph shall apply to any radio or television broadcasting station which broadcasts, or to any publisher, printer or distributor of any newspaper, magazine, billboard or other advertising medium who publishes, prints or distributes, advertising in good faith without knowledge of its false, deceptive or misleading character.

For unlawful acts or practices that target or impact specific individuals or communities based on demographic characteristics including, but not limited to, age, race, national origin, citizenship or immigration status, sex, sexual orientation, presence of any sensory, mental, or physical disability, religion, veteran status, or status as a member of the armed forces, as that term is defined in 10 U.S.C. Sec. 101, an enhanced penalty of $5,000 shall apply.

For the purpose of this section the superior court issuing any injunction shall retain jurisdiction, and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties.

With respect to violations of RCW 19.86.030 and 19.86.040, the attorney general, acting in the name of the state, may seek recovery of such penalties in a civil action.

By December 1, 2022, and every five years thereafter, the office of the attorney general shall evaluate the efficacy of the maximum civil penalty amounts established in this section in deterring violations of the consumer protection act and the difference, if any, between the current penalty amounts and the penalty amounts adjusted for inflation, and provide the legislature with a report of its findings and any recommendations in compliance with RCW 43.01.036.

Sec. 3. RCW 4.16.160 and 1986 c 305 s 701 are each amended to read as follows:

The limitations prescribed in this chapter shall apply to actions brought in the name or for the benefit of any county or other municipality or quasimunicipality of the state, in the same manner as to actions brought by private parties; PROVIDED, That, except as provided in RCW 4.16.310, there shall be no limitation to actions brought in the name or for the benefit of the state, and no claim of right precipitated upon the lapse of time shall ever be asserted against the state, including actions asserting a claim for civil penalties under RCW 19.86.140: AND FURTHER PROVIDED, That no previously existing statute of limitations shall be interposed as a defense to any action brought in the name or for the benefit of the state, although such statute may have run and become fully operative as a defense prior to February 27, 1903, nor shall any cause of action against the state be barred by such a statute.

NEW SECTION. Sec. 4. This act may be known and cited as the consumer protection improvement act."

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 8, 2021

MR. PRESIDENT: The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5118 with the following amendment(s): 5118-S.E AMH CYF H1308.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.98.010 and 2011 c 336 s 345 are each amended to read as follows:

(1) Whenever a person has entered upon a term of imprisonment in a penal ((prisoner)), correctional, or juvenile rehabilitation institution of this state, and whenever during the continuance of the term of imprisonment there is pending in this state any untried indictment, information, or complaint against the ((prisoner)) person, he or she shall be brought to trial within ((one hundred twenty)) 120 days after he or she shall have caused to be delivered to the prosecuting attorney and the ((superior)) court ((of the county)) in which the indictment, information, or complaint is pending written notice of the place of his or her imprisonment and his or her request for a final disposition to be made of the indictment, information, or complaint((Provided That for)). The following time periods shall be excluded from the 120-day calculation:

(a) Arraignment, pretrial proceedings, trial, and sentencing on an unrelated charge in a different county than the court where the charge is pending;
(b) Proceedings related to competency to stand trial on the pending charge, from the entry of an evaluation order to the entry of a court order finding the person competent to proceed; and
(c) Time during which the person is detained in a federal jail or prison and subject to conditions of release not imposed by the state of Washington.

(2) The superintendent or the superintendent's designee who provides the certificate under subsection (4) of this section shall inform any prosecuting attorney or court requesting transportation of the person to resolve an untried indictment, information, or complaint of the person's current location and availability for trial. If the person is unavailable for transportation due to court proceedings in another county, the superintendent shall inform the prosecuting attorney or court when the person becomes available for transportation and provide a new certificate containing the information under subsection (4) of this section.

(3) For good cause shown in open court, with the ((prisoner)) person or his or her counsel ((shall have)) having the right to be present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance.

(4) The request of the ((prisoner)) person shall be accompanied by a certificate of the superintendent or the superintendent's designee having custody of the ((prisoner)) person, stating the term of commitment under which the ((prisoner)) person is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the ((time of parole eligibility)) earned release date of the ((prisoner)) person, and any decisions of the indeterminate sentence review board relating to the ((prisoner)) person.

(5) The written notice and request for final disposition referred to in subsection (1) of this section shall be given or sent by the ((prisoner)) person to the superintendent or the superintendent's designee having custody of him or her, who shall promptly forward it together with the certificate to the appropriate prosecuting attorney and superior, district, municipal, or juvenile court by certified mail, return receipt requested.

(6) The superintendent or the superintendent's designee having custody of the ((prisoner)) person shall promptly inform him or her in writing of the source and contents of any untried indictment, information, or complaint against him or her concerning which the superintendent or the superintendent's designee has knowledge and of his or her right to make a request for final disposition thereof.

Sec. 2. RCW 36.70A.200 and 2020 c 128 s 1 and 2020 c 20 s 1027 are each reenacted and amended to read as follows:

(1) (a) The comprehensive plan of each county and city that is planning under RCW 36.70A.040 shall include a process for identifying and siting essential public facilities. Essential public facilities include those facilities that are typically difficult to site, such as airports, state education facilities and state or regional transportation facilities as defined in RCW 47.06.140, regional transit authority facilities as defined in RCW 81.112.020, state and local correctional facilities, solid waste handling facilities, and inpatient facilities including substance abuse facilities, mental health facilities, group homes, community facilities as defined in RCW 72.05.020, and secure community transition facilities as defined in RCW 71.09.020.
(b) Unless a facility is expressly listed in (a) of this subsection, essential public facilities do not include facilities that are operated by a private entity in which persons are detained in custody under process of law pending the outcome of legal proceedings but are not used for punishment, correction, counseling, or rehabilitation following the conviction of a criminal offense. Facilities included under this subsection (1)(b) shall not include facilities detaining persons under RCW 71.09.020 (6) or (15) or chapter 10.77 or 71.05 RCW.

(c) The department of children, youth, and families may not attempt to site new community facilities as defined in RCW 72.05.020 east of the crest of the Cascade mountain range unless there is an equal or greater number of sited community facilities as defined in RCW 72.05.020 on the western side of the crest of the Cascade mountain range.

(2) Each county and city planning under RCW 36.70A.040 shall, not later than September 1, 2002, establish a process, or amend its existing process, for identifying and siting essential public facilities and adopt or amend its development regulations as necessary to provide for the siting of secure community transition facilities consistent with statutory requirements applicable to these facilities.

(3) Any city or county not planning under RCW 36.70A.040 shall, not later than September 1, 2002, establish a process for siting secure community transition facilities and adopt or amend its development regulations as necessary to provide for the siting of such facilities consistent with statutory requirements applicable to these facilities.

(4) The office of financial management shall maintain a list of those essential state public facilities that are required or likely to be built within the next six years. The office of financial management may at any time add facilities to the list.

(5) No local comprehensive plan or development regulation may preclude the siting of essential public facilities.

(6) No person may bring a cause of action for civil damages based on the good faith actions of any county or city to provide for the siting of secure community transition facilities in accordance with this section and with the requirements of chapter 12, Laws of 2001 2nd sp. sess. For purposes of this subsection, "person" includes, but is not limited to, any individual, agency as defined in RCW 42.17A.005, corporation, partnership, association, and limited liability entity.

(7) Counties or cities siting facilities pursuant to subsection (2) or (3) of this section shall comply with RCW 71.09.341.

(8) The failure of a county or city to act by the deadlines established in subsections (2) and (3) of this section is not:

(a) A condition that would disqualify the county or city for grants, loans, or pledges under RCW 43.155.070 or 70A.135.070;

(b) A consideration for grants or loans provided under RCW 43.155.070 or 70A.135.070;

(c) A basis for any petition under RCW 36.70A.040 or for any private cause of action.

NEW SECTION. Sec. 3. A new section is added to chapter 13.40 RCW to read as follows:

(1) At least 30 days before release from a residential facility, the secretary shall send written notice of the planned release to the person's health care insurance provider. The notice shall include the person's current location and contact information as well as the person's expected location and contact information upon release. The notice shall not disclose the person's incarceration status unless their consent is given.

(2) If the person is not enrolled in a health insurance program, the secretary and the health care authority shall assist the person in obtaining coverage for which they are eligible in accordance with the time frames specified in subsection (1) of this section.

(3) The secretary may share with the health insurance provider additional health information related to the person to assist with care coordination and continuity of care consistent with RCW 70.02.230(2)(u) and other provisions of chapter 70.02 RCW.

Correct the title.

and the same are herewith transmitted.

Voting nay: Senators Braun, Brown, Dozier, Erickson, Fortunato, Hawkins, Honeyford, King, McCune, Muzzall, Schoesler, Short, Wagoner, Warnick, Wilson, J. and Wilson, L.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5118, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

April 8, 2021

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5190 with the following amendment(s): 5190-S.E AMH ENGR H1300.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 50.04.294 and 2006 c 13 s 9 are each amended to read as follows:

With respect to claims that have an effective date on or after January 4, 2004:
(1) "Misconduct" includes, but is not limited to, the following conduct by a claimant:
   
   (a) Willful or wanton disregard of the rights, title, and interests of the employer or a fellow employee;
   
   (b) Deliberate violations or disregard of standards of behavior which the employer has the right to expect of an employee;
   
   (c) Carelessness or negligence that causes or would likely cause serious bodily harm to the employer or a fellow employee; or
   
   (d) Carelessness or negligence of such degree or recurrence to show an intentional or substantial disregard of the employer's interest.

(2) The following acts are considered misconduct because the acts signify a willful or wanton disregard of the rights, title, and interests of the employer or a fellow employee. These acts include, but are not limited to:
   
   (a) Insubordination showing a deliberate, willful, or purposeful refusal to follow the reasonable directions or instructions of the employer;
   
   (b) Repeated inexcusable tardiness following warnings by the employer;
   
   (c) Dishonesty related to employment, including but not limited to deliberate falsification of company records, theft, deliberate deception, or lying;
   
   (d) Repeated and inexcusable absences, including absences for which the employee was able to give advance notice and failed to do so;
   
   (e) Deliberate acts that are illegal, provoke violence or violation of laws, or violate the collective bargaining agreement. However, an employee who engages in lawful union activity may not be disqualified due to misconduct;
   
   (f) Violation of a company rule if the rule is reasonable and if the claimant knew or should have known of the existence of the rule; or
   
   (g) Violations of law by the claimant while acting within the scope of employment that substantially affect the claimant's job performance or that substantially harm the employer's ability to do business.

(3) "Misconduct" does not include:
   
   (a) Inefficiency, unsatisfactory conduct, or failure to perform well as the result of inability or incapacity;
   
   (b) Inadvertence or ordinary negligence in isolated instances;
   
   (c) Good faith errors in judgment or discretion; or
   
   (d)(i) A health care worker who left work for the period of quarantine consistent with the recommended guidance from the United States centers for disease control and prevention or subject to the direction of the state or local health jurisdiction because of exposure to or contracting the disease that is the subject of the declaration of the public health emergency.
   
   (ii) For purposes of this subsection, "health care worker" means an individual who worked at a health care facility as defined in RCW 9A.50.010, and was directly involved in the delivery of health services.

(4) "Gross misconduct" means a criminal act in connection with an individual's work for which the individual has been convicted in a criminal court, or has admitted committing, or conduct connected with the individual's work that demonstrates a flagrant and wanton disregard of and for the rights, title, or interest of the employer or a fellow employee.

Sec. 2. RCW 50.20.010 and 2021 c 2 s 8 are each amended to read as follows:

(1) An unemployed individual shall be eligible to receive waiting period credits or benefits with respect to any week in his or her eligibility period only if the commissioner finds that:

(a) The individual has registered for work at, and thereafter has continued to report at, an employment office in accordance with such regulation as the commissioner may prescribe, except that the commissioner may by regulation waive or alter either or both of the requirements of this subdivision as to individuals attached to regular jobs and as to such other types of cases or situations with respect to which the commissioner finds that the compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this title;

(b) The individual has filed an application for an initial determination and made a claim for waiting period credit or for benefits in accordance with the provisions of this title;

(c) The individual is able to work, and is available for work in any trade, occupation, profession, or business for which the individual is reasonably fitted.

(i) To be available for work, an individual must be ready, able, and willing, immediately to accept any suitable work which may be offered to him or her and must be actively seeking work pursuant to customary trade practices and through other methods when so directed by the commissioner or the commissioner's agents. If a labor agreement or dispatch rules apply, customary trade practices must be in accordance with the applicable agreement or rules.

(ii) Until June 30, 2021, an individual under quarantine or isolation, as defined by the department of health, as directed by a public health official during the novel coronavirus outbreak pursuant to the gubernatorial declaration of emergency of February 29, 2020, will meet the requirements of this subsection (1)(c) if the individual is able to perform, available to perform, and actively seeking work which can be performed while under quarantine or isolation.

(iii) For the purposes of this subsection, "customary trade practices" includes compliance with an electrical apprenticeship training program that includes a recognized referral system under apprenticeship program standards approved by the Washington state apprenticeship and training council;

(d) The individual has been unemployed for a waiting period of one week;

(e) The individual participates in reemployment services if the individual has been referred to reemployment services pursuant to the profiling system established by the commissioner under RCW 50.20.011, unless the commissioner determines that:

(i) The individual has completed such services; or

(ii) There is justifiable cause for the claimant's failure to participate in such services; and

(f) As to weeks which fall within an extended benefit period as defined in RCW 50.22.010, the individual meets the terms and conditions of RCW 50.22.020 with respect to benefits claimed in excess of twenty-six times the individual's weekly benefit amount.

(2) An individual's eligibility period for regular benefits shall be coincident to his or her established benefit year. An individual's eligibility period for additional or extended benefits shall be the periods prescribed elsewhere in this title for such benefits.

(3)(a) For any weeks of unemployment insurance benefits when the one week waiting period is fully paid or fully reimbursed by the federal government, subsection (1)(d) of this section is waived.

(b) For any weeks of unemployment insurance benefits when the one week waiting period is partially paid or partially reimbursed by the federal government, the department may, by rule, elect to waive subsection (1)(d) of this section.
(4) During the weeks of a public health emergency, an unemployed individual may also meet the requirements of subsection (1)(c) of this section if:
   (a) The unemployed individual is able to perform, available to perform, and actively seeking suitable work which can be performed for an employer from the individual's home; and
   (b) The unemployed individual or another individual residing with the unemployed individual is at higher risk of severe illness or death from the disease that is the subject of the public health emergency because the higher risk individual:
      (i) Was in an age category that is defined as high risk for the disease that is the subject of the public health emergency by:
         (A) The federal centers for disease control and prevention;
         (B) The department of health; or
         (C) The equivalent agency in the state where the individual resides; or
      (ii) Has an underlying health condition, verified as required by the department by rule, that is identified as a risk factor for the disease that is the subject of the public health emergency by:
         (A) The federal centers for disease control and prevention;
         (B) The department of health; or
         (C) The equivalent agency in the state where the individual resides.
   (5)(a) During the weeks of a public health emergency, an unemployed health care worker may also meet the requirements of subsection (1)(c) of this section if the unemployed health care worker described in RCW 50.20.050(3) and 50.29.021(1)(c)(iii) is able to perform, available to perform, and actively seeking suitable work which will commence after quarantine or which can be performed for an employer from the individual's home.
   (b) For purposes of this subsection, "health care worker" means an individual who worked at a health care facility as defined in RCW 9A.50.010, and was directly involved in the delivery of health services.

Sec. 3. RCW 50.20.050 and 2021 c 2 s 10 are each amended to read as follows:
   (1) With respect to separations that occur on or after September 6, 2009, and for separations that occur before April 4, 2021:
      (a) A claimant shall be disqualified from benefits beginning with the first day of the calendar week in which the claimant left work voluntarily without good cause and thereafter for seven calendar weeks and until the claimant obtains bona fide work in employment covered by this title and earned wages in that employment equal to seven times the claimant's weekly benefit amount. Good cause reasons to leave work are limited to reasons listed in (b) of this subsection.
      The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:
      (i) The duration of the work;
      (ii) The extent of direction and control by the employer over the work; and
      (iii) The level of skill required for the work in light of the claimant's training and experience.
      (b) A claimant has good cause and is not disqualified from benefits under (a) of this subsection only under the following circumstances:
         (i) The claimant has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;
         (ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:
            (A) The claimant pursued all reasonable alternatives to preserve the claimant's employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and
            (B) The claimant terminated the claimant's employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;
         (iii) The claimant: (A) Left work to relocate for the employment of a spouse or domestic partner that is outside the existing labor market area; and (B) remained employed as long as was reasonably prior to the move;
         (iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;
            (v) The claimant's usual compensation was reduced by twenty-five percent or more;
         (vi) The claimant's usual hours were reduced by twenty-five percent or more;
         (vii) The claimant's worksite changed, such change caused a material increase in distance or difficulty of travel, and, after the change, the commute was greater than is customary for workers in the claimant's job classification and labor market;
         (viii) The claimant's worksite safety deteriorated, the claimant reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;
         (ix) The claimant left work because of illegal activities in the claimant's worksite, the claimant reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;
         (x) The claimant's usual work was changed to work that violates the claimant's religious convictions or sincere moral beliefs; or
         (xi) The claimant left work to enter an apprenticeship program approved by the Washington state apprenticeship training council. Benefits are payable beginning Sunday of the week prior to the week in which the claimant begins active participation in the apprenticeship program.
   (2) With respect to separations that occur on or after April 4, 2021:
      (a) A claimant shall be disqualified from benefits beginning with the first day of the calendar week in which the claimant has left work voluntarily without good cause and thereafter for seven calendar weeks and until the claimant has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times the claimant's weekly benefit amount. Good cause reasons to leave work are limited to reasons listed in (b) of this subsection.
      The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:
      (i) The duration of the work;
      (ii) The extent of direction and control by the employer over the work; and
      (iii) The level of skill required for the work in light of the claimant's training and experience.
(b) A claimant has good cause and is not disqualified from benefits under (a) of this subsection only under the following circumstances:

(i) The claimant has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:

(A) The claimant made reasonable efforts to preserve the claimant's employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated the claimant's employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii) The claimant: (A) Left work to relocate for a spouse or domestic partner that is outside the existing labor market area; and (B) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;

(v) The claimant's usual compensation was reduced by twenty-five percent or more;

(vi) The claimant's usual hours were reduced by twenty-five percent or more;

(vii) The claimant's worksite changed, such change caused a material increase in distance or difficulty of travel, and, after the change, the commute was greater than is customary for workers in the individual's job classification and labor market;

(viii) The claimant's worksite safety deteriorated, the claimant reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The claimant left work because of illegal activities in the claimant's worksite, the claimant reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;

(x) The claimant's usual work was changed to work that violates the claimant's religious convictions or sincere moral beliefs;

(xi) The claimant left work to enter an apprenticeship program approved by the Washington state apprenticeship training council. Benefits are payable beginning Sunday of the week prior to the week in which the claimant begins active participation in the apprenticeship program; or

(xii) During a public health emergency:

(A) The claimant was unable to perform the claimant's work for the employer from the claimant's home;

(B) The claimant is able to perform, available to perform, and can actively seek suitable work which can be performed for an employer from the claimant's home; and

(C) The claimant or another individual residing with the claimant is at higher risk of severe illness or death from the disease that is the subject of the public health emergency because the higher risk individual:

(I) Was in an age category that is defined as high risk for the disease that is the subject of the public health emergency by the federal centers for disease control and prevention, the department of health, or the equivalent agency in the state where the individual resides; or

(II) Has an underlying health condition, verified as required by the department by rule, that is identified as a risk factor for the disease that is the subject of the public health emergency by the federal centers for disease control and prevention, the department of health, or the equivalent agency in the state where the individual resides.

(3) With respect to claims that occur on or after July 4, 2021, a claimant has good cause and is not disqualified from benefits under subsection (2)(a) of this section under the following circumstances, in addition to those listed under subsection (2)(b) of this section, if, during a public health emergency, the claimant worked at a health care facility as defined in RCW 9A.50.010, was directly involved in the delivery of health services, and left work for the period of quarantine consistent with the recommended guidance from the United States centers for disease control and prevention or subject to the direction of the state or local health jurisdiction because of exposure to or contracting the disease that is the subject of the declaration of the public health emergency.

(4) Notwithstanding subsection (1) of this section, a claimant who was simultaneously employed in full-time employment and part-time employment and is otherwise eligible for benefits from the loss of the full-time employment shall not be disqualified from benefits because the claimant:

(a) Voluntarily quit the part-time employment before the loss of the full-time employment; and

(b) Did not have prior knowledge that the claimant would be separated from full-time employment.

Sec. 4. RCW 50.29.021 and 2021 c 2 s 16 are each amended to read as follows:

(1)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050 (1)(b)(i) or (2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; (ii)

(ii) RCW 50.20.050 (1)(b)(v) through (x) or (2)(b)(v) through (x); or

(iii) During a public health emergency, the claimant worked at a health care facility as defined in RCW 9A.50.010, was directly involved in the delivery of health services, and was terminated from work due to entering quarantine because of exposure to or contracting the disease that is the subject of the declaration of the public health emergency.

(2) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW
50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer, except as provided in subsection (4) of this section.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims’ compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state’s share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Benefits paid to an individual who qualifies for benefits under RCW 50.20.050 (1)(b) (iv) or (xi) ((ω)), (2)(b) (iv), (xi), or (xii), as applicable, shall not be charged to the experience rating account of any contribution paying employer.

(f) Benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual’s base year shall not be charged to the experience rating account of any contribution paying employer.

(g) In the case of individuals who are reemployed on a regular basis for employment under RCW 50.20.025 and who were laid off at the end of temporary employment when that layoff is due to the return of that permanent employee. This subsection does not apply to shared work employers under chapter 50.60 RCW;

(h) Training benefits paid to an individual under RCW 50.22.155 shall not be charged to the experience rating account of any contribution paying employer.

(i) Benefits paid during the one week waiting period when the one week waiting period is fully paid or fully reimbursed by the federal government shall not be charged to the experience rating account of any contribution paying employer.

(ii) In the event the one week waiting period is partially paid or partially reimbursed by the federal government, the department may, by rule, elect to not charge, in full or in part, benefits paid during the one week waiting period to the experience rating account of any contribution paying employer.

(j) Benefits paid for all weeks starting with the week ending March 28, 2020, and ending with the week ending May 30, 2020, shall not be charged to the experience rating account of any contribution paying employer.

(3)(a) A contribution paying base year employer, except employers as provided in subsection (5) of this section, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;
or adequately to a written request of the department for information relating to the claim or claims without establishing good cause for the failure and the employer or employer's agent has a pattern of such failures. The commissioner has the authority to determine whether the employer has good cause under this subsection.

(a) For the purposes of this subsection, "adequately" means providing accurate information of sufficient quantity and quality that would allow a reasonable person to determine eligibility for benefits.

(b)(i) For the purposes of this subsection, "pattern" means a benefit payment was made because the employer or employer's agent failed to respond timely or adequately to a written request of the department for information relating to a claim or claims without establishing good cause for the failure, if the greater of the following calculations for an employer is met:

(A) At least three times in the previous two years; or

(B) Twenty percent of the total current claims against the employer.

(ii) If an employer's agent is utilized, a pattern is established based on each individual client employer that the employer's agent represents.

NEW SECTION. Sec. 5. If any part of sections 1 through 4 of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of sections 1 through 4 of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of sections 1 through 4 of this act. Rules adopted under sections 1 through 4 of this act must meet federal requirements that are a necessary condition to the receipt of federal funds from the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 6. A new section is added to chapter 51.32 RCW to read as follows:

(1) For health care employees who are covered under this title, there exists a prima facie presumption that any infectious or contagious diseases which are the subject of a public health emergency are occupational diseases under RCW 51.08.140 during a public health emergency.

(2) The health care employee must provide verification, as required by the department by rule, to the department or the self-insurer that the employee is in quarantine or has contracted the disease after exposure to the infectious or contagious disease that is the subject of the public health emergency.

(3) This presumption of occupational disease may be rebutted by clear and convincing evidence that:

(a) The exposure to the infectious or contagious disease which is the subject of the public health emergency occurred from other employment or nonemployment activities; or

(b) The employee was working from the employee's home or other location not under the employer's control, on leave from the employee's employment, or some combination thereof, for the period of quarantine outlined for the disease immediately prior to the employee's date of disease contraction or period of incapacity resulting from exposure to the disease which is the subject of the public health emergency.

(4)(a) RCW 51.32.090(7) does not apply to an occupational disease under this section except that no worker shall receive compensation for or during the day on which the occupational disease was contracted. For the purposes of this subsection (4), the day on which the occupational disease was contracted is whichever date occurs first of the following:

(i) The date that the worker first missed work due to symptoms of the infectious or contagious disease;

(ii) The date the worker was quarantined by a medical provider or public health official; or

(iii) The date the worker received a positive test result confirming contraction of the infectious or contagious disease.

(b) If leave or similar benefits are paid to the worker as part of a federal or state program for these employees during the public health emergency, total temporary disability benefits are not payable for the same period of time covered by this federal or state program.

(5) Costs of claims allowed under this section shall not affect the experience rating of employers insured by the state fund. When calculating assessments due to the department for which total claim costs are the basis, self-insured employers and self-insurance hospital groups formed under RCW 51.14.150 and 51.14.160 may deduct the cost of payments made under this section from the total of all claim costs reported.

(6) For purposes of this section:

(a) "Health care employee" means an employee of any health care facility or other organization that provides emergency or medical services who has or likely has had direct contact with any person who has been exposed to or tested positive for any infectious or contagious diseases which are the subject of a public health emergency.

(b) "Health care facility" has the same meaning as in RCW 9A.50.010.

(c) "Public health emergency" means a declaration or order that covers the jurisdiction where the employee was working on the date of exposure concerning any dangerous, contagious, or infectious diseases, including a pandemic, and is issued as follows:

(i) The president of the United States has declared a national or regional emergency; or

(ii) The governor of Washington declared a state of emergency under RCW 43.06.010(12).

(7) The presumption in subsection (1) of this section takes effect on the day the national, regional, or state emergency is declared and continues until this declaration is revoked.

(8) The provisions of RCW 51.28.055 concerning time limits for filing claims for occupational disease apply to claims covered under this section.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 5, 2021

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5193 with the following amendment(s): 5193-S.E AMH LAWS H1303.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds with roughly $4,700,000,000 in the state unemployment insurance trust fund, Washington entered the COVID-19 pandemic with one of the strongest and best-funded trust funds in the nation. During an unprecedented time, the state's unemployment insurance trust fund provided critical economic support to Washington workers and businesses through unemployment benefits and helped bolster the state's economy.

The legislature recognizes that the employment security department maintains a recession readiness team that prepares the agency to respond to economic changes, helping employers and employees plan for the future. Based on experience with past recessions, the employment security department's readiness team prepared contingency plans for a possible economic crisis. During the great recession, there were approximately 61,000 continued unemployment insurance claims in September 2008, rising to a high of approximately 173,000 claims in January of 2010, a period of 16 months. During the first three months of COVID-19, unemployment insurance claims were more than double those filed during the great recession, a time period that was seven times longer. From February 2020 to April 2021, unemployment insurance claims went from approximately 62,000 to approximately 447,000 claims. The sudden magnitude of unemployment insurance claims was more than double the number of people employed by the department and over what current certifications under subsection (2)(c) of this section, the number of persons completed required training provided by the department; and

(c) Provide a certification of completion to participants who complete the program.

(3) The office of financial management must collaborate with the employment security department to assist the department in identifying agencies with current state employees who meet the minimum qualifications for unemployment insurance claims adjudicators. Employees at other agencies, who meet the minimum qualifications of the unemployment insurance claims adjudicator's classification, may, upon approval of their agency, attend required training provided by the department. In designated times of high unemployment claims, current state employees who have completed required training and who are otherwise qualified may be selected to assist the department in processing unemployment insurance claims or related activities. The office of financial management may adopt rules or issue guidance to assist in the implementation of this provision.

(4) By October 1, 2021, and each year thereafter, the employment security department must provide a report to the house of representatives committee on labor and workplace standards and the senate committee on labor, commerce, and tribal affairs, or successor committees, on the number of persons with current certifications under subsection (2)(c) of this section, the number of people employed by the department and over what period of time, and the adjudicator training and hiring costs.

NEW SECTION. Sec. 3. A new section is added to chapter 50.12 RCW to read as follows:
(1) The department must designate department employees to assure that letters, alerts, and notices produced manually or by the department's unemployment insurance technology system are written in plainly understood language and tested on claimants before they are approved for use. Criteria for approval must include comprehensibility, clarity, and readability. If the messaging of any letter, alert, or notice falls short of those criteria, manual methods of producing a comprehensible version shall be considered while the department waits for their unemployment insurance technology system to incorporate required modifications.

(2) Determinations and redeterminations must clearly convey applicable statute numbers, a brief explanation of pertinent law, outline of relevant facts, reasoning, decision, and result.

(3) The department will work with an unemployment insurance advisory committee comprised of business and worker advocates to explore:
   (a) Establishing thresholds that will trigger automatic adjustments in department staffing assignments and phone agent staffing levels;
   (b) Establishing a pilot to provide a caseworker approach to the claims of a group of claimants with that casework carrying over to reemployment services;
   (c) Increasing language access, including by providing translation of notices sent to claimants as part of their unemployment insurance claims; and
   (d) Frequency of the initial and continuing training to meet the needs of section 2 of this act.

(4) Dedicated toll-free phone lines must be established for claimants who lack computer skills or access to computers, claimants with disabilities, and claimants with limited English proficiency.

NEW SECTION. Sec. 4. A new section is added to chapter 50.12 RCW to read as follows:
The department must:
(1) Maintain an online data dashboard.
(2) Provide quarterly reports with performance metrics that include:
   (a) Updates of unemployment rates;
   (b) Total numbers of claims paid, amount compensated, claims denied, claims pending in adjudication, claims on which payment has been halted for review, pending appeals, appeals redetermined by the department, and appeals sent to the office of administrative hearings;
   (c) Claims center phone statistics including call volume, hold times, abandoned calls, repeat calls, and all-circuits-busy messages for both claimants and employers;
   (d) Ratio of staff phone agents to employers and ratio of staff phone agents to claimants;
   (e) Number and dollar total of overpayments imposed and overpayment waiver approval rate; and
   (f) The percentage of unemployed persons in the state receiving benefits (recipiency rate).

NEW SECTION. Sec. 5. (1) By September 1, 2021, and at least quarterly through September 1, 2022, the employment security department must provide a report to the house of representatives committee on labor and workplace standards and the senate committee on labor, commerce, and tribal affairs, or successor committees, that includes:
   (a) The department's progress in implementing this act;
   (b) Updates on any new federal programs or funds received by the department for unemployment compensation and administration and the use of such funds;
   (c) Any software or technology issues related to claims processing, including any issues causing claim delays or inaccurate automated notifications;
   (d) Updates on the department's protocols and process for protecting sensitive data; and
   (e) Any other relevant unemployment issues, or information related to enhancing the unemployment insurance system, as determined by the department.

(2) This section expires December 1, 2022."

MESSAGE FROM THE HOUSE

April 9, 2021

MR. PRESIDENT:
The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5194 with the following amendment(s):
5194-52.E AMH CWD H1377.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. INTENT. The legislature recognizes that student completion rates for workforce training certification and degree programs at community and technical
colleges are far lower than desirable to ensure that students may utilize the opportunities of postsecondary education to lift themselves and their families out of poverty and to meet our state’s student achievement council road map goals, including for 70 percent of Washington residents to have a postsecondary certification or degree to meet workforce needs. The legislature recognizes that first-generation college-attending students, students with disabilities, and underrepresented minority students face far greater obstacles to apply, remain in school, and complete programs. This disparate impact greatly affects our state’s commitment to equity.

The legislature recognizes that offering tuition financial support to first-generation and underrepresented minority students is necessary for students to enroll and attend college but must also be accompanied by proven supports for them to complete their degrees or workforce training programs.

The legislature recognizes that there are mentorship and advising programs based on strong evidence that have been proven to be successful in greatly increasing retention and degree or workforce training completion rates for first-generation students, underrepresented minority students, students with disabilities, and for all students at community and technical colleges. It is the legislature’s intent that successful programs such as guided pathways be implemented at all community and technical colleges with the goal of doubling completion rates (as measured by completion in six years) for students in the next eight years. To accomplish this goal, the legislature intends to achieve full implementation of research-based programs to improve student outcomes, such as guided pathways. The legislature affirms that all students receiving Washington college grants, college bound scholarships, or federal Pell grants should receive the supports, including mentoring, that have been proven to increase completion rates.

The legislature further finds that research establishes that students from underrepresented minorities are far more likely to complete degrees or workforce training certification programs if the faculty and staff of the college reflect the diversity of the student body. Therefore, the legislature intends for the state’s community and technical colleges to develop and implement plans to increase faculty and staff diversity.

NEW SECTION. Sec. 2. FINDINGS. The legislature finds that there is a need to expand investments in community and technical colleges for the purpose of guaranteeing both equitable access and educational success for all residents of the state, particularly for students from communities of color and low-income communities. The legislature finds further that equality of opportunity for all students requires investments to support services that are critical to: The success of students of color and low-income students; provide systemwide equity initiatives intended to make community and technical college campuses welcoming, benevolent places; overcome the digital divide for all students; and provide qualified and available counseling throughout the community and technical college system. The legislature also finds that a more full-time, stable, fairly compensated, and diverse community and technical college faculty is necessary to enhance student success and to improve the mentoring available for a diverse student body. The legislature also finds that resources for student aid and workforce investment need to be adequate to meet the needs of all students in the state, particularly those from families of color and low-income families.

NEW SECTION. Sec. 3. DIVERSITY, EQUITY, AND INCLUSION STRATEGIC PLAN. (1) Beginning July 30, 2022, all community and technical colleges must submit, on a biennial basis, strategic plans to the state board for community and technical colleges for achieving diversity, equity, and inclusion of all races on their campuses.

(2) Colleges must create their strategic plans using an inclusive process of stakeholders including, but not limited to, classified staff, faculty, administrative exempt staff, students, and community organizations. Colleges are encouraged to use campus climate surveys to develop and update strategic plans for diversity, equity, and inclusion of all races.

(3) In addition to planning, each community and technical college shall include in its diversity program opportunities for students from historically marginalized communities to form student-based organizations, and to use community-based organizations, that permit students to work together to mentor and assist one another in navigating the educational system and to access trained mentors using evidence-based mentoring strategies.

(4) Each community and technical college shall establish a culturally appropriate outreach program. The outreach program may include communities of color, students with disabilities, neurodiverse communities, and low-income communities and be designed to assist potential students to understand the opportunities available in the community and technical college system. The outreach program may assist students with navigating the student aid system. Outreach programs may include partnerships with appropriate community-based organizations and use research and supports from the student achievement council.

(5) The state board for community and technical colleges shall develop a model faculty diversity program designed to provide for the retention and recruitment of faculty from all racial, ethnic, and cultural backgrounds. The faculty diversity program must be based on proven practices in diversity hiring processes.

(6) Each community and technical college shall conspicuously post on its website and include in the strategic plans, programs, and reports definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

NEW SECTION. Sec. 4. STUDENT SUCCESS SUPPORT PROGRAMS AND GUIDED PATHWAYS IMPLEMENTATION. (1) Subject to availability of amounts appropriated for this specific purpose, each community and technical college shall fully implement guided pathways. At a minimum, guided pathways implementation must include:

(a) Comprehensive mapping of student educational pathways with student end goals in mind. These must include transparent and clear career paths that are tightly aligned to the skills sought by employers. Pathways must align course sequences to show clear paths for students, alignment with K-12 and university curriculum, and skill sets needed to enter the workforce;

(b) Dedicated advising and career counseling that helps students make informed program choices and develop completion plans. Advising services may include processes that help students explore possible career and educational choices while also emphasizing early planning. Advising must be culturally competent and with an emphasis on helping historically underserved, low-income, and students of color navigate their education;

(c) Data analysis of student learning as well as program and service outcomes. Data must be used to inform program development, the creation and further refinement of student pathways, and to provide opportunities for early intervention to help students succeed; and
(d) A student success support infrastructure using programs that the state board for community and technical colleges finds have been effective in closing equity gaps among historically underserved student populations and improve student completion rates. The student success support program must be based on research or documented evidence of success. In tandem with guided pathways implementation, student success support programs may include evidence-based elements such as:

(i) Equity competent academic advising services;

(ii) Equity competent career development programming;

(iii) Clear information regarding financial aid and financial literacy; and

(iv) Inclusive curriculum and teaching practices.

(2) Each community and technical college shall post on its website and include in the guided pathways program documentation and reports definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(3)(a) The Washington state institute for public policy, in consultation with the workforce education investment accountability and oversight board under RCW 28C.18.200, shall complete an evaluation of the guided pathways model. To the extent possible, the institute shall complete a preliminary report that evaluates the effect of the guided pathways model on early student outcomes including, but not limited to, student retention and persistence, college level English and math within the first year, and graduation and transfer rates. The preliminary report must review the implementation of the guided pathways model in Washington and any available evidence of the effectiveness of the guided pathways model. The preliminary report must be submitted by December 15, 2023.

(b) The Washington state institute for public policy shall complete a final report that evaluates the effect of the guided pathways on longer-term student outcomes including, but not limited to, degree completion, time to degree, transfer to four-year institutions, employment, and earnings, to the extent possible. The final report must be submitted by December 15, 2029.

(c) Both the preliminary and final reports must consider differences in outcomes by racial and ethnic subgroups and socioeconomic status.

NEW SECTION. Sec. 5. TENURE-TRACK FACULTY.

(1) The legislature recognizes that student outcomes and success, especially for first generation, underserved students, may be significantly improved by increasing the number of full-time faculty at community and technical colleges.

(a) The legislature's goal is that community and technical colleges increase the numbers of full-time tenured positions by adding 200 new full-time tenure-track positions in the 2021-2023 fiscal biennium.

(b) This goal is best accomplished through converting part-time faculty positions to full-time tenure-track positions and by hiring new full-time faculty through processes identified in each college's diversity, equity, and inclusion of all races strategic plan described in section 3 of this act. If specific funding for the purpose of conversion assignments proposed in this section is not provided in the omnibus appropriations act, the conversion assignments proposed must be delayed until such time as specific funding is provided.

(c) The college board must collect data and assess the impact of the 200 additional full-time tenure-track faculty on student completion rates. The college board must convene representatives of faculty, staff, and administration to report on outcomes as a result of increasing full-time tenure-track faculty. In consultation with representatives of faculty, staff, and administration, the college board must make recommendations about future steps to increase full-time tenure-track faculty that incorporate faculty diversity and historically underserved communities. The college board must report the results of its assessment, along with next step recommendations, to the legislature by December 15, 2023.

NEW SECTION. Sec. 6. MENTAL HEALTH COUNSELOR PILOT PROGRAM. (1) Subject to the availability of amounts appropriated for this specific purpose, the college board shall administer a pilot program to increase student access to mental health counseling and services.

(2) The college board, in collaboration with the selection committee, shall select community or technical colleges to participate in the pilot program. At least half of the participating colleges must be located outside of the Puget Sound area. For purposes of this section, "Puget Sound area" means Snohomish, King, Pierce, and Thurston counties. Each participating college must receive a grant to implement one or more strategies to increase student access to mental health counseling and services, including substance use disorder counseling and services.

(3)(a) A selection committee consisting of the following shall assist with the application selection process:

(i) One community or technical college president;

(ii) One community or technical college vice president for student services or student instruction;

(iii) Two faculty counselors employed at a community or technical college; and

(iv) One community or technical college student.

(b) The selection committee may consult with representatives of an entity within a college or university that has expertise in suicide prevention and the department of health in developing selection criteria.

(4) Community and technical colleges wishing to participate in the pilot program shall apply to the college board. Applicants must identify opportunities for expanding on-campus mental health counseling and services. Applicants must also show a commitment to further develop partnerships by engaging external community providers, including those who provide crisis services and substance use disorder treatment and counseling. Applications that demonstrate plans to include one or more of the following strategies recommended by the community and technical college counselors task force must be prioritized:

(a) Improve equity, diversity, and inclusion of all races in counseling services, such as by diversifying the counselor workforce by adopting equity-centered recruiting, training, and retention practices or by providing equity training and awareness for all counselors;

(b) Meet mental health needs of students through an all-campus effort;

(c) Engage students to help increase mental health and counseling awareness and promote help-seeking behavior through student groups and other methods;

(d) Increase the visibility of counseling services on campus;

(e) Increase or expand external partnerships with community service providers;

(f) Adopt the use of telebehavioral health, especially in under resourced communities;
(g) Develop an assessment of counseling services to inform improvements and ensure counseling services are meeting student needs; or

(h) Implement counseling approaches grounded in theory that have evidence of being effective.

(5) Colleges selected to participate in the pilot program that use grant funding to hire additional mental health counselors must hire counselors who have specific graduate-level training for meeting the mental and behavioral health needs of students.

(6) Colleges selected to participate in the pilot program shall submit a joint report to the appropriate committees of the legislature and in accordance with RCW 43.01.036 by November 1, 2023. The report must include:

(a) Information on which colleges were selected for the pilot program, how much grant funding was received per college, and what strategies each implemented to increase student access to mental health counseling and services;

(b) Demographic data of students accessing mental health counseling and services, including those students who are considered underrepresented or traditionally have limited access to mental health counseling and services;

(c) Whether the mental health counseling and services provided are meeting the demand of students in terms of type and availability, and whether the various types of mental health counseling and services are being provided by community providers versus on-campus services;

(d) Information and data on the effectiveness, including cost-effectiveness, of each strategy used to increase student access to mental health counseling and services, including substance use disorder counseling and services, such as the number of additional students served, reduced wait times for counseling appointments, or other data that reflects expanded access; and

(e) Lessons learned and recommendations for improving student access to mental health counseling and services at community and technical colleges and to community providers, including whether there were any strategies implemented that proved more effective than others in increasing access.

(7) Colleges selected for the pilot program shall conspicuously post on their websites and include in the report to the legislature the definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(8) The pilot program expires July 1, 2025.

(9) This section expires January 1, 2026.

NEW SECTION. Sec. 7. MINIMUM COUNSELOR STANDARDS. (1) It is the intent of the legislature to provide clear minimum standards to ensure qualified faculty counselors while also providing flexibility to allow for differences in criteria required by hiring institutions. Within existing resources, and beginning September 1, 2021, the college board shall adopt rules regarding the minimum hiring standards for a faculty counselor. At a minimum, these must include:

(a) A graduate or professional degree in a related field;

(b) Completion of appropriate graduate coursework; and

(c) Standards established by the state board for community and technical colleges.

(2) The requirements and standards imposed through this section do not apply to an individual employed by a college district as a counselor before September 1, 2021. Counselors who began employment at one college district prior to September 1, 2021, and moved employment to a different college district after that date may carry the exemptions from the requirements and standards imposed through this section to their new place of employment.

Sec. 8. RCW 28B.96.010 and 2020 c 326 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Eligible student" means a student who:

(a) Is a resident student;

(b) Demonstrates financial need as defined in RCW 28B.92.030;

(c) Has indicated they will attend an institution of higher education or is making satisfactory progress in a program, as defined in rule by the office, at an institution of higher education;

(d) Fills out the Washington application for state financial aid; and

(e) Does not qualify for federally funded student financial aid because of their citizenship status.

(2) "Institution of higher education" has the same meaning as in RCW 28B.92.030.

(3) "Office" means the office of student financial assistance created in RCW 28B.76.090.

(4) "Participant" means an eligible student who has received an undocumented student support loan.

(5) "Resident student" means:

(a) A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution and has in fact established a bona fide domicile in this state primarily for purposes other than educational;

(b) A dependent student, if one or both of the student's parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the semester or quarter for which the student has registered at any institution;

(c) Any student:

(i) Who has spent at least seventy-five percent of both his or her junior and senior years in high schools in this state;

(ii) Whose parents or legal guardians have been domiciled in the state for a period of at least one year within the five-year period before the student graduates from high school; and

(iii) Who enrolls in a public institution of higher education within six months of leaving high school, for as long as the student remains continuously enrolled for three quarters or two semesters in any calendar year; or

(d) Any person((a)

(i) Who has completed the full senior year of high school and obtained a high school diploma, both at a Washington public high school or private high school approved under chapter 28A.195 RCW, or a person who has received the equivalent of a diploma;

(ii) Who has lived in Washington for at least three years immediately prior to receiving the diploma or its equivalent;

(iii) Who has continuously lived in the state of Washington after receiving the diploma or its equivalent and until such time as the individual is admitted to an institution of higher education; and

(iv) Who provides to the institution an affidavit indicating that the individual will file an application to become a permanent resident at the earliest opportunity, the individual is eligible to do so and a willingness to engage in any other activities necessary to acquire citizenship, including but not limited to citizenship or civics review courses) who meets the requirements under RCW 28B.15.012(2)(e).
Sec. 9. RCW 28B.15.012 and 2020 c 232 s 1 are each amended to read as follows:

Whenever used in this chapter:

(1) The term "institution" shall mean a public university, college, or community or technical college within the state of Washington.

(2) The term "resident student" shall mean:

(a) A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution and has in fact established a bona fide domicile in this state primarily for purposes other than educational;

(b) A dependent student, if one or both of the student's parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the semester or quarter for which the student has registered at any institution;

(c) A student classified as a resident based upon domicile by an institution on or before May 31, 1982, who was enrolled at a state institution during any term of the 1982-1983 academic year, so long as such student's enrollment (excepting summer sessions) at an institution in this state is continuous;

(d) Any student who has spent at least seventy-five percent of both his or her junior and senior years in high schools in this state, whose parents or legal guardians have been domiciled in the state for a period of at least one year within the five-year period before the student graduates from high school, and who enrolls in a public institution of higher education within six months of leaving high school, for as long as the student remains continuously enrolled for three quarters or two semesters in any calendar year;

(e) Any person who has completed (the full senior year of high school) and obtained a high school diploma, (both at a Washington public high school or private high school approved under chapter 28A.195 RCW,) or a person who has received the equivalent of a diploma; ((who has lived in Washington for the least three years immediately prior to receiving the diploma or its equivalent)) who has continuously lived in the state of Washington (after receiving the diploma or its equivalent and until such time as) for at least a year before the individual is admitted to an institution of higher education under subsection (1) of this section; and who provides to the institution an affidavit indicating that the individual will file an application to become a permanent resident at the earliest opportunity the individual is eligible to do so and a willingness to engage in any other activities necessary to acquire citizenship, including but not limited to citizenship or civics review courses;

(f) Any person who has lived in Washington, primarily for purposes other than educational, for at least one year immediately before the date on which the person has enrolled in an institution, and who holds lawful nonimmigrant status pursuant to 8 U.S.C. Sec. (a)(15) (E)(iii), (H)(i), or (L), or who holds lawful nonimmigrant status as the spouse or child of a person having nonimmigrant status under one of those subsections, or who, holding or having previously held such lawful nonimmigrant status as a principal or derivative, has filed an application for adjustment of status pursuant to 8 U.S.C. Sec. 1255(a);

(g) A student who is on active military duty stationed in the state or who is a member of the Washington national guard;

(h) A student who is on active military duty or a member of the Washington national guard who meets the following conditions:
   (i) Entered service as a Washington resident;
   (ii) Has maintained a Washington domicile; and
   (iii) Is stationed out-of-state;

(i) A student who is the spouse or a dependent of a person defined in (g) of this subsection. If the person defined in (g) of this subsection is reassigned out-of-state, the student maintains the status as a resident student so long as the student is either:
   (i) Admitted to an institution before the reassignment and enrolls in that institution for the term the student was admitted; or
   (ii) Enrolled in an institution and remains continuously enrolled at the institution;

(j) A student who is the spouse or a dependent of a person defined in (h) of this subsection;

(k) A student who is eligible or entitled to transferred federal post-9/11 veterans educational assistance act of 2008 (38 U.S.C. Sec. 3301 et seq.) benefits based on the student's relationship as a spouse, former spouse, or child to an individual who is on active duty in the uniformed services;

(l) A student who resides in the state of Washington and is the spouse or a dependent of a person who is a member of the Washington national guard;

(m) A student who has separated from the uniformed services with any period of honorable service after at least ninety days of active duty service; is eligible for educational assistance benefits under Title 38 U.S.C.; and enters an institution of higher education in Washington within three years of the date of separation;

(n) A student who is on terminal, transition, or separation leave pending separation, or release from active duty, from the uniformed services with any period of honorable service after at least ninety days of active duty service and is eligible for educational assistance benefits under Title 38 U.S.C.;

(o) A student who is entitled to veterans administration educational assistance benefits based on the student's relationship as a spouse, former spouse, or child to an individual who has separated from the uniformed services with any period of honorable service after at least ninety days of active duty service, and who enters an institution of higher education in Washington within three years of the service member's date of separation;

(p) A student who is the spouse or child to an individual who has separated from the uniformed services with at least ten years of honorable service and at least ninety days of active duty service, and who enters an institution of higher education in Washington within three years of the service member's date of separation;

(q) A student who has separated from the uniformed services who was discharged due to the student's sexual orientation or gender identity or expression;

(r) A student who is entitled to veterans administration educational assistance benefits based on the student's relationship with a deceased member of the uniformed services who died in the line of duty;

(s) A student who is entitled to federal vocational rehabilitation and employment services for veterans with service-connected disabilities under 38 U.S.C. Sec. 3102(a);

(t) A student who is defined as a covered individual in 38 U.S.C. Sec. 3679(c)(2) as it existed on July 28, 2019, or such subsequent date as the student achievement council may determine by rule;

(u) A student of an out-of-state institution of higher education who is attending a Washington state institution of higher education pursuant to a home tuition agreement as described in RCW 28B.15.725; or

(v) A student who meets the requirements of RCW 28B.15.0131 or 28B.15.0139: PROVIDED, That a nonresident student enrolled for more than six hours per semester or quarter shall be considered as attending for primarily educational purposes, and for tuition and fee paying purposes only such
The period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has in fact established a bona fide domicile in this state primarily for purposes other than educational;

(w) A student who resides in Washington and is on active military duty stationed in the Oregon counties of Columbia, Gilliam, Hood River, Multnomah, Clatsop, Clackamas, Morrow, Sherman, Umatilla, Union, Wallowa, Wasco, or Washington; or

(x) A student who resides in Washington and is the spouse or a dependent of a person defined in (w) of this subsection. If the person defined in (w) of this subsection moves from Washington or is reassigned out of the Oregon counties of Columbia, Gilliam, Hood River, Multnomah, Clatsop, Clackamas, Morrow, Sherman, Umatilla, Union, Wallowa, Wasco, or Washington, the student maintains the status as a resident student so long as the student resides in Washington and is either:

(i) Admitted to an institution before the reassignment and enrolls in that institution for the term the student was admitted; or

(ii) Enrolled in an institution and remains continuously enrolled at the institution.

(3)(a) A student who qualifies under subsection (2)(k), (m), (n), (o), (p), (q), (r), (s), or (t) of this section and who remains continuously enrolled at an institution of higher education shall retain resident student status.

(b) Nothing in subsection (2)(k), (m), (n), (o), (p), (q), (r), (s), or (t) of this section applies to students who have a dishonorable discharge from the uniformed services, or to students who are the spouse or child of an individual who has had a dishonorable discharge from the uniformed services, unless the student is receiving veterans administration educational assistance benefits.

(4) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of this section and RCW 28B.15.013. Except for students qualifying under subsection (2)(e) or (u) of this section, a nonresident student shall include:

(a) A student attending an institution with the aid of financial assistance provided by another state or governmental unit or agency thereof, such nonresidency continuing for one year after the completion of such semester or quarter. This condition shall not apply to students from Columbia, Multnomah, Clatsop, Clackamas, or Washington county, Oregon participating in the border county pilot project under RCW 28B.76.685, 28B.76.690, and 28B.15.0139.

(b) A person who is not a citizen of the United States of America, unless the person meets and complies with all applicable requirements in this section and RCW 28B.15.013 and is one of the following:

(i) A lawful permanent resident;
(ii) A temporary resident;
(iii) A person who holds "refugee-parolee," "conditional entrant," or U or T nonimmigrant status with the United States citizenship and immigration services;
(iv) A person who has been issued an employment authorization document by the United States citizenship and immigration services that is valid as of the date the person's residency status is determined;
(v) A person who has been granted deferred action for childhood arrival status before, on, or after June 7, 2018, regardless of whether the person is no longer or will no longer be granted deferred action for childhood arrival status due to the termination, suspension, or modification of the deferred action for childhood arrival program; or

(vi) A person who is otherwise permanently residing in the United States under color of law, including deferred action status.

(5) The term "domicile" shall denote a person's true, fixed and permanent home and place of habitation. It is the place where the student intends to remain, and to which the student expects to return when the student leaves without intending to establish a new domicile elsewhere. The burden of proof that a student, parent or guardian has established a domicile in the state of Washington primarily for purposes other than educational lies with the student.

(6) The term "dependent" shall mean a person who is not financially independent. Factors to be considered in determining whether a person is financially independent shall be set forth in rules adopted by the student achievement council and shall include, but not be limited to, the state and federal income tax returns of the person and/or the student's parents or legal guardian filed for the calendar year prior to the year in which application is made and such other evidence as the council may require.

(7) The term "active military duty" means the person is serving on active duty in:

(a) The armed forces of the United States government; or
(b) The Washington national guard; or
(c) The coast guard, merchant mariners, or other nonmilitary organization when such service is recognized by the United States government as equivalent to service in the armed forces.

(8) The term "active duty service" means full-time duty, other than active duty for training, as a member of the uniformed services of the United States. Active duty service as a national guard member under Title 32 U.S.C. for the purpose of organizing, administering, recruiting, instructing, or training and active service under 32 U.S.C. Sec. 502(f) for the purpose of responding to a national emergency is recognized as active duty service.

(9) The term "uniformed services" is defined by Title 10 U.S.C.; subsequently structured and organized by Titles 14, 33, and 42 U.S.C.; consisting of the United States army, United States marine corps, United States navy, United States air force, United States coast guard, United States public health service commissioned corps, and the national oceanic and atmospheric administration commissioned officer corps.

New Section. Sec. 10. Sections 1 through 7 of this act are each added to chapter 28B.50 RCW.

New Section. Sec. 11. This act may be known and cited as the our colleges our future act of 2021."

Correct the title.

MESSAGE FROM THE HOUSE

April 9, 2021

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5227 with the following amendment(s): 5227-S2. E AMH ENGR H1309.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a postsecondary credential such as a degree, apprenticeship, or certificate is increasingly necessary to obtain a job that offers a good salary and advancement opportunities and that increasing the number of students in Washington who obtain such a credential is essential to the state's economic success. The legislature also recognizes that equity gaps remain among postsecondary students and that those gaps particularly impact students from historically marginalized communities.

The legislature finds that developing and maintaining a culture of belonging and support for students, faculty, and staff at institutions of higher education is essential to student success, and that faculty and staff play a key role. The legislature therefore seeks to ensure that public institutions of higher education provide faculty and staff, as well as students, with training to give them tools to address matters related to antiracism, diversity, equity, and inclusion.

The legislature further finds it necessary to regularly analyze the impact of that training on the campus community and to identify any measures needed to increase diversity, equity, and inclusion. Accordingly, the legislature intends that each public institution of higher education assess the learning, working, and living environment on campus that students, faculty, and staff experience to better understand the evolving state of diversity, equity, and inclusion.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Each institution of higher education must:

(a) Provide professional development, either existing or new, focused on diversity, equity, inclusion, and antiracism for faculty and staff. This program must be developed in partnership with the institution's administration, faculty, staff, and student leadership groups. Efforts must be made to ensure the program is delivered by individuals with innate and acquired expertise in the field of diversity, equity, and inclusion. The content framework for professional development must be posted on each institution's public website for parents and community members. The professional development must begin in the 2022-23 academic year;

(b) Create an evaluation for professional development participants. The evaluations must, at minimum, capture a participant's level of satisfaction with the professional development opportunity, the degree to which the learning objectives were achieved, and how the knowledge gained may be applied to their work;

(c) (i) Share completed evaluations of program participants annually with either the state board for community and technical colleges or an organization representing the presidents of the public four-year institutions of higher education, depending on the institution; and (ii) submit curriculum and other pertinent information regarding the program beginning July 1, 2023, and, subsequently, if there is a meaningful change or by request of the reporting entity.

(2) The purpose of each professional development program curriculum must be rooted in eliminating structural racism against all races and promoting diversity, equity, and inclusion while improving academic, social, and health and wellness outcomes for students from historically marginalized communities. The program must also include elements that focus on commonalities and humanity. Institutions of higher education may further develop a curriculum that is reflective of the needs of the campus community.

(3) (a) Beginning with the 2022-23 academic year, every new faculty and staff member at an institution of higher education must participate in the program, regardless of whether they are a full-time or part-time employee. All faculty and staff participating in the professional development program must complete an evaluation. Other faculty and staff may participate in the professional development program as needed or required by their institution. Each institution must develop a goal of at least 80 percent of their total faculty and staff completing the professional development program every two years and report on their goal's progress in the report established in section 5 of this act. Each institution may determine how to show progress towards their goal. Part-time faculty and staff who are employed at more than one institution of higher education are only required to complete the professional development program at one institution if they provide proof of completion to their other institution of higher education employers to receive credit for participation.

(b) Beginning with the 2024-25 academic year, 35 percent of tenured faculty and 35 percent of administrators at each institution of higher education must complete the professional development program every two years, regardless of whether they are a full-time or part-time employee.

(4) The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education may conduct further analysis of the professional development programs through participant evaluation data, use of focus groups, or other methods to determine promising practices. The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education must post a list of model standards and promising practices for..."
professional development on their public websites for parents and community members.

(5) The institutions of higher education shall adopt rules as necessary or appropriate for effecting the provisions of this section, not in conflict with this chapter, and in accordance with the provisions of chapter 34.05 RCW, the administrative procedure act.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.10 RCW to read as follows:

(1)(a) The institutions of higher education as defined in RCW 28B.10.016 shall each conduct a campus climate assessment to understand the current state of diversity, equity, and inclusion in the learning, working, and living environment on campus for students, faculty, and staff. The assessment shall occur, at minimum, every five years. Institutions of higher education shall use the results of the campus climate assessment to inform the professional development, established in section 2 of this act, and program, established in section 4 of this act. Institutions may use an existing campus climate assessment to meet this requirement.

(b) The state board for community and technical colleges shall develop a model campus climate assessment for the community and technical colleges that the colleges may use or modify to meet the requirements of this section.

(2) The design of an existing or new campus climate assessment must involve, at minimum, students, college and university diversity officers, faculty, and staff. The campus climate assessment must include, at minimum, an evaluation of student and employee attitudes and awareness of campus diversity, equity, and inclusion issues. The campus climate assessment may also include questions evaluating the prevalence of discrimination, sexual assault, harassment, and retaliation on and off campus, in addition to student, faculty, and staff knowledge of campus policies and procedures addressing discrimination, sexual assault, harassment, and retaliation. College and university diversity officers and students must be consulted in the development of recommendations.

(3) Institutions of higher education must, at minimum, conduct annual listening and feedback sessions for diversity, equity, and inclusion for the entire campus community during periods between campus climate assessments. Institutions of higher education must, to the maximum extent practicable, compensate students for their participation in the annual listening and feedback sessions.

(4) Beginning July 1, 2022, the institutions of higher education shall report findings or progress in completing their campus climate assessment and, when applicable, information on their listening and feedback sessions annually to either the state board for community and technical colleges or an organization representing the presidents of the public four-year institutions of higher education. The institutions of higher education must also publish reports annually on the institution’s public website for parents and community members.

(5) The institutions of higher education shall adopt rules as necessary or appropriate for effecting the provisions of this section, not in conflict with this chapter, and in accordance with the provisions of chapter 34.05 RCW, the administrative procedure act.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Each institution of higher education must:

(a) Provide a program, either existing or new, on diversity, equity, inclusion, and antiracism to students beginning with the 2024-25 academic year. Institutions of higher education may expand the focus of its program to reflect the needs of the campus community. This program must be developed in partnership with the institution's administration, faculty, staff, and student leadership groups. Efforts should be made to ensure the program is developed and delivered by individuals with innate and acquired experience and expertise in the field of diversity, equity, and inclusion. The content framework for each program must be posted on each institution's public website for parents and community members; and

(b) Create an evaluation for program participants. The evaluation must, at minimum, capture a participant's level of satisfaction with the program and how they will apply the program to their education.

(2) The purpose of each program must be rooted in eliminating structural racism against all races and promoting diversity, equity, and inclusion while improving outcomes for students from historically marginalized communities. The program must also include elements that focus on commonalities and humanity. Institutions of higher education may further develop a curriculum that is reflective of the needs of the campus community.

(3) During the 2024-25 academic year, all degree-seeking students at institutions of higher education must participate in the program, regardless of whether they are a full-time or part-time student. Beginning with the 2025-26 academic year, the program is only required for degree-seeking students who are new or have transferred to the institution and have not yet participated in a required diversity, equity, inclusion, and antiracism program at an institution of higher education. Students must be allowed to opt out of participation in the program if they self-attest to taking a diversity, equity, inclusion, and antiracism training at an institution of higher education within the previous five years.

(4) The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education may conduct further analysis of the programs, through participant evaluation data, use of focus groups, or other methods to determine promising practices. The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education must post a list of model standards and promising practices for programs on their public websites for parents and community members.

(5) The institutions of higher education shall adopt rules as necessary or appropriate for effecting the provisions of this section, not in conflict with this chapter, and in accordance with the provisions of chapter 34.05 RCW, the administrative procedure act.

(6) For purposes of this section, "student" or "students" does not include nonmatriculated students.

NEW SECTION. Sec. 5. A new section is added to chapter 28B.10 RCW to read as follows:

By December 31, 2024, and biennially thereafter, the state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education shall each submit a report to the higher education committees of the legislature in accordance with RCW 43.01.036 for their respective institutions of higher education. The reports must include the following:

(1) Information on the professional development programs implemented by each institution of higher education, including updates on progress towards meeting the goal outlined in section 1 of this act;
(2) A summary of results of the campus climate assessments and other relevant information received by the institutions of higher education; and

(3) By December 31, 2026, and biennially thereafter, the reports must also include information on the student diversity, equity, inclusion, and antiracism programs implemented by each institution of higher education.

NEW SECTION. Sec. 6. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state."

MESSAGE FROM THE HOUSE

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5236 with the following amendment(s): 5236-S AMH HCW H1258.2

Strike everything after the enacting clause and insert the following:
"Sec. 1. RCW 70.38.111 and 2020 c 258 s 1 are each amended to read as follows:

(1) The department shall not require a certificate of need for the offering of an inpatient tertiary health service by:

(a) A health maintenance organization or a combination of health maintenance organizations if (i) the organization or combination of organizations has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (ii) the facility in which the service will be provided is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination;

(b) A health care facility if (i) the facility primarily provides or will provide inpatient health services, (ii) the facility is or will be controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations which has, in the service area of the organization or service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (iii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iv) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination;

(c) A health care facility (or portion thereof) if (i) the facility is or will be leased by a health maintenance organization or combination of health maintenance organizations which has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals and, on the date the application is submitted under subsection (2) of this section, at least fifteen years remain in the term of the lease, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization;

if, with respect to such offering or obligation by a nursing home, the department has, upon application under subsection (2) of this section, granted an exemption from such requirement to the organization, combination of organizations, or facility.

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

(a) It has submitted at least thirty days prior to the offering of services reviewable under RCW 70.38.105(4)(d) an application for such exemption; and

(b) The application contains such information respecting the organization, combination, or facility and the proposed offering or obligation by a nursing home as the department may require to determine if the organization or combination meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements; and
(c) The department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(a) The department issues a certificate of need approving the sale, lease, acquisition, or use; or

(b) The department determines, upon application, that (i) the entity to which the facility is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of (1)(a)(i), and (ii) with respect to such facility, meets the requirements of (1)(a)(ii) or (iii) or the requirements of (1)(b)(i) and (ii).

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements to the offering of inpatient tertiary health services to the extent that such offering is not exempt under the provisions of this section or RCW 70.38.105(7).

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8) A rural hospital determined to no longer meet critical access hospital status for state law purposes as a result of participation in the Washington rural health access preservation pilot identified by the state office of rural health and formerly licensed as a hospital under chapter 70.41 RCW may apply to the department to renew its hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW. If all or part of a formerly licensed rural hospital is sold, purchased, or leased during the period the rural hospital does not meet critical access hospital status as a result of participation in the Washington rural health access preservation pilot and the new owner or lessor applies to renew the rural hospital's license, then the sale, purchase, or lease of part or all of the rural hospital is subject to the provisions of this chapter.

(9)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously
licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2)(a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(10)(a) The department shall not require a certificate of need for a hospice agency if:

(i) The hospice agency is designed to serve the unique religious or cultural needs of a religious group or an ethnic minority and commits to furnishing hospice services in a manner specifically aimed at meeting the unique religious or cultural needs of the religious group or ethnic minority;

(ii) The hospice agency is operated by an organization that:

(A) Operates a facility, or group of facilities, that offers a comprehensive continuum of long-term care services, including, at a minimum, a licensed, medicare-certified nursing home, assisted living, independent living, day health, and various community-based support services, designed to meet the unique social, cultural, and religious needs of a specific cultural and ethnic minority group;

(B) Has operated the facility or group of facilities for at least ten continuous years prior to the establishment of the hospice agency;

(iii) The hospice agency commits to coordinating with existing hospice programs in its community when appropriate;

(iv) The hospice agency has a census of no more than forty patients;

(v) The hospice agency commits to obtaining and maintaining medicare certification;

(vi) The hospice agency only serves patients located in the same county as the majority of the long-term care services offered by the organization that operates the agency; and

(vii) The hospice agency is not sold or transferred to another agency.

(b) The department shall include the patient census for an agency exempted under this subsection (10) in its calculations for future certificate of need applications.

(11) To alleviate the need to board psychiatric patients in emergency departments and increase capacity of hospitals to serve individuals on ninety-day or one hundred eighty-day commitment orders, for the period of time from May 5, 2017, through June 30, ((2021)) 2023:

(a) The department shall suspend the certificate of need requirement for a hospital licensed under chapter 70.41 RCW that changes the use of licensed beds to increase the number of beds to provide psychiatric services, including involuntary treatment services. A certificate of need exemption under this subsection (11)(a) shall be valid for two years.

(b) The department may not require a certificate of need for:

(i) The addition of beds as described in RCW 70.38.260 (2) and (3); or

(ii) The construction, development, or establishment of a psychiatric hospital licensed as an establishment under chapter 71.12 RCW that will have no more than sixteen beds and provide treatment to adults on ninety or one hundred eighty-day involuntary commitment orders, as described in RCW 70.38.260(4).

(12)(a) An ambulatory surgical facility is exempt from all certificate of need requirements if the facility:

(i) Is an individual or group practice and, if the facility is a group practice, the privilege of using the facility is not extended to physicians outside the group practice;

(ii) Operated or received approval to operate, prior to January 19, 2018; and

(iii) Was exempt from certificate of need requirements prior to January 19, 2018, because the facility either:

(A) Was determined to be exempt from certificate of need requirements pursuant to a determination of reviewability issued by the department; or

(B) Was a single-specialty endoscopy center in existence prior to January 14, 2003, when the department determined that endoscopy procedures were surgeries for purposes of certificate of need.

(b) The exemption under this subsection:

(i) Applies regardless of future changes of ownership, corporate structure, or affiliations of the individual or group practice as long as the use of the facility remains limited to physicians in the group practice; and

(ii) Does not apply to changes in services, specialties, or number of operating rooms.

(13) A rural health clinic providing health services in a home health shortage area as declared by the department pursuant to 42 C.F.R. Sec. 405.2416 is not subject to certificate of need review under this chapter.

Sec. 2. RCW 70.38.260 and 2019 c.324 §9 are each amended to read as follows:

(1) For a grant awarded during fiscal years 2018 and 2019 by the department of commerce under this section, hospitals licensed under chapter 70.41 RCW and psychiatric hospitals licensed as establishments under chapter 71.12 RCW are not subject to
certificate of need requirements for the addition of the number of new psychiatric beds indicated in the grant. The department of commerce may not make a prior approval of a certificate of need application a condition for a grant application under this section. The period during which an approved hospital or psychiatric hospital project qualifies for a certificate of need exemption under this section is two years from the date of the grant award.

(2)(a) Until June 30, 2023, a hospital licensed under chapter 70.41 RCW is exempt from certificate of need requirements for the addition of new psychiatric beds.

(b) A hospital that adds new psychiatric beds under this subsection (2) must:

(i) Notify the department of the addition of new psychiatric beds. The department shall provide the hospital with a notice of exemption within thirty days; and

(ii) Commence the project within two years of the date of receipt of the notice of exemption.

(c) Beds granted an exemption under RCW 70.38.111(11)(b) must remain psychiatric beds unless a certificate of need is granted to change their use or the hospital voluntarily reduces its licensed capacity.

(3)(a) Until June 30, 2023, a psychiatric hospital licensed as an establishment under chapter 71.12 RCW is exempt from certificate of need requirements for the one-time addition of up to thirty new psychiatric beds and for the one-time addition of up to sixty psychiatric beds devoted solely to ninety-day and one hundred eighty-day civil commitment patients if the hospital was awarded any grant by the department of commerce to increase behavioral health capacity in fiscal year 2019 and devotes the beds to providing treatment to adults on ninety or one hundred eighty-day involuntary commitment orders. The psychiatric hospital may also provide treatment to adults on a forty-eight hour detention or a fourteen-day civil commitment order.

(b) An entity that seeks to construct, develop, or establish a psychiatric hospital under this subsection (3) must:

(i) Notify the department of the addition of construction, development, or establishment. The department shall provide the entity with a notice of exemption within thirty days; and

(ii) Commence the project within two years of the date of receipt of the notice of exemption.

(c) Entities granted an exemption under RCW 70.38.111(11)(b) may not exceed sixteen beds unless a certificate of need is granted to increase the psychiatric hospital's capacity.

(5) This section expires June 30, 2025.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2021. Correct the title.

MOTION

Senator Warnick moved that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 5236.

Senators Warnick and Dhingra spoke in favor of the motion.

The President declared the question before the Senate to be the motion by Senator Warnick that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 5236.

The motion by Senator Warnick carried and the Senate concurred in the House amendment(s) to Substitute Senate Bill No. 5236 by voice vote.

The President declared the question before the Senate to be the final passage of Substitute Senate Bill No. 5236, as amended by the House.
(a) A health carrier may not deny or limit coverage for gender affirming treatment when that treatment is prescribed to an individual because of, related to, or consistent with a person’s gender expression or identity, as defined in RCW 49.60.040, is medically necessary, and is prescribed in accordance with accepted standards of care.

(b) A health carrier may not apply categorical cosmetic or blanket exclusions to gender affirming treatment. When prescribed as medically necessary gender affirming treatment, a health carrier may not exclude as cosmetic services facial feminization surgeries and other facial gender affirming treatment, such as tracheal shaves, hair electrolysis, and other care such as mastectomies, breast reductions, breast implants, or any combination of gender affirming procedures, including revisions to prior treatment.

(c) A health carrier may not issue an adverse benefit determination denying or limiting access to gender affirming services, unless a health care provider with experience prescribing or delivering gender affirming treatment has reviewed and confirmed the appropriateness of the adverse benefit determination.

(d) Health carriers must comply with all network access rules and requirements established by the commissioner.

(4) For the purposes of this section, “gender affirming treatment” means a service or product that a health care provider, as defined in RCW 70.02.010, prescribes to an individual to treat any condition related to the individual’s gender identity and is prescribed in accordance with generally accepted standards of care. Gender affirming treatment must be covered in a manner compliant with the federal mental health parity and addiction equity act of 2008 and the federal affordable care act. Gender affirming treatment can be prescribed to two spirit, transgender, nonbinary, intersex, and other gender diverse individuals.

(5) Nothing in this section may be construed to mandate coverage of a service that is not medically necessary.

(6) By December 1, 2022, the commissioner, in consultation with the health care authority and the department of health, must issue a report on geographic access to gender affirming treatment across the state. The report must include the number of gender affirming providers offering care in each county, the carriers and medicaid managed care organizations those providers have active contracts with, and the types of services provided by each provider in each region. The commissioner must update the report bimannually and post the report on its website.

(7) The commissioner shall adopt any rules necessary to implement subsections (3), (4), and (5) of this section.

(8) Unless preempted by federal law, the commissioner shall adopt any rules necessary to implement subsections (1) and (2) of this section, consistent with federal rules and guidance in effect on January 1, 2017, implementing the patient protection and affordable care act.

NEW SECTION. Sec. 4. A new section is added to chapter 74.09 RCW to read as follows:

(1) In the provision of gender affirming care services through programs under this chapter, the authority, managed care plans, and providers that administer or deliver such services may not discriminate in the delivery of a service provided through a program of the authority based on the covered person’s gender identity or expression.

(2) Beginning January 1, 2022:

(a) The authority and any managed care plans delivering or administering services purchased or contracted for by the
authority may not apply categorical cosmetic or blanket exclusions to gender affirming treatment.

(b) Facial feminization surgeries and facial gender affirming treatment, such as tracheal shaves, hair electrolysis, and other care such as mastectomies, breast reductions, breast implants, or any combination of gender affirming procedures, including revisions to prior treatment, when prescribed as gender affirming treatment, may not be excluded as cosmetic.

(c) The authority and managed care plans administering services purchased or contracted for by the authority may not issue an adverse benefit determination denying or limiting access to gender affirming treatment, unless a health care provider with experience prescribing or delivering gender affirming treatment has reviewed and confirmed the appropriateness of the adverse benefit determination.

(d) If the authority and managed care plans administering services purchased or contracted for by the authority do not have an adequate network for gender affirming treatment, they shall ensure the delivery of timely and geographically accessible medically necessary gender affirming treatment at no greater expense than if they had an in-network, geographically accessible provider available. This includes, but is not limited to, providing case management services to secure out-of-network gender affirming treatment options that are available to the enrollee in a timely manner within their geographic region. The enrollee shall pay no more than the same cost sharing that the enrollee would pay for the same covered services received from an in-network provider.

(3) For the purposes of this section, "gender affirming treatment" means a service or product that a health care provider, as defined in RCW 70.02.010, prescribes to an individual to support and affirm the individual’s gender identity. Gender affirming treatment includes, but is not limited to, treatment for gender dysphoria. Gender affirming treatment can be prescribed to two spirit, transgender, nonbinary, and other gender diverse individuals.

(4) Nothing in this section may be construed to mandate coverage of a service that is not medically necessary.

(5) The authority shall adopt rules necessary to implement this section.

NEW SECTION. Sec. 5. This act shall be known and cited as the Gender Affirming Treatment Act."

Correct the title.

and the same are herewith transmitted.
