In testimony whereof, I have hereunto set my hand, and affixed the seal of the state, at Olympia, this twelfth day of January, A. D. 1931.

J. GRANT HINKLE,
Secretary of State.

The roll was called and all members were present.

Honorable Adam Beeler, Justice of the State Supreme Court, and a member of this legislature during the 1921, 1923 and 1927 sessions, administered the oath of office to all members of the House of Representatives.

Nominations for Speaker were then declared to be in order.

Mr. Davis (Ed) nominated Mr. Templeton for Speaker, with the following remarks:

Mr. Davis: "Six years ago there was a new member in this back row from Columbia county. Over in the middle of the house there was a new member from Snohomish county. During our years of service between now and then our friendship has grown. I have known the gentleman from Snohomish as a college student, as a soldier in the great army of the greatest nation of the world, as a private citizen, and as a legislator. In each instance my friend has acquitted himself with credit.

"It is indeed a pleasure and a privilege for me at this time to be chosen to name this gentleman for the speaker of this house. I know that he has the natural ability, the experience and the training to make a splendid speaker.

"Mr. Clerk, I nominate the gentleman from Snohomish, Honorable Edwin J. Templeton, for Speaker of the House."

Mr. Goldsworthy nominated Ralph R. Knapp for Speaker, with the following remarks:

Mr. Goldsworthy: "Mr. Chief Clerk, and ladies and gentlemen of the legislature: It is my pleasure and privilege to nominate for Speaker of the House, Mr. Ralph R. Knapp, of King county.

"We have all of us here said repeatedly in the past few months that we were approaching the most memorable session the legislature of the state has ever held. Those of us who have been here in former sessions have heard this before. But I think we must concede that we approach this session with this feeling more insistent than ever before.

"There has never been such a demand for tax reform legislation. Our tax laws were made at a time when all our property was tangible property, and these laws are now outgrown, antiquated and outrageously unfair, and the people of this state are in no mood to accept failure on our part.

"We have far outstripped any method of adequate control, and the revenues derived from our present system of taxation do not in any way meet the need in our financing.
"We face educational legislation that affects every city and village and hamlet in this state, from the urban centers to the smallest towns, and which vitally affects every parent and every child in the state.

"There are insistent demands that appropriations and budgets be passed by the thirtieth day of the session. I do not presume to outline a program this day. I am saying we have serious work here to do.

"The Speakership of this House is the most responsible position in the House. I think it is safe to assume that the speaker—whatever he may be—will approach these issues in the spirit of fairness. But more than this, it demands legislative experience and executive ability, and those peculiar characteristics which we know as leadership.

"This House is extremely fortunate at this time in having available, a man who so admirably combines these characteristics as does Mr. Knapp. From the standpoint of service, he is one of our oldest members, he has held important chairmanships, and places on important committees; and in addition to that has had the experience of one session as Speaker of this House. Friendly and democratic, fearless and able, I sincerely hope that you will honor Mr. Knapp and honor yourselves by electing him as Speaker of this House."

Mr. J. H. Davis, of Pierce county, nominated Rex S. Roudebush as Speaker, with the following remarks:

Mr. Davis: "In nominating a man for speaker, one of the things that we all hope to secure in the election of speaker is to have one who is able, who is conscientious, who is fair, and has the ability.

"The gentleman I shall name has never been accused of anything but the utmost fairness. He is a finished parliamentarian, and his integrity has never been questioned at any time. He has served two sessions previous to this as a member of this House, and I am sure in his own community there is no man who stands higher than the man I shall nominate. It gives me great pleasure at this time to place before the House the name of the Honorable Rex S. Roudebush, of Pierce county."

MESSAGE FROM THE SENATE.

Senators Tatman, Phipps and Wray appeared at the bar of the House, and Senator Phipps reported that the Senate was organized and ready to proceed with business.

Mr. Brunton seconded the nomination of Mr. Templeton, for Walla Walla county.

Mr. Allen: "Chief Clerk and members of the House: For the last two months the newspapers of this state have called attention to the convening of this legislature. Therefore the eyes of the people at large are on the city of Olympia today. They are interested, members of this House, not particularly in what organization controls this House or in who might become its presiding officer. They are interested in two things particularly, it seems to me, what the results of this legislature will be. Will this legislature bring to the people more prosperity, more happiness, and greater opportunities for themselves?

"Then again they are interested in how the individual members of this legislature will perform; that is, their individual representatives. In general they are interested in everything that happens; but when you get down to the local districts, they take an interest in this legislature through the men and women who represent them here. And the people who are sitting as members of this House are being watched by the members of their constituency, those people who have sent them here; and they are interested in their activities and in how they are going to carry out the promises made to their constituents.

"In seconding the nomination of Mr. Knapp from King County, I desire to call upon those members of this body who have pledged their support to Mr. Knapp, as I have pledged mine, to redeem their pledge to him, and to vote to support him, and go back to their constituents and tell them they have fulfilled to the greatest extent the promises they have made, and be able to look each member of their constituency in the face."

Mr. Scott, of Clark County: "I feel rather nervous. In fact, I feel more nervous than I did when I was out that night waiting for the returns of the election. How-
ever, I have long striven to come here—for years and years I tried to arrive at this place. And I am here.

"I do not know all the new members, nor do I know all the old members, but I do know this, that there are a great number of things I have promised to Clark County. For all these sixty days I must be in evidence so my constituency will know I am on the job. So I am here for that reason only, and am glad to have the privilege of speaking in this wonderful building.

"And in conclusion, I have the great pleasure and the great honor, from Clark County, to second the nomination of Ed Templeton."

MR. CULMBACK: "On behalf of the Snohomish County delegation I hereby second the nomination of my friend, E. J. Templeton, for Speaker of this House."

MR. NORTHUP: "Like the gentleman from Clark, I wish to second the nomination of Mr. Templeton."

Owing to the sudden illness of Mr. Scott, the House was declared at recess.

The House resumed consideration of nominations for Speaker; and there being no further nominations, the Clerk called the roll, and Mr. Templeton was elected Speaker by the following vote: Representative Templeton, 55; Representative Knapp, 33; Representative Roudebush, 5; absent or not voting, 4.

Those voting for Representative Templeton were: Representatives Albert, Anderson (John), Barlow, Benson, Bolinger, Brown, Brunton, Buck, Canfield, Costello, Culmback, Danielson, Danskin, Davies, Davis (Ed), Denman, Downing, Edwards, Eldridge, Friese, Gear, Hack, Harter, Hartung, Hayton, Heglar, Hess, Hoffman, Huse, Lamping, Leber, Ledgerwood, McCoy, McCracken, McDonnell, McDonough, McKinnon, Mansfield, Martindale, Master­son, Miller (J. Templeton, of Snohomish, having been elected Speaker by your votes, I now declare him duly elected Speaker of this House of Representatives for the twenty-second session, and will ask Representatives Culmback, Mansfield and McDonough to act as a committee to escort your newly elected Speaker to the rostrum."

The committee thereupon escorted Mr. Templeton to the rostrum, amid applause.

MR. CALDER: "Mr. Speaker, it is an honor for me to present you with the symbol of your authority, and declare you Speaker of the House of Representatives of the twenty-second Legislature of the State of Washington. You will now take the oath of office, which will be administered by the Justice of the State Supreme Court."

Honorable Adam Beeler, Justice of the State Supreme Court, administered the oath of office to the Speaker.
JOURNAL OF THE HOUSE

The Speaker: "In view of the unfortunate happening in the House Chamber today, I think it best to be as brief as possible, as I know that we are all anxious to bring the session to a close, as a mark of respect to our departed member. "I will therefore conclude by saying that I wish to thank you sincerely for honoring me by electing me your presiding officer for the Session."

The Speaker called for nominations for chief clerk.

Mr. Knapp seconded the nomination.

Mr. Allen: "I desire to second the nomination of Mr. Calder, who has served us so faithfully during many sessions."

The President: "It gives me pleasure, as presiding officer of the Senate, on this occasion to present to you Governor Roland H. Hartley, who will now deliver his recommendations for this legislative session."

Governor Roland H. Hartley delivered his message to the twenty-second session of the state legislature, as follows:
THIRD DAY, JANUARY 14, 1931

BIENNIAL MESSAGE OF GOVERNOR ROLAND H. HARTLEY TO THE STATE LEGISLATURE.

STATE OF WASHINGTON,
TWENTY-SECOND SESSION, JANUARY 14, 1931.

To the Honorable, the Legislature of the State of Washington:

LADIES AND GENTLEMEN: The State Constitution makes it the duty of the Governor to "communicate at every session by message to the legislature the condition of the affairs of the state, and recommend such measures as he shall deem expedient for their action."

Six years ago today, I delivered to the Nineteenth Session of the legislature of the state of Washington my first message, making certain definite recommendations. Since that time it has been my privilege and honor to deliver three major messages—one at the special session of November, 1925; the other two at the regular sessions of 1927 and 1929. These were interspersed with several short special communications and messages from time to time, which seemed necessary.

Most of the recommendations made were enacted into law, and have worked well, while others have not been wholly satisfactory. After these six years of experience, I feel that further recommendations are necessary. Those submitted for your consideration at this session ask for changes in departments and institutions under the control of the Governor, as well as elective state departments, and some relate to general conditions. All are, nevertheless, made in good faith.

TAXATION.

Taxation is still the most vital problem facing our state. Since my incumbency we have wrestled with the subject from every angle, and chaos still reigns. While the cost of state government has decreased, local governmental costs, and consequently taxes, have increased at an alarming rate, while the tax-paying sources have diminished.

At my request, in 1925, a bill creating a State Tax Commission consisting of three members, was passed by the legislature.

As it was generally admitted that the present tax system was inadequate, inequitable and had, in a measure, broken down—the national and state banks disputing the right of the state to tax their capital stock, the railroads contesting valuations placed upon their operating properties (which the courts later sustained), causing heavy tax losses—I requested, during the 1929 session, authority to appoint a non-salaried advisory tax commission of nine members, to work in conjunction with the Tax Commission in the consideration of all phases of the tax question. The legislature promptly granted the request.

This commission was carefully selected with but one idea in view—that of securing men representing diversified interests and businesses, as well as each congressional district in the state, whose findings and recommendations were to be transmitted to the legislature on the opening day of this session. We succeeded in securing the services of nine men as good as exist in the state of Washington, who gave unstintingly of their time and energy in their endeavors to solve the problem. As provided in Chapter 127, Laws of 1929, each member of the legislature was presented with a copy of the Advisory Tax Commission's report on the opening day—last Monday. The document speaks for itself.

In forming your conclusions, there are certain fundamentals which I sincerely hope you will keep in mind. Unless the people are willing to forego some of the so-called functions of government, and unless public officials are willing to practice genuine economy, there can be no tax reduction. Your problem is to provide funds to take care of public expenditures and at the same time relieve the over-burdened taxpayer. Attempts at equalizing individual circumstances will not do the trick; neither will group legislation—taking from Peter to pay Paul. If applied for the reduction of existing tax levies only, it is my judgment that the sales tax is the one medium through which values can be restored to property. Just and fair distribution of the tax burden is essential, no matter what the system, but will not reduce.

The financial problems of government, in reality, are the same as those of the individual. The thrifty, saving person keeps his expenditures within his income and lays up something for a rainy day, even if it becomes necessary to practice the most rigid economy. The extravagant, wasteful man keeps on spending and going in debt until he is ultimately buried under the weight of his obligations. Government, like the
was a wastrel, keeps on spending without regard to income. When more money is needed to keep up the pace, additional taxes are levied, or new indirect revenue provided, or indebtedness incurred by the issuance of bonds or interest-bearing warrants. Ultimately the orgy of public spending will destroy government.

During the past six years, as Governor, I have carried on constant warfare against unnecessary public spending. Our budget is based upon this policy.

At this point, I wish to renew the recommendation made in my special message of February 28, 1929, for legislation to require any contesting taxpayer to pay his taxes before he can maintain an action to question the validity of the same.

**BUDGET.**

At my request, the legislature, in 1925, enacted the budget law. We have operated under it six years. It has proved to be an intelligent and accurate way of handling the state's affairs.

The Governor's revised budget contains full detailed information relative to the state's finances. The total general fund requests in this budget for the ensuing biennium are $10,488,682.06, as compared with $11,737,737.81 two years ago, a reduction of $1,249,055.75.

Study of the budget will show, as a result of better budgetary control, that we have made a substantial reduction in the requests for operating the state institutions and departments. The reductions recommended will in no wise curtail any essential function of state government, or impair the efficiency of any state institution.

In considering the biennial requests of the five higher educational institutions, ample provision has been made for their operation. While the sums allotted have been reduced, the record of expenditures submitted at the budget hearings reveals that the sums allowed will care for every need.

The application of state budgetary control of expenditures clearly demonstrates the fallacy of fixed millages for the institutions of higher learning, and I again renew my request for the abolition of these levies.

In furtherance of the advancement of budgetary control, there are included in this budget items totaling $9,874,415.67, not heretofore appropriated, but expended without legislative action in plain violation of the provisions of Section 4 of Article VIII of the State Constitution, which reads:

"No moneys shall ever be paid out of the treasury of this state, or any of its funds, or any of the funds under its management, except in pursuance of an appropriation by law; * * * ."

Budgetary control, as it exists today, is not complete. The state supreme court has held that tuition fees and other receipts of educational institutions are not state moneys within the meaning of existing law. It was the clear intent of the framers of the Constitution to give the legislature control over the state's finances. Therefore, legislation should be enacted stating plainly that every dollar received from any source by a state official, department, institution or employee, in his or its official capacity, is state money, and as such must be deposited in the state treasury and paid out only pursuant to an appropriation by the legislature.

It is futile to attempt to accurately appraise state needs and properly control expenditures when appropriations can be supplemented by large expenditures from local, trust and other non-appropriation funds. With responsibility should go authority. I therefore renew my recommendation that legislation to this end be enacted.

If this budget is adopted as is, no State General Fund Tax Levy will be necessary in 1931,—this year.

**EDUCATION.**

No plan for tax reform will provide substantial relief unless it is applied to every public activity. Education as now organized absorbs the largest share of the tax dollar. It must therefore be considered in any tax-reducing plan.

From official compilations, school taxes levied for the year 1917 totaled $16,256,232.93; for the year 1920, $35,172,429.33, an increase of $19,916,196.40 in thirteen years—130.7% increase, the population remaining practically the same.

This tremendous increase can be traced chiefly to laxness in the control of public school finances, expanded functions in our institutions of higher learning beyond the legitimate needs of the state, duplications in courses, expansion in curricula, and enlarged facilities far beyond the people's resources.

Retrenchment in educational expenditures is absolutely essential. Unnecessary departments should be eliminated, and savings effected through proper coordination.
This can never be brought about until all of the higher educational institutions are placed under the control of one governing and directing body, clothed with ample authority to lay down courses of action, both as to finances and curricula, and given power to compel compliance therewith.

Therefore, I renew my recommendation that the boards of regents of the State University and the State College, and the boards of trustees of the three State Normal Schools, be abolished, and all their vested powers and duties be transferred to a nonsalaried lay board of educational administration of nine members, appointed by the Governor, whose terms shall be from one to nine years, one retiring each year. That makes it so no Governor can change the board very materially unless he is reelected.

**STATE NORMAL SCHOOLS.**

The three normal schools were established for the sole purpose of training elementary teachers, and are today graduating approximately twice the number required for the schools of the state. Two of these institutions can turn out all the teachers required. However, since we have the three, fully organized and equipped, it would be well to consider the feasibility of allotting to each institution a maximum quota.

**CENTRALIA NORMAL SCHOOL.**

I recommend that Chapter 147 of the Session Laws of 1919, establishing a State Normal School at Centralia, be repealed, and that the land be turned over to the commissioner of public lands for sale as other lands in the public domain.

**CITIES AND TOWNS.**

What I have said regarding increases in tax levies for education can be applied with equal force to cities and towns. Official tabulations show that for the year 1917 total tax levies for cities and towns in the state were $10,017,117.65; for the year 1930, $19,278,723.98; an increase of $9,261,606.33, or 92.5% in thirteen years.

**HIGHWAYS.**

Results achieved in highway construction and maintenance during the past two years have fully justified the reorganization of the Highway Department authorized by the last session of the legislature.

From April 1, 1929, to December 31, 1930, the Department of Highways has awarded contracts covering 129 miles of grading, 235 miles of surfacing, 116 miles of grading and surfacing, 108 miles of paving, 836 miles of heavy oiling and 471 miles of light oiling. During the same period, 66 bridges over 20 feet in length have been completed or are now under contract. The past two years have seen the completion of dustless highways to practically every county seat in the state, and a marked improvement in the construction of hard surfaced roads. As a result of open competition in the purchase of materials by contractors, a substantial saving has been made.

Continuing the policy adopted by this administration four years ago, the highway budget is again incorporated in the Governor's budget. It has been carefully planned to meet the needs of all sections of the state, and the construction program outlined is based solely upon public requirements and scientific engineering data.

Early enactment of the highway budget is most desirable and essential. The federal government has allotted to this state $1,270,000.00 for emergency work in line with its unemployment program, to be used in cooperative expenditures with state funds. In order to take advantage of this allotment, it is necessary to immediately let contracts. This money must be expended by September 1, 1931. Under powers granted to the President of the United States, if this state does not take advantage of this allotment immediately, it will be diverted to the use of other states. In other words, delay in the enactment of the highway budget may result in the loss of $1,270,000.00 to the state of Washington for unemployment relief work. With the highway budget out of the way, more time can be given to consideration of the tax question and other important state problems.

Continuing the plan started last biennium, this budget sets forth complete details concerning the highway program. Schedules are included showing the approximate mileage and the kind and class of each proposed improvement to be undertaken.

It will be noted that the budgets for the director of highways' office and for the district offices now include all employees of those offices. For years such employees as draftsmen, maintenance engineers, etc., all regular employees, have not been budgeted
as such, but have been carried in the road budgets. While the inclusion of such employees in the budget requires increased appropriations for the operations of the office of the highway director and the district offices, it does not mean additional expenditures, but, that now, all facts regarding the cost of caring for our state highways are being presented openly and clearly, that intelligent and accurate records may be kept.

As indicated in my message to the Twenty-First Session, the highway budget now contains a detailed set-up of the estimated expenditures for machinery and equipment. Here, again, the requested appropriation for the purchase, replacement and repair of equipment, amounting to $1,260,000.00, does not mean an additional expenditure of that amount, but does provide the way for a proper determination of the true cost of highway maintenance and construction and a fair basis of comparison with work performed by contractors. It is proposed that the highway director charge each job with a reasonable rental for equipment used, and that such rental be paid into the treasury to the credit of the Motor Vehicle Fund.

Two years ago the legislature placed an additional one cent tax on gasoline, for lateral highways. It was hoped the distribution of this gas tax to the counties would make a corresponding decrease in property taxes for road purposes, but such is not the case. Instead of providing tax relief, it has proved to be an additional burden. If the distribution of this money to the counties is to be continued, the limits of the tax levies for the road and bridge and the road district funds should be correspondingly lowered.

I want to call to your especial attention that road expenditures have reached the colossal sum of more than $43,000,000.00 per biennium. This money comes from the taxpayers, as do other taxes. In seeking tax relief, this activity should stand its share of retrenchment.

In order to secure uniformity in highway construction and maintenance, I suggest that more supervisory powers over the construction and maintenance of permanent and lateral highways might be vested in the director of highways.

Two years ago I vetoed the proposal to construct a bridge over Deception Pass, for the reason that it was proposed to make this structure a toll bridge. I now recommend that provision be made for the construction of this bridge and road approaches, to be operated free from tolls.

STATE TAX COMMISSION.

In 1925 I recommended, for a time at least, the appointment of a state tax commission, for the primary purpose of studying the whole subject of the state's taxation policy, and to report suggestions and recommendations to the Governor. This received legislative approval.

The 1929 legislature, on executive recommendation, created a special non-salaried commission of nine members to work in conjunction with the Tax Commission in the consideration of all phases of the tax question.

This work has been completed and the joint report is now before the legislature. In the interest of economy and in line with the policy of consolidating functions of government wherever possible, I now recommend the abolishment of the Tax Commission and the transferring of its duties to a supervisor of taxation under the director of efficiency.

STATE LAND DEPARTMENT.

The intolerable conditions existing in the conduct of the office of commissioner of public lands call for a complete and thorough audit of the Land Office accounts, and a revision of the system under which the business of this department is carried.

For two years past, the State Department of Efficiency has been endeavoring to investigate the Land Office business, but has met with opposition at every turn from the commissioner of public lands.

The facts are set forth in the department's report, which is submitted to your honorable body as a part of this message. The information contained in this report merits the careful consideration of every member of the legislature. By reading it, you will find that the accounts of the Land Office are in a state of chaos, with many important records missing.

The report of the Efficiency Department further discloses the juggling of funds, apparently to conceal the embezzlement of state moneys.

In order to definitely determine the true condition, it will be necessary to make a complete audit of the department, tracing the various transactions from their incep-
tion. For the purpose of conducting this audit, I recommend a special appropriation of $25,000.00.

Accompanying the report of the Efficiency Department is a series of maps, showing in detail the data relating to the sales of Seattle and Tacoma tide lands. While many of the sales were made under a former administration of the Land Office, the system of selling state lands today is the same as it was when these sales were made, and the information set forth shows the great losses the state has sustained in the sale of its public lands.

Back in 1910 a special legislative committee, reporting on its investigation of the State Land Office, said:

"The looseness and laxity of the land laws, the dishonesty, incompetency and inefficiency of cruisers, together with other conditions, convince the committee that the state has been for years systematically defrauded, and the people of the state have lost millions of dollars by the sale of state and timber lands for grossly and ridiculously inadequate consideration. • • •

The situation described has been partially remedied in so far as the sale of state timber is concerned, by the adoption of executive recommendations removing the secrecy which formerly surrounded the sale of state-owned timber.

In his biennial report, which is before you, the commissioner of public lands points out that between the years 1927 and 1930, inclusive, the average price for state timber has increased from $3.08 to $3.71 per thousand. This with lumber prices on a decline.

With relation to the sale of state lands, however, the same looseness, laxity and obscurity in the conduct of sales, still prevail.

Pending completion of the audit by the Department of Efficiency, which should disclose changes necessary to be made in the land laws and in the system of operating the department, I again recommend the enactment of legislation to provide that no sale of state lands or timber be made until the valuations fixed by the Land Department have been approved by the State Tax Commission, and such appraisal shall be held as confidential information for the sole benefit of the state until all bids under the sale have been received and the successful bidder named. This does not apply to cruises, as the kinds and quantities of timber offered for sale should be public information. As the Governor signs all deeds, this would provide a responsible check upon valuations of land and timber sold by the state.

Under date of November 24, 1930, the attorney general rendered an opinion to the Governor, holding that the so-called "Bush Act," which provides for the sale of oyster lands at $1.25 per acre without competitive bidding, is still in force. This act should be repealed and legislation enacted to provide for the appraisal and sale of oyster lands as other state lands are sold.

Again I say, with responsibility should always go authority. Divided authority opens the way for the evasion of responsibility. There is no justification for divided authority in the conduct of the Land Department. I therefore recommend the abolition of the State Land Board, and the transferring of its duties to the commissioner of public lands.

STATE TREASURER.

That the officer who receives public revenue should also check or determine the amount of such revenue is wrong in principle. Therefore, I request that the law relating to fisheries' licenses and fees be amended to provide for the transfer of the collection and checking of such fees to the Department of Licenses in conformity with the practice of the other departments. There is no necessity for maintaining an office in Seattle for this purpose.

VETERANS' COMPENSATION BOND RETIREMENT FUND.

At the present time, there is a balance in this fund of considerably over $2,000,000.00. This money has been taken from the taxpayers for the purpose of paying the interest and the retirement of bonds issued to finance the soldiers' bonuses.

The surplus cash in this fund is lying dormant in the banks, earning two per cent interest. The bonds outstanding are drawing five and one-half and six per cent interest.

I recommend that legislation be enacted to overcome this condition; either that provision be made for the calling and retirement of all outstanding bonds possible, or that such bonds be purchased with surplus funds in the state treasury.
FISHERIES.

The revised budget requests for the Fisheries Department call for capital outlays for the construction of two new salmon hatcheries in the Puget Sound district, forty-two new fresh-water rearing ponds, and the completion of a salt-water rearing pond. The item of $30,000.00 for two hatcheries was added to the department's request as an executive recommendation to provide additional facilities for the propagation of salmon. This is in line with the administrative policy of fostering and perpetuating the salmon industry.

Cuts have been made in requests for operating costs and the total amount requested is well within the estimated revenues of the department.

LICENSES.

Under existing law, the director of licenses is charged with all the duties relative to the examination and issuance of licenses, except the receiving of fees. In practice, however, a large proportion of the fees are actually received in the office of the director of licenses. In order to follow out the letter of the law, the director of licenses turns such fees over to the state treasurer after preparing a memorandum record thereof. Within a day or two, back they come to the office of the director of licenses from the treasurer's office. After the remittances are checked, back they go to the state treasurer's office again. After this procedure, the state treasurer transmits the application to the director of licenses, where they are again handled and licenses finally issued. This procedure requires about three times as much handling as is necessary.

I recommend that the law be amended to provide that all fees for licenses be forwarded direct to the director of licenses and by him be remitted to the state treasurer, as is the practice in other departments receiving money.

MOTOR VEHICLE OPERATORS' LICENSES.

Inasmuch as the revenues of the Highway Safety Fund are in excess of the reasonable demand, I recommend that the motor vehicle operators' licenses expiring July 31, 1931, be extended by legislative act to expire as of the date of July 31, 1932, and that thereafter, these licenses be issued each four years at a fee of one dollar for the four-year period.

GASOLINE TAX REFUNDS.

Under the present procedure, the state treasurer, who receives gas tax payments, also makes refunds to claimants. This is wrong in principle. No money should be paid out of the state treasury except on a warrant regularly drawn by the state auditor. Therefore, I recommend that the law be amended so that claims for gasoline refunds shall be filed with the director of licenses and that they be paid only on warrants issued by the state auditor.

STATE CAPITOL COMMITTEE.

Administrative functions carried on by ex-officio committees and boards have proved diabolical, extravagant, incompetent and unbusinesslike. Under the most favorable circumstances little or no supervision seems possible under such control. I recommend the abolishment of the State Capitol Committee, with transfer of all powers and duties, now vested in the committee, having to do with capitol buildings and grounds, to the Department of Business Control, and that the control and sale of capitol lands and timber be transferred to the commissioner of public lands. These departments are in position to more effectively and intelligently supervise these activities with a saving to the state.

STATE FOREST BOARD.

The request from the Reclamation Revolving Fund for the purpose of paying interest on forest development bonds has been disapproved by the Governor for the reason that there is sufficient money now in the Forest Development Fund to meet all interest requirements during the coming biennium. The Forest Development Fund by statute is not a state fund and is not subject to legislative appropriation. I recommend that this, and all funds, be made state funds.

STATE PARKS.

The idea back of the original state park movement was the conservation and perpetuation of natural scenic beauty spots along the state's permanent highways. In-
stead of holding to this noble purpose, the state has drifted into the tourist park business, with biennial requests for appropriations of more than one-half million dollars. This activity should be brought back within reason and the scope originally intended. Revenues now coming into the Park and Parkways Fund should be paid into the state treasury to the credit of the General Fund. Appropriations for the carrying on state park activities should be made from the General Fund. I recommend the abolishment of the State Parks Committee, with transfer of its powers and duties to the director of highways. In this way, the state parks can be cared for without adding to the cost of administration of district highway offices.

RECLAMATION.

I renew my recommendation that the reclamation levy of one-half mill be repealed. There is sufficient money in the Reclamation Fund to more than care for all necessary expenditures.

BOUNTIES.

The frauds uncovered during the last two years have further demonstrated the iniquities of the bounty system. I renew my recommendation that the bounty act be repealed.

JUDICIAL COUNCIL.

The Judicial Council has failed to accomplish the objects for which it was created. Continued expenditure of the taxpayers' money for this purpose is not warranted. I recommend that it be abolished.

UNIFORM LAW COMMISSION.

I have yet to find any useful purpose served by the Uniform Law Commission and again recommend its abolition.

STATE INSTITUTIONS.

Survey of penal and eleemosynary institutions, undertaken after adjournment of the Nineteenth regular Session of the Legislature in 1925, revealed a deplorable condition of overcrowding and neglect through failure to provide added facilities and proper maintenance of existing structures and equipment.

A comprehensive building program was adopted. Appropriations totaling $2,575,000.00 have been granted by the last three legislatures with the result that our institution population is today adequately housed and general conditions are better than at any time in the state's history. Aside from requests for a small structure at the Eastern State Hospital and a minor building at the State Training School, no large capital outlays will be required, except for a new cell house to be constructed inside the wall at the penitentiary. The rapid increase in our penal population makes this latter undertaking imperative. This explains why it is I let a man out of prison once in a while. We have to make room for the others to get in.

PAROLES.

I again renew my recommendation for a change in the indeterminate sentence law and a reorganization of the state parole system.

In my messages to the Twentieth and Twenty-First sessions of the legislature, it was pointed out that our penal registers are replete with glaring inequalities in the administration of justice. Such inequalities can be corrected by providing for indeterminate sentences, with a fixed maximum, but no minimum. At each institution a complete history of each case could then be compiled, including the physical and moral fitness of the prisoner, his past record, and all circumstances attending the commission of the crime. Upon such information, the parole board could classify him and fix the time when he might be paroled, based upon a merit system, determined by fixed and definite rules and regulations, reserving to the Governor the right to review in all cases.

Such a system would be in keeping with the most advanced prison methods.

STATE PRINTING.

Operating under the trust agreement, the State Printing Plant has accumulated surplus earnings of $14,000.00, plus interest of $242.28, and the certified check of the State Printer is tendered herewith.

The biennial report of the State Printer, giving details of operation, will be placed on your desks.
EIGHT-HOUR DAY.

The necessity of reducing governmental costs wherever possible emphasizes the need of an eight-hour working day in all state offices and departments. That is the practice in the Governor's office and in the departments under the Governor's control, while the other state offices are on a seven-hour basis. I can see no reason why people working for the state, getting their pay from a cashbox that is never delinquent, should be soldiering on the job an hour extra every day. It is unfair to the people who pay the bills.

I renew my request for legislation to require all offices and departments of state government to be kept open eight hours each business day, except that, where possible, a half-holiday may be allowed on Saturday.

SCHOOL BONDS.

The law governing issuance of school district bonds should be amended to provide that only duly qualified, registered voters can vote at such elections.

The law should be further amended to provide that bonds may be issued when a majority has approved such issues, providing that the total vote cast shall be not less than seventy-five per cent of the vote cast at the preceding general election in such district.

Under the present law, any number of persons constituting a majority participating in the elections can place what amounts to a mortgage on all of the property of the district. In many recent elections, less than ten per cent of the voters have created valid obligations against every taxpayer in the district.

CONCLUSION.

In conclusion, as I have often said, one sure way to reduce the tax burden is to quit spending public moneys, and I am more convinced of it today than ever.

When all have spoken—railroads, banks, courts, commissions, messages—we still find ourselves at the crossroads, vainly endeavoring to make our diminishing income provide for our rapidly increasing public extravagances, and mortgaging the future by voting bonds and putting in vogue all sorts of schemes for spending public moneys. Property confiscation is facing us.

In my judgment, a beneficial prosperity cannot be manufactured at will. One of the greatest evils of the present day is the spending of public funds when and where not necessary. The using of tax moneys to bolster up the profligate behavior of the past in the business world, and to build political fences for politicians, is little short of criminal, and leads to a greater distress in the future.

More and more the government, with its army of snoopers, checkers, inspectors, directors, efficiency experts, and the like, is interfering with private business, destroying self-reliance and individual independence. Governments should be satisfied to manage the affairs for which they were organized—that of maintaining equal opportunity for the citizen, thwarting the hand of special privilege, and keeping order. There is ample private capital to carry on any legitimate enterprise.

One hundred years ago, during a similar depression, the great Macauley, in the Edinburgh Review in the year 1830, put it well when he said:

"Our rulers will best promote the improvement of the people by strictly confining conditions to their own legitimate duties—by leaving capital to find its most lucrative course, commodities their fair price, industry and intelligence their natural reward, idleness and folly their natural punishment—by maintaining peace, by defending property, by diminishing the price of law, and by observing strict economy in every department of the state.

"Let the Government do this—the People will assuredly do the rest."

Respectfully submitted,

ROLAND H. HARTLEY,
Governor.

The motion was carried.

QUESTION OF PERSONAL PRIVILEGE.

Mr. Danskin: The question of personal privilege concerns the gentlemen who have introduced bills at the request of the Tax Commission. I wish to say in connection with this that the Advisory Tax Commission sent to the Legislature twenty-two bills. They prepared only four copies of these bills. They were not printed. We finally prevailed on the Advisory Tax Commission to send a part of these bills, at least, to the Senate. Eight of these bills are being introduced by the Senate. That left fourteen to the House.

The Revenue and Taxation Committee and the Rules Committee believed that the proper thing to do was to get these bills printed as fast as possible, so that the members of this House may study these bills and find out if there is any merit in them.
So yesterday the Revenue and Taxation Committee met, and the members of that committee who were present at that time simply volunteered to introduce these bills. You notice they are all introduced by request. That does not mean that the members introducing these bills are sponsoring them in the least. So please remember, no man whose name is on any of these bills is sponsoring it. It is simply to get the bills introduced, in order to get the information and find out what they are about. The reason these bills have all been referred to the Revenue and Taxation Committee is, they are simply starting there. There will be plenty of time for other committees to consider them, if they wish to take up the various matters in them.

Mr. Danskin moved that the House adjourn until 12:00 o'clock, Monday, January 19, 1931.

Mr. Cory moved, as a substitute motion, that the House adjourn until 1:00 o'clock Monday.

The substitute motion was lost.

The motion was carried.

EDWIN J. TEMPLETON, Speaker.

A. W. CALDER, Chief Clerk.

COMMUNICATION.

STATE OF WASHINGTON, DEPARTMENT OF HIGHWAYS,
OLYMPIA, February 5, 1931.

To the Honorable, The Senate, and The House of Representatives, of the State of Washington, in Legislature Assembled:

Gentlemen: In compliance with the provision of Chapter 113, of the Session Laws of 1929, entitled "An Act relating to an interstate bridge over the Snake River between Clarkston in Asotin county, Washington, and Lewiston in Nez Perce county in Idaho", I have the honor to submit the following report:

In the latter part of 1929 the street car rails and deck on the existing bridge between Lewiston and Clarkston were removed and new stringers, deck and rail placed on the existing structure. During the summer of 1930 an asphaltic wearing surface was placed on the new deck. With the elimination of the street car traffic from this structure the bridge now provides a 20 ft. roadway for vehicular traffic.

In conjunction with the work done in 1924 toward strengthening the main members and the work done on the deck within the past two years, the bridge is adequately carrying present day traffic without load restriction with only a slight over stress in some of the members. Unless there is some increase in the allowable loads permitted to operate over the highways this structure should adequately carry the traffic for at least twenty (20) years.

In view of the repairs done to the bridge and the elimination of the street car traffic from the bridge with a corresponding increased roadway for vehicular traffic, it
was deemed inadvisable to enter into negotiations with the state of Idaho and the Federal Government for the construction of a new bridge at this time.
Respectfully submitted,

SAMUEL J. HUMES, Director of Highways.

The Speaker announced that the report from the Director of Highways would be referred to the Committee on Roads and Bridges, and ordered that same be incorporated in the journal.

On motion of Mr. Danskin, the House adjourned until 10:00 a.m., Saturday, February 7, 1931.

EDWIN J. TEMPLETON, Speaker.

A. W. CALDER, Chief Clerk.

**PERSONAL PRIVILEGE.**

**MR. MILLER (J. A.):** Question of personal privilege, Mr. Speaker. I desire to make a statement. I have here a copy of the Seattle Star of February 9th, on the front page of which appears an editorial with reference to House Bill No. 179. On page 12 of the same issue, there is another article winding up with the statement that "This bill was introduced by J. A. Miller, of Bellingham." I have had many letters from home commenting on my introduction of this bill. As a matter of fact, I have nothing to do with it, and the real author is W. O. Miller, of Adams county. I think in all fairness a correction should be made and he be given credit for being the author of this bill.

**MR. MILLER (W. O.):** It will be perfectly agreeable to me to have this correction made.

**MESSAGE FROM THE GOVERNOR.**

Representative Knute Hill delivered the following memorial address and eulogy on the lives of a former Governor of the State of Washington and former Members of the Legislature:

MR. PRESIDENT:

It is fitting and proper that we should pause for a brief period this afternoon to pay tribute to the memory of a former Governor of this State and those former members of this Legislature who have within the past two years been borne by loving hands to their final resting place. Their arduous tasks are done, their race is run; their hopes and fears, joys and sorrows are all buried with them in the silent tomb. They have answered the last roll call of this finite sphere and are now responding to the eternal roll call of the infinite spaces. It behooves us who remain, to show this mark of respect to our dead comrades.

Two short years ago they were active in our midst, today what was mortal of them lies quietly sleeping in the low dark chamber whose green tufted door never outward swings; but a few months ago we were stirred by their eloquence or charmed by their kindliness and laughter, today those tongues are stilled forever; but yesterday their eyes flashed with emotion and sparkled with intelligence, today they are closed in that sleep which knows no awakening. Their spirits, having "shuffled off this mortal coil" with which we all are burdened on the journey of life over the rugged road that stretches between the peaks of two eternities, have scaled the topmost heights and
crossed the Great Divide to enter that far unknown country from whence there is no returning.

We do well to honor these dead friends today, and in doing so we honor ourselves. I am not here to pronounce eulogies on these men. That privilege is accorded to more able and more intimate friends. They did their part according to their light to make this a better state. In so far as they served their fellowmen and this commonwealth they were noble and brave, for the noblest are the most democratic and the bravest are the most tender. If they, like Abou Ben Adhem, told the Recording Angel to write their names down as ones who loved their fellowmen, their names were certainly inscribed in the Book of Gold.

I dare say, however, that if they could speak to us from the Spirit Land this afternoon they would counsel us not to linger too long on the past except for guidance and inspiration, not to put off till tomorrow what we ought to do today, and with the poet, would admonish us to

"Trust no Future, howe'er pleasant!  
Let the dead Past bury its dead!  
Act,—Act in the living Present!  
Heart within and God o'erhead!"

This day alone is ours. The duties of the present challenge us. The future is uncertain and we know not when the summons of the Great Leveler shall come to us. This should not be so much a day of mourning. It is rather a day of solemn dedication to the great task of solving the difficult problems confronting us who remain. In contemplation of this arduous task we can well take heed of the teachings of two masters of men. The Great Master said, "Whosoever would become great among you, whosoever would be first among you, let him serve all." It was this characteristic that permitted the immortal Lincoln, whose birthday we are commemorating this week, to raise his head above the slough of bigotry and intolerance, the miasma of greed and selfishness, the clouds of suspicion and hatred, and from the sunkest peaks of lofty statesmanship look calmly down upon the mighty upheaval that for a time threatened to destroy the foundations of democratic government. The distress of the nation, his beloved America, was the opportunity of the patriot and he seized upon this opportunity with his brawny hands to reshape it into a united country. He counted not the cost nor was he concerned with personal success. These are his words of wisdom, "I am not bound to win, but I am bound to be true. I am not bound to succeed, but I am bound to live up to what light I have. I must stand with anybody who stands right. Stand with him while he is right and part from him when he goes wrong." This was his creed and he lived up to it. It is a worthwhile creed for all of us.

"For when the one Great Scorer comes  
To write against your name  
He writes not that you won or lost—  
But how you played the game."

Have we the will on this solemn occasion to take this unequivocable stand for our guidance during the hectic days that are to come when the serious problems of state confront us and demand solution? Have we the will to put aside personal prejudice, selfish greed and special privilege and labor together for the common welfare of this our beloved commonwealth? Have we the will to let our better nature hold sway over our every thought, our every desire, our every decision, our every act? Have we the will to approach our daily tasks with that vision and intelligence, that determination and courage which characterizes the true patriot in the time of his country's distress? Have we the will to match the limitless bounty of Nature and Nature's God in providing us with the wonderful resources of forest and stream, minerals and water power by the establishment of a sane policy in the conservation and development of these natural resources? Have we the will to proclaim that even as we have abandoned the territorial buildings, good and serviceable in their day, to rear this stately structure of steel and stone and marble whose beautiful dome looks down upon the lofty pines and ceaseless tides, so will we dare to abandon outworn forms of government, good and serviceable in their day, and establish a noble form of government based on the same foundation of justice, equality and service, whose crowning glory shall smile down upon a peaceable, happy people and upon the ceaseless change of progress? Have we the will to dedicate our lives, our fortunes, our sacred honor to perpetuate free institutions and democratic government? God grant us the courage to say with humility, "We will!"
Some day not so very far distant kind friends will perform for us the simple acts of courtesy that we now perform for our departed friends. Against that day let us prepare.

"We live in deeds, not years; in thoughts, not breaths;
In feelings, not in figures on a dial.
We should count time by heart throbs. He most lives
Who thinks most—feels the noblest—acts the best."

The poet and philosopher, journalist and statesman, William Cullen Bryant, at the tender age of eighteen, penned his matchless "Thanatopsis" (Thoughts on Death) which is very appropriate on such an occasion as this.

THANATOPSIS.

"To him who in the love of Nature holds
Communion with her visible forms, she speaks
A various language; for his gayer hours
She has a voice of gladness, and a smile
And eloquence of beauty, and she glides
Into his darker musings, with a mild
And healing sympathy, that steals away
Their sharpness, ere he is aware. When thoughts
Of the last bitter hour come like a blight
Over thy spirit, and sad images
Of the stern agony, and shroud, and pall,
And breathless darkness, and the narrow house,
Make thee to shudder, and grow sick at heart;—
Go forth, under the open sky, and list
To nature's teachings, while from all around—
Earth and her waters, and the depths of air,—
Comes a still voice—Yet a few days, and thee
The all-beholding sun shall see no more
In all his course; nor yet in the cold ground,
Where thy pale form was laid, with many tears
Nor in the embrace of ocean, shall exist
Thy image. Earth, that nourished thee, shall claim
Thy growth, to be resolved to earth again,
And, lost each human trace, surrendering up
Thine individual being, shalt thou go
To mix forever with the elements,
To be a brother to the insensible rock
And to the sluggish clod, which the rude swain
Turns with his share, and treads upon. The oak
Shall send his roots abroad, and pierce thy mould.

Yet not to thine eternal resting-place
Shalt thou retire alone, nor couldst thou wish
Couch more magnificent. Thou shalt lie down
With patriarchs of the infant world—with kings
The powerful of the earth—the wise, the good.
Pair forms, and hoary seers of ages past,
All in one mighty sepulchre. The hills
Rock-ribbed and ancient as the sun,—the vales
Stretching in pensive quietness between;
The venerable woods—rivers that move
In majesty, and the complaining brooks
That make the meadows green; and, poured round all
Old ocean's gray and melancholy waste,—
Are but the solemn decorations all
Of the great tomb of man. The golden sun,
The planets, all the infinite host of heaven,
Are shining on the sad abodes of death,
Through the still lapse of ages. All that tread
The globe are but a handful to the tribes

that slumber in its bosom.—Take the wings
Of morning, pierce the Barcan wilderness,
Or lose thyself in the continuous woods
Where rolls the Oregon, and hears no sound,
Save his own dashings—yet—the dead are there:
And millions in those solitudes, since first
The flight of years began, have laid them down
In their last sleep—the dead reign there alone.
So shalt thou rest, and what if thou withdraw
In silence from the living, and no friend
Take note of thy departure? All that breathe
Will share thy destiny. The gay will laugh
When thou art gone, the solemn brood of care
Plod on, and each one as before will chase
His favorite phantom; yet all these shall leave
Their mirth and their employments, and shall come
And make their bed with thee. As the long train
Of ages glide away, the sons of men,
The youth in life's fresh spring, and he who goes
In the full strength of years, matron, and maid,
The speechless babe, and the gray-headed man,—
Shall one by one be gathered to thy side,
By those, who in their turn shall follow them.

So live, that when thy summons comes to join
The innumerable caravan, which moves
To that mysterious realm, where each shall take
His chamber in the silent halls of death,
Thou go not, like the quarry-slave at night,
Scourged to his dungeon, but, sustained and soothed
By an unfaltering trust, approach thy grave,
Like one who wraps the drapery of his couch
About him, and lies down to pleasant dreams.”

Ex-Senator Jesse S. Jones delivered the following eulogy on the life of
Louis F. Hart, former Governor of the State of Washington.

Louis Folwell Hart, the seventh Governor of the State of Washington, was born
January 4th, 1862, at High Point, Mo.; was educated there in the public schools and
was married in 1881 to Miss Ella James of High Point. He was admitted to the
bar in 1884 and practiced law in California, Mo., until 1889, when he moved to Sno­
homish, Wash., and later to Republic, Wash.

In 1901 he was elected Grand Secretary of The Independent Order of Odd Fel­
wows of Washington, a position he filled with credit to himself and benefit to the fra­
ternity until 1914.

He was elected Lieutenant Governor in 1912, receiving the largest majority ever
given anyone up to that time. He was again elected in 1916. As the result of the
serious illness of Governor Ernest List, which later resulted in his death (June, 1919),
Governor Hart became Acting Governor during the rest of Governor List's
term. He faithfully carried on the policies and plans advocated by Governor Lis­
ter. He was elected Governor in the year 1921 and served until 1925, refusing to
again be a candidate. He moved back to Tacoma, retired from active life and died
there December 5th, 1929, and was buried here in Olympia on December 9th.

Because of his comprehensive knowledge of the affairs of the State, and his at­
tention to details coupled with an amazing memory for facts and figures, he gave
the State a remarkable administration. His solution of the most intricate and
tangled economic and financial problems resulted in a substantial tax reduction, prov­
ing him to be one of the most constructive and outstanding executives the State
has ever had.

The World War made necessary many emergency expenditures and in 1920 Gov­
ernor Hart found our finances in a serious condition. The situation was so serious
as to cause the Legislature to increase the tax levy for General Fund 4.5 mills to raise
by direct taxation five million dollars.

Governor Hart induced the Legislature to enact the Administrative Code, pro­
viding for the consolidation of several State departments. After the creation of the
code, he proceeded to solve financial and tax problems in his own quiet, forceful way. He demanded curtailment of expenditures and required the departments created by the code to limit all expenditures to 85% of the appropriation. Under this system of rigid economy the business of the departments was carried on with no serious inconvenience. The poll tax law also enacted under his administration returned two million dollars before it was repealed. As a result of his efforts for efficiency and economy, the deficit of two million dollars in the General Fund was wiped out and replaced by a balance of five million one hundred and twenty-five thousand dollars before his term ended, so that no tax levy for the General Fund purpose was necessary in 1924.

It is no easy task so soon after his death to determine the acts that add the greatest luster to his name. Coming generations may find fault with those we consider his best, and praise those we consider unimportant.

And now just a word or two of a more personal nature. I deem myself fortunate in having had the friendship of Louis F. Hart. I knew him in the days of his adversities, as well as in the days when he had risen to the heights of power and statesmanship. I never knew him to whimper at ill fortune, or to boast and glorify his achievements in the days of his prosperity.

I desire to speak simply and directly, with generous appreciation of his worth, of his kindliness, of his gentleness, and of his generosity. His faithful and constant devotion to his family was one of the notable characteristics of his life.

His private life, the faults and failings of his character, whatever they may have been, belong in no sense to the world. They are for the judgment of an all-wise God, whose merciful forgiveness is necessary for the best of what we do and are. When death comes, what nobler epitaph can any man have than this, "Having served his generation, by the will of God, he fell asleep."

The living can do little for the dead. The pomps and ceremonies of earthly grandeur have lost their significance; and when the soul shall have left its earthly dwelling, the story of one fair and virtuous action will be far above all inscriptions on the tomb, or of silken banners waving o'er. The glories of birth and state are but shadows, not substantial things.

I trust that this simple tribute to his memory may show forth my regard for the worth of my friend, Louis F. Hart.

TEARS.

"When I consider life and its few years,
A wisp of fog betwixt us and the sun,
A call for battle and the battle done,
Ere its last echo dies within our ears.
A rose crushed in the grass, an hour of fears,
A burst of music down the unlistening street,
I wonder at the idleness of tears
Ye old old dead, and ye of Yeaster night,
Chieftains, and bards, and keepers of the sheep,
By every cup of sorrow that ye had,
Loose me from tears and make me see aright,
How each hath back what once he stayed to weep
Homer his sight, and David his little lad."

Senator John C. Bowen delivered the following eulogy on the life of Charles G. Heifner:

Charles G. Heifner, State Senator from the 35th (Seattle) District, from 1926 to 1930, died in Seattle, December 31, 1930.

He was born on a farm in Iowa; educated in country schools; worked on a farm until 20 years of age; graduated from Western Normal College, Shenandoah, Iowa; principal of Manila, Iowa, High School; studied law at the University of Michigan; came to Seattle in 1890; was Secretary of the Seattle Board of Public Works from 1892 to 1894; was State Insurance Commissioner from 1897 to 1901; and took an outstanding part in the political reform, which elevated Woodrow Wilson to the presidency.

In 1913, at the request of the Seattle Chamber of Commerce, he went to Washington, D. C., and secured the support of President Wilson for the building by the Federal Government of a railroad from Tide Water into the interior of Alaska. He
prepared the bill, providing for the construction of that railroad, which resulted in the expenditure of millions of dollars of Government money in this State. He was the Democratic candidate for Congress from the 1st Congressional District in 1930.

He always stood for humanitarian measures for the protection and education of boys and girls and for the betterment of working conditions among men and women. He believed that human life was more important than property rights, yet always demanded a square deal for rich and poor alike. He left surviving him, a widow, two children and three grandchildren.

Like most men who attain distinction, he worked from early manhood, step by step climbing each rung of the ladder by his own efforts and ability until he stood out as one of the leading citizens of our State, which he loved, and where he lived for over forty years.

His character was singularly pure and upright. There was no subterfuge in him, and his motives were never questioned. He went through life with a sunny smile and a helpful hand. He possessed natural qualities of leadership, and gave without stint of his time and ability to the religious, civic and educational advancement of his day.

Politically, he was always an ardent Democrat, and though he might have differed with the leaders of his party on issues, yet when the principles of the party were enunciated and declared, he supported the party with all the vim and energy he possessed.

He was an upright, generous and kind man, and though not possessed of a wealth of the material things of life, he was wealthy in the loving esteem of everyone who knew him and delighted to call him friend. He was positive in his convictions and determined in his purposes, yet he moved easily among men of every station of life.

We can not fathom the mysterious ways of providence, and are sometimes struck with disappointment and awe that death places its seal upon a man peculiarly endowed by nature with all the attributes necessary for usefulness in every walk of life, and passes by those less fitted to serve "either their country or their kind". And so, when a man like Charles G. Heifner, while at the zenith of his intellectual powers and at a time when his usefulness was most apparent, was called from this life to give an account of his stewardship, we can not but wonder that he was so selected, when so many less able to serve are left behind.

Our departed brother's philosophy of life was summed up in the following beautiful stanza:

"For through this toilsome world, alas!
Once and only once we pass,
If a kindness we may show,
If a good deed we may do
To our suffering fellow man,
Let us do it while we can,
Nor delay it; for 'tis plain,
We shall not pass this way again."

As a Legislator, Senator Heifner favored no special class or particular group or person. He was fair and just to all, and the record made by him in these halls of state, as elsewhere, was one of devoted service to all the people.

Senator Sam A. Walker delivered the following eulogy on the life of Charles G. Heifner:

To pay a tribute of respect to Charles G. Heifner, my immediate predecessor as senator from the 35th district, is an honor that falls to my lot. It is no mean task that has been assigned to me, as the life of Senator Heifner was so full of action, accomplishment and service, that the story of his achievements would require pages to recount.

Charles G. Heifner was born on a farm in Iowa, and worked his way through the normal school of that state, afterwards taking up the teaching profession as a stepping stone to earn sufficient funds to further his quest for higher education. Truly his was a laudable ambition. Later he attended the law school at Michigan University and became a lawyer.

His early struggle against almost superhuman odds of that day for an education and thorough preparation for his future life work might well be remembered by
all of us, and serve as an inspiration for the ambitious youth of this day. However disheartened he may have become at times he never wavered in his purpose and his fixed determination to succeed overcame all obstacles that beset his path.

His later life was a counterpart of the early period. After leaving Ann Arbor, heeding the advice of Horace Greeley, he set his face westward to grow up with the country, and located in Seattle, then a small struggling city, arriving there 40 years ago. The wildness of the new found Utopia, the vast forests, the many natural resources, the salt waters that washed the shores of Puget Sound, appealed to the heart and mind of this new arrival. He went no further and ever since that time has been a resident of Seattle. He was truly a pioneer; and all his life his every thought, his every effort, was put forth to upbuild his adopted city and state. He played no small part in bringing about the tremendous growth and progress we have experienced in recent years.

Senator Heifner took up the practice of law and rapidly forged to the front in his profession. Having a penchant for politics, he took a leading part in the elections of that period and was appointed by our revered Judge Ronald, then Mayor of Seattle, as clerk of the Board of Public Works. This was just a beginning. He was appointed State Insurance Commissioner by Governor Rogers, a position he held creditably for his full four year term. On retirement he resumed the practice of law, but this by no means ended his political activity.

He was twice nominated by the Democratic party as their candidate for Congress. In neither campaign was he successful for reasons we well know. In both instances, so great was the confidence reposed in him by the people, he ran far ahead of his ticket. As politics go, Senator Heifner was a success. He believed in the precepts of a minor party, and the only obstacle that stood in his path was the intense party loyalty of his opposition. He not only held the admiration and respect of his supporters, but of his opponents as well. Had Senator Heifner been a member of the majority party, there would have been no limit to the position he would have attained.

Senator Heifner was a man of deep convictions, strong friends. He had an even temperament, a lovable disposition and a pleasing personality. He was loved and revered by all who came in close contact with him. His untimely passing was a distinct loss to his family, his friends, his fellow Senators, and the community he called home. I know that none of you who associated with him in the State Senate will ever forget his sunny smile, his cheery greeting and hearty handclasp. He was one of nature’s noblemen.

Senator Heifner possessed deep religious convictions. At the end he was resigned and looked forward to meeting his Maker with the same optimism that was characteristic of his whole life.

"So be our passing, our task accomplished and the long day done, and in our hearts a late lark singing. Let us be gathered to the quiet west with its sundown splendid and serene."

Senator R. W. Mize delivered the following eulogy on the life of W. R. Moultray:

William R. Moultray was elected to serve the country district of Whatcom county as a member of the House of Representatives during the first two years of statehood and was one of its influential leaders. In 1900 he was chosen to serve as State Senator, finished his term and never afterwards was a candidate for public office.

He was born in Missouri in 1853, came to Washington in 1872, and adapted himself to a life of a pioneer. He worked for a time on the farm of John S. Conner of La Conner, and afterward was in a logging camp on the Snohomish river. Later he filed on a homestead in Whatcom county, then opened a store and maintained a ferry at Nooksack Crossing. He was the first president of the Whatcom County Shingle Manufacturers Association in 1896, and after removing to Bellingham he
was president of the Bellingham Chamber of Commerce and served several terms as president of the Bellingham Real Estate Association.

Several years ago he suffered a breakdown, and dilation of the heart resulted, caused by over exertion in the conduct of his affairs. The strain was too great for his years and he never recovered from it.

Senator Moultray was always a progressive citizen, believed in the individual rights of men, and constantly used his influence to make his community a better place in which to live. His positive character made some enemies, but it would be a great gain to the State if there could be many more men of his type in it. In September of last year he passed over the Divide into the Great Beyond, leaving a wife, two sons, two daughters and innumerable friends to mourn his departure.

Senator Charles W. Hall delivered the following eulogy on the life of John William Shaw:

John William Shaw, known to his friends as "Will", a member of the State Senate from Clark County from 1925 to 1929, passed away at Vancouver on September 29th, 1930. He had lived at Vancouver all his life, having been born on the Donation Land Claim of his parents four miles east of the city, fifty-four years ago. His father, Col. B. F. Shaw, was a well known pioneer of Clark County. He took part in the Indian Wars of early days as a company commander, and himself held a seat in the Senate some forty years ago.

An ambition of long standing was realized by his son, when he succeeded to the seat of his father. The esteem in which he was held by his fellow citizens in Clark County is attested by the fact that he was elected to the Senate by a large majority, although a member of a political party which normally casts only a small percentage of the vote in that county.

As seems eminently fitting to a native son, Senator Shaw was interested all his life in the State's great natural resource, the forests. Except for nine years, during which time he was postmaster at Vancouver, his occupation was that of timber cruising and forestry, which he followed not only as a means of livelihood, but with constant attention to the public welfare in the preservation of the forests in parks and in places of natural beauty, and in the promotion of a sound public policy of the reforestation of logged-off lands.

This was the subject to which he chiefly devoted himself during his term in the Senate, having been chairman of the Committee on Forestry; and when this state finally adopts a sound system of laws under which our great forests will be perpetually renewed for the benefit of succeeding generations, it will owe much to the activities of Senator J. W. Shaw.

His death was not only a bereavement to his wife, his two young sons, and a multitude of friends, but also a distinct loss to the State.

Representative O. H. Olson delivered the following eulogy on the life of William Thomas Anderson:

William Thomas Anderson was born in Lawrence County, Missouri, in 1871. His parents, Joseph and Elizabeth (Colley) Anderson, were natives of Virginia. He lived in Missouri until seventeen years old, when he went to what was then Indian Territory, and engaged in business in partnership with his father. They remained there until 1900, when Mr. Anderson came west to seek a location. He came to Franklin County and went into the mercantile business at Connell and was so engaged there until the spring of 1903, when he moved his stock of merchandise to Mesa and continued in the same line of business.

Various public offices were held by Mr. Anderson during his life time. On numerous occasions he served on the school boards in Mesa and Eltopia. In 1902 he was elected county commissioner from his district and served a term. Election to the Legislature followed in 1908 and he served in the House of Representatives in the 1909 session. He again entered public service in 1922 when he was elected county assessor. He was reelected in 1926 and was just finishing this second term and was also a candidate for sheriff on the Democratic ticket when his career ended at the Veterans' Hospital in Walla Walla on Tuesday morning, October 14, 1930.

Mr. Anderson was a veteran of the Spanish American War, having enlisted at the outbreak of that war in 1898 in the First Texas Cavalry under Colonel Luther Hare. His command was sent to the Mexican border, where they did guard duty until the close of the war. He was a member of the Pasco-Kennewick encampment of
Spanish-American Veterans, the Masons, the Odd Fellows, the Pasco Kiwanis Club, the Chamber of Commerce, and an official of the Methodist church.

Some men are judged by their accomplishments and achievements, while others are better measured by the friends they make. William Thomas Anderson belonged to this latter group. It was said time and again that “Bill was always campaigning.” It was, perhaps, true, but in a far more significant way than those uttering it generally realized. He was campaigning for friendships.

When he served the public, he retained the good will of his friends and the respect of his opponents. Enemies, he had none that we ever heard of. When health failed him, a feeling of sadness smote all; and when death claimed him, that sorrow was deepened. But to his family and his intimate friends there is a world of comfort in the thought that he was such a friendly man.

Representative J. H. Ryan delivered the following eulogy on the life of Carl Bach:

Carl Benjamin Bach was born February 22, 1862, at Reinfals, Germany, the son of a wealthy and distinguished family. After completing his education in the public schools there, he took up a musical course at Heidelberg. Bach left Germany while still in his youth, emigrated to America, the “land of opportunity”, and located at St. Louis, Mo.

At the age of 25 he married Miss Amelia Matilda Magnuson, and the couple came to Tacoma to make their home. Carl Bach was always kind of heart and regarded life with a joyful mood. His motto seemed to be, “Make somebody happy each day of your life.”

His loyalty to his constituents was fully exemplified in the one legislative session in which he served, when, against the advice of his physician, he insisted upon being carried to the House Chamber on a stretcher so that his vote might be cast in favor of the Eagles’ old age pension bill. No greater fealty to a cause was ever shown in the Washington Legislature.

Carl Bach has been “gathered to the House of his Fathers”, but this one act will live as long as the members of this great body meet and memorialize those who have crossed the Great Divide.

Representative J. A. McKinnon delivered the following eulogy on the life of Wesley Winfield Brown:

Wesley Winfield Brown was born at Steven's Point, Wisconsin, June 6, 1861. His parents moved to Marshall, Missouri, when he was about four years of age. He grew to young manhood on his father’s farm in Missouri and at seventeen came west to the Dakotas. In 1885 he came to Washington, where he worked on railroad construction for a short time, and then went to work in the mines at Black Diamond as an engineer, where he remained for eighteen years. In 1887 he was married to Keziah Crisp and eight children were born of that union.

It was from Black Diamond that he was elected to the Legislature, serving two sessions—1903 and 1905. At this time he moved to a farm in Green River Valley near Auburn, where he lived the remainder of his life. He always took a very active interest in community affairs, serving fourteen years as a director of the Auburn schools. He was a member for many years of the Odd Fellows and Masons, and was a Past Grand and Past Master of both orders. He was a director of the Auburn National Bank for several years. In 1928 he suffered a paralytic stroke from which he never fully recovered, and on October 18, 1930, he passed away at the family home in Green River Valley.

My acquaintance with Wesley W. Brown dates from the year 1897. We were both employed by the Black Diamond Coal Company in the little mining town of Black Diamond, Washington. His position was that of hoisting engineer, one of the most exacting and important around the mines. It was his duty while on shift to hoist all the coal that came out of the mine. In addition he had to lower and hoist all men going to and coming from their work in the mine. This required a clear brain and a steady hand for the lives of these men while being so transported were in the care of the hoisting engineer. So efficient was Mr. Brown that in the years I was associated with him no man was injured or killed while he was on duty.

In those days when the coal mining industry was slowly recovering from the disastrous slump of 1893 men were required to work long hours. The mines working twenty-four hours per day and as only two engineers were hired to do the work, Mr
Brown was on duty twelve hours per day, seven days per week. I venture to say that in the three years that I worked with Mr. Brown, except in case of sickness, he was on the job every day. He was one of the mining company's most valued employees. I give these details to show the steadfastness and dependability of the man.

Regardless of the fact that his work consumed so much of his waking hours, he yet found some time to devote to the welfare of the community. He was a quiet and soft spoken man and made friends slowly, but when once made they were never forgotten. He took great interest in the fraternal organizations to which he belonged, rising to the highest office in both local lodges of Masons and Odd Fellows. No man was more proud of nor more devoted to his family than was Mr. Brown.

He was elected to represent his district in the Legislature, showing the high esteem in which he was held by the people who knew him. He was strong in his convictions, yet never tried to impose his views on others. He kept up with the times and his opinion was valued by his neighbors. In his death his family lost a devoted husband and father—the State of Washington a useful citizen, and many of us a true friend.

Representative Fred F. Hess delivered the following eulogy on the life of E. E. Dale:

Mr. Speaker, Members of the House of Representatives:

Mr. Dale was born in Rockford, Illinois, on December the 16th, 1873, and at the time of death was fifty-five years, five months and twenty-eight days old.

Mr. Dale came west in 1904 and located at Winlock, Washington. He was active there until 1912, when he moved to Woodland, Washington, and went into the mercantile business in that city. In 1920 he sold out his business and engaged in various pursuits, doing considerable farming for a number of years.

He was first elected to the State Legislature in 1920 and served at the sessions 1921, 1923, 1925, the extraordinary session of 1925, and 1927.

In August, 1927, his wife died. On April the 26th, 1929, he was married again and his wife survives him.

Mr. Dale was very active in the Masonic Lodge and was a member of the Shrine, Odd Fellows, Elks and also was a member of the Kelso Kiwanis Club.

The history of his county and state shall record him as a patriotic citizen, and we sorrowfully regret his passing.

Representative L. Y. Williams delivered the following eulogy on the life of E. J. Nelson:

I wish to speak of my friend and former colleague, the Honorable Emil J. Nelson deceased.

Mr. Nelson was born in Willows, California, November 4th, 1879. He moved with his parents to Kent, in King County, Washington, in 1884, and settled on their farm near Kent, where young Nelson grew to manhood.

Mr. Nelson was educated in the common schools in Kent, finishing his education at Wilson's Business College in Seattle. While in school, young Nelson was a leader in advancing higher education; also one of the foremost participants in athletic activities.

He was married November 24th, 1904, to Miss Maude Johnston of Kent, and settled on their farm near Thomas, Washington. Six children were born to this union, being three girls and three boys.

As a farmer, Mr. Nelson was one of the most successful, owning and operating scientifically one of the largest dairy farms in the county.

He always took a leading part in the education and social development of his community, serving as a director on the local school board for 25 years. He also took a leading part in the political activities of the county, and his judgment could always be relied upon on issues benefitting farmers and dairymen.

In 1928, Mr. Nelson was elected to the State Legislature from the 40th District, by a large majority, serving as a member of the 1929 Session with distinction and honor, and discharging his duties with fairness and consideration.

Mr. Nelson was affiliated with the Chamber of Commerce and the Kiwanis Club of Auburn at the time of his untimely death.
Mr. Nelson died at his summer home on the 23rd day of August, 1929, at Redondo, leaving his family well provided for. This body joins with the sorrowing family in its loss of a kind husband, a loving father, a good neighbor and a useful Legislator.

Representative J. A. Miller delivered the following eulogy on the life of Charles F. Nolte:

Charles F. Nolte was born on the 3rd day of January, 1872, in the Province of Sault St. Marie, Canada. Realizing the opportunities that were offered to individual development, he adopted this great State of Washington for his home. He lived for many years in the city of Bellingham, Whatcom County, and passed away in Los Angeles, California, on the 12th day of August, 1929, at the age of 57 years.

Although it was not given to him to live the three score years and ten allotted to men, his zeal for the welfare and advancement of his adopted state gave more service than is usually rendered in a single lifetime. He was a man of large and varied business interests, in the prosecution of which he was uniformly and remarkably successful. He also found time for the performance of prominent civic duties and cheerfully assumed civic burdens as such from time to time came to him, discharging these obligations with the same competent dispatch and ability which he gave to his own private and financial interests.

He was a member of the House of Representatives in 1925 and the extra session of that year, together with the session of 1927. A beloved member of the House of Representatives, a man of sound judgment, patriotic devotion and unselfish influence, he was a guiding influence and a fine example to the members of this House.

God has seen fit to remove him from our midst, but his life has been well lived, and every community which he has touched has been benefited thereby. May his memory, as recorded in the hearts of these Legislators, continue to wield its influence for sound, constructive legislation.

Senator Fred W. Hastings delivered the following eulogy on the life of John H. Powell:

I feel it an honor to have the opportunity of saying a few words in regard to the life of John H. Powell. For that name no adequate eulogy need be expected. To add to the luster and high honor in which his name is held would be impossible and I will not attempt it.

John H. Powell was born in Illinois on April 20, 1866, the son of Curtis and Margaret Welsh Powell. He was married February 17, 1892, to Elizabeth Gastman of Decatur, Ill. They had five children.

Mr. Powell received his education at the University of Michigan, graduating therefrom in 1888. Almost immediately thereafter he came to the State of Washington, located in the city of Seattle and engaged in the practice of law. He was a member of the House of Representatives of this State in the session of 1897 and took an active part in solving the problems incident to the establishment of a new state. Holding a political office with the strife and turmoil attendant thereto was distasteful to him, and he never again aspired to public office, believing, as he often stated, that he could serve the public interest best as a private citizen.

However, he was appointed and served as a member of the Board of Regents of the University of Washington from 1902 to 1907. This was a critical period in the history of the University and it was largely through his efforts that the foundations were laid upon which the University of Washington has been developed. He foresaw the great endowment which might accrue to the University from the "old university tract" in the heart of the city of Seattle and vigorously opposed its sale, and it was largely through his efforts that this tract still belongs to the University and has become the immensely valuable asset which it is today.

He continued to take an active part in public affairs and never shunned his duty as a citizen. As an attorney, he hated fraud, deceit and trickery wherever he found them. He strove to maintain honor in his profession and made the name of his firm a synonym for honesty, integrity and uprightness, as well as great ability. In his death the state has lost a most useful citizen, and the bar its most eminent member.

Senator Charles F. Stinson delivered the following eulogy on the life of W. E. Quinlan:

William Edward Quinlan was born at Port Huron, Michigan, in May, 1860. He passed to his final reward on Wednesday morning, July 2nd, 1930, at Pasco, Washington, after an illness of only ten days.
Little is known of his early life as he never discussed it to any extent, but it is known that he learned the telegrapher's trade and worked in Michigan for some time. While so employed he met with an accident which deprived him of his left hand, but he continued to work at his occupation. He came west in the late eighties and worked for the Northern Pacific in and about Spokane. About the year 1890 he moved to Pasco in Franklin county.

Being better educated than the average man of his day, he took an active interest in the business and political life of the county from the start, and soon relinquished his position as operator and engaged in business. Election to public office followed almost immediately and he was chosen county auditor on the democratic ticket, a position he filled for one term. He also entered the newspaper field and at various times owned and published the "Pasco Express," finally disposing of this enterprise in 1918. He was elected to represent Franklin county in the State Legislature in the 1907 session. He also served at various times on the city council and on the school board of his community, and at the time of his passing he was still serving the public as justice of peace and police judge.

Mr. Quinlan was a modest man of few words and never given to telling of his own exploits or achievements. He served the public well at all times. His modesty remained a characteristic always. Although a man of few intimates he enjoyed a wide acquaintanceship and a large number of friends, and above all he was always known as a sincere devoted friend.

Representative Wm. Hayton delivered the following eulogy on the life of John O. Rudene:

It is a profound pleasure for me to express my thanks for the privilege of memorializing the life and character of John O. Rudene, a rugged pioneer from the State of Washington. Mr. Rudene was born in Ostergotland, Sweden, August 12, 1850.

Mr. Rudene became a resident of Skagit county in the month of May, 1876, and was united in marriage with Mrs. Bessie Cornelius in the year 1882. His loving wife and a score of devoted relatives survive him.

Mr. Rudene's religious, business and social activities were outstanding during the many years he resided in Skagit county. He was a very loyal, faithful and sacrificing member of the Swedish Methodist church. He was particularly concerned with the agricultural problems of his county, and was honored by his friends and acquaintances by being chosen to represent them as a member of the State Legislature of Washington in the sessions of 1905, 1907, 1911 and 1917. Mr. Rudene contributed more than his share in bringing happiness and prosperity to the people of this state.

Rugged characteristics which have surrounded our pioneers were dominant in the character of John Rudene. His noble efforts will ever live as a monument to the honesty, integrity and courage of a beloved citizen.

Representative Joseph E. Hall delivered the following eulogy on the life of Clement Scott:

On the sixth day of April, 1876, in the famous old city of Edinburg, Scotland, Clement Scott was born. He was familiarly known to his friends as "Clem" and "Scotty." At the age of 28 years, he made this country the choice of his residence.

True to Scottish custom, he served an apprenticeship with William McClay, millers and seed merchants, in the land of his birth, later associating with John Wilson & Company, Ltd., of Leith, Scotland. He first came to the northwest with Ralph Modjeski and assisted in constructing the first bridge to span the broad waters of the Columbia River. However, his early training called him back to the position of a seed merchant in which he developed his natural inclinations by surrounding himself with shrubbery, flowers and birds.

He was a lover of nature and true to such a spirit was of a loving and kind disposition to all people, showing a remarkable devotion to his family. After coming to Vancouver, he married Katie Huth, who survives him. No person could have shown more filial duty to her aged mother who long made her home with them.

His naturally genial nature and civic pride made him a constant factor in the political and fraternal life of his community. His sterling devotion to the principles of American citizenship enabled him to become the Exalted Ruler of his home lodge of Elks, later receiving the state presidency and still later becoming one of the grand officers of the national lodge.
He was deeply interested in the history of the northwest and was successful in securing a commemoration of the hundredth anniversary of the establishment of Vancouver, at which were present dignitaries from England, connected with the Hudson Bay Company, and the Governors of the States of Washington and Oregon. He was a great admirer of our most esteemed Governor and his highest aspiration was to serve in the Legislature during his administration. As a reward of merit, he was granted this last honor by being allowed to take his seat in this honorable body. His last words, “that I have made a speech in this magnificent building,” showed that he appreciated this honor.

His tragic death on the twelfth day of January, 1931, on the opening day of the session has caused a distinct sorrow in the hearts of his fellow legislators. He was laid to rest by hundreds of his friends who had gathered to do honor to his memory, and, as he had lived, among his flowers, nature reclaimed its own with bounteous wreaths and garlands of God’s finest works of art.

A committee from the Legislature, accompanied by His Excellency, Roland H. Hartley, attended the funeral of Representative Scott, held at Vancouver, at which time the following remarks were made by Governor Roland H. Hartley, which I asked to be spread upon the journal.

GOVERNOR ROLAND H. HARTLEY: “The Honorable Clement Scott was a member of the legislative branch of government of the State of Washington. The call of the Supreme Architect of the Universe came when he was performing what he considered his solemn duty to the people of this commonwealth.

“I have known Scotty as a personal friend and a brother Elk for about twenty-five years—a splendid fellow, a loyal friend and a good citizen. During that time I have learned to love and respect him, and my life has been the richer and nobler for having known him. Our friendship started right here in Vancouver.

“He was a man among men—a man who was never content to be just a bystander in this great adventure called life, but who was always in the thick of the fray. He realized a lifelong ambition to go to the State Legislature to represent his district. Had he lived, he would not have been content to stay there, but would have gone on and up. He was unafraid to speak his mind when his country’s welfare was at stake. We have too few men such as he.

“I consider it an honor and a privilege to be present, as a representative of the people of this great commonwealth—the same that he represented—to pay respect to the memory of Clement Scott. This would indeed be a sorrowful day for all of us were it not for our belief in the Immortality of the soul and our hope that some day, somewhere in the Great Beyond, we shall meet and know Clement Scott. To his wife and family, and his neighbors, whom he served so well, I extend my sincere sympathy.”

Representative DeWolfe Emory delivered the following eulogy on the life of Robert A. Tripple:

Robert A. Tripple was first elected to the Legislature from the 47th district in 1920 and served continuously through four regular and one special sessions. But for his untimely death shortly after the start of the last legislative campaign, he would, without question, be serving with us in the same capacity today.

Mr. Tripple was born in Pennsylvania seventy-five years ago. He attended Princeton University where he was a classmate of Woodrow Wilson’s. In 1888 he migrated to Seattle and from that time until the time of his death he was actively engaged in affairs looking toward civic and state betterment. He was one of the pioneers aiding in the reconstruction of Seattle after the fire of 1889. During his residence in Seattle he was engaged in the real estate and insurance business.

Though not a House member during Mr. Tripple’s period of service, I had the pleasure of his acquaintance and the honor of his friendship for a number of years prior to his death. He was distinguished for his courtesy of manner and was one of the most popular men who ever sat in this chamber.

Although he was well along in years when most of us knew him best, his years rested lightly upon his shoulders and he never lost the young man’s viewpoint. He was as much at home in the company of young men as he was with men of his own age and could always be counted upon to lead the jollity in any gathering.
So robust was his health that it was his habit to go hatless. His carriage was always erect and his ruddy countenance fairly beamed with the joy that he took in his activities.

Among his outstanding characteristics were his integrity and a sense of fair play which did not go unremarked. In 1918 upon the sinking of the Canadian Pacific liner, Princess Sophie, in the litigation attendant upon that disaster he was appointed trustee for the vessel, in which capacity he served with distinction. Humanitarian measures in the House always found in him a willing worker and a vigorous champion.

It was just two years before his death that he celebrated his golden wedding anniversary with his wife, Carrie Dixon Tripple, by whom he is survived. Four sons and a daughter also mourn his loss.

It is with a deep sense of personal loss and with the utmost sympathy for the loved ones whom Mr. Tripple left behind, that we today pause in honor of his memory.

Representative Roy Jones delivered the following eulogy on the life of John C. Turner:

John C. Turner, who came to Colfax about fifty years ago, died at his home in Pasco, January 1st, 1931. Mr. Turner was a son of a pioneer Methodist minister of the Pacific Northwest and was born at Diamond Springs, California, in 1853. At the age of twenty-six he moved to Portland, Oregon, where he learned and followed the cabinet maker's trade for two years. In 1881 he moved to Whitman county where he homesteaded near Colfax and made this his home for nearly thirty years. During his long residence in Whitman county, Mr. Turner served as county auditor and was a member of the first State Legislature.

Mr. Turner was married twice; his first wife being the sister of a pioneer Colfax physician, who died many years ago. He was married to his second wife, Miss Margaret McDonald of Toronto, Canada, on January 1st, 1910. They moved to Two Rivers, Washington, where Mr. Turner engaged in farming for several years. In 1917 he moved to Pasco where they acquired a home and have lived there ever since. He was employed in various kinds of work in Pasco and at the time of his illness was employed by the Northern Pacific club.

Mr. Turner was quiet and retiring and interested in all the better things of life, and wielded a big influence for good in all his associations.

He leaves to mourn his loss his widow, a brother, W. B. Turner of St. Luis Obispo, California, a sister, Mrs. LaVerne Brown of Spokane, and another sister, Mrs. Marco F. Lyberne of Rome, Italy.

Representative J. E. Masterson delivered the following eulogy on the life of David F. Trunkey:

The Honorable David F. Trunkey was born December 14, 1848, at North Benton, Mahoney county, Ohio. He passed away at two o'clock, November 12, 1930, at his home, 911 Dupont street, Bellingham, Washington.

His parents died when he was about fourteen years old and he was sent to live with an uncle. He was dissatisfied with staying with his uncle and decided to run away, going aboard a boat and down the river from there to New Orleans, where he secured a job as cabin boy on a sailing vessel, “Hooglee.” The captain's wife was aboard and the captain realized that a boy of his age should have more education; therefore, during his off time he had to go to her for his lessons. He sailed the seas for several years, going around the Horn in a sailing vessel with a cargo of coal for San Francisco, arriving there shortly before the great earthquake.

While in San Francisco, he secured a position with a railroad and finally went East and worked on the Rock Island road in Iowa in the year of 1878.

On October 28, 1879, he was married to Mary E. Tabler of Clio, Wayne county, Iowa. He continued railroad work for about four years, and then he went to Red Cloud, Nebraska, where he entered a stock business with Mr. Scott. They afterwards dissolved partnership and he went into the study of law in Red Cloud. He was admitted to the bar and was afterwards appointed for a half term and served two elective terms as county judge of Webster county, Nebraska.

Mr. Trunkey came to Bellingham, Washington, March 24, 1899, engaging in the fuel business. In 1903 he went into the employ of the Bloedel-Donovan Lumber Mills as manager of the retail department, where he served in this capacity for twenty-five years.
In 1919 he was elected to the House of Representatives of this state from the fifty-fourth legislative district and served with credit to himself and the State of Washington in that capacity for eight years.

The State of Washington and the community in which he lived have suffered a real loss in the passing of this pioneer, true gentleman and friend.

Representative Edwin L. Brunton delivered the following eulogy on the life of Gustav Vollmer:

The poverty of our language forbids the expression of our deepest feeling, our tenderest emotions, or our best thoughts on an occasion like this.

The life of Gustav Vollmer is a splendid example; his memory a tender and blessed benediction. As a boy of tender years he had learned that kites rise against, not with, the wind; and that no man ever works his passage in a dead calm. With lofty purpose he courageously severed the tenderest ties which bind man to earth. Bidding farewell to family, friends, and Fatherland, he faced the West; following the course of Empire he pursued the setting sun, until in the shadow of the statue of Liberty, he beheld the open gateway to the land of his boyhood dreams—the haven of unparalleled opportunity.

On this soil, hallowed by the struggles of its patriot sons and baptized in the crimson life current of its brave men, were sheltered the persecuted of every clime, the oppressed from every land. Here he found the institutions he loved, the opportunity he sought, and the adoption for which he prayed.

Allen by birth, citizen by adoption, and patriot by nature, he assumed the duties and responsibilities of that citizenship; living honorably, faithfully and sacrificially to them.

For a time he lived in Illinois—afterwards removing to Nebraska. In 1880 he came West, locating at Athena, Oregon, where he homesteaded, engaging in wheat raising.

He came into our state in 1890, locating at Waitsburg. He served as a member of the House in 1909 and 1911. You, who were his associates, knew his fine qualities, enjoyed his quiet humor, and recognized his sound reasoning and good sense.

His wholesome influence, genial companionship, generous judgment and forgiving spirit still linger here—pointing the way toward nobility of purpose and sanity in the affairs of state.

Success followed him in generous measure in all his business undertakings, but his most excellent contribution to the commonwealth is his splendid family, each of whom is a worthy child of an honored sire.

He had the soul and sympathies of a great and good man. The coin of his life was unalloyed gold. He was true to self—faithful to friends—a loyal public servant; and when he went away he left his state and his community the debtor.

To him honor meant something; to him, the destiny of the state meant something; to him, Heaven was a reality; to him, God was the greatest—the only final fact in all existence.

As the flag of his sunset march was drooping on its staff, the shadows lengthened, and twilight deepened into night. There was present a calmness, a serenity and an unflinching confidence. Comforted by a devoted family, cheered by loving friends, with faith unshaken, hope abiding, and with trust supreme, he yielded to his long sleep, confident of an awakening, according to the Father's promise.

To the age-old query, "If a man die shall he live again?" he found an answer entirely satisfactory to himself. His philosophy convinced him that death holds no greater mystery than birth—that neither is farther removed from the ken of man than the secrets of tide, or wind, or gorgeous sunset.

Admitting an existence after death, a realm beyond the stars, where the good, the brave and the true meet their just reward; then we, his friends, know that unvexed by pain and unshadowed by care, our friend is resting today in that island valley of Avalon, where falls neither hail nor rain nor any snow.

Representative A. E. Mills delivered the following eulogy on the life of George Franklin Ward:

I realize that it is impossible for me to do justice to the memory of George Franklin Ward, Representative from the thirty-second district, Kitsap county, during two sessions—1909-1911. I regret that I have not the oratorical ability to tell of the esteem
In which Mr. Ward is held in Bremerton and Kitsap county, dating from early pioneer
days.

George Franklin Ward was born in the State of Ohio, November 11, 1855. He
grew to manhood in the East, and after graduating from Cornell college listened to
the lure of the West. In 1883 he established a business in Seattle which flourished
until it was wiped out in the Seattle fire of 1889. After the fire he leased the block
where the Dexter-Horton bank now stands. Part of this he sub-leased and on the
corner of Cherry and Third streets he reopened a book store in a tent. He moved to
the New York building when it was completed. From this location some of the mem-
bers of the Legislature sold newspapers for Mr. Ward.

In 1901 he established a similar business in Bremerton, known as Ward's New
Book Store, which he operated until retiring in 1920. He was known as the pioneer
of pioneers in Bremerton business. His store adjoined the navy yard gate and was a
civic center. The proprietor was known to all who came to Bremerton. He always
took an active and helpful interest in individuals and in civic and political life.

He served on the city council of Bremerton several years. A more congenial,
kindly, companionable person could not be found. He was a member of the Episcopal
church, and up to the time of his death sang in the choir. He was always able and
willing to lend his voice for musical programs, which were always brightened by his
talent.

Mr. Ward passed to his final resting place February 8, 1929, at the age of seventy-
four. He is survived by his widow, Ella F. Ward and two daughters, Mrs. Frank
Fitts of Seattle and Miss Olive Ward of Bremerton.

Representative A. E. Olson delivered the following eulogy on the life
of George H. Watt:

George H. Watt was born at Freeport, Harrison county, Ohio, July 16th, 1856. He
was the son of John and Sarah Frazier Watt, of Scotch-Irish descent. After a public
school course, George H. took the degree of B. S. at the National Normal University
and graduated in pharmacy at Scio college.

For several years Mr. Watt taught school in Ohio and in Oregon. His last public
school employment was as superintendent of the Yakima public schools. He was
elected professor of chemistry in the State College of Washington in its second year—
1893—which position he held for one year, when he was made professor of pharmacy.
In 1896 he was made head of the school of pharmacy, which position he held until
1913. During this period he served for some time on the State Board of Pharmacy
Examiners. In 1913 he resigned the headship of this department to take charge of a
drug business which he had bought in Pullman. In honor of his successful services
for many years to the college and to the state, he was elected professor of pharmacy
emeritus, which honorary title he bore till his death.

He served as Representative of the 7th district in 1915, being desk mate in that
session to Roland H. Hartley, the present Governor of the state. Mr. Watt was a
good business man, being chief owner of two drug stores, of considerable business
properties in Pullman, a stockholder in the Pullman laundry and many other enter-
prises in Washington and Idaho. At the time of his death, he was president of the
Pullman State Bank, president of the Washington Hotel Company, in which he was a
large stockholder, president of the school board, of which he had been a member for
several years. He was a very public spirited citizen, highly respected by his fellow
citizens for his sterling integrity and public spirit.

He was survived by his widow, one son, George H., of Buhl, Idaho, and three
daughters, Mrs. S. C. Scatterday of Akron, Ohio, Mrs. E. A. Clemens of Yakima, and
Miss Virginia Watt of Pullman. Mr. Watt was a member of the Masonic fraternity,
a Shriner, and had served as secretary for his lodge and as treasurer of the Royal
Arch lodge for many years. In the local societies, Kiwanis and the Chamber of Com-
merce, and in the Federated church, he was active.

Representative Cal E. Butterworth delivered the following eulogy on the
life of Frank Cotterill:

Frank W. Cotterill was born in England June 10, 1867. He came to America
with his father and mother in 1872 and settled in Mt. Clair, New Jersey, where he
made his home until 1886, when he came to Seattle. Mr. Cotterill was engaged in the
plumbing business and had been active in the trade unions, having served as president
and business manager for the plumbers' union for a good many years.
He was elected to the Legislature from the 46th district in 1919 and 1921. Mr. Cotterill passed away December 17, 1930, at the age of 63.

The President: "On behalf of the members of the Legislature, and the guests in the galleries, I want to take this occasion to thank all those who took part in the program, and to compliment them on the solemnity and beauty of the exercises."

On motion of Senator Palmer, the joint session dissolved at 4:20 p.m., and the Senate retired.

The House resumed its session.

On motion of Mr. Danskin, the House returned to the eighth order of business.

**INTRODUCTION AND FIRST READING OF RESOLUTIONS.**

The resolution was read first time by title.

REPORT OF SPECIAL COMMITTEE.
PORTLAND, OREGON, February 14, 1931.

REPORT OF JOINT OREGON AND WASHINGTON COMMITTEE ON FISHERIES.

To the Senate and House of Representatives of the States of Washington and Oregon.

We, your joint committee heretofore appointed to confer concerning legislation with reference to the fishing industry in the waters and streams over which said states have concurrent rights and jurisdictions, beg leave to submit the following report:

Your joint committee met in Portland, Oregon, on Saturday, February 14, 1931, and after due deliberation recommend as follows:

First. That all laws appertaining to commercial fishing in the waters and streams over which said states have concurrent jurisdiction shall remain unchanged.

Second. That the Columbia River be opened to fishing by hook and line, commonly called angling, at all times.

Third. That there be a license fee of $5.00 charged for the commercial fishing of smelt in the respective states and a poundage tax of one-half cent per pound for all commercially caught smelts.

Fourth. That there be a poundage tax of one-half cent per pound on each and every species of ocean caught salmon, striped bass and sturgeon, excepting chums and dog salmon, be charged.

Fifth. That the states adopt the legislation to prohibit the sale within the states of any troll caught salmon under twenty-six inches in length.

Sixth. That at this time there be no adoption of any act providing for any change in the deadline now existing on the upper Columbia River.

Seventh. Your joint committee does not agree upon the adoption of any act with reference to the definition of gear. However, it is recommended that if either state elect so to do, they may do so without affecting the other states.

Eighth. It is further recommended that a joint fish interim committee be appointed, to consist of the following members: The Washington Supervisor of Fisheries, The Chairman of the Oregon Fish Commission, two senators from each state, and three representatives from each state; who are to report to their respective legislatures during the 1933 session.

It is further recommended that the “definition of gear” bill now pending in the Oregon Legislature be referred to this committee for consideration, and that this committee make such further investigations with reference to the laws affecting these waters over which both states have concurrent jurisdiction.

Respectfully submitted,
FRED NORMAN,
Chairman Washington Delegation.

F. M. FRANCISCOVICH,
Chairman, Oregon Delegation.

MESSAGES FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Saturday, February 21, 1931.

To the Honorable, the House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I have the honor to advise that the Governor has approved the following House Bills, entitled:
House Bill No. 32: "An Act authorizing the supervisor of banking to revoke the certificate of authority issued to any bank, trust company, mutual savings bank or industrial loan company if business is not commenced within six months from the date of the issuance of such certificate, and to extend the time in which to organize and commence business."

House Bill No. 36: "An Act relating to the endorsement of checks and other instruments for the payment of money, and amending Section 4 of Chapter 203 of the Laws of 1929."

House Bill No. 39: "An Act relating to banks and trust companies; providing for certain deductions before the declaration and payment of dividends thereby; providing the conditions and the manner in which dividends may be declared and authorizing the supervisor of banking to withhold the payment thereof; and amending Section 3240, Remington's Compiled Statutes of the State of Washington."

House Bill No. 67: "An Act authorizing and directing the Commissioner of Public Lands permanently to withhold from sale or lease certain tide lands of the second class."

Very truly yours,

AMY ALLEBRIGHT,
Secretary to the Governor.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Saturday, February 21, 1931.

To the Honorable, the House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval, House Bill No. 116, entitled: "An Act relating to leaves of absence for public officers and employees while engaged upon military or naval duty."

This bill would place an added load on the already overburdened taxpayer. Under its provisions, all employees of the state, county, city or other taxing districts, who are members of the National Guard or officers of the Reserve Corps or enlisted reserves of the Army, Navy or Marine Corps, would be entitled to an additional fifteen days vacation on pay, if on military duty for that length of time.

The pay of most employees of private concerns has been reduced during the last year and, worse yet, many worthy citizens are vainly seeking employment. Employees of the state, county, city and other taxing districts are fortunate to have permanent positions.

For these reasons, House Bill No. 116 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, Governor.

On motion of Mr. Reader, House Bill No. 116 was laid on the table, and the Governor's veto message thereon was ordered incorporated in the journal.

By Representatives Denman, Wurzburg and Stewart (Grant A.):

WHEREAS, There is situated near Trail, British Columbia, Canada, the smelting and refining plant owned and operated by the Consolidated Smelting & Refining Company, Ltd., of Canada, said smelter being one of the largest operated on the American Continent and located about six miles north of the International Boundary Line and due north of Stevens County, State of Washington; and

WHEREAS, It is admitted by the said Consolidated Smelting & Refining Company, Ltd., that approximately six hundred fifty tons of sulphur dioxide, very destructive to plant life and harmful to animal life, are emitted from the stacks of such smelter during every twenty-four hours, and carried by the prevailing winds and gravity down to and upon the lands in the northern part of Stevens County and a portion of Ferry County damaging and destroying large areas thereof; and

WHEREAS, The invasion of said lands by such fumes has continued for many years, destroying growing crops, natural forests and native grasses, and, as a result thereof, the market value of the lands invaded by such fumes; and

WHEREAS, The owners of these lands have made complaints and asked that the invasion by these fumes be stopped and have demanded compensation for their injuries and damages; and

WHEREAS, The matter of such claims and the adjustment thereof, was, in the summer of 1928, referred to the International Joint Commission for adjudication; and

WHEREAS, After a prolonged investigation and an exhaustive hearing by the International Joint Commission of the controversy between such claimants and the Consolidated Smelting & Refining Company, Ltd. at Washington, D. C. beginning in the month of January, 1930 and continuing into the month of February of such year, said Commission adjourned, pending receipt of written arguments by the claimants, the
Smelting Company, the Department of State of the United States and the Dominion of Canada; and

WHEREAS, Said arguments have long since been submitted; the said Commission met on October 7, 1930, and adjourned without action to November 10, 1930, and then adjourned without action to December 10, 1930, and then adjourned without action to January 15, 1931, and then without action to January 29, 1931, and then adjourned without action to February 12, 1931, and then adjourned without action; and

WHEREAS, The damage from said fumes has been at all times, and is now, continuing, and all hope of relief through action of the International Joint Commission, by reason of their repeated adjournments, seems to have disappeared; and

WHEREAS, The condition of the citizens of the fume infested area has become intolerable, and they are suffering and will continue to suffer great and irreparable injury and damage by reason of such fumes, and their property will be utterly destroyed; and

WHEREAS, Damage from said fumes is conceded by the Canadian Government and by the said Consolidated Smelting & Refining Company, Ltd.; and

WHEREAS, The casting of said fumes by said smelter upon the lands in Stevens and Ferry Counties, Washington, is a violation of the sovereignty of the United States and of the State of Washington and an invasion of the rights and privileges of citizens of the United States and the State of Washington;

Therefore, Be It Resolved: That the House of Representatives of the Twenty-Second Legislative Assembly of the State of Washington, respectfully protests against the invasion of the territory of the State of Washington and the rights of its citizens by the gases and fumes emitted from the plant of the Consolidated Smelting & Refining Company, Ltd., and do hereby call upon the President, Congress, and the Department of State of the United States to take proper and effective steps to bring about the immediate cessation of the invasion of American territory and the rights of our people by gases and fumes emitted from the said smelter plant and the prompt reimbursement of these claimants for all damages from the gases and fumes aforesaid.

Be It Further Resolved: That a copy of these Resolutions be forwarded to the President, to the Secretary of State of the United States, to the Senate and House of Representatives of the United States and to each Senator and Representative from the State of Washington in Congress.

He was father of the Santa Fe Trail, and a General in the United States Army, and I believe he should be recognized by the State of Washington. Therefore, I offer the amendment."

Mr. Davis (J. H.) seconded the motion with the following remarks:

"The amendment by Mr. Cory, the gentleman from Lewis, in regard to adding December 24, Kit Carson Day, I consider very necessary, as he was one of the great Indian Scouts of our country. I have ridden from Dodge City, Kansas, on horse-back on the Santa Fe Trail to Santa Fe, New Mexico, passing through Las Animas, Colorado; and have visited the old block house where Kit Carson made his last stand against the Cheyenne Indians; and around the port holes, embedded in the cottonwood logs, were bullets and arrowheads giving evidence of the struggle that was held there; and I consider it equally important that the school children should be given an opportunity to hear of a great man of their own country as well as those coming from foreign shores. We have here on the floor of our House a descendant of the famous scout, and in honoring Kit Carson we honor a member of our Legislature."

After extended debate, the Speaker declared the question to be on the adoption of the amendment by Mr. Cory.

MESSAGES FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, MONDAY, MARCH 2, 1931.

To the Honorable, the House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:
I have the honor to advise that the Governor has approved the following House Bills, entitled:

House Bill No. 4: "An Act relating to primary and general elections, and requiring the payment of certain fees by candidates for office."

House Bill No. 23: "An Act relating to taxation; defining the powers of the State Tax Commission in connection therewith; amending Section 5 of Chapter 280 of the Laws of 1927; and declaring that this act shall take effect immediately."

House Bill No. 68: "An Act relating to acknowledgments of instruments required to be acknowledged amending Section 3 of Chapter 33 of the Laws of 1929 and validating certain acknowledged heretofore taken."

Very truly yours,

AMY ALLBRIGHT,
Secretary to the Governor.
FIFTY-FIRST DAY, MARCH 3, 1931

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT, OLYMPIA, MONDAY, MARCH 2, 1931.

To the Honorable, the House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval, House Bill No. 143, entitled:

"An Act relating to and regulating the sale of eggs and egg products, providing penalties for violations thereof, and repealing Chapter 94 of the Laws of 1915 and Chapter 120 of the Laws of 1919."

Chapter 94 of the Laws of 1915 and Chapter 120 of the Laws of 1919 are still on the statute books and embody all the legislation that is deemed necessary relating to eggs. The provision in Chapter 94 of the Laws of 1915, requiring eggs that have been in cold storage for ninety days before being offered for sale, to be branded or stamped with the word "storage", is omitted from this bill. The present bill would repeal that provision. It also discriminates against the small poultryman.

The bill is objectionable in another respect. It makes it unlawful for any person manufacturing or selling any food product containing egg or egg products, to sell or offer for sale in this state any food products containing foreign eggs or egg products without having printed on the wrapper or container of such food product in legible letters, the words "Foreign Eggs Used in This Product." This feature of the bill would certainly place Washington manufacturers at a disadvantage to persons manufacturing like products in other states. The bill not only discriminates against the small poultryman, but discriminates against the Washington manufacturer of food products containing foreign egg or egg products.

For these reasons, House Bill No. 143 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, GOVERNOR.

On motion of Mr. Van Horn, consideration of House Bill No. 143, together with the veto message of the Governor, was made a special order of business for Friday, March 6, 1931, at 11:00 a.m.

**Mr. Lamping:** "As a member of the King county delegation, I feel it a duty to explain my vote on House Bill No. 288.

I am mindful of the fact that some of Seattle's highest type citizens are supporting this move to levy a tax of one mill on King county property owners for advertising purposes, and that all three of Seattle's daily papers endorse the bill. I enjoy
the privilege of following the leadership of such men as Nathan Eckstein, Wylie Hemphill and the other outstanding business leaders who are backing this measure, but I know there are other equally outstanding business leaders who desire reduction in King county taxes instead of an increase. And I further question the desire of the home owners and the rank and file of property owners of King county to add to the present load of taxation they are carrying. Recognizing the great value of advertising to Seattle and the State at large, I still feel it my duty to vote against this bill without a referendum to the people of King county."

SPECIAL ORDER.

The hour having arrived, the House took up consideration of the special order of business for the day: House Bill No. 143, together with the Governor's veto message thereon.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT, OLYMPIA, Monday, March 2, 1931.

To the Honorable The House of Representatives of the State of Washington:

LADIES AND GENTLEMEN:

I am returning herewith, without my approval, House Bill No. 143, entitled:

"An Act relating to and regulating the sale of eggs and egg products, providing penalties for violations thereof, and repealing Chapter 94 of the Laws of 1915 and Chapter 120 of the Laws of 1919."

Chapter 94 of the Laws of 1915 and Chapter 120 of the Laws of 1919 are still on the statute books and embody all the legislation that is deemed necessary relating to eggs. The provision in Chapter 94 of the Laws of 1915, requiring eggs that have been in cold storage for ninety days before being offered for sale, to be branded or stamped with the words “storage”, is omitted from this bill. The present bill would repeal that provision. It also discriminates against the small poultryman.

The bill is objectionable in another respect. It makes it unlawful for any person manufacturing or selling any food product containing eggs or egg products, to sell or offer for sale in this state any food products containing foreign eggs or egg products without having printed on the wrapper or container of such food product in legible letters, the words “Foreign Eggs Used in This Product”. This feature of the bill would certainly place Washington manufacturers at a disadvantage to persons manufacturing like products in other states. The bill not only discriminates against the small poultryman, but discriminates against the Washington manufacturer of food products containing foreign eggs or egg products.

For these reasons, House Bill No. 143 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, Governor.

VETOED HOUSE BILL NO. 143.

An Act relating to and regulating the sale of eggs and egg products, providing penalties for violations thereof, and repealing Chapter 94 of the Laws of 1915 and Chapter 120 of the Laws of 1919.

Be it enacted by the Legislature of the State of Washington:

Section 1. The word “eggs” whenever used in this act shall mean and include eggs in the shell and liquid frozen eggs.

The words “egg products” whenever used in this act shall mean and include egg powder, powdered eggs, dried eggs and any other product, by whatsoever trade name designated, manufactured from eggs or any part thereof.
The words "foreign eggs" whenever used in this act shall mean and include eggs produced in any foreign country, and egg products manufactured from eggs produced in any foreign country.

The words "cold storage eggs" whenever used in this act shall mean and include eggs that have been in cold storage for a period of ninety days.

The words "incubated eggs" whenever used in this act shall mean and include eggs that have been in the course of incubation for forty-eight hours.

Sec. 2. It shall be unlawful for any person to sell, offer or expose for sale, in this State, any eggs or egg products unfit for human food; and for the purpose of this Act, an egg shall be deemed unfit for human food when it is addled, putrid, rotten, in whole or in part; when the yolk is stuck to the shell; the inside contains mold, black spots or black rot, heavy blood spots or rings or bloody whites; or an incubated egg as defined in this Act; or any material of an unwholesome nature; and egg products shall be deemed unfit for human food when manufactured from eggs unfit for human food.

Sec. 3 It shall be unlawful for any person to sell, offer or expose for sale in this state any foreign eggs in the shell, without having stamped on each such egg, in legible type and in durable, indelible ink, the words "FROM ........................" and the name of the country in which such egg is produced.

Sec. 4. It shall be unlawful for any person to sell, offer or expose for sale in this state any foreign eggs in any other form than in the shell, or any egg products manufactured from foreign eggs, without having stamped or printed in legible type in letters two inches high, in durable paint or ink on the side and on the cover of each container the words "EGGS FROM ........................", followed by the name of the country in which such eggs were produced, or in which the eggs from which such egg products were manufactured were produced.

Sec. 5. It shall be unlawful for any person owning or operating any restaurant, hotel, cafe, coffee shop, or other place where food is served, or any bakery or confectionery shop where food products are sold, to serve or sell any foreign eggs or egg products manufactured from foreign eggs without posting and maintaining, in a conspicuous place where the customers entering any such place of business can see it, a placard or sign bearing the words "WE USE FOREIGN EGGS" printed or painted in legible letters not less than two inches high.

Sec. 6. It shall be unlawful for any person manufacturing and/or selling any food products containing eggs or egg products, to sell, offer or expose for sale in this state any food products containing foreign eggs, or egg products manufactured from foreign eggs, without having printed on the wrapper or container of each such food product in legible letters the words "FOREIGN EGGS USED IN THIS PRODUCT", or if such products are sold, offered or exposed for sale in bulk without displaying in a conspicuous place at the point where such food products are offered or exposed for sale, a placard or sign printed in letters two inches high, and containing the words "FOREIGN EGGS USED IN THIS PRODUCT".

Sec. 7. The director of agriculture is hereby authorized, and it shall be his duty, upon the taking effect of this act and from time to time thereafter, to adopt, establish and promulgate reasonable rules and regulations specifying grades or standards of quality and/or grades of size or weight, governing the sale of eggs for human consumption: Provided, That such grades and standards of quality, and grades of size and weight, shall conform as nearly to those established by the United States department of agriculture as local conditions will permit.

Sec. 8. It shall be unlawful for any person to sell, offer or expose for sale any eggs, for human consumption, other than those of his own production, without notifying the person or persons purchasing or intending to purchase the same, of the exact grade or quality and size or weight of such eggs, according to the standards prescribed by the director of agriculture, by stamping or printing on the container of any such eggs such grade or quality and size or weight, or in the case said eggs are offered for sale in bulk, without displaying in a conspicuous place at the point where such eggs are offered or exposed for sale, a placard or sign printed in letters two inches high, giving such grade, quality, size and weight.

Sec. 9. It shall be the duty of every person selling eggs, other than those of his own production, to any retailer to furnish said retailer an invoice showing the exact grade or quality and the size or weight of such eggs, according to the standards prescribed by the director of agriculture, and a copy of such invoice shall be kept on file by the person selling and by the retailer at their respective places of business for a period of thirty days, and shall be available for inspection at all reasonable times by
the director of agriculture, his assistants, or accredited inspectors: Provided, That no retailer shall be deemed guilty of a violation of this section if he can establish a guarantee from the person from whom any eggs were purchased to the effect that said eggs at the time of such purchase conformed to the grade or quality and the size or weight stated in the invoice, provided that if any such retailer having labeled any such eggs in accordance with the invoice shall keep such eggs for such time after they are purchased as to cause the same to deteriorate to a lower grade or standard, and shall then offer or expose for sale such eggs under the label of the invoiced grade or standard, he shall be deemed guilty of a violation of the provisions of this section.

Sec. 10. Any person who violates or fails to comply with any of the provisions of this act shall be guilty of a misdemeanor; and for a second and each subsequent conviction of a violation or failure to comply with the same provisions shall be deemed guilty of a gross misdemeanor.

Sec. 11. That Chapter 94 of the Laws of 1915 and Chapter 120 of the Laws of 1919 are hereby repealed.

MESSAGES FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Friday, March 6, 1931.

To the Honorable, the Senate and the House of Representatives
of the State of Washington:

In compliance with the provisions of Section II of Article III of the Constitution of the State of Washington, I have the honor to submit herewith a list of the pardons, reprieves, remissions of fines, and executive paroles granted since the date of the report to the Legislature of the 1929 Session.

Respectfully submitted,
ROLAND H. HARTLEY, Governor.

The Speaker announced the report would be received, and ordered that it be incorporated in the Journal.

(For complete report, see Senate Journal.)

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Friday, March 6, 1931.

To the Honorable, The House of Representatives of the
State of Washington:

LADIES AND GENTLEMEN:

I have the honor to advise that the Governor has approved the following House Bills, entitled:

House Bill No. 168: "An Act relating to the restoration of civil rights to persons convicted of infamous crimes, and repealing Chapter 26 of the Laws of 1929, and declaring that this act shall take effect immediately."

House Bill No. 234: "An Act relating to conveyances in fee simple and validating certain conveyances heretofore executed."

House Bill No. 240: "An Act for the relief of D. C. Coon and Emily Coon, his wife, and making an appropriation therefor."

Very truly yours,
AMY ALLBRIGHT, Secretary to the Governor.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Friday, March 6, 1931.

To the Honorable, The House of Representatives of the
State of Washington:

LADIES AND GENTLEMEN:

I have the honor to advise that the Governor has approved the following House Bill, entitled:

House Bill No. 352: "An Act making an appropriation from the motor vehicle fund to be expended for the federal proportion of highway construction and/or engineering under the Federal Aid Road Act, and declaring that this act shall take effect immediately."

Very truly yours,
AMY ALLBRIGHT, Secretary to the Governor.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Friday, March 6, 1931.

To the Honorable, The House of Representatives of the
State of Washington:

LADIES AND GENTLEMEN:

I am returning herewith, without my approval, House Bill No. 184, entitled:

"An Act relating to forests of the state; providing fire protection therefor, prescribing the duties of wardens and rangers in connection therewith; and amending
Section 6 of Chapter 125, Laws of 1911 (Section 5786 of Remington's Compiled Statutes)."

The present law is sufficient. It vests in the Supervisor of Forestry ample authority to handle any emergency or situation.

Therefore, House Bill No. 184 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, Governor.

On motion of Mr. Saunders, House Bill No. 184 was laid on the table, and the Governor's veto message thereon was ordered incorporated in the Journal.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Friday, March 6, 1931.

To the Honorable, The House of Representatives of the State of Washington:

LADIES AND GENTLEMEN:

I am returning herewith, without my approval, House Bill No. 138, entitled: "An Act relating to the sale of State lands and amending Section 6, Chapter 88, Session Laws of the State of Washington, 1905."

This bill is unnecessary. Under present law, State lands suitable for irrigation may be sold. It is not good business or good public policy to force sale of such lands.

Therefore, House Bill No. 138 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, Governor.

On motion of Mr. Davis (Ed), House Bill No. 138 was laid on the table, and the Governor's veto message thereon was ordered incorporated in the Journal.

OREGON STATE LEGISLATIVE DELEGATION.

The following representatives of the Oregon State Legislature—the President of the Oregon Senate, Willard L. Marks of Albany; Senator Colon R. Eberhard of LaGrande; and Representatives James T. Chinnock of Grants
Pass; E. W. Snell of Arlington, and Lawrence F. Allen of Wallowa—were escorted to seats upon the rostrum at the invitation of the Speaker, by Representatives Allen, Danskin, Roudebush and Mansfield.

The Speaker: "We have the honor of having with us today five representatives of the Oregon State Legislature.

It is my pleasure to introduce to you at this time the Honorable President of the Oregon State Senate, Honorable Willard L. Marks."

Senator Willard L. Marks: "Mr. Speaker, members of the Washington House of Representatives:

Having just emerged from a strenuous session of fifty-three days, and knowing that you are in the closing days of your session and are very busy with important matters, as we always are when we approach the end of such a session, I am not going to take your valuable time to attempt to say anything to you today except that we of the Oregon Legislature very much appreciate the opportunity of visiting you here in your deliberations.

Our legislative problems are very similar to yours, as our states are very similar in their resources and in development and as to character of population. You are the larger state, of course.

We appreciate the opportunity to come here to see how you work, in order to expedite the business in our own state. We come in a friendly and neighborly way, because originally we were all members of the Oregon Territory.

We appreciate the courtesies you have extended to us. We have enjoyed our visit to your magnificent capitol building. I must confess we are violating one of the Ten Commandments as we walk around this building, because we not only envy the beauty and magnificence of the structure, but the splendid arrangement by which you can better transact the legislative business of your state.

We have been grateful for the services rendered by Mr. Richard Hamilton, who has accompanied us on this trip to your Capitol, and who is very popular with this Legislature. We had the honor of taking him away from you this year, and we appreciate his splendid service as a newspaper man.

I want to tell you we appreciate your courtesies and the opportunities of visiting you, and hope these closing days will bring about the most constructive session which will redound to the credit of you Gentlemen who compose this Legislature, and will be for the lasting benefit of this great State of Washington."

Senator Colon R. Eberhard, of LaGrande: "Mr. Speaker, Gentlemen and Gentlewomen of the Washington House of Representatives:

I have only to reiterate what our honored President has said. We were privileged in the last fifteen or twenty minutes to hear and witness your proceedings, and I want to say to you, Mr. Speaker and members of this Legislature, that having been Chairman of the Senate Division of the Reapportionment Committee in the Oregon Legislature, those words which you spoke were very familiar ones to me. And if I may speak directly to one delegation of your Legislature, I may say to the Gentlemen from King County that the Gentlemen from Multnomah County fared in the same way in which you are faring.

Senator Marks, our President of the Senate and our Lieutenant Governor, and myself, endeavored to give the right of way on this occasion to these splendid Gentlemen who represent the House of Representatives. We would be discourteous to them as well as to you, if we monopolized all the time. And I desire to thank you on behalf of the laymen of our State Senate for the very cordial reception that the State of Washington has given us today."

Representative E. W. Snell, of Arlington: "Mr. Speaker, and members of the House:

For the first time during the Oregon Legislative Session which has just closed, the Honorable Senator has paid due regard to the House of Representatives, where it justly belongs.

I feel that we should apologize for intruding upon your solemn deliberations, especially at this hour and in view of the fact that you are working on the closing days of the session. But I do want to take this opportunity to thank you sincerely for the very warm welcome we have received and the hospitality shown us. It has been a genuine pleasure to me to view this wonderful building, and to hear your proceedings. I appreciate it fully and thank you sincerely."
REPRESENTATIVE JAMES T. CHINNOCK, of Grants Pass: "Mr. Speaker, and members of the Washington House of Representatives:

It is a pleasure indeed for me today on behalf of my colleagues, Mr. Allen and Mr. Snell, to bring you greetings from the House of Representatives of the State of Oregon. I am somewhat awed by what I might term the almost oriental magnificence of the surroundings you have here, coming as I do from what might be called the Jeffersonian simplicity of our legislative chambers.

This is a magnificent building, and it should be a great monument to the State of Washington as well as to the name of the immortal Washington.

I listened with a great deal of interest to the 'cow counties' putting one over on you city fellows. That was very familiar to me, coming as I do from the great open spaces, and your proceedings in that respect had my entire approval.

It is a pleasure indeed to be with you here today and I want to thank you for the many courtesies you have shown us, and to assure you of my high regard for you."

REPRESENTATIVE LAWRENCE F. ALLEN, of Wallowa: "Mr. Speaker, members of the House:

As the junior member of this delegation, my senior colleagues have requested that I do not attempt to make any speech because I might detract from their remarks. But out of respect to them I will endorse all they have said, and I assure you I have enjoyed very much our visit to your Capitol, and I appreciate the courtesies extended by the House of Representatives."

THE SPEAKER: "I want to assure you Honorable Gentlemen it is indeed a pleasure and honor for us to have you with us today."

MESSAGES FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT, OLYMPIA, MONDAY, MARCH 9, 1931.

To the Honorable, the House of Representatives of the State of Washington:

LADIES AND GENTLEMEN: I have the honor to advise that the Governor has approved the following House Bills, entitled:

House Bill No. 149: "An Act to redistrict and reapportion the State of Washington into six Congressional Districts and repealing Chapter 94 of the Laws of 1913."

House Bill No. 172: "An Act relating to certain evergreens, including huckleberry branches, and evergreen trees, commonly known as Christmas trees; requiring licenses for the shipment and/or transportation and sale of the same outside of the state; and amending Sections 1, 2 and 3 of Chapter 141 of the Laws of 1929."

House Bill No. 62: "An Act relating to horticulture and amending Sections 3, 11, 16 and 17 of Chapter 166 of the Laws of 1915, and amending Section 13 of Chapter 141 of the Laws of 1921."

Very truly yours,

AMY ALLBRIGHT,
Secretary to the Governor.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT, OLYMPIA, MONDAY, MARCH 9, 1931.

To the Honorable, the House of Representatives of the State of Washington:

LADIES AND GENTLEMEN: I am returning herewith, without my approval, House Bill No. 15, entitled:

"An Act relating to surety bonds and undertakings required by law, providing for release from liability of the surety thereon and repealing the act of the legislature approved March 14, 1890, Laws of 1889-90, pp. 43, 44 and 45 (Sections 9942, 9943, 9944, 9945 and 9946, Remington's Compiled Statutes)."

House Bill No. 15 would facilitate the releasing of sureties. If the parties bonded are solvent, honest and fair dealing, no bond is necessary. It is to protect against the incompetent and the dishonest that bonds are obtained. If any change is made in the situation, it should be to make the bonds more lasting and secure, if possible.

Therefore, said bill is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

On motion of Mr. Dial, House Bill No. 15 was laid on the table, and the Governor's veto message thereon was ordered incorporated in the journal.

Honorable C. C. Dill, United States Senator from Washington, was, upon invitation of the Speaker, escorted to a seat upon the rostrum by Representatives Huse and Reeves, and was invited to address the Legislature.

SENATOR DILL: "Mr. Speaker, Members of the House of Representatives: I appreciate your applause and your courtesy. I am very glad to be here in these closing hours of your session. I frankly confess to you I came here without any speech being prepared. I rather had the impression from the newspapers that when a man had been in Washington a while, they did not want him to speak here in the Legislature. So I had no idea of making a speech.

"I came over last night from Spokane simply because I wanted to look in upon you and see the Legislature in action. You have not as large a body and you do not affect as much territory as we in Washington, D. C., do, but you are as important to the people of this state, as are the Legislatures of other states, in what you do, as we are in Washington. And I am glad that you are taking your work so seriously, and considering the needs of the people of this state so earnestly. It seems to me it is becoming more and more important that State Legislatures should legislate upon the things that affect the people of the states, and not depend upon Federal Congress to set up bureaus to run the affairs of different states.

"I always have believed—and I believe now—that the greatest principle of the Federal and State Government is that the three departments of the government are
each of them a check upon the other. Each has its work to do, and no one department is supreme. The Executive has his place and his work; the Legislature has its place and its work; and the Courts, the Judiciary, have their place and their work. Upon that system of checks and balances depends, I believe, the future freedom and happiness of the American people.

"Now you have many duties to perform and I am not going to take your time. I congratulate you upon the attention you have given to legislation and the work you have been doing here, and I hope the results of your labors will redound to the benefit of the people of the State of Washington, particularly.

"I thank you very much for your courtesies."

PERSONAL PRIVILEGE.

Mr. Danielson: "Mr. Speaker, I desire to request that the following remarks be incorporated in the Journal.

After coming here for six sessions and watching the procedure of law-making, it appears to me that the system followed may be improved upon.

In the first place, there are altogether too many Bills introduced, many of which are hurriedly and poorly drawn as a result of too little serious consideration being given them. To remedy this, I would suggest that following the November election, or as soon thereafter as may be considered practicable, at least two attorneys representing the Attorney General's Office, together with the necessary clerical assistance, be placed at the service of the members elect—but not others—to whom they may present their ideas which may be given full and thorough consideration by the Attorney General's Office thus established, and be by them drafted into Bills, and after the organization of the Legislature these Drafts or Bills shall be presented to the various committees to which they naturally belong, and if a majority, or better still a two-thirds majority of the committee, is favorable to the Bill, it shall be introduced as a Committee Bill and no Bill shall be introduced with an individual name attached to it, and when so introduced the Bill shall immediately go to second reading, but may of course be rereferred if so desired by a majority of the House. All Bills shall be introduced by the 25th day of the session but others may be introduced later under suspension of the rules.

All Committees shall file their reports on all Bills not later than before the forty-fifth day of the session.

Committee meetings shall be so arranged that all Committees will meet at a certain hour on a certain day of the week, the number of meetings to be arranged according to the importance of the Committee. Much confusion and delay and many an ill-advised report is brought out as a result of Committee meetings interfering one with the other, and I believe that while this may seem a trifling matter, that it is of great importance and that it will tend to much better legislation being enacted, by each committee having more time to give the matter in hand a thorough consideration."

On motion of Mr. Dan skin, the House was declared at recess until 4:00 p. m., this date.

The Speaker called the House to order at 4:00 p. m.

PRESENTATION OF GIFT TO THE SPEAKER.

MR. DAVIS (Ed) presiding: "Will the lady from Pierce, Mrs. McQuesten, and the gentleman from Klickitat, Mr. Reader, please escort Mrs. Templeton and the Speaker before the bar of the House."

Mr. Brunton moved to a place in front of the Speaker and Mrs. Templeton, and addressed them and the assembly as follows:

"To you, members of the House and friends of the Legislature of the State of Washington:

"Let me remind you that in the atmosphere of sharp mental controversy and in the forum of the colonial people of America there was conceived a nation. In due time, at Yorktown, amidst the smoke of battle was signed a birth certificate. That new nation received its baptism on the field of Gettysburg. But a little more than a
century passed until that civilization, which had struggled to bring into being a nation, destined to be the greatest republic on earth, had pushed its way to the West where the 'sunset turns the ocean's blue to gold,' and the National Congress gave us Washington.

"We stand tonight on sacred ground, honored by the deeds of those pioneers who crossed this great empire to establish here a civilization dedicated to the principles set forth in that immortal document, under which we live and have our protection today.

"This was the end of the Oregon Trail. How I am dreaming tonight—what would be thought of those, who risked their lives that we might receive the inheritance of this splendid civilization which they have granted unto us—if they could see the results of their pioneering. This magnificent capitol building is a fitting monument to the labors of those who lived before and labored that we might live.

"I wonder—how long as deserving children—of those sacrificial empire builders we will protect this splendid edifice and that for which it stands?

"Mr. Speaker, this state, through its representatives bestowed upon you a signal honor when it elected you to the Speakership of this House. At the same time it imposed grave responsibility.

"On behalf of the members, it affords me great pleasure to testify on this happy occasion, to the eminently satisfactory manner in which you have served with modest dignity, courage, patience and fairness.

"I am confident of the unanimous consent of the House in conveying to you this high testimonial of your fair and impartial rulings through which our deliberations have been piloted.

"You seem to have found your guide and pattern to equitable rulership in the following suggestive lines:

"Teach me to play the man in little things,
To suffer disappointments when I must,
To brave the irritation failure brings,
And still be kind and generous and just.

Let me not stain my victories with hate,
When night comes on, let me look back and see
In all that I've accomplished small or great
Nothing which brings regret or shame to me.'

"May I not remind you that when your task is finished here, there will be other duties and responsibilities of equal or even greater importance awaiting you, which you owe to this your native state which is the pride of all our people who have pilgighted their faith and set their hope on its future power and grandeur among the great sisterhood of states.

"Tonight as I envision the State of Washington, looking down across another century of progress and development, it still stands on the crest of civilization; still with its problems and perplexities unsolved yet with courage undaunted and with faith in God and country still unshaken.

"I see too, a soldier of the Republic still standing guard while a trumpeter is calling, as now, to the loyal men and women of America to meet the problems of the future as its citizens met the challenges of the past.

"Yes, we have unfinished tasks. If our official acts and private conduct shall be such as to offer encouragement and help to those about us, and to future generations, then we shall have lived well.

"As a mark of the esteem and affection which this House has for you and your estimable wife who has shared your duties and responsibilities and will ever share the honor which you've won, we present to you this token of our love and gratitude. It is our hope that as the future unfolds, you may go frequently to the record we have written during the last sixty days, and as you review the pages may you feel once more the tender touch of the friendly hand clasp, and the warmth of affection which we have for you, and all in your household.

"Our final wish is that God may grant you long life, good health, and the success which we are confident you will win."

Mr. Speaker: "Friends, my friends of the Legislature: I don't know what I can say. I am at a loss. I don't believe I can sum up all the words that I had in the back of my head a moment ago. But I want to say it has been a pleasure, an honor and a privilege for me to serve you as your Speaker and a great pleasure to have known all of you."
"I wish to thank you on behalf of Mrs. Templeton and myself. I sincerely thank you from the bottom of my heart. God bless you and speed you on your way. I thank you."

MRS. TEMPLETON: "I have no speeches, but I certainly thank every one of you."

The Speaker resumed the chair.

REPORT OF CONFERENCE COMMITTEE.

Mr. Danskin moved that the report of the Conference Committee on House amendments to Senate Bill No. 216 be adopted, and that the Conference Committee be granted the powers of free conference.

The motion was carried.
To the Honorable the House of Representatives.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval, House Bill No. 315, entitled:

"An Act providing for and regulating the registration of voters, to prevent fraud, providing penalties for violations thereof, and repealing certain acts and parts of acts in relation thereto."

This bill purports to be an act providing permanent registration for voters who continue to reside in the same location and vote at least once in each two years. The detail of administration is so complicated that great confusion and increased cost would inevitably result. It sets up a form of registration which is very cumbersome in its operation. Under the provisions of the act, every registration office in the state would be required to purchase triplicate registration cards, costly filing cabinets and other equipment. In order to be of any service and preserve the registration cards, they would necessarily have to be metal files, and the expense would be enormous. At the present time we have our registration books which are inexpensive and have served the purpose for many years. Under this bill, when a voter casts his ballot the election officer must stamp or mark on the back of the voter's registration card the fact that the elector voted. This entry would necessarily have to be stamped or marked on the duplicate card kept in the auditor's office. In order to determine who had the right to vote, under the provisions of the bill, the registering officer would have to keep books on each and every one of the 600,000 or more voters of the state.

The bill further provides that failure to vote for two years automatically cancels registration. For the last general election, there were 559,898 registered. Of this number 360,087 voted; 199,811, or about 36% of the registrants, failed to vote. This bill requires notice to be mailed to all such. They may register again, fail to vote again and get new notices in two years. In 1915 an act was passed voiding the registration of any voter who failed to vote at any general state, county or municipal election, held in the precinct in which he was registered. This law worked so badly it was repealed in 1919. Is there any reason to suppose it will work better now?

The theory that permanent registration would make more people vote is unsound. Civic duty cannot be legislated into careless, negligent or indolent citizens.

Registration under this act would be recorded on loose leaf cards. The loss of such cards would deprive the citizen of his right to vote, and would open the way to endless fraud and confusion. It is easier to lose a single card than a book containing the names of an entire precinct.

For these reasons, House Bill No. 315 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, GOVERNOR.

On motion of Mr. Buck, House Bill No. 315 was laid on the table, and the Governor's veto message thereon was ordered incorporated in the journal.

The Speaker announced that he was about to sign House Bills Nos. 78, 262 and 281; also Senate Bills Nos. 19 and 157.

MR. SPEAKER:

Your Committee on Enrollment to whom was referred Engrossed House Bill No. 399, have compared same with the engrossed bill and find it correctly enrolled.

We concur in this report: Chas. M. Dial, Geo. L. Denman.

The Speaker announced that he was about to sign House Bills Nos. 302, 364 and 399.

Mr. Lindsay moved that the following statement under the head of “Personal Privilege” be incorporated in the journal.

The motion was carried.

PERSONAL PRIVILEGE.

MR. LINDSAY: “Mr. Speaker, I rise to the question of personal privilege. I notice there appears in the Seattle Times from the Olympia correspondent, the following statement:

"Consistently the Senate has gone along the line of tax reduction. On the other hand, the House has defeated or refused to pass tax measures that will in the end tend to lighten the tax burden."

"The Senate Deserves Applause."

"The Senate has far the better record so far as the taxpayers are concerned than the House can claim. Representatives played the hand of Gov. Roland H. Hartley from first to last. The Senate, as all observers agree, did what it could toward keeping faith as to what its members promised while they were candidates."

"When the last word of the legislative record is written it will be the Senate and not the House that will deserve the applause of the common citizen."

"The reporter evidently overlooked the true and correct record on tax measures before the Legislature when he wrote that statement. The following important bills on taxation were passed by the House, went to the Senate and were killed:

"House Bill No. 17, establishing a Tax Supervision Commission."

"House Bill No. 25, taxing motor companies, electric light and power companies, telephone companies, gas companies, water companies, and toll bridge companies."

"House Bill No. 393, classifying real and personal property under the constitutional amendment as adopted at the last general election, reducing the assessed value of real property to 30% of its true value."

"House Joint Resolution No. 8: a proposed constitutional amendment providing the elimination of all constitutional articles on taxation, leaving the Legislature free to establish any reasonable law on taxation."

"The Senate killed their own bill—Senate Bill No. 24—providing taxation of public utilities."

"I add this in order that the record may go out to the public in its true light."

"The disregard of the Senate for the taxpayer was evidenced by the statement of Senator E. B. Benn, who said on the floor of the Senate:"

"The only thing we have done for the taxpayer is to cinch the load on his back. This session must not adjourn without giving something to the taxpayer. I move we give him three cheers."

"It is reported the motion was carried, amid great applause."

PERSONAL PRIVILEGE.

MR. DAVIES: “Mr. Speaker, and members of the House: I desire to express a little bit of feeling I have. I would like to express, in a measure, the feeling of the House and a little bit of my own personal feeling for the very fair way in which the Speaker presided over the House and the work he has done. I also wish to commend the Chief Clerk and his assistants, and the girls who have served us so well in the stenographic department. I cannot speak too highly of the way we have been looked after from the floor, under the personal supervision of the Sergeant-at-Arms and his assistant.

"A word of appreciation ought to be spoken to the Press."

"It is a hard thing to put into words, after the battle of the last few days. I am sure that when the clouds have blown away, we will have a very much kinder
feeling. There is a very warm feeling in my heart for all the members of this House and the pleasant associations that have been formed."

MOTION.

Mr. Davies: "I desire to move the usual form of resolution of thanks to the officers and the press, and particularly to the Entertainment Committee who served us so well and so delightfully."

The motion was carried.

PERSONAL PRIVILEGE.

Mr. Denman: "Mr. Speaker, and members of the House: Speaking to this question of personal privilege I wish to express to you the heartfelt thanks of my people of the North Country for the kind consideration we have received from you during this session.

"First in regard to State Road No. 22: The placing of this road on the official state highway system marks the culmination of a dream and an ideal which has been in the hearts and minds of my people for a generation. During the last few years of this movement it has been my fortune to have a small part, and it is now my privilege to extend the thanks of my people to the members of this House.

"But this statement would not be complete if I should fail to refer to another matter of great moment to our people of the North Country, a matter in which they are fighting for their rights, for their homes, and for their very lives. I refer to the poisonous fumes from the smelter at Trail, B. C., which, rising to great height, settle, on cooling, upon all the countryside, and especially at night when the air is still, creeping down the valleys like a silent hidden murderer, working in the more afflicted areas a greater havoc than could be wrought by an invading army. Nor must I fail in this connection, Mr. Speaker, to mention the name of John Leaden, the leader of our people in this fight, who, with an almost uncanny insight, has ferreted out and exposed the wiles, intrigues, and devices of our enemies and the traitors who were willing to have our wonderful valley ruined for a price.

"Mr. Speaker, there is hereby extended to you and the members of this House the profound gratitude of our people of the North Country for the aid and comfort you have given us. Be assured, Mr. Speaker, that we shall not soon forget."

The committee appointed to notify the Senate that the House was about to adjourn sine die appeared before the bar of the House, and Mrs. McQuesten reported that the committee had performed its duty.

The report was received and the committee was discharged.

MESSAGES
OF
ROLAND H. HARTLEY, Governor
ON
VETOED BILLS
OF THE
TWENTY-SECOND LEGISLATURE
1931
GOVERNOR'S MESSAGES ON SENATE BILLS VETOED.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

Saturday, March 21, 1931.

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Substitute Senate Bill No. 15, entitled:

"An act relating to firemen's relief and pension funds, defining the powers and duties of certain officers and corporations, providing for additional revenues, creating an emergency reserve fund, and providing for the maintenance and expenditure thereof, and amending Sections 1 and 14 of Chapter 196 of the Laws of 1919, and further amending said chapter by adding thereto new sections to be known as Sections 22, 23, 24 and 25."

Among other things, this bill provides for the diversion of revenues from the channels now established by law to the Firemen's Relief Fund, of "all moneys which may be set apart to said fund by ordinance of the municipal authorities of any city or town, derived by such city or town, from the sale of condemned hose and other fire department apparatus and equipment of every kind or description, from fines imposed and collected for sending in false alarms of fire, from citizens or others for services rendered by any such fire department to any citizen, or other person, for pumping out cellars, basements, filling cisterns, removing dangerous walls, buildings, or other obstructions, or services performed not in the line of fire duty, and the emoluments or fees, charges and collections, derived from such other work as may be permitted by such city or town outside of legitimate and proper duty, including all services rendered to any citizen, firm, company or corporation, city or town, for the saving of property, and moneys appropriated for salaries of the fire department and not expended due to the difference of salaries paid for disability claims of members from the firemen's relief and pension fund, and the amount of salaries paid by the fire department to relief men employed to fill vacancies of disabled members at a lower rate of salary, including the amount of salary not expended by the fire department owing to no relief men being employed to fill vacancies, and salaries not expended due to penalties imposed upon members of the department for any dereliction of duty, or violation of any rule, order, or regulation of the fire department, and all moneys derived from any and all other sources that may, by any law of this state or ordinance of any municipality thereof, be set apart for the benefit of the firemen's relief and pension fund of such city or town; all moneys which may be set apart to said fund by ordinance of the municipal authorities of any city or town, not exceeding fifty (50) per cent of all moneys derived from licenses, or privileges to manufacture or store petroleum and products thereof, turpentine, powder, giant powder, dynamite, hemp, cotton or other combustible, explosive or inflammable substance, liquids, and materials, licenses of amusements under the ordinances of any such city or town, licenses of all public garages, licenses and fees incident to the installation and use of gasoline pumps, both stationary and portable, fees for the inspection for approval of each and every oil burner, oil tank,
curb fill, oil pump, acetylene generator, fire works or other fire hazard, fees for the issuance of permits for the installation of curb fills for oil or gasoline tanks, fees for the issuance of permits for handling and transportation of explosives, fees for the issuance by the fire department or fire prevention bureau of certificates of approval of fire extinguishing equipment, hazardous appliances, devices and processes and fitness for operating and maintaining the same; all moneys which may be set apart to said fund by ordinance of the municipal authorities of any city or town, not exceeding thirty (30) per cent of all moneys collected from fines for the violation of any municipal ordinances, in relation to the construction and maintenance of any class of buildings or prohibited materials in violation of the building code and fire ordinances of such city or town, fines collected for violation of any municipal ordinances regulating the quantity, quality, or storage of petroleum and products thereof, turpentine, powder, giant powder, dynamite, hemp, cotton or other combustible, explosive or inflammable substances, liquids or materials, and fines collected for violation of any fire and explosive hazard ordinance."

If such revenues are permitted to be diverted to the Firemen's Relief Fund, the loss to the municipalities will have to be made up by additional tax levies.

Authorization to divert any such revenues and fines to the Firemen's Relief Fund is against public policy. This might easily result in innumerable petty persecutions, demoralizing the firemen and annoying the citizens. If firemen are not paid sufficiently under existing law, their pay should be increased; but rewards should never be held out to tempt public servants in this manner. Furthermore, there would be every incentive, under the provisions of this bill, to junk hose and other fire department equipment before worn out.

The bill provides for an annual levy of not less than two-tenths of a mill nor more than five-tenths of a mill in order to maintain a balance in the firemen's emergency reserve fund equal to $1.00 for every man, woman and child in the city or town affected. This tax would be levied in the City of Seattle until there was in the firemen's emergency reserve fund $362,000, and in all other cities in the same proportion.

Should this bill become a law, its blighting effect would reach all of our people, including the firemen themselves. It is amazing that such a proposal could have passed through both houses of the legislature. The people at large, and very few of the firemen, have any idea of the baneful provisions of this bill.

Taxes are too high now. In these depressed times, firemen are fortunate to have steady employment at good wages with no trouble to collect their pay. There is no justification for adding to the tax burden of the unemployed to increase firemen's relief and pension funds.

Therefore, Substitute Senate Bill No. 15 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.
Monday, March 23, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 19, entitled:

"An act directing the director of the department of conservation and development of the State of Washington assist in the securing of petitions for the organization of the Columbia Basin reclamation district or districts under the laws of the State of Washington, and making an appropriation."

The purpose of this bill is to provide for securing petitions for the organization of reclamation districts in the Columbia Basin Irrigation Project.

Under the terms of the bill, the act would be inoperative until the United States Reclamation Bureau has supplied the Secretary of the Interior with a construction program for irrigating the lands to be included within such reclamation district, or districts. Obviously, there is no immediate need for such legislation or for the appropriation carried in the bill.

Furthermore, it is altogether likely that any work done in advance of authorization by congress would be of little or no value. It would seem desirable, therefore, to postpone legislation until the requirements of the federal government are definitely known.

For these reasons, Senate Bill No. 19 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 24, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 26, entitled:

"An act relating to taxation, providing revenues for the support of the state government therefrom by imposing taxes upon gains, profits and incomes of individuals and fiduciaries, providing for the collection thereof, defining the powers and duties of certain officers with respect thereto, providing penalties and declaring that this act shall take effect immediately."

This bill would impose additional taxes, with respect to net incomes, which would be levied, collected and paid annually. All individual net incomes over one thousand dollars would be subject to the tax. Every single person, or every married person living apart from his spouse, having an income of eight hundred dollars or more, and every married person living with his spouse, having an income of fourteen hundred dollars or more, would be required to make an individual return.

This bill was designed to take part of the tax load off real estate, but it would do nothing of the kind. To enforce the provisions of the act would require a vast army of inspectors, auditors, clerks and other assistants, greatly adding to the cost of government. It would not produce
sufficient revenue to justify the enormous cost of administration and, con­sequently, would result in added taxes to those now carrying a confiscatory load. The bill is highly discriminatory and impractical.

The state should not seek new sources of revenue, but should strive to reduce the tax burden. It has been the experience of every state that new sources of revenue always mean the expenditure of more money.

"A little group of willful men" in the state Senate successfully blocked the passage of any legislation designed to reduce the tax burden. It is common knowledge that their entire time was spent in circumventing all efforts to simplify and coordinate functions of government that would have resulted in greatly reduced costs. Practically every bill permitted to pass the Senate was either a special-privilege-creating or tax-increasing measure. A review of the Senate record will disclose measures passed by that body would have cost the taxpayers many additional millions of dollars. Many recommendations having for their purpose retrenchment through the elim­ination and coordination of functions of government were totally ignored.

The disturbing fact is that taxes are increasing much faster than the incomes of our citizens and, when fiscal problems become acute, politicians give no thought to retrenchment, but look wildly around for new sources of revenue. It is this policy, or lack of policy, which is rapidly bringing about confiscation of property by taxation.

In addition, the Attorney General has advised that, in his opinion, our Supreme Court would declare Senate Bill No. 26 unconstitutional.

For these reasons, Senate Bill No. 26 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 24, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Substitue Senate Bill No. 27, entitled:

"An Act relating to taxation, providing revenues for the support of the state government therefrom by means of an excise or tax according to or measured by net income with respect to the exercise of their franchises or the carrying on or doing of business by corporations; providing for the assessment, collection and distribution thereof; defining the powers and duties of certain officers with respect thereto; providing that excises or taxes thereunder shall be in lieu of the annual corporation license tax; providing penalties; repealing Sections 28, 29, 30, 31 and 32 of Chapter 130 of the Laws of the Extraordinary Session of 1925, Section 17 of Chapter 110 of the Laws of 1913, Sections 4 and 5 of Chapter 227 of the Laws of 1929 and all other acts or parts of acts in conflict therewith; and declaring that this act shall take effect immediately."

Substitute Senate Bill No. 27 is a companion bill to Senate Bill No. 26, this day vetoed.
In the opinion of the Attorney General, the Supreme Court might have less doubt about the constitutionality of Substitute Senate Bill No. 27 than about the constitutionality of Senate Bill No. 26. Be that as it may, taxes should be lowered—not increased.

Except for the constitutional question, everything said in vetoing Senate Bill No. 26 applies with equal force to Substitute Senate Bill No. 27.

Furthermore, the approval of this bill would have a disastrous effect upon pay rolls and wages.

For these reasons, Substitute Senate Bill No. 27 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 52, entitled:

"An act relating to education, defining the powers and duties of the State Board of Education, providing for the certification of teachers, and amending sections 4529, 4990, 4991, and 4977 of Remington's Compiled Statutes and Section 7 of Chapter 175 of the Laws of 1923."

Junior high schools have no legal standing under the law. Other provisions of the bill are unnecessary.

For these reasons, Senate Bill No. 52 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 17, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 53, entitled:

"An act relating to assessment, levy and collection of taxes and amending Section 25 of Chapter 130 of the Session Laws of 1925, pages 240 and 241."

This bill is designed to exempt from taxation certain property which under existing law is taxed and should be taxed. All such property should bear its just proportion of the tax load.

For these reasons, Senate Bill No. 53 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.
To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

Monday, March 23, 1931.

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 55, entitled:

"An act relating to and authorizing certain school districts to maintain and operate dental clinics, defining the powers and duties of certain officers."

The purpose of the bill is for the establishment of dental clinics in public schools. Its provisions violate the spirit and intent of section 2 of article IX of the state constitution, which reads as follows:

"The legislature shall provide for a general and uniform system of public schools. The public school system shall include common schools, and such high schools, normal schools, and technical schools as may hereafter be established. But the entire revenue derived from the common school fund and the state tax for common schools shall be exclusively applied to the support of the common schools."

Special functions of this character, which have been brought into our educational system are responsible in a large measure for the enormous costs which are today threatening the very existence of our public school system.

If, indeed, it be necessary for any agency to take the place of parents and other responsible relatives in this respect, this service should furnish a worthwhile object for public-spirited citizens and philanthropists.

For these reasons, Senate Bill No. 55 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

To the Honorable
The Senate of the State of Washington.

Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 57, entitled:

"An act relating to actions for the recovery of damages for the injury and/or death of minors or adults caused by wrongful and negligent acts, and repealing certain acts relating thereto."

According to law as it now is, in case of injury to a minor, the minor has a right of action against the person causing the injury. The parent of the minor also has a right of action against the ones causing the injury. The minor has a right to recover for injuries which he himself has sustained by reason of the wrongful act of another. The parent has a right of action against the wrong-doer to recover doctor bills and other expenses, together with loss of the minor's time or the reasonable anticipated loss up to the time the minor arrives at full age. For any impairment of earning capacity after the minor has reached his full age, he has a right to recover from the wrong-doer. It is a debatable question as to whether or not this bill deprives the minor of such right.
Legislative enactments should be definite and certain. The rights of
the minor in cases of this kind are definitely settled by the statutes now
existing. The law should be simplified rather than rendered more complex.
Consequently, Senate Bill No. 57 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Thursday, March 12, 1931.

To the Honorable
The Senate of the State of Washington.

Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 62,
entitled:

"An act relating to education, providing for schools, revenues and dis­
bursements therefor, creating a county board of education, prescribing its
powers and duties, and the powers and duties of certain other officials in
connection therewith, providing penalties, amending Sections 4691, 4688,
4687, 4937, 4936, 4938, 4719, 4696, 4851, 5555, 4893, 4902, 4905, 4789,
4718, 5031, 4784, 4934, 4873, 4871, 4882, 4878, and 4876 of Remington's
Compiled Statutes and Section 1 of Chapter 93 of the Laws of the Extra­
ordinary Session of 1925, and amending Chapter 29 of Title 28 of Reming­
ton's Compiled Statutes by adding a new section to be known as Section
4894-1, and repealing Chapter 139, and Sections 3 and 4 of Chapter 93, of
the Laws of the Extraordinary Session of 1925, and Sections 4818, 4834,
4868, 4869, 4870, 4812, 4824, 4877, and 4880 of Remington's Compiled
Statutes, and all acts and parts of acts in conflict herewith."

Provisions of this bill make drastic changes in the administration of
our public school system and open the way for enlarged expenditures which
will necessitate increased tax levies running into millions. Equalization
of the cost of necessary education in the several school districts, as well as
between counties, has been urged for a number of years and I would heartily
approve of legislation to provide for reasonable equalization under adequate
control to assure economies in the expenditure of moneys raised. This bill
sets up machinery for raising more taxes, but with no proper control over
expenditures. Experience shows taxing units always levy up to the limit
permitted and spend every dollar collected.

From official compilations, school taxes levied for the year 1930 totaled
$35,172,429.33, an increase of $19,917,196.40 in thirteen years, or a per­
centage increase of 130.7%. Retrenchment in educational expenditures is
absolutely essential. Failure to do so may well threaten the very
existence of the present school system in the state. There is a limit to
taxation, beyond which our people cannot go. In my judgment that limit
has been reached. Our best efforts should be turned to relieving the
already overloaded taxpayers, instead of opening the way to increase their
burdens.

For these reasons, Senate Bill No. 62 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.
To the Honorable
The Senate of the State of Washington.

Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 64, entitled:

"An act authorizing and regulating boxing, sparring and wrestling contests or exhibitions, creating a commission to license and regulate such contests and the participants therein, providing revenue and making an appropriation therefor, providing a penalty for violation hereof and repealing Sections 304 and 305, Chapter 249, Session Laws of 1909."

This bill was intended to benefit the American Legion and kindred organizations. In practical operation, however, it will create a monopoly of the boxing, sparring and wrestling game for existing clubs, without material benefit to veteran organizations.

Therefore, Senate Bill No. 64 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 3, 1931.

To the Honorable
The Senate of the State of Washington.

Gentlemen:

I am returning herewith, without my approval Senate Bill No. 67, entitled:

"An act relating to the welfare of minor children, their care, custody, control and adoption and providing penalties."

The bill makes it unlawful for any person, except the parent or relatives within the second degree, or a benevolent or charitable society incorporated for the purpose of assuming the permanent care, custody or control of any child under fourteen years of age, unless authorized by an order of the court, and makes it unlawful, except with the approval of the court, for any parent to relinquish or transfer to another person the permanent care, custody or control of any child under fourteen years of age, except to a society incorporated for the care and placement of such children.

It sometimes happens that an illegitimate child is born and the mother places the child in some respectable family, not related in any degree to the mother, to be brought up and nurtured as the child of that family. Why require a permanent record to be made of the illegitimacy of such child? Why thus brand the innocent?

Such legislation may be needed in some parts of the world, but it certainly is not required in this state.

For these reasons, Senate Bill No. 67 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.
GOVERNOR'S MESSAGES ON BILLS VETOED

Monday, March 9, 1931.

To the Honorable
The Senate of the State of Washington.

Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 68, entitled:

"An act to provide a limitation for the bringing of actions growing out of injuries resulting to persons from malpractice on the part of physicians and surgeons and other persons licensed to practice healing arts in the State of Washington and amending Section 160, Remington's Compiled Statutes of the State of Washington."

This is a rewrite amending Section 160 of the code. Sub-division 2 of the bill reads: "An action upon a forfeiture for a forfeiture or penalty to the state." Sub-division 2 of Section 160 as it now is reads: "An action upon a statute for a forfeiture or penalty to the state." The amendment makes sub-division 2 meaningless.

Therefore, Senate Bill No. 68 is vetoed.

Respectfully yours;

ROLAND H. HARTLEY,
Governor.

Thursday, March 19, 1931.

To the Honorable
The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 73, entitled:

"An act to provide for the organization, incorporation, operation, supervision, dissolution and/or merger of cooperative savings and credit associations to be termed 'Credit Unions' and to define their powers, duties, privileges and scope of undertakings, including penalties for the violation of any provisions."

An act providing for the organization, operation and supervision of savings and credit associations, to be termed "Credit Unions" was enacted by the legislature in 1927. It was vetoed. Present Senate Bill No. 73 is in substance a re-enactment of that measure. In vetoing the bill passed by the legislature in 1927, I said:

"I felt it my duty to veto a similar bill passed at the late extraordinary session of the legislature. Senate Bill No. 197 is slightly different from the bill vetoed, but in its essential features is substantially the same. The supervisor of banking of this state has been advised by the superintendent of banks of the State of New York that investigations show in most cases the individuals do not understand the real purpose of a credit union and are not properly qualified to manage the affairs or assume the responsibility connected with the proper conduct of a banking institution. Also that the members do not keep in touch with the affairs of the association. The directors do not attend meetings and as a result one or two officers manage the credit union without a proper regard for the interests of the members."
"I would be very glad to add to the peace and happiness of those of our citizens whose well being this bill was designed to advance, but the bill falls far short of being a benefit to those people. To them it would be a detriment, not a help. Feeling as I do, I cannot conscientiously approve this bill."

What was true of Senate Bill No. 197, vetoed in 1927, is true of the present Senate Bill No. 73.

For the reasons above stated, said Senate Bill No. 73 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 75, entitled:

"An act authorizing school districts to permit the use of school parks and playgrounds by or under the auspices of incorporated or unincorporated athletic clubs or associations, for athletic contests or purposes under such regulations and at such rental or compensation as the board of school directors of the several school districts may prescribe, and repealing all acts and parts of acts in conflict herewith."

This bill authorizes the school directors of all school districts in the state owning parks or playgrounds to grant permission for the use of the same for athletic contests.

School parks and playgrounds are dedicated for school purposes. Such parks and playgrounds are tax exempt. Owners of private parks and playgrounds are taxed to support those belonging to the schools. School property should not be used in competition with private property. Therefore, Senate Bill No. 75 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 81, entitled:

"An act relating to cities and granting to certain cities the power to frame their charters."

The constitution authorizes any city containing a population of more than twenty thousand to frame a charter for its own government. Senate Bill No. 81 would extend this privilege to cities containing a population of
twelve thousand to frame a charter for its own government in the same manner that cities of more than twenty thousand are authorized to do.

The framers of the constitution had an object in view when adopting this provision. It must have seemed to them that it was not wise to permit cities of less than twenty thousand to incur all the responsibilities, liabilities and expenses of government that might be safely undertaken by cities containing a population of more than twenty thousand. This bill would permit cities of twelve thousand, and less than twenty thousand, to incur expenses that would probably be beyond the power of the people of such cities to maintain and continue. The power of incurring expenses should be curtailed rather than extended.

For these reasons, Senate Bill No. 81 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 93, entitled:

"An act providing for the appointment of public weighmasters, defining their powers and duties, fixing fees and providing penalties."

This is another bill which would add to the cost of doing business, place another army of employees to inspect and another set of penalties to harass an already over-burdened commercial life of our state.

The necessity for any such legislation is not apparent. It affords no protection to the public and contains no legislative appropriation for the disbursement of revenues derived thereunder. For these reasons, Senate Bill No. 93 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 17, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 95, entitled:

"An act providing for the possession, regulation, sale, disposal, disposition, prescription, dispensing and use of narcotic drugs and certain appliances for the use thereof and providing penalties for the violation thereof and providing for the quarantine and treatment of narcotic drug addicts and repealing Chapter 47 of the Laws of 1923."
This is an attempt to liberalize the law relating to narcotics. It would repeal Chapter 47 of the Laws of 1923 relating to the same subject. Chapter 47 of the Laws of 1923 has worked to the general satisfaction. Its provisions should not be relaxed. It has been on the statute books eight years, has been construed and sustained by the courts and should not be repealed.

For these reasons, Senate Bill No. 95 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 99, entitled:

"An act to unify and make perpetual the citation of the statutes in force in the State of Washington."

Section 1 of this bill requires the judicial council to select a system of uniform numbering in accordance with which the statutes in force may be numbered, the state law librarian to act in conjunction with the judicial council in determining and adopting said system of uniform numbering. No good reason has been advanced for a change that would entail so great an expense.

Senate Bill No. 99 appears to be unnecessary legislation and is therefore vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 107, entitled:

"An act providing for the supervision, regulation and control of the transportation by motor vehicles for hire, of property in connection herewith, upon the public highways of this state, providing for fees and prescribing penalties."

This is another regulatory measure. It is indefinite in its provisions and the language is highly complicated. Its enactment would add materially to the work and number of employees in the Department of Public Works, requiring more regulations, more hearings, more inspection and more trouble for everybody concerned, without resulting benefit.

The problems of the trucking business are being solved by the industry itself under existing regulations.
No provision has been made for defraying the additional expense imposed by this measure. 

For these reasons, Senate Bill No. 107 is vetoed.

Respectfully,

ROLAND H. HARTLEY, 
Governor.

Saturday, March 21, 1931.

To the Honorable 
The Senate of the State of Washington. 
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 108, entitled:

"An act relating to banking and trust business and amending Section 3222 of Remington's Compiled Statutes of Washington, Section 15, Chapter 80, Laws of 1917."

Existing laws forbid any corporation from engaging in a trust business, except in compliance with the provisions of Chapter 80 of the Laws of 1917, as amended by Chapter 209 of the Laws of 1919. This bill amends existing law by the proviso: "However, * * * this provision shall not apply to the taking, from financially embarrassed or insolvent persons, associations, copartnerships or corporations, of trust deeds or bills of sale or assignments for the benefit of creditors by any incorporated merchants' association or association of credit men and/or other similar non-profit corporations whose objects and purposes are to conduct, manage, preserve, care for and dispose of the business, property, and assets of financially embarrassed or insolvent persons, associations, copartnerships, or corporations."

This is special legislation in favor of the exempted corporations and associations. Too often insolvent concerns would be administered for the benefit of the large creditors at the expense of the smaller creditors. Furthermore, it would have a tendency to force everybody into credit associations. The bill looks fair enough, but when analyzed, it is not.

Therefore, Senate Bill No. 108 is vetoed.

Respectfully,

ROLAND H. HARTLEY, 
Governor.

Saturday, March 21, 1931.

To the Honorable 
The Senate of the State of Washington. 
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 110, entitled:

"An act relating to taxation, regulating the assessment, levy and collection of taxes, providing for the adjustment of the state's portion of taxes which are cancelled or modified, and amending Section 97 of Chapter 130 of the Laws of 1925."
This permits the adjustment of state taxes by means of bookkeeping, which should be presented for adjustment to the legislature, as by law now provided.

Therefore, Senate Bill No. 110 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 125, entitled:

"An act relating to insurance, defining the qualifications of domestic mutual insurance companies, and adding Section 7131A to Remington's Compiled Statutes of Washington."

This bill relates to the qualifications of domestic mutual insurance companies. Among other provisions, it contains the following:

"No solicitation for insurance under this subdivision shall be made unless the organizers shall have executed and filed with the insurance commissioner a bond in the sum of not less than twenty-five thousand dollars, in form satisfactory to and with surety approved by the insurance commissioner, conditioned for the repayment in full of all prepaid premiums in case the organization of the company is not completed within the time specified or such further time as may be fixed by the insurance commissioner.

"Or, in lieu * * * * the company shall provide and hold a special guaranty fund of at least twenty-five thousand dollars in cash or invested in securities to be approved by the insurance commissioner, to be used for no purpose other than the payment of losses, until the company has accumulated a surplus fund of twenty-five thousand dollars over and above all liabilities, independent and exclusive of the guaranty fund. No part of such guaranty fund may be repaid or returned to the subscribers when such repayment would reduce the above mentioned surplus to less than twenty-five thousand dollars. Such company may borrow a sum of money sufficient to provide the amount to be held as a special guaranty fund, and an additional sum to defray the expenses of organization not exceeding ten thousand dollars. This loan shall not be liability and the agreement therefor shall provide that the principal and interest thereon shall only be repaid from the assets in excess of all liabilities and a surplus of twenty-five thousand dollars as above set forth."

This looks too much like authorizing the organization of insurance companies without any assets. It is poor business. The reserve is insufficient. The approval of this bill would foster the growth of fly-by-night insurance companies. It is against good public policy.

Therefore, Senate Bill No. 125 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.
To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

Tuesday, March 24, 1931.

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 128, entitled:

"An act providing for and regulating the recount of ballots and a re-canvass of the votes registered on voting machines at any election held within the state."

This bill would permit the opening of voting machines for purposes of recount without giving all candidates notice of such recount, which would be unfair and dangerous in the extreme. Furthermore, it would delay final determination of elections for ten days after completion of the county canvass.

For these reasons, Senate Bill No. 128 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 129, entitled:

"An act providing for and regulating the election of electors of president and vice-president of the United States, and repealing certain parts of acts in relation thereto."

This bill would change the system fixed by the constitution of the United States for electing the President and Vice-President. Therefore, said Senate Bill No. 129 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 137, entitled:

"An act relating to abandoned horses, declaring them to be a public nuisance, providing the rounding up, sale, disposition, reclaiming and taxation thereof."

This bill says a "mule" is a "horse." By prior legislative fiat, a "goat" was made a "milk cow", but even nature fakers can make no one believe a "mule" is a "horse". A horse might make a "jackass" out of itself, as
did certain members of the present state Senate, but I would still be unwilling to convert a state senator into a "jackass" by legislative enactment. This would be unfair to the jackass. Unless some limit is placed on such legislative enactments, we may expect at a future session of the legislature a bill declaring a "hippopotamus" a "humming bird".

This bill deals with "abandoned horses". It contains provisions which would invite litigation and trouble. On this ground and on the further ground that some limit should be set to nature fakers, Senate Bill No. 137 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, Senate Bill No. 140, entitled:

"An act relating to the refunding of irrigation district indebtedness."

This is additional legislation with reference to refunding of irrigation district indebtedness.

The approval of this bill would place warrant indebtedness of irrigation districts on the same basis as bonded indebtedness and would permit money in the reclamation revolving fund to be used in the purchase of securities of irrigation districts that are financially bankrupt.

The bill would also allow ninety per cent of the outstanding bond holders to bind the other ten per cent, who did not consent. This provision is of doubtful validity and unsound. Moreover, the entire act is an unnecessary piece of legislation.

For these reasons, Senate Bill No. 140 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 141, entitled:

"An act relating to the investment of permanent insurance funds of school districts of the first class and amending Section 3 of Chapter 79 of the Laws of 1911."

This bill empowers county treasurers, when authorized by the board of directors of school districts, to invest any accumulated permanent insurance fund of said district in bonds and other securities.
The objectionable part of this bill is contained in the proviso that "the county treasurer may purchase the above described obligations at a premium or discount whenever directed to do so by the board of directors." Such securities should be purchased at the market value. For this reason, Senate Bill No. 141 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 149, entitled:

"An act relating to the government of cities of the first, second, and third classes, and providing for the reorganization of such cities under the city manager plan."

This bill is a city manager plan of government.

This state has about as many plans for city government as the most fastidious theorist might desire. The times are not propitious for further experiments in city government. Therefore, Senate Bill No. 149 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 157, entitled:

"An act relating to corporate books and records, providing for stockholders' and creditors' rights of inspection therein and amending Section 3827 of Remington's Compiled Statutes."

The bill relates to records of corporations and is objectionable for the proviso, which is as follows: "That no stockholder or group of stockholders owning less than ten per cent of the total capital stock of the corporation nor any creditor, shall, without special permission given by the board of directors of the corporation, by resolution duly made and entered at a meeting of the board, make or take any list of the names and addresses of the stockholders of the corporation."

This provision unreasonably restricts that which should be the inherent right of every stockholder of every corporation, to obtain any knowledge he
may desire with reference to the corporation's business. For this reason, Senate Bill No. 157 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 164, entitled:

"An act relating to advertising of dairy products, prohibiting false advertising in the sale thereof, and providing penalties for violations thereof."

In order to carry out the provisions of this bill, it would be necessary for the state to keep a record of the genealogy and blood test of dairy cows. It would create more public employees and increase the cost of government without adding anything of value to the public welfare.

Therefore, Senate Bill No. 164 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am returning herewith Senate Bill No. 167, entitled:

"An act relating to fisheries and amending Section 5679 of Remington's Compiled Statutes of the State of Washington, 1922, said Section 5679 being Section 27 of Chapter 31, of Session Laws of the State of Washington, for 1915, and which act is known as Fisheries Code."

This bill is approved, with the exception of Section 2, which is vetoed.

There is nothing in the title of the act to indicate that the bill carries an emergency clause. Section 2 of the bill does, however, provide that the bill shall take effect immediately.

Because Section 2 of this bill is unconstitutional, said Section 2 is vetoed. The remainder of the bill is approved.

Respectfully,
ROLAND H. HARTLEY,
Governor.
To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 177, entitled:

"An act to provide an institution for the confinement, cure, care and rehabilitation of drug addicts, and providing for the government, maintenance and control thereof, and providing for the admission and commitment of drug addicts thereto, and providing penalties for unlawfully conniving to have persons adjudged drug addicts, and providing penalties for procuring the escape or aiding or abetting the escape of inmates thereof and/or the harboring and concealing of escaped inmates thereof."

The need for establishing and maintaining such an institution may well be questioned in a state with a population of only a million and a half. Many states with several times the population of the State of Washington have found it neither expedient nor advisable to maintain institutions of this character. This would be a costly experiment to embark upon in a state already overburdened with taxes.

For these reasons, Senate Bill No. 177 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 179, entitled:

"An act relating to vehicles and regulating the operation thereof upon the highways of this state, amending Sections 3 and 41 of Chapter 309, Laws of Washington, 1927."

This bill would amend two sections of Chapter 309 of the Laws of 1927. The first section sought to be amended is Section 3, which establishes a so-called basic rule. The basic rule, in substantially the same form, has been the law of this state for many years. The other changes in Section 3 relate to speed limits. The other section sought to be amended is Section 41, which establishes rules of the road.

Speed limits and rules of the road have been on the statute books in one form or another a great many years. The traveling public for the most part are familiar with all of these as they now are. Furthermore, Senate Bill No. 179 is no improvement on any of them. It is unfair to the traveling public to change road laws at every session of the legislature. The proposed changes are unnecessary.

For the above reasons, Senate Bill No. 179 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.
To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 196, entitled:

"An act making an appropriation for the relief of the Auburn Post No. 78, American Legion; and declaring that this act shall take effect immediately."

At the 1927 session of the legislature I vetoed a bill appropriating fifteen thousand dollars to the Earl Winehart Post No. 96 of the American Legion as advance rental upon a building to be constructed by said post. In vetoing that bill, among other things I said: "The approval of this bill would be an invitation to others to seek the special favors this bill grants. This policy is dangerous and insidious."

What was said above applies with equal force to the present Senate Bill No. 196. Therefore, Senate Bill No. 196 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 197, entitled:

"An act relating to banks and trust companies, and amending Section 19, Chapter 80 of the Laws of Washington for 1917, as amended by Section 2, Chapter 72 of the Laws of Washington for 1929 (Section 3226, Remington's Compiled Statutes, 1927 Supplement)."

The title of this bill is defective. It purports to be "An act amending Section 19, Chapter 80 of the Laws of 1917, as amended by Section 2, Chapter 72 of the Laws of 1929 (Section 3226, Remington's Compiled Statutes, 1927 Supplement)." None of the laws of 1929 could possibly be in Remington's Compiled Statutes, 1927 Supplement, because such supplement was compiled and published approximately eighteen months before the enactment of any of the Laws of 1929.

The bill would amend existing law by permitting trust companies to do business on the paid-in capital of not less than $100,000 in cities having a population of twenty-five thousand or over. If this bill were permitted to become a law, it would authorize a trust company with a paid-in capital of not less than $100,000 to operate in any city of the state, thus amending the law which requires a trust company, in cities having a population of one hundred thousand or more, to have a paid-in capital of $200,000. There should be no relaxation of the laws relating to trust companies in times such as this country is now experiencing. If any change in existing law regarding
trust companies is desirable, these laws should increase, rather than decrease, the safekeeping of depositors' money.

For these reasons, Senate Bill No. 197 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 212, entitled:

"An act relating to grants by public authorities having the power to grant franchises or authority for the use of public roads, streets or highways, of extensions or renewals of existing franchises or authorities for the use of public roads, streets or highways or of new franchises or authorities covering all or any part of the rights or privileges of any such existing franchise or authority."

This bill provides for the extension or renewal of franchises in public streets, roads or highways, either within or without the limits of any incorporated city or town. It authorizes the holder of such to make application to the public body or board authorized to grant such franchises to extend or renew the same at any time within five years prior to the expiration of such franchise.

This is an unnecessary piece of legislation. The rights of the holders of such franchises are now amply protected by law. For this reason, Senate Bill No. 212 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 221, entitled:

"An act relating to the creation of indebtedness to meet deficiencies in local improvement district funds of cities of the first class, and authorizing the payment of such deficiencies from the general funds of such cities."

The principle of this bill is like Banquo's ghost—it will not down. Similar legislation has been before the legislature or the executive, or both, at every session held in recent years. A similar bill, House Bill No. 220, was vetoed in 1927. In vetoing that bill, I said:
"I am unalterably opposed to any policy that will permit the city council of a city to pass an ordinance compelling the taxpayers to make up any deficiency that might exist in a local improvement district fund.

"People in buying local improvement district bonds should ascertain in advance whether the bonds are legal and whether the property within the district is sufficient security for the money paid for the bonds. They should buy these bonds at their own risk, and if, for any reason, the bonds are not paid in full by the local improvement district, the deficiency should never become a charge against the general fund of the city. Bond buyers should be treated just as are mortgagees. Let the bond buyer—like the mortgagee—look to the property instead of to the already overburdened taxpayers."

Since the above message with written, nothing has occurred to change my opinion. Therefore, Senate Bill No. 221 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 222, entitled:

"An act relating to vehicles and regulating the operation thereof upon the highways of this state; providing for traffic signals and control thereof; providing for the proper equipment and devices to be used thereon, and for the inspection thereof; prescribing penalties for the violation thereof; prescribing the powers and duties of certain officers, the collection, distribution and expenditures of fees; making appropriations and amending Sections 20, 21, 22, 23, 30 and 31 of Chapter 309 of the Laws of 1927 as amended by Chapter 178 of the Laws of 1929."

This bill would add to existing law regarding headlights and other lights on motor vehicles. There are plenty of laws on this subject now. For that reason, Senate Bill No. 222 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 236, entitled:

"An act relating to the welfare of dependent and delinquent children; providing for the appointment of probation officers in connection therewith;
amending Section 3 of Chapter 160 of the Laws of 1913, as amended by Section 1 of Chapter 43 of the Laws of 1921."

This bill contains the following provision: "In counties containing sixteen thousand or more inhabitants * * *, the court may appoint one or more persons to act as probation officers, and one or more persons who shall have charge of detention rooms or house of detention, all of whom shall be paid as compensation for their services, such sums as may be fixed by the board of county commissioners, and who shall be paid as other county officers are paid."

This is no time to extend governmental activities and increase taxes. For this reason, Senate Bill No. 236 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 241, entitled:

"An act defining intoxicating liquor for the purpose of prohibiting the possession, sale or use thereof; providing for the classification of medicinal preparations which contain alcohol for the purposes of regulating the sale thereof; and amending Section 2 of Initiative Measure No. 3, passed by the people November 3, 1914 (Section 2 of Chapter 2 of the Laws of 1915)."

This bill would add to existing law the proviso: "That whenever any prosecuting attorney shall receive any complaint that any particular medicinal preparation is capable of being used and is being used as a beverage he shall forthwith submit to a board to consist of the dean of the college of pharmacy of the Washington State College, the state director of health and the dean of the college of pharmacy of the University of Washington the question as to whether such medicinal preparation is intoxicating liquor within the definition of this section; and such board shall immediately determine the question submitted, and thereafter such medicinal preparation shall in accordance with the determination of such board be classified either as intoxicating liquor within the definition of this section or as non-intoxicating liquor and not within the definition of intoxicating liquor, under this section."

The bill would set up a new board to determine whether said beverages are intoxicating. The board would consist of the director of health and the deans of the college of pharmacy of the University of Washington and the State College of Washington. There is no necessity for creating such a board of experts. An accurate test of any such beverage can be made by any competent chemist if such test is deemed necessary.

For these reasons, Senate Bill No. 241 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.
To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval as to a certain item, Senate Bill No. 253, entitled:

"An act relating to public highways, making appropriations from the Motor Vehicle Fund and the Highway Safety Fund for the location, rights of way, engineering, maintenance, improvement, construction and paving thereof, and the construction or purchase of bridges, prescribing the powers and duties of certain officers in relation thereto, and declaring that this act shall take effect immediately."

I disapprove and veto the item of $400,000.00 for "improvement and construction, seawall and retaining wall Railroad Avenue, Madison street to Bay street, city of Seattle," for the reason that the proposed improvement is not on the state highway system. Appropriations for items of this magnitude should come before the legislature on their merits in the form of bills regularly introduced.

With the exception of the vetoed item, Senate Bill No. 253 is approved.

Respectfully,

ROLAND H. HARTLEY,
Governor.
GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED.

Monday, March 16, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, substitute House Bill No. 13, entitled:

"An act authorizing the conveyance of certain lands to the city of Seattle for park purposes."

The bill provides for conveying the lands therein described to the city of Seattle and authorizes the city of Seattle to permit the University of Washington to use any portion thereof for the purposes of a biological experiment station. Whether such permission is a mere license revocable at will or a definite grant might be a subject of litigation in the future.

Substitute House Bill No. 13 is objectionable for this reason and is, therefore, vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Monday, March 9, 1931.

To the Honorable
The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 15, entitled:

"An act relating to surety bonds and undertakings required by law, providing for release from liability of the surety thereon and repealing the act of the legislature approved March 14, 1890, Laws of 1889-90, pp. 43, 44 and 45 (Sections 9942, 9943, 9944, 9945 and 9946, Remington's Compiled Statutes)."

House Bill No. 15 would facilitate the releasing of sureties. If the parties bonded are solvent, honest and fair dealing, no bond is necessary. It is to protect against the incompetent and the dishonest that bonds are obtained. If any change is made in the situation, it should be to make the bonds more lasting and secure, if possible.

Therefore, said bill is vetoed.

Respectfully yours,
ROLAND H. HARTLEY,
Governor.
Monday, March 23, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at
the next session of the legislature, without my approval, House Bill No. 35,
entitled:

"An act relating to banks, savings and loan associations, trust companies,
mutual savings banks and industrial loan companies and providing for the
manner of changing the place of business thereof, and requiring certain evi­
dences of title to lands mortgaged as security for loans made by savings and
loan associations."

This bill contains more than one subject. Section 1 of the bill provides
for changing the place of business of a bank, trust company or industrial loan
company. Section 2 is special privilege legislation drawn for the benefit of
abstractors and lawyers. Therefore, House Bill No. 35 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Wednesday, March 18, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at
the next session of the legislature, without my approval, Substitute House
Bill No. 41, entitled:

"An act relating to the formation, maintenance and dissolution of county
high school districts."

The provisions of this bill are completely contradictory. If it were per­
mitted to become effective, it would add to complexity of the school law. The
bill also contains provision for the dissolution of the high school districts it
would establish.

Because of the contradictory provisions and because it is but an experi­
ment, Substitute House Bill No. 41 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at
the next session of the legislature, without my approval, House Bill No. 56,
entitled:

"An act regulating the sale, transfer and possession of certain weapons,
and prescribing penalties for the violation thereof."
This bill has some excellent provisions, but they are so interwoven with the bad that they cannot be separated by executive action. Therefore, House Bill No. 56 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 58, entitled:

"An act relating to marriage and amending Section 2390 of the Code of Washington Territory of 1881."

This bill would amend existing marriage laws. The law now provides that before any persons can be married, they must procure a license from the county auditor authorizing such marriage. House Bill No. 58 adds new matter by providing, among other things, that "application for such marriage license in the form and upon the conditions set forth in Section 8451 of Remington's Compiled Statutes must be made by the parties to the marriage at least three days and not more than thirty days before the license shall be issued. * * * * Immediately upon receipt of application for license, the county auditor shall have the parties record in a book kept for that purpose notice of intention to marry and after the expiration of three days and not more than thirty days after application and signing of notice of intention to marry the county auditor may issue such license to marry."

On its face the bill would seem to be an attempt to prevent hasty marriages. It is, however, generally known that the bill was drawn to prevent people from getting married while intoxicated.

This bill impugns the honor and integrity of county auditors, ministers of the Gospel and all others authorized by law to perform the marriage ceremony. It is another attempt at uplift by legislative enactment. Such an innovation on our marriage laws is uncalled for. Therefore, House Bill No. 58 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 63, entitled:
"An act relating to horticulture and amending Sections 1, 20 and 26 of Chapter 166 of the Laws of 1915, and repealing Section 21 of Chapter 166 of the Laws of 1915."

This bill would amend laws relating to horticulture. One amendment adds perennial plants to nursery stock and makes it unlawful "for any person, firm or corporation to sell or deal in nursery stock * * * without first having obtained from the director of agriculture and having in force a license so to do." This bill increases the license fee from five to ten dollars.

If permitted to become a law, it would subject every housewife who desires to sell a few flowers from perennial plants, to pay a license of ten dollars per year.

House Bill No. 63 is another special-privilege bill and should be and is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, House Bill No. 72, entitled:

"An act relating to the use of public highways, the licensing of motor vehicles, amending Chapter 96 of the Laws of 1921 of the State of Washington as amended by Chapter 99 of the Laws of 1929, and providing penalties for violation thereof, and declaring an emergency."

Section 1 of this bill is objectionable. It is apparently a subterfuge to secure a certificate of title law by indirection. If a certificate of title law is desirable, it should not be created in a roundabout way. For that reason, section 1 of House Bill No. 72 is vetoed.

Sections 2 and 3 of the bill are approved.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable
The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 78, entitled:

"An act relating to and authorizing the establishment and maintenance of free county libraries and library service."

This bill provides for the establishment of tax-supported free public libraries outside of incorporated cities and towns.
Just at present our people are in more need of jobs where they can earn a living than they are of establishing such tax-supported free public libraries. If permitted to become a law, this bill would add to the cost of government. Government is too costly now. For these reasons, House Bill No. 78 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 105, entitled:

"An act relating to partisan primary elections and regulating registration therefor."

This bill gives every voter the right to register his or her party affiliations, but does not require the voter to do so. Such a law would be only waste paper. The law books should not be encumbered with such.

Therefore, House Bill No. 105 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 111, entitled:

"An act relating to insurance agents and amending Chapter 49 of the Laws of 1911 by adding thereto a new section to be known as Section 44-a (Section 7088-1 of Remington's Compiled Statutes)."

This bill relates to fire insurance agents, and would limit a company to but two local agents in any city, town, township or school district. Why such companies should be limited to two agents is not clear, unless it is an attempt on the part of agents to establish a monopoly.

The bill purports to add a new section to "Chapter 49 of the Laws of 1911, page 200 (Section 7088-1 of Remington's Compiled Statutes)." The attorney general's office has advised that the parenthetical parallel citation of Remington's Compiled Statutes is incorrect in that Section 7088-1 of Remington's Compiled Statutes is not a parallel reference for Chapter 49 of the Laws of 1911, there being no Section 7088-1 of Remington's Compiled Stat-
To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 114, entitled:

"An act relating to and regulating the practice of the profession of engineering and land surveying, defining the powers and duties of certain officers; providing penalties for violations thereof and making an appropriation."

This is a lengthy, complicated and technical bill for the regulation of the profession of engineering, embracing "investigating, reporting on, designing and/or supervising the construction of equipment, structures, utilities and/or projects, when the proper performance of such services requires technical engineering knowledge and skill, and shall include civil, mechanical, structural and/or hydraulic engineering," and land surveying. It would create
another board. If the necessity for such a law were admitted, the provisions of the present bill are objectionable for their drastic and far-reaching effects. For these reasons, House Bill No. 114 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, February 21, 1931.

To the Honorable
The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 116, entitled:

"An act relating to leaves of absence for public officers and employees while engaged upon military or naval duty."

This bill would place an added load on the already overburdened taxpayer. Under its provisions, all employees of the state, county, city or other taxing districts, who are members of the National Guard or officers of the Reserve Corps or enlisted reserves of the Army, Navy or Marine Corps, would be entitled to an additional fifteen days' vacation on pay, if on military duty for that length of time.

The pay of most employees of private concerns has been reduced during the last year and, worse yet, many worthy citizens are vainly seeking employment. Employees of the state, county, city and other taxing districts are fortunate to have permanent positions.

For these reasons, House Bill No. 116 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Friday, March 6, 1931.

To the Honorable
The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 138, entitled:

"An act relating to the sale of state lands and amending Section 6, Chapter 88, Session Laws of the State of Washington, 1905."

This bill is unnecessary. Under present law, state lands suitable for irrigation, may be sold. It is not good business or good public policy to force sale of such lands.

Therefore, House Bill No. 138 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.
Monday, March 2, 1931.

To the Honorable
The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 143, entitled:

"An act relating to and regulating the sale of eggs and egg products, providing penalties for violations thereof, and repealing Chapter 94 of the Laws of 1915 and Chapter 120 of the Laws of 1919."

Chapter 94 of the Laws of 1915 and Chapter 120 of the Laws of 1919 are still on the statute books and embody all the legislation that is deemed necessary relating to eggs. The provision in Chapter 94 of the Laws of 1915, requiring eggs that have been in cold storage for ninety days before being offered for sale, to be branded or stamped with the word "storage," is omitted from this bill. The present bill would repeal that provision. It also discriminates against the small poultryman.

The bill is objectionable in another respect. It makes it unlawful for any person manufacturing or selling any food product containing egg or egg products, to sell or offer for sale in this state any food products containing foreign eggs or egg products without having printed on the wrapper or container of such food product in legible letters, the words "Foreign Eggs Used in This Product." This feature of the bill would certainly place Washington manufacturers at a disadvantage to persons manufacturing like products in other states. The bill not only discriminates against the small poultryman, but discriminates against the Washington manufacturer of food products containing foreign egg or egg products.

For these reasons, House Bill No. 143 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 154, entitled:

"An act to provide for the incorporation, regulation, merger, consolidation and dissolution of certain corporations for profit, and to make uniform the law with relation thereto, and to repeal all acts and parts of acts in conflict herewith."

This bill is defective in some important respects. Section 21 thereof requires stock certificates to be transferred in accordance with the provisions of the uniform stock transfer act. There is none such in this state, the bill having failed to pass.

The method of arriving at the value of consideration for shares when paid in other than cash should not be made conclusive upon third parties dealing with corporations.
Subdivision IV of Section 35 provides: "Every shareholder shall have a right to examine, in person or by agent or attorney, at any reasonable time or times, for any reasonable purpose, the share register, books of account and records of the proceedings of the shareholders and directors and to make extracts therefrom." This is not sufficient. The rights of the shareholder to examine the records of the corporation should not be restricted.

There are other defects not necessary to point out.

The approval of this bill would greatly increase the cost in the operation of the Secretary of State's office. The corporation laws now in force are sufficient for the present. Therefore, House Bill No. 154 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Friday, March 6, 1931.

To the Honorable
The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 184, entitled:

"An act relating to forests of the state; providing fire protection therefor; prescribing the duties of wardens and rangers in connection therewith; and amending Section 6 of Chapter 125, Laws of 1911 (Section 5786 of Remington's Compiled Statutes)."

The present law is sufficient. It vests in the Supervisor of Forestry ample authority to handle any emergency or situation.

Therefore, House Bill No. 184 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 213, entitled:

"An act relating to common carriers of passengers upon public highways, providing for the issuance of permits, requiring bonds, regulating the recovery of damages, and amending Sections 2 and 3 of Chapter 57 of the Laws of 1915."

This bill amends existing laws by making it harder for persons injured by common carriers upon highways to recover for such injuries, and limits the
amount of recovery on the bonds of such common carriers. Existing laws should not be changed in these respects.

For that reason, House Bill No. 213 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 16, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 226, entitled:

"An act providing for costs on appeal to the Supreme Court and amending Section 1744 of Remington's Compiled Statutes of Washington, 1922."

This bill relates to costs in the Supreme Court. It doubles the fees of court reporters, at the expense of litigants, in counties not having an official court reporter. There should be no discrimination. Therefore, House Bill No. 226 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 262, entitled:

"An act relating to the assessment and taxation of live stock, the division of such taxes between counties, the duties of owners of live stock, and repealing Section 12 of Chapter 130 of the Laws of the Extraordinary Session of 1925."

This bill is designed to improve the law for the taxation of migratory stock. As it passed the House, it would do so.

The provisions of the bill were changed due to an error in the engrossment thereof in the Senate. For that reason, said House Bill No. 262 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.
Monday, March 23, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 282, entitled:

"An act relating to mutual savings banks, and amending Section 10 of Chapter 74 of the Laws of Washington of the Session of 1929."

Savings accounts should be surrounded by every safeguard. Such funds should not be made available for investment in any but the highest class of securities. At every session of the legislature since the reclamation revolving fund has been established, the state has been importuned to take up obligations of irrigation districts for a fraction of the face value of such obligations. The present restrictions on mutual savings banks in respect to investments should not be disturbed.

Therefore, House Bill No. 282 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 288, entitled:

"An act authorizing and empowering county commissioners to levy a special tax and to provide money for the purpose of encouraging tourist travel and inducing immigration and industrial enterprises into the state, providing for the expenditure thereof, and repealing all acts and parts of acts in conflict herewith."

This bill would authorize boards of county commissioners in Class A counties to levy and collect annually, without the taxpayers' consent, a special tax not to exceed one-half mill on each dollar of the assessed valuation of all property within the respective counties, to be used for advertising purposes.

Advertising of this kind is not a governmental function, and it is unfair to add to the people's present heavy tax burden by special tax legislation. The best kind of advertising is to cut down expenditures of public funds so as to really give worth-while relief to the taxpayer, thus restoring a rate of taxation that will permit people to again own homes and property in Washington state.

For these reasons, House Bill No. 288 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.
To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 289, entitled:

"An act relating to and regulating lying-in hospitals, maternity homes and homes for infant children, defining the powers and duties of certain officers in relation thereto, and providing penalties for violations thereof."

This is another attempt of government to unnecessarily regulate the private affairs of the individual citizen. It provides for more licenses, more inspections, more regulations, more investigations, and consequently increased cost of government.

For these reasons, House Bill No. 289 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 293, entitled:

"An act relating to and authorizing cities and towns to acquire necessary lands by purchase or condemnation, to pay for the same by the levy of taxes and/or issuance of bonds and to donate the same to the United States for a branch of the national home for disabled volunteer soldiers provided for by the act of Congress approved July 3, 1930."

This bill would authorize any city or town to acquire and donate to the United States a site for a branch of the national home for disabled soldiers if the national government should decide to locate the same in such city or town. As it has been decided to locate such home in the State of Oregon and not in the State of Washington, the bill is superfluous. Therefore, House Bill No. 293 is vetoed.

Respectfully,
ROLAND H. HARTLEY,
Governor.
To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 305, entitled:

"An act relating to agriculture and amending Section 8 of Chapter 153 of the Session Laws of 1921."

Among the provisions amendatory of Section 8 of Chapter 153 of the Laws of 1921, as amended by Section 6 of Chapter 137 of the Laws of 1923, is the following: "For those soliciting orders and selling from a catalog only or by sample only, the license fee shall be five (5) dollars; provided, this provision shall not apply to solicitors from regular licensed dealers."

This would appear to give a preference to Washington dealers over dealers in other states contrary to the commerce clause of the Federal constitution, as construed by the Circuit Court of Appeals in the case of Boyce v. French, 293 Federal 43.

For this reason, and for the further reason that House Bill No. 305 is unnecessary, it is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Thursday, March 12, 1931.

To the Honorable

The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 315, entitled:

"An act providing for and regulating the registration of voters, to prevent fraud, providing penalties for violations thereof, and repealing certain acts and parts of acts in relation thereto."

This bill purports to be an act providing permanent registration for voters who continue to reside in the same location and vote at least once in each two years. The detail of administration is so complicated that great confusion and increased cost would inevitably result. It sets up a form of registration which is very cumbersome in its operation. Under the provisions of the act, every registration office in the state would be required to purchase triplicate registration cards, costly filing cabinets and other equipment. In order to be of any service and preserve the registration cards they would necessarily have to be metal files, and the expense would be enormous. At the present time we have our registration books which are inexpensive and have served the purpose for many years. Under this bill, when a voter casts his ballot the election officer must stamp or mark on the back of the voter's registration card the fact that the elector voted. This entry would necessarily have to be stamped or marked on the duplicate card kept in the auditor's office. In order to determine who had the right to vote, under the
provisions of the bill, the registering officer would have to keep books on each and every one of the 600,000 or more voters of the state.

The bill further provides that failure to vote for two years automatically cancels registration. For the last general election there were 559,898 registered. Of this number 360,087 voted; 199,811, or about 36\% of the registrants, failed to vote. This bill requires notice to be mailed to all such. They may register again, fail to vote again, and get new notices in two years. In 1915 an act was passed voiding the registration of any voter who failed to vote at any general state, county or municipal election, held in the precinct in which he was registered. This law worked so badly it was repealed in 1919. Is there any reason to suppose it will work better now?

The theory that permanent registration would make more people vote is unsound. Civic duty cannot be legislated into careless, negligent or indolent citizens.

Registration under this act would be recorded on loose leaf cards. The loss of such cards would deprive the citizen of his right to vote, and would open the way to endless fraud and confusion. It is easier to lose a single card than a book containing the names of an entire precinct.

For these reasons, House Bill No. 315 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 24, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to certain items, House Bill No. 364, entitled:

"An act making appropriations for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices, for the purchase and improvement of land, the construction of buildings and improvements for the various state institutions designated and mentioned, and for emergencies, and for purposes specified in certain acts of Congress, and for sundry civil expenses of the state government, and for miscellaneous purposes, for the fiscal biennium beginning April 1, 1931, and ending March 31, 1933, except as otherwise provided, and declaring that this act shall take effect immediately."

I disapprove and veto the item of $10,000.00 for the State Treasurer "from the Highway Safety Fund, Salaries and Wages, Extra Clerks, etc.," for the reason that ample provision has been made for the operation of all functions in the office of the State Treasurer.

I disapprove and veto the item of $15,000.00 for the Attorney General, "Savings and loan litigation," for the reason that legal expenses, other than counsel and advice to the Director of Efficiency, should not be borne by the general taxpayer.
I disapprove and veto the items of $67,000.00 and $33,000.00 for the State Tax Commission "from the Current School Fund for the exclusive purpose of carrying out the provisions of Senate Bill No. 26, $67,000.00 for the exclusive purpose of carrying out the provisions of Senate Bill No. 27, $33,000.00," for the reason that both Senate Bill No. 26 and Substitute Senate Bill No. 27 have been vetoed.

I disapprove and veto items of salaries and wages $35,000.00 and capital outlays $50,000.00 for the State Parks Committee, "from the Parks and Parkway Fund," for the reason that there was ample money set up in the Governor's budget—all that the people of this state can afford during the greatest depression that has hit the country in thirty-five years.

With the exceptions of the foregoing vetoes, House Bill No. 364 is approved.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 366, entitled:

"An act relating to the payment of annual fees and taxes by claimants of water power; to the furnishing of an annual statement by such claimants; giving the state a first lien for all such fees and taxes; providing penalties for failure to pay such fees or taxes or to make such statements; and amending Section 1 of Chapter 105 of the Laws of 1929."

This bill, as finally passed, deprives the state of fifty thousand dollars a year in fees now received under existing law.

For this reason, House Bill No. 366 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 369, entitled:

"An act relating to refunds of overcharges made by public service companies; prescribing procedure in matters relating thereto, and amending Section 10433 of Remington's Compiled Statutes of Washington; repealing certain acts and declaring that this act shall take effect immediately."
This bill amends section 10433 of Remington's Compiled Statutes and repeals Sections 10434, 10435, 10436, 10437, 10438 and 10439 of Remington's Compiled Statutes.

The amended section provides for hearing complaints before the Department of Public Works as to the reasonableness of any charge by a public service company, authorizes the department to make findings of overcharges, if any, and provides institution of an action if the overcharges are not paid.

The bill is a re-write of the amended and repealed sections, but omits entirely the provisions of Section 10436 authorizing the Department of Public Works to collect and retain ten per cent of the refunds as reimbursement for investigating the overcharges. Because said bill would deprive the Department of Public Works of these revenues, to which the department is and should be entitled, House Bill No. 369 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 398, entitled:

"An act to apportion and district anew the State of Washington into senatorial and representative districts for legislative purposes, providing for the election of senators and representatives, defining the powers and duties of certain officers, and declaring that this act shall take effect immediately."

House Bill No. 398 repeals or amends the provisions of Chapter 2 of the Laws of 1931 (Initiative Measure No. 57), which was submitted to the people and approved by them at the general election in November, 1930.

The Attorney General advises by written opinion that constitutional provision makes this bill inoperative until 1934. Therefore, House Bill No. 398 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 24, 1931.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to certain items, House Bill No. 399, entitled:

"An act making appropriations and reappropriations for the construction of buildings, for maintenance and for sundry expenses at the various state
institutions, schools, and state offices, for the relief of certain individuals, corporations, counties and municipalities, and for purposes specified in certain acts of Congress, and for miscellaneous purposes for the biennium beginning April 1, 1931, and ending March 31, 1933, except as otherwise provided and providing this act shall take effect immediately."

I disapprove and veto the item "For Skagit County: Special road assessment against state lands for improvement of Guemes Island Road No. 12, unpaid balance of assessment $235.81," for the reason that, under the law, the treasurer of Skagit county should have collected the assessment from the contract holder, but he failed to do so.

I disapprove and veto the item "For the City of Seattle: Squires Lakeside addition et al $1,162.63", and the item "District 3240 et al $1,457.65", "Total City of Seattle $2,620.28"; and the item "For the City of Seattle: Seattle tide lands, Lake Union shore lands, Hillman City addition, et al $9,728.65"; for the reason that the above items have not been certified by the State Land Commissioner, as required by law.

I disapprove and veto the item "For the City of Spokane: Sec. 16-25-43E and Allendale addition $86.40", for the reason that it includes $51.72 for assessments and interest levied by District No. 14 against property which was under contract of sale from the state, and such assessment should have been collected from the contract holder.

I disapprove and veto the item "For King County: Drainage district No. 1, et al $5,313.61"; and the item "For Thurston County: Drainage improvement district No. 7 of Thurston and Lewis Counties $1,239.27"; and the items "For Whatcom County: Drainage District No. 5 $2.62, Road district No. 31 $70.51, total for Whatcom County $73.13"; and the items "For Yakima County: Summitview, Cowitchee and Tieton road improvement district $313.96, Sunnyside Valley irrigation district $4,150.10, Nob Hill and Ahtanum road district $389.22, Drainage district No. 27 $1.72, Drainage district No. 41 $596.20, total $5,451.20"; and the items "For Clark County: Drainage district No. 5 $30.70, Manor road No. 7 $128.00, total for Clark county $158.70"; for the reason that these items have not been certified by the State Land Commissioner, as required by law.

I disapprove and veto the item "For the State Land Commissioner: For the completion of the surveys and plats of the harbors and tide lands at Everett, Ilwaco and Port Angeles $8,000.00", for the reason that this item was not requested or included in the budget submitted by the State Land Commissioner.

I disapprove and veto the item "For the Treasurer of Pierce County: For local improvement assessments levied against Tacoma tide lands and against lots 34 to 37, block 26 SE, Tacoma $43.56", for the reason that the majority of the land covered by these assessments is not owned by the state.

I disapprove and veto the item "For the Department of Agriculture: For the payment of bounties, April 1, 1931, to March 31, 1933, for the destruction of predatory animals $20,000.00", for the reason that this item was not requested nor included in the budget by the Director of Agriculture.

I disapprove and veto the item "For Skagit County: To correct error in previous payment of local improvement assessment on E 1/2 of NW 1/4 of Sec. 16, Twp. 33, 3 E, district No. 15 $132.00", for the reason that this is
a duplication and is included in the amount of §341.48 under the sub-total of §783.51, shown on page two of House Bill No. 399.

I disapprove and veto the item “For M. R. Smith Lumber and Shingle Co.: For refund of fees paid for which no service was given §302.50”, for the reason that this covers license fees paid for the years 1924, 1925 and 1926, against which the statute of limitations has run. Other claimants for refunds of license fees have not been allowed returns for those years against which the statute of limitations has run, and the state should show no preference to the M. R. Smith Lumber and Shingle Company.

I disapprove and veto the item “From the Reclamation Revolving Fund for Columbia Basin Survey §15,000.00”, for the reason that there is nothing to do in connection with this project until such time as the army engineers have completed their survey and reported their findings to Washington, D. C., and until Congress shall have taken some action in connection therewith.

I disapprove and veto the item “For the Commissioner of Public Lands: Survey and establishment of harbor lines, resurvey of existing tide lands and survey and platting of additional tide lands of the first class at Port Townsend §5,000.00”, for the reason that this item was not requested nor included in the budget by the State Land Commissioner.

I disapprove and veto the item “For J. A. Johnson: For contribution to drainage ditch draining section 36, twp. 39 N., range 1 E §100.00”, for the reason that this has not been certified by the State Land Commissioner, as required by law.

I disapprove and veto the item “From the General Fund for the relief of A. M. Larson §41.04”, for the reason that this is not an obligation of the General Fund of the State of Washington. If this appropriation should be made at all, it should come from the State Fisheries Fund.

I disapprove and veto the following items: “Refunding bond purchases, Richland Irrigation District §300,000.00; Refunding bond purchases, Oroville-Tonasket Irrigation District §450,000.00; Refunding bond purchases, Sunnyside Irrigation District §108,000.00; Lake Irrigation District bond purchases §100,000.00; Refunding bond purchases, Lake Chelan Reclamation District §240,000.00”; for the reason that the need of these appropriations has not been demonstrated, nor have they been requested by the Director of Conservation and Development. I disapprove of these items for the further reason that, were such appropriations allowed to stand, it would mean the depletion of the Reclamation Revolving Fund, and it would follow that two years hence the tax levy of one-half mill would necessarily be again added to the load the taxpayers are called upon to bear.

I disapprove and veto the item “For the Eastern Washington State Historical Society §3000.00”. In 1927, I vetoed an appropriation for the Eastern Washington State Historical Society, stating as follows: “The state is already making appropriations for two state historical societies. The two societies for which appropriations have been made are amply qualified to do whatever work may be necessary. Furthermore, when the Eastern Washington State Historical Society was recognized by law, it was understood with the sponsors thereof that no appropriation would ever be asked therefore. For these reasons, said item is vetoed.” For the same reasons as existed then, this item is vetoed.
I disapprove and veto the item "For Legislative Expenses: For legislature expenses and/or legislative printing of the Twenty-second Legislature (to be paid as other legislative expenses and printing are paid) $10,000.00", as I am informed that there is sufficient money available in appropriations heretofore approved to pay all expenses of the Twenty-second Session of the Legislature.

I disapprove and veto the item "For the Department of Agriculture: To carry out provisions of Senate Bill No. 79 $10,000.00", for the reason that this work should be cared for from the regular appropriation for the Department of Agriculture.

With the exception of the foregoing vetoes, House Bill No. 399 is approved.

Respectfully,

ROLAND H. HARTLEY,
Governor.

CHIEF CLERK TO CALL TO ORDER.*

Rule 1. Custom, so prevalent and so ancient as to have the force of law, has made it the duty of the Chief Clerk of the previous assembly to call the Session to order and to conduct the proceedings generally until a Speaker is chosen.

The Secretary of State furnishes to the Clerk a certified statement of the names of the members elect, which is read by the Clerk. The roll is called and the oath of office is administered to the members by a justice of the supreme court. The members rise and are sworn. The assembly then proceeds to the election of its officers.

ELECTION OF SPEAKER, CHIEF CLERK AND SERGEANT-AT-ARMS.

Rule 2. The House shall elect at the commencement of each Session its presiding officer who shall be styled Speaker of the House, a Chief Clerk of the House, and a Sergeant-at-Arms, who shall hold office during the regular Session.

In all elections by the Legislature the members shall vote *viva voce* and their vote shall be entered on the journal.

POWERS AND DUTIES OF SPEAKER.

Rule 3. The Speaker shall take the chair every day precisely at the hour to which the House shall have adjourned on the preceding day. He shall immediately call the members to order and on the appearance of a majority of the members shall proceed with the order of business prescribed by Rule 9.

He shall possess the powers and perform the duties herein prescribed, viz.:

(a) He shall preserve order and decorum, may speak to points of order in preference to the other members, rising from his chair for that purpose.

(b) He shall decide all questions of order subject to appeal to the House. On every appeal he shall have the right, in his place, to assign his reason for his decision.

(c) The Speaker shall rise to put a question, but may state it sitting.

(d) The speaker shall have a general direction of the House Chambers.

(e) He shall have the right to name any member to perform the duties of the chair, but such substitution shall not extend beyond an adjournment.

(f) He shall appoint all standing and special committees.

(g) In case of any disturbance or disorderly conduct in the lobby, the Speaker (or chairman of the whole house) shall have the power to order the same to be cleared.

(h) He shall designate the persons who shall act as reporters for the public press.

(i) He shall announce the business before the house in the order in which it is to be acted upon.

(j) He shall sign all acts, joint resolutions, concurrent resolutions and joint memorials in open Session of the House. (See Joint Rule No. 12.)

(k) To authenticate by his signature, when necessary, all the acts, orders and proceedings of the House.

DUTIES OF CHIEF CLERK.

Rule 4. The duties of the Chief Clerk shall be as follows:

(a) He shall select all employees of the House, by and with the consent of the Speaker, and may remove them subject to the approval of the Speaker.

(b) He shall see that the journal is properly kept, and have general supervision over all clerks and employees not under the supervision of the Sergeant-at-Arms.

*The practice is similar to that of the House of Representatives of Congress, where the clerk, by old usage, continues as an officer in a new Congress until the election of a speaker.
(c) He shall perform under the direction of the presiding officer all other duties pertaining to his office as Clerk and shall be responsible for the official acts of his assistants.

**DUTIES OF SERGEANT-AT-ARMS.**

**Rule 5.** (a) The duties of the Sergeant-at-Arms shall be as follows: He shall attend the House during the sittings, announce all messages, preserve order, execute all processes issued by authority of the House and directed to him by the Speaker.

(c) He shall see that no person is admitted to the House Chamber or Committee Rooms except in accordance with the provisions of Rule 80.

**CERTIFICATION OF PAYROLL OF MEMBERS AND EMPLOYEES.**

**Rule 8.** Before proceeding to business, the roll of the members shall be called and the names of those present and those absent shall be entered on the journal. A majority of all the members elected must be present to constitute a quorum for the transaction of business. Seven members with the Speaker, or eight members in his absence, having chosen a Speaker pro tempore, shall be authorized to call the House, and compel the attendance of absent members, making order for their fine and censure, and may adjourn. For the purpose of determining whether a quorum be present, the Speaker, or chairman, shall count all members present, whether voting or not.
