IN TESTIMONY WHEREOF, I have hereunto set my hand, and affixed the Seal of the State of Washington at Olympia, this thirteenth day of January, A.D., 1941.

(BELLE REEVES, Secretary of State)

The roll was called and all members were present except W. A. Richmond of the twenty-sixth district, Pierce County.

The Honorable Samuel M. Driver, Justice of the Supreme Court of the State of Washington, administered the oath to all members present.

Nominations for Speaker of the House of Representatives were declared to be in order.

The Chair recognized Mr. Devenish.

Mr. Devenish of Adams, Ferry and Lincoln:

"Mr. Chief Clerk, Ladies and Gentlemen:

"I know that every member of this Legislature has given much time and thought to that legislation which will come before this body within the next sixty days; also to that trust the people of our respective districts have placed in us, and the many obligations which we have personally assumed in coming here as representatives of this great State of Washington.

"Now, Ladies and Gentlemen, in order that we may properly facilitate and expedite that legislation, also that trust we owe our constituents, and the many obligations we personally assumed, you know and I know that it is extremely necessary that we select a Speaker well qualified in experience, in personality and in leadership who will have the ability to preside over this body with decorum at all times. Yes, Ladies and Gentlemen, we want a Speaker who will be fair and reasonable, who will bear malice toward no one, a Speaker who has the ability to meet the many problems coming before this body, with honesty, with sincerity, and without partiality. Yes, we want more than that—we want a Speaker who has the interest and the welfare of all people of this great State at heart, a Speaker who believes in good, sound, honest legislation and will cooperate with the members of this Legislature to the fullest extent in promoting that legislation which will be most beneficial to the people of this great State.

"Now, Ladies and Gentlemen, the individual whom I am about to nominate is possessed with all the qualifications which I have referred to, and many more. At this time it is a pleasure, and I consider it a privilege, to submit to you for your honest consideration the name of Edward J. Reilly, for Speaker of this House, for the session of 1941."

The Chair recognized Mr. O'Brien.

Mr. O'Brien of King:

"Mr. Chief Clerk, Ladies and Gentlemen:

"It is indeed an honor and a privilege for me to have this opportunity of seconding the nomination of Mr. Edward J. Reilly."
This Twenty-seventh Legislative Session of the State of Washington promises to be one of the most momentous and exciting in the history of our State. We are indeed fortunate to have in Mr. Reilly the type of man who has all the qualifications necessary to direct us through the coming perplexing days with dispatch and fortitude.

We, newly elected to the Legislature, I know, fully realize that we must have a man in whom we can place our utmost trust and fullest confidence, a man who must have the background and experience necessary to be an outstanding and capable presiding officer.

"Therefore, I wholeheartedly recommend to you Mr. Edward J. Reilly as your Speaker of the House of Representatives."

The Chair recognized Mr. Martin.

Mr. Martin of San Juan and Skagit:

"Mr. Chief Clerk, Honorable Judge, Ladies and Gentlemen of the House of Representatives:

I wish to second the nomination of Ed Reilly as Speaker of this House of Representatives. I consider him better qualified for that position, by reason of his past experience, than any other member of this honorable body. I deem it a real pleasure to second the nomination of this man because I have found he is a better man than I am. He beat me in the democratic caucus by a large majority, so I know that he must be good.

Ed Reilly has served as a member of this House for three sessions. He was a floor leader last session, and he was Speaker of this House in 1937. That experience, together with his natural ability, should make him, in this session, one of the best Speakers this House has ever had. We face serious problems at this session—problems which call for the intelligent and concerted efforts of all of us, but with the Speakership in such capable hands, and with the ability which is so apparent in the membership of this House, I am sure that we are going to solve all of those problems.

"So it is with real pleasure and with the utmost confidence that I second the nomination of Ed Reilly for Speaker of this House."

The Chair recognized Mr. Rosellini.

Mr. Rosellini of Pierce:

"Mr. Chairman and Members of the House:

I wish to speak on behalf of Mr. Edward J. Reilly's candidacy as Speaker of this House. I believe the Speaker should have the qualities of fairness, experience, good judgment and leadership. I now submit to you that we have observed Mr. Reilly during the past sessions, and know that he has all of these qualities. He has one more that a Speaker must have—the confidence of all the members of the House.

"Therefore, I consider it a privilege to second his nomination."

The Chair recognized Mr. Smith (Jurie B.).

Mr. Smith (Jurie B.) of King:

"Mr. Chairman and Members of the Legislature:

"I also want to add my second to Mr. Reilly's nomination. I have sat under Mr. Reilly as Speaker—many of the members here have sat under Mr. Reilly—and there is not a bit of doubt in any of our minds as to his fairness and ability. We are going to have many things come before us this session that are going to take ability both in the chair and on the floor, and I am glad to know that we have a man who has that ability."

The Chair recognized Mrs. Hansen (Julia Butler).

Mrs. Hansen (Julia Butler) of Cowlitz and Wahkiakum:

"Mr. Chief Clerk, Honorable Judge, Members of the House:

"It is with a great deal of pleasure that I also second the nomination of Edward J. Reilly. It is a distinct privilege as a democratic member of this House to present as our candidate for Speaker a man whom we know will have tolerance, justice, fairness, and consideration for each member, and it is with pleasure that I second his nomination."
The Chair recognized Mr. Eddy.

Mr. Eddy of King:

"Mr. Chairman, I rise to second the nomination of Edward J. Reilly for Speaker of this House for the coming session.

"I have known Mr. Reilly with us here on the floor. I worked with him as Speaker the session before the last, and at all times I have found him fair, earnest and capable. Of course, Mr. Reilly and I did not always agree; nevertheless, I, as a Republican, can work fairly and squarely with him, and he worked with me fairly and squarely as a Democrat, so that we always had harmony between us. I think his rulings were always in the interest of the State of Washington. I know that he will make a capable Speaker for this session, and I wish to second his nomination."

The Chair recognized Mr. Vane.

Mr. Vane of Pierce:

"Mr. Chief Clerk, Justice Driver, Members of the Legislature:

"There would be very little good come from my trying to add to all the fine things that have been said about the candidate for Speaker. It is in order for me as a defeated candidate who aspired to that job which we know he can fill so well for the State and for this body, to confirm what has been said regarding his capabilities and resourcefulness, and his desires and principles as to the conduct of this House.

"I am sure I speak for myself and for each member of the Pierce County delegation when I say that we do agree with all the things that have been said about Mr. Reilly, and we do concur that his selection will give us one of the finest Speakers that this body has ever had. Therefore, I do second the nomination of Mr. Edward J. Reilly."

The Chair recognized Mr. Riley (Edward F.).

Mr. Riley (Edward F.) of King:

"Mr. Chief Clerk, Ladies and Gentlemen:

"I take this opportunity to second the nomination of Mr. Edward J. Reilly for Speaker of this House. It gives me a great deal of pleasure to agree with all the good things that have been said about Mr. Edward J. Reilly and his candidacy for the Speakership. I recognize that one of the qualifications for a Speaker is leadership. Mr. Reilly has proved that he possesses this qualification. I also recognize that fairness is an important attribute for a man to possess who aspires to be Speaker of this body. Mr. Reilly has an abundance of this worthwhile quality and qualification.

"He also has had experience as a presiding officer. I do not believe that there is any substitute for experience. Therefore, I am delighted and privileged to second the nomination of Mr. Edward J. Reilly for Speaker of this House."

On motion of Mr. Phillips, nominations for Speaker were closed.

The Clerk called the roll and Mr. Reilly (Edward J.) was unanimously elected Speaker of the House of Representatives by the following vote: Yeas, 97; nays, 0; absent or not voting, 2.

Those voting for Mr. Reilly (Edward J.) were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Backman, Beierlein, Bernethy, Bienz, Boede, Broome, Callow, Carty, Chervenka, Clark, Cowen, Custer, Devenish, Doherty, Doottson, Dorie, Eaton, Eddy, Erdahl, Ford (Robert M.), Ford (U. Absent or not voting were: Representatives Reilly (Edward J.), Rich­mond—2.

The Chief Clerk announced that Mr. Edward J. Reilly, having received the unanimous vote of the House, was elected Speaker of the House of Representatives.

The Chief Clerk appointed Representatives Devenish, Julia Butler Hansen and Zent to escort Mr. Edward J. Reilly to the rostrum.

Representatives Devenish, Julia Butler Hansen and Zent escorted Mr. Edward J. Reilly to the rostrum where the Honorable Samuel M. Driver, Justice of the State Supreme Court, administered the oath of office to him.

On motion of Mr. Cowen, Mrs. Reilly, who was observed in the gallery, was requested to stand and be introduced to all members of the House, their families, and the employees.

The Speaker assumed the Chair, and addressed the House with the follow­ing remarks:

"Members of the House:

"I assure you there is one man here who certainly has watched very closely what has happened on this opening day. I had hoped to escape the recognized duty of de­livering an acceptance speech.

"I am deeply appreciative of the vote of confidence you have placed in me. In assuming the heavy responsibility of being your Speaker this session, I am certainly mindful of the fact that we have great responsibilities. From my experience and obser­vation I know that each and every one of you will give your untiring efforts so that we may have a successful session. I shall try to excell in every respect, particularly in conducting this office in a fair and impartial manner.

"There will be numerous cases when perplexing problems will be on this floor. I ask only that you be patient with me as I try to give each and every one of you the opportunity to produce his arguments.

"We are not meeting in just an ordinary session of the Legislature. We have re­sponsibilities in our State in common with every state throughout the entire nation. We are embroiled in a foreign war, and we are making preparations for our national de­fense, a condition which we had hoped would pass forever from the affairs of civilized nations. We are confronted with the problem of financing the State for the coming biennium. That in itself is no small problem. We must take care of thousands in need. We must follow the mandates of the people who passed the initiatives, the people who elected us, and we must see that the burden of taxation is not unjustly placed on any person's or group of person's shoulders. We have that problem to face, and I am sure that the members of this house can face it.

"May I offer just one word of suggestion to the members of this House. For this one session we must be loyal to our State, loyal to our country, each of us loyal to one another, and above all, loyal to our principles. I am sure that we will have a successful session. I ask only that the old members give to me the same support and cooperation as your Speaker that you gave to the Speaker in the 1939 Session. I ask the same of the new members who did not or have not had the privilege and opportunity of serv­ing under him. With that cooperation, I assure you that we will close on the sixtieth day, with a session as successful, if not more so, irrespective of the problems we have to handle.

"I am deeply appreciative of these problems, and I assure you I will extend every effort of mind and body to prove I am worthy of your confidence in me. Thank you."

(Applause.)

The Speaker announced that nominations for Chief Clerk of the House were in order.
The Speaker recognized Mr. Carty.

Mr. Carty of Clark:

"Mr. Speaker, I would like to place in nomination the name of a man who is known not only to the membership here, but to the state at large, one who has had experience as Assistant Chief Clerk and later as Chief Clerk. I place in nomination the name of Si Holcomb."

The Speaker recognized Mr. Cowen.

Mr. Cowen of Spokane:

"Mr. Speaker, Ladies and Gentlemen:

"Next to the Speaker, the most important position in the House of Representatives is that of Chief Clerk. The position carries tremendous responsibility, especially in relieving the members of the House of some of their own responsibility.

"Therefore, it gives me great pleasure to second the nomination of Mr. S. R. Holcomb as Chief Clerk."

On motion of Mr. O'Gorman, nominations for Chief Clerk were closed.

The Clerk called the roll, and Mr. S. R. Holcomb was unanimously elected Chief Clerk of the House of Representatives by the following vote: Yeas, 98; nays, 0; absent or not voting, 1.

Mr. Johnston (Geo. H.) of Spokane:

The Speaker recognized Mr. Underwood.

Mr. Underwood of King:

"Mr. Speaker, and Honorable Members of this Assembly:

I give you the name of a man for the position of Sergeant-at-Arms who time after time has extended himself to assist the members of this House. There is not one single member who doubts his ability. He is well qualified for the position, and will serve this body well.

The Speaker recognized Mr. Vane.

Mr. Vane of Pierce:

"Mr. Speaker, I rise to second the nomination of my friend and former colleague, Mr. Gerald Dixon. We know his qualifications, his good judgment, his patience, and his desire to serve us faithfully and well. I know he will perform his duties in a capable manner, and I hope you fellows will support him."

The Speaker recognized Mrs. Hansen (Julia Butler).

Mrs. Hansen (Julia Butler) of Cowlitz and Wahkiakum:

"Mr. Speaker, it gives me a great deal of pleasure to also second the nomination of Mr. Dixon. I had the privilege of serving with him last session. I know he is a just, fair, and courteous person, and that he will serve this House to the best of his ability."

The Speaker recognized Mr. Miller (Floyd C.).

Mr. Miller (Floyd C.) of King:

"Mr. Speaker, it gives me a great deal of pleasure to rise and second the nomination of Mr. Gerald Dixon. I had the pleasure of serving with him in 1937. I am certain that if he is elected Sergeant-at-Arms he will serve us as he did when a member of this honorable body."

The Speaker recognized Mr. Hall.

Mr. Hall of King:

I served in this House for three sessions with him, and I found him to be a true, staunch Democrat, always standing up for democratic principles. If elected Sergeant-at-Arms of this House, I believe he will give good service. I know his ability fits him for this job, and I hope you all support him."

The Speaker recognized Mr. Dore.

Mr. Dore of Island and Snohomish:

"Mr. Speaker, Ladies and Gentlemen of the House of Representatives:

It gives me a great deal of pleasure to second the nomination of Gerald Dixon for Sergeant-at-Arms.

Mr. Dixon served in the House of Representatives the past three sessions, and most of you men and women here know that he served the people of his district and the people of the State of Washington well. I am pleased to second his nomination."

At this time I am glad to second his nomination."

"I rise to place before you the name of Mr. W. Newton Fry as your candidate for Sergeant-at-Arms.

"Mr. Fry is known to a number of you because he served in the sessions of 1937 and 1939 as a member of this House. He served with dignity on the floor of this assembly.

"A few minutes ago all of us rose and took an oath to serve the State faithfully and to the best of our ability. I say in all sincerity that Mr. Fry has to me taken an oath that he will serve you, each and every one of you, to the very best of his ability.

"Mr. Fry is a farmer. At this season of the year he happens to be free. I think this is one of the ways we might increase the farm income.

"Mr. Fry, having served here, is familiar with the duties that are required of a Sergeant-at-Arms, and I can assure you that he will be honest, helpful and fair. Those of you who know him. I am sure, will agree with every statement I have made. To those of you who have not made up your minds regarding this important post, let me ask that you consider each statement that I have made as being clear fact. To the new members that are serving in this house for the first time, if you do not know Mr. Fry personally, I ask that you have enough faith in me to believe what I have said about his qualifications. Everything I have said about him is the truth and I am sure that he will add the necessary dignity to this body. I know that he will keep the corridors quiet, and also clear if necessary, so that you can transact your business quietly.

"I ask you to consider the name of Mr. Newton Fry of Dayton, Washington, Columbia County, as your candidate for Sergeant-at-Arms."

The Speaker recognized Mr. Bienz:

Mr. Bienz of Spokane:

"Mr. Speaker, Honorable Justice Driver, Members of the House of Representatives:

"I am very happy at this time to second the nomination of Newt Fry for Sergeant-at-Arms for this session. I know him to be honest, conscientious, and a hard worker, Newt Fry is patient and deliberate, and yet when occasion requires, can be stern. He has the qualities that you need in a Sergeant-at-Arms.

In Testimony Whereof, I have hereunto set my hand and affixed the Seal of the State of Washington, at Olympia, this 13th day of January, A. D., 1941.

BELLE REEVES, Secretary of State.
PROTEST TO ELECTION RETURN

BEFORE THE MEMBERS OF THE LEGISLATURE OF THE STATE OF WASHINGTON OF 1941 SESSION, SITTING JOINTLY AS A JUDICIAL BODY TO HEAR AND DETERMINE ELECTION CONTESTS.

In the matter of the Contest of the Election of Governor of the State of Washington:
BEN S. SAWYER, et al

CONTESTANTS

vs.

ARTHUR B. LANGLIE,
CONTESTEE

R. P. FULKERSON, being first duly sworn, on oath deposes and says:
That during all of the times herein mentioned he was and now is a citizen of the United States and a resident of the State of Washington and over the age of twenty-one (21) years at the time of service of the Notice of Election Contest by him upon Arthur B. Langlie.
That on the 11th day of January affiant served Arthur B. Langlie in Seattle, Washington, with a Notice of Election Contest by delivering to and leaving personally with Arthur B. Langlie a true copy of the original Notice of Election Contest in this matter.

R. P. Fullkerson.

Subscribed and sworn to before me this 11th day of January, 1941.

June Fowles,
NOTARY PUBLIC in and for the State of Washington, residing at Olympia.

BEFORE THE MEMBERS OF THE LEGISLATURE OF THE STATE OF WASHINGTON OF 1941 SESSION, SITTING JOINTLY AS A JUDICIAL BODY TO HEAR AND DETERMINE ELECTION CONTESTS.

In the matter of the Contest of the Election of Governor of the State of Washington:
BEN S. SAWYER, et al

CONTESTANTS

vs.

ARTHUR B. LANGLIE,
CONTESTEE

Comes now Ben S. Sawyer, in his own behalf and on behalf of other Electors, and hereby gives notice to Arthur B. Langlie that he contests the alleged election of Arthur B. Langlie as Governor of the State of Washington, and respectfully alleges and shows:

1. That whereas under and by virtue of authority of the Constitution of the State of Washington the matter of election contests for all executive officers, and therefore for Governor, has been exclusively lodged with the Legislature as a special judicial body to jointly hear and determine such contests.

2. That said Ben S. Sawyer is now and was at all time herein inferred and/or mentioned a regular qualified elector of the State of Washington. That said Sawyer voted as such in Olympia, Thurston County, State of Washington, in said General Election on November 5, 1940, and among the officers voted for included that of Governor.

3. That in all the precincts in all the counties of the State of Washington valid votes for said C. C. Dill, were erroneously not counted for him by the Judges and Inspectors of Election and/or by the Canvassing Boards.

4. That these errors were patent and readily apparent on the face of the ballots but nevertheless and notwithstanding were not counted for said Dill. That if said valid votes had been added to the votes received by and accredited to Dill, they would have changed the result of the election by giving said Dill a greater number of votes than those received by said Langlie.

5. That in said precincts many ballots showed a cross in the circle at the head of the Democratic ticket; and also on the same ballots showed a cross in the square after the name of said Langlie on the Republican ticket. That many of said ballots were not
counted on the ground that it was double-voting, while many of said votes were counted for said Langlie.

(7) That were all the votes thus cast to be determined by his Honorable Judicial Body to be double-voting, and therefore that such votes were invalid, then and in that event the grand total of votes received by said Langlie would be less than the grand total of votes received by said Dill.

(8) That if it should be determined by this Judicial Body that such votes as described, is not double-voting, but a vote that should be accredited to said Dill, then and in that event it would change the result of the election in that the amount of such votes added to those received by and accredited to candidate Dill would result in said Dill receiving more votes than those received by said Langlie and if those votes, which were erroneously accredited to Langlie were counted for said Dill and deducted from the votes Langlie was erroneously given it would give to candidate Dill a further larger vote than that received by said Langlie.

Wherefore said Contestant asks that a recount of the votes as aforesaid be ordered so that it may be determined, who in law and fact, has been elected Governor of this state and who is entitled to be inducted into office thereof. And that no Certificate of Election issue to either candidate, nor neither be inducted into office or declared elected until this contest has been fully heard and determined.

And that said Elector has such other plenary aid and relief, as such Elector, in the interest of the Sovereign State of Washington as is meet and just in the premises.

Ben S. Sawyer, Attorney Pro se, et al

STATE OF WASHINGTON
COUNTY OF THURSTON. } ss

Ben S. Sawyer on oath says, that he is the party named in the foregoing notice of contest as Contestant. That he has heard read the same, knows the contents thereof and variably believes the same to be true.

Ben S. Sawyer,

Subscribed and sworn to before me this 10 day of January, 1941.

(Notarial Seal) Geo. H. Funk,
Notary Public in and for the State of Washington duly commissioned and sworn as such and residing at Olympia.

N. B. Please serve any copies of responsive instruments or pleadings to this Notice of Contest, on Contestant at his office and P. O. address, to wit: No. 7 Funk Bldg., Olympia, Washington.

Senator Rosellini moved that the notice of election contest be referred to a special joint committee composed of nine members, three to be appointed from the Senate and six from the House of Representatives, the committee to report on the protest at ten o'clock tomorrow morning.

Mr. Hurley:

"Mr. Speaker, point of order. The joint rules provide that no other business than that for which the Joint Session was called may be acted upon during the Joint Session. I respectfully submit to you that this Joint Session was called for the purpose of canvassing the vote of the constitutional elective State officers as provided in Article III, Section 4, of the State Constitution. This relates to certifying the results of the election, and that is all the business this Joint Session can do at this time. I do not doubt but that another Joint Session can be called for the consideration of this protest, but I do not believe the protest can be considered at this Joint Session."

The Speaker:

"Mr. Hurley, I will have to rule you out of order. The Joint Session was called for the purpose of canvassing the vote of the constitutional election of the State officers and the consideration of all matters pertaining thereto."

Mr. Hurley:

"Mr. Speaker, I appeal from the decision of the Chair."
The Speaker:

"An appeal has been made from the decision of the Chair. Shall the decision of the Chair be the judgment of the House? As many as are in favor of it will say 'Aye'. As many as are opposed will say 'No'."

The appeal from the ruling of the Chair was lost on a voice vote.

The Speaker announced that the question before the Joint Session was the motion by Senator Rosellini that the protest of the election of Arthur B. Langlie as Governor of the State of Washington be referred to a committee of nine members, three to be chosen from the Senate and six from the House of Representatives, and that the committee report back at a Joint Session at 10:00 a.m. tomorrow.

A roll call was demanded, and the demand was sustained.

Mr. Todd:

"Mr. Speaker, point of order. We are operating under joint rules of the House and Senate, and there is no provision for a roll call in the joint rules."

The Speaker:

"The Chair will rule that if we are to be called together on any business whatsoever, there is an implied authority that we can vote on that business which is brought before the Joint Session. The Secretary will call the roll of the Senate on the motion by Senator Rosellini."

The Secretary called the roll of the Senate, and the motion by Senator Rosellini to refer to a committee of nine members the protest of the election of Arthur B. Langlie as Governor of the State of Washington failed to pass the Senate by the following vote: Yeas, 15; nays, 30; absent or not voting, 1.

Those voting yea were: Senators Atkinson, Balfour, Bargreen, Black, Farquharson, Jackson, Malstrom, Mohler, Neal, Ray, Rosellini, Shorett, Sullivan, Thomas, Voyce—15.

Those voting nay were: Senators Baldwin, Copeland, Dawson, Drumheller, Duggan, Edwards, Egbert, Gehman, Haddon, Huntley, Keller, Lindsay, Lovejoy, Marsh, Maxwell, McDonald, McGavick, McMillan, McQuesten, Miller, Moe, Morgan, Murfin, Murphy, Orndorff, Percival, Roberts, Schroeder, Stinson, Wall—30.

Those absent or not voting were: Senator Westman—1.

The Speaker instructed the Clerk to call the roll of the House on the motion by Senator Rosellini.

Mr. Richmond:

"Mr. Speaker, on the roll call I appear as an official member of the twenty-sixth district of Pierce County. I have been trying for about an hour and a half to resign, and to have my colleague, Mr. Trombley, appointed in my place. He is here, and I would like a ruling from the Chair as to whether or not he would have the right to vote. For the information of the Speaker, I have not as yet been sworn in as a member of this House."

The Speaker:

"The Speaker will rule, Mr. Richmond, that because of the fact you have not taken the oath of office of a legislator, you are not entitled to a vote. This ruling is applicable also to Mr. Trombley."

The Clerk proceeded to call the roll of the House, and the motion by Senator Rosellini to refer to a committee of nine members the protest of the election of Arthur B. Langlie as Governor of the State of Washington failed to pass the House by the following vote: Yeas, 30; nays, 68; absent or not voting, 1.
Those voting yea were: Representatives Armstrong (H. C.), Beierlein, Bernethy, Dootson, Dore, Ford (U. S., M.D.), Hall, Hansen (Julia Butler), Henson (Harry F.), McPherson, Miller (Floyd C.), Murphy, O'Gorman, Pennock, Pettus, Pitt, Riley (Edward F.), Rosellini, Ryan, Sandegren, Savage, Sexton, Smith (Jurie B.), Sweeney, Taylor, Tisdale, Van Buskirk, Vane, Watkins, Wenberg—30.

Those voting nay were: Representatives Armstrong (Ralph L. J.), Backman, Bienz, Boede, Broome, Callow, Carty, Chervenka, Clark, Cowen, Custer, Devenish, Doherty, Eaton, Eddy, Erdahl, Ford (Robert M.), Foster, French, Gallagher, Gates, Graham, Hanks, Hanson (Alfred J.), Henry, Hurley, Isenhart, Johnson (Walter A.), Johnston (Geo. H.), Jones (D. W.), Jones (John R.), Judd, Kehoe, Kinnear (George), Kinnear (Roy J.), Lauman, Leber, Lee, Lennart, Loney, Lyman, Martin, McCutcheon, McDonald, Miller (Fred), Montgomery, Needham, O'Brien, Pearsall, Phillips, Reno, Ruark, Schumann, Shadbolt, Sisson, Smith (Vernon A.), Taft, Thomas, Todd, Trunkey, Turner, Twidwell, Underwood; Warnica, Wiggen, Woodall, Zent, Mr. Speaker—68.

Those absent or not voting were: Representative Richmond—1.

The motion by Senator Rosellini to refer the protest of the election of Arthur B. Langlie as Governor of the State of Washington to a committee composed of nine members, three to be appointed from the Senate and six from the House of Representatives, having failed to receive the constitutional majority in both the Senate and the House, was declared lost.

The Speaker announced that he was about to sign the election certificate of Arthur B. Langlie as Governor of the State of Washington.

The Speaker announced that the President of the Senate was about to sign the election certificate of Arthur B. Langlie as Governor of the State of Washington.

The Speaker announced that the President pro tem of the Senate was about to sign the election certificate of Arthur B. Langlie as Governor of the State of Washington.

The Speaker announced that he was about to sign the election certificate of Victor A. Meyers as Lieutenant Governor of the State of Washington.

The Speaker announced that the President pro tem of the Senate was about to sign the election certificate of Victor A. Meyers as Lieutenant Governor of the State of Washington.

The Speaker announced that he was about to sign the election certificates of Belle Reeves, Secretary of State; Otto A. Case, State Treasurer; Cliff Yelle, State Auditor; Smith Troy, Attorney General; Progressive Jack Taylor, Commissioner of Public Lands; Pearl A. Wanamaker, Superintendent of Public Instruction; and William A. Sullivan, Insurance Commissioner.

The Speaker announced that the President of the Senate was about to sign the election certificates of Belle Reeves, Secretary of State; Otto A. Case, State Treasurer; Cliff Yelle, State Auditor; Smith Troy, Attorney General; Progressive Jack Taylor, Commissioner of Public Lands; Pearl A. Wanamaker, Superintendent of Public Instruction; and William A. Sullivan, Insurance Commissioner.

On motion of Mr. Armstrong (H. C.), the Joint Session was dissolved.

The Speaker requested the Sergeants-at-Arms of the House and of the Senate to escort the President of the Senate and the Senators to the Senate chamber.

The Speaker called the House to order at 5:40 p.m.

The Clerk called the roll and all members were present except Representatives Backman, Broome, Eddy, Henson (Harry F.), and Sandegren.
On motion of Mr. Riley (Edward F.), the House reverted to the proper order of business.

The Speaker announced that the question before the House was the motion by Mr. Woodall that the resolution by Messrs. Beierlein and Gates be deferred until mimeographed copies of the resolution could be placed on the desks of the members for their study and consideration.

Mr. Judd moved that the House adjourn to 9:30 a.m., Wednesday, January 15.

The Speaker called for a vote on the motion by Mr. Woodall.

Mr. Kinnear (George):

"Mr. Speaker, point of order. A motion to adjourn takes precedence over all other motions."

The Speaker:

"Mr. Kinnear, the motion to adjourn does take precedence if Mr. Judd wishes to press the point. I thought perhaps he did not realize that a motion was up for vote."

Mr. Judd again moved that the House adjourn to 9:30 a.m., Wednesday, January 15.

The motion was lost.

Mr. Rosellini:

"Mr. Speaker, point of order. I believe the motion by Mr. Woodall was regarding the mimeographing of the resolution by Messrs. Beierlein and Gates. I now see a mimeographed copy of this resolution on my desk; therefore, I think the motion is out of order."

The Speaker:

"The point is well taken, Mr. Rosellini. Members of the House, you will understand that the motion regarding the mimeographing of the resolution was made about 10:15 this morning. It is now 5:30, and during the time which has elapsed mimeographed copies of the resolution have been placed on your desks. Therefore, the motion by Mr. Woodall is no longer in order, and the question before the House at this time is the adoption of the resolution."

A roll call was demanded, and the demand was sustained.

Mr. Smith (Vernon A.) moved that the House adjourn to 11:00 a.m., Wednesday, January 15.

The Speaker:

"Mr. Smith, your motion to adjourn is out of order at this time because we have already adopted a concurrent resolution to meet with the Senate in Joint Session at 10:30 o'clock tomorrow morning."

The Clerk called the roll on the adoption of the resolution by Messrs. Beierlein and Gates, and the resolution was adopted by the following vote: Yeas, 52; nays, 45; absent or not voting, 2.

Those voting yea were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Backman, Beierlein, Bernethy, Boede, Broome, Callow, Cowen, Doherty, Dootson, Dore, Erdahl, Ford (Robert M.), Ford (U. Those absent or not voting were: Representatives Eddy, Richmond—2.

EXPLANATION OF VOTE

My reason for voting no on Resolution by Mr. Beierlein and Mr. Gates was that I didn't have time to read the resolution. I have always favored payment of $40.00 a month to needy old folks and still do and will work toward that end. This must be made permanent and cannot be done by resolution. I will work in and with the Revenue and Taxation Committee to see that enough money be raised so that all the provisions of Referendum No. 141 be carried out.

THOMAS H. (TOM) BIENZ.

On motion of Mr. Cowen, the House adjourned to 9:30 a. m., Wednesday, January 15, 1941.

EDWARD J. REILLY, Speaker.

S. R. HOLCOMB, Chief Clerk.

MESSAGE OF GOVERNOR ARTHUR B. LANGLIE TO THE LEGISLATURE

Mr. President, Mr. Speaker, Ladies and Gentlemen of the Legislature and my Fellow Citizens of Washington:

This is a solemn occasion. The members of the legislature, the judicial and the executive branches of government of our great state have met here today to inaugurate a new administration and to consider the problems of government which face us. They are problems which concern the economic and social well-being of thousands of our citizens; problems which relate to the free public school system of which we are proud; problems pertaining to the maintenance of our institutions in all sections of the state; problems bearing upon the numerous and extensive functions and services of state government which daily affect, in many vital ways, the lives, the prosperity and the happiness of all the people of Washington.

And, on this occasion, we must not consider alone the welfare of the people of this state of ours, for as one of the sovereign states of a sovereign United States, we must prepare to play our part in meeting the great national defense emergency which confronts America. That part will be an immensely important one for this state holds a key spot in the entire nation because of its geographical position and the great activities necessary here in building up adequate defense facilities for the safety of all.

This is a time for serious consideration of our responsibilities, for the laying aside of our personal and partisan feelings, a time for us to keep in mind that we are all Americans first, and that only by team work in honestly facing the facts, and acting fearlessly with a full knowledge of the facts, can we measure up to our full obligations, and duties as citizens of this great nation. Ours is an opportunity to prove our right to American citizenship and to show that this challenge to our form of government can be met because we are big enough, educated enough, loyal enough to our ideals to meet it.

And so it is my most earnest hope that this occasion will mark more than the inauguration of a new Governor—that it will inaugurate a new feeling of cooperation and unity among all the representatives of the people assembled here today, and that recognizing the problems which face us from within and the challenge which confronts us from without, we will here resolve, each to himself, to perform our respective governmental functions on that high plane of unselfishness and devotion to ideals which these grave times demand.
OLD AGE PENSIONS

One of the principal matters for consideration is the problem of adequately meeting our responsibility to take care of the aged people of the state. My views on this question are the same, now that I am Governor, as they were while I was a candidate for that office. I then favored the payment of $40 monthly pensions and I still adhere to that view. Of course that principle has now been enacted into law in the form of Initiative No. 141. The federal government has set up a standard for old age pensions by legislation which agrees to match, dollar for dollar, state fund pension allocations up to $20 per month, thus producing $40 monthly pensions for our old people at a net cost of only $20 monthly to the state. There is no good reason why this state should not take advantage of that federal allocation by matching every available dollar of federal money, thus not only augmenting the cash benefits to our older citizens, but also bringing in large sums of outside money to stimulate commerce and trade.

100% INCREASE IN STATE PENSION APPROPRIATIONS

The plan for payment of pensions under Initiative No. 141, now before the Federal Social Security Board for approval, will result in actual cash payments of $13,626,000 more money per biennium than old age pension recipients are now receiving, or an increase from $23,013,000 during the biennium just ending, to $36,640,000 for the new biennium. In addition, $4,320,000 is provided, in the Governor's revised budget, for medical and dental care and $540,000 for funeral expenses to carry out the other benefit provisions of Initiative No. 141, no part of which latter sums are matched by federal money. The amount of state money provided in the Governor’s revised budget for old age assistance during the coming biennium is $23,167,700. Since these figures were prepared, new information indicates that this amount should be increased by $500,000 and a like increase should be made in the sum to be contributed by the federal government. With this increase the state will be furnishing $23,667,700 during the coming biennium for old age assistance, as compared to $11,925,000 during the present biennium—an increase of practically 100% in the amount that the state has heretofore furnished for this program, and a total increase for the coming biennium of $18,878,700 in both state and federal funds made available for the old age assistance program.

SIMPLIFIED PENSION ADMINISTRATION

Initiative No. 141 provides for elimination of the "preferred claims" provision of the former law—a change which will remove one source of irritation in the administration of old age assistance. It will be my endeavor to remove, wherever possible, other practices which cause annoyance and add to overhead costs out of all proportion to the good derived therefrom. With this great increase in available funds, both from the state and the federal government, and with constantly improved administrative practices, we will be effectuating a much more satisfactory meeting of the pension problem during the next two years.

I might say, at this point, that the social security section of the Governor's revised budget also contains an increase of almost $1,500,000 in the items for aid to dependent children, aid to crippled children and child welfare services, bringing the total amount of these items now up to $6,733,200. Also the item for general public assistance has been raised from $6,287,000 to $6,588,000.

CURRENT SCHOOL FUND

Turning now from the question of pensions and other social security services to the responsibility of adequately financing our schools, we all know that in 1933 the legislature passed the School Apportionment Act which committed the state to raise taxes in an amount which, when added to the income from the permanent State School Fund, would be enough to apportion to each school district twenty-five cents per day for each day's attendance in the public schools. Revenues provided by the legislature have not usually produced the full amount required to apportion the full twenty-five cents per day per pupil contemplated by the Apportionment Act, but during the current biennium, with total estimated state revenues available for this fund expected to reach $34,843,000, the Current School Fund will be sufficient to make the full apportionment. The Governor's revised budget, providing a figure of $36,449,000 for the new biennium will provide sufficient money to make the full twenty-five cent apportionment during 1941-1943, according to the estimates submitted by the Superintendent of Public Instruction.
VOCATIONAL EDUCATION

The Governor's revised budget also provides for full participation in the Federal Vocational Education program, a program which carries increased importance at this time when we have great need for trained workmen in our national defense industries. In addition to our regular Vocational Education Fund, there is estimated that $1,000,000 in additional federal money will be received for the training of workmen in defense industries.

SCHOOL EQUALIZATION FUND

The State School Equalization Fund, which is derived from the automobile excise tax, is expected to produce $2,700,000 during the forthcoming biennium, as compared to $2,500,000 during the biennium now drawing to a close.

WELL ROUNDED SCHOOL PROGRAM PROVIDED

Of course the important problem before the legislature in connection with our schools, is the providing of revenues which will be sufficient to make the full appropriations effective. I shall indicate later in this Message my suggestions for raising sufficient revenue to meet, fully, this proposed appropriation. I believe the Governor's revised budget sets forth a well-rounded school program and one which will permit our schools to operate on a high standard during the coming biennium.

PRINCIPLE OF INDUSTRIAL INSURANCE

A principal problem which calls for remedial legislation as well as more effective administrative practices, has to do with the Department of Labor and Industries. When the Workmen's Industrial Insurance Law was enacted in 1911, the law recited that the welfare of the state depends upon its industries, and even more upon the welfare of its wage workers. It further stated that the remedy of the workman had been uncertain, slow and inadequate. The original idea of the law was to remove the necessity of entailing the expense, delay and hardship of a workman going to court. This basic principle has been lost sight of and today our courts are becoming more and more crowded with litigation between workmen, employers and the state.

REVISION OF APPEAL PROCEDURE

I believe that this condition can be, in large measure, corrected by overhauling the statutory procedure relating to the appeals of injured workmen in connection with their claims for compensation. Instead of the present practice of having appeals first heard by a joint board made up of administrative officials of the department, with recourse thereafier first to the Superior Court and from there to the Supreme Court before a final determination can be obtained, I believe we should have such appeals first heard before an independent board not connected with the administration of the department, such board to consist of one man selected from the ranks of labor, one man selected from industry, and a third board member to be a lawyer, selected by the association of Superior Court Judges of the State of Washington. Appeals from this board would be directly to the Supreme Court. Provision would be made for the payment of reasonable attorney's fees, to be fixed by the Appeal Board, and an attorney under the direction of the Appeal Board would be available to injured workmen for consultation.

OCCUPATIONAL DISEASE AMENDMENT

A further reasonable and justifiable extension of benefits to workmen coming under the jurisdiction of the Department of Labor and Industries would be obtained by amending the definition of the word "injury" to include any occupational disease or condition arising out of and caused by the hazards of employment. The present limitations on benefits to certain specified occupational diseases is arbitrary and not in keeping with the spirit of the Act.

REORGANIZATION OF MEDICAL DIVISION

As a third important step in reorganizing this Department so that it can perform its functions in keeping with the principles announced in the original enabling legislation, I believe that we should reorganize the Medical Division by creating the office of Chief Medical Advisor, and by establishing a State Medical Aid Advisory Board which shall, without salary, serve as consultants to the Chief Medical Advisor in studying and developing facts and information from the accident cases coming before the De-
partment as to the most successful methods and techniques of treating the various types of industrial injuries, and in disseminating such research information to the medical profession and hospitals generally, to the end that at all times workmen injured in the course of extra-hazardous employment will be assured the most efficient care and treatment and will thus sustain a minimum of time loss as well as a minimum of disability.

A bill will be introduced within a few days, at Administrative request, in which the revisions which I have briefly outlined will be incorporated. I believe it is a subject deserving of most careful study by your appropriate committees, and I am hopeful that we may develop some constructive legislation which will go far to correct the unsatisfactory conditions which have grown up under our present laws.

**MERIT SYSTEM SHOULD BE ESTABLISHED**

A progressive step that has been taken by many of our sister states is the establishment of Merit Systems for more effectively handling personnel problems. I believe the time is here when we, in this state, should enact a sound and comprehensive Merit System to govern the selection, promotion and retention of all state employees except those classes usually exempted under comparable civil service laws. With approximately 7500 employees who would be affected by such a measure, the task of classification, salary standardization and the development of lists of qualified employees in all groups, will not be a small one. But the added cost of administration which this will entail will be more than offset by its effect in attracting capable talent not now interested in state employment, and by the increased efficiency of a personnel stabilized as to tenure, freed from political control, and spurred by an adequate efficiency-rating system to make itself more and more useful to the state.

A bill providing for the establishment of a Merit System for state employees will shortly be introduced at my request. Other individuals and organizations long interested in this subject will probably also introduce other bills on this same general subject. I know that you will give all such proposals your careful attention and from them I feel certain that you will be able to develop legislation which will remove this state from the list of those which are still wallowing in patronage and spoils—legislation which will establish Washington in the front ranks of the well-governed states of America.

**GOVERNMENTAL REORGANIZATION**

Within the wide ramifications of governmental machinery in a state of this size there is always a tendency for duplications and maladjustments to creep in, which have the effect of decreasing efficiency and increasing costs. You, as the Legislature, and I, as the Governor, have the undoubted duty to re-examine our governmental machinery from time to time and to take such measures as may prove necessary to eliminate useless or overlapping functions and to organize our state government on sound and business-like principles.

**NEED FOR CAUTION**

Yet, at the same time, we must be watchful lest, by hasty and ill-considered changes, efficiency of our present form of government is actually impaired, the Constitutional responsibilities placed upon state officers rendered meaningless, or the checks and balances between the legislative, judicial and executive branches, basic under the American system of government, are seriously disturbed. Where there is any doubt as to the wisdom of making a proposed change in our governmental machinery, the opinion of outstanding authorities on government and the trend in other states can profitably be examined. I am sincerely desirous of working with you in the development of wise and beneficial legislation of this character and I also desire to submit, within a few days, for your careful study, some specific proposals looking toward the consolidation of some of our state activities and functions.

**CONSOLIDATION OF HIGHWAY REGULATION**

One of these specific proposals is to combine the work of the State Highway Patrol, which consists largely of traffic regulation, with the Vehicle Testing and Truck Weighing services now performed by the Highway Department, under a new Division of Highway Regulation in the Department of Highways, and, in connection with this change, to abolish the State Commission on Equipment.
POST-AUDIT AND PRE-AUDIT OF ACCOUNTS

Another proposal is to transfer the post-audit of all state departments and officers to a department or agency independent of the Governor, and to establish, in lieu of the present Division of the Budget in the Department of Finance, Budget and Business—a Division of Budget, Accounts and Control—whose added duties would consist primarily in a pre-audit of the accounts of all departments and officers.

COMBINING DUTIES OF EXAMINERS

Still another plan which I will present for your consideration is the consolidation of the duties of the examiners of the Tax Commission and the Department of Labor and Industries, to the end that private business will not be subject to duplicate examination of its books by two sets of state accountants interested in almost the same information. If this latter proposal proves practicable in application I am satisfied that we can extend it to include the examiners of several other departments including, if we obtain the cooperation of the federal government, and I believe we can, the numerous examiners of the Department of Unemployment Compensation.

The desirability of other consolidations will undoubtedly be indicated and the proper method of bringing them about can be developed as available research agencies assist the new administration in the study of present governmental practices.

FOREST CONSERVATION

I should like to discuss with you now, for a short time, a few of the problems in connection with natural resources, agriculture and reclamation. The vast pine and douglas fir forests of this state have long been recognized as our greatest natural resource. Since territorial days, forest-borne payrolls have been the back-bone of our state economy and, with the gradual depletion of timber resources elsewhere in the country, Washington forests are now assuming national importance. But now we should recognize that our forests are not inexhaustible and our logging and lumbering industries are not secure for the future unless we enact suitable legislation to eliminate destructive and short-sighted forest practices and enforce adequate and uniform measures to secure continuous timber cropping and effective protection against fire. I therefore recommend to the Legislature the desirability of enacting, at this time, a comprehensive forest conservation act—one which will declare the conservation of our forest resources to be the public policy of this state and which will provide the administrative machinery to give practical application to that public policy. You may be assured of my full cooperation and that of all departments responsible to the Governor, in the study of this problem and in the development of sound forestry legislation.

GAME AND FISH

In addition to our forest resources, we have other resources of great importance. Few states are so plentifully endowed with game and fish as is the State of Washington. Yet unwisely neglecting these great assets may cause depletion, may cause us to lose the commercial and recreational advantages that are worth millions of dollars to this state. In the administration of our fish and game laws every effort will be made to correct the weaknesses which have developed and to promote the entire program of game and fish conservation.

GAME AND FISH PROBLEMS

One problem which should receive our attention and which I feel we could profitably study is that of pollution. It is a big subject and one that calls for cooperation between the state, industry and all those interested in the rehabilitation and conservation of fish life. It is my feeling that a determined and earnest approach to this subject will bring about a practical solution that will not jeopardize industry but will conserve and permit the rehabilitation of our fish resources. I want to cooperate also with our neighboring States of Oregon and Idaho in protecting the spawning grounds of salmon in the Columbia River. You may be sure that I will always give most careful consideration to any legislation which you believe to be needful in preserving our game and fish resources.

MINING

For some time it has been known that this state is rich in mineral resources, but several factors have operated to retard development of this industry. One of these
factors has been the lack of adequate and cheap power with which to reduce and process the ore. Fortunately this is being overcome by the advent of Coulee Dam and Bonneville power and its wide distribution throughout the state. Another factor in the slow development of the mining industry was recognized and provided for by the last Legislature when the Mines-to-Market Road Act was passed. I believe that this was constructive legislation—the kind of legislation which gives substantial impetus to the growth of industry and payrolls, and I favor the continuance of the Mines-to-Market Road program.

AGRICULTURE

Washington is assuming increasing importance as an agricultural state. As an individual the farmer is an expert in production. His greatest difficulties are those that require group action. The unity of action required for farm credit, marketing, pest control, weed control, standardization and grading of his products, soil conservation, and the adjustment of his production to the consumers' demand can be greatly assisted through proper legislation. You will undoubtedly be called upon to deal with many of these problems during this Session of the Legislature.

DISEASE AND PEST CONTROL

One of the most important of these problems at the present time is the control and eradication of Bang's disease in the dairy and livestock industry. An encouraging development here has been the adoption of a vaccination technique which has produced effective results and at the same time has minimized the need for outright slaughter, with its consequent heavy expense to the state and to the herd owners. I believe that the state, with the full cooperation of the federal government, should encourage the wider use of vaccination with optional slaughter rather than slaughter alone as a means of control. The horticultural industry is confronted with the serious problem of pest control, including the fight against the most serious pest that has ever gained a foothold in this state—the pear psylla, and you may find this a profitable subject of study and action.

PURE SEED LAW

The Federal Congress recently enacted a federal pure seed act which is now effective. I am informed that all states of the Union expect to adopt uniform seed laws tying in with the Federal Act. Inasmuch as the purity and germination of agricultural and vegetable seed is of vital concern to the farmers of the state, I believe the question of adopting such an Act in Washington is of sufficient merit to warrant your careful consideration.

UNIFORM FOOD AND DRUG ACT

I also suggest to the Legislature the desirability of uniform legislation covering foods, drugs and cosmetics, corresponding to the new Federal Food and Drug Act now in effect.

RECLAMATION

Grand Coulee Dam is now about completed, and electrical power is expected to be generated during the present year. It is of utmost importance to this state and to the Pacific Northwest and, indeed, to the entire nation, that the irrigation features of the Columbia Basin Project now proceed without delay or interruption.

LAND SETTLEMENT PROBLEMS

The development and settlement of the lands to be irrigated present problems of vital concern to the State of Washington,—economic, social and political problems of great complexity and wide ramifications. We must cooperate with the landowners of the area, and with the federal government which has made the project possible, in solving these problems in a manner which will, with fair treatment of present property owners, assure the prosperity of the farmers and the financial stability of the irrigation districts.

I solicit your most earnest cooperation in the study of these problems and in the enactment of any legislation which may prove to be necessary or desirable in this connection. The kind of machinery now to be set up for developing and settling the Columbia Basin Project will affect, most fundamentally, the future well-being of Eastern Washington and of the entire state.
Before concluding this Message with a discussion of the state's budget and revenue problems let me mention two matters that will probably come to your attention early in the Session.

STATE PARTICIPATION IN MILITARY PREPAREDNESS

We may well be proud of the part this state is playing in the national military and naval training and expansion program. Large numbers of officers and men of the Washington National Guard and of the Army Reserve Corps, Naval Reserve forces and Aviation Cadets are now stationed at military and naval posts in this state and at other stations throughout the country. The Selective Training and Service Act went into operation last November and during the next biennium large numbers of draftees will undergo a year's intensive training at Fort Lewis. You may find some serious school and housing problems growing out of this military activity.

DEFENSE HOUSING LEGISLATION NEEDED

In connection with the national defense program there has developed a situation concerning the Housing Authority project at Bremerton which calls for corrective legislation. In order to obtain federal funds, the Housing Authority was required to enter into a cooperative agreement with the City of Bremerton whereby the City agreed to take the area comprising the projected development into the city limits and furnish police and fire protection, street maintenance and other services. Since the real estate on which the project is situated is tax exempt, the City could not afford to furnish these services without compensation, and the Housing Authority of the City of Bremerton, with the approval of the Federal Housing Authority, agreed to pay to the City, in lieu of taxes, $2.00 per month per occupied unit, providing the Housing Authority could legally do so. Under the present state law, the Housing Authority cannot legally do so, but defense housing legislation that would permit payments in lieu of taxes, for defense housing projects, will undoubtedly come before you. The need for this legislation is apparent and is extremely necessary in the interest of National Defense and in the interest of all cities where defense housing projects are under way or may become necessary in the future.

RECONSTRUCTION OF TACOMA NARROWS BRIDGE

Of widespread interest not only in the State of Washington, but all over the nation, was the collapse of the Tacoma Narrows Bridge. The importance of this bridge as an essential part of our highway transportation system was clearly demonstrated during the time it was in service. Traffic developed beyond that which was originally anticipated and we have reason to expect a further increase. This structure is not only essential to the development of the area contiguous to the large industrial and commercial centers but is essential as part of an integrated transportation system serving defense needs connecting the Puget Sound Navy Yard and Fort Lewis with the rail and water transportation terminals. In the interest of completing a job once started we must develop plans and a method for reconstructing the Tacoma Narrows Bridge on such a basis that the work, when completed, will constitute a permanent structure that will reflect credit upon the Pacific Northwest. Our responsibility in connection with this task can be fulfilled through cooperative action.

GOVERNOR'S REVISED BUDGET APPROVED

And now we come to the question of the budget for the coming biennium and the problem of raising the revenues necessary to meet the expenditures provided for in that budget. Through the courtesies and full cooperation which Governor Martin has extended to me, and which I desire to publicly acknowledge at this time, I have been afforded the opportunity to study and analyze the Governor's revised budget which is before the Legislature in printed form. Except for the items which I am about to discuss, I believe that the revised budget makes ample provision for carrying on the functions of state government at a high standard and I recommend its adoption. Speaking now of the general fund budget of some $80,865,000, which is the budget having direct reference to general taxation, the Governor's revised budget shows a deficit, at the end of the 1941-1943 biennium of $23,286,075.21.

BUDGET PENSION ESTIMATES MUST BE RAISED

The new pension plan, if approved in sufficient time by the Federal Board, will be put into operation not later than March 1st. Under that plan the estimated ex-
penditures for old age pensions during the final month of the present biennium will be increased $250,000. Latest information, compiled since formulation of the new pension plan recently submitted to the Federal Social Security Board for approval, indicates that the appropriation for the new biennium, for old age assistance, should be increased $1,000,000 over the figure set forth in the revised budget. Half of this increase will be provided by the Federal Government so that the increase, insofar as state funds are concerned, will be $500,000. These two items—increased old age pension costs during the present biennium and increased pension appropriations for the new biennium, totaling $750,000, will raise the General Fund deficit to $24,036,075.21 by March 31, 1943.

RECOMMENDED INCREASED EXPENDITURES

Now I have suggested, in this Message, some legislation which will add something to the General Fund expenditures. I have recommended the establishment of a Merit System which will involve administrative expenses, during the first biennium, of approximately $200,000. I have recommended the consolidation of all post-auditing in an independent office or agency, which will add approximately $25,000 per biennium in costs. I have recommended the establishment of a Division of Budget, Accounts and Control in place of the present Division of Budget, of the Department of Finance, Budget and Business, and this will entail an estimated expense of $175,000 for the new biennium. These recommendations, lumped together, call for increased expenses totaling $400,000 and, when added to the estimated General Fund deficit of $24,036,075.21, produce the figure of $24,436,075.21 which will be the deficit at the end of the 1943 fiscal year if nothing is done in the way of savings, fund transfers or increased revenues.

A PLAN TO PROTECT THE GENERAL FUND MUST BE FOUND

Obviously this is a condition which we cannot permit to develop. We must work together to formulate a plan which will keep our General Fund finances always on a sound basis, for otherwise we will be jeopardizing future pensions, future school funds, and the future functioning of the many vital services and institutions supported by the General Fund. In keeping with what I feel is my responsibility in the matter I want, now, to outline briefly how I believe that problem can best be solved and I assure you that my door will always be open and all facilities of the departments under my control will always be available to you in the study of these recommendations or in the development of any other plan which you conceive more fairly and more surely meets the financial needs of our state.

REVENUE FROM PRESENT SOURCES WILL SHARPLY RISE

In the figure showing estimated receipts from the general Revenue Act anticipated during the 1941-1943 biennium, submitted by the Tax Commission to the Governor last Fall for inclusion in the printed budget, allowance was made for a reasonable increase over present revenues, based upon the trend then apparent. In the months which have intervened since the submission of that figure the revenue picture has materially changed. It has now become a certainty that almost unbelievable increases in payrolls and business turnovers will occur in this state during the next two years, due to the tremendous acceleration of the national defense program. These increased payrolls and business turnovers will be directly reflected in higher receipts from sales taxes, business-occupation taxes, admission, liquor and cigarette taxes, and in the whole line of taxes provided in the Revenue Act. The Tax Commission has advised me, by letter, that the estimates on revenue which it previously furnished and which are incorporated in the printed budget can, and should, be raised in the amount of $6,221,000. The Liquor Control Board has also advised me, by letter, that profits on the sale of liquor will exceed the figure which it submitted last Fall for inclusion in the budget, by $2,000,000,—$700,000 of which increased profits go into the General Fund under the present apportionment system between the cities, counties and state. These two increases, based solely on the upturn in business and payrolls, total $6,921,000,—a very welcome piece of news when we are faced with this serious financial problem.

INHERITANCE TAX REVENUE UP

It has also developed that the inheritance tax revenue figure which appears in the printed budget will be increased by $1,330,000 due to circumstances which were not taken into account when the estimates were submitted for the budget.
SUBSTANTIAL SAVINGS POSSIBLE

While I have approved and recommend the adoption of the Governor's revised budget, subject to the exceptions I have previously discussed, there is no question in my mind but that substantial savings in that budget can be made during the course of the biennium. Such savings cannot be wisely made by striking or reducing budget items at this time because it is not possible to forecast the exact needs of each department and fund for two years in advance. Such items as capital outlays and tax refunds must necessarily carry comparatively large appropriations in the budget, to provide for contingencies which might develop, but the experience over a period of years has been that a substantial portion of amounts appropriated for the various departments and funds is not expended. I urge that my recommendation for the establishment of a new Division of Budget, Accounts and Control, and the suggested consolidations which I have mentioned, receive your legislative approval. With this legislative assistance on your part, and without touching the Current School Fund or Old Age Assistance appropriations, or lessening the quality or quantity of any service or function, I am confident that $3,500,000 can be saved during the new biennium and that this saving can now be taken into account in planning to meet the General Fund deficit.

TRANSFERS TO GENERAL FUND

I do not believe that we should use any part of gasoline tax revenues to support functions of government unrelated to roads, highways and bridges. However, I do feel that, with the consolidation of the State Highway Patrol with the Highway Department, the Highway Safety Fund should be abolished and the revenues previously going into this fund, consisting of the $2.00 biennial motor vehicle operator license fees and other miscellaneous fees, should go into the General Fund. This will mean approximately $1,200,000 per biennium for the General Fund after making allowance for cost of collecting these license fees. I also believe that we should, at this time, enact appropriate legislation requiring departments supported in whole or in part by special funds, to contribute a reasonable sum to the General Fund to compensate the latter for general administration expenses in connection with the operation of the special fund departments. This is recognized as a sound principle of budgetary practice and our neighboring State of Oregon has operated under such a system for a number of years. A bill is being prepared to carry out this suggestion and, if it receives favorable action by your honorable body, will add an estimated $1,000,000 per biennium to the General Fund.

NEW SOURCES OF REVENUE

The advocacy of new sources of revenue is not a pleasant task but we are now unfortunately faced with a situation where the failure to advocate new sources of revenue would produce a result which would be still less pleasant. One new source of revenue which I believe the Legislature should favorably consider at this time is the re-enactment of a tax on petroleum products. The last three Legislatures have found this to be a fair and equitable source of revenue but the 1939 Act was found, by the courts, to contain certain provisions which rendered the entire Act invalid. The License Department, working in conjunction with the Attorney General's office, has been re-drafting the Act in a form which is expected to obviate the legal objections existent in the 1939 Act and still produce revenue in the neighborhood of $2,500,000 for the coming biennium. I believe that this is a fair tax and certainly far less objectionable than other alternatives which the Legislature will be forced to turn to if this measure is not approved.

A bill to license and regulate pin ball games and other mechanical amusement devices is greatly needed to properly and uniformly police these machines on a statewide basis, and to make it possible to exclude the more undesirable types, such as cash pay-off machines and publicly-operated slot machines. In doing so, the machines which are permitted to remain in operation can be made to contribute a reasonable sum to the General Fund,—a sum which has been conservatively estimated to aggregate $3,000,000 for the new biennium. I favor legislation which will properly regulate these machines and which will produce revenue in this approximate amount, and I know that the Tax Commission can and will furnish needed information and assist in drafting legislation.

I am advised by the Tax Commission that $500,000 additional revenue per biennium can be realized by fair and just revisions of the gift and inheritance tax laws.
The Commission is preparing appropriate legislation to effectuate these revisions and I hope it will meet with legislative approval.

SUMMARY OF BUDGET RECOMMENDATIONS

Summarizing briefly the recommendations which I am making with respect to meeting our General Fund financial problem,—I have pointed out that revenue estimates from present sources and at present rates should be increased $8,251,500; that savings during the new biennium, if suggested control and consolidation legislation is approved,—will amount to $3,500,000; that transfers from the Highway Safety Fund and from departments supported by special funds will, with appropriate legislation, add $2,200,000 more, per biennium, to the General Fund; and that new revenue from a Petroleum Products Tax, the state licensing and regulation of pin ball games and revisions in the gift and inheritance taxes, will produce $6,000,000 in the coming biennium. These sums, when added together, total $19,851,500.00, which leaves a deficit at the end of the 1943 fiscal year of $4,484,575.21.

OPERATING BUDGET WILL BE BALANCED

It must be remembered, however, that we will be starting the new biennium with an estimated General Fund deficit of $5,419,858.83, and, under the program I am recommending, we will be ending the biennium with a deficit of only $4,484,575.21. In other words, we will have balanced our operating budget for the new biennium and will have reduced our present accumulated General Fund budget deficit by $935,283.62. If we are to adhere to recognized fiscal policy, we can not provide for any additional expenses without also providing the revenues with which to pay them. If the program I have outlined to you, subject to any modifications or changes which you regard as necessary and which will not change the results, is approved, we will be able to keep our General Fund on a sound basis, and to make full provisions for our schools and old age pensions, without undue tax burdens on any person or group, and without sacrificing the quality or scope of state functions and services.

Many other revenue-raising measures have been discussed from time to time. As to some of these legal objections have been raised and as to others the Tax Commission reports that very little revenue would be produced. However, I shall be glad, at any time, to cooperate with members of the Legislature, or your Committees, in a discussion of other alternative revenue-raising measures in lieu of those that I have proposed. And I know that the administrative departments will fully cooperate in the rendering of reports and information to expedite the solution of tax and other legislative problems.

I am appending, to this Message, a Summary of the savings and revenues to be obtained under the program I have recommended, that will balance operating expenses for the biennium of 1941-1943 and will reduce the accumulated deficit by almost a million dollars.

In this Message I have not attempted to cover the entire realm of state government nor have I even touched upon all of the important matters which you will have to consider. I have, however, tried to point out some of the more pressing problems which must be faced and how I believe they can be met. I have sought to indicate what the attitude of this Administration will be with regard to some of the major questions of policy which you will have to pass upon. I have endeavored to present, for your study and considered judgment, a unified legislative and administrative program for achieving the greatest possible measure of benefit and service for all of the people of this state. But above all else, I want to frankly convey to you my hope, my desire, and my expectation that, faced with these most perplexing state problems and with a national crisis involving the very foundations of our form of government, we will all now lay aside partisanship and every other consideration which may be productive of discord and dissension between us, and that we will strive together, industriously, unselfishly and patriotically, in the service of the State of Washington.

Ours is a heavy responsibility, but if we will take strength from the spiritual values that all of us permit to lie dormant so much of the time, we will be equal to the task. The people will have a right to be critical of me if, for selfish and personal reasons, I fail to cooperate with you in the interest of this state of ours. The people will have a right to be critical of you if, for selfish and personal reasons, you fail to cooperate with the administrative branch of government in the interest of the common welfare. PERSONAL PRIVILEGE

Mr. Lennart:

Mr. Speaker, in these times of indecision, uncertainty and unrest, we have become more and more apt to measure the individuals or organizations in slogans such as price curves, favorable balances of trade, and all those things that are so common in our materialistic world.

In this world today, there is a great social and economic unrest, an uncertainty, a questioning and a lack of faith. Moral values have largely been forgotten in homes, in government and in business. Treaties among nations have become mere scraps of paper and solemn obligations of governments have been ignored.

From these precepts individuals today have taken unto themselves the same prerogatives of choosing for themselves laws which they might wish to obey, of repudiating obligations which they no longer wish to assume, setting aside the old-fashioned integrity, the common honesty, which is and always has been the greatest force for good known to men. We worship force, economic and military, forgetting that the lasting things are those of justice and service to humanity.

This is not a nation of balance sheets, skyscrapers, and other materialistic things—but a nation of human souls, dreams and aspirations; and if America in general—and the State of Washington in particular—is to live to see a new chapter written in the history of a great people, we had better kneel down on bended knees and worship at the shrine of ancient values. We had better not consider our problems in a mere light partisan-politic way, but rather as problems laid down on the threshold of a Christian America.

Ladies and Gentlemen, I submit to this Honorable Body that in all the baldly material factors that make or unmake a great state—it was statesmanship of the highest type that prevailed in the momentous decisions of this Honorable Body in the days just
past, and it is my conviction that the people of the State of Washington will come to
the realization that they owe The Honorable Mr. Speaker a debt of gratitude that they
never can repay. It was statesmanship of the highest order.

On motion of Mr. O'Brien, the House adjourned to twelve o'clock noon, Friday, January 17, 1941.

EDWARD J. REILLY, Speaker.

S. R. HOLCOMB, Chief Clerk.

S. R. HOLCOMB, Chief Clerk.
Resolution by Mr. Pennock:

WHEREAS, The United States of America and many other nations have indicted Japan as the violator of the Nine-Power Treaty and the Kellogg Pact in the present Sino-Japanese conflict, fomented by the Military Party of Japan, and have repeatedly protested against the bombings of undefended Chinese cities and the unnecessary slaughter of Chinese noncombatants; and

WHEREAS, The American chambers of commerce in China have repeatedly pointed out that American Oriental trade and investment within a few years will have many times the field in China that it now has in Japan; and that supplying Japan, in the hope it will leave the tin and oil supplies further south to American interests, is the same sort of policy that led to the spread of Nazism; and

WHEREAS, American raw materials are being used to manufacture weapons of war for Japan; American planes are being used to carry American-made bombs for the destruction of Chinese civilian population; American shells are loading Japanese guns; and America is supplying Japan with huge quantities of iron, steel, oil, trucks and other materials used in the furtherance of the war, over and above the amounts of our normal trade of recent years; and

WHEREAS, The present licensing system for such products is not a true embargo and merely makes this traffic more profitable to the munitioneers; and

WHEREAS, The present scale of loans to the Chinese Government suffices merely to slow up Japanese aggression on the Asiatic mainland in order to enable American monopoly interests to seek to extend their influence over the oil, tin and other essential war resources in the Dutch East Indies; and

WHEREAS, We sympathize with the Chinese people in their desire to build up an independent state responsive to the needs of the farmers and laborers, an end gravely threatened by the present aggression of Japan, and deplore the traffic which involves all of us, wittingly or unwittingly, in the wanton destruction of the innocent victims of Japanese aggression;

Now, Therefore, Be It Resolved, By the House of Representatives of the State of Washington, that we favor replacing the present licensing system with a complete embargo on all products that may be used to continue the war against the Chinese people; and of extending sufficient and immediate aid in helping to bring a Chinese victory; and

Be It Further Resolved, That copies of this resolution be sent to the Department of State and to the Washington State Congressional delegation.

Mr. Pennock moved the adoption of the resolution.
Debate ensued.
On motion of Mr. Cowen, the previous question was ordered.
The resolution was lost on a voice vote.

INTRODUCTION AND FIRST READING OF BILLS, MEMORIALS AND RESOLUTIONS

The following bills were introduced, read first time by title, and acted upon as indicated:

**House Bill No. 11**, by Representative Bienz: An Act defining second-class school districts and amending section 1, Chapter 170, Session Laws of 1937, being section 4696 of Remington's Revised Statutes of Washington (1940 Annual Pocket Supplement).

Ordered printed and referred to Committee on Education.

**House Bill No. 12**, by Representative Wigen: An Act to provide for the safety of life and property and to create an office of boiler inspection which shall formulate rules for the safe construction and operation of steam boilers; to provide for inspections and exemptions and fees to be charged for certificates to operate steam boilers; and to provide a penalty for violations of this act.

Ordered printed and referred to Committee on Labor and Labor Statistics.

**House Bill No. 13**, by Representative Todd: An Act relating to crimes
and punishments and repealing section 242 of Chapter 249 of the Session Laws of 1909.

Ordered printed and referred to Committee on Public Morals.

Mr. Todd:

"Mr. Speaker, House Bill No. 13 is offered as an amendment to an existing statute, and I believe should be referred to the Judiciary Committee instead of the Committee on Public Morals."

The Speaker:

"I have read the bill, and it refers to the repeal of the Blue Laws. Therefore, it was referred to the Committee on Public Morals."

The Speaker observed within the bar of the House former Representative Phillip McDonough from Wahkiakum County, and appointed Mr. Tisdale and Mr. Leber to escort him to a seat beside the Speaker.

Mr. Todd:

"Mr. Speaker, I would like a ruling of the Chair on my request to have House Bill No. 13 referred to the Judiciary Committee."

The Speaker:

"The Chair has ruled that the bill should be referred to the Committee on Public Morals. If you wish, Mr. Todd, you may move to have it referred to the Judiciary Committee."

Mr. Todd moved that House Bill No. 13 be referred to the Judiciary Committee instead of the Committee on Public Morals.

Debate ensued.

Mr. Twidwell moved that the motion by Mr. Todd be tabled.

The Speaker:

"So there will be a clarification of a motion to table a motion, I shall rule now that a motion cannot be tabled because there is nothing tangible to lay on the table. This interpretation is not specifically set out in our rules, so I am giving this ruling to apply during this session. An amendment or a bill may be tabled because we actually have something tangible to lay on the table. A motion, however, is not a tangible thing, and therefore a motion to table a motion is out of order."

Debate continued.

On motion of Mr. Van Buskirk, the previous question was ordered.

The Speaker announced that the question before the House was the motion by Mr. Todd to refer House Bill No. 13 to the Judiciary Committee instead of the Committee on Public Morals.

Ordered printed and referred to Committee on Roads and Bridges.

House Joint Memorial No. 1, by Representative Pennock: Relating to the

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Resolution by Mr. Rosellini:

WHEREAS, It has been the custom for many years that the House of Representatives arrange and pay for a group picture of all the members of this House, to be properly mounted and framed, in order that said picture may be hung in the legislative halls; and

WHEREAS, A certain procedure is necessary in order to designate who the photographer shall be;

Now, Therefore, Be It Resolved, That the Speaker appoint a committee of three (3) House members to investigate and recommend to the House the official photographer for the Twenty-seventh Session.

On motion of Mr. Rosellini, the resolution was adopted.

The Speaker appointed Representatives Rosellini, Devenish and Sweeney to serve as the committee provided in the resolution to investigate and recommend the official photographer for the Twenty-seventh Session of the House of Representatives.

Resolution by Mr. Underwood and Mr. Miller (Floyd C.):

WHEREAS, Aurora Avenue has been designated as a street forming a part of a primary state highway; and

WHEREAS, the property owners adjacent thereto have been unjustly assessed to pay for such highway; and

WHEREAS, in order partly to rectify such injustice, the legislature provided in section 4 of Chapter 181 of the Laws of 1939 that five per cent (5%) of the motor vehicle fund
allocation to the City of Seattle be set aside for reimbursement to property owners who have been assessed for the Aurora Avenue improvements; and

WHEREAS, the director of highways has not seen fit to approve, and has prevented the payment of such reimbursement,

Therefore Be It Resolved, That the director of highways be and is hereby directed immediately to take such steps as are necessary to comply with section 4 of Chapter 181 of the Laws of 1939, to the end that all property owners who have been assessed for the Aurora Avenue improvements be reimbursed.

Mr. Underwood moved the adoption of the resolution.

On motion of Mr. Miller (Floyd C.), the following amendment to the resolution was adopted:
Amend by adding “and that the Chief Clerk be directed to serve a certified copy of this resolution upon the director of highways.”

Resolution by Mr. Pettus:
WHEREAS, The American people overwhelmingly desire peace and security for our nation; and
WHEREAS, Through legislation now pending before the National Congress one man would be given dictatorial powers to make the United States the ally of one belligerent and to involve this nation in an undeclared war, by turning over to such belligerent our navy, merchant marine, armaments and munitions, shipyards, and any other supplies or information he saw fit; and
WHEREAS, This war is a war for economic empire, for control of profits and markets, in which the common people have nothing to gain and everything to lose;
Now, Therefore, Be It Resolved, That the House of Representatives of the State of Washington hereby call upon the National Congress to defeat any and all measures which would give any one man complete power to hurl the United States into this bankers’ war; and
Be It Further Resolved, That we call upon the National Congress to accede to the American people’s great desire for peace and security, by opposing all legislation or acts the effect of which would be to involve the United States in war.

Mr. Pettus moved the adoption of the resolution.
Debate ensued.
On motion of Mr. Riley (Edward F.), the previous question was ordered.
A roll call was demanded, but the demand was not sustained.
A demonstration occurred in the north gallery.
The Speaker:
“If there is further demonstration in the gallery, I will instruct the Sergeant-at Arms to remove the visitors.”
The resolution by Mr. Pettus was lost on a voice vote.

PERSONAL PRIVILEGE

Mr. Isenhart:
"Mr. Speaker, the apples which are being served the House members this morning are from the Wenatchee north central district, including Lake Chelan, my own community.

"There is being carried on by the various county and state advertising committees a campaign to encourage the use of food stamps in the purchase of apples this week, beginning on the fifteenth and ending tomorrow morning. The radio and newspapers have given us wonderful publicity, and we wish to extend our thanks and appreciation to them. The retail handlers have also participated in this in a wonderful way, so we are very encouraged in disposing of the surplus of apples that has been caused by the failure of our export market because of the war.

"We want you to enjoy these apples, because they contain the necessary vitamins that the system needs, and I hope the Yakima people will do the same thing for you in a few weeks."

Mr. Woodall moved that further reading of the resolution be dispensed with.

Debate ensued.

The motion was lost.

The reading clerk continued reading the resolution to the list of standing committees.

Mr. Martin moved the adoption of the resolution.

Debate ensued.

During debate, the Speaker gave the following ruling:

"Because there is some ambiguity in the language of Rule No. 16, the Speaker will rule now, although the question has not presented itself, and I shall adhere to this ruling in the future, that the mover of the motion, the sponsor of the bill, or the chairman of the committee of a committee bill, shall be given the right to close the debate after the previous question has been demanded and sustained. Only one shall have the right to speak."

Mr. Smith (Jurie B.):

"Mr. Speaker, I might introduce a bill, or any man might introduce a bill, and perhaps the chairman of the committee might be the one to handle the matter all the way through when the merits of the bill are debated. The sponsor of the bill might not be prepared for argument, but the chairman of the committee would be. Would it be necessary for the sponsor to debate the bill?"

The Speaker:

"The Speaker would rule that the sponsor of the bill will be given the privilege to close the debate."

Mr. Smith (Jurie B.):

"Mr. Speaker, I think the rules committee should give consideration to this question. I do know there are some members who do not care to speak on the floor of the House."

The Speaker:

"In that case, he could ask permission of the House and permission could be granted to the chairman of the committee to handle the debate."

Mr. Turner:

"Mr. Speaker, you announced what your ruling would be two days ago on a motion to lay a motion on the table, and it was that the motion would be out of order."

The Speaker:

"That is the precedence in the Congress of the United States. Therefore, a motion to lay a motion on the table will be ruled out of order."

The Speaker explained Rule 47 as follows:

"Rule 47 provides that bills, memorials and resolutions must be filed not later than nine o'clock the evening before they are to be introduced in the next convening session."
However, there will be small resolutions dealing strictly with House matters, such as the resolution introduced this morning to use the House chamber for a public meeting, and if we adhere strictly to the rule without this new provision, it might be impossible to act upon them. Therefore, such resolutions dealing strictly with House matters may be filed any time up to the next convening time; other bills, memorials and resolutions must be filed before nine o'clock the evening before."

Mr. Hurley:

"Mr. Speaker, I would like to ask that the rules committee consider amending Rule 3 Subsection F having reference to the Speaker appointing members to serve on committees. In the Senate they have a rule that after the committees have been selected, a confirmation by the body of those committee appointments cannot be had until after twenty-four hours. I think perhaps one of the most important things with the organization of the House is the selection of these committees. Ordinarily we do not know who is on a committee, how many committees we may be on, until a man comes to his desk. We are not given an opportunity to study the assignments before we are asked to confirm them.

"It seems to me that the rules committee should consider amending that subsection so as to provide, as the Senate does, an opportunity to study the assignments before confirmation by this body can take place.

"I would like to offer that amendment to our rules at this time for our rules committee to consider such an amendment."

The Speaker:

"The rules committee did go over each and every rule very thoroughly, particularly those relating to the powers delegated to the Speaker, and no amendments whatsoever were offered.

"If you will recall, the Senate released their committee assignments yesterday, while ours were given out last week. We have been able to proceed with the business of the House because of no cumbersome rules tying the hands of the presiding officer, and are ahead of the Senate at this time.

"I especially requested the members of the rules committee to read and study every rule and suggest changes that should be made, and the consensus of the committee was that Rule 3 should be left alone."

On motion of Mr. Armstrong (H. C.), the previous question was ordered. The resolution by the Committee on Rules and Order was adopted.

**PERSONAL PRIVILEGE**

Mr. Vane:

"Mr. Speaker, I just want to say a few words regarding the introduction of bills. I have just checked the record of the 1937 session, and find that by this time there were 155 bills introduced. In the 1939 session there were 81 at this time, and today we have 78. I call this to the attention of the new members particularly.

I have had given to me three bills to introduce, which I doubt very much if I will introduce because they may not merit the attention of this House. I want to ask the new members to be careful about the introduction of bills because the average cost of introducing one is $50.00. The Speaker has stressed the matter of economy perhaps too much to suit some of us, but this is one way that we could cut down on expenses.

One session we had a new member who tried to establish a record for bills introduced, and I guess he achieved that record for he introduced more bills than anyone else during that session."
"So if new members have bills they wish to introduce I would suggest that if they will consult with the drafting room they will be able to ascertain if similar bills have been introduced, and in this way we might be able to save some money this session."

Announcement was made that the corsages for the ladies and the cigars for the men were presented by Mrs. Romanovsky, proprietor of the cafeteria in the Legislative Building.

On motion of Mr. Pearson, the House adjourned to twelve o'clock noon, Monday, January 27, 1941.

MESSAGE FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary, 
Olympia, Washington, January 13, 1941.

Sir:

I herewith transmit certified copies of House Bills Nos. 379, 113, 535, 92, Substitute House Bill No. 156, and House Bill No. 450, being Chapters 180, 194, 203, 208, 218 and
223 of the 1939 Session Laws of the State of Washington, together with the original veto message in each instance attached thereto.

Very truly yours,

BELLE REEVES,
Secretary of State.

MESSAGE FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary,
Olympia, Washington, January 13, 1941.

To the Honorable, The Speaker of the House of Representatives,

Sir:

I have the honor to transmit herewith pursuant to Section 12, Article III of the Constitution of the State of Washington, for the consideration of the House of Representatives, the following bills passed by the House and Senate in the Legislative Session of 1939, and vetoed by the Governor, together with his veto message attached thereto.

They are House Bills Nos. 257 and 268.

Very truly yours,

BELLE REEVES,
Secretary of State.

State of Washington, Executive Department,
Olympia, March 19, 1939.

To the Honorable, The House of Representatives of the State of Washington,
(Through the Secretary of State.)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to section 2 House Bill No. 92, entitled:

"An Act providing for the relocation and reestablishment of the inner and outer harbor lines in front of Tideland District No. 110 of the tidelands of the first class in front of the City of Port Townsend; and making an appropriation for such purpose."

There is undoubtedly necessity for relocation and reestablishment of the tidelands at Port Townsend. However, I believe there is sufficient money in the regular appropriation for the land commissioner to cover the necessary expense, and therefore disapprove a special appropriation for this purpose.

For this reason section 2 is vetoed and the remainder of the bill is approved.

Respectfully submitted,

CLARENCE D. MARTIN,
Governor.

Sec. 2. There is hereby appropriated from the general fund for the commissioner of public lands the sum of Thirty-five Hundred Dollars ($3500), or so much thereof as may be necessary for the fiscal year beginning April 1, 1939, and ending March 31, 1940, for the purpose of making necessary surveys, plats and other work incident to carrying out purposes and provisions of this act.

Approved March 19, 1939, with the exception of section 2, which is vetoed.

CLARENCE D. MARTIN,
Governor of Washington.

Mr. Pearsall moved that Section 2, House Bill No. 92, do pass, notwithstanding the veto of the Governor.

Debate ensued.

On motion of Mr. Vane, the previous question was ordered.

The Speaker declared the question before the House to be the motion by Mr. Pearsall that Section 2, House Bill No. 92, do pass, notwithstanding the veto of the Governor.

The Speaker:

"A vote 'Aye' is a vote to pass Section 2; a vote 'No' is a vote to sustain the veto of the Governor."
The Clerk called the roll, and Section 2, House Bill No. 92, failed to pass the House, notwithstanding the veto of the Governor, by the following vote: Yeas, 11; nays, 82; absent or not voting, 6.

Those voting yea were: Representatives Bienz, Dootson, Henson (Harry F.), Murphy, Pennock, Pitt, Savage, Smith (Jurie B.), Taylor, Tisdale, Wenberg—11.

Those voting nay were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Backman, Bernethy, Boede, Broome, Callow, Carty, Clark, Cowen, Custer, Devenish, Doherty, Dore, Eaton, Eddy, Erdahl, Ford (Robert M.), Foster, French, Gallagher, Gates, Graham, Hall, Hanks, Hansen (Julia Butler), Hanson (Alfred J.), Henry, Hurley, Isenhart, Johnson (Walter A.), Johnston (Geo. H.), Jones (D. W.), Jones (John R.), Judd, Kehoe, Kinnear (George), Kinnear (Roy J.), Lauman, Leber, Lee, Lennart, Loney, Lyman, Martin, McCutcheon, McDonald, McPherson, Miller (Floyd C.), Miller (Fred), Montgomery, Needham, O’Brien, O’Gorman, Pearsall, Pettus, Phillips, Reno, Riley (Edward F.), Rosellini, Ruark, Sandegren, Schumann, Sexton, ShADBOLT, Sisson, Smith (Vernon A.), Sweeney, Taft, Thomas, Todd, Trombley, Turner, Twidwell, Underwood, Van Buskirk, Vane, Warnica, Watkins, Wigen, Zent, Mr. Speaker—82.

Those absent of not voting were: Representatives Beierlein, Chervenka, Ford (U. S., M.D.), Ryan, Trunkey, Woodall—6.

Section 2, House Bill No. 92, having failed to receive the constitutional two-thirds majority, was declared lost.

State of Washington, Executive Department, Olympia, March 17, 1939.

To the Honorable, The House of Representatives of the State of Washington:
(Through the Secretary of State.)

LADIES AND GENTLEMEN:
I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to Section 2, House Bill No. 113, entitled:

"An Act relating to, and providing for, the codification, compilation and publication of constitutional provisions and state statutes relating to third and fourth class cities and towns; and making an appropriation."

Doubtless the compilation and distribution in pamphlet form of those provisions of the Constitution and statutes relating to third and fourth class cities and towns would be helpful to the officers thereof. However, it is my opinion that sufficient information may be given to them and in a comprehensive form without the necessity of a special appropriation of $6,000.

For these reasons, Section 2 is vetoed, and the remainder of the bill is approved. Respectfully submitted,
CLARENCE D. MARTIN, Governor.

Sec. 2. There is hereby appropriated out of the general fund the sum of Six Thousand Dollars ($6000), or as much thereof as may be necessary to carry out the provisions of this act.

Approved March 17, 1939, with the exception of section 2, which is vetoed.

CLARENCE D. MARTIN, Governor of Washington.

Passed the House February 11, 1939.
JOHN N. SYLVESTER, Speaker of the House.

Passed the Senate March 5, 1939.
VICTOR A. MEYERS, President of the Senate.

Mr. Pearsall moved that Section 2, House Bill No. 113, do pass, notwithstanding the veto of the Governor.

The Clerk called the roll, and Section 2, House Bill No. 113, failed to pass
the House, notwithstanding the veto of the Governor, by the following vote:
Yeas, 5; nays, 87; absent or not voting, 7.

Those voting yea were: Representatives McCutcheon, Murphy, Pennock, Pitt, Taylor—5.

Those voting nay were: Representatives Armstrong (H. C.), Armstrong (Ralph L. State of Washington, Executive Department,
Olympia, March 21, 1939.

To the Honorable, The House of Representatives of the State of Washington:
(Through the Secretary of State.)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to Section 5, Substitute House Bill No. 156, entitled:

"An Act relating to the Pacific-Northwest Centennial Exposition to be held in Seattle in 1942; providing for a state exhibit therein, for the construction of state buildings therefor and creating a commission to have charge and control thereof and defining its powers and duties; and making an appropriation therefor."

This measure evidences a growing opinion that in the next few years an exposition can be advantageously sponsored by this state. We already have the Washington State Progress Commission, charged with the responsibility of measurably advertising our state, and attracting to its borders our friends from other parts of the nation, and it seems to me this commission can meet the requirements of this act. Therefore, I am pleased to designate the members of the Washington State Progress Commission as the Exposition Commission to carry on the preliminary surveys, to consider plans for a suitable state exhibit, and otherwise cooperate for state participation in the Pacific-Northwest Centennial Exposition. I do not, however, believe a special appropriation is necessary for this preliminary work.

Moreover, a careful analysis of the act would indicate that the appropriations made are more or less misleading inasmuch as practically all of the appropriation, or $1,900,000, would not be required or made available until after the convening of the 1941 legislature, obviously, then, this appropriation is not necessary at this time.

For these reasons, Section 5 is vetoed, and the remainder of the bill is approved.

Respectfully submitted,

CLARENCE D. MARTIN,
Governor.

SEC. 5. There is hereby appropriated out of the general fund in the state treasury the sum of Two Million Dollars ($2,000,000) or so much thereof as may be necessary: Provided, That the same shall become available as follows: One Hundred Thousand Dollars ($100,000) on the effective date of this act; One Million Nine Hundred Thousand
Dollars ($1,900,000) on February 1, 1941: And provided further, That no liability shall be incurred under this act in excess of the unexpended balance then available. All expenditures shall be made upon vouchers approved by the commission.

Approved March 21, 1939, with the exception of section 5, which is vetoed. 

CLARENCE D. MARTIN, 
Governor of Washington.

Mr. Pearsall moved that Section 5, Substitute House Bill No. 156, do pass, notwithstanding the veto of the Governor.

The Clerk called the roll, and Section 5, Substitute House Bill No. 156, failed to pass the House notwithstanding the veto of the Governor, by the following vote: Yeas, 0; nays, 93; absent or not voting, 6.

Those voting nay were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Backman, Bernethy, Bienz, Boede, Broome, Callow, Clark, Cowen, Custer, Devenish, Doherty, Dootson, Dare, Eaton, Eddy, Erdahl, Ford (Robert M.), Ford (U. State of Washington, Executive Department
Olympia, March 17, 1939.

To the Honorable, the House of Representatives of the State of Washington:
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 257, entitled:

"An Act creating a state library commission and prescribing its powers and duties."

This bill would result in the creation of another state commission. We are not convinced that it would result in any improvement in the management of the state library. The commission method of management was rejected by the legislature after an extended trial, and it seems to me that any necessary improvements in the state library can be worked out by existing state officials without the additional expense necessarily incident to the operation of any commission.

For these reasons, House Bill No. 257 is vetoed.

Respectfully submitted,

CLARENCE D. MARTIN,
Governor.

HOUSE BILL NO. 257

An Act creating a state library commission and prescribing its powers and duties.

Be it enacted by the Legislature of the State of Washington:

Section 1. A state library commission is hereby created which shall consist of the superintendent of public instruction who shall be ex-officio chairman of said commission
and four (4) commissioners appointed by the Governor, one of whom shall be a library trustee at the time of appointment and one a certified librarian actually engaged in library work at the time of appointment. The first appointments shall be for terms of one (1), two (2), three (3) and four (4) years respectively, and thereafter one commissioner shall be appointed each year to serve for a four (4) year term. Vacancies shall be filled by appointments for the unexpired terms. Each commissioner shall serve without salary or other compensation for his services, but necessary expenses, not exceeding Five Hundred Dollars ($500) per annum for the entire commission, shall be paid from the general funds appropriated and available for the use of the state library.

SEC. 2. The state library commission hereby created shall have the power and it shall be its duty to exercise all the powers and perform all the duties relating to the state library now vested in the superintendent of public instruction by Chapter 159 of the Laws of 1929.

Vetoed March 17, 1939.

Passed the House March 6, 1939.

CLARENCE D. MARTIN,
Governor of Washington.

Passed the Senate March 5, 1939.

JOHN N. SYLVESTER, Speaker of the House.

VICTOR A. MEYERS, President of the Senate.

Mr. Pearsall moved that House Bill No. 257 do pass, notwithstanding the veto of the Governor.

Debate ensued.

Mr. Dore moved the previous question, but the motion was lost.

Debate continued.

On motion of Mr. Miller (Floyd C.), the previous question was ordered.

The Speaker declared the question before the House to be the passage of House Bill No. 257, notwithstanding the veto of the Governor.

The Clerk called the roll, and House Bill No. 257 passed the House, notwithstanding the veto of the Governor, by the following vote: Yeas, 79; nays, 16; absent or not voting, 4.

Those voting yea were: Representatives Armstrong (Ralph L. J.), Backman, Bienz, Broome, Callow, Clark, Custer, Doherty, Dootson, Dore, Erdahl, Ford (Robert M.), Ford (U. S., M.D.), French, Gallagher, Gates, Hall, Hanks, Hansen (Julia Butler), Hanson (Alfred J.), Henry, Henson (Harry F.), Hurley, Isenhart, Johnson (Walter A.), Johnston (Geo. H.), Jones (D. House Bill No. 257, having received the constitutional two-thirds majority, was declared passed, notwithstanding the veto of the Governor.
To the Honorable, the House of Representatives of the State of Washington:

(Ladies and Gentlemen):

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 268, entitled:

"An Act providing for the regulation and supervision of the issuance and sale of certain securities to prevent fraud in the sale thereof, and amending Section 6 of Chapter 69, Laws of 1923, as amended by Section 6, Chapter 97, Laws of 1935 (being Section 5853-6 of Remington's Revised Statutes as amended)."

This act would set an arbitrary limit of seven and one-half per cent for expenditures in the organization of the companies affected. Such arbitrary percentage is unnecessary, as existing security regulatory statutes already contain ample authority for proper limitations.

For these reasons, House Bill No. 268 is vetoed.

Respectfully submitted,

CLARENCE D. MARTIN,
Governor.

An Act providing for the regulation and supervision of the issuance and sale of certain securities to prevent fraud in the sale thereof, and amending Section 6 of Chapter 69, Laws of 1923, as amended by Section 6, Chapter 97, Laws of 1935 (being Section 5853-6 of Remington's Revised Statutes as amended).

Be it enacted by the Legislature of the State of Washington:

Section 1. That Section 6 of Chapter 69, Laws of 1923, as amended by Section 6, Chapter 97, Laws of 1935, (being Section 5853-6 of Remington's Revised Statutes, as amended) be and the same is hereby amended to read as follows:

Section 6. Duties of Director of Licenses. Upon the filing of an application, it shall be the duty of the director of licenses to examine the same and the papers and documents filed therewith. If he finds that the proposed plan of business of the applicant is fair, just and equitable, and that the securities which it proposes to issue and the methods to be used by it in issuing and disposing of the same are not such as will work a fraud upon the purchaser thereof, the director of licenses shall issue to the applicant a permit authorizing it to issue and dispose of such securities: Provided, That no permit shall be issued to any corporation organized, or making application for a permit to sell stock after the increase of its capital stock, for the purpose of organizing an insurance company and/or acting as general agent or manager of an insurance company and/or operating or dealing in the stock of insurance companies or whose principal assets shall be the capital stock of an insurance company or companies, if the expenses of incorporation and organization of such corporation, including the placing and/or sale of the capital stock thereof, in cash or otherwise, shall exceed seven and one-half per cent (7½%) of the par value of the stock or seven and one-half per cent (7½%) of the sales price of the non par value stock of such corporation actually sold.

Should the director of licenses find that the proposed plan of business of the applicant is unfair, unjust or inequitable he shall deny the application for a permit and notify the applicant of his decision.

Every permit shall recite in bold type that the issuance thereof is permissive only, and does not constitute a recommendation or endorsement of the securities permitted to be issued.

The director of licenses is hereby authorized and directed to make such reasonable rules and regulations as are necessary to carry out the provisions of this act.

The director of licenses is empowered to make at any time examinations of or investigations into the records and books of account of any issuing company or broker.

To the Honorable, the House of Representatives of the State of Washington:
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next Session of the Legislature, without my approval as to Section 2, House Bill No. 379 entitled:

"An Act relating to bonds issued by counties, cities and towns, and repealing all acts and parts of acts in conflict herewith."

Section 2 is unnecessary since the enactment of Section 1 into law will supersede any conflicting statutory provisions. The section can result only in confusion and might conceivably act as a repeal of some salutary provision of law.

For this reason Section 2 is vetoed and the remainder of the bill is approved.

Respectfully submitted,

CLARENCE D. MARTIN,
Governor.

State of Washington, Executive Department
Olympia, March 20, 1939.

To the Honorable, the House of Representatives of the State of Washington:
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to certain Items, House Bill No. 450, entitled:

"An Act making appropriations for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices, for the purchase and improvement of land, the construction of buildings and improvements for the various state institutions designated and mentioned, and for emergencies, and for refunds, and for sundry civil expenses of the state government, and for public assistance, and for purposes specified in certain acts of Congress, and for miscellaneous purposes, for the fiscal biennium beginning April 1, 1939, and ending March 31, 1941, except as otherwise provided, and declaring that this act shall take effect immediately."

I disapprove and veto the item "Salary—For collection of Delinquent Corporation fees and taxes $8,000.00." Owing to the over-appropriated condition of the General Fund calling for retrenchment in every office or department, the work contemplated by this appropriation can be cared for from the regular appropriation for this office.

I disapprove and veto the item "Indexing Senate and House Journals $1,000.00" for the reason that this work can be cared for from other appropriations for legislative expense.

I disapprove and veto the item "Installation and Maintenance of Teletype System $65,000.00" for the reason that if upon proper investigation this equipment is deemed desirable same can be taken from the regular appropriation for the State Patrol.

I disapprove and veto the items

"Veterans' Hospital:
Salaries and wages ........................................ $59,980.00
Operations ............................................... 42,650.00

Total ....................................................... $102,630.00"

for the reason that Senate Bill No. 114 already approved carries an appropriation of $102,600.00 for this purpose, therefore these appropriations are unnecessary.

I disapprove and veto the items

"Old Age Annuities as provided by Chapter 223, Laws of 1937 ............................................ $19,000.00

Old Age Annuities as provided by Chapter 223, Laws of 1937 ............................................ 21,000.00

Old Age Annuities as provided by Chapter 223, Laws of 1937 ............................................ 22,000.00"
for the reason that Senate Bill No. 188 extends the provisions of the State Teachers' Retirement System to the colleges of education, therefore these appropriations are unnecessary.

With the exception of the foregoing vetoes, the remainder of House Bill No. 450 is approved.

Respectfully submitted,

CLARENCE D. MARTIN,
Governor.

SIXTEENTH DAY, JANUARY 28, 1941

State of Washington, Executive Department
Olympia, March 17, 1939.

To the Honorable, the House of Representatives of the State of Washington:
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to subsection (f) of Section 2, House Bill No. 535, entitled:

"An Act relating to public service companies; providing for additional supervision and regulation thereof and for the payment by said public service companies of the costs of certain investigations, valuations and appraisals and services made and rendered by the department of public service; and repealing Section 12 of Chapter 165 of the Laws of 1933; and declaring an emergency."

This act makes it possible for the Department of Public Service to carry on an extensive investigation of proposed changes in telephone rates and service. The provision vetoed would cause the act to expire March 1, 1941. Bills for the cost of investigations under this act could not be issued by the Department until after expenditures had been made. If the act expired during the course of an investigation or of any litigation arising from an investigation, collection of costs would be endangered. This might result in a claim against the general fund of the state for such costs.

For these reasons, subsection (f) of Section 2 is vetoed, and the remainder of the bill is approved.

Respectfully submitted,

CLARENCE D. MARTIN,
Governor.

SEC. 2 (f) This act shall expire March 1, 1941.

Approved March 17, 1939, with the exception of subsection (f) of section 2, which is vetoed.

MESSAGE FROM THE SENATE

Senate Chamber,
Olympia, Wash., January 27, 1941.

Mr. Speaker:
The President has signed Senate Joint Resolution No. 1, and the same is herewith transmitted.

James M. Taylor, Jr., Secretary.

The Speaker announced he was about to sign Senate Joint Resolution No. 1.

MESSAGE FROM THE SENATE

Senate Chamber,
Olympia, Wash., January 28, 1941.

Mr. Speaker:
The Senate has passed Senate Bill No. 357 of the Twenty-sixth Regular Session, over the veto of Governor Clarence D. Martin, and said bill, together with the letter of transmittal, is herewith transmitted.

James M. Taylor, Jr., Secretary.

State of Washington, Executive Department,
Olympia, March 20, 1939.

To the Honorable, The Senate of the State of Washington:
(Through the Secretary of State.)

LADIES AND GENTLEMEN:
I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 357, entitled:

"An Act relating to admission to the practice of the law, amending section 8 of Chapter 94 of the Laws of 1933 (section 138-8 of Remington's Revised Statutes)."

In 1933 legislation was enacted designed to raise the standard of the legal profession. The principle involved in this bill runs counter to the principle involved in the 1933 act by making service in the legislature the equivalent of training in college, accredited law school or law office, as qualification for eligibility to take the bar examinations. If the existing restrictions now placed upon eligibility to take the bar examinations are to be liberalized, there would seem no sound reason why such liberalization should be limited to legislative services only.

For these reasons, Senate Bill No. 357 is vetoed.

Respectfully submitted,
Clarence D. Martin,
Governor.

Mr. Pearsall moved that Senate Bill No. 357 do pass, notwithstanding the veto of the Governor.

Debate ensued.

Mr. Woodall moved the previous question, but the motion was lost.

Debate continued.

On motion of Mr. Armstrong (H. C.), the previous question was ordered.

The Clerk called the roll, and Senate Bill No. 357 failed to pass the House, notwithstanding the veto of the Governor, by the following vote: Yeas, 30; nays, 65; absent or not voting, 4.

Those voting yea were: Representatives Bernethy, Boede, Callow, Dootson, Dore, Hall, Hansen (Julia Butler), Henson (Harry F.), Martin, McCutcheon, McPherson, Miller (Floyd C.), Murphy, Needham, O'Brien, Pennock, Pettus, Rosellini, Sandegren, Savage, Sexton, Smith (Jurie B.), Taylor, Tisdale, Trombley, Twidwell, Van Buskirk, Vane, Watkins, Wenberg—30.

Those voting nay were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Backman, Bienz, Broome, Carty, Clark, Cowen, Custer, Doherty, Eaton, Eddy, Erdahl, Ford (Robert M.), Ford (U. S., M.D.), Foster, French, Gallagher, Gates, Graham, Hanks, Hanson (Alfred J.), Henry, Hurley, Isen-
Those absent or not voting were: Representatives Beierlein, Chervenka, Devenish, Ryan—4.

Senate Bill No. 357, having failed to receive the constitutional two-thirds majority, was declared lost.

NOTICE OF RECONSIDERATION

Mr. Pitt gave notice that having voted on the prevailing side, he would, under the proper order of business, move to reconsider the vote by which Senate Bill No. 357 failed to pass the House.

Mr. Pearsall:
"Mr. Speaker, point of order. I refer you to House Rule No. 28, which provides for reconsideration of a vote only—not for reconsideration of a bill."

The Speaker:
"The point is well taken, Mr. Pearsall."

Mr. Watkins:

PERSONAL PRIVILEGE

The Speaker recognized Mr. Turner.

Mr. Turner of King County:

"Mr. Speaker, there has been placed upon the desk of each member a brief notice calling attention to the fact that a date has been set for the memorial services to be held in honor of the former members of the Legislature who have died since the last session. This service is held customarily at each session as a tribute to the deceased members.

"The problem of getting the names and information relating to the deceased members is sometimes quite difficult. A great deal of work has been done, and a list of all those members has been compiled. We feel that it might not be complete; consequently, the committee is asking each member to turn in the name of any deceased member that may have been omitted from the list. Also, we would like the name of the member supplying the missing name so that the committee can get in touch with you.

"For your information, a memorial is passed in honor of each deceased member, and a copy is sent to the family. This is a matter that is very delicate, and of great importance. I hope that each member of this House will treat this matter with the same regard as you would like some future session to treat you and your survivors after you are gone. This is something that you can do in memory of our deceased members.

"When you have filled out your list, please leave it on my desk, and the matter will be taken care of."

On motion of Mr. Pearsall, the House adjourned to eleven o'clock a. m., Monday, February 3, 1941.

S. R. Holcomb, Chief Clerk.

Edward J. Reilly, Speaker.

The Speaker:
"You are correct, Mr. Riley. You may close the debate."

Mr. Martin:
"Mr. Speaker, point of order. I thought I was the mover of the motion."

The Speaker:
"The Speaker made a ruling that the sponsor of the bill or the mover of the motion to place the bill on final passage may speak after the previous question has been demanded. The motion to indefinitely postpone is analogous to final passage; therefore, the sponsor of the bill may close the debate after the previous question has been demanded on the indefinite postponement of the bill."

EXPLANATION OF VOTE

Mr. Pearsall:
"My reason for voting against the indefinite postponement of House Bill No. 62 was that by bringing the bill to further consideration I felt the proper amendments could have been placed on the bill to enable liquor, including wine and beer, to be sold between twelve o'clock midnight Saturday and one o'clock a. m. Sunday, which is not now permissible."

On motion of Mr. Pearsall, further proceedings under the call of the House were dispensed with.

PERSONAL PRIVILEGE

Mr. Pettus:

"Mr. Speaker, I want to rise to a point of personal privilege, or rather of personal condemnation. I ask their forgiveness, and I ask the forgiveness of this entire body for speaking during the heat of argument without weighing my words."

Mr. Armstrong (H. C.):

"Mr. Speaker, I want to explain to my good friend from Pierce County that he has my entire sympathy, because I know that sometimes things are said that are not meant. I know he did not mean to question the motives of any man speaking for the bill."

Mr. Riley (Edward F.):

"Mr. Speaker, I have already spoken to the gentleman from Pierce County, Mr. Pettus, and assured him that so far as I was concerned, I know his generous heart and soul would not permit him to question any one's motives. I am glad he took this occasion to speak, because in cases like this we do not want on record things we might say in the heat of argument."

PERSONAL PRIVILEGE

Mr. Devenish:

"Mr. Speaker, I would like to suggest that the members who have road bills to introduce, please introduce them to the Committee on Roads and Bridges instead of directly to the House, in the interest of saving on the legislative expense.

"In the 1939 Session there were one hundred bills introduced pertaining to roads and bridges. Out of the one hundred, eighty-five never came out and were never considered. For these eighty-five bills, figuring $50.00 for printing each one, we spend $4,250.

"The program now is that bills will be introduced in the Committee on Roads and Bridges instead of being placed in the hopper, but they will be given the same consideration as though they had been placed in the hopper. By this method, the cost of printing the bills which are not considered will be saved.

"At this time I think this is absolutely necessary. Therefore, if the members have such bills in mind, if they will bring them to the clerk in the Roads and Bridges Committee room, I can assure them they will receive the same consideration as though they were introduced in the House."

PERSONAL PRIVILEGE

The Speaker:

"The Speaker shall assume the right to make a motion that the members of the House stand and extend greetings to one of our esteemed members on his attaining his seventy-fourth birthday. Today is Dr. Lauman's birthday."

Dr. Lauman:

"Thank you very much, gentlemen, for this honor. I have lived seventy-four years of happy life, and hope I shall live for seventy-four more. I extend the same wish to you."

PERSONAL PRIVILEGES

Mr. Sisson:

"Mr. Speaker, yesterday probably was a day of no great importance to a large majority of the members. However, it was one of importance and special significance to one member. I want to bring to the attention of the members that it was the fifty-eighth birthday of my friend and seatmate, Mr. Leber."

Mr. Leber:

"Mr. Speaker, and members of the House:

"The sad part of this is that I could not have every member included in my birthday celebration. Several of the older members celebrated with me, and I am very sorry that I could not have all the members there."

Mr. Martin:

"Mr. Speaker, Mrs. Boede has asked me to say that she thinks this matter of announcing birthdays can be overdone."

Mr. Warnica:

"Mr. Speaker:

"Referring to the bulletin which has been placed on the desk of each member relative to the Lincoln Day Banquet, I have received several inquiries regarding this banquet. One inquiry suggested that I might be host to all the Democrats, and I would like to know at this time if I can do this and place it on my expense account. I would like to have all the Democrats come to this banquet, as my guests."
"However, this banquet will be a non-political meeting. The Honorable Chief Justice Robinson will deliver the address of the evening, and we would like to have as many members attend as possible."

On motion of Mr. Pearsall, the House adjourned to twelve o'clock noon, Monday, February 10, 1941.

Representative W. E. Carty delivered the following eulogy on the life of C. W. Anguish:

The death of Charles W. Anguish, former Representative from Snohomish County in 1919, removes from Vancouver one of the city’s real boosters, a man who met adversity with a smile, a man whose optimism and good cheer were contagious.

Death came only last week to Charles W. Anguish, without his having visited this 1941 Session of the Legislature. Since his term of office back in 1919, he had never failed to spend at least a day visiting former colleagues and making new acquaintances.

A resident of Vancouver, Washington, since 1929, he was active in the real estate business, and was an ordained elder in the Free Methodist Church in the Washington Conference. Anguish was well known throughout the Northwest as a Sunday School organizer and as a traveling evangelist for the Conference.

He was born July 3, 1873, in Tonawanda, N. Y., and lived in that state until 1906, when he came west to Everett, Wash. In the year 1918, he was elected to serve as the Representative from Snohomish County in the 1919 Session of the Washington State Legislature. In 1923 he moved to California and four years later to Portland; then in 1929 to Vancouver, where he resided until his death. He was married in New York in 1894 to Jennie S. Anguish, who died here seven and a half years ago. In February of 1934 he was married to Elsie H. Stoops, who survives him. He is also survived by three sons, C. Victor and A. Glenn of Vancouver, and Leonard J. of Pacoima, California; and by a daughter, Pearl, of Vancouver; and one grandson.

We will miss his pleasant smile, his friendly visits, his solid philosophy. He was a man of real erudition and it was a pleasure to talk with him. His was a useful life.

Representative D. W. Jones delivered the following eulogy on the life of Thomas H. Atkinson:

“Sunset and evening star, and one clear call for me.”

That is how the great summons came to my friend Thomas H. Atkinson on January 18, 1941.

The Honorable Thomas H. Atkinson was born April 1, 1863, in Warwick, Ontario, Canada, the son of a Methodist minister. At the age of nineteen years he enlisted in the Canadian Voyaguers, a Combat Unit that went with Lord Kitchener to the rescue of General Charles Gordon at Khartum. He was decorated by Queen Victoria and the King of Egypt. Because of the knowledge gained as a youth on the St. Lawrence River, he was placed in charge of the Navigation of troops on the Nile River during this campaign.
Mr. Atkinson was a noted singer and was invited to sing before Queen Victoria before returning to Canada. Upon completion of his service he operated a fur-trading store in Winnipeg.

At the age of twenty-five he was converted and spent the balance of his active life as a religious worker. He graduated from the Dwight L. Moody School at Northfield, Massachusetts. He traveled with the famous evangelist as a soloist and musical director all over the United States. While in Chicago he met and married Ruth Carle on July 17, 1889. He filled several pastorates in the Presbyterian Church throughout the middle west.

In 1907 he came with his family to Entiat, Washington, and developed a thriving orchard. He also helped organize the Entiat Presbyterian Church.

In 1911 he was elected to the State Legislature from Chelan County, and was instrumental in the purchase of the Wenatchee Columbia River Bridge by the State. In 1922 he moved to Wenatchee and was field man for the Northwestern Fruit Company until his retirement in 1932.

Mr. Atkinson was in New York ready to sail for France as a Y. M. C. A. worker, when the Armistice was signed in 1918. Following his retirement in 1932 he spent the summer in Europe. He was always in great demand as a speaker and soloist.

He was stricken with a heart attack while out walking Saturday, January 18, 1941. Funeral services were held in Wenatchee, Tuesday afternoon, January 21.

He is survived by his widow, two sons and two daughters.

Representative John L. O'Brien delivered the following eulogy on the life of Harry D. Austin:

"Et mortuus est", the Latin phrase meaning "and he died". One day those words will be said over you and me.

It is with a deep sense of honor that I offer this tribute to the late Harry D. Austin, who represented my district in the State Legislature for five sessions, beginning with the year 1933.

Mr. Austin was a native son of the State of Washington, born in Seattle on October 4, 1889, the year of statehood. He spent most of his life in Seattle, attending the old South School and the Seattle High School. He left school before graduation in order to make his own way in the world.

One of his first positions was with The Trade Register, a weekly newspaper, where his employment ranged from soliciting subscriptions, to advertising and setting type. Later he was engaged in automotive distributing business and then in automobile financing.

He was past president of the Washington Association of Finance Companies, and a director of the Automobile Dealers' Association.

Mr. Austin's life is a story of a young man who went into the world to be a success. His material gains were won through struggles and hardships. Later in life he became interested and active in politics.

His work in the State Legislature is known to all. He was the type of man who believed in an ideal and had the intestinal fortitude to follow his convictions.

Mr. Austin is survived by his widow and by a daughter, Mrs. Robert E. Hepworth of Seattle.

May his soul rest in peace.

Representative John R. Jones delivered the following eulogy on the life of Elmer F. Banker:

An honored custom brings us together on this occasion to meditate upon the swift passing of time and to pay, in full measure, respect to the faithful ones who have fallen in the line of public duty while serving our state.

I address you, honoring the name of a former member, Elmer F. Banker, who served as a member of this House during the sessions from 1917 to 1933, and with whom I was associated for several years in activities within the Democratic party.

No truer friend ever lived, and no man or woman living today will question the honesty and integrity of this noble man. He knew the principles and the philosophy of life—to observe good faith and justice toward all mankind; he cultivated peace and harmony with all. His philosophy of a good servant may well be embodied in these words: "The basic purposes of democracy are best promoted when every elected public official bends his efforts towards social and economic progress."

Mr. Banker was born on a farm in Orleans County, New York, July 19, 1871. He
was educated at the Brockport Academy at Brockport, New York. In his early boyhood he had the ambition to explore the far west, and became one of those rugged pioneers that experienced all of the hardships and all the ups and downs that faced those early settlers in their efforts to establish markets and transportation accommodations. He came to Spokane at the age of eighteen years, accepting a position as clerk in a clothing store. Later he transferred to Waterville, Washington, where he accepted a position as clerk in that well-known store at that time, A. L. Rogers and Milt Howe Clothing Store. 

On November 8, 1896, Mr. Banker married Miss Maud Wetsel, a Waterville girl. To this union were born four sons and one daughter. Mrs. Banker died here in Olympia on July 31, 1936.

In later years he moved into the Methow Valley where he engaged in the business of cattle raising, and became the owner of a large open range for grazing purposes. This was the work Mr. Banker enjoyed, for he loved livestock. He spent much of his time in the saddle riding the range. He loved nature and made it one of his studies, spending a great deal of his time in hunting and fishing.

Mr. Banker was a life-long Democrat, and during the legislative session of 1921 he served as the lone Democrat. In 1933 he was appointed by the Governor as Director of Conservation and Development. During his years in the Legislature he served on all of the most important committees.

He is known as the father of the Conservation Act of this state. One of his ambitions was to get water onto some of our dry areas. His last appointment of importance was made by the late J. D. Ross, to make a power survey of North-Central Washington for the Bonneville Power Commission. Mr. Banker was engaged in this work at the time of his death.

Having served with Mr. Banker during five sessions, he became one of my closest friends, and in his passing it seems that I have lost a brother. He died on June 24, 1939. In his passing the nation as well as the state mourns his loss. We have lost a statesman whom it will be difficult to replace.

Representative Vernon A. Smith delivered the following eulogy on the life of William L. Bilger:

The life of William L. Bilger is a lustrous example of the opportunity our country offers to the man who combines his own natural ability and sterling character with hard work and a sincere devotion to the welfare of his fellow men.

Born in the little town of Jacksonville, Oregon, in the year of 1863 when our country was in the midst of a civil war, he successfully met the vicissitudes of pioneer days in the Pacific Northwest only to find himself an orphan at sixteen with the responsibilities of his father's hardware business and seven junior brothers and sisters. At twenty-one he was with a wholesale hardware house in Portland; at twenty-seven he was the head of a retail hardware business in Olympia, where he was soon respected as a public spirited citizen; after seven years he joined the Seattle Hardware Company, and at the age of forty-two he became sales manager for that company and retained this position for twenty-five years until he retired in the year 1930.

Mr. Bilger was a Republican member of the House of Representatives during the Twenty-third regular and extraordinary Sessions of 1933. He was a conscientious, industrious committeeman. He sponsored but three bills during the two sessions, and the one of these relating to public purchases became a law. His primary interest was in public welfare, which found expression in his work for parks and recreational facilities. He was a member of the Committee on Parks and Playgrounds during the regular session, and chairman during the extra session.

His other interests are evidenced by his service on the Committees on Educational Institutions and Commerce and Manufacturing, and those who served with him on the Committee on Appropriations still attest his thorough grasp of the practical problems of state government.

Mr. Bilger was a charter member of the Seattle Rotary Club, and helped organize the Kirkland and University Rotaries; a member of a Draft Board during the first World War, and chairman of one at the time of his death, both of which had headquarters in Kirkland. He was active in political, commercial and fraternal organizations, and was a Shriner for many years.

Upon retirement from active business in 1930 he organized and was the charter president of the Washington State Seniors' Golf Association, and it was in pursuit of his chosen pastime, during a planned visit at Phoenix, Arizona, that he suddenly passed.
on Tuesday, January 21st, 1941, to the Eternal Fairways. He had arrived in Phoenix
the day before with E. L. Howard, a former member of this House. They played golf
and lunched together Tuesday morning. Soon after retiring to his room for a rest he
suffered a heart attack. Mr. Howard was called and remained with him to the end. I
quote from a letter written by Mr. Howard to Mrs. Bilger:

“So he was with us no more. The congenial spirit of every golf match, the mentor
of fair play and fine sportsmanship, had driven down his last fairway, had laid down
his putter, and answered the summons of his Heavenly Father who, when he had
served his earthly purpose, gathered him to Himself.”

In the sad circumstances that encompass us today, I am remembering the beautiful
tribute of the Poet Halleck—

"Green be the turf above thee,
Friend of my better days;
None knew thee but to love thee,
None named thee but to praise."

Representative Marion Sexton delivered the following eulogy on the life
of E. A. Blackmore:

Edward Allworth Blackmore, former Representative from Ridgefield, Clark County,
Washington, passed from this sphere March 24, 1939, at his home, following several
years of failing health.

His deep interest in governmental affairs and civic problems was rooted in his
boyhood and early adulthood training received in England.

He was thirty-two years of age when first named to serve his district as a legislator
in Olympia. He was first elected in 1905 and renamed to his office in 1907.

Responsibility was never shirked by Mr. Blackmore. His loyalty to his friends, his
desire to better conditions for his fellow kind, are clearly defined in his record as a
civic worker in his home community. His life of toil brought him in contact with
all problems, and his advice and counsel were pleasantly and rightfully given. His
memory is revered by hundreds and thousands of friends legion throughout this state'
and his district.

Edward Allworth Blackmore was a hard-working, aggressive, honest worker in the
ranks of mankind.

Representative V. G. Backman delivered the following eulogy on the life
of Dr. Wm. G. Cameron:

Dr. W. G. Cameron was a highly respected and generally loved colleague of mine
in the service of the Northern Pacific Beneficial Association. It is for that reason
that I am extended the honor upon the occasion of this memorial service of eulogizing
this beloved physician and former member of this legislative body. I knew Dr.
Cameron as a fine doctor, a generous friend, a good Kiwanian, and a gentleman of the
highest order.

His colleagues of the Pierce County Medical Society, of which he was one time
the president and for many years the editor of their Bulletin, have said of him, “No
man had more friends and fewer enemies, for no one could know this gentle philos­
opher without respecting and loving him. Genial always, he lived in a tranquil and
serene atmosphere, with no regrets for yesterday and no fears for tomorrow. He was
content with the world as he found it, glad to have had what life had given, satisfied
at its close that it had been good. Those of us who knew him best, will long re­
member the quiet presence who moved among us, with respect, with love, and with
a deep sense of loss.”

After thirty-two years of earnest and conscientious service to his community, not
only professionally, but as a civic and public minded citizen, eager to lend his wide
range of talents to the cause of community welfare and statesmanship, he leaves us an
enviable record which few may hope to surpass. Few men have mastered a science
as he mastered his, and then added to that accomplishment an equally full development
in those social attributes which draw great numbers of men into their circle of friend­
ships, or those progressive qualities which, applied to civic enterprises and affairs of
state, influence men to seek their leadership.

But to Dr. Cameron go those signal achievements and many more, and among the
others I would not forget to mention that he was a grand father and a good husband,
and among those who mourn his loss, but with far deeper and stirring emotions, are
his wife, Mrs. Mabelle Davies Cameron, and his son, Dr. Walter C. Cameron, with whom he had for ten years been associated in the practice of his profession.

Dr. Cameron was born in Utica, N. Y., on November 3, 1873. He was educated in the University of Pennsylvania, and studied abroad in Vienna, London and Paris. He was an honored member of many professional societies, of the Masonic Order and of the Episcopal Church. He served in this legislative body in 1937 and 1939, and here, too, won honor and respect and many friends.

To have lived as he lived, and served as he served, and to have been rewarded as he was rewarded with the love and respect of his fellowmen everywhere, is life in its most sublime and royal attire.

Representative W. J. Beierlein delivered the following eulogy on the life of Ira H. Case:

On June 17, 1939, Ira Hill Case, one of Washington’s leading pioneers, passed away at his home on Vashon Island.

Mr. Case was active in civic and governmental affairs. Shortly after coming to our state in 1889, he established the first mutual savings bank of Washington in Seattle. Then, observant of the State’s need for contact with our Puget Sound islands and ports, he established the first ferry service from Des Moines to Portage and from Tahlequah to Point Defiance.

From 1925 to 1933 Mr. Case served as Assistant State Director of Agriculture and was a member of the Pierce County legislative delegation at the 1923 Session. Having conscientiously and capably served his community, he retired from business in 1933.

As a member of the Chamber of Commerce, Mr. Case was an earnest worker and did much for the betterment and advancement of civic and community activities. His many friends on Vashon Island, where he made his home for years, will cherish his memory and respect him as one who always acted in their behalf.

Senator Shirley R. Marsh delivered the following eulogy on the life of E. S. Collins:

Mr. Chairman and Friends:
I sincerely appreciate the opportunity to honor the name of E. S. Collins, who died recently at the age of seventy-four years.

Mr. Collins served as a member of the House during the Session of 1903. He was prominently allied with the early development of Cowlitz County, and was a pioneer in Northwest logging operations.

Mr. Collins as a young man came to Washington from the State of Pennsylvania and settled at Ostrander, in Cowlitz County, in 1889, and there established the Ostrander Railway and Timber Company. This company is famous the world over for the huge spars and other timbers cut by it.

While Mr. Collins accumulated a fortune of better than ten million dollars, he never ceased to be a common man in his associations. He personally supervised the operations of his company and he dressed in the calk shoes and tin pants of the logger. He worked with and directed his men. Many of his employees were with his company more than twenty-five years at the time of his death.

Mr. Collins was one of the chief contributors to the College of Puget Sound and the Willamette University, at Salem, Oregon, and to the Methodist Church, the Y. M. C. A., and numerous charities. His contributions to these various organizations totaled more than two million dollars.

Mr. Collins will be remembered as one of the outstanding citizens of the Northwest, not only as a successful business man who built up a huge fortune, but as one who never ceased to be interested in his fellow men and in trying to better the community in which he lived.

Representative C. N. Eaton delivered the following eulogy on the life of Grant Copeland:

Grant Copeland, a pioneer Representative of the Walla Walla district in the State Legislature, passed away to that other life September 16th, 1940. He was elected from the Walla Walla district as Representative in 1898 and again in 1900. He was a man of sterling qualities who served his State faithfully and well, ever having uppermost in his mind the betterment of his State and Nation that future generations might enjoy the blessings and happiness of a free people. It is such pioneer men as Mr. Copeland, who have laid a safe and sane foundation for this great State of Washington.
This good man, Grant Copeland, was born of pioneer parents in Walla Walla County, March 31st, 1866, and continued to reside in the state until his death. All honor to such outstanding pioneers.

Representative James E. Watkins delivered the following eulogy on the life of Charles M. Dial:

Mr. Speaker, Ladies and Gentlemen of the Twenty-seventh Legislative Session of the State of Washington:

Today, with simple homage but with deep emotion, I am privileged to petition you in behalf of the memory of one of our former esteemed members, Charles M. Dial. Charles M. Dial and wife, Mrs. Mary E. Dial, passed from our worldly existence June 2, 1940.

Mr. Dial was born in Marysville, Missouri, in 1871. He came west with his family while an infant and settled with them here in the fair city of Olympia. Thereafter, Mr. Dial settled in Bryn Mawr and Seattle with his own immediate family, residing therein for over forty years, which truly made them pioneers of our great state.

Mr. Dial was past president of the Associated Clubs of the South End, a member of St. Andrews Lodge, No. 35, F. & A. M.; Issaquah Chapter No. 39, R. A. M.; Nile Temple of the Shrine; University Commandery, Knights Templar; Nesika Chapter of the Order of the Eastern Star, and the Rotary Club. Mrs. Dial belonged to Nesika Chapter of the Order of the Eastern Star.

Mr. Dial is survived by a sister, Mrs. Villa Kaufman, of The Dalles, Oregon. Mrs. Dial is survived by two sisters, Mrs. John Klingenberg, of Tacoma, and Mrs. K. Munson, of Olympia.

With their wide acquaintanceship came deep and lasting friendships such as have made the West the hospitable land that it is known to be.

Little may be added to that which already has endeared Charles M. Dial to those who knew him. Those who have heard of him as a member of our body speak of his distinctive service to the State in the legislative session of 1931; those who speak of him speak with the commendation justly due his exemplary philosophies.

Charles M. Dial was an exacting man and a just man, and therefore sets before us an example to which we can well set our own course of conduct.

Representative Z. A. Vane delivered the following eulogy on the life of Lorenzo Dow:

Mr. Lorenzo Dow was sixty-three years old at the time of his death last year. He was born in Rochester, Minnesota, and came to Tacoma to make his home fifty years ago. He left behind his beloved wife, a son and two daughters. Mr. Dow worked as a laborer at different jobs, then became secretary for the Division Engineers of the Northern Pacific Railroad.

While some of his work took him away from Tacoma, he always returned and spent practically all of his life in this city. He became a lawyer and held many positions that required the training of an attorney. He was once County Prosecuting Attorney, Assistant Prosecutor and Assistant to the City Attorney.

He took part in political and civic affairs to a great degree. He represented Tacoma in the Legislature in two different sessions, the first one being in 1901.

The significant thing about Lorenzo Dow, who was commonly called Ren, was his philosophy of life. Here was a man who got pleasure from things having nothing to do with riches or honors. He contributed more to the civic affairs in our city in more directions, probably, than any other man during his time.

His active outdoor life made him most popular and he was continuously promoting athletic events for the city. He was a naturalist in the truest sense of the word, as he loved to get out into the woods and hills to commune with nature.

This man has left his mark, particularly upon the younger people of our community. He was called "Ren" by thousands of young folks as well as the older ones. There was never a fight for the benefit of the community in which Ren was not in the front ranks.

His great love for the outdoors is best shown by his own written words, penned by him after a trip around the Mountain. The title given it by our beloved friend Ren is "Mountain Thoughts". It portrays the soul and character of this man between the lines as the beautiful description portrays the Mountain in all of its glory.

A tribute to Mr. Lorenzo Dow can best be given by his own beautiful words, entitled "Mountain Thoughts":
"I have walked and talked with God. He led me along the rumbling, tumbling streams; He bade me be seated on the banks of a limpid lake—an emerald jewel, set high in the hills—and view His handiwork. I walked along the banks of treacherous, turbulent rivers, climbing ever higher to view the snow-covered peaks of this Mountain that was God, a mighty inspiration to the traveler, and an everlasting monument to His greatness.

"He invited me to gaze on the flowers of every hue and shade whose roots and bulbs were buried under immense fields of snow the winter long, and then when the melting snows show the bare ground, acres and acres of the mountain side are covered with the colors of the rainbow, and as I viewed this wonder of the ages, this springing to life, I could but exclaim, 'Mine eyes have seen the glory of the work of God.'

"He told me of the different strata of rock, what they meant in the history of the making of the world. He showed me where once the molten sea of lava rolled down the mountain side, and then as we ascended higher until we crossed the glaciers, He explained the eons and eons of time it took to build up these immense barriers of ice, long, long after this molten mass had cooled.

"As I lay me down at night on a bed of fragrant moss, I watched for hours the kaleidoscopic procession of the stars, beautiful jewels in the canopy of heaven. And encompassed by the stillness of the darkness of the night, with no sound save the distant rumbling of a river, an occasional roar of an avalanche, I wondered at the age-old question, 'From whence and whither?'; but 'soothed and sustained by an unfaltering trust' I fell asleep, dreaming dreams of the mighty cataclysm, the march of the glaciers, the eroding waters, the winds and tempests that made possible this world.

"I awoke in the gray of the morning and listened to that awe-inspiring stillness that forebodes the coming of the dawn, and then I saw the shafts of light striking the highest peaks, to burst forth over yonder hill in glory; and it was another day.

"Climbing high among the glaciers, along the jagged rocks, down the slopes along the rushing rivers, through sylvan glens, far from the maddening crowds' ignoble strife, my journey coming to an end, He whispered, 'Be of good cheer, for there is yet happiness, peace and contentment to the soul', and in His presence I realized the truth that 'Blessed are the meek and the lowly', and so, on my way out,

"I sang because I was happy,
I sang because I was free,
For His eye was on the sparrow,
And I knew He was watching me."

Thus spoke our beloved fellow legislator, Lorenzo Dow.

Representative Carl E. Devenish delivered the following eulogy on the life of E. L. Farnsworth:

Mr. Edward L. Farnsworth was born in Sanalac County, Michigan, January 8, 1863. The Farnsworth family later moved to Wisconsin where Mr. Farnsworth had the distinction of being a member of the first graduating class in law at the University of Wisconsin. He began the practice of law in Shawano, Michigan.

On December 23, 1885, Mr. Farnsworth was married to Sarah A. Moody. Three years later they moved west, living briefly in Colorado, California, and in 1888 located at Wilbur, Washington.

Mr. Farnsworth was admitted to the bar in Washington, and after a few years of practicing law entered the banking business at Wilbur. He served twelve years in the legislature and was numbered among the leaders. In later years he was president of the State Good Roads Association and also of the State Taxpayers Association. He was one of the organizers of the Masonic Lodge at Wilbur and advanced to the Thirty-second Degree in the Order. He was a member of the Episcopal Church.

Mr. Farnsworth was always active in civic affairs, and during the past few years had devoted much of his time to the interest of his community and to the upbuilding of the State at large. His kindly aggressiveness in accomplishing objectives made him thousands of friends who all mourn his passing.

Mr. Farnsworth passed away at his Olympia home on January 7, 1940, and is survived by his wife, Mrs. Sarah A. Farnsworth, and one daughter, Mrs. Grace Fisk.
Representative Edward J. Reilly delivered the following eulogy on the life of J. M. Geraghty:

On this most honored occasion, we are brought together in body and mind to meditate on the swift passing of time and to pay in the fullest measure our deepest respects to the faithful ones who have preceded us in these House Chambers and who have, since the last Session, been called to their just reward.

It is with a deep sense of honor that I offer this tribute to the late James M. Geraghty, one properly known throughout the State as Judge Geraghty, and to all his more intimate friends as Jim Geraghty. His life is like a lighted highway for us to follow.

James Geraghty was born in Ireland in the year 1870 and came to the United States of America at the tender age of ten years, settling with his parents in the State of Indiana. He came to the State of Washington shortly thereafter and established his home in the City of Spokane, Washington, taking unto himself Nora Toolen to be his wife. To this happy union God sent his blessing in the form of eleven children, seven of whom are living, four of whom have been called to be with their parents.

James Geraghty served as a member of the House of Representatives in the year 1897. During that session he established himself as a man possessing principles and ideals of the highest ranking, proving he was made of the finest human fiber, and with a highly developed mind. His contributions as a legislator in that session alone could well have placed him in the Hall of Fame, and to it the State of Washington today owes a debt of gratitude. James Geraghty did not stop at that rung in the ladder of life, but obtained for himself the position as Secretary to Senator George Turner, later becoming associated with Mr. Turner professionally from the year 1903 until the year 1916, at which time he was chosen Corporation Counsel for the City of Spokane.

James Geraghty held the position as Corporation Counsel until the year 1933, at which time he was selected by Governor Martin to fill the position as Head of the Department of Efficiency; the following year he was elected as one of the Justices of the Supreme Court, to which office he was re-elected and held until the time of his decease.

I, like so many thousands of young men throughout the State, knew James Geraghty personally. We knew him not only as a judge but as a man who would counsel and advise and comfort at all times.

His greatest accomplishment in life, no doubt, was the raising of his family. His second great accomplishment was that of helping the immature, the poor, and the down-trodden.

He kept the faith, he did the best that was within him, and greater than that no man can do. He was deeply loved and honored by thousands, and in his death he leaves a monument of his life that we all may be guided by. His most outspoken philosophy was that he believed "no one thoroughly lives who lives for himself alone".

Representative Al Henry delivered the following eulogy on the life of G. W. Hamilton:

I have the honor today to offer a tribute to the first Representative of Benton County to the Washington State House of Representatives, and the former Attorney-General of our state—Mr. G. W. Hamilton.

Garrison Wire Hamilton was born March 26, 1856, at Louisville, Ohio. He was educated in Mount Union College, where he received the degree of Ph. B. in 1877. He then attended the Cincinnati Law School, from which he graduated and received the degree of LL. B. in 1880. He immediately formed a law firm under the name of Hamilton and Martz, and began to practice law at Woodsfield, Ohio. He was subsequently elected judge of Monroe County, in which position he served for six years.

In 1903 he came from Ohio to Spokane, and two years later moved to Prosser, Washington. In 1907, Benton County sent him as their first Representative to the State House of Representatives.

Mr. Hamilton served as Prosecuting Attorney for Benton County from 1916 to 1920. In 1932 he was elected Attorney-General of the State of Washington, and took office January 1, 1933. During his service as Attorney-General there were more constitutional questions settled than during the term of any other Attorney-General.
of the State. In the ensuing election of 1936 he was again elected, and died last April, 1940, in his eighty-first year.

Mr. Hamilton was an able lawyer, and an honest and conscientious citizen. A host of friends was ever ready to assist him in any way. His death was a blow to the State of Washington and brought sorrow to all of his friends.

May his memory live long in the hearts of his friends and the people he served.

Representative Edward F. Riley delivered the following eulogy on the life of Ole Hanson:

Death came to Ole Hanson, whose public career wrote a colorful page of Northwest history, just as the last of Seattle's street cars, whose purchase by the city during his term as Mayor was widely criticized, were about to disappear from the streets.

Purchase of the street railway system from the Stone and Webster interests for fifteen million dollars was one of two major occurrences during Mr. Hanson's administration. The other was the general strike in February, 1919, which ended in five days after Mayor Hanson had sworn in hundreds of special officers and dared the strikers "to do their worst".

His handling of this tense situation brought him national publicity and he was deluged with requests for personal appearances and articles, many of which he accepted. He became Mayor in the spring of 1918, resigned in August the following year, and in 1920 wrote a book, "Americanism versus Bolshevism".

Mr. Hanson was born January 6, 1875, in Racine County, Wisconsin. He was educated in the public schools and by private tutors, took a business college course and studied in a law office. He was married May 12, 1895, to Miss Nellie Rose of Racine.

In 1902 he and his family came to Seattle, camped out their first night, and the next day Mr. Hanson bought a grocery. Later he went into the real estate, insurance and investment business.

He was elected to the State Legislature in 1908. There he was a leader in obtaining passage of an anti-racetrack gambling law, and was on the House labor committee.

Mr. Hanson died July 8, 1940. He had a simple, homely philosophy of government which he expressed thus:

"Good government consists of making it easy to do right and hard to do wrong."

Representative Willard "Duke" Taft delivered the following eulogy on the life of H. M. Ingraham:

In memory of Henry M. Ingraham, eighty-five years old, a retired merchant, who had served as State Horticulturist, State Representative from Lewis County in 1909, and as postmaster at Centralia, who died July 9, 1939.

Mr. Ingraham was born in Norwood, Massachusetts. He came west in 1881 to Centralia, where he later conducted a merchandising business for many years. He moved with his family to Seattle in 1899 and, until his retirement twenty-five years ago, was superintendent of the Mount Pleasant Cemetery.

Mr. Ingraham was a member of the Ancient Order of United Workmen.

So the Almighty decreed, and His will has been obeyed.

Representative John T. McCutcheon delivered the following eulogy on the life of Lee H. Johnson:

Lee H. Johnson was an honored and respected citizen of Tacoma for many years. He served in the Legislature during the sessions of 1927, 1929 and 1931. He was a Republican and a strong supporter of the then Governor Hartley.

He was a man of strong convictions and never left either political friend or foe in doubt as to where he stood on public questions.

He was a self-made man and carved a large place for himself in the business life of the City of Tacoma. For many years and until the time of his death he was the junior member of the contracting firm of McHugh and Johnson.

My acquaintance with Lee H. Johnson was not of long duration or very intimate. But often our appraisal of the character of others is not based on length of acquaintance, but on instinctive understanding. He was a man of action. I met him as a man of action and appraised him as such. He was large, forceful, expansive, and a man's man. He loved his family and his friends, who mourn his loss and miss him keenly.
It is eminently fitting that this body in which he served three successive terms should pause a moment in his memory.

Representative Thomas H. (Tom) Bienz delivered the following eulogy on the life of Albert A. Kelly, Jr.:

Albert A. Kelly, Jr., passed away on Monday night, January 15, 1940, at the age of forty-three, at a Spokane hospital. He was a member of the Sacred Heart Church, the Veterans of Foreign Wars, and several civic organizations. Surviving him are his wife and seven children, his father and two brothers.

It is a pleasure to enumerate the following facts concerning his untiring efforts toward the safety and protection of the working man in industry in the State of Washington. His efforts were exerted when he was on the Industrial Insurance Committee in 1934 as a Republican Representative from his district for changing the payments of industrial insurance premiums from the percentage basis of payroll to the hourly basis of payment, which has been the basis of industrial insurance payments since that time. Many states have adopted this same basis of payroll reporting since this system was inaugurated into the laws of the State of Washington, and Mr. Kelly was one of the few promulgators of this change in the law as an equitable payment of premiums to the Industrial Insurance Act of this State. There was never a question raised at any time when a workman's consideration was involved or an employer's consideration was concerned, that he did not take the proper stand.

Mr. Kelly was a member of the House of Representatives during the Session of 1929. He dedicated his life to the service of his country and his family. Quiet, unassuming, industrious and courageous, were but a few of the attributes of this noble soul. Words do not in any manner give expression to the deep affection we had for "Al".

This humble tribute is paid to one whose memory will be honored with reverence as long as memory lasts by those who were fortunate enough to know him.

Representative C. A. Erdahl delivered the following eulogy on the life of Guy E. Kelly:

The passing of Guy Edward Kelly, of Tacoma, brought to an end a life that was crowded with interesting events. A leader in Republican politics, he became a National Committeeman, and was Speaker of the House in 1917.

Mr. Kelly was a sergeant of the First South Dakota Volunteer Infantry and served fourteen months in the Philippines. He later became Judge Advocate of the United Spanish War Veterans for Washington and Alaska, and became nationally known through attendance at ten national conventions.

The first motor coach transportation in the State of Washington was established by Mr. Kelly. He was a member of the Pierce County, Washington State and American Bar Associations, the York and Scottish Rite Masons, the Shrine, Elks, Knights of Pythias, and Veterans of Foreign Wars. A sport enthusiast, Mr. Kelly was connected with professional clubs as an officer and attorney. He was also the first president of Tacoma Kiwanis and first governor of the Northwest District, president of the Board of Directors of the Salvation Army, and a member of the Chamber of Commerce.

Mr. Kelly was a native of Rochester, Minnesota, and attended South Dakota State College and received his law degree from George Washington University in 1905. He brought his family to Tacoma in 1906 and at the time of his death, July 28, 1940, was sixty-four years of age.

Surviving him are his wife, Margaret; a son, Guy, Jr., and two daughters, Mrs. Frederick Nims and Miss Margaret Kelly.

Mr. Kelly believed that anything worth doing was worth doing well. His characteristics were such that all would do well to emulate them. He made friends wherever he went, and will long be remembered by them.

Senator Geo. A. Lovejoy delivered the following eulogy on the life of George W. Loveberry:

George W. Loveberry, late of 102 West Boston Street, Seattle, was a member of the House of Representatives in the Nineteenth Session, the Nineteenth Extraordinary, and the Twentieth Sessions, in the years of 1925-1927, representing the 46th District. Born in Somerset, Ohio, on June 2, 1867, Mr. Loveberry was seventy-two years of age at the time of his passing, on October 19, 1939.
Mr. Loveberry was married to Mary Kennedy in Fremont, Ohio, in 1890; they came to the State of Washington in 1904, where his widow still resides. In politics he was a Republican; in business, a contractor and livestock dealer. During the sessions he served, he was a member of important committees, sponsored and supported legislation of general interest and welfare, taking prominent part in consummating the legislation which made possible the construction of the Aurora Avenue Bridge in Seattle.

Representative O. R. Schumann delivered the following eulogy on the life of C. E. Lum:

It is my privilege to pay tribute to the life and memory of Charles Edward Lum. Many of the early pioneers who laid the foundation for the civilization which exists in the Northwest, have completed their work and gone on. Among them is Charles Edward Lum, who died in Yakima on April 28, 1940.

Mr. Lum came from old colonial ancestry, the American stock of the Lum family going back to 1713, when one of his great grandfathers located at Derby, Connecticut. Mr. Lum was born there on July 4, 1852, and there he received his early education. He was married on October 2, 1873, to Adell Colwell, with whom he lived in ideal companionship until the death of Mrs. Lum on January 25, 1939. Mr. Lum moved to Salem, Oregon, in 1874, later returning to Iowa and becoming a Mississippi River pilot.

He again came West and located in Yakima Valley in 1884, where he lived until his death. He was one of those who did much for the development of the Yakima Valley. He was interested in raising cattle, but also gave much attention to irrigation, that major activity without which the Yakima Valley would be a desert waste.

He was at one time deputy sheriff of Yakima County, but his main activity was in construction work. He built most of the early bridges in Yakima County.

In politics, Mr. Lum was always a consistent Republican, and as such was a member of the 1913 and 1915 Legislatures. During his membership he secured the first appropriation for the Naches Pass Highway, and was instrumental in getting others interested in that important undertaking. Mr. Lum was intensely patriotic—an attitude which may have been somewhat stimulated by the date of his birth, which was on Independence Day. He always carried with him a small American flag.

In his church affiliation, Mr. Lum was a life-long member of the Methodist Church. He was also at the time of his death one of the oldest members of the Independent Order of Odd Fellows and of the Masonic Lodge.

No man was a more loyal citizen, loving husband and father or faithful friend. He has five children: Charles E. Jr., Burton, Howard C., Morris, and Mrs. George Clark, all of whom survive him.

All who knew Mr. Lum and were familiar with his active life, appreciated him for his many fine qualities and are sure that this world is a better place in which to live because of his life. Charles Edward Lum was one of the State of Washington’s finest citizens.

Representative David Phillips delivered the following eulogy on the life of Harvey A. P. Myers:

Judge H. A. P. Myers, prominent Seattle attorney, former member of the State Legislature and twice a judge of the Superior Court in King County, died at his home, December 8, 1939, after an illness of nearly a year.

Judge Myers was born in Lodi, Ohio, in 1866, and was admitted to the bar in that state in 1892. The following year he came to Washington and settled in Davenport, Lincoln County. He served as a member of the House of Representatives from that county in 1899.

In 1906, Judge Myers with his family moved to Seattle where in 1911 the late Governor M. E. Hay appointed him to a position in the Superior Court. In 1930, Governor Roland H. Hartley again appointed him to the Superior bench to fill the vacancy created when Judge Adam Beeler was appointed to the State Supreme Court.

Of the many civic activities in which he took a leading part, one that will long be remembered was his work in securing the necessary legislation for building the Lake Washington Canal.
Representative Floyd C. Miller delivered the following eulogy on the life of W. G. Norris:

William G. Norris was born in Maryland on January 17, 1868. He came to Seattle in 1889 and was closely identified with the progress of Seattle for a period of thirty-three years.

In 1899 he incorporated the Seattle Safe & Lock Co. In 1909 he was elected a member of the State Legislature. He served as a member of the House of Representatives in the regular and also in the extraordinary sessions of 1909. He gave his support to all measures which he believed would prove beneficial to the commonwealth. He was instrumental in securing the passage of the West Seattle Viaduct bill, as this was necessary before the city would consider the building of the million dollar bridge to bring the 14th Ward into closer communication with the business heart of the city.

He died in Seattle December 4, 1940, at the age of seventy-two. He was a staunch Republican and devoted his time wholeheartedly to secure the welfare of his community and the state at large.

Senator G. Dowe McQuesten delivered the following eulogy on the life of Eli P. Norton:

Hon. Eli P. Norton was born June 11, 1863, at Washington, Iowa. He married Jessie Bachman at Attunwa, Iowa, September 3, 1884, and they came to the State of Washington fifty-two years ago. He spent most of that time in the real estate and insurance business in Tacoma. He is survived by his widow and four sons.

Mr. Norton was my friend for close to forty years. We had much in common and saw a great deal of each other—were often together until I moved to the Yakima Valley twenty-one years ago. Since then I always made it a point to call upon him for a friendly visit whenever in Tacoma. I was proud of his friendship.

His life was like an open book. He always seemed to feel that somewhere in the dim distance there would be an accounting and that we would be rewarded according to our merit. He was a devoted husband and a loving father. As a friend he was ever kind, genial and sympathetic. As a citizen he was always prominently identified with the promotion of the welfare of his community. As a public servant he was broad and charitable and true to the trusts confided to his care.

Unlike some men interested in politics, he never liked pomp and ceremony, never did anything for policy's sake or to make a show; but he acted always according to the dictates of his conscience, making every effort to "do unto others as you would that they do unto you".

Mr. Norton had a great admiration for former President Theodore Roosevelt, and it was on his platform that the voters selected him to represent them in the State Legislature. Although sympathetic and with an attentive ear; always willing to listen to the other fellow's viewpoint; he had the courage of his convictions and none could ever accuse him of casting a vote contrary thereto. We regret that he has gone and cannot pass this way again.

True, any individual or character is but an atom—he is born, he dies—but his principles are eternal. To those of us who knew him well, he had a personality, a tenderness of heart, a congenial, kindly way that endeared him to all his associates. We knew he was honest and sincere; that his word was as good as gold. To those who knew him best, the characteristics that will linger longest are the rugged ones of honesty and integrity, loyalty and perseverance.

Of course we do not know, we cannot tell, whether life or death be the greater blessing, but with us his memory will be cherished treasure, and the example of his life an inspiration to his friends and a real legacy to his family.

When Eli P. Norton answered the roll call up yonder on September 17, 1937, our state lost a man of unyielding, unwavering fidelity to purpose and conviction and of keen perception of his duty to God, to country, to his family and to himself, and I am confident that the response was "Well done, good and faithful servant".

Representative A. B. McPherson delivered the following eulogy on the life of Glenn N. Ranck:

"The evil that men do lives after them. The good is often interred with their bones."

But not so with Glenn Ranck, who served in the 1903 and 1907 Sessions of the Legislature, being the first native born Clark Countian to be elected to the State Legis-
lature. For the next twenty or more years he served Vancouver as City Engineer, and surveyed and named many of the streets west of Main Street. He was editor of a newspaper, City Clerk, City Treasurer, and was the best posted man in Vancouver on the early history of Old Fort Vancouver.

He was a soldier in the Spanish-American War, and saw service in the Philippine Islands, where he was wounded.

He lived his full three score years and ten, and he is and will continue to be remembered for years to come as a great historian, public servant, and a gentleman. He passed away November 6, 1939, just a day before his seventieth birthday.

Representative U. M. Lauman delivered the following eulogy on the life of William Scales:

William Scales, of Centralia, Washington, was born of a pioneer family in Michigan in 1870.

He first entered the services of his country when the United States declared war on Spain. He served all through the Spanish-American War in the Philippines, and upon the declaration of peace he came back to Centralia. He was always interested in military matters, and in 1910 helped to organize Company M in Centralia, and in 1916 he went to the Border with them. After his return from Mexico, he was placed on the reserve list as a lieutenant. When America declared war on Germany he had hopes of getting over seas, but after being idle all summer, expecting to be called into service, his old company left for France. This was too much for Mr. Scales, so he resigned his position as lieutenant, and caught the train as it was pulling out of Camp Murray, took his oath as a private while the train was going through Montana, and reached New York in time to go across with his regiment.

He went to France with a supply company, and upon arriving he was promoted to Supply Sergeant. He was transferred to the Quartermaster Department, and was put to convoying trainloads of mules and men up to the front.

At the expiration of the war he again returned to his home in Centralia, and opened up registration books where returned soldiers were invited to register. He was a commanding officer of Grant Hodge Post of the American Legion.

He was postmaster at Centralia for seven years, and always took an active part in all civic enterprises. He served on the city council, but his interest in public affairs was not bounded by the confines of his own city. In 1911, 1915 and 1925 he was elected Representative from Lewis County, on the Republican ticket.

Mr. Scales died January 4, 1941, from the result of mustard gas inhaled during the World War. He is survived by his wife and one daughter.

Representative Tom Montgomery delivered the following eulogy on the life of C. W. Schuh:

Mr. Schuh, whose passing was recorded August 24, 1940, was long prominent in the affairs of the Puyallup Valley and Tacoma. Born in Ohio, June 2, 1883, his father came to Tacoma in 1889 at the height of that flood of enthusiasm which brought so many settlers to the then new country. His father was the proprietor of a prosperous bakery that stood at the corner of 12th Street and Pacific Avenue.

Charles Schuh started his business career as a timekeeper on the Tacoma Eastern Railroad, later opening a store at Kopowsin. Leaving there he became interested in the Columbia Box and Veneer Company at Puyallup, and served as its president until it was merged with the Spruce Veneer Package Corporation.

He became successively more active and prominent in Puyallup Valley affairs. In 1915 he served his district for one term in the Legislature and took an energetic part in the Western Washington Fair Association. He always kept his interest in the fair, and for years up to the time of his death his advice and counsel as a director were given the Association. He had been president of the Puyallup Chamber of Commerce, a director of the Puyallup State Bank, and was active in affairs of the Kiwanis and Elks Clubs as well as the Masonic Lodge.

Later his health became bad and he spent a great deal of time in the South. He had many friends who admired and respected him for his accomplishments and achievements, and for the self-sacrificing time and work that he gave toward community efforts.

Representative P. H. Graham delivered the following eulogy on the life of John L. F. Selmer:

It is an honor to deliver this address in memory of Mr. John L. F. Selmer, a member of this House from Stevens County in 1917.

John Louis F. Selmer, former Northport resident and former State Representative from the First District, died in Portland on November 20, 1940.

Mr. Selmer was born in Norway on June 10, 1868. He emigrated to the United States while in his teens and settled in Kansas City. In 1892 he came to Northport where he operated a mercantile business. He was Mayor of Northport for two terms and was elected in 1916 as State Representative from the First district on the Democratic ticket.

Having been interested in many mining ventures in northern Stevens County, he was well known among mining men in the Northport community. He married Bertha Kristine Loven in 1912. She survives as do two children, Mrs. Gertrude Nilson and Inga Selmer of Salem, Oregon.

Mr. Selmer went to Portland with his family in 1918. He was in business there until his health failed.

Representative Milton R. Loney delivered the following eulogy on the life of C. Wayne Swegle:

It is with a deep sense of honor that I offer this tribute in memory of C. Wayne Swegle, who was born in Colfax, Washington, May 24, 1910, and passed away at Walla Walla, May 3, 1940.

Mr. Swegle was a graduate of the Washington University Law School. He established a law office in Walla Walla in the spring of 1936.

On September 6, 1936, he was married to Betty Anne Jacobs, daughter of Dr. and Mrs. Melvin C. Jacobs, the former being head of the history department at Whitman College.

Mr. Swegle held membership in Phi Delta Phi, honorary legal fraternity; Washington State Bar Association; the Toastmasters’ Club of Walla Walla, of which he was a charter member and served as secretary for several years; the Elks Lodge; and the Junior Chamber of Commerce.

Mr. Swegle was elected to the Washington State Legislature in 1938 on the Democratic ticket as a Representative of Walla Walla County. To those who had the privilege of serving with Wayne, little need be said regarding his ability or efficiency and we know that he took great pride in doing his work well. I know you wish to join in expressing deep personal regret at his untimely passing.

Representative C. E. Trombley delivered the following eulogy on the life of Walter J. Thompson:

An honored custom brings us together on this occasion to meditate upon the swift passing of time and to pay, in full measure, respect to the faithful ones who have fallen in the line of public duty while serving our State.

As a young man in the spring of 1871, Walter J. Thompson drove a covered wagon from Illinois to western Nebraska. That wagon trek was the first lap of the journey that carried him eventually to the little city of Tacoma on Puget Sound, which he reached in 1883.

Born in Spring Prairie, Wisconsin, on the 25th of January, 1853, Walter J. Thompson lived a vigorous and active life almost up to the time of his death at eighty-seven. His lifetime spanned what is probably the most interesting period in this nation’s history, covering the Civil War, the Spanish-American War, and the full flowering of the West. In the growth of his community, Mr. Thompson played a prominent role. After staying in Nebraska, where he was admitted to the bar and also organized a bank, he came to Tacoma and entered the financial life of the city as the president of one of its leading banks. He served in the Territorial Legislature, and when the commonwealth was admitted to statehood was a candidate for United States Senator.

He was always energetic, and when he retired from business at the age of forty-five, he spent two years at Stanford University pursuing a full course.

Mr. Thompson was always interested in Masonry. His Masonic affiliations began in Nebraska in 1875. He conferred the Scottish Rite work in the dining room of his own home in the early days and at the time of his death is said to have been the oldest active Thirty-third Degree Mason in point of service. In 1939 Clover Park
Athletic Field was dedicated to him for his interest in educational work. He was active in many organizations, and was vice president of the first Tacoma Chamber of Commerce in 1892. He retained his physical and mental vigor up to a short time before his death, August 8, 1940, keeping the interest in life which gave him a youthful outlook after so varied and distinguished a career.

Representative Virgil R. Lee delivered the following eulogy on the life of F. C. Yeomans:

It is my privilege to eulogize Mr. F. C. Yeomans, who was born on January 4, 1854, at Walworth, N. Y. He came west by way of the Isthmus of Panama and located near Camas, Washington, and in 1901 moved to Long Beach. Mr. Yeomans was a member of the first State Legislature of Washington.

He was a farmer, surveyor, postmaster, justice of the peace, agent and appraiser for his father’s estate in Washington. In 1902 he became a vice president and member of the board of directors of the National Bank of Long Beach, California.

Mr. Yeomans was a man of many interests and hobbies. Among these were photography, culture of rare flowers, astronomy, music, art, nature, and the Bible. He was the first to propagate double cosmos, and for many years received and experimented with Government plants. He was an authority on the natural life of Southern California. At his Orange Avenue home in 1908, 1909 and 1910, he trained humming birds to come to his hand and drink honey from a bottle. A student of rainfall, he kept rainfall charts for years by the aid of rain gauges on top of the bank building at First Street and Pine Avenue. For many years he conducted a palm nursery in Long Beach, and many of the stately thirty and thirty-five-year-old palms on Long Beach streets came from his nursery.

Mr. Yeomans died on April 13, 1939, at his home on Alamosa Drive, Claremont, California. In the words of the Scripture, he was “a good man, just, and fearless of God”.

Senator Moe:

“I would now like to call upon Representative Zent to come forward and make an announcement.”

Mr. Zent:

“Mr. Chairman, I just received a dispatch a few moments ago, and this being a memorial service for deceased legislators, I would like to convey this message to you.

"Spokane, Washington, February 10. Fred A. Adams, pioneer Spokane resident and Washington legislator, died in his sleep of heart attack sometime last night, it was announced today.

"Due to the shock and suddenness of the message, I am not prepared to deliver an eulogy, but with your permission, Mr. Chairman, I would appreciate the opportunity to prepare a proper eulogy to be included in the minutes of the proceedings of this day."

Representative Harold Zent submitted the following eulogy on the life of Fred A. Adams:

Frederick A. Adams was born at Cherry Creek, Nevada, April 1, 1882, and came to Spokane with his parents at an early age where he attended the public schools, finishing his education at the Portland Academy and receiving his law degree from Leland Stanford University.

Mr. Adams engaged in newspaper work for a time and later took up the practice of law.

He was elected to the House of Representatives from Spokane County in 1917, and again in 1919 when he was elected Speaker and in which position he served with distinction.

He served for a time as Educational Director of the Columbia Basin Commission created by the Legislature to acquaint the middle west and eastern parts of the United States with the possibilities of the development of the area in Eastern Washington, which became known as the Columbia Basin.

In recent years he operated a printing business in the City of Spokane.

Mr. Adams was married and had one daughter.
Senator Moe:

"It has indeed been a privilege and an honor for us to gather here today and pay our respects to those members of both houses of the Legislature who have died during the last two years.

"This completes our memorial services, and I will now turn the gavel over to Senator Lovejoy, President pro tem of the Senate."

Senator Lovejoy resumed the chair.

On motion of Mr. Jones (John R.), the joint session was dissolved at 4:15 p. m., and the Sergeant-at-Arms escorted the presiding officer and the Senators to the Senate.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Resolution by Mr. Pennock:

Be It Resolved by the House of Representatives of the State of Washington in Legislative Session Assembled:

Whereas, Congressmen John Coffee, Knute Hill and Henry Jackson voted against the Lease-Lend bill in Congress last Saturday, February 8; and

Whereas, Such a vote showed their respect for the wishes of the majority of the people in their districts, including organized labor, church, pension and other com-
munity groups which are solidly opposed to American intervention in a war which is not of our making; and

Whereas, The people of the entire State of Washington have shown that they favor an extension of social security services, rather than the reduction in the national social security budget which inevitably will accompany the large sums now to be expended under the Lease-Lend bill;

Resolution by Mr. Lennart and Mr. Armstrong (Ralph L. J.):

Whereas, An esteemed member of the House of Representatives is seriously ill in an Olympia hospital following a major operation; and

Whereas, It is the wish of all that his recovery will be speedy and complete;  
Now, Therefore, Be It Resolved, That the Chief Clerk of the House be directed and authorized to purchase flowers for delivery to Mr. Earl R. Warnica at St. Peter's Hospital, Olympia, with a card expressing the well wishes of this House; and

Be It Further Resolved, That the Chief Clerk be directed to transmit a copy of this resolution to Mr. Warnica.

On motion of Mr. Lennart, the resolution was adopted.

Resolution by Mr. Pennock:

Whereas, Since the estimates of the Governor and the State Department of Social Security, for old age assistance for the ensuing biennium, were made and transmitted before the state plan was approved by the Federal Social Security Board; and

Whereas, The figure of forty-three million dollars ($43,000,000) is barely sufficient to provide for the present forty thousand pensioners on the rolls, at even the average of thirty-four dollars ($34) a month, plus medical care and funerals; and

Whereas, The state auditor has estimated a budget of fifty-eight million five hundred thousand dollars ($58,500,000), based upon sixty thousand pensioners, and the Washington Old Age Pension Union, sponsor of Initiative No. 141, has estimated sixty-six million dollars ($66,000,000) as the bare minimum; and

Whereas, Even a larger sum than sixty-six million dollars ($66,000,000) will be required if the courts uphold the full provisions of Initiative No. 141 which had the approval of 358,000 voters in the state, a 100,000 majority;

Now, Therefore, Be It Resolved, That the House of Representatives of the State of Washington call upon the State Department of Social Security to revise its estimate of old age assistance needs for the ensuing biennium, to provide for at least twenty thousand additional pensioners who will be eligible under the present plan approved by the Federal Social Security Board; and

Be It Further Resolved, That the Governor, Arthur B. Langlie, be requested to secure and include said revision in his budgetary estimates.

The Speaker:

"I recognized Mr. Pennock, the mover of the motion to adopt the resolution. You may speak on the motion, Mr. Pennock."

EXPLANATION OF VOTE

Mr. Sandegren:

Because of absence from the House of Representatives Monday afternoon, February 17, 1941, I was unable to vote on the passage of Senate Joint Memorial No. 3, relating to reconstruction of the Narrows Bridge at Tacoma, Washington. The reason for my absence on that occasion is that I was engaged in business of the Legislature which required my attendance elsewhere, and I regret that I am not recorded as voting "Aye" on the Memorial.

PERSONAL PRIVILEGE

Mr. Sandegren:

"Mr. Speaker, I wish to inquire about my rights in a matter. I was absent from the House chamber yesterday afternoon checking over the cost of printing, when the vote was taken on Senate Joint Memorial No. 3. I would like to have the opportunity to vote on the memorial, and wish to ask if there is any way that can be done."

RULING BY THE SPEAKER

The Speaker:

"Mr. Sandegren, our rules provide that a member must be within the bar of the House before the last name is called on the roll call to be entitled to vote. If you were absent at that time, there is no possible way your vote can be recorded. However, I might propose to you that the House will give you permission to place in the journal the reason why you are not reported as voting on the memorial."

The Speaker observed within the bar of the House former Representative Edgar J. Wright from King County, and appointed Mr. Savage and Mr. Ford (U. S., M.D.) to escort him to a seat beside the Speaker.

PERSONAL PRIVILEGE

Mr. Vane:

"Mr. Speaker and Members of the House:

"I would like to make a few remarks about the introduction of bills. Some time ago, you will recall, I asked that the members refrain from introducing needless bills in order to reduce the legislative costs.

"Yesterday was the thirty-sixth day of this session, and already 455 bills have been introduced, 60 more than had been introduced at this time in the 1939 Session. If we compare our introductions with those in the Senate, we find they have introduced 60 less bills than they did in the 1939 Session up to the thirty-sixth day.

"By the fiftieth day of the 1939 Session the House had introduced 582 bills, but at the rate we are going now, we will far exceed that number this Session, thereby adding to the cost of State government.

"I think the Senate is to be complimented on the way they are holding down on introduction of bills, but, my plea some time ago more or less fell on deaf ears, and we are going to exceed in this Session the number of bills introduced during any of the last four Sessions.

"I trust that the members will be careful not to introduce needless bills during the remainder of this Session."

On motion of Mr. Pearsall, the House adjourned to ten o'clock a. m., Wednesday, February 19, 1941.

S. R. HOLCOMB, Chief Clerk.

EXPLANATION OF VOTE

Mr. Woodall:
I wish to explain my vote on House Joint Resolution No. 4. While I am in accord with the principle of an income tax and would have supported a measure designed as a constitutional amendment to empower the Legislature to enact income taxes, the measure goes further than that in that it gives the Legislature power to classify real and personal property, the power to exempt and does not submit the clear cut issue "that the Legislature have power to levy graduated net income taxes". As chairman of the Committee on Constitutional Revision I endeavored to get the sponsors of this issue to restrict their bill to the question I have outlined. This they refused to do; hence, I was compelled to vote "no".

On motion of Mr. Rosellini, further proceedings under the call of the House were dispensed with.

On motion of Mr. Pearsall, the House adjourned to 10 o'clock a. m., Thursday, February 20, 1941.

S. R. Holcomb, Chief Clerk.

COMMUNICATION ADDRESSED TO THE LEGISLATURE

Honorable Edward J. Reilly, Speaker
House of Representatives
Olympia, Washington.

My Dear Mr. Reilly:

I want very much to express to you and to the members of the House my deep appreciation for your great kindness to me in sending the flowers and the communication signed by the members pursuant to your resolution. This document will be among my cherished possessions, you may be sure.

There is no basis on which I can communicate with the members of the House collectively, and it is out of the question for me to write each member separately, but I leave it to your kindness to see that in some way the contents of this note of appreciation is made known to the representatives.

Naturally, it was a very great shock to me, having always heretofore enjoyed good health, to discover without warning that I was the victim of a condition which demanded an immediate and drastic operation. I am glad to say that the job was done in time, was completely successful, that I am recovering with almost indecent speed, and can look forward to perfect health in the future I am assured.

I don't think any of you will know what a lift the kind thoughtfulness of the members gave me when the flowers and message were received.

You know that I follow the work of the Legislature with deep interest and that my every wish is for your success in this session, collectively and individually.

Sincerely yours,

GEORGE F. YANTIS.

On motion of Mr. Riley (Edward F.), the communication was ordered spread upon the journal.

EXPLANATIONS OF VOTES

Mr. Doherty:

I have voted against House Joint Resolution No. 6, by which it was proposed to embody the forty mill limitation in the State Constitution.

It should be understood that I am not opposing tax limitations in their proper sphere, but feel that at this time the financial condition of government is strained by the demands of present and prospective required functions of the state and that it is not opportune to concede that this tax limitation be put beyond the control of the people's representatives, or that it be placed where the difficult process of removing such limitations from the constitution may need be employed.

I understand that the people of the State of Washington have several times enacted this limitation into law, and I realize that they should again be entitled to vote on that question for the purpose of putting it into the statutes of the state, without the trouble and expense of securing its place on the 1942 ballot by the initiative method.

I therefore believe the fair and wiser course is to place this limitation before the people on the ballot as a referendum, rather than as a proposed constitutional amendment, and hereby agree to support such referendum.

Mr. Backman:

My reason for voting "no" on House Joint Resolution No. 6 is that I favor a graduated income tax and voted for House Joint Resolution No. 4 and feel that in face of the National defense emergency we should not limit our powers of taxation until a graduated income tax is permitted in this state by the constitution.

Mrs. Hansen (Julia Butler):

Mr. Henry:

Mr. Sweeny:

I have voted against House Joint Resolution No. 6, by which it was proposed to embody the forty mill limitation in the State Constitution.

It should be understood that I am not opposing tax limitations in their proper sphere, but feel that at this time the financial condition of government is strained by the demands of present and prospective required functions of the state and that it is not opportune to concede that this tax limitation be put beyond the control of the peoples' representatives, or that it be placed where the difficult process of removing such limitations from the constitution may need be employed.

I therefore believe the fair and wiser course is to place this limitation before the people on the ballot as a referendum, rather than as a proposed constitutional amendment, and hereby agree to support such referendum.

Mr. Watkins:

Reason for vote "Aye" on House Joint Resolution No. 6:

The question in my mind was whether or not a question of such magnitude shall always revert to the ultimate seat of authority, the people. I firmly believe that the merits of a 40-mill tax law was not the question involved. Rather it was as aforementioned; the submission to the voter his reserved right to express his sentiments on extraordinary matters affecting his constitution.

NOTICE OF RECONSIDERATION

Mr. Woodall gave notice that, having voted on the prevailing side, he would, on the next working day, move that the House reconsider the vote by which House Joint Resolution No. 6 failed to pass the House.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Mr. Woodall:

"Mr. Speaker, having given notice yesterday, and having voted on the prevailing side, I do now move that the House reconsider the vote by which House Joint Resolution No. 6 failed to pass the House."

Mr. Underwood demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.
The Clerk called the roll, and the following absentees were noted: Representatives Dore, Martin, Murphy, O'Gorman, Pearsall, Sweeny, Taft, Todd, Watkins and Warnica, Representatives O'Brien, Taft, Warnica and Watkins having been excused.

The Sergeant-at-Arms was instructed to bring the absent members within the bar of the House.
The Sergeant-at-Arms announced that Mr. Pearsall and Mr. Murphy were now present.

On motion of Mr. Sexton, the absent members were excused and the House proceeded with business under the call of the House.

RECONSIDERATION

The Speaker announced the business before the House to be the motion by Mr. Woodall that the House do now reconsider the vote by which House Joint Resolution No. 6 failed to pass the House.
Mr. Hurley moved that the motion by Mr. Woodall be laid on the table.
The Speaker:

"The motion is out of order, Mr. Hurley. A motion may not be laid on the table."
On motion of Mr. Gallagher, the previous question was ordered.
Mr. Woodall demanded a roll call, and the demand was sustained.
The Clerk called the roll on the motion by Mr. Woodall that the House
do now reconsider the vote by which House Joint Resolution No. 6 failed to
pass the House, and the motion was carried by the following vote: Yeas, 56; nays, 34; absent or not voting, 9.
Those voting yea were: Representatives Backman, Beierlein, Bienz, Boede, Broome, Callow, Carty, Chervenka, Clark, Cowen, Custer, Devenish, Eaton, Eddy, Erdahl, Foster, French, Gates, Graham, Hanks, Hurley, Isenhart, John­son (Walter A.), Jones (D. W.), Jones (John R.), Judd, Kehoe, Kinnear (George), Kinnear (Roy J.), Lauman, Leber, Lee, Lennart, Loney, Lyman, McDonald, McPherson, Miller (Fred), Montgomery, Phillips, Reno, Riley (Edward F.), Ruark, Ryan, Sandegren, Schumann, Shadbolt, Sisson, Smith (Vernon A.), Trombley, Trunkey, Turner, Underwood, Vane, Woodall, Zent—56.
Those voting nay were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Bernethy, Doherty, Dootson, Ford (Robert M.), Ford (U. S., M.D.), Gallagher, Hall, Hansen (Julia Butler), Hanson (Alfred J.), Henry, Henson (Harry F.), Johnston (Geo. H.), McCutcheon, Miller (Floyd C.), Murphy, Needham, Pearsall, Pennock, Pettus, Pitt, Rosellini, Savage, Sexton, Smith (Jurie B.), Taylor, Thomas, Tisdale, Twidwell, Van Buskirk, Wenberg, Wiggen, Mr. Speaker—34.
Those absent or not voting were: Representatives Dore, Martin, O'Brien, O'Gorman, Sweeny, Taft, Todd, Warnica, Watkins—9.
The Speaker announced the question before the House to be the final
passage of House Joint Resolution No. 6.
Mr. Hurley moved that the reconsideration of House Joint Resolution No. 6
be made a special order of business on next Monday's calendar.

Mr. Ford (Robert M.):
"Mr. Speaker, the rule provides that reconsideration can be had only on the next
working day."

The Speaker:
"That is correct, Mr. Ford. Under Rule 28, the Speaker will rule that a vote may
be reconsidered only on the next working day."

Mr. Hurley:
"Mr. Speaker, the motion to reconsider must be made on the next working day,
but the consideration itself may be put over until later."

Mr. Ford (Robert M.):
"Mr. Speaker, the rule definitely says reconsideration may be had only on the next
working day."

Mr. Armstrong (H. C.):
"Mr. Speaker, I believe it would take a suspension of the rules to accept Mr.
Hurley's motion."

The Speaker declared the House to be at ease until the sound of the gavel.
The Speaker called the House to order.
The Speaker:

"The Speaker will rule that the motion by Mr. Hurley is out of order under Subsection 3 of Rule 28, which reads as follows: 'An affirmative or negative vote on the final passage of bills may be reconsidered only on the next working day after such vote has been taken.'

"The motion by Mr. Woodall was as follows: 'Having given notice yesterday, and having voted on the prevailing side, I do now move that the House reconsider the vote by which House Joint Resolution No. 6 failed to pass the House.'

"The question before the House is the motion by Mr. Woodall."

Mr. Pitt:

"Mr. Speaker, does the resolution come back to us in exactly the same form as it was before the vote was taken?"

The Speaker:

"That is correct, Mr. Pitt."

Mr. Hurley:

"Mr. Speaker, I appeal from the decision of the Chair."

The Speaker:

"An appeal has been made from the decision of the Chair. Shall the decision of the Chair be the judgment of the House? As many as are in favor of it will say 'Aye'. As many as are opposed will say 'No'."

Mr. Turner:

"Mr. Speaker, as I understand it now, the question before the House is the appeal from the decision of the Chair by Mr. Hurley that his motion is out of order. Will this question require only a majority vote?"

The Speaker:

"That is correct, Mr. Turner."

Mr. Murphy:

"Mr. Speaker, this appeal will sustain Rule 28, and will therefore require a two-thirds majority."

Mr. Rosellini:

"Mr. Speaker, if it requires only a majority vote to sustain the decision of the Chair, and a two-thirds vote to suspend any rule, at any time we want to suspend a rule we can appeal from the decision of the Chair. In fact this appeal from the decision of the Chair should require a two-thirds majority."

The Speaker:

"Mr. Rosellini, the rule does not state that it takes a two-thirds majority to override the decision of the Chair. Rule 33 reads as follows: 'The decision of the Chair may be appealed from by any member, on which appeal no member shall speak more than once, unless by leave of the House.' It does not specifically state that it requires a two-thirds majority."

Mr. Rosellini:

"Mr. Speaker, but the effect is the same. We must consider the intent here. If the decision of the Chair is not sustained, it will take a two-thirds majority vote to make this matter a special order of business."

Mr. Hurley:

"Mr. Speaker, I did not move to suspend the rules."

The Speaker:

"You moved to make the reconsideration a special order of business, which needs a suspension of the rules."
Mr. Turner:

"Mr. Speaker, the only business before the House is the appeal from the decision of the Chair. No ruling is required now on the reconsideration because we have not arrived at that point. That will come if the decision of the Chair is sustained."

The Speaker:

"Mr. Hurley moved that this matter be made a special order of business for next Monday. I ruled the motion out of order under Subsection 3 of Rule 28."

Mr. Turner:

"Mr. Speaker, my point is that we have not yet arrived at the question of the vote required on that motion. The question before the House is the appeal by Mr. Hurley. The present ruling is that the motion is out of order. If the appeal is sustained, it would only have the effect to put the motion in order, and then would arise the question of what vote would be required to pass the motion."

The Speaker:

"That is correct, Mr. Turner."

Mr. Turner:

"Mr. Speaker, a majority vote is all that is needed on this vote to appeal from the decision of the Chair."

The Speaker:

"That is correct, Mr. Turner."

Mr. Turner demanded a roll call, and the demand was sustained.

The Speaker:

"Mr. Hurley is appealing from the decision of the Chair. A vote 'Aye' is a vote to sustain the appeal; a vote 'No' is a vote to sustain the Chair."

The Clerk called the roll, and the appeal from the decision of the Chair by Mr. Hurley was lost by the following vote: Yeas, 29; nays, 67; absent or not voting, 3.

Those voting yea were: Representatives Carty, Chervenka, Clark, Devenish, Eaton, Eddy, Erdahl; Foster, Gallagher, Gates, Hanks, Hurley, Isenhart, Kehoe, Loney, Lyman, Miller (Fred), Montgomery, Phillips, Reno, Ruark, Shadbolt, Sisson, Smith (Vernon A.), Todd, Trunkey, Turner, Vane, Woodall—29.

Those absent or not voting were: Representatives Taft, Warnica, Watkins, —3.

The Speaker:

"It is the decision by your vote that the decision of the Chair is the judgment of the House. The question now before the House is the final passage of House Joint Resolution No. 6."
On motion of Mr. Armstrong (H. C.), the previous question was ordered. The Clerk called the roll on the final passage of House Joint Resolution No. 6, and the resolution failed to pass the House by the following vote: Yeas, 59; nays, 37; absent or not voting, 3.

Those voting yea were: Representatives Beierlein, Bienz, Boede, Broome, Callow, Carty, Chervenka, Clark, Cowen, Custer, Devenish, Eaton, Eddy, Erdahl, Foster, French, Gates, Graham, Hanks, Hurley, Isenhart, Johnson (Walter A.), Jones (D. Those absent or not voting were: Representatives Taft, Warnica, Watkins —3.

**PERSONAL PRIVILEGE**

Mr. Armstrong (H. C.):

"Mr. Speaker, Ladies and Gentlemen of the House: I have in my hand a copy of the 'Yakima Daily Republic' dated Saturday, January 18, and with the permission of the House I will read some excerpts from it".

(Here followed excerpts from the "Yakima Daily Republic" quoting Mr. Shadbolt in an interview criticizing Mr. Armstrong (H. C.) as chairman of the Liquor Control Committee, and the members of the Liquor Control Committee.)

Mr. Kinnear (George):

"Mr. Speaker, I do not believe this is a proper matter to come before the House. This statement was made to the press. It was not made on this floor censoring a member or impugning his motives. It is a frank and open statement to the press, and should stand as such."

The Speaker:

"The gentleman rose to a point of personal privilege and may speak as he desires. Is it the pleasure of the House that the gentleman be denied a personal privilege on this matter?"

Mr. Bienz moved that Mr. Armstrong be given that privilege.

The motion was carried.

Mr. Armstrong (H. C.):

"I admit that possibly I am a little bushy-haired—remarks like this make it worse. Wild-eyed I am not—I am sad-eyed. And I am not a radical. I can overlook remarks like this about myself, but when Mr. Shadbolt calls my Liquor Control Committee radical, it is too much."

Mr. Armstrong (H. C.):

"I move that Mr. Shadbolt be censured by this House for making these remarks."

Mr. Shadbolt:

"Mr. Speaker, the remarks Mr. Armstrong refers to were made in a private interview which I asked not to be printed, and I sincerely apologize to Mr. Armstrong if he feels he has been injured."

Mr. Armstrong (H.C.):

"And to the members of my Liquor Control Committee?"

Mr. Shadbolt:

"I include the members of the Committee in my apology."
Mr. Kinnear (George):

"I do not believe all this has been necessary. Mr. Shadbolt was talking in private and made the mistake of trusting a reporter."

The Speaker:

"Mr. Armstrong has accepted Mr. Shadbolt's apology, and the matter is closed."

Mr. Zent:

"Mr. Speaker, point of personal privilege. The matter is closed so far as Mr. Armstrong is concerned, but not so far as the members of the Liquor Control Committee are concerned unless they were included in the apology."

The Speaker:

"The members of the Committee were included in the apology, Mr. Zent."

On motion of Mr. Pearsall, the House adjourned to 11 o'clock a.m., Monday, February 24, 1941.

COMMUNICATION FROM THE GOVERNOR

State of Washington, Executive Department, Olympia, February 24, 1941.

To the Honorable, The House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I have the honor to advise that the Governor has approved the following House Bill, entitled: House Bill No. 169: "An Act relating to the control and eradication of incipient or emergency outbreaks of insect pests or plant diseases, including pear psylla, in the State of Washington, making an appropriation and declaring an emergency.

Very truly yours,

Ross L. Cunningham,
Secretary to the Governor.

COMMUNICATION FROM THE HOUSE AND SENATE MEMBERS IN CONGRESS FROM THE STATE OF WASHINGTON

United States Senate, Washington, D. C., February 20, 1941.

Gentlemen:

The members of your entire delegation in Congress have, in and out of season, energetically fought to secure the necessary appropriations to complete the Grand Coulee and Columbia Basin developments and appurtenant electrical systems. In the entire history of our state no fact has been more widely publicized than the truthful assertion that these plants would supply our people with the cheapest electric energy in the United States. We faced a universal demand for their completion. That demand has been met by the Federal Government.
Now we confront the fact that unless this power is brought to the people without compelling them to pay a tribute of profit to eastern-owned power companies, the dream and the hope of power at actual cost will, in a large measure, have to be abandoned. It is our sincere conviction that the people of our state never contemplated that these vast Federal projects should be used as adjuncts of, or to sustain existing private power companies. On the contrary, our people fully expected that these great pools of public power would deliver electric energy to the people of our state free from the inescapable burden of profit exacted by the power trust to sustain its capital structure.

This issue must be met head-on. The problem of distribution of this public power presses for solution and it will not admit of further delay. These great Federal power projects will soon be ready to deliver the vast quantity of cheap power promised to the people. If any sort of barriers stand in the way, it is our duty, as members of Congress, to enlighten the people concerning them, and try to remove them.

A case in point is the dilemma now confronting the people of Spokane, who face the imminent possibility of the council of that city again granting a long-term electric franchise to the Washington Water Power Company. Such a franchise was recently granted by the city council and would be effective now save for a recent court decision, which does not prevent the city council from renewing the grant.

Since the council saw fit to grant a private power franchise, it is a fair assumption that it will act favorably on another application by the Washington Water Power Company where the power franchise application is not coupled with an application for another and different type of franchise, as in the former case. It was this blending of the two applications that brought the suit which temporarily held the matter in abeyance. That difficulty is now eliminated and the way is paved for a long-term power franchise to be granted by the city council.

Every lawyer in our state is familiar with certain statutory provisions which have been subject to interpretation by the Supreme Court of Washington. These apply to franchises granted by cities to private power companies. The statutory language confers upon the “legislative authority” of a city (the city council) the exclusive power to grant such franchises, and these decisions deny to the people of a city a right of referendum on the franchise granted by the council.

Since the people of Spokane were so unanimously in favor of the building of the Grand Coulee power project and were repeatedly assured that they would be the beneficiaries of its cheap power, why deny them the right to determine the course their city is to pursue in the handling of the power question? Unless the legislature changes the law in this slight particular, this right will be completely denied, and the action of the city council in dealing with a power franchise will be final.

Without going into the reason for the adoption of a law or laws containing such language, the judicial interpretation of the words “legislative authority” actually translates these words into about as clever a power-trust joker as can be found in any statutory language. So long as these words remain in the law the people of our cities will be denied the right to pass on power franchises. The issue presented goes to the very heart of the power problem in our state. The legislature should, and we believe it will, immediately remove this joker from our statute books. City councils can now lawfully farm out long-term franchises to private power concerns in our state and thus, in a large measure, effectively tie the hands of cities, possibly for a quarter of a century. In light of our present development, this situation has become intolerable. It is a barrier to the fullest utilization of power resources which we created. We want the people of Spokane and of every other community to enjoy the full benefits that will flow from the unobstructed use of Grand Coulee power. It is impossible to find justification for a denial of the right of voters to pass judgment on every aspect of the question of public or private operation.

We now urge the Washington State Legislature immediately to amend these statutory provisions and by such amendment expressly grant to the people of every city in our state the right of popular referendum on any franchise granted to a private power company. We are convinced that a refusal to grant this simple relief will merely intensify the power controversy. The cities belong to the people and not to a few men, however wise and well intentioned they may be. The world faces a great
struggle to determine whether democratic processes shall survive, and we hope that the legislature will not repudiate the democratic principle of the referendum.

Sincerely yours,

THE WASHINGTON DELEGATION IN CONGRESS.

HOMER T. BONE,  MARTIN F. SMITH,
United States Senator.  Representative, 3d District.
MON C. WALLGREN,  KNUTE HILL,
United States Senator.  Representative, 4th District.

REPORT OF
STATE PENAL SPECIAL INVESTIGATION COMMITTEE

On Penal Institutions

Made in Compliance with Provisions of House Joint Resolution No. 5.

WASHINGTON STATE PENITENTIARY
WASHINGTON STATE REFORMATORY
STATE SCHOOL FOR GIRLS
WASHINGTON STATE TRAINING SCHOOL

Walla Walla, Washington
Monroe, Washington
Grand Mound, Washington
Chehalis, Washington

House Members
Carl W. Broome, Chairman
Willard "Duke" Taft
John T. Dootson

Senator Mary Farquharson attended the meetings as personal representative of the Lieutenant-Governor. She has made investigations of the institutions. Her thought is incorporated into this report and is acknowledged by the committee.

Olympia, Wash., February 21, 1941.

Mr. Speaker:

We, your special committee, appointed in compliance with provisions of House Joint Resolution No. 5, to investigate the state penal institutions, have visited the four institutions and respectfully submit our report herewith.
The investigation was conducted by the committee members making their visits to the different institutions individually. Each institution was checked on
1—Physical Plant Equipment
2—Sanitation and General Health
3—Discipline and Custody
4—Clothing
5—Food
6—Medical Service
7—Prisoner Classification and Segregation
8—Employment
9—Education and Library Service
10—Religion
11—Recreation
12—Personnel

A report was turned in by each member of the committee, and these reports were then reduced to one report. It was felt that a report reflecting the thoughts of several committee members was better than one report by several. In no instance did the committee go to an institution as a group.

Two investigations were made of Chehalis, one by Senator Guy M. Balfour and one by Representative Willard "Duke" Taft. Because these reports were so much in conflict, it was impossible for the committee to agree. Therefore, the committee makes no comment on the two Chehalis reports which are attached hereto. They are signed by the two members of the committee, and stand as their personal contributions to the complete report.

It is possible in a report based upon two weeks' observation to determine only that penal institutions are being run either poorly or efficiently. The committee feels that this report will very definitely show the need for an interim investigation.

WASHINGTON STATE PENITENTIARY
Walla Walla, Washington

The Washington State Penitentiary at Walla Walla is the best run of the state penal institutions. The committee believes that the acting superintendent is a very able and efficient penal administrator. He has a background of over twenty years' experience in the institution, and he has the respect of the entire inmate body. He understands his responsibilities, is well informed, and discharges his duties efficiently and capably.

The committee does have criticism of the institution, however. In fairness it should be stated that these criticisms are directed at factors which are largely out of the control of the prison staff. At the present time, the greater part of the staff having to do with the handling of the inmate body is of poor calibre for the work expected of them. The political spoils system has caused numerous appointments of men who are incapable of properly executing their work. Many are too elderly for efficiency. Another group is made up of ex-policemen who have passed their days of value and have sought the post as pasture for old age.

Two major criticisms of the entire institution are the conditions existing in cell blocks 1, 2, 3, 4, and 5, and the lack of segregation of prisoners who are known to be sex maniacs (sodomists, homo-sexualists, and sexual perverts of all kinds).

The condition of the above noted cell blocks is very bad from the standpoint of sanitation. There are approximately 600 men housed in the five cell blocks. The cell blocks are incorporated into one building which was originally built in 1886. It was enlarged sometime around 1900, but has had very little in the way of improvement since. The individual cells are without toilets and washbasins, and are equipped with only a bucket with tightly fitting cover.

There is work enough at Walla Walla to occupy only about one-half the inmate body. In the opinion of the committee, this is very cruel. Time passes slowly enough during confinement even when the mind is active.

The committee offers the following suggestions:
1—The prison chaplain is possibly too elderly a gentleman to deal effectively with the men.
2—The cells are only dimly lighted by 40-watt light globes.
3—The hospital is not entirely clean and is in need of an X-ray machine. Part-time doctors are not enough medical coverage.
4—The cockroach problem is not entirely solved.
RECOMMENDATIONS

1—Thoroughly investigate the medical, surgical and dental needs of the institution. Keep a complete medical history of every inmate and each member of the prison staff. The salaries paid employees are insufficient to insure the continuous service of the type of employees desired. A merit system for selection of employees and the inauguration of a sliding salary scale is the proper solution to this problem.

2—Cell block numbers 1, 2, 3, 4, and 5 should be modernized.

3—Careful and thorough segregation of prisoners known to be sex maniacs.

4—Remedy the lack of work by expanding the present industries (proper promotion of the sale of road and street marker signs to cities and counties of this state) and creating new industries which would be non-conflicting with State Organized Labor. A suggested new industry along this theme is tobacco. Further, there are several hundred men of the inmate body who could be placed in Honor Camps for the purpose of reforestation and the building of roads and trails for fighting forest fires. This "more work for inmates" problem must be immediately considered.

5—With respect for the present chaplain, it is felt that a younger man would fit into this position more ably. If a new chaplain is chosen, he should have training in social welfare and be a man with ideas and deep understanding.

6—Cells should be sufficiently lighted to avoid eye-strain.

7—Clean or paint all places that need it, especially in the hospital.

8—Purchase an X-ray machine so that prisoners do not have to be taken away from the institution for this service.

9—Secure the services of one full-time doctor instead of two part-time doctors.

10—Free the bakery and kitchen of cockroaches and other vermin.

11—The "Honor Camp" Law passed at the 1939 Session of the Legislature has never gone into effect. The committee recommends that proper appropriation be made available to put this program into effect.

WASHINGTON STATE REFORMATORY
Monroe, Washington

In the opinion of the committee, this institution is little short of being a small-scale full-fledged penitentiary. The committee believes that the purpose of a reform school is to receive youthful criminals and by careful analysis and systematic process return them to society at the termination of sentence as useful members.

It would seem that the actual plan at Monroe is to make the inmates pay as heavily as possible in labor, discipline, and humiliation for the crime committed. The institution heads are not deliberately cruel, but certain methods are in existence which most certainly should be discontinued.

While there are industries at Monroe such as brick making, tailoring, printing, carpentering, etc., the fact that an inmate may learn a trade thoroughly is the exception rather than the rule. In isolated cases, no doubt, a full trade has been learned during the confinement of an inmate. This, however, is the exception rather than the practice.

Inmates are fitted to the work rather than the work to the inmate. In other words, the man is enrolled into the work where he is needed with little regard for his qualifications. In most instances the inmate is taught some simple task in a given industry. Instead of shifting him from one job to another so that he may learn the whole trade, he is allowed to stay on the one simple job if he performs it well. There are a limited number of trades within the walls of the reformatory that would develop a man for a job in an industry outside.

For these reasons, the committee feels that the possibilities for vocational training are very limited. At the present time equipment and shops are totally inadequate and badly outmoded.

School facilities for the more than 700 inmates are limited. Nine grades are offered, and some commercial subjects such as typing, commercial law, bookkeeping, etc. It is impossible now for the school to accommodate the number desiring this training and many inmates are left without this advantage. More inmates should be able to take advantage of the school.

The school is augmented by some home study courses which have been furnished by schools all over the country. Many of these courses, particularly those dealing with engineering, news-story writing, etc., are over ten years old, and are badly outmoded.

In view of the fact that Monroe is intended as a reform school the discipline is much too rigid, strict, and severe. For emphasis we repeat severe. From the time an
inmate is enrolled in the institution to the day of his release, he is forced to realize that strict discipline is the basis of the routine. The rules are many. Some brought to the attention of the committee are: Inmates must enter and leave the dining room with folded arms and eat in complete silence; inmates must have arms folded in the presence of institutional heads; inmates must not smoke cigarettes—pipes are permitted, but no cigarettes of any description are allowed.

These rules were discussed by the committee and it is agreed that most of them are certain to be broken several times a day at some time. It is but a step further to understand that such rules breed stealth, cheating, and underhandedness instead of promoting and developing character and honesty. For the slightest infraction of these rules, discipline is administered by application of one or more of the following:

"Circle City" is walking around a path encircling an area between two buildings for 45 minutes and then resting for a period of 15 minutes. Bread and water is allowed for lunch and sentences run from one-half day to five days.

"Correctional Ward" is a series of about 15 cells in a row with enough room in front to allow the passage of guards. In front of this passageway is a heavy wire screen painted with aluminum paint. The convicts call this ward "solitary". While in solitary, the prisoner is short rationed on food. The cells have no light except from the hallway in front, which is not enough to read by. Sentences generally run in thirty day brackets.

"The hole" is the convict term for the dungeon. At Monroe this is a regular sized cell containing just three things: a toilet, washbowl, and slab the size of small cot built about one foot up from the floor. The interior of the cell is painted black. It is ventilated, but no light of day enters. When the door closes on the prisoner, he is in utter blackness. Sentences run from over night to five, ten, and in some instances fifteen days. While confined to the hole the prisoner is limited to bread and water with a complete meal every sixth day. It is interesting to note that according to the superintendent, the hole is very seldom used, yet Monroe is equipped with not just one of these cells, or three or four, but twelve! The committee wondered. Testimony from the inmates indicates the hole is sometimes used for minor infractions.

Other disciplinary methods are anything from a simple reprimand to a loss of privileges such as the weekly movie, etc.

All food in the institution is prepared by inmates. The institutional heads would prefer to have the committee believe that the food is prepared and supervised by two employees. This is not true. All cooking is done by inmates who have been trained by a former head cook. Little, if any supervising or training is done in this department, yet it is admirably suited for vocational training.

The dispensary is in charge of an attendant who has had no medical training, but does know something about the drug business. He is not a registered pharmacist. He is assisted by an inmate whose occupation was that of an iron worker before he was committed to two or three institutions previous to Monroe. This inmate has had no medical training whatever, yet handles first aid cases and gives routine shots. A regular physician who lives in the town of Monroe comes to the institution twice a week or on call. There is no dental service of any kind outside of extractions, except for those inmates who can pay for them.

There is no definite recreation program. It was pointed out that inmates are permitted to play basketball and that the institution has a baseball team in the summer. These two activities and daily outdoor free period are the only efforts at recreation.

The committee believes this institution could have made far greater strides toward becoming a model reform school under a trained superintendent, than has been accomplished.

RECOMMENDATIONS

1—Secure the services of one qualified to interview and analyze inmates upon entering the institution, and guide them in vocational training during their confinement. Each case should be treated as an individual instead of regimenting the entire body into a mass where the individual is not distinguishable. Regimentation does not produce the ideal situation for making a reformed boy.

2—Change the entire institutional plan from that of a penitentiary to a progressive reform institution using the latest methods of converting offenders into useful members of society.

3—After careful research, install industries that will allow inmates to learn a trade
that they may continue to follow after their release. Then develop a program of work to which the individual inmates can be suitably applied.

4—Adjust the disciplinary program to conform with the national standard. Discontinue rules that cannot be maintained honorably. Granting tobacco privileges is the usual practice in like institutions.

5—Investigate the food operation thoroughly. Raise the qualifications and salaries of the food department heads. Incorporate the food operation into the vocational training program.

6—Investigate the medical, surgical and dental needs of the institution. Keep a complete medical history of every inmate and each member of the prison staff. The salaries paid employees are insufficient to insure the continuous service of the type of employees desired. A merit system for selection of employees and the inauguration of a sliding salary scale is the proper solution.

7—Put the “Honor Camp” law passed at the 1939 session of the Legislature into effect immediately at Monroe.

STATE SCHOOL FOR GIRLS
Grand Mound, Washington

We have found this to be a well run institution. In the opinion of the committee, the heads of the institution are capable and efficiently discharging their duties.

One major criticism made is the lack of disciplinary measures. Whereas the committee is much opposed to strong discipline, yet it is felt that in all institutions there should be some means to induce the students to accept the training for which the school exists. The only measures of discipline at Grand Mound consist of the following.

A girl's hair is shorn for running away; privileges are withheld, and meals are eaten apart from other girls for different offenses. If a girl violates the rules flagrantly, it is reported to the institutional heads. The following week, those in authority take up these reports and call in the offenders, at which time the punishment is administered.

The girls do not regard the punishment seriously. Those dealing with such girls should have a broad knowledge of adolescent behavior to win their confidence and respect.

The school facilities are good. All scholastic activity is under the direction of the State Superintendent of Schools. The students receive individual help in both academic and vocational training. Criticism of the school is lack of text books for the subjects in which text books are indispensable. The school program of the institution is commendable.

RECOMMENDATIONS

1—Supply text books for academic subjects where the need definitely exists.

2—Adjust disciplinary measures to conform with the nation’s leading correctional schools for girls.

REPORT OF WILLARD “DUKE” TAFT ON WASHINGTON STATE TRAINING SCHOOL
Chehalis, Washington

Olympia, Wash., February 21, 1941.

Mr. Speaker:

As a member of your special committee, appointed in compliance with provisions of House Joint Resolution No. 5, to investigate the state penal institutions, I have visited the Washington State Training School and respectfully report the following.

The hospital and administration buildings are definitely classified as antiquated firetraps. The floor of the hospital is sinking and has merely been covered with maple flooring. There should be some reinforcement. The inmates are at first quarantined from three to eight days in the hospital without privileges to the grounds or other buildings, and removal in case of fire would result in confusion due to closely confined and locked quarantine quarters. The general storage room for clothes is musty and should be disinfected and thoroughly aired.

I uncovered an order by the superintendent for 80 new bedsteads at a cost of $12.50 each, and 100 mattresses at $5.85 each. Investigation revealed many of the former bedsteads junked in a nearby dump. This evidence shows poor business judgment,
It is felt the expenditure should have been used for more urgent needs of the institution.

It is reported there has been spoilage of food, which evidence shows is due to improper administration. Vegetables have been allowed to rot in the fields because of the lack of proper attention.

Several employees of the school testified that a woman relief cook (listed on the budget at $90 per month) has been working only four days a month in the kitchen and receives only board and keep for this service. Further investigation did not reveal other employment. She has stated to other employees that she is not receiving the money as indicated in the budget.

There is evidence, as substantiated by 65 per cent of the employees, of improper corrective measures and methods of discipline. Strapping is a common instrument of punishment; four to twenty-five blows are given with a heavy strap. While the law does not allow in excess of ten blows, several boys have acknowledged receiving over thirty strap blows from a detail officer. Evidences of strapping may be seen when the boys take their showers; many show red scars. The punishment for immorality is considered light, and usually consists of demerits and restricted privileges. Some inmates are favored in the matter of punishment by detail occupation. As evidenced, difference is shown in administering discipline when inmates have influential relatives and friends. System of discipline is poorly organized. Day of visit revealed an offender was immediately given ten strokes of strapping across bare buttocks because of misunderstanding with bandmaster. Punishment was given without hearing before the Guidance Committee. There have been some attempts to psychoanalyze the offender in determining procedure for cure, but every case is not so handled, as the school lacks the necessary service of a qualified psychiatrist.

The so-called school Guidance Committee appears to have been a failure, lacking system and proper administrative direction. Employees have testified it is just a farce. There is no study of the boys regarding their aptitudes or talents for work, or to help them learn a trade. The committee passes upon punishment due the inmate offender, and favoritism has been shown in many instances.

There is a general feeling in the institution that the superintendent is lax in his administration of the school. He is the authority with regard to employment of staff members. Investigation reveals instances where present employees have been under the influence of liquor while on the job and in no condition to discharge their duties. This information has been given in the form of protest by many present employees. A detail man in charge of a company of boys, was drunk on the premises. Another came to the institution so drunk he had to be put to bed in the hospital to sober up. Other employees are known to imbibe freely. A state car was wrecked in Snoqualmie Pass. The man who was hit had a judgment against the driver for $1700. State cars are not covered with insurance. The superintendent’s remarks regarding these instances of drinking and the accident are that “he was aware of what was going on”. He has not taken any action to correct this condition.

There is strong criticism for permitting inmates to work in the town of Chehalis, and for establishing a 15c per hour wage. Many boys have been allowed to work for various townsmen, and on one occasion while working for a non-union painter, two inmates stole a car, ran away, were arrested in violation of the Dyer Act, and are serving time in a Federal reformatory in Oklahoma.

An instance occurred where ground glass was recently found in food served to the personnel in attendance. The cook was under Dr. Turner’s care, and others were ill for a considerable time from it. The superintendent knew this, but nothing was done about it.

In various instances the company officers have taken the matter of corporal punishment into their own hands, thus creating a resentment and disregard for discipline. Varying complaints from the employees have been received relative to the superintendent’s administration of the institution, the inmates, and the personnel.

Some of the boys are given suitable employment upon admittance to the institution; others are placed wherever they may be needed in the work, and wherever they will cause the least trouble. Many boys resentfully complained of being shifted too often from one job to another. Most of them are anxious to be placed in particular work and remain there in hope of learning a trade. It is regrettable that this important phase of youth work should be disregarded when facilities are available. There should be some system in the work shops to make them of intended value to the inmates and the institution. A wider industrial program under proper direction is needed.
The attached voluntary testimony from different employees will substantiate the foregoing, and offers additional facts relative to mishandling of state property.

WILLARD "DUKE" TAFT.

Interview with employee of Washington State Training School at Chehalis by Mr. Willard "Duke" Taft, member of the State Penal Special Investigating Committee—February 16, 1941.

Mr. Taft: According to the budget, the relief cook at the institution receives a salary of $90 per month for 12 months a year. Is this true?

Employee: She relieves four days a month in the kitchen and four days a month in the hospital. She does not receive $90 per month, but it is presumed she receives $2.50 to $3.00 per day, as that is what another employee received when helping with inventory for a week or ten days. The relief cook was fired from the kitchen because she carried away whole roasted chickens and other such items.

Mr. Taft: Are the engineer and fireman of this institution licensed workmen?

Employee: No, they are not. I have known of instances where the engineer has used costly materials improperly where a real mechanic would have used those of lower cost and accomplished the same purpose. The fireman imbibes too freely as well as some of the others. Drinking parties have occurred at one employee's home on the premises. Often they have to be put to bed and wakened to attend to business the next day at the institution. The superintendent is aware of the drinking of these men, but seems to have no particular interest in the matter, nor did he consider their qualifications when employing them for the positions they now hold.

Mr. Taft: Do you get any cooperation in running the store?

Employee: I have no heat, due to the fact that the pipes were never properly installed to allow the heat to come through. After much complaint, the superintendent permitted me to have a heater. The engineer is very antagonistic toward me because I would not violate the rules and let him take merchandise without orders. He raised quite a noise because he could not take out new material before it had been checked. There is no man on the job with whom the engineer has not fought. Although there was danger of fruit freezing there in the store, the superintendent was indifferent to what was going on. There is a considerable quantity of fruit juices purchased for convalescents in the hospital. Later these were taken into the kitchen for general consumption, and still later the superintendent ordered them delivered to his residence. In other words, these supplies are charged to the kitchen and delivered to his private residence.

When merchandise is ordered for the school, it should be used in the school, but I know there is not a day goes by but that I have to send out some merchandise that is not going to be used there. A new bed spring and some plumbing supplies were carried away from the school.

The school issued purchase orders for 100 new mattresses and 80 beds at an approximate cost of a little over $1500. In January an order was filled for 100 new beds and mattresses at a total cost of $1850 or thereabouts. When the new ones arrived, they were set up and the used ones just set out in the rain to rust. These could have been sold or given to the welfare department, as they were quite serviceable.

I know there have been losses by unharvested crops. Foods spoiled because they could not spare the boys from play; such as in the instance where a lot of tomatoes became overripe and spoiled, and I had to put in a requisition for 100 cases.

Mr. Taft: What can you tell me about the tennis court and its cost?

Employee: Two years ago, the superintendent asked for recommendations for improvements to go into the budget concerning repair of buildings. I recommended an addition to be built to the granary so that they might purchase their needs in the fall when cheap. One record shows that a saving of the fall price over the spring price would pay for the additional cost to rebuild the granary, including purchase of mixer—about $600. There had been more than that amount used to build a tennis court. This court cost more than $700. The most expensive lawn seed was purchased, then they decided it was too low, so hauled in clay and put right over that beautiful lawn. Then they decided to build a coal bunker and ordered a vast surplus of cement, far more than they needed, and planned to make a concrete court over the clay. If they had put this into a swimming pool, all could have enjoyed it.

A couple of months ago, one of the boys had been reprimanded for some offense, and in his rebellion ground up some glass in the coffee grinder and mixed it in a cabbage and fruit salad. Most of us ate the salad and did not suspect anything, thinking it was sand. The cook was under the doctor's care, and I had pains in my bowels for
several weeks. Dr. Turner came out and treated the cook; said nothing could be done, just to eat soft foods and keep away from laxatives. The superintendent knew of this, but he didn't do anything about it. About this time there was a riot threatened among the boys, and he called all the officers over to a meeting and commanded them not to say anything about it while away from the institution, or discuss it there. So we were up against it—scared and didn't know what to do about this glass.

Here is an incident which looks peculiar. A dishwashing machine just came in at a cost of $300. It is not large enough for the purpose. Why buy a dishwasher when so much help is idle.

There is no check on tools to know whether they are lost, destroyed or carried away. I have seen forks, rakes, shovels, etc. all over the farm. Breakage is tremendous. Boys don't even know how to use them.

The head detail officer had been told to resign, and when the superintendent reflected that it might be embarrassing for himself, he made two trips to the officer to get him to stay.

It used to be a rule that no boys could have newspapers or listen in on any radio crime programs or news. Now they get anything; subscribe to papers—and all those boys are interested in is crime news.

The probation officer wrecked a state car over in Snoqualmie Pass. Claims he ran into a snow bank. The man who was hit had a judgment against the officer for $1700. He had some boys in the car with him. State cars are not covered with insurance. The probation officer is a heavy drinker, he could not be a safe driver.

Six boys from the school attend the Chehalis Junior High School. Chehalis people resent this. Some have been insolent to teachers and they can do nothing about it.

A painter who was temporarily employed at the school was riding with one of the officers on one occasion, and the officer remarked that his car was loaded down pretty well, and he said, "You got it pretty soft, get your paint on a job order whenever you want it." He had the car loaded with state paint to use on a job of his own on the outside, and then hired some of the state school boys at 15¢ per hour to do the painting. He was non-union. The boys working on this job stole a car, ran away, crossed the Oregon state line, and were arrested in violation of the Dyer Act, and are now serving time in a Federal reformatory in Oklahoma.

Employees are dissatisfied with pay because they have been promised more and never received it. Some employees have been hired with no previous experience in handling the inmates. Not every Tom, Dick and Harry should be allowed to work in this institution—this work requires special training. There has been too much political endorsing and not enough experience and training required in choosing employees.

Voluntary commitment offered by member of the Washington State Training School, at Chehalis, Washington:

I have been employed at the training school since 1934 at which time there was a riot to get rid of the superintendent there.

In my department are the older boys and the ones they can't control. There has been no sort of discipline whatsoever, and there still isn't. I was given a strap to use on them, which I used as little as possible. The department I was in charge of had a bad name but, as I said, I was the one who got the worst boys, and the hardest to control.

Every couple of days a new crew of boys are put under my supervision, and I never have a chance to get used to them before they're taken away. The boys never got used to the work before they were removed. The superintendent is so afraid of an investigation that he has tried to make a good outside appearance.

The administration force seems to consist of a group of politicians, not proper supervisors for a boys training school. The superintendent kept one boy all summer so he could play football. Athletics and football are everything to him. This has set a bad example, for everything the boy wanted he received because of his ability to play football for the school. This year the squash rotted on the ground, for all the boys were busy playing football, and it was not picked up and put in the storeroom. The potatoes were left in the ground to rot. It cost too much to build the tennis court, which is of no use, while the walks and foundation of the hospital are rotting away.

The Guidance Committee sets the wage for boys who worked in town. The only reason for working was so the boys could have a little spending money. Sending these boys out to work in town only took jobs away from the people in town who need them, for the boys are kept and fed by the state. Two boys worked for 15¢ an
hour for a painter, and while on the job they stole a car and ran away and were arrested on a Federal charge and are now in an Oklahoma reformatory.

There are acts of immorality committed quite often. The superintendent punishes them with demerits and spats.

The records of the employees are not investigated before they are hired and put on the staff.

Some of the personnel complained that the food was so bad they went down town to eat. Complaints were made about the lack of heat, but the superintendent did not do anything about it. Finally when two accountants came, they complained and an extra fireman was put on by someone else.

I have to pay $40 a month for room and board. I work ten hours on my long day and nine hours other days; the night watchman works about the same number of hours; the outside watchman works about eleven hours. Others work about the average.

They have had three heating plants in the greenhouse at tremendous expense, and all of them have been failures.

Ground glass was put in the cabbage and fruit salad and at the table where I sat several of us ate it. The superintendent wanted to keep this quiet on the outside, for he was more worried at that time about a riot that was forthcoming.

The Guidance Committee is just a joke. It consists of detail officer, the superintendent, three committee managers, and the head of the school. Punishment that suited the whim of the superintendent is the only kind inflicted by this committee. It is now split by a faction, the school teachers holding the upper hand.

Sometime ago a boy came to the school whose father had money. He was handled very carefully, for his father had lots of prestige and influence which the superintendent respected. The boy was allowed special privileges which caused resentment.

A meeting was held the other night, and the superintendent warned the officers of the staff that he didn't want any talking about conditions of the institution among themselves or other employees, or they would lose their jobs.

A relief cook was budgeted at $90 a month, but it came out that she doesn't get a cent of this money—only receives room and board. One barber, not qualified, gets $15 a month—the real barber gets $5 a month; both men get $85 a month for being company manager and night watchman.

If this interview means the loss of my job, it makes no difference to me, for I would rather be out of a job than work under the conditions that exist at the training school. I will be willing to appear before any committee to testify as to the statements I have made. Other employees are also willing to appear on behalf of what they believe is right. There is an unrest at the school and has been for many months. There is a serious lack of proper system in the general operation of this institution.

Information volunteered by a former employee of the staff of the Washington State Training School at Chehalis. This man was one of the company managers who resigned for a better position.

There was evidence of considerable drinking—not so much on the job, but employees would appear before the boys under the influence of liquor. One detail man in charge of a company of boys was drunk on the premises and another came to the institution so drunk he had to be put to bed in the hospital. This was seen by the night watchman. I had a talk with the superintendent about this and found that he knew what was going on, but there was no attempt to stop it. There was a state car wrecked because of the driver being intoxicated and a judgment was against him of $1700 on this account. The head parole officer will deny this, for he was under the influence of liquor at the time.

In regard to the Guidance Committee, there is favoritism shown in dealing with the boys. Then when some boy has caused considerable trouble he is just sent from one detail to another as complaints come in on him. There doesn't seem to be a suitable place to put some boys. When immorality is found out, the offenders are given demerits, which lengthens their time in the reformatory. It is believed a resident qualified psychiatrist would be of invaluable help in this regard.

Boys come back to the institution two or more times, and a card record which is kept is continued on for them. I believe there are now two card records kept, one the public sees, and the other which shows strap punishment, they probably do not see. One of the company officers was accused of using too much strap; some-
times thirty to fifty blows. Red scars can be seen on the boys when they take their showers. I figure that over ten blows is unnecessary for this kind of punishment.

Some members of the staff seem to be stronger than the superintendent, and are getting out of his control. He has given some of the administration over to them apparently for they have more to say than the superintendent in some cases.

There is some talk about the cost of the tennis court, but the supervisor of the store knows all about that.

REPORT OF INVESTIGATION OF WASHINGTON STATE TRAINING SCHOOL
Chehalis, Wash.

By Senator Guy M. Balfour

The population of the training school as of February 16, 1941, was 155. These boys have all reached the school as delinquents, having been sent here after the home, the school, the juvenile officer and the court have exhausted every means of correction and direction in dealing with them.

Since the inception of the A. D. C. program, none of these boys are being cared for as dependents, as was done previously.

This school was established in 1893. While some of the buildings and facilities are modern and of recent construction, a part of them are very old. While there is some question in my mind about the credence of the report on these institutions by private organizations, due to the fact that they solicit membership fees from people in this work and might tend to color their report in line with the financial response which the heads of the institutions might offer, it will be interesting to note the statement made in the report by the Osborne Association in 1940 relative to the building facilities of the Washington State Training School at Chehalis, which is as follows:

"The institution's antiquated housing units, permeated with a dank, stale odor, are the most ancient buildings on the campus and the worst among the institutions covered in this volume. Until more modern and suitable housing units are constructed, this institution will be unable to develop the well rounded program expected of a modern training school. Provision should therefore be made without delay for the construction of small cottages, housing twenty-five to thirty boys each, and the demolition of the old buildings. Although precautionary measures have been taken against the spread of fire, the very construction and age of these buildings and the oily condition of the floors make their habitation unsafe for children."

The old wooden administration building was constructed in 1893, the housing quarters were constructed in 1907 and the hospital in 1910. These facilities have been the cause of considerable criticism of the administration of the school, but should in no way reflect on the management of the institution, but rather point out that a building program is sorely needed for this institution.

The sanitation and general health record of the institution during the past two years has been especially good.

A new plan was instituted two years ago, centralizing the disciplinary policy to a guidance committee consisting of eight officers and members of the school staff. Under this plan, any boy who violates the regulations or otherwise misconducts himself, is reported through the company officer to the Guidance Committee. The offender is brought before the Guidance Committee for a discussion of his conduct and the type of punishment or demerit is decided on by this committee. Under this system, the company officers' or other individual employees are not given the lee-way of directly dealing with misconduct.

The merit system is in operation and the records given by the school indicate that 87% of the boys are on the honor roll of this system.

From my observation of this institution I have found the food well balanced, nicely served and appetizing, and the conduct of the boys in the dining room during meals is commendable.

A doctor visits the school regularly three times a week and upon call at other times. The boys are given careful attention regarding dental needs, and their eyes are also closely checked.

Under present housing conditions the plan of segregation is very limited, the boys being divided into companies of approximately fifty boys each.

When these boys are brought to the school, letters are sent to the parents and to the schools they attended, for information relative to their inclinations and interests and as to the type of work they might be interested in. The boys are also consulted
by the Guidance Committee, who as a group pass on the assignment of work best suited to each boy.

The different types of work include: Dairying, poultry, gardening and greenhouse, general farm group, laundry, tailor shop, machine shop, plumbing and electric shop, shoe shop, carpenter shop, printing, barbering, boiler room, kitchen and bakery.

These boys are employed at this work one-half day and attend school the remaining half day.

The boys are never locked up individually for punishment; the only place they can be detained is in the quarantine room of the hospital.

The education system of the school is under the supervision of the State Superintendent of Public Instruction and schooling is provided through the tenth grade. The salaries of the teachers range from $80.00 to $100.00 per month, plus room and board.

Since the average detention of the boys is approximately nine months, and the boys are coming to and leaving the school at the rate of approximately twenty per month, the school problem is considerably more difficult than it is in the regular school system. In cases where the boys have completed the tenth grade and are still retained at the school, they are privileged to attend the Chehalis high school, if their conduct is satisfactory and they are interested in further education. At the present time, five boys are attending the Chehalis high school on their honor.

Daily visits are permitted and a large percentage of the boys have visitors often. It is not unusual on Sundays for from twenty-five to fifty boys to have visitors, including their parents and friends. The boys' visits with their parents are personal and they are at liberty to show their guests through the institution at any time they desire during visiting hours.

Preferable religious instruction is provided the boys; patriotic exercises are held regularly every Sunday including the flag-raising and repeating of the American Creed by every member of the school. This exercise is held just before chapel.

During the past five years under the present administration at Chehalis, a new program of social activities and athletics has been worked out which ties in with the community and which has received the full cooperation of the community surrounding the school. The school has one Boy Scout troop which is affiliated with the Tumwater Council, and provides for the usual activities carried on by Boy Scouts. There are four 4-H Clubs, the club leaders being under the direction of the Extension Department of the Washington State College. Music instruction is provided to a large number of the boys who have inclinations for music, which is under the direction of one of the most competent music instructors in this part of the country and he maintains a beginner band, a secondary band and a regular band which plays for school activities and other community functions. Basketball, football and baseball activities are ingratiated with the public schools of this district in regular competition. There are also a number of teams made up within the school, making it possible for practically all of the boys to participate in these activities. Other games are played, such as tennis, croquet, ping pong, etc.

There is a definite problem of maintaining satisfactory personnel in this institution, as is true in many of the other institutions, due to the extremely limited salaries paid under existing conditions. During my visit to the institution last Sunday, I was informed that the instructor of mechanics had just accepted a position which will pay him approximately $200 per month. His salary at the school was only $85 per month. Selection of employees is made as far as possible from the Appointment Bureau of the University of Washington.

In my investigation, I made inquiry as to the number of hours worked by the employees. I found that the night men who watch the sleeping quarters are on duty from 8 p.m. to 6 a.m. This is felt necessary due to this being the time the boys are in bed and the nature of the work is such that the men are satisfied. Members of the staff give their time willingly, directing activities as they would in outside community life, such as Boy Scouts; 4-H Club work, etc.

Since considerable complaint has been registered by some who consider themselves specialists and some individuals who claim to have a particular interest in this school for one reason or another, I have made a careful check as to the attitude of the parents of the boys in this school and also of the attitude and feeling of the judges who committed the boys to this school and my investigation indicates that while the boys' parents visit the school regularly, and while a number of our Superior Court judges make visits to the school indicating a keen interest in the type of treatment
and training these boys receive, I find that no complaints are being registered by either the parents of the boys or the courts who made the commitment.

The records show that while approximately 250 boys are discharged from the school annually, that in the past four years 12\% per cent again got into trouble and 87\% per cent of them have had successful correction.

The present administration of the school has been one of the few administrations that has had an opportunity to remain in the school long enough to work out a sound program which accures both to the welfare of the boys and to the benefit of the state as a whole. The minor complaints as to individual instances may be grounds for some criticism, but the problem of dealing with all kinds of boys, including a few who have committed major crimes and who at times require occasional harsh discipline, is great; however, the program and results as a whole are very gratifying. Problems of personnel relations in most institutions include some ill-will, jealousy and misunderstanding at times among the members, and failure on the part of some people to set a good example for the inmates. This problem has been coped with reasonably well under the present administration at Chehalis, but in some instances there has been a lack of administrative discipline in dealing with employees.

The program of placement at the present time constitutes one placement officer in Eastern Washington, and one in Western Washington with a budget providing for a third member. These men are doing a commendable job in handling this work and especially in cooperating with the juvenile officers throughout the state. Many public and private agencies and individuals are due much credit for their cooperation in the placement and rehabilitation of these boys. F. A. Ouelette, Secretary of the Better Boys Council of Seattle has cooperated extensively in this work and he said that he would rather place boys from the Washington State Training School than any other delinquent boys, due to the fact that they respond better and their training has been instilled so they are better adjusted.

RECOMMENDATIONS

I recommend that provisions be made for the replacement of the administration building, the hospital building and the construction of suitable dormitories.

Due to the average detention of the boys in this school, the opportunities for job training are limited to an average of nine months. However, some vocational courses could be added in this school which would be helpful in broadening the interests of the boys in this work.

The salaries paid employees are insufficient to insure the continuous service of the type of employees desired. A merit system for selection of employees and the inauguration of a sliding salary scale is the proper solution to this problem.

FACTUAL INFORMATION REGARDING PENAL INSTITUTIONS

By Olaf L. Olsen, Director

DEPARTMENT OF FINANCE, BUDGET AND BUSINESS

By Olaf L. Olsen, Director

Department of Finance, Budget and Business

February 22, 1941.

Almost immediately after assuming charge of the Department of Business Control in 1925, a careful survey was made of the employment situation in the Penitentiary and State Reformatory under the direction of Governor Roland H. Hartley. The total value of products produced at the Penitentiary at that time was about $50,000 for the biennium.

At the special session of the Legislature in the fall of 1925 the department made a request for $100,000 for establishing industries at the Penitentiary and $25,000 for the State Reformatory. Both these sums were granted and a diversified industrial and agriculture program was set up. The value of products produced at this time varies between $300,000 and $400,000 at the Penitentiary per biennium. The total value of products during the past 14 years was $2,385,336.70. Industrial operations at Monroe prior to the depression years ran up to $150,000 per biennium. Since 1933 because of unusual demands for employment on the outside further industrial development was temporarily suspended. Conditions now warrant starting of additional projects, and the department has included in this year's budget the sum of $50,000 for this purpose.

As of February 18 there were only 277 able-bodied men unassigned to jobs at the
Penitentiary. In ratio to the total prison population there is less unemployment at the Penitentiary than on the outside at this time.

During the depression years brick and tile making was virtually suspended at the Reformatory. This is one of the major industries at this institution. An enlarged educational program was substituted to take up more of the time of the boys during this period. During the present year the brick plant has again resumed operation, and we expect to operate at least part time throughout this summer making materials for needed construction work to be carried out at other institutions.

The entire industrial program at both penal institutions is founded upon the state-use plan. None of the products are sold on the outside.

STATEMENT ON WASHINGTON STATE REFORMATORY
Monroe, Washington
By Olaf L. Olsen, Director
Department of Finance, Budget and Business
February 24, 1941.

On assuming charge of the Department of Business Control in 1925, a survey of educational work at the State Reformatory revealed that for some time prior to that year the educational department had been virtually suspended except for the instructional work the chaplain was able to give to individuals and small groups.

After considerable study including consultation with experienced educational administrators and teachers, a program embracing a limited number of subjects and including numerous vocational instructional units was determined upon. A director of education was selected from a number of applicants. The director then selected has continued since the inauguration of the enlarged program. The director is a graduate of the University of Missouri and had many years experience in the educational field including superintendency of important school systems. Texts were secured that would fit a program such as would have to be provided in an institution of this character.

In the inauguration of this program we had the advice and assistance of one of the outstanding deans of the School of Education of the University of Washington.

The teaching staff now comprises seven full time paid certified teachers.

Average daily attendance for the month of January this year was 615 out of a total inmate population of 705, or 87 per cent. Attendance is voluntary and compares favorably with average daily attendance to be found in public school system under compulsory provisions.

Educational work has been stressed especially during the depression years when it was necessary to curtail work projects that had been provided as a part of our balanced program for this institution.

Every complaint made to the Executive Office or to the department is thoroughly investigated with written findings made. Where complaints are sustained, corrective steps are immediately ordered. Most complaints emanate from discharged employees dismissed for cause.

MOTION

On motion of Mr. Armstrong (H. C.), the House reverted to the regular order of business.
Resolution by Mr. Pennock:

WHEREAS, The state legislature has been picketed by groups protesting the unseating of Lenus Westman, duly elected Senator from the 39th District by the State Senate, which picket-line is simply one expression of an ever-mounting resentment of the people of the 39th District and of the whole state at the undemocratic and unprecedented action of the State Senate; and

WHEREAS, The action which this picket-line protests casts reflection upon the democracy and integrity of the House of Representatives as well as the Senate, at a time when democracy and representative government all over the world are being challenged as never before by dictatorship and fascism; and,

WHEREAS, There is now pending legal action in the courts of our state to force the seating of Lenus Westman raising grave doubt as to the legality and constitutionality of unseating a duly elected official for political reasons;

Now, Therefore, Be It Resolved, That the House of Representatives go on record as calling upon the State Senate to remove the blot upon the democracy and Americanism of the 27th Session of the Washington State Legislature by seating Lenus Westman as Senator from the 39th District.

On motion of Mr. Bienz, the resolution was laid on the table.

SPECIAL MESSAGE BY THE GOVERNOR TO THE LEGISLATURE

His Excellency, Governor Arthur B. Langlie, addressed the House and Senate in Joint Session as follows:

Mr. President, Mr. Speaker, Ladies and Gentlemen of the Legislature:

When I addressed you in Joint Session on January 13th last, I said that this was a time for honestly facing the facts, and for acting fearlessly with a full knowledge of the facts, and that only in this way can we measure up to our full obligations and duties as citizens and as representatives of the people of this state.

It is in that spirit that I appear before you today,—to honestly face most vital facts that have been disclosed by new and important information which has come into my possession,—and to ask you to join with me in meeting the situation which those facts create.

When I appeared before you six weeks ago yesterday I presented what I then believed would constitute a complete and practicable program for meeting all of the financial requirements of the state during the next two years. In carrying out this program, there have been four tax measures introduced by executive request. These measures together with operating economies and increased revenues from the existing tax structure would have provided a balanced operating budget for the coming biennium on the basis of expense estimates then available.

Of course the big question mark at the time the original program was prepared was the sum of money which would be needed to carry out the provisions of Initiative Measure No. 141. There being no actual experience upon which to predicate those financial estimates, it was necessary to depend upon conclusions and deductions which could be drawn only from meager sources of information then available.

The Federal Social Security Board approved the state's revised old age assistance plan in time so the State Social Security Department was able to put Initiative 141 into operation on March 1st, 1941.

This has meant that the Department has had an opportunity to adjust its present accounts to fit the new plan, and to accept and consider new applications. From this activity the department has been able to assemble some very detailed and compre-
hensive data to replace the conjecture and guess-work which was necessarily their only basis of computation heretofore.

To summarize this new information briefly, we now find that instead of having 120,000 persons of the age of 65 years or older living in this state, we have approximately 140,000; instead of having an original enrollment of 40,000 qualified for old age assistance, we will have approximately 52,000; instead of having a final enrollment of 50,000 pensioners at the end of the biennium, we will have 65,000; and instead of having an average old age assistance enrollment of 45,000, we will have an average enrollment of 60,000!

The old age assistance program, under Initiative Measure No. 141 will therefore require $54,400,000, instead of the $42,800,000 figure previously used. This means a further increase of $11,600,000 in state and federal funds. As for state funds alone, this new data indicates that, over and above the sums mentioned in my January message to you, old age assistance benefit must be increased $5,000,000; medical care benefits must be increased $1,000,000 and the burial expense item must be increased $180,000. The total increase in state funds for the forthcoming biennium is, therefore, approximately $6,180,000.

It is recognized that Initiative Measure 141 constitutes a mandate from the people to provide the funds which will make possible the full payment of benefits which that measure contemplates. The imposition of new taxes is not a pleasant thing, but the people of our state have placed upon us the responsibility of carrying their will into effect. We must assume that the people intended us to provide the funds with which to pay these old age benefits. The task was left to us to say how those funds should be raised; what sources of revenue are available; which method of raising these funds will be adequate, practical and fair. The previous measures which I have submitted were, in my opinion, adequate, practical and fair to meet the financial needs of the state as they were then known. They are not adequate to meet those needs in the light of the facts now available.

I believe that it is my responsibility, as Governor, to indicate what further revenue measures will be necessary to meet this situation. It is a responsibility which I have always recognized and which I wish to discharge at this time. I have with me here, and will present copies thereof to your respective presiding officers for introduction, a bill embodying the following provisions:

First: Declaring that Initiative Measure No. 141 approved by the people at the general election of November 5, 1940, provides for greatly increased grants and other benefits to citizens over the age of 65 years. That, to obtain funds, necessary to meet this mandate of the people and to carry on all other state functions, it becomes essential for the state to provide a practical and adequate means for raising substantial additional revenues and that it is recognized that the only practical and adequate source of revenue to meet these financial requirements is either a Graduated Personal Net Income Tax, or an increased Retail Sales Tax and Compensating Tax.

Second: Declaring that while under existing constitutional provisions the Retail Sales Tax and Compensating Tax may be increased, it is not known whether a Graduated Personal Net Income Tax enacted at this legislative session would be declared constitutional by the courts without a validating constitutional amendment. That for the purpose of assuring the adoption of a valid method of providing such increased revenue and at the same time allowing the people to decide which type of taxation they prefer, there shall be enacted an increase in the Retail Sales Tax and Compensating Tax from 2% to 3% after the effective date of the act. That such increase remain in force and effect unless and until the state enacts a graduated personal net income tax and such tax is judicially sustained.

Third: Abolishing the tax token and providing that the buyer will not pay a retail sales tax on purchases of less than fifteen cents.

Fourth: Authorizing the Tax Commission to adopt rules and regulations prescribing methods and schedules for the collection of the tax.

Fifth: Providing that the rate of tax shall be reduced from 3% to 2%, if and when this state enacts a graduated personal net income tax and such tax is declared valid by the Supreme Court of Washington.

This tax, if made effective at once would result in additional revenue of $18,000,000 for the biennium. If tax measures now proposed are adopted, we would not need that amount of revenue to satisfy our needs during the next two years. In order that we might not produce more revenue than necessary from the sales tax—providing present revenue measures are adopted—the effective date of the increase in the sales tax
could be deferred until October or November or perhaps even later. For the balance of the biennium, or until such time as an income tax became effective, the increased sales tax would produce the necessary revenue to meet the obligations we are called upon to incur. The $6,000,000 anticipated revenues from present proposed revenue measures may not, in their entirety, be adopted by the Legislature. If they are not, then the effective date of this sales tax measure should be fixed at a correspondingly earlier time. For this reason I have left the effective date of this proposed act blank, so that your honorable bodies may specify the effective date, based upon the total tax program which you enact.

In my opinion, and in the opinion of the Tax Commission, an increase in the retail sales tax is the only sure and certain method available at this time to guarantee the required funds. But if and when the legislature or the people of this state enact a graduated net income tax, and such a tax is declared valid and enforceable by the courts, the increase in sales tax will no longer be necessary. Until and unless that time arrives, our only course is to work with the only adequate tax source which we now know is legally unassailable.

In urging you to join with me in adopting this solution to our most vexing problem, permit me also to say that our right purpose in following this course can only be proven if we at the same time adopt and cling with tenacity to principles of strict economy in all of our legislative and administrative program. The revenue from this increased sales tax will provide the means of meeting our obligations under Initiative Measure No. 141; it will completely wipe out our general fund deficit and balance our budget by the end of the biennium; it will provide the funds for the several substantial appropriations which the legislature has already made or may make for meritorious and needed projects; it will leave our state in first class financial condition to meet and withstand the strain of business recession which is likely to occur at the conclusion of the national defense program. But this new tax measure will not justify us in indulging in one single dollar's worth of unneeded, useless or unwise expenditures. Our determination in this respect should and must be just as strong as our determination to find a way of meeting the old age assistance needs of the state.

In giving consideration to the recommendations which I have here made, let me invite you to make full use of the facilities of the Department of Social Security and the Tax Commission in ascertaining the facts and determining the best way to solve our problem. I believe that you will find, as did I, that the need for this course is clear and certain, and that the solution lies in no other direction than I have indicated.

(Prolonged applause)

The President announced that the committee would escort His Excellency, Governor Arthur B. Langlie, to the Governor's chambers.

On motion of Mr. O'Brien, the Joint Session was dissolved.

The Speaker resumed the chair.

The Speaker directed the Sergeant-at-Arms to escort the President of the Senate and the Senators to the Senate chamber.

As a member from a district where defense work has increased the population to a point where an estimated 1500 to 2000 school children will be without any school facilities, I feel this condition should be provided for before more schools are established, calling for large appropriations. While I fully recognize and appreciate the merits of the bill, I have a definite conviction that the absolute necessities in education should be provided before more schools are established.

Mr. Armstrong (H. C.) moved that Mr. Cowen be excused from the call of the House.

The motion was lost.

RECONSIDERATION

The Speaker declared the question before the House to be the motion by Mr. Dore that the House do at this time reconsider the vote by which House Bill No. 183 failed to pass the House.

Debate ensued.

Mr. Reno:

"Mr. Speaker, under House Rule 28 I find that a motion to reconsider is debatable if the question under consideration is debatable and opens up the whole matter. Under that rule I believe I have the right to discuss the merits of this bill under the motion to reconsider."

The Speaker:

"The Speaker will rule the point is well taken, Mr. Reno."

Debate continued on the merits of the bill.

Mr. Turner:

"Mr. Speaker, point of parliamentary inquiry. Suppose the House should vote to reconsider and re-refer the bill to a committee for the purpose of amendment, which I understand is the purpose. Would the Speaker's ruling be that the committee would have to report the bill back and the vote on reconsideration be taken on the same day?"

The Speaker:

"Mr. Turner, I can't answer that because I don't know what the motion will be."

Mr. Turner:

"Mr. Speaker, if I remember correctly, some time ago there was a vote taken to reconsider a bill and we moved to send it back to the committee, and action had to be taken the same day."

The Speaker:

"The Speaker ruled on that, that when the motion to reconsider had prevailed, the matter had to be disposed of that day, and I base that decision on the grounds that otherwise an individual could continually jam the business of the House by moving to reconsider and re-refer any number of bills. This ruling is sustained by Reed's and Hind's Precedent. If the motion to reconsider prevails in this case, the matter has to be disposed of today."

Mr. Turner:

"It would have to go to the committee and have to come back to the House today for consideration?"

The Speaker:

"That is correct."
Mr. Armstrong (H. C.):

"Mr. Speaker, under suspension of the rules, we can refer this to a committee and then wait for them to bring it out."

The Speaker:

"Yes, under suspension of the rules. Otherwise, the matter must be disposed of the same day."

Mr. Martin:

"Mr. Speaker, as I understand the rules, if this motion carries the bill will be in the same status as it was before it was voted on."

The Speaker:

"It will bring it up in exactly the same status for debate and final passage, but it must be taken care of today. As I have stated, this is amplified in Reed's precedents that the matter has to be disposed of on the day that the motion to reconsider prevails."

On motion of Mr. Cowen, the previous question was ordered.

The motion by Mr. Dore that the House reconsider the vote by which House Bill No. 183 failed to pass the House was lost.

MOTIONS

On motion of Mr. Cowen, the House dispensed with further proceedings under the call of the House.

On motion of Mr. Pearsall, the House adjourned to ten o'clock a. m., Saturday, March 1, 1941.

The Speaker (Mr. Riley (Edward F.) presiding):
"I think once before, in a similar circumstance, the substitute Speaker ruled that the mover of the motion has the right to close the debate after the previous question has been ordered and sustained."

Mr. Pennock continued speaking.

Mr. Reno:
"Mr. Speaker, the gentleman is not confining his remarks to the bill, but is speaking about the power companies, which is not germane to the amendment."

The Speaker (Mr. Riley (Edward F.) presiding):
"I must ask you, Mr. Pennock, to confine your remarks to the merits of the amendment."

Mr. Pennock continued speaking.

Mr. Todd:
"Mr. Speaker, the amendment is out of order. This bill has nothing to do with the electric power companies, and the amendment and Mr. Pennock's remarks are not germane to the bill."

Mr. Pennock:
"Mr. Speaker, you have already recognized me, and I have the right to speak."

The Speaker (Mr. Riley (Edward F.) presiding):
"Mr. Pennock, the Chair will ask you to confine your remarks to the amendment."

Mr. Pennock continued speaking.

Mr. Woodall:
"Mr. Speaker, point of order. This bill relates to charging off to operating expenses any donations to charitable organizations and groups. Mr. Pennock is speaking on the right of a corporation to charge off political expenses, which does not relate to the bill at all."

The Speaker (Mr. Riley (Edward F.) presiding):

Mr. Woodall:
"Mr. Speaker, I rise to a point of order on this amendment. Reading from the State Constitution, Section 38, which reads as follows—"

Mr. Armstrong (H. C.):
"Mr. Speaker, point of order. A call of the House has been ordered, and that is the business before the House."

Mr. Smith (Jurie B.):
"Mr. Speaker, after a call of the House is ordered by the House, no business can be transacted until all members are in the House."

Mr. Woodall:
"Mr. Speaker, we are not transacting any business—"

The Speaker resumed the chair.
The Speaker:
"The Speaker will rule that the call of the House is the business before the House. The Sergeant-at-Arms will lock the doors, and the Clerk will call the roll."

The Clerk read the amendment.

The Speaker:
"The point of order raised by Mr. Woodall is well taken. The amendment is not germane to the bill."

Mr. Pennock:
"I appeal from the decision of the Chair, and demand a roll call."

The Speaker:
"Mr. Pennock appeals from the decision of the Chair, and demands a roll call. Do sixteen members demand a roll call?"

The demand for a roll call was not sustained.

The Speaker:
"An appeal has been made from the decision of the Chair. Shall the decision of the Chair be the judgment of the House? As many as are in favor of it will say 'Aye'; as many as are opposed will say 'No.'"

Mr. Savage:
"Mr. Speaker, will you please explain the ruling?"

The Speaker:
"Our House rules provide that the amendment must be germane to the bill. The bill deals with donations by corporations to charitable institutions. Political activities are not donations to charitable institutions. Therefore, the ruling is that the amendment is not germane to the bill."

The decision of the Chair was sustained on a voice vote.

Mr. Savage moved the adoption of the following amendment:
Amend section 1, in line 4, after the word "shall" and before the word "be" insert the word "not".

Mr. Todd:
"Mr. Speaker, point of order. The amendment is not germane to the bill."
Mr. Smith (Jurie B.):
"Mr. Speaker, it seems to me that the amendment is germane to the bill. It is merely the addition of one word to the bill."

The Speaker:
"The Speaker will rule that the amendment is germane."

Debate ensued on the amendment by Mr. Savage.
Mr. Backman moved that the amendment be laid on the table.
A roll call was demanded, and the demand was sustained.

The Speaker:

NOTICE OF RECONSIDERATION

Mr. Bernethy gave notice that, having voted on the prevailing side, he would, on the next working day, move that the House reconsider the vote by which Engrossed House Bill No. 367 passed the House.

Mr. Reno:

“Mr. Speaker, point of order. After the fiftieth day reconsideration must be taken on the same day.”

The Speaker:

“The point is well taken, Mr. Reno.”

Mr. Bernethy:

“Mr. Speaker, I give notice to move reconsideration at the end of the day’s work.”

RECONSIDERATION

Mr. Reno:

“Mr. Speaker, notice having been given, I do at this time move that the House reconsider the vote by which Engrossed House Bill No. 367 passed the House.”

The Speaker:

“Mr. Reno’s motion takes precedence over Mr. Bernethy’s notice of reconsideration.”

Mr. Hurley:

“Mr. Speaker, point of order. Mr. Bernethy’s notice was for the last order of business today.”

The Speaker:

“The Speaker will rule that Mr. Reno has the privilege of making the motion for reconsideration immediately.”

Mr. Bernethy:

“Mr. Speaker, point of order. Is my notice out of order?”

The Speaker:

“If Mr. Reno’s motion prevails, your notice is killed. We cannot reconsider twice.”
The Speaker declared the question before the House to be the motion by Mr. Reno that the House do now reconsider the vote by which Engrossed House Bill No. 367 passed the House.

The motion was lost.

Mr. Bernethy:
"Mr. Speaker, is my notice of reconsideration in order now?"

The Speaker:
"Your notice has been superceded by the refusal of the House to reconsider."

Mr. Cowen:
"Mr. Speaker, having voted on the prevailing side, I now move that we reconsider Engrossed House Bill No. 367 at the end of the day's calendar."

The Speaker:
"The Chair will rule that further reconsideration of Engrossed House Bill No. 367 will be out of order, and base my ruling on the following: 'The general rule of parliamentary proceedings is that when the assembly has come to a conclusion or decision (on reconsideration) that result shall be regarded as final. This is necessary for the orderly action of the assembly itself. If what had once been decided could at all times be again opened by each member, there would be no end to confusion.' This is Reed's Rule 209."

MOTION

Mr. Woodall moved that in the future, at any time a measure is before the body which involves an elective official of a State Department, that the elected official shall not be accorded a seat upon the rostrum.

Debate ensued.

POINT OF ORDER

Mr. Armstrong (H. C.):
"Mr. Speaker, point of order. Mr. Woodall's motion is out of order."

The Speaker:
"Mr. Woodall's motion is in order because the House is now on the fourth order of business."

Mr. Armstrong (H. C.):
"Mr. Speaker, I still maintain the motion is out of order. We are dealing with a former member of the Legislature, who has the right to a seat on the rostrum."

The Speaker:
"A point of order has been raised, and so that there may be a clarification of the issue, I may say that I was not being lobbied on the rostrum. It may have been coincidental that at this time the elected official interested in the measure was on the rostrum. However, we are dealing with an elected official interested in a bill, and the motion by Mr. Woodall is in order."

On motion of Mr. Hurley the previous question was ordered.

A roll call was demanded, but the demand was not sustained.

Mr. Armstrong (H. C.):
"Mr. Speaker, it will take a two-thirds majority to carry this motion because it will mean the suspension of the rules."

The Speaker:
"This motion does not call for a suspension of the rules. The Speaker has stated his interpretation of the motion to be that we are not dealing with a former member of the House, but with an elected official, and we have the right to conduct the House as we see fit."

The motion by Mr. Woodall was carried.
PERSONAL PRIVILEGE

Mr. Bernethy:

"Mr. Speaker, I changed my vote for the purpose of reconsideration, and I want to be on record in the journal as voting against this bill. It has been customary all during the session that we can change our vote and move for reconsideration. Is there any chance for me to enter my protest in the journal?"

The Speaker:

"The Chair will again repeat that you will stand as being recorded 'Yes' for the passage of the bill. You may send to the desk your reasons for so voting and have them spread upon the journal."

Mr. Bernethy:

"Mr. Speaker, is this going to be the ruling from now on that there will be no opportunity for moving to reconsider?"

The Speaker:

"There has never been a ruling by me as Speaker that there is no chance for reconsideration. We have reconsidered on five different occasions already this session. We reconsidered today."

Mr. Kinnear (George):

"Since this point has been raised, I would like to ask for a ruling on one additional feature. When a member gives notice that he will move to reconsider, can someone else move the reconsideration at once before the first member has the opportunity, or will he be given the first right to put the motion?"

Mr. Armstrong (H. C.):

"Mr. Speaker, you don't have to rule on that now. You can make the ruling when the occasion comes up."

The Speaker:

"I will make the ruling now. It has been the practice each session, and is supported by Reed's precedents, that when a notice of reconsideration is given for a specific time, any member has the privilege of immediately rising to his feet and moving to reconsider immediately, which kills reconsideration at a future time."

EXPLANATION OF VOTE

Mr. Bernethy:

For clarification of my vote on Engrossed House Bill No. 367, I was opposed to the bill and voted "No" on final passage; before the vote was tabulated I changed my vote from "No" to "Aye" for the purpose of reconsideration.

Mr. Reno moved to reconsider immediately the motion lost; therefore my motion was out of order, according to the ruling of the Chair.

MOTIONS

On motion of Mr. Turner, the House dispensed with further proceedings under the call of the House.

Mr. Cowen moved that, commencing with today, students and other visitors in the galleries shall not be introduced to the House.

The motion was carried.

PERSONAL PRIVILEGE

Mr. Isenhart:

"Mr. Speaker, we have just witnessed a daring example of the danger and inconsistency of reading the last line of a bill. This was a very important bill, and I think there are many good things in it. I am not opposed to the bill."
"We began reading this bill and someone cut in after a few lines were read and moved that the last line be re-read. That has been done about fifty times already this session. We have read only the last line, and then we up and pass the bill. I think this is the first time this session that every line of a bill has been read, and certainly if these bills are important enough to act upon for the State, they are important enough for us members to read. If we are too lazy, too indifferent, too indolent to read these bills so we can act upon them intelligently, we should resign and let the county commissioners assign some one to our jobs who will do them right.

"I submit to you the foolishness, danger and inconsistency of passing these bills without having them read on the floor."

Mr. Savage:
"Mr. Speaker, I agree with Mr. Isenhart."

EXPLANATIONS OF VOTES

Mr. Murphy:

"I voted against House Bill No. 596 because it gives to an appointive council blanket powers 'to do all things not inconsistent with law in the furtherance of its defense activities.' This provision gives to the council the authority, under guise of 'national defense' to invade the right of labor through no-strike propaganda and the disruption of union organization. The whole bill is designed to foster and promote war hysteria, in an effort to involve the people of our state and nation in a war not of their choosing."

Mr. Pennock:

"I voted for House Bill No. 596 in order to be able to move to reconsider it, giving me an opportunity to speak in opposition to this bill, which I was not permitted to do by the uncalled-for demand for the previous question.

"House Bill No. 596 was rushed from first reading to second before it was printed, and was never referred to any committee to permit a hearing upon it. I feel House Bill No. 596 gives unwarranted and unneeded powers to create 'defense' councils which may very well become councils to spy upon citizens, encourage prejudice and war hysteria.'"

Miss Taylor:

"House Bill No. 596 gives to the Governor the power to appoint a state defense council and as many local defense councils as he desires. He can dissolve, suspend or recreate these councils at any time. The bill does not restrict the activities of the defense councils and they may be used as the indirect or direct means of anti-democratic, hysterical propaganda."

PERSONAL PRIVILEGE

“Mr. Speaker, Mr. Todd and Mr. McCutcheon would indicate that my remarks reflect upon the intelligence of the housewives of this state. I spoke about housewives buying other things when they go into a store to buy articles on sale, and this is a fact from my own experience and the experience of other people. I have had nineteen years of experience in selling, and it is an absolute fact that when a person comes into
a store to buy an advertised article she starts purchasing other things. This is the idea back of sales, but I meant no reflection upon the housewife."

EXPLANATION OF VOTE

Mr. Needham:

I voted against House Bill No. 575, which is the three per cent sales tax bill, for the following reason:

I promised the people who elected me that I would do all in my power to raise the money for additional revenue by means of a graduated net income tax and not by an increase in the sales tax. However, I would have voted for the measure as a temporary source of revenue if it had come after or in conjunction with the measures necessary for a graduated net income tax.

By the very provisions of the bill itself and by the words of Governor Langlie the 1% raise in the sales tax is to be a temporary raise until we can enact a graduated net income tax. Yet this legislature has so far refused to pass bills, and resolutions necessary to enact a graduated net income tax yet this year, although they were introduced on January 21, January 22, and February 11, while this bill No. 575 was not introduced until February 28.

And so my objection to passing this bill now is that it may be enacted and the people will be saddled with a 3 per cent sales tax permanently and the income tax measures may never be passed and the people will not then have an opportunity to vote on the acceptance of the income tax.

MOTION

On motion of Mr. Pearsall, the House dispensed with further proceedings under the call of the House.

The Speaker declared the House to be at ease for fifteen minutes.

The Speaker called the House to order.

PERSONAL PRIVILEGE

Mr. Ryan:
"Mr. Speaker, I believe that when a man is elected to the Legislature the body should extend him the courtesy of presenting his amendments to a bill. We are not living in Germany or Italy or any other place like that, and I suggest that if the reading clerk be allowed to read the amendments the House can act upon them. That is a courtesy that every man elected to the Legislature should have.

"If it is a hard and fast rule not to permit any amendments to this bill, we have to take it whether we like it or not; but it is folly to continue on as we are doing. I have never attempted to disturb anybody when they are on the floor, but I can only repeat that it is folly to sit here and grapple and grapple and grapple and never do anything about it."

PERSONAL PRIVILEGE

Mr. Pettus:
"Mr. Speaker, I would like to add one thing to what my friend Mr. Ryan has said. This is what I want to say: I concur heartily with what he has said, and wish to add only this one word, this one sentence. If a bill is before the House and we can't amend it, then what is the use of having a Legislature down here costing $125,000 a year to sit and do nothing? Why don't we turn the whole thing over to the Governor and go home and stop spending the taxpayers' money in this foolish way?"

Mr. Pennock moved the adoption of the following amendment:

Amend section 2, page 11 line 43 strike the figure "$22,920,104.00" and substitute the figure "$32,920,104.00."

On motion of Mr. Cowen, the rules were suspended and the Chief Clerk was directed to immediately transmit Engrossed Senate Bill No. 30 to the Senate.

EXPLANATIONS OF VOTES

Mr. Pennock:

I voted against Senate Bill No. 30 because the appropriation for social security is at least 30 million short to adequately care for the old age pensions called for under No. 141, for the aid of mothers and children and for direct relief. Further I voted against this bill because of the refusal of the House to even consider amendments.

Miss Taylor:

I voted 'No' on Senate Bill No. 30 because no amendments were considered to the budget. In fact the major portion of the budget was not even read before the House. I feel that the social security budget, especially that for aid to dependent children, is inadequate.

The Speaker called the House to order at ten o'clock a.m.

The Clerk called the roll and all members were present except Representatives Bernethy, Dootson, Dore, Loney, Murphy, O'Gorman, Sandegren, Savage, Turner, Twidwell and Wiggen.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Mr. Pennock moved that the Committee on Rules and Order be relieved of further consideration of House Bill No. 616, and that the bill be placed on the calendar of bills on second reading.

QUESTION OF CONSIDERATION

Mr. Armstrong (H. C.):
"Mr. Speaker, on that I raise the question of consideration."

Mr. Pennock:
"Mr. Speaker, no question of consideration, as I understand it, can be raised when some action has already been taken. Such action has been taken and is already under way. This is Reed's Rule No. 112."

Mr. Armstrong (H. C.):
"Mr. Speaker, I might say that this House is capable of running itself. If we don't want to consider anything, we don't have to, if the question of consideration is decided negatively."

Mr. Rosellini:
"Mr. Speaker, I think the practice in the National Congress is that when a motion is made, the House permits discussion on the motion and after the discussion is closed, the question of consideration may be brought up. I think perhaps this is the way it should be handled."

RULING BY THE SPEAKER

The Speaker:
"The question of consideration has been established as a precedent in all proceedings. I refer you to Hind's Precedent, a copy of which is in the Speaker's office and also in the office of the Chief Clerk. Reed's Rule No. 110 states quite plainly, 'The assembly, upon hearing the proposition or question stated by the Chair, may conclude that it does not desire to consider it at all. In order to determine this point, any member has a right to raise the question of consideration."
"The question before the House is the motion by Mr. Pennock. The gentleman
from King has raised the question of consideration. Does the House wish to give
consideration?"

The House refused to consider.

Mr. Pennock moved that the Committee on Rules and Order be relieved
of further consideration of House Bill No. 283, and that the bill be placed on
the calendar of bills on second reading.

QUESTION OF CONSIDERATION

Mr. Woodall:
"Mr. Speaker, on that I raise the question of consideration."

The Speaker:
"The gentleman from Yakima has raised the question of consideration. Does the
House wish to give consideration?"

The House refused to consider.

Mr. Erdahl moved that the Committee on Rules and Order be relieved of
further consideration of Engrossed House Bill No. 200, and that the bill be
placed on the calendar of bills on second reading.

"Mr. Speaker, on that I raise the question of consideration."

"The gentleman from King has raised the question of consideration. Does the
House wish to give consideration?"

Strike section 2 and all following sections and insert in lieu thereof the following:

Sec. 2. There is hereby created a fund to be known as the state school building fund. Moneys accruing to this fund from any and all sources shall be used for the purpose of making grants in aid to school districts to assist them in providing the physical facilities essential to the education of children.

Sec. 3. The state board of education shall have power and it shall be its duty (a) to prescribe the rules and regulations under which grants in aid from the state school building fund shall be made to school districts, (b) to determine the amount of such grants in each and every case, and (c) to authorize the payment thereof by warrant of the state auditor at such intervals and in such manner as the board may deem advisable. In the exercise of said power and the performance of said duty the board shall give proper consideration to the urgency of need for school facilities in school districts that seek grants, to the ability of such districts to provide funds by means of comparable local effort, and to the development of improved administrative units and attendance areas in the interest of greater efficiency and economy in the operation of the common schools.

Sec. 4. All applications by school districts for grants in aid from the state school building fund shall be made to the state superintendent of public instruction. The state superintendent shall, in co-operation with such other appropriate public agencies in the state as the state superintendent and the state board of education may designate, and in consultation with local school district and county school authorities, conduct such studies and surveys as are necessary to enable the state board to make grants to school districts in accordance with the provisions of section 3 of this act. Reports of such studies and surveys as the state superintendent is herein required to make, together with recommendations to the state board respecting action thereon, shall be submitted by the state superintendent to the state board of education along with applications by school districts for grants in aid.

Sec. 5. In so far as permissible under acts of Congress making available federal funds for the assistance of school districts in providing physical facilities necessary for the education of children, such federal funds shall be allocated to school districts by the same procedures and to the same effect as is herein provided for grants in aid from the state school building fund.

Sec. 6. There is hereby appropriated from the state general fund three million dollars ($3,000,000) to be transferred to the state school building fund herein created. There is hereby appropriated from the state school building fund three million dollars ($3,000,000) to carry out the provisions of this act. One-half of said appropriation shall be available at the beginning of the first year and one-half at the beginning of the second year of the biennium: Provided, That the state board of education may authorize grants in excess of one-half of said appropriation during the first year of the biennium if in its judgment such action is necessary to meet emergency conditions.

Sec. 7. This act is necessary for the immediate preservation of the public peace, health, and safety, support of the state government and its existing public institutions and shall take effect immediately.

Mr. Kinnear (George):

"Mr. Speaker, do I understand that it will take a two-thirds vote to adopt this amendment, inasmuch as the subject matter of the amendment has already been refused consideration by the House?"

The Speaker:

"The House has decided by a majority vote to adopt the recommendation of the majority of the Committee on Appropriations and consider the majority substitute bill to House Bill No. 1. The amendment by Mr. Underwood was adopted to the substitute bill which is before you. Mr. Miller (Floyd C.) is now offering another amendment to the substitute bill."
Mr. Kinnear (George):

"Before we take up Mr. Miller's amendment, we should remember that the House refused to consider the minority substitute bill to House Bill No. 1, which was the minority report of the committee, and which contained the exact subject matter of this amendment."

The Speaker:

"The amendment by Mr. Miller (Floyd C.) is in order. He is attempting to amend only section 2 of the bill, and not the whole bill."

Mr. Montgomery:

"Mr. Speaker, if I remember correctly, before section 2 the substitute bills were identical. Mr. Miller's (Floyd C.) amendment will make the substitute bills exactly the same, and the House refused to consider the minority substitute bill."

The Speaker:

"When the House refuses to consider a bill, it may not be brought up again. However, this matter is in the form of an amendment which does not embody the whole bill. If two sections are identical in the two bills, that does not prohibit a member from offering one as an amendment."

Debate continued.

EXPLANATION OF VOTE

Mr. Murphy:
I am voting against the Supplemental Appropriation Bill for the reason that the total of the regular and supplemental appropriations for the Department of Social Security is insufficient to maintain an adequate program of old age assistance, general assistance, and aid to dependent children during the coming biennium. In passing this meager appropriation the House has failed to fulfill the desires of the majority of the people, as expressed and made mandatory through the passage of Initiative 141. By my vote on House Bill No. 561 I register my objection to the manner in which the 27th Legislature has disregarded the welfare of the aged and the wishes of the electorate.

"Sec. 4. Within thirty (30) days following the date this act shall take effect, the Governor shall appoint an interim committee, two members of which shall be selected as representatives of labor and two members as representatives of employers, and said appointees shall select a fifth member to serve on said committee.

It shall be the duty of the committee to conduct a survey of all the factors governing the structure of the compensation schedule contained in this act and to submit to the next legislature a detailed report of its survey, findings and study, together with its recommendations respecting a just and equitable compensation schedule.

The committee shall select a chairman from its membership, and shall meet upon the call of such chairman from time to time as may be necessary, and there shall be further sessions of the committee upon the request of not less than three members thereof.

The committee is hereby empowered to employ such necessary expert and clerical help as may be necessary to carry out its duties and shall have the right to call upon the Department of Labor and Industries for such evidence or reports as may be necessary for its deliberators."
The expenses of this committee and its investigations shall not exceed ten thousand dollars ($10,000), and there is hereby appropriated from the general fund the sum of ten thousand dollars ($10,000) to defray such expenses.

Each member of the committee shall receive as compensation, the sum of ten dollars ($10.00) per diem for time actually spent in conducting the work of the committee, and the committee and its employees shall be entitled to their actual travelling, lodging and subsistence expenses while absent from their usual places of residence in the service of such committee, the same to be paid upon their individual vouchers approved by the chairman of said committee and the salaries of all employees shall be paid upon vouchers approved by said chairman.

Amend the Title:
In line three of the title in the original bill, being line three of the printed bill, after the semi-colon, following the word “death” and before the word “and” insert the following “providing for the appointment of an Interim committee, defining its powers and duties, and making an appropriation therefor;”.

Chairman.

We concur in this report: Joseph E. Hurley, Dr. V. G. Backman, Harold Zent, Charles H. Todd.

The bill was read the second time by sections.

Mr. Rosellini moved that all minority House committee amendments be laid upon the table.

Mr. Todd:
“Mr. Speaker, point of order. These amendments are not House committee amendments.”

The Speaker:
“The point is well taken, Mr. Todd.”

Mr. Rosellini:
“Mr. Speaker, I rise to a point of order. Reed’s Rule 75 states a minority of a committee may present their views.”

RULING BY THE SPEAKER

The Speaker:
“The Speaker will rule on this question. It has been customary, and a precedent established here, that a minority of a committee may submit amendments to a bill. However, they are not a part of the bill, nor are they a part of the majority committee report. They are in the same status as they would be if offered from the floor. That is the status of these amendments attached to the minority committee report.”

Mr. Savage:
“Mr. Speaker, point of information. Then they do not merit the status of House committee amendments?”

The Speaker:
“They cannot be recognized as House amendments until the House has adopted them, and to be adopted the House must first consent to consider them. They can be considered only as minority committee amendments.”

Mr. Bernethy:
“Mr. Speaker, it is my interpretation that the amendments will have to be offered from the floor.”

The Speaker:
“They will have to be offered by someone interested in the amendments and presented from the floor.”

Mr. Tisdale:
“Mr. Speaker, will they have to be adopted section by section?”
FIFTY-EIGHTH DAY, MARCH 11, 1941

The Speaker:

"That is the procedure, unless the House by a two-thirds majority suspends the rules and considers them in a group."

RULING BY THE SPEAKER

The Speaker:

"Mr. Rosellini, your motion that all minority House amendments be laid upon the table is out of order at this time as the amendments are not before the House."

Mr. Todd moved that the first minority committee amendment to section 1, reading as follows, be adopted:

In section 1, subsection (a) (1), page 1, line 28 of the original bill, being page 1, line 18 of the printed bill, strike the words and figures "fifty dollars ($50.00)" and insert in lieu thereof "forty-two dollars and fifty cents ($42.50)".

Debate ensued.

Mr. Rosellini moved that the amendment be laid upon the table.

A roll call was demanded, and the demand was sustained.

The Clerk called the roll, and the motion by Mr. Rosellini that the first minority committee amendment to section 1 be laid upon the table was carried by the following vote: Yeas, 57; nays, 40; absent or not voting, 2.

Those voting yea were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Beierlein, Bernethy, Bienz, Boede, Cowen, Devenish, Doherty, Dootson, Dore, Erdahl, Ford (U. S., M.D.), Gallagher, Hall, Hansen (Julia Butler), Hanson (Alfred J.), Henry, Henson (Harry F.), Johnston (Geo. H.), Kehoe, Martin, McCutcheon, McDonald, McPherson, Miller (Floyd C.), Murphy, Needham, O'Brien, O'Gorman, Pearsall, Pennock, Pettus, Phillips, Pitt, Rosellini, Ryan, Sandegren, Savage, Schumann, Sexton, Smith (Jurie B.), Sweeney, Taylor, Thomas, Tisdale, Trombley, Twidwell, Underwood, Van Buskirk, Vane, Warnica, Watkins, Wenberg, Wiggen, Woodall, Mr. Speaker —57.

Those absent or not voting were: Representatives Chervenka, Montgomery—2.

Mr. Martin moved that all minority committee amendments to Senate Bill No. 172 be placed before the House and that the minority committee amendments be considered at one time.

QUESTION OF CONSIDERATION

Mr. Armstrong (H. C.):

"Mr. Speaker, I raise the question of consideration on Mr. Martin's motion that all the amendments attached to the minority committee report to Senate Bill No. 172 be considered, but that the House do consider the amendments correcting misspelled words and section and sub-section numbers and letters."

Mr. Todd:

"Mr. Speaker, on the question of consideration, under Reed's Rule 110, the latter part on page 80, it states the question of consideration applies only to the main question, and not to amendatory matter."
The Speaker:

"The Speaker ruled day before yesterday that the main question of consideration when raised applies to the matter before the House which at this time is Mr. Martin's motion to consider all the minority amendments. This ruling was based on Hind's Precedent dealing with an interpretation of the question of consideration. The main question before the House now is not the bill; it is the motion by Mr. Martin that all the minority amendments be placed before the House at this time."

By voice vote the House refused to consider the minority committee amendments as moved in Mr. Martin's motion, except the corrective amendments.

Mr. Todd moved the adoption of the following minority committee amendment:

In section 1, page 3, line 13 of the original bill, being page 2, line 34 of the printed bill, strike the figure "(5)" and insert in lieu thereof the letter "(b)".

Debate ensued.

Mr. Rosellini moved that the amendment be laid on the table.

The motion was lost.

The amendment was adopted.

On motion of Mr. Todd, the following minority committee amendment was adopted:

In section 1, page 6, line 27 of the original bill, being page 4, line 35 of the printed bill, strike the word and figure "four (4)" and insert in lieu thereof "three (3)".

Mr. Todd moved the adoption of the minority committee amendment adding a new section to be known as section 4, which reads as follows:

Amend the bill by adding thereto a new section to be known as section 4, to read as follows:

"Sec. 4. Within thirty (30) days following the date this act shall take effect, the Governor shall appoint an interim committee, two members of which shall be selected as representatives of labor and two members as representatives of employers, and said appointees shall select a fifth member to serve on said committee.

It shall be the duty of the committee to conduct a survey of all the factors governing the structure of the compensation schedule contained in this act and to submit to the next legislature a detailed report of its survey, findings and study, together with its recommendations respecting a just and equitable compensation schedule.

The committee shall select a chairman from its membership, and shall meet upon the call of such chairman from time to time as may be necessary, and there shall be further sessions of the committee upon the request of not less than three members thereof.

The committee is hereby empowered to employ such necessary expert and clerical help as may be necessary to carry out its duties and shall have the right to call upon the Department of Labor and Industries for such evidence or reports as may be necessary for its deliberators.

The expenses of this committee and its investigations shall not exceed ten thousand dollars ($10,000), and there is hereby appropriated from the general fund the sum of ten thousand dollars ($10,000) to defray such expenses.

Each member of the committee shall receive as compensation, the sum of ten dollars ($10.00) per diem for time actually spent in conducting the work of the committee, and the committee and its employees shall be entitled to their actual traveling, lodging and subsistence expenses while absent from their usual places of residence in the service of such committee, the same to be paid upon their individual vouchers approved by the chairman of said committee and the salaries of all employees shall be paid upon vouchers approved by said chairman."
QUESTION OF CONSIDERATION

Mr. Armstrong (H. C.):
"Mr. Speaker, on that I raise the question of consideration."

The Speaker:
"The gentleman from King has raised the question of consideration. Does the House wish to give consideration?"

A roll call was demanded, and the demand was sustained.

The Speaker:
"The question before the House is the question of consideration raised by Mr. Armstrong on the amendment by Mr. Todd. A vote 'Aye' will consider the amendment, and by a vote 'Nay' you will refuse to consider it."

The Clerk called the roll, and the House refused to consider the amendment by the following vote: Yeas, 43; nays, 54; absent or not voting, 2.

Those voting yea were: Representatives Backman, Bienz, Broome, Callow, Carty, Clark, Custer, Doherty, Eaton, Eddy, Ford (Robert M.), Foster, French, Graham, Henry, Isenhart, Johnson (Walter A.), Jones (D. W.), Jones (John R.), Judd, Kinnear (George), Kinnear (Roy J.), Lauman, Leber, Lee, Lennart, Loney, Lyman, McDonald, Miller (Fred), Riley (Edward F.), Ruark, Shadbolt, Sisson, Smith (Vernon A.), Sweezy, Taft, Todd, Trunkey, Turner, Woodall, Zent, Mr. Speaker—43.

Those voting nay were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Beierlein, Bernethy, Boede, Cowen, Devenish, Dootson, Dore, Erdahl, Ford (U. S., M.D.), Gallagher, Gates, Hall, Hanks, Hansen (Julia Butler), Hanson (Alfred J.), Henson (Harry F.), Hurley, Johnston (Geo. H.), Kehoe, Martin, McCutcheon, McPherson, Miller (Floyd C.), Murphy, Needham, O'Brien, O'Gorman, Pearsall, Pennock, Pettus, Phillips, Pitt, Reno, Rosellini, Ryan, Sandegren, Savage, Schumann, Sexton, Smith (Jurie B.), Taylor, Thomas, Tisdale, Trombley, Twidwell, Underwood, Van Buskirk, Vane, Warnica, Watkins, Wenberg, Wigen—54.

Those absent or not voting were: Representatives Chervenka, Montgomery—2.

On motion of Mr. Turner, the following amendment to section 1 was adopted:

In section 1, page 8, line 21 of the original bill, being page 5, line 38 of the printed bill, after the word "shoulder" strike the word "than" and insert in lieu thereof the word "that".

On motion of Mr. Todd, the following minority committee amendment was adopted:

In section 1, page 6, line 11 of the original bill, being page 4, line 22 of the printed bill, strike the letter "(c)" and insert in lieu thereof the letter "(e)".

Mr. Doherty moved the adoption of the following amendment to section 1:
Amend section 1, page 1, strike words and figures "fifteen dollars ($15.00)" and insert "thirteen dollars and seventy-five cents ($13.75)".

POINT OF ORDER

Mr. Armstrong (H. C.):
"Mr. Speaker, point of order. My question of consideration covered this matter. The question involved here is an amendment similar to what the House has already refused to consider."
Mr. Turner:

"Mr. Speaker, Mr. Todd moved the adoption of only the first minority committee amendment, and that amendment was tabled on a roll call vote. Then Mr. Martin's motion to consider all the minority committee amendments as House committee amendments was voted down. No motion has been made to adopt all the minority committee amendments, and therefore, I think this amendment is in order."

The Speaker:

"The Speaker will reserve his ruling on the point of order raised by Mr. Armstrong (H. C.) until later."

Mr. Martin:

"Mr. Speaker, my motion did not have to do with the adoption of any individual amendments. It was only that we treat the minority committee amendments as House committee amendments."

Mr. Bernethy moved that the amendment by Mr. Doherty be laid upon the table.

Division was called for, and the motion to lay on the table the amendment was carried on a rising vote.

Mr. Pearsall:

"Mr. Speaker, having voted on the prevailing side, I now move that the House reconsider the vote by which the House refused to consider the minority committee amendment to page 8 of the printed bill, adding a new section to be known as section 4."

Mr. Rosellini:

"Mr. Speaker, we voted that amendment down on a question of consideration. We refused to consider that amendment."

Mr. Turner:

"Mr. Speaker, isn't there any way in which the House, having once voted not to consider a given matter, can subsequently consider it? When it votes not to consider, is it barred for all time from considering the matter?"

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule that after the House has refused to give consideration to any particular matter, specifically this amendment, it cannot be brought up again because the House refused to consider. In this question there is nothing to reconsider because the House has never considered the question. Therefore the motion by Mr. Pearsall is ruled out of order."

Mr. Turner:

"Mr. Speaker, that does not fully answer my question. Is there any other way in which the House can consider the matter?"

The Speaker:

"Not in that identical form."

Mr. Turner:

"As I understand it, when the question of consideration has been raised, and the House refuses to consider the question, there is nothing to prevent offering the same amendment again."

The Speaker:

"If that could be done, it would just add confusion to our proceedings. There would be no point in raising a question of consideration if the same matter could be brought up again and again. After the House has refused to consider a certain matter, it must abide by that decision; otherwise we would have to continually consider matters which the House has refused to consider.

"The Speaker has ruled that the motion by Mr. Pearsall is out of order."
Mr. Turner moved the adoption of the following amendment:

Amend the bill by adding thereto a new section to be known as section 4, to read as follows:

"Sec. 4. Within thirty (30) days following the date this act shall take effect, the Governor shall appoint an interim committee, two members of which shall be selected as representatives of labor and two members as representatives of employers, and said appointees shall select a fifth member to serve on said committee.

It shall be the duty of the committee to conduct a survey of all the factors governing the structure of the compensation schedule contained in this act and to submit to the next legislature a detailed report of its survey, findings and study, together with its recommendations respecting a just and equitable compensation schedule.

The committee shall select a chairman from its membership, and shall meet upon the call of such chairman from time to time as may be necessary, and there shall be further sessions of the committee upon the request of not less than three members thereof.

The committee is hereby empowered to employ such necessary expert and clerical help as may be necessary to carry out its duties and shall have the right to call upon the Department of Labor and Industries for such evidence or reports as may be necessary for its deliberators.

The expenses of this committee and its investigations shall not exceed twelve thousand dollars ($12,000), and there is hereby appropriated from the general fund the sum of twelve thousand dollars ($12,000) to defray such expenses.

QUESTION OF CONSIDERATION

Mr. O'Brien:
"Mr. Speaker, on that I raise the question of consideration."

Mr. Todd:
"Mr. Speaker, point of order. Reed's Rule 110 states 'The assembly, upon hearing the proposition or question stated by the chair, may conclude that it does not desire to consider it at all.' The proposition has not been stated because the amendment has not been read."

The Speaker:
"For your benefit, just the other day, Mr. Todd, I ruled that when an amendment is presented to the desk then it is in order to raise the question of consideration before the proposition has been read."

Mr. Todd:
"Mr. Speaker, the proposition has not been stated until the amendment has been read."

The Speaker:
"The proposition was stated when the reading clerk read 'Amendment by Mr. Turner.' The contents do not have to be read."

Mr. Turner:
"Mr. Speaker, due to the fact that this point in the question of consideration was not brought to the Speaker's attention the other day when he made his ruling, I believe careful consideration should be given to it, and that the Speaker should change his ruling if he finds it advisable."
RULING BY THE SPEAKER

The Speaker:

"Mr. Turner, Mr. Todd did not raise this point in the question of consideration on another day, but Mr. Pennock did, and the Speaker deliberated very carefully in his interpretation of Reed's Rule 110 before he made the ruling. I ruled at that time as fairly and justly as I could in accordance with my interpretation of the rule that when a proposition has been submitted to the clerk and he announces 'Amendment by Mr. So and So', the proposition has been given to the House, and the question of consideration is in order without reading the amendment.

"I so rule now that the question of consideration raised by Mr. O'Brien on the amendment by Mr. Turner is in order."

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question before the House is the question of consideration raised by Mr. O'Brien on the amendment by Mr. Turner adding a new section to be known as section 4."

Mr. Cowen:

"Mr. Speaker, how do we know we want to consider it? We don't know what is in the amendment."

The Speaker:

"The Speaker can only rule, Mr. Cowen, that if you want to hear the amendment read, you can vote 'Aye'."

Mr. Todd:

"Mr. Speaker, did I understand you to state that a vote 'No' will be a vote to allow us to hear the amendment read?"

The Speaker:

"A vote 'Aye' is a vote to consider the amendment. By your vote 'No' you will refuse to consider the amendment."

The Clerk called the roll, and the House decided to consider the amendment by Mr. Turner, by the following vote: Yeas, 52; nays, 45; absent or not voting, 2.

Those voting yea were: Representatives Backman, Bienz, Broome, Callow, Carty, Clark, Cowen, Custer, Devenish, Doherty, Eaton, Eddy, Ford (Robert M.), Foster, French, Gallagher, Graham, Hanks, Hurley, Isenhart, Johnson (Walter A.), Jones (D. of the amendment by Mr. Turner, adding a new section to be known as sec­tion 4, which was read in full.

**POINT OF ORDER**

Mr. Rosellini:

"Mr. Speaker, point of order. The amendment as offered by Mr. Turner only changes the figures, and the whole intent of the amendment has been voted down once. I submit that this amendment is out of order."

The Speaker:

"The figures are changed in it, which changes the amendment. The amendment is in order."

Debate continued.

On motion of Mr. Cowen, the previous question was ordered.

A roll call was demanded, and the demand was sustained.

The Clerk called the roll, and the amendment by Mr. Turner was lost by the following vote: Yeas, 43; nays, 54; absent or not voting, 2.

Engrossed House Joint Resolution No. 4, as amended by the Senate, having received the constitutional two-thirds majority, was declared passed.

EXPLANATION OF VOTE

Mr. Murphy:

I moved to concur in the Senate amendments to House Joint Resolution No. 4 in deference to the wishes of the State Grange and other supporters of the income tax referendum. I wish to make perfectly clear the fact that I am not in agreement with those amendments. By striking from House Joint Resolution No. 4 all reference to revision of the constitutional provisions governing property taxation, the Senate has denied the people the right to vote on a thorough-going program of tax reform. The people of the State of Washington have thus been denied an opportunity to reorganize an unjust tax system. This injustice is particularly glaring in view of the recent enactment of a three percent sales tax, which will take an additional twenty million dollars from the purchasers of articles of consumption during the next biennium.

In spite of the fact that the Senate amendments are an unjustifiable concession to a privileged minority of taxpayers, the bill as amended does give the people the right to vote on at least the bare essential of an income tax. Since it proved impossible to obtain more far-reaching reorganization, I supported House Joint Resolution No. 4 as amended by the Senate.

**PROPOSITIONS, MOTIONS AND RESOLUTIONS**

Resolution by Mr. Sisson:

WHEREAS, Representative John R. Jones of Legislative District No. 1 will have faithfully and ably served twenty years continuously as a member of the House of Representatives at the expiration of his present term; and

WHEREAS, No other person has served for so long a time as a member of said body in the history of the State of Washington;

Now Therefore, Be It Resolved, That the House of Representatives of the State of Washington in 27th Session assembled, do hereby commend this meritorious service and on behalf of the State of Washington extend the appreciation of the citizens of this State for his sacrificial service, realizing that the State of Washington is a better place to live because of the tireless, devoted work of one affectionately called "Jack Rabbit" Jones.

On motion of Mr. Sisson, the resolution was adopted.

On motion of Mr. Hall, the resolution was ordered spread upon the journal.

**PERSONAL PRIVILEGE**

Mr. Jones (John R.):

Mr. Speaker and Beloved Members:

The resolution just read has come out of a clear sky and has taken me off my feet as I hardly know how to respond to the expressions of appreciation embodied in this resolution.

My good friend, Grant C. Sisson, who served with me during my first session, and who has introduced this resolution, has always been a very intimate friend of mine and I only wish that I could in some way repay him the honor which he has bestowed upon me by giving me this recognition.

It has indeed been a pleasure and a privilege to serve in this legislature for twenty years; and to gain the acquaintance and fellowship of the fine people who have come to the legislature, as well as meeting the leading citizens of our state who take an active interest in government.

The opportunity to come back here year after year has been possible only through the good people of the First District who have seen fit to remain loyal through the years. The joy I have had in working with the various members and in getting to know them through the many associations is something that cannot be measured in dollars and cents and is worth far more than the financial sacrifice that it entails.

Members of the Legislature, as well as all other citizens of the state, should make it a point to visit the city of Waterville, at least once a year, and it would add greatly
to my pleasure to have you drop in and see me when you come that way. The latch string will always be out to each and every one of you.

Sincerely,

JOHN R. (JACK RABBIT) JONES.

PRESENTATION OF GIFT

Mr. O'Brien:

"It is my pleasure at this time to extend to Dr. Cowen, on behalf of the pages of the House, a small token of their appreciation of the splendid gifts he gave them this morning.

"They are very appreciative of his kindness to them, and wish me to thank him for them."

Mr. Cowen:

"I want to take this opportunity to tell the pages that I have never seen a finer lot of pages. They are more active, more competent and cooperative than any group of boys I have ever known at a session. We should all be appreciative of the services they have given us."

PERSONAL PRIVILEGE

Mr. Isenhart:

“Mr. Speaker, I rise to protest against the way these amendments have been
adopted to this bill. We have had no chance to discuss them and act on them sep­

believe this should be done.”

“Mr. Speaker, I also want to object to these amendments being bunched up and
adopted all at once. Mr. Smith should have had a chance to submit his amendments
and explain them, and I want to concur in the remarks of Mr. Isenhart. Some people
here should have had a chance to have these amendments explained, or to submit
other amendments.”

**EXPLANATIONS OF VOTES**

Mr. Riley (Edward F.):

From the start I realized that new and higher benefits should be paid. I talked with representatives of various industries and they all were agreeable to the payment of increased benefits, but thought that the schedule in the printed bill was too high. These increases, in my opinion, were too high to be placed in effect at one time. I truly felt that the schedules shown in the minority committee report were fair to both sides. The sponsor of the bill advised me that a compromise had been agreed to between industry and labor that the schedules in the printed bill were to have been reduced before final passage of the bill.

Furthermore, I sincerely believed in the amendment which would have created the interim committee. Because there had been many criticisms of the department, I felt that this committee was necessary in order to go into the complete rate structure. It was my feeling that a survey by such a committee as outlined in the interim amendment would have represented all schools of thought and could have brought to the next session of the legislature factual information which would permit the next session of the legislature to act intelligently on matters concerning schedules and benefit payments.

While I agree in principle with the spirit of Senate Bill No. 172, I felt that I could not vote for it in its present form.

Mr. Leber:

When this bill came up on second reading I voted against all amendments, except the one re appointment of an interim investigating committee. As I understand it, several amendments were adopted, and I therefore voted against the bill, as I wished to vote against an amended bill. The vote came on rapidly at about 11:30 p.m. on Wednesday evening. I would have voted for the bill had I been sure the proponents would have accepted all the amendments, which I understand were adopted.

Dr. Backman:

I wish to record the following reasons for my vote on Senate Bill No. 172.

1. Neither side (industry or labor) presented sufficient or satisfactory statistical data in support of their contentions.
2. Industry was willing to accept an increase in the compensation factors of approximately 25%, advancing the base compensation from $35.00 to $42.50.
3. Labor demanded an increase of approximately 50% or an advance from $35.00 to $50.00 and refused to compromise, or even permit an amendment to the act which would have provided for an economic survey of the factors governing the compensation structure of the act.
4. Inasmuch as compensation fixed at too high a level would be disastrous both to labor and industry and difficult to correct, while a lower level can be more easily adjusted, it seemed more equitable to vote against the bill, though I believe there should be some increase in the level of compensation.

PRESENTATION OF PETITIONS, MEMORIALS AND REMONSTRANCES ADDRESSED TO THE LEGISLATURE

PETITION

WHEREAS, Senate Bill No. 233, being an act relating to the crime of murder and providing that the death penalty therefor shall not be inflicted on persons under the age of twenty-one (21) years, was passed by the Senate of the State of Washington on March 7, 1941; and

WHEREAS, the Rules Committee of the House of Representatives has failed to place Senate Bill No. 233 upon the House calendar so that the same may be considered by the members of the House of Representatives; and

WHEREAS, we, the undersigned members of the House of Representatives, believe said Senate Bill No. 233 to be a meritorious measure and one that should be enacted into law in this state;

We, the undersigned, have subscribed our names to this petition for the purpose of declaring ourselves in favor of the enactment of Senate Bill No. 233, or a similar measure prohibiting the inflicting of capital punishment on persons under the age of twenty-one (21) years, and do hereby respectfully request that this petition be read into the records of the proceedings of the Twenty-Seventh Regular Session of the Legislature of the State of Washington.
Mr. Sexton moved that the contest of election which was presented to the House on January 13, and which was signed by the Democratic State Central Committee, be read.

The Speaker:
"He may have his remarks spread upon the journal."

"Mr. Speaker, how long will I have to prepare these remarks for the journal?"

Section 2. It shall be unlawful for any person, engaged in the production, manufacture, distribution or sale of any article or product of general use or consumption, with the intent to destroy the competition of any regular established dealer in such article or product, or to prevent the competition of any person, who in good faith, intends and attempts to become such dealer, to discriminate between different sections of the same community, city, town or village in this state, by selling or furnishing such article or product at a lower price in one such section than in another: Provided, That nothing herein contained shall prevent differentials which make allowances for differences, if any, in the grade, quality or quantity when based and justified in the cost of manufacture, sale or delivery, or the actual cost of transportation from the point of production if a raw product or commodity, or from the point of manufacture if a manufactured product or commodity, or from the point of shipment to the point of destination: Provided further, That nothing herein contained shall prevent a selection of customers or a functional classification by any person of any customer as broker, jobber, wholesaler or retailer or a differential in price for any article or product as between any customer in different functional classifications. * * * * Neither shall anything in this act be deemed to apply to any service, article or product for which rates are established under the jurisdiction of the Department of Public Service of the State of Washington and which are sold or furnished by any public utility corporation, or installation and repair services rendered in connection with any services, article or products; or to any service, article or product sold or furnished by a publicly owned public utility and upon which the rates would have been established under the jurisdiction of the Department of Public Service of the State of Washington if such service, article or product had been sold or furnished by a public utility corporation, or installation and repair services rendered in connection with any such service, articles or products. The inhibition (inhibition) of this act against locality discrimination shall embrace any scheme of special rebates, collateral contracts
or any device of any nature whereby such discrimination is, in substance or fact, effected in violation of the spirit and intent of this section: Provided, however, That nothing in this section shall be construed to prohibit the meeting in good faith of a legal competitive price.

Sec. 3. Section 4 of Chapter 221, Laws of 1939 (section 5854-24, Remington's Revised Statutes) is amended to read as follows:

Section 4. If it shall appear to the court upon any application for a temporary restraining order, or upon the hearing of any order to show cause why a preliminary injunction should not be issued, or upon the hearing of any motion for a preliminary injunction, or if the court shall find in any such action, that any defendant therein is violating, or has violated, any provision of this act, then the court shall enjoin such defendant from doing all acts which are prohibited by the section, or sections, of which any provisions thereof is being violated, or has been violated, by such defendant; and, in addition thereto, the court may, in its discretion, include in any such injunction such other restraint as it may deem expedient in order to deter such defendant from, and insure against, his committing a future violation of any such section, or sections, hereof. In any such action, it shall not be necessary to allege nor prove actual damages or the threat thereof, or actual injury or the threat thereof, to the plaintiff. In addition to injunctive relief, any plaintiff in any such action shall be entitled to recover the amount of the actual damages, if any, sustained by such plaintiff, as well as the actual damages, if any, sustained by any person who has assigned his claim for damages to such plaintiff, which said damages are the result of any violation or violations of any provision, or provisions, of this act. Any party to, or any witness in, any action brought under any provision of this section may be required to testify and give his deposition in the manner prescribed by law; and, in addition, the books and records of any such party, or of any such witness, may be subpoenaed into court and introduced into evidence, or introduced, by reference, into evidence, and may be required to be produced at the taking of any such deposition and there inquired into, inspected by the party taking the deposition and his counsel, and the same or copies thereof may be then made a part of any such deposition. Any party to any action brought under any provision of this section may, upon notice, apply to the court in which said action is pending or to any judge thereof, for an order requiring any other party to give to the applicant, within a specified time, an inspection and copy, or permission to take a copy, of entries of accounts in any book, or of any documents, papers, or memoranda in such party's possession or under his control containing evidence relating to the merits of such action or any defense therein; and if a compliance with said order is refused, the court shall exclude the entries of accounts in any such book, or any such document, paper or memorandum from being given in evidence by such other party, or if wanted as evidence by the applicant the court shall presume them to be such
as the applicant alleges them to be. If, at any time while any such action is pending, it shall appear to the court that an extensive examination of books, papers, records, or documents is or may become material or relevant to the issues in any such action, the court may, in its discretion, upon the application of any party to said action, or upon its own motion, order a reference to be had in the manner and form provided by law. No person shall be excused from attending and testifying or from producing books, records, correspondence, documents, or other evidence in obedience to a subpoena either to court or for a deposition on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self incrimination, to testify or produce evidence, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. Commencement, pendency or conclusion of a civil action for injunction and/or damages shall not affect criminal liability.

JAMES M. TAYLOR, JR., Secretary.

POINT OF ORDER

Mr. Pitt:

"Mr. Speaker, point of order. This amendment is not germane to the subject of the bill, and is not a proper amendment to be considered under our rules. I would like to know exactly what we are talking about. In the first place, this can't be a Senate bill or it could not come over to us on the sixtieth day."

The Speaker:

"This could only be what it purports to be—an amendment to a bill in this House. That bill related to surety bonds, and this amendment relates to services and sales. Our House Rule 65 provides that an amendment must relate to the same subject as the original bill."

Mr. Rosellini:

"Mr. Speaker, I do not believe we have a right to question any action of the Senate."

"In questioning the Senate amendment at this time, questioning the action of the Senate is not in order. I am not questioning the action of the Senate."

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule right now, and we have spent considerable time in finding a
basis for the ruling, that we have no jurisdiction over the actions of the Senate until
the motion is made to adopt this amendment."

Mr. Rosellini moved that the House concur in the Senate amendment to
House Bill No. 74.

**RULING BY THE SPEAKER**

The Speaker:

"The Speaker will now rule the motion out of order because of the fact that by
the motion you have placed before the House a matter to be adopted by the House
which is not germane to the bill of the House."

Mr. Rosellini:

"Mr. Speaker, I believe that the amendment is in order for this reason: House Bill
No. 74 deals with bonds; the fair trade practice act deals with bonds. House Bill No.
74 places the enforcement of that particular bill under the Attorney General; the un-
fair practice act does the same thing. It is an act to regulate business, which is the
same intent and scope of House Bill No. 74, and I submit that the amendment is ger-
mane to the bill."

**RULING BY THE SPEAKER**

The Speaker:

"The gentleman has raised the point of order on the question of the amendment
being germane. So that the House will understand clearly the position of the Speaker,
I wish the indulgence of the House for a few minutes on how I base my decision.
First, turn to page 45 of your Manuals, Article 2, subsections 37 and 38: 'No act shall
ever be revised or amended by mere reference to its title, but the act revised or the
section amended shall be set forth at full length. No amendment to any bill shall be
allowed which shall change the scope and object of the bill.'

"House Rule 26 reads as follows: 'No motion or proposition on a subject different
from that under consideration shall be admitted under color of amendment; and no
bill or resolution shall at any time be amended by annexing thereto or incorporating
therein any other bill or resolution pending before the House.'

"House Rule 65 reads as follows: 'A substitute or amendment must relate to the
same subject as the original bill, resolution or constitutional amendment under con-
sideration.'

"From Hinds' Precedents, and there are forty-one pages given to germane ques-
tions, the Speaker will read, if the House so desires, to substantiate my ruling. In
Hinds' Precedents of the House of Representatives, Volume V, Section 5869, dealing
with immigration 'An amendment limiting immigration generally was held not to be
germane to a proposition to prevent immigration of Chinese.' And 'A proposition to
prohibit the employment of Chinese on American vessels was held not to be germane
to a bill to prevent their coming into the United States.' You can see what very fine
lines are drawn on all points of parliamentary procedure. Here is another: 'To a
proposition to give an extra month's pay to the officers and employees of the House,
an amendment to include clerks of Members was held not to be germane.'"

Mr. Rosellini:

"Mr. Speaker, I only agree with one part of your decision, and that is that very
fine lines are drawn. I submit that the rules allow an amendment within the object
and scope of the bill. As I stated before, I believe it is one person's opinion, the
Speaker's, that House Bill No. 74 and the amendment are not similar in scope and
object. It is for the purpose of regulating certain business, to see that fair practices
are held in that business. The object of the amendment is similar. It deals with
bonds, and that the Attorney General will enforce it. Both the object and the scope
are similar."

The Speaker:

"Members of the House, the Speaker wishes to be fair in the matter. As I stated
before, I spent two hours delving into Hinds' Precedents because of my knowledge that
the matter was coming up. I have ruled as I have because of our own constitution,
because of our own rules, and because of the precedent established in the Congress of
the United States, which are identical with Reed's Rules, and I can't at this time rule any other way."

Mr. Rosellini:
"Mr. Speaker, I wish to appeal from the decision of the Chair."

**SPEAKER'S PRIVILEGE**

The Speaker:
"Members of the House, I want it understood right now that I do not at this time, in any manner, shape or form, feel that Mr. Rosellini's appeal from the decision of the Chair is an affront to my judgment. If the members of the House interpret the rules differently, I will be happy to stand corrected. I can't rule any other way on this matter because of our own rules and the precedent established in the Congress of the United States. I could not do so if I wanted to."

Mr. Rosellini demanded a roll call, and the demand was sustained.

The Speaker:
"The question before the House is 'Shall the decision of the Chair be the judgment of the House?' A vote 'Aye' will be a vote to sustain the Chair; a vote 'No' will be a vote to overrule the Chair."

The Clerk called the roll, and the appeal from the decision of the Chair by Mr. Rosellini was lost by the following vote: Yeas, 74; nays, 22; absent or not voting, 3.

Those voting yea were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Backman, Bernethy, Boede, Broome, Carty, Clark, Cowen, Custer, Devenish, Doherty, Dore, Eaton, Eddy, Ford (Robert M.), Ford (U. MOTION

Mr. Bienz moved that the House do at this time reconsider the vote by which Senate Bill No. 286 failed to receive the constitutional majority, without the House amendments to section 2.

POINT OF PARLIAMENTARY INQUIRY

Mr. Woodall: 
"Mr. Speaker, point of parliamentary inquiry. If the motion to reconsider the bill carries, can we then move to reconsider the vote by which the House moved to recede from certain amendments to section 2 of the bill?"

The Speaker:
"The House moved to recede from the amendments, and the motion was carried. Therefore, the question before the House now is the motion by Mr. Bienz that we reconsider the vote by which Senate Bill No. 286 failed to receive the constitutional majority without certain House amendments."

Mr. Sandegren: 
"Mr. Speaker, just what is the status of this particular bill right now?"

The Speaker:
"The bill failed to receive the constitutional majority. It is now moved that we reconsider that vote."

Mr. Sandegren: 
"Mr. Speaker, are we considering the amendments?"

The Speaker:
"No, we are not. The only matter that is before the House now is the motion to reconsider the vote by which Senate Bill No. 286 failed to receive the constitutional majority."

Mr. Bienz: 
"Mr. Speaker, point of information. If we do reconsider this bill, would it be possible to move to recede from the last two House amendments to the bill?"

The Speaker:
"No, that matter has been disposed of. We adopted what the Senate adopted, and receded from the last two amendments."

Mr. Bienz: 
"Mr. Speaker, if the motion to reconsider prevails, would it be possible to return the bill to second reading for the purpose of amendment?"

The Speaker: 
"No. Under the provisions of Senate Concurrent Resolution No. 3, the only
Mr. Bienz asked permission of the House to withdraw his motion that the House reconsider the vote by which Senate Bill No. 286 failed to receive the constitutional majority.

Mr. Zent:

"Mr. Speaker, point of information. Can you answer as to the origin of this bill? As I understand it, this is a good bill. If we can put it into free conference, it might be amended so that it will pass."

Mr. Hurley:

"Mr. Speaker, point of order. What is before the House?"

The Speaker:

"Nothing except the motion by Mr. Bienz that the House reconsider the vote by which Senate Bill No. 286 failed to receive the constitutional majority. Mr. Bienz has asked permission of the House to withdraw the motion."

With the consent of the House, the motion by Mr. Bienz was withdrawn.

PERSONAL PRIVILEGE

Mr. Cowen:

"Mr. Speaker, Ladies and Gentlemen: In a few hours from now we will all be departing from this building, some of us never to meet again. I think it is fitting at this time that the members of the House rise and show the deep appreciation we have for the unceasing hard work that S. R. Holcomb, the Chief Clerk of our House, has shown us during the past sixty days."

The members of the House arose and applauded.

The Speaker called upon Mr. Holcomb for remarks.

Mr. Holcomb:

"Members of the House, the usual precedent that one not a member may not make a speech in the House is being broken right now. I appreciate this honor and want to thank you for it.

"I also want to thank you for the cooperation I have received from each and every one of you to help make the work run smoother and easier. No one could do the job without your helpfulness.

"In closing I wish to leave just one message with you. The friendships that are made during a session, even between members who are on opposite sides of different questions, form a sort of fraternity, which as the years roll by are more binding than other lodge or fraternal ties. You will realize this as the time goes on when you visit with or see the friends you have made here this session.

"I thank you."

MOTION

Mr. Todd moved that the House members appointed to the Conference Committee on Senate amendments to Engrossed House Bill No. 423 be discharged, and that a new committee be appointed.

Debate ensued.

On motion of Mr. Hurley, the previous question was ordered.

The motion was carried.

The Speaker appointed Representatives Lauman, Vane and Gates as new House members on the Conference Committee on Senate amendments to Engrossed House Bill No. 423.

PARLIAMENTARY INQUIRY

Mr. Pennock:

"Mr. Speaker, will you rule on whether or not, when the report of a Conference Committee comes in, the House will have the opportunity to reconsider amendments adopted and attached to the bill?"

The Speaker:

"As to that, the House does not have jurisdiction over the matter."

Mr. Pennock:

"Mr. Speaker, will the House ever again have jurisdiction over the matter?"

The Speaker:

"After a Conference Committee submits the report, we must either accept or reject it without change."
Mr. Pennock:

"Mr. Speaker, at that time can an appeal be had on the ruling on the germaneness of an amendment?"

The Speaker:

"So there will be a clear understanding of that point, when the bill is referred to a Conference Committee, it is taken out of the hands of the House. Whatever that Committee wishes to do, we have to accept or reject. If the Committee cannot agree, we can give them the powers of free conference and if granted, they can do as they please. But about what their report will be, we have nothing to say at all."

Mr. Pitt:

"Mr. Speaker, isn't the action of taking the subject matter of one bill and putting it on another bill against the rules of the House?"

The Speaker:

"I have ruled several times that whenever a bill is up for amendment and a member tries to take the subject matter of another bill and tack it on to the bill before the House, such an amendment is not germane and the amendment or substitution is out of order. That is the way I have ruled. However, at this time all this discussion started with Mr. Pennock's parliamentary inquiry. The questions raised in regard to conference reports have been problematical. As there is nothing before the House, the Speaker will not rule on any question until a report of a Conference Committee is submitted."

which Senate Bill No. 286 failed to receive the constitutional majority, without
the House amendments to section 2.

Debate ensued.

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule that if the motion to reconsider the vote by which Senate
Bill No. 286 failed to receive the constitutional majority, without the House amend-
ments to section 2, prevails, it will then be in order to move that the House do not
recede from its amendments to section 2, and ask the Senate for a conference thereon.

these amendments was carried, there were no further remarks on the bill from the
floor, and the Clerk called the roll on the final passage of the bill. The bill failed to
receive the constitutional majority of fifty votes.

"The motion is in order right now that the House reconsider the vote by which
the bill failed to receive the constitutional majority. If that motion prevails, it will be
in order to move that the House reconsider the vote by which the House receded from
its amendments to section 2 of Senate Bill No. 286."

**PERSONAL PRIVILEGE**

Mr. Sexton:

"I am not—nor have I ever been—satisfied that the "Contest of Elections" filed by the Washington State Democratic Committee, January 13, 1941, with the 27th Legislature of this state would have changed the results of the November general election as far as the election of Arthur B. Langlie to the governorship was concerned.

"My only point in presenting a motion for the reading of the "Contest of Election" before the House on the 60th day was to present to the State of Washington the facts surrounding the charges of irregularities and to reveal certain practices by elected officials which the state committee, properly advised, believes were wholly illegal.

"The action of the 27th Legislature in refusing to consider the "Contest of Election", whether the contents of the petition were specific or general, was a clear affront to the officials of the state party organization whose only purpose was to preserve the dignity, sanctity and sacredness of the American ballot.

"For the information of those people of the State of Washington who still feel that our ballot should remain in its democratic, honest form, I include the "Contest of Election" in its entirety as a portion of my statement."

(Nota: The House on Jan. 14, 1941 refused to consider a contest regarding the election of Arthur B. Langlie, Governor. See Journal pages 24 and 25).

GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED

March 25, 1941.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature without my approval as to sections 5 and 6, House Bill No. 15, entitled:

"An Act relating to secondary state highways, making appropriations from the motor vehicle fund for location, right of way, improvement, construction, reconstruction, maintenance, special maintenance, emergencies and all proper highway purposes for secondary highways, amending section 6, chapter 181, Laws of 1939 (section 6600-2b Remington's Revised Statutes), repealing section 21, chapter 181, Laws of 1939, (section 6600-25e Remington's Revised Statutes), and declaring an emergency, and that this act shall take effect April 1, 1941."

"Section 5 of the above bill requires and directs expenditures in excess of the appropriation made in section 3 of the act and contrary to section 2, which limits secondary highway expenditures for construction purposes, allocates money to roads not a part of the Secondary State Highway System and provides no means for elimination of individual items to conform to section 2, and thereby avoid an over-expenditure.

"Section 6 provides for a special report and budget for secondary state highways virtually duplicating reports and budgets under the uniform system now provided for by law. The provisions of this section are therefore superfluous.

"For these reasons, sections 5 and 6 are vetoed and the remainder of the bill is approved."

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

March 25, 1941.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 116, entitled:

"An Act relating to the practice of the occupation of barbering; providing for the examination and licensing of barbers, owners of barber shops and students, and the operation of barber schools or colleges; defining 'owner', 'barber shop', 'barber school or college' and 'student barber,' requiring annual health examinations; prescribing fees and providing penalties; amending sec-

33—H
tion 1, chapter 211, Laws of 1927 (section 8277-1, Remington’s Revised Statutes); sections 1 and 2, chapter 199, Laws of 1937 (sections 8277-2 and 8277-3, Remington’s Revised Statutes); sections 4 and 6, chapter 209, Laws of 1929 (sections 8277-7 and 8277-14, Remington’s Revised Statutes), and section 16, chapter 75, Laws of 1923 (section 8277-16, Remington’s Revised Statutes).”

“Section 3 of the above bill increases the required age of applicants for barber licenses from sixteen to eighteen years and adds the provision that such applicants must have completed a course of training of not less than two thousand hours in not less than twelve months in a barber school or college duly licensed by the Director of Licenses.

“Under this provision it would be impossible to become a qualified barber by persons apprenticing themselves to licensed barbers, and the requirement that they attend barber school or college for not less than twelve months and complete a course of training of not less than two thousand hours, constitutes such a stringent provision relative to qualifications as to preclude many who might otherwise learn this occupation.

“There is also a serious question as to the constitutionality of the provisions of section 3, relative to the hours and months required of applicants.

“Sections 3, 4 and 5 of this bill provide that applicants shall obtain a certificate of health which shall include a serological test for syphilis. The State Department of Health seriously questions the practicability of these provisions of the bill.

“In my opinion, the present statutes relative to the licensing of barbers is sufficiently comprehensive to protect the general public and I am afraid the amendments extending the provisions of this bill would have a monopolistic tendency for these reasons.

“I am, therefore, vetoing House Bill No. 116.”

Respectfully submitted,
ARTHUR B. LANGLIE,
Governor.

March 24, 1941.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

“I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 135, entitled:

“An Act relating to the charging of costs against state or county and amending section 522 of the Code of Washington Territory of 1881 (section 491, Remington’s Revised Statutes; section 7472, Pierce’s Code).”

“At common law a sovereign state is not liable for costs in courts of its own creation. Under the statutes of this state (section 491, Rem. Rev. Stat.), this state has accepted liability for costs in actions instituted by the state.

“The above bill would extend this acceptance of liability by making the state chargeable for costs in all cases whether instituted by the state or not unless the state is specifically exempted by some other statute.
"This seems to me to be an undesirable extension of the state's liability in this regard. Since the enactment of the law providing for declaratory judgments, the state may become, without its fault, involved in any number of cases brought by private parties. If it is to be made chargeable now for costs in all such cases where the state is unsuccessful, a substantial and unwarranted financial burden on public funds might result.

"For these reasons House Bill No. 135 is vetoed."

Respectfully submitted,
ARTHUR B. LANGLIE,
Governor.

March 25, 1941.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, Substitute House Bill No. 141, entitled:

"An Act relating to highways; providing for mines to market road commission, designating the personnel thereof, authorizing the use of county equipment in constructing mine to market roads, and allowing counties credit for the rental value thereof, and amending sections 1, 2, 3, 5 and 6 of chapter 175, Laws of 1939, (sections 6450-25a to 6450-25f, inclusive, Remington's Revised Statutes), making an appropriation, declaring an emergency and that this act shall take effect April 1, 1941."

"The revision of the existing law as proposed by this act would involve complications in administration which would tend to impair its practicability. "The bill also provides an additional appropriation over that provided in Senate Bill 362, making two separate appropriations for the same purpose.

"For this reason, Substitute House Bill No. 141, is vetoed."

Sincerely yours,
ARTHUR B. LANGLIE,
Governor.

March 24, 1941.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 173, entitled:

"An Act relating to foods, providing for the public health and safety by licensing places where food is prepared for human consumption to be consumed on the premises, providing regulations, restrictions and conditions under which food may be prepared and sold for consumption therein; providing sanitary regulations; establishing a state restaurant board, prescribing its
powers and duties; providing for the administration, disposition of funds and prescribing penalties for the violation of this act."

"House Bill No. 173 would create a new department of state government with full administrative powers, to be known as the State Restaurant and Hotel Board, and empower that board to issue licenses to and make inspection of all premises where foods of any character are prepared for consumption on the premises. Most of the larger cities of the state are now inspecting the restaurants located within their corporate limits, through the functioning of their respective departments of health. The State Department of Health is also engaged in this work in a general way, especially where local health departments are not operative. The inspection of restaurants and other types of business engaged in the preparation of foods for consumption upon the premises does not appear to me to be a proper subject for general state-wide control, but one which can more properly be administered by city and county health departments supplemented in a general way by our State Health Department, especially in those areas where local health authorities are not available.

"This bill, had it become law, would be just one more step in the direction of centralization of departmental functions at the state capitol and is in this respect, I believe, contrary to the will of the people and the best principles of governmental administration.

"Another very serious objection to this bill is that instead of setting up this very comprehensive licensing and inspection service in our presently existing Department of Health, a new and additional department of government is set up to handle this work. If this new field of government activity is justified upon any basis it must be upon the ground that it is necessary and desirable for the protection of the health of the people of the State of Washington. Our state Health Department is the arm of the state government now authorized to deal with all health matters and it is difficult to justify the removal of this very important health function from the present department.

"If it be argued that section 26 of the bill does not abridge the present duties of the present state and local health authorities, the answer is obvious that if this is the case, then the result would be a duplication of inspection service by the present health authorities and the new state restaurant and hotel board.

"The provision that the administration of the new department is to be in the hands of a board all members of which must be owners and operators in the restaurant industry, is also objectionable on the ground that it is not proper to vest the exercise of public health functions in persons directly interested in the business or industry affected. This is a particularly objectionable feature in this particular bill, due to the fact that this board consisting of restaurant owners and operators would inspect not only the restaurants of the state but also all bakeries, confectioneries, soda fountains and other places where food is prepared for consumption on the premises, the proprietors of which would probably not look with favor upon having the inspection of their premises placed in the hands of members of another industry.

"Among other objections to the bill is the fact that it would require all future applicants for a license to operate a restaurant, to pay a $15 examination fee, while exempting all present persons engaged in the business from such a fee. The effect of such provision is definitely monopolistic."
“Still another objection is a provision which would turn over to the new board the present functions of the Department of Labor and Industries relative to safety inspection in hotels. I can find no sound reason for such a provision.

“The above bill contains many defects in draftsmanship and much of its language is in broad and general terms, which would make it extremely difficult to administer.

“Section 1 of the bill is obviously incomplete and defective, as the first three clauses thereof have no direct connection with the final clause of the section. The final clause of section 1, in addition, states that the act is for the protection of the ‘social welfare’ and health of the people of the State of Washington. Nowhere else in the act is ‘social welfare’ mentioned or provided for, and of course it has no place in such a bill.

“Subdivision (a) of section 5 gives the board authority ‘for good cause’ to grant, refuse, suspend or revoke licenses provided by the bill. Who is to say what is a ‘good cause’ and what is not a ‘good cause’? Would the fact that the board thought there were already a sufficient number of restaurants within a certain area be ‘good cause’ for refusing to grant a license for an additional restaurant therein?

“The next to the last sentence of section 6 is unintelligible, as a cursory reading thereof will demonstrate.

“The bill provides no method or means for removing either the members of the board or the commissioner and therefore they presumably would have the right to serve their four-year-terms without possibility of removal except they were convicted in a court of a crime involving moral turpitude, which now by statute permits removal of public officers.

“Section 15 provides for appeal from the decision of the board to the ‘circuit’ court of the county in which the application for license was made. Of course, there are no ‘circuit’ courts in the State of Washington.

“For the above reasons, House Bill No. 173 is vetoed.”

“I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 196, entitled:

“An Act relating to the Department of Agriculture; providing for the protection of the public health and providing for the inspection, marking and marketing of animal carcasses and meats and meat food products intended for human consumption; regulating and licensing the preparation, handling, marking, marketing and sale of such meats and meat food products providing for the sanitation of all abattoirs, meat processing plants, wholesale meat markets, retail meat markets and rendering plants; provid-
ing revenues; providing penalties; authorizing the Director of Agriculture to make rules and regulations and to appoint employees to carry out the provisions of this act; and making an appropriation."

"This bill sets up general state-wide inspection of meats and meat food products under the state Department of Agriculture. Section 24 appropriates from the general fund the sum of $250,000 for the administration and enforcement of the provisions of this act.

"To a considerable extent the state Department of Agriculture is already supervising meat inspection throughout the state and the federal government and local health departments in many of our cities are also engaged in this work. Eighty-five per cent of all meat being slaughtered in this state today is inspected under the supervision of federal, state or local authorities. Therefore, this bill with its $250,000 appropriation would actually bring in only 15 per cent of total meat production for inspection not already furnished. Since farm slaughtering is excepted from the bill, the actual expansion of inspection service would be even less than 15 per cent.

"The ultimate effect of this bill would no doubt be to supplant all city inspections of meat by state inspection and the costs of all inspection services performed by the state would be borne by the general taxpayers instead of the industry affected.

"The state, through its Department of Agriculture, Department of Licenses and other departments, is already licensing and regulating many types of businesses and in almost every case the business subject to such regulation pays the cost thereof in the form of license and inspection fees.

"I am not unaware of the complex situation existing in the case of meat inspection, where some plants receive free inspection from the federal government by qualifying therefor through the expenditure of large sums of money in providing plant facilities which meet federal standards. But if we should make an exception in the case of the meat industry, there would undoubtedly be a widespread demand to have the taxpayers take over the financial burden of regulating and inspecting the other businesses which now pay their own way. It would be difficult to find a logical reason for resisting such a demand. Moreover, if we launch out upon such a program of tax supported inspection service, future legislatures would undoubtedly be faced with a most urgent appeal to extend such inspection to include inspection of meat markets, supervision over grading of meat and inspection of poultry, all at the expense of the state general fund.

"Two years from now it will probably be known whether the federal government plans to expand its meat inspection service, and new state legislation can then be drafted to deal with the situation as it then exists. Until the actual extent of federal participation in meat inspection work is known, I feel it would be a mistake for us to make this change in the method of financing such inspection.

"For these reasons, House Bill No. 196 is vetoed."

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 225, entitled:

"An Act relating to deposits in court and providing for the disposition thereof."

"This act, if it became law, would take all dormant and unclaimed moneys in the hands of the various court registries and transfer those funds to the county treasurer to be credited to the county current expense fund.

"Such funds are clearly forfeitures or escheats, and in my opinion should go to the permanent common school fund instead of the county current expense fund.

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 264, entitled:

"An Act relating to the broadcast of defamatory matter over the facilities of radio and television broadcasting stations and defining the liability therefor."

"Although there are certain substantial differences between the methods of operating a radio broadcasting system and the methods of publishing newspapers and other periodicals, I do not believe that those differences constitute a sufficient justification for relaxing the present rule of law as announced by the Supreme Court of this state and the Supreme Court of the United States, holding the operators of radio broadcasting stations liable for damages for defamatory statements which the station permits to be broadcast.

"Defamatory statements are just as libelous whether they are printed or broadcast, and they can do just as much and perhaps more damage to the person whom they unjustly reflect upon where they are permitted to come by means of radio into the homes all over the state as when such statements are printed in periodicals of more limited distribution. Recognizing the technical difficulties which radio stations may have to control these matters, it seems to me that it, nevertheless, is a difficulty necessarily incident to that type of business and one for which such stations must continue to assume responsibility.

"Only four states in the United States have enacted legislation of this type—Indiana, Iowa, Montana and Florida—and the legislation in Indiana and
Iowa does not go nearly as far as the above bill. Legislation of this nature which was attempted in Missouri failed to pass the legislature. Radio stations exist by congressional sufferance under the Communications Act of 1934, as amended, and it appears to me that if there is any real need for a change in our fundamental law of libel as applied to radio stations, it should be dealt with by the federal government in view of the fact that the ether waves carrying defamatory statements do not stop at state lines.

“A further objection to this bill is that a person damaged by defamatory statements would have extreme difficulty in sustaining the burden of proof which this act places upon him, of establishing the lack of due care on the part of the operator of the station. Persons injured in an automobile accident or as a result of some other occurrence which takes place in a more or less public place usually have a fair opportunity of establishing the facts with respect to the negligence of the person causing the damage. But where the burden is placed upon one to establish negligence in the operation of a man's business where all of the facts and circumstances relative to that operation are known only to that man and his employees, the difficulty of establishing negligence would seem to be almost insuperable.

“For these reasons House Bill No. 264 is vetoed.”

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

“I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, with my approval, except as to sections 7 and 9, House Bill No. 302, entitled:

"An Act relating to public utility districts and the government thereof; providing for the levying, collection, distribution and expenditure of a privilege tax on public utility districts engaged in the distribution and sale of electric energy and authorizing voluntary payments by public utility districts for tax purposes; authorizing cities and towns to levy and collect a tax from public utility districts which distribute and sell electricity within the limits of such cities; prescribing the time of election and term of office of public utility district commissioners; authorizing public utility districts to compensate their commissioners and reimburse them for expenses incurred; pertaining to the determination of compensation to be paid by such districts in eminent domain proceedings; authorizing such districts to enter into group insurance contracts for their employees; validating public utility districts heretofore formed and prescribing the manner in which the existence of such districts now or hereafter formed may be challenged; amending sections 4 and 5 of chapter 1, Laws of 1931; and declaring that this act shall take effect immediately.”

"Section 7 of the above bill sets up a special procedure in the case of eminent domain actions brought by public utility districts as distinguished
from other municipal corporations. The chief difference is that under this
new procedure, there shall be offset against and deducted from the 6% inter­
est on the condemnation judgment and from any amount added thereto for
additions, betterments and extensions to the property, the amount of net
earnings before allowance for depreciation derived from such property be­
tween the date of the judgment and the date the property is taken over by the
public utility district.

"Another difference is that under the new procedure, no time limit is set
within which the district must exercise its power to acquire the condemned
property at the price set by the judgment.

"In my opinion, these changes are violative of several provisions of the
state constitution. In addition, I see no sound reason for providing a differ­
tent condemnation procedure in the case of public utility districts than that
authorized in the case of all other municipal corporations. If a change in
our present procedure is desirable, it should become a part of the general
law applicable to all municipal corporations.

"I am advised by the Attorney General that if section 7 of the above bill
is vetoed, the general statutes respecting eminent domain procedure will be­
come effective as to public utility districts.

"Section 9 of the above bill purports to validate the incorporation of each
and all public utility districts in this state heretofore had or attempted under
chapter 1, Laws of 1931. I am advised that this section has no value or
need as a general law, but is for the purpose of validating a public utility
district which was organized in Lewis County, the validity of which organi­
zation is now being litigated in the courts. In my opinion, it is contrary to
sound public policy to overcome or circumvent by legislation, matters still
pending in the courts of the state. Moreover, if the particular district in ques­
tion was actually organized in a manner unauthorized by statute, and we
validate such illegal act by legislation, the determination to proceed in the
future strictly in accordance with the existing statutes will be weakened by
the knowledge that if statutes are disregarded, the legislature will come to
the rescue by a validating act such as this.

"This unwise precedent would effect not only organization of public util­
ity districts but the organization of all types of municipal and quasimunicipal
corporations. The interests of the general public and of the sound organiza­
tion and development of all such municipal and quasimunicipal corporations
would not be well served by the enactment of section 9 of this bill into law.

"For these reasons, sections 7 and 9 are vetoed."

To the Honorable
The House of Representatives of the State of Washington.

(Through the Secretary of State.)

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to sections 1, 2 and 4, House Bill No. 330, entitled:

"An Act relating to the organization, management and supervision of savings and loan associations, and amending sections 2 and 23 as heretofore amended, 49 as heretofore amended, 56 as heretofore amended, and 66 of chapter 183 of the Laws of 1933 (Remington's Revised Statutes, Supp. 3717-2, 3717-23, 3717-49, 3717-56 and 3717-66)."

"Section 1 of this bill amends section 3717-2, Remington's Revised Statutes, which at present defines a 'member' of a Savings and Loan Association as 'a person who holds a share or shares or a fraction of a share in an association.' As amended, the law will define a member as 'a holder of a savings account in an ... association ...' (italics supplied).

"Section 2 amends section 3717-23, Remington's Revised Statutes, to insert the word 'account' in two places. It is clear that the purpose of the amendment to the statutes accomplished in the above two sections by the addition of the word 'account' is to make that word a designation that may be used interchangeably with or in lieu of the word 'shares.'

"In my opinion, there should be no deviation from the word 'shares' as it now appears in the law. Savings and loan association's funds now are legalized as 'savings shares.' The basic theory of the operation of such associations remains the same; that is, the funds paid in by the members are investments in shares. There is no debtor-creditor relationship such as might be construed to exist if the word 'accounts' were inserted in the law and used interchangeably with 'shares.' The inclusion in the law of the word 'accounts' would result in no benefit to the public.

"Section 4 of the above bill amends section 3717-56 (6) Remington's Revised Statutes, which now provides that associations may invest in the 'light, water or sewer revenue bonds of any city of this state ...' (italics supplied). The above bill omits the portion italicized in the above quotation, thus authorizing the purchase of such bonds of any city. The mutual savings bank law authorizes those institutions to invest in the same securities in this state, and also authorizes the purchase of water revenue or electric revenue bonds (not sewer revenue bonds) in any city in the United States, provided such city has a population of at least 45,000. The restriction as to population is regarded as being a safety factor. The removal of all limitations, as referred to above, in the above bill, it is believed is too liberal. While the restriction to issues of cities in the State of Washington probably too closely limits the field from which such securities can be obtained, its retention would be more wholesome than the situation created by the above bill, which removes all limitations. The existing law is preferable.

"Section 4, subsection 11(c) of House Bill No. 330 also substitutes the word 'higher' for the word 'lower' in the provision relative to authorizing the purchase of real estate contracts which now reads: 'Either that not less than twenty per cent (20%) of the principal of the purchase price under said con-
tract shall have been paid or that the amount due under said contract shall not exceed seventy-five per cent (75%) of the appraised value of the property, whichever is the higher (italics supplied).

"I believe that if this change should be permitted, an opportunity would be presented that would tend to the making of extravagant appraisals and a potentially hazardous situation could result.

"Therefore, sections 1, 2 and 4 are vetoed and the remainder of the bill is approved."

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 344, entitled:

"An Act further defining the term 'sale at retail' or 'retail sale' and amending section 5 of chapter 180 of the Laws of 1935, as amended by section 2 of chapter 227 of the Laws of 1937, and section 2 of chapter 225 of the Laws of 1939 (section 8370-5 of Remington's Revised Statutes)."

"The above bill amends section 5 of the Revenue Act of 1935, as amended. H. B. No. 593, the amendatory bill prepared by the Tax Commission amending various sections of the Revenue Act of 1935, as amended, also amends section 5 of the act. The two amendments of the same section are in conflict with each other.

"The amendments of said sections in H. B. 593 are regarded by the Tax Commission as being absolutely essential to the proper functioning of the revenue act. The amendment of said section contained in the above H. B. No. 344, while perhaps a desirable one, is less essential. It, therefore, appears to be necessary, in order to assure the accomplishment of the amendment of said section 5 effected by H. B. 593, to disapprove H. B. 344.

"H. B. No. 344 was referred, in both houses of the legislature, to their respective Committees on Medicine and Dentistry, Pure Food and Drugs and was never considered by the Committee on Revenue and Taxation of either house. This, no doubt, explains how the unintentional conflict between the two acts occurred.

"For the above reasons, H. B. No. 344 is vetoed."

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 372, entitled:

"An Act for the creation and establishment of retiring and pension systems for superannuated and disabled officers and employees of cities of 100,000 population or over; providing for the payment of retirement allowances; prescribing the conditions on which said allowances shall be paid; fixing rates of contribution and providing for the adjustment thereof; providing for the administration of said systems; and amending sections 1 to 7 inclusive, and sections 9, 13, 14, 16, 23, 27 and 28 of chapter 207 of the Laws of 1939."

"The present statutes enable cities of the first class to establish retirement and pension systems for their employees. The cities of Seattle and Tacoma, through the machinery of their local units of government, have taken advantage of the enabling act by establishing such a system. The City of Spokane has not made use of this enabling act. House Bill No. 372 changes the state statutes relative to the establishment of retirement and pension systems in cities of the first class so that instead of being merely enabling legislation, the state law will mandatorily require the establishment of such a system.

"Obviously under the circumstances as set forth above, this bill will apply only to the City of Spokane, mandatorily requiring that city, which it has heretofore failed to voluntarily avail itself of the present enabling act, to establish a pension and retirement system.

"Except where the doing or the not doing of some act by a city, county, or other local subdivision of government will affect in some material way the rights or welfare of people residing outside of such local subdivision of government, I do not believe the state should inject itself into local affairs and mandatorily require such local subdivisions to follow any particular course of action. For the state to do this is violative of the sound principle of local home rule in all matters not of general interest to the people of the state.

"On local political problems, I believe our cities and counties should always be free to work out their own solutions based upon the circumstances of the individual case and according to the will of the people residing therein.

"It is for this reason, and not because of a desire to express any opinion as to the merits of the establishment of a retirement and pension system in the City of Spokane, or elsewhere that House Bill No. 372 is vetoed."

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 375, entitled:

"An Act relating to taxation; providing for the rental of tax acquired properties by the counties upon a month-to-month basis."

"In my opinion, this bill, which would authorize the board of county commissioners to rent tax acquired property upon a month-to-month tenancy, would have a tendency to retard return of such property to the tax rolls. Moreover, I see no sound reason why the proceeds of such rentals should be placed to the credit of the county current expense fund rather than to apportion such rentals according to the last tax levy.

"The bill also appears to be defective in that the title does not give notice of the provision of the bill permitting county commissioners to make expenditures necessary to keep the property in rentable condition and to prevent waste.

"For these reasons, House Bill No. 375 is vetoed."

"An Act relating to the safety of persons employed in the construction or operation of tunnels, quarries, caissons and subways, excepting in connection with mines; repealing section 6, chapter 131, Laws of 1937 (section 7666-6, Remington's Revised Statutes), and prescribing civil and criminal penalties for violation thereof."

"Sections 33 and 34 of the above House Bill set up special methods of enforcement of the general provisions of the bill whereby persons outside of the state Department of Labor and Industries are given certain rights and powers with respect to enforcement.

"Since the legislature, by sections 7727 to 7796 of Remington's Revised Statutes, has created within the Department of Labor and Industries a safety division entrusted with the enforcement of all safety laws, it appears to me
that the responsibility for enforcement of House Bill No. 401 should rest only with the Department of Labor and Industries.

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 505, entitled:

"An Act relating to expense allowances for persons engaged in official business of the State of Washington while away from their designated post of duty."

"This bill permits the allowance of $5 per diem in lieu of subsistence and lodging to employees and elective officials engaged in work within the State of Washington, but away from their designated posts of duty; and a per diem rate of not to exceed $10 per day while engaged in such official business outside of the State of Washington.

"In my opinion, a per diem allowance of $4 per day as provided by the present law is sufficient recompense to state employees for traveling expenses within the state. An allowance of $5 or $6 per day while traveling beyond the boundaries of the state might be justified, but in this respect the above bill permits an allowance up to $10 per day.

"I feel that the bill would be an unnecessary and unjustified additional drain upon public funds—not only because of the actual increase in traveling expenses which it allows, but also because it would tend to stimulate unnecessary travel.

"For these reasons House Bill No. 505 is vetoed."

"An Act relating to the expenditure of the motor vehicle fund and payments therefrom to the state, counties, cities and towns, and amending sections 3, 4 and 5, chapter 181, Laws of 1939, and declaring an emergency."

"This act attempts to allocate additional funds to certain counties and make distribution of funds to cities and towns, counties and the state. It fails to distribute an estimated amount of more than $4,000,000 of the net gas tax revenue that should be shared in by the counties.

"Legal problems involved because of ambiguities and failure to allocate total amount of funds may result in litigation and possible loss of road funds to counties to such an extent that they may receive less money for road purposes in the coming biennium than in the past.

"This act is therefore vetoed."

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to certain items, House Bill No. 561, entitled:

"An Act making appropriations for the purchase of land, construction of buildings and improvements at designated state institutions; for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices; for the relief of certain individuals, corporations, counties and municipalities; for refunds and for deficiencies and for emergencies, including deficiencies and appropriation of revolving funds, and for purposes specified in certain acts of Congress, and for miscellaneous purposes designated for the fiscal biennium beginning April 1, 1941, and ending March 31, 1943, except as otherwise provided; defining terms, limiting allowances and compensation, and providing that this act shall take effect immediately."

"I disapprove and veto the item 'For the construction of a National Guard Armory in Spokane, Washington $600,000.00.' The State of Washington cannot at this time afford to put this amount of money into a National Guard Armory. We have many of these armories around the state at this time,
costing money to maintain, that are not now being utilized to any great extent. I do not believe it advisable to take technicians and skilled workmen for this work who should otherwise be employed and are greatly needed in the national defense industries. The appropriation was not made subject to any controls by the Governor but would have to be spent forthwith. Projects such as this one should be undertaken when there is a greater need than at present to provide employment.

"I disapprove and veto the item 'Paul Paulk, for reimbursement for loss as County Clerk of Thurston County in connection with the failure of the Olympia National Bank $750.00,' for the reason that this is a responsibility of the County Clerk and his sureties which the state should not be called upon to reimburse. It is a well established fact that under the law the liability of public officials for funds kept in their custody is absolute. To allow claims of this nature would encourage laxity on the part of public officials in the care of funds entrusted to them.

"I disapprove and veto the item 'Mrs. Orma Allyn (Alexander), for damages to automobile in a collision April 27, 1940, caused by a grader of the Department of Highways $266.60,' for the reason that the amount set by the legislature was sufficient for a new automobile, while the amount of damage to Mrs. Allyn's car was computed by the insurance company at $94.85. I feel that Mrs. Allyn is entitled to the difference between the damage incurred and the amount recovered by the insurance company, namely $20.00.

"I disapprove and veto the item 'J. W. Austin, for damages to automobile caused by running into a rock slide on highway near Vantage, Washington, October 1, 1940 $75.00' as it does not appear that any liability attaches to the state in this connection.

"I disapprove and veto the item 'E. C. Jackson, for loss of horse drowned July 10, 1940, in excavation surrounding a pier of viaduct near Nisqually River Bridge $170.00' for the reason that the liability for such loss appears to rest upon the owner of the land, who had been paid by the Highway Department for fencing his property at the time the right-of-way was acquired.

"I disapprove and veto the item of 'Yuen, Shai-yue, for over-payment of tuition at University of Washington $100.00.' I veto this on the recommendation of the Comptroller of the University of Washington who found no justification for the claim.

"I disapprove and veto the items, 'Bert J. Bagley, in settlement of damages to grandstand and improvements due to fire, August 12, 1940 $7,000.00' and 'Melvin Dahl and George Elein, in settlement of all loss sustained due to fire, August 12, 1940 $500.00' for the reason that the state should assume no liability for these losses. Further, the $7,000 allotment for the grandstand appears excessive because its 50 per cent valuation set by the assessor of Clark County was but $830. This valuation included not only the grandstand but also seventeen other buildings which were not destroyed by the fire.

"I disapprove and veto the item 'Codification of election laws (Provided, That proceeds from sale of printed volumes shall be deposited in the State Treasury to credit of General Fund) $7,500.00' for the reason that elsewhere sufficient appropriations have been made to the attorney general for carrying out this work.

"I disapprove and veto the item 'For the Department of Conservation and Development: Division of Flood Control: Flood control maintenance purposes $200,000.00 (To be expended pursuant to the provisions of S. B. 128).' This
substantial appropriation at this time does not appear to be justified in view of the present financial condition of the state. Progress has been made in this problem by the passage of this bill and perhaps at a later time if the counties in cooperation with the federal government do not work out an adequate solution, further consideration should be given to financial aid by the state.

"I disapprove and veto the item 'From the Motor Vehicle Fund. For the Department of Highways: For the establishment and equipment of a research laboratory $15,000.00. The above appropriation to be expended independently of, or in conjunction with funds allocated by the Federal, County or Municipal governments or agencies or in conjunction with funds provided by the University of Washington.' We now have sufficient provision in allocations of one kind and another for research laboratories and I deem it unnecessary to make this allocation at this time.

"I disapprove and veto the item 'May S. Burglehaus, in full settlement for destruction of black currant bushes by the State Department of Agriculture $1,937.50.' This claim arises through the enforcement of a quarantine order issued by the Director of Agriculture and approved by the Governor in September, 1922. Such quarantine orders are enforced for the common good of all agricultural and related industries. Other growers accepted their losses and have not sought reimbursement, and I see no reason why this claim should be made an exception. It has consistently been disapproved in the past and for the reasons stated above, the item is now vetoed.

"I disapprove and veto the item 'For the State Restaurant and Hotel Board: To carry out the provisions of House Bill No. 173 $200,000.00 (Expenditures herefrom not to exceed receipts)' for the reason that House Bill No. 173 has been vetoed, and this appropriation, therefore, is unnecessary.

"With the exception of the foregoing items, which are vetoed, the remainder of House Bill No. 561 is approved.'"  
Respectfully submitted,  
ARTHUR B. LANGLIE,  
Governor.

The House of Representatives of the State of Washington.  
(Through the Secretary of State.)

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, as to a certain section, House Bill No. 593, entitled:

"An Act relating to revenue and taxation; amending sections 4, 5, 6, 7, 8(a), 11, 15(a), 17, 25, 32, 33, 37, 82, 84, 86, 88, 92, 93, 187 and 211 of chapter 180, Laws of 1933, as amended by chapter 191, Laws of 1937, chapter 227, Laws of 1937, chapter 9, Laws of 1939, and chapter 225, Laws of 1939, (sections 8370-4, 8370-5, 8370-6, 8370-7, 8370-8(a), 8370-11, 8370-15(a), 8370-17, 8370-25, 8370-32, 8370-33, 8370-37, 8370-82, 8370-84, 8370-86, 8370-88, 8370-92, 8370-93, 8370-187, 8370-211, Remington's Revised Statutes); renumbering section 8(a) and section 15(a) of said chap-
ter 180, Laws of 1935 as amended; repealing sections 213, 214, 215, and 216 of chapter 180, Laws of 1935, (sections 8370-213, 8370-214, 8370-215, and 8370-216, Remington's Revised Statutes): and adding new sections thereto to be designated as sections 9(a), 11(a), 19(a) and 34(a) of said chapter 180, Laws of 1935, as amended, and declaring that this act shall take effect May 1, 1941."

"Section 11(a) was inserted in the bill to amend section 36, chapter 180, Laws of 1935, as amended, for the purpose of reducing the rate of tax upon gas distribution businesses from two percent to one-half of one percent. This reduction was conditioned, however, upon the enactment of a tax upon petroleum products. When the legislature failed to enact a tax upon petroleum products, the free conference committee, to whom this bill was given, removed the reduced rate and restored the original rate of two percent and in addition thereto the committee, in refusing to adopt a Senate Amendment to Section 36 increasing the rate of tax imposed upon Highway Transportation businesses to three percent, restored the original rate of one and one-half percent.

"Inasmuch as Section 11(a) of the bill in its present form is now identical with the section which it purports to amend, it serves no useful purpose.

"For this reason, section 11(a) is vetoed and the remainder of the bill is approved."

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

March 25, 1941.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 594, entitled:

"An Act relating to taxation; imposing a tax with respect to the sale, use or distribution of punch boards, pull boards or trade stimulators, licensing distributors thereof; providing for the collection and enforcement of the licenses and taxes imposed; and declaring an emergency whereby the act is to take effect immediately."

"I believe the legalization of punch boards is contrary to good public policy, and for this reason House Bill No. 594 is vetoed."

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.
March 24, 1941.

To the Honorable
The House of Representatives of the State of Washington.

(Through the Secretary of State.)

"I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 606, entitled:

"An Act relating to the duties of the attorney general; and amending section 3 of chapter 92 of the Laws of 1929 (section 112 of Remington's Revised Statutes)."

"This bill amends the laws of 1929 as to the powers of the attorney general by adding the following paragraph:

"5. In the name of the State of Washington to institute and maintain an action to enjoin any unlawful practice in, or unlawful conduct of, any business, which action shall not be exclusive, but shall be in addition to any and all other actions, remedies or penalties provided by law."

"It is my understanding that this addition to the present law was made for the purpose of setting up machinery to aid in the enforcement of Senate Bills No. 234, relating to unfair competition, and No. 83, regulating the small loan business. Senate Bill No. 234 failed to pass the legislature and I believe that Senate Bill No. 83 itself carries ample provision for the enforcement thereof.

"For this reason, House Bill No. 606 is vetoed."

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.
