MESSAGE OF GOVERNOR ARTHUR B. LANGLIE TO THE LEGISLATURE

Mr. President, Mr. Speaker, Ladies and Gentlemen of the Legislature:

These are busy times and I know full well with what difficulty you have answered my call to this Extraordinary Session of the Legislature. However, there are thousands of men and women from our state serving in the military forces who will find it difficult and, probably, impossible to cast their ballots in the coming state and national elections unless our election laws are amended in several particulars.

It is for that reason, and no other, that I presumed upon your busy days to ask you to assemble here to discuss and to pass a measure designed to facilitate the voting privileges of those gallantly serving our country today.

A committee of the legislature, appointed by Lieutenant Governor Meyers and Speaker Reilly, have reviewed this bill and given it general approval. Last week I sent to each of you copies of this legislation so that you might have an opportunity to review it and give such consideration to the measure as you saw fit prior to your arrival here.

Slightly more than a year ago we met here to gear the State of Washington for the emergencies and exigencies of war, as well as to plan and build for the Peace to come. The appropriations, laws and policies adopted at that session of the legislature were such that we have been—and will to the conclusion of this biennium—be able to successfully meet all of the obligations and responsibilities of the state government without further action on the part of the legislature at this time, other than amending our election laws. Such problems as have arisen on the state and local levels of government have come about not so much because of lack of funds, as because of lack of manpower, equipment, materials and priorities—in most instances matters beyond the control of either state or local government.

The financial position of the State of Washington today is good. There is built up as of January 1, 1944, in the general fund a cash reserve of $29,000,000. This amount, with such additions as are accruing, will be of real assistance to the State of Washington and to its subdivisions of government in meeting the pressing problems that will confront us when Victory has been finally achieved.

It is just as sound for the state government, as it is for a family or an individual, to save some income at this time and put it away to meet future obligations. The amount of money thus far accumulated is not large, considering the difficulties that will face the state when the war is over. It is well, therefore, at this time that we conserve and accumulate such funds as we are able to save, if we are to avoid excessive tax burdens on the people of our state in the days ahead and if we wish to encourage the development and expansion of payrolls large and small in our commonwealth.
Moreover, we will want fully to meet our obligations to those returning from military service to whom every chance for education, medical care, business opportunity and employment should be open. Increased expenditures in the field of education will be necessary. It must be borne in mind also that when the present conflict is over there will be added to our pension rolls under our present statutes some fifteen or twenty thousand aged over sixty-five years who will be entitled to pensions and other benefits. We will have additional responsibilities in the field of dependent children, unemployables on relief, medical, hospital and nursing care. It will be necessary to expand the facilities of the state for taking care of the mentally ill persons and retarded children—all necessary due to the increased population in the state. Outmoded and antiquated buildings will need to be replaced.

You are, undoubtedly, aware of the cooperative program now being formulated throughout the state for meeting problems now developing and those that are anticipated as the war draws to a conclusion. A healthy financial condition in state and local governments will facilitate this program. I mention this to let you know that the reserves we have and now are accumulating are not in any sense of the word going to be adequate to fully assist in the problems ahead, if the state is going to do its part as far as sharing in postwar construction of needed facilities and improvements with the cities and counties of the state.

Fortunately, cities, counties and school districts are now in the strongest financial position they have been in for more than a decade. It is not only good business for our state and its subdivisions to get out of debt and accumulate reserves, where possible, but it is a policy which if carried out by all of the states would strengthen tremendously our nation in meeting postwar problems, when state and local government must cease to look to Washington, D. C., for continual outpouring of funds raised by continuous expansion of the national debt.

The people of the State of Washington, I feel sure, are anxious to see you deal with this problem of changing our election laws to meet the needs of our enlisted personnel in service. I feel that they will be appreciative of your prompt consideration of this matter and the deferral of other legislation until the next general session of the legislature. (Applause)

The President of the Senate requested the Sergeant-at-Arms of the Senate to escort the special joint committee to the rostrum.

The special joint committee appeared before the bar of the House, and the President of the Senate requested the committee to escort His Excellency, Governor Arthur B. Langlie, to the Executive Offices.

The special joint committee escorted His Excellency, Governor Arthur B. Langlie, from the Chamber. (Applause)

On motion of Senator Cowen, the Joint Session was dissolved.

The Speaker resumed the Chair, and requested the House members of the special joint committee, Representatives Cramer, Armstrong (H. C.) and Vane, to escort the President of the Senate and the Senators to the Senate Chamber.

The House members of the special joint committee appeared before the bar of the House and escorted the President of the Senate and the Senators from the House Chamber.

MESSAGES FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary, Olympia, Wash., February 28, 1944.

To the Honorable, The Speaker of the House of Representatives,

Sir: I have the honor to transmit herewith pursuant to Section 12, Article III of the Constitution of the State of Washington, for the consideration of the House of Representatives, the following bills passed by the House and Senate in the Legislative Session of 1943, and vetoed by the Governor, together with his veto message in each instance attached thereto.

They are House Bills Nos. 119, 148, 217, 242, 307 and 367.

Very truly yours,
Bellevue Reeves, Secretary of State.

State of Washington, Executive Department, Olympia, March 20, 1943.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 119, entitled:
"An Act authorizing the publication and certification of a Code of Washington laws."

A complete recodification of Washington laws will be undertaken during the forthcoming biennium, pursuant to the provisions of Senate Bill No. 47 enacted at the 1943 session of the legislature. In view of this I deem it inadvisable at this time to give official legislative approval of a privately owned and patented alphabetical arrangement and code numbering system of Washington laws, as contemplated by House Bill No. 119.

For these reasons House Bill No. 119 is vetoed.

Respectfully submitted,
Arthur B. Langlie, Governor.
HOUSE BILL NO. 119

An Act authorizing the publication and certification of a Code of Washington laws.

Be it enacted by the Legislature of the State of Washington:

Section 1. The publication and certification of a code of laws of the State of Washington is hereby authorized to contain all the laws in force of a general and permanent nature, including the laws of 1943.

Section 2. Such code may be published substantially on the plan proposed by Frank Pierce, filed with the House Judiciary Committee and to be filed with the Secretary of State: Provided, That nothing herein contained shall render unofficial any code of the laws of this state which is now official, nor prevent the citation of any such existing code as heretofore.

Section 3. The Secretary of State is hereby authorized and directed to certify said code without fee. When so certified the said code shall be deemed and held to be official and prima facie evidence of the laws contained therein.

Section 4. Nothing herein contained shall in any way impair the powers and duties of the Code Committee created by Chapter 149, Laws of 1941, or any amendments thereof heretofore or hereafter made. Said Code Committee shall be a continuing committee, with full power to recompile said statutes, and to assign code numbers, according to any numbering system hereafter selected by it, to such general laws as shall heretofore have been, or shall hereafter be, passed at any legislative session; and said Committee shall certify to the Secretary of State the numbers given to the sections which the committee has determined shall be incorporated in said code. The said committee shall only adopt a numbering system which shall be freely available to, and may be used without charge or compensation by, any person, firm, or corporation, including the state, that may elect to publish the laws of this state in whole or in part; Provided, That any author or publisher having copyright or copyrightable, patent or patentable, matter in any code provided for by this act, shall not be held to have relinquished the same.

Section 5. The legislature may amend or repeal laws by code numbers. When session laws are amended or repealed parallel citations must be given to the official code or codes of the state.

Vetoed March 20, 1943.

ARTHUR B. LANGLIE,
Governor of Washington.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 148, entitled:

"An Act relating to public highways, primary state highways, secondary state highways, county roads and city streets, and amending section 2, chapter 181, Laws of 1939 (section 6600-ld, Remington's Revised Statutes, Volume 7A)."

House Bill No. 148 and Senate Bill No. 293, which also passed at the 1943 session of the legislature, both amend section 2, chapter 181, Laws of 1939 (section 6600-ld, Remington's Revised Statutes). Senate Bill No. 293 amends this section by eliminating paragraph (c) thereof. House Bill No. 148, which passed the legislature on the same day, retains paragraph (c) and adds a new paragraph (d) which is lacking from Senate Bill No. 293.

The two bills are therefore inconsistent and cannot both become law. I have heretofore signed Senate Bill No. 293 and it is therefore necessary to veto House Bill No. 148.

Respectfully submitted,

ARTHUR B. LANGLIE, Governor.

HOUSE BILL NO. 148

An Act relating to public highways, primary state highways, secondary state highways, county roads and city streets, and amending section 2, chapter 181, Laws of 1939 (section 6600-ld, Remington's Revised Statutes, Volume 7A).

Be it enacted by the Legislature of the State of Washington:

Section 1. Section 2, chapter 181, Laws of 1939 (section 6600-ld, Remington's Revised Statutes, Volume 7A) is hereby amended to read as follows:
SECOND DAY, FEBRUARY 29, 1944

Section 2. All moneys which have accrued or may accrue to the motor vehicle fund from the motor vehicle fuel tax shall be first expended for the following purposes:
(a) For payment of refunds of motor vehicle fuel tax which has been paid and is refundable as provided by law;
(b) For payment of amounts to be expended pursuant to appropriations for the administrative expenses of the offices of State Treasurer, State Auditor and the Department of Licenses of the State of Washington in the administration of the motor vehicle fuel tax, said sums to be distributed monthly;
(c) For payment of all sums required to be paid into the "General Obligation Bonds of 1933 Retirement Fund" in the manner prescribed by Section 5 of chapter 65, Session Laws of 1933;
(d) For payment of amounts to be expended pursuant to appropriation for the maintenance and construction of vehicular roads, highways and bridges within the limits of the several state parks.

The amount accruing to the motor vehicle fund by virtue of the motor vehicle fuel tax and remaining after the payments as provided in sub-sections (a), (b), (c) and (d) above shall, for the purposes of this act, be referred to as the "net tax amount."

Vetoed March 19, 1943.
ARTHUR B. LANGLIE,
Governor of Washington.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 217, entitled:

"An Act relating to corporations; referring to the power of a corporation to purchase, hold, sell, and transfer its own shares; providing limitations on the power of a corporation to purchase its own shares; adding a new section to chapter 185, Laws of 1933, as amended by chapter 143, Laws of 1939 (section 3803-1 to 3803-68, Remington's Revised Statutes, Supplement), to be numbered section 12½."

Under ordinary circumstances I would have no objection to this bill as it is apparently an effort to bring our corporation law into harmony with that of all other states which have adopted the Uniform Business Corporations Act. However, it now develops that enactment of this measure at this particular time may affect the rights of persons involved in litigation now pending before the courts of the state. Since there appears to be no pressing need for immediate enactment of this law I think we should, in fairness, defer action thereon for the time being.

For this reason, House Bill No. 217 is vetoed.

Respectfully submitted,
ARTHUR B. LANGLIE, Governor.

HOUSE BILL NO. 217

An Act relating to corporations; referring to the power of a corporation to purchase, hold, sell, and transfer its own shares; providing limitations on the power of a corporation to purchase its own shares; adding a new section to chapter 185, Laws of 1933, as amended by chapter 143, Laws of 1939 (sections 3803-1 to 3803-68, Remington's Revised Statutes, Supplement), to be numbered section 12½.

Be it enacted by the Legislature of the State of Washington:

Section 12½. No corporation shall purchase or agree to purchase, or cause or permit any corporation which it controls to purchase or agree to purchase, or employ or assist any person or corporation to purchase or agree to purchase for its account, any of its own shares except as follows:
(1) To collect or compromise in good faith, a debt, claim, or controversy with any shareholder;
(2) From shareholders who become entitled to be paid for their shares pursuant, and subject, to section 41 of chapter 185, Laws of 1933, as amended by section 7, chapter 143, Laws of 1939;

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 242, entitled:

"An Act relating to the practice of optometry and amending section 1, chapter 144, Laws of 1919 (section 10147, Remington's Revised Statutes)."

The purpose of this bill is to permit persons, firms or corporations to own and operate offices or establishments where optometry is practiced so long as such person, firm or corporation employs in the practice of optometry only licensed optometrists. It appears to me that this is definitely a backward step in the regulation of optometry. Experience has shown that effective regulation of optometry must include control over the general practices and policies which the owner or operator follows as well as the quality of technical service rendered to individual customers. The removal of this important phase of optometry from regulation, as contemplated by this bill, would be a disservice to the health and welfare of the general public.

For this reason House Bill No. 242 is vetoed.

Respectfully submitted,
ARTHUR B. LANGLEY, Governor.

HOUSE BILL NO. 242

An Act relating to the practice of optometry and amending section 1, chapter 144, Laws of 1919 (section 10147, Remington's Revised Statutes).

Be it enacted by the Legislature of the State of Washington:

SECTION 1. That section 1, chapter 144, Laws of 1919 (section 10147, Remington's Revised Statutes), be amended to read as follows:

Section 1. Any person shall be deemed to be practicing optometry within the meaning of this act, who shall in any manner, except as provided in section 3, chapter 155, Laws of 1937 (section 10159, Remington's Revised Statutes):

1st, Display any sign, circular, advertisement or device purporting or offering to in any manner examine eyes, test eyes, fit glasses, adjust frames or setting himself or herself forth as an optometrist, optician, specialist, optical specialist, eyesight specialist or refractionist, with intent to induce people to patronize himself or herself;

2nd, who shall make in any manner a test or examination of the eye or eyes of another, to ascertain the refractive, muscular or pathological condition thereof;

3rd, who shall in any manner adapt lenses to the human eye for any purpose either directly or indirectly: Provided, That this section shall not be construed to prevent any person, firm or corporation, from owning or operating an office or establishment where optometry is practiced, or from advertising as set forth herein so long as such person, firm or corporation, employs in the practice of optometry only
such individuals as have been granted certificates to practice optometry in the State of Washington, and does not permit the practice of optometry in any manner by persons not so qualified and registered.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 307, entitled:

"An Act providing for maintenance of certain elective county officials and declaring an emergency."

After reciting that elective county officials are, "by reason of the emergency conditions due to the existing war, subject to additional and extraordinary expenses for maintenance and subsistence, and for travel between the county seat and the various areas of the county and state, which conditions did not exist and could not have been taken into consideration when such elective officials assumed the duties of their office", House Bill No. 307 authorizes and empowers the counties to pay to such officials, "for such additional maintenance requirements", not to exceed the sum of $50 per month and not to exceed a total of $600 for each of such officers per year. County commissioners are then authorized to declare an emergency immediately upon the taking effect of the act and to begin such "maintenance" payments on April 1, 1943. The act expires, by its own terms, on March 31, 1945.

In so far as this bill purports to authorize reimbursement "for travel between the county seat and the various areas of the county and state", it is wholly unnecessary. The present law, Section 3, Chapter 197, Laws of 1937 (Remington's Revised Statutes, Section 4200-5a), providing that "all county officers shall be entitled to their necessary traveling expenses in the performance of their official duties, bills therefor to be audited by the county commissioners • • • " already authorizes reimbursement for bona fide traveling expenses.

In so far as this bill purports to authorize reimbursement for "maintenance and subsistence", the reasoning contained in my message vetoing Senate Bill No. 154 indicates that such payments would, in fact, constitute additional compensation or salary. Article XI, Section 8, of the state constitution provides that "The salary of any county, city, town, or municipal officers shall not be increased or diminished after his election or during his term of office • • • " In view of this specific constitutional prohibition against basing or diminishing salaries during the term of office it seems to me that the hope of gaining relief from present low salaries through this means would be a rather forlorn one, even were I to give this bill approval. The courts have never hesitated to set aside a legislative act which contravened the constitution.

But,—without passing upon the strictly legal question of whether House Bill No. 307 would be void in view of the above constitutional provision, I am convinced that the bill does run counter to the sound public policy upon which such constitutional provision is based. If the legislature is to have before it, at every session, the question of whether it shall continue or discontinue, increase or decrease, the compensation of incumbent county officials, such officials will no longer enjoy the independence, and freedom from personal considerations, which the framers of our constitution intended and the interest of the general public demands. The situation in this regard is not unlike that which would have existed had Senate Bill No. 154, relating to payment of "maintenance" to certain elective state officials, become law, and the reasoning which prompted me to veto that measure applies with equal force to House Bill No. 307.

Another objectionable feature of House Bill No. 307 is that it makes county officials dependent not only upon the legislature for the granting or withholding of the power to pay these additional sums, but it makes them also dependent upon the county commissioners of the respective counties, who are given, under this bill, discretionary power to exercise or refuse to exercise the powers granted and dis-
cretionary power to fix such additional compensation at any sum they deem proper, not to exceed $50 per month for each official. Article XI, Section 5 of the state constitution, as amended by Amendment No. 12, provides that the legislature shall regulate the compensation of county officers, and heretofore such compensation has always been specifically fixed by statute and no power to increase or lower any portion thereof has been vested in county commissioners. Whether or not the discretionary powers conferred upon county commissioners by House Bill No. 307 would be in violation of the strict terms of this constitutional provision, it certainly would be a radical departure from the practice heretofore followed and proven satisfactory over a long period of years, and would, in my opinion, be inimical to the integrity of county government.

For these reasons, House Bill No. 307 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

HOUSE BILL NO. 307

An Act providing for maintenance of certain elective county officials and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. It is hereby found and declared that all of the elective officials of the several counties of the State of Washington are, by reason of the emergency conditions due to the existing war, subject to additional and extraordinary expenses for maintenance and subsistence, and for travel between the county seat and the various areas of the county and state, which conditions did not exist and could not have been taken into consideration when such elective officials assumed the duties of their office.

Sec. 2. Having given due consideration to the maintenance requirements and expenses of said county officials for the proper performance of their duties, the respective counties of the state are authorized and empowered to pay to the elective county officials in each county of the state, namely, auditor, clerk, treasurer, attorney, sheriff, assessor, superintendent of schools and members of the board of county commissioners for such additional maintenance requirements, not to exceed the sum of $50 each per month, not to exceed a total of $600 for each of such officers per year.

Sec. 3. The county commissioners of each of the counties of the state are hereby authorized to declare an emergency immediately upon the taking effect of this act and to authorize and provide for the payments to the county officials referred to in section 2 of this act for the period from April 1, 1943, to December 31, 1943, inclusive, for the reason that such expenditures could not have been included in the budget adopted in the fall of 1942, and county commissioners of all the counties of the state are further authorized to include such maintenance items in the regular county budget adopted in the year of 1943 and 1944 for the expenditures for the year 1944 and the year 1945, to March 31, 1945.

Sec. 4. This act shall continue in effect until March 31, 1945.

Sec. 5. This act is necessary for the immediate preservation of the public peace, health and safety, support of the state government and its existing public institutions and shall be effective on and after April 1, 1943.

To The Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 367, entitled:

"An Act relating to insurance; placing certain restrictions upon borrowers and lenders of money in connection therewith."

This bill in substance provides that no one in the business of loaning money shall, as a condition to any loan, require the borrower to place insurance in any particular insurance company or through any particular agency, but that the requirement for
insurance shall be satisfied if the borrower provides insurance in any company duly authorized to do business in the State of Washington, with a proviso that if the borrower should fail or refuse to furnish the required insurance the lender shall have the right to place the same.

After giving careful study to the provisions of this bill I am convinced that its language is so restrictive of the inherent right of a lender to insist upon satisfactory insurance protection of the collateral security for his loan as to be definitely adverse to the public interest. An institution loaning money, especially where monies have been deposited with it by the general public, must necessarily protect itself and its depositors by insisting upon the best possible security available in a highly competitive field and the insurance policy protecting its collateral is just as important a part of such security as the physical collateral itself. Although all insurance companies which are authorized to do business in this state are actuarily solvent, everyone recognizes that some companies are financially sounder than others and also render more acceptable service. I believe that anyone loaning money should have the right to insist upon insurance coverage satisfactory to him. He should at least have the right to approve or disapprove of the insurance company selected by the borrower to underwrite the insurance. This right House Bill No. 367 absolutely destroys.

I am further of the opinion that if this bill were to become a law it would in the long run increase the eventual cost of service to the borrowing public and would also work considerable inconvenience.

I recognize that there may be abuses on the part of certain lending organizations whereby borrowers are coerced in order to obtain necessary loans to permit the lender to place the insurance through his own insurance agency, but I believe that this bill under its present wording would produce other abuses which would outweigh those which now exist. Such abuses as exist under present laws can and should be remedied by proper legislation to that end, but the consequences which I am sure would follow the approval of this measure are such that I deem it my duty to veto this bill.

For the above reasons, House Bill No. 367 is vetoed.

Respectfully submitted,
ARTHUR B. LANGLIE,
Governor.

To the Chief Clerk, The House of Representatives,
The Legislature of the State of Washington,
Olympia, Washington.

Sir: I herewith transmit a certified copy of House Bill No. 90, being Chapter 245 of the 1943 Session Laws of the State of Washington, together with the original veto message attached thereto.

Very truly yours,
BELLE REEVES, Secretary of State.
To The Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to subdivision (d), House Bill No. 90, entitled:

"An Act relating to intoxicating liquors; prohibiting minors from entering taverns and amending chapter 62, Laws of 1933, Extraordinary Session, as amended by chapters 13, 80, 158 and 174, Laws of 1935; chapters 62 and 217, Laws of 1937; chapters 172 and 173, Laws of 1939; chapter 220, Laws of 1941 (section 7306-1 to 7306-97a, Remington's Revised Statutes, Supplement; section 7306-23-M to 7306-23-0, Rem. Supp. 1941) by adding a new section immediately following section 36 and to be known as section 36A."

Subdivision (d) relates to the revocation of liquor licenses in cases where minors are permitted to obtain liquor on the premises and definitely relaxes the present strict obligation placed upon liquor licensees to know that their customers are over the age of 21 years. The new standards which are provided for the purpose of determining whether selling liquor to minors constitutes grounds for revocation of the license are seemingly fair and reasonable on their face. But close analysis of these relaxed standards clearly indicates that it would be practically impossible to establish a case for revocation of license on this ground.

The strict accountability to which liquor licensees are now held in this regard is a necessary incident of the character of the business, and must not be permitted to be relaxed or overlooked in any way if minors are to be protected properly.

For these reasons, subdivision (d) of House Bill No. 90 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

(d) The owner of a liquor license shall not have his license suspended or revoked for permitting a minor to obtain liquor on his premises, if such minor in the company of one or more persons over the age of twenty-one (21) years is held out to be over such age by his companions, or if the minor fraudulently represents himself to be over the age of twenty-one (21) years; provided any reasonably prudent person would believe such representations and the owner of the liquor license, acting in good faith, is misled by the fraudulent representations of the minor.

The Speaker announced he was about to sign House Concurrent Resolution No. 1; also

House Concurrent Resolution No. 2; also

House Concurrent Resolution No. 3.
INTRODUCTION AND FIRST READING OF BILLS, MEMORIALS AND RESOLUTIONS

The following bills were introduced, read first time by title, and acted upon as indicated:

House Bill No. 1, by Committee on Rules and Order. (by Executive Request): An Act relating to elections and voting in time of war, making an appropriation and declaring an emergency.

Ordered printed and referred to Committee on Elections and Privileges.

MOTION

Mr. Cramer moved that the rules be suspended and that House Bill No. 1 be advanced to second reading and read in full.

Debate ensued.

After considerable debate, on motion of Mrs. Hansen the previous question was ordered.

A roll call was demanded, and the demand was sustained.

Mr. Loney demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.

The Clerk called the roll, and the following absentees were noted: Representatives Bowman, Ericksen, Ford, Riley (Edward F.), and Testu, Representatives Ericksen, Ford, Riley (Edward F.) and Testu having been previously excused.

On motion of Mr. Martin (Fred J.), the House proceeded with business under the call of the House.

The Speaker:

"The question before the House is the motion by Mr. Cramer that the rules be suspended and House Bill No. 1 be advanced to second reading and read in full. If the motion carries, the bill is advanced to second reading and will be read in full at this time. It will take a two-thirds majority vote to suspend the rule. A vote 'Aye' advances the bill; a vote 'No' leaves the bill in possession of the Committee on Elections and Privileges."

POINT OF INFORMATION

Mr. Hamblen:

"Mr. Speaker, point of information. Is this a committee bill?"

The Speaker:

"Yes, it is."

POINT OF ORDER

Mr. Hamblen:

"Mr. Speaker, point of order. According to the rules, then, the bill must pass to second reading and be read in full at this time. It would automatically pass to second reading because it is a committee bill."

The Speaker:

"The policy has been that a committee bill does automatically pass to second reading. However, you will recall that all executive request measures are presented to the House as Committee on Rules and Order bills, and the bills are then referred to the proper committees, although they are Committee on Rules and Order bills.

"I will explain further for the understanding of all members of the House. A Committee on Rules and Order bill does not mean that the total Committee on Rules and Order are unanimous on that measure. It is merely that the Committee on Rules and Order handles all executive measures as its bills to bring the bills before the
House, and they are then referred to the proper committee dealing with the subject matter of the bill for consideration. In essence, if these Committee on Rules and Order bills covering executive measures were like other committee bills, they could not be introduced without the unanimous vote of approval of the Committee on Rules and Order.

"This is the way these executive request measures were handled in the last session, and in previous sessions. They do not automatically advance to second reading, as the members of the Committee on Rules and Order are not bound to support a measure that comes out as a Committee on Rules and Order bill. However, regardless of the style of the motion now before the House as to whether or not this bill goes on second reading, if Mr. Cramer's point were well taken, the bill would still be in possession of the Rules Committee, and would take a two-thirds vote to put it on the calendar on second reading at this moment."

Mr. Cramer closed the debate on his motion to suspend the rules and advance House Bill No. 1 to second reading.

The Speaker:

"A vote 'Aye' will suspend the rules and advance House Bill No. 1 to second reading; a vote 'No' will leave the bill in the possession of the Committee on Elections and Privileges."

The Clerk called the roll, and the motion by Mr. Cramer to advance House Bill No. 1 to second reading was lost by the following vote: Yeas, 43; nays, 51; absent or not voting, 5.

Those voting yea were: Representatives Anderson (B. Roy), Anderson (Dr. R. Wm.), Ashley, Babcock, Bassett, Chervenka, Christensen, Clark, Comfort, Cory, Cramer, Eaton, Foster, French, Griffith, Hamblen, Hanks, Harley, Hartung, Isenhart, Jones, Judd, Kinnear, Lauman, Lennart, Loney, Lyman, Malloy, Mason, McCoy, Meddins, Meenach, Miller, Montgomery, Morrison, Raugust, Schumann, Shadbolt, Sisson, Taft, Thompson, Wintler, Zent—43.

Those voting nay were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Atwood, Behm, Beierlein, Bernethy, Boede, Bourke, Callow, Carslay, Cheatham, DeLaney, Dore, Drange, Ewert, Fairchild, Gallagher, Goucher, Hall, Hansen, Harman, Hodde, Hofmeister, Hurley, Johnston (Levy), Johnston (Geo. H.), Kehoe, Martin (Clarence D.), Martin (Fred J.), McMonagle, Murphy, Nunamaker, O'Brien, Oldershaw, Pearson, Pennock, Pitt, Rosellini, Savage, Shimek, Simpson, Smith, Tisdale, Twidwell, Underwood, Van Buskirk, Vane, Willoughby, Winberg, Young, Mr. Speaker—51.

PRESENTATION OF PETITIONS, MEMORIALS AND REMONSTRANCES
ADDRESSED TO THE LEGISLATURE

COPY

Olympia, Washington, March 1, 1944.

Honorable Arthur B. Langlie, Governor,
Honorable Victor A. Meyers, President State Senate,
Honorable Edward J. Reilly, Speaker of the House,
Members of the Extraordinary Session,
Olympia, Washington.

The Veterans Organizations State Commanders Association of the Department of Washington which includes the Commanders of the following Veteran groups: United Spanish War Veterans, American Legion, Veterans of Foreign Wars and the Disabled American Veterans herewith transmit the program and conclusions of their several organizations as follows:

Because of Legislation now being enacted by the Federal Government intended to furnish all members of the Armed Forces now being discharged due to injury, illness and all other disabilities, with all protection and benefits to which they are entitled as well as their deceased and missing comrades, widows, orphans and dependents.

And further our State of Washington Veteran Benefit laws are adequate for the needs of the present, and will suffice in all respects until the next regular session of the legislature to convene in January, 1945. Also local communities and municipalities are making every opportunity available for all returning service people where their jurisdiction has a place.

Our Veteran organizations and their Commanders association have in mind a complete and full covering program to present at the next regular session when we will be fully prepared by our further findings and knowledge of the need of our citizens now in the Armed Forces, who will not be returning in large numbers until victory is complete.

Your Commanders Association and Veteran organizations feel that this extraordinary session of the Legislature should only consider the Legislation which it has been called to enact. Namely, to enact such amendments and changes to the election laws of the State to enable and insure members of the Armed Forces the opportunity and privilege of voting.

Yours very sincerely,

Dr. R. L. Ghering,
Commander Veterans Foreign Wars,
Department of Washington.

Fay T. Riggs,
Commander Disabled American Veterans,
Department of Washington.

William M. Brown,
Commander Disabled American Veterans,
Department of Washington.

HILLYARD POST NO. 1474 VETERANS OF FOREIGN WARS REQUEST THAT MEN OF WORLD WAR NO 2 BE PUT ON A PARITY ON THE SOLDIERS AND SAILORS FUND WITH VETERANS OF OTHER WARS IF RESIDENTS OF THE STATE OF WASHINGTON

W J WALLACE DEPT LEGISLATIVE OFFICERS VFW

WHEREAS: the lives of many residents of the State of Washington have been interrupted by the necessity of their services in the Armed Forces of our Country in this war, and each of them is making physical, mental and economic sacrifices far in excess of those fortunate enough to remain at home following civilian pursuits, and
WHEREAS: after suffering the rigors of service in various foreign climes, these members of the Armed Forces of our Country will eventually be returned to Civil life in a more or less exhausted condition, handicapped by the passage of time and a deterioration of their health and their former skills and in many cases by the disappearance of their former jobs, and

WHEREAS: these people will be in need of the means of taking a certain amount of vacation during which they will have the opportunity to reestablish homes broken by their service, to provide themselves with suitable civilian clothes and equipment to reestablish their former skills and fit themselves for the pursuit of civilian occupations, and

WHEREAS: these things will be very costly, employment will be difficult for most of them to find immediately, and these people will very soon after their discharge from the service be in financial difficulties, the amount of mustering-out pay to be granted by the Federal Government being inadequate, and

WHEREAS: in recognition of similar circumstances following the last war and in appreciation of the sacrifices made and the services rendered to the State, the State of Washington did then appropriate a sum of money and distribute it to the residents of the State who had honorably served in that war, and

WHEREAS: it is only fair that the State of Washington should treat the Veterans of this War at least as well as they did the Veterans of the last War who were given a Bonus of $.50 for each day in the service between the outbreak and the close of the war: now therefore be it

Resolved: that this State of Washington should follow established precedent and pay a Bonus of $1.00 per day for each day spent in the Armed Forces of our Country after December 7, 1941 to the date of the final conclusion of Peace, and that in recognition of the extreme hazard and unhealthy conditions encountered in this war in overseas service that the Bonus to be paid to persons whose service included overseas duty should be $1.50 per day for each day spent beyond the continental limits of the United States except that no Bonus of any kind be paid to any member of the Armed Forces who requested and accepted release from the Armed Service to again enter into civilian employment and be it further

Resolved: that the promotion of this proposition should be the Paramount legislative objective of the Department of Washington, Veterans of Foreign Wars of the United States until its final adoption by the Legislature of the State of Washington or by the People by initiative action.

MOTION

On motion of Mrs. Kehoe, Rule 20 was suspended.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

On motion of Mr. Pennock, the Chief Clerk was directed to prepare a letter of thanks to the British Information Service for the showing of their films in the House Chamber last night.

Resolution by Mr. DeLaney:

Be It Resolved by the House of Representatives of the State of Washington
In Legislative Session Assembled:

WHEREAS, The men and women in our armed forces on the fighting fronts are defending our democratic rights and privileges to live as free peoples and to enjoy the benefits a democracy can provide;

WHEREAS, All these who are fighting and dying have not been provided with an opportunity for such rights, and among these rights the one of franchise; and

WHEREAS, This House of Representatives intends to fulfill its patriotic duty to provide legislation that will insure the right of franchise for our own state's armed forces we recognize that well over half of the other such states have not provided such assurance; that dissimilar election laws and procedures will create confusion in the mechanics of handling the vote in each battle zone and cantonment; that simple, adequate voting methods will insure the saving of their valuable energy and time; and that meeting the desire of the members in the armed forces to exercise their right of franchise will augment their morale and thereby speed the day of victory over our common enemy;

Now, Therefore, Be It Resolved, That the House of Representatives of the State of Washington in legislative session assembled, go on record as favoring the passage by the National Congress of a bill to distribute ballots to members of the armed forces whose qualifications shall be determined by Congress under the Constitution of the United States.

Mr. DeLaney moved the adoption of the resolution.

Debate ensued.

Mr. DeLaney yielded to questions of several members, during which a point of order was raised.
Mr. Armstrong (H. C.):

"Mr. Speaker, point of order. I believe this debate going on between the members, which is not addressed to the Chair, is out of order."

The Speaker:

"The point is well taken."

The Speaker declared the motion carried on a voice vote.

Division was called for.

Mr. Armstrong (H. C.):

"Mr. Speaker, point of order. Is the call for a division in order after the result of the voice vote is announced?"

The Speaker:

"No. You will have to appeal from the decision of the Chair."

No appeal from the decision of the Chair was taken.

Resolution by Mr. Savage:

Be It Resolved by the House of Representatives of the State of Washington
In Legislative Session Assembled:

WHEREAS, The world is at present engaged in a titanic struggle wherein the forces of democratic governments are struggling against the forces of Axis imperialism; and

WHEREAS, We of the State of Washington are aware of the people's aspirations for freedom and democracy which can best be realized on the basis of the people's right of self determination; and

WHEREAS, The United States of America has, by the declaration of the Atlantic Charter, guaranteed to the people the right of self determination; and

WHEREAS, The reactionary forces within the Yugoslav Government-in-Exile have employed undemocratic and subversive methods in order to achieve divisive and undemocratic government in post-war Yugoslavia; and

WHEREAS, The National Anti-Fascist Liberation Council, under Provisional President Ribar and the military leadership of Marshal Tito, has gallantly resisted the Axis invasion from without and the reactionary forces of the dictatorial Yugoslav government from within; and

WHEREAS, The fighting resistance of the liberty loving people of Yugoslavia has pinned down sixteen divisions of German troops which otherwise could have been thrown against our own troops in Italy, thereby saving the lives of thousands of American boys; and

WHEREAS, The forces of Marshal Tito are paving the way for the coming invasion of the Balkans thus saving the lives of additional thousands of our troops;

Now Therefore Be It Resolved, That the House of Representatives of the State of Washington support the President of the United States in the struggle for a full and final victory; and

Be It Further Resolved, That the Yugoslav Government in Exile be condemned for its subversive and divisive propaganda, and that the National Anti-Fascist Liberation Council and Marshal Tito be commended for their inspirational struggle for freedom and democracy; and

Be It Further Resolved, That the House of Representatives of the State of Washington call upon the Government of the United States to provisionally recognize the Provisional Government of Liberation as the agency of democratic Yugoslavia in our common struggle against the Axis, and thus make it possible for the Balkan people to determine their own future in their political, economic and cultural life by guaranteeing to them the true democratic processes in their national affairs;
FOURTH DAY, MARCH 2, 1944

Be It Further Resolved, That copies of this resolution be sent to the President of the United States, Secretary of State Hull, and the secretaries of the United States Senate and House of Representatives.

PERSONAL PRIVILEGE

Mr. Martin (Fred J.):

"Mr. Speaker, I would like to speak on a point of personal privilege to this Legislature during this special session before we start on our calendar of bills. This calendar will probably finish the business of this House, as there are very few bills left. This is the program we are going to pass as this session draws to a close.

"When this special session was called by the Governor, immediately there was agitation for a short session. Many thought we should come down here and pass only the service man's vote bill and then go home. Unfortunately, some members even went so far as to sign a pledge that they would consider only the one bill and then adjourn. As I stated on the floor here a few days ago, I do not believe such members can truly represent the people of this state. In the Governor's message to the Joint Session of the House and Senate in this Chamber on the opening day, he did not in so many words, but by implication he asked us to, consider but the one bill and then adjourn.

"There has been a growing tendency for several years for the Legislature to delegate much of its power to the executive branch of the government. That is entirely wrong, and if that movement is persisted in, the day is not far distant when all of the functions of the legislative branch of our state government will be taken over by the executive branch. When that occurs, true democratic form of government will die in this state.

"Mr. Speaker, in order to bring out the point that I am attempting to make, I ask that the reading clerk read a short excerpt from a public document. I ask that he
Mr. Underwood moved that the reading clerk be instructed to read the document mentioned by Mr. Martin.

**RULING BY THE SPEAKER**

The Speaker:

"The Speaker will have to rule the motion out of order, Mr. Underwood, unless you move that the House give unanimous consent. Mr. Martin asked to speak on a point of personal privilege, and the rule specifically states that to read a paper it takes the unanimous consent of the House."

Mr. Underwood moved that the House by unanimous consent allow the reading of the document.

The Speaker:

"It is moved and seconded that the House give unanimous consent to have the reading clerk read from the public document."

**POINT OF ORDER**

Mr. Murphy:

"Mr. Speaker, point of order. Rule 30 states the matter shall be decided by a vote of the House. Does that imply that a majority vote will carry the motion?"

The Speaker:

"I will interpret the ruling that it will take the unanimous consent of the House unless it is put to the vote."

Mr. Murphy:

"Mr. Speaker, may I make a substitute motion?"

The Speaker:

"Yes, you may."

Mr. Murphy:

"Mr. Speaker, I move as a substitute motion that the matter mentioned by Mr. Martin be read."

The motion was lost on a voice vote.

EXPLANATIONS OF VOTES

Mr. Mason:
“I voted 'No' on Substitute House Bill No. 2 for the controlling reason that the extraordinary session was called for the single purpose of enacting an emergency soldiers' vote law. To allow other legislation to go through would be to use the matter of soldiers' voting as an excuse for promoting other legislation and other interests, much of which was previously considered at the regular 1943 Session, and all of which can and should be presented at the next regular session, after due planning and with an opportunity for a study of its full effect on the State of Washington.”

4. PUBLIC AIR RAID SIGNAL. Immediately upon receipt of an air raid (red) warning, civilian defense authorities shall cause a public air raid signal to be given (as defined in subsection 1 (a) of Section I) within the area affected by said message if an air raid warning has theretofore been given and has not yet been followed by an all clear signal in the area affected.

Section III—PROHIBITED LIGHTING

1. BLACKOUTS. Subject to the exceptions provided in Section IV hereof, immediately upon the commencement of a blackout period, every person in control of the lighting within an area of air raid alarm shall extinguish all lighting which is visible from out-of-doors, or shall completely obscure such lighting so that it is no longer visible from out-of-doors, and shall keep such lighting extinguished or so obscured until such blackout period is ended.

2. LIGHTING AFFECTED. The provisions of this Section III apply to lighting or illumination of every description which is visible out-of-doors regardless of the purpose or cause of the light, subject only to the exceptions provided in Section IV hereof.

3. VIOLATION. Any lighting remaining visible out-of-doors contrary to the provisions hereof shall prima facie constitute a violation of the regulations.

4. UNATTENDED LIGHTING. Persons in control of lighting shall not permit any such lighting visible from out-of-doors to be maintained or left unattended at any time during hours of darkness, subject to the exceptions provided in Section IV hereof. Lighting shall be deemed to be unattended within the meaning hereof unless it is left under the control of a competent person who has undertaken responsibility for such lighting and who can extinguish or control such lighting as required by this Section III or unless the lighting is controlled by a mechanical device competent to control such lighting as required herein. Persons in control of lighting shall be responsible for the timely and proper functioning of any such mechanical device relied upon for the control of lighting.

Section IV—PERMITTED LIGHTING

1. GENERAL. Subject to the conditions hereinafter stated in respect to each case the lighting specified in subsections two (2) to twelve (12) hereof is permitted to be visible out-of-doors during blackout periods in areas of air raid alarm, and may be left unattended during hours of darkness, notwithstanding the provisions of Section III hereof.

2. LIGHTS IN COMMERCIAL AND INDUSTRIAL BUILDINGS. Incandescent electric lamps lawfully marked "interior blackout—War Department standard," in complying with the specifications therefor expressed in "WAR DEPARTMENT SPECIFICATIONS—BLACKOUTS OF BUILDINGS," may be left burning in commercial and industrial building interiors without the complete obscuration of doors and windows, only if such lamps are installed in accordance with the following specifications:

(a) In any one room, only one lamp shall be permitted for each two hundred (200) square feet of floor area or fraction thereof.

(b) Lamps shall be spaced not less than ten (10) feet apart in each direction.

(c) In hallways and corridors only one row of lamps shall be permitted spaced not less than fifteen (15) feet apart, notwithstanding the provisions of subsection 2 (b) hereof.

(d) Lamps shall be placed at least three (3) feet from any window or other exterior opening in the building which is not completely obscured, and lamps shall not be pointed toward any such window or other exterior opening.

(e) All lamps shall be located or shielded so that they are not directly visible from out-of-doors when viewed from a point above the level of the bottom of the lamp.

3. EXIT LIGHTS. Red exit lights shall be permitted within buildings which are open to the public, provided that all such lights are located or shielded so that no direct rays from such lights are emitted out-of-doors and provided that such lights shall be restricted to not more than one lamp of not more than fifteen (15) watts at each exit or at each turning point in the route to an exit.
4. AUTHORIZED EMERGENCY VEHICLES. Vehicles which are classified as authorized emergency vehicles, as defined in subsection 3 of Section V hereof, when operated in strict compliance with the provisions of said subsection 3 of Section V, may operate during blackout periods in areas of air raid alarm using a red spotlight, normal headlight illumination (on low or depressed beam) and normal rear lights, stop lights and license plate lights as specified by Chapter 189, Laws of 1937, for use when no blackout is in force.

5. AUXILIARY EMERGENCY VEHICLES. Vehicles which are classified and identified as auxiliary emergency vehicles, as defined in subsection 5 of Section V hereof, when operated in strict compliance with the provision of subsection 6 of Section V hereof, may operate during blackout periods in areas of air raid alarm using normal headlamps (on low or depressed beam) with one head lamp shielded or masked as specified in subsection 5 (b) of Section V hereof, and normal rear lights, stop lights and license plate lights as specified by Chapter 189, Laws of 1937, for use when no blackout is in force.

6. FLASHLIGHTS. Flashlights may be used during periods of blackout in areas of air raid alarm, provided that such flashlight shall not be pointed above the horizontal and provided that the lens, cover glass or lamp of such flashlight shall be completely screened with material which is the equivalent, in density and light reduction properties, of three thicknesses of ordinary newspaper in the case of flashlights operated by two (2) dry cell batteries plus one additional thickness of such paper for each additional dry cell battery used in the operation of each flashlight.

7. LANTERNS. Lanterns may be left unattended and may be left burning during blackout periods in areas of air raid alarm for the purpose of marking excavations or obstructions in areas open to the public if such lanterns are equipped with red globes and if they are shielded so that no direct rays from the light source are emitted upward beyond twelve degrees (12°) above the base of the lantern flame, and if such lanterns are spaced not less than ten (10) feet apart.

8. INDUSTRIAL PROCESSES. Light emitted from industrial processes such as furnaces, foundries and kilns where the extinguishment of the light would involve serious difficulties in resuming operations after the blackout, shall be permitted during blackout periods in areas of air raid alarm, provided that the light is shielded, obscured, reduced in intensity and otherwise controlled to as great an extent as may be practicable to reduce to a minimum the amount of light visible out-of-doors and, provided that such light is specifically permitted in writing in advance by or under the authority of the Executive Director, Washington State Defense Council, in respect to each individual case. Steam or smoke shall be reduced to the lowest practicable minimum except where such steam or smoke is used for protective concealment in accordance with plans approved by military authorities.

9. PARKING OF VEHICLES. Vehicles which are required to move to a designated place before parking in accordance with the requirements of subsection I of Section V hereof, may use normal headlamps (on low or depressed beam), tail lights, stop lights and license plate lights (as specified by Chapter 189, Laws of 1937) for use when no blackout is in force until such required movement is completed.

10. RAILROAD LIGHTING. Illumination permitted in connection with railroad operations during blackout periods in areas of air raid alarms is specified in Section VI hereof.

11. LIGHTING OF MILITARY NECESSITY. All lights operated by military or naval authority of the United States are expressly exempted from all the requirements hereof, since they will be governed by military or naval order, and the control of aeronautical lighting and the lighting of vessels, harbors, and waterways being under the control of the United States Civil Aeronautics Administration and the United States Navy are hereby expressly exempted from all the requirements hereof since such regulation will be made through authority of the appropriate enforcement agencies of the United States and the United States Navy.

12. SAVING CLAUSE. All of the provisions of Section IV shall be subject to repeal, change, modification, or addition by order of the Executive Director, Washington State Defense Council, which order shall be approved by the appropriate military authority and the Washington State Defense Council. Such order of the Executive Director, Washington State Defense Council, in respect to any provision or provisions of Section IV of Regulation No. 1 shall not affect, alter, repeal, modify or in any
manner change, any of the provisions of Section IV not included within such order, or any of the other provisions or sections of Regulation No. 1 of the Washington State War Council.

Section V—VEHICLES AND PEDESTRIANS

1. GENERAL RESTRICTIONS. Subject to the exceptions hereinafter provided, during periods and in areas of air raid alarm regardless of whether it is day or night, all persons who are in control of any vehicle, street car, railroad train, ship, boat or animal shall forthwith comply with the requirements of Section III hereof (when applicable), and shall also comply with the following requirements:

(a) All vehicles on any highway, street, road or thoroughfare shall stop and park in a position parallel with and as near as practicable to the nearest outer edge or curb of the highway, street, road of thoroughfare or the shoulder thereof, so as to place the vehicle off the main-traveled portion thereof.

(f) Persons in charge of any ridden or herded animals shall tether or enclose such animals so far as practicable to prevent them from running at large during any period and in any area of air raid alarm.

(g) Notwithstanding the foregoing provisions no vehicle, streetcar, railroad car or train, or any animal shall be left standing in any crossing, intersection or junction of any street, road or highway, or any position which would block traffic or interfere with free access to any bridge, fire hydrant, driveway, hospital, police station, or other emergency depot or area. Nothing contained herein shall operate to limit the authority of any State Patrol officer, peace officer, auxiliary police-man, air raid warden or other authorized person to prescribe the place and manner of parking by the giving of specific directions at the particular time and place involved, and any such direction shall be complied with immediately.

(h) When vehicles or streetcars are stopped, the brakes shall be securely set or the wheels blocked so as to prevent normal movement, and the ignition or controls shall be locked (if a lock is available) to prevent operation so far as practicable, but the door shall not be locked if the vehicle is left unattended.

2. SUSPENSION OF PARKING LAWS. During any period and in any area of air raid alarm, all laws, ordinances and regulations in regard to the parking of vehicles, streetcars, or railroad trains and the lighting thereof, and in regard to parking zones, shall be suspended in so far as they conflict with any of the requirements provided herein. No person shall be held guilty of a violation of any law, ordinance or regulation by reason of the fact that he has left a vehicle, streetcar, or railroad train in a proper position and condition during a period and in an area of air raid alarm as required by the provisions hereof, and has left said vehicle, streetcar, or railroad train in the
same position and condition for a reasonable time, under all the circumstances, after
the termination of said period of air raid alarm.

essential personnel to posts of duty in compliance with specific orders of civilian defense
authorities, or when returning to a dispatching station to receive further emergency

7. EMERGENCY VEHICLE PERMITS. The written emergency vehicle permits referred to in subsection 5 of Section V hereof shall be displayed on the windshield of the vehicle, during and only during the period of air raid alarm and for such period thereafter as emergency traffic restrictions might otherwise limit the movement of such vehicles. Such permits shall be issued by or under the authority of the Executive Director, Washington State Defense Council, to cover such vehicles as are certified by civilian defense authorities to be necessary within their respective jurisdictions to assure the proper conduct of the emergency operations described in subsection 6 of Section V hereof. Such permits may also be issued to officers or enlisted personnel of the United States Army or Navy, by or under the authority of the Commanding General, Western Defense Command and Fourth Army, or the Commandant of the Thirteenth Naval District. All such civilian permits shall be subject to review and revocation by the issuing authority at any time.

Section VI—REGULATIONS CONCERNING RAILROADS

1. RESPONSIBILITY FOR WARNINGS. It is the responsibility of each railroad company to make the necessary arrangements with civilian defense authorities to obtain necessary information of yellow, blue, red and white air raid signals, and to establish their own communications to notify the necessary railroad personnel when such communication is necessary to supplement the regular air raid warning system.

2. OPERATIONS OF RAILROADS. Subject to the provisions hereinafter expressed, railroad trains shall continue to operate as nearly in accordance with normal standards as possible during blackout periods and periods of air raid alarm. Because of the time required to put such measures in effect, all hoods as specified in subsections 7 and 8 of Section VI shall remain affixed at all times, and window shades shall be drawn on all passenger cars from sunset to sunrise, whether or not a blackout period is in force. Immediately upon the receipt of a yellow air raid warning it is the responsibility of each railroad company to transmit said warning by the fastest
available means of communication to personnel in charge of trains operating in or approaching the area of air raid alarm so that all light control requirements specified herein in respect to locomotives, cars and trains shall be put into effect immediately upon commencement of the blackout period.

3. Light Control. During blackout periods in areas of air raid alarm, illumination in connection with railroad operations shall be permitted, extinguished or controlled as provided in subsections 4 to 16, inclusive hereof.

4. Signal Lights. All signal lights essential to safe operation will be continued in service during blackout periods.

5. Passenger Cars. All passenger coaches, pullman, dining, lounge, club, observation and other passenger cars shall be shielded so that no light is visible from out-of-doors, except that vestibule ceiling lights in vestibules of passenger cars, equipped with type S-15 watt, 34 volt medium base, amber-orange lamp with one-half square inch of clear glass at bottom of the globe, may be left at all times without any special shielding of the vestibule.

6. Mail and Baggage Cars. Mail, express and baggage cars shall be shielded so that no light is visible from out-of-doors during blackout periods in areas of air raid alarm. To blackout full Railway Post Office cars and mail compartments of other cars, use may be made of S. P. Blackout Panels for Postal windows approved November, 1942, by the General Superintendent of Railway Mail Service, Washington, D. C.

7. Other Train Lights. Marker lights on railroad trains shall remain in operation, but they shall be hooded to reduce the upward light to a minimum. Illuminated signs on trains must be extinguished during blackout periods in areas of air raid alarm.

8. Locomotives. Locomotive headlights must be hooded so as to reduce to a minimum the amount of upward light and the light normally cast along the side of the right of way, and such headlights shall be operated on dimmer control; backup headlights shall be hooded in accordance with the requirements for headlights, and may be operated as required if the beam candlepower is no greater than that of the headlight on dimmer control; gauge and classification lights shall remain in operation but shall be hooded so as to reduce the upward and outward light to a minimum; cab deck lights shall be extinguished; enginemen's cab reading lights shall be hooded to reduce the amount of upward and outward light to a minimum, and shall be extinguished except when actually required to read orders or schedules; stack lights shall not be used except in tunnels or snow sheds; and enginemen shall avoid popping of locomotives and must control the flash from the fire boxes to reduce the amount of upward and outward light to a minimum.

9. Electric Locomotives. Power shall be shut off at gaps in third rail, crossovers and other points where arcing might occur; power shall be shut off on locomotives or other rolling stock equipped with overhead collectors at section breaks where trolley construction is such that continuous contact is not maintained between overhead collectors and trolley wire; and when lowering overhead collectors all power shall be shut off.

10. Freight and Work Trains. Lights in all cabooses, and living quarters of work trains, must be extinguished or shielded so that no light is visible from out-of-doors.

11. Emergency Repairs. Emergency repair and wrecking crews may continue such operations as are immediately necessary to restore transportation service, and may use the minimum amount of light required for such operations during blackout periods, provided that all lights shall be shielded so that no direct rays from any light source are emitted above the horizontal, except when an actual air raid is in progress in the vicinity in which event all lights shall be extinguished except such lights as are permitted in Section IV hereof.

12. Flagging and Signaling. During blackout periods in areas of air raid alarm, flagging will be performed only with red lanterns and torpedoes so far as possible; fuses must not be used unless and to the extent absolutely essential for safety; normal switchmen's and trainmen's hand lanterns may be used for necessary signaling, but care must be taken to keep overhead signals to a minimum and such lanterns shall be extinguished or kept under cover so that they are not visible from out-of-doors when not actually in use for signaling. Acetylene hand lamps must not be used.

13. Action During Raid. When an actual raid is occurring in the immediate vicinity, train crews will endeavor to clear the main track at the first available
siding, and shall stop the train and extinguish all headlights, backup lights and
gauge, classification and reading lights until the raid is over; all switch engines in
yards will move into the clear, stop and extinguish all lights; and all repair and
wrecking crews shall extinguish all lights and take shelter; provided, however, that
illumination which is permitted generally under Section IV hereof shall also be per-
mitted as required by railroad crews during air raids.

14. INSPECTION AND SERVICING. Filtered flashlights, as specified in Section IV hereof,
may be used as required for work which is necessary to maintain scheduled opera-
tions, such as car and engine inspection, oiling, coalage, watering and sanding. Care
must be exercised to keep upward light to a minimum, and all lights must be ex-
tinguished or covered when not actually required for operations. Fixed lights on
sandhouses, oiling, coalage, and watering stations and similar service facilities may
be operated during blackouts only when and to the extent required for servicing
operations which are immediately necessary for the safe maintenance of scheduled
operations, provided that all such lights shall be shielded so that no direct rays from
any light source are emitted above the horizontal out-of-doors.

15. STATIONS AND OTHER BUILDINGS. All buildings in connection with railroad
operations, including but not limited to stations, offices, warehouses and freight sta-
tions, shall be governed by Sections III and IV hereof, except for the service facilities
referred to in subsection 14.

16. ADDITIONAL INSTRUCTIONS. It is contemplated that the various railroad com-
panies will issue additional instructions and detailed specifications to enable their
personnel to comply with the foregoing requirements and to institute such other
practices and procedures consistent therewith as may be necessary for safety during
blackout periods and periods of air raid alarm.

Section VII—ENFORCEMENT AND PENALTIES

1. INSIGNIA AND PERMITS. All persons are forbidden to wear, exhibit, use, manu-
facture, sell, or offer to sell, any arm band, badge, uniform, pennant, permit, identifi-
cation card or other identification or credential embodying any official insignia pre-
scribed by the Director of the Office of Civilian Defense or prescribed for the Aircraft
Warning Service, or any permit provided for herein, or any simulation or adaptation
hereof, or to cause any of such things to be done, unless lawfully authorized so to do.

2. FALSE AIR RAID SIGNALS. All persons are forbidden to order, alter, publish,
sound or simulate in any manner, any air raid warning or signal or all clear message
or signal, or to cause any of such things to be done unless ordered or authorized
to do so by or under the authority of the Secretary of War or his representatJ,ives.

3. PENALTIES. Every person who violates any provision of this act, or any rule,
regulation, order or direction issued by the Washington State War Council, shall be
guilty of a misdemeanor.

REGULATION NO. 2 OF THE WASHINGTON STATE WAR COUNCIL

June 2, 1943

RELATIVE TO ENFORCEMENT OF LIGHTING RESTRICTIONS

Under authority vested in the Washington State War Council by chapter 200,
Laws of 1943, and by chapter 241, Laws of 1943, the Washington State War Council
does declare the following facts and does promulgate the following regulations.

Chapter 241, Laws of 1943, authorizes and empowers the Washington State War
Council to carry out precautionary measures (including lighting) against air raids
and other forms of attack and said aforesaid Acts further require the law enforce-
ment authorities of the state and the political subdivisions thereof to enforce the orders, rules and regulations issued pursuant to such grant of authority.

On August 5, 1942, J. L. DeWitt, Lieutenant General, United States Army, by virtue of the authority vested in him by the President of the United States and by the Secretary of War, and by his powers and prerogatives as Commanding General of the Western Defense Command, issued Public Proclamation No. 10, relating to the restriction of lighting within certain areas, including a part of the State of Washington, and on October 10, 1942, the said Lieutenant General J. L. DeWitt issued Public Proclamation No. 12 amending Public Proclamation No. 10; and said Public Proclamation No. 12 incorporated lighting restrictions which in part and as hereinafter provided applied to the State of Washington.

Public Proclamation No. 12 as heretofore referred to in its application to the State of Washington recited as follows:

1. The present situation requires as a matter of military necessity that a Zone of Restricted Lighting be established within Military Areas Nos. 1 and 2, and that illumination within said Zone of Restricted Lighting be extinguished or controlled in such manner and to such extent as may be necessary to prevent such illumination from aiding the operations of the enemy.

2. Pursuant to the determination and statement of military necessity in Paragraph 1 hereof, a Zone of Restricted Lighting, as particularly described in Exhibit A hereof, and as generally shown on the map made a part hereof and marked Exhibit B, is hereby designated and established. Illumination within the entire area of said Zone of Restricted Lighting shall be extinguished or controlled at all times at night from sunset to sunrise, as follows:

(a) Signs, Floodlighting, Display and Interior Lighting. Illuminated signs and ornamental lighting of every description which are located out-of-doors, and floodlighting which illuminates buildings or signs (including but not limited to all exterior advertising signs, billboards, display lighting, theatre marquee signs, illuminated poster panels, and building outline lighting), and all interior light sources (as hereinafter defined) which emit direct rays above the horizontal out-of-doors, shall be extinguished. The words, "light sources," as used herein are intended and shall be construed to mean and include any light generating elements and the bright portion of any reflector, lens, luminaire, transparency, or other equipment associated herewith for the control or diffusion of light. This Section 2 (a) shall not apply to illumination for industrial or protective purposes except to the extent provided for in Section 2 (b) hereof.

(b) Illumination of Outdoor Areas: Street and Highway Lights. Illumination of outdoor areas and industrial and protection illumination, shall be controlled as follows:

(1) Except as provided in Section 2 (b) (2) hereof, illumination on all outdoor areas (including but not limited to automobile service station yards, outdoor parking areas, recreation areas and outdoor structures and roofs) shall not exceed one foot candle at any point when measures on a horizontal plane at any level of such outdoor areas, and all outdoor light sources shall be shielded so that no direct rays from the light source are emitted above the horizontal. All interior lighting of every description shall be reduced or controlled so that it does not contribute more than one foot candle of illumination upon any outdoor area. All street and highway lights shall also be shielded so that each light course emits no more than ten per cent of its total lamp lumens at angles above the horizontal. Provided, the foregoing requirements are met, any further reduction or extinguishment of street or highway illumination which would unnecessarily aggravate traffic hazards is not required.

(2) Variations from the foregoing requirements shall be permitted in the case of illumination for industrial and protective purposes, and from industrial processes, whether interior or exterior, but not including street or highway lights, only when and to the extent that it is necessary to vary from such requirements in order to achieve and maintain maximum efficiency; but only with the written approval of the Ninth Regional Civilian Defense Board, obtained in advance.

(c) Traffic Signs and Signals. Illuminated signs and signals which are authorized or maintained by governmental authority for the purpose of con-
trolling or directing street or highway traffic shall be shielded so that no direct rays from the light source are emitted above the horizontal in respect to lights mounted ten feet or more above the ground or above an angle of more than six degrees above the horizontal in respect to lights mounted less than ten but not more than three feet above the ground, or above an angle of more than twelve degrees above the horizontal in respect to lights mounted less than three feet above the ground. Relative variations in the upward limit of light are permissible to compensate for grades.

(d) Navigation and Railroad Lights. Authorized lights necessary to facilitate air or water navigation, authorized railroad signal lights, and headlights of railroad locomotives when in motion, are hereby excepted from all the provisions of this Proclamation.

3. In addition to the restrictions hereinbefore imposed, illumination within that part of the Zone of Restricted Lighting which is visible from the sea, as hereinafter, shall be further diminished or obscured at all times at night from sunset to sunrise, as follows:

(a) Streets, Highway and Traffic Lights. Street and highway lights, and illuminated signs (but not signals) which are authorized or maintained by governmental authority for the purpose of controlling or directing street or highway traffic and which are visible from the sea, shall be so shielded that they are not visible from the sea at night and so that no direct rays from the light source are emitted above the horizontal.

(b) Residential, Commercial and Industrial Windows. No lighting shall be permitted behind windows or glazed doors visible from the sea unless they are covered by drapes or shades.

(c) Street and Highway Traffic. Within areas visible from the sea, but subject to the exceptions hereinafter stated, vehicles shall operate at night with no more than two lighted driving lamps, regardless of the direction of travel, and each such lamp shall provide a maximum of not more than 250 beam candlepower. Normal rear lights, license plate lights and clearance lights (where required by law) are permitted. Vehicles which are classified as authorized emergency vehicles under the applicable Federal, State or local law, when operated by authorized personnel, and when displaying an illuminated red spotlight, and when responding to a fire alarm, or when in the immediate pursuit of an actual or suspected violator of the law, or when going to or transporting a person who is in apparent need of emergency medical or surgical care, or when responding to some other emergency involving the protection of life or property, shall be excepted from the foregoing provisions.

(d) Industrial and Protective Illumination. Light sources for industrial purposes and lights from industrial processes within areas visible from the sea, shall comply with the requirements of Section 2 (b) hereof, and shall also be shielded so that they are not visible from the sea at night; provided, that variations from these requirements may be permitted in the case of illumination for industrial and protective purposes, and from industrial processes, whether interior or exterior (but not including street or highway lights), only when and to the extent that it is necessary to vary from such requirements in order to achieve and maintain maximum efficiency; but only with the written approval of the Ninth Regional Civilian Defense Board, obtained in advance.

(e) Other Illumination. Except as hereinafore provided in this Section 3, all other lights visible from the sea are prohibited at night, including but not limited to light from fires, bonfires, parked cars, flashlights and lanterns.

(f) Definition of “Visible From the Sea.” The phrase “visible from the sea,” as used herein, is intended and shall be construed to mean and include the following: Visible at any time from the waters of the Pacific Ocean, or from the waters of the Straits of Juan De Fuca lying south of a line extending due east from the most southerly point of Vancouver Island and west of a line running due north and south through the easternmost point of the easterly boundary line of the City of Port Townsend, Washington; and solely for the purposes of Section 3 (c) hereof, concerning street and highway traffic, the phrase, “areas
visible from the sea," is also intended and shall be construed to mean and include that portion of streets or highways which may not in fact be visible from the sea but which is within areas generally visible from the sea.

Failure of any civilian to promptly comply with or obey any proper instruction, direction or command of any air raid warden or auxiliary policeman given pursuant to the authority herein conferred shall constitute a crime under the applicable provisions of chapter 200, 241, 242 and 243, Laws of 1943, and when it is necessary to insure the public safety and the preservation of life and property and to prevent a breach of the peace any such air raid warden or auxiliary policeman is empowered to arrest and detain any person who fails to comply with or obey any such instruction, direction or command: Provided, However, That no such air raid warden or auxiliary policeman, if appointed in a city or town, shall exercise any power here conferred outside the territorial limits of the city or town in which he has been appointed, and, if appointed outside of any city or town, no such air raid warden or auxiliary policeman shall exercise any power here conferred except within that portion of the county of his appointment lying outside of any city or town.

REGULATION NO. 4 OF THE WASHINGTON STATE WAR COUNCIL
June 2, 1943

RELATIVE TO PUBLIC GATHERINGS

Under authority vested in the Washington State War Council by chapters 200, 241, 242 and 243, Laws of 1943, the following rules and regulations governing public gatherings are hereby adopted by said Washington State War Council. Said rules and regu-
lations shall become immediately effective in accordance with the terms and pro-
visions of the aforesaid laws of Washington.

Section 1. No public gathering shall be held during the hours of darkness in the
restricted zone of this state (as that term is defined in Appendix A hereof) where, in
the opinion of the Governor of the State of Washington, after he has consulted with
the Commanding General, Northwestern Sector, Western Defense Command, the ex-
pected attendance is such as to possibly endanger a large number of persons in event
of blackout or air raid.

Section 2. No public gathering which increases the normal density of population
in the particular locality or area shall be held in the restricted zone of this state
(as that term is defined in Appendix A hereof) without first obtaining a public gather-
ing permit from the Governor of the State of Washington.

Section 3. No public gathering with more than 5000 persons in attendance,
whether the normal density of population is thereby increased or not, shall be held
in any portion of this state without first obtaining a public gathering permit from
the Governor of the State of Washington.

Section 4. No public gathering, which, due to its nature or location, would tend to
produce an impediment to or limitation upon military traffic on any arterial highway
or essential military road within the state, shall be held without first obtaining a public
gathering permit from the Governor of the State of Washington. The Governor, after
consulting with the Commanding General, Northwestern Sector, Western Defense Com-
mand, shall be the judge of whether such gathering will cause impediment or limitation
of military traffic.

Section 5. No public gathering within three miles of any war production plant,
military or naval installation shall be held without first obtaining a public gathering
permit from the Governor of the State of Washington.

Section 6. Where auditoriums, stadia, arenas, or the like, are used for public
gatherings within the provisions of Sections 2 and 3 of these regulations:

(a) The owners or operators may submit an application for a blanket permit
covering all events where less than 5000 persons will be in attendance. Such
permits shall be valid for three months from the date of issuance. A schedule
of the events to take place in or upon the grounds or buildings of the applicant
must be submitted as an exhibit to the application for such permit and no event
not contained in the said exhibit shall be held unless the Washington State
Patrol has been notified and has approved the holding of the added event. Prior
to the end of the three-month period an applicant may obtain renewal of his
permit by applying in writing to the Governor of the state for such renewal,
and stipulating in the application for renewal that all provisions upon which
the original permit was contingent will be complied with by applicant.

(b) No blanket permits shall be issued for gatherings where an attendance
of 5000 or more is expected. Any such gatherings must be covered by individual
permits.

Section 7. All applications for public gathering permits must be submitted at
least thirty (30) days prior to the scheduled event or events, provided, however, that
no permit will be issued more than three (3) months in advance of the scheduled
event or events.

Section 8. Applications for public gathering permits must be made on an approved
application form which may be obtained from any office of the Washington State
Patrol, and are to be submitted, together with the supporting data and maps, to the
Governor of the State of Washington, Olympia, Washington.

Section 9. Prior to the issuance of a public gathering permit, every applicant for
such a permit shall show to the satisfaction of the Governor of the State of Washington
by means of data inserted in the spaces provided on the approved application form
or by appendices attached thereto, or both, that the following requirements for the
obtaining of a permit will be or have been complied with by said applicant:

(a) All sites of public gatherings for which a public gathering permit is
required in the restricted zone where more than 250 persons shall be in attend-
ance must be equipped at the time of the gathering, with a public address
system capable of reaching all persons present, including those in the parking
areas.
(b) All sites of public gatherings to be held in any portion of the State of Washington outside of the restricted zone and for which a public gathering permit must be had from the Governor of the State of Washington, must be equipped at the time of the gathering, with a public address system capable of reaching all persons present, including those in the parking areas.

(d) A traffic plan must be filed with every application for a public gathering permit setting forth the means and methods which will be provided for routing and controlling the vehicular and pedestrian traffic at said gathering to insure that, in the event of military necessity, no limitation will be imposed on military traffic. There must further be submitted a detailed plan providing for evacuation from the site of said public gathering in the event of an emergency.

(e) There must be filed with every application for a public gathering permit two copies of a map of the area where such gathering is to be held and the surrounding roads and highways for the purpose of indicating that the road net serving the locality is such that no limitation will be placed on military traffic by reason of such gathering.

(f) All sponsors of public gatherings shall cause said gatherings and all things pertaining thereto to comply with such proclamations by the Commanding General, Western Defense Command, as are now in effect or may in the future be issued relating to the restriction of lighting, and with regulations of Washington State War Council.

(g) Every application for a public gathering permit must be accompanied by a plan for precautionary measures to prevent panic.

(h) The sponsor of a public gathering must show that he is ready, able and willing to furnish sufficient private guards or special police at his expense to control the traffic and crowds in and around the area.

(i) A public gathering must have the written approval of the local civilian defense coordinator, or the local Commander of the Civilian Defense Corps where the gathering is to be held.

(j) A public gathering must have the written approval of the chief of police where such gathering is to be held within the limits of an incorporated city or town or the written approval of the sheriff where such gathering is to be held outside the limits of any incorporated city or town.

(c) Submission of the gathering including the premises and persons in attendance and all things pertaining thereto to inspection by duly authorized military or civilian officers upon their request.

Section 11. Upon the filing of an application for a public gathering permit in accordance with the requirements herein contained, the Governor of the State of Washington, after consultation with the Commanding General, Northwestern Sector, Western Defense Command, may withhold or refuse to issue such permit if, in his opinion, such gathering will endanger the persons attending the gathering, the safety of the civilian population of this state, interfere with or impede military operations or movements within the state, or hinder or retard in any manner any industrial or other activity which has a connection with or is related to the war effort of the state or nation.

Section 12. All permits for public gatherings shall be subject to immediate cancellation, without notice, by the Governor where such action is deemed by him to be necessary by reason of the military situation, notwithstanding the stage of preparedness for the gathering, nor in the case of gatherings lasting over a period of successive days, that the project is under way.
SECTION 13. Every holder of a permit for a public gathering is charged with the responsibility for carrying out and enforcing all of the rules and regulations as are herein set forth, together with any additional rules or regulations which may hereafter be promulgated. Failure of the holder of a permit for a public gathering or of any other person to comply with these rules and regulations or with any rules or regulations to be hereafter promulgated shall be cause for arrest and prosecution under section 11, chapter 200, Laws of 1943, providing a penalty of misdemeanor.

REGULATION NO. 5 OF THE WASHINGTON STATE WAR COUNCIL
(Rescinding and Superseding Regulation No. 2)

RELATIVE TO ENFORCEMENT OF LIGHTING RESTRICTIONS

Effective Date: October 10, 1943

Under authority vested in the Washington State War Council by chapter 200, Laws of 1943, the Washington State War Council does declare the following facts and does promulgate the following regulations.

Chapter 241, Laws of 1943, authorizes and empowers the Washington State War Council to carry out precautionary measures (including lighting) against air raids and other forms of attack and said aforesaid Acts further require the law enforce-
ment authorities of the state and the political subdivisions thereof to enforce the orders, rules and regulations issued pursuant to such grant of authority.

On June 2, 1943, the Washington State War Council adopted Regulation No. 2, Relative to Enforcement of Lighting Restrictions, which said regulation has since said date remained in force and effect. Said Regulation No. 2 is herein and hereby rescinded and superseded by this Regulation No. 5 of the Washington State War Council.

Delos C. Emmons, Lieutenant General, United States Army, by virtue of the authority vested in him by the President of the United States and by the Secretary of War and by his powers and prerogatives as Commanding General of the Western Defense Command and Fourth Army has issued Public Proclamation No. 19, effective October 10, 1943, relating to restriction of lighting within certain areas, including a part of the State of Washington.

Said Public Proclamation No. 19, as heretofore referred to, in its application to the State of Washington reads as follows:

Section 1. RESCISSION OF PUBLIC PROCLAMATIONS Nos. 10 AND 12. Said Public Proclamations Nos. 10 and 12, Headquarters, Western Defense Command and Fourth Army, are hereby rescinded as of the effective date of this Proclamation, but this rescission shall not affect any offense committed or penalty incurred under the provisions of said Public Proclamations or any orders issued thereunder.

Section 2. ESTABLISHMENT OF LIGHTING ZONES. The following Lighting Zones within said Military Areas Nos. 1 and 2 are hereby designated and established:

(a) Lighting Zone A, as particularly described in Exhibit 1 and as generally shown on the map marked Exhibit 2, each attached hereto and made a part hereof.

(b) Lighting Zone B, comprising all that portion of Lighting Zone A which is within ten miles from the sea as defined in Section 8(b) hereof.

(c) Lighting Zone C, as particularly described and generally shown in said Exhibits 1 and 2 hereof.

Section 3. EFFECTIVE HOURS. All lighting restrictions hereinafter provided shall be applicable and observance thereof required at all times from one-half hour after sunset until one-half hour before sunrise each night from 1 October to 30 April, and from one hour after sunset until one hour before sunrise each night from 1 May to 30 September.

Section 4. RESTRICTIONS IN BOTH LIGHTING ZONES A AND B. Subject to the exceptions hereinafter provided, during the hours specified in Section 3 hereof illumination within Lighting Zones A and B shall be controlled as follows:

(a) Advertising and Decorative Lighting. Illuminated signs and ornamental, decorative and display lighting of every description which are located out-of-doors, and floodlighting which illuminates buildings or signs, shall be extinguished.

(b) Upward Light. All light sources of every description shall be situated or shielded so that no direct rays from any light source are emitted above the horizontal out-of-doors.

(c) Outdoor Area Illumination. Illumination on any outdoor area shall not exceed one foot candle at any point.

Section 5. ADDITIONAL RESTRICTIONS IN LIGHTING ZONE B. Subject to the exceptions hereinafter provided, during the hours specified in Section 3 hereof, any light source located within Lighting Zone B which is directly visible from the sea, as hereinafter defined, shall be either extinguished or shielded so that it is no longer directly visible from the sea, in addition to the applicable restrictions provided in Section 4 hereof.

Section 6. RESTRICTIONS IN LIGHTING ZONE C. Subject to the exceptions hereinafter provided, during the hours specified in Section 3 hereof illumination within Lighting Zone C shall be controlled as follows:

(a) Upward Light. All Electric incandescent lamps in excess of 100 watts capacity, and all other light sources producing equivalent light intensity, when located out-of-doors, shall be shielded so that no direct rays from any light source are emitted above the horizontal out-of-doors. Any accumulation of light sources located within or above any ten foot square of outdoor ground area shall be deemed to be a single light source, and if the aggregate intensity of such an accumulation of light sources exceeds the limit expressed in the preceding sentence, then all such light sources shall be shielded.
FIFTH DAY, MARCH 3, 1944

(b) Outdoor Area Illumination. Illumination on any outdoor area shall not exceed five foot candles at any point.

Section 7. EXCEPTIONS. Certain exceptions from the foregoing restrictions are made as follows:

(a) Industry, Safety, Health and Welfare. Variations from any of the restrictions of this Proclamation may be permitted by the written approval of the Ninth Regional Civilian Defense Board obtained in advance, but only when and to the extent required to achieve and maintain maximum industrial efficiency, or reasonable safety of persons or property, or to maintain health and welfare, and only to the extent consistent with the requirements of military necessity as determined from time to time by the undersigned. All approvals of lighting variations shall be reported to, and subject to revocation by the Commanding General, Western Defense Command. All approvals presently in effect under the provisions of said Public Proclamation No. 10, as amended by Public Proclamation No. 12, in respect to any illumination within Lighting Zones A, B or C, established herein, shall remain in effect as if reissued hereunder.

(b) Interior Lighting. Upward Light emitted out-of-doors from any light source shall be permitted if the light source is (1) within any building and more than six feet from the nearest window or other opening in the wall of the building, or (2) at any location within a building used primarily as a residence, apartment, hotel or residential club, if all the direct rays emitted above the horizontal out-of-doors are shielded by any customary residential type of lamp shade; but in either case no direct rays from any light source shall be emitted through any skylight, and all indoor light sources within Lighting Zone B shall be shielded so that they are not directly visible from the sea. (See Section 6 for further exception of interior Light sources in Lighting Zone C.)

(c) Recreational Lighting. Outdoor area illumination up to a maximum of thirty foot candles is permitted in any location more than three miles from the sea as hereinafter defined, but only when and to the extent actually required and primarily used for sports or recreation, and when otherwise in compliance with the applicable restrictions of Sections 4 and 5 hereof.

(d) Vehicle Lights. All vehicle lights required by law are permitted; provided, however, that within Lighting Zone B, in areas visible from the sea as hereinafter defined, driving lamps shall be operated only on the low or depressed beam. Authorized emergency vehicles on official emergency missions are excepted from all the restrictions of this Proclamation.

(e) Route and Destination Signs. Illuminated route and destination signs on public carrier vehicles are excepted from all the restrictions of this Proclamation.

(f) Traffic Signs and Signals. Illuminated signs and signals authorized by governmental authority to control or direct traffic are excepted from all the foregoing restrictions; provided, however, that such signals are illuminated by electric lamps of not more than 100 watt capacity or the equivalent, and that the actual light sources illuminating such signs are shielded to comply with Sections 4 and 5 hereof.

(g) Highway Flares and Obstruction Lights. Fuses or similar flares in an emergency, or so-called bomb type flares and warning lanterns, are excepted from all the foregoing restrictions, but only when and to the extent actually and immediately required to warn traffic of obstruction.

(h) Navigation and Railroad Lights. Authorized lights necessary to facilitate air or water navigation, authorized railroad signal lights, and headlights of railroad locomotives when in motion are excepted from all restrictions of this Proclamation.

(i) Street and Highway Lights. All street and highway lights are excepted from the restrictions of Sections 4 and 6 hereof, but they must be shielded so that each light source emits no more than ten per cent of its total lamp lumens above the horizontal and must be controlled so that such light sources contribute no more than three foot candles of illumination at any point upon the ground, and in lighting Zone B must be situated or shielded so that the light sources are not directly visible from the sea as hereinafter defined.

Section 8. Definition. As used herein, the following words and phrases shall have the following meanings:

REGULATION NO. 9 OF THE WASHINGTON STATE WAR COUNCIL
(Ammending Section VI of Regulation No. 1)

RELATIVE TO AIR RAID PROTECTIVE MEASURES
Effective Date: January 22, 1944

Under authority vested in the Washington State War Council by chapter 200, Laws of Washington 1943, the Washington State War Council does declare the following facts and does promulgate the following regulations:
On November 1, 1943, the Washington State War Council adopted Regulation No. 6 whereby all lighting restrictions for dimout purposes theretofore adopted by the Washington State War Council were rescinded with the provision however that the aforesaid suspension should have no effect upon existing or future regulations governing blackouts. In order to rescind all lighting restrictions for dimout purposes in connection with the operation of railroads it is necessary that Section VI of Regulation No. 1 be amended.

Now, Therefore, the Washington State War Council does hereby amend Section VI of its Regulation No. 1, adopted June 2, 1943, to read as follows:

Section VI—REGULATIONS CONCERNING RAILROADS

1. Responsibility for Warnings. It is the responsibility of each railroad company to make the necessary arrangements with civilian defense authorities to obtain necessary information of yellow, blue, red and white air raid signals, and to establish their own communications to notify the necessary railroad personnel when such communication is necessary to supplement the regular air raid warning system.

2. Operations of Railroads. Subject to the provisions hereinafter expressed, railroad trains shall continue to operate as nearly in accordance with normal standards as possible during blackout periods and periods of air raid alarm. Because of the time required to put such measures in effect, all hoods as specified in subsection 8 of Section VI shall remain affixed at all times. Immediately upon the receipt of a yellow air raid warning it is the responsibility of each railroad company to transmit said warning by the fastest available means of communication to personnel in charge of trains operating in or approaching the area of air raid alarm so that all light control requirements specified herein in respect to locomotives, cars and trains shall be put into effect immediately upon commencement of the blackout period.

3. Light Control. During blackout periods in areas of air raid alarm, illumination in connection with railroad operations shall be permitted, extinguished or controlled as provided in subsections 4 to 15, inclusive, hereof.

4. Signal Lights. All signal lights essential to safe operation will be continued in service during blackout periods.

5. Passenger Cars. All passenger coaches, pullman, dining, lounge, club, observation and other passenger cars shall be shielded so that no light is visible from out-of-doors, except that vestibule ceiling lights in vestibules of passenger cars, equipped with type S-15 watt, 34 volt medium base, amber-orange lamp with one-half square inch of clear glass at bottom of the globe, may be left in operation at all times without any special shielding of the vestibule. Lights of higher illumination intensity shall be extinguished in unshielded vestibules.

6. Mail and Baggage Cars. Mail, express and baggage cars shall be shielded so that no light is visible from out-of-doors during blackout periods in areas of air raid alarm. To blackout full Railway Post Office cars and mail compartments of other cars, use may be made of S. P. Blackout Panels for Postal windows approved November 1942, by the General Superintendent of Railway Mail Service, Washington, D. C.

7. Other Train Lights. Marker lights on railroad trains shall remain in operation. Illuminated signs on trains must be extinguished during blackout periods in areas of air raid alarm.

8. Locomotives. Locomotive headlights must be hooded so as to reduce to a minimum the amount of upward light and the light normally cast along the side of the right of way, and such headlights shall be operated on dimmer control; backup headlights shall be hooded in accordance with the requirements for headlights, and may be operated as required if the beam candlepower is no greater than that of the headlight on dimmer control; gauge and classification lights shall remain in operation but shall be hooded so as to reduce the upward and outward light to a minimum; cab decks lights shall be extinguished; enginemen's cab reading lights shall be hooded to reduce the amount of upward and outward light to a minimum and shall be extinguished except when actually required to read orders or schedules; stack lights shall not be used except in tunnels or snow sheds; and enginemen shall avoid popping of locomotives and must control the flash from the fire boxes to reduce the amount of upward and outward light to a minimum.

9. Electric Locomotives. Power shall be shut off at gaps in third rail, cross-overs and other points where arcing might occur; power shall be shut off on locomotives
or other rolling stock equipped with overhead collectors at section breaks where trolley construction is such that continuous contact is not maintained between overhead collectors and trolley wire; and when lowering overhead collectors all power shall be shut off.

10. FREIGHT AND WORK TRAINS. Light in all cabooses, and living quarters of work trains, must be extinguished or shielded so that no light is visible from out-of-doors.

11. EMERGENCY REPAIRS. Emergency repair and wrecking crews may continue such operations as are immediately necessary to restore transportation service, and may use the minimum amount of light required for such operations during blackout periods, provided that all lights shall be shielded so that no direct rays from any light source are emitted above the horizontal, except when an actual air raid is in progress in the vicinity in which event all lights shall be extinguished except such lights as are permitted in Section IV hereof.

12. FLAGGING AND SIGNALING. During blackout periods in areas of air raid alarm, flagging will be performed only with red lanterns and torpedoes so far as possible; fuses must not be used unless and to the extent absolutely essential for safety; normal switchmen's and trainmen's hand lanterns may be used for necessary signaling, but care must be taken to keep overhead signals to a minimum and such lanterns shall be extinguished or kept under cover so that they are not visible from out-of-doors when not actually in use for signaling. Acetylene hand lamps must not be used.

13. ACTION DURING RAID. When an actual raid is occurring in the immediate vicinity, train crews will endeavor to clear the main track at the first available siding, and shall stop the train and extinguish all headlights, backup lights and gauge, classification and reading lights until the raid is over; all switch engines in yards will move into the clear, stop and extinguish all lights; and all repair and wrecking crews shall extinguish all lights and take shelter; Provided, however, that illumination which is permitted generally under Section IV hereof shall also be permitted as required by railroad crews during air raids.

14. INSPECTION AND SERVICING. Filtered flashlights, as specified in Section IV hereof, may be used as required for work which is necessary to maintain scheduled operations, such as car and engine inspection, oiling, coaling, watering and sanding. Care must be exercised to keep upward light to a minimum, and all lights must be extinguished or covered when not actually required for operations. Fixed lights on sandhouses, oiling, coaling, and watering stations and similar service facilities may be operated during blackouts only when and to the extent required for servicing operations which are immediately necessary for the safe maintenance of scheduled operations, provided that all such lights shall be shielded so that no direct rays from any light source are emitted above the horizontal out-of-doors.

15. STATIONS AND OTHER BUILDINGS. All buildings in connection with railroad operations, including but not limited to stations, offices, warehouses and freight stations, shall be governed by Sections III and IV hereof, except for the service facilities referred to in subsection 14.

16. ADDITIONAL INSTRUCTIONS. It is contemplated that the various railroad companies will issue additional instructions and detailed specifications to enable their personnel to comply with the foregoing requirements and to institute such other practices and procedures consistent therewith as may be necessary for safety during blackout periods and periods of air raid alarm.

Adopted and ordered this 22nd day of January, 1944.

Approved as to form:

Assistant Attorney General.

To the Honorable, the Senate and the House of Representatives of the State of Washington:

In compliance with the Provisions of Section 11 of Article III of the Constitution of the State of Washington, I have the honor to submit herewith a list of the commutations and pardons, granted since the date of the report to the Legislature of the 1943 Session.

The power of pardon has been exercised in four instances to remove the stigma of a criminal record from the names of persons who had become involved with the law many years ago and subsequently proved themselves to be good citizens. None of the four were imprisoned at the time the pardon was issued.

Under a program worked out by Selective Service and the Board of Prison Terms and Paroles, the power of commutation was exercised in behalf of twenty-two young men who had passed preliminary examinations to make them eligible for induction into military service.

Fourteen of these young men are now serving their country in the armed services. The other eight were unable to pass the induction station examinations. Under a stipulation required by the military, these eight were allowed to remain at large under parole supervision. Three of them were found to have violated the terms of their release so their paroles were revoked.

Resolution by Mr. DeLaney:

Be It Resolved By the House of Representatives of the State of Washington
In Legislative Session Assembled:

WHEREAS, The men and women in our armed forces on the fighting fronts are defending our democratic rights and privileges to live as free peoples and to enjoy the benefits a democracy can provide;

WHEREAS, All these who are fighting and dying have not been provided with an opportunity for such rights, and among these rights the one of franchise; and

WHEREAS, This House of Representatives intends to fulfill its patriotic duty to provide legislation that will insure the right of franchise for our own state's armed forces we recognize that well over half of the other such states have not provided such assurance; that dissimilar election laws and procedures will create confusion in the mechanics of handling the vote in each battle zone and cantonment; that simple, adequate voting methods will insure the saving of their valuable energy and time; and that meeting the desire of the members of the armed forces to exercise their right of franchise will augment their morale and thereby speed the day of victory over our common enemy;

Now, Therefore, Be It Resolved, That the House of Representatives of the State of Washington in legislative session assembled, go on record as favoring the passage by the National Congress of a bill to distribute ballots to members of the armed forces whose qualifications shall be determined by Congress under the Constitution of the United States.

Mr. DeLaney moved the adoption of the resolution.

Debate ensued on the merits of the resolution.

Resolution by Mrs. Behm:

Be It Resolved, By the House of Representatives of the State of Washington in legislative session assembled:

WHEREAS, The war has brought into glaring relief, inequalities in educational opportunity which exist in our nation; and

WHEREAS, The United States Army has rejected an alarmingly large number of selectees for illiteracy; and

WHEREAS, The financing of an equalized program of education on a national basis is impossible by local and state governments alone;

Now, Therefore, Be It Resolved, That the House of Representatives of the State of Washington in extraordinary legislative session assembled, go on record favoring the passage by the National Congress of legislation to provide:

1. Federal aid to the states to enable the states to maintain their schools;
2. That the fund be distributed among the several states on the basis of objective standards which will be predicated upon the recognition of the relative need among the several states for such aid;
3. That each state be asked to work toward a minimum entrance salary of $1,500 per year for every professionally trained, properly certified teacher in that state; and
4. That each state introduce or extend a sound program of adult education.

Add a new paragraph to be No. 5, as follows:

"That any financial assistance provided to the States, by the Federal Government, should be locally administered by the state school systems."

EXPLANATION OF VOTE

Mr. Cramer:

"I voted 'No' on House Bill No. 14 for the controlling reason that this extraordinary session was called for the single purpose of enacting an emergency soldiers' vote law. In my opinion the attempted passage of other legislation might be considered as taking unfair advantage of the needs of our armed forces for the purpose of promoting other interests which can soon be presented at the next regular session after due planning and with an opportunity for full, free and careful judgment."

MOTIONS

On motion of Mr. Armstrong (H. C.), the rules were suspended and the Chief Clerk was directed to immediately transmit to the Senate all bills, memorials and resolutions passed by the House this day.

On motion of Mr. Zent, the House adjourned to eleven o'clock a.m., Saturday, March 4, 1944.

EDWARD J. REILLY, Speaker.

S. R. HOLCOMB, Chief Clerk.

SIXTH DAY

MORNING SESSION

House of Representatives,
Olympia, Wash., Saturday, March 4, 1944.

The Speaker called the House to order at eleven o'clock a.m.

The Clerk called the roll, and all members were present except Representatives Atwood, Babcock, Dore, Ericksen, Harman, Lauman, Riley (Edward F.) and Twidwell, Representatives Ericksen and Riley (Edward F.) having been excused.

Prayer was offered by the Reverend Claude H. Lorimer, Minister of the First Christian Church of Olympia.

The reading clerk proceeded to read the journal of the proceedings of the
previous day. On motion of Mr. O'Brien, further reading was dispensed with, and the journal was ordered to stand approved.

On motion of Mrs. Kehoe, Rule 20 was suspended.

**PERSONAL PRIVILEGE**

Mr. Hurley:

"Mr. Speaker, my purpose in introducing House Bill No. 19 dealing with libel in relation to the questions of race and religion was solely for the purpose of providing this state with an additional weapon which would help prevent the spread of race and religious hatreds.

"Under the present laws individuals can be compensated if they are attacked as individuals because of race or religion but if they are attacked as a group they have no recourse under the existing laws. For that reason propaganda spreading racial and religious hatreds by attacking groups, both in publications and by speech, has become the popular method. This is especially true of small publications—"

**POINT OF ORDER**

Mr. Cramer:

"Mr. Speaker, point of order. I do not think that anyone in this House can use a point of personal privilege to make a speech on a bill before the House."

The Speaker:

"I think the point is well taken, Mr. Cramer. Mr. Hurley, you have expressed your position in the introduction of the bill, and going into the merits of the bill under a point of personal privilege would be out of order. The point of personal privilege is applicable only when a member of the assembly feels that someone has unjustly challenged his motives. Do you feel some member has impugned your motives, Mr. Hurley?"

Mr. Hurley:

"No, Mr. Speaker, I do not."

The Speaker:

"Then a point of personal privilege on this matter is out of order."

Mr. Tisdale:

"Mr. Speaker, will Mr. Hurley be denied the right to present his views in the journal?"

The Speaker:

"He may spread his remarks on the journal, if he will have them typewritten and handed to the minute clerk."

**Explanation by Mr. Hurley:**

"My purpose in introducing House Bill No. 19 dealing with libel in relation to the questions of race and religion was solely for the purpose of providing this State with an additional weapon which would help prevent the spread of race and religious hatreds.

"Under the present laws individuals can be compensated if they are attacked as individuals because of race or religion but if they are attacked as a group they have no recourse under the existing laws. For that reason propaganda spreading racial and religious hatreds by attacking groups, both in publications and by speech, has become the popular method. This is especially true of small publications representing the thoughts of organizations such as the Ku Klux Klan, the Christian Front, etc. Therefore, I think it is clear that it is the duty of this State to pass laws which will help prevent the spread of this dangerous disease and stop this type of propaganda.

"I am sure that if a bill of the nature of House Bill No. 19 becomes law in this State that it will be a real contribution in the growth and extension of genuine democracy."
SIXTH DAY, MARCH 4, 1944

GOVERNOR'S VETO MESSAGE

March 16, 1944.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, House Bill No. 1, entitled:

"An Act relating to elections and voting in time of war, making an appropriation and declaring an emergency," which I have approved with the exception of Section 29 thereof, which I have vetoed.

Section 29 incorporates a proviso which extends voting hours from eight p.m. to ten p.m., or for a fourteen hour period, instead of a twelve hour period during election day in all of the thirty-nine counties of the state.

While this amendment to the originally prepared bill might convenience some voters in a few counties of the state, it would work a great hardship on the thousands of election board workers who are charged with the responsibility of attending the polling places and tabulating the ballots after the polls close.

Already county officials have experienced great difficulty in obtaining sufficient help to properly serve and safeguard the election process. To increase their working hours, or attempt to recruit additional polling place attendants, would precipitate a most difficult problem for many of the county auditors of the state. In most counties there is no need to keep the polling places open after eight p.m. and the delay thus engendered would be a waste of both time and money.

Naturally, it is desirable to encourage as widespread voting as possible and while the extended hours might make it more convenient for some, the opportunities to vote are not materially enhanced. As a matter of fact, a careful study discloses that the conveniencing of some, would inconvenience many more and under all the circumstances this amendment to the bill is not justified.

My disapproval of the proviso in Section 29 requires that I disapprove the entire section but this will have no effect upon the general purpose of the act as a whole. Section 29, without the proviso, simply announces a rule of statutory construction which will be given effect even in the absence of any express recognition of the rule in the act.

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Resolution by Mr. Riley:

Resolved, That the rules which governed the House of Representatives for the Extraordinary Session of the Twenty-eighth Legislature of 1944 be adopted by this House until permanent rules be adopted, and that the Committee on Rules and Order be authorized and directed to formulate rules for the House for the present session and to act with a like committee from the Senate to formulate joint rules.

On motion of Mr. Riley, the resolution was adopted.

Nominations for Speaker of the House were declared to be in order.

The Chief Clerk recognized Mr. Johnson (Levy).

Mr. Johnson (Levy) of Thurston:

"Mr Chief Clerk, Justice Blake, Members of the Legislature:

"I wish to place in nomination as Speaker of this House a man not only well known to many of us here but well known all through this State and the entire country. I think it is generally recognized that this man is of the highest type and ability and that we are fortunate to have a man of this character and reputation. I am acquainted with the way he has performed in this county and this State to have gained such an honorable reputation. He has given many years of earnest and serious effort to his State before that recognition came.

"It is fortunate for us that he also has had a fine record with this body itself. He has served in previous sessions as Speaker of the House of Representatives. During the 1933 regular session and the 1933 special session of the Legislature he made a fine record. At that time he gained for himself a reputation of fairness and even during those hot times was always just and reasonable. His handling of this chair at that time showed this man to be both open and honest, and also a human being at the same time.

"I feel that a man of this type has demonstrated that he will perform in the same manner in the future, and I am therefore pleased and privileged to nominate as Speaker of this House, the Honorable George F. Yantis."

The Chief Clerk recognized Mr. Comfort.

Mr. Comfort of Pierce:

"Mr. Chief Clerk, Justice Blake, and Members of the House of Representatives:

"I would like to place in nomination before you the name of Mr. Henry W. Cramer of King County. Mr. Cramer is a well known attorney and citizen of Seattle—a man most especially experienced in the kind of work we do here in the Legislature. He was a member of the 1943 and also the special 1944 sessions and as such carried lots of responsibility. Those of us who were members of the House during those sessions remember his outstanding ability and his cooperation with other members of the body. It gives me great pleasure to place in nomination the name of Mr. Henry W. Cramer as Speaker of the House of Representatives."

The Chief Clerk recognized Mr. Waldron.

Mr. Waldron of Spokane:

"Mr. Chief Clerk, Honorable Justice Blake, and Members of the Twenty-ninth Session of the House of Representatives of the Legislature:

"I can say that I am in full accord and concur in the remarks made by the distinguished gentleman from Thurston, Mr. Johnson. My memory takes me back today twelve years when I first came to Olympia as a member of this House. There are a good many here who were members during that session and they remember problems that confronted us in those times. Those who were not members in 1933 remember just as well as we do the trying times that confronted us. We are gathered today as members of this Legislature in times that probably are more trying than they were in 1933 because the entire world is enveloped in bitter warfare. But in the 1933 session I had the opportunity to observe and to serve under the man whose nomination I desire
to second. I found him at all times fully capable and able to handle whatever situation confronted him. I found him at all times a fair gentleman. I know that each and every member here who knows Mr. Yantis knows that he possesses the full ability, integrity, honesty, and all of the other qualifications that go to make a good Speaker. It is indeed a pleasure and a privilege, I assure you, Ladies and Gentlemen of this House, knowing Mr. Yantis as well as I do, having served under him, and knowing how he can conduct the Speaker's chair, to second his nomination.”

The Chief Clerk recognized Mr. Martin (Fred J.).

Mr. Martin (Fred J.) of Skagit and San Juan:

“Mr. Chief Clerk, Honorable Justice, Ladies and Gentlemen:

I second the nomination of George Yantis for Speaker of this Honorable Body. I have known him for many years. He is very well and favorably known all over this nation. He is an outstanding citizen. I served with him two sessions of the Legislature and always found him fair and square. As Mr. Johnson and Mr. Waldron pointed out, he served as Speaker for two sessions, and in that capacity he demonstrated that every member of this House will be treated absolutely square, and that the business of this House will succeed and go forward with the least possible delay. It is with the utmost confidence I second the nomination of George Yantis as Speaker.”

The Chief Clerk recognized Mr. Ashley.

Mr. Ashley of Spokane:

“I wish to concur with the gentleman from Pierce County, Mr. Comfort, in his remarks about Mr. Henry W. Cramer of King County. Mr. Cramer, who was a member in this House during the last session, will be remembered by all as being a good fellow to work with. He is cooperative, responsible, and also of great ability. I second with a great deal of pleasure the nomination of Henry W. Cramer for the office of Speaker of the House.”

The Chief Clerk recognized Mr. Vane.

Mr. Vane of Pierce:

“As Mr. Waldron has aptly said, he served with the gentleman whose nomination I am going to second, and I believe there are about three other members who served in that memorable session. There was a war on then, too, not a military war but an economic and political war, a situation that was trying for all of us, and more for the man who tried to run the affairs of this state as Speaker of the House. As has aptly been said, his leadership and his fairness have been unexcelled, and his ability is unquestioned by anyone in this assembly.

“You remember those very, very trying days, and I know in the next sixty days we shall have a repetition of those days because there are very many important matters coming up before this body, due to the war effort, rehabilitation, and economic matters affecting the war that will have to be taken into consideration, as well as problems immediately following the termination of this war.

“I am proud to represent the eight members of Pierce County who are joining me in making this speech in behalf of George F. Yantis as Speaker.”

The Chief Clerk recognized Mr. Simpson.

Mr. Simpson of Grant and Kittitas:

“Mr. Chief Clerk, Honorable Justice Blake, and Members of the Legislature:

I take great pleasure in seconding the nomination of George F. Yantis as Speaker of the House of Representatives. I have known Mr. Yantis for many years and am well acquainted with his efficiency and ability. I think it is well known that his reputation is known, not only in this State, but also around the whole United States because of his work with the National Resources Planning Board. I was a member of the Legislature during those two sessions when he was Speaker of this House and can also vouch for the fact that he was always fair and honest in his administration of those duties.”

The Chief Clerk recognized Mr. Armstrong.
Mr. Armstrong of King:

"Mr. Chief Clerk, Justice Blake, Members of the House of Representatives:

"There is nothing more I can say about Mr. George F. Yantis other than what has been said. His spirit of leadership did much to unify the Democratic Party and also the cause for which we are here. I, therefore, heartily and wholeheartedly second the nomination of Mr. Yantis for the office of Speaker of this House."

The Chief Clerk recognized Mr. Pennock (William J.).

Mr. Pennock (William J.) of King:

"Mr. Chief Clerk, Justice Blake, Ladies and Gentlemen of the House of Representatives:

"I rise to second the nomination of George F. Yantis as Speaker of this House. In the coming crucial sixty days' session, we need a man of his understanding, intelligence and ability to cope with the difficult problems we will be confronted with. He is the only man in this House who is capable of giving us leadership in the Democratic Party and in the State of Washington during the war and post-war period. Our job is to see that the whole resources of our state, which George Yantis knows so well, are enlisted, expanded and used to the best advantage in the war program, under the administration of President Roosevelt and Governor Wallgren, at the same time coping with the post-war problems to insure continued production and prosperity. There are many problems to solve and until we do this, we cannot hope to rehabilitate our state property, and to continue at a time when our state production must be kept up to its high standards. Because of his experience and many contacts with Social Security work, and because of his understanding that this war effort of ours and need of legislative unity here requires leadership and cooperation of all groups—business, agriculture and labor—and because George F. Yantis, as the other members have said, will conduct this session with fairness and respect to all members—it is a pleasure to second his nomination as Speaker of this House."

The Chief Clerk recognized Mr. Henry (Al).

Mr. Henry (Al) of Benton, Franklin, Klickitat and Skamania:

"Mr. Chief Clerk, Ladies and Gentlemen:

"There is very little I can say to add to the flowing terms so ably said. To serve sixty days under the leadership of George F. Yantis will put us in an enviable light in the entire State of Washington. It is with a great deal of honor I second the nomination of George F. Yantis for Speaker."

The Chief Clerk recognized Mr. Harley.

Mr. Harley of King:

"Mr. Chief Clerk, Justice Blake, and Members of the House:

"As a member of the King County Republican Party it gives me pleasure to second the nomination of Mr. Henry W. Cramer. Mr. Cramer is a man of highest character, a man of great ability—as a citizen of King County has a good record, and also as a member of this Legislature. He is a man with great understanding of the needs of the people. I take pleasure in seconding the nomination of Mr. Henry W. Cramer of King County as Speaker of the House of Representatives."

The Chief Clerk recognized Mr. Waldron.

On motion of Mr. Waldron, nominations for Speaker were closed.

Roy), Ashley, Bassett, Christensen, Clark, Comfort, Cory, Eaton, Foster, French, Griffith, Harley, Hillyer, Hoefer, Isenhart, Jeffreys, Jones (D. Those absent or not voting were: Representative Hamblen—1.

PERSONAL PRIVILEGE

Mr. Cramer:

"I realize under the rules of the House that I cannot make the usual motion to make this unanimous. However, I do want all of the members to know that we, of the Republican party, will cooperate and do everything we can to benefit all of the people of the State of Washington, and I want to congratulate Mr. Yantis publicly at this time, and to say to you that we know he will do a good job."

The Chief Clerk announced that Mr. George F. Yantis, having received the majority vote of the House, was elected Speaker of the House of Representatives.

The Chief Clerk appointed Representatives Riley, Kehoe and Anderson (B. Roy), to escort Mr. Yantis to the rostrum.

Representatives Riley, Kehoe and Anderson (B. Roy) escorted Mr. George F. Yantis to the rostrum where the Honorable Bruce Blake, Justice of the State Supreme Court, administered the oath of office to him.

The Speaker assumed the Chair.

On motion of Mr. Riley, Rule 20 was suspended.

The Speaker addressed the House with the following remarks:

"Ladies and Gentlemen of the House:

"May I say a word on assuming this responsibility. First, may I say that any lack of enthusiasm which may have appeared in my voice as I voted for Mr. Cramer was not intended at all. I was taken by surprise.

"I have a very real sense of responsibility on assuming this position, especially since the situation is so different from that in 1933. When I think that all but five of the majority group were freshmen, so we were all inexperienced together. I find myself here somewhat in the position of a freshman, whereas nearly all of you here have been serving in several sessions during the last few years.

"I wish I could possibly be nearly so good as the words of my kind friends indicated. I think it can be said of most of us that we are not nearly so good as some people think, and not nearly so bad as our enemies believe.

"As we approach the session, may I suggest to you I am not one disturbed by differences of opinion. It is only in totalitarian countries that all people cannot feel free to express themselves, and so far as possible I shall try to see that that does not take place here. As you go through the session it is possible some will be quite disappointed and some quite angry with the Speaker. I can say with assurance however, that no matter how we disagree here, when we separate sixty days from now, we members will go away with mutual liking and respect. I am sure we will, because that is the experience in these sessions, and that is one of the rewards for serving in the legislature. I thank you." (Applause.)

The Speaker called for nominations for the office of Chief Clerk.

The Chair recognized Mr. Adams.
Mr. Adams of Clallam, Jefferson and Mason:

"Mr. Speaker, Ladies and Gentlemen:

"I take pleasure in nominating for Chief Clerk one who is a friend of everyone who knows him, and particularly those who have had the privilege of serving as members of the House of Representatives. He has always been very obliging, and is a tireless worker. It is unnecessary for me to take up very much of your time to say many kind and true things about this man. I think all I need to say is that I have the privilege and pleasure of nominating Si Holcomb for Chief Clerk of the House."

The Speaker recognized Mr. O'Brien.

Mr. O'Brien of King:

"Mr. Speaker, Chief Justice, and Ladies and Gentlemen:

"It also gives me a great deal of pleasure to second the nomination of Mr. S. R. Holcomb. I have known him a great many years, and I know him to be a man of ability and integrity, a man who takes a great deal of interest in his job here of serving you people; and I know we are indeed fortunate to have him act in this capacity, so in seconding his nomination I know the vote will be unanimous."

The Speaker recognized Mr. Riley.

Mr. Riley of King:

"Mr. Speaker, Ladies and Gentlemen:

"I rise to second the nomination of Mr. S. R. Holcomb, familiarly known as Si. He has served in these chambers approximately one quarter of a century. Approximately fifteen of these years he has served the State of Washington as Chief Clerk. Those of you who have served in this body know that Si has served you, as well as the interests of the State of Washington and the people of the state. Beyond my interest and friendship for Mr. S. R. Holcomb here, I have known him for a number of years previous. I have observed him from the balcony when I used to come down here to look. I realize you are all aware of Si's capabilities and qualifications for the office he seeks. Surely no one who has ever had occasion to ask for help from the Chief Clerk's office can say it was not given with graciousness and efficiency. It is with pride I second the nomination of Mr. S. R. (Si) Holcomb.

The Speaker recognized Mr. French.

Mr. French of Douglas and Okanogan:

"Si Holcomb has served this House during many, many sessions, and it gives me great pleasure to second his nomination."

The Speaker recognized Mr. Malloy.

Mr. Malloy of Douglas and Okanogan:

ELECTION CONTEST

BEFORE THE HOUSE OF REPRESENTATIVES OF THE TWENTY-NINTH
LEGISLATURE OF THE STATE OF WASHINGTON

RAY DEKRAAY, Contestant,

vs.

HAROLD B. KELLOGG, Contestee.

PETITION OF CONTEST

Received by
CHIEF CLERK
January 6, 2:39 P. M., '45

To the House of Representatives of the Twenty-ninth Legislature of the State of Washington:

RAY DEKRAAY hereby contests the election of Harold B. Kellogg as a representative from the Twenty-first Legislative District, and for his grounds of contest alleges:

I. Ray DeKraay is a native born citizen of the United States, and at all times herein mentioned has been a resident of the Twenty-first Legislative District of the State of Washington, a qualified elector, and qualified to hold the office of representative.

II. At the last general primary election there were nominated for representative in the Twenty-first Legislative District on the democratic ticket: Andrew Winberg, Arthur L. Callow and Ray DeKraay, and on the republican ticket: Harold B. Kellogg, W. A. Morrow and Warner Poyhonen.

III. At the general election for 1944 Andrew Winberg received 9,902 votes, Arthur L. Callow received 10,002 votes, and were each duly elected. According to the final computation made by the election board of Grays Harbor County, Harold B. Kellogg received 8,951 votes and Ray DeKraay 8,921 votes, an apparent majority against contestant of 30 votes out of a total vote cast of in excess of 17,872 votes.

IV. This contest is based upon the following irregularities which affect the result, each of which irregularities is hereby alleged to be true:

First: Harold B. Kellogg acted as chairman of the county election board, and as such chairman, without authority of law canvassed and counted all absentee ballots, although he was a candidate at said election, the contest being very close. That Harold B. Kellogg was disqualified in law and ethics to sit as an officer on the county election board to canvass the ballots cast.

Second: In numerous precincts in said legislative district the election boards counted ballots as having been cast for Harold B. Kellogg where the head of the republican ticket was marked and one democratic representative was marked, but no mark was opposite the name of Harold B. Kellogg, all contrary to Section 5288 of Remington's Revised Statutes of Washington. By this means a large number of ballots were counted and canvassed as being cast for Harold B. Kellogg when no such votes were cast, but all were canvassed as cast by the precinct election boards and treated by the said county election board as having been so cast.

Third: That in many of the precincts the ballots cast for Harold B. Kellogg bore distinguishing marks such that they were not entitled to be counted or canvassed as having been cast for him. Said ballots were considerable in number and affected the general result favorable to Harold B. Kellogg, yet contrary to law.

Fourth: The said Harold B. Kellogg acting as chairman of the county election board caused to be mailed to absentee soldiers and sailors in the service of the United States literature which informed them that he, Harold B. Kellogg, was chairman of the board of county commissioners, chairman of the county election board, and a candidate for the office of representative, and that this practice affected the result to his advantage.

Fifth: That Harold B. Kellogg, although a candidate for representative, acted as chairman of the county election board in appointing the precinct election officials, and
thereby received favorable consideration in the county canvassing of all ballots cast at
the election, all to such effect that a recounting and recanvassing of all ballots should
be made by the legislature itself.

WHEREFORE, petitioner prays that this contest be entertained, and pending the de-
termination thereof that Harold B. Kellogg be not held to be qualified to sit as represen-
tative in the Twenty-ninth Legislature; that a committee be appointed forthwith to
determine who was elected to the office of representative, and to that end that the
ballots be impounded and recounted.

RAY DEKRAAY, Contestant.

W. H. ABEL,
Montesano, Washington,
Attorney for Contestant.

MOTION

Mr. Henry (Edward E.) moved that a committee of three be appointed by
the Speaker to investigate the protest by Mr. DeKraay and that said committee
report its findings and recommendations to the House at the earliest possible
date.

Mr. Cramer raised the question of consideration.
Mr. Murphy demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Clerk called the roll, and the following absentee were noted: Repre-
sentatives Armstrong and Hamblen, Representative Hamblen having been
previously excused.

The Sergeant-at-Arms announced that Mr. Armstrong was now present.

On motion of Mr. Martin (Fred J.), the House proceeded with business
under the call of the House.

PARLIAMENTARY INQUIRY

Mr. Waldrón asked the Speaker for a ruling as to the status of the raising
of the question of consideration.

RULING BY THE SPEAKER

"The Chair's understanding of the rule is this: that the question raised by the
motion is, 'Shall we, or shall we not, consider the motion?' A vote 'Aye' is a vote to
consider the motion by Mr. Henry (Edward E.); a vote 'No' is a vote not to consider
the motion. The question before the House is the question of consideration. A vote
'Aye' is to consider the matter raised by Mr. Henry's motion; a vote 'No' is a vote not
to consider the motion."

A roll call was demanded, and the demand was sustained.

Those voting yea were: Representatives Adams, Andersen (Anders),
Anderson (L. R.), Armstrong, Beierlein, Bernethy, Boede, Bunnell, Callow,
Carty, Chambers, Chervenka, Easterday, Ford (Robert M.), Ford (U. S., M.D.),
Goucher, Hall, Hanks, Hansen, Henry (Al), Henry (Edward E.), Hodde,
Hofmeister, Hurley, Ingersoll, Johnson (Levy), Johnston (Geo. H.), Jones
(William H.), Kehoe, Kellogg, King, Lehman, Lindgren, Martin (Fred J.),
Martin (Harry J.), Miller (Floyd C.), Montgomery, Murphy, Nunamaker,
O'Brien, Pearson, Pennick (Blanche), Pennock (William J.), Pettus, Pitt,
Price, Rasmussen, Ridgway, Riley, Rosellini, Simpson, Smith (C. L.), Smith
(Mrs. Jurie B.), Thrasher, Van Buskirk, Vane, Waldron, Wedekind, Wenberg
(Oscar), Wigger, Willoughby, Winberg (Andrew), Young, Mr. Speaker—64.
Those voting nay were: Representatives Anderson (B. Roy), Ashley, Bassett, Christensen, Clark, Comfort, Cory, Cramer, Eaton, Foster, French, Griffith, Harley, Hillyer, Hoefel, Isenhart, Jeffreys, Jones (D. REPORT OF ENROLLMENT COMMITTEE

Mr. Speaker:
Your Committee on Enrollment to whom was referred House Concurrent Resolution No. 1; also House Concurrent Resolution No. 2; also House Concurrent Resolution No. 3; also House Concurrent Resolution No. 4, have compared same with the enrolled Concurrent Resolutions and find them correctly enrolled.

We concur in this report: Anders Andersen, W. E. Carty.

REPORT OF SPECIAL COMMITTEE
A REPORT OF FIREMEN'S INTERIM COMMITTEE ON SENATE BILL NO. 267.

To The Honorable President of the State Senate, and Speaker of the House of Representatives, Olympia, Washington.

We, your Interim Committee, appointed in compliance with Senate Bill No. 267, which provided for a Committee of nine, composed of one member of the Senate, one member of the House, four active firemen, one retired fireman, and two private citizens, to study the present Firemen's Pension law as to its sufficiency or insufficiency and make recommendations concerning same, or the establishment of a new system, and what, if anything, should be done with the existing system, and to report back to you the first week of the 1945 Legislature, report as follows:
The Committee was organized on the 13th day of June, 1943, at Seattle, Washington, after which date the Committee visited the following cities: Spokane, Yakima, Tacoma,
Olympia, Everett, Bellingham, Aberdeen, Hoquiam, and Seattle, and had meetings with the firemen of the departments of these cities as to what, if anything, should be done with our present law and how they thought their pension system could be salvaged. The Committee, after these repeated meetings, went into executive sessions as a whole, and held sub-committee meetings of the Committee at Seattle, and eventually decided that in so far as the present law is concerned it could not be amended effectively and should therefore be repealed. The Secretary therefore was instructed to hire an Actuary and an Attorney to assist in drafting a new bill embodying many of the features of the present law, and also including several clauses for those men who are eligible for retirement, and those who are already drawing benefits under the present law.

The Committee thoroughly investigated pension systems in operation all over the United States and met with the Executive Secretary of the International Association of Fire Fighters, and had the benefit of his experiences in various Legislatures throughout the United States on Firemen's Pension legislation; also had meetings with the Municipal League of Seattle, and the State Association of Fire Fighters in Spokane, Yakima, and Seattle. As a result of our studies, your Committee recommend that the present pension law be repealed and that a new law be enacted.

We will have a bill containing the provision for such proposed law to present to your honorable bodies when our Actuary has completed his work—within the next two or three weeks.

Respectfully yours,

VICTOR ZEDNICK, Chairman,
JOHN A. BUCK, Executive Secretary.

The report was received, and ordered inscribed in the journal.

MOTION

On motion of Mr. Riley, Rule 20 was suspended.

MESSAGE OF GOVERNOR MON C. WALLGREN TO THE LEGISLATURE

People of the State of Washington, Members of the Legislature, and distinguished guests:

You have conferred a great honor upon me by electing me to the highest office in the State. I will do my very best to be worthy of your confidence and trust.

Our first thought must always be given to winning the war—the most bitter war that this Nation or the world has ever seen.

The State of Washington has contributed nearly 200,000 men and women to the armed services, and they are scattered throughout the world, fighting to preserve our Nation and our liberties.

We owe it to them to take time out now to consider how we can best help them win this war as soon as possible and with the least loss of life. Our men must be helped to come back home soon and be assured of the kind of life that they have been fighting to preserve.

We also owe it to them to see to it that when they do come home to the State of Washington, they find opportunity and a future for a great new life for themselves and their families—in short, that they find a state worthy of all their hardships and privations—a state worth fighting and, if need be, dying for.

You know the contributions which the people of Washington have made on the home front—the huge fleets of ships and airplanes and the vast masses of war material that have been manufactured in the State of Washington—and the enormous supplies of food that have been produced by our farmers, and materials that have been furnished by labor.

Ours has been an all out effort which created a host of difficulties that will have to be met and solved, if our returning fighting men are to find good jobs and a real future.

I will recommend to the Legislature the legislative machinery for taking care of Veterans when they return home. (Applause.)

During this war the population of the State of Washington has increased tremendously. Our shipyards, aviation and military plants employ nearly 200,000 more workers than they did in 1939, and many times the number formerly engaged in all manufacturing operations. Many of these new workers came from other states and want to remain with us. They are fine people and can help us build a great manufacturing economy here in the West, and provide a splendid market for our agricultural products.

But it is very obvious that we cannot provide jobs for our fighting men and our war workers and market for our farmers if after the war we just go back to where we were in 1939. There just would not be enough to go around.

We need not be discouraged. We never have utilized more than a fraction of the resources of this great state. The possibilities of the future of Washington and all of the West are immense.

We are world famous for our lumber industry, but we also have enormous supplies of ores and materials that we have only just begun to develop. We have cheap water power in abundance for irrigation and for manufacturing.

This should give us a great advantage in producing magnesium and aluminum—the magic metals of the future, if we are not to be subjected to prohibitive freight rates.

We have a great aircraft and shipbuilding industry. We must help them to survive and to lead the country and the world.

They can and must provide a market for the magnesium and aluminum that we can make with our cheap power. But to do that we must produce more than ingot. We must make our own forgings, castings, extrusions and sheets. We must make, here in Washington, a large number of the finished parts that are now only assembled here.

What we want here in the West—and what we are going to have if we are equal to opportunities—is integrated industry from the ore to the finished goods—integrated industry similar to that which made the East so great and prosperous.

Our great resources of power and ores and our existing airplane and ship assembly plants give us a chance to establish such an integrated industry in magnesium and aluminum, for which there will be a thousand new and startling uses.

In short, it is time for the West to come of age and to take its proper place in the world. We have the resources and the people for a great and splendid future. What we need is the courage and the vision to take advantage of our opportunities.

This is a big and difficult program. If only a part of it can be achieved, our future will be assured. We are determined that our fighting men and workers will get the jobs they deserve. They are doing their jobs now. It is up to those in charge of the government and business to do theirs now and in the future.
I say government and business for neither can operate without the other... If one stumbles in its job, the other should call it to account.

Business—and by this term I mean the entire public, farm and city—should demand that each department of government operate at the highest possible peak of economy and efficiency. It should demand that its government adopt up-to-date objectives and stream-line its functions to assure attainment of these objectives.

Business should insist that government can only improve by continually checking itself to avoid mistakes and accumulations of bad practices which inevitably occur.

But since business and government are supplementary, government should and does have the job of checking business.

And business has brought up a point concerning itself which should perhaps be investigated by government. I have heard many people say our small producers have too little capital to compete with the well-developed eastern manufacturer.

If this is true, we should ask ourselves if our private banking system will fall to meet the needs of small manufacturers expanded today that are doing a war job.

Government, in such a situation, should immediately study the problem to determine whether by any of its acts or omissions it can in any way effect the availability of capital for post-war state industry.

Washington State industry has been vigorous and effective in war. It is a good risk anytime. No lack of capital should hamper the small manufacturer who wants to keep his war factory producing goods and giving jobs in the post-war world.

We have a federal intermediate credit system for the former—maybe we need a state intermediate credit system for the post-war emergency. (Applause.)

There can be no doubt but that we need a banking system of vision which will enable all people to get their savings and profits into the job of production.

Certainly we must encourage local capital to do the best job it can to expand old and venture into new industry. We must also encourage and attract new capital from out of the state.

As one step in this encouragement we should move immediately to free small business from all red tape reports not absolutely essential either to business itself or to government. (Applause.)

We must encourage research by our state educational institutions, by industry and by organized labor which will open new avenues of income and employment for the people of the state.

Important in rounding out the state's future is a better retirement provision for the aged. We must increase the unemployment compensation payments and improve the accident compensation administration. (Applause.) We must determine what can be done to improve the general health of our citizens, and we should study cash sickness benefits. (Applause.)

We must not fall behind any other state in the Union in our education program. We must offer educational facilities throughout our school system that will attract the finest teaching talent and thereby afford our youth the utmost of opportunity through educational training. Likewise our teachers must be afforded a retirement program commensurate with the importance and dignity of their profession. (Applause.)

In agriculture the state has a definite responsibility. These are just a few hints as to the many plans which must be developed.

We must not lose sight of the recreational value of this state and the great possibility of attracting thousands of people who will be ready and willing to spend their money for vacation and travel in the postwar period. (Applause.) In my opinion this state should go all out on a recreation and tourist program providing our visitors real hospitality (Applause) and allowing them privileges equal to any they can find in any other sections of the country. (Applause.)

A preliminary study seems to indicate that the state's planning abilities are not too bad, and that its administrative follow-through is not too good.

Plans are as good as the men who execute them. The men, no matter how good, are hampered in execution by failure to delegate proper authority to the right office at the right time.

The hodge-podge growth of departmental authority—often hampered by Constitutional limitations—appears to make proper delegation of authority difficult.

I will suggest from time to time a program not only concerning industrial problems, but of major water and land developments. We must have a modernized—streamlined state government, one which as a whole can work effectively towards a common aim. One in which the individual departments are necessary parts—not duplicating parts of
a machine which is big enough, but not too big to do the peace jobs after the war job is finished.

The study of these individual governmental tasks brings us inevitably into contact with the State Constitution, adopted in 1889, and considered in need of a general revision. (Applause.)

Many states have modernized their systems of government by constitutional revision, and the constitutions of some states provide for such revisions at periodic intervals.

The State of Washington undertook a modernization of its governmental machinery, approximately a quarter-century ago, through the adoption of the administrative code.

Unfortunately, because this modernization was confined to statutory changes, with no amendment or revision of the constitution, it resulted in many inequities.

Under the administrative code the appointive directors and most of the supervisors in code departments received salaries far in excess of those accorded by the constitution to most of the elective officers.

Under prevailing conditions it is manifestly unfair to offer salaries as low as $3,000 per annum to full time officials in responsible elective positions.

It is unfair to expect busy and capable men and women to give up their usual occupations for a period of two months to serve the state as legislators for a wage of $5 a day, which cannot be increased under the constitution.

In the case of the members of the legislature, the Supreme Court has upheld the principle of supplementary maintenance allowances. The office of governor is given such a maintenance allowance. There seems no reason why the same principle should not be applied to other elective state officials whose present compensation is far below what should be accorded under current standards and living costs.

Such a remedy, though highly desirable to meet immediate conditions, would be legislative patchwork.

In the form of statutes and constitutional amendments, the State of Washington has been putting patches on its governmental system for decade after decade.

In the recent election the voters gave a mandate to the Democratic Party to carry out its program to win the war, secure the peace and provide a sound basis for a real and lasting prosperity. President Roosevelt pointed out that we must provide 60,000,000 jobs. That cannot be accomplished by a do-nothing policy. We must take off our coats and go to work.

We must bear in mind the greatest good to the greatest number. (Applause.) We must be willing to try new methods, once we are convinced that they are sound and practical.

That is my program. I hope that you will work with me to make it a reality.

From time to time I will send special messages to the Legislature outlining in detail particular subjects which I think will advance that program.

But I do want to emphasize two things now.

First, whatever we do must be practical, down to earth and well conceived. The vast war program has filled the coffers of all of the states with increased income at a time when road building and construction programs have been cut back. As a consequence, nearly all states have very large surpluses.

Our own state has a surplus of more than $60,000,000. We must, conserve this surplus and use it wisely.

We must not enact basic legislation now on the assumption that the present ratio of state income to state expenditures will continue indefinitely. (Applause.) Although we must be courageous and enterprising we must be economical and see that we get one hundred cents of the value for every dollar we spend.

Second, we must lay the groundwork now so that when an emergency arises we shall be able to act fast.

It will take several years to change the Constitution. I am suggesting to the Legislature that it provide the machinery for a constitutional convention so that we may make ourselves ready to meet and solve the problems that are sure to arise after the war. (Applause.)

In this war we have proved that we can outproduce the world in making engines of destruction with which to devastate our enemies. Let us now show the same energy and ability in providing for the future of our state and country.

The Democratic Party from time to time has proved its vision and leadership by introducing and establishing programs for the benefit of all the people. We have been consistently out in front in introducing many proposals that are now being accepted and belatedly recommended by the opposition. (Applause.)
I pledge that as Governor I will do everything in my power to protect and further the interests of all the people and carry on the liberal, progressive principles of the Democratic Party in meeting immediate and post-war problems and guiding our great state to its rightful place of leadership in the Nation. (Applause.)

The President of the Senate:

"It is my proud pleasure to present to you at this time Mrs. C. M. Wallgren, the sweet mother of our Governor; (Applause). Also his very charming wife, Mrs. Wallgren—the first lady of the State of Washington." (Applause.)

The President of the Senate:

"I would like to announce there will be a public reception in the State Reception Room in this building, at which time the Governor and other elective officials will be very pleased to receive and greet their old friends.

"The Committee will now escort the Governor back to the Executive Chambers."

The Committee retired.

On motion of Senator Mohler, the Joint Session was dissolved, and the members of the Senate and the House of Representatives reassembled in their respective Senate and House Chambers.

The Speaker called the House to order at 12:45 p. m.

MOTION

On motion of Mr. Riley, the House adjourned to twelve o'clock noon, Thursday, January 11, 1945.

"WHEREAS, Rentals have again been increased in many instances to fantastic proportions on account of the present session of the Legislature;

"Therefore, Be It Resolved, By the House of Representatives in regular session that we call upon the Area Rent Director of the Office of Price Administration, Mr. Richard Atwood, to bring the City of Olympia into the Puget Sound Defense Rental Area on the same basis as the cities of Seattle and Tacoma."

On motion of Mr. Hurley the resolution was adopted.

STATEMENT BY THE SPEAKER

The Speaker:

"I would like to announce at this time that the list of committee appointments will be announced shortly, but just prior to the clerk's reading of the list I wish to make a statement which I think is long overdue in this body.

"We have a list of fifty committees—I think there are forty-eight committee headings; and listings to be submitted to you members at this time. Every effort has been made to consolidate this list of committees; we have failed, however, to reduce it materially.

"Moreover, during discussions of the formation of these committees and in discussion with various members of this House, it would seem that many are thinking of entering new subject matter which would surely cause many new listings.

"It is requested or suggested that additional committees not be added to our list now. The committee list as it exists at the present time is an accumulation over a long period of years. It has seemed to me during the period of my experience in the Legislature that the function performed by certain of these committees could very well be performed in committees that have been consolidated. The expression I am making concerning such consolidation is with the thought that it might be of real use in lightening the work of committee members. As chairman of the Rules and Order Committee I wish to say we approach this matter without any object. I do think if we all thought this over seriously now that the outcome would be for a committee, perhaps, to be selected from this body for the purpose of consolidating some of these committees. We could all give thought to the matter during this session, of planning a new committee list to see if we could not work out a plan as a suggestion to the next session of the Legislature. We may not be able to accomplish it this session; however we can make certain that two or three new committees do not have to be added each year to our list as the years go on.

"We need to consider very carefully from time to time, if we cannot undertake to shorten this list by eliminating committees entirely where a function could just as well be performed by some other committee. I think every one of us has experienced the particular difficulty himself which has so often arisen from the situation of members making up one committee being due at the same time at one or more of the other meetings. This particular difficulty happens, I think, with approximately fifty per cent of the membership of any committee.

"A little later in the session we will all be extremely busy. Many of the members will be on two or more of the committees at the same time, which is going to work
hardship on all. This is something we must all think about and try to work out—some way whereby we can avoid this duplication instead of doing things that will increase it. "We are requesting the members of this House, and also are asking members of the Senate, to keep this situation in mind; and also to do everything in their power to reduce some fifty committees to twenty-five or thirty. Some of you might find this a considerable reduction and it may be that it would turn out to be a little sharp; as I said, this is just a suggestion. But I am making this to you now so that the members of this body may think it over and talk it over among yourselves so that we may reap the benefit of some of your conclusions when you report them to the committee and to your Speaker during the next sixty days."

INTRODUCTION AND FIRST READING OF BILLS, MEMORIALS AND RESOLUTIONS

The following bills were introduced, read first time by title, and acted upon as indicated:

House Bill No. 11, by Representative Cramer: An Act relating to veterans and veterans' welfare; establishing a veterans' welfare commission; providing for the organization and administration thereof; defining its powers and duties; authorizing the appointment of a Director of Veterans' Affairs; making an appropriation therefor, and declaring an emergency.

Ordered printed and referred to Committee on Veterans' Affairs.

House Bill No. 12, by Representative Cory: An Act relating to crimes; bodily injury caused by driver of motor vehicle while under influence of in­
toxicating liquor or narcotics.

Ordered printed and referred to Judiciary Committee.

House Bill No. 13, by Representative Schwartz (by Request): An Act pro­hibit­ing the sale of lenses or spectacles to correct or aid vision excepting on prescription by licensed persons, and prescribing criminal penalties.

Ordered printed and referred to Committee on Medicine, Dentistry, Pure Food and Drugs.

MOTION

On motion of Mr. Waldron, the House adjourned to Friday, January 12, 1945, at twelve o'clock noon.

GEORGE F. YANTIS, Speaker.

S. R. HOLCOMB, Chief Clerk.
The Speaker called the House to order at twelve o'clock noon.

The Clerk called the roll and all members were present except Representatives Hanks, Jones (William H.), Raugust and Rosellini, Representative Hanks having been excused.

Prayer was offered by the Reverend Frederick A. Schilling, Rector of St. John's Episcopal Church, Olympia.

The reading clerk proceeded to read the journal of the proceedings of the previous day. On motion of Mr. O'Brien, further reading was dispensed with, and the journal was ordered to stand approved.

PRESENTATION OF PETITIONS, MEMORIALS AND REMONSTRANCES ADDRESSED TO THE LEGISLATURE

DEAR SIR:

In the interests of public service and to aid the House in its work, I have the pleasure to offer, without charge, eleven copies of Pierce's 1943 Code, annotated to December 1, 1944:

One copy for the Speaker's desk.
One copy for the Press table.
One copy to each of the ten attorneys of the House.

The attorneys of the Legislature have the responsibility to see that new laws conform to existing laws, are efficacious and valid. It is preposterous to expect them to perform this duty without a copy of existing laws at hand for ready reference, checking, verification, and even possible floor amendments.

The Legislature of 1941 passed two acts amending the same section of the school law. Litigation ensued, and the Supreme Court declared one act invalid, necessitating a third act of the 1943 session curing the defect. Likewise, in the 1943 session, there were two acts amending the same section of the Highway Code.

Confusion in citation is a prolific source of error. Cite the Code as authorized by the Laws of 1941, chapter 149, section 4. Have committee clerks annotate the code sections with bills by number proposed and passed, and this source of error will be eliminated.

Upon acceptance by the House, the books will be delivered immediately.

Thank the State Printer for stamping the members' names on the books.

Respectfully submitted,

FRANK PIERCE.

MOTION

On motion of Mr. Cramer, the House accepted the copies of Pierce's 1943 Code, and directed the Chief Clerk to send a letter of thanks to Mr. Pierce.

MOTION

On motion of Mrs. Kehoe, Rule 20 was suspended.
PROPOSITIONS, MOTIONS AND RESOLUTIONS

MOTION

Mr. Armstrong:

"I move that the House direct the Liquor Control Committee to select a committee from among its members, to work in conjunction with a like committee from the Senate—the two committees to work with the Oregon State Legislative Committee—for the purpose of investigating the joint purchase by the two states of certain distilleries."

POINT OF ORDER

Mr. Cramer:

"Mr. Speaker, point of order. The rule is that such a motion should be submitted in writing."

RULING BY THE SPEAKER

The Speaker:

"The rule is that such a motion in the House may be submitted in writing, but does not have to be. That would mean that the motion is in order."

Debate ensued.
The Speaker declared the question to be on the motion by Mr. Armstrong. Division was called for and the motion was carried by a rising vote.

RESOLUTION

By Representatives Johnson (Levy) and Pennock (William J.):

WHEREAS, President Roosevelt, in his masterful State of the Nation message last week at the opening of the 79th Congress, gave the nation a program which all Americans, regardless of party, can fully support, including:

(1) A splendid and timely tribute to General Eisenhower and our military command, to the heroism of our fighting forces, and made a solemn pledge to "resume the attack and continue the attack relentlessly" until Germany and Japan alike are completely defeated.

(2) A pointed warning of the urgency of war production, which is endangered by improper utilization of manpower, and a call for the "total mobilization of all our human resources for the prosecution of the war."

(3) A clear declaration of confidence in our allies and the necessity of "standing together with the United Nations not for the war alone" but also for "a peace that is durable and secure," based on principles developed at Dumbarton Oaks.

Be it Hereby Resolved by the House of Representatives of the 29th session of the Washington State Legislature that we go on record endorsing the program presented by President Roosevelt and that we pledge our support to legislation which will help guarantee that Washington State may do its full share both in the nation's war effort and in realizing the perspectives of a durable peace and sound American economy.

Mr. Johnson (Levy) moved the adoption of the resolution.
Mr. Smith (C. L.) moved the adoption of the following amendment:

Amend paragraph (2) after the word "human" and before the word "resources" insert the words "and financial".

The amendment was lost.
The resolution was adopted.

NOTICE OF RECONSIDERATION

Mr. Henry (Edward E.) gave notice that, having voted on the prevailing side, he would on the next working day move that the House reconsider the vote by which the resolution, by the Committee on Rules and Order regarding permanent rules of the House, was adopted.

SPEAKER'S PRIVILEGE

"May I also extend best wishes and congratulations; and may the child grow up in a happier world than the one the children today have known."

POINT OF ORDER

Mr. Waldron:

"Mr. Speaker, point of order. Wouldn't such a motion be out of order at this time?"

RULING BY THE SPEAKER

The Speaker:

"This would more properly be presented under the fourth order of business. The point is well taken."

PROPOSITIONS, MOTIONS AND RESOLUTIONS

MOTION

Mr. Cramer:

"Mr. Speaker, I move that a vote of thanks and appreciation be extended to Mrs. E. C. Utter, who conducted the Parliamentary classes for the benefit of members of the Legislature and move that the Chief Clerk be directed to address a letter of thanks to Dr. Lee Paul Sieg, President of the University of Washington, expressing our appreciation."

The motion was carried.
RULING BY THE SPEAKER

The Speaker:

"At this time the Speaker wishes to make an announcement about an error which the Speaker made last week. It was on a point raised by Mr. Cramer. On this particular occasion it was Mr. Cramer's point that the motion should be reduced to writing.

"The Speaker's ruling in this case was that it was the Speaker's privilege—depending on the subject matter—to say whether it was required or not required to be put in writing.

"However, a more thorough checkup of the rules shows that the rules of the House provide that all motions presented in the House must be reduced to writing if the Speaker or a member desires it.

"Therefore, the Speaker's previous ruling was incorrect."

MOTION

On motion of Mr. Pitt, Rule 20 was suspended.

Ordered printed and referred to Judiciary Committee.

House Bill No. 18, by Representative Ashley: An Act relating to aeronautics; providing for the development and regulation thereof within this state; creating a state aeronautics commission and the office of director of aeronautics; prescribing the powers and duties of such commission and director; providing for the acquisition and operation of state airports; prescribing penalties, and to make uniform the law with reference to state development and regulation of aeronautics.

The motion was lost.

RULING BY THE SPEAKER

The Speaker:
"The Speaker wishes to make one further announcement. The matter has been before the Legislature at various times—a ruling must be given in this case in order that the point be made more clear.

"Hereafter it will be the policy of the Speaker to rule that a notice of reconsideration can only be given following a roll call, by one voting on the prevailing side.

"If that is an objectionable ruling from the standpoint of convenience, of course there is no reason why the Speaker would not rescind from or revise this ruling. But I do think it most necessary that a ruling be adopted, which is: that only after a roll call by one having voted on the prevailing side—and only in that case—can notice of reconsideration be given."

MOTION

On motion of Mr. Waldron, the House adjourned to twelve o'clock noon, Tuesday, January 16, 1945.

George F. Yantis, Speaker.

REPORTS OF SPECIAL COMMITTEES

REPORT OF THE LEGISLATIVE GAME DAMAGE INTERIM INVESTIGATING COMMITTEE

Authorized by Senate Bill No. 300, 1943 Session of the Legislature

To the Honorable The Senate and the House of Representatives
of the State of Washington

We, the Interim Committee, appointed in compliance with Senate Bill No. 300 which provided for this committee of six, composed of three members of the Senate and three members of the House of Representatives to investigate claims for damages by game to farmers in different parts of the State, and also to consider ways and means of preventing further damage by game and to make recommendations to the Legislature, have met in various parts of the State during the past two years, have interviewed claimants for damages, have inspected farms and orchards that have been damaged, have conducted hearings and have checked and inspected the effect and result of the controlled hunting seasons and in general have made a complete and comprehensive study of these problems.

And after careful consideration of these matters, we, your Interim Committee, respectfully report to the Senate and House of Representatives with the following recommendations:

1. That the State Game Department endeavor to prevent and control damage by game to farmers. This is now being attempted by the Game Department by fencing out the game where farms are located in the center of game areas and also by fencing in the game on the borders of game areas to keep game from trespassing farms. Most of the farmers interviewed were agreed that this method of control was more or less successful. In some areas the Game Department has completely fenced farms to keep the deer out and in other areas such as the Cowiche and Tieton Areas in Yakima County fences have been built to keep the elk back in the hills. We believe this method of control will eliminate much of the damage trouble.

2. It is the recommendation of this committee that the controlled hunting has been a success during the last two years in taking out the excess game animals in certain areas of the State where damage to the farmers has been excessive. It is the further opinion of the committee that controlled hunting as conducted by the State Game Department has been more or less successful and that the practice should be continued. Certain groups are claiming that the take of game has been more than necessary in the controlled hunting areas but the committee has not found this to be true.

3. The committee recommends that claims for damages by game to farms should be handled in the same manner as all other claims against the State of Washington and that the Game Department should not be set up as a special court in equity to either approve or disapprove such claims. In other words, claims for damages by game should be presented to the Legislature in the form of relief bills.

4. It is further recommended that the official headquarters of the State Game Commission, including the office of the Director of Game, be in Olympia, the Capitol of the State, rather than in Seattle.

5. We, your committee, to stimulate cooperation between all factions interested in the game problems in the State of Washington and to more fully put into effect the desires of the Governor for a greater and more complete game program, recommend that the present statutes be amended to provide that the Governor may appoint the members of the State Game Commission in the same manner and under the same conditions as he now appoints all other administrative heads.

6. In view of the change of administration and a possible change in the personnel of the State Game Commission, and also considering that methods to control game damage in the State of Washington have not been completely effected, it is recommended that a Legislative Game Damage Interim Investigating Committee be continued for the next two years.

Respectfully submitted,

Senate Members:
ROBERT R. RAY, Chairman
E. J. FLANAGAN
HOWARD S. BARGREEN

House Members:
EDWARD J. REILLY
FRED J. MARTIN
ROBERT M. FRENCH

The report was referred to the Committee on Game and Game Fish.

REPORT OF THE SPECIAL COMMITTEE ON THE ELECTION CONTEST

Mr. Speaker:

We, your Special Committee on the Election Contest, having supervised the counting of approximately ten per cent of the ballots of Grays Harbor County, have discovered that Harold B. Kellogg made a net gain of 13 and that it is this Committee's decision that no further action be taken. We have found, however, that a great deal of error is being made and that there were errors ranging from 1 to 11 votes in 6 out of 7 precincts chosen at random from the Grays Harbor ballots. This Committee believes and recommends that the Elections and Privileges Committee take into consideration the following recommendations:

1. That some method be worked out for setting up an additional board to count ballots because the majority of mistakes found in our recount were from precincts which had officials on duty for 30 hours straight.

2. We recommend that, where there are more than 2 running for the same office, that their names be rotated on the general election ballot the same as on the primary ballot.

3. We believe that a system of staggering the names for state representatives, so that one does not appear exactly opposite the other, would give people the right impression that they are voting for a particular candidate and not against any particular candidate.

4. We believe that it should be made clear that the paper ballots should follow the same lines as the machine ballot—a cross in the circle to mean a straight party vote and so count for each candidate on that party. If they wish to vote a split ticket, they are not to mark in the circle but shall place a cross after each candidate for whom they wish to vote.

We wish to publicly thank Lota King Wiley, Auditor of Grays Harbor County, Harold Quick, Auditor of Lewis County, Ellis C. Ayer, Auditor of Thurston County, Ken Gilbert, State Superintendent of Elections, Mr. Zintho and Mr. Ashenfelter, from the State Auditor's Office, for assisting in this work.

Respectfully submitted,

AL HENRY, Chairman
O. R. SCHUMANN
EDWARD T. CHAMBERS

MOTION

On motion of Mr. Henry (Al), the report of the special committee on the election investigation was accepted, and the committee was discharged.

COMMUNICATION FROM THE GOVERNOR
State of Washington, Executive Department,

To the Honorable Members House of Representatives,
Legislative Building, Olympia, Washington.

LADIES AND GENTLEMEN:
Thank you for the very beautiful flowers you sent also for your good wishes and congratulations.

The flowers added a great deal to the success and pleasure of the inauguration.

Cordially yours,

COMMUNICATION—DEPARTMENT OF HIGHWAYS
Olympia, January 9, 1945.

To the Honorable The House of Representatives of the

LADIES AND GENTLEMEN:
The report of the study of the Secondary State Highway System, as required by Chapter 88 of the Session Laws of 1943, is submitted herewith.

This report has been prepared in accordance with the wording of the statute in that the highways selected are the most important from the standpoint of traffic service, based on factual data without regard to political factors, and are, in my opinion, eligible for inclusion in the ultimate 10% Federal Aid or Feeder Road System.

The Federal Aid Highway bill enacted by Congress since this report was prepared requires that a system of Federal Aid Secondary and Feeder Roads be established by agreement between the State Highway Department and the various Boards of County Commissioners in the State subject to approval by the Public Roads Administration. It is doubtful if the new Federal Law will materially change the selection made in this report because only approximately 50% of the allowable mileage has been selected and includes only those roads carrying the highest traffic volumes. The administration of the new Federal Law will undoubtedly result in certain county roads, not proposed for inclusion in the State Secondary System, being placed on the Federal Aid Secondary System. Roads so designated should remain under the jurisdiction of the County and no additional mileage beyond the total proposed in this report should be placed on the State System unless additional State funds for their maintenance and construction are allocated to the State Highway Department.

Very truly yours,
BURWELL BANTZ, Director of Highways.

The report of the Highway Department on secondary highways in the state was referred to the Committee on Roads, Bridges and Airports.

The Speaker observed within the bar of the House former Representative Fred L. Wolf from Pend Oreille County, and appointed Mr. Hodde and Mr. Griffith to escort him to a seat beside the Speaker.

MOTION
On motion of Mrs. Kehoe, Rule 20 was suspended.

PRESENTATION OF REMONSTRANCES ADDRESSED TO THE LEGISLATURE

RESOLUTION

WHEREAS, Sherman J. Handron was for many years a hard working game protector in the employ of the State Game Commission of the State of Washington, and met his death while in the field in active service of the state; and

WHEREAS, He left surviving him his widow, Florence Handron, a resident of Hoquiam, Washington, who is now making her living as a chamber maid in the Emerson Hotel in Hoquiam, and is only able to work part time on account of her poor health; and

WHEREAS, She has no other means of support and her age, past 50 years, besides her poor health, making her prospects for securing a living indefinite and unsecure; and

WHEREAS, There is no provision in the state law providing for compensation to her as the surviving widow of a game protector who died in active service in the field; and

WHEREAS, The only property she has is the home that her husband left to her at the time of his death, which is of the value of about $3500.00;

NOW, THEREFORE, BE IT RESOLVED, That the Grays Harbor Pogie Club in regular meeting assembled do hereby recommend and ask the Legislature of the State of Washington, now assembled, to pass a bill appropriating the sum of $5000.00 for the relief of said Florence Handron.

Resolution presented by:

Grays Harbor Pogie Club Board of Trustees,

J. W. THEN
E. F. HANEY

J. H. SUNDSTRAND

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Resolution by Mr. Anderson (L. R.):

BE IT RESOLVED, by the House of Representatives of the State of Washington in Legislative Session Assembled:

WHEREAS, Deplorable overcrowding of mentally and physically handicapped children exists at the Western Washington Custodial School at Buckley; and

WHEREAS, Four temporary, wooden, barrack-type structures, erected in the last year, are a hazard to the life and limb of the children who must use them; and

WHEREAS, The Eastern Washington Custodial School at Medical Lake has been overcrowded and in need of additional facilities for many years; and

WHEREAS, There are scores of mentally and physically handicapped children in almost every county in the state in need and awaiting the opportunity for the care which the two State Custodial Schools should provide; and

WHEREAS, Both schools are under-staffed because of the failure to set adequate wage scales to attract that particular type of men and women who are both industrious and trustworthy, and who have a great love for handicapped children and a genuine desire to treat even the most helpless imbecile as a human being;

NOW, THEREFORE, BE IT RESOLVED, That the State Charitable Institutions Committee and such other members as the House of Representatives may decide, be authorized to visit the Western Washington Custodial School at Buckley and that it be directed to gather data regarding the needs of both the Buckley school and the one at Medical Lake to the end that it may make adequate findings of facts to warrant the enactment of suitable legislation to carry out the intent of the great state of Washington to give proper care to the handicapped sons and daughters of her citizens, and that the members be allowed all necessary traveling and incidental expenses, not to exceed One Hundred Dollars ($100).

After the reading of the resolution, the Speaker called attention to the necessity of specifying the fund from which the payment of travel and other expenses authorized in the resolution are to be paid.
Mr. Anderson (L. R.) moved the adoption of the following amendment:

Amend the last paragraph, lines 30 and 31 of the original resolution, after the words and figures "One Hundred Dollars ($100)" strike the period, insert in lieu thereof a comma and add the words "to be paid from moneys already appropriated for legislative expenses."

The amendment was adopted.

Mr. Anderson (L. R.) moved the adoption of the resolution, as amended.

After slight debate, the resolution as amended was adopted.

REPORT OF STANDING COMMITTEE

House Bill No. 21 (reported by Committee on Financial Institutions Other Than Banks):

Do pass as amended.

Passed to second reading.

MESSAGE FROM THE GOVERNOR

State of Washington, Executive Department,
Legislative Building, Olympia, Washington.

LADIES AND GENTLEMEN:

As you know, I am and always have been heartily in favor of our senior citizens getting the highest possible benefits consistent with our resources and the Federal Social Security Law.

After studying various proposed bills on the subject, consulting with Washington, D. C., by telephone and discussing the matter with the Regional Director of Federal Social Security, I have concluded that those bills do not meet Federal standards.

The Federal provisions cannot be disregarded because the matching funds we receive and which are so essential to our program are contingent upon our law complying with Federal requirements.

I am submitting herewith a proposed bill calling for grants of $50 per month. In addition the bill will allow our senior citizens to earn $25 per month, or not in excess of $300 a year in casual earnings, during the war emergency period, without those earnings affecting their grants. This provision, which must be approved by the Federal Board of Social Security, is important because our acute manpower shortage in this state makes welcome any casual work our senior citizens can perform.

If approved, it will be an incentive for them to help through occasional work of all kinds and will remove the justifiable fear they now have that such occasional work will jeopardize their old age grant.

I am making a strong appeal to the Social Security Board to allow this provision and will do everything within my power to secure its approval.

The proposed measure also contains a section allowing a recipient to elect to take no more than he received in April, 1943. This provision is necessary, under Federal
law, to protect those who receive income from agricultural employment. The Federal law says one whose grant has not been increased over the amount he received in April, 1943, can get the grant plus whatever he makes from his farm labor wages. But if his grant is greater than the amount he received in April, 1943, then earnings from agricultural employment are deducted from or may eliminate his grant.

This explains why the provision allowing the recipient to make an election is necessary.

I believe this bill will not only enable our elder citizens to meet rising costs, but will be extremely helpful to the State of Washington and our Nation.

Respectfully submitted,
MON C. WALLGREN,
Governor.

**PROPOSITIONS, MOTIONS AND RESOLUTIONS**

Resolution by Representatives Johnson (Levy) and Martin (Fred J.):

_Whereas_, the manpower situation in the United States in various key war industries has become acute to the degree that our military and civil leaders have informed the nation that a shortage of vital armaments and materials threatens to weaken the fighting fronts and delay the unconditional surrender of our enemies and increase the toll of lives of our armed forces; and

_Whereas_, President Roosevelt has called for a National Service Act; and

_Whereas_, the passage of such an act deserves most careful study and preparation by labor, industry, government and agriculture; and

_Whereas_, all supporters of the war effort agree with the President that the right number of workers must be in the right place at the right time so that the nation does not fail to meet its sacred obligations to our fighting men; and

_Whereas_, the mere adoption of any National Service Act will not alone solve this problem as it is complicated by such factors as a need for fair employment practices in order that all minority groups can make their maximum contribution to the war effort, the proper allocation of the available labor force, the extension of labor-management cooperation, the development of adequate transportation, housing and health facilities of the nation, consideration of the national wage question, prevention of inflation, maximum production of food, as well as many other problems;

_Now, Therefore, Be It Resolved_, that the House of Representatives of the State of Washington respectfully call upon the National Congress to arrange at the earliest possible moment a joint conference of labor, industry, government and agriculture and urge that the United States Senators and Representatives from the State of Washington work towards the immediate calling of such a conference, at which the many aspects of this vital war time problem can be discussed and complete information may be assembled for the guidance of Congress in considering a National Service Act defining the responsibility of labor, industry, government and agriculture in order that the armed services receive a continuous, abundant flow of everything needed to accomplish the unconditional surrender of our enemies at the earliest possible moment;

_Be It Further Resolved_, that copies of this resolution be immediately forwarded.
to all the United States Senators and Representatives from this State and to the President of the United States.

Debate ensued.

On motion of Mr. Johnson (Levy), the resolution was adopted.

AL HENRY, Chairman.

Passed to second reading.
To the Honorable The House of Representatives,
Legislative Building, Olympia, Washington.

LADIES AND GENTLEMEN:
I believe that legislation should be immediately enacted for our veterans. It is a matter of the greatest urgency. There are approximately two hundred thousand men and women from this state in the armed forces. They are protecting us magnificently on the battle front. We must protect them on the home front. We must not and shall not fail them. They are returning daily and in substantial numbers. Many are disabled. Their present and future well-being requires that we act now.

The legislation should be flexible so as to meet all possible conditions. It should be comprehensive enough to assure cooperation with the federal program and to supplement that program where needful.

It has been suggested that we should establish a commission composed of members of existing veterans' organizations, who would control the state veterans department. However, we must remember that our returning veterans may form new and different types of veterans' groups as they did after the last war. There is now no way of predicting what new organizations may be formed. A failure to recognize new veterans' groups might cause them to turn into justifiably dissatisfied pressure groups. Such a result would create a condition which would be adverse to both the veterans and the state.

In order to give the widest possible flexibility and to fix responsibility, the bill I am proposing creates a state veterans department headed by a director appointed by the governor with the consent of the senate. An advisory committee consisting of one member of each existing and any future nationally chartered veterans' organizations is established. Under these provisions we can act to meet all future developments, both as to the scope of the activities of the department and the recognition of possible new groups.

While it is recognized there is already need for assistance to veterans who are now returning to civilian life, we cannot at this time foresee the full scope of the problem which will arise with the cessation of war.

The purpose of this proposed legislation is to place the State of Washington in a position to cooperate with and supplement the federal program in any manner found necessary during the next two years without calling a special session of the legislature. It is intended that this shall in no way conflict with federal enactments or duplicate the work of the national veterans administration.

Likewise, while a state veterans department will be established to deal with immediate problems it shall be expanded only as required by the needs of returning veterans and the expenditure of the funds appropriated shall be gauged according to actual need.

I further recommend that the appropriation for this purpose be two million dollars. While it may not prove necessary to expend the entire amount, this appropriation should be adequate to meet all future contingencies for the next two years.

Respectfully submitted,
MON C. WALLGREN,
Governor.

**POINT OF ORDER**

Mr. Cramer:

"Mr. Speaker, I arise to a point of order. Does the motion to table the amendment, if it carries, take the bill with it?"

**RULING BY THE SPEAKER**

"No, the ruling is that a motion to table an amendment does not take the bill with it."
MOTION

Mr. Hodde:

"Mr. Speaker, I move that House Bill No. 66 be re-referred to the Committee on Roads, Bridges and Airports."

POINT OF ORDER

Mr. Waldron:

"Mr. Speaker, I arise to a point of order. The motion to lay Mr. Martin's amendment on the table was just lost, as the chair announced. The question before the House is the amendment by Mr. Martin to strike Section 3."

RULING BY THE SPEAKER

"It is the understanding of the chair at this time that the motion to recommit is in order. I refer you to Rule 24, 'Motions in Order During Debate,' the second part under the sixth subdivision. The motion before the House by Mr. Hodde to re-refer takes precedence over the one to amend and is in order."

PERSONAL PRIVILEGE

Mr. Hodde:

"Mr. Speaker, may I state my position? My personal reason for wishing to send the bill back to the Committee on Roads, Bridges and Airports is that the committee could consider it carefully again without having to take action, but when it is before us here in the House we have to pass on it in some way. There is too much division of opinion here to get accurate action, and I think it should be considered again in the committee. There is the chance that the bill might be killed here before the members who were excused or otherwise absent could have the chance to vote on it."

Debate continued, Mr. Waldron maintaining that if Mr. Martin's amendment were adopted, the heart would be taken from House Bill No. 66.

MOTION

Mr. Rosellini moved that Mr. Hodde's motion be made a special order of business on Wednesday, January 31, 1945.

POINT OF ORDER

Mr. Armstrong:

"Mr. Speaker, is Mr. Rosellini's motion in order?"

RULING BY THE SPEAKER

The Speaker:

"It is the ruling of the chair that the motion is in order."

Further debate ensued.

Mr. Armstrong demanded a call of the House and the demand was sustained.

Debate ensued.

On motion of Mr. Easterday, the previous question was ordered.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Resolution by Representative Ingersoll:

WHEREAS, Our national life, threatened by tyrannical enemies abroad is likewise threatened within its borders by the tyrannical force of wartime inflation and consequent destruction of its economic life; and

WHEREAS, The Congress of the United States has passed emergency war measures so necessary goods go first to meet the imperative needs of our armed forces, and that the remainder be distributed fairly to civilians, and has placed controls on rent and prices to prevent inflation and preserve the American standard of living; and

WHEREAS, The difficult tasks of rationing, rent and price control are delegated to War Price and Rationing Boards and their volunteer assistants who serve without pay and without glory, handling these emergency problems carefully and justly in their own communities, for their own neighbors, in the true American way; and

WHEREAS, The local War Price and Rationing Boards of our state are entering their third year of service;

Now, Therefore, Be It Resolved, That the House of Representatives pass a resolution extending to the men and women of our own communities and all the communities of this State of Washington, a vote of appreciation and gratitude for their war services; and

Be It Further Resolved, That in the face of tighter rationing and increased inflationary pressures which confront us as war calls for all-out effort in the Pacific, that we pledge to our War Price and Rationing Boards our loyalty and cooperation as part of our share to help win this war.

COMMUNICATION FROM THE GOVERNOR

State of Washington, Executive Department, Olympia, January 31, 1945.

To the Honorable House of Representatives, Legislative Building, Olympia, Washington.

LADIES AND GENTLEMEN:

We have a very odd liquor situation in this state. We tell the average citizen that if he wants a drink he must buy a whole bottle. To the comparatively few who belong to clubs we say that they may buy both by the drink and by the bottle. On the other hand we say to the tourist and visitor that he can buy neither a drink nor a bottle. Here is class discrimination in its baldest form. Several undesirable results follow.

The visitor must and does use devious methods to procure a drink. He is forced into traffic with bootleggers, who exist because of the visitors need. By so encouraging bootlegging, we foster lawlessness, and illegitimate sales to juveniles causing varying degrees of juvenile delinquency.
TWENTY-FIFTH DAY, FEBRUARY 1, 1945

As I pointed out in my inaugural message, we must capitalize on our tremendous recreational and tourist values. This state can, and should be, one of the greatest playgrounds for vacationists in the Nation. To fully accomplish this we must offer our guests all the hospitality possible. Since we compete for their favor with other states we should consider the privileges they offer guests. Two-thirds of the states in the Union allow sale of liquor by the drink. These include the so called conservative states such as Maine, Vermont, New Hampshire, Massachusetts and others. Included also are almost all of the states noted for their tourist appeal. We must remember that it has become the custom to buy liquor by the drink. Visitors are accustomed to the privilege and expect it. Yet we welcome them by forbidding them to buy a drink or a bottle. Under our present law I doubt that after the war we can compete at all in attracting National conventions or hope to successfully attract the maximum of tourist travel under these circumstances. I have seen liquor by the drink laws operate in San Francisco, Los Angeles, New Orleans, Baltimore, New York and Washington, D. C. All are widely known as tourist centers. I believe they have less drunkenness and less bootlegging than our own state.

Washington, D. C., permits the sale of liquor by the drink under laws similar to those I propose. Their laws were carefully framed by men in Congress from all parts of the Nation. I believe they offer the best consensus of opinion on the subject today—and they work well.

Our present provisions forcing people to buy liquor by the bottle have caused us to rank among the top five states as consuming the most liquor per capita in the whole country. As a result we have much drunkenness. We find bottle drinking in hotels, cars, doorways, and alleys. Because they are forced to do so people surreptitiously carry their bottles with them as they did in Prohibition days. The whole situation here is analogous in many ways to conditions existing during Prohibition—conditions we voted against years ago.

The measure I am forwarding to the House of Representatives provides that liquor can be sold by the drink only in hotels, restaurants and clubs which are located within the limits of Incorporated cities and towns. Included also is the right to sell by the drink on trains and dining places on boats.

Before any such licenses can be issued in any such city or town, the particular municipality involved must authorize the issuance of such license by a majority of the people. If they should authorize such sale and later decide that a vote should be had to rescind the right, the proposed bill provides for an election to vote on such a rescission. These local option features should satisfy any sections that may consider themselves opposed to allowing sales of liquor by the drink. In no event are sales allowed in residential districts nor in any area outside any incorporated city or town. Another safeguard is that any city or town allowing such sales can establish zones within its limits in which such sales shall not occur. As a final precaution, the issuance of each particular license is within the discretion of the Liquor Control Board. The Board must be satisfied that the place seeking to sell by the drink is a proper one and that the license is sought by reputable and reliable persons.

The proposed measure also provides that if any licensee is found to serve liquor to a minor or any intoxicated person, the license shall be cancelled and the holder of such cancelled license will be forever barred from having any interest whatever in a new license. All liquor must be purchased from the State Liquor Control Board. The proceeds from the $1000 annual license fees go for the benefit of the state veterans department which I have proposed. It might be noted that we will need a new source of revenue to assure that our returning veterans are properly provided for.

In my opinion the bill abolishes existing indefensible inequities and discriminations. The local option features will assure the expression of local opinion and will guarantee satisfactory local handling. I believe it will discourage bootlegging and will reduce per capita drinking. Enforcement and supervision will be easier. We will be placed in a better position to encourage the enormously valuable tourist and vacationist travel. The stringent forfeiture provisions of the bill will assure proper management of each licensed place.

As governor of this state I shall insist upon strict enforcement to guard against abuse of the privileges granted. I believe that the enactment of this proposed bill will be of great benefit to the people of the state.

Respectfully submitted,

MON C. WALLGREN,
GOVERNOR.

Engrossed Senate Joint Resolution No. 4, by Senator Rosellini: A Senate Joint Resolution providing for the creation of an interim committee to investigate juvenile delinquency and conditions in the State of Washington, giving such committee certain powers and imposing certain duties on said committee.

SECOND READING OF BILLS

House Bill No. 29, by Representative Johnson: Relating to negotiable instruments and certain frauds.

The bill was read the second time by sections and passed to third reading.

House Bill No. 30, by Representative Comfort: Relating to the descent of property to blood relatives.

The bill was read the second time by sections and passed to third reading.

House Bill No. 59, by Representatives Armstrong, Beierlein and Winberg (Andrew): Authorizing collective bargaining with the State and its political subdivisions.

The bill was read the second time by sections.

Mr. Comfort moved the adoption of the following amendment:

Amend section 4, line 23 of the printed bill, by striking all of the section and substituting in lieu thereof the following:

"Sec. 4. It shall be unlawful for the state or for any employer as herein defined to discriminate in regard to hire or tenure of employment, or any term or condition of employment or in order to encourage or discourage any employee in giving aid or assistance to any labor organization; provided that no employee acting singly or in concert with others shall engage in any strike, slow-down, walk-out or other work stoppage."

POINT OF ORDER

Mr. Armstrong:

"Mr. Speaker, I arise to a point of order. It is my position that the amendment is unrelated in every way and is not germane to the rest of the bill. To strike out all of Section 4 in the bill would change the intent."

RULING BY THE SPEAKER

The Speaker:

"The Speaker's ruling is that the amendment is in order, because many amendments do change the intent of the bill.

"The subject of the bill does relate to the amendment's subject matter, and it appears to be a limitation on the subject matter of the bill. The Speaker's ruling is that this amendment is in order."

Debate ensued.

Mr. Armstrong moved that the amendment by Mr. Comfort be laid on the table.
Roll call was demanded, and the demand was sustained.

The Clerk called the roll on the motion by Mr. Armstrong to lay on the table the amendment by Mr. Comfort, and the motion was carried by the following vote: Yeas, 65; nays, 31; absent or not voting, 3.

Those voting yea were: Representatives Adams, Andersen (Anders), Anderson (B. Roy), Anderson (L. R.), Armstrong, Ashley, Beierlein, Bernethy, Bunnell, Chambers, Easterday, Ford (Robert M.), Ford (U. H.), Jones (William H.), Kehoe, Kellogg, King, Lehman, Lindgren, Mahaffey, Martin (Fred J.), Martin (Harry J.), Miller (Floyd C.), Murphy, Nunamaker, O'Brien, Pearson, Pennick (Blanche), Pennock (William J.), Pettus, Pitt, Price, Rasmussen, Ridgway, Riley, Rosellini, Schwartz, Simpson, Smith (C. L.), Smith (Mrs. Jurie B.), Thrasher, Van Buskirk, Vane, Waldrum, Wedekind, Weeks, Wenberg (Oscar), Wiggen, Willoughby, Winberg (Andrew), Young, Zent, Mr. Speaker—65.

Amend the act by adding a new section immediately following section 4. to be known as section 5, and to read as follows:

"Sec. 5. This act shall not apply to nor be construed as being for the benefit of any fire or police department or law enforcement agency of the state or of any of its political subdivisions, or the employees of any such departments."

Renumber the remaining sections to read "6", "7" and "8" consecutively.

Debate ensued, with Mr. Harley discussing the merits of his motion by reading from a paper.

POINT OF ORDER

Mr. Armstrong:

"Mr. Speaker, I arise to a point of order. I object to the reading from a paper without the consent of the House."

RULING BY THE SPEAKER

The Speaker:

"It is not possible to give the consent to read from a paper. Mr. Harley, will you proceed with your argument?"

Mr. Harley:

"Mr. Speaker, am I then denied the consent of the House to read from the paper?"

The Speaker:

"Yes, sir, you are denied. It is not within the rules to do so."

Mr. Harley proceeded to discuss his amendment to House Bill No. 59 without reading from the paper.

RULING BY THE SPEAKER

"May the Speaker give a statement concerning a ruling on the point of order raised by Mr. Armstrong. The ruling is regarding the consent of the House being given for the purpose of reading a paper."
"When a paper is read or quoted from it is not necessary to have the consent of the House. The Speaker was in error in his previous ruling on the point raised by Mr. Armstrong. He has since then been studying and reviewing the rules, and this is a reversal of his ruling."

Mr. Harley:
"Mr. Speaker, I do not need to read from the paper anyway."

Debate continued.

COMMUNICATION FROM THE GOVERNOR

State of Washington, Executive Department, Olympia, February 6, 1945.

To the Honorable House of Representatives
Legislative Building, Olympia, Washington

LADIES AND GENTLEMEN:

In my statement of January 25, 1945 accompanying my proposal submitted to the House of Representatives concerning grants to senior citizens, I pointed out that certain of these provisions must have the approval of the Federal Board of Social Security. Since the submission of that bill, which is House Bill 136, I have continued my studies, as well as consultations with the Federal Agency and representatives of pension groups.

While the Federal Board could not see its way clear under existing federal requirements to authorize the provisions mentioned, we have been able to formulate a new bill which will accomplish our objectives and broaden further the rights of our senior citizens. This proposal has the unqualified approval of the Federal Board.

I am, therefore, submitting this new measure as a proposed substitute for House Bill 136.

Under existing law our senior citizens cannot receive gifts in cash or kind in excess of one hundred dollars ($100) without their grant being reduced. The proposed bill eliminates the arbitrary one hundred dollar ($100) figure and the test made of any gift is whether it materially affects the recipients income.

The proposal also guarantees a state wide uniform minimum of fifty dollars ($50) per month to each eligible senior citizen from and after May 1, 1945. The effective date of the increase has been established in advance in order that necessary administrative adjustments required by the bill can be made.

Provision is also made for taking living costs changes into consideration in defining need, which in my opinion is important because it allows flexibility under any given existing economic condition.

Another feature is that senior citizens residing in county hospitals will be entitled to a grant to meet their needs of a personal and incidental character.

Under its terms senior citizens retain their right to casual and non-recurring earnings. Also retained is their right, on the basis of need as determined by the department, to supplement their grant from regular earnings.

I believe the proposed substitute bill is the best one possible under all the circumstances. I, therefore, recommend its passage.

Respectfully submitted,

Mon C. Wallgren,
Governor.

RULING BY THE SPEAKER

The Speaker:

"May the Speaker mention a matter at this time in the interest of conducting our affairs here in the House?

"Under Rule 3 it lies within the powers of the Speaker to see that satisfactory conditions are maintained in the House chamber. This is for the purpose of making the process of carrying on legislative business in this body as convenient and comfortable as possible for the members.

"Recently, a number of the members have complained to the Speaker that such has been the confusion in the House chamber during the roll calls in the morning, and also during the calendar of the day afterwards, that the members often miss hearing their names mentioned on the roll calls."
"The Speaker believes that no one but members should be allowed on the floor of the House immediately prior to roll call in the morning, or afterwards, and that this rule should be followed until after adjournment time.

"Sometimes the members wish to speak to relatives or friends, and some feel that there is little time for such contacts. However, the Speaker wishes to submit that all this not only adds greatly to the confusion, but places on the Sergeant-at-Arms and their assistants the unpleasant responsibility of putting these friends and relatives off the floor when they clear the House chamber,—a responsibility that no one desires.

"With these conditions in view and with the sole thought in mind that it is only for your own convenience, we are making the ruling that all persons excepting the members and the employees of the House will be cleared from the House Chamber just fifteen minutes prior to the opening of each session; also that no one else will be allowed on the floor of the House until after each adjournment.

"The Speaker will be glad to have your suggestions on this subject. The ruling may be changed if that is your wish. This is just a statement from your Speaker in the effort to expedite the conduct of the House business."

**MOTION**

On motion of Mr. Waldron, the House adjourned to eleven o'clock a. m., Thursday, February 8, 1945.

**COMMUNICATION FROM THE GOVERNOR**

State of Washington, Executive Department, Olympia, February 7, 1945.

To the Honorable, The House of Representatives of the State of Washington

LADIES' AND GENTLEMEN:

I am submitting to the Senate for their consideration a bill on the vitally important subject of unemployment and disability compensation. While doing all we can to prosecute the war we must also do those things necessary to prepare for the peace. We must assume that a period of temporary unemployment may accompany our transition from war to peace. To provide for more adequate coverage and larger benefits under our state unemployment insurance system is to protect the working man, as well as business, from undue hardship during any such period.

The proposed bill increases both the weekly payments as well as the periods during which such increased payments are to be made, as well as adding sickness and disability payments. The present weekly payments vary from $7.00 to $15.00. I recommend the payments be raised to a weekly minimum of $10.00, and a weekly maximum of $25.00. Under existing law the insurance is payable over periods ranging from 6 to 16 weeks. I believe these periods should be increased to a minimum of 12 weeks and a maximum of 26 weeks. Such action is in line with the general increase in the wage scale and should tend to reduce any future problems of the wage earner which may result from unemployment.

The measure proposed is a complete recoding of the unemployment compensation act. This is in response to the action of the 1943 Legislature providing for recoding of all state statutes to accomplish uniformity of state laws, to make amendment easier, and to make the laws more easily understood.

In my opinion the unemployment insurance program should be expanded to include those who become unemployed because of illness or non-industrial disability. For many years the law has limited its protection to those who are "able and available" for work, overlooking those unable to work by reason of illness or non-industrial accident. The man or woman who is unemployed because of sickness or disability is usually more seriously in need of insurance protection than those who are able bodied.

Within the next few years, or perhaps sooner, the importance of the changes suggested will be widely appreciated. We must act now to assure as far as possible that the drastic unemployment hardships of the past will not recur. Our insurance program is self-sustaining and the payments under it are a matter of right, not of charity. The proposals are financially and economically sound. They are important. I know they will receive your most careful consideration.

Respectfully submitted,

Mon C. Wallgren,
Governor.

Mr. Schwartz demanded a roll call and the demand was sustained.

The Clerk called the roll on the motion by Mr. Schwartz to re-refer House Bill No. 231 to the Committee on Veterans' Affairs, and the motion was lost by the following vote: Yeas, 32; nays, 51; absent or not voting, 16.

NOTICE OF RECONSIDERATION

Mr. Schwartz gave notice that, having voted on the prevailing side, he would on the next working day move that the House reconsider the vote by which the motion to re-refer House Bill No. 231 to the Committee on Veterans' Affairs was lost.

SPEAKER'S PRIVILEGE

"May the Speaker make a statement at this time?

"This is a matter some of the members have mentioned. I think, however, that a statement by the Chair would give a clearer understanding to all of the members. Today it has been obvious in the dissatisfaction shown on the part of some of the members with the committee assignment of the veterans' bills.

"If there has been disappointment about the presentation of the veterans' bills, this is the first you Speaker had heard about it. The Chair was not notified by the committee that all veterans' bills were to be introduced by committee. It is not possible for the Speaker to call on all of the House in decisions as to legislation assignments. Your Speaker would be very happy to learn of such things at the time the assignments are made and before there dissatisfactions reach the floor.

"The difficulty is that during the passage of legislation the members of the House through some technicality are often put in the position of appearing to vote against some of these veterans' measures. That has happened to the Chair and to all of us, when at heart we favor these bills and want to help the veterans. It is something that might be avoided if these things were solved while this important legislation is in committee and not after it has been placed on the calendar of the day.

"The Speaker would be happy to discuss any dissatisfactions with the chairmen and with their committees before the bills are reported out of committee. The Chair
THIRTY-SIXTH DAY, FEBRUARY 12, 1945

desires these assignments of legislation to be as the members actually want them, and is now requesting you to make every effort to let him know how you do want them.”

SECOND READING OF BILLS

House Bill No. 225, by Representatives Johnson (Levy) and Henry (Al): Relating to the compensation of deputy and assistant county officials.

Mr. Speaker:
We, a majority of your Committee on Compensation and Fees for State and County Officers, to whom was referred House Bill No. 225, entitled: “An Act relating to compensation of deputies, assistants and employees of county officers, and declaring an emergency”, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendment:

In section 2, line 13 of the original bill, being line 6 of the printed bill, strike the period (.) and insert in lieu thereof a colon (:) and add the following words: “Provided, That this act shall cease to be of any force or effect after the second Monday of January 1947.”

Geo. H. Johnston, Chairman.

We concur in this report: Arthur L. Callow, F. Stuart Foster, Harry M. Ingersoll, Charles A. Pedersen.

The bill was read the second time by sections.
On motion of Mr. Johnston (Geo. H.), the committee amendment was adopted.

House Bill No. 225 was passed to third reading and ordered engrossed.

House Bill No. 221, by Representatives Willoughby and Hofmeister: Relating to meeting places for veterans’ organizations.
The Clerk read the bill the second time by sections.
Mr. Schwartz moved that House Bill No. 221 be re-referred to the Committee on Veterans’ Affairs, and that it retain its place on the next day’s calendar.

POINT OF ORDER

Mr. Waldron:
“Mr. Speaker, I arise to a point of order. Is not this motion out of order just now?”

RULING BY THE SPEAKER

The Speaker:
“Obviously, the motion is not in order in the form in which Mr. Schwartz made it. I think if Mr. Schwartz would divide the motion and move only that the bill be re-referred to the Committee on Veterans’ Affairs, it could be passed on by the House. Then if the bill is referred, it could not retain its place on tomorrow’s calendar.”

POINT OF ORDER

Mr. Murphy:
“Mr. Speaker, point of order. Does the Speaker mean that Mr. Schwartz’s motion has been ruled out?”

RULING BY THE SPEAKER

The Speaker:
“At this point the Chair would like to make the ruling that should the bill be re-turned to committee it is out of the jurisdiction of the Rules and Order Committee.”

Further debate ensued.
Mr. Martin (Fred J.) moved that further action on House Bill No. 221 be deferred and that it be made a special order of business on the next day’s calendar.
POINT OF ORDER

Mr. Murphy:

"Mr. Speaker, I arise to a point of order. Under Rule 24 Mr. Martin’s motion is not in order. It is my impression that Mr. Schwartz’s motion must be acted upon first."

RULING BY THE SPEAKER

The Speaker:

"The motion to recommit and the motion to postpone are of the same rank. Mr. Murphy’s point is well taken."

On motion of Mr. Lindgren, the previous question was ordered.

The Speaker declared the question before the House to be on Mr. Schwartz’s motion to recommit House Bill No. 221 to the Committee on Veterans’ Affairs. Mr. Schwartz’s motion was declared lost.

Division was called for by Mr. Schwartz.

POINT OF ORDER

Mr. Armstrong:

"Mr. Speaker, I arise to a point of order. Division cannot very well be called for after the vote has been announced."

Mr. Waldron protested that a division could not have been called for as the Speaker had immediately announced the vote.

RULING BY THE SPEAKER

The Speaker:

"The Chair’s ruling is that the demand for division is in order. It is the Speaker’s opinion that he did announce the result of the vote too quickly for an earlier division to have been called for."

The motion by Mr. Schwartz to re-refer House Bill No. 221 to the Committee on Veterans’ Affairs was lost on a rising vote.

PERSONAL PRIVILEGE

Mr. Pitt:

"Mr. Speaker, could not the Chair establish a definite stand on this point so that the right of a member to call a division would be protected?"

RULING BY THE SPEAKER

The Speaker:

"The Chair will endeavor in the future to allow plenty of time before announcing the vote so that thereafter it will be possible for any member of the House to call for a division. In this case the Speaker was at fault in announcing the vote with so little interval that there was hardly time for anyone to ask for division."

"The Speaker regards the rules as the oil of legislative machinery, necessary to permit a smooth flow of business, and to reflect a fair expression of the desires of the members. It was the Speaker’s haste in too quickly announcing the vote which prevented the action being taken in due order of business, in this case. In the future the Speaker will be happy to observe a reasonable interval after the vote is counted before announcing the result."

House-Bill No. 221 was passed to third reading.

House Bill No. 220, by Representatives Willoughby and Hofmeister: Relating to the publication of pamphlets compiling veterans’ information.

The bill was read the second time by sections.

On motion of Mr. Waldron, the following amendment was adopted:

In section 2, line 9 of the printed bill, being line 16 of the original bill, strike the period (.) and insert in lieu thereof a colon (:) and add the words “Provided, That
pamphlets printed and distributed shall not exceed in cost the sum of five thousand dollars ($5,000) as herein provided."

House Bill No. 220 was passed to third reading and ordered engrossed.

**House Bill No. 177**, by Representatives Simpson and Young: Relating to veterans afflicted with Buerger's disease.

The bill was read the second time by sections.

On motion of Mr. Simpson, the following amendment was adopted:

In section 1, line 11 of the printed bill, being line 18 of the original bill, after the comma (,) following the word "Further" strike the words: "That patients afflicted with Buerger's disease, and veterans, are at all times to be given preference over all others." and insert in lieu thereof the following: "That veterans and persons afflicted with Buerger's disease shall at all times be given preference over all other persons."

House Bill No. 177 was passed to third reading and ordered engrossed.

**THIRD READING OF BILLS**

**Engrossed House Bill No. 145**, by Representative Bunnell: Relating to the registration of voters.

On motion of Mr. Riley, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 145 was placed on final passage.

Debate ensued.

Mr. Wenberg (Oscar) demanded the previous question, and the demand was sustained.

The Speaker declared the question before the House to be on the final passage of Engrossed House Bill No. 145.

The Clerk called the roll on the final passage of Engrossed House Bill No. 145, and the bill passed the House by the following vote: Yeas, 66; nays, 21; absent or not voting, 12.

Those voting yea were: Representatives Adams, Andersen (Anders), Anderson (L. R.), Armstrong, Ashley, Boede, Bunnell, Callow, Carty, Chambers, Chervenka, Christensen, Ford (Robert M.), Ford (U. S., M.D.), Goucher, Griffith, Hall, Hanks, Henry (Al), Henry (Edward E.), Hillyer, Hodde, Hofmeister, Hurley, Ingersoll, Jeffreys, Johnson (Levy), Johnston (Geo. H.), Jones (William H.), Kehoe, Kellogg, King, Lehman, Lindgren, Martin (Fred J.), Martin (Harry J.), Miller (Floyd C.), Montgomery, Murphy, Nunamaker, Pearson, Pennick (Blanche), Penno (William J.), Petitz, Pitt, Price, Rasmussen, Raugust, Riley, Rosellini, Schumann, Schwartz, Simpson, Smith (C. L.), Smith (Mrs. Jurie B.), Thrasher, Van Buskirk, Waldron, Wedekind, Weeks, Wenberg (Oscar), Wiggen, Willoughby, Winberg (Andrew), Young, Mr. Speaker—66.

Those voting nay were: Representatives Anderson (B. Roy), Bassett, Clark, Compton, Eaton, Foster, French, Hamblen, Hefel, Isenhart, Jones (D. W.), Lauman, Loney, Malloy, Miller (Fred), Morrison, Pedersen, Shadbolt, Taft, Thompson, Zent—21.

Those absent or not voting were: Representatives Beierlein, Bernethy, Cory, Cramer, Easterday, Hansen, Harley, Kinnear, Mahaffey, O'Brien, Ridgway, Vane—12.

Engrossed House Bill No. 145, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.
MOTION
On motion of Mr. Waldron, the House was declared to be at ease until 1:45 p.m.

Senator Lady Willie Forbus delivered the following memorial address:

Mr. President, Mr. Speaker, Members of the Legislature, Ladies and Gentlemen:

This hour is indeed well chosen. While the mountains and the oceans of the world echo the whirl and roar of wings and the din of cannon, and this Nation is in its agony, and tragedy stalks through the land and into the firesides of all our families, we take a respite to escape into the serene region of contemplation.

For today we meet with two-fold purpose: To do homage to the memory of a
Great Liberator and Man of the People, and to pause in reverent memory of those among this Body who have passed out of our lives into the Great Beyond.

In the Halls of this Nation three-quarters of a century ago, the Great Emancipator espoused a cause to set men free—to protect man against the greed and exploitation of his fellow. That cause bore a bitter fruit. It brought, first, a house divided, and then War—War between brother and brother, between father and son. It threatened the destruction of a new republic at a time when it was yet forging its pattern and fashioning ideals destined to become the guiding light of all civilization.

Victor of a hundred battles during four tragic years, Abraham Lincoln lies today as dust. As he was called to sacrifice the lives of his people to preserve their inalienable rights, just so he, in turn, became a sacrifice. He stands before us this Memorial Day a living, powerful influence, directing the thought and setting an un-deviating course toward the principles of true democracy written in his blood and the blood of our forefathers.

My friends, service in any lawmaking body commands moral strength and lofty ideals. The business of statesmanship becomes wizened and sordid where there are no heights to scale. For, Democracy is founded upon ideas. When those ideas lose their power over the minds and hearts of men, Democracy will come to an end.

The wisest and best men may differ most sharply in applying what seems the simplest and clearest principles of morals and duty in the conduct of government. But, the important factor is—Not that good men shall abate their zeal for righteousness or progress—But only that they should abate the bitterness of their judgments of others with whom they differ.

Since last this assemblage convened, many of our members have been laid to rest. The voice of at least one of these men was heard in these halls as long ago as 1895, and still another in 1899; and several of them served the State at the turn of the Century.

Two years ago, in the corridors and committee rooms of this Capitol, there moved among us many of our brethren and co-workers, each contributing, according to his own light, the utmost of his capabilities, and each striving to maintain the principles laid down by the immortal Lincoln.

If either of them failed, it was the frailty that is common to all humans, and not the avarice or greed or corruption thoughtlessly attributed to them by others.

So, today, as we stand in commemoration of these fine men, who for over a half a century have mingled their voices and ideals with ours, we bow in compassion and deep gratitude for their service and vision; and we acknowledge with all humility their contribution toward a design of living which challenges this war-torn world and offers a plan of everlasting peace.

Senator Howard S. Bargreen delivered the following eulogy on the life of George W. Adamson:

George W. Adamson was born in Winchester, Indiana, June 4, 1870, and had resided in Snohomish County, Washington, for the past fifty years. He died in Everett, Washington, Saturday, June 29, 1944, at the age of seventy-four, after a brief illness.

Mr. Adamson had served in the State Legislature as a member of the House of Representatives in the session of 1919 and the Extraordinary session of 1920; and as a member of the Senate in the 1921 and 1923 sessions. He was at one time County Clerk of Snohomish County, and had been in the real estate and insurance business in Everett for the past thirty years.

Surviving him are his widow, Mrs. Alice E. Adamson, of 3218 Rockefeller Avenue, Everett; two sisters, Mrs. Hanna Holloway of Winchester, Indiana, and Mrs. Edith Culp of Mason City, Illinois; and a number of nephews and nieces.

Funeral services were held on Tuesday afternoon, July 2, 1944, at the Funeral Home of Purdy and Walters, with the Reverend Charlie McKinley and Rev. M. L. Root, pastors of the Free Methodist Church, officiating; and burial was made in the Evergreen Cemetery at Everett.

Representative Arthur S. Cory delivered the following eulogy on the life of Theo. Albert:

Theo. Albert was born in Addison, Illinois, on March 1, 1878. He was a graduate of Elmhurst College in 1896 and graduated from Lawrence College of Appleton, Wis-

confin, in 1903. He died November 13, 1944, in St. Peter's hospital in Olympia, at the age of sixty-six years, after a brief illness.

He served as State Representative from Lewis County for six years, in the 1927, 1929 and 1931 sessions. He served as P. U. D. Commissioner of Thurston County, and at the general election in November was re-elected for a term of six years. He was a member of the faculty of Lewis & Clark High School in Spokane for two years.

For many years up to his death he was in the nursery business, and at the National Flower Show in Seattle, Washington, he received first prize for his camellia exhibit. For five years he was District Horticulturist for Southwest Washington.

He leaves his widow, Lydia W. Albert, one brother and two sisters.

Representative George F. Yantis, Speaker of the House, delivered the following eulogy on the life of Claude C. Aspinwall:

Claude C. Aspinwall, one of the most respected and beloved citizens of Thurston County, departed this life on the 27th day of October, 1944. He was born in Rome, Wisconsin, on January 1, 1873. He came to Washington in November, 1895, and lived here continuously until the date of his death.

From 1896 to 1903, he was engaged in logging in and about Thurston County. In 1903, he was appointed to the State Board of Control and served on that Board until 1909, when he was made superintendent of the State Training School at Chehalis. He served in that capacity until 1914. From 1915 until 1940, he was engaged in the dairy business in Thurston County.

Claude C. Aspinwall served as a member of this Body, representing the 22nd Legislative District, in each session, beginning in 1917 until and including the 1933-1934 Extraordinary Session. He was a life-time Republican.

Claude Aspinwall—'Spin'—as he was affectionately called by his innumerable friends—came to Washington at the request of the Seattle Athletic Club to play football during that season for the Seattle Club. In the course of his football career he was in one game pitted against Jack Monroe, at one time heavyweight champion of the United States. Mr. Aspinwall, himself, was at one time Northwestern Amateur Boxing Champion. He was the first football coach for the Olympia High School, where he served without compensation. He also played baseball for Seattle and Tacoma in the old Northwest League and also for the Olympia Senators. An ardent sportsman, he was active in hunting and fishing for many years of his life; but with all of his interests in sports, his principal interest was agriculture, and in particular the dairy and livestock industry.

Claude Aspinwall was a man respected by all who knew him. He was the kindest and friendliest of men—more concerned about his fellow man than about his own fortunes. As a legislator, as in all walks of life, he was known by all to be absolutely reliable and dependable and richly endowed with that uncommon quality called common sense.

To the day of his death, Claude Aspinwall was actively engaged in public service for he served continuously during the present war on the Thurston County Draft Board.

He leaves behind him his widow, Mrs. Minnie Aspinwall of Olympia; and three sons, Mark Aspinwall of Olympia, Channing Aspinwall of Chicago, and Philip Aspinwall of Olympia.

Not only is Claude Aspinwall missed by the people of his own community, but by the multitude of his friends of numerous legislative sessions who found pleasure in meeting him when at Olympia.

Representative Francis Pearson delivered the following eulogy on the life of Clifford Linus Babcock:

With the passing of Clifford Linus Babcock, the State lost one of its most outstanding citizens. Mr. Babcock was the type of man who helped build the State, and his contribution will go down in history as such.

Clifford Linus Babcock was born in Aurora, Illinois, on June 24, 1866, and passed away on February 25, 1944. He came to the State of Washington in 1888. He organized the Port Angeles Trust and Savings Bank in 1914, which merged and consolidated with the Citizens National Bank and the First National Bank, and was Vice-President thereof until 1920. the Extraordinary session of 1920. Mr. Babcock was Treasurer for the State of Wash­
ington from 1921 to 1925.

various civic enterprises. He was director of the State Chamber of Commerce; di­
rector of the Automobile Club of Washington; a member of the Tacoma Chamber of
Commerce; director of the Izaak Walton League of America; President of the State
Historical Society; and a director of the Cascade Tunnel Association.

He was a member of the Lions Club, and the Arctic Club, Seattle.

Mr. Babcock married Marie R. Chambers of Minneapolis on August 14, 1889, and
they had three children: Grace, Leah Faye, and Douglas P. Babcock.

The Committee on Memorials prepared the following eulogy on the life of
Daniel Wallace Barclay:

Daniel Wallace Barclay was born in Linn County, Missouri, on January 27, 1871,
and died on April 9, 1944. He was married to Katherine Vallier at Milan, Missouri,
on July 12, 1893. To this union was born four children—William M., Chehalis, Wash­

ton; and Gladys N. Anderson, Mount Vernon, Washington. He was engaged in farming in the
East, and in February, 1902, he moved with the two older children to the Palouse
country. He farmed there until 1908. The family then moved to Moscow, Idaho,
where he started in the auctioneering business. In 1913 the family again moved to
Walla Walla. Here he continued the auctioneering business and became interested in
pure-bred cattle. In 1920 he was instrumental in organizing the Walla Walla Farm

this capacity through the 1925, 1925 Extraordinary, and 1927 sessions, at which time
he moved to the West coast. He was on the Appropriations, Agriculture and other
committees during his term.

When he moved to Skagit County he purchased and established Chuckanut
Farms, where he bred and owned one of the outstanding herds of pure-bred Guern­
sey cattle in the United States. He had several world record cows and a number of
class leaders. He was instrumental in organizing the Skagit County Guernsey Asso­
ciation, serving as its President for several terms. He also pioneered the founding
of the Washington State Guernsey Association and was its President at the time of his
death. Mr. Barclay was recognized by the American Guernsey Cattle Club as one
of the best judges of dairy cattle in the United States. He was known as the “daddy
of Guernsey cattle in the Northwest”.

and passed away in August, 1943. He received his education in schools in many states,
but graduated from the Academy in Eureka, California, also from business college.
He traveled extensively, working in different parts of the country, finally settling in
Silver Lake, Washington, where he entered the logging industry, also being a partner in
a shingle mill. He was a stockholder in the Silver Lake Railway and Lumber
Company, but sold his holdings in 1918 and moved to Longview, where he lived for
many years.

Mr. Barnes was a man of wide and varied interests. He was a member of the
school board, held the position of postmaster for twenty-seven years, and was one of
the County Commissioners from 1903 to 1906. He was elected to the Senate of the
State of Washington in 1916, and served in that capacity every session, including the
Extraordinary sessions, up to and including the session of 1935.

Mr. Barnes was the one who secured the land which is the present site of the City
of Longview.
Mr. Barnes married Eleanor Dahlman, a member of one of the pioneer families of Silver Lake, and to them five children were born.

Representative Edward E. Henry delivered the following eulogy on the life of George L. Berger:

George L. Berger, a Seattle resident for nearly forty-five years, and long in Republican political circles in King County and the State, died October 10, 1944, after a long illness. He was born in Oakland, California, and came to Seattle in 1880. Mr. Berger served in the State Legislature of the State of Washington, in the House of Representatives at the 1915 Session, and was Director of the State Department of Licenses under Charles Maybury. He also was Treasurer of Seattle Aerie No. 1 of the Eagles, for more than a decade, and for fourteen years was Deputy County Clerk, before his appointment to the State post. He was a life member of the Eagles, and had retired from public life for the last thirteen years.

Representative Frank B. Malloy delivered the following eulogy on the life of W. A. Bolinger:

W. A. Bolinger died at his home at Methow, Okanogan County, on the 20th day of April, 1944. Mr. Bolinger was eighty years of age at the time of his death. He was born at Fayetteville, Arkansas, and he came to the State of Washington in the year of 1889.

He was always interested and active in public affairs and in the development of his county and the State of Washington.

He was one of the fourteen men who, in 1899, under the leadership of the late Samuel Hill, met in Spokane and organized the Washington State Good Roads Association. He became a charter member, and remained actively interested in the association until the time of his death. Of the fourteen who formed this association, only three are now living. Mr. Bolinger was active in the Stevens Pass Association, and was a past president of this association.

He served as a Representative in the Washington State Legislature in the sessions of 1905 and 1909, and also in the special session of 1909. He was also a member of the Washington State Senate for the term of 1919 and the 1920 Extraordinary Session.

Representative Al Henry delivered the following eulogy on the life of Dr. Albert F. Brockman:

Numbered with those capable, energetic, broad-minded citizens of Klickitat County who are devoting the best that is in them to the upbuilding of the country in general, and the Bickleton section in particular, is he whose name initiates this paragraph. For more than a decade he has been identified with the progress of his community. Born in Pleasant Mount, Missouri, June 4, 1868, Albert F. Brockman is a son of James M. and Martha E. (Adcock) Brockman, of German and English descent respectively.

The elder Brockman was a native of the Buckeye State, and was born in 1841. When a boy, he was taken to Missouri by his parents, who were among the first settlers of Miller County. There he was engaged many years in farming. He also served for a number of years as sheriff of that county. He was a Union soldier in the Civil War, and served under General Sherman for more than three years, participating in most of the famous general’s great engagements. In 1890 he came to Washington and located at Ellensburg, in Kittitas County.

Missouri remained the home of Albert F., until he had attained man’s estate. There he received his education, and for the first sixteen years of his life lived on the farm. He then secured employment as a clerk in one of the stores of his native town, and later entered the drug store of his uncle, H. H. Brockman, who was also a physician. His ambition to be a physician too was soon aroused, and he immediately began the study of medicine.

When twenty years of age he matriculated at the American Medical School of St. Louis, Missouri, and from that institution he received his degree two years later in 1890. His first location was at Russellville, Missouri, but after a few months he crossed the continent to Friday Harbor, San Juan Island, Washington, whence, on February 12, 1891, he came to the sparsely settled Bickleton country.

The young doctor made friends and prospered. He opened a drug store in the town of Bickleton in 1894 and four years later was able to erect the present substantial Brockman Block, in which he placed the drug store and a furniture store. From
time to time he had increased his business interests, among other things which have claimed his attention being the extensive buying and selling of stock, in all of which he has done well.

Dr. Brockman married Miss Anna E. Sigler, the daughter of James C. and Frances E. Sigler of Bickleton, September 5, 1895. She is of German and English stock, and was born in Lake County, California, in November, 1877. Her father was a pioneer of the Golden State, as also of Klickitat County to which he came in 1883. Mrs. Sigler is a Washingtonian, born near Walla Walla. Both parents are still living. One child, Cecil C., born June 17, 1896, has blessed the union of Dr. and Mrs. Brockman. Dr. Brockman has one brother, George B., living at Ellensburg, and three sisters, Mrs. Lucy Hick of Ellensburg, Mrs. Mary Sharpe of Boise, and Mrs. Bessie Riegel, Kittitas Valley.

The doctor was one of the most prominent men in fraternal circles in this section of the state. He held membership in the following lodges: No. 89, A. F. & A. M.; No. 113, K. of P.; Camp No. 6249, M. W. A.; No. 63, A. O. U. W.; No. 111, I. O. O. F.; No. 20, B. A. Y. and Wheatland Union No. 74, O. of W. He has held every office in the local I. O. O. F. and has been delegate to the Grand Lodge for many years.

At the time of his death he was active in politics. For ten years he had attended the Republican State Convention as a delegate, and was serving his party as Central Committeeman. He had not only won success in his profession, but had built up large interests in business lines, being a member of the firm of Clayton, Mitty and Co., a stockholder in the Bank of Bickleton, owner of the northern part of Bickleton's townsite, besides owning a drug store, furniture store and other valuable town property. He was also a dealer in horses.

The doctor was one of the country's truly successful citizens, respected by his fellow men and popular with all who knew him because of his genial, generous qualities.

He served as a member of the House of Representatives in the 1923, 1925, 1927 Extraordinary and 1927 Sessions.

Representative George S. Hurley delivered the following eulogy on the life of Hubert Daniel Buchanan:

Hubert Daniel Buchanan was born on October 16, 1875, in Rio, Columbia County, Wisconsin. He married Esther McCauley, of Pennsylvania, on June 5, 1907, and to this union was born one daughter, Helen Jane. He passed away in November, 1944.

Mr. Buchanan graduated from the University of Wisconsin in 1901, and received the degree of L. L. B. in 1903. He came to the State of Washington in 1903.

He was active in his community, taking an interest in all civic problems. He served in the State Legislature as a Representative in the 1911 Session. He was active in Club and Church work. He belonged to the Royal Arcanum and the Sigma Nu Fraternity.

Senator Albert Rosellini delivered the following eulogy on the life of Judge Charles E. Claypool:

Judge Charles Ethelbert Claypool, pioneer Washington jurist, died March 22, 1944, in a Seattle hospital after a brief illness.

Judge Claypool, lawyer, Alaska Court Commissioner, and gifted public speaker, saw the City of Seattle emerge from a hustling sawmill town to the status of a world port—the gateway to Alaska and to the far East. Although he was known as a master of pathos, it is likely that he will be remembered best for his services in saving many families from domestic disaster in the Court of Domestic Relations, over which he presided.

Born at Crown Point, Indiana, December 7, 1861, Judge Claypool came to Washington in 1887, and was admitted to the territorial bar a year later. It was common in that early period of Washington's history for any young man with talent for public speaking—and especially if he happened to come from Indiana—to immediately become active in politics. The tendency of natives of the Hoosier state to engage in politics almost was proverbial, and it was true in the case of young Mr. Claypool. Originally Judge Claypool came to Washington to join his uncle in the practice of law in Tacoma. It was through that association that he became a partner of the late Francis W. Cushman, the late Edward E. Cushman and James A. Haight of Seattle.

Judge Claypool served as deputy prosecuting attorney of Pierce County from 1889
to 1892. He served in the Legislature of the State of Washington as Senator from 1891 to 1893 inclusive.

From 1897 to 1900 Judge Claypool served as assistant United States Attorney under the late William R. Gay. When the golden North beckoned, he accepted the position of court commissioner at Circle City. He served also at Fairbanks during the height of the Alaska Gold Rush. Returning to the United States in 1910, Judge Claypool settled in Olympia.

In 1913 and 1914 he served as Superior Judge of the district composed of Thurston and Mason Counties. When Judge Claypool was named Justice of the peace in Seattle, November 13, 1928, he succeeded Chester A. Batchelor, who had been elected to the Superior Court.

Judge Claypool was well known for his quaint humor. His trim, erect figure and soldierly bearing was familiar to thousands. He served two years in the Washington National Guard. He was a 32nd Degree Mason, and a member of the Shrine, the B. P. O. E. and the F. O. E. and the Sons of the Revolution. He was a member of the Episcopal Church, and a life-long Republican.

Representative Floyd C. Miller delivered the following eulogy on the life of Bert H. Collins:

It is indeed an honor and privilege to say a few words in memory of a very personal friend and colleague—Bert H. Collins.

Mr. Collins served in the House of Representatives of the Washington State Legislature, from the 45th District, in the 1933, 1933 Extraordinary, and 1937 sessions. He represented and served his district with honor and distinction. He was an active member and spokesman of the Democratic party. Mr. Collins was a humanitarian. He devoted a great deal of his life to work which advocated reforms and measures that would alleviate the conditions of our under-privileged citizens. Many of these reforms have since been enacted into laws.

Mr. Collins was a member of the Automobile Mechanic's Union and the Boilermakers' Union.

He passed away on November 6, 1943—just one day short of his 59th year. He is survived by his devoted widow, Mrs. Lulu Collins; a daughter, Mrs. Roger Clinkenbeard, of Seattle; his father, John Collins, of Letts, Iowa; a sister, Miss Lola Collins, and four brothers—Ed, Jack, Clifford and Fay Collins, all of Letts, Iowa.

In the death of Representative Bert H. Collins the state has lost a public spirited citizen.

The following eulogy on the life of John C. Crawford is from the Golden-dale Sentinel, October 12, 1933:

The death of John C. Crawford, of Northdalles, occurred early Monday, October 9, 1933, following a comparatively short illness. Mr. Crawford had been having trouble for some time with his heart, and of late had been more or less confined to his home. Last week he was in Goldendale, renewing old acquaintances. His ailment became worse last week-end and he was taken to the hospital at The Dalles, where he passed away.

John Crawford was sixty-six years of age. He has for years been interested in politics and civic activities, having served this district as both State Representative and State Senator. He was a member of the House of Representatives in the 1915 and 1917 sessions, and a member of the State Senate in the 1919, 1920 Extraordinary and 1921 Sessions.

He has lived for years on the home farm near Northdalles, always working for the development and betterment of his community and district. He was one of the early workers for the completion of the North Bank highway, and some of his early efforts were responsible for the work being as far advanced as it is at present. Mr. Crawford was a Mason, belonging to the several organizations in the order, including the Shrine.

He was born March 17, 1867, at Susanville, California. Surviving him are his wife, Mary, and two sons, M. M. Crawford of Northdalles, and M. H. Crawford of Goldendale. One sister, Mrs. Frank Saxton, Blockhouse, Washington, also survives.

Representative Dwight Bunnell delivered the following eulogy on the life of Peter David:

With the passing of Peter David on February 16, 1944, Tacoma lost one who played
his part in the business and legislative development of his community and state.

Peter David was born in Starinograd Dalmatia, Austria (now Jugoslavia) February 16, 1874, and died in Seattle, February 16, 1944.

While serving as a deputy clerk of the Superior Court of Pierce County for eight years he studied law and was admitted to the bar in 1907. He was a self-educated man. At the time of taking the bar examination he ranked second out of fifty-seven taking the examination.

In 1909 Mr. David was elected and served in the regular and special sessions of the Legislature, in the House of Representatives. He voted for the first local option bill, voted to submit the amendment to the Constitution conferring woman suffrage, which was subsequently ratified by the people, and voted to protect women in industry and for many progressive measures.

Mr. David also served in the 1921 Session of the Legislature, as a member of the House.

Governor Hay conferred upon him the distinction of being one of a committee of four to receive and escort President Taft during his visit to our state to the Alaska-Yukon-Pacific Exposition in Seattle.

Mr. David served as President of the Puget Sound and Alaska Powder Company and at the same time was proprietor of several motion picture houses in Tacoma and vicinity. He was a successful business man.

An interesting footnote to the life of this legislator is that his name, as well as appearing in the Legislative annals, appears also on Olympia menus. Mr. David was very fond of the Olympia oyster. In ordering oyster stew it was his wont to order toast with it, which he would submerge in the stew. This dish is now famous and known as the "Peter David".

Senator John T. McCutcheon delivered the following eulogy on the life of Walter Scott Davis:

Walter Scott Davis was born near North Salem, Indiana, December 29, 1866, and died on June 17, 1943. With his passing the state and nation lost a valuable contributor to the cause of education and higher learning, as he was particularly well prepared to assist in any program toward that end. The list of educational institutions he was a graduate from, and attended, is imposing; and his years spent as a teacher in some of the best schools well fitted him for the part he played in society.

He graduated from De Pau University in 1889; from Cornell University in 1892; Student in History in the University of Leipzig, Germany, in 1892. Had a Fellowship in History in the University of Chicago in 1894 to 1896. He was an instructor of history and civil government in the Richmond, Indiana, High School in 1897-1907.

Mr. Davis came to the State of Washington in 1907, and the following are some of the activities he followed: Editor of Volume 2 of the Washington State Historical Society publications; Member of the Board of Trustees of the Washington Children's Home Finding Society; Vice-President and member of the Board of Directors of the Central Bank of Tacoma; Professor of History and Government in the College of Puget Sound; and a member of the Tacoma Metropolitan Park Board.

Mr. Davis served for many years as a State Senator in the Washington State Legislature, beginning with the 1913 session and continuously through the 1927 session.

Mr. Davis belonged to the F. & A. M. No. 22; to the Delta Kappa Epsilon Fraternity. He was a "Roosevelt" Republican, and belonged to the Methodist Church.

Representative Lloyd Lindgren delivered the following eulogy on the life of Thomas Dobson:

It is an honor to be privileged to deliver this eulogy in memory of Tom Dobson, former member of the House of Representatives.

He was born in Nova Scotia in 1867. He lived in Kentucky, Illinois, Colorado and California before coming to the Washington Territory. He came to the Washington Territory in 1889. He was a miner's son and came up the hard way, toiling in the pits when he was little more than knee-high, and following along the trail of coal with his elders until early youth, when he came to Newcastle.

In 1899 he came to Renton and went into business. Politically, Tom was active for fifty years. He was City Councilman and Mayor of Renton, and County Commissioner of King County. He was high in the councils of the Hartley state administration, holding the position of District Road Supervisor. He was elected a member of the Washington State Legislature and served as a member of the House in the 1905 session.
Surviving are his widow, three sons and a daughter.

He was an untiring and progressive leader, and did much to promote progressive legislation, and did a great deal of constructive work in his community.

Senator Harry Wall delivered the following eulogy on the life of John H. Ferryman:

The death in December, 1944, of John H. Ferryman of Wenatchee, removed from the political scene one of the most picturesque figures in the political life of the State of Washington.

He first came to the State Legislature in 1917, served again in 1919 and the extraordinary session of 1920. Thirteen years later he returned to the Senate and served in the regular sessions of 1933, 1935, 1937 and 1939 and the extraordinary session of 1933.

Senator Ferryman is best remembered for his services in the 1930's when he was one of the unquestioned leaders of his party in the Senate. He was an able public speaker and often attracted a large gallery attendance when it was known he was to speak on some question which required his taking the floor. He was an accomplished elocutionist, and on numerous occasions during the closing days of a session he would be called to the rostrum to entertain when the Senate was temporarily at ease.

Senator Ferryman was one of the most fearless of men. While at times he appeared to be nervous and greatly upset over some pending measure, this was a false impression. He always had command of a situation and if he appeared to be searching for the proper words, it was only because he wanted to add emphasis to what he was saying.

Senator Ferryman was a follower of Jefferson, and expressed his love for the common people by pleading their cause. It was during his later years of service that social legislation was being considered, and Senator Ferryman was happy to join his efforts with those of his friends in sponsoring this cause. He was a kindly gentleman, and most courteous in his senatorial duties.

Senator Ferryman was a resident of the State of Washington for nearly fifty years. He served as local agent for the Great Northern Railway at Wenatchee for a number of years, later developing and operating a large orchard. Like all pioneers, he exemplified the characteristics of those courageous Americans. He lived to see not only the valley which he loved, but the state which he honorably served so many years, forge to the front as one of the leading states in the nation.

Representative C. N. Eaton delivered the following eulogy on the life of George Ginn:

George Ginn, who served as a member of the Washington State Legislature in the House of Representatives in the 1915 session, passed away on November 29, 1943, at his farm home near Walla Walla, Washington. He represented the 12th Legislative District, and while a member served on the Committee on Roads and Bridges, as well as on the Committee on Agriculture.

George Ginn was born November 27, 1875, near Weston, Oregon. He was a graduate of the Oregon State Normal School at Weston. He was a member of St. Paul's Episcopal Church, which he served for several years as vestryman. He belonged to Trinity Lodge of Odd Fellows; and to Walla Walla Lodge No. 287, B. P. O. E., having been a past Exalted Ruler and a past Deputy Grand Exalted Ruler of the southeast district of Washington. He was also a member of the Walla Walla branch of the American Institute of Archaeology. For a number of years he was a Rotarian, and a member of the Walla Walla Country Club, during which time he served on the Board of Directors.

These are but the highlights of George's career, but the Community and the State lost one of its stalwart citizens in his passing.

The Committee on Memorials delivered the following eulogy on the life of Elmer E. Halsey:

Elmer Ellsworth Halsey was born in Dover, New Jersey, January 23, 1861, and died at midnight March 11, 1943, at the age of 82 years past. He was the son of Major Thomas J. Halsey, U. S. A., and Elizabeth Corwin. In 1880 he moved to Ann Arbor, Michigan, where he attended the famous law school and received his degree in 1886, the same year that he married Sarah Thomas of Oshkosh, Wisconsin, who survives him.

In 1891 he went to Baraga County, Michigan, residing at L'Anse where he was elected to his first office, prosecuting attorney, by an overwhelming majority. He received appointment as receiver of the land office at Marquette, Michigan, and served in this position several years. In 1898 he responded to the call of the West, coming to
the newly opened irrigation district of Clarkston and bought land there on Highland Avenue, where the family home was until they moved in 1920 to their present home.

In the early days in Clarkston Mr. Halsey was always active in the civic and community life. He was superintendent of the Presbyterian Sunday School. He was elected prosecuting attorney of Asotin County in 1902 without opposition, and subsequently alternated his terms as prosecutor with terms in the State Legislature, acquiring national prominence when serving on the Fisheries Committee and being quoted in Century magazine. He was the father of the "bone dry" law incidental to the national 18th amendment, but was liberal in his own views of personal liberty of the individual. His own favorite relaxations were a good pipe and a good book.

One of his highest honors was appointment to the State Judicial Council by Governor Roland H. Hartley, representing the prosecuting attorneys of southeast Washington in the council.

He was a charter member and organizer of Clarkston Lodge No. 143, F. & A. M., and served as Worshipful Master of the lodge several terms on different occasions. He first joined the F. & A. M. in Michigan. The lodge was the center of much of his social life. He was presented the 50-year pin in Clarkston.

He was interested in promotion of education and served five successive terms as clerk of the local school board, retiring when press of other work became too much.

Mr. Halsey served nine sessions as a member of the House of Representatives, from 1909 through 1917, inclusive, and in the 1923 and 1925 regular sessions and the 1925 Extraordinary session. Among his legislative achievements was the introducing and passage of the bill buying this state's part of the interstate bridge connecting Clarkston with Lewiston, Idaho. He succeeded in getting a bill through the Legislature in 1915 freeing the bridge of tolls and making it a bi-state bridge.

When he first came to the city of Clarkston he maintained his law offices in Lewiston, heading the legal firm of Halsey, Culver & Johnson, comprising himself, Fred D. Culver and Miles S. Johnson, now judge of the Tenth District of Idaho. He also spent several months practicing law at Coeur d'Alene, Idaho, and being withal a husky young man took up a homestead and proved up on it in what was then the upper reaches of the Clearwater River above Orofino, Idaho. His family always resided in Clarkston and after 1902 he became reconciled to the limited law field in Asotin County, but extended his influence into the entire state.

Quoting further from the Clarkston Herald, of March 12, 1943:

"His death early today marks the end of an epoch in the pioneering age of Clarkston and this entire region. Everyone was a friend of Elmer Halsey and his passing to the younger pioneer who knew him well is like the passing of his own father. Elmer Halsey's life is one of the important pieces of life's masonry firmly cemented with the mortar of friendship which goes to make up the structure not made with hands, which becomes the heritage of the people yet to come, not only of this city and county, but through the entire state where he was widely known by his services in the Legislature and as a counsellor."

Representative J. P. Simpson delivered the following eulogy on the life of John Hanks:

John Hanks, seventy-five years old, widely known Kittitas Valley rancher and former minister, died Sunday night, January 2, 1944, after a long illness. Mr. Hanks came to Ellensburg in 1900 as pastor of the First Methodist Church, and retired from the pulpit two years later to become a farmer.

He served as a member of the House of Representatives in the Washington State Legislature in the 1923, 1925, 1925 Extraordinary, and 1927 sessions of the Legislature. Surviving are his widow, five sons and a daughter in Ellensburg, and a son in Hot Springs, Arkansas.

Representative Leroy A. Weeks delivered the following eulogy on the life of Henry C. Hartung:

Henry C. Hartung, leader in community affairs of Clarkston and Asotin Counties for many years, was rounding out his third term in the State Legislature as Representative from the 10th Washington District, comprising Asotin, Columbia and Garfield Counties, when he passed away on Sunday, May 28, 1944, in his home in Clarkston, Washington. His health had not been good for over a year, and he had spent some time in the hospital.

Mr. Hartung was born at Mankato, Minnesota, on April 3, 1880. There he spent
most of his boyhood and received his education. He was a member of the Lutheran Church and married Miss Alvina Dahms on September 15, 1903. His business was construction and managing of street railways. This began with the street railway at Mankato, Minnesota; then another at Wahpeton, North Dakota; and the third at Clarkston, Washington. In 1930 he retired to an extensive acreage in Clarkston, where he built a fine residence and made one of the district’s show places in production of fine fruits, vegetables and berries.

Active in Republican politics, he was first elected to the House of Representatives in 1928 and served in the 1929 session, being reelected and serving in the 1931 and 1943 sessions. He served on the Clarkston City Council and many other civic committees.

When the call came for the special session of the Legislature in 1944, Mr. Hartung responded and came to Olympia. He expressed pleasure at being able to attend and represent his district. “The welfare of the people of the State and of my District are my first consideration”, was his pledge.

Senator Donald Black, M. D., delivered the following eulogy on the life of Joseph L. Keeler:

Joseph L. Keeler, Olympic peninsula pioneer and Sequim’s most prominent citizen, died suddenly at Everett, while visiting friends. Mr. Keeler had been ill in a Seattle hospital, and had gone to Everett to recuperate. He died December 15, 1944.

Funeral services were held Monday, December 18, at 2:00 o’clock p. m., at the Sequim Methodist Church, with the Reverend W. R. C. Dann officiating.

Born October 7, 1873, at Clay Center, Kansas, Mr. Keeler came to Port Townsend in 1889. He left Port Townsend in 1897 for the Klondike, and with Mrs. Keeler and their young son Hammond came to Sequim in 1902, and had lived there since.

Mr. Keeler operated a hotel at Sequim for over twenty years. He secured the incorporation of the city, established the first telephone, electric power and water systems and the town’s first bakery.

Mr. Keeler was a life-long Democrat, and a power in the councils of that party in the state. He served two sessions as State Senator, in 1937 and 1939, and was a County Commissioner for one term. He was also a member of many committees concerned with state and county affairs.

In recent years Mr. Keeler engaged in real estate and insurance. He also operated a farm near Sequim. He was an extensive owner of land and currently was establishing new land clearing projects. Mr. Keeler was active in advisory capacity for proposed legislation to subsidize the clearing of land for returning service men.

Few people have had the romantic and useful career of Mr. Keeler. As a young man he mushed overland through northern Canada on the Klondike gold rush of 1897 and earned the respect of sourdoughs who nicknamed him “The Yellow Kid” from the color he wore in scores of camps in Klondike and Alaska. Mr. Keeler made two trips to the northland and had many thrilling experiences in Dawson, on the creeks and other camps. His stories of the Klondike reflected some of his happiest memories.

After his return from the Klondike and settlement in the then small village of Sequim forty-two years ago, Mr. Keeler’s career has been so varied and useful, that to chronicle it would be to tell the history of the east end of Clallam County. He had so many interests that his friends often wondered how he accomplished all the things he did.

Mr. Keeler was a member of the Naval Lodge of Elks and the Sequim Rotary Club.

Surviving him are his widow, Mrs. J. L. Keeler; a son, Hammond Keeler; a granddaughter, Carol Jane Keeler, all of Sequim; a grandson, Jack Keeler, in the U. S. Navy; and a sister, Mrs. Maggie Robinson, Chimacum.

Senator Victor A. Zednick delivered the following eulogy on the life of Ritchey M. Kinnear:

Ritchey Means Kinnear was an outstanding member of the State Senate during the Sessions of 1903 and 1905. The son of John R. Kinnear, a member of the State Constitutional Convention, after whose brother Kinnear Park in my District on Queen Anne Hill was named, Ritchey Kinnear inherited a keen interest in public affairs.

Before his election to the State Senate, and for many years afterwards until his death April 4, 1943, Senator Kinnear was active in public affairs of Seattle, King County and the State of Washington.

He was born in Paxton, Illinois, January 18, 1870, and with his family arrived in Seattle in 1881. Later he returned to Illinois but came back to Seattle to live in 1883.
He attended the Territorial University, located where the present White Henry Stuart Building now stands, and also, was a student at Northwestern University in Evanston, Illinois.

He engaged in the real estate business as a member of the firm of Kinnear & Paul. Ritchey Kinnear was liked by everyone who knew him. His friends often said that the reason for his popularity was that he was always interested in what his associates had to say on any question. He was active in philanthropic work, was generous in the extreme, and was kind to old people and those who were down and out. He was regarded by all who knew him as a big hearted, generous, companionable and gracious man, always valued as a sincere friend.

Senator Kinnear's record in the Legislature was constructive and a credit to the Queen Anne Hill District. He was a cousin of State Representative Roy J. Kinnear, who is now one of the outstanding members of the State House of Representatives.

In the passing of Senator Kinnear on April 4, 1943, Seattle and the State of Washington lost a public spirited citizen, who had helped materially for many years in building a greater Seattle and a greater Washington.

Senator W. C. Dawson delivered the following eulogy on the life of George Albert Lovejoy:

George Albert Lovejoy was born at Central City, Merrick County, Nebraska, on July 30, 1879, and died on March 2, 1944.

Mr. Lovejoy received his education in public schools near his birthplace, and attended Central City High School. He began his active career in the Idaho mines, where he was employed from 1899 to 1902, and for a year thereafter was manager for a hotel at Wardner, Idaho. In 1903 he settled in Spokane, Washington, where he engaged in various enterprises, beginning with a photographic store and managing life insurance agencies for different companies. He was active in civic work, helping to organize for the purpose of building the City of Spokane. He lived in Spokane until 1911 when he moved to Portland, Oregon, coming to Seattle, Washington, in 1927, where he has resided since. While Mr. Lovejoy's principal interest was in the insurance field, he was also interested in other lines, among which were the Alaska Coke and Coal Company, the California Pacific Oil Company of which he was President, and numerous other companies, including the State Bank of Portland, where he was a member of the Board of Directors.

Mr. Lovejoy was active in politics, being a Democrat since early youth. In 1916 he was sent as a delegate to the Democratic National Convention held in St. Louis, and was a member of the committee chosen to notify Woodrow Wilson of his renomination. He served as a Representative to the Oregon State Legislature in the 1923 session. After he came to Seattle he continued with his interest in political affairs, and was elected to serve in the Senate of the Washington State Legislature for six consecutive sessions, from 1933, also in the 1933 Extraordinary session, through the 1941 session.

Senator Lovejoy was active in all forms of fraternal organizations, being a member of the Masons, having taken both York and Scottish Rites; a member of Nile Temple, Ancient Arabic Order Nobles of the Mystic Shrine, of Seattle. He has belonged to both the Elks and Odd Fellows. For a time he was International Vice-President of the Kiwanis Club.

With the passing of George Albert Lovejoy the state and his community suffered a great loss, as he was always ready to help in any way he could to bring about anything that would help build his City, State and Nation.

Senator Michael J. Gallagher delivered the following eulogy on the life of Robert T. McDonald:

State Senator Robert T. McDonald, a resident of Seattle for fifty-four years, who was one of the state's leading historians and an active civic leader, died November 20, 1944, after a brief illness. With him at the time of his death were his twin brother, Ralph B. McDonald, with whom he lived at 5712 E. Green Lake Way—in which district the family home had been ever since 1896, when there were only eight houses in the entire Green Lake Community; another brother, Superior Judge Donald A. McDonald, and a sister, Mrs. William E. Sander.

Born in The Dalles, Oregon, May 8, 1887, Senator McDonald was brought to Seattle as a child of three. He was graduated from Broadway High School and then attended the University of Washington, where he was a member of Sigma Nu fraternity. His father was the late F. A. McDonald, president of the Seattle school board when he died.
During the first World War he was paymaster on a merchant seamen's training ship. He was in the real estate business for years and was operating a general insurance agency in the Empire Building at the time of his death.

He was first elected to the House of Representatives as a Democrat from the 45th District in 1935. He was elected to the State Senate from the same district in 1939 and had one more session to serve before his term expired.

He was a member of the Speakers' Bureau of the Office of Civilian Defense, and was recently reelected president of the Friends of the Seattle Public Library.

Senator Victor Zednick supplemented Senator Gallagher's remarks with the following eulogy on the life of Senator Robert T. McDonald:

Robert Thompson McDonald, a pioneer, a member of this Senate, and a distinguished citizen of Seattle, has passed beyond the hearing of the bitter voice of envy or the soothing tongue of flattery, and his life is now a blessed memory.

I deem myself fortunate in having had the friendship of Senator McDonald for over forty years. I knew him in our college days, and our friendship continued to the day of his death. He had a heart of gold that was filled with love for all humanity. His uniform good nature, courtesy and kindliness won for him a host of friends. He died when his life's tide was at the full, and in the hour when he was in the meridian of his strength. Death has indeed found a shining mark. Life is a mystery and death an enigma. Comforted by a devoted family of brothers and sisters, with faith unshaken, hope abiding, and with trust supreme, he yielded to his long sleep, confident of an awakening, according to the Father's promise.

He has reached his journey's end. The book of his life is closed. What nobler epitaph can any man have than this: "That having served his generation, by the will of God he fell asleep." A useful and a patriotic citizen has fallen. As the soft winds sigh, over the green grass above his grave, may they sing a requiem, whispering tenderly that now that the fever and troubles of his life are over and his work is done, the Lord of Mercy may grant him a safe lodging and a holy rest, and peace at the last.

Representative Julia Butler Hansen delivered the following eulogy on the life of Philip McDonough:

Phil McDonough, one of Washington State's best loved and most highly respected pioneers, began his service as a member of the Legislature in the State of Washington in 1925. He was elected from Wahkiakum County and served until 1934, when he resigned.

Mr. McDonough was born in Brooklyn, New York, May 7, 1869. He came West with his parents, first settling in Sonoma County, California, where he attended school. In 1881, with his parents, he came to Wahkiakum County, settling where the town of Altoona now stands. His father supervised the installation of the first channel lights in the Columbia River, and Phil tended them for many years. He engaged in commercial fishing in 1883, working for William Hume Cannery, which was operated near the present site of Eagle Cliff.

Mr. McDonough was an active worker for our road progress in southwest Washington and the legislative district from which he served. For many years he was in the employ of the State Department of Fisheries.

He is survived by his widow, Mrs. Olive McDonough. Probably no one serving from the 18th District of the Legislature has had more friends throughout the State of Washington.

To the members of the family of the deceased, the Legislature expresses its sincere sympathy, and deeply regrets the loss of their former member.

Senator Clyde V. Tisdale delivered the following eulogy on the life of Henry S. McGowan:

Henry Silas McGowan died January 20, 1945. A native of the community established by his father and which bears his name, having been born in McGowan, June 24, 1866, Mr. McGowan had made his home there during his entire lifetime. He received his education in Portland, and early in his youth became interested in the canning industry which his father, the late P. J. McGowan, established in 1861.

Mr. McGowan was active for a number of years in the Washington State Legislature, having served as a member of the State Senate in 1907, 1909 and in the 1909 Extraordinary Session. He was particularly active in securing legislation affecting the Washington fisheries.
Mr. McGowan was married September 10, 1894, to Mable Catherine Zigler, and they celebrated their fiftieth wedding anniversary last fall. He was president of the P. J. McGowan and Sons Cannery.

Surviving Mr. McGowan are his widow, Mrs. Mable Catherine McGowan; two daughters, Mrs. Leonora M. Gile of Chinook and Mrs. Catherine Garvin of Spokane; and two granddaughters, Mary and Jane Garvin, also of Spokane. A nephew, John McGowan, was associated with him in the cannery until going into the Navy. He was an uncle of the wife of Captain Roy Seagraves, Marine Captain and formerly a practicing attorney in Raymond.

Funeral services were held at the McGowan Catholic Church, which was built by J. P. McGowan, and burial was solemnized at Mt. Calvary cemetery, in Portland.

Representative Roy J. Kinnear delivered the following eulogy on the life of Thomas F. Murphine:

Thomas F. Murphine was born in Ohio, and had lived in Seattle since childhood. Mr. Murphine was a political and business associate of the late Ole Hanson, former Mayor of Seattle; and served as Superintendent of the Municipal Street Railway during Mayor Hanson’s term of office. He also served as attorney for the Port of Seattle.

He was a member of the House of Representatives, Washington State Legislature, during the four sessions of 1913, 1915, 1921 and 1923, representing the 42nd District. He was also Assistant Attorney General of the State, and served twelve years as a member of the Board of Regents of the University of Washington.

Prior to becoming a leader in the Progressive Party of Washington, he was chairman of the King County Republican Central Committee.

In 1923 he again became associated with Ole Hanson in the development of the townsite of San Clemente, California, and became its first mayor in 1928.

He was prominent in the State Bar of California as a member of the firm of Combs and Murphine.

Mr. Murphine died on November 18, 1943, at the age of sixty-five, of a heart attack following a brief illness.

Survivors are his widow, Mrs. Violet Cowan Murphine, whom he married in Seattle; a son, Thomas Murphine, Jr.; a daughter, Mrs. Gael Murphine Hall; and two grandsons.

Funeral services and interment were at Forest Lawn Memorial Park, Glendale, California.

Representative Harold B. Kellogg delivered the following eulogy on the life of Ralph L. Philbrick:

The deliberations of this august body can well pause for a time to think on the character and accomplishments of one of our former members, Ralph L. Philbrick, who passed away at his home in Hoquiam, Washington, Friday evening, January 26, 1945, at the age of seventy-three years and twenty-nine days.

Almost from the time of his arrival from Wisconsin in 1891, Ralph L. Philbrick was active in the public and business life of the City of Hoquiam. His entire life was dedicated to the growth and progress of that city.

Mr. Philbrick served as a member of the Washington State Legislature, in the House of Representatives, from 1901 to 1903 inclusive, after which he served the City of Hoquiam as postmaster from 1907 to 1918, and again from 1923 to 1933. During the period in between, from 1919 to 1921, Mr. Philbrick was Mayor of the City of Hoquiam, and resumed the mayoralty in 1933 and 1936, being reelected again in 1939 and holding that office until his death.

Mr. Philbrick was a veteran of the Spanish-American war and of the Philippine insurrection.

Few, if any, cities of comparable size secured as much federal aid during W. P. A. days as did Hoquiam, largely through the vision and thorough planning and persistent efforts of Mr. Philbrick. He persuaded federal authorities to provide funds for street work, so that nearly all of Hoquiam’s streets are paved. He sponsored a project for dyking the city to free it from the danger of floods, and secured federal monies to complete this project.

Philbrick was the originator of the idea that led to the building of the large airport on Moon Island just west of the City of Hoquiam. He had the drawings prepared for a proposed airport, and through his far-sighted vision, secured backing for the now
developed Moon Island Airport. Jokingly he called it "Philbrick's pipe dream", but during W. P. A. days the dream was accepted by the Works Progress Administration, and work was started and subsequently completed by the Civil Aeronautics Authority. The Moon Island Airport stands today as a memorial to his efforts in behalf of the progress of the City of Hoquiam.

His chief interest during the past few years has been the development of Hoquiam's new fishing industry. He persisted in effort after effort to get new fish industries, and most of these have proved successful.

Hoquiam of today is a far cry from the small town to which Philbrick came to make his home in the late nineties.

Hoquiam's first telephone was operated by Mr. Philbrick in the old Northwest Lumber Company office over fifty years ago.

He has gone out from among us, and generations will rise which knew him not, but, unconsciously perhaps, they will be guided by him. His is the true immortality of influence, where echo rolls from soul to soul, and grows forever and forever.

Representative W. C. Raugust delivered the following eulogy on the life of David Benton Phillips:

I feel very proud of the honor being accorded me in being allowed to pay tribute and deliver a brief eulogy on a friend and a man, who was greatly admired and beloved in his community as well as in the whole state.

David Benton Phillips was born February 2, 1896, at Blue Springs, Missouri, and moved to Adams County with his parents in 1901. He graduated from Lind High School in 1917, and on June 20 of that same year was married to Gladys Warner. A son, Donald Howard, and a daughter, Eleanor Virginia, were born to this union.

He farmed between five and six thousand acres of wheat land in Adams County.

Mr. Phillips was a member of the Democratic party, the Knights of Pythias Lodge, the Grange, and the Methodist Church.

At one time he was Commissioner of Adams County. He served as a member of the House of Representatives in the Washington State Legislature in the sessions of 1939, 1941 and 1943, being Chairman of the Committee on Roads and Bridges in the 1943 session. He was Director of the East Columbia Basin Irrigation district.

Mr. Phillips died June 22, 1943, at Lind, Washington. In his passing, the State of Washington lost an outstanding citizen.

Representative W. E. Carty delivered the following eulogy on the life of C. W. Ryan:

It is my deeply appreciated honor to have the opportunity to offer this tribute of well deserved recognition upon a former member of this body who represented my district.

I wish to speak only too briefly upon the honored career of C. W. Ryan, of Clark County, who departed this life on May 2, 1944, at the age of seventy-six years.

Mr. Ryan was born at Groveoak, Alabama. He came to the State of Washington at the age of sixteen years, residing a short time in Bellingham. He moved to Vancouver, Washington, in 1906. A short time thereafter he became part owner of the Ryan Lumber Company, and besides his active business life, he became one of our leaders in public life.

His interest in public affairs soon led him to realization that he could best serve the interests, and attain the benefits which he felt were deserved, by his neighbors and district, by service in this honorable body.

To that end in 1917 he became a member of the House of Representatives, and continued in that post from 1917 up to and including the 1929 session.

In this body his devotion to the interests of his people and his district, and the characteristics of ability which abounded in him were soon recognized, and as a result thereof his last four terms here were honored with the chairmanship of the Committee on Roads and Bridges.

Without doubt his leadership and respected ability, when combined with his keen and natural vision, advanced by years the construction of a toll-free interstate bridge between Oregon and Washington.

Newcomers here in this body, and in his district, and even in this whole state, are now receiving benefits due to this man's courage and foresightedness.

Mr. Ryan was a citizen worthy of respect and honor to this House, and to his entire district.
Representative Harry J. Martin delivered the following eulogy on the life of Judson W. Shorett:

It was my very great privilege and pleasure to have been intimately associated with the late Senator Judson Shorett, both personally and politically, for many years. I knew him as a conscientious, hard-working citizen and public servant.

Mr. Shorett was born on Lincoln's birthday anniversary, February 12, 1876, at Harlin County, Iowa. He attended the public schools and the University of Iowa. Before coming to Seattle in 1902 he taught school in his native state. Following his admission to the Bar in the State of Washington, Mr. Shorett formed a law partnership with W. G. McLaren in the City of Everett. While practicing his chosen profession in that city, he volunteered his services as Athletic Coach in Everett High School and had among the students two of Washington's outstanding citizens, namely, United States District Judge Lloyd L. Black, and Mon C. Wallgren, present Governor of the State of Washington.

After several years successful law practice in Everett, Mr. Shorett established himself in Seattle as a member of the law firm of Shorett, Shorett and Taylor. He continued in such successful private practice until Federal Judges Bowen, Black and Leavy named him Clerk of the United States District Court for the Western District of Washington.

"Jud", as he was affectionately known to his legion of friends, irrespective of party, class or creed, was an uncompromising Democrat in National politics. He was a delegate to the Democratic Convention in the City of Baltimore in 1912, which nominated Woodrow Wilson for President. He was also a delegate to the 1932 Democratic Convention in Chicago and took an active part in bringing about the nomination of Franklin D. Roosevelt as Democratic Standard Bearer.

Mr. Shorett was one of the founders of the Washington Men's Democratic Club, and the Young Men's Democratic Club of King County; was appointed a member of the House of Representatives and served in the special session of the Washington State Legislature in 1933. He was elected to the State Senate from the 37th Legislative District, and served in the Senate from 1935 to 1941, inclusive.

Surviving relatives include his widow, four sons—Lloyd W., who is Prosecuting Attorney for King County; Paul, Richard and John; also two brothers—John B. Shorett, pioneer attorney and veteran member of the Seattle School Board; and Brace, a member of the staff of the Seattle City Comptroller.

In the sad and untimely passing of Senator Judson W. Shorett, the family has sustained the loss of a devoted father and husband, the State of Washington a faithful public servant, and the Democratic party one of its ablest and respected leaders.

The Committee on Memorials delivered the following eulogy on the life of Judson W. Shorett:

On October 24, 1944, with the passing of Judson W. Shorett, the City of Seattle and the State of Washington lost an outstanding citizen, the Washington State Bar lost one who had been a credit to the profession since 1902, and his family mourned a husband and father whose fidelity to his obligations is established by the quality of its members who survive him.

Born in Harlin County, Iowa, educated in its common schools and its state university, he chose to share his future with our state; with his beginning in Everett, and later in Seattle, he revealed his sturdy character, his respect and affection for all men, and his diligent and intelligent attention to each problem presented to him; a lifelong Democrat, he believed in our institutions, realized that the quality of government is but a reflection of the character of those individuals who maintain and operate it, and he gave liberally of his time and ability to insure its success.

He first appeared as a member of the House in the Extraordinary Session of 1933, and again in 1933 and 1934, and represented the 37th Senatorial District in the 1935, 1937, 1939 and 1941 sessions. As chairman of the Senate Appropriations Committee, he applied his long and successful business and professional experience to its problems with outstanding results, and on the floor he vigorously supported each bill that he conceived to be designed for the betterment of our schools, our people, and our State.

The State of Washington and its citizens have profited much through association with Senator Shorett; his genial personality, his high standard of conduct, his friendly
attitude toward every man, made each member of every group respect and admire him. One might differ with him, yet none could quarrel with him. His sincerity was actual and apparent; he used no pretense; he sought no mean advantage; and he believed that to every man is a hearing due; that every claim warrants a sympathetic consideration, and that always men struggle for the right, even though sometimes temporarily wrong.

Mr. Judson W. Shorette was a representative citizen of this Republic.

Representative Tom Montgomery delivered the following eulogy on the life of Frank B. Spinning:

Born in Olympia in 1860, and attending the public schools of Puyallup and Portland, Frank R. Spinning, of Sumner, was laid in his final resting place on May 8, 1943, at Sumner.

Starting his public career by being elected to the House of Representatives in 1891, Mr. Spinning served as supervisor of transportation in the forerunner of the present Department of Public Service for thirteen years, under Governors Lister, Hart and Hartley. During the time he held this office he maintained his residence in Olympia, the rest of his life being spent on the family farm near Sumner.

He was a director of the Western Washington Fair at Puyallup, and also served as a member of the Inter-County River Improvement Association board.

At one time he took up a donation land claim in the southeast part of Puyallup, later giving a portion of it to the city for school purposes. When a school was erected on the property, it was named the Frank B. Spinning School. He also gave the school its first organ.

In 1884 Mr. Spinning married Miss Sarah A. Ryan, of Sumner, who died in 1927. In 1938 he married Mrs. Florence Metzler, of Tacoma, who survives him. He also leaves two daughters—Mrs. B. O. (Hazel Spinning) Bendixon, of Republic, and Mrs. J. F. (Ruth Spinning) Coales, of Sumner; and a sister, Mrs. Frank Gloyd, of Tacoma.

Representative Henry W. Cramer delivered the following eulogy on the life of Thomas N. Swale.

Thomas N. Swale, of Seattle, Washington, was born in New Hampton, Iowa, July 4, 1890, and came with his folks to the State of Washington in 1908. He was graduated from the University of Washington Law School in 1913 and practiced law in Everett for the following five years. While a resident of Everett he served Snohomish County in the legislature as a member of the House of Representatives in the 1917 session.

During the first World War Mr. Swale was a first lieutenant of infantry, serving also as an army intelligence officer. He resumed the practice of law after the war, opening an office in Seattle. For several years he was associated with the law firm of Ogden and Ogden. He also served for a number of years as assistant corporation counsel of the City of Seattle.

As befitting one born on the Fourth of July, Mr. Swale was always a loyal, law-abiding and active citizen. He was active in politics, having served as president of the Young Men's Republican Club of King County. He also served for many years as Judge Advocate General of the Washington National Guard with the rank of lieutenant colonel. He was state commander of the American Legion in 1920 and 1921, a past president of the Eagle's Lodge No. 1 of Seattle, a thirty-second degree Mason and a member of George Washington Lodge No. 251, F. and A. M. He was also a member of the College Club, Royal Arcanum, Pi Kappa Phi fraternity, Washington State Press Club, and the State and County Bar Associations.

Mr. Swale passed away January 13, 1944, in Seattle, leaving as his only survivor a brother, Jack B. Swale of Seattle. All who knew Mr. Swale were familiar with his active life, appreciating him for his many fine qualities of honesty, integrity, loyalty, genuine humor and kindness of heart. His was truly a life of service.

Representative Geo. H. Johnston delivered the following eulogy on the life of Dave Sweeney:

Dave Sweeney died at his home in Otis Orchards in the fall of 1943. He was born at Otis Orchards in 1913. He resided with his parents on a fruit farm at Otis Orchards and served in the 1941 legislature as a member of the House of Representatives.

After graduating from Gonzaga High School it became necessary for him to discontinue his schooling, owing to the illness of his father. He worked very hard on his father's farm to educate his two brothers, both of whom graduated from medical school and are now in the armed forces.
Dave's work was finished, and he died in the fall of 1943 after a brief illness, at the age of thirty years. He was a man who had many friends and was highly respected by all who knew him. He gave everything he had for a good cause.

Representative William J. Pennock delivered the following eulogy on the life of Mrs. Maude Sweetman:

Maude Sweetman was born in 1880 in Michigan, and died on June 19, 1943, in San Francisco. She was buried in Cypress Lawn Cemetery in Seattle.

Mrs. Sweetman was one of the pioneer women in politics. The first woman ever to serve in the State Legislature was in the 1917 session, and Mrs. Sweetman was first seated in the 1923 session, in the House of Representatives of the State Legislature, and served continuously through the 1929 session. In the session of 1927, she was the only woman to hold that office. She was a Republican, but her differences with some of that party's leaders attracted wide attention.

Following her retirement from the political field, Mrs. Sweetman was for a time engaged in business, and some time later moved to California. Mrs. Sweetman surely was of pioneer quality, and will be long remembered as one of the women with courage to come out for the right of women to help shape the destiny of the state, and its citizens.

Surviving Mrs. Sweetman are three sons.

Senator Victor A. Zednick delivered the following eulogy on the life of Howard D. Taylor:

Howard D. Taylor was a member of the House of Representatives during the sessions of 1907, 1909, 1911 and 1913, serving during the last two sessions as Speaker of the House. He served in the State Senate from 1915 to and including the 1921 session. During the sessions of 1915 and 1917 he was a leader in the State Senate. Up to 1913 he was the first member who had ever had the honor of being Speaker of the House in two successive Legislatures. A master of parliamentary procedure, he handled the business of the House with fairness and dispatch. Impatient of wasteful methods in legislation as in business, he was sometimes accused of being "Czar" of the House, but because he never "played to the galleries" himself, he had little time for those who did use the legislative halls for such purposes.

In the Senate he quickly moved into a position of leadership on account of his ability on the floor and his knowledge of parliamentary law and legislative practice and procedure.

Quiet in manner but determined in all matters of principle, he was never inclined to "trim" on questions of public policy, and his record stands clearly as one of conscientious work during the six sessions of the legislature of which he was a member.

Mr. Taylor was born in Iowa in 1878. Coming West, he went into the lumber business and for many years was manager of the Page Lumber Co. at Eagle Gorge, King County. An able business man, he always stood for business principles in government, and believed that the public which pays the bills of government should be protected from freak and extravagant legislation.

Elected as a Republican from the 30th District in King County, Mr. Taylor contributed much to the upbuilding of the state through his conscientious work in the legislative halls.

In his passing, the State of Washington lost an outstanding citizen.

Representative Edward F. Riley delivered the following eulogy on the life of Dorian E. Todd:

Dorian, "Doug", E. Todd was born August 22, 1892, at Hubbard, Oregon. He spent his early years in this vicinity, attending Pacific University for one year. He later attended the University of Southern California for three years.

During World War I he was commissioned a Lieutenant in the United States Navy, and served from 1917 to 1921. In 1920 he was married to Marian W. Todd, but was later divorced. Shortly after his marriage he resigned his commission in the Navy, but some years later was commissioned an Ensign in the United States Coast Guard. He served as Executive Officer for two years at the San Pedro Base, after which he was stationed at Juneau, Alaska, with the "U. S. Unalga". Before leaving the service he was promoted to the rank of Lieutenant.

In 1931 he was in charge of a patrol boat for the Seattle Harbor Department. Fol-
Following this position, he was Captain of the United States Bureau of Fisheries patrol ship, "Kittiwake", operating in Alaskan waters.

During this period he became interested in civic and political affairs in Seattle, and throughout the State of Washington. He was elected to the State Legislature in 1932, as a Representative from the 35th District, and served during the 1933 and 1935 regular sessions and the 1933 Extraordinary session.

In recent years he was employed by the Department of Public Service as an inspector of trucking.

At the time of his death he was employed by the Boeing Aircraft Company, feeling in this way that he was making some contribution to the war effort.

Senator Virgil A. Warren delivered the following eulogy on the life of Charles H. Voss:

Charles H. Voss was born in Minnesota in 1876, and died December 26, 1944. Mr. Voss had lived in Spokane forty years.

He engaged in the real estate and investment business for many years, and had been in partnership with his brother, who passed away several years ago.

Mr. Voss was a Republican, and had served in the Washington State Legislature first as a member of the House of Representatives from 1923 to and including the 1925 Extraordinary session; and as a member of the State Senate from 1931 to and including the 1933 Extraordinary session.

He was a 33d degree Mason.

Surviving him is a sister, Mrs. Minnie Barth, of Portland, Oregon.

Representative B. Roy Anderson delivered the following eulogy on the life of Solon T. Williams:

Solon T. Williams was born in Lawrence, Kansas, in 1860. His father took an active part in the bitter struggle over the slavery question which preceded the Civil War, and was a delegate to the famous Wyandotte (free state) Convention of 1859. He was named after Judge Solon O. Thacher, the leader of the anti-slavery forces of Kansas.

He graduated from the University of Kansas at the age of twenty, and then moved to Washington, D. C., where for several years he acted as reporter for the Interstate Commerce Commission. In 1891, he moved with his family to Seattle, where he practiced law until the infirmities of age forced his retirement. He passed away January 3, 1945, at the age of eighty-four, after a brief illness.

Solon T. Williams always took an active interest in public affairs. While nominally a Republican, he more than once stampeded "off the reservation". He was elected to the Legislature in 1895 and 1897 as a Free Silver Republican, and in 1912 his ardent admiration for Theodore Roosevelt led him to join the short-lived "Bull Moose" Party. After its untimely demise, he returned to the fold.

During his second term in the Legislature, his ability was recognized by his appointment as chairman of the Judiciary Committee.

In September, 1942, Mr. Williams enjoyed a unique experience. In company with his son, also a lawyer, he watched his grandson, Ward V. Williams, being sworn in as a member of the Bar in the uniform of a U. S. Army private. According to the officers of the State Bar Association in attendance, it was the first time in the history of the Washington Bar that three generations of lawyers had been present in a court room at the same time. His grandson later obtained his commission, and is now serving in the forces of General MacArthur in the Philippines.

Mr. Williams left surviving him his widow, Mrs. Mary H. Williams; a son, Solon D. Williams, of Olympia; a daughter, Mrs. Ada H. Coe, of Washington, D. C.; a sister, Frances Williams, of Washington, D. C.; three grandchildren, and one great grandchild.

It is right and proper that, in this young and growing state, our eyes should be fixed upon the future, rather than upon the past. However, it seems fitting and just that we should, on an occasion duly set apart for that purpose, pause to pay tribute to those men who came to this state while it was yet in its infancy, and whose vision and industry laid the foundation upon which subsequent generations have built. And of these was Solon T. Williams.

Senator J. R. Binyon delivered the following eulogy on the life of William Wallace Wilshire:

William Wallace Wilshire was born in Port Byron, Illinois; and died at his home in Seattle on March 22, 1944.
Mr. Wilshire was educated in the public schools of Little Rock, Arkansas; attended the University of Michigan and later took his degree at the Columbian Law School, now George Washington University at Washington, D. C. He began his career as a law clerk in the United States General Land Office, and was admitted to the Bar in 1885. He later was elected to the United States Congress from Arkansas.

In 1890 Mr. Wilshire came to Seattle, and entered general practice, but soon after interested himself in politics. He served as prosecuting attorney for King County from 1895 to 1897, and served in the Washington Legislature as State Senator from 1899 through 1901.

Mr. Wilshire was organizer and member of the Board of Trustees of the Seattle Commercial Club, and served as its President in 1912. He was a member of Lafayette Lodge No. 241, F. and A. M., and celebrated his golden jubilee membership in the fraternity in 1942, when he received the Masonic Veterans' Jewel and a 50-year certificate. He was a member of the Plymouth Congregational Church.

Mr. Wilshire had always been interested in horticulture, and was for several years the owner of several apple orchards in Okanogan County.

Surviving are his widow, Mrs. Fannie Wilshire, Seattle; two nieces, Mrs. A. J. Schafhirt, Washington, D. C., and Mrs. Edwin Thomas, Miami Beach, Florida; and two nephews, R. W. Rightsell, Little Rock, Arkansas, and Charles L. Kelsey, Cincinnati, Ohio.

The Speaker observed within the bar of the House former Representative Walter A. Johnson from Pend Oreille and Stevens Counties, and appointed Mr. Hodde and Mr. Griffith to escort him to a seat beside the Speaker.

On motion of Mr. Cramer, the previous question was ordered.

The Speaker declared the question to be on Mr. Isenhart's motion to indefinitely postpone House Bill No. 125.

A roll call was demanded, and the demand was sustained.

Mr. Isenhart claimed the privilege of closing the debate.

POINT OF ORDER

Mr. Murphy:

"Mr. Speaker, point of order. The member making a motion to indefinitely postpone a bill under the rules does not have the right to close the debate, but that privilege should be given the sponsors of the bill or the chairman of the committee."

RULING BY THE SPEAKER

"It is the Speaker's ruling that any member of the House can make a motion to indefinitely postpone a bill, and that the maker of a motion has the right to close the debate, under our House rules, after the previous question has been ordered."

Mr. Murphy:

"But as I understand the rules, only the sponsors of a bill or the chairman of a committee can close the debate when a motion to indefinitely postpone a bill is before the House."

RULING BY THE SPEAKER

"The Speaker is not too familiar with the rulings of the other Speakers during the past eight years, but it has always seemed to me that the member making the motion to indefinitely postpone has the right to close the debate, under the House rules.

"Mr. Isenhart may have the floor."
POINT OF ORDER

Mr. Waldron:

"Mr. Speaker, point of order. The question before the House is the objection by Mr. Murphy."

RULING BY THE SPEAKER

The Speaker declared that Mr. Murphy had raised a point of order, and the Speaker had ruled against him; therefore it was in order for Mr. Isenhart to close the debate on his motion to indefinitely postpone House Bill No. 125.

After Mr. Isenhart closed the debate, the Clerk called the roll on his motion to indefinitely postpone House Bill No. 125, and the motion was lost by the following vote: Yeas, 11; nays, 83; absent of not voting, 5.

Those voting yea were: Representatives Bassett, Callow, Carty, Chervenka, Comfort, Cory, Eaton, Harley, Isenhart, Jones (D. W.), Miller (Fred) —11.

Those voting nay were: Representatives Adams, Andersen (Anders), Anderson (B. Roy), Anderson (L. R.), Armstrong, Ashley, Beierlein, Bernethy, Bunnell, Chambers, Christensen, Clark, Cramer, Easterday, Ford (Robert M.), Ford (U. S., M.D.), Foster, French, Goucher, Griffith, Hall, Hamblen, Hanks, Hansen, Henry (Al), Henry (Edward E.), Hillyer, Hodde, Hoefel, Hofmeister, Hurley, Ingersoll, Jeffreys, Johnson (Levy), Johnston (Geo. H.), Jones (William H.), Kehoe, Kellogg, King, Kinnear, Lehman, Lindgren, Loney, Mahaffey, Malloy, Martin (Fred J.), Martin (Harry J.), Miller (Floyd C.), Montgomery, Morrison, Murphy, Nunamaker, Pearson, Pedersen, Pennick (Blanche), Pennock (William J.), Pettus, Price, Rasmussen, Raugust, Ridgway, Riley, Rosellini, Schwartz, Shadbolt, Simpson, Smith (C. Those absent or not voting were: Representatives Boede, Lauman, O'Brien, Pitt, Schumann—5.

PERSONAL PRIVILEGE

Mr. Murphy:

"Mr. Speaker, in studying the House rules further, I find that there is a provision in Rule 16 that seems to prove my point that no one but the sponsor or sponsors of a bill or the chairman of the committee having had consideration of the bill, has the right to close the debate.

"I ask that the Speaker rule on this question again in order to clear up any doubt on future matters of this kind which will come before the House."

RULING BY THE SPEAKER

The Speaker:

"The rules which have been adopted by the House are the ones by which the Speaker would naturally be presumed to be guided. The rules provide that the previous question may be ordered by two-thirds of the members present upon all recognized motions or propositions which are debatable, and when the previous question has been ordered it has the effect of cutting off all debate and brings the House to a direct vote upon the motion or proposition pending.

"After the previous question has been ordered, the maker of the motion pending before the House shall have the time and opportunity to close the debate. This ruling has been made by previous Speakers in this House, and seems to have been the practice followed by this House.

"It would therefore seem that a ruling by the Speaker to the contrary would not be in accordance with the custom of the House and not in line with the precedents set by the rulings of previous Speakers."
MOTION

Mr. Isenhart moved that House Bill No. 125 be re-referred to the Judiciary Committee.

Debate ensued.

On motion of Mr. Henry (Edward E.), the previous question was ordered. The motion to re-refer House Bill No. 125 to the Judiciary Committee was lost.

The Chair recognized Mr. Murphy.

POINT OF ORDER

Mr. Murphy:

"Mr. Speaker, I would like to arise to a point of order. I would like to call the attention at this time of the Speaker and of the members of the House to a ruling that was recently made by the Speaker, which I do not find substantiated. A notice to reconsider the vote on a certain bill was given by one having voted on the prevailing side; and the Speaker ruled that a notice to reconsider a vote could not be entertained when the matter proposed to be reconsidered was settled by voice vote.

"That ruling I think was in error and I would like to support my statement by calling your attention to Rule 207 in Reed's Parliamentary Rules, which states that a motion to reconsider may be made by any member having voted with the prevailing side. I would like to call your attention in particular to the closing sentence of this rule: 'If the vote was not by yeas and nays, the presiding officer may inquire of the mover if he was of the prevailing party.'

"That would seem to prove my point that this is common parliamentary procedure. Rulings to support my point were made by the Speaker during the 1941, the 1943 and the special 1944 sessions. I have gone through the House Journal and have found many instances where Speakers have ruled that notices of reconsideration could be accepted on viva voce votes provided the member giving the notice declared himself as having voted with the prevailing party.

'I therefore ask the Speaker to rescind his previous ruling. Mr. Speaker, will you make that a ruling?"

RULING BY THE SPEAKER

The Speaker:

"Mr. Murphy, you already have it."

POINT OF INQUIRY

Mr. Murphy:

"Mr. Speaker, are you making it the ruling?"

The Speaker:

"The ruling as such will appear in the journal,—much to the Speaker's embarrassment."

MOTIONS

On motion of Mr. Riley, proceedings under the call of the House were dispensed with.

Mr. Waldron moved that the third reading of bills on the day's calendar be deferred and that the bills retain their place on the calendar of the next working day.

Debate ensued.

The Chair recognized Mr. Murphy.

Mr. Murphy:

"Mr. Speaker, a good many of us do not like this too speedy method of conducting measures through the House. Such operations are not right, and have seldom occurred in any previous experience I have had in the Legislature.

"I would like to have this statement incorporated in the journal."

**NOTICE OF RECONSIDERATION**

Mr. Hurley gave notice that, having voted on the prevailing side, he would
on the next working day move that the House reconsider the vote by which
House Bill No. 303 passed the House.

POINT OF ORDER

Mr. Waldron:
"Mr. Speaker, I arise to a point of order. There is a motion before the House."

RULING BY THE SPEAKER

"There is a motion now before the House, Mr. Hurley. Your notice of reconsidera-
tion will be taken up as soon as we have disposed of the motion by Mr. Henry (Al)
to immediately transmit House Bill No. 303 to the Senate."

POINT OF INQUIRY

Mr. Riley:
"Mr. Speaker, may I ask a question? If Mr. Henry's motion prevails, then Mr.
Hurley's notice of reconsideration is of no avail as the bill would be in the possession
of the Senate and out of our hands?"

The Speaker:
"Yes, as the Chair understands it, that is correct."

PERSONAL PRIVILEGE

The Chair recognized Mr. Hurley.

Mr. Hurley:
"Mr. Speaker, Ladies and Gentlemen, that has been the point of all such maneu-
verings from the floor by the members of the Rules Committee. I am getting very tired
of all these maneuverings."

SPEAKER'S PRIVILEGE

"Mr. Hurley, speaking as a member of the Rules Committee, I wish to say that
they have not been making maneuvers at all.
"There is a motion before the House which happened to be made before the re-
consideration notice,—the motion by Mr. Henry that the bill be immediately en-
grossed and transmitted to the Senate."

POINT OF INQUIRY

Mr. Henry (Edward E.):
"Mr. Speaker, does it require a two-thirds vote to pass?"

RULING BY THE SPEAKER

"It does take a two-thirds vote for the suspension of any rule."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Hurley.

Mr. Hurley:
"Mr. Speaker, Ladies and Gentlemen, I want to say now that the Rules Com-
mittee members, together with some of the floor leaders, are making it very difficult
for the rest of us to get the floor at all during this session. Mr. Murphy wanted to get
the floor about ten days ago to make a motion, and never received recognition for the
chance to make it, although he tried two or three times. Only too many times has
this happened to me, also.
"Only favored members get a chance for debate when bills are on third reading.
If the only way to get a chance to be recognized it to have the bills changed, then we
will submit a lot more amendments, if this is the way to do it,—for the express pur-
pose of allowing debate on third reading and to stop motions to order the previous
question. It is very undemocratic to favor a few only."
The Speaker declared the question before the House to be the motion of Mr. Henry (Al) to suspend the rules, that House Bill No. 303 be immediately engrossed, and that the bill be immediately transmitted to the Senate.

The motion was carried.

SPEAKER'S PRIVILEGE

The Speaker:

"At this point may the Speaker say this in reply to Mr. Hurley's charge. It is not possible for the Speaker to know what is in the minds or what the intentions are of any member who is seeking the floor. The Speaker tries to recognize members as fairly as possible during the pressure of fast action in the whole body. Possibly the gentleman from King County might be passed up sometimes in the recognitions,—so are many others upon occasion.

"This is not up to the Rules Committee but is strictly the business of the Speaker, who looks only to advance the affairs of the House and not the affairs of any person or persons.

"The Chair holds that this attitude has also been true concerning the gentleman from King."

COMMUNICATIONS FROM THE GOVERNOR

State of Washington, Executive Department, Olympia, February 21, 1945.

To the Honorable The House of Representatives, Legislative Building, Olympia, Washington.

LADIES AND GENTLEMEN:

All of us want to provide our children with the finest education and facilities that the state can afford.

Toward that end we have been appropriating considerable and increasing sums of money each biennium. The appropriation this year, exclusive of teachers' retirement, will undoubtedly be the largest in the history of the state. We must be sure that each dollar so spent will bring us the utmost return in education.

I believe the time has come when it is highly desirable to have a complete survey of our educational system made by recognized authorities to insure that each dollar spent will bring us the greatest possible value. Other states have done so with signal success.

The bill I am submitting for your consideration provides for such a survey. I am sure it will receive your careful consideration.

Respectfully submitted,

MON C. WALLGREEN, Governor.

State of Washington, Executive Department, Olympia, February 20, 1945.

To the Honorable The House of Representatives, Legislative Building, Olympia, Washington.

LADIES AND GENTLEMEN:

I believe that the best interests of the state will be served by centralizing all the functions relating to sales of state owned timber, forest policy and reforestation. At present these functions are scattered making co-ordination extremely difficult, if not impossible.

Under the provisions of the bill I am submitting for your consideration the supervisor of forestry is vested with all state functions concerning forest policy, reforestation, and proceedings preliminary to timber sales.

A Timber Resources Board is also created which must approve any sale of state timber. In order to insure that that sales price is fair, the Board has the power to independently determine the value of the timber sought to be purchased.

Aside from the important and much needed centralization features I have mentioned, the bill leaves undisturbed all of the other numerous powers and duties of the agencies involved.

I believe that the enactment of the proposed measure will be a great stride toward greater efficiency in our timber management and sales.

Respectfully submitted,

MON C. WALLGREEN, Governor.

State of Washington, Executive Department, Olympia, February 20, 1945.

To the Honorable The House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

There is pending before each branch of the Legislature a joint resolution relating to calling a convention to revise or amend the constitution.
As I stated in my inaugural message, I believe there is a serious and pressing need to take immediate steps toward modernizing our constitution. You are familiar with the numerous problems and inequities presented by many of its present provisions. It is my hope and recommendation that the Legislature will take the action necessary to the calling of such a convention.

Sincerely yours,
MON C. WALLGREN, GOVERNOR.

COMMUNICATION FROM THE GOVERNOR

State of Washington, Executive Department,
Olympia, February 21, 1945.

To the Honorable, The House of Representatives of the State of Washington:

LADIES AND GENTLEMEN:

For some time comment has been heard as to whether or not some of the county's appraisals of property for tax purposes properly reflect true values and conditions.

Studies by the Tax Commission indicate that in many instances assessed values are too low when compared with real values.

When such a condition exists two significant results occur.

First, the tax revenues of the county are kept below the level of the revenue needs of the county and its political subdivisions. This brings demands on the state to supply the difference between their tax income and their needs.

Secondly, the mandate of the constitution that all taxes should be uniform is not met, resulting in inequities between tax payers.

The proposed bill I am submitting for your consideration provides that where the state allocates funds to any local taxing body, such allocation shall be made in the proportion that the ratio of assessed values bears to the true value of the property located in the county in which the taxing body is located. In order to allow time for the correction of any present assessment inequities, the provisions of the bill do not become effective until 1947.

If adequate assessments based on true values is accomplished throughout the state each county will bear its fair share of taxation, uniformity will be achieved and savings in state aid grants should result.

In my opinion the enactment of this bill should provide an incentive to all counties to accomplish these purposes which will be beneficial to the State as a whole.

Respectfully submitted,

MON C. WALLGREN, Governor.

**EXPLANATION OF VOTE**

By Mr. Hurley:

"In voting against House Bill No. 237 which allows students time off from school in order to receive religious instruction, I wish to state that my vote as such is not one against the idea of religious instruction, but is in disagreement as to the practicability of this law. I do not believe that school curriculum should be broken up or that it can be worked out successfully because children will play hookey and use their time for other things, and I also feel that there is sufficient time after school and on Saturdays and Sundays for children to receive religious instruction. Therefore, in view of such opinions I could not conscientiously vote for what I believe is an unworkable bill."

COMMUNICATION FROM THE GOVERNOR
State of Washington, Executive Department, Olympia, February 23, 1945.

To the Honorable The House of Representatives of the State of Washington,
Legislative Building, Olympia, Washington:

Ladies and Gentlemen:
The Federal Surplus Property Act gives priorities to the states and their political subdivisions in the purchase of surplus property.

Those states that are the best prepared to take full advantage of the privileges granted will be in the most favored position to obtain the greatest benefits. It is ex-
expected that property of every description will be offered for sale. From the experiences in such sales during the last war it is reasonable to expect that much of this property will be offered in large lots. It is likely that in many instances the lots offered will be too large for purchase by a single political division acting alone. The purchase of needed property may be lost because the political unit may not have funds available for purchase at the time the goods are offered. To leave political sub-divisions and the state to purchase independently and compete with each other will result in confusion and needless loss of purchasing power.

The bill I am proposing to the Senate authorizes the division of purchasing to act as the buying agent in acquiring or leasing surplus property. Under this measure that division will get not only for the state but for all political sub-divisions.

A primary source for information as to available goods and unifying the purchasing for the needs of the entire state is thus created.

I believe the measure is of major importance and may well set a pattern for the remainder of the states in the union to follow in creating an agency which can act quickly and to the greatest advantage in securing such surplus commodities, not only for the state but for all political sub-divisions as well.

Respectfully submitted,

MoN C. WALLGREN,
Governor.

MESSAGE OF GOVERNOR MON C. WALLGREN TO THE LEGISLATURE

MR. SPEAKER, LADIES AND GENTLEMEN:

My survey and investigation of the departments of the state has shown that there is immediate need for action by this legislature in the field of public utilities. In 1921 the division of highways was a part of what is now the department of public service. With the increase of the duties concerning highways it became impossible for one man to handle transportation, public utilities and highways. Consequently the division of highways was removed and made into a separate department with its own director. Under the existing system a single director now has the burden of supervising the following types of utilities: electric companies; gas companies; water companies; telephone companies; telegraph companies; railroads; street cars; express companies; sleeping car companies; private toll bridge companies; certified and non-certified boats; docks; wharfs; busses; warehouses and trucks. It is obvious that this is too much for any one director.

Contrast this situation with the action taken by the federal government in separately centralizing highly specialized functions into several agencies. Presently under federal law all problems relating to transportation are in the interstate commerce commission. Problems relating to electric power are under the federal power commission. This sensible segregation of authority was an outgrowth of the same problem we now face in this state, which creates a difficult and unworkable condition. Under our present system the director of the department of public service appoints two assistants, both finally responsible to the director alone. One supervises the division of transportation, the other supervises service utilities. Neither assistant has any final authority over his division because all questions of policy and action must be referred to and finally determined by the director himself. The result is that the final word on the very numerous and intricate problems of each of the companies I have mentioned is in one man who, by the very nature of the numerous and complex problems involved, cannot be an expert in all those fields.

The department of public service exists for the sole purpose of regulating private utilities so that the public can get the advantage of the lowest possible rate consistent with a fair return on the investment of the utilities involved. For the purpose of regulation the utilities pay a certain percentage of their gross income for such regulation. We now have in a fund for this purpose for service utilities alone the sum of $153,000. This money should have been used for the protection of the public through rate investigations. Because one man was trying to do all the work connected with the large number of fields I have mentioned, the money was not used for that purpose.

The provisions of section 92, chapter 117, Laws of 1911, directed that a valuation of all of the property of every public service company in the state should be ascertained as early as possible. In 1933 the legislature again and more explicitly gave the same mandate. For a time evaluation proceedings were conducted. Some few of which were eventually concluded, but in 1936 the remaining proceedings were either dismissed or abandoned. I find from the department's own reports that the properties of the two largest electric companies of this state have never been evaluated for the purpose of determining what the fair rate should be. Consequently, no rate base has ever been established and no proper consumer rate has ever been fixed. I find further that the valuation and investigation of the largest electrical company in the state instituted in 1934 was, for some unknown reason, abandoned.

In 1933 and 1934 the department instituted rate service and valuation proceedings against the telephone company, but again these proceedings were abandoned in 1935. In 1938 the Pacific Telephone and Telegraph Company filed new rates which would have resulted in rate increases of one and one-third millions of dollars per year. In 1939 the department instituted another proceeding which is still continuing but to date substantially nothing has been accomplished. The net result is that during the entire eleven year period mentioned the matter of telephone rates has never been settled.
The proposed bill I am submitting would create a director of transportation who would have the single responsibility of fully and fairly regulating transportation only, and to create a director of utilities to be responsible for fully and fairly regulating all of the other utilities such as telephone, telegraph, water, gas and power companies. Such centralized and independent segregation will simplify and reduce the complex problems which are inherent in the regulation of utilities. The more we simplify the better we can understand it, and thus do a better job.

In my inaugural address I promised that I would do everything possible to secure lower freight rates for this state. There is now before the interstate commerce commission a proceeding for the purpose of equalizing the difference between eastern and southern freight rates. A similar disparity exists between eastern and western freight rates. I firmly believe that a separate department of transportation, such as I propose, which will be devoted wholly to transportation problems can more efficiently function in trying to remove this discriminatory disparity. Here again we have available for use a fund of $22,000 for the purpose of railroad regulation which should have been and must be used for the protection of the public.

I have always advocated, and will continue to advocate a consolidation of the functions of state government where needed for efficiency and the abolition of useless commissions and boards. This is one case in which I must recommend expansion for efficiency.

The revenue which maintains the department of public service does not and never has come from taxes collected from the people, nor does it come from the general fund of the state. The revenue is derived from a direct tax on the gross return of the industries supposed to be regulated by the department, and is for the purpose of protecting the people who ultimately pay the bill.

My purpose in making this proposal is not to drive private utilities from the state, but to see that the public is not overcharged by the use of arbitrary rates, and to try to provide industries in this state with the lowest possible rates for telephone, freight and power. These are the things we should and must accomplish.

If the legislature concurs in my proposal to create a separate department of transportation and a separate department of public utilities, I intend to see to it that the revenue derived from the utilities is spent for the purpose for which it was intended, that is for the proper regulation of the industries involved, so that both the public and those industries are fairly and impartially treated. I propose to appoint experts to direct these two highly specialized departments, who can speak with authority and on a basis of equality with the high grade experts employed by the industries regulated.

I believe that this proposal is of the greatest importance to the state, and I know that you will give it your most careful consideration.

(Applause.)

At the close of the Governor's message, the President asked the special committee appointed to escort the Governor out of the Chamber and to the Governor's Chambers.

The committee retired with the Governor.

On motion of Senator Rosellini, the Joint Session was dissolved.

The Speaker resumed the Chair and asked the same special committee to escort the President of the Senate and the Senators to their Chamber.

Debate ensued.

**RULING BY THE SPEAKER**

"The Speaker is in doubt as to the effect if such a motion should carry during the absence of unexcused members under a call of the House. There seems to be no precedent here in support of such practice.
"The Speaker will continue to examine the rules and the Journal to see if it has been done."

The Speaker continued by calling Mr. Armstrong.
Mr. Armstrong:
"Mr. Speaker, there are precedents that I remember,—it has been done in some sessions."

The Chair recognized Mr. Murphy.
Mr. Murphy:
"It has been done, all right, but with unfortunate results should there be any necessity for a roll call."

Debate continued.

**RULING BY THE SPEAKER**

"As the Speaker views the problem now, if we do proceed and not excuse the absent members it would mean that if we should come to a roll call, the roll call would have to be held up until the absent members are produced or excused.
"The Speaker will put the question: Mr. O'Brien's motion that the House proceed under the call of the House and not excuse the absent members."

The motion by Mr. O'Brien was carried.

**PARLIAMENTARY INQUIRY**

Mr. Beierlein:

"Mr. Speaker, parliamentary inquiry. Is the motion by Mr. Taft in order during business under the call of the House?"

**RULING BY THE SPEAKER**

The Speaker:

"It is quite proper. It was for the purpose of discussing the amendments to House Bill No. 115 that the House proceeded with business under call of the House, and I believe a motion to lay a proposed amendment on the table to be in order."

**POINT OF ORDER**

Mr. Murphy:

"Mr. Speaker, point of order. Under Rule 42 Mr. Taft's motion would be out of order and cannot be received."

The Chair recognized Mr. Waldron.

**POINT OF ORDER**

Mr. Waldron:

"Mr. Speaker, point of order. The motion before the House is Mr. Taft's motion to lay on the table."

**RULING BY THE SPEAKER**

The Speaker:

"The only matter before the House is Mr. Taft's motion to lay on the table the amendment by Mr. Johnson to section 7."

FORTY-SEVENTH DAY, FEBRUARY 23, 1945

Bernethy, Bunnell, Carty, Easterday, Goucher, Henry (Edward E.), Hurley, Ingersoll, Johnson (Levy), Jones (William H.), Lindgren, Miller (Floyd C.), Nunamaker, Pennock (William J.), Pettus, Pitt, Rasmussen, Rosellini, Schwartz, Smith (C. L.), Smith (Mrs. Jurie B.), Thrasher, Van Buskirk, Vane, Wedekind, Wenberg (Oscar), Wiggen, Willoughby, Winberg (Andrew)—31.

Those absent or not voting were: Representatives Lauman, Raugust—2.

The amendment by Mr. Johnson (Levy) to House Bill No. 115 was laid on the table.

MOTION

Mr. Waldron, having voted on the prevailing side, moved that the House now reconsider the vote by which Mr. Johnson's amendment was laid on the table.

POINT OF ORDER

Mr. Henry (Edward E.):

"Mr. Speaker, point of order. The vote on the amendment cannot be reconsidered, that is, not without suspension of the rules."

The Speaker:

"The motion is in order."

POINT OF INQUIRY

Mr. Murphy:

"Mr. Speaker, this motion for reconsideration is not on the final passage of the bill, is it?"

RULING BY THE SPEAKER

The Speaker:

"The limitation in the reconsideration of such action comes on the succeeding day after the bills are passed only. Motions of this kind may be considered today—and today only.

"Such a motion is a common practice."

Mr. Henry (Edward E.):

"Then a motion to lay on the table decided negatively cannot be reconsidered when there has been other business? That is the reason why we ask to reconsider this motion to lay on the table which was decided affirmatively."

Mr. Murphy:

"Mr. Henry is correct in this. A motion to reconsider is one of the three motions which can be made at this time."

RULING BY THE SPEAKER

The Speaker:

"On page 218 of Reed's Rules it seems that a motion to lay on the table carries the main question with it. If made on an appeal or motion to reconsider, only the appeal or motion to reconsider goes on the table, but not the whole matter, and both appeal and motion are thereby ended.

"It appears that a motion to lay on the table is the only action which is within the rules. In the absence of a showing that the Speaker is in error the ruling will be that the motion to reconsider is in order."

MOTION

Mr. O'Brien moved that the motion to reconsider by Mr. Waldron be laid on the table.

POINT OF ORDER

Mr. Martin (Fred J.):

"Mr. Speaker, point of order. A motion to lay on the table a motion to reconsider cannot be made, and the motion by Mr. Waldron is therefore not in order, is it?"
Mr. Hodde:

"Will the Speaker please note paragraph 204 of Reed's Rules as it applies to this case?"

RULING BY THE SPEAKER

The Speaker:

"A motion to reconsider is applicable to almost all motions. The exceptions are, the motion to adjourn, to lay on the table when decided in the affirmative, suspension of rules, and the motion to reconsider, itself."

Mr. Henry (Edward E.):

"Mr. Speaker, then I am in error in my correction. It was decided in the affirmative."

The Speaker:

"Yes, it was decided in the affirmative."

Mr. Martin (Fred J.):

"Mr. Speaker, you did not rule on my point of order. Is the motion by Mr. Waldron to reconsider the vote by which Mr. Johnson's amendment was laid on the table, in order?"

RULING BY THE SPEAKER

The Speaker:

"Referring to the tabulation on page 218 of Reed's Rules, it seems to be the case that Mr. Waldron's motion is not in order; also according to paragraph 204 on page 149, when the motion to lay on the table had been decided in the affirmative. "Under these instances, the Speaker is obliged to rule that Mr. Waldron's motion to reconsider is out of order."

POINT OF INQUIRY

Mr. Rasmussen:

"Mr. Speaker, what motion is before the House now?"

The Speaker:

"There is nothing before the House."

House Bill No. 115 was passed to third reading and ordered engrossed.

MOTION

On motion of Mr. Riley, Mr. Winberg (Andrew) was excused from the call of the House for fifteen minutes, under escort of the Sergeant-at-Arms.

NOTICE OF RECONSIDERATION
Mr. Henry (Edward E.), having voted on the prevailing side, gave notice that on the next working day he would move that the House reconsider the vote by which the second amendment to Substitute House Bill No. 198, proposed by Mr. Armstrong, failed to be adopted.

MOTION
Mr. Pitt, having voted on the prevailing side, moved that the House now reconsider the vote by which Mr. Armstrong's second amendment to Substitute House Bill No. 198 failed to be adopted.

POINT OF INQUIRY
Mr. Henry (Edward E.):
"Mr. Speaker, does the vote on Mr. Pitt's motion take precedence over my notice of reconsideration? If Mr. Pitt's motion is taken up first and should pass, it would cut off any action tomorrow, wouldn't it?"

RULING BY THE SPEAKER
The Speaker:
"The ruling is that the motion by Mr. Pitt to reconsider the vote by Mr. Armstrong's second amendment, if passed, would have that effect,—the Speaker believes it is the purpose of the motion.
"However, Mr. Pitt's motion to reconsider is the matter now before the House, taking precedence over the notice of reconsideration. The Speaker does not make the rules,—he only tries to interpret them."

The Speaker recognized Mr. Henry (Edward E.).
Mr. Henry (Edward E.):
"I thought that a notice to reconsider any kind of action postponed the reconsideration until the next working day."
FORTY-SEVENTH DAY, FEBRUARY 23, 1945

RULING BY THE SPEAKER

The Speaker:

"A notice of reconsideration is not a motion. Mr. Pitt has placed a definite motion before this House, which is to reconsider the vote on Mr. Armstrong's second amendment.

"Further, if you will note House Rule No. 28, you will find that it requires that the reconsideration vote be taken on the next working day only on the final passage of bills and not on any other motions or matter.

"The question before the House is the motion by Mr. Pitt to reconsider the vote by which Mr. Armstrong's second amendment to Substitute House Bill No. 198 failed to be adopted."

Debate ensued.

Mr. Vane moved to defer further action on Substitute House Bill No. 198 until tomorrow, but the motion was lost.

Division was called for, and the motion by Mr. Pitt to reconsider Mr. Armstrong's second amendment to Substitute House Bill No. 198 was carried by a rising vote.

RECONSIDERATION

The Speaker:

"The question before the House is the adoption of Mr. Armstrong's second amendment to section 6, line 33, page 2 of Substitute House Bill No. 198. A vote 'Aye' will adopt the amendment; a vote 'No' will reject it."

Mr. Waldron moved that the amendment be made a special order of business tomorrow morning at eleven o'clock a.m.

Debate ensued.

Mr. Cramer moved that the motion by Mr. Waldron be laid on the table.

Division was called for, and Mr. Waldron's motion that the amendment be made a special order of business tomorrow at eleven o'clock a.m., was laid on the table.

On motion of Mr. Cramer, Mr. Armstrong's second amendment to Substitute House Bill No. 198 was laid on the table.

MOTION

Mr. Rasmussen moved that the House do now adjourn.

Being under the call of the House, the Speaker declared the motion out of order.

Substitute House Bill No. 198 was passed to third reading and ordered engrossed.

EXPLANATION OF VOTE

By Mr. Ashley:

"In speaking in favor of Substitute House Bill No. 198, I feel it is time to state my convictions as to my position in the Legislature. It should be made clear that in being elected as Representative, I do not represent just Republicans or Democrats; neither do I represent just Protestants or Catholics, union men and women or non-union men and women. My job is to represent all the people regardless of their race, color, religious or other affiliations.

"It seems to me, that the people by their vote last November elected to be served by people of a more liberal viewpoint. I do not believe it is my job or my mission to tell them what they should have on matters of policy. I am here, as I said before, to represent all the people. That is what I conceive to be my duty. It is the people's duty, that whenever a man, one of their representatives, or one whom they have selected to represent them, does not represent them, to make a change in that person and they would be remiss in their duty if they did not do that. And whenever, in the judgment of the people, as a whole, they find I do not represent their views collectively, I shall expect them to select some one else in my stead. Or whenever I do not have the
courage to vote my convictions, or the way I am convinced the majority desire, regardless of minority pressure groups, I should not be re-elected.

"By their votes, the people of the State of Washington selected Senator Mon C. Wallgren to succeed Arthur B. Langille as Governor of this State. I cannot see that it is my duty here to obstruct his program so long as I believe it to be sound and in the best interests of all the people of our State. He, as Governor, is entitled to institute his program of good government. Then, if it is found to be unsatisfactory, unsound or unpopular, it is the people's prerogative to replace him as Chief Executive."

**House Joint Resolution No. 15:** "Providing for submission to a vote of the people an amendment to the Constitution of the State of Washington, to be known as amendment No. ....... relating to the manner of raising and apportioning of state funds for support of the public schools", have had the same under consideration, and we respectfully report the same back to the House with the recommendation that the resolution be re-referred to the Committee on Constitutional Revision. **Julia Butler Hansen, Chairman.**

**MOTION**

On motion of Mrs. Hansen, House Joint Resolution No. 15 was re-referred to the Committee on Constitutional Revision.

**EXPLANATION OF VOTE**

By Audley F. Mahaffey, to re-refer House Joint Resolution No. 15 to the Committee on Constitutional Revision:

"House Joint Resolution No. 15 belongs in the Committee on Constitutional Revision because it proposes to amend the constitution so as to make the basic school support as a first lien against the general funds after the appropriations to maintain
the state government have been made. This is not a new innovation in our state as there is already in our constitution a provision for road appropriations.

"There is no doubt but what few people understand the present school financing problem in our state. Our Governor has seen this and proposes a commission to set up an entire new formula. I am proposing this constitutional amendment as a suggestion to such a commission. It may be that the Constitutional Revision Committee may even feel this to be the basic starting point for state school aid.

"Since I have been in the legislature I have felt that education was too much of a political football. I thought at first that the Superintendent of Public Instruction should be put back on the partisan ballot. I now have come to the conclusion that that is not the answer.

"The constitutional amendment proposed is a closer step to guaranteeing state money and taking education out of politics.

"The cost of public education is reflected not only in the financial outlay for the maintenance of the school program, but also in the social consequences of the educational process. It is possible, for example, by preserving an unsound basic educational organization, to prevent the operation of the principle of equalization of educational opportunity.

"Educational financing is important enough to be in the constitution of our state. I hope this bill will go to the Committee on Constitutional Revision and be given consideration."

COMMUNICATION FROM THE GOVERNOR

State of Washington, Executive Department,
Olympia, February 27, 1945.

To the Honorable House of Representatives, Legislative Building, Olympia, Washington.

LADIES AND GENTLEMEN:

On January 31, 1945, I submitted to the Legislature my proposed liquor measure with a special message explaining its provisions which I believe would greatly
improve the system of dispensing alcoholic beverages in the State of Washington but upon which I believe the people are first entitled to vote and thereby make their own decision.

That measure was intended to permit municipalities to decide by popular vote whether they would authorize the operation of strictly controlled cocktail bars within their incorporated boundaries.

It did not provide for sale of liquor by the drink through legislation. It merely enabled the voters of incorporated cities and towns to decide for themselves whether they want this system of dispensing liquor. Washington is among the minority group of states that do not offer such a privilege to their residents and visitors. I believe the majority of the people welcome this privilege and that they are entitled to the right to decide for themselves.

The members of your Committee who advocate a broader and less controlled sale of liquor expressed dissatisfaction with my bill and suggested numerous amendments.

In the interest of fairness I was willing to consider their suggestions and did not oppose the submission of their proposals to the Legislature.

The majority of the House of Representatives have now seen fit to reject the substitute bill.

As from the first I believe that my original proposal was a reasonable, proper and conservative measure which would meet with the approval of the people.

In view of these circumstances, I now request that your committee submit my original measure to the House of Representatives for its consideration.

Respectfully submitted,

MON C. WALLGREN, Governor.

COMMUNICATION FROM THE GOVERNOR
State of Washington, Executive Department,
Olympia, February 27, 1945.

To the Honorable, The House of Representatives of the State of Washington, Legislative
Building, Olympia, Washington.

Ladies and Gentlemen:

On February 7, 1945, I transmitted to the Senate a proposed Unemployment and
Compensation measure which also embraced state-wide disability insurance for those
who become unemployed because of illness or through non-industrial disability. This
measure became Senate Bill No. 183.

Since its reference to the Senate Committee on Social Security it has become evident
that the disability provisions should be segregated from the increased benefits under the
unemployment compensation sections in order to permit full legislative approval of
each program. With my approval Substitute Senate Bill No. 183 has been proposed
which retains all the features of the original bill except those pertaining to the disabil-
ity provisions.

I have proposed the original disability provisions as a separate bill which is Senate
Bill No. 362, in order to afford the opportunity for legislative consideration of its provi-
sions separately from those relating to unemployment compensation.

I am sure that these important measures will receive full legislative consideration.
Respectfully submitted,

Mon C. Wallgren,
Governor.

Mr. Henry (Edward E.) moved the adoption of the amendment to the rules. The motion was lost, and the amendment was not adopted.

PERSONAL PRIVILEGE

Mr. Henry (Edward E.):

"Mr. Speaker, question of personal privilege.

"With reference to this amendment just defeated, I do not want the members of the rules committee to feel it is any reflection on the rules committee in my offering this amendment.

"It was simply in support of my point that certain conditions have long existed in the House under which it is now difficult to operate. Many members will agree with me that it should be changed so that the rules committee's functions should be less on the legislative lines and more on the administrative. In my opinion the legislation should be left to the House.

"I do not feel we have been given every opportunity in some of the matters debated on the floor; also some of the bills are kept so long in the rules committee that the
members do not have the opportunity to consider them, much less to pass them.

"However, as this is a condition that has built up over a period of years through improper practice; I do not want any member of the rules committee to feel that it is a personal reflection on any member of the committee."

RULING BY THE SPEAKER

"May the Speaker make a statement in assuring the gentleman from King that no member of the rules committee makes a practice of trying to nominate for any personal reasons any of the bills.

"There have been over five hundred bills introduced in the House, numerous ones from the Senate, besides many resolutions, memorials and the like.

"Everything that goes on the calendar must be passed on by the members of the committee,—and right now the Speaker would like to thank the committee, each member of whom is already overburdened by many duties, for tireless and unselfish service upon which so much depends.

"First of all the rules committee must see that the important legislation is put on the calendar,—that means the bills wanted by the Governor and the administrative state offices. After that we try to put out the ones most necessary at the time. By sheer force of numbers there must by necessity be many that can never be considered.

"The seventeen members of the rules committee work hard and try to dispose of the matters before the committee. Sometimes many bills are left over from one day's calendar to the next,—as, for instance, today, when we will leave several for tomorrow.

"The Speaker is merely endeavoring to point out to Mr. Henry and other members that there are many perplexities for the rules committee to solve, and whether it appears to be the case, the committee is always working hard and trying to be fair under a great many handicaps."

The bill was read the second time by sections.

Mr. Schwartz moved the adoption of the following amendment:

In section 1, line 12 of the printed bill after the period (.) following the word “Congress” and before the word “Any” insert the following: “The advisory committee shall also include two members who are veterans of World War II and who are not veterans of any other war, to be appointed directly by the Governor and who shall hold office at the pleasure of the Governor. Any vacancy occurring among the two so appointed shall be filled in the same manner, and until veterans of World War II shall have nationally formed their own organizations and such organizations have been chartered by Congress.”.

Mr. Schwartz demanded a call of the House, but the demand was not sustained.

The Speaker recognized Mr. Schwartz.

Mr. Schwartz:

“This is a very important bill, and this amendment is a very important amendment to the bill. The bill consists of probably the most important piece of legislation affecting veterans that will be passed in this legislature this session.

“In order that you may understand the purpose of this amendment, it will be
necessary for you to understand the organization of the Advisory Council which is to handle the Veterans' Administration for the State of Washington for the next few years.

"This amendment has been offered in an attempt to make the entire bill more workable and more sound. In the administration of Veterans' Affairs under this bill there will be a Director appointed by the Governor, four members of the Advisory Council, which council is simply advisory. They are selected as follows: The four Veterans' organizations recognized by Congress—the Veterans of Foreign Wars, American Legion, Disabled American Veterans and Spanish War Veterans, will each submit three names from their membership. The Governor will then appoint from these nominees one member as a part of the Advisory Council. As it stands then, it may well be that there are not World War II members appointed to the Council. This amendment is made in the interests of the World War Veterans to administer world war affairs, and as such there should be World War II representation on that commission. I spent last week-end in Seattle and talked to over a hundred World War II veterans, and we want some representation on this council. We want some World War II members to represent the interests of World War II veterans. Of the 200,000 men and women in the State of Washington, the average age is around twenty-five years. We should like to see some young men, veterans of World War II, administering the affairs of the veterans in this state.

"We have worked this thing out, the Governor has approved it, the chairman of the Military Affairs Committee in the Senate has approved it, and agreed that it would make the bill more sound. Now those who will oppose this, oppose it on the ground that —"

The Speaker:

"The three-minute period is ended, Mr. Schwartz."

Mr. Easterday:

"I rise to speak in opposition to this amendment. We had a public hearing on this measure. This bill has been drawn up carefully, and the bill has been left wide open for World War II veterans to have representation. But what Mr. Schwartz' amendment will do to this bill, if it is adopted, will force the bill to go to the Senate and into conference, and we have no assurance that we can get the bill out. There are ten thousand returned veterans in the DAV's, the Veterans of Foreign Wars and American Legion. They will have ample opportunity to have a man representing them on the Advisory Council.

"The Governor did say that if the bill would pass with the amendment, it would be all right with him; but he is not in favor of having the bill chewed up in a conference committee."

Mr. Willoughby moved that the amendment be laid on the table.

Division was called for, and the motion to lay the amendment by Mr. Schwartz on the table, was carried by a rising vote.

On motion of Mr. Riley, the rules were suspended, the bill was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Mr. Schwartz:

"This is a blow below the belt to World War II veterans. It is an attempt on the part of veterans organizations to get control of the Advisory Council at the exclusion of veterans who do not wish to belong to veterans' organizations. I believe this is the worst thing I have ever seen this legislature do. This House bill is necessary to appoint a Veterans' Affairs Commission in this state because of the importance of this legislation. All we have done is sabotage the veterans of World War II program. If these Veterans' organizations are so selfish as to wish to control veterans' affairs in this state, then I think this House should work to see that this bill does not pass.

"It is entirely unfair that veterans of World War II should be excluded from a chance to see that their affairs are conducted in a way they would like."
Mr. Lindgren:

"Mr. Speaker, Ladies and Gentlemen:

I concur in the remarks of Mr. Schwartz, although I really think at this time we shall have to pass some form of legislation. Therefore I am going to vote in favor of passing this legislation. But I do think that the Veterans of the first war are taking a little bit of advantage of the Veterans of the second war. Perhaps they think we are a little too young yet to consider our own problems.

"As the measure is now, it is going to be very hard for any of the veterans of the second war to get on the Advisory Council. I do hope in time we will be able to remedy this situation."

Mr. Harley:

"With reference to the remarks made by both the previous speakers, I have been assured by the State and Department Commander of the American Legion and the Disabled American Veterans that they will both include in the names submitted by them, the names of veterans of the Second World War. I think this will answer their question, because I know these Commanders will do so if they say they will."

Mr. Easterday moved that the rules be suspended, that Engrossed Senate Bill No. 108 be advanced to third reading, the second reading considered the third, and that the bill be placed on final passage.

The motion was carried.

Mr. Riley demanded the previous question, and the demand was sustained.

Very truly yours,

State of Washington, Executive Department,
Olympia, February 28, 1945.

To the Honorable, The House of Representatives of the State of Washington:

LADIES AND GENTLEMEN:

I am returning herewith without my approval House Bill No. 70, entitled:

"An Act relating to the funds of State Normal Schools and amending section 2, chapter 69, Laws of 1911."

Under section 2, chapter 69 of the Laws of 1911, funds were created to be known as the "University Fund", "Washington State College Fund", "Cheney Normal School Fund", "Ellensburg Normal School Fund" and the "Bellingham Normal School Fund". These designated funds and their revenues are now sources which provide the schools mentioned with means of operating.

Under House Bill No. 70 there is no provision for:

1. Crediting the revenues to the newly created funds; and
2. Transferring the money in the existing funds to the newly created funds; and
3. There is no emergency clause to correlate appropriations.

The effect of these omissions, in my opinion, would be to close in the near future the Eastern Washington College, Central Washington College and the Western Washington College.

Respectfully submitted,

MON C. WALLGREN, Governor.

House Bill No. 70:

An Act relating to the funds of State Normal Schools and amending section 2, chapter 69, Laws of 1911.

Be It Enacted by the Legislature of the State of Washington:

Section 1. That section 2, chapter 69, Laws of 1911, be amended to read as follows:

Section 2. There is hereby created a fund to be known as the "University Fund"; a fund to be known as the "Washington State College Fund"; a fund to be known as the "Eastern Washington College of Education Fund"; a fund to be known as the
"Central Washington College of Education Fund"; and a fund to be known as the "Western Washington College of Education Fund."

Passed the House February 1, 1945.

GEORGE F. YANTS, Speaker of the House.

Passed the Senate February 21, 1945.

VICTOR A. MEYERS, President of the Senate.

Vetoed February 28, 1945.

REPORT OF SPECIAL COMMITTEE

Mr. Speaker:
We, your Committee on State Charitable Institutions, having made an investigation of conditions at the Western State Custodial School at Buckley and the Eastern State Custodial School at Medical Lake as authorized by House Resolution, find as follows:
That the wooden barrack type buildings at Buckley in which the children are housed are serious hazards to the lives of the children;
That a large number of them are also housed in the basement;
That the normal capacity of the school is 442 children;
In addition there are 187 on parole, approximately half of which will be returned to the school when the labor shortage is over. There are 297 children on the waiting list for admission and an estimated 173 commitments for the year.

Based on the above figures the school would require additional accommodations for over 800 children to completely alleviate this bad situation. We also find that there exists a critical shortage of help. This is due largely to low wages paid and extremely poor living and housing facilities for the employees. As to the school at Medical Lake, we find a somewhat over-crowded condition but not critical at present. We do find an acute shortage of help which is also due to low wages paid and poor housing and living conditions for the employees.

We urge that the recommendation of the Superintendent of the Buckley School for more buildings should be seriously considered. We urge immediate construction of two, eighty bed wards, and one, sixty bed employee's residence without further delay.

(Signed) L. R. ANDERSON, Chairman.

EXPLANATION OF VOTE

By Representative Jack D. Schwartz, on Engrossed House Bill No. 346:

"I have served in the Washington National Guard and in the 41st Division for a period of five years, and so served in ranks from private to second lieutenant.

"I can well recall the untiring efforts of every man and officer who served up to and in the present national emergency as a part of the 41st Division to keep up the interest and strength of this organization. These were men who were willing to make a personal
sacrifice by giving up many hours of the week and their summer vacations to serve their state and nation. This they did in spite of mocking remarks such as 'playing tin soldier', and in spite of the antagonism brought to bear by some factions of organized labor.

"The men and officers of the Washington National Guard did, before the national emergency, and will again demand the most proficient and qualified man to serve as its Adjutant General. They found, over a period of years, that the military efficiency, preparedness and esprit de corps of our National Guard depended upon the capabilities of the Adjutant General.

"Engrossed House Bill No. 346 lowers the requirement of eligibility to the office of Adjutant General to the grade of Captain. I have found from my personal experience, serving as a line officer and as a staff officer in the present war, that the grade of field officer should be the lowest grade considered when appointing an Adjutant General. The office of Adjutant General requires the technical training of a line officer, but even more requires the tactical and administrative experience of a field officer.

"It is my opinion that should my comrades still overseas return to the State of Washington and find that the office of Adjutant General was occupied by a man whose service was not more than two years and who had not yet qualified for at least the rank of Major, that they would have no alternative but to accept discharges in such numbers that their State National Guard would disintegrate.

"In behalf of the officers and men of the National Guard of the State of Washington now serving gallantly overseas, I have voted against this bill as being both unsound and contrary to the wishes of these service men."

JACK D. SCHWARTZ.

Communications From the Governor

State of Washington, Executive Department, Olympia, March 1, 1945.

To the Honorable House of Representatives, Legislative Building, Olympia, Washington:

Ladies and Gentlemen:

On two previous occasions I directed messages to you proposing and urging passage of my bill authorizing cities and towns to vote on revision of the present system of dispensing alcoholic beverages.

I sincerely believe that measure would enable municipalities to greatly improve the method of distribution, correct many of the existing weaknesses under the present law
and draw tourists to our state. I looked upon this bill as an integral part of my program to develop the State of Washington and therefore strongly recommended its passage. A survey of your members reveals, however, that the majority of the members of your body are not in favor of my proposal.

Therefore, in accordance with our democratic principal of majority rule, I now request that my bill be tabled in committee and that no further action be taken because there are too many other important legislative proposals to be considered to justify devoting any further time to this issue.

I also wish to take this opportunity to thank the Members of the Legislature for their wholehearted support of the administration program.

Respectfully submitted,

MON C. WALLGREEN, GOVERNOR.

State of Washington, Executive Department,
Olympia, March 2, 1945.

MOTION

Mr. Vane moved that the House do now proceed under the call of the House. The motion was carried.
The Chair recognized Mr. Henry (Edward E.):

PERSONAL PRIVILEGE

Mr. Henry (Edward E.):

"Mr. Speaker, while we were awaiting proceedings under the call of the House, the members of the Rules Committee have been lobbying against my motion. "Engrossed House Bill No. 442 and the substitute bill, House Bill No. 83, went to
the committee almost two weeks ago. The Governor called twice stating that he wanted that bill passed; so it will be a favor, therefore, for him."

**PERSONAL PRIVILEGE**

Mr. Waldron:
"Mr. Speaker, point of personal privilege. The motives of the Rules Committee are being impugned."

Mr. Henry (Edward E.):
"I would like to see this brought out."

Mr. Waldron:
"Are you impugning my motives?"

**PERSONAL PRIVILEGE**

Mr. Henry (Edward E.):
"Mr. Waldron, I don't blame you for thinking that I have been always resistant about the Rules Committee. However, I am criticizing the custom, not the membership of the committee, of attempting to legislate on legislation as members of this committee. "Now, when the Governor asks the House to get the bill passed it does seem a sad state of affairs not to have the opportunity even to vote on it. This bill makes it unlawful for a public service company to spend over ten thousand dollars for any political purpose. We do not have much more time to go. A bill naming the sum of five thousand dollars has already passed the Senate. What could be more fair than that! "That is the only reason I am asking you, Mr. Speaker, as chairman of that committee, to see that this bill be placed on the calendar for the purpose that we may vote on it."

**POINT OF ORDER**

Mr. Harley:
"Point of order, Mr. Speaker. The three-minute time limit has elapsed."

**RULING BY THE SPEAKER**

The Speaker:
"The three-minute time limit has elapsed, but with the consent of the House the Chair will grant the gentleman the time to finish his remarks."

**PERSONAL PRIVILEGE**

Mr. Henry (Edward E.):
"Mr. Speaker, I apologize if I have impugned the personal motives of anyone.—I do not intend to do that; merely to hope that in time it may be that this system which has developed by error in the House may be stopped."

Mr. Waldron:
"I, for one, accept your apology."

**RULING BY THE SPEAKER**

The Speaker:
"May the Speaker make a statement at this time: "The Speaker requires, expects and wishes no apology from Mr. Henry or from any other person who wishes to criticize the Rules Committee. This is the way we govern under our system—it is the only way we accept. It would be a sad day if people had to agree when they do not wish to. "In this particular instance it might be pointed out that we have a hundred other bills that are lying in the Rules Committee, and only some of the bills can be brought out and acted upon during the session. I think there are 559 bills, also memorials, petitions and resolutions which make the number nearer six hundred, and for the remainder of the Legislature more bills will come from the Senate. What I am actually stating is that there must be some bills which may never be considered. "The committee tries to give attention to the best ones and to bring them out on the calendar,—especially the bills which are requested by the executive and adminis-
trative officers of the state. That we have mentioned before—if any particular bills are demanded by the chief executive we report those bills out as fast as requested.

"The personal inclination of the members of the Rules Committee is to vote to put the bills on the calendar without consideration for any personal desires, designs or legislative attempts. The session is but sixty days long and there are so many bills that it is physically impossible for the House to have all of them appear on the calendar.

"As for this particular bill which we are now discussing because of Mr. Henry's motion to remove it from the committee, and the allegations of personal motives on the part of the Rules Committee, the Speaker can only say that each one who takes responsibility assumes just that risk—and there is nothing that can be done about it. A large number of members come to the committee with requests for particular bills and it is quite impossible to consider all.

"Nothing the Speaker has said at this time has been for the purpose of affecting the vote now before us, but the statement is made with a plea for justice to the men and women who work on that committee. After the rest of you have finished your work, this committee is working overtime, trying within the limitation of the time element, to get the bills out on the calendar.

"Once more the Speaker wishes to thank all members of the Rules Committee for their fairness, and for their endless hours of unselfish work."

MOTION

On motion of Mr. O'Brien, the previous question was ordered.
A roll call was demanded by Mr. Henry (Edward E.), and the demand was sustained.

The Speaker declared the question before the House to be the motion by Mr. Henry that the Rules Committee be discharged from any further consideration of Engrossed House Bill No. 442.

The Clerk called the roll on the motion by Mr. Henry (Edward E.), and the motion was lost by the following vote: Yeas, 20; nays, 75; absent or not voting, 4.

COMMUNICATION FROM THE GOVERNOR

State of Washington, Executive Department, Olympia, March 7, 1945.

To the Honorable House of Representatives, Legislative Building, Olympia, Washington.

LADIES AND GENTLEMEN:

Education is fundamental of civilization. Our children must be given the finest education we can afford. Our teachers must have adequate salaries.

While keeping these concepts in mind, it is apparent that friends of the schools and the public have shown concern over the large increases in school appropriations each biennium.

The appropriation for the 1943-1945 biennium was $45,600,000. For this biennium an appropriation of $65,000,000 has been requested with a suggestion that an additional $3,000,000 is desirable. This would make a total of $68,000,000—an increase over the last two years of $22,000,000.

It must be borne in mind that these large school appropriations are financed through the sales tax, directly affecting the living costs of every man and woman. For years the schools were supported through local district taxes. But today we find that local taxes cover only a very minor part of their costs.

We now face two fundamental problems. The first is whether our greatly inflated income is to be used as a base for calculating future spending. It is clear that it must not. To do so would severely and perhaps irreparably damage the school system when our income drops. This must be avoided in schools and all other departments of government.

The second problem is to determine where our school dollar is going and whether it is being spent effectively and efficiently. This will require study and an analysis of our entire educational structure.

I am now of the opinion that during the next biennium our schools can operate efficiently and maintain the proposed schedule of salary increases for less than $65,000,000. This can be determined only by the educational survey I have proposed.

Pending this study, I believe that we should guard against the possibility of any child, teacher or school district being adversely affected. I also believe the appropriation should be subject to limitations so that if the need for funds has been overestimated, or our school population declines, appropriate action can be taken.

To that end I propose that the school appropriation be restored to $65,000,000, but with the following provision placed in the Senate Appropriation Bill No. 315:

"Provided that during the period beginning July 1, 1946, the Governor may direct the State Treasurer to omit or reduce any transfers from the General Fund to the Current State School Fund by such amounts as may be determined by him to be unnecessary for efficient operations of schools, and in such event the above appropriation shall be reduced accordingly. Provided further that the Governor shall notify school districts of his intention to restrict any such transfers not later than April 1, 1946."

This method will leave the school program unchanged for the ensuing school year, give this administration a year in which to analyze the situation, preserve the factor system, and give opportunity for state-wide school savings where desirable.
Under this proposal no amendment of Substitute House Bill No. 176 would be necessary.
I ask that you give this important matter your most earnest consideration.
Respectfully submitted,
MON C. WALLGREN, GOVERNOR.

RESOLUTION

By Mr. Murphy and Mr. Harley:

Be It Resolved by the House of Representatives of the State of Washington in Legislative Session Assembled:

WHEREAS, The "Governor's Budget", prepared by the Division of Budget, Department of Finance, Budget and Business, submitted to the Appropriations Committees of the Senate and the House at the beginning of this session of the Legislature did not contain the secondary account classification shown in previous budgets under detailed estimates by Departments, and did not give to the Appropriations Committees of the Legislature the detail of salaries and wages requested by the various departments of the State government; and

WHEREAS, It is true that the Appropriations Committees of the Senate and House were furnished with the information mentioned above, in typewritten form, for their use in considering departmental requests and a copy of this information was also available in the office of the Supervisor of Budget; but that only one copy of the typewritten information was provided for each Appropriation Committee, and, with over twenty members on each of the Committees, it was manifestly impossible for more than a very limited number of the members of these Committees to secure the detailed information contained within these typewritten reports; and
WHEREAS, The only possible way of securing the information needed was by making a personal visit to the committee rooms of the Senate or House and securing from the Clerk of the Committee the single copy of this detailed information; and inasmuch as this copy could not be taken from the committee rooms, it was not possible to make a thorough and complete study of the department requests; and
WHEREAS, The lack of this information resulted in improper consideration of the various departmental requests and prolonged the Committee meetings to a considerable extent, due to the members not having detailed information prior to consideration of the various budget items:

Now, Therefore, Be It Resolved, That the "Governor's Budget" hereafter to be submitted to it under Chapter 9, Laws of 1925, as amended, shall contain all of the detailed information which appeared in previous budgets; and that the Department of Finance, Budget and Business have a sufficiently large number of these budget books printed so that any persons who have a proper interest in said budgets may be supplied with a copy.

MOTION

He shall also meet with and consult with recreation committees as provided in section 7 of this act.

Sec. 5. School district officers and teachers shall cooperate with the Superintendent of Public Instruction and with the supervisor, and school districts may give such recreation services as their facilities will permit. School districts may purchase and own recreation equipment and facilities, with the approval of the supervisor, and may pay for the same out of their general fund budgets. Such expenditures may be partially or wholly reimbursed from funds appropriated under section 8 of this act under rules and regulations established by the Superintendent of Public Instruction.

Mr. Henry (Al) demanded a roll call, and the demand was sustained.

Debate ensued.

**POINT OF ORDER**

Mr. Cramer:

"Mr. Speaker, point of order. I would like to say right now that I feel we are going to have considerable of this type of scalping bill, and I would like to see the practice disposed of this session.

"Under Rule 26: 'No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment; and no bill or resolution at any time shall be amended by annexing thereto or incorporating therein any other bill or resolution pending before the House.'

"In Rules Committee, this was one of the very bills to come up—having amendments attached to the bill which are attempts at scalping legislation through the House. We had similar amendments to bills in the 1941 session, and over on the Senate side a bill similar to this was being jammed through. This is scalping, pure and simple, and I object to practices of this kind.

"A while back, Mr. Pitt got up and objected to another scalping bill, and the Speaker at the time—Mr. Reilly—ruled, that until a motion was on the floor of this House to concur in the amendment, that this House could not decide whether or not the matter was germane.

"I am calling your attention to pages 981 and 982 of the 1941 Journal of the House. Mr. Reilly, then the Speaker, after the motion which was then before the House, said: 'The Speaker will now rule the motion out of order because of the fact that by the motion you have placed before the House a matter to be adopted by the House which is not germane to the bill.' Then Mr. Reilly went ahead and explained his reason for the ruling; which was appealed and which ruling was sustained by the House on a roll call.

"I don't want our Speaker to feel this is any personal criticism; however I do feel that in this bill we have the same situation."

Further debate continued.

**RULING BY THE SPEAKER**

The Speaker:

"The Speaker delayed his ruling on Mr. Cramer's point of order so that as many of the members who cared to could express their views.

"We all know that a bill may be amended. However, the point raised does not apply to this bill. The Speaker does not believe that the ruling made by the Speaker in the 1941 session is applicable in this case.

"Now, in the case before us here, the amendments by the Senate might appear to be germane to some and not germane to others. The Speaker feels, however, that that is not the point to decide at this time. In looking over the records and the rules of a similar case, the Speaker believes the language of Rule 26 covers the question. These are the rules which govern the House and which the Speaker tries to interpret for you. What the Senate does has no bearing on our actions, nor can the House question the basis of actions or interpretations of rules by the Senate.

"I say, 'We cannot question those actions'. I say, rather, that we can only question them by our action on the matter as they submit it to us, if we concur or refuse to concur—the only two actions available to the House at this time—or should we discuss these Senate amendments in the conference committees. In the present piece of legislation, the Speaker feels that the Senate must determine for itself what is germane and act accordingly.

"These matters the Senate has discussed. In view of this, the Speaker feels that the subject before us is whether to concur or whether to refuse to concur in the amendments.
"Therefore, the Speaker holds the view that the motion to concur is the only business before the House at this time."

Further debate continued.

On motion of Mr. Armstrong, the previous question was ordered.

Roll call was demanded by Mr. Armstrong, and the demand was sustained. The Speaker:

"A vote 'Aye' is a vote to concur in the Senate amendments to House Bill No. 526; a vote 'No' is a vote refusing to concur in the Senate amendments."

The Clerk called the roll, and the motion to concur in the Senate amendments to House Bill No. 526 was carried by the following vote: Yeas, 58; nays, 36; absent or not voting, 5.

**MOTION**

On motion of Mr. Riley, Mr. Armstrong was excused from call of the House because of illness in the family.

**SPECIAL ORDER OF BUSINESS**

The Speaker announced, the hour having arrived, that the second special order of business, the final passage of Engrossed House Bill No. 88 as amended by the Senate, was before the House.

**POINT OF ORDER**

Mr. Rosellini:

"Mr. Speaker, point of order. Were we on the final passage of the bill?"

**POINT OF ORDER**

Mr. Cramer:

"Mr. Speaker, as a further point of order, we had not reached final passage—the Speaker had ruled that we have no control over the Senate amendments.

"It seems to me that under Rule 26 it would take a two-thirds majority to adopt amendments like these. This is a vicious practice—where one branch of the Legislature can put such amendments to a bill before the other branch has any chance whatever to do anything about it. Your ruling on that amendment failed to cover that. I believe that if we are to concur, the rules require a two-thirds vote."

**RULING BY THE SPEAKER**

Mr. Speaker:

"We had a somewhat similar point on the bill before.

"It would appear that the last question in this case was whether or not the matter was germane to the bill. The Speaker is hardly in a position to reverse his connection with the ruling given a few minutes ago."

**POINT OF ORDER**

Mr. Waldron:

"Mr. Speaker, is it going to be your ruling that we are suspending the rules to adopt these Senate amendments, which would require a two-thirds majority of the members; or are you ruling that it requires a constitutional majority only?"

**RULING BY THE SPEAKER**

The Speaker:

"It appears to the Speaker to be a reasonable fact that either body is permitted to incorporate some matter by amendment in a bill without suspension of rules. Similar matter has so been considered by the House in other bills.

"The question is what to do with the bill now."

Mr. Cramer:

"I believe Mr. Rosellini's point of order should have been taken last night when the motion was made to concur in the Senate amendments. I do not think it is too late for that."

**RULING BY THE SPEAKER**

The Speaker:

"The question before the House is the final passage of Engrossed House Bill No. 88, as amended by the Senate."

Debate ensued.

On motion of Mr. Martin (Fred J.), the previous question was ordered.

"I voted 'No' for the reason I do not approve scalping bills and believe this action is bad and contrary to House Rule 26."

**REPORT OF ENROLLMENT COMMITTEE**

Mr. Speaker:

Chairman.

PRESENTATION OF GIFT

The Speaker (Mrs. Ridgway, presiding):

"Mr. Waldron made me Speaker at this time for the purpose of presenting a gift to Mr. Yantis, our Speaker.

"Will Mr. Levy Johnson, Mr. Zent and Mr. Fred Martin now come to the bar of the House?"

On motion of Mr. Waldron, the special committee was instructed to go to the Speaker's office and escort the Speaker to the bar of the House for the purpose of presenting the gift.

The Speaker was escorted by the special committee to a place in front of the rostrum.

Mr. Waldron:

"Madam Speaker, Mr. Speaker, Ladies and Gentlemen of the House of Representatives:

"On this occasion we have the pleasure and honor of participating in the ceremony which we will enjoy at this time.

"It was my pleasure to serve as the presiding officer of this House and also to serve under the distinguished gentleman from Thurston County, our amiable friend and genial presiding officer, Mr. George F. Yantis. At this time I am going to ask his colleague from Thurston County, Mr. Levy Johnson, to present to him the gift that the members of this House have arranged."

Mr. Johnson (Levy):

"Mr. Speaker, it is truly a pleasure to me to present to you at this time this gift, as a token of the appreciation of the members of the House this Twenty-Ninth Session of the Legislature, in appreciation of the fairness and of the splendid manner in which you have conducted your office."

Mr. Yantis:

"Madam Speaker, Fellow Members:

"I often think that the end of a session is like the end of a long cruise; that the Speaker is the officer of the ship and the members are the crew, and the men on the crew work, toll and suffer as other men have in that both short and long period—the Legislative session.

"That the world considers that cruise a successful run is due, as no one here knows better than I do, to you men and women who have been doing the real work and the real suffering—the men and women on the floor who put in hours of toll for which they are never given credit. The presiding officer may get praise or criticism from the public, but the only thing the members are apt to get is the criticism.

"The public is apt to think of you as a group, as a good Legislature or a bad Legislature. I think this one will go down as a good one; I am confident that you have done such good work here that the public will immediately learn of it and consider this Legislature as one of the greatest ones in the history of the state.

"The Legislator is the Forgotten Man in government. But he has the considerable satisfaction of knowing he has achieved Democracy. It always seems remarkable to me that these men and women, from all parts of the State of Washington—from all walks and conditions of life—meet here, and at times accomplish great things. You have done a good job. I feel that the Speaker rates too highly and sometimes receives the rewards that belong to you people on the floor.

"I feel the utmost humility in standing before you today, taking gifts from you; you who are the ones having done the hard part. There have been instances when some of you have not been in agreement with me—and, after all, it has been eight years since I have participated in this work—yet you men and women have given me the benefit of support and loyalty. May I say that I thank you. I have been deeply grateful for your cooperation.

"May I take this opportunity to say to the members of the opposing party that their cooperation has been simply splendid, and we have all gotten along quite well in the general matters presented.

Personal Privilege

who happens to belong to the opposite party. I am referring to the gentleman from
King County on my left—Mr. Harley—who has made a tireless and significant contribu-
tion to the lot of hard work which falls to the members of this committee; and more
especially, to the work on this bill.

"Thanks to Mr. Clinton Harley and his constant consideration for the welfare of the
committee, and his unfailing cooperation with the other members of the committee who
belong to the party of which he is not a member, the Appropriations Committee has
been able to turn out a fine record this session." (Applause.)

The Speaker recognized Mr. Harley.

Mr. Harley:

Mr. Speaker:

"The remarks of Mr. Murphy, Chairman of the Appropriations Committee, come
as a very great surprise to me. Naturally, what he has just said is very pleasing. It
certainly is an honor when the chairman of a committee on which a member has been
serving publicly acknowledges the work which he has done on it. However, Mr. Speaker,
and Ladies and Gentlemen of the House, I would not have you think that my work on
the Appropriations Committee was exceptional. There are many other members of the
committee who worked diligently and hard on the various problems which were before
us and who did their very best to present to this body a reasonable and effective ap-
propriations bill. They are entitled to credit for their fine services. I am most grateful
for the kind remarks of Mr. Murphy and for the appreciation shown by the members
of the House."

lows:

"Rule No. 72. The standing committees of the House and the number of members of
each shall be as follows:

| No. of |

Mr. Riley moved the adoption of the resolution. Debate ensued.

The Speaker called Mr. Riley to preside.

The Speaker, Representative Yantis, took the floor for continued debate on the merits of the resolution.

On motion of Mr. Cramer, the previous question was ordered. Division was called for, and the motion to adopt the resolution was carried on a rising vote.

Mr. Pennock (William J.) was recognized by the Chair (Mr. Riley, presiding).

MOTION

Mr. Pennock (William J.):

"Mr. Speaker, I would like to move the adoption of the following amendment to Rule 10 of the House Rules:

"Strike subsection (b) to Rule 10 and insert in lieu thereof the following: ' (b) Upon the presentation to the Chief Clerk of a discharge petition signed by 50 or more members of the House any bill which has been in the possession of the Rules Committee for 7 days or more shall be placed upon second and third reading upon the next two succeeding calendars'."

POINT OF ORDER

Mr. Cramer:

"Point of order, Mr. Speaker. Doesn't he have to move to suspend the rules before we can pass on it?"

RULING BY THE SPEAKER

The Speaker (Mr. Riley, presiding):

"That is correct. No action can be taken until we have suspended the rules."
QUESTION OF CONSIDERATION

Mr. Waldron:
"Mr. Speaker, on the proposed amendment by the distinguished Gentleman from King County I would like to raise the question of consideration."

POINT OF ORDER

Mr. Pennock (William J.):
"Mr. Speaker, point of order. Has it not been the general rule of the Speaker, Mr. Yantis, for the maker of a motion to make the first remarks? It is very undemocratic not to be recognized."

RULINGS BY THE SPEAKER

The Speaker (Mr. Riley, presiding):
"No, Mr. Pennock, it has not been necessarily the rule of our presiding officer, the Speaker, it has only been a practice of courtesy by the Speaker to recognize those persons who make the motion."

Mr. Pennock (William J.):
"Mr. Speaker, it was my understanding that you recognized me as I started to read the copy of my amendment, and Mr. Cramer jumped up to raise a point of order. Since it was I you recognized is my understanding that I still would have the privilege of the floor."

Mr. Waldron:
"It was on a point of order, Mr. Speaker, which can be made at any time. "And the purpose of raising the question of consideration is to let the House determine whether or not it would decide to hear the matter discussed or not to consider, the House can vote whether to hear it at all."

The Speaker (Mr. Riley, presiding):
"That is correct, Mr. Waldron."

POINT OF ORDER

Mr. Henry (Edward E.):
"Mr. Speaker, point of order. Mr. Waldron was not recognized for those remarks, and Mr. Pennock was on the floor, wasn't he?"

RULING BY THE SPEAKER

The Speaker (Mr. Riley, presiding):
"The Chair will rule that the question has not been properly put before on the presentation of the amendment as it has not been sent to the desk and has not been read. The Clerk will read the amendment."

The reading clerk proceeded to read the amendment proposed by Mr. Pennock (William J.) to Rule 10.

POINT OF ORDER

Mr. Waldron:
"Mr. Speaker, point of order. The Gentleman from King was standing all the time the amendment was being read. The motion cannot be made after that."

RULING BY THE SPEAKER

The Speaker (Mr. Riley, presiding):
"The point Mr. Waldron made is well taken. The Gentleman from Spokane is correct in his assertion that no member may remain standing on making a motion. The rules provide that after addressing the Chair the maker of a motion shall then sit down. On that point of order the Speaker rules that Mr. Pennock was recognized to move that his amendment be adopted."
POINT OF ORDER

Mr. Rosellini:

"Point of order, Mr. Speaker. The rules provide that a one-day's notice must be presented before it is in order to move to amend the rules."

RULING BY THE SPEAKER

The Speaker (Mr. Riley, presiding):

"Your point, Mr. Rosellini, is well taken. It is stated in the provisions of the rules that they must be suspended before any changes can be made at any time.

"I interrupted the Gentleman from King, Mr. Pennock, in order that he himself could move to suspend the rules and propose the amendment be adopted. You may proceed, Mr. Pennock, on your motion."

POINT OF ORDER

Mr. Waldron:

"Mr. Speaker, point of order. I call your attention, Mr. Speaker, to Section 110 of Reed's Parliamentary Rules, which reads as follows: 'The assembly, upon hearing the proposition or question stated by the chair, may conclude that it does not desire to consider it at all. In order to determine this any member has a right to raise the question of consideration, which he does usually in this form: 'Mr. Chairman, on that I raise the question of consideration.' Thereupon, without debate, the assembly divides upon the question of consideration. If decided in the negative, the main question remains as if it had not been brought up; if decided in the affirmative, the business then proceeds. The question of consideration applies only to the main question, and not to any other motion. The question of consideration may be raised even against a bill ordered by the assembly to be proceeded with at a fixed time, or against an order of the day, or even against a conference report."

"Having raised the question of consideration, the assembly must decide this before it considers the amendment."

RULING BY THE SPEAKER

The Speaker (Mr. Riley, presiding):

"The point of the Gentleman from Spokane, Mr. Waldron, is objectively correct. Right now I submit that it is a well-known fact and a custom in this House that the Speaker, the Gentleman from Thurston, by precedents as well as by the fact that it has been the custom in this House,—by precedents as well as by courtesy,—has granted to the maker of any motion the right to move that an amendment shall be adopted."

POINT OF ORDER

Mr. Waldron:

"Mr. Speaker, on the amendment as presented to this body by the Gentleman from King, Mr. Pennock, I raised the question of consideration."

RULING BY THE SPEAKER

The Speaker (Mr. Riley, presiding):

"The question before the House is on the question of consideration. The Speaker will state that the question of consideration which has been raised, is not debatable."

At this point many members attempted to gain the floor, and disorder prevailed.

The Speaker (Mr. Riley, presiding) made an attempt to call the House to order and put the question.

ORDER BY THE SPEAKER

The Speaker (Mr. Riley, presiding):

"Mr. Sergeant-at-Arms, you will quiet the House immediately.

"I call attention to the fact that Mr. Hurley does not have the floor. I call upon the Sergeant-at-Arms to preserve order."
RULING BY THE SPEAKER

The Speaker (Mr. Riley, presiding):

"The question of consideration has been raised. Does the House wish to consider?"

The House refused to consider the motion to amend the rules.

PERSONAL PRIVILEGE

Mr. Murphy:

"Mr. Speaker, Ladies and Gentlemen: I arise on a point of personal privilege.

"I wish to state that the original recognition of Mr. Waldron's point of order was in error and out of order, and I will say right here that Mr. Pennock tried to get the floor before Mr. Waldron raised the question of consideration and he could not be recognized by the Chair. There are members who will be recognized when they are still seated. Mr. Pennock had the floor; consequently the question of consideration was not properly raised, and any action taken subsequent to that action was out of order."

RULING BY THE SPEAKER

The Speaker (Mr. Riley, presiding):

"The question of consideration has been raised, and the question has been settled. What is before the House?"

MOTION

Mr. Pennock (William J.):

"Mr. Speaker, I move that the amendment which I placed before the House be replaced, changing the words, 'thirty-three' to 'fifty'. The amendment will now read to amend Rule 72 by inserting the words: 'Bills in the possession of the Rules Committee for more than seven days shall be discharged and be placed upon second and third reading upon the next two succeeding calendars.'"

RULINGS BY THE SPEAKER

The Speaker (Mr. Riley, presiding):

"Mr. Pennock, according to the rules we already have it is required that one day's notice be given in order that any rule may be changed. Besides, it appears to the Chair that you are trying to move something already in the rules.

"In Rule 10, Subsection (b), it is provided: 'A bill in the Rules Committee may be placed on the calendar by the affirmative vote of a constitutional majority of all members of the House.'"

The reading clerk read the amendment to the amendment proposed by Mr. Pennock (William J.).

MOTION

Mr. Murphy moved that the amendment to the amendment be adopted.

Debate ensued.

On motion of Mr. Martin (Fred J.), the previous question was ordered.

PERSONAL PRIVILEGE

Mr. Hurley:

"Mr. Speaker, Ladies and Gentlemen: May I have personal privilege for two or three minutes?

"Most of all I would like to know the reason why some of the members who want the floor can never get it, and others who are members of the Rules Committee are often asked by our regular Speaker for the session, Mr. Yantis, to discuss things and they will get the floor ahead of the rest of us to order the previous question or raise the question of consideration and cut off all discussion.

"I think there must be some reason why the Gentleman from Spokane, Mr. Waldron, does not want to get out for discussion some of these things. I am very unhappy with the present set-up, and the more or less legislating being allowed. Some of the rest of us members deserve a little consideration too; we have campaigned and have been elected for express reasons maybe, and yet we are held back in every way so that we can't keep our promises. I think this is very undemocratic.
"I would like to have these things brought out in the light,—these deals, deals, deals, deals,—I am getting sick of them!

"If the Rules Committee would not always be trading these deals I believe they could get out many times the number of bills, and the committees would be afraid to send out the sloppy thinking and the sloppy reporting that they do now.

"Do you know what I have been hearing? The word got around that we have here a very super-duper Rules Committee, and I don't like that. I don't see why we have to have a super-duper Rules Committee working in this unfair and undemocratic way and I hope when we come next time that I am now helping to make for open reports from the Rules Committee in a fair manner so that there can't be any fin-nagling whatever.

"I don't think the election of Speaker of this House is held in a fair and honest way, and maybe next time we can do that better too. I don't mean anything personal against Mr. Yantis.—I think we have had good reason to appreciate that things have been hard for him and that he has tried to make his ruling fair,—"

(Three minutes' time was called on Mr. Hurley, but Mr. Waldron yielded him his time.)

Mr. Hurley (resuming):

"—but I think this is a custom built up in the House that is not honest, and right now I want to call your attention to the fact that some day we are going to make the Rules Committee just a committee to get out the work, and we are going to cut out the dirty work."

The Speaker (Mr. Riley, presiding):

"Mr. Hurley, from this it is in my mind that you are against the Rules Committee but you are in favor of the rest of us."

PERSONAL PRIVILEGE

The Speaker (Mr. Riley, presiding) recognized Mr. Lindgren.

Mr. Lindgren:

"Mr. Speaker, Ladies and Gentlemen: I, too, would like personal privilege.

"Mr. Kinnear at the very beginning of the session asked me when I was going to make one of my famous speeches. It seems that when I was here during the 1935 and the 1937 sessions I spoke quite often. In this session I have said very little. I have said nothing but when I have done so I said 'No!', and whenever I did this I did the right thing.

"What I am saying comes from the bottom of my heart as one politician to another. I am going to speak on the matter now, but will probably never make another speech on any subject whatever.

"During this session I have felt many times that some members do get the floor and I have noticed that others do not. I have fully realized that the Speaker has a very hard problem, and yet sometimes when a member wanted to get the floor the Speaker would call upon Mr. Zent, or more often, he would call upon the Gentleman from Spokane, my good friend, Mr. Waldron (he is not my good friend but it is considered good form to say that); I have noticed that he would be sitting; someone else standing up here wanting to get the floor, and Bob gets up and Bob makes his motion of question of consideration (which I think is a very vicious practice and which during the 1935 and 1937 sessions could not get by because it was considered unconstitutional in the way it cut off debate).

"Now, all the members in this House come down after they have been elected by the people,—they have their promises, their ideals,—and I agree that I too hate the political practice of cutting off debate. I don't like the way the members of the Rules Committee and the Speaker conduct themselves with the members who happen to disagree with them. I believe that what the committee is doing is legislative, and that sometimes some certain members are looked upon or recognized too strongly. I think it is a shame, and I hope to see the time when this body will dispense with previous question and question of consideration as Bob does it. Bob is a very great orator, I am sure, when he forgets and gets mad at somebody and shakes his fist, and blows up.

"However, I don't want anything I have said about the Speaker of this House to be any kind of reflection on him,—he has been able even though sometimes he fails to see in the back row the fellows who would like the floor occasionally."
SIXTIETH DAY, MARCH 8, 1945

SPEAKER'S PRIVILEGE

The Speaker (Mr. Riley, presiding):

"The Speaker wishes to advocate that even though Mr. Kinnear is not here he can ask Mr. Cramer to have a copy of the transcription made so that Mr. Kinnear may also get the benefit of your remarks, Mr. Lindgren, and Mr. Hurley."

POINT OF INQUIRY

Mr. Hurley:

"Mr. Speaker, do you mean that our remarks were taken down to go in the journal?"

RULING BY THE SPEAKER

The Speaker (Mr. Riley, presiding):

"Yes, Mr. Hurley, since both of you asked for personal privilege your remarks were taken down and will be in the journal.

"May I make this comment to Mr. Lindgren: politicians do have hearts?"

Mr. Rasmussen was recognized by the Chair (Mr. Riley, presiding).

Mr. Rasmussen:

"Will Mr. Hurley yield to a question?"

Mr. Hurley arose, in consent.

Mr. Rasmussen:

"Mr. Hurley, with regard to your super-duper Rules Committee: are you suggesting that if it would be elected from the floor it would be more fair?"

Mr. Hurley:

"Yes, we would like to have it that way. — I think it would be a democratic way with no underhanded deals."

POINT OF INQUIRY

Mr. Zent:

"Mr. Speaker, what is before the House now?"

RULING OF THE SPEAKER

The Speaker (Mr. Riley, presiding):

"Mr. Zent, nothing is before the House but Mr. Zent."

PERSONAL PRIVILEGE

Mr. Hurley:

"Mr. Speaker, I arise to personal privilege, for the purpose of stating that I don't wish any of my remarks on our absent Speaker to mean I am casting any reflection on him."

POINT OF ORDER

Mr. Martin (Fred J.):

"Point of order, Mr. Speaker. Don't we have some business?"

The Speaker (Mr. Riley, presiding):

"Yes, Mr. Martin, we do have messages from the Senate."

REPORT OF SPECIAL COMMITTEE
REPORT OF SUB-COMMITTEE OF THE LIQUOR CONTROL COMMITTEE OF INVESTIGATION OF THE WATERFILL-FRAZIER-SHAWHAN TRANSACTION

Mr. Speaker:

We, your sub-committee on Liquor Control, which was charged with the investigation of the Waterfill-Frazier-Shawhan distilleries purchase, submit the following:

We have diligently searched and examined the records of the three (3) State agencies, namely, the Attorney General, the State Auditor, and the Washington State Liquor Control Board, who were most actively engaged in the details of this purchase.

We have had correspondence with (appended hereto is a copy of a letter from Mr. Harry E. Collin) and have communicated with others who were engaged in the consummation of this transaction, but to date we have been unable to reach any definite conclusion.

The Oregon State Legislature has refused our offer of cooperation with our investigating committee, but in our correspondence with individual members of the Oregon Legislature we find strong evidence and suspicion that the cold figures that we have at our disposal do not tell the entire story, clearly and without prejudice.

In the report of State Auditor, Cliff Yelle, is a maze of facts and figures which, when analyzed, would strongly tend to support the contention advanced by many that while the negotiations and subsequent purchase of the properties mentioned were, in the strictest interpretations legal, they were not, again speaking, strictly of the highest moral character which we would assume should be used by either elective or appointive State officials.

Owing to the restricted time allowed by the constitutional limitations imposed on this body, your Committee finds itself unable to thoroughly delve into this matter. As of a necessity our conclusions would not be supported by that direct evidence which would be obtainable if the time limitations were not present. Therefore we, your committee, refrain from presenting any definite conclusions or recommendations except as follows.

We had thought, at one period of our investigation, that the proper method of determining the guilt or innocence of the persons involved in this transaction would be to institute an interim committee of this Legislature, but upon consulting with the Chief Executive of the State, and various other interested State officials, we have determined that a Legislative inquiry pursued during the next two (2) years would be a needless and useless waste of time and effort by this body because of assurances given us by the Chief Executive and various other State officials, both elective and appointive, that the Waterfill-Frazier-Shawhan distilleries purchase will be subjected to a thorough going and exhaustive probe by various Departments of the State Government.

We wish to thank the members of the Senate Liquor Control Committee as designated by Chairman Senator Bargreen, for their loyal and unstinted assistance with your committee in this probe.

Signed this 6th day of March, 1945

H. C. Armstrong, Chairman,
Liquor Control Committee.

NOTE: The report of the State Auditor, referred to in the above letter, is printed in the appendix of this Journal, pages 917 to 954.

HARRY E. COLLIN
Gardner Building
TOLEDO, OHIO
January 29th, 1945

Hon. George F. Yantis, Speaker, House of Representatives, Olympia, Washington.

Dear Sir: Various issues of newspapers published in your State have been sent to me, containing articles which reflect on the good faith of the parties to the transaction by which Washington and Oregon acquired a large quantity of Waterfill & Frazier
whiskey. Apparently acting upon these articles, a resolution has been passed by the assembly over which you preside, calling for a legislative investigation. The conclusions drawn in the newspaper articles have been formed from inferences which are not in accord with the facts. The record is so clear and above-board that I take this opportunity of presenting the facts to you and through you to the committee making the investigation.

During the summer of 1943, I determined after some considerable study that, in view of the wartime restrictions against the making of whiskey, the purchase of bulk whiskey would be a good hedge against inflation and might otherwise eventually prove profitable. I learned that it might be possible to purchase the outstanding capital stock of Waterfill & Frazier Distillery Company and the Shawhan Distillery Company of Kentucky. Between them, these two companies owned approximately 78,000 barrels of whiskey. I had never engaged, nor did I desire in the least to engage, in the distillery or liquor business but I learned that there was no bulk whiskey available for purchase on the market and was forced to the conclusion that the only means of obtaining any investment in whiskey was through the purchase of stock of distillery companies.

I made contact with representatives of the shareholders of both the Waterfill & Frazier and Shawhan Companies. After some considerable negotiations I was advised that the shares of Waterfill & Frazier could be purchased by me for $4,150,000 and those of Shawhan for $3,406,250. The shareholder interests were willing to give me the first opportunity to buy the shares at such prices. I then started to explore the possibility of finding a partner or forming a group, from my business associates, to purchase the stock.

While working on this plan, I received a telephone call from some New York friends who knew of my plan, and they advised me that officials of the Oregon Liquor Control Commission were in New York City trying to buy whiskey for the State of Oregon, and that they were desirous of discussing the possibility of working with me to acquire bulk whiskey through the purchase of the shares of the Distilleries.

I was in the favorable position of having in effect first refusal on the purchase of the stock, but my prime interest was still the purchase outright of bulk whiskey. I discussed the situation with the officials of the Oregon Liquor Control Commission and found that they, like me, were interested only in the acquisition of bulk whiskey.

After due consideration, I advised the officials of the Oregon Liquor Control Commission that I was willing to step aside and let them purchase the stock of the Distillery Companies but that I still wanted to buy at least 10,000 barrels of whiskey from the Distilleries.

After various conferences, the members of the Oregon Liquor Control Commission interested the Washington Liquor Control Board in the attempt to set up a transaction whereby the whiskey of the two Distilleries could be acquired. The officials of both Commissions thoroughly studied the situation and decided to make the purchase if a proper plan of procedure could be worked out which would satisfy me, the shareholders, and their own legal requirements.

Details and plans were submitted to the Attorney General of each State. The procedure required an immediate liquidation of the Distillery Companies as a means of obtaining the whiskey desired by the States, and because neither State could own property in other states, it was necessary, before the States committed themselves to a purchase of the shares, that they line up in advance a responsible purchaser of the plants and other assets of the Companies immediately upon their liquidation.

The Liquor Commissions had a further problem which concerned them deeply. It was not enough that they secure the whiskey for their needs but such whiskey had to be bottled by responsible individuals or concerns who could do so in the quantities and at the times deemed necessary by the Commissions. Efforts were made to locate such a person or concern who would not only take the properties on liquidation but operate them for the immediate benefit of the States, but no one was found.

In this case, not only would the distilleries be stripped of all bulk whiskey, but their right to produce had already been restricted by the War Production Board to the manufacture of alcohol under contract solely with the Government at a nominal profit. It was anticipated that no whiskey could be made for the duration of the war and that the profits from the permitted operations of the Distilleries would not equal a fair return on the capital invested. These circumstances made it difficult to interest anyone in the purchase of the Distillery plants in the limited time within which the shareholders of the two Distillery Companies were willing to hold their offer of sale open.

When it appeared, therefore, that the whole transaction would fail for the want of a
purchaser of the Distillery properties, the Commissions suggested that I purchase them from the Companies on their liquidation by the States and agreed to sell me the 10,000 barrels of whiskey at the Distilleries' cost if I would buy such remaining assets. I agreed to do this if I could make the purchase at the amounts at which the properties were carried on the books of the Companies, and thus permit them to dispose of the plants of the Distilleries at neither gain nor loss to either of the two Companies.

As previously stated, I was not engaged, and had no desire to engage on my sole responsibility in the Distillery business and certainly not under the adverse conditions which the industry was facing at that time. I realized I was subjecting myself to considerable risk in buying distillery properties and embarking on their operation in these uncertain times, but I knew I had no other way to acquire the bulk whiskey which I wanted, unless I agreed to the States' demand that I purchase the Distillery properties, and agree to warehouse and bottle the whiskey for them. It was a case where I had to assume the burdens if I wanted to attain my desired objective, so I entered into such agreement with the States.

The entire transaction was thereupon submitted to the Office of Price Administration at Washington, D. C. for its approval. The Office of Price Administration reviewed the transaction and made an allocation to the various assets involved of the amount payable for the acquisition of the stock and, by its formula for such allocation, it determined that the amount allocable to the whiskey was in excess of its ceiling price, and in consequence thereof, it would not approve the transaction unless the price of the stock was reduced to an aggregate of $3,650,000 for the stock of Waterfill & Frazier Distillery Company and to $2,800,000 for the stock of the Shawhan Distillery Company. The shareholders were then contacted and finally agreed to such reduction.

The Commissions of the two States then jointly purchased all of the outstanding stock of the two Distilleries. This purchase was made directly from the respective shareholders, and I feel sure that every one of them reported his sale on his income tax return and paid the proper amount of income taxes on it.

Each of the Distilleries then sold 5,000 barrels of whiskey to me at the cost of the whiskey to the Distilleries; and to facilitate the liquidation of the two Companies, I also purchased from them the following assets: all accounts and claims receivable, all lands, buildings, machinery, equipment, automobiles and trucks, office furniture and fixtures, raw materials, including those in process of manufacture, and all labels, trade-marks, etc., for which I agreed to pay the book value of the same as carried on the books of the Companies at the date of purchase of the assets, with the understanding that no value was then or should be fixed or placed upon the books of the Companies for the labels, trade-marks, etc. I have made payment in full for the purchase of all of the assets transferred to me in accordance with the terms which were agreed upon when the States purchased the stock of the two Distilleries.

If there was any objection to the transaction, that objection should have been raised before the States made the purchase of the stock. Public announcements of the transaction were made in the newspapers and on the radio on October 18, 1943. The transaction was consummated and closed at Kansas City on December 18, 1943; and during the intervening two months, so far as I know, not a voice was raised in protest, no action was taken to stop it, and no investigation was demanded. This seems very significant to me.

In 1943, there was an acute shortage of whiskey. Through the purchase of the stock of these two Distilleries, the members of the Liquor Commissions of the two States were thus able to acquire a substantial amount of a very high grade whiskey which could not have otherwise been purchased. By this purchase, I believe that the States of Washington and Oregon have been enabled to give their citizens a better supply of whiskey than most of the other monopoly states.

It is distressing to me to learn that the former officials of the Washington Liquor Control Board are being charged with misfeasance in the performance of their duties as such public officials as a result of this transaction. How this can be possible, if the facts are known, is incomprehensible to me. The entire matter has been handled with the greatest of care, and the States have employed Certified Public Accountants to check in detail every transaction in connection with the matter.

The members of the Liquor Commissions have sought only to perform their public duties and to carry out the trusts which the people had placed in their hands. It was their duty to obtain a supply of whiskey for resale through the State Stores. Due to the shortage, it was difficult, particularly for monopoly states, to buy whiskey. The members of your Commission surmounted that difficulty by making the purchase of
the stock of the Waterfill & Frazier Distillery Company and the Shawhan Distillery Company. Through this purchase, they have provided a good supply of Waterfill & Frazier whiskey at a price which I am sure is comparable to that of other high-grade whiskies.

Without full knowledge of all of the facts or by ignoring part of the facts, any criticism of a transaction may be extremely unjust. Regardless of the many ways in which various people would have liked to have consummated this transaction, there was nothing for the members of the Commissions of both States to do but accept or reject the proposition to buy the shares at the price offered and on such a basis and in such a way as would permit them to observe the legal limitations of not owning property without the state. Before accepting the proposition, the members resorted to every means to determine if a better purchase could have been made or other methods followed to attain the desired results. By the method they adopted, they conformed to State requirements and shifted the burden and risks of the remaining properties and their operations to me. After handling the transaction in such a business-like manner, it is regrettable that there should be any criticism of it.

Because of the implications created by the passage of the resolution in your legislative body, I am furnishing a copy of this letter to those persons involved, with my permission to publish the same in your press.

In closing, may I say that if the facts which I have given are not sufficient to completely explain this transaction, I am prepared to give testimony with respect to it under oath, in deposition form, if you care to send your representatives to Toledo for that purpose. I sincerely regret that my personal commitments will not permit me to appear personally before your Committee for the purpose of answering any questions which your Committee might desire to ask me.

Respectfully yours,

(Signed) HARRY E. COLLIN

Office of the State Auditor

October 5, 1944
WHISKEY STOCKS ACQUIRED THROUGH PURCHASE OF SECURITIES AND ASSUMPTION OF LIABILITIES

The following is a resume of the matter of purchase by the Board of the capital stock of certain Kentucky distilleries, and the coincidental assumption by the Board of a great amount of liabilities incurred by the former stockholders of the distilleries purchased.

Minutes of the Board were referred to in anticipation of compiling therefrom a complete history of the negotiations and transactions in connection with this purchase, however, only few and sporadic references to the deal were found in the minutes, the information herein being secured through reference to other files.

In preparation for a better understanding of the details of the purchase, the events leading up to the deal, as related to examiner, are here retold:

One Harry E. Collin, financial engineer of Toledo, Ohio, who promoted the deals, and who, it appears, is the chief beneficiary through the consummation thereof, presented the matter to the Oregon State Liquor Control Commission. The financial requirements to handle the purchase were said to be too great for the Oregon Commission to undertake individually; therefore, the Washington Board was consulted in the matter and subsequent progress was made with the understanding that a coalition, consisting of the states of Oregon and Washington, would be the purchasers, participating on an equal basis.

Under date of October 18, 1943, purchase agreements were entered into between the Liquor Board of Washington and the Liquor Commission of Oregon, as purchasers, and the several stockholders of Waterfill & Frazier Distillery Company, a Missouri corporation, and the Shawhan Distillery Company, Inc., a Kentucky corporation, as sellers. The consideration to be paid for shares of the companies and the probable amount of liabilities to be assumed are enumerated herein below. Although copies of the purchase agreements made available for this examination did not bear the signatures of members of the Oregon State Liquor Commission, minutes of the Washington Board state that both states entered into the agreements.

Early in the negotiations, pursuant to previous understanding and prior to consummation of the deals, a written agreement was entered into between the Liquor Boards of the two states and Harry E. Collin (Exhibit "B"), whereby all the physical and accrued assets of the companies purchased would be sold to Mr. Collin, together with 10,000 barrels of two-year old whiskey, all at depreciated book value. The agreement included a bottling contract under the terms of which Collin would bottle all whiskeys acquired by the states, at a starting price of $1.75 per case of quarts or fifths. The cost of bottling was allowed to remain flexible, however, to be dictated by Mr. Collin; also an amendment to the bottling contract provides that a royalty of $5.00 per barrel (in addition to accrued storage charges) shall be paid by the states for any whiskey removed from storage warehouses, not bottled by Mr. Collin or by companies dictated by him.

After preliminary negotiations relative to the purchase and sale of the two distilleries had been made, and arrangements made for the sale of assets to Harry E. Collin, the deals were submitted to the Office of Price Administration at Washington, D. C. for approval or rejection. A copy of the com-
munication submitting particulars to the Office of Price Administration, in the files of the Board, is herein transcribed for the purpose of reference in connection with further comment thereon (Exhibit "C"). The Office of Price Administration did not approve the purchase as submitted, this action being taken notwithstanding the fact that proposals submitted to that Governmental Agency by the Board indicated that the purchasers (Washington and Oregon) intended to recover considerable sums through operation of the plants to be acquired.

The reduction demanded by the Office of Price Administration amounted to $1,106,250.00. The original offer thus reduced being acceptable to the sellers, the purchases were consummated on the revised basis.

The companies to be purchased, names of shareholders, book value of capital stock, and the prices originally agreeable to the states, are as follows:

The book value of the above shares is $100.00 each, a total of $350,000.00. The purchase agreement above referred to, signed by the above shareholders and the members of the Washington State Liquor Control Board; Evro M. Becket, Chairman; Arthur J. Hutton, Member, and Thomas G. Jordan, Member, specifies a price of $100.00 per share for preferred shares and $2,000.00 per share for common shares, a total consideration of $4,150,000.00.

A balance sheet as of September 30, 1943, was referred to in the agreement, a copy of which is included herein (Schedule "1"). The current liabilities shown on the balance sheet are $984,701.66, with cash on hand, in banks or invested in U.S. Government bonds of $332,354.85, a net liability to assume of $652,346.81. The foregoing amounts to an outlay of $4,802,346.81, while the inventories and fixed convertible assets appear on the balance sheet in the amount of $1,138,054.92, including an inventory of 38,266 barrels of whiskey valued at $944,914.62, of which 5,000 barrels (13%) were pledged for sale to Harry E. Collin at the book value (cost of production), see Schedule "3".

The book value of the above shares of the capital stock is $100.00 each, a total of $125,000.00. The minutes of the Board contain a copy of sale-purchase agreement similar to that with the Waterfill & Frazier Company, but specifying a purchase price of $2,725.00 per share, or a total of $3,406,250.00. This copy of agreement is executed only by members of the Washington State Liquor Control Board.

A balance sheet of the Shawhan Company, as of October 31, 1943, (Schedule "2") indicates current liabilities of $965,375.39, with cash on hand and other current assets of $1,035,136.22, with an additional amount for property, plant and equipment and accrued receivables of $148,248.84. Included in current assets is an inventory of $932,278.06 covering 40,000 barrels of whiskey, said to have contained at time of entry 1,978,665.11 original proof gallons. Of this whiskey 5,000 barrels were pledged for sale to Harry E. Collin at book value (cost of production), see Schedule "4". This would leave a balance of 35,000 barrels, 1,733,465 original proof gallons, in the hands of the states of Washington and Oregon.

By combining the two transactions outlined above, also taking into consideration the price reduction enforced by the Office of Price Administration, the result is as follows:

Other items which will enter into the cost of whiskey, such as insurance premiums, taxes accruing in states where whiskey is stored, and other items disclosed or undisclosed at date of purchase, the exact amounts of which have not been definitely determined, are not included in the foregoing schedule.

In accordance with a prearranged formula, the officers of the respective companies involved in the sale called a meeting, caused to be placed upon the minutes a resolution to sell the entire outstanding capital stock of the companies to the states of Washington and Oregon, and, in the case of Waterfill & Frazier Company, entered a resolution to pay a certain royalty balance due for the use or outright purchase of a registered label being used by that company. Thereupon, the officers resigned their respective positions and proceeded to elect new officers, as directed by the purchasers, and the following officers were elected and capital stock issued in the following manner:

With reference to the new owners of the stock of the two companies, Mr. Farber is said to be a former employee of the sellers. His election to office in the new organizations is explained by the claim a local resident was necessary in order to comply with the laws under which the companies were organized. The Waterfill & Frazier Company was organized under the laws of the State of Missouri, while the Shawhan Company was organized under the laws of the Commonwealth of Kentucky; the address of the plants purchased are: Waterfill & Frazier Distillery Company, Anchorage, Kentucky; Shawhan Distillery Company, Inc., Bardstown, Kentucky: Examiner was unable to ascertain which state required the inclusion of a local resident as shareholder-officer. The other members of the board of directors are: Thomas G. Jordan, member of the Washington State Liquor Control Board, and T. R. Conway, Administrator of the Oregon State Liquor Control Commission.
A firm of certified public accountants, Arthur Andersen & Company, Commerce Building, Kansas City, Missouri, was employed by the new owners of the companies to make certain verifications and reports relative to the accounts and activities of the companies purchased. Payments to that firm for services prior to the dissolution of the firms, or accruing prior thereto, amounted to $5,577.71.

This department is advised that the states of Washington and Oregon each sent a local representative to Kansas City to work in conjunction with the Arthur Andersen Company during the process of liquidation or dissolution of the two companies, owned by Farber, Jordan and Conway. The public accountants engaged for the foregoing purpose were as follows:

Washington— Sexton, Chabot & Molitor, (Neil Sexton)
408 - 1411 Fourth Avenue Bldg.,
Seattle, Washington.

Oregon— Ray H. Lescher Co.,
730 S. W. Salmon,
Portland, Oregon.

Reproduced herein from the files of the Board are two schedules (Exhibits "D" and "E") evidently prepared as an estimate of additional cash necessary for payment of liabilities of the two companies, after application of cash on hand and to be received through liquidation of convertible assets. These schedules show cash requirements for the Waterfill & Frazier Company of $408,874.09 and for the Shawhan Company $594,665.93, a total of $1,003,540.02.

Due to its compliance with laws very similar to those of this state, Oregon was unable to participate in the expense of liquidation of the two companies. We draw attention, however, to the fact that the members of the Liquor Commission of Oregon signed the same purchase agreements which were signed by the Washington Board, and that those agreements specifically required that the purchasers assume liabilities of the two distilleries, amounting to approximately $2,000,000.00.

The entire financial burden of liquidation cost was assumed by the Washington Board and funds were transmitted to Kansas City banks in the sums of $425,000.00 for the Waterfill & Frazier Company and $610,000.00 for the Shawhan Company, a total of $1,035,000.00, or $31,459.98 more than the estimated amount necessary in Exhibits "D" and "E". The funds described in this paragraph were deposited to the credit of the Waterfill & Frazier and Shawhan Companies, respectively. Signatures authorized by resolutions contained in minutes of the companies, for disbursement of funds through the banks, are Thomas G. Jordan and T. R. Conway.

The Washington Liquor Control Board also established two bank accounts in Kentucky banks for the purpose of making payment of Federal tax on whiskey removed from bonded warehouses for bottling. One of these bank accounts was opened in the Citizens Union National Bank, Louisville, Kentucky, in the sum of $500,000.00 and the other in the Farmers Bank and Trust Company, Bardstown, Kentucky, in the sum of $40,000.00. These bank accounts act as a trust fund, the Bardstown bank being reimbursed for tax payments by the Louisville bank, the latter being reimbursed by the Board for tax payments made by either or both of said banks, in order to maintain the above described bank accounts at the original amounts named above.
The Citizens Union National Bank, in a telegram dated January 3, 1944, suggested a minimum balance of $200,000.00 for the purpose explained in the preceding paragraph, for which that bank would arrange collateral security and would also make payment of taxes on whiskey without fee. As above stated, deposit was made in the sum of $500,000.00 or more than twice the amount suggested as necessary by the bank.

In the above connection, with particular reference to the establishment of bank accounts outside the State of Washington, we have ascertained that the Oregon Commission, operating under laws similar to those of Washington in this respect, complied with their laws by depositing their funds in a Portland, Oregon, bank, which bank in turn guaranteed repayment of tax payments made on withdrawals of whiskey for the Oregon Commission by a Kentucky or Missouri bank, as correspondent of the Portland bank.

SUMMATION AND COMMENTS

The accompanying schedules in this report do not reflect a final accounting for the purchase of the two Kentucky distilleries previously described herein, due to the fact that dissolution of the two companies is still in process. The dissolution procedure is, of course, being conducted by Messrs. Farber, Jordan and Conway, the new owners of the properties; however, there is little or no record or knowledge of involvements in connection with the dissolution available through the Olympia office of the Board.

The schedule of amounts paid for the two distilleries, on page 921 hereof the excess of amount paid over O. P. A. ceiling prices, schedule "6", and the loss on sales of assets to Harry E. Collin, schedule "5", reflect only established transactions appearing in records of the Board. Subsequent memoranda of payments and adjustments, contained in the files of the Board, indicate that the costs shown in these schedules will be increased rather than diminished, when details as to complete dissolution costs are obtainable.

No attempt has been made herein to interpret the laws of the State applicable to the project in general or the various methods pursued during the consummation thereof. In this connection we enumerate below, for particular reconciliation with the laws, some of the pertinent facts established by this examination:

1. The Washington State Liquor Control Board is an instrumentality of the State of Washington, and funds administered by that Board are subject to some statutory restrictions enacted by the State Legislature.

2. The Board, by its written assumption of debts and obligations accrued by corporations and individuals, did use its credit as an instrumentality of the State, on a contingent basis, from the 18th day of October, 1943, until actual liquidation of such debts and obligations.

3. The Board advanced from its funds cash with which to purchase the capital stock of corporations, the ownership of which capital stock automatically placed the purchaser in possession of all assets and liabilities of the former owners, with respect to the properties purchased.

4. The capital stock of the two distilleries, purchased with funds supplied by the states of Washington and Oregon, was not reissued to the states, but was issued in the names of three individuals. Apparently by mutual agreement between the states and the three owners, ware-
house receipts covering the whiskey inventory of the two distilleries were placed in a Missouri bank for subsequent direction by the states as to the future disposition thereof.

5. Funds were taken from the Liquor Fund and deposited in banks in the state of Kentucky for operational purposes.

6. Statements and schedules were made and submitted by the Board to the Federal Office of Price Administration, indicating a purpose of subsequent operation of the properties to be purchased, with an estimated potential profit through such operation as a financial return on the investment. As a matter of fact, statements made to examiner by employees of the Board, and memoranda contained in the files, indicate that the preliminary negotiations for the sale and purchase of the properties were contingent upon the sale of all physical and accrued assets of the two companies, immediately after purchase, to Harry E. Collin at depreciated book values.

The following schedules reproduced herein were copied from those compiled and submitted to the Board by Arthur Andersen & Company, Public Accountants, Commerce Building, Kansas City, Missouri:

2. Shawhan Distillery Co. balance sheet as of October 31, 1943.
3. Waterfill & Frazier assets to be purchased by H. E. Collin at Dec. 18, ’43.
4-A Adjusted Statement of Shawhan Distillery Co. Assets to be purchased by Harry E. Collin at December 18, 1943—after conference and review by Mr. L. T. Konopak, accountant for the purchaser.

All “Exhibits” included in this report are designated by a letter, the contents of such exhibits having been copied from documents or material in the files of the Board.

Purchase of Assets by Harry E. Collin:

Reference to Exhibit “B”, on page one thereof, enumerates the items that are to be purchased by Mr. Collin, after such assets become the property of the states of Washington and Oregon. One of the items mentioned is “Prepaid Insurance”, which is to be paid for by him “at short rate values”. This stipulation in the agreement between Mr. Collin and the two states netted a reduction from book values of prepaid insurance as follows: Waterfill & Frazier, $1,051.98; Shawhan Co., $1,319.35, a total of $2,371.33 (Schedules “3” and “4”).

With further reference to the subject of insurance; schedules submitted by the Arthur Andersen Company, not reproduced herein, listed insurance being transferred to Mr. Collin, or the companies being formed by him. It is noted from these statements that the insurance carried on “Buildings and Equipment”, only, was for Waterfill & Frazier, $246,000.00, and for Shawhan Distillery, $450,000.00. The buildings and equipment were sold to Mr. Collin for approximately $63,000.00 for the Waterfill & Frazier plant, and $100,000.00 for the Shawhan plant.

Attention is directed to Schedules “4” and “4-A”, the former listing the assets of the Shawhan Distillery Company which were to be sold to Mr. Collin at book values (except prepaid insurance), showing a total, including 5,000 barrels of whiskey, of $361,467.86. Schedule “4-A” is an adjusted state-
ment of the same items, after a conference with the purchaser's accountant, and shows a reduction of $29,394.96 in the purchase price. The reference numbers and the accompanying notes, provided by the Kansas City Auditors, to the latter schedule are self-explanatory.

Particular Reference to Schedules, or Segments thereof:

Schedule "1", Waterfill & Frazier balance sheet as of October 31, 1943, has appended thereto (by Andersen & Co., auditors) some memorandum notes relative to unrecorded liabilities existing prior to consummation of the sale and purchase. These added liabilities amount to $111,247.71 and subsequent memoranda, or copies of documents, contained in the files, indicate that settlement of these liabilities was made by the new owners of the distilleries. A balance sheet purporting to reflect the condition of the Waterfill & Frazier Distillery Company as at September 30, 1943, was submitted as "Exhibit A" with the purchase agreement (Exhibit "A" herein), which specifically disposes of undisclosed liabilities as at the date thereof; however, no mention was made of the unrecorded liabilities in the September 30, 1943 balance sheet, or in the wording of the purchase agreement.

Schedule "5", prepared by this office, has been made to include some of the known liabilities, not contained in the books of the account of the sellers but paid by the purchasers. This schedule is supplemental to the statement of cost as produced on page 4 herein, and is submitted to more nearly reflect the first cost of the properties purchased, also to arrive at an approximate minimum loss on the sale of assets and merchandise to Harry E. Collin.

Schedule "6" has been prepared to compare the actual first cost of whiskey with the value thereof, based on "Ceiling Prices for Bulk Whiskey" as shown on a schedule in files of the Board. The 'outage' of 20% in proof gallons from the original proof gallons shown in bulk whiskey inventory has been used in this schedule for the reason that the Board has anticipated such loss in quantity through evaporation and leakage, however, a thorough analysis of withdrawals from bonded warehouses of this whiskey for the purpose of bottling, including a large percentage of four-year old whiskey, produced evidence that the 'outage' will exceed the 20% anticipated, see Schedule "8" herein. In addition to the 8,170 barrels included in the last named schedule, subsequent gauge reports on withdrawals of 1937 and 1938 whiskies indicate a bulk proof gallon loss in excess of 30% in some cases.

Schedule "7" is a summary of the whiskey inventories of the two distilleries, showing the distribution thereof as between the two purchaser states and Harry E. Collin, also reflecting the various brands and quantities of the different aged whiskey. It will be noted, by reference to this schedule, that more than 30% of the whiskey sold and delivered to Harry E. Collin was, at the date of sale, at least two and one-half years old (Exhibit "B", the agreement with Mr. Collin, specifies two year old whiskey).

Schedule "8" has been compiled with the idea of producing a bottling experience record which would be representative of the result to be reasonably anticipated over the entire stock of acquired whiskey, considered in this report. Based on information received through competent sources, it appears that the bulk increase shown in this schedule, approximately 10% in bottled 90 proof, over the net 100 proof gallonage withdrawn from bonded warehouses, is approximately what could reasonably be expected. The chief element to
consider, in connection with the ultimate recovery through marketing of this whiskey stock, is, of course, the matter of 'outage' and additional storage and local tax accruals, which will continue to occur throughout the process of marketing.

In order for this office to accomplish a complete, authentic audit report, embracing an analysis of all financial transactions with which the project under consideration herein is involved, it will be necessary for this office to have access to all records pertaining thereto.

It is, therefore, the request of this office that all documents, records, books of account and all memoranda pertaining to the financial transactions involved in the purchase of capital stock of Waterfill & Frazier Distillery Company and Shawhan Distillery Co., Inc., be made available at Olympia for the purpose of regular and complete audit.

Included with the required accounting data will, of course, be all records in connection with the dissolution of the companies purchased, assets sold, disposed of by gift, or otherwise; also, amounts recovered from receivables or claims as off-sets against the cost of the properties purchased.

EXHIBIT "A"

AGREEMENT

This agreement, made this 18 day of October, 1943, between Otto E. Hirsch, Irving Hirsch, W. H. MacLaughlin, T. G. MacLaughlin, Frank R. Daley, William McCrory, Mary Troutman, Margaret Summerwell, Phil McCrory, T. J. Pendergast Jr., Mrs. T. J Pendergast Jr., Harriette McCrory, C. E. Pendergast, Barbara McCrory, of Kansas City, Missouri, the owners and holders of all of the common and preferred shares of Waterfill & Frazier Distillery Company, a Missouri corporation, hereinafter called the "Company", all of whom are hereinafter collectively referred to as the "Shareholders", the parties of the first part; and the Washington State Liquor Control Board, hereinafter called the "Purchaser", party of the second part,

WITNESSETH:

That the Shareholders for themselves and their respective executors, administrators, heirs and assigns, hereby agree to sell to the Purchaser, and the Purchaser agrees to buy from the Shareholders, all of the shares of common and preferred stock of the Waterfill & Frazier Distillery Company outstanding, which are agreed to be as follows:

1. The ownership of the common and preferred shares of the company is as follows:
2. The sale and purchase price of said shares of preferred stock shall be and hereby is agreed to be the sum of One Hundred Dollars ($100) per share. The sale and purchase price of said shares of common stock shall be and is hereby agreed to be the sum of Two Thousand Dollars ($2,000) per share.

3. The Shareholders represent, warrant and agree with respect to the shares of stock agreed to be sold and purchased, and with respect to the Company as follows:

   (a) That the Company is a corporation, duly organized and existing under the laws of the State of Missouri, and is authorized to issue, and has outstanding, two thousand (2,000) shares of common stock of no par value, and fifteen hundred (1,500) shares of preferred stock with a par value of One Hundred Dollars ($100) each, and that it has no other securities outstanding, and has paid all license fees in the state of its incorporation, and in the states wherein the Company is doing business.

   (b) Annexed hereto, collectively identified as "Exhibit A", are a full balance sheet and income audit report for the last fiscal year, and the balance sheet and statement of profit and loss as of September 30, 1943; and that the condition of the Company as reflected in said balance sheet, as of September 30, 1943, is the same at the date hereof, subject only to such changes as have occurred in the ordinary course of business.

   (c) That the Company has no obligations or liabilities, direct or contingent, except such as appear on said balance sheet dated September 30, 1943, and such as have occurred in the ordinary course of business since that date; nor any employment contracts, or other long term or onerous contracts; and that there are no suits, petitions, proceedings, actions at law or in equity pending against or involving the Company or its property or assets, except as follows:

   (d) That the company has now, and will have at the time of the delivery of the share certificates to the purchaser, marketable title to its plants and real estate, and good title to its personal property, and that such plants, real estate and personal property are and will be free of all mortgages, liens,
charges, encumbrances and taxes, excepting only the lien of current real estate taxes not yet due or payable, and excepting the lien arising out of the issuance of warehouse receipts covering whiskey now owned and held by the Company pledged to banks and shareholders of the Company as shown on "Exhibit A".

(e) Pending the delivery of said certificates for the common and preferred shares to the Purchaser, the business of the Company will be carried on in the usual and ordinary course, except as to sales of whiskey submitted to and approved by the Purchaser, and the Company will not, without the prior written consent of the Purchaser, declare or pay any dividends, in cash or otherwise, on its outstanding shares, create or issue additional shares, reduce or distribute its capital, sell, lease, exchange or otherwise dispose of any of its assets, merge or consolidate with any other corporation, create any additional obligation, or make any disbursements, except such obligations as may be created or such disbursements as may be made in the ordinary and prudent operation of the business of the Company.

(f) That the inventory of barrel whiskey of the Company as of August 31, 1943, was as shown by "Exhibit B", hereto attached, and that the outage, as determined by such gaugers as may be employed by the Purchaser for the purpose of gauging said barrels of whiskey, will not be in excess of the standard as fixed by Section 2901 of the Internal Revenue Code containing a chart of approved loss allowances for leakage and evaporation.

4. The Shareholders and Purchaser agree forthwith upon the completion and execution of this agreement, to make joint application to the Office of Price Administration for approval of the sale and purchase of the shares of the Company as provided for in this agreement. Upon receipt of notification of approval, or of non-interference by the Office of Price Administration, the Purchaser shall have thirty (30) days within which, at its expense, to cause an audit and examination to be made of the books, accounts and records of the Company by any auditor selected by the Purchaser, and to have any person of its choosing inspect and report upon the condition of the Company’s plants and fixed assets and upon the inventory of whiskey in barrels or bottled. In the event of the disapproval of the Office of Price Administration of this purchase and sale agreement, this agreement shall thereupon be terminated and all parties hereto relieved from all further responsibility or liability hereunder. Should the Office of Price Administration fail to either disapprove or to approve, or indicate non-interference of or with this purchase and sales agreement on or before December 31, 1943, this agreement may be terminated either by the Shareholders or by the Purchaser. In connection herewith the Shareholders hereby irrevocably constitute and appoint Mr. Otto E. Hirsch their Attorney-in-Fact for and on their behalf and in their name and stead, and in writing or otherwise to receive all notices from the Purchaser or the Bank to the Shareholders; to waive the giving of any of such notices; to exercise the said option to terminate, and to extend the time or times within which the period for optional termination, as herein provided for, may be extended, except that any such extension by said Attorney-in-Fact shall not be for a period in excess of twenty-one days prior to December 31, 1943.

5. The Purchaser shall have the option to terminate this agreement within the thirty (30) day period permitted for examination, upon any of the following events:

30—H
(a) The ascertainment that the properties or condition of the Company are not as represented herein by the Shareholders.

(b) Finding of outages in excess of the approved allowances, as permitted by the Internal Revenue Code, Section 2901.

In the event of the exercise of the option by the Purchaser not to purchase for either of the reasons stated in this paragraph, this agreement shall be terminated for all purposes without liability or obligation of either party to the other.

6. Unless within said thirty (30) day period, permitted for examination, Purchaser shall advise the Shareholders, as provided in paragraph 5, of its election not to proceed with the purchase of the stock, the Shareholders shall, and hereby agree, within five (5) days after the expiration of said thirty (30) day period, to sign, address and deliver to the First National Bank of Kansas City, as escrow depositary (hereinafter called the "Bank"), the escrow letter which is hereto annexed, marked "Exhibit C" and made a part hereof, accompanied by the certificates for the common and preferred shares of the Company owned by them, duly endorsed in blank, with signature guaranteed by a bank, together with their resignations, in writing (if an officer or director of the Company), as such officer or director or both, and immediately upon deposit with the Bank of all of the certificates representing the number of shares of preferred and common stock as covered by this sale and purchase agreement, it shall notify the Purchaser of the fact of such deposit, and within ten (10) days after the receipt of such notice by the Purchaser, it shall and hereby agrees to deposit with the Bank, as escrow agent, a sum of money sufficient to pay the purchase price of all of said shares under the terms of this agreement and the escrow letters filed with the Bank.

7. Upon deposit of the certificates of stock and purchase price with the bank, as provided for in the preceding paragraph, the Bank shall deliver to Mr. Otto E. Hirsch, the President of the Company, a notice in writing, to that effect, together with the resignations of all of the officers and directors of the Company. The Shareholders shall and hereby agree to thereupon cause a meeting of the Board of Directors to be immediately held, at which the following actions shall be taken, namely:

(a) Accept the resignations of present officers and directors.
(b) Elect successor directors, such successors to be persons designated by the Purchaser.
(c) Authorize the payment of the balance due on the contract by and between the Company and Mary Dowling Bond and Margaret Lillard Dowling, et al., dated November 18, 1941, to the Trustee provided for under said agreement for the purchase of the "Waterfill & Frazier" label,

and upon receipt of a certified copy of the minutes of said meeting, duly signed by the President and attested by the Secretary of the meeting, under the seal of the corporation, showing all of the actions as above set forth to have been taken, the Bank shall pay to each shareholder out of the funds deposited by the purchaser the purchase price of the common and preferred shares of the Company, less escrow fees as hereinafter provided, except as provided for in the next succeeding paragraph hereof, and upon such payment shall deliver to the Purchaser, or its agents or nominees, the certificates deposited with it hereunder.
8. The Shareholders unconditionally, jointly and severally, agree to in-
demnify and save harmless the Purchaser, the Company, and their respective
successors and assigns, from and against all claims, and against liabilities and
obligations of the Company not shown or noted on its balance sheet as at Sep-
tember 30, 1943, contained in "Exhibit A", hereto attached, except such nor-
mal liabilities and obligations as shall have been incurred or shall have been
created in the ordinary course of the Company's business, or shall have had
the former approval of the Purchaser since that date, and from and against
any additional assessments of taxes for years prior to and including the fiscal
year ending June 30, 1943, including without limitation all federal and state
income taxes, excess profit taxes, capital stock taxes, and franchise taxes;
and the Shareholders further jointly and severally agree to pay promptly any
claims, liabilities, obligations and taxes that may be established or assessed,
including all interests and penalties thereon and all legal fees and other ex-
penses incurred or paid to contest the same. As further security against said
claims, liabilities and obligations, the Bank shall be and is hereby authorized
and directed to withhold from payment to the Shareholders the sum of One
Hundred Fifty Dollars ($150) per share of common stock, for a period of
eighteen (18) months from the date of consummation of the purchase, and
to pay out of such funds so withheld any and all such claims, obligations,
and liabilities. In the event any claim of liability or obligation of the Com-
pany is made within said period of eighteen (18) months and not paid or set-
tled within such period of time, there shall be withheld by the Bank a suf-
ficient sum to guarantee the Purchaser and the Company against liability
thereon. The Shareholders may, in lieu of such withholding of One Hundred
Fifty Dollars ($150) per share of common stock, deposit with the Bank a bond
in the principal sum of Three Hundred Thousand Dollars ($300,000), duly
executed by each and all of the Shareholders as principals, with corporate
sureties acceptable to the Purchaser, conditioned upon the payment of all
such claims, obligations, and liabilities.

9. The Shareholders hereby warrant all certificates for common and pre-
ferred shares of the Company delivered to the Purchaser hereunder, or to its
agents or nominees, by the Bank, to be lawfully issued and outstanding, fully
paid and nonassessable, free of liens, and in negotiable form, either endorsed
in blank with signatures guaranteed by a bank, or accompanied by stock
powers properly endorsed in blank with signatures guaranteed by a bank, and
hereby authorize the Bank to affix thereto, at their expense, all necessary
stock transfer tax stamps.

10. The Bank shall be paid a reasonable compensation for its services
hereunder and such fee shall be paid by the Shareholders, and may be with-
held by the Bank from the purchase price due each Shareholder, in accordance
to the proportion such shares of the Shareholder bear to the total number of
shares sold.
In Witness Whereof, the said Shareholders have hereunto set their hands, and the Purchaser has caused this agreement to be executed by its officers thereunto duly authorized, the day and year first herein written.

Washington State Liquor Control Board,
Olympia, Washington.

Gentlemen: I understand that you contemplate the purchase of all of the outstanding shares of the Waterfill & Frazier Distillery Company and the Shawhan Distillery Co., Inc., Missouri corporations, with their distillery plants located in the State of Kentucky, and with their principal offices located in Kansas City, Missouri, and that you desire to make arrangements for the bottling of such whiskeys as are owned by said corporations, and to dispose of the distillery properties and certain other assets in the event you make such purchase of shares.

Inasmuch as I am not engaged and do not desire to engage in the whiskey business, but am desirous of making a capital investment in bulk whiskey as a commodity, and it is my understanding that you are unwilling to sell any such whiskey except upon the condition that I agree to purchase the distillery properties and certain other assets of Waterfill & Frazier Distillery Company and Shawhan Distillery Co., Inc., and enter into an agreement to warehouse and bottle for you the stock of whiskey of said corporation, I am willing to and do hereby make you the following offer:

I hereby offer to purchase from these companies, and you shall cause said companies to sell to me, in the event you make such purchase of shares, the following assets:
(a) A warehouse receipt or warehouse receipts, evidencing title to and ownership of five thousand (5,000) barrels of two (2) year old Waterfill & Frazier whiskey in a United States bonded warehouse; and five thousand (5,000) barrels of two (2) year old Shawhan Distillery whiskey in a United States bonded warehouse.

(b) All accounts and claims receivable.

(c) All lands, buildings, machinery, equipment, automobiles and trucks, office furniture and fixtures.

(d) All raw materials, including those in process of manufacture.

(e) All labels, trademarks, trade names, patents and patent rights.

(f) The right to use the corporate names of the companies.

(g) Any and all other tangible property belonging to the companies not specifically described above, except whiskey and warehouse receipts therefor, and any and all prepaid items and deferred charges; provided, however, that you may retain any insurance now carried by the companies. In the event you do not retain such insurance, it shall be included in the purchase price hereinafter provided for, at its short rate values.

I shall pay you for such assets the book value of the same as carried on the books of the companies at the date of purchase of the assets, with the understanding, however, that no value is now or shall be fixed or placed upon the books of the companies for the labels, trademarks, trade names, patent or patents, or corporate names of the corporations.

You shall cause to be delivered to me, upon payment of the purchase price set forth above, proper instruments of conveyance transferring good, merchantable title to such assets to me, free and clear of all liens and encumbrances of whatsoever nature, with the usual and customary covenants and warranties.

I agree, in event of such sale to me, to bottle all whiskey which the companies may then have or which you shall ultimately acquire through purchase of shares of the companies and ship the same to you upon the following terms:

(a) You shall pay for such bottling the sum of One Dollar and Seventy-five cents ($1.75) per case of quarts or fifths. This price shall be adjusted from time to time to reflect any additions to or reductions in the cost of such bottling by reason of changes in the cost of labor, materials, or taxes based upon present-day figures in said plants. In event any such increase is not acceptable to you, you shall have the privilege of terminating our arrangements. In event any such decrease is not acceptable to me, I shall have the privilege of terminating our arrangements.

Should this agreement be terminated by either of us because of such an increase or decrease not agreed to, you shall have the right to lease the bottling facilities acquired by me upon such rentals and upon such terms as shall then be agreed upon by us. In the event of inability to agree upon such rental and terms, the matter shall be settled by arbitration. The bottling charge stated above shall include bottles, closures, wrappers, containers, labels, labor, and Federal strip stamps, and any and all other expenses in connection therewith. No additional charge shall be made for the use, in the bottling of such whiskey, of any labels acquired by me from said companies.

(b) All shipments shall be made F. O. B. plant.

(c) You shall pay all Federal, State, and County taxes on withdrawals for the purpose of bottling.

(d) If you elect, a bond shall be executed, if obtainable by you, with such corporate sureties as you shall approve, conditioned upon the performance of this agreement and the delivery of the whiskey to you after withdrawal from warehouses. The costs and expenses of such bond shall be borne exclusively by you and may provide that suits to recover on said bond may be brought in the States of Washington and Oregon, without first pursuing the principal.

(e) Invoices shall be rendered to you on each shipment, and shall become payable on or before the first and fifteenth day of the month next following the date of shipment.
(f) The entire bottling facilities of said plants conveyed to me shall be made available to you to the extent that labor and materials permit. You shall at all times make available to me sufficient whiskey for the full use of such facilities, and shall accept delivery of bottled whiskey as tendered for shipment.

(g) The obligations to bottle hereunder shall be subject, of course, to fire, strikes, floods, and any and all other circumstances and casualties beyond my control, or which could not have, by the exercise of reasonable care and diligence, been avoided.

(h) I shall furnish warehouse facilities for the whiskey now located on the premises, to be acquired by me hereunder, at the rates prevailing in the industry, which shall be adjusted from time to time in accordance with changes in such rates in the trade generally.

(i) In the event that the bottling price fixed herein shall exceed any ceiling price fixed by the Office of Price Administration, or any other Governmental agency, I shall have the right to terminate this agreement with respect to such bottling, upon written notice to you of my election to so do.

It is my intention, in the event I purchase said assets, to transfer all of said assets, except bulk whiskey, or cause the same to be transferred to a corporation to be organized by me, and in which I shall hold a controlling interest, and to transfer any and all obligations under the contract, arising out of your acceptance of these proposals, to such corporation and cause the same to be assumed by said corporation. In such case my personal obligations hereunder shall cease.

If the foregoing proposals are acceptable to you, will you please so indicate at the places provided below, whereupon this letter shall become the understanding between us without the necessity of signing a formal agreement, and the same shall be and become binding upon us and our respective heirs, executors, administrators, successors and assigns.

Very truly yours,

Oregon Liquor Control Commission,
Washington State Liquor Control Board.

Gentlemen: You have requested me to release from my Bottling Agreement with you dated November 29, 1943, up to 10,000 barrels of the whiskey to be acquired by you, now in storage in the warehouses of the Waterfill and Frazier Distillery Company, at Anchorage, Kentucky, and Shawhan Distillery Company, Inc., at Bardstown, Kentucky.

I shall be pleased to release, at any time, and from time to time such quantities of such whiskey in bulk as you shall request, but not to exceed an aggregate amount of 10,000 barrels, upon the payment to me of $5.00 per barrel,
f.o.b. plant of shipment, plus all warehousing charges which may be due on
the whiskey so released, to the date of shipment.

You shall, of course, agree amongst yourselves as to how these 10,000 bar-
rels shall be distributed between you and notify me accordingly; otherwise,
it shall be understood that each of you shall be entitled to remove 5,000
barrels each from the operation of the contract.

If this proposal is acceptable to you, please so indicate below on this letter,
and this letter together with your acceptance shall constitute an amendment
to our Bottling Agreement of November 29, 1943.

**EXHIBIT “C”**

Washington, D. C.,
November 1, 1943.

Office of Price Administration
Federal Office Building No. 1
Washington, D. C.

Gentlemen: In conformity with our conferences with Mr. Cavers and
Mr. Even of Friday, October 29, 1943, we are submitting for your considera-
tion certain information relative to the proposed purchase either jointly by
the Washington State Liquor Control Board and the Oregon Liquor Control
Commission, or by the Washington State Liquor Control Board alone, of the
capital stock of Shawhan Distillery Company.

Briefly stated, the proposed transaction contemplates the purchase of the
capital stock of Waterfill and Frazier Distillery Company and of Shawhan
Distillery Company from their shareholders, subject to the approval or in-
dication of non-interference by the Office of Price Administration, and to
approval by the Board of Control of the State of Oregon. Should the Board
of Control of the State of Oregon fail to approve the transaction, the Wash-
ington State Liquor Control Board has the option to consummate the pur-
chase of the shares of both companies.

By separate letter there is being submitted pertinent information relative
to the Waterfill and Frazier stock purchase which is equally applicable in
the event of the joint purchase of such stock by the Washington State Liquor
Control Board and the Oregon Liquor Control Commission. Accordingly, this
letter will relate only to the proposed purchase of shares of Shawhan Dis-
stillery Company.

The interest of the Office of Price Administration in this transaction has
been indicated to us, although it has been stated that the Office of Price Ad-
ministration does not claim the right to regulate the sale of securities. It
is our understanding that your interest is only to prevent the use of security
transactions as a means of circumventing your regulations and price ceilings.
It was indicated that one of the tests as applied to determine whether tran-
transactions involving the sale and purchase of capital stock are so intended, is to
determine in the case of distillery transactions the bulk ceiling value of the
whiskey inventory and the reasonable market value of the other assets, both
tangible and intangible, which would become subject to the control of the
stock purchaser.

There is attached hereto as Exhibit "A", a balance sheet of Shawhan Dis­t­
stillery Company as of August 31, 1943. This balance sheet does not, how­
ever, reflect the reasonable market value of the assets of the company due,
among other reasons, to the carrying of whiskey inventory at cost and of
fixed assets at depreciated values. By increasing the carrying value of the
inventory of bulk whiskey to its ceiling price as established by the Office of
Price Administration, and by taking into account the appreciation in the value
of the fixed assets, the net worth of the Company as shown on the Balance
Sheet, Exhibit "A", would be adjusted as follows:

<table>
<thead>
<tr>

</tr>
<tr>

</tr>
<tr>
<td>Net Worth as adjusted</td>
<td>$2,077,292.28</td>
</tr>
</tbody>
</table>

The purchase price of the stock of the Company is $3,406,250.00 or $1,326,-
957.72 in excess of the net worth as adjusted above. This excess represents
the amount included in the purchase price for the intangible assets of the
Company.

One of the most common, if not the principal factor given consideration
by a stock purchaser, is the potential earning power of the company which
has issued the stock. This potential earning power is based partly upon the
past performance and earning power of the Company, but more particularly
upon the future possibilities of the company. When considered in this light,
the transaction in question is eminently sound from the standpoint of the in­t­
tending purchaser.

The shareholders of Shawhan Distillery Company have facilities from
which an annual income of $1,297,207.63 before deducting Federal income
taxes can be derived, as soon as the war is ended or Government restrictions
on production are removed. There is attached hereto a schedule marked
Exhibit "B", showing how the potential earnings of $1,297,207.63 are com­
puted, based upon an assumed production of 24,000 barrels of whiskey per
year, which is the present rate of production of high wine by the Company
for the United States Government. The costs and expenses shown upon Ex­
hibit "B" were obtained from operating statements of the Company and were
adjusted to reflect current costs, where necessary to avoid distortion. The
price of $3,406,250.00 placed upon the shares of the shareholders represents
a fair ratio to the potential earnings of $1,297,207.63.

The purchase price of $3,406,250.00 is reasonable for the purchaser to pay,
upon another basis. If the entire amount included therein for intangible
assets is amortized on the whiskey to be bottled and cased, the cost to the
States will be less than the present ceiling price on the cases of Shawhan Distillery Company. There are 1,975,667 gallons of whiskey in the inventory which, at the average ceiling price for its bulk whiskey amounts to $1.22 per gallon. Approximately 548,796 cases can be bottled from the inventory and if the intangible assets at $1,328,957.72 are amortized on the cases which can be bottled from the inventory, the amortization charge would amount to $2.42 per case. Using the other costs as shown on Exhibit "B", with the exception of selling expenses which will be eliminated, the cost per case to the States would then be as follows:

**COST PER CASE TO STATES**

<table>
<thead>
<tr>

<td><strong>2.42</strong></td>
</tr>
<tr>
<td><strong>Total Cost, including amortization of intangible assets</strong></td>
<td><strong>$26.10</strong></td>
</tr>
</tbody>
</table>

As shown above, the total cost including the amortization of the intangible assets, amounts to $26.10 per case as compared with a $28.50 ceiling price.

Another factor which warrants consideration as bearing upon value of the Company stock to an intending purchaser, is the natural appreciation of value of assets which occurs from the aging of the whiskey inventory. This appreciation, based upon the bulk whiskey price, has been calculated as $435,063.78 for the ensuing year upon the present whiskey inventory.

When attempting to determine whether the sale and purchase of the stock of Shawhan Distillery Company is justified under present conditions and business prospects, it is submitted that the general price trend of whiskey stocks must be given consideration. The negotiations between the sellers and the purchasers antedated September 30, 1943, and the proposed sale and purchase price was established prior to that date. There has been no increase in price since September 30, 1943.

During the same period, from September 30 to October 31, 1943, and as reported in the October 31 issue of the New York Times, American Distilling Company stock increased in selling price from 25½ to 63½, or an increase in excess of 148%; Brown Forman Distillers Corporation stock increased in sales price from 10¼ to 27¼, or an increase of 170%; and Park & Tilford, Inc. stock increased from 30% to 45, or an increase of approximately 50%. Applying the same percentages of increase to the stock under consideration, the stockholders of Shawhan Distillery Company would be justified in asking for approximately a 100% increase in the sale and purchase price of their stock.

Taking into consideration that the transaction in question is a pure security sale and purchase, that the intangible assets of the Company are not disproportionate to its physical assets in view of potential earning capacity, that the intending purchaser will be enabled by the purchase to amortize the
value of intangible assets through the bottling of the whiskey inventory with a resulting cost of bottled whiskey less than it is presently paying for the same brand of whiskey, and the general trend of whiskey company stocks reflecting present conditions and future prospects, it is respectfully submitted that this sale and purchase transaction is not subject to objection by your office.

Yours truly,
Jerome K. Kuykendall,
Assistant Attorney General,

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives, at the next session of the Legislature, without my approval as to subsection (r) of section 29, House Bill No. 21, entitled:

"An Act relating to the organization, management, and supervision of savings and loan associations; defining their powers; regulating savings and dividends; requiring certain liquidity; limiting their investments; providing for license fees and taxes; fixing liability for malfeasance in office; defining certain crimes; defining the powers and duties of the supervisor; providing for emergencies, segregation, dissolution, and liquidation; defining certain terms; providing for the conversion of domestic associations into federal savings and loan associations; permitting the conversion of federal savings and loan associations into domestic associations; and repealing chapter 183, Laws of 1933, as amended, and chapter 15, Laws of 1933, Extraordinary Session, (sections 3717-1 to 3717-112, inclusive, Remington's Revised Statutes)."

The subsection would authorize savings and loan associations to act as insurance agents in writing fire and other insurance, principally, but not exclusively, on property in which the association has an insurable interest. It might be construed as putting savings and loan associations in the insurance field in competition with individual insurance agents throughout the state. This seems to me to be undesirable.

For the above reasons, subsection (r) of section 29 is vetoed, and the remainder of the bill is approved.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 22, entitled:

"An Act relating to banks and trust companies, restricting loans to directors, officers and employees of banks, prescribing the procedure to be employed in authorizing the compensation of
officers and directors and amending section 52, chapter 80, Laws of 1917, as amended by section 22, chapter 42, Laws of 1933 (section 3259, Remington's Revised Statutes)."

Amendments introduced in the bill would allow banks and trust companies to make discounts to their directors, officers and employees without such loans being reported to the Supervisor of Banking as now required. Existing limitations on the amount of all such loans or discounts to employees would be removed.

Considered as a whole, I believe that these changes would be contrary to the best interests of the public.

I have, therefore, vetoed House Bill No. 22.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 16, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 29, entitled:

"An Act relating to negotiable instruments, defining instruments payable to bearer and amending section 9, chapter CXLIX, Laws of 1899."

The above act represents an attempt to create a technical advantage not enjoyed under existing law in matters involving the clearance of checks. It would have a tendency to relax vigilance in the matter of clearances of negotiable instruments.

In my opinion, the law as now constituted is sufficient to meet all requirements covering instruments made payable to bearer.

For these reasons, I have vetoed House Bill No. 29.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval, House Bill No. 31, entitled:

"An Act relating to the collection and to the payment by banks of instruments for the payment of money; amending sec-
32—H
tions 3, 6 and 7 of chapter 203 of the Laws of 1929 (sections 3292-3, 3292-6 and 3292-7 of Remington's Revised Statutes).

The bill would effect permanent changes in certain phases of banking law which I do not believe to be desirable at this time.

I have therefore vetoed House Bill No. 31.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

February 28, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am returning herewith without my approval House Bill No. 70, entitled:
"An Act relating to the funds of State Normal Schools and amending section 2, chapter 69, Laws of 1911."

Under section 2, chapter 69 of the Laws of 1911, funds were created to be known as the "University Fund," "Washington State College Fund," "Cheney Normal School Fund," "Ellensburg Normal School Fund" and the "Bellingham Normal School Fund."
These designated funds and their revenues are now sources which provide the schools mentioned with means of operating.

Under House Bill No. 70 there is no provision for:
1. Crediting the revenues to the newly created funds; and
2. Transferring the money in the existing funds to the newly created funds; and
3. There is no emergency clause to correlate appropriations. The effect of these omissions, in my opinion, would be to close in the near future the Eastern Washington College, Central Washington College and the Western Washington College.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval, House Bill No. 77, entitled:
"An Act relating to the Assignment of Accounts Receivable without requiring notice to the debtors thereon, providing for the filing of notice of assignment, and prescribing the rights of parties with respect to such assignments."
The bill would set up detailed regulations concerning the assignment of accounts receivable, and has features which I believe are undesirable at this time. Approval of the bill would require added clerical personnel in the office of the Secretary of State, which would be difficult to obtain under present conditions.

For these reasons, I have vetoed House Bill No. 77.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval, House Bill No. 104, entitled:

"An Act relating to the sale of intoxicating liquor; providing for the issuance of permits to purchase the same, and amending section 12, chapter 62, Laws Extraordinary Session, 1933 (section 7306-12, Remington's Revised Statutes); and declaring an emergency."

The amendatory section of the bill would require the Liquor Board to make rules to give bona fide non-residents of the state the right to make liquor purchases without any waiting period. The objective is important to our visitors and our tourists.

The Liquor Board has the authority to make regulations which will grant visitors and tourists those privileges. The Liquor Board is giving consideration to this subject and I am informed that it will shortly promulgate such a regulation.

I have therefore vetoed House Bill No. 104.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 20, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval, House Bill No. 115, entitled:

"An Act relating to the Washington State Teachers' Retirement System and amending section 1 of chapter 221 of the Laws of 1937, as last amended by section 1 of chapter 97 of the Laws of 1941 (section 4995-1 of Remington's Supplement, 1941); sec-
I have vetoed this so-called Teachers' Retirement bill, after an exhaustive study of its provisions. I have been forced to take this action because the bill jeopardizes the entire Teachers' Retirement System. This action may, at first, appear detrimental to the interest of the teaching profession, but I am determined that it shall not. Immediate steps will be taken to prepare legislation which will provide teachers retirement payments equal to those established under this bill, but which will retain the fundamental principles of a teacher's retirement program.

I am convinced House Bill No. 115 would destroy the accepted right of teachers to a sound and enduring pension, because it blankets in many hundred non-teaching employees in the school system and numerous other institutions and offices.

I have maintained from the first that teachers in the State of Washington must be afforded the greatest possible protection and inducement to insure our children the highest standard of education. One of the accepted theories of adequate teachers' retirement is to attract the finest available teaching talent. This is one of the principal reasons why the people approve payment of ample retirement pay to the members of this profession.

When this legislation was introduced, I stated that all concerned should work together in the interest of devising the best possible retirement plan for teachers. I advised against including non-teaching employees in such legislation, on the ground teachers' retirement should be set apart from that of any other group to guarantee financial stability and permanency of their retirement system.

Although I repeatedly cautioned against the inclusion of other employees, the advocates of House Bill No. 115 not only placed under the increased retirement program those non-teaching employees in school districts and institutions of higher learning, such as stenographers, clerks, janitors, and bus drivers, but wrote into the bill provisions intended to include increased pensions for all employees of the following: Washington State Training School, a correctional institution; State School for the Blind; State School for Girls, a correctional institution; State School for the Deaf; State Custodial School at Medical Lake; Western Washington State Custodial School at Buckley; Washington State Reformatory at Monroe.
Added to this, under the bill, are all employees in the offices of the State and County school superintendents and all employees of the Washington State Teachers' Retirement System.

Again calling attention to these facts, I am not presuming to argue the merits of pensions for employees outside the teaching profession but I maintain that if teachers' retirement is to remain on a solid foundation, it must be confined to certificated members of the teaching profession.

Inclusion of non-certificated employees would materially increase the financial load of the retirement program because the $75 provided for is an outright grant from state revenues. The financial strength of the state is already strained in this period of highly inflated revenues. I am convinced that to add persons other than teachers to this retirement fund would seriously jeopardize its financial stability when revenues return to normal.

If the public desires a $75 per month pension plan for other employees on non-certificated jobs related to the school system, I believe this should be provided under a separate law.

I am convinced, however, that if one such group of employees is entitled to a $75 per month pension, then all wage earners in every line of endeavor should be afforded the opportunity of comparable retirement.

I regret it has been necessary for me to temporarily defer the enactment of a comprehensive teachers' retirement program, but I sincerely believe I have acted in the best interests of the teachers and the public as well, in preventing this bill from becoming law.

Due to the manner in which the bill is drawn, I found it impossible to segregate teachers' retirement from the provisions covering non-teaching employees, or to correct any of the numerous other faults in the measure. Before coming to my decision, I consulted numerous attorneys, legislators, and well-informed individuals sincerely interested in the welfare of teachers and the educational system. I found that none were aware of the far-reaching effect of this intricate measure, nor were any of them able to find a means of eliminating the basic faults.

I have not receded one step from the position I have maintained in favor of a true teachers' retirement, and it is my hope that all concerned will accept this action in the spirit intended, along with my pledge to introduce better and fundamentally sound legislation for teachers' retirement to the next Legislature.

Respectfully submitted,

(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval, House Bill No. 119, entitled:

"An Act relating to Primary State Highway No. 7, establishing a branch thereof beginning at a point in the vicinity of Harrington
on Primary State Highway No. 7, thence northeasterly by the most feasible route to connect with Primary State Highway No. 11 in the vicinity of Four Lakes; and amending section 7, chapter 190, Laws of 1937 (section 6401-7, Remington's Revised Statutes)."

The bill provides a primary state highway from Harrington to Four Lakes.

Until the war ends, no one can reasonably foresee where roads should be located because the inevitable post war shifts of population will establish new channels of traffic. These roads must then be built as the need develops.

For these reasons, I have vetoed House Bill No. 119.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 17, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 147, entitled:

"An Act to promote the development of natural resources of the state; to fix the license fees of certain corporations; to provide for the reinstatement of certain delinquent corporations; to amend chapter 70, Laws of 1937 (sections 3836-1 to 3836-33, inclusive, Remington's Revised Statutes), by adding thereto a new section immediately following section 4 thereof to be known as section 4A; and to amend section 14, chapter 70, Laws of 1937 (section 3836-14, Remington's Revised Statutes)."

The bill reduces the license fees of mining companies which would result in a loss of revenue to the state. It also presents serious administrative difficulties due to the terms employed.

For these reasons, I have vetoed House Bill No. 147.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 17, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 220, entitled:
"An Act relating to and providing for the compilation, publication and distribution of all laws pertaining to veterans; making an appropriation and declaring an emergency."

The bill authorizes the compiling of all laws relating to veterans' benefits and distributing these pamphlets to veterans' organizations and others interested. This can be done under the provisions of Senate Bill No. 108, which has passed the Legislature and received my approval.

For the above reasons, House Bill No. 220 is vetoed.

Respectfully submitted,

(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 229, entitled:

"An Act relating to education; establishing an agency to represent the State school system; and authorizing the acceptance and administration of Federal funds and property."

The primary object of the bill is to create authority for the state to accept and disburse federal matching funds for educational institutions.

Such authority is already provided in House Bill No. 513 which has passed the Legislature and received my approval.

House Bill No. 229 is therefore vetoed.

Respectfully submitted,

(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 237, entitled:

"An Act providing for the release of children from the public schools for the purpose of receiving religious instruction and authorizing school boards to prescribe regulations therefor."

The bill provides that children may be excused from public schools upon the written request or consent of their parents and guardians so they may receive religious instruction during school hours.

I am thoroughly in accord with the concept that religious training for
all children is essential. Civilization cannot long endure unless our children are given such training.

The bill was submitted to the State Superintendent of Public Instruction for comment or recommendation. The State Superintendent's written comments read in part, "Recognizing that the school day is already too limited, we have not encouraged any activity which would interrupt the regular school program."

Interruptions of scholastic training of children can be a very serious matter. Under present school hours children attend school for approximately 25 hours or less per week depending upon their ages. This does not take into consideration absence created by illness or other unavoidable circumstances. It would appear that there is ample time for religious instruction for children after school hours and on Saturday and Sunday. I think we should be most careful before interrupting and reducing school attendance.

There is likewise a question of the constitutionality of the measure.

I believe that the matter should be most carefully considered before crystallizing such a course of action into law.

Through House Bill No. 460 I intend to have a complete survey made of our educational system and believe the objective sought by House Bill No. 237 may be a proper subject of inquiry and study during the survey.

For the reasons stated I have, after giving very serious and considerable study to the question, reluctantly come to the conclusion that House Bill No. 237 should be vetoed.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 239, entitled:

"An Act defining the boundary of Pierce county; and amending section 3951, Remington's Revised Statutes (section 472-85, Pierce's Perpetual Code, 1943)."

The amendments in the bill would change the boundary of Pierce County to include about five square miles of land which is now included within the boundaries of King County.

Since the changing of existing county boundaries is not within the jurisdiction of the Legislature, I have vetoed House Bill No. 239.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.
GOVERNOR'S MESSAGES ON BILLS VETOED 1001

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 272, entitled:

"An Act relating to education; providing aid to school districts in the purchase of transportation equipment; providing procedures therefor; making an appropriation, and declaring an emergency."

Section 12 of Substitute House Bill No. 176, which has passed the Legislature and received my approval, provides that the state shall pay school districts 60% of their total transportation costs including a reasonable allowance for depreciation of their transportation equipment. This represents an increase of 20% of the state's contribution for this purpose over the last biennium.

Under House Bill No. 272 the state would make grants to school districts of $1,400,000 for the apparent purpose of purchasing transportation equipment.

Likely the only transportation equipment which will be available during this biennium will be surplus war materials. Under Senate Bill No. 323, which the Legislature has passed and received my approval the state can act as the purchasing agent in the purchase of surplus property for municipalities. This should result in bulk purchases at very low prices.

State money appropriated for schools, exclusive of the $1,400,000 appropriated in House Bill No. 272, is already the highest in the history of the state representing an increase of approximately 19 million dollars in excess of the amount appropriated the last biennium.

The objective of House Bill No. 272 would seem to be an appropriate subject for the educational survey I will conduct under House Bill No. 460 which is now law.

In view of all of the circumstances mentioned, I have vetoed House Bill No. 272.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval, House Bill No. 301, entitled:

"An Act relating to the powers of port districts; amending section 4, chapter 92, Laws of 1911, as last amended by
section 2, chapter 166, Laws of 1943 (section 9692, Rem. Supp., 1943); and section 7, chapter 92, Laws of 1911, as amended by section 7, chapter 62, Laws of 1913; and adding a new section to chapter 92, Laws of 1911, to be known as Section 4A.”

Existing law requires that port district real estate may be sold by a port commission only with the assent of a majority of the voters. The amendments introduced by section 1 of the bill would allow a port commission to sell port district real property merely by a resolution of the commission, without presenting the question to the people. I believe that the new matter in section 1 is incompatible with the public interest.

Section 2 of the bill introduces an amendment allowing a port commissioner to change the general plan of improvements for such district without the majority vote of the electors, as now required. I believe that this provision is not in the public interest.

Section 3 of the bill adds a new section which would place tide and shore lands within the boundary of any port district under the control of such port district and would allow the port commissioners to sell those lands. Under existing law, the title to, and control of, tide and shore lands are in the state, under the jurisdiction of the Commissioner of Public Lands. I believe that such a change is undesirable.

For the reasons stated, I have vetoed House Bill No. 301 in its entirety.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 20, 1945

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval, House Bill No. 338, entitled:

“An Act validating the leasing of property acquired by King County with the proceeds of a bond issue approved at the election on November 9, 1910; and empowering the county commissioners to enter into leases thereof; and declaring an emergency.”

The bill refers to property acquired under a bond issue approved by the voters of King County on November 9, 1910, and would validate all existing leases of properties acquired under that bond issue.

No information has been submitted as to why the bill was passed. I believe that the intent of this legislation should have been made clear in the bill, or explanation as to its need should have been offered.

For the reasons stated, I have vetoed House Bill No. 338. This course will allow its proponents to present the bill to the Legislature at its next session and in the meantime will give time to determine whether it is necessary.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.
March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 345, entitled:

"An Act providing for reconnaissance and preliminary location survey for a state highway from the vicinity of Washtucna in Adams County to Walla Walla in Walla Walla County, and making an appropriation therefor."

The bill appropriates the sum of $20,000 to enable the Director of Highways to make a reconnaissance and preliminary location survey of a road from Washtucna to Walla Walla.

It is my view that the survey falls into the category of post-war work. Until the war ends no one can reasonably determine where roads should be located because of post-war shifts in population and the consequent effect upon the flow of traffic.

Due to the war, the Highway Department has not the personnel available to make the survey.

I have, therefore, vetoed House Bill No. 345.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 16, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to subsection (k), section 6, House Bill No. 353, entitled:

"An Act relating to revenue and taxation; amending section 5, chapter 180, Laws of 1935, etc., and declaring an emergency."

Subsection (k) of section 6 exempts from taxation tangible personal property sold or purchased at a casual or isolated sale.

The purpose of this bill is to raise sufficient revenue to carry on the functions of state. This exemption would result in a loss of revenue approximating one-half million dollars. There could be no equity unless the tax is collected on all purchases or sales throughout the state.

For the above reasons, subsection (k) of section 6 is vetoed and the remainder of the bill approved.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.
To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval as to sections 6 and 7, House Bill No. 374, entitled:

"An Act relating to veteran affairs and unemployment; preparation for rehabilitation and reconversion; creating employment statistics commissions; fixing their compensation; making an appropriation therefor; and declaring an emergency."

Section 6 of the act provides, among other things, for annual surveys of persons in the armed forces after July 1, 1945, which I believe will prove to be a duplication of work to be done by other agencies.

Section 7 provides for a survey with reference to civilians, which can be conducted by other agencies.

I have, therefore, vetoed sections 6 and 7 of House Bill No. 374 and approved the remainder.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to section 91, House Bill No. 406, entitled:

"An Act prohibiting adulteration, misbranding, and false advertising of food, drugs, devices, and cosmetics; providing for the registration of certain food, drugs, devices, and cosmetics, and repealing chapter 168, Laws of 1917, and chapter 211, Laws of 1907 as amended by chapter 36, Laws of 1923 (section 6137 to section 6139, inclusive, section 6144 to section 6154, inclusive, Remington's Revised Statutes; section 2535 to section 2548, inclusive, Pierce's Code)."

The bill is designed to protect the public from adulteration, misbranding and false advertising of food, drugs and cosmetics in intrastate commerce. I believe that the public will greatly benefit by the protection afforded by the bill.

The bill places the enforcement responsibility upon the Director of Agriculture except as to drugs and cosmetics. As to those commodities, section 91 of the bill would make the Washington State Board of Pharmacy the enforcement agent.
In my opinion the responsibility of the enforcement of the entire act should be under one head and should not be segregated as provided in section 91. I have, therefore, vetoed section 91 of House Bill No. 406 and approved the remainder of the bill, which will result in the entire act being under the supervision of the Director of Agriculture.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 441, entitled:

"An Act relating to the University of Washington and the State College of Washington; providing for tenure for certain members of the faculties of those institutions."

The bill fixes the tenure of certain faculty members of the University of Washington and the State College of Washington. Many faculty members have left their posts to take part in our war activities. During their absence it is especially important that we take no action which might be construed as prejudicing their post war prospects. I believe legislation concerning tenure should await the termination of the war.

For the reasons stated, I have vetoed House Bill No. 441.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 17, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 452, entitled:

"An Act relating to the Legislature; to create and establish a State Legislative Council from the members thereof; to provide for their selection, terms, powers, rules, reports and duties; and to regulate the functions, expenditures and other activities of said council."

In my opinion, the meritorious objectives of the proposed legislative council can be attained by the five legislative interim committees created
this session and the survey legislation recently enacted.
In order to prevent the duplication which would otherwise result, I am
vetoing House Bill No. 452.
Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 17, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives
at the next session of the Legislature, without my approval, House Bill No.
456, entitled:
"An Act relating to watchmaking; defining terms; providing
for examination and licensing of watchmakers and apprentices;
establishing a board; defining its powers; prescribing the duties
of certain officers; fixing fees and providing penalties."
The bill creates a Board of Examiners in watchmaking, and imposes
regulations with respect to those engaged in repairing or manufacturing
watches, chronometers and other time-recording instruments.
Enforcement of the regulations would require additional personnel which
is not easily obtained in these critical times.
I do not believe that such legislation is now essential in the watchmaking
trade.
To approve the bill might lead to the extension of state regulation to
other mechanical trades which now appears to me to be unnecessary as well
as unwelcome to the public and the tradesmen affected.
For these reasons, I have vetoed House Bill No. 456.
Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 19, 1945.

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:
I am filing herewith, to be transmitted to the House of Representatives
at the next session of the Legislature, without my approval, House Bill No.
526, entitled:
"An Act relating to highways; providing for reconnaissance,
preliminary and location surveys for an extension to Primary
State Highway No. 8; creating certain ferry systems; authorizing
the Director of Highways to acquire and operate a ferry system
in cooperation with the State of Oregon between Astoria, Oregon,
and Megler, Washington, and between the Dallesport Ferry
Landing in the State of Washington, and The Dalles, Oregon; defining powers; creating certain funds; and making appropriations."

The first section of the bill authorizes the Director to make a survey for an extension to Primary State Highway No. 8.

It is my view that the survey falls into the category of post-war work. Until the war ends no one can reasonably determine where roads should be located because of post-war shifts in population and the consequent effect upon the flow of traffic.

Due to the war the Highway Department does not have the personnel available to make such a survey.

The bill also authorizes the Director of Highways to acquire and operate a ferry system or systems to be known as the Astoria-Megler and the Dalles ferries.

The appropriations for each of the ferry systems totalling $300,000 are defective in that none of the funds appropriated can be used legally for the purposes mentioned.

For the reasons stated, I have vetoed House Bill No. 526 in its entirety.

Respectfully submitted,

(Signed) MON C. WALLGREN,
Governor.

March 20, 1945.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval as to certain items, Substitute House Bill No. 550, entitled:

"An Act making appropriations for the purchase, condemnation and improvement of land, construction of buildings and improvements at designated state institutions; for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices; for the relief of certain individuals, corporations, counties and municipalities; for refunds and for deficiencies and for emergencies, including deficiencies and appropriation of revolving funds, and for purposes specified in certain acts of Congress, and for miscellaneous purposes designated for the fiscal biennium beginning April 1, 1945, and ending March 31, 1947, except as otherwise provided; defining terms, limiting allowances and providing that this act shall take effect immediately."

I disapprove and veto the item "FOR THE DEPARTMENT OF LICENSES: Salaries, Wages and Operations $5,000.00 (To carry out the provisions of H. B. No. 456, expenditures not to exceed fees heretofore or hereafter collected.)" for the reason that House Bill No. 456 has been vetoed and therefore this appropriation is not necessary.
I disapprove and veto the item "Salaries, Wages and Operations $2,500.00" for the reason that sufficient appropriations have been made elsewhere for carrying on the work of the Washington State Historical Society.

I disapprove and veto the items "FROM THE GENERAL FUND. FOR THE STATE TREASURER: Salaries and Wages $2,700.00; FROM THE MOTOR VEHICLE FUND. FOR THE STATE TREASURER: Salaries and Wages $3,600.00; FROM THE FISHERIES FUND. FOR THE STATE TREASURER: Salaries and Wages $3,000.00" for the reason that sufficient appropriations have been made elsewhere for carrying on the duties of the offices of the State Treasurer.

I disapprove and veto the items "FROM THE ACCIDENT FUND. FOR THE DEPARTMENT OF LABOR AND INDUSTRIES: To carry out the provisions of S. B. No. 206: PROVIDED, That expenditures herefrom shall be made only upon written approval of the Governor: Salaries and Wages $530,000.00; Operations $100,000.00; Total $630,000.00" for the reason that Senate Bill No. 206 has been vetoed and therefore these appropriations are not necessary.

I disapprove and veto the items "FROM THE TEACHERS' RETIREMENT FUND. FOR THE BOARD OF TRUSTEES OF THE STATE TEACHERS' RETIREMENT SYSTEM: Salaries, Wages and Operations $9,606.26; For the Payment of Annuities, Awards, Pensions and Refunds as provided by law $1,591,610.40; Total $1,601,216.66" for the reason that House Bill No. 115 has been vetoed and there is no need for these additional appropriations.

I disapprove and veto the items "FROM THE STATE COLLEGE OF WASHINGTON FUND. FOR THE STATE COLLEGE OF WASHINGTON: Salaries and Wages $151,700.00; Operations $48,300.00; PROVIDED, That expenditures herefrom shall be made only upon the written approval of the Governor. Total $200,000.00" for the reason that sufficient funds have been provided elsewhere for the operation of the State College, and for the further reason that, in error, this appropriation is made from the "State College of Washington Fund," a fund that does not exist in the State Treasury.

I disapprove and veto the items "FROM THE CAPITOL BUILDING CONSTRUCTION FUND. FOR THE STATE CAPITOL COMMITTEE: DesChutes Water Basin Improvement $231,573.15; Addition to Labor and Industries Building (formerly known as Highway Building) for X-ray storage $10,000.00; Total $241,573.15 (Being the reappropriation of the unexpended balances of appropriations made for like purposes by Chapter 285, Laws of 1943)" for the reason that other appropriations already approved cover the same purposes and make these appropriations unnecessary.

I disapprove and veto the item "FROM THE UNIVERSITY OF WASHINGTON BUILDING FUND. FOR THE UNIVERSITY OF WASHINGTON: Construction of New Buildings and Equipment and Remodeling $225,000.00 (Being the reappropriation of the unexpended balance of allotment made from the appropriation for like purposes by Chapter 202, Laws of 1943)" for the reason that ample appropriations have been made for the construction of new buildings and equipment, making this reappropriation unnecessary.

I disapprove and veto the item "NORTHWEST SAVINGS AND LOAN ASSOCIATION (Northwest Savings and Loan Association vs. David Lockwood, Director of Finance, Budget and Business of the State of Washington,
et al., Thurston County No. 20976) $22.00" for the reason that this action is on appeal and cost judgment against the state for costs is superseded during the appeal.

I disapprove and veto the transfer item "To State Teachers' Retirement Pension Reserve Fund $2,900,000.00" for the reason that the state's credit is sufficient to guarantee any obligation it undertakes.

I disapprove and veto the transfer item "To Electrical License Fund $25,000.00" for the reason that the Electrical License Fund will have sufficient revenues to meet appropriations made without this transfer.

With the exception of the foregoing items which are vetoed, the remainder of Substitute House Bill No. 550 is approved.

Respectfully submitted,

(Signed) MON C. WALLGREN,
Governor.
