PROPOSITIONS AND MOTIONS

RESOLUTION

Resolution by Representatives Johnston (Elmer E.) and Comfort:

WHEREAS, Legislation is now being considered by the legislature for improving and standardizing the administrative procedures of the various agencies and departments of state government; and

WHEREAS, Under such legislation there is no adequate procedure for an independent determination of contested matters under the agency's jurisdiction except by personnel of the agency concerned; and

WHEREAS, When such contested cases are decided by personnel of the agency involved there is apt to be partiality and therefore often a greater tendency for the matter to be appealed to the superior courts; and

WHEREAS, There is a need of an independent administrative tribunal or court or body of independent examiners or hearing officers for the hearing of contested cases in which decisions or determinations of the various agencies are involved;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES, That the legislative council is directed to study the foregoing problem and to make recommendations to the 37th regular session of the legislature as to the feasibility of establishing such an administrative tribunal or other independent body for the purposes herein above stated, and if it is deemed feasible to prepare suitable legislation to create such tribunal or body may be recommended;

BE IT FURTHER RESOLVED, That any part of any appropriation to the legislative council as is necessary shall be used to carry out the purposes of this resolution.

Mr. Mardesich moved that the absent members be excused and that the House proceed with business under the call of the House.

PARLIAMENTARY INQUIRY

Mr. Moriarty:
"Parliamentary inquiry, Mr. Speaker. Is this motion debatable?"

The Speaker:
"No."

The motion was lost.
Mr. Neva appeared before the bar of the House.
Mr. Dore moved that the absent members be excused and that the House proceed with business under the call of the House.

POINT OF ORDER

Mr. Clark (Newman H.):
"Point of order, Mr. Speaker. We have just voted on this matter and the motion failed to pass. No business has been transacted since that time."

The Speaker:
"I believe you misunderstood me. It would be out of order to discuss the particular bill at issue. You could discuss whether or not the House wishes to excuse the absent members and proceed with business under the call of the House."

Mr. Clark:
"Then I may discuss this question?"

The Speaker:
"Yes, if you will limit your discussion to the question of whether the House should proceed with business under the call of the House and whether or not the absent members should be excused."

Debate ensued.
Representatives Clark (Cecil C.) and McCormack (Mike) appeared before the bar of the House.
The Speaker stated the question before the House to be the motion by Mr. Mardesich to excuse the absent members and proceed with business under the call of the House.
The motion was carried.
Mr. Dore:

"Parliamentary inquiry, Mr. Speaker. Does it require a two-thirds majority vote in order to table the bill at this time?"

RULING BY THE SPEAKER

The Speaker:

"Rule 78 provides that, after the first reading, bills are referred to committees unless they are committee bills. As I understand it, Mr. Ruoff made a motion to table this bill. According to our rules, such a motion would require a two-thirds majority."

Mr. Ruoff:

"The motion was made before the bill was referred to committee."

The Speaker:

"That fact would not supersede our standing rules. That is the reason we have adopted such rules."

The motion by Mr. Ruoff to table Senate Bill No. 329 was lost.

The Speaker:

"Senate Bill No. 329 is referred to Committee on Judiciary."

Mr. Ruoff moved that Senate Bill No. 329 be referred to Committee on Insurance.

Mr. Mardesich moved that Mr. Ruoff's motion to refer Senate Bill No. 329 to Committee on Insurance be laid on the table.

Mr. Moriarty raised the question of consideration on Mr. Mardesich's motion to table.

The Speaker declared that raising the question of consideration was out of order.

POINT OF ORDER

Mr. Moriarty:

"Point of order, Mr. Speaker."

The Speaker:

"State your point."

Mr. Moriarty:

"Does the Speaker recall that on the fifth day of the session the Speaker allowed the question of consideration to be raised on a motion to suspend the rules?"

The Speaker:

"That is true. That is the way I ruled."

Mr. Moriarty:

"The question of consideration is of higher rank than the motion to table. Could I raise the question of consideration on a point of order?"

The Speaker:

"You may come around after the session and discuss these parliamentary questions with me."

PARLIAMENTARY INQUIRY

Mr. Brown:

"If we table the motion, would it take the bill with it?"

The Speaker:

"No."
PARLIAMENTARY INQUIRY

Mr. Lit'chinan:

"If we vote yes, will the bill stay in Judiciary where it belongs?"

The Speaker:

"Yes, that is correct. The motion to lay on the table requires a simple majority."

The Clerk called the roll on the motion by Mr. Mardesich to table the motion by Mr. Ruoff, and the motion was carried by the following vote:

Yeas, 61; nays, 36; absent or not voting, 2.

SPECIAL ORDER OF BUSINESS

The hour of 11:00 a.m. having arrived, the Speaker declared the question before the House to be further consideration of House Bill No. 178 on second reading.

House Bill No. 178, by Representatives Rasmussen, Swayze, and Witherbee: Allowing the creation of joint tenancies in real and personal property. The bill was re-read the second time by sections.

Mr. Litchman moved the adoption of the following amendment:

In section 3, subsection (2), page 1, line 18, after "As to" and before "by written" strike "personal property" and insert "bank accounts not exceeding five thousand dollars"

Debate ensued.
Mr. Gallagher (Bernard J.) demanded the previous question and the demand was sustained.

The motion was lost on a rising vote and the amendment was not adopted.

Mr. Litchman moved the adoption of the following amendment:

In section 3, page 1, following subsection (2) insert the following: "Joint tenancy may not be created except in real property or in bank accounts."

Debate ensued.

MOTION

Mr. Clark (Newman H.) moved that House Bill No. 178 be referred to Committee on Banks and Banking.

Debate ensued.
Mr. Nicholson demanded the previous question and the demand was sustained.

The motion by Mr. Clark was lost.

MOTION

Mr. Moriarty moved that House Bill No. 178 be referred to Committee on Ways and Means, Subcommittee on Revenue and Taxation.

YIELDING TO QUESTION

Mr. Moriarty:
"Mr. Speaker, will the gentleman from Snohomish and Island counties, Mr. Stocker, yield to a question?"

The Speaker:
"Will you yield to a question, Mr. Stocker?"

Mr. Stocker:
"Yes."

Mr. Moriarty:
"Could you tell us, with your knowledge and vast experience in this field, what the probable revenue loss might be if this bill is passed?"

Mr. Stocker:
"I haven’t the slightest idea."

Further debate ensued.
Mr. Smith demanded the previous question and the demand was sustained.
Mr. Clark (Newman H.) demanded an oral roll call and the demand was not sustained.
The motion to re-refer House Bill No. 178 to Committee on Ways and Means, Subcommittee on Revenue and Taxation, was lost.

The Speaker declared the question before the House to be the adoption of the amendment by Mr. Litchman.

The amendment was lost on a rising vote.

Mr. Ackley moved the adoption of the following amendment:

In section 4, page 1, line 26, after the period following "or others" insert "Property held in joint tenancy shall not be considered to be community property."

Debate ensued.

Mr. Gallagher (Bernard J.) demanded the previous question and the demand was sustained.

The motion was carried and the amendment was adopted.

Mr. Litchman moved the adoption of the following amendment:

In section 4, page 1, line 26, after "or others" add the following: "Provided, That property owned by husband and wife in joint tenancy may not be sold, conveyed or encumbered unless both husband and wife join in executing the deed or other instrument by which the property is to be sold, conveyed or encumbered."

Mr. Copeland raised the question of consideration on the amendment.

POINT OF ORDER

Mr. Moriarty:
"Point of order, Mr. Speaker."

The Speaker:
"State your point."

Mr. Moriarty:
"I just would like to know this: The question of consideration cannot be raised on a subsidiary motion of the second rank. A motion to amend is of the fifth rank. Therefore, a question of consideration cannot be raised on a motion of the fifth rank. Is not raising the question of consideration out of order?"

RULING BY THE SPEAKER

The Speaker:
"Raising the question of consideration is out of order. The amendment is already under discussion. For your information, Mr. Moriarty, a precedent has been established for many years on the question of consideration. House Speaker Hamblen ruled, in 1947, that the question of consideration could be raised against an amendment. The rank of motions you are talking about is not the core of this issue. In this case, the amendment is the main motion."

Mr. Moriarty:
"Mr. Speaker, just so I am clear, the question of consideration cannot be raised on a motion to lay on the table; it can be raised on an amendment; it can be raised on a motion to suspend the rules. Is that correct?"

The Speaker:
"These issues are not before us for discussion. When these questions are raised, we will discuss the things you are concerned about."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Copeland.

Mr. Copeland:
"I have a question. You stated that the question of consideration is out of order because the amendment was under discussion. The obvious thing is to recognize the
maker of the amendment in order that he may move adoption. How, then, could a question of consideration be raised against an amendment?"

The Speaker:
"You are conjecturing. It depends upon the circumstances."

Mr. Vane demanded the previous question and the demand was sustained. The motion by Mr. Litchman was lost and the amendment was not adopted.

**MOTION**

Mr. Marsh moved that House Bill No. 178 be indefinitely postponed.

Mr. Moriarty demanded an oral roll call.

The Clerk called the roll on the motion by Mr. Marsh, and the motion was lost by the following vote: Yeas, 47; nays, 50 absent or not voting.

Those voting yea were: Representatives Ackley, Adams, Ahlquist, Andersen (James A.), Anderson (Mrs. Eva), Avey, Brink, Burns, Campbell, Canfield, Chytill, Clark (Newman H.), Day (John T.), Dore, Evans, Gallagher (Bernard J.), Gallagher (Phil H.), Goldsworthy, Gorton, Harris, Huntley, Hurley, Johnston (Elmer E.), Jonsson (Jon Marvin), Leland, Litchman, Mardesich, Marsh, McFadden, Moos; Moriarty, Morrissey, Neva, O'Connell, Olsen, Pence, Pritchard, Rickdall, Rosenberg, Ruoff, Sawyer, Schaefer, Shropshire, Siler, Testu, Uhman, Wintler—47.

WARD BOWDEN, Secretary.

REPORT OF CONFERENCE COMMITTEE

Mr. President:

We, of your Conference Committee, to whom was referred Engrossed House Bill No. 58, stating effect of service of summons on parties outside state and enumerating certain acts subjecting doer to jurisdiction of state courts, have had the same under consideration, and we recommend that the committee be granted the powers of Free Conference.

Senate Members
FRANK W. FOLEY
RALPH PURVIS
MARSHALL A. NEILL

House Members
DANIEL BRINK
MARK LITCHMAN, JR.
CHARLES P. MORIARTY, JR.

MOTION

On motion of Mr. Brink, the report of the Conference Committee on Engrossed House Bill No. 58 was adopted, and the committee was granted the powers of Free Conference.

SPECIAL ORDER OF BUSINESS

The hour of 8:45 p. m. having arrived, the Speaker declared the question before the House to be the special order of business, Engrossed Senate Bill No. 88 on second reading.

Engrossed Senate Bill No. 88, by Senator Hallauer (by executive request):
Changing tax-reporting periods from bimonthly to monthly.

POINT OF ORDER

Mr. Moriarty:
"Point of order, Mr. Speaker."
The Speaker:
"State your point."

Mr. Moriarty:
"I challenge the right of Engrossed Senate Bill No. 88 to be on the second reading calendar under the provisions of House Rule 60. This bill requires a majority vote of the entire Ways and Means Committee. I asked the other day when the committee report on this bill was read in, and there are only thirteen signatures on the committee report."
The Speaker:
"Mr. Moriarty, I think if you will read the rule further you will find that it provides that, except for the omnibus appropriation bill and any revenue bill designed to raise
more than five million dollars, it may be acted upon by the subcommittee concerned. I think you will find that this is not a revenue measure as such; it is merely a method of reporting revenue."

Mr. Moriarty:

"I have read the rule and I find nothing in the rule which says who shall make the estimate as to how much revenue is involved. My point of order is that in the absence of an estimation of some reliable source, this bill is improperly on second reading because a majority of the full Ways and Means Committee has not signed the report."

POINT OF ORDER

Mr. Gallagher (Bernard J.):

"Point of order, Mr. Speaker. This bill is not levying any new taxes. It is only changing the method of reporting revenue."

POINT OF ORDER

Mr. Moriarty:

"Point of order, Mr. Speaker. I understand this bill will bring in more than five million dollars. I also understand this is the first time this point of order has been raised in this House. The rule does not state we are required to accept the estimate by the chairman of revenue and taxation committee or the chairman of the state tax commission or any other person."

The Speaker:

"Whose estimate are you going to accept?"

The Speaker recognized Mr. Ackley.

Mr. Ackley:

"The tax commission advises us that the amount raised would be negligible—less than two hundred thousand dollars. I would suggest that on the person who raises the point of order rests the burden of proof."

The Speaker recognized Mr. Moriarty.

Mr. Moriarty:

"Are we to accept the estimate by the tax commission or the estimate of the chairman of revenue and taxation?"

The Speaker:

"You are drawing a very fine line. We have good authority to believe that this bill is not one to raise revenue. It is merely a method of reporting. If in the future a bill comes in to raise five million dollars, you will readily recognize it."

PARLIAMENTARY INQUIRY

Mr. Moriarty:

"If the bill is designed merely to change the reporting date, then is it proper for us to consider any amendments lowering the exemptions?"

The Speaker:

"You present the amendments relative to lowering the exemptions, and we will decide that question at that time."

RULING BY THE SPEAKER

The Speaker:

"I rule that this bill on second reading is in order and that consideration of the amendments is in order. The Clerk will read."

Mr. Speaker:

We, a majority of your Committee on Ways and Means, Subcommittee on Revenue and Taxation, to whom was referred Engrossed Senate Bill No. 88, changing tax report-

The taxes imposed hereunder shall be computed for each mechanical device on a calendar month basis and shall be due and payable in [bimonthly] monthly installments and remittance therefor shall be made on or before the fifteenth day of each [odd-numbered] month of each calendar year next succeeding the end of the [bimonthly] monthly period in which the tax accrued. The taxpayer, on or before said fifteenth day of such month, shall make out and sign a return, upon such forms and setting forth such information as the tax commission may require, showing the amount of the tax for which he is liable for the preceding [bimonthly] monthly period and transmit it to the commission, together with a remittance for such amount in the form required. [The tax commission may require sworn returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.]

: PROVIDED, That any such taxpayer may elect to remit each month on such forms as the tax commission shall in its discretion prescribe, an estimate of the tax to be due for each month on or before the fifteenth day of the month next succeeding the end of the monthly period in which the tax accrued, and a quarterly return to the commission on or before the fifteenth day of the month next succeeding the end of each quarter of every year and shall remit therewith the balance of the actual tax due for the period of the report: PROVIDED FURTHER, That every person who shall elect to remit a monthly "estimate of the tax to be due" as hereinabove described shall remit each month at least one-third of the tax paid during the previous
quarter or, ninety percent of the tax actually collected or owing during the month, whichever is greater.

The tax commission may also relieve any taxpayer or class of taxpayers from the obligation of filing monthly returns and may require the return to cover other reporting periods, but in no event shall returns be filed for a period greater than one year.

The tax commission may also, by general rule or regulation, establish conditions for submission of annual or semiannual reconciling returns by such taxpayers or class of taxpayers in lieu of quarterly returns.

The tax commission may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.

A return shall be filed for each mechanical device registered with the commission, whether or not the machine was in actual operation during the [bimonthly] monthly period for which the return is made, and whether or not any tax liability was incurred with respect to the operation of the machine during such [bimonthly] monthly period, and for failure to file a return for any such machine the commission may assess a penalty in the amount of not to exceed twenty-five dollars for each machine not reported, which penalty shall be collected in the same manner as the taxes imposed by this chapter. A taxpayer may report any number of machines on a single return if appropriate information is attached to such single return stating the registration number of each machine reported, the location at which it was operated, and the gross operating income therefrom.

If payment of any tax due is not received by the tax commission by the [last] twenty-fifth day of the month in which the tax becomes due, there may be added to the tax a penalty of ten percent of the amount of the tax; and if the tax is not received within forty days of the due date, there may be added an additional penalty of five percent of the amount of the tax; and if the tax is not received within seventy days of the due date, there may be added an additional penalty of five percent of the amount of the tax; but none of the penalties so added shall be less than one dollar.

If a warrant be issued by the tax commission for the collection of taxes, increases, and penalties, there may be added thereto a penalty of five percent of the amount of the tax, but not less than one dollar.

Notwithstanding the foregoing, the aggregate of penalties imposed under this chapter for failure to file a return, late payment of any tax, increase, or penalty, or issuance of a warrant shall not exceed twenty-five percent of the tax due, but shall in no case be less than the minimum penalties prescribed herein.

POINT OF ORDER

The Speaker recognized Mr. Copeland:

Mr. Copeland:

"Point of order, Mr. Speaker, on the question of consideration. In Reed's Rules, Section 109 and 110, it states that the question of consideration can be raised against the main question only. I claim Mr. Mardesich's motion is out of order for two reasons: First, the question is raised on an amendment and not the main question; and second, Mr. Clark had not moved adoption of the amendment."

RULING BY THE SPEAKER

"It has been our ruling that as soon as the Clerk has read an amendment it is in possession of the House. Speaker Hamblen ruled years ago, and it has been an established precedent, that an amendment is the main question and the question of consideration can be raised against it."

Mr. Moriarty demanded an oral roll call and the demand was sustained.

PARLIAMENTARY INQUIRY

Mr. Smith:

"Parliamentary inquiry, Mr. Speaker. Will you state the effect of an 'aye' vote on this question of consideration?"

The Speaker:

"An 'aye' vote means you are for consideration. A 'nay' vote means you are against considering the amendment."

PROPOSITIONS AND MOTIONS

RESOLUTION

Resolution by Representatives Johnston (Elmer E.), Mardesich, and Comfort:

WHEREAS, There is a lack of uniformity in the taxation of various municipally owned electric utilities, privately owned utilities and public utility districts at the state and local level which results in an unequal tax burden on the respective utilities and an
unequal distribution of the taxes collected for the benefit of all the taxing districts affected by the location and operation of the various utilities; and

Whereas, The tax structure relating to said utilities should be uniform for the best public interest; and

Whereas, The development of such a uniform tax structure requires proper investigation and study before legislation can be proposed for its correction;

Now, Therefore, Be It Resolved, By the House of Representatives, That the legislative council investigate and study the inequities and lack of uniformity in application of the existing state and local taxes imposed upon public and private electric utilities in this state; and

Be It Further Resolved, That the legislative council report its findings and submit any corrective uniform legislation necessary, to the next regularly convening legislature, but not later than the third Monday in January, 1961;

Be It Further Resolved, That any part of any appropriation to the legislative council as is necessary shall be used to carry out the purposes of this resolution.

"A city or town may also construct, condemn and purchase, purchase, acquire, add to, maintain and operate works, plants, facilities for the purpose of furnishing the city or town and its inhabitants, and any other persons, with gas, electricity, and other means of power and facilities for lighting, heating, fuel, and power purposes, public and private, with full authority to regulate and control the use, distribution, and price thereof, together with the right to handle and sell or lease, any meters, lamps, motors, transformers, and equipment or accessories of any kind, necessary and convenient for the use, distribution, and sale thereof; authorize the construction of such plant or plants by others for the same purpose, and purchase gas, electricity, or power from either within or without the city or town for its own use and for the purpose of selling to its inhabitants and to other persons doing business within the city or town and regulate and control the use and price thereof. [.] PROVIDED, That a city or town shall not, outside its corporate limits, duplicate existing electric distribution facilities of another utility or provide electric service to a consumer within 1100 feet of the distribution facilities of another electric utility except by mutual consent of the utilities involved.
"Sec. 11. Section 1, Chapter 51, Laws of 1933 and RCW 35.84.010 are each amended to read as follows:

[.] PROVIDED, That a city or town shall not, outside its corporate limits, duplicate existing electric distribution facilities of another utility or provide electric service to a consumer within 1100 feet of the distribution facilities of another electric utility except by mutual consent of the utilities involved."
Mr. Goldmark:
"Point of order, Mr. Speaker."

The Speaker:
"State your point."

Mr. Goldmark:
"Mr. Speaker, my point is that the amendment is not germane to the bill. The RCW's referred to in the title of the bill deal with sewerage and water systems. The amendment goes into an entirely different field and is not germane."

The Speaker recognized Mr. King.

Mr. King:
"Mr. Speaker, I believe the amendment is involved with the same subject matter as the title indicates."

RULING BY THE SPEAKER

The Speaker:
"It appears to the Speaker that this amendment is not germane to the bill. Those two items, sewerage and water systems are the subject matter of the bill. Any amendment must be germane or relevant to the original proposition, which, in this instance is sewerage and water systems. This amendment is entirely new subject matter."

Mr. King:
"Mr. Speaker, does not the title take in municipal utilities?"

The Speaker:
"That is true, but the subject matter of the bill pertains specifically to sewer service and water systems, and the amendment must be germane to these subjects."

Mr. King:
"Mr. Speaker, are you ruling that this material is not germane to the original bill and is out of order?"

The Speaker:
"That is correct."

Mr. King:
"Thank you. I will not appeal your decision."

"State your point."

"After the fiftieth day, reconsideration must be had on the same day."

"Your point is well taken. You cannot now give notice to reconsider on the following day."

Mr. Mardesich served notice that, having voted on the prevailing side, he would later in the day move for reconsideration of the vote by which Re-engrossed House Bill No. 258 passed the House.

Mr. Dore:
"Point of order. Mr. Speaker."

The Speaker:
"State your point."

Mr. Dore:
"The notice is too indefinite. The proper motion is immediate reconsideration."

Mr. Litchman:
"Point of order, Mr. Speaker. You ruled previously that a motion to reconsider is in order if it is moved at any time during the particular order of business to which the motion pertains."

The Speaker:
"That is correct. There is also the question as to whether the motion to reconsider can be made twice on the same bill."

Mr. Dore moved that Re-engrossed House Bill No. 258 be immediately transmitted to the Senate.

Mr. Clark (Newman H.) moved to lay the motion on the table and to take the bill with it.

The Speaker:
"You cannot table the bill with the tabling of the motion. You can make a motion to table Mr. Dore's motion, but it will not take the bill with it, as the bill has already passed the House."

Mr. Clark moved to lay Mr. Dore's motion on the table.
The motion was lost on a rising vote.
PARLIAMENTARY INQUIRY

Mr. Moriarty:
"Parliamentary inquiry, Mr. Speaker. Does the motion to transmit a bill immediately to the Senate require a suspension of rules?"

The Speaker:
"No, it does not. House Rule 92 provides that a bill shall not be sent to the Senate until the following day unless otherwise ordered by the House."

PARLIAMENTARY INQUIRY

Mr. Mardesich:
"Parliamentary inquiry, Mr. Speaker. Does not the fact that House Bill No. 258 was amended on second reading make the motion to reconsider in order?"

The Speaker:
"If the amendment substantially changed the bill, reconsideration would be in order. But that is not the question before us. The question is, shall Re-engrossed House Bill No. 258 be immediately transmitted to the Senate?"

The motion was carried on a rising vote.

SENATE AMENDMENTS TO HOUSE BILL

Senate Chamber,

Mr. Speaker:
The Senate has passed: Engrossed House Bill No. 44 with the following amendments:

On page 10 of the engrossed bill, being page 10 of the printed bill as amended add the following sections:

"Sec. 21. Section 4, chapter 132, Laws of 1929 and section 1. chapter 214, Laws of 1951 (hereafter divided and codified as RCW 51.16.150, 51.16.160 and 51.16.170) are divided and amended to read as set forth in sections 2 through 4 of this act.

"Sec. 22. (RCW 51.16.150) If any employer shall default in any payment to the accident fund or the medical aid fund, the sum due shall be collected by action at law in the name of the state as plaintiff, and such right of action shall be in addition to any other right of action or remedy. If such default occurs after demand, there shall also be collected a penalty equal to twenty-five percent of the amount of the defaulted payment or payments, and the director may require from the defaulting employer a bond to the state for the benefit of the accident and medical aid funds, with surety to the director's satisfaction, in the penalty of double the amount of the estimated payments which will be required from such employer into the said funds for and during the ensuing one year, together with any penalty or penalties incurred. In case of refusal or failure after written demand personally served to furnish such bond, the state shall be entitled to an injunction restraining the delinquent from prosecuting an extrahazardous occupation or work until such bond is furnished, and until all delinquent premiums, penalties, interest and costs are paid, conditioned for the prompt and punctual making of all payments into said funds during such periods, and any sale, transfer, or lease attempted to be made by such delinquent during the period of any of the defaults herein mentioned, of his works, plant, or lease thereto, shall be invalid until all past delinquencies are made good, and such bond furnished.

"Sec. 23. (RCW 51.16.160) All actions for the recovery of delinquent premiums and penalties shall be brought in the superior court and in all cases of probate, insolvency, assignment for the benefit of creditors, or bankruptcy, the claim of the state for the payments due shall be a lien prior to all other liens [except taxes,] or claims and on a parity with prior tax liens and the mere existence of such cases or conditions shall be sufficient to create such lien without any prior or subsequent action by the state, and all administrators, receivers, or assignees for the benefit of creditors shall notify the department of such administration, receivership, or assignment within thirty days from date of their appointment and qualification. In any action or proceeding brought for the recovery of payments due upon the payroll of an employer, the certificate of the department that an audit has been made of the payroll of such employer pursuant to the direction of the department and the amount of such payroll for the period stated in the certificate shall be prima facie evidence of such fact.

"Sec. 24. (RCW 51.16.170) Separate and apart from and in addition to the foregoing provisions in this chapter, the claims of the state for payments and penalties due under this title shall be a lien prior to all other liens [except taxes,] or claims and on a parity with prior tax liens not only against the interest of any employer, but against the interests of all others, in real estate, plant, works, equipment, and buildings improved, operated, or constructed by any employer, and also upon any products or articles manufactured by such employer.

"The lien created by this section shall attach from the date of the commencement of the labor upon such property for which such premiums are due. In order to avail itself of the lien hereby created, the department shall, within four months after the employer has made report of his payroll and has defaulted in the payment of his premiums thereupon, file with the county auditor of the county within which such property is then situated, a statement in writing describing in general terms the property upon which a lien is claimed and stating the amount of the lien claimed by the department. If any employer fails or refuses to make report of his payroll, the lien hereby created shall continue in full force and effect, although the amount thereof is undetermined and the four months' time within which the department shall file its claim of lien shall not begin to run until the actual receipt by the department of such payroll report. From and after the filing of such claim of lien, the department shall be entitled to commence suit to cause such lien to be foreclosed in
the manner provided by law for the foreclosure of other liens on real or personal property, and in such suit the certificate of the department stating the date of the actual receipt by the department of such payroll report shall be prima facie evidence of such fact.

"Sec. 25. There is added to chapter 51.08 RCW a new section to read as follows:

"Wherever and whenever in any of the provisions of Title 51 relating to any payments by an employer the words 'amount' and/or 'amounts', 'payment' and/or 'payments', 'premium', and/or 'premiums', and 'contribution' and/or 'contributions' appear said words shall be construed to mean taxes, which are the money payments by an employer which are required by this title to be made to the state treasury for the accident fund and for the medical aid fund.

"Sec. 26. The provisions of section 25 of this amendatory act shall be construed as a restatement and continuation of existing law, and not as a new enactment. It shall not be construed as affecting any existing right acquired under its provisions, nor as affecting any proceeding instituted thereunder."

In line 23 of the title of the engrossed and printed bill as amended strike the period following "51.16.061" and insert "; and amending section 4, chapter 132, Laws of 1929, section 1, chapter 214, Laws of 1951 and RCW 51.16.150, 51.16.160, and 51.16.170, adding a new section to chapter 51.08 RCW; and declaring an emergency.", and the same is herewith transmitted.

(1) A highway beginning at a junction with primary state highway No. 11 in the vicinity of Lind, thence westerly by way of Warden to a junction with secondary state highway No. 11G. (Reference H. B. 650)  

Consider the traffic desires in light of this route being parallel with and being closely located to the national system of interstate and defense highway No. 90, and also its service to its area as a state highway with respect to other state highways within the immediate area, and the possibility that a highway of less state interest can be removed from the system in lieu of this addition.

(2) An extension of secondary state highway No. 1S from Amboy westerly to a junction with primary state highway No. 1 at Woodland. (Reference H. B. 483, S. B. 408, H. J. M. 24 and S. J. M. 10). funds may become available to improve this highway to proper roadway standards for hauling of logs and log products. The committee and commission shall seek the aid of the Washington congressional delegation in this regard.

There is hereby appropriated from the motor vehicle fund to the Washington state highway commission and the joint fact-finding committee on highways, streets and bridges the sum of two thousand dollars, or so much thereof as may be necessary to carry out the provisions of this subsection.

(3) A highway beginning at a junction with primary state highway No. 1 in the vicinity south of Marysville, thence by way of Marysville to a junction at the most feasible point with secondary state highway No. 1A. (Reference S. B. 371)

There is hereby appropriated from the motor vehicle fund to the Washington state highway commission and the joint fact-finding committee on highways, streets and bridges the sum of one thousand five hundred dollars, or so much thereof as may be necessary to carry out the provisions of this subsection.

(4) A highway beginning in the vicinity of Packwood on primary state highway No. 5, thence in a northwesterly direction to an intersection with primary state highway No. 5 in the vicinity of the southwest entrance to Mount Rainier National Park. (Reference S. B. 12)

This study shall include the feasibility of this highway becoming a route of the federal forest highway system.

There is hereby appropriated from the motor vehicle fund to the Washington state highway commission and the joint fact-finding committee on highways, streets and bridges the sum of fifteen thousand dollars, or so much thereof as may be necessary to carry out the provisions of this subsection.

(5) A highway beginning at a junction with primary state highway No. 6 west of Mead, thence in a northeasterly direction by way of Peona Creek to the summit of Mount Spokane. (Reference S. B. 269)

This study shall be undertaken in cooperation with the state parks and recreation commission and the state department of commerce and economic development as to its related state interest in recreation and economics.

There is hereby appropriated from the motor vehicle fund to the Washington state highway commission and the joint fact-finding committee on highways, streets and bridges the sum of twelve thousand five hundred dollars, or so much thereof as may be necessary to carry out the provisions of this subsection.

(6) A highway from secondary state highway No. 11A at the southerly approach to the Vernita Ferry southeasterly via the Atomic Energy Commission Reservation to a junction with secondary state highway No. 3R at Richland. (Reference H. B. 307)

There is hereby appropriated from the motor vehicle fund to the Washington state highway commission and the joint fact-finding committee on highways, streets and bridges the sum of seven thousand five hundred dollars, or so much thereof as may be necessary to carry out the provisions of this subsection.

(7) This study shall continue the location study of a highway from Spokane westerly along the north bank of the Spokane river to a connection with primary state highway No. 22 in the vicinity of the junction of the Columbia and Spokane rivers to include cooperation with the federal agencies responsible for the control of the federally owned lands this proposed highway location would traverse and the value this proposed highway would have in serving such areas. (Reference H. B. 432 and S. B. 221)

There is hereby appropriated from the motor vehicle fund to the Washington state highway commission and the joint fact-finding committee on highways, streets and bridges the sum of two thousand five hundred dollars, or so much thereof as may be necessary to carry out the provisions of this subsection.

(8) A highway beginning in the vicinity of Lamona on primary state highway No. 7 easterly to a junction with primary state highway No. 11 in the vicinity of Sprague. (Reference S. B. 410)

There is hereby appropriated from the motor vehicle fund to the Washington state highway commission and the joint fact-finding committee on highways, streets and bridges the sum of seven thousand five hundred dollars, or so much thereof as may be necessary to carry out the provisions of this subsection.

(9) A highway beginning at a junction with primary state highway No. 8 in the vicinity of Lyle, thence northeasterly by way of Klickitat to a junction with primary state highway No. 8 in the vicinity of Goldendale. (Reference S. B. 239)

This study shall consider the state interest to this highway designated as related to the exchange of a section of primary state highway No. 8 from a point south of
Goldendale easterly to the vicinity west of Roosevelt which will be returned to the county as a county road upon completion of the new location of primary state highway No. 8, which serves the John Day dam area from Maryhill to west of Roosevelt as a water grade along the north bank of the Columbia river.

There is hereby appropriated from the motor vehicle fund to the Washington state highway commission and the joint fact-finding committee on highways, streets and bridges the sum of five thousand dollars, or so much thereof as may be necessary to carry out the provisions of this subsection.

(10) A trans-Cascade tunnel and suitable approaches thereto, on primary state highway No. 15 at Stevens Pass, giving consideration to the use of the old Great Northern tunnel, if feasible, or to alternate locations not requiring use of said railroad tunnel.

There is hereby appropriated from the motor vehicle fund to the Washington state highway commission and the joint fact-finding committee on highways, streets and bridges the sum of twenty thousand dollars, or so much thereof as may be necessary to carry out the provisions of this subsection.

A converter gear used to convert a semitrailer into a trailer or a two-axle tractor into a three-axle tractor, may, at the option of the owner, be licensed as a separate vehicle or the converter gear and a semitrailer or two-axle tractor may be licensed as a combination, in which event the combination of the two will be considered as a [trailer] single vehicle for the purposes of this chapter.

Sec. 23. Section 4, chapter 273, Laws of 1957 and RCW 46.16.137 are each amended to read as follows:

During the months of October, November, December, January, February and March the gross weight license fee of a three-axle truck [tractor and a two-axle pole trailer used exclusively for], a three-axle truck tractor and a two-axle pole trailer used in combination, and a three-axle truck and two-axle trailer used in combination, when such vehicles or combinations of vehicles are licensed to the maximum gross weight provided by law and are used exclusively in the transportation of logs may be purchased for a monthly period. The fee for such a monthly license shall be one-twelfth the annual maximum gross weight fee provided for in RCW 46.16.070 or 46.16.074 in the case of trucks, and one-twelfth of the annual maximum gross weight fee provided for in RCW 46.16.072 in the case of pole trailers. For each fee so paid, other than at the time of the payment of the basic license fee, an additional fee of one dollar and fifty cents shall be charged by the director. The monthly license shall be effective from the first day of the month in which it is purchased, through the last day of that calendar month. [The director is authorized to establish rules and regulations relative to the issuance and display of certificates or insignia which shall state the month for which the vehicle is licensed.] The director or his authorized agent shall issue license tabs stating the month for which the vehicle is licensed, which tabs shall be attached by the owner or operator to the license plates of the vehicle and shall be displayed thereon throughout the month for which they are issued. The director is authorized to establish rules and regulations relative to the issuance and display of such tabs. No vehicle licensed under the provisions of this section shall be operated over the public highways unless the owner or operator thereof within five days after the expiration of any such monthly period applies for, and pays the required fee for, a license for an additional monthly period, a three-month period, or for the remainder of the year. Any person who operates any such vehicle upon the public highways after the expiration of said five days, shall be guilty of a misdemeanor, and in addition shall be required to purchase a gross weight license for the vehicle involved at the fee covering an entire year's license for
operation thereof, less the fees for any period or periods of the year already paid. If, within five days thereafter, no license for a full year has been purchased as required aforesaid, the Washington state patrol, county sheriff, or city police shall impound such vehicle in such manner as may be directed for such cases by the chief of the Washington state patrol, until such requirement is met.

This section shall become effective September 1, 1957, and shall expire on September 1, 1959, unless extended by future act of the legislature.

Sec. 24. There is added to chapter 273, Laws of 1957 and to chapter 46.16 RCW a new section to read as follows:

Any person who operates a vehicle, licensed under the provisions of RCW 46.16.137 for the transportation of logs exclusively, for the transportation of any cargo other than logs, shall be guilty of a misdemeanor, and in addition shall be ineligible for a period of two years from date of conviction for the purchase of a license under the provisions of RCW 46.16.137.

Sec. 25. Section 49, chapter 189, Laws of 1937, as last amended by section 11, chapter 273, Laws of 1957, and RCW 46.44.030 are each amended to read as follows:

It is unlawful for any person to operate upon the public highways of this state any vehicle having an overall length, with or without load, in excess of thirty-five feet, except that an auto stage shall not exceed an overall length, inclusive of front and rear bumpers, of forty feet, but the operation of any such auto stage upon the public highways shall be limited as determined by the director of highways. It is unlawful for any person to operate upon the public highways any combination of vehicles which, with or without load, has an overall length in excess of sixty feet, or any combination of vehicles containing any vehicle of which the permanent structure has an overall length in excess of forty feet. Said length limitations shall not apply to vehicles transporting poles, pipe, machinery or other objects of a structural nature which cannot be dismembered and operated by a public utility when required for emergency repair of public service facilities or properties but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of such load: PROVIDED, That when it is desirable to facilitate the movement of combination of vehicles between this state and other states, the state highway commission may authorize combinations consisting of a tractor, a semitrailer, and a trailer to operate at a total overall length, with or without load, not to exceed sixty-five feet on such highway and subject to such terms and conditions as the state highway commission may direct: PROVIDED, HOWEVER, That until such time as six of the eleven western states shall have made provision to authorize this combination length, this section shall not apply.

Sec. 26. Section 48, chapter 189, Laws of 1937, as last amended by section 1, chapter 284, Laws of 1955, and RCW 46.44.020 are each amended to read as follows:

It shall be unlawful for any vehicle unladen or with load to exceed a height of (twelve) thirteen feet and six inches above the level surface upon which the vehicle stands. [An additional twelve inches in height is lawful as to a vehicle over and above such twelve feet six inches when (a) such vehicle is of the covered van type with a permanently attached roof, or (b) when such vehicle is equipped with permanently attached bows or ribs over which a flexible, removable covering is placed or (c) vehicles engaged in the transportation of automobiles and light trucks. Such additional height shall not require the state or any county, city, town or other political subdivision, or any other person or corporation, to maintain vertical clearances above the roadway at a height in excess of twelve feet six inches.] This section shall not apply to authorized emergency vehicles or repair equipment of a public utility engaged in reasonably necessary operation. The provisions of this section shall not relieve the owner or operator of a vehicle or combination of vehicles from the exercise of due care in determining that sufficient vertical clearance is provided upon the public highways where such vehicle or combination of vehicles is being operated; and no liability shall attach to the state or to any county, city, town or other political subdivision by reason of any damage or injury to persons or property by reason of the existence of any structure over or across any public highway where the vertical clearance above the roadway is [twelve] thirteen feet six inches or more; or, where such vertical clearance is less than [twelve] thirteen feet six inches, if impaired clearance signs of a design approved by the Washington state highway commission are erected and maintained on the right side of any such public highway: In cities and towns at a distance of not less than two hundred feet and not more than three hundred feet; and in rural areas at a distance of not less than three hundred fifty feet.
and not more than five hundred feet, from each side of such structure. If any structure over or across any public highway is not owned by the state or by a county, city, town or other political subdivision, it shall be the duty of the owner thereof when billed therefore to reimburse the Washington state highway commission or the county, city, town or other political subdivision having jurisdiction over such highway for the actual cost of erecting and maintaining such impaired clearance signs, but no liability shall attach to such owner by reason of any damage or injury to persons or property caused by impaired vertical clearance above the roadway.

Sec. 27. Section 27, chapter 269, Laws of 1951 and RCW 46.44.042 are each amended to read as follows:

Subject to the maximum gross weights specified in subsection (1) of RCW 46.44.040, it is unlawful to operate any vehicle upon the public highways with a gross weight, including load, upon any tire concentrated upon the surface of the highway in excess of five hundred fifty pounds per inch width of such tire, up to a maximum width of twelve inches, and for a tire having a width of twelve inches or more there shall be allowed a twenty percent tolerance above five hundred fifty pounds per inch width of such tire. For the purpose of this section, the width of tire in case of solid rubber or hollow center cushion tires, so long as the use thereof may be permitted by the law, shall be measured between the flanges of the rim. For the purpose of this section, the width of tires in case of pneumatic tires shall be the [cross-section diameter measured from the inside of the widest point when inflated to the recommended inflation point and without load thereon. In lieu of this method of measurement the tire shall not carry any load in excess of the manufacturer’s recommended carrying capacity] maximum overall normal inflated width as stipulated by the manufacturer when inflated to the pressure specified and without load thereon.

Sec. 28. Section 35, chapter 269, Laws of 1951, as amended by section 12, chapter 254, Laws of 1953, and RCW 46.44.091 are each amended to read as follows:

No special permit shall be issued for movement on any primary or secondary state highway or route of state primary or secondary highway within the limits of any city or town where the gross weight, including load, exceeds twenty-two thousand pounds on a single axle or forty- [one] three thousand pounds on any group of axles having a wheelbase between the first and last axle thereof less than ten feet: [PROVIDED, That a tolerance of two thousand pounds may be allowed on any group of axles having a wheelbase between the first and last axle thereof of less than ten feet when the permit is being issued for the maximum overload permitted under this section: PROVIDED FURTHER, That the tolerance shall not be allowed unless specifically granted on the face of the permit] PROVIDED, That a special permit shall not be issued to any vehicle or a combination of vehicles having more than six axles: PROVIDED FURTHER, That any vehicle or combination of vehicles having more than six axles shall not be issued an overweight permit in excess of the maximum allowed for a vehicle or combination of vehicles having six axles: PROVIDED FURTHER, That the movement of equipment operating upon single pneumatic tires [and] having a rim width of twenty inches or more and a rim diameter of twenty-four inches or more or dual pneumatic tires having a rim width of sixteen inches or more and a rim diameter of twenty-four inches or more: PROVIDED FURTHER, That permits may be issued for weights in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for weights in excess of such limitations; or these limitations may be rescinded when certification is made by military officials or by officials of public or private power facilities, when in the opinion of the highway commission such movement or action is a necessary movement or action: PROVIDED FURTHER, That the structures and highway surfaces on the routes involved are determined to be capable of sustaining weights in excess of such limitations. Application shall be made in writing on special forms provided by the highway commission and shall be submitted at least thirty-six hours in advance of the proposed movement.

Sec. 29. Section 36, chapter 269, Laws of 1951, as amended by section 2, chapter 146, Laws of 1955, and RCW 46.44.092 are each amended to read as follows:

No special permit shall be issued for movement on any two lane state highway outside the limits of any city or town where the overall width of load exceeds fourteen feet, [on any three lane state highway where the overall width of load exceeds twenty-two feet] or on any [four lane] multiple lane state highway where the overall width of load exceeds thirty-two feet; except that on multiple lane state highways where a physical barrier serving as a median divider separates the oncoming and
opposing traffic lanes, no special permit shall be issued for widths in excess of twenty feet. PROVIDED, That (1) these width limitations may be exceeded on state highways where the latest available traffic figures show that the highway or section of highway carries less than one hundred vehicles per day; (2) permits may be issued for (weights and) widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for (weights and) widths in excess of such limitations; (3) these limitations may be rescinded when certification is made by military officials or by officials of public or private power facilities, [as to the necessity for such action and] when in the opinion of the highway commission, the movement or action is a necessary emergency movement or action: PROVIDED FURTHER, That the structures and highway surfaces on the routes involved are determined to be capable of sustaining (weights) widths in excess of such limitations; (4) these limitations shall not apply to farmers moving farm machinery between farms during daylight hours if the movement does not pass along and upon any primary or secondary state highway for a distance greater than thirty-five miles, if properly patrolled and flagged.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation.

Sec. 30. Section 38, chapter 269, Laws of 1951 and RCW 46.44.094 are each amended to read as follows:

Sec. 31. Section 39, chapter 269, Laws of 1951, as last amended by section 18, chapter 273, Laws of 1957, and RCW 46.44.095 are each amended to read as follows:

When fully licensed to the maximum gross weight permitted under RCW 46.44.040, a three-axle truck operated as a solo unit and not in combination shall be eligible to carry gross weight in excess of that permitted for such a vehicle in RCW 46.44.040 upon the payment to the state highway department of a fee of fifty dollars for each two thousand pounds of excess weight: Provided, That the axle loads of such vehicles shall not exceed the limits specified in RCW 46.44.040 and the tire limits specified in RCW 46.44.042 or the wheelbase requirements specified in RCW 46.44.044.

When fully licensed to the maximum gross weight permitted under RCW 46.44.040 and when operated in combination with another vehicle, a three or more axle truck-tractor, a three or more axle truck and a three or more axle dromedary truck-tractor may be eligible under a special permit to be issued by the highway commission to carry additional gross loads beyond the limit specified for such vehicles in RCW 46.44.040 upon the payment of a fee of fifty dollars per two thousand pounds in excess weight but not to exceed one hundred dollars for the total excess weight: Provided, That the axle loads of such vehicles shall not exceed the limits specified in RCW 46.44.040 and the tire limits specified in RCW 46.44.042: And provided further, That the gross weight of a three or more axle truck operated in combination with a two or three-axle trailer shall not exceed seventy-six thousand pounds, and the gross weight for a three or more axle truck-tractor operated in combination with a semitrailer shall not exceed seventy-three thousand two hundred eighty pounds.

The special permits provided for in [the preceding paragraph for combinations] this section shall be issued under such rules and regulations and upon such terms and conditions as may be prescribed by the state highway commission. Such special permits shall entitle the permittee to carry such additional load in such an amount and upon such highways or sections of highways as may be determined by the state highway commission to be capable of withstanding such increased gross load without undue injury to the highway.

The fee for such additional gross weight shall be payable for a twelve month period beginning and ending on April 1st of each calendar year. The additional gross weight provided for herein can be purchased at any time and if purchased on or after July 1st of any year, the fee shall be seventy-five percent of the full annual fee and if purchased on or after October 1st the fee shall be fifty percent of the full annual fee and if purchased on or after December 1st the fee shall be twenty-five percent of the full annual fee.

The fees levied in RCW 46.44.094 and this section shall not apply to any vehicles owned and operated by the state of Washington, any county within the state or any city or town within the state, or by the federal government.

In the case of fleets prorating license fees under the provisions of chapter 46.84 the fees provided for in RCW 46.44.037 and RCW 46.44.095 shall be computed by the state highway commission by applying the proportion of the Washington mileage of the fleet in question to the total mileage of the fleet as reported pursuant to chapter 46.48 to the fees that would be required to purchase the additional weight allowance for all eligible vehicles or combinations of vehicles for which the extra weight allowance is requested.

The state highway commission shall prorate the fees provided in RCW 46.44.037 and RCW 46.44.095 only if the name of the operator or owner is submitted on official listings of authorized fleet operators furnished by the department of licenses. Listings furnished shall also include the percentage of mileage operated in Washington, which shall be the same percentage as determined by the department of licenses for purposes of prorating license fees.

Sec. 32. Section 7, chapter 269, Laws of 1955 and RCW 46.37.070 are each amended to read as follows:

Amend the amendment by the Committee on Highways which adds a new section 5, as follows: In lines 18 and 19 of the mimeographed amendment, after "through 12."

and before ", and renumber the remaining sections consecutively" insert the following: "Any city renting or leasing the lands or interests in lands described in section 2 hereof may develop, construct or improve parking facilities thereon: Provided, however, that no city with a population of more than one hundred thousand shall operate any such parking space and/or facilities until after it has called for sealed bids from responsible, private bidders for the operation thereof. The call for bids shall specify the terms and conditions under which the facility will be leased for private operation and shall specify a minimum rental upon which such a lease will be made by the city.

The minimum rental may be on a weekly or monthly flat fee basis or may be based upon a weekly or monthly percentage of gross income, but it shall in any event be sufficient to cover all of the city's cost in acquiring and/or constructing or improving the facility to be leased, including interest charges and debt retirement. The call for bids shall specify the time and place at which the bids will be received and the time when the same will be opened, and such call shall be advertised once a week for two successive weeks before the time fixed for the filing of bids in a newspaper of general circulation in the city. The competitive bid requirements of this act shall not apply in any case where such a city shall grant a long-term negotiated lease of any such facility to a private operator on the condition that the tenant-operator shall construct a substantial portion of the facility or the improvements thereto, which construction and/or improvements shall become the property of the city on expiration of the lease. If no bid is received for the operation of such an off-street parking facility, or if none of the bids received meet the minimum rental specified, the legislative body of the city may reject all bids, in the latter case, and in both situations may readvertise the facility for lease or may operate the facility itself. If the city elects to operate the parking facility itself, it shall at least once in every three years again readvertise for bids in the same manner as provided above."

WHEREAS, The health and safety of the people in this state, and more particularly, the children of this state, should be the first consideration in any distribution of tax moneys;

NOW, THEREFORE, BE IT RESOLVED, by the House of Representatives, that the Legislative Council be directed to study means available for increased financial aid to fire protection districts to insure said districts a priority in tax funds over their present competing junior taxing districts; and

WHEREAS, There are certain rural areas in this state at present which lack effective jurisdiction or methods to control deviation from standards necessary to afford a minimum degree of fire protection to inhabitants of this state;

NOW, THEREFORE, BE IT RESOLVED, by the House of Representatives, that the Legislative Council be directed to study the proposition of adoption of a state-wide fire protection code to apply to rural areas and prepare such a code for introduction to the Legislature; and

Mr. Litchman, if you will refer to Reed's Rules, Section 205, you will find there is a certain amount of latitude given on the motion for reconsideration. The previous question has been demanded"

"Point of order, Mr. Speaker."

The Speaker:
"State your point."

Mr. Brink:
"We are now on the tenth order of business and such a motion would be out of order."

"A motion to reconsider can be made at any time."

Mr. Speaker:
We, a majority of your Committee on Highways, to whom was referred Senate Bill No. 154, excepting ferry service between Bainbridge island and Seattle from toll bridge limitation of competing services, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendments:

In section 1, page 1, line 4, after "Section 1." strike the remainder of the section and add the following:

"In order to facilitate vehicular traffic across Puget Sound, eliminate traffic delays consequent from utilization of ferries as a means of travel across Puget Sound, facilitate access to the Kitsap and Olympic Peninsulas, stimulate development of the natural resources of the area, benefit business and industrial activity in the Puget Sound region and the state of Washington, integrate the counties west of the sound with the more populous areas east of the sound thus enabling them to participate in the natural expansion of the region and the state, and to provide a facility which will ultimately free the cross-sound traveler from the burden of tolls, the Washington toll bridge authority is authorized to provide for the construction and operation of the Puget Sound toll bridge project.

"Sec. 2. The Washington toll bridge authority is authorized to provide for the establishment, construction and operation of the Puget Sound toll bridge project, consisting of toll bridges, and other bridges and approach and connecting roads and of ferries and ferry systems, including the already authorized Hood Canal bridge and the already operating Puget Sound ferry system.

"This project shall comprise a comprehensive bridge, highway and ferry transportation system operating in and across Puget Sound and other waters adjacent to or connecting with Puget Sound. It shall include the Puget Sound ferry system, as now or hereafter operated. It shall include the Hood Canal bridge which is in the process of construction. It shall include the highways and bridges described particularly in section 4 hereof. It shall not include the Fox Island toll bridge, the Tacoma Narrows toll bridge, or any existing crossing by bridge, ferry or otherwise of Puget Sound or any waters adjacent to or connecting with Puget Sound which is not now operated by the Washington toll bridge authority.

"This project may be constructed and put into operation in sections or stages as the Washington toll bridge authority may from time to time designate.
"Sec. 3. As used in this act the following words and terms shall have the following meanings, unless the context shall indicate otherwise:

"Sec. 4. As a part of the project the following shall be constructed and operated:

"(1) A highway beginning at or in the vicinity of the First Avenue Sound bridge across the Duwamish Canal in Seattle, at such points as the authority, with the approval of the commission, may select as most feasible and practicable and thence west­erly and southerly to Brace Point or that vicinity.

"Sec. 5. In establishing, planning, providing the financing for, and ordering the construction of this project, and the acquisition of needed rights of way and other property, and with respect to toll charges and fares and other charges, and in managing all its fiscal operations after construction, in providing for refinancing and refunding at the inception thereof or subsequently, the authority shall have all the powers and shall follow the same procedures established for it under existing law with respect to toll roads, toll bridges, toll tunnels and related facilities and with respect to the financing and refinancing thereof, except as otherwise provided herein. The authority shall have these powers not only with respect to bridges, tolls and facilities for the use of which tolls are directly charged but also with respect to approaches to the project, any highways and roads other than toll roads included within it, and highways and roads other than toll roads connecting the bridges and highways of the project with other highways, roads and streets.

"With respect to the operation of ferries and ferry systems within this project, and the financing and the management of the fiscal operations and affairs thereof, the authority shall have the powers and follow the same procedures established for it under existing law with respect to the Puget Sound ferry system, called 'Washington state ferries.'

"Bonds to finance the construction of the project may take the form of parity bonds on a parity with the authority's 1955 Washington state ferry system refunding revenue bonds and 1957 ferry and Hood Canal bridge revenue bonds, or they may be bonds of new issues which include the refunding of outstanding bonds of said 1955 and 1957 issues.

"Sec. 6. In acquiring rights of way and other needed property, in constructing, op-
erating, maintaining, and collecting tolls on the project, the commission shall have all
the powers and shall follow the same procedures established by law for it with respect
to toll bridges, toll roads, toll tunnels and other facilities necessary in connection
therewith, except as otherwise provided herein: Provided, That so long as ferries
continue to be operated by the Puget Sound ferry system or so long as ferries or ferry
systems are operated as a part of the project, they shall be operated by the authority.

"Sec. 7. The authority is hereby authorized to provide by resolution for the issuance
and sale from time to time of its revenue bonds in amounts sufficient to provide funds
for the planning, design, construction and financing of the project, or any part thereof,
and for the refunding or refinancing if determined desirable by the authority of its now
outstanding 1955 Washington state ferry system refunding revenue bonds, and 1957
ferry and Hood Canal bridge revenue bonds, or any portion thereof.

"There may be included in the cost of the project and paid for out of the proceeds
of the sale of bonds preliminary expenses heretofore or hereafter incurred by the
authority or the commission, costs of the issuance and sale of such bonds, reserves for
ferry employees severance pay, and also interest costs prior to and during construction
and for such period thereafter, not exceeding one year, as the authority may determine,
and a reasonable amount for working capital and prepaid insurance.

"Any money advanced from the motor vehicle fund for planning, design or con­
struction shall be repaid from the proceeds of the sale of bonds.

"The revenues to be used and pledged for the payment of such bonds shall consist
of the revenues from the entire project including revenues from the Hood Canal toll
bridge and the Puget Sound ferry system. Revenues of particular parts of the project
such as particular bridges or roads shall not be kept segregated but shall be combined
with all the other revenues of the project, and revenues received from the operation
of any part of the project may be used and pledged to finance construction of any other
part. The project is declared to be a continuous project within the meaning of RCW
47.56.070.

"Sec. 8. The authority is hereby directed to establish a fund to be called the
Washington state ferries improvement fund, to be used to pay all or any part of the
cost of constructing, reconstructing, replacing, bettering, developing, extending, or
improving any of the ferries or ferry system included by the authority in the project.

"Into this fund the authority shall place each year such sums as it finds to be
needed for the aforesaid, and available from the revenues of the project after payment
of costs of maintenance, operation, bond interest, bond reserve funds, and of payments
upon principal required during the year by bond resolutions: Provided, That the
amount accumulated in the fund shall not at any time exceed three million dollars:
Provided further, That should revenues of the project ever be insufficient to meet the
obligations for payment of principal and interest on bonds, sinking fund requirements
and payments into reserves, any sums then accumulated in the Washington state
ferry improvement fund may be used to meet such obligations before moneys in the
Puget Sound toll bridge reserve account of the motor vehicle fund are used for such
purposes.

"Sec. 9. The annual cost of maintenance and operation of the Sinclair Inlet and
Rich Passage bridges and of the approach and connecting roads in Seattle, on Vashon
Island, Bainbridge Island, and in Kitsap county, shall be a charge against and shall
be borne by the highway department, and out of highway department funds.

"Sec. 10. When the Brace Point-Vashon Island Passage and Colvos Passage bridges
are opened to traffic, the authority shall discontinue the following ferry runs: Seattle­
Winslow, Seattle-Bremerton, and Fauntleroy-Vashon-Southworth: Provided, That a
Seattle-Bainbridge Island passenger and/or vehicular service may be maintained and
operated after said bridges are opened to traffic if the authority finds and determines
that the maintenance of said passenger service will not reduce the net revenues
available for payment of principal and interest of outstanding bonds issued in connection
with the project below amounts necessary, and if the authority also receives the written
consent of the owners of the outstanding bonds or their authorized representative.

"Sec. 11. Upon the discontinuance of the ferry runs mentioned in the preceding
section, the authority shall pay such severance pay to ferry employees discharged be­
cause of the discontinuance as the authority shall deem to be suitable and proper.

"Sec. 12. (1) All counties, cities, towns and other municipal corporations, political
subdivisions and all public agencies, bodies, authorities and commissions of the state
are hereby authorized and empowered to lease, lend, grant or convey to the authority
at its request upon such terms and conditions as the proper authorities of such counties,
cities, towns, other municipal corporations, political subdivisions or public agencies,
bodies, authorities and commissions of the state may deem reasonable and fair without
the necessity for an advertisement, order of court or other action or formality,
other than the regular and formal action of the authorities concerned, any real property
which may be necessary or convenient to the effectuation of the purposes of this act,
including public highways, approach and connecting roads and other real property
already devoted to public use.

“(2) By resolution of its governing body, any county, city, town, or other municipal
corporation or political subdivision may covenant and agree with the authority as to
the laying out, construction, or continuance of use and maintenance of any public
highway, connecting with or contributing vehicular traffic to this project, and any
county, city, town or other municipal corporation or political subdivision may cove­
nant and agree with the authority for the construction, maintenance and operation
of any such public highway or any approach to any part of the project. Every such
covention or agreement by a county, city, town or other municipal corporation or
political subdivision shall be enforceable by the holders of bonds of the authority, as
well as by the authority.

“Sec. 13. The authority may turn back to the public body from which acquired
(1) any public highway taken over as an approach or connecting road, or (2) any ap­
proach or connecting road or section thereof constructed upon a new alignment in
substitution for the previous alignment of a public highway so taken over.

“Sec. 14. Eminent domain proceedings brought to acquire property needed for this
project shall take precedence over any and all other civil actions. It shall not be a
condition precedent to the institution or maintenance of such actions that there shall
have been any offer to purchase or effort to agree with the condemnees upon the
purchase of the property.

“Sec. 15. To the extent that all revenues from this project, including toll revenues
from the Hood Canal toll bridge and Puget Sound ferry system available therefore are
insufficient to provide for the payment of principal and interest on the bonds issued in
connection with this project or on any subsequent refunding bond issues and for sinking
fund requirements established with respect thereto and for payment into such reserves
as the authority shall have established with respect to the securing of such bonds, there
is hereby imposed a first and prior charge against the Puget Sound toll bridge reserve
account of the motor vehicle fund created by chapter .... Laws of 1959 (H. B. 678) and,
to the extent required, against all revenues hereafter derived from the additional state
excise taxes on motor vehicle fuels and additional vehicle license fees and gross weight
fees required by law to be deposited in the Puget Sound toll bridge reserve account.

“To the extent that the revenues of the project are insufficient to meet the required
payments of principal and interest on bonds, sinking fund requirements and payments
into reserves, the authority shall use moneys in the toll bridge reserve account for such
purposes. Any moneys from the toll bridge reserve account used by the authority to
pay such obligations shall be repaid by the authority to the motor vehicle fund from tolls
of this project and tolls shall be continued for any required additional length of time
necessary for this purpose.

“All net revenues from the project in any calendar year in excess of 1.25 times the
maximum annual amount which may be required for payment of principal and interest
during the term of the bonds shall be used to reimburse such moneys heretofore ex­
expended from the Puget Sound toll bridge reserve account and ferry improvement fund.

“So long as any bonds issued in connection with this project are outstanding, the
state hereby agrees to continue to impose the additional excise taxes on motor vehicle
fuels and additional vehicle license fees and gross weight fees imposed by chapter ....,
Laws of 1959 (H. B. 678).

“In case the authority issues new revenue bonds to finance all or any part of the
project which are in parity with the authority’s now outstanding 1955 Washington state
ferry system refunding bonds, and its 1957 ferry and Hood Canal bridge revenue bonds,
the provisions of this section shall be applicable to both the new and outstanding bonds.

“Sec. 16. The state and all public officers, municipal corporations, political sub­
divisions and public bodies, all banks, bankers, trust companies, saving banks and insti­
tutions, building and loan associations, savings and loan associations, investment compa­
nies and other persons carrying on a banking business, all insurance companies, insur­
ance associations and other persons carrying on an insurance business, and all executors,
administrators, guardians, trustees and other fiduciaries may legally invest any sinking
funds, moneys or other funds belonging to them or within their control, except perma­
nent school funds and motor vehicle funds, in any bonds, warrants, or other obligations
issued by the authority for the project, and such bonds, warrants and other obligations
shall be authorized security for all public deposits; it being the purpose of this act to authorize any persons, firms, corporations, associations, municipal corporations, political subdivisions, bodies and officers, public or private, to use any funds owned or controlled by them, including (but not limited to) sinking, insurance, investment, retirement, compensation, pension and trust funds and funds held on deposit, for the purchase of any such bonds, warrants or other obligations.

"Sec. 17. There is appropriated from the motor vehicle fund to the Washington toll bridge authority, for the biennium commencing July 1, 1959 and ending June 30, 1961, the sum of two million dollars, or so much thereof as may be necessary for the purpose of design and all other things preliminary to the construction of this project. Any funds herein appropriated from the motor vehicle fund shall be considered as a loan and repaid by the authority to the motor vehicle fund upon the sale of bonds for this project.

"Sec. 18. This act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

"Sec. 19. This act, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect the purpose thereof.

"Sec. 20. (1) If any provision of this act or the application thereof to any person, firm, or corporation or circumstance is held invalid, in whole or in part, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or application and to this end the provisions of this act are declared to be severable.

"(2) If any provisions of this act shall be declared unconstitutional or ineffective in whole or in part by a court of competent jurisdiction, then to the extent that it is unconstitutional or ineffective, such provisions shall not be enforced, nor shall such determination be deemed to invalidate the remaining provisions of this act.

"Sec. 21. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

In line 1 of the title, after "toll bridges" strike the remainder of the title and insert the following: "highways, and ferries; providing a comprehensive system of highways, toll bridges and ferries for the transportation of persons and property across the waters of the Puget Sound region of this state; making an appropriation; and declaring an emergency."

Resolution by Representative Brown:

WHEREAS, Congress has recently amended the federal pure food and drug laws; and
WHEREAS, Such changes in federal law may indicate need for revision of our state pure food and drug laws, inasmuch as our laws are designed to harmonize with the federal act;

Therefore, Be It Resolved, by the House of Representatives, that the Legislative Council is hereby authorized and directed to study the impact of the federal laws, the possible need for changes in state laws, and so doing, to utilize the facilities and assistance of the state department of agriculture, which is the agency assigned the responsibility of administering and enforcing the state laws; and that the Legislative Council report to the 1961 legislature its findings and recommendations.

On motion of Mr. Brown, the resolution was adopted.

Resolution by Mr. Carmichael:

WHEREAS, Mike Barovic of Puyallup, Washington, Dwight Spracher of Seattle, Washington, and the Motion Picture Theater Association of Washington have been most generous and provided the members and employees of the House of Representatives with a crab dinner on March 8, 1959; and

On motion of Mr. Carmichael, the resolution was adopted.

Resolution by Mr. Pritchard:

WHEREAS, The state board of prison terms and paroles has recently been increased from three to five members by action of the legislature on the plea that the work load of this board requires two additional competent persons; and
WHEREAS, The governor has urged this expansion of the parole board on the ground that it would permit more effective rehabilitation work among inmates of our penal institutions; and
WHEREAS, The governor has just announced his latest appointment to one of the newly created $10,000 a year positions on the state board of prison terms and paroles; and
WHEREAS, Said appointee has no penal education or experience or any other education or experience whatsoever qualifying him for this responsible position, having formerly served as a liquor board employee under the Wallgren administration and in other political patronage positions; and
WHEREAS, This appointment by the governor contradicts and shows the insincerity of all his high-sounding pronouncements concerning his goals in the institutional field; and
WHEREAS, Most leading states require at least part of the personnel on parole boards to have penal experience and penal education;

Now, Therefore, Be It Resolved, By the House of Representatives that it does most strongly condemn the governor for making a mockery of institutional rehabilitation in this state by this appointment;

Be It Further Resolved, That we urge the Senate to refuse to confirm this appointment so that this important board will not be made a political dumping ground.

Engrossed House Bill No. 260, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

I voted against House Bill No. 260 as amended, not because of the increase in tax of one cent per pack on cigarettes but because of the change in the method of taxation in the bill.

The law as it stands presently, if House Bill No. 260 is not enacted into law, tends to keep the price of cigarettes to the smoker down, in that the tax is based upon one cent on each ten cents or fraction thereof of the intended selling price of a package of cigarettes. The intended selling price in the state of Washington is twenty cents per pack, and under Section 82, Chapter 180, Laws of 1935 as amended by Section 2, chapter 240, Laws of 1953, and RCW 82.24.020 through 82.24.080, which House Bill No. 260 as amended seeks to amend, there would be two cents tax per pack on cigarettes. If, however, the wholesaler would raise the price of cigarettes any fraction of a cent per pack, he would also cause an increase, under the session laws cited above, in the tax by one cent a pack, and under all our cigarette tax laws in the state, by increasing the price one cent or a fraction thereof, he would also cause an increase in the price per pack by two and one-half cents tax. Therefore, it is my opinion that the new method of taxation proposed by House Bill No. 260 as amended, will cause the price of cigarettes to be increased by the dealers in this state.

Making it mandatory that director of licenses, and not the court, revoke
driver's license when driver convicted of certain offenses including negligent homicide.

The Speaker declared the question before the House to be the adoption of the amendment by Mr. Litchman.

**POINT OF ORDER**

Mr. Leland:
"Point of Order, Mr. Speaker."

The Speaker:
"State your point."

Mr. Leland:
"The essence of this amendment is to be found in House Bill No. 193, and, under the authority of House Rule No. 36, would be an expansion of the intent of the bill. I ask the Speaker to rule on this point."

The Speaker recognized Mr. Litchman.

Mr. Litchman:
"In regard to House Bill No. 193, for the record I would like to state that part of the purport and purpose of House Bill No. 193 is somewhat similar to this amendment, but House Bill No. 193 is a criminal statute and this amendment is not a criminal statute. The intention of the sponsors of House Bill No. 193 are not the same regarding the amendment to this particular bill before the House. I feel the criminal provision of this bill differentiates it from House Bill No. 193."

The Speaker:
"Mrs. Hansen, would you care to comment on this bill and the effect of this amendment?"

Mrs. Hansen:
"This bill was prepared by the safety subcommittee of our interim highway committee. It merely adds two words that should be in the statute. Mr. Shropshire was on this subcommittee, he will further confirm this."

The Speaker recognized Mr. Shropshire.

Mr. Shropshire:
"That is correct. When we held a hearing in Spokane, we decided to put the words 'negligent homicide' in the statute in order that one convicted of negligent homicide—which is the customary charge in these cases instead of manslaughter—would lose his license. This bill is good if left as it is at the present time. This amendment as offered would kill the bill."

The Speaker:
"Mr. Litchman, just what are you attempting to do by your amendment?"

Mr. Litchman:
"I am not trying to affect the bill at all. I am trying to give the court more power in dealing with juvenile offenders. It would allow the court further discretion."

**MOTIONS**

On motion of Mrs. Hansen, the House deferred further consideration of Engrossed Senate Bill No. 71 on second reading, and the bill was made a special order of business for 9:15 p.m. tonight.

On motion of Mr. Sawyer, the House reverted to the fifth order of business for the purpose of receiving reports of standing committees.

MOTION

On motion of Mr. Sawyer, the House recessed until 9:00 p. m.

EVENING SESSION

The Speaker called the House to order at 9:00 p. m.
The Clerk called the roll and all members were present except Representatives Dore, and Hansen, both having been excused.

MESSAGE FROM THE SENATE

Senate Chamber,

The Senate has granted the request of the House for a conference on Engrossed Senate Bill No. 264 and the House amendments thereto, and the President has appointed as Senate members of the committee thereon, Senators Bailey, Thompson, and McCutcheon.

WARD BOWDEN, Secretary.

APPOINTMENT OF CONFERENCE COMMITTEE

The Speaker appointed as House members of the Conference Committee on Engrossed Senate Bill No. 264, Representatives Neva, Bernethy, and Siler.

SPECIAL ORDER OF BUSINESS

The hour of 9:15 p. m. having arrived, the Speaker declared the question before the House to be the special order of business, Engrossed Senate Bill No. 71 on second reading.

Engrossed Senate Bill No. 71, by Senator Gissberg (by highway interim committee request):
Making it mandatory that director of licenses and not the court revoke driver's license when driver convicted of certain offenses including negligent homicide.
The bill was re-read the second time by sections.
The Speaker declared the question before the House to be the amendment offered by Mr. Litchman.
The Speaker asked the Clerk to re-read the amendment:

Following section 1, add a new section on page 2 to read as follows:

"Sec. 2. There is added to section 65, chapter 188, Laws of 1937, as amended by section 1, chapter 393, Laws of 1955 and RCW 46.20.250, a new section to read as follows:

"The vehicle operator's license of any person 17 years of age or under may be suspended for 6 months for operating a motor vehicle between the hours of 1 A. M. and 6 A. M. unless:

(1) Going to or coming from school or school activities, church or church activities, or place of employment; or

(2) Accompanied by a person twenty-five years of age or over."

With the consent of the House, Mr. Litchman read a prepared statement supporting the germaneness of his amendment.

The Speaker:

"You are citing something that the Speaker does not have before him. I would like to read to you House Rule No. 36: 'No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment; and no bill or resolution shall at any time be amended by annexing thereto or incorporating therein any other bill or resolution pending before the house.'"

Mr. Litchman:

"It is my position that I am not incorporating House Bill No. 193; I am incorporating only a few minor portions."

RULING BY THE SPEAKER

The Speaker:

"Mr. Litchman, the Speaker will refer you to Reed's Rules, Section 160, which states in part: 'Amendments Must Be Germane. Notwithstanding what has been said as to the wide range which amendments may take, yet there is a limitation. They must be germane or relevant to the subject matter of the original proposition. It is impossible to lay down any precise rule upon this subject, and much depends on the good sense of the presiding officer.'

"This bill provides in Section 1: 'The director shall forthwith revoke the license of any operator upon receiving a record of such operator's conviction of any of the following offenses, when such conviction has become final.' The bill then sets forth these offenses.

"Your amendment adds a new section which pertains to the operator's license of any person seventeen years of age or under. It does not appear that it is germane to this particular bill. I will rule your amendment out of order."

On motion of Mr. Gallagher (Bernard J.), the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 71, as amended by the House, was placed on final passage.

Debate ensued.

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 71, as amended by the House; and the bill passed the House by the following vote: Yeas, 75; nays, 15; absent or not voting, 9.

Engrossed Senate Bill No. 117, by Senators Happy and Purvis:

Defining crime of shoplifting, permitting arrest without warrant, and making reasonable cause a defense to liability for such arrest.

Mr. Speaker.

We, a majority of your Committee on Judiciary, to whom was referred Engrossed Senate Bill No. 117, defining crime of shoplifting, permitting arrest without warrant, and making reasonable cause a defense to liability for such arrest, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendment:

After section 3 add a new section as follows:

"Sec. 4. For the purposes of this act "peace officer" means a duly appointed city, county or state law enforcement officer."

Add a new section after the new section 4 as follows:

"Sec. 5. A peace officer shall mean a law enforcement officer who devotes his full time to law enforcement."

POINT OF ORDER

Mr. Day (John T.):

"Point of order, Mr. Speaker. I believe the amendment is not germane in that there has been a committee amendment which defines 'peace officer'."
MOTION

Mr. Gallagher (Bernard J.) moved that Mr. Ackley's amendment be laid on the table.

PARLIAMENTARY INQUIRY

Mr. Smith:

"Mr. Speaker, parliamentary inquiry. What is the effect of this motion?"

The Speaker recognized Mr. Day (John T.).

Mr. Day:

"Will the Speaker rule on my point of order?"

RULING BY THE SPEAKER

The Speaker:

**MOTION**

Mr. Rosenberg moved that Engrossed Senate Bill No. 117 be immediately transmitted to the Senate.

The motion was carried on a rising vote.

**EXPLANATION OF VOTE**

I voted “no” on this bill because I feel there can be too much abuse by a law enforcement official wherein he arrests an innocent person. The purpose of the bill is a good one, there is no doubt. I believe the amendment I offered which was not read would have allowed an officer to detain one for a reasonable period of time. To allow an officer to arrest anyone with complete immunity is extending the powers of the police too far.

MARK LITCHMAN, JR.

**EXPLANATION OF VOTE**

The reason for my “aye” vote on Engrossed Senate Bill No. 117 was in order to move for reconsideration when it became obvious the bill would pass. I was not recognized by the Speaker for this purpose prior to the motion for immediate transmission to the Senate.

The bill is bad. There is not sufficient justification for such arbitrary powers being vested in a floor walker, assistant manager, or clerk of a store merely by being deputized.

Following section 1 add eight sections as follows:
"Sec. 2. Section 3, chapter 176, Laws of 1913, as last amended by section 3, chapter 46, Laws of 1923 and RCW 85.08.040 are each amended to read as follows:
"To create the district four or more owners of property in the area shall file with the clerk of the board of county commissioners a petition stating the necessity for the improvement, designating with reasonable certainty the location, route and termini of the proposed system, and praying for the creation of the district. They shall file with the petition their bond of not less than two hundred dollars, payable to the commissioners, conditioned for the payment of all expenses of the proceeding if the petition is denied. If at any time the commissioners deem the amount of the bond insufficient to cover the expenses, they may order an additional bond in such amount as they shall direct: PROVIDED, That no petition shall be required if in the opinion of the county commissioners the improvement is necessary and will be conducive to the public health, convenience and welfare, and they may by resolution declare a district a necessity and the district shall be organized as hereunder prescribed.
"Sec. 3. Section 4, chapter 176, Laws of 1913, as last amended by section 2, chapter 160, Laws of 1921 (heretofore divided and codified as RCW 85.08.050 through 85.08.100) is divided and amended as set forth in sections 4 through 9 of this act.
"Sec. 4. (RCW 85.08.050) The clerk of the board shall deliver a copy of the petition or resolution to the engineer designated by the commissioners, who shall at once view the lines and location of the proposed improvement and the property to be affected thereby, and determine whether the improvement is necessary or will be conducive to the public health, convenience, or welfare, and whether the location and route described are the best; what, if any, part of the proposed system should be omitted, and what, if any additions should be made thereto or changes made therein, and shall file his findings in writing with the board.
"Sec. 5. (RCW 85.08.060) If the lands to be benefited comprise three thousand acres or more, the county board may, after a hearing and if so requested in the petition or resolution, ask the state director of conservation (and development) to make the investigation instead of the engineer. The director shall then make the survey and investigation to determine the feasibility of the project and the best means of attaining the objective, and file his report thereon with the board. The report shall contain all the findings required in the engineer's report and shall have the same effect. If the survey and report are made by the director, the petitioners need not file a cost bond.
"Sec. 6. (RCW 85.08.070) The board shall send a copy of such petition or resolution to the state director, and ask for an estimate of the total cost of the survey, investigation, and report, which he may make and file with the board. It shall, by resolution, fix the time and place of a hearing on the petition or resolution and report, and shall give notice thereof by posting a copy in a conspicuous place in each voting precinct or fraction thereof in the area, and by publishing a copy for three successive weekly issues in a newspaper of general circulation in the area; the posting and the first publication to be at least thirty days before the hearing. The notice shall contain a copy of the petition or resolution and of the estimate of expense, the time and place of hearing, state that the expense of the survey and investigation contemplated in the petition or resolution will be charged against the lands described therein and require everyone interested to appear at such time and place and show cause in writing, if any he has, why the prayer of the petition or resolution should not be granted.
"Sec. 7. (RCW 85.08.080) Upon the hearing the board shall determine whether the survey and investigation should be made and whether any or all of the land described in the petition, or resolution, or any additional lands should bear their proportional expense of the survey and investigation, and may adjourn the hearing from time to time not exceeding ninety days in all: Provided, That no additional lands shall be made to bear their proportional expense of the survey and investigation without first giving the same notice to all parties affected: Provided further, That the total cost of the survey, investigation, and report shall not exceed the amount stated in the estimate of the director by more than fifty percent. The determination of the board shall be by resolution and shall be conclusive upon all persons except for fraud or lack of jurisdiction.

"Sec. 8. (RCW 85.08.080) If the board determines in favor of the survey and investigation, it shall enter into a contract with the director to do the work, which shall be done at actual cost, and paid for from any moneys in the state reclamation revolving fund. As a part of his report the director shall include an itemized statement under oath of the expenses that have been incurred in making the investigation, surveys, and report, and the board shall cause a copy of the statement, together with a notice naming a time and place when and where the statement will be brought before it, for hearing and determination, to be published in a newspaper of general circulation in the area, for two successive weeks prior to the hearing. At the time of the hearing or at such other time, not exceeding thirty days in all, to which it may be adjourned, the board shall examine the statement, hear testimony, and shall enter an order approving the statement or so much thereof as it deems correct.

"Upon the approval of the statement the board shall by resolution apportion the cost among the lands in the area, each acre or fraction thereof bearing the same amount, and assess the apportioned expense as a tax against the lands, to be paid as a part of the general county and state tax against the lands at the same times, with the same penalties attached for delinquencies, and to be collected by the same agencies as the general taxes, and credited to the current expense fund of the county.

"The board shall direct the auditor to issue a warrant against the county current expense fund payable to the director for the amount of the expense. All sums so paid shall be credited to the state reclamation revolving fund.

"Sec. 9. (RCW 85.08.100) If the report of the director favors the improvement, the board shall proceed, as hereinafter directed: Provided, That nothing here'n shall prevent the board or the improvement district from making further agreements with the director for the construction or supervision of the contemplated improvement, under the provisions of the state reclamation act."

Amend the bill by adding a new section to read as follows:

If, such estimate of the cost of maintenance and repair against any tract or contiguous tracts owned by one person or corporation is less than two dollars, then the county auditor shall levy such a minimum amount of two dollars against such tract or contiguous tracts, and upon the collection thereof as herein provided shall pay all sums collected into the maintenance and repair fund of the district. PRESENTATION OF GIFT TO SPEAKER

The Speaker (Mr. Rasmussen presiding) called upon Representatives Henry and Johnston (Elmer E.) to escort Representatives Testu and Wedekind to the rostrum.

The Speaker (Mr. Rasmussen presiding) called upon Representatives Brouillet, Ahlquist, Comfort, and Twidwell to escort the Honorable John L. O'Brien and Mrs. O'Brien from the Speaker's office to the rostrum.

Mr. Rasmussen:

"Speaker O'Brien and Mrs. O'Brien, we have invited you to appear before us for a special reason. Representative Testu has a few words to say to you."

Mrs. Testu:

"Mr. Speaker, Mrs. O'Brien, we have invited you to appear before us for a special reason. Representative Testu has a few words to say to you."

Mrs. Testu:

"Mr. Speaker, Mrs. O'Brien, members of the Thirty-sixth legislature, we are winding up sixty wonderful days. Some of you are old timers and some are freshmen. We have all done our best. We have had our disagreements, but they have been on the lesser things. On one thing we are all agreed—that is our respect for our Speaker, Mr. O'Brien. We know him to be patient, industrious, and fair. Above all, he has the faculty of keeping ninety-eight people almost happy. He has a faculty for keeping us all together, of understanding our weaknesses and strength. Today we have the honor and the pleasure of presenting to John and Mary O'Brien a beautiful silver chafing dish with a suitable inscription engraved upon it from all of the members of this House of Representatives."

The Speaker:

"Thank you very much, Mrs. Testu, for those kind remarks. I know that Mrs. O'Brien joins me in expressing our appreciation.

"This session has been a hard one. Although we have had some disagreements, I don't believe we have been particularly disagreeable. But no matter on what side of the aisle you may sit, we are all friends and are here for the same objective—to do a good job. I am very happy to be a part of this legislature. It seems to me we develop bonds of friendship here that are not gained anywhere else.

"Legislative work is a great part of my life. I am sure we will all have many occasions in the years to come to remember this session as one in which we worked hard and accomplished much."
"I am happy to be your presiding officer. If I have made mistakes, they were not deliberate. It is my opinion that one in this position should be impartial at all times, as I have tried to be.

"Mrs. O'Brien and I thank you very much for the lovely gift."

Mr. Rasmussen called upon Representatives Wintler, Moriarty, Donohue, and Rosenberg to escort Mrs. Hansen to the rostrum.

Mr. Rasmussen:
"Mrs. Hansen, Mr. Wedekind would like to address a few words to you."

Mr. Wedekind:
"Mr. Speaker, Speaker Pro Tem, Mrs. O'Brien, Judge Rosellini, fellow legislators, and guests. I have served here for many years with our Speaker Pro Tem. Much could be said about her great ability and service to the state, but I will only say that it gives me a great deal of pleasure to present to you, Mrs. Hansen, from your many friends here in the legislature, this silver serving tray."

Mrs. Hansen:
"Mr. Speaker, Mrs. O'Brien, Mr. Wedekind, and members of the House, I can't find words to thank you for this lovely gift. My heart is very full. I appreciate the work and cooperation of this legislature. Whether you agreed with me or whether you at times disagreed, you have done a fine job here and you need not be ashamed of it. Thank you again."

Mr. Rasmussen called upon the respective committees to escort the Speaker, Mrs. O'Brien, and Mrs. Hansen to the Speaker's chamber.

The Speaker resumed the Chair.

RESOLUTION

Resolution by Representatives McCormack (Mike), Day (John T.), and Mundy:

WHEREAS, Congress, at the request of the Department of Defense, has authorized the construction of a new nuclear reactor for the production of plutonium at the Hanford Atomic Products Operation; and
WHEREAS, such a reactor generates a tremendous amount of energy which in previous reactor designs, has been wasted as heat dissipated in the Columbia River; and
WHEREAS, this waste energy can be converted to usable electricity; and
WHEREAS, Congress has authorized design and engineering studies for making this new reactor eventually convertible to the production of electricity as a by-product, but has not provided for the inclusion of these features in the construction of the reactor at the present time; and
WHEREAS, the immediate future will bring a need for more electrical power in the Northwest; and
WHEREAS, the Hanford Operation itself consumes some three hundred thousand kilowatts of power from our Northwest Power Pool; and
WHEREAS, by the addition of these dual purpose facilities this new reactor could produce up to seven hundred thousand kilowatts of firm power, thereby enabling the Hanford plant not only to release for domestic and industrial purposes the power it now consumes from our local sources, but enabling it also to add almost the equivalent of another Bonneville Dam to the Northwest Power Pool; and
WHEREAS, the inclusion of the convertible features in the initial stage of the reactor would save more than ten million dollars, now therefore

Be It Resolved, that the House of Representatives does hereby respectfully request Congress to make provision now for the inclusion of the convertible features during the initial construction of the new atomic reactor at Hanford; and

Be It Further Resolved, that a copy of this resolution be transmitted to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to every member of the Congressional Delegation of the State of Washington.

Mr. McCormack (Mike) moved the adoption of the resolution.

To the Honorable,
The House of Representatives of the State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives of the State of Washington at the next session of the legislature, House Bill No. 18 without my approval as to a certain unnumbered item contained in subsection (5), House Bill No. 18; entitled:

"An Act Relating to parks and recreation; and amending section 2, chapter 149, Laws of 1921 as last amended by section 1, chapter 391, Laws of 1955 and RCW 43.51.040."

This amendatory act gives the State Park Commission, acting by majority vote, additional authority to utilize approximately $300,000.00 appropriated to the commission for the purpose of obtaining options to purchase shore and tidelands for park and parkway purposes.

I am in complete agreement with this major purpose of the bill.

The unnumbered item in section 1, subsection (5) reads as follows:

"* * * PROVIDED FURTHER That such concessions shall be granted only after the calling of public bids thereon and shall be granted to the lowest qualified bidder."

Obviously concessions to be granted by the State Park and Recreation Commission should be granted to the highest rather than the lowest qualified bidder.

I am firmly convinced that the item quoted, which was added as an amendment on the floor, was adopted only through the operation of a mistake of fact. For this reason, the unnumbered item contained in subsection (5) of section 1 of the bill is vetoed and the remainder of the bill is approved.

Respectfully submitted,
(Signed) ALBERT D. ROSELLINI,
Governor.

March 24, 1959.

To the Honorable,
The House of Representatives of the State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the legislature without my approval as to section 9 of House Bill 44 entitled:

"An Act Relating to industrial insurance; amending section 4, chapter 70, Laws of 1957 and RCW 51.04.070; amending section 5, chapter 70, Laws of 1957 and RCW 51.04.080; amending section 12, chapter 70, Laws of 1957 and RCW 51.08.100; amending section 16, chapter 70, Laws of 1957 and RCW 51.08.140; amend-
Section 9 amends section 2, chapter 74 of the Laws of 1955 and RCW 51.12.010. This section was also amended by House Bill 139 which has passed the legislature and which has received my approval.

House Bill No. 139 extends the coverage of industrial insurance to janitors, chambermaids, porters, bellmen, pin-setters, elevator operators and maintenance men. Section 9 of this act does not extend the benefits of industrial insurance to these named categories. Section 9 merely makes a technical amendment in the present law by striking a comma and inserting a semi-colon.

In order to preserve the full force and effect of House Bill No. 139, I deem it advisable to veto section 9 of this bill. The remainder of the bill is approved.

Respectfully submitted,

(Signed) ALBERT D. ROSELLINI,
Governor.

March 24, 1959.

To the Honorable,

The House of Representatives of the State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the legislature without my approval, House Bill No. 127 entitled:

"AN ACT Relating to motor vehicles; and amending section 4, chapter 273, Laws of 1957 and RCW 46.16.137."

This amendatory statute enacts permanently the provisions whereby gross weight licenses by truckers may be purchased on a monthly basis. It provides
that persons operating on a monthly basis must display special tabs on their license plates. It increases the fee for monthly licenses from $1.00 to $1.50.

The legislature during this session also enacted House Bill No. 640, the omnibus highway bill. Section 23 of House Bill No. 640 contains the same general provisions found in House Bill No. 127, except that the definitions contained in House Bill No. 640 cover a larger number of vehicles to which the provisions pertaining to monthly licenses are made applicable.

For the reasons indicated House Bill No. 127 is vetoed.

Respectfully submitted,

(Signed) ALBERT D. ROSELLINI,
Governor.

March 24, 1959.

To the Honorable,

The House of Representatives of the State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives of the State of Washington at the next session of the legislature without my approval House Bill No. 375 entitled:

"AN ACT Relating to hotels and tourist accommodations; transferring to the state board of health the duty to prescribe health and sanitation standards; amending section 80, chapter 7, Laws of 1921, as amended by section 1, chapter 173, Laws of 1955, and RCW 43.22.050; repealing sections 1 and 2, chapter 48, Laws of 1905, sections 1 through 10, chapter 29, Laws of 1909, sections 1 through 6, chapter 169, Laws of 1915, and chapter 70.62 RCW; repealing sections 17, 18, and 19, chapter 29, Laws of 1909, and RCW 43.22.070, 43.22.080, and 43.22.100; repealing sections 1 and 2, chapter 105, Laws of 1953, and RCW 43.22.060 and 43.22.110; and repealing section 17, chapter 29, Laws of 1909, section 1, chapter 77, Laws of 1927, and RCW 43.22.090."

Section 1 of this bill gives the State Board of Health general powers to establish rules and regulations to prevent the spread of contagious or infectious diseases. Section 2 takes from the Department of Labor and Industries, the duty of hotel inspection. Section 3 repeals certain statutes pertaining to functions of the Department of Labor and Industries with reference to hotel inspections relative to safety and sanitation in hotels.

It is my considered judgment that the Department of Labor and Industries for many years has performed its duties with reference to hotel inspection in a satisfactory manner and I see no need to transfer its well established functions in this respect to the Department of Health.

Respectfully submitted,

(Signed) ALBERT D. ROSELLINI,
Governor.
March 24, 1959.

To the Honorable,

The House of Representatives of the State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the legislature without my approval as to section 13, House Bill No. 642 entitled:

"AN ACT Relating to highways; making appropriations, reappropriations, and supplemental appropriations for the operation of the state highway commission and the Washington toll bridge authority; and declaring an emergency."

This bill is approved with the exception of section 13 which is vetoed. Section 13 appropriates from the motor vehicle fund to the Department of Institutions the sum of $18,000 to compensate the Department of Institutions for land and improvements taken from the Washington State Reformatory at Monroe upon the construction of Primary State Highway No. 15.

The title of House Bill No. 642 relates solely to appropriations for the operation of the State Highway Commission and the Washington Toll Bridge Authority. For this reason, the appropriation sought to be made by the legislature in section 13 of this bill to the Department of Institutions violates article 2, section 19 of the Constitution of the State of Washington.

For this reason I deem it advisable to veto section 13. The remainder of the bill is approved.

Respectfully submitted,

(Signed) ALBERT D. ROSELLINI,
Governor.

March 24, 1959.

To the Honorable,

The House of Representatives of the State of Washington
(Through the Secretary of State)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the legislature without my approval as to the first unnumbered item of section 1, House Bill No. 698, entitled:

"AN ACT Relating to state government; fixing salaries of elective state officers; and amending section 1, chapter 48, Laws of 1949 and RCW 43.03.010."

House Bill No. 698 increases the salary of the Lieutenant Governor from $6,000 to $7,000 per annum. The salaries of the Secretary of State, the State Treasurer, the State Auditor, the State Insurance Commissioner and the Commissioner of Public Lands from $8,500 to $12,000. The salary of the Attorney General is increased from $10,000 to $14,500, and that of the Superintendent of Public Instruction from $8,500 to $14,000.

The first unnumbered item of section 1 reading as follows: "Governor, twenty-two thousand five hundred dollars;" is vetoed.

As Chief Executive of this state it is my responsibility to recommend to the
legislature a program calling for appropriations for the proper functioning of the different agencies of government in order that proper provision be made for needed services. At the same time it is my responsibility to submit to the legislature a revenue program to balance appropriations made. In view of the staggering amount of revenue needed during the coming biennium, I have insisted on effecting every possible economy which could be made, and have limited my request to the legislature for appropriations to those items which I feel are absolutely necessary and essential in the administration of a forward looking and progressive state. I am firmly convinced that adequate salaries for state public elected officials and for state employees are essential. I have, therefore, acquiesced in the legislative determination of increases in salaries for elected public officials. This bill provides only moderate increases and brings their salary in line with many county elected officials.

On the other hand, I have time and time again stated publicly and have advised the legislature that I did not advocate, did not ask for and do not want a raise in salary for the office of the Governor. It is my firm conviction that the Governor's salary should not be raised at this time. It is my considered judgment that economy begins at home.

For these reasons I have eliminated from this bill the provision increasing the salary of Governor.

The remainder of the bill is approved.

Respectfully submitted,

(Signed) ALBERT D. ROSELLINI,
Governor.

The Governor's message followed.
MR. PRESIDENT, MR. SPEAKER, LADIES AND GENTLEMEN OF THE LEGISLATURE:

We are assembled here today to rededicate ourselves to the task of finding sound and equitable solutions to our fiscal problems. It should be noted that this is not peculiar to the state of Washington. A great many of our sister states are today confronted with similar problems. In many of those states, the problems are more complex and perplexing than in our own. They also are endeavoring to adopt budgets and revenue measures which will provide adequate services while striving for an equitable distribution of taxes which will not oppress any segment of the population, either citizens, business or industry.

You have accomplished a great deal since the 36th legislature convened on January 12th. You have achieved long-needed improvements in our state government. No session of our state legislature in recent decades has done so much to modernize state government in the interest of greater efficiency and economy, and to improve the services to our people. I wish to take this opportunity to commend you and express my gratitude. I am sure it will be shared by a great majority of our citizens when these improvements are placed in operation. I note with real satisfaction that you enacted into law the greater part of my essential executive request measures, other than those dealing with finances.

I am certain you share with me in the wish that you could have completed your deliberations on appropriations and revenue measures during the regular session. I have now called you together into extraordinary session so that you may address yourselves to these difficult questions. Special sessions are not unusual. They have become almost routine. Only twice since 1941 has our legislature completed its work within the constitutional sixty-day period.

The fiscal problem is not of recent origin. It is of long standing and has been growing more critical each biennium. This is due in large part to the growth of our state and the explosive increase in school population. It has been aggravated by inflation. Each year the dollar buys less and less.

I am confident that, working together, we can meet the situation which confronts us. We must provide adequately for education at all levels, for a welfare program that takes care of the needs of the really deserving, for a level of salaries which will enable us to obtain and hold additional competent state employees, and for the requirements of our state institutions. Much has been done within the past two years to improve our long-neglected institutions. These programs must go forward.

It is my candid hope that you will confine this special session to measures related to appropriations and revenue. They warrant your undivided attention.

State government does not exist for its own sake, but to serve the people of the state and to furnish its citizens with those services which they cannot, as individuals, provide for themselves. Your purpose here is to adopt appropriation and revenue measures to maintain a proper and adequate level of services to our citizens. The program must treat all our citizens equitably and must not injure the business climate of our state.

The budget I recommended to you was prepared with the foregoing premises uppermost in mind. Preliminary estimates for appropriations submitted to me were reduced where it seemed feasible. Allocations were made to maintain services where they would be of greatest benefit to the largest number of our people. In preparing the budget prior to the regular session, I insisted upon economies where they could be put in effect without impairing the progress which we have been making in all major areas. No request was made for new services. The funds requested were to maintain the present level of government. It is my considered opinion that my budget represented the lowest level of expenditures which the state can undertake without impairing essential services.

The details of my recommended appropriation and revenue raising measures were set out fully in the budget message which I delivered to you on the 15th of January. I urge you re-examine them. My recommendations were not intended to be rigid. There is always room for some flexibility. It is the prerogative of the legislative branch of the government to scrutinize each item thoroughly and to enact laws carrying out the will of the legislature.

You may wish to make some reasonable changes in appropriations. You may perhaps wish to provide increases for the common schools and for higher education.
If any increases are made, revenues must be provided to meet them. Our state must be maintained on a sound fiscal basis. To do so, we must both balance the budget and make a reasonable reduction in the deficit.

In the session just adjourned, you explored avenues for the better use of appropriations for public assistance and for the improvement of our welfare laws. Any changes that will result in economies in the use of our tax dollars are worthy of your very careful consideration.

In closing, I wish to emphasize that I am proud of your accomplishments during the regular session, and I am confident that you will ably and wisely solve our state's fiscal problems. I am anxious to help in any possible way.

The President of the Senate instructed the special committee to come forward and escort Governor Rosellini from the rostrum to his office.

The special committee thereupon escorted the Governor from the House chamber. (Applause.)

On motion of Mr. Mardesich, the joint session was dissolved.

The President of the Senate returned the gavel to Speaker O'Brien.

PROPOSITIONS AND MOTIONS

RESOLUTIONS

Resolution by Mr. O'Connell:

WHEREAS, The control and general management of the Washington Soldiers Home at Orting and the Washington Veterans Home at Retsil are now under the Department of Institutions; and

WHEREAS, Many people believe that the Department of Institutions by reason of its many functions is not now the department needed for the domiciliary care of the inmates of either Orting or Retsil; and

WHEREAS, The veterans' rehabilitation council is a state body and is especially versed and trained in caring for veterans and consideration of their problems; and

WHEREAS, All the residents of both Orting and Retsil are veterans or their dependents; and

WHEREAS, There is a growing belief that the control and management of the above two institutions be transferred from the Department of Institutions to the veterans' rehabilitation council; and

WHEREAS, There is ever present the question of to what extent the veteran inmates and/or their dependents should reimburse the state for their maintenance and care and just how such reimbursement should be made; and

WHEREAS, There has been much discussion and some legislation as to who is and who is not eligible for admittance to Orting or to Retsil, viz., such bills as SB 307 of the thirty-sixth regular legislative session; and

WHEREAS, The people of the state of Washington are ready, willing and anxious to provide for their aged veterans and their dependents;

Now, Therefore, Be It Resolved, That we, the House of Representatives, do hereby request the state legislative council to make a comprehensive study of the above matters and give their recommendations to the Governor and to the next legislature.
Some of the specific matters on which we ask that study be made and a report given are:

1. The possibility of transferring the Washington Soldiers Home at Orting and the Washington Veterans Home at Retsil from the Department of Institutions to the veterans' rehabilitation council.

2. The particular amount which veteran inmates and/or their dependents should pay of their cost of maintenance and care. Such study to include such matters as personnel, budgeting changes and any suggestions in connection therewith. The underlying purpose of such investigation is to determine the best possible manner in which the state should care for the veterans and their dependents at either Orting or Retsil, and

3. Finally to thoroughly investigate the possibility of the erection of new buildings either at Orting or Retsil, or both.

Mr. O'Connell moved that the resolution be adopted.

Debate ensued.

The resolution was adopted.

Resolution by Representatives Clark (Newman H.), Johnston (Elmer E.), and Shropshire:

WHEREAS, The governor by proclamation has caused the Thirty-sixth Legislature to convene in extraordinary session for the purpose of acting upon appropriations and revenue legislation, which was not acted upon during the sixty days of the regular session; and

WHEREAS, The governor has expressed his appreciation to the legislature for its consideration of general legislative matters other than appropriations and taxation; and

WHEREAS, House Bill No. 326 which pertains to general appropriations was first read February 2, 1959 and thereafter a substitute House Bill No. 326 was considered by the House of Representatives Committee on Ways and Means and was passed on the first day of the extraordinary session which was March 13, 1959, as House Bill No. 2; and

WHEREAS, The cost of the legislative extraordinary session approximates one hundred dollars for each bill introduced and over seven thousand dollars per day while the legislators are in session;

Now, Therefore, Be It Resolved, By the House of Representatives that no House or Senate bills shall be considered or acted upon during this first extraordinary session of the Thirty-sixth Legislature other than those bills that pertain to appropriations, revenue and taxation; and

**MOTION**

On motion of Mr. Mardesich, Re-engrossed House Bill No. 36 was ordered immediately transmitted to the Senate.

**EXPLANATIONS OF VOTES**

I voted "no" on Re-engrossed House Bill No. 36 because it was just as dishonest on Saturday as it was on Friday.

CECIL C. CLARK.

I am very much in favor of many portions of Re-engrossed House Bill No. 36, especially those portions pertaining to authorized projects under the provisions of Referendum No. 10 and providing monies to equip said projects; however, there are many items of expenditures in House Bill No. 36 that are unrealistic and unsound, not having received thorough study and consideration. I, therefore, feel compelled to register my vote against House Bill No. 36.

ELMER C. HUNTLEY.

We, the undersigned Republican members of the House of Representatives, desire to explain our vote against Re-engrossed House Bill No. 36 on final passage.

This bill is the Democratic administration's omnibus capital appropriations bill. It contains three separate and distinct categories of appropriations. First, it contains re-appropriations of money to complete projects already started. Secondly, it contains appropriations of money to carry into effect institutional construction ordered by the people at the last general election by Referendum No. 10. Thirdly, it contains large appropriations of money to carry a number of new construction programs into effect.

Unfortunately, all of these three categories of appropriations were deliberately and intentionally co-mingled and mixed together in one hodge-podge bill.

The larger part of these appropriation items, particularly in the first and second categories, are necessary and we favor them. However, a number of these appropriations, particularly in the third category, appear to us to call for the unnecessary expenditure of enormous sums of money.

We are entitled to have these three separate and distinct categories of capital ap-
appropriations submitted to us in three separate bills so that we could intelligently cast our votes either for or against the various appropriations.

We resent the attempt to bludgeon us into voting for unneeded expenditures by including them in the same bill with needed expenditures. We, therefore, voted "Nay."

I voted against Re-engrossed House Bill No. 36 for the following reason: The voters of the State of Washington approved Referendum No. 10 at the General Election in November, 1958. The State Finance Committee submitted a list of approved projects, among them a Receiving, Treatment, Medical and Surgical Building for Northern State Hospital. The House Ways and Means Committee arbitrarily removed this project which had been approved by the voters under Referendum No. 10. Most projects authorized in House Bill No. 36 were deserving of full support of the legislative body. However, the aforementioned action of the House Ways and Means Committee broke faith with the people of the State of Washington and occasioned my negative vote on the measure.

Although I voted "Aye" on Re-engrossed House Bill No. 36, I do not approve the package method by which House Bill No. 36 was presented. However, $60,000,000 of the amount was a reappropriation of funds previously allocated and for which contracts had, in most instances, already been let. This portion had to be approved.

$25,000,000, also reappropriation, was approved by the voters in Referendum No. 10 in November elections, 1958.

$10,800,000 was new money which had to be provided in order to equip and furnish the buildings included under the $25,000,000 bond issue.

I voiced my objections to those projects I felt were not of first importance by my vote on amendments pertaining thereto, or by voting for amendments which restored projects either eliminated from those originally in Referendum No. 10 or which logically should have been in it on the basis of priority of need.

MRS. JOHN W. (KATHRYN) EPTON.

Paul M. Stocker, Chairman.

The bill was read the second time by sections.

EXPLANATION OF VOTE

I am not opposed to the reductions as stated in House Bill No. 28; however, I believe, in view of the anticipated income from a graduated net income tax, that the sales tax should be reduced to two percent and that additional economies be practiced to obviate the need of money derived from the imposition of two major taxes.

MRS. JOHN W. (KATHRYN) EPTON.

PARLIAMENTARY INQUIRY

The Speaker:
"You may not have seen it, but you heard it read."

Mr. Andersen:
"Rule 76 of the House Rules has not been complied with."

The Speaker:
"It is true that Rule 76 provides that bills shall be printed unless otherwise ordered by the House. The rules were suspended on first reading of this bill and it was advanced to second reading. The rules were again suspended on second reading and the bill advanced to third reading. Two-thirds of the House, therefore, ordered this bill placed before you."

MOTION

On motion of Mr. Mardesich, Engrossed House Bill No. 51 was ordered immediately transmitted to the Senate.

EXPLANATION OF VOTE

Engrossed House Bill No. 51 raises the regressive business and occupation tax once again. I protest the increase in all regressive taxes.

Someday, I hope the citizens of this state will support an income tax which will tax those who can best afford it.

The little businessman is slowly being eliminated. I oppose this.

Why do we not tax the chain stores, banks, insurance industry, cigarettes, soft drinks instead of our little businessmen? MARK LITCHMAN, JR.

**REPORT OF SPECIAL COMMITTEE**

**Olympia, Wash., March 23, 1959.**

**The President of the Senate:**
The Speaker of the House of Representatives:

Your Joint Committee appointed to examine the physical condition of the Capitol
buildings has made an inspection of the buildings and reports as follows:

The Legislative Building:

We find that there are a large number of places in various parts of the structure
where leaks have developed due to small cracks which may have come from earthquake
shock. To prevent such leakage from reaching the finished portion of the structure there are a number of containers into which the water is drained and removed at suitable intervals.

We find in many places in the outside walls, the cornice, beams between columns and other places, the stone has badly weathered and peeled.

We find that in some instances the mortar between adjacent blocks of stone has softened and broken away.

We find that moss has been allowed to grow in certain joints, contributing to further deterioration of the mortar.

We find that much of the stone in the walls and other parts of the structure are stained by smoke and weathering.

We find that in a number of offices water leakage has broken through the plaster of walls and ceiling.

We are informed that the last time the building was cleaned was in 1946, at which time lack of funds prevented a thorough and workmanlike job.

We find that the Legislative building will require more attention at this time than either the Insurance building or the Temple of Justice.

We find that the Insurance building will require a small amount of repair work and that it should be cleaned.

We find that the Temple of Justice will require some repairs to the stone work, due to peeling, and also that the building should be cleaned.

Financing:

Your Committee understands that there is in the Governor's budget an appropriation request from the General Fund for $124,800, covering "Cleaning and Repairs to the Capitol Building." We understand that this item means the Legislative building only. Your Committee believes that in order to make the necessary improvements to the Legislative building, including ventilation of committee rooms and redecorating certain rooms, cleaning and repairs to the Insurance building and the Temple of Justice, that an amount of $150,000, should be transferred from the Capitol Building Construction Account, or so much thereof as is necessary to cover the above items.

Your Committee recommends as follows:

1. An appropriation, in the amount of $150,000 should be made from the Capitol Building Construction Account, which together with the item of $124,800 from the General Fund, should be sufficient to perform all the required work.

2. The Department of General Administration to make a detailed description of all the work to be done and to write specifications therefor.

3. A contract to be let for complete cleaning and repairs to the Capitol building, repairs and cleaning to the Temple of Justice and cleaning to the Insurance building.

4. The specifications to state that bidders for the work shall be only those contractors who have men experienced in the construction and maintenance of stone masonry buildings.

5. That the Department employ an engineer inspector experienced in such work who shall see that a thorough and competent job is done.

6. That the Department employ a mechanical engineer experienced in heating problems to make a thorough inspection of the boiler plant, with particular reference to the boilers and to make an immediate report to the Administration with a copy to your Committee.

Mr. Mardesich moved that the report be referred to the interim Committee on the Legislative Building Modernization.

The motion was carried.

REPORT OF FREE CONFERENCE COMMITTEE

We, of your Free Conference Committee, to whom was referred Engrossed Senate Bill No. 6, relating to revenue and taxation, have had the same under consideration, and we recommend that Engrossed Senate Bill No. 6 be amended as follows:

"Section 1. Section 5, chapter 389, Laws of 1955, as amended by section 1, chapter 279, Laws of 1957, and RCW 82.04.040 are each amended to read as follows:

'Sale' means any transfer of the ownership of, title to, or possession of property for a valuable consideration and includes any activity classified as a 'sale at retail' or 'retail sale' under RCW 82.04.050. It includes renting or leasing, conditional sale contracts, leases with option to purchase, and any [other] contract under which possession of the property is given to the purchaser but title is retained by the vendor as security for the payment of the purchase price. It also includes the furnishing of food, drink, or meals for compensation whether consumed upon the premises or not.

'Casual or isolated sale' means a sale made by a person who is not engaged in the business of selling the type of property involved.

'Sec. 2. Section 6, chapter 389, Laws of 1955, as last amended by section 1, chapter 279, Laws of 1957, and RCW 82.04.050 are each amended to read as follows:

'Sale at retail' or 'retail sale' means every sale of tangible personal property (including articles produced, fabricated, or imprinted) other than a sale to one who (a) purchases for the purpose of resale as tangible personal property in the regular course of business, or (b) installs, repairs, cleans, alters, imprints, improves, constructs, or decorates real or personal property of or for consumers, if such tangible personal property becomes an ingredient or component of such real or personal property, or (c) purchases for the purpose of consuming the property purchased in producing for sale a new article of tangible personal property or substance, of which such property becomes an ingredient or component or as a chemical used in processing, when the primary purpose of such chemical is to create a chemical reaction directly through contact with an ingredient of a new article being produced for sale. The term also means every sale of tangible personal property to persons engaged in any business which is taxable under RCW 82.04.280, subsection (2), and 82.04.290.

The term 'sale at retail' or 'retail sale' shall include the sale of or charge made for tangible personal property consumed and/or for labor and services rendered in respect to the following: (a) The installing, repairing, cleaning, altering, imprinting, or improving of tangible personal property of or for consumers, excluding, however, services rendered in respect to live animals, birds and insects; (b) the constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for consumers, including the installing or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, and shall also include the sale of services or charges made for the clearing of land and the moving of earth [to the extent necessary for such constructing or improving, unless the charge therefor is stated separately from other charges made in connection with the work performed, under such rules as the tax commission may prescribe] excepting the mere leveling of land used in commercial farming or agriculture; (c) the sale of or charge made for labor and services rendered in respect to the cleaning, fumigating, razing or moving of existing buildings or structures, but shall not include the charge made for janitorial services; (d) the sale of or charge made for labor and services rendered in respect to automobile towing, armored car service and similar automotive transportation services, but not in respect to those required to report and pay taxes under chapter 82.16 RCW; (e) the sale of and charge made for the furnishing of..."
lodging and [related services to transients in or] all other services by a hotel, rooming house, tourist court, motel, trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, and it shall be presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or enjoy the same.

"The term shall not include the sale of or charge made for labor and services rendered in respect to the mere cleaning, fumigating, razing, or moving of existing buildings or structures, or the building, repairing, or improving of any publicly owned street, place, road, highway, bridge, or trestle which is used or to be used primarily for foot or vehicular traffic, nor shall it include sales of feed, seed, fertilizer, and spray materials to persons for the purpose of producing for sale any agricultural product whatsoever, including milk, eggs, wool, fur, meat, honey, or other substances obtained from animals, birds, or insects.

"Sec. 3. Section 47, chapter 389, Laws of 1955 and RCW 82.04.270 are each amended to read as follows:

"(1) Upon every person except persons taxable under subsection (1) of RCW 82.04.260 engaging within this state in the business of making sales at wholesale; as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of such business multiplied by the rate of one-quarter of one percent.

"(2) The tax imposed by this section is levied and shall be collected from every person engaged in the business of distributing in this state articles of tangible personal property, owned by them from their own warehouse or other central location in this state to two or more of their own retail stores or outlets, where no change of title or ownership occurs, the intent hereof being to impose a tax equal to the wholesaler's tax upon persons performing functions essentially comparable to those of a wholesaler, but not actually making sales: Provided, That the tax designated in this section may not be assessed twice to the same person for the same article. The amount of the tax as to such persons shall be computed by multiplying one-quarter of one percent the value of the article so distributed as of the time of such distribution: PROVIDED, That persons engaged in the activities described in this subsection shall not be liable for the tax imposed if by proper invoice it can be shown that they have purchased such property from a wholesaler who has paid a business and occupation tax to the state upon the same articles. This proviso shall not apply to purchases from manufacturers as defined in RCW 82.04.110. The tax commission shall prescribe uniform and equitable rules for the purpose of ascertaining such value, which value shall correspond as nearly as possible to the gross proceeds from sales at wholesale in this state of similar articles of like quality and character, and in similar quantities by other taxpayers: Provided further, That delivery trucks or vans will not under the purposes of this section be considered to be retail stores or outlets.

"Sec. 4. Section 48, chapter 389, Laws of 1955, as amended by section 4, chapter ......., Laws of 1959 extraordinary session (Engrossed House Bill No. 1) and RCW 82.04.280 are each amended to read as follows:

"Upon every person engaging within this state in the business of: (1) printing, and of publishing newspapers, periodicals or magazines; (2) building, repairing or improving any publicly owned street, place, road, highway, bridge or trestle which is used, or to be used, primarily for foot or vehicular traffic including any readjustment, reconstruction or relocation of the facilities of any public, private or cooperatively owned utility or railroad in the course of such building, repairing or improving, the cost of which readjustment, reconstruction, or relocation, is the responsibility of the public authority whose street, place, road, highway, bridge or trestle is being built, repaired or improved; (3) extracting for hire or processing for hire; (4) operating a cold storage warehouse, but not including the rental of cold storage lockers; (5) the renting or leasing of real property; as to such persons, the amount of tax on such business shall be equal to the gross income of the business multiplied by the rate of one-quarter of one percent.

"Sec. 5. Section 49, chapter 389, Laws of 1955 and RCW 82.04.290 are each amended to read as follows:

"Upon every person engaging within this state in any business activity other than or in addition to those enumerated in RCW 82.04.230, [82.04.235.] 82.04.240, 82.04.250, 82.04.260, 82.04.270 and 82.04.280; as to such persons the amount of tax on
account of such activities shall be equal to the gross income of the business multiplied by the rate of [one-half of] one percent. This section includes, among others, and without limiting the scope hereof (whether or not title to materials used in the performance of such business passes to another by accession, confusion or other than by outright sale), persons engaged in the business of rendering any type of service which does not constitute a 'sale at retail' or a 'sale at wholesale.' The additional tax imposed in RCW 82.04.296 shall not apply to persons or activities taxable under this section.

"Sec. 6. Section 1, chapter 91, Laws of 1953, as last amended by section 5, chapter 279, Laws of 1957, and RCW 82.04.296 are each amended to read as follows:

"From and after the first day of May, 1955, there is levied and shall be collected from every person for the act or privilege of engaging in business activities, as a part of the tax imposed by this chapter, other than those activities taxed pursuant to RCW 82.04.260, an additional tax in the amount of sixty percent of the tax payable under this chapter: Provided, That from April 1, 1959 until July 1, 1961 the additional tax imposed under this section shall be in the amount of seventy-six percent of the tax payable under this chapter. To facilitate collection of this additional tax, the tax commission is authorized to adjust the basic rates of persons to which this section applies in such manner as to reflect the exact amount of the additional tax hereby imposed.

"Sec. 7. Section 14, chapter 197, Laws of 1959 and RCW 82.04.300 are each amended to read as follows:

"This chapter shall apply to any person engaging in any business activity taxable under RCW 82.04.230, 82.04.240, 82.04.250, 82.04.260, 82.04.270 and 82.04.280 other than those whose value of products, gross proceeds of sales, or gross income of the business is less than three hundred dollars per month: Provided, That where one person engages in more than one business activity and the combined measures of the tax applicable to such businesses equal or exceed three hundred dollars per month, no exemption or deduction from the amount of tax is allowed by this section.

"This chapter shall apply to any person engaging in any business activity taxable under RCW 82.04.290 other than those whose value of products, gross proceeds of sales, or gross income of the business is less than [eighteen] thirty-six hundred dollars per year: Provided, That where one person engages in more than one business activity and the combined measures of tax applicable to such business equals or exceeds [eighteen] thirty-six hundred dollars, no exemption or deduction from the amount of tax is allowed by this section.

"Any person claiming exemption under the provisions of this section may be required to file returns even though no tax may be due: Provided, further, That the tax commission may allow exemptions, by general rule or regulation, in those instances in which quarterly, semi-annual, or annual returns are permitted. Exemptions for such periods shall be equivalent in amount to the total of exemptions for each month of a reporting period.

"Sec. 8. Section 23, chapter 197, Laws of 1959 and RCW 82.04.390 are each amended to read as follows:

"This chapter shall not apply to [amounts] gross proceeds derived from the [lease, rental, or] sale of real estate. This however, shall not be construed to allow a deduction of amounts [derived from engaging in any business wherein a mere license to use or enjoy real property is granted, or to allow a deduction of amounts] received as commissions from the sale [or rental] of real estate, nor as fees, handling charges, discounts, interest or similar financial charges resulting from, or relating to, real estate transactions.

"Sec. 9. Section 5, chapter 28, Laws of 1951, second extraordinary session, as last amended by section 4, chapter 279, Laws of 1957, and RCW 82.08.150 are each amended to read as follows:

of the State of Washington

LADIES AND GENTLEMEN:

In these the final hours of your deliberations you are considering the supplemental appropriation bill and I feel compelled to make a final appeal to you to restore an adequate portion of the appropriation for pay raises for state employees, particularly in the lower and middle salary brackets.

I was reluctant to send you an additional message. I did so because I am deeply concerned. The reduction from 13.4 to 5.5 million dollars will inflict a tremendous blow upon the morale of our career employees. Our ability to recruit and retain qualified personnel is in serious jeopardy. I urge you to review this reduction. In many areas of government, particularly in state institutions—in hospitals, in schools for the mentally retarded—many employees are giving dedicated service at less than a living wage. Their pay compares poorly to the pay received for equal work in private employment.

If the appropriations for salaries are not adjusted, the increase this year in the lower brackets will amount to only $6.66 a month before deductions. You must be aware that inflationary pressures will soon nullify the increase.

I take this opportunity to commend you for the accomplishments of this session. They were achieved by you through hard work and serious application to state problems. It is my fervent wish that before adjourning you rectify the inequities which now exist in the salaries of many loyal state employees. You may then return home with the warm feeling that comes from a job well done.

Respectfully submitted,
ALBERT D. ROSELLINI, Governor.

EXPLANATION OF VOTE

Due to the lateness of the hour, it was deemed advisable to vote for Engrossed Substitute Senate Bill No. 21 without amendments.

A claim on page 6, line 1-4 according to one State Representative is not a valid claim. I have read the detailed report in full. I object strenuously to this type of special interest legislation and, although I approve all of Engrossed Substitute Senate Bill No. 21 except the Anderson claim, I wish to voice my disapproval.

Anderson was shot during a riot. His injuries were caused by an unfortunate circumstance. The guard who shot him was not shown to have been negligent. "Where there is no wrong, there certainly cannot be a recovery." Besides, if Anderson was a guard, his total claim under workmen's compensation would be less than $8,500. I can recall that this exact claim was investigated by our committee four years ago and we voted it down then. I cannot in good conscience vote for this type of appropriation.

### SENATE RESOLUTIONS PASSED BY BOTH SENATE AND HOUSE

Senate Concurrent Resolution No. 2..................................Legislative building modernization interim committee
GOVERNOR'S MESSAGE ON HOUSE BILL PARTIALLY VETOED
Extraordinary Session—1959.

April 3, 1959

To the Honorable:
The House of Representatives of the State of Washington.
(Through the Secretary of State.)
Ladies and Gentlemen:
I am filing herewith to be transmitted to the House of Representatives at the next Session of the Legislature without my approval as to one certain item, House Bill No. 2, entitled:
"An Act Adopting the budget and making appropriations for the operation of state agencies for the fiscal biennium beginning July 1, 1959, and ending June 30, 1961."

I disapprove and veto the item, "State Building Construction Bond Redemption Fund Appropriation, $4,775,478.00", for the reason that the amount sought to be appropriated for the State Building Construction Bond Redemption Fund by this item is too large, and the correct amount, $4,258,158.00 of the appropriation is supplied by Substitute Senate Bill No. 21 which I am signing of even date herewith.

For this reason the above quoted item is vetoed, the remainder of the bill is approved.

Respectfully submitted,

ALBERT D. ROSELLINI,
Governor.
