Chief Clerk of the House
The Chief Clerk of the House of Representatives of the Fortieth Legislature, Malcolm McBeath, called the House to order at 12:00 noon.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend Willholland Williams of the First Baptist Church, Mount Vernon, Washington:

“Almighty God, You have given us this good land for our heritage. We humbly ask that we may always prove ourselves a people mindful of Your favor and glad to do Your will. Bless our land with honorable industry, sound learning, and pure manners. Save us from pride and arrogancy, and from every evil way. As citizens of this great state grant that our ideals and aspirations may be in accordance with Your will, and help us to see ourselves as others see us. Keep us from hypocrisy in feeling or action. Grant us sound government and just laws, good education and a clean press, simplicity and justice in all our relations with one another, and above all, a spirit of service which will abolish pride of place and inequality of opportunity. We pray to You for the men and women of this 41st session of the legislature who are set to make and interpret the laws of our state. Grant to all a deep consciousness that they are called of God to see justice done and that they prostitute a holy duty if ever they connive in its defeat. Save them from surrendering the dear-bought safeguards of the people for which our fathers fought and suffered. Revive in them the spirit of the great liberators of the past that they may cleanse our law of the inherited wrongs that still cling to it. May not the web of outgrown precedents veil their moral vision, and grant them a penetrating eye for the rights and wrongs of today and a quick human sympathy with a life and suffering of the people. Grant them wisdom so to refashion all law that it may become the true expression of the fairer ideals of freedom and brotherhood which are seeking their incarnation in a new age. Make these our legislators the wise interpreters of Your eternal law and the brave spokesmen of Your will. Amen.”

The Chief Clerk: “As Chief Clerk for the 1967-1969 biennium, it gives me great pleasure to welcome you, the members of the Forty-first Legislature, to our newly refurbished chambers and to wish you the best in your deliberations for the coming months.”

PERSONAL PRIVILEGE

Mr. O'Brien: “Mr. Chief Clerk, point of personal privilege. I would like to have permission to insert in the journal the reason most of the members on our side voted against the adoption of the temporary rules.”

The Chief Clerk: “It is perfectly permissible. Turn it in to the minute clerk and she will so insert it.”

STATEMENT FOR THE JOURNAL

We, the undersigned members of the House Democratic Caucus, fearful of the loss and erosion of the peoples' basic right to be informed, place ourselves on record opposing the promulgation of the secrecy rules instituted by the Republican majority at the 41st session of the Washington State Legislature.

The Democratic process is based upon the concept of an open presentation of all sides of the question, followed by the thoughtful decision of the majority. The Democratic process cannot work for the best interests of the public if the public is denied the voting record of its representatives.

Arbitrarily and arrogantly the Republican majority, on the first day of this 41st session adopted as temporary rules these same permanent rules from the 40th session that:
1. Gave absolute secrecy of voting records to each member of the House Rules Committee, including the members themselves.
2. Allows the Republican majority to dissolve the House of Representatives into the Committee of the Whole, wherein no votes are made of record and prevents any future changes or amendments by the rule requiring a 2/3 rds majority vote for such changes.

The intent of the Rules of the House are not to benefit members personally or politically, but to insure orderly process.

Clearly the intent of the present Republican rules is to prevent the public from knowing how Republican representatives vote.

Twice during this current session the Democratic caucus has remonstrated the Republican majority over the temporary rules and has pleaded that it be heard on all points of importance when the permanent rules are debated.

We categorically abhor and oppose rules of secrecy and support the right of the public to have an honest and forthright acknowledgment by all representatives of their voting records.

We urge revision of these rules immediately to prevent secrecy from this day forward in the 41st session.

Nominations for Speaker of the House were declared to be in order.

The Chief Clerk recognized Mr. Harris.

Mr. Harris: "Mr. Chief Clerk, Chief Justice Hunter, Members of this House of Representatives, and Ladies and Gentlemen:

"Today we embark upon the forty-first session of this House of Representatives. Each of you is intensely aware of the severe challenges which we will face in the ensuing weeks. I am convinced that every member of this House wants to select from this body the best possible man to take the position of Speaker.

"Most of you know this man personally, and you who know him have great respect for him as a fine legislator, a hard and dedicated worker, a gentleman and a most capable speaker. For sixteen consecutive years he has been a member of this House. During this time he has been proven and tested. Because of his great service and his many fine attributes, we selected him as Speaker last session. Again he was proven and tested.

"As our Speaker he displayed delicately with the gavel. He displayed a sense of fairness, equity and common sense. Yet he had firmness where and when needed. He carries no grudges, and the door to his office is open to you at anytime you desire to talk to him.

"Yes, he can and he will on occasion drive that gavel right through your head. I recall last session, when I was about two minutes into the greatest speech of my political career, he drove that gavel right through my cranium. My ears still ring, and on occasion my eyes roll and I have often thought that this man flat-headed hammers on it, and I have often thought what an improvement it would be if we could create a gavel that had two pointed hammers so that when he gavelled you into oblivion there would not be so much damage and it would not disturb your composure so much. I'm thinking of putting a resolution in on that. Yet I know at this moment that what he did to me last session, he should have done—I was unnecessarily biting into someone. So, maybe a few days later you will find out that what he did was actually for your good and for your protection.

"With tremendous pleasure and with a sense of pride and honor, I nominate for the Speaker of the House of Representatives for the Forty-first session of this legislature, the Honorable Don Eldridge."

The Chief Clerk recognized Mr. Berentson.

Mr. Berentson: "Thank you, Mr. Chief Clerk, Chief Justice Hunter, and members of the House. Seldom has this body offered a man with the legislative experience and background that Representative Eldridge possesses. Speaker Eldridge will be serving his ninth term in the House, and I am sure you would all agree that his record shows him to be one of the most capable and one of the most highly regarded legislators in state government today. I might also mention that Representative Eldridge has had a long record—a long career of service, not only here in the state legislature but in his own community. He is a past president of the Junior Chamber of Commerce; he has been a leader and an officer in many civic organizations in his own community; and has worked on a regional basis with the Boy Scouts. I mention these various activities only because I think in this day and age, with as many problems as we are having nationwide and statewide, that it is very important to realize that we have a man who is willing to spend time, to give his time, in serving his community as well as he has served us here in the House. I think all of us, too, who served in the last session of the legislature, recognize Mr. Eldridge as a symbol of fairness, and even though he has been known to have the fastest gavel in the west, I think that with this gavel, relax and maybe a few days later you will find out that what he did was actually for your good and for your protection.

"With tremendous pleasure and with a sense of pride and honor, I nominate for the Speaker of the House of Representatives for the Forty-first session of this legislature, the Honorable Don Eldridge."
us on this side of the aisle to present to you the Honorable John O'Brien as Speaker of the House of Representatives."

The Chief Clerk recognized Mr. Litchman.

Mr. Litchman: "Thank you, Mr. Chief Clerk, Chief Justice Hunter, Ladies and Gentlemen:

"I also rise to second the nomination of our former Speaker, John O'Brien. I've had the privilege of serving with John since 1955. At that time Representative Sawyer, Representative Bozarth, Julia Butler Hansen, who is presently in Congress, and I had the opportunity of voting for John O'Brien for Speaker. We picked John O'Brien and we don't think we made a mistake at that time. John continued to serve the House of Representatives as Speaker for four terms, longer in history than any other Speaker. I think this is truly a compliment to John O'Brien.

"It is also a pleasure for me to say a few kind words about the fighting Irishman from the 33rd District. I think he has probably received more votes than anybody in its history for his reelection to the House. Again, I would reiterate what Bob Charette and others have said: I, too, believe in flowers for the living. Many of us have passed on, and it is easy to say kind words in an obituary column, but it is, I think, much nicer today to say a few kind words about Representative Don Eldridge as well as Speaker O'Brien. John O'Brien, in my opinion, is one of the greatest parliamentarians this state has ever seen. As I indicated to some of you freshmen legislators, John has served this House four terms as Speaker. He served as President of the National Legislative Leaders Conference which is comprised of all the legislative leaders throughout the whole land. I hasten to add, too, that John is the oldest legislator in time served, twenty-six years. John gets things done, which I think is the driving asset behind John O'Brien. If something has to be done, he does it. I think this is great. He's probably one of the best humanitarian legislators in that I don't think the legislature has seen so much humanitarian legislation come out of any one individual as has come out of John.

"It is a great pleasure for me today to second the nomination of John O'Brien for Speaker."
I believe things will be tuned in and in good shape. The lighting has been improved. We have new draperies at the wings and back of the House Chamber. I think you are going to enjoy the physical facilities of the House this session. Once again I'd like to thank Representative Copeland and Representative O'Brien for the time and effort they have spent in working on the Facilities Committee and effecting these needed changes. We have another innovation at this session—the institution of the ADP. We have become enmeshed in the electronic age, and while I don't understand it, and probably most of you don't understand it, I think we have two or three legislators who have worked with it in the past eighteen months who can explain it to us and explain how we can get the most from the system, and how it can improve the legislature. I hope it works. It can be most effective if it does.

"Before I close, I want to compliment and congratulate John O'Brien who has served this past year as Chairman of the National Legislative Leaders Conference. John has been a leader at this conference since its inception and has served long and well. It is a great honor, John, for this legislature to have you as its representative as President of the National Legislative Leaders Conference. You are going into retirement now, and I think we will probably resign from the organization. May I once again welcome you all to the forty-first session. I hope that we can resolve our differences, that we can rise above petty bickering, and that we can produce a fine program for all the citizens of the state of Washington. Thank you."

MOTION

On motion of Mr. Bledsoe, the House recessed until 2:45 p.m.

AFTERNOON SESSION

The Speaker called the House to order at 2:45 p.m. The Clerk called the roll and all members were present.

The Speaker announced that nominations for Speaker Pro Tempore of the House of Representatives were in order.

The Speaker recognized Mr. Wolf.

Mr. Wolf: "Mr. Speaker, Chief Justice Hunter, ladies and gentlemen of the House: One of the highlights of my legislative career is the opportunity I have today to place in nomination the name of Thomas L. Copeland, 11th Legislative District, Walla Walla, for Speaker Pro Tern of this House. My speech was really stolen this morning when the Speaker in his remarks following his election pointed out the improvements that we members of the legislature have received through the efforts of Tom Copeland. I would like to enlarge on just one facet, and that is the increased staff and the ability of the staff. By being able to have continuity in administration from the Speaker Pro Tern's office, I am very, very proud of the staff that is working for us in this legislative session. We know how very difficult it is for us, the members of this legislature, to solve the problems of the state of Washington in sixty, eighty, ninety or one hundred days, and with the advent of the new responsibilities of administration assigned to the Speaker Pro Tern's office, this House has run more smoothly than ever in the history of the state. I think we can look around the chambers today and see the results of the many hours and the effort that Tom Copeland and John O'Brien have put forth to make the facilities something of which the state of Washington, its people, and elected representatives can be very proud. I urge you all to support, and it is a real privilege to nominate, the Honorable Tom Copeland for Speaker Pro Tern."

The Speaker recognized Mr. Newhouse.

Mr. Newhouse: "Mr. Speaker, Mr. Chief Justice Hunter: Again, in danger of gilding the lily, I think it is entirely appropriate that we point out that we have placed in nomination the name of a man with seniority and with ability, and a man of real accomplishment; one who perhaps has done more than any other in this body to improve the image of the legislature, to improve the efficiency by which we operate, to improve the entire appearance of this chamber, and a man who I am proud to second in nomination—Tom Copeland for Speaker Pro Tern."

The Speaker recognized Mr. Beck.

Mr. Beck: "Thank you, Mr. Speaker, Mr. Chief Justice and fellow members of the legislature: We are living in very trying times. In the far corners of this earth, war is raging. Crime is increasing in our metropolitan areas and cities of this great nation. Schools are being closed and the youth of our nation are being deprived of an education.

"We have been elected by our constituency to come to this august body and to try to prevent these things from spreading and coming to our great state of Washington. Those of us who are sincerely dedicated in alleviating this are beginning to realize that all the problems in this world today are the sum total of all the shortcomings of each of us as individuals. We are about to elect from among us a leader to preside in the absence of our Speaker—one to be his administrative assistant and carry on the other duties of the Speaker Pro Tern. Today I have the honor and the pleasure to place in nomination for Speaker Pro Tern of this House, a lady from among us who is known as an outstanding Representative, a
dedicated teacher, a lovely mother, and a very gracious lady. The Third District of Spokane has blessed us for nine terms with this delightful representative who is so intelligent and charming, and who has displayed great interest and talent as well as devotion to service in our government.

"It was almost 1920 before the women were allowed to vote in this nation and before they began to take their place in our industrial society and economic industries. Many women are still reluctant to assert their rights. When confronted with working, they usually refer to themselves as ‘until’ workers. They are working until they get married; they are working until their husband finishes schooling; they are working until they can get a home; they are only working until the baby comes; and many, many more 'untils.'

"Margaret Hurley is not that kind of a lady. She has proven herself a leader in accomplishing things to relieve suffering, in bringing beauty to the arts and humanities, and in bringing orderliness out of turmoil. She has dedicated herself to strengthening family life and encouraging other members of her sex to make their full contribution as citizens.

"Men, we have the opportunity at this time to lend our support to the great ladies of this evergreen state. We know that the role of women has greatly expanded in today's society. Women such as Mrs. Hurley have played very prominent roles in this expansion. Mrs. Hurley has a keen insight into human nature, a sincere desire to help her fellow man, and a concern for a better world for her children. She is a woman of great compassion and understanding of the needy.

"Ladies and gentlemen, I give you the name of Mrs. Joseph Hurley for Speaker Pro Temp of this august body."

The Speaker recognized Mr. Grant.

Mr. Grant: "Mr. Speaker, Chief Justice, that's a little difficult to follow. I'm not sure that we should have permitted women the right to vote. Since we did, it's my pleasure now to second the nomination of Mrs. Hurley.

"My first session of the legislature was 1963. If you recall we had a coalition in that session, and Mrs. Hurley cooperated with you people on the other side throughout that session. Now I would suggest that those of you who were here in 1963 cast your vote for her as Speaker Pro Temp. I think turnabout is fair play.

"It is a distinct pleasure for me to second Mrs. Hurley's nomination. We have disagreed on many occasions, but I think very frankly that she stands very independently for the things in which she believes and I admire that in her. I am very happy to have the opportunity to follow 'Red' Beck and to second the nomination of Mrs. Hurley."

On motion of Mr. Bledsoe, the nominations for Speaker Pro Tempore of the House of Representatives were closed.

The Clerk called the roll, and Mr. Copeland was elected Speaker Pro Tempore of the House of Representatives by the following vote: Mr. Copeland, 56; Mrs. Hurley, 42; absent or not voting, 1.

SPEAKER’S PRIVILEGE

The Speaker recognized in the south gallery former Speaker of the House John N. Sylvester who, thirty years ago when elected Speaker, was the youngest Speaker in the United States, and asked him to stand and be recognized.

The Speaker announced that nominations for the office of Chief Clerk were now in order.

The Speaker recognized Mr. Richardson.
Mr. Richardson: "Mr. Speaker, Chief Justice Hunter, ladies and gentlemen of the House:

"In 1967, the Fortieth legislative session of the House of Representatives elected a new Chief Clerk. Those of us who had known this man and had worked with him over the years had full confidence that he was the type of individual, of character and ability, to carry out every responsibility that he was given to a Chief Clerk. Those of you who did not previously know him, soon recognized that he was the type of man we needed in leadership in the House of Representatives. You have heard the Speaker and the Speaker Pro Tem being given high praise and there is no question but that this praise is deserved, but they would not have been able to carry out their jobs with the skill and efficiency they have done in the past without the assistance of a Chief Clerk of the caliber of Malcolm 'Dutch' McBeath.

"It is my high privilege today to place the name of 'Dutch' McBeath in nomination for the office of Chief Clerk of the House of Representatives."

The Speaker recognized Mr. Veroske.

Mr. Veroske: "Mr. Speaker, Judge Hunter, ladies and gentlemen:

"We have before us for consideration a man who has successfully performed the duties of the office he now holds. During the Fortieth session and also during the interim, time and time again, he has proved abilities to perform these duties. His acceptance of the far-reaching responsibilities within his charge has been demonstrated by the efficient and productive records of the past two years. I am pleased and honored to second the nomination of 'Dutch' McBeath as Chief Clerk of the House of Representatives for the Forty-first legislative session."

The Speaker recognized Mr. Haussler.

Mr. Haussler: "Thank you, Mr. Speaker, Judge Hunter, ladies and gentlemen:

"The man whose name I am going, to put into nomination today for Chief Clerk of the Forty-first Session of the House of Representatives certainly needs no introduction to ninety percent of us here today. Sid has worked for the House for twenty years and has served continuously for twelve years as Assistant Chief Clerk of the House of Representatives. Certainly this implies that he is well qualified to assume the duties of Chief Clerk and also it very definitely shows that he has the confidence of all the members.

"It gives me great pleasure to put into nomination the name of Mr. Sid Snyder for Chief Clerk, for this Forty-first Session of the House of Representatives."

The Speaker recognized Mr. Heavey.

Mr. Heavey: "Thank you, Mr. Speaker, Chief Justice, ladies and gentlemen of the House:

"It's rarely that I have the opportunity to speak of someone of the caliber of Sid Snyder. I've had the opportunity to work with Sid as a member of the House of Representatives, and I've had the opportunity to work with Sid as the Democratic Caucus attorney in the session before that. I had the opportunity to work with Sid when I was Caucus attorney in the Senate in 1963. I have been impressed with Sid's ability as well as his sense of humor, and his willingness to help all members whether they be Republicans or Democrats. I think that it speaks highly of Sid that he was the first person of the opposite party, to my knowledge, to serve in the capacity of Assistant Chief Clerk even though his party was not in control. I think this is the outstanding compliment that one can pay to a man of Sid Snyder's capabilities. I think we should go one step further today and really give the House of Representatives a good name, and that is to select Sid Snyder as Chief Clerk."

On motion of Mr. Bledsoe, the nominations for Chief Clerk were closed.

The Clerk called the roll, and Mr. Malcohn McBeath was elected Chief Clerk of the House of Representatives by the following vote: Mr. McBeath, 56; Mr. Snyder, 43.

Those voting for Mr. McBeath were: Representatives Amen, Barden, Benitz, Berentson, Bledsoe, Bluechel, Brown, Chapin, Clark (Newman H.), Clarke (George W.), Conway, Copeland, Cunningham, Curtis, Evans, Farr, Flanagan, Gladder, Goldsworthy, Harris, Hatfield, Hawley, Hoggins, Hubbard, Jueling, Julin, Kirk, Kiskaddon, Kopet, Kuehnle, Leckenby, Leland, Lynch, Mahaffey, McCaffree, Mentor, Morrison, Murray, Newhouse, North, O'Dell, Pardini, Richardson, Saling, Schumaker, Scott, Shera, Smythe, Spanton, Swayne, Veroske, Wanamaker, Whetzel, Wolf, Zimmerman, Mr. Speaker—56.

Those voting for Mr. Snyder were: Representatives Adams, Anderson, Backstrom, Bagnariol, Beck, Bottiger, Bozarth, Brouillet, Ceccarelli, Charette, Chatals, Conner, DeJarnatt, Fleming, Francis, Gallagher, Garrett, Grant, Haussler, Heavey, Hurley, Jastad, Jolly, Kalich, King, Kink, Litchman, Marsh, Martins, Marzano, May, McCormick, Merrill, Moon, O'Brien, Perry, Randall, Rosellini, Savage, Sawyer, Sprague, Thompson, Wojahn—43.

The Speaker appointed Representatives May and Scott to escort Mr. McBeath to the rostrum, where the Honorable Robert T. Hunter, Chief Justice of the State Supreme Court, administered the oath of office to him.

The Speaker announced that nominations for Assistant Chief Clerk of the House of Representatives were in order.
The Speaker recognized Mr. Haussler.

Mr. Haussler: "Thank you, Mr. Speaker, Chief Justice Hunter, we'll try again:

"It is indeed signal appreciation that I feel for being able to put into nomination the name of the same man twice within a few minutes. I am very happy to nominate Sid twice today, but I am quite sure that in 1971 he will have to be nominated only once, and that will be for Chief Clerk of the House.

"It gives me great pleasure to place into nomination as Assistant Chief Clerk, Mr. Sid Snyder."

The Speaker recognized Mr. Heavey.

Mr. Heavey: "Thank you, Mr. Speaker, Mr. Chief Justice:

"To make it short, I think we have a winner this time. I second the nomination of Sid Snyder."

On motion of Mr. Bledsoe, the nominations for Assistant Chief Clerk were closed.

The Clerk called the roll, and Mr. Sid Snyder was elected Assistant Chief Clerk by a unanimous vote.

The Speaker appointed Representatives Fleming and Curtis to escort Mr. Snyder to the rostrum, where the Honorable Robert T. Hunter, Chief Justice of the State Supreme Court, administered the oath of office to him.

The Speaker announced that nominations for Sergeant at Arms of the House of Representatives were in order.

The Speaker recognized Mr. Goldsworthy.

Mr. Goldsworthy: "Mr. Speaker, Chief Justice Hunter, ladies and gentlemen of the House:

"It is my pleasure to put into nomination for the position of Sergeant at Arms the name of Eugene Prince. He has served in these halls in many capacities, and you all are very well acquainted with him. He has served as Speaker's Assistant and in other capacities in the House, and you know that last session he served with great distinction as our Sergeant at Arms. Gene has been extremely loyal to both sides of this House, both Democrats and Republicans alike. He has been a friend and neighbor for a good many years, and it gives me great pleasure to place into nomination the name of Eugene Prince."

The Speaker recognized Mr. Amen.

Mr. Amen: "Mr. Speaker, Chief Justice Hunter, ladies and gentlemen of the House:

"It is indeed a pleasure to second the nomination of Gene Prince as Sergeant at Arms. Those of you who served in the last session know his devotion to duty and the excellent manner in which he carried out his assignments. I have had the privilege of knowing Gene for quite a few years and working with him in other capacities. I can assure you that he will do an excellent job as Sergeant at Arms. I strongly recommend his election."

On motion of Mr. Bledsoe, the nominations for Sergeant at Arms were closed.

The Clerk called the roll, and Mr. Eugene Prince was elected Sergeant at Arms by a unanimous vote.

The Speaker appointed Representatives Jastad and Newhouse to escort Mr. Prince to the rostrum, where the Honorable Robert T. Hunter, Chief Justice of the State Supreme Court, administered the oath of office to him.

MOTION

On motion of Mr. O'Brien, the election of Mr. Malcolm McBeath as Chief Clerk of the House of Representatives was declared unanimous.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House Mr. Tom Allen, commissioner of finance of the city of Olympia, and appointed Representatives Wolf and Conway to escort him to the rostrum for a few remarks.

Mr. Allen: "I am here today representing the Mayor of the city of Olympia, Neil McKay, who is slightly indisposed and couldn't be here. However, he gave me some very explicit instructions. He said that I was to welcome all you good people to the city of Olympia and to invite you to a party, and to be brief. I shall try to do all those things.

"In Olympia we are always happy to see the legislature come. One of the reasons is that most of our merchants realize that you bring with you a biennial wave of prosperity, which we can all use. I think a more significant fact is, however, that we all appreciate that you bring to Olympia a group of dedicated, able, charming people, and you add a lot of excitement to our lives here. You also sometimes frighten the hell out of us."
“Traditionally when the legislature comes to town, you bring cold weather and, with all due deference, hot air. I have been sitting here for some time now, and I am of the opinion that the tradition will be upheld this year as it has been in the past.

“We do welcome all of you. We hope your stay here will be friendly and fruitful, especially for cities, and that you will find your experiences here so satisfying that you will want to return again.

“Now to the matter of the party. The Olympia Chamber of Commerce in connection with the entire community traditionally provides a Governor’s ball for the members of the legislature and the general public. This ball will be held on Wednesday, January 15, 1969, at the Capital Pavilion, St. Martin’s College. I think each of you will find on your desk an invitation to this ball. I hope each of you will take it home and give it to your wife, because the wives are the ones who get their husbands to these parties. It’s going to be a great function. We have two bands and everybody there should have a good time.

“Again, let me welcome you to Olympia. We are glad you’re here. Thank you very much for your time. I’m going to give this invitation to the Speaker personally.”

The Speaker: “Thank you, Mr. Allen. I should have you take this up in the gallery and give it to my wife.

“On behalf of the members of the House of Representatives, we hope you will convey to the Mayor and other members of the Commission our gratitude for this fine invitation, and I am sure the members and their wives will be there Wednesday evening. Thank you, sir.”

JOURNAL OF THE HOUSE

RESOLUTION

House Resolution No. 69-4 by Representatives Bluechel and Ceccarelli:
WHEREAS, The State of Washington, U.S.A., and Hyogo Prefecture, Japan, entered into a sister-state relationship in October, 1963, from which has evolved a steadily growing interchange between them in various cultural, economic and educational activities; and
WHEREAS, We recognize the similarity in natural beauty of our sister-state which is bounded in the south by the majestic Inland Sea, and the north by the beautiful Sea of Japan, while in its inland areas, it has large expanses of fertile plains, limpid rivers and streams as well as mountains clad in verdure.
WHEREAS, Toraichi Nakabayashi, Speaker of the Hyogo Prefectural Assembly, in Kobe, Japan, honors the House of Representatives of the State of Washington by his presence and his decision to make Washington State his first official stop on his global good will tour; and
WHEREAS, The State of Washington hopes to participate in the 1970 World Exposition to be held in Osaka, Japan.

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the State of Washington that it salutes the Hyogo Prefectural Assembly and its Speaker, Toraichi Nakabayashi, and extends its congratulations and best wishes to our sister-state for continued growth and prosperity and commends its Speaker for its excellent example of international good will.

BE IT FURTHER RESOLVED, That the Secretary of State shall mail copies of this resolution suitably inscribed to the Hyogo Prefectural Assembly at Kobe, Japan, to the Japanese Consulate General in Seattle, Washington, and to Toraichi Nakabayashi, Speaker of the Hyogo Prefectural Assembly in Kobe, Japan.

Mr. Bluechel moved the adoption of the resolution. Representatives Bluechel and Ceccarelli spoke in favor of adoption of the resolution. The resolution was adopted.

SPEAKER'S PRIVILEGE

The Speaker: “Mr. Speaker, it is my privilege to present to you a copy of this resolution. Additional copies will be sent to the Hyogo Prefectural Assembly at Kobe, Japan, and to the Japanese Consulate General in Seattle, Washington. We hope that our relationship can continue for many, many years.

“At this time I would like to introduce to you Speaker Nakabayashi who has been in the state since Sunday, has visited in Seattle, has been in attendance at the session of the Senate yesterday, was entertained in one of our Olympia homes last evening, will be the guest at a luncheon this noon here in Olympia, will return to Seattle tonight and depart out of the Seattle-Tacoma Airport about noon tomorrow for the continuation of his global tour. We are most fortunate to have the Speaker with us during a legislative session, and it is certainly my honor and my pleasure to present him to you.”

Speaker Nakabayashi: “Mr. Speaker, Representatives, distinguished guests: In the life of a human being, there is always a very important moment. The time I am standing here is indeed that moment—a very important moment of my life. The State of Washington in which you live and the Hyogo Prefecture in which I live entered into the sister-state relationship five years ago. Coming to this sister state and this morning standing in front of you and having the experience of all your distinguished representatives passing a unanimous vote on the resolution is a very, very important moment in my life.

“As Mr. Speaker has introduced to you the itinerary of my trip here, on Sunday I arrived by plane at Sea-Tac Airport. As my plane was coming down to the airport, the first view I saw was that beautiful scene of Mount Rainier which resembles very much the Mount Fuji which we have in Japan. Mount Fuji is regarded as the spiritual mountain in Japan. When I witnessed Mount Rainier resembling Mount Fuji (which as I understand is called Tacoma Fuji by Japanese people) I felt a deep sense of affiliation with the state of Washington. At the same time, snow was falling and covering nature. The pure, white snow I felt was representative of the heart and spirit of the citizens of the state of Washington.

“I feel it is indeed a great happiness for the citizens of the Hyogo Prefecture to be able to maintain such a deep sister relationship with the citizens of the state of Washington. During the past five years through the many exchange programs we have entered into, we have experienced many rich, rewarding results—cultural and economic exchanges.

“Furthermore, by that through the help of you gentlemen the relationship between Japan, the state of Washington and the Hyogo Prefecture will grow in such a way that we will have an abundance of rewarding experiences, leaping in terms of spiritual or economic sense. As it has been mentioned earlier, Japan is going to have a World’s Fair in 1970. This is a very big event for Japan, and I do feel—indeed it is my sincere wish—that the state of Washington will come and participate in our 1970 World Exposition.

“As I will be leaving this wonderful state soon, I would like to say that there were many people I was not able to see, but also many people that I was so fortunate to see, and this warm feeling I will cherish until the journey of my life will end.
"As the Speaker of the Hyogo Prefecturate with 4.5 million citizens, I would like to express my sincere appreciation to all the citizens of the state of Washington and would like to pledge that if the state of Washington does participate in the World’s Fair, that we will not spare any effort to provide assistance to it.

"Again, I wish to express my deepest appreciation for the care you have taken, and hoping for the big prosperity of the state of Washington and the good health of all those who are present here, I would like to terminate my brief remarks.

"Thank you very much."

The Speaker: "Thank you very much, Mr. Speaker. On behalf of the members of the Washington State House of Representatives, I should like to present you with this certificate making you an honorary member of this body. Now I am not sure what kind of rule you use over your Prefectural Assembly, but we would like to have you take this gavel and perhaps it will serve as a memento of your trip to the legislature of the state of Washington.

"I would like at this time to introduce the Speaker's wife and son who are accompanying him on his trip to the state of Washington."

The Speaker directed Representatives Bledsoe, Charette, Bluechel and Ceccarelli to escort Mr. Toraichi Nakabayashi and Mr. Kaz Kusano to the rear of the House chamber.

The Speaker directed the Sergeant at Arms to escort Mr. Nakabayashi and Mr. Kusano to the Speaker's office.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

JOINT SESSION

The Sergeant at Arms of the House announced the arrival of the Senate at the bar of the House.

The Speaker invited the Senators to seats within the House, and instructed the Sergeants at Arms of the Senate and the House to escort the President of the Senate to a seat on the rostrum beside the Speaker.

The Speaker of the House presided.

The Speaker called the joint session to order.

The Secretary of the Senate called the roll of the Senate, and all members were present except Senators Foley, Gissberg and Sandison. Senator Foley was excused.

We especially ask Thy blessing upon our Chief Executive and Governor—give to him of Thy wisdom, patience and good humor so that he can unite us above party, creed and color to the doing together of Thy good purposes for mankind.

"Bless us in what is right, correct us in what is wrong, and give us the fortitude to do with dispatch what we now know needs to be done. Amen."

The President of the Senate: "Mr. Speaker, Governor Evans, Mr. Chief Justice Hunter, Reverend Haehlen, members of the court, members of the Washington state legislature, ladies and gentlemen:

"Governor Evans, may I extend to you my most sincere congratulations on your election to serve as the Chief Executive of our wonderful state. To the other state officials and members of the legislature, may I offer my heartfelt congratulations and best wishes for a successful and prosperous term in office during the next four years, which I am sure will be guided by the wisdom and knowledge the electorate knew each of you possess.

"I should like to express my sincere appreciation to the people of the state of Washington for granting me the opportunity to serve once again. I should like to express my appreciation to my wife, Betty (applause), to my children (applause), to all my brothers and sisters (applause), and to my many friends whose unyielding loyalty and persistent determination, and above all else whose patience, have resulted in my presence here today.

“When you handed me the gavel and the certificate of election, Mr. Speaker, I must say that it gave me quite a thrill. Although I will miss some of my friends in the Lieutenant Governor’s Conference, I am very proud and honored to be the only Democratic Lieutenant Governor reelected in the country this past year (applause). I am humble because of the numerous and important duties which we all now face. In twelve years as President of the Senate, I have never found an easy road to a successful legislative session, and certainly none will be found for this one. However, I am filled with determination that the 41st session of the Washington State Legislature will be the most successful in the history of our illustrious state. It is gratifying to sense that I am not alone in this determination. As we take the oath of office today, we must remind ourselves that the success we seek can only be properly measured by the results of our deliberations. It is not the number of bills which we pass by which we will be remembered, nor is it the eloquence with which they are presented, but rather the content thereof and the effect on the future which they have, which will determine whether we have fulfilled our obligations to the citizens of the state. We will be judged by what we do more than by what we say. We will follow well-reasoned precedents, so long as they are applicable to our fast-changing society, but will not blindly ignore the need for change to adjust to the needs of our people. With unity of purpose for the betterment of our state and the willingness to cooperate with each other, I am confident that the members of the legislature and the elected state officials will capably fulfill their obligations to the citizens whose public servants we are. Let us not forget that."

"I have had the rare privilege of serving the state of Washington for almost 31 years. It has been a pleasure to do this, and I feel that something has been accomplished in the way of insurance protection in the state of Washington as well as participating in activities throughout the country.

"One of the girls in our office asked me this morning, 'When do you get unsworn?' I hadn't heard this before, but I said I thought the echoes of the swearing I did four years ago would wear out soon after noon today.

"I appreciate particularly the honor of having served eight years as the elected Insurance Commissioner. I feel that I could not wish my successor anything better than that when he retires from that office, he will also merit your commendation. Thank you very much."

EIGHTH DAY, JANUARY 20, 1969

MOTION

On motion of Mr. Newhouse, the House recessed until 4:30 p.m.

AFTERNOON SESSION

The Speaker called the House to order. The Clerk called the roll and all members were present except Representatives Backstrom and Merrill who were excused.

SPEAKER'S PRIVILEGE

The Speaker observed in the north gallery students from St. George’s School in Spokane and asked them to stand and be recognized.

NOTICE OF AMENDMENTS TO HOUSE RULES

Mr. Bledsoe served notice that, on the next working day, amendments to the temporary rules of the House of Representatives as proposed by the Committee on Rules and Administration would be submitted for consideration by the House under House Resolution No. 69-8.

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, point of order. Are the proposed changes to our rules going to be read?"

The Speaker: "There were some errors in the copies that were distributed, and corrected copies are not yet ready. We would certainly be glad to read them if this is your desire, Mr. O'Brien."

POINT OF INQUIRY

Mr. Bledsoe: "Mr. O'Brien, these would be the changes as discussed in the Rules Committee. There are no other changes forthcoming from our caucus. They would be the changes exactly as agreed upon in the Rules and Administration Committee meeting. May I say it this way, sir: This is no whizzer here, this is just a straight run."

The Speaker: "Mr. Bledsoe, I would suggest that since it is going to be a few minutes before these are ready in printed form, as corrected, that we have the clerk read them."

Mr. O'Brien: "It isn't my intention to belabor this point about whether or not the proposed change or changes in the rules are submitted in writing, but it appears, according to Rule 89, that it is necessary, and I believe that all members of the House should have a right to know what is going to be offered on a succeeding day. This is my position."

The Speaker: "I have no quarrel with your position at all, Mr. O'Brien. As I indicated to you when you came out of your caucus, there had been a mechanical error. The rules will be printed and will be distributed in just a few minutes. We are taking care of this. We caught it as we were in our caucus. If you will just be patient for a few minutes, we will have the printed copies for you. In the meantime, if you would like to have them read by the clerk, we would be glad to do that while we are waiting. We'll just leave it up to you. We want to be fair."

The Speaker declared the House to be at ease.

The Speaker called the House to order.

SPEAKER'S PRIVILEGE

The Speaker observed in the north gallery a long-time member of the legislature, who served in both the House and the Senate and who, in addition, served as a member of the Seattle City Council, Mr. Ed Riley, and asked him to stand and be recognized.

The Speaker announced that copies of the resolution amending the rules had been distributed by the pages, and the amendments would be considered on the next working day in accordance with notice given by Mr. Bledsoe.
Mr. O'Brien: "Mr. Speaker, there are a number of amendments to the rules that will be offered by members of the minority side. Would you desire to have the rule numbers given to you at this time?"

The Speaker: "Pursuant to Rule 89, I would presume that these would have to be given to us in writing, Mr. O'Brien. That is the way I read the rule."

Mr. Grant: "Is it necessary that we present them in writing to you now according to your interpretation of that rule, that is, all amendments that we intend to propose to the proposed rules?"

The Speaker: "Well, I don't know that that's so important. Mr. O'Brien seemed to think that we should present these items in writing, and give twenty-four hours' notice, but we want to see that things progress in an orderly manner, and I see no reason why you should have to present your amendments in writing."

Mr. Grant: "You will consider this, then, notice that we intend to submit amendments to the rules?"

The Speaker: "Yes, if the numbers of the rules to be amended are on the desk today, they will be considered tomorrow. I see no reason why the amendments must be in writing."

Mr. O'Brien: "Mr. Speaker, we have the rule numbers that are going to be amended. They are on the desk. Perhaps you could read them to the membership, to put the House on notice that amendments will be offered tomorrow to these rules."

The clerk read the numbers of the rules which the minority party, in accordance with Rule 89, had served notice of intention to submit amendments, as follows: Rule 44, Rule 82, Rule 85, Rule 86, Rule 87 and Rule 88.

In conformance with House Rule No. 89, Mr. Bledsoe served notice that, in view of the notice given by the minority party, the majority party would also submit amendments to the following rules dealing with the committee of the whole: Rules 82, 85, 86, 87 and 88.

Under the provisions of House Resolution No. 69-6, the Speaker appointed the following committee to consider and recommend to the House the official photographer for the forty-first session of the legislature: Representatives Jueling, Kirk and Garrett.

On motion of Mr. Newhouse, the House adjourned until 10:30 a.m., Tuesday, January 21, 1969.

Amend Rule 22 as follows:

Rule 22. Any member desiring to introduce a bill, memorial or resolution on or after the opening day of any session, except resolutions having to do with business of the house, shall file the same with the chief clerk not later than 5:00 p.m. on the evening before the next convening session; and which bill, memorial or resolution shall be numbered and read on the next convening day, in the order filed [: PROVIDED, That not more than three names shall be submitted as the authors or sponsors of a bill, memorial, or resolution, except in the case of a bill, memorial or resolution introduced by committees.

The rules may be suspended to permit more than three names as sponsors only on the motion of the first named sponsor of such bill, memorial or resolution.]

Members-elect to the house may pre-file bills with the chief clerk on any day after the first day of December preceding any regular session for which such member or member-elect is elected or ten days prior to any extraordinary session of the legislature. Such bills will be printed, distributed and prepared for introduction on the first legislative day.

Amend Rule 27 as follows:

Rule 27. Upon second reading, [only] the bill number and short title and the last line of the bill shall be read unless [any member] a majority of the members present shall demand its reading in full. The bill shall be subject to amendment section by section. No bills shall be considered on second reading unless a calendar of bills for second reading and copies of any amendment made by a committee have been distributed to each member no later than 8:00 p.m. on the second day preceding such consideration unless otherwise provided by the Rules and Administration Committee. No amendment shall be considered by the house until it shall have been sent to the desk in writing and read by the clerk. All amendments adopted on the second reading shall be pasted securely to the original bill. All amendments rejected by the house shall be passed to the minute clerk and the journal shall show the disposition of such amendments. When no further amendments shall be offered, the speaker shall declare the bill has passed its second reading.
Amend Rule 36 as follows:
Rule 36. Only the last line of bills on third reading shall be read unless a majority of the members present [any member shall] demand its reading in full, and no amendment shall be entertained.

Amend Rule 45 as follows:
Rule 45. Business shall be disposed of in the following order:
First—Call of the roll, presentation of the flag and prayer.
Second—[Reading] Approval of the journal of the preceding day which shall be by the speaker's declaring that the journal of the preceding day stands approved, unless otherwise ordered by the house.
Third—Reports of standing committees.
Fourth—Reports of special committees.
Fifth—Messages from the senate, governor and other state officials.
Sixth—Introduction and first reading of bills, memorials and resolutions.
Seventh—Presentation of petitions, memorials and remonstrances addressed to the legislature.
Eighth—Propositions and motions.
Ninth—Second reading of bills.
Tenth—Third reading of bills.
Eleventh—Other business to be considered.
Twelfth—Announcements of committee meetings.

Amend Rule 57 as follows:
Rule 57. The previous question is not debatable and cannot be amended. The previous question shall be put in this form: "Mr. ___________ demands the previous question. As many as are in favor of ordering the previous question will say 'Aye'; as many as are opposed will say 'No'."

The results of the motion are as follows: If determined in the negative, the consideration goes on as if the motion had never been made; if decided in the affirmative, the presiding officer, without debate, proceeds to put the question.

If an adjournment is had after the previous question is ordered, the motion or proposition on which the previous question was ordered shall be put to the house immediately following the [reading] approval of the journal on the next working day, thus making the main question privileged over all other business, whether new or unfinished.

Mr. Bledsoe moved adoption of the resolution.

The Speaker stated that in accordance with notice given the previous day, the House would consider amendments to Rules 44, 82, 85, 86, 87 and 88 of the House Rules.

PARLIAMENTARY INQUIRY

Mr. Moon: "Mr. Speaker, did you mention Rule No. 48? I think Representative King and I presented an amendment to Rule 48. Is it to be considered at this time?"

The Speaker: "It was my understanding that Mr. O'Brien's motion included only Rules 44, 82, 85, 86, 87 and 88; and I believe this is the record we have here."

NOTICE OF AMENDMENT TO HOUSE RULES

In accordance with Rule 89, Mr. Moon served notice that, on the next working day, an amendment to Rule 48 of the House rules would be offered for consideration by the House.

PARLIAMENTARY INQUIRY

Mr. Perry: "Mr. Speaker, we are in the process of adopting permanent rules, and we are operating under the temporary rules—is that correct? I would suggest that we move for a suspension of the temporary rules if we are going to use this procedure, in that we are considering an amendment which precedes the last amendment to the rules that we are going to adopt in toto."

POINT OF ORDER

Mr. Copeland: "I think my point of order can be quite simply stated. This is a resolution we are considering now. It is a product of the Rules and Administration Committee. The only reason the suggestion was made was to expedite this as we have done on numerous occasions where we have handled the resolution first and then have gone into the controversial issues later. I think the body should look at it on that basis. This was just an expeditious way of handling the measure, Mr. Perry."

The Speaker: "I would suggest, Mr. Perry, that we take the amendments to the rules contained in the resolution one by one. If someone wishes to suggest that we read the last line only of each of the amendments, we can adopt them in that way to shorten the reading of the material. I think that would accomplish the same thing."
Mr. Perry: "I know, because you are the majority, that we are going to adopt these rules as they came from the Rules Committee, and I have no objection to the situation as it stands; however, procedurally, an amendment to Rule 44 cannot be considered before Rule 45. In other words, we could, in effect, as the Speaker has suggested, adopt your rules item by item, but how could we say that we have adopted the resolution of the Rules Committee as our permanent rules when we are discussing, at the end of these rules, Rule 45, prior to consideration of the amendment to Rule 44 which is on the desk?"

The Speaker: "I think the only problem we have is with Rules 44 and 45, and I would agree that when we complete action on Rule 36, we will consider the amendment to Rule 44. Does this solve the problem?"

PARLIAMENTARY INQUIRY

Mr. Beck: "Mr. Speaker, does it require only a majority vote to adopt our rules?"

The Speaker: "That is true."

Mr. Beck: "Mr. Speaker, if we adopt the permanent rules today, and tomorrow Mr. Moon wants to amend Rule 48, will it require a majority vote or will a two-thirds vote be required?"

The Speaker: "On one day's written notice, a rule can be changed by a majority vote."

POINT OF ORDER

Mr. Moon: "Mr. Speaker, am I to understand, then, that since Representative King's and my amendment to Rule 48 was on the desk yesterday, that it will be considered a written request to consider it as part of today's business?"

The Speaker: "I think we can consider it the same as we did those amendments that came to the desk last evening."

Mr. Moon: "My point of order, then, is that when we come to Rule 45, and pass on it under the committee report, the next part of the committee report is Rule 57. If we bypass Rule 48 and go to Rule 57 as is in the resolution, will we preclude the opportunity to discuss Rule 48, or will we take up Rule 48 immediately after Rule 45?"

The Speaker: "No, we will be beyond Rule 45 today, but Rule 89 provides that the rules may be amended at any time by a majority of the body on one day's written notice. We will perfect the rules; we will adopt them today; and tomorrow we've got a new ball game."

Mr. Moon: "Well what I'd like to know is, are we going to be able to consider Rule 48 today?"

RULING BY THE SPEAKER

The Speaker: "No."

Mr. Moon: "Will we be able to consider Rule 44?"

The Speaker: "Yes."

Mr. Moon: "For what reason will we be able to consider Rule 44 but not Rule 48?"

The Speaker: "Unfortunately, there apparently was a lack of communication between you and your leadership, and the notice that was made yesterday did not contain Rule 48."

Mr. Moon: "The fact that we had an amendment to Rule 48 on the Clerk's desk yesterday at the same time is not, then, to be considered as a notice."

The Speaker: "That is correct, in that Mr. O'Brien and I had some discussion about this and agreed that a motion would be made indicating the rule numbers that would be considered today. Mr. Bledsoe made the motion for our caucus, indicating the five rules on which we had amendments. Unfortunately Rule 48 was not included in the notice given by Mr. O'Brien yesterday."

Mr. Moon: "Rule 48 is the gag rule, and apparently you are . . . ."

RULING BY THE SPEAKER

The Speaker: "Mr. Moon, you have served notice that you will offer an amendment to Rule 48, and at the proper order of business tomorrow, it will be considered."

MOTION

Mr. Moon moved that the rules be suspended, and the House consider the amendment by Mr. King and himself to Rule 48 of the House rules today.

Mr. King demanded an electric roll call, and the demand was sustained. Representative Heavey spoke in favor of the motion.
Mr. Whetzel: "Mr. Speaker, on a motion to suspend the rules, only one person, the mover of the motion, can debate. I think if this is a debate on the suspension of the rules, it is out of order."

The Speaker: "That is correct."

MOTION

On motion of Mr. Bledsoe, the motion by Mr. Moon was laid on the table.

MOTION

Mr. Copeland moved the adoption of Rule 3 as amended in House Resolution No. 69-8.

Mr. O'Brien moved the adoption of the following amendment to Rule 3:

On page 1, Rule 3, section (f), line 26 of House Resolution No. 69-8, after "chairmen" and before the period insert "PROVIDED FURTHER, That the tape recording of the legislative proceedings be directed by a special committee of five members appointed by the speaker in the same membership ratio of the respective parties in the house"

POINT OF INQUIRY

Mr. Copeland: "Mr. Speaker, could we have the amendment reread? It wasn't clear on first reading."

The clerk reread the proposed amendment by Mr. O'Brien to Rule 3.

Representatives O'Brien, Bledsoe and Copeland spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Bottiger: "Mr. Copeland, I understand that you are chairman of the facilities committee. Could you explain how a member could get a copy of today's proceedings off the tape recorder?"

Mr. Copeland: "I was chairman of the facilities committee, but it had nothing to do with the tape recorder at all. As a matter of fact, the facilities committee didn't discuss it. It was a decision of the Chief Clerk. The purpose of the tape recorder was to provide complete accuracy in the reporting of the Journal. It was the Chief Clerk's and the Speaker's decision that this should become a part of the operation of the House. They consulted me one time and asked what I thought about it. I said it was perfectly all right with me. I had no objection to it. Many people are not aware that quite a little of the conversation going on here for the past twelve or fourteen years has been taped. I have seen tape recorders on the floor on numerous occasions and I don't think there is anything wrong with it, but our committee didn't handle it at all, Mr. Bottiger."

Mr. Wolf spoke against adoption of the amendment, indicating he favored this manner of handling the tape recordings, but thought it should be implemented by resolution, rather than by amendment to the rules.

MOTION

On motion of Mr. O'Brien, the House deferred further consideration of the proposed amendment to Rule 3 until tomorrow.

The Speaker stated the question before the House to be adoption of Rule 3 as amended by the Committee on Rules and Administration.

The motion was carried, and Rule 3 as amended was adopted.

On motion of Mr. Copeland, Rule 9 as amended was adopted.

On motion of Mr. Copeland, Rule 15 as amended was adopted.

On motion of Mr. Copeland, Rule 21 as amended was adopted.

On motion of Mr. Copeland, Rule 22 as amended was adopted.

Mr. Copeland moved adoption of Rule 27 as amended.

Debate ensued, Representatives Copeland and Bledsoe speaking in favor of adoption of Rule 27 as amended, and Representative Charette speaking against its adoption.
The motion was carried, and Rule 27 as amended was adopted. On motion of Mr. Copeland, Rule 36 as amended was adopted. In accordance with notice given the previous day, Mr. Sawyer moved adoption of the following amendment to Rule 44 of the House rules:

Amend Rule 44 by adding a new subsection following subsection (b) as follows:

"(c) All bills received by committee on rules and administration shall be reported out of committee within seventy-two hours."

Debate ensued, Representative Sawyer speaking in favor of adoption of the amendment, and Representative Bledsoe speaking against it. The motion was lost, and the amendment was not adopted.

Mr. Heavey moved the adoption of the following amendment by Representatives Heavey, Grant and Sprague to the House Rules:

Amend Rule 44 as follows: In the first paragraph after Provided, That, strike the remainder of the rule and insert:

"(a) All bills and resolutions referred to the committee on rules and administration shall be placed on the calendar for second and third reading.

"(b) The committee on rules and administration shall have charge only of determining the priority and scheduling of bills and resolutions to be considered on second and third reading."

RULING BY THE SPEAKER

The Speaker: "Mr. Heavey, it would appear to me that we have already disposed of consideration of this particular rule in rejecting Mr. Sawyer's amendment. I will give you the opportunity, in this case, if you wish to debate the issue again, but I would ask that you not expect me to do this on other issues later in the session."

Debate ensued, Representatives Heavey and King speaking in favor of adoption of the amendment, and Representative Whetzel speaking against its adoption.

Mr. Randall demanded an electric roll call, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment to Rule 44 by Representatives Heavey, Grant and Sprague. The motion was lost and the amendment not adopted by the following vote: Yeas, 40; nays, 58; absent or not voting, 1.

Absent or not voting: Representative Backstrom-1.

Mr. Kink moved adoption of the following amendment to Rule 44:

Amend Rule 44 by adding a new subsection following subsection (b) as follows:

"(c) All bills received by committee on rules and administration shall be reported out of the committee within seventy-two hours after receiving unanimous committee approval."

RULING BY THE SPEAKER

The Speaker: "It would appear, Mr. Kink, that this amendment is out of order. It would have been proper as an amendment to the amendment by Mr. Sawyer, but we have already disposed of that amendment. I would have to rule this amendment out of order."
POINT OF ORDER

Mr. Charette: "Mr. Speaker, isn't it the responsibility of the Chief Clerk to see that the amendments are put in order when they are placed on the desk?"

The Speaker: "This amendment came to the desk after we had considered Mr. Sawyer's amendment."

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, on what basis did you reject Mr. Kink's amendment?"

The Speaker: "We had already perfected that portion of Rule 44. Mr. Sawyer's amendment would have added a new subsection (c). Mr. Kink's amendment also added the same subsection (c), plus 'after receiving unanimous committee approval.' Mr. Kink's amendment, to be in order, should have been offered as an amendment to Mr. Sawyer's amendment."

Mr. O'Brien: "The motion by Mr. Sawyer was not to strike any section, but was to add. This is the same type of amendment, only with different language."

The Speaker: "The body had already rejected the addition of a new section."

Mr. O'Brien: "This is just another amendment."

The Speaker: "No, I think that it would not be proper."

Mr. O'Brien: "I would agree with you if the amendment by Mr. Sawyer was to strike out any portion of the rule, but this wasn't the case. Mr. Sawyer offered a simple amendment, and this is another amendment trying to get the opinion of the body as to whether or not they would accept another approach to this method of operation."

The Speaker: "It would appear to me that this should have been offered as an amendment to Mr. Sawyer's amendment to be in order."

Mr. O'Brien: "Reed's Rule No. 138 states: 'Hence all motions to amend a paragraph should be put before the motion to strike out is put.' In this instance a motion to amend a paragraph should be put before the motion to strike out is put. In this instance a motion to amend a paragraph should be put before the motion to strike out is put. I think we are in a gray area, and I am willing to withdraw my ruling and let Mr. Kink present the amendment."

The Speaker: "It cannot be repeated. However, I think we are in a gray area, and I am willing to withdraw my ruling and let Mr. Kink present the amendment."

The Speaker stated the question before the House to be the amendment by Mr. Kink. Debate ensued, Representative Kink speaking in favor of adoption of the amendment, and Representative Whetzel speaking against it.

MOTION

On motion of Mr. Bledsoe, the amendment by Mr. Kink to Rule 44 was laid on the table. On motion of Mr. Copeland, Rule 45 as amended was adopted.

RULING BY THE SPEAKER

The Speaker: "We have an amendment on the desk to Rule 48. The Speaker has ruled that the amendment to this Rule was not included in the notice given yesterday, but Mr. Moon has given notice today and we will consider it tomorrow if he so desires."

POINT OF ORDER

Mr. Moon: "Earlier you allowed Representative O'Brien, who sits up in the front row, to present an amendment to Rule 3, and he had not given notice of this. I wonder, are you going to treat those of us who sit in the back row differently than those who sit in the front row?"

The Speaker: "It has been known to happen, but that really isn't the reason, Mr. Moon. I think to explain it, those rule changes that were contained in the resolution from the Rules Committee were before us. Rule 48 is not before us. If you want to give notice that we consider it tomorrow, I will recognize you for that purpose."

Mr. Moon: "I think I have already given notice. I just thought perhaps we might have an opportunity to consider Rule 48 at this time."

The Speaker: "Would I be right in assuming you were testing me, Mr. Moon?"

Mr. Moon: "Well you might be, but yesterday our President gave us some words of wisdom in his Inaugural Address, and I think that perhaps some of these words could relate to Rule 48, which is the gag rule."

The Speaker: "I think you are out of order. We will put you on the program tomorrow."
On motion of Mr. Copeland, Rule 57 as amended was adopted.

Mr. Sawyer moved adoption of the following amendment to the House Rules:

Amend Rule 82 as follows: In paragraph 4, line 2, strike "the committee on rules and administration" and insert "all standing committees"

RULING BY THE SPEAKER

The Speaker: "It appears, Mr. Sawyer, that there were two amendments on the desk prior to yours. The Clerk has them numbered. The amendment by Representatives Heavey, Litchman, Sprague and Grant should be considered first. They all deal with the same rule, so with the consent of the House and with your consent, we will consider their amendment first."

With the consent of the House, Mr. Sawyer withdrew his amendment to Rule 82.

Mr. Heavey moved the adoption of the following amendment by Representatives Heavey, Litchman, Sprague and Grant:

Amend House Rule 82 as follows: Strike the last paragraph and insert a new paragraph as follows:

"A record of the votes of members of the committee on rules and administration on any issue shall be kept and retained by the chief clerk until the end of the session. It shall be available for inspection by any interested person and inserted in the daily journal as a permanent record."

Mr. Bledsoe moved adoption of the following amendment to the amendment by Representatives Heavey, Litchman, Sprague and Grant to House Rule 82:

Amend the amendment by Representatives Heavey, Litchman, Sprague and Grant to House Rule 82 as follows: In the last line of the amendment strike the period following "as a permanent record" and insert ": Provided, That this provision shall be effective only if adopted as a joint rule of the Senate and House of Representatives. If no such joint rule be adopted, a record of the votes of the committee on rules and administration on any issue shall be ordered when demanded by one-third of the members present and shall be retained by the chief clerk until the end of the session. It shall be available for inspection by any interested person."

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, I refer you to Reed's Rule No. 224 entitled 'References to Another Legislative Branch', which reads as follows:

'It is not permissible to allude to the action of the other house of a legislature, or to refer to a debate there. Such conduct might lead to misunderstanding and ill-will between two bodies which must cooperate in order to properly serve the people. So, also, the action of the other body should not be referred to to influence the body the member is addressing.'

Therefore, in accordance with this rule, it would be out of order to consider Mr. Bledsoe's amendment at this time because he is alluding to possible action of the Senate on the joint rules, and apparently is trying to influence this body by making reference to the possibility of a joint rule being adopted to cover this part of our proceedings. I respectfully submit that this amendment by Mr. Bledsoe should be ruled out of order."

The Speaker declared the House to be at ease.

The Speaker called the House to order.

RULING BY THE SPEAKER

The Speaker: "Your point of order is out of order, Mr. O'Brien."

The Speaker stated the question before the House to be the amendment by Mr. Bledsoe to the amendment by Representatives Heavey, Litchman, Sprague and Grant to Rule 82.

Representatives Copeland, Berentson and Bledsoe spoke in favor of adoption of the amendment to the amendment to Rule 82, and Representatives O'Brien and Litchman spoke against it.

Mr. Newhouse demanded an electric roll call and the demand was sustained.

Further debate ensued, Representatives Farr and Leckenby speaking in favor of adoption of the amendment to the amendment, and Representatives Grant and Bottiger speaking against it.

Mr. Bledsoe demanded the previous question and the demand was sustained.
Mr. Heavey: "Mr. Speaker, Mr. Litchman has an amendment on the desk which would change the number of people required to abolish the secrecy provision. Now, assuming Mr. Bledsoe's amendment to the amendment is adopted, and my amendment to the rule then is adopted, would Mr. Litchman's amendment be in order?"

The Speaker: "We will consider the amendment to the amendment by Mr. Bledsoe. After it is disposed of, we will still have before us the amendment by Mr. Litchman, and since the proposed amendment to the amendment is not in conflict, it will be recognized."

Mr. Heavey: "Thank you, Mr. Speaker."

Mr. Bledsoe: "Mr. Speaker, inasmuch as some of the members did not have the amendment on their desks, would the clerk be good enough to read it again, please?"

The clerk reread the amendment to the amendment by Representative Bledsoe.

Mr. Sprague: "Mr. Speaker, the way Mr. Bledsoe has phrased his amendment, it relates to joint rules. Are the joint rules before us at this time?"

The Speaker: "No, if his amendment is adopted, and the resolution as amended is adopted by this body and becomes a part of our house rules, then it becomes incumbent upon the committee from the Rules Committee (Mr. O'Brien and Mr. Bledsoe) to work with a like Senate Committee in making proposals for the joint rules. In other words, we are saying to our committee: 'Work to have included in the joint rules this provision.'"

Mr. Perry: "In the event that the Senate then refuses to adopt this as a joint rule, in what position are our rules?"

The Speaker: "As is stated in the rules. We have an amendment to that pending."

Mr. Perry: "In other words, we are adopting a contingency in our rules. When we complete our work here today, we are still in a position of not knowing what the rules of the House are."

The Speaker: "Not at all."

Mr. Charette: "Mr. Speaker, if what you say is true, wouldn't the effect of the Senate not adopting this rule allow the majority here in the House to retain the secrecy they really want?"

The Speaker: "No, because we would still retain the same provision we have had in the past."

Mr. Moon: "Mr. Speaker, now I'm really confused and I think if I am confused, it might be that the public will be confused. It seems to me that we are going to have a period of suspense."

Mr. Bledsoe: "Mr. Speaker, we have had a motion to suspend debate. Now if we have a point of parliamentary inquiry, I submit, Mr. Speaker, that the gentleman is within his prerogative to rise, but if he gives a speech, he is out of order."

The Speaker: "Your point is well taken."

Mr. Moon: "My point of parliamentary inquiry is: What happens between now and the time the House group meets with the Senate group? As I interpret this rule, we have no rule in the House dealing with secrecy. In other words, as long as there is nothing done by the majority of this House, we have no rule until the time that it is adopted by the Senate. And if it is never adopted by the Senate, we will have no rule."

The Speaker: "This is not my understanding. It would appear to me that we would still be operating under the rule as it existed during the fortieth session. Now we have an amendment which we will consider, when we dispose of Mr. Bledsoe's amendment to the amendment, that deals with the percentage asking for a vote in the Rules Committee, and
NINTH DAY, JANUARY 21, 1969

that could very well change the rule. If that change is adopted by the body, then that
becomes the rule applicable to secrecy in the Rules Committee.”

Mr. Moon: “Then if we adopt Mr. Bledsoe’s amendment, we have before us the
six-member vote. We don’t have a completely open vote in the Rules Committee, but a
semirestricted one.”

PARLIAMENTARY INQUIRY

Mr. Beck: “As I understand this, you had an amendment by Mr. Grant, Mr. Heavey and
Mr. Litchman which makes the Rules Committee vote public. Now Mr. Bledsoe wants to
make this amendment contingent on what the Senate does. What will be the status of the
amendment by Mr. Grant, Mr. Litchman and Mr. Heavey if Mr. Bledsoe’s amendment
carries?”

The Speaker: “It will be before us.”
Mr. Beck: “What happens if we vote it down?”
The Speaker: “It won’t be before us.”
Mr. Beck: “Will their amendment be before us?”
The Speaker: “Not if we vote it down.”

PARLIAMENTARY INQUIRY

Mr. Sprague: “Mr. Speaker, it seems to me that it would be impossible for us to adopt
rules which govern the House, the several rules we are now dealing with, which refer to a
contingency which might or might not happen. Perhaps this is the origin of the rule in
Reed’s which Mr. O’Brien cited earlier, and I earnestly suggest that some parliamentary
inquiry be made before we vote on this.”

RULING BY THE SPEAKER

The Speaker: “It is my ruling that the amendment to the amendment by Mr. Bledsoe is
in order. A roll call has been demanded. The Speaker will start the electric roll call machine,
and the clerk will take the record.”

ROLL CALL

The Clerk called the roll on the amendment by Mr. Bledsoe to the amendment by
Representatives Heavey, Litchman, Sprague and Grant to Rule 82 of the House Rules, and

Mr. Litchman moved adoption of the following amendment by Representatives
Litchman, Heavey and Grant:

Amend the amendment by Representative Bledsoe to House Rule 82 as follows: Strike
“one-third of the members” and insert “one member”

Debate ensued, Representative Litchman speaking in favor of the adoption of the
amendment to the amendment, and Representative Newhouse speaking against it.

MOTION

On motion of Mr. Bledsoe, the amendment by Representatives Litchman, Heavey and
Grant to the amendment by Mr. Bledsoe was laid on the table.
Mr. Sawyer moved the adoption of the following amendment:
Amend House Rule 82 as follows: In paragraph 4, line 2, strike "the Committee on Rules and Administration" and insert "all standing committees"

Debate ensued, Representative Sawyer speaking in favor of adoption of the amendment and Representative Whetzel speaking against its adoption.

Mr. King demanded an electric roll call and the demand was sustained.

Mr. Chatalas demanded the previous question and the demand was not sustained.

MOTION

On motion of Mr. Bledsoe, the amendment by Mr. Sawyer to House Rule 82 was laid on the table.

PARLIAMENTARY INQUIRY

Mr. Sawyer: "Is that an example of the gag rule we have been talking about for so many months?"

The Speaker stated the question before the House to be adoption of the amendment by Representatives Heavey, Litchman, Sprague and Grant to House Rule 82 as amended by Mr. Bledsoe.

Mr. Sawyer demanded an electric roll call and the demand was sustained.

Representatives Heavey and Bledsoe spoke in favor of adoption of the amendment as amended.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

Representative O'Brien spoke in favor of adoption of the amendment as amended.

ROLL CALL

The Clerk called the roll on the adoption of the amendment to House Rule 82 by Representatives Heavey, Litchman, Sprague and Grant as amended by Mr. Bledsoe, and the amendment was adopted by the following vote: Yeas, 98; nays, 0; absent or not voting, 1.

Absent or not voting: Representative Backstrom—1.

PERSONAL PRIVILEGE

Mr. O'Brien: "Mr. Speaker, I would like to have the privilege of inserting in the record the reasons why the members on this side of the aisle voted for this amendment, as amended."

The Speaker: "If you will prepare the statement and bring it to the Chief Clerk, it will be inserted in the Journal."

STATEMENT FOR THE JOURNAL

We, the undersigned, members of the House of Representatives representing the Minority, hereby register our protest to the interpretation of the rule which violated Reed's Rule Number 224, in allowing an amendment by Representative Bledsoe to the amendment presented by Representatives Sprague, Heavey and Litchman. Rule 224 states that "it is not permissible to allude to the action of the other house of a legislature, or to refer to a debate
there. Such conduct might lead to misunderstanding and ill-will between two bodies which must cooperate in order to properly serve the people. So, also, the action of the other body should not be referred to to influence the body the member is addressing.

Representative Bledsoe's amendment to the amendment by Representatives Sprague, Heavey and Grant to House Rule 82 clearly intends to create the very area of misunderstanding and ill-will between the bodies of the 41st session of the Washington State Legislature which Reed's Rule Number 224 prohibits.

The Republican Majority of the House displays an unusual willingness to hamstring itself in its attempts to penalize the Minority Party and to pursue avenues of advantage to itself beyond the inherent advantage of the Majority Party.

Representative Bledsoe further attempts to violate Reed's Rule Number 224 continued when he amended the amendment to Rule Number 85.

The Republican Majority is willfully depriving all of the people of the state their proper accountability, an essential of Democratic government, of the voting records in the 41st session by refusing to eliminate secret vote proceedings in the Rules and Administration Committee, and by providing for the Committee of the Whole procedure whereby no recorded votes are made.

Mr. Grant moved the adoption of the following amendment by Representatives Grant, Heavey and Sprague:

"Strike House Rule 85 in its entirety."

Mr. Bledsoe moved the adoption of the following amendment to the amendment:

Strike the amendment by Representatives Grant, Heavey and Sprague which strikes House Rule 85 and add a new paragraph to Rule 85 as follows:

"Rules 85, 86, 87 and 88 shall be deleted from the rules at such time as the Joint Rules of the Senate and House of Representatives shall provide that neither house shall operate as a committee of the whole."

Mr. Bledsoe spoke in favor of adoption of the amendment to the amendment.

POINT OF ORDER

Mr. King: "Mr. Speaker, as I understand it, the proposed amendment by Representatives Grant, Heavey and Sprague deals with Rule 85. The amendment to the amendment refers to other rules, hence is larger in scope than the original, so therefore would not be germane to Rule 85 which we are discussing."

The Speaker: "You are right. We are just trying to expedite the proceedings because of the hour. If you would like to divide the question and take each rule with an amendment separately, we would be glad to do that. However, you can make your point, we can make ours, and we can handle it with dispatch in this manner."

Mr. King: "I think since these are separate matters and are very important that the issues should be divided."

The Speaker stated that with the consent of the maker of the amendment to the amendment, it would indicate as applying only to House Rule 85.

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, point of order. I would like to place in the record a reiteration of my remarks in connection with Reed's Rule 224, 'References to Another Legislative Branch.' I believe my remarks are pertinent to this amendment to the amendment by Mr. Bledsoe as they were in the previous objection to his prior amendment."

The Speaker: "I don't think that it is necessary for you to request that this be inserted in the record. Points of Order automatically go into the record, Mr. O'Brien. Your remarks and my rulings will be in there officially. If you want to insert a statement, bring it to the Chief Clerk."

Debate ensued, Representative Bledsoe continuing his remarks in favor of the amendment to the amendment, and Representatives Perry, Grant, Moon, King and Sprague speaking against it.

POINT OF INQUIRY

Mr. Sprague yielded to question by Mr. Leckenby.

Mr. Leckenby: "Representative Sprague, can you tell me how a person on this floor can support a particular program, and be recorded as supporting that program, when he has a recorded vote which is opposed to an amendment that would increase the appropriation
for that particular program? It is obvious that when a Representative has a recorded vote against an increased appropriation, the opposition can use this, and have used it. They have used it against me, saying that I have opposed such-and-such a program. I think in such matters as voting on appropriations bills that we cannot be expected to submit to this type of treatment."

POINT OF ORDER

Mr. Charette: "Mr. Speaker, Mr. Leckenby gained the floor on a point of inquiry. Now he is making a speech. I think that violates the rules."

The Speaker: "Your point is well taken, Mr. Charette. Would you care to answer whatever part of that was a question, Mr. Sprague?"

Mr. Sprague: "It seems to me again that Mr. Leckenby is falling into the same trap that Mr. Bledsoe did in his defense of the committee as a whole. In effect, what Mr. Leckenby is saying (to answer his question) is that my vote should not be recorded. The problem Mr. Leckenby brings up is not unique in many, many areas of activity of this body. Again, he has fallen into the same trap that Mr. Bledsoe did, which is a trap which says 'I must justify secrecy: on some occasions I am in favor of secrecy, but not in the critical votes."

Further debate ensued, Representatives Wolf and Harris speaking in favor of adoption of the amendment to the amendment to Rule 85, and Representatives Kalich, Sawyer and Grant speaking against it.

Mr. Bledsoe demanded the previous question and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Mr. Bledsoe to the amendment by Representatives Heavey, Sprague and Grant to House Rule 85. The motion was carried and the amendment to the amendment was adopted by the following vote: Yeas, 56; nays, 42; absent or not voting, 1.

Voting yea: Representatives Amen, Barden, Benitz, Berentson, Bledsoe, Bluechel, Brown, Chapin, Clark (Newman H.), Clarke (George W.), Conway, Copeland, Cunningham, Curtis, Evans, Farr, Flanagan, Gladder, Goldsworthy, Harris, Hatfield, Hawley, Hoggins, Hubbard, Jueling, Julin, Kirk, Kiskaddon, Kopet, Kuehnle, Leckenby, Leland, Lynch, Mahaffey, McCaffree, Mentor, Morrison, Murray, Newhouse, North, O'Dell, Pardini, Richardson, Saling, Schumaker, Scott, Shera, Smythe, Spanton, Swayze, Veroske, Wanamaker, Whetzel, Wolf, Zimmerman, Mr. Speaker—56.

Absent or not voting: Representative Backstrom—1.

The Speaker stated the question before the House to be adoption of the amendment by Representatives Heavey, Sprague and Grant to House Rule 85, as amended.

The amendment as amended was adopted.

On motion of Mr. Bledsoe, House Rule 85 as amended was adopted.

Mr. Grant moved the adoption of the following amendment by Representatives Grant, Heavey and Sprague:

"Strike House Rule 86 in its entirety."

Mr. Bledsoe moved the adoption of the following amendment to the amendment:

"Strike the amendment by Representatives Grant, Heavey and Sprague which strikes Rule 86 and insert a new paragraph to Rule 86 as follows:

"House Rule 86 shall be deleted from the rules at such time as the Joint Rules of the Senate and House of Representatives shall provide that neither house shall operate as a committee of the whole."

Mr. Bledsoe spoke in favor of adoption of the amendment to the amendment.

PARLIAMENTARY INQUIRY

Mr. Heavey: "Mr. Speaker, would it be in order for me to move that the amendments dealing with Rules 86, 87 and 88 be combined into one motion to be considered by the body at the same time?"

The Speaker: "I think it would be agreeable."
NINTH DAY, JANUARY 21, 1969

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, point of order. These rules cover different subject matters. On that basis, and according to parliamentary procedure, they are separate questions. As individual subject matters, I believe you should handle them separately. You are starting a bad precedent by combining different subject matters in one motion."

The Speaker: "Mr. O'Brien, if you and Mr. Heavey come to some sort of agreement, I would then be glad to do whatever you think will expedite the procedure."

Mr. O'Brien: "I don't think it is a question of Mr. Heavey's position and my position. I think it is a question of parliamentary procedure according to Reed's Rules and our House Rules."

MOTIONS

On motion of Mr. Copeland, the rules were suspended and Mr. Bledsoe's amendment was extended to include House Rules 86, 87 and 88.

On motion of Mr. Bledsoe, the amendment as amended to House Rule 86 was adopted.

On motion of Mr. Copeland, House Rule 86, as amended, was adopted.

Mr. O'Brien moved adoption of the following amendment to House Rule 87:

Amend House Rule 87 as follows: In paragraph 3, line 3, after "journal" and before the period, insert:

"Provided further, That tape recordings of the committee of the whole proceedings shall be made available to any member upon request."

Mr. O'Brien spoke in favor of adoption of the amendment.

The motion was lost and the amendment was not adopted on a rising vote.

REQUEST FOR INFORMATION

Mr. Perry: "Mr. Speaker, will you explain in what position the tape recordings are now? In other words, is it going to be edited, and not available to all members? Now that we have been defeated in our attempt to put into the record that we may be able to obtain a copy of the unedited tape, will it be available to us or not?"

The Speaker: "We are entering into a new era of procedure in this matter of electronic data processing. The purpose of the taping of every word uttered here in this chamber is for us to back up legislative intent. In the past, the journal has reflected the action of the House, but perhaps has not gone far enough in relating actual debate as to what the intent is of a member or a sponsor of a bill on a particular issue. I would presume that, handicapped only by the mechanical procedure of playing the tape back to the portion that deals with the item, it is going to be open to the members. It is my intention to set up some sort of procedure for a member to come and say, 'I would like to play back that portion of the tape dealing with House Bill 99 yesterday,' and we will try to work out the mechanics with the operator, to set up an appointment for you to go down and listen to it."

Mr. Perry: "Mr. Speaker, I believe it is an extremely important point that this be made available to everybody or nobody. I ask that you do make this a formal part of the proceedings."

The Speaker: "There will probably have to be some controls, but it is so new that we really haven't been able to formulate a policy on it. I think if you will bear with me, we will do whatever is right."

REQUEST FOR INFORMATION

Mr. Heavey: "Are not all matters that take place in this House matters of public record? Therefore, would not any transcription also be a public record?"

The Speaker: "I think this is true, but I think we still have to set up some sort of procedure so that we don't have people running in interrupting the operator and saying, 'play back what happened yesterday.'"

Mr. Heavey: "I quite agree with that, Mr. Speaker, because all public records must be examined at reasonable times and during reasonable hours. I just want to make certain that this is public record, and any transcription thereof is public record."

The Speaker: "This apparently is the intent."

Amendment by Representatives Grant and Heavey:

Amend House Rule 87 as follows: Strike "No roll call shall be taken in committee of the whole, and no record of proceedings except its report shall be placed in the journal."

With the consent of the House, Mr. Grant withdrew the amendment.
On motion of Mr. Bledsoe, the amendment as amended to House Rule 87 was adopted.

Amendment by Representatives Grant, Litchman, King and Heavey:

Amend House Rule 88 as follows: Strike paragraphs 3 and 4 which read as follows:

"Bills appropriating money may be considered in the committee of the whole house
and when so considered no change in the amount appropriated shall be made outside of the
committee of the whole.

"No amendment to the general appropriation bill, commonly known as the budget,
adding any new item, or items, thereto not incorporated in the bill as reported by the
committee of the whole, shall be adopted except by the affirmative vote of two-thirds of
the representatives elected."

With the consent of the House, Mr. Grant withdrew the amendment.

Mr. O'Brien moved adoption of the following amendment:

Amend House Rule 88 as follows: Add a new paragraph as follows:

"Tape recordings of the committee of the whole will be made available to the
respective party caucuses upon request."

Debate ensued, Representative O'Brien speaking in favor of adoption of the
amendment, and Mr. Bledsoe speaking against its adoption.

Mr. King demanded an electric roll call, and the demand was sustained.

On motion of Mr. Newhouse, the amendment by Mr. O'Brien was laid on the table.

On motion of Mr. Bledsoe, the amendment as amended to House Rule 88 was adopted.

On motion of Mr. Copeland, House Rule 88 as amended was adopted.

The Speaker stated the question before the House to be adoption of House Resolution
No. 69-8 as amended.

Mr. Newhouse demanded an electric roll call, and the demand was sustained.

Debate ensued, Representative O'Brien speaking against adoption of the resolution and
Representative Bledsoe speaking in favor of its adoption.

The Clerk called the roll on the adoption of House Resolution No. 69-8 as amended,
and the resolution was adopted by the following vote: Yeas, 56; nays, 42; absent or not
voting, 1.

Voting yea: Representatives Amen, Barden, Benitz, Berentson, Bledsoe, Bluechel,
Brown, Chapin, Clark (Newman H.), Clarke (George W.), Conway, Copeland, Cunningham,
Curtis, Evans, Farr, Flanagan, Gladder, Goldsworthy, Harris, Hatfield, Hawley, Hoggins,
Hubbard, Jueling, Julin, Kirk, Kiskaddon, Kopet, Kuehnle, Leckenby, Leland, Lynch,
Mahaffey, McCaffree, Mentor, Morrison, Murray, Newhouse, North, O'Dell, Pardini,
Richardson, Saling, Schumaker, Scott, Shera, Smythe, Spanton, Swayne, Veroske,

Marsh, Martinis, Marzano, May, McCormick, Merrill, Moon, O'Brien, Perry, Randall,
Rosellini, Savage, Sawyer, Sprague, Thompson, Wojahn—42.

Absent or not voting: Representative Backstrom—1.

Mr. Litchman: "Mr. Speaker, it was my understanding in the past that we didn't have
to ask permission of the Speaker to insert a statement in the record. Is it now necessary that
we ask the Speaker each time we wish to insert a statement in the record, or can we do this
automatically?"

The Speaker: "I think there has always been some indication required from the
member or from the caucus that a statement will be inserted. We have always acknowledged
it and indicated that the Chief Clerk would take care of it. I think there should be a statement of your intention. You need not request permission. You could just say, 'I would like to insert a statement.'"

Mr. Litchman: "Is there a time limitation? For instance, right now I would like to give notice that at some subsequent time I would like to express myself in the record, but let's assume that a day went by, or a half day went by."

The Speaker: "As long as it doesn't go too long. Here again we have a mechanical problem of getting these things into the permanent record. A reasonable time would be granted anyone who wanted to insert a statement in the journal."

MOTIONS

On motion of Mr. Bottiger, further business under the call of the House was dispensed with.

On motion of Mr. Newhouse, the House adjourned until 11:00 a.m., Wednesday, January 22, 1969.

DON ELDRIDGE, Speaker.

ANNOUNCEMENT BY THE SPEAKER

The Speaker announced that under the provisions of the permanent House Rules adopted yesterday, it will not be necessary in the future for the first-named sponsor of a bill to move for a suspension of the rules to permit the names of additional sponsors to be added if the names are on the bill prior to first reading. However, after the first reading, if a member desires to become an additional sponsor of the bill, a motion by the first-named sponsor to suspend the rules will be required. The reading clerk will read the name of the prime sponsor only, and will use the words "and others" to cover all other sponsors of the bill, which will eliminate the necessity of reading a long list of names.
TO THE HONORABLE, THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON,

LADIES AND GENTLEMEN:

As I stated on January 15, in my Inaugural Message, "It is time to reconstruct the executive branch of government so that we can begin to manage the business of the people, instead of just cope with it; so that we can bring the services of government to bear quickly on emerging problems—instead of dividing our efforts through dozens of functions in far too many separate departments and agencies."

For this end, I will within the next few days, have introduced by executive request seven major reorganization bills. These bills would establish a Department of Transportation, a Department of Environmental Quality, a Department of Social and Health Services, a Department of Manpower and Industry, a Department of Community Affairs and Development, an Office of Program Planning and Fiscal Management and would provide for the merger of the highway personnel system into the State Department of Personnel. A brief description of these bills is as follows:

I. Department of Transportation

This bill will create a seven-member Transportation Commission which will establish policy for and give direction to the department. Its membership will be composed of the present Highway Commission plus two additional members. The Director of the Department will be appointed by the Governor. The Department of Transportation will succeed to the present powers of the Highway Department, Highway Commission, Toll Bridge Authority, Aeronautics Commission, Canal Commission, Traffic Safety Commission, Pilotage Commission and the Urban Arterial Board.

The Urban Arterial Board and the Pilotage Commission will remain intact within the consolidated department.

The department will become the agency of state government which will deal broadly and comprehensively with transportation planning and development.

II. The Department of Environmental Quality

This bill will consolidate into a single agency of state government the pollution control programs of the state. Included are the present powers of the Air Pollution Control Board, the Water Pollution Control Commission and the pollution programs now within the Department of Health. The bill will charge the department with broad responsibility not only to enforce pollution laws relating to air, water and land pollution, but also to make studies of other problems which relate to the degradation and contamination of the environment. A seven-member commission will establish policy for the agency.

III. Department of Social and Health Services

This bill will consolidate the present Departments of Public Assistance, Health, and Institutions and the Veterans' Rehabilitation Council. The department is designed to integrate and coordinate all those activities involving provision for the care of individuals who as the result of their economic, social or health conditions, require financial assistance, health services or institutional care and services. The Veterans' Rehabilitation Council will become an advisory council to the department.

By this consolidation of functions it is intended that the department will have greater capacity to deliver coordinated services to individuals through a comprehensive program. It will allow the development of a unified system for the delivery of social and health services to replace the fragmented delivery system which now tends to be the case.

IV. Department of Manpower and Industry

This bill will consolidate the present Departments of Employment Security and Labor and Industries and the Division of Vocational Rehabilitation of the Coordinating Council for Occupational Education. It will consolidate into a single department those state programs dealing with training and rehabilitation needed to provide work skills to the individual, placement services to match the needs of employer and employee, labor relations services to mediate differences between labor and management, the economic protection of Industrial Insurance and Unemployment Compensation, and the industrial hygiene and safety and related inspection services needed to provide safe environments in places of work and public use. This department thus will be able to develop a comprehensive program dealing with the needs of individuals in their world of work.
V. Department of Community Affairs and Development

This bill will merge the community affairs functions of the present Planning and Community Affairs Agency with the functions of the State Office of Economic Opportunity and of the Board Against Discrimination. Under this bill the Board Against Discrimination will be expanded in size and will become an advisory council on human rights. The present functions of the board will be contained within a human rights division of the agency.

This agency will as a result have included within it the developing state programs as they relate to local governmental units, including counties and cities and various local governmental structures such as the Model Cities Programs and the Community Action Programs. The developing economic and social emphasis of the Discrimination Board activities are tending increasingly to merge with the community development efforts of the Community Affairs and the Office of Economic Opportunity programs.

VI. Office of Program Planning and Fiscal Management

This bill will consolidate within the Office of the Governor the present functions of the Central Budget Agency and the state program planning functions of the present Planning and Community Affairs Agency. This will allow the integration of the longer-range state planning functions with the short-range planning which presently goes on within the budget agency as part of the budget development process. Through this office state government will be able to maximize the developing planning concepts and better coordinate the various planning efforts carried on by the various units of state government.

VII. Consolidation of State Civil Service System

This bill will consolidate the functions of the highway department personnel board and the highway department personnel system into the State Personnel Board and the State Department of Personnel. All highway department employees will remain subject to the classification plan and compensation plan in effect on the effective date of the act.

There is no higher priority in state government than that of an efficient and effective system of management. The expanding role of state government, the increasing complexity of the problems we face in this state and the continuing demands for adequate service make it imperative that we take these important steps in the field of government reorganization. I urge the legislature to give its careful and favorable attention to this proposed legislation.

Sincerely,
DANIEL J. EVANS
Governor.

RESOLUTIONS

HOUSE RESOLUTION NO. 69-9, by Representatives Haussler, Morrison, Jolly, Bozarth, Jastad, Bledsoe, Flanagan and Amen:

WHEREAS, Grave concern has been widely expressed over the safety and hazards posed to agricultural workers in the State of Washington; and
WHEREAS, Agricultural workers are presently excluded by law from mandatory coverage under the workmen's compensation laws of the state; and
WHEREAS, The director of the department of labor and industries has announced, through administrative rule, the coverage of agricultural workers engaged in the hops and tree fruit industries, to become effective April 1, 1969; and
WHEREAS, The department of labor and industries has recommended in its report, dated January 2, 1969, that the Legislative Council conduct a study to determine the exact extent of extrahazardous employment among agricultural workers; and
WHEREAS, It is estimated that there are over 110,000 workers engaged in agricultural employment in Washington, and there is evidence that certain facets of agricultural employment are extrahazardous and are reported to be second only to the logging and construction industries in terms of injuries sustained;
NOW, THEREFORE, BE IT RESOLVED, That the Agriculture and Labor Committees of the Legislative Council jointly shall:
(1) Undertake a two year study of all pertinent facts regarding the applicability of workmen's compensation to agricultural workers and growers; and
(2) Determine whether the workmen's compensation laws should be amended to include under its coverage workmen's compensation benefits for agricultural workers, or any part thereof.
BE IT FURTHER RESOLVED, That the Legislative Council report the results of its study and recommendations based thereon to the 1971 Session of the Legislature.

Mr. Haussler moved adoption of the resolution.
Debate ensued, Representatives Haussler, Flanagan and Newhouse speaking in favor of adoption of the resolution and Representative Grant speaking against its adoption.
Mr. Newhouse: "Mr. Speaker, will Mr. Haussler yield to question? Mr. Haussler, would you agree that we might refer this to the Committee on Labor and Employment Security, without the purpose of killing it, for consideration later in the session?"

Mr. Haussler: "It is quite important to me that we adopt the resolution. There is no reason for opposing it, because the director himself wants the study before he declares any part of agricultural employment as extrahazardous. I think later on if you want to introduce legislation regarding this, it would be fine."

Representatives Amen and Sprague spoke in favor of adoption of the resolution.

Mr. Kink demanded the previous question, and the demand was not sustained.

WHEREAS, On the fifteenth day of January 1969, Daniel J. Evans, Governor of the State of Washington, has proclaimed the year 1969 as International DeMolay Year, and has called upon all our citizens to join in saluting the young men of the Order of DeMolay and in expressing our grateful appreciation of the fine examples set by these young leaders in contributing to the welfare and character of other young men of this state, thus aiding in the development and leadership of tomorrow;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the State of Washington that recognition be made by this legislature of the good work being done by the Order of DeMolay in building young men into good citizens, and further that the Order of DeMolay be congratulated on its fifty years of worthwhile existence in our state.

RESOLUTION

HOUSE RESOLUTION NO. 67-11, by Representatives O'Brien, Grant, King, Litchman, Bottiger and Marsh:

WHEREAS, It is most fitting and proper that the House of Representatives commend the Seattle Daily Times for its most timely and excellent editorial on the need to lift the veil of secrecy in the conduct of the Rules and Administration Committee and to abolish the "Committee of the Whole" where the entire House can transform itself into a lawmaking body in which no member's vote is recorded; and

WHEREAS, The editorial cited that the Northwest Regional Assembly, in a thoughtful study two years ago, stated that "Accountability, an essential of democratic government, would be enhanced by a public record of the yes and no votes of each member in all committees, including the Rules Committee."; and

WHEREAS, It is most essential that the House of Representatives act immediately to improve its Legislative Image by amending its permanent rules along the lines suggested in this thought-provoking editorial by eliminating the secret proceedings both in the Rules Committee and on the floor of the House;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives take this opportunity to express our appreciation to the Seattle Times for this forthright article on improving the legislative process.

Mr. Grant moved adoption of the resolution.

Representative Grant spoke in favor of adoption of the resolution.

POINT OF INQUIRY

Mr. Bottiger yielded to question by Mr. Charette:

Mr. Charette: "Mr. Bottiger, during the last session of the legislature, when Senator Washington introduced an amendment to make the Rules Committee vote in the Senate public, do you know what the vote was in the Senate on that particular matter?"

Mr. Bottiger: "Yes, I am familiar with that. It appears in the Senate Journal on page 135. There were some comments yesterday that the Democrats had blocked this effort; however, I would point out to you in reading the names, that of the twenty Republican Senators, fifteen voted not to consider it."

Representatives Bledsoe and O'Brien spoke in favor of adoption of the resolution.

POINT OF INQUIRY

Mr. Farr: "Mr. Speaker, is a copy of the editorial in question available? Some of the members have not had a chance to read it."

The Speaker: "Could the proponents of the measure supply us with a copy?"

Mr. O'Brien: "Yes, we would be very happy to do so; we have it right here."
Mr. Bledsoe yielded to question by Mr. Moon:

Mr. Moon: "I am still somewhat confused as to why you want to allow the votes of the Rules Committee to be available to the public, yet you deny the accountability of the entire House or individual members with your insistence on Rule 48."

The Speaker declared the question to be out of order.

Mr. Grant demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of House Resolution No. 69-11 by Representatives O'Brien, Grant, King, Litchman, Bottiger and Marsh, and the resolution was adopted by the following vote: Yeas, 97; nays, 0; absent or not voting, 2.

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

If any government is to perform effectively and if state government in Washington is to meet the difficult tasks of the years ahead it is imperative that the fundamental law, the Constitution, be responsive to current needs. To this end I propose the following legislation:

1. Tax Reform. My views on this subject were contained in the tax reform message delivered to the legislature on January 23. As I stated then, I believe this to be the number one priority of this legislature. Action during this session is urgently needed. By executive request a proposed constitutional amendment on tax reform will be introduced today. I am ready to work with the legislature to assure the passage of a tax reform amendment and legislation this session so as to allow for approval of the tax reform amendment by the people in November of this year.

2. Annual General Elections. So that tax reform and other constitutional amendments and referenda from the legislature can appear on the ballot the year they are passed, I endorse the Legislative Council Bill, House Bill No. 1, which provides for annual general elections.

3. Gateway Amendment. I endorse the gateway amendment recommended by the Constitutional Revision Commission. This authorizes constitutional amendment by broad subject matter instead of the present requirement of amendment by single subjects only. Approval of the gateway amendment would allow the legislature to do a comprehensive job of constitutional review and submit its action to the people.

4. Constitutional Revision Commission. A bipartisan commission was established by executive order last year. In addition to its recommendation on a gateway amendment it has made substantial progress in preparing a draft of a new Constitution.

I will have introduced by executive request legislation to continue this commission so that its completed draft of the Constitution can be made available to you for consideration during the 1970 session.

I believe a constitutional amendment to provide regular annual sessions of the legislature is necessary. In order, however, to keep the issues presented to the voters at the 1969 election to a minimum, I will not request an annual session amendment until the 1970 special session.

Passage of these bills and constitutional amendments will provide the needed tools for this state to continue to move ahead. I urge your favorable consideration.

Sincerely,

DANIEL J. EVANS
Governor.
The Speaker observed in the north gallery Troop 57, Cadet Scouts, of Bellevue, and asked them to stand and be recognized.

HOUSE RESOLUTION NO. 69-13, by Representatives Spanton, Barden, Hawley, Jueling, Benitz, Richardson, Schumaker, Kuehnle, Gladder, Kopet, and Clark (Newman H.):

WHEREAS, The rights of freedom of expression and nonviolent dissent are absolutely essential to the maintenance of a climate of intellectual endeavor and individual freedom; and

WHEREAS, Extreme militant elements on various college campuses throughout the state have through their actions and words demonstrated their intention to disrupt the orderly educational process in our institutions of higher learning; and

WHEREAS, These elements have intimidated college administrators through acts and/or threats of physical violence in support of totalitarian demands, and official acquiescence to these demands not only sets a precedent which will encourage even further disruptive acts but in many cases sacrifices the rights and interests of nonmilitant students; and

WHEREAS, An example of official acquiescence to these totalitarian demands and tactics is the recent act by the University of Washington Administration which denied the right of individual students to purchase grapes on campus because of the California grape boycott; and

WHEREAS, The state supported institutions of higher learning have no legitimate right to become involved in a private labor dispute;

BE IT THEREFORE RESOLVED, That the House of Representatives firmly goes on record as opposing the disruptive tactics of these campus militants and urges the administration of the various institutions to enforce order while maintaining a fundamental respect for the rights of each individual student.

On motion of Mr. Bledsoe, consideration of House Resolution No. 69-13 was deferred until the eighth order of business Monday, January 27, 1969.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery Girl Scout Cadet Troop No. 396 from Bremerton, and asked them to stand and be recognized.

PERSONAL PRIVILEGE

Mr. Clark (Newman H.): "May we be privileged with some comments from former Speaker Hodde?"

The Speaker: "It would be in order. I am sure that, being a former Speaker, he can speak at the drop of a hat, so I'll drop mine, and let former Speaker Hodde make some comments."

Mr. Hodde: "Thank you, Mr. Speaker. The only reason I do this is to keep the privilege open to you when you become an ex-Speaker sometime. Most people, of course, are just very happy to be left alone when they are up here. If they have been Speaker they realize that it is not a novelty any more. John O'Brien would attest to that. Let me merely say that I heartily approve of the way you have dressed the place up since I was here. I was a little disappointed not to find any of my footprints around. You rolled them up and hauled them away, apparently, but they weren't showing very much anyway. It is surprising how fast they disappear when you get into some other activity. It is nice to be with you. Thank you, and I hope to talk with some of you before the day is over."

MOTION

On motion of Mr. Newhouse, the House adjourned until 12:00 noon, Monday, January 27, 1969.

TO THE HONORABLE, THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON,
LADIES AND GENTLEMEN:

During the next several days I am having introduced by executive request a series of bills relating to Human Resources in the state of Washington. These bills cover a wide range, dealing with housing, health facilities, parolees and other groups and individuals needing assistance from the state to help them become fully involved as citizens. Without exception this is legislation which places this state and its people in the position of caring. Each request is important and I urge the legislature to give these bills prompt and favorable consideration.

The bills to be introduced, together with a short description, are as follows:

1. Health Care Facilities Licensing

The health care facilities licensing bill is a bill which is designed to provide for the first time, one comprehensive act embracing the licensing of all health care facilities in the state of Washington, with one advisory council, and uniform requirements for inspection by the state fire marshal and the Electrical Division of Labor and Industries.

2. Medical Examiner

This act abolishes the present county coroner system and and sets up within the State Department of Health a medical examiners system.

3. Retarded Group Home Authority

This bill authorizes the Department of Institutions to pay all or a portion of the cost of care, support and training for residents of state residential schools for the mentally or physically deficient persons who are placed in group homes. The payments to be made for such placements will be supplementary to any payments from the estate of such residents or from any other source which may be available for the support of such residents in group homes.

4. Work Release Housing

This bill authorizes the Director of the Department of Institutions to lease appropriate facilities to house work release participants from the state correctional institutions and provide for their subsistence and supervision. The work release participants so placed will be required to reimburse the department the per capita cost of their subsistence and lodging.

Under the present state work release program the participants must either commute daily from the correctional institutions or be placed in local jails. Requiring the participants to return to the correctional institution each night severely limits the scope of the program and typically local jails are ill-suited to accommodate such a program. The housing of work release participants within communities under close supervision for qualified candidates will provide an additional tool to bridge the gap of returning the prisoner to the community.

5. Probation Incentive

This plan provides a method of financing improved county juvenile probation services. Reductions in commitments would develop financial savings to the state which would be passed on to county probation programs. Each county participating in the program and reducing its rate of commitments could receive up to $4,000 in reimbursement for each uncommitted case to finance the improved probation services.

Since the costs of institutional care per case are substantially higher than the maximum reimbursement that would be available to counties under this plan, the results of this program would be: (1) reduction in the overall cost to the state for rehabilitating selected delinquent youths; (2) higher quality probation services; (3) increased protection to the communities through more effective probationary supervision; (4) reduced commitment rates to state juvenile rehabilitation institutions; (5) reduced involvement of youths in repeated offenses.

6. Parole Revocation and Board Expansion

This bill establishes the procedures for on-sight revocation hearings for persons accused of violating the terms of their parole. The bill describes the procedures for the arrest, detention and hearings relating to parole revocations, including the right of the parolee to counsel at such hearings. The bill also prohibits the release from custody on bail or personal recognizance of persons who have been arrested for parole violation until such time as a determination has been made as to whether the parole should be revoked.
This bill also defines the authority of the Board of Prison Terms and Paroles to establish regulations concerning procedural matters relating to parole.

The size of the Parole Board is increased from five to seven members.

7. Work Incentive Program

This bill implements the federal work incentive training program at the state level. It is aimed at providing training and employment for persons presently receiving Aid to Families with Dependent Children from the Department of Public Assistance.

8. Training Opportunities Program

This bill is a companion bill to the work incentive training program bill. While the latter is limited in scope to recipients of Aid to Families with Dependent Children, under this state sponsored program the same approach will be used for other potentially employable persons presently receiving assistance from the Department of Public Assistance.

The objective of the program is to provide the necessary services and opportunities to public assistance recipients so that they can become wage-earning members of society and restore themselves and their families to independence and useful roles in their communities.

9. Fair Housing

This bill prohibits discrimination because of race, creed, color or national origin by brokers or owners in all real estate transactions.

This bill prohibits "blockbusting" and voids restrictive covenants, and provides that where a discriminatory practice relating to real estate has occurred a notice may be posted on the premises whereby for a period of forty days any prospective transferee will take the property subject to any rights of the complainant.

10. Housing Development

This act establishes a housing structure within the proposed State Community Affairs and Development Agency for encouragement of low cost housing by assisting cities and counties and by providing for certification of private incorporated housing development corporations which meet established criteria. The state shall not, itself, construct housing but shall give technical and financial assistance to the certified housing development corporations.

Sincerely,

DANIEL J. EVANS
Governor.

RESOLUTIONS

The House resumed consideration of HOUSE RESOLUTION NO. 69-9, by Representatives Haussler, Morrison, Jolly, Bozarth, Jastad, Bledsoe, Flanagan and Amen:

WHEREAS, Grave concern has been widely expressed over the safety and hazards posed to agricultural workers in the State of Washington; and

WHEREAS, Agricultural workers are presently excluded by law from mandatory coverage under the workmen's compensation laws of the state; and

WHEREAS, The director of the department of labor and industries has announced, through administrative rule, the coverage of agricultural workers engaged in the hops and tree fruit industries, to become effective April 1, 1969; and

WHEREAS, The department of labor and industries has recommended in its report, dated January 2, 1969, that the Legislative Council conduct a study to determine the exact extent of extrahazardous employment among agricultural workers; and

WHEREAS, It is estimated that there are over 110,000 workers engaged in agricultural employment in Washington, and there is evidence that certain facets of agricultural employment are extrahazardous and are reported to be second only to the logging and construction industries in terms of injuries sustained;

NOW, THEREFORE, BE IT RESOLVED, That the Agriculture and Labor Committees of the Legislative Council jointly shall:

(1) Undertake a two year study of all pertinent facts regarding the applicability of workmen's compensation to agricultural workers and growers; and

(2) Determine whether the workmen's compensation laws should be amended to include under its coverage workmen's compensation benefits for agricultural workers, or any part thereof.

BE IT FURTHER RESOLVED, That the Legislative Council report the results of its study and recommendations based thereon to the 1971 Session of the Legislature.

MOTION

On motion of Mr. Haussler, House Resolution No. 69-9 was referred to the Committee on Labor and Employment Security.

The House resumed consideration of HOUSE RESOLUTION NO. 69-13, by Representatives Spanton, Barden, Hawley, Jueling, Benitz, Richardson, Schumaker, Kuehnle, Gladder, Kopet and Clark (Newman H.): 

WHEREAS, The rights of freedom of expression and nonviolent dissent are absolutely essential to the maintenance of a climate of intellectual endeavor and individual freedom; and

WHEREAS, Extreme militant elements on various college campuses throughout the state have through their actions and words demonstrated their intention to disrupt the orderly educational process in our institutions of higher learning; and

WHEREAS, These elements have intimidated college administrators through acts and/or threats of physical violence in support of totalitarian demands, and official acquiescence to these demands not only sets a precedent which will encourage even further disruptive acts but in many cases sacrifices the rights and interests of nonmilitant students; and

WHEREAS, An example of official acquiescence to these totalitarian demands and tactics is the recent act by the University of Washington Administration which denied the right of individual students to purchase grapes on campus because of the California grape boycott; and

WHEREAS, The state supported institutions of higher learning have no legitimate right to become involved in a private labor dispute;

BE IT THEREFORE RESOLVED, That the House of Representatives firmly goes on record as opposing the disruptive tactics of these campus militants and urges the administration of the various institutions to enforce order while maintaining a fundamental respect for the rights of each individual student.

Mr. Spanton moved adoption of the resolution.

Mr. Spanton moved adoption of the following amendment to the resolution:

On page 1, strike all of paragraphs 4 and 5.

Representatives Spanton, Brouillet, Bledsoe and Litchman spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Grant yielded to question by Mr. Litchman.

Mr. Litchman: "It is my understanding that you have prepared a resolution as a substitute or as an amendment to the resolution by Mr. Spanton. Is that correct?"
FIFTEENTH DAY, JANUARY 27, 1969

Mr. Grant: "That is correct."

Mr. Litchman: "I wonder if you could differentiate or inform the body as to how your resolution differs from Mr. Spanton's resolution."

The Speaker: "Mr. Litchman, we have the amendment on the desk. It will be considered in due time and will be open for discussion. I think the question is out of order. We will take these things in an orderly fashion and discuss them. It is my understanding that you rose to support Mr. Spanton's amendment which would strike any reference to the University of Washington in the resolution."

Mr. Litchman: "Thank you, Mr. Speaker. The reason I raised this point was that it had not been called to my attention that Mr. Grant's substitute resolution was going to be considered. As long as the Speaker has indicated that his amendment or substitute resolution will be considered, I can withdraw my question to Mr. Grant."

The Speaker declared the House to be at ease.

The Speaker called the House to order.

The Speaker declared the question before the House to be adoption of the amendment by Mr. Spanton to House Resolution No. 69-13.

The motion was carried and the amendment was adopted.

Mr. Grant moved the adoption of the following amendment by Representatives Grant, King, Litchman, Backstrom and Sprague:

Strike all of the material after the word "RESOLUTION" and insert the following:

WHEREAS, The rights of freedom of expression and nonviolent dissent are absolutely essential to the maintenance of a climate of intellectual endeavor and individual freedom; and

WHEREAS, The state colleges, community colleges and universities, and private institutions in the State of Washington recognize this truism and have maintained an orderly educational process in our institutions of higher learning consistent with academic freedom; and

WHEREAS, Some institutions of higher education in this nation have been unable to cope with the very serious problem of maintenance of individual freedom and promotion of the educational process while opposing the disruptive tactics of a minority element attempting to halt the orderly educational process; and

WHEREAS, It is only fitting and proper the House of Representatives recognize the orderly manner in which faculty, administration and students have preserved education while retaining freedom of expression in this state; and

WHEREAS, The House of Representatives firmly opposes disruptive tactics on Washington State campuses by whomsoever and urges the Administration of our various institutions to continue enforcing order while maintaining fundamental respect for the rights of each individual;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives commend the faculty, administration and the students of our institutions of higher education for their contribution to a quality education and to maintenance of the democratic processes guaranteed by our Constitution and the Bill of Rights; and

BE IT FURTHER RESOLVED, That copies of this resolution be forwarded to the presidents of each of the institutions of higher education in the State of Washington.

Debate ensued, Representative Grant speaking in favor of adoption of the amendment and Representative Spanton speaking against its adoption.

MOTION

Mr. Brouillet moved the resolution be referred to the Committee on Higher Education.

Debate ensued, Representatives Brouillet and Sprague speaking in favor of the motion and Representative Spanton speaking against it.

POINT OF INQUIRY

Mr. Brouillet yielded to question by Mr. Wolf.

Mr. Wolf: "Mr. Brouillet, with your motion, are we in effect referring the commendation of the administration of the institutions to the committee?"

Mr. Brouillet: "Representative Wolf, as I understand it, we are referring the entire resolution including all the pending amendments to the Committee on Higher Education for its consideration."

Mr. Wolf: "Since the House hasn't acted on the amendment, would it be referred with the resolution?"

Mr. Brouillet: "I think the Speaker would have to rule, but it seems to me we are sending the entire matter to the committee."

Representative Bledsoe spoke against the motion to refer the resolution to the Committee on Higher Education.
Mr. O'Brien: "Mr. Speaker, point of order, the question before the House is the motion to refer the resolution as amended, together with the proposed amendment, to the Committee on Higher Education. It appears to me that the remarks should be germane to this motion and should pertain to whether or not the Committee on Higher Education would do justice to the amendment and the original resolution."

The Speaker: "I think your point is well taken, although a little tardy, Mr. O'Brien. It should have come during Mr. Brouillet's remarks. I will grant you a little leeway, Mr. Bledsoe, to make things even, but keep it short."

Mr. Bledsoe continued his remarks in opposition to the motion.

Mr. Grant yielded to question by Mrs. Lynch.

Mrs. Lynch: "Mr. Grant, I wholeheartedly agree with your amendment, but what I'm asking is, would you be willing to withdraw this, and tomorrow morning prepare it in resolution form? I personally would like to see this in the Higher Education Committee. I think both these resolutions should have a great deal of discussion, but I don't believe in the emotionalism on the floor. The facts should be determined in committee, and I can assure you that if these resolutions go to the committee, I will make sure we have a hearing on them."

Mr. Grant: "I agree with you, Representative Lynch, that this is no place to perfect the resolution, and I would be more than willing to refer this now—the total amendment—to the Higher Education Committee or present it tomorrow. I am not prepared at the moment, frankly, to accept Mr. Spanton's resolution as it has been amended. It still leaves much to be desired. I am not satisfied that Mr. Spanton's resolution has been perfected, and I would be willing to go either way."

The Speaker stated the question before the House to be the motion to refer House Resolution No. 69-13 to the Committee on Higher Education.

The motion was lost on a rising vote.

The Speaker stated the question before the House to be the amendment by Representatives Grant, King, Litchman, Backstrom and Sprague to House Resolution No. 69-13.

Mr. Chatalas demanded an electric roll call and the demand was sustained.

Mr. Harris: "The resolution as presented by the gentleman from Yakima has to do with the question of going on record or not on record as to our feeling on the disruptive tactics of campus militants. The subject matter of the amendment has to do with complimenting our educational institutions regarding quality education. I do not believe the subject matter of the amendment reaches the original intent of the original resolution. I think that this body ought to have the opportunity to vote on the clear-cut question, not of academic freedom, not of whether we are complimenting our institutions for quality education, but the problem presented to this body in the original resolution—the opposition to the activities of militants. That is the subject on which this body should be called upon to vote, and no other issue."

The Speaker: "I would have to rule that the material contained in the amendment is germane to the resolution. I will admit that there is some gray matter there, but I think in order to maintain your position you would vote against this amendment. That is the prerogative and the responsibility of this body."

MOTION

Mr. Heavey moved that the House defer further consideration of House Resolution No. 69-13 until the eighth order of business Tuesday, January 28, 1969.

Representatives Heavey and Bledsoe spoke in favor of the motion, and the motion was carried.

APPOINTMENT OF COMMITTEE

The Speaker appointed Representatives Spanton, Lynch, Grant and Brouillet as a committee to resolve the differences regarding House Resolution No. 69-13.
Mr. Bagnariol: "If it is possible, could the committee you have appointed see to it that we get a copy of any resolution they may come up with prior to the time we debate it on the floor?"

The Speaker: "I'm sure if an agreement is reached, they will do so."

WHEREAS, It is only fitting and proper the House of Representatives recognize the orderly manner in which faculty, administration and students have preserved education while retaining freedom of expression in this state; and

WHEREAS, The House of Representatives firmly opposes disruptive tactics on Washington State campuses by whomsoever and urges the Administration of our various institutions to continue enforcing order while maintaining fundamental respect for the rights of each individual;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives commend the faculty, administration and the students of our institutions of higher education for their contribution to a quality education and to maintenance of the democratic processes guaranteed by our Constitution and the Bill of Rights; and

On motion of Mr. Bledsoe, the following amendment by the Committee appointed by the Speaker was adopted:

WHEREAS, This minority has attempted to intimidate college administrators through acts and/or threats of physical violence in support of their demands; and

WHEREAS, Official acquiescence to such demands could set a precedent which would encourage even further disruptive acts and thereby interfere with the educational process of the vast majority of students seeking an education; and

WHEREAS, The administrators, faculty and responsible students of the state colleges, community colleges, universities, and private institutions in the State of Washington have in general maintained an orderly educational process consistent with individual freedom in our institutions of higher learning; and

WHEREAS, It is fitting that the House of Representatives express its policy in opposition to violent acts of those who would disrupt this orderly educational process;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives firmly goes on record as opposing the violent acts of those who would disrupt the orderly educational process and urges the administration of the various institutions of higher education of the State of Washington to enforce order therein while maintaining a fundamental respect for the rights of each individual student; and

BE IT FURTHER RESOLVED, That the House of Representatives commend those college administrators, faculty and students of this state who have contributed to the maintenance of an orderly educational process; and

MESSAGE FROM THE SENATE

Mr. Speaker: The Senate has passed:

HOUSE CONCURRENT RESOLUTION NO. 7,
and the same are herewith transmitted. WARD BOWDEN, Secretary.

MOTION
On motion of Mr. Bledsoe, the House reverted to the sixth order of business for the purpose of introduction and first reading of bills.

INTRODUCTION AND FIRST READING

SENATE BILL NO. 275, by Senators Greive and Bailey;
An Act relating to state government; providing for the subsistence and lodging of members of the legislature and the president of the senate; creating a new section; amending
SIXTEENTH DAY, JANUARY 28, 1969

section 1, chapter 173, Laws of 1941 as last amended by section 6, chapter 127, Laws of 1965 ex. sess. and RCW 44.04.080; and declaring an emergency.

On motion of Mr. Bledsoe, the rules were suspended, Senate Bill No. 275 was advanced to second reading and read the second time.

On motion of Mr. Bledsoe, the rules were suspended, the second reading considered the third, and Senate Bill No. 275 was placed on final passage.

Mr. Bledsoe demanded an oral roll call, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Senate Bill No. 275, and the bill passed the House by the following vote: Yeas, 53; nays, 46; absent or not voting, 0.

Voting yea: Representatives Adams, Anderson, Backstrom, Bagmariol, Barden, Berentson, Bledsoe, Bluechel, Ceccarelli, Chapin, Charette, Chatalas, Clark (Newman H.), Conner, Copeland, Cunningham, Fleming, Garrett, Grant, Hawley, Heavey, Hoggins, Hubbard, Jolly, Kalich, King, Kirk, Kiskaddon, Kopet, Leland, Litchman, Mahaffey, Marsh, Martinis, McCormick, Merrill, Moon, Murray, Newhouse, North, O'Brien, O'Dell, Pardini, Perry, Rosellini, Saling, Smythe, Sprague, Swayze, Whetzel, Wolf, Zimmerman, Mr. Speaker—53.

Senate Bill No. 275, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATIONS OF VOTE

I voted for Senate Bill No. 275 to increase legislators’ per diem from $25.00 to $40.00 a day in order to end a deadlock on legislative appropriations which has existed since the first day of the session. In the past I have voted against any increase in per diem or expense for legislators which would take effect during the current term for which I was serving. It is still my belief that such increases should take effect only after the next election so that the issue of the propriety of the increase could be considered by the voters when I stand for reelection. However, further delay in deciding the issue of legislators’ per diem would have involved greater hardship on the legislative employees, clerks, counsel, secretaries, pages, hostesses, cafeteria workers and sergeants at arms who have not yet received any pay for their services. Many of these employees have established temporary quarters in Olympia at considerable expense and have run out of funds for living expenses. Some have had to borrow money for their subsistence which would have been met by their paychecks if they were working for a private employer. They have been the innocent victims of the internal controversy among the legislators on the issue of legislators’ per diem. Today I voted to end this injustice. JONATHAN WHETZEL, 43rd District.

Because many legislators, both Senators and Representatives, have undue expenses while at Olympia involving high rent at the capital city, plus expenses at their own homes, I voted “yes” on Senate Bill No. 275. Some Spokane district legislators particularly are so affected.

The bill provides that up to $40.00 per day be allowed and a smaller amount can be accepted. I do not intend to accept the full per diem. HAROLD S. ZIMMERMAN, 17th District.

SENATE BILL NO. 276, by Senators Durkan and Ryder:

An Act relating to the expenses and costs of the legislature including subsistence payments and expenses of members; making appropriations; and declaring an emergency.

On motion of Mr. Bledsoe, the rules were suspended, Senate Bill No. 276 was advanced to second reading and read the second time.

On motion of Mr. Bledsoe, the rules were suspended, the second reading considered the third, and Senate Bill No. 276 was placed on final passage.
Representative Bledsoe spoke in favor of passage of the bill. Mr. Newhouse demanded an oral roll call, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Senate Bill No. 276, and the bill passed the House by the following vote: Yeas, 93; nays, 6; absent or not voting, 0.

Senate Bill No. 276, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. Bledsoe, the House advanced to the twelfth order of business.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House former State Representative Fred R. Mast of Seattle and requested that Representatives Bledsoe and O'Brien conduct him to a place on the rostrum.

The Speaker: "At this time I would like to invite former Representative Mast to give us a few words of wisdom."

Representative Mast: "I don't know how much wisdom there will be, but I want you to know that I am happy to be here and to see all my old friends. Looking over the new members, I think you have a tremendous House here, and I know you are going to do an outstanding job. God be with you, and I wish you the best of luck. Thank you."

The Speaker: "I am sure Representative Mast has noticed a few changes in the faces and decor, and probably with a little nostalgia, at times, wishes he were back with us."

MOTION

On motion of Mr. Newhouse, the House adjourned until 11:00 a.m., Wednesday, January 29, 1969.

DON ELDREDGE, Speaker.

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE HOUSE OF REPRESENTATIVES, OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

Within the next several days I will have introduced by executive request a series of bills relative to recreation and the environment. The people of Washington have made it clear, particularly by their overwhelming endorsement of environmental legislation in the 1968 election, that they consider action to preserve our environment of prime importance. In the 1967 session of the legislature great progress was made in this area. The bills which I propose to this session of the legislature are of equal importance and will help to assure that the environment we enjoy today will be passed on to those who follow us.

The bills which will be introduced are as follows:

1. Surface Mining. This legislation would require strip mining operations to meet standards set by the state and to reclaim surface mining sites.

2. Shorelands and Rivers Inventory. These will be companion bills which provide for the inventory and classification of shorelands, tidelands, and rivers in Washington. Classification plans will be presented to the legislature and to local government bodies for further action.

3. Boating Safety. This bill would provide for statewide boating safety regulations. Administration, licensing and educational programs would be conducted by the state. The basic enforcement of the safety regulations would be by county law enforcement agencies, with concurrent jurisdiction for state law enforcement agencies.

4. Seashore Conservation. These would be amendments to the 1967 Seashore Conservation Act to provide for better administration of the ocean beaches by the Parks Department.

5. Sale of Shorelands. This act would change the present statute which requires sale by the state of second class shorelands to the abutting upland owner to allowing such sale to be made only if it is in the public interest. I endorse HB 175 established by the Legislative Council request.

6. Clean Air Act. This would amend the 1967 air pollution act to allow for concurrent jurisdiction by the state and local air agencies when the state asserts statewide jurisdiction over a specific type of air pollution.

7. Solid Waste Act. This pertains to a state program to assist in the disposal of garbage and other solid wastes.

8. Western Interstate Nuclear Compact. This would allow the state to cooperate with other states in the west in taking full advantage of developments in the field of nuclear energy.

9. Columbia River Fisheries Compact. This would amend the 1919 Columbia River Fisheries Compact in two essentials: (1) Bring Idaho in as a member to have a vote on those fisheries in which Idaho has an interest; (2) Add three members to the compact—Idaho Fish and Game Commission; Oregon Game Commission and the Washington Game Commission. The compact is presently composed of the Oregon Fish Commission and the Washington Department of Fisheries. Under the amendment to the compact each state, Oregon, Washington and Idaho would have one vote each.

10. Current Use Taxation. HB 26, a Legislative Council bill would implement HJR 1 pertaining to taxation of land at current use rather than highest and best use. I endorse the Legislative Council bill.

Each of these bills is important to the recreational and environmental welfare of this state. I urge the legislature to give prompt and favorable consideration to them.

Sincerely,

DANIEL J. EVANS
Governor.

Mr. Speaker: The President has signed: HOUSE CONCURRENT RESOLUTION NO. 7, and the same is herewith transmitted. WARD BOWDEN, Secretary.

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

This final group of executive request bills is concerned with labor, education and youth and effective government. Some of the issues with which these bills are concerned deal with specific areas of interest while others have a broader impact. Each one of them in some measure will contribute to the ability of government to serve the people and for the people to have a more active and determining role in the process of government. I urge the legislature to give these bills its full consideration and its approval.

The bills, broken down into categories are as follows:

LABOR

1. Unemployment Compensation. It is imperative that this session of the legislature address itself to the unmet problems of the Unemployment Compensation program, so that updated benefits can be provided to our injured workmen. In the hope that the representatives of labor and management will themselves be able to find a satisfactory solution to their differences I will not at this time submit an executive request bill on Unemployment Compensation but will await the outcome of continuing discussion between the representatives of labor and management.

2. Workmen's Compensation. Washington State's Workmen's Compensation Act currently meets 16 of the 23 internationally recognized standards. The primary purpose of the bill is to bring our Act into conformity with two more standards:
   (1) Maximum temporary benefits equal to 2/3 of the state's average wage.
   (2) Temporary disability awards retroactive to date of injury if disability continues through at least 14 days.

3. Full Health Insurance Coverage for State Employees. With the rapid rise in health care costs, adequate health insurance coverage has become increasingly important. Accordingly, I will submit a bill which will authorize the payment of 100% of the health insurance premiums by the state for its employees. Under this program the employees will have the option to include their dependents within the health insurance program at their own expense.

EDUCATION AND YOUTH

1. Coordinating Council for Higher Education. The need for longer-range planning and coordination between the institutions of higher education of our state, both public and private, along with representatives of the public, the legislature and the executive has become increasingly important. The bill submitted by the Temporary Advisory Council on Public Higher Education should accomplish these objectives and I accordingly endorse their bill to establish a Council on Higher Education.

2. Governor's Youth Advisory Council. This bill creates a 14-member Youth Advisory Council which would advise the Governor, the Council on Children and Youth and other appropriate state agencies on the problems and needs of the youth of our state.

3. Student's Representatives on Boards of Regents. This bill authorizes the addition to each university, college and community college board of a student representative selected by the students of the respective institutions.

4. Reduction of the Voting Age to 18 Years. This constitutional amendment will allow persons between the ages of 18 and 21 to vote. With the greater knowledge and responsibility placed upon younger adults it has become increasingly important that they also be provided with the privilege to vote and thereby to participate more actively in the critical decisions which so directly affect them.

I also urge the legislature to give serious consideration to the problems of financial aid to persons seeking higher education and the question of providing financial aid directly to private institutions of higher education.

EFFECTIVE GOVERNMENT

1. I endorse the need for implementation of the constitutional amendment approved by the voters at the last election authorizing the creation of an intermediate court of appeals
to function between the trial court and the State Supreme Court. Congestion in our courts makes real to many litigants today the maxim that justice delayed is justice denied.

2. Elimination of Fee Justices. I endorse the Judicial Council bill which abolishes the remaining fee justices within the state.

3. Abolition of Capital Punishment. After careful consideration of the use of the death penalty I have concluded it has no significant deterrent effect upon the commission of capital offenses and it, of course, eliminates any possibility of rehabilitation. Experience throughout the country indicates that the death penalty can be both erratically and at times erroneously applied. I am convinced that adequate protection can be provided to the community by the incarceration of persons convicted of violent crimes. Accordingly, I will submit a bill to abolish the use of capital punishment.

4. Community Municipal Corporations. This bill authorizes cities over 100,000 population to create community municipal corporations to represent areas within a city primarily in an advisory capacity on community development programs which affect their areas. This should create a mechanism whereby government can be brought closer to the people in our larger cities.

5. Doubling Debt Limitation of School Districts. This bill doubles the authorized debt limitation for school districts and should provide greater flexibility to school districts in meeting their capital requirements.

6. Regulation of the Reporting of Campaign Contributions and Expenses. This bill will for the first time provide the state with a strong and comprehensive statute for the reporting of the sources of campaign contributions, their amounts and the expenditures to which such contributions are put. It will require honest reporting and thus encourage higher standards by candidates for public office.

7. Presidential Preference Primary. The need for all of the citizens of our state to participate more directly in the process of the selection of our presidential candidates has become increasingly evident. This bill, patterned closely after the Oregon Primary, will allow every voter to express his preference for a presidential candidate and will bind the delegates sent to the respective national conventions for the first two ballots for the presidential nomination at the national conventions.

Sincerely,

DANIEL J. EVANS
Governor.

MOTION

Mr. Moon moved that the rules be suspended and House Bill No. 100 be rereferred to the Committee on Revenue and Taxation.

POINT OF ORDER

Mr. Newhouse: "Mr. Speaker, it is my understanding of the rules that any bill which carries an appropriation must be referred to the Committee on Appropriations; any bill concerned with revenue must be referred to the Committee on Revenue and Taxation. Would Mr. Moon's motion, then, properly require a suspension of the rules? I contend it would not require a suspension of the rules, but would require only a majority vote."

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, to my knowledge, we have never had an understanding that bills pertaining to revenue that come out of another committee automatically go to the Committee on Revenue and Taxation. Rule 26 states that: 'Upon being reported back by committee, all bills shall go to the Rules and Administration Committee.'"

RULING BY THE SPEAKER

The Speaker: "This is the reason it would require a suspension of the rules. We have no rule which indicates that bills reported from committee which have to do with revenue are automatically referred to the Revenue Committee. We do as far as bills which carry an appropriation, but not revenue. Therefore, in view of Rule 26, it would take a two-thirds vote of the body to refer the bill to Revenue and Taxation Committee."

POINT OF ORDER

Mr. Copeland: "Mr. Speaker, in the event the motion were to be made on the next working day after the bill had gone to Rules, would it then require a two-thirds vote to move the bill to the Committee on Revenue and Taxation or would it require just a majority?"

The Speaker: "Once it has been assigned to the committee, our rules provide that a majority vote can move it from one committee to another."

Mr. Copeland: "This is what I would like to point out. There is an inconsistency in this particular rule."

The Speaker stated the question before the House to be the motion to rerefer House Bill No. 100 to the Committee on Revenue and Taxation.

Representative Wolf spoke in opposition to the motion.
RULING BY THE SPEAKER

The Speaker: "Mr. Wolf, when I put the question, I indicated we would allow a statement on either side, but debate at this point would be out of order."

Representative Moon spoke in favor of the motion.

Mr. Ceccarelli demanded an electric roll call, and the demand was sustained.

POINT OF INQUIRY

Mr. Whetzel: "Mr. Speaker, I don't know if anyone has actually spoken against the motion to suspend the rules. If not, I would like to make a few short remarks at this time."

The Speaker: "Mr. Wolf alluded to this. I think we all know what is happening here, and this is not the proper time to debate the issue. We are giving each side the opportunity to make a statement in regard to suspension of the rules. If you want to say a word or two in that regard, I would permit it."

Representative Whetzel spoke against the motion.

PARLIAMENTARY INQUIRY

Mr. Barden: "Mr. Speaker, if the motion fails because it does not receive the two-thirds majority and the bill is subsequently referred to the Rules Committee, could the motion then be put again, requiring only a simple majority to rerefer the bill from the Rules Committee to the Revenue Committee?"

The Speaker: "I don't think I would recognize that motion at this time."

ROLL CALL

The Clerk called the roll on the motion to rerefer House Bill No. 100 to the Committee on Revenue and Taxation, and the motion was lost by the following vote: Yeas, 27; nays, 66; absent or not voting, 6.

"On page 7, section 2, line 1, after "obligation owed" and before the semicolon insert ": PROVIDED, HOWEVER, That those agencies issuing interest bearing warrants shall assign accounts receivable in an amount equal to the amount of the outstanding interest bearing warrants to the county treasurer issuing such interest bearing warrants."

STATEMENT FOR THE JOURNAL

I regret that I was unable to attend the session of the House on Friday, January 31, but I was "snowed in." I am fortunate to be able to rent a home out in a rural area of Thurston County. The scenery is lovely, but our private road out to the county road becomes impassable when there is a heavy snow. LOIS NORTH, 44th District.

Mr. Conner: "I note on our desks a publication entitled 'State and Local Responsibility for Education, 69-71, K-12.' Nowhere does it appear who supplied this publication. I thought nothing was to be put on the desk unless the name of the sponsor was supplied."

The Speaker: "I don't have that particular publication on my desk, but I have another one and am wondering where it came from. We have tried to have these things sent to your offices and not clutter up the desks here, but there seems to be a little weakness in the program and we will run it down."

WHEREAS, It is anticipated that these severe weather conditions will persist for the remainder of this winter season;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the members hereof feel great compassion and sympathy for such persons enduring these hardships and that we do hereby request the director of the department of public assistance to award to the recipients of all categories of public assistance an additional allowance for fuel for space heating requirements for each of the months of January and February 1969, in an amount equal to their regular allowance for this purpose; and

BE IT FURTHER RESOLVED, That copies of this resolution be forwarded forthwith by the Chief Clerk of the House, to the Honorable Daniel J. Evans, Governor of the State of Washington and to Mr. Sidney E. Smith, director of the department of public assistance.

On motion of Mr. Newhouse, the House adjourned until 11:00 a.m., Tuesday,

TWENTY-THIRD DAY

MORNING SESSION

House Chamber, Olympia, Wash., Tuesday, February 4, 1969.

The House was called to order at 11:00 a.m. by the Speaker. The Clerk called the roll
and all members were present except Representatives Newhouse and Sawyer. Representative
Newhouse was excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was
offered by the Reverend Glen D. Cole of the Assembly of God Church of Olympia.

Reading of the journal of the previous day was dispensed with and it was ordered to
stand approved.
The Speaker observed in the south gallery students from Quilcene High School and asked them to stand and be recognized.

The Speaker recognized within the bar of the House former State Representative and presently a distinguished member of Congress, the Honorable Julia Butler Hansen, and requested that Representatives Clark (Newman H.) and O'Brien conduct her to a place on the rostrum.

The Speaker: "On occasion I have commented to the members of the House that whenever I get in trouble, I always look to my predecessor, John O'Brien, who is a man of great experience and talent in legislative matters. I have said that all I know, I owe to John; and all John knows, he owes to Julia.

"Julia, it is my pleasure to invite you to make a comment or two to the members of this House. Despite our political differences, we have great respect and admiration for your talents as a member of Congress. We are proud of you and happy to have you with us this morning."

The Honorable Julia Butler Hansen: "Thank you, Mr. Speaker, my very distinguished colleagues Newman Clark and John O'Brien with whom I have had the great joy and privilege of working, my very beloved colleagues with whom I served, and the new colleagues with whom I also serve in the nation's capitol:"

"May I say it is a real pleasure and privilege to be here this morning. This is the first time I have been in the House of Representatives when it was in session since the day I left, so it is a real joy. It was just exactly thirty years ago last month that I took my seat in this House as a freshman member just as some of you are doing, and I hope your road will be as pleasant and constructive as mine has been. Insofar as state government succeeds and makes progress in the things that challenge all of us, in that measure the success of this nation will be determined. So I wish everyone of you the very best kind of session. I know you have partisan splits, but I always used to say that ninety percent, or even ninety-five percent, of the business of this nation, is the pure business of the citizens and has no part in partisan activity, but affects the everyday lives of every one of us.

"I would like to announce to each and every one of you that this afternoon at 2:00 p.m. in the General Administration auditorium there is going to be a showing of an interesting facet of our Interior Department research—the Aero Satellite. The people from the Geological Survey will present it. This is something that affects your resources, your mapping, and is your program, and I would like to invite each and every one of you to attend. I go from here to the Redwood Park and then I go on across to New Mexico to look at the Indian schools and hospitals because Congress is going to take a week off for the Lincoln Day recess. So I am happy to have the opportunity to look at some of our treasures in our United States that need attention and need work.

"Again, Mr. Speaker, I wish you the very best, and to all my very beloved colleagues, the very best kind of session. Let's keep the state of Washington the leading state in the nation. Thank you so much for your courtesy."

The committee escorted the Honorable Julia Butler Hansen from the rostrum to the rear of the House chamber.

The Speaker observed in the north gallery students from Sharples Junior High School in Seattle and asked them to stand and be recognized.

PERSONAL PRIVILEGE

Mr. May: "For a long time I have wondered why someone hadn't made a motion, introduced a resolution, or expressed their pleasure in some way for our new facilities, so over the weekend I was snowbound and couldn't play golf, so I got busy on a little rhyme entitled 'Thank You So Much' to the tune, 'Thanks for the Memories':

THANK YOU SO MUCH

Thanks for the fin-e-ry,
Gold car-pets on the floor,
Drap-er-y ga-lore.
Mi kes on the desks,
Phones for re-quests,
All light-en up our chore.

We thank you so much.

Thanks for the pri-va-cy,
We nev-er had before.
"Recess" meant a snore,
A "game" on upper four,
Or a place to pore,
O' er law and lore.

THANK YOU SO MUCH
We thank you so much.

Now we have data processing,
A brainy electronic machine,
Ask data and data a question,
The answer appears on a screen.

And thanks for the office space,
With office help so kind,
Helps us with the grind,
The chairs have been a God-send,
And so gentle on the mind.

So thank you so much.

WILLIAM J. S. "BILL" MAY.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery leaders of the various King County women’s clubs present on a tour called “Operation Fourth House” and asked them to stand and be recognized.
On motion of Mr. Morrison, HOUSE BILL NO. 3 was rereferred from the Committee on Labor and Employment Security to the Committee on Public Health and Welfare.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House former State Representative Judge Charles M. Stokes of Seattle and requested that Representatives Clark (Newman H.) and Savage conduct him to a place on the rostrum.

The Speaker: "Charlie, we would like to have you give us a few words of wisdom this morning. We have had some pretty rough days here, and I am sure in your responsible position you could offer us a great deal of guidance as you have in the past as a member of the body. I would like to report that the country mice are being overrun by the city mice. Judge Stokes:"

Honorable Charles M. Stokes: "Mr. Speaker and members of this august body:

"You know, I am such an old cat I am no longer scratched by kittens, so I rather anticipated I would be called up here. I just happen to have a picture of my kids right here. (Laughter) I appeared here before, and on the way back to Seattle I felt so inadequate because I thought of all the good things I should have said when I was ten miles away so today I took the liberty of writing something down. It's not long so don't get excited.

"I am glad to be here today and especially under the climate we have in the country today. I realize the present climate which our country is undergoing is something like a revolution. We sometimes find brother pitted against brother, father against father, and sometimes even sweethearts against each other in their different views on how a man should treat another man.

"The strife between some of our citizens in our great nation can be likened to a pebble dropped in a pool, whose ripples never cease. The pebbles dropped in some pools in some sectors of our country are now finding their repercussions in farflung fields like Viet Nam, the Paris peace table, and if you will, even to Seattle.

"Those of you sitting in these hallowed halls—these halls which hold within them the genesis of the history of much of our state—whether you like it or not, you must fashion some of the answers to the bewildering confusions besetting the citizenry of our times. It is yours to grapple with today's vexing problems and questions and to produce panaceas for which your children will rise up and call you blessed.

"The words 'conservative' and 'liberal' when they are applied as they usually are give a wrong connotation in the sense that they imply that you are for or you are against a certain fellow. I long for the day when it should not be so—when the words 'conservative' and 'liberal' should mean only whether or not you like to spend or save money.

"We are all Americans by the grace of God. Dignity is not, nor should it be, the special repose of any sex or any person. All men yearn to be men in the eyes of other men, and until it is deemed not in arrogance for a man to expect to be received on the basis of his attainments gained by his unfettered efforts, I am fearful that men will cry 'peace' but there will be no peace.

"I say it is pleasant to be with you again. It is pleasant to feel your welcoming embrace, and it is pleasant to sense the beat of your approving hearts, for some of the best days of my life and some of the best things stored in my memory were gained in these very halls.

"I know that you know the hard, tedious work that is necessary for you to perform, and the drudgery which comes in performing some of these things you have to undergo in order to see your bill come to fruition. I have experienced the warm satisfaction and the inner glow which comes to one when, after long, tedious hours of nursing a bill, you find it safely passing the House, and safely through the Senate and signed by the Governor. I also have experienced the times when the sense of futility comes within because your bill has died, and a little of you dies with it. I know the pangs which you experience in these hallowed halls. I think I am going to pray that God will speed the day when all men will be up, and no man will be down. I think a man is a man for all of that. May God speed the day when each man shall sit under his own vine in the fig tree and none of us will be afraid. May God speed the day when the Golden Rule will be the Rule for all men, and every man does unto another what he would have done unto him, and respect the other for his own innate worth. And God speed the day when we can move from Judge Taney's decision of long years ago, that a black man had no rights which a white man was bound to respect, to the farflung position of Father Flanagan who says, 'He's not heavy, Father—He's my brother.'

"So today I lift to you a plethora of toasts:

"May each of your todays weave for you a string of pearls, and may each of your tomorrows be better than your todays;

"May each of you live as long as you like, and have what you like as long as you live;
'May each of you always have the things you think will make you happy, and may you never be less happy than I hope you are at this moment; ' 'May you always regain your strength at the right and proper fountains; ' 'May your years be many; may your children be strong; and may the great spirit be with you always; ' 'May the road rise up to meet you; may the wind always be at your back; and until we meet again, ' 'May God hold you in the hollow of his hands. ' 'Thank you very much.'

PERSONAL PRIVILEGE

Mr. Sprague: "In view of the moving nature of Judge Stokes' remarks, I would suggest that they be placed in the Journal of the House."

SPEAKER'S PRIVILEGE

The Speaker observed in the north gallery a political science class from Lewis and Clark College in Portland, Oregon, and asked them to stand and be recognized. The Speaker observed in the north gallery students from Interlake High School in Bellevue and asked them to stand and be recognized.

Providing code revision of Title 28 RCW, education.
Committee recommendation: Majority, do pass as amended.
(For committee amendments see Journal for January 30, 1969.)
The bill was read the second time.
On motion of Mr. Hoggins, the committee amendments were adopted.
House Bill No. 58 was ordered engrossed and passed to Committee on Rules and Administration for third reading.

POINT OF ORDER

Mr. Perry: "I would like to know if it is going to be the procedure here when we get our calendars loaded to read ten or twelve amendments, or could we bring in a substitute bill?"

The Speaker: "Mr. Copeland would like to speak to that."

Mr. Copeland: "Mr. Perry, it would be highly desirable to have a committee bill, but with as many pages as there are in this bill, if you count them and multiply them by $5.00 you will get the approximate printing costs. What we are trying to do is save the taxpayers of the state of Washington about $3,500 on reprinting just that one alone."

The Speaker: "If you are familiar with the bill, it looks like the Sears Roebuck catalog. If we reprint it every time we make a change, you are talking about a sizeable amount of money."

HOUSE BILL NO. 123, by Representatives Bottiger, Harris, Adams, Hurley, Kink, Litchman, Smythe, Francis, May, Bozarth, Rosellini, Bagnariol, Martinis, Merrill and Chapin (by Legislative Council request):

On page 2, section 1, line 12, after "state governments" strike "; or" and insert period
On page 2, section 1, beginning on line 13, strike all of subsection (f)
The bill was read the second time.

POINT OF INQUIRY

Mr. Whetzel: "I don't have any committee amendments for this bill in my book, and I think there are other members who do not have them. I would find it easier to follow the adoption of the amendments if I knew what they were."
The Speaker: "This will be taken care of."

On motion of Mr. Clarke (George W.), the committee amendments were adopted.
House Bill No. 123 was ordered engrossed and passed to Committee on Rules and Administration for third reading.

HOUSE BILL NO. 143, by Representatives Clarke (George W.), Heavey and Clark (Newman H.) (by Judicial Council request):

The motion was carried and the amendment was adopted.

On page 2, section 2, line 19, after "fee" and before "dollars" strike "fifty" and insert "[fifty] two hundred fifty"
On page 2, section 3, beginning on line 24, strike all of the matter down to and including "(3)" on page 3, line 5, and insert "((1) Within the meaning of this title the term "domestic wines" shall mean wines manufactured or produced within the state of Washington in a licensed domestic winery from fruits or fruit products grown exclusively and entirely within the state of Washington. "(2) All wines manufactured or produced in domestic wineries may be sold by the manufacturer or producer thereof direct to persons holding licenses entitling them to sell wine at retail under the provisions of this title, or to licensed domestic wine wholesalers or to licensed domestic wineries.)"
On page 6, section 9, beginning on line 29, strike all of the material down to and including the period following "such certificate" on page 7, line 20, and insert the following:
"No wine wholesaler nor wine importer shall purchase any wine not manufactured within the state of Washington by a winery holding a license as a manufacturer of wine from the state of Washington, and/or transport or cause the same to be transported into the state of Washington for resale therein, unless the winery or manufacturer of such wine, or the licensed importer of wine produced outside the United States, has obtained from the Washington state liquor control board a certificate of approval, as hereinafter provided. The certificate of approval herein provided for shall not be granted unless and until such winery, manufacturer, or licensed importer of wine produced outside the United States, shall have made a written agreement with the board to furnish to the board, on or before the tenth day of each month, a report under oath, on a form to be prescribed by the board, showing the quantity of wine sold or delivered to each licensed wine importer, or imported by the licensed importer of wine produced outside the United States, during the preceding month,
and shall further have agreed with the board, that such wineries, manufacturers, or licensed importers of wine produced outside the United States, and all general sales corporations or agencies maintained by them, and all of their trade representatives and agents, shall and will faithfully comply with all laws of the state of Washington pertaining to the sale of intoxicating liquors and all rules and regulations of the Washington state liquor control board. If any such winery, manufacturer, or licensed importer of wine produced outside the United States, shall, after obtaining such certificate, fail to submit such report, or if such winery, manufacturer, or licensed importer of wine produced outside the United States, or general sales corporations or agencies maintained by them, or their trade representatives or agents, shall violate the terms of such agreement, the board shall, in its discretion, revoke such certificate."

On page 10, section 11, line 2, after "as follows:" and before "percent" strike "Sixty-three" and insert "Sixty".

On page 10, section 11, line 4, after "and" and before "percent" strike "thirty-seven" and insert "forty".

The bill was read the second time.

On motion of Mr. Murray, the committee amendments were adopted.

Mr. Chatalas moved adoption of the following amendment:

On page 2, section 2, line 17, after "wholesalers" insert "only" and strike "and/or to holders of wine retailers licenses" and on line 19 strike "fifty" and insert "[fifty] two hundred and fifty" and on line 19 after the period following "unit" insert "The fee to retail licensees shall be fifty dollars per annum."

 POINT OF INQUIRY

Mr. Murray yielded to question by Mr. Chatalas.

Mr. Chatalas: "The way the bill reads, a retailer can have wines shipped to him direct from the winery. Unless Mr. Murray can explain to me differently I think this is a very important amendment."

Mr. Murray: "I believe the only one you can actually bring in is covered by the importers' license already, so it would not be possible for someone with a retail license to deal directly with an out-of-state winery."

Mr. Chatalas: "Mr. Murray, the bill on line 17, says 'to licensed wholesalers and/or to holders of wine retailers licenses' and on line 19 strike 'fifty' and insert 'fifty' two hundred and fifty' and on line 19 after the period following 'unit' insert 'The fee to retail licensees shall be fifty dollars per annum.'"

Debate ensued, Representative Copeland speaking in favor of adoption of the amendment, and Representative Murray speaking against it.

With the consent of the House, Mr. Chatalas withdrew his amendment.

Mr. Copeland moved adoption of the following amendment:

On page 8, section 10, line 4, after "rate of" strike "twenty-six percent" and insert "twenty-nine percent".

Debate ensued, Representative Copeland speaking in favor of adoption of the amendment, and Representative Murray speaking against it.

Mr. Newhouse demanded an electric roll call and the demand was sustained.
Mr. Murray yielded to question by Mr. Moon.

Mr. Moon: "Mr. Murray, there seems to be some doubt as to whether or not the twenty-six percent will generate enough revenue to make up for the anticipated $4.6 million loss of profits the Liquor Board will incur as a result of passage of this bill. Would you object if the Revenue Committee in this House (the committee that is supposed to be the expert on this) looked at this and checked it over to find out whether or not this twenty-six percent is correct? Maybe it should be twenty-nine percent, or maybe twenty-four would be enough. I don't happen to feel that twenty-six is enough. I was wondering if you would object to the Revenue Committee looking at this and determining a more accurate percentage figure?"

Mr. Murray: "Yes, I would object."

Mrs. McCaffree yielded to question by Mr. Conner.

Mr. Conner: "Mrs. McCaffree, as Chairman of the Revenue and Taxation Committee, I know you are the watchdog of the finances of this legislature. I would like your opinion as to whether there is any financial impact on this—as to whether you have asked that it be referred to your committee for study?"

Mrs. McCaffree: "Mr. Conner, this was in the council during the interim. We did take a look at all the figures that are being bandied around here on the floor. We did give, in a public hearing of the committee of the Legislative Council, all the information that is now being used. I feel that it would be just a delaying process to put it into the Revenue Committee now, because I think we studied this thoroughly in our committee in the interim."

Further debate ensued, Representatives Ceccarelli and Wolf speaking against adoption of the amendment, and Representatives Copeland and Chatalas speaking in favor of its adoption.

The Clerk called the roll on the adoption of the amendment by Mr. Copeland to House Bill No. 100, and the amendment was lost by the following vote: Yeas, 38; nays, 54; absent or not voting, 7.

"The rates of tax prescribed for domestic wines herein for the period July 1, 1969 to July 1, 1972 are in lieu of the rates prescribed in subsection (1) of RCW 82.08.150. Upon and after July 1, 1972, the rate of tax based on the selling price for wine manufactured or

MOTION

On motion of Mr. Whetzel, Engrossed House Bill No. 100 was ordered transmitted immediately to the Senate.

EXPLANATION OF VOTE

The reason I changed my vote from "nay" to "yea" was to give me the opportunity to move for reconsideration of the bill tomorrow. However, the Speaker would not recognize me for the purpose of a motion. WILLIAM "BILL" CHATALAS, 33rd District.

EXPLANATION OF VOTE

I have voted for the wine bill (House Bill No. 100) on February 6, 1969. My record has been one of opposition to the liberalization of the liquor laws. I have lost most of the battles, and today we sell beers and wines in our grocery stores. I still believe liquor is at the base of much of our moral and social degeneration threatening our country.
Because the thirty-three-year old law regarding the selling of wines is discriminatory against our retail stores, I voted for this bill. I do hope that the Liquor Control Board, which is the only control we have, will somehow outlaw wines that have been fortified. This state has lost some fine men because they went down the final road because of the use of fortified wine. I hope the fear expressed by some legislators that California will dump fortified wine on our market will not come about. AUDLEY F. MAHAFFEY, 46th District.

MOTION

On motion of Mr. Newhouse, the House dispensed with further business under the call of the House.

"Rule 35. All bills, memorials and resolutions introduced but not acted upon individually for adoption or rejection in a regular or special session during a biennium, shall expire automatically at the end of each legislative biennium."
Debate ensued, Representatives Savage and King speaking in favor of adoption of the amendment and Representatives Wolf and Whetzel speaking against it.
Mr. Moon demanded an electric roll call and the demand was sustained.

RULING BY THE SPEAKER
The Speaker: "For what purpose do you rise, Mr. Savage?"
Mr. Savage: "I rise to answer some of the accusations that weren't quite true on the amendment."
The Speaker: "You've spoken once. If we were on final passage, you would be allowed to close debate, but now I would have to rule you out of order."

POINT OF ORDER
Mr. O'Brien: "Mr. Speaker, before the fortieth day, a member has the right to speak more than once."
The Speaker: "You've had more experience at this job than I have. Go ahead, Mr. Savage."
Mr. Savage spoke in favor of adoption of the amendment.

On motion of Mr. Bledsoe, House Concurrent Resolution No. 11 was ordered transmitted immediately to the Senate.

EXPLANATION OF VOTE

Mr. Speaker: I wish the record to show my reason for voting against Representative Savage's amendment to House Concurrent Resolution No. 11. I voted against his amendment because I believe the Constitution of the state of Washington does not permit this kind of rule. This would make all laws passed in any special session unconstitutional. DALE E. HOGGINS, 21st District.

RESOLUTIONS

HOUSE RESOLUTION NO. 69-19, by Representatives McCaffree, Smythe, Perry and DeJarnatt:
BE IT RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF
WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

WHEREAS, A knowledge of the operation of our economy is a prerequisite to
competent citizenship; and

WHEREAS, Our youth must be taught the fundamentals of this economic system and
must be trained in the analysis of its problems; and

WHEREAS, The State Department of Public Instruction has wisely and effectively
obtained the assistance of leaders of labor, management and education through
collaboration with the Joint Council on Economic Education and its regional affiliate, the
Northwest Council for Economic Education, in the development of a comprehensive plan
for the teaching of economics from kindergarten through the twelfth grade;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the
State of Washington in Legislative Session assembled, that all school boards and
administrators be urged to incorporate Economic Education for Washington Schools, Kindergarten through Grade Six, Economic Education for Washington Schools, Grades Seven through Nine and Economic Education for Washington Schools, Grades Ten through Twelve into the curriculum of their school system and further that they take steps to
provide adequate staff training to assure that all teachers are properly prepared to
implement this program for the teaching of economics; and

BE IT FURTHER RESOLVED, That the State Superintendent of Public Instruction be
requested to notify all school authorities of the intent of this resolution.

Mrs. McCaffree moved adoption of the resolution.

Representatives McCaffree and DeJamatt spoke in favor of the resolution.

MOTION

On motion of Mr. Whetzel, the House deferred further consideration of the resolution
and it was ordered held for tomorrow's eighth order of business.

MOTION

Mr. Bledsoe moved HOUSE BILL NO. 205 and HOUSE BILL NO. 333 be rereferred
from the second reading calendar for tomorrow to the Committee on Financial Institutions
and Insurance.

RULING BY THE SPEAKER

The Speaker: "It is my understanding that one of these bills is on the calendar and one
is in Rules Committee, so I think we must have two separate motions."

MOTION

Mr. Bledsoe moved HOUSE BILL NO. 205 be rereferred from the second reading
calendar to the Committee on Financial Institutions and Insurance.

Mr. O'Dell spoke in favor of the motion.

POINT OF INQUIRY

Mr. O'Dell yielded to question by Mr. Charette.

Mr. Charette: "I would request that Mr. O'Dell explain both bills to us—what they are,
why they came out of committee, and why they have to go back."

Mr. O'Dell: "In House Bill No. 205, the health care service contractors' bill, in eight or
nine different sections language was used that does not conform with the present code. The
department has since discovered the error and requested that House Bill No. 205 be
resubmitted so that the new language can be put in to conform with the existing code.
"House Bill No. 333 is the Department of Banking housekeeping bill. We find that in
putting in an amendment near the end, we omitted another amendment. They have already
requested about four amendments on it, so it would be quite bulky and cumbersome to
follow. Therefore, for ease of reading and convenience of the House, I think it would be
better for all concerned if these bills are rereferred to committee and come out as substitute
bills."

The motion was carried and House Bill No. 205 was rereferred to the Committee on
Financial Institutions and Insurance.
THIRTIETH DAY, FEBRUARY 11, 1969

MOTION

Representative Backstrom spoke in favor of the resolution.

Mr. Backstrom yielded to question by Mr. O'Brien.

Mr. O'Brien: "Mr. Backstrom, in your resolution do you commend the members of the Aerospace Industrial District Lodge No. 751 for its efforts in participating in the construction of this aircraft? As you know, the mechanics involved with the construction are members of one of the largest industrial unions in the state of Washington."

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House the Honorable Catherine May, Congresswoman from the Fourth District, and requested that Representatives Lynch, Backstrom, Bledsoe and Charette conduct her to a place on the rostrum.

The Speaker: "Catherine, I guess I am the only surviving member of your party from the notorious class of 1953. As we have indicated a number of times, we miss you in the House. We know you are doing a tremendous job in Washington, D.C., and we would be most pleased if you would like to make a comment or two to the group.

Congresswoman May: "Mr. Speaker, members of the Washington State Legislature:

"It certainly has been ten years or more since I served in these hallowed halls, but I do remember one thing—we were always ready to get on with the business, so I shall not take a great deal of your time. I would like to say that it is wonderful to see old friends. There aren't many survivors except us from when I first came here, but there are a lot of good friends on both sides of the aisle I see and am glad to greet. You certainly have gussied it up, fellows. It looks great. I understand there have been a great many technical improvements, and I highly approve. I also understand the problems are just about the same. In the particular level where I operate, as many of you have heard me say before, I've always been deeply grateful for my cutting of teeth in the legislative halls here in Olympia because when I got back to our nation's capitol, I found out it was just chaos at a higher level of the same kind. I appreciated, though, in the years that have followed, having had a chance to work with all of you, and I thank you very much for giving me a chance to visit you briefly today. Most of all—good luck to you in the weeks ahead in solving the many, many complex problems that I know are important to all of us in the state of Washington. Thank you."

ENGROSSED HOUSE BILL NO. 101, by Representatives Cunningham, Sprague, Leckenby, Hoggins, Perry and Litchman:

Permits school districts acting as joint agencies in purchasing of supplies or services to issue interest bearing warrants in payment of obligations owed.

Engrossed House Bill No. 101 was read the third time and placed on final passage.

Representative Cunningham spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Cunningham yielded to question by Mr. Hawley.

Mr. Hawley: "I remember passing this bill either two or four years ago. On this matter of interest, issuing these warrants, is there any specific maximum on the interest?"

Mr. Cunningham: "There was not. I think if it's done like school districts, and I think it would be done much like this, it would be negotiated with the banks—on what they would be willing to accept these warrants for. As I indicated, Dwight, the collateral that they would have would be that of the accounts receivable. In talking with the people who work in this organization, the one I am familiar with—the King County School Directors' Association—they indicate they think their rates would be about the same as the school districts are paying on interest-bearing warrants."

Mr. Hawley: "But there is no time on the warrants. Would it be just until the money became available?"

Mr. Cunningham: "As most interest-bearing warrants indicate, if you are familiar with the way they do it, in school districts they bear interest until called."

Mr. Hawley: "Which demands a higher rate of interest?"

Mr. Cunningham: "Yes, somewhat, but it's not too high."

POINT OF INFORMATION
Mr. Copeland: "Mr. Speaker, ladies and gentlemen of the House:
I have one clarification for your information. You will now find in the House and Senate billbooks green and blue sheets. These are engrossed bills. Because of the number of amendments that were placed on these particular measures, they have been ordered completely reprinted. You will find them directly in front of the original bill. The amendments on these bills, because of the fact they are numerous, will not be found in your billbooks, but occasionally will occur as different colored sheets. This was done because of the fact we could reprint these bills, rather than going through the procedure of amending all of the billbooks, at a considerable saving. I am just calling this to your attention—the green ones are the Senate's, and the blue ones are the engrossed bills in the House."

MOTION
On motion of Mr. Wolf, the House adjourned until 11:00 a.m., Wednesday, February 12, 1969.

MALCOLM McBEATH, Chief Clerk.

DON ELDREDGE, Speaker.
THIRTY-FIRST DAY, FEBRUARY 12, 1969

THIRTY-FIRST DAY

MORNING SESSION

House Chamber, Olympia, Wash., Wednesday, February 12, 1969.

The House was called to order at 11:00 a.m. by the Speaker. The clerk called the roll and all members were present except Representatives Hurley and Saling who were excused. The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend William L. Carleton of the First Presbyterian Church of Kent.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery students from Morton High School and asked them to stand and be recognized.

The Speaker observed in the north gallery a group from the League of Women Voters in Seattle and asked them to stand and be recognized.

The Speaker observed in the north gallery a group representing Capital Savings and Loan Association in Olympia, Shelton and Montesano and asked them to stand and be recognized.

The Speaker observed in the south gallery the World Problems Class of Enumclaw High School and asked them to stand and be recognized.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House the Honorable Brock Adams, Congressman from the Seventh District, and requested that Representatives Chatalas, Fleming, Whetzel and Kopet conduct him to a place on the rostrum.

The Speaker: "It is my pleasure at this time to present Congressman Adams who will say a few words to the House. I'm really not sure it is a pleasure—he has been up in my district the last few days, and he probably sandbagged me—and it may not be as cordial as it might have been. But really it is a pleasure to have Congressman Adams with us and to present him to the House of Representatives."

Congressman Adams: "Thank you, Mr. Speaker, very much. Respective leaders, fellow legislators:

"I appreciate very much the invitation to be here this morning, and I certainly would not presume on your time or your intelligence to try to involve myself in the particular problems that you face, other than to specifically mention that we are all in this together. One of the purposes of a visit by myself during this period of time (and others I am sure will visit also) is to indicate a reaching out of our hands from the federal level to the state level, and hopefully from the state level to counties and cities, in a recognition that we must all unite in our efforts to meet the problems, particularly of our urban areas. These are basically local problems, but now the press and the public are beginning to be aware of what all of you have known for so many years—that great attention is often paid to the federal level and the pronouncements that occur there, but the true things that occur and the deep problems of crime in the streets, public education, the health and welfare of our citizens, the public environment in which we live is basically controlled right here in this capitol and in the city halls and the county courthouses in our nation. I think you will see more and more of this reflected in the coming years. So many of us are here to try and bring information, to try and indicate as best we can, to the members that are here, what we think the federal government will and will not be able to do in terms of revenue, in terms of programs, in terms of types of programs. We think that you should have all the knowledge we can give to you and hopefully some of you will visit us, and will do the same, so that we will know precisely where we can help and what we should do.

"Mr. Speaker, it is a great privilege for me to be here this morning. I certainly would not be foolish enough to be caught in your district in any fashion, and I shall not. It is very nice to see so many old friends whom I have known a long time in this House; to see you here, to know that you are here, gives many of us a great feeling of confidence. My good wishes to you for the session. I hope that it will be a good one for everyone involved, and I thank you for the courtesy you have done to me in allowing me to come before you this morning to address you. Thank you very much."
The Speaker recognized within the bar of the House former State Representative Bill Traylor of Port Angeles and requested that Representatives Savage and Wolf conduct him to a place on the rostrum.

POINT OF INQUIRY

Mr. Bluechel yielded to question by Mr. Thompson.
Mr. Thompson: “Representative Bluechel, would you improve our understanding of the amendment and the bill by explaining to us the degree of participation of the states of New York, California and Oregon?”
Mr. Bluechel: “Of the various states in the United States which have been invited to participate in Expo 70, California is participating at the present time by providing a cable car from the parking lot to the exhibit area. Oregon has declined to participate for various unfortunate reasons in the last year or two concerning wheat shipments, and other things, to
Japan. I'm not sure just exactly where the state of New York stands at the present time—whether they are considering participating—I don't have the answer to that."

ROLL CALL

The clerk called the roll on the adoption of the amendment by Mr. Bottiger to House Bill No. 243, and the amendment was lost by the following vote: Yeas, 27; nays, 70; absent or not voting, 2.

Absent or not voting: Representatives Hurley, Saling—2.

POINT OF INQUIRY

The Speaker: "For what purpose do you rise, Mr. Grant?"

Mr. Grant: "I rise to make a motion, Mr. Speaker."

The Speaker: "Does it have to do with the matter before us?"

Mr. Grant: "No, but I think it is a proper motion."

The Speaker: "At this order of business?"

Mr. Grant: "Yes, Mr. Speaker."

The Speaker: "Does it pertain to the second reading calendar?"

Mr. Grant: "No, Mr. Speaker, but may I put the motion before you rule it out of order?"

The Speaker: "I asked you if it pertained to the second reading calendar, and you indicated that it did not."

Mr. Grant: "May I put the motion before you rule it out of order, Mr. Speaker?"

POINT OF ORDER

The Speaker recognized Mr. Perry.

Mr. Perry: "My point of order is, how do you know what his motion is before you hear it?"

The Speaker: "I don't, but if it doesn't pertain to the second reading calendar, then I think we would have to take a look at it, and he has indicated that it doesn't pertain to the second reading calendar."

POINT OF ORDER

The Speaker recognized Mr. O'Brien.

Mr. O'Brien: "Under member's privilege, he has a right to make a motion. I don't see how you can rule that he is out of order until you hear it."

The Speaker: "I haven't, Mr. O'Brien."

Mr. O'Brien: "But you are interrogating him."

The Speaker: "Isn't this proper?"

Mr. O'Brien: "I think you should make a decision after you hear his motion. Maybe you might want to go along with it."

The Speaker: "That's very possible, Mr. O'Brien. Mr. Grant, you may place your motion."

MOTION

Mr. Grant moved the Committee on State Government and Legislative Procedures be relieved of further consideration of HOUSE JOINT RESOLUTION NO. 18 and it be placed before the House on the second reading calendar immediately.
RULING BY THE SPEAKER

The Speaker: "I would have to rule, unless there is some higher authority, that this motion would be out of order in this order of business. I am willing to be convinced that it is an appropriate motion, but it is my estimation this is not the proper order of business for that motion to be recognized."

POINT OF ORDER

The Speaker recognized Mr. O'Brien.

Mr. O'Brien: "Precedent has been established that a motion to relieve a committee of a bill can be made at any time."

The Speaker: "Would you point that out in the rules for me, or are you just recollecting how you used to do it, Mr. O'Brien?"

Mr. O'Brien: "I usually made decisions according to Reed's Rules of Order and the House Rules."

The Speaker: "I appreciate that; if you point out where this motion is in order under this order of business, I would be glad to discuss it with you."

The Speaker declared the House to be at ease.

The Speaker called the House to order.

POINT OF ORDER

The Speaker recognized Mr. O'Brien.

Mr. O'Brien: "It is Rule 82. '... that a majority of the members elected to the house may require a committee to report a bill back to the house at any time.'"

RULING BY THE SPEAKER

The Speaker: "The motion by Mr. Grant is in order."

The Speaker declared the question before the House to be the motion by Mr. Grant that the Committee on State Government and Legislative Procedures be relieved of further consideration of HOUSE JOINT RESOLUTION NO. 18 and it be placed before the House on the second reading calendar immediately.

Representative Grant spoke in favor of the motion and Representative Swayze spoke against it.

MOTION

Mr. Charette moved the rules be suspended and that any member who so desires may add his name as a sponsor of House Joint Resolution No. 18.

The Speaker: "I don't think we can do this."

POINT OF ORDER

Mr. Charette: "I have moved to suspend the rules, Mr. Speaker, and it appears to me that this makes the point that Mr. O'Brien made to you, when you didn't want to put Mr. Grant's motion. If you won't allow the motion to be put, you will never know whether it is going to be a motion to suspend the rules. By my reading of the rules, any member can move to suspend the rules at any time, and if he can get a two-third's vote, he can prevail."

The Speaker: "I'm really not sure that this is a matter of rule. It's a matter of condition, and I have personally no objection to a motion to suspend the rules to do anything in this body, but it would seem to me that that bill is in committee, and I'm not quite sure mechanically if your motion would prevail how we would go about adding more names to it."

Mr. Charette: "Mr. Speaker, I respectfully suggest that if you allow the question to be put and it prevails, I will hand deliver the names wherever necessary."

The Speaker declared the House to be at ease.

The Speaker called the House to order.
The Speaker declared the question before the House to be the motion by Mr. Charette that the rules be suspended and any member who so desires may add his name as a sponsor of House Joint Resolution No. 18.

Mr. Litchman demanded an electric roll call and the demand was sustained.

ROLL CALL

The clerk called the roll on the motion by Mr. Charette, and the motion was lost by the following vote: Yeas, 44; nays, 51; absent or not voting, 4.

Voting nay: Representatives Amen, Benitz, Berentson, Bledsoe, Bluechel, Brown, Chapin, Clarke (George W.), Conway, Copeland, Cunningham, Curtis, Evans, Farr, Gladder, Goldsworthy, Harris, Hatfield, Hawley, Hoggins, Hubbard, Jueling, Julin, Kirk, Kiskaddon, Kopet, Kuehnle, Leckenby, Leland, Lynch, Mahaffey, McCaffree, Mentor, Morrison, Murray, Newhouse, North, O'Dell, Pardini, Richardson, Schumaker, Shera, Smythe, Spanton, Swayze, Veroske, Wanamaker, Whetzel, Wolf, Zimmerman, Mr. Speaker—51.

The Speaker declared the question before the House to be the motion by Mr. Grant that the Committee on State Government and Legislative Procedures be relieved of further consideration of HOUSE JOINT RESOLUTION NO. 18, and that it be placed before the House on the second reading calendar immediately.

Mr. Beck demanded an electric roll call and the demand was sustained.

Debate ensued, Representative King speaking in favor of the motion and Representative Bledsoe speaking against it.

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, Mr. Bledsoe isn't confining his remarks to the subject at hand of eighteen-year-olds voting. He is talking about fiscal problems, gateway amendments, and other things which aren't germane to the subject."

The Speaker: "Mr. O'Brien, the motion was to relieve a committee of a bill. I think Mr. Bledsoe's remarks are directed toward that motion—not the particular issue of eighteen-year-olds voting. Go ahead, Mr. Bledsoe."

Mr. Bledsoe continued his remarks in opposition to the motion.

Mr. Litchman spoke in opposition to the motion by Mr. Grant.

POINT OF ORDER

Mr. Newhouse: "Mr. Speaker, I do not believe that the eighteen-year-old vote question itself is before the House. I believe the motion to bring a bill from committee is before the House."

The Speaker: "Your point is well taken, but I think this is a pretty general subject, and that we have to establish what we are talking about before the House can intelligently vote on whether or not we want to relieve the committee of the bill. I would be hopeful that Mr. Litchman's remarks will be brief and to the point."

Mr. Litchman continued his remarks in opposition to the motion.

ROLL CALL

The clerk called the roll on the motion by Mr. Grant, and the motion was lost by the following vote: Yeas, 36; nays, 61; absent or not voting, 2.

HOUSE BILL NO. 243, by Representatives Bledsoe, Bluechel and Ceccarelli:
Creating a world's fair commission for the 1970 fair.
The House resumed consideration of House Bill No. 243.
Mr. Brouillet moved adoption of the following amendment:

On page 3 after section 10 add three new sections as follows:

"Sec. 11. Section 82.04.240, chapter 15, Laws of 1961, as last amended by section 8, chapter 149, Laws of 1967 ex. sess., and RCW 82.04.240 are each amended to read as follows:

"Upon every person except persons taxable under subsections (2), (3), (4), (5), (6), or (8) of RCW 82.04.260 engaging within this state in business as a manufacturer; as to such persons the amount of the tax with respect to such business shall be equal to the value of the products, including byproducts, manufactured, multiplied by the rate of forty-four one-hundredths of one percent: PROVIDED, That from July 1, 1969 until July 1, 1971 the tax imposed by this section shall be at the rate of four hundred and forty-five one-thousandths of one percent.

"The measure of the tax is the value of the products, including byproducts, so manufactured regardless of the place of sale or the fact that deliveries may be made to points outside the state.

"Sec. 12. Section 82.04.250, chapter 15, Laws of 1961, as amended by section 9, chapter 149, Laws of 1967 ex. sess., and RCW 82.04.250 are each amended to read as follows:

"Upon every person engaging within this state in the business of making sales at retail, as to such persons, the amount of tax with respect to such business shall be equal to the gross proceeds of sales of such business, multiplied by the rate of forty-four one-hundredths of one percent: PROVIDED, That from July 1, 1969 until July 1, 1971 the tax imposed by this section shall be at the rate of four hundred and forty-five one-thousandths of one percent.

"Sec. 13. Section 82.04.270, chapter 15, Laws of 1961, as amended by section 11, chapter 149, Laws of 1967 ex. sess., and RCW 82.04.270 are each amended to read as follows:

"(1) Upon every person except persons taxable under subsection (1) of RCW 82.04.250 engaging within this state in the business of making sales at wholesale; as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of such business multiplied by the rate of forty-four one-hundredths of one percent: PROVIDED, That from July 1, 1969 until July 1, 1971 the tax imposed by this section shall be at the rate of four hundred and forty-five one-thousandths of one percent.

"(2) The tax imposed by this section is levied and shall be collected from every person engaged in the business of distributing in this state articles of tangible personal property, owned by them from their own warehouse or other central location in this state to two or more of their own retail stores or outlets, where no change of title or ownership occurs, the intent hereof being to impose a tax equal to the wholesaler's tax upon persons performing functions essentially comparable to those of a wholesaler, but not actually making sales: PROVIDED, That the tax designated in this section may not be assessed twice to the same person for the same article. The amount of the tax as to such persons shall be computed by multiplying forty-four one-hundredths of one percent of the value of the article so distributed as of the time of such distribution: PROVIDED, That from July 1, 1969 until July 1, 1971 the amount of the tax as to such persons shall be computed by multiplying four hundred and forty-five one-thousandths of one percent of the value of the article so distributed as of the time of such distribution: PROVIDED, That persons engaged in the activities described in this subsection shall not be liable for the tax imposed if by proper invoice it can be shown that they have purchased such property from a wholesaler who has paid a business and occupation tax to the state upon the same articles. This proviso shall not apply to purchases from manufacturers as defined in RCW 82.04.110. The department of revenue shall prescribe uniform and equitable rules for the purpose of ascertaining such value, which value shall correspond as nearly as possible to the gross proceeds from sales at wholesale in this state of similar articles of like quality and character, and in similar
quantities by other taxpayers: PROVIDED FURTHER, That delivery trucks or vans will not under the purposes of this section be considered to be retail stores or outlets."

Renumber the remaining sections consecutively.

Debate ensued, Representative Brouillet speaking in favor of adoption of the amendment and Representative Ceccarelli speaking against it.

Mr. DeJarnatt demanded an electric roll call and the demand was sustained.

Further debate ensued, Representatives King, Marsh and Bottiger speaking in favor of adoption of the amendment and Representatives Bluechel and Whetzel speaking against its adoption.

POINT OF INQUIRY

Mr. Brouillet yielded to question by Mr. Wolf.

Mr. Wolf: "Representative Brouillet, since this electric roll call will be circulated as an increase in B & O tax on retailing, I would like to know why you picked on retailing rather than agriculture which stands to benefit from exports."

Mr. Brouillet: "Mr. Wolf, this came up in the committee when we discussed the various methods of taxing, etc. After consultation with some of the people at the Department of Revenue, we felt this group—wholesale, retail and manufacturing—would be the most involved in this type of business, and not agriculture. Therefore, after consultation with these people, and feeling they knew a little more about it than I did, I felt that this was the proper method.

"Secondly, regarding section 9, we have another amendment which would strike section 9, but we felt we shouldn’t strike it until we saw if this amendment carried. We would then strike the appropriation and it would no longer be a two-headed monster."

Mr. Bluechel spoke again in opposition to the amendment.

Mr. Newhouse demanded the previous question and the demand was sustained.

MOTION

Mr. O'Brien moved that the amendment to HOUSE RULE NO. 26 offered by Representatives King and Moon yesterday be taken from the table.

Mr. King demanded an electric roll call and the demand was sustained.

ROLL CALL

The clerk called the roll on the motion by Mr. O'Brien, and the motion was lost by the following vote: Yeas, 41; nays, 53; absent or not voting, 5.

Absent or not voting: Representatives Hurley, Kink, Saling, Sawyer, Mr. Speaker—5.

EXPLANATION OF VOTE

On the motion to amend House Rule 26 on page 327 of the 1967 Legislative Manual, by Representatives King and Moon, to require a bill to be reported back by a committee chairman upon a written petition signed by a majority of the committee members, a motion to table was carried on February 12, and on February 13 the undersigned voted against a motion to take the amendment from the table.

The reason the undersigned voted against the motion to take the amendment from the table to reconsider it is that the amendment, if adopted, would destroy the committee system as it has existed in this House since the 1967 session and revert back to the procedures of the 1965 and prior sessions when the House was under control of the Democratic party. If a bill can be reported out of committee by simply circulating a petition signed by a majority of the members, it will be unnecessary for members to go to committee meetings. It would even be unnecessary for a meeting to be scheduled on a bill. If a public hearing were scheduled on a bill, it is entirely possible that the bill would be reported back by the written petition method before the hearing could be held so that the hearing would be moot. Without a meeting there would be no opportunity for members to discuss a bill and propose amendments. The result would be a slowdown of the legislative process since more time would have to be spent on the second reading calendar on the floor to consider amendments that could better be debated and considered in committee. The press and members of the public would not have an opportunity to know when a bill is up for consideration at a committee meeting. Members of the public who are interested in the bill, who want to find out more about it and to express their opinions for or against the bill would not have that opportunity. Members of the committee would not be able to explore the financial impact of legislation since there would be no opportunity to ask the witnesses questions about the bill. This could lead to a state of affairs where the business of public would not be done publicly as has been the practice of the House since 1967 when the Republicans instituted a reform in procedures. These reforms have been generally applauded by the press and the public as an excellent example of the way legislative business should be handled.
Our committee system is designed to permit full hearings before the committee, adequate discussion of the pros and cons on bills in committee, and refinement of the same by the committee process in order that bills coming out of a committee will have adequate consideration and will come on the floor in the best possible form for consideration.

The committee system provides a degree of control by the committee chairman in establishing what bills are to be considered by his committee. However, the committee itself has the final word and a majority of the members present at any committee meeting can note any bill pending before the committee for a hearing and action. The system is a good one in establishing an orderly process for consideration of bills that the committee believes most deserve consideration.

Considering the total number of bills which are filed with the legislature (some sixteen hundred at the last session) and the ultimate number passed (three hundred ninety-seven), it is obvious that not all bills should be scheduled for floor consideration. The committee serves as a vital cog in the screening process as to what bills are the most important and should be brought before the House, and in what form they should be brought before the House for floor debate.

A procedure which permits a committee to be relieved of a bill before the bill has been fully considered by the committee and perfected and which permits the use of political leverage in obtaining signators to a petition to remove from a committee lends itself to gross abuse. Use of such a system could obviously disrupt the orderly consideration and flow of bills to the floor of the House completely.

It is our opinion that the present system is a fair system, designed for the perfecting of bills at the committee level, and in the long run will save the House much time in floor discussion and perfecting of bills on the floor which is a very time-consuming and inefficient process. Our present system in the long run will produce better legislation and more effective action by the legislature in the orderly processing of bills. The objection that must be heard is one of procedure that provides for many years a much better way to handle this situation. Under Rule 82 of the 1967 Legislative Manual, now Rule 81, the majority of the entire membership of a committee may at a meeting vote to consider a bill which is not on the notice of the meeting. All a member has to do is to make the motion and receive the support of the majority of the committee and his bill will be considered. This procedure is done at a meeting and is part of the committee process.

It was argued that the House should adopt this amendment because a similar provision was added to Senate Rule 61 by the Senate. However, the amendment to the Senate Rules was merely to conform to the practice of the Senate which, under Democratic control for many years, has tolerated the circulation of "do pass" reports on bills for signature without holding committee meetings. It provides a method to permit the circulation of a bill which has not been placed on the agenda by the committee chairman. The Senate has never had such a provision as House Rule 82 which is a much better procedure since it operates within the committee process rather than outside it.

It has been argued that this amendment protects the majority against a dictatorial committee without proper consideration, what really would be accomplished would be to transfer consideration of the bills from the members of the committee and the members of the House to the Rules Committee. Persons who are interested in a bill who are unable to attend a hearing or register objections to a bill before the Rules Committee with their objections. Since the Rules Committee does not hold hearings, there would be no way for the members of the Rules Committee to weigh the merits of the objections and consequently the members of the Rules Committee would be more likely than not to hold the bill in the Rules Committee as long as there were objections. The result is a greater concentration of power in the hands of the members of the Rules Committee.

In the hands of the majority the written petition could be used to the serious disadvantage of the minority as a method of reporting bills out of committee without meetings so that the minority would not have the opportunity that now exists to express objections at a committee meeting on any bills of significance or of a partisan nature.

Our vote was to save from destruction the present committee system which is orderly, fair, and protects both the majority and minority.

Signed by Representatives Amen, Barden, Benitz, Berentson, Bledsoe, Bluechel, Brown, Chapin, Clark (Newman H.), Clarke (George W.), Conway, Copeland, Cunningham, Curtis, Evans, Farr, Flanagan, Gladder, Goldsworthy, Harris, Hatfield, Hawley, Hoggins, Hubbard, Jueling, Julin, Kirk, Kiskaddon, Kopet, Kuehnle, Leckenby, Leland, Lynch, Mahaffey, McCaffree, Mentor, Morrison, Murray, Newhouse, North, O'Dell, Pardini, Richardson, Schumaker, Shera, Smythe, Swayne, Wamnamaker, Whetzel, Wolf, Zimmerman.

POINT OF ORDER

Mr. Clark (Newman H.): "Mr. Speaker, I would urge the objection that the amendment is not germane to the bill or the purpose of it."

The Speaker (Mr. Copeland presiding): "Mr. Clark, in regard to the question, whether or not Mr. Bottiger's amendment is germane, the Speaker would have to rule that under the broad title of 'amending Title 29 of the RCW' this amendment would be in order."

Mr. Perry spoke in favor of adoption of the amendment.

ROLL CALL

The clerk called the roll on adoption of the amendment by Mr. Bottiger to House Bill No. 351, and the amendment was lost by the following vote: Yeas, 42; nays, 53; absent or not voting, 4.

Absent or not voting: Representatives Hurley, May, Saling, Mr. Speaker-4.

Mr. Grant moved adoption of the following amendment:

On page 2, section 2, line 5, after "than" strike all of the material on lines 6 and 7 down to and including "them"] and insert "[one dollar, nor more than one dollar and fifty cents per hour for full time employed by each of them], the prevailing state minimum wage as provided in chapter 18, Laws of 1961, 1st ex. sess. and chapter 49.46 RCW as amended"

Debate ensued, Representative Grant speaking in favor of adoption of the amendment and Representative Swayze speaking against it.

POINT OF INQUIRY

Mr. Swayze yielded to question by Mr. Moon.

Mr. Moon: "Representative Swayze, you mentioned that this amendment would have quite a financial impact on the counties in paying this added wage to the election workers during the elections. Could you tell me what the impact would be on a specific county?"

Mr. Swayze: "I'm sorry, I do not have those cost figures with me, Representative Moon, but they were presented to the committee."

Mr. Moon: "It would seem to me with the number of election workers, at least in Snohomish County, if you multiplied this by what little added wage this would require to bring it from the present level up to the minimum required level—that it would be a rather insignificant amount for the counties to pay out rather than, as you presumed, quite a burden on the counties."

Mr. King demanded an electric roll call and the demand was sustained.

Further debate ensued, Representative Bledsoe speaking against the amendment and Representatives Charette and Heavey speaking in favor of it.

The clerk called the roll on the adoption of the amendment by Mr. Grant to House Bill No. 351, and the amendment was lost by the following vote: Yeas, 40; nays, 54; absent or not voting, 5.

Representative Kuehnle spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Kuehnle yielded to question by Mr. Merrill.

Mr. Merrill: "I'm curious as to the thinking behind not allowing these students to charge a fee. I have two boys that do that regularly (I get forty to sixty percent) and I wonder why they are stopping that?"

Mr. Kuehnle: "I think it is an obvious answer. I, for one, would be somewhat reluctant to effect passage of a bill which did bring the altruistic motivation into it. We have to recognize that under certain sets of circumstances, these kids who are away from home need money in a hurry, and if they were allowed to go to other than voluntary and noncompensatory agencies, I think we would have some problems. I think certainly it would kill this bill, and I think this bill is in the general interests of the public, I would feel that..."

Mr. Merrill: "I withdraw the question."

STATEMENT FOR JOURNAL

I have some serious doubts as to certain sections of House Bill No. 17 which necessitated my "no" vote.

I feel some of the sections, principally dealing with units of measure and their sale, would be extremely restrictive of current products on the market and others contemplated.

Further, I am basically opposed to the assumption that the consumer is so inept at arriving at value in the products she buys that the products offered and their sizes are limited. ROBERT "BOB" CURTIS, 12th District.

POINT OF INQUIRY

Mr. Goldsworthy yielded to question by Mr. Moon.

Mr. Moon: "Mr. Goldsworthy, the other day in the Appropriations Committee, we brought out House Bill No. 243, which dealt with the World's Fair Commission. Now did you use the same rule in determining whether or not that bill would be reported out of committee as Mr. Swayze did regarding the 18-year-old-voting bill?"

Mr. Goldsworthy: "You are talking about two different questions here, Representative Moon. We already had House Bill No. 243 before us. Your question refers to passing it out of the committee 'do pass,' and you know the ruling we used that day. Now we are talking about bringing a bill before a committee. These are two different questions entirely."

Mr. Moon: "I think the question is whether or not the majority of a . . ."

POINT OF ORDER

Mr. Whetzel: "Mr. Speaker, this is dealing with another bill. We have before us a motion to discharge a joint resolution from the State Government Committee. I don't think it has anything at all to do with a bill in Appropriations Committee."

PERSONAL PRIVILEGE
Mr. Kink: "Mr. Speaker, as you know, the last two or three weeks the Senate has challenged the House to a basketball game. We had a workout last night. It was to be just a friendly game, but I understand now that the senators are going to have a frontline defense and it will behoove the members of the House to be there because the frontline defense for the senators will be Senators Connor, Day, Sandison, Henry and Cooney. They plan to use a new straight line defense, and we are wondering if we could have some help because we are trying to figure out how to break into their zone.

"I hope every member will attend the game Monday night at 8:00 p.m. The proceeds will go for a very worthy organization—the Heart Fund. Admission will be $1.00. I hope you will all attend."

POINT OF INQUIRY
Mr. Berentson yielded to question by Mr. Chatalas.
Mr. Chatalas: “Representative Berentson, I see in front of me some hardware, and I was just wondering if you would like to explain exactly what it is.”
Mr. Berentson: “I was just going to say, Mr. Chatalas (if that is really Mr. Chatalas over there) I would be glad to yield to a question—we miss that wig you appeared in last night. I might say the trophy in front of us came from a hard-won battle last night in a basketball game with the Senators. They ran in quite a number of zingers. I think we had about fifteen well-trained, good-conditioned people out there, and after about an hour and a half of knocking each other down and wrestling a little bit (and rather poor officiating from our Supreme Court judges) we won. It was quite a ball game, and we think the House of Representatives really ought to keep that trophy for the next few sessions.”

POINT OF INQUIRY
Mr. Berentson yielded to question by Mr. Saling.
Mr. Saling: “Mr. Berentson, I only see one award up there and I understand you were presented with another award last night. Would you like to explain that, please?”
Mr. Berentson: “Well, yes, we do have one more award. You have to have real knobby knees to qualify. It's called the 'leg of the game' award, and we are going to perpetuate that, too, so if someone will prepare a trophy case, we might stick that in with it.”

As you know, any practitioner of the healing arts is given the right (as the patient has a right to go to a particular doctor or not) to accept or refuse a patient. The problem you speak to is one relative to a problem in the area of public assistance, and we have other work in other areas of concern at this time that I think will solve the problem and will make possible more contributions to the public welfare in your particular county as well as other counties in the state."

POINT OF INQUIRY

Mrs. McCaffree yielded to question by Mr. Grant.

Mr. Grant: "Mrs. McCaffree, I wonder if it is the intent of this language, 'owned by' which is the amendment, to restrict it to only those organizations that have title to the property? Is it a limiting amendment in that way, or is it the intent of this legislation to restrict it to those organizations that are purchasing the property?"

Mr. Perry: "In the last section of the bill, the new section, where you added: 'Property leased, loaned, sold with the option to repurchase, or otherwise made available to organizations as set out in section 1 above shall not be exempt from taxation', does this say that if a church group were to lease a piece of property with an option to purchase it, and when they went ahead with the purchase, they wouldn't be entitled to the exemption?"

Mrs. McCaffree: "I think this is correct, Mr. Perry."

POINT OF ORDER

Mr. O'Brien: "I understand, Mr. Speaker, this amendment is practically identical with House Joint Resolution No. 1, and House Joint Resolution No. 1 apparently is still before the committee."

The Speaker: "I presume, Mr. O'Brien, that you are raising the point of order as it pertains to Rule 33."

Mr. O'Brien: "Yes, Rule 33 states that amendments should be germane."

The Speaker: "I could recite a great number of instances where I have ruled, former Speaker, Mr. Schaefer, has ruled, former Speaker, Mr. O'Brien, has ruled, and I could cite
specific instances, but it will suffice to say that as far as I am concerned, the amendment to the amendment is not the same as House Joint Resolution No. 1, and I declare it in order.”

Representative Clarke (George W.) continued his remarks, and Representatives Moon and Clark (Newman H.) spoke in favor of the amendment to the committee amendment.

Mr. Bledsoe demanded an oral roll call and the demand was sustained.

Representatives Hubbard, Chapin and May spoke in favor of adoption of the amendment to the amendment, and Representatives Copeland, Charette, Bledsoe, Bottiger, Swayze, King and Whetzel spoke against its adoption.

SPEAKER'S PRIVILEGE

Mr. Speaker: “Mr. O'Brien, we appreciate this great tribute to the majority, but would you please confine your remarks to the question at hand.”

Mr. O'Brien continued his remarks in favor of the resolution.

ROLL CALL

The clerk called the roll on the final passage of Engrossed House Joint Resolution No. 24, and the resolution passed the House by the following vote: Yeas, 81; nays, 18; absent or not voting, 0.

Engrossed House Joint Resolution No. 24, having received the constitutional majority, was declared passed.

EXPLANATION OF VOTE

I voted against House Joint Resolution No. 24 for the reason that it permits any combination of entirely unrelated subjects short of a complete reenactment of the entire constitution to be submitted for a vote of the people as a single issue, which must be either accepted or rejected in full. The entire constitution could be changed by two votes, one of which would relate to a single relatively inconsequential portion, and the entire balance set forth in the other. I prefer, and would support, an enactment such as House Joint Resolution No. 1, which would permit the submission as a single proposal, the amendment of any one article of the existing constitution, or of matters contained in more than one article if they relate to the same subject. As evidence of the fact that meaningful constitutional reform can be achieved under a system where the people are given a reasonable choice to vote for or against several proposals, attention is called to the recent action in Hawaii, where 22 out of 23 simultaneously submitted proposals were enacted, and in California, where 27 out of 35 were adopted. GEORGE W. CLARKE, 41st District; NEWMAN H. CLARK, 43rd District.
EXPLANATION OF VOTE

I am in favor of a gateway amendment providing for easier and faster rewriting of our Constitution.

House Joint Resolution No. 24, in my opinion, is too broad and would make it possible to rewrite and present to the people for their approval, the entire Constitution in two articles. A gateway amendment such as was proposed in House Joint Resolution No. 1 would have given the people a better choice and control of what they feel should be in the Constitution. OTTO AMEN, 9th District.

Thereafter, judges shall be elected for the full term of six years and until their successors are elected and qualified, commencing with the second Monday in January succeeding their election.
"NEW SECTION. Sec. 8. If a vacancy occurs in the office of a judge of the court of appeals, the governor shall appoint a person to hold the office until the election and qualification of a judge to fill the vacancy, which election shall take place at the next succeeding general election and the judge so elected shall hold the office for the remainder of the unexpired term."
On page 5, section 9, line 25, after the word "office" strike everything down to "own" on line 27
The bill was read the second time.
Mr. Clark (Newman H.) moved adoption of the committee amendment to pages 3 and 4.
The clerk read an amendment by Mr. Charette and Mr. O'Brien to the committee amendment.

POINT OF ORDER

Mr. Clarke (George W.): "Mr. Speaker, I think there is a small corrective amendment that was on the desk ahead of those amendments. I put it on the desk ahead of them."
The Speaker: "Yours is a corrective amendment to the committee amendment?"
Mr. Clarke: "That's right, Mr. Speaker."
The Speaker: "It would appear that Mr. Clarke's amendment should probably be considered first."

Representative Clarke spoke in favor of adoption of the amendment to the committee amendment.

PARLIAMENTARY INQUIRY

Mr. Charette: "Mr. Speaker, is this a floor amendment to a committee amendment? If it is, I believe my amendment was on the desk first."
The Speaker: "Mr. Clarke's amendment was on the desk, and we try to take these amendments in the order that they fit into either the bill itself or the amendment. Since this is a corrective amendment, I would recognize it as being in order, and then we will consider the amendment presented by you and Mr. O'Brien."
Mr. Charette: "Mr. Speaker, then if this amendment is adopted, will you allow us to change the date in our amendment? The next question is, if you are going to allow this amendment first, are we then going to be in a position of having our amendment ruled out of order?"
The Speaker: "No. Since the date is not being changed by Mr. Clarke's amendment, you and Mr. O'Brien will certainly have the opportunity to change the date, and I would indicate to you at this time that your amendment would be in order following the adoption or rejection of Mr. Clarke's amendment."
Mr. Clarke continued his remarks in favor of the amendment to the amendment.
POINT OF INQUIRY

Mr. Clarke (George W.) yielded to question by Mr. Charette.

Mr. Charette: "Mr. Clarke, would you have any objections to adding to your amendment, 'or at any general election held prior thereto' which in effect would permit judges to run if we have a general election this November?"

Mr. Clarke: "No, I would have no objection to that substitution."

MOTION FOR RECONSIDERATION

Mr. Barden, having given notice on the preceding day, moved that the House do now reconsider the vote by which House Bill No. 243 failed to pass the House.
Representative Barden spoke in favor of the motion.
Mr. Bottiger demanded an electric roll call and the demand was sustained.
Representative Brouillet spoke against the motion, and Representative Litchman spoke in favor of it.
MOTION

Mr. Moon moved that Mr. Barden’s motion be laid on the table.

RULING BY THE SPEAKER

The Speaker: “Mr. Moon, it would appear that your motion is out of order. The question of consideration, which is really what we are debating at the moment, is a higher ranking motion than the motion to lay on the table.”

POINT OF ORDER

Mr. O’Brien: “Mr. Speaker, if you will refer to Reed’s Rule 211, it gives a practical illustration. As a matter of fact, precedence has been established in this House where the motion has been used to lay a motion to reconsider on the table. We have recognized this procedure in the past.”

RULING BY THE SPEAKER

The Speaker: “It would appear that Reed’s Rule 211 covers this situation, and if I might quote: ‘... In the House of Representatives it can be met with a motion to lay on the table, which enables the House to suppress debate and the reconsideration, both together, if it so desires.’ The motion by Mr. Moon is in order. The motion is not debatable. The question before the House is the motion by Mr. Moon to table the motion by Mr. Barden.”

PARLIAMENTARY INQUIRY

Mr. Kink: “Mr. Speaker, if we vote on this motion, and we lay it on the table, then would a motion be in order later on to remove the reconsidered vote off the table?”

The Speaker: “No. If this motion prevails, that would take care of it.”

Mr. Beck demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion by Mr. Moon to table the motion by Mr. Barden to reconsider the vote by which House Bill No. 243 had failed to pass the House, and the motion was lost by the following vote: Yeas, 27; nays, 60; absent or not voting, 12.

Absent or not voting: Representatives Benitz, Evans, Francis, Grant, Hurley, King, Kopet, Kuehnle, Perry, Spanton, Whetzel, Zimmerman—12.

The Speaker declared the question before the House to be the motion by Mr. Barden to reconsider the vote by which House Bill No. 243 had failed to pass the House.

Debate ensued, Representative Moon speaking against the motion, and Representative Ceccarelli speaking in favor of it.

Mr. Bledsoe demanded the previous question and the demand was sustained.
ROLL CALL

The Clerk called the roll on the motion by Mr. Barden to reconsider the vote by which House Bill No. 243 had failed to pass the House, and the motion was carried by the following vote: Yeas, 60; nays, 29; absent or not voting, 10.

Absent or not voting: Representatives Evans, Francis, Grant, King, Kopet, Kuehnle, Perry, Spanton, Whetzel, Zimmerman—10.

MOTION

Mr. Bledsoe moved that the House defer reconsideration of House Bill No. 243 and it be held for the top of Monday's third reading calendar.

Mr. Moon demanded an electric roll call and the demand was not sustained.

The motion was carried.

PERSONAL PRIVILEGE

Mr. Garrett: "I would like to request that the Speaker allow time for both parties to caucus on this before the third reading calendar is taken up Monday."

The Speaker: "Yes, we will convene at 11:00 a.m. I am sure Mr. Chatalas can schedule a caucus for you at 10:00 a.m. or at an appropriate time before we convene."

MOTION

On motion of Mr. Bledsoe, the House deferred further consideration of the entire second reading calendar, and the bills were ordered placed on Monday's second reading calendar.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery a British industrialist from London, Mr. Moeseson, accompanied by his wife and Mr. and Mrs. Enoch Anderson of Seattle, and asked them to stand and be recognized.

MOTION

On motion of Mr. Bledsoe, the House recessed until 12:50 p.m.

The Clerk called the roll and all members were present.

The President of the Senate: "Mr. Speaker, Father Hamilton, Senator Ridder, Senator Keefe, respected and esteemed members of the Washington State Legislature, ladies and gentlemen:

On this, the 80th anniversary of the passage of the Enabling Act by Congress which permitted Washington to become the 42nd state in the union, and in that this is also the 237th anniversary of the birthday of the illustrious father of our country, it is fitting today that we spend time reflecting on the lives and deeds of those who have by their distinguished service to the citizens of the state of Washington contributed immensely to a course of legislative conduct which has culminated in our state being the best place in the world in which to live.

"At this time, ladies and gentlemen, it is the rare privilege and pleasure for the President to present to you Senator Robert 'Bob' Ridder of the 31st District. Senator Ridder was born in Bellingham, graduated from the University of Washington, and also did graduate work at Seattle University. Senator Ridder is Vice Principal of Showalter Junior High School; a distinguished veteran of the medical corps in the infantry; he has been very active in boys club work, the American Legion, the Parent-Teachers' Association, and many other civic endeavors. He and his wife, Ruth, have five children which in itself is quite an achievement.

"Senator Ridder, may I present to you the members of the legislature and the ladies and gentlemen present."

The President of the Senate turned the gavel over to Senator Ridder.

The following memorial services were observed:

MEMORIAL TRIBUTE

Representative Veroske:

"'The memory of the just is blessed.' Proverbs 10:7

"Placed in the hand of man are two wonderful lamps. One is the lamp of Hope, which leads us forward through the uncertain mists of the future; the other is the lamp of Memory, which leads us back through the mists of the past to the happy scenes and experiences of yesterday. By the soft glow of that lamp of Memory we look into those faces which we have loved and now lost for awhile.

"How rich we are with this gift of Memory: for with it we keep alive the examples of those men that inspire us to worthy living. It was a false sentiment which Shakespeare put into the mouth of Mark Antony when he made him say in his oration over the body of the assassinated Caesar:

"'The evil that men do lives after them;'

"'The good is oft interred with their bones.'

"It is, indeed, true that evil deeds and evil men cast a long and dark shadow. But it is not true that what the good men do is interred with their bones. Nothing is more certain than the touch of influence of just and godly men. They continue to touch us in what they were, in what they said, in what they did and in the things they helped to build.

"On this occasion, it is fitting that with the lamp of Memory we look at those who have lived nobly and know they have made the most splendid and beautiful preparation for the life into which they have now entered. They leave to us the legacy of living expressed in the words of Robert Louis Stevenson:

"'To believe in immortality is one thing, but it is first needful to believe in life.'

"It is right that the memory of these men should turn our attention to living, living in a manner that will keep alive those principles and ideals by which we can build a better world."

In tribute to the memories of these distinguished former members of the Senate and House who have passed from among us, we, the memorialists of the Forty-first Session, convey the respects of the Washington State Legislature, and present our memorials to be preserved in the Book of Memory, in the custody of the Secretary of State:

That young lady is the Washington Dairy Princess. Today, we are pleased to welcome Gail Hamilton, the thirteenth young lady who has served as Washington Dairy Princess.

"Gail was selected as State Princess last June, winning her title from over two hundred girls who competed from all over the state. She was raised on a farm in Onalaska in Lewis County, was high school co-vedaledictorian, and a member of the National Honor Society for four years. She has won a number of awards, is a former 4-H Club member and a delegate to the National Honor Society and Student Council Leadership Conference held in Ohio.

"Gail's parents operate a one hundred-acre farm, raising Holstein replacement cattle, and her father is also manager of the Southwest Washington Production Credit Association. She, herself, is presently employed at Seattle District Justice Court, but her busy life includes speaking to service clubs and youth groups across the state, appearing at fairs and community festivals, and in many ways representing the state's forty-three hundred dairy farm families as an attractive saleslady for this two hundred million dollar industry."

Miss Hamilton: "Thank you. I would like to say how exciting this is for me to be able to be with you this morning and to have the opportunity to bring to each of you greetings from the dairy farmers of the state of Washington."

The Speaker observed in the north gallery Representative Lynch's mother, Mrs. Geoffrey Ward from England, and asked her to stand and be recognized.

RESOLUTIONS

HOUSE RESOLUTION NO. 69-25, by Representative Conner:

WHEREAS, A great social need exists to bring the hard-core unemployed into the mainstream of American life; and
WHEREAS, President Richard M. Nixon has named Donald M. Kendall, a highly successful native son of this state, as chairman of the National Alliance of Businessmen; and
WHEREAS, The National Alliance of Businessmen has undertaken a program to find one hundred thousand jobs for the hard-core unemployed by mid-1969;
NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the State of Washington, That Donald M. Kendall be commended for his personal success in the field of business and his dedication to improving the opportunities for those less fortunate than himself, as exemplified by his appointment as chairman of the National Alliance of Businessmen, and that he be encouraged to continue and to expand present programs which are designed to obtain jobs for the hard-core unemployed;
BE IT FURTHER RESOLVED, That a copy of this resolution be transmitted to Donald M. Kendall.

On motion of Mr. Conner, the resolution was adopted.

HOUSE RESOLUTION NO. 69-26, by Representatives Benitz and Evans:

WHEREAS, The Revised Code of Washington provides that any joint operating agency shall pay, in lieu of taxes, payments in the same amounts as paid by public utility districts: PROVIDED, HOWEVER, That such tax shall not apply to steam-generated electricity; and
WHEREAS, The exemption from such tax for steam-generated electricity was inserted with the specific intent of aiding a proposal to use coal from an economically depressed area of the State (Cle Elum) to fuel a steam-generating plant; and
WHEREAS, The project in question was never completed thus eliminating the specific original reason for the exemption; and
WHEREAS, The only steam-generating plant in the State currently subject to the exemption is that owned and operated by Washington Public Power Supply System which utilizes steam from the Atomic Energy Commission Nuclear Reactor plant at Hanford in Benton County; and
WHEREAS, The tax-exempt status of the steam-generated electrical facility at Hanford results in a substantial loss of revenue to the city, county and school district concerned; and
WHEREAS, The modification or elimination of the tax-exempt status of the Hanford plant would have a significant impact on the city, county, school district and joint operating agency involved; and
WHEREAS, There is evidence that future additions to the State's generating capability will largely consist of steam-powered plants; and
WHEREAS, The impact of continued exemption for steam-generated electricity would appear to be statewide in scope and significant in the tax-service ratio; and
WHEREAS, Controversy has arisen among various state and local governmental agencies, public utility districts, school districts, joint operating agencies, and other public and private organizations as to the most desirable method, if any, for taxing steam-generated electrical facilities; and
WHEREAS, It is both desirable and necessary that additional information be made available relative to the revenue and general economic consequences to the public and private bodies affected by the tax-exempt status of steam-generated electrical facilities;
NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the Legislative Council is authorized and directed to undertake an interim study of the tax-exempt status of steam-generated electrical facilities, hold hearings and make recommendations as to the changes, if any, that are desirable, and draft appropriate legislation pursuant thereto. The directors of school districts, the commissioners or council members of counties or public utility districts, or cities and towns, and the governing bodies of joint operating agencies and other municipal corporations having a present or potential interest in this subject are requested to cooperate with and to assist the Legislative Council in its study.
FORTY-THIRD DAY, FEBRUARY 24, 1969

BE IT FURTHER RESOLVED, That the results of the study, the recommendations of the Legislative Council, and the appropriate legislation drafted pursuant thereto shall be presented to the next regular session of the legislature for its consideration.

Mr. Benitz: "We are not necessarily retreating from that position. We did introduce a bill which would remove the present tax exemption, but we think since this issue is statewide, it needs to be resolved with a knowledge of what is happening over the entire state; consequently, we think a study is the best way to do it and as indicated report back at the next session, which will be a year or less from now."

Representative Jolly spoke in favor of adoption of the resolution.

EXPLANATIONS OF VOTE

When voting on final passage of Engrossed House Bill No. 125, I inadvertently voted "yes" on the electric roll call machine. It was a silly, but honest, mechanical error, as I have been opposed to this bill all the way. I wish to change my vote from "yea" to "nay."

ROBERT W. RANDALL, 23rd District.

Strongly favoring the need to do something to eliminate the "com-sport" fisherman, I reluctantly voted against House Bill No. 125 because it will drastically eliminate legitimate kelper commercial fishermen, many of whom have no desire to abuse their fishing privileges and who are willing to pay larger license fees. Another bill now in the Natural Resources Committee, proposed by Representatives Dick Smythe and Axel Julin, will protect the kelpers, while eliminating the "com-sport." If the second bill for any reason does not pass both houses, I will support House Bill No. 125 in conference. I am committed to solving the "com-sport" problem during this session, but hope to avoid discriminating against a small, but long-established segment of commercial fishermen, known as kelpers. HAROLD ZIMMERMAN, 17th District; RICHARD SMYTHE, 49th District.

Determining funds to be deposited in the marine fuel refund account.

House Bill No. 54 was read the third time and placed on final passage.

The Speaker recognized Mr. Wolf.

Mr. Wolf: "House Bill No. 54 is a departmental request bill that involves the studies provided for by Initiative 215, passed by the people in 1964. The studies referred to are to show the percentage of motor vehicle tax that should go to marine recreation, and these studies have proven that the amounts are the same almost every year. This bill calls for a study once every four years instead of once every two years, and will save the state about $50,000 in the amount required for this study. I urge your support of House Bill No. 54."

The Speaker recognized Mr. Thompson.

Mr. Thompson: "This is a simple bill. It simply extends the period from two to four years between the studies that fix the formula under which the outdoor recreation program receives its gas tax refund money. However, anyone who feels as I do that marine gas tax use
is accelerating at such a rate that it should be surveyed at least every two years, and anyone who feels that the marine gas tax fund outdoor recreation program should receive its full current support, will vote against this measure. I don't speak for the Interagency Committee for Outdoor Recreation, the little orphan of our creation doesn't have a strong lobby in these halls and our committee rooms. In fact it doesn't even have a weak lobby. I hope to represent the citizens of the state who are interested in outdoor recreation and the units of local government who depend on this fund for badly needed recreational facilities. The last study referred to by Representative Wolf showed that an increase of some $80,000 would be provided. This represents a statistically insignificant factor as far as the overall gas use is concerned, that's true. But it would represent to the Interagency Committee for Outdoor Recreation a seven percent increase in available funds. I hope we will simply set aside this simple little bill and preserve the biennial study requirement so that the Outdoor Recreation program will receive the full support that the citizens intended when they overwhelmingly supported Initiative 215."

POINT OF INQUIRY

Mr. Wolf yielded to question by Mr. Hoggins.

Mr. Hoggins: "Mr. Wolf, would this mean that the funds that are now collected from the gasoline tax on marine sales would be transferred to the Interagency Committee for Outdoor Recreation only once every four years?"

Mr. Wolf: "No, Representative Hoggins. They will be transferred as they are called for in the statute now. This is a simple little thing which calls for a study every four years. Representative Thompson alluded to it. The difference in the amounts in two years, 1964 and 1966, was less than $8,000. The cost of the study was $50,000. There is no reason to believe that the growth will be so substantial, but if it is, the director can call for a survey any time he wants to, but must do so at least once every four years. If we have a tremendous increase in marine fuel being used, then he can call for a study at any time he thinks the fifty thousand dollar expenditure is worthwhile.

"Thank you for asking the question."

"Part I. Sections affecting current law.

"Section 1. Section 10, chapter 266, Laws of 1947 as last amended by section 1, chapter 67, Laws of 1957 and RCW 28.57.338 are each amended to read as follows:

"The governing board of a school district shall be known as the board of directors of the district. Unless otherwise specifically provided, as in RCW 29.13.060, members of a board of directors shall be elected by ballot by the qualified electors of the school district and shall hold office for a term of four years and until their successors are elected and qualified. Terms of school directors shall be staggered and insofar as possible, not more than a majority of one shall be elected to fill terms at any regular election. In case a member or members of a board of directors are to be elected to fill an unexpired term or terms, the ballot shall specify the term for which each such member is to be elected. Except for a school district of the first class in class AA and class A counties having an enrollment of 70,000 pupils or more which shall have a board of directors of seven members, the board of directors of a school district of the first class or of a school district of the second class shall consist of five members. The board of directors of a school district of the third class shall consist of three members.

"The terms of all school directors elected to office in March, 1956 shall be for four years. There shall be no general school district elections held in the year 1957 and the directors whose terms would have expired in 1957, but for the provisions of this act, shall continue in office until their successors are elected at the general election to be held on the second Tuesday of March, 1958. The directors whose terms expire in 1958 shall be elected for a four year term: PROVIDED, That in any school district governed by a board of directors composed of five directors in which the term of office of more than three directors shall expire in 1958 or in 1960, there shall be elected at the regular school election, held in the year in which the term of office of more than three directors expires, a number of directors equal to the number of directors whose terms expire in that year. Said directors shall be elected for the following terms: Three directors for a term of four years and the remainder for a term of two years. Prior to the date set by law for filing a declaration of candidacy for the office of director, the board of directors of any school district affected by this proviso which is divided into director districts shall determine by lot the director districts from which directors shall be elected for a term of four years and the director district or districts from which a director or directors shall be elected for a term of two years. Any such candidate shall indicate on his declaration of candidacy the director's district or the term of office which he seeks election and the director's district and the term of office shall also appear upon the ballot. Any candidate filing for the office of director in any district affected by the proviso which is not divided into director districts shall indicate on his declaration of candidacy the term of years for which he seeks to be elected. The ballot for such election shall indicate the term of years for which a candidate seeks to be elected: PROVIDED FURTHER, That in any school district governed by a board of directors composed of three directors in which the term of office of all the directors shall expire in 1958 or in 1960, there shall be elected, at the regular school election held in the year in which the term of office of all of the directors expires, three
directors for the following terms: Two directors for a term of four years and one director for a term of two years. Any candidate filing for the office of director in any district affected by this proviso shall indicate on his declaration of candidacy the term of years for which he seeks to be elected. The ballot at such election shall indicate the term of years for which a candidate seeks to be elected.)

In case a member or members of a board of directors are to be elected to fill an unexpired term or terms, the ballot shall specify the term for which each such member is to be elected.

"Except for a school district of the first class in class AA and class A counties having an enrollment of 70,000 pupils or more which shall have a board of directors of seven members, the board of directors of [a] every school district of the first class or [of a] school district of the second class shall consist of five members. "Part III. Construction.

"NEW SECTION. Sec. 9. Except as provided in section 10 of this 1969 amendatory act, nothing in this 1969 amendatory act shall extend or limit the terms of any school district board members presently serving in districts of the first class, but school district board members serving in any district of the first class having an enrollment of 70,000 pupils or more on the effective date of this 1969 amendatory act shall within thirty days thereafter by board action appoint two additional members to serve until the next general school election in November, 1969 and until his successor has been elected and qualified. Thereafter the terms of all elected members of such board shall be for six years and until their successors are elected and qualified.

"NEW SECTION. Sec. 10. Nothing in this 1969 amendatory act shall prevent the board of directors of any first class school district having a school board of seven members as in this 1969 amendatory act provided for from submitting to the electors at any regular school district election a proposition to authorize the county committee to divide the district into seven directors' districts as otherwise provided by law.

The provisions of Part I of the instant bill seek to change existing laws. The provisions of Part II seek to change correlative provisions of the proposed 1969 education code if such code becomes law. It is the intent of the legislature that the provisions of Part I shall be effective only until the date upon which the 1969 education code shall take effect, upon which date the provisions of Part I shall expire and the provisions of Part II shall concomitantly become effective. It is the further intent of the legislature that Part II of the instant bill shall not take effect unless the proposed 1969 education code is adopted at this legislature, but if such event occurs then any amendatory provisions of Part II of this bill shall be construed as amending the correlative provisions of the 1969 education code, and any new or additional provisions of Part II shall be construed as being in pari materia with the 1969 education code.

"NEW SECTION. Sec. 12. Part I of this 1969 amendatory act and sections 9 and 10 hereof are necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

POINT OF INQUIRY

Mr. Richardson yielded to question by Mr. Saling.

Mr. Saling: "Mr. Richardson, you have had some experience as a school director, isn't that correct?"

Mr. Richardson: "Yes, Mr. Saling."

Mr. Saling: "Would you explain to me what expenses are paid to a school director in the way of dinner, if you go through the dinner hour, or mileage, if you go to a meeting or if you have to go out of the city, or transportation and other expenses that are taken care of by the district."

Mr. Richardson: "I don't quite know how I became involved in this, I was merely an innocent bystander. Under the present provisions of the statutes, a school director is reimbursed for his actual expenses if he is on school business. This takes in statewide meetings, district meetings, and area meetings. Also, the school director can claim mileage to and from the school board meetings. I don't know of anybody who has ever done this. If you do go over the dinner hour, normally the dinner is provided at the expense of the district. I am not certain if Mr. Whetzel's amendment applies to all school districts in the state or not. If it does, I would oppose it. School directors have traditionally opposed any attempt to pay them any per diem. This has come before the legislative conference of state school directors many times, and they have almost always unanimously opposed it. Does that answer your question?"

Mr. Saling: "Very well."
Mr. Whetzel yielded to question by Mr. Saling.

Mr. Saling: "Mr. Whetzel, I perhaps didn't notice in your amendment who is going to pay the bill for per diem. Will that come out of school district funds?"

Mr. Whetzel: "Yes."

Mr. Harris demanded the previous question and the demand was sustained.

The amendment to the committee amendment was lost.

The Speaker declared the question before the House to be the adoption of the committee amendment as amended to Senate Bill No. 142.

Debate ensued, Representatives Hoggins and O'Brien speaking in favor of the amendment and Representative Leckenby speaking against it.

The committee amendment as amended was adopted.

On motion of Mr. Hoggins, the committee amendment to the title was adopted.

Mr. Marzano appeared at the bar of the House.

On motion of Mr. Bledsoe, the rules were suspended, Senate Bill No. 142 as amended by the House was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Mr. Harris demanded the previous question and the demand was sustained.

The clerk called the roll on the final passage of Senate Bill No. 142 as amended by the House, and the bill passed the House by the following vote: Yeas, 90; nays, 7; absent or not voting 2.

Representative O'Brien spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. O'Brien yielded to question by Mr. Haussler.
Mr. Haussler: "Representative O'Brien, could you tell me the composition of the Dairy Commission—how many members there are and a few other things like that?"
Mr. O'Brien: "Mr. Haussler, I hardly know the name of the commission—I'm from the city of Seattle; but I am in favor of milk and milk products and all dairy products. Anything we can do to help upgrade them through proper advertising and grading of milk and dairy products, I'm all for."

POINT OF INQUIRY

Mr. O'Brien yielded to question by Mr. Whetzel.
Mr. Whetzel: "Mr. O'Brien, I see you are the only city sponsor with all these country legislators. Can you tell me what the impact of this bill will be on the price of milk in the Seattle area?"
Mr. O'Brien: "There will be no impact on the price of milk. As a matter of fact it might promote the upgrading of milk and the advertising of milk and dairy products so more people will patronize our great agricultural business. In the city of Seattle we don't have very many cows, or things of that nature, but we are tremendously interested in people being properly taken care of through good agricultural products."

POINT OF INQUIRY

Mr. Wolf yielded to question by Mr. Bottiger.
Mr. Bottiger: "Mr. Wolf, does this have anything to do with raw milk?"
Mr. Wolf: "Mr. Bottiger, it does not have to do with raw milk. It does have to do with the promotion of milk products—legitimate milk products in the state of Washington. If you have read the bill, you will see that we go to the dairy farmers themselves and ask, 'Do you want to promote milk, to lower costs, to sell more products, to keep agriculture going?' If they say 'yes' by a vote, then they will have the right to take from their share an amount to advertise. It has nothing to do with raw milk."

POINT OF INQUIRY

Mr. Wolf yielded to question by Mr. Moon.
Mr. Moon: "Could you tell us what the present assessment is per pound of butterfat and per hundred weight of milk?"
Mr. Wolf: "No."
Mr. Wolf yielded to question by Mr. Savage.

Mr. Savage: "I understand that if milk retailers handle a thousand quarts or so, whatever it is, per month, that there is a considerable bonus, which puts a real handicap upon a small grocer when he does not get this bonus. Therefore, the milk costs him four percent more, or something like that. Would this bill take care of that problem and help the small grocer?"

Mr. Wolf: "No."
Mr. Savage: "That's too bad."

Mr. Wanamaker spoke in favor of passage of the bill.

Mr. Bledsoe demanded the previous question and the demand was sustained.

There being no objection, the title of the bill was ordered to stand as the title of the act.

HOUSE BILL NO. 239, by Representatives Bledsoe, Lynch, King and Farr (by Advisory Council on Public Higher Education request):
Establishing a state higher education personnel board.

MOTION

On motion of Mr. Bledsoe, Substitute House Bill No. 239 was substituted for House Bill No. 239 and the substitute bill was placed on the calendar for second reading.
Substitute House Bill No. 239 was read the second time.

Representatives Bledsoe and King spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Bledsoe yielded to question by Mr. Grant.
Mr. Grant: "Mr. Bledsoe, last session we passed the collective bargaining act for public employees. Are the employees of institutions of higher education subject to that act through the passage of this bill?"
Mr. Bledsoe: "I am of the opinion that such would be available to them should they elect this option. I can't give you a hard answer because this is one I haven't a direct answer for. I will look for it and give it to you though."
Mr. Grant: "It might be a little late."
Mr. Bledsoe: "I have been informed by counsel that the answer is 'yes', Mr. Grant."

POINT OF INQUIRY

Mr. King yielded to question by Mr. Barden.
Mr. Barden: "Representative King, I have received about forty letters from personnel at Highline Community College in my legislative district expressing concern that House Bill
No. 239 (now Substitute House Bill No. 239) might lead to a standardization of salaries for community college personnel, which would have the effect of reducing wage scales for community college instructors in urban areas. I wonder if you could tell me if Substitute House Bill No. 239 eliminates that problem?"

Mr. King: "It is my understanding that it would. The system that is employed for making salary surveys, under the state higher education personnel board, takes into account the salaries that are paid people in comparable jobs living in the same area or community. I think this would be done pretty much by districting of the state. This is one difference from the state civil service system we operate under, and I think actually the bill should help personnel in areas where higher wages are being paid in the immediate vicinity."

ROLL CALL

The clerk called the roll on the final passage of Substitute House Bill No. 239, and the bill passed the House by the following vote: Yeas, 95; nays, 0; absent or not voting, 4.

The bill was read the second time.

On motion of Mr. Farr, the committee amendment was adopted.

House Bill No. 379 was ordered engrossed.

EXPLANATIONS OF VOTE

My vote against Representative Sprague's amendment to House Bill No. 433 was based upon an action taken on the circumvention of committee procedure, and not because I was against the context of the amendment. This will be supported in the main appropriation bill in a line item. HENRY BACKSTROM, 39th District.

I opposed this amendment to HOUSE BILL NO. 433 on the grounds that this action would not solve the problems brought about by an administrative ruling. I further stated that the need for which this money was to be used could be met under existing appropriations by requiring strict adherence to the rules and regulations elaborated in the Drug Formulary of the Department of Public Assistance.
As a vendor who participates in this program, I do not feel that this additional grant was required to meet the justifiable needs. JERRY C. KOPET, 6th District.

Absent or not voting: Representatives Fleming, McCaffree—2.

Engrossed House Bill No. 311, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

Representatives Moon, Francis and DeJarnatt voted against Engrossed House Bill No. 311, which declares it a crime to sniff glue or possess glue for the purpose of sniffing. They hereby state, for the record, their reasons for their vote:

Glue sniffing is very harmful to the sniffer. We should do something about it. Nevertheless, the answer is not to declare that the sniffer is a criminal. We feel that Engrossed House Bill No. 311 represents the wrong approach to the problem.

There are many practices which directly harm innocent persons. A classic example is armed robbery. These practices are properly classified as crimes.

Other practices, such as cigarette smoking or failing to fasten a seat belt in an automobile directly harm, or risk harm, only to the person who is doing the act. These activities should not be treated as crimes.

We think the legislature should take a long look at our policies in this area. The problem with glue sniffing, as with so many others, is educational. Why always attack them as law enforcement problems? Cannot we develop a new avenue? Perhaps we should find a new concept, such as “health department agents” or “safety agents” to talk to school and civic groups and users, to work with communications media, perhaps even to hold classes.

We recommend a serious study of alternatives to the constant approach of “let’s outlaw it” which always results in a new class of criminals whose only victims are themselves. ARLENE U. DEJARNATT, 18th District; PETER D. FRANCIS, 32-B District; CHARLES MOON, 39th District.

POINT OF INQUIRY

Mr. Murray yielded to question by Mr. Moon.

Mr. Moon: "Representative Murray, could you tell me if there is presently a sales tax exemption on advertising?"

Mr. Murray: "Yes. Again applying the same principle, that it is good business for the state to promote sales so that it can collect more sales tax, is the basic reason for such exemption."

POINT OF INQUIRY

Mr. Farr yielded to question by Mr. Conner.

Mr. Conner: "Suppose a dentist came into a new community. How often can he advertise, or for what length of time, in order to establish his practice?"

Mr. Farr: "At present he may advertise as the dentists in his area do. In the particular area where I went into practice, we were allowed a small size column (I've forgotten the dimensions; it depends on the newspaper) and I was allowed to run it three times during one given week. They don't have to be consecutive, but they have to be within one week. Most of the men in my area will put this ad in on Tuesday, Thursday and Sunday, and this is all, to just announce their presence. The same sort of thing is permitted now to announce the removal of your practice to another location in the city."

POINT OF INQUIRY

Mr. Murray yielded to question by Mr. Zimmerman.

Mr. Zimmerman: "Mr. Murray, what has been your experience with new dentists advertising in your community?"

Mr. Murray: "The total revenue my paper has had in fifteen years from advertising dentists was thirty-six dollars. This occurred when one dentist, a recognized member of the profession and not normally called an advertising dentist, opened his office in the Queen Anne area. He put in a two by three ad and ran it three consecutive weeks. He was brought in before the board of ethics of the Seattle association and nearly expelled from the association for advertising three consecutive weeks with a two by three ad, in light-faced, professional-looking type."

Mr. Thompson demanded the previous question and the demand was sustained.

Authorizing superintendent of public instruction to reduce required school year.

On motion of Mr. Zimmerman, the rules were suspended, the second reading considered the third, and House Bill No. 554 was placed on final passage.

Debate ensued, Representatives Richardson, Savage and Brouillet speaking in favor of passage of the bill and Representative Bledsoe speaking against it.

POINT OF INQUIRY

Mr. Brouillet yielded to question by Mr. Clark (Newman H.).

Mr. Clark: "Why could not this be limited to certain districts and areas of the state for this particular year, when it has been the worst weather in this state, and not have it as a general law for the future with the burden being placed on the superintendent to pass on this? Why couldn't this be a limited bill instead of a broad one?"

Mr. Brouillet: "Yes, Mr. Clark, it could be a limited bill, but many of us are somewhat reluctant to decide how many days are going to be made up here and how many days are going to be made up there. Some districts lost two days; some lost fifteen days or eighteen days. I don't think we could very easily sit here and decide what a fair number is. We have a superintendent of public instruction. He has been elected. He has assistants. I think they are perfectly capable of looking at the problem and judging the individual cases. I think we have, in education and other areas of state government, allowed some kind of flexibility. I think if you have a department like that, you have to make them responsible. You have to give them the power, and then if they abuse it—correct them, but I don't think we can set conditions on what they do now."

Mr. Clark: "I don't believe you have answered the prime part of my question and that is, Why shouldn't it be limited to this particular year without making it for all time?"

Mr. Brouillet: "Well, my only answer to that, Mr. Clark, would be that I think this is a power that the state superintendent of public instruction should have. If we have another problem next year, he should be allowed to take care of these problems. We allow the department of agriculture ten times as much power. I think the state superintendent of public instruction is perfectly capable of making these decisions and should be allowed to do so."

Further debate ensued, Representatives Mahaffey and King speaking in favor of passage of the bill.

POINT OF INQUIRY

Mr. Brouillet yielded to question by Mr. Newhouse.

Mr. Newhouse: "I have some question in my mind as to the meaning of the emergency situation. Would you interpret that such an emergency might, perhaps, be a student riot or something which could close down a school for a few days?"

Mr. Brouillet: "Mr. Newhouse, I think the bill is very specific. It says the superintendent of public instruction shall draw up rules and regulations. I wouldn't construe a riot to be an emergency situation. I think we are talking about things such as inclement weather, which are out of our control. Maybe you say riots are out of our control, but in my definition this wouldn't be an emergency situation. But again, the superintendent of public instruction should put down on paper, and I'm sure he will, some rules and regulations, and then they should be open to legislative review. One of our functions is to check administrative agencies to see if they are complying with the intent of the legislature. Therefore, when he writes these rules, the joint committee, or someone else, should look at these things and say whether this was our intent. This is part of the legislative process."

Further debate ensued, Representative Cunningham speaking in favor of passage of the bill.

Mr. Bledsoe demanded the previous question and the demand was sustained.

Mr. King: "Does this bill put a limit on the amount of money an individual can borrow from a credit union which is greater or lesser than the limit now existing?"

Mr. O'Dell: "Yes, it does. This depends on the unencumbered capital of a credit union, they can loan up to twenty-five hundred dollars for unsecured loans and up to ten percent
of their unencumbered capital on secured loans. However, this bill increases the amount that a credit union can loan on a secured loan from six thousand to ten thousand dollars without getting the permission of the supervisor of the savings and loan associations."

On motion of Mr. Farr, Substitute House Bill No. 303 was substituted for House Bill No. 303 and the substitute bill was placed on the calendar for second reading. Substitute House Bill No. 303 was read the second time.

Mr. Farr moved adoption of the following amendment:

On page 2, section 2, line 5, after the period following "surgery" insert "The term 'practitioner' shall include a duly accredited Christian Science practitioner: PROVIDED, HOWEVER, That a child who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner shall not be considered, for that reason alone, a physically neglected child for the purposes of this chapter."

Mr. Farr yielded to question by Mr. Grant.

Mr. Grant: "Dr. Farr, I understand that this law is permissive—that it only permits these various groups that might observe child abuse to report it."

Mr. Farr: "I would say this amendment that I offer doesn't relate to this. I think there is a possibility a later amendment would speak to the subject you are discussing. You are correct that it is permissive."

The amendment was adopted.

Mr. Ceccarelli moved adoption of the following amendment:

On page 3, section 3, line 8, after "he" and before "report" strike "may" and insert "[may] shall"

Mr. Heavey yielded to question by Mr. Smythe.

Mr. Smythe: "Mr. Heavey, you made the statement that this bill which is before us now, because of its permissive nature, did not do the job. Now we know that the field was limited, and we know that this broadens it to the various fields of child contact. Do you have any facts and/or figures or any information, specifically, that indicates those who presently enjoy immunity have not reported, as we requested in the previous law, or are you just making an assumption?"

Mr. Heavey: "When you talk about immunity, I don't . . ."

Mr. Smythe: "I refer to those who presently have immunity under the law. You made the statement that the law is not working because it is permissive. Do you have any facts or information to substantiate that?"

Mr. Heavey: "The facts and information I have is information given to me by people I know who are in the area of social work. They have told me that the permissive law is not working adequately."

Further debate ensued, Representative Smythe speaking against adoption of the amendment.

Mr. Merrill demanded an electric roll call and the demand was sustained.

Mrs. Lynch yielded to question by Mr. Richardson.

Mr. Richardson: "If this is made mandatory, Representative Lynch, is there any provision in the act to provide a penalty for failure to report?"

Mrs. Lynch: "It is my understanding there is no penalty provided. I think if we are going to make it mandatory, we have to have a penalty."

Mr. Richardson: "It wouldn't be effective then if there were no penalty involved?"

Mrs. Lynch: "No."

Representative King spoke in favor of adoption of the amendment.

Mr. Chapin demanded the previous question and the demand was sustained.

The clerk called the roll on the adoption of the amendment by Mr. Ceccarelli, and the amendment was lost by the following vote: Yeas, 46; nays, 52; absent or not voting, 1.
FORTY-EIGHTH DAY, MARCH 1, 1969

Absent or not voting: Representative Copeland—1.

EXPLANATION OF VOTE

With regard to my vote in opposition to Mr. Ceccarelli’s amendment to Substitute House Bill No. 303, I believe if this amendment were included, a parent who had abused his child and wished to discuss the matter with his priest or minister, would by law be forcing the priest or minister to report the incident to the authorities named in the law. The result would, of course, cause people to withhold information from the clergy, from doctors, and others, and would reduce the prospect of their seeking therapy. In my opinion, the purpose of the amendment is constructive, but the result would be damaging. WILLIAM S. LECKENBY, 31st District.

Substitute House Bill No. 303 was ordered engrossed.

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Engrossed Substitute House Bill No. 303 was placed on final passage.

Representatives Lynch and Ceccarelli spoke in favor of passage of the bill.

POINT OF INQUIRY

Mrs. Lynch yielded to question by Mr. Francis.

Mr. Francis: “My question is really in two parts. Why have we left the law enforcement agencies in here at all as a place to report, and, secondly, do we have any assurance that the law enforcement agencies will send this information to the central clearing house?”

Mrs. Lynch: “I think this will be worked out with the law enforcement authorities. We had law enforcement people working with us on the committee when we put this bill together. I feel law enforcement does belong in the bill. If we had left it out, I’m sure there would have been a great cry go up that we had prevented the very thing that we are trying to do. But very definitely the department is well aware of this, and law enforcement and the department will work together on this registry.”

ROLL CALL

The clerk called the roll on the final passage of Engrossed Substitute House Bill No. 303, and the bill passed the House by the following vote: Yeas, 98; nays, 0; absent or not voting, 1.

Mr. Bottiger: "Did Spokane and Tacoma request this?"
Mr. Kopet: "Spokane requested it. I did not have an answer from Tacoma."

Debate ensued, Representatives Bottiger and Sprague speaking against adoption of the amendment and Representative Kopet speaking in favor of it.

POINT OF INQUIRY

Mr. May yielded to question by Mr. Wolf.
Mr. Wolf: "Representative May, this morning in Transportation Committee, we were studying municipalities, and you and I were discussing the possible solutions to our bus and city transportation problems. If they strike "one" and insert "three" doesn't this ruin the possibility of Spokane operating a municipal bus system?"
Mr. May: "That is right."

Representative Hurley spoke against adoption of the committee amendment.

SECOND READING

HOUSE BILL NO. 388, by Representatives Swayze, Charette, Berentson, Heavey and Sawyer (by departmental request):
Amending act relating to charter party carriers of passengers.
The House resumed consideration of House Bill No. 388 on second reading.
The bill was read the second time.
Mr. Cunningham moved adoption of the following amendment:
On page 3, section 5, line 16, after "services" and before "and" insert "if the commission finds the applicant has filed satisfactory evidence of an annual vehicle inspection conducted pursuant to rules and regulations of the Washington utilities and transportation commission,"
Representatives Cunningham and Heavey spoke in favor of adoption of the amendment.
The amendment was adopted.
Mr. Bluechel moved adoption of the following amendment:
On page 4, section 6, line 17, after the period following "authorized" strike the remainder of the section.
Debate ensued, Representative Bluechel speaking in favor of adoption of the amendment, and Representative Swayze speaking against it.
The amendment was lost.

House Bill No. 388 was ordered engrossed and passed to Committee on Rules and Administration for third reading.

HOUSE BILL NO. 645, by Representatives Berentson, Veroske and Martinis:
Regulating county roads.
The House resumed consideration of House Bill No. 645 on second reading.
The bill was read the second time.
Mr. Wolf moved adoption of the following amendment:
On page 3, section 2, beginning on line 2, strike all of section 2 and renumber the remaining sections consecutively.

Debate ensued, Representative Wolf speaking in favor of adoption of the amendment, and Representatives Berentson, Haussler and Newhouse speaking against its adoption.

POINT OF INQUIRY

Mr. Berentson yielded to question by Mr. Sawyer.

Mr. Sawyer: “Mr. Berentson, is this the bill which, in effect, transfers the administration of the roads in the counties from the county commissioners to the engineer?”

Mr. Berentson: “It is my understanding, Mr. Sawyer, that it does not do this, in effect. I think the existing statute pretty well spells out the powers of the county engineer, and they are releasing the county commissioners from some reports that are, in fact, duplicating what the county engineer is designated to do now. I don't think there has been any opposition on the part of the county engineers or commissioners as to the authority granted here.”

Mr. Sawyer: “What I am asking is, ‘If I had a road problem, would I go to my county commissioner or would I have to go up to the engineer?’ ”

Mr. Berentson: “You would go to your county commissioner. The engineer is subservient to the county commissioner.”

Further debate ensued, Representatives Sawyer, Kalich and Wolf speaking in favor of adoption of the amendment, and Representatives Berentson and Newhouse speaking against it.

MOTION

On motion of Mr. Sawyer, further consideration of House Bill No. 645 was deferred, and the bill was ordered placed on Tuesday's second reading calendar.

HOUSE BILL NO. 116, by Representatives Harris, Bottiger and Mentor (by Legislative Council request):
Regulating use of arrest records.
Committee recommendation: Majority, do pass with the following amendments:
In section 1, lines 5 through 19, strike everything down to and including "misdemeanor."
Renumber section 2 to read "Section 1."
On line 1 of the title, after "adding" strike "new sections" and insert "a new section"
On lines 2 and 3 of the title, after "RCW", strike "; and providing penalties"
The House resumed consideration of House Bill No. 116 on second reading.
The Speaker stated the question before the House to be the committee amendment by the Committee on Judiciary, striking lines 5 through 19.

POINT OF ORDER

Mr. Bottiger: “Mr. Speaker, there are amendments on the desk which correct or modify the section which the committee amendment totally deletes.”

POINT OF ORDER

Mr. Clarke (George W.): “Mr. Speaker, at the time this matter was continued, there was then pending before the House the question of the adoption of the committee amendment.”
The Speaker: "Yes, the committee amendment was before us at the time the motion for deferral was made, so we will have to consider it."

PARLIAMENTARY INQUIRY

Mr. Harris: "Since the committee amendment strikes the entire section, if the amendment is adopted, Mr. Bottiger's amendment would have nothing to attach to."

The Speaker: "That is correct. It would be out of order."

Mr. Harris: "I think we should attempt to correct the committee amendment; then if it is not corrected, vote on the committee amendment."

The Speaker: "It would appear the only way we could handle it would be to vote down the committee amendment."

MOTION

Mr. Bottiger moved further consideration of the committee amendment be deferred until after the floor amendments have been considered.

RULING BY THE SPEAKER

The Speaker: "Mr. Bottiger, I will place your motion if you will allow me the flexibility of putting the committee amendment back before us after the floor amendments that pertain to this particular section have been taken care of."

Mr. Bottiger: "Certainly, Mr. Speaker."

POINT OF ORDER

Mr. Heavey: "Not that I have any real objection, Mr. Speaker, but it seems to me that we are getting ourselves caught in a parliamentary trap here. If we delay the consideration of the committee amendment, which is the striking of section one of the bill, then this means we delay consideration of section one in its entirety. It seems to me the only way we could accomplish this purpose is that the amendment be withdrawn, with the consent of the House, and then placed before the House again."

POINT OF ORDER

Mr. Clarke (George W.): "Mr. Speaker, I respectfully suggest that the proper procedure would be to conclude the arguments on the committee amendment which is before the House. I think it takes a suspension of the rules to do anything else. If Mr. Bottiger's motion is now before the House, I would like to have the opportunity of speaking in opposition to it."

RULING BY THE SPEAKER

The Speaker: "Mr. Bottiger, it would appear your motion would require a suspension of the rules. We have before us an amendment, and the procedure requires that we consider it. To change from that order of business would require a suspension of the rules. As I indicated, it would appear that if we consider and vote on the amendment by the committee and it is adopted, the question then of your amendment becomes moot. If the committee amendment is defeated, then the body would by that vote have indicated they would consider your amendment."

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, have you read Reed's Rule 144?"

The Speaker: "I presume you are referring to the provision that a section be perfected before a motion to strike is in order."

Mr. O'Brien: "It appears that the friends of both paragraphs should have the opportunity to perfect the section before the motion to strike out would be recognized, because if the motion to strike out carries, it precludes further consideration of the amendments."

The Speaker: "This is very true, but I would think, Mr. O'Brien, that amendments, such as those offered by Mr. Bottiger, would have to be submitted prior to the time we start consideration of the committee amendment. Mr. Bottiger's amendments came in after the committee amendment was before us. I don't see how we can responsibly go back now and consider those amendments without a suspension of the rules. His amendments were not on the desk at the time we started to consider the committee amendment."
FIFTIETH DAY, MARCH 3, 1969

MOTION

Mr. Litchman moved the rules be suspended and Mr. Bottiger's amendments be considered before the committee amendment.

RULING BY THE SPEAKER

The Speaker: "We have Mr. Bottiger's motion before us."

With the consent of the House, Mr. Bottiger withdrew his motion.

The Speaker declared the question before the House to be the motion by Mr. Litchman that the rules be suspended and Mr. Bottiger's amendments be considered before further consideration of the committee amendment.

POINT OF ORDER

Mr. Copeland: "I question the propriety of requiring a suspension of the rules at this time. What you are stating means that all floor amendments must be in the possession of the Chief Clerk before committee amendments would be in his possession. We all know the proper order of procedure is that the suggested committee amendment is attached to the original bill and when the bill is reported out of Rules Committee it comes to the Chief Clerk in that fashion. I suggest that on second reading if a member wishes to perfect a bill, he could always submit his amendment to the Chief Clerk in writing at any time. I further suggest, for the consideration of the House, that if this is going to be a new procedure (which I have never heard of before and I'm sure many others have not heard of before) requiring that we have our amendments on the desk prior to the time the committee amendments arrive on the desk, it's going to complicate things."

RULING BY THE SPEAKER

The Speaker: "Prior to the time we start consideration of the committee amendment, Mr. Copeland, we will accept the floor amendments, but at the time the deferral of this bill was approved by the House, we had the committee amendment before us. Now we must dispose of that, one way or another, or I don't see how we can proceed. We are not prohibiting or precluding floor amendments from being presented. If we haven't started consideration of the committee amendment, then a floor amendment (as Mr. O'Brien has indicated under Rule 144) would certainly be in order. The point is, we have a committee amendment before us and we must dispose of it by voting it down or approving it; or we must suspend the rules in order to withdraw the committee amendment and allow Mr. Bottiger to put his amendment before us."

POINT OF ORDER

Mr. Moon: "I wonder if we couldn't, by motion, withdraw the committee amendment with the consent of the House."

RULING BY THE SPEAKER

The Speaker: "I don't think that would be a responsible way to attack the problem, Mr. Moon."

POINT OF ORDER

Mr. Grant: "I would like to refer you to Reed's Rule No. 147."

MOTION

Mr. Harris moved that the committee amendment be laid on the table.

RULING BY THE SPEAKER

The Speaker: "We have a motion before us, Mr. Harris."
Mr. Copeland: "The motion to lay the bill on the table is of a higher rank than the motion to suspend the rules."

The Speaker: "You may make your motion, Mr. Harris."

Mr. Harris moved that the committee amendment to House Bill No. 116 be laid on the table.

Mr. Harris: "May I comment on the motion?"

The Speaker: "The motion is not debatable, Mr. Harris."

Mr. Beck: "Does the motion to lay on the table take the bill with it?"

The Speaker: "No, not under our rules."

The Speaker declared the question before the House to be the motion by Mr. Harris to table the committee amendment to House Bill No. 116.

The motion was carried on a rising vote.

Mr. Bottiger moved adoption of the following amendment:

On page 1, section 1, line 13, strike "person (1) has been acquitted of all charges against him or all such" and insert "(1)"

Debate ensued, Representative Bottiger speaking in favor of adoption of the amendment, and Representative Clarke (George W.) speaking against it.

Mr. Marsh moved the House defer further consideration of House Bill No. 116 on second reading, and the bill be ordered placed on tomorrow's second reading calendar.

The motion was lost on a rising vote.

Further debate ensued, Representatives Harris and Litchman speaking in favor of adoption of the amendment by Mr. Bottiger, and Representative Chapin speaking against its adoption.

Mr. Chapin yielded to question by Mr. Perry.

Mr. Perry: "You have referred to the criminal records, or the records that the police have when a person is picked up, even though he might be found guilty or he might have been guilty in previous offenses. In a criminal proceeding, are these records allowed to be used against him in a current trial?"

Mr. Chapin: "No, they are not."

Mr. Perry: "Then what good are they?"

Mr. Chapin: "They do law enforcement officers all kinds of good by giving them the tools with which to work, Mr. Perry."

Representative Perry spoke in favor of adoption of the amendment by Mr. Bottiger.

Mr. Harris demanded an electric roll call and the demand was sustained.

Representative Fleming spoke in favor of adoption of the amendment.

Mr. Bledsoe demanded the previous question and the demand was sustained.

The clerk called the roll on the adoption of the amendment by Mr. Bottiger to House Bill No. 116, and the amendment was adopted by the following vote: Yeas, 63; nays, 34; absent or not voting, 2.

Voting nay: Representatives Amen, Benitz, Berentson, Bledsoe, Bluechel, Chapin, Clarke (George W.), Cunningham, Curtis, Evans, Flanagan, Gladder, Hatfield, Hubbard, Julin, Kopet, Kuehnle, Leland, Mahaffey, Morrison, Murray, Newhouse, O'Dell, Pardini, Richardson, Schumaker, Shera, Smythe, Spanton, Swayne, Veroske, Wanamaker, Zimmerman, Mr. Speaker.

Absent or not voting: Representatives Charette, Jueling.

On motion of Mr. Bottiger, the following amendment was adopted:

On page 1, section 1, line 19, after the period insert "Any such agency may require of any person making such demand that such person waive any claim against the agency growing out of the arrest involved."

MOTION

On motion of Mr. Bledsoe, the committee amendments to the title were not adopted.

House Bill No. 116 was ordered engrossed and passed to Committee on Rules and Administration for third reading.

MOTION

On motion of Mr. Bledsoe, the House recessed until 1:55 p.m.

AFTERNOON SESSION

The Speaker called the House to order at 1:55 p.m.

The clerk called the roll and all members were present except Representatives Jueling and Newhouse who were excused.

MOTION

On motion of Mr. Wolf, the House reverted to the third order of business for the purpose of receiving reports of standing committees.

Creating a department of social and health services.

The House resumed consideration of House Bill No. 329 on second reading.

Committee recommendation: Majority, do pass with the following amendments:

On page 5, section 5, lines 14 and 15, after “law” and before the period strike “, RCW 41.06.070”

Beginning on page 5, line 27, strike all of sections 7 and 8 and substitute the following:

"NEW SECTION. Sec. 7. The secretary shall appoint a deputy secretary as well as such assistant secretaries as shall be needed to administer the department. The deputy secretary shall have charge and general supervision of the department in the absence or disability of the secretary, and in case of a vacancy in the office of secretary shall continue in charge of the department until a successor is appointed and qualified, or until the governor shall appoint an acting secretary. The officers appointed under this section, and exempt from the provisions of the state civil service law by the terms of section 8 of this 1969 amendatory act, shall be paid salaries to be fixed by the governor in accordance with the procedure established by law for the fixing of salaries for officers exempt from the operation of the state civil service law.

"NEW SECTION. Sec. 8. There is added to chapter 1, Laws of 1961, and to chapter 41.06 RCW a new section to read as follows:

"In addition to the exemptions set forth in RCW 41.06.070, the provisions of this chapter shall not apply in the department of social and health services to the secretary, his deputy secretary, his administrative assistant, not to exceed six assistant secretaries and one confidential secretary for each of the nine above-named officers."

Beginning on page 6, line 33, strike all of section 11 and substitute the following:

"Sec. 11. Section 43.20.030, chapter 8, Laws of 1965 and RCW 43.20.030 are each amended to read as follows:

"The secretary shall designate an assistant secretary who shall be an experienced physician as chairman and executive officer of the board of health. The [director of health] chairman and four other persons experienced in the matters of health and sanitation, to be appointed by the governor, shall constitute the state board of health.

"[The director shall be chairman and executive officer of the board and, with the advice and assistance of the board, shall have charge and supervision of the department of health.]

"On page 28, section 50, lines 8 and 9, after “(7)” and before the semicolon strike “Sections 72.01.330, 72.01.340 and 72.01.360, chapter 28, Laws of 1959 and RCW 72.01.330, 72.01.340 and 72.01.360” and insert “Sections 72.01.330 through 72.01.360, chapter 28, Laws of 1959 and RCW 72.01.330 through 72.01.360”

On page 28, section 50, line 13, after “through” and before the semicolon strike “72.04A.040” and insert “72.04A.030”

On page 3, lines 6 and 7 of the title, after “RCW 72.05.030;” and before “repealing section 72” strike “repealing section 72.05.040, chapter 28, Laws of 1959 and RCW 72.05.040;”

The bill was read the second time.

On motion of Mr. Farr, the first committee amendment was adopted.

PERSONAL PRIVILEGE

Mr. Litchman: “Dr. Farr, I think before we can intelligently discuss these amendments, we have to know the purpose of the bill and what it does. Since there are many amendments, I believe that the rest of the body is entitled to know what the bill is about first, and then we can more intelligently vote on the amendments.”

Representative Farr yielded to the prime sponsor of the bill, Mrs. Lynch. Representative Lynch explained the purpose of House Bill No. 329.

Mr. Farr moved adoption of the second committee amendment.

Mr. Wolf moved adoption of the following amendment by Representatives Wolf and Bottiger to the committee amendment:

Amend the amendment by the Committee on Public Health and Welfare on page 5 inserting a new section 8. In section 8, the last line of the mimeographed amendment, after “officers” and before the period insert “: PROVIDED, That any exempt confidential secretary shall meet the minimum qualifications for a secretary under the provisions of chapter 41.06 RCW”
Representative Wolf spoke in favor of adoption of the amendment to the committee amendment.

POINT OF INQUIRY

Mr. Wolf yielded to question by Mr. Bottiger.

Mr. Bottiger: "Mr. Wolf, this is one of what has come to be called 'super agencies.' Are we establishing a pattern, by adopting the amendment to the committee amendment, of creating additional exempt positions not now under civil service?"

Mr. Wolf: "No, Mr. Bottiger, it is the intention that this in no way undermines the civil service act of the state of Washington. None of the other code agencies and/or departments would come under this pattern of having more exempt positions. Only because these assistant directors in a super agency are director level, it was thought by the committee that they should have a confidential secretary. We agree, as representatives of the AFL-CIO and the Washington State Employees Association, that in these cases only they shall be exempt, but this will not be a precedent."

The amendment by Representatives Wolf and Bottiger to the committee amendment to House Bill No. 329 was adopted.

Mr. King moved adoption of the following amendment to the committee amendment:

Amend the amendment by the Committee on Public Health and Welfare on page 5 inserting a new section 8. In section 8, the second to last line of the mimeographed amendment, after "assistant," strike "not to exceed six assistant secretaries".

Debate ensued, Representative King speaking in favor of adoption of the amendment, and Representative Farr speaking against its adoption.

With the consent of the House, Representative King withdrew his amendment.

The Speaker declared the question before the House to be the adoption of the committee amendment as amended to House Bill No. 329.

The committee amendment as amended was adopted.

Mr. Farr moved adoption of the following amendment:

On page 15, strike all of section 22 and substitute the following:

"NEW SECTION. Sec. 22. There shall be established a subcommittee of the child welfare and day care advisory committee which shall have as its primary concern all matters relating to licensing of agencies as contained in Chapter 74.15, RCW 74.32.040 through 74.32.055 and 74.13.031."

Representative Farr spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Farr yielded to question by Mr. Charette.

Mr. Charette: "Dr. Farr, I would like to have you explain why this is being put on as a floor amendment, and whether or not it was considered in your committee."

Mr. Farr: "There is a personal reason for doing it, in that I failed to either receive it from the department in time, or did a poor job on the work of the committee. It was one that came in with a multitude of others, and I apologize to the members of the House for not having included it in the committee amendments as I would have had I either received it or found it in my files quickly enough to have done so. If you notice the language, I think you will agree it only strikes a certain portion of the section as originally written in the bill."

POINT OF INQUIRY

Mr. Farr yielded to question by Mr. Charette.

Mr. Charette: "Dr. Farr, what you are actually doing is saying now in this section that the Governor will appoint, whereas the new language in the section provided the various representatives from the state fire marshal's office, department of social and health services, and five members of sectarian and nonsectarian agencies be from different geographical areas of the state. Doesn't this give a lot more authority within this area?"

Mr. Farr: "Mr. Charette, may I quote to you from a memorandum, which is the basis for much of this, to substantiate the things I have said. In answer directly to your question, I think that it does give a greater amount of flexibility, but I would point out, sir, that it is almost a necessity. If you will allow me to quote from the memorandum from Lloyd Powers, chief of planning and procedures, of the department of public assistance, it says in part: 'It will be advantageous for us to have maximum flexibility in selection of members. This is the principal fault of section 21 and the reasons are the same.'"
Representative Chatalas spoke in favor of adoption of the amendment by Representative Farr to House Bill No. 329.

The amendment was adopted.

On motion of Mr. Farr, the committee amendments to the title were adopted.

On motion of Mr. Farr, the following amendment to the title was adopted:

On page 2 of the title, beginning on line 1, after "RCW 74.32.051;" strike "amending section 19, chapter 172, Laws of 1967 and RCW 74.32.053;"

House Bill No. 329 was ordered engrossed and passed to Committee on Rules and Administration for third reading.

RESOLUTIONS

HOUSE RESOLUTION NO. 69-27 by Representatives Beck and Perry:
WHEREAS, There has been much cause for concern not only by other motorists, but by those persons responsible for the safety of everyone using the streets, roads, highways and freeways in the state, occasioned due to certain licensed vehicles seemingly unable to cope with normal flow of traffic upon such thoroughfares as they are traveling upon; and
WHEREAS, This results not only in constituting a hazardous situation for those in such vehicles, frequently underpowered, but for those in all vehicles traveling upon the same thoroughfare; and
WHEREAS, Though minimum speeds for certain freeways within the state have been posted, maximum enforcement is difficult of realization due to this being but one aspect of the total traffic safety enforcement program:
NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES, That the Joint Committee on Highways, as a part of their interim program prior to the next regular session of the legislature, pursue a study of the desirability and practicality of restricting the use of certain streets, roads, highways and freeways in this state to vehicles of...
a minimum specified horsepower which are thus able to maintain that minimum speed necessary for safe travel on that thoroughfare upon which they are proceeding; and

BE IT FURTHER RESOLVED, That the Joint Committee on Highways shall present to the Legislature their findings and recommended legislation, if any, prior to the next regular session of the legislature.

Representative Whetzel spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Whetzel yielded to question by Mr. Fleming.

Mr. Fleming: "I was wondering, by a party making an application to superior court for this action, is there any financial burden here? Do you know what it would cost?"

Mr. Whetzel: "Mr. Fleming, my experience in sitting on the Seattle planning commission and observing matters that come before it indicates to me there is a very substantial financial burden on anyone who comes in for a zoning or variance matter. What we are doing, I think, is eliminating some of this burden. We are eliminating the second hearing procedure before the city council. These matters, with all the necessary contacts you have to make with the members of the city council, the preparation of the witnesses for public hearing, and bringing in all the petitions, are very expensive. The fees lawyers charge for this are very substantial and I think in most of the cases where there is an appeal from a board of adjustment, it rarely involves a so-called little man. It usually involves a substantial commercial interest. So I think the cost impact of this to the parties involved can well be less than it is under the present procedure."

Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for. The penalty herein provided for shall become due and payable when the person incurring the same receives a notice in writing from the director of the commission describing such violation with reasonable particularity and advising such person that the penalty is due. The director, upon written application therefor, received within fifteen days, and when deemed in the best interest of the state in carrying out the purposes of this chapter, remit or mitigate any penalty provided for in this section or discontinue any prosecution to recover the same upon such terms as he in his discretion shall deem proper, and shall have the authority to ascertain the facts upon all such applications in such manner and under such regulations as he may deem proper. If the amount of such penalty is not paid to the commission within fifteen days after the receipt of notice imposing the same, or if an application for remission or mitigation has been made within fifteen days as herein provided and the amount provided in the order issued by the director subsequent to such application is not paid within fifteen days after the receipt thereof, the attorney general, upon the request of the director, shall bring an action in the name of the State of Washington in the superior court of Thurston County or any other county in which such violator may do business, to recover the amount specified in the final order of the director. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided. All penalties recovered under this section shall be paid into the state treasury and credited to the general fund. No order issued under this section shall be construed as an order within the meaning of RCW 90.48.135.”

On page 4, section 8, line 9, after “logs” and before the period insert: PROVIDED, That in connection with the authority granted herein no person shall be required to divulge trade secrets or secret processes.”

On page 4, line 10, strike all of section 9 and replace with the following: “NEW SECTION. Sec. 9. There is added to chapter 90.48 RCW a new section to read as follows: “It shall be the duty of any person discharging oil or otherwise causing, permitting, or allowing the same to enter the waters of the state, unless the discharge or entry was expressly authorized by the commission prior thereto or authorized by operation of law under RCW 90.48.200, to immediately notify the water pollution control commission at its office in Olympia, or a regional office thereof, of such discharge or entry.”

The bill was read the second time. On motion of Mr. Flanagan, the first five committee amendments were adopted.

Mr. Flanagan moved adoption of the committee amendment to page 3, section 7, line 28.

POINT OF INQUIRY

Mr. Flanagan yielded to question by Mr. Hoggins.

Mr. Hoggins: “This part in the amendment which permits the director, upon written application, to dismiss any of the penalties provided in this chapter, is this the usual procedure to allow a director this kind of authority to dismiss penalties?”

Mr. Flanagan: “This provides for a fifteen-day compliance period, and it says he can mitigate (maybe it says ‘dismiss’), too, but in his judgment he can change the amount of the penalty during this fifteen-day period.”

POINT OF INFORMATION

Mr. Thompson: “I might add for Mr. Hoggins’ enlightenment that this procedure does exist presently in the water pollution control act which we passed during the last session, and mitigation depends on the promptness of the discharger in responding to the order and prior record with regard to pollution matters.”

The committee amendment was adopted.
On motion of Mr. Flanagan, the remaining two committee amendments were adopted. House Bill No. 305 was ordered engrossed.

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 305 was placed on final passage.

Representatives Thompson and Whetzel spoke in favor of passage of the bill.

**POINT OF INQUIRY**

Mr. Whetzel yielded to question by Mr. Leckenby.

Mr. Leckenby: "Mr. Whetzel, I am concerned about the amendment that was placed which would remove certain responsibilities from the shipowner in case there were an accidental spill of oil. It would seem to me that even though there were an accident, it should be the responsibility of the shipowner to clean up the residue. I don't see why, just because it was an accident, the state or the surrounding property owners should be liable for having to clean this up. How does that work?"

Mr. Whetzel: "Mr. Leckenby, when I sponsored this bill we had the words 'accidentally causing such discharge or entry of the polluting substance' in the bill, and the person causing that would have been responsible. In the first section of the bill, the responsibility is imposed on such parties if they intentionally or negligently cause such oil to be discharged. These were initially criminal penalties and the criminal penalties were taken out. In the second section there was civil liability imposed for accidental discharge. In the discussions in the subcommittee it became apparent that what we were imposing on the operators and owners of vessels was really liability without fault. In other words, they could follow all the rules and regulations. They could exercise the very highest standards of care in performance of their duties, and still be liable for, perhaps, an untold amount of dollars in order to clean up a discharge. There were very severe objections to this, and reluctantly we agreed to take this out. It is my understanding that similar legislation adopted in other states, and adopted or considered at the federal government level, does not go this far. It may be that some day when we are able to better estimate what the dollar amount of damages may be, and there can be some provisions made for it in forms of insurance or an indemnity fund, that we may want to come back and take a look at this particular provision and impose this kind of liability, but I think that it is probably premature at this time."

Representative Thompson concurred in the remarks of Mr. Whetzel.

**ROLL CALL**

The clerk called the roll on the final passage of Engrossed House Bill No. 305, and the bill passed the House by the following vote: Yeas, 97; nays, 0; absent or not voting, 2.

Absent or not voting: Representatives Bagnariol, Berentson—2.

Engrossed House Bill No. 305, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

The bill was read the second time.

On motion of Mr. Bottiger, the committee amendments were adopted.

House Bill No. 85 was ordered engrossed.

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 85 was placed on final passage.

Representative Farr spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Farr yielded to question by Mr. Conner.

Mr. Conner: "Does this cover the people who are in practice in this profession at the present time? Is there a grandfather clause?"

Mr. Farr: "At this time, there is no one truly in the area of physical therapy assistant. The people that are now assisting or helping the physical therapist are the so-called attendants or aides. These are the people who do not actually work with physical therapy
techniques, but assist patients to get ready for treatment by the physical therapist. These people would still not be included in this bill if it were passed, so actually there will be three levels of physical therapy persons: The registered physical therapist with four years of training; someday, a two-year physical therapy assistant; and the third level of aide or assistant—the person who helps them disrobe, get onto the table, into the bath or the machine, or whatever it is that the physical therapist is going to use. So this does not ‘grandfather’ anyone in or out of the situation as it is now.”

Representative Kirk spoke in favor of passage of the bill.

ROLL CALL

The clerk called the roll on the final passage of Engrossed House Bill No. 85, and the bill passed the House by the following vote: Yeas, 96; nays, 0; absent or not voting, 3.

Absent or not voting: Representatives Bagnariol, Bledsoe, Swayze—3.

Engrossed House Bill No. 85, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

HOUSE BILL NO. 214, by Representatives Harris, Saling, Lynch and Garrett:

Requiring pasteurization of grade A raw milk.

Committee recommendation: Majority, do pass with the following amendments:

On page 1, section 1, line 8 strike the remainder of the act and insert the following:

"Section 1.  Section 15.36.470, chapter 11, Laws of 1961 and RCW 15.36.470 are each amended to read as follows:

"No milk or milk products shall be sold to the final consumer or to restaurants, soda fountains, grocery stores, or similar establishments except certified milk pasteurized, certified raw-milk, grade A milk pasteurized, or grade A milk-raw, and the director may revoke the permit of any milk distributor failing to qualify for one of the above grades, or in lieu thereof may degrade his product and permit its sale during a period not exceeding thirty days or in emergencies during such longer period as he may deem necessary: PROVIDED, That certified raw-milk or grade A milk-raw may be sold only by the producer thereof, and such sale may be made only to the final consumer. Such sale to the final consumer may only be made in standard containers as prescribed by law of one gallon or less.

"NEW SECTION. Sec. 2. Nothing in this 1969 amendatory act shall be construed to prohibit a municipality or a county from adopting an ordinance or resolution prohibiting the sale of raw milk within its boundaries.

"NEW SECTION. Sec. 3. The provisions of this 1969 amendatory act shall take effect on January 1, 1970."

In line 1 of the title after "; amending" strike the remainder of the title and insert the following: "section 15.36.470, chapter 11, Laws of 1961 and RCW 15.36.470; creating a new section; and providing an effective date."

The bill was read the second time.

Mr. Farr moved adoption of the committee amendment.

Mr. Brouillet moved adoption of the following amendment by Representatives Sawyer and Brouillet:

The Speaker declared the question before the House to be the amendment by the Committee on Public Health and Welfare. The amendment was adopted.

On motion of Mr. Farr, the committee amendment to the title was adopted. House Bill No. 214 was ordered engrossed and passed to Committee on Rules and Administration for third reading.

HOUSE BILL NO. 318, by Representatives Saling, DeJarnatt and Scott:
Providing benefits for teachers' retirement.
The bill was read the second time.
Mr. Kopet moved adoption of the following amendment:
On page 4, beginning on line 10, strike section 6 and renumber the remaining sections consecutively
Debate ensued, Representative Kopet speaking in favor of adoption of the amendment, and Representative Saling speaking against it.

Mr. King demanded an electric roll call and the demand was sustained.
Further debate ensued, Representative Flanagan speaking in favor of adoption of the amendment, and Representative DeJarnatt speaking against it.

POINT OF INQUIRY
Mr. Saling yielded to question by Mr. Leckenby.
Mr. Leckenby: "Mr. Saling, not having read this bill in full, is my understanding correct that the teachers' retirement fund would be able to invest in equity stock and that they would be able to receive counsel from various stockbrokers if this section is left in?"
Mr. Saling: "Yes, Mr. Leckenby, that is correct. They would be allowed to invest in common or preferred stock and they would receive counsel."
Representative Leckenby spoke in favor of adoption of the amendment.

POINT OF INQUIRY
Mr. Saling yielded to question by Mr. Harris.
Mr. Harris: "Mr. Saling, I am wondering, first, if the method by which you invest has brought in a favorable return to you. In other words, have your investments been wise and good over the years? Do you have a record of satisfactory operations, and if it is good, does Mr. Kopet's amendment have anything to do in interfering with the future operation of it? I wish you would explain."
Mr. Saling: "Thank you, Mr. Harris. Yes, the investments that have been made by the teachers' retirement system have been extremely successful. In fact our teachers' retirement system in this state is one of the finest in the nation. The current interest earnings on it are above six percent. This is an excellent return for the money of the teachers and the money of the state that is invested. The second part of your question was, If Mr. Kopet's amendment went through would it curtail it? Well, his amendment would affect the operation of the teachers' retirement system by saying, 'No, even though Senate Joint Resolution No. 5 passed by a seventy-two percent majority (which will allow retirement systems to invest in common and preferred stock) let's take that provision away from the teachers' retirement system. Let's put it under one central authority which would invest for all bodies.' I do remind you of what I said before: All those bodies have asked to be let out of that bill. If there is one central investment authority, and it makes a mistake, it could create havoc with all retirement systems of our state."
Representative Berentson spoke in favor of the amendment.

POINT OF INQUIRY
Mr. Kopet yielded to question by Mr. Berentson.
Mr. Berentson: "Do you feel that all of the provisions as far as investment medium and what they can do will be covered in the bill you mentioned that will be coming along a little later? The reason I ask, are you sure in your own mind that they will have the same advantages the other programs in the state have right now?"
Mr. Kopet: "Yes, thank you. Mr. Saling said that the teachers' retirement system would not be allowed to invest in equities if we did not get this amendment passed. This is not true. Investment of over a billion dollars is an important thing, and when you have twenty-five percent of that system invested in common stock equities, there is need for a
standard procedure under which all pension plans operate. That is the purpose of House Bill No. 266. The bill is very delicately balanced, and we should have some umbrella to give us a standard position. There are forty-two pension bills before this House, and with very few exceptions they are standard. I only ask that you give an opportunity for House Bill No. 266 to come out, to delay this matter (the investment of teachers' retirement funds) until we can bring the other bill before you. I have no desire to hold up the pension benefits in this. All we want to do is wait until we get the investment policy set for the billion dollars that is growing at a great rate all the time. The next meeting of the committee is on Friday. We cannot get the bill read in in time to pass this session, but I feel as chairman of the committee it will be before this body just as soon as it is ready and acceptable."

Representative Hoggins spoke in opposition to the amendment by Mr. Kopet.
Mr. Kink demanded the previous question and the demand was not sustained.
Further debate ensued, Representatives Hubbard and Copeland speaking in favor of adoption of the amendment, and Representative Brouillet speaking against it.
Mr. Bledsoe demanded the previous question and the demand was sustained.

ROLL CALL

Voting yea: Representatives Amen, Benitz, Berentson, Bledsoe, Bluechel, Chapin, Clark (Newman H.), Clarke (George W.), Copeland, Curtis, Flanagan, Garrett, Gladder, Harris, Hatfield, Hubbard, Julin, Kopet, Kuehnle, Leckenby, Leland, Murray, North, O'Dell, Pardini, Richardson, Schumaker, Shera, Smythe, Spanton, Swayne, Veroske, Wanamaker, Whetzel, Mr. Speaker—35.
Absent or not voting: Representatives Bagnariol, Sawyer—2.

EXPLANATION OF VOTE
Regarding Mr. Kopet's amendment to remove section 6 of House Bill No. 318: I voted for the amendment. The bill, in toto, would permit the teachers' retirement fund to invest in corporate equities. Furthermore, it would permit brokers, et al., to be consultants. There is no provision for professional investment counsel.
Because of the more volatile nature of the broader investment policy, I think that provision for professional counsel is prudent, to do otherwise is most imprudent. WILLIAM S. LECKENBY, 31st District.

House Bill No. 318 was passed to Committee on Rules and Administration for third reading.

PARLIAMENTARY INQUIRY

Mr. Moon: "Since our Rules Committee does not now operate under a veil of secrecy, I wonder if we might get a report from the Rules Committee as to their vote on House Bill
No. 243. Our Appropriations Committee passed out this bill, and we had the names of the members read on the 'do pass' and the 'do not pass' report, and I wonder if before we proceed we could get a report on the Rules Committee vote?"

The Speaker: "I think, Mr. Moon, you would have to refer to our rules. We have a procedure set up whereby members on the Rules Committee can call for an open, recorded vote. That was not requested. The vote taken in the Rules Committee was by a voice vote. It was fairly loud and clear insofar as the 'yeas' in support of passing the bill out, and I personally would have no way of indicating to you who voted 'aye' and who voted 'no.' "

Representative Hurley spoke in opposition to the committee amendment.

RESOLUTIONS

HOUSE RESOLUTION NO. 69-29, by Representatives Chatalas, Moon, Conner, McCormick, Merrill, Bagnariol, Backstrom, Fleming, Sprague, Grant and King:
WHEREAS, On February 3, 1969, there was introduced before this body a resolution requesting the director of public assistance to award to the recipients of all categories of public assistance an additional allowance for fuel for space heating requirements for each of the months of January and February 1969 in reimbursement for heavy expenditures by such recipients for fuel as a result of the extremely severe winter conditions which prevailed throughout the state during those months; and

WHEREAS, Such resolution was referred to the Committee on Appropriations; and

WHEREAS, The financial strain upon these recipients caused by the aforesaid added expenses could be alleviated to some degree by the award to such recipients of an extra allowance of food stamps under the food stamp plan:

NOW, THEREFORE, BE IT RESOLVED, by the House of Representatives, That in view of the extreme need of the recipients of all categories of assistance resulting from the conditions described above, we do hereby request the director of the department of public assistance to award to such recipients a bonus grant of twenty-five dollars worth of food stamps during the months of March or April; and

POINT OF INQUIRY

Mr. Bledsoe yielded to question by Mr. Kalich.

Mr. Kalich: "Mr. Bledsoe, I think it would be an understatement to say that this bill has been kicking around quite awhile. I supported it in committee because I understand that our governor and the majority party wants it. Now listening to the speeches in caucus and listening to some of them on the floor, they are shaking my belief in this bill just a little bit. Knowing your folksy ability (I think you should be able to sell ice cubes to Eskimos) I was wondering if you would tell me the merits of this bill just one more time."

Mr. Bledsoe: "This is a pretty decent bill, aging before us no doubt, but mellowing with age I trust. Actually, we are talking about an investment in the future. You don't get anything for nothing these days. If we are going to be in business, we're going to be in business. Could private industry handle this thing totally on its own, I would say that should be the way to go. As we approach private industry we find them fragmented in many cases, or perhaps unaware or unreceptive of the potentialities and possibilities incumbent upon us in telling our story abroad to our prime market. Somebody has to do the job, and unfortunately that gets to be us. It's a difficult decision to make, but again we start to establish some priorities. That's our job here—establishing priorities. Those of you who have different priorities aren't going to join us in this motion, but there are those of you who could join with us and agree that the priorities in telling the story of Washington state, where the Washington state story needs to be told, in a market that's just begun to develop, makes good common sense."

Representative Marsh spoke against passage of the bill.

POINT OF INQUIRY

Mr. Bluechel yielded to question by Mr. Merrill.

Mr. Merrill: "I would like to ask a twofold question before we spend money of this
nature (and I think it is real important). With the decrease of the four hundred thousand dollars, what are you going to do? Would you cut specific portions of the bill or would you obtain funds elsewhere?"

Mr. Bluechel: "I would say that we would cut portions of the structure and we would reduce the extensiveness of the exhibits. The basic exhibit itself is a movie which will in all probability remain untouched. Incidentally, we had estimates from people like Walt Disney who wanted to start at one million dollars for a fifteen-minute movie. So this is the type of competition that we have to go against. But we would keep the movie the same. We believe we could do it. There will be bids on the movie. There will be bids on the building. We will have to reduce the structure of the building to some degree—not the capacity, but the structure itself. We will reduce the static exhibits, and it may be possible to reduce some of the staff. There is no staff except a commissioner general and an assistant, but there will be the day-to-day people who move the guests in and out. Now this has to be looked at, as to where the major cuts can be made and which ones can't be cut. As it stands now the essence of the whole program is the movie and the building in which to house it, and this we can handle at nine hundred seventy-five thousand dollars."

Mr. Merrill: "Well, thank you. I hope that you can cut it. One other thing, will you take any of this money from the Governor's emergency fund?"

Mr. Bluechel: "There is no intention to take any money from the Governor's emergency fund whatsoever."

Representatives Hoggins and Sprague spoke in favor of passage of the bill. Mr. Bledsoe demanded the previous question and the demand was sustained.

POINT OF ORDER

Mr. Whetzel: "Pursuant to Article II, section 30, of the Washington State Constitution, I request to be excused from voting on final passage of Engrossed House Bill No. 243."

ROLL CALL

The clerk called the roll on final passage of Engrossed House Bill No. 243, and the bill passed the House by the following vote: Yeas, 55; nays, 42; absent or not voting, 2.

Engrossed House Bill No. 243, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

NOTICE OF RECONSIDERATION

Mr. Garrett served notice that, having voted on the prevailing side, he would on the next working day move for reconsideration of the vote by which Engrossed House Bill No. 243 passed the House.

RULING BY THE SPEAKER

The Speaker: "Pursuant to Rule 71, your motion would have to be made today."

Mr. Garrett: "I will make the motion before we adjourn today. Thank you."
Mr. Charette: "Mr. Speaker, so that Mr. Garrett won't get trapped, I believe the rule provides if there is any intervening business he cannot then move to reconsider. I would suggest to the Speaker that the motion to transmit, which cuts off the motion to reconsider, is intervening business, and that's why it cuts off the motion to reconsider. The idea of Rule 71 under the old numbers, and of Reed's, is that the body at this time must immediately reconsider. I am just suggesting this to the Speaker so that Mr. Garrett won't get trapped on his motion, although I am on the other side of the question."

MOTION

Mr. Garrett moved that the motion for reconsideration of Engrossed House Bill No. 243 be made a special order of business at 2:00 p.m.

POINT OF ORDER

Mr. Heavey: "It would appear to me that what Mr. Garrett must do is move to reconsider and then move to make it a special order of business at 2:00 o'clock, if he is going to preserve its status. He just moved to have it a special order of business without moving to have it reconsidered."

RULING BY THE SPEAKER

The Speaker: "I think Mr. Garrett served notice that he would ask for reconsideration. The question that has to be resolved now is whether he places his motion immediately or to a time certain."

POINT OF ORDER

Mr. Garrett: "I want to comply with the rules. I served notice that I was going to move to reconsider. After the fiftieth day you have to reconsider on the same working day according to my interpretation of the rule. Now I am trying to get within the rule by serving notice that at 2:00 p.m. I will move to reconsider this measure. I believe this is within the scope of the House rules."

POINT OF ORDER

Mr. Charette: "Mr. Speaker, in line with what Representative Garrett is doing, I remember very clearly during the last session you made a ruling, the effect of which would allow him to now do what he wants to do. I objected under our rules and under Reed's rules, but you did allow a motion to reconsider after the fiftieth day to be put later in the day. I am sure if your attorney would go back, he would see that interpretation, although I might respectfully say I thought it was not proper, but that was your ruling."

RULING BY THE SPEAKER

The Speaker: "Mr. Charette, let me point this out to you: I have tried to operate in a relatively high level, and give members an opportunity to state their position, and the ruling may have been wrong, but in my heart I know it's right. (I can't remember who said that.)"

Mr. Charette: "Mr. Speaker, I agree with you, and what I am really saying is that I recognize I may not always agree with you, but I always recognize that you are the Speaker."

The Speaker declared the question before the House to be the motion by Mr. Garrett that at 2:00 p.m. today he will move that the vote by which Engrossed House Bill No. 243 passed the House shall be reconsidered.

The motion was lost.

MOTION

Mr. Bledsoe moved that Engrossed House Bill No. 243 be transmitted immediately to the Senate.

POINT OF ORDER

Mr. Harris: "Mr. Speaker, I am sincerely of the opinion that Mr. Garrett has the right to reconsider this bill. Now this bill has not been reconsidered."
The Speaker: "Mr. Garrett served notice."

Mr. Harris: "We cannot deprive Mr. Garrett of the right to reconsider this bill under any rule that I can possibly think of. Now as to whether it was made a special order of business or something else, this I do not understand. But I think under any parliamentary law, because he did vote on the prevailing side, he has a right to move to reconsider."

The Speaker: "Mr. Garrett served notice. We gave him the opportunity to serve notice to a time certain, and this was before the body. Now if he served notice to immediately ask for reconsideration, then there is no problem, but the body itself shall determine the time certain, and the body chose not to agree to the 2:00 p.m. time."

With the consent of the House, Mr. Bledsoe withdrew his motion to transmit Engrossed House Bill No. 243 immediately to the Senate.

**MOTION FOR RECONSIDERATION**

Mr. Bledsoe, having voted on the prevailing side, moved that the House do now reconsider the vote by which Engrossed House Bill No. 243 passed the House.

**MOTION**

Mr. Beck: "Does this require a suspension of the rules?"

The Speaker: "No."

**ROLL CALL**

The clerk called the roll on the motion by Mr. Bledsoe to transmit immediately Engrossed House Bill No. 243 to the Senate, and the motion was carried by the following vote: Yeas, 62; nays, 35; absent or not voting, 2.

Voting yea: Representatives Adams, Amen, Backstrom, Barden, Benitz, Bledsoe, Bluechel, Brown, Ceccarelli, Chapin, Charette, Clarke (George W.), Conway, Copeland, Cunningham, Curtis, Evans, Farr, Flanagan, Francis, Gladder, Goldsworthy, Harris, Hatfield, Hawley, Heavey, Hoggins, Hubbard, Jueling, Julin, Kalich, Kink, Kirk, Kiskaddon, Leckenby, Leland, Lynch, Mahaffey, McCaffree, Mentor, Morrison, Murray, Newhouse, North, O'Dell, Pardini, Perry, Randall, Richardson, Rosellini, Saling, Schumaker, Shera, Smythe, Spanton, Sprague, Swayze, Veroske, Wanamaker, Wolf, Zimmerman, Mr. Speaker—62.

Absent or not voting: Representatives Berentson, Whetzel—2.

**EXPLANATION OF VOTE**

I voted "yes" on Engrossed House Bill No. 243 today although I previously voted "no."
We have now reduced the amount by twenty-five percent and are faced with a choice of not participating to any degree in the fair or fulfilling our commitment made two years ago when we established the World Fair Committee without restrictions. This was our mistake. It is most difficult for the state of Washington to now turn its back on the great nation of Japan and its World Fair effort.

Certain representatives spoke for and voted on an amendment to provide one million three hundred sixty thousand dollars for our state's participation in the fair, to be paid for through an additional B and O tax to be assessed on small businesses in Clark County and elsewhere in the state. I voted against this discriminatory act along with others and it was defeated. It can be assumed that those voting for the B and O increase for the financing of the fair support the concept of our being involved in the fair but wanted to impose the financial burden on the business community, big and small, including our Clark County businesses. They would have been forced to pay without any voice in the decision making.

RICHARD L. SMYTHE, 49th District.

EXPLANATION OF VOTE

The opposition to Engrossed House Bill No. 243 was developed by party action rather than direct consideration of benefits to Washington. My vote is supported by the eventual economic effect in many areas of our state. Withdrawal of the sum involved from the general fund will be justified since replacement will be effected by increased economic activities generating revenue. Specifically, this applies to air traffic which is important to our Pacific Northwest and the master in the sky, "747." HENRY BACKSTROM, 39th District.

MOTION

On motion of Mr. Newhouse, the House dispensed with further business under the Call of the House.

POINT OF INQUIRY

Mr. Kalich: "Mr. Speaker, I wonder if Mr. Merrill could transmit the bill to the Senate himself."

The Speaker: "I'm afraid it might take a little longer than the law allows."

On motion of Mr. Chapin, House Concurrent Resolution No. 14 was ordered transmitted immediately to the Senate.

The Speaker: “When we are under the call, this is true. We are not under the call at the present time.”

Mr. Savage: “I was wondering what was going to happen to Engrossed House Bill No. 243 when Mr. Whetzel did not vote.”

The Speaker: “Mr. Whetzel, under the rules of the House, explained his position as being in conflict with the bill because of his employment. We recognized that as such and allowed Mr. Whetzel to refrain from voting on that measure.”

Mr. Savage: “I submit that under Rule 65, a person has to disclose what his private interest is, and then the House must vote on it before he has leave of absence.”
Mr. Bledsoe: "Article 2, section 30, of the Washington State Constitution makes it rather specific, Mr. Savage. I am sure Mr. Whetzel has tried to do the honorable and decent thing here and I submit we accept his judgment."

HOUSE BILL NO. 380, by Representatives Farr, Chatalas, Kopet, Lynch and Smythe (by departmental request):
Contributing to the support of juvenile delinquents.
House Bill No. 380 was read the third time and placed on final passage.
Representative Farr spoke in favor of passage of the bill.

Mr. Farr yielded to question by Mr. Bottiger.
Mr. Bottiger: "Dr. Farr, sometimes the juvenile court will place a child with one of its relatives, and then because of the financial plight of the families, the department of public assistance pays for a portion of this. Does this mean the relative will have to run down and become a licensed foster home?"
Mr. Farr: "No, sir, I don't believe this will apply because in a relative situation I think you will find where it's only a single child, a child of a relative, or anything of this nature, is excluded. This is the case of the old situation where they used to, in an emergency, place a child a court had found in an unlicensed situation, not in a relative's home or anything of this sort, and then they would come back to the department of public assistance and insist that they pay for the care, when neither the department of public assistance or the department of institutions had any opportunity to see that the home into which the child was placed was a proper arrangement for the child for the situation."

Representative Bottiger spoke against passage of the bill.

Granting powers to public utility districts.

MOTION

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Substitute House Bill No. 140 was placed on final passage.
Representative Swayze spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Swayze yielded to question by Mr. Copeland.
Mr. Copeland: “This was a small bill when it started out; now it looks like a P.U.D. omnibus bill. It was one page originally and now it has been substituted with ten. On page 10, the underlined material starting on line 5—doesn’t this create an unfair competitive advantage for someone who sells power over the person who sells natural gas, Mr. Swayze?”
Mr. Swayze: “Not as I read it, Representative Copeland. It says, ‘It may advance funds, jointly fund or jointly advance funds for surveys, plans, investigations, or studies in this particular area.’”
Mr. Copeland: “Well, go on. You didn’t read ‘advertising and promotion of the sale and distribution of electricity or water,’ did you?”
Mr. Swayze: “... as set forth in RCW 54.16.010, including costs of investigations, design and licensing of properties and rights of the type described in RCW 54.16.020, including the cost of technical and professional assistance, and for the advertising and promotion of the sale and distribution of electricity or water.”

Representative Copeland spoke against passage of the bill.

POINT OF INQUIRY

Mr. Swayze yielded to question by Mr. Chapin.
Mr. Chapin: “Mr. Swayze, I have two questions. I’ll put them in one. Were there any public hearings held on this bill, and were there any objections to this bill by any representatives of a gas company?”
Mr. Swayze: “In answer to the first question, we had two committee hearings on this bill, widely attended by various interest groups. In answer to the second question, no, there was no objection from anyone at either hearing representing the gas industry.”

Representative Bledsoe spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Swayze yielded to question by Mr. Amen.
Mr. Amen: “You may have brought it out in your explanation on the bill here, but I would like to know, Would this allow P.U.D. districts to take over private industry?”
Mr. Swayze: “As far as I know, Representative Amen, there is no increase or decrease in those powers which they now have, whatever those powers may be, contained in this measure.”

Representative Perry spoke in favor of passage of the bill.
Mr. Swayze yielded to question by Mr. Heavey.

Mr. Heavey: "Mr. Swayze, this bill doesn’t mean that we’re going to miss the smiling faces of Ken Billington, Bruce Bedoin and Jerry Buckley does it?"

Mr. Swayze: "Oh, I think they will still grace the legislative halls."

Mr. Heavey: "Thank you very much. I was worried."

Mr. Savage spoke in favor of passage of the bill.

"The revenue section of the preliminary budget shall set forth the estimated receipts from [the various sources other than taxation for the ensuing fiscal year, the actual receipts for the last completed fiscal year, the probable surplus that will be on hand at the close of the current fiscal year, and the amount to be raised by taxation] all sources for the ensuing fiscal year, the estimated receipts for the fiscal year current at the time of preliminary budget preparation, the actual receipts for the last completed fiscal year, and the probable cash on hand available for ensuing fiscal year disbursements at the close of the said current fiscal year. If such permission is granted it shall be in writing and it shall contain conditions, binding on the district, designed to improve the district's financial condition. If the superintendent of public instruction determines upon his review of the preliminary or final budget of any district that said budget does not comply with the budget procedures established by the state superintendent of public instruction or the provisions of this 1969 amendatory act, he shall give notice of this determination to the board of directors of the local school district. POINT OF INQUIRY

Mr. Backstrom yielded to question by Mr. May.

Mr. May: "You say, 'five hundred.' What if there happens to be fifteen hundred members, or two thousand members, are you going to let the minority rule?"

Mr. Backstrom: "Representative May, it is my understanding that it is necessary that there be five hundred. Any and above that may also negotiate in the same manner."

Mr. May: "Why five hundred?"

Mr. Backstrom: "Well, you have to start somewhere."

Mr. May: "Five hundred is a pretty big union."

Mr. Backstrom: "Representative May, we had the problem of adding to this bill, the buying of tires, the buying of radios, or any of these areas, but it was decided that instead we place the number at five hundred."

Mr. May: "We have many unions all over the state that have from fifteen to way up in the thousands of members, but this would bar them from doing this."

I'm on my way to London where I'll be costarring in a new television series being produced by Sheldon Leonard who produced the 'Andy Griffith Show,' the 'Dick Van Dyke Show,' 'I Spy,' and others; so it looks like I'll at least have a pretty good chance of being on the air for a long time. We've already sold sixteen episodes to NBC. I played the second female lead in 'Hello Dolly' on Broadway for two years and then came out here and did it with Ginger Rogers in Los Angeles, San Francisco and Seattle. So I've been busy."

Mr. DeJarnatt: "Representative Haussler, what would be the impact of this bill on library districts—county library districts and regional library districts?"
Mr. Haussler: "I am happy that you asked me that question. This has been a burden on intercounty library districts and on regional library districts. For instance, the regional library district in which I live consists of five counties, and it's an absolute impossibility to put five counties on a ballot to get out from under this freeze. If even one county would vote it down, the whole thing would fail. They are still operating under 1965 income, and this would get them out from under this freeze and give them a chance to operate."

Debate ensued, Representatives Bledsoe and Newhouse speaking in favor of passage of the bill, and Representative Moon speaking against it.

POINT OF INQUIRY

Mr. Bledsoe yielded to question by Mr. Grant.

Mr. Grant: “Mr. Bledsoe, I don’t know beans about beef, but I have been reading my little caucus digest here, and I’d like you to comment on this item that bothers me a little. I don’t know if it has been amended or not, but our caucus digest says that this act would provide for the commission to be treated as a corporation for any claims against it, and it exempts the state from any of the commission’s liabilities, and exempts the commission members from liability of the commission, including employees, for errors in judgment, mistakes or other acts, except for individual acts of dishonesty or crime. Our digest goes on to say that this may be contrary to public policy. What it says, in effect, is that if a commission employee, driving a car while performing his job, can be negligent and injure others and be immune from suit therefor, with the only assets reachable on the suit being those assets of the commission. The commission, of course, may not have assets. I’d just like to get your reply to that. If it has been amended, fine.”

Mr. Bledsoe: “No, it has not been amended. This is standard practice of several of our commissions operating now. The commission employees, I will vouch for you, will be bonded by the commission itself and insured by the commission itself, so that these people who are quasistate employees, if you wish to call them that, will not be out in limbo, and so that those who might suffer by careless acts on their behalf are still assured protection. The acts of the commission, of course, because it now is a state body, will be subject to audit and review by the state auditor. As a matter of fact, this was, at one point, one of the
objections of the industry. They felt they would rather have total control, but we prevailed upon them as they discussed this thing, that if they want the convenience of the state assistance at the collection point, they are going to have to accept state supervision including budgeting, auditing and all the things that go with it. Now these are dedicated funds. You will not be hearing any requests for general fund appropriations for this. This will operate exactly as the brand fund does now. It will be a service directly applying to those who provide the service. They will not be able to go beyond their budget authorization nor their fund operation, and I think your fears as indicated in your caucus digest are, perhaps, more apprehensive than well-founded."

POINT OF INQUIRY

Mr. Bledsoe yielded to question by Mr. King.

Mr. King: "As I understand the bill (and also being from the city I don't really understand the bill) it would allow promotional printing to be done by the public printer. Can you give us a little background on that? Is this the customary thing for commissions?"

Mr. Bledsoe: "Some commissions do this. They would go where the best price could be assured. The public printer is not going to print this material free. I am sure you understand that. That is the reason for funding. But these people who are running this are hard-nosed businessmen, Mr. King. They're going to go where they can get the best price."

Mr. King: "Is the public printer prohibited from bidding on this? Could the public printer bid on any kind of private job?"

Mr. Bledsoe: "That's a good question. I haven't a hard answer for you. I would think they would be subject to a request by the beef commission as to what kind of a price they could furnish one hundred thousand menus for and see if it could be matched by a private print shop. I hope you understand that this is a straightforward business operation to do one job, and that is to tell the retail market, the ultimate consumer, the story of Washington beef."

Mr. Flanagan spoke in favor of passage of the bill.

Mr. Kink demanded the previous question and the demand was sustained.

If this bill passes, Mrs. McCaffree, it is my understanding it will raise enough money so that King County will not be short of funds for a change. Is that correct?"

Mrs. McCaffree: "I'm sure that if we do have a complete reevaluation of land in any county, that it is going to net us more revenue in each one of the counties. I believe it was Cowlitz County that had a complete reevaluation, and I think it was something like thirty percent more revenue they got after their complete reevaluation, so I am sure this will happen. As we said, this will not happen this next year, or the next. It will take us four years, I believe, to get this complete reevaluation program."

POINT OF INQUIRY

RULING BY THE SPEAKER

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Substitute House Bill No. 372 was placed on final passage.

POINT OF INFORMATION

Mr. Leland: “Mr. Sprague, perhaps I can answer your question by telling you that this is why there is a substitute bill. The committee went into this rather extensively and, as I recall, Representative Whetzel is the one who worked out the final language with our
committee attorney to make certain that the action of the highway commission was strictly limited to the access control features of any plat that led onto a state highway, and that they had absolutely no right or power to approve the internal layout of the plat or the road or anything else, but strictly the access to the state highway. It was on that basis that the substitute bill was adopted by the committee.

Mr. Sprague: "Mr. Whetzel and I are soul brothers on this, and if he looked it over I will accept your explanation, Mr. Leland."

POINT OF INQUIRY

Mr. Whetzel yielded to question by Mr. Heavey.

Mr. Heavey: "After your stand on the school board in Seattle, I'm not sure I am a soul brother of yours; but in any event, does this bill in any way give the county commissioners the authority to reject any highway plans that unreasonably interfere with the activities of the county?"

Mr. Whetzel: "Mr. Heavey, you will have to look for that in another bill because it is not here. This bill has nothing to do with school boards either."

Debate ensued, Representative Heavey speaking against final passage of the bill, and Representatives Newhouse and Whetzel speaking in favor of its passage.

ROLL CALL

The clerk called the roll on the final passage of Substitute House Bill No. 372, and the bill passed the House by the following vote: Yeas, 92; nays, 4; absent or not voting, 3.

"As used in this chapter, the term 'selling price' means the consideration, including money or anything of value, paid or delivered or contracted to be paid or delivered in return for the transfer of the real property or estate or interest in real property, and shall include the amount of any lien, mortgage, contract indebtedness, or other incumbrance, either given to secure the purchase price, or any part thereof, or remaining unpaid on such property at the time of sale.

"The term shall not include the amount of any outstanding lien or incumbrance in favor of the United States, the state, or a municipal corporation for the taxes, special benefits, or improvements, and the term shall not include, where the property transferred is a single family residence owned and occupied by the transferor for a period of less than two years, the first $20,000 of the selling price."

POINT OF INQUIRY

Mr. Murray yielded to question by Mr. Heavey.

Mr. Heavey: "Mr. Murray, you have amended an existing section of the statute. Am I to assume now that this exemption you have put in here (this cutting down by the two-year period) applies to the existing one percent excise tax which goes to schools as well?"

Mr. Murray: "Yes, it would."

Mr. Heavey: "So Mr. Francis' amendment, then, would substantially cut the income which is going to schools on their present one percent excise tax?"

Mr. Murray: "Yes, it would."

Further debate ensued, Representatives Marsh and Clark (Newman H.) speaking in favor of the amendment by Mr. Francis to the amendment by Mr. Murray, and Representative Bledsoe speaking against it.

POINT OF INQUIRY

Mr. Murray: "I believe a farm home would be a single family residence, occupied by the transferor, up to twenty thousand dollars."

Representative Flanagan spoke against adoption of the amendment to the amendment.

Mr. Kink demanded the previous question and the demand was sustained.

The amendment by Mr. Newhouse to the amendment by Mr. Murray was lost.

Mr. Swayze moved adoption of the following amendment to the amendment by Mr. Murray to House Bill No. 108:

Amend the amendment by Representative Murray to page 1, section 2, line 20 as follows:

On line 14 of the mimeographed amendment after "less than" and before "years" strike "two" and insert "five"
Debate ensued, Representative Swayze speaking in favor of the amendment to the amendment, and Representative Murray speaking against it.

The amendment by Mr. Swayze to the amendment by Mr. Murray was lost.

Most of these young people would be treated with one shot, and it has been pointed out very definitely that many young people are well able to pay for this, and they do not feel this has a financial impact on the program."

The President of the Senate: "Senator Jackson, Mrs. Jackson, Speaker Eldridge, honored and respected members of the Washington State Legislature:

"This is indeed an unusual, distinctive and particular pleasure to have with us today a man of international renown—a man who has earned his reputation from a boyhood newspaper salesman to United States Senator. But even above that—one who has earned and achieved a place in the hearts and minds of not only the people of the state of Washington, but also of the United States, and one could go so far as to say the people of the world. Senator Henry M. 'Scoop' Jackson, Chairman of the Senate Interior Committee, a ranking member of the Armed Services Committee, is a person who is perhaps the best-advised man
in the world on matters that are of deep concern to each and every one of us. The President could go on and on about Senator Henry M. Jackson and trace every event of his life, because it is an open book, but I am sure you are just as well advised on this particular man as the President. Therefore, without further ado, it is my honor to present to you Senator Henry M. "Scoop" Jackson who will address the members of the legislature, and the ladies and gentlemen present on the subject "The Challenge of the Land and the Environment."

Senator Jackson: "Mr. President, Mr. Speaker, members of the joint session, and ladies and gentlemen:

I would like for the next fifteen minutes, if I may, to share some views with you in an area that is common ground to us all as legislators in this great state, and those who represent our state in the national congress.

I think one of the great dilemmas every legislator in a democracy faces is how we are to effectively deal with the forces of social, economic, and technological change and, at the same time, conserve those values we have traditionally cherished.

I am sure you will agree the question is critical. How you and I, as the elected representatives of our state's citizens, answer it is of growing importance in the years to come.

The forces of change in the latter one-third of the twentieth century are moving at an ever-accelerating rate of speed. They are influencing our social life, our ethics, and our well-being in subtle and unforeseen ways. Man must master these forces of change through enlightened lawmaking, or they will surely master man. In my remarks this afternoon, I want to discuss with you the challenge of the land, and the need for better planning in connection with the management of our greatest resource.

The challenge of the land is a challenge that can and must be met at many levels. Federal, state, and local government, as well as the private sector, all have an important role to play. The goal of government in meeting the challenge is to provide the environmental setting for attaining the 'American dream' of a quality life in quality surroundings for all of our people.

The growth of our state has in large measure been predicated on the fact that many areas already provide the essentials of the American dream in a beautiful, natural setting—lakes and seashores; recreational opportunity; and unsurpassed beauty.

Our task is not to improve on these great, natural gifts. Our task is to see that these gifts are not trampled and spoiled by haphazard urban growth and sprawl, by air and water pollution, and by ignoring the need for proper land-use controls. We must provide for the requirements of modern society, but we cannot afford to fill our countryside with the strings of gas stations, hot dog stands and the plastic-steel-glass jungle that dominates so much of the nation.

All of you are aware, I am sure, that the past few years have witnessed a new-found public awareness and concern for the quality of our environment. A major shift in public attitudes is taking place. As we meet the basic material needs of a widening portion of our population, we discover that new public aspirations are created. These aspirations are directed towards recreation, open spaces, clean air and water, freedom from noise, natural beauty, pleasing design and other amenities of life. And we take great pride, of course, in the fact that our state has been able to preserve much of our natural beauty.

When there is talk of more industry and more jobs, people today recognize that 'more' may really be 'less.' More growth and economic activity may mean less open space, less recreation, less quality, and less quality in the way of amenities.

As legislators, the task you and I face is the translation of these new-found public values into reality through laws, policies and programs. Times are changing, values are changing, and the needs and demands of the people who serve are also changing.

At the federal level, Congress is engaged in the consideration of means by which environmental values may be translated into meaningful policies and laws. A few weeks ago, as Chairman of the Senate Interior Committee, I introduced legislation designed to improve our national capacity to deal with the forces of technological and environmental change. I might mention that the purpose of this legislation, simply stated, is threefold: First, it would establish a national agency for environmental conservation and pollution control; Second, it would authorize expanded research in the science of ecology and on the relationships between man and his environment; Third, it would establish a Council of Environmental Quality Advisers in the Office of the President and require the Council to submit an annual report to the Congress and to the nation on the state of our environment.

As presently structured, our governmental institutions are not designed to deal in a comprehensive manner with the problems involving the quality of our surroundings and man's relationship to the environment. Responsibilities and functions are narrow and extremely fractionated.

The Advisory Council that I referred to could help overcome many of the limitations which the structure of the Federal government now imposes. It could perform a useful service in providing an overview, an assessment, if you please, of how well we are doing in the management of our environment.

State and local government face similar problems. I noticed a report now being prepared by the Puget Sound Governmental Conference notes, for example, that there are eight hundred sixty public and private agencies providing water and sewer service in King, Snohomish, Pierce, and Kitsap Counties. This proliferation of agencies makes long-range
planning difficult, complicates coordination, results in inefficient land use, and prevents regional solutions to what are essentially regional problems. A similar situation exists with respect to many other areas of local government.

"Many people—some of them state legislators—feel that there is a need for new policies and new institutions for dealing with land-use and environmental problems at the state level. A review of measures introduced in the Senate and House, for example, discloses there are bills pending which would preserve a part of our ocean beaches, protect our scenic rivers, establish a department of environmental quality and amend the Constitution to establish a 'conservation bill of rights.' I want to interpolate here by saying that I'm not a lobbyist and I'm not here to suggest to the legislature what you should do. I'm merely suggesting that maybe you are finding some of the same problems here that we're finding at the federal level.

"Certainly while preservation, reorganization, and the declaration of new rights are important in dealing with the forces of technological and social change, perhaps the key challenge we face, ladies and gentlemen, in the years ahead is providing for better, more efficient use of our land.

"As you know, the federal government's constitutional powers for land-use management and zoning are very limited. In a real sense these powers apply only to federally owned lands. Nevertheless, the federal government is in the land-use planning business in a very big way. The Bureau of Outdoor Recreation in conjunction with state government is currently preparing a 'Nationwide Recreation Plan.' The Federal Highway Administration's "Highway Plan," the Federal Aviation Administration's 'Airport Plan,' and the Corps of Engineers' 'Navigation Plans,' constitute the basic structure of a nationwide transportation plan. The Department of Housing and Urban Development is deeply involved in regional land-use planning. Other departments and agencies of the federal government are also actively engaged in land-use planning related to their areas of responsibility."

"Unfortunately, much of this planning has been single-purpose. Little, if any, time has been spent on seeing how these plans relate to one another. I just relate some of our problems at the federal level.

"To date, no one has put these federal land-use plans together to see if they are consistent, if they make sense, and if they are compatible with both state and national goals and aspirations. It seems to me that it is time that this was done. At my direction, the staff of the Senate Interior Committee is preparing a report and planning a hearing to consider and review the major land-use planning activities of the federal government, and I'm sure it is going to be very revealing. Subsequent hearings will focus on the relationship between federal, state and local land-use planning.

"Land-use planning and control is especially important at the state and local level. It is here, after all, where the constitutional power resides. State government and, by delegated authority, local government control the land. They shape the relationships between land and people. They have the power to zone, tax, buy, and sell.

"The great issues of conservation—our North Cascades National Park, the Redwoods, the Grand Canyon—dominate the press, of course, command public attention. They are important issues. The land under our feet, near our homes, and in our communities, however, is no less important. It should have no lower priority; it demands no less of our attention or of our money.

"We need to do a better job of making federal and state projects and activities blend with the coping desires of local communities concerning the use of the land and the environment.

"The federal government is growing increasingly aware of the need for greater cooperation in planning. The Intergovernmental Cooperation Act of 1968 which I cosponsored in the last Congress, requires the federal government to consult for the first time, ladies and gentlemen, with local units of government while exercising zoning and land-use management powers when it acquires or disposes of land or changes land-use patterns, I think this is a step in the right direction.

"I am sure, however, and I am sure you will agree with me, that much more needs to be done. We have had an opportunity in connection with the location and design of nearly all governmental facilities to see that they are compatible with the environment, the land-use plans, and the desires and aspirations of local communities.

"In building the third powerhouse which is now underway at Grand Coulee Dam, the Bureau of Reclamation initiated an experimental land-use and environmental study. The purpose of the study was to see that local people are consulted and that the environment of the area is enhanced by the new facility. In my judgment, this is an important and useful experiment.

"In the months ahead, I intend to urge that land-use and environmental planning be prepared before construction begins on other large-scale federal projects. If these efforts prove successful, legislation will be considered to make this type of planning a requirement for all federal agencies.

"The federal government requires planning, at the present time under existing law, by state and local government as a condition to participation in many federal programs. You are aware of those programs, I know. It is my view, ladies and gentlemen, that the same standards should be applied to the federal government. After all, the federal government is seeking the use of a local community's most valuable asset—its land and its environment. We must guarantee not only that the use of this asset is necessary, but that it is made in accord with the highest and best standards of land-use and environmental management.
“Proper land-use and environmental planning is essential for a growing and stable economy as well as for serene quality surroundings. Without vigorous and innovative planning, industrial expansion cannot occur in harmony with other public values. Once industry was ‘king’ in most states. Major new industrial plants were welcome in nearly any community. But, as we all know, this is not necessarily true any more.

“As legislators, it is incumbent upon us to find ways to accommodate new industrial expansion in harmony with other public values. We do not face an ‘either/or’ proposition. It is not a question of industry or parks; jobs or natural beauty. It is a question of having the best of all of these.

“Proper land-use—planning, zoning and tax policies—can be used to create ‘sanctuaries for industry’ as well as sanctuaries for outdoor recreation and wildlife. If our state can find ways to create havens for industry and win public acceptance while doing so, we will continue to prosper as a great state.

“If we are to find solutions to the social unrest of our metropolitan areas, we must do a better job of showing the residents of the inner city what their neighborhoods can look like with proper planning, design and control.

“Outdoor recreation and environmental education are relevant to the inner city youth. They are potentially stabilizing social forces. But I am not convinced that the potential is being fully developed through existing federal programs.

“I recently introduced, and I expect we will pass in the Senate early this year, legislation to establish a Youth Conservation Corps to be administered by the Departments of Interior and Agriculture. If enacted, this measure would provide an opportunity for young people fourteen to eighteen, not just the underprivileged and dropouts, but also the average teenager. I think it is important that we remember that many of our problems in the urban area today and on the college campuses do not necessarily stem from students that come from a background of poverty. In fact, this is another phase of the problem of affluence in our society which I think warrants a major study on the part of the American people. If you analyze the great problems facing our society at home and abroad, the solution will come from a better understanding of human behavior in an affluent society.) We want to see these youngsters off the streets during the hot summer months, and we want to make sure that they have an opportunity to see our great outdoors. In Seattle, for example, I am told a survey shows that in the Central area, many of these young people in that area haven’t even been to Woodland Park. Just think of it—haven’t even been to Woodland Park. And yet we have throughout this state great natural forests, great parks, great recreational areas, great wilderness areas, adjacent to our cities. I would hope that we will take advantage of this opportunity to improve the quality of our federal lands and at the same time improve the quality of our youth by utilizing this great resource—young men of our country, fourteen to eighteen.

“The responsibility for the policies which determine whether we have a better tomorrow rests with you and with me as the elected representatives of the people. Our actions over the next few years will determine whether future needs will be met, whether the public receives fair value for its resources, and whether the generations that follow us will enjoy quality lives in quality environments.

“I want to thank you for your kindness in making available this time as you approach the end of the first session of the legislature. It is a real pleasure, and real delight, to be with you, to want to say also as I conclude that as Chairman of the Senate Interior Committee I am very pleased with the wonderful support that I have received from both sides of the aisle, from the legislatures and the governors of the Northwest in the great fight that we have made, as you know, to protect our great water resources. We have won a temporary victory. We have won a battle but not the war. We have a ten-year moratorium now enacted into law which prevents even a study on how to get the water out of the Columbia and Snake Rivers into the Colorado. But I want to emphasize, ladies and gentlemen, that we have not won a battle and we have not won the war, and we face an on-going struggle in my judgment by those who feel that the ten-year moratorium is too long. They would like to modify it; they would like to repeal it. I want to express my gratitude to you for the support that I have received in backing up our position and protecting our water resources, which is indeed our greatest natural resource, and how well we are able to manage that resource will determine in the long run the growth and the well-being of all of our citizens here in the state of Washington and throughout the Northwest.

“Again I thank you for your kindness in making available this time this afternoon.”

The President of the Senate: “Honored members of the legislature and ladies and gentlemen: At this time the President should like to invite the lovely and gracious Mrs. Jackson to stand and be accorded a proper welcome and greeting. (Applause.)

“Senator, once again you have made it more than evident why you are held in such high regard by our President, Richard M. Nixon, and by your colleagues in Congress. Your profound remarks this afternoon encompassed many outstanding ideas and suggestions, and I am sure they will cause the members of our legislature to give considerable thought and earnest consideration to the things you suggested. It has been a delightful pleasure to have both you and Mrs. Jackson present.”

The President of the Senate recognized in the wings the Honorable Dwight Spracher and Mrs. Spracher, and asked them to step forward and be recognized. (Applause)

House Bill No. 318 was read the third time and placed on final passage.

Debate ensued, Representatives Salting, DeJarnatt and Scott speaking in favor of passage of the bill, and Representatives Kopet and Clark (Newman H.) speaking against it.

POINT OF INQUIRY

Mr. Salting yielded to question by Mr. O'Brien.

Mr. O'Brien: "Mr. Salting, we are rather curious about the percentage of retirement pay that a teacher receives during the last four or five years. Is there any way you might know that percentage in ratio to his salary?"

Mr. Salting: "Mr. O'Brien, this would vary with the individual teacher, because it is based on a formula. The formula is one-one hundred twenty times the years of service with the Washington State Teachers' Retirement System, times the highest average salary of the last five years, out of the last ten served. This boils down to a figure of approximately one hundred fifty dollars per month. Mr. Kopet and I worked it out yesterday, and I think we said it was one hundred fifty dollars out of state funds for a person who had a salary of about eight thousand four hundred dollars. Now, in addition to the state funds, they have their own annuity which they contribute out of their salary and this, depending on length of service again, what the salary has been, and what the interest rate on the deposits has been, will contribute additional money—perhaps as much as another one hundred fifty dollars, so that the total retirement pay will be, perhaps, three hundred dollars."

Mr. O'Brien: "Three hundred dollars for a teacher who receives approximately eight thousand four hundred dollars per year, it would be approximately three hundred dollars. That is a guess, Mr. O'Brien. I would have to actually compute the formula in order to find the exact figure."

ROLL CALL

The clerk called the roll on the final passage of House Bill No. 318, and the bill passed the House by the following vote: Yeas, 86; nays, 8; absent or not voting, 5.

Voting nay: Representatives Benitz, Clark (Newman H.), Hubbard, Kuehnle, Morrison, Murray, Newhouse, Spanton—8.

Absent or not voting: Representatives Chapin, Farr, Flanagan, Leland, McCaffree—5.

House Bill No. 318, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

He wants to come home tomorrow but the doctors are going to keep him two or three days. They have asked that he not receive calls, either telephone or personal, because they want him to continue to have complete rest."

ENGROSSED HOUSE BILL NO. 116, by Representatives Harris, Bottiger and Mentor (by Legislative Council request):

Creating a department of environmental quality.

Engrossed Substitute House Bill No. 328 was read the third time and placed on final passage.
Representative Kiskaddon spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Kiskaddon yielded to question by Mr. Leland.

Mr. Leland: “Representative Kiskaddon, in discussions on this bill I raised the question of appeal procedure, and we were advised that it was covered by the Administrative Procedure Act. The Administrative Procedure Act, as I understand it (and that is the question I am asking) is limited to whether or not the director or his subordinates acted in a capricious and arbitrary manner in carrying out the regulations. It is not an appeals board, per se, in that it is simply a review as to whether they acted capriciously and arbitrarily. Is that correct?”

Mr. Kiskaddon: “Yes.”

Debate ensued, Representative Leland speaking against passage of the bill, and Representatives Flanagan, Bledsoe and Bottiger speaking in favor of its passage.

ROLL CALL

The clerk called the roll on the final passage of Engrossed Substitute House Bill No. 328, and the bill passed the House by the following vote: Yeas, 93; nays, 4; absent or not voting, 2.

Providing annual grand juries.

House Bill No. 221 was read the third time and placed on final passage.
Representative Clarke (George W.) spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Heavey yielded to question by Mr. Haussler.

Mr. Haussler: “I am a little bit concerned about section three of this bill. I wonder if you would give us the approximate cost, or information as to what could happen in smaller counties, through the application of this bill.”
Mr. Heavey: "Yes, Mr. Haussler, this section calls for annual grand juries in class AA, A, first, second, third and fourth class counties and any other county which has a full-time prosecuting attorney. The first sentence (and also the Constitution of the state of Washington) provides that no grand jury can be called unless it is called by a majority of the superior court judges of that county. In addition, section four says that the grand jury can be selected from the petit jury (that's the normal jury that is called) so you have the grand jury at the normal jury time, and they would be selected from those members. In addition to that, if there is no matter to come before the grand jury and the superior court has decided to call it, they can immediately adjourn themselves and go home. They can run no more than sixty days, so there should be no financial impact on the smaller counties."

Debate ensued, Representatives Litchman, Clark (Newman H.) and Heavey speaking in favor of passage of the bill, and Representative Bledsoe speaking against it.

ROLL CALL

The clerk called the roll on the final passage of House Bill No. 221, and the bill passed the House by the following vote: Yeas, 79; nays, 19; absent or not voting, 1.

Absent or not voting: Representative Farr—1.

House Bill No. 221, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

The Speaker called on Mr. Copeland to preside.

ENGROSSED HOUSE BILL NO. 131, by Representatives Charette, Clarke (George W.) and O'Dell:

Regulating mutual savings banks.

Engrossed House Bill No. 131 was read the third time and placed on final passage. Representative Charette spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Hubbard yielded to question by Mr. O'Dell.

Mr. O'Dell: "Mr. Hubbard, is it your understanding that the wording in sections one and two of House Bill No. 131 do not, by either implication or express language, grant to savings banks the authority to establish or engage in commercial or personal checking services?"

Mr. Hubbard: "This was certainly our intention, Mr. O'Dell, that mutual savings banks would not have checking accounts; however, the manner in which we were under pressure to put these particular sections into the code would leave gray areas, but certainly it was our intention that they not have commercial checking accounts. I would think that perhaps there are areas of doubt which perhaps should be set over until 1970 for some further study."

Further debated ensued, Representatives Barden and Hubbard speaking against passage of the bill, and Representative Charette speaking in favor of it.

POINT OF INQUIRY

Mr. Barden yielded to question by Mr. Randall.

Mr. Randall: "When this bill was on second reading the other day, you said the commercial banks must maintain cash reserves while mutual banks can loan one hundred
percent of their funds. Mr. Pardini said later that you were wrong. Would you please tell us how you can substantiate your statement?"

Mr. Barden: "Yes, I can, Representative Randall. Perhaps Representative Pardini's remarks might have misled you into thinking that mutual banks could only lend up to eighty percent of their paid-in deposits, and the rest must be maintained in reserve, but that was just part of chapter 32.20 RCW which says in effect to the mutual banks, 'don't put all your eggs in one basket.' For instance, it says that you can't put more than eighty percent of your funds in real estate mortgages, or fifteen percent of your funds in stocks or notes from U.S. agencies, or five percent in the Inter-America development bank, or fifteen percent in contracts, or fifteen percent in L.I.D. bonds, or fifteen percent in bonds from irrigation or diking districts, etc., etc., etc., so that if you would add that all up, about two hundred and ninety percent of their funds would be loanable. It's not the total amount of funds that are investable, it merely restricts them from putting all their funds in any one particular area; however, they can invest one hundred percent of their funds.'

POINT OF INQUIRY

Mr. Cunningham yielded to question by Mr. Whetzel.

Mr. Whetzel: "Mr. Cunningham, there has been some comment about the application of the code of ethics in voting on this bill to those members of this House who are employees of banks or mutual savings banks, or bank directors, or I suppose we might even say those of us who owe money to banks or mutual savings banks. Can you advise us as to the application of the code of ethics as it might apply in voting on this particular bill to persons in those categories?"

Mr. Cunningham: "I can advise you to the extent, Mr. Whetzel, of my personal interpretation of what the ethics rules say. They indicate that if a member does not benefit to any greater extent than any other member that is involved in the same profession, that it is ethical to vote on a bill of this sort. I, too, owe money to a bank. I may owe money to both a mutual and a commercial bank—I'm not sure—I would have to go look. So, I would say that a person could vote his conscience on this bill. That is my personal interpretation."

POINT OF INQUIRY

Mr. Pardini yielded to question by Mr. Richardson.

Mr. Richardson: "I am a little confused, Representative Pardini. Would you clarify your statements that you made on the floor of the House the other day relative to percentage of loans the mutual banks can make?"

Mr. Pardini: "Yes, Representative Richardson. I think Representative Barden made it even more explicit this morning when he said that we could loan eighty percent in real estate loans under section 32. Prior to this bill, this is the only type of loan we could make, so I can see no reason why we could go beyond the eighty percent. The other twenty percent must be in normal investments in government bonds which we need to maintain liquidity. With the pleasure of the House, rather than question the code of ethics, I would stand here and say that I will refrain from voting on this issue."

Mr. Bledsoe demanded the previous question and the demand was sustained.

ROLL CALL

The clerk called the roll on the final passage of Engrossed House Bill No. 131, and the bill passed the House by the following vote: Yeas, 60; nays, 29; absent or not voting, 10.

I further wish to state I think House Bill No. 465 is an ill-advised piece of legislation, which if it becomes law, could do irreparable damage to our programs for the retarded.

Creating community municipal corporations, and prescribing their duties.

House Bill No. 331 was read the third time and placed on final passage.

Representatives Leckenby and Fleming spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Leckenby yielded to question by Mr. Hawley.

Mr. Hawley: “Mr. Leckenby, what is the population of the city of Seattle?”

Mr. Leckenby: “I believe it is around six hundred thousand.”

Mr. Hawley: “Yes, there would be sixty separate municipal corporations in the city of Seattle, is that correct?”

Mr. Leckenby: “There technically could be, if you had sixty that were ten thousand each, that is right.”

Mr. Hawley: “And the bill doesn’t provide how the lines are drawn, who draws the lines, where these districts are or how they are formed?”

Mr. Leckenby: “I think that the lines would be drawn by the community but with the approval of the city council, so in effect the city council would draw the lines.”

Mr. Hawley: “I suppose you are familiar with this particular chapter. What would be the financial impact on the city of Seattle in connection with this bill if there were sixty of these community corporations formed, which is possible?”

Mr. Leckenby: “In my opinion, the financial impact would be zero.”

Mr. Hawley: “The other part of the chapter doesn’t say that. It provides for an office and a secretary, or some paid people, and even to the extent that they could have a building for their office for meetings.”

Mr. Leckenby: “Well, I would have to consult an attorney on that particular point. If you would like to direct this question to one of the attorneys here who is familiar with this statute, I would be glad to have you do that.”

Mr. Hawley: “We can hold it over to refer to it another day. We’ve had a little fun bouncing it around here, and it might make a better bill out of it. The city of Seattle operates under a charter, doesn’t it?”

Mr. Leckenby: “I believe that is right.”

Mr. Hawley: “Wouldn’t it be possible for them to do this without coming down here and passing a bill under that chapter?”

Mr. Leckenby: “I believe they could.”

Mr. Hawley: “There’s no necessity for the bill then, is there?”

Mr. Leckenby: “I think there is a necessity for the bill.”

Further debate ensued, Representative Hawley speaking against passage of the bill, and Representative Ceccarelli speaking in favor of it.

POINT OF INQUIRY

Mr. Leckenby yielded to question by Mrs. Kirk.

Mrs. Kirk: “Mr. Leckenby, the legislative district which I represent has a population of about sixty thousand people. At the present time we are working for a swimming pool in one particular area which is located near the high school and the junior high school. Now if this bill passes, could the ten thousand people away from this area go down to the city council and say, ‘We would like to have a swimming pool,’ and put the pressure on so that the city council then would refrain from working with us in the small area, or could we have six swimming pools in my district if all ten thousand people wanted it?”

Mr. Leckenby: “If I understand your question, ‘Could there be an opposing community council working against the interests of a community?’, I think that it is entirely possible that groups could work against one another and I believe that it is possible, but I don’t think it’s likely.”
FIFTY-FIFTH DAY, MARCH 8, 1969

POINT OF INQUIRY

Mr. Leckenby yielded to question by Mr. O'Brien.

Mr. O'Brien: "How does the city council of the city of Seattle feel about this proposed municipal corporation?"

Mr. Leckenby: "I think there is at least one councilman for it, and I haven't talked to the others. I think in general they feel it is a good measure, and I'm sorry that I have not polled it."

POINT OF INQUIRY

Mr. May yielded to question by Mr. Anderson.

Mr. Anderson: “Representative May, I've had quite a few questions from logging operators and they have said the bill is too restrictive. Would you explain that?”

Mr. May: “This became a complaint at the last meeting, and their problems were taken care of, as I understand it, along with the questions of the small arms people. After two years of hearings they finally got around to coming in. They knew about this many months before, but their problems were taken care of as I understand it.”

Representative Savage spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Morrison yielded to question by Mr. Kuehnle.

Mr. Kuehnle: “Representative Morrison, in the process of trying to develop some standards under which the department could be happy and industry could operate, we ran into a lot of problems involving the sportsmen and the handloaders, etc. I want to be very sure that the last amendment which we approved here a few months ago eliminates those restrictions which inadvertently crept into this relative to age requirements for the purchase of guns and ammunition.”
Mr. Morrison: "Yes, Representative Kuehnle, I am quite confident after the preparation of the substitute bill and then the floor amendments today that we have taken care of all questionable areas. There was no question to begin with about the purchase of firearms, but only in the purchase of ammunition and those handloader components which could be classified as explosives. We are confident that all the way through this bill now we have made satisfactory changes, so you need have no worries."

PARLIAMENTARY INQUIRY

Mr. Bledsoe: "Mr. Speaker, we are on a consent calendar, are we not?"

The Speaker: "This was my understanding."

Mr. Bledsoe: "Would the Speaker be kind enough to outline for the House the previous practice and procedure dealing with consent calendars, please?"

The Speaker: "I am sure that would be in order, Mr. Bledsoe. As has been our practice in the past, a consent calendar is put together by one member of each party on the Rules Committee. The consent calendar is then presented to the Rules Committee members and to each of the two caucuses. If there is disagreement with any bill, it is taken off the consent calendar. It has been our practice in the past to give one member on each side of the question the opportunity to speak. If we find that we get into a long discussion on a bill, it would be in order to move it to the end of the calendar. We have a number of bills here that have been agreed on. Our time is limited as you know, and I would appreciate the cooperation of the House in using this procedure on this particular calendar."

SPECIAL ORDER OF BUSINESS

The hour of 3:55 p.m. having arrived, the Speaker declared the question before the House to be the special order of business, Substitute House Bill No. 797 on second reading.

SUBSTITUTE HOUSE BILL NO. 797, by Representatives Wanamaker, Conner, Mentor, Perry, Leland and Randall (by executive request):

Providing financing for Puget Sound highway and toll facilities.

Mr. Wanamaker moved adoption of the following amendment by Representatives Wanamaker and Mentor:

On page 10, section 15, line 7, after the period following "revenues" strike the balance of the paragraph

Representatives Wanamaker and Mentor spoke in favor of adoption of the amendment. The Speaker called on Mr. Copeland to preside.

Representative Beck spoke against adoption of the amendment by Representatives Wanamaker and Mentor, and Representative Cunningham spoke in favor of it.

Mr. King demanded an electric roll call and the demand was sustained.

Further debate ensued, Representatives Leland and Barden speaking in favor of adoption of the amendment, and Representatives Conner and Savage speaking against it.

Mr. Newhouse demanded the previous question and the demand was sustained.
PERSONAL PRIVILEGE

Mr. Beck: "Mr. Speaker, there have been three statements made on the floor of the House that I would like to correct before we vote on this measure. I'd like to close debate, also."

The Speaker (Mr. Copeland presiding): "Mr. Beck, I think that the material before us is an amendment by Mr. Wanamaker and Mr. Mentor. They obviously would have the prerogative of closing debate."

Mr. Beck: "That is the reason I asked for a point of personal privilege first. I know that Mr. Wanamaker and Mr. Mentor have the privilege of closing debate, but I asked for a point of personal privilege because there have been three statements made which I would like to correct."

POINT OF ORDER

Mr. Whetzel: "Mr. Speaker, I refer you to Rule 52 in the 1967 Legislative Manual that says after the fiftieth day no member shall speak more than once on the same question without leave of the House. It appears to me that under the guise of personal privilege Mr. Beck is endeavoring to debate the merits of this amendment, and I suggest he is out of order."

The Speaker (Mr. Copeland presiding): "I think your point is well taken. I would ask the House if they would like to grant Mr. Beck the liberty of speaking, and if someone would so move, I would put the motion."

MOTION

Mr. Charette moved the rules be suspended and Mr. Beck be allowed as one of the persons to close debate.

The motion was lost.

Representative Wanamaker spoke in favor of adoption of the amendment.

PARLIAMENTARY INQUIRY

Mr. Grant: "The motion for the previous question requires a two-thirds vote, does it not?"

The Speaker (Mr. Copeland presiding): "The demand for the previous question does require a two-thirds majority, that is correct."

Mr. Grant: "In your view, was there a two-thirds vote in favor of closing debate?"

The Speaker: "In my view there was sufficient indication that two-thirds of the body wished to close debate. I so stated, and I paused, and no one demanded a division, so we proceeded from that point."

PERSONAL PRIVILEGE

Mr. Beck: "Mr. Speaker, I feel that my motives have been impugned, and I still insist on correcting the three statements that were not one hundred percent correct. I demand a point of personal privilege."

POINT OF ORDER

Mr. Whetzel: "I rise to the same point of order that you ruled on before, Mr. Speaker, that under the guise of personal privilege and his motives being impugned, Mr. Beck is simply trying to further debate this amendment on which I think the issues have been pretty well presented before the members of this body."

The Speaker (Mr. Copeland presiding): "I think your point is quite well taken, Mr. Whetzel."

POINT OF ORDER

Mr. Savage: "I want to point out that Rule 52 has nothing to do with personal privilege. The purpose of a personal privilege is when you have been impugned or an incorrect statement has been made. The Speaker has to tell the person to describe why he thinks he has a point of personal privilege, and it is the judgment of the Speaker whether the person has the right, or something has happened, that he should have the floor. I submit that Rule 52 doesn't enter into this debate at all because you can be impugned any time."

The Speaker (Mr. Copeland presiding): "I think your point is well taken, Mr. Savage. Mr. Beck did not, on the original time he rose, indicate that his motives had been impugned. I think the Speaker will have to grant a great deal of latitude in this case, and some prudent
judgment would advise at this time that if Mr. Beck's motives are impugned, it would be better for the House to sit and listen to the impugned motives of Mr. Beck rather than having to consult this thing on eighteen separate occasions of which there would be eighteen separate amendments offered by Mr. Beck. So at this time the House will grant Mr. Beck the liberty of three minutes to explain how his motives have been impugned. The floor is yours, Mr. Beck."

Mr. Beck: "Thank you very kindly, Mr. Speaker. Ladies and gentlemen of this House: "I appreciate the honor of clearing my motives here that have been impugned. First of all, the gentleman from King County, the banker (it is very interesting the way these bankers compute and throw figures around) and also Mr. Cunningham mentioned the five and one-half million dollars..."

The Speaker (Mr. Copeland presiding): "Mr. Beck, the House is allowing you latitude for an explanation. I would suggest that you not impugn anyone else's motives."

Mr. Beck: "That is correct. In 1961 when this legislature authorized that five and one-half million dollars, they said it shall be repaid at the end of the bond issue which will be in the year 2003. We do not owe anything to the motor vehicle fund until after the bonds are all paid off, and then the tolls will be continued to pay back the five and one-half million dollars. Now there are the two statements I would like to correct. Mr. Leland offered some figures around here which could be interpreted as scare tactics. But Mr. Leland, I inform you I have amendments on the desk that will take care of any increased cost of operating these ferries, so the rates will not have to be increased. There is an amendment on the desk to take care of that, and I thank you very kindly for letting me express my feelings on this."

The Speaker (Mr. Copeland presiding) declared the question before the House to be the amendment by Representatives Wanamaker and Mentor to page 10, section 15, Substitute House Bill No. 797.

ROLL CALL

The clerk called the roll on the adoption of the amendment by Representatives Wanamaker and Mentor and the amendment was adopted by the following vote: Yeas, 60; nays, 34; absent or not voting, 5.

Absent or not voting: Representatives Bozarth, Farr, Haussler, Hurley, Mr. Speaker–5.

Mr. Beck moved adoption of the following amendment:

On page 2, section 3(2), line 28, after "bridge" and before "and" insert "with a minimum of four traffic lanes"

Representative Beck spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Beck yielded to question by Mr. Leland.

Mr. Leland: "Have you attempted to ascertain what the cost impact is of your amendment just offered?"

Mr. Beck: "Yes, it is right here in this report that we received in January when we first came down here. Offhand I cannot tell you what it is. I think it is somewhere in the neighborhood of sixteen, eighteen or twenty million dollars. I can't quote the exact figure."

Mr. Leland: "Well, I guess I'm a piker because my information was that the cost of this particular item was three and one-half million dollars."

Mr. Beck: "Mr. Leland, you are missing the whole crux of the matter here. The fact is you are building the main traffic artery between this large metropolitan area of Bremerton
and Seattle with a little, two-lane facility. Now I submit to you, and you are an expert in the field of transportation, is this good planning?"

Mr. Leland: "The only thing I can say (and, Mr. Beck, you have been on the committee many years) we have only so much money to do things with and we usually build two lanes and then add another two lanes if it is required later because there isn't money to go around to do all these things. I think you understand this, and that is why we have priority programming acts and other studies to indicate how rapidly facilities have to be updated."

The amendment was lost.

Mr. Beck moved adoption of the following amendment:

On page 3, section 3(4), line 2, after "of" strike "Fletcher Bay" and insert "Illahee"

Debate ensued, Representatives Beck and Randall speaking in favor of adoption of the amendment, and Representative Leland speaking against it.

The amendment was lost.

PARLIAMENTARY INQUIRY

Mr. Heavey: "Mr. Speaker, on three or four occasions I have noticed that the previous question has been put, and then debate has been allowed to close, as in the case of Mr. Wanamaker. I wish to call the Speaker's attention to Rule 55 which says that: '. . . one of the sponsors of a bill, memorial, or resolution, or, in his stead, the chairman of the committee, when the measure is on final passage or when the motion to postpone indefinitely is pending, may have the privilege of closing debate after the previous question has been ordered.'"

The Speaker (Mr. Copeland presiding): "Thank you very much."

POINT OF INQUIRY

The Speaker (Mr. Copeland presiding): "Mr. Beck, the Speaker observes that on your third amendment you strike the same word on a different page that was attempted, but not adopted, in the first amendment. It would appear to me at this time that it would throw the bill into complete inconsistency if this amendment were put. Is this correct?"

Mr. Beck: "That is not correct, Mr. Speaker. This amendment affects the Rich Passage bridge."

Mr. Beck moved adoption of the following amendment:

On page 3, section 3(5), line 3, after "bridge" and before "and" insert "with a minimum of four traffic lanes"

Debate ensued, Representative Beck speaking in favor of adoption of the amendment, and Representative Leland speaking against it.

Mr. Randall demanded a Call of the House and the demand was not sustained.

Mr. Bledsoe demanded an electric roll call and the demand was sustained.

ROLL CALL

The clerk called the roll on the adoption of the amendment by Representative Beck to page 3, section 3(5), line 3, Substitute House Bill No. 797, and the amendment was lost by the following vote: Yeas, 26; nays, 55; absent or not voting, 18.

Absent or not voting: Representatives Bozarth, Chatalas, DeJarnatt, Evans, Farr, Francis, Garrett, Haussler, Hurley, Jolly, Litchman, Martinis, May, McCormick, Merrill, Perry, Thompson, Mr. Speaker—18.

Mr. Beck moved adoption of the following amendment:

On page 3, section 3(7), line 9, after "(7)" strike "Two" and insert "Three"
Representative Beck spoke in favor of adoption of the amendment. The amendment was lost.

Mr. Conner moved adoption of the following amendment:

On page 3, section 3, line 10, before the period insert "Port Townsend and Keystone Harbor"

Debate ensued, Representative Conner speaking in favor of adoption of the amendment, and Representative Leland speaking against it. The amendment was lost.

POINT OF INQUIRY

Mr. Leland yielded to question by Mr. O'Brien.

Mr. O'Brien: "Mr. Leland, I am rather curious about the total fiscal impact of Substitute House Bill No. 797. Could you give us the total cost of the several sections?"

Mr. Leland: "Do you mean without Mr. Beck's amendments?"

Mr. O'Brien: "Just the total amount that the bill calls for."

Mr. Leland: "The overall round figure would be about two hundred million dollars, and there is a schedule for new ferries, for new bridges, it provides for state development, stage issuance of the bonds, so they wouldn't be issued all at one time, and I might say that the primary purpose of the bill is that we are now using about half of the quarter cent allocated to the Puget Sound Reserve Account-about two million dollars a biennium. As I indicated, by about 1972 or 1973, it will require all of that quarter cent which will be something in the neighborhood of four million dollars, and then we will have to start reaching deeper into the Motor Vehicle Fund, and this is to provide a consolidation to effect the savings that will make it possible through the bill of the bonding provisions to have the service and not have a further required subsidy out of the Motor Vehicle Fund for it."

POINT OF INQUIRY

Mr. Leland yielded to question by Mr. Bottiger.

Mr. Bottiger: "Mr. Leland, do any of the toll fares on the Cross-Lake Bridge help pay for the ferry system?"

Mr. Leland: "When you say 'Cross-Lake' do you mean Lake Washington? There is no connection between the Lake Washington bridges and the Puget Sound facilities."

PERSONAL PRIVILEGE

Mr. Bledsoe: "We have seven zillion amendments on the desk. May I request the participants on the floor here to just discuss the amendments, and we will get to the bill in awhile, hopefully."

The Speaker (Mr. Copeland presiding) declared the question before the House to be adoption of the amendment by Mr. Conner to page 3, Substitute House Bill No. 797. The amendment was lost.

Mr. Beck moved adoption of the following amendment:

On page 3, line 11, strike section 4 and renumber the remaining sections consecutively

Debate ensued, Representative Beck speaking in favor of adoption of the amendment, and Representative Leland speaking against it.

Mr. Grant demanded an electric roll call and the demand was sustained.

Mr. Kink demanded the previous question and the demand was sustained.

ROLL CALL

The clerk called the roll on the adoption of the amendment by Mr. Beck to page 3, line 11, Substitute House Bill No. 797, and the amendment was lost by the following vote: Yeas, 35; nays, 52; absent or not voting, 12.

Voting nay: Representatives Amen, Backstrom, Barden, Benitz, Berentson, Bledsoe, Bluechel, Brown, Chapin, Clark (Newman H.), Clarke (George W.), Conway, Copeland, Cunningham, Curtis, Evans, Flanagan, Gladder, Goldsworthy, Harris, Hatfield, Hawley,

Absent or not voting: Representatives Bozarth, Chatalas, DeJarnatt, Farr, Garrett, Hurley, Kalich, Litchman, Mahaffey, Martinis, Thompson, Mr. Speaker—12.

EXPLANATION OF VOTE

I wish to change my vote from “aye” to “nay” on Representative Beck’s amendment to page 3, line 11, Substitute House Bill No. 797. WILLIAM S. LECKENBY, 31st District.

Mr. Conner moved adoption of the following amendment:

On page 4, section 10, line 32, before the period insert “: PROVIDED, That ten percent of such funds be applied toward reduction of Hood Canal Bridge toll fares”.

Debate ensued, Representatives Conner and Savage speaking in favor of adoption of the amendment, and Representatives Leland and Bledsoe speaking against it.

Mr. King demanded a Call of the House and the demand was sustained.

The Sergeant at Arms was instructed to lock the doors.

The clerk called the roll and all members were present except Representatives Anderson, Berentson, Farr, Litchman, Merrill and Mr. Speaker.

On motion of Mr. O’Brien, the absent members were excused and the House proceeded with business under the Call of the House.

The Speaker (Mr. Copeland presiding) declared the question before the House to be the amendment by Mr. Conner to page 4, section 10, Substitute House Bill No. 797.

Representative Beck spoke in favor of adoption of the amendment.

The amendment was lost.

MOTIONS

On motion of Mr. Newhouse, the House dispensed with further business under the Call of the House.

On motion of Mr. Bledsoe, all bills passed by the House since the last motion to transmit were ordered transmitted immediately to the Senate.

On motion of Mr. Bledsoe, all bills on today’s calendar with the exception of HOUSE BILL NO. 26, HOUSE BILL NO. 48, HOUSE BILL NO. 863 and HOUSE BILL NO. 257 were rereferred to Committee on Rules and Administration.

On motion of Mr. Bledsoe, the House reverted to the fifth order of business for the purpose of receiving a message from the Governor.

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON,

LADIES AND GENTLEMEN:

I return without my approval as to one item, HOUSE BILL NO. 127 entitled:

“AN ACT Relating to the common schools and the support thereof; authorizing the sale of limited obligation bonds and the use of the proceeds for needed common school plant facilities, modernization of existing common school facilities; providing ways and means to pay said bonds; making appropriations; and declaring an emergency.”

This is an emergency school bond construction bill providing for the issuance of $26,400,000 in bonds and appropriating $5,755,446 to the state board of education to provide common school plant facilities and modernization of existing common school plant facilities.

Section 7 provides that funds appropriated for the purposes of the act shall be allotted by the state board of education. After the bill passed the House, the Senate added a proviso
to the effect that the state board of education may not discriminate either individually or by classification as to non-high school districts in the apportionment of the funds authorized by this emergency act. This would require that non-high school districts receive bond funds if they qualify as emergency districts.

Under present law the allocation of school building funds is the responsibility of the state board of education. The exercise of this power through appropriate rules and regulations is one of the most important functions of the board. The proviso deprives the board of education of a significant part of its responsibility to allocate funds among school districts.

If the legislature intends to withdraw from the board of education this duty, it should consider whether this principle should apply to all state school bond issues and not merely to the funds authorized by this act. Such a step should be taken only after the most careful consideration and in accordance with the normal legislative processes.

Elimination of this proviso from the act does not deprive any non-high district of the opportunity to apply for emergency funds. Elimination of the proviso does restore the responsibility for the allocation of funds for school construction to the board of education.

With the exception of the item in Section 13, which I have vetoed for the reasons set forth above, the remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS
Governor.

MOTIONS

On motion of Mr. Newhouse, the message from the Governor was referred to Committee on Rules and Administration.

On motion of Mr. Bledsoe, the House advanced to the twelfth order of business for the purpose of announcements of committee meetings.

REPORTS OF STANDING COMMITTEES

March 8, 1969.

HOUSE BILL NO. 544, establishing standards for cabooses, reported by Committee on Transportation.

Passed to Committee on Rules and Administration for second reading.

March 8, 1969.

HOUSE BILL NO. 596, providing for solid waste management, reported by Committee on Natural Resources.

MAJORITY recommendation: Do pass with the following amendment: Strike everything after the enacting clause and substitute the following:
The legislature finds:

"(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

"(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

NEW SECTION. Sec. 2. The purpose of this act is to establish a comprehensive statewide program for solid waste handling which will prevent land, air, and water pollution and conserve the natural and economic resources of this state. To this end it is the purpose of this act:

"(1) To assign primary responsibility for adequate solid waste handling to local government, reserving to the state, however, those functions necessary to assure effective programs throughout the state;

"(2) To provide for adequate planning for solid waste handling by local government;

"(3) To provide for the adoption and enforcement of basic minimum performance standards for solid waste handling;

"(4) To provide technical and financial assistance to local governments in the planning, development, and conduct of solid waste handling programs.

NEW SECTION. Sec. 3. As used in this act, unless the context indicates otherwise:

"(1) 'City' means every incorporated city and town.

"(2) 'Committee' means the solid waste advisory committee.

"(3) 'Department' means the department of environmental quality.

"(4) 'Director' means the director of the department of environmental quality.

"(5) 'Disposal site' means the location where any final treatment, utilization, processing, or depository of solid waste occurs.

"(6) 'Functional standards' means criteria for solid waste handling expressed in terms of expected performance or solid waste handling functions.

"(7) 'Jurisdictional health department' means city, county, city-county, or district public health department.

"(8) 'Person' means individual, firm, association, copartnership, political subdivision, government agency, municipality, industry, public or private corporation, or any other entity whatsoever.

"(9) 'Solid waste' means all putrescible and nonputrescible solid and semi-solid wastes including garbage, rubbish, ashes, industrial wastes, demolition and construction wastes, abandoned vehicles or parts thereof, discarded home and industrial appliances, manure, vegetable or animal solid and semi-solid wastes, and other discarded materials.

"(10) 'Solid waste handling' means the storage, collection, transportation, treatment, utilization, processing, and final disposal of solid wastes.
"(3) Pollution of surface and ground waters (coordinated with the regulations of the environmental quality department).
"(4) Hazards to service or disposal workers or to the public.
"(5) Prevention of littering.
"(6) Adequacy and adaptability of disposal sites to population served.
"(7) Design and operation of disposal sites.
"(8) Salvaging.
"NEW SECTION. Sec. 8. Each county within the state, in cooperation with the various cities located within such county, shall prepare a coordinated, comprehensive solid waste management plan. Such plan may cover two or more counties.
"Each city shall:
"(1) Prepare and deliver to the county auditor of the county in which it is located its plan for its own solid waste management for integration into the comprehensive county plan; or
"(2) Enter into an agreement with the county pursuant to which the city shall participate in preparing a joint city-county plan for solid waste management; or
"(3) Authorize the county to prepare a plan for the city's solid waste management for inclusion in the comprehensive county plan.
"Two or more cities may prepare a plan for inclusion in the county plan. With prior notification of its home county of its intent, a city in one county may enter into an agreement with a city in an adjoining county, or with an adjoining county, or both, to prepare a joint plan for solid waste management to become part of the comprehensive plan of both counties.
"After consultation with representatives of the cities and counties, the department shall establish a schedule for the development of the comprehensive plans for solid waste management. In preparing such a schedule, the department shall take into account the probable cost of such plans to the cities and counties.
"NEW SECTION. Sec. 9. Each county and city solid waste management plan shall include the following:
"(1) A detailed inventory and description of all existing solid waste handling facilities including an inventory of any deficiencies in meeting current solid waste handling needs.
"(2) The estimated long-range needs for solid waste handling facilities projected twenty years into the future.
"(3) A program for the orderly development of solid waste handling facilities in a manner consistent with the plans for the entire county which shall:
"(a) Meet the minimum functional standards for solid waste handling adopted by the department and all laws and regulations relating to air and water pollution, fire prevention, flood control, and protection of public health;
"(b) Take into account the comprehensive land use plan of each jurisdiction;
"(c) Contain a six year construction and capital acquisition program for solid waste handling facilities; and
"(d) Contain a plan for financing both capital costs and operational expenditures of the proposed solid waste management system.
"(4) A program for surveillance and control.
"NEW SECTION. Sec. 10. Each comprehensive county solid waste management plan shall be submitted to the department for technical review and approval. The department may recommend revisions essential to the achievement of effective solid waste management and the purposes of this act.
"NEW SECTION. Sec. 11. The comprehensive county solid waste handling plans and any city solid waste handling plans prepared in accordance with section 8 of this act shall be maintained in a current condition and reviewed and revised periodically by counties and cities as may be required by the department of environmental quality. Upon each review such plans shall be extended to show long-range needs for solid waste handling facilities for twenty years in the future, and a revised construction and capital acquisition program for six years in the future. Each revised solid waste handling plan shall be submitted to the department of environmental quality.
"NEW SECTION. Sec. 12. The department shall provide to counties and cities technical assistance in the preparation, review and revision of solid waste handling plans required by this act.
"NEW SECTION. Sec. 13. Any county may apply to the department on a form prescribed thereby for financial aid for the preparation of the comprehensive county plan for solid waste management required by section 8 of this act. Any city electing to prepare an independent city plan, a joint city plan, or a joint county-city plan for solid waste management for inclusion in the county comprehensive plan may apply for financial aid for such purpose through the county. Every city application for financial aid for planning shall be filed with the county auditor and shall be included as a part of the county's application for financial aid. Any city preparing an independent plan shall provide for disposal sites wholly within its jurisdiction.
"The department shall allocate to the counties and cities applying for financial aid for planning, such funds as may be available pursuant to legislative appropriations or from any federal grants for such purpose.
"The department shall determine priorities and allocate available funds among the counties and cities applying for aid according to criteria established by regulations of the department considering population, urban development, environmental effects of waste
disposal, existing waste handling practices, and the local justification of their proposed expenditures.

"NEW SECTION. Sec. 14. Counties and cities shall match their planning aid allocated by the director by an amount not less than twenty-five percent of the estimated cost of such planning. Any federal planning aid made directly to a county or city shall not be considered either a state or local contribution in determining local matching requirements. Counties and cities may meet their share of planning costs by cash and contributed services.

"NEW SECTION. Sec. 15. Upon the allocation of planning funds as provided in section 13 of this act, the department shall enter into a contract with each county receiving a planning grant under such provisions as the director may deem necessary to assure the proper expenditure of such funds including allocations made to cities. The sum allocated to a county shall be paid to the treasurer of such county.

"NEW SECTION. Sec. 16. Each county, or any city, or jurisdictional board of health shall adopt regulations or ordinances governing solid waste handling implementing the comprehensive solid waste management plan covering storage, collection, transportation, treatment, utilization, processing and final disposal including the issuance of permits. Such regulations or ordinances shall assure that solid waste storage and disposal facilities are located, maintained, and operated in a manner so as properly to protect the public health, prevent air and water pollution, and avoid the creation of nuisances. Such regulations or ordinances may be more stringent than the minimum functional standards adopted by the department. Regulations or ordinances adopted by counties, cities, or jurisdictional boards of health shall be filed with the department of environmental quality.

"NEW SECTION. Sec. 17. After approval of the comprehensive solid waste plan by the department no solid waste disposal site or disposal site facilities shall be established, maintained, substantially altered, expanded, or improved until the county, city, or other person operating such site has obtained a permit from the jurisdictional health department pursuant to the provisions of section 18 of this act.

"NEW SECTION. Sec. 18. (1) Applications for permits to operate new or existing solid waste disposal sites shall be on forms prescribed by the department of environmental quality and shall contain a description of the proposed and existing facilities and operations at the site, plans and specifications for any new or additional facilities to be constructed, and such other information as the jurisdictional health department may deem necessary in order to determine whether the site and solid waste disposal facilities located thereon will comply with local and state regulations.

"(2) Upon receipt of an application for a permit to establish, alter, expand, improve, or continue in use a solid waste disposal site, the jurisdictional health department shall refer one copy of the application to the department of environmental quality which shall report its findings to the jurisdictional health department.

"(3) The jurisdictional health department shall investigate every application as may be necessary to determine whether an existing or proposed site and facilities meet all applicable laws and regulations, and conforms with the approved comprehensive solid waste handling plan, and complies with all zoning requirements.

"(4) When the jurisdictional health department finds that the permit should be issued, it shall issue such permit. Every application shall be approved or disapproved within ninety days after its receipt by the jurisdictional health department.

"(5) The jurisdictional board of health may establish reasonable fees for permits and renewal of permits. All permit fees collected by the health department shall be deposited in the treasury and to the account from which the health department's operating expenses are paid.

"NEW SECTION. Sec. 19. Every permit for a solid waste disposal site shall be renewed annually on a date to be established by the jurisdictional health department having jurisdiction of the site. Prior to renewing a permit, the health department shall conduct such inspections as it deems necessary to assure that the solid waste disposal site and facilities located on the site meet minimum functional standards of the department of environmental quality and applicable local regulations.

"NEW SECTION. Sec. 20. Any permit for a solid waste disposal site issued as provided herein shall be subject to suspension at any time the jurisdictional health department determines that the site or the solid waste disposal facilities located on the site are being operated in violation of this act, or the regulations of the department or local laws and regulations.

"NEW SECTION. Sec. 21. Whenever the jurisdictional health department denies a permit or suspends a permit for a solid waste disposal site, it shall, upon request of the applicant or holder of the permit, provide by a hearing on such denial or suspension within thirty days after the request therefor is made. Notice of the hearing shall be given to all interested parties including the county or city having jurisdiction over the site and the department of environmental quality. Within thirty days after the hearing, the health officer shall notify the applicant or the holder of the permit in writing of his determination and the reasons therefor. Any party aggrieved by such determination may appeal to the department of environmental quality and such party may obtain a new permit by filing within thirty days after receipt of notice of the determination of the health officer. The department shall hold a hearing in accordance with the provisions of the Administrative Procedure Act, chapter 34.04 RCW, as now or hereafter amended.

"NEW SECTION. Sec. 22. Any jurisdictional health department may apply to the department for financial aid for the enforcement of rules and regulations promulgated under
this act. Such application shall contain such information, including budget and program description, as may be prescribed by regulations of the department.

"After receipt of such applications the department may allocate available funds according to criteria established by regulations of the department considering population, urban development, the number of the disposal sites, and geographical area.

"The sum allocated to a jurisdictional health department shall be paid to the treasury from which the operating expenses of the health department are paid, and shall be used exclusively for inspections and administrative expenses necessary to enforce applicable regulations.

"NEW SECTION. Sec. 23. The jurisdictional health department applying for state assistance for the enforcement of this act shall match such aid allocated by the department in an amount not less than twenty-five percent of the total amount spent for such enforcement activity during the year. The local share of enforcement costs may be met by cash and contributed services.

"NEW SECTION. Sec. 24. After the adoption of regulations or ordinances by any county, city, or jurisdictional board of health providing for the issuance of permits as provided in section 16 of this act, it shall be unlawful for any person to dump or deposit or permit the dumping or depositing of any solid waste onto or under the surface of the ground or into the waters of this state except at a solid waste disposal site for which there is a valid permit: PROVIDED, That nothing herein shall prohibit a person from dumping or depositing solid waste resulting from his own activities onto or under the surface of ground owned or leased by him when such action does not violate statutes or ordinances, or create a nuisance. Any person violating this section shall be guilty of a misdemeanor.

"NEW SECTION. Sec. 25. Whenever solid wastes dumped in violation of section 24 of this act contain three or more items bearing the name of one individual, there shall be a rebuttable presumption that the individual whose name appears on such items committed the unlawful act of dumping.

"NEW SECTION. Sec. 26. The department shall in addition to its other powers and duties:

"(1) Cooperate with the appropriate federal, state, interstate and local units of government and with appropriate private organizations in carrying out the provisions of this act.

"(2) Coordinate the development of a solid waste management plan for all areas of the state in cooperation with local government, the planning and community affairs agency or its successor, and other appropriate state and regional agencies. The plan shall relate to solid waste management for twenty years in the future and shall be reviewed biennially, revised as necessary, and extended so that perpetually the plan shall look to the future for twenty years as a guide in carrying out a state coordinated solid waste management program.

"(3) Provide technical assistance to any person as well as to cities, counties, and industries.

"(4) Initiate, conduct, and support research, demonstration projects, and investigations, and coordinate research programs pertaining to solid waste management systems.

"(5) May, under the provisions of the Administrative Procedure Act, chapter 34.04 RCW, as now or hereafter amended, from time to time promulgate such rules and regulations as are necessary to carry out the purposes of this act.

"NEW SECTION. Sec. 27. Nothing in this act shall be deemed to change the authority or responsibility of the Washington utilities and transportation commission to regulate all intrastate carriers.

"NEW SECTION. Sec. 28. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected."

RESOLUTIONS

HOUSE RESOLUTION NO. 69-35, by Representatives Anderson and Charette:
WHEREAS, The Legislature of the State of Washington recognizes the efforts made by
Sea Resources, Incorporated of Chinook, Washington, a nonprofit corporation, in
cooperation with the Superintendent of Public Instruction, the Ocean Beach and Grays
River-Naselle School Districts, to establish a program of vocational fisheries training for the
youth of that area; and
WHEREAS, The program required the dedicated work of personnel within the Division
of Vocational Education of the Coordinating Council, and the Superintendent of Public
Instruction for purposes of guidance, leadership and funding for the specific purposes of
preparation of the necessary proposals to acquire the capital equipment and instructional
salary support; and
WHEREAS, The contributions made by private industry in the form of donations of
the complete building facilities necessary for the operation of such a training program and
the required land areas in such a place as to be convenient to each participating school
district in terms of fisheries training; and
WHEREAS, The complete support of the entire community of the Long Beach area was necessary in order to complete such-mentioned training objectives;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That Sea Resources, Incorporated, the Superintendent of Public Instruction and the Division of Vocational Education be extended our sincere commendation for work well done on the behalf of the youth who will benefit from this program and the fishing industry which will, in large measure, be revitalized by this effort.

On motion of Mr. Anderson, the resolution was adopted.

HOUSE RESOLUTION NO. 69-36, by Representatives Smythe and Marsh:

WHEREAS, The Port of Portland is considering the possibilities of radically altering the flow of the Columbia River in the vicinity of Vancouver, Washington, by extending the Portland International Airport into the Columbia River; and

WHEREAS, The mechanics of a major river system such as the Columbia River are extremely complex; and

WHEREAS, The expenditure of large sums of money-making capital improvements to an airport pending a study to determine changes in river hydrology may prove wasteful and unnecessary; and

WHEREAS, There is a concern for and growing awareness of the environment in which we live as the mark of an advanced civilization; and

WHEREAS, The majestic Columbia River represents an asset of immeasurable value to the states of Oregon and Washington, and to the entire nation, for recreation and aesthetic values; and

WHEREAS, The present plans for expansion of the Portland International Airport, if allowed to proceed, will result in the destruction of natural beauty and recreational areas as follows:

1. A loss of almost two and one-half miles of waterfront with immense recreational potential;
2. The total elimination of Sand Island or Tri-Club Island;
3. The destruction of virtually all of Lemon Island;
4. The "conversion" of almost one-third of Government Island into such uses as freeway, airport, commercial, or boat channel;
5. Extensive deforestation in or on:
   a. the islands which must be eliminated or destroyed;
   b. air access routes into the expanded airport facilities;
   c. any areas which may interfere with the "stabilization" of the Columbia River, if it must be rerouted or rechanneled;
6. The wholesale replacement of natural sandy beaches with "stabilized" dikes having slopes varying from twenty percent to thirty-three percent grades, and the wholesale replacement of natural beach contours and curvatures with "new-improved" straight-line "cut" channels for improvement of water flows;
7. The conversion of at least one-half mile of existing recreational waterfront to industrial uses, including plans for a one thousand two hundred foot aviation fuel dock;
8. Damage to sailboating and to maritime commerce by the construction of a necessary third bridge crossing at approximately Northeast Fifty-Second Street in Portland, Oregon;
9. Drastic increases in industrial pollution;
10. The concentration of all boat moorages now spread over several miles of waterfront into a single large marina, costing vast sums of money; and
11. Undermining plans of the Washington State Parks Department which has the acquisition of Reed Island, near Camas, Washington, very high on its existing priority list, for recreational development.

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the State of Washington, That although we compliment the officials of the Port of Portland for their untiring efforts to improve the business and commercial climate of the Portland-Vancouver area, and for their candor and fairness in publicizing their proposed plans for expansion of the Metropolitan Airport System around the city of Portland, Oregon, we nevertheless urge the United States Army Corps of Engineers and the United States Department of the Interior:

1. To withhold approval of any plans for the development of the Portland International Airport into the Columbia River area, pending further hearings and studies;
2. To withhold the adoption of any interim or provisional measures which may involve the investment of substantial capital sums pending completion of such further hearings and studies;
3. To consider, among the topics of any further studies, all matters pertaining to hydrology of the Columbia River, and a determination of how best to salvage or to conserve the natural aesthetic and recreational environments slated potentially for destruction, according to Port of Portland plans;
4. To carefully review and consider all possibilities and all recreational and environmental needs of the Portland-Vancouver area before arriving at any final conclusions or adopting any final plans or measures; and
5. To consider and implement any suitable alternatives to the presently conceived plans for expansion of the Portland International Airport at the expense of the natural physical environment in the Columbia River area; and
FIFTY-EIGHTH DAY, MARCH 11, 1969

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted to the Honorable Richard M. Nixon, President of the United States, to the Honorable Walter Hickel, Secretary of the Interior, to the United States Army Corps of Engineers, and to each member of Congress from the State of Washington.

Representative Smythe moved adoption of the resolution.

REPORT OF CONFERENCE COMMITTEE

March 12, 1969.

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred SENATE BILL NO. 142, providing for seven member school boards in certain first class districts, have had the same under consideration, and we are unable to agree and ask for powers of Free Conference.

Signed by Senators Dore, Holman and Ridder.

Signed by Representatives Fleming, Whetzel and Hoggins.

MOTIONS

On motion of Mr. Bledsoe, the report of the Conference Committee on Senate Bill No. 142 was adopted and the committee was granted the powers of Free Conference.

On motion of Mr. Wolf, the House advanced to the ninth order of business.

SECOND READING

ENGROSSED SENATE BILL NO. 618, by Senators Holman, Uhlman, Williams, Ridder and Elicker:

Implementing laws relating to school district financing.

The bill was read the second time.

With consent of the House, the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 618 was placed on final passage.

Representative Clarke (George W.) spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Clarke (George W.) yielded to question by Mr. Richardson.

Mr. Richardson: "Under the present matching formula for local school districts, they are required to be bonded to capacity. Now if this bill passes, would they then be required to be bonded to capacity after this doubling of capacity?"

Mr. Clarke: "No, Representative Richardson, because the requirement for bonding is to the stated percentage of the assessed valuation, and this is in no way changed by this bill."

Mr. Clarke (George W.) yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative Clarke, for purposes of clarification as to just how this works, for instance, when Grant County collects the two mills for the state for public assistance, it amounts to four and eight-tenths mills or two and four-tenths times the assessed valuation. In Kittitas County, it amounts to five and two-tenths mills or about two and six-tenths times the assessed valuation. In some counties it amounts to almost three times the assessed valuation. For the purposes of this particular bill, will this have the same effect as when the state collects the two mills for public assistance in relation to the assessed valuation in the county?"

Mr. Clarke: "Yes, in my opinion it would, for this reason: The method of determining the actual value by court decision is twice the assessed value, so that in the implementation of this statute, the method of applying the percentage to the actual value would be to determine the actual value by doubling the assessed value."

Mr. Flanagan: "Representative Clarke, as I pointed out, for the purpose of collecting the two mills, it goes sometimes two and one-half times, and sometimes almost three times in relation to the assessed value for public assistance by the state. I was wondering if this works the same way."

Mr. Clarke: "No, I think you are talking about an entirely different situation. It is my understanding that the method for bonding purposes of determining the actual value is to double the assessed value. That is the present status of the court decision on it."

Absent or not voting: Representatives Gallagher, Heavey, Hubbard, Kuehnle—4.

Engrossed Senate Bill No. 87 as amended by the House, without the amendment to section 1, line 12, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

HOUSE BILL NO. 257, by Representatives O'Brien, Rosellini, Perry, Chatalas, Hurley, Bagnariol, Merrill, Ceccarelli, McCormick and Heavey:

Authorizing private school students to attend public schools on a part time basis.

Committee recommendation: Majority, do pass with the following amendments:

On page 2, section 2, following line 26 add a new subsection to read as follows, after changing the period after “schools” on line 26 to a semicolon:

“(d) ‘part time student’ shall mean and include any student enrolled in a course of instruction in a private or private sectarian school and taking courses at any public school not available in such private or private sectarian school and any student involved in any work training program and taking courses in any public school, which work training program is approved by the school board of the district in which such school is located.”

On page 2, section 2, line 28, after “ized and” and before “the part” strike “shall permit” and insert “may permit the enrollment of any part time students, including the part time enrollment of students involved in any work training program and desirous of taking courses within the district upon the school board’s approval of any such work training program”.

On page 3, section 2, line 5, after “time” and before “students” strike “private school”.

On page 3, section 2, line 8, after “attendance of” strike “private school” and insert “part time”.

On page 3, section 2, lines 12 and 13, after “part time” strike “private school”.

On page 4, section 4, following line 26 after changing the period thereon to a semicolon, add a new subsection to read as follows:

“(d) ‘part time student’ shall mean and include any student enrolled in a course of instruction in a private or private sectarian school and taking courses at any public school not available in such private or private sectarian school and any student involved in any work training program and taking courses in any public school, which work training program is approved by the school board of the district in which such school is located.”

On page 4, section 4, line 28, after “ized and” and before “the part” strike “shall permit” and insert “may permit the enrollment of any part time students, including the part time enrollment of students involved in any work training program and desirous of taking courses within the district upon the school board’s approval of any such work training program”.

The bill was read the second time.

On motion of Mr. Hoggins, the committee amendments were adopted.

Mr. Hoggins moved adoption of the following amendment:

On page 3, following section 2, add a new section to read as follows:

“NEW SECTION. Sec. 3. There is appropriated from the general fund to the permanent common school fund for the biennium beginning July 1, 1969, the sum of five hundred thousand dollars, or so much thereof as shall be necessary to carry out the provisions of this act.”

Renumber the remaining sections consecutively.

Representative Hoggins spoke in favor of adoption of the amendment.
FIFTY-NINTH DAY, MARCH 12, 1969

POINT OF INQUIRY

Mr. Hoggins yielded to question by Mr. Farr.

Mr. Farr: "May I ask Mr. Hoggins a question I was asked the other day? Why is this a floor amendment and not a committee amendment?"

Mr. Hoggins: "This is a floor amendment because the questions were raised after it came out of committee as to what amount we are talking about."

Mr. Hoggins spoke further in favor of adoption of the amendment.

POINT OF INQUIRY

Mrs. Lynch yielded to question by Mr. O'Brien.

Mr. O'Brien: "Would you like at this time to read the statement you showed me in the Yakima newspaper regarding the crisis in education that exists in that private school in Yakima?"

Mrs. Lynch: "I don't think it is necessary, Mr. O'Brien, to read the entire article, but I think many of you know that Yakima is faced today with the problem of what we are going to do with the closure of one of our Catholic high schools. They are now trying to raise seventy-eight thousand dollars to keep it open for the next year. It has been pointed out that if they do not raise this seventy-eight thousand dollars they will then have to go to the state for two hundred twenty-four thousand dollars, which will be on the basis of five hundred sixty students at four hundred dollars per student. This does not take into account at all what we will actually do with these people. I don't see how the two current high schools could possibly take care of this additional number of students. If this did happen, we would be faced with the fact of actually having to take over the school buildings."

POINT OF INQUIRY

Mr. Goldsworthy yielded to question by Mr. Bledsoe.

Mr. Bledsoe: "Mr. Goldsworthy, as we begin to discuss this bill and this amendment, or the bill even without the amendment, I sense there is a very definite fiscal impact with this measure either amended here on the floor or not amended. Is that not the case?"

Mr. Goldsworthy: "Mr. Bledsoe, this is a pretty broad bill and it is pretty hard to tie it down very closely. However I did check this out, as I suppose Mr. O'Brien and others have done also, with the Department of Public Instruction, concerning the fiscal impact. It's real tough, but with a broad ball park guess, they said at least three million dollars and up. That's as close as they could come with it, but it would be at least a three million dollar fiscal impact."

MOTION

Mr. Bledsoe moved that House Bill No. 257 be rereferred to the Committee on Appropriations.

Debate ensued, Representative Charette speaking against the motion, and Representative Goldsworthy speaking in favor of it.

Mr. King demanded an electric roll call and the demand was sustained.

Representatives O'Brien and Hoggins spoke against the motion to rerefer House Bill No. 257 to the Committee on Appropriations.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Farr.

Mr. Farr: "Mr. Charette, you used a phrase that I would like you to clarify further. You spoke of a 'new concept'—that this was a new concept of education. Could you enlarge on this?"

Mr. Charette: "Yes, Dr. Farr. I think one of the things we are talking about here is our responsibility to provide a total education for all of the children in the state. There are certain private and parochial schools in the state that would like to have their children go on a released-time basis to take certain subjects, and this would allow them to do this—to receive a total education. It is my understanding that there is going to be an amendment offered which would make this permissive on a pilot program basis."

Mr. Farr: "Mr. Charette, is this then, in a few words, the first step of public funds for private education, may I ask this question?"
Mr. Bledsoe: "Mr. Speaker, I hate to be an obstructionist, but we are talking about a motion, to rerefer, not a motion to open up a whole new Pandora's box."
The Speaker: "Your point is well taken."

Mr. Hoggins yielded to question by Mr. Flanagan.
Mr. Flanagan: "Representative Hoggins, I didn't exactly understand this five hundred thousand dollar appropriation. Is that set up as a separate appropriation, or is it supposed to be added to the general appropriation?"
Mr. Hoggins: "The amendment indicates that there will be appropriated from the general fund to the permanent common school fund a half million dollars for the biennium. The idea is to set a limit on this, and it specifies how this should be done."

Representative Flanagan spoke against the motion by Mr. Bledsoe.

Mr. Brouillet yielded to question by Mr. Kink.
Mr. Kink: "We have been discussing whether this is a new program or not. I would like to ask if this was brought up in the Interim Committee on Education, and if so, what they recommended. I think it is very important."
Mr. Brouillet: "This is somewhat of a new program, but it is not entirely new. We did look at it in the Interim Committee on Education. Actually this bill is basically one of our recommendations—that some funds be expended to test this idea out. When this was brought up in the Appropriations Committee I expressed some reservation to Mr. O'Brien that it was open-ended. I think many of us prevailed on him at that point to put a limit on it. Therefore, it wouldn't have to go to Appropriations Committee because it is a pilot program. It is one that we spent many hours looking at, and we talked with many people. We did recommend that it would be a good program for the future of the state of Washington."

Mr. Scott demanded the previous question and the demand was sustained.

The clerk called the roll on the motion by Mr. Bledsoe to rerefer House Bill No. 257 to Committee on Appropriations, and the motion was lost by the following vote: Yeas, 42; nays, 52; absent or not voting, 5.

Voting yea: Representatives Amen, Benitz, Berentson, Bledsoe, Clark (Newman H.), Conway, Copeland, Cunningham, Curtis, Evans, Farr, Garrett, Goldsworthy, Harris, Haussler, Hawley, Jastad, Jueling, Junin, Kirk, Kopet, Lynch, Mahaffey, Martinis, Mentor, Moon, Morrison, Murray, Newhouse, O'Dell, Pardini, Saliing, Schumaker, Scott, Shera, Spanton, Swayze, Veroiske, Wanamaker, Whetzel, Wolf, Mr. Speaker—42.

Absent or not voting: Representatives Adams, Anderson, Hatfield, Hubbard, Kuehnle—5.

Mr. Hoggins yielded to question by Mr. Chapin.
Mr. Chapin: "Mr. Hoggins, as I understand it, this bill without your amendment only changes the weighting formula. What will be the effect if we do not adopt your amendment? Won't it mean that they will just change the weighting formula, and it will apply to whatever amount of money ends up in the Bruno budget?"
Mr. Hoggins: "There are two parts here. One, it does not change the present weighting formula. What it says is if a student from a private or parochial school attends school for
one hour a day for 180 days, they get one-sixth of a weighted per pupil cost, reimbursed to the school district. It does not go to the private school—it goes to the school district to pay for the cost incurred. The second one is to limit the amount of money that is to be spent on this so that we have a control over it during the coming biennium.”

MOTION

Mr. Newhouse moved that further consideration of today’s second reading calendar be deferred, and the bills be placed on tomorrow’s second reading calendar.

Mr. King demanded an electric roll call and the demand was sustained.

The clerk called the roll on the motion by Mr. Newhouse to defer further consideration of today’s second reading calendar and placed the bills on tomorrow’s second reading calendar, and the motion was carried by the following vote: Yeas, 54; nays, 42; absent or not voting, 3.

SIGNED BY THE SPEAKER

Mr. Litchman: “Mr. Speaker, and ladies and gentlemen of the House: I have been offered condolences, along with Gary Grant, for losing the election in King County. He lost by two hundred votes, and I lost by three thousand votes. I appreciate very much the sympathy you people have given me on the floor of the House, but I haven’t conceded yet. Maybe Mr. Grant has, but the absentee ballots haven’t been counted up there in North King County. So thank you very much. Many of you, of course, appreciate the fact I haven’t won, hoping to continue your acquaintance with me as you have in the past. There are one or two, Mr. Kink. For those of you who have wished me well, I want to thank each and every one of you. I would have enjoyed, of course, working in the county, but I will continue to work with you in the legislature.” (Applause)

PERSONAL PRIVILEGE

Mr. Heavey: “Mr. Speaker, I’m not sure you are up there. I broke my glasses last night. I hear those mellow tones, however.
"I want to thank all those who have offered their congratulations to me in my close victory up in Seattle. I would have looked forward to working with Mark and Gary, but I think King County's loss is the state's gain in that they are staying here. I will, of course, be handing in my resignation and at that time I will probably make some farewell remarks, but I have enjoyed serving with you and look forward to serving with you in the special session. We'll all have a good time, I'm sure. Thanks very much for your congratulations." (Applause)

MOTION

On motion of Mr. Bledsoe, the House concurred in the first, third and fourth Senate amendments to Engrossed House Bill No. 433.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker stated the question before the House to be final passage of Engrossed House Bill No. 433 as amended by the Senate.
Representative Goldsworthy spoke in favor of passage of the bill.

PARLIAMENTARY INQUIRY

Mr. Bledsoe: “Mr. Speaker, would it be appropriate that we be at ease for a few minutes for the purpose of caucus?”
The Speaker: “I think it would be in order.”
The Speaker declared the House to be at ease.
The Speaker called the House to order.

PERSONAL PRIVILEGE

Mr. Goldsworthy: “Mr. Speaker, I want to correct what I said to the House regarding a conference committee on Engrossed House Bill No. 433. I checked the record and we had not asked for a conference committee, so I was very much in error, and I apologize to the House.”

MOTION

Mr. Bledsoe moved to rerefer Engrossed House Bill No. 433 to the Committee on Rules and Administration.

PARLIAMENTARY INQUIRY

Mr. Harris: “Mr. Speaker, does a motion that we concur in the position of the Senate take precedence over the motion just made?”
The Speaker: “We had completed action on the motion to concur with three of the Senate amendments and not concur with the fourth amendment. That motion passed the House. The question before the House at the time of the caucus was final passage of Engrossed House Bill No. 433 as amended by the Senate.”
Mr. Harris: “Mr. Speaker, if we concur in the action of the Senate, it would surely mean that we would hand the bill to the Senate in the amended condition. How can we come back here at this moment and destroy that which we have already done and shoot this bill into Rules?”
The Speaker: “I think this is a matter of procedure, Mr. Harris. This body can do as it sees fit. If it has adopted the Senate amendments and now has further thoughts on the matter, there is no reason in the world why the bill can’t be returned to the Rules Committee if the body so desires.”

POINT OF ORDER

Mr. O’Brien: “Mr. Speaker, it seems to me that there is more involved here than just rereferring this bill to the Committee on Rules and Administration. Reed’s Rules sets up the
motions relating to agreement and disagreement between the two houses. We have gone through this procedure, and now it seems to me the logical order is to allow the body to vote either 'aye' or 'nay' on final passage of the bill. This is standard procedure. There is nothing in the bill that changes the scope or object of the bill as amended. Therefore, I think it is entirely in order for the House to vote on final passage of the bill as amended. This motion to rerefer to committee would be out of order according to Reed's Rules and our own rules that set up definite procedures between the two bodies that should be followed out to the definitive degree.

The Speaker: "Mr. O'Brien, it would appear to me that the body has the right, after it has concurred in the Senate amendments or disagreed with them, as the case might be, to move the bill into a position where it can be reconsidered or where further consideration can be made. If we were to place the motion for final passage and the bill was defeated because of some disagreement among the members on the amendments adopted in the Senate, then the bill would not be before us and could not be brought before us. By moving it to Rules Committee, when our Rules Committee meets tomorrow morning, it can then be returned automatically to the Senate, and it will still be before us in the Special Session. It seems to me that we are giving the members of the House the opportunity to take another look at this measure. If we were to place the motion for final passage at this time and the bill is defeated, then we really have a problem."

Mr. King demanded an electric roll call and the demand was sustained.

Mr. Grant demanded a call of the House and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The clerk called the roll and all members were present except Representatives Anderson, Bozarth and Savage.

On motion of Mr. Bledsoe, the absent members were excused and the House proceeded with business under the call of the House.

The Speaker declared the question before the House to be the motion by Mr. Bledsoe to rerefer Engrossed House Bill No. 433 to the Committee on Rules and Administration.

POINT OF INQUIRY

Mr. Bledsoe yielded to question by Mr. Grant.

Mr. Grant: "Mr. Bledsoe, what is the purpose now of rerefering this bill to the Committee on Rules and Administration?"

Mr. Bledsoe: "Mr. Grant, as we consider the amendments and the implications of the amendments transmitted by the Senate, it is obvious that some things much beyond the scope and object of the bill as originally appeared to us for examination have occurred. We have an addition of five million dollars added to this bill by the Senate without any consideration by the Appropriations Committee of this House. We have had a change in the pay period, a reduction in the pay period of our obligations to the nursing homes from the five months, as we considered and debated it in this House, to a three-month period. There are also some implications that perhaps Mr. Wolf could address himself to, dealing with the change in disbursements of some federal funds which are also part of this program, that would be concluded at a prior period. What we have is a complete disassociation of the thing we tried to do. We tried in this body to make our word good to the nursing homes as we indicated in the 1967 session we would do, and then, if you remember, in the execution did not do. The implication of my motion which is before you to refer the bill to Rules Committee would do simply this, Mr. Grant: It would put this bill in our Rules Committee where it would sit through the waning hours of this session. It would then be retransmitted to the Senate in the earliest possible moments of the session tomorrow. It is a House bill going to the Senate for early action in the next session. Should the Senate decide to do as they have done with these amendments before you now, certainly at that point, somebody in this body (hopefully all of us) would have a chance to look, to consider, to weigh, and then to vote on this, after a period of some discussion and some deliberation. I think that trying to bring in a five million dollar change, a change in the pay period, a change in the adjustment of the federal period, is more than this body can get done here this afternoon, sir."

Mr. Grant: "Mr. Bledsoe, what does the five million dollar addition to this bill provide?"

Mr. Bledsoe: "The additional five million dollars would go into the area of public assistance to meet some further needs that have been explained and developed in the intervening period (showing how swiftly this meter runs) between our consideration of this bill and the Senate's consideration of the bill. Now I think it is very possible we will find these needs totally justified, and also the funds available to pay for them, for they come from the investment reserve fund. But, nevertheless, they are in and out of the general fund..."
and, Mr. Grant, it is possible, on a priority basis, that those funds could be as well or better allocated, or partially allocated, to schools, or something else. They are in and out of the general fund."

Mr. Sprague: "I think, Mr. Speaker, ladies and gentlemen of the House, that most of the Republicans will understand the nervousness which afflicts some of us on this side in respect to amendments of this nature, because of the on-again, off-again action that has been taken on several of the items. The five million dollars was explained by Sid Smith to the Appropriations Committee, and it comes from the newest compilation of the burden on the Welfare Department between now and June 30. The one hundred fifteen thousand dollars that has been listed in the Senate amendment for nonformulary drugs has been sought, I am sure, by many people who have communicated their views to you, and these are very moving and touching letters that we have all received. The Medical Society has joined in their demand that this be restored. The thirty-five thousand dollars for curtailment of elective surgery has also been inserted by the Senate, and this too has been asked for by those who are interested, the pediatricians and people of this sort. This is really what we are talking about. The five million dollars, as I understood it (which is the largest single item here) has been approved by the Governor, and I don't know what the problem is with this thing. We get awfully nervous when these things are put off, gentlemen."

The Speaker recognized Mr. Wolf.

Mr. Wolf: "Mr. Speaker, ladies and gentlemen of the House: We are not arguing about the one hundred fifteen thousand dollars. We are not arguing about the thirty-five thousand dollars. Speaking to Mr. Bledsoe's motion, let me point out exactly what has happened. The wisdom of this House agreed to build into the nursing homes, the vendors, five hundred thousand dollars. We said to Public Assistance, 'Let's pay it to them starting February 1. Let's raise the rates per day.' We figured out what it would take to pick up this payment from February 1 to July 1. It was five hundred eleven thousand dollars. They went over to the Senate, and they tried to save two hundred thousand dollars on nursing homes by taking that appropriation down to three hundred thousand dollars plus, and cutting the effective date down to April, May and June. We tried to do it for nursing homes for five months at a rate that we had established would be a current rate. We tried to solve the problem, as was mentioned before, in going back to something that didn't happen. Now the Senate in its wisdom, not wanting to go to conference and really straighten this out, thought the easy way was to recede from the amendment and put the two hundred thousand dollars back. It doesn't do the job. It puts the two hundred thousand dollars back. Now we have a half million dollars to spend for nursing homes, but we have only three months—April, May and June. Two things can happen: Number one, the director will spend the amount of money that we legislatively wanted him to do in raising the daily rates for nursing homes; or number two, with this language (and I'm sure you have all read it, it says 'as authorized by this section shall be used to provide vendor increases for nursing homes from April to July.'), he could take the half million dollars and balloon the payment per day to use up the money. Would you like to have nursing homes given twenty-one dollars per day for April, May and June, and then vote on a budget here that takes them back to March? I don't know what the Director would do. I talked to him on the phone while we were under the call of the House to see what his opinion would be, and he indicated his opinion would be that if the language is as it is stated, that he was to spend five hundred eleven thousand dollars of the ten million dollars for nursing homes the best way he knew how. I think between now and tomorrow morning at nine a.m., when this House reconvenes, that we should take the time to get this straight and to take our nursing homes back to the February 1 date, because that was the intent of this House when we passed it. If we pick up this deficiency from February 1, we do the best job. Mr. Bledsoe's motion will put this bill back into Rules. The Senate amendments will come off, and with your permission tomorrow we will return the bill to the Senate, and then we will be on our way to doing the job for the nursing homes. I hope you will support Mr. Bledsoe's motion."

POINT OF INQUIRY

Mr. Harris yielded to question by Mr. Grant.

Mr. Grant: "Mr. Harris, there seems to be a little problem with the third Senate amendment, on page 1, section 1, which strikes the effective date of February and inserts April. Do you consider this to be a real problem?"

Mr. Harris: "I can see why some people would have some apprehension about this because if you spend five hundred eleven thousand dollars over a period of three months, the payment per bed, of course, would be higher than if you spent it over a period of five months. This is true. But the nursing home people are never going to accept this as a permanent rate. The nursing home people were by this legislature two years ago, appropriated an increase. They didn't get it. All we are doing now is trying to pick up what Mr. Chatelas said was five of twelve pieces of bread. Now, what difference does it make if you pay it in three months or five months? Sure the rate goes up per month, but it is
something they had coming to them over the last biennium. I am sure the nursing home people would never consider the rate established by this rate of payment to be the permanent rate. I think the new rate for nursing homes beginning July 1 is going to be determined by this legislature and the Department of Public Assistance, and I feel it has no relationship. I think the sad thing about this whole matter is this, and it is sad, there was ten million dollars in this bill. No one can always have everything he wants, or always get that which he expects. Now we have some people unhappy because there is one hundred fifteen thousand dollars in here for nonformulary drugs, but the total bill carries ten million dollars. So we don't get everything we want, or we get a little more than we expected to get. You just can't always have things just exactly the way you want them. It seems to me we have been long delayed in taking care of these people, and I think we should do it as of now."

The Speaker recognized Mr. Moon.

Mr. Moon: "Mr. Speaker, ladies and gentlemen of the House, I rise to speak against the motion by Mr. Bledsoe to rerefer this bill back to the Rules Committee. I think we should now vote on this and decide whether we want to accept these amendments. If you think they are bad amendments, vote against them. But let's not turn it back to the Rules Committee. If we defeat the bill by voting these amendments down, then I think that we still have the opportunity to introduce a new bill tomorrow and let it go through our regular committee system and thoroughly study this problem. I think to put it back into Rules and turn it back to second reading without giving an opportunity for full consideration of the committee is the wrong approach. I think we should either take a look at it, vote for it, or vote it down, and start all over again if you think it's bad."

Mr. King demanded the previous question and the demand was sustained.

The Speaker declared the question before the House to be the motion by Mr. Bledsoe to rerefer Engrossed House Bill No. 433 to the Committee on Rules and Administration.

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE,
THE SENATE AND THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON:

In compliance with the provisions of Section 11 of Article III of the Constitution of the State of Washington, I have the honor to submit herewith my report of each case of reprieve, commutation or pardon which I have granted since the adjournment of the 1967 Extraordinary Session of the Legislature.

Joseph Maish was sentenced April 7, 1947, from Clark County to be executed for the crime of First Degree Murder. On January 8, 1948, his sentence was commuted to Imprisonment for Life by Governor Mon C. Wallgren. Upon the recommendation of the Warden of the Washington State Penitentiary and the Board of Prison Terms and Paroles, on January 12, 1968, I authorized the parole of Joseph Maish subject to the complete control, supervision and authority of the Board of Prison Terms and Paroles.

John William Hawkins was sentenced June 28, 1966, from Clark County to be executed for the crime of Murder in the First Degree. On March 21, 1968, I granted a reprieve to John William Hawkins until April 30, 1969, to allow him an adequate opportunity to pursue further legal remedies, to await decision of the Washington Supreme Court and the United States Supreme Court on the constitutionality of the death penalty and to allow an opportunity to the 1969 Legislature to consider whether the statutory authority for the death penalty should be repealed.

Respectfully submitted,

DANIEL J. EVANS
Governor.
