*NEW SECTION.* Sec. 7. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.72 RCW a new section to read as follows:

There is hereby established, under the authority of the superintendent of public instruction, an educational mediation, conciliation, and fact-finding service, hereinafter in this 1971 amendatory act referred to as the service. The service shall be under the direction of a Washington state education conciliation director, hereinafter in this 1971 amendatory act referred to as the director, who shall have had substantial experience in the field of fact-finding, conciliation, and mediation of disputes involving employee relations, and who shall be appointed by the superintendent of public instruction and shall be exempt from the provisions of chapter 41.06 RCW, the state civil service law. The director shall appoint the staff for the service, subject to the approval of the superintendent of public instruction.

The state board of education is empowered and directed to adopt, with the advice of the superintendent of public instruction and the director, rules and regulations necessary for the administration of sections 7 and 8 of this 1971 amendatory act, the same to be in conformity with such sections' intent and purpose.

*NEW SECTION.* Sec. 8. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.72 RCW a new section to read as follows:

If agreement is not reached between the board of directors of a school district and an employee organization on any matter to which the employee organization has negotiating rights, either party to the negotiations, forty-eight hours after serving written notice of its intended action to the other party, may request that the director appoint either a fact-finder or mediator to assist in the resolution of the disagreement. The director shall forthwith appoint a fact-finder or mediator, as requested, to enter the negotiations process in that school district. In the case of conflicting requests, the director shall decide whether a fact-finder or mediator shall be appointed.

If a fact-finder is appointed, the parties shall furnish all information and documents relevant to the negotiations dispute requested by the fact-finder and shall attend as requested all hearings scheduled by him. Any party refusing to produce any such information or documents, unless privileged, or to attend such hearings as requested shall be deemed to be in bad faith. Neither party shall be bound in their subsequent negotiations by the findings of the fact-finder respecting the facts or law related to the dispute.

If a mediator is appointed, any party to negotiations which fails to attend, after reasonable notice, the first meeting scheduled by a mediator appointed under this section shall be deemed to be in bad faith. The meaning of the term 'bad faith' is not limited to the definitions contained herein. Any party held or deemed to be in bad faith in negotiations shall be subject to judicial process by the other party for which the court may grant such injunctive or other relief as the court deems appropriate.

From the time of the written notice of intent to invoke the procedures of this section until seventy-two hours after the receipt by both parties of the written decision of the fact-finder or until five days after the first conference of the mediator with both parties, neither party shall take any action adverse to the position of the other party or its members.

*NEW SECTION.* Sec. 9. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.72 RCW a new section to read as follows:

After exhausting the procedures provided in section 7 of this 1971 amendatory act, both parties to the negotiations, through mutual consent and by written agreement, may request the director of the service to appoint, and the director shall appoint, an arbitrator to any dispute arising from employee-employer negotiations in school districts. The costs of such arbitrator shall be paid by the parties as provided in the arbitration agreement.

*NEW SECTION.* Sec. 10. Section 28A.72.060, chapter 223, Laws of 1969 ex. sess. as amended by section 3, chapter 52, Laws of 1969 ex. sess. and RCW 28A.72.060; and section 28A.72.040, chapter 223, Laws of 1969 ex. sess. and RCW 28A.72.040 are each hereby repealed.

*NEW SECTION.* Sec. 11. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

Renumber the remaining sections consecutively.

Representatives Randall, Newhouse and Polk spoke in favor of the amendment, and Representatives King and Brouillet spoke against it.

#### PERSONAL PRIVILEGE

Mr. Newhouse: "I think some inaccurate and incomplete information has been passed around here. House Bill No. 1094 went through this House with the assurance that it was an agreed bill. I don't think you can dispute that. It went over to the Senate and WEA representatives did not uphold their part of the bargain and defeated the bill in the Senate and asked for amendments to the bill, which disturbs me very much. In addition to a changed version of House Bill No. 1094 being added to the bill which was mentioned, there is also House Bill No. 51—a professional practices act—added, according to my information. I think the complete information should be brought before this House, Mr. Brouillet."

#### PERSONAL PRIVILEGE

Mr. Brouillet: "I am sorry if Mr. Newhouse thinks I have impugned his motives. I was speaking about the Senate and not any House members."

The amendment by Representatives Randall and Polk was adopted.

On page 1, line 24, following section 1, add a new section as follows:

HOUSE BILL NO. 463, providing for annual general elections and prorating costs thereof between state and governmental subdivisions, reported by Committee on Elections and Apportionment.

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert:

"Section 1. Section 29.13.010, chapter 9, Laws of 1965 as amended by section 2, chapter 123, Laws of 1965 and RCW 29.13.010 are each amended to read as follows:

All state, county, city, town, and district general elections for the election of federal, state, legislative, judicial, county, city, town, district and precinct officers, and for the submission to the voters of the state of any measure for their adoption and approval or rejection, shall be held on the first Tuesday after the first Monday of November, in the year in which they may be called. *A state-wide general election shall be held on the first Tuesday after the first Monday of November of each year: PROVIDED, That the state-wide general election held in odd-numbered years shall be limited to (1) the election of city, town and district officers as provided for in RCW 29.13.020, or as otherwise provided by law; (2) the election of state officers for the remainder of any unexpired terms as provided for in Article II, section 15, Article III, section 10, and Article IV, sections 3 and 5 of the state Constitution; (3) the election of county officers in any county governed by a charter containing provisions calling for general county elections at this time; and (4) the approval or rejection of state measures, including proposed constitutional amendments, matters pertaining to any proposed constitutional convention, initiative measures and referendum measures proposed by the electorate, referendum bills, and any other matter provided by the legislature for submission to the electorate: PROVIDED FURTHER, That this section shall not be construed as fixing the time for holding primary elections, or elections for the recall of county, city, town, or district officers; nor special elections to fill vacancies in any state office, or in the membership of either branch of the congress of the United States: PROVIDED [FURTHER], That the board of county commissioners may, if they deem an emergency to exist, call a special county election at any time by presenting a resolution to the county auditor at least forty-five days prior to the proposed election date. Such county special election shall be noticed and conducted in the manner provided by law. Those sections of this act that apply to initiatives to the people shall not be effective until January 1, 1973.*

Sec. 2. Section 29.39.030, chapter 9, Laws of 1965 as amended by section 5, chapter 109, Laws of 1967 ex. sess. and RCW 29.39.030 are each amended to read as follows:

'Election' used alone means a general election except where the context indicates that a special election is meant or included. 'Election' used without qualification never means a primary. ['Election' does not include a municipal election.]

The term 'election' means the [state] general elections held on the first Tuesday following the first Monday in November of [the even-numbered and the odd-numbered years: PROVIDED, HOWEVER, That the absentee ballots for service voters of such odd-numbered year election shall be restricted to state measures being submitted for approval or rejection] each year.

*The purpose of this section is to authorize absentee voters qualifying as service voters as defined by RCW 29.39.010, as now exists or hereafter amended, to cast the same ballots, including those for special elections, as any registered voter would receive under the provisions of RCW 29.36.030 for any September primary or November general election.*

Whenever state measures are voted upon at a state general election held in November of an odd-numbered year as provided for in section 1 of this 1971 amendatory act, the state of Washington shall assume its prorated share of such election costs. The county auditor shall apportion the state's share of such expenses when prorating election costs as provided under RCW 29.04.020 and 29.13.045 and shall file such expense claims with the state auditor. The state auditor shall compile such claims for presentation to the next succeeding legislature in the same manner as other legislative relief claims.

**NEW SECTION.** Sec. 4. There is added to chapter 9, Laws of 1965 and to chapter 29.13 RCW a new section to read as follows:

Whenever it shall be necessary to hold a special election to fill an unexpired term of any elective state office, elective county office, or elective public utility district office, such special election shall be held in concert with the general election being held on the first Tuesday after the first Monday of November in the next succeeding even-numbered year: PROVIDED, HOWEVER, That nothing contained herein shall apply to counties governed by a home rule charter.

Whenever it shall be necessary to hold a special election to fill an unexpired term of any elective city or town office, and any elective district office (except public utility district offices and those district offices wherein ownership of property is a prerequisite to voting) such special election shall be held in concert with the general election being held on the first Tuesday after the first Monday of November in the next succeeding odd-numbered year.

**NEW SECTION.** Sec. 5. To carry out the provisions of this 1971 amendatory act there is appropriated to the secretary of state from the general fund for the biennium ending June 30, 1973, the sum of two thousand dollars, or so much thereof as shall be necessary."

Strike the title and insert:

(a) recommending, making, furnishing or filing rates or information used in rate determination; or by

(b) advising about rate questions, except as an attorney giving legal advice.

(3) 'Market segment' means any grouping or subgrouping of risks separately defined or classed as to loss or expense probability for the purpose of rating with respect to any line or kind of insurance.

**NEW SECTION.** Sec. 19. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

The commissioner may by rule exempt any market segment from any or all of the provisions of section 22 of this act, if and to the extent that he finds their application unnecessary to achieve the purposes of this chapter.

**NEW SECTION.** Sec. 20. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

Rates shall not be excessive, inadequate, or unfairly discriminatory, nor shall any insurer charge any rate which, if continued, will have or tend to have the effect of destroying competition or creating a monopoly.

(1) No rate shall be held to be excessive unless:

(a) Such rate is unreasonably high for the insurance provided; and

(b) A reasonable degree of competition does not exist in the area with respect to the classification to which such rate is applicable.

(2) No rate shall be held to be inadequate unless:

(a) Such rate is unreasonably low for the insurance provided; and

(b) Continued use of such rate endangers the solvency of the insurer; or unless

(c) Such rate is unreasonably low for the insurance provided and the use of such rate by the insurer has, or if continued will have, the effect of destroying competition or creating a monopoly.

**NEW SECTION.** Sec. 21. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

In determining whether rates comply with the requirements of this chapter, due consideration shall be given to past and prospective loss and expense experience within and outside of this state, to catastrophe hazards and contingencies, to trends within and outside of this state, to loadings for leveling premium rates overtime or for dividends or savings to be allowed or returned by insurers to their policyholders, members or subscribers, and to all other relevant factors, including the judgment of technical personnel.

Risks may be classified or divided into market segments in any reasonable way for the establishment of rates and minimum premiums, except that classifications may not be based on race, color, creed or national origin. Rates thus produced may be modified for individual risks in accordance with rating plans or schedules which establish reasonable standards for measuring probable variations in hazards, expenses, or both.

The expense provisions included in the rates to be used by an insurer may reflect the operating methods of the insurer and, so far as it is credible, its own expense experience.

The rates may contain an allowance permitting a profit that is not unreasonable in relation to the loss probability of the class of business.

**NEW SECTION.** Sec. 22. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

Every authorized insurer and every rating organization licensed under RCW 48.19.180 which has been designated by any insurer for the filing of rates on its behalf shall file with the commissioner all rate determination data and all changes and amendments thereof made by it for use in this state and each filing shall become effective immediately on date specified thereon, but not earlier than the date such filing is received by the commissioner. In the event the commissioner requests it, there shall also be filed after demand, statistical and other supporting data showing that the filing meets the requirements of this chapter. If the commissioner determines, after hearing, that any filing does not so comply, he shall order that the same be disapproved and it may not thereafter be used. At such hearing or any appeal therefrom the burden of establishing the validity of a filing shall be upon the filer. All premiums charged by an insurer shall be in accordance with its rate filings.

**NEW SECTION.** Sec. 23. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

Each filing and any supporting information filed under this chapter shall, as soon as filed, be open to public inspection at any reasonable time. Copies may be obtained by any person on request and upon payment of a reasonable charge therefor.

**NEW SECTION.** Sec. 24. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

Any insurer which is a subscriber or member of a rating organization may designate such rating organization to make rate filings on its behalf. The insurer shall have the complete power of determination as to filings to be made on its behalf and the rating

organization shall act simply as a filing agent. The filings designated by an insurer may coincide with the filings made by the rating organization on behalf of other subscribers or members or they may vary therefrom in any respect requested by the insurer. In making any filing of rates or rate determination data or any amendments thereto, a rating organization shall specifically designate the subscriber or member insurers on whose behalf such filing is made.

**NEW SECTION.** Sec. 25. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

If as to any kind, class or market segment of insurance the commissioner finds, after a hearing, that competition does not exist as a result of which the rates are excessive or that a substantial number of companies are competing irresponsibly as a result of which rates are inadequate, or that there are widespread violations of this chapter, he may promulgate a rule requiring that in such kind, class, or market segment any subsequent changes in the rates or rate determination data be filed with him at least fifteen days before they become effective. He may extend the waiting period to not exceed fifteen additional days by written notice to the filer before the first fifteen day period expires. Changes in rates or rate determination data may become effective at the expiration of such fifteen day period or extended period as the case may be, unless the commissioner within such period or extended period has given written notice to the filer of his intention to disapprove the change. Within fifteen days after the date of such notice the commissioner shall hold a hearing notice of the time and place of which shall have been given the filer at least ten days in advance, to determine whether the change would result in a rate or rates which do not comply with the requirements and standards of this chapter. The commissioner shall render his decision within fifteen days after the close of such hearing. If the decision is to disapprove the change as proposed by the filer, the commissioner in the decision may grant approval to some other change found by the commissioner to be consistent with the requirements and standards of this chapter. In any such hearing the filer shall have the burden of supporting and justifying the change proposed. The time periods specified herein are for the benefit of the filer and may be waived by him. A rule promulgated under this section shall expire no more than one year after issue but the commissioner may renew it after a hearing and appropriate findings to the effect that such renewal is warranted.

**NEW SECTION.** Sec. 26. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

If the commissioner finds, after a hearing, that any rate or rate determination data on file does not meet the requirements of this chapter, he shall order that its use be discontinued for any policy issued or renewed after a date specified in the order, which date shall not be prior to the date of the issuance of the order. For a period of one year after the effective date of such order, no rate promulgated to replace a disapproved one may be used until it has been filed with the commissioner and not disapproved within thirty days thereafter. Whenever an insurer has no legally effective rates as a result of the commissioner's disapproval of rates or other acts, the commissioner shall, on request, specify interim rates for the insurer that are sufficient to protect the interests of all parties and may order that a specified portion of the premiums be placed in an escrow account approved by him. When new rates become legally effective, the commissioner shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds to policyholders that are de minimis shall not be required.

**NEW SECTION.** Sec. 27. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

The commissioner may, by order, require that a particular insurer file any or all of its rates and supplementary rate information fifteen days prior to their effective date, if and to the extent that he finds, after a hearing, that protection of the interests of its insureds and the public in this state require closer supervision of its rates because of the insurer's financial condition.

Sec. 28. Section 19.37, chapter 79, Laws of 1947, and RCW 48.19.370, are each amended to read as follows:

(1) The commissioner shall promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems on file with him, which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss and country-wide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid him in determining whether rating systems comply with the standards set forth in [RCW 48.19.020 and 48.19.030] *this chapter*. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this state and are not susceptible of determination by a prorating of country-wide expense experience.

(2) In promulgating such rules and plans, the commissioner shall give due consideration to the rating systems on file with him and, in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states.

(3) No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system filed by it.

(4) The commissioner may designate one or more rating organizations or other agencies to assist him in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the commissioner, to insurers and rating organizations.

(5) Reasonable rules and plans may be promulgated by the commissioner for the interchange of data necessary for the application of rating plans.

Absent or not voting: Representative Bozarth-1.

Engrossed Senate Bill No. 928 was referred to the Committee on Elections and Apportionment.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

#### SECOND READING

HOUSE BILL NO. 463, by Representatives Brown, Kilbury and Kiskaddon (by Executive request and by Secretary of State request):

Providing for annual general elections and prorating costs thereof between state and governmental subdivisions.

Committee recommendation: Majority, do pass as amended.

(For Committee Amendments see Reports of Standing Committees, today's Journal.)  
The bill was read the second time.

Mr. Brown moved adoption of the committee amendment.

Mr. Brown spoke in favor of the committee amendment.

#### POINT OF INQUIRY

Mr. Brown yielded to question by Mr. Bottiger.

Mr. Bottiger: "Representative Brown, I understand that there is a provision in this bill limiting the kind of matters that might be considered on this first annual election."

Mr. Brown: "Yes, that is correct, Mr. Bottiger. On page 2, there is a sentence that says this act would not apply to initiatives to the people until 1973."

Mr. Bottiger: "Could you explain the reason for that, Mr. Brown?"

Mr. Brown: "I think the very logical reason for it is (let me put it this way) by the time this bill is passed and signed into law, there is only going to be a period of about three or four weeks available to file initiatives. It was felt this would prevent any pressure on the secretary of state's office to get this out needlessly."

Mr. Bottiger: "I understand there is an emergency clause on the bill, so it would become effective as soon as the Governor signs it."

Mr. Brown: "I don't think there is an emergency clause."

Mr. Bottiger: "Did you take it off in the committee amendment?"

Mr. Brown: "Yes."

#### POINT OF INQUIRY

Mr. Brown yielded to question by Mr. Haussler.

Mr. Haussler: "What will this cost the state of Washington for the rest of the biennium in lost revenues if it is passed?"

Mr. Brown: "Mr. Haussler, I think you would have to check with one of our appropriations people. I don't have the answer."

Mr. Haussler: "I can tell you—it is about 27 million dollars."

Mr. Charette moved adoption of the following amendment to the committee amendment:

On page 2, section 1, line 11 strike "*Those sections of this act that apply to initiatives to the people shall not be effective until January 1, 1973.*"

Mr. Charette spoke in favor of the amendment to the committee amendment, and Mr. Brown spoke against it.

#### POINT OF INQUIRY

Mr. Sawyer: "Would Mr. Brown yield to another question?"

Mr. Brown declined to yield to question.

Mr. Sawyer: "Then I would like to have someone else answer this question because I was a little confused in Mr. Brown's remarks. Is this a distinction between those initiatives that are yet to be filed and those initiatives that were sent to the legislature but the legislature didn't act? I don't know where there would be such a distinction, but from your remarks, Mr. Brown, I couldn't tell. This was the question I was interested in for clarification."

Mr. Brown: "Yes, I will yield to that question. This makes it very explicit that it doesn't affect any initiative filed prior to the date of this act. And it does not affect initiatives to the legislature. It affects only one thing—initiatives to the people, which would have to be filed and they cannot be filed this year until this bill is signed into law and becomes effective. There would be no time left to get signatures. We would be kidding the people, and we want to make sure they understand this."

The amendment by Mr. Charette to the committee amendment was not adopted.

On motion of Mr. Spanton, the following amendment to the committee amendment was adopted:

On page 4, line 2 of the committee amendment after "of" strike "two" and insert "seven"

The Speaker stated the question before the House to be the committee amendment as amended.

The amended committee amendment was adopted on a rising vote.

Mr. Spanton moved adoption of the following amendment:

On page 3, following section 4, add a new section as follows:

"**NEW SECTION.** Sec. 5. In addition to the material authorized by chapter 29.81 RCW, the secretary of state shall publish in the voters' pamphlet, comparative maps, each occupying a single page and relating to initiative measure number forty-three regulating shoreline use and development, together with appropriate captions and other explanatory materials showing:

(1) The enumeration and location of shorelands which would be subject to federal, state and local regulation as a result of the approval by the voters of initiative measure number forty-three;

(2) The enumeration and location of shorelands which would be subject to federal, state, and local regulation of substantially the same type or effect as that authorized by initiative measure number forty-three, if the voters were to approve instead of initiative measure number forty-three any other measure or measures on the subject of shorelines before them at the same election; and

(3) The enumeration and location of shorelands already under federal and state ownership or federal and state regulation of substantially the same type or effect as that authorized by initiative measure number forty-three, as of the date of publication of the voters' pamphlet."

Renumber the remaining sections consecutively.

Representatives Spanton and Bledsoe spoke in favor of the amendment, and Representatives Julin, Jueling, Charnley and Zimmerman spoke against it.

This invocation of the police power is prompted by and based upon prior experience with outdoor music festivals where the enforcement of the existing laws and regulations on dangerous and narcotic drugs, indecent exposure, intoxicating liquor, and sanitation has been rendered most difficult by the flagrant violations thereof by a large number of festival patrons.

**NEW SECTION.** Sec. 18. All ordinances, regulations, and requirements promulgated by counties, cities and other political subdivisions of the state of Washington, insofar as they may now or hereafter provide for the regulation of outdoor music festivals, are hereby superseded by this act.

**NEW SECTION.** Sec. 19. For the purposes of this act the following words and phrases shall have the indicated meanings:

(1) 'Outdoor music festival' or 'music festival' or 'festival' means an assembly of persons gathered primarily for outdoor, live or recorded musical entertainment, where the predicted attendance is two thousand persons or more and where the duration of the program is five hours or longer: PROVIDED, That this definition shall not be applied to any regularly established permanent place of worship, stadium, athletic field, arena, auditorium, coliseum, or other similar permanently established places of assembly for assemblies which do not exceed by more than two hundred fifty people the maximum seating capacity of the structure where the assembly is held: PROVIDED, FURTHER, That this definition shall not apply to government sponsored fairs held on regularly established fairgrounds nor to assemblies required to be licensed under other laws or regulations of the state.

An applicant may not use any other procedure to obtain judicial review of a denial.

**NEW SECTION.** Sec. 23. Any local agency requested by an applicant to give written approval as required by section 5 of this act may within fifteen days after the applicant has filed his application apply to the issuing authority for reimbursement of expenses reasonably incurred in reviewing such request. The bond or other deposit shall be returned to the promoter when the issuing authority is satisfied that no claims for damage or loss will be made against said bond or deposit, or that the loss or damage claimed is less than the amount of the deposit, in which case the uncommitted balance thereof shall be returned: PROVIDED, That the bond or cash deposit or the uncommitted portion thereof shall be returned not later than thirty days after the last day of the festival.

In addition, the promoter shall be required to furnish evidence that he has in full force and effect a liability insurance policy in an amount of not less than one hundred thousand dollars bodily injury coverage per person covering any bodily injury negligently caused by any officer or employee of the festival while acting in the performance of his or her duties. #### POINT OF INQUIRY

Mr. Cunningham yielded to question by Mr. Grant.

Mr. Grant: "I haven't found your substitute amendment on my desk. Would you tell me the substance of the initial amendment and then the substitute amendment?"

Mr. Cunningham: "The reason we are not adopting this amendment is that we are not sure of the legal effects of this amendment because some vessels are exempt. In discussions with all persons involved with this problem—the pilots and everyone involved with this—we discovered that many vessels carry two licensed pilots on their vessels, and it is usually the master of the ship and the mate. Those, we feel, would be adequately protected in guiding the ships in Puget Sound. We are not sure how many do this. The essence of the amendment we are offering as a substitute amendment is that the Washington Pilotage Commission will develop rules and regulations for taking care of this problem while they are making a study to come back and submit to the next session of the Washington state legislature, which will probably be in 1972. We feel that a study is necessary in this area, and we also feel that the commission will be sure that the vessels coming in and out of Puget Sound will be under adequate pilotage in the meantime. This is the reason we are offering this substitute amendment."

The motion by Mr. Bluechel was carried, and the second committee amendment was not adopted.

On motion of Mr. Bluechel, the committee amendment striking section 4 was adopted.

On motion of Mr. Cunningham, the following amendment was adopted:

On page 2, section 2, line 8 of both the printed and engrossed bills, after the period, strike all of the matter down to and including "this chapter" on line 13 and insert the following: "*Every vessel [not so exempt,] not having two pilots holding current licenses issued by the United States Coast Guard on board shall, while entering and navigating into Puget Sound and adjacent inland waters, Grays Harbor and Willapa Bay, [employ a pilot licensed under the provisions of this chapter and shall be liable for any pay pilotage rates in accordance with the pilotage rates herein established or which may hereafter be established under the provisions of this chapter] be subject to rules and regulations promulgated by the Washington Pilotage Commission insofar as such rules and regulations may require such vessel to employ a pilot licensed under the provisions of this chapter: PROVIDED, That the Washington Pilotage Commission, immediately after the effective date of this act, shall conduct a study of the need to require employment of pilots licensed under the provisions of this chapter on all vessels entering into Puget Sound and adjacent inland waters, together with an assessment of the legality and feasibility of such requirement. The commission shall report the results of such study together with recommended legislative action to the next session of the legislature.*"

On motion of Mr. Cunningham, the following amendment was adopted:

On page 3, after section 4 insert the following new section:

"*NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health and safety, and support of the state government and its existing public institutions, and shall take effect immediately.*"

#### POINT OF INQUIRY

Mr. Bledsoe: “Mr. Speaker, I have been asked by members of the body what our work schedule is proposed to be for the balance of this day and for this weekend. Would you be good enough to give the members your views?”

The Speaker: “We have been working at quite a heavy pace. It was my hope that we would have been much farther along with today's business, concluding the consent calendar and the third reading calendar before this day was out. The propensity of you folks to amend and read and perfect legislation and to speak thereon has slowed us down significantly. I sense that most of the members of this body are extremely tired. We have a very important day coming up tomorrow. When we finish House Bill No. 776, it is my intention that we commence cleaning up the many, many bills which are in dispute between the two houses. This will take considerable time. The list has now grown to six pages and will continue to grow unless we take care of some of them. Hopefully we will finish that task by approximately 6:00 p.m. It would then be my desire that we adjourn until 2:00 p.m. tomorrow and run until about the same time in the early evening Sunday. We would then start very early in the morning Monday to wrap up the final business of this legislative session.”

HOUSE BILL NO. 776, by Representatives Kiskaddon, Blair, Ross, Maxie and Kraabel (by Executive request):

Extending sales and use tax to motor vehicle fuel.

The bill was read the second time.

The Clerk read an amendment by Representatives Kopet, Perry, Smythe and Kraabel adding new sections to page 12.

#### POINT OF ORDER

Mr. Kopet: “I believe there is an amendment on the desk that is numbered ahead of this which is also a floor amendment.”

The Speaker: “No, that is not correct.”

## POINT OF ORDER

Mr. Kiskaddon: "My point of order is that I do have an amendment on the desk that was going to strike the first part of the bill and replace it with another one. Could this be considered after Mr. Kopet's amendment then?"

The Speaker: "Your amendment strikes all material after the enacting clause and inserts the entire bill. The body has the right to perfect the measure before you strike it and reenact. However, if the other sponsors of amendments adding new sections to the original bill consent, and with the consent of the House, we can take your floor amendment first, but it would have to be done by consent of the body. Do you have any objection, Mr. Kopet?"

Mr. Kopet: "You have my consent."

With the consent of the House, Mr. Kiskaddon's amendment to House Bill No. 776 was considered first.

Mr. Kiskaddon moved adoption of the following amendment:

Strike all material after the enacting clause and insert the following:

state shall receive its proportional share of such revenue based on the proportional relationship between counties as established by the distribution of revenue in accordance with RCW 46.68.100.

(3) One-quarter of one cent shall be distributed to cities. Each city in this state shall receive its proportional share of such revenue based on the proportional relationship between cities as established by the distribution of revenue in accordance with RCW 46.68.100.

[(2)] (4) Five-eighths of one cent shall be distributed to the state and expended pursuant to RCW 46.68.150.

Any revision in the allocation pursuant to subsection (1) of section 3 of this 1971 amendatory act shall be increased to the extent necessary to prevent any such impairment."

Renumber remaining sections consecutively.

Mr. Kopet spoke in favor of adoption of the amendment to the amendment.

#### POINT OF INQUIRY

Mr. Kopet yielded to question by Mr. Luders.

Mr. Luders: "Mr. Kopet, I have on my desk here a chart which totals out a whole series of losses to both cities and counties. If your amendment is hung on this, will this be substantially reduced—the net loss?"

Mr. Kopet: "Thank you for bringing it up. It is a point I failed to mention. Of the remaining five and one-quarter cents of gas tax (state gas taxes levied) one cent of that is dedicated for division between the cities and the counties. The counties would get three-quarters of this one penny, and the cities one-quarter. So if my calculations are correct, about \$22 million is about what this would take away—the original amendment would take away about \$22 million which is available for division to the counties on a proportionate share according to the population."

Representative Perry spoke in favor of adoption of the amendment, and Representatives Berentson, Mentor and Beck spoke against it.

HOUSE CONCURRENT RESOLUTION NO. 42, by Representatives Berentson, Bledsoe, Wolf, Martinis, Charette, Perry and Marsh:

#### POINT OF INQUIRY

Mr. Berentson yielded to question by Mr. Ross.

Mr. Ross: "Is it part of the intent of the concurrent resolution for the Highway Department to begin to enforce affirmative action programs involving the federal highway dollars?"

Mr. Berentson: "I don't know if I really follow your line of reasoning, Representative Ross. The intent basically is to gather all the district engineers, put them together, and decide what we can possibly do now to get these projects under way without being absolutely tied to the concept of priority programming as they have developed it over the years. It is an attempt to do as much now as possible."

Mr. Ross: "Does the priority program involve carrying out the intent of federal law involving affirmative action in employment programs for minorities? Does the Highway Department intend to vigorously pursue that?"

Mr. Berentson: "I am sure it does, in the fact that the moneys are appropriated under normal channels including federal dollars."

Representative Douthwaite spoke against House Concurrent Resolution No. 42, and Representative Bradley spoke in favor of it.

### ARTICLE III

#### REGULATION OF MANUFACTURE, DISTRIBUTION AND DISPENSING OF CONTROLLED SUBSTANCES

*NEW SECTION.* Sec. 69.50.301. Rules. The state board of pharmacy may promulgate rules and charge reasonable fees of not less than ten dollars or more than fifty dollars relating to the registration and control of the manufacture, distribution, and dispensing of controlled substances within this state.

*NEW SECTION.* Sec. 69.50.302. Registration Requirements. (a) Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled

substance within this state, must obtain annually a registration issued by the state board of pharmacy in accordance with its rules.

(b) Persons registered by the board under this act to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of this Article.

(c) The following persons need not register and may lawfully possess controlled substances under this act:

(1) an agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if he is acting in the usual course of his business or employment: PROVIDED, That this exemption shall not include any agent or employee distributing sample controlled substances to practitioners without an order;

(2) a common or contract carrier or warehouseman, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment;

(3) an ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in lawful possession of a Schedule V substance.

(d) The board may waive by rule the requirement for registration of certain manufacturers, distributors, or dispensers if it finds it consistent with the public health and safety: PROVIDED, That personal practitioners licensed or registered in the state of Washington under the respective professional licensing acts shall not be required to be registered under this act unless the specific exemption is denied pursuant to section 69.50.305 for violation of any provisions of this act.

(e) A separate registration is required at each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.

(f) The board may inspect the establishment of a registrant or applicant for registration in accordance with the board's rule.

**NEW SECTION. Sec. 69.50.303. Registration.** (a) The state board of pharmacy shall register an applicant to manufacture or distribute controlled substances included in sections 69.50.204, 69.50.206, 69.50.208, 69.50.210, and 69.50.212 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider the following factors:

(1) maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;

(2) compliance with applicable state and local law;

(3) any convictions of the applicant under any federal and state laws relating to any controlled substance;

(4) past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion;

(5) furnishing by the applicant of false or fraudulent material in any application filed under this act;

(6) suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

(7) any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under section 69.50.302(d) of this act, to dispense any controlled substances or to conduct research with controlled substances in Schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this Article for practitioners engaging in research with nonnarcotic controlled substances in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this state upon furnishing the board evidence of that federal registration.

(d) Compliance by manufacturers and distributors with the provisions of the federal law respecting registration entitles them to be registered under this act upon application and payment of the required fee.

**NEW SECTION. Sec. 69.50.304. Revocation and Suspension of Registration.** (a) A registration, or exemption from registration, under section 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the state board of pharmacy upon a finding that the registrant:

(1) has furnished false or fraudulent material information in any application filed under this act;

(2) has been found guilty of a felony under any state or federal law relating to any controlled substance; or

(3) has had his federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances.

(b) The board may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation

order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The board shall promptly notify the Bureau of all orders suspending or revoking registration and all forfeitures of controlled substances.

**NEW SECTION.** Sec. 69.50.305. Procedure for Denial, Suspension or Revocation of Registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this act shall not be denied, suspended, or revoked unless the board denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.04 RCW.

(b) The board may suspend any registration simultaneously with the institution of proceedings under section 69.50.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction.

**NEW SECTION.** Sec. 69.50.306. Records of Registrants. Persons registered, or exempted from registration under 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this act shall keep records and maintain inventories in conformance with the record-keeping and inventory requirements of federal law and with any additional rules the state board of pharmacy issues.

**NEW SECTION.** Sec. 69.50.307. Order Forms. Controlled substances in Schedules I and II shall be distributed by a registrant or person exempt from registration under 69.50.302(d) to another registrant, or person exempt from registration under 69.50.302(d), only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section.

**NEW SECTION.** Sec. 69.50.308. Prescriptions. (a) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, no controlled substance in Schedule II may be dispensed without the written prescription of a practitioner.

(b) In emergency situations, as defined by rule of the state board of pharmacy, Schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of section 69.50.306. No prescription for a Schedule II substance may be refilled.

(c) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, a controlled substance included in Schedules III or IV, which is a prescription drug as determined under RCW 69.04.560, shall not be dispensed without a written or oral prescription of a practitioner. Any oral prescription must be promptly reduced to writing. The prescription shall not be filled or refilled more than six months after the date thereof or be refilled more than five times, unless renewed by the practitioner.

(d) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this act; and the person who knows or should know that he is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(e) A controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose.

**NEW SECTION.** Sec. 69.50.309. Containers. A person to whom or for whose use any controlled substance has been prescribed, sold, or dispensed by a practitioner, and the owner of any animal for which such controlled substance has been prescribed, sold, or dispensed may lawfully possess it only in the container in which it was delivered to him by the person selling or dispensing the same.

(2) A warrant shall issue only upon an affidavit of a designated officer or employee having knowledge of the facts alleged, sworn to before the judge and establishing the grounds for issuing the warrant. If property is seized pursuant to a warrant, a copy shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was taken, if present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was taken and to the applicant for the warrant;

(4) The judge who has issued a warrant shall attach thereto a copy of the return and all papers returnable in connection therewith and file them with the clerk of the court in which the inspection was made.

The [attorney general] senate board of ethics and house board of ethics designated in chapter 44.60 RCW shall enforce the provisions of this chapter [and shall prosecute, or may delegate to the appropriate prosecuting attorney the prosecution of all violations of this chapter: PROVIDED, That this section shall not preclude actions for the recovery of damages]. Each board shall have the following powers, duties, and functions:

(1) The boards jointly, shall adopt procedural rules and guidelines for processing complaints and notifications of violations including, but not limited to, rules for the preservation of confidentiality when necessary and in the public interest.

(2) Upon the written complaint of any person who has reason to believe that there is or has been a violation of this 1971 amendatory act, or whenever in the board's judgment the public interest requires, either board may cause the attorney general to investigate the activities of any lobbyist or other person when there is reason to believe he is or has been acting in violation of this 1971 amendatory act, or to authorize the attorney general to bring immediate civil action as provided in this act.

(3) When the attorney general investigates any lobbyist or other person as directed by either the senate board of ethics or house board of ethics he may require any such person or any other person reasonably believed to have information concerning the activities of such person to appear at a time and place designated by the attorney general in the county in which such person resides or is found, to give such information under oath and to produce all accounts, bills, receipts, books, papers, and documents related to the expenditures statement required by section 7 of this 1971 amendatory act. When the attorney general requires the attendance of any person to obtain such lobbying information or the production of the lobbyist's accounts, bills, receipts, books, papers and documents required to be preserved by section 7 of this 1971 amendatory act, he shall issue an order setting forth the time when and the place where attendance is required and shall cause the same to be delivered to or sent by registered mail to the person at least fourteen days before the date fixed for attendance. Such order shall have the same force and effect as a subpoena, shall be effective state-wide, and, upon application of the attorney general, obedience to the order may be enforced by any superior court judge in the county where the person receiving it resides or is found, in the same manner as though the notice were a subpoena. The court,

after hearing, for good cause, and upon application of any person aggrieved by the order, shall have the right to alter, amend, revise, suspend, or postpone all or any part of its provisions. In any case where the order is not enforced by the court according to its terms, the reasons for the court's actions shall be clearly stated in the record, and shall be subject to review by the appellate courts by certiorari or other appropriate proceeding.

(4) When the attorney general finds that a lobbyist has violated or is violating any provisions of this 1971 amendatory act he shall report his findings and recommendations to the board directing the investigation.

(5) When the senate board of ethics or house board of ethics has reason to believe that a lobbyist has violated or is violating any provision of this 1971 amendatory act, either board may request the attorney general to bring a civil action to revoke such lobbyists' registration and enjoin his lobbying activities. A lobbyist whose registration is revoked shall be enjoined from all lobbying activities for a period of not less than two years: PROVIDED, HOWEVER, That revocation of a lobbyist's registration does not excuse said lobbyist from filing the statements required under section 7 of this 1971 amendatory act.

(6) When the senate board of ethics or house board of ethics has reason to believe that a lobbyist has failed to file any statement required by section 7 of this 1971 amendatory act, or that a lobbyist has filed any such statement reporting less than the amount required to be reported, either board may request the attorney general to bring an action in the name of the state to require the filing of the required statement or information. If the state prevails in such action, there may be awarded as a judgment to the state for its general fund an amount not more than treble the difference between the amounts the lobbyist failed to disclose or file and the amounts the lobbyist actually disclosed or filed as having been made or incurred in connection with his lobbying activities; and the court may, in addition, award to the state all costs of investigating and trial, including a reasonable attorney's fee to be fixed by the court. If damages or treble damages are awarded in such action, the judgment may be awarded against the lobbyist, the lobbyist's employer or employers joined as defendants, jointly, severally, or both.

(7) The senate board of ethics or house board of ethics may by general rule authorize the attorney general to serve written notice upon any person whenever the attorney general has reason to believe that person is or has been violating section 2 of this 1971 amendatory act by carrying on lobbying activities without having registered, which notice shall direct such person to respond within twenty-four hours of receipt of such notice and show cause why he should not register or be enjoined from all lobbying activities. An action to enjoin such person's lobbying activities may be brought by the attorney general if the person does not register and the attorney general does not receive a satisfactory response as directed.

If damages are awarded in such action, the court may also award a reasonable attorney's fee.

**NEW SECTION.** Sec. 11. The enactment of this 1971 amendatory act shall not have the effect of terminating, or in any way modifying, any liability, civil or criminal, which shall already be in existence at the date this act becomes effective. Nothing in this 1971 amendatory act shall be construed to in any way limit the power of the senate and house of representatives, or either of them, to adopt additional or supplementary rules regarding lobbying activities nor limit the right of any person to recover damages from any other person on account of any violation of this 1971 amendatory act.

**NEW SECTION.** Sec. 12. Any two or more sewer districts or one or more sewer districts and one or more water districts, by a majority vote of their respective boards of commissioners, may, if deemed expedient, join in the procuring of such health care services and/or group insurance [, other than life insurance,] and the board of commissioners of each participating sewer and/or water district may by appropriate resolution authorize their respective district to pay all or any portion of the cost thereof.

#### MOTION

Mr. Bagnariol moved that the House concur in the Senate amendments to Engrossed House Bill No. 567.

Mr. Bagnariol spoke in favor of the motion.

#### POINT OF INQUIRY

Mr. Bagnariol yielded to question by Mr. Barden.

Mr. Barden: "Representative Bagnariol, as I understand this amendment by the Senate, it allows the commissioners to be provided also with this group life insurance at taxpayers' expense. I wonder if you could verify that this is, or is not, true. And does their coverage extend beyond their term of office?"

Mr. Bagnariol: "The commissioners would be entitled to cover themselves under a group term life insurance program. I don't know whether it would go beyond their term of office any more than group term life insurance would go beyond the term of employment for any employee. I am sure that if they had a group program, they would have the option to convert such as any other employee has the option to convert when they leave. When we are talking in the area of group term insurance, we are usually talking in terms of two, three, five or maybe ten thousand dollar amounts, which run on an average premium of probably sixty cents per month a thousand. So on a ten thousand dollar policy you are not talking about very much money."

Representatives Barden and Gladder spoke against the motion to concur in the Senate amendments to Engrossed House Bill No. 567.

The motion by Mr. Bagnariol was lost. The House refused to concur in the Senate amendments to Engrossed House Bill No. 567 and asked the Senate to recede therefrom.

Following section 1 of both the printed and engrossed bill insert the following new section:

"Sec. 2. Section 13, chapter 299, Laws of 1961 and RCW 3.34.040 are hereby amended to read as follows:

Justices of the peace serving districts having a population of forty thousand or more persons, and justices receiving a salary [equal to or] greater than [eight] nine thousand dollars for serving as a justice, shall be deemed full time justices and shall devote all of their time to the office and shall not engage in the practice of law. AND PROVIDED, That whenever the director determines that a stock or run of salmon cannot be feasibly and properly harvested in the usual manner, and that such stock or run of salmon may be in danger of being wasted and surplus to natural or artificial spawning requirements, the director may maneuver units of lawful gill net and purse seine gear in any number or equivalents at his discretion, by time and area, to fully utilize such harvestable portions of these salmon runs for the economic well being of the citizens of this state, except that gill net and purse seine gear other than emergency and test gear authorized by the fisheries department shall not be used in Lake Washington.

AND PROVIDED, That subject to such regulations and to such shorter seasons as the director may establish from time to time, it shall be lawful to fish for salmon for commercial purposes with any lawful gear in each odd year during the period running from the first day of August to the first day of September, both dates inclusive, in the waters lying inside of the following described line: A line commencing at a red wooden monument located on the most easterly point of Dungeness Spit and thence projected to a similar monument located at Point Partridge on Whidby Island and a line commencing at a red wooden monument located on Olele Point and thence projected easterly to a similar monument located at Bush Point on Whidby Island.

"*NEW SECTION.* Sec. 15. There is added to chapter 75.28 RCW a new section to read as follows:

A personal commercial fishing license shall be obtained by each and every person who takes or assists in taking any salmon while on board a commercially licensed trolling vessel trolling for salmon in waters within the territorial boundaries of the state of Washington or who sells his commercial catch in the state of Washington.

The fee for such license is ten dollars per annum.

The personal license shall be carried on the person whenever such person is engaged in the taking, landing, or selling of any salmon: PROVIDED, That this section does not apply to owners or operators licensed pursuant to RCW 75.28.095 or owners licensed pursuant to RCW 75.28.095.

Sec. 16. Section 1, chapter 90, Laws of 1969 and RCW 75.28.095 are each amended to read as follows:

'Charter boat' means any vessel from which persons may, for a fee, angle for food fish, and which delivers food fish taken from waters either within or without the territorial boundaries of the state of Washington in to state ports.

[No vessel shall be licensed as a charter boat and hold a commercial salmon fishing license or vessel delivery permit at one and the same time.

A vessel may be transferred from charter boat fishing to commercial salmon fishing or vice-versa by depositing the appropriate license and vessel delivery permit at the nearest office of the department of fisheries; provided that RCW 75.20.014 has been complied with.]

*No vessel may engage in both charter or sports fishing and commercial fishing on the same day. A vessel may be licensed for both charter boat fishing and for commercial fishing at the same time: PROVIDED, That the license and delivery permit allowing the activity not being engaged in shall be deposited with the fisheries patrol officer for that area or an agent designated by the director.*

Nothing in this section shall be construed to mean that vessels not generally engaged in charter boat fishing, and under private lease or charter being operated by the lessee for the lessee's personal recreational enjoyment shall be included under the provisions of this section."

and the same is herewith transmitted. BILL GLEASON, Assistant Secretary.

#### MOTION

Mr. Costanti moved that the House concur in the Senate amendments to Engrossed House Bill No. 687.

Mr. Costanti spoke in favor of the motion.

#### POINT OF INQUIRY

Mr. Costanti yielded to question by Mr. Barden.

Mr. Barden: "Representative Costanti, considerable concern has been expressed from the sports fishermen that this might lead to an invasion of Lake Washington by commercial fisheries facilities and would wipe out the sports fishing in the Lake Washington area. Would you care to respond to that please?"

Mr. Costanti: "Yes, I think if you would look at the material I distributed, there is a statement in there by Howard Gray who is a director of the International Sockeye Commission. He is also a head of the Steelhead Club. He indicates that this will not interfere. With the seiners coming in there at a specific time, they can harvest the fish and get out. In other words, they would be in there for maybe a period of three or four days and out, and then only in again when the Director of Fisheries said that the commercial fishing could go in there. As far as Lake Washington is concerned, we don't want any fishing in Lake Washington. The waters have been cleared up nicely and we don't want to pollute the waters. A surplus of fish could also pollute the waters of Lake Washington."

Representatives Ceccarelli and Beck spoke against the motion to concur in the Senate amendments to Engrossed House Bill No. 687.

Mr. Juelling demanded the previous question, and the demand was not sustained.

## POINT OF INQUIRY

Mr. Costanti yielded to question by Mr. Hoggins.

Mr. Hoggins: "Representative Costanti, several remarks have been made (if not directly at least suggesting) that this would allow purse seining on inside waters with the possible threat of taking the silver and blackmouth salmon. As I understand it, this would permit the taking of the sockeye salmon which is not possible with reel gear. Will you make a clear statement for the record what the intent is relating to sockeye, silver and blackmouth salmon?"

Mr. Costanti: "The purpose of this bill is to permit all gear to go in there and catch the sockeye salmon. Now you will catch an incidental silver or blackmouth, but you can turn them loose because they are alive in your nets, and you can throw them out. With a gillnet, when they come over the top, they are dead. You can throw them out, but they are dead."

Mr. Hoggins: "If I interpret your remarks correctly, a purse seiner is safer on the natural sports fish than the gillnetter. Is that correct?"

Mr. Costanti: "Mr. Hoggins, in the article there, the commissioner of the International Commission says that it is better to have purse seiners catch the fish than it is the gillnetters or other types of gear because they can catch them and turn them loose, and they don't harm the run that way."

Representatives Martinis and Zimmerman spoke against the motion by Mr. Costanti to concur in the Senate amendments.

Mr. Chatalas demanded the previous question, and the demand was sustained.

Mr. Costanti closed debate, speaking in favor of the motion.

Mr. Sawyer demanded an electric roll call, and the demand was sustained.

May 7, 1971.

Mr. Speaker: The Senate has passed ENGROSSED HOUSE BILL NO. 40 with the following amendments:

In line 2 of the title after "RCW 79.01.448" and before the period insert "; and adding a new section to chapter 79.01 RCW"

Strike everything after the enacting clause and insert the following:

"Section 1. Section 112, chapter 255, Laws of 1927 and RCW 79.01.448 are each amended to read as follows:

[The owner or owners of land abutting or fronting upon tide or shore lands of the first class platted and appraised by the commissioner of public lands, as in this chapter provided, shall have the right, for sixty days following the filing of the final appraisal of the tide or shore lands with the commissioner of public lands, to apply for the purchase of all or any part of the tide or shore lands in front of the lands so owned] *Upon platting and appraisal of tide or shore lands of the first class, as in this chapter provided, if the department of natural resources shall deem it for the best public interests to offer said tide or shore lands of the first class for lease, the department shall cause a notice to be served upon the owner of record of land fronting upon the tide or shore lands to be offered for lease if he be a resident of this state, or if he be a nonresident of this state, shall mail to his last known post office address, as reflected in the county records, a copy of the notice notifying him that the state is offering such tide or shore lands for lease, giving a description and the department's appraised fair market value of such tide or shore lands for lease, and notifying such owner that he has a preference right to apply to lease said tide or shore lands at the appraised value for the lease thereof for a period of sixty days from the date of service or mailing of said notice. If at the expiration of the sixty days from the service or mailing of the notice, as above provided, there being no conflicting applications filed, and the owner of land fronting upon the tide or shore lands offered for lease has failed to avail himself of his preference right to apply to lease or to pay to the department the appraised value for lease of the tide or shore lands described in said notice, then in that event, said tide or shore lands may be offered for lease and leased in the manner provided for the lease of state lands.*

*If at the expiration of sixty days two or more claimants asserting a preference right to lease shall have filed applications to lease any tract, conflicting with each other, the conflict between the claimants shall be equitably resolved by the department of natural resources as the best interests of the state require in accord with the procedures prescribed by chapter 34.04 RCW: PROVIDED, That [if the abutting upland owner has attempted to convey by deed to a bona fide purchaser any portion of the tide or shore lands in front of such uplands, or littoral rights therein, such right of purchase herein given to the upland owner shall be construed to belong to such purchaser, or to any person, association or corporation claiming by, through or under such purchaser, to the extent of the tract or right so conveyed] any contract purchaser of land or rights, which land qualifies the owner for a preference right under this section, shall have first priority for such preference right.*

[If at the expiration of sixty days from and after the filing of the final appraisal with the commissioner of public lands, there being no conflicting applications filed, the applicant shall be deemed to have the right of purchase at the appraised value.

If at the expiration of sixty days two or more applicants claiming a preference right to purchase shall have filed applications to purchase any tract, conflicting with each other, the commissioner of public lands shall forthwith require each applicant, within a time stated, to

submit under oath a full statement of facts whereby he claims a preference right of purchase.

In case any applicant shall fail to file such statement within the time stated, he shall, unless good cause be shown therefor, be deemed to have waived his claim to a right of purchase of the tract described in his application.

After such statements have been filed, if it be deemed advisable or necessary by the commissioner of public lands in order to determine the rights of the parties applying for said tract, he may order a hearing for that purpose.

The commissioner shall determine who has the first right of purchase to the whole, or any portion of the lot or tract, involved, and shall, unless appeal be taken from his determination to the superior court of the county in which the land is situated, proceed to sell such lands in accordance with his determination.

In case of appeal the court after a hearing de novo shall enter an order determining the rights of the parties to the appeal and the commissioner of public lands shall proceed to sell the lands in accordance with the court's determination.]

*NEW SECTION. Sec. 2.* There is added to chapter 79.01 RCW a new section to read as follows:

(1) This section shall only apply to:

- (a) First class tidelands as defined in RCW 79.01.020;
- (b) Second class tidelands as defined in RCW 79.01.024;
- (c) First class shorelands as defined in RCW 79.01.028; and

(4) Nothing herein shall:

- (a) be construed to cancel an existing sale contract;

(1) A person is eligible to petition for an occupational driver's license if he has been convicted of an offense relating to motor vehicles, other than negligent homicide or manslaughter, for which suspension or revocation of his driver's license is mandatory,

including suspensions or revocations pursuant to RCW 46.20.308: PROVIDED, That notwithstanding the provisions of RCW 46.20.270 as now or hereafter amended, if such person declares at the time of conviction his intent to so petition, the court may stay the effect of such mandatory suspension or revocation for a period not to exceed thirty days to allow the making of such petition.

(2) A petitioner for an occupational driver's license is eligible to receive such license only if:

(a) Within three years immediately preceding the present conviction he has not been convicted of any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory or has not had his driver's license suspended or revoked pursuant to RCW 46.20.308; and

(b) He is engaged in an occupation or trade which makes it essential that he operate a motor vehicle; and

(c) He files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW.

(3) A petitioner for an occupational driver's license must file a verified petition on a form provided by the director, who shall issue such form upon receipt of the prescribed fee if petitioner is eligible under the requirements of subsections (1) and (2)(a) and 2(c) above. Petitioner must set forth in detail in such petition his need for operating a motor vehicle and may file such petition with any judge in a court of record, justice court or municipal court having criminal jurisdiction in the county of the petitioner's residence.

If such petitioner is qualified under the provisions of subsection (2)(b) above, and if the judge to whom petition was made believes such petition should be granted, such judge may order the director to issue an occupational driver's license to such petitioner: PROVIDED, That an occupational driver's license may be issued for a period of not more than one year, and shall permit the operation of a motor vehicle not to exceed twelve hours per day and then only when such operation is essential to the licensee's occupation or trade: PROVIDED FURTHER, That such order shall be on a form provided by the director, and shall contain definite restrictions as to hours of the day, days of the week, type of occupation, and areas or routes of travel to be permitted under such license and such other conditions as the judge granting the same deems appropriate.

The order shall be given to the petitioner and shall serve as his occupational license until the petitioner receives the license issued by the director: PROVIDED, That the director shall not be required to issue such license if the petitioner's mandatory suspension or revocation is for sixty days or less.

(4) If the convicting judge granted a stay of effect as provided in subsection (1) above, then at the time the judge to whom petition was made issues the order he shall collect the petitioner's driver's license in the same manner as is specified in RCW 46.20.270 as now or hereafter amended, and at such time also the conviction shall take full effect.

(5) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense which pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular driver's license. Such cancellation shall be effective as of the date of such conviction, and shall continue with the same force and effect as any suspension or revocation under this title.

*NEW SECTION.* Sec. 16. Section 46.20.390, chapter 12, Laws of 1961, section 32, chapter 32, Laws of 1967, and RCW 46.20.390 are each repealed.", and the same are herewith transmitted. BILL GLEASON, Assistant Secretary.

#### MOTIONS

Mr. Morrison moved that the House do not concur in the Senate amendments to Engrossed Substitute House Bill No. 321 and that the Senate be asked to recede therefrom.

Mr. Spanton moved that the House concur in the Senate amendments to Engrossed Substitute House Bill No. 321.

The Speaker recognized Mr. Spanton.

Mr. Spanton: "Thank you, Mr. Speaker. Ladies and gentlemen of the House: This particular amendment will permit the issuance of an occupational license to those individuals who have lost their privilege to drive due to the implied consent law. I am not very happy about the occupational operators' license. I was not very happy about it when it was passed originally on the drunk driving law. However, there is one little thing that I am concerned about. The reason I am speaking in favor of this concurrence is that here we have individuals who have appeared before a court (I am talking about the drunk driver now). They have been convicted or forfeited bail. They have to all intents and purposes exhausted their right of appeal. They have been found guilty of the offense of drunk driving or forfeited the bond. As such, they are entitled to immediately petition the court for an occupational operator's license on the proviso that they can provide liability insurance, etc. Now the courts, I think, have abused this privilege to this extent—they almost invariably will defer sentence until such time as the individual gets his insurance, etc., and can comply, and

then they impose the sentence. Here we have an individual, regarding the implied consent law, who loses his license because he didn't blow up the bubble, and he has lost it for six months. Again I say I am not wholeheartedly in favor of occupational licenses. I think drunk drivers ought to go to jail. Period. But nevertheless, this is an unequal situation where an individual loses his license on one side of the fence and can get an occupational license. He loses it on the other side of the fence and can't get one. All I am really saying (and I think Senator Woodall is in the same category) is that we ought to be consistent. We ought to be equal in our treatment of people regarding these things. If someone wants to remove the occupational driver's license privilege completely from the statute, I would buy that. But until such time, we ought to treat all people equally."

Mr. Wolf demanded an electric roll call, and the demand was sustained.

Representatives Charette, Hoggins and Bottiger spoke in favor of the motion to concur in the Senate amendments, and Representatives Cunningham and Wolf spoke against it.

WHEREAS, This quality of maternal solicitude is possessed of a penetrating tenderness which cannot be daunted by disloyalty, weakened by ingratitude, nor chilled by worthlessness—for she will sacrifice her own comfort and surrender her own pleasures, all in love for us;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives pay tribute to all Mothers everywhere, giving expression to the heartfelt hope that tranquil peace and the rich blessings of heaven dwell in their hearts; and

BE IT FURTHER RESOLVED, That a suitably inscribed copy of this Resolution be provided to each member of this House for presentation to the Mother of their choice.

Mr. Backstrom moved adoption of the resolution, and spoke in favor of the resolution.

Floral gifts were presented to the women legislators.

## PERSONAL PRIVILEGE

Mrs. Hurley: "Mr. Speaker, ladies and gentlemen of the House: This is absolutely delightful. As one of the mothers seated on the floor of this House, I can't tell you how much I appreciate this lovely, lovely resolution and the floral tribute you have sent around. I think all of you are absolutely wonderful people, and I want to express my appreciation for this lovely resolution."

## PERSONAL PRIVILEGE

Mrs. Wojahn: "Mr. Speaker, I wish to thank every gentleman of this House for this beautiful resolution on which you affixed your signatures. I wanted to especially thank my colleague on the other side of the aisle, Representative Eikenberry, for signing the resolution. I think he has been a little resistant to signing resolutions this session. Thank you."

## PERSONAL PRIVILEGE

Mrs. Kirk: "When we were reading the resolution, and in looking at all of the names, we thought that there was discrimination on the resolution because we couldn't find any women legislators' names, with the exception of Peggy. We didn't realize that the rest of us are all mothers except Peggy. We do want to say 'thank you very much.' It is nice to come back to the legislative session on Mother's Day and have so many wonderful people remembering us, even though we are working along with you."

House Resolution No. 71-105 was adopted.

**NEW SECTION.** Sec. 23. The legislature hereby declares that teaching in the public school system of the state of Washington and its related services, including administrative and supervisory services, is a profession, with all the rights, responsibilities and privileges to be accorded other legally recognized professions. As such, the teaching profession is especially qualified to express its views and participate in making decisions on matters of professional concern with respect to the education of children and youth in Washington, and more particularly with respect to professional practices of the teaching profession, certification of educators, and accreditation of preparation programs in institutions of higher learning. Employee organizations elected pursuant to chapter 28A.72 RCW should, and under the provisions of sections 13 through 22 of this 1971 amendatory act shall, have the right to participate in decisions concerning preparation programs leading to certification.

The board shall make appointments to the commission from those lists of nominees after considering any recommendations respecting those nominees which may be made by the superintendent of public instruction. Appointments to fill vacancies on the commission shall be made in the same manner as appointments for a full term. At any time that any member of the commission shall no longer be employed full time by a school district or institution of higher education in the category for which he was appointed to the commission, his position on the commission shall be vacated, and that vacancy shall be filled with a person active in the education profession and otherwise meeting the necessary qualifications for that position.

The commission shall have authority to select its own chairman, establish procedures and adopt the rules under which it shall operate, and recommend for employment,

BILL GLEASON, Assistant Secretary.

#### MOTION

Mr. Morrison moved that the House concur in the Senate amendments through section 21, and that the House do not concur in sections 22 through 32, and the Senate be asked to recede therefrom.

#### POINT OF ORDER

Mr. Brouillet: "Mr. Speaker, I would like a ruling on a point of order. This amendment to House Bill No. 739 came over as a single amendment and not two separate amendments. Can we amend a Senate amendment by refusing to concur in half of a Senate amendment to a House bill, and not substantially amend the Senate amendment?"

The Speaker: "We have done this several times, Mr. Brouillet, by motions to divide. This is the same technique in one original motion."

Mr. Brouillet: "Is this a motion to divide? I didn't understand that."

The Speaker: "On several prior concurrences, the motion has either been made to concur or not to concur, and then there has been a motion made to divide the question between different parts of those amendments."

Mr. Brouillet: "Then on my point of order, are you ruling that we can do this on a single amendment that comes over from the Senate on a House bill?"

The Speaker: "Mr. Brouillet, it is not correct that it is a single amendment. There are several amendments—some are committee amendments, some are floor amendments by Senators Francis and Murray. There is a committee amendment to add a new section 9. There are many different amendments on this bill."

Mr. Brouillet: "Mr. Speaker, in my book, the amendment that you are dividing is a Senate amendment by Senators Francis and Murray. It is one long amendment."

The Speaker: "There is a committee amendment to add a new section 9, a committee amendment to section 2, and a couple of title amendments. Often, on just bill actions, where single amendments have been submitted on the floor or from committee containing more than one section, there have been motions to divide the question."

The Speaker stated the question before the House to be the motion to concur in all Senate amendments except sections 22 through 32 and ask the Senate to recede therefrom.

Representatives Lynch and Hurley spoke in favor of the motion, and Representative Brouillet spoke against it.

Mr. Newhouse demanded an electric roll call, and the demand was sustained.

#### PARLIAMENTARY INQUIRY

Mr. Julin: "Could you advise me and the members of the House exactly the posture of the motion that we are now voting on, so that we can all be clear on that?"

The Speaker: "The motion is to concur in all Senate amendments except sections 22 through 32, in which the House does not concur and asks the Senate to recede therefrom."

#### ROLL CALL

The Clerk called the roll on the motion by Mr. Morrison that the House concur in all Senate amendments to House Bill No. 739 except sections 22 through 32, and the Senate be asked to recede therefrom. The motion was carried by the following vote: Yeas, 63; nays, 29; absent or not voting, 7.

The Speaker: "Ruling on your point of order, I have examined the title of the bill which is very broad: 'An Act relating to insurance.' It adds a number of sections to Title 48 RCW. The committee amendment also adds certain sections to Title 48.

"In reading section one of the bill, it says:

"The purpose of this act is the creation of funds arising from assessments upon all insurers . . . to be used to assure to the extent prescribed herein the performance of the insurance contractual obligations of insurers becoming insolvent to residents of this state and, in the case of domestic insurers, to residents of other jurisdictions as well; and to promote thereby the stability of domestic insurers. . . . is deemed essential for the protection of the general welfare."

"The first section of the committee amendment starts out:

"To protect the public, policyholders and insurers against the adverse effects of excessive, inadequate, or unfairly discriminatory rates;

"(2) To encourage, as the most effective way to produce rates . . .

"(3) To provide formal regulatory controls . . .

"(5) To encourage the most efficient and economic practices in providing insurance protection;"

"It would appear to me that both of these measures deal with the protection of the public and set up consumer protection and public protection-type devices within the insurance industry. It would appear to me to have the same object in mind. I will have to rule that the amendment is in order."

Mr. Shera spoke in favor of adoption of the committee amendment.

Mr. Bottiger demanded an electric roll call, and the demand was sustained.

Representatives O'Brien and Grant spoke against adoption of the committee amendment.

The Speaker called on Mr. Copeland to preside.

#### POINT OF INQUIRY

Mr. O'Brien yielded to question by Mr. Barden.

Mr. Barden: "Did I understand you to say that this same type of amendment, to this same piece of legislation, caused the failure of the legislation in the 1970 special session?"

Mr. O'Brien: "Yes, that's right. The measure as passed by the Senate would do the job substantially the same as the measure which died in conference in 1970 as a result of the same crippling amendment proposed here by the same committee."

Representatives Pardini and Shera spoke in favor of the committee amendment, and Representatives Barden and O'Brien spoke against it.

## THIRD READING

SUBSTITUTE HOUSE BILL NO. 777, by Committee on Appropriations (Originally introduced by: Representatives Kiskaddon, Blair, Ross, Maxie and Kraabel—by Executive request):

Making supplemental appropriations for the period ending June 30, 1973.

Substitute House Bill No. 777 was read the third time and placed on final passage.

Mr. Kiskaddon spoke in favor of passage of the bill.

## POINT OF INQUIRY

Mr. Kiskaddon yielded to question by Mr. Barden.

Mr. Barden: "Representative Kiskaddon, we are here proposing to spend \$58 million. Can you tell me where this \$58 million is going to come from, please?"

Mr. Kiskaddon: "The bill that is following House Bill No. 777 is House Bill No. 776, which we talked about yesterday. It is extending, in essence, the sales tax to gasoline. If you recall the amendment, we reduced the amount of gas tax going into the motor vehicle fund so the net effect for this biennium will be no additional increase in the gasoline tax. That is the method proposed to fund this particular package, by having that money placed in a special state and local improvement revolving account."

The Speaker resumed the Chair.

Mr. Kraabel spoke in favor of passage of the bill.

## ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 777, and the bill passed the House by the following vote: Yeas, 60; nays, 38; absent or not voting, 1.

## STATEMENT FOR THE JOURNAL

I voted against final passage of Substitute House Bill No. 777 because I intended to vote against Engrossed House Bill No. 776—the tax bill that would raise the money for Substitute House Bill No. 777. A. J. PARDINI, 6th District.

Voting yea: Representatives Blair, Bluechel, Bottiger, Brouillet, Brown, Ceccarelli, Charnley, Cunningham, Douthwaite, Gilleland, Hoggins, Hurley, Jones, Julin, King, Kiskaddon, Kopet, Kraabel, Litchman, Luders, Lysen, Maxie, May, McDermott, Moon, North, O'Brien, Perry, Rabel, Randall, Ross, Savage, Sawyer, Shera, Shinpoch, Smythe, Van Dyk, Williams, Mr. Speaker—39.

## MOTION FOR RECONSIDERATION

Mr. Wolf, having voted on the prevailing side, moved that the House do now reconsider the vote by which Engrossed House Bill No. 776 failed to pass the House.  
The motion was carried on a rising vote.

## RECONSIDERATION

The Speaker stated the question before the House to be the final passage of Engrossed House Bill No. 776.

## MOTION

Mr. Wolf moved that the House defer reconsideration of Engrossed House Bill No. 776 and the bill be ordered placed at the top of tomorrow's third reading calendar.

## POINT OF ORDER

Mr. Barden: "Mr. Speaker, House Rule 70 says in part, 'PROVIDED, That after the fiftieth day reconsideration can be had only on the day the vote to be reconsidered was taken.' I interpret that to mean that we must reconsider it. We can only have reconsideration today. It says 'reconsideration can be had' so that means, in my interpretation, we must have reconsideration today."

## RULING BY THE SPEAKER

The Speaker: "You must consider the rule in full, Mr. Barden. The next paragraph says, 'When a motion to reconsider has been carried (which this House has done) its effect shall be to place the original question before the House in the exact position it occupied before it was voted upon.' At that time it would have been perfectly in order for the House to move to defer further action on Engrossed House Bill No. 776. The point is not well taken."

The motion by Mr. Wolf to defer reconsideration of Engrossed House Bill No. 776 was carried.

## MOTION

Mr. Wanamaker moved that the following remarks of Representative Berentson with regard to final passage of Engrossed House Bill No. 776 be entered in the Journal.  
The motion was carried.

## STATEMENT FOR THE JOURNAL

Mr. Berentson: "Thank you, Mr. Speaker. Ladies and gentlemen of the House: I think I would agree with Mr. Perry that we do have to look to something to provide jobs now. And if you will recall back a few weeks ago when this concept came out of the Governor's office, it came out with the idea that we would have the sales tax on gasoline. I think all of us ought to be courageous enough to vote for the measure on that basis. However, as time went on we decided we weren't quite that brave so we'll steal a little bit from highway construction—we'll put a little on the top—and then we can go home and face our constituents by saying, 'well we didn't vote a new tax—we just voted to take some away and add it here.' Now another very important thing you are facing here is this: It is pretty well agreed by most members here that are knowledgeable on this issue that if we do this now we will have to come back two years from now and put two cents back on the gas tax. There is no reason to believe it will be that easy to do. I think we all realize there are going to be a lot of problems facing us and that we will probably have to come back with some type of tax reform. We could very well, right here this afternoon, be crippling the construction program of the Department of Highways for ten years into the future.

"I would like, if you will bear with me, to give you some statistics. Some of them I will have to read because these are statistics that our budget director (who works for us, not for the Department of Highways) prepared for us. This is sort of a condensation of what we have been talking about for several weeks now. Also, you will notice toward the conclusion how many jobs we are actually losing by crippling the construction fund.

"Under current estimates for 1971-73, we will only have about \$45 million of state dollars (this is exclusive of bond funds) left after meeting federal-aid matching needs and essential maintenance and operations activities.

"These funds are programmed for construction projects on the noninterstate system. Now these are under our priorities programming act—principal, major, collector and other classes of highways throughout the state. The projects are badly needed. They include such things as repairing, widening, drainage, safety and similar improvements. Most of these highways do not receive the large matching funds consideration. The 1971-73 budget provides only enough funds to meet about 12 percent of the projected needs.

"This bill will also reduce revenues by \$60 million. Actually if we had reduced it by only \$35 million as we had on the floor here yesterday we would have nothing left for new construction. I might point out at this time that this is a good indication to me, how ill-conceived some of this program has been. When they suddenly come to the floor, even yesterday, and decide, 'well we can't do that to county road funds so we'll have to go back to the drawing boards and decide how will this sell.' Now when this is added to the appropriations already authorized for other agencies, such as the state patrol, we will have little, if any, funds for these projects on the noninterstate system. It actually means a 100 percent cut in that part of the budget that deals with new construction. However, the needs are still there and will never be met until sometime after the 1973-75 biennium, assuming only the cut we saw yesterday; they will never be met with the cut that we now face of \$60 million.

"But now for the last thought: The situation is bad enough, but we are opening the door for even greater losses. Starting in the 1973-75 biennium, we will be short required federal aid matching funds by some \$45 million. We will lose about \$180 million in federal funds in 1973-75, and about \$130 million in 1975-77.

"Now let me mention a closing thought. It has been ascertained that for every \$1 million of construction funds available to go out there and build highways with, we create about 120 jobs. If you multiply \$180 million in 1973-75, you come up with 21,600 jobs. So we are kicking out windows to provide under 'jobs now' about 20,000 jobs in assorted ways.

"I also would leave you with this thought: The highway construction program, other than just providing highways for each of us in our district, does provide job opportunities, by the way, by improving arteries and allowing business and industry to function. If we continue this route, we are not only losing 21,000 jobs in the 1973-75 biennium (and these are construction jobs—it has nothing to do with laying off people that work for the Department of Highways. These are just jobs lost because we aren't doing things) in the 1975-77 biennium, another \$130 million will be lost. I will just leave you with the thought that we are crippling our Department of Highways, the highway construction program for the next decade, to provide a short-term solution. I just hope most of you would be brave enough to vote the two cents if that is really what is in your hearts, and not to dip in and ruin the Department of Highways construction program."

#### RECONSIDERATION

The Speaker stated that, notice being given the previous day, the House do now reconsider the vote by which Engrossed Senate Bill No. 263 failed to pass the House.

ENGROSSED SENATE BILL NO. 263, by Senators Donohue and Knoblauch (by Departmental request):

Changing funding of veterans' bonuses.

The Speaker stated the question before the House to be reconsideration of final passage of Engrossed Senate Bill No. 263.

Representatives Flanagan and Perry spoke in favor of passage of the bill, and Representatives Marzano and Anderson spoke against it.

#### ROLL CALL

The Clerk called the roll on the reconsideration of final passage of Engrossed Senate Bill No. 263, and the bill failed to pass the House by the following vote: Yeas, 49; nays, 48; absent or not voting, 2.

Voting yea: Representatives Amen, Benitz, Berentson, Blair, Bledsoe, Bluechel, Brouillet, Brown, Charnley, Conway, Copeland, Costanti, Cunningham, Curtis, Farr, Flanagan, Gilleland, Gladder, Goldsworthy, Hansey, Harris, Hatfield, Jones, Jueling, Julin, Kiskaddon, Knowles, Kopet, Kraabel, Kuehnle, Luders, Lynch, McDermott, Mentor, Morrison, Newhouse, North, O'Brien, Pardini, Perry, Rabel, Randall, Ross, Schumaker, SHERA, Smythe, Wolf, Zimmerman, Mr. Speaker—49.

Voting nay: Representatives Adams, Anderson, Backstrom, Bagnariol, Barden, Bauer, Beck, Bottiger, Bozarth, Bradley, Ceccarelli, Charette, Chatalas, Conner, Douthwaite,

Eikenberry, Gallagher, Grant, Haussler, Hoggins, Hubbard, Hurley, Jastad, Johnson, Kilbury, King, Kirk, Lysen, Marsh, Martinis, Marzano, Maxie, May, McCormick, Merrill, Moon, Paris, Polk, Savage, Sawyer, Shipoch, Smith, Spanton, Thompson, Van Dyk, Wanamaker, Williams, Wojahn-48.

Absent or not voting: Representatives Litchman, Rosellini-2.

Engrossed Senate Bill No. 263, having failed to receive the constitutional majority, was declared lost.

STATEMENT FOR THE JOURNAL

Those voting in favor of Senate Bill No. 263 did so in the knowledge that these funds were originally designated and subsequently redesignated for the following:

- 1949 ACT (73.32.020) WW II
  - \$10 per month for every month served stateside
  - \$15 per month for every month served overseas
- 1955 ACT (73.33.010) Korea
  - \$100 for in excess of 89 days served stateside
  - \$150 for in excess of 89 days served overseas
  - \$200 for in excess of 364 days served overseas

and further that the passage of SB 263 will in no way violate those commitments. It is also understood that the area of veterans' benefits has been in the main taken over by the federal government and greatly increased since the inception of our State program in 1949, as indicated in the figures below:

Increase of Federal Benefits from 1949 to present.

	1949	1971
1. Compensation (Veteran)	10% disability—\$13.40	10% disability—\$25.00

5. Flag (Burial) (Vet)	Granted	Granted
6. Home Loan Benefits (Vet)	Guarantee \$7,500	Guarantee \$12,500

9. Automobiles for loss of leg (Vet)	\$1,600.00	\$2,600.00

For the foregoing reasons an aye vote on Senate Bill No. 263 does not abrogate the present legislative posture regarding veterans' benefits. PAUL B. KRAABEL, 46th District.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

On page 13 of the engrossed bill after section 23 add the following new sections:

"NEW SECTION. Sec. 24. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

The purposes of this chapter are:

(1) To protect the public, policyholders and insurers against the adverse effects of excessive, inadequate, or unfairly discriminatory rates;

(2) To encourage, as the most effective way to produce rates that conform to the standards set forth in section 20, reasonable price competition among insurers;

(3) To provide formal regulatory controls for use if price competition fails;

(4) To authorize cooperative action among insurers in the rate making and risk evaluation process, and to regulate such cooperation in order to prevent practices that tend to bring about monopoly or to lessen or destroy competition;

(5) To encourage the most efficient and economic practices in providing insurance protection;

(6) To regulate the business of insurance in a manner that will preclude application of federal antitrust laws.

NEW SECTION. Sec. 25. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

In this chapter, unless contrary to context, the following definitions shall apply:

(1) 'Rate determination data' shall mean any manual or plan of rates, rating schedules, rating tariff, rating rule, risk classification for rating purposes, and any other material necessarily used by an insurer or rating bureau in computing the rate to be charged for any policy.

(2) 'Rating organization' shall mean any person, other than an insurer or a direct employee of an insurer, who assists insurers in rate making or filing by:

(a) recommending, making, furnishing or filing rates or information used in rate determination; or by

(b) advising about rate questions, except as an attorney giving legal advice.

(3) 'Market segment' means any grouping or subgrouping of risks separately defined or classed as to loss or expense probability for the purpose of rating with respect to any line or kind of insurance.

NEW SECTION. Sec. 26. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

The commissioner may by rule exempt any market segment from any or all of the provisions of section 29 of this act, if and to the extent that he finds their application unnecessary to achieve the purposes of this chapter.

**NEW SECTION.** Sec. 27. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

Rates shall not be excessive, inadequate, or unfairly discriminatory, nor shall any insurer charge any rate which, if continued, will have or tend to have the effect of destroying competition or creating a monopoly.

(1) No rate shall be held to be excessive unless:

(a) Such rate is unreasonably high for the insurance provided; and

(b) A reasonable degree of competition does not exist in the area with respect to the classification to which such rate is applicable.

(2) No rate shall be held to be inadequate unless:

(a) Such rate is unreasonably low for the insurance provided; and

(b) Continued use of such rate endangers the solvency of the insurer; or unless

(c) Such rate is unreasonably low for the insurance provided and the use of such rate by the insurer has, or if continued will have, the effect of destroying competition or creating a monopoly.

**NEW SECTION.** Sec. 28. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

In determining whether rates comply with the requirements of this chapter, due consideration shall be given to past and prospective loss and expense experience within and outside of this state, to catastrophe hazards and contingencies, to trends within and outside of this state, to loadings for leveling premium rates over time or for dividends or savings to be allowed or returned by insurers to their policyholders, members or subscribers, and to all other relevant factors, including the judgment of technical personnel.

Risks may be classified or divided into market segments in any reasonable way for the establishment of rates and minimum premiums, except that classifications may not be based on race, color, creed or national origin. Rates thus produced may be modified for individual risks in accordance with rating plans or schedules which establish reasonable standards for measuring probable variations in hazards, expenses, or both.

The expense provisions included in the rates to be used by an insurer may reflect the operating methods of the insurer and, so far as it is credible, its own expense experience.

The rates may contain an allowance permitting a profit that is not unreasonable in relation to the loss probability of the class of business.

**NEW SECTION.** Sec. 29. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

Every authorized insurer and every rating organization licensed under RCW 48.19.180 which has been designated by any insurer for the filing of rates on its behalf shall file with the commissioner all rate determination data and all changes and amendments thereof made by it for use in this state and each filing shall become effective immediately on date specified thereon, but not earlier than the date such filing is received by the commissioner. In the event the commissioner requests it, there shall also be filed after demand, statistical and other supporting data showing that the filing meets the requirements of this chapter. If the commissioner determines, after hearing, that any filing does not so comply, he shall order that the same be disapproved and it may not thereafter be used. At such hearing or any appeal therefrom the burden of establishing the validity of a filing shall be upon the filer. All premiums charged by an insurer shall be in accordance with its rate filings.

**NEW SECTION.** Sec. 30. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

Each filing and any supporting information filed under this chapter shall, as soon as filed, be open to public inspection at any reasonable time. Copies may be obtained by any person on request and upon payment of a reasonable charge therefor.

**NEW SECTION.** Sec. 31. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

Any insurer which is a subscriber or member of a rating organization may designate such rating organization to make rate filings on its behalf. The insurer shall have the complete power of determination as to filings to be made on its behalf and the rating organization shall act simply as a filing agent. The filings designated by an insurer may coincide with the filings made by the rating organization on behalf of other subscribers or members or they may vary therefrom in any respect requested by the insurer. In making any filing of rates or rate determination data or any amendments thereto, a rating organization shall specifically designate the subscriber or member insurers on whose behalf such filing is made.

**NEW SECTION.** Sec. 32. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

If as to any kind, class or market segment of insurance the commissioner finds, after a hearing, that competition does not exist as a result of which the rates are excessive or that a substantial number of companies are competing irresponsibly as a result of which rates are inadequate, or that there are widespread violations of this chapter, he may promulgate a rule requiring that in such kind, class, or market segment any subsequent changes in the rates or rate determination data be filed with him at least fifteen days before they become effective. He may extend the waiting period to not exceed fifteen additional days by written notice to the filer before the first fifteen day period expires. Changes in rates or rate determination data may become effective at the expiration of such fifteen day period or extended period

as the case may be, unless the commissioner within such period or extended period has given written notice to the filer of his intention to disapprove the change. Within fifteen days after the date of such notice the commissioner shall hold a hearing notice of the time and place of which shall have been given the filer at least ten days in advance, to determine whether the change would result in a rate or rates which do not comply with the requirements and standards of this chapter. The commissioner shall render his decision within fifteen days after the close of such hearing. If the decision is to disapprove the change as proposed by the filer, the commissioner in the decision may grant approval to some other change found by the commissioner to be consistent with the requirements and standards of this chapter. In any such hearing the filer shall have the burden of supporting and justifying the change proposed. The time periods specified herein are for the benefit of the filer and may be waived by him. A rule promulgated under this section shall expire no more than one year after issue but the commissioner may renew it after a hearing and appropriate findings to the effect that such renewal is warranted.

**NEW SECTION.** Sec. 33. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

If the commissioner finds, after a hearing, that any rate or rate determination data on file does not meet the requirements of this chapter, he shall order that its use be discontinued for any policy issued or renewed after a date specified in the order, which date shall not be prior to the date of the issuance of the order. For a period of one year after the effective date of such order, no rate promulgated to replace a disapproved one may be used until it has been filed with the commissioner and not disapproved within thirty days thereafter. Whenever an insurer has no legally effective rates as a result of the commissioner's disapproval of rates or other acts, the commissioner shall, on request, specify interim rates for the insurer that are sufficient to protect the interests of all parties and may order that a specified portion of the premiums be placed in an escrow account approved by him. When new rates become legally effective, the commissioner shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds to policyholders that are de minimis shall not be required.

**NEW SECTION.** Sec. 34. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW, a new section to read as follows:

The commissioner may, by order, require that a particular insurer file any or all of its rates and supplementary rate information fifteen days prior to their effective date, if and to the extent that he finds, after a hearing, that protection of the interests of its insureds and the public in this state require closer supervision of its rates because of the insurer's financial condition.

Sec. 35. Section .19.37, chapter 79, Laws of 1947, and RCW 48.19.370, are each amended to read as follows:

(1) The commissioner shall promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems on file with him, which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss and country-wide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid him in determining whether rating systems comply with the standards set forth in [RCW 48.19.020 and 48.19.030] *this chapter*. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this state and are not susceptible of determination by a prorating of country-wide expense experience.

(2) In promulgating such rules and plans, the commissioner shall give due consideration to the rating systems on file with him and, in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states.

(3) No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system filed by it.

(4) The commissioner may designate one or more rating organizations or other agencies to assist him in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the commissioner, to insurers and rating organizations.

(5) Reasonable rules and plans may be promulgated by the commissioner for the interchange of data necessary for the application of rating plans.

**NEW SECTION.** Sec. 36. Section .19.02, chapter 79, Laws of 1947 and RCW 48.19.020; section .19.03, chapter 79, Laws of 1947 and RCW 48.19.030; section .19.04, chapter 79, Laws of 1947 and RCW 48.19.040; section .19.05, chapter 79, Laws of 1947 as amended by section 13, chapter 193, Laws of 1957 and RCW 48.19.050; section .19.06, chapter 79, Laws of 1947 and RCW 48.19.060; section .19.07, chapter 79, Laws of 1947 and RCW 48.19.070; section .19.08, chapter 79, Laws of 1947 and RCW 48.19.080; section .19.10, chapter 79, Laws of 1947 and RCW 48.19.100; section .19.11, chapter 79, Laws of 1947 and RCW 48.19.110; section .19.12, chapter 79, Laws of 1947 and RCW 48.19.120; section .19.28, chapter 79, Laws of 1947 as amended by section 14, chapter 193, Laws of 1957 and RCW 48.19.280; section .19.29, chapter 79, Laws of 1947 and RCW 48.19.290; and section .34.02, chapter 79, Laws of 1947 and RCW 48.19.440 are each repealed."

#### POINT OF ORDER

Mr. O'Brien: "I believe this amendment was offered on Engrossed Senate Bill No. 17. Is that right?"

The Speaker: "I believe it has been changed in some respects. Has this amendment been changed, Mr. Shera?"

Mr. Shera: "Yes, the top part was changed."

Mr. O'Brien: "I submit to you, Mr. Speaker, that the amendment would now be out of order. It was presented in connection with Engrossed Senate Bill No. 17, where it was defeated. The only way you can resurrect a defeated amendment would be by reconsideration. If you pursued this policy, there would never be any end to how often you could offer amendments. It seems to me he is circumventing Reed's Rules and orderly procedure of the House by now re-presenting this amendment on Senate Bill No. 18. It is entirely out of order."

The Speaker: "It seems to me during this session we have had a number of attempts to hang the same amendment on a number of different vehicles. Some amendments were tried on the budget bill and later were attempted to be placed on various other bills. Is there a rule which prohibits attempting to put an amendment on one bill after it has been defeated on another bill? If there is, I am not familiar with it."

Mr. O'Brien: "House Rule 70 spells out the procedure relative to motions to reconsider."

The Speaker: "Well that doesn't prohibit trying the same amendment on a different bill at a later time."

Mr. O'Brien: "I would also refer you to House Rule No. 47. It isn't completely analogous to the situation here; however it is the same general category—on a motion to postpone indefinitely being decided, it shall not be allowed again."

The Speaker: "Well it wasn't indefinitely postponed. It was just defeated as an amendment to a different bill. The body may decide that this particular amendment might fit better on this bill."

Mr. O'Brien: "The result is just the same as a defeated bill. As a matter of fact, the amendment was defeated so the only way you could resurrect this amendment would be on the prior bill by a motion to reconsider. If you don't follow an orderly procedure, you will have chaos with attempts to present amendments time after time when they have been defeated. It is just like reintroducing a bill."

#### RULING BY THE SPEAKER

The Speaker: "I am not saying we haven't got chaos, but your point is not well taken."

(1) Hereafter no township shall assess or levy any regular ad valorem taxes upon property. *Townships, whether or not assessing or levying regular ad valorem taxes upon property, are hereby authorized to levy taxes in excess of the constitutional forty mills limitation in accordance with the provisions and procedure specified in RCW 84.52.052 for approval of excess levies.* Townships may levy and collect special assessments upon property specially benefited by improvements constructed by such townships under their general powers. The procedure for the making of such improvements and the levying and collecting of such assessments shall, insofar as applicable, be the same as that prescribed for fire protection districts under chapter 52.20 RCW. A township may also receive and expend gifts and grants from any source for strictly township purposes.

(2) The county auditor of each county which contains one or more townships shall prior to January 1, 1970, fix a date for holding an election which may be either a special or general election at which election the voters of the county shall determine whether all township organizations within the county shall or shall not be disorganized. MAJORITY recommendation: Do pass with the following amendments:

On page 1, add new sections following section 1 as follows:

"Sec. 2. Section 3, chapter 108, Laws of 1967 ex. sess. and RCW 41.56.030 are each amended to read as follows:

As used in this chapter:

(1) 'Public employer' means any officer, board, commission, council, or other person or body acting on behalf of any public body governed by this chapter as designated by RCW 41.56.020, or any subdivision of such public body.

(2) 'Public employee' means any employee of a public employer except any person (a) elected by popular vote, or (b) appointed to office pursuant to statute, ordinance or resolution for a specified term of office by the executive head or body of the public employer, or (c) whose duties as deputy, administrative assistant or secretary necessarily imply a confidential relationship to the executive head or body of the applicable bargaining unit, or any person elected by popular vote or appointed to office pursuant to statute, ordinance or resolution for a specified term of office by the executive head or body of the public employer, or (d) who is a 'management level employee' as defined in this section.

(3) 'Bargaining representative' means any lawful organization which has as one of its primary purposes the representation of employees in their employment relations with employers.

(4) 'Collective bargaining' means the performance of the mutual obligations of the public employer and the exclusive bargaining representative to meet at reasonable times, to confer and negotiate in good faith, and to execute a written agreement with respect to grievance procedures and collective negotiations on personnel matters, including wages, hours and working conditions, which may be peculiar to an appropriate bargaining unit of such public employer, except that by such obligation neither party shall be compelled to agree to a proposal or be required to make a concession unless otherwise provided in this chapter.

(5) 'Department' means the department of labor and industries.

(6) 'Supervisor' means any individual having authority, in the interest of the employer, to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, or discipline other employees, or responsibility to direct them, or to adjust their grievances, or effectively to recommend such action, if in connection with the foregoing the exercise of such authority is not of a merely routine or clerical nature, but requires the use of independent judgment.

(7) 'Management level employee' means any individual who is involved directly in the determination of policy or who responsibly directs the implementation thereof.

Sec. 3, Section 6, chapter 108, Laws of 1967 ex. sess. and RCW 41.56.060 are each amended to read as follows:

The department, after hearing upon reasonable notice, shall decide each application for certification as an exclusive bargaining representative, the unit appropriate for the purpose of collective bargaining: *PROVIDED, That the department shall not decide that any unit is appropriate for such purposes if such unit includes both supervisors and employees who are not supervisors unless a majority of the supervisors vote for inclusion in such unit: PROVIDED FURTHER, That none of the terms 'management level employee' or 'supervisor' shall apply to any firefighter or law enforcement officer, as those terms are defined in RCW 41.26.030.*

In determining, modifying, or combining the bargaining unit, the department shall consider the duties, skills, and working conditions of the public employees; the history of collective bargaining by the public employees and their bargaining representatives; the extent of organization among the public employees; and the desire of the public employees. The department shall determine the bargaining representative by (1) examination of organization membership rolls, (2) comparison of signatures on organization bargaining authorization cards, or (3) by conducting an election specifically therefor."

Renumber the remaining sections consecutively.

On page 1, line 3 of the title after "41.56.020;" insert "amending section 3, chapter 108, Laws of 1967 ex. sess. and RCW 41.56.030; amending section 6, chapter 108, Laws of 1967 ex. sess. and RCW 41.56.060;"

#### POINT OF INQUIRY

Mr. Zimmerman: "Mr. Speaker, I would like to ask a question in connection with the reference in your amendment allowing easy access to the debate as far as recordings here on the House floor."

The Speaker (Mr. Copeland presiding) called on Mr. Wolf to preside.

Mr. Zimmerman: "Mr. Copeland, in your amendment regarding the Chief Clerk's records, it says there will be 'easy access to the debate on specific questions before either House.' How do you feel this amendment applies? In other words, do you contemplate that we could have easy access as far as the news media, to the end that quotations could be checked for accuracy? Is that possible?"

Mr. Copeland: "This is a possibility, Mr. Zimmerman. However the raw tapes wouldn't be available for copying or anything of the kind. What we were trying to do here was to allow the court to come back and check these tapes in order to check out legislative intent. This is one of the tough things the courts run into. This is actually somewhat more of a request of the court rather than anybody else. All they have been able to see for years in our journal were those things inserted by intention, or those things put in as a matter of question. So this will allow the courts to go ahead and make the total review on all of the debate on a particular measure."

Mr. Copeland resumed the rostrum.

The purpose of sections 5 through 14 of this 1971 amendatory act is to authorize and establish a tuberculosis and respiratory disease hospital district in the state to operate a hospital and supply hospital service for the residents of such district and such others as the district shall deem necessary.

NEW SECTION. Sec. 6. There is hereby established a tuberculosis and respiratory disease hospital district in the state, hereinafter in this 1971 amendatory act referred to as the Eastern district, consisting of the following named counties: Okanogan, Chelan, Kittitas, Yakima, Benton, Walla Walla, Franklin, Grant, Douglas, Ferry, Lincoln, Adams, Columbia, Asotin, Garfield, Whitman, Spokane, Stevens and Pend Oreille; the headquarters county of such district shall be Spokane county. Such hospital district is authorized to operate a hospital in the present tuberculosis hospital facilities at Edgecliff in Spokane, Washington.

NEW SECTION. Sec. 7. The Eastern tuberculosis and respiratory disease hospital district in this state shall be governed by a commission consisting of five members, three of whom shall be members of the legislative authority of the headquarters county to be chosen

by and to serve at the pleasure of such legislative authority and two of whom shall be elected by and to serve at the pleasure of an advisory committee to the commission made up of the chief health officers of the respective counties within the district. If such advisory committee shall fail to fill a vacancy within two weeks, the governor shall fill such vacancy and so notify the commission. Initial members of the commission shall be elected or appointed within ten days of the effective date of sections 5 through 14 of this 1971 amendatory act. Such advisory committee shall counsel the commission with respect to commission powers and duties under sections 5 through 14 of this 1971 amendatory act. Failure of any member to continue in public office shall result in a commission vacancy which shall be filled as in the case of original appointment or election.

**NEW SECTION.** Sec. 8. The district commission shall appoint and determine the compensation of a hospital superintendent for the district who shall serve at the pleasure of the commission and be a physician duly licensed in this state and qualified in public health and/or specializing in the care of tuberculosis and respiratory diseases. Such superintendent shall act as administrative officer for the commission, shall be the tuberculosis and respiratory control officer for the district, and shall be empowered to employ such technical and other personnel as approved by such commission.

Commission members shall be reimbursed for reasonable expenses incurred in connection with commission business and meetings, including subsistence and lodging and travel while away from their place of residence. Commission organization and proceedings shall be in accordance with that for public hospital district commissions under RCW 70.44.050.

**NEW SECTION.** Sec. 11. Tuberculosis is a communicable disease and tuberculosis control, including hospitalization, case finding, prevention and follow-up of known cases of tuberculosis represent the basic step in the conquest of this major health problem. In addition, environmental conditions today make vital the advancement of remedies relating to respiratory diseases. In order to carry on work effectively in these fields there shall be levied for tuberculosis and respiratory disease hospital district purposes in the district annually a tax in a sum equal to the amount which would be raised by a levy of one-eighth of a mill against the actual value of the taxable property in the district, or the equivalent thereof, such levy to be made by the board of county commissioners in each county constituting the district, the receipts therefrom to be forwarded by the treasurers of such county to the treasurer of the headquarters district county, who shall be treasurer for the district. The commission shall return a total of thirty-five percent of moneys received from the levy provided under this section to the chief health officers of the counties, other than the headquarters county, which funds are to be allocated to specific counties based on caseload in the counties pursuant to standards promulgated by the district commission. Such returned funds are to be used by the chief health officers to carry out tuberculosis control and respiratory disease treatment on a local county level. The sum herein provided for, and any income that may occur from miscellaneous receipts in connection with the aforesaid programs shall be placed in a special fund in the treasury of the headquarters county and obligations incurred for such programs shall be paid from such fund upon order of the district commissioners by the treasurer in the same manner as general county obligations are paid.

**NEW SECTION.** Sec. 12. The district created by section 6 of this 1971 amendatory act shall not participate in any distributions made pursuant to chapter 70.32 RCW on and after the effective date of sections 5 through 14 of this 1971 amendatory act. On and after January 1, 1972 the provisions of chapter 70.32 RCW shall not apply to the eastern district created by section 6 of this 1971 amendatory act.

*NEW SECTION.* Sec. 13. The department of social and health services shall have the same authority over the hospital of a tuberculosis and respiratory disease hospital district as its authority over any privately administered hospital in this state.

*NEW SECTION.* Sec. 14. Until January 1, 1972, counties and the state shall continue to pay for the treatment of county patients at Edgecliff in Spokane, Washington, in the same manner as they have during this 1969-1971 fiscal biennium prior to the effective date of sections 5 through 14 of this amendatory act.

*NEW SECTION.* Sec. 15. Sections 5 through 14 of this 1971 amendatory act are necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.", and the same is herewith transmitted. #### POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Litchman.

Mr. Litchman: "Mr. Thompson, can you tell the body here why we are not hypocritical in that we are not affecting the legislature in this particular bill?"

Mr. Thompson: "Representative Litchman, we are powerless to provide something by statute because of the constitutional constraints. Article II, section 9, provides that each house shall determine the rules of its own proceedings. That is one constraint. The other is contained in Article II, section 16, which provides immunity for each legislator from arrest or civil process. The sanctions contained in this bill provide for civil process, and that is another reason why we do not include the legislature under the effect of this act."

#### POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Grant.

Mr. Grant: "Mr. Thompson, for the purposes of the record and the Journal, is there anything in this act, as far as you can tell, that would prohibit closed sessions for the purpose of negotiating contracts of any public body?"

Mr. Thompson: "Not, Representative Grant, if they are conducted by representatives of the governing body of a public agency. When, following the conclusion of negotiations, the recommendations of negotiators are brought to the governing body for approval, this should be done, under the provisions of this act, in public."

## POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Randall.

Mr. Randall: "When this bill was considered in committee (and the chairman has the prerogative to run the meeting open or closed as he sees fit)—at any time that this bill was being handled, was it in closed session, or were all your sessions open?"

Mr. Thompson: "Are you referring, Representative Randall, to the conduct of the Local Government Committee in the House of Representatives?"

Mr. Randall: "Yes, the House Local Government Committee in its deliberations on this bill."

Mr. Thompson: "I would prefer to yield to the chairman on that question."

## POINT OF INQUIRY

Mr. Smythe yielded to question by Mr. Randall.

Mr. Randall: "You did have closed meetings?"

Mr. Smythe: "We had an executive session, that is correct. And, ironically, we asked the newspapermen to leave while we held the subject of open meetings."

Mr. Randall spoke against passage of the bill.

The Speaker (Mr. Copeland presiding) recognized Mr. Smythe.

Mr. Smythe: "Just for brief clarification: The word 'committee' as listed in the bill does not mean a subcommittee group made up of a few members of the governmental authority. This is a misinterpretation. It is a committee such as any other committee appointed by the Governor or any other legal committee—not a subcommittee."

Mr. Charnley spoke against passage of the bill.

## ROLL CALL

#### PARLIAMENTARY INQUIRY

Mr. Eikenberry: "Point of inquiry, Mr. Speaker. Would an affirmative vote on this amendment provide a grandfather clause that all of the present escrow agents would be included in the licensing act? Would a 'yea' vote mean that all of the present escrow agents would be included automatically under the licensing provision?"

The Speaker (Mr. Copeland presiding): "I am interpreting it that an 'aye' vote on this amendment would reinstate section 20 of the engrossed bill into the committee amendment. Is that correct, Mr. Julin?"

Mr. Julin: "Yes, Mr. Speaker. The effect of this amendment would be to reinstate section 20, which is the grandfather clause, into the bill."

**NEW SECTION. Sec. 33.** Except as provided in section 35 of this 1971 act, no person or other legal entity may refuse to pay the refund value required under this chapter for malt beverage or soft drink beverage containers bearing the same brand name as that which he or it sells within the state. Such person or other legal entity may promulgate reasonable regulations to facilitate handling, counting, and collection of containers so as not to unduly interfere with the normal operation of his business.

Any person or other legal entity may refuse to pay the refund value required under this chapter for malt beverage or soft drink containers bearing a brand name other than that which he or it sells within the state.

**NEW SECTION. Sec. 34.** All persons or other legal entities who are required to pay refunds for malt beverage or soft drink beverage containers or who sell malt beverages or soft drink beverages in containers but are exempted from such refund requirement by section 35 of this 1971 act, shall either utilize such containers in a recycling process or make such containers available to a place of business which will utilize the containers in such manner, and, if necessary, deliver such containers to such place of business to insure their utilization in a recycling process.

**NEW SECTION. Sec. 35.** Any person or other legal entity selling in containers malt beverages or soft drink beverages intended solely for consumption on the premises of the seller may elect not to charge a deposit at the time of sale, and if so electing is not subject to the refund requirements of section 33 of this 1971 act as to such containers.

**NEW SECTION. Sec. 36.** This 1971 act shall not apply to the sale of malt beverages and soft drink beverages in receptacles other than containers as defined in section 30 of this 1971 act.

The department of ecology, in the exercise of its rule making powers, may adopt, promulgate, amend, or rescind regulations further specifying the meanings of certain terms of this chapter, including 'dairy products', and 'natural fruit juices', and shall, commencing as soon as practicable, make public a list of all malt beverage and soft drink beverage containers subject to the provisions of this chapter.

**NEW SECTION. Sec. 39.** The attorney general, with the assistance of the department of ecology, is authorized to bring any appropriate action at law or in equity, including action for injunctive relief, in the name of the people of the state of Washington as may be necessary to carry out the provisions of this chapter.

**NEW SECTION. Sec. 40.** Any person or other legal entity who violates any provision of this chapter shall incur, in addition to any other penalty as provided by law, a penalty in the amount of one hundred dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty provided in this chapter.

The penalty provided for in this chapter shall become due and payable when the person incurring the same receives a notice in writing from the director of the department of ecology describing the violation or violations with reasonable particularity and advising such person that the penalty is due. Within fifteen days of receiving such notice of penalty, the recipient thereof may apply in writing for relief from the penalty imposed. Upon receipt of such application, the director of the department of ecology may, when deemed in the best interest to carry out the purposes of this chapter, remit or mitigate the penalty imposed, upon such terms as he in his discretion shall deem proper, and shall have authority to ascertain the facts upon all such applications in such manner as he may deem proper. The director of the department of ecology shall notify the applicant for relief in writing of the disposition of such application.

If the amount of any penalty imposed is not paid to the department of ecology within fifteen days after receipt of notice imposing the same, or if an application for relief from the penalty has been timely made and the amount imposed in the notice of disposition of such application is not paid within fifteen days after the violator has received such notice of disposition, the attorney general, upon the request of the director of the department of ecology, shall bring an action to recover such penalty in the superior court of the county in which the violation occurred.

Proceedings before any superior court instituted to enforce or review a penalty imposed under this section shall be trials on the merits. In all such actions the procedure and rules of evidence shall be the same as in an ordinary civil action.

Notwithstanding any provisions of this chapter or other law which may be to the contrary, the procedures established by this section shall be construed as separate from and unaffected by procedures established elsewhere in this chapter or any other law. Nothing in this section shall be construed to abridge, alter, or foreclose alternative actions in common law, equity, or statutory law, criminal or civil.

No proceedings pursuant to this section shall be construed as being within the definition of 'contested case' in RCW 34.04.010(3). No action of the department of ecology shall be reviewable by an administrative hearing process. The pollution control hearings board of Washington shall not have jurisdiction to review actions of the department of ecology taken pursuant to this section.

All penalties recovered under this section shall be paid into the state treasury and credited to the general fund.

*NEW SECTION. Sec. 41.* Any person violating any provision of this chapter shall be guilty of a misdemeanor. Each day such violation continues shall constitute a separate offense.

A malt beverage or soft drink beverage sold in a container in violation of this chapter is a public nuisance and may be abated as such.

*NEW SECTION. Sec. 42.* If any provision of this 1971 act or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances, is not affected.

*NEW SECTION. Sec. 43.* Section 28 through 44 of this act, notwithstanding any other provision of this 1971 amendatory act, shall take effect on January 1, 1972. Nothing in this act shall apply to containers distributed, sold, or offered for sale prior to the effective date. The director of the department of ecology is authorized to immediately take such steps as are necessary to insure that this act is implemented on its effective date.

*NEW SECTION. Sec. 44.* Section 28 through 44 of this act shall constitute a new chapter in Title 69 RCW.'

## SENATE AMENDMENTS TO HOUSE BILL

May 9, 1971.

Mr. Speaker: The Senate has passed HOUSE BILL NO. 992 with the following amendments:

Strike all of the title and substitute the following:

"An Act relating to air pollution; authorizing the issuance of orders; authorizing episode avoidance plans; adding new sections to chapter 232, Laws of 1957 and to chapter 70.94 RCW; and repealing section 57, chapter 238, Laws of 1967, section 43, chapter 168, Laws of 1969 ex. sess. and RCW 70.94.415."

Strike everything after the enacting clause and substitute the following:

"*NEW SECTION.* Section 1. The legislature finds that whenever meteorological conditions occur which reduce the effective volume of air into which air contaminants are introduced, there is a high danger that normal operations at air contaminant sources in the area affected will be detrimental to public health or safety. Whenever such conditions, herein denominated as air pollution episodes, are forecast, there is a need for rapid short-term emission reduction in order to avoid adverse health or safety consequences.

Therefore, it is declared to be the policy of this state that an episode avoidance plan should be developed and implemented for the temporary reduction of emissions during air pollution episodes.

It is further declared that power should be vested in the governor to issue emergency orders for the reduction or discontinuance of emissions when such emissions and weather combine to create conditions imminently dangerous to public health and safety.

*NEW SECTION.* Sec. 2. The department of ecology is hereby authorized to develop an episode avoidance plan providing for the phased reduction of emissions wherever and whenever an air pollution episode is forecast. Such an episode avoidance plan shall conform with any applicable federal standards and shall be effective state-wide. The episode avoidance plan may be implemented on an area basis in accordance with the occurrence of air pollution episodes in any given area.

The department of ecology may delegate authority to adopt source emission reduction plans and authority to implement all stages of occurrence up to and including the warning

stage, and all intermediate stages up to the warning stage, in any area of the state, to the air pollution control authority with jurisdiction therein.

The episode avoidance plan, which shall be established by regulation in accordance with chapter 34.04 RCW, shall include, but not be limited to the following:

(1) The designation of episode criteria and stages, the occurrence of which will require the carrying out of preplanned episode avoidance procedures. The stages of occurrence shall be (a) forecast, (b) alert, (c) warning, (d) emergency, and such intermediate stages as the department shall designate. 'Forecast' means the presence of meteorological conditions that are conducive to accumulation of air contaminants and is the first stage of an episode. 'Alert' means concentration of air contaminants at levels at which short-term health effects may occur, and is the second stage of an episode. 'Warning' means concentrations are continuing to degrade, contaminant concentrations have reached a level which, if maintained, can result in damage to health, and additional control actions are needed and is the third level of an episode. 'Emergency' means the air quality is posing an imminent and substantial endangerment to public health and is the fourth level of an episode;

(2) The requirement that persons responsible for the operation of air contaminant sources prepare and obtain approval from the director of source emission reduction plans, consistent with good operating practice and safe operating procedures, for reducing emissions during designated episode stages;

(3) Provision for the director of the department of ecology or his authorized representative, or the air pollution control officer if implementation has been delegated, on the satisfaction of applicable criteria, to declare and terminate the forecast, alert, warning and all intermediate stages, up to the warning episode stage, such declarations constituting orders for action in accordance with applicable source emission reduction plans;

(4) Provision for the governor to declare and terminate the emergency stage and all intermediate stages above the warning episode stage, such declarations constituting orders in accordance with applicable source emission reduction plans;

(5) Provisions for enforcement by state and local police, personnel of the departments of ecology and social and health services, and personnel of local air pollution control agencies; and

(6) Provisions for reduction or discontinuance of emissions immediately, consistent with good operating practice and safe operating procedures, under an air pollution emergency as provided in section 3 of this 1971 act.

Source emission reduction plans shall be considered orders of the department and shall be subject to appeal to the pollution control hearings board according to the procedure in chapter 43.21B RCW.

**NEW SECTION.** Sec. 3. Whenever the governor finds that emissions from the operation of one or more air contaminant sources is causing imminent danger to public health or safety, he may declare an air pollution emergency and may order the person or persons responsible for the operation of such air contaminant source or sources to reduce or discontinue emissions consistent with good operating practice, safe operating procedures and source emission reduction plans, if any, adopted by the department of ecology or any local air pollution control authority to which the department of ecology has delegated authority to adopt emission reduction plans. Orders authorized by this section shall be in writing and may be issued without prior notice or hearing. In the absence of the governor, any findings, declarations and orders authorized by this section may be made and issued by his authorized representative.

**NEW SECTION.** Sec. 4. Whenever any order has been issued pursuant to this act, the attorney general, upon request from the governor, the director of the department of ecology, an authorized representative of either, or the attorney for a local air pollution control authority upon request of the control officer, shall petition the superior court of the county in which is located the air contaminant source for which such order was issued for a temporary restraining order requiring the immediate reduction or discontinuance of emissions from such source.

Upon request of the party to whom a temporary restraining order is directed, the court shall schedule a hearing thereon at its earliest convenience, at which time the court may withdraw the restraining order or grant such temporary injunction as is reasonably necessary to prevent injury to the public health or safety.

**NEW SECTION.** Sec. 5. Orders issued to declare any stage of an air pollution episode avoidance plan under section 2 of this 1971 act, and to declare an air pollution emergency, under section 3 of this 1971 act, and orders to persons responsible for the operation of an air contaminant source to reduce or discontinue emissions, according to sections 2 and 3 of this 1971 act shall be effective immediately and shall not be stayed pending completion of review.

**NEW SECTION.** Sec. 6. Sections 1 through 5 of this 1971 act are added to chapter 232, Laws of 1957 and to chapter 70.94 RCW.

**NEW SECTION.** Sec. 7. Section 57, chapter 238, Laws of 1967, section 43, chapter 168, Laws of 1969 ex. sess. and RCW 70.94.415 are each repealed." and the same is herewith transmitted. SIDNEY R. SNYDER, Secretary.

Voting yea: Representatives Adams, Amen, Anderson, Backstrom, Bagnariol, Barden, Bauer, Beck, Benitz, Berentson, Blair, Bledsoe, Bluechel, Bottiger, Bozarth, Bradley, Brouillet, Ceccarelli, Charette, Chamley, Chatalas, Conner, Conway, Copeland, Costanti, Cunningham, Curtis, Douthwaite, Eikenberry, Farr, Flanagan, Gallagher, Gilleland, Gladder, Goldsworthy, Grant, Hansey, Harris, Hatfield, Haussler, Hoggins, Hubbard, Hurley, Jastad, Johnson, Jones, Jueling, Julin, Kilbury, King, Kirk, Knowles, Kopet, Kraabel, Kuehnle, Litchman, Luders, Lynch, Lysen, Marsh, Martinis, Marzano, Maxie, May, McCormick, McDermott, Mentor, Merrill, Moon, Morrison, Newhouse, North, O'Brien, Paris, Perry, Rabel, Randall, Rosellini, Ross, Savage, Sawyer, Schumaker, Shera, Shipoch, Smith, Smythe, Spanton, Thompson, Van Dyk, Wanamaker, Williams, Wojahn, Wolf, Zimmerman, Mr. Speaker—95.

Absent or not voting: Representatives Brown, Kiskaddon, Pardini, Polk—4.

Senate Bill No. 493 as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

ENGROSSED SENATE BILL NO. 530, by Senators Ridder, Odegaard, Canfield and Jolly (by Superintendent of Public Instruction request):

Defining certain terms relating to vocational education.

The bill was read the second time.

Mr. Smythe moved adoption of an amendment by Representatives Smythe and Brown adding new sections after section 2 of Engrossed Senate Bill No. 530. Mr. Smythe stated that the floor amendment was the same as Senate Bill No. 160 as amended by the House.

#### POINT OF ORDER

Mr. Randall: "Is the amendment that Representative Smythe is proposing, the same as the House Committee amendment to Senate Bill No. 160?"

Mr. Smythe: "That is the one, right."

Mr. Randall: "I would raise the point of order on scope and object. Senate Bill No. 530 relates to education, true. And then it defines certain terms. The amendment that Mr. Smythe wishes to put on the bill refers to state hearing examiners and the state board. As I read this bill we only refer to defining vocational education, occupational exploration, industrial arts, manpower training and job market area, and that is all. I would raise a point of order as to the object and scope of the amendment being pertinent to the bill."

Mr. Smythe: "Mr. Speaker, this amendment does define hearing examiner, and it deals with vocational districts."

#### RULING BY THE SPEAKER (MR. COPELAND PRESIDING)

The Speaker (Mr. Copeland presiding): "Mr. Smythe, the contents of Senate Bill No. 530 are as indicated in the title that says, 'relating to education; defining certain terms; and adding new sections.' Throughout section one and the entire body of the bill, it relates to vocational education. I find that your amendment, of course, has a tendency to broaden this to state hearing examiners, intermediate school districts—and it truly broadens the scope and object of the intent behind Senate Bill No. 530 so drastically that I am going to have to rule Mr. Randall's raising of the question well taken. To allow your amendment to be appended to Senate Bill No. 530 would truly open up the entire spectrum of all education, regardless of whether it be common schools, higher education, intermediate school districts, or whatever. For that reason I am going to have to rule that your amendment does enlarge the scope and object and it would be out of order."

The Clerk read the following amendment by Representatives Hoggins, Flanagan and Bledsoe:

On page 2, after section 2 insert the following new sections:

"Sec. 3. Section 28A.57.250, chapter 223, Laws of 1969 ex. sess. and RCW 28A.57.250 are each amended to read as follows:

For all purposes essential to the maintenance, operation, and administration of the schools of a district, including the apportionment of current state and county school funds, a joint school district shall be considered as belonging to the county in which the high school of said district or the county in which the high school with the largest enrollment at the time of its establishment, is situated, or in case no high school is operated by the district, to the county in which is situated the schoolhouse of the district or the school with the largest attendance, if there be more than one schoolhouse. If there is no schoolhouse in the joint district, said district shall then be considered as belonging to the county in which is located that part of the district having the largest number of children of school age residing therein: *PROVIDED, That if a joint school district was created by consolidation of two separate school districts, and if such joint school district is made up of parts of three or more separate counties, then the joint school district will be considered for the purposes of this section as belonging to the county with the highest classification.*

*NEW SECTION.* Sec. 4. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions and shall take effect immediately."

#### POINT OF ORDER

Mr. Randall: "I would raise the same point of order as to the tightly drawn title, 'relating to education and defining certain terms.'"

#### RULING BY THE SPEAKER (MR. COPELAND PRESIDING)

The Speaker (Mr. Copeland presiding): "Mr. Randall, I am going to have to rule again that your point is very well taken. Mr. Hoggins' amendment deals with the maintenance, operation and administration of school districts, including the apportionment of current state and county funds. It obviously expands the scope and object of Senate Bill No. 530 to such a drastic extent that this amendment would be out of order."

The Clerk read the following amendment by Representatives Ross, Maxie, Douthwaite, Polk and Eikenberry:

On page 2 after section 2 insert the following new sections:

**"NEW SECTION.** Sec. 3. It is the intent of this 1971 act to encourage innovation in methods of education, so that the children of this state have access to excellent educational facilities using the most modern and effective techniques. It is the further intent of this 1971 act to demonstrate the merits of schools operated by a community controlled corporation with full powers to devise a program of education appropriate for that particular community. To carry out the intentions of this 1971 act, it shall be liberally interpreted to grant community controlled educational service corporations a high degree of freedom in the methods and techniques employed.

**NEW SECTION.** Sec. 4. For the purposes of this 1971 act, the following definitions shall apply:

- (1) 'Superintendent' means the state superintendent of public instruction;
- (2) 'State board' means the state board of education;
- (3) 'School board' means the board of directors of a school district;
- (4) 'Educational service corporation' means a public corporation organized to provide educational services, and with the board of directors elected from the members of the community served by the corporation.
- (5) 'Demonstration school' means a school operated by an educational service corporation, and using innovative educational techniques designed to best serve the community within which it operates.

**NEW SECTION.** Sec. 5. (1) Any school district with a total enrollment exceeding eighty thousand students is hereby authorized to designate any public school facilities within such district as demonstration school facilities.

(2) Such school district may then negotiate with an educational service corporation for the operation of such demonstration school. The school district may make contracts with the educational service corporation to carry out the operation of such demonstration schools.

(3) Such contracts shall obligate the school district to pay to the educational service corporation a certain sum for each pupil who attends the demonstration school. Such contracts shall be for a minimum term of one year, the contract year to correspond with the school year as defined by RCW 28A.01.020.

**NEW SECTION.** Sec. 6. (1) Moneys paid an educational service corporation under section 5 of this 1971 act may come from any revenue source the school district may have.

(2) The expenditure of such payments under the contract between the school district and the educational service corporation shall be at the discretion of the corporation, subject to existing municipal, state and federal laws governing accountability for public funds, including, but not limited to the provisions of chapter 28A.65 RCW.

**NEW SECTION.** Sec. 7. In addition to the powers and duties provided in RCW 28A.04.120, the state board shall:

- (1) Examine and accredit demonstration schools carrying out a program for any or all of the grades kindergarten through twelve;
- (2) Waive the requirements for teachers in demonstration schools of certification by the state superintendent as provided by RCW 28A.65.010.

**NEW SECTION.** Sec. 8. (1) The teachers from the school district contracting with the educational service corporation who are employed to teach in a demonstration school shall continue to accumulate tenure while employed by the educational service corporation.

(2) Teachers in a demonstration school, whether from the contracting school district or from an outside school district, and personnel hired as teachers by a demonstration school, even though not certified by the state superintendent, shall be eligible to join or continue to make contributions to the state teachers' retirement system, as established by chapter 41.32 RCW, with full rights and privileges of other members.

(3) The employment of teachers in a demonstration school shall not be subject to the contract provisions of RCW 28A.67.070: PROVIDED, That teachers employed from the contracting school district shall still be employed under the provisions of RCW 28A.67.070.

**NEW SECTION.** Sec. 9. Any demonstration school or an educational service corporation operating such school shall have the authority to make necessary contracts with any school district, community college, college, university, business, industry, labor organization or person to provide goods and services to be used in the operation of the demonstration school.

**NEW SECTION.** Sec. 10. (1) Demonstration schools shall have the status of regular school districts for the purpose of direct requisition of surplus state and federal properties.

(2) Demonstration schools shall have the status of tax exempt educational institutions.

**NEW SECTION.** Sec. 11. Demonstration schools shall operate according to federal and state laws and regulations on requirements of racial integration and according to federal and state court decisions on requirements of racial integration.

**NEW SECTION.** Sec. 12. This 1971 act may be known and cited as the 'Educational Service Corporation Act of 1971'.

**NEW SECTION.** Sec. 13. The provisions of sections 3 through 13 of this act shall have no force or effect after September 1, 1976."

#### POINT OF ORDER

Mr. Randall: "Same point of order. Same objection."

## RULING BY THE SPEAKER (MR. COPELAND PRESIDING)

The Speaker (Mr. Copeland presiding): "Representative Randall raised a question as to whether or not the floor amendment by Representatives Ross, Maxie, Douthwaite, Polk and Eikenberry enlarges the scope and object of the bill. I find the context of the amendment is also contained in a House Bill. The preamble of the House Bill states: 'An Act relating to education; authorizing certain school districts to contract with a community educational service corporation for educational services; . . .' The recitation continues ' . . . and creating a new chapter in Title 28A RCW.' Again, to be consistent, I will have to rule that this truly enlarges the scope and object of Senate Bill No. 530 to such an extent that Mr. Randall's point is well taken, and it is out of order."

Mr. Hoggins moved adopted of the following amendment by Representatives Hoggins, Curtis and Brouillet:

On page 1, insert the following new section:

"*NEW SECTION.* Sec. 2. Notwithstanding any other provision of law, after the effective date of this 1971 act boards of directors of all school districts may provide their employees with insurance protection covering those employees while engaged in the maintenance of order and discipline and the protection of school personnel and students and the property thereof when that is deemed necessary by such school district boards of directors. Such insurance protection must include as a minimum, liability insurance covering injury to persons and property, and insurance protecting those employees from loss or damage of their personal property incurred while so engaged.

Sec. 3. Section 28A.58.420, chapter 223, Laws of 1969 ex. sess. as last amended by section 3, chapter 8, Laws of 1971 and RCW 28A.58.420 are each amended to read as follows:

The board of directors of any of the state's school districts may make available liability, life, health, *health care*, accident, disability and salary *protection* or insurance or any one of, or a combination of the enumerated types of insurance, *or any other type of insurance or protection*, for the members of the boards of directors, the students, and employees of the school district, and their dependents. Whenever funds shall be available for these purposes the board of directors of the school district may contribute [toward] *all or a part* of the cost of such [life, health, accident, disability and salary] *protection* or insurance [, including hospitalization and medical aid] for the employees of their respective school districts and their dependents in an amount not to exceed [ten] *twenty* dollars per month per employee covered. The premiums on such liability insurance shall be borne by the school district. The premiums due on such [life, health, accident, or disability and salary] *protection* or insurance shall be borne by the assenting school board member or student.

Sec. 4. Section 28B.10.660, chapter 223, Laws of 1969 ex. sess. as amended by section 4, chapter 237, Laws of 1969 ex. sess. and RCW 28B.10.660 are each amended to read as follows:

The regents or trustees of any of the state's institutions of higher education may make available liability, life, health, *health care*, accident, disability and salary *protection* or insurance or any one of, or a combination of, the enumerated types of insurance, *or any other type of insurance or protection*, for the regents or trustees, students and employees of the institution, and their dependents. Whenever funds shall be available for these purposes, the regents or trustees of any of the state's institutions of higher education may contribute [toward] *all or a part* of the cost of such [life, health, accident, disability and salary] *protection* or insurance [, including hospitalization and medical aid.] for the employees of their respective institutions and their dependents in an amount not to exceed [ten] *twenty* dollars per month per employee covered. The premiums due on such liability insurance shall be borne by the university or college. The premiums due on such [life, health, accident, or disability and salary] *protection* or insurance shall be borne by the assenting regent, trustee or student.

*NEW SECTION.* Sec. 5. Section 2 of this 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

*NEW SECTION.* Sec. 6. If any provision of this 1971 act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

## POINT OF ORDER

Mr. Eikenberry: "Mr. Speaker, my point of order is that this amendment is beyond the scope and object of the original bill."

## RULING BY THE SPEAKER (MR. COPELAND PRESIDING)

The Speaker (Mr. Copeland presiding): "Mr. Eikenberry, your point appears to be well taken. The contents of the amendment offered by Mr. Hoggins, Mr. Curtis and Mr. Brouillet deal with the extension of certain functions within a school district relating to the board of

directors' policies and duties with relation to liability, life, health, health care, accident, disability and salary protection. I would have to be consistent again and say that this enlarges the scope and object of this bill, which is quite restrictive, so drastically that your point is well taken and it will have to be declared to be out of order."

Mr. Kuehnle moved adoption of the following amendment by Representatives Kuehnle and Randall:

On page 2, after section 2, insert the following new section:

"NEW SECTION. Sec. 3. There is added to chapter 233, Laws of 1969 ex. sess. and to chapter 28A.58 RCW a new section to read as follows:

In addition to the powers conferred under RCW 28A.58.045, the board of directors of any school district may, in the event the board finds that a sale of real property cannot be made in the manner provided by RCW 28A.58.045, engage an agent to negotiate the sale of any real property, which is authorized under RCW 28A.58.045: PROVIDED, That the board shall not obligate the school district to pay a fee for any such agent's services unless a sale be effected for not less than ninety percent of the appraised value thereof: PROVIDED, FURTHER, That if no sale be effected by the agent for not less than ninety percent of the appraised value thereof then the board may engage a licensed real estate broker to negotiate a sale at not less than ninety percent of the appraised value thereof and obligate the school district to pay a fee for such broker's services: PROVIDED FURTHER, That the provisions of this act shall expire on December 31, 1973 and be of no force or effect after that date."

#### POINT OF ORDER

Mr. Brouillet: "Mr. Speaker, I raise the point of order that it enlarges the scope and object of this bill."

#### RULING BY THE SPEAKER (MR. COPELAND PRESIDING)

The Speaker (Mr. Copeland presiding): "Mr. Brouillet, the Speaker is going to have to rule that your point is well taken. The contents of the amendment by Mr. Kuehnle and Mr. Randall deal with a subject matter having to do with an agent to negotiate the sale price of any real estate which is authorized under RCW 28A.58.045. Again, to be consistent, I would have to rule that the subject matter of real estate within school districts being sold or contracted for would enlarge the scope and object of this bill, and it would be out of order at this time."

Engrossed Senate Bill No. 530 was passed to Committee on Rules and Administration for third reading.

## REPORT OF FREE CONFERENCE COMMITTEE

May 9, 1971.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred ENGROSSED SENATE BILL NO. 59, establishing a judicial retirement system, have had the same under consideration, and we recommend that the attached bill be substituted therefor and that it do pass.

An Act establishing a retirement system for judges of courts of record; and creating new sections.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

*NEW SECTION.* Section 1. This act shall be known and cited as the Washington Judicial Retirement System Act.

*NEW SECTION.* Sec. 2. The purpose of this 1971 act is to effect a system of retirement from active service.

*NEW SECTION.* Sec. 3. (1) "Retirement system" means the "Washington judicial retirement system" provided herein.

(2) "Judge" means a person elected or appointed to serve as judge of a court of record as provided in chapters 2.04, 2.06, and 2.08 RCW. Said word shall not include a person serving as a judge pro tempore.

(3) "Retirement board" means the "Washington judicial retirement board" established herein.

(4) "Surviving spouse" means the surviving widow or widower of a judge. The word shall not include the divorced spouse of a judge.

(5) "Retirement fund" means the "Washington judicial retirement fund" established herein.

(6) "Beneficiary" means any person in receipt of a retirement allowance, disability allowance or any other benefit described herein.

(7) "Monthly salary" means the monthly salary of the position held by the judge.

(8) "Service" means all periods of time served as a judge, as herein defined. Any calendar month at the beginning or end of a term in which ten or more days are served shall be counted as a full month of service: PROVIDED, That no more than one month's service may be granted for any one calendar month. Only months of service will be counted in the computation of any retirement allowance or other benefit provided for in this 1971 act. Years of service shall be determined by dividing the total months of service by twelve. Any fraction of a year of service as so determined shall be taken into account in the computation of such retirement allowance or benefit.

(9) "Final average salary" means (a) for a judge in service in the same court for a minimum of twelve consecutive months preceding the date of retirement, the salary attached to the position held by the judge immediately prior to retirement; (b) for any other judge, the average monthly salary paid over the highest twenty-four month period in the last ten years of service.

(10) "Retirement allowance" for the purpose of applying cost of living increases or decreases shall include retirement allowances, disability allowances and survivorship benefit.

(11) "Index" shall mean for any calendar year, that year's annual average consumer price index for urban wage earners and clerical workers, all items (1957-1959 equal one hundred)—compiled by the bureau of labor statistics, United States department of labor.

*NEW SECTION.* Sec. 4. The Washington judicial retirement system is hereby created for judges appointed or elected under the provisions of chapters 2.04, 2.06, and 2.08 RCW. All judges first appointed or elected to the courts covered by these chapters on or after the effective date of this 1971 act shall be members of this system. Any person serving as a judge on the effective date of this 1971 act and who is covered under the provisions of chapter 2.12 RCW shall have the option of transferring to this system. Said transfer shall be in writing and received by the Washington judicial retirement board not later than one calendar year after the effective date of this 1971 act.

*NEW SECTION.* Sec. 5. The Washington judicial retirement board is hereby established. This board shall be responsible for making effective the provisions of this 1971 act, and the authority to make all rules and regulations necessary therefor are hereby vested in the retirement board. All such rules and regulations shall be governed by the provisions of chapter 34.04 RCW, as now or hereafter amended. The administration of the retirement system is hereby vested in the director and staff of the Washington public employees' retirement system established pursuant to chapter 41.40 RCW.

*NEW SECTION.* Sec. 6. The retirement board shall consist of seven members.

(1) Three members shall be elected by the judges of the respective courts. One member shall be elected by and serve as a representative of the supreme court, one from the court of appeals and one from the superior court. The elected board members shall serve a three-year term except that the first member from the supreme court shall serve a one-year term and the first member from the court of appeals shall serve a two-year term.

(2) The governor shall appoint four members, only one of whom may be a member of the Washington state bar association. These members shall serve a four-year term with one member appointed each July 1. Original terms of office of the appointees shall be one, two, three and four years as designated by the governor.

(3) The terms of all members shall commence on the first of July following their election or appointment. Any vacancy occurring by reason of resignation, death, disability or retirement ninety days or more before the expiration of the term of office of any elected board member shall be filled by election as provided in (1) above. If it is less than ninety days before the end of the term of office, the office shall remain vacant until the election for the next term is final. The newly elected member shall then take office immediately and fill out the remainder of the unexpired term in addition to the term to which he was elected.

If a vacancy occurs in the office of an appointed member for any reason, the governor shall appoint a replacement for the remainder of the term.

(4) The retirement board shall annually at its July meeting or the first meeting after July if there is no July meeting, elect a chairman and a vice chairman, one of whom must be a judge and one an appointed board member.

*NEW SECTION. Sec. 7.* The retirement board shall perform the following duties:

(1) Keep in convenient form such data as shall be deemed necessary for actuarial evaluation purposes;

(2) As of July 1 of every even-numbered year have an actuarial evaluation made as to the mortality and service experience of the beneficiaries under this 1971 act and the various accounts created for the purpose of showing the financial status of the retirement fund;

(3) Adopt for the retirement system the mortality tables and such other tables as shall be deemed necessary;

(4) Keep a record of its proceedings, which shall be open to inspection by the public;

(5) Serve without compensation but shall be reimbursed for expense incident to service as individual members thereof;

(6) From time to time adopt such rules and regulations not inconsistent with this 1971 act for the administration of this 1971 act and for the transaction of the business of the board.

No member of the board shall be liable for the negligence, default or failure of any employee or of any member of the board to perform the duties of his office and no member of the board shall be considered or held to be an insurer of the funds or assets of the retirement system, but shall be liable only for his own personal default or individual failure to perform his duties as such member and to exercise reasonable diligence in providing for safeguarding of the funds and assets of the system.

*NEW SECTION. Sec. 8.* (1) The state treasurer shall be the custodian of all funds and securities of the retirement system. Disbursements from this fund shall be made by the state treasurer upon receipt of duly authorized vouchers.

(2) The state treasurer is hereby authorized and directed to deposit any portion of the funds of the retirement system not needed for immediate use in the same manner and subject to all the provisions of law with respect to the deposit of state funds by such treasurer, and all interest earned by such portion of the retirement system's funds as may be deposited by the state treasurer in pursuance of authority herewith given shall be collected by him and placed to the credit of the retirement fund.

(3) The public employees' retirement board established by chapter 41.40 RCW shall have full power to invest or reinvest the funds of this system in those classes of investments authorized by RCW 41.40.071 as now or hereafter amended.

(4) For the purpose of providing amounts to be used to defray the cost of administration and investment, the judicial retirement board shall ascertain at the beginning of each biennium and request from the legislature an appropriation sufficient to cover estimated expenses for the said biennium.

*NEW SECTION. Sec. 9.* The total liability, as determined by the actuary, of this system shall be funded as follows:

(1) Every judge shall have deducted from his monthly salary an amount equal to seven and one-half percent of said salary.

(2) The state as employer shall contribute an equal amount on a quarterly basis.

(3) The state shall in addition guarantee the solvency of said fund and the legislature shall make biennial appropriations from the general fund of amounts sufficient to guarantee the making of retirement payments as herein provided for if the money in the judicial retirement fund shall become insufficient for that purpose, but such biennial appropriation may be conditioned that sums appropriated may not be expended unless the money in the judicial retirement fund shall become insufficient to meet the retirement payments.

*NEW SECTION. Sec. 10.* Retirement of a member for service shall be made by the retirement board as follows:

(1) Any judge who, on the effective date of this 1971 act or within one year thereafter, shall have completed as a judge the years of actual service required under chapter 2.12 RCW and who shall elect to become a member of this system, shall in all respects be deemed qualified to retire under this retirement system upon his written request.

(2) Any member who has completed fifteen or more years of service and has attained the age of sixty years may be retired upon his written request.

(3) Any member who attains the age of seventy-five years shall be retired at the end of the calendar year in which he attains such age.

(4) Any judge who involuntarily leaves service at any time after having served an aggregate of twelve years shall be eligible to a partial retirement allowance computed according to section 11 of this 1971 act and shall receive this allowance upon the attainment of the age of sixty years and fifteen years after the beginning of his judicial service.

*NEW SECTION. Sec. 11.* A member upon retirement for service shall receive a monthly retirement allowance computed according to his completed years of service, as follows: Ten years, but less than fifteen years, three percent of his final average salary for each year of service; fifteen years and over, three and one-half percent of his final average salary for each year of service: PROVIDED, That in no case shall any retired member receive more than seventy-five percent of his final salary except as increased as a result of the cost of living increases as provided by this 1971 act.

*NEW SECTION. Sec. 12.* Any judge who has served as a judge for a period of ten or more years, and who shall believe he has become physically or otherwise permanently

incapacitated for the full and efficient performance of the duties of his office, may file with the retirement board an application in writing, asking for retirement. Upon receipt of such application the retirement board shall appoint one or more physicians of skill and repute, duly licensed to practice their professions in the state of Washington, who shall, within fifteen days thereafter, for such compensation as may be fixed by the board, to be paid out of the fund herein created, examine said judge and report in writing to the board their findings in the matter. If the physicians appointed by the board find the judge to be so disabled and the retirement board concurs in this finding the judge shall be retired.

**NEW SECTION.** Sec. 13. Upon a judge being retired for disability as provided in section 12 of this 1971 act, he shall receive from the fund an amount equal to one-half of his final average salary.

**NEW SECTION.** Sec. 14. A surviving spouse of any judge holding such office, or if he dies after having retired and who, at the time of his death, has served ten or more years in the aggregate, shall receive a monthly allowance equal to fifty percent of the retirement allowance the retired judge was receiving, or fifty percent of the retirement allowance the active judge would have received had he been retired on the date of his death, but in no event less than twenty-five percent of the final average salary that the deceased judge was receiving: PROVIDED, That said surviving spouse had been married to the judge for a minimum of three years at time of death: AND PROVIDED FURTHER, That if the surviving spouse remarries all benefits under this 1971 act shall cease.

**NEW SECTION.** Sec. 15. Every judge retired either for service or disability under the provisions of this 1971 act shall file a statement of income with the retirement board. Any retired judge who is receiving income from employment of any kind shall have his retirement allowance reduced by the amount that his combined retirement allowance and employment income exceed the current monthly salary being paid a judge of the same court in which the retired judge served immediately prior to his retirement.

Failure to file or the filing of a false statement shall be grounds for cancellation of all benefits payable under this 1971 act.

**NEW SECTION.** Sec. 16. Any surviving spouse who is receiving a monthly benefit under the provisions of this 1971 act and who is employed in any capacity shall file with the retirement board a statement of earnings. If said earnings are in excess of fifty percent of the monthly allowance being received the board shall reduce the allowance payable by the amount of said excess.

Failure to file or the filing of a false statement shall be grounds for cancellation of all benefits payable under this 1971 act.

**NEW SECTION.** Sec. 17. Effective July 1, 1972, and of each succeeding year, every retirement allowance which has been in effect for one year or more shall be adjusted to that dollar amount which bears the ratio to its original dollar amount which the retirement board finds to exist between the index for the previous calendar year and the index for the calendar year prior to the date the retirement allowance became payable: PROVIDED, That the amount of increase or decrease in any one year shall not exceed three percent of the then payable retirement allowance: AND PROVIDED FURTHER, That this cost of living adjustment shall not reduce any pension below that amount which was payable at time of retirement.

**NEW SECTION.** Sec. 18. The right of a person to a retirement allowance, disability allowance, or death benefit, the retirement, disability or death allowance itself, any optional benefit, any other right accrued or accruing to any person under the provisions of this 1971 act, and the moneys in the fund created under this 1971 act, are hereby exempt from any state, county, municipal, or other local tax and shall not be subject to execution, garnishment, or any other process of law whatsoever.

**NEW SECTION.** Sec. 19. Any person aggrieved by any final decision of the retirement board must, before petitioning for judicial review, file with the director of the retirement system by mail or personally within sixty days from the day such decision was communicated to such person, a notice for a hearing before the retirement board. The notice of hearing shall set forth in full detail the grounds upon which such person considers such decision unjust or unlawful and shall include every issue to be considered by the retirement board, and it must contain a detailed statement of facts upon which such person relies in support thereof. Such persons shall be deemed to have waived all objections or irregularities concerning the matter on which such appeal is taken other than those records of the retirement system.

**NEW SECTION.** Sec. 20. A hearing shall be held by members of the retirement board, or its duly authorized representatives, in the county of the residence of the claimant at a time and place designated by the retirement board. Such hearings shall be de novo and shall conform to the provisions of chapter 34.04 RCW, as now or hereafter amended. The retirement board shall be entitled to appear in all such proceedings and introduce testimony in support of the decision. Judicial review of any final decision by the retirement board shall be governed by the provisions of chapter 34.04 RCW as now law or hereafter amended.

**NEW SECTION.** Sec. 21. No bond of any kind shall be required of a claimant appealing to the superior court, the court of appeals, or the supreme court from a finding of the retirement board affecting such claimant's right to retirement or disability benefits.

**NEW SECTION.** Sec. 22. (1) Any member of the Washington public employees' retirement system who is eligible to participate in the judicial retirement system may, by written request filed with the retirement boards of the two systems respectively, transfer such membership to the judicial retirement system. Upon the receipt of such request, the

board of the Washington public employees' retirement system shall transfer to the board of the Washington judicial retirement system (1) all employee's contributions and interest thereon belonging to such member in the employees' savings fund and all employer's contributions credited or attributed to such member in the benefit account fund and (2) a record of service credited to such member. One-half of such service shall be computed and not more than nine years shall be credited to such member as though such service was performed as a member of the judicial retirement system. Upon such transfer being made the state treasurer shall deposit such moneys in the judicial retirement fund. In the event that any such member should terminate judicial service prior to his entitlement to retirement benefits under any of the provisions of this 1971 act, he shall upon request therefor be repaid from the judicial retirement fund an amount equal to the amount of his employee's contributions to the Washington public employees' retirement system and interest plus interest thereon from the date of the transfer of such moneys.

(2) Any member of the judicial retirement system who was formerly a member of the Washington public employees' retirement system but who has terminated his membership therein under the provisions of chapter 41.40 RCW, may reinstate his membership in the Washington public employees' retirement system, for the sole purpose of qualifying for a transfer of membership in the judicial retirement system in accordance with subsection (1) above by making full restoration of all withdrawn funds to the employees' savings fund prior to January 1, 1972. Upon reinstatement in accordance with this subsection, the provisions of subsection (1) and the provisions of RCW 41.40.120 (3) shall then be applicable to the reinstated member in the same manner and to the same extent as they are to the present members of the Washington public employees' retirement system who are eligible to participate in the judicial retirement system.

(3) Any member of the judicial retirement system who has served as a judge for one or more years and who has rendered service for the state of Washington, or any political subdivision thereof, prior to October 1, 1947, or the time of the admission of the employer into the Washington public employees' retirement system, may—upon his payment into the judicial retirement fund of a sum equal to 5% of his compensation earned for such prior public service—request and shall be entitled to have one-half of such service computed and not more than six years immediately credited to such member as though such service had been performed as a member of the judicial retirement system, provided that any such prior service so credited shall not be claimed for any pension system other than a judicial retirement system.

## REPORT OF FREE CONFERENCE COMMITTEE

May 10, 1971.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred ENGROSSED SENATE BILL NO. 273, authorizing for consent for drug and alcohol abuse care by minors, have had the same under consideration, and we recommend that the attached bill be substituted therefor and that it do pass.

An Act relating to narcotic drugs, dangerous drugs, and alcohol; amending section 2, chapter 111, Laws of 1967 ex. sess. and RCW 71.24.020; amending section 3, chapter 111, Laws of 1967 ex. sess. and RCW 71.24.030; and creating new sections.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

**NEW SECTION.** Section 1. It is the purpose of this 1971 amendatory act to provide the financial assistance necessary to enable the department of social and health services to offer a meaningful program of rehabilitation for those persons suffering problems related to narcotic drugs, dangerous drugs, and alcohol and to develop a community educational program as to those problems for the benefit of the state's population generally. Such programs can develop in the people of this state a knowledge of the problems caused by alcohol and drug abuse, an acceptance of responsibility for alcohol and drug related problems, an understanding of the causes and consequences of the use and abuse of alcohol and drugs, and thus may prevent many problems from occurring.

It is the further purpose of this 1971 amendatory act to provide for qualified drug treatment centers approved by the department of social and health services.

**NEW SECTION.** Sec. 2. The following words and phrases shall have the following meaning when used in this 1971 amendatory act:

(1) "Secretary" shall mean the secretary of the department of social and health services.

(2) "Department" shall mean the department of social and health services.

(3) "Drug and alcohol rehabilitation program" shall mean the program developed by the department of social and health services to aid persons suffering problems related to narcotic drugs, dangerous drugs, and alcohol.

(4) "Drug and alcohol educational program" shall mean the program developed by the department of social and health services outside of the kindergarten through twelve programs in the schools to educate the people of this state relative to the use and abuse of narcotic drugs, dangerous drugs and alcohol, and the prevention and consequences thereof.

The secretary of social and health services shall issue application forms which shall require the following, where applicable:

(1) The name and address of the applicant drug treatment center;

(2) The name of the director or head of such drug treatment center;

(3) The names of the members of the board of directors or sponsors of such drug treatment center;

(6) The source of funds used to finance the activities of such drug treatment center;

(7) Any other information required by rule or regulation of the secretary of social and health services pertaining to the qualifications of such drug treatment center.

The secretary of social and health services may either grant or deny approval or revoke or suspend approval previously granted after investigation to ascertain whether or not such center is adequate to the care, treatment, and rehabilitation of such persons who have voluntarily submitted themselves to the care of such center; such grant, denial or revocation of approval shall be in accordance with standards as set forth in rules and regulations promulgated by the secretary.

Such approval shall be effective for one calendar year from the date of such approval. Renewal of approval shall be made in accordance with the provisions of this section for initial approval and in accordance with the standards set forth in rules and regulations promulgated by the secretary.

**NEW SECTION.** Sec. 4. The secretary shall establish within the department a program designed to aid and rehabilitate persons suffering from problems relating to narcotic drugs, dangerous drugs, and alcohol. Without duplicating, and in coordination with the programs established by the state superintendent of public instruction, the secretary shall establish community educational programs outside of the kindergarten through twelve programs in the schools relating to alcohol and drug use and abuse. The secretary is authorized to promulgate rules and regulations pursuant to chapter 34.04 RCW to carry out the provisions and purposes of this 1971 amendatory act and is authorized to contract, cooperate and coordinate with other public or private agencies or individuals for such purposes.

**NEW SECTION.** Sec. 5. Pursuant to the provisions of the Interlocal Cooperation Act, chapter 39.34 RCW, the department may enter into agreements as provided therein to accomplish the purposes of this 1971 amendatory act.

Sec. 6. Section 2, chapter 111, Laws of 1967 ex. sess. and RCW 71.24.020 are each amended to read as follows:

As used in this chapter:

(1) ["Director"] "Secretary" shall mean the [director] secretary of the department of [institutions] social and health services or such officer of the department as he may designate to carry out in whole or in part the administration of the provisions of this chapter.

(7) Such services as are set forth in subsection (4) which pertain to the education and information about and prevention of problems of drug and alcohol abuse.

Such inservice training as may be necessary in providing any of the foregoing services shall be proper items of expenditure in connection therewith.

**NEW SECTION.** Sec. 8. Any person fourteen years of age or older may give consent for himself to the furnishing of counseling, care, treatment or rehabilitation by an approved drug treatment center or person licensed or certified by the state related to conditions and problems caused by drug or alcohol abuse. Consent of the parent, parents, or legal guardian of a person less than eighteen years of age shall not be necessary to authorize such care, except that such person shall not become a resident of such treatment center without parental permission. The parent, parents or legal guardian of a person less than eighteen years of age shall not be liable for payment of care for such persons pursuant to this 1971 amendatory act, unless they have joined in the consent to such counseling, care, treatment or rehabilitation.

**NEW SECTION.** Sec. 9. When an individual submits himself for care, treatment, counseling, or rehabilitation to any organization, institution or corporation, public or

private, approved pursuant to this 1971 amendatory act, or any person licensed or certified by the state whose principal function is the care, treatment, counseling or rehabilitation of alcohol abusers or users of narcotic or dangerous drugs, or the providing of medical, psychological or social counseling or treatment, notwithstanding any other provision of law, such individual is hereby guaranteed confidentiality. No such person, organization, institution or corporation or their agents acting in the scope and course of their duties, providing such care, treatment, counseling or rehabilitation shall divulge nor shall they be required to provide any specific information concerning individuals being cared for, treated, counseled or rehabilitated, nor shall pharmacists or their agents provide such information when or if they become aware of or receive such information when requested to or for the purpose of providing products or performing services relevant to said care, treatment, counseling or rehabilitation. Should any person, organization, institution or corporation, or their agents, breach confidentiality as provided for in this section, such information and any product thereof shall not be admissible as evidence or be considered in any criminal proceeding. The fact of an individual of authorized age being cared for, treated, counseled or rehabilitated pursuant to this 1971 amendatory act shall likewise be held confidential and shall not be admissible as evidence or be considered in any criminal proceeding.

Any confidentiality provided for by this section may be waived by the individual, provided such waiver is freely and voluntarily made, and with full prior information as to the consequences thereof.

*NEW SECTION. Sec. 10.* Nothing contained in this 1971 amendatory act shall prohibit or be construed to prohibit the divulging or providing of statistical or other substantive information pertaining to care, treatment, counseling or rehabilitation, pursuant to this 1971 amendatory act, so long as no individual is identified or reasonably identifiable, and individual privacy and confidentiality is retained.

*NEW SECTION. Sec. 11.* Nothing contained in this 1971 amendatory act shall relieve any person or firm from the requirements under federal and state drug laws and regulations for the keeping of records and the responsibility for the accountability of drugs received and dispensed. Such records, insofar as they contain confidential information under this 1971 amendatory act, shall only be available to state and federal drug inspectors who shall not divulge such information as is contained in these records, including the identification of individuals, except (1) upon subpoena in a court or administrative proceeding to which the person to whom such prescription, orders or other records relate is a party, or (2) when the information reasonably leads to the conclusion that there has been a violation of RCW 69.33.380 or 69.40.090, then the information may be referred to other law enforcement officers.

*NEW SECTION. Sec. 12.* There shall be paid to each county on account of expenditures made for community mental health programs defined in section 7 of this 1971 amendatory act not more than fifty percent of the amount expended for such programs, exclusive of the expenditure of funds secured by a community mental health program from federal sources. Where it is determined by the secretary to be necessary for the expansion of existing mental health services or for the development of new mental health services, as described in section 7 of this 1971 amendatory act, and after consultation with the department of revenue regarding the extent to which local funds for the support of mental health services have been exhausted, the state share in any community mental health program may exceed fifty percent of the total expenditures: PROVIDED, That the state share shall be reduced to not more than fifty percent of the total expenditures within two years from the starting date of such new services. Reimbursement shall be made on a monthly basis, upon submission to the secretary of such information as he may require: PROVIDED, FURTHER, That when deemed necessary to maintain proper standards of care in the program, within the discretion of the secretary, the counties shall be required to provide up to fifty percent of the total expended for such program through fees, gifts, contributions, and volunteer services.

The term 'election' means the [state] general elections held on the first Tuesday following the first Monday in November of [the even-numbered and the odd-numbered years: PROVIDED, HOWEVER, That the absentee ballots for service voters of such odd-numbered year election shall be restricted to state measures being submitted for approval or rejection] each year.

The state auditor shall compile such claims for presentation to the next succeeding legislature in the same manner as other legislative relief claims.

(2) The enumeration and location of shorelands which would be subject to federal, state, and local regulation of substantially the same type or effect as that authorized by initiative measure number forty-three, if the voters were to approve instead of initiative measure number forty-three any other measure or measures on the subject of shorelines before them at the same election; and

Remember the remaining section consecutively.

Mr. Brown spoke in favor of the amendment.

Mr. Bottiger moved adoption of the following amendment to the amendment:

On page 2 of the amendment by Representatives Brown and Wolf strike the new language on lines 12 and 13.

Mr. Bottiger spoke in favor of the amendment to the amendment, and Mr. Brown spoke against it.

#### POINT OF INQUIRY

Mr. Julin yielded to question by Mr. Barden.

Mr. Barden: "Representative Julin, the Constitution provides that the people may submit initiatives to the people at general elections. The amendment to the amendment strikes from the amendment a prohibition against the people submitting initiatives at the 1971 general election. My question to you is: If this amendment to the amendment fails, and the prohibition is left in the bill, would that be a constitutional statute where it would prohibit the people in the 1971 general election from submitting an initiative to the electorate?"

Mr. Julin: "You are not going to like this, but the answer I have to give you, in all honesty, is that I don't know."

Mr. Anderson appeared at the bar of the House.

#### POINT OF INQUIRY

Mr. Thompson: "Will Representative Julin yield to another question?"

Representative Julin declined to yield to question.

Mr. Brown yielded to question by Mr. Thompson.

Mr. Thompson: "Representative Brown, conceding that Representative Julin and no one else could perhaps ascertain at this time whether or not this would be a constitutional act, if this provision we are disputing now were found to be unconstitutional, would this whole act be unconstitutional without a severability clause?"

Mr. Brown: "Not being an attorney, I can't answer that."

Mr. Thompson: "Will Representative Bottiger yield and answer the question I directed to Representative Brown?"

Mr. Bottiger: "I will attempt to answer it, Representative Thompson. I find in the initiative proposed by Representatives Brown and Wolf that there is no severability clause. So, in fact, we may be passing here an intentionally unconstitutional annual elections act. Had there been a severability clause, it might have been a little better."

Mr. King demanded an electric roll call, and the demand was sustained.

Representatives Bagnariol and Sawyer appeared at the bar of the House.

Mrs. North spoke against adoption of the amendment to the amendment, and Mr. Perry spoke in favor of it.

#### ROLL CALL

The Clerk called the roll on the adoption of the amendment by Mr. Bottiger to the amendment by Representatives Brown and Wolf to Engrossed Senate Bill No. 192, and the amendment to the amendment was lost by the following vote: Yeas, 49; nays, 50; absent or not voting, 0.

#### SENATE AMENDMENTS TO HOUSE BILL

May 9, 1971.

Mr. Speaker: The Senate has passed ENGROSSED HOUSE BILL NO. 747 with the following amendments:

Strike everything after the enacting clause and insert:

*"NEW SECTION.* Section 1. For election of members of the legislature, the territory of the state shall be divided into forty-nine legislative districts as described in sections 2 through 50 of this act.

(1) The plan represented by this act is based on the 1970 United States Census with the data being adjusted according to the formula established by the attorney general of Washington in order to reflect the presence of transient military personnel. The legislature attempted to achieve precise mathematical equality in the populations of the various legislative districts. Any variation in the populations of the districts is inadvertent and resulted from the policy of following to the extent possible existing political subdivision boundaries, from the policy of choosing other easily identifiable boundaries, or from the necessity of subdividing the smallest census data division and interpolating the percentage of the population total in each portion.

It is legislative policy that census lines should rank no more than equally with other lines available for use in defining districts. The legislature finds that census unit lines are often hard to read on census maps; that the lines used in the 1970 census are often holdovers from earlier censuses and do not reflect urban and suburban growth, new roads, new communities, newly established ethnic groups, or additions to existing political subdivisions; that census unit sizes vary so greatly that it is impossible to use consistent sizes; that in some cases the smallest census units were unreadable or unit lines were missing, which would have forced the use of the larger census units as boundaries; and that voters and election officials find it difficult to determine their district boundaries if only census

units are used in descriptions. In summary the legislature rejects the notion that state redistricting plans must be forced into the pattern established by the federal census lines since the federal census lines were arbitrarily created for the convenience of the federal government in enumerating persons and are not necessarily related to or effective for the process of state legislative redistricting.

(2) In order to provide the best possible representation for all persons the legislature established the policy of dividing a legislative district into two representative districts if significant factors of dissimilarity were found to exist within a district and where a division of the district would serve to provide more effective representation for the different communities of interest. The factors examined by the legislature included the following:

- (a) The combination of urban, suburban, or rural components within a district;
- (b) Presence of ethnic, racial, religious, nationality, or other cultural subgroupings;
- (c) Presence of academic communities around colleges and universities;
- (d) Historical political subdivisions;
- (e) Significant transient populations;
- (f) Geographic factors such as isolation due to distance, mountains, or water barriers;
- (g) Special housing areas;
- (h) Variations in industrial, commercial and agricultural land use or zoning;
- (i) Patterns of home ownership and property taxation;
- (j) Communications and transportation patterns with particular reference to centers of distribution of information, goods, and services;
- (k) Age, income, occupation, family size, number of children in schools, and other demographic factors.

(3) A single three member district is maintained to accommodate the Washington legislative tradition of an uneven number in each house to guarantee that one party will have a majority. This has proven to be in the best interest of the people of the state of Washington.

A formula was devised which provides for proportional representation with the representation value of one of forty-nine senators being correlated with the representation value of one of ninety-nine representatives. Thus in the three house member district a slight under-representation in the senate is balanced by a slight over-representation in the house but in terms of representation units the two member districts and the three member district are equal under the one man, one vote concept.

(4) For the purposes of this act the following guides to interpretation shall apply:

- (a) Road and street descriptions follow the centerline of the named or numbered streets and roads, and a straight line extension thereof where such named or numbered streets or roads have not been cut through, except where the context expressly indicates otherwise. Road and street descriptions are based to the extent possible on 1970 census maps.
- (b) Water boundaries follow the main thread of a river or stream and the centerline of other bodies of water unless the context indicates otherwise.
- (c) Municipal and district boundaries are those boundaries of the political subdivisions of the state as they appear on the 1970 census maps.
- (d) Census tract and enumeration district boundaries are as they appear on the 1970 census maps.

(e) Boundary descriptions making reference to the boundaries of other legislative districts shall refer to the districts established by this act.

Such returned funds are to be used by the chief health officers to carry out tuberculosis control and respiratory disease treatment on a local county level. The sum herein provided for, and any income that may occur from miscellaneous receipts in connection with the aforesaid programs shall be placed in a special fund in the treasury of the headquarters county and obligations incurred for such programs shall be paid from such fund upon order of the district commissioners by the treasurer in the same manner as general county obligations are paid.

Sec. 21. Section 1, chapter 162, Laws of 1943 as last amended by section 7, chapter 47, Laws of 1970 ex. sess. and RCW 70.32.010 are each amended to read as follows:

Tuberculosis is a communicable disease and tuberculosis control, [including hospitalization,] case finding, prevention and follow up of known cases of tuberculosis represents the basic step in the conquest of this major health problem. In order to carry on such work effectively, the [board of county commissioners] legislative authority of each county [in the state] enumerated in section 18 of this 1971 amendatory act shall budget and commencing January 1, 1972 shall levy annually a tax in a sum equal to the amount which would be raised by a levy of [one-eighth] one-sixteenth of a mill against the actual value of the taxable property in [the] any county enumerated in section 18 of this 1971 amendatory act, to be used for the control of tuberculosis, including [hospitalization,] case finding, prevention and follow up of known cases of tuberculosis: PROVIDED, That upon certification of the [state director of health] secretary that any such county has an unexpended balance from such levy, over and above the amount required for adequate tuberculosis control, including [hospitalization,] case finding, prevention and follow up of known cases of tuberculosis within [the] such county, the [board of county commissioners] legislative authority may budget and reappropriate the same for such tuberculosis control for the ensuing year, or it may allocate from time to time such unexpended balance, or any portion thereof, to the county health department for use in furtherance of other communicable disease prevention or control, or as provided in RCW 70.32.090 as now or hereafter amended. The sum herein provided for, and any income that may accrue from miscellaneous receipts in connection with the tuberculosis control program of [the] such county, shall be placed in the county treasury in a special fund to be known as the tuberculosis fund, and obligations incurred for the tuberculosis control program shall be paid from said fund by the county treasurer in the same manner as general county obligations are paid. The county auditor shall furnish to the [board of commissioners] legislative authority and the [state] department [of health] a monthly report of receipts and disbursements in the tuberculosis fund, which report shall also show balances of cash on hand.

Sec. 22. Section 5, chapter 162, Laws of 1943 as last amended by section 16, chapter 54, Laws of 1967 and RCW 70.32.050 are each amended to read as follows:

All arrangements for hospital care, tuberculosis case finding and post hospital public health follow-up of known cases of tuberculosis of any county enumerated in section 18 of this 1971 amendatory act shall be the responsibility of the local health officer and shall be carried out pursuant to rules and regulations adopted by the state board of health.

Sec. 23. Section 6, chapter 162, Laws of 1943 as last amended by section 17, chapter 54, Laws of 1967 and RCW 70.32.060 are each amended to read as follows:

[The admission of all patients whose maintenance is paid for in whole or in part by county or state funds to a county hospital or facility shall be upon application to the local health officer.] Medical reports on the condition of [such] all patients shall be submitted to the health department of [the] any county [maintaining] enumerated in section 18 of this 1971 amendatory act of the patient's [support] residence by the hospital medical director at such times, on such forms and in accordance with such procedure as may be prescribed by the [state director of health] secretary.

Sec. 24. Section 3, chapter 117, Laws of 1959 as last amended by section 15, chapter 110, Laws of 1967 ex. sess. and RCW 70.32.090 are each amended to read as follows:

In any county enumerated in section 18 of this 1971 amendatory act where the [state director of health] secretary has certified that the proceeds of the [one-half] one-sixteenth mill tax levy is more than adequate to provide for tuberculosis control, including [hospitalization,] case finding, prevention, and follow-up of known cases of tuberculosis in the county, the [board of county commissioners] legislative authority, after a special public hearing conducted in accordance with the procedures established for hearings on budgetary matters as delineated in RCW 36.40.060 and 36.40.070 and upon making a finding that an adequate general public health program is being carried out in the county, may budget and reappropriate such surplus funds from the [one-half] one-sixteenth mill tax levy for the ensuing year to the county treasury for general purposes of the county, as authorized by law, or the [board] legislative authority in its discretion may budget, reappropriate and transfer such surplus fund to any public hospital district within the county.

**NEW SECTION.** Sec. 25. On and after January 1, 1972 the provisions of RCW 70.30.010, 70.30.040, 70.30.050, 70.30.080, 70.30.100, 70.32.015, 70.32.021, 70.32.040, 70.32.080 and 70.32.085 shall not apply to any facility operated pursuant to sections 15 through 25 of this 1971 amendatory act.

**NEW SECTION.** Sec. 26. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

#### MOTION

Mr. Morrison moved that the House adopt the report of the Free Conference Committee on House Bill No. 313.

Representatives Kiskaddon and Wolf spoke in favor of the motion.

## POINT OF INQUIRY

Mr. Savage: "I would like to ask one of the conferees to answer a question or two on this. I notice in Title 74.32 where we used to get one-quarter mill for funds, it has been cut to one-sixteenth of a mill. I wonder how we are going to function under this reduced amount of money on the westside. Could anybody explain this?"

Mr. Kopet: "I'll try. First of all, Representative Savage, we changed what used to be a quarter of a mill at the fifty percent ratio, which now becomes an eighth of a mill at the actual value. We are now, in all our terminology, using an eighth of a mill. So that brings us down to an eighth. Now at the present time, this eighth of a mill in Western Washington is split—one-sixteenth of that mill going to the support of the hospital facilities, and one-sixteenth of the mill retained in the counties to carry on their tuberculosis and health care programs."

Mr. Savage spoke against the motion by Mr. Morrison to adopt the report of the Free Conference Committee.

Mr. Julin demanded the previous question, and the demand was sustained.

The motion was carried and the House adopted the report of the Free Conference Committee on House Bill No. 313.

Representative Perry appeared at the Bar of the House.

HOUSE RESOLUTION NO. 71-106, by Representatives Backstrom, Jueling, Kopet, Shinpoch and Gladder:

WHEREAS, One of the more immediate and growing problems facing our nation today is the rising rate of crime and delinquency, and a general tendency toward flaunting both written and unwritten codes of conduct; and

WHEREAS, Attention to the statistics that reflect this growing national problem indicates that the youth of our nation, partly due to their own numerical preponderance in ratio to total national population, are rapidly becoming the most prominent factor in such developing statistics; and

WHEREAS, Parents, under the natural laws and social mores considered conducive to the welfare of society, must bear a definitive responsibility for the training and upbringing of their own children; and

WHEREAS, Some parents simply cannot or will not make a full effort to keep their children from becoming delinquents; and

WHEREAS, Too many parents, either because of their own personal inclinations, or as a result of recent progressive and permissive changes evident in the general judicial, political and social structure of our society, have abandoned their child-rearing responsibilities to outsiders such as teachers, social-workers and law enforcement personnel, to the detriment and dissipation of their own parental authority; and

WHEREAS, Several local governmental units throughout the nation, on the premise that a great deal of the responsibility for juvenile crimes can be blamed ultimately on the parents, have experimented with certain blame-the-parents laws aimed not primarily toward preventing the first offense, but rather toward keeping juvenile offenders from becoming chronic delinquents; and

WHEREAS, The results of these local efforts indicate a positive deterrent effect and are heartening indeed; and

WHEREAS, Society in general, and the Legislature in particular, because of the importance of this growing and depressive problem and the obvious and eventual gain to our society through its solution, must be willing to consider all potentially successful corrective systems;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the Legislative Council is hereby authorized and directed to undertake a study of the successful blame-the-parent laws currently in effect in several locales across the nation, to determine the criteria involved, the legal points in question, and the comparative results obtained.

WHEREAS, The primary justification of tenure lies in the protection it affords a faculty member in the exercise of his academic freedom; and

WHEREAS, Although tenure was not initially conceived as a guarantee of job security, some may feel it has come to serve this function, and, as such, it may have become a shield to protect the incompetent or the indifferent scholar; and

WHEREAS, The common schools of the State of Washington are owned and supported by the public; and

WHEREAS, These schools have facilities adaptable to broad community uses, the use of which has been demonstrated to be not in conflict with the purposes of the schools; and

WHEREAS, Local school boards of directors and administrators have expressed desires to extend the evening and weekend use of school facilities in order to meet the educational, cultural, recreational, and social needs of people within their communities but are constrained from so doing by reasons of funding;

and value as to make equitable taxation and distribution of tax receipts impractical under existing laws of property taxation and laws providing for excise taxes in lieu of property taxes; and

WHEREAS, Chapter 54.44 RCW, being chapter 159, Laws of 1967, recognizes that it is desirable to provide for joint, undivided ownership of such large steam-powered generating facilities by electric utilities, either privately or publicly owned, thus creating a new type of ownership subject to taxation; and

WHEREAS, It has been proposed to the Legislature, that in lieu of present property taxation of such facilities by excise taxes or by negotiated contributions to local taxing districts based on differing statutes although relating to the same facilities, all steam-powered electric generating plants should be taxed uniformly irrespective of their ownership;

#### MESSAGES FROM THE SENATE

May 10, 1971.

Mr. Speaker: The Senate has adopted the report of the Conference Committee on SENATE JOINT RESOLUTION NO. 38, and has granted said committee the powers of Free Conference.

SIDNEY R. SNYDER, Secretary.

#### MOTION

On motion of Mr. Wolf, the House advanced to the ninth order of business.

#### SECOND READING

REENGROSSED SENATE BILL NO. 98, by Senators Francis, Metcalf and Ridder (by Joint Committee on Education and Executive request):

Setting out guidelines for pupil conduct, discipline and rights in the common schools.

#### MOTIONS

On motion of Mr. Wolf, the House deferred consideration of Reengrossed Senate Bill No. 98, and the bill was ordered placed at the bottom of today's second reading calendar.

On motion of Mr. Wolf, the House advanced to the tenth order of business.

#### THIRD READING

ENGROSSED HOUSE BILL NO. 776, by Representatives Kiskaddon, Blair, Ross, Maxie and Kraabel (by Executive request):

Extending sales and use tax to motor vehicle fuel.

#### MOTION

On motion of Mr. Wolf, the House deferred further consideration of Engrossed House Bill No. 776, and the bill was placed at the bottom of today's third reading calendar.

ENGROSSED SENATE BILL NO. 298, by Senators Washington, Peterson (Ted) and Dore:

Requiring certain insurance coverage for employees of school districts and institutions of higher learning.

Engrossed Senate Bill No. 298 was read the third time and placed on final passage.

Mr. Brouillet spoke in favor of passage of the bill.

Mr. Smythe also spoke in favor of passage of the bill.

#### POINT OF ORDER

Mr. O'Brien: "It is against our House Rules for any one member to engage in personalities and impugn the motives of another member."

The Speaker (Mr. Copeland presiding): "I would sincerely hope that this wouldn't be the case, but it is good of you to bring it to our attention."

Representative Smythe concluded his remarks in favor of passage of the bill, and Representatives Shera, May, Ross and Curtis spoke against passage of the bill.

Mr. King spoke in favor of passage of the bill.

Representatives Sawyer and Bottiger appeared at the bar of the House.

#### POINT OF INQUIRY

Mr. Hoggins yielded to question by Mr. Barden.

Mr. Barden: "Representative Hoggins, incorporated in the budget as reported by the conferees, there is \$20.00 per month for school employees for health insurance. If Senate Bill No. 298 fails to pass, is that additional money going to be available to the school employees for their health coverage?"

Mr. Hoggins: "I think I should point out that it is \$15.00 that is provided in the budget. If Senate Bill No. 298 is not passed, this money will not be available to school employees, for certificated or noncertificated personnel, will not be available to community college personnel and professional staff, nor to the staff of the institutions of higher education. I think I need to also answer some questions relating to the increased cost. The Chief Actuary for the Blue Cross, which has the largest contract with teachers in this state, says this will cost less than two percent at the very maximum. I would also point out that we had an opportunity for a compromise earlier today. We didn't take this advantage. I would also point out to those members who are on my side of the aisle, we voted fifty-one to nothing in favor of House Bill No. 151 when it passed through here, and it included this money in it when it passed through here, so we have already approved the money once, and approved this concept once."

Representatives Barden and Adams spoke in favor of passage of the bill, and Representative Randall spoke against it.

Representative Grant appeared at the bar of the House.

#### ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 298, and the bill passed the House by the following vote: Yeas, 76; nays, 22; excused, 1.

Voting yea: Representatives Adams, Anderson, Backstrom, Bagnaiol, Barden, Bauer, Beck, Benitz, Berentson, Blair, Bledsoe, Bottiger, Bozarth, Bradley, Brouillet, Ceccarelli, Charette, Charley, Chatalas, Conner, Conway, Copeland, Costanti, Cunningham, Douthwaite, Eikenberry, Farr, Flanagan, Gallagher, Gladder, Goldsworthy, Grant, Hansey, Harris, Haussler, Hoggins, Hurley, Johnson, Juelsing, Kilbury, King, Kirk, Kiskaddon, Knowles, Kraabel, Kuehnle, Litchman, Luders, Lynch, Lysen, Marsh, Martinis, Marzano, Maxie, McCormick, Mentor, Merrill, Morrison, Newhouse, O'Brien, Paris, Perry, Rosellini, Savage, Sawyer, Schumaker, Shinpoch, Smith, Smythe, Thompson, Van Dyk, Williams, Wojahn, Wolf, Zimmerman, Mrs. Speaker-76.

Voting nay: Representatives Amen, Bluechel, Brown, Curtis, Gilleland, Hatfield, Hubbard, Jastad, Jones, Julin, Kopet, May, McDermott, Moon, North, Polk, Rabel, Randall, Ross, Shera, Spanton, Wanamaker-22.

Excused: Representative Pardini-1.

Engrossed Senate Bill No. 298, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Mr. Ross: "Mr. Charette, as a long-practicing attorney and former prosecutor of Grays Harbor County, is it your professional opinion that an attorney, by virtue of his training, necessarily is competent in the area of real estate brokerage?"

Mr. Charette: "In answer to the question, Mr. Ross, although I feel that attorneys are nearly omnipotent, I don't think they are able to carry on the practice of being a real estate broker without taking some kind of a test. I really would also feel that an attorney wouldn't want to be a real estate broker unless he was required to take a test and be licensed as everyone else is."

Mr. Kuehnle spoke in favor of the motion to concur in the Senate amendments. Mr. Curtis closed debate, speaking in favor of the motion.

#### ROLL CALL

The Clerk called the roll on the motion by Mr. Morrison to concur in the Senate amendments to Engrossed House Bill No. 501, and the motion was lost by the following vote: Yeas, 41; nays, 57; excused, 1.

REENGROSSED SENATE BILL NO. 98, by Senators Francis, Metcalf and Ridder (by Joint Committee on Education and Executive request):

Setting out guidelines for pupil conduct, discipline and rights in the common schools. Committee recommendation: Majority, do pass with the following amendment:

On page 2, insert a new section as follows:

The bill was read the second time.

Mr. Hoggins moved that the committee amendment not be adopted.

The motion was carried, and the committee amendment was not adopted.

Mr. Eikenberry moved adoption of the following amendment by Representatives Eikenberry, Litchman, Kirk and Barden:

On page 2, after section 2, insert the following new sections:

*"NEW SECTION. Sec. 3. The legislature recognizes that the concept of neighborhood schools, while not heretofore given a statutory framework, is nevertheless a well-established pattern of school attendance, and a right of the student and declares it to be the purpose of this act to hereby provide for the statutory recognition of neighborhood schools by the establishment of attendance districts. The legislature further declares that this act shall be interpreted to further the development of neighborhood schools."*

*NEW SECTION. Sec. 4. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.58 RCW a new section to read as follows:*

The board of directors of each school district, not later than June 30th of each year, shall establish attendance districts such that every student of the common schools shall attend the appropriate school nearest his place of residence, except that upon the written consent of his parents or guardian he may attend any school appropriate to his grade within the school district.

Such attendance districts shall be established only upon the criteria of geography and the capacity of the available educational facilities.

*NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."*

### POINT OF ORDER

Mr. Hoggins: "Mr. Speaker, I rise to a point of order. I believe the amendment presented by Representatives Eikenberry, Litchman, Kirk and Barden is beyond the scope and object of the bill. The bill deals with discipline and conduct of students. The amendment deals with neighborhood schools and the prohibition against assignment of students to schools on anything other than geography. I would also suggest it is unconstitutional."

## RULING BY THE SPEAKER (MR. COPELAND PRESIDING)

The Speaker (Mr. Copeland presiding): "Mr. Hoggins, you raised a point of order in regard to Mr. Eikenberry's amendment as to whether it enlarges the scope and object of the bill. Reengrossed Senate Bill No. 98 relates to pupil conduct, discipline and rights in common schools. However, Mr. Eikenberry's amendment appears to be lifted from (and slightly altered from) House Bill No. 1104. House Bill No. 1104 relates to the establishment of attendance districts by school districts, boards of directors, and directing the establishment thereof, and giving the criteria for establishing such districts, and by the same token adding new sections to chapter 28A.58 RCW. I would have to rule that, in order to be consistent with my rulings earlier in the day, the subject matter contained in the amendment by Mr. Eikenberry, although given in good faith and in the interest of trying to accomplish something that may well be needed, by appending it to Reengrossed Senate Bill No. 98, would truly enlarge the scope and object of the bill, and your point is well taken. Mr. Eikenberry's amendment would be out of order."

## MOTIONS

On motion of Mr. Wolf, Representative Benitz was excused from further proceedings under the Call of the House.

The bill was read the second time.

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Reengrossed Senate Bill No. 98 was placed on final passage.

Representatives Hoggins, Eikenberry and Douthwaite spoke in favor of passage of the bill.

## ROLL CALL

The Clerk called the roll on the final passage of Reengrossed Senate Bill No. 98, and the bill passed the House by the following vote: Yeas, 96; nays, 1; excused, 2.

Voting yea: Representatives Adams, Amen, Anderson, Backstrom, Bagnariol, Barden, Bauer, Beck, Berentson, Blair, Bledsoe, Bluechel, Bottiger, Bozarth, Bradley, Brouillet, Brown, Ceccarelli, Charnley, Chatalas, Conner, Conway, Copeland, Costanti, Cunningham, Curtis, Douthwaite, Eikenberry, Farr, Flanagan, Gallagher, Gilleland, Gladder, Goldsworthy, Grant, Hansey, Harris, Hatfield, Haussler, Hoggins, Hubbard, Hurley, Jastad, Johnson, Jones, Juelling, Julin, Kilbury, King, Kirk, Kiskaddon, Knowles, Kopet, Kraabel, Kuehnle, Litchman, Luders, Lynch, Lysen, Marsh, Martinis, Marzano, Maxie, May, McCormick, McDermott, Mentor, Merrill, Moon, Morrison, Newhouse, North, O'Brien, Paris, Perry, Polk, Rabel, Randall, Rosellini, Ross, Savage, Sawyer, Schumaker, Shera, Shinpoch, Smith, Smythe, Spanton, Thompson, Van Dyk, Wanamaker, Williams, Wojahn, Wolf, Zimmerman, Mr. Speaker—96.

Voting nay: Representative Charette—1.

Excused: Representatives Benitz, Pardini—2.

Reengrossed Senate Bill No. 98, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

## ANNOUNCEMENT BY THE SPEAKER (MR. COPELAND PRESIDING)

The Speaker (Mr. Copeland presiding): "The Speaker would like to point out to the members that at this time we have just run out of second reading calendar."

## MOTIONS

On motion of Mr. Wolf, Representative Ross was excused from further proceedings under the Call of the House.

On motion of Mr. Wolf, the House reverted to the third order of business.

Mr. Benitz appeared at the bar of the House.

## MESSAGES FROM THE SENATE

Sec. 6. Section 26, chapter 173, Laws of 1965 as last amended by section 1, chapter 257, Laws of 1969 ex. sess. and RCW 82.04.435 are each amended to read as follows:

In computing tax under this chapter there may be credited against the amount of the tax the following items:

As to persons engaging in activities defined in RCW 82.04.120 (the definition of the term "to manufacture"), an amount not to exceed the tax actually paid under chapter 82.08 RCW (Retail Sales Tax) or chapter 82.12 RCW (Use Tax) by such persons or their lessors or their contract vendors, on materials, labor and services in the construction of new buildings or the enlarging of existing buildings directly used in such activities. Where a building is used partly for manufacturing and partly for other purposes the applicable tax credit shall be determined by apportionment of the costs of construction under such rules as the department of revenue shall provide. For purposes of this section the term "buildings" shall mean and include only those structures used to house or shelter manufacturing activities, including the usual lighting, heating, ventilating and sanitary plumbing facilities. The term shall include plant offices and warehouses or other storage facilities for the storage of raw materials or finished goods when such facilities are essential to and an integral part of a factory, mill or manufacturing plant, but shall not include manufacturing or industrial fixtures or equipment such as tanks, conveyor systems, cranes, industrial machinery and related facilities irrespective of whether or not such fixtures or equipment are affixed to the realty. Notwithstanding the foregoing, the term "buildings" shall also include potlines and furnaces used directly in the manufacturing of metals. The phrase "construction of buildings" refers only to new or enlarged buildings and not to the repair or renovation of existing buildings.

This credit shall be allowable only against tax payable by the manufacturer and measured by the value of products or gross proceeds of sales of articles, substances or commodities manufactured in this state, and shall be allowable only against any tax payable which is attributable to manufacturing occurring in the particular factory, mill or manufacturing plant in which such buildings are located.

No tax credit claimed shall be deducted on any return until such claim has been approved by the department of revenue or until ninety days after such claim has been submitted to the department of revenue for approval. This credit shall not be allowable for tax paid on purchases of material, labor or services on which the supplier thereof became entitled to compensation prior to July 1, 1964 or subsequent to January 1, 1971: **PROVIDED**, That the credit shall be allowable for the tax paid on such purchases pursuant to any contract entered into prior to January 1, 1971 if such tax is paid on such contract purchases prior to July 1, 1972: **AND PROVIDED FURTHER**, *That with respect only to the construction of buildings used directly in the manufacturing of metals, this credit shall be allowable for tax paid on all purchases pursuant to construction which was in progress on January 1, 1971, and was completed after that date.*

Any credits granted prior to July 1, 1969 pursuant to this section shall not be affected by this 1969 amendatory act.

Sec. 7. Section 82.08.050, chapter 15, Laws of 1961, as amended by section 15, chapter 173; Laws of 1965 ex. sess., and RCW 82.08.050 are each amended to read as follows:

The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall

collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the [tax commission] department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the [commission] department, and any seller who appropriates or converts the tax collected to his own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the [commission] department in the manner prescribed by this chapter, whether such failure is the result of his own acts or the result of acts or conditions beyond his control, he shall, nevertheless, be personally liable to the state for the amount of the tax.

The amount of tax, until paid by the buyer to the seller or to the [commission] department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price and for purposes of determining the tax due from the buyer to the seller and from the seller to the [commission] department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the [commission] department, the [commission] department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the [commission] department; and all of the provisions of chapter 82.32, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32, the fifteenth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.

Sec. 8. Section 82.08.070, chapter 15, Laws of 1961, as amended by section 8, chapter 293, Laws of 1961, and RCW 82.08.070 are each amended to read as follows:

Each seller, on or before the fifteenth day of the month succeeding the end of each monthly period, shall make out a return for the preceding monthly period, upon forms to be provided by the [commission] department, setting forth the amount of all sales, nontaxable sales, taxable sales, the amount of tax thereon, and such other information as the [commission] department may require, sign, and transmit the same to the [commission] department: PROVIDED, That any such taxpayer may elect to remit each month on such forms as the [tax commission] department shall in its discretion prescribe, an estimate of the tax to be due for each month on or before the fifteenth day of the month next succeeding the end of the monthly period in which the tax accrued, and a quarterly return to the [commission] department on or before the fifteenth day of the month next succeeding the end of each quarter of every year and shall remit therewith the balance of the actual tax due for the period of the report: PROVIDED FURTHER, That every person who shall elect to remit a monthly "estimate of the tax to be due" as hereinabove described shall remit each month at least one-third of the tax paid during the previous quarter or, at least ninety percent of the tax actually collected or owing during the month.

The [tax commission] department may also relieve any taxpayer or class of taxpayers from the obligation of filing monthly returns and may require the return to cover other reporting periods, but in no event shall returns be filed for a period greater than one year.

The [tax commission] department may also, by general rule or regulation, establish conditions for submission of annual or semiannual reconciling returns by such taxpayers or class of taxpayers in lieu of quarterly returns.

The [tax commission] department may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.

The [commission] department shall, by rule or regulation, establish procedures and forms for reporting consonant with efficient tax administration and accounting procedure to carry into effect the provisions of this chapter.

The [commission] department may also require annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability. The tax accrued under the provisions of this chapter, whether or not collected from the buyer shall be paid by the seller to the [commission] department in installments at the time of transmitting the return above provided for.

Upon receipt of such moneys the state treasurer shall deposit them in the state general fund and the provisions of RCW 82.08.160 and 82.08.170, and the provisions of chapter 66.08 relating to deposits, apportionment and distribution, shall have no application to the collections under this paragraph.

(4) As used in this section, the terms, "spirits," "wine," "strong beer," and "package" shall have the meaning ascribed to them in chapter 66.04.

Each [vending machine and each coin operated machine, except where used in conducting a public utility business, and each] mechanical device, the operator of which is taxable under chapter 82.28, shall be considered a separate place of business and a separate registration certificate shall be obtained for each such [machine or] device. The issuance of any certificate for such [machines or] devices to any applicant therefor may be denied by the [tax commission] department, if the [commission] department, after hearing, finds that the conditions of the applicant's business or prior record as a taxpayer place in jeopardy the collection of the tax. The [commission] department may require that any applicant for a certificate of registration for any such [machine or] device furnish a proper surety bond sufficient to secure the payment of any tax imposed. It shall be unlawful for any person to operate such [machine or] device or permit it to be operated on his premises unless a certificate of registration has been obtained and is conspicuously displayed upon such [machine or] device, or for any person to operate any such [machine or] device under a forged certificate of registration or under a certificate of registration not issued for such [machine or] device or to the operator thereof or under a certificate or registration which has been revoked, or for any person upon making application for a certificate of registration to fail or refuse to give any information requested by the [commission] department or to give false information with intent to conceal the true name or address of the owner or operator of such [machine] device.

Any person violating the provisions of this section shall be guilty of a misdemeanor.

Any [machine or] device described herein which does not display a certificate of registration, or any [machine or] device which displays a forged certificate of registration or a certificate of registration not issued for such [machine] device or to the operator thereof or revoked certificate of registration, is hereby declared to be contraband and may be seized by the [tax commission] department, or by any peace officer of the state, when directed by the [commission] department so to do, without warrant, and shall be offered for sale by the [commission] department in the same manner as property distrained under warrant for the satisfaction of delinquent taxes. The proceeds of sale shall be paid to the [commission] department and credited to the account of miscellaneous revenue: PROVIDED, That the costs of the seizure and sale shall be paid out of the proceeds before making remittance.

Any money contained in such [machines or] devices may be removed before the [machine or] device is offered for sale and the amount thereof shall be considered as part of the proceeds of the sale.

Sec. 16. Section 82.32.050, chapter 15, Laws of 1961, as amended by section 1, chapter 141, Laws of 1965 ex. sess., and RCW 82.32.050 are each amended to read as follows:

If upon examination of any returns or from other information obtained by the [tax commission] department it appears that a tax or penalty has been paid less than that properly due, the [commission] department shall assess against the taxpayer such additional amount found to be due and as to assessments made on and after May 1, 1965, including assessments for additional tax or penalties due prior to that date shall add thereto interest at the rate of [six] nine percent per annum from the last day of the year in which the deficiency is incurred until date of payment. The [commission] department shall notify the taxpayer by mail of the additional amount and the same shall become due and shall be paid within ten days from the date of the notice, or within such further time as the [commission] department may provide. If payment is not received by the [commission] department by the due date specified in the notice, or any extension thereof, the [commission] department shall add a penalty of ten percent of the amount of the additional tax found due. If the [commission] department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

No assessment or correction of an assessment for additional taxes due may be made by the [commission] department more than four years after the close of the tax year, except (1) against a taxpayer who has not registered as required by this chapter, (2) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (3) where a taxpayer has executed a written waiver of such limitation.

Sec. 17. Section 82.32.060, chapter 15, Laws of 1961, as last amended by section 27, chapter 173, Laws of 1965 ex. sess., and RCW 82.32.060 are each amended to read as follows:

If, upon application by a taxpayer for a refund or for an audit of his records, or upon an examination of the returns or records of any taxpayer, it is determined by the [tax commission] department that within the two years immediately preceding the receipt [of] by the [commission] department of the application by the taxpayer for a refund or for an audit, or, in the absence of such an application, within the two years immediately preceding the commencement by the [commission] department of such examination, a tax has been paid in excess of that properly due, the excess amount paid within such period of two years shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at his option. Except as to the utilization by the taxpayer of the credits in computing tax authorized by RCW 82.04.435, application for which credits must be made within two years

of payment of the taxes giving rise to such credits, no refund or credit shall be allowed with respect to any payments made to the [commission] department more than two years before the date of such application or examination. Where a refund or credit may not be made because of the lapse of said two year period, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding the two year period may be offset against the amount of any tax deficiency which may be determined by the [commission] department for such statutory assessment period. [Notwithstanding the foregoing, no refund or credit shall be granted with respect to taxes paid prior to May 1, 1950, but where a refund or credit may not be made because the tax was paid prior to May 1, 1950, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding May 1, 1950, may be offset against the amount of any tax deficiency which may be determined by the commission for such preceding period.]

Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or subcontracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the [tax commission] department within one year of the date that the amount of the refund or credit due to the United States is finally determined and filed within four years of the date on which the tax was paid: PROVIDED, That no interest shall be allowed on such refund.

Any such refunds shall be made by means of vouchers approved by the [tax commission] department and by the issuance of state warrants drawn upon and payable from such funds as the legislature may provide.

Any judgment for which a recovery is granted by any court of competent jurisdiction, not appealed from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in like manner, upon the filing with the [tax commission] department of a certified copy of the order or judgment of the court. Except as to the credits in computing tax authorized by RCW 82.04.435, interest at the rate of three percent per annum shall be allowed by the [tax commission] department and by any court on the amount of any refund or recovery allowed to a taxpayer for taxes, penalties, or interest paid by him after May 1, 1949, and interest at the same rate shall be allowed on any judgment recovered by a taxpayer for taxes, penalties, or interest paid after such date.

Sec. 18. Section 82.32.080, chapter 15, Laws of 1961, as last amended by section 2, chapter 141, Laws of 1965 ex. sess., and RCW 82.32.080 are each amended to read as follows:

Payment of the tax may be made by uncertified check under such regulations as the [commission] department shall prescribe, but, if a check so received is not paid by the bank on which it is drawn, the taxpayer, by whom such check is tendered, shall remain liable for payment of the tax and for all legal penalties, the same as if such check had not been tendered.

A return or remittance which is transmitted to the [tax commission] department by United States mail shall be deemed filed or received on the date shown by the post office cancellation mark stamped upon the envelope containing it.

The [tax commission] department, for good cause shown, may extend the time for making and filing any return, and may grant such reasonable additional time within which to make and file returns as it may deem proper, but any permanent extension granting the taxpayer a reporting date without penalty more than ten days beyond the due date, and any extension in excess of thirty days shall be conditional on deposit with the [commission] department of an amount to be determined by the [commission] department which shall be approximately equal to the estimated tax liability for the reporting period or periods for which the extension is granted. In the case of a permanent extension or a temporary extension of more than thirty days the deposit shall be deposited within the state treasury with other tax funds and a credit recorded to the taxpayer's account which may be applied to taxpayer's liability upon cancellation of the permanent extension or upon reporting of the tax liability where an extension of more than thirty days has been granted.

The [commission] department shall review the requirement for deposit at least annually and may require a change in the amount of the deposit required when it believes that such amount does not approximate the tax liability for the reporting period or periods for which the extension is granted.

The [commission] department shall keep full and accurate records of all funds received and disbursed by it. Subject to the provisions of RCW 82.32.105 and 82.32.350, the department shall apply the payment of the taxpayer first against penalties and interest, and then upon the tax, without regard to any direction of the taxpayer.

The [commission] department may refuse to accept any return which is not accompanied by a remittance of the tax shown to be due thereon. When such return is not accepted, the taxpayer shall be deemed to have failed or refused to file a return and shall be subject to the procedures provided in RCW 82.32.100 and to the penalties provided in RCW 82.32.090.

Sec. 19. Section 82.32.090, chapter 15, Laws of 1961, as last amended by section 26, chapter 149, Laws of 1967 ex. sess. and RCW 82.32.090 are each amended to read as follows:

If payment of any tax due is not received by the department of revenue by the last day

of the month in which the tax becomes due, there shall be assessed a penalty of [two] *five* percent of the amount of the tax; and if the tax is not received by the last day of the month next succeeding the month in which the due date falls, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received by the last day of the second month next succeeding the month in which the due date falls, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than two dollars.

If payment of any tax is received within the first ten days of the month next succeeding the month in which the due date falls, the amount of such payment shall be credited to, and shall be treated for all purposes as having been collected during, the fiscal year in which such due date falls.

If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than five dollars.

Notwithstanding the foregoing, the aggregate of penalties imposed under this chapter for failure to file a return, late payment of any tax, increase, or penalty, or issuance of a warrant shall not exceed twenty-five percent of the tax due, or seven dollars, whichever is greater.

Sec. 20. Section 82.32.100, chapter 15, Laws of 1961, as amended by section 4, chapter 141, Laws of 1965 ex. sess. and RCW 82.32.100 are each amended to read as follows:

If any person fails or refuses to make any return or to make available for examination the records required by this chapter, the [tax commission] *department* shall proceed, in such manner as it may deem best, to obtain facts and information on which to base its estimate of the tax; and to this end the [commission] *department* may examine the books, records, and papers of any such person and may take evidence, on oath, of any person, relating to the subject of inquiry.

As soon as the [commission] *department* procures such facts and information as it is able to obtain upon which to base the assessment of any tax payable by any person who has failed or refused to make a return, it shall proceed to determine and assess against such person the tax and penalties due, but such action shall not deprive such person from appealing to the superior court as hereinafter provided. To the assessment the [commission] *department* shall add, the penalties provided in RCW 82.32.090. The [commission] *department* shall notify the taxpayer by mail of the total amount of such tax, penalties, and interest, and the total amount shall become due and shall be paid within ten days from the date of such notice.

No assessment or correction of an assessment may be made by the [commission] *department* more than four years after the close of the tax year, except (1) against a taxpayer who has not registered as required by this chapter, (2) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (3) where a taxpayer has executed a written waiver of such limitation.

Sec. 21. Section 82.32.190, chapter 15, Laws of 1961, as amended by section 6, chapter 141, Laws of 1965 ex. sess., and RCW 82.32.190 are each amended to read as follows:

The [tax commission] *department*, by its order, may hold in abeyance the collection of tax from any taxpayer or any group of taxpayers when a question bearing on their liability for tax hereunder is pending before the courts: PROVIDED, That the [commission] *department* may impose such conditions as may be deemed just and equitable and shall require the payment of interest at the rate of [one-half] *three-quarters* of one percent of the amount of the tax for each thirty days or portion thereof from the date upon which such tax became due.

Sec. 22. Section 11, chapter 28, Laws of 1963 ex. sess. and RCW 82.32.235 are each amended to read as follows:

In addition to the remedies provided in this chapter the [tax commission] *department* is hereby authorized to issue to any person, or to any political subdivision or department of the state, a notice and order to withhold and deliver property of any kind whatsoever when there is reason to believe that there is in the possession of such person, political subdivision or department, property which is or *shall become* due, owing, or belonging to any taxpayer against whom a warrant has been filed.

The notice and order to withhold and deliver shall be served by the sheriff of the county wherein the service is made, or by his deputy, or by any duly authorized representative of the [tax commission] *department*. Any person, or any political subdivision or department upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice.

In the event there is in the possession of any such person or political subdivision or department, any property which may be subject to the claim of the [tax commission] *department*, such property shall be delivered forthwith to the commission or its duly authorized representative upon demand to be held in trust by the [commission] *department* for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability, or in the alternative, there shall be furnished a good and sufficient bond satisfactory to the [tax commission] *department* conditioned upon final determination of liability.

Should any person or political subdivision fail to make answer to an order to withhold

and deliver within the time prescribed herein, it shall be lawful for the court, after the time to answer such order has expired, to render judgment by default against such person or political subdivision for the full amount claimed by the [tax commission] department in the notice to withhold and deliver, together with costs.

Sec. 23. Section 82.32.350, chapter 15, Laws of 1961 and RCW 82.32.350 are each amended to read as follows:

The [tax commission, with concurrence of all three members,] department may enter into an agreement in writing with any person relating to the liability of such person in respect of any tax imposed by any of the preceding chapters of this title for any taxable period or periods.

Sec. 24. Section 84.52.050, chapter 15, Laws of 1961 as last amended by section 5, chapter 92, Laws of 1970 ex. sess. and RCW 84.52.050 are each amended to read as follows:

Except as hereinafter provided, the aggregate of all tax levies upon real and personal property by the state, municipal corporations, taxing districts and governmental agencies, now existing or hereafter created, shall not exceed twenty-two mills on the dollar of assessed valuation with respect to levies made in 1970 and 1971 and 1972 and twenty-one mills on the dollar of assessed valuation with respect to levies made in subsequent years, which assessed valuation shall be fifty percent of the true and fair value of such property in money: PROVIDED, That if an amendment to Article VII, section 2 of the state Constitution, as amended by Amendment 17, imposing a limit on property taxes of, in effect, one percent of the true and fair value of property is approved by the voters, such aggregate of all tax levies shall not exceed twenty mills on the dollar of assessed valuation with respect to levies made in years subsequent to such voter approval; and within and subject to the aforesaid limitation the levy by the state shall not exceed two mills to be used exclusively for the public assistance program of the state and the levy by any county shall not exceed four mills: PROVIDED, That if such constitutional amendment is so approved, the authority of the state to levy not to exceed two mills to be used exclusively for the public assistance program of the state shall be reduced to not to exceed one mill []; and upon and after the effective date of the provisions of chapter 262, Laws of 1969 ex. sess., which impose a tax upon net income, such authority of the state shall expire and the levy by any county may exceed four mills but shall not exceed five mills; the levy by or for any school district shall not exceed seven mills: PROVIDED, That in each of the years 1967 and 1968 and 1969 and 1970 and 1971 and 1972 the state shall levy a property tax of four mills of which two mills shall be used exclusively for the public assistance program of the state and of which two mills shall be used exclusively for the support of the common schools; and in such years in which the state shall validly levy a property tax of two mills for the support of the common schools, the levy by or for any school district shall not exceed six mills: PROVIDED FURTHER, That the levy by or for any union high school district shall not exceed two-fifths of the maximum levy permissible for any school district without a vote of the electors thereof and the levy by or for any component district within a union high school district shall not exceed three-fifths of the maximum levy permissible for any school district without a vote of the electors thereof: PROVIDED FURTHER, That the levy against any nonhigh school district for the high school district fund shall not exceed two-fifths of the maximum levy permissible for any school district without a vote of the electors thereof and the levy by or for any such nonhigh school district shall not exceed the balance of such maximum permissible levy; the levy for any road district shall not exceed five mills; and the levy by or for any city or town shall not exceed seven and one-half mills: PROVIDED FURTHER, That counties of the fifth class and under are hereby authorized to levy from four to five and one-half mills for general county purposes and from three and one-half to five mills for county road purposes if the total levy for both purposes does not exceed nine mills: PROVIDED FURTHER, That counties of the fourth and the ninth class are hereby authorized to levy four and one-half mills until such time as the junior taxing agencies are utilizing all the millage available to them.

Nothing herein shall prevent levies at the rates provided by existing law by or for any port or power district.

Sec. 25. Section 1, chapter 133, Laws of 1967 ex. sess. as amended by section 2, chapter 216, Laws of 1969 ex. sess. and RCW 84.52.065 are each amended to read as follows:

In each of the years 1967 and 1968 and 1969 and 1970 and 1971 and 1972 the state shall levy for collection in 1968 and 1969 and 1970 and 1971 and 1972 and 1973 respectively for the support of common schools of the state a tax of two mills upon the assessed valuation of all taxable property within the state adjusted to fifty percent of true and fair value of such property in money in accordance with the ratio fixed by the state department of revenue. Such levy shall be in addition to the levy [of two mills] for public assistance purposes as provided in RCW 74.04.150 and 84.52.050, as now or hereafter amended.

**NEW SECTION.** Sec. 26. Sections 27 through 31 of this 1971 amendatory act are added to chapter 15, Laws of 1961 and to Title 82 RCW and shall constitute a new chapter therein to be known as chapter 82.13 RCW.

**NEW SECTION.** Sec. 27. It is the intent of this chapter to impose a compensating excise tax upon the consumption or use of electrical energy, with respect to the retail sale of which the tax imposed by chapter 82.16 RCW is not applicable, at the same rate and measure as the tax imposed under the provisions of chapter 82.16 RCW upon persons engaged in the light and power business.

**NEW SECTION.** Sec. 28. There is hereby levied and shall be collected from every person in this state a tax or excise for the privilege of consuming or using within this state, as a consumer or user, electrical energy.

**NEW SECTION.** Sec. 29. The tax imposed in section 28 of this chapter shall not apply to the use or consumption of electrical energy with respect to which tax liability is specifically imposed on the seller under the provisions of chapter 82.16 RCW.

**NEW SECTION.** Sec. 30. The tax shall be levied and collected in an amount equal to the selling price of the electrical energy multiplied by the rate of 3.6 percent. For purposes of this section, the term "selling price of the electrical energy" shall mean the consideration paid by the buyer to the seller with respect to the electrical energy used or consumed.

**NEW SECTION.** Sec. 31. The provisions of chapter 82.32 RCW, insofar as applicable, shall have full force and application with respect to taxes imposed under the provisions of sections 28 through 31 of this 1971 amendatory act.

Sec. 32. Section 8, chapter 214, Laws of 1963 and RCW 84.28.065 are each amended to read as follows:

Whenever any land is removed from classification as reforestation land it shall thereafter be assessed and taxed without regard to the provisions of this chapter, and there shall thereupon become due and owing to the county in which such land is situated the taxes set forth in this section.

(a) A yield tax equal to [twelve and one-half] *twenty-five* percent of the value of the timber or forest crop remaining on the land, based upon full current stumpage rates fixed by the assessor: PROVIDED, That whenever, within a period of twelve years following the classification of any lands as reforestation lands, any such lands shall be removed from classification, the owner thereof shall be required to pay a yield tax upon the timber of [one] *two* percent for each year that has expired and shall take effect July from the date of such classification until such removal from classification.

(b) A sum of money equivalent to the amount, if any, by which the tax paid on the land and forest crop because of classification under this chapter is less than the tax paid during the same period on similar land and forest crop that was not classified.

The assessor shall prepare a roll of lands to be removed from classification and shall extend against such lands the taxes computed as provided in this section, and shall forthwith transmit to the county treasurer a record of such taxes; and the county treasurer shall thereupon enter the amount of such taxes upon his records against such lands and their owner; and such taxes shall thereupon become a lien against such lands and timber and also against any forest material that may be cut thereon and against any other real or personal property owned by such owner. Such taxes shall become delinquent on the fifteenth day of March next following the effective date of the commission's order. The lien of such taxes shall be superior, and shall be enforceable, in the same manner and to the same effect as provided in RCW 84.28.140 for collection of yield taxes on materials removed from classified lands: PROVIDED, That payment of such taxes shall be a condition precedent to issuance of an order removing lands from classification pursuant to provisions of RCW 84.28.063: PROVIDED FURTHER, That an order classifying lands or removing lands from classification shall not be retroactive, but the effective date of such order shall not be earlier than the first day of January next following the date of issuance of such order.

Sec. 33. Section 84.28.090, chapter 15, Laws of 1961, as amended by section 10, chapter 214, Laws of 1963 and RCW 84.28.090 are each amended to read as follows:

All lands classified as reforestation lands as provided in this chapter and lying west of the summit of the Cascade range of mountains in the state of Washington shall, after the date of such classification, be assessed for purposes of taxation at [two] *eight* dollars per acre, which is hereby declared to be the assessed value thereof; and all lands so classified lying east of the summit of the Cascade range of mountains shall be assessed for purposes of taxation at [one] *four* dollars per acre, which is hereby declared to be the assessed value thereof. The above values shall apply as the actual basis for taxation of such lands, without regard to any percentages of value which may apply for taxation of other classes of property; and the taxation of such lands on the basis herein provided shall be separate and distinct from and in addition to the cost of protecting such lands from fire as provided under the laws of Washington.

Sec. 34. Section 84.28.110, chapter 15, Laws of 1961, as last amended by section 153, chapter 81, Laws of 1971 and RCW 84.28.110 are each amended to read as follows:

Whenever the whole or any part of the forest crop shall be cut upon any lands classified and assessed as reforestation lands under the provisions of this chapter, the owner of such lands shall, on or before the fifteenth day of February of each year, report under oath to the assessor of the county in which such lands are located, the amount of such timber or other forest crop cut during the preceding twelve months, in units of measure in conformity with the usage for which the cutting was made, together with a description, by government legal subdivisions, of the lands upon which the same were cut. If no such report of cutting is made, or if the assessor shall believe the report to be inaccurate, incorrect or mistaken, the assessor may by such methods as shall be deemed advisable, determine the amount of timber or other forest product cut during such period. As soon as the report is filed, if the assessor is satisfied with the accuracy of the report, or if dissatisfied, as soon as the assessor shall have determined the amount of timber or forest crop cut as herein provided, the assessor shall determine the full current stumpage rates for the timber or forest crop cut and shall thereupon compute, and there shall become due and payable from the owner, a yield tax equal to [twelve and one-half] *twenty-five* percent of the market value of the timber or forest crop so cut, based upon the full current stumpage rates so fixed

by the assessor: PROVIDED, Whenever within the period of twelve years following the classification of any lands as reforestation lands, any forest material shall be cut on such lands, the owner thereof shall be required to pay a yield tax of [one] *two* percent for each year that has expired from the date of such classification until such cutting: PROVIDED, FURTHER, That no yield tax need be paid on any forest material cut for domestic use of the owner of such lands, or on materials necessarily used in harvesting the forest crop.

Whenever the owner is dissatisfied with the determination of the amount cut as made by the assessor, or with the full current stumpage rates as fixed by the assessor, and shall pay the tax based thereon under protest, such owner may maintain an action in the superior court of the county in which the lands are located for recovery of the amount of the tax paid in excess of what the owner alleges the tax would be if based upon a cutting or stumpage rate which the owner alleges to be correct. In any such action the county involved and the county assessor of the county, shall be joined as parties defendant, but in case a recovery is allowed, judgment shall be entered against the county only, to be charged against the funds to which the collected tax was paid. In such action the court shall determine, in accordance with the issues, the true and correct amount of timber and forest crop which has been cut, and if an issue in the case, the true and correct full current stumpage rates, and shall enter judgment accordingly, either dismissing the action, or allowing recovery based upon its determination of the amount of timber or forest crop cut and if in issue, the full current stumpage rate. The judgment of the superior court shall be subject to appeal to the supreme court or the court of appeals in the same manner and by the same procedure as appeals are taken and perfected in civil actions at law.

No additional tax shall be imposed under this chapter upon any mobile home [or], travel trailer, or camper upon the transfer of ownership thereof, if the tax imposed by this chapter with respect to such mobile home [or], travel trailer, or camper has already been paid for the calendar year or fractional part thereof in which such transfer occurs.

A mobile home [or], travel trailer, or camper shall be deemed used for the first time in this state when such vehicle or such camper was not previously licensed by this state for the

May 10, 1971.

Mr. Speaker: The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 283 with the following amendments:

On page 1, after the enacting clause on line 24, strike the remainder of the bill and insert the following:

"Section 1. Section 84.40.030, chapter 15, Laws of 1961 as last amended by section 1, chapter 43, Laws of 1971 first ex. sess. and RCW 84.40.030 are each amended to read as follows:

All property shall be assessed fifty percent of its true and fair value in money. [In determining the true and fair value of real or personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation; nor shall he adopt as a criterion of value the price for which the said property would sell at auction, or at a forced sale, or in the aggregate with all the property in the town or district; but he shall value each article or description of property by itself, and at such price as he believes the same to be fairly worth in money at the time such assessment is made. The true cash value of property shall be that value at which the property would be taken in payment of a just debt from a solvent debtor. In assessing any tract or lot of real property, the value of the land, exclusive of improvements, shall be determined; also, the value of all improvements and structures thereon and the aggregate value of the property, including all structures and other improvements, excluding the value of crops growing on cultivated lands. In valuing any real property on which there is a coal or other mine, or stone or other quarry, the land shall be valued at such price as such land would sell at a fair, voluntary sale for cash; any improvements thereon shall be separately valued and assessed as hereinabove provided; and any personal property connected therewith shall be listed, valued and assessed separately as other personal property is assessed under general law.]

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash. Notwithstanding any other provisions of this section or of any other statute, when the value of any taxable leasehold estate created prior to January 1, 1971 is being determined for assessment years prior to the assessment year 1973, there shall be deducted from what would otherwise be the value thereof the present worth of the rentals and other consideration which may be required of the lessee by the lessor for the unexpired term thereof: PROVIDED, That the foregoing provisions of this sentence shall not apply to any extension or renewal, made after December 31, 1970 of the term of any such estate, or to any such estate after the date, if any, provided for in the agreement for rental renegotiation.

*The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:*

(1) (a) *Any sales of the property being appraised or similar property with respect to sales made within the past five years, made for cash or adjusted to a cash value by appropriate discounts for sale conditions other than for cash, and less a percentage equal to the average, ordinary and usual direct costs of sale of that type of property, including but not limited to costs of title insurance, legal services, recording fees and taxes levied against such sales that are borne by the seller, and an amount equal to the customary fees payable to a licensed real estate broker for handling such a sale, such percentage to be determined by studies conducted by the department of revenue. Similar sales, for the purpose of this subsection, shall be sales of property in the same general or comparable area that are devoted to or to be devoted to the same use as the majority of the property in the area or the property being valued, whichever value is greater. The appraisal shall take into consideration political restrictions such as zoning as well as physical and environmental influences. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.*

(b) *In addition to sales as defined in subsection (1)(a), consideration may be given to cost, cost less depreciation, reconstruction costs less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (1)(b) shall be the dominant factors in valuation. When provisions of this subsection (1)(b) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.*

(c) *In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.*

*PROVIDED, That the provisions of this subsection (1) shall be applicable to all values for use in computing property taxes for the assessment year 1972 for taxes payable in 1973 and subsequent years.*

(2) *Notwithstanding the provisions of (1)(a), (b) and (c) above, whenever any person has a parcel of real property, said parcel to be determined by including all contiguous real property in the same ownership, the value of which he believes to be less than one hundred thousand dollars, he may establish the value of such property for taxation purposes by unconditionally offering such property for sale for cash through a licensed real estate broker for a period of at least ninety days at ten percent over his own stated value: PROVIDED, That this shall not be his only or sole defense against overvaluation. The ninety day period shall commence to run following publication by the broker of the first advertisement of the offer including the location of the property, which advertisement shall appear in a newspaper of general circulation in the county where the property is situated and at least once each week for four successive weeks. A person electing to proceed under provisions of this subsection shall file a notice of such intent with the assessor prior to July 15 and proof of the sale offering on or before October 15th.*

**NEW SECTION.** Sec. 2. There is added to chapter 15, Laws of 1961 and to chapter 84.40 RCW, a new section to read as follows:

(1) Upon review by any court, or appellate body, of a determination of the valuation of property for purposes of taxation, it shall be presumed that the determination of the public official charged with the duty of establishing such value is correct but this presumption shall not be a defense against any correction indicated by clear, cogent and convincing evidence.

(2) In any administrative or judicial proceeding pending upon the effective date of this 1971 amendatory act or arising from the property revaluation under the provisions of section 4, chapter 282, Laws of 1969 ex. sess., and section 1, chapter 95, Laws of 1970 ex. sess., the provisions of this section will apply. This paragraph shall not be construed so as to limit in any way the provisions of subsection (1) of this section. In the event any final court decision holds any action of a county in valuing real property to have been performed illegally or unconstitutionally, the county assessor shall notify all property owners within that county whose property valuation may be affected by the court's decision. The notification required by this section may be by publication in a newspaper of general circulation in the county.

Sec. 3. Section 84.56.020, chapter 15, Laws of 1961 as amended by section 3, chapter 216, Laws of 1969 ex. sess. and RCW 84.56.020 are each amended to read as follows:

The county treasurer shall be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his county. All taxes upon real and personal property made payable by the provisions of this title shall be due and payable to the treasurer as aforesaid on or before the thirtieth day of April in each year, after which date they shall become delinquent, and interest at the rate of five percent per annum on not more than five hundred dollars of delinquent taxes on real property for a single year in any county shall be charged and interest at the rate of ten percent per annum shall be charged upon the balance of such unpaid taxes and upon unpaid personal property taxes from the date of delinquency until paid: PROVIDED, That when the total amount of tax on any lot, block or tract of real property payable by one person is ten dollars or more, and if one-half of such tax be paid on or before the said thirtieth day of April, then the time for payment of the remainder thereof shall be extended and said remainder shall be due and payable on or before the thirty-first day of October following, after which date such remaining one-half shall become delinquent, and interest at the rate of five percent per annum on not more than five hundred dollars of delinquent taxes for a single year in any county shall be charged and interest at the rate of ten percent per annum shall be charged upon the balance of said remainder from the date of delinquency until paid: PROVIDED, FURTHER, That when the total amount of personal property taxes falling due in any year, payable by one person, is ten dollars or more, and if one-half of such taxes be paid on or before said thirtieth day of April then the time for payment of the remainder thereof shall be extended and said remainder shall be due and payable on or before the thirty-first day of October following, after which date such remaining one-half shall become delinquent, and interest at the rate of ten percent per annum shall be charged upon said remainder from the date of delinquency until paid. All collections of interest on delinquent taxes shall be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, shall, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and shall be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

**NEW SECTION.** Sec. 4. There is added to chapter 15, Laws of 1961 and to chapter 84.36 RCW a new section to read as follows:

A person shall be exempt from any legal obligation to pay a percentage of the amount of real property taxes due and payable in 1972 and subsequent years as the result of the levy of additional taxes in excess of regular property tax levies as that term is defined in section 13 of this 1971 amendatory act, as now or hereafter amended, and/or from such regular property tax levies in accordance with the following conditions:

(1) The property taxes must have been imposed upon a residence which has been regularly occupied by the person claiming the exemption during the two calendar years preceding the year in which the exemption claim is filed; or the property taxes must have been imposed upon a residence which has been regularly occupied by the person claiming the exemption during the preceding calendar year and the person claiming the exemption must also have been a resident of the state of Washington for the last three calendar years preceding the year in which the claim is filed.

(2) The person claiming the exemption must have owned, at the time of filing, in fee, or by contract purchase, the residence on which the property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community shall be deemed to be owned by each spouse.

(3) The person claiming the exemption must have been sixty-two years of age or older on January 1st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability.

(4) No person who, during the preceding calendar year, has regularly occupied the residence on which the taxes have been imposed shall have received during the preceding calendar year any earnings of the type and amount which would cause any deduction from social security benefits for a recipient of such benefits pursuant to 42 U.S.C. 403 as in effect on the effective date of this 1971 amendatory act: PROVIDED, That the earnings of any occupant living with and paying rent to the person claiming exemption shall not be included in the determination of the eligibility of such person for the exemption.

(5) The amount that the person shall be exempt from an obligation to pay shall be calculated, on the basis of the combined income, from all sources whatsoever, of the person claiming the exemption and his or her spouse for the preceding calendar year, in accordance with the following schedule:

Income Range	Percentage of Excess Levies Exemption
\$4,000 or less	One hundred percent
\$4,001 — \$6,000	Fifty percent

PROVIDED, HOWEVER, That, solely with respect to a person within the income range of \$4,000 or less, in the event that taxes due and payable include no excess levies or include excess levies less than \$50.00, the amount of the exemption shall be \$50.00 and the difference shall be attributed pro rata to regular property tax levies of each of the taxing districts.

This section shall be effective as to claims made in 1971 and subsequent years with respect to taxes due and payable in 1972 and subsequent years.

**NEW SECTION.** Sec. 5. There is added to chapter 15, Laws of 1961 and to chapter 84.36 RCW a new section to read as follows:

For the purposes of section 4 of this 1971 amendatory act:

(1) The term 'residence' shall mean a single family dwelling unit whether such unit be separate or part of a multiunit dwelling, including the land on which the dwelling stands not to exceed one acre. The term shall also include a single family dwelling situated upon lands the fee of which is vested in the United States or any instrumentality thereof including an Indian tribe or in the state of Washington, and notwithstanding the provisions of RCW 84.04.080, 84.04.090 or 84.40.250, such a residence shall be deemed real property.

(2) The term 'preceding calendar year' shall mean the calendar year preceding the year in which the claim for exemption is to be made.

All claims for exemption shall be made and signed by the person entitled to the exemption, by his or her attorney in fact or in the event the residence of such person is under mortgage or purchase contract requiring accumulation of reserves out of which the holder of the mortgage or contract is required to pay real estate taxes, by such holder or by the owner, either before a notary public or the county assessor or his deputy in the county where the real property is located. Any person signing a false claim shall be subject to perjury.

Claims for exemption under section 4 of this 1971 amendatory act shall be made annually and filed between January 2 and July 1 of the year in which the property tax levies are imposed and solely upon forms as prescribed and furnished by the department of revenue: PROVIDED, That for 1971 such claims shall be filed between January 2 and August 1.

The department is hereby directed to publicize the qualifications and manner of making claims pursuant to sections 4 and 5, through communications media, including such paid advertisements or notices as it deems appropriate.

Sec. 6. Section 84.41.030, chapter 15, Laws of 1961 and RCW 84.41.030 are each amended to read as follows:

[Each county assessor shall commence, immediately if possible, but no later than January 1, 1956, a comprehensive program of revaluation of all taxable property within his respective county. Such program shall progress at a rate which will result in the revaluation of all taxable property within the county before June 1, 1958.] Each county assessor shall [thereafter] maintain an active and systematic program of revaluation on a continuous basis, and shall establish a revaluation schedule which will result in revaluation of all taxable real property within the county at least once each four years. [A copy of such schedule shall be filed by each assessor with the tax commission before October 15, 1956.]

Sec. 7. Section 84.41.040, chapter 15, Laws of 1961 and RCW 84.41.040 are each amended to read as follows:

Each county assessor shall cause real property being valued to be physically inspected [and shall require such examination as will] *at least once every four years in order to provide adequate data from which to make accurate valuations. [Property which may have been revalued after physical examination by the assessor subsequent to May 31, 1954, shall be considered to have been revalued pursuant to the requirements of this chapter.] During the intervals between each physical inspection of real property, the valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data: PROVIDED, That such adjustments shall not be made with respect to property revalued in 1970 for taxes payable in 1971, when such property was revalued in accordance with a cyclical revaluation program approved by the department of revenue except such adjustments may be made to reduce values of such revalued property to reflect decreased true and fair value or to reflect the use of the criteria for valuation provided in this 1971 amendatory act: PROVIDED FURTHER, That such adjustments may be made with respect to such revalued property in a county without restriction after all the property within the county has been revalued in accordance with such cyclical revaluation program.*

*The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property.*

NEW SECTION. Sec. 8. There is added to chapter 15, Laws of 1961 and to chapter 84.48 RCW a new section to read as follows:

The board of equalization shall reconvene on the first Monday of August for the purpose of equalizing valuations of real property within the county. Such equalization shall be accomplished in the following manner:

(1) The department of revenue shall certify to the board the ratio of the assessed valuation of locally assessed property in the county to the true and fair value of such property, based upon assessed values established without regard to equalization accomplished pursuant to this section (hereinafter referred to as the 'tentative county indicated ratio'). The department shall also certify the ratio of the assessed valuation of locally assessed property in those geographical areas in the county which have been revalued pursuant to a cyclical revaluation program approved by the department of revenue to the true and fair value of such property (hereinafter referred to as the 'revaluation ratio'). If, pursuant to the cyclical revaluation program, land alone or improvements alone have been revalued for any assessment year, the revaluation ratio shall be for land alone, or improvements alone, as appropriate, or such combination thereof as is appropriate. The board shall review the revaluation ratio so certified, and may accept, reject, or modify the ratio.

(2) If the revaluation ratio, as determined by the board, exceeds one hundred and ten percent of the tentative county indicated ratio, the board shall order the assessor, in accordance with the provisions of section 7 of this 1971 amendatory act, to reduce by a uniform percentage the true and fair values of land, improvements, or both as appropriate, within the geographical areas covered by the revaluation ratio by a uniform percentage such that the revaluation ratio shall equal the tentative county indicated ratio. The board shall also order the assessor to make appropriate similar adjustments to properties valued in the same year. For the purpose of administrative convenience, such reductions may be accomplished, in lieu of actual changes in the assessment rolls, by the assessor certifying to the treasurer the percentage adjustment for the geographical areas involved, on the basis of which the treasurer shall adjust the amount of taxes otherwise payable.

Sec. 9. Section 84.48.080, chapter 15, Laws of 1961 and RCW 84.48.080 are each amended to read as follows:

[The members of the tax commission shall constitute the state board of equalization; the chairman of the tax commission shall be the president of the board, and the secretary of the tax commission shall be the secretary thereof. The board shall remain in session not to exceed thirty days; it may adjourn from day to day, and employ such clerical assistance as may be deemed necessary to facilitate its labors. The board shall meet annually on the first day after the first day of August, Saturdays, Sundays and holidays excepted, at the office of the tax commission, and] *Annually during the month of August, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the [tax commission] department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.*

First. [They] *The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal [and uniform], so far as possible, to the true and fair value of such class as of January 1st of the current year [in every part of the state,] for the purpose of ascertaining the just amount of tax due from each county for state purposes. Such classification may be on the basis of types of property, geographical areas, or both.*

Second. The [secretary] *department shall keep a full record of [the] its proceedings [of the board,] and the same shall be published annually by the [state tax commission] department.*

Third. [They] *The department shall have authority to adopt [the] rules and*

regulations [for the government of the board, and] to enforce obedience to its orders in all matters in relation to the returns of county assessments, and the equalization of values by [said board] *the department*.

The [state board of equalization] *department* shall levy the state taxes authorized by law: PROVIDED, That the amount levied in any one year for general state purposes shall not exceed the lawful millage on the dollar of the assessed value of the property of the entire state, which assessed value shall be fifty percent of the true and fair value of such property in money; and shall apportion the amount of tax for state purposes levied by the [board] *department*, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the [board] *department*.

*NEW SECTION.* Sec. 19. Except as provided in sections 20 through 23 of this 1971 amendatory act, the levy in 1973 and years subsequent thereto for a taxing district other than the state or a school district in any year shall be set so that the regular property taxes payable in the following year shall not exceed one hundred six percent of the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district plus an additional dollar amount calculated by multiplying the increase in assessed value in that district resulting from new construction and improvements to property by the regular property tax levy rate of that district for the preceding year.

*NEW SECTION.* Sec. 20. Notwithstanding the limitation set forth in section 19 of this act, the first levy for a taxing district created from consolidation of similar taxing districts shall be set so that the regular property taxes payable in the following year shall not exceed one hundred six percent of the sum of the amount of regular property taxes lawfully levied for each component taxing district in the highest of the three most recent years in which such taxes were levied for such district plus the additional dollar amount calculated by multiplying the increase in assessed value in each component district resulting from new construction and improvements to property by the regular property tax rate of each component district for the preceding year.

*NEW SECTION.* Sec. 21. For the first levy for a taxing district following annexation of additional property, the limitation set forth in section 19 of this 1971 amendatory act shall be increased by an amount equal to (1) the aggregate assessed valuation of the newly annexed property as shown by the current completed and balanced tax rolls of the county or counties within which such property lies, multiplied by (2) the millage rate that would have been used by the annexing unit in the absence of such annexation, plus (3) the additional dollar amount calculated by multiplying the increase in assessed value in the annexing district resulting from new constructions and improvements to property by the regular property tax levy rate of that annexing taxing district for the preceding year.

*NEW SECTION.* Sec. 22. If by reason of the operation of RCW 84.52.050, as now or hereafter amended the statutory millage limitation applicable to the levy by a taxing district has been increased over the statutory millage limitation applicable to such taxing district's levy in the preceding year, the limitation on the dollar amount of a levy provided for in this 1971 amendatory act shall be increased by multiplying the otherwise dollar limitation by a fraction, the numerator of which is the increased millage limitation and the denominator of which is the millage limitation for the prior year.

*NEW SECTION.* Sec. 23. Subject to any otherwise applicable statutory millage limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in sections 19 through 22 of this 1971 amendatory act if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting

such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made. The ballot of the proposition shall state the millage rate proposed. **NEW SECTION.** Sec. 24. Sections 19 through 23 are added to chapter 15, Laws of 1961 and to Title 84 RCW, and shall constitute a new chapter therein.

For purposes of calculating monetary benefits, the amount payable for total bodily impairment shall be deemed to be thirty thousand dollars: PROVIDED, That the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of [twelve thousand seven hundred and fifty] thirty thousand dollars: PROVIDED FURTHER, That in case permanent partial disability compensation is followed by permanent total disability compensation, any portion of the permanent partial disability compensation which exceeds the amount that

would have been paid the injured workman if permanent total disability compensation had been paid in the first instance, shall be deducted from the pension reserve of such injured workman and his monthly compensation payments shall be reduced accordingly.

(3) Should a workman receive an injury to a member or part of his body already, from whatever cause, permanently partially disabled, resulting in the amputation thereof or in an aggravation or increase in such permanent partial disability but not resulting in the permanent total disability of such workman, his compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

(4) When the compensation provided for in subsections (1) and (2) exceeds [one thousand dollars] *three times the average monthly wage for all workmen entitled to compensation under this title*, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured workman in full, except that the first monthly payment shall be in [the amount of one thousand dollars] *an amount equal to three times the average monthly wage for all workmen entitled to compensation under this title* and interest shall be paid at the rate of [five] *six* percent on the unpaid balance of such compensation commencing with the second monthly payment: PROVIDED, That [interest so paid shall not be charged to the cost experience of any employer but shall be borne wholly by the applicable class account: PROVIDED FURTHER, That] upon application of the injured workman the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured workman to the department and shall rest in the discretion of the department depending upon the merits of each individual application: PROVIDED FURTHER, That upon death of a workman all unpaid installments accrued, less interest, shall be paid in a lump sum amount to the widow or widower, or if there is no widow or widower surviving, to the dependent children of such claimant, and if there are no such dependent children, then to such other dependents as defined by this title.

Sec. 11. Section 51.32.090 chapter 23, Laws of 1961 as last amended by section 3, chapter 122, Laws of 1965 ex. sess. and RCW 51.32.090 are each amended to read as follows:

(1) When the total disability is only temporary, the schedule of payments contained in subdivisions (1) [, (2), (3) and (4)] *through (13)* of RCW 51.32.060 *as amended* shall apply, so long as the total disability continues.

(2) [But if the injured workman has a wife or husband and has no child or, being a widow or widower, with one or more children, the compensation for the case during such period of time as the total temporary disability continues, shall be per month as follows, to wit: (a) Injured workman with wife or invalid husband and no child, two hundred fifteen dollars; injured workman with able-bodied husband, but no child, one hundred seventy-five dollars; injured workman with wife or invalid husband and one child, or being a widow or widower and having one child, two hundred fifty-two dollars; (b) injured workman with able-bodied husband and one child, two hundred twelve dollars; (c) injured workman with wife or invalid husband and two children, or being a widow or widower and having two children, two hundred eighty-three dollars; (d) injured workman with able-bodied husband and two children, two hundred forty-three dollars; and twenty-three dollars for each additional child, but the total monthly payments shall not exceed three hundred fifty-two dollars to an injured workman with a wife or invalid husband, or being a widow or widower, and having children, and shall not exceed three hundred twelve dollars to an injured workman with children and having an able-bodied husband and any deficit shall be deducted proportionately among the beneficiaries.]

Any compensation payable under this section for children not in the custody of the injured workman as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

(3) As soon as recovery is so complete that the present earning power of the workman, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall continue in the proportion which the new earning power shall bear to the old. No compensation shall be payable out of the accident fund unless the loss of earning power shall exceed five percent.

(4) No workman shall receive compensation out of the accident fund for or during the day on which injury was received or the three days following the same, unless his disability shall continue for a period of [thirty] *fourteen* consecutive calendar days from date of injury.

(5) Should a workman suffer a temporary total disability and should his employer at the time of the injury continue to pay him the wages which he was earning at the time of such injury, such injured workman shall not receive any payment provided in subsection (1) of this section from the accident fund during the period his employer shall so pay such wages.

(6) *In no event shall the monthly payments provided in this section exceed seventy-five percent of the average monthly wage of the state as computed under the provisions of section 14 of this 1971 amendatory act.*

NEW SECTION. Sec. 12. There is added to chapter 51.32 RCW a new section to read as follows:

One of the primary purposes of this title is the restoration of the injured workman to gainful employment. To this end, the department shall utilize the services of individuals whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of vocational rehabilitation or retraining as may be reasonable to qualify the workman for employment consistent with his physical and mental status. Where, after evaluation and recommendation by such individuals and prior to final evaluation of the workman's permanent disability and in the sole opinion of the supervisor, vocational rehabilitation or retraining is both necessary and likely to restore the injured workman to a form of gainful employment, the supervisor may, in his sole discretion, continue the temporary total disability compensation under RCW 51.32.090 while the workman is actively and successfully undergoing a formal program of vocational rehabilitation or retraining: PROVIDED, That such compensation may not be authorized for a period of more than fifty-two weeks: PROVIDED FURTHER, That such period may, in the sole discretion of the supervisor after his review, be extended for an additional fifty-two weeks or portion thereof by written order of the supervisor.

In cases where the workman is required to reside away from his customary residence, the reasonable cost of board and lodging shall also be paid. Said costs shall not be chargeable to the employer's cost experience but shall be paid out of the accident fund and charged back to each class on June 30th and December 31st of each year in proportion to its premium contribution for the preceding calendar year or shall be paid by the self-insurer for workmen to whom he is liable for compensation and benefits under the provisions of this title.

Sec. 13. Section 51.32.110, chapter 23, Laws of 1961 and RCW 51.32.110 are each amended to read as follows:

Any workman entitled to receive compensation or claiming compensation under this title shall, if requested by the department or self-insurer, submit himself for medical examination, at a time and from time to time, at a place reasonably convenient for the workman and as may be provided by the rules of the department. If the workman refuses to submit to [any such] medical examination, or obstructs the same, [his rights to monthly payments shall be suspended until such examination has taken place and no compensation shall be payable during or for such period] or, if any injured workman shall persist in unsanitary or injurious practices which tend to imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his recovery, the department or the self-insurer upon approval by the department, with notice to the workman may reduce or suspend the compensation of such workman so long as such refusal or practice continues. If the workman necessarily incurs traveling expenses in attending for examination pursuant to the request of the department or self-insurer, such traveling expenses shall be repaid to him out of the accident fund upon proper voucher and audit.

If the medical examination required by this section causes the workman to be absent from his work without pay he shall be paid for such time lost in accordance with the schedule of payments provided in RCW 51.32.090 as amended notwithstanding the provisions of subdivision (3) of such section as amended.

NEW SECTION. Sec. 14. There is added to chapter 51.08 RCW a new section to read as follows:

(1) For the purposes of this title, the monthly wages the workman was receiving from all employment at the time of injury shall be the basis upon which compensation is computed unless otherwise provided specifically in the statute concerned. In cases where the workman's wages are not fixed by the month, they shall be determined by multiplying the daily wage the workman was receiving at the time of injury:

- (a) By five, if the workman was normally employed one day a week;
- (b) By nine, if the workman was normally employed two days a week;
- (c) By thirteen, if the workman was normally employed three days a week;
- (d) By eighteen, if the workman was normally employed four days a week;
- (e) By twenty-two, if the workman was normally employed five days a week;
- (f) By thirty, if the workman was normally employed seven days a week.

The term "wages" shall include the reasonable value of board, housing, fuel, or other consideration of like nature received from the employer, but shall not include overtime pay, tips, or gratuities. The daily wage shall be eight times the hourly wage unless the workman is normally employed for less than eight hours.

(2) In cases where a wage has not been fixed or cannot be reasonable and fairly be determined, the monthly wage shall be computed on the basis of the usual wage paid other employees engaged in like or similar occupations where the wages are fixed.

NEW SECTION. Sec. 15. There is added to chapter 51.08 RCW a new section to read as follows:

For the purposes of this 1971 amendatory act, the average monthly wage in the state shall be determined by the department as follows: On or before the first day of December of each year, the total wages reported on contribution reports to the department of labor and industries for the four calendar quarters ending on the thirtieth of June of such year shall be divided by the average monthly number of insured workmen (determined by dividing the total insured workmen reported for the same period by twelve). The average annual wage thus obtained shall be divided by twelve and the average monthly wage thus determined rounded to next higher multiple of one dollar. The average monthly wage as so determined shall be applicable for the full period during which compensation is payable, when the date of occurrence of injury or of disability in the case of disease falls within the

calendar year commencing the first day of January following the determination made on the first day of December: PROVIDED, That from July 1, 1971 until and including December 31, 1972, the average monthly wage in the state shall be the average annual wage as determined under RCW 50.04.355 divided by twelve.

**NEW SECTION.** Sec. 16. There is added to chapter 51.16 RCW a new section to read as follows:

The department shall classify all occupations or industries in accordance with their degree of hazard and fix therefor basic rates of premium which shall be the lowest necessary to maintain actuarial solvency of the accident and medical aid funds in accordance with recognized insurance principles. The department shall formulate and adopt rules and regulations governing the method of premium calculation and collection and providing for a rating system consistent with recognized principles of workmen's compensation insurance which shall be designed to stimulate and encourage accident prevention and to facilitate collection. The department may annually, or at such other times as it deems necessary to maintain solvency of the funds, readjust rates in accordance with the rating system to become effective on such dates as the department may designate.

**NEW SECTION.** Sec. 17. There is added to chapter 51.32 RCW a new section to read as follows:

Each employer shall retain from the earnings of each workman that number of cents as shall be fixed from time to time by the director for each day or part thereof the workman is employed. The money so retained shall be matched in an equal amount by each employer, and all such moneys shall be remitted to the department at such intervals as the department directs and shall be placed in the supplemental pension fund created by this 1971 amendatory act. The moneys so collected shall be used exclusively for the additional payments prescribed in RCW 51.32.070 and shall be no more than necessary to make such payments on a current basis.

**NEW SECTION.** Sec. 18. There is added to chapter 51.44 RCW a new section to read as follows:

There shall be, in the office of the state treasurer, a fund to be known and designated as the "supplemental pension fund". The director shall be the administrator thereof. Said fund shall be used for the sole purpose of making the additional payments prescribed in RCW 51.32.070.

**NEW SECTION.** Sec. 19. There is added to chapter 51.44 RCW a new section to read as follows:

Any moneys remaining from funds appropriated by the legislature for the purposes of making additional payments to prior pensioners under prior provisions of RCW 51.32.070, and any liabilities in connection therewith, are transferred to the supplemental pension fund on the effective date of this new 1971 section.

Sec. 20. Section 51.48.060, chapter 23, Laws of 1961 and RCW 51.48.060 are each amended to read as follows:

Any physician who fails, neglects or refuses to file a report with the director, as required by this title, within [ten] five days of the date of treatment, showing the condition of the injured workman at the time of treatment, a description of the treatment given, and an estimate of the probable duration of the injury, or who fails or refuses to render all necessary assistance to the injured workman, as required by this title, shall be [guilty of a misdemeanor] *subject to a civil penalty of one hundred dollars.*

**NEW SECTION.** Sec. 21. There is added to chapter 51.48 RCW a new section to read as follows:

Any employee who fails to report an accident and resulting injury to the department as required by RCW 51.28.010 within five days of such accident shall be subject to a civil penalty of one hundred dollars.

Sec. 22. Section 6, chapter 148, Laws of 1963 and RCW 51.52.104 are each amended to read as follows:

After all evidence has been presented at hearings conducted by a hearing examiner, who shall be an active member of the Washington state bar association, the hearing examiner shall [prepare] *enter* a proposed or recommended decision and order which shall be in writing and shall contain findings and conclusions as to each contested issue of fact and law, as well as the order based thereon. The hearing examiner shall file the original of the proposed decision and order, signed by him, with the board, and copies thereof shall be mailed by the board to each party to the appeal and to his attorney of record. Within twenty days, or such further period as the board may allow on *written* application of a party, *filed within said twenty days* from the date of communication of the proposed decision and order to the parties or their attorneys of record, any party may file with the board a written [statement of exceptions] *petition for review* of the same. Such [statement of exceptions] *petition for review* shall set forth in detail the grounds therefor and the party or parties filing the same shall be deemed to have waived all objections or irregularities not specifically set forth therein.

In the event no [statement of exceptions] *petition for review* is filed as provided herein by any party, the proposed decision and order of the hearing examiner shall be adopted by the board and become the decision and order of the board, and no appeal may be taken therefrom to the courts.

Sec. 23. Section 51.52.106, chapter 23, Laws of 1961 as last amended by section 4, chapter 165, Laws of 1965 ex. sess. and RCW 51.52.106 are each amended to read as follows:

After the filing of a [statement or statements of exceptions] *petition or petitions for review* as provided for in RCW 51.52.104 [the record before the board] *the proposed decision and order of the hearing examiner, petition or petitions for review and, in its discretion, the record or any part thereof, may be considered by the board and on agreement of at least two of the regular members thereof, the board may, within twenty days after the receipt of such petition or petitions, decline to review the proposed decision and order and thereupon deny the petition or petitions. In such event all parties shall forthwith be notified in writing of said denial. If the petition for review is granted, the proposed decision and order, the petition or petitions for review and the record or any part thereof deemed necessary shall be considered by a panel of at least two of the members of the board, on which not more than one industry and one labor member serve. The chairman may be a member of any panel. The decision and order of any such panel shall be the decision and order of the board. Every final decision and order rendered by the board shall be in writing and shall contain findings and conclusions as to each contested issue of fact and law, as well as the board's order based thereon. A copy of the decision and order, including the findings and conclusions, shall be mailed to each party to the appeal and to his attorney of record.*

Sec. 24. Section 51.52.110, chapter 23, Laws of 1961 as amended by section 122, chapter 81, Laws of 1971 and RCW 51.52.110 are each amended to read as follows:

*Within thirty days after a decision of the board to deny the petition or petitions for review upon such appeal has been communicated to such workman, beneficiary, employer or other person, or within thirty days after the final decision and order of the board upon such appeal has been communicated to such workman, beneficiary, employer or other person, or within thirty days after the appeal is deemed denied as herein provided, such workman, beneficiary, employer or other person aggrieved by the decision and order of the board may appeal to the superior court.*

In cases involving injured workmen such appeal shall be to the superior court of the county of residence of the workman or beneficiary, as shown by the department's records, the superior court for Thurston county, or to the superior court of the county wherein the injury occurred. In all other cases the appeal shall be to the superior court of Thurston county. Such appeal shall be perfected by filing with the clerk of the court a notice of appeal and by serving a copy thereof by mail, or personally, on the director and on the board. The department shall, within twenty days after the receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed at issue. The board shall serve upon the appealing party, the director and any other party appearing at the board's proceeding, and file with the clerk of the court before trial, a certified copy of the board's official record which shall include the notice of appeal and other pleadings, testimony and exhibits, and the board's decision and order, which shall become the record in such case. No bond shall be required on appeals to the superior court or on appeals to the supreme court or the court of appeals, except that an appeal by the employer from a decision and order of the board under RCW 51.48.070, shall be ineffectual unless, within five days following the service of notice thereof, a bond, with surety satisfactory to the court, shall be filed, conditioned to perform the judgment of the court. Except in the case last named an appeal shall not be a stay: PROVIDED, HOWEVER, That whenever the board has made any decision and order reversing an order of the supervisor of industrial insurance on questions of law or mandatory administrative actions of the director, the department shall have the right of appeal to the superior court.

**NEW SECTION.** Sec. 25. There is added to Title 51 RCW a new chapter as set forth in sections 26 through 36 of this 1971 amendatory act.

**NEW SECTION.** Sec. 26. Every employer under this title shall secure the payment of compensation under this title by:

- (1) Insuring and keeping insured the payment of such benefits with the state fund; or
- (2) Qualifying as a self-insurer under this title.

**NEW SECTION.** Sec. 27. (1) An employer may qualify as a self-insurer by establishing to the director's satisfaction that he has sufficient financial ability to make certain the prompt payment of all compensation under this title and all assessments which may become due from such employer.

(2) A self-insurer may establish sufficient financial ability by depositing in an escrow account in a depository designated by the director, money and/or corporate or governmental securities approved by the director, or a surety bond written by any company admitted to transact surety business in this state filed with the department. The money, securities, or bond shall be in an amount reasonably sufficient in the director's discretion to insure payment of reasonably foreseeable compensation and assessments but not less than the employer's normal expected annual claim liabilities and in no event less than one hundred thousand dollars. In arriving at the amount of money, securities, or bond required under this subsection, the director shall take into consideration the financial ability of the employer to pay compensation and assessments and his probable continuity of operation. The money, securities, or bond so deposited shall be held by the director to secure the payment of compensation by the self-insurer and to secure payment of his assessments. The amount of security may be increased or decreased from time to time by the director. The income from any securities deposited may be distributed currently to the self-insurer.

(3) Securities or money deposited by an employer pursuant to subsection (2) of this section shall be returned to him upon his written request provided the employer files the bond required by such subsection.

(4) If the employer seeking to qualify as a self-insurer has previously insured with the state fund, the director shall require the employer to make up his proper share of any deficit or insufficiency in the employer's class account as a condition to certification as a self-insurer.

(5) A self-insurer may reinsure a portion of his liability under this title with any reinsurer authorized to transact such reinsurance in this state: PROVIDED, That the reinsurer may not participate in the administration of the responsibilities of the self-insurer under this title. Such reinsurance may not exceed eighty percent of the liabilities under this title.

**NEW SECTION. Sec. 28.** The director may issue a certification that an employer is qualified as a self-insurer when such employer meets the following requirements:

- (1) He has fulfilled the requirements of section 27 of this 1971 amendatory act.
- (2) He has submitted to the department a payroll report for the preceding consecutive twelve month period.
- (3) He has submitted to the department a sworn itemized statement indicating that the employer has sufficient liquid assets to meet his estimated liabilities as a self-insurer.
- (4) He has submitted to the department a description of the safety organization maintained by him within his establishment that indicates a record of accident prevention.
- (5) He has submitted to the department a description of the administrative organization to be maintained by him to manage industrial insurance matters including:

- (a) The reporting of injuries;
- (b) The authorization of medical care;
- (c) The payment of compensation;
- (d) The handling of claims for compensation;
- (e) The name and location of each business location of the employer; and
- (f) The qualifications of the personnel of the employer to perform this service.

Such certification shall remain in effect until withdrawn by the director or surrendered by the employer with the approval of the director. An employer's qualification as a self-insurer shall become effective on the date of certification or any date specified in the certificate after the date of certification.

**NEW SECTION. Sec. 29.** (1) The surety on a bond filed by a self-insurer pursuant to this title may terminate its liability thereon by giving the director written notice stating when, not less than thirty days thereafter, such termination shall be effective.

(2) In case of such termination, the surety shall remain liable, in accordance with the terms of the bond, with respect to future compensation for injuries to employees of the self-insurer occurring prior to the termination of the surety's liability.

(3) If the bond is terminated for any reason other than the employer's terminating his status as a self-insurer, the employer shall, prior to the date of termination of the surety's liability, otherwise comply with the requirements of this title.

(4) The liability of a surety on any bond filed pursuant to this section shall be released and extinguished and the bond returned to the employer or surety provided either such liability is secured by another bond filed, or money or securities deposited as required by this title.

**NEW SECTION. Sec. 30.** (1) Any employer may at any time terminate his status as a self-insurer by giving the director written notice stating when, not less than thirty days thereafter, such termination shall be effective, provided such termination shall not be effective until the employer either shall have ceased to be an employer or shall have filed with the director for state industrial insurance coverage under this title.

(2) An employer who ceases to be a self-insurer, and who so files with the director, must maintain money, securities or surety bonds deemed sufficient in the director's discretion to cover the entire liability of such employer for injuries or occupational diseases to his employees which occurred during the period of self-insurance: PROVIDED, That the director may agree for the medical aid and accident funds to assume the obligation of such claims, in whole or in part, and shall adjust the employer's premium rate to provide for the payment of such obligations on behalf of the employer.

**NEW SECTION. Sec. 31.** (1) The director may, in cases of default upon any obligation under this title by the self-insurer, after ten days notice by certified mail to the defaulting self-insurer of his intention to do so, bring suit upon such bond or collect the interest and principal of any of the securities as they may become due or sell the securities or any of them as may be required or apply the money deposited, all in order to pay compensation, discharge the obligations of the self-insurer under this title, and pay premiums for future insurance of the employer's obligations.

(2) The director shall be authorized to fulfill the defaulting self-insured employer's obligations under this title, paying the necessary premium from the defaulting employer's deposit or from other funds provided under this title for the satisfaction of claims against the defaulting employer, and having subrogation rights against the defaulting employer to the extent of any funds, other than the employer's deposit, expended for the payment of premiums or compensation in performance of the defaulting employer's obligations.

**NEW SECTION. Sec. 32.** Certification of a self-insurer shall be withdrawn by the director upon one or more of the following grounds:

- (1) The employer no longer meets the requirements of a self-insurer; or
- (2) The self-insurer's deposit is insufficient; or
- (3) The self-insurer intentionally or repeatedly induces employees to fail to report injuries, induces claimants to treat injuries in the course of employment as off-the-job injuries, persuades claimants to accept less than the compensation due, or unreasonably

makes it necessary for claimants to resort to proceedings against the employer to obtain compensation; or

(4) The self-insurer habitually fails to comply with rules and regulations of the director regarding reports or other requirements necessary to carry out the purposes of this title; or

(5) The self-insurer habitually engages in a practice of arbitrarily or unreasonably refusing employment to applicants for employment or discharging employees because of nondisabling bodily conditions.

**NEW SECTION.** Sec. 33. (1) Upon the petition of any employee, union or association having a substantial number of employees in the employ of said self-insurer the director shall hold a hearing to determine whether or not there are grounds for the withdrawal of certification of a self-insurer. He shall serve upon the self-insurer and upon any employee union or association having a substantial number of employees in the employ of said self-insurer, personally or by certified mail, a notice of intention to withdraw, or not to withdraw, certification of the self-insurer, which notice shall describe the nature and location or locations of the plants or operations involved; and the specific nature of the reasons for his decision. If the decision is to withdraw certification, it shall include the period of time within which the ground or grounds therefor existed or arose; a directive to the self-insurer specifying the manner in which the grounds may be eliminated; and the date, not less than thirty days after the self-insurer's receipt of the notice, when the certification will be withdrawn in the absence of a satisfactory elimination of the grounds for withdrawal of the certificate.

(2) An appeal of such notice of intention to withdraw, or not to withdraw, certification of a self-insurer may be taken by the self-insurer, or by any employee, or union, or association having a substantial number of employees in the employ of said self-insurer. Proceedings on such appeal shall be as prescribed in this title. Appeal by a self-insurer of notice of intention to withdraw certification shall not act as a stay of the withdrawal, unless the board, or court, for good cause shown, orders otherwise.

**NEW SECTION.** Sec. 34. (1) Every employer subject to the provisions of this title shall post and keep posted in a conspicuous place or places in and about his place or places of business a reasonable number of typewritten or printed notices of compliance substantially identical to a form prescribed by the director, stating that such employer is subject to the provisions of this title. Such notice shall advise whether the employer is self-insured or has insured with the department, and shall designate a person or persons on the premises to whom report of injury shall be made.

(2) Any employer who has failed to open an account with the department or qualify as a self-insurer shall not post or permit to be posted on or about his place of business or premises any notice of compliance with this title and any wilful violation of this subsection by any officer or supervisory employee of an employer shall be a misdemeanor.

**NEW SECTION.** Sec. 35. Every self-insurer shall maintain a record of all payments of compensation made under this title. The self-insurer shall furnish to the director all information he has in his possession as to any disputed claim, upon forms approved by the director.

**NEW SECTION.** Sec. 36. (1) Whenever compensation due under this title is not paid because of an uncorrected default of a self-insurer, such compensation shall be paid from the medical aid and accidents funds only after the moneys available from the bonds or other security provided under section 27 of this 1971 amendatory act have been exhausted.

(2) Such defaulting self-insurer or surety, if any, shall be liable for payment into the appropriate fund of the amounts paid therefrom by the director, and for the purpose of enforcing this liability the director, for the benefit of the appropriate fund, shall be subrogated to all of the rights of the person receiving such compensation.

Sec. 37. Section 51.24.010, chapter 23, Laws of 1961 as amended by section 7, chapter 274, Laws of 1961 and RCW 51.24.010 are each amended to read as follows:

If the injury to a workman is due to negligence or wrong of another not in the same employ, the injured workman or, if death results from the injury, his widow, children, or dependents, as the case may be, shall elect whether to take under this title or seek a remedy against such other, such election to be in advance of any suit under this section and, if he takes under this title, the cause of action against such other shall be assigned to the [state for the benefit of the accident fund and the medical aid fund] *department or self-insurer*; if the other choice is made, the [accident fund and the medical aid fund] *department or self-insurer* shall contribute only the deficiency, if any, between the amount of recovery against such third person actually collected and the compensation provided or estimated by this title for such case: PROVIDED, That the injured workman or if death results from his injury, his widow, children or dependents as the case may be, electing to seek a remedy against such other person, shall receive benefits payable under this title as if such election had not been made, and the [department for the benefit of the accident fund and the medical aid fund] *department or self-insurer* to the extent of such payments having been made by the department or *self-insurer* to the injured workman or if death results from his injury, his widow, children or dependents as the case may be shall be subrogated to the rights of such person or persons against the recovery had from such third party and shall have a lien thereupon. Any such cause of action assigned to the [state] *department or self-insurer* may be prosecuted or compromised by the department or *self-insurer* in its discretion in the name of the workman, beneficiaries, or legal representative. Any compromise by the workman of any such suit, which would leave a deficiency to be made

good [out of the accident fund or the medical aid fund] by the department or self-insurer may be made only with the written approval of the department or self-insurer. If such approval is not obtained, claim for the deficiency will be deemed to have been waived.

*Any third party action brought under this title by such workman or beneficiary must be duly prosecuted; if the action is not filed or settled within one year of the notice of election, the cause of action shall be deemed assigned to the department or self-insurer if after thirty days notice the action is neither filed nor settled. If a cause of action which has been filed is not diligently prosecuted, the department or self-insurer shall have the right to petition the court in which the action is pending for an order assigning the cause of action to the department or self-insurer. Upon sufficient showing in the court's discretion of a lack of diligent prosecution, such an order shall issue.*

In any action brought under this section wherein recovery is made by compromise and settlement or otherwise, the [amount to be repaid to the state of Washington as a result of said action] department or self-insurer, to the extent of the benefits paid or payable under this title, shall bear its proportionate share of attorney's fees and costs incurred by the injured workman or his widow, children, or dependents, as the case may be, and the court shall approve the amount of attorney's fees.

(2) All determinations of permanent disabilities shall be made by the department. Either the workman, employer, or self-insurer may make a request or such inquiry may be initiated by the director on his own motion. Such determinations shall be required in every instance where permanent disability is likely to be present. All medical reports and other pertinent information in the possession of or under the control of the employer or self-insurer shall be forwarded to the director with such requests.

(3) A request for determination of permanent disability shall be examined by the department and an order shall issue in accordance with RCW 51.52.050.

(4) The department may require that the workman present himself for a special medical examination by a physician, or physicians, selected by the department, and the department may require that the workman present himself for a personal interview. In such event the costs of such examination or interview, including payment of any reasonable travel expenses, shall be paid by the department or self-insurer as the case may be.

(5) The director may establish a medical bureau within the department to perform medical examinations under this section. (3) Until such time as the department has entered an order in a disputed case acceptance of compensation by the claimant shall not be considered a binding determination of his rights under this title. Likewise the payment of compensation shall not be considered a binding determination of the obligations of the self-insurer as to future compensation payments.

(4) Upon making the first payment of income benefits, and upon stopping or changing of such benefits except where a determination of the permanent disability has been made as elsewhere provided in this title, the self-insurer shall immediately notify the director in accordance with a form to be prescribed by the director that the payment of income benefits has begun or has been stopped or changed.

(5) If, after the payment of compensation without an award, the self-insurer elects to controvert the right to compensation, the payment of compensation shall not be considered a binding determination of the obligations of the self-insurer as to future compensation payments. The acceptance of compensation by the workman or his beneficiaries shall not be considered a binding determination of their rights under this title.

(6) The director (a) may, upon his own initiative at any time in a case in which payments are being made without an award, and (b) shall, upon receipt of information from any person claiming to be entitled to compensation, from the self-insurer, or otherwise that the right to compensation is controverted, or that payment of compensation has been opposed, stopped or changed, whether or not claim has been filed, promptly make such inquiry as circumstances require, cause such medical examinations to be made, hold such hearings, make such orders, decisions or awards, and take such further action as he considers will properly determine the matter and protect the rights of all parties.

(7) The director, upon his own initiative, may make such inquiry as circumstances require or is necessary to protect the rights of all the parties and he may enact rules and regulations providing for procedures to ensure fair and prompt handling by self-insurers of the claims of workmen and beneficiaries.

These proceedings may be instituted in the superior court for the county in which the claimant resides, or, if the claimant is not then a resident of this state, in the superior court for the county in which the self-insurer may be served with process.

(2) The court shall enforce obedience to the order by proper means, enjoining compliance upon the person obligated to comply with the compensation order. The court may issue such writs and processes as are necessary to carry out its orders.

(3) A proceeding under this section does not preclude other methods of enforcement provided for in this title.

#### PERSONAL PRIVILEGE

Mr. Juelling: "I would like to take you back to January of 1970 when we passed the unemployment compensation bill, which has nothing to do with this. But I want to tell you what you did to the employers again this evening. We have been here 120 days. On the 120th day, a half hour before the clock stopped, you passed us out a package, 67 pages long, on industrial insurance that has a fiscal impact of approximately \$30 million. Now you talk about wanting to do a job of getting people and industry into this state. You are not going to do it with this kind of legislation. We did the same thing in 1970 with the unemployment insurance program. The retirees and the voluntary quits are all now on 52 weeks. I am sure they are enjoying it. I hope when we come back next January that we don't find that we have made a tremendous mistake. Thank you for your patience."

In the event that the retirement allowance as to such member provided by subdivisions (1), (2), (3), and (4) hereof shall amount to less than the aforesaid minimum retirement allowance, the basic service pension of the member shall be increased from one hundred dollars to a sum sufficient to make a retirement allowance of the applicable minimum amount: PROVIDED, That in order to be eligible to receive the annuity portion derived from the member's accumulated contributions under subdivision (1) and the pension portions provided by the employer under subdivisions (2) and (3) of this section, a new member must have at least five years of membership service credited to his service account, unless he becomes eligible for benefits provided for herein under RCW 41.40.200, 41.40.210 and 41.40.220.

Option III. Upon his death, one-half of his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board at the time of his retirement.

(2) The contributions by the employer for benefits under the retirement system shall consist of the sum of a percentage of the compensation of members to be known as the "normal contribution", a percentage of such compensation to be known as the "unfunded liability contribution" and in the case of employers admitted to the retirement system after April 1, 1949, a percentage of such compensation to be known as the "additional contribution". The rates of such contributions shall be determined by the retirement board on the basis of assets and liabilities as shown by actuarial valuation: PROVIDED, That as to state employers the total combined contributions of the normal contribution and unfunded liability contribution shall not exceed a total combined percentage rate of six percent for each employer unless authorized by the legislature.

(3) After the completion of each actuarial valuation subsequent to the first actuarial valuation of June 30, 1953, the retirement board shall determine the normal contribution rate and such contribution rate shall become effective in the ensuing biennium. *In addition the board shall determine the additional employer contribution rate necessary to fund the benefits granted officials holding office pursuant to Articles II and III of the Constitution of the state of Washington and RCW 48.02.010. Said additional employer contribution rate shall be paid in the same manner as the normal contribution and the unfunded liability contribution.* Until the unfunded liability contribution shall have been discontinued, such normal contribution rate shall be computed to be sufficient, when applied to the present value of the future compensation of the average new member entering the system, to provide for the payment of all prospective pension benefits in respect of such member. After the unfunded liability contributions have been discontinued, such normal contribution rate shall be determined as the uniform and constant percentage of the prospective compensation of all members of the retirement system at the date of such valuation which is equivalent to the excess of the fundable employer liability over the amount of funds currently standing to the credit of the benefit account fund.

(4) After the completion of each actuarial valuation subsequent to the first actuarial valuation of June 30, 1953, the retirement board shall determine the unfunded liability contribution, and such rate shall become effective in the ensuing biennium. The unfunded liability contribution rate shall not be less than [that percentage of annual compensation of all members in the retirement system at the date of such subsequent valuation which is equivalent to four percent of the unfunded liability of the system] *the uniform and constant percentage of the prospective compensation of all members of the retirement system for the forty-year period following the date of such valuation which is equivalent to the unfunded liability.* The unfunded liability shall be determined at such date as the excess of the fundable employer liability over the sum of the present value of the future normal contributions payable in respect of all members in the retirement system at that date, and the amount of all funds currently standing to the credit of the benefit account fund. The unfunded liability contributions shall continue until there remains no unfunded liability.

(5) Any employer admitted to the retirement system after April 1, 1949, shall make an additional contribution until such time as the sum of such additional contributions equals the amount of contributions which such employer would have been required to contribute between April 1, 1949, and the date of such employer's admission to the retirement system: PROVIDED, All additional contributions hereunder and under the provisions of RCW 41.40.160(2) must be completed within fifteen years from the date of the employer's admission.

(6) *For the biennium beginning July 1, 1971, and ending June 30, 1973, only, and notwithstanding any other provision of the chapter, the rate determined by the board for state employer contributions shall be only the percentage of compensation for members equal to the "normal contribution" computed to be four and thirty-six one-hundredths percent of compensation.*

Sec. 12. Section 43, chapter 274, Laws of 1947 as last amended by section 13, chapter 128, Laws of 1969, and RCW 41.40.410 are each amended to read as follows:

The employees and appointive and elective officials of any political subdivision or association of political subdivisions of the state may become members of the retirement system by the approval of the local legislative authority: PROVIDED, That on and after September 1, 1965, every school district of the state of Washington shall be an employer under this chapter and every employee of the school district who is eligible for membership under RCW 41.40.120 shall be a member of the retirement system and participate on the same basis as a person who first becomes a member through the admission of any employer into the retirement system on and after April 1, 1949. Each such political subdivision becoming an employer under the meaning of this chapter shall make contributions to the funds of the retirement system as provided in RCW 41.40.080, 41.40.361 and 41.40.370 and its employees shall contribute to the employees' savings fund at the rate established under the provisions of RCW 41.40.330. In addition to the foregoing requirement, where the political subdivision becoming an employer hereunder has its own retirement plan any of the employee members thereof who may elect to transfer to this retirement system may, [upon withdrawal of] *if permitted by said plan, withdraw all or any part of their employees' contributions to the former plan[,] and transfer such funds to the employees' savings fund at the time of their transfer of membership. Any portion of the employees' savings fund not withdrawn shall be transferred by the employer to the retirement system over a period not to exceed fifteen years. The length of the transfer period and the method of payment to be utilized during that period shall be established by agreement between the retirement board and the political subdivision. Employers making deferred payments of employee funds under this section shall transfer an additional amount equal to the interest that would have been credited to each employee's savings fund had his contributions been transferred to the state retirement system's employee savings fund on the date the political subdivision became an employer hereunder. Any funds remaining in the employer's former retirement plan after all obligations of such plan have been provided for, as evidenced by appropriate actuarial study, shall be disposed of by the governing body of the political subdivision in such manner as it deems appropriate.* For the purpose of administering and interpreting this chapter the board may substitute the names of political subdivisions of the state for the "state" and employees of the subdivisions for "state employees" wherever such terms appear in this chapter. The board may also alter any dates mentioned in this chapter for the purpose of making the provisions of the chapter applicable to the entry of any political subdivisions into the system. Any member transferring employment to another employer which is covered by the retirement system may continue as a member without loss of previously earned pension and annuity benefits. The board shall keep such accounts as are necessary to show the contributions of each political subdivision to the benefit account fund and shall have the power to debit and credit the various accounts in accordance with the transfer of the members from one employer to another.

*Employees of a political subdivision, maintaining its own retirement system, who have been transferred to a health district formed pursuant to chapter 70.46 RCW, but who have been allowed to remain members of the political subdivision's retirement system may be transferred as a group to the Washington public employees' retirement system. Such transfer may be made by the action of the legislative authority of such political subdivision maintaining its own retirement system. Such transfer shall include employer's and member's funds in the transferring municipalities' retirement system.*

*Employees of a political subdivision, maintaining its own retirement system, heretofore transferred to a joint airport operation of two municipalities pursuant to chapter 182, Laws of 1945, may be transferred as a group to the Washington public employees' retirement system. Such transfer may be made by the action of the legislative authority of such political subdivision maintaining its own retirement system. Such transfer shall include employer's and member's funds in the transferring municipalities' retirement system.*

Sec. 13. Section 5, chapter 71, Laws of 1947 and RCW 41.44.050 are each amended to read as follows:

Any city or town of the first, second, third or fourth class may elect to participate in the retirement system established by this chapter: PROVIDED, That a first class city may establish or maintain any other retirement system authorized by any other law or its charter. The manner of election to participate in a retirement system under this chapter shall be as follows:

- (1) The legislative body therein by ordinance making such election;
- (2) Approval by vote of the people of an ordinance initiated by the voters making such election;
- (3) Approval by vote of the people of an ordinance making such election referred to the people by the legislative body.

Any ordinance providing for participation therein may on petition of the voters be referred to the voters for approval or disapproval.

The referendum or initiative herein provided for shall be exercised under the law relating to legislative initiative or referendum of the particular city; and if the city be one

for which the law does not now provide such initiative or referendum, it shall be exercised in the manner provided for legislative initiative and referendum of cities having a commission form of government under chapter 116, Laws of 1911, the city council performing the duties and functions under that law devolving on the commission. A majority vote in the legislative body or by the electorate shall be sufficient to carry or reject. Whenever any city has elected to join the retirement system proper authorities in such city shall immediately file with the board an application for participation under the conditions included in this chapter on a form approved by the board. In such application the city shall agree to make the contributions required of participating cities in the manner prescribed herein and shall state which employee group or groups are to originally have membership in the system.

*In the case of a state association of cities and towns, election to participate shall be by majority vote of the board of directors of the association.*

Sec. 14. Section 11, chapter 71, Laws of 1947 as last amended by section 2, chapter 99, Laws of 1965 ex. sess. and RCW 41.44.110 are each amended to read as follows:

(1) Subject to subsection (2) of this section, membership of this retirement system shall be composed of the following groups of employees in any participating city or cities:

(a) Miscellaneous personnel as defined in this chapter;

(b) Uniformed personnel as defined in this chapter;

(c) Elective officials, who shall have the right to membership in this retirement system upon filing written notice of such election with the board of trustees;

(d) Employees of the retirement system itself shall be entitled to membership and any costs in connection with such membership shall be a part of the cost of administration.

*(e) Employees of any state association of cities and towns shall be entitled to membership, upon election to participate made by the board of directors pursuant to section 13 of this 1971 amendatory act, and any costs in connection with such membership which would be borne by a city in the case of employees of a city shall be borne by the association.*

(2) Any city may, when electing to participate in this retirement system in the manner set forth in RCW 41.44.050, include any one group or combination of the groups mentioned in subsection (1) of this section. For an initial period not to exceed one year from the effective date of any city's entry into this system, if so provided at the time of its election to participate, only a majority of the employees of any group or combination of groups must be members of the system.

At all times subsequent to the effective date of the city's entry into this system, or at all times after expiration of such initial period, if such initial period is established at the time of the city's election to participate, all employees of any group or combination of groups must be included or excluded as members of this system. Groups (c) and (d) shall be considered as being composed of miscellaneous personnel as far as benefits and obligations are concerned except when the contrary is clearly indicated.

(3) Subject to subsection (2) of this section, membership in the retirement system shall be compulsory for all employees in groups (a) and (b), after qualification as provided in subsection (4) of this section.

(4) Subject to subsection (2) of this section, all employees in city service, on the effective date, or on June 9, 1949, or on expiration of the initial period therein provided if they have completed six consecutive months' service or six months' service in any calendar year prior to the expiration of such initial period, shall be members of the system, provided that such employees who are not regular full time employees and are earning less than one hundred dollars per month, or are part time employees serving in an official or special capacity may with the acquiescence of the legislative body of the city or town in which they are employed, elect on or before January 1, 1950, to discontinue membership by giving written notice of such election to the board. All other regular employees earning more than one hundred dollars per month shall become members upon the completion of six consecutive months' service or six months' service in any calendar year. Any employee otherwise eligible, employed in a permanent position, may elect in writing to become a member of the system at any time during the initial period, or at any time prior to completing such six months' service. Such individual employees other than regular employees, who are earning less than one hundred dollars per month or who are serving in an official or special capacity may elect to become members with the acquiescence of the legislative body of the city or town in which they are employed upon the completion of six months of consecutive service or six months' service in any calendar year.

(5) It shall be the duty of the proper persons in each city to immediately report to the board routine changes in the status of personnel and immediately furnish such other information regarding the employment of members as the board may from time to time require.

(6) Should any member withdraw more than one-quarter of his accumulated contributions, or should he die or be retired, he shall thereupon cease to be a member.

(7) Transfer of any employee from one city to another shall not cause the employee to lose membership in the system providing the city to which he transfers participates in the retirement system created herein.

Sec. 15. Section 12, chapter 71, Laws of 1947 as last amended by section 2, chapter 70, Laws of 1959, and RCW 41.44.120 are each amended to read as follows:

(1) Subject to subsections (4) and (5) of this section the following members shall be entitled to prior service credit:

- (a) Each member in service on the effective date.
- (b) Each member entering after the effective date if such entry is within one year after rendering service prior to the effective date.
- (c) Each member entering in accordance with the provisions and subject to the conditions and limitations prescribed in subsection (5) of this section.

As soon as practicable, the board shall issue to each member entitled to prior service credit a certificate certifying the aggregate length of service rendered prior to the effective date. Such certificate shall be final and conclusive as to his prior service unless hereafter modified by the board, upon application of the member.

(2) Each city joining the system shall have the privilege of selecting the rate at which prior service pensions shall be calculated for its employees and may select any one of the three rates set forth below:

(a) 1.33% of final compensation multiplied by the number of years of prior service credited to the member. This rate may be referred to as "full prior service credit."

(b) 1.00% of final compensation multiplied by the number of years of prior service credited to the member. This rate may be referred to as "full prior service credit."

(c) .667% of final compensation multiplied by the number of years of prior service credited to the member. This rate may be referred to as "one-half prior service credit."

(3) The above rates shall apply at the age of sixty-two or over for members included in the miscellaneous personnel and at age sixty or over for members in the uniformed personnel: PROVIDED, That if a member shall retire before attaining either of the ages above referred to, the total prior service pension shall be reduced to the percentages computed and established in accordance with the following tables, to-wit:

(4) If sickness, injury or service in the armed forces of the United States during the national emergency identified with World War I or World War II and/or service in the armed forces of the United States of America for extended active duty by any employee who shall have been regularly granted a leave of absence from the city service by reason thereof, prevents any regular employee from being in service on the effective date, the board shall grant prior service credit to such person when he is again employed. The legislative authority

in each participating city shall specify the amount of prior service to be granted or current service credit to be made available to such employees: PROVIDED, That in no case shall such service credit exceed five years. Certificate of honorable discharge from or documentary evidence of such service shall be submitted to the board before any such credit may be granted or made available. Prior or current service rates, or both, for such employees shall not exceed the rates established for fellow employees.

(5) There shall be granted to any person who was an employee of a private enterprise or a portion thereof which shall be hereafter acquired by a city as a matter of public convenience or necessity, where it is in the public interest to retain the trained personnel of such enterprise or portion thereof, credit for prior service for the period such person was actually employed by such private enterprise, except that this shall apply only to those persons who shall be employees of such enterprise or portion thereof at the time of its acquisition by the city and who remain in the service of such city until the effective date of membership of such person under this chapter.

*There shall be granted to any person who was an employee of any state association of cities and towns, which association elects to participate in the retirement system established by this chapter, credit for prior service for the period such person was actually employed by such association, except that this shall apply only to those persons who shall be employees of such association on the effective date of this 1971 amendatory act.*

Credit for such prior service shall be given only if payment for the additional cost of including such service has been made or if payment of such additional cost or reimbursement therefor has been otherwise provided for to the satisfaction of the board or if such person be entitled to any private pension or retirement benefits as a result of such service with such private enterprise, credit will be given only if he agrees at the time of his employment by the municipality to accept a reduction in the payment of any benefits payable under this chapter that are based in whole or in part on such added and accredited service by the amount of these private pension or retirement benefits received. The conditions and limitations provided for in this subsection (5) shall be embodied in any certificate of prior service issued or granted by the board where any portion of the prior service credited under this subsection is included therein.

The city may receive payments for these purposes from a third party and shall make from such payments contributions with respect to such prior service as may be necessary to enable the fund to assume its obligations.

*NEW SECTION. Sec. 16. Section 1, chapter 223, Laws of 1961 and RCW 41.40.128 are each repealed.*

*NEW SECTION. Sec. 17. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.*

*NEW SECTION. Sec. 18. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.*

#### STATEMENT FOR THE JOURNAL

Mr. Sawyer: "Mr. Speaker, I wish to have permission to insert remarks in the Journal with regard to my last vote."

The Speaker: "Permission granted."

There comes a time in the legislative process when every legislator has his druthers. In order to fulfill the demand necessary for the favorable action and opportunity to vote on House Bill No. 283, we were required to supply a certain number of votes for a revenue and tax package which we found personally objectionable and which was adopted without the consent of the Democratic Caucus conferee on the Revenue and Tax Package of 1971. The Republican Majority refused to permit us to do so unless we supplied votes for the tax package.

Believing that property tax relief was the ultimate necessity of this session of the legislature, we had our "druthers"; accordingly we made our commitment to supply the necessary votes for the tax package as a condition of receiving an opportunity to provide the much needed real property tax relief bill—House Bill No. 283 as amended by the Senate.

The revenue-tax package is not what we wanted! To add insult to injury a further condition on our supplying votes was imposed in order to receive an opportunity to enact workmen's compensation legislation. ## GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED AND PARTIALLY VETOED

May 21, 1971.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one item, ENGROSSED HOUSE BILL NO. 86 entitled:

"An Act relating to education."

I am vetoing the proviso to section 2 of this bill which would require the consent of an intermediate school district prior to its elimination through consolidation by action of the State Board of Education. The intermediate school district concept is new with the adoption of the common School Code and the State Board of Education should have the power to adjust and vary school boundaries to maximize the effectiveness of our secondary school system. The proviso would hinder this needed flexibility and would detract from the ability of the State Board of Education to make necessary organizational changes as the districts gain experience through operating under the new law.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

May 21, 1971.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am returning herewith to be transmitted to the House at the next session of the Legislature, without my approval, HOUSE BILL NO. 144, entitled:

"An Act relating to revenue and taxation."

The inequities of the business and occupation tax are well understood. Because it is imposed at each stage of production and distribution, it has a pyramiding or doubling effect. This is the very essence of a gross receipts turnover tax. I have long advocated broad tax reform for this state in order to reduce or eliminate this inequitable tax. However, to provide one company an exemption from taxes commonly paid by many other businesses, would not be equitable or fair. The Department of Revenue records indicate that there are many parent and subsidiary companies which are subject to double business and occupation taxes. Although the secrecy provision in the Revenue Act prohibits the release of information on specific firms, the following are some of the typical examples in which subsidiaries are paying Washington business and occupation taxes for work performed for their parent corporations.

- (1) A subsidiary of a large computer manufacturer performs services for the parent company and pays business and occupation tax at the 1 percent rate on these activities.
- (2) A computer service subsidiary of a steel fabricating company performs computer services exclusively for the parent company and pays business and occupation tax at the 1 percent rate.
- (3) A subsidiary which leases equipment to its parent company, a large construction firm, pays business and occupation tax at the 0.44 percent rate.

- (4) A large construction company has a subsidiary firm which performs management services for the parent and is taxable at the 1 percent rate under the business and occupation tax.
- (5) A large forest product firm has a subsidiary company perform certain management and accounting services, the income from which is subject to the 1 percent business and occupation tax.

In addition to the parent subsidiary situation, the present law, under its wholesaling function classification, imposes a double tax on all companies in the state that distribute to two or more of their own retail outlets. This is most common in the case of large retailers in the general merchandise and grocery industry. These firms pay taxes in lieu of the wholesaling business and occupation tax, as well as a retailing business and occupation tax on the same commodities. To provide a special exemption in the case of a parent-subsiary relationship and to continue to impose a double tax on these other single ownership companies would be highly inequitable. To exempt all of the cases of tax pyramiding without providing alternative sources of revenue, would seriously impair the state's ability to provide the necessary services. What is needed is a broad tax reform of all taxes levied on business.

It may very well be that the impact of a 1 percent business and occupation tax on computer services is excessive under circumstances existing today in Washington State.

I suggest that alternative methods of resolving these tax problems be studied and that these alternatives be presented to the 1972 Session of the Legislature.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

May 21, 1971.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the House at the next session of the Legislature, without my approval as to certain items ENGROSSED SUBSTITUTE HOUSE BILL NO. 151, entitled:

"An Act relating to expenditures by state agencies for the fiscal biennium beginning July 1, 1971, and ending June 30, 1973; designating effective dates for certain appropriations; and declaring an emergency."

In my Budget Message to the Washington State Legislature 130 days ago, I acknowledged the difficult decisions which were included in the Budget and asked that we set aside partisan differences in order so that we might meet the fiscal crisis which is affecting all of the people of this state. In my Budget Message, I asked the legislature to avoid the fiscal extremes of placing an untimely additional burden on the taxpayers of this state or of unmindfully reducing the budgets to the point where the agencies could not properly carry out their basic responsibilities. We now have before us the record of the 41st Session of the Legislature and the record is clear that the Washington State Legislature has proposed a Budget which is out of balance by \$22 million, does not adequately support some programs, is wasteful in other instances, and in other areas is drafted in such a faulty manner that the intent of the Legislature cannot be carried out by the language included in the bill.

To some extent, it is possible to repair the Budget through the use of the executive veto power and I intend to use it on 33 occasions in this appropriations bill, as a means of removing some of the more onerous and faulty sections of the bill. I would like to make it clear that it is with a good deal of reluctance that I use the executive veto power on this or any piece of legislation. However, the legislative budget process clearly did not function adequately or in the best interests of the state. In reviewing various requests to veto sections

of this bill, I have attempted to be responsive to the citizens of this state, both from the standpoint of what I have selected to veto and by rejecting other veto proposals.

I believe it is also appropriate to comment in this veto message upon those areas in the Budget which are faulty, yet cannot be repaired through the use of executive veto power. I cannot, for example, restore an adequate level of funding to the Department of Ecology. I requested a Budget for the Department which I considered to be the minimum level necessary to maintain the state's current position with respect to environmental protection. I am convinced that the severely reduced Budget proposed by the legislature will reduce the department's ability to review and approve in a timely manner the plans and designs of waste treatment plants for existing and new industries coming into this state. There is, further, the very real and potential problem that backlogging of plans for review or reduced pollution control efforts on the part of the state may cause the federal environmental protection agency to pre-empt some of the state programs and remove the reasonable buffer of an informed and concerned state agency between local governments and state industries and replace them with a governmental unit which is less sensitive to local issues and problems. I am sure neither of these results is desired by those who have slashed unknowingly at the department Budget. In addition, the Legislature enacted eight bills placing new burdens of substantial impact on the department, with *no* additional appropriation, representing a questionable approach to the environmental protection of the state's resources.

The Governor's Budget for the Treatment Center for Women at Purdy amounted to \$3,285,769 for the two-year period, of which \$250,000 would be federal L.E.A.A. funds for excellence in treatment and \$761,246 would be revenue received from the federal government and other states for the housing of individuals not capable of being placed within their own treatment system.

The appropriation bill contains only enough funds to staff administration, food services, janitorial services and custody positions; thus, precluding the provision of such treatment personnel as counselors, teachers, nursing staff, recreation leaders, staffing of the work and training release facility and similar services which are necessary to provide a treatment rather than a custodial program.

It should be further pointed out that the staff reduction included in the appropriation bill will not only reduce the program to the level of a caretaker operation but could eliminate the transfer of prisoners from federal and other states and jurisdictions to this facility and reduce to some extent the \$761,246 in anticipated revenue. Initial negotiations with other states and the federal government indicated that the primary reason they were interested in transferring female prisoners to this state was the availability of a treatment program for women which is simply not available in their jurisdiction. In addition, the probability of acquiring the federal L.E.A.A. grant of \$250,000 for excellence in treatment could be lost given the lack of treatment personnel. Thus, the reduction in funding may be more than offset by loss of anticipated revenue.

The \$10 million reduction from the austere level of state aid to higher education which I proposed may well result in a deterioration in the quality of higher education in this state which has taken years to develop. It is equally unfortunate that the legislature did not accept, as I had proposed, the amount of tuition and fees which could be waived for needy students, particularly when they accepted the proposed increase in student tuition and fees. The result of legislative action in this area can be measured by the number of needy students from families who cannot afford to pay the higher costs and are effectively precluded from receiving a higher education in this state.

For the second consecutive biennium, certain members of the legislature in a Conference Committee have taken it upon themselves to make arbitrary changes in the Budget for the Department of Fisheries, and by placing them in line item appropriations, thereby prevented use of adequate funding in Fisheries management activities, which have resulted in the large increases in fish yields.

Refusal of the legislature to act responsibly on the proposal to close several state institutions also deserves comment.

At the beginning of the legislative session, I sent each legislator a detailed position paper which concluded, based on the current and future downward trends in average daily population at the three mental hospitals, that substantial savings could be made through the

closure of Northern State Hospital. The arguments presented at that time are still valid. In response to this proposal, the legislature has included an amount of funds which are inadequate to match the provision that the Hospital is to remain in operation for the entire biennium, and has made a vague suggestion in the Budget for study of alternative uses for the facility. Such action is hardly a responsible counterproposal to such a clear issue and I intend to seek additional funding or some other course of action from the 1972 Special Session of the Legislature.

With respect to Fort Worden, the \$2,500,000 Budget proposed for the continued operation of this facility is not only unnecessary, the Budget is such that it would be necessary to operate this facility with so few treatment staff that it would become a warehouse operation with little or no treatment program for the 75 youths unfortunate enough to be assigned to the facility. More importantly, Fort Worden is not needed in the juvenile rehabilitation program given the ample capacity in our other institutions and any attempt to keep it open simply means that we are reducing our efficiency at a time when our economy demands cost effectiveness in our programs. The annual cost per resident of \$16,666 at Fort Worden as proposed by the legislature is a shockingly high amount and exceeds by eight times the cost of caring for these juveniles in the juvenile probation subsidy program. Because the treatment program and economic issues are so clearly evident in the case of Fort Worden, I have vetoed the provision requiring operation of the facility for two years.

Finally, I would like to comment on one of the most serious and deficient areas in the Budget—the inadequate amount of funds provided to allow the state to maintain a \$365 per pupil guarantee. The legislature failed to provide the additional state funds necessary to allow the state to maintain a \$365 per pupil guarantee. Primarily because of enactment of property tax relief and failure to enact other proposed legislation used to balance the Budget, the legislature should have provided approximately \$15.3 million in additional state general fund appropriation to the Superintendent of Public Instruction. Unless this additional amount is added to the Budget by the 1972 Legislature for distribution to local school districts, it will be necessary to reduce the per pupil guarantee from \$365 to approximately \$350 during the 1972-73 fiscal year.

Of the \$22 million by which the Budget is out of balance, \$15 million is a result of the problem of inadequate funding to maintain support to local school districts. The only method by which I can attempt to assure that funds necessary to adequately finance the schools will be available is by vetoing the \$20 million General Fund appropriation to the Teachers' Retirement System. I am making this veto with the full assurance that it will not in any way hinder the payment of pensions to retired teachers.

No one can be sure whether revenue will exceed or fall below revenue estimates made for the 1971 Legislative Session. Should sufficient revenue in excess of present estimates appear to be available when the 1972 Session convenes, they will have the option to utilize it to resolve the K-12 shortage and solve other problems in the Budget, and eliminate the impact of this veto. Should revenue be below estimates, the problem of further reduction or tax increase will be more manageable because of this veto.

The specific items which I have vetoed are as follows:

### *1. Higher Education*

I have vetoed a specific limitation on sabbatical leaves at our colleges and universities.

The one percent of faculty restriction contained in section 1 is simply a punitive measure which ignores the constructive benefits a properly administered sabbatical leave program contributes to the education process. The remaining language in the bill provides that expenditures for sabbatical leaves must be incurred on a "break even" basis in that the replacement cost and the percentage of salary awarded to the recipient of a sabbatical leave cannot exceed the annual contracted salary of the recipient of the leave. Consequently, the further limitation to one percent of professional staff produces no real monetary savings. In addition, the Council on Higher Education has recently developed through guidelines which have been reviewed by the Legislative Budget Committee which will insure that the operation of the sabbatical or professional leave program is properly supervised in institutions of higher education in the State of Washington. Prior to any further restrictions, those guidelines should have an opportunity to be used and reviewed for adequacy after some experience has been gained.

## 2. *Secretary of State*

On page 3, line 23, I have vetoed the following proviso:

"PROVIDED, That expenditures should only be used for the purpose of carrying out his statutory or constitutional duties." The provision is a gratuitous insult applied to no other elected official and was included solely to limit the discretionary powers of a separately elected official who has, through his dedication, contributed efforts beyond those required by statute, particularly in identifying problems of youth, racial minorities and urban areas. The citizens of the State of Washington are fortunate to have concerned elected officials willing to personally devote additional time and energy to public service rather than sit back and do no more than is statutorily required. Unless such a provision is included for all officials, which would represent a step backward from responsive government, I will not approve it for a single elected official.

## 3. *Attorney General*

On page 4, I have vetoed the appropriation on lines 12 and 13, as follows:

"General Fund—Appropriation for Washington Organized Crime

Intelligence System

-0--"

The effect of a zero appropriation for the Organized Crime Intelligence System is to forfeit the continuation beyond July 1, 1971, of the Washington Organized Crime Intelligence System for which the Attorney General has received \$99,925 in federal funds and which are matched by "in kind" contributions by his office.

The project is designed to provide the state's governmental and criminal justice agencies information necessary to combat organized crime. Its policies are governed by a committee of eleven members, the chairman of which is the prosecuting attorney of Snohomish County, two of the members of which are from professions outside of law enforcement, while the other nine members, including the Attorney General, are either directly or indirectly connected with law enforcement as a profession.

Organized crime, as the very name implies, is a form of criminal activity which transcends normal jurisdictional boundaries, both those which separate the multitude of local governments within the state and those which separate the various criminal justice disciplines. It is systematic, continuous, based on corruption and thrives in the jurisdictional maze caused by fragmented, localized criminal justice agencies. Some central point of reference is obviously necessary to successfully prevent it. The Organized Crime Intelligence System hopes to supply just such a point. It consists of a central index file, a program of training conferences, and a small staff to provide investigatory and technical assistance to local criminal justice agencies.

In the short life of the system, a great deal has been accomplished with these rather minimal tools at no loss to local autonomy or interference with individual rights of privacy. Carefully drafted rules, debated over a number of months, safeguard against possible abuses with regard to the use of any information which may be obtained by the system. In addition, the three staff investigators, two hired directly as a result of the program, have provided vital assistance to the staff of both the federal and county grand juries now in session in Seattle in connection with their investigations of organized crime. Training sessions, attended by more than 70 personnel from local law enforcement agencies throughout the state, have had a marked impact on cooperation between those various agencies in dealing with organized crime. We hope that the success of the project will result in a control of organized crime without infringing upon the rights and responsibilities of local law enforcement agencies; in fact, it was representatives of those agencies who initially requested the creation of the system.

In order that this provision not interfere with the improvement of law enforcement capabilities in the war against crime in the State of Washington, I have vetoed this restrictive appropriation.

## 4. *Attorney General*

On page 4, I have vetoed the proviso on lines 21-26 as follows:

"PROVIDED FURTHER, That in no event shall the billings for legal services made to agencies, departments and institutions of higher learning during 1971-73 exceed a total of \$5,912,936."

The effect of the second proviso is to render ineffective Section 5 of Senate Bill No.

648, which established a revolving fund for legal services. That section gives a needed degree of flexibility to state agencies which have unforeseen demands for legal services, allowing them to reallocate additional funds for legal services with the approval of the Office of Program Planning and Fiscal Management. The proviso would specify only the amount of funds which would be spent for legal services and no other service, thus, prohibiting either the agency of the Office of Program Planning and Fiscal Management from making transfers in budgeted items for additional legal services which are necessary and which were not foreseen at the time the Budget was prepared. The proviso will not result in any savings and could cause the state to provide inadequate legal services thereby endangering state funds. Consequently, I have vetoed this proviso.

#### 5. *Tax Appeals Board*

On page 5, line 28, I have vetoed the following proviso:

"PROVIDED, That the operation of the board is to be considered full time, except that no salary will be paid to board members except each member will receive \$75 per day while sitting at the Appeals Board."

The workload of the Tax Appeals Board has increased to the point that the Board must begin full time operations or risk serious delays in reviewing property tax appeals. To meet the massive backlog, and also to insure that taxpayers will be granted timely hearings, the Board was placed on a full time basis beginning April 1, 1971.

At the same time that the Board began full time operations, the members were placed on a salary rather than a per diem basis. This was done for several reasons including:

1. At the present time, RCW 82.03.050 permits the Governor to determine whether or not the Board should be operated on a full time basis. The section, however, limits compensation to \$10,000 per fiscal year if the Board members are paid on a per diem basis. The proviso in the Appropriations Act requires the continuation of the payment on a per diem basis, which has the net effect of limiting payment to Board members to \$10,000 per year which would place the Board back on a part-time operational basis.
2. Because of the extremely heavy workload, the members are required to meet on a full time basis. At the present per diem rate of \$75 per day plus expenses of \$15, the members would be paid \$23,400 if they met 260 days per year. Little or no savings would be achieved if Board members were paid on a per diem basis for full time operation.
3. Board members paid on a per diem basis do have the option of becoming members of the retirement system but they do not earn annual or sick leave. If the Board is working full time, yet being compensated on a part time basis, members would be treated quite differently from other boards such as the Liquor Control Board and Utility and Transportation Commission members.

In summary, the principal objections to paying members on a per diem basis, as set forth in the proviso are: (1) regardless of the method of payment, the workload requires full time operation of the Board; (2) no monetary savings will result from compensation for a full time Board on a per diem basis; (3) payment on a per diem basis subjects members to inequitable treatment because they cannot earn annual or sick leave as other officers and employees can; and, (4) in view of the compensation limitations in RCW 82.03.050, it would be impossible to operate the Board on a full time basis.

#### 6. *Department of General Administration*

On page 6, line 2, I have vetoed the following proviso:

"PROVIDED, That \$707,000 shall be allocated to the Division of Banking."

Under the state's Budget and Accounting Act, RCW 43.88, the Governor is responsible for reducing agency expenditures so as not to exceed revenues available in a fiscal period. It is clear that if this proviso were allowed to remain and if it were necessary to reduce expenditures commensurate with a decline in forecasted revenues, it would be necessary for other divisions within the Department of General Administration to absorb the additional savings which would have otherwise been assigned to this division. The potential opportunity for such preferential treatment as presented in the proviso is simply inconsistent with sound administrative procedures.

7. *The Cemetery Board*

Veto on page 11, line 4, the words "General Fund for."

The funds for operating the Cemetery Board are provided from a special account entitled Cemetery Account. The removal of the words "General Fund for" is intended to correct a drafting error in the bill and to clarify the source of funding for this agency.

8. *Department of Social and Health Services—Division of Institutions*

On page 13, beginning on line 13, I have vetoed the proviso which states:

"PROVIDED, That it is the intent that the facilities at Fort Worden shall continue to serve it[s] residents to June 30, 1973."

As I indicated in my earlier comments, given the surplus capacity in other state juvenile institutions, the strong need to restore at a future legislative session the proper funding level of the Juvenile Probation Subsidy Program so as to continue to adequately support this innovative treatment program and the shockingly high cost per resident if Fort Worden were continued in operation, I am vetoing the proviso which would require the state to continue operation of the Fort Worden facility and I have instructed the Secretary of the Department of Social and Health Services to prepare a plan for the orderly phase-out of this facility. In addition, and in order to assist the community of Port Townsend to attract new business to replace the lost state jobs, I have instructed the Director of the Department of Commerce and Economic Development to take positive steps to assist the community to provide other employment opportunities for residents of that community.

9. *Department of Social and Health Services—Division of Institutions*

On page 13, beginning on line 21, I have vetoed the proviso dealing with Northern State Hospital.

The legislature has provided \$9.8 million to continue operation of Northern State Hospital for the entire 1971-73 biennium. Based upon a fiscal analysis, it has been determined that the \$9.8 million appropriation is inadequate to fund the operation of Northern State Hospital and provide the proper level of care for patients in that facility. I therefore, am vetoing the provisos which allocate \$9.8 million to operate Northern State Hospital and require the Department of Social and Health Services to study alternative uses of the facility and submit its findings to the 43rd Session of the Legislature and am directing the Secretary of the Department of Social and Health Services to continue to operate Northern State Hospital at a level of expenditure which will insure proper patient care and to further submit to the 1972 Special Session of the Legislature, alternative plans for the use of the Northern State Hospital facilities and for providing the necessary mental health care to residents of that area together with a supplemental budget request which would provide the funds necessary to properly operate the Hospital for the entire 1971-73 biennium.

10. *Department of Social and Health Services—Public Assistance*

On page 15, line 8, I have vetoed that portion of the language of a proviso designating internal agency management structure. The Department and I share the desire that fraud investigations be centralized in a single administrative unit. While that portion of the proviso is unnecessary, I have not vetoed it. However, the additional requirement that it "shall be directly responsible to an Assistant Secretary of the Department" imposes unnecessary constraints on the Department at a time when they are in the process of organizing to provide optimum services in all the areas of their responsibility. To direct this organizational assignment, out of context, is undesirable. Therefore, a veto of that language, "which shall be directly responsible to an Assistant Secretary of the Department of Social and Health Services:" will retain the legislative intent to centralize the fraud investigation and referral activities but allow the Secretary to place this activity in its appropriate organizational setting.

11. *Department of Social and Health Services—Public Assistance*

On page 16, line 12, I have vetoed a proviso restricting the use of certain appropriated funds.

The proviso appropriating \$2,836,778 for state funds to finance the "medical-only" program if the United States Department of Health, Education and Welfare does not provide a waiver to the State must be eliminated so that these funds can be utilized to achieve the flexibility necessary to correct other program deficiencies that are inherent in this Budget.

We believe that the United States Department of Health, Education and Welfare should

eventually grant the waiver. However, if this is not the case, there are several options for financing the revised medical plan open to the state while this proviso is directed toward only one of those options.

*12. Department of Social and Health Services—Public Assistance*

On page 16, line 18, I have vetoed a proviso limiting the use of certain appropriated funds.

The appropriation of \$14,058,000 restricted to the purpose of supplying money grants to certain categories of assistance recipients creates several very difficult problems for the Department. Provision for State Office exceptions on individual cases, aside from being a serious administrative problem, violates State Law under RCW 74.08.040 and violates HEW program regulation 20-7, Title 45, Chapter 11, Part 233.20 (a) (2) (V). Difference in standards within programs as proposed for AFDC-Regular versus AFDC-Employable cases is prohibited unless it can be demonstrated that bona fide differences in requirements actually exist (HEW Handbook IV 4324.28).

Additionally, the kinds of exceptions envisioned by this proviso would negate much of our efforts toward simplified program standards. Again, simplification is an essential part of our plan to reduce error and fraud in the public assistance system and the savings that I have mentioned previously cannot be attained if this proviso were to remain.

The \$16.8 million contained in the immediately preceding section and this one will be held for additional caseload, or other grant problems. Veto of the restrictions will allow the department to provide the best possible response to legislative intent without jeopardizing our ability to simplify or creating problems with federal compliance.

*13. Department of Social and Health Services—Public Assistance*

On page 19, beginning on line 3, I have vetoed a proviso relating to day care service.

The proviso establishing demonstration projects providing 24-hour day care services is proposed at a time when the legislature failed to provide adequate funds for ongoing day care services. However, because I believe that the Department should engage in innovative projects to improve child care services as an adjunct to the goal of providing employment opportunities to all persons who are public assistance recipients, I have instructed the Department to, within means available, engage in selective research projects including a 24-hour day care service project as well as to make improvements in all child care programs.

A veto of the proviso will allow the use of the funds contained in it to help continue ongoing day care services and provide some funds for demonstration projects of the kind intended in the proviso.

*14. Department of Social and Health Services*

On page 19, beginning on line 7, I have vetoed a proviso establishing an advisory group to the State Public Assistance Advisory Commission. It is inconsistent with SHB 417 which abolished the Public Assistance Advisory Commission as well as other advisory groups to the Department of Social and Health Services and allows the Department to appoint new advisory groups as necessary to carry out the realigned responsibilities of the Department. I have been assured by the department that they plan to include recipients in advisory committees that will conform to the reorganized structure of the department and I have directed the Secretary to assure that adequate recipient representation is provided.

*15. Department of Social and Health Services—Public Assistance*

On page 20, beginning on line 28, I have vetoed a proviso prohibiting certain uses of Urban, Racial and Rural Disadvantaged appropriation funds.

In the first instance, I have been advised by a number of legislators that the proviso in question was not in the draft copies of the appropriation nor the explanatory material made available to legislators on May 7 and which most legislators reviewed over the weekend prior to the vote on the Budget on May 10. While I am uncertain as to exactly how the proviso became inserted into the final conference version of the report, I am certain that many legislators were not aware of its existence when they voted on the Budget.

Secondly, the Superintendent of Public Instruction and the State Board of Education, as well as a number of local school district superintendents have urged me to veto the proviso because of its possible impact on the total school transportation system in this state.

One of the reasons the Urban, Racial and Rural Disadvantaged student program was shifted to the Department of Social and Health Services was to allow the state to obtain

federal matching funds as a means of paying for the cost of the program. I am gravely concerned that if the proviso were allowed to remain, it would conflict with the recent United States Supreme Court decision giving school boards the discretion of bussing to desegregate schools and could result in total inability to use the appropriation to obtain federal matching funds. This would result in the need to provide additional state tax resources to make up for those federal resources which would be lost because of the conflict.

Finally, I believe this decision should be left to local school districts who best know their own needs and problems. For these reasons, I have vetoed the proviso.

*16. Planning and Community Affairs Agency*

On page 22, beginning on line 15, I have vetoed the phrase "of law enforcement agencies of municipal governments."

I am vetoing those words of the proviso which would allocate the additional \$100,000 to meet the problems of drug abuse solely to law enforcement agencies.

The need for additional assistance to many drug abuse programs is evident. These funds will be withheld until the second year of the biennium to be utilized as newly required state matching funds for federal law and justice grants. Flexibility should be maintained to assure that they can be used to meet the highest priority local programs, whether they be in the prevention, rehabilitation or enforcement area, and which will satisfy the federal matching requirements. The vetoed language does not assure that flexibility.

*17. Parks and Recreation Commission*

On page 23, beginning on line 32, I have vetoed the proviso requiring reopening of two specific parks.

Because of the decline in revenues below estimates and in order to maintain a balance between revenues and expenditures during 1970, each state agency was requested to reduce expenditures. In order to meet the assigned savings goal, the Parks and Recreation Commission ceased operating five state parks. Given the need for continuing austerity, funds were not included in the budget for the Commission to resume operating these five parks during the 1971-73 biennium. The 1971 Legislature not only reduced the total amount of funds available for operating parks by \$193,898, the Legislature, through the proviso, would divert an additional \$47,000 from operating funds for other parks, to reopen two of the five parks which were closed. Given the critical shortage of funds for park operations, I am vetoing the proviso which would reopen two of the closed parks at the expense of closing or reducing the operations of parks in other parts of the state. In addition, I am requesting the Parks and Recreation Commission to work with other units of government to determine if they could assist in providing needed recreational facilities by reopening, even on a limited basis, parks in their jurisdiction.

*18. Department of Commerce and Economic Development*

On page 24, beginning on line 20, I have vetoed a proviso requiring use of general funds to operate certain tourist information centers.

The 1971 Legislature directed that 50% of the cost of the Tourism Promotion Program be financed from the Motor Vehicle Fund. In addition, the Legislature directed through the proviso that the state continue to operate five tourist information centers in the state. The purpose of this veto is to allow for operation of these tourist information centers, but from the Motor Vehicle Fund appropriation rather than the General Fund appropriation as would be required by the proviso directing the agency to continue operating tourist information centers. Because each of the five tourist information centers is located adjacent to an interstate highway, the majority, if not all, of tourists who stop to seek information at these centers are motorists. It seems more appropriate that the operating costs of these centers, because of their relationship to highway travel, be financed from the Motor Vehicle Fund rather than the General Fund appropriation.

*19. Colleges and Universities*

I have vetoed similar provisos contained in the appropriations act for each of the state colleges and universities, as follows:

- a. University of Washington, page 27, line 28 to page 28, line 15;
- b. Washington State University, page 30, line 20 to page 31, line 7;

- c. Eastern Washington State College, page 33, line 3 to 23;
- d. Central Washington State College, page 35, line 13 to 33;
- e. The Evergreen State College, page 37, line 22 to page 38, line 9;
- f. Western Washington State College, line 27, to page 39, line 14.

Each proviso would set aside a portion of the operating funds for the college to be held in a reserve status until such time as it can be determined whether or not the number of students actually enrolled during fall of 1971 and forecasted to be enrolled during fall of 1972 are consistent with the number of students for which funds were provided for in the Budget. I wish to make it clear that while I am vetoing this proviso, I endorse the concept of reserving funds as expressed by the proviso until a more accurate determination of enrollment can be made. However, I believe the redistribution of funds between schools is a significant decision which should be made by the entire Legislature, unless timing makes that impossible. Inasmuch as the Legislature will meet in special session in January, 1972, only a few days after the date specified in the proviso, we will have an opportunity to bring this and other fiscal matters before the whole Legislature. Consequently, there is no reason for this procedure to remain in effect. Pursuant to the provisions of Senate Bill No. 208 (Ch. 40, Laws of 1971, Ex. Sess.), the legislative intent is clear, I concur with it, and will direct the colleges and universities to place the sums contained in the vetoed provisos into reserve. In the event I am satisfied that the criteria relating to enrollment estimates have been met, the funds will be allocated. Otherwise, the entire Legislature will be requested to redistribute these amounts among the schools, or to other programs.

#### 20. *Colleges and Universities*

The budgets of five of the colleges and universities contain a proviso which states, "That the increase in tuition and fees shall be phased over a two-year period of time or until a degree is granted to those out-of-state students enrolled during spring quarter of the 1970-71 academic year."

The language of these provisos may be somewhat unclear. While I have not vetoed any portion of the language, I wish to clarify it by indicating what I believe to be clear legislative intent, based upon revenue assumptions contained in the Budget, and communications with legislative committees. It is intended that the increase in tuition for out-of-state (non-resident) students be phased in two steps with approximately one-half the increase in the 1971-72 academic year, and the entire increase to the maximum level established by the 1972-73 academic year. The qualifying language "or until a degree is granted" was intended to shorten the period of phasing for a non-resident student who completes a degree program, and chooses to begin another, and was not intended to lengthen the period of phasing for non-resident students who take more than two years to complete a degree program.

#### 21. *Community Colleges*

I have vetoed a proviso contained in the appropriation to the community colleges on page 47, line 8, which limits the allocation of certain funds for the second year of the biennium, based on a study of vocational education weighting formulas.

During the 1971 Legislative Session, information was presented indicating that the weighting which provides 1.5 times the funding for costs of vocational technical enrollment than for academic transfer enrollment did not accurately reflect the actual cost to the community college system. As a result, \$3,129,620 representing the cost of additional weighting was placed into a contingent status for allocation by the Governor, by January 1, 1972, subject to approval of the Legislative Budget Committee, based upon a staff study by the Legislative Budget Committee, utilizing procedures and definitions specified by the Council on Higher Education. Based upon my allotment authority, I will direct the community college system to place this amount into reserve, pending further allocation. My reasons for vetoing this section are similar to the veto of provisions in the budgets of the four-year colleges and universities. I concur with the need for the study, and believe the procedures established by the study are appropriate. If the study shows that the weighting assumed by the Legislature is appropriate, I will allocate the funds. Because the time for allocation is nearly coincident to the 1972 Special Session, if the study indicates that some alteration should be made in the allocation weighting, I will propose a redistribution of funds for the approval of the entire legislature.

## 22. *Community Colleges*

On page 50, beginning on line 29, I have vetoed the words "academic general education and."

The general purpose of the proviso is to establish a higher priority for academic transfer, vocational training courses, and adult basic education, than for lower priority courses in allocating available funds and student spaces. If insufficient spaces are available to serve all students, the proviso requires that "academic general education" and "community service" courses either be discontinued, or continued on a self-supported basis.

The "academic general education" category includes courses which are generally remedial in nature and are not specifically designed for students who will transfer to a four-year institution, for students who want to complete high school, or for adults who want a basic education. These courses do, however, serve to develop the competencies of individuals so that they may effectively participate in future academic transfer courses and perhaps even more importantly assist individuals in gaining the skills necessary so that they may participate in the vocational technical occupational programs of the community colleges. Many of these individuals are referred under such state programs as Vocational Rehabilitation and WIN (Work Incentive, administered by the Department of Employment Security). A listing of the courses shows such titles as elementary algebra, human relations, writing skills development, basic mathematics, fundamentals of business mathematics, patterns of writing, English fundamentals, and effective studies. To eliminate such courses from the community college curriculum or to require that they be supported entirely by the students is to strike at the heart of the program desperately needed by those citizens of the state who have only the community colleges to serve their educational needs; consequently, at the request of both the Council on Higher Education and the State Board for Community Colleges, I am vetoing their inclusion in the category of programs to be either discontinued or made self-supporting. However, I have approved the remainder of the proviso as it relates to "community service" programs.

It is clear that some courses identified as "academic general education" more properly fit within the "community service" designation, and that this designation varies from college to college. While the answer to this is not to immediately require that *all* "academic general education" courses be treated as "community service" courses, I will specifically ask the Community College Board to control any redesignation of courses now categorized as "community service" and to provide necessary recommendations and information to the Council on Higher Education to meet the requirements of HCR 7 and to assure that uniform standards for categorizing courses on a uniform basis at all schools is achieved by the 1972 Legislative Session.

## 23. *Special Appropriations*

On page 53, line 7, I have vetoed the wording which would require me to distribute the funds provided to partially compensate for the employer contributions to the Public Employees' Retirement Fund. While the funds may ultimately be distributed on a pro rata basis, further time is needed to determine whether special problems exist requiring some other method of distribution. My veto of this section is designed to provide flexibility to distribute the funds in the most desirable manner after we have had the opportunity for further analysis.

## 24. *Teachers' Retirement System*

On page 55, beginning on line 25, I have vetoed the entire section appropriating \$20 million for contributions to the Teachers' Retirement System.

The Budget as passed by the 1971 Legislature is in excess of \$22 million out of balance. A preliminary analysis indicates that of this amount, approximately \$15 million is needed to maintain the state \$365 per pupil guarantee for students in kindergarten through the twelfth grade during the 1972-73 fiscal year. It is equally clear that unless the 1972 Special Session of the Legislature adds approximately \$15 million to the Common School Apportionment appropriation, local school districts will either have to reduce the quality of their education programs or increase special levies to supplement the inadequate amount of state funds provided in the Appropriations bill. Because I do not believe it is desirable to reduce the quality of education and because I am opposed to increasing special levies to make up for an inadequate amount of state support, I am vetoing the General Fund

appropriation of \$20 million and will ask the 1972 Special Session of the Legislature to make a supplemental appropriation to the Superintendent of Public Instruction to assure that the \$365 per pupil guarantee can be maintained for both years of the 1971-73 biennium. I would like to point out that by vetoing the appropriation to the Teachers' Retirement Fund, it is with complete assurance that pensions payments to retired teachers will be made.

I recognize that the veto of the appropriation to the Teachers' Retirement System also deletes state funds used to pay one-half of the administrative cost of the system. The appropriation for administration has been left intact. In order to meet the formula for payment of administrative costs contemplated by RCW 41.32.410 and insure that the members of the system will not have to bear an inequitable share of the administrative costs, funds from my emergency fund appropriation will be made available to pay one-half of administrative costs until a supplemental appropriation can be provided by the 1972 Legislature.

#### *24. Unanticipated Receipts*

On page 60, line 26, I have vetoed a portion of the section dealing with unanticipated receipts.

During the 1971-73 biennium, the state will receive into its general and other funds from which the Legislature makes appropriations, over \$900 million in federal matching grants and contracts. These funds represent a major source of support to Public Assistance and other Human Resources programs, public school through education grants, highway construction, and many other programs of state government. Each state agency in their budget request clearly identifies the amount and the purpose of each federal grant that is anticipated to be received by the agency during the biennium. Because the federal appropriations are for only a one-year duration, whereas the state budget is for a two-year period, it is necessary for each agency to estimate the amount of federal funds they will receive. During the course of the biennium as federal appropriations are established, all agencies go through a procedure of reducing or increasing their estimate of federal revenues to reflect final federal grant allocations. Section 109 in its present form would require each state agency to receive the approval of the Legislature, if it is in session, or the Legislative Budget Committee, if the Legislature is not in session, in the event that federal grants are in excess of the amounts anticipated in the budget.

It is clear that the Legislature wants to assure that whenever not specifically precluded by the terms or the nature of the grant the receiving state agency will utilize federal grant funds in excess of amounts estimated in the Budget to support regular state programs, so as to save state tax funds. I am in full agreement with the desirability of using any available federal funds in lieu of state tax resources and have approved that portion of the section which places this requirement on state agencies.

However, the requirement that approval of either the Legislature or the Legislative Budget Committee must be obtained prior to expenditure is unworkable. While I am in agreement with the fundamental principle of government that the Legislature appropriate all funds to be expended, the State of Washington is at a distinct disadvantage compared to those states who have a full time Legislature responding to changes in federal laws, new federal programs or changes in the amount of federal revenues to be allocated to state programs. In order for this state to be able to respond to changing federal conditions, it must have a mechanism whereby federal funds can be utilized in a timely manner. Such a procedure already exists as set forth in RCW 43.79.250-.280 which designates the Governor as the state's agent to receive and deposit in the Treasury, federal funds not anticipated in the Budget and further allows him to authorize the expenditure of these funds. It is, in essence, this procedure which the state has been following since 1945. The process of determining whether a particular grant is in excess of those estimated in the budget, requiring compliance with this provision is a time consuming process and would result in large numbers of small grants or contract charges being processed through the Legislative Budget Committee. Normal federal allocations to the Department of Public Assistance, which may be in excess of earlier estimates, because of frequent changes in federal regulations and, which must be expended immediately to avoid cash flow problems, could be delayed unnecessarily by requiring committee approval. I see no compelling need to

involve a legislative interim committee in the routine bookkeeping task of adjusting revenue estimates to final federal grant allocations and the potential delays and administrative burdens seem highly desirable. Therefore, I have vetoed a portion of Section 98 requiring such prior approval.

I have approved the provision in section 47 which requires quarterly review by the Legislative Budget Committee of allocations of the Law and Justice Committee, which represents the most significant new federal program. I have also directed the Office of Program Planning and Fiscal Management to develop improved information for both the 1972 and 1973 Session of the Legislature on new federal programs, and I believe these two procedures will provide more meaningful information to the Legislature than the controls in Section 98.

#### 26. *Salaries*

On page 63, line 16, I have vetoed section 107 which was intended by the Legislature to preclude those state employees who are not under the jurisdiction of either the State Department of Personnel or the Higher Education Personnel Board from receiving a salary increase as long as they remain in the same job classification. Employees who would presumably be affected by this section include college and university faculty members and employees exempt from Civil Service status in state agencies. Based upon informal advice from the Attorney General, it is clear that the language of the section is so defective as to accomplish the exact opposite of that intended by the Legislature. The essence of the advice from the Attorney General is that the only state employees in a job classification are those employees in the classified service, as classified by the Department of Personnel or the Higher Education Personnel Board and that faculty members and exempt personnel are not in the category which can be construed to be a job classification. If the section were allowed to remain, it would result in the withholding of regular merit salary increases to employees in the classified service, a result specifically rejected by vote in the Senate, while not prohibiting a salary increase for non-classified personnel.

Because this section so clearly has the opposite effect from that intended and because it is so discriminatory in its application to some employees and not others and finally because if implemented, it would create chaos in salary administration for classified employees, I am vetoing the entire section.

#### 27. *Travel*

On page 67, line 29, I have vetoed a portion of the section which establishes procedure dealing with out-of-state travel.

While I concur with the legislative intent of section 109 to reduce the amount of state funds expended for out-of-state travel, I do not concur with the Legislature's intent to apply these restrictions to executive branch agencies or the method expressed in the section for controlling out-of-state travel. I believe it is equally desirable to reduce the out-of-state travel for all agencies of state government and not just those agencies which are part of the executive branch of government. The control procedure set forth in the act would require the Director of the Office of Program Planning and Fiscal Management to become unduly preoccupied in reviewing and approving each request for out-of-state travel to the extent that it will be necessary to sacrifice more important and economically beneficial activities. From another standpoint, it is an absurdity to expect someone from the Budget Office to determine the priority of individual trips related to scholarly and research pursuits in our colleges and universities. I expect each agency head to manage the internal affairs of the agency for which he is responsible, and to take the steps necessary to reduce the amount of out-of-state travel in his agency so that it is unnecessary to establish a centralized approval procedure. I have allowed to remain in this section the requirement that each agency submit a monthly out-of-state travel report to the Office of Program Planning and Fiscal Management which will be forwarded to the 1973 Session of the Legislature and the Legislative Budget Committee. I believe that by making agency heads responsible for the control of out-of-state travel and by allowing the reporting requirements to remain in the section, agency heads will be able to achieve a more effective utilization of out-of-state travel than could possibly be achieved through a centralized control procedure.

### 28. *Internships*

I have vetoed section 112 which prohibits expenditure of state funds for student internships in state government. The Legislature during the past session utilized a large number of student interns. The Conference Committee which dealt with the Budget inserted this proviso which had been in no other version of the Budget, and it was not discussed on the Floor. Apparently, the members of the Conference Committee take the position that what is good for the Legislature is not good for the Executive Branch. I do not agree. Intern programs have played an essential role in the entire educational process, providing relevant experience for the student with substantial return to the state at minimal state cost. Work study programs, which play a growingly important role in educational programs would be eliminated. While emphasis is placed on opportunities which can be funded entirely with non-state funds, in many instances some state participation is essential. For example, the state participates in a program with the American Industrial Development Council and the Economic Development Administration to train an American Indian for subsequent work in industrial development on Indian Reservations. The state is required to pay one-half of the salary of the intern, receives valuable service from him during his period with state government, and will receive substantial long-term benefit from his training. This proviso would require breaching our commitment to the participants in this program without completing it. Additionally, it would require breaching a commitment with other interns already hired, with little financial savings. This proviso represents unwise policy, inserted at the last minute by the Conference Committee, and has therefore been vetoed.

### 29. *Salaries*

I have vetoed section 113, which was intended by the Legislature to preclude the payment of salary increases to those state employees paid from appropriated funds who earn in excess of \$15,000 a year. Based upon informal advice received from the Attorney General, it is clear that this section, like section 107, has some effects which were not anticipated by the Legislature. In essence, this section would not apply uniformly to all state employees. For example, employees paid from such non-appropriated funds as the Central Stores Revolving Fund, the Printing Revolving Fund, Horticultural District Funds, Agricultural Local Funds, Commodity Commission Funds, Farm Revolving Fund, all college and university Local Plant Funds, all college and university grant and contract funds, Washington State Historical Association Local Museum Fund, the Eastern Washington Historical Society Local Museum Fund, the Forest Insect Disease Control Fund, the Clark-McNary Fund, the Forest Assessment Fund, the Log Patrol Revolving Fund, the State Forest Nursery Fund, the Slash Clearance Fund, and the Forest Access Revolving Fund would not be affected because these employees are not paid from funds contained in this bill.

While there are sufficient technical errors alone in the section to warrant its veto, I am equally concerned about the effect that the section would have on the quality of leadership in state government if such a section were allowed to remain. During the past six years, this administration has diligently worked to attract fresh leadership, people with innovative ideas who are willing to make the effort necessary to make state government more responsive to the public. This fresh leadership has resulted in a whole new way of caring for those who are retarded, for those who are affected with mental illness, for those juveniles and adults who have violated the law. It has resulted in increasing relevance in the instructional programs of the state colleges and universities. It has resulted in more vigorous efforts to clean up this state's air and water. I believe the citizens of this state can be justifiably proud of these and the many other changes which this new leadership has accomplished in response to an era marked by unprecedented economic growth and an equally unprecedented decline in employment and by social disorder and unrest. I am simply unwilling to follow the legislative suggestion that we reward the hard work and dedication of these employees by limiting their opportunity to continue to receive any merit adjustments which other employees would continue to receive.

Therefore, I have vetoed section 113 in its entirety.

With the exception of the items described above, the remainder of the bill is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

May 21, 1971.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the House at the next session of the Legislature, without my approval as to certain items, SUBSTITUTE HOUSE BILL NO. 152, entitled:

“An Act adopting the capital budget; making appropriations for capital improvements; authorizing certain projects; and declaring an emergency.”

This capital budget contains only \$6.8 million in new state General Fund appropriations, a sharp reduction from previous biennia. However, at the last minute certain projects were added by the Senate from the General Fund, with no discussion, and totally ignoring higher priority and urgent projects which should be funded if state General Fund money were available. Because of the lack of time, the Capital Budget returned by the Senate was not discussed in the House. This does not represent a responsible method of allocation of state resources, and I have therefore vetoed appropriations for several projects.

The specific items I have vetoed are as follows:

1. *Washington State University*

On page 26, lines 28-30, I have vetoed the following appropriation:

*From the  
General Fund*

Laboratory Animal Resource  
Facility Planning & Design

\$31,020

The Laboratory Animal Resource Facility project consists of a holding facility for livestock under veterinarian care at the University. While it is a project that will eventually have high priority, it has not been accorded a sufficiently high priority by the University this coming biennium to warrant funding it from the state General Fund.

2. *Eastern Washington State College*

On page 30, beginning on line 26 through line 1 on page 31, I have vetoed the following appropriations:

*From the  
General Fund*

Instruction and Computer Center  
Building, Design and Planning  
Plant Services—Phase II and III  
Maintenance Building  
Plant Storage Building

\$91,624

\$20,278

The Instruction and Computer Center Building is basically an instructional classroom and faculty office space facility with a small area set aside for housing the computer operations. Given the slowdown in enrollment growth at the college, it will be several years before enrollments reach a level where additional space of this type will be required, according to the college's own space utilization standards.

The Plant Services, Phase II and III, project at Eastern Washington State College is another structure that cannot be justified at this time on the basis of needed space. Currently the college stores supplies and other plant articles in a variety of places, which the college administrators indicate will be adequate now that there is a slowdown in college growth.

While I am sure that both of these projects will materialize in a future biennium, they do not warrant funding at this time from the state General Fund.

3. *For the State Board of Community College Education*

On page 43, lines 15 through 21, I have vetoed the following appropriations:

*From the Community College Capital  
Projects Account*

Language Research Center (correctly identified as Learning Resource Center)	
Phase II—Everett Community College	\$ 728,900
Science Building—Edmonds Community College	\$4,400,554

My capital budget for community colleges was based upon fully utilizing the unused bonding capacity of the Community College System of \$13.9 million. The amendment by the Legislature to the Tuition and Fee Bill (HB 740) which excluded Vietnam veterans from paying the increase in tuition and fees will further reduce this unused bonding capacity by \$2.6 million. As a result of this amendment, there are not sufficient funds available for those projects initially included in the Capital Budget, let alone the two additional projects added by the Legislature.

For the Legislature to add two more projects, for an additional \$5.1 million may be a popular political approach, but not a responsible method of handling community college facility requirements.

I am certain that the Learning Resource Center at Everett Community College and the Science Building at Edmonds Community College will receive additional consideration by the next session of the legislature, at the same time additional financing is considered.

With the exception of the items described above, the remainder of the bill is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I return herewith without my approval as to one item, ENGROSSED HOUSE BILL NO. 166, entitled:

“An Act relating to revenue and taxation; and adding a new section to chapter 4, Laws of 1963 and to chapter 36.21 RCW.”

This bill adopts qualifications for persons engaged in the assessment of real property for purposes of taxation. The bill as originally drafted granted an exemption from the qualification provisions for persons who had attended and satisfactorily completed an assessor's school operated jointly by the Department of Personnel and the Washington State Assessor's Association. In fact, this school is operated jointly by the Assessor's Association and the Department of Revenue.

I have vetoed from the bill that language relating to the assessor's school in this erroneous fashion. I urge the Legislature to cure this defect in the language of the bill by adopting new legislation which would exempt from the qualification provisions imposed by this bill persons who have completed the assessor's school operated jointly by the Department of Revenue and the Washington State Assessor's Association.

With the exception of the item referred to above, the remainder of the bill is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am returning herewith to be transmitted to the House of Representatives at the next

session of the Legislature without my approval as to four items, ENGROSSED HOUSE BILL NO. 172, entitled:

"An Act relating to revenue and taxation."

The general purpose of this bill is to remove from various provisions of our tax law references to chapter 262, Laws of 1969, ex. sess., the tax reform "package" which did not become effective by reason of the failure of the voters to approve HJR 42 in the 1970 general election.

Sections 13 and 14 of Engrossed House Bill No. 172 remove these references from RCW 84.36.128 and from RCW 84.36.129, respectively, both statutory provisions relating to the present \$50.00 property tax exemption for low income elderly homeowners.

Engrossed Substitute House Bill No. 283, which I have signed today, provides for a new system of property tax relief for low income elderly homeowners, and repeals, in section 27(2) and (3) these very same provisions which are amended by sections 13 and 14 of Engrossed House Bill No. 172. In order to avoid any inconsistency between the provisions mentioned above, and specifically in order to avoid any uncertainties as to the effect of the repealers contained in Engrossed Substitute House Bill No. 283, I have vetoed sections 13 and 14 of Engrossed House Bill No. 172.

Sections 15 and 16 of Engrossed House Bill No. 172 consist of Senate amendments purporting to continue the "2 mill shift" in the state property tax to be levied for support of the common schools in 1971 and 1972. However, section 15 does not raise the aggregate millage limitation to 22 mills for levies made in these two years. Such a raise in the aggregate limitation is necessary in order to continue the 2 mill shift and to continue, at the same time, the present levying authority of other taxing districts.

Sections 24 and 25 of Engrossed Substitute Senate Bill No. 897 are identical to sections 15 and 16 of Engrossed House Bill No. 172, with the exception that section 24 of Engrossed Substitute Senate Bill No. 897 does raise the aggregate millage limitation for 1971 and 1972. Relying upon the corresponding provisions of Engrossed Substitute Senate Bill No. 897, which correct the technical deficiency in these provisions of Engrossed House Bill No. 172, accordingly I have vetoed sections 15 and 16 of Engrossed House Bill No. 172.

With the exception of the four items discussed above, Engrossed House Bill No. 172 is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am returning herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to five items, ENGROSSED SUBSTITUTE HOUSE BILL NO. 283, entitled:

"An Act relating to revenue and taxation."

This bill deals with a number of aspects of the property tax, and stems from various problems which, although existing prior to the present state-wide revaluation program, have been highlighted by reason of that program. It is, in general, a comprehensive and well thought-out bill, and will substantially aid in solving these problems, while allowing the revaluation program to continue. However, there are certain provisions of the bill which will create more problems than they solve, for taxpayers and tax administrators alike.

Section 1 purports to establish a new statutory standard to be used in the determination of true and fair value for property tax purposes. It strikes the old statutory criteria for determining true and fair value. Since, in my opinion, the stricken language does no more than spell out those criteria in determining true and fair value which would be used in accordance with normal appraisal practices, and since the standard of "true and fair value

in money" is still retained, I believe that the elimination of the old statutory language, by itself, makes no substantive change and can therefore stand.

However, in the new statutory language there are both legal and administrative problems. The language in subsection (1)(a) relating to adjustments by appropriate discounts for sale conditions other than for cash is being vetoed because of its legal uncertainty. It is standard appraisal practice, in the use of comparable sales, either to adjust contract sales where the contract price is inflated by a low down payment or an unreasonably low interest rate, or to reject such comparables entirely. It is not clear whether the new language is simply an expression of an intent to continue this practice, or whether it requires in addition a discount based upon discounts taken in selling, for example, a vendor's interest in a real estate contract. If the latter be the intent, this is not in conformity with standard appraisal practices, will cause serious administrative problems, and will result in substantial lack of uniformity in results.

The second item vetoed is the language in the same subsection relating to standards for determining "similar sales." Again, it is not clear whether the intent here is simply to continue present appraisal practices with respect to the use of comparable sales, or is to use some other standard. If the intent is the latter, the effect of this would be to discriminate against that vast majority of property which is appraised on the basis of its actual use, in favor of those properties in which highest and best use is not actual use, i.e., in favor of properties being held primarily for speculative investment, and against the typical residential property. Accordingly, this language is being stricken because it is either useless or it is discriminatory in effect.

With these vetoes the sole change from standard appraisal practices is the requirement of adjustments for direct selling costs. It is clear that the percentage discount or adjustment to be made in accordance with this subsection for direct costs of sale is to be established by the Department of Revenue after appropriate studies, and that the amount of brokerage fees are to be included in this percentage. Since uniform administrative practice in determining that discount is assured, I have allowed this provision to stand.

The successful continuation of the present state-wide revaluation program necessitates, I believe, as much clarity as possible and the least amount of administrative and legal confusion in the standards to be applied in the appraisal of real property for tax purposes. The item vetoes discussed above have been made with full cognizance of these requirements, and after consultation with the Department of Revenue and representatives of the county assessors. With these item vetoes, I believe that subsection (1) is workable.

I have also vetoed the provisions of subsection (2) of section 1. This new section is a radical departure in the United States from standard appraisal practices, in that it allows self-assessment by the taxpayer for property tax purposes. While the proposal may have substantial merit, its risks are such that I do not believe it should be put into effect without further careful consideration. See, for example, the discussion of such a system in "An Evaluation of Self-assessment under a Property Tax" in *The Property Tax and Its Administration*, Lynn, Editor, University of Wisconsin Press, Madison (1969), pages 79-118. I trust that this method of self-assessment is one which will be intensively studied by the committee established under section 18 of the bill.

The last two sentences of section 2(2) substantially parallel a provision which has already been enacted into law as section 3, chapter 42, Laws of 1971, Extraordinary Session. These last sentences of subsection (2) are apparently intended to have exactly the same effect as the provision already enacted into law; but the different language may well cause legal confusion, and for this reason, is vetoed.

I have also vetoed the provisions contained in section 7 of the bill. The reason for this veto is that they appear to be in conflict with the provisions of section 8, the intracounty equalization provisions. The conflict arises on two points. The first proviso states that properties revalued in 1970 pursuant to a cyclical revaluation program approved by the Department of Revenue may be adjusted downward only in order to reflect actual decreases in true and fair values or to reflect new valuation criteria. However, section 8 contemplates that there will be an adjustment downward for such properties simply by reason of the fact that the true and fair values determined for other properties in the county are lower than actual market values.

A second source of conflict would arise even if the first source of conflict were

eliminated. Section 8 contemplates that there will be a percentage reduction for such properties for purposes of 1971 assessments, and that there will also be a reduction for purposes of 1972 assessments, both reductions to be made from the 1970 valuations. However, in all probability the reductions to be made in 1972 will be less than those made in 1971. The provisos in section 7 would appear to prevent what, in effect, would be a raise in 1972 true and fair values from the 1971 true and fair values.

I have been assured by the Department of Revenue that it will not permit assessors, using the multiple regression techniques contemplated by section 7 of this bill, to raise true and fair values, in order to reflect actual increases in market price of properties already revalued under the revaluation program until the whole program is completed.

With the exception of the items discussed above, I have approved Engrossed Substitute House Bill No. 283.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to certain items and sections, HOUSE BILL NO. 291, entitled:

“An Act relating to gambling.”

House Bill No. 291 as originally introduced represented a comprehensive regulatory scheme for all types of gambling activity which distinguished between professional and non-professional gambling in terms of the type of sanction imposed. Professional gambling was penalized through the criminal process while non-professional gambling would incur civil penalties only.

Establishing this distinction recognizes that certain types of gambling are widespread yet relatively harmless from a law enforcement standpoint and receive little or no condemnation from society. Unfortunately, the bill as presented to me by the legislature muddies this distinction, and in the opinion of numerous law enforcement officials dangerously opens the door to professional gambling in Washington.

The genesis of House Bill No. 291 was the recognition that bingo games and raffles and amusement games when conducted by non-profit organizations on an occasional basis were properly classified as relatively harmless and non-professional, not deserving criminal sanction but only civil prohibitions coupled with stringent regulation. The constitutionality of this act under Article II, Section 24 of the State Constitution is dependent on maintenance of this classification scheme with its hierarchy of sanctions free from tampering or inclusion of other forms of gambling not properly categorized as non-professional either because they are profit making or because they are easily subjected to abuse.

My action on this bill restores the distinction between professional and profit seeking activities and those which are social, casual and non-professional.

Therefore, I have vetoed those sections and items conceptually inconsistent with these aims—punchboards, gambling pinballs and cardrooms. I have also vetoed section 26 as I do not believe that the cause of harmless bingo, raffles and amusement games should be tied to the passage of SJR 5.

I have vetoed several other sections of the bill to cure various technical difficulties. Thus, for example, I have vetoed the section dealing with immunity for witnesses in

gambling prosecutions at the suggestion of key law enforcement officials, in light of the new grand jury law.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am returning herewith to be transmitted to the House at the next session of the Legislature, without my approval as to three sections, ENGROSSED SUBSTITUTE HOUSE BILL NO. 309, entitled:

“An Act relating to age qualifications for certain purposes.”

This bill adopts a comprehensive modification of provisions throughout our law which establish age requirements and qualifications for certain purposes. The effect of this bill is to lower the legal age of majority in most instances from twenty-one to eighteen years of age. In a bill of this scope it is not surprising that certain inconsistencies occur with respect to bills already passed during this session.

Section 40 of this bill purports to lower the age below which service must be made upon guardians of minor owners of real property in certain condemnation actions. This section was repealed by House Bill No. 211 (Chapter 76, Laws of 1971). I am therefore vetoing section 40 to conform to the prior enactment.

Likewise section 59 of ESHB 309 lowers the age below which service must be made on guardians in certain instances. This section was also repealed by House Bill No. 211. I have vetoed section 59 of this bill.

House Bill No. 416 amended RCW 74.16.030 to eliminate any age requirements as a condition to eligibility for Aid to the Blind assistance. Section 67 of ESHB 309 reduces this age requirement from twenty-one to eighteen. Accordingly I have vetoed section 67 of this bill to conform to the specific legislative intent as to eligibility for Aid to the Blind.

With the exception of sections 40, 59 and 67, the remainder of the bill is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to certain items HOUSE BILL NO. 313 entitled:

“An Act relating to the public health; authorizing the creation of tuberculosis and respiratory disease hospital districts; implementing the law relating to county infirmaries.”

This bill establishes a hospital district in Eastern Washington to operate a tuberculosis hospital for that area and in Western Washington authorizes operation and control of tuberculosis hospitals in the State Department of Social and Health Services. As passed, the bill establishes a major distinction in types of services available between the hospital district and the rest of the state in that the district can treat respiratory disease as well as tuberculosis. In view of the obvious inequities and legal problems created by this distinction

I have vetoed all references to respiratory disease in the bill in order that the concept of establishing necessary and effective treatment of tuberculosis throughout the state may be more equitably implemented.

Section 18 of the bill purports to transfer certain county millage to the state general fund to be used for tuberculosis hospitalization. Because it was the apparent and expressed intent of the drafters of this legislation to have the revenue available to the Department of Social and Health Services without further legislative action, all references to the general fund in section 18 are inappropriate and in fact prevent implementation of the legislation.

For the foregoing reasons, I have vetoed those references in section 18.

Section 26 of the bill is an emergency clause which would bring about implementation of this legislation immediately. Because there is more than sufficient time to do what is necessary to implement this act without an emergency clause, and because immediate implementation would put a strain on the resources of the state, I have vetoed section 26.

Section 12 of the bill, in part provides that the eastern district will be prohibited from receiving any payments from the local county funds after the effective date of the act. Because section 14 provides that the counties will continue to make payments in the eastern district until January 1, 1972, and because these payments are necessary for the operation of the eastern district, I have vetoed the first sentence of section 12. This resolves the conflict between sections 12 and 14 and preserves the fiscal viability of the legislation.

Section 25 provides that certain laws shall not apply to any facilities operated by the Department of Social and Health Services after January 1, 1972. It was the intent of the drafters to create a complete tuberculosis program under the new enactments, including control programs as well as hospitalization. Because the reference to facilities in section 25 may confuse the application of that section, I have vetoed reference to facilities. This veto does not change the substance of the section but clarifies the legislative intent to create a new and complete program and substitute it for the previous one.

In section 18 provision is made for utilization of income to the hospital facility. However, there is non-hospitalization related income for which no provision was made. Because it is necessary to utilize all income available to the facility, and because there is language in section 18 which limits its utilization, I have vetoed that language which is so limiting. This veto allows the facility effectively to utilize all available income, and is in keeping with the intent of the drafters.

Section 23 requiring tuberculosis hospitals to report to the county of the patient's residence his medical condition, is limited to counties outside the eastern district. Since this information is equally important to all counties whether or not within the eastern district, I have vetoed that language limiting the applicability of that section in order that all counties shall receive reports on the condition of patients who are residents of their counties.

In section 18 and section 24 provision is made for counties to levy taxes and language is included which would have the levy commence January 1, 1972. Because this would postpone realization of that income until the first quarter of 1973, I have vetoed that language establishing January 1, 1972 as the commencement date of the levy. This veto allows realization of the levy income in the first quarter of 1972 as was intended by the legislature.

Section 8 of the bill establishes the superintendent of the eastern district hospital as the tuberculosis control officer for the district. I question the wisdom of the provision because tuberculosis control outside of a hospital is appropriately and has successfully been a local county function. However, the legislature, in setting up a program for tuberculosis control and treatment, determined that this structure is appropriate for the eastern district. Therefore, although with some misgivings, I have determined not to veto that language making the superintendent of the eastern district hospital the tuberculosis control officer for the district.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one section, ENGROSSED SUBSTITUTE HOUSE BILL NO. 321 entitled:

"An Act relating to motor vehicles."

Section 15 of the bill permits a driver whose license has been suspended or revoked for offenses involving the use of a motor vehicle to be eligible to receive an occupational driver's license. By its terms persons whose license has been suspended or revoked by the operation of Washington's Implied Consent Law may again obtain the privilege of driving on the highways of our state. RCW 46.20.308 was adopted by an overwhelming vote of the people only a short time ago. I believe that this serious erosion of the people's determination is unwarranted and unwise. I have therefore vetoed this section of the bill.

Except as to this section the remainder of the bill is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith to be transmitted to the House of Representatives at the next session of the Legislature without my approval as to two items, ENGROSSED HOUSE BILL NO. 373, entitled:

"An Act relating to retirement pensions."

This bill amends the State Patrol Retirement System to increase the prior service annuity for retired state patrolmen from 1½% of the member's average final salary multiplied by the number of years of prior service to 2% of such salary figure.

During consideration of this bill in the legislative process an amendment was added which excluded those persons from the benefits of this increase who are employed by the United States, the state or any agency or instrumentality or political subdivision thereof.

Pensions are earned upon the basis of past service and should not be conditioned upon the category of employment a person eligible for a pension undertakes after termination of his service. Excluding persons employed by a government agency from the benefit increase while granting such increases to persons employed with a private employer is patently discriminatory and there is no justification for this distinction.

I have accordingly vetoed two items in section 1. The remainder of the bill is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one section, ENGROSSED HOUSE BILL NO. 491 entitled:

“An Act relating to education.”

I have vetoed section 2 of this bill. Under present law, school directors of districts within each congressional district cast votes to elect members of the State Board of Education which are weighted to reflect the enrollment of the various districts. This section substitutes for that procedure a new system which is weighted in favor of the smaller districts within the congressional boundaries. I believe this system fails to take into account the concept of proportional representation and would seriously weaken the integrity of the State Board of Education as a representative governing body. Its effect is to violate the spirit of the “one man one vote” doctrine which has become an integral part of our law.

I approve of the remainder of this bill.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to certain items, SUBSTITUTE HOUSE BILL NO. 510, entitled:

“An Act relating to highways.”

I have vetoed section 15 and section 16 of the bill for the same reasons that similar sections were vetoed in the general budget bill, Substitute House Bill No. 151. In addition to the reasons set forth in my veto message on Substitute House Bill No. 151, employees of agencies included in this bill would not be treated equally with other state employees if these sections were allowed to remain in the bill.

The remainder of Substitute House Bill No. 510 is approved.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one item, ENGROSSED SUBSTITUTE HOUSE BILL NO. 584, entitled:

"An Act relating to shoreline areas."

House Bill No. 584 is one of the most significant pieces of legislation ever passed by the state legislature. It is a clear indication of the commitment of the people of the state, acting through the legislative process to assure the future environmental quality of this state. With the passage of House Bill No. 584 and with what I hope will be the approval of the people at the next general election this state will lead the nation in its care and concern for its waterfront areas.

This bill is the product of extensive legislative hearings, both during the 1970 and 1971 sessions and the interim. It successfully provides for a maximum of input at the local level with appropriate safeguards at the state level to protect the general public interest.

With regard to the general public interest, while the bill should provide for a diversity of participation on the part of local governments in the planning process, the authority at the state level should be confined to a single agency so that a uniform state policy can be developed. Furthermore, as a general principle an agency should not be in the position of both preparing and approving plans for land which it owns or controls.

The proviso in section 3(c) which declares that the Department of Natural Resources "shall have the powers, duties, and obligations as local government has as to other lands covered by the provisions of this chapter" places more than one agency of state government in a policy making position and in effect allows a large landowner both to make and approve its own plans. While I have the highest respect for the Department of Natural Resources and the Commissioner of Public Lands I believe the proviso in section 3(c) is contrary to sound public policy and should be vetoed.

The remainder of House Bill No. 584 is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to a section and item, ENGROSSED HOUSE BILL NO. 687 entitled:

"An Act relating to commercial fisheries."

Certain sections of HB 687 are in conflict with the provisions of SHB 152, the capital appropriation act, and should be vetoed in order for the Department of Fisheries to carry out their capital development program.

This act provides for increases in all commercial fishing license fees. These funds would normally go to the General Fund from which the Department's operating and capital appropriations are made. However, section 11 of this act provides for creation of a Department of Fisheries Building Account into which fifty percent of the total license revenue is to be deposited to be used for capital outlays by the Department for salmon propagation facilities. There are no appropriations made from the newly created account and while revenues would be deposited to the account, they could not be used for the purposes for which the account was created.

Further, creation of the account would negate the capital appropriation made to the Department in SHB 152. The capital appropriation in SHB 152 is made from the General Fund and contains a proviso to the effect that the major portion of it is available only to the extent increased revenues are generated to offset the amount.

Because HB 687 would require that fifty percent of all license revenue be deposited to the new account, there would be no increased amount to the General Fund to offset the appropriation; in fact, there would be a reduction. The total effect would be that the Department's capital program would be reduced by not only the \$665,000 tied to the

proviso but also by \$637,000 of Federal matching funds which would be lost because of the lack of state matching. Under these circumstances, there would be no expansion of the Department's production facilities during the 1971-73 biennium.

I have vetoed section 11 and an item in section 16 of the bill to cure this defect. The veto of this item in section 16 serves a dual purpose. It will allow the immediate implementation of section 13 of the bill by the Department of Fisheries in its effort to manage properly what appears to be a massive migration of Sockeye Salmon into lower Puget Sound early this summer.

With these exceptions, the remainder of EHB 687 is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am returning herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to seven items, ENGROSSED HOUSE BILL NO. 735, entitled:

"An Act relating to industrial insurance."

This bill makes major and far-reaching revisions in the industrial insurance program administered by the Department of Labor and Industries. Upon my review of this complex bill, I have found it advisable to veto a number of items.

Section 3 requires that the \$150 earnings requirement to qualify an agricultural laborer for mandatory coverage would expire at the end of 1972. Elimination of this earnings requirement would thus result in no difference between workers who are only temporarily and casually attached to an agricultural employer's work force and those workmen who are regularly a part of such work force. It is important that this minimum qualifying requirement remain in existence because of the uniquely transitory nature of much agricultural labor. Without continuation of this earnings requirement past 1972, an unduly harsh financial burden may be placed on the agricultural industry. Accordingly, I have vetoed the expiration of this qualification.

Section 13 requires, in part, the Department of Labor and Industries to pay, out of the fund contributed to by employers *other than* self-insurers, for traveling expenses of a workman to a medical examination requested by his employer *as a self-insurer*. Since this would be unjust to non-self-insuring employers, I have vetoed this item in section 13.

In the new second paragraph of section 13, the reference to subsection (3) of RCW 51.32.090 was clearly erroneous and should have referred to subsection (4). I have accordingly vetoed a portion of this new paragraph, and the remaining language does not appear to create any conflict with the provisions of any subsections of RCW 51.32.090.

Section 15 appears to require a rather complicated formula which would create administrative difficulties for the Department of Labor and Industries in determining the statewide average wage for purposes of the workmen's compensation laws. There presently exists a requirement that the Employment Security Department determine the statewide average wage under the Unemployment Compensation Law, and in view of the virtual universal workmen's compensation coverage provided by this bill, the statewide average wage of employees under workmen's compensation will be quite similar to the statewide average wage under the Unemployment Compensation Law. I see no substantial reason for two departments of state government to be independently calculating this figure, and have accordingly vetoed a large portion of section 15 so that the Department of Labor and Industries may utilize the calculations made by the Employment Security Department.

In section 21 the imposition of a penalty on an "employee" was not the legislative

intent, because it was meant to impose a penalty on the "employer." Therefore, the entire section has been vetoed.

Section 59 requires the Department to assess self-insurers for their proportionate shares of the Department's administrative costs on the basis of the size of each self-insurer's payroll. This does not appear to be equitable. The director should, pursuant to rule-making authority, develop a formula for fairly apportioning the costs of the Department's administration among self-insurers, instead of simply using a system by which the self-insurer with the largest payroll automatically pays the largest assessment. Accordingly, I have vetoed a portion of section 59 to enable the director to do this.

Section 89, subsection (4) would repeal RCW 51.16.050. Said statute was the subject of a bill, Senate Bill No. 472, which amended RCW 51.16.050 to provide for an industrial insurance dividend and premium program specifically applicable to the building industry. Senate Bill No. 472 passed the House on May 3, 1971, and passed the Senate on May 4, 1971. Presumably it was the legislative intent to establish by that bill a statutory system of premiums and dividends for the building industry, and there does not appear to be any valid reason why Engrossed House Bill No. 735 should contradict that previously expressed legislative intent. Failure to veto this repealer of RCW 51.16.050 would result in confusion as to the status of that particular statute. I have accordingly vetoed subsection (4) of section 89.

With the exception of the items set forth above, Engrossed House Bill No. 735 is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

May 21, 1971.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one item, ENGROSSED SUBSTITUTE HOUSE BILL NO. 740, entitled:

"An Act relating to institutions of higher education."

Substitute House Bill No. 740, as passed by the Legislature, provided for fee increases for students attending institutions of higher education. Several other provisions relating to education were also contained within the bill.

I have signed Engrossed Substitute House Bill No. 740 with the following exception:

On page 10, section 12, lines 30 through 33, I have vetoed the following item:

*"In addition to the authority above, community college districts may contract with school districts to provide such courses of study. School districts are also authorized to claim such students for attendance purposes."*

Section 12, as initially included within Substitute House Bill No. 740, was an amendatory section changing references to classifications of student fees at community colleges. The above language was added as a House floor amendment to the substitute bill. It allows community colleges to contract with school districts to provide educational opportunities for those individuals who previously did not complete high school. Although the basic purpose of this amendment has merit, it does present several administrative problems for the amendment also allows school districts to claim such students for attendance purposes.

School districts and community colleges presently have authority to perform these educational services. Present statutes also allow intergovernmental agreements between the community colleges and school districts. The amended language does not define clearly the relationships between the K-12 and community college program areas. The budgetary impact is potentially significant, but no fiscal review of the procedure was conducted nor

additional appropriation made. The language allows both community colleges and common schools to count these students for funding purposes.

The Superintendent of Public Instruction has requested that this section be vetoed for the following reasons:

- “1. There are currently adequate procedures available for school districts to enter into such agreements.
2. School districts could enter into interdistrict agreements with other school districts to provide special dropout rehabilitation programs.
3. Leaving this language in ESHB 740 would tend to encourage the fragmentation of the high school program as it now operates.
4. High schools should be challenged to provide programs for their students rather than ‘contracting’ them to a community college.
5. Probably the most important monetary angle of this language would allow such students to be counted as FTE’s for community colleges as well as their attendance being claimed by school districts.”

While the concept may be meritorious, the potential impact, apparently unrecognized by the legislature, is too great to allow this provision to become law without adequate study.

I am forwarding a copy of this veto message to the Superintendent of Public Instruction and to the State Board for Community College Education requesting them to review this matter and make recommendations where appropriate to me and to the next legislative session to insure that adequate educational opportunities exist for students desiring to acquire their high school diploma.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

May 21, 1971.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am returning herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one section, HOUSE BILL NO. 759, entitled:

“An Act relating to the urban arterial board and the urban arterial trust account.”

Section 4 of this bill was added as a floor amendment. This section authorizes the use of 1/8 of one cent of motor vehicle fuel taxes to pay debt service on county-city urban arterial bonds. Presently 5/8 of one cent of motor vehicle fuel taxes are available for debt service on up to \$200,000,000 of urban arterial bonds.

As worded, the section authorizes “not to exceed one-eighth of one cent tax from the seven cents excise tax specified by RCW 82.36.020 to be distributed to the state, cities and counties . . .” for bond retirement purposes. This language could be construed as limiting the amount of motor vehicle fuel taxes available for debt service of urban arterial bonds to the original 5/8 of one cent plus the additional 1/8 of one cent or a total of 3/4 of one cent of taxes. As in the case of all motor vehicle fund bonds, the entire motor vehicle fuel taxes are pledged to pay these bonds by existing statute. Conservative bond counsel would be concerned that the section would reduce the tax revenues pledged to pay debt service from that produced by the nine cents of motor vehicle fuel taxes to a mere 3/4 of one cent. Accordingly, I have vetoed section 4.

With the exception of section 4, House Bill No. 759 is approved.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.

May 21, 1971.

TO THE HONORABLE,  
THE HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON.  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to an item, HOUSE BILL NO. 865 entitled:

"An Act relating to creating a state land planning commission."

In its original version HB 865 provided for a fifteen member commission with four legislators and eleven persons to be appointed by the Governor from the general public. Amendments to the bill increased the number of legislators to eight, while the number of persons to be appointed by the Governor remained at eleven. In increasing the number of legislators, however, the legislature neglected to increase the size of the commission from fifteen to nineteen. I believe the legislature intended to have a committee of nineteen composed of eight legislators and eleven members of the general public. In order to accomplish this purpose, I am vetoing the word "fifteen" and approving the rest of the bill.

Respectfully submitted,  
DANIEL J. EVANS  
Governor.
