FIRST DAY

NOON SESSION

The Chief Clerk of the House of Representatives of the Forty-second Legislature, Malcolm McBeath, called the House to order at 12:00 noon.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend John Bratt of the First United Presbyterian Church of Puyallup:

"Under Your law, oh God, and by Your will, we govern ourselves. As good citizens of this free land, help us to respect neighbors whose views may differ from our own, so that we may work out issues that divide us, without partisan anger and labor together for the welfare of mankind in freedom. Give to the members of this Forty-third Legislative Assembly, oh God, a knowledge of Your will for the world. May the demands of leadership, the rigors of debate and decision, and the exhaustion of long hours not diminish their strength or dim their vision. Deliver us, oh Lord, from a blind trust in power, from national arrogance that admits no guilt and will not compromise. Deliver us from divisions among us of class or race which wound the human family, and from neglecting rights and ignoring the hurt, the imprisoned, and the needy among us. Teach us again, oh God, the ways of peace. Free us from thinking that might makes right, and that increased violence somehow solves the ills of our world. Unite us all, we pray, in a common warfare against blight and hunger and every disease that wastes the minds and the bodies of people. Long years ago, oh Lord, You gave to our fathers the vision of a land of refuge for free man. Show us that there is no law or liberty apart from You, and no enduring nationhood without moral integrity and spiritual and religious commitment. Oh God, You must have little patience with long and heaped-up prayers to be heard merely by man. But hear the deep yearnings of our spirits, renew our minds, and grant us the beauty of Your peace, this day. We pray in Your name, Amen."

ELECTION OF SPEAKER

The Chief Clerk declared nominations for Speaker of the House to be in order.

Mr. Charette: "Mr. Chief Clerk, ladies and gentlemen of the House: It is not a secret at all that I am going to nominate Leonard A. Sawyer as Speaker of the House of Representatives. Leonard is a person that I have known for more years than either Len or I care to mention. Leonard was born and raised in Puyallup, Washington. He and his wife, Beverly, have five children. I am sure you will all be pleased to meet them later on. Leonard graduated from Puyallup High School, and during that time it was still possible for a man less than six feet tall to be an all-conference basketball player. In fact, he was the leading scorer in the Puget Sound League. He attended the University of Washington, Whitman College and University of Cornell, where he graduated and was commissioned an Ensign in 1945. Leonard then attended the University of Puget Sound in Tacoma under an athletic scholarship and graduated with his degree. It was after graduation from the University of Puget Sound that I came to know Leonard (and a surprisingly great number of other members of this Legislature--both House and Senate), as we entered law school together and graduated at the same time. Leonard practiced law in Tacoma for a number of years, served as deputy prosecuting attorney, and was elected first to the House of Representatives in 1954. He has served on every House committee, chosen to serve on the Rules Committee, Chairman of the Highways Interim Committee and on the Senate-House Interim Committee. He has served as majority whip, minority whip, assistant majority floor leader and minority floor leader. Leonard was appointed by President Johnson to serve on the original nineteen-member advisory committee on Automobile Design Safety.

"I think that with this background, it tells what has happened in the past as far as Leonard Sawyer is concerned. But much more important, and much more exciting to me, is a possibility for all of us to enter a new era. There are exciting ideas that have been going around the state for the last four or five months. I think that with the election of Mr. Sawyer as Speaker, that finally some of the old concepts will die a groaning death. Now with the new concepts and what Mr. Sawyer has proposed, all are welcome. The gate is open. The only price of admission is a willingness to fulfill all of the promises that we were making between July and November of last year. There is no pride in the authorship of this new program. The authors of the plan and the proposal are really too numerous to mention. They include Republicans and Democrats alike.
But with the election of Leonard Sawyer, we have the opportunity to take the first decisive step to become a 'citizens' legislature.'"

The Chief Clerk recognized Mr. O'Brien.

Mr. O'Brien: "Mr. Chief Clerk, Chief Justice Hale, members of the House of Representatives: It is my distinct pleasure to second the nomination of Mr. Leonard A. Sawyer as Speaker of the House of Representatives. Mr. Sawyer brings to this office many years of legislative experience. He is a person of tolerance and great understanding and these attributes are most important for a presiding officer. I know he will serve you well, impartially and efficiently. Mr. Sawyer has a thorough knowledge of our legislative processes and procedures. Because of this outstanding knowledge, he has envisioned a new type of legislature, as something that will do us all well in the years to come, because we all well know that our legislative processes at the present time are a little bit outmoded. We have seen a proliferation of our legislative interim committees, and so it is time to streamline and strengthen the legislative branch of this great state of Washington, and through this strengthening and improvement of our legislative processes, the legislative branch will attain an equal status with our executive and judicial branches of state government. This is the primary purpose of Mr. Sawyer's efforts in this direction. It is an effort that many legislative bodies in the United States today are striving to achieve. I know the National Conference of State Legislative Leaders is dedicated to the process of strengthening our legislative process. Mr. Sawyer, in his wisdom, has seen fit to take the initiative and attempt to do something about it.

"Therefore, it is my great pleasure to second his nomination. I know we are going to have an outstanding man to preside over us in the days to come."

The Chief Clerk recognized Mr. Perry.

Mr. Perry: "Thank you, Mr. Chief Clerk. Chief Justice Hale, ladies and gentlemen, fellow members of the House of Representatives: I am rather excited after waiting twelve years to second the nomination of Leonard Sawyer. I attempted once, twelve years ago, to elect Leonard Sawyer as Speaker of this House, and it didn't quite work out that way. After twelve long years, I am sure you will find something I attempted to do twelve years ago will be a great success. Leonard has had a great deal of experience. He has been a superb organizer. He is a competent, patient person, as he has to be with me. I know, without much ado, and without taking up much of your time, that we will all be better members and the House will be a better place for Lenny having been elected Speaker."

The Chief Clerk recognized Mr. Morrison.

Mr. Morrison: "Mr. Chief Clerk, Chief Justice Hale, ladies and gentlemen of the House: It is a privilege for me to speak on behalf of the candidacy of Tom Swayze, and
urge your support for the continuance of his exemplary service as Speaker of this House of Representatives. For the 60-some of us returning to these halls, it is easy to understand that many of the programs and much of the progress that has happened in the last two years are due to Tom Swayze's two years as presiding officer. Tom has served proudly as a representative of the 26th District in Pierce County. We knew him as a committee chairman of the important State Government Committee, from which we saw much of the modernization of state government and major changes in the election process coming forth from that committee when he served as Chairman. As Speaker, we have known him as members, an open door policy in the Speaker's office. We have benefited—all of us—from his very fair rulings. I think that Tom has served us as an outstanding presiding officer. Perhaps more important though, for the thirty of you who come here as newcomers, Tom Swayze really pioneered much of the legislative reform that we are talking about now. Open meetings, the calendar-agenda system which has saved many hours in these halls, giving us a chance to better do our jobs, to better understand it; matched committees, the continuing committee concept, the hot line, the right of the public to know what goes on here. All these have come to us under Tom Swayze's administration. Many more of these programs could have been implemented, and Tom has continued to work on these programs during the interim as a very fair and capable chairman of the Legislative Council. Now, with major changes in Senate leadership, many of these programs could be implemented, and we could advance further as I am sure the public wants us to do. I can think of no one more capable or better able to continue these programs. Tom has had these not only just as concepts and principles, but has engineered the details. In many of these changes, the details are the problem areas, as you put them into effect. I have talked about those of us who have been here and those who have come here as new members. The public, as we all know, particularly after just having gone through campaigns again, are not too concerned with the mechanics of a shop like this, but they are concerned with performance. And I urge your support for Tom Swayze, because he has given us performance. Each of us, as individuals, have been able to go back to our communities prouder than ever before for what this House of Representatives has stood for as we try to modernize and streamline and, most importantly, do the best jobs possible for our constituents. Therefore, it is an honor for me to nominate Thomas A. Swayze, Jr. to continue as Speaker of this House of Representatives.

The Chief Clerk recognized Mrs. Lois North.

Mrs. North: "Mr. Chief Clerk, Mr. Chief Justice and members of the House, ladies and gentlemen: I rise to second the nomination of Representative Tom Swayze for Speaker of the House. Tom has had a breadth of experience and affiliation with this body that few of us can claim. It all began way back in 1945 when he was a page. His mother served for 14 years in this Chamber and Tom undoubtedly listened carefully. He learned a great deal
from her experiences. After serving as Representative of the 26th District for four years, because of his outstanding leadership qualities, we elected him as our Speaker, just two years ago. Since that time, the members of this House, in commenting about the kind of job that Tom has done as Speaker, have been unanimous in his praise. Members on both sides of the aisle have expressed their admiration of his expertise in parliamentary procedure. But most of all, and most important, both sides of the aisle have stressed his fair treatment of all members of this House as our presiding officer. Tom, when he took office, made a pledge, and he said 'I promise to work for a climate and an operation of efficiency,' and we have watched as he has done just that. Under Tom Swayze's leadership, we really started on legislative reform. It was he who initiated the daily agenda for all our visitors, so as they sit in the galleries they can really see what it is that we are about and what we are doing. He started the idea of joint House and Senate hearings, matched joint House and Senate committees, and, of course, opened all legislative committee meetings to the public and to the press. We have made a real beginning on the path of legislative reform. I urge you to vote for Tom Swayze as a man who is fair, innovative and looking far ahead. He will make sure that we continue along the way to legislative improvement. Thank you."

The Chief Clerk recognized Mr. Jueling.

Mr. Jueling: "Mr. Chief Clerk, Mr. Chief Justice, ladies and gentlemen of the House, honored guests: I rise to second the nomination of Tom Swayze in the full knowledge that it might be a futile attempt. But I also feel that there are those of you in the responsible majority, such as Representative Haussler, Representative Moon, and my conservative friend, Representative King, who might want to join me in voting for our candidate. I can assure you that Representative Swayze, in the future, will show you the same good sound judgment that he has in the past. And in speaking to him the last few days, I can also assure you that he is not going to install a voting button in the Speaker's office, and that he is going to spend full time presiding over this body. I certainly hope you will join me in voting for Tom Swayze and I hope the attempt I have made is not entirely futile."

On motion of Mr. Charette, the nominations for Speaker of the House were closed.

ROLL CALL

The Clerk called the roll for election of the Speaker of the House, and Mr. Sawyer was elected by the following vote: Mr. Sawyer, 58; Mr. Swayze, 40.

Those voting for Mr. Sawyer were: Representatives Adams, Anderson, Bagnariol, Bauer, Bausch, Beck, Bender, Ceccarelli, Charette, Charnley, Chatalas, Clemente, Conner, Douthwaite, Ehlers, Ellis, Eng, Erickson, Portson, Gaines, Gallagher, Gaspard, Goltz, Hansen, Haussler, Hurley, Jastad, Johnson, Kalich, Kelley, Kilbury, King, Knowles,
Laughlin, Luders, Lysen, Martinis, Maxie, May, McCormick, Moon, North (Frances), O'Brien, Parker, Perry, Randall, Savage, Sawyer, Shinpoch, Smith, Sommers, Swayze, Thompson, Valle, Van Dyk, Warnke, Williams, Wojahn.

Those voting for Mr. Swayze were: Representatives Amen, Barden, Benitz, Berentson, Blair, Bluechel, Brown, Cunningham, Curtis, Eikenberry, Planagan, Garrett, Gilleland, Hansey, Hayner, Hendricks, Hoggins, Jones, Jueling, Julin, Kopet, Kraabel, Kuehnle, Leckenby, Matthews, Morrison, Nelson, Newhouse, North (Lois), Pardini, Paris, Patterson, Polk, Pullen, Rabel, Schumaker, Smythe, Tilly, Wilson, Zimmerman.

The Chief Clerk appointed Representatives Maxie and Berentson to escort Mr. Sawyer to the rostrum. The oath of office was administered to Representative Sawyer by Chief Justice Hale.

The Chief Clerk: "Mr. Speaker, it gives me great pleasure to present to you the gavel of authority and I am sure you will wield it well and kindly towards everybody."

The Speaker: "Thank you very much, Dutch. I do enjoy the outcome of this election much better than I did in 1971. I am very pleased to see that we finally split the solid minority. As I stand here today, I think of my daughter, Colleen, who stated two years ago, when she spoke to us here as a Daffodil Princess: 'We Sawyers have waited a long time to get to this mike.' But I would like to introduce my family who have been very patient, and most of the time they have been understanding about my long absences from home because of my legislative duties. If they will stand as I introduce them: I would like to introduce my wife, Beverly; my aunt, Hazel; my sister, Myrtice; my father, Alson; my niece, Molly-Jo; my youngest daughter, Cindy; our Daffodil Princess, Colleen, my oldest son, Clark. (I happened to be looking at Clark's calendar and there were three dates marked on his calendar for January. One was his birthday, one was the Super Bowl, and the other was marked January 8th, and if I may quote: 'My Dad goes to the Chair.') My oldest daughter, Carla, and our tiny one, Craig. I would also, at this time, like to thank the many people who worked so long, and so many hours, stamping envelopes, pounding on doorbells, etc., and I thank the many fine candidates that made all this possible today for we in the Democratic Party. I even want to thank some of the Republicans for assisting us. I think that the partisanship (and there will be some in the future) is a minor part of our legislative process. I think we have great things and exciting events that we can look forward to. I have to say that this moment means a great deal to me, and probably the proudest moment I'll ever have is being elected Speaker of the Washington State House of Representatives. The first Monday after the first Tuesday some 18 years ago, I was sitting here as a freshman, back in Bob Gaines' seat. The water fountain was very loud. After a few weeks of working as a legislator, I realized what a talented group of people were assembled and elected by the people of the state of Washington to manage the
course of our state. I made the determination at that time that I wanted to be an integral part of our legislative process. My opinion has never changed since that time. I do hope the opinion of the people of the 25th District won't change either. Through our years, and I've seen many of the changes, I think our state's needs have far outgrown our legislative ability to meet those needs. Therefore I think it is long overdue that the legislature make the proper changes to keep pace with the needs of our state. I hope that we can, during this session, modernize our legislative system so that we can become a full partner in government as our forefathers intended it. To these changes I am pledged, so we can more effectively solve the problems and manage the business of the people of the state of Washington. I again wish to thank you for this opportunity, and I want to direct your attention to our little poster, 'ACCENTUATE THE POSITIVE.' Thank you very much."

ELECTION OF SPEAKER PRO TEMPORE

The Speaker announced that nominations for Speaker Pro Tempore of the House of Representatives were in order.

The Speaker recognized Mr. Thompson.

Mr. Thompson: "Mr. Speaker, Mr. Chief Justice: May I say, Mr. Speaker, it is an unexpected honor to be the first member of this body to be recognized by you in your new capacity. It is an honor as well to place in nomination the name of John O'Brien for the important position of Speaker Pro Tempore. In many ways it is an awesome responsibility as well, helped somewhat by the new members having had the benefit of John's earlier remarks made in nomination of Leonard Sawyer, on need to further the effectiveness of this institution.

"John, as you will readily recognize, is a legislator's legislator. He is the most senior member of this body. I have had the pleasure of serving with John, or in his shadow, eight years now. When John first came to the legislature in 1941, I was a high school freshman, and Representative Van Dyk hadn't been born yet. (If that helps put things in perspective.)

"Representative John O'Brien has served in this body for an unprecedented four terms as Speaker--1955 through 1962--and ever since has served in a leadership capacity. John, in fact, is so much a part of the legend and history and lore of this institution that I was somewhat at a loss how to convey this to the new members who may not be aware of it--until our caucus became aware that a former member recently penned a note to John, which, with the permission of the House, I would like to read to you. This was written in Representative O'Brien's office and left there in his absence. It reads: 'Dear John, you have only a two-year lease! I remember when you threatened to throw me out of the House Chamber, and broke your gavel in the process. I shall approach my messages to the House with fear and trepidation, except I know your loveable and sweet nature will now show through. Good luck, but not too much.' It was signed by somebody named 'Dan.'
"John is not only noted and known in this state, but he has achieved national recognition. He served as Chairman of the Board of National Conference of State Legislative Leaders, and is president of that organization. In spite of all this recognition, and in spite of his distinguished career, John is not a bloodless institution. He and his attractive wife, Mary, have six children. John is a practicing certified public accountant, and senior partner in an accounting firm, and president of a heating oil business, which I am sure you will recognize accounts for both his efficiency and warmth.

"Public discussion of reorganization of this body has revealed that our newly elected Speaker very sensibly expects to attend to the growing complex details of the administration of this body, and spend more time in his office than speakers have in the past, which will mean that the House will have the benefit of Representative O'Brien, if he is elected, in the role of presiding officer. How well this will be carried out by Representative O'Brien has already been predicted by someone who has observed the legislature over a long period. I am referring to Bob Cummings, who in his newsletter described Representative O'Brien as the legislature's all-time master parliamentarian. So, ladies and gentlemen, in keeping with the general level of the quality of the new leadership of the House of Representatives, I offer for your approval, as Speaker Pro Tem, the legislature's all-time master parliamentarian, the Honorable John L. O'Brien."

The Speaker recognized Mr. Conner.

Mr. Conner: "Mr. Speaker, Chief Justice Hale, distinguished ladies and gentlemen of the House: It is my distinct pleasure to present for your consideration the name of the Honorable John L. O'Brien for the position of Speaker Pro Tem. They say there are two types of individuals--those who stand for something and are something, and those who stand for nothing and are nothing. John O'Brien is the type of individual, the type of legislator, who does stand for something and is something. He is not only the senior member of this august body, he has brought distinguished recognition to the state, to himself, but to every member of this legislature through his activities at the national level. He is also perhaps without parallel as far as parliamentary procedure is concerned, and his legislative sagacity is excelled by no one. Many times we have individuals who don't do the work, but John is the type of an individual who has never flinched from work and who gives of himself unstintingly to assist others. So as Mark Anthony said to Cleopatra on that historical night, 'I did not come here to talk.' I came here to second the nomination of John L. O'Brien as Speaker Pro Tem."

The Speaker recognized Mr. Beck.

Mr. Beck: "Thank you, Mr. Speaker, Chief Justice Hale, ladies and gentlemen of the House: Today as we embark upon this 43rd Session of the Washington State Legislature, our nation is embroiled in the massive
conflict on the opposite side of the world that has lasted through the terms of four presidents. Never has our country been so divided on a single issue. The emotions of this conflict have boiled over and the bitterness and animosity has filtered into our state and local government. Dissent prevails in all levels of government. Crime and arson are raging in our metropolitan cities. Your heroes are sacrificing their lives in the far corners of the world. A rebellion exists against the payment of property taxes. Schools are struggling to raise enough finances to provide an adequate educational opportunity for our children. The morals of our society have deteriorated to the point where almost anything is acceptable. Never has the legislative branch of our government been held in such low esteem by the constituency.

"My friends and colleagues, the voice was loud and clear last November when we were elected to office. People are demanding action and solutions to the multitude of problems confronting this state. We have elected a Speaker with vision, foresight and experience. He is not one who is afraid to break tradition and adopt new procedures. One cannot help be thrilled and awed by the many new concepts and ideas proposed for this new session by our outstanding leader. So many ideas this early in the session are almost radical in nature but is there one among you who doesn't believe it will succeed? Our newly elected leader is going to need a strong pro tem, one whom he can trust to preside over us and get the work done while the Speaker attends to the many administrative details. He must be one with broad parliamentary experience, fair in his decisions, astute, and most of all, a good loyal member of the administrative team. We are fortunate in having such an able parliamentarian and administrator among us. He is the dean of this body, a man of great compassion and understanding. One who has dedicated his life to serving his fellow men. On four different occasions he was chosen as the Speaker of this House. He is recognized nationally as one of the outstanding legislative leaders in the nation. He has served in all the chairs on the Council of State Government, including one year as president of that national organization. Not only does he command the respect of those who serve with him but he is admired by everyone he comes in contact with. He certainly has been a great inspiration to me.

"Ladies and gentlemen, I'm happy to present your friend and my friend, the gentleman who since 1941 has been from the 35th District, as our Speaker Pro Tempore, Mr. John L. O'Brien."

The Speaker recognized Mr. Julin.

Mr. Julin: "Mr. Speaker, Chief Justice Hale: I rise with pride to nominate Representative Lois North for the position of Speaker Pro Tempore of this House of Representatives. In so doing, I think I afford this body an opportunity for two firsts: Electing Lois North to be the presiding officer, and serve in that capacity over this body, would be the first time a woman has served in that role. You have heard talk of legislative reform and improving the legislative image. I would defer to
Representative O'Brien's senior experience, but I suggest to you that if you look at the two of them, certainly Lois North will make a much better-looking picture up there than John O'Brien. Lois, seriously, is an established legislator. I think those of you who have known and worked with her during her terms in this body will recognize she is effective, conscientious, and really one of those people who always come very well prepared. She has served in a leadership position as secretary of the Republican Caucus during the last term and thus has had experience in active participation and knowledge of the problem involved in leadership duties. She is the mother of three fine children, and prior to coming to the legislature was, in addition to that major responsibility, active participant in groups such as the League of Women Voters, the Municipal League, and other civic groups. She has been long interested in improving the image and operation of our legislative process. She is a good organizer, she has administrative ability, she certainly has a reputation of being a fair and hard worker, and able to work with both sides of the aisle in this particular body. I think you have an opportunity here to make a first vote on your program of so-called legislative reform and improving the image of the legislature. I would urge you to vote for the fine lady and good legislator, Lois North, as Speaker Pro Tem."

The Speaker recognized Mr. Benitz.

Mr. Benitz: "Thank you, Mr. Speaker. Ladies and gentlemen of the House, Chief Justice: It is my distinct pleasure to second the nomination of Representative Lois North for the position of Speaker Pro Tem of the House of Representatives. Her qualifications for this position are excellent and far too numerous to mention at this time. Her legislative ability is well known throughout the state. Lois is known for her wisdom and patience. These are two most important points to consider in the selection of a Speaker Pro Tem. But probably most of all, Lois is known for her fairness. In fact, I am told that is her middle name. I feel confident that not one member of this body would at any time question her honesty and fairness.

Now from a personal standpoint, as a legislator from Eastern Washington, I am oftentimes called one of the 'country mice' (which, incidentally, you should be most concerned about as a breed that may become extinct). We from eastern Washington are convinced that Lois North is an ideal candidate for the office of Speaker Pro Tem. Many members of this body have been for some time and still are calling for better and more responsible positions for our fairer sex. This is your opportunity to do something about it, and now. Lastly, few of us know how long this session will last. Some say 120 days, but at least for the next 60 days we will be facing the Speaker. I ask you to consider what, in my judgment, would be a much improved scene on the stage in front of you. Certainly Lois North could add to that. Lastly, this is your opportunity to lift the burden on your conscience and vote for this fine woman for Speaker Pro Tem."
On motion of Mr. Charette, the nominations for Speaker Pro Tempore of the House of Representatives were closed.

ROLL CALL

The Clerk called the roll, and Mr. O'Brien was elected Speaker Pro Tempore of the House of Representatives by the following vote: Mr. O'Brien, 57; Mrs. North, 40; not voting, 1.

Those voting for Mr. O'Brien were: Representatives Adams, Anderson, Bagnariol, Bauer, Bausch, Beck, Bender, Ceccarelli, Charette, Charnley, Chatalas, Clemente, Conner, Douthwaite, Ehlers, Ellis, Eng, Erickson, Fortson, Gaines, Gallagher, Gaspard, Goltz, Hansen, Haussler, Hurley, Jastad, Johnson, Kalich, Kelley, Kilbury, King, Knowles, Laughlin, Luders, Lysen, Martinis, Maxie, May, McCormick, Moon, North (Frances), North (Lois), Parker, Perry, Randall, Savage, Shinpoch, Smith, Sommers, Thompson, Valle, Van Dyk, Warnke, Williams, Wojahn, Mr. Speaker.

Not voting: Representative Jones.

The Speaker appointed Representatives Adams and Jueling to escort Mr. O'Brien to the rostrum. Chief Justice Hale administered the oath of office to Mr. O'Brien.

Mr. O'Brien: "Mr. Speaker, Chief Justice Hale, and ladies and gentlemen of the House of Representatives: I want to thank all of you for giving me this great honor to come back up here after so many years.

I listened with a great deal of anguish to Mr. Jueling's remarks. Apparently Mr. Jueling, my old friend, hasn't changed much. I am looking forward to an interesting session. I would like to introduce my family too, Mr. Speaker. They are sitting in the south gallery. My wife, Mary, and Laurie, Mary Ann, Karen, Jeanne, and my niece, Carol Koch. They also, as you know very well, Mr. Speaker, go through many hours without my presence because of this legislative work. We are looking forward to a very interesting session. I am sorry I don't have all the attributes of Mrs. North, but perhaps I can make it up in other ways. I will carry on, of course, to the best of my ability to assist Mr. Sawyer in every way I possibly can. Thank you very much for giving me this great honor again."

ELECTION OF CHIEF CLERK

The Speaker announced that nominations for the office of Chief Clerk were now in order.

The Speaker recognized Mr. Van Dyk.
Mr. Van Dyk: "Mr. Speaker, Chief Justice Hale, ladies and gentlemen of the House: I rise to place the name of Dean Foster in nomination for the office of Chief Clerk. Dean is no newcomer to this legislature. He has had eight years of previous experience. He brings with this eight years of previous experience his youth of thirty-one years. I feel that we are unique in having an employee to bring eight years of experience, and youth, and the ability of long service to the office of Chief Clerk. Dean Foster was raised in the small town of Carnation, and was schooled at Western Washington State College in Bellingham, and then received his degree in political science from the University of Washington. He worked for the legislature for a number of years and then entered the Air Force and worked in the Intelligence Branch there. He attained the rank of Captain. Upon leaving the service, he again was employed in the legislature. We who know him well have seen his great ability—the ability to grasp a myriad of details and put confusion in order. So it is with great pleasure that I rise to place the name of Dean Foster in nomination for the office of Chief Clerk."

The Speaker recognized Mr. Thompson.

Mr. Thompson: "Thank you, Mr. Speaker, Mr. Chief Justice, ladies and gentlemen of the House: I wish to second the nomination of Dean Foster and remind all of us here that we are seeking to fill the position of Chief Executive of a large, complex, and vitally important operation of the Washington State House of Representatives. The Chief Clerk of this institution directs, in effect, over 200 staff employees. He is responsible for the operation of a sophisticated computer system programmed to do a myriad of things, among them to record 135 separate and distinct actions to which each piece of legislation may be subject in this legislative process. The Chief Clerk in his office must, and will, provide impartially each member of this body with a myriad of needs. Because of the importance of this office, and because of the demands of the position, and because of the proven capability of Dean Foster, I am pleased to second his nomination."

The Speaker recognized Mr. Morrison.

Mr. Morrison: "Mr. Speaker, Chief Justice Hale, ladies and gentlemen of the House: It is a pleasure for me to stand and second the nomination of Dean Foster for Chief Clerk of this House of Representatives. Perhaps I have had a better chance through these last few years to know Dean Foster. I have admired his very efficient work on such technical projects as redistricting. I know that for your Democratic caucus he has performed many important roles. Dean obviously understands the political process and in the last few weeks we have had the chance to observe him in action both in front and behind the scenes as he has interwoven the very delicate fabric which helps this House of Representatives run efficiently. It is a pleasure on behalf of this side of the aisle to second the nomination of Dean Foster as Chief Clerk of the House of Representatives."
On motion of Mr. Charette, the nominations for Chief Clerk were closed and Dean Foster was elected Chief Clerk of the House of Representatives by a unanimous vote.

The Speaker appointed Representatives North (Frances) and Bluechel to escort Mr. Foster to the rostrum. Chief Justice Hale administered the oath of office to Mr. Foster.

**ELECTION OF ASSISTANT CHIEF CLERK**

The Speaker announced that nominations for the office of Assistant Chief Clerk were in order.

The Speaker recognized Mr. Charette.

Mr. Charette: "Mr. Speaker, Mr. Chief Justice, members of the House of Representatives: I am going to place in nomination the name of Donald R. Wilson. I think that Don Wilson has a mark of distinction that very few people can come by. He was born in Aberdeen. He graduated from what is still known as Weatherwax High School in Aberdeen. Some of our other distinguished alumni, besides Don Wilson, happen to be the Mayor of the City of Seattle, the County Assessor of King County (who at the time he was there was president of the student body). Wilson has worked within the legislative process for a number of years. I'm sure that most of you are familiar with the fact that he has served as Assistant Secretary to the Senate and came to the House of Representatives as an Assistant Chief Clerk. Because of the experience that Don Wilson has had, he was requested to go to Micronesia to help form the first legislative body they have. As I have said, Don has been a personal friend of mine all my life. More importantly, he has the ability to put together what my predecessor used to call the nuts and bolts to run this shop. I urge you to support us in getting the legislature off to a good and right start with the election of Don Wilson as Assistant Chief Clerk."

Mr. Kilbury: "Mr. Speaker, Chief Justice, ladies and gentlemen of the House: It is a privilege for me to second the nomination of Don Wilson for Assistant Chief Clerk. His calm demeanor, his efficiency and his long-time efforts speak more eloquently for him than I ever could. I urge you to support Don Wilson for Assistant Chief Clerk."

The Speaker recognized Mr. Newhouse.

Mr. Newhouse: "Mr. Speaker, Mr. Chief Justice: I rise to nominate the Honorable Hal Wolf as Assistant Chief Clerk of this body. I do not make this as a perfunctory, or routine nomination. I ask your support and I would like to go into a little history to do this. If we go back eight years, which is my tenure in this body, to the 1965 session, we were in the minority by 39 to 60 votes. Si Holcomb and Sid Snyder, who were the Chief Clerk and the Assistant, served well. Before the 1967 session, Si Holcomb passed on. We became the majority by, I think, 55 to 44 votes. We recognized two things: One, that we
needed a sense of continuity in the Chief Clerk's office. We did not consider it a political body. And secondly, of course, we recognized the value of Sid Snyder. So we accepted, without any power of veto, the minority's nomination of an Assistant Chief Clerk. In that we made a gentlemen's agreement with the other side. It is in the House Journal of the past three bienniums that there was no opposition to the minority naming the Assistant Chief Clerk. In that session, in 1967, Mr. Brouillet nominated, Mr. Dick Taylor seconded and Slade Gorton seconded, citing again the gentlemen's agreement I mentioned. Then in the 1969 session, Mr. Snyder was nominated for Assistant Chief Clerk by Representative Haussler, seconded by Representative Heavey. No objections and a unanimous vote. You will recall that late in the 1969 session, the Secretary of the Senate, Ward Bowden passed on, and Sid Snyder was asked to become Secretary of the Senate. I suspect that in looking over the prospects of becoming Chief Clerk of the House at that time, it looked some years in the future, and he accepted that job. In the 1970 Second Extraordinary Session, Don Wilson was nominated by Representative Bill May and seconded, I point out, by Representative Tom Copeland and elected unanimously. The only thing that we asked at that time—we asked no power of veto—we asked that the nominee be qualified to take over in the eventuality that the worst happened and the Democrats became the majority party. I point out, too, that in the 1971 session, just two years ago, there was no opposition to the nomination of the Chief Clerk in the House—Mr. Sawyer seconded Mr. McBeath's nomination. Also there was no opposition to the nomination of the Assistant, Don Wilson. Again, Representative Bill May nominated, and I notice that Representative Newhouse seconded. It was an unanimous vote. And again the unwritten rule was cited that the minority would nominate and the body would elect the Assistant Chief Clerk. I consider, gentlemen, a breach of faith in a nomination by the majority in this case.

"It has happened. We are now again the minority. And I am not questioning your decision that the man who was your minority Assistant Chief Clerk for three years was not elected the Chief Clerk, but we do think that we still have the agreement that we should name, and we as a body should elect, the Assistant Chief Clerk. Now I have in these six years, I think I can say fairly that we have not used the Chief Clerk's office as a political office. Our Chief Clerk has never regularly attended our caucuses. I notice a difference in how the Assistant Chief Clerk has been handled, but I do not question it. We do not expect the Chief Clerk's office should be a political arm of the majority party. We have some concerns if we do not have a member of our party in that office.

"When Sid Snyder was Assistant Chief Clerk, back in the 1969 session, and I was referring bills to committee, I remember particularly well that he and I talked over the bills in my office every morning with full frankness and confidence, and the assignments were made. I point out that this was not a political office.

"As for our nominee, Hal Wolf, I don't think there is any reason to debate his qualifications. They are obvious and numerous. He knows the operation of this shop.
He has very obvious administrative capabilities. He came to this body at the same time I did in the Goldwater landslide of 1964. He has served well. He has been Chairman of the Business and Professions Committee and two terms as legislative whip. You all know his abilities. We ask your support, both parties, for Hal Wolf as Assistant Chief Clerk."

The Speaker recognized Mr. Pardini.

Mr. Pardini: "Mr. Speaker, Chief Justice Hale, ladies and gentlemen of the House: It is an honor for me to second the nomination of Mr. Hal Wolf as Assistant Chief Clerk of this body. Mr. Newhouse has given you a wide and extensive background on Mr. Wolf's qualifications. I am sure that even the new members know Mr. Wolf. They know the qualifications that he has and the type of person he is. I don't think there is any question about his ability to perform that function. I think probably what we have before us is not a question of individuals or their qualifications in the vote we are casting. The question we have before us is: Are we going to maintain the sense of continuity? Are we going to break an unwritten agreement—a so-called gentlemen's agreement—which has existed to the benefit of this legislature and to the benefit of the people of the state of Washington by having minority representatives, by having the extreme details of operating this shop known by more than just one person in the event there is a turnaround. I think it is a very serious question which we are considering when we attempt to approach this. That is the past.

"Representative Charette, in nominating Speaker Sawyer, said we are on the verge of exciting ideas and new concepts. Representative O'Brien, in his seconding speech, alluded to Speaker Sawyer's thorough knowledge of the process which we have before us. And Speaker Sawyer in his acceptance speech said we have great things and exciting events as we attempt to modernize our legislative system to more effectively solve the problems and answer the needs of the people. Representative Thompson cited the duties of the Chief Clerk as the chief executive officer, supervising this shop, supervising some 200 employees, making this thing run. We are approaching exciting ideas, and we are approaching new concepts. Many of us want to work with you in these exciting ideas and these new concepts. We think at this point that it is going to be very necessary that there be minority representation. In the nuts and bolts, so to speak, of what happens in this shop, as we attempt to go forward into these ideas, and these concepts—we think it would behoove not just the majority party. The minority party has a role to play, and we have some good ideas that we would like to carry out. We think it would behoove not just the majority party by virtue of the impact we would have, but we think it should be for the consideration of neither party, but the consideration of all the people of the state of Washington that we maintain the gentlemen's agreement. I would hope that each of you, in your hearts and in your conscience, would not see fit to break that agreement, but would instead see fit to serve the people of this state. I urge you to support Mr. Wolf as the
Assistant Chief Clerk.

On motion of Mr. Charette, the nominations for Assistant Chief Clerk were closed.

ROLL CALL

The Clerk called the roll for election of the Assistant Chief Clerk of the House, and Mr. Wilson was elected by the following vote: Mr. Wilson, 57; Mr. Wolf, 40; not voting, 1.

Those voting for Mr. Wilson were: Representatives Adams, Anderson, Bagnariol, Bauer, Bausch, Beck, Bender, Ceccarelli, Charette, Charnley, Chatalas, Clemente, Conner, Douthwaite, Ehlers, Ellis, Eng, Erickson, Portson, Gaines, Gallagher, Gaspard, Goltz, Hansen, Haussler, Hurley, Jastad, Johnson, Kalich, Kelley, Kilbury, King, Knowles, Laughlin, Luders, Lysen, Martinis, Maxie, May, McCormick, Moon, North (Frances), O'Brien, Parker, Perry, Randall, Savage, Shimpoch, Smith, Sommers, Thompson, Valle, Van Dyk, Warnke, Williams, Wojahn, Mr. Speaker.

Those voting for Mr. Wolf were: Representatives Amen, Barden, Benitz, Berentson, Blair, Bluechel, Brown, Cunningham, Curtis, Eikenberry, Planagan, Garrett, Gilleland, Hansey, Hayner, Hendricks, Hoggins, Jueling, Juin, Kopet, Kraabel, Kuehnle, Leckenby, Matthews, Morrison, Nelson, Newhouse, North (Lois), Pardini, Paris, Patterson, Polk, Pullen, Rabel, Schumaker, Smythe, Swayne, Tilly, Wilson, Zimmerman.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House, Senator John Jones and appointed Representatives Gilleland and Chatalas to escort him to the rostrum.

The Speaker: "Senator Jones, we would like to have a little explanation of this abrupt departure from the House routine."

Senator Jones: "I don't know if I can offer an explanation, other than it is with some regret that I leave those familiar faces out there--Tom, Axel, Bob, Sid, Dick. I won't go through the whole routine, and I won't break up over this, but there certainly is a great deal of affection in my heart for my former fellow Representatives. I will do my best in the Senate, and I hope our communications over the great sea will be loud and clear. Thank you very much for all the kindness you have shown me over the past two years."

COMMITTEE FROM THE SENATE

Senators Grant, Bottiger, Wanamaker, Jones and Marsh appeared before the bar of the House, and Senator Grant
reported that the Senate was organized and ready to proceed with business.

ELECTION OF SERGEANT AT ARMS

The Speaker announced that nominations for Sergeant at Arms of the House of Representatives were in order.

The Speaker recognized Mr. O'Brien.

Mr. O'Brien: "Mr. Speaker, Chief Justice Hale and members of the House of Representatives: Today I have the high honor to nominate Mr. Ray Olsen for Sergeant at Arms of the House of Representatives. Mr. Olsen has all the necessary qualifications to do an outstanding job in this office. He is well acquainted with his duties, having served many years as a member of this honorable body. Mr. Olsen is possessed with certain unique human qualities of understanding that will benefit the overall operations of this House. Mr. Olsen has administrative abilities and experience to serve you well in the days ahead. It is with real pleasure that I nominate for Sergeant at Arms of the House of Representatives, Mr. Ray Olsen."

The Speaker recognized Mrs. Hurley.

Mrs. Hurley: "Mr. Speaker, Chief Justice Hale, ladies and gentlemen of the House: The office of Sergeant at Arms is a very important position in the functioning of the House. The person who fills this position must be handyman, trouble shooter, efficiency expert and public relations officer all in one. In the numerous offices he has held, Ray Olsen has served in all of these capacities before and I am sure it will just be second nature for him to do it all over again. Ray is a mover and a doer, and that is what a good Sergeant at Arms must be. Having been a member of the House for sixteen years, he knows firsthand our needs and desires, maybe even before we know them ourselves. In seconding Ray Olsen's nomination, I am sure I can promise you that Ray will keep things organized and running smoothly so that we as members may do our very best in serving the people of the state."

On motion of Mr. Charette, the nominations for Sergeant at Arms were closed and Ray Olsen was elected Sergeant at Arms of the House of Representatives by a unanimous vote.

The Speaker appointed Representatives O'Brien and Jueling to escort Mr. Olsen to the rostrum. Chief Justice Hale administered the oath of office to Mr. Olsen.

MOTION

Mr. Charette moved that the bills and memorials printed on today's Introduction of Bills be considered the first reading under the fourth order of business and they be referred to the committees specified with the exception of HOUSE BILL NO. 29, to be referred to the Committee on Commerce, and HOUSE BILL NO. 49, to be referred to the Committee on Financial Institutions.

POINT OF INFORMATION

Mr. Charette: "If I may, Mr. Speaker, explain the procedure that was inaugurated during the last session. At this point it is our understanding, with this list of introduction of bills, that if any member feels that a bill should go to a different committee, it would be done by an amendment to my motion, and then that matter would be presented and voted on as an amendment."

MOTION

Mr. Curtis moved that the motion by Mr. Charette be amended and that HOUSE BILL NO. 10 be referred to the Committee on Commerce.

Mr. Curtis spoke in favor of the amendment to the motion, and Mr. Charette spoke against it.
The amendment by Mr. Curtis to the motion by Mr. Charette was lost.

MOTION

Mr. Curtis moved that the motion by Mr. Charette be amended and that HOUSE BILL NO. 17 be referred to Committee on Ways and Means, Subcommittee on Appropriations.

Mr. Kopet spoke in favor of the motion and Mr. Charette spoke against it.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Swayze.

Mr. Swayze: "Representative Charette, we have not yet adopted the permanent rules for the House. The former Rules of the House, which are temporary rules, provide that any measure which has a direct appropriation in it shall be referred to the Committee on Appropriations - Ways and Means. Is it your intention to amend that rule to provide that a bill with a substantial fiscal impact, such as this measure has, shall be referred to the Committee on Ways and Means after it comes out of State Government Committee—if it does?"

Mr. Charette: "Representative Swayze, it is not our intention to amend that rule. To carry it further, under the question that you ask, we feel that when the permanent rules are adopted, and the cut-off date is 12:00 noon, instead of 5:00 p.m. as it is now, the Speaker will have an opportunity to have the bills assigned to committees by 4:00 or 5:00 in the afternoon, and each member of this body will then have the evening and early morning to look over this list. I would hope then that this would be a more orderly process. I think these are the things that we have discussed before."

POINT OF INFORMATION

Mr. O'Brien: "Mr. Speaker, ladies and gentlemen of the House: I can assure you, Mr. Swayze, that probably the custom that has been carried out in the past will be carried out in the future. This side of the aisle is
probably just as responsible fiscally as your side, and
maybe more so because we are quite conscious of the huge
expenditures going on in this state in the past. Being
conservatively-minded and responsible legislators, any bill
that has a fiscal impact, I am sure, will be referred to
the Committee on Ways and Means."

The amendment by Mr. Curtis to the motion by Mr.
Charette was lost.

MOTION

Mr. King moved that the motion by Mr. Charette be
amended and that HOUSE BILL NO. 55 be referred to the
Committee on Constitution and Elections.

Mr. King spoke in favor of the motion.

Mr. Hoggins moved that the amendment by Mr. King to
the motion by Mr. Charette be amended, and that HOUSE BILL
NO. 55 be referred to the Committee on Education.

Mr. Hoggins spoke in favor of the motion and Mr.
Charette spoke against it.

MOTION

Mr. King moved that the House defer further
consideration of HOUSE BILL NO. 55 on first reading, and
that the bill retain its place on tomorrow's calendar.

Mr. Pardini spoke against the motion.

POINT OF INQUIRY

Mr. King yielded to question by Mr. Julin.

Mr. Julin: "Representative King, as you know, I am
a sponsor on this particular measure, and we discussed,
when I went on the bill with you, that it did have an
emergency clause. It seems to me this is very vital.
Don't you think delaying the simple matter of assignments
is going to be one step in the delaying of passage of this
legislation? What reason is there for delaying it? You
are the sponsor."

Mr. King: "As a sponsor of the bill, I am very
interested that it is passed. Several matters have been
called to my attention. I don't think we have time to
discuss them fully at this moment. What I am primarily
concerned about is which committee will result in quickest
passage. After I have an opportunity to talk to
Representative Hoggins, and some of the others concerned
with the matter, I am sure it will move quickly after we
decide which committee to put it in."

Mr. Julin: "It seems to me that this is
fundamentally a simple decision. If it is assigned to one
committee and that committee's deliberation indicates it should go to another place, it is a rather simple motion to have it rereferred to the appropriate committee at that time. I would like to see the decision made now and get it moving."

Mr. Charette spoke in favor of the motion by Mr. King, and Mr. Pardini stated that he concurred.

The motion by Mr. King to defer consideration of HOUSE BILL NO. 55 until tomorrow was carried.

MOTION

Mr. Curtis moved that the motion by Mr. Charette be amended and that HOUSE BILL NO. 32 be referred to the Committee on Local Government.

Representatives Blair, Haussler and Charnley spoke in favor of the motion.

The Speaker stated the question before the House to be the amendment by Mr. Curtis to the motion by Mr. Charette. A division was called for.

POINT OF ORDER

Mr. Swayze: "Divisions cannot be recognized after the final vote is announced, Mr. Speaker."

The Speaker: "Mr. Swayze, am I to understand that you want me to carry this out in its fullest detail at all times, or do you want a little leeway so people can fully express the intent of the House?"

Mr. Swayze: "That is up to you, Mr. Speaker."

The Speaker: "Mr. Swayze's point of order is not well taken."

PERSONAL PRIVILEGE

Mrs. Hurley: "Just an explanation to Mr. Swayze. I called for a division before you announced the final decision. I called twice, in fact, for a division, so I think we are in the clear on that."

The amendment by Mr. Curtis to the motion by Mr. Charette was carried on a rising vote.

The Speaker stated the question before the House to be the motion by Mr. Charette, as amended.

The motion was carried.

The Speaker declared to House to be at ease. The Speaker called the House to order.
JOINT SESSION

The Sergeant at Arms of the House announced the arrival of the Senate at the bar of the House.

The Speaker instructed the Sergeants at Arms of the Senate and the House to escort the President of the Senate, John A. Cherberg, the President Pro Tempore of the Senate, Al Henry, and the Vice President Pro Tempore of the Senate, James E. Keefe, to seats on the rostrum beside the Speaker.

The Speaker instructed the Sergeants at Arms of the Senate and the House to escort the Senators to seats within the House.

The Speaker of the House presided.

The Speaker called the Joint Session to order.

The Secretary of the Senate called the roll of the Senate, and all members were present except Senator Bottiger who was excused.

The Clerk called the roll of the House, and all members were present except Representatives Eikenberry and Paris who were excused.

The Speaker announced that the Joint Session was called for the purpose of canvassing the vote cast for and against referendums and initiatives which appeared on the ballot at the last general election, and also to canvass the vote for the constitutional elective officers of the State of Washington.

POINT OF INQUIRY

Mr. Moon: "Mr. Speaker, are there copies of this bill on the desk at this time?"

The Speaker: "Mr. Moon, it has not been printed as yet."

Mr. Moon: "Is it the intent of the mover of this motion, then, that this bill not be subjected to amendments on the floor?"

Mr. Swayze: "Once it is on second reading, assuming the motion to suspend the rules is adopted, then it would be before us on second reading and subject to amendment. We have asked the Chief Clerk to distribute copies of the actual bill to each member's desk, along with the digest for the bill. Ours have been received on our desks. I suspect you will receive yours very shortly."

Mr. Moon spoke in favor of the motion.

The motion was carried, and House Bill No. 55 was placed on second reading.

POINT OF INQUIRY

Mr. O'Brien: "It appears that there is some confusion about whether or not House Bill No. 55 fully implements House Joint Resolution No. 47, or whether or not you are adding new language or amending it to include these junior taxing districts. Could you answer the question of whether this is only an implementation of House Joint Resolution No. 47, or are you adding new language which would constitute an amendment to HJR 47, requiring, then, a two-thirds vote of this House to amend that referendum?"

Mr. Swayze: "Mr. O'Brien, I would suggest that you direct your question to the prime sponsor of the bill, who I believe is Representative Bauer."

POINT OF INQUIRY

Mr. Bauer yielded to question by Mr. O'Brien.

Mr. O'Brien: "Mr. Bauer, would you let us know whether or not this measure fully implements HJR 47, or whether you are also adding new provisions to include these smaller taxing districts?"

Mr. Bauer: "Yes, Representative O'Brien, it is my impression that this fully implements the intent of House Joint Resolution No. 47."

"We ask You today to grant Your personal presence and wise guidance to our Governor, Daniel Evans. Give him a generous portion of strong conviction, blended with good judgment, and warmed by a sense of humor. May he begin each day in this new term of office with a renewed sense of commitment to the task, and a renewed awareness of Your strengthening presence.
"Then give us all, our Father, such an understanding of the right, and such an abhorrence of the wrong, that we will work hard together toward the ends You desire--of equal opportunity and true liberty for all the people.

"Honored members of the Legislature, Governor Evans, Chief Justice Hale, and ladies and gentlemen: I especially wish to thank Judge Hale for doing me the honor of administering the oath of office. The Chief Justice and I were classmates and teammates at the University of Washington a few years ago. And I am driven to remark that the hell that Frank caught at the Battle of the Bulge was nothing to what he got on the mudflats adjacent to Lake Washington back in the early 30's, and it's more than a pleasure to be with Frank today. I am very grateful to the people of this state for the honor and privilege of serving them once again, and I promise that I will try to do my best. I am especially appreciative that most of my family is present, including my brothers and sisters. I want to thank Betty for her wonderful patience and understanding. Won't you please stand?" (Applause)

Evans almost longer than many members of his family. Back in 1937 it was my privilege to teach and coach two of the Governor's cousins at Cleveland High School, Bill Evans and Dick Evans. They were certainly fine young men then, and they are even better now, Governor. Ladies and gentlemen, it is my high honor and deep privilege to present to you and the people of the broadcast audience throughout the state, His Excellency, the Honorable Daniel J. Evans, Governor of the State of Washington, to deliver his inaugural address.

"Oh, wait a minute--the Governor was not sworn in. (The Governor is always bringing up those petty details.) Frank, you are on tap--it's your job now--we are going to inaugurate the Governor."

OATH OF OFFICE TO GOVERNOR

Chief Justice Frank Hale administered the oath of office to Governor Daniel J. Evans, and the President presented him his certificate of election.

Now ladies and gentlemen, I repeat, it is my high honor and deep privilege to present to you and to the ladies and gentlemen of the television-viewing audience, His Excellency, the Honorable Daniel J. Evans, Governor of the State of Washington, for the purpose of delivering his inaugural address. Governor Evans."

INAUGURAL ADDRESS

The Governor: "Mr. President, Mr. Speaker, distinguished justices of the court, members of the legislature, and my fellow Washingtonians:

"Mr. President, I suspect it is the first time in the annals of the legislature and inaugural proceedings that we have had an instant replay. We have worked very closely together during the past eight years, and I have never detected until just a few moments ago, a lack of partnership. I thought for a moment you were going to cast me aside and step into the spot yourself.

"A personal note before I begin my formal remarks. I fully realize the uniqueness of this occasion, and recognize that it really only came about because of
thousands of involved citizens throughout this state, a
dedicated staff and administration who have worked with me
well and hard during these past eight years. And most of
all, seated in the south gallery, my family—my wife Nancy,
our three sons Danny, Mark and Bruce, my mother and father,
my mother-in-law, and my brother Roger and his wife Cami.
I'd like all of them to stand, because I wouldn't be
standing here if it weren't for them. (Applause)

"I bring to you today a message of hope, of great
opportunity, and of even greater responsibility.

"Twice in the past, I have stood before this
assembly to take the oath of office and to begin a new
administration of government. In 1965, we began on the
threshold of unprecedented growth and prosperity, secure in
the belief that so long as men could control the progress
of events, the future outcome was not seriously in doubt.

"In 1969, we began from a new vantage point,
confronted with the inevitability of economic depression,
dismayed by a declining faith in government at all levels,
and deeply concerned over the ability of any administration
to deliver demanded services with the taxes people were
prepared to pay.

"In those eight arduous years we have seen both the
best of times and the worst of times, and if we have not
emerged unscathed, then at least we have been tested and
tempered by a severe and demanding decade of trial.

"We have learned that prosperity can harbor false
promise and we have learned that the lessons of adversity
are brutal but they are not insurmountable. But most of
all, I think we have learned, each one of us, of the
compassion and generosity of our people under trial.

A NEW THRESHOLD OF OPPORTUNITY

"We stand now in this year 1973 on the threshold of
new opportunity for our people—a new opportunity to make
Washington an international market place and the focus of
renewed American interest in those lands touched by the
Pacific Ocean. We possess not only the wealth of resources
and products but the heritage of many Washington citizens
of foreign origin who give us a rare insight into this
unique and promising future. Here at home we are entering
into a new era of regional cooperation with Oregon and
Idaho and with our neighboring Province of British
Columbia. And the Premier of that Province will come to
Olympia to talk to legislative and administration leaders
just next week. We can now begin to speak out with one
voice for the New West of this Nation—A West of
opportunity still as boundless as Horace Greeley envisioned
so many years ago when he said, 'Go West young man.' Not a
second California suffocated by the excesses of growth, but
a specific region of special concern for nature and for
man. We know that our natural environment is a precious
asset and a priceless legacy. We know that the quality of
our lives is at least equal in importance to the quantity
of goods we enjoy. Yet now more clearly than ever we know
that growth and conservation must not be mutually
exclusive—that our natural environment and our total
environment must be pursued as one.
A SHOWCASE OF HUMAN PROGRESS

"We still hold that rare opportunity, then, to make Washington a showcase of human progress. But our new prosperity must not succumb to greed or selfishness or self-satisfaction. Our mandate—the mandate of this Legislature and Administration—so long as hunger and poverty still exist; so long as medical catastrophe can destroy life's savings; so long as we provide inadequate care for those with special needs; so long as the forgotten aged are cast aside; so long as true brotherhood is an elusive myth—so long as these exist, we have work to do.

"Our unfinished agenda is a long and difficult one. During the course of the next several days, I will set forth the details of this administration's program. My purpose today, however, is to deal with the longer term and to outline what I believe to be the six most compelling challenges before us.

THE CHALLENGE OF MANAGING GROWTH

"The first of these is the management of growth. There is no question that Washington will continue to grow. As prosperity returns, more diversified than ever before, we will reach new job records in 1973. The rate of population growth may diminish—it may even approach that hypothetical balance between the birth and death rate—but growth itself will continue. If it does not continue in terms of quantity then most assuredly it will, and must, continue in terms of quality, as we seek to improve the human condition and the wider sharing of wealth. For the first time, through the passage of the many Washington Futures bond issues, we have that commanding position over growth—the ability to use and invest for the common good, more than one and one-half billion dollars in the improvement of our communities. The passage of these issues does more than simply make money available, however. It allows government and the people to take the initiative, to act in their own behalf instead of reacting to needs long past the threshold of urgency. It is the chance of a lifetime. It is a mandate of incredible magnitude. We, all of us, cannot afford to squander that mandate.

"I will propose in my budget message that we first, in carrying out the Washington Futures issues, plan wisely so that the dollars are invested efficiently, that the priorities are sound and maximum benefits are received. To spend without planning is to act without thinking and I am confident that what the people really want is not a windfall, but a way to their own future.

"But the management of growth has another side—the establishment of state policies which guide development of an overall plan for the future we all so earnestly covet. This year we took the first important step by enacting into law the Shorelines Management Act—legislation which will be viewed by later generations as an act of great wisdom, just as it is viewed by many today as an act of great controversy. Shortly we will receive from the Washington State Land Planning Commission its initial report. I do not expect that report to be received with loud and universal enthusiasm, but I do expect it to become the
basis for an eventual land management policy for the State of Washington and its people. In the same manner, this administration will propose the formation of a state energy policy, a reasoned and rational policy designed to guide the state in 'bridging the gap' between our fuel supplies and energy needs over the remainder of this century. In developing an energy policy, no less than in shorelines management or land utilization itself, we come to grips with the fact that the utilization of our basic resources simply cannot be an 'either-or' proposition. We have an obligation to the natural environment and to our magnificent natural heritage—but we have an equal obligation to the individual's total health and welfare in a complex and highly urbanized society. There is no glory but only failure in the supremacy of one over the other; but there is a potential triumph in finding the common path, where both can progress and all, therefore, can benefit. That is the real challenge of managing growth—not compromise for its own sake, but common sense for the sake of human progress.

**CHALLENGE OF MANAGING GOVERNMENT**

"The second challenge is the management of government itself. I shall ask for a continuation of departmental reorganization to bring greater efficiency and responsiveness of state government to its citizens. Most urgently needed and long overdue is a Department of Transportation to give integrated direction to this most fundamental of modern needs.

"An Office of Community Development will be initiated to give a focal point for local government input to state agencies.

"I will shortly appoint a Citizen Task Force on Governmental Efficiency, which I believe can equal the splendid performance of a similar body appointed eight years ago. The pursuit of governmental efficiency should be a continuing one and a task force of this nature should report regularly to the Legislature and to the Governor.

"Governmental management is of little value unless the laws under which we operate are responsive to today's needs. Proposals will be presented to modernize some of these laws--some of which have been untouched for almost a century--laws to modernize civil and criminal commitment, consumer protection, tenant-landlord relationships, and to provide new systems of medical examiners and environmental coordination.

"It is not enough to manage the policies of government effectively if the machinery of government itself is unresponsive—if we are shackled by too much government, at the wrong place and at the wrong time. State government gives birth to all local government, and in our eighty-three-year history as a state, we have created forty-one separate types of special local districts and over fifteen hundred sometimes conflicting and overlapping local governmental units. We are, in the name of local control, in clear and present danger of becoming so fractionated that no matter which way we proceed, the people cannot get their full dollar value from their taxes.

"We must join together in our relationship with the
Federal Government to continue the struggle for the new federalism proposed by the President but not yet a reality. Federal revenue sharing is a welcome first step, but the pending special revenue sharing proposals are of even greater urgency. Without them, the tightening bonds of more than six hundred categorical grant programs strangle our independence and distort the priorities of this state.

"The final governmental management relationship is that between two great and independent branches of government, the executive and legislative. I believe strongly that we should strengthen each in its ability to do its task, but not one at the expense of the other. To this end, I will once again propose annual sessions of the Legislature and annual elections to relieve the massive ballots of recent years. The growing complexity of government has sharply increased legislative responsibilities and I shall propose in my Budget Message tomorrow a doubling of legislative salaries to match these new responsibilities.

THE CHALLENGE OF CITIZEN PARTICIPATION

"The third great challenge is in government's relationships with its citizens.

"In the past several years we have made strides envied by other states in bringing governmental services back to the community. Today hundreds of the handicapped, mentally retarded, and the mentally ill find treatment and assistance in their home communities. In the next four years, we must exchange the isolated and impersonal institutions of yesterday for the community facilities of today and tomorrow. Here--at the local level--the potent combination of dedicated volunteers, local professional expertise and state financial assistance can combine to provide fuller, richer lives for all of these less fortunate citizens.

"I recognize very well, as you do, the personal and economic trauma of institutional closure, especially when it occurs in a small community, and I shall propose by executive request a comprehensive measure which can markedly ease this difficult transition and protect both the community and those dedicated people who have served an institution for years.

"This community concept will work only if we tap the enormous reservoir of thousands of potential citizen volunteers. The widening gap between people's expectation for service and their willingness to provide tax resources to support those services can best be bridged by an infusion of citizen volunteer support. Today, twenty-nine thousand volunteers are working as student tutors, foster grandparents, counselors in our correctional institutions, and in a myriad of other vital tasks. Our goal during the next four years is to mobilize one hundred thousand Washington citizens into an army of concerned, dedicated, and able volunteers who can make the community concept a reality.

"I have long been convinced that the youth of our state would respond, overwhelmingly, to a call for service in community action. In the next several weeks, an announcement will be made which will join the federal
government, our state government and a number of local communities together to test that belief and to provide opportunity for young citizens to voluntarily serve their community in peace, rather than today's mandated draft for war. To further the growth of this community concept, we will propose an adult probation subsidy program and a similar assistance program in mental health to match the spectacularly successful juvenile probation subsidy program of recent years.

"I shall also seek a comprehensive compensation bill for the victims of crime and the ratification of the Equal Rights Amendment to our Federal Constitution guaranteeing women equal status in our society.

THE CHALLENGE OF TAX REFORM

"Tax reform, as a challenge, is not new, but the need for action is immediate. Our recovering economy will allow for a balanced budget this next biennium, but will not allow resolution of the mushrooming problem of special levy support for basic education. The people of this state deserve and our school children require a guaranteed continuing source of basic educational finance, and it is time now for us to act.

"I shall propose no specific bill, but let there be no mistake, I intend to exert every effort and search every avenue toward passage of a comprehensive tax reform measure. This is no time for half-hearted attempts or half-way measures. A full and complete proposal embodying at least these fundamental elements should be presented for a vote by our people:

"A prohibition against special property tax levies for the maintenance and operation of basic education;

"Substantial reduction in property tax burdens on our citizens, and better protection against future increase;

"A constitutional limitation on all major taxes;

"An income tax with initial revenue sufficient to replace, but not exceed, reductions made in other taxes.

"In addition to the comprehensive tax reform proposal, I believe it important to adopt two additional protections in the property tax field. Our present open space act should be amended to make it a meaningful tool for those who earn their living from the land. By streamlining the application procedures and allowing land to be assessed on its earning capacity, no good farmer need be driven from his land by excessive taxation.

"Those who suffer most under our present property tax structure are the elderly, the poor, those living on fixed incomes. I will recommend to this Legislature that a constitutional amendment be prepared which would limit property taxes on a person's home to no more than five percent of his income. These changes, collectively, can give to Washington citizens a new hope for equity, protection and, perhaps most of all, for decision-making in our tax system.

THE CHALLENGE OF INNOVATION

"In the challenge of innovation lies the future, not
only of our free enterprise system, but of government itself. Here in this state we have many opportunities to explore new ground in making government more responsive to the people.

"I will shortly appoint a special commission to examine the potential of insurance against catastrophic illness. I am aware that this is a national issue and under consideration by the present Congress, but Washington citizens need not wait for a Congress which may not act.

"While we traditionally have provided comprehensive educational opportunity for all children, we have not given equal attention to early childhood development. Prenatal and early childhood care is virtually unavailable to many of our people. No child should be cheated—at the beginning—of an opportunity for a full and successful life. And shortly, proposals will be made in this field too, which can guarantee our interest and concern for these youngsters—the adults of tomorrow.

"As our birthrate drops and resulting common school enrollments diminish, the opportunity grows for new concepts in education and in the utilization of schools as community centers:

"—Community centers in which we could provide not only basic education, but also child care;

"—Community centers which could provide meals and limited health care for the aged and utilize their great talents in child care assistance;

"—School buildings made available to the community at night and on weekends for a variety of productive and creative uses.

"In all of this we should recognize that innovation is not limited by the age of the innovator. Our rapidly growing population of retired citizens must bring recognition of their special abilities. This huge reservoir of talent and years of experience is being virtually ignored and it is well past time that we brought our senior citizens back into the mainstream of state service.

"There is indeed no limit to what can be accomplished by the young and the old, as well as the rest of us, if only we will take the time to innovate, to think in new dimensions and act in new directions. If the government is ever to be dynamic and responsive to the needs of the people, and respected by the citizens it serves—if it is to serve the people well—then innovation must become the constant companion of progress and the open door to citizen participation.

THE CHALLENGE OF QUALITY IN LIFE

"The sixth and final challenge is the quality of our life itself. In the larger sense, all that we have done and all that we propose to do is aimed at the quality of life which our citizens enjoy, or failing that, deserve.

"Quality is more than compassion, more than economic opportunity, more than social justice. It is all of these, bound up in the single proposition that we here in this state, at this time, we—of all people—have the resources and the ability to do so much for the best and least among
us, for the now and tomorrows which confront us, and for the hope and opportunity which belong—as never before—to every one of us.

"We have learned our lessons over the past eight years. Now let us use them. Let us hope that never again will economic opportunity simply be taken for granted.

"Let us hope that social justice, for the victim as well as the violator, becomes more than mere lip service—that it becomes a true and conscious reality of our lives and our laws.

"Let us hope that the compassion we found in a time of economic misfortune does not disappear in a time of progress, but remains as a continuing principle of our mutual regard and concern.

"It should not be our purpose here to deal only in the small and immediate issues. It should rather be to pursue the goal of greatness with vigilance, and to seek for every citizen that eloquent promise of a decent life, the full measure of liberty and a real and human happiness.

"I believe that the people of Washington are now ready to meet these challenges. In the last eight years, they have seen prosperity and learned how fickle it can be. They have seen depression and deprivation and they have shouldered that burden with rare courage.

THE MANDATE OF THE PEOPLE

"In November just past, facing a long and complicated ballot—only months removed from serious economic difficulty and still with the signs ever present—they expressed themselves decisively in favor of Washington Futures and the resumption of progress.

"They have said this: 'You asked for a new mandate for progress and we have given it to you.

"'You asked for the opportunity to invest wisely in the future of Washington—in our future and the future of our children—and we have given that to you.

"'You asked for money and authority at a time when money is dear and governmental authority is greatly suspect—and we have given that to you, too.'

"Now, we ask of you in return—we ask of this Administration and this Legislature—

"To do not what is easy, but what is right;

"To exercise our mandate to you with skill and honest dedication;

"To take the political risks that are necessary;

"To make the decisions that recent history have made clear and that present circumstances demand—and in so doing give us our state and our future in good hands and good conscience.

"This, I believe, is our challenge above all—to deliver to the people their state in good hands and good conscience.

"We share this test equally. There is no guarantee of success, no insurance against failure. But I believe that this Administration and this Legislature are bound more surely in common cause than they are separated by political difference and that we can, with patience and help and conviction, do what needs to be done.

"I would rather cross the political aisle than cross
the people—and let that be our common pledge.

"Let us share together these tasks of leadership so all may share together the benefits, the opportunity, and the blessings of success.

"Thank you."

MOTIONS

Mr. Thompson moved that the bills, memorials and resolutions printed on today's Introduction of Bills be considered the first reading under the fourth order of business and they be referred to the committees so designated.

Mr. Curtis moved that the motion by Mr. Thompson be amended and that HOUSE BILL NO. 103 be referred to the Committee on Financial Institutions rather than the Committee on Education.

Mr. Curtis spoke in favor of the motion, and Mr. Thompson spoke against it.

POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Pardini.

Mr. Pardini: "For the purposes of clarification, Mr. Thompson, on your remarks, do you anticipate that a particular pension bill, for instance, may go to Financial Institutions, or Education, or Labor, or State Government, depending on the classification of employees affected by it?"

Mr. Thompson: "It is difficult to give you a definitive answer at this time, Representative Pardini. We are going to proceed on the basis of considering each bill individually. Our thinking on this one is that it so clearly falls within the educational area that we want to provide that committee with an opportunity to examine it first."

The amendment by Mr. Curtis to the motion by Mr. Thompson was lost on a rising vote.

The Speaker stated the question before the House to be the motion by Mr. Thompson.

The motion was carried.
RESOLUTION

HOUSE RESOLUTION NO. 73-4 by Representatives Ehlers, Erickson, Gaspard and Anderson:

WHEREAS, There currently exist Washington state rules and regulations regarding construction and material quality standards for mobile homes; and

WHEREAS, Mobile home owners and prospective purchasers are still faced with an inferior product; and

WHEREAS, Banks and lending institutions, knowledgeable of the current regulations regarding construction and material quality standards of mobile homes, regard mobile homes as inferior in construction and material quality by comparison to fixed homes; therefore, such banks and institutions charge significantly higher interest rates (two and one-half to three percent higher) on mobile home purchases than on fixed home purchases;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the Legislative Council is authorized and directed to undertake a study of construction and material quality standards of mobile homes and related problems. Such study shall: (a) Examine existing rules and regulations on construction and material quality standards of mobile homes, (b) determine the effects existing standards have on mobile home construction quality, safety and interest charged on purchases, and (c) make recommendations and draft appropriate legislation, if needed, respecting improvement of mobile home construction and material quality standards.

Mr. Ehlers moved adoption of the resolution and spoke in favor of its adoption.

Mr. Curtis moved adoption of the following amendment:
On page 1, line 3, beginning with "and" strike everything through line 12

Mr. Curtis spoke in favor of the amendment, and Mr. Ehlers stated that he had no objection to the amendment.

The amendment by Mr. Curtis was adopted.

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Anderson.

Mr. Anderson: "Mr. Ehlers, will this resolution take care, also, of workmanship?"

Mr. Ehlers: "The resolution calls for a study of the entire problem of construction, which would include workmanship, yes."

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Swayze.

Mr. Swayze: "Representative Ehlers, I am Chairman of the Legislative Council currently, and I know this is a
resolution authorizing a study by the Legislative Council. This type of resolution ordinarily comes toward the end of a legislative session, and directs itself to the interim work of the Legislative Council and its staff, who are fairly busy on other matters during the legislative session. Is it your intention that this be an interim study of the Legislative Council to report back to the next session of the Legislature?"

Mr. Ehlers: "If indeed there is an interim committee system, but if we have a continuous Legislature, I assume this particular study then would be referred to the appropriate standing committee."

Mr. Pardini moved adoption of the following amendment:

On page 1, line 22, after "standards" insert ", and (d) also investigation into the problems of mobile home parks in areas such as zoning and fire protection"

Mr. Pardini spoke in favor of the amendment, and the amendment was adopted.

The Speaker stated the question before the House to be adoption of House Floor Resolution No. 4, as amended by Representatives Curtis and Pardini.

The resolution was adopted.

The committee retired.

The Sergeant at Arms of the House announced the arrival of the elected state officials at the bar of the House. The President of the Senate instructed the committee to escort the elected state officials to seats at the front of the House Chamber.

The President of the Senate: "Honored members of the Legislature, ladies and gentlemen: The Governor will arrive at approximately 6:55, and will be escorted in, in sufficient time to begin his address at 7:00 p.m. sharp. This is for the benefit of the vast number of people in the state of Washington who will be viewing this particular Joint Session and listening to the Governor's address throughout the state. Inasmuch as there are about ten minutes left, the President thought perhaps the Honorable Frank Hale, Chief Justice of the Supreme Court, would present the members of the court to those present."

Chief Justice Frank Hale: "Thank you, Mr. President. It gives me a great deal of pleasure, and I consider it an honor at this time, to introduce to you my colleagues on the Supreme Court. First, our senior Justice, Justice Robert C. Finley; and from the big sky country of Grant County, Mr. Justice Robert T. Hunter; and from our own district here, where the court sits—a judge who served among you for over twenty-two years as a superior court judge, Mr. Justice Charles T. Wright; and a big city judge from the largest county in the state and one of the great metropolitan areas of this country, Mr. Justice Robert F. Utter; it gives me pleasure now to introduce a former colleague of the members of this House from the Yakima District, Mr. Justice Robert F. Brachtenbach."

And, of course, you all recognize Senator Dr. Jimmy Keefe, the wide receiver. Jimmy told me this afternoon he would have been an All American football player, but he had a bad habit of running for the sidelines. I would ask Jimmy to come up and give you some witty sayings, but he told me he killed vaudeville a number of years ago. Rather than bore you for five minutes, we will just be at ease."

GOVERNOR'S STATE OF THE STATE ADDRESS TO THE LEGISLATURE

The Governor: "Mr. President, Mr. Speaker, ladies and gentlemen of the Legislature, and again my fellow Washingtonians: If yesterday was a day of beginning, and last night was a night of celebration, then perhaps tonight is a night of reality of attempting to translate those high ideas and best wishes into the reality of a budget for the next two years of this state.

"Tonight I will bring to you and to the people of this state the budget details which will translate into reality many of the high hopes and challenges expressed in my Inaugural Address of yesterday. This comprehensive budget represents thousands of hours of agency time and my own personal involvement, but I want to pay special tribute tonight to our office of Program Planning and Fiscal Management and particularly to those twenty-five budget analysts who were key men and women in the development of this budget. They accumulated over 7,000 hours of overtime in its preparation--few of those hours ever to be compensated.

"Two years ago I presented a budget which was austere and a reflection of the economic difficulties which the state was then experiencing. I predicted that the economy would continue to decline during fiscal year 1971, then level off, and that we would see a resumption of moderate growth during fiscal year 1973. Tonight I can report that economic recovery has come faster and more buoyantly than we expected then, or even during intervening months. Employment today is thirty-eight thousand higher than a year ago and represents a new diversity unmatched in previous recovery periods. Personal income growth in 1972 will exceed eight and a half percent, which is a growth rate, once again far above the national average and much greater than the continued growth in cost of living. As we look ahead to the upcoming biennium, we anticipate that the state's economy will continue to improve and that by 1975 there will be sixty thousand more people employed than during the previous peak boom year of 1969. This Legislature a year ago helped speed our economic recovery by passage of the 'Jobs Now' program and the presentation of Washington Future to our voters. During this past year the 'Jobs Now' program effort has produced thirty-nine new public works projects, scattered in communities across this state, designed to prepare for long-range business activity and permanent jobs. These efforts have resulted in over fourteen hundred primary jobs and forty-seven hundred permanent jobs either created or saved from these projects."
One million dollars has gone into special economic assistance to Indian tribes of this state, and most have taken part with the expectation that unemployment on those reservations will be cut in half, from over 2,000 to 1,000 with the full utilization of these funds. Drainage basin planning and local planning assistance has helped us prepare for the wise utilization of the Washington Future Bond Issues and these programs—the 'Jobs Now' programs—have generated over 10 million dollars in additional matching money for the communities of this state. The efforts of government, labor, business and the private individual have combined to bring us through a period of economic trial and set us on the road to recovery faster than anyone could have anticipated. According to nationally prepared forecasts of the United States Department of Commerce, Washington will lead all states in the nation in per capita income growth during the remainder of this decade.

"These economic improvements which we have achieved and the forecasts of continued improvement hold special significance to the members of the Legislature and to the citizens of our state. I am able to present to you a budget for the biennium 1971-73 which is balanced and which will require no new or increased taxes of any kind. It is clear with the budget I am presenting, that we can continue to maintain the highly enviable record we have achieved, which according again to the United States Department of Commerce is the lowest rate of state tax growth of any of the fifty states of this nation during the past five years."

"The General Fund budget for the upcoming biennium totals 2.77 billion dollars—an increase of 14 percent over the previous biennium. The total state budget—including all funds—is 4.83 billion dollars—an increase of 11 percent over current expenditures This budget does provide relief—relief of taxing pressures at the local governmental level. For example, I am proposing that 37 million dollars of the state's federal revenue sharing money be allocated to local school districts to replace property taxes and we will utilize 34.5 million dollars of general revenue sharing money to replace a like decrease in state property tax revenues. These combined efforts will reduce the burden on property taxes throughout this state by over 70 million dollars.

"Much has been said of economy and efficiency in government. Eight years ago I appointed a Citizen Task Force on Governmental Efficiency, which resulted in 382 separate organizational and procedural improvements which have provided annual savings of more than $8 million each succeeding year. I believe it is time to renew this effort and will shortly establish a new and continuing Citizen Task Force to assist us in bringing the best in business management methods to the operation of our state agencies. I am also recommending a new approach in this upcoming budget to encourage a continuing search for efficiency in each of our major departments. The budget contains an employee productivity factor of 2.5 percent for each of the years of the biennium. I will monitor carefully this target to assure that the 2.5 percent per year savings comes not in a cut in service but in a true increase in productivity, through use of new methods and new management
techniques. The potential impact of this new feature is more than 40 million dollars in savings during the next two years.

"The people of this state have given to this Legislature a unique mandate and a special opportunity. The 415 million dollars Washington Future Bond issues will provide matching money for more than a billion dollars in state and local funds to create a massive capital investment program for the betterment of our state. Some are already suggesting that major amounts of this investment be made now for projects which have merit but no overall sense of priority. I shall resist that concept, for I believe it is essential that proper planning precede the major capital investments which will follow. This budget proposes a total expenditure of 71 million state dollars, which when fully matched equals a 183 million dollars stimulus to the state's economy and will create 22,000 man years of construction and secondary jobs. In 1974 we will have an opportunity to come back and review the progress on planning and I expect that we will be able to take a further step in fund utilization of the Washington Future Program. A major share of the initial investment will be in three areas: 33 million dollars of state money in water pollution control and solid waste management and water supply, including irrigation, 12 million dollars in recreation and 25 million dollars for state community college facilities.

"In 1967 the Washington State Legislature enacted the Community Services Act for Mental Health and Mental Retardation. This far-sighted legislation has a long-range goal of providing a system of community-based programs for the mentally ill and the mentally retarded. This budget continues to stress the need for community based programs with a de-emphasis on large institutional care facilities. In community retardation we expect to expand the group home concept and program by several hundred with a resulting reduction in the number of institutional residents of almost 700 during the next two years. We will experience a parallel drop in the population of our mental health institutions to slightly over 1,600 at the end of the biennium. This compares with over 7,000 in those same three institutions just a little over a decade ago. New and better treatment methods for tuberculosis will result in a continued rapid drop in long-term hospital care. The spectacular success of our Juvenile Probation Subsidy Program will further reduce the population of our juvenile institutions.

"With the success of our community programs the time has clearly come to review continued operation of a number of state institutions. I will therefore propose the closure of four institutions during the course of this biennium and the shift in program at a fifth. I recognize the economic and human trauma in institutional closure and, therefore, will introduce an Economic Impact Act designed to assist the employees whose jobs are affected by termination of a facility, as well as provide economic assistance to the community whose economic base is threatened. The essential elements of this act allow special payments for the movement of household goods for those who may transfer, and a state sharing in potential
financial loss on the sale of a home for those employees transferred. It also provides for early retirement programs for those employees who have substantial years of service in state government, as well as liberal termination pay agreements for those who leave the state service with fewer years. The community involved could qualify for community assistance grants of substantial proportions to aid in the development of economic alternatives. The future of our community programs—the whole thrust of what we have engaged in over the last six years—depends on this legislature's willingness to face necessary changes and institutional closures where better alternatives are available. I am confident this Economic Impact Act will make the transition much more realistic.

"The success of the Community Health Program will mandate the closure of Northern State Hospital at the end of calendar year 1973. The Economic Impact Act will aid both the employees of that facility and the community in which they reside. In addition $500,000 is being set aside for the four northwestern Washington counties for special assistance in community mental health activities.

"Success in our tuberculosis treatment program will allow the closure of Firlands Hospital in Seattle as a specialized tuberculosis treatment facility and the substitution of treatment in local existing hospital facilities. With that closure, the savings to the nineteen western Washington counties involved will approach one million dollars.

"The success of the Juvenile Probation Subsidy Program will allow the closure of the Spruce Canyon Youth Camp and the transfer of the Indian Ridge Youth Camp to the adult corrections system where it will serve as a prototype for a community correction facility for first-time adult offenders. One of the great benefits of that juvenile probation subsidy program is this opportunity to test out the concepts of a small community-oriented adult facility without additional capital investment, and with an existing staff, essentially already at hand. The Larch Mountain Honor Camp will be merged into the Clearwater Honor Camp to allow it to run at full capacity. Both today are running at half capacity.

"I shall propose an Adult Probation Subsidy Program and a Mental Health Subsidy Program which will match and parallel the operation of the spectacularly successful Juvenile Probation Subsidy Program. This will allow local communities to establish effective Adult Correction and Mental Health Programs and receive funding from the state level for their support. We intend to move moderately in this field—not too rapidly, but to take these strides which I believe will prove as successful as those we have already taken. The next few years offer unique opportunity for Washington to lead the nation in community care for citizens with special problems.

"During the past decade one of the most pressing financial problems placed on state resources came as a result of ever-increasing enrollments in the public education system as the baby boom following World War II passed through our school system. Sharp declines in the birth rate over the last few years, however, have resulted in a leveling of enrollments and the forecast for the next
biennium indicates that there will be an absolute decline of several thousand in student enrollment in our common schools. Community college, college and university enrollment will continue to climb but at a slower rate than in past years. This easing in the previous unrelentless enrollment pressure provides, not only welcome financial relief, but also an opportunity for each sector of our public education system to re dedicate itself to a program of excellence in education. Education continues to be the single, most important investment of state government with general fund expenditures of 1.3 billion dollars scheduled for the next biennium. This represents virtually half of the total general fund budget.

"In order to reestablish an actuarially sound funding program for the Teacher's Retirement System, I am including 70 million dollars in the budget for the 1973-75 biennium which, when coupled with the 18 million dollars in surplus revenue from the current biennium, will provide a significant step toward the establishment of the full level funding program for the retirement system. We have consulted with professional actuaries on the soundness of this approach, and I am confident it will be acceptable to this Legislature and to those teachers the system serves.

"The operation and construction programs of the Washington State Patrol, the Department of Highways and the Department of Motor Vehicles depend heavily on the state's Motor Vehicle Fund for their operation. The 1973-75 biennial budget requests of these agencies exceeded the amount of revenue available by more than 30 million dollars. We have carefully scrutinized and reduced each of these budgets to develop a program--a very importantly limited program--which will meet the essential staffing required and allow for full matching of all potential federal highway fund dollars. The Toll Bridge Authority Budget includes 1.2 million dollars to construct holding tanks on the remaining ferries to eliminate pollution caused by state ferries, and to lead the way toward similar action by others in the marine field. In order to more effectively meet the growing demand for passenger ferry service between cross-sound points, this budget includes 3 million dollars to be matched with additional federal funds so that we can add fast passenger vessels to our ferry fleet as a means of improving the service to foot passengers as well as reducing automobile congestion. The State Patrol's Budget allows for the addition of thirty-six troopers in the field force so we can continue the splendid record of traffic death reductions of recent years. Hundreds of Washington motorists are alive today because of the increased safety activities of our State Patrol and 1972 proved to be the best year in Washington history in terms of traffic safety.

"The projected rising enrollments in colleges and universities, as well as community colleges, will require additional personnel in those facilities. Suggested new programs also will require additional personnel. In other areas of government, however, there will be consistent personnel reductions and the total employment during the upcoming biennium will be unchanged from its present levels. This represents the first time in years that state government personnel levels have stabilized. Only through
increases in governmental efficiency can this record be maintained.

"The final area I wish to share with you, specifically, is that of compensation for those who work in public service. One of the important elements in our economic recovery and in our ability to maintain a balanced budget during the depths of the recent recession was the willingness of public employees to forego salary increases while a large majority of those in private employment continued to receive salary increases regularly. I believe now is the time to begin to close that gap between compensation for public employees and compensation for those working in equivalent jobs in private enterprise or for other governmental entities. I am therefore proposing an increase of 4 percent or $40 per month, whichever is higher, to take effect on January 1, 1973, for all classified employees of state government and higher education systems. I will ask for a 4 percent salary increase for all school teachers as well as professors and instructors in higher education. I will ask for an additional 3 percent increase effective January 1, 1974, and I will ask that there be an increase of $5 a month in medical insurance payments effective July 1, 1973. In addition to these general benefits, I will ask for the authority for incremental payments or longevity payments to college and university professional staff and will seek a substantial betterment of their retirement program. I will also ask that teachers retirement benefits be raised to the equivalent of state employees."

"This budget, unquestionably, does not meet all the desires and needs presented to us in the budget-making process. It does, however, allow for substantial progress and opens the door to new ideas and new directions in state government. It is a budget which emphasizes efficiency and innovation. It is a budget which embarks us on the Washington Future Program and a better opportunity to plan for Washington's future. It is important that we monitor the expenditures set forth in this budget to insure that progress toward the goals we have previously set is truly made.

"I expect to work closely with you and to offer the full resources of the departments of the executive branch of this government in turning our great hopes and the people's expectations into reality through the Appropriations Act of 1973.

"Through our joint efforts let us begin the task which over the next decade will provide the kind of quality state which will be a proud heritage to those who succeed us.

"Thank you."

Having served notice on the previous working day, Mr. Charette asked that the House consider the following proposed rules:

PROPOSED RULES OF THE HOUSE OF REPRESENTATIVES

Chief Clerk to Call to Order

Rule 1. Custom, so prevalent and so ancient as to have the force of law, has made it the duty of the chief clerk of the previous assembly to call the session to order and to conduct the proceedings generally until a speaker is chosen.

The secretary of state furnishes to the clerk a certified statement of the names of the members elect, which is read by the clerk. The roll is called and the oath of office is administered to the members by a justice of the supreme court. The members rise and are sworn. After adoption of temporary rules, the assembly then proceeds to the election of its officers.

Election of Speaker, Chief Clerk and Sergeant at Arms

Rule 2. The house shall elect the following officers at the commencement of each regular session: Its presiding officer, who shall be styled speaker of the house, a speaker pro tempore, who shall serve in absence or in case of the inability of the speaker, a chief clerk of the house, and a sergeant at arms. An assistant chief clerk may be elected on any legislative day. Such officers shall hold office during all sessions until the convening of the succeeding regular session.

In all elections by the house a Constitutional majority shall be required, the members shall vote viva voce and their vote shall be entered on the journal.

Powers and Duties of Speaker

Rule 3. The speaker shall take the chair every day precisely at the hour to which the house shall have adjourned on the preceding day. He shall call the members to order immediately, and on the appearance of a majority of the members shall proceed with the order of business prescribed by Rule 44.

He shall possess the powers and perform the duties herein prescribed, viz.:

(a) He shall preserve order and decorum, may speak to points of order in preference to the other members, arising from his chair for that purpose.

(b) He shall decide all questions of order, subject to appeal to the house. On every appeal he shall have the right, in his place, to assign his reason for his decision.

(c) The speaker shall rise to put a question, but may state it sitting.

(d) The speaker shall have a general direction of the house chamber.

(e) He shall have the right to name any member to perform the duties of the chair, but such substitution
shall not extend beyond an adjournment.

(f) In appointing the committee members to standing committees, the speaker shall name members in the same ratio as the membership of the respective parties in the house. Committee members will be selected by each party's caucus. The majority party caucus will select all committee chairmen.

Members of the (Rules and Administration Committee) Rules Committee will be selected in the same manner and same ratio as provided above, and the speaker will serve as chairman of the (Rules and Administration Committee) Rules Committee.

Interim committee memberships will be elected by the respective caucuses, unless otherwise provided by law, on a basis of statutory and geographical representation; otherwise, the same ratio between the parties will prevail in the caucus election of interim committee members.

Patronage will be divided proportionately by the party caucuses, following as closely as possible the ratio between the parties.

(g) In case of any disturbance or disorderly conduct in the house chamber and legislative areas, the speaker (or chairman of the whole house) shall have the power to order the same to be cleared.

(h) He shall designate the persons who shall act as reporters for the public press.

(i) He shall announce the business before the house in the order in which it is to be acted upon.

(j) He shall sign all acts, joint resolutions, concurrent resolutions and joint memorials in open session of the house.

(k) He shall authenticate by his signature, when necessary, all the acts, orders and proceedings of the house.

(l) The speaker pro tempore shall exercise the duties, powers and prerogatives of the speaker in the event of his death, illness, or inability to act, until the speaker's successor shall be elected.

**Writs, Warrants and Subpoenas, How Issued**

Rule 4. All writs, warrants and subpoenas issued by the order of the house shall be under the hand and seal of the speaker, attested by the chief clerk.

**Certification of Payroll of Members and Employees**

Rule 5. The speaker shall sign and the chief clerk countersign all payrolls and vouchers for all expenses of the house and transmit same to the state treasurer and budget director for payment.

**Duties of Chief Clerk**

Rule 6. The duties of the chief clerk shall be as follows:

(a) He shall employ all employees of the house on recommendations of the employment committee, by and with the consent of the speaker and may remove them subject to the approval of the employment committee, by and with the
consent of the speaker: Provided, however, that the wives of members of the house of representatives and senate shall not be eligible for employment in the house: And provided further, that no one who has reached the age of seventy shall be employed in the house.

(b) He shall see that the journal is kept properly, and have general supervision over all clerks and employees not under the supervision of the sergeant at arms.

PERSONAL PRIVILEGE

Ms. Maxie: "I rise in commemoration of the late Dr. Martin Luther King. I have received a directive from the folks back home to come back to my district with something of substance. As you will notice, there is no resolution or anything on your desks of that nature. Senator Fleming will submit a resolution and also a bill to make Dr. Martin Luther King's birthday a state holiday. I will support him in that endeavor. I have a letter here from Mrs. Martin Luther King. In essence the letter states not to give up and to keep plugging. There are fourteen
states and thirty-three cities that have proclaimed January 15th, Martin Luther King's birthday, a holiday. I will not say any flowery words to this august body, because I think words at this point are futile. I would hope that you will join me in a short silent prayer in honor of the late Dr. Martin Luther King. Would you please stand?"

(The members of the House stood in silent prayer in memory of Dr. Martin Luther King.)

The President: "Honored members of the Legislature: The purpose of the Joint Session is to receive a message from the Premier of British Columbia, His Excellency David Barrett, and to greet an illustrious and renowned group of his colleagues from British Columbia."

The President of the Senate appointed the following committee to act as a committee of honor to escort the Premier of British Columbia, the Honorable David Barrett, to the rostrum and the visiting cabinet ministers from British Columbia to a place of honor at the bar of the House: Senators Van Hollebeke, Bailey, Mardesich, Atwood and Lewis (Harry), and Representatives Goltz, Haussler, Anderson, Bluechel, Schumaker, Van Dyk and Berentson.

The President of the Senate instructed the committee to escort the Premier to a seat on the rostrum and the visiting cabinet ministers to a place of honor at the bar of the House.

The President: "Esteemed members of the Legislature, our illustrious visitors from British
Columbia, His Excellency, the Honorable David Barrett, ladies and gentlemen: The invocation will be given by the Reverend Father A. A. Lemieux, Director of Development, Seattle University."

Father Lemieux: "Almighty God, gracious loving Father of us all, and concerned with our actions, bless this assembly and prosper the purpose for which it has been convened. Bless our distinguished visitor, the newly-elected youthful and dynamic Premier of British Columbia who honors our state by his visit. No stranger among us, but a beloved alumnus of our own Seattle University, he comes in a spirit of genuine friendship to promote social relations between our two sovereign regions, to discuss areas of common concern, and to seek solutions of mutual benefit to all. O God, grant Your blessings on our esteemed Governor who has already manifested before this assembly a renewed commitment to regional planning and cooperation with Oregon, Idaho and our neighboring Province of British Columbia. We ask You, O Lord, to give vision and direction, courage and steadfastness, to these two young and progressive leaders, to their legislative bodies and cabinet members, wisely and vigorously to push forward these goals of cooperation and understanding, so promising and so far-reaching, for the common good of the people of all classes and of both countries.

"Unto Your glory, and the betterment of their fellow men, help them to go on to labor and to plan for the countries they love, as we ask for them, Your guidance and help, while knowing that here on earth the work of building and growth also be truly our own. Amen."

The President introduced the visiting cabinet ministers from British Columbia: The Honorable Ernest Hall, Provincial Secretary; the Honorable A. B. Macdonald, Attorney-General, and Mrs. Macdonald; the Honorable L. T. Nimsick, Minister of Mines, and Mrs. Nimsick; the Honorable R. M. Strachan, Minister of Highways and Mrs. Strachan; the Honorable W. S. King, Minister of Labor; the Honorable J. G. Lomier, Minister of Municipal Affairs, and Mrs. Lomier; the Honorable D. G. Cocke, Minister of Health, and Mrs. Cocke; the Honorable Norman Levi, Minister of Rehabilitation and Social Improvement; the Honorable F. A. President Cherberg: "Now, Mr. Speaker, Father Lemieux, members of the Legislature, our distinguished guests, ladies and gentlemen: This morning the President has been accorded the most distinct and singular honor of introducing to you a very inspiring and highly successful alumnus of Seattle University. This gentleman, in a sense, was a protege of our beloved Father Lemieux, and I do not think I have to remind you that there is a great deal of
mutual respect, admiration and affection between these two gentlemen. Because of the Premier's natural closeness to people, and his inviting and cordial personality, many of you have had the opportunity within the past few hours to greet this renowned leader of Parliament from our closest neighbor to the north. The Premier's plans and programs for the progress of British Columbia, and for the strengthening of ties between the Province and the state of Washington have already caused him to become a legend in his own time. His empathy with the common man, and his unique ability to deal with complex economic and ecological issues in this difficult time have caused his presence to be observed with admiration and respect throughout the world. May I now present to you His Excellency, Premier David Barrett, of the Province of British Columbia, Canada."

Premier Barrett: "Father Lemieux, Governor Evans, Lieutenant Governor Cherberg, Mr. Speaker, members of the Senate and the Legislative Assembly:

"After hearing that introduction, I was just wondering if the Lieutenant Governor was talking about the same person who is now going to address you. I was surprised to learn that I am such a renowned figure. Actually, Father Lemieux' presence here is not only to finally get me to the point where I listen to one of his prayers (which those of you who know my personal background will understand some difficulty there), but also to present Ray Van Hollebeke and myself with an old bill that we haven't paid in the cafeteria. I just want the Father to understand that is is Van Hollebeke who owes the money, Father, not me.

"I was delighted and pleased to meet so many of our old friends, and to have the opportunity of returning in a somewhat different role from our visit last year. I want to tell you that our visit last year was the beginning, I think and I hope, of a new relationship between these two separate, distinct and great jurisdictions in the Pacific Northwest.

"There is no reason to believe that the purposes and goals of political life in British Columbia and in Washington State have very great differences. All of us have been elected in common to serve to the best of our ability in attempting to solve the problems that are essentially related to our region in our respective jurisdictions.

"I want to spend just a few moments of my brief address talking about some of the technical aspects of being a politician. I want to, on behalf of all the people of the Northwest, thank all of you for standing for office. I think there is a very great wrong impression abroad, in some segments of the North American communities, that politics or politicians are essentially bad. That is wrong, and I think people should appreciate the fact of how much time and how much energy, and how much of your life you people give up in your efforts to serve your state. I must say that the talents and the skills that you bring with you to your deliberations perhaps go overlooked by the people of this great state. I want to say, in my brief experience in politics, I have not met such a group of
experienced and dedicated legislators as you have, both in
the Senate and in this House. I think as politicians you
have a great deal to offer to the people of Washington.
Politics is good. The in-fighting, the out-fighting, the
dynamic exchange of ideas and opinions, the clashes of
ideals, are absolutely essential in the democratic process.
Politics is raw, it's tough, it's mean, it's cruel, and
it's hard. But it's real life, and it is out of that
cauldron that decisions are made on behalf of the people.
So people should understand that politicians do fight among
themselves just like families do. People should understand
that politicians have differences of opinion, just like
neighbors do. But the common purpose of politicians here
in Washington State and in British Columbia is to serve
their constituents to the best of their ability.

"In the past ten years in North America, there has
been a dynamic change in the nature of politics and
politicians. There are brand new problems, brand new
awarenesses, that have brought us to understand that we
cannot operate in a vacuum on some of these problems. The
primary motivation of our visit last year, and again our
visit this year, is to discuss with you the problems of our
environment, those problems which know no boundary and no
barrier. When we poison our water, or you poison your air,
we affect each other. When you clog your roads, and we
clog our ferries, we affect each other. We have common
burgeoning problems created by large populations with new
measures of affluence. And unless we are able to control
this affluence in a manner to meet common good, all of us
will suffer from what we know as progress and growth.
There are very great dangers around the growth syndrome,
and it is my opinion that we must be very, very cautious in
the Pacific Northwest in how we approach growth. The
resources we have in many instances are nonrenewable. And
when we share a common direction in the use of those
resources, we can learn from each other. When we share a
common husbanding of those resources, we can also learn
from each other.

"Public expectations from politicians have changed
dramatically, even in the last year. Some of the things
that we talk about in terms of curbing growth, two or three
years ago would be considered political suicide. Yet now
the public is demanding an awareness of the necessity of
conserving what we have and finding new directions in our
society. It is my opinion that North America cannot
continue on a path of developing an acquisitive society
with no understanding of the very fragile nature of the
world we live in. It is absolutely essential, in my
opinion, for us to get together and begin to find answers
to our common problems and reach our common destiny in a
far more rational way.

"In British Columbia I have announced that the
period of boomism is over. We are not committed to growth
for growth's sake. We must preserve this region as an area
that is refreshing, that is new in terms of being
untouched, and a sample of what other areas can, perhaps,
do. I am delighted with your Governor's attitude toward
conservation. I am delighted with the awareness of your
legislators and your Senators about the need to husband the
resources in a fruitful manner. But more than anything
else, I am impressed by the concern that all of you have shown for the ordinary people who live in this area—the ordinary people who have all the fears and insecurities of a rapidly developing life and a changing pattern in their life style that they can't cope with.

"It is my opinion that as politicians we are elected to cushion changes for our people with as much concern for their individuality as possible. It is out of this general statement of philosophy that we seek further legislative guidance, counsel and cooperation with you. It is my intention upon returning to British Columbia, when we open our forthcoming session of the legislature, to have the House name a permanent committee of liaison with Washington State, dealing with common problems.

"I do hope that in response to our visit some of you will come back to British Columbia and visit us. It is absolutely essential that we get to know each other as human beings, more than just politicians, more than just a political identity.

"In conclusion, I want to thank you on behalf of my colleagues, I want to thank you on behalf of their wives, and I want to thank you on behalf of all the legislators in the Province of British Columbia. More than anything else, I want to express my appreciation for your concern, for your awareness of our problems in British Columbia. I want to express my appreciation on behalf of all our citizens in that wonderful province. We are your neighbors. Sometimes it is necessary for the best friends you have to be the ones to tell you whether or not you've got bad breath. We expect you to tell us when you think we haven't been brushing our teeth and we will be telling you the same. We have too many things in common to have just a superficial warm relationship. Our people come from a common heritage, and there is much to be done together. I look forward to that future cooperation.

"Thanks very much."

The President: "Thank you, very much, Premier Barrett. I really did not expect you to agree with my introduction, but I am sure that everyone else does agree, and that is what is truly important. We wish to express our appreciation and gratitude to you, and to your colleagues, for your friendly visit to Olympia. You have left us a great deal richer as to what is the proper procedure for the welfare and benefit of our people. We are indeed grateful to you. We all join in wishing you, Premier Barrett, and your colleagues, 'Godspeed'."

The President of the Senate directed the special committee to escort His Excellency, Premier David Barrett, from the House Chamber. The special committee thereupon escorted Premier Barrett from the House Chamber.

The President of the Senate directed the special committee to escort the visiting cabinet ministers from the House Chamber. The special committee thereupon escorted the visiting cabinet ministers from the House Chamber.

The President: "Mr. Speaker, members of the House: Thank you once again for your wonderful hospitality, and
thank you, Father Lemieux."

The President of the Senate turned the gavel over to the Speaker of the House.

RESOLUTION

HOUSE RESOLUTION NO. 73-8 by Representatives Morrison, Haussler, Planagan, Newhouse, Tilly, Ellis, Garrett, Curtis and Zimmerman

WHEREAS, Washington State ranks number one in the world in the production and quality of apples; and

WHEREAS, The efforts of five thousand apple growers add over one hundred million dollars annually to the economy of the State of Washington; and

WHEREAS, The apple industry is an excellent example of people working in limited partnership with their state government to the benefit of all as evidenced by the creation of the Washington State Apple Commission in 1937, statutes regulating quality and grade, and more recently the development of high standards for controlled atmosphere storage;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives extends congratulations to the Washington State Apple Commission as it begins its 35th year of operation; and

BE IT FURTHER RESOLVED, That this legislative body recognizes the apple industry for its great economic contribution to our state, and expresses our appreciation for the fame and fortune brought to Washington by an outstanding advertising and promotion program.

SPEAKER'S PRIVILEGE

The Speaker (Mr. O'Brien presiding) observed in the north gallery the members of the Washington State Apple Commission and asked them to stand and be recognized.

PERSONAL PRIVILEGE

Mr. Thompson: "I rise on a point of personal privilege, Mr. Speaker. I think the House will be pleased, and perhaps even relieved, to learn that not all legislators are receiving bad press these days. The newspaper that serves my district, and that of Representative Paris, the Longview Daily News, yesterday carried a picture of Representative Paris on the front page and reported an event that took place there, recognizing Representative Paris as Cowlitz County's first citizen, by the recognition accorded by the Cowlitz County Board of Realtors. In this very fine tribute to Representative Paris he is described as a man of God, and a man of Government, and explains that this honor was bestowed upon him because of his fine service to the community and to his church. I am making these remarks today, Mr. Speaker, to recognize the achievement of a fellow member and to offer my personal congratulations, Bill, as a colleague from his district and to state that I am certain his other colleagues here concur with this recognition, and do indeed consider him a very good citizen. Thank you." (Applause)

PERSONAL PRIVILEGE

Mr. Paris: "Thank you, Mr. Speaker, ladies and gentlemen of the House: This comes as another surprise as did that particular honor. And, to you Alan, I certainly appreciate your kind remarks and I am so grateful to know that there are so many wonderful people serving in the legislature today. Despite some of the things we read in the press, it has been my privilege to recognize and to state publicly the fine caliber of people that we do have working at this level. So I thank you for these comments and for this time this morning."

MOTION

On motion of Mr. Charette, the House adjourned until 9:30 a.m., Thursday, January 18, 1973.

LEONARD A. SAWYER, Speaker.

The House was called to order at 9:30 a.m. by the Speaker. The Clerk called the roll and all members were present except Representatives Bagnariol, Curtis, Pardini and Randall who were excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by Pastor Glen D. Cole of Evergreen Christian Center of Olympia.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

SENATE AMENDMENT TO HOUSE BILL

Mr. Speaker: The Senate has passed HOUSE BILL NO. 55 with the following amendment:

On page 3, section 1, line 14 strike the period and insert the following: " at which special election the proposition authorizing such excess levies shall be submitted in such form as to enable the voters favoring the proposition to vote 'yes' and those opposed thereto to vote 'no'."

and the same is herewith transmitted.

Bill Gleason, Assistant Secretary.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

MOTION

Mr. King moved that the House concur in the Senate amendment to House Bill No. 55.

Mr. King spoke in favor of the motion.

POINT OF INQUIRY

Mr. King yielded to question by Mr. Newhouse.

Mr. Newhouse: "Mr. King, does the amendment stating how the question must be submitted really answer any problem? In other words, is the amendment at all necessary in House Bill No. 55?"
Mr. King: "Evidently the Senate felt that it was. It is a restatement of what has been existing law and existing practice, and I think they wanted to continue that tradition."

The motion by Mr. King was carried.

**FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE**

The Speaker stated the question before the House to be the final passage of House Bill No. 55 as amended by the Senate.

FIFTEENTH DAY, JANUARY 22, 1973

FIFTEENTH DAY

NOON SESSION

The House was called to order at 12:00 noon by the Speaker. The Clerk called the roll and all members were present except Representative Bluechel who was excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend James S. Dolin of the Emmanuel Baptist Church of Olympia.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House Mr. John Anderson, State President of the Washington State Junior Chamber of Commerce, and requested that Representatives Parker, Beck, Curtis and Pardini conduct him to a place on the rostrum.

The Speaker: "We are very pleased to have John with us today. A little of John's background: He is presently the President of Washington State Jaycees; he is a partner in Touche, Ross and Company in Seattle; he is a graduate of Gonzaga University in Business Administration; he has served as President of Shoreline Jaycees and previously was National Chairman of United States Jaycees for Community Involvement. You can see that John has been involved in the Jaycees program. John, we would appreciate hearing a few words from you."

John Anderson: "Mr. Speaker, ladies and gentlemen of the House: I am here today representing 7,000 Jaycees and wives across 125 communities in this state. Quite frankly, we are here because our Jaycee Legislature met in this Chamber last November and developed a policy (our own external policy) towards government--a package of 25 bills that will be, or has been, presented to you, listed in the priorities, as we feel strongly about them.

"We come as citizens of the community, hopefully without partisanship, only to do good government. Today I would like to mention two of these items:

"The first: This year, like last year, we feel strongly that the state of Washington should change its present method of taxing the citizens and businesses, and that the tax structure should more fairly pass the burden on to all citizens on an equal basis. We hope that this
will prepare the community for a better business climate and a better place for the individual citizen to live. We recognize it is not possible, probably, to cut taxes and inevitably you will probably have to raise them, but we hope it will be fair.

"The second item is one that we as an organization have changed our own policies on, and that is the 18-year-olds. We believe that 18-year-olds in the state of Washington should be granted all rights of full citizenship and hope that something will happen on this policy during the current session.

"It is a pleasure to represent the Jaycees here today, and you will, in fact, be seeing quite a bit of us during the session. Thank you, Mr. Speaker."

The Speaker: "John, thank you very much."

MOTION

On motion of Mr. Nelson, the House advanced to the eighth order of business.

AMENDMENT TO HOUSE RULES

Having served notice on the previous working day that he would offer a proposed amendment to House Rule No. 65, Mr. Swayze moved adoption of the following amendment to House Rule No. 65:

In Rule 65 of the House Rules, strike all words beginning with "Upon" down to and including "only" and insert:

"((Upon a division and count of the House on the question; only)) Only members at their desk within the bar of the House shall be counted."

Mr. Swayze spoke in favor of the amendment.

Mr. Pardini demanded a Call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll and all members were present except Representative Bluechel. On motion of Mr. Charette, the absent member was excused and the House proceeded with business under the Call of the House.

The Speaker stated the question before the House to be the amendment to House Rule No. 65 by Representative Swayze. Mr. Charette spoke against adoption of the amendment.
Mr. Berentson moved adoption of the following amendment to the amendment by Mr. Swayze:

Amend the amendment to House Rule 65 as follows: Strike "at their desk"

Mr. Berentson spoke in favor of the amendment to the amendment, and Mr. Charette spoke against it.

The amendment by Mr. Berentson to the amendment by Mr. Swayze to House Rule No. 65 was not adopted.

The Speaker stated the question before the House to be the amendment to House Rule 65 by Representative Swayze.

Mr. Julin spoke in favor of the amendment, and Mr. O'Brien spoke against it.

Mr. Newhouse demanded an electric roll call, and the demand was sustained.

Mr. Kraabel: "Thank you, Mr. Speaker. Ladies and gentlemen of the House: Having been so eloquently introduced earlier (for I am your mystery electronic expert that was referred to) I would like to comment. I did look into what was being installed, and I would like to comment on what I did find.

"First of all, let me describe the equipment that is being installed in the Speaker's office. He has a board upon which there is a light that represents each one of the members here, and the ability to light that light, red or green, depending on how the individual legislator is voting. There is a four-digit display--two digits for the total of 'yes' votes and two digits for the total number of 'no' votes. There is one switch which would allow the Speaker to vote from his office, and there is one other switch which changes the control of his voting switch from the office to the podium, depending on where it is he chooses to vote.

"There are some 280 wires that are being run into the office to accomplish this purpose. You need two times 98--196 of these wires for the 'yes-no' capability for each one of us here, plus a return wire or two. You have 40 wires associated with the four digital read-outs for the total 'yes' and total 'no.' There are five wires required to give him the capability to vote from that position, and there are three wires required for switching back and forth the total control. This uses up all but approximately 31 of the wires which are being run into the office in there, which means that we have additional capability that is allowed for, but not presently being used in the wiring which is being installed.

"I might comment on what he does not have in there. One, he does not have, for instance, a control box which is on the Speaker's podium which allows him to open the machine for voting and close the machine. To put this capability in, however, takes six wires, and would take a man approximately one-half hour and that could be a use for six of the 31 wires in some of the openings that I see in taking a look at the arrangement.

"Another possibility, and I got this in talking to the man who is doing the work on the wiring, is the
possibility of blanking out the display which we see up in front of us here. He said, and I quote: 'I assume I will be wiring up this partial black-out capability.' This means we would not be able to see our names, or how we voted, or the total vote. This capability would exist on the podium of the Speaker, and it would exist in the Speaker's office.

"Another capability which he does not have in his office, is the ability of showing a bill number--there is no way of telling him what bill number is before the House. He can listen to the intercom system, and if he catches it on the intercom system, he would know what bill is before the House, but if he is working as industriously in there as we are led to believe he will be, under this arrangement he might miss the bill number and he would not know what the measure was before the House. So I am trying to lay before you some of the possibilities that do exist when we do install this electronic device in the Speaker's office, and some of the reasons that we, on the minority side, are a bit apprehensive and cautious and would very much like to go slow and not adopt this particular change. For these reasons, I would like to urge you to vote for the amendment before us."

Mr. Morrison spoke in favor of the amendment to House Rule No. 65.

POINT OF ORDER

Mr. O'Brien: "It appears to me, Mr. Speaker, that the statements being made are not germane in any way, shape or form to the amendment before you. The amendment speaks about members voting within the bar of the House, at their desks. It doesn't get involved with an individual member--no matter what his title might be, or the practice. It would appear to me that the statements in connection with this proposed amendment should adhere to the practicality and the overall meaning of this amendment, and that we shouldn't be going astray on extraneous remarks--no matter how meritorious they might be--about the legislative image and all that malarkey that he is injecting into it."

The Speaker: "Representative O'Brien, your point is probably well taken, but I know there is a great deal of frustration on the other side of the aisle, so I think we will allow him to continue."

Mr. Morrison concluded his remarks, and Mr. Pardini also spoke in favor of the amendment.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Mr. Swayze to House Rule No. 65, and the amendment was lost by the following vote: Yeas, 40; nays, 57; excused, 1.

Voting yea: Representatives Amen, Barden, Benitz, Berentson, Blair, Brown, Cunningham, Curtis, Eikenberry, Flanagan, Freeman, Garrett, Gilleland, Hansey, Hayner, Hendricks, Hoggins, Jueling, Julin, Kopet, Kraabel, Kuehnle, Leckenby, Matthews, Morrison, Nelson, Newhouse,
North (Lois), Pardini, Paris, Patterson, Polk, Pullen, Rabel, Schumaker, Smythe, Swayze, Tilly, Wilson, Zimmerman.

Excused: Representative Bluechel.

AMENDMENT TO HOUSE RULE

Having served notice on the previous working day that he would offer a proposed amendment to House Rule No. 81, Mr. Swayze moved adoption of the following amendment to House Rule No. 81:

Amend House Rule 81 by inserting a new paragraph at the end of the rule as follows:

"Notwithstanding the above, the agenda of the Rules Committee shall consist of all measures in its custody that have not been indefinitely postponed. Each member of the committee, in a turn to be determined by the alphabetical ordering of the names of the committee members from A through Z, may select a measure for placement on the calendar, subject to approval by a majority vote of the entire committee. The calendar may be closed by a majority vote of the committee or by the Chairman, and the member to next select a measure shall be the first to select at the next meeting."

Mr. Swayze spoke in favor of the amendment, and Mr. Charette spoke against it.

POINT OF ORDER

Mr. Pardini: "I believe Mr. Charette is straying far from the amendment, Mr. Speaker."

The Speaker: "I think that today, at least, we will apply the rules on both sides of the aisle. I hope in the future we will stay a little closer to the real subject matter. Continue, Representative Charette."

Mr. Charette concluded his remarks in opposition to the amendment.

Mr. Pardini demanded an electric roll call, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment to House Rule No. 81 by Representative Swayze, and the amendment was lost by the following vote: Yeas, 40; nays, 57; excused, 1.

Voting yeas: Representatives Amen, Barden, Benitz, Berentson, Blair, Brown, Cunningham, Curtis, Elkenberry,
AMENDMENT TO HOUSE RULE

Pursuant to notice given on the previous working day by Representative Swayze, that an amendment would be offered to House Rule No. 81, Mr. Julin moved adoption of the following amendment to House Rule No. 81:

Insert at the end of Rule 81 new paragraphs as follows:

"Each standing committee shall maintain minutes of each meeting, which record shall be available to any member of the House at all times during the legislative session and until committee records are transmitted or disposed of in the manner provided by law.

Any matter voted upon by a standing committee, shall, when demanded by one-sixth of the committee members, be recorded in the minutes of the committee to reflect the vote of each committee member present at the committee meeting."

Representatives Julin, Newhouse and Morrison spoke in favor of the amendment, and Representatives Charette and O'Brien spoke against it.

Mr. Pardini demanded an electric roll call, and the demand was sustained.

Mr. Kraabel spoke in favor of the amendment, and Mr. Douthwaite spoke against it.

POINT OF INQUIRY

Mr. Douthwaite yielded to question by Mr. Curtis.

Mr. Curtis: "Representative Douthwaite, I am confused with your remarks. Are you saying, in essence then, that a committee chairman is so busy that he misses other committee meetings and then will use your defeat of this particular proposal to hide behind, and go home and tell his constituents, 'Yes, I was really there--there is no way to prove I wasn't.' Is that what you are saying to us?"

Mr. Douthwaite: "No, let me try to say it again, Mr. Curtis, so that you will understand. What I said was:
A committee chairman is necessarily going to have to miss a good number of votes. We all know that is true. Therefore, you go home and you start campaigning, and they say: 'Where were you? Look, you missed 27 votes in that committee, and you are a member of that committee.' And you say, 'Yes, but I have a valid excuse. I was Chairman of Ways and Means, or some big committee.' (There are some that are very demanding in their time.) The people in the audience are going to say, 'You mean you had a valid excuse?' But they aren't going to settle for that, and we know they are not going to take a valid excuse, because they don't understand that much about it, and it is a lame sort of position. Therefore, I put it to you again that the committee chairman on a different committee is going to be at a great disadvantage. In other words, this is an unfair proposal."

Mr. Curtis spoke in favor of the amendment by Mr. Julin to House Rule No. 81.

Mr. Luders demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment to House Rule No. 81 by Representative Julin, and the amendment was lost by the following vote: Yeas, 38; nays, 59; excused, 1.

Excused: Representative Bluechel.

MOTIONS

On motion of Mr. Newhouse, the House dispensed with further business under the Call of the House.

On motion of Mr. Charette, the House adjourned until 9:30 a.m., Tuesday, January 23, 1973.

LEONARD A. SAWYER, Speaker.

DEAN R. FOSTER, Chief Clerk.
The House was called to order at 9:30 a.m. by the Speaker. The Clerk called the roll and all members were present except Representatives Bluechel, Eikenberry and Kopet who were excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by Father Jack Gretz of St. James Parish of Kent.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House Miss Twyla Boast, Washington State Dairy Princess, and requested that Representatives McCormick, Van Dyk, Newhouse and Morrison conduct her to a place on the rostrum.

The Speaker: "I would like to introduce Miss Twyla Boast. She is 20 years old, the daughter of Mr. and Mrs. Don Boast from Mabton, Washington. Her district is represented in the Legislature by Representatives Newhouse and Morrison, and they must be extremely proud today. She is presently a sophomore at Whitworth College, majoring in physical education."

Miss Boast: "It is really a privilege to be here. I visited here four years ago, when I was a junior in high school, and I never dreamed I would be back again, especially up here talking to you.

"I am proud to represent Washington dairy families and our Washington dairy industry. No other product could I push so sincerely, because I really like milk and I believe it has something for everybody. The dairy industry has nearly a quarter of a billion dollars worth of retail sales each year, and it is an industry which is able to provide all of our people with the most perfect, natural food known to man at the bargain price of 18 cents of our food dollar. While most of you legislators are certainly bright-eyed and alert this morning, I suspect there might be a few in the room who wish they had milk last night instead of the distillants of some of our competitors.

"I am sure you will use your best judgment in trying to reconcile the problems in finding revenue to support all the programs we expect from the government. Yet those in
the dairy industry and farmers everywhere are being hard-pressed to continue farming in the counties where taxes and zoning laws have made it exceedingly difficult for the family farm to survive.

"We wish you the best of luck as you face these problems. I want the best for the dairy industry and farmers because I feel it is an industry we cannot do without.

"Since this is Dairy Day, I would like to invite you for sundaes which we will be serving outside in the rotunda at about 11 o'clock. Come by, please."

The Speaker: "Twyla is the best argument I have seen or heard for a switch to milk."

Mr. Pardini spoke on the bill.

MOTION

On motion of Mr. Charette, the House deferred further consideration of House Bill No. 127, and the bill was ordered held for tomorrow's third reading calendar.

POINT OF ORDER

Mr. Savage: "I didn't want to embarrass any members that were making the wrong kind of motion, but I think in the last session, or the last sessions, at the end of the session we began not making the full motions--like on suspending the rules--and we got down to saying 'I move the amendment,' or 'I move this.' I wanted to point out that is not a proper motion. We should say 'I move the adoption of the amendment, or the adoption of the bill.' The reason I raise the point of order--there are a lot of freshmen, and they may be chairmen someday, and I don't think they should get the notion that it is proper to say 'I move something' because we are not moving anything except we are moving to adopt."

The Speaker: "Your point is well taken, Representative Savage."

AMENDMENT TO HOUSE RULE

Having served notice on the previous working day that he would offer a proposed amendment to the House Rules, Mr. Charette moved adoption of the following amendment to House Rule No. 81:

Amend Rule 81 of the House Rules by adding at the end of the rule a new paragraph to read as follows:

"When a bill has been presented to a standing committee by its chairman, if the motion to report out fails for want of a majority favoring, one-third of the members of such committee may demand that the vote be recorded and filed with the chief clerk of the house who shall preserve such record for a period of four years."

Mr. Pardini moved adoption of the following amendment to the amendment by Mr. Charette:

Strike all of the language and insert the following:

"Each standing committee shall maintain minutes of
each meeting, which record shall be available to any member of the house at all times during the legislative session and until committee records are transmitted or disposed of in the manner provided by law.

Any matter voted upon by a standing committee, shall, when demanded by one-third of the committee members, be recorded in the minutes of the committee to reflect the vote of each committee member present at the committee meeting."

POINT OF ORDER

Mr. Charette: "Mr. Speaker, my point of order is that there is another amendment on the desk which would correct the language, and I believe under the rules of the House, that amendment as presented by Mr. Julin should be presented to the body first so that if it is adopted, the language would be corrected, or the original matter as presented would be corrected, and then, in effect, the amendment to strike would be after Representative Julin's amendment."

RULING BY THE SPEAKER

The Speaker: "The Speaker rules that Mr. Charette's point of order is well taken, since there is an amendment on the desk, attempting to perfect the amendment by Mr. Charette to the rules."

Mr. Brown moved adoption of the following amendment by Representatives Brown and Hoggins to the amendment by Mr. Charette:

Strike all of the language down to and including "and" at the end of line 3 and insert the following:

"Any matter voted upon by a standing committee, shall, when demanded by one-third of the committee members, be recorded in the minutes of the committee to reflect the vote of each committee member present at the committee meeting and the minutes shall be"

POINT OF ORDER

Mr. Julin: "Point of order, Mr. Speaker. I think if you will read my amendment, I propose striking and inserting right after the first word of Representative Charette's amendment, and I believe my amendment is first properly considered."

RULING BY THE SPEAKER

The Speaker: "Representative Julin, your point of order is not well taken. The Speaker rules that in substance, since you have left only one word, you are striking the entire subject matter, and it will be so considered."

Mr. Julin: "Mr. Speaker, will my amendment be considered at all, or is it being ruled out of order totally?"
The Speaker: "We haven't come to that point of order at the present time, Representative Julin."

Representatives Brown and Hoggins spoke in favor of their amendment to the amendment by Mr. Charette to House Rule No. 81, and Representatives Charette and Luders spoke against it.

Mr. Pardini demanded an electric roll call and the demand was sustained.

Representatives Julin and Morrison spoke in favor of the amendment to the amendment, and Representatives Moon and O'Brien spoke against it.

POINT OF INQUIRY

Mr. Morrison yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "Mr. Morrison, I note that you arrived in this body in 1967, and you have been in power ever since you were here with the exception of this year. My question is, why, in these six years since you were part of the party in power, did you not adopt the rule which you are trying to adopt today?"

Mr. Morrison: "It is a pleasure to answer that question, Mr. Douthwaite. I was pleased, as a freshman when I first entered this body, that this exact same rule was adopted at our insistence, for the then completely closed Rules Committee. We proceeded then, the next session, as you will recall as you entered this body, to open up all the committees to the public. The logical next step (and that is why I say we should keep pace with the Senate) is to allow recorded votes upon request of a third of the committee of any committee on any question."

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representatives Brown and Hoggins to the amendment by Representative Charette, to House Rule No. 81, and the amendment was lost by the following vote: Yeas, 38; nays, 58; not voting 2.

Voting nays: Representatives Adams, Anderson, Bagnirol, Bauer, Bausch, Beck, Bender, Bluechel, Ceccarelli, Charette, Chatalas, Clemente, Conner, Douthwaite, Ehlers, Ellis, Eng, Erickson, Fortson, Gaines, Gallagher, Gaspard, Goltz, Hansen, Haussler, Hurley, Jastad, Johnson, Kalich Kelley, Kilbury, King, Knowles, Laughlin, Luders, Lysen, Martinis, Maxie, May, McCormick, Moon, North (Frances), O'Brien, Parker, Perry, Randall, Savage, Shinpoch, Smith, Sommers, Thompson, Valle, Van Dyk,
Warnke, Williams, Wojahn, Zimmerman, Mr. Speaker.

Not voting: Representatives Charnley, Kopet.

Mr. Pardini moved adoption of the following amendment to the amendment by Mr. Charette to House Rule No. 81:

Strike all of the language and insert the following:
"Each standing committee shall maintain minutes of each meeting, which record shall be available to any member of the House at all times during the legislative session and until committee records are transmitted or disposed of in the manner provided by law. Any matter voted upon by a standing committee shall, when demanded by one-third of the committee members, be recorded in the minutes of the committee to reflect the vote of each committee member present at the committee meeting."

Mr. Pardini spoke in favor of the amendment to the amendment, and Mr. Charette spoke against it.

Mr. Pardini demanded an electric roll call, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the amendment by Mr. Pardini to the amendment by Mr. Charette to House Rule No. 81, and the amendment was lost by the following vote: Yeas, 40; nays, 56; not voting, 2.

Not voting: Representatives Charnley, Kopet.

The Clerk read the following amendment by Mr. Julin: After "When" strike the remaining language and insert: "any matter is presented to a committee for a vote there shall be recorded in the permanent records of the committee the vote of each member present at the meeting when such record is demanded by one-sixth of the committee members."

With the consent of the House, Mr. Julin withdrew his amendment.
The Speaker stated the question before the House to be the amendment by Mr. Charette to House Rule No. 81.

**POINT OF INQUIRY**

Mr. Charette yielded to question by Mr. Newhouse.

Mr. Newhouse: "Mr. Charette, in the wording of your amendment, which says, in effect, if the motion to report out fails—then the demand may be made. I ask if this is not inconsistent, in your view, with the practice in the Rules Committee, and on the floor of this House, that the demand must be made here before the vote is taken. We have followed the same procedure in the Rules Committee, that the demand for the recorded vote is not made after the vote is taken and you find out what the results are. Shouldn't the practice in all committees be consistent with the practice in this House—that such a demand be made before a vote is taken?"

Mr. Charette: "Mr. Newhouse, in response to your question, I would assume that the practice of the House that is not contrary to any rule and goes unchallenged can be carried out. But this is to be a written rule, and it states very specifically that if the bill fails on final passage in committee, and by a demand of a certain number (one-third or one-sixth, whatever the number is) it will then be a recorded vote. Now this is not to be a traditional practice. It is a written rule, and that will be followed by our committee chairmen."

Mr. Newhouse: "Mr. Charette, I am referring to the rule which provides for a demand for a recorded vote in the House—the demand for an electric roll call, or the demand for an oral roll call vote—when the demand must be made for the recorded vote before the result is known by a previous vote on the same topic."

Mr. Charette: "Yes, Representative Newhouse. In responding to your question, I thought that I had explained it very thoroughly, that it was our intention, with this rule amendment that will be adopted, to plug the one place in the procedure of the House of Representatives where you can't have a recorded vote. We feel that with the adoption of this amendment, at each place in the process of a bill, by introduction through the committee and to final passage or failure in the House of Representatives, there will be an opportunity for anybody that desires (with enough people agreeing) to get a recorded vote. We feel quite strongly, Mr. Newhouse, that this then exposes the procedure of the legislature to the public, so that they will have the opportunity to know what we are doing at all times. We feel quite strongly, Mr. Newhouse, in response to your question, that this is a responsible measure, and a measure that will certainly make all of the members of this House responsible again to the general public."

Mr. Swayze spoke against adoption of the amendment by Mr. Charette to House Rule No. 81, and Representatives O'Brien and Charette spoke in favor of the amendment.
Mr. Pardini demanded an electric roll call, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Mr. Charette to House Rule No. 81, and the amendment was adopted by the following vote: Yeas, 64; nays, 31; not voting, 3.

Not voting: Representatives Kelley, Kopet, Rabel.

EXPLANATION OF VOTE AGAINST AMENDMENT TO HOUSE RULE NO. 81, BY REPRESENTATIVE CHARETTE

We trust that citizens of this state will recognize this amendment to Rule 81 for what it is—an absolute sham—not a step forward in an effort to open government to the people, but a long step backwards under the guise of progress.

This House has just adopted a rule which will give the public a set of numbers—a set of numbers only if a bill is not reported from committee—and only if one-third of the committee members demand those numbers.

This is a number preservation and storage amendment, not a rule that tells us or the public one meaningful thing about what really happened in that committee meeting or who voted which way.

Isn't that what the public is demanding? Don't the people want to know what really happened—who killed the bill—where the responsibility really rests? It is then and only then that the public really can judge the performance of the legislative body and its member legislators.

Those numbers you provide for in this rule have names—names which the public wants and deserves to know. The committee decisions result from discussion and input or absence thereof. What input was given and who provided it are questions the people want answered. They deserve a responsible maintenance of records.

The people want names, not numbers. The numbers provide not one iota of fact on which the public can determine whether we actually served their best interest or
Two days ago, the minority presented an amendment, adding a rule. You will recall that it would have required that minutes be maintained of each standing committee meeting and that any matter voted on by a standing committee would, when demanded by one-sixth of the committee members, be recorded in those minutes to reflect the vote of each committee member present.

We implored the majority at that time to come along with us to show a critical public that we truly do want to respond, not only to their concerns, but to their demands to be responsible to them. You, the majority, said no.

At that time, Representative Charette indicated that he, too, would like to see minutes kept and was circulating a form to the committee chairmen for their input on this matter about which he said he was concerned. He promised us a meaningful rule change.

If this rule is the promised result, I believe firmly that we can assume either no input was received or the proponent of this rule change chose to ignore it. I just cannot conceive of a majority full of responsible committee chairmen unwilling to provide for at least some maintenance of records of committee activities and decisions and some provision for disclosure of the names behind the numbers reflecting those decisions.

Ladies and gentlemen, we believe we have just witnessed another effort to keep the wool sufficiently placed over the public's eyes, and we deplore your willingness to maintain the wool while refusing to maintain the records. That is why we voted a resounding no.

EXPLANATION OF VOTE

My vote against Representative Charette's amendment to Rule 81 was based on what seems obvious: That members who had voted Do Not Pass would not necessarily identify themselves if a recorded vote were requested. The amendment therefore appears to be ineffective in achieving its intended purpose.

BILL LECKENBY, 34th District.

NOTICE OF AMENDMENT TO HOUSE RULES

Mrs. Hurley served notice that she would offer a proposed amendment to House Rule No. 13 on the next working day.

MOTION

On motion of Mr. Charette, the House adjourned until 9:30 a.m., Thursday, January 25, 1973.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend James S. Dolin of the Emmanuel Baptist Church of Olympia. Reverend Dolin requested that the House of Representatives observe a moment of silence in memory of President Lyndon Baines Johnson.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

6. Other persons, upon presentation of cards of admittance issued by the speaker, the chief clerk, or members of the house, and subject to revocation, may be admitted except for one-half hour prior to the convening of each day's session and for one-half hour immediately following adjournment each day the house is in session.

(B) No lobbyist, Washington state employee or public official shall be admitted to the house chamber either when the house is convened into its daily session or one-half hour immediately prior to and following the convening of its daily session, except with the consent of the speaker.

(C) Lobbying in the house chamber or in any committee room or lounge room is prohibited at all times unless expressly permitted by the house or committee. Anyone violating this rule will forfeit his or her right to be admitted to the house chamber or any of its committee rooms."

The Speaker (Mr. O'Brien presiding) declared the House to be at ease.

The Speaker (Mr. O'Brien presiding) called the House to order.

Mrs. Hurley spoke in favor of adoption of the amendment to the House Rules.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Curtis.

Mr. Curtis: "Representative Charette, I share some of Mrs. Hurley's concerns and agree with her as to a more orderly decorum in terms of my particular pet peeve--a lot of state employees of the various state agencies running through the place like they owned it sometimes--which indeed perhaps they share with us. And yet my reason in asking for my original amendment, which I have now withdrawn (which would have added 'or any member' after 'except with the consent of the speaker') was simply that it would seem to me this rule could possibly prevent us from the privilege that has hitherto been granted us, in that we are privileged to ask someone to come temporarily into the wings with us when we have a question for a lobbyist, state employee, constituent, etc. After the conversation you and I had, you pointed out very validly the problem in my amendment in that it could indeed lead to some sort of chaos if that amendment were to stick, and I
did withdraw it. I think, however, with the assurance of you or someone that could speak for that side of the aisle, that the same courtesies might be extended, assuming we don't abuse them, that I, for one, would have no problem at all supporting this particular rule change."

Mr. Charette: "Mr. Curtis, in response to your question, I have been authorized to speak for the Speaker in this matter, and it is his intention to operate under this rule as they have in the past, making sure that there is no undue noise or undue influence in the wings on either side, giving the courtesy to both the minority and the majority to have advisors in. I think that this rule merely reiterates what is already found in Rule 3 of the House Rules."

The amendment by Mrs. Hurley to House Rule No. 13 was adopted.

MOTION

Mr. Charette moved that the rules be suspended, and that House Floor Resolution No. 11 be placed on today's calendar and considered immediately.

The Speaker (Mr. O'Brien presiding) called the House to order.

SECOND READING OF BILLS

HOUSE BILL NO. 41, by Representative Hayner:

Providing notice requirements for voting shares of missing shareholders.

POINT OF ORDER

Mr. Amen: "Mr. Speaker, Rule No. 26 says, 'No bills shall be considered on second reading unless a calendar of bills for second reading and copies of any amendment made by a committee have been distributed to each member no later than 8:00 p.m. on the second day preceding such consideration...' I checked on my desk here, and also in my office, at 8:30 this morning and had no calendar. I think we should have a little time on these. What is the policy here?"

The Speaker (Mr. O'Brien presiding): "The point of order was raised on whether or not the calendar of second reading of bills was distributed to the members by 8:00 p.m. on the second day preceding consideration. In connection with your point of order, Mr. Amen, if you read the rule further, it says, '...unless otherwise provided by the Rules Committee...'. The Rules Committee is the administrative arm of the House pertaining to the calendar of the day, and the procedure and the precedent has been established in the past, and so this calendar was prepared and distributed to you for ample consideration."

Mr. Amen: "What is the policy then? Are there any modifications here as far as the Rules Committee is concerned on this? I think that we certainly should have some prior notice of what bills we are going to be considering so that if we have any amendments that we want to propose that we can study these."

The Speaker (Mr. O'Brien presiding): "The custom in the past has been to immediately forward a flash calendar of the bills approved by the Rules Committee, immediately after adjournment of the Rules Committee meeting. I understand a flash calendar was prepared. Now whether the flash calendar was fully distributed, we haven't been able
to check. Some members received the flash calendar yesterday afternoon and some didn't. This is also a practice that has been followed in the past."

Mr. Amen: "Mr. Speaker, I checked on my desk here this morning between 8:15 and 8:30, and I checked on some others, and these were not on the desk this morning. I am not trying to hold up progress of this, but I would hope that in the future we could have a little previous notice of these and study them."

The Speaker (Mr. O'Brien presiding): "We will take steps immediately to follow through on this procedure and see that you do receive ample notice of bills approved by the Rules Committee."

House Bill No. 41 was read the second time.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and House Bill No. 41 was placed on final passage.

Mrs. Hayner spoke in favor of the bill.

Committee on Labor recommendation: Majority, do pass with the following amendment:

In section 1, line 10, after "shall" strike all material down to and including the period on line 16 and insert the following:

"((be guilty of perjury in the second degree and shall be punished as provided in Rev. Stat. 6393.039)), after a finding to that effect in a hearing held by the director of the department of labor and industries, be subject to a
civil penalty of five hundred dollars, and shall not be permitted to bid on any contract covered by the provisions of this chapter until such penalty has been paid in full to the director.

To the extent that a contractor or subcontractor has not paid wages at the rate required by this chapter, and a finding to that effect has been made as provided by this section, such unpaid wages shall constitute a lien of the first priority against such contractor's or subcontractor's bond according to the provisions of RCW 18.27.040."

On page 2, section 2, beginning on line 3, strike all of line 3 and insert "(2) Section 101, chapter 176, Laws of 1969 1st ex. sess and RCW"

The bill was read the second time.

On motion of Mr. Bauer, the committee amendments were adopted.

House Bill No. 117 was ordered engrossed.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 117 was placed on final passage.

Mr. Bauer spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Bauer yielded to question by Mr. Amen.

Mr. Amen: "I would like just a little more explanation. I'm not clear on it yet, Representative Bauer, what this does. Does this change the way we are going to handle it, or not?"

Mr. Bauer: "No. No way does it change the statutory provisions. In implementing the statutory provisions after 1971, the previous language in the RCW was not removed, and this is just a code revision to remove that previous language. It does not change the current law in any way."

POINT OF INQUIRY

Mr. Bauer yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "I would just like a simple answer. Is Veteran's Day still a mandatory holiday in the school system?"

Mr. Bauer: "Yes."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 117, and the bill passed the House by the following vote: Yeas, 94; nays, 2; not voting, 2.

STATEMENT FOR THE JOURNAL

I vote "no" on House Bill No. 117 because I do not wish to ratify the idea of moving holidays, and adding to weekend traffic and traffic deaths. While the bill is innocuous, I would prefer to see a change to the previously established holiday dates.

Mr. Flanagan spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 119, and the bill passed the House by the following vote: Yeas, 94; nays, 0; not voting, 4.

HOUSE BILL NO. 130, by Representatives Kalich and Smythe:

Allowing revision of county budgets upon receipt of unanticipated funds.

Committee on Local Government recommendation: Majority, do pass with the following amendment:

On page 1, lines 11 and 12, after "fiscal year; and" strike "the county commissioners and" and insert "((the county commissioners and))" and after "every" strike "other" and insert "((other))"

The bill was read the second time.

On motion of Mr. Haussler, the committee amendment was adopted.

Mr. Flanagan moved adoption of the following amendment:

On line 18, section 1, after "made" and before the period insert ":PROVIDED FURTHER. That the board shall publish notice of the time and date of the meeting at which the appropriation resolution will be adopted, once each week for two consecutive weeks prior to such meeting, in the official newspaper of the county or if there is none in a legal newspaper in the county"

Mr. Charnley moved adoption of the following amendment by Representatives Douthwaite and Charnley to the amendment by Mr. Flanagan:

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the amendment by Mr. Flanagan as amended by Representatives Douthwaite and Charnley.

Mr. Flanagan spoke in favor of the amended amendment, and Mr. Haussler spoke against it.

POINT OF INQUIRY

Mr. Charnley yielded to question by Mr. Pardini.

Mr. Pardini: "Mr. Charnley, for purposes of
clarification, where you have just amended the subject before us dealing with the appropriation, I want to establish legislative intent. Is it your intent that the total amount of the appropriation be included in this publication rather than the necessity of publishing an entire supplemental budget?"

Mr. Charnley: "Thank you, Mr. Pardini, it is my intent that is the total dollar amount."

POINT OF INQUIRY

Mr. Haussler yielded to question by Mr. Julin.

Mr. Julin: "Representative Haussler, the bill has the words 'unanticipated federal or state funds.' You have just indicated in your remarks that it is a matter of practice by the county commissioners in the budget-making process to include in that proposed budget, so-called unanticipated funds. Is it then the intent of this measure that only those funds that are listed, by the county commissioners at the time they make up the budget and designated as unanticipated funds, may be dealt with as provided in this bill?"

Mr. Haussler: "The way the amendment is written now, they would have to know the amount, and this, of course, they wouldn't know. So I think this would apply after the budgets were adopted, really."

Mr. Julin spoke in favor of the amended amendment.

The amendment by Mr. Flanagan, as amended by Representatives Douthwaite and Charnley, was adopted.

House Bill No. 130 was ordered engrossed.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 130 was placed on final passage.

Mr. Kalich spoke in favor of the bill.

Engrossed House Bill No. 18, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

House Bill No. 139 was ordered engrossed and passed to Committee on Rules for third reading.

RESOLUTION

WHEREAS, Burdensome property taxation was one of the major issues influencing the outcome of the 1972 General Election; and

WHEREAS, Provisions for property tax reduction were not included in the budget outlined by the Governor in the early days of this session; and

WHEREAS, The property tax pressures have become so great as to threaten the well-being of all citizens and, in
particular, senior citizens and poor people in our state; and

WHEREAS, Substantial levy failures will endanger the quality of education in Washington; and

WHEREAS, Court decisions in several jurisdictions of this country have declared the property tax system as it related to the general support of education to be unconstitutional; and

WHEREAS, Because of the above, property tax reduction should be the first priority of this legislative session;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the Revenue and Appropriations Subcommittees of the House Ways and Means Committee are hereby directed that property tax reduction shall be the first priority to be considered for those committees.

BE IT FURTHER RESOLVED, That copies of this Resolution be transmitted to the Chairman of the House Ways and Means Committee and to the Chairmen of the Revenue and Appropriations Subcommittees thereof.

Mr. Hoggins moved adoption of the resolution.

On motion of Mr. Moon, the following amendment to the resolution was adopted:
On line 19 after "reduction" and before "shall" insert "and the development of a more equitable tax system for the State of Washington"

The Speaker stated the question before the House to be House Resolution No. 73-13 as amended by Mr. Moon.

Representatives Hoggins, Bagnariol and Charette spoke in favor of the resolution.

Mr. Conner demanded an electric roll call, and the demand was sustained.

Mrs. Hurley spoke on the resolution.

POINT OF INQUIRY

Mr. Moon yielded to question by Mr. Goltz.

Mr. Goltz: "Is it the intent of your amendment, which we passed, to have a comprehensive tax reform consideration as a high priority matter of business for this legislature?"

Mr. Moon: "Yes, that would be my answer. I would say that now the request, as the floor resolution reads, would be: 'NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the Revenue and Appropriations Subcommittees of the House Ways and Means Committee are hereby directed that property tax reduction and the development of a more equitable tax system for the state of Washington shall be the first priority to be considered for those committees.' I would say that what this resolution does is that it is a directive by this body that this be the first consideration of these committees."
Mr. Pardini spoke in favor of the resolution.

POINT OF INQUIRY

Mr. Hoggins yielded to question by Mr. Gaspard.

Mr. Gaspard: "Including this as the first priority of the Subcommittees on Revenue and Appropriations—would this prevent the Appropriations Committee from considering and having hearings on the budget?"

Mr. Hoggins: "In my opinion, if I were Chairman, no, it would not prevent the committee from holding hearings, but it would establish priorities of both the Appropriations and Revenue Subcommittees so that one of the two committees ought to take the leadership in getting this job done."

Mr. Gaspard: "My understanding is it would include both subcommittees, and it precludes the Appropriations Committee from taking consideration of the budget until the first priority has been met, and that first priority would be consideration of tax reform."

Mr. Hoggins: "Well, I think part of the motives are being misunderstood. I think we are really serious about this, and I would like to second the remarks of Mr. Pardini, regarding bills that have been introduced providing for exemptions. I think we are asking that serious consideration be given this and not put off. I agree with Mr. Charette that there are a lot of us interested, and let's put our money where our mouths are. If we are interested in tax reform and doing something about property taxes, let's get on with the business. You notice it has bipartisan support. It has not taken a stab at anybody. It is a collective idea. And, just in case you are interested, I have a bill relating to property tax exemptions. It relates to the business and occupation tax, and I am looking for signers. I don't expect any of the farmers to sign. It deals with RCW 82.04.330, and is a revenue measure."

Representatives Curtis, Brown and Randall spoke in favor of the resolution, and Mr. Bagnariol spoke again in favor of it.

ROLL CALL

The Clerk called the roll on the adoption of House Resolution No. 73-13, as amended by Mr. Moon, and the resolution was adopted by the following vote: Yeas, 94; nays, 2; not voting, 2.

STATEMENT FOR THE JOURNAL

Because of a conference call to the Goldendale Chamber of Commerce today at 12:30 - 1:00 p.m., I was in the Senate Conference room with Representative Hal Zimmerman and Senator Al Henry, and was unable to vote on the floor resolution by Representative Dale Hoggins and other representatives.

I favored the resolution and would like to record my support of it.

EUGENE L. LAUGHLIN, 17th District.

SIGNED BY THE SPEAKER

The Speaker announced that he was about to sign:

HOUSE CONCURRENT RESOLUTION NO. 14.

APPOINTMENT OF COMMITTEE

Under the provisions of House Concurrent Resolution No. 14, the Speaker appointed Representatives Hurley, Jastad and Paris to serve as the House members of the committee to arrange the memorial services.

MOTION

On motion of Mr. Charette, the House adjourned until 9:30 a.m., Tuesday, January 30, 1973.

LEONARD A. SAWYER, Speaker.

DEAN R. FOSTER, Chief Clerk.

The House was called to order at 9:30 a.m. by the Speaker. The Clerk called the roll and all members were present except Representative Douthwaite who was excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend David Braun of the United Methodist Church of Parkland.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House Mr. Arnie Weinmeister and requested that Representatives Savage and Chatalas conduct him to a place on the rostrum.

The Speaker: "Arnie Weinmeister is the 15th Vice President of the General Executive Board of the International Brotherhood of Teamsters. His territory includes Washington, Northern Idaho, Oregon and Alaska. Arnie is the first Pacific Northwest appointment to the Board since 1958. Arnie is 49 years old, the father of four children. He was born in Western Canada and raised in Portland. He played football for the University of Washington Huskies and pro football. After injuries forced curtailment of his football career, Arnie represented Teamsters in the 11 western states. In 1961 he returned to Seattle as Business Agent for Local 117. He was elected Secretary-Treasurer in 1962 and has held that position, as well as that of President of Joint Council No. 28, since 1969. He is also a member of the Western Conference Policy Committee, winning election to that position in 1966. Arnie, we would like to have you say a few words to the House of Representatives."

Mr. Weinmeister: "Thank you, Mr. Speaker. Honorable members of the House: It is a real honor to have the privilege of appearing here today. It is nice to be recognized by your organization, whose headquarters is back east. But it is certainly a more singular honor to be recognized by the people back home. I certainly, at this time, want to take this opportunity to thank you all for the resolution that you passed on my behalf, and I am sure that our General President, Frank E. Fitzsimmons, is very
pleased with it, and I certainly know I am.

"I think the position to which I have been appointed in our organization, while it is a singular honor for me, is particularly fine for our area. It is going to enable me to bring a lot of things to our state that we are all interested in--in getting some of our meetings, our conventions and travel in this area. It also enables me to be more active in many of the roles upon which we are called in today's society, to get involved more and more in the politics that represent the community and community's interests--so I will have a much better voice in that area as well. I really again sincerely want to thank each and every one of you because it is a real honor and privilege for me to be asked to appear here today. Thank you."

The Speaker: "After looking at Arnie, I am glad he is on our side."

The first such all volunteer unit in the county, the 9th Infantry Division, has been activated at Fort Lewis, Washington. Formerly called 'The Old Reliables,' they were with Patton in North Africa and Sicily. They were the first unit to liberate Belgium and cross into Germany to stop a major enemy counter offensive. The 9th Infantry Division performed with the same mark of distinction in the Long-An
and Mekong Provinces in Vietnam, and the unit's men have been commended for their civic action programs while based in those provinces. They were deactivated in 1969.

"A new chapter is just beginning, for on May 26, 1972 the 'Old Reliables' were reactivated with a new mission—to form a complete infantry division from the ground up, composed entirely of volunteers. What's unique about the members of the 9th Infantry Division is that all the volunteers are from the Pacific Northwest. In other words, our friends and constituents are the 'New Reliables.' Men and women who have committed themselves to the beginning of this new era of a truly American volunteer army.

"For this reason I am seeking your support to show our respect and admiration for those men and women of the 9th Infantry Division by petitioning Congress and the President of the United States to designate the 9th Infantry Division as 'The Northwest's Own.'"

The Speaker called the House to order.

The Speaker stated the question before the House to be the amendment by Mr. Berentson to strike section 1 of House Bill No. 171.

Mr. Martinis spoke against adoption of the amendment.

POINT OF INQUIRY

Mr. Berentson yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative Berentson, you were closely connected with this program. I would like to ask you the amount of hole that will be created in the present budget recommendations when we remove this highway safety program financing from it."

Mr. Berentson: "The real hole in the highway safety fund, projected by the end of the biennium, amounts to about $870,000, and we arrived at that figure in the Governor's projected budget. Personalized license plates are projected to raise about $850,000. Now whether it will do that or not is questionable. Also the Senate has recently passed a bill for the reinstatement of the drivers' license fee of $10.00 and that is projected to raise $520,000. Again we go back to the original problem. Representative Martinis' bill has real merit, no question, but we are really looking at how many dollars are available to do the job here in state government, and as we look at this problem we have to then look at what we have done in the past. We have passed two bills that have taken money away from the highway safety fund, and substantially so. Remember we were looking at a surplus of about $1.3 million, and by letting district courts take money off the top, and also the $5.00 for the superintendent of public instruction, we have put the fund in such a position that it would be about $800,000 short. I think you are facing this--as much merit as this proposal might have--you are going to have to go back and pick up that deficit somewhere in the general fund procedure."

Mr. Flanagan spoke in favor of adoption of the amendment by Mr. Berentson.

MOTION

Mr. Beck moved that House Bill No. 171 be rereferred to the Committee on Transportation and Utilities.

Representative Beck spoke in favor of the motion, and Representatives Charette, Zimmerman and Luders spoke against it.

POINT OF INQUIRY

Mr. Berentson yielded to question by Mr. Ceccarelli.
Mr. Ceccarelli: "Representative Berentson, just to clear up for some of us this matter of funding, without your amendment this bill deals with only the fees collected for the personalized license plates--not the regular charge for the license. It is just the additional $30.00 fee that would go into the department of game. Is that correct?"

Mr. Berentson: "If I understand your question, the only thing we are concerned about here, as has been mentioned, is the projected revenue raised by the sale of the vanity plate. Maybe $850,000 is too high. Maybe it is only $400,000. It still brings us back to the same point that Representative Flanagan addressed himself to. We are looking at a hole in the budget, as far as funding the highway safety fund is concerned. I have mentioned the reasons behind that hole. And then, in answer to Representative Luders, we are looking at statutory funds that go to make up approximately $13 million that go into the fund per biennium, and they come from the apportioned $3.10 of the driver license fee, copies of records, fines and forfeitures. And that is, by statute, what goes into making up these revenues. Because we have taken off the top, there is a hole there. If we don't take care of it this way, we are going to have to take care of it some other way later on which means an increase in taxes."

Mr. Ceccarelli: "It is my understanding that all this act does is allow the $30.00 fee, that is charged for the personalized license plate, to go into the department of game. You still, on top of that, have to pay the regular license fee that you pay on your car, and that would still go to the department of motor vehicles."

Mr. Berentson: "Yes."

ANNOUNCEMENT BY THE SPEAKER

The Speaker: "I might draw to the attention of the House that under the new procedure that questions and answers will not go into the journal."

POINT OF INQUIRY

Mr. Beck yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "My question, Mr. Beck, is there any money in the highway safety fund to employ lifeguards in the summertime?"

Mr. Beck: "To employ what? To employ lifeguards? I don't know. This is one I'd like to vote 'maybe' on. I don't think there is. I would preface my remark by saying 'yes, there are lots of lifeguards on the highways, saving lives, out of that motor vehicle fund.'"

Mr. Douthwaite: "The reason I ask is that you mentioned we all have highways which we are proud of. I should also like to point out for you and some of the others, that some of us have highways in our areas which we really don't want. We have a big one which ends in the
arboretum, and it is used primarily as a diving board by several hundred children in summertime, and they really need a lifeguard. If I had any guarantee that some of this money would go to employ lifeguards, I would be happy to support your motion, but since you can't make such a guarantee, I can't support you."

The Speaker stated the question before the House to be the motion by Mr. Beck to rerefer House Bill No. 171 to the Committee on Transportation and Utilities.

The motion was lost.

The Speaker stated the question before the House to be the amendment by Mr. Berentson to strike section 1 of House Bill No. 171.

The amendment was lost on a rising vote.

With the consent of the House, Mr. Berentson withdrew his remaining amendments.

With the consent of the House, Mr. Julin moved adoption of the following four amendments, to be considered as one:

On page 4, section 11, line 28 after "state" and before "fund" strike "game" and insert "general"
On page 4, section 11, line 31 after "state" and before "fund" strike "game" and insert "general"
On page 5, section 11, line 2 after "state" and before "fund" strike "game" and insert "general"
Strike all of sections 1, 12, 14 and 15 and renumber the remaining sections consecutively

Representative Julin spoke in favor of adoption of the amendments, and Representatives Conner and Pullen spoke against the amendments.

The Speaker stated the question before the House to be the adoption of the amendments by Mr. Julin. A division was called for.

POINT OF ORDER

Mr. Eikenberry: "Mr. Speaker, I don't see a sufficient number of members sustaining the demand."

The Speaker: "Representative Eikenberry, the Speaker is not aware of a provision where there is any particular number required for a division. Perhaps you could enlighten me."

The amendments by Mr. Julin were lost on a rising vote.

Mr. Kuehnle moved adoption of the following amendment:
On page 3, section 7, line 30 after "thirty dollars." strike the balance of the section
Mr. Kuehnle spoke in favor of the amendment, and Mr. Martinis spoke against it.

POINT OF INQUIRY

Mr. Newhouse: "Would Representative Martinis yield to question?"

Representative Martinis declined to yield to question.

Mr. Berentson yielded to question by Mr. Newhouse.

Mr. Newhouse: "My question is serious. It came to my mind with Representative Kuehnle's amendment, how, if a licensed motorist wishes to renew his license plate, and goes into the county auditor's office or somewhere, and says 'I just want to renew,' and he doesn't want to pay the $20.00 how does the county auditor collect the $20.00 on the personalized license plate? Does he then give him a new license plate, or what happens?"

Mr. Berentson: "That's a good question. I think there could be an administrative nightmare here, in that if the person changes his mind the second year, and still insists on having a tab to put on that license plate, I question how you would recover the personalized license plate, and perhaps go beyond that and issue a new license plate. There could be a real problem here, once the initial plate has been issued, as far as any control over the renewal process."

Mr. Conner spoke against adoption of the amendment by Mr. Kuehnle.

The amendment by Mr. Kuehnle was not adopted.

Mr. Nelson moved adoption of the following amendment:

On page 1, strike all material after the enacting clause and insert the following:

"NEW SECTION. Section 1. There is added to chapter 46.16 RCW a new section to read as follows:

Personalized license plates, as used in this chapter, mean license plates that have displayed upon them the registration number assigned to the passenger motor vehicle for which such registration number was issued in a combination of letters or numbers, or both, requested by the owner of the vehicle.

NEW SECTION. Sec. 2. There is added to chapter 46.16 RCW a new section to read as follows:

registration is sought in lieu of the regular license plates.

NEW SECTION. Sec. 3. There is added to chapter 46.16 RCW a new section to read as follows:
The personalized license plates shall be the same design as regular passenger motor vehicle license plates, and shall consist of numbers or letters, or any combination thereof not exceeding six positions and not less than two positions: PROVIDED, That there are no conflicts with existing passenger, commercial, trailer, motorcycle, or special license plates series or with the provisions of RCW 46.16.230 or 46.16.235.

NEW SECTION. Sec. 4. There is added to chapter 46.16 RCW a new section to read as follows:

An applicant for issuance of personalized license plates or renewal of such plates in the subsequent year pursuant to this chapter shall file an application therefor in such form and by such date as the department may require, indicating thereon the combination of letters or numbers, or both, requested as a vehicle license plate number. There shall be no duplication or conflict with existing or projected vehicle license plate series or other numbering systems for records kept by the department, and the department may refuse to issue any combination of letters or numbers, or both, that may carry connotations offensive to good taste and decency or which would be misleading or a duplication of license plates provided for in chapter 46.16 RCW.

NEW SECTION. Sec. 6. There is added to chapter 46.16 RCW a new section to read as follows:
In addition to the regular registration fee, and any other fees and taxes required to be paid upon registration, the applicant shall be charged a fee of thirty-five dollars. In addition to the regular renewal fee, and in addition to any other fees and taxes required to be paid, the applicant for a renewal of such plates shall be charged an additional fee of twenty-five dollars.

NEW SECTION. Sec. 7. There is added to chapter 46.16 RCW a new section to read as follows:

Such transfer fees shall be deposited in the motor vehicle fund.

NEW SECTION. Sec. 8. There is added to chapter 46.16 RCW a new section to read as follows:

combination thereof, displayed on the personalized license plates.

**NEW SECTION.** Sec. 9. There is added to chapter 46.16 RCW a new section to read as follows:

At the time of application for or renewal of personalized license plates, the applicant shall indicate his preference for the distribution of revenues from his application or renewal. Five dollars shall be deposited in the motor vehicle fund to defray the costs of administering sections 1 through 10 of this 1973 act, and the remainder of the application or renewal fee shall be deposited in the general fund to the credit of one of the following commissions, councils, accounts, offices, or committees to carry out the purposes for which they were established:

1. The Washington state arts commission;
2. The state parks and recreation commission;
3. The Washington traffic safety commission;
4. The veteran's rehabilitation council account;
5. The governor's office for distribution to the Washington state community coordinated child care council;
6. The governor's office for distribution to the task force on aging; or
7. The state general fund.

The department shall list such commissions, councils, accounts, offices, and committees on the application form, and instruct the applicant to indicate his preference by placing an X in the space provided beside the name of each. If the applicant fails to designate a preference, his preference shall be deemed to be the state general fund.

In the event that any of the above commissions, councils, accounts, offices, or committees are abolished or become permanently inactive, moneys designated for them shall revert to the general fund.

**NEW SECTION.** Sec. 11. There is added to chapter 46.16 RCW a new section to read as follows:

All revenue derived from the fees provided for in section 6 of this 1973 act shall be forwarded to the state treasurer accompanied by a proper identifying detailed report and deposited by the treasurer in the general fund to the credit of the commission, council, account, office, or committee designated according to the provisions of section 10 of this 1973 act.

**NEW SECTION.** Sec. 12. Section 4, chapter 114, Laws of 1971 ex. sess. and RCW 46.16.355 are each hereby repealed.

In the title, on line 1 after "state government;" strike all material down to and including the period on line 7 and insert the following: "adding new sections to chapter 46.16 RCW; repealing section 4, chapter 114, Laws of 1971 ex. sess. and RCW 46.16.355."

Mr. Freeman moved adoption of the following amendment to the amendment by Mr. Nelson to House Bill No. 171:
On page 3, section 10, line 27 after "shall be" insert "remitted to the taxpayer of the applicant's designation or"

Mr. Freeman spoke in favor of the amendment to the amendment.
The amendment to the amendment was not adopted.
The Speaker stated the question before the House to be the amendment by Mr. Nelson.

Mr. Nelson spoke in favor of the amendment.

POINT OF ORDER

Mr. May: "The gentleman is wandering far afield. He is not talking on his amendment at all. He is talking about the solicitation of funds."

The Speaker: "I think, Representative May, if I understand the context of Representative Nelson's amendment, he is directing it towards the idea that each department then could go out and solicit those people that they think would direct the purchase of those licenses into this area. Is that true, Representative Nelson?"

Mr. Nelson: "In part, Mr. Speaker, that is true. Each of these particular commissions, boards and departments will do that."

The Speaker: "Representative Nelson, I think Representative May would like to have you direct your remarks, as closely as you can, to the contents of your amendment."

Mr. Nelson concluded his remarks in favor of the amendment.

POINT OF INQUIRY

Mr. Nelson yielded to question by Mr. Pullen.

Mr. Pullen: "Your proposed amendment designates seven possible recipients of the revenue that will be generated. Let us assume that we pass this bill, together with your proposed amendment. Have you considered the possibility that Governor Evans may item veto six of those recipients, leaving only the Washington Traffic Safety Commission?"

Mr. Nelson: "I have thought of that possibility, as I guess all of us have. As the old carnival man says, 'You pays your money, and you takes your chances.'"

POINT OF INQUIRY

Mr. Nelson yielded to question by Mr. Clemente.

Mr. Clemente: "Of the seven areas designated, I notice there is not any mention made of the game
department. Would this amendment then remove from the game department the revenue from these personalized plates?"

Mr. Nelson: "I would in fact yield to an amendment to the amendment to include the game department. I had not put it on in the beginning, and I think they are a deserving cause."

Representatives Clemente, Bausch and Charnley spoke against adoption of the amendment by Mr. Nelson to House Bill No. 171.

Mr. Nelson closed debate, speaking in favor of the amendment.

The amendment by Mr. Nelson was not adopted.

On motion of Mr. Martinis, the committee amendment to the title was adopted. House Bill No. 171 was ordered engrossed and passed to Committee on Rules for third reading.

MOTIONS

On motion of Mrs. Hurley, the House reverted to the fifth order of business.

On motion of Mrs. Hurley, HOUSE BILL NO. 87 was rereferred from the Committee on Rules to the Committee on Ways and Means -Revenue.

PARLIAMENTARY INQUIRY

Mr. Pardini: "I'm not sure this is a point of parliamentary inquiry, as such, but several members on our side would like you to expand on your announcement that questions and answers will not be inserted in the journal. Could you give us a little background on that?"

The Speaker: "My statement was probably a little premature, because it has not been before the Rules Committee. But there is nothing in the Rules that we know of at the present time, other than the past precedent, of putting in questions and answers. The leadership has discussed this matter. My action was premature, because we will be presenting it to the Rules Committee either today or at the next meeting. The matter came up as to why it had happened. Nobody knew of any answer as to where it was in the Rules requiring this, other than it had been done in the past in order to determine legislative intent. We felt that this is a matter that should be brought before the Rules Committee. At the present time, questions and answers are still going to be inserted, and I was premature in my announcement."

With the consent of the House, the House advanced to the eighth order of business.

Mr. Smith moved adoption of the following amendment:
On page 1, section 3, line 14 after the period strike "Eight" and insert "Five"

POINT OF INQUIRY

Mr. Smith: "Mr. Speaker, I am not certain that entire amendment was read. In addition to that, there is a change on page 1, section 3, line 16 to strike one member and insert three members, and on page 1, section 3, line 16, to strike 'two' and insert 'three.' It is a very simple amendment, and I don't think we need copies. It would change the representation of the advisory board."

The Speaker: "Representative Smith, we are handling these as separate amendments because they do go into separate matters. Therefore, you should speak to them individually, unless you wish them considered as one, in which case we would have to reread the amendment."

POINT OF ORDER

Mr. Curtis: "Are there copies of the amendment on the desk? I don't have one."

The Speaker: "No, there are not. That is why I asked the Clerk to reread the amendment, Representative Curtis."

Mr. Curtis: "I wonder if it would be possible to have copies provided, please."

The Speaker: "If you have your books, I think the amendment is relatively simple in content. It is the
changing of numbers. If the Clerk would reread, I think it is best, Representative Smith, if we handle each one separately so there is no confusion."

POINT OF INFORMATION

Mr. Charnley: "I would urge you to consider these together, because it is not changing the total size of the board, as I understand it. It is simply reassessing the numbers, so I think all three should be considered at once."

The Speaker stated that if there was no objection, the three amendments would be considered as one.

MOTION

On motion of Mr. Charette, the House deferred further consideration of House Bill No. 292 on second reading, and the bill was placed on Monday's second reading calendar.

Enhancing the propagation of wildlife.

The bill was read the third time and placed on final passage.

Representatives Martinis and Zimmerman spoke in favor of passage of the bill, and Representatives Swayze and Morrison spoke against it.

POINT OF INQUIRY

Mr. Kuehnle: "Will Representative Martinis yield to question, please?"

Mr. Martinis declined to yield to question.

Mr. Zimmerman yielded to question by Mr. Kuehnle.
Mr. Kuehnle: "This is not an effort to put anyone on the spot. I was asked a question last night and again this morning, and I don't have the answer. I was concerned about it yesterday, and tried to correct it via amendment. We have had existent in this state for two years, I believe, a vanity license plate act. Under that act, some 100 or 150 people—not too many—have applied for special plates with special combinations of letters and numbers. This was handled on the basis of a one-shot charge. I think it was $30.00 to get a special number if it had not been previously issued. My question now is, does the renewal provision contained in this bill affect those licenses which have previously been issued, or are those licenses which have previously been issued with special numbers considered vanity numbers in terms of this bill?"

Mr. Zimmerman: "I can't give you the answer to that, but I think Representative Berentson did have an answer to it yesterday, and my understanding was that it would apply. But I must say that I can't answer. I'm sorry."

Representatives Beck and Kilbury spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 171, and the bill passed the House by the following vote: Yeas, 78; nays, 15; not voting, 5.

Voting nay: Representatives Berentson, Bluechel, Brown, Curtis, Flanagan, Gilleland, Julin, Kuehnle, Matthews, Morrison, Newhouse, Patterson, Polk, Swayze, Tilly.

Not voting: Representatives Portson, Freeman, Hansen, Moon, Thompson.

Engrossed House Bill No. 171, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

My vote against House Bill No. 171 is in no way related to the merits of the program being financed by the proceeds from the sale of personalized license plates. The
nongame wildlife program is highly commendable, nor do I intend any criticism of the Game Department. My vote is solely an expression of opposition to the dangerous fiscal precedent set by earmarking state revenue for a purpose completely unrelated to the source of that revenue.

ARTHUR C. BROWN, 1st District.

HOUSE BILL NO. 183, by Representatives Kraabel, Eng, Brown and Bauer:

Authorizing school districts to pay travel expenses of certain prospective employees.

Voting nay: Representative Conner.

Not voting: Representatives Fortson, Freeman, Hansen, Thompson.

House Bill No. 183, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

POINT OF INQUIRY

Mr. O'Brien: "Is it true that today is Mr. Kraabel's birthday? The sponsor of that last bill?"

The Speaker: "Representative Kraabel, it has been brought to the Chair's attention that today is your birthday. This should have been brought up under 'Memorials and Remonstrances,' but Happy Birthday, Representative Kraabel."
RESOLUTION

HOUSE RESOLUTION NO. 73-18 by Representatives Kuehnle, Van Dyk and Goltz:

WHEREAS, Malcolm "Dutch" McBeath, a native son of the Evergreen State, has recently concluded three terms of office as Chief Clerk of the House of Representatives spanning a period of six years; and

WHEREAS, "Dutch" is a former member of this House, having served with distinction as a member thereof from the then 42nd Legislative District in Whatcom County in the four sessions of the Thirty-third and Thirty-fourth Legislatures; and

WHEREAS, Prior to such legislative service "Dutch" also served on the City Council of the City of Bellingham; and

WHEREAS, During his terms as Chief Clerk, this House inaugurated many procedural reforms to improve its responsiveness and efficiency; and

WHEREAS, The warmth, courtesy, generosity and fairness which characterized his conduct in administering the office of Chief Clerk have won him alike the affection and friendship of Representatives from both sides of the aisle and of the employees who served under him;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That we do hereby express our heartfelt appreciation to Malcolm "Dutch" McBeath for his meritorious service and our ardent hope that all of his tee shots will be "right down the middle"; and

BE IT FURTHER RESOLVED, That a suitably inscribed copy of this Resolution be forwarded by the Chief Clerk of the House of Representatives to "Dutch" McBeath and his lovely wife, Eleanor.

MOTION

On motion of Mr. Van Dyk, the names of all members of the House of Representatives were added as sponsors of House Resolution No. 73-18.

Mr. Kuehnle moved adoption of the resolution.

Mr. Kuehnle: "Thank you, Mr. Speaker. Ladies and gentlemen of the House: Most of us I think had the opportunity to know Malcolm "Dutch" McBeath. I was privileged to get to know Dutch and Eleanor particularly well by virtue of the fact that we took a couple of vacations together. I wish I were now where Dutch is, driving them down the middle on that beautiful little golf course that we played many times over, on the Island of Kauai. I would hasten to add that the trip was at personal expense, not taxpayer expense.

"Dutch, as most you know, served for many years as a councilman for the city of Bellingham. He performed outstanding services in that capacity, and of course, was active for many years in the Jaycees and Chamber of Commerce in Bellingham. He served here in this House of Representatives for two terms--the 33rd and 34th Legislative Sessions."
"We all know, of course, that Dutch served with distinction as our Chief Clerk during the past six years. Dutch was admired and respected by members on both sides of the aisle. He was a warm man, a courteous man, a very efficient Chief Clerk, a fair man, and a generous person. I regret very much that Dutch isn't here today. I more particularly regret the confusion of the first day of this legislative session when Dutch was here. In the confusion of the change of management--the change of guard--and the reorganization procedures of that first day, many of us regret very much that Dutch just kind of disappeared out the side door, and we didn't have the opportunity to thank him, and to thank him sincerely, for a job well done through the years.

"I certainly urge you to join with me in the passage of this resolution to thank and commend a great guy for a job well done."

Mr. Van Dyk: "Mr. Speaker, ladies and gentlemen of the House: First, I just want to remark that we have appreciated Dutch McBeath being from our county. Many of my close political friends have watched his activity and career, and we applauded his promotion from State Representative to Chief Clerk. We now hope that he has a very enjoyable retirement. We think he has earned this, and we wish the best of luck to Dutch McBeath."

Mr. Goltz: "Mr. Speaker, members of the House: I rise to speak for the many friends of Dutch McBeath who reside in Bellingham in the 42nd District. We are proud of him and the example which he has set. A successful businessman, he has shared his talents with the people through governmental services, not only as Chief Clerk of the House, but at the local level as a City Planning Commissioner and member of the Bellingham City Council. Dutch McBeath makes no distinction in serving the young and the old, men and women of all races. While it has been said that the spirit of equality did not extend to Republicans and Democrats alike, on all occasions I have personally benefited from Dutch McBeath's encouragement, advice and example. The citizens of Bellingham and the 42nd District urge your support of this resolution honoring one of our own and best public servants. Thank you."

Mr. O'Brien: "Mr. Speaker, ladies and gentlemen of the House: As someone who has watched Mr. McBeath operate here for six years, I can add to what others have said on his behalf, that he is a gentleman in every sense of the word--very kind and courteous and certainly went out of his way for both sides of the aisle to extend to legislators every courtesy that was due them, and certainly is a very fine person in my opinion. I am sorry you are not also commending your former Sergeant at Arms, Eugene Prince, who also, I believe, went out of his way to aid and assist whenever it was possible in all of our requests. So you did have two very fine gentlemen, I think, in high capacities here, to help you operate this House of Representatives in the past six years."
Mr. May: "I can't add too many things to what has been said already, but Dutch is my golfing partner. We went out many, many mornings when the rest of them were in bed, and got a few rounds in. But one of the things that Representative Kuehnle said, that he would like to be in Hawaii hitting them down the middle--he can't even hit them down the middle here."

Mr. Hansey: "Mr. Speaker, ladies and gentlemen of the House: I, too, would like to add my best wishes to Dutch and Eleanor. I personally worked with Dutch on several campaigns and relied on him very heavily for advice my first year in this legislative session when he was our Chief Clerk. I would like to carry to Dutch and Eleanor the best wishes from all of our friends in Whatcom County. Thank you."

Mr. Savage: "Mr. Speaker, I had the pleasure of serving in the House with Mr. McBeath and I certainly want to add a word that he is very friendly and always a gentleman, and I appreciated having had the opportunity to be his friend and to serve with him in the House of Representatives."

House Resolution No. 73-18 was adopted.

MOTION

On motion of Mr. Charette, HOUSE BILL NO. 522 and HOUSE BILL NO. 525 were rereferred from the Committee on Higher Education to the Committee on State Government.

PERSONAL PRIVILEGE

Mrs. Valle: "It has been called to my attention that we have another birthday boy here in this assembly--Representative Charles Kilbury. I might say that he brightens my legislative day by many eloquent remarks in the beginning of the day. I wish to offer my congratulations. Happy Birthday, Charlie."

The Speaker: "Mr. Kilbury, is this your 39th?"

Mr. Kilbury: "Thank you. Having been accorded the privilege of sitting next to a beautiful pristine Valle during this session, I can appreciate her remark. I can only say this is not my 39th, but my younger colleague from the other side of the House is going to have to obtain another birthday, because I've had this one longer. And I would also say that my daughter, in bringing me to work this morning, blindfolded me so that you may not anticipate any further winter weather this year."

PERSONAL PRIVILEGE

Mr. Conner: "Mr. Speaker, I would like to state that my seatmate, the Honorable Representative Chatalas, has been accorded a singular honor in the fact that he has been selected as, not only an outstanding Democrat, but the outstanding young Democrat, and you should see the
beautiful trophy that he has. The Young Men's Democratic Club of King County, last night named Representative Chatalas as the most outstanding young Democrat in their minds in the State of Washington."

The Speaker: "Congratulations, Representative Chatalas."

MOTION

On motion of Mr. Charette, the House adjourned until 10:30 a.m., Monday, February 5, 1973.

LEONARD A. SAWYER, Speaker.

DEAN R. FOSTER, Chief Clerk.
The House was called to order at 10:30 a.m. by the Speaker. The Clerk called the roll and all members were present except Representatives Hansen and Randall who were excused.

The Speaker called on Mr. O'Brien to preside.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend Harvey Peterson of Shadle Park Presbyterian Church of Spokane.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

SECOND READING

Providing for location of harbor lines.

On motion of Mr. Kilbury, Substitute House Bill No. 7 was substituted for House Bill No. 7, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 7 was read the second time.

Mr. Thompson moved adoption of the following amendment by Representatives Thompson and Kilbury:

- On page 1, lines 17, 18 and 19 strike subsection (3)

Substitute House Bill No. 7 was ordered engrossed and passed to Committee on Rules for third reading.

**HOUSE BILL NO. 292**, by Representatives Amen, Haussler, Zimmerman, Curtis, Flanagan, Hansey and Kilbury (by Executive request):

Providing for an advisory board of agriculture.

The House resumed consideration of House Bill No. 292 on second reading.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the amendment by Mr. Smith. (For amendment, see Journal for twenty-sixth day, February 2, 1973.)

With the consent of the House, Mr. Smith withdrew the amendment.

The Clerk read the following amendment by Representatives Smith and Warnke:
- On page 1, section 3, line 14 after the period strike "Eight" and insert "Six"
- On page 1, section 3, line 16 strike "one member" and insert "two members"
- On page 1, section 3, line 16 strike "two" and insert "three"

Representative Smith explained that the amendment was in three parts.

**POINT OF ORDER**

Mr. Swayze: "Mr. Speaker, there has been no motion to adopt either one or all of these amendments. There is nothing before us at the present time. Is the Chair going to rule that all these amendments are to be considered as one?"

Mr. Smith: "Mr. Speaker, it was my understanding that I would move to adopt this amendment as a three-part amendment. It is an integrated amendment, and I don't feel they could be considered as separate amendments without some confusion."

**RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)**

The Speaker (Mr. O'Brien presiding): "Mr. Smith, it appears you should offer one amendment at a time, and we will consider each amendment separately."
Mr. Smith moved adoption of the following amendment: On page 1, section 3, line 14 after the period strike "Eight" and insert "Six"

Representatives Smith, Douthwaite and Warnke spoke in favor of adoption of the amendment, and Representatives Van Dyk, Morrison, Kilbury, Amen and Newhouse spoke against it.

SPEAKER'S PRIVILEGE
The Speaker (Mr. O'Brien presiding) recognized within the bar of the House former State Representative Chet King of Pacific-Grays Harbor Counties and requested that Representatives Anderson and Charette conduct him to a place on the rostrum.

Mr. Smith moved adoption of the following amendment: On page 1, section 3, line 16 strike "one member" and insert "two members"

Representative Smith spoke in favor of the amendment.

POINT OF ORDER
Mr. Pardini: "Mr. Speaker, if we are going to consider the second and third amendments, they would increase the total membership of the board, and we have already passed the point of total membership of the board in this bill. I would submit that maybe the second two amendments are out of order at this point."

The Speaker (Mr. O'Brien presiding): "In answer to your question, Mr. Pardini, the measure is still before us. I would assume that if this amendment is adopted, and the second amendment is adopted, it would be in order for him to increase the total membership on the board--to back up."

Representative Smith concluded his remarks in favor of the amendment, and Representatives Van Dyk and Amen spoke against it.

The amendment was not adopted.

Mr. Smith moved adoption of the following amendment: On page 1, section 3, line 16 strike "two" and insert "three"

Representatives Smith and Warnke spoke in favor of adoption of the amendment, and Representatives Van Dyk and Leckenby spoke against it.

Mr. Lysen demanded an electric roll call, and the demand was sustained.
POINT OF INQUIRY

Mr. Amen yielded to question by Ms. Sommers.

Ms. Sommers: "Representative Amen, I would also like to direct my question to the other sponsors of this bill. There is a section on legislative intent contained in this bill, and I think it is either somewhat unclear or misleading, in that it directed the attention of many of us to the bill, and led us to believe that it was in the interest of consumers, and that they should therefore be given a significant part of this commission or organization. I would like to ask if you feel that the legislative intent may have been somewhat improperly drafted, and if you would be willing to rerefer, and submit a change or amendment to this section, which I believe is somewhat misleading?"

Mr. Amen: "I don't believe, Representative Sommers, that the legislative intent has been misrepresented here. As I pointed out earlier in my remarks, the Department of Agriculture's main thrust is in problems pertaining to agriculture at present. By listing the divisions in the department, certainly all five divisions in the department are agriculture-oriented. Again, as has been mentioned by a number of others, Representative Sommers, the problems we are confronted with are problems that I believe agriculture-oriented people understand and can give direction to the director of the Department of Agriculture."

Representatives Kilbury and Wojahn spoke against adoption of the amendment, and Mr. Warnke spoke again in favor of its adoption.

Mr. Pullen demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representatives Smith and Warnke to House Bill No. 292, and the amendment was lost by the following vote: Yeas, 28; nays, 64; not voting, 6.

Mr. Amen moved adoption of the following amendment:
On page 2, section 7, line 9 after "expenses" and before "as" insert "incurred within the state"

Mr. Barden moved adoption of the following amendment to the amendment by Mr. Amen:
After "incurred" strike "within the state" and insert "in connection with board activities conducted inside the state of Washington"

Representatives Barden and Amen spoke in favor of the amendment to the amendment.

The amendment by Mr. Barden to the amendment by Mr. Amen to House Bill No. 292 was adopted.

The amendment by Mr. Amen, as amended, was adopted.

Mr. Parker moved adoption of the following amendment:
On page 2, section 7, line 8 after "Sec. 7." strike the remainder of the section and insert the following "No member of the board shall receive remuneration or reimbursement for expenses of any kind."

Mr. Parker spoke in favor of the amendment, and Mr. Van Dyk spoke against it.

The amendment by Mr. Parker was not adopted.

House Bill No. 292 was ordered engrossed and passed to Committee on Rules for third reading.

RESOLUTION

HOUSE RESOLUTION NO. 73-20, by Representatives Planagan, Curtis, Eikenberry, Jusling, Julin, Newhouse, Pardini and Swayne:

WHEREAS, House Democratic leaders are predicting the need of a tax increase because of President Nixon's recently announced economies in federal spending; and

WHEREAS, House Democratic leaders indicate that they think the Legislature is incapable of enacting a budget for state spending because of dependence upon federal programs, whose fate is uncertain; and

Whereas, The House Democratic leadership feels that it will be necessary to have continuous legislative sessions because of this dependence upon federal programs; and

WHEREAS, It is true that the State of Washington and other states have become increasingly dependent upon federal matching programs to conduct their own business; and

WHEREAS, Such programs had their inception in the "New Deal" days and have been expanding ever since; and
WHEREAS, Such programs have not only made the state increasingly dependent upon the federal government but have also fostered inflation, fiscal permissiveness, confiscated the savings of the old and placed the young under a crushing indebtedness; and

WHEREAS, President Nixon is sufficiently concerned with the taxpayer's burden to curtail federal spending, eliminate confusing and duplicating federal programs, prevent increasing inflation and return responsibility to state and local government; and

WHEREAS, The policies of President Nixon will enable the states to enact their own budget without being in continuous session awaiting federal actions and will place responsibility back at the state and local level where it belongs;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State House of Representatives strongly endorses the policies of President Nixon in reducing or eliminating the confusing welter of duplicating federal programs and giving the states the ability to conduct their own business.

MOTION

On motion of Mr. Thompson, the House deferred consideration of House Resolution No. 73-20, and the resolution was held for tomorrow's eighth order of business.

RESOLUTION

HOUSE RESOLUTION NO. 73-20, by Representatives Flanagan, Curtis, Eikenberry, Jueling, Julin, Newhouse, Pardini and Swayze:

(For Resolution, see Journal of twenty-ninth day, February 5, 1973.)

Mr. Flanagan moved adoption of the resolution.

Representatives Flanagan and Leckenby spoke in favor of the resolution, and Representatives Moon and Savage spoke against it.
Mr. Flanagan yielded to question by Mr. Gallagher.

Mr. Gallagher: "Will the funds that we receive from revenue sharing equal the funds that are impounded by the President at the present time?"

Mr. Flanagan: "The amounts that have been impounded—certainly it would equal what is impounded. This program also provides for a changing of some of these programs from the present categorical aid and matching programs over to the more locally controlled programs. As far as what is impounded alone, I think it would way more than cover that."

Mr. Pardini demanded an electric roll call, and the demand was sustained.

Mr. Kilbury demanded the previous question, and the demand was not sustained.

Representative Swayze spoke in favor of adoption of the resolution, and Representatives Charette and Bagnariol spoke against it.

ROLL CALL

The Clerk called the roll on the adoption of the House Resolution No. 73-20, and the resolution was lost by the following vote: Yeas, 41; nays, 56; not voting, 1.

Not voting: Representative Martinis.

MOTION

DEAN R. FOSTER, Chief Clerk.  LEONARD A. SAWYER, Speaker.

The House was called to order at 9:30 a.m. by the Speaker. The Clerk called the roll and all members were present.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend Paul F. McCann of the United Churches of Olympia.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

MOTION

Mr. Thompson moved that all standing committee reports listed on today's fifth order of business be passed to Committee on Rules for second reading with the exception of HOUSE BILL NO. 270 and HOUSE BILL NO. 359, to be referred to the Committee on Ways and Means - Appropriations.

POINT OF INQUIRY

Mr. Bauer yielded to question by Mr. O'Brien.

Mr. O'Brien: "House Bill No. 270 doesn't contain an appropriation. The appropriation is already in the Governor's omnibus appropriation bill, and I am just wondering why it is being rereferred to the Committee on Ways and Means."

Mr. Bauer: "Representative O'Brien, that is my understanding—that the appropriation is contained in the bill, and it would not be necessary to go to Appropriations."

Representative Hoggins spoke against the motion by Mr. Thompson, and Representatives Charette and May spoke in favor of it.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. King.

Mr. King: "Representative Charette, I personally favor the approach for large budget items to go to the Appropriations Subcommittee of the Ways and Means Committee, but I am concerned, in view of the traditional way in which we operate the House and the Senate. One of the last measures that we pass finally is the budget. Do you contemplate an opportunity to deal with those bills that are reflected in the budget after the passage of the budget--written into the rules, so we would be here several days beyond the final adoption of the budget, in order to act on these measures?"

Mr. Charette: "I would contemplate that the reason for putting these two bills in the Ways and Means Committee is so that the Ways and Means Committee Clerk and the Chairman of that Committee, and the Chairmen of the two subcommittees, can take a look at the bill as it is, and look at the budget. If they decide that the bill should come back out, then that committee would put it back out. I think this is the responsible way to do it. I have discussed this with Representative Bagnariol, and he intends to handle some of these bills by subcommittees, and there is no problem on it at all."

Mr. Swayze spoke in favor of the motion by Mr. Thompson.
The motion by Mr. Thompson to pass all standing committee reports to the Committee on Rules for second reading, with the exception of House Bill No. 270 and House Bill No. 359 to be referred to the Committee on Ways and Means - Appropriations, was carried.

SECOND READING

HOUSE BILL NO. 6, by Representative Kilbury:

Providing for stops by buses at railroad crossings.

The bill was read the second time.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and House Bill No. 6 was placed on final passage.

Mr. Kilbury spoke in favor of the bill.

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 6, and the bill passed the House by the following vote: Yeas, 92; nays, 0; not voting, 6.

Not voting: Representatives Eng, Smythe, Warnke, Williams, Zimmerman, Mr. Speaker.

House Bill No. 6, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

I wish to be recorded as voting in favor of House Bill No. 6. There was a malfunction of the voting machine, and I was not recorded as voting.

JOHN ENG, 37th District.

POINT OF INQUIRY

Mr. Julin: "Representative Bauer, I would like to
be assured that this measure adds provisions and benefits
and options available to the private property owner,
without in any way taking away any existing rights that he
has in condemnation proceedings. Can you give me that
assurance?"

Mr. Bauer: "Yes, it is spelled out on page one of
the bill, and it adds subsections (3) and (4), adding
additional options, and keeping the same protections that
now exist under the first two options."

Mr. Julin: "And is it also correct, Representative
Bauer, that the exercise of one of these added options will
not operate as a waiver of any existing rights the property
owner has?"

Mr. Bauer: "Yes, that is correct."

The Clerk called the roll on the final passage of

The bill was read the second time.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and House Bill No. 155 was placed on final passage.

Mr. Newhouse spoke in favor of the bill.

**POINT OF INQUIRY**

Mr. Newhouse yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative Newhouse, the reason for passing this bill, the way I understand it, is that the Department of Natural Resources says that they are required by the Constitution to get full market value for the highest and best use, either whether it is for rental purposes or sale purposes. Is that right?"

Mr. Newhouse: "Mr. Flanagan, that takes in more territory than I am prepared to answer. I believe you are correct, yes."
Mr. Flanagan: "In that case then, it would appear to me that if the department places a restriction on the lease and limits the lease to one purpose, and there is a higher and better use, that they are in violation of their constitutional requirements."

Mr. Newhouse: "Not being a lawyer, but a farmer, I would think that, yes, the department has the responsibility, through the Enabling Act and the State Constitution to maximize income from state trust lands consistent with protection of public resources such as our rivers and lakes. The department, by statute, may comply with local zoning so long as the state lands are not discriminated against. State lands should and can contribute as any other lands, to the well being of the community, but only to the same extent as other lands.

"The department must also consider long-range economic return as well as short term. This requires judgment values which are exercised by the Board of Natural Resources.

"I also believe that the state, as any other major landowner, should maintain their property as good neighbors and not maintain an unnecessary blight on their land, but the basic obligation in the department's management of these lands is to produce income for support of our schools and other governmental functions."

Mr. Flanagan: "Do you think that is constitutional?"

Mr. Newhouse: "I think so."

ROLL CALL

The bill was read the second time.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and House Bill No. 235 was placed on final passage.

Ms. Maxie spoke in favor of the bill.

POINT OF INQUIRY

Ms. Maxie yielded to question by Mr. Curtis.

Mr. Curtis: "Representative Maxie, I was unable to find a fiscal note. Perhaps it is just very difficult to know what the fiscal impact of this would be, and it is possibly very small because of the limited number, but do you have any figures at all as to what the potential cost of this might be?"

Ms. Maxie: "No, we do not have a fiscal note on this. But in the bill it states that the institutions would include, in their budget, any cost for this bill. This has been cleared with all the vocational-technical institutions. Thus far we have only three participants of record, who have taken part in this, and the fiscal impact would be minimal at this point. Again, if you have any problems with the potential fiscal impact, I would suggest that you repeal the existing statute."
Mr. Curtis: "My concern is that it is a laudatory purpose, and you can't very well speak against something like this, but assume an individual was a prisoner of war for two weeks only, eleven years ago—and now we completely and totally open up to his dependents free tuition, fees, etc. I am wondering if this opens the gates substantially wider. I guess my concern, too, is with those individuals who have died in the service of their country (whose dependents do have substantial benefits under federal law), but I am wondering if perhaps it isn't just a little too broad?"

Ms. Maxie: "Your point is well taken. This was brought up in the Rules Committee, and Representative Charette was concerned about this. I believe he has introduced a bill trying to get at this problem. Again, this bill is a bill just to clarify the original legislative intent, and it has been cleared with the Code Reviser's Office and all parties concerned. I would suggest that this bill go through, and if you want to tackle the problem that you are suggesting, to handle it in another bill."

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 235, and the bill passed the House by the following vote: Yeas, 91; nays, 5; not voting, 2.

Voting nays: Representatives Barden, Bluechel, Kopet, Matthews, Nelson.

Not voting: Representatives Newhouse, Rabel.

House Bill No. 235, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

I voted "no" on final passage of House Bill No. 235 because the bill provided tuition and fee benefits for only children of those missing in action or prisoners of war. The bill did not cover children of military men killed in action.

Of course, those who remain "missing in action"
after repatriation of prisoners are simply killed but not found in the heat of battle. To deny benefits to the children of those men killed in action and whose bodies were recovered seems to be senseless.

Because I was unsuccessful in obtaining an amendment to include all deserving children, I must oppose the bill as it is written.

PAUL BARDEN, 33rd District.

HOUSE BILL NO. 286, by Representatives Perry, Leckenby, Wojahn, Eng and Sommers (by Department of Motor Vehicles request):

The bill was read the second time.

On motion of Mr. Perry, the committee amendment was adopted.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 286 was placed on final passage.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 286, and the bill passed the House by the following vote: Yeas, 95; nays, 0; not voting, 3.

Not voting: Representatives Matthews, Pardini, Rabel.
Engrossed House Bill No. 286, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

HOUSE BILL NO. 302 by Representatives Kopet, Knowles, Julin, Amen and Leckenby (by Department of Social and Health Services request):

Providing new penalties for possession of marihuana by person serving a sentence in a penal institution.

The bill was read the second time.

Mr. Eikenberry moved adoption of the following amendment by Representatives Eikenberry and Kuehnle:

On page 1, section 1, line 19 after "served" insert a period and strike the balance of the sentence.

Representatives Eikenberry and Kuehnle spoke in favor of the amendment, and Representatives Blair and Leckenby spoke against it.

POINT OF INQUIRY

Mr. Eikenberry yielded to question by Mr. Kelley.

Mr. Kelley: "It appears to me, Representative Eikenberry, that under your proposed amendment, we are making the delivery or possession of an alcoholic beverage in a penal institution a felony, punishable in all respects to the same degree and extent that a felony would be. Is this correct, and is this your intent?"

Mr. Eikenberry: "Your analysis of the result of the bill, I think, is accurate. Again, I compare it to the same kind of treatment that is being given to the possession or delivery of a jackknife—an innocuous item when it is owned under other situations, but the act of smuggling it into an institution being a felonious act, in my opinion."

Mr. Kelley: "So then, under your amendment, if a person inside a penal institution is caught with a bottle of beer, he can get up to five additional years on his sentence?"

Mr. Eikenberry: "If the court that handled the conviction of that kind of conduct believed that it were justified, that would be possible. However, I think it is unreasonable to assume, as was suggested in the remarks of Representative Leckenby and implied by your question, that such would necessarily be the result. What I am saying is the potential for handling this kind of act (that is, the smuggling in of disruptive items) should be there."

Mr. Schumaker spoke in favor of adoption of the amendment by Representatives Eikenberry and Kuehnle to House Bill No. 302.
Mr. Kuehnle demanded an electric roll call, and the demand was sustained.

Mr. Kelley spoke against adoption of the amendment, and Mr. Luders spoke in favor of it.

Mr. Eikenberry closed debate, speaking again in favor of the amendment.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representatives Eikenberry and Kuehnle to page 1, line 19, House Bill No. 302, and the amendment was lost by the following vote: Yeas, 45; nays, 50; not voting, 3.

Not voting: Representatives Goltz, Rabel, Sommers.

Mr. Eikenberry stated that with the consent of the House, he would withdraw his next amendment. Consent was not granted.

Mr. Eikenberry moved adoption of the following amendment to House Bill No. 302 by Representatives Eikenberry and Kuehnle:

On page 2, section 3, line 26, after "felony" insert a period and strike the balance of the bill.

Representatives Julin, Kelley and Blair spoke in favor of adoption of the amendment.

Mr. Kuehnle demanded an electric roll call, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representatives Eikenberry and Kuehnle to page 2, line 26, House Bill No. 302, and the amendment was adopted by the following vote: Yeas, 95; nays, 0; not voting, 3.

Voting yeas: Representatives Adams, Amen, Anderson, Bagnariol, Barden, Bauer, Beck, Bender, Benitz, Berentson,
House Bill No. 302 was ordered engrossed.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 302 was placed on final passage.

Mr. Kopet spoke in favor of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 302, and the bill passed the House by the following vote: Yeas, 94; nays, 1; not voting, 3.

Voting nay: Representative King.

Not voting: Representatives Bausch, Rabel, Sommers.

Engrossed House Bill No. 302, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

I wish to have the following statement inserted in the record relative to the passage this day of House Bill No. 302, and the amendment thereto submitted by Representatives Eikenberry and Kuehnle.

My reason for opposing the amendment is that it
would have the effect of having possession of any alcoholic beverage within a state penal institution punishable as a felony and correspondingly subject any person incarcerated therein to the possibility of a five-year added penal penalty for the possession of something as harmless as a bottle of beer. As I stated in opposition to the amendment on the floor, my objections to this amendment rest with the provision regarding alcoholic beverages and are not intended to be an endorsement regarding the provisions relative to controlled substances.

RICHARD J. KELLEY, 28th District.

MOTION

Mr. Thompson moved that the bills, memorials and resolutions printed on today's agenda be considered first reading under the fourth order of business and be referred to the committees so designated.

POINT OF INQUIRY

Mr. Bausch yielded to question by Mr. Curtis.

Mr. Curtis: "Representative Bausch, in checking this morning's bill referrals, I find that you are prime sponsor on House Joint Resolution No. 24, which is apparently a title only item amending the State Constitution. It has been assigned to Constitution and Elections Committee, which would appear to be a proper place; however, looking at yours and the other signatures—all of which appear to be members of the freshman class on both sides of the aisle—it is my understanding that it is the intention of the freshmen to use this as the vehicle to increase legislative salaries to about $15,000 and have it enjoyed in the same term of office. With substantial fiscal impact, shouldn't this more properly be assigned to the Ways and Means Committee?"

Mr. Bausch: "I think that probably any rumor you hear is improper, and I am not prepared to make any further comment on it."
Mr. Curtis: "I think your 'no further comment' speaks far more eloquently than your words. Thank you, Representative Bausch."

The motion by Mr. Thompson was carried.

PARLIAMENTARY INQUIRY

Mr. Julin: "Mr. Speaker, I think there was before the body a point of parliamentary inquiry in the form of a question by Representative Swayze. However, in light of your ruling, I now pose this question and ask as a point of parliamentary inquiry: Will it be, from this point on, during this session, that members who are not within the bar of the House will be permitted to vote?"

The Speaker (Mr. O'Brien presiding): "You are raising a hypothetical question, Mr. Julin, and on that basis it is not before us."

ENGROSSED SENATE BILL NO. 2055, by Senators Bottiger, Stortini, Twigg and Walgren (by Department of Motor Vehicles request):

Providing for an occupational driver's license.

The bill was read the second time.

POINT OF ORDER

Mr. Julin: "Will members not within the bar of the House be permitted to vote on this measure?"

The Speaker (Mr. O'Brien presiding): "You are raising a hypothetical question again, Mr. Julin."

PARLIAMENTARY INQUIRY

Mr. Julin: "Would you please advise me how I might state the question so that it is not hypothetical?"

The Speaker (Mr. O'Brien presiding): "Mr. Julin, I would suggest that you raise this point of order when the question on a vote is before us. At the present time, Engrossed Senate Bill No. 2055 is on second reading, and it is open for the purpose of amendment. At the present time we are considering amendments. The question before the House, the only pending question, is adoption of the committee amendment. Do we have a committee amendment?"

Mr. Pardini: "Mr. Speaker, my secretary has just informed me that there are some people in my office that want to see me on a very urgent matter. I would like to be able to vote on this and also accommodate those people in my office. I ask specifically..."

The Speaker (Mr. O'Brien presiding): "You are out of order."
MOTION

Mr. Conner moved that the rules be suspended, the second reading considered the third, and Engrossed Senate Bill No. 2055 be placed on final passage.

The motion was carried on a rising vote.

POINT OF ORDER

Mr. Julin: "Mr. Speaker, point of order. There is now a matter pending before us for a vote, and my question to you, and I would ask for a ruling of the Chair: Will members not within the bar of the House vote on this measure?"

The Speaker (Mr. O'Brien presiding): "Mr. Julin, the point of order that you are raising now isn't timely either. If you want to raise it at a later point, I will recognize your point of order right after the results of the electric roll call vote—-I will answer your point of order."

Mr. Beck spoke in favor of Engrossed Senate Bill No. 2055.

PARLIAMENTARY INQUIRY

Mr. Morrison: "Mr. Speaker, point of parliamentary inquiry. I have Representative Swayze on the phone, who is in his office, and he would like to vote on this measure."

The Speaker (Mr. O'Brien presiding): "You are out of order, Mr. Morrison."

Mr. Morrison: "Mr. Speaker, I think the point is properly raised. Mr. Swayze would like to know whether he can vote on this issue which is now directly before us."

The Speaker (Mr. O'Brien presiding): "Mr. Morrison, I believe you are not conducting yourself in a manner befitting a legislator by putting on an act like that. If you have a point of parliamentary inquiry that you would like to raise within our House Rules and Reed's Rules, I will try to oblige you."

PERSONAL PRIVILEGE

Mr. Beck: "Mr. Speaker, I am down here on a Saturday, late, working hard, trying to expedite the business of this House. I'm sick and tired of all these crybabies trying to impede the orderly progress of this House. As a point of personal privilege, I would like to suggest that if anyone doesn't like to play--take your marbles and go home."

The Speaker (Mr. O'Brien presiding): "The House will be in order."
The Clerk called the roll on the final passage of Engrossed Senate Bill No. 2055, and the bill passed the House by the following vote: Yeas, 93; nays, 2; not voting, 3.

Voting nay: Representatives Conner, Zimmerman.

Not voting: Representatives Erickson, Leckenby, Perry.

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Once a roll call has begun, a member cannot be recognized until after the roll call ends."

Engrossed Senate Bill No. 2055, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

I voted with Representative Paul Conner in opposing this measure on occupational drivers' licenses because I think that the law should be very stringent on this issue. The Department of Motor Vehicles asked for a three-year period with no violation and a person's dependence on driving should make him extra cautious about his driving. This bill relaxes the provision.

HAL ZIMMERMAN, 17th District.

POINT OF ORDER

Mr. Eikenberry: "Mr. Speaker, I raise the point of order that I saw on the board a vote cast for Representative Swayne. I do not see him anywhere within the bar of the House. A second point of order--I did see a vote cast on the board for Representative Blair, and I do see him in the gallery. I would raise the point of order as to the votes that were cast in those regards."

Mr. Charette: "Speaking to the point of order, Mr. Speaker, isn't it true that we have always extended the
courtesy to people who are within the bar of the House—and shouldn’t the inquiry now be made as to who voted for Mr. Blair, and who voted for Mr. Swayze, and perhaps we can discuss at a later time why they voted for them, and whether or not we will change the rule."

The Speaker (Mr. O'Brien presiding): "State your point--do you want a ruling on the point that you raised?"

Mr. Eikenberry: "I would like to address the point of order first. I would like to ask if we are going to debate the point of order."

The Speaker (Mr. O'Brien presiding): "The Speaker intends to make a ruling on this question that you raised."

Mr. Eikenberry: "I am inquiring, in view of the remarks of Representative Charette, if we are going to debate the issue, or if you are simply going to rule."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "I will rule that Mr. Swayze and Mr. Blair were in violation of our House Rules. The question that was raised on the Speaker voting in the Speaker's office, and whether or not he would utilize the electric roll call mechanism--this was done by the Speaker. Also, I have before me his marking on how he desired to vote--how he was going to vote--and he confirmed that vote by the electric roll call process. This a practice that is a little bit more definitive, as a matter of fact, than what has been held in the past--the precedent established by other Speakers, and primarily the preceding Speaker of the 1971 session, when he would mark his calendar and the Speaker Pro Tem would then vote for him. So precedent has been established to allow Speakers who are busy with other affairs of the legislature to perform and function in this manner. It has also been held by Reed's Parliamentary Rules that customs like this, and the precedent established, have the same effect as a rule. And so, when you review the practice that has gone on in the past, it is readily ascertainable and recognizable that the procedure now being followed has more strength and more power, because he has not only marked his calendar, but he also utilized his voting prerogative by the machine process--and that has also been approved by this House on the adoption of the rules."

PARLIAMENTARY INQUIRY

Mr. Julin: "Mr. Speaker, my understanding was that following the announcement of the vote on this measure, you would now rule on my point of parliamentary inquiry--the point of order--as to what the definition is of the bar of the House, for purposes of counting members' votes."

The Speaker (Mr. O'Brien presiding): "I just ruled, Mr. Julin, that the vote performed and made by our Speaker was within our rules."
Mr. Julin: "You did not respond to my parliamentary inquiry as to what constitutes the bar of the House for voting purposes. And that is my point of parliamentary inquiry."

The Speaker (Mr. O'Brien presiding): "The question you are raising at the present time relative to the bar of the House—the question is moot."

PARLIAMENTARY INQUIRY

Mr. Curtis: "I heard the announcement of the result of that last vote, and I wondered if you would be kind enough to advise us as to whether or not Representatives Swayze and Blair were included in that total?"

The Speaker (Mr. O'Brien presiding): "They were included, and I also stated they were in violation."

The Speaker (Mr. O'Brien presiding) declared the House to be at ease.

The Speaker (Mr. O'Brien presiding) called the House to order.

POINT OF INQUIRY

Mr. Conner yielded to question by Mr. Charnley.

Mr. Charnley: "Mr. Conner, I recognize the validity of what you are adding here, and I think it is very commendable. I just wanted to be sure that putting in the word 'navigable' rather than 'tidal' does not delete any salt water areas by the change in terminology."

Mr. Conner: "No, I am told by the department that it does not delete."

The amendments were adopted.

On motion of Mr. Conner, the following amendment to the title was adopted:
On page 1, line 1 of the title before "water" strike "tidal" and insert "navigable"

SECOND READING

HOUSE BILL NO. 149, by Representatives Bender, Clemente, Parker, Portson, Eng, Charnley, Erickson and Maxie:

Providing a voter's pamphlet to each person requesting an absentee ballot.

Committee on Constitution and Elections recommendation: Majority, do pass as amended. (For amendments see Journal for twenty-sixth day, February 2, 1973.)

The bill was read the second time.

Mr. King moved adoption of the committee amendment beginning on page one.

Mr. Eikenberry moved adoption of the following amendment to the committee amendment:

On page 2, section 1, line 2 after "them" and before
the period insert the following: "Who are registered voters as provided in chapter 29.07 RCW; PROVIDED, That persons who come within this category of "service voter" may apply for registration as a voter by submitting a statement, made under oath before a notary public or other public officer empowered to administer oaths, which statement shall set out the same qualifications that would be required if the applicant had personally applied before a voter registrar within the state of Washington. To facilitate this provision for voter registration, the secretary of state shall prepare forms which may be obtained by applicants and submitted to voter registrars"

Representatives Eikenberry, Barden, Pullen and Polk spoke in favor of the amendment to the committee amendment, and Representatives King and Brown spoke against it.

Mr. King spoke again in opposition to the amendment by Mr. Eikenberry to the committee amendment.

POINT OF INQUIRY

Mr. Eikenberry yielded to question by Mr. Kraabel.

Mr. Kraabel: "We have five categories of voters listed on the first page of the committee amendment, and I want to know if your amendment applies to all categories, or is it just category five?"

Mr. Eikenberry: "Representative Kraabel, I appreciate your asking that question because it gives an excellent opportunity to point out a misconception that has developed here. I am sorry I didn't have more time to consult, particularly with the honorable chairman of the committee from which this bill came, because my amendment does not--does not--apply to the first four categories of voters. In other words, it does not apply to the person who is truly a nonforces service voter, or these other people who have some connection with a unit that can be identified, such as the Merchant Marine, etc. Rather, my amendment applies only to the fifth category of voter—that is, the person who is now coming within this definition of service voter simply because they are temporarily outside the state. And it is that kind of person that I am suggesting. It is not an onerous burden, to simply enable them to make this application by mail, if that is their convenience, to register as a voter before they can qualify to obtain an absentee ballot."

POINT OF INQUIRY

Mr. King yielded to question by Mr. Morrison.

Mr. Morrison: "Representative King, did your committee take into consideration, or discuss at all, whether there is any procedure within the United States for cross reference of some sort, so that we are assured that citizens are not voting in more than one state at one time?"
Mr. King: "We did not consider that possibility. I don't think there would be one within the state of Washington. I imagine that would be a federal problem. The amendment, however, does not address itself to that."

Mr. Morrison: "This brings up a concern, because as I read even the statement which is to be signed by the prospective voter, it has absolutely no disqualification, and would indicate that he, perhaps signing this, would not be in penalty of any provision of Washington state law if he was in fact voting in more than one state. My concern is that the possibility of persons not really understanding this being in a position of voting in two states without any penalty provision within the law."

Mr. King: "I really can't answer that directly. My expectation would be that you would not be considered a resident, for the purpose of voting in the state of Washington, if you had registered as a voter in another state. And if you are not a resident of the state of Washington and cast a vote, then the penalties are very stiff. I think legally that problem is handled--that if we were to detect this--that a person would be in violation of the voting laws and subject to very strict fines and imprisonment."

Mr. Morrison: "Mr. King, I am aware that another bill is following this which does change the registration procedure and simplifies it considerably. I am just wondering if in fact we do in the registration process as you envision it have some provision that does ask the question, 'Are you registered to vote in some other state?'"

Mr. King: "The bill you are referring to simplifies the voting procedure only in terms of doing away with those questions that are considered to be unnecessary. The ones that are left are the ones that ordinarily would be used to establish residency in the first instance. In the second instance, the exact form of the application is left up to the secretary of state to devise. If I recall correctly, I think the questions that are listed on the sample forms that came before our committee from the secretary of state, included the ones that would establish residency for the purpose of voting."

Representatives Morrison, Pardini and Hansey spoke in favor of the amendment by Mr. Eikenberry to the committee amendment to House Bill No. 149, and Representatives Bender and Moon spoke against it.

Mr. Conner demanded an electric roll call, and the demand was sustained.

Representatives Smythe and Bauer spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Smythe yielded to question by Mr. Charnley.

Mr. Charnley: "Representative Smythe, I understood in the original bill there was a fiscal impact of around $16,000 a year. Is that similar in this one?"
Mr. Smythe: "The fiscal impact doesn't change because that deals with those who would be involved in numbers, and the numbers haven't changed to that extent. I disagreed with the fiscal impact, however, in committee, because I didn't agree with what they came up with. But it will be the same if you accept their figures, or less, if you accept mine."

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 381 was placed on final passage.

Representatives Luders and Beck spoke in favor of the bill.

POINT OF INQUIRY

Mr. Luders yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "Representative Luders, my concern is, as regards the small waste disposal plants in my district—we've got a lot of them—one small plant servicing an apartment house or servicing ten or fifteen or twenty homes in a little tract. These are very, very simple plants, but I fear under the language of this bill these would be included, and I would like clarification on that. Would these maintenance men who are handling these very small plants be subject to the provisions of this act?"

Mr. Luders: "Yes, they would, but it should be noted that there will be no real problem associated with becoming qualified because if they can't go to any of the schools that are available throughout the area, there is a good correspondence course available for only $12.00, and the course, as I understand it, is not so high-powered that somebody dealing in aquaphathy couldn't pass it."

Mr. Kuehnle: "Is the department empowered to grant any exemptions in the case of some of these very small and very simple plants?"

Mr. Luders: "The department has some discretionary power within this bill. The discretionary power would be that if they were to fire somebody because they couldn't qualify, (many of these salaries are only $350 or $400 a month) it may be difficult, and under those circumstances there would be some discretion on the part of the department and the director of the department."

POINT OF INQUIRY

Mr. Bluechel yielded to question by Mr. Benitz.

Mr. Benitz: "Representative Luders has stated here that the purpose of this act is to upgrade the quality of the waste plant treatment operators. I have a small town in my district which has very, very many important industrial facilities, and we have very limited personnel for running this important waste plant facility. Could this course prove to be a hardship on these operators, and
also the city, in maintaining personnel while those persons are gaining approval of the course?"

Mr. Bluechel: "To answer your question, Representative Benitz—I raised in committee the same question that Representative Kuehnle raised, and at the time opposed it on the grounds that when you are hiring a person, and the pay is only $350 to $400 a month, it would be very difficult to enforce these provisions. But I checked with the Department of Social and Health Services, and Mr. Wubbena who is the head of this program, and he stated that the big problem they have at the present time is getting the city to let the man go to the course for half a day, and this would be the total cost to the city. I don't think this would be a deterrent."

POINT OF INQUIRY

Mr. Luders yielded to question by Mr. Savage.

Mr. Savage: "If we have people interested in this work and doing it, and not considered qualified, is there some method of training or schools that they can attend to become qualified?"

Mr. Luders: "Yes, the department has schools throughout the state of Washington on a regional basis, and they also provide this training through certain community colleges. Now that this law is in effect, the number of community colleges involved in the training will probably increase. Also there is an outstanding correspondence course available in the event that somebody is so remote in his sewage area that he can't get to the school."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 381, and the bill passed the House by the following vote: Yeas, 93; nays, 4; not voting, 1.

Voting nay: Representatives Amen, Planagan, Kuehnle, Schunaker.

**POINT OF INQUIRY**

Mr. Bauer yielded to question by Mr. Randall.

Mr. Randall: "Representative Bauer, was the original intent of the new section that an educational competence certificate may be issued to a child fifteen years of age and under nineteen? Was the original intention fifteen?"

Mr. Bauer: "The intention is to issue the certificate between fifteen and nineteen, yes. That is the purpose of the bill."

Mr. Randall: "Has this amendment changed it so that they can only be issued to someone nineteen or older?"

Mr. Bauer: "No, the first amendment simply reaffirms that the nineteen or older would be entitled to a GED test, and it in no way affects the fifteen to nineteen."

"NEW SECTION. Section 1. There is added to chapter 33, Laws of 1955 and to chapter 30.40 RCW a new section to read as follows:

A commercial bank may, with the approval of the supervisor, operate satellite offices in addition to its main office and such branches as are authorized by law. A satellite office is an office that complies with the following requirements:

(1) A satellite office shall be located wholly within premises principally occupied by a retail establishment such as a department store, or supermarket and shall be operated in conformity with the following physical requirements:

(a) The satellite office shall be wholly in the interior of the premises and shall not be accessible by a separate outside entrance;

(b) A satellite office shall occupy not more than five hundred square feet of floor space. Provisions shall not be made for more than four teller stations or, in the case of a fully or partly automated satellite office, the equivalent of four teller stations;

(c) A satellite office shall not occupy more than one-third of the total floor space of the building in which it is located; and

(d) Any outside sign or other display or window
display on behalf of the satellite office shall be subordinate to other signs and displays.

(2) A fully automated satellite office which is one to be operated wholly by machines and without tellers or other personnel to handle transactions with the public is not required to be located within premises principally occupied by a retail sales establishment, but in addition may be located in a shopping center, office building, or transportation terminal or other place frequented by large numbers of people. A fully automated satellite office not located within a retail sales establishment is not subject to the requirements of subsection (1) (a) through (d) of this section.

(3) All satellite offices shall be within twenty-five miles of the main office or within ten miles of a branch of such commercial bank: PROVIDED, That the supervisor of banking shall from time to time by regulation limit the number of satellite offices which any commercial bank subject to their respective regulations may establish, and may limit the establishment of such offices to less than twenty-five miles of the main office or less than ten miles of the branch of the commercial bank. In promulgating such regulations the supervisor shall ascertain whether the public convenience and advantage will be promoted by so limiting the number of offices and the locations thereof and he shall be guided by the laws and regulations pertaining to other financial institutions regulated by the federal government or its agencies: PROVIDED, That the supervisor shall not consider the existence of satellite offices established pursuant to this section in the exercise of his powers to authorize branch banks pursuant to the provisions of RCW 30.40.020.

(4) When any commercial bank wishes to open a satellite office it shall apply to the supervisor of banking for permission to do so upon such forms as the supervisor may from time to time establish. When any such application has been filed with the supervisor, the supervisor shall thereupon ascertain from the best source of information at his command and by such investigation as he deems necessary, whether the public convenience and advantage will be promoted by allowing such satellite office and whether greater convenience or access to the commercial bank would be afforded to any considerable number of people by opening a satellite office in the place designated. After the supervisor has satisfied himself by such investigation whether it is expedient and desirable to permit such proposed satellite office, he shall within sixty days after the date of the filing of the application endorse upon each of the copies thereof over his official signature, the word "Approved" or the word "Refused" with the date of such endorsement. In case of refusal he shall forthwith return one of the triplicates so endorsed to the applicant from whom the application was received. In the case of approval, the supervisor shall forthwith give notice thereof to the applicant and shall file one of the copies of the application in his office and he shall transmit to the applicant a certificate authorizing the applicant to open and conduct the business of the satellite office in accordance with law. If the supervisor deems that the approval of any other governmental body or agency
is necessary or appropriate before the applicant opens its
business in such satellite office, the supervisor shall so
advise the applicant, and the supervisor may delay
transmitting the certificate to the applicant until such
approval has been obtained or for such shorter period as
the supervisor shall deem appropriate.

NEW SECTION. Sec. 2. There is added to chapter 33,
Laws of 1955 and to chapter 30.40 RCW a new section to read
as follows:

A commercial bank may, without prior approval by the
supervisor, establish a single drive-in or pedestrian
facility, in conjunction with the home office and each
branch office of such bank which is not more than five
hundred feet from a public entrance of such office and
closer to such entrance than to a public entrance of
another bank. The functions which may be performed at any
such facility shall be limited to the ordinary functions
which may be performed at a teller window of the bank.

NEW SECTION. Sec. 3. There is added to chapter 33,
Laws of 1955 and to chapter 30.40 RCW a new section to read
as follows:

of commercial banks or insured by the federal deposit

Renumber the remaining section consecutively

POINT OF ORDER

Mrs. Wojahn: "Mr. Speaker, I believe this amendment expands the scope and object of this bill. The bill is talking about doctors--Canadian doctors--working under the authority of a supervising agency. This bill would permit a Canadian doctor to practice without this authority--an unlicensed doctor without the authority of any agency."

MOTION

Mr. Julin moved that the House defer further consideration of House Bill No. 364, and the bill be placed at the bottom of today's second reading calendar.

Mrs. Wojahn spoke against the motion, and Mr. Julin spoke in favor of it.

The motion by Mr. Julin was lost.

PARLIAMENTARY INQUIRY

Mr. Julin: "Mr. Speaker, am I in order to be heard on the matter of whether or not the proposed amendment is
within the scope and object of the bill?"

The Speaker: "Yes."

Mr. Julin: "Mr. Speaker, members of the House: A reading of the title of the bill indicates that it relates to the conditional licensing of certain employees of the Department of Social and Health Services to practice medicine and surgery, relating to the conditional licensing—certain employees to practice medicine. I think if you read the amendment as proposed by Representative Hansey, it simply provides that certain persons who are members of the medical profession, who are licensed to practice medicine, will have the opportunity to serve those people (and let's be candid about it) in the Point Roberts area, that is isolated geographically from the rest of the United States, and this simply says that in cases of emergency, they will be able to come in on a conditional, temporary basis, to serve in an emergency situation. I do not believe under those circumstances that this in any way expands the intent and object of the original bill."

Mr. Pardini: "Mr. Speaker, I would like to join in that argument, also. The bill which we have before us, if we are talking about scope and object, deals with a very specific request, and the argument has been made in the hearings on this bill that Canadian doctors are probably the most comparable to American doctors. For this reason (because of a shortage of doctors primarily) we should allow these people to serve in our state institutions. Now we have in this amendment a very unique situation in an area bounded on three sides by water, and up against the Canadian border, having the same unique problem—a shortage of doctors. And the availability of a class of doctors who we are going to allow in our state institutions, and yet on the scope and object of this we might be precluding them from serving citizens of this state."

Mr. Douthwaite: "Mr. Speaker, I would like to support the position taken by Representative Wojahn. I believe this is definitely a broadening of the scope and object. You read the original bill—House Bill No. 364—and it provides that these doctors may practice as long as the licensee remains in the employment of the Department of Social and Health Services. Now the individual, I believe, which Mr. Hansey is talking about, is simply a private doctor who may or may not be—an employee of the Department of Social and Health Services—just is simply a general practitioner who happens to live in the Point Roberts region. This may have some merit, but I think it distinctly is broadening the scope and object of the original bill."

The Speaker: "Are there further remarks on the point of order?"

Mrs. Wojahn: "Mr. Speaker, the bill as it is presently drafted would place the responsibility for that doctor's actions under the Department of Social and Health Services, so there would be not a license but a conditional
license only. The responsibility of the man's actions would lie with the department. Under the expanded amendment, the Canadian doctor could not be licensed in the state of Washington. Therefore there would be no responsibility, and he would be responsible to no one, in effect. I believe this does substantially expand the scope and object of this bill."

RULING BY THE SPEAKER

The Speaker: "Although the Speaker is sympathetic with the intent of the amendment, I do feel that Reed's Rule 160 sets out that an amendment must be germane or relevant to the subject matter of the original proposition. I think this bill allows Canadian doctors to practice medicine within the Department of Social and Health Services. The amendment by Representatives Bluechel and Hansey would allow Canadian doctors to engage in the private practice of medicine, and I think therefore, it is beyond the scope and object of the bill, and I would rule it in violation of Rule 32, and uphold the point of order of Representative Wojahn."

PERSONAL PRIVILEGE

Mr. Hansey: "Mr. Speaker, ladies and gentlemen of the House: This attempt of putting this amendment on this bill, which we felt would be a suitable vehicle for it, was made in all sincerity. There is a very unique problem in the area of Point Roberts, where, as the bill addresses itself, has water on three sides of it and the Canadian border on the other side. In order for people to receive medical attention, they must have the people drive either 50 miles to Bellingham or 30 miles to Blaine, Washington, to get medical treatment there. The only point I would like to make is that since you have ruled this way, we do have a bill that was introduced, and it is in the Committee on Social and Health Services, and I would respectfully request that this measure does get prompt attention so that this very unique problem for these people can be solved. Thank you very much."

The Speaker: "Representative Hansey, the Speaker became aware of this amendment and did attempt to warn the makers of the amendment, and I think this bill is a result of that."

MOTION

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and House Bill No. 364 was placed on final passage.

Mrs. Wojahn spoke in favor of the bill.

My reason for asking this is that I received no information whatsoever from my counties, and I wondered if such was the case?"

She is a graduate of Kentridge High School and is majoring in speech and drama at Seattle Pacific College. Beccy was crowned Miss Washington in June of 1972 and represented our state at the Miss America Pageant in Atlantic City in September of last year. I would like to have you welcome Miss Pozzi as my assistant pins a corsage on her."

The Speaker pinned a corsage on Miss Washington.

Mr. Charette: "Members of the House—Miss Pozzi."

Miss Pozzi: "Thank you. It is a great honor to be introduced to the House of Representatives of our beautiful Evergreen State. It has also been an honor for me to represent the state and to go back to the Miss America Pageant. I would also like to say that I did appreciate the prayer this morning. It is great to see that we are still looking for guidance from God in the decisions we are making. I know how busy you are, so I won't take too much of your time, but I wanted to share with you an experience I had when I was back in California. It was during my term as Sea Fair Queen, and I had a chance to meet Governor
Reagan. In the afternoon we had lunch with his wife and later on the community queen from Sacramento and I went to meet him. She spent most of the time talking with him. I was kind of standing in the background. Finally I thought I had to do something to let him know the state of Washington is here, too, so finally I went up to him and I said, 'Oh, by the way, I had the privilege of talking with your wife and she said to say hello.' So I do realize how busy you are, and once again I would like to thank you for inviting me to come today.'

Such review and approval shall apply to the establishment of any new post secondary vocational-technical institution regardless of its organizational structure, including community college vocational-technical facilities."

POINT OF ORDER

Mr. Julin: "Representative Flanagan has an amendment on the desk to this measure that I believe should be considered ahead of this one, in view of the fact that it begins on page 1."

RULING BY THE SPEAKER (MR. CHARETTE PRESIDING)

The Speaker (Mr. Charette presiding): "Mr. Julin, the Speaker believes that your point is not well taken, as Mr. Flanagan's amendment strikes the matter. I believe that under the rules of House, we are required to first perfect before we strike. Your point is not well taken."

POINT OF INQUIRY

Mr. Smythe yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "In order to clarify legislative intent, I would like to ask you: In section one, the terms 'vocational skill center' and 'vocational-technical institute' are defined separately in subsections (5) and (6). In your amendment you refer to 'vocational-technical institution' without specifying 'vocational skill center' and I want some assurance, in your opinion, is the vocational skill center included in your amendment?"

Mr. Smythe: "Representative Douthwaite, if you will look at the amendment, the last line says 'Such review and approval shall apply to the establishment of any new post secondary vocational-technical institution...' (not institute but institution) 'regardless of its organizational structure...'. We put 'including community colleges' to clearly define that such was also included in it, but that does include skill centers."

Representatives Adams and Kalich appeared at the bar of the House.

With the consent of the House, Mr. King withdrew the amendments.

On page 4, section 5, line 12 strike all of section 5 and renumber the remaining sections consecutively

POINT OF INQUIRY

Ms. Maxie: "Would Representative Hoggins yield to question?"

Mr. Hoggins declined to yield to question.

Ms. Maxie spoke in favor of adoption of the amendment, and Mr. King closed debate, speaking again in favor of the amendment.

The amendment by Mr. King to House Bill No. 415 was adopted on a rising vote.

On page 1, section 1, after line 7 strike the balance of the bill and insert the following:
"The legislature declares that its purpose is to provide effective and efficient delivery of vocational education services within the common schools and the community colleges.

NEW SECTION. Sec. 2. To assure effective and efficient delivery of vocational education services, a special committee is appointed by the governor to propose a plan to the executive and legislative branches of the government prior to the 1974 special session. Said committee will include a representative from each of the following groups--labor, business, agriculture, and the professions--and the following individuals--the Superintendent of Public Instruction, the Director of the State Board for Community College Education, and the Director of the Coordinating Council for Occupational Education.

NEW SECTION. Sec. 3. The special committee will study but not be limited to the following issues:
(1) Manpower needs of the state,
(2) Need for additional vocational facilities,
(3) Means of providing coordination of services without the duplication of facilities,
(4) Means by which advisory councils can be made more effective,
(5) Means by which vocational preparation can include on-the-job experience,
(6) Need for a common fee structure within post secondary programs,
(7) Need for a common data base with a unified system for reporting secondary and post secondary vocational enrollments and activities,
(8) Need for a common process for submitting operating budget requests, establishing priorities, and allocating funds,
(9) Means of providing greater opportunities for students to transfer between all institutions of secondary and post secondary education and,

(10) Means by which a common planning process for secondary and post secondary vocational education can be developed.

In complying with subsection 10 above, the special committee will work with the Council on Higher Education or its successor if established pursuant to Section 1202 of the education amendments of 1972 (Public Law 92-318) in order to assure consistency with the state's plan for post secondary education.

NEW SECTION. Sec. 4. NEW SECTION. Sec. 5. The special committee will make progress reports as requested to the Joint Committee on Education and the Joint Committee on Higher Education or to their successor committees.

NEW SECTION. Sec. 6. The special committee during the course of its study will hold such public meetings as is deemed necessary and will consult with members of the trades, professions, and organizations for the purpose of determining the needs for vocational preparation.

NEW SECTION. Sec. 8. This 1973 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1973."

POINT OF ORDER

Mr. Hoggins: "I rise to ask the Chair's ruling as to whether or not this amendment is beyond the scope and object of the bill."

RULING BY THE SPEAKER (MR. CHARETTE PRESIDING)

The Speaker (Mr. Charette presiding): "The question is whether or not the amendment by Representative Flanagan is within the scope and object of the bill. In ruling on the point of order on scope and object, House Bill No. 415 is an act relating to education, extending certain sections, and providing for vocational-technical institutes and their establishment and expansion, giving the Superintendent of Public Instruction administrative power. The amendment by Representative Flanagan, as it appears to the Speaker, postpones the establishment of such schools until 1974 and provides for a study. It seems that it is within the same subject matter, and under Rule 32 of the House Rules would be within the scope and object. Your point if not well taken."
On motion of Mr. Julin, the following amendments to the amendment by Mr. Flanagan were adopted:

On page 1, section 2, line 6 after "committee" strike "is" and insert "shall be"
On page 1, section 3(5), line 21 after "on-the-job" strike "experience" and insert "training"

The Speaker (Mr. Charette presiding) stated the question before the House to be the amendment by Mr. Flanagan as amended by Mr. Julin.

Mr. Flanagan spoke in favor of the amended amendment.

Mr. Conner demanded an electric roll call, and the demand was sustained.

Representatives Leckenby, Matthews and Benitz spoke in favor of the amendment by Mr. Flanagan as amended, and Representatives Smythe, Bauer and Hoggins spoke against it.

POINT OF ORDER

Mr. Benitz: "I raise the question as to whether Representative Hoggins is speaking specifically to the amendment before us."

RULING BY THE SPEAKER (MR. CHARETTE PRESIDING)

Mr. Speaker (Mr. Charette presiding): "The Speaker believes that the amendment as amended calls for a study, and that Representative Hoggins, within the Rules of the House, is talking about studies generally, and specifically about the study that is proposed by Representative Flanagan's amendment. Your point of order is not well taken. Proceed, Mr. Hoggins."

Mr. Hoggins concluded his remarks in opposition to the amendment, and Mr. King spoke in favor of it.

Mr. Flanagan spoke again in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Hoggins yielded to question by Mr. Smythe.

Mr. Smythe: "Representative Hoggins, I am a little confused as to who actually comprised the previous study group. It sounds like we actually have a duplication of the same bodies. Is this right or wrong?"

Mr. Hoggins: "Representative Smythe, I am glad you asked that question because I also thought I heard that the people who were involved in the last study were not the ones who participated. Here are the people involved in the last study: The Coordinating Council for Occupational Education, in cooperation with the Superintendent of Public Instruction; the State Board for Community Colleges; the Washington State Advisory Council for Vocational Education;
the Governor's Manpower Coordinating Committee, including its areawide manpower coordinating committees; and the Washington Vocational Associations, Joint Vocational-Rehabilitation Study Committee. In addition to that, there is a whole host of people that are identified in this report, from pages 185 to 189 that were consulted in relation to this study. The majority of these people--are all firms--businessmen--that Representative Flanagan alluded to, so I would indicate that ample input has been made."

POINT OF INQUIRY

Mr. Benitz: "Will Representative Hoggins yield to question?"

Representative Hoggins refused to yield to question.

Mr. Thompson demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion to advance Engrossed House Bill No. 415 to third reading and final passage, and the motion was carried by the following vote: Yeas 67; nays, 31; not voting, 0.

POINT OF INQUIRY

Mr. Benitz yielded to question by Mr. Leckenby.

Mr. Leckenby: "Representative Benitz, I have frequently made the statement that at least fifty percent of our tax dollar goes for reelection purposes. Would you say that figure is approximately true?"

Mr. Benitz: "Goes for...? I didn't get the word."

Mr. Leckenby: "It goes to help our reelection program. It goes to help get votes at the next election. That we spend about fifty percent of our tax dollar for the benefit of the public and the other for reelection..."

POINT OF ORDER

Mr. King: "It seems to me this is not in the nature of a question, but rather an attempt to impugn the motives of members of the body."

RULING BY THE SPEAKER (MR. CHARETTE PRESIDING)

The Speaker (Mr. Charette presiding): "Your point of order is well taken."

Mr. Curtis spoke against passage of Engrossed House Bill No. 415.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 415, and the bill passed the House by the following vote: Yeas, 54; nays, 44; not voting, 0.

Engrossed House Bill No. 415, having received the constitutional majority, was declared passed. There being
no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. Chatalas, Engrossed House Bill No. 415 was ordered transmitted immediately to the Senate.

MOTION

Mr. Swayze moved that the Committee on State Government be relieved of HOUSE CONCURRENT RESOLUTION NO. 24, and it be placed at the top of today's second reading calendar.

The Speaker resumed the Chair.

Representative Swayze spoke in favor of the motion, and Representative Charette spoke against it.

POINT OF ORDER

Mr. Swayze: "Mr. Charette is wandering far astray from the motion which is before us."

The Speaker: "If I understand the motion, it is to bring out House Concurrent Resolution No. 24, which deals with the subject matter he is discussing. You may continue, Representative Charette."

Mr. Charette concluded his remarks in opposition to the motion, and Mr. Pardini spoke in favor of it.

Mr. Beck spoke against the motion by Mr. Swayze.

POINT OF ORDER

Mr. Eikenberry: "Mr. Speaker, I request that the words of Representative Beck impugning the motives of the persons who introduced this resolution be taken down, and that matter be considered by the body."

Mr. Beck: "There is no name on my copy of the resolution."

The Speaker: "Representative Eikenberry, would you direct us to the rule that you are bringing before the body?"

Mr. Eikenberry: "Mr. Speaker, I first refer to Reed's Parliamentary Rules which provide that '...objectionable words should be taken down after the remarks of the member have been finished.' The rule also states that 'The modern rule is that they should be taken down at once, or as soon as may be, after utterance. Thereupon, at once, action is to be had by the assembly.' That is Rule 223. I also refer the Speaker to House Rule 53."
RULING BY THE SPEAKER

The Speaker: "Mr. Eikenberry, in ruling on your point of order, I do not think the point of order is well taken, because I think it would have to be impugning the motives of a member's vote or argument. And I don't know if the word 'hero' impugns a person's motives to any degree on this matter. The Speaker would rule that your point of order is not well taken, but I would also ask Mr. Beck to keep within the bounds of the rule set forth, which is Rule 49, that the member '...shall confine himself to the question under debate, and avoid personalities; and no member shall impugn the motive of any member's vote or argument.' I think we should all keep this well in mind, but the word 'hero,' I think, would not quite come within that description."

PARLIAMENTARY INQUIRY

Mr. Eikenberry: "Mr. Speaker, may I inquire as to whether this ruling then means that a member is free to say that any motion or bill is being offered for no other purpose than to attract public notoriety, and that it has no substance on its own merits?"

The Speaker: "Representative Eikenberry, in my years of experience here in the legislature, I have heard this said many, many times, and I have accepted it. I would be happy to take it under advisement and discuss it with the other various leaders. If this past practice, in the minds of the leadership on both sides, is beyond what we would say is within the discretion and is an impugnment of the motives, then I would be happy to take that under advisement. In the past it is a practice that has been used, and I think it, too, could go too far. I didn't think Mr. Beck had, on this occasion, but I do think all the members should keep away from personalities. I would rule I think in rather strict enforcement of that."

Representative Beck concluded his remarks in opposition to the motion by Mr. Swayze.

Representatives Newhouse, Curtis and Eikenberry spoke in favor of the motion by Mr. Swayze, and Mr. O'Brien spoke against it.

Mr. Beck spoke again in opposition to the motion.

Mr. Pardini demanded an electric roll call, and the demand was sustained.

Implementing the law of savings and loan associations.

EXPLANATION OF VOTE

I voted "no" on Engrossed House Bill No. 79, which would expand the authority of savings and loan associations far beyond present law, and gives them special privileges without accompanying responsibilities for other services. Savings and loan associations were created for specific purposes to help finance building and remodeling and when they move into wider fields they should add other major services.

I also would be willing to serve on a conference committee, if one is necessary.

HAL ZIMMERMAN, 17th District.

EXPLANATION OF VOTE

Although I am recorded as not voting on Engrossed House Bill No. 79, due to a malfunction of the recording machine, I voted "yes."

STATEMENT FOR THE JOURNAL

Due to the fact that the Labor Committee was still hearing testimony and had not adjourned until approximately 20 minutes after the commencement of the House session this morning, I was unable to vote on Engrossed House Bill No. 79. I would have voted "aye."

Engrossed House Bill No. 337, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

POINT OF ORDER

Mr. Patterson: "I would like to know whether or not I was registered on that vote."

The Speaker (Mr. O'Brien presiding): "You are registered as not voting."

Mr. Patterson: "I did vote. There must be something wrong with the machine."

The Speaker (Mr. O'Brien presiding): "Prepare a statement and have it inserted in the Journal explaining that your mechanism was faulty."

POINT OF ORDER

Mr. Charnley: "I think Mr. Patterson's vote was not the only one that was not recorded. I would like to suggest that we have a revote, or else you are going to have a flood of names on paper asking to make sure their names are in."

The Speaker (Mr. O'Brien presiding): "Just insert a statement in the Journal showing the way you wanted to vote. There were only a few not voting on the last roll call."
MOTION FOR RECONSIDERATION

Mr. Morrison, having voted on the prevailing side, moved that the House do now reconsider the vote by which Engrossed House Bill No. 337 passed the House.

The Speaker (Mr. O'Brien presiding): "I might tell you, Mr. Morrison, that most of the members who didn't vote were not present. This has happened before and in such an instance the practice has been for the member to designate how he wanted to vote and insert that statement in the Journal."

WITHDRAWAL OF NOTICE OF RECONSIDERATION

There being no objection, Mr. Morrison withdrew his notice of reconsideration of Engrossed House Bill No. 337.

EXPLANATION OF VOTE

Due to a malfunction of the voting machine, certain members were recorded as not voting. The record should indicate a "yes" vote as we were present and supported House Bill No. 337 as amended.

MAX BENITZ, 8th District; DALE E. HOGGINS, 21st District; MARC GASPARD, 25th District; E. G. "Pat" PATTERSON, 9th District; MIKE PARKER, 29th District.

HOUSE BILL NO. 346, by Representatives Swayze, Knowles and Eikenberry (by Department of Social and Health Services request):

Implementing law of detention of juveniles.

The bill was read the second time.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and House Bill No. 346 was placed on final passage.

Mr. Swayze spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Swayze yielded to question by Mr. Zimmerman.

Mr. Zimmerman: "Representative Swayze, on line 26, where it says that the '...court shall also provide necessary detention facilities and services...' would that require all thirty-nine counties to be in a position where they would have to build new facilities--separate facilities--for this purpose, or do you feel that it is discretionary to the extent that they can use or adapt to facilities that are presently available?"

Mr. Swayze: "It is not the intent of this measure to mandate the construction of any new facilities. The intent of this is to make sure that until final disposition of a juvenile case is made, and while he is under the
jurisdiction of the juvenile court, that the juvenile court use its juvenile detention facilities in the particular area—whatever those might be—rather than requiring that those juveniles be taken to jail or some other facility for adults.”

House Bill No. 32 was ordered engrossed.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 32 was placed on final passage.

Mr. Charnley spoke in favor of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 32, and the bill passed the House by the following vote: Yeas, 96; nays, 0; not voting, 2.

Not voting: Representatives Hansen, Julin.

Engrossed House Bill No. 32, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

POINT OF ORDER

Mr. Charnley: "Mr. Speaker, I would request that you inform the membership of the nature of the problem of the voting machine. It is my understanding that we will have to watch our buttons because when the total button is pressed, it cancels all the other buttons, and I think everyone should be informed so they know how to handle this."

The Speaker (Mr. O'Brien presiding): "Everyone voted who was present that time, so there is no problem. We would just like to have you wait for a second or so until the clerk pushes his button and everything will function properly, but the last vote was pretty near perfect."

The bill was read the second time.

On motion of Mr. King, the committee amendment to page 2, line 6 was adopted.

Mr. King moved adoption of the committee amendment to page 5, line 32.

Representative King spoke in favor of the committee amendment, and Representatives Brown and Pullen spoke against it.

Mr. King spoke again in favor of the amendment, and the committee amendment was adopted on a rising vote.

House Bill No. 601 was ordered engrossed.

Mr. Conner moved that the rules be suspended, the second reading considered the third, and Engrossed House Bill No. 601 be placed on final passage.

The motion was lost.

Engrossed House Bill No. 601 was passed to Committee on Rules for third reading.

HOUSE BILL NO. 34, by Representatives Parker, Fortson, Erickson and Sommers:

Authorizing precinct committeemen to register voters.
Mr. King moved adoption of the committee amendment to page 1, line 16.

The committee amendment was adopted on a rising vote.

Mr. King moved adoption of the committee amendment adding new sections two and three.

Mr. King spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. King yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "Representative King, I apologize for not having worked this out in advance, but I want to be sure that we are saying the same thing here—that if the precinct committeeman is appointed as a deputy registrar, that he then does not have further responsibilities beyond signing the certificate. I don't see the language here that says the applicant then mails it in to the auditor himself."

Mr. King: "That language is in the other House bill. If House Bill No. 601 should not pass, and this should pass, then the precinct committeeman would operate under existing law. If House Bill No. 601 passes, it would supersede existing law."

Mr. Kuehnle: "Is there a reason that the same language was not incorporated in this bill? It seems to me that language is absolutely imperative, and for the reasons that you have expressed. Speaking to the amendment on House Bill No. 601, it would seem to me that it is a dangerous procedure here to let this bill go through without that provision in it, just on the assumption that maybe House Bill No. 601 will pass."

Mr. King: "House Bill No. 601 dealt with voter registration procedures. House Bill No. 34 deals with making precinct committeemen deputy registrars. It is a separate subject. We did discuss this in committee, with committee counsel, with the Secretary of State's Office, and in terms of the scope and object of the two bills, it was determined that the language should be in House Bill No. 601. I think it is highly unlikely that House Bill No. 34 would pass without House Bill No. 601 passing."

The committee amendment was adopted.

MOTION

Mr. Swayze moved that further consideration of House
Bill No. 34 be deferred, and that it take its place at the bottom of today's second reading calendar.

Representatives Swayze and Pardini spoke in favor of the motion, and Mr. Thompson spoke against it.

The motion by Mr. Swayze was lost.

On motion of Mr. King, the committee amendment to the title was adopted.

House Bill No. 34 was ordered engrossed.

Mr. Conner moved that the rules be suspended, the second reading considered the third, and Engrossed House Bill No. 34 be placed on final passage.

Mr. Van Dyk demanded an electric roll call, and the demand was sustained.

Mr. Pardini spoke against the motion.

ROLL CALL

The Clerk called the roll on the motion to advance Engrossed House Bill No. 34 to third reading and final passage, and the motion was lost by the following vote: Yeas, 53; nays, 41; not voting, 4.

Not voting: Representatives Hansen, Julin, Leckenby, Rabel.

Engrossed House Bill No. 34 was passed to Committee on Rules for third reading.

EXPLANATION OF VOTE

On the motion to suspend the rules, and advance Engrossed House Bill No. 34 to third reading and final passage, I intended to vote "yes" instead of "no."

ERIC O. ANDERSON, 19th District.
STATEMENT FOR THE JOURNAL

The move to suspend the rules and advance the newly amended Engrossed House Bill No. 34 to third reading was opposed because the third committee amendment was not in the bill books. Our move to hold the bill on second reading was defeated, denying members their right to even see the amendment.

THOMAS A. SWAYZE, JR., 26th District; SID W. MORRISON, 15th District; IRVING NEWHOUSE, 15th District; A. J. PARDINI, 6th District.

HOUSE BILL NO. 175, by Representatives King, Jueling and Warnke (by Public Employees' Collective Bargaining Committee request):

Making certain amendments to the public employees' collective bargaining.

The bill was read the second time.

The Speaker (Mr. O'Brien presiding) declared the House to be at ease.

The Speaker called the House to order.

The House resumed consideration of House Bill No. 175.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and House Bill No. 175 was advanced to third reading and final passage.

Representatives King, Morrison and Savage spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. King yielded to question by Mr. Amen.

Mr. Amen: "Representative King, just for clarification, you mentioned that this was permissive legislation. Now this is not permissive as far as the employee having to pay the dues. Is this right? It is just permissive as to where it would go, but the employee would still have to pay the dues? Is this right?"

Mr. King: "The answer to that is it depends on whether or not the contract between the public employer and the employee group includes a union security clause. Union security could range from maintenance of membership--which means that once the bargaining unit has been set, if you belong to a union, you can't get out of it until a new contract comes along--through a wide variety of different types of union security--agency shops, union shops. If they have a union shop, the answer to your question would be 'yes, they would have to pay dues.' If they have maintenance of membership they would not. If it wasn't in the contract, they would not have to. So there is no simple answer. It allows union security clauses to be
negotiated. It is my understanding that this procedure is now occurring in many areas of public employment. It is not occurring in some others because of a difference of opinion between the various prosecuting attorneys in this state and their advice that is given to counties. Some counties do it and some don't."

POINT OF INQUIRY

Mr. King yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative King, to clarify what Representative Amen asked you, I want to specifically ask you: The original language said 'A collective bargaining agreement may provide that...the public employee deduct...'. Now that is crossed out and it says 'Upon written authorization of any public employee...the public employee shall deduct...'. Isn't that changing it from being subject to negotiation to making it mandatory that the public employee deduct union dues?"

Mr. King: "That is correct. I'm sorry I completely overlooked that. It does include what they call an automatic dues check-off feature."

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 175, and the bill passed the House by the following vote: Yeas, 87; nays, 9; not voting, 2.

Not voting: Representatives Hansen, Julin.

House Bill No. 175, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

HOUSE BILL NO. 176, by Representatives King, Swayne, Savage, Bauer, Clemente, Knowles and Laughlin (by Public Employees' Collective Bargaining Committee request):
Creating public employees collective bargaining unit for police and fire departments.

MOTION

On motion of Mr. Savage, Second Substitute House Bill No. 176 was substituted for House Bill No. 176, and the second substitute bill was placed on the calendar for second reading.

Second Substitute House Bill No. 176 was read the second time.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Second Substitute House Bill No. 176 was placed on final passage.

Representatives King and Savage spoke in favor of the bill.

POINT OF INQUIRY

Mr. Savage yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Savage, I recognize that this is a significant and major step in the area of labor relations, particularly with the class of employees with which we are dealing. There aren't many labor disputes, and now we are going to this arbitration process. If the fact-finding board comes back with the recommendation, as I understand it, it is binding on both parties. Is there any mechanism in the event of a city or town or municipality which does not have the money to meet the conditions of this fact-finding board? Where do they go from there?"

Mr. Savage: "The fact-finding panel doesn't make the final determination. All they can do is to help gather information. It provides opening up the financial records, etc., so that the negotiators know exactly what they are negotiating on, and before it gets down to arbitration, it is a more sophisticated bid. The fact-finding panel will have finished its work, and the arbitration then beginning 45 days after negotiation, after mediation and fact-finding has started, then this other panel--the arbitration panel--would be appointed and they are the ones that make the final report. I believe perhaps, to further answer your question, if the parties agreed, up to this point, they have to agree to the final recommendations of the arbitration. It would have to be brought out in the facts in the first panel if they are going to avoid getting into the arbitration. If they reach arbitration on that last final stage, then they would have to agree to it."

Mr. Pardini: "In other words, the results of the arbitration board coming back--those results are binding on both parties regardless of the consequences?"

Mr. Savage: "That's right."
Representatives Morrison and Leckenby spoke in favor of passage of the bill.

Mr. Savage spoke again in favor of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Second Substitute House Bill No. 176, and the bill passed the House by the following vote: Yeas, 94; nays, 1; not voting, 3.

Second Substitute House Bill No. 176, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Substitute House Bill No. 208 was placed on final passage.

Representatives Sommers, North (Lois) and Patterson spoke in favor of the bill.
POINT OF INQUIRY

Mrs. North (Lois) yielded to question by Mr. Morrison.

Mr. Morrison: "This living, breathing law change which you have described, will it have any negative impact on certain arrangements which have now been made in our counties such as the leasing by a county to a corporation of fairground property, for instance, or will this only make this process simpler?"

Mrs. North: "I think, Representative Morrison, this will update and make the process more simple. I think there is no danger involved in what we are doing at all because the safeguards are spelled out in the substitute bill."

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 208, and the bill passed the House by the following vote: Yeas, 95; nays, 0; not voting, 3.

Not voting: Representatives Adams, Hansen, Julin.

Committee on Labor recommendation: Majority, do pass with the following amendment:

HOUSE BILL NO. 489, by Representatives Perry, Charette, Thompson, Barden, Paris and Ceccarelli:

Allowing bargaining units of public employees to be union shops.

The bill was read the second time.

Mr. Pardini moved adoption of the following amendment:

On page 2, section 1, line 5 after "by" strike "a majority of those voting" and insert "an affirmative vote of a majority of those persons who belong to the bargaining unit"

Mr. Pardini spoke in favor of the amendment.

Mr. Conner demanded a Call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll and all members were present except Representatives Adams and Hansen.

On motion of Mr. Thompson, the absent members were excused, and the House proceeded with business under the Call of the House.

The Speaker stated the question before the House to be the amendment by Mr. Pardini to House Bill No. 489.

Mr. Thompson demanded an electric roll call, and the demand was sustained.

Mr. Perry spoke against adoption of the amendment.

POINT OF INQUIRY

Mr. Perry yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "I appreciate the truth in what you have just said. What I am interested in, I think, relates to the Pardini amendment. How are people notified to show up at this election? Is the procedure properly safeguarded so that the chances are good, or do we have a guarantee that a majority of the membership will show up? You know how it could be otherwise if it was not well done. Could you articulate on that?"

Mr. Perry: "Both the state personnel board and the Higher Education Personnel Board regulations provide for elections to determine the exclusive representative. However, the specific procedures are not a part of the rules themselves. Both boards, however, use the standard procedures developed by the National Labor Relations Board in conducting elections, which in summary is as follows:
Upon petition for an election, the director will call a meeting of the petitioning organization, the appointing authority for the bargaining unit, and himself. Determination will be made as to the type of election—whether it be mail ballot or on site, the date of the election, the form for the ballot, the tabulating procedure of the election results, and the method of handling any challenges. It is usually agreed in advance by all parties as to who will be allowed to vote based on a current payroll run, the type of information disseminated to the qualified voters and the rules of the road on electioneering. 

"This is a standard N.L.R.B. procedure that is used in every union election in the United States."

Representatives Douthwaite and Moon spoke against adoption of the amendment by Mr. Pardini, and Mr. Morrison spoke in favor of it.

Mr. Pardini closed debate, speaking again in favor of the amendment.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Mr. Pardini to House Bill No. 489, and the amendment was lost by the following vote: Yeas, 34; nays, 62; not voting, 2.

Not voting: Representatives Adams, Hansen.

STATEMENT FOR THE JOURNAL

I wish the Journal to show that I voted for the amendment by Representative Pardini on House Bill No. 489 by error.

JOE D. HAUSSLER, 7th District.

Mr. Perry moved adoption of the following amendment: On page 2, line 25 after "union," strike "for services rendered," and insert "for purposes within the program of the union as designated by such employee that would be in harmony with his individual conscience."

Representatives Perry and Curtis spoke in favor of
the amendment, and the amendment was adopted.

On motion of Mr. Perry, the following amendment was adopted:

Mr. Thompson declined to yield to question.

Yeas, 58; nays, 38; not voting, 2.

MOTION

Mr. Swayze moved that the Committee on Ways and Means - Revenue be relieved of HOUSE BILL NO. 1, and it be placed before the House on second reading.

Mr. Swayze spoke in favor of the motion.

POINT OF ORDER

Mr. O'Brien: "It would appear to me, Mr. Speaker, that Mr. Swayze should confine his remarks to the merits of the bill and why it should be placed on the calendar for second reading and not to go into a general discussion on the wherewithal or motives of this legislative session. It appears that if there is some merit to his motion, he should state it rather clearly and not beat around the bush."

The Speaker: "I think Representative O'Brien's remarks are well taken except for the beating around the bush. If you would please confine your remarks to the motion before us, Representative Swayze."

Mr. Swayze continued his remarks in favor of the motion.
POINT OF ORDER

Mr. O'Brien: "I rise to a point of order now that he is impugning the motives of some of the members of this House. Mr. Swayze is completely out of order and he is in violation of our House Rules."

The Speaker: "Representative Swayze, if you would confine your remarks to the issue before the House."

Mr. Swayze concluded his remarks in favor of the motion.

Mr. Bagnariol spoke against the motion by Mr. Swayze, and Mr. May spoke in favor of it.

Mr. Charette spoke against the motion by Mr. Swayze to relieve the Committee on Ways and Means - Revenue of House Bill No. 1 and place it on second reading.

Mr. Charette concluded his remarks in opposition to the motion.

Mr. Pardini demanded an electric roll call and the demand was sustained.

Representatives Hoggins, Barden and Pullen spoke in favor of the motion by Mr. Swayze, and Representatives Moon, Chatalas and Douthwaite spoke against it.

Mr. O'Brien spoke in opposition to the motion.

POINT OF ORDER

Mr. Swayze: "I am raising against Mr. O'Brien the same point of order he raised against me."

The Speaker: "Representative Swayze, do you wish to deny that you are the Grand Old Party?"

Mr. Swayze: "We are the Grander Young Party, Mr. Speaker."

The Speaker: "The Speaker wishes to note he has looked at the initials of the Grand Young Party."

Mr. Pardini spoke in favor of the motion by Mr. Swayze, and Mr. Kalich spoke against it.

Mr. Charnley demanded the previous question, and the demand was sustained.
ROLL CALL

The Clerk called the roll on the motion by Mr. Swayze to relieve the Committee on Ways and Means - Revenue of House Bill No. 1, and place it on second reading, and the motion was lost by the following vote: Yeas, 42; nays, 54; not voting, 2.

Not voting: Representatives Adams, Hansen.

STATEMENT FOR THE JOURNAL

It was stated by Mr. Swayze in his discussion on the motion to relieve the Ways and Means Committee of House Bill No. 1, that all members who had voted to advance House Bill No. 489, relating to Union Shop Bargaining Units for Public Employees, were "paying their debt to labor" and strongly implied that the members somehow were obligated for their "Yes" vote on House Bill No. 489.

I feel that my motives, and those of many of my colleagues, were impugned by Mr. Swayze and that his motion was made frivolously, in a spirit of pique and through a desire to embarrass members of the majority party.

He was certainly aware that passage of his motion would have upset the orderly procedures of the House and it was obvious that his action was a political ploy designed to make it falsely appear that members, including myself, who strongly favor a feasible tax reform measure which would remove the sales tax on food and drugs, had cast a vote against such reform. I strongly object to this exercise in innuendo, cynicism and sophistry by Mr. Swayze at a time when the membership of this House should be working together to expedite the flow of legislation in an orderly manner, rather than employing divisive tactics to confuse the public and slow down the legislative process.

C. W. "Red" Beck, 26th District.

PERSONAL PRIVILEGE

Mr. Newhouse: "Mr. Speaker, ladies and gentlemen: I would like the Journal to show that earlier in this session, in bipartisan leadership meetings and in Rules Committee, we were assured that if substantive amendments were placed on bills, they would not be bumped until the
pressure of the last day was upon us. I would like to say that the votes on this side of the aisle against bumping House Bill No. 489 were procedural votes. We were voting for an orderly procedure of this House, and I would like to suggest that that vote should not be used in future campaigns as necessarily a vote against the issue. I don't mind if it is used in my case, but I would like this point made."

PERSONAL PRIVILEGE

Mr. Thompson: "Mr. Speaker, I would also like to rise on a point of personal privilege. I would like to comment on Representative Swayze's question to me on the advancement of House Bill No. 489. With regard to the question itself, the leadership on both sides of the aisle has agreed in discussion that the question device is being misused, overused and generally abused in discussion and debate on the House floor, and there has been some effort to limit that. I refused to yield on that basis. Representative Swayze's question nevertheless disturbs me. I am not suggesting he is impugning my motives because he is not that kind of gentleman and member of this House. I want to tell Representative Swayze that we have a misunderstanding, and I, in the future, will attempt to avoid the misunderstanding. The majority party has scrupulously attempted to respect the rights of the minority, and considerable courtesies have been extended in the process. I might merely cite one instance today in which Representative Pardini, alone as the prime sponsor of a measure on the calendar, was accorded the privilege of having consideration of his bill deferred. We are pleased to do that. I hope to, and plan to, continue to work personally in a spirit of cooperation. Thank you."

On motion of Mr. Conner, the House dispensed with further business under the Call of the House.

SECOND READING

HOUSE BILL NO. 520, by Representatives Johnson, Kilbury and Benitz:

Providing for representation of breeders of quarterhorses on the racing commission.

The bill was read the second time.

Mr. Newhouse moved adoption of the following amendment by Representatives Newhouse and North (Lois):

On page 1, section 1, line 11 after "of" strike down to and through "standing" on line 12 and insert "((thoroughbred and/or standard bred horses and he shall be of at least one year's standing)) race horses"

Representatives Newhouse, North (Lois) and Schumaker spoke in favor of the amendment, and Representatives Johnson and Kilbury spoke against it.

The amendment was lost on a rising vote.
On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and House Bill No. 590 was placed on final passage.

Mrs. Johnson spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 590, and the bill passed the House by the following vote: Yeas, 86; nays, 5; not voting, 7.

Voting nay: Representatives Blair, Brown, Freeman, Julin, Polk.

House Bill No. 590, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Mr. Charette, the House advanced to the eleventh order of business.

On motion of Mr. Charette, the House adjourned until 9:00 a.m., Friday, February 16, 1973.

LEONARD A. SAWYER, Speaker.

DEAN R. FOSTER, Chief Clerk.

(6) The legislature may provide additional means for raising moneys for the payment of principal and interest on the bonds authorized herein, and this chapter shall not be deemed to provide an exclusive method for such payment.

(7) Payments from the senior center fund to an authority shall be made by the state treasurer in certification by the department of social and health services in accordance with the contract for financial assistance between the state and the authority.

On motion of Mr. Thompson, the House deferred consideration of House Bill No. 743, and the bill was placed at the bottom of the second reading calendar.

Ratifying federal equal rights amendment.

The resolution was read the second time.

Mr. Kuehnle moved adoption of the following amendments:

1. On page 1, section 1, line 19 after "Section 1." strike down to and including "sex" and insert "Neither the United States nor any state shall make any legal distinction between the rights and responsibilities of male or female persons unless such distinction is based upon physiological or functional differences between them."

2. On page 1, line 19 strike all of sections 1, 2 and 3 down through and including line 25 and insert "Section 1. Equality of rights under the law shall not be denied or abridged by the United States or by any state on account of sex. This article shall not impair, however, the validity of any law of the United States or any state which exempts women from compulsory military service or which is reasonably designed to promote the health, safety, privacy, education, or economic welfare of women, or to enable them to perform their duties as homemakers or mothers.

Section 2. The Congress and the several states shall have power, within their respective jurisdictions, to enforce this article by appropriate legislation.

Section 3. This amendment shall take effect two years after the date of ratification."
3. On page 1, line 22 insert:
"Section 2. The provisions of this article shall not be construed to impair any rights, benefits or exemptions conferred by law upon persons of the female sex."

Renumber the remaining sections consecutively.

4. On page 1, section 2, line 23 after "article" and before the period insert ".', but shall not abrogate any existing legal rights of females under United States Social Security laws or regulations."

5. On page 1, section 2, line 23 after "article" and before the period insert "provided, that this Article shall not apply to military service."

6. On page 1, section 1, line 21 after "sex." insert "The provisions of this article shall not impair the validity; however, of any of the laws of the United States or any state which exempt women from compulsory military service; or intend protections or exemptions to wives, mothers, or widows; or impose upon fathers responsibility for the support of children; or secure privacy to men or women, or boys or girls."

7. On page 2, line 1 after "Washington" and before the period insert the following "PROVIDED, That at the next general election to be held in this state this resolution shall be submitted to the qualified voters of the state for their approval and ratification, or rejection; and BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing resolution of ratification to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state."

POINT OF ORDER

Mr. King: "My point of order is that any amendment to the ratification of a federal constitutional amendment would be out of order. Under the federal Constitution, the state must vote either to ratify or not to ratify the proposed amendment. And I think that takes care of the first six amendments on our desks. The final one has to do with referring our ratification to the people of the state. There are two Supreme Court decisions that bear directly on that case which say that the referendum process for the purpose of ratifying constitutional amendments is not considered part of the legislative process. I supplied the Speaker's attorney with the specific cases in that instance."

POINT OF ORDER

Mrs. Hurley: "I don't have anything to prove it, but it seems to me that this legislative body can amend anything that it so pleases to amend. If an amendment were adopted, of course, it would kill House Joint Resolution No. 10—it would do that, but I think that this body ought to be able to make its decision, and decide whether we want
to kill it this way which would be sort of painless, or some other way, and I don't think we ought to be restricted from doing it."

Mr. Kuehnle: "Mr. Speaker, I would simply point out that week before last, the state of Arkansas, when dealing with exactly the same subject matter that we are dealing with today, did in fact, amend the act, as per the provisions of amendment number 5, which you have on your desks, and ratified the national amendment in that form."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

Mr. Speaker (Mr. O'Brien presiding): "In reply to your point of order, if you will review House Joint Resolution No. 10, it states rather clearly that this is a proposed constitutional amendment to the Constitution of the United States, which was ratified by the 92nd Congress, for submission to the various states for their ratification or rejection. It would further appear that the only choice we would have is to either approve and ratify this House Joint Resolution No. 10, which is a requirement of the United States Constitution, or reject it. So your point is well taken, the amendment is declared out of order."

POINT OF ORDER

Mr. Newhouse: "Mr. Speaker, I would remind the Speaker of the proceedings of this House in 1965 on the proposed constitutional amendment--the so-called Dirksen Amendment--when an amendment by this body was considered."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "That question isn't before us, Mr. Newhouse, and the ruling at that time isn't before us."

POINT OF ORDER

Mrs. Hurley: "Mr. Speaker, I think you should take into consideration the precedent that was established in this body in 1965. I remember very well. I was here. The bill was mine and I remember that I stated on the floor of the House that this was adopted by, I think it was the Council on State Governments, and it had the full support of my friend, John O'Brien. Over my protest, the amendment was adopted, and I had no idea whether our state was then considered as one of those adopting the Dirksen Amendment, but we did adopt the amendment. It was adopted. Whether it failed to ratify then, or not, it seem to me to be a moot question."
RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "It has been brought to my attention in reply to your point of order, Mr. Newhouse, that on the various instances where we have had questions presented to this Washington State Legislature, in regard to ratification of proposed amendments to the United States Constitution by the Congress, this question has never been raised as far as being able to amend such ratifications. I have several here before me on various instances where we have had either to ratify or reject the proposed constitutional amendments by the United States Congress. Apparently, from information given to me, this question wasn't raised and we had to either ratify or reject the constitutional amendment."

POINT OF ORDER

Mrs. Hurley: "I am sure the point was raised."

The Speaker (Mr. O'Brien presiding): "Mrs. Hurley, in 1965, what resolution are you referring to?"

Mr. Hurley: "I think it was Resolution No. 1."

The Speaker (Mr. O'Brien presiding): "And this pertained to what issue?"

Mrs. Hurley: "This pertained to an issue before this House which is familiarly known as the Dirksen Amendment."

The Speaker (Mr. O'Brien presiding): "This resolution that you are referring to pertained to redistricting where we were petitioning the Congress, which isn't the same situation. This a situation where Congress is asking for ratification of an action they did, and in the instance you are referring to, you were petitioning Congress to do something by that one-man, one-vote rule, which is a different situation."

PARLIAMENTARY INQUIRY

Mr. Barden: "Mr. Speaker, if the language presented in Amendment No. 5 by Representative Kuehnle had been inserted in this Joint Resolution by the Code Reviser when it was drafted, would the Joint Resolution be proper for this body to consider?"

REPLY BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The Speaker has ruled that the proposed amendments by Mr. Kuehnle are out of order. However, if Mr. Kuehnle or yourself would desire to petition Congress along a different line, you could then prepare another resolution and set forth what you think should be considered in this overall question of equal rights."
Mr. Barden: "Mr. Speaker, that wasn't my question. My question was: If House Joint Resolution No. 10 had had this language included in it by the Code Reviser, would the House of Representatives have been able to consider House Joint Resolution No. 10 on this floor today?"

The Speaker (Mr. O'Brien presiding): "It would appear that if anything was prepared by the Code Reviser in the preparation of a resolution of this nature, that didn't conform with the words of ratification of the action of the United States Congress, then this wording would be out of order if somebody raised the question."

PARLIAMENTARY INQUIRY

Mr. Kuehnle: "I would like to know, Mr. Speaker, although I disagree with your ruling as regards the first six amendments, that your intent is to deny us the right to attempt to amend or perfect this ratification amendment. I would like to inquire however, and ask the validity of your ruling as it applies to the last amendment, which has nothing to do with changing the wording of the resolution. The last amendment refers this proposition to the people of the state of Washington. I would like to inquire if your ruling is an attempt to deny us the opportunity to refer this to the people for their vote on the subject?"

The Speaker (Mr. O'Brien presiding): "Mr. Kuehnle, in reply to your parliamentary inquiry, (which is actually beside the point) we have already determined that amendments aren't in order to House Joint Resolution No. 10, but as to the question on referring this question to the people, it appears from cases cited in Hawke v. Smith, 253 U.S. 221 (1920) and Leser v. Garnett, 258 U.S. 130 (1922), that this procedure is also prohibited in proper referendum on matters that Congress has approved for ratification to the various states. The state legislatures have that power within themselves either to ratify or reject such proposed amendments to the United State Constitution."

PARLIAMENTARY INQUIRY

Mr. Barden: "Mr. Speaker, if House Joint Resolution No. 10 as it sits before us today contains a typographical error, would this body be empowered by floor amendment to alter the text of House Joint Resolution No. 10?"

The Speaker (Mr. O'Brien presiding): "I hate to use the word 'moot' again. Mr. Barden, in reply to your parliamentary inquiry, the question is not before us."

Mr. Barden: "Mr. Speaker, until I receive your ruling on my point of parliamentary inquiry, I would not know whether or not I could propose an amendment to clear the typographical error."

The Speaker (Mr. O'Brien presiding): "Mr. Barden, what I would suggest is that if there is an error, you
prepare an amendment and we will act on that amendment when we see it."

Mr. Barden: "Mr. Speaker, there is an amendment before you that you ruled was out of order. Are you making a decision as to which amendments are appropriate and which are not, or does the body have the opportunity to make that decision?"

The Speaker (Mr. O'Brien presiding): "It is very difficult to make a decision on this hypothetical question that you are raising, about an error that might be in here, either a drafting error, or typographical error or grammatical error. It appears that nothing like this is in this proposed House Joint Resolution. Therefore there is nothing before us, and the Speaker is not in a position to give you a ruling. I have already ruled that this House Joint Resolution No. 10 is not subject to amendment by this House of Representatives."

POINT OF ORDER

Mr. Kuehnle: "I regret raising this point of order because I believe in a free discussion of the issues, but apparently other people do not. My point of order therefore would be that Joint Rule No. 18, under which our House and Senate operate, states specifically: 'All memorials and resolutions from the legislature addressed to the President of the United States, to the Congress or either House thereof, or to the heads of any other branch of the federal government, shall be in the form of joint memorials...' I would submit that this does constitute, as described, a memorial addressed to the Congress and to the President of the United States. The wording is contained in the language of the Joint Resolution, and it is in the form of a House Joint Resolution, and therefore it is improperly prepared."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "In answer to your point of order, it appears on the basis of many reasons, that it just wouldn't make sense to be able to amend this House Joint Resolution, because it is a question of ratification or rejection. But this doesn't preclude you from using the arguments on final passage of House Joint Resolution No. 10, that you have encompassed in your proposed amendments. If the body at that time wants to go along with you, they have the final determination. So you are not particularly precluded from using the statements that you have inserted in these proposed amendments as an argument to reject this proposed ratification. So you are not particularly closed out. It just—from the parliamentary standpoint—makes sense that this resolution has to go in toto, or else be rejected.

"In further reply to your question, Mr. Kuehnle, on whether this should be a memorial or a resolution, it appears that the Council on State Governments recommended it be put in resolution form, and entitled 'Joint Resolution.' The Code Reviser, after due consideration,
felt this was a stronger method of presentation, by calling it a House Joint Resolution rather than a memorial, so this is the basis for it."

POINT OF ORDER

Mr. Barden: "Mr. Speaker, my point is based on Joint Rule 18, where it says: 'Joint memorials, joint resolutions, and concurrent resolutions, up to and including the signing thereof by the presiding officer of each house, shall be subject to the rules governing the course of bills.' House Rule 28 says: 'Amendments to any bill, resolution or memorial may be offered when the same is on second reading.' Mr. Speaker, if you would please rule as to the effect of the amendments proposed by Representative Kuehnle as they may be affected by Joint Rule No. 18 and House Rule No. 28."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The question before us is whether or not the proposed amendment is germane, and whether or not it just changes the complete object of the bill. Reed's Rules, in several instances on the purpose of an amendment, states rather clearly that it is supposed to be germane and to more or less conform to the proposition. I would refer you to Reed's Rules 131 through 150. The whole question is just a modification of the question. And in this instance, you are confronted with just a single proposition, and you either accept it or reject it."

POINT OF ORDER

Mr. Barden: "Mr. Speaker, I respectfully ask that you rule relative to Joint Rule No. 18. A portion of Joint Rule 18 states that '. . . All memorials and resolutions from the legislature addressed to the President of the United States, to the Congress or either house thereof, or to the heads of any branch of the federal government shall be in the form of joint memorials. . .' Mr. Speaker, House Joint Resolution No. 10 does not appear to be in the proper form. That is one portion of my point of order, relative to Joint Rule No. 18. And the other, of course, is the guarantee that gives the House the right to amend any resolution or memorial before the body."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Mr. Barden, the Speaker has already ruled on this overall question on whether or not you could amend House Joint Resolution No. 10."

Mr. Barden: "Has the Speaker ruled as to whether or not this House Joint Resolution No. 10 is in the proper form?"

The Speaker (Mr. O'Brien presiding): "I have set forth the reasons why the amendment is out of order, and I
am adhering to that position."

POINT OF PARLIAMENTARY INQUIRY

Mr. Newhouse: "In the normal procedures of this body, and of the Senate, all joint resolutions when they pass both bodies are referred to the people for ratification. Would that be then the procedure with this joint resolution?"

The Speaker (Mr. O'Brien presiding): "This question was raised previously, Mr. Newhouse, and I ruled that it has been held that ratification of amendments to the United States Constitution by the Congress is subject to ratification or rejection by the legislature. It isn't subject to referendum to the people."

PARLIAMENTARY INQUIRY

Mr. Polk: "Mr. Speaker, did I understand you correctly to say that the Council on State Governments' recommendation would take precedence over our Joint Rules?"

The Speaker (Mr. O'Brien presiding): "No, I didn't. The question was raised on the format--why we used a resolution instead of a memorial. It was felt that the word 'resolution' had a stronger connotation than 'memorial.' The decision was made to use resolution instead of memorial. It was recommended by the Council on State Governments and various states put it in this form."

Mr. Polk: "I understand that, Mr. Speaker, but did you rule that Joint Rule No. 18 did not say in fact that a joint memorial should be used in this case?"

Mr. O'Brien: "This is interchangeable. The decision was made to use the word 'resolution.'"

POINT OF ORDER

Mr. Kuehnle: "Mr. Speaker, I have just placed on the Clerk's desk another amendment."

Mr. Kuehnle moved adoption of the following amendment:

On page 2, line 1 after "Washington" and before the period insert "PROVIDED, That, at the next general election to be held in this state this resolution shall be submitted to the qualified voters of the state for their approval and ratification, or rejection; and BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing resolution of ratification to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state of Washington"

POINT OF ORDER

Mr. King: "If I heard the amendment correctly, it calls for again referring the action of this body to the
electorate of the state. I would make the same point that I made originally based on two Supreme Court decisions that bear directly, that the referendum power of the legislature is not considered in the ratification process."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Mr. King, in connection with your point of order, your point is well taken. This is set forth in two decisions that I have before me on the question of referendum, on which I have already ruled previously on the points of order that have been raised in connection with House Joint Resolution No. 10. It would appear that the amendment by Mr. Kuehnle relative to referendum is out of order."

POINT OF ORDER

Mr. Kuehnle: "I interpret your decision then to be that this legislature may not under any circumstances refer to the people the language relating to ratification of any constitutional amendment. I would refer to Reed's Rules No. 131: 'The object of an amendment is to so change the main proposition that it may more nearly conform to the judgment of the assembly. Were it not for the right to amend, the assembly would be obliged to take one of two courses, either of which might not express its convictions. To accept a proposition which was not wholly satisfactory, or to reject one which in many respects was suitable, was a hard alternative; yet this alternative was the one presented to the Corps Legislatif of France under the first Consulate. With no right to originate a proposition, and no right to amend it, the Corps Legislatif hardly seemed a deliberative body.

"In all modern assemblies the right to originate and the right to amend are undisputed.'

"I would submit then that we are being denied the right to amend and we are also being denied the right to submit the proposition to the people."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "In this instance, Mr. Kuehnle, we only have the proposition before us--either ratification or rejection of this proposed constitutional amendment to the United States Constitution. The members of Congress had the right to amend this proposal, and they did. It was fully debated in the Congress of the United States, and so all we have before us is either ratification or rejection of what that deliberative body did on the occasion when they presented this to the various states for their ratification or rejection. Therefore your instant case is very simple--you either accept it or reject it. The arguments you used can be used on final passage of this resolution, so your arguments are not precluded."

MOTION

Mr. Chatalas moved that the rules be suspended, the
second reading considered the third, and House Joint Resolution No. 10 be placed on final passage.

Mr. King demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on House Joint Resolution No. 10 to third reading and final passage, and the motion was carried by the following vote: Yeas, 81; nays, 16; not voting, 1.

Not voting: Representative Hansen.

Mr. Barden raised the question of consideration on House Joint Resolution No. 10.

PARLIAMENTARY INQUIRY

Mr. Perry: "For the benefit of the new members, would you explain the question of consideration?"

The Speaker (Mr. O'Brien presiding): "A vote 'aye' means that you want the issue to be considered. A vote 'no' means that you do not want the issue to considered at this time."

Mr. King demanded an electric roll call, and the demand was sustained.

PARLIAMENTARY INQUIRY

Mr. King: "Mr. Speaker, would you explain again the matter before us?"

The Speaker (Mr. O'Brien presiding): "The question before you is the question of consideration of House Joint Resolution No. 10. A vote 'aye' means that you wish to consider House Joint Resolution No. 10 at this time. A vote 'no' means that you do not wish to consider House Joint Resolution No. 10."
ROLL CALL

The Clerk called the roll on the question of consideration of House Joint Resolution No. 10 raised by Representative Barden, and the question of consideration received the following vote: Yeas, 86; nays, 11; not voting, 1.

Not voting: Representative Hansen.

STATEMENT FOR THE JOURNAL

I wish the record to show that I misinterpreted the question of consideration on House Joint Resolution No. 10. I intended to vote "aye."

DALE E. HOGGINS, 21st District.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be House Joint Resolution No. 10 on final passage.

Representatives Beck, North (Lois) and Smythe spoke in favor of passage of House Joint Resolution No. 10, and Representative Hurley spoke against it.

POINT OF INQUIRY

Ms. Sommers yielded to question by Mr. Laughlin.

Mr. Laughlin: "Will this amendment force women who are holding current positions to do heavy manual labor?"

Ms. Sommers: "It is my opinion, Representative Laughlin, that it would not, and I would like to refer to a specific case of this sort of treatment which occurred right here in this state. About eighteen months ago I received a letter from a woman who was employed in a paper mill in Camas, in which she stated to me in the letter that women who have been employed for a considerable period of time, and who generally were in their 50's or early 60's, and who had been doing either clerical work or work at machinery at which they were seated—they were not doing any kind of carrying—were being forced or strongly requested by their employer to change jobs and do heavy,
manual labor. The reason given by the employer--by the supervision--was that we had just recently passed in this state a law which prohibited discrimination against women on the basis of sex. And therefore, they were within their rights to assign women to these tasks. I communicated with these women a number of times. It is my understanding that if the facts of the case were as stated in the letter, that this attempt, or these acts, by this employer, were something which labor people tell me is called manipulation of the labor force, and that they were in violation of employment practices. If that kind of thing occurs, I would urge the persons involved to contact the National Labor Relations Board and immediately outline the facts of the case and ask for them to take jurisdiction."

Representatives Conner, Swayne, Savage, Charette, Leckenby, Charnley and Brown spoke in favor of passage of the resolution.

Representatives Kuehnle, May and Schumaker spoke against it.

POINT OF INQUIRY

Mr. Julin yielded to question by Mr. Lysen.

Mr. Lysen: "There was one other aspect that occurred to me during the course of the discussion this morning. There is a lady in my district who is just turning 62 in March and is going to get her social security. (She happens to be my mother, so I have kind of a deep interest in this, since she has been a strong supporter of mine.) She worked all her life as a registered nurse. I would like to ask: Would this jeopardize her right to draw social security when she is 62? Will she have to wait until she is 65? I think this is a real basic question here."

Mr. Julin: "Representative Lysen, my opinion is that the passage of this measure would in no way jeopardize the presently vested social security benefits of any member of our society who is eligible for those rights as they now are. I think you need not be concerned about the loss of social security benefits."

Mr. Charette demanded an oral roll call and the demand was sustained.

Mr. Parker demanded the previous question and the demand was sustained.

Mrs. North (Lois) closed debate, speaking again in favor of passage of the resolution.

ROLL CALL

The Clerk called the roll on the final passage of House Joint Resolution No. 10, and the resolution passed the House by the following vote: Yeas, 78; nays, 19; not voting, 1.

Not voting: Representative Hansen.

House Joint Resolution No. 10, having received the constitutional majority, was declared passed.

Authorizing precinct committeemen to register voters.

Engrossed House Bill No. 34 was read the third time and placed on final passage.

Representatives Parker and King spoke in favor of passage of the bill, and Representative Brown spoke against it.

POINT OF INQUIRY

Mr. Pullen: "Will Representative Parker yield to question?"

Representative Parker declined to yield to question.

Mr. Pullen: "Will Representative Fortson yield to question?"

Representative Fortson declined to yield to question.
Mr. Pullen: "Will Representative Erickson yield to question?"

Representative Erickson declined to yield to question.

Mr. Pullen: "Will Representative Sommers yield to question?"

Representative Sommers declined to yield to question.

Mr. King yielded to question by Mr. Pullen.

Mr. Pullen: "Exactly how many auditors around the state requested this legislation?"

Mr. King: "I think I addressed that question when I talked about the philosophy that we are involved in. The county auditors--many of them at least--seemed to express the opinion before our committee that the most important thing they have to be concerned with is the amount of administrative detail. We have a different philosophy. We feel the most important thing is giving opportunities for the citizens of our state to participate in the democratic process. This is a committee bill. It is a compromise bill that was drafted in consultation with the auditors when they knew that we were going to adopt this approach as part of the program that we are working on in the legislature under the new leadership in both houses. And what we are attempting to do is to remove the roadblocks that are now in the way of the citizens of this state to participate in the voting process itself."

Representatives Pullen and Barden spoke against passage of the bill, and Representative Charnley spoke in favor of it.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 34, and the bill passed the House by the following vote: Yeas, 61; nays, 36; not voting, 1.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 489, and the bill passed the House by the following vote: Yeas, 69; nays, 27; not voting, 2.

Not voting: Representatives Hansen, Rabel.

Engrossed House Bill No. 489, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. Conner, Engrossed House Bill No. 489 was ordered transmitted immediately to the Senate.
STATEMENT FOR THE JOURNAL

My vote on Engrossed House Bill No. 489 and on amendments presented for consideration on the previous day are a reflection of my concern for the economy of the United States, both its internal economy and its economic position in the family of nations.

Within the past week, the U. S. dollar has been devaluated by 10% in the money markets of the world. This is the second devaluation within the past 18 months. There is good reason to predict additional devaluation steps that will continue on and on until such time that a balance of trade will be regained between the U.S. and its trading counterparts.

In my opinion, the major cause for our trade imbalance is our lack of a free market in the field of employment. True, persons have need to join together in unions as a means for negotiations. The conditions we find ourselves in at this time are not a result of the existence of labor organizations or of the functioning thereof. Rather, it is due to the lack of competition among those labor organizations.

For many decades, we have concerned ourselves with the elimination of industrial monopolies and, to a large degree, we have been successful. Until we complete the process of causing free competitive processes in our economy, we will continue the pressures for trade imbalance.

Because Engrossed House Bill No. 489 is a further restriction to the competitive processes and because of the adverse effects above stated to our economy, I have opposed its passage.

I believe that continuation of present practices and laws which reduce competition will foster continuing inflationary effects. Believing that inflation is evil, that it causes poverty, social and individual distress, unemployment, need for public assistance, higher taxes, and general economic chaos, is further consideration and reason for my negative vote on this bill.

WILLIAM S. LECKENBY, 43rd District.

ENGROSSED HOUSE BILL NO. 601, by Representatives Parker, King, Erickson, Rabel, Fortson, Warnke, Bender, Clemente and Maxie:

Revising voter registration procedures.

ENGROSSED HOUSE BILL NO. 292, by Representatives Amen, Haussler, Zimmerman, Curtis, Flanagan, Hansey and Kilbury (by Executive request):

Providing for an advisory board of agriculture.

Engrossed House Bill No. 292 was read the third time and placed on final passage.

Representatives Amen, Van Dyk and Haussler spoke in favor of passage of the bill, and Representative Moon spoke against it.

POINT OF INQUIRY

Mr. Amen yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "Representative Amen, you mentioned the fact that there are fourteen commodity commissions on which I think your point is well taken—they are not on the payroll of the state so they really cannot be part of the state bureaucracy. However, in fairness, I think we should note there are also two commissions and three advisory boards—a total of five advisory commissions—already advising the director of agriculture. So in the interest
of efficiency of government and limiting the bureaucracy, which I think we are all interested in, the only question I ask you, sir, is: Do you think it is within the purview of this new advisory board to advise the director that some of the existing bureaucracy may in fact be superfluous already? Can they, in other words, suggest and advise that some of these other five boards could be removed?"

Mr. Amen: "Yes, I would say that this would be within their purview and they could advise him along that line."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 292, and the bill passed the House by the following vote: Yeas, 81; nays, 14; not voting, 3.

Authorizing department of natural resources to remove wood debris from navigable waters.

The House resumed consideration of Engrossed House Bill No. 134 on third reading. (For previous House action, see Journal for thirty-fourth day, February 10, 1973.)

Mr. Moon spoke in favor of passage of the bill.

Engrossed House Bill No. 134, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Representatives Newhouse and Randall spoke in favor of passage of the bill, and Representative Moon spoke against it.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 54, and the bill passed the House by the following vote: Yeas, 88; nays, 9; not voting, 1.

NEW SECTION. Sec. 27. There is added to chapter 164, Laws of 1971 ex. sess. and to chapter 74.20A RCW a new section to read as follows:

As an alternative to the hearing and appeal procedures provided in RCW 74.20A.050, the secretary may, in the absence of a superior court order, serve on the responsible parent a notice and finding of financial responsibility requiring a responsible parent to appear and show cause in a hearing held by the department why the finding of responsibility and/or the amount thereof is incorrect, should not be finally ordered, but should be rescinded or modified. This notice and finding shall relate to the support debt accrued and/or accruing under this chapter and/or RCW 26.16.205, including periodic payments to be made in the future for such period of time as the child or children of said responsible parent are in need. Said hearing shall be held pursuant to this 1973 amendatory act, chapter 34.04 RCW, and the rules and regulations of the department, which shall provide for a fair hearing.

The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action. Any responsible parent who objects to all or any part of the notice and finding shall have the right for not more than twenty days from the date of service to request in writing a hearing, which request shall be served upon the secretary or his designee by registered or certified mail or personally. If no such request is made, the notice and finding of responsibility shall become final. If a request is made, the execution of notice and finding of responsibility shall be stayed pending the decision on such hearing, or any direct appeal to the courts from that decision. Hearings may be held in the county of residence or other place convenient to the responsible parent. Any such hearing shall be a "contested case" as defined in RCW 34.04.010.

The notice and finding of financial responsibility shall set forth the amount the department has determined the responsible parent owes, the support debt accrued and/or accruing, and, as appropriate, the amount to be paid thereon each month, all computable on the basis of the amount of the monthly public assistance payment previously paid, or need alleged, and the ability of the responsible parent to pay all, or any portion of the debt accrued and/or accruing. The notice and finding shall also include a statement of the name of the recipient or custodian and the name of the child or children for whom assistance is being paid or need is alleged; and/or a statement of the amount of periodic future support payments as to which financial responsibility is found.

The notice and finding shall include a statement that the responsible parent may object to all or any part of the notice and finding, request a hearing to show cause why said responsible parent should not be determined to be liable for any or all of the debt, past and future,
The notice and finding shall also include a statement that if the responsible parent fails to request a hearing that the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed and determined and ordered by the department and that this debt shall be subject to collection action; a statement that the property of the debtor, without further advance notice or hearing, will be subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver to satisfy the debt. If a hearing is requested, it shall be promptly scheduled, in no more than thirty days. The hearing examiner shall determine the liability and responsibility, if any, of the alleged responsible parent under RCW 74.20A.030, and shall also determine the amount of periodic payments to be made to satisfy past, present or future liability under RCW 74.20A.030 and/or 26.16.205. In making these determinations, the hearing examiner shall include in his considerations (1) the necessities and requirements of the child or children, exclusive of any income of the custodian of said child or children, (2) the amount of support debt claimed, (3) the public policy and intent of the legislature to require that children be maintained from the resources of responsible parents thereby relieving to the greatest extent possible the burden borne by the general citizenry through welfare programs, and (4) the abilities and resources of the responsible parent. If the responsible parent fails to appear at the hearing, upon a showing of valid service, the hearing examiner shall enter a decision and order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed and determined and subject to collection action. Within fifteen days of entry of said decision and order, the responsible parent may petition the department to vacate said decision and order upon a showing of any of the grounds enumerated in RCW 4.72.010.

The hearing examiner shall, within twenty days of the hearing, enter findings, conclusions and a final decision determining liability and responsibility and/or future periodic support payments. The determination of the hearing examiner entered pursuant to this section shall be entered as a decision and order and shall limit the support debt under RCW 74.20A.030 to the amounts stated in said decision: PROVIDED, That said decision establishing liability and/or future periodic support payments shall be superseded upon entry of a superior court order for support to the extent the superior court order is inconsistent with the hearing order or decision: PROVIDED FURTHER, That in the absence of a superior court order either the responsible parent or the department may petition the secretary or his designee for issuance of an order to appear and show cause based on a showing of good cause and material change of circumstances, to require the other party to appear and show cause why the decision previously entered should not be prospectively modified. Said order to appear and show cause together with a copy of the affidavit upon which the order is based shall be served in the manner of a summons in a civil action on the other
party by the petitioning party. A hearing shall be set not less than fifteen nor more than thirty days from the date of service, unless extended for good cause shown. Prospective modification may be ordered, but only upon a showing of good cause and material change of circumstances. The department, in its original determinations, and the hearing examiner in making determinations based on objections to original determinations or on petitions to modify, shall consider the standards promulgated pursuant to RCW 74.20.270 and any standards for determination of support payments used by the superior court of the county of residence of the responsible parent.

Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this chapter without further necessity of action by the hearing examiner.

"Need" as used in this section shall mean the necessary costs of food, clothing, shelter and medical attendance for the support of a dependent child or children.

MOTION

Mr. Thompson moved that all standing committee reports listed on today's fifth order of business be passed to Committee on Rules for second reading.

The motion was carried.

MOTION

Mr. Swayze moved that SENATE BILL NO. 2067 be rereferred from the Committee on Transportation and Utilities to the Committee on Rules.

The Speaker (Mr. O'Brien presiding): "This motion was pending at the time of adjournment yesterday. Therefore, under the correct order of business, your motion is still in order, Mr. Swayze, and I don't think it is necessary for you to repeat it."

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the motion by Mr. Swayze.

Mr. Swayze spoke in favor of the motion, and Mr. Thompson spoke against it.

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Thompson.
Mr. Thompson: "Representative Ehlers, you heard Representative Swayze's motion and his arguments in support of it. This is a field in which you are familiar, and you are prime sponsor of the other measure mentioned in debate. My question to you is: Are Representative Swayze's arguments, with regard to the content of these bills, correct?"

Mr. Ehlers: "As I indicated to him yesterday afterwards, informally, I am pleased to find out that since that time he has had a chance to look it over again because my remarks to him yesterday informally also apply today, that there are some differences. What we are interested in here, as Representative Swayze pointed out, is equity. And frankly, I think the mobile home owners deserve that as well as local government, because this kind of comprehensive package is what we are interested in. Those of you who wish to look at the bills in question—to answer Representative Thompson's question—the problem of double taxation, which is in the House version and not in the Senate version—which deals with the problem of mobile homes moving within the state was not covered in the Senate version. The intention is that mobile homes should not be taxed more than one time, whether excise or property tax, and that this bill should operate retroactively to pick up potential problems. Some people have told me there isn't a problem, yet it is in the courts. So we felt it was necessary to make this a comprehensive plan to solve the problem, after listening to the testimony, instead of doing it piecemeal. That is the intention of this, and I believe that this bill includes many of the items that the other bill does not include."

Mr. Barden spoke in favor of the motion by Mr. Swayze.

ADMONITION BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Mr. Barden, will you kindly confine your remarks to the reasons why this bill should be rereferred from the Committee on Transportation and Utilities to the Committee on Rules."

Mr. Barden concluded his remarks in favor of the motion.

PERSONAL PRIVILEGE

Mr. Beck: "I would like to speak on a point of personal privilege because I might deviate just a little bit from the subject."

The Speaker (Mr. O'Brien presiding): "Mr. Beck, you should only speak under a point of personal privilege when your motives have been impugned or you have some reason to express dissatisfaction with some personal comment."

Mr. Beck spoke against the motion by Mr. Swayze.
POINT OF ORDER

Mr. Pardini: "Mr. Beck is not addressing himself to the question before the body."

Mr. Beck: "I will address myself to the question before the body."

Mr. Beck continued his remarks in opposition to the motion.

POINT OF ORDER

Mr. Newhouse: "I believe, according to the rules, a member is not to speak on a matter at issue before the body under a point of personal privilege."

Mr. Beck: "All right, I'll speak to the issue then."

Mr. Beck concluded his remarks in opposition to the motion.

Mr. Moon spoke against the motion by Mr. Swayze to rerefer Senate Bill No. 2067 from the Committee on Transportation and Utilities to the Committee on Rules.

Mr. Pardini demanded an electric roll call and the demand was sustained.

MOTION

Mr. Beck moved that the motion by Mr. Swayze be made a special order of business at 11:59 p.m., June 30th.

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Mr. Beck, it appears that the Speaker will have to rule your motion out of order because at the present time we have a constitutional limitation of sixty days. The session will be adjourned on March 8th, so your time limit is way beyond it. The motion is declared out of order."

Mr. Pardini spoke in favor of the motion by Mr. Swayze, and Mr. Moon spoke again in opposition to it.

Representative Pullen spoke in favor of the motion by Mr. Swayze, and Representatives Ceccarelli and Ehlers spoke against it.

ROLL CALL

The Clerk called the roll on the motion by Mr. Swayze to rerefer Senate Bill No. 2067 from the Committee on Transportation and Utilities to the Committee on Rules, and the motion was lost by the following vote: Yeas, 40; nays, 56; not voting, 2.

MOTIONS

Mr. Morrison moved that HOUSE BILL NO. 542 be rereferred from the Committee on Labor to the Committee on Higher Education.

Mr. Charette moved that the motion by Mr. Morrison be laid on the table.

The motion by Mr. Charette was carried on a rising vote.

PARLIAMENTARY INQUIRY

Mr. Newhouse: "I would like to ask the Speaker if the motion by Mr. Charette to lay on the table has the effect of taking with it the issue?"

The Speaker (Mr. O'Brien presiding): "In answer to your question of parliamentary inquiry, the bill was not before us. All that was before us was the motion by Mr. Morrison to rerefer the bill from the Committee on Labor to the Committee on Higher Education."

PERSONAL PRIVILEGE

Mr. Morrison: "Mr. Speaker, my move was made at the request of the members of the Labor Committee to rerefer this bill..."

POINT OF ORDER

Mr. Charette: "Mr. Speaker, my point of order is that Representative Morrison appears to be about to give a speech, and I don't believe his motives were impugned or this is anything that comes under personal privilege within the purview of our rules."

The Speaker (Mr. O'Brien presiding): "Mr. Morrison, if you would like to put a statement in the Journal as to why you made that motion, you have the privilege, but the issue has now been resolved. We are now on the next order of business—the sixth order of business, second reading of bills."
On motion of Mr. Thompson, the House advanced to the seventh order of business.

Mr. Bender spoke in favor of the bill.

Voting nay: Representatives Barden, Eikenberry, Hayner, Kraabel, Pullen.

Not voting: Representatives Hansen, Polk, Warnke.

Engrossed House Bill no. 149, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

With the consent of the House, the amendments by Representatives Smythe, Pardini and Luders were considered together as one amendment.

Mr. Smythe moved adoption of the following amendments by Representatives Smythe, Pardini and Luders:

On page 2, section 2, line 30 strike "eighteen" and insert "nineteen".

On page 5, section 10, line 27 strike "eighteen" and insert "nineteen".

Mr. Smythe spoke in favor of the amendments.

Mr. Kelley moved adoption of the following amendment to the amendments by Representatives Smythe, Pardini and Luders:

On page 2, section 1, line 19 after "intoxicating liquor," insert "except as provided by section 14 of this 1973 amendatory act."

Representative Kelley spoke in favor of the amendment to the amendments.

PARLIAMENTARY INQUIRY

Mr. Pardini: "Representative Kelley's amendment, if I am following it correctly—I am a little confused—says on page 2, section 1, line 19 after "intoxicating liquor," insert 'except as provided by section 14 of this 1973 amendatory act,' and I don't find a section 14 except a proposed section 14 which may come before the body or may not come before the body as an amendment. Maybe we could take them as a package to have the entire issue before us, Mr. Speaker."

The Speaker: "I think the point that Representative Pardini has raised is well taken. If there is no objection, since this is an amendment to the amendment to
With the consent of the House, all of the following amendments by Mr. Kelley were considered in addition to Mr. Kelley's first amendment to the amendments.

Mr. Kelley moved adoption of the following amendments:

On page 3, section 3, line 7 after "((twenty-one))" strike "eighteen" and insert "nineteen"

On page 3, section 3, line 30 after "person is" strike "at least ((twenty-one)) eighteen years of age" and insert "((at least twenty-one years of age)) of legal age for the possession of intoxicating liquor"

On page 4, section 5, line 5 after "under" strike "((twenty-one)) eighteen years of age" and insert "((twenty-one years of age)) under legal age to receive such liquor"

On page 4, section 6, line 20 after "((twenty-one))" strike "eighteen" and insert "nineteen"

On page 4, section 6, line 30 after "attained" strike the balance of the section and insert "((the age of twenty-one years)) such legal age."

On page 5, section 8, line 7 after "((twenty-one))" strike "eighteen" and insert "nineteen"

On page 5, section 9, line 15 after "over" strike all matter down to "to the owner" on line 16 and insert "((the age of twenty-one years)) the legal age for consumption and possession of intoxicating liquor"

On page 6, beginning on line 28 insert a new section as follows:

"NEW SECTION. Sec. 14. A person eighteen years of age may purchase liquor from holders of Class A, B, C, D, G, H, I and J licenses: PROVIDED, That this does not include unpasteurized beer sold by such licensees for consumption off the premises. A person eighteen years of age shall not purchase liquor from a state liquor store or from holders of Class E and F licenses. Licensees and state liquor stores shall not sell liquor, in violation of the provisions of this section, to persons eighteen years of age."

POINT OF INQUIRY

Mr. Kelley yielded to question by Mr. Luders.
Mr. Luders: "Representative Kelley, as I understand the effect of this amendment, it would be legal for an 18-year-old to drink in a tavern, but he could still be in violation of the law if he were to have alcohol in his possession."

Mr. Kelley: "That is correct. Under the provisions of my amendment as proposed, and I would draw your attention to section 14—the proposed new section—and this is what it is designed to do—it is designed to permit a person to drink within the taverns or cocktail lounges of this state, but would make it unlawful for him to purchase over-the-counter, or to have in his possession, alcoholic beverages in the same manner that is presently illegal. Again, the purpose of this is to prevent the 18-year-old from being the channel, as it were, of alcoholic beverages to his classmates."

PARLIAMENTARY INQUIRY

Mr. Curtis: "I wonder if I might inquire as to whether or not all of Representative Kelley's amendments are properly before us. As I read them, and perhaps I misread them, a portion of it deals with striking the 18-year-old age and inserting 19. Some of them refer earlier in the body of the bill to proposed new section 14. Then new section 14 says that if you are 18 years old you may drink in an on-premises establishment, but you may not buy liquor in an off-premises establishment. I wonder if we could not consider just those amendments which deal with new section 14 along with that section, and then come back and deal with the 18-19-year-old issue. I think it is confusing if all of his amendments are before us at the same time."

The Speaker: "I think, Representative Curtis, if there is no objection, we could discuss the entire package. Then if there is a desire to divide one of the amendments out, I would like to have the motion at that time. We are going a little out of our normal procedure, but I think it will save time in the long run and that is the reason the Speaker is indulging it."

Mr. Brown spoke against the amendments by Mr. Kelley to the amendments by Representatives Smythe, Pardini and Luders.

POINT OF INQUIRY

Mr. Kelley yielded to question by Mr. Barden.

Mr. Barden: "Representative Kelley, would the effect of your amendment to the amendment be to preclude 18-year-olds from consuming intoxicating beverages at all, and to allow 19-year-olds to purchase liquor only by the drink over the counter?"

Mr. Kelley: "No, I think you have it backwards, Representative Barden. The purpose of this amendment is essentially to permit all 19-year-olds to drink and have
full privileges as they now exist at age 21. But my amendment to that provides that 18-year-olds can drink, but cannot purchase liquor by the bottle—it is drink by the drink, but not by the bottle."

Representatives Barden, Patterson and Van Dyk spoke against adoption of the amendments by Mr. Kelley to the amendments.

Mr. Kelley spoke again in favor of his proposed amendments and Mr. Chatalas spoke against them.

Mr. Swayze demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendments by Representative Kelley to the amendments by Representatives Smythe, Pardini and Luders to House Bill No. 240, and the amendments were lost by the following vote: Yeas, 10; nays, 84; not voting, 4.

Voting yeas: Representatives Bausch, Bender, Charney, Fortson, Gaspard, Johnson, Kelley, Knowles, Savage, Smith.

Not voting: Representatives Hansen, Polk, Shinpoch, Warnke.

The Speaker stated the question before the House to be the amendments by Representatives Smythe, Pardini and Luders to House Bill No. 240.

Representative Rabel spoke against adoption of the amendments.

POINT OF INQUIRY

Mr. Kalich yielded to question by Mr. Rabel.

Mr. Rabel: "Representative Kalich, I understand that you are an owner of a licensed premises. Could an 18-year-old person come and buy your establishment?"
Mr. Kalich: "Yes, Representative Rabel. An 18-year-old man or woman could come in and buy my licensed establishment, but they could not serve or be served in it."

Representatives Luders and Barden spoke in favor of adoption of the amendments, and Representatives Douthwaite and Van Dyk spoke against the amendments.

POINT OF INQUIRY

Mr. Kalich yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Kalich, I understand that you are the owner of a licensed premises?"

Mr. Kalich: "Yes, right in the heart of downtown Toledo."

Mr. Pardini: "Can you tell me, just offhand (I'm not sure that you have the information) the number of times an 18-year-old has come in to buy your place in the last year, versus the number of times an 18-year-old has come in to buy your product?"

Mr. Kalich: "Representative Pardini, as you know this is a question that is pretty hard to answer. There is only one 18-year-old who has ever tried to buy my place, and I know his Dad had the money."

Mr. Pardini: "And the other half of my question?"

Mr. Kalich: "Well, there are plenty of 18-year-olds that come in and try to purchase alcoholic beverages, and I hope very few of them ever fool me."

Mr. Pardini spoke in favor of adoption of the amendments by Representatives Smythe, Pardini and Luders.

Mr. Jueling demanded an electric roll call, and the demand was sustained.

Mr. Brown spoke against adoption of the amendments.

Mr. Parker demanded the previous question, and the demand was sustained.

Mr. Smythe closed debate, speaking in favor of the amendments.

ROLL CALL

The Clerk called the roll on the adoption of the amendments by Representatives Smythe, Pardini and Luders to House Bill No. 240, and the amendments were adopted by the following vote: Yeas, 70; nays, 24; not voting 4.

Voting yeas: Representatives Adams, Amen, Anderson, Bagnariol, Barden, Bauer, Beck, Bender, Benitz, Berentson, Bluechel, Charette, Clemente, Conner, Cunningham, Curtis, Ehlers, Eikenberry, Ellis, Erickson, Planagan, Fortson,
Mr. Cunningham moved adoption of the following amendment:
On page 3, section 3, line 7 strike "((twenty-one))
eighteen" and insert "twenty-one"

Mr. Cunningham spoke in favor of the amendment.

The amendment was lost.

The Clerk read the following amendment by Representatives Barden, Jueling and Kuehnle:
On page 6, following section 13 insert a new section as follows:

"NEW SECTION. Sec. 14. This act shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1973, in accordance with the provisions of section 1, Article II of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof."

Mr. Barden stated that with the consent of the House, he would withdraw the amendment. Consent was not granted.

Mr. Barden moved adoption of the amendment by Representatives Barden, Jueling and Kuehnle to House Bill No. 240.

Representatives King and Flanagan spoke in favor of the amendment, and Representative Swayze spoke against it.

Mr. Gallagher demanded an electric roll call, and the demand was sustained.

POINT OF INQUIRY

Mr. Barden yielded to question by Ms. Maxie.

Ms. Maxie: "Representative Barden, I am confused. Would your amendment apply to the original bill, or to the Smythe amendment? If we have a referendum, would the people have a chance to vote on the 18-year-old age of
majority or the 19-year-old amendment?"

Mr. Barden: "Representative Maxie, the impact of adding the final section to this bill, referring the measure to the people, would refer the entire measure to the people as finally adopted by the entire legislature. So whichever form this bill emerges from the House and subsequently from the Senate—if the referendum clause remains attached—the entire measure will then be remanded to the people for their decision."

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representatives Barden, Jueling and Kuehnle to House Bill No. 240, and the amendment was lost by the following vote: Yeas, 38; nays, 59; not voting, 1.

Voting nay: Representatives Adams, Bagnariol, Bauer, Beck, Bender, Benitz, Blair, Bluechel, Brown, Ceccarelli, Charnley, Chatalas, Clemente, Conner, Curtis, Ellis, Eng, Erickson, Freeman, Gaines, Gaspard, Gilleland, Goltz, Hayner, Hoggins, Hurley, Jastad, Julin, Kalich, Kelley, Knowles, Kraabel, Laughlin, Martinis, Matthews, Maxie, May, McCormick, Nelson, North L., O'Brien, Pardini, Patterson, Perry, Pullen, Rabel, Randall, Savage, Shinpoch, Smythe, Sommers, Swayne, Thompson, Tilly, Van Dyk, Williams, Wilson, Wojahn, and Mr. Speaker.

Not voting: Representative Hansen.

House Bill No. 240 was ordered engrossed.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 240 was placed on final passage.

Representatives Ceccarelli, Smythe, Charnley and Rabel spoke in favor of passage of the bill, and Representatives Zimmerman, Clemente and Van Dyk spoke against it.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 240, and the bill passed the House by the following vote: Yeas, 80; nays, 17; not voting, 1.

Luders, Lysen, Martinis, Matthews, Maxie, May, McCormick, Moon, Morrison, Nelson, Newhouse, North L., O'Brien, Pardini, Patterson, Perry, Polk, Pullen, Rabel, Randall, Savage, Shinpoch, Smith, Smythe, Sommers, Swayze, Thompson, Valle, Warnke, Williams, Wilson, and Mr. Speaker.

Not voting: Representative Hansen.

Engrossed House Bill No. 240, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

I have consistently felt that whatever age is considered full majority, that age should carry all legal rights and responsibilities. I cannot defend special treatment by society to 18-year-olds who have legal adult status with this rationale and feel that the age for legal consumption of alcohol should be 18, which is now considered the legal adult age.

For the above reason, I voted "no" on House Bill No. 240.

DAN VAN DYK, 42nd District.

STATEMENT FOR THE JOURNAL

Legislators hate to face the contradiction of a society which, on the one hand, condemns the use of marijuana, and at the same time abuses the legal use of alcohol.

In approving the measure for 19-year-olds to be able to drink hard liquor, wine and beer, they referred to the full rights that were voted 18-year-olds two years ago.

They were unwilling to discuss responsibilities, which are largely still in parents' hands until they are through college or on their own at 21.

The fact that young people have been violating the law on drinking liquor is a poor justification for repealing its restriction. It merely rewards irresponsible citizenship.

Those young people who have been violating the law will drink more, but those young people who have respected and obeyed the law will now be under pressure to drink with sanctions and approval of the state by passage of this bill. Certainly there will be heavy peer pressure on the 13 to 19-year-olds to drink, and the immature 19-year-old will be more than likely to supply them.

Yet, ironically, we find that in preparing the budgets for state expenditure that millions of dollars will be spent for rehabilitation of people who have abused or been unable to control their drinking. Our prisons, jails, mental institutions, half-way houses, group homes, and other institutions are filled with people whose main problem was drinking, and failure to control it. Most of
our expenditures for welfare through the Aid to Families with Dependent Children have an alcohol-related problem. There is no law that can give a 19-year-old the level of maturity of a 21-year-old. All of us know the high insurance rates for teenage drivers, and the results of the Michigan study which showed that the lowering of the drinking age caused additional traffic problems of drinking drivers. For these reasons, I opposed this measure.

HAROLD S. ZIMMERMAN, 17th District.

On motion of Mr. Thompson, the House recessed until 2:00 p.m.

AFTERNOON SESSION

The Speaker called the House to order at 2:00 p.m.
The Clerk called the roll and all members were present except Representative Hansen who was excused.

On motion of Mr. Thompson, the House reverted to the fifth order of business.

HOUSE BILL NO. 195,
HOUSE BILL NO. 238,
HOUSE CONCURRENT RESOLUTION NO. 9,
SENATE BILL NO. 2079,
SENATE BILL NO. 2089.

SECOND READING

HOUSE BILL NO. 382, by Representatives Pardini, Gaspard and Luders:

Allowing banks, trust companies and mutual savings banks to provide record-keeping services for other businesses.

The bill was read the second time.

Mr. Gaspard moved adoption of the following amendment:

On page 1, section 1, line 9 following "banks)") insert "Such services shall be restricted to those services which are rendered in the normal course of business of any state bank or trust company or mutual service savings bank, and shall not include those services rendered by accounting or computer service firms."
Mr. Pardini moved adoption of the following amendment to the amendment by Mr. Gaspard:
On the last line strike "or computer service"

Mr. Pardini spoke in favor of the amendment to the amendment, and Mr. Gaspard spoke against it.

POINT OF INQUIRY

Mr. Pardini yielded to question by Mr. Moon.

Mr. Moon: "With your amendment, Representative Pardini, would the services that the banks offer—would they be subject to the B & O tax—the computer tax—the same as other computer organizations are subjected to taxes?"

Mr. Pardini: "Both at the state and local level, they would be subject to the B & O tax. Their income would come under it, and be subject to the B & O tax."

Mr. Moon: "At the same rate as any other computer organization?"

Mr. Pardini: "Yes."

Mr. Moon: "Then I have one other question: Would the borrowers of money from the financial institutions be subjected to, or would it be possible for them to be subjected to, certain pressures in order for them to use the insurance agents that are available through their institutions or at the institution's suggestions, and the other services that they might want to suggest, in order to have the full services of the bank? Unless they utilize the computer services in their businesses, they might not be given the other benefits that would be available from the lending institution."

Mr. Pardini: "I don't see that danger, Representative Moon, inasmuch as there are other computer services that could offer the same things that banks could, and if they were unhappy with that, they could take their business to the other computer services, and they could take their business to other banking institutions."

Mr. Douthwaite spoke against adoption of the amendment by Mr. Pardini to the amendment by Mr. Gaspard to House Bill No. 382.

Mr. Pardini spoke again in favor of the amendment, and Representatives Perry and Shinpoch spoke against it.

The amendment by Mr. Pardini to the amendment by Mr. Gaspard was lost on a rising vote.

The House resumed consideration of House Bill No. 87 on second reading.

The following amendment by Representatives Moon and Williams was pending:

On page 10, section 11, line 14 after "each" strike the balance of the section and insert "hereby repealed"

INQUIRY BY THE SPEAKER

The Speaker: "The Speaker set this matter over for further consideration on the ruling on the point of order raised by Representative Hansey. Representative Hansey, did you have further remarks before the Speaker makes a ruling?"

Mr. Hansey: "Mr. Speaker, speaking in favor of the point of order I raised, I would just like to point out that within the scope and object of this bill, the main intent of the bill is to remove a nine-cent gas tax refund from certain purchasers of fuel, and the second item was to eliminate an ad valorem tax. In the last couple of years that I have been in this legislature, I have seen Speakers go through the bill and not only take the letter of the act or the title, but also refer to the sections themselves. In this case, RCW 84.36.080 says the act shall be amended. And what we are doing here is making an attempt to repeal
it. Also the bill only addresses itself to two specific areas—one is to remove the fuel tax exemption, and the other is to eliminate an ad valorem tax. In fact, what we are doing is just the opposite—which is well beyond the scope—which is eliminating the entire section referred to on the ad valorem tax and therefore, I feel my point is well taken."

RULING BY THE SPEAKER

The Speaker: "The Speaker, upon research into the actual bill, finds that the purpose of the bill was to eliminate the 20 percent ad valorem tax on boats. The purpose of the Moon amendment was to raise the ad valorem tax from the present 20 percent to 100 percent. The Speaker, therefore, finds that this is the same subject matter, the same title, and that the amendment is germane and deals with the same subject matter. Therefore the point of order is not well taken."

The Speaker stated the question before the House to be the amendment by Representatives Moon and Williams, to House Bill No. 87.

Representatives Smythe and Hansey spoke against adoption of the amendment, and Representative Moon spoke again in favor of it.

Mr. Pardini demanded an electric roll call, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representatives Moon and Williams to House Bill No. 87, and the amendment was lost by the following vote: Yeas, 33; nays, 64; not voting, 1.

Not voting: Representative Hansen.
The Clerk read the following amendment by Mr. Morrison:
On page 3, section 2, line 11 following "use in" strike "commercial or charter sport fishing operations" and insert "charter sport fishing or for commercial purposes as defined in RCW 75.04.080"

With the consent of the House, Mr. Morrison withdrew the amendment.

On motion of Mr. Randall, the committee amendment to the title was adopted.

House Bill No. 87 was ordered engrossed.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 87 was placed on final passage.

Mr. Thompson spoke in favor of the bill.

POINT OF INQUIRY

Mr. Morrison yielded to question by Mr. Hansey.

Mr. Hansey: "Mr. Morrison, you withdrew a series of three amendments here which addressed themselves to a certain section of this bill. Can you indicate if it is legislative intent that charter sports fishing boats, commercial charter boats and commercial boats of all types would be exempt from the exemption here?"

Mr. Morrison: "Representative Hansey, in checking with both the Code Reviser and the Attorney General's Office, we find that the verbiage included as a definition of commercial marine vessels, would exclude all commercial utilization. However, it is still tight enough that it would not allow a person just holding a commercial salmon license to qualify as a commercial operation."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 87, and the bill passed the House by the following vote: Yeas, 67; nays, 30; not voting, 1.

The bill was read the second time.

On motion of Mr. Bauer, the committee amendment to page 2, line 10 was adopted.

PARLIAMENTARY INQUIRY

Mr. Bauer: "That committee amendment was applicable to page 2, line 10. The language should apply to page 4, line 19, also."

The Speaker: "You will have to move it separately since you did not bring this to the attention of the body before the adoption of the amendment."

On motion of Mr. Bauer, the committee amendment to page 5, adding a new section 4 was adopted.

On motion of Mr. Bauer, the following amendment was adopted:

On page 4, section 2, line 19 after "may employ" strike "a hearing officer" and insert "as a hearing officer any person not currently employed by the district"

Mr. Van Dyk spoke in favor of the amendments.

POINT OF INQUIRY

Mr. Van Dyk yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "I don't think I object to your amendments, Representative Van Dyk, if I construe them the same as you do, except I don't really understand how this might be interpreted. What do you mean when you say 'demonstrated experience'? Do we have any precedent for language like that? Who would determine whether they had demonstrated experience, and to whom was it demonstrated? I am worried about the language, although I think your concept is right."
Mr. Van Dyk: "Representative Kuehnle, you always have a very sharp eye for the language, and I would like to say at least my intent would be to include the American Arbitration Association, the Federal Mediation Conciliatory Service, the Department of Labor and Industries. They would be the ones that would fit into that."

POINT OF INQUIRY

Mr. Van Dyk yielded to question by Mr. Morrison.

Mr. Morrison: "Representative Van Dyk, there was some concern about the limitations of this demonstrated experience grouping. Would you respond to this question, please: If the Superintendent of Public Instruction set up a special group of hearing officers or persons with some expertise in this area, or for instance the Department of Labor and Industries Mediation Service was also available, would this satisfy the demands of your amendment?"

Mr. Van Dyk: "Mr. Morrison, it would indeed."

POINT OF INQUIRY

Mr. Bagnariol yielded to question by Mr. Curtis.

Mr. Curtis: "Representative Bagnariol, did Mr. Miller indicate that this money was in any way connected to benefits, or is it to decrease benefits? Is this the problem for the members of the system?"

Mr. Bagnariol: "No, the money, as Mr. Miller explained to me, is vitally needed, according to him, to administer the program, and if we do not put the money back in, he doesn't know where he will be able to find the money. He feels that it is very vital that they have the money. I took Wally Miller's word for this. I checked with the Legislative Budget Committee and they also agreed with the Office of Program Planning and Fiscal Management people, that it was necessary that we put this money back in again. Rather than create serious problems, possibly for the retirement system, we felt this was the best move."
I discussed this with Representative Kopet before we made this move. He also agreed that we could go along and put the money back in for this time, so long as we dedicate ourselves to making sure, in the general budget, that we really do take a real hard look at what's going on in the administration of the retirement system. I have committed myself to that cause, and I have worked closely with Representative Kopet. That is the reason we have gone this route."

Mr. Curtis spoke again in opposition to the amendment to the committee amendment.

The amendment by Mr. Shinpoch to the committee amendment was adopted on a rising vote.

Mr. Bagnariol: "If this supplemental budget is enacted, will faculty members on nine-month contracts receive a smaller salary increase than will faculty members on a twelve-month contract?"

Mr. Shinpoch: "Mr. Bagnariol, we asked this question of the Legislative Budget Committee, and they suggested that we make it clear that it is the intent of the legislature that every full time employee who is entitled to receive a salary adjustment in the appropriation contained in this supplemental appropriation act, will receive the equivalent of $200 between February 1 and June 30, 1973. They thought it was particularly pertinent as it deals with the University of Washington, as an example, where the nine months are paid in eight full, and a half month in September and a half month in June, that this should be entered so those people will receive the full $40.00 for each month of the five months that are left of this biennium."

Mr. Bagnariol spoke against adoption of the amendment, and Mr. Pardini spoke in favor of it.

The amendment by Mr. Rabel and others to Engrossed
Substitute Senate Bill No. 2106 was lost on a rising vote.

Mr. Hoggins moved adoption of the following amendment by Representatives Hoggins, Swayze, Smythe, Paris, Brown, Wilson, Hayner, Kopet, Hendricks, Schumaker, Leckenby, Zimmerman, Tilly, Curtis and Morrison:

On page 4, section 2, following line 3 insert the following:
"General Fund Appropriation for distribution by the superintendent of public instruction to those school districts, eligible for apportionment, that would normally receive P.L. 874 (3) b federal funds during the 1972-1973 school year in an amount to such districts equivalent to their entitlement under said act for the 1972-1973 school year: PROVIDED, That the appropriation allocated hereunder by the superintendent of public instruction shall be repaid by the receiving districts in full, without interest, by reductions in their state apportionment over a seven year period equal in annual amounts to one-seventh the amount received under this appropriation: PROVIDED FURTHER, That in the event any or all PL 874 (3) b funds become available to school districts for which state moneys were advanced hereunder, such districts shall forthwith transmit such moneys to the State Treasurer for deposit in the State General Fund .....................$6,780,202"

Mr. Pardini demanded an electric roll call, and the demand was sustained.

Representatives Kelley and Randall spoke against adoption of the amendment.

Mr. Hoggins spoke again in favor of the amendment, and Mr. O'Brien spoke against it.

POINT OF ORDER

Mr. Swayze: "My point of order is that Mr. O'Brien has impugned the motives of Mr. Hoggins by reference to his sincerity and is now impugning the motives of this entire House."

The Speaker: "In examining the remarks, I find them not to be that abusive. Mr. O'Brien you may proceed, but you will pay attention to House Rule No. 32, won't you?"

Mr. O'Brien concluded his remarks in opposition to the amendment by Mr. Hoggins and others.

POINT OF INQUIRY

Mr. Hoggins yielded to question by Mr. Beck.

Mr. Beck: "Mr. Hoggins, I have inspected the Clerk's desk, and there are no amendments on the desk to take care of all the elementary and secondary education, and the federal food and lunch program, and the E.E.A., and
all of the other so-called federal programs that are under the same bailiwick as the 874 funds. You pulled out a lot of figures. I am concerned about the Tacoma school districts. The Tacoma school district is only getting around $490,000 worth of 874 funds, but we are getting over $6 million in these elementary and secondary education funds...

The Speaker: "Representative Beck, if I may draw your attention, you were asking a question."

Mr. Beck: "I would like to ask him if he is sincere. Is he going to offer an amendment to take care of this $6 million that my Tacoma school district is losing out on and the rest of these federal funds which your President has withheld from us? Now there are $6 million involved up there in the Tacoma school district. What do you suggest we do about it?"

Mr. Hoggins: "Mr. Speaker, and ladies and gentlemen of the House: It is a little hard to follow exactly what the question was. It covered quite a range of things, but let me tell you how most school districts have handled such things as E.E.A. employees. They have them on a month-to-month contract basis, and so no amendment is necessary..."

Mr. Chatalas: "Mr. Speaker, I would like to suggest that Mr. Hoggins give these facts in writing so Mr. Beck can study them tomorrow."

The Speaker: "Have you had your question answered, Mr. Beck? I would like the House to use a little more decorum and not abuse the privilege of asking questions and also making speeches in reply, please."

Mr. Hoggins: "I think in the few remarks I made that these programs are handled differently. In certain cases, employees are on a month-to-month contract, so this can be taken care of. As relates to federal lunch room programs, these things are operated in most school districts at cost. If the support is not there, then the lunch prices will have to increase. The same thing applies to the milk programs. The normal way for handling the E.E.A. funds is to wait until there is assurance that the moneys are coming. We recognize that salaries and related expenses of school districts amount to 80 percent of the budget, and this is why school districts cannot recoup the losses that they are now facing. In response to Mr. O'Brien's remarks, if we are lucky enough to get..."

The Speaker: "Mr. Hoggins, if you would confine your remarks to the question asked by Mr. Beck."

Mr. Hoggins: "I think I am, Mr. Speaker. If we are lucky enough to get the President to release these funds, then this money is not needed. I would point out to you a feature of this—that it requires a pay-back by the school districts over a seven-year period for the advances that we make."
ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representative Hoggins and others to Engrossed Substitute Senate Bill No. 2106, and the amendment was lost by the following vote: Yeas, 38; nays, 59; not voting, 1.

Not voting: Representative Hansen.

The Clerk read the following amendment by Mr. Randall:

On page 4, section 2, following line 3 insert the following:

"General Fund Appropriation for distribution by the superintendent of public instruction by loan for not longer than seven years to those school districts eligible to receive funds, and in lieu of such funds being otherwise available under Public Law 874 (3) b for the 1972-1973 school year: PROVIDED, That should such federal funds become available such districts shall forthwith repay the state for all of such moneys loaned hereunder, the same to be deposited in the general fund............$4,067,859"

Mr. Randall stated that with the consent of the House, he would withdraw the amendment.

The Speaker: "There has been an objection. However, not hearing a motion for adoption of the amendment, the amendment fails."

PERSONAL PRIVILEGE

Mr. Randall: "I would like to state for the record and for the members of the House: In view of the last vote, in view of the fact that the supplemental budget is a carefully balanced budget, the timing is particularly serious. In view of the fact that the Senate had no previous knowledge to put this into the budget—that if this is to be amended now, it is liable to put this into conference and jeopardize the $10 million appropriation for employee's raises that are involved. And particularly in view of the fact that there is a bill in Appropriations now to handle this very subject, I have been promised an early, adequate and live hearing on that bill, and that is the way
to handle this particularly unique and difficult problem."

Mr. Hoggins moved adoption of the following amendment by Representatives Hoggins, Swayze, Saythe, Paris, Brown, Schumaker, Wilson, Kopet, Jueling, Zimmerman, Hendricks, Leckenby, Benitz, Hayner, Curtis, Tilly and Morrison:

On page 4, section 2, following line 3 insert the following:

"General Fund Appropriation for distribution by the superintendent of public instruction to those school districts, eligible for apportionment, that would normally receive P.L. 874 (3) b federal funds during the 1972-1973 school year in an amount to such districts equivalent to their entitlement under said act for the 1972-1973 school year: PROVIDED, That the appropriation allocated hereunder by the superintendent of public instruction shall be repaid by the receiving districts in full, without interest, by reductions in their state apportionment over a seven year period equal in annual amounts to one-seventh the amount received under this appropriation: PROVIDED FURTHER, That in the event any or all PL 874 (3) b funds become available to school districts for which state moneys were advanced hereunder, such district shall forthwith transmit such moneys to the State Treasurer for deposit in the State General Fund.........................$4,067,859"

STATEMENT FOR THE JOURNAL

I voted against this budget because it contained neither the 4% increase nor the merit pay increase for the faculty and exempt personnel of the institutions of higher learning.

I recognize that we might have lost the $40.00 a month increase but the other two issues were of such importance to me that I felt it necessary to register my protest vote.

E. G. "PAT" PATTERSON, 9th District.

MOTION

On motion of Mr. Conner, Engrossed Substitute Senate Bill No. 2106 as amended by the House, was ordered transmitted immediately to the Senate.

Mr. Kuehnle spoke again in favor of the amendment.
Mr. Kuehnle yielded to question by Mr. O'Brien.

Mr. O'Brien: "The questions you are raising about materials that are in place now—I don't think there would be any liability as far as having that type of installation in a home or commercial building or any other type of building. What this bill pertains to is all new construction. Are you trying to eliminate this in the new construction? If it is old construction, it is not a problem."

Mr. Kuehnle: "Well, I guess I will have to disagree with you, Mr. O'Brien, because it is talking about the installation of glass, and it doesn't say on new construction or old construction—it is talking about any kind of installation of glass. All I am trying to address myself to is the replacement in an existing building. It is still installation and it is still, therefore, covered under the act. In no way am I trying to change the act as it relates to new construction. We want all glass installed in all new construction which meets the definitions within this act to be made of safety glass."

On page 1, section 1, line 19 after "department" insert "s"

Mr. Barden spoke in favor of the amendments.
POINT OF ORDER

Mr. Douthwaite: "I believe the amendment is outside the scope and object of the bill. The title refers to the Department of Social and Health Services."

The Speaker: "Representative Douthwaite, the Speaker feels that your point is not well taken. We are dealing here with information within the Department of Social and Health Services. Mr. Barden's amendment deals with what can be done with that information within the department. He wishes to extend availability of the information to other departments. Mr. Thompson yielded to question by Mr. Smythe.

Mr. Smythe: "Representative Thompson, the King amendment discusses or mentions both negotiations and dispute settlement proceedings. The concern I have with your amendment, although you are just mentioning negotiations, is it your intention at all to include the dispute settlement proceedings?"

POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Benitz.

Mr. Benitz: "I would like to make just a brief statement to clarify before I ask the question. Representative Thompson, currently the Coordinating Council for Occupational Education is the agency which certifies vocational education teachers. Once they are certified, the representative from the Office of the Superintendent of Public Instruction and the Office of the Coordinating Council then supplies a number to the Superintendent of Public Instruction's Office for identification of the teachers in the K-12 system. My question is: Is it the intent of this bill to add another method of certification?"

Mr. Thompson: "Representative Benitz, the process you described is not impaired by this act."

POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Shinpoch.

Mr. Shinpoch: "Representative Thompson, under the continuing contract law that you spoke of, I'm not sure whether this adds all of the people under the tenure system or not. Would you tell me, does this give all the people in here tenure, or not?"

Mr. Thompson: "Yes, it does, Representative Shinpoch."

Mr. Shinpoch spoke against passage of the bill, and Mr. Smythe spoke in favor of it.

EXPLANATION OF VOTE

I attempted to vote "yes" on Engrossed House Bill No. 476. My machine button apparently malfunctioned as it flashed green momentarily as the machine locked, but inspection of the vote result indicated I did not vote. I would appreciate indication of my vote in the Journal.

CHARLES D. KILBURY, 16th District.

HOUSE BILL NO. 502, by Representatives Savage, Benitz and Kilbury:

Implementing laws relating to nuclear thermal power facilities.

Committee on Transportation and Utilities recommendation: Majority, do pass as amended. (For amendment see Journal for thirty-sixth day, February 12, 1973.)

The bill was read the second time.

On motion of Mrs. McCormick, the committee amendment was adopted.

House Bill No. 502 was ordered engrossed and passed to Committee on Rules for third reading.

PARLIAMENTARY INQUIRY

Mr. Swayze: "House Bill No. 502 was just sent back to Rules Committee without a motion to suspend the rules. Yesterday we saw the same fate for House Bill No. 300. We have heretofore had an agreement between leadership that in these closing days when we were not going to give the
support to advancing a bill to final passage in view of the cut-off date, which is today, (when, in effect, sending these bills back to Rules Committee kills them for passage during this legislative session) that leadership would advise each other as to our particular plans and moves on this particular legislation. Now this is not being done. My point of parliamentary inquiry is that Reed's Rule No. 114 states (and this pertains to a motion to lay on the table): 'This motion is practically a motion to suspend the consideration of a question during the pleasure of the House. It carries with it all questions connected with the special question on which it is moved...'

My point of parliamentary inquiry is that when I moved to relieve the Rules Committee of House Bill No. 300, and bring it on third reading for today, and the motion was tabled, does the tabling of my motion dealing with House Bill No. 300, therefore table House Bill No. 300?

The Speaker (Mr. O'Brien presiding): "In answer to your point of parliamentary inquiry, the bill was not before us. The bill was in Rules Committee. So what occurred when your motion was laid on the table--the only thing that went on the table was your motion to relieve the Rules Committee of the bill and place it on the calendar for third reading. Therefore we are not in violation of Reed's Rules."

PERSONAL PRIVILEGE

Mr. Charette: "Mr. Speaker, members of the House: It is true that we have had an agreement between the leadership on your side of the aisle and on our side of the aisle. The thing that is personal to me is that I think we can agree without being disagreeable. Last night, we had a matter before this House that we thought should pass. I was informed by the leadership on your side--Mr. Swayze--that you were not going to vote to advance the bill--Engrossed Substitute Senate Bill No. 2106. You had a caucus, and when you came out, I asked Mr. Swayze if you were going to vote to advance the bill, and his answer was, 'You will find out.' I then requested and received an electric roll call, which turned out to be a wasted motion because Mr. Swayze would not answer my question. That is my point of personal privilege."

PERSONAL PRIVILEGE

Mr. Swayze: "Our agreement is to notify leadership on the other side of the aisle when we intend to resist a motion to bump and suspend the rules--not when we intend to support."

HOUSE BILL NO. 527, by Representatives Bagnariol, Gaspard, Barden, Anderson, Kelley, Chatalas, Gallagher, Perry, Conner, McCormick and Kalich:

Mr. Bluechel spoke in favor of the adoption of the amendment.

Mr. Zimmerman moved adoption of the following amendment to the amendment by Representative Bluechel and others:

On page 6, strike the amendment by Representative Bluechel and others and insert:

House Bill No. 594 was ordered engrossed.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 594 was placed on final passage.

POINT OF INQUIRY

Mr. Luders yielded to question by Mr. Bluechel.

Mr. Bluechel: "The purpose of this question is to establish legislative intent. The committee amendment of section 5(2) clearly states the thermal plant site evaluation council will develop and issue in its certification agreement those waste discharge permits applying to thermal power plants subject to chapter 80.50 RCW. I note the language on page 4, line 3 while establishing the department of ecology as the sole issuer
of waste discharge permits does subject such action to section 5(2). Is it the clear legislative intent that waste discharge permits for thermal generating plants shall be in accordance with section 5(2)?"

Mr. Luders: "Yes, it is."

Engrossed House Bill No. 729, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

My "No" vote on House Bill No. 729 reflects my philosophical objection to federal subsidy to private industry.

There has been, over a number of years, a spreading practice throughout the states of the country of financing construction for private industry through the issuance of tax exempt municipal bonds. There are two basic flaws in this practice.

First, private industry, as a system, is based upon financing by individual investment. The use of tax exempt bonding to finance private industry is a direct subsidy by our federal government to private industry.

Secondly, hundreds of municipalities throughout the country have promoted industrial development projects to enhance their economic climate. Because many of these that have been established have failed there has been economic loss to the sponsoring municipalities.

In my opinion, private industry should be privately financed. Neither subsidy nor the risk of loss should accrue to members of the public through the use of tax exempt bond financing.

Mr. Charette: "Mr. Speaker, may I make an announcement in explanation of the consent calendar at this time? We are now starting on the consent calendar, and it is the agreement that there will only be one speaker on each bill, and that the speeches will be short. If any amendments are proposed to any one of the bills (with the exception of committee amendments), they would automatically revert to the bottom of the second reading calendar. Also, I would hope that we could move through this rather quickly. I have two reasons for this: For the orderly process of the House, and also by virtue of the fact that I am the sponsor of the last bill on the consent calendar."

Mr. Newhouse: "I would like to make a similar comment, Mr. Speaker. I feel that the comments by Mr. Charette were entirely proper. I would also like to urge my caucus to hold down discussion. On the other hand, Mr. Charette, it is in my recollection on consent calendars that we allow two speakers—one on the opposing side also, if there are opposing opinions."

EXPLANATION OF VOTE

By way of explanation of my "No" vote on House Bill No. 359, the community schools bill, of which I was prime sponsor, I would like to make the following statement for the Journal:

In the event that this bill is not passed by the Senate, because of differences between my bill and theirs, and in view of the traditional policy of having one negative vote on the conference committee to resolve the differences with the Senate, it was my desire to enhance my chances of selection.

I believe strongly in the concept of this bill and have worked for two years as chairman of the task force that created it and was prime sponsor and believe the community will be better off because of it.

The Speaker announced that he was about to sign:
SENATE BILL NO. 2618,
SENATE BILL NO. 2619.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House Steve Nelson, Treasurer of the state Future Farmers of America, and requested that Representatives Ehlers, Erickson and Moon escort him to a place on the rostrum.

The Speaker: "Steve Nelson is a 16-year-old student at Eatonville High School. He and his parents are in the dairy business and Steve is active in 4-H and FFA work. Presently he is involved in a leadership project in 4-H, a member of the National Honor Society, Junior Class President, and an active member of his local FFA chapter and the State Treasurer of the Washington State Association of Future Farmers of America. At this time it is my great pleasure to present Steve Nelson to the members of the House."

Steve Nelson: "If you will notice in front of you a pamphlet entitled 'FFA.' On the front cover, The Washington Association kind of made a mistake. We spelled Max Benitz' name wrong, and he is not from Pasco--he is from Prosser. He is the Chairman of the Coordinating Council for Occupational Education. This program sponsors the Future Farmers of America so I decided I'd better get that straight so he won't be unhappy with us.

"How many of you here know what the Future Farmers of America really stand for? The FFA is a national organization which reaches from the state of Washington to Puerto Rico and from the state of Maine to Hawaii. We are an educational organization with the primary aim of developing leadership, cooperation and citizenship. The Future Farmers of America touch all stages of agriculture, from production agriculture such as farming, to agri-business which directly and indirectly relates to occupations concerning agriculture, and natural resources development which deals with forestry and ecology.

"The 1973 theme for our national organization is FFA Unites Youth With Opportunities. This theme tells it like it is. It is a discovery, that's what it is. Young men and women seeking insights into their future in agriculture, looking down the road today for a glance at tomorrow. The key to success in their search is a sound vocational education program. When combined with an active FFA chapter in which members learn by doing, the program unites youth such as myself with career opportunities in agriculture. The vocational agriculture FFA program of
Career education strives to match the individual's skills and potentials with likely opportunities which the student may find interesting and relevant.

"The Future Farmers of America Unites Youth With Opportunities. Through this unison, other aspirations are also achieved. Allow us to glance over these.

"Number one, leadership. To me leadership is that combination of qualities which instills confidence, draws others, and causes them to follow. Number two, cooperation. Working together—not just to benefit individually but to benefit together through a common effort. Number 3, thrift. Thrift is often thought of as doing well. But beyond that it means handling your resources in such a way so as to obtain the most. Number 4, character. Character is you. Those qualities which distinguish you from others. Your ability to read, think, reason and make adjustments. Number 5, recreation. Now the first thought—recreation doesn't seem that important, does it? But it is. It is important for a person to carry out his other qualities to their fullest. Number 6, scholarship. Scholarship doesn't stop at school. It is not just a grade point average that you acquire in the classes. Scholarship is a quality of work that a person does in any field that he may enter. Number 7, citizenship. Citizenship implies freedom in our country—the United States of America. We are proud to be Americans, and proud of the freedom that comes with it. Number 8, patriotism. Patriotism walks hand in hand with citizenship. While citizenship is a very special right—patriotism is our responsibility. Number 9, service. Service is the idea of helping others, knowing full well that it is a privilege to fulfill such an obligation. And number 10, improved agriculture. In a time when the world is constantly and drastically changing, agriculture must change with it, in meeting the needs of the ever-increasing population. We are indeed an organization that builds our American youth. The Future Farmers of America Unites Youth With Opportunities. Thank you."

Steve Nelson presented the Speaker with mementos from the Future Farmers of America.

The Speaker: "Thank you very much, Steve. We very much enjoyed your message to us, and good luck in your program. (I hope he's a Democrat.)"

Representatives Ehlers, Erickson and Moon escorted Steve Nelson from the rostrum.

WHEREAS, The Public Health Service has the responsibility and obligation for the care and treatment of many categories of beneficiaries living in Montana, Idaho, Alaska and Washington, including Indians and some groups of uniformed service personnel and their families, and furnishes primary back-up service for the fifteen Free Clinics in the Seattle area; and

WHEREAS, The Congressional Committee consisting of Congressmen Brock Adams, Paul Rogers, William Roy and John Schmitz, after holding public hearings in Seattle in April of 1972, found that there was a continuing need for the Public Health Service Hospital in Seattle and that it should remain open; and

WHEREAS, The Health, Education and Welfare Administration is continuing to reduce service through inadequate funding, thus lowering employee morale and undermining the health care delivery system; and

WHEREAS, The Public Health Care Coalition proposal, containing the following goals and objectives, has the endorsement of the Puget Sound Comprehensive Health Planning Council that:

(1) The Public Health Service Hospital should be kept open;
(2) The Public Health Service Hospital should be renovated and modernized to improve its health care delivery;

This includes family medicine, drug and alcohol programs, day care for children of workers and patients, transportation, extended care at home and in nursing homes, family planning, obstetric-gynecology services and extension of services to the Free Clinics;

MOTION

Mr. Swayze moved that ENGROSSED SUBSTITUTE SENATE JOINT RESOLUTION NO. 105 be made a special order of business Friday morning at 10:30 a.m.

RULING BY THE SPEAKER

The Speaker: "The bill is in committee. I think you would have to make another motion to get it before us."

MOTION

Mr. Julin moved that the Committee on Constitution and Elections be relieved of ENGROSSED SUBSTITUTE SENATE JOINT RESOLUTION NO. 105, and the measure be made a special order of business at 10:00 a.m. on Friday.
MOTIONS

Mr. Charette moved that the motion by Mr. Julin be laid on the table, and the motion was carried.

On motion of Mr. Charette, the House advanced to the eleventh order of business.

PERSONAL PRIVILEGE

Mr. Swayze: "Ever since I have been privileged to be a member of the Washington State Legislature and this House of Representatives, I have been concerned about improving the legislative processes. Ever since 1967 when I started, I have been sponsoring and working for, and as part of the leadership and Chairman of the State Government Committee, have been working over and getting passed through this body a constitutional amendment providing for annual sessions. In addition, our polls indicate, as I am sure yours do, that the public is now ready for this improvement in the legislative processes. Our efforts, session after session, have been stymied in the State Senate. They have now passed and have sent over to us Engrossed Substitute Senate Joint Resolution No. 105, containing most of the elements of a sound annual legislative session proposal that we have been working for and striving for on both sides of the aisle, I might add, for all these many years. With the limited amount of time that we have left in this regular session, and with the fact that..."

RULING BY THE SPEAKER

The Speaker: "Mr. Swayze, I think you are straying a little far afield from your point of personal privilege."

Mr. Swayze: "The fact that the measure was jointly heard by our committees, we..."

POINT OF ORDER

Mr. Charette: "Mr. Speaker, my point of order is that Mr. Swayze's motives have not been impugned, and he is just making a speech. I don't believe that is within the House rules under personal privilege."

RULING BY THE SPEAKER

The Speaker: "I think your point is well taken. Mr. Swayze, we did allow you a great deal of latitude, but I think you went beyond that. I am sure you can raise your motion at the proper order of business, and can make the speech at that time. You will be recognized at that time."

PARLIAMENTARY INQUIRY

Mr. Julin: "Do I properly infer from the Speaker's last statement that we may expect within a very short time in this session the consideration of Engrossed Substitute Senate Joint Resolution No. 105?"
The Speaker: "I am afraid that is a moot question. That isn't what I stated."

MOTION

On motion of Mr. Charette, the House adjourned until 9:30 a.m., Wednesday, February 21, 1973.

DEAN R. FOSTER, Chief Clerk.

LEONARD A. SAWYER, Speaker.
The House was called to order at 9:30 a.m. by the Speaker (Mr. Charette presiding). The Clerk called the roll and all members were present except Representatives Knowles, Swayze and Tilly who were excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend John C. Heal of the United Church of Christ of Seattle.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

SPEAKER'S PRIVILEGE

The Speaker (Mr. Charette presiding) recognized within the bar of the House, Mrs. Kay Bartholomew, 1972-73 Washington State Teacher of the Year, and requested that Representatives Bluechel, Brown and Bender conduct her to a place on the rostrum.

The Speaker (Mr. Charette presiding): "Members of the House: Each year the Washington Education Association, Association of Classroom Teachers and the Office of the Superintendent of Public Instruction select the Teacher of the Year. This year, Mrs. Kay Bartholomew received that high honor. Mrs. Bartholomew teaches second and third grade in the Shoreline School District.

"Mrs. Bartholomew joins a fine list of Washington Teachers of the Year, two of whom have become National Teachers of the Year. Mrs. Bartholomew, with this honor, represents all of the high quality teachers in our state. "Mrs. Bartholomew, we certainly congratulate you."

Mrs. Kay Bartholomew: "This is indeed a thrilling moment for me. A sort of crown jewel to end this exciting year. It has been a tremendous honor to represent all of Washington State's 35,000 teachers, and I wouldn't be human if I didn't admit that it made me very proud to do so. And yet it has made me very humble, because I realize how inadequately I fulfill such a role. Riding on the crest of this exciting year, I was always brought back down to reality when I reached home base. For example, the time that a friend showed my picture in a newspaper to my three-year-old grandson, and the friend said, 'Look, she is the state teacher of the year.' For a moment his lips trembled, and his eyes gathered a few tears, and then with
grim determination, he said loudly and slowly, 'She is not--she is my grandmother.'

"But in the task of educating our citizens of tomorrow, we are in it together. We who are educators, and you who are legislators. Neither of us can do it alone. Life today is much more complex and stressful than it has ever been before, and this is abundantly evident to even our smallest children. Teaching is much more difficult and complex than ever before because of this situation. And so we must reorder our priorities, to better educate them, and prepare them to live in such a world. Because nowadays, we have to teach them to live peaceably together before they can learn that two and three make five.

"You know we have been hearing a bit about the implementation of the state lottery, but when you stop to think of it, we have had one all along. It has been with our kids, and it is that old annual gamble of levy up or levy down. I am a survivor of the Shoreline levy loss, and I can testify that it was a terrible experience. We, all Washington state teachers, want to thank you this morning for all you have done for us. And we want you to know that we are counting on you to further implement the school situation. I personally want to thank you from the bottom of my heart for the honor you have given all Washington teachers by having me here this morning. Teaching, for me, is a privilege and a pleasure, and it is the greatest job in the world. Thank you."

Representatives Bluechel, Brown and Bender escorted Mrs. Bartholomew from the rostrum.

The President of the Senate: "Honored and respected members of the Legislature, ladies and gentlemen: The purpose of this Joint Session is to receive a message from the Honorable Warren G. Magnuson, United States Senator.

"I have been requested to announce for the benefit of those people who were unable to find accommodations in the galleries that a TV monitor has been placed in the rotunda. If for some reason you are unable to follow the items on the agenda today you might be a little more comfortable watching the monitor.

"I wish to thank you, Mr. Speaker, for your always friendly hospitality and to compliment you and your staff on the wonderful organization and the splendid manner in which you have cooperated with the members of the Senate. Thank you."

The President of the Senate: "Honored members of the Senate, ladies and gentlemen: The President is sure that you would like to be advised that present in the House Chamber today is an illustrious, renowned and noted former state official, the Honorable Victor Aloysius Meyers.

"With all the discussion on annual sessions, it might be advisable to remind you that once Governor Meyers was asked what he thought about the constitutional limitation of a sixty-day session every two years. Governor Meyers replied that he thought it would be a better idea if they had a two-day session every sixty years."

The President of the Senate appointed the following committee to escort United States Senator Warren G. Magnuson to a seat of honor upon the rostrum: Senators Bailey, Twigg and Donohue; and Representatives Charette, Gaines and Morrison.

The Sergeant at Arms of the House announced the arrival of United States Senator Magnuson at the bar of the House, and the President instructed the committee of honor to escort the Honorable Warren G. Magnuson to the rostrum.

The President of the Senate: "Mr. Speaker, Senator Magnuson, members of the Washington State Legislature, university presidents and other distinguished guests, we have with us today one of the most noted philanthropists in the State of Washington, His Excellency, the Archbishop Thomas A. Connolly, who for the past twenty-five years has been the spiritual leader of the Archdiocese of Seattle. Under the Archbishop's unwavering leadership and unparalleled wisdom, the advantages of the poor and the underprivileged in his See have improved immensely. The Archbishop's fights for equal housing for the minority and his constant insistence on rightful progress for the working man are landmarks to his dedicated service.

"It is my honor to request a good friend to every person in the state to deliver the invocation on this auspicious occasion, His Excellency, the Most Reverend Thomas A. Connolly, Archbishop of Seattle."

Archbishop Connolly: "In the name of the Father and of the Son and of the Holy Spirit. Almighty God, the Creator, the source of life and strength Who has ruled that we should be dependent for these gifts not only upon Thee but also upon one another and has laid upon us all in a measure the duty of serving our neighbor. Bless us all here present and grant us Thy divine assistance and an abundance of Thy grace to enable us to be constant and generous in the fulfillment of the tasks that lie ahead of us."
"In a world that is strife-torn and confused and sorely tried, give unto us unclouded vision and fortifying hope. Have compassion on our weakness and augment our strength. Foster in us, all knowing God, the virtues of humility and zeal, of thoughtfulness and courage, of unselfishness and love. Hear us, O Lord, and send forth Thy light and Thy truth. Send them forth especially into the minds and hearts of those who labor in the field of government, who rule and legislate and judge and teach, that through their lives and our freedoms, we be preserved from blinding pride and vain thought that darken counsel.

"Hear us then, O Lord, and send forth Thy light and Thy truth. Let this country never forget its high vocation to teach all nations of the world by word and by example the principles of God given liberty and reverence for the rights of men. Restore and preserve it in the way of peace. Watch over its institutions. Let Thy purity keep it pure, Thy faith enkindle in all hearts faith and confidence, by love increase in all a tender and courageous love of God and Country. Bless us, we pray Thee, with the intelligence and the courage we need so that all of us may put aside any selfish interests and work diligently to achieve that cherished goal, an America in which all people regardless of race, color, creed or national origin may have the opportunity to live in peace and happiness. Give us we pray an exact understanding of social and civic unity and human solidarity.

"Let us not forget that all men are one in their creation, in their redemption and in their sublime destiny. Inspire in us, O Holy Spirit, and in all the citizens of our dearly beloved land, a life of practical loyalty to the traditional ideal; in the essential things, unity, in nonessential things, liberty, in all things, charity. Make us and keep us all human instruments of Thy will and Thy peace and may the high purpose of our endeavors serve to draw us ever closer to Thee, our first beginning and our last end. Through Christ our Lord. Amen."

The President of the Senate: "Mr. Speaker, Archbishop Connolly, and good Washington citizens all: It is with humility and pride that I am now honored with the distinct privilege of presenting to you a close friend of many years, Warren G. Magnuson, the fourth ranking member in seniority in the United States Senate, the ranking member on the powerful Appropriations Committee, and the Chairman of the Committee on Commerce, from which he has promoted the public interest with his worldwide known consumer protection legislation.

"He is indeed Washington's most respected statesman and humanitarian. His constant dedication to the need for better health care for the citizens of our country and his success in providing an improved educational system for everyone are indicative of the effective representation he renders so willingly.

"When our own Evergreen State was on the brink of economic decline, Senator Magnuson spearheaded those programs which extended unemployment compensation for the many needy within our state and energetically pursued other programs which provided food for hungry people and created
necessary public service employment. These various activities permitted us to sustain ourselves through the most difficult time in recent years, so that now we have the opportunity to regain our prized status as one of the most economically-sound regions in the United States. We can be confident that his continued efforts will insure that he will be successful in accomplishing this goal.

"Senator Magnuson, we always need your dedicated and humanitarian efforts, and I am sure that the people of this state of Washington appreciate your work as their representative in the United States Senate and will continue to select you to protect their interests for many years to come.

"Your Excellency the Archbishop, Mr. Speaker, members of the Washington State Legislature, university presidents and distinguished guests: I present to you the Honorable Warren G. Magnuson, United States Senator."

(Applause.)

Senator Magnuson: "Reverend clergy, Lieutenant Governor, Mr. Speaker, and distinguished members of this Legislature and your guests here today: I first, John, want to thank you for that very generous introduction. I always like to hear it. If my mother and father were alive my mother would have believed it and my father would have just enjoyed it. But I am very appreciative of your invitation to be here today. For many reasons. First, your warm welcome that gives me some more courage about legislators. I have been reading lately that we have become sort of appendages to the government operation. And maybe getting a little impotent. But I found your virile and vigorous welcome might belie that thought.

"Secondly, coming to Olympia is a little bit of a homecoming for me. I know most of you have heard that I did serve in this body forty years ago. That is a long time. I do not know that your problems are any different today than they were then, but I can attest to the fact as a legislator, too, that there are more of them. We were down here in some troublous times. We had hunger marches. We did not know what to do with unemployment which was running about thirty percent. We had a sixty day session. Times were so tough that we could not last more than two months. And then I came down here once again for a special session and the problem was whether we would stick to the problem at hand. And you know what that was? To repeal the eighteenth amendment. Wasn't much problem there. And that is all. We stuck to that problem because everybody wanted to get home quick and get some real live beer. So we did not stray at all. So I had some experience here, and we had probably some of the same problems that you have to grapple with. I think your work becomes more and more important because people are more conscious of what you are doing. People are more informed than usual and that is good. But the legislative branch of any government, state or national or local, is not a useless appendage. The people need you more than ever.

"And lastly, probably the best reason why I appreciate your invitation is that in this day of increasingly complex federal, state and local governmental relations (and, right or wrong, the interlocked fiscal
dependency on each other—state, local and federal—becomes important that we of the legislative branches touch base as often as possible. And I can speak for the entire Washington delegation on that. And we have enjoyed a good working relationship with the state legislature, our delegation, with the Governor, with state officials and with your legislative committees.

"There has grown up in this country, because of some of the problems you face locally and nationally, even greater independence in legislative matters. I am not talking about fiscal matters—legislative matters. I have been long active, as you know, as Chairman of the Senate Commerce Committee in consumer matters, in safety matters, and all those things that go with it. And at the federal level there is always an attempt to not take away anything from the states, but rather try to achieve some new uniformity in laws that should be passed, covering the whole country. I could refer to many of them here today, but I won't take up your valuable time. And so the states have to follow suit. And sometimes we say to the states, or the federal proposals say to the states, 'Here are some minimum regulations.' They might involve safety, flammable fabrics, truth in packaging, I could name fifteen, twenty that we have offered. But we want the state legislatures to keep in touch, we with them and they with us, so we might have some uniformity. Otherwise some people want federal laws to take effect—supersede you. That I do not want.

"In this session, you are going to have to take up some of these things. No fault insurance. The President of the United States and I agree on no fault—we do not agree on many things, but we do on this. He says it is an idea whose time has come. And it is. But he says, 'Let the states do it. See how they do—how they come out.' And I said, 'Agreed,' and that is what we are doing. I am holding up the bill to see what the states are going to do about it, because it is an idea whose time has come. You cannot go on for long, paying seventeen billion, six hundred million in premiums (the American public, in auto insurance) and getting back seven billion, eight million in claims and justify that for very long, can you? Something has got to be done.

"There are other matters that involve safety the legislature has to fit in. For instance, out of Commerce Committee have come some boating regulations. That is a good example. You have got to fit in what you want in the state, and have some minimum regard to some of these things that might be, even if not necessarily in a federal bill—it might be just even in a proposal. So you have much of that to do, and we must maintain that relationship because that is the strength of legislative bodies.

"But right now we have the battle of the budget. Now we are talking about dollars, which will tax the strength of any legislative body to the utmost. We are part of a check and balance system. However, it looks like the President has taken the check, and things are getting a little out of balance. But the people elected you to exercise check and balance, and if we do not do that as legislators, we are going to see our democracy deteriorate. And we are not ready yet in this country, in my opinion,
with three branches of government, and a democracy that is now functioning—we are not ready yet for one-man revolution. I do not think any legislative body is. We are not ready either to give up our responsibilities in the legislative branch because, historically, when that happens, when legislative branches of any government, national or local or state, are rendered not necessarily impotent but their powers are diminished, that is the way you start down the road to a lot of things that we do not want to happen. Read your history if you do not believe me.

"So we are adopting (and I am sure you are too, on this battle of the budget) this attitude: Budgets are created for the executive branch to give the legislative branch guidelines, to get the thinking of the legislators on fiscal problems so that the two branches can reason together. Budgets were not meant to be edicts or commands. There has got to be a give and a take. And if the President of the United States expects us to accept a budget line for line, dollar for dollar, we might as well fold up and go home. The Constitution says very clearly in the state and in the nation, our national Constitution, that the legislative branch shall raise the taxes and make the appropriations and make decisions on them. And it means just that. The budget is a guideline. And so it means that each branch should examine the advice of the other and arrive at some fiscal reason. And when an executive feels strongly about that, he has the right to a veto. And if we feel strongly about it, we have a right to override him. I know a little bit about that subject. I am the most vetoed Senator in the United States. I handle the HEW appropriation bill, which is the largest money bill in the United States Senate. I have been vetoed three times, and I do not want to get vetoed again. I hope that we can work this matter out.

"But Congress has been given the label of being big spenders. I have listened to that. I guess you legislators get that too, don't you, down here, in some shape or form? Well, the truth of the matter is that we appropriated less money last year than the budget asked, to the tune of six billion seven (eight billion one the year before) and very seldom does Congress, over-all, go over the budget. The President has talked about a spending ceiling which affects you indirectly, and directly that should stabilize the national economy, and I think it would. And we have no trouble or any problem about a ceiling. What we are talking about is not limits or ceilings, but we are talking about priorities, what we spend it for. And there is where the difference occurs. And it would be a foolish politician, in my opinion, who would suggest that all programs have worked perfectly. Some have outlived their usefulness. You ought to know the problems I have with HEW. Every time I turn around there is a new Secretary. I have served under seven already. And there is a new program. I'll bet the sign painter down there is the busiest fellow in town. He has got to work twenty-four hours a day. Maybe the sign painter over here is the busiest fellow in town, too.

"We applaud a President when he points out a bad program in his opinion. But we have the responsibility to assess it, see whether it should go ahead, but when we get
a ruling that we must take a budget or leave it—or that they will not spend it even if a veto is overridden—that guts all legislative responsibility. I cannot find out what they are going to impound, but I wish I could give you some advice on that. The sign painter down there hasn't changed it much. It just says 'Impounded.' It is the biggest ice box in Washington, I will tell you that. For all kinds of programs. But we have not had a chance to examine all the figures and to jointly arrive at some decisions.

"But I want to take advantage of your kind invitation and your time today, if I may, to take a quick look with you at some of the programs we are talking about. In dollars and cents, cold print in the budget, which even if we appropriated more, we have no guarantee that anybody will spend it, or we have no guarantee that it will not be impounded again even after we override a veto.

"Here are the kind of programs we are dealing with. Public employment programs, Medicare. It is going to cost everybody if these figures stick on Medicare, in my best opinion, about twenty-five percent more. The Regional Medical Programs, pollution control, community mental health centers, Model Cities, the Public Service Hospitals—the one in Seattle, they are going to close that one up—(I got word the other day)—the one on Beacon Hill. Health research, libraries, and a thing that you people worked on long and hard and came to some judgment on, all the funds for coastal zone management, which is pretty important to this state. Housing assistance—I do not know what the housing program is going to be now, but surely it is going to change in another direction. Neighbors in Need, through which we have been able to get a little money for people that needed to be fed. That is out.

"And how does this affect the state of Washington? The Governor suggests that maybe it is not as bad as it looks. I read that in the paper. I hope he is correct. But my best estimate is that you are going to lose, directly or indirectly, in the state of Washington between a hundred and fifty million and two hundred million dollars. And I am going to send to the Appropriations Committee, again when we can put this in better perspective, some of the figures—what it looks like. This year the state of Washington will receive under this year's budget about four billion dollars in federal revenue from all sources, about one-fourth of it from the HEW appropriation as it now exists. But that is going to be cut under the programs suggested that we take out. What is going to happen in Kitsap County, Red? Coulee City? You people from Tacoma, if the impacted area school aid is discontinued? That has been proposed. And there I know the figure—fifteen million dollars in the state of Washington. So I just point these out. We can add them all up, but indirectly and directly you people are going to have a real problem because you do not know exactly yet just what is going to happen.

"Well, there has been fourteen billion dollars impounded in the United States. There is no money in for oceanography—highway funds. But I cannot blame this administration for impounding highway funds. Everybody,
every President I have known, has always taken a grab at that money. People in Washington administrations and departments just cannot stand to see a trust fund sitting there idle. They have just got to open up and get at it. Many Presidents have done that.

"We passed a bill in the last session of Congress, which the President signed and helped us a great deal on the whole question of higher education. That directly affects you people—what you may do or have to do, or not do, for state institutions. Vocational training, which has been cut—this is a field we thought we were doing some good for the future, to stop some of the unemployment problems. So you have a new federal budget that, unless there is some turnabout or some sitting down and reasoning as was intended, may require you to abandon or drastically slow up programs that you have once determined and determined over and over again, at least it is your opinion, that they are needed for the well-being of the state of Washington. You will have to put up your own millions of dollars or reverse yourselves on some of these programs completely. That I do not think we are going to do. I read in the paper the other day, we may have to go back and start all over again. I hope that will not be true.

"Now there has been a lot of talk, well, you can take care of some of this with revenue sharing, hasn't there? A lot of pious speeches about it. I voted for revenue sharing, as long as you wanted to share the deficit with us, I thought it was all right. But I do not see any hope that it can be increased much above what it is now, and there are some plans for special revenue sharing, I guess, on school matters. I cannot be optimistic about that. Then there has been a lot of talk along with revenue sharing, oh, a lot of speeches. I listened to them up until November, and then they quit for awhile. We are going to do something about property taxes. Well, I said we were going to do something too. We all did. There is no way that the federal government can do anything about property taxes, local property taxes, except one thing and give you a tax credit instead of a tax deduction. Now there are some bills in for that. Some for older people, some for people who may be crippled or infirm. About ten or twelve bills. And there may be some relief for property taxes if we get down to a tax credit. But that again will add to the federal budget. But I would rather do it that way and have it done directly than to collect some more money in the general fund and say, 'Oh, well, we are going to do something more about revenue sharing.' Revenue sharing gets lost, you know, sometimes when you pass it out. Cities—oh, every mayor in the state of Washington wants to see me this week. Pretty near every one. So I cannot give you much hope of more revenue sharing, but maybe we can do something with a tax credit. You have a deduction now.

"But none of these things can be resolved until July, August, September, whatever have you, the way we go in session. We are in session twelve months out of the year, usually. So I do not know how you can do much planning yet until we get some of these ducks in the row. The President is asking us, in effect, or the budget
people, to mark time while we revolutionize the budget-making process. And even if a change of this magnitude should make ultimate sense, and I doubt if it does, I think the brakes should be applied a little slowly and not abruptly, not slammed down to the floor boards in one fell swoop in a one-man revolution. And not just because a small coterie of people in somewhat of an ivory tower decide that this is that is best for the American people—that does not necessarily make it so. Legislative bodies are the ultimate to make that decision. They are elected by the people.

"So as an old legislator, I am not going to roll over yet. I am going to see what I can do to reason, see what programs can be taken care of. I cannot have everything I want. Nobody else can. See if we can do something to help the states and in my particular case, this state, in taking care of some of these programs, some of them that I know are worthwhile. And if some of them are not, it is not the fault of legislative bodies. It is bad administration. That is what it is in some cases. Bad administration.

"Now it comes back to priorities. I think we all applaud the administration and the President in doing a fine job in laying the groundwork for peace in the world. I do. The beginnings. I hope it works all the way through. People are doggoned tired of war everyplace in the world. But when you do this, I am hopeful we will have some kind of a bonus. The money not being spent for the stupid business called war—we ought to have a bonus to do something for the American people at home. But the budget ups the defense department. Five billion, seven hundred million dollars. That is kind of a strange paradox, isn't it? And I do not know what the details are. I am not privy to a lot of things down in the White House any more. I used to be. But I do know that to arrive at this peace, maybe they did not want to do it, to arrive at some of the things, that there had to be a promise that they would try and spend 'X' billions of dollars for the rehabilitation of North Vietnam.

"Now the President has not got any money to spend. He has got to come to Congress to get the money just like the Governor has got to come to you. And I just do not know how I am going to feel about that. But I will tell you one thing, that if I have to make a choice between building a hospital in North Vietnam and an addition to the Orthopedic Hospital in Seattle, which was in the budget and vetoed for lack of funds, you know what side I am going to be on, don't you? Maybe we do not have to make that hard choice. We ought to be able to do it all.

"Balance of payment deficits. That is causing, indirectly, you people trouble. And now for the last four sessions of Congress, the distinguished Senator from Montana, Mr. Mansfield, and I have put an amendment on every foreign aid bill we could think of to bring back at least four divisions or five divisions from Europe. It costs hundreds of thousands of dollars. If they cannot get along over there after twenty-some years, they will never get along. This is costing us billions. These are the funds we want to use for the things I am talking about. The programs that you are worried about. I did not see
anybody over in Europe weeping any tears about devaluing the dollar the other day, did you? Pretty smug, weren't they? Not a word said that the same good hard American dollars that we put in the Marshall Plan brought them back to their economic prosperity. No sympathy at all for that.

"And these are the kind of things when I talk about priorities. And I think, though, that all members of Congress, most of them, if we have not learned that lesson, we ought to all go home. We cannot keep on trying to police the whole world.

"Now I haven't mentioned EDA. That is out. Some of you people in the smaller counties have had something to do with that. Port commissions, county commissioners and others. And unspent consumer money to enforce consumer bills. I could go on and on. But I am not going to any more.

"But I do not think any executive has a monopoly on what is best for the United States of America. I think we should sit down and reason, accept their advice. Maybe if we disagree, all of us, we can arrive at some conclusion that will help us. This country is a good rich country yet. It is a question of what we spend our money for and how we do it.

"I do not like big government particularly. It would make my job much easier if you did not have it. I see you all every once in awhile. You are back there in Washington, D.C.--particularly around appropriation time. And I am glad to see you. We should get government out of some of these things as rapidly as possible. But if they are good programs and somebody has to pay for them and they cannot be paid for by the local people or the people at home, then I say it is good business for the welfare of the United States that we take hold of them and see that they are run rightly and they are at least reasonable programs for our future. That is what I think.

"Health manpower—we are forty thousand doctors short in the United States. Dentists—I do not know how many. All you have to do is make an appointment with a dentist and not show up and then you will figure how scarce they are. He will tell you to come back next month sometime. Nurses, libraries for elementary schools. These things are for our future.

"And if we do not continue the good programs and do the best kind of a job we can within our capabilities, let me tell you something, as an old legislator dealing with appropriations, it is going to cost you much more in the future. This is the best investment you can make.

"Thank you."

The President of the Senate: "Thank you very much, Senator Magnuson, for your most interesting and informative remarks. Ladies and gentlemen, as I listened to the remarks of Senator Magnuson and the prayer of Archbishop Connolly, the thought struck me that it would be well nigh impossible anywhere in the world to bring together two people at the same time on the same platform who have performed more and greater humanitarian services than these two men. I want you to know, Archbishop Connolly and Senator Magnuson, that we are indeed happy and proud that you honored us with your presence today."
"And now, ladies and gentlemen, it is my pleasure to present to you the only native Washingtonian that is seated on the rostrum. This young man has a long career in public service, starting out as a prosecuting attorney and serving for almost two decades in the state House of Representatives. Lennie is a native of Puyallup, a graduate of the University of Puget Sound where he achieved an outstanding athletic career and a graduate of the University of Washington Law School with honors, had a brilliant career in the United States Navy during World War II and now is Speaker of this state House of Representatives."

The Speaker of the House: "As Senator Magnuson said: 'I like it,' and I wish you would come out to my district more often, John. At this time I would like to ask that Senator Knoblauch and Senator Gardner and Representative Gaspard and Representative Bauer form an escort committee to escort the Superintendent of Public Instruction, the Honorable Doctor Frank Brouillet to the rostrum."

"Ladies and gentlemen of the House and Senate, I would like at this time to present the former junior member from the twenty-fifth legislative district, who has gone on to mightier heights—at least he now has risen to the height of Superintendent of Public Instruction. Now I think that all the things that Lieutenant Governor Cherberg said about my basic career is paralleled by my former junior member, having also gone to Puyallup High School, also having been an all state football player and an all state basketball player, going on with athletic scholarships, etc. and then serving some sixteen years in the legislature. I would like to present the Honorable Doctor Frank Brouillet, our Superintendent of Public Instruction."

Dr. Frank Brouillet: "Thank you, Leonard. Mr. Speaker, Governor Cherberg and Archbishop Connolly, Senator Magnuson and fellow elected officials and guests: It is a good deal of pleasure for me to be here today. I first thought maybe I would be able to pick up a little money from the Senator for the schools. I guess that is not going to work out.

"In lieu of that, I do have here, though, an award I would like to present to Senator Magnuson on behalf of the National Association for Continuing and Adult Education. Each year the National Association selects one person in the United States who has done the most for continuing and adult education. This year the recipient of that award is Senator Magnuson, because of his strong support of education in general, but adult and continuing education in particular. This award was made to the Senator in November in Minneapolis but he was not able to attend, so it is with a great deal of pleasure here today, Senator, that I present to you the Outstanding Merit Award for Continuing and Adult Education from the National Association."

(Applause.)
The President of the Senate: "Senator Magnuson, it has been a delightful pleasure to have you with us. I am sure everyone in hearing distance certainly enjoyed and appreciated your remarks. Thank you so much for being with us."

The committees of honor escorted Dr. Brouillet, Most Reverend Thomas A. Connolly and United States Senator Warren G. Magnuson from the House Chamber.

The President of the Senate: "Mr. Speaker, members of the House, members of the House staff, ladies and gentlemen, it is always a delightful pleasure to visit you and we only wish we could do it more often. Thank you."

MESSAGES FROM THE GOVERNOR

February 21, 1973

TO THE HONORABLE,
THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON
LADIES AND GENTLEMEN:
I have the honor to advise that on February 21, 1973, Governor Evans approved the following House Bill, entitled:

HOUSE BILL NO. 195: Providing for the issuance of general obligation bonds under the supervision of the state finance committee for certain building purposes.

Sincerely,
JOHN H. BRIGHT,
Legislative Counsel.

February 21, 1973

TO THE HONORABLE,
THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON
LADIES AND GENTLEMEN:
I have reluctantly signed Engrossed Substitute Senate Bill No. 2106, the supplemental budget. It provides for a salary adjustment of $40 per month effective February 1, 1973, for all local school district classified employees, for all employees of four-year units of higher education, and for all state employees except faculty and exempt staff of community colleges and certificated staff
of local school districts who because of contract restrictions are not eligible for immediate increases. This provision differs from Senate Bill No. 2106 as originally filed by executive request which provided for a salary adjustment of 4% or $40 per month, whichever is greater.

While a $40 salary increase as a response to rising costs of living will be helpful to all state employees receiving this increase, I believe a great disservice has been done by the action of the Legislature in deleting the alternative of a 4% increase. The failure to allow for this alternative adversely affects key personnel in higher education and other state employment and will make our task increasingly difficult both to hold present employees and to attract high quality new employees who are so essential to the effective and efficient operation of education and government.

I am most concerned that the failure of the Legislature to be responsive to the needs of all state employees will lead to a deterioration in quality in our education, health and administrative programs. This issue cuts broadly across a variety of critical professional skills, including those of educators in our schools for higher education, medical and health personnel in our institutional program for the mentally ill and handicapped and data processing staff in many agencies. The loss of such key personnel will surely result in the state suffering severe long-range damage, both in the quality of our programs and in decreased capacity to control costs, consequences which must not be permitted to occur.

I strongly recommend that the Legislature adequately meet this issue in the operating budget for the next biennium.

Sincerely,

DANIEL J. EVANS,
Governor.

INVOCATION
by
Father William Treacy
St. Michael's Catholic Church, Olympia

"God, Source of Love, give to all of us here present an increase of love that will make us sensitive to and appreciative of others. Let love enter our hearts to make us grateful and not take for granted the services of those who have served in these legislative halls and who have now answered the last and final roll call.

"For their efforts on behalf of the people of this state, we say thanks.

"Let us show our thanks and appreciation by renewing
our faith in the democratic process which they have served so well and handed on to us as a precious heritage. Let us never forget that the opportunity to be of service to others in any capacity is basically a priestly ministry.

"Today we recall the memory of those whose voices will never again be heard beneath this beautiful dome. Help us to see death not as extinguishing the lamp, but putting out the lamp because the dawn has come. In memory as we turn our thoughts and hearts to those legislators who have died, help us to be sensitive to the causes for which they gave their devotion. Let us be sensitive to the voices of those who cannot speak to us in these halls, not because death has stilled their voices but because poverty, illness, misfortune has touched and seared them, and their voices are muted because hope for improvement and change is dead in their hearts. As we express our love for the dead today, renew, Oh God, our love for the living, for each other, and especially for the people who are poor and downtrodden. Amen."

MEMORIAL TRIBUTE
by Representative Margaret Hurley

"Lieutenant Governor Cherberg, Mr. Speaker, Father Treacy, Reverend Dr. Rahn, members of the Senate and House, relatives and friends of our departed colleagues, and guests:

"Life and death are nonpartisan. Political differences vanish at the grave. Our activities here, however, by their very nature, must be concerned with different viewpoints. The success of democratic government presupposes that dedicated men and women of honor and integrity will take issue with one another. There will be differences of opinion, which discussion and debate will resolve for the good of all. It is an ancient truth that we bring nothing into the world, and surely take nothing out of it. It is not what we bring in, or what we take out--it is what we leave behind after having been here that makes our record in life. It is most fitting then that once again the Legislature of the State of Washington, in Joint Session, respectfully meditate and recall to our minds the achievements, contributions, merits and dedication of our departed colleagues--colleagues who believed citizen participation in state government to be a precious opportunity--an opportunity to become involved in all that is meaningful in the daily life of the communities in which they lived and worked. A fleeting moment between birth and death, in which to speak, to act, and to fulfill the duties of this high office.

"As our tributes are paid this day, may each of us recall silently the dedication, devotion, achievements, and the delightful individual character traits of each. And above all, let us remember that for a small remuneration, these men and women gave their time and service out of
dedication and in an era which seems abundant with attempts to belittle the dedication of public servants. May you and I take firm resolve to renew our dedication, and may this moment be one of renewed devotion. For the greatest tributes which can be paid to our departed colleagues is that the recollection of their lives and deeds has renewed our faith, courage and fervor, and has in the history of the state of Washington made this a finer hour."

In tribute to the memories of our distinguished former members of the House and Senate who have passed from among us during the preceding biennium, the Forty-third Legislative Session of the State of Washington conveys its respects on behalf of the people of our State. We appreciate the presence of Dr. Rahn and Father Treacy, and also the musical renditions which were beautiful. We are grateful for those who were with us. SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House General William B. Fulton, Commanding General of Fort Lewis, and requested that Representatives Parker,
The Speaker: "Members of the House, earlier in this session we unanimously passed House Joint Memorial No. 1. That memorial petitioned the Congress and the President to designate the 9th Infantry Division, located at Fort Lewis, as 'The Northwest's Own.'

"Today we have visiting us the man who commands the 9th Infantry Division and Fort Lewis, General William B. Fulton.

"General Fulton is a native of California. He was an R.O.T.C. honor graduate from Berkeley with a political science degree, and holds a master's degree in international relations from George Washington University.

"This is General Fulton's second tour of duty at Fort Lewis. In our informal discussions, he has informed me he always brings good weather with him, so I guess we can look forward to a beautiful spring and a wonderful summer. He was here in the mid-50's with the 2nd and 4th Infantry Divisions. He commanded the Riverine Forces in Viet Nam in 1967-68.

"When the 9th Infantry Division was activated at Fort Lewis, General Westmoreland uncovered the colors, turned to General Fulton and said, 'O.K. Bill, there are your colors, now go out and recruit a division.' So this is what he is here for today—to see how many of you want to join up.

"It is with extreme pleasure that I present to you, General William B. Fulton."

General Fulton: "Thank you, Mr. Speaker, distinguished escorts, and members of the Washington House of Representatives: I would like to thank you for receiving me here today. It is indeed a pleasure to be able to come to the Capitol at Olympia and to give you a very brief report on the progress that we are making at Fort Lewis. But before doing that, I would like to acknowledge the fact that we were deeply gratified that you would see fit to adopt the 9th Division, known as the 'Old Reliabls,' as the Northwest's Own. As you are all aware, the legislation that perpetuated the draft is no longer in operation, and the Regular Army is now dependent on volunteers.

"When I assumed command at Fort Lewis, we had just changed our mission from a training center and a reception station, with a post population of roughly 29,000, but highly transient. I think you are all aware that during the Viet Nam War, over three and one-half million soldiers and officers passed through Fort Lewis by a rapid turnover. Not too many lived within the neighboring areas of Olympia, Lacey and Tacoma. When I assumed command, we were at a reduced strength of around 7,000 people, and the Division had exactly 1,700 as the base cadre.

"You heard my mandate from General Westmoreland—that if I wanted a division, we had to go out and recruit one. Today we stand at approximately 18,000 people on the post—roughly 7,000 in the Division, with roughly 4,000 recruits still to come. We have recruited over 7,000 youngsters, and I am happy to report that over
1,000 have come from the state of Washington. You have nobly supported us. The great bulk of our people come from the Western States—Washington, Oregon, California, Idaho, Montana, Utah, and some from Arizona. We are proud of these people, because I must report to you that they are substantially ahead as far as their qualifications than those of the other divisions throughout the United States, which I think attests to the growth and the standards that are found in the West. And of course, I am a westerner, as you heard, being from California.

"We only have to recruit roughly 2,000 more people to get to 100 percent strength. By June we expect to have 23,000 people at Fort Lewis—that is military. Coupled with our 15,000 dependents, and Madigan Hospital, we should reach a post population of roughly 45,000 people. Unofficially, I guess, I qualify as a mayor, and I think I probably fall, as a corporate entity, around ninth or tenth in population in your state.

"I would like to say that our soldiers are wonderfully happy. There is no plant or military facility that equals Fort Lewis, and I know that you as legislators have respected that fact in the memorial that you sent forward to the Senate which I certainly hope (and I'm not supposed to be involved in political activities by the nature of my office)—but I hope your Senate will see fit to pass this. It will mean a great deal in perpetuating the 9th Division as an entity, and I hope as a part of the structure of the northwestern society here, because we are very much part of it. As a matter of fact, we are your Army. I work for the Army, but it is your Army.

"We see a very bright future for the 9th Division, and we find that you Washingtonians are most hospitable. And this means a great deal to these young soldiers that are coming in because they must have, as we see it, a favorable reaction. I realize you have much legislation to do. I am deeply grateful that you have honored Fort Lewis here today, Mr. Speaker, by letting me come and give this brief report, and I wish you the best of luck in your legislative proceedings. Thank you very much."

General Fulton was escorted from the rostrum by the escort committee.

The Speaker called on Mr. O'Brien to preside.

**EXPLANATION OF VOTE**

I voted against Senate Bill No. 2082 which would add a county clerk to the Judicial Council, because I believe the council should be reduced in size, rather than increased. The bill would have been improved if an attorney or judge were removed from the Council to make room for a clerk, but without this change, I opposed passage as adding extra costs without commensurate savings.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Pardini:

Mr. Pardini: "Mr. Charette, I recognize the argument that you are making and I think it is a valid argument, but would there be any validity to changing the law so that two judges could hear the case?"

Mr. Charette: "I think there might be validity to it, but one of the reasons that we have three judges is so that the people who have these matters heard will have at least three people making the determination. If you had two judges, there is a possibility you would have a tie. Under the law as it presently is, unless the judges agree, then it goes on to the Supreme Court. I don't think that really would work out."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 2350 as amended by the House, and
the bill passed the House by the following vote: Yeas, 87; nays, 8; not voting, 3.

Authorizing second class school districts to draw and issue their own warrants.

The bill was read the second time.

Mr. Barden moved adoption of the following two amendments and spoke in favor of their adoption:

On page 3, section 5, line 7 after "in" strike "bank" and insert "one of more banks"

On page 3, section 5, line 9 after "warrant" insert "to each bank so designated"

POINT OF INQUIRY

Mr. Barden yielded to question by Mr. Bauer.

Mr. Bauer: "Representative Barden, in some states where this practice now is currently taking place, the thrust of issuing one certificate or one warrant to one bank gives that bank an incentive to take care of those warrants without any cost to the district. Now by allowing several banks to receive these warrants, will this destroy the incentive for any one bank to process the warrants to the other banks or to the individuals and thereby destroy the intent, or the saving to the school district?"

Mr. Barden: "I thank you very much, Representative Bauer, for asking that question, because it allows us to clarify, for the record, that this will not be the case, because the warrants would all be drawn on one account through a particular bank that was selected by that school district to be its primary depository. The supplemental warrants which would be issued to, say, Bank 'X' or Bank 'Y' to pay the salaries of those school district employees who happened to have established banking relationships with those other banks would be in the same category as a warrant the school district would issue for its light bill, or its fuel bill, or any other expenses that it would incur. It would not mean that the bank would have to establish primary depository with more than one bank. The warrants would all be drawn through the bank selected by the school district to be its primary depository, but it would not require that the employees all establish checking accounts with that particular prime depository of the bank. I thank you very much for asking that question so we could clarify that."

POINT OF INQUIRY

Mr. Barden yielded to question by Mr. Charette.

Mr. Charette: "Mr. Barden, in looking at the language of your amendment, do you intend for the bill to
now read 'any one or more banks' or did you really intend to strike the word 'any,' which you haven't done by your amendment?"

Mr. Barden: "You are absolutely right, Representative Charette."

Mr. Charette: "That is the first time I have ever had an admission from you, Representative Barden."

POINT OF INQUIRY

Mr. Bauer yielded to question by Mr. Beck.

Mr. Beck: "Mr. Bauer, this poses a little doubt in my mind. If this bill was so good for education--it got all the way through the Senate, all the way up here, almost to final passage in the House, and all of a sudden this is a brilliant idea. Is this a good idea--a good amendment? Why hasn't this been thought of before if this is such a good idea? Can you explain this to me?"

Mr. Bauer: "Really, I don't think the amendment is necessary, and I think there is a possibility--although Representative Barden and I did discuss this--I would prefer not to have the amendment. But if he can reassure me that we are not going to destroy the intent of saving money for small second and third class school districts, then I wouldn't object to the amendment. But I am not so sure I am convinced. It is a good bill without the amendment, and I'm not so sure it is so good with the amendment."

Representatives Barden and Hoggins spoke on the amendment.

PARLIAMENTARY INQUIRY

Mr. Leckenby: "Mr. Speaker, I would like to know before I vote on this amendment if the word 'any' has been stricken, or if that requires an amendment to the amendment?"

The Speaker (Mr. O'Brien presiding): "It would require an amendment to the amendment to strike the word 'any'."

Mr. Barden moved adoption of the following amendment as a substitute to the first amendment under consideration:

On page 3, section 5, line 7 after "in" strike "any bank" and insert "one or more banks"

The amendments by Mr. Barden to Senate Bill No. 2568 were adopted.

Senate Bill No. 2568 as amended by the House was passed to Committee on Rules for third reading.

Not voting: Representative Zimmerman.

Senate Bill No. 2588, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

Mr. Eikenberry moved that the Committee on Judiciary be relieved of SENATE BILL NO. 2077 (An act relating to capital punishment) and that the matter be placed on the calendar today for second reading.

Mr. Eikenberry spoke in favor of the motion, and Mr. Knowles spoke against it.

Mr. Pardini demanded an electric roll call, and the demand was sustained.
PARLIAMENTARY INQUIRY

Mr. Douthwaite: "It is my understanding that we are supposed to be dealing with bills which have an appropriation or financial impact, at this time. This bill has neither."

The Speaker (Mr. O'Brien presiding): "Mr. Douthwaite, this is a Senate bill."

Representatives Kelley and Kilbury spoke against the motion by Mr. Eikenberry.

MOTION

On motion of Mr. Charette, the House adjourned until 9:30 a.m., Wednesday, February 28, 1973.       LEONARD A. SAWYER, Speaker.

SPEAKER'S PRIVILEGE

The Speaker (Mr. O'Brien presiding) recognized within the bar of the House Miss Becky Alexander, Washington State Wheat Queen, and requested that Representatives Amen, Haussler and Schumaker conduct her to a place on the rostrum.

The Speaker (Mr. O'Brien presiding): "Ladies and gentlemen of the House, it is my pleasure to present to you Becky Alexander, the Washington State Wheat Queen. Becky is an 18-year-old honor student at Reardon High School, the daughter of Mr. and Mrs. Harry Alexander. Becky has won awards in music and has been quite active in school activities. At their last annual convention, the Washington State Wheat Growers selected Becky as their queen. Today it is my great pleasure to present her to you. Miss Becky Alexander."

Miss Alexander: "Mr. Speaker, members of the House, and guests: The opportunity of appearing before this session of the Legislature on behalf of Washington's wheat growers is indeed an honor I will always remember. I wish to express my sincere appreciation to you for taking time from your busy schedules to permit this appearance. I can assure you it will be brief because I am probably the only Wheat Queen in history who is allergic to wheat, and with an allergy like that--standing this close to a wheat sheaf--tends to encourage a very short presentation.

"The purpose of my visit is to extend an invitation to you, on behalf of the growers, to visit a wheat farm. Wheat production is vital to our state's economy, contributing $162,992,000 in 1971. In Washington it is our number one agricultural product. The results of this, as
with other segments of agriculture, reach out from district farms to every part of the community. I believe that today agriculture has more to do with city people than with farmers, because what happens with the farm economy is ultimately reflected in the supply of food and the price everyone pays for food.

"A combine that sold for $18,000 just a decade ago, today carries a $33,000 price tag. However, until last fall, the farmer wasn't receiving any more for his wheat than he did twenty years ago. When operating costs increase without compensating increases in income, it doesn't take much of an economist to figure out that trouble is in the making. National figures show that only six percent of all Americans have been able to remain in the business of farming. Many of the measures you are now considering could have a decided effect, immediate and future, on the supply and price of food.

"Speaking as an 18-year-old Washington citizen, I am concerned over such matters as real and personal property taxes, farm labor legislation, irrigation problems, and all the other legislative measures that ultimately will affect the supply and price of food in my generation and future generations. That is why I urge you to consider a visit to Washington's wheatlands real soon, for a first-hand look.

"Again, on behalf of all my friends and neighbors over in wheat country, I wish to thank you for allowing me this time."

The Speaker (Mr. O'Brien presiding): "Thank you, very much, Becky. You certainly seem to be well-informed on the problems of your industry."

The committee escorted Miss Alexander from the rostrum.

Why do you have to wait until they are seeking the rank of captain before you can subject them to a lie detector test? I say that if they are suspected of corruption when they are applying to become a corporal, that we should subject them to the lie detector test. Or if we have reason to believe that they have committed a felony, we should do it way back there. We shouldn't wait until they have served for fifteen years and want to be a captain. It is absolutely absurd."

(A) pledging or creating a lien, to the extent provided by such resolution or resolutions, on all or any part of any moneys or property of the authority or of any moneys held in trust or otherwise by others for the payment of such bonds;

(H) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed pursuant to section 17 of this 1973 act, in which event the provisions of such section authorizing appointment of a trustee shall not apply; or limiting or abrogating the
right of the holders of bonds to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(I) defining the acts or omissions to act which shall constitute a default in the obligations and duties of the authority and providing for the rights and remedies of the holders of bonds in the event of such default:

PROVIDED, That such rights and remedies shall not be inconsistent with the general laws of this state and other provisions of sections 9 through 33 of this 1973 act; and

(J) any other matters of like or different character, which in any way affect the security and protection of the bonds and the rights of the holders thereof.

(5) The authority is authorized to provide for the issuance of its bonds for the purpose of refunding any bonds of the authority then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the redemption date next succeeding the date of delivery of such refunding bonds. The proceeds of any such bonds issued for the purpose of so refunding outstanding bonds shall be forthwith applied to the purchase or retirement of such outstanding bonds or the redemption of such outstanding bonds on the redemption date next succeeding the date of delivery of such refunding bonds and may, pending such application, be placed in escrow to be applied to such purchase or retirement or redemption on such date. Any such escrowed proceeds, pending such use, may be invested and reinvested only in obligations of or guaranteed by the state or the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, as to principal, interest and redemption premium, if any, on the outstanding bonds to be so refunded by purchase, retirement or redemption, as the case may be. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds to be so refunded by purchase, retirement or redemption, as the case may be. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and interest, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner. All such bonds shall be issued and secured and shall be subject to the provisions of sections 9 through 33 of this 1973 act in the same manner and to the same extent as any other bonds issued pursuant to sections 9 through 33 of this 1973 act.

(6) The authority is authorized to issue negotiable bond anticipation notes and may renew the same from time to time but the maximum maturity of such notes, including renewals thereof, shall not exceed seven years from the date of issue of such original notes. Such notes shall be payable from any moneys of the authority available therefor and not otherwise pledged or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes may be issued for any corporate purpose of the authority. The notes shall be issued in the same manner as the bonds and such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations, not inconsistent
with the provisions of this subdivision, which the bonds or a bond resolution of the authority may contain. Such notes may be sold at public or private sale. In case of default on its notes or violation of any obligations of the authority to the noteholders, the noteholders shall have all the remedies provided herein for bondholders. Such notes shall be as fully negotiable as the bonds of the authority.

(7) It is the intention of the legislature that any pledge of earnings, revenues or other moneys made by the authority shall be valid and binding from the time when the pledge is made; that the earnings, revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

(8) Neither the members of the authority nor any person executing the bonds or other obligations shall be liable personally on the bonds or other obligations or be subject to any personal liability or accountability by reason of the issuance thereof.

NEW SECTION. Sec. 16. RESERVE FUNDS AND APPROPRIATIONS. (1) The authority may create and establish one or more reserve funds to be known as debt service reserve funds and pay into any such reserve fund (a) any moneys appropriated by the state for the purposes of such fund, (b) any proceeds of sale of bonds and notes to the extent provided in the resolution of the authority authorizing the issuance thereof, (c) any moneys directed to be transferred by the authority to such debt service reserve fund, and (d) any other moneys made available to the authority for the purposes of such fund from any other source or sources. The moneys held in or credited to any debt service reserve fund established under this subdivision, except as hereinafter provided, shall be used solely for the payment of the principal of bonds of the authority secured by such debt service reserve fund, as the same mature, required payments to any sinking fund established for the amortization of such bonds (hereinafter referred to as "sinking fund payments"), the purchase or redemption of such bonds of the authority, the payment of interest on such bonds of the authority or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity. Moneys in such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the maximum amount of the principal, sinking fund payments, if any, and interest maturing and becoming due in any succeeding state fiscal year on the bonds of the authority then outstanding and secured by such reserve fund, except for the purpose of paying principal, sinking fund payments, if any, and interest on such bonds of the authority secured by such reserve fund maturing and becoming due for the payment of which other moneys of the authority are not available. Any income or interest earned by, or increment
to, any such debt service reserve fund due to the investment thereof may be transferred to any other fund or account of the authority to the extent it does not reduce the amount of such debt service reserve fund below the maximum amount of principal, sinking fund payments, if any, and interest maturing and becoming due in any succeeding state fiscal year on all bonds of the authority then outstanding and secured by such reserve fund. Moneys in any debt service reserve fund not required for immediate use or disbursement may be invested in obligations of or guaranteed by the state or the United States of America. In computing the amount of any debt service reserve fund for the purposes of this section, securities in which all or a portion of such reserve fund are invested shall be valued at par or, if purchased at other than par, at their amortized cost to the authority. If the authority shall create and establish one or more debt service reserve funds as herein provided, the authority shall not issue bonds at any time if the maximum amount of principal, sinking fund payments, if any, and interest maturing and becoming due in any succeeding state fiscal year on the bonds outstanding and then to be issued and secured by a debt service reserve fund will exceed the amount of such reserve fund at the time of issuance, unless the authority, at the time of issuance of such bonds, shall deposit in such reserve fund from the proceeds of the bonds to be issued, or otherwise, an amount which together with the amount then in such reserve fund, shall be not less than the maximum amount of principal, sinking fund payments, if any, and interest maturing and becoming due in any succeeding state fiscal year on the bonds then to be issued and on all other bonds of the authority then outstanding and secured by such reserve fund.

(2) To assure the continued operation and solvency of the authority for the carrying out of the public purposes of sections 9 through 33 of this 1973 act, provision is made in subdivision (1) of this section for the accumulation in each debt service reserve fund of an amount equal to the maximum amount of principal, sinking fund payments, if any, and interest maturing and becoming due in any succeeding state fiscal year on all bonds of the authority then outstanding and secured by such reserve fund. In order to further assure the continued operation and solvency of the authority for the fulfillment of its corporate purposes, there shall be apportioned and paid to the authority for deposit in each debt service reserve fund such sum, if any, as shall be certified by the chairman of the authority to the governor, as necessary to restore any such debt service reserve fund to an amount equal to the maximum amount of principal, sinking fund payments, if any, and interest maturing and becoming due in any succeeding state fiscal year on the bonds of the authority then outstanding and secured by such reserve fund; in which case such sum so apportioned and paid shall be deposited by the authority in such debt service reserve fund. All amounts payable to the authority by the state pursuant to this subdivision shall be apportioned and paid to it during the biennial period next succeeding the date of the chairman's certificate or during the session of the legislature next succeeding the date of such certificate, whichever first
occurs, and, subject to the rights of the holders of any bonds or notes theretofore or thereafter issued, shall be repaid to the state from all revenues of the authority available for such purpose and not required to pay principal, sinking fund payments, if any, or interest on its bonds or notes or its operating expenses.

3) The authority may create and establish such other reserve funds as it shall deem advisable and necessary.

NEW SECTION. Sec. 17. REMEDIES OF BONDHOLDERS AND NOTEHOLDERS. (c) by action or suit, require the authority to account as if it were the trustee of an express trust for the holders of such bonds or notes;

(e) declare all such bonds or notes due and payable and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such issue of bonds or notes then outstanding, to annul such declaration and its consequences.

3) Such trustee shall in addition to the foregoing have and possess all the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders or note holders in the enforcement and protection of their rights.

notice in writing to the governor, to the authority, and to the attorney general of the state.

(5) The superior court shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of bondholders or noteholders. The venue of any such suit, action, or proceeding shall be laid in the county in which the principal office of the authority is located.

Mr. Barden spoke in favor of the amendment.

POINT OF ORDER

Mr. Bauer: "Point of order, Mr. Speaker. I would ask a ruling of the Chair on the propriety of this proposed amendment as it relates to the scope and object of the bill."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Mr. Bauer raised the question of the scope and object of the amendment by Mr. Barden to Senate Bill No. 2194. It appears to me that the amendment is not germane on the basis of House Rule No. 32 and Reed's Rules 131 to 133. House Rule No. 32 states: 'No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment; and no bill or resolution shall at any time be amended by annexing thereto or incorporating therein any other bill or resolution pending before the House.'
"In the instant case, you have offered an amendment pertaining to post-secondary students of higher education. The original purpose of this bill is to render aid to any disadvantaged students attending the elementary and secondary schools. Therefore you are not within the scope and object of Senate Bill No. 2194. I will have to rule your amendment out of order."

Senate Bill No. 2194 was passed to Committee on Rules for third reading.

**ENGROSSED SENATE BILL NO. 2213**, by Senators Day, Bottiger and Stender:

Implementing the law relating to the practice of registered nurses.

The bill was read the second time.

The Clerk read the following amendment by Representative Kopet:

On page 18, section 27 strike all of subsection (16) and insert: "(16) permitting the prescribing of any legend drug as defined by FDA regulations"

With the consent of the House, Mr. Kopet withdrew the amendment.

POINT OF ORDER

Mr. Conner: "Mr. Speaker, on a point of order, I would like to ask the Speaker to rule on the scope and object of this particular amendment. It seems to encompass the entire physical therapists act. There is no question that there is other legislation dealing with this subject that is to come before the committee, and I would like the Speaker to rule as to whether this is germane to this particular section."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The Speaker rules in connection with your point of order on the floor amendment by Mr. Curtis that it is not within the scope and object of the original bill. The bill pertains to the law implementing the rules and regulations relating to the practice of registered nurses. This proposed amendment deals with physical therapists. For the most part it is contained in another bill which is before one of our committees. I don't know if you have lifted the entire bill. Even though there might be a substantial difference, it still changes the scope and object of the bill, and the amendment doesn't particularly relate to the practice of registered nurses. On that basis I am going to rule it out of order."

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 2213 was placed on final passage.

Mr. Adams spoke in favor of the bill.

Mr. Charette moved adoption of the following amendment by Representatives Charette, Thompson, Conner and Chatalas:

On page 1, line 6 after "Section 1." and before "Section 51.32.070" insert the following:

"Section 51.32.060, chapter 23, Laws of 1961 as last amended by section 20, chapter 43, Laws of 1972 ex. sess.
and RCW 51.32.060 are each amended to read as follows:

(14) In case of permanent total disability, if the character of the injury is such as to render the workman so physically helpless as to require the hiring of the services of an attendant, the monthly payment by the department to such attendant for such services shall be increased by an amount not to exceed forty percent of the average monthly wage in the state as computed in RCW 51.08.018 per month as long as such requirement continues, but such payments shall not obtain or be operative while the workman is receiving care under or pursuant to the provisions of chapters 51.36 and 51.40.

Sec. 2."

Representatives Charette and Morrison spoke in favor of the amendment.

The amendment was adopted.

On motion of Mr. Charette, the following amendments by Representatives Charette, Thompson, Conner and Chatalas were adopted:

On page 1, section 1, line 17 after "dollars)"

before "fifty" strike "not less than"

On page 1, section 1, line 17 after "fifty" strike "not less than"

On page 1, section 1, line 17 after "fifty" strike "not less than"

On page 1, section 1, beginning on line 19 after "month," strike all the matter down to and including "attendant, (" on line 21 and insert "((and one hundred fifteen dollars per month additional in cases requiring the services of an attendant)

Renumber the remaining section consecutively.

On line 1 of the title after "compensation;" and before "amending" insert "amending section 51.32.060, chapter 23, Laws of 1961 as last amended by section 20, chapter 43, Laws of 1972 ex. sess. and RCW 51.32.060;"

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 2327 as amended by the House, was placed on final passage.

Representatives Charette, Morrison and Savage spoke in favor of the bill.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Curtis.

Mr. Curtis: "Representative Charette, this bill, as you have adequately explained, affects prior
pensioners--prior to the 1971 act. It is a most laudable effort which I, for one, plan to support. I have only one concern and perhaps you can answer it for me, and that is: Is there a potential leapfrog in this, whereby those people injured prior to 1971 drawing benefits, whose benefits will now be greatly updated--will there be any of them that will jump past those people who are on the current benefit schedule, and possibly be realizing more as a result of it?"

Mr. Charette: "Representative Curtis, I guess it depends on your point of view, whether you call it 'leapfrogging' or 'up-dating,' but because of the amendments--the limiting amendment that was put on by Senator Matson in the Senate that refers to the schedule of compensation as of July 1, 1971--there are presently approximately 1,200 people that are drawing time loss compensation that will be getting a little bit less than the prior pensioners or the time loss compensation people are, under this bill. And I feel that this is a compromise that we had to accept, quite frankly, with the amendment that came from Senator Matson in the Senate."

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "Representative Charette, I regret I wasn't able to ask this question when we were dealing with the amendment. On the bottom of page 2 of your amendments, subsection (15)--the language that says, 'Should any further accident result in the permanent total disability of an injured workman, he shall receive the pension to which he would be entitled, notwithstanding the payment of a lump sum for his prior injury.'

"Now does this mean that if a workman were seriously injured--totally handicapped, perhaps lost his eyesight three or four years ago--he then would have collected the total lump sum. And I wish I had had time to go look up the lump sum figure, but going from memory, it seems to me that some of these lump sum figures are really rather high--up in the neighborhood of $30,000 to $50,000--where it was designed to constitute a lifetime income. Can you tell me how high those lump sum figures are, and if in fact, this is then added on top of that lump sum figure?"

Mr. Charette: "Yes, Representative Kuehnle, the reason for that subsection (15) being included in the amendment is that under our rules we must include the entire law. That is the present law, and has been the law since we passed the bill in 1971. My amendment doesn't change that section at all. Getting specifically to your question, I can't say with any great authority, except that I am sure in my own mind that nobody ever received a lump sum payment of $30,000. In fact, I believe that the reserve account that is set aside at the present time for a death case, where there is a pension paid, is about a $17,000 charge against the account of the employer. Now the lump sum payment, as I understand it, comes for a person who has had an injury and received a permanent
partial disability award. They received a lump sum payment, and then under this act (and I think that it is a liberal act, intentionally so) the person has five years to reopen that claim on the grounds of aggravation. If a claim is reopened on the grounds of aggravation, and there is a determination either by the department or the board of industrial insurance appeals, or a higher court, awarding them a pension, then that pension is the thing that is not affected by the lump sum payment."

ROLL CALL

Mr. Gaspard spoke in favor of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Senate Bill No. 2400, and the bill passed the House by the
following vote: Yeas, 98; nays, 0; not voting, 0.

Senate Bill No. 2400, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 2459, by Senators Bottiger and Scott:

Providing for rights of parents of illegitimate children as to certain domestic relations proceedings.

Committee on Judiciary recommendation: Majority, do pass as amended. (For amendment see Journal for fifty-first day, February 27, 1973.)

Mr. Knowles moved adoption of the committee amendment and explained the amendment.

Representatives Swayze and Sommers spoke in favor of the committee amendment, and Representatives Kelley, Eikenberry, Hurley and Wilson spoke against it.

The committee amendment was not adopted.

On motion of Mr. Eikenberry, the following amendments were adopted:

On page 5, section 5, line 8 after "to" and before "adopted" insert "be"

On page 5, section 5, line 9 after "child" and before "be" insert "shall"

Mr. Eikenberry moved adoption of the following amendment:

On page 12, section 9, line 11 after "custody." insert "In any dispute between the natural parents of an illegitimate child and person or persons who have (1) commenced adoption proceedings or who have been granted an order of adoption, and (2) pursuant to court order or placement by the department of social and health services or licensed agency have had actual custody of the child for a period of one year or more before court action is
commenced by the natural parent or parents, the court shall consider the best welfare and interests of the child, including the child's need for situation stability, in determining the matter of custody, and the parent or person who is more fit shall have the superior right to custody."

Mr. Eikenberry spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Eikenberry yielded to question by Mr. Knowles.

Mr. Knowles: "Would it be your notion in this type of situation, if this amendment is adopted, Representative Eikenberry, that the adoptive parent then having custody could immediately petition for adoption and do it in a proper legal manner?"

Mr. Eikenberry: "Yes, Representative Knowles, I think, particularly looking at the other sections of this very bill, we can see that is exactly what the parent could proceed to do."

Representatives Kelley and Knowles spoke in favor of the amendment.

The amendment by Mr. Eikenberry was adopted.

Mr. Barden moved adoption of the following amendment:
On page 13, following section 12 insert a new section as follows:
"Sec. 13. Section 27, chapter 228, Laws of 1963 and RCW 74.12.310 are each amended to read as follows:
When intensive efforts over a reasonable period have failed to improve the home conditions or the sole surviving parent of any dependent child or children is confined in any penal institution maintained by the state or any subdivision thereof or any governmental entity existing within the state, the department shall determine if any other relatives specified by the social security act are maintaining a suitable home and are willing to take the care and custody of the child in their home. The department shall give first consideration to the grandparents of such dependent child or children in determining with whom to place the child. Upon an affirmative finding the department shall, if the parents or relatives with whom the child is living consent, take the necessary steps for placement of the child with such other relatives, but if the parents or relatives with whom the child lives refuse their consent to the placement then the department shall file a petition in the juvenile court for a decree adjudging the home unsuitable and placing the dependent child with such other relatives."

POINT OF ORDER

Mr. Knowles: "I would like the Chair to rule on the amendment on the basis of scope and object. This bill, as may readily be seen, deals with an adoption
proceeding—filiation proceeding; it deals with the rights of courts; it deals with the requirement of notices. The amendment appears to deal with dependent children and also with the rights of the department of social and health services. I believe it is beyond the scope and object of the bill."

Mr. Barden: "Mr. Speaker, the bill deals with the custody of children and so does the amendment. It is an amendment that has a vital and emergent need in certain areas of this state at this time. I do not believe that it violates the scope and object of the bill. It is dealing with the same area—the custody of children."

RULING BY THE SPEAKER

The Speaker: "Representative Knowles, your point of order is well taken. The Speaker rules that the act we are dealing with pertains to domestic relations and adoption. This amendment deals with a different section of the code, with regard to the department of institutions making priorities as far as foster home care. Therefore, your point is well taken, and I will have to rule the amendment out of order as beyond the scope and object."

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Senate Bill No. 2459 as amended by the House, was placed on final passage.

Mr. Knowles spoke in favor of the bill.

Engrossed Substitute Senate Joint Resolution No. 105 was read the second time.

Mr. King moved adoption of the committee amendment.

Mr. Barden moved adoption of the following amendment to the committee amendment by Representatives Barden, Jueling, Benitz, Hoggins, Eikenberry, Freeman, Morrison, Cunningham, Garrett, Pullen, Polk, Tilly, Wilson, Newhouse, Schumaker, Berentson and Amen:

On the last line of the committee amendment to Article II, Section 12 after "amendment," insert "Regular sessions shall not be more than ninety days. Sessions specially convened by the governor shall not be more than thirty days."

Representatives Barden and Brown spoke in favor of the amendment to the committee amendment, and Representative King spoke against it.

Mr. Pardini demanded an electric roll call and the demand was sustained.

Representatives Eikenberry and Kraabel spoke in favor of the amendment by Mr. Barden and others to the committee amendment, and Representatives Douthwaite and Savage spoke against it.

POINT OF INFORMATION

Mr. Gallagher: "I would like to yield my time to Representative King."

POINT OF ORDER

Mr. Julin: "I believe the rules of our body do not permit one member to yield his time to speak to another member. I think under Reed's Rules that this, in effect, gives one member the opportunity to speak for the whole House."

RULING BY THE SPEAKER

The Speaker: "Representative Gallagher, in light of the objection, I find nothing in the rules that would allow you to yield your time if an objection is brought to the Speaker's attention. In light of that, I will have to rule that you would not be permitted to yield your time under these circumstances."
Mr. Savage moved that the Chairman of the Committee on Constitution and Elections, Representative King, be allowed two additional minutes to speak.

The Speaker called for the vote, and stated the motion appeared to have carried.

POINT OF ORDER

Mr. Swayze: "I believe that to suspend Rule No. 51, to allow additional time to a member, takes a suspension of Rule 51 and a two-thirds majority."

The Speaker: "That is correct, but by the voice vote, I thought it was two-thirds. Would you care to ask for a division?"

The motion by Mr. Savage was lost on a rising vote.

POINT OF INQUIRY

Mr. King yielded to question by Mr. Moon.

Mr. Moon: "Representative King, was there any information brought out in committee, relative to having a deadline on legislative sessions as compared to not having a deadline on legislative sessions?"

Mr. King: "I am glad that you asked that question, Representative Moon. The argument has been made by at least two speakers that we only begin to do our work as we approach a deadline. I would like to point out that in the last session, in one instance (that is in the First Extraordinary Session of 1971) we were under the impression that we did have a sixty-day deadline for the special session. And we accomplished a great deal, especially that last night after 12:00, when bills flew through here so fast that I heard many legislators, on both sides, say 'I didn't really know what was in those bills when I voted on them.' Measures were adopted that were so repugnant to the citizens of this state, that a court case was brought. As you know, it was at that time that the Supreme Court of the State of Washington said, 'There is no limit on special session.' The next Second Extraordinary Session of the Legislature occurred in 1972. We were operating then, with that court opinion, during the session and we did not have any limits whatsoever. We could have continued for the entire year. If you will look behind every desk here, there is a book of that session, the Second Extraordinary Session, and you will note that on the forty-fourth day of that session, we adjourned sine die. So we have again, an historical example--the only historical example we have is the one that proves my point--that the majority of both houses, the Senate and the House, are capable of managing their own business in an open-ended session. And on the other hand, we have the earlier one, which shows that when we were operating under the impression that we had a cut-off date, we even went to the point where we ignored
the clock and became engaged in what some people would say was very hasty, last-minute, and ill-considered actions."

Representatives Berentson, Leckenby and Pardini spoke in favor of the amendment by Representative Barden and others to the committee amendment to Engrossed Substitute Senate Joint Resolution No. 105.

RULING BY THE SPEAKER

The Speaker: "I might remind the members of the House that we are now under the three-minute limitation on speeches."

Mr. Perry spoke against the amendment to the committee amendment, and Representatives Pullen and Rabel spoke in favor of it.

PERSONAL PRIVILEGE

Mr. Pardini: "Mr. Speaker, it was not my intent to mislead anyone in this House. I am sorry if I did. I thought in my comments I had referred to a work draft which came out very early in the session. I would hope that the members of the legislature had also read that work draft. Maybe their interpretation is somewhat different from mine."

The Speaker: "Thank you, Representative Pardini. Representative Moon, for what purpose do you rise?"

Mr. Moon: "To speak on the amendment."

The Speaker: "You have been recognized once."

Mr. Moon: "I have not spoken on the amendment, Mr. Speaker. I only rose previously to ask a question of the Chairman of the Committee."

RULING BY THE SPEAKER

The Speaker: "Mr. Moon, it is the opinion of the Chair that when you are recognized to speak on a proposition, asking a question comes within the definition of having spoken. I also wish to point out to the members of the body that the Speaker was in error on his former ruling saying it required a two-thirds vote on the motion by Mr. Savage. The Speaker wishes to address your attention to Rule 51: 'After the fiftieth day no member shall speak more than once on the same question without leave of the house.' Therefore, 'leave of the house' would only necessitate a majority, and I'm afraid the Speaker ruled a little too hastily last time. We will correct that in the future. I am sorry, but I will have to rule that you have already spoken."

POINT OF INQUIRY

Mr. Moon yielded to question by Mr. Chatalas.
Mr. Chatalas: "Mr. Moon, do you agree with everything that you heard?"

Mr. Moon: "Representative Chatalas, I agree with some of the things I have heard, and some of it, of course, I disagree with. One thing that Representative Pardini said I would agree with, when he said that 'Times have changed and we should change with them.'"

POINT OF ORDER

Mr. Julin: "Mr. Speaker, Representative Moon has fully and completely answered the question as posed to him."

The Speaker: "Representative Julin, I think your point is well taken except there is one small matter that in my mind has not been answered. You may proceed."

Mr. Moon: "Thank you, Mr. Speaker. I would like to remind the members of the House that not only have times changed, but times will change again in the future. Future legislators will be able to change things, if this amendment is not adopted. But if this amendment is adopted, they are going to have to go through the same agony that this legislature is going through, in order to keep up with the times. I think we should give the future to the future, and not deny them the opportunity to make the decisions that involve them, and are in their own best interests. I certainly would urge all of you to vote against this amendment by Representative Barden."

Mr. Curtis spoke in favor of the amendment by Mr. Barden and others to the committee amendment, and Mr. Smith spoke against it.

Mr. Charette demanded the previous question and the demand was sustained.

Mr. Barden closed debate, speaking again in favor of the amendment to the committee amendment.

POINT OF ORDER

Mr. O'Brien: "I refer to Rule 55 relating to the previous question. The previous question was ordered, and it precludes any further debate on the amendment. It further states, in part: 'PROVIDED, HOWEVER, That one of the sponsors of a bill, memorial, or resolution, or, in his stead, the chairman of the committee, when the measure is on final passage or when the motion to postpone indefinitely in pending, may have the privilege of closing debate after the previous question has been ordered.' In this case, the bill is on second reading, and there is no provision for the sponsor of the amendment to close debate."
Mr. Kalich: "According to my watch, Mr. Barden is at two minutes and forty seconds. Would it be all right to give him another twenty seconds?"

RULING BY THE SPEAKER

The Speaker: "Representative O'Brien, it appears to the Speaker that your point is well taken in that the proviso in Rule 55 states that after the previous question has been moved, the sponsor of a bill, memorial, or resolution, or, in his stead, the chairman of the committee, when the measure is on final passage or when the motion to postpone indefinitely is pending, may have the privilege of closing debate. Since neither of these situations exist, I will have to rule that your privilege of closing debate is foreclosed."

POINT OF INQUIRY

Mr. Hoggins: "I would like to ask Representative Barden to yield to question."

RULING BY THE SPEAKER

The Speaker: "The previous question has been ordered. Therefore, all debate is now foreclosed."

PARLIAMENTARY INQUIRY

Mr. Hoggins: "I would like clarification as to what the amendment to the amendment will mean if it is adopted."

The Speaker: "If you wish the amendment to the amendment reread before the vote is taken, we will do that. Otherwise you are out of order."

MOTION

Mr. Polk moved that the rules be suspended in order to allow Mr. Barden to complete his statement.

RULING BY THE SPEAKER

The Speaker: "I am afraid your motion is out of order. The previous question has already been demanded. The Clerk will reread the amendment."

POINT OF INQUIRY

Mr. Beck: "Why do we have to read it? It is on everyone's desk."

The Speaker: "Mr. Hoggins seems to be having some difficulty in this regard, so we will reread the amendment to the amendment."

The Clerk reread the amendment to the amendment.
PARLIAMENTARY INQUIRY

Mr. Hoggins: "I would ask that you clarify the meaning of a 'yes' or 'no' vote on this amendment. If I vote 'yes' on this amendment to the amendment, do I understand this will place a limitation on the length of regular or special sessions?"

The Speaker: "That is the Speaker's understanding."

Mr. Hoggins: "If I vote 'no' this means we will have exactly the same situation we have now, in which our special sessions are unlimited in nature?"

The Speaker: "I think it would be presumptuous of the Speaker to make determinations that are before each member. I think the wording is clearly stated, and I think it is up to each member to make his own decision as to the meaning. I think we have had a full debate on this matter, and I think it is time for us to have the roll call."

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representatives Barden and others to the committee amendment to Engrossed Substitute Senate Joint Resolution No. 105, and the amendment to the amendment was lost by the following vote: Yeas, 41; nays, 57; not voting, 0.

Mr. Swayze moved adoption of the following amendment to the committee amendment to Engrossed Substitute Senate Joint Resolution No. 105:

On page 1, section 1, after "Retain the" on line 26 strike down to and including "calendar" on line 27 and insert "status reached"

Representatives Swayze and King spoke in favor of the amendment to the amendment.

The amendment to the amendment was adopted.

Mr. Morrison moved adoption of the following
amendment to the committee amendment to Engrossed Substitute Senate Joint Resolution No. 105:

On line 3 of the committee amendment after "rejection," strike the remainder of the committee amendment and insert the following: "an amendment to Article II of the Constitution of the state of Washington by adding a new section to read as follows:

Article II, section 43. (1) A regular session of the legislature shall be convened each year on the second Monday of January. During each odd-numbered year, the regular session shall not be more than ninety days. During each even-numbered year, the regular session shall not be more than forty-five days.

The legislature may convene itself in special session for a period of not more than thirty days by resolution of the legislature adopted by an affirmative vote of two-thirds of all the members elected or appointed to each house of the legislature, which vote may be taken and resolution executed either while the legislature is in session or during any period between sessions in accordance with such procedures as the legislature may provide by law or resolution. Such resolution may specify a purpose or purposes for the convening of a special session and may also specify a time limit of less than thirty days for such session, and any special session so convened shall be bound by such limits of time and subject matter, unless by resolution adopted during such session by a two-thirds vote of the members of each house an additional purpose be expressed or the time limit extended, but the total time of such special session may not be extended beyond thirty days.

The governor may also convene a special session of the legislature for a period of not more than thirty days by proclamation pursuant to Article III, section 7 of this Constitution, and such proclamation shall not limit the duration or of such special session to fewer than thirty days, but may restrict the subject matter thereof, unless by resolutions adopted during such session by a two-thirds vote of the members of each house an additional purpose or purposes be expressed.

Standing or special committees of the legislature may meet and conduct official business regardless of whether the legislature is in session, pursuant to such rules as the legislature may adopt.

(2) Any bill may originate in either house of the legislature or in both houses simultaneously, and a bill passed by one house may be amended in the other.

Any bill introduced in any session of any legislature may be enacted at that session, or upon adjournment may be acted upon by a standing committee pursuant to such rules as the legislature may adopt, and may be enacted at any session of that legislature.

(3) Staffing of standing and special legislative committees shall be on a nonpartisan basis administered by a committee equally representing the senate and the house of representatives and the political parties thereof, and operating pursuant to such rules as the legislature may adopt.

(4) The provisions of sections 12, 20, 32, and 36 of Article II insofar as they are inconsistent herewith, are
hereby repealed.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state."

Mr. Morrison spoke in favor of the amendment to the amendment.

Mr. Pardini demanded an electric roll call and the demand was sustained.

Representatives King and Perry spoke against the adoption of the amendment to the amendment, and Mr. Barden spoke in favor of it.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Mr. Morrison to the committee amendment to Engrossed Substitute Senate Joint Resolution No. 105, and the amendment was lost by the following vote: Yeas, 41; nays, 57; not voting, 0.

The Speaker stated the question before the House to be the committee amendment to Engrossed Substitute Senate Joint Resolution No. 105 as amended by Mr. Swayze.

Mr. Pardini demanded an electric roll call, and the demand was sustained.

Mr. King spoke in favor of the amendment, and Mr. Swayze spoke against it.

Mr. O'Brien spoke in favor of the committee amendment.

POINT OF ORDER

Mr. Pardini: "I believe that Representative O'Brien is straying very far from the subject before us, and I rise to a point of order."
Mr. O'Brien continued his remarks.

POINT OF ORDER

Mr. Eikenberry: "I ask the Speaker to rule on the propriety of Representative O'Brien's remarks in that he is making references to another legislative branch. Reed's Rule No. 224 states: 'It is not permissible to allude to the action of the other house of a legislature, or to refer to a debate there. Such conduct might lead to misunderstanding and ill-will between the two bodies...."

RULING BY THE SPEAKER

The Speaker: "The Speaker is well aware of that particular rule, but it would cut down the debate in the House to too great an extent if it were enforced. Representative O'Brien, if you will recognize Rule 32, and stay within the scope. I know with your extensive legislative ability, you will certainly use good judgment."

Mr. O'Brien concluded his remarks in favor of the committee amendment.

Representatives Kraabel, Curtis and Hoggins spoke in opposition to adoption of the committee amendment.

ROLL CALL

The Clerk called the roll on the adoption of the committee amendment, as amended by Mr. Swayze, to Engrossed Substitute Senate Joint Resolution No. 105, and the amendment was adopted by the following vote: Yeas, 58; nays, 40; not voting, 0.

Mr. Conner moved that the rules be suspended, the second reading considered the third, and Engrossed Substitute Senate Joint Resolution No. 105 as amended by the House be placed on final passage.

Mr. Charette demanded an electric roll call and the demand was sustained.
The Speaker declared the House to be at ease.
The Speaker called the House to order.

ROLL CALL

The Clerk called the roll on the motion to advance Engrossed Substitute Senate Joint Resolution No. 105 as amended by the House to third reading and final passage, and the motion was lost by the following vote: Yeas, 57; nays, 41; not voting, 0.

The governing body may additionally pledge for the payment of such revenue refunding bonds any revenues which might legally be pledged for the payment of revenue bonds of the issuer of the type being refunded. Provisions must be made by the governing body for moneys sufficient in amount to accomplish the refunding as scheduled.

NEW SECTION. Sec. 7. This 1973 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

MOTION

Mr. Barden spoke in favor of the motion.

POINT OF ORDER

Mr. O'Brien: "It would appear to me that a motion of that nature would be out of order on third reading—that if Mr. Barden wanted to offer an amendment to the bill, it should have been done on second reading."

Mr. Barden: "Mr. Speaker, my motion was in response to your question, 'Shall the title of the bill remain the title of the act?' I stood and said 'I move the title of the act be the "Stender-Jueling Act,"' in response to the Speaker's query. I believe it is fair, and certainly equitable and deserving, for these two gentlemen who worked so hard for the passage of this act."
The Speaker: "The Speaker will take this matter under advisement. We will hold your point of order in abeyance, Mr. O'Brien."

PARLIAMENTARY INQUIRY

Mr. Newhouse: "May I ask the effect of your holding in abeyance, if you do, sir, beyond our 4 o'clock deadline this afternoon? The bill obviously has passed the House. The matter is just the question of the title of the act, not of the bill. The bill has passed. Will then any consideration beyond the 4 o'clock deadline kill the bill?"

The Speaker: "Having learned this from my predecessor, Mr. O'Brien, the question is not before me until 4 o'clock."

SECOND READING

SENATE BILL NO. 2386, by Senators Stender, Guess, Grant, Lewis (Harry), Sellar, Connor, Jones and Atwood (by Executive request):

RULING BY THE SPEAKER

The Speaker: "Representative O'Brien, regarding your point of order brought up in regard to the motion to change the title of the act of Senate Bill No. 2386, the Speaker has contacted the Code Reviser. He said the purpose of having the title is to refer it to the Code. If one wishes to add names, he would do so within the act, not the title. It would be in the preamble. Therefore, it would have to be done on second reading and your point of order is well taken. The motion by Mr. Barden is out of order."

PARLIAMENTARY INQUIRY

Mr. Swayze: "Following passage of each measure on the floor of this House, you pose the question: 'Shall the title of the bill remain the title of the act?' Then you say, 'Hearing no objection, it is so ordered.' My point of parliamentary inquiry is: If the body objects to the title of the bill remaining the title of the act, what then becomes the title of the act?"

The Speaker: "Mr. Swayze, I can only answer that it is a moot question. It is not before us. But, we are, in regard to your inquiry, making an extensive search as to why we even say this at the present time. It is a precedent that was set forth last session—and the session before, and the session before— we really can’t find the exact reason for this statement, but we will check into it since the point has been raised. At this time, I'm afraid I can't answer your point of parliamentary inquiry."

MOTION

On motion of Mr. Charette, Senate Bill No. 2386 was ordered transmitted immediately to the Senate.
SUBSTITUTE SENATE BILL NO. 2037, by Committee on Transportation and Utilities (Originally sponsored by Senators Donohue, Henry, Walgren and Jolly — by Legislative Transportation Committee request):

Regulating the movement of farm vehicles and implements.

Committee on Transportation and Utilities recommendation: Majority, do pass as amended. (For amendments see Journal for fifty-first day, February 27, 1973.)

The bill was read the second time.

Mr. Beck moved adoption of the committee amendments and spoke in favor of them.

POINT OF ORDER

Mr. Barden: "Mr. Speaker, my point of order is that the committee amendment is beyond the scope and object of the bill. Substitute Senate Bill No. 2037 deals with the daylight movement of farm vehicles. The amendment deals with the length of school buses and has absolutely nothing to do with the subject and content of the bill itself."

Mr. Beck: "I would be very happy to answer the point of order. This bill pertains to RCW 46.44.010, .020 and .040. This amendment pertains to RCW 46.44.030, and it is within the scope and object of the bill. The bill pertains to the regulation of gross weight and length of vehicles on the highway. This is within the scope of the bill. We discussed it in committee..."

The Speaker: "The Speaker is going to hold the ruling in abeyance until we check the entire scope and object of this amendment. We will have to check the statutes, which we are doing at the present time."

ENGROSSED SENATE BILL NO. 2071, by Senators Marsh, Talley and Herr:

Establishing an additional justice of the peace in specified districts.

Committee on Judiciary recommendation: Majority, do pass as amended. (For amendments see Journal for fifty-second day, February 28, 1973.)

The bill was read the second time.

With the consent of the House, the first four committee amendments were considered as one.

Mr. Knowles moved adoption of the first four committee amendments, and explained the amendments.
Representatives Smythe, Swayze and Sommers spoke in favor of adoption of the committee amendments, and Representatives Bauer, Charette and Zimmerman spoke against the amendments.

The first four committee amendments were adopted on a rising vote.

On motion of Mr. Knowles, the committee amendment to page 2, line 27 was adopted.

Mr. Smythe moved adoption of the following amendment:

On page 2 of the engrossed bill, after section 2 add an additional section as follows:

"Sec. 3. Section 4, page 404, Laws of 1854 as last amended by section 69, chapter 81, Laws of 1971 and RCW 26.04.050 are each amended to read as follows:

The following officers and persons are hereby authorized to solemnize marriages, to wit: Justices of the supreme court, judges of the court of appeals, judges of the superior courts, any regularly licensed or ordained minister or any priest of any church or religious denomination anywhere within the state, and justices of the peace within their respective counties: PROVIDED, That after the effective date of this 1973 amendatory act, no justice of the peace shall be permitted to solemnize a marriage unless the legislative authority of the county, by resolution or ordinance, specifically authorizes justices of the peace to solemnize marriages in that county."

Mr. Smythe spoke in favor of the amendment.

POINT OF ORDER

Mr. Knowles: "Point of order. I would like this amendment examined under the scope and object of this bill."

Mr. Smythe: "Can I give the same opinion that Mr. Beck gave? This really does fit within the scope and object, by virtue of having to do with the judges' duties and the number of judges that you would appoint related to the load that they carry. By this amendment, I am attempting to remove a great deal of their caseload, and the hours that they spend in performing marriages. (However, there is a slight difference in the RCW numbers.)"

RULING BY THE SPEAKER

The Speaker: "The Speaker finds that the point of order is well taken. The scope and object of the bill is the adding of additional justices of the peace. I find nothing in the bill which relates to their duties. This amendment would relate purely to their duties. Therefore, I think the point is well taken, and the amendment is beyond the scope and object of the bill."
On motion of Mr. Knowles, the committee amendment to the title was adopted.

Mr. Conner moved that the rules be suspended, the second reading considered the third, and Engrossed Senate Bill No. 2071 as amended by the House be placed on final passage.

The motion was lost.

SUBSTITUTE SENATE BILL NO. 2037, by Committee on Transportation and Utilities (Originally sponsored by Senators Donohue, Henry, Walgren and Jolly - by Legislative Transportation Committee request):

Regulating the movement of farm vehicles and implements.

RULING BY THE SPEAKER

The Speaker: "With regard to the point of order raised by Representative Barden, the Speaker finds that the point of order is well taken. The bill relates to farm equipment solely. The proposed amendment goes into another area completely--the area of school busing. The Speaker finds that it is beyond the scope and object. The point of order is well taken, and the amendment is out of order."

The Clerk read the committee amendment to the title of the bill.

The Speaker: "The Speaker finds that the title amendment relates to the scope and object point of order raised by Representative Barden. Therefore, the title amendment is out of order."

Substitute Senate Bill No. 2037 was passed to Committee on Rules for third reading.

PARLIAMENTARY INQUIRY

Mr. Shinpoch: "I have an amendment to Substitute Senate Bill No. 2037 on the desk."

The Speaker: "Representative Shinpoch, I am afraid the desk made an error. The bill is not before us now. We have passed it to Rules."

Mr. Shinpoch: "I recognize the problem may be moot. However, I don't know how the members go about getting an amendment handled, other than putting it on the desk. If it isn't handled there, then how do we do it?"

The Speaker: "Representative Shinpoch, I think the time to have questioned this was before we brought up the title amendment and the bill was still before us."
ENGROSSED SENATE BILL NO. 2096, by Senators Gardner, Murray and Odégaard (by Joint Committee on Education request):

Setting out conditions whereby superintendent of public instruction can by rule or regulation allow apportionment moneys for less than regular 180 day school year.

Committee on Education recommendation: Majority, do pass as amended. (For amendment see Journal for forty-sixth day, February 22, 1973.)

The bill was read the second time.

The committee amendment was adopted on a rising vote.

Mr. Polk moved adoption of the following amendment:
On page 1, section 1, line 21 after "God" insert ": PROVIDED. Failure to complete construction of new facilities shall not be considered an unforeseen emergency"

The Speaker called on Mr. O'Brien to preside.

Mr. Polk spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Polk yielded to question by Mr. Charette.

Mr. Charette: "Representative Polk, what would happen, under your amendment, if a school building burned down and they couldn't reconstruct it?"

Mr. Polk: "Representative Charette, when a school district is entering into new construction, they are already handling those children at that time in other facilities--either by portables, or overcrowding, or whatever. But they have had some way of handling those children up to the time they move into the new school. My intent here is that the children should not be left without an education starting that following year because the project was not completed. Even though they don't have their new building, they could continue in the same facilities that they have."

Mr. Kraabel spoke in favor of the amendment by Mr. Polk.

The amendment by Mr. Polk to Engrossed Senate Bill No. 2096 was adopted.
Mr. Hoggins moved adoption of the following amendment by Representatives Hoggins and Bauer:

On page 1, section 1, line 21 following the underlined material and before the period insert "PROVIDED FURTHER, That the loss of school time as a result of employer-employee disputes shall not constitute an unforeseen emergency for the purposes of this act; AND PROVIDED FURTHER, That in any event, the superintendent of public instruction shall not permit any school district to shorten its school year more than ten days due to unforeseen emergencies."

Mr. Shinpoch moved adoption of the following amendment to the amendment by Representatives Hoggins and Bauer:

On line 5 of the amendment following "act" insert a period and strike the remainder of the amendment.

Mr. Shinpoch spoke in favor of the amendment to the amendment, and Mr. Hoggins spoke against it.

The amendment by Mr. Shinpoch to the amendment was adopted.

Mr. Hoggins spoke in favor of the amended amendment.

**POINT OF ORDER**

Mr. Martinis: "Mr. Speaker, my point of order is that this amendment is beyond the scope and object of this bill."

**RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)**

The Speaker (Mr. O'Brien presiding): "In connection with your point of order, Mr. Martinis, the Speaker finds that the amendment by Mr. Hansey enlarges the original scope and object of the bill. It is not germane to the original proposition which pertains to the rule-making
power of the Director of Fisheries. It therefore goes beyond the original proposition contained in Senate Bill No. 2340. The Speaker is going to rule that the amendment is out of order. Your point is well taken."

Mr. Hoggins moved adoption of the following amendment:

On page 1, line 14 following section 1, add new sections to read as follows:

It shall be unlawful to fish for commercial purposes within the above described waters with any lawful gear for sockeye salmon during the period extending from the tenth day of June to the twenty-fifth day of the following July. AND PROVIDED, That subject to such regulations and to such shorter seasons as the director may establish from time to time, it shall be lawful to fish for salmon for commercial purposes with any lawful gear in each odd year during the period running from the first day of August to the first day of September, both dates inclusive, in the waters lying inside of the following described line: A line commencing at a red wooden monument located on the most easterly point of Dungeness Spit and thence projected to a similar monument located at Point Partridge on Whidbey Island and a line commencing at a red wooden monument located on Olele Point and thence projected easterly to a similar monument located at Bush Point on Whidbey Island."

The Speaker (Mr. O'Brien presiding): "In connection with the point of order raised by Mr. Martinis on the amendment by Mr. Hoggins, the Speaker finds that it goes beyond the original subject matter of the proposition. It is not germane or relevant to the question of the rule-making power of the Director of Fisheries. Therefore it is out of order on the basis that it is not germane to the original proposition. Your point of order is well taken, Mr. Martinis. I am declaring the amendment by Mr. Hoggins out of order."

The resolution was adopted.

SPEAKER'S PRIVILEGE

The Speaker: "I think by now, Dr. Thompson, you might realize that this wasn't altogether spontaneous. But
it is with a great deal of pleasure that I am able to present to you, Resolution No. 73-19 of the House of Representatives, honoring Dr. R. Franklin Thompson. It has many, many 'WHEREAS'S,' and I think they are all very appropriate. I know that two very important events in my life, and also my wife's life, are that we graduated from the College of Puget Sound, as it was known at that time, (I hate to be that dated, but I am) and secondly that you married us a few years later. I am happy about both events, but my wife has some doubt about the second one at times. I do take great pleasure in presenting you with this resolution."

The Speaker presented the resolution to Dr. R. Franklin Thompson.

(Standing ovation)

SPEAKER'S PRIVILEGE

The Speaker: "As long as you are all standing, please remain standing as I did note in the wings a former member of the House of Representatives, Governor Daniel J. Evans. Would Representative Douthwaite and Representative Rabel escort Governor Evans to the rostrum."

Representatives Douthwaite and Rabel conducted the Honorable Daniel J. Evans, Governor of the State of Washington, to the rostrum.

The Speaker: "At this time I would like to express to Governor Dan that we are glad you're back. Also, we would like to have the former Representative from the 43rd Legislative District, make a few remarks. Governor Evans."

Governor Daniel J. Evans: "I am glad to be back, and, gee, I detected a sincere note of gratitude that I am back. I can say one thing to this body, that after being in Washington, D.C. for just a few days and having spent some time speaking with the leadership and some of the members of Congress, that it is nice to come back to the real world. In the methods and mechanics as well, I think, as the ultimate results, you can be pretty proud of what is done here as compared with the occasional lack of activity that we find back in the nation's Capitol. I sat in the wings just a few moments ago and noted wistfully the passage of this resolution. 'Wistfully,' because there are so many other pieces of legislation that I wish had the same sense of unanimity across the aisle, and the same speed with which you could pass it. That is a tribute, Dr. Thompson, to you.

"I am delighted to come and to join with you in recognizing Dr. Thompson--not just as a great university president, which he is; as the longest-lived university president in the nation (which I understand he is, and that is something I have a considerable sympathy for), but also because he has served as a very fine citizen, a leader in a wide variety of other fields, some of which were mentioned here earlier. He has always responded, and responded well and competently, to the charges I have given him, and
previous Governors have given him. He has left a mark on this state, not just in the educational field but in many other fields as well. And that is the true measure of anyone's career, anyone's activity on this earth or in his community--what he leaves behind him. Dr. Thompson will leave behind him a legacy, and it is not totally written yet because there is still much to give and much, I am confident, he will give as he retires from his university presidency and has perhaps more time to continue to contribute in the many ways he has to the betterment of his community, to his state, and in an increasing degree to the nation itself.

"Dr. Thompson, we are sorry to see you step down, but I am delighted in one respect, because perhaps we can call on you even more in the future for your considerable talents and your assistance to those of us trying to serve the state."

The Speaker: "Dr. Thompson, we would like a few remarks at this time."

Dr. R. Franklin Thompson: "Governor Evans, Speaker Sawyer, distinguished gentlemen and ladies of the House of Representatives and guests: I must say that I am very touched, I am very humble, and I am very honored. For the House of Representatives to stop its legislative process to honor an ordinary, humble person is indeed a historic moment, and no man takes it lightly or takes it without a grave sense of responsibility. I thank you from the bottom of my heart. It has been a great privilege to live in this beautiful and magnificent state for these nearly 32 years. It has been wonderful to be teamed up with a team like the trustees of the University of Puget Sound, and the faculty and the some 14,000 students who have gone through the ivy halls of our beloved university. It has been a great moment. It has been a tremendous privilege to give one's life to an institution and to a state. I have been honored that the Governor has asked me to serve on four different commissions, and I am now working on two state commissions. I count it a great privilege and a great responsibility. This has not been a one man-show. It has been a team. And Mr. Speaker, if I might, I should like to present the major part of this team, the person who has been my steady strength through the years, my beloved Lucille. Thank you again."

(Applause)

Representatives Rabel and Douthwaite escorted Governor Daniel J. Evans from the rostrum.

Representatives Swayze, Jueling, Parker and Gaspard escorted Dr. R. Franklin Thompson from the rostrum.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House, legislators from the State of Illinois: Representative Clarence Neff, Vice Chairman of the Transportation Committee, and Representative Joe Fennesey, member of the
Appropriations Committee and Motor Vehicle Laws Committee. The Speaker requested that Representatives Perry, Shinpoch, Berentson and Kopet conduct them to a place on the rostrum.

The Speaker: "At this time I would like to introduce Representative Joe Fennesey for a message from the Illinois Legislature."

Representative Joe Fennesey: "Thank you, Mr. Speaker. Ladies and gentlemen of the House: It is a pleasure to bring you greetings from Illinois. We are happy to be here visiting your state, studying the system you use to place the photos on your driver's license cards. I can tell you that we are very favorably impressed with the system you have, with your Department of Motor Vehicles, and with the people you have in charge of the department. And let me just say, in visiting your state, reading your newspapers, and watching television, I see that you have the very same problems (looking at your calendar) that we have back in Illinois. You are considering much of the same legislation that we are. Also, I notice that, in watching television and reading newspapers, the legislature is blamed for most of the problems of the state and whatever happens within the state. But let me say it is a real pleasure to be in your state, and I want to wish you well in your work. Thank you."

The Speaker: "Thank you very much, Joe. Now, representing the Republican side of the aisle in Illinois, Representative Clarence Neff."

Representative Clarence Neff: "Thank you, Mr. Speaker. Ladies and gentlemen of the House: As Joe interpreted to you, we are real happy to be in your state. And in noticing your problems, I don’t think they are too much different from what we have in Illinois. I might add that we are kind of proud to say we have a Republican House in the state of Illinois, but you know, we only have a majority of one. I might say, also, in the Senate we have a majority of one. So we are pretty close. And as you notice, when we travel around the state, we kind of have to split up and have a Democrat and a Republican along, side by side. Again, I know you have a busy schedule. We are real happy that we could spend some time in the state of Washington, and get back next week to our work. We have a six-month session which we are into now. We will be finishing up about June, and I am sure we will have some of the same tie-ups and problems that you folks are faced with in the last few days of your regular session. And once in awhile (I hope you folks don’t get involved in this) we get involved where we have to stop the clock at 12:00 many times on June 30th and run into the wee hours of the morning. I’m sure you folks don’t get into those kind of problems—but that’s some of the problems we do face in Illinois. Thank you very much."
The Speaker: "I think we can say we share the same problems. Thank you very much."

Representatives Neff and Fennesey were escorted from the rostrum.

Mr. Thompson moved that all standing committee reports listed on the fifth order of business be passed to the Committee on Rules for second reading.

RESOLUTION

HOUSE RESOLUTION NO. 73-29, by Representatives Anderson and Charnley:

WHEREAS, The State of Washington and the Commonwealth of New Zealand, though they be geographically separated by thousands of miles, have a natural affinity in their scenic grandeur, healthful climates, vigorous inhabitants, and their invaluable access to the Pacific Ocean; and

WHEREAS, The governments of these two areas likewise have much in common; and

WHEREAS, A former citizen of New Zealand, who is Eric Anderson, is now a member of the Washington State House of Representatives;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the Honorable Charles Kirk, Prime Minister of New Zealand, is most cordially invited to honor the Legislature of the State of Washington with a visit at his convenience; and

BE IT FURTHER RESOLVED, That a copy of this Resolution be sent to the Honorable Charles Kirk by the Chief Clerk of the House of Representatives.

On motion of Mr. Anderson, the resolution was adopted.

MOTION

On motion of Mr. Thompson, the House recessed until 1:30 p.m.

AFTERNOON SESSION

The House was called to order at 1:30 p.m. by the Speaker (Mr. Charette presiding). The Clerk called the roll and all members were present.

The Speaker (Mr. Charette presiding) called on Mr. O'Brien to preside.
Mr. Julin moved that the measure which was filed for introduction with the Chief Clerk of the House of Representatives November 20th, 1972 for introduction on the first day of this session and which has 36 sponsors from both sides of the aisle, and which contains a provision which would exempt from retail sales and use taxes prescription drugs, a provision the equity of which is so clear that it has been a part of every tax reform package and proposal presented to this House and which is officially known as HOUSE BILL NO. 1, be removed from the Committee on Ways and Means - Revenue, and made a special order of business on the second reading calendar today, and that an oral roll call vote be taken on a motion to lay this motion on the table, if such a motion is made.

POINT OF ORDER

Mr. Charette: "Mr. Speaker, my point of order is that it was obviously not a motion, but a speech. Therefore, I suggest to you that the motion is out of order."

Mr. Julin: "Speaking to the point of order, Mr. Speaker, I find nothing in our rules that requires that a member may not, in making a motion, identify the measure by its substance, which is all I have done in my motion. I believe my motion is properly in order, because all I did in my motion was identify the measure that I want to put before the body for immediate action."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Mr. Julin, in reply to the point of order that was raised, it appears to the Speaker that you have three motions in one. You are out of order in about four different ways, including the three here, and the rules, and the order of business. The whole gamut is out of order."

MOTION

Mr. Swayne moved that the Committee on Constitution and Elections be relieved of HOUSE JOINT RESOLUTION NO. 24 (which is a title-only measure, sponsored by all of the freshmen of the House) and that HOUSE JOINT RESOLUTION NO. 24 be made a special order of business tomorrow morning at 11:00 a.m., at which time we shall convene ourselves as a committee of the whole, with recorded vote, to consider the subject matter of that resolution.
The Speaker (Mr. O'Brien presiding): "Mr. Swayze, you are out of order also, under Rule No. 81. You are now carrying it a little bit too far. Your motion is out of order—you are not under the proper order of business. You have two motions in one. Your motions should be separated and divided, and both of you should reconsider what you are doing here today."

The Speaker (Mr. O'Brien presiding) declared the House to be at ease.

The Speaker called the House to order.

MOTION

On motion of Mr. Charette, the House adjourned until 11:00 a.m. Saturday, March 3, 1973.

LEONARD A. SAWYER, Speaker.

DEAN R. FOSTER, Chief Clerk.

The House was called to order at 11:00 a.m. by the Speaker (Mr. O'Brien presiding). The Clerk called the roll and all members were present except Representative Hayner who was excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend Bart Huizenga of the Evergreen Christian Reformed Church of Tumwater.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 34 with the following amendments:

On page 1, section 1, line 20 after "voters" and before the period insert "if the precinct committeemen so request; PROVIDED. That they meet the requirements as set forth by the rules and regulations of the secretary of state's office".

On page 2, section 2, line 5 after "by" strike "giving or sending to the voter" and insert "sending to the voter, by first class nonforwardable mail," and the same is herewith transmitted.

Mr. King moved that the House do not concur in the first Senate amendment to Engrossed House Bill No. 34.

POINT OF ORDER

Mr. Newhouse: "My point of order is that I made the positive motion to concur in both amendments. Mr. King suggested that we divide the question. Therefore, my motion to concur is a positive motion, which is before us."

The Speaker (Mr. O'Brien presiding): "The question carried to divide the issue. You now have two amendments that have to be handled separately. That is the purpose of dividing the question."

Mr. Newhouse: "But it is my positive motion that is before us."

The Speaker (Mr. O'Brien presiding): "The House determined to divide the question. Do you want to make a positive motion?"

Mr. Perry: "Mr. Speaker, for the benefit of the new members, I wish you would explain a 'no' vote on this situation and what that does to the amendment, and where we go from there."

The Speaker (Mr. O'Brien presiding): "If the House refuses to concur with Mr. Newhouse's motion to concur with the first Senate amendment, then it automatically means that the House does not desire to concur, and has the same effect as the motion not to concur."

Mr. King spoke against the motion by Mr. Newhouse to concur in the first Senate amendment, and Mr. Brown spoke in favor of the motion.
The motion by Mr. Newhouse was lost on a rising vote; therefore the House refused to concur in the first Senate amendment to Engrossed House Bill No. 34 and asked the Senate to recede therefrom.

MOTION

Mrs. Johnson moved that the House concur in the Senate amendments to House Bill No. 60.

Mrs. Johnson spoke in favor of the motion.

POINT OF INQUIRY

Mrs. Johnson yielded to question by Mr. Kuehnle.
Mr. Kuehnle: "Representative Johnson, the thrust of this amendment is to require that a right of way be established, or that a right of way remain to reach any piece of property within a plat, within an irrigation district. My concern is relative to those irrigation districts throughout the state, in which they have gone to a modern pressure system, and in many of those instances the irrigation water and the domestic water is the same water, and it is flowing through the same water main down the street in that district. I would simply like your assurance that with the wording of this amendment as it now stands, that the water main containing that domestic and irrigation water would meet the requirements of the right of way as described here, and that we would not, in addition, have to create a strip of land for a ditch behind a plat, which strip of land would never be used to carry irrigation water."

Mrs. Johnson: "Representative Kuehnle and members of the House: We have discussed this question that Representative Kuehnle brings before you today, and it is our intent to answer this so that the legislative intent of this amendment is spelled out. That would be correct, Representative Kuehnle, that this amendment would include those modernized irrigation and domestic water systems, and would not in any way mean that you have duplication of right of way for those pieces of property."

The motion was carried.

One is when we do not concur, to ask the Senate to recede therefrom. The other is to ask for a conference thereon. Since the second half of these motions is not being made on these nonconcurrences, my inquiry is whether the message back to the Senate will in every instance read that we do not concur and ask the Senate to recede?"

REPLY BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "It appears it isn't necessary to ask the Senate to recede. By your motion not to concur, it means that you are actually asking them to recede. According to Reed's Rules, it points out
the rank or the priorities of the motions, and just says 'nonconcurrences' or 'not to concur.'"

MOTIONS

Mr. King moved that the House do not concur in the Senate amendment to Engrossed House Bill No. 601.

Mr. Brown moved that the House do concur in the Senate amendment to Engrossed House Bill No. 601.

Mr. Brown spoke in favor of the motion, and Mr. King spoke against it.

The motion by Mr. Brown was lost; therefore the House did not concur in the Senate amendment to Engrossed House Bill No. 601.

MOTION

Mr. Swayze moved that the House ask the Senate for a conference on Engrossed House Bill No. 601.

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Mr. Swayze, in connection with your motion to ask for a conference on Engrossed House Bill No. 601: First, your motion now is out of order; secondly, it would appear that the next motion by the Senate, if they refuse to recede, would then be to ask for the conference. Reed's Rule No. 247 sets forth the motions relating to agreement and disagreement between the two houses according to rank. 'These motions are five in number, and have priority in the following order...' So the House has already taken action now not to concur, and the subsequent action would be taken by the Senate."
PERSONAL PRIVILEGE

Mr. Swayze: "Point of personal privilege, if I may comment on the ruling, just to clarify that my motion was not intended to be disruptive. As I gathered during the debate on this particular motion to not concur, it was the intent of the supporters of that motion to clean up this particular amendment, and the indication was that it was laudable. Now if we send it back simply with a 'not concur,' then in line with my previous inquiry of parliamentary procedure, the message will go back that we ask the Senate to recede therefrom. As I gather, the desire and intent of this body is that we really do not want the Senate to recede from its amendment because it is a laudable one, but it has some defects."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "You are out of order, Mr. Swayze. We have already debated the issue on the message from the Senate. At that time you had every opportunity to set forth your position."

INTRODUCTION AND FIRST READING

The Speaker (Mr. O'Brien presiding): "Fourth order of business--introduction and first reading of bills, memorials, joint resolutions and concurrent resolutions."

PARLIAMENTARY INQUIRY

Mr. Pardini: "Point of parliamentary inquiry, Mr. Speaker. Does the failure of the motion by Representative Brown put us in the status of nonconcurrence?"

The Speaker (Mr. O'Brien presiding): "That is right."

Mr. Pardini: "Reed's Rule No. 249 states that the motion to not concur..."

The Speaker (Mr. O'Brien presiding): "Mr. Pardini, we are past that order of business. We are now on the fourth order of business. We are reading in a bill."

ENGROSSED SUBSTITUTE SENATE BILL NO. 2740, by Committee on Ways and Means (Originally sponsored by Senators Donohue, Scott and Sandison):

AN ACT Adopting the budget for the institutions of higher education and the community colleges; making appropriations and authorizing expenditures for the operations of the institutions of higher education and the community colleges for the fiscal biennium beginning July 1, 1973, and ending June 30, 1975; designating effective dates for certain appropriations; and declaring an emergency.

To Committee on Ways and Means - Appropriations.
The Speaker assumed the Chair.

MOTION

On motion of Mr. Charette, the House advanced to the eleventh order of business.

The Clerk read the announcements of committee meetings.

MOTION

Mr. Cunningham moved that the House revert to the eighth order of business.

Mr. Cunningham spoke in favor of the motion.

RULING BY THE SPEAKER

The Speaker: "Mr. Cunningham, would you like to amend your motion to the sixth order of business so that you would be on the proper order of business if your motion prevails?"

MOTION

Mr. Cunningham amended his motion, and moved that the House revert to the sixth order of business.

Mr. Cunningham spoke in favor of the motion.

The motion by Mr. Cunningham was lost.

PERSONAL PRIVILEGE

Ms. Maxie: "Mr. Speaker, ladies and gentlemen of the House: It has just been called to my attention that my name has been placed on House Bill No. 514 which provides that cities, towns and counties shall not require skilled craftsmen in the building trades to obtain a license. When this bill was first introduced to me, I had some reservations. My name was placed on it, and I then had my name deleted from it. It was originally entitled 'H-4606,' and Representative Bob Curtis is the prime sponsor of that bill. I asked that my name be deleted. Apparently something happened in the workroom and my name was not deleted. With that introduction, I would like to ask Bob Curtis to yield to question to clear this matter up."

POINT OF INQUIRY

Mr. Curtis yielded to question by Ms. Maxie.

Ms. Maxie: "Representative Curtis, is it not true that I asked you to delete my name from this bill?"

Mr. Curtis: "Yes, Representative Maxie, that is correct. As a little explanation, I asked Representative
Maxie to go with me as a sponsor of this bill. She consented to do so, and then changed her mind. I did go to the workroom and asked that her name be removed as sponsor. It was removed from the original cover sheet of the bill, but somewhere, apparently in the workroom, her name has been included on the printed bill. I would like the Journal to show that she did request that her name be removed. I agreed. It was ostensibly removed, but somehow was included in the printed bill. I would hope that the Journal would show this.

MOTION

Mrs. Wojahn moved that the House do concur with the
first and third Senate amendments to House Bill No. 364,
and that the House do not concur with the second Senate
amendment and that the Senate be asked to recede therefrom.

PARLIAMENTARY INQUIRY

Mr. Newhouse: "The normal procedure of amendments
is that the amendments to the body of the bill are first,
and the title last. If we follow that procedure, I suggest
that probably Representative Wojahn would mean that we do
not concur in the language on page 1, section 1, line 20.
Perhaps the motion should be restated."

REPLY BY THE SPEAKER

The Speaker: "Representative Newhouse, in reply to
your parliamentary inquiry, this is an entire message from
the Senate, but for clarification purposes, we will specify
when it is a title amendment in the motion, if there is any
type of division such as there is here."

The Speaker stated the question before the House to
be the motion by Mrs. Wojahn that the House do concur in
the Senate amendment to the title and the amendment to page
2, and that the House do not concur in the Senate amendment
to page 1, section 1, line 20 and that the Senate be asked
to recede therefrom.

Mrs. Wojahn spoke in favor of the motion.

The motion by Mrs. Wojahn was carried.

On page 7, section 17, line 33 strike the period and insert ": PROVIDED, That this act shall only take effect in the event the legislature shall appropriate funds for the 1973-75 biennium to carry out the purposes of this 1973 act."

and the same is herewith transmitted.

Bill Gleason, Assistant Secretary.

MOTION

Mr. Luders moved that the House concur in the Senate amendments to page 2 and page 6, Engrossed House Bill No. 381.

Mr. Luders spoke in favor of the motion.

POINT OF INQUIRY

Mr. Luders yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "Representative Luders, the amendment on page 2, which adds the language ", and which by its design requires the presence of an operator for its operation" to me could, conceivably, mean that this training might be required of one who is called upon just periodically, once a month, or once a year, to service the facility. I think the intent is not that, and the intent is to mean operators that are generally on hand to service the equipment. I would appreciate your clarification of that amendment."

Mr. Luders: "Your statement is correct. It was not the intent to mean the occasional person who comes out and checks to see if the thing is still working."

The motion was carried.

MOTION

Mr. Luders moved that the House do not concur in the Senate amendment to page 7, Engrossed House Bill No. 381, and that the Senate be asked to recede therefrom.

The motion was carried.

(iii) is a national securities exchange or association registered under a statute of the United States such as the Securities Exchange Act of 1934; and none of whom, other than a national securities exchange or association, holds in excess of twenty percent of the capital stock of such corporation; and"

and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

STATEMENT FOR THE JOURNAL

Engrossed House Bill No. 594 provides sweeping
powers to the state in complying with federal directives to
establish a water pollution permit system. Language on
page 2, "effort to extinguish the sources of water quality
degradation," is very strong language that if strictly
enforced could have dire economic effects on the state.
Additional language on page 4 is so strong that I feel this
measure should have gone to conference so that it could have been improved and made more applicable. And by its own admission in section 7, the bill indicates that it has a need to be made "more precise and to eliminate any possible conflicts or ambiguities arising from the powers granted and actions taken under this act."

I also felt that the federal government was "holding a club" over the state, one of the few states that has made a va\lant effort to develop its own waste discharge elimination permit system; and that the national Environmental Protection Agency has neither the manpower nor the expertise to properly administer a nationwide permit system, and that it is much wiser to have the individual states do this, but certainly not force the legislature to pass such legislation in the few days that were devoted to this particular measure.

HAROLD S. ZIMMERMAN, 17th District.

Changing tax levy rates to dollar per thousand dollars of assessed valuation.

House Bill No. 706, by Representative Randall:

Requiring assessors to add to the assessment list the omitted value of personal property.

Committee on Ways and Means - Revenue recommendation: Majority, do pass as amended. (For amendments see Journal for fifty-fifth day, March 3, 1973.)

The bill was read the second time.

On motion of Mr. Randall, the committee amendments were adopted.
House Bill No. 706 was ordered engrossed.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 706 was placed on final passage.

Mr. Randall spoke in favor of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 706, and the bill passed the House by the following vote: Yeas, 82; nays, 12; not voting, 4.

Voting nay: Representatives Amen, Bausch, Bluechel, Cunningham, Curtis, Eikenberry, Hayner, Kuehnle, Matthews, Polk, Schumaker, Zimmerman.

Not voting: Representatives Julin, Kraabel, Newhouse, Pardini.

Engrossed House Bill No. 706, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

The passage of Engrossed House Bill No. 706 has the effect of authorizing new broad personal property tax assessment powers for the county assessor.

The authority granted by House Bill No. 706 would permit an assessor to come into your home or business, determine the value of your personal property (office equipment, tools, sports equipment, coin or stamp collections, etc.) and assess you on that basis. He could also go back 3 years and pick up the taxation on the omitted value.

The granting of this expanded authority constitutes an invasion of privacy and should be vehemently opposed.

JAMES P. KUEHNLE, 4th District.

HAROLD S. ZIMMERMAN, 17th District.

WILLIAM "BILL" SCHUMAKER, 7th District.
HOUSE BILL NO. 726, by Representatives Randall, Bagnariol, Newhouse and Laughlin:

Exempting the sale of used mobile homes from the sales and use tax and imposing a one percent transfer tax.

Committee on Ways and Means - Revenue recommendation: Majority, do pass as amended. (For amendment, see Journal for fifty-fifth day, March 3, 1973.)

The bill was read the second time.

On motion of Mr. Randall, the committee amendment was adopted.

House Bill No. 726 was ordered engrossed.

Mr. Conner moved that the rules be suspended, the second reading considered the third, and Engrossed House Bill No. 726 be placed on final passage.

SPEAKER'S INQUIRY

The Speaker (Mr. O'Brien presiding): "For what purpose do you rise, Mr. Pardini?"

Mr. Pardini: "To move adoption of the amendment we are starting to read in, Mr. Speaker."

The Speaker (Mr. O'Brien presiding): "We have passed the order of business wherein this proposed amendment should be offered. We have now recognized the motion to suspend the rules and advance it to third reading. The Speaker asked if there were further amendments, at the proper order, and there weren't any."

PARLIAMENTARY INQUIRY

Mr. Pardini: "Is House Bill No. 726 still before us on second reading?"

The Speaker (Mr. O'Brien presiding): "Mr. Pardini, the Speaker refers you to Reed's Rule No. 130, entitled 'Method of Procedure by Paragraphs or Sections.' It states wherein you have the right to offer amendments. We passed this stage of the bill; therefore your amendment is out of order."

POINT OF ORDER

Mr. Newhouse: "I would like to know, Mr. Speaker, at what time we passed that point of the bill. There were no amendments beyond the section to which this amendment was offered. We are still on second reading on House Bill No. 726. The motion had not been placed to bump the bill. I suggest that we are still on the proper order of business for this amendment."
The Speaker (Mr. O'Brien presiding): "I would suggest, Mr. Newhouse and Mr. Pardini, that you take your Reed's Rule Book and read it."

Mr. Newhouse: "Have you ruled on my point of order?"

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "I rule that your amendment at this stage of the proceedings is out of order in accordance with Reed's Rule No. 130, which states in part as follows:

"When the main question is in paragraphs or sections, the second reading is by paragraphs or sections for amendments, and each paragraph is amended in its turn; and it is not permissible, except by general consent, to recur to a paragraph already passed. ..."

"The paragraphs had all been passed."

Mr. Newhouse: "At what point did we pass them?"

The Speaker (Mr. O'Brien): "When we passed the title. We asked for amendments to the title. And so we passed the whole bill. In addition to that, your amendment is completely out of order because it is not germane."

Mr. Newhouse: "What part of the amendment is not germane, may I ask?"

The Speaker (Mr. O'Brien presiding): "It says 'after subsection (29) add a new subsection (30) to read as follows: '(30) the sale of prescription drugs.' And the scope and object of this bill pertains to mobile homes."

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the motion by Mr. Conner to suspend the rules and advance Engrossed House Bill No. 726 to third reading and final passage.

Mr. Charette demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion to advance Engrossed House Bill No. 726 to third reading and final passage, and the motion was lost by the following vote:

Yeas, 54; nays, 42; not voting, 2.

Voting Nays: Representatives Amen, Barden, Benitz,
HOUSE BILL NO. 736, by Representatives Bausch, Anderson and Hendricks:

Establishing base year formula for certain tax districts' excess levies.

Committee on Ways and Means - Revenue recommendation: Majority, do pass as amended. (For amendments see Journal for fifty-fifth day, March 3, 1973.)

The bill was read the second time.

On motion of Mr. Randall, the committee amendments were adopted.

Mr. Lysen moved adoption of the following amendment by Representatives Lysen, Erickson, Moon and Kelley:

On page 1, line 4 after "Section 1." and before "Section 20" insert the following: "Section 11, chapter 65, Laws of 1955 and RCW 53.36.020 are each amended to read as follows:

A district may raise revenue by levy of ((annual)) a tax in each of the first (two) years of its existence not to exceed (two) one mill((s)) on each dollar of the assessed valuation of the taxable property in such port district for general port purposes ((including the establishment of a capital improvement fund for future capital improvements)) associated with establishing and starting the operation of such district, except that any levy for the payment of the principal and interest of the general bonded indebtedness of the port district shall be in excess of any levy made by the port district under the ((two-mill)) limitation imposed by this section. The levy shall be made and taxes collected in the manner provided for the levy and collection of taxes in school districts of the first class.

Sec. 2."

POINT OF ORDER

Mr. Parker: "Mr. Speaker, I would like a ruling from the Chair on the scope and object of the amendment. I feel it goes beyond the scope and object and the intent of the bill."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Mr. Parker, in connection with your question on whether or not the floor amendment went beyond the scope and object of the
FIFTY-NINTH DAY, MARCH 7, 1973

Bill before us, the Speaker rules that the floor amendment is not germane to the subject matter of the original proposition. The original proposition pertains to allowance of levies pertaining to taxing districts which have not levied a tax for three years. The proposed floor amendment pertains to establishing new procedures on the levy of the one mill for port operations in connection with new port districts. It appears that it is a new subject matter that should be contained in a bill of its own. And it does not coincide with Reed's Rules, section 160. Therefore, I am declaring the floor amendment out of order."

Mr. Hoggins moved adoption of the following amendment:

On page 2, line 2 after section 2, add the following new sections:

"NEW SECTION. Sec. 3. The legislature finds and declares that it is necessary and desirable to provide for more equitable property tax support of the common schools by retaining state level contributions for common education at a constant level while applying increased regular property tax revenues accruing from increased property valuations to reduce the amount of excess levy support for operation and maintenance of the schools.

NEW SECTION. Sec. 4. There is added to chapter 84.52 RCW a new section to read as follows:

(1) Whenever after July 1, 1973, an excess levy subject to the limitations imposed by RCW 84.52.050 through 84.52.056 is imposed by a school district for the purpose of maintenance and operation, in an amount of that levy payable in any tax year shall have subtracted from it an amount equal to the amount of any increased regular property tax revenues accruing to such district from increased property valuations in such district for that current year as compared with the immediately preceding year: PROVIDED, That there shall be no reduction made when the voters approve an excess levy specifically for support of new or expanded school programs.

Sec. 5. Section ..., chapter ... (HB No. ...), Laws of 1973 and RCW 28A.41.130 are each amended to read as follows:

From those funds made available by the legislature for the current use of the common schools, other than the proceeds of the state property tax, the superintendent of public instruction shall distribute annually as provided in RCW 28A.48.010 to each school district of the state operating a program approved by the state board of education an amount which, when combined with the following revenues, will constitute an equal guarantee in dollars for each weighted pupil enrolled, based upon one full school year of one hundred eighty days, except that for kindergartens one full school year may be ninety days as provided by RCW 28A.58.180: PROVIDED, That after July 1, 1973, the state contribution for each weighted student shall not be reduced on account of increased regular property tax revenues accruing to such district from increased property valuations in such district:

(1) Except as otherwise provided in this section."
eighty-five percent of the amount of revenues which would be produced by a levy of fourteen mills on the assessed valuation of taxable property within the school district adjusted to twenty-five percent of true and fair value thereof as determined by the state department of revenue's indicated county ratio: PROVIDED, That the funds otherwise distributable under this section to any school district for any year shall be reduced by the difference between the proceeds from the actual school district tax levy in the district and the amount the maximum levy permissible for the district under RCW 84.52.050 as now or hereafter amended would produce irrespective of any delinquencies; and

(2) The receipts from the one percent tax on real estate transactions which may be imposed pursuant to chapter 28A.45 RCW: PROVIDED, That the funds otherwise distributable under this section to any school district in any county which does not impose a tax in the full amount authorized by chapter 28A.45 RCW shall be reduced by five percent; and

(3) Eighty-five percent of the receipts from the public utility district funds distributed to school districts pursuant to RCW 54.28.090; and

(4) Eighty-five percent of the receipts from federal forest revenues distributed to school districts pursuant to RCW 36.33.110; and

(5) Eighty-five percent of the proportion of the receipts from the tax imposed pursuant to RCW 82.04.291 upon harvesters of timber equal to the proportion that the millage rate for the regular property tax levy for such school district pursuant to RCW 84.52.050 as now or hereafter amended bears to the aggregate millage rate for all property tax levies for such school district, both regular and excess; and

(6) Eighty-five percent of such other available revenues as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support.

NEW SECTION. Sec. 6. If any provision of this 1973 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

POINT OF ORDER

Mr. Randall: "Mr. Speaker, I would like you to rule on the scope and object of this long amendment to the port bill."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "In connection with your point of order, Mr. Randall, on whether or not the floor amendment by Mr. Hoggins goes beyond the scope and object of the proposition before us, it appears that it does go into a different proposition entirely from the one before us. It pertains to weighted average of school attendance--a different subject matter entirely from the
proposition. In accordance with Reed's Rule No. 160, it is not germane or relevant to the subject matter. It is also apparently material taken from House Bill No. 806, which also would be in violation of our House rules. The amendment by Mr. Hoggins is declared out of order."

House Bill No. 736 was ordered engrossed.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 736 was placed on final passage.

Representatives Bausch, Moon, Hendricks and Van Dyk spoke in favor of passage of the bill, and Representative Lysen spoke against it.

Mr. Anderson demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 736, and the bill passed the House by the following vote: Yeas, 77; nays, 17; not voting, 4.

Not voting: Representatives Hoggins, Julin, Kraabel, Pardini.

Engrossed House Bill No. 736, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. Charette, the House adjourned until 1:30 p.m.

We also recommend that the bill be further amended as follows:

On page 3, section 5, beginning on line 14 after the period following "convenes" strike the balance of the section

On page 12, section 18, line 15 strike "public service revolving fund in accordance with chapter 80.24 RCW" and insert "hospital commission account in the general fund which is hereby created"

SPECIAL ORDER OF BUSINESS

The Speaker (Mr. O'Brien presiding) declared the question before the House to be the special order of business, House Bill No. 686 on second reading.

HOUSE BILL NO. 686, by Representatives Haussler, Newhouse, Van Dyk, North (Lois), Bagnariol, Moon, Morrison, Randall and Tilly:

Changing tax levy rates to dollar per thousand dollars of assessed valuation.

Committee on Ways and Means - Revenue recommendation: Majority, do pass as amended. (For amendments see Journal for fifty-second day, February 28, 1973.)

The bill was read the second time.

On motion of Mr. Randall, the committee amendments to pages 16, 18, 33, 50 and 53 were adopted.

On motion of Mr. Randall, the committee amendment to page 70, section 63, line 20 was not adopted.

On motion of Mr. Randall, the committee amendments to page 70, line 21 and pages 75, 86 and 92 were adopted.

PARLIAMENTARY INQUIRY

Mr. Newhouse: "Mr. Speaker, I notice a series of amendments that are on a blue-colored sheet. I also notice another series of amendments, attacking the same sections, by Mr. Pullen. I would suggest that Mr. Pullen's amendments are a further extreme from the original bill and therefore should be considered before the amendments on the blue sheet."

The Speaker (Mr. O'Brien presiding): "Mr. Newhouse, the question you raised about the larger amounts being the ones that should go first—it appears that the amendments by Mr. Pullen to the amendments to House Bill No. 686 reduce the amount. We will have Mr. Kelley move adoption of the amendments and then work on this amendment to the amendment, which strikes 'ninety' and inserts 'eighty'."

Mr. Newhouse: "I suggest my point is based on Rule 154 in Reed's Rules, Mr. Speaker, in which we regard the original bill as the base, and the one that deviates the farthest from that should be considered first. Mr. Speaker, even if you follow your reasoning that they could be amendments to the amendments, obviously then the amendment to the amendment should be considered first."

The Speaker (Mr. O'Brien presiding): "That is correct. It is the amendment to the amendment that we are going to act on first."
Mr. Kelley moved adoption of the following thirteen amendments by Representatives Kelley, Ellis, Kilbury, Bender, Gaines, Warnke, Adams, Anderson, Bagnariol, Bauer, Bausch, Beck, Ceccarelli, Charette, Chatalas, Clemente, Conner, Ehlers, Erickson, Fortson, Gaspard, Goltz, Hansen, Hurley, Jastad, Johnson, Kalich, Knowles, Laughlin, Luders, May, McCormick, Moon, North (Frances), O'Brien, Parker, Perry, Randall, Savage, Shinpoch, Smith, Thompson, Van Dyk and Wojahn:

On page 16, section 13, lines 22 and 23, strike "one hundred" and insert "ninety".

On page 18, section 13, lines 14 and 15, strike "one hundred" and insert "ninety".

On page 19, section 15, line 28 strike "one hundred" and insert "ninety".

On page 31, section 19, line 23 strike "one hundred" and insert "ninety".

On page 31, section 19, line 29 strike "one hundred" and insert "ninety".

On page 32, section 20, line 25 strike "one hundred" and insert "ninety".

On page 42, section 35, lines 3 and 4, strike "one hundred" and insert "ninety".

Mr. Pullen moved adoption of the following amendments to the amendments by Representative Kelley and others to House Bill No. 686:

On page 16, section 13, lines 22 and 23, strike "ninety" and insert "eighty".

On page 18, section 13, lines 14 and 15, strike "ninety" and insert "eighty".

On page 19, section 15, line 28 strike "ninety" and insert "eighty".

On page 31, section 19, line 23 strike "ninety" and insert "eighty".

On page 31, section 19, line 29 strike "ninety" and insert "eighty".

On page 32, section 20, line 25 strike "ninety" and insert "eighty".

On page 137, section 135, line 22 strike "one hundred" and insert "ninety".
On page 126, section 118, line 21 strike "ninety" and insert "eighty."
On page 133, section 128, lines 21 and 22, strike "ninety" and insert "eighty."
On page 137, section 135, line 22 strike "ninety" and insert "eighty."

Mr. Pullen spoke in favor of the amendments, and Mr. Moon spoke against them.

POINT OF INQUIRY

Mr. Moon yielded to question by Mr. Cunningham.

Mr. Cunningham: "Representative Moon, if I understand that correctly, what you are saying is that tax relief could kill taxpayers?"

Mr. Moon: "No, what I am saying, is that too much tax relief could kill tax relief."

The amendments by Mr. Pullen to the amendments by Mr. Kelley and others were not adopted.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the amendments by Representative Kelley and others.

Mr. Kelley spoke in favor of the amendments.

Mr. Chatalas demanded an electric roll call, and the demand was sustained.

POINT OF INQUIRY

Mr. Haussler yielded to question by Mr. Curtis.

Mr. Curtis: "Representative Haussler, you are prime sponsor of this bill, and Chairman of the Local Government Committee and considered, in this House, one of the experts we have on local government. No one has yet addressed the fiscal impact of this amendment to local government. I wonder if you have any figures, or if you could address yourself to what kind of a fiscal impact this is going to have on our local units of government."

Mr. Haussler: "Thank you, Bob. I did get some figures as to what it would do to fire districts and library districts, and I think Representative Randall has some other figures on this. On fire districts, it would be a yearly loss of ten percent. Library districts would be a yearly loss of ten percent of their income, and this is all property tax, as you know. Libraries already are losing considerable money because of Senate Joint Resolution No. 1, because they have 1.4 mill on the state's valuation, which will now go back to the county valuation. So in these two areas, you are going to have quite a loss with no other way to make it up, except by special levies."
Representatives Bluechel and Kraabel spoke against adoption of the amendments, and Representative Luders spoke in favor of their adoption.

POINT OF INQUIRY

Mr. Pardini: "Would Mr. Luders yield to question?"

Mr. Luders refused to yield to question.

Representatives Pardini, Newhouse and Flanagan spoke against adoption of the amendments, and Representatives Ehlers, Randall and Sawyer spoke in favor of the amendments.

Mr. Charette demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendments by Representative Kelley and others to House Bill No. 686, and the amendments were adopted by the following vote: Yeas, 72; nays, 26; not voting, 0.

EXPLANATION OF VOTE

Relating to my vote on the Kelley amendments to House Bill No. 686, which reduced the rate of property taxation from one percent to nine-tenths of one percent, I would like to change my vote to "Nay."

I am asking to have this changed because of information gained since the vote which leads me to believe that the nine-tenths of one percent rate is fiscally inadvisable.

BILL LECKENBY, 34th District.

EXPLANATION OF VOTE

I have voted "No" on Representative Kelley and others' amendments to House Bill No. 686 because: (1) It will confuse the taxpayers (90% vs 100%) and (2) there are
no alternatives to raise the revenue lost, except by special levies.

EARL P. TILLY, 12th District.

On motion of Mr. Bagnariol, the following amendment was adopted:

On page 121, section 114, line 14 after "five years" strike the remainder of the sentence and insert "((less a percentage equal to the average, ordinary and usual direct costs of sale of that type of property, including but not limited to costs of title insurance, legal services, recording fees and taxes levied against such sales that are borne by the seller, and an amount equal to the customary fees payable to a licensed real estate broker for handling such a sale; such percentage to be determined by studies conducted by the department of revenue))"

Mr. Hoggins moved adoption of the following amendment:

On page 16, section 13, line 18 after "days" insert "except that for kindergartens one full school year may be ninety days as provided by RCW 28A.58.180; PROVIDED. That after July 1, 1973, the state contribution for each weighted student shall not be reduced on account of increased regular property tax revenues accruing to such district from increased property valuations in such district. Except as otherwise provided in this section."

POINT OF ORDER

Mr. Haussler: "I would like to have the Speaker rule as to whether this amendment exceeds the scope and object of House Bill No. 686."

Mr. Hoggins: "I would like to speak to that point of order, if I may."

The Speaker (Mr. O'Brien presiding): "Will you explain to us why you believe it is within the scope and object of the bill? I would like to hear your arguments."

Mr. Hoggins: "Mr. Speaker, and ladies and gentlemen: This amendment is to section 13 on page 16. In the discussion that just preceded this, we discussed the school formula, and we got involved in the apportionment formula. My amendment deals with that apportionment formula, and it deals with how the apportionment formula will be treated under certain circumstances. Therefore I think it is well within the scope and object of the bill."

The Speaker (Mr. O'Brien presiding): "Mr. Randall, you also raised a point of order on this amendment by Mr. Hoggins. Did you have something you wanted to add in connection with your point of order—as to the germaneness of this amendment?"
Mr. Randall: "After looking at the amendment and hearing all the arguments, I don't think it needs further explanation. It is just not within the scope and object, and if it is ruled in order, I am going to speak against the amendment."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The point of order raised by Mr. Haussler appears to be well taken in that the overall objective of this comprehensive House Bill No. 686 is pertaining to a new method of valuation of property and assessment of properties. Your amendment is going in to the school formula, and it would appear that it would be better served if it was in a separate bill. Mr. Hoggins, your amendment is declared out of order."

PARLIAMENTARY INQUIRY

Mr. Hoggins: "Am I to understand then, from this ruling, that in the future when a member tries to make an amendment to a bill in the manner that I tried, which deals with the same subject—that we will continue to be ruled out of order on points of order such as this? Your rulings are very, very tough, and have serious implications as to how we will be proceeding in subsequent legislative days."

The Speaker (Mr. O'Brien presiding): "Really we don't have anything before us, Mr. Hoggins. However, much of all of this depends on the good sense of the presiding officer. It would appear that your amendment, even though you feel it was quite meritorious, probably belongs on its own bill. The subject of House Bill No. 686 pertains to a different proposition entirely, and I just believe it didn't fit in. It was not germane or relevant to the main purpose of House Bill No. 686."

MOTION

On motion of Mr. Charette, the House recessed until 4:15 p.m.

SECOND AFTERNOON SESSION

The House was called to order at 4:15 p.m. by the Speaker (Mr. O'Brien presiding). The Clerk called the roll and all members were present.
HOUSE BILL NO. 686, by Representatives Haussler, Newhouse, Van Dyk, North (Lois), Bagnariol, Moon, Morrison, Randall and Tilly:

Changing tax levy rates to dollar per thousand dollars of assessed valuation.

The House resumed consideration of House Bill No. 686 on second reading.

Mr. Hoggins moved adoption of the following amendment:

On page 149, after line 20 insert:

"NEW SECTION. Sec. 157. If any provision of this 1973 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

Representatives Hoggins and Haussler spoke in favor of the amendment.

The amendment by Mr. Hoggins was adopted.

Mr. Barden moved adoption of the following amendment by Representatives Barden, Eikenberry, Hansey and Polk:

On page 149, line 21 after section 157 insert new sections as follows:

"NEW SECTION. Sec. 158. There is added to Title 84 RCW a new section to read as follows:

The aggregate tax levy limitation imposed by Article VIII, section 2 of the Constitution of this state upon real and personal property at one per centum of the true and fair value of such property in money and the specific limitations imposed pursuant to RCW 84.52.050 in conformity therewith shall be effective as to tax levies made in 1972 and thereafter with respect to taxes due and payable in 1973 and subsequent years.

NEW SECTION. Sec. 159. Section 158 of this 1973 act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

POINT OF INQUIRY

Mr. Beck: "I would like to ask the constitutional lawyers around here if we are talking about Article VIII or Article VII. My copy of the amendment says 'Article VIII.' If I know my Constitution, that is the debt limitation. Article VII refers to revenue and taxation."

Mr. Barden: "It appears to be a typographical error. The amendment should read 'Article VII.'"
The Speaker (Mr. O'Brien presiding): "Mr. Barden states that it is a typographical error and should be Article VII. With the consent of the House, we will change the amendment to read 'Article VII.'"

Mr. Barden spoke in favor of the amendment, and Mr. Haussler spoke against it.

POINT OF INQUIRY

Mr. Barden yielded to question by Mr. Randall.

Mr. Randall: "I haven't had a chance to look this up, Mr. Barden. Is House Bill No. 19 identical to this?"
Mr. Barden: "No, sir, it is not. It might be very close."
Mr. Randall: "How does it vary?"
Mr. Barden: "Grammatically."

Mr. Randall spoke against adoption of the amendment.

The amendment by Mr. Barden was not adopted.

House Bill No. 686 was ordered engrossed.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 686 was placed on final passage.

Representatives Haussler, Newhouse and Moon spoke in favor of passage of the bill, and Representatives Beck and Hoggins spoke against it.

POINT OF INQUIRY

Mr. Moon yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "Representative Moon, since you seem to understand this bill, please tell me what we are about to do to the school districts in Seattle, as compared to the school districts in Grant County and some of the rural counties? What is the impact upon the large urban area schools as opposed to the rural schools? I have heard from various people, while we were waiting around the last hour that this has a tremendous impact on these schools. If so, please enlighten me exactly what the impact is."

Mr. Moon: "I couldn't tell you what the difference in the impact is, but if there is a difference in impact, it would be as a result of the change from the 100 percent assessed valuation to the 90 percent--as a result of adopting the amendment that was attached to the bill. I can't tell you what the difference is from one school district to another."

Mr. Douthwaite spoke against passage of the bill.
Mr. Flanagan yielded to question by Mr. Bluechel.

Mr. Bluechel: "Representative Flanagan, could you explain to this body what the effect of the shift in the school formula means to both the rural districts and the large metropolitan districts?"

Mr. Flanagan: "As I said before, Representative Bluechel, when we were voting on the amendment, I advised everybody here to wait until they had a machine run from the superintendent's office or someplace, so they could determine the effect on each district of that amendment. When you drop down to 90 percent as a yardstick for the distribution of state funds, part of which are school funds and part of which are motor vehicle Excise tax, part of which are liquor excise tax, liquor profits, gasoline tax, etc., I think—and that is the reason I said let's wait for a machine run, because I am not sure what the effect is—but I assume probably the counties that are at a lower level of assessment will come out better than the ones that are up to the full 90 percent. I voted for the amendment because Grant County is down at a low level. I think that this bill would be all right if we could go back to second reading and take that amendment off. Then it would probably be all right."

Representatives Moon, Van Dyk and Chatalas spoke in favor of the bill.

MOTION

Mr. Charnley moved that the rules be suspended, and Engrossed House Bill No. 686 be returned to second reading for the purpose of amendment.

Mr. Charnley spoke in favor of the motion, and Mr. Charette spoke against it.

The bill was read the third time and placed on final passage.

Representatives Adams and Shinpoch spoke in favor of passage of the bill, and Representatives Ceccarelli, North (Lois) and Nelson spoke against it.

**POINT OF INQUIRY**

Mr. Ceccarelli yielded to question by Mr. Chatalas.

Mr. Chatalas: "I was quite impressed with your argument to vote against this bill, Mr. Ceccarelli, but before I vote, I would like to know how this pilot program affects Seattle."

Mr. Ceccarelli: "The pilot program affects Seattle in that Seattle wouldn't come under the pilot program. They are talking about $1.8 million in the budget for the pilot program. It is costing Seattle Treatment Center right now, to serve King County, $600,000 a year, just for their 47 beds. Spokane is spending $200,000 a year for 14 beds, and it is not an adequate program. They are talking about putting $1.4 million, or $4 million in the total budget, to implement our act of 1972, of Engrossed Senate Bill No. 29. And it is just not going to work. Let me say something in talking about these programs. In Seattle, we get $10,000 a month income just from private patients. These are people who are able to pay. Those who have ability to pay, pay for the service. So they get $10,000 a
month just from private patients. They get $18,000 a month matching funds from the NIAAA, and they only get $5,000 a month from the state. When we talk about a pilot program, this is just bird seed. They are just putting out a few crumbs there, to pacify us, saying they are doing something for alcoholism. The only way you are going to implement ESB 29 of last session is to fund it to the tune of $10 to $12 million. When you talk about treatment facilities, and in-patient and out-patient care, this is very costly care and it requires a tremendous amount of input."

Mr. Charette spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 2275, and the bill passed the House by the following vote: Yeas, 55; nays, 42; not voting, 1.

Not voting: Representative Pardini.

Engrossed Senate Bill No. 2275, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

"Section 1. Section 1, chapter 75, Laws of 1923 as last amended by section 1, chapter 52, Laws of 1957 and RCW 18.15.010 are each amended to read as follows:

Any one or any combination of the following practices (when done upon the upper part of the human body for cosmetic purposes and not for the treatment of disease or physical or mental ailments, and when done for payment, either directly or indirectly, or without payment, for the public generally upon male or female) constitutes the practice of barbering: (1) Shaving or trimming the beard or cutting the hair; (2) giving facial and scalp massage or treatments with oils, creams, lotions, or other preparations, either by hand or mechanical appliances; (3) singeing, shampooing or dyeing the hair, or applying tonics; (4) applying cosmetic preparations, antiseptics, powders, oils, clays, or lotions to the scalp, face, neck or upper part of the body: PROVIDED, That the provisions of this chapter shall not apply to any person employed in, or engaged in the operation of any beauty shop or hair dressing establishment or to persons engaged in the care or treatment of patients in health facilities or engaged in the care of residents of boarding homes and similar residential care facilities: PROVIDED, FURTHER, That a certified men's hair stylist may perform the following additional practices: (1) The shaping or dressing of the hair; (2) styling and designing of the beard or mustache; (3) hair analysis, reconditioning, and restoration procedures, as required; (4) the chemical processing of the hair, including temporary or permanent body waving, curl correction, or straightening, as well as the application of other chemicals in the process of barbering; and (5) the fitting and servicing of wigs, wefts, and hair pieces.

barber examining committee that he possesses the required
professional skill and ability to properly perform each of
the said barber services, not less than sixty-five percent
of perfect, and possesses the other particular
qualifications provided in this chapter, shall be entitled
to receive, and the director of licenses shall issue to
him, a permit to practice barbering in this state. Every
person receiving such permit shall be required to serve one
and one-half years (eighteen months) under the direct
supervision of a licensed barber. A year shall be construed
to mean a period of not less than fifty-two weeks
consisting of forty hours per week of service by the
permittee. He must then pass an examination not less than
seventy-five percent of perfect, and demonstrate to the
satisfaction of the barber examining committee that he
possesses the required professional skill and ability to
properly perform each of the said barber services, not less
than seventy-five percent of perfect, and possess the
qualifications required in this chapter, after which the
director shall issue to him a license to practice
barbering.

Any applicant under the provisions of RCW 18.15.040
who secures a grade in each branch of not less than
seventy-five percent in his examination and who

Any person who applies for a license or permit to practice barbering under this chapter, and who does not appear for examination at the time, date, and place as notified by the director, shall forfeit application fees, and must reapply with a fee of fifteen dollars, which fee shall accompany his new application.

Any person holding a current manager-operator license of this state issued under the provisions of chapter 18.18 RCW shall be deemed qualified to apply to the director to be examined for a license to practice barbering, pursuant to the provisions of this chapter: PROVIDED, That any such applicant who fails said examination must then enroll in a licensed barber school of this state and complete a course of instruction of not less than two hundred fifty hours before applying to be reexamined for a barber license. NEW SECTION. Sec. 3. There is added to chapter 18.15 RCW a new section to read as follows:

Upon application and payment of a sum equal to the annual license renewal fee, the director shall issue him a license to practice as a barber in this state: PROVIDED, That the applicant meets all of the other requirements of this chapter.

Sec. 4. Section 7, chapter 75, Laws of 1923 as last amended by section 2, chapter 266, Laws of 1971 ex. sess. and RCW 18.15.060 are each amended to read as follows:

Every person licensed as a barber or a permit barber shall pay an annual license fee of not \((more)\) less than \((ten)\) five dollars nor more than fifteen dollars, \((to be determined by the director as provided in RCW 43.24.085)\) for a license or permit renewal certificate on or before the thirtieth day of June each year. The annual license
and permit renewal fee shall be determined by the director under the provisions of chapter 34.04 RCW. Failure to pay the annual license or permit renewal fees before delinquency shall work a forfeiture of the license or permit, but the license or permit may be renewed within three years thereafter without examination upon application therefor by the licentiate or permittee, and payment of a fee of fifteen dollars plus all lapsed fees. Should the licentiate or permittee allow his license or permit to elapse for more than three years, he must be reexamined as for a new license or permit.

Sec. 5. Section 3, chapter 84, Laws of 1959 as amended by section 10, chapter 223, Laws of 1967 and RCW 18.15.065 are each amended to read as follows:

It shall be unlawful for any firm, corporation, or person to operate a barber shop without a shop location license for each barber shop. Application therefor shall be made to the director of motor vehicles. Each application for a license shall be accompanied by a fee of twenty-five dollars. Upon receipt of the application and fee, the director shall issue a shop location license, if the barber shop meets the requirements of this chapter. Each license shall be issued for the shop and persons named in the application. Application for the transfer or assignment of a shop location license shall be upon such form as the director shall prescribe, and application shall be made within ten days of the sale or transfer. Upon the receipt of the application and a fee of twenty-five dollars, the director shall assign or transfer the shop location license, if the assignee or transferee and the barber shop meets the requirements of this chapter. If the application for transfer or assignment is not made within ten days, a penalty fee of twenty-five dollars will be made, prior to issuance of a license. All licenses issued under this section shall expire on the first day of July next succeeding the date of issue. Each such license shall be renewable annually on or before the expiration date, and the application for renewal shall be accompanied by a fee of four dollars. Failure to obtain a renewal before delinquency shall work a forfeiture of the shop location license, but the license may be reinstated at any time after forfeiture upon the payment of the annual renewal fee, together with a penalty fee of twenty-five dollars, upon satisfactory inspection.

Sec. 6. Section 14, chapter 75, Laws of 1923 as last amended by section 12, chapter 223, Laws of 1967 and RCW 18.15.090 are each amended to read as follows:

Any firm, corporation or person desiring to conduct or operate a barber school or barber college in this state shall first secure from the director of motor vehicles a permit to do so, and shall keep the same prominently displayed. No barber school or college shall be issued a permit by the director of motor vehicles unless such school or college is financially responsible, and will be able in the judgment of the director to carry out and perform any contract made for the instruction of students therein. Such school or college shall instruct students therein in the practice of barbering, including shaving and
cutting of the hair and beard, and the various services
incident thereto, preparation and care of tools used,
sanitation as applied to barbering, knowledge concerning
the common diseases of the face and skin to avoid
aggravation and spreading thereof in the practice of
barbering, and the use of chemicals, creams, lotions, and
solutions as applied in the practice of barbering. Such
barber school or college shall be managed and operated by a
barber duly licensed as a manager-instructor under the
provisions of this chapter, and shall at all times, while
open and in operation, be in charge and under the direct
supervision of a barber duly licensed as an instructor or
manager-instructor under the provisions of this
chapter((r)).

Every school or college shall at all times maintain
one barber duly licensed as a manager-instructor or
instructor, and there shall be at least one such licensed
instructor or manager-instructor for each twenty students
or fraction thereof, in attendance; and there shall be at
least one such instructor or manager-instructor on the
floor at all times when the barber school or college is
open to serve the public, which said instructor or
manager-instructor shall devote his entire time to the
instruction of students therein and who shall at no time
operate any particular barber's chair in such school or
college, or practice any barbering therein except while
giving instructions to a student therein. Every such
school or college shall at all times maintain on each
window therein, facing upon any street, a sign in plain
letters at least six inches high composed of the words
"barber school" or "barber college," placed as nearly as
practicable in the center between top and bottom of any
such window, and, if desired by the manager-instructor of
such school or college, underneath these words, a sign with
letters no greater in size, composed of the words "shaving"
and/or "hair cutting," giving the price charged; and such
school or college shall not at any time keep or maintain
upon any of the windows or doors of such school or college,
or use in any advertisement, any sign or words "barber
shop," "expert barbering," or other similar words, or
display any barber pole or barber pole stripes such as has
long been used to designate a barber shop, or barber shop
services as distinguished from services performed by
student barbers in such school or college. Every such
school or college, at all times when open for business,
shall place and maintain upon the floor within its premises
in front of each entrance a standing floor sign composed of
the words "student barbers perform all services herein"
painted in three-inch red letters upon a white standing
floor sign thirty inches high and twenty inches wide, and
designed as prescribed by the director ((of licenses)).
The director ((of licenses)) shall revoke the license of
any school or college which shall violate any of the
provisions of this chapter, or which shall fail to impart
to each student in such school or college the instructions
herein required.

No barber school or college shall be operated unless
it is under the control of a barber licensed as a
manager-instructor. Each applicant for a
manager-instructor's license shall submit an application to
the director on such forms as it may prescribe. The qualifications for such a license, (examinations?) license fees and license renewal fees shall be the same as those prescribed for an instructor's license. Fee for such examination and certificate shall be fifty dollars; application and fee to be submitted to the director at least fifteen days prior to an examination date. PROVIDED, That persons engaged in the practice of men's hairstyling under this chapter are authorized to perform body waving and permanent waving to the extent necessary to style or arrange the hair on male patrons, but persons engaged in the practice of men's hairstyling under this chapter are not authorized to otherwise engage in the practice of cosmetology unless such person is licensed under chapter 18.18 RCW.

Mr. President:
Mr. Speaker:

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 2113, establishing a state hospital commission to study hospital costs and approve hospital rates, have had the same under consideration, and we recommend that the Senate concur in the House amendments to page 2, section 5, beginning on line 32, and to page 3, section 7, beginning on line 31, and that the remaining House amendment to page 2, section 4, beginning on line 16 be stricken and the following substituted therefor:

MOTION

Mr. Thompson moved that the House revert to the fourth order of business.

PARLIAMENTARY INQUIRY

Mr. Swayze: "As I read the Conference Committee report, all amendments to that bill, both Senate and House amendments, were stricken. My point of parliamentary inquiry now is whether we have to pass Engrossed Substitute
Senate Bill No. 2113 as amended by the Free Conference Committee."

The Speaker (Mr. O'Brien presiding): "That is correct, we have to pass it. But the question has been raised on the Free Conference Committee report and our rule pertaining to 36-hour notice to the members. Now what is necessary to be done is the waiver to suspend this joint rule in order that the House can consider this Free Conference Committee report on final passage. Therefore, we are going back to the fourth order of business for the purpose of reading in House Concurrent Resolution No. 31."

The motion by Mr. Thompson was carried.

INTRODUCTION AND FIRST READING

HOUSE CONCURRENT RESOLUTION No. 31, by Representatives Adams, Parker and Polk:

Suspending thirty-six hour requirement of Joint Rule No. 9.

On motion of Mr. Swayze, the rules were suspended, House Concurrent Resolution No. 31 was advanced to second reading and read the second time.

On motion of Mr. Thompson, the rules were suspended, the second reading considered the third, and House Concurrent Resolution No. 31 was placed on final passage and adopted.

FINAL PASSAGE OF SENATE BILL AS AMENDED BY FREE CONFERENCE COMMITTEE

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the final passage of Engrossed Substitute Senate Bill No. 2113 as amended by the Free Conference Committee.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute Senate Bill No. 2113 as amended by the Free Conference Committee, and the bill passed the House by the following vote: Yeas, 88; nays, 7; not voting, 3.

Speaker.

Voting aye: Representatives Charnley, Douthwaite, Hayner, Kuehnle, Polk, Pullen, Schumaker.

Not voting: Representatives Flanagan, Pardini, Perry.

Engrossed Substitute Senate Bill No. 2113 as amended by the Free Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

Although I strongly favor keeping hospital costs in line and favor uniform accounting procedures for hospitals, this bill does not provide any means, or funds to bring more nurses, more doctors, more medical technicians into hospitals to improve care and keep costs down. I believe we are taking a step that promises more than it can possibly deliver.

HAROLD S. ZIMMERMAN, 17th District.

*Partial veto*
TO THE HONORABLE,
The House of Representatives
Of the State of Washington
(Through the Secretary of State)
LADIES AND GENTLEMEN:

I am returning herewith without my approval as to certain sections House Bill No. 34 entitled:

"An Act Relating to registration of voters."

This bill, in section one, would require that all precinct committeemen be appointed deputy registrars for the purpose of registering voters. The mandatory nature of the language means that each precinct would automatically have two registrars. Additionally, there is no limitation restricting such appointees to their own precinct, as a consequence of which precinct committeemen could register a person anywhere in the county. This very large number of deputy registrars, circulating any place in a county, could create administrative chaos for county auditors. The very large number of deputy registrars could easily cause numerous late filings of registrations and create other erroneous registrations, the only result of which would be to disenfranchise the voter.

In 1965 the Legislature passed House Bill No. 378, which required the appointment of permanent registration officers in each legislative district of each first-class city who would specifically represent each major political party. At that time I indicated that the intrusion of partisan politics into voter registration programs and the administrative burden of the additional registrars was sufficient reason to disapprove the measure.

Section three of this bill repeals the statute allowing and providing for compensation of deputy registrars. For the reasons cited above, I have determined to veto section one, and inasmuch as section three is directly related to section one, I have determined to veto that also.

With the exception of sections one and three, I have approved the remainder of House Bill No. 34.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE,
The House of Representatives
Of the State of Washington
(Through the Secretary of State)
LADIES AND GENTLEMEN:

I am returning herewith without my approval House Bill No. 171 entitled:

"An Act Relating to state government."

This bill would provide for a system of issuance of personalized license plates with the revenue derived therefrom to go into the Game Fund for the Department of Game to be used for nongame animal management. Nongame animal management is a laudable and valid program which
should be funded. In keeping with that belief, I am sending letters to the chairmen of the Ways and Means Committee of both houses requesting that provision be made for nongame animal management in the budget, and that such provision be from general fund revenues. I am basically opposed to earmarking revenue sources for specific programs. The usual result of such action is to create a lid on the program funded rather than provide for effective program management. History has shown that when programs or even agencies are unshackled from earmarked revenue sources and receive funding through the state general fund that their funding increases substantially over that previously available.

The concept of personalized license plates as an additional state revenue source and funding of a program for nongame animal management are excellent proposals. However, they should not be unalterably joined together such that necessary future needs cannot be adequately met for either concept.

There are currently bills before the legislature which would provide for issuance of personalized license plates with the revenues derived therefrom to be paid into the Highway Safety Fund in one case, and the state general fund in another case. Either of these measures would be a more effective method of handling this proposal.

Accordingly, for the reasons set out above, I have determined to veto House Bill No. 171.

Respectfully submitted,
DANIEL J. EVANS
Governor.

March 19, 1973

TO THE HONORABLE,
THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON
(Through the Secretary of State)
LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to two items and one section, HOUSE BILL NO. 262 entitled: "An Act Relating to state institutions."

House Bill No. 262 creates a Board of Trustees for the State School for the Blind. The Board will be able to provide useful assistance to the School for the Blind and to the Department of Social and Health Services in improving the programs offered the students at the school.

The bill provides for seven members appointed by the Governor and four ex-officio members. The members appointed by the Governor must be selected from a list of nominees submitted by a nominating committee in accordance with section 9 of the bill.

The nominating committee created by section 9 includes the superintendent of the state school for the blind, the secretary of the department of social and health services and the president of the parent-teacher association of the blind school. There is no requirement that more than seven nominees be submitted for the Governor's consideration.

This method of selecting the members of the Board of Trustees is excessively restrictive and does not assure that there will be an opportunity for adequate
representation of those interested in the needs of the students at the School for the Blind and the interests of the general public.

Accordingly, I have determined to veto section 9 of the bill and those items in section 2 of the bill which refer to the nominating procedure contained in section 9. With the exception of section 9 and two items in section 2, I have approved the remainder of House Bill No. 262.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE,
THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON
LADIES AND GENTLEMEN:
I am returning herewith without my approval as to a certain item HOUSE BILL NO. 436 entitled:
"An Act Relating to unemployment compensation."

Section 5 of this bill amends RCW 50.16.030 allowing the Employment Security Department to avail itself of certain credits in the unemployment compensation fund provided that such credits were given within the past 25 as opposed to 15 years. It was necessary that this particular provision be enacted prior to legislative action on the balance of House Bill 436 in order to implement the pay increases provided for Employment Security employees in the supplemental budget. That provision was introduced and passed as Senate Bill 2618 and is now chapter 6, Laws of 1973. The language of chapter 6, Laws of 1973, is a slightly later and improved version of the material in section 5. Retention of the material in section 5 would be duplicative therefore I deem it appropriate to veto section 5 of this bill.

The remainder of House Bill No. 436 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE,
THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON
(Through the Secretary of State)
LADIES AND GENTLEMEN:
I am returning herewith, without my approval as to certain items, HOUSE BILL NO. 489 entitled:
"An Act Relating to public employment."

This bill amends the state civil service law and the state higher education personnel law to provide that upon the request of a certified bargaining unit representative, the director of personnel will hold an election to determine if a majority of persons within the bargaining unit, who vote at such elections, desire to require membership in the certified exclusive bargaining organization, as a condition of employment. If the vote is in favor of requiring such membership, all members of the bargaining unit must join within 30 days. Further elections to remove the membership requirement may be held
no more than once a year and upon petition of thirty percent of the membership of the bargaining unit.

It is not normally appropriate to allow a person to in effect cast a negative vote on an issue by failing to vote at all. However, in this case, the question of whether or not an individual bargaining unit shall adopt a mandatory membership requirement is of such critical importance that it should be clear that a majority of the membership of that bargaining unit is in favor of such action before it occurs. Accordingly, I have determined to veto those items, as they appear in sections one and two, which allow less than a majority of the total membership of a bargaining unit to adopt mandatory membership requirements as a condition of employment.

With the exception of those items, I have approved the remainder of House Bill No. 489.

Respectfully, submitted,

DANIEL J. EVANS
Governor.

March 20, 1973

TO THE HONORABLE,
THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON
(Through the Secretary of State)
LADIES AND GENTLEMEN:

I am returning herewith without my approval as to one section HOUSE BILL NO. 594 entitled:

"An Act Relating to water pollution control."

Actions of the electorate and elected officials over the past several decades, especially the last six years, have shown the dedication of the State of Washington to a policy of attaining and retaining high quality for its waters. Passage of House Bill No. 594 continues the state's dedication to the extinguishment of water pollution from its boundaries by accepting the challenge of the Federal Water Pollution Control Act Amendments of 1972 which was passed late last year. I am, therefore, most pleased to sign House Bill No. 594.

One of the principal reasons for the passage of House Bill No. 594 at this time is to insure that the State of Washington is in a posture which allows the state to administer the sole waste discharge permit system operating within its boundaries through the operation of such a permit program part of the National Pollution Discharge Elimination System established by section 402 of the new Federal Act. An examination of that act, as it pertains to the criteria to be utilized by the administrator of the United States Environmental Protection Agency in approving requests by states to operate these programs within the national system reveals an ambiguity in the criteria in respect to problems of non-point sources of pollution. To eliminate any possibility that House Bill No. 594 is deficient in providing statutory authority to state government to satisfy the criteria for approval of the state permit program under the national system, I have determined it advisable to veto section 6 of House Bill No. 594 which provides that the act does not authorize the Department of Ecology to regulate forest practices on forest lands to protect water quality.
In removing this section, I was aware of the discussions presently being carried on in the legislature pertaining to regulation of forest practices. A bill to control forest practices is needed. I am both hopeful and confident that the legislature can develop a bill which will provide for water quality and point and non-point pollution sources regulation programs under our pollution control agency to continue, while at the same time allowing any new program pertaining to forest management regulation to be conducted by the Department of Natural Resources. I am further confident that the two programs can be administered in a coordinated manner to insure that no undue burdens are placed on forest land owners.

With the exception of section 6, I have approved House Bill No. 594.

Respectfully submitted,

DANIEL J. EVANS
Governor.

TO THE HONORABLE,
THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON
LADIES AND GENTLEMEN:

I have approved HOUSE BILL NO. 240 entitled: "AN ACT Relating to alcoholic beverage control."

This bill provides that for purposes of consumption of alcoholic beverages the legal age in the state of Washington shall be 19. Unfortunately, because the bill as originally submitted called for lowering the age to 18, a section of law was inadvertently repealed. This statute allowed 18-year-old persons to perform as professional musicians in establishments where alcoholic beverages were served.

When the bill was amended to change the age from 18 to 19, the repealer was not taken into account and was allowed to stand. Consequently, on the effective date of the act, many 18-year-old musicians will be unable to obtain employment in any establishment serving alcoholic beverages. Inasmuch as this was an unintended effect of this bill, I strongly urge you to favorably consider legislation that would once again allow 18-year-old
