REPORT OF FREE CONFERENCE COMMITTEE
June 5, 1975

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 32, conforming state minimum wage laws to federal laws, have had the same under consideration, and we recommend that the Senate amendments to page 4, line 8 and page 4, line 15 be adopted.

We further recommend that the Senate amendments to page 6, line 26, page 6, beginning on line 27 and page 1, line 6 of the title not be adopted.

We further recommend that the following amendments be adopted:

On page 2, line 19 after "director" insert ": PROVIDED, HOWEVER, That such terms shall be defined and delimited by the state personnel board pursuant to chapter 41.06 RCW and the higher education personnel board pursuant to chapter 28B.16 RCW for employees employed under their respective jurisdictions"

On page 3, line 13 after "legislature" add two new subparagraphs as follows:

"(k) All vessel operating crews of the Washington state ferries operated by the state highway commission.

(l) Any individual employed as a seaman on a vessel other than an American vessel."

particular employers within this state: PROVIDED FURTHER, That 'industry' as that term is used in this section shall mean a trade, business, industry, or other activity, or branch, or group thereof, in which individuals are gainfully employed (Section 3[h]) of the Fair Labor Standards Act of 1938, as amended (Public Law 93–259).

Signed by Senators Ridder, Morrison, Wilson; Representatives Savage, Parker.

MOTION

Mr. Parker moved that the Report of the Free Conference Committee be adopted.

Mr. Parker spoke in favor of the motion, and Mr. Newhouse spoke against it.

POINT OF INQUIRY

Mr. Parker yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "I guess a number of us are guilty of not being able to follow this as closely as we would like, but I would like you to explain to me the provisions in this bill as written by the conferees relating to compensatory time off where the employee chooses compensatory time off in lieu of overtime pay."

Mr. Parker: "I probably should ask you to explain it since the House adopted in the conference committee report the amendments that the Senate put on, which were identical to the ones that you originally proposed in the House. With the passage of the Free Conference Committee Report there wouldn't be any change in the original amendment that you proposed here that was later adopted in the Senate and we accepted. It said that an employee could request compensatory time in lieu of time and a half payment; it was up to the employee to request that."

Mr. Kuehnle: "You are saying then that compensatory language is still in the bill?"

Mr. Parker: "Yes, Representative Kuehnle, it is."

POINT OF INQUIRY

Mr. Parker yielded to question by Mr. Pardini.

Mr. Pardini: "Is the emergency clause which would put employers in violation of this law before they had the actual law dispersed to them still a part of this bill?"

Mr. Parker: "No, it is not. If you will look on the second page of the agenda for today, about the end of the report on this bill, there is an amendment that the Free Conference Committee is proposing to page 6, line 30 that strikes the emergency clause and inserts the effective date of the act, September 1, 1975."

The report of the Free Conference Committee was adopted.

Mr. O'Brien assumed the Chair.

Engrossed Substitute House Bill No. 32 as amended by the Free Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION FOR RECONSIDERATION

Mr. Pardini, having voted on the prevailing side, moved that the House do now reconsider the vote by which Engrossed Substitute House Bill No. 32 as amended by the Free Conference Committee passed the House.

Mr. Pardini spoke in favor of the motion, and Mr. Parker spoke against it.

POINT OF ORDER

Mr. Pardini: "Representative Parker is going far, far afield in his remarks."

The Speaker (Mr. O'Brien presiding): "Representative Parker, will you please confine your remarks to the contents of the conference report?"

Mr. Parker continued his remarks in opposition to the motion for reconsideration.

Representatives Kuehnle, Leckenby and Bond spoke in favor of the motion, and Mr. Savage spoke against it.

May 30, 1975

Mr. President:

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred SUBSTITUTE HOUSE BILL NO. 1078, have had the same under consideration, and we recommend that the Senate amendments do not be adopted, and the following amendments be adopted:

(2) The members of the initial board appointed by the governor shall be appointed so that the term of one member shall expire December 31, 1975, the term of one member shall expire December 31, 1976, the term of one member shall expire December 31, 1977, the terms of two members shall expire December 31, 1978, and the terms of two members shall expire December 31, 1979. Each member of the board shall continue in office until his successor is appointed and qualified. The commissioner of public lands or his designee shall be the chairman of the board.

(3) The board shall meet at such times and places as shall be designated by the chairman or upon the written request of the majority of the board. The principal office of the board shall be at the state capital.

(4) Members of the board, except public employees and elected officials, shall receive forty dollars per diem for each day or major portion thereof actually spent in attending to their duties as board members and in addition they shall be entitled to reimbursement for subsistence and actual travel expenses incurred in the performance of their duties in the same manner as provided for state officials generally in chapter 43.03 RCW as now or hereafter amended.

(5) The board may employ such clerical help and staff pursuant to chapter 41.06 RCW as is necessary to carry out its duties.

Sec. 2. Section 5, chapter 137, Laws of 1974 ex. sess. and RCW 76.09.050 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource that may be conducted without submitting an application (PROVIDED, That no forest practice shall be within Class I if it has a direct potential for damaging a public resource) or a notification;

Class II: Forest practices (for which the application must be approved or disapproved by the department within fourteen calendar days from the date the department receives the application) have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. Class II shall not include forest practices:

Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by the governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the State Environmental Policy Act.

(2) No Class II (for), Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended: PROVIDED, That any person commencing a forest practice during 1974 may continue such forest practice until April 1, 1975, if such person has submitted an application to the department prior to January 1, 1975: PROVIDED, FURTHER, That in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW
90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) If a notification or application is delivered in person to the department by the operator or his agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) The department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, (then, on petition of the applicant) the chairman of the appeals board shall issue an order directing the department to approve or disapprove the application within five days or issue a temporary approval until the application is either finally approved or disapproved: PROVIDED, That the temporary approval shall be issued only if it meets the conditions set by the board for such temporary approvals; the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology, game, and fisheries, and to the county in which the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(((6))) (If the county believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may appeal such application to the appeals board specifying its objections within ten days (seven business days for a Class I), fourteen business days (for a Class II application) from the time of themittal of the application to the county, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:
(i) Platted after January 1, 1960; or
(ii) Being converted to another use.

The department shall either disapprove those portions of such application or appeal the county objections to the appeals board. If the objections related to subparagraphs (b) (i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county consents to its approval or such disapproval is reversed upon appeal. The applicant shall be a party to all department appeals of county objections. Unless the county either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county objections has expired.

(((7))) (8) In addition to any rights under the above paragraph, the county may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(((8))) (9) Appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(9). In such appeals there shall be no presumption of correctness of either the county or the department position.

(((9))) (10) The department shall, within four business days notify the county of all notifications, approvals, and disapprovals of an application affecting lands within the county, except to the extent the county has waived its right to such notice.

(((9))) (11) A county may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

Sec. 3. Section 6, chapter 137, Laws of 1974 ex. ses. and RCW 76.09.060 are each amended to read as follows:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices regulations shall specify by whom and under what conditions the notification and application shall be signed. The application or notification shall be delivered in person or sent by certified mail to the department. The information required may include, but shall not be limited to:
(a) Name and address of the forest land owner, timber owner, and operator;
(b) Description of the proposed forest practice or practices to be conducted;
(c) Legal description of the land on which the forest practices are to be conducted;
(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

(f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices regulations;

(g) Soil, geological, and hydrological data with respect to forest practices;

(h) The expected dates of commencement and completion of all forest practices specified in the application;

(i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources; and

(j) An affirmation that the statements contained in the notification or application are true.

(2) At the option of the applicant, the application or notification may be submitted to cover a single forest practice or any number of forest practices within reasonable geographic or political boundaries as specified by the department. Long range plans may be submitted to the department for review and consultation.

(3) The application shall indicate whether any land covered by the application will be converted or is intended to be converted to a use other than commercial timber production within three years after completion of the forest practices described in it. (a) If the application states that any such land will be or is intended to be so converted:

(i) The reforestation requirements of this chapter and of the forest practices regulations shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices regulations issued under RCW 76.09.070 as now or hereafter amended;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.28, 84.33, and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices regulations.

(b) If the application does not state that any land covered by the application will be or is intended to be so converted:

(i) For six years after the date of the application the county or city and regional governmental entities may deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;

(ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal from classification under the provisions of RCW 84.28.065, a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes; and

(iii) Conversion to a use other than commercial timber operations within three years after completion of the forest practices without the consent of the county or municipality shall constitute a violation of each of the county, municipal and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(((4))) (c) The application shall be either signed by the ((forest)) land owner or accompanied by a statement signed by the ((forest)) land owner indicating his intent with respect to conversion and acknowledging that he is familiar with the effects of this subsection.

(((5))) (4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a (greater-than-ordinary) potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department ((five)) two days before the commencement of actual operations.

(((6))) (5) Before (commencing) the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, (the applicant shall submit) there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(((7))) (6) The notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of one year from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed.

(((9))) (7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice.

Sec. 4, Section 7, chapter 137, Laws of 1974 ex. sess. and RCW 76.09.070 are each amended to read as follows:

After the completion of a logging operation, satisfactory reforestation as defined by the rules and regulations promulgated by the board shall be completed within three years: PROVIDED, That a longer period may be authorized if seed or seedlings are not available: PROVIDED FURTHER, That a period of
up to five years may be allowed where a natural regeneration plan is approved by the department. Upon the completion of a reforestation operation a report on such operation shall be filed with the department of natural resources. Within (30) thirty months of receipt of such a report the department shall inspect the reforestation operation, and shall determine either that the reforestation operation has been properly completed or that further reforestation and inspection is necessary.

The forest practices regulations may provide alternatives to or limitations on the applicability of reforestation requirements with respect to forest lands being converted in whole or in part to another use which is compatible with timber growing. The forest practices regulations may identify classifications and/or areas of forest land that have the likelihood of future conversion to urban development within a ten year period. The reforestation requirements may be modified or eliminated on such lands: PROVIDED, That such identification and/or such conversion to urban development must be consistent with any local or regional land use plans or ordinances.

Sec. 5, Section 8, chapter 137, Laws of 1974 ex. sess. and RCW 76.09.080 are each amended to read as follows:

(1) The department shall have the authority to serve upon an operator a stop work order which shall be a final order of the department if:
(a) There is any violation of the provisions of this chapter or the forest practices regulations; or
(b) There is a deviation from the approved application; or
(c) Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.

(2) The stop work order shall set forth:
(a) The specific nature, extent, and time of the violation, deviation, damage, or potential damage;
(b) An order to stop all work connected with the violation, deviation, damage, or potential damage;
(c) The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation, unauthorized deviation, or wilful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence; and

(d) The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest land owner at the addresses shown on the application. The operator, timber owner, or forest land owner may commence an appeal to the appeals board within fifteen days after service upon the operator. If such appeal is commenced, a hearing shall be held not more than twenty days after copies of the notice of appeal were filed with the appeals board. Such proceeding shall be a contested case within the meaning of chapter 34.04 RCW. The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding.

Sec. 6, Section 9, chapter 137, Laws of 1974 ex. sess. and RCW 76.09.090 are each amended to read as follows:

If a violation, a deviation, material damage or potential for material damage to a public resource has occurred and the department determines that a stop work order is unnecessary, then the department shall issue and serve upon the operator or landowner a notice, which shall clearly set forth:

(1) (a) The specific nature, extent, and time of failure to comply with the approved application; or identifying the damage or potential damage; and/or
(b) The relevant provisions of this chapter or of the forest practice regulations relating thereto;
(2) The right of the operator or landowner to a hearing before the department; and

(3) The specific course of action ordered by the department to be followed by the operator to correct such failure to comply and to prevent, correct and/or compensate for material damage to public resources which has resulted from ((forest practices)) any violation, unauthorized deviation, or wilful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence.

The department shall mail a copy thereof to the forest land owner and the timber owner at the addresses shown on the application, showing the date of service upon the operator. Such notice to comply shall become a final order of the department ((and)): PROVIDED, That no direct appeal to the appeals board will be allowed from such final order. Such operator shall undertake the course of action so ordered by the department unless, within fifteen days after the date of service of such notice to comply, the operator, forest land owner, or timber owner, shall request the department in writing to schedule a hearing. If so requested, the department shall schedule a hearing on a date not more than twenty days after receiving such request. Within ten days after such hearing, the department shall issue a final order either withdrawing its notice to comply or clearly setting forth the specific course of action to be followed by such operator. Such operator shall undertake the course of action so ordered by the department unless within thirty days after the date of such final order, the operator, forest land owner, or timber owner appeals such final order to the appeals board.

No person shall be under any obligation under this section to prevent, correct, or compensate for any damage to public resources which occurs more than one year after the date of completion of the forest
practices operations involved, exclusive of reforestation, unless such forest practices were not conducted in accordance with forest practices rules and regulations: PROVIDED, That this provision shall not relieve the forest landowner from any obligation to comply with forest practices rules and regulations pertaining to providing continuing road maintenance. No action to recover damages shall be taken under this section more than two years after the date the damage involved occurs.

Sec. 7. Section 10, chapter 137, Laws of 1974 ex. sess. and RCW 76.09.100 are each amended to read as follows:

If the department of ecology determines that a person has failed to comply with the forest practices regulations relating to water quality protection, and that the department of natural resources has not issued a stop work order or notice to comply, the department of ecology shall inform the department thereof. If the department of natural resources fails to take authorized enforcement action within twenty-four hours under RCW 76.09.080, 76.09.090, 76.09.120, or 76.09.130, ((and 76.09.170)) the department of ecology may (take such action, except that) petition to the chairman of the appeals board, who shall, within forty-eight hours, either deny the petition or direct the department of natural resources to immediately issue a stop work order or notice to comply, or to impose a penalty. Sec. 8. Section 14, chapter 137, Laws of 1974 ex. sess. and RCW 76.09.140 are each amended to read as follows:

(1) The department of natural resources, through the attorney general, may take any necessary action to enforce any final order or final decision, or to enjoin any forest practices by any person for a one year period after such person has failed to comply with a final order or a final decision.

(2) (The department of ecology, through the attorney general, may take any necessary action to enforce any final order of such department or any final decision of the pollution control hearings board relating to water quality protection, or to enjoin any forest practices relating to water quality protection by any person for a one year period after such person has failed to comply with a final order or final decision. (3) A county may bring injunctive, declaratory, or other actions for enforcement for forest practice activities within its jurisdiction in the superior court as provided by law against the department (for the department of ecology), the forest land owner, timber owner or operator to enforce the forest practice regulations or any final order of the department, or (for the pollution control hearings board): PROVIDED, That no civil or criminal penalties shall be imposed for past actions or omissions if such actions or omissions were conducted pursuant to an approval or directive of the department of natural resources (for the department of ecology): AND PROVIDED FURTHER, That such actions shall not be commenced unless the department (for the department of ecology) fails to take appropriate action after ten days written notice to the (respective) department by the county of a violation of the forest practices regulations or final orders of the department (for the department of ecology) or the appeals board (for the pollution control hearings board).

84.28 RCW): PROVIDED, That no permit system solely for forest practices shall be allowed; that any

enacted under this chapter; and such local regulations shall not unreasonably prevent timber harvesting;

(2) Taxing powers;
(3) Regulatory authority with respect to public health; and
(4) Authority granted by chapter 90.58 RCW, the "Shoreline Management Act of 1971", except that in 
relation to "shorelines" as defined in RCW 90.58.030, the following shall apply:

(a) The forest practice regulations adopted pursuant to this chapter shall be the sole rules applicable to 
the performance of forest practices, and enforcement thereof shall be solely as provided in chapter 76.09 
RCW;

(b) As to that road construction which constitutes a substantial development, no permit shall be 
required under chapter 90.58 RCW for the construction of up to five hundred feet of one and only one

shall examine existing regulations containing water quality standards and other applicable rules and regu-
lations of said department pertaining to waters of the state affected by nonpoint sources of pollution aris-
ing from forest practices and, when it appears appropriate to the department of ecology, modify said 
regulations. In any such examination or modification the department of ecology shall consider such factors,
among others, as uses of the receiving waters, diffusion, down-stream cooling, and reasonable transient 
and short-term effects resulting from forest practices.

Promulgation of forest practices regulations by the department of ecology and the forest practices 
board, shall be accomplished so that compliance with such forest practice regulations will achieve compli-
ance with ((such water quality standards)) water pollution control laws.

(2) The department of ecology shall monitor water quality to determine whether revisions in such 
water quality standards or revisions in such forest practices regulations are necessary to accomplish the 
foregoing result, and either promulgate appropriate revisions to such water quality standards or propose 
appropriate revisions to such forest practices regulations or both.

(3) Notwithstanding any other provisions of chapter 90.48 RCW or of the rules and regulations pro-

practices shall be authorized, and no civil or criminal penalties shall be imposed with respect to any forest 
practices conducted in full compliance with the applicable provisions of RCW 76.09.010 through 76.09.280, 
forest practices regulations, and any approvals or directives of the department of natural resources

relating to water quality protection shall be utilized to satisfy the planning and program requirements of 
sections 208, 209, and 305 of the Federal Water Pollution Control Act, as regards silvicultural activities,
unless it is determined by the department of ecology that extraordinary conditions exist which make forest
practices regulations unsuitable to satisfy such federal requirements.

NEW SECTION. Sec. 15. This 1975 amendatory act is necessary for the immediate preservation of the
public peace, health, and safety, the support of the state government and its existing public institutions,
and shall take effect immediately."

POINT OF INQUIRY

Mr. Parker yielded to question by Mr. Patterson.

Mr. Patterson: "I have one concern with the bill from the standpoint of definition of what a public building is and as to whether or not we aren't including all of our public school buildings. I'm sure that you recognize that many of the vending operations are operated by student associations as fund-raising enterprises. I realize the grandfather clause is in there, but I would just like to understand, and for the record, to make sure that the intent of the bill is not to go that far, that the basic intent of the bill would be state facilities, and whether or not the state facility includes a public school."

Mr. Parker: "The intent of the bill was not to include public schools, but the public office buildings of administrative agencies and political subsidiaries."

Mr. Patterson: "My question, of course, is that a political subdivision could be interpreted to include a school district. Obviously, there is an exemption clause in here for those institutions of higher education, for example, because they are governed by a separate board and there is a proviso that exempts them unless that board would include and authorize a license fee in that case. My concern really for the bill is whether or not you know if we are grandfathering in all of the existing facilities. I can see in the future the possibility of a school district expanding and the vendor being authorized within that public school. I want the record to show, if you can't state it, that the intent of this legislation was not to include public schools."

Mr. Parker: "For the record, I would state that is our intent."

Mr. Leckenby spoke against the bill, and Mr. Parker again spoke in favor of it.

May 30, 1975

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 164 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. There is added to Title 47 RCW a new section to read as follows:

The legislature hereby recognizes the following imperative needs within the state: To create a state-wide transportation development plan which identifies present status and sets goals for the future; to coordinate and centralize the regulation, licensing, and taxation of transportation modes; to promote and protect land use programs required in state and federal law; to coordinate transportation with the economic development of the state; to supply a broad framework in which regional, metropolitan, and local transportation needs can be related; to facilitate the supply of federal and state aid to those areas which will most benefit the state as a whole; to provide for more effective public involvement in the transportation planning and development process; to administer programs within the jurisdiction of this title relating to the safety of the state's transportation systems; and to coordinate and implement national transportation policy with the state transportation planning program.

The legislature finds and declares that placing all elements of transportation in a single department is fully consistent with and shall in no way impair the use of moneys in the motor vehicle fund exclusively for highway purposes.

Through this chapter, a unified department of transportation is created. To the jurisdiction of this department will be transferred the present powers, duties, and functions of the department of highways, the highway commission, and the toll bridge authority.

NEW SECTION. Sec. 2. There is added to Title 47 RCW a new section to read as follows:

(3) The urban arterial board is transferred to the jurisdiction of the department for its administration.

NEW SECTION. Sec. 4. There is added to Title 47 RCW a new section to read as follows:

There is hereby created a transportation commission, which shall consist of seven members appointed by the governor, with the consent of the senate. Not more than four members shall reside on the same side of the Cascade mountains, and no two members of the commission shall reside in the same county. The present five members of the highway commission shall serve as five initial members of the transportation commission until their terms of office as highway commission members would have expired. Permits issued pursuant to the foregoing paragraph shall be known as class B additional tonnage permits. The special permits provided for in this section shall be issued ([under such rules and regulations and]) upon such terms and conditions as may be prescribed by the ((state highway)) department pursuant to general rules adopted by the transportation commission. Such special permits shall entitle the permittee to carry such additional load in such an amount and upon such highways or sections of highways as may be determined by the ((state highway commission)) department of transportation to be capable of withstanding such increased gross load without undue injury to the highway: PROVIDED, That the permits shall not be valid on any highway where the use of such permits would deprive this state of federal funds for highway purposes.

The annual additional tonnage permits provided for in this section shall commence on the first of January of each year. The permits may be purchased at any time, and if they are purchased for less than a full year, the fee shall be one-twelfth of the full fee multiplied by the number of months, including any fraction thereof, covered by the permit. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit from one vehicle to another a fee of five dollars shall be charged for each such duplicate issued or each such transfer. The ((state highway commission)) department of transportation shall issue such special permits on a temporary basis for periods not less than ten days at a fee of one dollar per day in the case of class A permits and not less than five days at two dollars per day in the case of class B permits.

The fees levied in RCW 46.44.094 and this section shall not apply to any vehicles owned and operated by the state of Washington, any county within the state or any city or town or metropolitan municipal corporation within the state, or by the federal government.

In the case of fleets prorating license fees under the provisions of chapter 46.85 RCW the fees provided for in RCW 46.44.037 and 46.44.095 shall be computed by the ((state highway commission)) department of transportation by applying the proportion of the Washington mileage of the fleet as reported pursuant to chapter 46.85 RCW to the fees that would be required to purchase the additional weight allowance for all eligible vehicles or combinations of vehicles for which the extra weight allowance is requested.

The ((state highway commission)) department of transportation shall prorate the fees provided in RCW 46.44.037 and 46.44.095 only if the name of the operator or owner is submitted on official listings of authorized fleet operators furnished by the department of motor vehicles. Listings furnished shall also include the percentage of mileage operated in Washington, which shall be the same percentage as determined by the department of motor vehicles, for purposes of prorating license fees.

Sec. 32. Section 2, chapter 16, Laws of 1963 as last amended by section 1, chapter 103, Laws of 1974 ex. sess. and RCW 46.61.405 are each amended to read as follows:

Whenever the ((state highway commission)) secretary of transportation shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinafter set forth is greater than is reasonable or safe with respect to a state highway under the conditions found to exist at any intersection or upon any other part of the state highway system or at state ferry terminals, or that a general reduction of any maximum speed hereinafter set forth would aid in the conservation of energy resources, the ((state highway commission)) the secretary may determine and declare a reasonable and safe lower maximum limit or a lower maximum limit which will reasonably conserve energy resources, for any state highway, the entire state highway system, or any portion thereof, which shall be effective when appropriate signs giving notice thereof are erected. The ((commission)) secretary may also fix and regulate the speed of vehicles on any state highway within the maximum speed limit allowed by this chapter for special occasions including, but not limited to, local parades and other special events. Any such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon the said signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when appropriate fixed or variable signs or ([b) if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of RCW 46.61.410, as now or hereafter amended.
Sec. 33. Section 3, chapter 16, Laws of 1963 as last amended by section 2, chapter 103, Laws of 1974 ex. sess. and RCW 46.61.410 are each amended to read as follows:

(1) Subject to subsection (2) below the ((state highway commission)) secretary may increase the maximum speed limit on any highway or portion thereof to not more than seventy miles per hour in accordance with the design speed thereof (taking into account all safety elements included therein), or whenever ((state highway commission)) the secretary determines upon the basis of an engineering and traffic investigation that such greater speed is reasonable and safe under the circumstances existing on such part of the highway. The greater maximum limit so determined shall be effective, when appropriate signs giving notice thereof are erected, or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon said signs or in the case of auto stages, as indicated in said written notice; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(2) The maximum speed limit for vehicles over ten thousand pounds gross weight and vehicles in combination except auto stages shall not exceed sixty miles per hour and may be established at a lower limit by the ((state highway commission)) secretary as provided in RCW 46.61.405, as now or hereafter amended.

(3) The word "trucks" used by the ((state highway commission)) department on signs giving notice of maximum speed limits shall mean vehicles over ten thousand pounds gross weight and all vehicles in combination except auto stages.

(4) Whenever the ((state highway commission)) secretary shall establish maximum speed limits for auto stages lower than the maximum limits for automobiles, the secretary ((state highway commission)) shall ((man)) cause to be mailed notice thereof to each auto transportation company holding a certificate of public convenience and necessity issued by the Washington utilities and transportation commission. The notice shall be mailed to the chief place of business within the state of Washington of each auto transportation company or if none then its chief place of business without the state of Washington.

Sec. 34. Section 4, chapter 16, Laws of 1963 as amended by section 3, chapter 103, Laws of 1974 ex. sess. and RCW 46.61.415 are each amended to read as follows:

(1) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the maximum speed permitted under ((this act)) RCW 46.61.400 or 46.61.440 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may determine and declare a reasonable and safe maximum limit thereon which

(a) Decreases the limit at intersections; or
(b) Increases the limit but not to more than sixty miles per hour; or
(c) Decreases the limit but not to less than twenty miles per hour.

(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed sixty miles per hour.

(3) The ((state highway commission)) secretary of transportation is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(4) Any altered limit established as hereinabove authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

Any alteration of maximum limits on state highways within incorporated cities or towns by local authorities shall not be effective until such alteration has been approved by the ((state highway commission)) secretary of transportation.

Sec. 35. Section 6, chapter 16, Laws of 1963 as last amended by section 1, chapter 135, Laws of 1969 and RCW 46.61.425 are each amended to read as follows:

(1) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law: PROVIDED. That a person following a vehicle driving at less than the legal maximum speed and desiring to pass such vehicle may exceed the speed limit, subject to the provisions of RCW 46.61.120 on highways having only one lane of traffic in each direction, at only such a speed and for only such a distance as is necessary to complete the pass with a reasonable margin of safety.

(2) Whenever the ((state highway commission)) secretary of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway unreasonably impede the normal movement of traffic, the ((commission))
secretary or such local authority may determine and declare a minimum speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected. No person shall drive a vehicle slower than such minimum speed limit except when necessary for safe operation or in compliance with law.

Sec. 36. Section 46.48.041, chapter 12, Laws of 1961 as amended by section 4, chapter 103, Laws of 1974 ex. sess. and RCW 46.61.430 are each amended to read as follows:

Notwithstanding any law to the contrary or inconsistent herewith, the (Washington state highway commission) secretary of transportation shall have the power and the duty to fix and regulate the speed of vehicles within the maximum speed limit allowed by law for state highways, designated as limited access facilities, regardless of whether a portion of said highway is within the corporate limits of a city or town. No governing body or authority of such city or town or other political subdivision may have the power to pass or enforce any ordinance, rule, or regulation requiring a different rate of speed, and all such ordinances, rules, and regulations contrary to or inconsistent therewith now in force are void and of no effect.

Sec. 37. Section 46.48.080, chapter 12, Laws of 1961 and RCW 46.61.450 are each amended to read as follows:

It shall be unlawful for any person to operate a vehicle or any combination of vehicles over any bridge or other elevated structure or through any tunnel or underpass constituting a part of any public highway at a rate of speed or with a gross weight or of a size which is greater at any time than the maximum speed or maximum weight or size which can be maintained or carried with safety over any such bridge or structure or through any such tunnel, or underpass when such bridge, structure, tunnel or underpass is sign posted as hereinafter provided. The (state highway commission) secretary of transportation, if it be a bridge, structure, tunnel, or underpass upon a state highway, or the governing body or authorities of any county, city, or town, if it be upon roads or streets under their jurisdiction, may restrict the speed which may be maintained or the gross weight or size which may be operated upon or over any such bridge or elevated structure or through any such tunnel or underpass with safety thereto. The (state highway commission) secretary or the governing body or authorities of any county, city, or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the hand side of such highway, road, or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel, or underpass and on the approach thereto: PROVIDED, That in the event that any such bridge, elevated structure, tunnel, or underpass is upon a city street designated by the (state highway commission) transportation commission as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate shall not be enforceable at any speed, weight, or size less than the maximum allowed by law, unless with the approval in writing of the (state highway commission) secretary. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or maximum weight, or size, or either, and the distance and location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum weight, or size, or either, which can be maintained or carried with safety over such bridge or elevated structure or through such tunnel or underpass.

Sec. 38. Section 66, chapter 155, Laws of 1965 ex. sess. as amended by section 35, chapter 62, Laws of 1975 and RCW 46.61.570 are each amended to read as follows:

(1) Except when necessary to avoid conflict with other traffic, or in compliance with law or the directions of a police officer or official traffic control device, no person shall:

(a) Stop, stand, or park a vehicle:

(i) On the roadway side of any vehicle stopped or parked at the edge or curb of a street;

(ii) On a sidewalk or street planting strip;

(iii) Within an intersection;

(iv) On a crosswalk;

(v) Between a safety zone and the adjacent curb or within thirty feet of points on the curb immediately opposite the ends of a safety zone, unless official signs or markings indicate a different no-parking area opposite the ends of a safety zone;

(vi) Alongside or opposite any street excavation or obstruction when stopping, standing, or parking would obstruct traffic;

(vii) Upon any bridge or other elevated structure upon a highway or within a highway tunnel;

(viii) On any railroad tracks;

(ix) In the area between roadways of a divided highway including crossovers; or

(x) At any place where official signs prohibit stopping.

(b) Stand or park a vehicle, whether occupied or not, except momentarily to pick up or discharge a passenger or passengers:

(i) In front of a public or private driveway or within five feet of the end of the curb radius leading thereto;

(ii) Within fifteen feet of a fire hydrant;

(iii) Within twenty feet of a crosswalk;

(iv) Within thirty feet upon the approach to any flashing signal, stop sign, yield sign, or traffic control signal located at the side of a roadway;

(v) Within twenty feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within seventy-five feet of said entrance when properly signposted; or
(vi) At any place where official signs prohibit standing.

(c) Park a vehicle, whether occupied or not, except temporarily for the purpose of and while actually engaged in loading or unloading property or passengers:

(i) Within fifty feet of the nearest rail of a railroad crossing; or

(ii) At any place where official signs prohibit parking.

(2) Parking or standing shall be permitted in the manner provided by law at all other places except a time limit may be imposed or parking restricted at other places but such limitation and restriction shall be by city ordinance or county resolution or order of the ((state highway commission)) secretary of transportation upon highways under their respective jurisdictions.

(3) No person shall move a vehicle not lawfully under his control into any such prohibited area or away from a curb such a distance as is unlawful.

(4) It shall be unlawful for any person to reserve or attempt to reserve any portion of a highway for the purpose of stopping, standing, or parking to the exclusion of any other like person, nor shall any person be granted such right.

Sec. 39. Section 67, chapter 155, Laws of 1965 ex. sess. as amended by section 36, chapter 62, Laws of 1975 and RCW 46.61.575 are each amended to read as follows:

(1) Except as otherwise provided in this section, every vehicle stopped or parked upon a two-way roadway shall be so stopped or parked with the right-hand wheels parallel to and within twelve inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder.

(2) Except when otherwise provided by local ordinance, every vehicle stopped or parked upon a one-way roadway shall be so stopped or parked parallel to the curb or edge of the roadway, in the direction of authorized traffic movement, with its right-hand wheels within twelve inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder, or with its left-hand wheels within twelve inches of the left-hand curb or as close as practicable to the left edge of the left-hand shoulder.

(3) Local authorities may by ordinance or resolution permit angle parking on any roadway, except that angle parking shall not be permitted on any federal-aid or state highway unless the ((state highway commission)) department of transportation has determined by (resolution or) order that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

(4) The ((state highway commission)) secretary with respect to highways under ((its)) his jurisdiction may place official traffic control devices prohibiting, limiting, or restricting the stopping, standing, or parking of vehicles on any highway where (in its opinion, as evidenced by resolution or) the secretary has determined by order, such stopping, standing, or parking is dangerous to those using the highway or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic thereon. No person shall stop, stand, or park any vehicle in violation of the restrictions indicated by such devices.

Sec. 40. Sec. 40. Section 46.68.120, chapter 12, Laws of 1961 as last amended by section 47, chapter 195, Laws of 1973 1st ex. sess. and RCW 46.68.120 are each amended to read as follows:

Funds to be paid to the counties of the state shall be subject to deduction and distribution as follows:

(1) Three-fourths of one percent of such sums shall be deducted monthly as such sums accrue and set aside for the use of the ((state highway commission)) department of transportation and the county road administration board for the supervision of work and expenditures of such counties on the county roads thereof, including the supervision and administration of federal-aid programs for which the department of transportation has responsibility: That any moneys so retained and not expended shall be credited in the succeeding biennium to the counties in proportion to deductions herein made;

(2) All sums required to be repaid to counties composed entirely of islands shall be deducted;

(3) The balance remaining to the credit of counties after such deductions shall be paid to the several counties monthly, as such funds accrue, upon the basis of the following formula:

(a) Ten percent of such sum shall be divided equally among the several counties.

(b) Thirty percent shall be paid to each county in direct proportion that the sum of the total number of private automobiles and trucks licensed by registered owners residing in unincorporated areas and seven percent of the number of private automobiles and trucks licensed by registered owners residing in incorporated areas within each county bears to the total of such sums for all counties. The number of registered vehicles so used shall be as certified by the ((director of the)) department of ((motor vehicles)) transportation for the year next preceding the date of calculation of the allocation amounts. The ((director of the)) department shall first supply such information not later than the fifteenth day of February, 1956, and on the fifteenth of February each two years thereafter.

(c) Thirty percent shall be paid to each county in direct proportion that the product of the county's trunk highway mileage and its prorated estimated annual cost per trunk mile as provided in subsection (e) is to the sum of such products for all counties. County trunk highways are defined as county roads regularly used by school buses and/or rural free delivery mail carriers of the United States post office department, but not foot carriers. Determination of the number of miles of county roads used in each county by school buses shall be based solely upon information supplied by the superintendent of public instruction who shall on October 1, 1955, and on October 1st of each odd-numbered year thereafter furnish the ((state highway commission)) department of transportation with a map of each county upon which is indicated the county roads used by school buses at the close of the preceding school year, together with a detailed statement showing the total number of miles of county highway over which school buses operated in each county during such year. Determination of the number of miles of county roads used in each county by rural mail carriers on
routes serviced by vehicles during the year shall be based solely upon information supplied by the United States postal department as of January 1st of the even-numbered years.

(d) Thirty percent of such sum shall be paid to each of the several counties in the direct proportion that the product of the trunk highway mileage of the county and its "money need factor" as defined in subsection (f) is to the total of such products for all counties.

(e) Every four years, beginning with the 1958 allocation, the ((highway)) transportation commission and the legislative transportation committee shall reexamine or cause to be reexamined all the factors on which the estimated annual costs per trunk mile for the several counties have been based and shall make such adjustments as may be necessary. The following formula shall be used: One twenty-fifth of the estimated total county road replacement cost, plus the total annual maintenance cost, divided by the total miles of county road in such county, and multiplied by the result obtained from dividing the total miles of county road in said county by the total trunk road mileage in said county. For the purpose of allocating funds from the motor vehicle fund, a county road shall be defined as such by resolution or order of establishment of the board of county commissioners. The first allocation of funds shall be based on the following prorated estimated annual costs per trunk mile for the several counties as follows:

PROVIDED, HOWEVER, That the prorated estimated annual costs per trunk mile in this subsection shall be adjusted every four years, beginning with the 1958 allocation by the ((highway)) transportation commission on the basis of changes in the trunk and total county road mileage based on information supplied by the superintendent of public instruction, the United States postal department and the annual reports of the county road departments.

(f) The "money need factor" for each of the several counties shall be the difference between the prorated estimated annual costs as listed above and the sum of the following three amounts divided by the county trunk highway mileage:

1. The equivalent of a two dollar and twenty-five cents per thousand dollars of assessed value tax levy on the valuation, as equalized by the state department of revenue for state purposes, of all taxable property in the county road districts;
(2) One-fourth the sum of all funds received by the county from the federal forest reserve fund during the two calendar years next preceding the date of the adjustment of the allocation amounts as certified by the state treasurer; and
(3) One-half the sum of motor vehicle license fees and motor vehicle fuel tax refunded to the county during the two calendar years next preceding the date of the adjustment of the allocation amounts as provided in RCW 46.68.080. These shall be as supplied to the (highway) transportation commission by the state treasurer for that purpose. The department of revenue and the state treasurer shall supply the information herein requested on or before January 1, 1956 and on said date each two years thereafter.

The following formula shall be used for the purpose of obtaining the "money need factor" of the several counties: The prorated estimated annual cost per trunk mile multiplied by the trunk miles will equal the total need of the individual county. The total need minus the sum of the three resources set forth in subsection (f) shall equal the net need. The net need of the individual county divided by the total net needs for all counties shall equal the "money need factor" for that county.

(g) The transportation commission shall adjust the allocations of the several counties on March 1st of every even-numbered year based solely upon the sources of information hereinbefore required: PROVIDED, That the total allocation factor composed of the sum of the four factors defined in subsections (a), (b), (c), and (d) shall be held to a level not more than five percent above or five percent below the total allocation factor in use during the previous two year period.

(b) The transportation commission and the legislative transportation committee shall relog or cause to be relogged the total road mileages upon which the prorated estimated annual costs per trunk mile are based and shall recalculate such costs on the basis of such relogging and shall report their findings and recommendations to the legislature at its next regular session.

(i) The transportation commission and the legislative transportation committee shall study and report their findings and recommendations to the legislature concerning the following problems as they affect the allocation of "motor vehicle fund" funds to counties:

(1) Comparative costs per trunk mile based on federal aid contracts versus those herein advocated;
(2) Average costs per trunk mile;
(3) The advisability of using either "trunk mileage" or "county road" mileage exclusively as the criterion instead of both as in this plan adopted;
(4) Reassessment of bridge costs based on current information and relogging of bridges;
(5) The items in the list of resources used in determining the "need factor";
(6) The development of a uniform accounting system for counties with regard to road and bridge construction and maintenance costs;
(7) A redefinition of rural and urban vehicles which better reflects the use of said vehicles on county roads.

Sec. 42. Section 3, chapter 173, Laws of 1963 as amended by section 4, chapter 12, Laws of 1973 ex. sess. and RCW 47.05.020 are each amended to read as follows:

The department of transportation is hereby directed to conduct periodic analyses of the entire state highway system, and based thereon, to subdivide and classify according to their function and importance all designated state highways and those added from time to time other than the national system of interstate and defense highways and periodically review and revise the classifications, into the following additional four functional classes:

(1) The "principal state highway system" which shall comprise not to exceed twenty percent of the total state highway mileage other than the interstate system;
(2) The "major state highway system" which shall comprise not to exceed thirty-five percent of the total state highway mileage other than the interstate system;
(3) The "collector state highway system" which shall comprise not to exceed thirty-five percent of the total state highway mileage other than the interstate system;
(4) The "other state highway system".

In making such functional classification the department shall be governed by reasonable (rules and regulations) policies adopted by the commission, and give consideration to the following criteria:

(a) Urban population centers within and without the state stratified and ranked according to size;
(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;
(c) Feasibility of route, including availability of alternate routes within and without the state;
(d) Directness of travel and distance between points of economic importance;
(e) Length of trips;
(f) Character and volume of traffic;
(g) Preferential consideration for multiple service;
(h) Reasonable spacing depending upon population density; and
(i) System continuity, except for the "other" system.

The department of transportation shall adopt and periodically revise in accordance with the policies established by the transportation commission and after consultation with the legislative transportation committee and senate and house transportation and utilities committees a long range plan for highway improvements, specifying highway planning objectives to be accomplished within a
fourteen year advance planning period, and within the framework of revenue estimates for such period. The plan shall be based upon the construction needs for state highways as determined and segregated according to functional class by the (highway commission) department from time to time.

With such reasonable deviations as may be required to effectively utilize the available funds and to adjust to unanticipated delays in programmed projects, the (highway commission) department shall allocate the estimated available funds, so as to carry out such rates of completion within a fourteen year advance planning period on that part of the national system of interstate and defense highways on which the federal government participates financially at the interstate rate under federal law and regulations, on the parts of the national system of interstate and defense highways on which federal aid participation is less than the regular interstate rate under federal law and regulations; and on the remaining four functional classes as the (highway commission) department, acting pursuant to (reasonable rules and regulations) policies adopted by the commission, shall determine to be necessary in order to maintain a balanced development of the state's highway system, considering primarily the following factors:

(a) The relative remaining needs of each functional class of highways;
(b) The estimated available funds;
(c) Continuity of future developments with those previously programmed; and
(d) Graduation of rates of completion according to functional class importance.

MOTION

On motion of Mr. Conner, the House concurred in the Senate amendments to Engrossed Substitute House Bill No. 164.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker (Mr. O'Brien presiding) stated the question before the House to be final passage of Engrossed Substitute House Bill No. 164 as amended by the Senate.

Mr. Hansen spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Hansen yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "I was informed a while ago that unless the Governor had the power to fire the chairman, he was going to veto this bill. The way it is now the bill provides that the Highway Commission only has this power."

Mr. Hansen: "You're right. I don't think it's our intent to try to second-guess the Governor. He has led us to believe that he would sign several bills that he has vetoed and he has signed bills that he said he would veto. At this time I think that this is the context of the bill and all we can do is send it down to him and find out."

Mr. Douthwaite spoke against passage of the bill, and Representatives Berentson and Charnley spoke in favor of it.

POINT OF INQUIRY

Mr. Hansen yielded to question by Mr. Leckenby.

Mr. Leckenby: "You explained, and I understand from reading the bill, that the Governor would select three names, and submit them to the commission for the appointment of the director. What if the commission chooses not to select any of those three? Would the Governor then be obliged to select additional names?"

Mr. Hansen: "I believe this is right. I think this is the reason the Governor isn't going to veto this bill. When he has the prerogative of selecting the names to submit to the commission, I believe this is next best to having the authority to fire."

Mr. Leckenby: "Does the commission have to select one of the three names that the Governor submits, or can they insist on additional submittals?"

Mr. Hansen: "I believe they can insist on additional. The Governor will keep selecting until they find the right one for the commission."

Representatives Savage and Conner spoke in favor of the bill.
ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 164 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 60; nays, 26; not voting, 12.

Engrossed Substitute House Bill No. 164 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EIGHTY-SIXTH DAY, JUNE 7, 1975

The Speaker (Mr. O'Brien presiding) stated the question before the House to be Engrossed House Bill No. 1119 on final passage.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Tilly.

Mr. Tilly: "Mr. Shinpoch, when we had this bill before us in the Social and Health Services Committee, before you received it in Appropriations, there was a lot of discussion regarding the fiscal impact. We had figures given to us that were really on a six-year impact. In your earlier discussion, you said that this was a one-time thing and I would like to have you go into that in more detail so that we can be assured that this is only a one-time appropriation, because I think most of the members of our committee understood that it was going to a six-year plan and on-going from that."

Mr. Shinpoch: "I can relate to you the understanding and the questions that were proposed in the committee. It was my understanding from testimony in the committee that this was the funding inbetween two federal programs. The previous program had been shut down and the next one is going to start in two years. They gave a planning period in between and the federal government did not fund the planning period. That is what we are being asked to fund. I made the comment to the individual testifying at the time that we wanted assurance that it was only for two years and that we would be very unhappy if we found it was for something other than that. We received assurance that it would not be. I did receive a letter later from the Director which assured that it would only be for a two-year period. While I was talking to you, Representative Bagnariol gave me a fiscal note dated May 21, 1975, that has a six-year impact of $224,000 on it, which is what is on the bill."

Mr. Tilly spoke against passage of the bill.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Deccio.

Mr. Deccio: "I'm certainly not trying to put you on the spot, but I think you are the recipient of some false information if this is the same bill and if these are the same people who appeared twice before the Social and Health Services Committee when we heard the bill. The information we got was that the annual impact was $265,000 a year, involved seven people, with a director at $25,000 a year, an assistant director at $20,000 a year and the rest spread over about seven people, and $19,000 was for pensions and fringe benefits. Are we talking about the same thing?"

Mr. Shinpoch: "I have a fiscal note in my hand dated May 21, 1975, by a Mr. Lynch out of the Office of Community Development, which shows a two-year and a six-year fiscal impact of $224,000. In the testimony in front of our committee, an individual from the regional medical program, the so-called clearing house, was there; the people from the University of Washington were there; the people from the Department of Social and Health Services were there. They all testified that this would not duplicate any of the efforts they were doing. That was the basis on which we accepted this. The fiscal note I have is only as good as the individual designing it."

Mr. Deccio: "This is my question: The bill was brought back the second time, the fiscal impact requirement was lowered from $265,000 to around $225,000 and was run at us again. Apparently it stuck. The way that many of us on the committee interpreted this appeal for this bill was that we could save some jobs for some people because the federal government failed to fund the thing. Again, I am only saying that I think you on Ways and Means have gotten some false information and, Mr. Speaker, I can only request that this bill be held over so that this fact can be investigated."
The Speaker (Mr. O'Brien presiding): "Representative Deccio, you should have made that motion first before you got involved in discussion on the merits of the bill. Your motion would be out of order right now."

Representatives Zimmerman and Becker spoke in favor of passage of the bill.

Mr. Conner demanded the previous question and the demand was not sustained.

Representatives Peterson and Conner spoke in favor of the bill, and Mr. Greengo spoke against it.

The Speaker (Mr. O'Brien presiding) called on Mr. Charette to preside.

Mr. Haussler spoke in favor of the bill, and Representatives Haley and Flanagan spoke against it.

Mr. Amen demanded the previous question and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 1119, and the bill passed the House by the following vote: Yeas, 60; nays, 22; not voting, 16.

MOTION

Mr. Berentson moved that the House adopt the report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 2280.

POINT OF INQUIRY

Mr. Conner yielded to question by Mr. Smith (Edward).

Mr. Smith (Edward): "Is the Department of Revenue supportive of the one-tenths, two-tenths and three-tenths of a percent?"

Mr. Conner: "I have a letter from Mary Ellen McCaffree, the Director of the Department of Revenue, and would like to state that she is in support and is willing to work with us in any manner possible in order to make this work. There was some concern by members that do have varied rates in different areas as to the problem you would have as far as the Department of Revenue is concerned. Her letter says, 'Of particular concern is the possible compliance problem of retailers collecting the tax. The Department, in view of the legislature's recognition of the overriding importance of mass transportation financing needs, wishes to work with the legislature to study various alternatives that would minimize the collection problem. Such alternatives would be presented at a future session of the legislature.' She is most anxious to work with us and is supportive of that particular amendment."

Sidney R. Snyder, Secretary.

MOTIONS

Mr. Moon moved that the House do concur in the Senate amendment to page 2, adding a new section 3 and to line 2 of the title.

Mr. Moon spoke in favor of the motion to concur, and Representatives Leckenby and Charnley spoke against it.

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Gaspard.

Mr. Gaspard: "There has been quite a bit of discussion about the police powers that this bill will grant to the insurance commissioner. Can you explain those powers that this bill addresses itself to?"

Mr. Ehlers: "I am still concerned about this, as many people here are. The concern that some of us have is that a lot of agencies, as Representative Leckenby has indicated, have power. I believe it is the intent, according to a letter we have from the Insurance Commissioner, that those police powers not include the carrying of weapons; would not include the power to actually arrest people. This has been the concern that a number of people have and I believe that the legislative intent is that they not be given those kinds of police powers where they can carry weapons and that they are not permitted to actually arrest people. This is also restricted to just the area of arson. It is rather restrictive."

Mr. Moon again spoke in favor of the motion to concur, and Mr. Curtis spoke against it.

ROLL CALL

The Clerk called the roll on the motion to concur in the Senate amendments to Substitute House Bill No. 378, and the motion was lost by the following vote: Yeas, 26; nays, 52; not voting, 20.

MOTION

On motion of Mr. Charette, all bills passed to this point in the proceedings were ordered transmitted immediately to the Senate.

On motion of Mr. Parker, the following amendment was adopted:

On page 1, line 13 after "program" strike all remaining language down to the final period.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Senate Bill No. 2633 as amended by the House was placed on final passage.
ROLL CALL

Revising liquor license requirements for common carriers.

The bill was read the second time.

The Clerk read the following amendment by Representatives Tilly, Conner and Bond:
On page 4, after "the community" on line 1 insert a new subsection as follows:

"(6) Notwithstanding any provision or provisions of this act, it shall be unlawful to sell any intoxicating liquors, with or without a license, on the grounds of any college, university, or community college supported in whole or in part by state funds, except to the extent liquor may be served but not sold under banquet permits issued pursuant to RCW 66.24.490."

POINT OF ORDER

Mr. Douthwaite: "I question the scope and object of this amendment. I think House Rule 33 is violated."
SPEAKER'S RULING

The Speaker: "Representative Douthwaite, I think your point of order is well taken. The present bill deals with the liquor regulations in regard to common carriers and the amendment is taking the scope into the prevention of sales in other areas, and I think the bill is very narrow in its application."

Mr. Douthwaite moved adoption of the following amendment by Representatives Douthwaite, Wojahn, Valle, Erickson and North:

On page 4, line 31 following "service" insert ": PROVIDED FURTHER, That the licensee shall make available at some place of prominence within the vehicle, educational materials on the abuses of alcohol in particular and the illnesses consequent therefrom in general: PROVIDED HOWEVER, That such materials shall be obtained from public or private organizations at no cost to the state"

POINT OF ORDER

Mr. Bond: "I think this amendment is beyond the scope and object."

SPEAKER'S RULING

The Speaker: "Representative Bond, I feel that your point of order is not well taken. The present bill is talking about the service of alcoholic beverages. This places a limitation that if in the event they want to sell this they have to do this. It is identified with the vehicles involved, so I think it is a proper limitation on the allowance of the matter."

Representatives Douthwaite and Wojahn spoke in favor of the amendment, and Representatives Newhouse, Berentson, Sommers and Peterson spoke against it.

The amendment was not adopted.

On motion of Mr. Bender, the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 2670 was placed on final passage.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 2670, and the bill passed the House by the following vote: Yeas, 62; nays, 15; not voting, 21.

Engrossed Senate Bill No. 2670, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 2944, by Senator Mardesich:

Permitting investment of public funds in the Asian development bank.

The bill was read the second time.

On motion of Mr. Bender, the rules were suspended, the second reading considered the third, and Senate Bill No. 2944 was placed on final passage.

Mr. Ceccarelli spoke in favor of passage of the bill, and Representatives Valle and Hurley (George) spoke against it.

POINT OF INQUIRY

Mr. Ceccarelli yielded to question by Ms. Cochrane.

Ms. Cochrane: "There have been several denials that anybody asked for this. Whose bill was this?"

Mr. Ceccarelli: "The prime sponsor of the bill is Senator Mardesich."
Ms. Cochrane: "Yes, I was aware of that, but I was wondering if the Finance Committee or anyone else interested in the investments asked for this?"

Mr. Ceccarelli: "No one spoke in opposition to the bill when it was before our committee."

POINT OF INQUIRY

Mr. Ceccarelli yielded to question by Mr. McKibbin.

Mr. McKibbin: "Could you tell me, are we allowing the Finance Committee to invest in any type of foreign bonds or securities? Is this setting a precedent or is this a common practice?"

Mr. Ceccarelli: "No, the State Finance Committee has broad powers now in investing the state's money where they feel it will get the greatest return. I think the problem with this bill is the word 'Asian' in it, and everybody is thinking we are going to pump the money down the drain or send it over to Viet Nam or something is going to happen like what happened during the depression. The Asian bank, as I said earlier, was developed, and its members are of thirty-seven countries, including the United States, Germany, France, Canada, Italy, and so on. It's a very secure bank and their notes and bonds yield up to 7.75% interest. This is a yield you can't get anywhere else. There is just no way that this bank is going to be defunct because it's got the support of all these thirty-seven countries and there are some forty-six states now that invest in commercial accounts, debentures and notes and bonds from this bank. I think your fears are unfounded. You are really talking about something else than what we are trying to do in this bill."

Mr. McKibbin: "I failed to get the answer to my question, and I didn't convey any fears to you. The question is: Do we have a precedent for this type of investment previous to this? And if so, what are they?"

Mr. Ceccarelli: "I'm going to yield to Representative Pardini. We do it now in Canada, etc., but I think Representative Pardini will answer your questions more clearly."

Mr. Pardini: "I think on page 1, subsection (2), starting on line 19, which is existing language within the law, we make it possible for the State Finance Committee to invest in 'Bonds, debentures, notes or other obligations issued, assumed, or unconditionally guaranteed by the international bank for reconstruction and development, the inter-American development bank, etc.' and we are now adding the Asian development bank in the new language, so that there are three similar banks such as this whose prime purpose is by treaty with other countries. The Asian development bank is backed by the United States; it's a quasi-federal agency. The bonds of that bank are not fully guaranteed, but they are supported by an international treaty of some thirty-seven countries, the prime purpose of which is to provide capital, and, in this particular instance, my understanding is for Asian countries to develop irrigation, roads and this type of thing and even to teach those people how to increase their production of food. So it's a very legitimate type thing and we do have a precedent for it. The other thing that I would like to point out is an item that kind of slid by—mainly that these bonds have a AAA rating from Standard & Poor, which is the major rate bond rating organization in the United States. You just can't get any higher than a AAA rating, unless you have a direct federal obligation. That AAA rating is probably higher than the bonds of the state of Washington, so that it is a good bond and it is guaranteed. Representative Cochrane, I would point out to you, if you wonder where the bill came from, I don't know where it came from this time, but I have sponsored this bill in previous sessions and it has passed this House and for some reason it hasn't gone all the way. The request was made of me the time I sponsored it by Mr. Ned Lang, who is the legal counsel for the Washington Bankers' Association."

ROLL CALL

The Clerk called the roll on the final passage of Senate Bill No. 2944, and the bill passed the House by the following vote: Yeas, 51; nays, 28; not voting, 19.

Senate Bill No. 2944, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

"Eternal God and Father, Who dost reward with success the patience and the persistence of Your children, we thank You that at long last we are winding up the whole matter: the aches and pains of the body politic have been diagnosed, treatment has been prescribed, and arrangements for installment payments made.

"Our Father, give grace to us, the patient, who by our perennial complaints of real or imaginary symptoms have brought together and prolonged this consultation of specialists, and help us now to take our medicine with a minimum of grumbling.

"We thank You for the acumen, the hard work, and the persistence of these political doctors. Bless them in a very special way as they plan their return to the more remunerative and less harrowing work of private practice. Amen."

On motion of Mr. Newhouse, the prayer was ordered entered into the journal of the day.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

Mr. Speaker:
The President has signed:
SUBSTITUTE SENATE BILL NO. 2280,
and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

MOTION
On motion of Mr. Conner, the House advanced to the sixth order of business.

SECOND READING
ENGROSSED SENATE BILL NO. 2226, by Senators Francis, Woody and Clarke:
Requiring state to pay costs and fees of indigent appeals.
The bill was read the second time.
Committee on Judiciary recommendation: Majority, do pass as amended. (For amendments, see Journal, Fifty-sixth Day ex. sess., May 8, 1975.)
On motion of Mr. Smith (Rick), the committee amendments were adopted.
On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 2226 as amended by the House was placed on final passage.
Mr. Smith (Rick) spoke in favor of passage of the bill.

POINT OF INQUIRY
Mr. Smith (Rick) yielded to question by Mr. Eikenberry.

Mr. Eikenberry: "A superior court judge, in determining whether or not an individual is entitled to this kind of assistance, either for attorney's fees or because of a transcript or other costs, has a certain degree of latitude in determining if the individual is in fact indigent or if the cost being asked for is actually necessary. As I understand it at present these costs, which are granted and authorized by the court, do go through the county commissioner, or the legislative body of a council, for final payment; is that true?"

Mr. Smith (Rick): "That is the situation in superior court, but this bill only deals with the appellate court and the fees are determined by the clerk. I believe the clerk of the Supreme Court approves the fees, or the Supreme Court does, for both the court of appeals and the Supreme Court."

Mr. Eikenberry: "Then the point of my question is, is there any reviewing body or any agency that will be screening the level of expenses that are being authorized by this administrative personnel?"

Mr. Smith (Rick): "Yes, the House and Senate Ways and Means Committees will know what the costs are and they do now and they appropriate funds for it. They will exercise any oversight necessary at that time."
POINT OF INQUIRY

Mr. Smith (Rick) yielded to question by Mr. Pardini.

Mr. Pardini: "Page 2 of the bill says that upon satisfaction of requirements established by the Supreme Court rules, etc., payment shall be made by funds specifically appropriated by the legislature for that purpose. Within the budget document, does the Free Conference Committee Report that was given to us yesterday, is there a specific appropriation for this payment?"

Mr. Smith (Rick): "I haven't looked in the Free Conference Report, but there was in the House-passed version of the budget. There always has been every year so I can only assume that the conferees left it in."

Mr. Pardini: "And if they did not leave it in or if the amount is not adequate, would that preclude one of these indigents from getting the transcript?"

Mr. Smith (Rick): "No, it is my understanding that the court would have to forego some other expenditure and use their funds. We would no doubt have to address it as a supplemental budget."

POINT OF INQUIRY

Mr. Smith (Rick) yielded to question by Mr. Amen.

Mr. Amen: "You said this only applies to appellate courts, how has this been paid prior to this? Is this a new program?"

Mr. Smith (Rick): "No, this is not a new program. Representative Eikenberry is in error when he said this is passed on to costs of local government. It doesn't have anything to do with local government. It's the appellate court; we have done this in the past. Moneys have always been appropriated to allow for this. The impact of this bill is only $14,000. It has always been in the budget before and I'm sure it's in the budget now. I'm sure it's in the Conference Committee Report."

Mr. Amen: "Then it has been paid by the state prior to this?"

Mr. Smith (Rick): "Yes."

POINT OF INQUIRY

Mr. Smith (Rick) yielded to question by Mr. Polk.

Mr. Polk: "In the Free Conference Committee Report on Substitute House Bill No. 866, which you have on your desk, on page 2, lines 12, 13, 14—is that the money appropriated to pay for this program? It's $389,000."

Mr. Smith (Rick): "Yes, I'm saying that over and above the program that we have now in current laws, there will be an additional $14,000 expenditure."

Mr. Polk: "Is that part of this, or is that over and above this figure?"

Mr. Smith (Rick): "I can't answer that."

Mr. Smith (Rick) closed debate, speaking again in favor of passage of the bill.

The Clerk called the roll on the final passage of Engrossed Substitute Senate Bill No. 2226 as amended by the House, and the bill passed the House by the following vote: Yeas, 71; nays, 11; not voting, 16.

ENGROSSED SENATE BILL NO. 2403, by Senators Jones, Francis and Wanamaker:
Providing arrest procedures for specified traffic offenses.

The bill was read the second time.

Committee on Judiciary recommendation: Majority, do pass as amended. (For amendments, see Journal, Sixty-third Day ex. sess., May 15, 1975.)

On motion of Mr. Seeberger, the committee amendments were adopted.

Mr. Conner moved that the rules be suspended, the second reading considered the third, and Engrossed Senate Bill No. 2403 as amended by the House be placed on final passage.

Mr. Knowles spoke in favor of the motion, and Mr. Smith (Rick) spoke against it.

REPORT OF FREE CONFERENCE COMMITTEE

June 7, 1975

Mr. Speaker:

Mr. President:

We, of your Free Conference Committee, to whom was referred ENGROSSED HOUSE BILL NO. 587, providing for creation of West Seattle access development commission, have
1850 JOURNAL OF THE HOUSE

had the same under consideration, and we recommend that the bill do pass with the following amendments:

Beginning on page 1 of the engrossed and printed bill strike all of sections 2, 3, 4 and 5 and insert:

"NEW SECTION. Sec. 2. There is hereby appropriated to the Washington State Highway Commission the sum of $150,000, or as much thereof as may be necessary, from the Motor Vehicle Fund to study the following issues regarding the proposed improved crossing of the Duwamish waterway to West Seattle:

(1) Feasibility of placing the corridor currently identified as the West Seattle freeway corridor, connecting West Seattle to Interstate 5, on the state highway system.

(2) Evaluation of existing studies regarding the proposed high-level crossings of the Duwamish waterway, or conduct additional studies as the commission deems appropriate, to determine the approximate amount of funds required for the construction of a high-level crossing of the Duwamish waterway.

(3) Identification of the principal groups or agencies benefiting from the construction of a high-level crossing of the Duwamish waterway and alternative methods of permitting such groups to participate in project costs including, but not limited to, user tolls or local improvement district assessments.

(4) Identification and analysis of sources of federal, state, and local revenues that may be available for transportation or economic development purposes that could be utilized for such high-level crossing.

(5) Recommended changes in legislation to permit the expeditious design and construction of such high-level crossing upon receipt of funding.

(6) Recommendation of an appropriate agency to administer the design and construction of such crossing.

The highway commission shall report its finding and recommendations to the House and Senate transportation and utilities committees not later than July 1, 1976.

NEW SECTION. Sec. 3. The Washington State Highway Commission shall be advised in its study of the West Seattle freeway corridor, provided for in Section 2 of the 1975 act, by, but not limited to, the chief executive, or his designee, of the Port of Seattle, the Washington State Department of Commerce and Economic Development, the municipality of metropolitan Seattle, and the city of Seattle and such other persons, jurisdictions and agencies affected by the future development of the project as the commission deems appropriate.

NEW SECTION. Sec. 4. Urban arterial trust funds initially authorized by the state urban arterial board in the 1967-69 biennium for specific projects in cities over 300,000 population, as last determined by the office of program planning and fiscal management, shall remain obligated to such projects for the period through June 30, 1977 unless such project is earlier withdrawn or abandoned by the sponsoring city. This continued obligation of urban arterial trust funds shall be terminated for any project if the sponsoring city earlier provides written notice of withdrawal or abandonment of the project to the urban arterial board or if the city acts to expend any other funds, exclusive of the required matching funds, which have heretofore been allocated or set aside to pay a part of the costs of such project.

After the effective date of this 1975 amendatory act, no additional urban arterial trust funds shall be expended for conceptual or feasibility studies of any project initially authorized prior to June 30, 1969 in a city of over 300,000 population, but such limitation shall not apply to the cost of preparing final plans, specifications and estimates or other contract documents required to advertise the project for competitive bids for its construction."

Renumber the remaining section accordingly.

On page 1, beginning on line 1 after the semicolon strike all of the material down to and including "(uncodified)" on line 2 and insert "creating new sections"

Signed by Senators Walgren, Morrisoff, Beck; Representatives Patterson, Laughlin, Ceccarelli.

MOTION

Mr. Ceccarelli moved that the House adopt the Report of the Free Conference Committee on Engrossed House Bill No. 587.

Representatives Ceccarelli and Patterson spoke in favor of the motion.

POINT OF INQUIRY

Mr. Ceccarelli yielded to question by Mrs. North.

Mrs. North: "You spoke of the $15 million, urban arterial board funds, which will be frozen. You didn't specify a date; am I to understand that it really is only until 1977?"

Mr. Ceccarelli: "That's correct. Under the new section 4 of the bill, these funds are frozen until June 30, 1977. It also states further, '...unless such project is earlier withdrawn or abandoned by the sponsoring city.' What this says is that we are not going to be able to come down here now or anytime in the future and willy-nilly freeze these funds without making sure that the sponsoring city of the funds is not going to go ahead with the project also. This keeps it on the back of the city of Seattle. Part of this bill does call for a feasibility study to see if it might be put on the state highway system, if it would be beneficial to all parties involved, but this freezes the funds until 1977 and keeps the city on deck so that they are
going to have to participate in this project, not only in the money aspect of the Forward Thrust funds that are available, but also in helping to solve the dilemma of the design and the eventual construction of the bridge on that corridor."

The motion was carried, and the Free Conference Committee Report was adopted.

On page 4, line 8 of the Senate committee amendment, after "PROVIDED, That" strike all language down to the period on line 11 and insert "the board shall give an appropriate alternate form of examination for persons who cannot read or speak English to determine equivalent competency"

On page 4 of the Senate committee amendment after section 7 insert a new section as follows:

Massage operators engaged in the massage business for less than one year prior to the effective date of this 1975 act shall have six months from the effective date of this 1975 act to qualify for a massage operator's license, and shall be entitled to continue in said business during that period of time upon a showing of satisfactory proof of good health to the director."
Any person who has, for one year or more immediately prior to the effective date of this 1975 act, been a resident of this state and been actively engaged in the practice of massage as a massage operator shall, upon application and payment of required fees, be licensed to practice massage and shall be exempt from the requirements of examination, provided that within ninety days of the effective date of this 1975 act, he or she shall make application with the director on forms to be provided for that purpose: PROVIDED HOWEVER, That this section shall not apply where the applicant has been previously convicted of a crime involving moral turpitude in connection with his or her practice as a massage operator. MESSAGE FROM THE SECRETARY OF STATE

June 5, 1975

THE HONORABLE,
SPEAKER OF THE HOUSE OF REPRESENTATIVES
THE LEGISLATURE OF THE STATE OF WASHINGTON
MR. SPEAKER:

We herewith respectfully transmit for your consideration of three sections vetoed by the governor Substitute House Bill 212, the remainder of which has been designated Chapter 166, Laws of 1975 1st ex. sess., together with a copy of the official veto message of the governor setting forth his objections to the sections as provided by Article III, Section 12, of the Washington State Constitution.

IN WITNESS WHEREOF, I have set my hand and affixed the seal of the state of Washington. Done at the Capitol at Olympia on the 5th day of June, 1975.

(Seal)

BRUCE K. CHAPMAN,
by Sam S. Reed
Assistant Secretary of State.
MESSAGE FROM THE GOVERNOR

June 4, 1975

TO THE HONORABLE,
THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON
LADIES AND GENTLEMEN:

I am returning herewith without my approval as to several sections SUBSTITUTE HOUSE BILL NO. 212, entitled:

"AN ACT Relating to gambling."

At each of the past several sessions of the Legislature, bills have been passed amending the gambling statutes, primarily to extend the scope of gambling activities authorized. As Governor, I have believed it to be my responsibility to review these bills in detail and to remove from the bills those provisions which were most objectionable because of the problems they would have created for law enforcement officials throughout the state. The Legislature could have resolved many of the problems in the bills had law enforcement officials been consulted during the legislative process on the effect of individual amendments to the law. As in the past sessions, the Legislature has apparently failed again to consult those officials, and as a result I am compelled to veto several portions of this bill, which, if allowed to go into effect, would have created serious problems for law enforcement officials in maintaining legalized gambling in this state from professional gambling interests. I regret that several meritorious changes in the law were written into the same sections that I have vetoed, and I am unable to preserve those provisions without the power of the item veto.

Sections 1, 2 and 3 contain several related provisions on small scale gambling, annual fund-raising events, and sports pools. The subsections relating to small scale gambling and annual fund-raising events both contain a ceiling of $5,000 on gross wagers and bets received by the sponsoring organization. The difficulty presented by this provision is that enormous amounts of money could be exchanging hands among persons betting between themselves with the organization receiving nothing, or if anything, a token amount. Thus while the gross total of $5,000 sounds like a fairly innocuous amount, it is by no means an accurate measure of the amount of gambling that may take place, including gambling for very high stakes. Moreover, there is no provision for record-keeping, no license required, no requirement that local law enforcement officers be notified of the event, and simply stated, no way by which gambling regulations can be enforced and violations detected. Since no license is required for these events, the provisions of RCW 9.46.160, which prescribes penalties for conducting gambling activities without license, could not be applied to gambling which might take place in flagrant violation of statutory authorization or Gambling Commission rule.

The provisions relating to sports pools create serious problems of enforcement because of the large amount which may be wagered for each square and the absence of any limit on the number of pools that may be conducted simultaneously and on the same premises. Again, there is no requirement for record-keeping, which is particularly needed for sports pools conducted in commercial premises if there is to be any enforcement of commission rules.

For these reasons, I have determined to veto sections 1, 2 and 3.

Section 5 contains language which would prohibit local taxation of amusement games at agricultural fairs. The ostensible reason for this provision is the claim that the local jurisdictions already receive fees to pay for their services from the fee that is charged to the amusement game operator to participate at the fair. This argument ignores the fact that the same can be said of any other business that procures a license and also pays taxes to the local jurisdiction. For this reason, and also because the section contains language tied to provisions in section 1, 2 and 3, I have determined to veto section 5.

Section 6 contains changes identical to those in section 1(2), and would according to proponents of the changes, allow a person who is a member of more than one organization conducting bingo games to volunteer his or her services to assist in all those organizations as long as the person did not participate in the management of the organization. The existing language in the law was placed there to prevent professional bingo operators from conducting bingo games, thereby reducing the risks of customers being cheated or income being substantially taken by such operators instead of accruing to the charitable or nonprofit organizations sponsoring the games. The changes enacted in this bill make it more difficult to prevent the presence of professional operators, and would place the Gambling Commission and local law enforcement personnel in the position of having to distinguish between managerial and nonmanagerial tasks. Accordingly, I have determined to veto section 6.
Section 14 is integrally tied to provisions in sections 1, 2 and 3 which I have vetoed, and would make no sense standing alone. Accordingly, I have vetoed that section.

I have determined not to veto section 13, which is also tied to language relating to fishing derbies in sections 1, 2 and 3, which sections were vetoed for other reasons stated above. It is my intent that notwithstanding the reference in section 13 to a revised definition in section 1(7), the intent of the Legislature in exempting fishing derbies from any other provisions of this act or from any rules and regulations of the Gambling Commission should be carried out. I have no objections to exempting such fishing derbies, and regret that related language in other sections of the bill could not be preserved from section vetoes. I believe that with the language of section 13 and the intent stated in this message, the Gambling Commission has sufficient authority to refrain from regulation of fishing derbies.

I wish to make special note of the fact that I support revised statutory language on small scale gambling and sports pools, and probably would have approved language originally drafted by their proponents and concurred in by the Gambling Commission. However, the provisions related thereto have suffered the same consequences as many other worthwhile changes in past gambling bills, and amendments added during the legislative process have made those provisions far broader than first intended. I specifically regret that the well-intentioned and diligent efforts of organizations such as the Washington Congress of Parents, Teachers and Students are hereby negated because of changes made in the enactment of this bill.

With the exception of sections 1, 2, 3, 5, 6, and 14 which I vetoed for the reasons stated, the remainder of Substitute House Bill No. 212 is approved.

Respectfully submitted,
DANIEL J. EVANS, Governor.

MOTION

Mr. Warnke moved that the vetoed sections of Substitute House Bill No. 212 do pass notwithstanding the Governor's veto.

Representatives Warnke and Conner spoke in favor of the motion.

POINT OF PARLIAMENTARY INQUIRY

Mr. Newhouse: "I don't have a bill and I don't have a veto message. I don't know which sections we are talking about."

The Speaker (Mr. Charette presiding): "The veto message was passed out when it first arrived; the motion is to override all of the vetoed sections. The bill is on your desk."

Representatives Ehlers and Smith (Rick) spoke in favor of the motion, and Representatives Dunlap and Greengo spoke against it.

POINT OF ORDER

Mr. Charnley: "I believe Mr. Greengo is incorrect. This is not a total veto; it is a section veto. There were five or six sections vetoed, not the entire bill. Representative Greengo made the statement that we are considering the entire bill and this is just not so."

The Speaker (Mr. Charette presiding): "Your point of order is well taken. The question before the House is the override of a certain number of sections within Substitute House Bill No. 212."

Mr. Greengo continued his remarks against the motion.

POINT OF INQUIRY

Mr. Dunlap yielded to question by Mr. Freeman.

Mr. Freeman: "I notice that on our desks we have some amendments on another gambling issue, Senate Bill No. 2046. Could you tell us how some of the subject matter of those amendments might tie into this veto override?"

POINT OF ORDER

Mr. Parker: "The question is an attempt to circumvent the rules that provide for only speaker after the fiftieth day."

The Speaker (Mr. Charette presiding): "The Speaker feels that so long as we are discussing legislative intent and within the limited bounds, the question is proper."
POINT OF ORDER

Mr. Ehlers: "I believe the question relates to another piece of legislation, not with the item before us."

The Speaker (Mr. Charette presiding): "Your point of order is not well taken. The Speaker has already ruled."

Mr. Dunlap: "Representative Freeman, in answer to your question, Senate Bill No. 2046 was on the second reading calendar. I have on the desk three amendments. The purpose of those amendments would be to restore to Senate Bill No. 2046, the fishing derby bill, language which would cover the original intent of the gambling legislation under House Bill No. 212—that if PTS gave carnivals, defining cake walks and fish ponds as amusement games, covering agricultural fairs and, of course, the subject of the bill itself, fishing derbies—removing them from the purview of the Gambling Commission."

Mr. Pardini spoke against the motion, and Mr. Warnke closed debate, speaking again in favor.

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "A vote yes would mean that we would override the veto and a vote no would mean that we would not override the veto?"

The Speaker (Mr. Charette presiding): "That is correct, Representative Pardini."

POINT OF PARLIAMENTARY INQUIRY

Mr. Polk: "How many votes are needed to override the veto?"

The Speaker (Mr. Charette presiding): "Two-thirds of the members present."

Mr. Polk: "How many votes is that, Mr. Speaker?"

The Speaker (Mr. Charette presiding): "It's two-thirds of the members present. From time to time there are members who leave the floor and are not here voting, so it's not possible for the Speaker to tell you how many are present."

Mr. Polk: "How many answered the roll call this afternoon?"

The Speaker (Mr. Charette presiding): "Eighty-five answered the roll call."

ROLL CALL

The Clerk called the roll on the motion to pass the vetoed sections of Substitute House Bill No. 212 notwithstanding the Governor's veto, and the motion failed to receive the necessary two-thirds majority, by the following vote: Yeas, 48; nays, 39; not voting, 11.

On motion of Mr. Pardini, the House moved to immediately consider Engrossed Senate Bill No. 2046.

The Speaker assumed the Chair.

ENGROSSED SENATE BILL NO. 2046, by Senators Walgren, Beck and Talley:
Declaring that fishing derbies are not gambling and removing them from regulation by the gambling commission.

The bill was read the second time.

Committee on Commerce recommendation: Majority, do pass as amended. (For amendments, see Journal, Seventy-fourth Day ex. sess., May 26, 1975.)

On motion of Mr. Jastad, the committee amendment to page 1, line 13 was adopted.
The Speaker declared the House to be at ease.
The Speaker (Mr. Conner presiding) called the House to order.

PRESENTATION OF GIFTS

The Speaker (Mr. Conner presiding): "They say that a man has achieved success who has lived well, laughed often and loved much, who has enjoyed the trust of pure women, the respect of intelligent men and the love of little children. Who’s filled his niche and accomplished his task; who’s left the world better than he found it, whether an improved copy, a perfect poem or a rescued soul; who has never lacked appreciation for others or expressed his
appreciation for the best the world has. Who has always looked for the best in others and has given the very best that he had. Whose life was an inspiration and whose memory was a benediction.

"I think that you will agree that, as members serving the public, each of us has a certain amount of ego. The appropriations contained in sections 52 through 62 of this act shall be subject to the following conditions and limitations:

(1) The legislature recognizes that mass institutionalization and hospitalization may not be a satisfactory solution to the treatment of physical or mental disorders or the problem of criminal rehabilitation. The legislature further recognizes that proposals to modify such institutionalization and hospitalization have not been thoroughly reviewed for substance or fiscal impact in such a manner as to permit the development of sound legislative policy in these areas. Therefore, the legislature has established a budgetary position that will assure institutional provisions for the safety and well-being of all our citizens, but which restrains the modification of existing methods until questions of policy and fiscal impact have been determined by the legislature.

(2) Not later than October 1, 1975, the department shall transmit a list to the standing ways and means committees of all federal moneys received, including unanticipated receipts so noted, as of July 1, 1975, by departmental program, category, and organizational unit which list shall include the following information:

(a) The granting federal agency;
(b) A brief description and federal reference number, if applicable;
(c) The specific amount of money received and the purpose for which it is intended;
(d) The matching requirements; and
(e) The limiting factors, if any.

Monthly revisions to the list required by this subsection, including unanticipated receipts, shall be provided in the same manner as the original list for the remainder of the fiscal biennium.

(3) The department shall not transfer more than ten million dollars between the programs appropriated for in sections 51 through 62 of this act without specific approval of the office of program planning and management and the standing ways and means committees. The department shall notify the office of program planning and fiscal management and the standing ways and means committees whenever any transfers are made which are within the limits established by this subsection.

(4) The department shall provide quarterly reports to the standing ways and means committees relating to the realization of all projected program savings upon which the 1975–77 departmental budget request is predicated.

(5) The department of social and health services shall establish regulations for reasonable nursing home accounting and reimbursement systems which recognize relevant cost related factors for department of social and health services patients. This shall include, but not be limited to, the scope or level of services or care, requirements of staff, physical plant, a reasonable rate of return on investment, and incentives for improved patient care within funds available to the department for nursing home care. The regulations shall provide that no payment will be made to a nursing home which does not permit inspection by the department of social and health services of every part of its premises and an examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs and methods of supply, and any other records the department deems relevant to the establishment of such a system. Not later than January 1, 1976, the department shall provide a report to the standing ways and means and social and health services committees which reviews the nursing home cost reimbursement system and other vendor payments and which includes required state and federal standards, standards maintained, all completed audits, and recommendations for legislative consideration.

(6) The department shall present fiscal and organizational zero-base data to the standing ways and means committees and the social and health services committees, by July 1, 1976, which will assist in reestablishing the budgetary base for the public health, vocational rehabilitation, and administrative and support services programs.

(7) The department shall develop a proposal for a group homes cost reimbursement system that provides incentives for improving client care. The proposal shall provide for maximum limits for described levels and kinds of care that ensure that expenditures shall be within amounts appropriated for such care. The cost reimbursement system shall also include consideration of various salary schedules necessary for the delivery of such components of care and shall also include consideration of wage and salary levels of comparable positions in the public and private sectors. The department shall submit the proposed cost reimbursement system to the standing ways and means and social and health services committees for approval prior to the implementation of the system.

(8) If the claim made by the state to the United States department of health, education, and welfare on October 24, 1972, for reimbursement in the amount of $32,876,903 is sustained in whole or in part such funds and any other similar funds received by the state shall be deposited by the state treasurer in Suspense Fund 705 and no allocation or disbursement from such fund shall be made except as specifically authorized by legislative enactment.

All disputes arising between the state and the United States department of health, education, and welfare involving the state's claim or claims to federal reimbursement of state expenditures as provided by the applicable provisions of the federal social security act which would have the effect of reducing or increasing any appropriation or any part thereof as set forth in this act shall be negotiated and settled only with the consent of a majority of the members of the respective ways and means committees of the legislature.

The sum of $5,508,264 currently held by the state treasurer in Suspense Fund 705 pending the completion of federal review of the legitimacy of the aforementioned claim for such moneys shall continue to
be held and no allocation or disbursement from such funds shall be made without specific authorization by legislative enactment, except to repay the federal government if necessary.

If the department of social and health services claims additional matching for the period of October 1, 1972, through June 30, 1973, or any portion thereof, or for any other period, such moneys shall be deposited by the state treasurer in Suspense Fund 705 and no allocation or disbursement from such fund shall be made except as specifically authorized by legislative enactment.

(9) The department shall deploy personnel in such a manner as to insure, insofar as is possible, that ineligible persons shall be removed from current caseloads, errors resulting in overpayments or underpayments to recipients shall be corrected, efforts shall be made to insure that only eligible individuals are added to the public assistance caseloads, and that caseloads are kept within the estimates for which funds are provided by this act.

Compliance with this act and the attempt to contain caseloads within acceptable limits shall be accomplished but, notwithstanding the provisions of RCW 74.08.040, the department of social and health services shall not impose ratable reductions, or any other form of reduction in public assistance grants which are in addition to, or in any way lower than the maximums presently imposed.

(10) It is the intent of the legislature that the department shall not initiate any new or additional programs or services in any of the agency's programs beyond those authorized in sections 52 through 62 of this act without prior approval of the ways and means committees of the legislature.

**NEW SECTION.** Sec. 187. In accordance with the provisions of this section the office of program planning and fiscal management shall use the allotment process during the 1975-77 biennium to control the funding of the formula portion of the instruction and departmental research programs of all the four year institutions of higher education and the community colleges. For the purpose of the controls outlined in this section, deviations in the formula entitlements for faculty staffing shall be the controlling factor. For the purpose of this section, the “contract level” is defined as the formula entitlement level upon which the budget is based, and the “base level” is defined as the formula entitlement level corresponding to the prior year’s contract or actual allotment level, whichever is lower. Controls shall be applied to each four year institution separately and to the community college education system as a total entity. "Growth funding" is defined as that portion of the appropriation by which the contract level exceeds the base level. All growth funds shall be reserved at the time of annual allotments. Such reserves shall be released only to the extent that the contract level is achieved, based upon the office of program planning and fiscal management’s
population studies section projections of full year enrollments from actual enrollments on the tenth day of the fall term. Growth funding not so released shall lapse at the end of a fiscal year. In any case where actual formula faculty entitlement, as computed from full year enrollments in spring, exceeds the contract level by more than one and one-half percent, appropriated funds equal in amount to the student operating fees derived from such excess enrollment shall be withheld during the same or subsequent year and shall revert to the state general fund following the close of the 1975-1977 biennium.

NEW SECTION. Sec. 188. Notwithstanding the provisions of chapter 82, Laws of 1973 1st ex. sess. the house of representatives, the senate, and the permanent statutory committees shall pay expenses quarterly to the department of general administration, general administration facilities and revolving account, for services rendered by the department for operation, maintenance, and supplies relating to buildings, structures, and facilities utilized by the legislature for the biennium beginning July 1, 1975.

NEW SECTION. Sec. 189. No agency shall reallocate authorized personnel board positions in such a manner that the net cost impact of such reallocations upward and downward will increase agency expenditures for salaries and wages.

NEW SECTION. Sec. 190. All or any portion of the funds provided in sections 149 through 164 of this act for allocation to school districts shall be withheld by the superintendent of public instruction from any school district which spends moneys in excess of such districts certified budget or budget extensions thereto as filed with the office of the superintendent of public instruction and the state board of education.

NEW SECTION. Sec. 191. Every state agency other than institutions of higher education, common school or intermediate school districts, and the legislature, shall have withheld from the allotments or series of allotments to be made to such agencies by the office of program planning and fiscal management during the fiscal year 1977 an amount of money equal to not less than three percent of the funds available for expenditure by each such agency for full time equivalent staff years from the appropriations contained in this act.

NEW SECTION. Sec. 192. Any state agency which receives funds pursuant to the provisions of this act and utilizes any portion of such funds for grants to local public bodies shall not withhold consideration of potential grant projects for local public bodies located within the Trident impact area merely on the basis that federal funds for the same or similar services and/or projects are or will be available at the present time or at some future date.

NEW SECTION. Sec. 193. If any municipality, which shall have pledged the revenue from the special excise tax authorized by RCW 35.58.273 to secure the payment of all or any part of the principal of or interest on any general obligation bonds or revenue bonds issued pursuant to RCW 35.58.279, does not receive state transit assistance sufficient to meet such bond obligations, there is hereby appropriated from the general fund the sum of $3,000,000, or so much thereof as shall be necessary, to the state treasurer who shall distribute to each such municipality a sum equal to such bond obligation.

NEW SECTION. Sec. 194. It is the expressed intention of the legislature that agency operational activity will be regularly monitored by the office of program planning and fiscal management, under their statutory authority relating to the allotment control function, in order to limit fluctuations in biennial spending patterns which tend to inflate the final current level base. Particular control emphasis will be placed on those instances in which biennial full time equivalent employment authorization is deliberately delayed in order to increase the agency position count as substantiation for the ensuing biennial request. Unanticipated receipts, which are authorized and expended by any state agency, shall not be used as the basis for expansion of current level full time equivalents, as it relates to legislative appropriations made prior to such authorization, unless definite assurance is made of continuation of funds from the specific source involved.

NEW SECTION. Sec. 195. (1) Federal funds, which were not anticipated relative to the appropriations enacted on the budget approved by the legislature for the biennium ending June 30, 1977, for programs financed from both state and federal revenues, shall be used in lieu of moneys from state or local revenue sources unless prohibited by federal law, rule, regulation or other restriction. The provisions of RCW 43.79.260 through 43.79.280 shall not apply to authorize expenditures beyond either budgeted or appropriated amounts from federal funds subject to this subsection. Exceptions to the rule imposed by this subsection may be granted by the legislature if in session or by the legislative budget committee or its statutory successor during the interim between legislative sessions or when the legislature has been in recess for three days or more.

(2) Notwithstanding the provisions of RCW 43.79.260 through 43.79.280 federal funds which are not subject to subsection (1) of this section and which were not anticipated relative to appropriations enacted or the budget approved by the legislature shall not be allotted for expenditure in excess of either appropriations provided by law or the budget approved by the legislature for the biennium ending June 30, 1977, without prior approval of the legislature if in session or by the legislative budget committee or its statutory successor during the interim between legislative sessions or when the legislature has been in recess for three days or more.

(3) Notwithstanding the provisions of RCW 43.79.260 through 43.79.280 any unanticipated state or local revenues to appropriated funds or accounts shall not be allocated for expenditure in excess of appropriations provided by law or budget approved by the legislature for the biennium ending June 30, 1977, without prior approval of the legislature if in session or by the legislative budget committee or its statutory successor during the interim between legislative sessions or when the legislature has been in recess for three days or more.
NEW SECTION. Sec. 196. The word "agency" used in this act, unless the context requires otherwise, means and includes every state government office, officer, each institution, whether educational, correctional, or other, and every department, division, board, and commission, except as otherwise provided in this act.

The phrase "agencies headed by elective officials" used herein shall mean those executive offices or departments of the state which are directly supervised, administered, or controlled by the governor, lieutenant governor, secretary of state, treasurer, auditor, attorney general, superintendent of public instruction, commissioner of public lands, or insurance commissioner, but it shall not include those boards, commissions, or committees on which one or more of the above-mentioned officials serve.

NEW SECTION. Sec. 197. In order to carry out the provisions of these appropriations and the state budget, the director of the Office of Program Planning and Fiscal Management with the approval of the governor, may:

(1) Allot all of any portion of the funds herein appropriated or included in the state budget, to the various agencies by such periods as he shall determine and may place any funds not so allotted in reserve available for subsequent allotment: PROVIDED, That the director of the office of program planning and fiscal management shall not alter allotment requests filed with him, nor shall he place in reserve any funds, for the following: Washington State Apple Advertising Commission; Washington State Fruit Commission; Washington Dairy Products Commission or any agricultural commodity commission created under the provisions of chapter 15.66 RCW; the legislative branch of state government including the legislative budget committee, the statute law committee, and any legislative committee; or the judicial branch of state government: PROVIDED FURTHER, That the aggregate of allotments for any agency shall not exceed the total of applicable appropriations and local funds available to the agency concerned. It shall be unlawful for any officer or employee to incur obligations in excess of approved allotments or to incur a deficiency and any obligation so made shall be deemed invalid. Nothing in this section or in chapter 328, Laws of 1959, shall prevent revisions of any allotment when necessary to prevent the making of expenditures under appropriations in this act in excess of available revenues.

(2) Issue rules and regulations to establish uniform standards and business practices throughout the state service, including regulation of travel by officers and employees and the conditions under which per diem shall be paid, so as to improve efficiency and conserve funds.

(3) Prescribe procedures and forms to carry out the above.

(4) Allot funds from appropriations in this act in advance of July 1, 1975; for the sole purpose of authorizing agencies to order goods, supplies, or services for delivery after July 1, 1975: PROVIDED, That no expenditures may be made from the appropriations contained in this act, except as otherwise provided, until after July 1, 1975.

NEW SECTION. Sec. 198. Whenever possible, the receipt of federal or other funds which are not anticipated by the governor's budget or in the appropriations enacted by the legislature shall be used to support regular programs instead of using funds appropriated from state taxes or similar revenue sources.

NEW SECTION. Sec. 199. In the event that receipts shall be less than those estimated in the budget from any source expenditures shall be limited to the amount received and allotments made as provided in section 193 of this act. Receipts for purposes of this section shall include amounts realized within one calendar month following the close of a fiscal period and applicable to expenditures of that period. The amount of such payment shall be credited to and shall be treated for all purposes as having been collected during the fiscal period.

NEW SECTION. Sec. 200. If any part of this act shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this act is hereby declared to be inoperative solely to the extent of such conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules and regulations under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 201. Agencies are authorized to make refunds of erroneous or excessive payments and in the case of other refunds, which may be provided by law, without express appropriation therefor.

NEW SECTION. Sec. 202. Whenever allocations are made from the governor's emergency appropriation to an agency which is financed by other than general fund moneys, the director of the office of program planning and fiscal management may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance such agency. No appropriation shall be necessary to effect such repayment.

NEW SECTION. Sec. 203. In addition to the amounts appropriated in this act for revenue for distribution, excluding those funds appropriated for urban mass transit assistance, and bond retirement and interest, and interest on registered warrants, there is also appropriated such further amounts as may be required or available for these purposes under any statutory formula or under any proper bond covenant made in accordance with law.

NEW SECTION. Sec. 204. Amounts received by an agency as reimbursements pursuant to RCW 43.09.210 shall be considered as returned loans of materials supplied or services rendered. Such amounts may be expended as a part of the original appropriation of the fund to which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the director of the office of program planning and fiscal management which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum interagency usage of data processing equipment.
and services and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed.

NEW SECTION. Sec. 205. In order to obtain maximum interagency use of aircraft, the Aeronautics Commission, in accordance with RCW 43.09.210 and chapter 39.34 RCW is hereby authorized to lease, purchase or otherwise acquire suitable aircraft which shall be utilized for the purposes of the Aeronautics Commission and also by other state agencies which have a need for an aircraft to carry out agency assigned responsibilities: PROVIDED, That the Aeronautics Commission is further authorized to enter into contractual agreements with other state agencies in order to acquire aircraft, establish rental rates for aircraft under their control, provide pilot services, aircraft maintenance and make such other provisions as necessary to provide aircraft and related services for multi-agency use: PROVIDED FURTHER, That in order to achieve economy in the use of the appropriations contained within this act no state agency may purchase or otherwise acquire an aircraft or enter into a flying service or aircraft rental contract without first seeking such service from the Aeronautics Commission and without prior approval of the director of the office of program planning and fiscal management.

NEW SECTION. Sec. 206. From the amounts appropriated to the senate and the house of representatives for the expenses and costs of the legislature by section 2, chapter 16, Laws of 1975 1st ex. sess., the senate and house of representatives respectively shall reimburse their members in quarterly amounts of not to exceed one hundred fifty dollars upon presentation of vouchers by a member claiming reimbursement for interim expenses and certified by him that his expenses for such three month period were equal to or in excess of one hundred fifty dollars.

NEW SECTION. Sec. 207. In making expenditures for the salaries of state officers and employees, transfer from one branch of state government to another or within the legislative branch shall be deemed a termination of employment within the meaning of RCW 43.01.041 provided the officer or employee so transferred elects to receive accrued vacation leave by written notice filed with both the transferor and transferee employer at least five days preceding the effective date of the transfer.

NEW SECTION. Sec. 208. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 209. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 1143 as amended by the Free Conference Committee, and the bill passed the House by the following vote: Yeas, 70; nays, 3; not voting, 25.

MOTION

On motion of Mr. Charette, the House advanced to the sixth order of business.

SECOND READING

On motion of Mr. Shinpoch, the Committee on Ways and Means – Appropriations was relieved of Engrossed Senate Bill No. 2886, and the bill was ordered placed on the second reading calendar.

ENGROSSED SENATE BILL NO. 2046 as amended by the House, by Senators Walgren, Beck and Talley:

Declaring that fishing derbies are not gambling and removing them from regulation by the gambling commission.

The House resumed consideration of the bill on second reading. (For previous action, see yesterday's Journal.)

MOTION FOR RECONSIDERATION

Mr. Warnke moved that the rules be suspended, and the House reconsider the vote by which the committee amendment to page 1, line 13 was adopted.

Mr. Warnke spoke in favor of the motion.

POINT OF INQUIRY

Mr. Warnke yielded to question by Mr. Pardini.

Mr. Pardini: "What are you going to reinsert?"

Mr. Warnke: "The entire first section, which is the legislative intent; otherwise it won't be any good."

The motion to reconsider carried.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be reconsideration of the committee amendment to page 1, line 13.

Mr. Warnke moved that the House do not adopt the committee amendment to page 1, line 13, and the motion was carried.

On motion of Mr. Warnke, the committee amendment to page 4, line 36 was adopted.

On motion of Mr. Warnke, the following amendments by Representative Smith (Rick) were adopted:

- On page 2, section 1, line 9 of the printed bill after "that" strike all material through and including "they" on line 10 and insert "fishing derbies"
- On page 4, line 35 after "contest" and before the comma on line 36 strike "not conducted for profit"

The Clerk read the following amendment by Representatives Dunlap and Erickson:

On page 3, section 2, line 8 insert the following:
"Cake walks as commonly known and fish ponds as commonly known shall be treated as amusement games for all purposes under this chapter."

POINT OF ORDER

Mr. Warnke: "Mr. Speaker, I would like a ruling on the amendment, on the scope and object. The intent of the bill before us is only to deal with fishing derbies; the amendment intends to broaden the scope of the act and to allow further gambling activities than just fishing derbies."

Mr. Dunlap: "I would like to say that this bill was rather thoroughly covered yesterday in House Bill No. 212 as it relates to this bill. The object of the amendment is to try to put back into Senate Bill No. 2046 what a number of us believe to be some of the more important ingredients that were stricken from HB 212, specifically, the ability of groups like the PTSA to run carnivals and conduct some of the very small-scale gambling activities subject to the stringent requirements that you see described in this amendment."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "It appears from the contents of the amendment, that it doesn't actually have anything to do with fishing derbies and therefore no motion or
EIGHTY-EIGHTH DAY, JUNE 9, 1975

proposition differing from that under consideration shall be admitted under color of amendment. On that basis, since it is not dealing with fishing derbies, the Speaker will rule it out of order."

The Clerk read the following amendment by Representatives Dunlap and Erickson:

On page 7, line 36 after subsection (b) insert the following:

"(1) The payment of an admission fee to gain admission to any agricultural fair authorized under chapters 13.76 or 36.37 RCW, where (a) the scheme is conducted for promotional or advertising purposes, not including the promotion or advertisement of the scheme itself; and (b) the person or organization conducting the scheme receives no portion of the admission fee either directly or indirectly and receives no other money for conducting the scheme either directly or indirectly, other than what might be received indirectly as a result of the success of the promotional or advertising aspect of the scheme."

POINT OF ORDER

Mr. Warnke: "I would like to have a ruling on the scope and object of that amendment."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The ruling will be the same as the previous amendment relative to scope and object and the question before us."

The Clerk read the following amendment by Representatives Dunlap and Erickson:

On page 11, section 3, line 12 following subsection (1) insert a new subsection as follows:

"(2) Bona fide charitable or bona fide nonprofit organizations are hereby authorized to conduct bingo, raffles and amusement games, without obtaining a license to do so from the commission only when: (a) Such activities are held in accordance with all other requirements of chapter 9.46 RCW, and other applicable laws and rules of the commission; (b) said activities are conducted no more than twice each calendar year over a period of no more than twelve consecutive days each time, notwithstanding the limitations of RCW 9.46.020(2); (c) only bona fide members of that organization, who are not paid for such services, participate in the management or operation of the games; (d) gross revenue from all the activities does not exceed three thousand dollars during any calendar year; (e) all revenue therefrom, after deducting the cost of prizes and other expenses of the activity, is devoted solely to the purposes for which the organization qualified as such an organization; (f) the organization gives notice at least five days in advance of the conduct of any of the activities to the local police agency of the jurisdiction within which the activities are to be conducted of the organization's intent to conduct the activities, the location of the activities and the date or dates they will be conducted; and (g) the organization conducting the activities maintains records for a period of one year from the date of the event which accurately show at a minimum the gross revenue from each activity, details of the expenses of conducting the activities, and details of the uses to which the gross revenue therefrom is put.

Any organization conducting these activities under this subsection may not obtain a license to conduct any such activities from the commission during the same calendar year.

(3) Renumber the remaining subsections consecutively.

POINT OF ORDER

Mr. Warnke: "I would raise the point of scope and object on this amendment."

MOTION

Mr. Newhouse moved that the rules be suspended to allow consideration of the Dunlap/Erickson amendments ruled beyond the scope and object, and to allow consideration of the amendment to page 11.

Mr. Newhouse spoke in favor of the motion.

Mr. Conner demanded an electric roll call and the demand was sustained.

Mr. Warnke spoke against the motion.

ROLL CALL

The Clerk called the roll on the motion to suspend the rules and allow consideration of the Dunlap/Erickson amendments, and the motion was lost by the following vote: Yeas, 38; nays, 38; not voting, 22.

Voting nay: Representatives Bagnariol, Bauer, Bauch, Bender, Blair, Charette, Chatalas, Clemente, Conner, Douthwaite, Ehlers, Eng, Fischer, Gaines, Gaspard, Hanna, Hansen, Haussler, Hurley G. S.,

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Representative Warnke raised a point of order on the last amendment by Representatives Dunlap and Erickson, to page 11, line 12. The same ruling will apply to this amendment. It is declared out of order."

On motion of Mr. Warnke, the committee amendment to the title was not adopted.

Mr. Conner moved that the rules be suspended, the second reading considered the third, and Engrossed Senate Bill No. 2046 as amended by the House be placed on final passage.

Mr. Pardini spoke against the motion.

Mr. Conner demanded an electric roll call and the demand was sustained.

Mr. Smith (Rick) spoke in favor of the motion.

POINT OF ORDER

Mr. Polk: "Mr. Smith is not speaking to the subject matter of suspending the rules. He's talking about the federal government, what prosecutors can do, and so on, and is just not confining his remarks at all to the motion to suspend the rules."

The Speaker (Mr. O'Brien presiding): "This is a difficult question and a difficult point. Representative Pardini went a little far afield, too. Will you hold your remarks to the question, Mr. Smith?"

Mr. Smith (Rick) concluded his remarks in favor of the motion.

ROLL CALL

The Clerk called the roll on the motion to suspend the rules and advance Engrossed Senate Bill No. 2046 as amended by the House to third reading and final passage, and the motion was lost by the following vote: Yeas, 54; nays, 28; not voting, 16.

Engrossed Senate Bill No. 2046 as amended by the House was passed to Committee on Rules for third reading.

ENGROSSED SENATE BILL NO. 2886, by Senator Donohue:

Authorizing bond issue for construction of executive offices.

The bill was read the second time.

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 2886 was placed on final passage.

Mr. Shinpoch spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 2886, and the bill passed the House by the following vote: Yeas, 63; nays, 16; not voting, 19.

June 8, 1975

Mr. Speaker:

Mr. President:

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 206, adopting the capital budget, have had the same under consideration, and we recommend that the bill be amended as follows:
On page 1, beginning on line 11 strike the remainder of the bill and insert the following:

"NEW SECTION. Sec. 2. The legislature finds that present management of capital projects does not always ensure a systematic review of project increments such as planning, design, site acquisition, and construction. Projects are not regularly subjected to independent technical review concerning less costly alternatives nor are such projects regularly considered in context with master planning projections.

The office of program planning and fiscal management, in order to ensure management control, shall prepare a capital construction projects management plan for every item included in this act, except that fire and safety projects and maintenance type projects may be exempted from the master plan and program plan provisions of this section when such exemptions are approved by the office of program planning and fiscal management. Such capital construction projects management plan shall consider, but not necessarily be limited to, the following elements:

1. Master plan;
2. Program plan;
3. Physical plan; and
4. Construction.

The management plan shall provide for technical feasibility review of capital projects by the department of general administration and provision for incremental approvals of capital projects.

The management plan for capital projects shall be submitted to the legislature, no later than January 1, 1976, along with the recommendations of the office of program planning and fiscal management and the department of general administration concerning technical feasibility, schedules for the release of funds by project increments, and other pertinent concerns regarding capital projects approved in this act.

For the purposes of this section:

"Master plan" includes, but is not limited to, identification and analysis of present institutional programs and a minimum five year projection thereof; identification and categorization of current physical facilities and an analysis of effectiveness of utilization; an analysis of match between program and necessary physical facilities based on objective standards as developed by appropriate state agencies; and recommendations for sale, purchase, demolition, expansion, renovation, replacement, or relocation of facilities.

"Program plan" relates to a specific project or facility and shall include, but is not limited to, an inventory of amounts and types of space currently available; an analysis of amounts, types, and relative locations of space required for current programs as determined by use of accepted state space standards; an analysis of projected programs and space required; and, if a change in facilities is justified from analysis, recommendations for demolition, remodeling, or construction.

"Physical plan" includes survey and site investigation and architectural and engineering designs.

"Construction" includes detailed budgets and realistic schedules for project implementation.

The intent of the requirement imposed by this section is to reduce the state's reliance on the continued use of fossil fuels as a primary energy source and thereby reduce the long term operating costs of new state facilities. The departments shall submit a joint report to both the governor and legislature on the results of the implementation of this section. Such report shall be presented to the next regular session of the legislature for its consideration.

NEW SECTION. Sec. 23. During the 1975-77 biennium the state parks and recreation commission shall make no contractual agreements or receive any donation of real property or an interest therein which commits the commission to either assuming on a current basis or to requesting funds at a future time for development or acquisition costs without prior approval of the legislative budget committee.

NEW SECTION. Sec. 24. NEW SECTION. Sec. 26. To effectively carry out the provisions of this act, the governor may assign responsibility for planning, engineering and construction and other related activities to any appropriate agency.

NEW SECTION. Sec. 27. Reappropriations shall be limited to the unexpended balances remaining June 30, 1975, in the current appropriation for each project.

NEW SECTION. Sec. 28. The governor, through the director of the office of program planning and fiscal management, may authorize a transfer of funds appropriated for a capital project in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient only within the department of social and health services, or between appropriations for a specific department, commission or institution of higher education. No such transfer shall be used to expand the capacity of any facility beyond that anticipated by the legislature in making the appropriation. A report of any transfer effected under this section shall be filed with the legislative auditor for transmittal to the legislative budget committee by the director of the office of program planning and fiscal management within thirty days of the date the transfer is effected.

NEW SECTION. Sec. 29. Any capital improvement or capital project for construction, repair or maintenance authorized by this act, unless constructed, pursuant to the provisions of chapter 39.04 RCW, shall be done by contract after public notice and competitive bid: PROVIDED, That this section shall not apply to the acquisition of sites, easements, or rights of way; nor to contracts for architectural or engineering services; nor to emergency repairs; nor to any improvement or project costing less than twenty-five hundred dollars; nor to portions of projects involving inmate labor at a state institution: PROVIDED FURTHER, That it is the intent of the legislature that in any decision to contract for capital projects funded as the result of this act, full and fair consideration shall be given to minority contractors.

NEW SECTION. Sec. 30. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

POINT OF INQUIRY

Mr. Eng yielded to question by Mr. Pardini.

Mr. Pardini: "You talked about one thing that you dealt with, the free choice in section 19; would you mind telling us what conclusions you arrived at?"

Mr. Eng: "The new choice provisions dealt with management and employees, whereby they can have a chance to consider HMO's as one of the alternatives for health care in relation to a contract for employment, and one of the changes to be made in relation to this was in the 25 employee requirement which we've moved up to 50 employees before an HMO could be considered in relation to a new choice."

Mr. Pardini: "Is it still mandatory?"

Mr. Eng: "It has never been mandatory in that sense."

Mr. Haley spoke against passage of the bill.

(b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls for collection in the following year;

(c) A "timber factor" which is the product of such aggregate dollar rate, the assessment ratio applied generally by such assessor in computing the assessed value of other property in his county and the appropriate portion listed below of the timber roll for such year ((a) above):"
EIGHTY-EIGHTH DAY, JUNE 9, 1975

YEAR | PORTION OF TIMBER ROLL
--- | ---
1972 | 25%
1973 | 55%
1974 through 1977 | 100%
1978 | 75%

1980 | 25%

The balance in state timber tax fund A, if any, after the distribution to taxing districts on November 20, 1974 and on the twentieth day of the second month of each calendar quarter commencing February 20, 1975 and ending November 20, 1981 shall be transferred to the state timber reserve fund.

(4) If, after the transfer, if any, from the state timber tax fund A (pursuant to subsection (2) of this section) in November of 1974 only and in August of any year thereafter commencing with (1974) 1975, the balance in the state timber reserve fund exceeds two million dollars, the amount of the excess shall be applied first, subject to legislative appropriation of funds allocated from the state timber reserve fund, for activities undertaken by the department of revenue forest valuation section and for the activities undertaken by the department of natural resources relating to classification of lands as required by this chapter: PROVIDED, That within the 1973-75 biennium, the state treasurer shall transfer from the state timber reserve fund to the state general fund an amount equal to actual expenditures of the department of revenue related to the activities of the forest valuation section no later than August 31, 1974 and August 31, 1975, for the fiscal year just completed. If the amount of such excess is more than is necessary for reimbursement for such purposes, the remaining amount of the excess shall be distributed to the taxing districts which distribution shall be made in the following manner:

(a) The department of revenue shall calculate a harvest factor and a harvest factor proportion for each taxing district, in the manner provided in subsections (a) through (d) of subsection (5) of this section except that for years before 1978 there shall be used the aggregate value of timber harvested for as many quarters for which information is available: PROVIDED, That for any excess reserve fund disbursements made for 1975 such calculations shall be made by the department in the manner prescribed in this subsection as soon as practicable after the effective date of this amendatory act using the appropriate tax rates determined in October of 1974. The department shall notify the treasurer of each timber county of the results of such calculations for that county by September 30 of each year.

(b) By multiplying the amount of such excess by the harvest factor proportion for each taxing district respectively, the department of revenue shall calculate the amount to be distributed to each local taxing district and to the state and shall certify such amounts to the respective county assessors and state;

(c) Along with each quarterly payment pursuant to subsection (2) of this section, the state treasurer shall pay, out of the state timber reserve fund, to the treasurer of each timber county for the account of each local taxing district one-fourth of such district's portion (determined pursuant to (b) above) of such excess and the state treasurer shall pay into the state's general fund for the support of the common schools out of the state timber reserve fund such additional one-fourth amount due the state: PROVIDED, That the portion of any excess reserve fund disbursements made to each taxing district which is attributable to the tax rate or rates established for retirement of general obligation bonds issued for capital purposes shall be allocated by such taxing district to and applied by such taxing district to the annual installment required for the retirement of such general obligation bonds, but no part of such disbursements for retirement of general obligation bonds shall be treated as local revenues for purposes of apportionment by the superintendent of public instruction under RCW 28A.41.130.

REPORT OF FREE CONFERENCE COMMITTEE

June 9, 1975

Mr. Speaker:

Mr. President:

We, of your Free Conference Committee, to whom was referred ENGROSSED SENATE BILL NO. 2346, changing requirements relating to sale of real property by school districts, have had the same under consideration, and we recommend that the bill be amended as follows:

On page 1, after "thereof)," on line 27 strike the balance of the bill and insert:

"Any sale of school district real property authorized pursuant to this section shall be preceded by a market value appraisal by three licensed real estate brokers selected by the board of directors and no sale shall take place if the sale price would be less than ninety percent of such appraised market value: PROVIDED, That if the property has been on the market for three years or more the property may be sold for not less than seventy-five percent of the appraised value with the unanimous consent of the board.

If the appraised value of any (such) parcel of real property considered for sale is found by the board of directors to be greater than thirty-five thousand dollars, the question of the sale thereof shall be submitted to a vote of the voters of the district, either at a general or special election called for that purpose. If a majority of the votes cast thereat favor the sale of such real property the board may make the sale. The sale (thereof) may be made at public auction (for cash and good title shall be conveyed by deed of the school district, executed by the president of the vice president and the secretary of the board)) or by other means consistent with realizing the highest sale price.

If in the judgment of the board of directors of any district the sale of real property of the district not needed for school purposes would be facilitated and greater value realized through use of the services of licensed real estate brokers, a contract for such services may be negotiated and concluded: PROVIDED, That the fee or commissions charged for any broker services shall not exceed seven percent of the resulting sale value for a single parcel: PROVIDED FURTHER, That any licensed real estate broker selected by the board to appraise the market value of a parcel of property to be sold may not be a party to any contract with the school district to sell such parcel of property for a period of three years after the appraisal.

If in the judgment of the board of directors of any district the sale of real property of the district not needed for school purposes would be facilitated and greater value realized through sale on contract terms, a real estate sales contract may be executed between the district and buyer: PROVIDED, That the terms and conditions of any such sales contract must comply with rules and regulations of the state board of education herein authorized, governing school district real property contract sales.

NEW SECTION. Sec. 2. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.58 RCW a new section to read as follows:

The proceeds from any sale of school district real property by a board of directors shall be used solely for the purposes of school district bond retirement, real property improvements, and the equipping or furnishing of school district buildings or grounds.

NEW SECTION. Sec. 3. Section 4, chapter 142, Laws of 1972 ex. sess. and RCW 28A.58.046 are each repealed.

POINT OF PERSONAL PRIVILEGE

Mr. Pardini: "This is a hysterical story that I would like to convey to the body: Many years ago, two Italian fur traders, Leonardo Cerrini and Augusto Martinelli, crossed Washington state on foot and by dry canoe. They swapped beads and they swapped food for pelts. It was a long, tiring journey from Fort Colville to the Rain Forest of the Olympic Peninsula. One late evening, 148 days after starting their expedition, Leonardo and Augusto arrived at a small Indian fishing village. Tired and discouraged, Leonardo said, 'Augusto, let's call it Queets.' And so they did. Mr. Chairman, speaking in favor of the closing resolution, I suggest we do the same thing."

The resolution was adopted.

MESSAGE FROM THE SENATE

June 8, 1975

Mr. Speaker:

The Senate has passed SUBSTITUTE SENATE BILL NO. 2423, notwithstanding the Governor's veto, by a vote of Yeas, 34; nays, 14.

Bill Gleason, Assistant Secretary.

MOTION

Mr. Bond moved that the House do pass Substitute Senate Bill No. 2423 notwithstanding the Governor's veto.

Representatives Bond, Tilly and Chandler spoke in favor of the motion, and Mr. Douthwaite spoke against it.
1960  JOURNAL OF THE HOUSE

POINT OF INQUIRY

Mr. Douthwaite yielded to question by Mr. Martinis.

Mr. Martinis: "For a clarification of what we are voting on here: If we vote yes, then that would be more restrictive of the sale of beer and wine on campus, and if we vote no, then it would be less restrictive?"

Mr. Douthwaite: "Yes, that is correct. A yes vote means to override the Governor's veto, which means that it would be unlawful to sell or serve beer or any alcoholic beverages on campus. A no vote means to sustain the Governor's veto, which is to sustain the status quo. A no vote is basically for a more liberal campus and a yes vote is for a more moral campus."

Mr. Bond closed debate, speaking again in favor of the motion to override the Governor's veto.

ROLL CALL

The Clerk called the roll on the motion to pass Substitute Senate Bill No. 2423 notwithstanding the veto of the Governor, and the motion was lost by the following vote: Yeas, 43; nays, 28; not voting, 27.

Substitute Senate Bill No. 2423 notwithstanding the Governor's veto, having failed to receive the constitutional two-thirds majority, was declared lost.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 1, chapter 1, Laws of 1973 and RCW 42.17.010 are each amended to read as follows:

It is hereby declared by the sovereign people to be the public policy of the state of Washington:

(1) That political campaign and lobbying contributions and expenditures be fully disclosed to the public and that secrecy is to be avoided.

(2) That the people have the right to expect from their elected representatives at all levels of government the utmost of integrity, honesty, and fairness in their dealings.

(3) That the people shall be assured that the private financial dealings of their public officials, and of candidates for those offices, present no conflict of interest between the public trust and private interest.

(4) That our representative form of government is founded on a belief that those entrusted with the offices of government have nothing to fear from full public disclosure of their financial and business holdings, provided those officials deal honestly and fairly with the people.

(5) That public confidence in government at all levels is essential and must be promoted by all possible means.

(6) That public confidence in government at all levels can best be sustained by assuring the people of the impartiality and honesty of the officials in all public transactions and decisions.

(7) That the concept of attempting to increase financial participation of individual contributors in political campaigns is encouraged by the passage of the Revenue Act of 1971 by the Congress of the United States, and in consequence thereof, it is desirable to have implementing legislation at the state level.

(8) That the concepts of disclosure and limitation of election campaign financing are established by the passage of the Federal Election Campaign Act of 1971 by the Congress of the United States, and in consequence thereof it is desirable to have implementing legislation at the state level.

(9) That small contributions by individual contributors are to be encouraged, and that not requiring the reporting of small contributions may tend to encourage such contributions.

(10) That the public's right to know of the financing of political campaigns and lobbying and the financial affairs of elected officials and candidates far outweighs any right that these matters remain secret and private.

(11) That, mindful of the right of individuals to privacy and of the desirability of the efficient administration of government, full access to information concerning the conduct of government on every level must be assured as a fundamental and necessary precondition to the sound governance of a free society.

The provisions of this chapter shall be liberally construed to promote complete disclosure of all information respecting the financing of political campaigns and lobbying, and the financial affairs of elected officials and candidates, and full access to public records so as to assure continuing public confidence of fairness of elections and governmental processes, and so as to assure that the public interest will be fully protected. In promoting such complete disclosure, however, this chapter shall be enforced so as to insure that the information disclosed will not be misused for arbitrary and capricious purposes and to insure that all persons reporting under this chapter will be protected from harassment and unfounded allegations based on information they have freely disclosed.

(c) Information required of any taxpayer in connection with the assessment or collection of any tax if the disclosure of the information to other persons would violate the taxpayer's right to privacy or would result in unfair competitive disadvantage to such taxpayer.

(d) Specific intelligence information and specific investigative ((files)) records compiled by investigative, law enforcement, and penology agencies, and state agencies vested with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or for the protection of any person's right to privacy.

(e) Information revealing the identity of persons who file complaints with investigative, law enforcement, or penology agencies, except as the complainant may authorize; PROVIDED, THAT this subsection shall not apply to persons who file complaints with the public disclosure commission about any elected official or candidate for elective office: PROVIDED, FURTHER, That all complaints filed with the public disclosure commission about any elected official or candidate for public office must be made in writing and signed by the complainant under oath.
(f) Test questions, scoring keys, and other examination data used to administer a license, employment, or academic examination.

(g) Except as provided by chapter 8.26 RCW, the contents of real estate appraisals, made for or by any agency relative to the acquisition or sale of property, until the project or prospective sale is abandoned or until such time as all of the property has been acquired or the property to which the sale appraisal relates is sold, but in no event shall disclosure be denied for more than three years after the appraisal.

(h) Valuable formulae, designs, drawings, and research data obtained by any agency within five years of the request for disclosure when disclosure would produce private gain and public loss.

(i) Preliminary drafts, notes, recommendations, and intra-agency memorandums in which opinions are expressed or policies formulated or recommended except that a specific record shall not be exempt when publicly cited by an agency in connection with any agency action.

(j) Records which are relevant to a controversy to which an agency is a party but which records would not be available to another party under the rules of pretrial discovery for causes pending in the superior courts.

(2) The exemptions of this section shall be inapplicable to the extent that information, the disclosure of which would violate personal privacy or vital governmental interests, can be deleted from the specific records sought. No exemption shall be construed to permit the nondisclosure of statistical information not descriptive of any readily identifiable person or persons.

(3) Inspection or copying of any specific records, exempt under the provisions of this section, may be permitted if the superior court in the county in which the record is maintained finds, after a hearing with notice thereof to every person in interest and the agency, that the exemption of such records, is clearly unnecessary to protect any individual's right of privacy or any vital governmental function.

(4) Agency responses refusing, in whole or in part, inspection of any public record shall include a statement of the specific exemption authorizing the withholding of the record (or part) and a brief explanation of how the exemption applies to the record withheld.

Sec. 18. Section 32, chapter 1. Laws of 1973 and RCW 42.17.320 are each amended to read as follows:

Responses to requests for public records shall be made promptly by agencies. Denials of requests must be accompanied by a written statement of the specific reasons therefor. Agencies shall establish mechanisms for the most prompt possible review of decisions denying inspection, and such review shall be deemed completed at the end of the second business day following the denial of inspection and shall constitute final agency action for the purposes of judicial review.

Sec. 19. Section 33, chapter 1. Laws of 1973 and RCW 42.17.330 are each amended to read as follows:

The examination of any specific public record may be enjoined if, upon motion and affidavit, the superior court for the county in which the movant resides or in which the record is maintained, finds that such examination would clearly not be in the public interest and would substantially and irreparably damage any person, or would substantially and irreparably damage vital governmental functions.

Sec. 20. Section 34, chapter 1. Laws of 1973 and RCW 42.17.340 are each amended to read as follows:

(1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is required.

(2) Judicial review of all agency actions taken or challenged under RCW 42.17.250 through 42.17.320 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section.

(3) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the discretion of the court to award such person an amount not to exceed twenty-five dollars for each day that he was denied the right to inspect or copy said public record.

NEW SECTION. Sec. 21. There is added to chapter 42. 17 RCW a new section to read as follows:

(1) Each lobbyist shall at the time he registers submit to the commission a recent three inch by five inch black-and-white photograph of himself together with the name of the lobbyist's employer, the length of his employment as a lobbyist before the legislature, a brief biographical description, and any other information he may wish to submit not to exceed fifty words in length; such photograph and information to be published at least annually in a booklet form by the commission for distribution to legislators and the public.

(2) There is established a fund to be known as the "lobbyists' booklet revolving fund" which shall consist of all receipts from sales of the booklets described in subsection (1) of this section. This fund shall be used for expenses of production and sale of such booklets and for no other purpose.

NEW SECTION. Sec. 22. There is added to chapter 42.17 RCW a new section to read as follows:

Notwithstanding the provisions of RCW 42.17.260 through 42.17.340, as now or hereafter amended, no state college, university, library, or archive shall be required by chapter 42.17 RCW to make available for public inspection and copying any records or documents obtained by said college, university, library, or archive through or concerning any gift, grant, conveyance, bequest, or devise, the terms of which restrict or
regulate public access to such records or documents: PROVIDED, That this section shall not apply to any public records as defined in RCW 40.14.010.

Sec. 23. Section 35, chapter 1, Laws of 1973 and RCW 42.17.350 are each amended to read as follows:

There is hereby established a "Public Disclosure Commission" which shall be composed of five members who shall be appointed by the governor, with the consent of the senate. All appointees shall be persons of the highest integrity and qualifications. No more than three members shall have an identification with the same political party. The original members shall be appointed within sixty days after the effective date of this act. The term of each member shall be five years except that the original five members shall serve initial terms of one, two, three, four, and five years, respectively, as designated by the governor. No member of the commission, during his tenure, shall (1) hold or campaign for elective office; (2) be an officer of any political party or political committee; (3) permit his name to be used, or make contributions, in support of or in opposition to any candidate or proposition; (4) participate in any way in any election campaign; or (5) lobby or employ or assist a lobbyist. No member shall be eligible for appointment to more than one full term. A vacancy on the commission shall be filled within thirty days of the vacancy by the governor, with the consent of the senate, and the appointee shall serve for the remaining term of his predecessor. A vacancy shall not impair the powers of the remaining members to exercise all of the powers of the commission. Three members of the commission shall constitute a quorum. The commission shall elect its own chairman and adopt its own rules of procedure in the manner provided in chapter 34.04 RCW. Any member of the commission may be removed by the governor, but only upon grounds of neglect of duty or misconduct in office.

(6) Respond in writing to each request for clarification or interpretation of this chapter within thirty days of receiving such a request: PROVIDED, That the commission, before responding in writing to a telephone request, may require the person making such a request to submit the request to the commission in written form: PROVIDED, FURTHER, That nothing in this subsection shall be construed so as to suspend the reporting obligation of any person making such a request during the time prior to such person's receipt of the commission's written response;

(((3))) (7) Compile and maintain a current list of all filed reports and statements;

(((4))) (8) Investigate whether properly completed statements and reports have been filed within the times required by this chapter;

(((5))) (9) Upon complaint or upon its own motion, investigate and report apparent violations of this chapter to the appropriate law enforcement authorities: PROVIDED, That upon a finding by the commission that probable cause exists to believe that any party has committed an apparent violation of this chapter, said party shall be entitled to a hearing, and proceedings following the finding of probable cause shall be conducted pursuant to the provisions of chapter 34.04 RCW relating to contested cases;

(((6))) (10) Prepare and publish an annual report to the governor as to the effectiveness of this chapter and its enforcement by appropriate law enforcement authorities;

Such report shall contain a detailed analysis of the effect of present disclosure requirements and a review of federal and state banking laws and their relation to financial disclosure requirements. Such report must demonstrate that the recommendations contained therein will facilitate the purpose and intent of this chapter as set forth in RCW 42.17.010, as now or hereafter amended; and

(((7))) (12) Enforce this chapter according to the powers granted it by law.

Sec. 26. Section 38, chapter 42.17, Laws of 1973 and RCW 42.17.370 are each amended to read as follows:

The commission is empowered to:

(1) Adopt, promulgate, amend, and rescind suitable administrative rules and regulations to carry out the policies and purposes of this chapter, which rules and regulations shall be promulgated pursuant to the provisions of chapter 34.04 RCW;

(2) Prepare and publish such reports and technical studies as in its judgment will tend to promote the purposes of this chapter, including reports and statistics concerning campaign financing, lobbying, financial interests of elected officials, and enforcement of this chapter;

(3) Make from time to time, on its own motion, audits and field investigations;

(4) Make public the ((fact that an alleged or apparent violation has occurred and the nature thereof)) time and date of any formal hearing set to determine whether a violation has occurred, the question or questions to be considered, and the results thereof;

(5) At any time, after oaths and affirmations, (out subpoena or witness)) issue subpoenas, (compel their attendance)) and compel attendance, take evidence and require the production of any books, papers, correspondence, memoranda, or other records which the commission deems relevant or material for the purpose of any investigation authorized under this chapter, or any other proceeding under this chapter;

(6) Adopt and promulgate a code of fair campaign practices;

(7) Relieve, by published regulation of general applicability, candidates or political committees of obligations to comply with the provisions of this chapter relating to election campaigns, if they have not received contributions nor made expenditures in connection with any election campaign of more than one thousand dollars; and

(8) Enact regulations prescribing reasonable requirements for keeping accounts of and reporting on a quarterly basis costs incurred by state agencies, counties, cities, and other municipalities and political subdivisions in preparing, publishing, and distributing legislative information. The term "legislative information", for the purposes of this subsection, means books, pamphlets, reports, and other materials prepared, published, or distributed at substantial cost, a substantial purpose of which is to influence the passage or defeat of any legislation. The state auditor in his regular examination of each agency under chapter 43.09 RCW shall review such regulations, accounts, and reports and make appropriate findings, comments, and recommendations in his examination reports concerning those agencies.

(9) The commission, after hearing, by order approved and ratified by a majority of the membership of the commission, may suspend or modify any of the reporting requirements hereunder in a particular case if it finds that literal application of this chapter works a manifestly unreasonable hardship and if it also finds that such suspension or modification will not frustrate the purposes of the chapter. Any such suspension or modification shall be only to the extent necessary to substantially relieve the hardship. The commission shall act to suspend or modify any reporting requirements only if it determines that facts exist that are clear and convincing proof of the findings required hereunder. Any citizen shall have standing to bring an action in Thurston county superior court to contest the propriety of any order entered hereunder within one year from the date of the entry of such order.

Sec. 27. Sections 38, chapter 42.17, Laws of 1973 and RCW 42.17.380 are each amended to read as follows:

(1) The secretary of state, through his office, shall perform such ministerial functions as may be necessary to enable the commission to carry out its responsibilities under this chapter. The office of the secretary
of state shall be designated as the place where the public may file papers or correspond with the commission and receive any form or instruction from the commission.

(2) The attorney general, through his office, shall supply such assistance as the commission may require in order to carry out its responsibilities under this chapter. The commission may employ attorneys who are neither the attorney general nor an assistant attorney general to carry out any function of the attorney general prescribed in this chapter.

Sec. 27. Section 40, chapter 1, Laws of 1973 and RCW 42.17.400 are each amended to read as follows:

(1) The attorney general and the prosecuting authorities of political subdivisions of this state may bring civil actions in the name of the state for any appropriate civil remedy, including but not limited to the special remedies provided in RCW 42.17.390.

(2) The attorney general and the prosecuting authorities of political subdivisions of this state may investigate or cause to be investigated the activities of any person who has reason to believe to exist or has been acting in violation of this chapter, and may require any such person or any other person reasonably believed to have information concerning the activities of such person to appear at a time and place designated in the county in which such person resides or is found, to give such information under oath and to produce all accounts, bills, receipts, books, paper and documents which may be relevant or material to any investigation authorized under this chapter.

(3) When the attorney general or the prosecuting authority of any political subdivision of this state requires the attendance of any person to obtain such information or the production of the accounts, bills, receipts, books, papers, and documents which may be relevant or material to any investigation authorized under this chapter, he shall issue an order setting forth the time when and the place where attendance is required and shall cause the same to be delivered to or sent by registered mail to the person at least fourteen days before the date fixed for attendance. Such order shall have the same force and effect as a subpoena, shall be effective state-wide, and, upon application of the attorney general or said prosecuting authority, obedience to the order may be enforced by any superior court judge in the county where the person receiving it resides or is found, in the same manner as though the order were a subpoena. The court, after hearing, for good cause, and upon application of any person aggrieved by the order, shall have the right to alter, amend, revise, suspend, or postpone all or any part of its provisions. In any case where the order is not enforced by the court according to its terms, the reasons for the court's actions shall be clearly stated in writing, and such action shall be subject to review by the appellate courts by certiorari or other appropriate proceeding.

(4) Any person who has notified the attorney general and the prosecuting attorney in the county in which the violation occurred in writing that there is reason to believe that some provision of this chapter is being or has been violated may himself bring in the name of the state any of the actions (hereinafter referred to as a citizen's action) authorized under this chapter. This citizen action may be brought only if the attorney general (themselves) and the prosecuting attorney have failed to commence an action hereunder within (forty) forty-five days after such notice and (if the attorney general has failed to commence an action within ten days after a notice in writing delivered to the attorney general advising him that a citizen's action will be brought if the attorney general does not bring an action)) such person has thereafter further notified the attorney general and prosecuting attorney that said person will commence a citizen's action within ten days upon the failure so to do, and the attorney general and the prosecuting attorney have in fact failed to bring such action within ten days of receipt of said second notice. If the person who brings the citizen's action prevails, (the shall be entitled to one half of any judgment awarded, and to the extent the costs and attorney's fees he has incurred exceed his share of the judgment,) the judgment awarded shall escheat to the state, but he shall be entitled to be reimbursed (for such costs and fees) by the state of Washington for costs and attorney's fees he has incurred: PROVIDED, That in the case of a citizen's action which is dismissed and which the court also finds was brought without reasonable cause, the court may order the person commencing the action to pay all costs of trial and reasonable attorney's fees incurred by the defendant.

(5) In any action brought under this section, the court may award to the state all costs of investigation and trial, including a reasonable attorney's fee to be fixed by the court. If the violation is found to have been intentional, the amount of the judgment, which shall for this purpose include the costs, may be trebled as punitive damages. If damages or trebled damages are awarded in such an action brought against a lobbyist, the judgment may be awarded against the lobbyist, and the lobbyist's employer or employers joined as defendants, jointly, severally, or both. If the defendant prevails, he shall be awarded all costs of trial, and may be awarded a reasonable attorney's fee to be fixed by the court to be paid by the state of Washington.

NEW SECTION. Sec. 28. This 1975 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 29. If any provision of this 1975 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

WHEREAS, One out of every six deaths in this country can be attributed to some form of cancer, a disease which strikes the young as well as the old and is the largest killer of children under fifteen years of age; and

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 1, chapter 191, Laws of 1939 as last amended by section 4, chapter 4, Laws of 1973 2nd ex. sess. and RCW 70.12.010 are each amended to read as follows:

Each county legislative authority shall annually budget and appropriate a sum for public health work.

Tuberculosis is a communicable disease and tuberculosis control, case finding, prevention and follow up of known cases of tuberculosis represents the basic step in the conquest of this major health problem. In order to carry on such work effectively in accordance with the standards set by the secretary pursuant to RCW 70.33.020, the legislative authority of each county (enumerated in RCW 70.33.040) shall budget and (shall levy annually a tax in) appropriate a sum (equal to the amount which would be raised by a levy of six and one-quarter cents per thousand dollars of assessed value against the taxable property in any county enumerated in RCW 70.33.040) to be used for the control of tuberculosis, including case finding, prevention and follow up of known cases of tuberculosis.

That upon certification of the secretary that any such county has an unexpended balance from such levy, over and above the amount required for adequate tuberculosis control, including case finding, prevention and follow up of known cases of tuberculosis within such county, the legislative authority may budget and appropriate the same for such tuberculosis control for the ensuing year, or it may allocate from time to time such unexpended balance, or any portion thereof, to the county health department for use in furtherance of other communicable disease prevention or control, or as provided in RCW 70.32.020 as now or hereafter amended. The sum herein provided for, and any income that may accrue from miscellaneous receipts in connection with the tuberculosis control program of such county, shall be placed in the county treasury in a special fund to be known as the tuberculosis fund, and obligations incurred for the tuberculosis control program shall be paid from said fund by the county treasurer in the same manner as general county obligations are paid. The county auditor shall furnish to the legislative authority and the department a monthly report of receipts and disbursements in the tuberculosis fund, which report shall also show balances of cash on hand).

Sec. 4. Section 16, chapter 277, Laws of 1971 ex. sess. as amended by section 2, chapter 213, Laws of 1973 1st ex. sess. and RCW 70.33.020 are each amended to read as follows:

NEW SECTION. Sec. 26. Any moneys for such tuberculosis hospital district purposes not theretofore expended upon the effective date of section 25 of this 1975 amendatory act and not used in the decommissioning of the tuberculosis hospital facilities to be abolished as provided in section 25 of this 1975 amendatory act shall be distributed pro rata as between the counties of Okanogan, Chelan, Kittitas, Yakima, Benton, Walla Walla, Franklin, Grant, Douglas, Ferry, Lincoln, Adams, Columbia, Asotin, Garfield, Whitman, Spokane, Stevens and Pend Oreille, to be used by such counties for health purposes in such manner as they
shall determine. The department of social and health services shall aid in the effective decommissioning of such tuberculosis hospital facilities to be so abolished by January 1, 1977 in such manner as the secretary thereof shall determine and as necessary to carry out the purposes of sections 25 and 26 of this 1975 amendatory act.

NEW SECTION. Sec. 27. Savings once deemed adequate for retirement living have been rendered inadequate by increased tax rates, increased property values, and the failure of pension systems to adequately reflect such factors. It is therefore deemed necessary that the legislature, in addition to that tax exemption as provided for in RCW 84.36.381 through 84.36.389 as now or hereafter amended, allow retired persons to defer payment of special assessments on their residences, and to defer their real property tax obligations on their residences, an amount of up to eighty percent of their equity in said property. This deferral program is intended to assist retired persons in maintaining their dignity and a reasonable standard of living by residing in their own homes, providing for their own needs, and managing their own affairs without requiring assistance from public welfare programs.

NEW SECTION. Sec. 28. Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

(1) "Claimant" means a retired person who elects to defer payment of the special assessments and/or real property taxes accrued on his residence by filing a declaration to defer as provided by this chapter.

When two individuals of a household file or seek to file a declaration to defer, they may determine between them as to who the claimant shall be.

(2) "Consumer price index" shall mean the consumer price index for urban wage earners and clerical workers as compiled by the bureau of labor statistics of the United States department of labor.

(3) "Department" means the state department of revenue.

(4) "Equity value" means the amount by which the fair market value of a residence as determined from the records of the county assessor exceeds the total amount of any liens or other obligations against the property.

(5) "Owned" includes possession under a contract of sale, deed of trust, or tenancy in common.

(6) "Special assessment" means the charge or obligation imposed by a city, town, county, or other municipal corporation upon property specially benefited by a local improvement.

(7) "Real property taxes" means ad valorem property taxes levied on a residence in this state in the preceding calendar year. If a residence is an integral part of a larger unit such as a farm, or a multi-purpose or multi-dwelling building, real property taxes shall be that percentage of the total property taxes accrued as the value of the residence is of the total value of the unit. For purposes of this paragraph "unit" refers to the parcel of property covered by a single tax statement of which the residence is a part.

(8) "Preceding calendar year" shall mean the calendar year preceding the year in which the application for deferral of special assessment and/or real property taxes is made.

(9) The term "residence" shall mean a single family dwelling unit whether such unit be separate or part of a multiunit dwelling, including the land on which such dwelling stands not to exceed one acre per unit. The term shall also include a single family dwelling situated upon lands the fee of which is vested in the United States or any instrumentality thereof including an Indian tribe or in the state of Washington or its municipal corporations, and notwithstanding the provisions of RCW 84.04.080, 84.04.090, or 84.40.250, such a residence shall be deemed real property.

(10) The term "real property", except for the purposes of chapters 84.56 and 84.60 RCW, shall also include a mobile home which has substantially lost its identity as a mobile unit by virtue of its being fixed in location upon land owned or leased by the owner of the mobile home and placed on a foundation (posts or blocks) with fixed pipe, connections with sewer, water or other utilities.

NEW SECTION. Sec. 29. A retired person may elect to defer payment of special assessments and/or real property taxes on his residence up to eighty percent of the amount of his equity value in said property if the following conditions are met:

(1) The special assessments and/or property taxes must have been imposed upon a residence: (a) Which has been regularly occupied by the person claiming the deferral during the two calendar years preceding the year in which the deferral claim is filed; or (b) which was occupied by the person claiming the deferral as a principal place of residence as of January 1st of the year in which the claim is filed and the person claiming the deferral must also have
been a resident of the state of Washington for the last three calendar years preceding the year in which the claim is filed.

(2) The claimant must have owned, at the time of filing, the residence on which the special assessment and/or real property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community shall be deemed to be owned by each spouse.

(3) The claimant must have been sixty-two years of age or older on January 1st of the year in which the deferral claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability.

(4) The claimant and/or his or her spouse must not have received income of the type referred to in RCW 84.36.381, as now or hereafter amended, during the preceding calendar year which exceeds the following amounts:
   (a) For claims filed in 1976—eight thousand dollars;
   (b) For claims filed in subsequent years, an amount equal to the previous year's income limit adjusted by the percentage change in the consumer price index for the twelve month period ending September 31st of the previous year.

(5) The claimant must have and keep in force fire and casualty insurance in sufficient amount to protect the interest of the state in the claimant's equity value.

(6) In the case of special assessment deferral, claimant must have opted for payment of such special assessments on the installment method if such method was available.

NEW SECTION. Sec. 30. (1) Each claimant electing to defer payment of special assessments and/or real property tax obligations under this chapter shall file with the county assessor, on forms prescribed by the department and supplied by the assessor, a written declaration thereof. The declaration to defer special assessments and/or real property taxes for any year shall be filed prior to July 1st each year for deferral for the following year.

(2) The declaration shall designate the property to which the deferral applies, and shall include a statement setting forth (a) a list of all members of the claimant's household, (b) the claimant's equity value in his residence, (c) facts establishing the eligibility for the deferral under the provisions of this chapter, and (d) any other relevant information required by the rules of the department. Each copy shall be signed by the claimant subject to the penalties as provided in chapter 9.72 RCW for the false swearing. The first declaration to defer filed in a county shall include proof of the claimant's age acceptable to the assessor.

(3) The county assessor shall determine if each claimant shall be granted a deferral for each year but the claimant shall have the right to appeal this determination to the county board of equalization whose decision shall be final as to the deferral of that year.

NEW SECTION. Sec. 31. (a) Declarations to defer property taxes for all years following the first year may be made by filing with the county assessor on or before July 1st a renewal form in duplicate, prescribed by the department of revenue and supplied by the county assessor, which affirms the continued eligibility of the claimant.

(b) In January of each year, the county assessor shall send to each claimant who has been granted deferral of ad valorem taxes for the previous year renewal forms and notice to renew.

(2) Declarations to defer special assessments shall be made by filing with the assessor on or before July 1st of any year on a form to be prescribed by the department of revenue and supplied by the county assessor. Upon approval, the full amount of special assessments upon such claimant's residence shall be deferred for the following year but not to exceed an amount equal to eighty percent of the claimant's equity value in said property.

NEW SECTION. Sec. 32. If the claimant is unable to make his own declaration of deferral, it may be made by a duly authorized agent or by a guardian or other person charged with care of the person or property of such claimant.

NEW SECTION. Sec. 33. If the claimant declaring his intention to defer special assessments or real property tax obligations under this chapter ceases to reside permanently on the property for which the declaration to defer is made between the date of filing the declaration and December 15th of that year, the deferral otherwise allowable under this chapter shall not be allowed on such tax roll. However, this section shall not apply where the claimant dies, leaving a spouse surviving, who is also eligible for deferral of special assessment and/or property taxes.

NEW SECTION. Sec. 34. A person's right to defer special assessments and/or property tax obligations on his residence shall not be reduced by contract or agreement, from the effective date of this chapter onward.
NEW SECTION. Sec. 35. If any residence is under mortgage or purchase contract requiring accumulation of reserves out of which the holder of the mortgage or contract is required to pay real estate taxes, said holder shall co-sign the declaration of deferral either before a notary public or the county assessor or his deputy in the county where the real property is located.

NEW SECTION. Sec. 36. Whenever a person's special assessment and/or real property tax obligation is deferred under the provisions of this chapter, it shall become a lien in favor of the state upon his property and shall have priority as provided in chapters 35.50 and 84.60 RCW: PROVIDED, That the interest of a mortgage or purchase contract holder who is required to co-sign a declaration of deferral under section 35 of this act, shall have priority to said deferred lien. This lien may accumulate up to eighty percent of the amount of the claimant's equity value in said property and shall bear interest each year at the rates prescribed for delinquent taxes in RCW 84.56.020 as now or hereafter amended per year until said obligation becomes due and payable under section 39 of this act.

NEW SECTION. Sec. 37. The county assessor shall:

(I) Transmit one copy of each declaration to defer to the department of revenue. The department may audit any declaration and shall, not later than August 31st, notify the assessor of any claim where any factor appears to disqualify the claimant for the deferral sought.

(2) Transmit one copy of each declaration to defer a special assessment to the local improvement district which imposed such assessment.

(3) After October 15th, compute the dollar tax rate for the county as if any deferrals provided by this chapter did not exist.

(4) On or before December 15th, notify the department of revenue and the county treasurer of the amount of real property taxes deferred for that year and notify the department of revenue and the respective treasurers of municipal corporations of the amount of special assessments deferred for each local improvement district within such unit.

NEW SECTION. Sec. 38. Upon receipt of the notification from the county assessor of the amount of deferred special assessments and/or real property taxes the department shall certify to the state treasurer the amount due the respective municipal corporations prior to the following February 15th and the state treasurer shall pay to the treasurers of such municipal corporations said amounts, equivalent to the amount of special assessments and/or real property taxes deferred, to be distributed to the local improvement or taxing districts which levied the taxes so deferred.

NEW SECTION. Sec. 39. Special assessments and/or real property tax obligations deferred under this chapter shall become payable together with interest as provided in section 36 of this amendatory act:

(1) Upon the sale of property which has a deferred special assessment and/or real property tax lien upon it.

(2) Upon the death of the claimant with an outstanding deferred special assessment and/or real property tax lien except a surviving spouse who is qualified under this chapter may elect to incur the special assessment and/or real property tax lien which shall then be payable by that spouse as provided in this section.

(3) Upon the condemnation of property with a deferred special assessment and/or real property tax lien upon it by a public or private body exercising eminent domain power, except as otherwise provided in RCW 84.60.070.

(4) At such time as the claimant ceases to reside permanently in the residence upon which the deferral has been granted.

(5) Upon the failure of any condition set forth in section 29(5) of this amendatory act.

NEW SECTION. Sec. 40. (1) The county treasurer shall collect all the amounts deferred together with interest under this chapter, in the manner provided for in chapter 84.56 RCW. For purposes of collection of deferred taxes, the provisions of chapters 84.56, 84.60, and 84.64 RCW shall be applicable.

(2) When any deferred special assessment and/or real property taxes together with interest are collected the moneys shall be credited to a special account in the county treasury. The county treasurer shall remit the amount of deferred special assessment and/or real property taxes together with interest to the state treasurer, with a remittance advice to the department within thirty days from the date of collection.

(3) The state treasurer shall deposit the deferred taxes in the state general fund.

NEW SECTION. Sec. 41. (1) A surviving spouse of the claimant may elect to continue the property in its deferred tax status if the property is the residence of the spouse of the claimant and the spouse meets the requirements of this chapter.
EIGHTY-EIGHTH DAY, JUNE 9, 1975

(2) The election under this section to continue the property in its deferred status by the spouse of the claimant shall be filed in the same manner as an original claim for deferral is filed under this chapter, not later than ninety days from the date of the claimant's death. Thereupon, the property with respect to which the deferral of special assessments and/or real property taxes is claimed shall continue to be treated as deferred property. When the property has been continued in its deferred status by the filing of the spouse of the claimant of an election under this section, the spouse of the claimant may continue the property in its deferred status in subsequent years by filing a claim under this chapter so long as the spouse meets the qualifications set out in this section.

NEW SECTION. Sec. 42. Any person may at any time pay a part or all of the deferred taxes but such payment shall not affect the deferred tax status of the property.

NEW SECTION. Sec. 43. Nothing in this chapter is intended to or shall be construed to prevent the collection, by foreclosure, of personal property taxes which become a lien against tax-deferred property.

NEW SECTION. Sec. 44. The department of revenue of the state of Washington shall devise the forms and make rules and regulations consistent with chapter 34.04 RCW and the provisions of this chapter as shall be necessary or desirable to permit its effective administration.

NEW SECTION. Sec. 45. There is added to Title 84 RCW a new chapter to consist of sections 27 through 44 of this amendatory act.

NEW SECTION. Sec. 46. If any provision of this 1975 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 47. This 1975 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing institutions, and shall take effect immediately: PROVIDED, That sections 9 and 27 through 44 of this amendatory act shall be effective on and after January 1, 1976: PROVIDED FURTHER, That sections 2, 3, 4, 5 and 25 shall be effective on and after January 1, 1978.

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section House Bill No. 12 entitled:
"AN ACT Relating to veterans benefits."

This bill makes certain changes in the eligibility requirements for receipt of Viet Nam veterans bonuses.

Section 4 declares an emergency and provides for the act to take effect immediately. I have, on several recent occasions, expressed my increasing apprehension over repeated and unwarranted use of emergency clauses in bills that do not measure up to the standard of urgency contained in Article II, section 1(b) of our Constitution. I have vetoed emergency clauses from such bills, and must do so again for the same reason in the case of this bill.

With the exception of section 4 which I have vetoed, the remainder of House Bill No. 12 is approved.

Respectfully submitted,
Daniel J. Evans

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval Substitute House Bill No. 29 entitled:
"AN ACT Relating to gambling."

The major elements of the bill are: (1) the gambling commission is made an independent agency; (2) the gambling revolving fund is abolished and the commission made subject to general fund appropriations; and (3) the existing requirement that license fees be sufficient to cover all licensing and enforcement costs of the commission is removed.

I believe there is good reason for making the gambling commission an independent agency rather than being tied to the manpower and budgetary limitations of the Department of Motor Vehicles. However, I have serious objections to the other elements of the bill, and the bill is drafted in such a manner that I am compelled to veto it in its entirety.

While I have long supported the removal of special funds and the requirement that all agencies be subject to the accountability of the general fund budgeting process, I am persuaded that the gambling commission must be recognized as an exception and its revolving fund retained. Legalized gambling presents unique problems relating to regulation and enforcement, and experience in other states has shown that effective control of gambling requires that the regulatory agency be free to the greatest possible extent of any political pressures. Experts in the State of Nevada attribute that state's success in recent years in rooting out dishonest and corrupt elements from the gambling industry to the development of a highly capable and expert enforcement mechanism. At the heart of that mechanism is that state's gambling control agency which is independent of the general fund appropriation process and which is empowered by law to set such fees as are necessary to fund all of its operational and enforcement costs. It is generally acknowledged that the agency would not have the necessary flexibility to perform effectively if it were compelled to depend on both the executive and the legislative branches for its required appropriations.

It is also based on the experience of other states that I believe the statutory requirement on the level of license fees must be retained. The Legislature has determined at each succeeding session that the scope of legalized gambling in this state should be expanded. Proper regulation requires the employment of personnel not only for enforcement, but also for investigatory purposes. The cost thereof, which can be considerable, should not be borne by
general taxes, but by those who choose to go into the business of gambling in one form or another.

For the foregoing reasons, I have determined to veto Substitute House Bill No. 29.

Respectfully submitted,
Daniel J. Evans

March 17, 1975

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section Substitute House Bill No. 111 entitled:

"AN ACT Relating to expenditures by state agencies; adopting a supplemental budget for the fiscal biennium beginning July 1, 1973, and ending June 30, 1975."

Section 16 appropriates $13,200,000 to the Legislative Budget Committee as a contingency fund, to be released as that committee deems necessary to support certain programs of the Department of Social and Health Services. I am not opposed to the idea of appropriating contingency funds to an administrative agency for expenditure or grant to another agency, pursuant to appropriate constitutional or legislative standards. However, for reasons I have stated on several previous occasions, I believe that the manner in which the legislature has attempted to do so in this case is questionable.

In the first place, the attempted appropriation is, in form, an appropriation to a legislative committee for functions which are clearly executive and administrative. I have stated my opposition to that idea in several previous messages on the ground that it is inconsistent with the doctrine of separation of powers and, at best, violates the fundamentals of good government by interposing legislative interference in the administrative process. (See for example, section 3, chapter 210, Laws of 1973, 1st Ex. Sess.; also sections 21, 24, 25 and 26, chapter 197, Laws of 1974, 1st Ex. Sess.)

Second, I am advised that the delegation of such a function in this case would transform the Legislative Budget Committee into a "civil office" within the meaning of Article II, section 13 of the Washington State Constitution. This would prohibit any member of the legislature from being appointed to serve on that vital committee from the effective date of the appropriation to the end of the 1973-1975 biennium. I am certain the legislature did not intend that result and I would feel obliged to veto the section for that reason, if for no other.

Finally, I have some doubt that section 16 would be upheld as a valid appropriation, if it were attacked on constitutional grounds. Section 16 in its present form would delegate to a legislative committee, in its sole discretion, the function of determining whether or not to "release" all or any part of the $13,200,000 in question. Considering the nature of appropriation measures as legislation, and the traditional constitutional role of the legislative process, I question whether section 16 would be viewed as a completed appropriation, or whether it would instead be viewed as an improper attempt to delegate legislative power to a committee.

I would propose that the legislature consider as an alternative to section 16 as written an appropriation to the Department of Social and Health Services in contingency funds to be expended only upon certification by that agency to the Legislative Budget Committee and to the Office of Program Planning and Fiscal Management that there exists a need for those funds, and that funds previously appropriated which could have been used for the purposes stated have been exhausted prior to the use of the contingency funds. I believe such an appropriation would accomplish the desired purpose of the legislature in assuring that the funds are expended only upon the occurrence of certain contingencies.

With the exception of section 16, which I have vetoed for the foregoing reasons, the remainder of Substitute House Bill No. 111 is approved.

Respectfully submitted,

To the Honorable, the
House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section House Bill No. 124 entitled:

"AN ACT Relating to the department of natural resources."

Section 4 of the bill declares an emergency and provides for the act to take effect immediately. Our Constitution states that bills shall take effect ninety days after adjournment of the legislative session at which it was enacted. The purpose for this is to allow the people to exercise their right of referendum. Only one exception to this is recognized: Laws "necessary for the immediate preservation of the public peace, health or safety, support of the state government and its existing public institutions." Art. II(1)(b).

House Bill No. 124 does not meet the constitutional criteria required to take effect immediately and to remove thereby the right of referendum. In fact, I am advised by the department of natural resources that the emergency clause is unnecessary.

I would remind the legislature that our state Constitution requires more circumspect use of emergency clauses.

With the foregoing exception, I have approved the remainder of House Bill No. 124.

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval Substitute House Bill No. 164 entitled:

"AN ACT Relating to state government; creating a department of transportation and prescribing its general structure, personnel, powers, duties, and functions; transferring to the jurisdiction of the department of transportation and/or the secretary of transportation certain powers, duties, and functions of the department of highways, the highway commission and the toll bridge authority; transferring to the jurisdiction of the secretary of transportation certain powers, duties, and functions of certain state officials, boards, and commissions; providing the procedure for the aforesaid transfers; saving certain rights; abolishing certain state agencies and offices."

For a number of years now there has been a need for bringing together into one agency the various state transportation responsibilities and planning functions now resting in several separate agencies. Since 1967 over 21 bills to establish a state department of transportation have been before the Legislature, including my own proposals in each session since that year.

Some ten years ago, this state was among the first to consider reorganization of transportation agencies to provide an integrated means of planning and providing for the state's transportation needs. The subject was again before the Legislature in the recently adjourned regular and special sessions, but the expectation of many that the Legislature would adopt a reasonable package of transportation bills, relating to both financing and organization was not realized.

Substitute House Bill No. 164 as originally adopted by the House did contain the necessary elements of nearly all major transportation responsibilities in this state and specified an appropriate administrative mechanism. As finally passed by the Legislature, however, the bill fails to recognize the need for administrative accountability to the chief executive of the state and deals inadequately with the question of reorganization. In fact, there is no reorganization of existing state functions in this bill. In addition, it does not recognize the many responsibilities that have been delegated to the Governor by every piece of major federal legislation relating to transportation. This bill, which effectively takes from the Governor any control of
the functions of the department, is a marked departure from the departments of transportation that have been enacted in recent years by nearly all of the 28 states which have modernized their administrative framework in transportation matters.

While I recognize the considerable efforts of a number of individuals during this session on matters relating to the transportation package, the department set up by this bill falls far short of the type of agency required to address our modern transportation needs. I will continue to work with all concerned parties to procure the enactment of a bill that is truly worthy of the labor of so many in these past years.

For these reasons, I have determined to veto Substitute House Bill No. 164.

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to two sections House Bill No. 205 entitled:
"AN ACT Relating to intermediate school districts; redesignating such districts, with their attendant boards and officials as educational service districts."

Section 2 contains a proviso which prohibits the State Board of Education from consolidating intermediate school districts without express approval by the Legislature. Recent studies have shown that consolidation of intermediate school districts will lead to greater efficiency in educational management and attendant cost savings. I believe the State Board of Education should not be prevented from taking measures to improve management and save tax money in this manner.

Section 156 declares an emergency and provides for the act to take effect immediately. I have, on several recent occasions, expressed my increasing apprehension over repeated and unwarranted use of emergency clauses in bills that do not measure up to the standard of urgency contained in Article II, section 1(b) of our Constitution. I have vetoed emergency clauses from such bills, and must do so again for the same reason in the case of this bill.

With the exception of sections 2 and 156 which I have vetoed, the remainder of House Bill No. 205 is approved.

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one item Substitute House Bill No. 206 entitled:
"AN ACT Adopting the capital budget; making appropriations and authorizing expenditures for capital improvements; authorizing certain projects."

In section 19, beginning on page 45, I have vetoed the proviso beginning on line 33 and ending on line 1, page 46, which prohibits the expenditure of funds for planning or construction of occupational skill centers.

This proviso apparently arises out of legislative concern over potential duplication of effort in the area of vocational education. This same concern was a major reason for the enactment of Substitute Senate Bill No. 2463 (Chapter 174, Laws of 1975 1st ex. sess.), and the Commission on Vocational Education established by that act should be permitted to determine whether such duplication exists. Enactment of the prohibition in this proviso is therefore premature at this time.

With the exception of the foregoing proviso which I have vetoed for the reasons stated, the remainder of the bill is approved.

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval Substitute House Bill No. 220 entitled:
"AN ACT Relating to railroads."

This bill would transfer the responsibility presently vested in the Utilities and Transportation Commission for inspection of railroad employee safety to the Department of Labor and Industries.

Washington State is currently one of only six states certified by the Federal Railroad Authority for railroad public safety inspection, and this is directly attributable to efforts of the Utilities and Transportation Commission. By all indications, the state, through the Commission will further be certified for railroad employee safety inspection, which would thereby qualify the state for federal matching funds for that purpose.

There is no compelling reason to transfer this responsibility now to the Department of Labor and Industries. Such action would create needless duplication of effort in the two agencies, and could disrupt current efforts at obtaining certification for employee safety inspection.

For the foregoing reasons, I have determined to veto Substitute House Bill No. 220.

I am returning herewith without my approval as to one section House Bill No. 354 entitled:
"AN ACT Relating to conforming state statutes to reflect the transfer of powers, duties and functions from the state tax commission to the department of revenue or to the board of tax appeals."

Section 216 declares an emergency and provides for the act to take effect immediately. I have, on several recent occasions, expressed my increasing apprehension over repeated and unwarranted use of emergency clauses in bills that do not measure up to the standard of urgency contained in Article II, section 1(b) of our Constitution. I have vetoed emergency clauses from such bills, and must do so again for the same reason in the case of this bill.

July 2, 1975

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:
I am returning herewith without my approval as to several items Substitute House Bill No. 427 entitled:

"AN ACT Relating to highways; making appropriations for the operations and capital improvements of the state highway commission, the urban arterial board, and the Washington toll bridge authority."

1. Priority programming.

In section 1, page 2, beginning on line 3, I have vetoed the proviso ending on line 8 which allows the Highway Commission to digress from the mandate of the priority programming law in order to "utilize effectively state and federal funds available for highway purposes."

The intent of this proviso is unclear and may be subject to varying interpretations. Existing law already provides for departure from priority programming in any of the following circumstances:

"... (a) to the extent that otherwise funds cannot be utilized feasibly within the budget, (b) as may be required by court judgment or legally binding agreement, (c) to take advantage of some substantial financial benefit that may be available, or (d) for continuity of route development." See RCW 47.05.050.

If the intent of the proviso is to add another situation under which the commission may depart from priority programming, it should be clearly stated. Absent persuasive evidence that would justify such broadening of the exceptions to priority programming, I cannot accept the proviso.

2. Urban Arterial Board.

In section 2, page 3, beginning on line 28, I have vetoed the item ending on line 30 providing for inclusion in the Urban Arterial Board appropriation of $5 million from proceeds of sale of series II bonds.

The authorization for issuance of series II bonds was contingent on the enactment of Substitute Senate Bill No. 2159 relating to the variable gasoline tax. Since I have vetoed that bill, it would be inappropriate for this item to remain in the appropriation.

In section 3, page 4, beginning on line 29, I have vetoed the proviso ending on line 33 directing the Toll Bridge Authority to provide year-round ferry service on the Port Townsend-Keystone route. While maintenance of year-round service on this route may be desirable, the difficult circumstances of the motor vehicle fund at this time would make it prudent to allow the Toll Bridge Authority to exercise its discretion in this respect after thorough review of the demand on this route and exigent needs elsewhere.

With the exception of the foregoing items which I have vetoed for the reasons stated, the remainder of the bill is approved.

Respectfully submitted,

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval Substitute House Bill No. 435 entitled:

"AN ACT Relating to the powers and duties of the utilities and transportation commission."

This bill was drafted with the primary purpose of enhancing the internally generated cash flow of regulated utilities by mandating certain rate-making procedural changes and accounting treatments to be followed by the Utilities and Transportation Commission. The concern of the bill's proponents was to assure that adequate rate increases be granted to the regulated utilities in the most expeditious manner possible in order to improve the financial condition of those utilities. It was anticipated that with such improvement, equity and debt capital would be more easily attracted to enable the utilities to expand in proportion to the projected growth in demand for their services.
JOURNAL OF THE HOUSE

It has been difficult for me to arrive at a decision on this bill because I have received persuasive and compelling arguments from both proponents and opponents on the desirability of the various elements of the bill. From the broader perspective, however, I believe it to be very important, whenever the commission has a question before it, for the commission to have the necessary discretion to adapt and accommodate the delicate balance between utility interests and consumer interests. I also believe that all the key elements sought by proponents of the bill are within the present discretion of the commission. I have been in contact with the commission, and am certain that the commission will consider those specific elements on the appropriate occasions. I have also asked the commission to make every effort to ensure prompt and decisive adjudication of the cases that come before it.

I am persuaded that the Utilities and Transportation Commission has done a competent and responsible job of assuring the reasonable financial well-being of the regulated utilities while at the same time protecting the consumers' interest in reasonable and nondiscriminatory rates. While this bill might have been necessary in a state where there is an adverse regulatory climate, I am firmly convinced that the regulatory climate in this state is a sound one, and that the commission has acted fairly. There has been no showing to the contrary, and absent such showing I cannot approve this bill at this time.

For the foregoing reasons, I have determined to veto Substitute House Bill No. 435.

I am returning herewith without my approval Substitute House Bill No. 511 entitled: "AN ACT Relating to milk pooling."

This bill provides, in substance, certain criteria by which the director of the Department of Agriculture is to establish a "fair payment" to producers for the production of fluid milk for human consumption.

While I highly sympathize with the concerns of the dairy farmer in this state and agree with the purpose of the bill in seeking to achieve stability in the milk market, I do not believe this bill will accomplish that purpose. Perhaps the major problem not dealt with by the bill is the overproduction that pervades the industry at this time. I am advised that as a result of this overproduction, less than half of the milk produced goes into the fluid milk market, an amount markedly lower than as recent as three years ago, when approximately 65% of the milk produced was sold as fluid milk. Nor does the bill speak at all to the increasing share of the fluid milk market now being sold by producer-handlers.

The dairy industry is vital to the State of Washington, and the well-being of our economy requires a stable milk market. Unfortunately, this bill is incomplete in its application to the present problems that plague the industry, and I cannot accept the bill as passed. I would be happy, however, to work with all interested parties in developing a better and more comprehensive solution which might ultimately help in stabilizing this important industry.

For these reasons, I have determined to veto Substitute House Bill No. 511.

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval House Bill No. 536 entitled: "AN ACT Relating to health care."
The substance of this bill is contained in section 2, which mandates health care contractors licensed under RCW chapter 48.44 to pay for the following services of licensed practitioners: (1) chiropodists, (2) optometrists, (3) registered nurses, (4) chiropractors, and (5) psychologists. Many of these health care contractors, through voluntary negotiation, already pay for the services of licensed chiropodists, optometrists and psychologists, so that the practical effect of this bill is to mandate the inclusion of chiropractors and registered nurses.

Where a private group of health care practitioners gather together to offer their services to individuals or groups which may or may not purchase such services depending entirely on their own choice, I do not believe it is desirable or good policy to mandate by law a substantial broadening of the scope of services offered. In the end, in order to remain competitive, these health care contractors must respond to the desires of the subscribers of their services, and it is my hope that eventually those contractors will voluntarily expand their scope of services to ensure the broadest possible coverage in the health care field.

I am especially concerned that coverage for registered nurses be made available in the near future, particularly in those rural areas where they are often the only available medical service resource. If it appears that legislation is needed to implement such coverage, I will support its passage.

For the foregoing reasons, I have determined to veto House Bill No. 536.

I am returning herewith without my approval as to one section Substitute House Bill No. 591 entitled:
"AN ACT Relating to trade fairs."

Section 9 of the bill increases the revenue to the trade fair fund from three to four percent, and correspondingly decreases the revenue to the general fund derived from horse racing parimutuel machines by one percent.

I am advised that the trade fair fund has a current balance in excess of $150,000, and at the present three percent level of funding receives annually an average of $130,645. The maximum annual expenditure from the fund to finance fairs both within and outside the United States, including the increased funding allotments and state agency support costs, would be $155,980. Since domestic fairs are not held on a regular basis, funds accrued during the intervening periods are sufficient to hold such an event at the appropriate time. Therefore the existing revenue base is sufficient for present and projected demands on the fund, and the increase is unwarranted at this time.

With the exception of section 9, which I have vetoed for the reasons stated, the remainder of Substitute House Bill No. 591 is approved.

I am returning herewith without my approval Substitute House Bill No. 664 entitled:
"AN ACT Relating to thermal insulation standards for new residential occupancy construction."

This bill incorporates specific thermal insulation and design standards into the State Building Code presumably until such standards are incorporated into the new Uniform Code. Its purpose of encouraging energy conservation concerns in housing construction is laudable, but there are unfortunately problems which, on balance, call for a veto of the bill.
The bill sets forth a complex series of insulation regulations that will be difficult to implement and enforce at the local level, particularly in rural and smaller communities. It is questionable whether enough technical assistance is available to assist local jurisdictions in the interpretation and enforcement of this act. I am advised that the State Building Code Advisory Council and Planning and Community Affairs Agency are already working with local jurisdictions in the implementation of the original State Building Code which went into effect January 1, 1975, and that while reasonable progress is being made, there are still a number of jurisdictions that have not been able to comply with the provisions of that act. The addition of these thermal insulation standards, particularly as complex as these are, will compound the problem at the local level.

There are other problems in the bill related to omission of necessary amendments setting forth the proper effective date and expiration date of the act. The resulting inconsistencies are contained in sections 1 and 15 of the bill. While these problems could be corrected at a subsequent session, I believe the purpose of the act would be better served if action on the entire bill were deferred until the 1976 edition of the Uniform Building Code is published. That edition should be available in January, 1976, and would also contain thermal insulation standards which the Legislature could adopt together with the other portions of the Uniform Code. I would support such action and will direct the applicable state agencies to work with the Legislature in the enactment of such a bill.

For these reasons, I have determined to veto Substitute House Bill No. 664.

Respectfully submitted,

I am returning herewith without my approval as to several sections House Bill No. 675 entitled:
"AN ACT Relating to state government."

This bill changes, among other things, the existing law as it relates to the expenditure of unanticipated receipts, and delegates to the Legislative Budget Committee the power to approve or disapprove expenditure of such receipts while the Legislature is not in session. During a legislative session, such power of approval would rest with the House and Senate standing committees on Ways and Means. Under existing law, it is the duty of the Governor to review and approve proposals for expenditure of unanticipated receipts with due notice to the Legislative Budget Committee and the Ways and Means Committees of each house.

This bill is one of the latest of a number of bills passed in recent sessions designed to take away from the executive functions and duties which are executive in nature and delegate them instead to legislative committees. I have vetoed several bills or portions of bills which have attempted to accomplish this, and I object to several sections of this bill for the same reasons.

I believe that the interposing of legislative committees into executive functions at best violates the fundamentals of good government. Even more seriously, I am advised that the delegation of such a function to a legislative committee could transform that committee into a "civil office" within the meaning of Article II, section 13 of the Washington State Constitution. This would prevent any member of the Legislature from serving on such a committee, which is an unfortunate result that I do not believe the Legislature intended.

While the Legislature as a whole has the constitutional power to control expenditure of public funds through the appropriation process, I question whether the delegation of such power to a legislative committee is permissible under our Constitution, and look on this as even more reason why I cannot approve this kind of procedure.

For these reasons, I have determined to veto sections 3, 4, and 12. Since subsection (1) in section 21 repeals the existing section of the law on approval of expenditure of unanticipated receipts, I have determined also to veto that subsection. I do not believe I am constrained in vetoing the entire section 21 inasmuch as the repealer in subsection (1) constitutes a separate and independent subject by itself.
With those exceptions, the remainder of the bill is approved.

Respectfully submitted,

To the Honorable, the House of Representatives of the State of Washington

I am returning herewith without my approval House Bill No. 707 entitled:
"AN ACT Relating to small loan companies."

This bill amends existing law regulating the business of small loan companies by increasing the maximum loan that may be made by such companies, extending the permissible repayment period, and changing allowable interest rates on such loans.

I do not question that some of the provisions of the bill are meritorious and that some relief is necessary, particularly as to the upper limit for small loans and the length of time for repayment. I am confident too, that many, if not almost all those legislators who supported the bill did so on the merits of the issues before them.

However, I have become increasingly concerned over the circumstances under which this bill was enacted, in light of which I cannot approve the bill.

Accordingly, I have vetoed House Bill No. 707.

Respectfully submitted,

I am returning herewith without my approval as to one section House Bill No. 774 entitled:
"AN ACT Relating to the operation of massage businesses."

This bill provides for the regulation and licensing, at the state level, of massage businesses and operators.

Section 8 contains a "grandfather clause" allowing any person engaged in the massage business for one year or more to qualify for the massage operator's license without taking the examination prescribed elsewhere in the bill.

I have long stated my objection to grandfather clauses in business licensing acts for the reason that I do not believe it is either in the best interest of the public or the particular business involved to license all persons previously engaged in a business for a set period of time regardless of the competency of such person. In addition, I cannot ignore the reports by law enforcement agencies detailing the proliferation in certain areas of our state of purported massage parlors which actually engage in a number of illicit and criminal activities. Approval of the grandfather clause in this bill would effectively grant licenses to persons engaged in such activities at those establishments.

With the exception of section 8 which I have vetoed for the reasons stated, the remainder of House Bill No. 774 is approved.

I am returning herewith without my approval as to one section Substitute House Bill No. 818 entitled:
"AN ACT Relating to towing or removing of motor vehicles from private property."

This bill makes various changes in the law governing the rights and duties of tow truck operators.

Section 9 declares an emergency and provides for the act to take effect immediately. I have, on several recent occasions, expressed my increasing apprehension over repeated and unwarranted use of emergency clauses in bills that do not measure up to the standard of urgency contained in Article II, section 1(b) of our Constitution. I have vetoed emergency clauses from such bills, and must do so again for the same reason in the case of this bill.

With the exception of section 9 which I have vetoed, the remainder of Substitute House Bill No. 818 is approved.

Respectfully submitted,

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section Second Substitute House Bill No. 827 entitled:

"AN ACT Relating to open government."

This bill makes a number of changes in RCW chapter 42.17, the Public Disclosure Act (Initiative 276).

Section 24(9) contains a proviso which would require the Public Disclosure Commission to hold formal hearings under the Administrative Procedure Act when it finds that "probable cause exists to believe that any party has committed an apparent violation of this chapter ...." Although the wording of the subsection is not clear, it would appear to require the commission to (1) find probable cause, (2) hold a hearing under the APA, and based on the evidence, (3) find an apparent violation, and (4) refer the matter to the appropriate enforcement agency.

A requirement to hold formal "contested case" hearings would make sense if it were coupled with a grant of authority enabling the Commission to impose administrative remedies or penalties, or determine private rights pursuant to such hearings. However, the commission has no such authority, and I believe a requirement of that kind without corresponding authority to impose administrative sanctions would be a hollow and useless form of due process.

I am advised also that this requirement would impose an enormous administrative burden on the Public Disclosure Commission which it has no present capability to handle. In light of the lack of real need for this provision, I cannot accept this change.

For these reasons, I have determined to veto section 24 of the bill since I am unable to veto only the applicable subsection. With the exception of that section, the remainder of the bill is approved.

Respectfully submitted,
Daniel J. Evans

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section House Bill No. 861 entitled:

"AN ACT Relating to expenditures by the legislature."

This bill appropriates amounts for use by the legislature during a biennial appropriation period.

Section 3 exempts the legislature and all of its officers, employees, and standing committees from all provisions of RCW Chapter 43.88, the Budget and Accounting Act, and the rule
making power of any agency relating to the management and control of expenditures. It fur­
ther directs each house to establish its own accounting system. The stated purpose of the sec­
tion is to allow the legislature to function as a separate but equal branch of government and

to permit effective control of its expenditures.

I have an abiding respect for the constitutional doctrine of separation of powers and
believe strongly in the independence of the legislature. As to accountability for expenditure of
public funds, however, the same policies and limitations should apply uniformly to all three
branches of government, and it would not be in the public interest to exempt any one of the
three. The state auditor has the constitutional duty to examine the use or misuse of public
funds; such examination should be conducted under the same rules and guidelines for all
three branches of government.

While there may be some reluctance on the part of the legislature to conform to budget­
ing and accounting rules set by the office of program planning and fiscal management, it
should be emphasized that such rules are adopted according to policies determined by the
legislature itself.

With the exception of section 3, which I have vetoed for the foregoing reasons, the
remainder of the bill is approved.

Respectfully submitted,
Daniel J. Evans

July 1, 1975

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to certain sections and items Substitute
House Bill No. 866 entitled:

"AN ACT Adopting the budget; making appropriations and authorizing expenditures for
the operations of state agencies for the fiscal biennium beginning July 1, 1975, and ending
June 30, 1977; making other appropriations; designating effective dates for certain appropri­
ations; and declaring an emergency."

The specific sections and items which I have vetoed are as follows:

On page 4, section 11, I have vetoed subsection (10) which declares that no part of the
Governor's special appropriation fund shall be used for the Alternatives for Washington
program.

The value of studies which help in the planning and development of policy has long been
recognized by the Legislature, and there has not been a session of the Legislature in recent
history that has not appropriated funds for studies on a host of subjects. The executive, as an
equal and coordinate branch of government, must likewise be permitted to engage in such
studies as will enable it to carry out its constitutional and statutory duties in appropriate
manner.

2. State magazine.

On page 7, section 21, I have vetoed subsection (4) which provides for the reversion of
$248,000 purportedly included in state agency budgets for state magazine purposes to the
general fund.

The concept of a quality state magazine was conceived to provide a single, unified, and
informative source of information on the operations of state government of general interest to
our citizens. It was further intended, along with executive request legislation proposed during
the recently adjourned sessions of the Legislature, to eliminate the multiplicity of publications
issued by state agencies, each of which provided little information of general interest. While
certain of these publications serve a valuable purpose and should be continued, publication of
the state magazine should remove the need for the remainder and should result in noticeable
reductions in overall state agency publication costs.

3. Timber tax return audits.

On page 10, section 28, I have vetoed subsection (2) which places a restriction on the
manner in which the Department of Revenue is to conduct audits of timber tax returns.
The Department of Revenue has had adequate staffing to conduct audit responsibilities assigned to it during the past biennium. Subsection (1) of section 28 mandates an increase in the audit coverage of timber tax returns. To add this burden to the department at the same time flexibility is removed for proper staffing is unduly restrictive and unrealistic.

4. Purchasing and material control.

On page 11, section 32, I have vetoed subsection (3) which appropriates $210,000 for implementation of the provisions of House Bill No. 102.

I previously vetoed this bill on May 15, 1975, and in my veto message stated that I agree with and support the intent of that legislation but could not accept the creation of a policy board to implement that intent. While I am vetoing this appropriation because it relates to House Bill No. 102, I have already asked the Department of General Administration to proceed under the policy declared by the Legislature in that bill to the fullest extent permitted by existing law.

5. Planning and Community Affairs Agency – federal grants.

On page 58, section 63, I have vetoed subsection (1) which requires the Planning and Community Affairs Agency to obtain prior approval of the Legislative Budget Committee before expenditure of federal grants which exceed by a certain amount the anticipated sum for specific activities.

I believe there are serious questions as to whether this kind of prior approval of expenditures by the Legislative Budget Committee is constitutional. These same concerns were elaborated in my veto message attached to Substitute House Bill No. 111 dated March 17, 1975. In brief, I believe this provision constitutes an encroachment into executive functions by a legislative committee and further question whether this is a valid delegation of legislative power to a single committee. The question can also be raised as to whether the delegation of this type of function to the Legislative Budget Committee would make that committee a "civil office" within the meaning of Article II, section 13 of the state Constitution so that members of the Legislature would not be able to serve thereon. Even disregarding the constitutional questions, I believe the restriction is bad policy because it removes needed flexibility from the agency in utilizing the funds received. Such flexibility is required at times to meet newly imposed federal regulations governing expenditures of the grant funds.

On page 58, section 63, I have vetoed subsection (2) which requires the Planning and Community Affairs Agency to obtain prior approval of the Legislative Budget Committee before expending federal grants not included in the agency's appropriation.

The reasons stated above for the veto of subsection (1) of section 63 also apply here. In addition, RCW 43.79.260-280 already sets out a procedure for the receipt and expenditure of unanticipated funds involving approval by the Governor and notification to the Legislative Budget Committee and both standing Committees on Ways and Means. No valid reason has been given to alter that procedure either for this or any other agency.

7. Toll-free telephone service.

On page 59, section 63, I have vetoed subsection (9) declaring that no funds from the Planning and Community Affairs Agency appropriation shall be used for toll-free telephone services.

This provision is apparently directed at toll-free telephone services initiated by the Planning and Community Affairs Agency in the area of housing information and in encouraging local government agencies to take advantage of available state assistance in planning and other technical matters. There is every reason to believe that the use of toll-free telephone services not only promotes greater communication between that state agency and its constituent population, but also effects net cost savings by reducing the time and expense otherwise involved in travel by staff members of that agency across the state to accomplish the same goals now being achieved by installation of toll-free telephone services. The Legislature itself has recognized the wisdom of such telephone service by the installation of its own toll-free service for use by citizens from every part of the state.

8. Department of Transportation.

On page 65, I have vetoed section 72 which makes an appropriation to the Department of Transportation from the public transportation account of the general fund.
The appropriation in this section is contingent on the passage of Substitute Senate Bill No. 2535. That bill was not passed by the Legislature nor was a public transportation account established in the general fund.

On page 81, I have vetoed section 147 which provides that no funds shall be expended for (a) 1971 "Guidelines and Standards" adopted by the State Board of Education, and (b) development of occupational skill centers.

The 1971 "Guidelines and Standards" developed by the Board of Education provides at this time the certification criteria for over 1,000 professional staff persons in the K–12 program. Perhaps, as the Legislature apparently believes, the certification process can be better administered in some other fashion. But until such time as better standards and guidelines are actually developed, it is inappropriate simply to do away with the present program and thereby jeopardize the certification of the large number of persons affected.

The prohibition against funding occupational skill centers in this section apparently arises out of legislative concern over potential duplication of effort in the area of vocational education. This same concern was a major reason for the enactment of Substitute Senate Bill No. 2463 (Chapter 174, Laws of 1975 1st ex. sess.), and the Commission on Vocational Education established by that act should be permitted to determine whether such duplication exists. Enactment of the prohibition in this section is therefore premature at this time.

10. State Board of Education.

On page 82, section 148, I have vetoed subsection (5) which prohibits the State Board of Education from consolidating intermediate school districts without approval by the Legislature.

I believe that if the State Board of Education can effect greater efficiency in educational management and save the taxpayers' money by consolidating intermediate school districts, it should not be prevented from so doing. Such efforts should, indeed, be encouraged to the greatest extent.

11. Emergency school special levy relief.

On page 85, I have vetoed section 150 which appropriates $65 million for emergency special levy relief and provides a formula of distribution of these funds.

I firmly believe that the level of special levy relief approved by the Legislature is inadequate to meet the basic needs of our common schools. For those districts which have lost their special levies, it is no longer a question of simply cutting back on what have commonly become known and vaguely defined as "frills" and "extras." Rather, there are school districts across the state facing the prospect of not being able even to offer a subsistence level of education and services to the children in their schools. Not only will educational programs be cut back or eliminated, but there will be a great number of schools which will deteriorate physically into unsafe, unclean, and unhealthy facilities.

The funds are available at this time for adequate emergency relief, and I can think of no higher priority for the use of those funds. In terms of the entire state budget, the higher amount of relief I am asking the Legislature to appropriate is an insignificant sum. But in terms of affected school districts, the difference can be dramatic. Without question, the distribution of special levy relief in whatever amount should be concentrated on those districts which lost their special levies. It should also be noted that both houses at one point or other in the recently adjourned session approved special levy relief in amounts up to and exceeding $100 million, but the final action produced considerably less.

The excellence of our public school system is widely recognized and contributes immeasurably to the high quality of life we are blessed with in this state. It would indeed be sad if this invaluable asset that has been developed over many years is depreciated in one session by the refusal to look beyond short term fiscal difficulties.

12. Local economic development grants.

On page 97, section 173, I have vetoed the item earmarking $286,400 for proposed local economic development grants.

The Legislature apparently intends the amount set aside for this purpose to come partially from the elimination of the nuclear energy division in the Department of Commerce and Economic Development. I cannot accept at a time when development of energy sources
could well be the most important factor in the future development of the state, the elimination of the one state program which addresses itself to energy needs for economic development. In keeping with the basic intent of the item I am vetoing, however, I will direct the Department to develop an operating plan within the limits of the agency’s appropriation which will allow initiation of this pilot program of local economic development grants, without eliminating entirely the nuclear energy program.

13. Reallocation of personnel positions.

On page 112, I have vetoed section 189 which prohibits any agency from reallocating personnel board approved positions in a manner which would increase expenditures for salaries and wages.

Limitation of amounts that may be expended out of an agency’s appropriation for salaries and wages is contrary to good management practice, and would severely hinder the ability to respond to changing conditions or program requirements not foreseen at the time the budget was prepared. Flexibility is often needed to meet new demands imposed by new federal regulations, state laws or changing economic conditions. It should remain the agency’s prerogative to make such adjustments without violating legislative intent on program content.

14. Reduction in full time equivalent staff years.

On page 113, I have vetoed section 191 which requires all state agencies with the exception of educational institutions and the Legislature to have withheld from its fiscal year 1977 allotments an amount "not less than three percent of the funds available... for full-time equivalent staff years from appropriations contained in this act."

This language is unclear as to purpose and intent and easily subject to misinterpretation. For example, it could be read to mean that three percent of the full biennium FTE allowance would be withheld during the second year, which would mean six percent of the second year allotments. The language would also indicate conflict with legislative intent for the salary increase approved during the recently adjourned session. A three percent (or potential six percent) reduction in the funding available for FTE staff years could well result in lesser salary increases than were intended.

Whatever the intent of this section, I would suggest that the Legislature seek to accomplish it in a more flexible fashion and with greater uniformity in application.

15. Unanticipated receipts.

On page 114, I have vetoed section 195, which provides that unanticipated federal, state and local funds shall be used in lieu of appropriated state funds where possible, and that such unanticipated receipts shall not be spent without approval by the Legislative Budget Committee.

This section also provides that RCW 43.79.260 through 43.79.280 shall not apply to such unanticipated receipts. The referenced sections authorize the Governor to receive all funds from federal and other sources, and provide that state agencies and the Governor shall provide to the Legislative Budget Committee, and the Ways and Means Committees of both houses, copies of all proposals for such receipts and expenditures, and copies of all approvals by the Governor.

Earlier in this message, I outlined my reasons for objecting to prior approval required by the Legislative Budget Committee as it applied to funds received by the Planning and Community Affairs Agency in section 63, subsection (1) and (2). These same reasons apply here. I simply believe this kind of provision treads on questionable constitutional grounds. Moreover, no valid reasons have been cited to prove that the provisions of RCW 43.79.260–280 have not functioned satisfactorily.

With the exception of the foregoing sections and items which I have vetoed for the reasons stated, the remainder of Substitute House Bill No. 866 is approved.

Respectfully Submitted,
Daniel J. Evans

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:
I am returning herewith without my approval as to certain sections Substitute House Bill No. 867 entitled:

"AN ACT Relating to agricultural water supply facilities."

The intent of the bill, insofar as it sets out a general policy and limitations on the use of Referendum 27 funds for agricultural water supply facilities, is highly commendable. Until the present time, there has been no clear statutory delineation of how these funds are to be used. Furthermore, the establishment of specific criteria to determine project feasibility and relative priority of proposed projects is highly desirable.

Section 6 of the bill creates what is purported to be a technical "advisory" committee vested with wide-ranging policy-making responsibilities and substantive powers in regard to project criteria and selection, interest rates, repayment periods, and other matters. Although I have no objection to the creation of such a committee in an advisory capacity and do not doubt its potential value, I cannot accept the premise that the intent of the Legislature and the duties assigned to the department under the bill can be more effectively achieved through the division of responsibilities between the committee and the department. The delegation of substantive functions to a committee consisting of diverse and potentially conflicting interests may well delay and inhibit legislative directives and unduly complicate the achievement of the purposes of the bill. I believe the tasks can be performed more promptly and efficiently by the Department of Ecology, particularly to the extent that legislative intent is clearly defined and adequate staff funding provided. I would not hesitate to approve a bill containing sections substantially the same as herein vetoed but charging the department with the primary responsibility for administering the bill.

I further cannot accept the provisions of sections 2 and 8 which require the approval of the Ways and Means Committees of each house of financing arrangements and project criteria relating to the expenditure of Referendum 27 funds. As I have set out more fully in my veto message attached to Substitute House Bill No. 111 dated March 17, 1975, I believe these provisions constitute an encroachment into executive functions by legislative committees and further question whether this is a valid delegation of legislative power.

With the exception of sections 2, 4, 6, 7, 8, 9, 10, 11, 12, 13 and 15 which I have vetoed for the foregoing reasons, the remainder of Substitute House Bill No. 867 is approved.

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval House Bill No. 988 entitled:

"AN ACT Relating to elections; providing for a presidential preference primary."

As indicated in the title, this bill provides that a presidential primary be held on the fourth Tuesday in May of each presidential election year. Under section 3 of the bill, the state central committee of either major party may, at its option, direct the Secretary of State to print on the ballots the names of candidates for election as delegates and alternate delegates to the party's national convention. I believe such a ballot would be so lengthy and confusing that the whole reason for the primary - to allow each voter to express his or her preference for the presidential nomination - would be distorted.

I find the bill even more objectionable because it is obviously tailored to enhance the prospects in this state of a single candidate in one year and for one election. I believe a presidential primary bill is a significant piece of legislation which should provide an opportunity for the citizens of this state not only to express their preference for the presidential nomination, but also to attract the attention of presidential candidates from the major parties to the issues of vital concern to our citizens. Such legislation must, however, be capable of fair application to all candidates, not only during the coming year, but for all future presidential election years. We should not be so short-sighted as to spoil legislation of such potential significance in order to benefit one candidate at one time.

For the foregoing reasons, I have determined to veto House Bill No. 988.
For Veto Message on House Bill No. 1075, see page 1596.

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section Substitute House Bill No. 1204 entitled:

"AN ACT Relating to honey."

This bill sets up some rigid labelling standards for the sale of products labeled as honey or containing honey.

Section 2 of the bill provides that a product "not in semblance of honey" and which contains honey is subject to the labelling restrictions in the use of the word "honey." The section creates potential problems with the free flow in interstate commerce of products containing honey because of the new labelling standard and works against the intent of Substitute Senate Bill No. 2150 previously enacted by the Legislature and approved by me. A major purpose of that bill was to promote uniformity of this state's legislation and regulations on labelling with the federal Food, Drug and Cosmetic Act and regulations adopted thereunder. The free movement of out-of-state products in this state, including honey products, would be impeded by the requirements of section 2.

For the foregoing reasons, I have determined to veto section 2. With that exception, the remainder of the bill is approved.
