SECOND READING

REENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 2620, by Committee on Ways and Means (Originally sponsored by Senators Benitz and Morrison):

Granting emergency powers to the department of ecology because of the impending drought.

The bill was read the second time.
Committee on Appropriations recommendation: Majority, do pass as amended. (For amendments, see Journal, 14th Day ex. sess., March 24, 1977.)

Mr. Shinpoch moved adoption of the committee amendment.

On motion of Mr. Shinpoch, the following amendment to the committee amendment was adopted:

On page 5, section 10, line 45 after "facilities" and before the period insert "as constructed by the department with funds provided in section 18(2) or (3) of this 1977 amendatory act."

Mr. Shinpoch moved adoption of the following amendment to the committee amendment:

On page 11, section 18, line 20 after "section" strike the remainder of the sentence and insert "and for the financing and construction of agricultural water supply and distribution projects from ground and surface water sources which may become required by public bodies other than those identified in this section as a result of the drought forecast for the summer and fall of 1977."

Mr. Shinpoch spoke in favor of the amendment to the amendment.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Amen.

Mr. Amen: "Does this bill tie it down to only those projects that are presently in operation?"

Mr. Shinpoch: "Yes, Representative Amen, that's one of the things I'm sure we'll be discussing on third reading. There is nothing in this bill that irrigates new land or that provides for a project that is not in existence today."

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Patterson.

Mr. Patterson: "Representative Shinpoch, the language in which you make a reference to public bodies, would that include the institutions of the state that might be involved in irrigation projects where their water supply has diminished?"

Mr. Shinpoch: "It is our intent that any public body is included."

The amendment to the committee amendment was adopted.

The Speaker stated the question before the House to be the committee amendment as amended.

Representatives Shinpoch and Newhouse spoke in favor of the amended amendment.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Berentson.

Mr. Berentson: "I understand the Department of Ecology and the Department of Social and Health Services are involved in assessing the value of the projects. To what extent is the Legislature involved in approving or disapproving?"

Mr. Shinpoch: "Our approval or disapproval comes now based on the listing of the projects. Because of the long list it does not include the domestic and the municipal in the bill. Agriculture is included in the bill."

Mr. Berentson: "The projects then, once we pass the measure, are not subject to approval or appraisal by either your committee or the Senate Ways and Means Committee?"

Mr. Shinpoch: "No, sir."

The committee amendment as amended was adopted.

On motion of Mr. Shinpoch, the committee amendment to the title was adopted.

On motion of Ms. Becker, the rules were suspended, the second reading considered the third, and Reengrossed Second Substitute Senate Bill No. 2620 as amended by the House was placed on final passage.

Mr. Shinpoch spoke in favor of passage of the bill.
Mr. Shinpoch yielded to question by Mr. Tilly.

Mr. Tilly: "Representative Shinpoch, the purpose of this question is to reenforce what I believe is legislative intent. Within the bill, section 18 (1) specified certain irrigation projects that are to receive the loan grants, but I wanted to be real sure that there is a flexibility within the bill for irrigation districts, water districts and municipalities who have not applied—if they meet the criteria for the Department of Ecology or DSHS to assist those districts?"

Mr. Shinpoch: "Yes, there is complete flexibility in the bill to do that. I think you should understand that it can only apply to purposes or projects that are in existence today. You cannot use moneys from this bill to drill a well to start a new irrigation. If it is not something that is in existence today, then you can't do that. It doesn't mean that if you have a water supply and the well goes dry that you can't run a line to a pipeline maybe—well, to give you a specific example—in Pierce County, the line that goes through Tacoma, there is a municipality that it comes to within thirty blocks of and their well is going dry. It permits you to build a line but that's for the same purpose. It provides water to that municipality. There is complete flexibility as long as the project is in existence.*

Representatives Tilly, Charnley and Boldt spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Patterson.

Mr. Patterson: "I asked an earlier question about state agencies. I think you are aware of the situation at the Prosser Experimentation Station where their well has gone dry. The question I have is on the 85% payback and as to whether or not the state agencies are going to generate the revenues that pay back the 85%? Is that something you will be handling in your committee?"

Mr. Shinpoch: "I can't answer your question. I assume that like Washington State University raises most of their revenue in the State Legislature—I really can't answer your question.*

Mr. Zimmerman spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "My question is a rather obvious one, but I think it should be asked and that is: Suppose the weather changes such that it begins to rain hard continuously in Eastern Washington, are we committed to taking some of these actions for those funds other than contingency funds which we cannot turn off should such an improbable weather change occur?"

Mr. Shinpoch: "Representative Douthwaite, I really don't have the confidence that the eventual control is with those people that are going to buy the water. The 85% loan must be paid back and it must be paid back by the users of the water. I really don't think—you know you really don't stop to question how much a pint of water costs if you're dehydrated. I don't really subscribe to that; however, I'm sure that if surface water is available and that's free, no one is going to agree to finance a well—to pay back a well that is going to be drilled through the mud. I just don't think that's ever going to occur. I think there is a rationale there that says that won't occur.*

Mr. Douthwaite: "To an extent, would you trust the judgment of the DSHS and the DOE to not send this money unless it is absolutely necessary?"

Mr. Shinpoch: "I don't think it's to an extent; I think we're putting complete trust in them. The only thing I can say is that they do have to deal with us all the time.*

Mr. Newhouse spoke again in favor of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Reengrossed Second Substitute Senate Bill No. 2620 as amended by the House, and the bill passed the House by the following vote: Yeas, 85; nays, 1; not voting, 12.

Voting yea: Representatives Adams, Amen, Barnes, Barr, Bauer, Becker, Bender, Berentson, Boldt, Bond, Burns, Charnley, Clayton, Clemente, Conner, Craswell, Douthwaite, Dunlap, Enbody, Erak, Erickson,

Voting nay: Representative Blair.

Reengrossed Second Substitute Senate Bill No. 2620 as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. Boldt, Reengrossed Second Substitute Senate Bill No. 2620 as amended by the House was ordered transmitted immediately to the Senate.

ENGROSSED SENATE BILL NO. 2175, by Senator Rasmussen:

Allowing beer and wine to be served in containers other than glasses or bottles.

The bill was read the second time.

Mr. Tilly moved adoption of the following amendment:

On page 4, following section 5 insert a new section as follows:

'NEW SECTION. Sec. 6. There is added to chapter 66.08 RCW a new section to read as follows:
All liquor which is sold at retail in unopened containers shall bear the following legend prominently displayed: WARNING: This product may be injurious to your health.'

Renumber the remaining sections consecutively.

Mr. Tilly spoke in favor of the amendment, and Mr. Salatino spoke against it.

POINT OF INQUIRY

Mr. Tilly yielded to question by Mr. Blair.

Mr. Blair: "I think I'm a friend of your amendment Representative Tilly, but I'm having difficulty comprehending exactly how these labels would be put on the product. I suppose for anything that is manufactured in the state of Washington they could be labeled by the manufacturer here, but I'm quite certain that most of our liquor comes from outside the state and most of it comes through the State Liquor Control Board and so I suggest that they would have to put the label on somehow in the process, which I guess could be done at the liquor stores as they open the cases. We do have some alcoholic beverages—and I think alcoholic beverage is a better term than liquor—doesn't liquor just mean hard liquor, the distilled product? Does it include beer and wine? I really have some question as to the perfection of your amendment and I think there might be a problem. How do you see this thing accomplished—the labeling it calls for?"

Mr. Tilly: "There are different ways; it could very easily be on the cans—a part of the stencil that's used when they run the cans through. I don't think that's any problem. I suppose for those manufacturers out of state it would very simple to attach a little stick-on, like we used to do to eggs and cigarettes. It's very, very simple."

Mr. Blair: "Would this be done by the manufacturer or the Washington State Liquor Control Board?"

Mr. Tilly: "I was thinking about adding to the amendment that the Liquor Control Board would promulgate the rules and regulations, but they already have that power and authority so I feel that they could do this."

POINT OF INQUIRY

Mr. Tilly yielded to question by Mr. Boldt.

Mr. Boldt: "Representative Tilly, it says that all liquor shall bear the following legend. Are you going to write that on the liquor or on the can?"

Mr. Tilly: "On the container."

Mr. Boldt: "Then is that worded properly to establish that fact?"

Mr. Tilly: "I feel that it is. Our attorneys felt that this was covering the question."
Representatives Boldt and Pardini spoke against the amendment, and it was not adopted. Engrossed Senate Bill No. 2175 was passed to Committee on Rules for third reading.

SENATE BILL NO. 2251, by Senators Bottiger, Gaspard, Benitz, Morrison and Woody: Removing minimum wage restrictions on seasonal employees at agricultural fairs.

Mr. Pardini, having voted on the prevailing side, moved that the House now reconsider the vote by which the amendment by Representative Charette to Substitute House Joint Resolution No. 38 was adopted.

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "Now that the motion has been stated, is it proper for this body to set it over to whatever place they want on the calendar?"

POINT OF PARLIAMENTARY INQUIRY

Mr. Thompson: "The House has approved a motion to reconsider this matter, do we not now have before us an approved motion to defer the bill?"

The Speaker: "We have a motion before us to reconsider the amendment by Representative Charette to Substitute House Joint Resolution No. 38. That motion is now before us. A motion to defer action on the resolution is in order and the motion that is before us now would then be before us on Monday to reconsider the action by which the amendment by Representative Charette was adopted."

SUBSTITUTE HOUSE JOINT RESOLUTION NO. 38, by Committee on Constitution (Originally sponsored by Representatives McKibbin, Whiteside, Fortson, Bauer, Haley, Bender, Hawkins, Lee, Heck, Enbody, Erickson, Charnley and Clemente):

Amending the Constitution to authorize passage of special levies for schools by three-fifths of the electors voting thereon irrespective of the total votes cast in such taxing district at the last preceding general election.

The House resumed consideration of the bill on second reading. (For previous action, see Journal, 15th Day ex. sess., March 25, 1977.)

The Speaker stated the question before the House to be the motion by Representative Pardini to reconsider the vote by which the amendment by Representative Charette was adopted.

Mr. Pardini spoke in favor of the motion, and Mr. Charette spoke against it.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Berentson.

Mr. Berentson: "In looking at the wording, which those of us who are not trained legally have some problems with—let me preface the question if I could. In your amendment it would seem that any such school levy as was contained in the original resolution would be far more restrictive than the new language—'...any proposition by the school districts,' and that particularly in view of the fact that the state or the State Legislature could present a proposition just prior to your amendment to levy additional tax in support of common schools. Under the original wording of HJR 38, I think it could be reasonably argued that a statewide proposition would need the sixty percent approval should we ever go to that, and we've talked about that, however, it would seem to me, (and I would like your intent here) if we go with your amendment for a statewide proposal, it would not be covered because it would not be submitted by a school district. Now is that your intent? It's understandable then that it could be just a fair majority if it were a statewide levy rather than being submitted by a school district?"

Mr. Charette: "It is the intent of the amendment as proposed to apply only to those levies that are proposed by school districts."

Mr. Pardini closed debate, speaking again in favor of the motion to reconsider.

The motion was lost.
MOTION
On motion of Mr. King, the House recessed until 1:30 p.m.

On page 2, line 12 strike "three-fifths" and insert "a majority"

The amendment was adopted.

On motion of Mr. Thompson, the following amendment by Representatives Thompson and McKibbin was adopted:

On page 2, line 14 after "election" and before the semicolon insert the following: ": PROVIDED FURTHER, That such taxing district shall not submit a proposition to levy additional tax for the support of the common schools more than once during the twelve month period prior to the date on which the proposed levy is to be made"

Mr. Leckenby moved adoption of the following amendment:

On page 2, line 14 after "election" insert ": AND PROVIDED FURTHER, That no proposition for the support of the common schools pursuant to this subsection shall exceed 10% of the annual operating expenses, not including capital expenditures, of the district"

POINT OF ORDER

Mr. McKibbin: "Mr. Speaker, will you rule on scope and object of this amendment?"

On line 5 strike "the Continental limits".

Representatives Sommers and Hansen spoke in favor of the amendment, and it was adopted.

On motion of Ms. Sommers, the following amendment to the title was adopted:

House Bill No. 344 was ordered engrossed and passed to Committee on Rules for third reading.

HOUSE BILL NO. 257, by Representatives Thompson, Haley, Adams, Blair, Charnley, Becker, Hanna, Douthwaite, Williams, Lux, Chandler, King, Burns and Nelson (Dick):

The bill was read the second time.

On motion of Mr. Knowles, Substitute House Bill No. 257 was substituted for House Bill No. 257, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 257 was read the second time.

MOTION

Mr. Oliver moved that further consideration of Substitute House Bill No. 257 be indefinitely postponed.

Mr. Oliver spoke in favor of the motion.

POINT OF ORDER

Mr. Thompson: "What latitude are you going to grant for an explanation on a motion to defer a bill?"
The Speaker: "That's not really a point of order; it's a question. On a motion to indefinitely postpone the merits of the bill are open to full debate and so on both sides of the question the debate has to address itself to the merits of the legislation."

Mr. Oliver continued his remarks in favor of the motion, and Representatives Thompson and Haley spoke against it.

Mr. Bond spoke in favor of the motion.

POINT OF ORDER

Mr. Boldt: "Mr. Speaker, I make reference to Rule 57, 'When the reading of any paper is called for, and objected to by any member, it shall be determined by a vote of the house.'"

The Speaker: "Your point is well taken."

MOTION

Representative Hurley (Margaret) moved that Representative Bond be allowed to read his paper, and the motion was carried.

Mr. Bond continued his remarks in favor of the motion.

Representatives Owen, Struthers and Clayton spoke in favor of the motion, and Representatives Charette and Conner spoke against it.

Mr. King demanded the previous question and the demand was sustained.

Mr. Patterson demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion to indefinitely postpone consideration of Substitute House Bill No. 257, and the motion was lost by the following vote: Yeas, 29; nays, 68; not voting, 1.

Not voting: Representative Gaines.

POINT OF PERSONAL PRIVILEGE

Mr. Oliver: "I would like to state information that I have available and which I did not convey in my earlier remarks which are very important and I was blocked from presenting them to this body in closing debate."

SPEAKER'S RULING

The Speaker: "That's not a point of personal privilege. There is no rule that allows you as the maker of a motion to indefinitely postpone this bill to close debate. Only a prime sponsor of a bill or the committee chairperson that the issue came from would be allowed to close debate, so I don't think your rights were denied you. The information you have you are at liberty, of course, to distribute to the members."

The Speaker called on Mr. O'Brien to preside.

Mr. Tilly moved adoption of the following amendment:

On page 1, line 12 after the enacting clause insert a new section as follows:

"NEW SECTION. Section 1. The legislature finds that any act changing the legal status of the use of marihuana is by its nature controversial and of great interest to the citizens of the state of Washington. In deference to the will of the voters of this state, the Marihuana Education and Control Act of 1977 as described in sections 2 through 12 of this amendatory act and the Marihuana Legalization Act of 1977 as described in sections 13 through 15 of this 1977 amendatory act shall be submitted to the people for their adoption and ratification, or rejection, at a special election hereby ordered by the legislature, which election shall be held in conjunction with the next succeeding general election to be held in this state, all in accordance with the provisions of section 1, Article II of the Constitution of the state of Washington, as amended, and the laws adopted to facilitate the operation thereof."
The voters of this state shall express their choice between the Marihuana Legalization Act of 1977, or the Marihuana Education and Control Act of 1977, or neither of the two acts. To accomplish this purpose, the ballots shall be so printed that a voter can express two preferences: First, as between either measure or neither; and secondly, as between one or the other. If the majority of those voting on the first issue is for neither, both fail, but in that case the votes on the second issue shall nevertheless be carefully counted and shall be made public. If a majority voting on the first issue is for either, then the act receiving a majority of the votes on the second issue shall become law.

Renumber the remaining sections consecutively.

Representatives Tilly, Pardini, Bond and Berentson spoke in favor of the amendment, and Representatives Thompson, Hurley (George), Douthwaite and Hawkins spoke against it.

Mr. Thompson spoke again in opposition to the amendment.

POINT OF INQUIRY

Mr. Knowles yielded to question by Mrs. Winsley.

Mrs. Winsley: "I think in discussion in committee we were talking about legalization and the comment was made that according to federal law, marihuana is illegal in the United States. Therefore, could the state of Washington have a law legalizing marihuana if federal law prohibited it?"

Mr. Knowles: "I guess the best answer I can give you, Representative Winsley, is that as has been said here a number of times, this does not attempt to legalize marihuana. If the Tilly amendment were to pass and the people were to adopt that, then that question would probably be pertinent, but not under this bill as it is presently written."

Mr. Smith spoke against the amendment, and Mrs. Lee spoke in favor of it.

Mr. Tilly closed debate, speaking again in favor of the amendment.

Mr. Patterson demanded the previous question, and the demand was sustained.

Mr. King demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Tilly to Substitute House Bill No. 257, and the amendment was not adopted by the following vote: Yeas, 32; nays, 64; not voting, 2.

Not voting: Representatives Sanders, and Mr. Speaker.

Mr. Zimmerman moved adoption of the following amendments:

On page 1, line 15 strike "forty" and insert "twenty-eight"
On page 1, line 17 strike "forty" and insert "twenty-eight"
On page 1, line 22 strike "forty" and insert "twenty-eight"
On page 1, line 26 strike "forty" and insert "twenty-eight"

Mr. Zimmerman spoke in favor of the amendments, and Mr. Knowles spoke against them.

POINT OF PARLIAMENTARY INQUIRY

Mr. Oliver: "I have offered amendments on this same section which take the grams down to five rather than twenty-eight. I would like to know when the body acts upon these amendments, will what I'm offering still be debatable?"

The Speaker (Mr. O'Brien presiding): "According to our rules, we take the highest amount first and yours is five and this is twenty-eight. It all depends on what happens to this one, then yours will follow."

Mr. Knowles continued his remarks against the amendments.
Mr. Knowles yielded to question by Mr. Patterson.

Mr. Patterson: "Then if we adopt this amendment reducing it down to twenty-eight grams, would the state law prevail in King County?"

Mr. Knowles: "Very definitely. The Seattle Ordinance, once we pass the state law, will have to coincide with the state law."

Mr. Oliver spoke against the amendments.

Mr. Zimmerman yielded to question by Mr. Hanna.

Mr. Hanna: "Representative Zimmerman, if we adopted your amendments, you would have the situation where part of the forty grams would be covered under the felony statutes and you'd have the twenty-eight as the cut-off point in the misdemeanor or citation statutes. What would you do with the grams in between?"

Mr. Zimmerman: "We're changing the whole thing to twenty-eight. Everyone of them would be reduced to twenty-eight."

Mr. Hanna: "Are you sure you're not beyond the scope and object? You're in the misdemeanor section of the state law."

Mr. Zimmerman: "No, by reducing it all to twenty-eight, it's much more consistent."

Mr. Zimmerman spoke again in favor of the amendments.

Mr. Zimmerman yielded to question by Mr. Bender.

Mr. Bender: "It seems like we're dealing with another threshold here and I'm just wondering now, is a lid considered to be a misdemeanor or is it a felony—the twenty-eight itself?"

Mr. Zimmerman: "The amendment, of course, strikes forty and inserts twenty-eight throughout the bill. It provides that you are going to be in violation or it is a misdemeanor if you are using above twenty-eight grams. That's the line; that's the break-off point right there. If you're selling, and are involved in bigger amounts than that, you're in deeper trouble. I'm just saying one level—don't have different levels—just one plain line and that's the line of twenty-eight."

Representatives Thompson and Shinpoch spoke against the amendments, and Mr. Zimmerman spoke again in favor of them.

Mr. Patterson demanded an electric roll call and the demand was sustained.

The Clerk called the roll on adoption of the amendments by Representative Zimmerman to Substitute House Bill No. 257, and the amendments were not adopted by the following vote:

Yeas, 43; nays, 53; not voting, 2.

Not voting: Representatives Owen, and Mr. Speaker.

Mr. Oliver moved adoption of the following amendment:

On page 1, line 15 strike "forty" and insert "five"

Mr. Oliver spoke in favor of the amendment, and Mr. Thompson spoke against it.
Mr. Thompson yielded to question by Mr. Bond.

Mr. Bond: "In this present amendment, limiting the thing to five grams, it brings to my mind again the problem that I have with young people in junior high and below that, and I wonder if you would point out to me what provision there is for youngsters possessing marihuana?"

Mr. Thompson: "Minors discovered to be in possession of marihuana are subject to a violation, their parents are advised of this and the penalty is extracted. If they continue to use this drug and are discovered then they receive the benefits of the educational provisions of this act."

Mr. Bond: "Is this beyond page 1, line 28, which deals with the sales to a minor?"

Mr. Thompson: "Does your question have something to do with the level of five grams?"

Mr. Bond: "I'm trying to determine what the provision is for the possession of any amount by a minor."

Mr. Thompson: "A minor discovered to be using marihuana by a law enforcement official will be subject to the penalties of this act."

Mr. Bond: "Could you tell me where that provision is?"

STATEMENT FOR THE JOURNAL

Please record me as voting "Yea" on Engrossed House Bill No. 355.

WILL KNEDLIK, 45th District.
SUBSTITUTE HOUSE BILL NO. 464, by Committee on Local Government (Originally sponsored by Representatives Thompson, Newhouse, Eng, King and Berentson – by State Treasurer request):

Creating a local government investment pool trust fund.

The bill was read the third time and placed on final passage.

Representatives Thompson and Conner spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Leckenby.

Mr. Leckenby: "On page 2, line 22, it says that the investment officer shall invest the funds in such a manner as to effectively maximize the yield to the investment pool. Representative Thompson, just how much leeway does that word 'maximize' leave to the investment officer? How much flexibility is there in there for him to use his judgment?"

Mr. Thompson: "No more flexibility than he presently has or enjoys under the existing authority for the investment of state funds."

Representatives Struthers, Owen, Zimmerman, Fancher and Berentson spoke against passage of the bill, and Mr. Thompson spoke again in favor of it.

POINT OF INQUIRY

Mr. Barnes yielded to question by Mr. Deccio.

Mr. Deccio: "I guess I'm a little confused on this bill. You say we're increasing the threshold over what it is now to $300?"

Mr. Barnes: "That is the mandatory reporting requirement—that threshold is increasing from $100 to $300. The threshold which will enable an injured, or a driver who had damage to his car by some other driver, to get the state to do something about it is being lowered from $200 to $100. That does not mean that you have to report an accident for which there has been more than $100 damage, only if you want to get the state to take action against the other driver, then you can report it."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 727, and the bill passed the House by the following vote: Yeas, 89; nays, 5; not voting, 4.

Mr. King demanded the previous question, and the demand was sustained.

POINT OF PARLIAMENTARY INQUIRY

Mr. Patterson: "In voting on Engrossed Substitute House Joint Resolution No. 38, does it require a constitutional two-thirds vote of the body or a two-thirds vote of those present and voting? I'd like to know the number of votes that would be required."

The Speaker: "It requires two-thirds vote of the elected members, which means it requires sixty-six votes."

Mr. McKibbin closed debate, speaking again in favor of the resolution.

The House resumed consideration of the bill on second reading. (For previous action, see yesterday's Journal, 18th Day ex. sess., March 28, 1977.)

Mr. Oliver moved adoption of the following amendment:

On page 1, line 19 strike "fifty" and insert "two hundred"

Mr. Oliver spoke in favor of the amendment, and Representatives Thompson, Blair and Hurley (George) spoke against it.

POINT OF ORDER

Mr. Pardini: "Representative Hurley is impugning the motives of people offering amendments to a bill that is wide open for discussion. I wish he would confine his remarks just a little."

The Speaker: "Continue, Representative Hurley."

Mr. Hurley (George) continued his remarks in opposition to the amendment.

POINT OF ORDER

Mr. Berentson: "This is the marihuana bill; I don't quite follow what Representative Hurley's remarks are about."

The Speaker: "Would you confine your remarks to the amendment before us, Representative Hurley?"

Mr. Hurley continued his remarks.

POINT OF ORDER

Mr. Nelson (Gary): "Mr. Speaker, in your wisdom I'm hoping you might maintain order in the House, and that we don't have a lot of interplay and insulting one another on the floor."

The Speaker: "Your point is well taken. Representative Hurley, I have been quite liberal in my rulings on the podium, and I wish you would confine your remarks to the amendment, which deals with raising the penalty, and avoid making references to other members in any kind of derogatory fashion."

Mr. Hurley concluded his remarks against the amendment.

Representatives Bond and Oliver spoke in favor of the amendment, and Representatives Thompson and Charette spoke against it.

Mr. King demanded the previous question, and a division was called.
ROLL CALL

POINT OF PERSONAL PRIVILEGE

POINT OF ORDER

Mr. Ehlers: "I just wonder what his point of personal privilege is?"

The Speaker: "I was just waiting for him to get to that point. Continue, Representative Oliver."

Mr. Oliver: "Is this, in fact, decriminalization? Representative Charette has said it is not. Is it, in fact, decriminalization?"

The Speaker: "That's a question of debate, not a point of personal privilege."

The Speaker stated the question before the House to be the amendment by Representative Oliver to page 1, line 19.

The amendment was not adopted.

On motion of Mr. Knowles, the following amendment was adopted:

On page 1, line 22 after "marihuana," strike "or uses"

Mr. Whiteside moved adoption of the following amendment by Representatives Whiteside, Smith and Pardini:

On page 1, line 24 after "misdemeanor." insert "If a person possesses or controls forty grams or less of marihuana and this is a third violation after citation or arrest of any subsequent violation after citation or arrest after two violations, including violations under subsection (a) of this act, for any offense involving marihuana or any controlled substance, this violation shall be a misdemeanor."

Mr. Whiteside spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Whiteside yielded to question by Mr. Nelson (Dick).

Mr. Nelson (Dick): "Representative Whiteside, if the first violation and citation is given to a person that is age eighteen and the second at age twenty-eight and the third at age thirty-eight, would that third violation then be a misdemeanor?"

Mr. Whiteside: "In the spirit of the amendment, yes."

Representatives Knowles, Smith and Thompson spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Smith yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "I note there is no comment in the language about the statute of limitations on these three violations. I assume from what Representative Nelson brought out that once you are on record you are on record for the rest of your life and I wonder as to the wisdom of that?"

Mr. Smith: "I, frankly, would hope that people aren't cited for three offenses and I don't think it should make much difference what the length of time is if they are."

Mr. Douthwaite spoke against the amendment, and Mr. Pardini spoke in favor of it.
The amendment was adopted.

MOTION FOR RECONSIDERATION

Mr. Chandler moved that the House reconsider the vote by which the amendment by Representative Oliver to page 1, line 19 failed to be adopted.

On page 14, line 3 strike "may" and insert "((may)) shall"

Mr. Amen spoke in favor of the amendment, and Mr. Thompson spoke against it.
Mr. Amen yielded to question by Mr. Hanna.

Mr. Hanna: "Where are you going to put these three to ten times more people that we would have in prison than we now do? You really can't talk about just one part of your amendment, but where are you going to put them?"

Mr. Amen: "Really, the bill as it is written now—this doesn't cover any more than we have presently, in my estimation."

Mr. Hanna: "When you start talking about mandatory minimums of two years for this level of crime, you are talking about actually doubling the population of the Shelton prison for starters; you're talking about filling up the system with nineteen and twenty-year-olds, and I guess I'd like to know where you are going to put them?"

Mr. Amen: "I would hope that would not happen, Representative Hanna. I would hope that if we enact this legislation, the first time they would have the opportunity that they might not be in prison, but then if they again sell and are caught and convicted of it, that this will deter them from doing that—that they know they will be in prison for that length of time. I think the major problem we have in our drug problem is the pusher, and we want to really throw it at the pusher to try to control the use of the drugs and the spread of drugs."

Representatives Hanna and Blair spoke against the amendment.

The amendment was not adopted.

The Clerk read the following amendment by Representative Amen:

On page 14, line 4 strike 'up to' and insert '((up-to))'

With the consent of the House, Mr. Amen withdrew the amendment.

Mr. Oliver moved adoption of the following amendment:

This act shall be submitted to the people for their adoption and ratification or rejection, at a special election hereby ordered by the legislature, which election shall be held in conjunction with the next succeeding general election to be held in this state, all in accordance with the provisions of section 1, Article II of the Constitution of the state of Washington, as amended, and the law adopted to facilitate the operation thereof.

Renumber the remaining sections consecutively.

Representatives Oliver, Deccio and Tilly spoke in favor of the amendment, and Representatives Haley and Thompson spoke against it.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Oliver, adding a new section 11 to Substitute House Bill No. 257, and the amendment was not adopted by the following vote: Yeas, 31; nays, 58; not voting, 9.

The Clerk read the following amendment by Representative Tilly:

On page 14, add new sections following section 12, as follows:

NEW SECTION. Sec. 13. Sections 13 through 15 shall be known as the Marihuana Legalization Act of 1977.

NEW SECTION. Sec. 14. The legislature of the state of Washington finds that the use of marihuana has in recent years become socially acceptable to a large segment of the population of this state. The legislature therefore declares it to be the policy of the state of Washington and the purpose of sections 13 through 15 of this 1977 amendatory act to legitimatize the use of marihuana by legalizing the use, sale, distribution, and manufacture of marihuana, as defined in RCW 69.50.101(n).

NEW SECTION. Sec. 15. Neither the state of Washington nor any of its political subdivisions shall enact any law prohibiting or regulating the use, sale distribution, or manufacture of marihuana as defined in
RCW 69.50.101(n): PROVIDED, That the governor of this state shall appoint a committee to study the problems involved in state regulation of the use, sale, distribution, and manufacture of marihuana: PROVIDED FURTHER, That said committee shall within a reasonable time submit to the legislature both their findings and proposed legislation concerning repeal of current penal statutes and state regulation of the use, sale, distribution and manufacture of marihuana.

With the consent of the House, Mr. Tilly withdrew the amendment.

Substitute House Bill No. 257 was ordered engrossed and passed to Committee on Rules for third reading.

The bill was read the second time.

Mr. Polk moved adoption of the following amendment:

On page 2, after section 1, add a new section as follows:

"Sec. 2. Section 2, chapter 215, Laws of 1969 ex. sess. and RCW 41.56.150 are each amended to read as follows:

It shall be an unfair labor practice for a bargaining representative:

(1) To interfere with, restrain, or coerce public employees in the exercise of their rights guaranteed by this chapter;

(2) To induce the public employer to commit an unfair labor practice;

(3) To discriminate against a public employee who has filed an unfair labor practice charge;

(4) To refuse to engage in collective bargaining;

(5) To collect, transfer, or pay any dues, fees, or other moneys for or on behalf of any uniformed personnel or for or on behalf of the bargaining representative of any uniformed personnel to any other labor organization which represents, directly or indirectly, workers other than uniformed personnel."
Mr. Polk spoke in favor of the amendment, and Representatives King and Lux spoke against it.

Mr. Polk spoke again in favor of the amendment.

POINT OF INQUIRY

Mr. Polk yielded to question by Mr. Lux.

Mr. Lux: "I can't for the life of me understand why you would want to restrict these people. What gives you the feeling that the Legislature has this great wisdom to tell these people how to organize?"

Mr. Polk: "Would you repeat your question?"

Mr. Lux: "I say what do you feel gives you the wisdom, with your background, to tell these people how they should organize?"

Mr. Polk: "Well, Representative Lux, I think the members of this body, both bodies of the Legislature, were elected by people in a representative government to come here and represent a given number of people—in this case around 68,000 people. We were all elected to use our judgment, to use our wisdom, if you will, to make this kind of decision for the rest of the public. The point that I was trying to make to you before, and the point that was made over and over again to you on that legislation that I referred to as a bad bill that passed this House earlier, was that the people of the state are not the ones who are pushing for that kind of legislation, but it has been simply from—well, there's an awful lot of stuff coming out of your committee this year, and the people, we don't believe, have been asking for that kind of thing. As a matter of fact, we have grave concerns that not even the uniformed personnel have really been urging that kind of thing or asking for it either. That, I think, would give me and all the members of this House enough wisdom to try to respond to the concerns of the people out there and offer some suggested amendments which would perhaps make this even a better piece of legislation."

Mr. Lux spoke again in opposition to the amendment.

Ms. Becker demanded an electric roll call and the demand was sustained.

Mr. Greengo spoke in favor of the amendment, and Representatives May and Pruitt spoke against it.

POINT OF INQUIRY

Mr. Knedlik asked Mr. Greengo to yield to question, and Mr. Greengo refused to yield.

Mr. Bond spoke in favor of the amendment, and Mr. King spoke against it.

ROLL CALL

The Clerk called the roll on the amendment by Representative Polk to House Bill No. 646, and the amendment was not adopted by the following vote: Yeas, 26; nays, 67; not voting, 5.

Not voting: Representatives Blair, Leckenby, Oliver, Paris, Shinoda.

House Bill NO. 646 was passed to Committee on Rules for third reading.

HOUSE BILL NO. 443, by Representatives Hurley (Margaret) and Hughes:

Authorizing the parks and recreation commission to control vehicular traffic on beaches.

The bill was read the second time.

Committee on Parks and Recreation recommendation: Majority, do pass as amended. (For amendments, see Journal, 6th Day ex. sess., March 16, 1977.)
POINT OF ORDER

Mr. Martinis: "I would request that the committee amendment, since it is at the end of the bill, and I realize that the normal procedure of the House would be that the committee amendment be addressed first, but there are many amendments on the desk pertaining to this bill and they would possibly supersede the requirements of the committee amendment, or would perhaps improve the intent of this amendment, and I would request that the Chair rule that this amendment be held until it's proper place in the procedure of the amendatory process."

Mrs. Hurley (Margaret): "I think that Representative Martinis should save his big guns for the next amendment. This is just a one word amendment related to the word 'reasonable.' We thought that there was no reason not to put the word 'reasonable' in there because we like reasonable things. This is why we have this amendment."

SPEAKER'S RULING

The Speaker: "The Chair is going to rule that by practice we allow a committee to put the full intent of their legislation before the body and therefore we take committee amendments first. We allow other amendments offered from the floor to go back and address any section of the bill that may be necessary. Your point is not well taken, Representative Martinis."

On motion of Representative Hurley (Margaret), the committee amendment to page 1, line 12 was adopted.

MOTION

Mr. Martinis moved that the rules be suspended, and that the second committee amendment take its place in the proper order of amendments.

SPEAKER'S RULING

The Speaker: "Representative Martinis, it is not necessary to suspend the rules to place the motion that you wish to place. The practice of the House is that we take the committee amendments first. If you want to make a motion now to take another amendment first, then that motion is in order, but it only takes a majority rather than two-thirds."

MOTION

Mr. Martinis moved that the second committee amendment take its place in the normal order of amendments.

POINT OF ORDER

Mr. Pardini: "I would call the Chair's attention to Reed's Rule 84."

SPEAKER'S RULING

The Speaker: "House Rule No. 30: 'When a bill is before the house on second reading, amendments adopted by committees and recommenced to the house shall be acted upon by the house in the same manner as amendments that may be offered from the floor.' Which says, in effect, that they take their normal place. By practice the House has normally taken the committee amendments first, but House Rules do supersede Reed's Rules."

POINT OF ORDER

Mr. Polk: "Mr. Speaker, are you saying that Reed's Rule 84, that states, 'The amendments proposed by the committee, which are usually explained by the report, are first to be voted on, because they are the first proposed to the assembly, and are in fact offered by the assembly itself, which clothed the committee with power to examine the question.'—are you saying that Rule 84 does not apply in this case?"

SPEAKER'S RULING

The Speaker: "Representative Polk, House Rule 30 dealing with committee amendments supersedes Reed's Rules. By practice we have followed Reed's by considering committee amendments first, however, we deviate from that on occasion when perfecting amendments are necessary, but the strict interpretation would be House Rule No. 30 which takes precedence over Reed's Rule 84."

Mr. Polk: "Then I would presume by your ruling regardless of practice, since we know that the Chair always follows the House Rules to their letter and detail as a rule, that we will
The Speaker: "That's not true; we'll continue with our same normal practice unless someone wants to challenge it."

Mr. Martinis spoke in favor of the motion, and Representative Hurley (Margaret) spoke against it.

POINT OF PARLIAMENTARY INQUIRY

Mr. Martinis: "Is the committee amendment before the House the one that states on page 1, line 20 after 'beds' and inserts a proviso?"

The Speaker: "The question before the House is a motion by Representative Martinis to not consider the amendment to page 1, line 20."

ROLL CALL

The Clerk called the roll on the motion to consider the second committee amendment to House Bill No. 443 in normal order of amendments, and the motion was lost by the following vote: Yeas, 33; nays, 53; not voting, 12.

Not voting: Representatives Barr, Chandler, Decio, Erickson, Hanna, Moreau, Newhouse, Oliver, Paris, Sherman, Valle, Vrooman.

Representative Hurley (Margaret) moved that the House do not adopt the committee amendment to page 1, line 20.

Mr. Charette moved that the House do adopt the committee amendment.

Mr. Charette spoke in favor of the amendment.

POINT OF ORDER

Representative Hurley (Margaret): "I don't believe the Representative from Aberdeen is talking on his motion; he's talking about some other amendment."

The Speaker: "I think he's speaking to reasons for adopting the committee amendment."

Mr. Charette continued his remarks in favor of the amendment, and Representative Hurley (Margaret) spoke against it.

POINT OF ORDER

Mr. Martinis: "Mr. Speaker, Representative Hurley is not speaking to the motion by Representative Charette to adopt the committee amendment; she is speaking to another amendment that is on your desk."

SPEAKER'S RULING

The Speaker: "In order for Representative Hurley to make her point as to why she would like you to vote against the committee amendment, I think she does have to refer to what she would like you to adopt as an amendment so you will have a better idea of what you are doing."

POINT OF ORDER

Mr. Martinis: "Mr. Speaker, in reference to an earlier amendment, there was a clarifying motion, and due to the maneuvers on the floor of this House, we were not allowed to set this amendment aside to debate the further amendment. I implore you, Mr. Speaker, to rule Representative Hurley out of order."

The Speaker: "Representative Hurley, you are legitimate in referring to future further amendments that may be acted upon later on in the bill, however, you should not engage in full debate on those further amendments. Would you please confine yourself just a little?"
Representative Margaret Hurley continued her remarks.

POINT OF ORDER

Mr. Martinis: "Mr. Speaker, the Parks and Recreation Commission has the right to regulate driving on the beaches in the state parks, and I think Representative Hurley's remarks do not pertain to the bill in front of us."

The Speaker: "Confine your remarks to the amendment. You are doing a pretty good job of explaining what the amendment does and I think we should try to stick pretty close to that."

Mrs. Hurley continued.

POINT OF ORDER

Mr. Martinis: "Mr. Speaker, the bill that is before us and the amendment before us does not pertain to driving on the beaches that are within state parks. Those beaches that are within the state parks—and I apologize for my outbursts previously—are already within the purview of the Parks and Recreation Commission to regulate driving or other traffic within a state park. Representative Hurley's comments are not to the amendment."

POINT OF ORDER

Representative Hurley (Margaret): "Representative Martinis is not talking to his point of order."

The Speaker: "Representative Hurley, please confine your remarks to driving on the ocean beaches, which is what this amendment refers to, and I'm not sure how we get to discussing driving on beaches within the confines of state parks."

Representative Hurley (Margaret) concluded her remarks.

Mr. Martinis spoke in favor of the committee amendment.

MOTION

Mr. Martinis moved that House Bill No. 443 be rereferred to Committee on Parks and Recreation.

The Speaker: "You are out of order, Representative Martinis, you cannot make a motion in the middle of a speech."

POINT OF ORDER

Mr. Martinis: "Mr. Speaker, I ask if you would allow me to back up. I apologize to the House for starting a speech before I made my motion. It was an oversight on my part and I would ask the House to perhaps give me some latitude at this point."

The Speaker: "I could recognize you a second time, Representative Martinis, but the motion is not now in order."

MOTION

Mr. Charette moved that House Bill No. 443 be rereferred to Committee on Parks and Recreation.

Representative Charette spoke in favor of the motion, and Representative Hurley (Margaret) spoke against it.

The Speaker called on Mr. O'Brien to preside.

Mr. Martinis spoke in favor of the motion.

POINT OF ORDER

Mr. Douthwaite: "The issue is not whether the industry is a good industry or whether it is raising revenues; the issue is whether we should put this bill back to the Parks and Recreation Committee. I think the speaker is not dealing with the issue which has been moved here."

The Speaker (Mr. O'Brien presiding): "There is some latitude on a motion to commit a bill on the discussion of the merits and demerits of the motion."

Mr. Martinis continued his remarks in favor of the motion.
POINT OF ORDER

Mr. Berentson: "Mr. Speaker, Representative Martinis is straying a little from the initial intent of the motion and I think we have had plenty of debate on the amendments themselves."

The Speaker (Mr. O'Brien presiding): "Reed's Rule 120 states as follows: 'The motion to commit is debatable, but the merits of the main question are not open to discussion on this motion, since that discussion will be in order when the committee reports.' It goes on to say, 'If, however, the proposition be to commit with instructions as to the main question, then the debate can be held on the merits.' It doesn't really, Representative Martinis, open the whole question, the main question, for debate. You can speak on the reasons why you want the committee to reconsider House Bill No. 443, but I would hold it generally to these points."

Mr. Martinis: "Mr. Speaker, the committee chairman has been allowed great latitudes in addressing the amendments that are on the desk, and I think that in addressing the amendments that are on the desks that have been presented by the committee chairwoman—"

The Speaker (Mr. O'Brien presiding): "The motion to commit or rerefer is before us, not any amendments that might be pending."

Mr. Martinis continued to speak in favor of the motion.

POINT OF PERSONAL PRIVILEGE

Representative Hurley (Margaret): "My point of personal privilege, Mr. Speaker, is that my motives have been impugned as not being pure. I just won't stand for that. I certainly did not adopt this amendment in order to get it to Rules Committee so that it would get out of Rules Committee a little easier. The proof of that is that it didn't get out very easy. I certainly didn't have this in mind when the amendment was adopted and I think another apology is in order."

Representatives Craswell, Douthwaite and Berentson spoke against the motion.

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Rule 49 states in part, '...question under debate, and avoid personalities; and no member shall impugn the motive of any member's vote or argument.' Representative Berentson, continue, but keep it on a different level."

Mr. Berentson continued his remarks in opposition to the motion.

Ms. Becker demanded the previous question and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion to rerefer House Bill No. 443 to Committee on Parks and Recreation, and the motion was lost by the following vote: Yeas, 16; nays, 77; not voting, 5.

Not voting: Representatives Bauer, Leckenby, Lee, Moreau, and Mr. Speaker.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the second committee amendment.

Representatives Fuller and Martinis spoke in favor of adoption of the amendment, and Representatives Hurley (Margaret) and Polk spoke against it.

ROLL CALL

The Clerk called the roll on adoption of the committee amendment to House Bill No. 443, and the amendment was not adopted by the following vote: Yeas, 40; nays, 52; not voting, 6.

TWENTIETH DAY, MARCH 30, 1977 771

Not voting: Representatives Bauer, Hanna, Lee, Moreau, Wilson, and Mr. Speaker.

The Clerk read the following amendment by Representative Martinis:
On page 10, after "state" insert "highway commission after consultation with the Washington director of fisheries and Washington state"

With the consent of the House, Mr. Martinis withdrew the amendment.

Mr. Martinis moved adoption of the following amendment:
On page 1, line 11 strike "may" and insert "shall"

Representatives Martinis, Hurley (Margaret) and Charette spoke in favor of the amendment.

POINT OF ORDER

Mr. Martinis: "Mr. Speaker, Representative Charette is not talking about the requirements; he's talking about whether the legislature or the Parks Commission is picking on the people of his district. I've submitted all these amendments and I'm a three-hour drive from there and I don't think he's talking to the amendment."

The Speaker (Mr. O'Brien presiding): "Representative Charette, will you hold your remarks to the question under debate?"

Mr. Charette continued his remarks in favor of the amendment.

The amendment was adopted.

Representative Hurley (Margaret) moved adoption of the following amendment:
On page 1, line 10 after "commission" strike all material down through and including "beaches" on line 15 and insert "(c) after agreement with the Washington state highway commission, shall establish reasonable regulations for the use and control of vehicular traffic on and along the ocean beach highways as designated and established under RCW 79.16.130, 79.16.160, and 79.16.170), shall promulgate regulations for the use and control, including prohibition where necessary, of vehicular traffic on beaches. Such regulation shall consider: (1) prudent management of the clam beds, (2) preservation of beach vegetation, (3) protection of the sand dune topography, (4) elimination of through traffic between access points, and (5) safety of pedestrians; PROVIDED that driving may only be restricted or prohibited in any specific area during legal razor clam digging hours pursuant to regulations adopted by the parks and recreation commission and agreed to by the director of the department of fisheries"

Mr. Martinis moved adoption of the following amendment to the Hurley amendment:
On line 12 of the amendment after "shall" strike all the language through "shall"

Mr. Martinis spoke in favor of the amendment, and Representatives Hurley (Margaret) and Polk spoke against it.

POINT OF ORDER

Mr. Martinis: "Mr. Speaker, with great reluctance, so that it wouldn't cloud the intent, the previous speaker has absolutely talked to the bill as a whole or the amendment as a whole. He is not talking about limiting it to a single access and having to return, because there is no language he is talking about—the safety of children and older people—it's still there, the safety of pedestrians. He is not talking to the idea of saying that if you get access to the beach, you drive and you have to turn around and come out through the same access—"

POINT OF ORDER

Mr. Polk: "Mr. Speaker, under the guise of a point of order, Representative Martinis has just usurped the floor by using a point of order as a means of harassing tactics. In fact, I was discussing point number four, which states, 'elimination of through traffic between access points.' It says nothing at all about what Representative Martinis says that I'm talking about. That's what I was addressing if Representative Martinis had been paying attention."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The Speaker will make this comment: Rising to a point of order is getting somewhat abused. If you rise to a point of order, you do have some basis if the parliamentary procedure is being abused or if the speaker is diverting his comments
on a more broad basis than the subject at hand, but it's hard for the speaker to rule precisely and specifically on occasion when somebody is really out of order. The rules do point out rather clearly that all remarks to the question under debate should be confined to such question and personalities should be avoided. We have to be somewhat patient and tolerant, but I would also advise that the speakers who are on the subject matters try to hold it to the question at hand."

Mr. Polk continued his remarks in opposition to the amendment to the amendment. Ms. Becker demanded the previous question and the demand was sustained. The amendment by Representative Martinis to the Hurley amendment was not adopted. The amendment by Representative Hurley (Margaret) was adopted. The Clerk read the following amendment by Representative Martinis:

On page 1, line 16 after "state" and before "commission" strike "parks and recreation" and insert "((parks and recreation)) highway"

With the consent of the House, Mr. Martinis withdrew the amendment. Mr. Charette moved adoption of the following amendment:

On page 1, line 16 after "with" insert "city police."

Representatives Charette and Hurley (Margaret) spoke in favor of the amendment, and it was adopted.

**MOTIONS**

On motion of Mr. King, further consideration of House Bill No. 443 was deferred, and the bill was ordered held for tomorrow's second reading calendar. On motion of Mr. King, the House reverted to the fifth order of business.

MAJORITY recommendation: Rerefer to Committee on Revenue.
MOTION

On motion of Mr. King the House advanced to the eighth order of business.

MOTION FOR RECONSIDERATION

Mr. Charette, having voted on the prevailing side, moved that the House reconsider the vote by which Engrossed Substitute House Joint Resolution No. 38 failed to pass the House.

Mr. Charette stated that with the consent of the House he would withdraw his motion for reconsideration.

POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Thompson, the issue before us is a major issue. In the event that we continue with school funding as we have in the past, if Representative Charette withdraws his motion, is it possible that we could have another similar proposal before us within the next few days?"

Mr. Thompson: "It is indeed possible, in fact, when we arrive at the eighth order today, there will be a motion to transfer such a title into the Committee on Constitution."

The motion for reconsideration was withdrawn.

MOTION

Mr. Bender moved that HOUSE JOINT RESOLUTION NO. 42 be rereferred from Committee on Revenue to Committee on Constitution.

POINT OF INQUIRY

Ms. Sommers yielded to question by Mr. Newhouse.

Mr. Newhouse: "Representative Sommers, House Joint Resolution No. 42 has been booked in your committee for some time. The previous bill, House Joint Resolution No. 38, as I understand it, came out of first the Education Committee and this is obviously concerning revenue. Would not your committee be a better committee to consider House Joint Resolution No. 42?"

Ms. Sommers: "No, I think not, Representative Newhouse, I'm a member of both Revenue Committee and Constitution Committee. Revenue Committee has a heavy work schedule ahead of it. Constitution Committee has looked at the issue and I believe they can handle it quickly."

POINT OF INQUIRY

Mr. King yielded to question by Mr. Berentson.

Mr. Berentson: "Under House rules, we have some concern as to whether this may be an attempt to put HJR 38 back in similar position and we would like your comments as to whether that is a possibility. We would have to challenge that on the basis of HJR 38 now being a dead issue. Could you comment on whether we are going to bring HJR 42 out in its pure form or whether perhaps this is a device by which you might go back to the issue that lost yesterday?"

Mr. King: "I really couldn't answer that question. I'm not on the committee and it's up to the committee to decide what they want to do. Of course, when the issue reaches the floor it will be up to the body to decide what they want. They would have an opportunity on second reading again to amend."

The motion was carried.

MOTIONS

On motion of Mr. Bender, HOUSE BILL NO. 909 was rereferred from Committee on Social and Health Services to Committee on Parks and Recreation.

On motion of Mr. King, the House adjourned until 11:00 a.m., Thursday, March 31, 1977.

WHEREAS, The death of this fine young man may fairly be cited as representative of the 432 men and women killed in the workplaces of this state during the past three years; and

NOW, THEREFORE, BE IT RESOLVED, That the House extend to the widow and parents of Larry Dean Grant its profound sympathies and its prayers for solace in their time of suffering; and
BE IT FURTHER RESOLVED, That the House on this sorrowful occasion reaffirm its solemn commitment to exercise its lawful powers to the end that the lives of workers shall be protected in the workplace by strong safety laws and regulations, effectively enforced.

WHEREAS, The decision of the federal Food and Drug Administration to ban the use of saccharin in foods leaves these persons without any sugar substitute and will have great economic impact on the food and soft drink industry; and

The bill was read the third time and placed on final passage.

Ms. Sommers spoke in favor of passage of the bill.

POINT OF INQUIRY

Ms. Sommers yielded to question by Mr. Newhouse.

Mr. Newhouse: "The ownership, I understand, of this quite narrowly-drawn piece of legislation, would be public, that is, a city or something like that—property used for commercial purposes? And the other question I have revolves around the fiscal impact. This $168,000, is that how much money would be lost to schools from the state collected property tax?"

Ms. Sommers: "First, the exemption is drawn so that it applies only to property, designated property held by a public corporation and there are just a few cases of that. The Farmers Market is one and there are only perhaps one or two others. Also public corporations that were in effect or had been established prior to January 1, 1976. That was very tightly drawn. That fiscal impact is divided between state and local fiscal impact."

Mr. Newhouse: "Most of our fiscal impact statements apply only to state revenue or loss of revenue."

Ms. Sommers: "The fiscal note I have in my hand talks about state impact over the biennium of $85,000 and local impact of $82,000."

Prohibiting the use of foreign beef and mutton in public institutions.

The bill was read the third time and placed on final passage.

Mr. Hansen spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Hansen yielded to question by Mr. Nelson (Gary).

Mr. Nelson (Gary): "Representative Hansen, so I can understand the impact of this measure, could you tell the body how many pounds of foreign beef are being used in our public institutions in the state of Washington today or maybe even how many pounds of American beef are being used in our public institutions in the state of Washington?"

Mr. Hansen: "I don't believe there is any way I could answer that and be truthful. There are 30,000 pounds per month being shipped in from foreign countries into the state of Washington that go to all segments of our society. It would take an act of Congress through the Tariff Commission to try to limit the quotas that are allowed to come into the United States. These foreign countries can ship their red meat, no bones, red meat, pure lean meat, and then the American processors use the surplus fat from our choice cattle to mix into this red import meat that is served not only in our state institutions, but also all of the markets. What we're asking is that foreign red meat not be mixed into the contract prices of the cattle that goes into our institutions. For actual pounds there is no way in the world I could answer..."
that question. Even the minute part that it is I think at this time we should demand that they use American grown products."

Mr. Nelson (Gary): "Which institutions are even using the mixed beef? If you could give me an example of one where the problem apparently exists that this piece of legislation is trying to correct?"

Mr. Hansen: "I think any state institution, whether it be from our schools—and I had one gentleman say, 'Well, I don't think they deserve good meat in our prisons so make them eat foreign meat.'"

Mr. Nelson (Gary): "Do you have any specific prison in mind that is using foreign beef?"

Mr. Hansen: "Every contract that is given out from schools to institutions are adding foreign meat into their mixture."

Representatives Struthers and Fancher spoke in favor of the bill, and Representatives Blair and Barnes spoke against it.

Mr. Hansen spoke again in favor of the bill, and Mr. Barnes now spoke in favor of the bill.

Mr. Smith spoke against passage of the bill.

The Clerk called the roll on the final passage of Engrossed House Bill No. 344, and the bill passed the House by the following vote: Yeas, 51; nays, 39; not voting, 8.

Authorizing the parks and recreation commission to control vehicular traffic on beaches.

The House resumed consideration of the bill on second reading. (For previous action, see yesterday's Journal, 20th Day ex. sess., March 30, 1977.)

Representative Hurley (Margaret) spoke in favor of the amendment.

Representatives Charnley and Douthwaite spoke in favor of the amendment, and Representatives Erickson and Enbody spoke against it.

Mr. Charnley spoke again in favor of the amendment, and Mr. Deccio spoke against it.

POINT OF PERSONAL PRIVILEGE

Mr. Charnley: "Mr. Speaker, Representative Deccio, I believe, has impugned my motives and the motives of the purpose of my presenting this. To my knowledge in recent times no faculty person has taken a sabbatical so that he could get off a year early. In the case of every person I've been associated with, they have come back and continued to teach for many, many years and every one of them have been better teachers than they were when they went."

Mr. Deccio continued his remarks against the amendment, and Mr. King spoke in favor of it.

HOUSE BILL NO. 429, by Representatives Kilbury, May, Clemente, Lux, Burns, Fischer, Becker, Martinis, Bender, Boldt and Grier:

Requiring the department of labor and industries to conduct railroad safety inspections relating to employees.

The bill was read the second time.

Committee on Labor recommendation: Majority, do pass as amended. (For amendments, see Journal, 12th Day ex. sess., March 22, 1977.)

On motion of Mr. Lux, the committee amendment to page 2, line 19 was adopted.

Mr. Lux moved adoption of the committee amendment to page 3, line 12.
Mr. Lux yielded to question by Mr. Patterson.

Mr. Patterson: "As I understand the present law and the amendment that we just adopted, what we would be doing is transferring the current duties and assignments for inspection from the Utilities and Transportation Commission to the Department of Labor and Industries for the purposes of safety, for personnel, and dealing with the railroad. Is that correct?"

Mr. Lux: "That's right, employees only."

Mr. Patterson: "And we are making that mandatory?"

Mr. Lux: "That's correct."

Mr. Patterson: "Then in the amendment we are speaking to now there is an interagency agreement involved which really talks about the funds that are basically collected by the Utilities and Transportation Commission, and they would be transferred over to the Department of Labor and Industries to carry out the function of the last amendment. Is that correct?"

Mr. Lux: "As I understand it, that's true."

Mr. Patterson: "In other words, we are having the Transportation Commission levy against the railroad companies some fees for the purpose of carrying out the safety inspections, and I understand that's where the money comes from, and by law we are now—not by agreement between the two agencies, but by law—we are saying that those moneys collected for that purpose, without designating really how many dollars we are talking about, shall be transferred to the Department of Labor and Industries. In other words, you are asking one agency of government to collect the money and make the assessment against the agencies that are going to be turned over to another agency of government to carry out the functions?"

Mr. Lux: "Representative Patterson, as I understand it, and I'm not a railroader, we heard the testimony of the Utilities and Transportation Commission that there are not sufficient inspectors to handle the duties of the WISHA and OSHA regulations now in force by the Department of Labor and Industries. Basically, these are the same safety regulations that we are referring to here. They have the inspectors available to do this; they have the expertise to do this and this is why this bill has been introduced—to take care of the situation so that there will be adequate safety inspections on the railroad for the employees."

Mr. Patterson: "Then what you are telling me is that the Department of Labor and Industries currently has enough personnel aboard on the payroll of the department to carry out these functions or are we going to be, by law, authorizing the Department of Labor and Industries to add several employees to carry out the functions that we are transferring?"

Mr. Lux: "That's correct, we're asking that these duties be transferred to the Department of Labor and Industries and that the moneys be transferred also. That's what that interagency agreement is all about."

Mr. Patterson: "Your statement was that the Department of Labor and Industries currently has the necessary personnel aboard to do the inspections."

Mr. Lux: "That was the testimony, yes. They apparently have ninety inspectors to do this in the state. The UCC apparently does this, there's federal inspectors too, and there just simply aren't enough inspectors to handle it to do a competent job and that's what this bill speaks to and what this amendment speaks to."

Mr. Patterson: "Are we going to be adding personnel to the Department of Labor and Industries to carry out the provisions of this amendment? That's the only question I'm trying to ask."

Mr. Lux: "We may be transferring the personnel, Representative Patterson."

Mr. Patterson: "This provides for transfer of people between the two departments?"

Mr. Lux: "This I don't know, but that very likely might be what happens. As I understand it we are just talking about transferring funds."

Mr. Patterson spoke against the amendment, and Representatives King and Kilbury spoke in favor of it.

MOTION
Mr. King moved that the House revert to the sixth order of business.

POINT OF PERSONAL PRIVILEGE
Mr. Berentson: "I think at this time we, in the minority caucus, would like to express displeasure with the procedure that occurred this morning in the Education Committee. If I might I would like to point to what we feel was a violation of—"

SPEAKER'S RULING
The Speaker: "Representative Berentson, we are on a motion to revert to the sixth order of business. I don't believe a point of personal privilege is in order at this time."

The motion to revert to the sixth order of business was carried.

POINT OF PERSONAL PRIVILEGE
Mr. Berentson: "Again, we would like to register our displeasure with the procedure used this morning—"

POINT OF ORDER
Mr. Charette: "Mr. Speaker, it's my understanding that under rule of personal privilege, that it's personal to any member. Mr. Berentson has started with 'we' and I would suggest it is not personal to Representative Berentson. He's merely trying to state something for a group he represents."

SPEAKER'S RULING
The Speaker: "The question of personal privilege under House Rule 63, 'Any member may rise to a question of privilege and explain a personal matter, by leave of the speaker, but the member shall not discuss any pending question in such explanations.'"

Mr. Berentson: "I guess I should be speaking in the first person if that would satisfy Representative Charette. On the other hand, I suppose we could place a motion as a point of parliamentary inquiry as to what occurred this morning, but if you would just afford me a few moments, we would like to call to your attention a procedure that did occur this morning and we felt the best way to do that would be with a point of personal privilege."

The Speaker: "The Chair will be a little lenient."

Mr. Berentson: "I might just point out that we questioned the procedure that was used this morning when the Education Committee had a meeting at the same time the roll was being called here in the House of Representatives. According to Rule 83, a committee cannot meet while the House is in session. There is some question as to whether the roll call was completed, but as we looked upon it there was no—"

POINT OF ORDER
Mr. Bender: "Representative Berentson is not on the Education Committee, so how can he talk to the actions taken in committee as a personal matter?"

The Speaker: "The Speaker was allowing him a little leeway, Representative Bender. Your point is well taken. He's discussing why the Education Committee was meeting, I think. Continue, Representative Berentson."

Mr. Berentson: "I was really talking about Rule 83, not the Education Committee. We really don't care what committee is meeting just so it's meeting according to the rules of the House. Let me point out that this morning that committee did meet, there was no notice to the general public; no notice to some committee members that the bill would be on executive session, which we think is an understanding we have here in the House, but yet we notice that some special interest groups were notified that the executive action would take place. We would hope that this is not a forerunner of the type of action we are going to see from this point on as we get down to the major issues before us. All we're asking is that you give us consideration; if you don't want bills out without public notice, that then we do have input here from the minority side. I trust that this bill, which has passed out of the committee on a straight party line vote of 9 to 7, and now includes probably an appropriation in the area of $1 billion, will now be sent to the Appropriations Committee. We realize fully that it does not have to be, that we can take the skeleton, put it in Appropriations Committee, and let Mr. Shinpoch put some meat on it without having the actual bill there, but this leads us to wonder
again, and we would like to serve notice, that if it is not going to be a completely partisan matter we would like to suggest again that we resolve ourselves into a Committee of the Whole, because it's apparent that the Education Committee and the Appropriations Committee, two very important committees, are not speaking to each other. In fact we wonder if the Education Committee hasn't capitulated entirely to the wishes of the Appropriations Committee—

POINT OF ORDER

Mr. Charette: "Mr. Speaker, under a point of personal privilege, it seems to me that Representative Berentson is really doing something that could be accomplished by calling a press conference rather than costing the state about $600 a line in the House Journal under a point of personal privilege."

The Speaker: "Well, Representative Charette, as I indicated earlier, the Speaker is being a little lenient on this point of personal privilege. We'll let Representative Berentson continue for a moment or two until we retaliate."

Mr. Berentson: "Representative Charette, this is a very personal matter to all of us over here. I'd like to point out, it's late in the day, and you people might miss the press release in the morning and we just want you to understand how we feel, but with that suggestion we might even have a press conference later in the day. In leaving you with this thought, that we some time ago suggested a Committee of the Whole so that the public might have some input. We think there are some real advantages. I would remind you again that the budget is considered in that manner over in the Senate and I would close by saying that we hope that this minority caucus will receive much better treatment in the future than we feel that we've received this morning."

The Speaker: "Representative Berentson, just to clear up a point or two in regard to your point of personal privilege, there was advertised a meeting of the Education Committee at 9:30, the agenda was hearing and executive session of basic education along with House Bill 1203 and House Bill 737 and House Bill 637. Adequate notice was given, the issue of basic education was advertised to be on executive session this morning, which took place. As far as the committee continuing to meet while we were in session, that did not occur. The house was called to order at 11 o'clock, the roll was called and as is a normal practice with committees when they are dealing with priority issues, they continue their meeting as long as is practical and they come to the House Chamber as soon as possible to answer the roll before the session is convened: That committee did adjourn itself prior to the time this session was actually convened with a quorum of the members present. Therefore there was no violation of House Rule 83. This is an issue that we have talked about, the minority party has consistently requested that we have the issue of basic education before us; the majority party is doing all in its power to allow that issue to come before us so that it can be adequately discussed.

In regard to the Committee of the Whole, that's a very viable possibility and that just may perhaps be the way the issue is finally discussed on the floor of this House. That issue did pass in executive session during the lunch hour today and there is nothing wrong with that procedure. It has occurred many times in the past that because of a time constraint a special committee meeting is called for executive action, which does not require additional testimony, so I think your point of personal privilege, which will be in the record, is not well taken."

Mr. Berentson: "Our concern was that within the agenda that did appear, a given bill number was not listed. It was listed only as a public hearing and executive session, and basic education as a subject matter was listed without a definite bill being identified. The whole thing that concerns us is that there was no public hearings, no public input whatsoever. We realize that people are late from committee meetings, but when a point of order was raised in the committee as to whether Rule 83 was being complied with, the meeting was immediately adjourned. So I think there was some reason for question there."

HOUSE BILL NO. 1169, by Representatives Adams, Kreidler, Hanna and Haley:

Modifying restrictions on marriage.

The bill was read the second time.

Mr. Berentson moved adoption of the following amendment to the committee amendment: On page 1, beginning on the 17th line after “institution” strike all material down to and including “July 1, 1970” on the last line.

Mr. Berentson spoke in favor of the amendment to the amendment, and Mr. Thompson spoke against it.

POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Shinpoch.

Mr. Shinpoch: "Representative Thompson, it makes it retroactive to 1970, which would conceivably make the person 77 years old and I wonder if there is an individual you are trying to reach that to?"

Mr. Thompson: "There may well be, Representative Shinpoch, some individual who has both the vigor and the continuing intellectual capacity to continue the valuable service to the institution. Maybe someone on this floor can name such an individual. My intent was more general."

Mr. Shinpoch: "Do I understand correctly that the date 1970 was not selected—that it could have been 1972 or 1975 or some other date, that we did not select that date to pick up a certain individual?"

Mr. Thompson: "It was selected to be sufficiently broad so as to afford sufficient latitude to consider anyone within that age range that would qualify under the act."

Mr. Berentson spoke again in favor of the amendment to the committee amendment.

The amendment to the amendment was not adopted.

The Speaker stated the question before the House to be adoption of the committee amendment, and a division was called.

> NEW SECTION. Sec. 10. Section 4, chapter 122, Laws of 1973 1st ex. sess. and RCW 7.68.040 are each hereby repealed.

Representatives Tilly and Smith spoke in favor of the amendments, and Representatives Shinpoch and Charette spoke against them.

Mr. Tilly spoke again in favor of the amendments, and they were not adopted.

The Clerk read the following amendment by Representatives Tilly and Smith:

- On page 3, line 19 after "so made" insert "including any recovery resulting from an action against the state."

With the consent of the House, Mr. Tilly withdrew the amendment.

"NEW SECTION. Section. 1. The purpose of sections 1 through 12 of this act is to integrate the policies of this chapter into the decision making processes of the department of ecology in the implementation of the permit system of chapters 90.03 and 90.44 RCW as they pertain to proposed significant withdrawals of public surface and ground waters. The legislature finds that proposals to irrigate large tracts of land for agricultural purposes with large amounts of water removed from public surface and ground waters of the state have great environmental, social, and economic implications. The legislature finds that these proposals should be ruled upon only after full and very careful consideration to insure that the general public interest and welfare is protected and promoted and that the maximum net benefits are secured for the people of the state."
NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section shall apply throughout sections 1 through 12 of this act.

(1) 'Application' means an application for a permit provided for in RCW 90.03.250 and 90.44.050.

(2) 'Department' means department of ecology.

(3) 'Family farm unit' means a geographical area consisting of not more than two thousand acres of irrigated agricultural lands utilized for the benefit of a single family.

(4) 'Permit' means a permit as provided for in RCW 90.03.290 and 90.44.060.

(5) 'Person' means any individual, corporation, partnership, or other entity.

(6) 'Public entity' means any governmental agency, public or municipal corporation, or county with authority to administer and operate an agricultural irrigation water supply system and the capability to serve a substantial number of family farm units.

(7) 'Public waters' mean waters subject to the permit system of chapters 90.03 and 90.44 RCW.

(8) 'Regional' means a geographical area, not limited to a specific areal extent, that, because of overall compatibility between numerous physical, social and economic characteristics including, but not limited to, soil types, irrigability, water availability, topography, and accessibility, appears to lend itself to a single comprehensive development.

(9) 'Significant withdrawal' means any proposed withdrawal by any person of public surface or ground waters for agricultural irrigation uses:

(a) In the amount of forty cubic feet per second or greater; or
(b) On two thousand acres or greater.

A proposed withdrawal shall be considered a 'significant withdrawal' if it relates to a portion of a total project or operating unit which exceeds the amounts of subsection (9)(a) or (b) of this section.

NEW SECTION. Sec. 3. In order to secure maximum net benefits in the allocation of public waters for the people of the state and to otherwise carry out statutory policy and protect and promote the public interest and welfare, applications for permits issued pursuant to RCW 90.03.290 and 90.44.060, which authorize a significant withdrawal of public waters, shall be processed as provided in sections 4 through 7 of this act.

NEW SECTION. Sec. 4. (1) The following shall be favored generally in relation to significant withdrawals:

(a) Development of water supply projects which provide water to members of the public generally in regional areas of the state;
(b) Development of multipurpose water projects;
(c) Operation by public entities of such comprehensive water supply and multipurpose water projects; and
(d) Family farming.

(2) In the processing of an application for a significant withdrawal, the department shall first determine whether: (a) Public waters are available for appropriation for a beneficial use, and (b) the proposed withdrawal of public waters would not impair existing rights. The department shall deny the application if either of these two determinations are not in the affirmative.

(3) If the department finds public waters are available and no such impairment would take place, the department shall then determine whether the proposed use of water will be upon lands which may be served in better fashion, taking into account public interest considerations, through a regional water supply system or multipurpose water project. This finding shall be determined after the completion of feasibility studies, environmental impact statements, or other appropriate information gathering methods. The department shall further determine whether there is presently a public entity in existence with the interest and capability to construct and operate such a project, or whether it appears such an entity will be established within the reasonably foreseeable future.

(4) If the department determines that a regional water project appears both desirable and feasible for development and that a public entity is or will be in existence which has the interest and capability to construct and operate such a project within the reasonably foreseeable future, the department shall take appropriate actions designed to bring about the development of the regional project and the creation of water rights under chapters 90.03 and 90.44 RCW for the operating public entity. The department may, as one of such actions described above, reserve public waters as provided in RCW 90.54.050 to assure the availability of public waters for the project. These actions shall continue unless the department thereafter concludes that the objectives of the actions cannot be reached within a reasonable time.

(5) Permits issued under chapters 90.03 and 90.44 RCW to a public entity for a regional water project shall be conditioned to insure a substantial portion of the waters, normally more than fifty percent, authorized for withdrawal for irrigation use are used for family farm units and that no person owning or operating a family farm unit and receiving water from the substantial portion should be supplied further waters from such portion. The permit shall provide conditions taking into account state water allocation policy to insure equitable distribution of those waters available for lands other than those within family farm units. The permits shall be further conditioned to require all users of water for agricultural irrigation purposes to carry out a conservation and management program as described in section 7 of this act. Except as provided in section 9(3) of this act, the department shall not include a condition limiting the term of time of effectiveness of the permit to a specific period of years or to a specific termination date unless specifically requested by the applying public entity.
NEW SECTION. Sec. 7. (1) A water right pertaining to a significant withdrawal shall normally include a condition relating to a conservation and management program designed to promote public interest values on the lands to which the public waters are to be applied as well as on adjacent lands. This program shall include, among others and when reasonably achievable, elements which promote natural resources values, protect against soil losses to public waters and air, and provide for adequate drainage and related facilities. The program shall be developed in consultation with appropriate federal, state, and local agencies having responsibilities for administration of natural resources protection and management programs. The program shall be designed to minimize the financial commitment of the permit holder and the commitment shall, whenever possible, be limited to a one-time expense. The program shall be designed, so far as practicable, to preclude a commitment of the permit holder to perform special farm practices of a nature not associated with standard farm conservation practices.

(2) Generally, this program, in precisely described form, shall be included as a condition of the permit at the time of the ruling upon the application. However, in some circumstances, it is contemplated that a precisely described program may not be included as a condition of the permit prior to its issuance. In such event a permit condition requiring a program to be developed in precisely described form by the permittee, after consultation with the public entities referred to in subsection (1) of this section, shall be included. The permit shall further require that the program must be submitted by the permittee to, as well as be approved by, the department within six months of the date of the issuance of the permit. Approval of a program, in the form approved by the department, shall be by written regulatory order. No public waters authorized for withdrawal by a permit shall be withdrawn prior to the approval being given to a program.

(3) Conservation and management programs, as related to fauna and flora, shall be designed primarily for nonfarmed areas and farmed areas which are not appropriate for intensive agricultural endeavors.

(4) Implementation by the permittee of a program embodied in a permit condition on a continuing basis shall be a requirement for continued withdrawal of public water and failure to so implement a program shall constitute grounds for the department to terminate the permit.
NEW SECTION. Sec. 8. The department shall carry out a monitoring program pertaining to the uses being made by permittee of public waters to insure against waste and other practices which may cause degradation of public resources and to otherwise prevent misuse of public waters and permits shall be conditioned to insure compliance herewith.

NEW SECTION. Sec. 9. (1) Nothing in sections 1 through 12 of this act shall:
   (a) Affect any existing rights to withdraw public waters;
   (b) Modify the regulation of existing rights based on the priority of the right;
   (c) Modify or otherwise affect any other provision of law pertaining to permits or certificates, including those pertaining to loss or forfeiture thereof;
   (d) Be construed as authorizing members of the public to enter private lands subject to the provisions of this chapter; or
   (e) Relate to or modify any powers of eminent domain.
   (2) The rights embodied in permits issued for significant withdrawals shall be subject to existing rights.
   (3) The provisions of sections 1 through 12 of this act should be considered as nonexclusive water allocation policy factors, and should not be construed as restricting the department from consideration of other factors as they become relevant to rulings on applications for permits and conditions on permits for significant withdrawals.

NEW SECTION. Sec. 10. Detailed statements, as provided for in RCW 43.21C.030, shall be prepared when appropriate prior to ruling upon any application for a significant withdrawal or withdrawal for a regional water supply project as provided in sections 4 and 6 of this act.

NEW SECTION. Sec. 11. The department may promulgate such rules and make such orders as may be necessary to carry out the provisions of this chapter. Such rules shall include, but not be limited to, those requiring persons issued permits under this chapter or receiving water pursuant to such permits and persons leasing agricultural land irrigated with the water governed by such permits to submit such reports as are necessary to ensure that the provisions of this chapter are effectively enforced. Orders and regulations of the department shall be subject to review in accordance with chapter 43.21B RCW. The department shall conform to the provisions of the administrative procedure act, chapter 34.04 RCW, in carrying out the provisions of this chapter.

NEW SECTION. Sec. 12. Notwithstanding any provision of this chapter to the contrary, nothing contained in this chapter shall give, or be construed to give, any person in respect to land distributed water by a public water entity, any rights or benefits in excess of those rights or benefits which such person has pursuant to such person's legal relationship with the public water entity under any contract or under any other laws or under the rules, regulations, bylaws, or resolutions adopted by the public water entity.

NEW SECTION. Sec. 13. This chapter shall be liberally construed so as to carry out the purposes specified in section 1 of this act and so as to prevent any person from using any artifice or scheme inconsistent with such purposes and in circumvention of the requirements contained herein. The provisions of this chapter are cumulative and nonexclusive in respect to any other state law dealing with water rights.

NEW SECTION. Sec. 14. If any provision of this act, or its application to any person, organization, or circumstance is held invalid or unconstitutional, the remainder of the act, or the application of the provision to other persons, organizations, or circumstances is not affected.

NEW SECTION. Sec. 15. Sections 1 through 14 of this act shall be added to chapter 90.54 RCW.

NEW SECTION. Sec. 16. This 1977 act constitutes an alternative to Initiative 59. The secretary of state is directed to place this 1977 act on the ballot in conjunction with Initiative 59 at the next ensuing regular election as required by Article II, section 1 of the Constitution.

Within ten days after such election, the election board of the county shall canvass the returns, and if at such election a majority of the voters voting upon such proposition shall vote in favor of the formation of such district, the election board shall so declare in its canvass of the returns of such election, and such public utility district shall then be and become a municipal corporation of the state of Washington, and the name of such public utility district shall be Public Utility District No. . . . . . . of . . . . . . . County. The powers of the public utility district shall be exercised through a commission consisting of three members in three commissioner districts (of the second class), and five members in five commissioner districts (of the first class). When the public utility district is coextensive with the limits of such county, then, at the first election of commissioners and until any change shall have been made in the boundaries of public utility district commissioner districts, one public utility district commissioner shall be chosen from each of the three county commissioner districts of the county in which the public utility district is located. When the public utility district comprises only a portion of the county, with boundaries established in accordance with chapter 54.08 RCW, three public utility district commissioner districts, numbered consecutively, having approximately equal population and boundaries, following ward and precinct lines, as far as practicable, shall be described in the petition for the formation of the public utility district, which shall be subject to appropriate change by the county commissioners if and when they change the boundaries of the proposed public utility district, and one commissioner shall be elected from each of said public utility district commissioner districts. In all five commissioner districts (of the first class) an additional commissioner at large shall be chosen from each of the two at large districts. No person shall be eligible to be elected to the office of public utility district commissioner for a particular district commissioner district unless he is a registered voter of the public utility district commissioner district or at large district from which he is elected.

Except as otherwise provided, the term of office of each public utility district commissioner other than the commissioners at large shall be six years, and the term of each commissioner at large shall be four years. Each term shall be computed from the first day of December following the commissioner's election. One commissioner at large and one commissioner from a commissioner district shall be elected at each general election held in an even-numbered year for the term of four years and six years respectively. All candidates shall be voted upon by the entire public utility district.

When a public utility district is formed, three public utility district commissioners shall be elected at the same election at which the proposition is submitted to the voters as to whether such public utility district shall be formed. The commissioner residing in commissioner district number one shall hold office for the term of six years; the commissioner residing in commissioner district number two shall hold office for the term of four years; and the commissioner residing in commissioner district number three shall hold office for the term of two years. The commissioners first to be elected as above provided shall hold office from the first day of the month following the commissioners' election. Each term shall be computed from the first day of December following the commissioners' election.

All public utility district commissioners shall hold office until their successors shall have been elected and have qualified. A filing for nomination for public utility district commissioner shall be accompanied by a petition signed by one hundred registered voters of the public utility district, which shall be certified by the county auditor to contain the required number of registered voters, and shall otherwise be filed in accord with the requirements of RCW 29.21.060. At the time of filing such nominating petition, the person so nominated shall execute and file a declaration of candidacy subject to the provisions of RCW 29.21.060, as now or hereafter amended. The petition and each page of the petition shall state whether the nomination is for a commissioner from a particular commissioner district or for a commissioner at large and shall state the districts; otherwise it shall be void. A vacancy in the office of public utility district commissioner shall occur by death, resignation, removal, conviction of a felony, nonattendance at meetings of the public utility district commission for a period of sixty days unless excused by the public utility district commission, by any statutory disqualification, or by any permanent disability preventing the proper discharge of his duty. In the event of a vacancy in said office, such vacancy shall be filled at the next general election held in an even-numbered year, the vacancy in the interim to be filled by appointment by the remaining commissioners. If more than one vacancy exists at the same time in a three commissioner district (of the second class), or more than two in a five commissioner district (of the first class), a special election shall be called by the county election board upon the request of the remainder, or, that failing, by the county election board, such election to be held not more than forty days after the occurring of such vacancies.

A majority of the persons holding the office of public utility district commissioner at any time shall constitute a quorum of the commission for the transaction of business, and the concurrence of a majority of the persons holding such office at the time shall be necessary and shall be sufficient for the passage of any resolution, but no business shall be transacted, except in usual and ordinary course, unless there are in office at least three the term of whose commission shall not expire within two years of the time of the meeting. The proposed change of the boundaries of the public utility district commissioners' district must be made by resolution and after public hearing. Notice of the time of a public hearing thereof shall be published for two weeks prior thereto. Upon a referendum petition signed by ten percent of

SUBSTITUTE SENATE BILL NO. 2082, Prime Sponsor: Senator Wilson, establishing procedures for abolishing state agencies. Reported by Committee on State Government.

April 4, 1977
MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. This act may be known and cited as the 'Regulatory Reform Act of 1977'."

NEW SECTION. Sec. 2. The state legislature finds that state agencies may fail to deliver services as effectively and efficiently as is expected by the general public and as originally contemplated by the legislature. It further finds that state government actions have produced a substantial increase in numbers of agencies, growth of programs, and proliferation of rules and regulations, and that the entire process has evolved without sufficient legislative oversight, regulatory accountability, or a system of checks and balances. The legislature further finds that by establishing a system for the termination, continuation, or modification of state agencies, coupled with a system of scheduled review of such agencies, it will be in a better position to evaluate the need for the continued existence of existing and future state agencies.

NEW SECTION. Sec. 3. As used in this act the following words and phrases shall have the following meanings unless the context clearly requires otherwise.

(1) 'Committees of reference' means the standing legislative committees designated by the respective rules committees of the senate and house of representatives to consider termination, modification, or reestablishment of state agencies pursuant to this act.

(2) 'Person' includes every natural person, firm, partnership, corporation, association, or organization.

(3) 'Regulatory entity' means any board, commission, agency, division, or other unit or subunit of state government which licenses or regulates one or more professions, occupations, industries, businesses, or other endeavors in the state of Washington.

(4) 'State agency' includes every state office, officer, department, board, commission, regulatory entity and agency of the state, and where provided by law, programs and activities involving less than the full responsibility of a state agency.

NEW SECTION. Sec. 4. Any state agency scheduled for termination by the processes provided in this act may be reestablished by the legislature for a period of time specified by law, but not to exceed six years. At the end of such period of time the legislature shall again review such state agency in a manner consistent with the provisions of this act and reestablish, modify, or consolidate such state agency or allow it to be terminated.

NEW SECTION. Sec. 5. The legislative budget committee shall cause to be conducted a program and fiscal review of each state agency scheduled for termination by the processes provided in this act. Such program and fiscal review shall be completed and a report prepared on or before September 30 of the year prior to the date established for termination. Upon completion of its report, the legislative budget committee shall transmit copies of the report as well as related studies and documents to all members of the legislature, to the state agency concerned, to the governor, and to the state library.

NEW SECTION. Sec. 6. In conducting the review of a regulatory entity, the legislative budget committee shall consider, but not be limited to, the following factors where applicable:

(1) The extent to which the regulatory entity has permitted qualified applicants to serve the public;

(2) The extent to which the regulatory entity restricts or inhibits competition or otherwise adversely affects the state's economic climate;

(3) The extent to which the system of regulation has contributed directly or indirectly to increasing or decreasing the costs of any goods or services involved;

(4) The duties of the regulatory entity and the costs incurred in carrying out such duties;

(5) Whether the regulatory entity has operated in the public interest, including the extent to which the regulatory entity has:

(a) Sought and achieved public participation in making its rules and decisions including consideration of recommending appointment of one or more 'public' members to the entity;

(b) Processed to completion in a timely and equitable manner the formal complaints filed with it;

(c) Implemented an effective system of evaluating the impact on the public of its rules and decisions regarding economy, availability and improvement of the services rendered to the persons it regulates;

(d) Initiated administrative procedures or recommended statutory changes to the legislature that would benefit the public as opposed to the persons it regulates; and

(e) Identified the needs and problems of the recipients of goods and services provided by those regulated;

(6) The extent to which persons regulated by the regulatory entity have been encouraged to participate in assessing problems in their profession, occupation, or industry which affect the public;

(7) The impact and effectiveness of the regulatory entity with respect to the problems or needs the entity was intended to address;

(8) The consequences of eliminating or modifying the program of the regulatory entity;

(9) The extent to which the regulatory entity duplicates the activities of other regulatory entities; and

(10) The extent to which the absence or modification of regulation would adversely affect the public health, safety, or welfare.

NEW SECTION. Sec. 7. In conducting the review of a state agency other than a regulatory entity, the legislative budget committee shall consider, but not be limited to, the following factors where applicable:

(1) The extent to which the state agency has complied with legislative intent;

(2) The extent to which the state agency is operating in an efficient and economical manner which results in optimum performance;

NEW SECTION. Sec. 8. The extent to which the state agency has established rules that have a substantial impact on the public and to the extent that any rule of policy, procedure, practice, or standard of performance has been approved by the state agency.
(3) The extent to which the state agency is operating in the public interest by effectively providing a needed service that should be continued rather than modified, consolidated, or eliminated;

(4) The extent to which the state agency duplicates the activities of other state agencies; and

(5) The extent to which the termination or modification of the state agency would adversely affect the public health, safety, or welfare.

NEW SECTION. Sec. 8. (1) Following receipt of the report of the legislative budget committee, the appropriate committees of reference in the senate and the house of representatives shall jointly hold a public hearing to consider the legislative budget committee report and any related data. The committees shall also receive testimony from representatives of the state agency involved, which shall have the burden of demonstrating a public need for its continued existence; and from the governor or the governor's designee, and other interested parties, including the general public.

(2) When requested jointly by the presiding members of the appropriate senate and house committees of reference, a regulatory entity under review shall mail an announcement of the joint hearing to the persons it regulates who have requested notice of agency rule-making proceedings as provided in RCW 34.04.025(1)(a), as now existing or hereafter amended, or who have requested notice of hearings held pursuant to the provisions of this section. On request of either presiding member, such mailing shall include an explanatory statement not exceeding one page in length prepared and supplied by the member's committee.

(3) The presiding members of the senate committee on ways and means and the house committee on appropriations may designate one or more liaison members to each committee of reference in their respective chambers for purposes of participating in the joint hearing and in subsequent committee of reference discussions and to seek a coordinated approach between the committee of reference and the committee they represent in a liaison capacity.

(4) Following the joint hearing by the committees of reference, such committees may separately hold additional meetings or hearings to come to a final determination as to whether a state agency has demonstrated a public need for its continued existence or whether modifications in existing procedures are needed. In the event that a committee of reference concludes that a state agency shall be reestablished or modified or its functions transferred elsewhere, it shall make such determination as a bill. No more than one state agency shall be reestablished or modified in any one bill.

NEW SECTION. Sec. 9. If terminated, a state agency shall continue in existence until June 30th of the next succeeding year for the purpose of concluding its affairs: PROVIDED, That the powers and authority of the state agency shall not be reduced or otherwise limited during this period. Unless otherwise provided:

(1) All employees of terminated state agencies classified under chapter 41.06 RCW, the state civil service law, shall be transferred as appropriate or as otherwise provided in the procedures adopted by the personnel board pursuant to RCW 41.06.150;

(2) All documents and papers, equipment, or other tangible property in the possession of the terminated state agency shall be delivered to the custody of the agency assuming the responsibilities of the terminated agency or if such responsibilities have been eliminated, documents and papers shall be delivered to the state archivist and equipment or other tangible property to the department of general administration.

(3) All funds held by, or other moneys due to, the terminated state agency shall revert to the fund from which they were appropriated, or if that fund is abolished to the general fund;

(4) All rules made by a terminated state agency shall be repealed, without further action by the state agency, at the end of the period provided in this section, unless assumed and reaffirmed by the agency assuming the related legal responsibilities of the terminated state agency or if such responsibilities have been eliminated, documents and papers shall be delivered to the state archivist and equipment or other tangible property to the department of general administration.

(5) All contractual rights and duties of a state agency shall be assigned or delegated to the agency assuming the responsibilities of the terminated state agency, or if there is none to such agency as the governor shall direct.

NEW SECTION. Sec. 10. This act shall not affect the right to institute or prosecute any cause of action by or against a state agency terminated pursuant to this act if the cause of action arose prior to the end of the period provided in section 9 of this act. Such causes of action may be instituted, prosecuted, or defended in the name of the state of Washington by the office of the attorney general. Any hearing or other proceeding pending before a state agency to be terminated and not completed before the end of the period provided in section 9 of this act, may be completed by the agency assuming the responsibilities of the terminated state agency.

NEW SECTION. Sec. 11. Any reference in this act to a committee of the legislature including the legislative budget committee shall also refer to the successor of that committee.

NEW SECTION. Sec. 12. (1) The speaker of the house of representatives and the president of the senate shall appoint a select joint committee consisting of ten members of the legislature within thirty days of the effective date of this act. The speaker shall appoint three members of the majority party and two members of the minority party. The president shall appoint three members of the majority party and two members of the minority party. The committee shall be responsible for the development of legislation which provides a schedule for the termination of state agencies in a manner consistent with the terms of this act.

The termination of such state agencies shall occur over a period of six years, beginning on June 30, 1979. In the development of such legislation, the select joint committee shall:

(a) Identify state agencies which might appropriately be scheduled for termination;

(b) Arrange for automatic termination of state agencies with a reasonable number of state agencies to be terminated on June 30, 1979, a reasonable number of state agencies to be terminated on June 30, 1981, and a reasonable number of state agencies to be terminated on June 30, 1983;
(c) Seek to schedule state agencies with like goals, objectives, or functions for termination on the same date so as to better assure identification of duplicative activities and provide for appropriate modification or consolidation of state agencies to avoid future duplication; and

(d) Seek to schedule state agencies for termination in a manner which assures that as many committees of reference as possible have sufficient opportunity to develop experience in conducting reviews as provided pursuant to the terms of this act, and which assures that no such committee is given responsibility for review of an unreasonable number of state agencies during any legislative session.

(2) In identifying those state agencies to be scheduled for termination, the select joint committee shall consider, but not be limited to, the following factors where applicable:

(a) The extent to which the burden of compliance on the executive and legislative branches with the terms of the act is reasonable;

(b) The extent to which a state agency may serve the interests of a particular profession, occupation, or industry as opposed to the interests of the public;

(c) The extent to which a state agency may have outlived its original statutory purpose; and

(d) The potential for fiscal savings.

(3) The select joint committee shall also be responsible for assisting in the implementation of the terms and provisions of this act and shall establish proposed procedures which facilitate legislative review as required by this act for presentation to the legislature. Such committee shall recommend legislative rules which assure effective and appropriate consideration of all bills and reports regarding termination, modification, consolidation, or reauthorization of state agencies scheduled for termination.

(4) Proposed legislation, recommendations, and findings shall be submitted to the legislature as soon as is practicable, but no later than the first day the legislature is in session after January 1, 1978.

NEW SECTION. Sec. 13. Nothing in this act shall prevent the legislature from abolishing or modifying a state agency scheduled for termination prior to the agency's established termination date or from abolishing or modifying any other state agency.

NEW SECTION. Sec. 14. (1) The following programs shall be terminated on June 30, 1978:

(a) Debt adjusting (chapter 18.28 RCW);

(b) Midwifery (chapter 18.50 RCW);

(c) Proprietary schools (chapter 18.82 RCW);

(4) Proposed legislation, recommendations, and findings shall be submitted to the legislature as soon as is practicable, but no later than the first day the legislature is in session after January 1, 1978.

NEW SECTION. Sec. 15. Except for sections 14, 16, and 17 of this act, this act shall expire on June 30, 1983, unless extended by law for an additional fixed period of time.

NEW SECTION. Sec. 16. The following acts or parts of acts are each repealed, effective June 30, 1979:

MOTION

Mr. King moved that further action on Substitute House Bill No. 1120 be deferred until consideration of Substitute House Bill No. 520 was completed.

Mr. Pardini spoke in favor of the motion, and it was carried.

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Representative Shinpoch, in connection with your point of order raised on the Barnes' amendment, it has been an established custom and precedent that when you read the last line of a bill on second reading, you have the right to go back to any part of the bill and offer amendments. So on the basis of a precedent established in the House of Representatives, I am going to rule the amendment is in order."

Mr. Shinpoch: "Mr. Speaker, would you quote the rule to me that you made that ruling on?"

The Speaker (Mr. O'Brien presiding): "The rule we are referring to is House Rule 26, which states in part, 'Upon second reading, the bill number and short title and the last line of the bill shall be read unless a majority of the members present shall demand its reading in full.' Then it goes on to state, 'The bill shall be subject to amendment section by section.' It has been our position that when the last line is read, that if you pass a section you can still offer amendments. Also Reed's Rule 130 states, 'When the main question is in paragraphs or sections, the second reading is by paragraphs or sections for amendment, and each paragraph is amended in its turn...'. In this instance the bill is still on second reading and whether we've been adhering to the amendments section by section, it hasn't been the custom of the House."

Mr. Shinpoch: "Mr. Speaker, it seems to me that the two things you just quoted out of Reed's Rules and out of Rule 26, that the bill should be considered section by section, then you quoted Reed's Rules, which said those paragraphs shall be taken in turn, would preclude the ruling that you just made that we can go back now after we have passed section 1 and strike it or make an amendment to it. Those two things that you just quoted to me would say that you cannot do that."

The Speaker (Mr. O'Brien presiding): "Well, I read section by section to mean that sections shall be read section by section and if the sections were read section by section and
amendments were then offered section by section, then I would say your point was well taken, but we do not read the bill section by section."

Mr. Barnes moved adoption of his amendment, and spoke in favor of it.

Representatives Douthwaite, Shinpoch, Haley and Clayton spoke against adoption of the amendment.

Mr. Barnes spoke again in favor of the amendment, and Mr. Shinpoch spoke again in opposition to it.

Mr. Charette demanded the previous question, and the demand was sustained.

The amendment was not adopted.

Mr. Barnes moved adoption of the following amendment:

On page 3, line 15 strike "the effective date of this 1977 amendatory act" and insert "January 1, 1978".

Mr. Barnes spoke in favor of the amendment, and Mr. Douthwaite spoke against it.

The amendment was not adopted.

Substitute House Bill No. 520 was ordered engrossed and passed to Committee on Rules for third reading.

SUBSTITUTE HOUSE BILL NO. 1120, by Representative Valle:

Enacting an alternative to Initiative 59.

The House resumed consideration of the bill on second reading. (For previous action, see Journal, 26th Day ex. sess., April 5, 1977.)

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the amendment by Representative Charette striking everything after the enacting clause and inserting new material.

Representatives Pardini, Becker, Boldt, Flanagan, Zimmerman and Tilly spoke in favor of the amendment, and Representatives Kilbury, Valle, Kreidler, Barr, Charnley, Hughes and Pruitt spoke against it.

Mr. Bender demanded an electric roll call and the demand was sustained.

Mr. Charette spoke in favor of the amendment, and Mr. Barr spoke again in opposition to it.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Leckenby.

Mr. Leckenby: "Representative Charette, having served on the Committee on Ecology that considered these various bills, one of the areas that I consider to be a potential problem is what happens when some of these farms that are larger than 2,000 acres are left to surviving relatives in Initiative 59, in House Bill No. 1120 and in your amendment? It seems to me that in Initiative 59 there was any number of parcels of 2,000 acres or less and there was some confusion from there on. I wonder if you could clarify that?"

Mr. Charette: "Representative Leckenby, first of all, in Initiative 59, it is my understanding in reading it, that with the formation of a family farm unit, which would be less than 2,000 acres—and that's the only thing that Initiative 59 addresses itself to—there would be a procedure for setting up family farms. I believe there is either five or ten years to establish the fact. There is, I believe, the intent on behalf of the drafters of Initiative 59 to protect the continuation of the family farm by referring to trusts, but one of the questions I have when they use the word trust in Initiative 59 is that they are not talking necessarily about testamentary trust. It's very possible that these units could be placed into trust in a number of units, for instance, ten 2,000 acre units placed in trust with a large company would be 20,000 acres.

Now to get to House Bill No. 1120, I would rather address myself, and I think that basically the reason I introduced this amendment, it maintains the 2,000 acre or less established farm unit and then it talks about substantial withdrawal. Now I believe that it is the intent as far as I'm concerned to allow in certain cases corporate farming—substantial withdrawal. I don't believe you would have any problem as far as passing that along because it would be, if it were a large corporation, obviously the stockholders in death would leave their stock to somebody or sell it as they grow. The reason I believe this is a legitimate alternative is that it has
the first half of Initiative 59. The first half of this amendment is Initiative 59 essentially, and the second half would then allow for substantial withdrawal with certain regulations for fifty years. I think the fifty-year period is important because we are talking about a substantial investment. Many of the large companies, two (without naming them) last year opposed the Department of Ecology WAC regulations, saying they couldn't live with them. Then when the initiative came out, I believe they changed their minds and they now say they can live with them. I hope I've answered your question."

Mr. Leckenby: "Is there a vehicle in House Bill 1120 that would facilitate the passing on of a farm to be divided up among two or more heirs where the parcels would be 2,000 acres or less, and is there a legal problem there as far as arrangement and so forth? If that's a problem, does your amendment straighten it out?"

Mr. Charette: "I don't believe that it is a problem so long as you're dealing with 2,000 acres or less. There are some regulations that must be complied with and I think in that respect, on 2,000 acres or less, House Bill 1120 and the amendment I present at present are essentially the same as far as testamentary succession is concerned."

Mr. Knedlik spoke in favor of the amendment.

The Clerk called the roll on adoption of the amendment by Representative Charette to Substitute House Bill No. 1120, and the amendment was adopted by the following vote: Yeas, 51; nays, 38; not voting, 9.

SENATE AMENDMENT TO HOUSE BILL  April 5, 1977

Mr. Speaker:
The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 23 with the following amendment:
On page 14, line 17 strike all of section 38, and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

MOTION
Mrs. Valle moved that the House do concur in the Senate amendment to Engrossed Substitute House Bill No. 23.

Representatives Valle and Newhouse spoke in favor of the motion, and Mr. Ehlers spoke against it.

MOTION
On motion of Mr. King, further consideration of the Senate amendment to Engrossed Substitute House Bill No. 23 was deferred until Monday, April 11th.

SECOND READING

HOUSE BILL NO. 960, by Representative Clemente:
Relating to education.
The bill was read the second time.
On motion of Mr. Clemente, Substitute House Bill No. 960 was substituted for House Bill No. 960, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 960 was read the second time.

Mr. Lysen moved adoption of the following amendment:
On page 2, following line 11 insert a new subsection to read as follows:
'(1) Establish that the primary responsibility for children and their education rests with the family, while the state educational system is intended to provide necessary resources to the student and family, to meet the objectives and needs of the child, the family and society, and to reexamine the educational system periodically as determined by the citizens to meet collectively those needs and objectives;'
Renumber the following subsections consecutively.

Representatives Lysen and Lee spoke in favor of the amendment, and Mr. Clemente spoke against it.

Mr. Lysen spoke again in favor of the amendment.

Mr. Patterson demanded an electric roll call and the demand was sustained.

ROLL CALL
The Clerk called the roll on adoption of the amendment by Representative Lysen to Substitute House Bill No. 960, and the amendment was adopted by the following vote: Yeas, 47; nays, 43; not voting, 8.

Voting nay: Representatives Adams, Bauer, Becker, Bender, Boldt, Charette, Charnley, Clemente, Conner, Enbody, Erickson, Fortson, Gallagher, Grier, Grimm, Gruger, Hanna, Hansen, Hawkins, Heck, Kilbury, King, Knedlik, Kreidler, Lux, Martinis, Maxie, May, McCormick, McKibbin, Moreau, Owen, Pruitt, Sherman, Shinpoch, Smith, Sommers, Thompson, Vallee, Vrooman, Walk, Williams, and Mr. Speaker.

Mr. Barnes moved adoption of the following amendment:
On page 3, line 19 after "of" strike "four" and insert "three"

Representatives Barnes and Taller spoke in favor of the amendment, and Mr. Heck spoke against it.

The amendment was not adopted.

On motion of Mr. Clemente, the following amendment by Representatives Clemente and Shinpoch was adopted:

On page 3, line 25 after "in" strike "classes or"

Mr. Struthers moved adoption of the following amendment:

On page 4, line 5 after "arts," insert "junior R.O.T.C.,"

Mr. Struthers spoke in favor of the amendment, and Mr. Clemente spoke against it.

POINT OF INQUIRY

Mr. Clemente yielded to question by Mr. Polk.

Mr. Polk: "Representative Clemente, I believe I understand your comment about laundry lists and the thing that confuses me about it is, are you suggesting that the various subjects that are identified, such as art and music, career education, agricultural education, and so on, might be broad enough to cover a subject like junior R.O.T.C.?"

Mr. Clemente: "Yes, Representative Polk, that's my belief. I think that anything that is presently going on now is included someplace in those broad subheadings carried in the bill."

Mr. Polk: "Career education, distributive education, trade or technical, health, home and family, business occupations—I really don't see anything there—industrial arts, health and physical education. Is there something there that you could identify on this particular one that would, in your belief, cover R.O.T.C.?"

Mr. Clemente: "I wouldn't try to pinpoint one right now, but my statement originally was that if it's going on out there now, and is presumed to be legal, nothing is done in this legislation so far that has precluded that from continuing to happen."

Mr. Polk: "And being properly funded then under this section?"

Mr. Clemente: "Under this section we are not funding the special activities that are given individual students. We're funding the institutions, the entire education."

Mr. Polk spoke in favor of the amendment, and Mr. Blair spoke against it.

Mr. Clemente spoke again in opposition to the amendment.

On motion of Mr. Pardini, the following remarks by Representative Clemente were ordered inserted in the Journal:

Mr. Clemente: "Representative Polk went down a peculiar road to arrive at his conclusion. R.O.T.C., I'm assuming, is reserve officer training. We have a vocational education section in this bill and military is a vocation. I think it fits."

The amendment was not adopted.

On motion of Mr. Heck, the following amendments were adopted:

On page 4, line 12 after "instruction" insert "per year"

On page 4, line 13 after "instruction" insert "per year"

The Speaker called on Mr. Bender to preside.

Mr. Chandler moved adoption of the following amendment by Representatives Chandler, Lee and Dunlap:

On page 4, line 18 after "28A.13 RCW" insert "and special education pursuant to chapter 28A.16"

Representatives Chandler, Lee and Dunlap spoke in favor of the amendment, and Representatives Shinpoch and Bauer spoke against it.

Mr. Chandler spoke again in favor of the amendment.

POINT OF INQUIRY

Mr. Chandler yielded to question by Mr. Knedlik.

Mr. Knedlik: "If we pass your amendment is it your intention on page 7, line 10 to delete categorical inclusion of the operation of programs for gifted students?"
Mr. Chandler: "No."

Mr. Knedlik: "Then are we going to be setting out gifted students in a way that is somewhat different by virtue of being duplicative of what we do elsewhere?"

Mr. Chandler: "It is my understanding, Representative Knedlik, that we would be treating them just as do the handicapped, establishing the intent section with as great an emphasis for them as we are the handicapped."

Representatives Shinpoch and Ehlers spoke against the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Chandler, Lee and Dunlap to Substitute House Bill No. 960, and the amendment was not adopted by the following vote: Yeas, 36; nays, 54; not voting, 8.

Mr. Douthwaite moved adoption of the following amendment:

On page 4, line 18 after "RCW" insert "and the URRD educational programs pursuant to RCW 28A.41.250 through 28A.41.290."

Representatives Douthwaite and Greengo spoke in favor of the amendment, and Representatives Shinpoch and Clemente spoke against it.

Mr. Douthwaite spoke again in favor of the amendment, and Mr. Heck spoke against it.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Douthwaite to Substitute House Bill No. 960, and the amendment was not adopted by the following vote: Yeas, 25; nays, 59; not voting, 14.

Mr. Nelson (Gary) moved adoption of the following amendment by Representatives Nelson (Gary) and Bauer:

On page 6, line 1 after "pupils" insert ": PROVIDED FURTHER, That these rules and regulations shall provide that any district that has a ratio of no greater than 25 pupils per classroom in grades kindergarten through three shall be in conformance with this section."

Representatives Nelson (Gary) and Bauer spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Bauer yielded to question by Mr. Thompson.

Mr. Thompson: "Representative Bauer, are you saying that this language would modify your original act?"

Mr. Bauer: "Yes."

Mr. Thompson: "But it in no way supersedes or repeals it?"
Mr. Bauer: "No, the other alternative was to repeal it and I felt it was a responsible position to set a floor to avoid that problem that those districts have and the possibility of repeal."

The amendment was adopted.

Mr. Clemente moved adoption of the following amendment by Representatives Clemente and Shinpoch:

On page 6, line 11 after "shall" strike "annually"

Representatives Clemente and Schmitten spoke in favor of the amendment, and it was adopted.

On motion of Mr. Clemente, the following amendment by Representatives Clemente and Shinpoch was adopted:

On page 6, after line 18 insert the following:

"Such compensation shall be sufficient to provide personnel for 180 school days per year and for a minimum seven hours per day.

For purposes of determining funding entitlement under this 1977 amendatory act, a full time equivalent pupil shall mean each individual student between five and twenty-one years of age, who is enrolled in grades one through twelve as of the second Monday of September and as of the first school day of any subsequent month, for five classroom contact hours per day for 180 school days per year. Individual students in attendance for less than five classroom contact hours per day shall count as a portion of one full time student by the same ratio as the actual hours of attendance to five hours. Individual students in attendance for more than five classroom contact hours per day shall count as one full time equivalent pupil. Each pupil enrolled in kindergarten programs shall count as one-half of one full time equivalent pupil."

Mr. Taller moved adoption of the following amendment by Representatives Taller and Fancher:

On page 6, after line 18 add a new paragraph as follows:

"Notwithstanding any other provisions of this section, in ascertaining the full time equivalent pupil enrollment under this section for any school district declining in such enrollment from the immediately preceding school year, the legislature shall increase such enrollment as otherwise herein computed by fifty percent of the full time equivalent pupil enrollment loss from such previous year.

Notwithstanding any other provision of this section, in ascertaining the full time equivalent pupil enrollment under this section for any school district increasing in such enrollment from the immediately preceding school year, the legislature shall increase such enrollment as otherwise herein computed by twenty percent of the full time equivalent pupil enrollment increase of the current year over the year preceding."

Representatives Taller and Fancher spoke in favor of the amendment, and Mr. Clemente spoke against it.

Mr. Polk demanded an electric roll call and the demand was sustained.

Mr. Shinpoch spoke against adoption of the amendment.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mrs. Fancher.

Mrs. Fancher: "I realize that you are answering the declining situation, but is this going to answer the sudden increase?"

Mr. Shinpoch: "I'm certainly glad you asked that because I forgot to deal with that. Let's understand that what we are dealing with here is maintenance and operation money. We are not dealing with capital money. We had arguments in our caucus that we have to build school buildings and we don't have room and these kinds of things when we have rapid growth in enrollment. None of this money goes to build school buildings, that's out of different kinds of things. These moneys go to buy teachers and when you get (and I can't say this year, but next year) approximately twenty FTE's, full times, that are there, you're going to get another faculty. That gives you a faculty entitlement and you're going to get it. That is very simply what this plan does and it will take care of that enrollment that is going up."

Mrs. Fancher: "But what if the problem doesn't show up until after the faculty has already been hired for the year?"

Mr. Shinpoch: "In the bill we define a full time equivalent student as a student that is there on the second day of September or the first day of each succeeding month thereafter, so if they come in some time in September, as of October 1st, if you get twenty students, you're going to have entitlement for another staff."

Mr. Taller spoke again in favor of the amendment.
POINT OF INQUIRY

Mr. Taller yielded to question by Mr. Heck.

Mr. Heck: "The presumption in the second paragraph is obviously that if you have an enrollment growth, there are disproportionate costs associated with educating that student. It has been made very clear by Representative Shinpoch that the dollars follow the kids, so that in fact on a month to month basis the school districts would receive additional money according to growth. Could you please identify for us what the disproportionate costs are associated with enrollment growth and how you arrived at the twenty percent figure, and what need that relates to?"

Mr. Taller: "I think what we are talking about here is the situation where you've made a plan and there are additional changes from the half enrollment. You are talking about a shifting which you've made commitments to the previous year as far as your teachers. That's one of the problems that has been identified and what we're asking for here is an additional factor for that adjustment. The twenty percent in all honesty is an arbitrary figure. I think, Representative Heck, you've probably heard more testimony on the twenty percent than I have because it's a fact that it has been around—been, in my understanding, in various bills that have been presented."

Representatives Heck and Ehlers spoke in opposition to the amendment, and Representatives Hurley (George) and Fuller spoke in favor of it.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Taller and Fancher to Substitute House Bill No. 960, and the amendment was not adopted by the following vote: Yeas, 40; nays, 48; not voting, 10.

MOTIONS

On motion of Mr. King, further consideration of Substitute House Bill No. 960 was deferred, and the bill was ordered held for Monday's second reading calendar.

On motion of Mr. King, the House adjourned until 10:00 a.m., Monday, April 11, 1977.

JOHN BAGNARIOL, Speaker.
The House was called to order at 10:00 a.m. by the Speaker. The Clerk called the roll and all members were present except Representatives Polk, Williams and Wilson, who were excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Jody Tiffany and Brian Hicks. Prayer was offered by Reverend Paul Beeman of the First United Methodist Church of Olympia.

Reading of the Journal of the previous day was dispensed with and it was ordered to stand approved.

SUBSTITUTE SENATE BILL NO. 3047, Prime Sponsor: Senator Washington, extending the application date to April 30 for current use classification of agricultural land for taxation beginning in the subsequent year. Reported by Committee on Revenue.

MAJORITY recommendation: Do pass with the following amendments:
On page 2, add new sections following section 2 as follows:
'Sec. 3. Section 10, chapter 212, Laws of 1973 1st ex. sess. and RCW 84.34.065 are each amended to read as follows:
The true and fair value of farm and agricultural land shall be determined by consideration of the earning or productive capacity of comparable lands from crops grown most typically in the area averaged over not less than ((five)) four years, capitalized at indicative rates. The earning or productive capacity of farm and agricultural lands shall be the 'net cash rental', capitalized at a 'rate of interest' charged on long term loans secured by a mortgage on farm or agricultural land plus a component for property taxes.

For the purposes of the above computation:
(1) The term 'net cash rental' shall mean the average rental paid on an annual basis, in cash or its equivalent, for the land being appraised and other farm and agricultural land of similar quality and similarly situated that is available for lease ((for a period of at least three years)) to any reliable person without unreasonable restrictions on its use for production of agricultural crops. There shall be allowed as a deduction from the rental received or computed any costs of crop production charged against the landlord if the costs are such as are customarily paid by a landlord. There shall be added to the rental received or computed an amount to represent federal agricultural subsidies if appropriate and not otherwise included. If 'net cash rental' data is not available, the earning or productive capacity of farm and agricultural lands shall be determined by the cash value of typical or usual crops grown on land of similar quality and similarly situated averaged over not less than ((five)) four years. Standard costs of production shall be allowed as a deduction from the cash value of the crops.

With respect to farm and agricultural land classified or under application for classification pursuant to chapter 84.34 RCW which is being leased or is available for lease, lease payment amounts shall be disclosed to the county assessor or department of revenue upon request.

The current 'net cash rental' or 'earning capacity' shall be determined by the assessor with the advice of the advisory committee as provided in RCW 84.34.145, and through a continuing study within his office, assisted by studies of the department of revenue. This net cash rental figure as it applies to any farm and agricultural land may be challenged before the same boards or authorities as would be the case with regard to assessed values on general property.

April 7, 1977
THIRTY-SECOND DAY, April 11, 1977

(2) The term 'rate of interest' shall mean the weighted average rate of interest charged by the farm credit administration and other large financial institutions regularly making loans secured by farm and agricultural lands through mortgages or similar legal instruments, (a) averaged over the immediate past ((five)) four years and (b) weighted by the estimated dollar volume of such loans made in each year.

((The 'rate of interest' shall be determined annually by the revenue department of the state of Washington, and such determination shall be published not later than January 1 of each year for use in that assessment year. The determination of the revenue department may be appealed to the state board of tax appeals by any owner of farm or agricultural land or the assessor of any county containing farm and agricultural land:))

(3) The 'component for property taxes' shall be a percentage equal to the estimated ((millage rate times the legal assessment ratio)) levy rate multiplied by the ratio of current-use value in the county to equalized true and fair value of those properties classified under this chapter.

(4) The rate of interest and component for property taxes shall be determined by the department of revenue of the state of Washington. Such determinations shall be published not later than January 1st of each year for use in that assessment year. The determination of the department of revenue may be appealed to the state board of tax appeals by any owner of land affected by the determination or by the assessor of any county.

NEW SECTION. Sec. 4. There is added to chapter 84.34 RCW a new section to read as follows:

A five member committee consisting of two representatives designated by the assessors association, one representative designated by the association of counties, and one representative designated by the United States department of agriculture cooperative extension service, and chaired by a representative designated by the department of revenue shall serve in a review capacity in the implementing of open space current use assessment guidelines.

The committee shall:

(1) Review, as deemed necessary by the committee, the procedures and methodology of current use assessment of open space land as defined in RCW 84.34.020.

(2) Advise the legislature concerning the administration of the laws governing current use assessment of open space land; and proposed changes to said law; and

(3) Make recommendations to the assessors of those counties in which the department of revenue determines that the department's estimate of current use value differs from assessed current use value by more than ten percentage points.

Renumber the remaining section consecutively.

On page 1, line 5 of the title, after '84.34.035;' add '.amending section 10, chapter 212, Laws of 1973 1st ex. sess. and RCW 84.34.065; adding a new section to chapter 84.34 RCW;'

SECOND READING

SUBSTITUTE HOUSE BILL NO. 960, by Committee on Education (Originally sponsored by Representative Clemente):

Enacting "The Education Act of 1977."

The House resumed consideration of the bill on second reading. (For previous action, see Journal, 29th Day ex. sess., April 8, 1977.)

On motion of Mr. Shinpoch, the following amendment by Representatives Clemente and Shinpoch was adopted:

On page 7, strike the paragraph beginning on line 5 down to and including line 6.

The Clerk read the following amendment by Representative Burns:

On page 7, following subsection (12) add a new subsection (13) as follows:

"(13) The operation of programs with extraordinary costs, when such costs are a result of a combination of (a) population density and/or fluctuation thereof and (b) needs which are unique to a minority and/or bilingual students"

POINT OF ORDER

Mr. Pardini: "Mr. Speaker, the subject matter of Mr. Burns amendment was decided on Friday. I raise the appropriateness of raising the question again."

The Speaker (Mr. O'Brien presiding): "Representative Pardini, the two amendments you are referring to are in different sections and the language is somewhat different than the amendment offered by Representative Burns."

Mr. Burns moved adoption of the amendment, and spoke in favor of it.

POINT OF ORDER

Mr. Shinpoch: "Mr. Speaker, in your ruling that we had not dealt with this subject, I don't believe you looked at the Taller amendment. It deals with the Taller amendment that was voted down, which dealt with density and fluctuation of students. It appears to me that we are dealing with the same subject in the same section again."
POINT OF ORDER

Mr. Warnke: "Speaking to the point of order, Mr. Speaker, I believe that the Taller amendment spoke only to the fluctuation of student population, but as I read this amendment, this is a fluctuation of either minority or bilingual students only."

The Speaker (Mr. O'Brien presiding): "The Speaker is going to rule the amendment is in order."

Mr. Taller moved adoption of the following amendment to the Burns amendment:
On line 2 strike "population" and insert "enrollment"

Mr. Taller spoke in favor of the amendment to the amendment, and Mr. Heck spoke against it.

The amendment to the amendment was not adopted.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the amendment by Representative Burns to page 7.

Mr. Burns spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Burns yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Burns, I know what you are trying to do on population density, but we're dealing with a bill that applies statewide. My question to you is: Can you tell me where I can obtain the population density of Tukwila or Castle Rock?"

Mr. Burns: "I don't know about population density necessarily, Representative Pardini, you can certainly obtain the population figures from one of the areas of state government here."

Mr. Pardini: "Your amendment talks about population density. Does that mean only the three urban areas, Seattle, Tacoma and Spokane?"

Mr. Burns: "Not necessarily, it could mean Yakima. Let me refer you to Representative Hawkins on that particular question."

Mr. Hawkins: "Representative Pardini, that information can be obtained from OPP&FM, Mr. John Walker. He computes the population information for every community in the state and with the census you have population density information if you care for it precisely. Also each county or city planning agency has the capability to compute that."

Mr. Pardini: "You're making reference to population density, not just population only?"

Mr. Hawkins: "Yes."

Representatives Douthwaite, Lux, Nelson (Dick) and Pruitt spoke in favor of the amendment, and Representatives Leckenby, Clemente, McKibbin, Shinpoch and Deccio spoke against it.

POINT OF INQUIRY

Mr. Clemente yielded to question by Mr. Berentson.

Mr. Berentson: "Could you venture an estimate of what percentage of these funds would apply to the City of Seattle?"

Mr. Clemente: "I couldn't venture a guess."

POINT OF INQUIRY

Mr. Berentson asked Representative Bauer to yield to question, and he refused to yield.

Mr. Berentson spoke against adoption of the amendment.
MOTION

Beginning on line 8 of the amendment to page 17, line 13, after "district," strike all material down to and including "expenditure" on line 12 and insert "such increase in compensation shall not be considered in computing the average compensation level for purposes of determining the school district's entitlement from the state general fund."

Representatives Polk and Sanders spoke in favor of the amendment to the amendment, and Representatives Shinpoch, McKibbin and Clemente spoke against it.

Mr. Polk spoke again in favor of the amendment to the amendment, and Mr. Shinpoch spoke again in opposition to it.

Representatives Dunlap and Shinpoch spoke in favor of the amendment to the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Dunlap to the Clemente/Shinpoch amendment to Substitute House Bill No. 960, and the amendment to the amendment was adopted by the following vote: Yeas, 90; nays, 1; not voting, 7.

Voting yea: Representatives Adams, Amen, Barnes, Barr, Bauer, Becker, Bender, Berentson, Blair, Boldt, Bond, Burns, Chandler, Charnley, Clayton, Clemente, Conner, Craswell, Deccio, Douthwaite, Dunlap,
On motion of Mr. Dunlap, the following amendment to the Clemente/Shinpoch amendment was adopted:

On line 13 of the amendment after "expenditure."
insert "The legislature declares that by fiscal year 1980, no taxes approved by the electors of a school district pursuant to RCW 84.52.052 shall be used to fund basic programs of education as defined in section 3 of this 1977 amendatory act."

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the amendment by Representatives Clemente and Shinpoch as amended.

Mr. Clemente spoke in favor of the amendment, and Mr. Pardini spoke against it.

Mr. Shinpoch yielded to question by Mr. Ehlers.

Mr. Ehlers: "If a local school district seeks a merit change type of program as an additional increment, would this amendment prohibit that kind of program?"

Mr. Shinpoch: "We deal with compensation in this bill as the average for school districts. We do not deal with how you arrive at that compensation, nor do we deal with any individuals within the districts nor make a distinction between administration for classroom or classified. We deal with classified separately than we do certified, but only for purposes of average salary. We deal with no individuals or no manner in which you approach compensation."

Mr. Ehlers: "In a number of school districts the employees and the school districts have negotiated a two-year contract, the provisions of which include an increase of six percent, sometimes seven percent, in the second year for the next two years, excluding increments. If, in fact, that is true and there are such contracts, if the state comes with a four percent across-the-board increase, if I understand this amendment, this means that the local school districts cannot get it out of property tax, must take it out of the rest of the program if they are going to pay it and that will also be deducted from what comes from the state. Is that correct?"

Mr. Shinpoch: "I think under the Dunlap amendment that's only correct after 1980. The previous amendment says that you may use special levy money to increase the compensation above a certain level. The next paragraph of the original two paragraphs says, in effect, that we recognize that there are some two-year contracts out there; it says for purposes of entitlement for funding then you can only count state use. If you go over and above that then the entitlement will be reduced by that amount."

Representatives Ehlers and Shinpoch spoke in favor of the amendment, and Representatives Douthwaite and Pardini spoke against it.

Ms. Becker demanded an electric roll call and the demand was sustained.

Mr. McKibbin spoke in favor of the amendment.

Mr. Shinpoch yielded to question by Mr. Patterson.

Mr. Patterson: "Representative Shinpoch, in the language in the Clemente/Shinpoch amendment it speaks to average compensation levels. The thing I would like to know is when you are computing currently the levels, for example, of the Seattle school district, which is about 18,000 on the average, did you use in the computations the fringe benefits that have been accrued as part of the compensation level? In other words, the actual salary take-home versus any adds you would have for fringe benefits, medical benefits, health benefits, dental benefits?"

Mr. Shinpoch: "Representative Patterson, the run that we did was just on salaries; however, we know what the compensation package is for each school district and we know what that costs the school districts. There is huge differences in them, you know, as much as 300-400% differences in the benefits level other than salaries, so we did mean this to mean just
compensation. In other words, you could not drive up from almost no medical plan to full medical, full life, full dental plan or anything you wanted with your special levy money which then we must pick up in the following year. It was deliberately written compensation so that couldn't happen."

Mr. Patterson: "Then the computations that we have distributed do not, at the present time, include those fringe benefits into those average compensations?"

Mr. Shinpoch: "That was my statement the first statement I made, the run that we made was against salaries only."

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Berentson.

Mr. Berentson: "Just a point of clarification. Is my understanding correct that what you're doing in the second paragraph of the amended amendment, is you're suggesting that we, the legislature, will place in the general apportionment formula a proviso which indicates what money may be expended by that school district for salaries and with a penalty proviso? Is that what we're doing here?"

Mr. Shinpoch: "Representative Berentson, what we're doing here is putting in substantive law—not in the budget bill—we're putting in substantive law the manner in which special levy money may be handled as it relates to compensation. The budget bill will be built on this basis."

Mr. Berentson: "Assuming then that this language is inserted within the budget bill, am I correct in what I read into this, that you're going to spell out those moneys that can be appropriated or spent by a given district for salaries and if they overspend they are going to be subject to the penalties under the office of the Superintendent of Public Instruction and along with this there is absolutely no way that they can go to special levies for salary increases?"

Mr. Shinpoch: "It was not my intent that I was going to lay out each school district and the percentage for each school district for classified and certificated personnel. That was not my intent. That is a fairly thick document. It was not my intent to do that in the budget bill. It was my intent to transmit this to the Superintendent of Public Instruction and tell him this is the kind of money we are driving and this is the entitlement to the districts, and that this is the manner in which we will determine the entitlement in the following year."

Mr. Berentson spoke against adoption of the amendment, and Mr. Shinpoch spoke again in favor of it.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Ehlers.

Mr. Ehlers: "In your amendment, when you're talking about average compensation levels, are we talking about statewide average? Are we talking about the average of that same school district as is in affect at that time?"

Mr. Shinpoch: "The manner in which the whole plan is based is on the average salaries for certificated and classified for each school district—not a statewide basis, but for each school district."

Mr. Ehlers: "Would that compensation include increments, dental plans, health insurance, and everything in that average compensation?"

Mr. Shinpoch: "Yes, I think increments would normally be considered a portion of salary and the other would be considered a portion of fringe benefits. All of these go to make up compensation."

POINT OF INQUIRY

Mr. Clemente yielded to question by Mr. Fuller.

Mr. Fuller: "As we have worked our way through this bill, the only time I've heard a ratio mentioned is in the K through three programs. Does this amendment which is proposed here now preclude school districts reducing the ratio of pupils to teachers if they wish to do so?"

Mr. Clemente: "By hiring an individual teacher in a specific classroom, I believe that would be possible under an enrichment type program without affecting the district wide average."
Mr. Fuller: "It would not violate the intent of the amendment here?"

Mr. Clemente: "I don't think so."

Mr. Warnke spoke against adoption of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Clemente and Shinpoch as amended to Substitute House Bill No. 960, and the amended amendment was adopted by the following vote: Yeas, 72; nays, 25; not voting, 1.

Not voting: Representative Williams.

Representative Hurley (Margaret) moved adoption of the following amendment:

On page 17 at line 23 insert a new section:

"NEW SECTION. Sec. 24.
This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accord with the provisions of section 1, Article II of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof."

Representative Hurley (Margaret) spoke in favor of the amendment, and Representatives Hurley (George) and Shinpoch spoke against it.

The amendment was not adopted.

Mr. Polk moved adoption of the following amendment:

On page 2, line 36 after *nation.* strike all the material down to and including *concepts.* on page 3, line 7 and insert "To become a productive citizen one must have the opportunity to:
(a) Obtain the basic skills necessary to support self and family;
(b) Acquire the skills for life-long development of his or her individual talents or propensities;
(c) Develop a working knowledge of our nation's democratic and educational processes and values; and
(d) Be introduced to an appreciation of cultural concepts."

POINT OF ORDER

Mr. Charette: "Mr. Speaker, do I have an amendment there changing the spelling of democratic from a small d to a capital D?"

Mr. Polk: "I thought I could clarify that. Actually Representative Charette gave me the amendment and I didn't see fit to put it up on the desk so it didn't get there."

The Speaker (Mr. O'Brien presiding): "There isn't an amendment on the desk relative to changing the d."

Mr. Polk spoke in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Polk to Substitute House Bill No. 960, and the amendment was adopted by the following vote: Yeas, 58; nays, 34; not voting, 6.

Voting nay: Representatives Adams, Bauer, Becker, Bender, Boldt, Charette, Clemente, Conner, Enbody, Erak, Fortson, Gallagher, Grier, Gruger, Hanna, Hawkins, Heck, Hughes, Keller, Kilbury, King, Knowles, Kreidler, Lux, Martinis, May, McCormick, McKitibin, North, O'Brien, Owen, Pearsall, Shinpoch, and Mr. Speaker.

Not voting: Representatives Bond, Moreau, Thompson, Valle, Vrooman, Williams.

Mr. Shinpoch moved adoption of the following amendment:
On page 6, line 24 strike "nonhigh" and insert "small-high"

Mr. Shinpoch spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Ehlers.

Mr. Ehlers: "There are school districts that are nonhigh school districts. What would be the affect of your amendment on those?"

Mr. Shinpoch: "My understanding is that they are covered in the definition of the remote and necessary and it is not intended that there will be any impact on the remote and necessary nonhigh, or small-high school districts."

Mr. Berentson spoke in favor of the amendment, and it was adopted.

Mr. Whiteside moved adoption of the following amendment by Representatives Whiteside, Dunlap, Craswell, Pardini, Lee, Barnes, Greengo, Schmitten, Fuller and Taller:

**NEW SECTION.** Sec. 5. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.41 RCW a new section to read as follows:

1. To determine the allocation of monies for financial equalization under section 4 of this 1977 amendatory act respecting certificated employees, the superintendent of public instruction's staff education and experience table shall be used. The table shall be renewed or revised biennially and shall be subject to approval, rejection or amendment by the legislature. The table shall be used as part of the superintendent's biennial state budget request. In the event the legislature should reject the table presented without adopting a new table, that table established for the previous biennium shall remain in effect.

The legislature shall determine for each school year the base level of salary support per certificated staff unit, at not less than the base level of salary support per certificated staff unit for 1976-77. The base level of salary support per certificated staff unit for 1976-77 shall be calculated by dividing the state-wide average salary of certificated staff units by the state-wide average pay differential factor as determined by the superintendent's staff education and experience table. The base level of salary support per certificated staff
unit, multiplied by the superintendent's pay differential factor, shall determine the dollars of salary support for each certificated staff unit.

The numerical allocation of certificated staff shall be computed from the following relationships: For each average annual twenty full time equivalent kindergarten, elementary and secondary pupils enrolled in the regular program (not including vocational or handicapped programs), one certificated staff unit; and for each 16.67 full time equivalent pupils enrolled in approved vocational classes, an additional allocation of one certificated staff unit: PROVIDED, That because of increased costs for operating such plants for remote and necessary elementary districts with enrollments of less than one hundred full time equivalent pupils, and for remote and necessary schools within a district, with less than one hundred full time equivalent pupils enrolled in the remote school, all as approved by the state board of education, there shall be the numerical allocation of certificated staff hereunder as follows: For grades kindergarten through six, for enrollments up to sixty full time equivalent pupils, three certificated staff units; for enrollments above sixty full time equivalent pupils, an additional certificated staff unit based upon a ratio of one certificated staff unit per twenty pupils; for grades seven through eight, for enrollments up to twenty full time equivalent pupils, one certificated staff unit; for enrollments above twenty full time equivalent pupils, an additional certificated staff unit based upon a ratio of one certificated staff unit per twenty pupils: PROVIDED FURTHER, That because of increased costs for operating such plants for high schools with enrollment of less than three hundred full time equivalent pupils, nine and one-half certificated staff units for the first sixty full time equivalent pupils; and an additional certificated staff unit for each forty-three and six-tenths additional full time equivalent pupils: AND PROVIDED FURTHER, That because of increased costs for operating such plants, for urban area schools, all as approved by the superintendent of public instruction, there shall be such additional certificated staff units to the number of full time equivalent enrolled pupils as determined by the superintendent of public instruction and approved by the legislature: AND, PROVIDED FURTHER, For those school districts (a) with programs necessitating additional costs through interdistrict cooperation under RCW 28A.58.075, or as otherwise provided by law, or (b) with costs resulting from students who reside in any home or institution devoted to providing a home for dependent or otherwise referred or entrusted children exempt from taxation under the laws of the state, or (c) having over three percent of its students living on property owned by the state, any of its political subdivisions or any municipal corporation, there shall be such additional certificated staff units to the number of full time equivalent enrolled pupils as determined by the superintendent of public instruction and approved by the legislature.

Notwithstanding any other provision of this section, the superintendent of public instruction, in ascertaining the full time equivalent pupil enrollment under this section for any school district declining in such enrollment from the immediately preceding school year, shall increase such enrollment as otherwise herein computed by fifty percent of the full time equivalent pupil enrollment loss from such previous year.

In addition to the dollar support hereinafore in this subsection provided, each school district shall receive for certificated employee benefits, an amount sufficient to reimburse such district for their payments to the old-age and survivors insurance system embodied in the social security act, for employee retirement.

In addition to the dollar support hereinabove in this subsection provided, each school district shall receive for certificated employee benefits, an amount sufficient to reimburse such district for their payments to the old-age and survivors insurance system embodied in the social security act, for employee retirement.

In addition to the dollar support hereinabove in this subsection provided, each school district shall receive for certificated employee benefits, an amount sufficient to reimburse such district for their payments to the old-age and survivors insurance system embodied in the social security act, for employee retirement.

In addition to the dollar support hereinabove in this subsection provided, each school district shall receive for certificated employee benefits, an amount sufficient to reimburse such district for their payments to the old-age and survivors insurance system embodied in the social security act, for employee retirement.

In addition to the dollar support hereinabove in this subsection provided, each school district shall receive for certificated employee benefits, an amount sufficient to reimburse such district for their payments to the old-age and survivors insurance system embodied in the social security act, for employee retirement.

In addition to the dollar support hereinabove in this subsection provided, each school district shall receive for certificated employee benefits, an amount sufficient to reimburse such district for their payments to the old-age and survivors insurance system embodied in the social security act, for employee retirement.

In addition to the dollar support hereinabove in this subsection provided, each school district shall receive for certificated employee benefits, an amount sufficient to reimburse such district for their payments to the old-age and survivors insurance system embodied in the social security act, for employee retirement.
as provided for in section 7 of this 1977 amendatory act enrolled on the first school day of each month. Certificated employee for the purposes of this section shall include the superintendent of the school district.

NEW SECTION. Sec. 6. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.41 RCW a new section to read as follows:

In addition to those state funds provided for school districts as otherwise in this chapter provided, the superintendent of public instruction shall include as a part of the superintendent's state budget request, funds to be distributed to school districts for programs, including but not limited to, programs for the handicapped as authorized by chapter 28A.13 RCW, as now or hereafter amended, compensatory programs, programs for gifted students, programs for urban, rural, and racial disadvantaged students, pupil transportation including equipment acquisition, and other special programs as deemed appropriate by the superintendent of public instruction and authorized by the legislature, the allocation of funds therefor subject to rules and regulations of the superintendent of public instruction.

(1) Additional support for gifted programs shall be provided based upon a certificated staff allotment, a classified staff allotment, and a nonemployee cost allotment determined by applying the regular program ratios for these three items to 0.1 of the total full time equivalent enrollment of gifted children. Gifted children are those children who score within the upper three percent of the student population throughout the state as identified by standardized means. Prior to disbursement of funds to any district for gifted programs, the superintendent of public instruction must certify that:

(a) The district's program is designed to meet the needs of gifted children; and
(b) Funds previously disbursed for gifted children programs have not been spent for purposes other than gifted programs.

(2) For those districts with educationally disadvantaged children, meaning children who come to school lacking skills, attitudes and behaviors normally acquired outside of school and which are necessary to benefit from the regular school program, additional funding for certificated staff, classified staff, and nonemployee costs shall be provided. The allotment of staff and the funding of nonemployee costs shall be determined in the same manner as for regular programs (not including vocational or handicapped programs). Districts shall be entitled to additional funding in accordance with this subsection for the following:

(a) 0.1 of the total full time equivalent pupils enrolled who are eligible for free or reduced-price lunch;
(b) 0.4 of the total full time equivalent pupils enrolled who meet the criteria in (a) above and who reside in a school district with a thirty percent or greater concentration of pupils eligible for free or reduced-price lunch; and
(c) 0.2 of the total full time equivalent pupils enrolled who meet federal eligibility standards for bilingual instruction or who rank in the lower ten percent state-wide on the total reading score on state achievement tests.

Prior to disbursement of funds to any district for educationally disadvantaged programs, the superintendent of public instruction must certify that:

(i) The district's program is designed to meet the needs of educationally disadvantaged children; and
(ii) Funds previously disbursed for educationally disadvantaged programs have not been spent for purposes other than educationally disadvantaged programs.

(3) In determining the allocation of moneys for financial equalization under section 4 of this 1977 amendatory act, each district will be compensated for extragovernmental costs in excess of three percent of standard administrative costs upon approval by the superintendent of public instruction under rules and regulations promulgated by the superintendent in accordance with chapter 34.04 RCW: PROVIDED, That to qualify for such costs under this paragraph, a school district shall:

(a) Describe the extraordinary administrative demands;
(b) Describe the administrative functions necessary to meet such demands; and
(c) Estimate the staff hours required to perform such administrative functions. Extraordinary administrative demands, as defined in rules and regulations of the superintendent, may include, but not necessarily be limited to, the following:

(i) Racial and/or socio-economic integration;
(ii) Equal employment opportunity;
(iii) Extraordinary management required by, but not funded by, grants from whatsoever source; and
(iv) Extraordinary management required by, but not funded by, any federal, state or local law.

In fixing the amount of any such claim by a high school district for educating nonresident high school pupils from such nonhigh districts the educational service district board shall determine the net difference between the cost of educating high school pupils in the given high school district per ((weighted)) full time equivalent pupil enrolled for the preceding year as determined pursuant to RCW 28A.44.080(2) and the state total guarantee, including the equal guarantee provided for in RCW 28A.41.130, per ((weighted)) full time equivalent pupil enrolled in such high school district for the preceding year, less any funds received by the high school district pursuant to Title 20, sections 236 through 244, United States Code, for any nonresident high school pupils educated in the high school district for such preceding year. SECOND READING

SUBSTITUTE HOUSE BILL NO. 960, by Committee on Education (Originally sponsored by Representative Clemente):

Enacting "The Education Act of 1977."

The House resumed consideration of the bill on second reading. (For previous action, see Journal, 29th Day, ex. sess., April 8, 1977 and 32nd Day ex. sess., April 11, 1977.)

The Speaker stated the question before the House to be the amendment by Representatives Whiteside, Dunlap, Craswell, Pardini, Lee, Barnes, Greengo, Schmitten, Fuller and Taller, striking everything after the enacting clause and inserting new language.

Representatives Pardini, Taller, Berentson and Barnes spoke in favor of the amendment, and Representatives Clemente and McKibbin spoke against it.

Mr. Pardini spoke again in favor of the amendment.

POINT OF INQUIRY

Mr. Pardini yielded to question by Mr. Lux.

Mr. Lux: "Representative Pardini, there are a lot of things in this amendment of yours that are very attractive to me and some of the representatives in Seattle. I wonder what the cost impact would be over and above Substitute House Bill No. 960? Is there any? Have you given that any thought?"

Mr. Pardini: "Representative Lux, first of all, don't give me credit for the amendment. There are about nine or ten people who collaborated on the amendment and they did most of the work and it's a joint effort. On the cost impact, it is my understanding that the proposed amendment has been costed by the Superintendent of Public Instruction on those formulas, and the cost impact of this proposed amendment for funding basic education during the 1977-79 biennium is $1.5 billion. Those are the figures I was trying to present earlier in arguments, but so many people are afraid of that $1.5 billion so I asked the House Ways and Means staff, the Appropriations staff, to find out how much we had paid in the 1975-77 biennium. The total state allocation of general fund money was $1.3 million plus an additional almost $500 million in special levies, making it a total of about $1.8 billion."

Mr. Lux: "Representative Pardini, what I'm trying to determine is how much more we are talking about in the proposed amendment than in House Bill No. 960?"

Mr. Pardini: "I believe, Representative Lux, there is no way to tell, because we don't know what Substitute House Bill No. 960 is going to cost or what that budget bill is going to contain or how much money is going to be appropriated. That is my objection to 960, we really don't know what it is going to cost, in my opinion."

Mr. Polk spoke in favor of the amendment.

Mr. Patterson demanded an electric roll call and the demand was sustained.

*Sec. 2. Section 28A.58.450, chapter 223, Laws of 1969 ex. sess. as last amended by section 2, chapter 114, Laws of 1975–76 2nd ex. sess. and RCW 28A.58.450 are each amended to read as follows:

In the event it is determined that there is probable cause or causes for a teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with the school district, hereinafter referred to as "employee", to be discharged or otherwise adversely affected in his or her contract status, such employee shall be notified in writing of that decision, which notification shall specify the probable cause or causes for such action. Such determinations of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent or board of directors. Such notices shall be served upon that employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chairman of the board or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.58.455 to determine whether or not there is sufficient cause or causes for his or her discharge or other adverse action against his contract status.

In the event any such notice or opportunity for hearing is not timely given, or in the event cause for discharge or other adverse action is not established by a preponderance of the evidence at the hearing, such employee shall not be discharged or otherwise adversely affected in his contract status for the causes stated in the original notice for the duration of his or her contract.

If such employee does not request a hearing as provided herein, such employee may be discharged or otherwise adversely affected as provided in the notice served upon the employee.

Transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.67.073 shall not be construed as a discharge or other adverse action against contract status for the purposes of this section.

No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he is the holder of an effective teacher's certificate or other certificate required by law or the state board of education for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in triplicate, one copy to be retained by the school district superintendent or secretary, one copy to be retained, after having been approved and registered, by the educational service district superintendent, and one copy to be delivered to the employee thereafter. No contract shall be offered by any board nor approved and registered by the educational service district superintendent for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent or board of directors. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chairman or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.58.455 to determine whether there is sufficient cause or causes for nonrenewal of contract. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to "provisional employees" as so designated in RCW 28A.67.072; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.67.073 shall not be construed as a nonrenewal of contract for the purposes of this section.

MESSAGE FROM THE SENATE

April 13, 1977

Mr. Speaker:
The President has signed:
SUBSTITUTE SENATE BILL NO. 2245,
SENATE BILL NO. 2378,
and the same are herewith transmitted.

Sidney R. Snyder, Secretary.

SPECIAL ORDER OF BUSINESS

The Speaker stated the business before the House to be the Special Order of Business, Engrossed House Bill No. 584 on second reading.

The Speaker stated the question before the House to be the amendment by Representative Blair.

The amendment was adopted.

Engrossed House Bill No. 584 was ordered reengrossed.

On motion of Ms. Becker, the rules were suspended, the second reading considered the third, and Reengrossed House Bill No. 584 was placed on final passage.

Representatives Burns, Tilly and Charnley spoke in favor of passage of the bill, and Mr. Haley spoke against it.

POINT OF INQUIRY

Mr. Charnley yielded to question by Mr. Polk.

Mr. Polk: "Representative Charnley, I've been trying to read the bill and understand it as it is now amended. Would a professor from another state who is not now employed by one of our state colleges or universities be able to fit within this bill and thereby be able to be employed—for instance, by the University of Washington, after their seventieth birthday, or is this only speaking to present employees?"

Mr. Charnley: "Representative Polk, I believe that subsections (1) and (2) in the Blair amendment speak to that. The first subsection states that they shall be retired from employment from within the institution, and that indicates that person has been retired from that institution and (2) says that the college may reemploy any such person who has retired pursuant to subsection (1). I think that limits the application of this bill to employees and former professors at that institution alone."

Mr. Leckenby spoke in favor of the bill, and Representatives Zimmerman and Owen spoke against it.

POINT OF INQUIRY

Mr. Charnley yielded to question by Mr. Greengo.

Mr. Greengo: "Representative Charnley, in trying to decide whether I should vote for this bill I would like to ask your interpretation of the wording in the amendment, subsection (a) of subsection (2), referring to a person possessed of special skills, and the performance of particular duties, and this special skill warrants the reemployment of such person. Can I interpret
that to mean that this is a skill not otherwise available to the institution? Is that what is special about the skill?"

Mr. Charnley: "Representative Greengo, I think in a very broad sense you are correct. I don't think we can specify down to a specific motor skill or specific narrow language area, or something like that, but I do feel that what you are saying is true, that we may have an individual whose overall experience gives the background and particularly in the education field that we are speaking to here and a strength in an area that no one else would have and it would be to the benefit of society that that particular college still have that person there."

Representatives Burns, Nelson (Dick) and Leckenby spoke again in favor of the bill, and Representative Blair spoke against it.

Mr. Bender demanded the previous question and the demand was sustained.

ROLL CALL

POINT OF INQUIRY

Mr. Knedlik yielded to question by Mr. Newhouse.

Mr. Newhouse: "My question has to do with the sections of the statute that you go into, Representative Knedlik. It would appear that the type of company that is contemplated being set up by doctors would be a mutual company and if there were any arrears for the company that the doctor members would be accessible. Have you not gone into the statutes and covered the rules and regulations of a commercial company rather than a mutual company?"

Mr. Knedlik: "What we've done is gone into the statutes and gotten requirements with regard to auditing of companies which has reference to both mutual companies—there are auditing provisions for both mutual companies and nonmutual insurance companies. We have taken reserve levels in the amendment which are the minimum reserve levels for mutual companies as well. Mutual companies do pay premium taxes, rate approval with regard to premiums are covered by laws that we have referenced and the guarantee fund does have application to mutual companies, so we have not attempted to impose standards on the doctors' mutual any different from the standards that are imposed on other mutuals. What we have said is that this company, if it's going to be an insurance company, we don't care what they call themselves, they are going to be regulated by the insurance commissioner like everybody else. I have some doubts right now though whether or not we need an insurance commissioner, but that's to do with the products liability issue and not this one. But if we do need an insurance commissioner we don't want to have an insurance commissioner that doesn't have purview over companies writing insurance and so this is simply a matter of equity, it is not a matter of trying to impose additional burdens on this mutual company that other mutual companies don't have."

Representatives Newhouse, Douthwaite and Haley spoke against the amendment to the committee amendment, and Mr. Knedlik spoke again in favor of it.

The amendment to the committee amendment was not adopted.

MOTION

Mr. King moved that House Bill No. 1162 be rereferred to Committee on Judiciary.

POINT OF INQUIRY

Mr. Knowles yielded to question by Mr. Newhouse.

Mr. Newhouse: "Representative Knowles, we note that House Bill No. 1162, the products liability bill, and one of the more important bills of this session, which has been in committee for quite some time with extensive hearings in the Insurance Committee and now it goes to your committee. Can you give me any assurance that within a reasonable time this bill might be up for vote to pass out of your committee?"

Mr. Knowles: "Representative Newhouse, I certainly can't. I think during this session a number of bills have been referred to my committee and we found time to work them in. You'll
notice that House Bill No. 1162 is on the calendar today, House Bill No. 252 is on the calendar today. Our schedule is prepared, of course, for the balance of this week and assuming the budget comes over here it probably will crowd us a little bit, but we're up to the task. It is my understanding that this measure, along with some others that are in my committee already, deal with tort liability and I'm sure that this kind of legislation should have a review by the Judiciary Committee. We'll probably have to work nights, but you're a member of the committee and I'm sure you're willing to join with me. I can assure you it will get a fair hearing."

Mr. Newhouse spoke against the motion.

ROLL CALL

The bill was read the third time and placed on final passage.

Mr. Kilbury spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Kilbury yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Kilbury, in consideration of this bill, was there any differentiation between the amounts of revenue that would be yielded by the proposed excise tax versus the tax that would have been assessed against these properties had they remained on a real property tax basis?"

Mr. Kilbury: "Yes, Representative Pardini, there was. Conceivably if these facilities had been retained under present law, they would pay a PUD tax which is in lieu of property tax and that would be somewhat less than what we are proposing to tax them. We are proposing to tax them on the basis of income and at a one and one-half percent rate."

Mr. Pardini: "Did I understand the excise tax would be higher than the in-lieu of property tax presently paid by the PUD?"

Mr. Kilbury: "That is right."

POINT OF INQUIRY

Mr. Kilbury yielded to question by Mr. Fuller.

Mr. Fuller: "I notice in the bill it refers to fossil fuels, does this apply to coal-fired and oil-fired plants?"

Representatives Charette, Valle, Zimmerman, Boldt and Pruitt spoke in favor of passage of the bill, and Representatives Newhouse, Hansen and Kilbury spoke against it.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative Charette, I really haven't had time to read this bill in great detail. In a situation where at the end of fifty years the state determines there is a higher and better use for the water and it can no longer be used for irrigation, does this apply to both the 2,000 acre farms and the big farms?"

Mr. Charette: "Representative Flanagan, the bill deals with 2,000 acres and for less and then it deals for a substantial withdrawal, which I would assume you would be referring to as a big farm which is more than 2,000 acres. I believe the term permit only applies to the substantial withdrawal, not to the 2,000 acres or less. Also in line with that question, this bill, as every other bill, has a grandfather clause in it that locks in the rights that already exist."

Mr. Flanagan: "I understand that part of it, but I'm wondering if, for example, you have a private entity that comes in and receives a water withdrawal permit for 40,000 or 50,000 acres of land and then you get near the end of the fifty-year period and the state decides that there is higher and better use for the water, can they then split this down into 2,000 acres or less and continue and have a permanent water right anyway?"

Mr. Charette: "Representative Flanagan, I believe that if there were a permit issued for a substantial withdrawal that substantial withdrawal would be under the conditions set forth in the permit and they would not be able to split up that unit with your example into smaller units. Probably the permit would be lost, but one must take into consideration the fact that if there is a large corporation or a large group of people formed under a corporation operating a unit of 40,000, or 50,000, or 100,000 acres with the right to withdraw water, fifty years from now certainly the legislature would look a long ways before they would allow them to eliminate all the jobs that were connected with such a project."

Mr. Flanagan spoke against passage of the bill.

Mr. Bender demanded the previous question, and the demand was sustained.

POINT OF INQUIRY

Mr. Lysen: "Representative O'Brien, does this apply to libraries? In the newspaper a month or two ago there was a story that the Seattle Public Library had to throw a large number of their books in the garbage dump because they were unable to donate them to anybody. Would they be able to qualify for these books also?"

Mr. O'Brien: "The act stresses 'other local educational agencies,' and I would imagine the library would come under that type of agency, so this would permit a library to dispose of surplus books at the fair market value at the request of the private schools."

The Clerk called the roll on the final passage of Substitute House Bill No. 656, and the bill passed the House by the following vote: Yeas, 90; nays, 0; not voting, 8.

SECOND READING

SUBSTITUTE SENATE BILL NO. 2382, by Committee on Parks and Recreation

(Originally sponsored by Senators Gaspard, von Reichbauer, Wojahn, Goltz and Peterson):

Authorizing senior citizen passports for admission to and use of state parks.

The bill was read the second time.
Committee on Parks and Recreation recommendation: Majority, do pass as amended. (For amendment, see Journal, 59th Day, March 9, 1977.)

On motion of Representative Hurley (Margaret), the committee amendment was adopted.

On motion of Representative Hurley (Margaret), the following amendment was adopted:

On page I, line 11 after "age" strike all material down to and including "pass" on line 13 and insert "may apply to the commission and shall be issued an annual senior citizen pass to be effective for one year after the date of issuance: PROVIDED, That the pass shall only be issued to the applicant if such applicant qualifies for social security benefits under Public Law 92–603 on the date the pass is issued."

Mr. Owen moved adoption of the following amendment:

On page I, line 23 after "campsites." insert "Any resident of Washington who receives assistance pursuant to Aid to Families with Dependent Children, Supplemental Security Income, or General Assistance as such programs are described in Title 74 RCW shall be entitled to receive, regardless of age and upon making application therefor, a pass at no cost to the holder. The pass shall entitle the holder and members of his camping unit to admission to all state parks, and a fifty percent reduction in the fee for the use of overnight campsites."

Mr. Owen spoke in favor of the amendment, and Representative Hurley (Margaret) spoke against it.

POINT OF INQUIRY

Representative Hurley (Margaret) yielded to question by Mr. Shinpoch.

Mr. Shinpoch: "Representative Hurley, I wonder if you could tell me how many parks we now have that charge admission and what the amount of money is that is raised through admission?"

Representative Hurley (Margaret): "We don't have any parks that charge admission at all. The reason for the inclusion of that wording is that formerly there have been proposals made for day use parks which would charge admission. We don't charge admission, the only thing we now charge for is overnight parking along with concessions. Concessions are not involved here because there would be no fifty percent rate on concessions, it would only be overnight parking."

Representatives Shinpoch and Martinis spoke in favor of the amendment, and Representative Hurley (Margaret) spoke again in opposition to it.

POINT OF INQUIRY

Mr. Owen yielded to question by Mr. Haley.

Mr. Haley: "We have just learned that there is no charge for entering a state park, and if it's only the overnight use of the park it seems to me that the amendment should read in the last sentence, 'This pass shall entitle the holder and members of this camping unit to a fifty percent reduction in the fee for overnight parking.' I think that's the way it should read, am I wrong, Representative Owen?"

Mr. Owen: "The language is written similar to the language in the other two for handicapped and for senior citizens."

Representatives Haley, Hurley (Margaret) and Leckenby spoke against the amendment, and Mr. Martinis spoke in favor of it.

The amendment was adopted.

Substitute Senate Bill No. 2382 as amended by the House was passed to Committee on Rules for third reading.

SPECIAL ORDER OF BUSINESS

The hour of 3:00 p.m. having arrived, the Speaker (Mr. O'Brien presiding) announced the question before the House to be the Special Order of Business, Reengrossed Senate Bill No. 2418 on second reading.

REENGROSSED SENATE BILL NO. 2418, by Senators Walgren, Murray, Woody, Clarke and Henry:

Revising the laws relating to criminal justice training.

The bill was read the second time.

The Clerk read the following amendment by Representative Barnes:
On page 2, line 13 after "law" insert "for law enforcement personnel who have served more than one year with pay for their current employer"

With the consent of the House, Mr. Barnes withdrew the amendment.

Mr. Erak moved adoption of the following amendment:
On page 2, beginning on line 9 strike all of section 2 and insert the following: • All law enforcement personnel, except volunteers, employed after January 1, 1978 shall engage in training which complies with standards adopted by the commission pursuant to RCW 43.101.080 and 43.101.160. Such training shall be completed during the first fifteen months of employment of such personnel as a prerequisite to the continued lawful exercise of arrest authority confirmed by law.

Representatives Erak, Hanna and Barnes spoke in favor of the amendment, and it was adopted.

Mr. Erak moved adoption of the following amendment:
On page 2, line 16 after "1978" insert ": PROVIDED FURTHER, That this section and section 4 of this 1977 amendatory act shall apply only to first class cities and to class AA, class A, first class and second class counties"

Mr. Erak spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Erak yielded to question by Mr. Zimmerman.

Mr. Zimmerman: "I'm just concerned about the technical language. It says that this section and section 4 of this 1977 amendatory act shall apply and I can't find section 4. Where do we find section 4? The way it is written it would indicate that this section, which would be section 2, because you are adding it to section 2, and then you are speaking about section 4, and your other amendment strikes section 3, and so I'm concerned with the technical problem."

Mr. Erak: "It is a technical problem. I conferred with the counsel and it will tie in with the first amendment."

Mr. Zimmerman: "I guess I'm just concerned that it doesn't mean what it says. Wouldn't it be simpler to just change a couple of numbers?"

Mr. Hanna: "I thought I might try to answer the question. The section he is referring to does not exist in this bill unless we pass other amendments which are to follow. In referring to it, it was based on the assumption that the other amendments are going to pass."

MOTION

On motion of Mr. King, further consideration of Reengrossed Senate Bill No. 2418 was deferred, and the bill was ordered held for tomorrow's second reading calendar.

ENGROSSED SENATE BILL NO. 2184, by Senators Marsh, Jones and Bottiger:

NEW SECTION. Section 1. There is added to chapter 35.63 RCW a new section to read as follows:

As an alternative to those provisions of this chapter relating to powers or duties of the planning com­
mission to hear and report on any proposal to amend a zoning ordinance, the legislative body of a city or
county may adopt a hearing examiner system under which a hearing examiner or hearing examiners may
hear and decide applications for amending the zoning ordinance when the amendment which is applied for is
not of general applicability and when the decision to approve or reject such amendment is administrative in
nature, as opposed to legislative in nature. In addition, the legislative body may vest in a hearing examiner
the power to hear and decide applications for conditional uses, variances, or any other class of applications
for or pertaining to land uses which the legislative body believes should be reviewed and decided by a hear­
ing examiner. The legislative body shall prescribe procedures to be followed by the hearing examiner.

Each city or county legislative body electing to use a hearing examiner pursuant to this section shall by
ordinance specify the nature of the decisions made by the examiner.

Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions,
based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in
which the decision would carry out and conform to the city's or county's comprehensive plan and the city's
or county's development regulations. Each final decision of a hearing examiner, unless a longer period is
mutually agreed to in writing by the applicant and the hearing examiner, shall be rendered within ten work­
ning days following conclusion of all testimony and hearings.

NEW SECTION. Sec. 2. There is added to chapter 35A.63 RCW a new section to read as follows:

As an alternative to those provisions of this chapter relating to powers or duties of the planning com­
mmission to hear and report on any proposal to amend a zoning ordinance, the legislative body of a city may
adopt a hearing examiner system under which a hearing examiner or hearing examiners may hear and
decide applications for amending the zoning ordinance when the amendment which is applied for is not of
general applicability and when the decision to approve or reject such amendment is administrative in nature,
as opposed to legislative in nature. In addition, the legislative body may vest in a hearing examiner the power
to hear and decide applications for conditional uses, variances or any other class of applications for or per­
taining to land uses which the legislative body believes should be reviewed and decided by a hearing exam­
iner. The legislative body shall prescribe procedures to be followed by a hearing examiner. If the legislative
authority vests in a hearing examiner the authority to hear and decide variances, then the provisions of
RCW 35A.63.110 shall not apply to the city.

Each city legislative body electing to use a hearing examiner pursuant to this section shall by ordinance
specify the nature of the decisions made by the examiner.

Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions,
based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in
which the decision would carry out and conform to the city's comprehensive plan and the city's development
regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by
the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings.

NEW SECTION. Sec. 3. There is added to chapter 36.70 RCW a new section to read as follows:

———
As an alternative to those provisions of this chapter relating to powers or duties of the planning commission to hear and issue recommendations on applications for plat or short plat approval and applications for amendments to the zoning ordinance, the county legislative authority may adopt a hearing examiner system under which a hearing examiner or hearing examiners may hear and issue decisions on proposals for plat and short plat approval and for amendments to the zoning ordinance when the amendment which is applied for is not of general applicability and when the decision to approve or reject such amendment is administrative in nature, as opposed to legislative in nature. In addition, the legislative authority may vest in a hearing examiner the power to hear and decide conditional use applications, variance applications, applications for shoreline permits or any other class of applications for or pertaining to land uses. The legislative authority shall prescribe procedures to be followed by a hearing examiner.

Any county which vests in a hearing examiner the authority to hear and decide conditional uses and variances shall not be required to have a zoning adjuster or board of adjustment.

Each county legislative authority electing to use a hearing examiner pursuant to this section shall by ordinance specify the legal effect of the decisions made by the examiner.

Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in which the decision would carry out and conform to the county's comprehensive plan and the county's development regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings.

NEW SECTION. Sec. 4. There is added to chapter 58.17 RCW a new section to read as follows:

As an alternative to those provisions of this chapter requiring a planning commission to bear and issue recommendations for plat and short plat approval, the county or city legislative body may adopt a hearing examiner system and shall specify by ordinance the nature of the decisions made by the examiner.

Signed by Representatives Owen, Vice Chairman; Lee, Ranking Minority Member; Adams, Bender, Eng, Keller, North, Zimmerman.

To Committee on Rules for second reading.

SECOND READING

REENGROSSED SENATE BILL NO. 2418, by Senators Walgren, Murray, Woody, Clarke and Henry:

Revising the laws relating to criminal justice training.

The Speaker stated the question before the House to be the amendment by Representative Erak to page 2, line 16.

With the consent of the House, Mr. Erak withdrew the amendment.

The Clerk read the following amendment by Representatives Owen, Erak, Barr and North:

On page 2, line 13 after "conferred by law" strike the period and insert ": PROVIDED, That the commission may extend the period for compliance in cases of hardship or to facilitate the scheduling of training courses: PROVIDED FURTHER, That "volunteers" as used in this section shall include, but not be limited to, paid and nonpaid reserve officers."

On motion of Mr. Owen, the question was divided, and with the consent of the House, Mr. Owen withdrew the first proviso in the amendment.

Mr. Owen moved adoption of the amendment, being the second proviso.

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "Would you tell me exactly where we are and what is being considered?"

The Speaker: "We're on the second proviso of the Owen amendment, on page 2, 'PROVIDED FURTHER, That "volunteers" as used in this section, shall include, but not be limited to, paid and nonpaid reserve officers. That's the amendment before us."

Representatives Owen and Hanna spoke in favor of the amendment, and it was adopted.

Mr. Erak moved adoption of the following amendment by Representatives Erak, Owen, North and Barr:

On page 3, line 17 insert

"NEW SECTION, Sec. 4. The commission shall develop, in cooperation with the state board for community college education, a comprehensive plan in which programs, facilities and personnel of local community colleges shall be used for the training of law enforcement officers: PROVIDED, That the commission
shall conduct no fewer than three basic academies, in locations other than current training sites, utilizing community college programs, facilities and personnel to the maximum extent feasible and: PROVIDED FURTHER, That the commission shall make a comprehensive report to the legislature not later than January 15, 1980. The report shall contain an evaluation of the off-site training programs including (1) delivery cost; (2) costs incurred by local governments; (3) effectiveness of training; (4) trainee morale attitudes; (5) trainee evaluation of the training submitted upon completion of the course; (6) trainee evaluation of the usefulness of the training, submitted no sooner than 90 days nor later than 120 days following completion of training; (7) employer evaluation of employee performance as affected by training, submitted no sooner than 90 days nor later than 120 days following completion of training; (8) a comparison of these same factors evidenced in conjunction with training programs offered at current training sites."

On motion of Mr. Douthwaite the following amendment to the amendment was adopted: On lines 3 and 8 strike "programs,"

The Speaker stated the question before the House to be the amendment as amended.

POINT OF INQUIRY

Mr. Erak yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Erak, I'm a little slow this morning. As I see this amendment, you're saying that we will have three basic academies, but there would be three other than the three we have now in different places?"

Mr. Erak: "That's not the intent, Representative Pardini. The academies right now, as you are well aware, are Spokane, Seattle and Lacey. What we're saying in this section is that if those facilities are available within those local areas, such as those areas that have community college facilities, they could utilize that particular area rather than send them off to Spokane. It doesn't necessarily lock them in one of those three specific areas; it's wherever the facilities are available. The commission would work it out with the local community college people."

POINT OF INQUIRY

Mr. Hanna yielded to question by Mr. Chandler.

Mr. Chandler: "Representative Hanna, would there be anything to prevent the commission from doing exactly what this amendment suggests without the amendment?"

Mr. Hanna: "No, there wouldn't. In fact, the commission has worked in cooperation with the community colleges all along when appropriate and would continue to do so. To mandate they do it automatically statewide is unnecessary and, I think, unwise. The program is working out well and they adjust the location and the use of community colleges to their needs, but to mandate it is unnecessary. I don't see any reason to do that."

Representatives Chandler, Deccio and Blair spoke against the amendment.

POINT OF INQUIRY

Mr. Blair yielded to question by Mr. Erak.

Mr. Erak: "Representative Blair, I think your point would be well taken if you were talking about physical-type activities, but colleges do have other facilities besides classrooms, do they not?"

Mr. Blair: "The ones I'm acquainted with have other facilities, yes."

Mr. Erak: "Gymnasiums?"

Mr. Blair: "Certainly."

Mr. Erak: "This type of training could be conducted in an area such as that?"

Mr. Blair: "This type of training, I'm sure, could be conducted in any facility or site that the commission felt was appropriate. I'm not at all convinced that a community college is any more appropriate than the facilities they are using at the present. I can't see what point you're trying to get to with your amendment, unless you seem to be indicating this is something that is more appropriately done in a college set than it is in the present facilities, and I can't agree with that."

Representatives Struthers, Hanna and Deccio spoke against the amendment, and Representatives Owen and Erak spoke in favor of it.

Mr. Bender demanded the previous question and the demand was sustained.
The amendment as amended was not adopted.

The Speaker called on Mr. O'Brien to preside.

The Clerk read the following amendment by Representatives Barr, Owen, Barnes and North:

On page 3, line 17 insert:

"NEW SECTION. Sec. 4. The commission shall provide funds to assist certain local governments in meeting the cost of basic police training. For purposes of this act, the term 'cost of basic police training' shall include, but not be limited to:

The living and necessary travel expenses of trainees; the cost of replacement officers or full time equivalents necessary to avoid a diminishing level of police protection to the community; the cost of required training materials and supplies: PROVIDED, That the commission shall determine the appropriate cost components applicable to each jurisdiction and shall reimburse local governmental units according to the following schedule:

<table>
<thead>
<tr>
<th>Population</th>
<th>Cost Reimbursement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 5,000</td>
<td>100%</td>
</tr>
<tr>
<td>5,000 to 7,999</td>
<td>75%</td>
</tr>
<tr>
<td>8,000 to 9,999</td>
<td>50%</td>
</tr>
<tr>
<td>Greater than 9,999</td>
<td>0%</td>
</tr>
</tbody>
</table>

If funds are not available to meet the funding requirements of this section with regard to any political subdivision, the requirements of section 2 of this act shall not be applicable to such jurisdiction."

POINT OF ORDER

Mr. Pardini: "I believe that the amendment is beyond the scope and object of the bill. The amendments by Representative Erak adopted yesterday exempt all of these particular classes that are listed on this amendment from having to comply with this law and the amendment that Representative Barr is offering would force reimbursement if they did it on a voluntary basis and therefore should be ruled beyond the scope and object of the bill."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The amendment was withdrawn that pertained to first class cities and class A and first and second class counties. This amendment appears to be germane to the subject matter of the bill."

Mr. Barr moved adoption of the amendment and spoke in favor of it.

Mr. Boldt appeared at the bar of the House.

Representatives North, Owen and Amen spoke in favor of the amendment, and Representatives Hanna and Hurley (George) spoke against it.

POINT OF ORDER

Mr. Amen: "Representative George Hurley is indicating that because of what happened in one community that these people are untrained. Does he have any indication that they were trained or untrained?"

The Speaker (Mr. O'Brien presiding): "That has nothing to do with the question at hand. Continue, Representative Hurley."

Mr. Hurley (George) continued his remarks in opposition to the amendment.

POINT OF ORDER

Mr. Owen: "Mr. Speaker, I don't believe Representative Hurley's remarks are germane to the amendment because the amendment does not speak to exempting anybody. The amendment allows for reimbursement for those cities in these categories; it does not speak to exempting anybody from the bill. I maintain his remarks are not germane to the amendment."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Representative Hurley, Reed's Rule 216 states in part: 'All debate should be relevant and confined to the subject of debate."

Mr. Hurley (George) continued his remarks.

Mr. Barnes spoke in favor of the amendment, and Mr. King spoke against it.

Mr. Charnley demanded the previous question, and the demand was sustained.
ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Barr and others to Reengrossed Substitute Senate Bill No. 2418, and the amendment was not adopted by the following vote: Yeas, 43; nays, 44; not voting, 11.

Not voting: Representatives Erickson, Heck, Keller, Lee, McKibbin, Oliver, Schmitten, Sommers, Thompson, Whiteside, and Mr. Speaker.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Mr. Erak moved that the House reconsider the action by which the first proviso of the Owen, Erak, Barr and North amendment to page 2, line 13 was withdrawn.

POINT OF ORDER

Mr. Polk: "Do I understand his motion is to reconsider the withdrawal of that first proviso?"

The Speaker (Mr. O'Brien presiding): "Yes."

Mr. Polk: "That was not a vote, but simply a matter that no one objected to and it was withdrawn by the sponsor so how could he have been voting on the prevailing side?"

The Speaker (Mr. O'Brien presiding): "It had to be withdrawn with the consent of the House. It was a withdrawal of a motion."

Mr. Polk: "That's not a vote, Mr. Speaker, it's merely a lack of objection."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "That's true to a degree, but once the motion is placed and recognized by the Speaker, it's in possession of the House and can only be withdrawn by the consent of the House, which means the majority vote of the House. We are interpreting it as a withdrawal of a motion and we're reconsidering the motion."

Mr. Polk: "Mr. Speaker, since the proviso was withdrawn by its original sponsor, cannot another member of the House offer that same amendment again?"

The Speaker (Mr. O'Brien presiding): "The question you are raising now isn't before us."

Mr. Polk: "Mr. Speaker, if I just ask you that question, isn't it before us?"

The Speaker (Mr. O'Brien presiding): "I would rule on it if we had the question before us, but we don't have that question before us at this time. You could, of course, object to withdrawal of a motion if you oppose that."

Mr. Polk: "Mr. Speaker, that's already been done a long time ago and that's past us."

The Speaker (Mr. O'Brien presiding): "We are now reconsidering the action. The motion to reconsider the action of the House for the division of the question of the first part of the amendment offered by Representatives Owen, North, Barr and Erak is now before us."

Mr. Polk: "Mr. Speaker, would it be in order at this point to just move that amendment as a proviso?"

The Speaker (Mr. O'Brien presiding): "Not now; it would be out of order now."

Mr. Hurley (George) spoke against the motion, and Mr. Erak spoke in favor of it.

ROLL CALL

The Clerk called the roll on the motion to reconsider withdrawal of the first proviso of the amendment by Representatives Owen and others, and the motion was carried by the following vote: Yeas, 46; nays, 40; not voting, 12.

Not voting: Representatives Ericlcson, Keller, Kilbury, Knedlik, Moreau, Nelson D., Oliver, Owen, Schmitten, Shinoda, Sommers, Thompson.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the amendment, adding the first proviso in the amendment by Representatives Owen, North, Barr and Erak.

Representatives Douthwaite, North and Hanna spoke in favor of the amendment, and it was adopted.

MOTION FOR RECONSIDERATION

Mr. Pardini, having voted on the prevailing side, moved that the House reconsider the vote by which the amendment by Representatives Barr, Owen, Barnes and North to page 3, line 17 failed to pass the House.

Representatives Barr, Owen and Fancher spoke in favor of the motion, and Representatives Struthers, Deccio and Hanna spoke against it.

Mr. Barr spoke again in favor of the motion.

Mr. King demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion to reconsider the vote by which the amendment by Representatives Barr, Owen, Barnes and North failed to pass the House, and the motion was carried by the following vote: Yeas, 46; nays, 42; not voting, 10.

Voting nay: Representatives Adams, Becker, Bender, Blair, Boldt, Charette, Charnley, Clemente, Conner, Deccio, Enbody, Eng, Fischer, Gaines, Gallagher, Greengo, Grier, Gruger, Hanna, Hawkins, Hughes, Hurley G. S., Kilbury, King, Knowles, Kreidler, Lux, Lysen, Martinis, Maxie, May, McCormick, McKibbin, O'Brien, Pearsall, Salatino, Shinpoch, Struthers, Valle, Warnke, Williams, and Mr. Speaker.

Not voting: Representatives Bauer, Ehlers, Erickson, Keller, Nelson D., Oliver, Schmitten, Smith, Sommers, Thompson.

MOTION

Mr. King moved that further consideration of Reengrossed Senate Bill No. 2418 be deferred, and that the bill be placed on Monday's second reading calendar.

Mr. King spoke in favor of the motion, and Mr. Barnes spoke against it.

The motion was carried.

MOTION

On motion of Mr. Bender, the House advanced to the seventh order of business.

The Speaker (Mr. O'Brien presiding) called on Mr. Conner to preside.

SUBSTITUTE HOUSE BILL NO. 777, by Committee on Commerce (Originally sponsored by Representatives O'Brien, Warnke, Berentson, Chandler, Gaines, Valle, Charnley, Thompson, Conner, McCormick, Burns, Bender, Maxie and Adams):

Authorizing the construction of a cultural arts center in Federal Way.

The bill was read the second time.

Mr. Fischer moved adoption of the following amendment:

On page 1, line 26 after "facility" strike "and located in South King county in the vicinity of the unincorporated areas of Federal Way."

Mr. Fischer spoke in favor of the amendment, and Mr. O'Brien spoke against it.

POINT OF INQUIRY

Mr. Fischer yielded to question by Mrs. Lee.

Mrs. Lee: "Your amendment called something to my attention and before I decide whether I favor it or not, I notice that it specifies that we remove from the bill the particular phrase that says, 'unincorporated area in South King county,' and one of the things that concerns me is that if we leave this in here we are indeed interfering in the local efforts for incorporation. In other words, if Federal Way incorporated, they could not have it and if they tried incorporation one of the arguments against it would be losing the center. I wonder if your interpretation is the same as mine in deleting these words?"

Mr. Fischer: "Well, the unincorporated areas would be taken out of the bill. I don't know whether it would have an effect on their incorporation or not. My only concern is that we have a chance to look at this thing and decide on a location that is the best location for this cultural arts center, not just the first one that comes along or the one that there is some questionable problems with."

Mr. Nelson (Gary) spoke in favor of the amendment, and Mr. Warnke spoke against it.

Mr. Nelson (Gary) spoke again in favor of the amendment, and Mr. Shinoda also spoke in favor of it.

POINT OF ORDER

Mr. Nelson (Gary): "It's not that I don't appreciate the words by Representative Shinoda, but I want to point out one time that this amendment by Representative Fischer does not designate any specific site—Edmonds, Federal Way or anyplace. The person making the argument is particularly making it for one site."

The Speaker (Mr. Conner presiding): "Representative Shinoda, please confine your remarks to the amendment."
THIRTY-NINTH DAY, April 18, 1977

MOTION
On motion of Mr. King, the House recessed until 1:30 p.m.

AFTERNOON SESSION

The House was called to order at 1:30 p.m. by the Speaker (Mr. O'Brien presiding). The Clerk called the roll and all members were present.

SECOND READING

HOUSE BILL NO. 219, by Representatives Hawkins, Burns, Hughes and Lux:
Changing the dates for primary elections and for filing declarings of candidacy.

On motion of Mr. Hawkins, Substitute House Bill No. 219 was substituted for House Bill No. 219, and the substitute bill was placed on the calendar for second reading.

POINT OF PARLIAMENTARY INQUIRY

Mr. Shinoda: "Mr. Speaker, I feel that Representative King's motion to recess was out of order and I want to know why I was not allowed to have the floor? Will you please rule on that?"

The Speaker (Mr. O'Brien presiding): "The Rules Committee had established the time of the consent calendar as 1:30 p.m. today. You will have the right to pursue your discussion when Substitute House Bill No. 777 is before us."

Mr. Shinoda: "Mr. Speaker, that's not the ruling I asked for. I asked if Representative King's motion to recess was or was not out of order?"

The Speaker (Mr. O'Brien presiding): "Probably your point of order should have been raised at the time the motion to recess was made. There's a real question whether or not the motion to recess should have been honored while you had the floor."

Mr. Shinoda: "Mr. Speaker, are you saying, yes, but it's too late to do anything about it now?"

The Speaker (Mr. O'Brien presiding): "Yes, about an hour and three-quarters too late."

Substitute House Bill No. 219 was read the second time.

On motion of Mr. Charnley, the rules were suspended, the second reading considered the third, and Substitute House Bill No. 219 was placed on final passage.

Mr. Hawkins spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 219, and the bill passed the House by the following vote: Yeas, 83; nays, 4; not voting, 11.

Not voting: Representatives Craswell, Keller, Lux, Moreau, Pardini, Smith, Sommers, Valle, Vrooman, Winsley, and Mr. Speaker.

POINT OF INQUIRY

Mr. Amen: "Representative Thompson, in your amendment to page 6, it says, 'The cost of instructional services... shall be determined by... procedures adopted by the council for post-secondary education and approved by the higher education standing committees of the house of representatives and the senate.' In that case these criteria have not been set at present, have they, by the Council on Higher Education or the Council for Post Secondary Education?"

Mr. Thompson: "They have, Representative Amen, and I'm holding a list of those criteria and this list was available to the Higher Education Committee. It is the list of criteria on which the rates are based in this bill. I don't change those rates with my amendments for this biennium."

Mr. Amen: "Those criteria would then have to be approved by the House and the Senate before these rates could go into effect?"

Mr. Thompson: "My amendment and the original language of the bill both provide for that kind of a process for the future."

Mr. Amen: "How about for the 1977-78 school year? These criteria would have to be approved by the House and Senate before the 1977-78 school year?"

Mr. Thompson: "The House already has adopted them and they are reflected in the tuition rates that are in this bill."

On page 6, line 18 strike "consistent with the above schedule"

Substitute House Bill No. 312 was ordered engrossed and passed to Committee on Rules for third reading.

EXPLANATION OF VOTE

I voted for the amendments by Representative Thompson to Substitute House Bill No. 312 regarding tuition increases because of these six reasons:

1. They would require a specific percentage that the students pay for tuition. They would be paying approximately one-sixth to one-fourth of costs. It is visible. The public still pays the major subsidy.

2. It asks and compels the institution of higher learning to justify its costs to students and the public.

3. This proposal would remove the heavy political pressures on the legislature every two years. The proposal takes into account actual dollars and provides information to committees working on the tuition criteria.

4. It will help families and students plan their costs better in deciding where to go to college or university.

5. This proposal embodies the ideas and recommendations of the Council on Post Secondary Education after many months of study. It is reasonable.

6. In a time of limited resources, we must set priorities on expenditures and this proposal makes good sense.

HAL ZIMMERMAN, 17th District.

MOTION

On motion of Mr. King, the House reverted to the fifth order of business.

Representatives Sommers, Nelson (Gary), Taller and Ehlers spoke in favor of passage of the resolution, and Representative Zimmerman spoke against it.

POINT OF INQUIRY

Mr. Nelson (Gary) yielded to question by Mr. Patterson.

Mr. Patterson: "Representative Nelson, under the provisions of the Joint Resolution, a reference is made to twenty agencies that could be established and I'm wondering if the Legislature itself is limited to the twenty, or whether or not, in the wisdom of the Legislature, there would come a time in the future when there would be a necessity of creating a separate board or commission to handle very important areas of state government that should not be under the control of the legislature or the executive branch, would we be limiting ourselves to this resolution?"

Mr. Nelson (Gary): "The first paragraph of this resolution strictly takes care of what has to be done by 1980. After that period of time it is open season again for the Legislature to pursue those additional commissions or boards that we feel might be in the best interest of this state, so there would be an opportunity to add beyond the twenty. This is limited right off the bat as to what the Governor's goal should be by the end of 1979."

POINT OF INQUIRY

Mr. Paris yielded to question by Mr. Owen.

Mr. Owen: "I'm curious as to how this would be carried out?"

Mr. Paris: "First of all, I don't know if you have attended hearings when juveniles are brought before judges or before a juvenile court, but some parents would be there, in fact, most parents would be there, but some of the parents have not taken a responsible position in raising their children, and have not imposed what most of us consider reasonable restraint on their children in terms of training, and therefore, this would simply be an opportunity for these parents in such a situation to receive that kind of guidance.

The amendment was adopted.

Mr. Tilly moved adoption of the following amendment:

On page 22, line 34 after 'authority' insert ', or the judge(s) assigned to juvenile court if so delegated the responsibility,'.

Representatives Tilly and Becker spoke in favor of the amendment, and it was adopted.

Ms. Becker spoke again in opposition to the amendment.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Newhouse.

Mr. Newhouse: "I'd like to know, Representative Charette, in reading the bill I see no penalty clause and with a restriction like this on the victim of the crime, if the victim or his family were to divulge the name of the perpetrator of that crime, being a juvenile, what kind of a penalty could you assess and why have such a thing in this bill at all?"

Mr. Charette: "I would assume that it would be a misdemeanor and I believe the reason that second sentence is in there is so that the information can be given to the person who is the victim of the crime if necessary. Obviously this gives some latitude to the prosecuting authority, but it is a misdemeanor. I think the two sentences go together and it might be better to
strike the whole section than just half the section, but of course, I wouldn't want to strike the whole section."

Representatives Newhouse and Owen spoke in favor of the amendment.

Mr. Patterson demanded an electric roll call and the demand was sustained.

Mr. Amen spoke again in favor of the amendment.

Revising the juvenile justice and care system.

The bill was read the third time and placed on final passage.

Representatives Becker, Deccio and Adams spoke in favor of passage of the bill, and Mr. Zimmerman spoke against it.

POINT OF INQUIRY

Mr. Hanna yielded to question by Mr. Amen.

Mr. Amen: "Representative Hanna, this came out of your committee and you had a hearing on it, there has been reference made to the cost to the counties on this. Was there any testimony on what it would cost the counties? The $983.000 is the state's cost, but is there any indication on how much cost to the counties? Was there any testimony by the counties?"
Mr. Hanna: "The counties have been involved in it, and they have expressed concern. Note though that the way the bill is set up there is a year once we've passed this and it passes the Senate, then the counties will have a year to look thoroughly at any additional cost to them and we'll take a look at that before the actual implementation date. We have worked with the counties and their concerns have been minimized on the impact. Some of the amendments we dealt with yesterday were an attempt to keep that at a minimum. There are going to be some costs to the counties, but I think it will be minimal and reasonable."

POINT OF INQUIRY

Ms. Becker yielded to question by Mr. Amen.

Mr. Amen: "Did you have any indication of how much this cost will be?"

Ms. Becker: "The $983,000 appropriation is to the counties—the fiscal impact to the state on this bill. The additional cost was analyzed to be cost to the counties for operating these diversion programs. This is what happened when the bill went to Appropriations Committee and Representative Shimpoch insisted that we do a careful analysis. The local government fiscal analyzer from OCD contacted a number of counties and we came up with a figure of youngsters who would be impacted by this bill who are not presently being served in this way by the counties and this is what the appropriation is for."

Mr. Amen: "You say there will be a study for a year before this is implemented; what happens if the study shows that there will be quite an impact to the counties?"

Ms. Becker: "Well, it's my opinion that the financial impact has been extensively analyzed. The purpose of the delayed implementation date is a judicial kind of thing. It's the same kind of thing we did when we adopted the new adult criminal code in order that the people who are going to enforce it will have a chance to study it."

Mr. Tilly spoke against passage of the bill, and Mr. Struthers spoke in favor of it.

POINT OF INQUIRY

Ms. Becker yielded to question by Mr. Paris.

Mr. Paris: "Representative Becker, the director of the juvenile center in my county, Cowlitz County, that is, is quite concerned about this bill in terms of what will happen to the present program that we have for subsidizing the youths who are retained in our counties rather than sent to institutions. It has been a very successful program, I understand, throughout the state and we're concerned that if this bill does pass that particular program could suffer and I'd like to know what your response to that question is?"

Ms. Becker: "Representative Paris, naturally I can't guarantee anything that will happen in the Legislature, but I just want to point out here the almost doubling of the juvenile subsidy program which is embodied in House Bill No. 874 which passed yesterday. It was part of the package that our committee developed along with this bill. I think it would be really hypocritical on our part to try to pass laws which say to the communities, 'You are responsible,' and to not provide to them the necessary resources to run those programs. We recognize that it's cheaper in almost all cases for communities to run these programs than it is to expand our state institutions. We recognize that the delinquency rate has been on the increase, but yet the commitment rate is fairly steady and this has been due to the efforts the counties have been making. Speaking for myself, I would not want to do anything that would undercut the efforts of those programs."

Mr. Paris: "Are you in agreement that the program has been successful and are you supportive of it?"

Ms. Becker: "Yes."

MOTION

On motion of Mr. Fischer, Representative Pardini's remarks in favor of the bill were ordered placed in the Journal.

Mr. Pardini: "There are a couple of other things that ought to be said on this floor and put this in context. First, no public employees presently on the payroll are having their benefits reduced. No public employee presently on the payroll is having his or her benefits reduced. The act only affects those people who aren't even hired yet. It starts to take effect the first of July—people who aren't even on the payroll yet, so let's make that point very, very clear for everybody in this state. No public employees—no teacher, no policeman, no fireman, no clerk—who is presently working is going to be hurt by any of these programs.

"Second, if we talk about reduction in benefits let's take a look at this particular bill. A thirty-year employee of the state can still get sixty percent of their average high four years—four consecutive years—as a retirement benefit to be supplemented by their social security benefits, which means generally they will retire with somewhere in the neighborhood with an excess of eighty percent of their average four-year salary. Now if that is a harsh retirement
program, ladies and gentlemen, let's find out what a harsh retirement program really is. They are going to do substantially well. We've reduced costs in this program for those employees that will be contributing, the contribution of the employee is down in each of these programs and I think if we take all of those things into consideration and those points in all of these pension bills, I think the trade-off is with the taxpayer who is paying the bill and with the people who are going to have to continue to pay the bills for the next fifty years."

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "It's an unusual procedure, Mr. Speaker, but House Bill No. 867 is interlocked with House Bill No. 735, if this amendment were adopted, do you know is it the intent of the maker of this amendment to also revise House Bill No. 735?"

The Speaker: "Mr. Newhouse?"

Mr. Newhouse: "I have no amendments on the desk for House Bill No. 735."

Mr. Newhouse spoke in favor of the amendments, and Representatives McKibbin and Blair spoke against them.

POINT OF INQUIRY

Mr. Blair yielded to question by Mr. Hurley (George).

Mr. Hurley (George): "Representative Blair, the words 'rip-off' have been used in relation to this amendment and to the bill. You were one of the architects of the bill, do you believe that the bill unamended is a rip-off?"

Mr. Blair: "I did not use those words and I will answer your question directly. No, I don't feel that our bill is a rip-off. I think it's a very reasonable and honest attempt for this Legislature to address a very significant problem, but neither do I think that Representative Newhouse's amendment is a rip-off. I think it represents a different point of view on the way that these systems should be funded. In the course of our hearings, and they lasted for a good number of months, we found that there were a very great variety of perspectives on pension legislation. I think we have regard for all those different perspectives and we've come up with what we think is the best compromise we could develop. I'm not in any way impugning Representative Newhouse's motives though in proposing his amendment. I think he just represents a different point of view."

Mr. Newhouse spoke again in favor of the amendments, and Mr. O'Brien spoke against them.

POINT OF ORDER

Mr. Newhouse: "Mr. Speaker, I could remind Representative O'Brien of the vote on some of those things and which party voted where."

The Speaker: "I don't consider that a point of order. What Mr. O'Brien said was that when the minority party was controlling the Legislature, the bill passed."

The amendments were not adopted.

On motion of Mr. Charnley, the rules were suspended, the second reading considered the third, and Substitute House Bill No. 867 was placed on final passage.

Mr. Blair spoke in favor of passage of the bill.

POINT OF PARLIAMENTARY INQUIRY
Mr. Newhouse: "I happened to be the original sponsor of House Bill No. 735, and I kind of liked the original matter and also the matter the committee put in it, can I ask that we not just substitute, but add to it?"
The Speaker: "Representative Newhouse, the bill has been substituted. If you would like to amend the substitute bill, you have the prerogative."
On motion of Mr. Charnley, the rules were suspended, the second reading considered the third and Substitute House Bill No. 735 was placed on final passage.

POINT OF PERSONAL PRIVILEGE
Mr. Blair: "Mr. Speaker, I would like to take this opportunity to give my very sincere and personal thanks to the members of the subcommittee, Representatives Becker, Hawkins, McKibbin and Pardini and to Representatives Sommers and Shinpoch as ad hoc members, for the long, long hours and the very constructive criticism and the great patience that they showed in the development of the bills that we have been acting on this afternoon."
Mr. Shinpoch spoke in favor of passage of the bill.

POINT OF PERSONAL PRIVILEGE
Mr. Shinpoch: "I think the House should know that without the patience and ability of Representative Blair we probably wouldn't have been here today. Probably if you had someone like me with my lack of patience on that subcommittee then you would have had something that wouldn't go through quite so easily. I think that should be acknowledged."

The survey testing shall be based on a statistical random sample of students from these grade levels sufficient to generalize about all of the students at each of the selected grade levels from the state's school districts. The purpose of these surveys is to allow the public and the legislature to evaluate how Washington students in these grades compare to students in the same grades tested in other comparable national achievement surveys. The office of superintendent of public instruction shall coordinate such tests and testing cycles as designated by the superintendent of public instruction's office and provide such information as obtained therefrom to the legislature no less often than once every four years.'

The Speaker (Mr. May presiding) declared the House to be at ease until 1:30 p.m.

The Speaker (Mr. Conner presiding) called the House to order.

THIRD READING

SUBSTITUTE HOUSE BILL NO. 777, by Committee on Commerce (Originally sponsored by Representatives O'Brien, Warnke, Berentson, Chandler, Gaines, Valle, Charnley, Thompson, Conner, McCormick, Burns, Bender, Maxie and Adams):

Authorizing the construction of a cultural arts center in Federal Way.

The bill was read the third time and placed on final passage.

Representatives Warnke, Nelson (Gary) and O'Brien spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Warnke yielded to question by Mr. Deccio.

Mr. Deccio: "Representative Warnke, what is the exact status of the federal funding match in this project?"

Mr. Warnke: "Representative Deccio, the bill is being prepared by Representative Norm Dicks of the 6th Congressional District. We also have received a letter from Congressman Bonker which I have on my desk, which would support the legislation going into the federal government. They simply are not going to submit the legislation until the state makes some commitment. If the House does not pass the bill and the Senate does not pass the bill and the Governor sign it, the federal legislation will not go in."

Mr. Deccio: "If the federal legislation does not pass what happens to the obligation of the $5 million?"

Mr. Warnke: "It reverts to the state and will not be spent for a performing cultural arts center."

Mr. Deccio: "Are you also aware of the fact that some of the Senators are interested in spending a million dollars for Olympia and something for Tacoma for the same kind of facility?"

Mr. Warnke: "I'm not aware of any of the Senators' personal legislation."

Mr. Deccio spoke against passage of the bill.

POINT OF INQUIRY

Mr. Fischer: "I understand that the City of Seattle, and King County as well, have stated that they will not operate and maintain a $20 to $25 million project and it would only cover a short period of time—I guess between two and one-half and three months during the summer..."
time. Who do you have in mind that would maintain this project for such a short period of
time for such a large amount of money?"

Mr. Warnke: "Apparently you were not listening to the testimony on this floor the last
few days and the reports by the ERA. First of all, it is not a short period of time. The esti­
mated date for the use of this facility is 200 days a year. Those are engagements that we have
collected—the ERA has, the people who did the remote study—by going out to booking agen­
cies, theatrical agencies and finding out whether or not the facility could be filled up. These
engagements are engagements that cannot presently be filled in the Seattle area. I have been
asked to come to the King County Council by Mr. Paul Barden to speak on this project Mon­
day morning at 9:30 before the Budget Committee there. The use of the dates, the entire
project, I think, has been closely reviewed by the ERA, the facts are before us. You simply
have to interpret the known facts. We have debated it so long now it simply is a case of
whether or not you wish to believe the ERA study."

Mr. Nelson (Gary) spoke again in opposition to the bill.

POINT OF PARLIAMENTARY INQUIRY

Mr. Warnke: "Does this bill require 60 votes?"
The Speaker: "It requires 60% or 59 votes."

The bill was read the third time and placed on final passage.
Representatives Adams, Haley and Pruitt spoke in favor of the bill, and Mr. O'Brien spoke against it.

**POINT OF INQUIRY**

Mr. Adams yielded to question by Mr. Paris.

Mr. Paris: "Representative Adams, Representative O'Brien has brought up the subject regarding participation of the family, and I think this is certainly a very valid question. Would you say that it would be the intent of this legislation that where possible there would be family consultations by the doctor?"

Mr. Adams: "I would presume that any good physician who had been taking care of a patient and that patient is terminal, that he would certainly have been talking in some manner pertaining to the family's idea about the situation. However, I want to say that the individual who signs a statement requesting that they do not prolong life when it is terminal must be an adult when they sign that paper. Therefore, I think that person should have the privilege and the right to make that statement. I would presume that any good physician and any good surgeon would certainly talk with the family about the situation. I imagine where it's possible they are with the family a great deal and the patient is with the family a great deal. We've had cases on record in this country where life has been prolonged for ten years when terminal under instrumentation and it costs a tremendous amount of money. I think that person should have the right, if they wish it, to terminate their life under those conditions."

Representatives Paris, Fortson and Adams spoke in favor of passage of the bill, and Representatives Hurley (Margaret), Gallagher, Tilly and Lysen spoke against it.

Mr. Charette demanded the previous question, and the demand was sustained.

Mr. Polk: "This bill creates what appears to be a rather unique organizational structure in that I'm not aware of any other commission that is providing services to their constituency as well, even though the veterans' affairs thing created a department rather than a commission, and I'm wondering, with your background of dealing with these various agencies, if you know of any other agency in state government, or any other commission in state government, that is presently providing services to its constituency?"

Mr. Shinpoch: "I can't just come up with one. I just don't remember any one that provides services."

STATEMENT FOR THE JOURNAL

On Thursday, April 21st, I was absent from the House of Representatives session because I went to Richland, Washington to address a meeting of Superior Court judges about HB 371, the juvenile justice bill, of which I am the prime sponsor. That afternoon, four pension bills were voted upon by the House, House Bills 865, 866, 867 and 735. Because of my membership on the subcommittee on pensions, I am very familiar with the bills and wanted to give them my support. If possible, I would like to have my vote in favor of all four bills recorded in the Journal of the House.

On the following day, Friday, April 22nd, the House passed House Bill 424, the bill establishing a separate Commission for the Blind. At the time of the vote, I was in the wings discussing the bill and I failed to vote on the bill. For that reason, I would also like to be recorded as a "Yes" vote for House Bill 424 in the Journal of the House.

MARY KAY BECKER, 42nd District.

MOTIONS

On motion of Mr. King, the House advanced to the eighth order of business.

On motion of Mr. Bender, HOUSE BILL NO. 417 was rereferred from Committee on Revenue to Committee on Rules.

On motion of Mr. King, the House adjourned until 9:00 a.m., Saturday, April 23, 1977.

JOHN BAGNARIOL, Speaker.
FORTY-FOURTH DAY

MORNING SESSION

The House was called to order at 9:00 a.m. by the Speaker. The Clerk called the roll and all members were present except Representatives Bauer, Bond, Ehlers, Leckenby, Smith, Walk and Whiteside, who were excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Jennie Block and Rhett Berry. Prayer was offered by Reverend Stanley Workman of the Evergreen Christian Reformed Church of Olympia.

Reading of the Journal of the previous day was dispensed with and it was ordered to stand approved.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2268,
ENGROSSED SENATE BILL NO. 2288,

April 18, 1977

Mr. Speaker:
The Senate refuses to concur with the House amendments to SUBSTITUTE SENATE BILL NO. 3047, and asks the House to recede therefrom, and said bill, with the House amendments thereto, is herewith transmitted.

Bill Gleason, Assistant Secretary.

MOTIONS

Representative Sommers moved that the House refuse to recede from its amendments to Substitute Senate Bill No. 3047, and once again ask the Senate to concur therewith.

Mr. Newhouse moved that the House do recede from its amendments.

The Speaker stated that the positive motion by Mr. Newhouse had precedence over the negative motion and therefore the question before the House was the motion to recede.

Representatives Newhouse, Hansen and Flanagan spoke in favor of the motion, and Representatives Sommers, Nelson (Gary) and Hawkins spoke against it.

POINT OF INQUIRY

Mr. Hawkins yielded to question by Mr. Nelson (Dick).

Mr. Nelson (Dick): "Representative Hawkins, is it correct that people can prepare all the paperwork that's necessary to file under open space and have it ready and when this bill passes through a conference committee, it can immediately go under open space?"
Mr. Hawkins: "Application for open space can be made throughout the calendar year. The manner in which they are accepted and the assessment year in which they are accepted would depend on the qualifying period. The qualifying period for the end of April or the end of May—that application could still be accepted irrespective of the deadline."

Representatives Kilbury and Sommers spoke against the motion, and Representatives Flanagan and Deccio spoke in favor of it.

POINT OF PARLIAMENTARY INQUIRY

Mr. Hawkins: "Mr. Speaker, is the question the motion to recede from our amendments?"

The Speaker: "Yes, that the House do recede."

ROLL CALL

The Clerk called the roll on the motion that the House do recede from its amendments to Substitute Senate Bill No. 3047, and the motion was lost by the following vote: Yeas, 33; nays, 55; not voting, 10.

An application for a special permit for a gross weight of any combination of vehicles exceeding two hundred thousand pounds shall be submitted in writing to the ((highway commission)) department of transportation at least thirty days in advance of the proposed movement.

Sec. 32. Section 46.44.092, chapter 12, Laws of 1961 as last amended by section 15, chapter 64, Laws of 1975--'76 2nd ex. sess. and RCW 46.44.092 are each amended to read as follows:

No special permit shall be issued for movement on any two lane state highway outside the limits of any city or town where the overall width of load exceeds fourteen feet, or on any multiple lane state highway where the overall width of load exceeds thirty-two feet; except that on multiple lane state highways where a physical barrier serving as a median divider separates the oncoming and opposing traffic lanes, no special permit shall be issued for width in excess of twenty feet: PROVIDED, That (1) in the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Controlled vehicular traffic shall be maintained in one direction at all times; (b) maximum distance of movement shall not exceed five miles; additional contiguous permits shall not be issued to exceed the five-mile limit: PROVIDED, That in the judgment of the ((highway commission)) department of transportation, pursuant to general rules adopted by the transportation commission, determines a hardship would result, this limitation may be exceeded upon approval of the ((commission)) department of transportation; (c) prior to issuing a permit a qualified ((highway)) transportation department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement of the building; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when
and where the movement is to be made; (2) permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for width in excess of such limitations; (3) these limitations may be rescinded when certification is made by military officials, or by officials of public or private power facilities, or when the operation of the (highway commission) department of transportation the movement or action is a necessary movement or action: PROVIDED FURTHER, That in the judgment of the (highway commission) department of transportation the structures and highway surfaces on the routes involved are capable of sustaining widths in excess of such limitation; (4) these limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed forty-five thousand pounds and the overall width of load does not exceed sixteen feet: PROVIDED, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the (highway commission) department of transportation or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation.

Sec. 33. Section 46.44.095, chapter 12, Laws of 1961 as last amended by section 17, chapter 64, Laws of 1975—76 2nd ex. sess. and RCW 46.44.095 are each amended to read as follows:

Until December 31, 1976, a combination of vehicles lawfully licensed to a total gross weight of seventy-two thousand pounds, and a three or more axle single unit vehicle lawfully licensed to a total gross weight of forty thousand pounds, and on January 1, 1977, and thereafter, when a combination of vehicles has been lawfully licensed to a total gross weight of eighty thousand pounds and when a three or more axle single unit vehicle has been lawfully licensed to a total gross weight of forty thousand pounds pursuant to provisions of RCW 46.44.041, a permit for additional gross weight may be issued by the (highway commission) department of transportation upon the payment of thirty-seven dollars and fifty cents per year for each one thousand pounds or fraction thereof of such additional gross weight: PROVIDED, That the tire limits specified in RCW 46.44.042 shall apply, and the gross weight on any single axle shall not exceed twenty thousand pounds, and the gross load on any group of axles shall not exceed the limits set forth in RCW 46.44.04: PROVIDED FURTHER, That an additional two thousand pounds may be purchased for an amount not to exceed thirty dollars and fifty cents per year for the rear axle of a two-axle garbage truck. Such additional weight shall not be valid or permitted on any part of the federal interstate highway system where the maximum single axle load shall not exceed twenty thousand pounds.

The annual additional tonnage permits provided for in this section shall be issued (under such rules and regulations) upon such terms and conditions as may be prescribed by the (highway commission) department pursuant to general rules adopted by the transportation commission. Such permits shall entitle the permittee to carry such additional load in such an amount and upon such highways or sections of highways as may be determined by the (highway commission) department of transportation to be capable of withstanding such increased gross load without undue injury to the highway: PROVIDED, That the permits shall not be valid on any highway where the use of such permits would deprive this state of federal funds for highway purposes.

The annual additional tonnage permits provided for in this section shall commence on the first of January of each year. The permits may be purchased at any time, and if they are purchased for less than a full year, the fee shall be one-twelfth of the full fee for the number of months, including any fraction thereof, covered by the permit. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit from one vehicle to another a fee of five dollars shall be charged for each such duplicate issued or each such transfer. The (highway commission) department of transportation shall issue such permits on a temporary basis for periods not less than five days at one dollar per day for each two thousand pounds or fraction thereof.

The fees levied in RCW 46.44.0941 and this section shall not apply to any vehicles owned and operated by the state of Washington, any county within the state or any city or town or metropolitan municipal corporation within the state, or by the federal government.

In the case of fleets prorating license fees under the provisions of chapter 46.85 RCW the fees provided for in this section shall be computed by the (highway commission) department of transportation by applying the proportion of the Washington mileage of the fleet in question to the total mileage of the fleet as reported pursuant to chapter 46.85 RCW to the fees that would be required to purchase the additional weight allowance for all eligible vehicles or combinations of vehicles for which the extra weight allowance is requested.

The (highway commission) department of transportation shall prorate the fees provided in this section only if the name of the operator or owner is submitted on official listings of authorized fleet operators furnished by the department of motor vehicles. Listings furnished shall also include the percentage of mileage operated in Washington which shall be the same percentage as determined by the department of motor vehicles, for purposes of prorating license fees.

Sec. 34. Section 2, chapter 16, Laws of 1963 as last amended by section 1, chapter 103, Laws of 1974 ex. sess. and RCW 46.61.405 are each amended to read as follows:

Whenever the (highway commission) secretary of transportation shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinafter set forth is greater than is reasonable or safe with respect to a state highway under the conditions found to exist at any intersection or
upon any other part of the state highway system or at state ferry terminals, or that a general reduction of any maximum speed hereinbefore set forth would aid in the conservation of energy resources, the secretary may determine and declare a reasonable and safe lower maximum limit or a lower maximum limit which will reasonably conserve energy resources, for any state highway, the entire state highway system, or any portion thereof, which shall be effective when appropriate signs giving notice thereof are erected. The secretary may also fix and regulate the speed of vehicles on any state highway within the maximum speed limit allowed by this chapter for special occasions including, but not limited to, local parades and other special events. Any such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon the said signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective (a) when posted upon appropriate fixed or variable signs or (b) if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of RCW 46.61.410, as now or hereafter amended.

Sec. 35. Section 3, chapter 16, Laws of 1963 as amended by section 2, chapter 103, Laws of 1974 ex. sess. and RCW 46.61.410 are each amended to read as follows:

(1) Subject to subsection (2) below the secretary may increase the maximum speed limit on any highway or portion thereof to not more than seventy miles per hour in accordance with the design thereof (taking into account all safety elements included therein), or whenever the secretary determines upon the basis of an engineering and traffic investigation that such greater speed is reasonable and safe under the circumstances existing on such part of the highway. The greater maximum limit so determined shall be effective, when appropriate signs giving notice thereof are erected, or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon said signs or in the case of auto stages, as indicated in said written notice; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(2) The maximum speed limit for vehicles over ten thousand pounds gross weight and vehicles in combination except auto stages shall not exceed sixty miles per hour and may be established at a lower limit by the secretary as provided in RCW 46.61.405, as now or hereafter amended.

(3) The word 'trucks' used by the department on signs giving notice of maximum speed limits shall mean vehicles over ten thousand pounds gross weight and all vehicles in combination except auto stages.

(4) Whenever the secretary shall establish maximum speed limits for auto stages lower than the maximum limits for automobiles, the secretary shall (a) cause to be mailed notice thereof to each auto transportation company holding a certificate of public convenience and necessity issued by the Washington utilities and transportation commission. The notice shall be mailed to the chief place of business within the state of Washington of each auto transportation company or if none then its chief place of business in the state of Washington.

Sec. 36. Section 4, chapter 16, Laws of 1963 as amended by section 3, chapter 103, Laws of 1974 ex. sess. and RCW 46.61.415 are each amended to read as follows:

(1) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.440 is greater or less than that determined and declared a reasonable and safe maximum limit thereon which (a) Decreases the limit at intersections; or (b) Increases the limit but not to more than sixty miles per hour; or (c) Decreases the limit but not to less than twenty miles per hour.

(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed sixty miles per hour.

(3) The secretary of transportation is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(4) Any altered limit established as hereinbefore authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(5) Any alteration of maximum limits on state highways within incorporated cities or towns by local authorities shall not be effective until such alteration has been approved by the secretary of transportation.
Sec. 37. Section 6, chapter 16, Laws of 1963 as last amended by section 1, chapter 135, Laws of 1969 and RCW 46.61.425 are each amended to read as follows:

(1) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law: PROVIDED, That a person following a vehicle driving at less than the legal maximum speed and desiring to pass such vehicle may exceed the speed limit, subject to the provisions of RCW 46.61.120 on highways having only one lane of traffic in each direction, at only such a speed and for only such a distance as is necessary to complete the pass with a reasonable margin of safety.

(2) Whenever the ((state highway commission)) secretary of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway unreasonably impede the normal movement of traffic, the ((commission)) secretary or such local authority may determine and declare a minimum speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected. No person shall drive a vehicle slower than such minimum speed limit except when necessary for safe operation or in compliance with law.

Sec. 38. Section 46.48.041, chapter 12, Laws of 1961 as amended by section 4, chapter 103, Laws of 1974 ex. sess. and RCW 46.61.430 are each amended to read as follows:

Notwithstanding any law to the contrary or inconsistent herewith, the ((Washington state highway commission)) secretary of transportation shall have the power and the duty to fix and regulate the speed of vehicles within the maximum speed limit allowed by law for state highways, designated as limited access facilities, regardless of whether a portion of said highway is within the corporate limits of a city or town. No governing body or authority of such city or town or other political subdivision may have the power to pass or enforce any ordinance, rule, or regulation requiring a different rate of speed, and all such ordinances, rules, and regulations contrary to or inconsistent therewith now in force are void and of no effect.

Sec. 39. Section 46.48.080, chapter 12, Laws of 1961 and RCW 46.61.450 are each amended to read as follows:

It shall be unlawful for any person to operate a vehicle or any combination of vehicles over any bridge or other elevated structure or through any tunnel or underpass constituting a part of any public highway at a rate of speed or with a gross weight or of a size which is greater at any time than the maximum speed or maximum gross weight or size which might be maintained or carried with safety over any such bridge or structure or through any such tunnel or underpass when such bridge, structure, tunnel, or underpass is sign posted as hereinafter provided. The ((state highway commission)) secretary of transportation, if it be a bridge, structure, tunnel, or underpass upon a state highway, or the governing body or authorities of any county, city, or town, if it be upon roads or streets under their jurisdiction, may restrict the speed which may be maintained or the gross weight or size which may be operated upon or over any such bridge or elevated structure or through any such tunnel or underpass with safety thereto. The ((state highway commission)) secretary or the governing body or authorities of any county, city, or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the right hand side of such highway, road, or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel, or underpass and on the approach thereto: PROVIDED, That in the event that any such bridge, elevated structure, tunnel, or underpass is upon a city street designated by the ((state highway)) transportation commission as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate shall not be enforceable at any speed, weight, or size less than the maximum allowed by law, unless with the approval in writing of the ((state highway commission)) secretary. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or maximum weight, or size, or either, and the distance and location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum weight, or size, or either, which can be maintained or carried with safety over such bridge or elevated structure or through such tunnel or underpass.

Sec. 40. Section 66, chapter 155, Laws of 1965 ex. sess. as amended by section 35, chapter 62, Laws of 1975 and RCW 46.61.570 are each amended to read as follows:

(1) Except when necessary to avoid conflict with other traffic, or in compliance with law or the directions of a police officer or official traffic control device, no person shall:

(a) Stop, stand, or park a vehicle:

(i) On the roadway side of any vehicle stopped or parked at the edge or curb of a street;
(ii) On a sidewalk or street planting strip;
(iii) Within an intersection;
(iv) On a crosswalk;
(v) Between a safety zone and the adjacent curb or within thirty feet of points on the curb immediately opposite the ends of a safety zone, unless official signs or markings indicate a different no-parking area opposite the ends of a safety zone;
(vi) Alongside or opposite any street excavation or obstruction when stopping, standing, or parking would obstruct traffic;
(vii) Upon any bridge or other elevated structure upon a highway or within a highway tunnel;
(viii) On any railroad tracks;
(ix) In the area between roadways of a divided highway including crossovers; or
(x) At any place where official signs prohibit stopping.

(b) Stand or park a vehicle, whether occupied or not, except momentarily to pick up or discharge a passenger or passengers:

(i) In front of a public or private driveway or within five feet of the end of the curb radius leading thereto;

(ii) Within fifteen feet of a fire hydrant;

(iii) Within twenty feet of a crosswalk;

(iv) Within thirty feet upon the approach to any flashing signal, stop sign, yield sign, or traffic control signal located at the side of a roadway;

(v) Within twenty feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within seventy-five feet of said entrance when properly signposted; or

(vi) At any place where official signs prohibit standing.

(c) Park a vehicle, whether occupied or not, except temporarily for the purpose of and while actually engaged in loading or unloading property or passengers:

(i) Within fifty feet of the nearest rail of a railroad crossing; or

(ii) At any place where official signs prohibit parking.

(2) Parking or standing shall be permitted in the manner provided by law at all other places except a time limit may be imposed or parking restricted at other places but such limitation and restriction shall be by city ordinance or county resolution or order of the ((state highway commission)) secretary of transportation upon highways under their respective jurisdictions.

(3) No person shall move a vehicle not lawfully under his or her control into any such prohibited area or away from a curb such a distance as is unlawful.

(4) It shall be unlawful for any person to reserve or attempt to reserve any portion of a highway for the purpose of stopping, standing, or parking to the exclusion of any other like person, nor shall any person be granted such right.

Sec. 41. Section 67, chapter 155, Laws of 1965 ex. sess. as amended by section 36, chapter 62, Laws of 1975 and RCW 46.68.120 are each amended to read as follows:

(1) Except as otherwise provided in this section, every vehicle stopped or parked upon a two–way roadway shall be so stopped or parked with the right–hand wheels parallel to and within twelve inches of the right–hand curb or as close as practicable to the right edge of the right–hand shoulder.

(2) Except when otherwise provided by local ordinance, every vehicle stopped or parked upon a one–way roadway shall be so stopped or parked parallel to the curb or edge of the roadway, in the direction of authorized traffic movement, with its right–hand wheels within twelve inches of the right–hand curb or as close as practicable to the right edge of the right–hand shoulder, or with its left–hand wheels within twelve inches of the left–hand curb or as close as practicable to the left edge of the left–hand shoulder.

(3) Local authorities may by ordinance or resolution permit angle parking on any roadway, except that angle parking shall not be permitted on any federal–aid or state highway unless the ((state highway commission)) secretary of transportation has determined by ((resolution or)) order that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

(4) The ((state highway commission)) secretary with respect to highways under ((its)) his or her jurisdiction may place official traffic control devices prohibiting, limiting, or restricting the stopping, standing, or parking of vehicles on any highway where ((in its opinion, as evidenced by resolution or)) the secretary has determined by order, such stopping, standing, or parking is dangerous to those using the highway or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic thereof. No person shall stop, stand, or park any vehicle in violation of the restrictions indicated by such devices.

Sec. 42. Section 46.68.120, chapter 12, Laws of 1961 as last amended by section 2, chapter 100, Laws of 1975 1st ex. sess. and RCW 46.68.120 are each amended to read as follows:

Funds to be paid to the counties of the state shall be subject to deduction and distribution as follows:

(1) One and one–half percent of such sums shall be deducted monthly as such sums accrue and set aside for the use of the ((state highway commission)) department of transportation and the county road administration board for the supervision of work and expenditures of such counties on the county roads thereof, including the supervision and administration of federal–aid programs for which the ((highway)) transportation commission has responsibility: PROVIDED, That any moneys so retained and not expended shall be credited in the succeeding biennium to the counties in proportion to deductions herein made;

(2) All sums required to be repaid to counties composed entirely of islands shall be deducted;

(3) The balance remaining to the credit of counties after such deductions shall be paid to the several counties monthly, as such funds accrue, upon the basis of the following formula:

(a) Ten percent of such sum shall be divided equally among the several counties.

(b) Thirty percent shall be paid to each county in direct proportion that the sum of the total number of private automobiles and trucks licensed by registered owners residing in unincorporated areas and seven percent of the number of private automobiles and trucks licensed by registered owners residing in incorporated areas within each county bears to the total of such sums for all counties. The number of registered vehicles so used shall be as certified by the director of the department of motor vehicles for the year next preceding the date of calculation of the allocation amounts. The director of the department shall first supply such information not later than the fifteenth day of February, 1956, and on the fifteenth of February each two years thereafter.
(c) Thirty percent shall be paid to each county in direct proportion that the product of the county's trunk highway mileage and its prorated estimated annual cost per trunk mile as provided in subsection (e) is to the sum of such products for all counties. County trunk highways are defined as county roads regularly used by school buses and/or rural free delivery mail carriers of the United States post office department, but not foot carriers. Determination of the number of miles of county roads used in each county by school buses shall be based solely upon information supplied by the superintendent of public instruction who shall on October 1, 1955, and on October 1st of each odd-numbered year thereafter furnish the (state highway) transportation commission with a map of each county upon which is indicated the county roads used by school buses at the close of the preceding school year, together with a detailed statement showing the total number of miles of county highway over which school buses operated in each county during such year. Determination of the number of miles of county roads used in each county by rural mail carriers on routes serviced by vehicles during the year shall be based solely upon information supplied by the United States postal department as of January 1st of the even-numbered years.

(d) Thirty percent of such sum shall be paid to each of the several counties in the direct proportion that the product of the trunk highway mileage of the county and its 'money need factor' as defined in subsection (f) is to the total of such products for all counties.

(e) Every four years, beginning with the 1958 allocation, the (highway) transportation commission and the legislative transportation committee shall reexamine or cause to be reexamined all the factors on which the estimated annual costs per trunk mile for the several counties have been based and shall make such adjustments as may be necessary. The following formula shall be used: One twenty-fifth of the estimated total county road replacement cost, plus the total annual maintenance cost, divided by the total miles of county road in such county, and multiplied by the result obtained from dividing the total miles of county road in said county by the total trunk road mileage in said county. For the purpose of allocating funds from the motor vehicle fund, a county road shall be defined as one established as such by resolution or order of establishment of the (board-of) county (commissioners) legislative authority. The first allocation of funds shall be based on the following prorated estimated annual costs per trunk mile for the several counties as follows:

PROVIDED, HOWEVER, That the prorated estimated annual costs per trunk mile in this subsection shall be adjusted every four years, beginning with the 1958 allocation by the highway commission on the basis of changes in the trunk and total county road mileage based on information supplied by the superintendent of public instruction, the United States postal department, and the annual reports of the county road departments.

(d) The 'money need factor' for each of the several counties shall be the difference between the prorated estimated annual costs as [(listed above)] provided for in subsection (e) of this subsection and the sum of the following three amounts divided by the county trunk highway mileage:

(1) The equivalent of a two dollar and twenty-five cents per thousand dollars of assessed value tax levy on the valuation, as equalized by the state department of revenue for state purposes, of all taxable property in the county road districts;

(2) One-fourth the sum of all funds received by the county from the federal forest reserve fund during the two calendar years next preceding the date of the adjustment of the allocation amounts as certified by the state treasurer; and

(3) One-half the sum of motor vehicle license fees and motor vehicle fuel tax refunded to the county during the two calendar years next preceding the date of the adjustment of the allocation amounts as provided in RCW 46.68.080. These shall be as supplied to the [(highway)] transportation commission by the state treasurer for that purpose. The department of revenue and the state treasurer shall supply the information herein requested on or before January 1, 1956, and on said date each two years thereafter.

The following formula shall be used for the purpose of obtaining the 'money need factor' of the several counties: The prorated estimated annual cost per trunk mile multiplied by the trunk miles will equal the total need of the individual county. The total need minus the sum of the three resources set forth in subsection (f) shall equal the net need. The net need of the individual county divided by the total net needs for all counties shall equal the 'money factor' for that county.

(g) The [(state-highway)] transportation commission shall adjust the allocations of the several counties on March 1st of every even-numbered year based solely upon the sources of information hereinbefore required: PROVIDED, That the total allocation factor composed of the sum of the four factors defined in subsections (a), (b), (c), and (d) shall be held to a level not more than five percent above or five percent below the total allocation factor in use during the previous two year period.

(h) The [(highway)] transportation commission and the legislative transportation committee shall relog or cause to be relogged the total road mileages upon which the prorated estimated annual costs per trunk mile are based and shall recalculate such costs on the basis of such reloggings and shall report their findings and recommendations to the legislature at its next regular session.

(i) The [(highway)] transportation commission and the legislative transportation committee shall study and report their findings and recommendations to the legislature concerning the following problems as they affect the allocation of 'motor vehicle fund' funds to counties:

(1) Comparative costs per trunk mile based on federal aid contracts versus those herein advocated;

(2) Average costs per trunk mile;

(3) The advisability of using either 'trunk mileage' or 'county road' mileage exclusively as the criterion instead of both as in this plan adopted;

(4) Reassessment of bridge costs based on current information and reloggings of bridges;

(5) The items in the list of resources used in determining the 'need factor';

(6) The development of a uniform accounting system for counties with regard to road and bridge construction and maintenance costs;

(7) A redefinition of rural and urban vehicles which better reflects the use of said vehicles on county roads.

Sec. 43. Section 2, chapter 173, Laws of 1963 as amended by section 2, chapter 39, Laws of 1969 ex. sess. and RCW 47.05.020 are each amended to read as follows:

The ((state-highway-commission)) department of transportation shall adopt and periodically revise in accordance with policies established by the transportation commission and after consultation with the legislative transportation committee and senate and house transportation ((and utilities)) committees a long range plan for highway improvements, specifying highway planning objectives for each of the highway categories, 'A', 'B', and 'C', defined in this section, based upon needs for the ensuing fourteen year advance planning period, and within the framework of revenue estimates for such period. The plan shall be based upon the improvement needs for state highways as determined by the ((highway-commission)) department from time to time.

With such reasonable deviations as may be required to effectively utilize the available funds and to adjust to unanticipated delays in programmed projects, the ((highway-commission)) department shall allocate the estimated available funds among the following described categories of highway improvements, so as to carry out the ((commission's)) department's highway planning objectives within a fourteen year advance planning period:

(1) Category A shall consist of those improvements necessary to sustain the structural, safety, and operational integrity of the existing state highway system (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations).

(2) Category B shall consist of improvements for the continued development of the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations.

(3) Category C shall consist of the development of major transportation improvements (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations) including designated but unconstructed highways which are vital to the state-wide transportation network.

Mr. Nelson (Dick): "Representative Lysen, my reading of this bill indicates that it goes farther than just transferring powers. Section 3 allows the director the powers of acquiring,
managing, leasing and subleasing real or personal property for disposal of radioactive waste. My question is, does that power then allow for the acquisition of land that is not on federal reservations, mainly the Hanford reservation, but off that reservation, for the purpose of disposing of radioactive waste? What kind of disposal is contemplated by this bill? Is it disposal of low level waste, high level waste? Is it waste from the reprocessing of fossil fuels?"

Mr. Lysen: "The answer to the first part of your question is, yes, a director could find land outside the Hanford reservation, but it's strictly low level waste disposal. The high level waste is all regulated by the federal agencies and comes under their jurisdiction. This is just low level waste material."

The legislature finds that energy in various forms is increasingly subject to possible shortages and supply disruptions, to the point that there may be foreseen an emergency situation, and that without the ability to institute appropriate emergency measures to ((reduce and/or allocate the usage)) regulate the production, distribution, and use of energy ((through a program of mandatory usage curtailment and/or allocation)), a severe impact on the public health, safety, and general welfare of our state's citizens may occur. The prevention or mitigation ((of the effects)) of such energy shortages or disruptions and their effects is necessary for preservation of the public health, safety, and general welfare of the citizens of this state.

It is the intent of this chapter to:

(1) Establish necessary (energy) emergency powers for the governor and define the (conditions) situations under which such powers are to be exercised;

(2) Provide penalties for violations of this chapter.

It is further the intent of the legislature that in developing proposed orders under the powers granted in RCW 43.21G.040 as now or hereafter amended the governor may utilize, on a temporary or ad hoc basis, the knowledge and expertise of persons experienced in the technical aspects of energy supply, distribution, or use. Such utilization shall be in addition to support received by the governor from the state energy office under RCW 43.21F.050 and 43.21F.070 and from other state agencies.

Sec. 2. Section 16, chapter 108, Laws of 1975-'76 2nd ex. sess. and RCW 43.21G.020 are each amended as follows:

(6) 'Regulated distributor' means a public service company as defined in chapter 80.04 RCW which engages in or is authorized to engage in the activity of generating, transmitting, or distributing energy in this state.

(7) 'Energy supply alert' means a situation which threatens to disrupt or diminish the supply of energy to the extent that the public health, safety, and general welfare may be jeopardized.

(8) 'Energy emergency' means a situation in which the unavailability or disruption of the supply of energy poses a clear and foreseeable danger to the public health, safety, and general welfare.

(9) 'State or local governmental agency' means any county, city, town, municipal corporation, political subdivision of the state, or state agency.

Sec. 3. Section 17, chapter 108, Laws of 1975-'76 2nd ex. sess. and RCW 43.21G.030 are each amended to read as follows:

It is the intent of the legislature that the governor ((and the council)) shall, in developing ((provisions)) plans for the production, allocation, ((conservation;)) and consumption of energy, give ((due consideration)) high priority to supplying vital public services ((such as)) including, but not limited to, essential governmental operations, public health and safety functions, emergency services, public mass transportation systems, fish production, food production and processing facilities, including the provision of water to irrigated agriculture, and energy supply facilities, during a condition ((s)) of ((an)) energy supply alert or energy emergency. In developing any ((energy allocation)) such ((programs)) plans, provisions should be made for the equitable distribution of energy among the geographic areas of the state.

It is further the intent of the legislature that the governor shall, to the extent possible, encourage and rely upon voluntary programs and local and regional programs for the production, allocation, and consumption of energy and that involvement of energy users and producers be secured in implementing such programs.

POINT OF INQUIRY

Mr. Martinis yielded to question by Mr. Flanagan.

Mr. Flanagan: "I'd like to know what the revenue package is and I'd like to know if these bonds can be issued without the revenue that's supposed to pay these bonds—the bills being passed—if it will make this revenue available to repay the debt service on these bonds?"

Mr. Martinis: "Representative Flanagan, I'll take the first question and I would defer the second question to the Appropriations Committee Chairman. The revenue package is House Bill No. 1188 which will follow House Bill No. 1184 and the capital budget. Nothing goes unless the revenue package goes. Everything is tied to the revenue package. The revenue package is a personal use salmon license, a sport license; it is a doubling to tripling of certain user licenses. It's a quadrupling of the charter boat licenses. It's a hundred dollar increase for the troll fishermen and the net fishermen. Also, it's a twenty-five percent increase in the landing and privileges taxes which have been combined together. They go from a four percent to a five percent on Chinook and Coho, and on the Chum it goes from to two to five percent tax. That is the revenue package, but I would assure you, Representative Flanagan, that the bonds will not be sold without the appropriation and the revenue package."

Mr. Shinpoch: "Representative Flanagan, if you'll read section 11 on the bottom of page 3, it precludes the sale of these bonds until such time as the Director of Fisheries has certified, based upon reasonable estimates, that the data provided the Department of Revenue will be available to meet the requirements during the life of the bonds. If we look at House Bill No. 1188 it will not only pay for these bonds, but it pays for the majority of the maintenance and operations of the facilities, also. I'm not sure that really should be a requirement of the revenue package, but that's the manner in which it is drawn. I think section 11 gives you full protection relative to your question on the sale of the bonds."

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 1184, and the bill passed the House by the following vote: Yeas, 90; nays, 1; not voting, 7.

ENGLISH TEXT

ENGROSSED SENATE BILL NO. 2069, Prime Sponsor: Senator Goltz, establishing a youth service corps to promote youth employment and service to local communities. Reported by Committee on Appropriations.

MAJORITY recommendation: Do pass with amendments (and the amendments previously adopted by the House be stricken):

On page 1, strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares that:

(1) A high percentage of the young men and women of the state are left idle by unemployment and denied the opportunities for career exploration and development that should accompany entry into the labor force.

(2) The talent and energy of Washington's young people are a significant resource for the enhancement of human and community services and the conservation and development of natural resources in our state of Washington.

(3) Existing programs do not adequately meet the needs of such young people for meaningful work and self-development.

(4) The program for youth service of the department of employment security offers an alternative to unemployment to its young people which challenges their abilities and commitment while extending the services of local governmental and private agencies and organizations in meeting social and environmental needs.

Now, therefore, the legislature finds it necessary and in the public interest to hereby establish the program for youth service as a permanent activity of the department of employment security and to hereby provide for its operation through this youth service corps act of 1977.

NEW SECTION. Sec. 2. (1) There is hereby created and established the youth service corps within the employment security department which shall include the program for youth service. The commissioner shall assign thereto such supervisory and clerical personnel as may be necessary to carry out the purposes of this chapter.

(2) The commissioner of the employment security department is hereby authorized to establish the program for youth service in which the services of full-time enrollees from fourteen to twenty-four years of age, inclusive, will be mobilized to serve the needs of citizens and to resolve environmental problems through contracts with state and local governmental units and private nonprofit agencies. Such contracts shall include a component of regular performance evaluation leading to a work experience credential for the enrollee.

NEW SECTION. Sec. 3. The commissioner is authorized to select and enroll in the program for youth service, any person who is over fourteen years of age or who has not yet reached his or her twenty-fifth birthday, who is a resident of the state of Washington, and who is not for medical, legal, or psychological reasons incapable of a full year of service. The commissioner may prescribe such additional standards and procedures for selection of enrollees as may be necessary and in conformance with the provisions of this chapter.

NEW SECTION. Sec. 4. Placements in the program for youth service shall include those assignments which provide for dealing with social and environmental problems, and conservation and development of our natural resources.

The commissioner is authorized to establish standards for the development of placements for program for youth service enrollees with state and local units of government and private nonprofit agencies and organizations, and to assign enrollees to such placements in accordance with those standards.

A subsistence living allowance and comprehensive medical insurance shall be paid by the commissioner in accordance with the standards and limitations of the funding appropriation.

NEW SECTION. Sec. 5. A 'program for youth service enrollee' is defined as a person who has completed enrollment forms and entered into a program for youth service contract as approved by the director of the program for youth service and who has entered service and is receiving a subsistence living allowance from the employment security department. Prior to placement of the program for youth service enrollee, the commissioner shall secure a written agreement from the state or local government unit, or private nonprofit agency and the enrollee which specifies in detail the purpose, objectives, and activities to be performed by the enrollee. It shall include assurances that the conditions of this chapter are met as well as an agreement that neither party will request nor receive compensation of any form other than the minimal living allowance, listed benefits, and actual expenses incurred by the enrollee in line with his or her assignment. All parties shall agree that they will not discriminate in the providing of any of its services on the basis of race, creed, ethnic origin, sex, age, or political affiliation.

NEW SECTION. Sec. 6. If the employment security department finds that there is an opportunity for the placement of youth in a training program that will, in the opinion of the director, assist in the development of skills and talents as set forth in section 1 of this act, then the director is hereby authorized to enter into any contract with any employer in the state that offers such training program or opportunities. Contracts entered into with employers other than local governmental and private nonprofit agencies shall not be exempted from the minimum wage laws of this state, but the director shall be empowered to reimburse the employer an amount not to exceed the amount that would have been paid under section 5 of this act. The director shall only be authorized to make said payments for a maximum period of one year.

The director shall report back to the legislature by January 15, 1978, the number of contracts entered into and the number of youth employed under this section and under section 5 of this act.
NEW SECTION. Sec. 7. Program for youth service enrollees shall be eligible for the benefits under Title 51 RCW, as now or hereafter amended, relating to industrial insurance.

The employment security department shall be deemed the employer and pay all premiums, including the worker's share. The employment security department will give notice of coverage under industrial insurance of all of its program for youth service enrollees to the director of the department of labor and industries prior to the occurrence of the injury or contraction of an occupational disease by any program for youth service enrollees.

NEW SECTION. Sec. 8. The assignment of program for youth service enrollees shall not result in the displacement of currently employed workers, including partial displacement such as a reduction in hours of non-overtime work, wages, or other employment benefits.

State and local governments and private nonprofit agencies that participate in the program may not terminate, lay off, or reduce the working hours of any employee for the purpose of utilizing an enrollee with funds available under this chapter.

NEW SECTION. Sec. 9. The provisions of chapter 49.46 RCW, the state Minimum Wage Act, shall not apply to any program for youth service enrollee serving under a youth service contract approved pursuant to the provisions of this chapter.

NEW SECTION. Sec. 10. In addition to any other power, duty, or function prescribed by law or regulation, the employment security department, through the youth service corps, shall be authorized to accept federal funds and grants and implement federal programs relating to youth services or employment programs, and is further authorized to enter into agreements respecting such funds or grants.

If any part of this chapter shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this chapter is hereby declared to be inoperative solely to the extent of such conflict, and such finding or determination shall not affect the operation of the remainder of this chapter; the rules and regulations under this chapter shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 11. The provisions of this chapter shall expire on December 31, 1981.

NEW SECTION. Sec. 12. Sections 1 through 11 of this act shall constitute a new chapter in Title 50 RCW.

In line 1 of the title, following "corps" strike all the material through "service;" in line 2 and insert "and the program for youth service; providing an expiration date;"

ENGROSSED SENATE BILL NO. 2241, Prime Sponsor: Senator Day, permitting use of Laetrile. Reported by Committee on Social and Health Services.

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert:

*NEW SECTION. Section 1. There is added to chapter 70.54 RCW a new section to read as follows: It is the intent of the legislature that passage of this act shall not constitute any endorsement whatever of the efficacy of amygdalin (Laetrile) in the treatment of cancer, but represents only the legislature's endorsement of a patient's freedom of choice, so long as the patient has been given sufficient information in writing to make an informed decision regarding his/her treatment and the substance is not proven to be directly detrimental to health.

NEW SECTION. Sec. 2. There is added to chapter 70.54 RCW a new section to read as follows:

No hospital or health facility may interfere with the physician/patient relationship by restricting or forbidding the use of amygdalin (Laetrile) when prescribed or administered by a physician licensed pursuant to chapter 18.57 or 18.71 RCW and requested by a patient under his/her care who has requested the substance after having been given sufficient information in writing to make an informed decision.

For the purposes of this act, the state board of pharmacy shall provide for the certification as to the identity of amygdalin (Laetrile) by random sample testing or other testing procedures, and shall promulgate rules and regulations necessary to implement and enforce its authority under this section.

NEW SECTION. Sec. 3. There is added to chapter 70.54 RCW a new section to read as follows:

No physician may be subject to disciplinary action by any entity of either the state of Washington or a professional association for prescribing or administering amygdalin (Laetrile) to a patient under his/her care who has requested the substance after having been given sufficient information in writing to make an informed decision.

It is not the intent of this section to shield a physician from acts or omissions which otherwise would constitute unprofessional conduct as defined in RCW 18.57.170 and 18.72.030.

The President: *Governor Ray, Governor Hammond, General Gross, Mr. Speaker, members of the Legislature, ladies and gentlemen: The purpose of the Joint Session is to receive a message from His Excellency The Honorable Jay Hammond, Governor of the State of Alaska. The members of the Senate, members of the House, all of the people of our state, the state elected officials, join in extending a very warm welcome to our illustrious and distinguished guest. The President this morning has the great pleasure of presenting to you at this time the Honorable Dixy Lee Ray, Governor of the State of Washington, who will in turn introduce Governor Hammond. Governor Ray.*

Governor Ray: *Thank you very much. President Cherberg, Mr. Speaker, members of the Legislature, ladies and gentlemen: It's all too rare that we can host the governor and elected officials or legislative people from other states during the time that our own Legislature in is session, but we have had that opportunity these last couple of days and it has been a rare one. Contact and exchanges of information with our neighboring states are very valuable as we seek to solve reasonably some of the many problems that we face and to reinforce both economical and social ties that bind us together. In the case of Governor Hammond of the State of Alaska, we are, here in the state of Washington, very much aware of our mutual interests and we have always devoted the necessary time to develop them. When I visited Alaska last December, Governor Hammond and I agreed that although our two states are separated geographically we have perhaps more in common than any two other states in the union. We share interests and mutual concerns in both economic and environmental areas and in the very special areas of resources, of energy, of fisheries, timbers, conservation, and we are devoted to the same kind of open and positive, careful, responsible development and utilization of those resources.

*Obviously the matter of Alaskan oil is of primary concern and our two states are deeply involved in the transportation of that valuable commodity. We were very happy therefore yesterday at a meeting of regional governors and legislators to find that we mutually agree that this valuable commodity should be utilized in the United States and that we have an important role to play in the transportation. We also have other ties educationally, and I would like us to refer to the most important development that's taken place between our two states in the utilization of satellite communications for advanced instruction in the medical profession. As a result we have had a nine hundred percent increase in medical students in our medical schools in the State of Alaska. Our ties in the so-called money programs are bringing us closer and closer together and we hope that will enlarge and extend to other fields of education as well.

*More than anything else it's a pleasure for me to welcome and introduce Governor Jay Hammond of the State of Alaska as a friend and a colleague and because, as he has so
graciously said on a number of occasions, he owes to me what he is today—the only Republican Governor in the West. Thank you, Governor Hammond."

Governor Hammond: "Governor Ray, members of the Legislature, distinguished guests: I'm deeply honored by your invitation to address this body. Having been twelve years myself a legislative member, it might be expected the Alaska Legislature and I share a certain warm regard for one another. As a matter of fact, sometimes it gets downright hot.

"I don't know exactly what happens when one departs the legislative scene and assumes the chores of the executive. Moving up the one required floor in our State Capitol Building shouldn't really make much difference; however one's viewpoint certainly does refocus. I recall that when in the Legislature, I was dismayed at the arbitrary powers permitted the executive. Now, curiously, I'm dismayed at the great frustration imposed upon my exercise of office through the small inconvenience of the legislative process. Is it possible that the rarer atmosphere of higher public office could so fuzzy up one's thinking, or is it because, though our objectives may be the same, like two people peering through opposite ends of the same telescope, we observe a distorted image of the other guy standing between ourselves and our objectives? I suspect we'd all be better off if governors and legislative bodies would stop peering apprehensively at one another through such fractured focus, we should look past those myopic misperceptions that we've conjured up and recognize such images are but ephemeral while those objectives which we jointly share will long endure after we've all heard that last hurrah.

"The Governor stole one of my lines. I'd intended to say that while her very gracious introduction was unduly generous, unfortunately, modestly, she omitted one important fact of which you may not be aware, and that being that in her defeat of John Spellman as Dan Evans' gubernatorial successor, your own Governor Dixy Lee has done more than anyone else to help make what I am today, and that is the entire Republican contingency of the Western Governor's Conference, to say nothing of the only Western Governor who is inclined to wear a beard.

"Speaking of beards, you may wonder about the political liability of a set of whiskers. I know my campaign staff certainly did. In their efforts two years ago to sort of sanitize the Hammond image, they urged me to shave it off. I reflected on the matter, but I concluded that, by golly, if I didn't deserve to be governor with a beard, I certainly didn't deserve to be governor without one. Besides I was in a store one day when a clerk looked up and told me, 'Say, didn't I see you on television? By George, you've got my vote. Any guy that's got guts enough to wear a beard and run for governor has got to be different. The rest of those fellows are all clean-shaven and trying to convey the impression of honesty and integrity and we know they're crooks.' Incidently, after I'd won the primary I told my campaign people that I'd shave the beard and they said I didn't dare, so you see, I'm stuck with what most have finally concluded should't really make much difference; however one's viewpoint certainly does refocus. I recall that when in the Legislature, I was dismayed at the arbitrary powers permitted the executive. Now, curiously, I'm dismayed at the great frustration imposed upon my exercise of office through the small inconvenience of the legislative process. Is it possible that the rarer atmosphere of higher public office could so fuzzy up one's thinking, or is it because, though our objectives may be the same, like two people peering through opposite ends of the same telescope, we observe a distorted image of the other guy standing between ourselves and our objectives? I suspect we'd all be better off if governors and legislative bodies would stop peering apprehensively at one another through such fractured focus, we should look past those myopic misperceptions that we've conjured up and recognize such images are but ephemeral while those objectives which we jointly share will long endure after we've all heard that last hurrah.

"Alaska and Washington, of course, have common bonds of interest which stretch back almost a century. Washington was the launching port for legions of gold-seekers, many of whom planted family roots in Alaskan soil. Our fishing industries were, for the most part, founded with Washington know-how and hard cash. As Alaska tourism, transportation and most other enterprise flourishes or flounders in Alaska, reverberations are felt in the width and breadth of Washington. Thus I can appreciate the interest in, and perhaps the apprehension, over that which you read and hear about Alaska and just what mischief we might be up to there. For example, are we opposed to more development as some might try to tell you? Or, as some others might assert, are we intent on rapidly exploiting our resource wealth as if there is no tomorrow? Let me first try to put my own views into perspective.

"There are some in Alaska who would brand me an environmentalist. That's a charge to which I happily plead guilty. Of course I'm an environmentalist. I'm concerned however about the economic and the social as well as the physical environment. Are there any neanderthals yet left who are unconcerned? If not, then I presume that an environmentalist is the only proper thing to be. Unfortunately, in usage labels take on a certain taint and tend to polarize, thus we find many politicians, who, while acknowledging a concern for the environment, are quick to point out they are not extremists by stating that, 'Of course, I'm a conservationist, but.' Somehow this seems to make that acknowledgement respectable. I suspect that I'm somewhat guilty in reverse. I've tried to mute the extremist charge and modify the perception of my own proclivities by professing that, of course, I'm a developer, but—my point being that neither end of the spectrum has a market cornered on extremists, just as there are some crackpot conservationists who would stop everything, there are crackpot developers who would rip—"
off and run roughshod over anyone and anything in their exploit of greed. Proper balance, of course, is what we should aspire to. I sometimes believe that I've achieved that balance for half the time the Chamber of Commerce is disgusted with me and half the time the conservationists are thumping me. I must admit that I've brought some of that abuse on myself. Long before I ever thought of running for this office I delighted in making irreverent statements, some of which have surfaced since to haunt me. For example, I once told a local Chamber of Commerce that I was well aware that some of their membership was apprehensive that as a conservationist I was inclined to thwart their interests. I said I wanted to alleviate their fears, and assured them that contrary to what some might try to tell them there was no truth whatsoever to the rumor that given all his druthers Hammond might put a fence around Alaska and make it into one huge national park. I told them that's a ridiculous charge, after all, your community doesn't deserve park status; that it had already degenerated beneath acceptable eligibility requirements. You can imagine why some members of that business community didn't sleep too well when I was first elected. However, I believe that many of those apprehensions have since been alleviated. Most Alaskans have to come to realize that I will support sound development, insisting only that it not do undue violence to the environment and is capable of paying its own way rather than compelling us to subsidize. Actually when you get right down to it that is what most Alaskans would ask of each prospective developmental project. The problem is that they phrase it in somewhat different terms. For example, I can go to the Chamber of Commerce and make points by stating that I favor and will promote any development which is environmentally sound and pays its own way and they like that. On the other hand, I can go before the Sierra Club and win applause by stating that I'm going to oppose any development that is not environmentally sound, and does not pay for its way. In both cases, of course, I've said the same thing, but heaven help me if someone should ever switch my slips.

'Most Alaskans aspire to the same thing people elsewhere do. It's simply that we've had time and some options that are not as yet foreclosed. Alaska is especially blessed with what remains in large measure the last place on earth where we can do things right the first time. 'Most Alaskans share a fundamental vision of what the future of Alaska should and possibly can be. Alaskans want the freedom to choose a lifestyle designed to one's own blueprint; a natural environment that facilitates this lifestyle and inspires rather than immerses either one's surroundings or one's spirit. Yet, also, most Alaskans want a healthy, stable economic environment which is rewarding to and controlled by the people whom it most affects.

'Alaskans recognize our oil wealth is but ephemeral. Thus, most believe Alaska's long-term future lies with increased dependence on renewable resources: Fisheries, timber, agriculture and tourism. Accordingly, it is our intent to use our oil wealth to invest heavily in the enhancement of these activities.

'In order to assure that our depleting nonrenewable, 'nest-egg' inheritance wealth from oil will not be simply used to further expand government or squandered through gigantic subsidies, the Alaskan voters recently adopted a constitutional amendment creating a permanent fund savings account into which a portion of our oil wealth must go. It is our intent to use the capital wealth itself for sound investments and permit only interest earnings from this fund to be used for recurring government expenses. We realize full well that moneys from depleting nonrenewable resources belong not only to this generation of Alaskans, but to those who will come behind us. Thus, the creation of the permanent fund indicates that we have learned some lessons from the past and are determined to buy a piece of tomorrow for our children. Had we instead continued the past practice which permitted those of us in public office to pump such 'nest-egg' moneys into a ballooning bureaucracy, I fear that we might find at the rainbow's end naught but the pot, the gold would have gone into government.

'To an alarming degree, Alaska's current economic situation is dependent upon our rich petroleum reserves. Oil from the largest individual pool yet discovered on our continent, in Prudhoe Bay will begin its journey to the marketplace this summer. That historic occasion, as well as the prospective routing of our natural gas, are items which I know are of great interest to Washingtonians.

'Regarding oil transport, from the first I believed that an oil pipeline could be constructed which was reasonably failsafe. My prime concern has ever been the transportation of petroleum. From what I hear some of you share this concern as well. My concerns in this regard were somewhat modified in the wake of assurances emanating from the Coast Guard and other federal agencies during the Trans-Alaska oil pipeline route debate. At that time we were repeatedly assured that tanker standards would be upgraded substantially. Since that time, however, we've seen indications that such commitments may have been relaxed. Accordingly,
we have done our best to remind respective federal agencies that tanker standards must be upgraded. While we've come some way towards accomplishing that objective, we have yet a way to go.

*Starting in 1977, shipments of more than one million barrels of oil a day will depart from Alaska's Port of Valdez by tanker. These tankers will then move down our coast through some of the most biologically productive waters in the world. The waters off your coast share this distinction and attendant vulnerability.*

*Research has led us to conclude that most oil pollution can be prevented if standards for construction and operation of tankers are upgraded to the changes we've proposed. To minimize spill potential, we are asking for improved navigation and communications equipment on all tankers. This would consist of standby radar, electronic position locating equipment and collision avoidance systems. We are asking for segregated ballast tanks. We are asking for double bottoms on the largest tankers. We are asking for fuel tank gas inhibiting systems to prevent explosions. We believe these are reasonable requests in terms of the unreasonable risks involved. From the twelve or so tanker incidents occurring in the past few months, those risks are evident. From them we've had a tremendous amount of pollution, loss of life and, of course, huge financial loss as well. Virtually all of these particular incidents could have been avoided had the tankers been equipped as proposed by our list of standards.*

*This, of course, is not simply an Alaskan issue but one national in scope. Accordingly, I'm pleased to report that at the recent Governor's Conference virtually all the nation's governors supported the above proposals.*

*Another major issue in which we have common interest is the prospective gas pipeline route designed to take north slope gas to market. My administration strongly supports the so-called All-Alaskan route. We believe there are some key advantages to all in this system. First, it could deliver gas much sooner to the nation than the other routes proposed. Second, it provides capability for expansion and delivery of additional Alaskan gas reserves. Moreover, the construction of the necessary cryogenic tanker fleet to haul the liquefied natural gas would permit development of reserves in areas where economic considerations precluded construction of a pipeline. Third, there is no exposure to foreign taxation and jurisdictional uncertainties which attend routes which would traverse a foreign country. Fourth, there is minimal environmental disturbance insofar as this route follows the already established oil pipeline route. Fifth, it provides thousands of jobs to U.S. citizens both on the line and in the shipyards. It also adds an estimated $10.5 billion dollars to the U.S. economy and a highly favorable impact upon our balance of payments. Sixth, there is no exposure to the uncertainty of decisions of a foreign nation.*

*The major consideration in opposition to either one of the two Canadian alternatives is the probability of prolonged delay presented by the yet unresolved issue of the Canadian native lands question. Those of us in Alaska who watched our own oil pipeline high-center until this issue was resolved, believe it may be by far the most important consideration.*

*Regarding the time schedule for decisions on the gas pipeline route: On February 1, administrative law Judge Litt of the Federal Power Commission recommended approval of a Trans-Canada natural gas pipeline system. This recommendation, of course, is only the first step in the F.P.C. consideration of the matter. The full commission is now reviewing Judge Litt's action and will make a recommendation to the President by May 1 this year. The President then will make a decision regarding the route no later than September 1. After that, Congress will have 60 days to approve his choice. I would hope that in your studies on this issue you have concluded that there are advantages to Washington in the All-Alaskan route. I know that many of your constituents have already reached that conclusion from what they have conveyed to me. Should you concur, a resolution to that effect might be helpful if conveyed to the President and Congress.*

*Another issue of perhaps even greater implication for the future of Alaska goes by the cryptic designation of D--2. Most Alaskans have learned that D--2 stands not for the latest version of a supersonic bomber nor one of the highest peaks in the Karakoram Mountains, but rather the manner in which federal lands within Alaska will be managed in the future. The term D--2 actually stands for a section in the Alaska native Claims Settlement Act which authorizes Congress to set aside up to 80 million acres of so-called national interest lands, to be managed by one of four federal agencies—National Parks, Refuges, Forest Service, or the Bureau of Outdoor Recreation.*

*Many in Alaska, both conservationist and developer alike, have become convinced that we should look at something different than the traditional approach which would set up in some cases federal enclaves providing for 100 percent protection for certain national interests,
say, fish or game habitat, which on adjacent state or private lands would be exposed to virtual desecration depending upon the whim of state or private owner. Thus, we have proposed a new approach which would, in return for greater utilization of those federal lands, improve the likelihood of a broadly comprehensive and rational cooperative land use plan being applied to much more acreage. The need for such a plan became self-evident to me some years ago when I looked at what the feds proposed to do to a lake on which I have a homestead. Under the so-called Morton Bill, one end of that lake is proposed to go into a national park, the other end into an ecological reserve while through the middle there would be a strip of land completely open to accommodate some mining interests and throughout the shoreline would be interspersed lands in native ownership or other private holdings. It seemed obvious that under such scattered ownership nothing but a chaotic land use pattern could possibly emerge. Such could serve neither the best interest of rational 'conservationists' or 'developers' nor Congress. There are many such situations in Alaska which could be remedied only through cooperative management. Such, of course, requires all parties to make a few concessions in return for more flexibility and rational land planning.

Thus many, including our congressional delegation and myself, encourage the creation of a joint federal state land use planning commission which would attempt to establish a voluntary cooperative management plan for Alaska's variegated landowners. Membership on this commission would be comprised of four persons appointed by the governor and four appointed by the President. Federal lands not going immediately into one of the four systems but on which there were clearly national interest values would be placed in what might be termed a holding pattern. Should these lands be matched acre for acre with state and private lands, they would be eligible for cooperative management. Private owners of undeveloped lands dedicated in this fashion would receive an exemption from state and local property taxes as long as their lands were managed under the commission's guidelines. All owners would have an incentive to commit lands to cooperative management, for without such commitment neighboring landowners could go their own way to the possible detriment of adjoining land values or the possible exclusion of uses beneficial to the area as a whole. Your Senator Henry Jackson will have a great influence on the final outcome of the D-2 issue. I met with him recently in Washington to discuss this concept. I am pleased that he expressed substantial interest. However, it will be an uphill battle particularly to persuade conservationists that there are benefits for them in this alternative proposal. As a conservationist, I am convinced there are. As a developer, I am equally convinced that in return for greater utilization of those national lands most Alaskans are prepared to allow the federal government at least a voice in formulating plans which impact our lands as well. Should we not be able to work out our differences, we could, of course, then go our separate ways. However, I hope we at least have the chance to try.

"In conclusion, let me remedy a common misperception. Contrary to the views of many, Alaska at this moment is on very shaky financial ground, indeed. Not only are we currently forced to borrow some $200 million annually from prospective future oil revenues, but from the standpoint of sound financial practice, we are in worse shape than we were back in 1960. Shocking as that may seem to some, let me prove that case. In 1960 the state's recurrent annual income per capita was more than the per capita cost of state services. Thus, we were clearly "paying our way." We didn't go very far, but we paid our fare out of pocket. Yet the year this administration entered office, the state was spending almost twice as much per citizen as it gleaned from him in taxes. This unhealthy situation crept up almost unnoticed. The fact that we had long since stopped "paying our way" was obscured behind a stack of cold hard cash 900 million dollars high which we received in 1969 for selling leases on the north slope. Now, unfortunately, that stack has dwindled down and more and more Alaskans can clearly see some disturbing cold hard facts. One of the most alarming is that if the government is permitted to expand at the average annual rate it has since statehood, come 1985 the costs of government could outstrip expected revenues, from all sources, by about $1 billion dollars. These disturbing revelations prompted me to cut past average annual government growth by almost half. To do so required me to exercise my veto power to excise more than ten times the money from the budget than had all other Alaskan governors combined. Moreover, to my dismay, I found that despite our apparent oil wealth, financial prudence suggested increasing consumer and other taxes rather than reducing them. Thus, I have proposed a multitude of tax increases. Frankly, I almost wish I had not ferreted out the data which convinced me of those facts for they are not platform plans suitable for constructing pads from which successful reelection bids are launched.
*There is, of course, only one reason why a politician will fly in the face of politics—he’s either right or stupid. Since you may presume the latter or share misperceptions as to Alaska’s affluence, permit me to briefly open up our books for your inspection.

*Whereas in 1960 our state budget was funded totally from recurring tax revenues, this year our state budget will require that 61% of it or $477 million come from nonrenewable resource 'nest egg wealth' which, once gone, will never come to us again. Only 39% of our current costs of government are being paid for from recurring taxes. Almost everybody and every industry in Alaska is being subsidized by our depleting wealth from oil. The dangers of continuing this practice should be painfully apparent. Yet this situation crept up on us insidiously and with little pain. Where we erred was permitting state salaries and services to escalate beyond the point the citizen was willing to pay for them through appropriate tax revenues. By injecting massive amounts of 'nest egg' wealth into expanding government, we lived in a politician’s paradise. We could provide all sorts of wondrous new programs and not charge recipients one more cent in taxes. Were I concerned primarily with reelection, I might ignore this fact and continue as before because there really is no need to do anything about it until our nonrenewable resources exhaust some years from now. Meanwhile, I could bask in the warm glow of popularity by increasing services while reducing taxes. Instead, I intend to turn down that thermostat for what we have done is akin to keeping the home fires burning by feeding it the home. Certainly, one can stay warm and comfortable for quite awhile by throwing on first the floorboards and then the siding and the studs, but, inevitably, someday in the future the roof caves in.

*How can Alaska kick the habit of injecting massive amounts of our 'nest egg' wealth into the day—by—day bloodstream of state government? Certainly we have become so hooked that we cannot quit cold turkey. However, I believe there is a way through which we might ease withdrawal pangs. To blunt the pain of shifting to appropriate tax schedules now while we yet can, we could provide that a portion of the earnings from our permanent fund investments be given directly to Alaskans in cash dividends. Such would offset the net impact of appropriate new taxes and, thus, might elicit their necessary political support. Moreover, by giving Alaskan stockholders an actual dividend we might suppress the unhealthy growth of government. Constraints would be more popular if every time we politicians wished to expand the cost of government we had to recoup these dividend dollars from the citizen in the form of taxes. It seems clear that the government bureaucracy will continue to balloon until there is a string tied from that balloon directly to the pocket of the citizen. The citizen in turn should require that those of us in public office twitch that string every time his money is used to expand government. Unfortunately for Alaska, as long as the public demand for services can be met in such a way that the public feels little pain, I fear we will continue to take the easy course and let that balloon float ever upward assuring that someday our children will come crashing down to earth when the last oil lease is sold and our 'nest egg' wealth is scrambled.

*Alaska, of course, can have a wondrous future, but we must chart our course carefully and program ourselves if we would ever find it. To do so requires that we must nurture our depleting 'nest egg' oil wealth and use much of it to enhance those renewable resources upon which we ultimately must depend. I would like to see an economy which would provide steady jobs for a population not much larger than we have now for once our nonrenewable resources exhaust, as they surely will, our renewable resources must be able to absorb those who would remain in Alaska.

*I would like to see sufficient oil and gas refined in Alaska to meet our needs if such can also reduce our costs, but to compel, despite the cost, refining to be done within our state or to greatly expand our petrochemical complex would simply increase the number of people who were dependent upon our depleting nonrenewable resources, and certainly it's unlikely that once our oil is gone, oil from the lower 48 will be sent back up our pipeline to keep those plants in operation.

*Most Alaskans wish to concentrate instead on permanent renewable resources industries. Accordingly, they imposed upon themselves a $30 million bond issue for the enhancement and rehabilitation of our fisheries. Moreover, expansion into fisheries not previously exploited by Alaskans is being ardently explored and shows much promise.

*Alaskans would like to see a healthy timber industry, however most do not believe this requires a commitment of all forest lands in order to sustain it.

*Alaskans would like to see a state in which a variety of lifestyles could exist harmoniously. One where those who opt for the simple subsistence style of the bush will not be overrun by the exploiters, but a clear vision of Alaska’s future is not possible until we thin the haze of red ink with which some governmental practices have served to cloud our awareness of our
past, our present and what could be our future. Moreover, until we achieve the high ground of a sane and sound economical environment, our concerns for other physical and social environmental needs are likely to be set aside. Until we start paying as we go for government and support only that government—or private sector—growth which does not demand subsidy, we'll find we simply cannot afford the luxury of taking the time or money necessary to assure we do things right. Instead, we will ever be engaged in a monstrous game of exploitive catch-up which we are sure to lose.

"Some of my environmental friends have expressed distress with me for overemphasizing economics. However, I point out to them that like the string which holds intact a diamond necklace, basic financial practices thread through not only present circumstances, but all options for the future. Those practices, while to many uninteresting or indetectable, are as functionally imperative as that necklace string and unless such is of solid substance, it will inevitably unravel, scattering all sorts of bright hopes into dark corners.

The discovery of Prudhoe Bay's fantastic pool of stored sunlight has ushered Alaska into a new era. Our challenge is to successfully navigate that transition with a sensitivity that embraces the old and anticipates the new. That challenge we intend to meet with the help of many, including those of you from this great state, for I am confident that we, together, can best meet it. Thus I am pleased to have had this opportunity to convey some of my thoughts, aspirations, concerns and hopes to you. More appropriately, perhaps I should have listened to your questions rather than doing all the talking. As a matter of fact you'd think I might have learned my lesson. Just recently I had it brought home to me dramatically that one can get into a great deal of trouble by talking when he should be listening. Just prior to the Presidential inauguration, I had my secretary place a call to the then Governor Carter. When she announced over the intercom that the Governor was on the line, I picked up the receiver and heard him say, 'Hello.' I responded, "Hello Governor, or is it Mr. President-elect, or just what does protocol dictate that I call you?" The answer was, 'You can call me the operator. I'll go get the Governor for you.' With that I had better sit down and say no more lest you come to realize that I share an affliction all too common to those of us in public office and that's the inability to confine ones' self to ten words when 10,000 words will do. If you'll grant me but two more, let me simply say, thank you."

(Applause)

The President: "Governor Hammond, on behalf of the members of the Legislature and the people of our state, I thank you very much for your most instructive and informative address. Your remarks gain even more significance when we realize that you are the first governor from another state who has ever addressed the Washington State Legislature, and we are honored and proud that you are the one to be first. As a result of your being here today, we are all sure that the friendly ties that exist between our two states are even stronger. We hope this is the first of many that you and your colleagues will make to the state of Washington."

The President introduced Mr. Avrum Gross, Attorney General of Alaska to the members of the Legislature.

The President requested the special committees to escort Governor Hammond, Governor Ray and Attorney General Gross from the House Chamber.

The President requested the committee to escort the state elected officials from the House Chamber.

Ms. Erickson spoke in favor of passage of the bill.
POINT OF INQUIRY

Ms. Erickson yielded to question by Mr. May.

Mr. May: "The bill is authorizing the public and private state institutions of higher education to collect bad bills. This is something they evidently have been doing and then all of a sudden there's a $200,000 bill to go with it. Who knows how much they are going to collect—if they're going to collect this much? That's the thing I'm concerned with."

Ms. Erickson: "Representative May, this bill simply allows the money, instead of being taken out of the original amount and reducing that, it adds an amount on the outside to it. The standard collection fee is what they have done—the standard amount, whatever that might be, from the collection agency. This has been done as a usual concept, but that money has not been taken from that initial amount so that the repayment is less and can be retained for future loans. I think there is some control on this. We did ask that the institutions do it themselves, but they said they were unable to do it and we've had to go to outside agencies."

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 2478, and the bill passed the House by the following vote: Yeas, 85; nays, 5; not voting, 8.

Representative Knowles spoke in favor of the amendment as amended.

POINT OF INQUIRY

Mrs. Valle yielded to question by Mr. Deccio.

Mr. Deccio: "Representative Valle, I've been a smoker off and on for a long time and I can see the worthiness of this bill, but can you tell me please where are we going to get the law enforcement people to even begin to implement the provisions of this bill? They are now understaffed and can't take care of the things that I think are the real crimes in this country and yet you're proposing to pass a bill with these two amendments in and expect them to do the job that we really want them to do and this bill will probably do nothing more than frustrate them. Where do you suggest they get the additional money to hire additional law enforcement people to properly enforce this bill?"

Mrs. Valle: "That's a very good question. Under the wise leadership of Representative Shinpoch, the twenty-five dollar fine was reduced to five dollars in the Judiciary Committee and so I've done a great deal of soul-searching because I thought twenty-five dollars was an amount that would probably be needed for law enforcement. I have information, and I have received estimates from the Seattle municipal courts for the costs of processing traffic violations. This is very similar to a traffic violation—the civil penalty. For that violation which is not contested and for which bail is forfeited, the court costs, filing, etc., are estimated at five dollars. For violations which are contested, the court costs for those cases in which only the person cited and the justice participates, the cost estimate is forty dollars. For those cases in which attorneys and witnesses all participate, the costs are estimated at eighty dollars. So actually in smaller towns the costs may be even less than five dollars, and so I've given you as honest an answer as I can."

Representatives Deccio and Haley spoke in favor of the amendment as amended, and Mr. Shinpoch spoke against it.

Mr. Charette demanded the previous question, and the demand was sustained.

My question is whether the indebtedness here is public indebtedness or private indebtedness or both?"

Mr. O'Brien: "This indebtedness is public indebtedness. Article VIII specially prohibits the use of public funds for private purposes. In no way does House Joint Resolution No. 30 amend, alter or weaken Article XIII of our state Constitution."

Mr. Flanagan spoke again in favor of the amendment, and Mr. O'Brien spoke again in opposition to it.

Mr. Leckenby spoke in favor of the amendment.

ROLL CALL

Expanding the work release program to include treatment.

The bill was read the second time.

Mr. Tilly moved adoption of the following amendment:

On page 1, after subsection (1) on line 8 insert a new subsection as follows:

"(2) Has actually completed, allowing for good time credits, minimum imprisonment requirements of RCW 9.41.025 and RCW 9.95.040."

Renumber the remaining subsections consecutively.

Mr. Tilly spoke in favor of the amendment, and Mr. Hanna spoke against it.

The amendment was not adopted.

Representative Hurley (Margaret) moved adoption of the following amendment:

On page 1, line 22 after "to" strike "persons" and insert "the felon and society to the extent that the secretary shall certify such safety in any order of release from custody"

Representative Hurley (Margaret) spoke in favor of the amendment.
POINT OF INQUIRY

Representative Hurley (Margaret) yielded to question by Mr. Hanna.

Mr. Hanna: "Representative Hurley, the intent of your proposed amendment seems fine, but I have a couple of questions. Does certify mean guaranteed?"

Representative Hurley (Margaret): "No, the attorney who wrote this for me—I asked him the same question. I said I don’t see how anybody can guarantee the actions of any other person, and he said, no, this would be a part of the screening process and it would just mean that they would have to screen them a little more thoroughly than if they didn’t have to certify. Certify, in this instance would mean that they would be as safe as possible without some kind of a cast iron guarantee."

Mr. Hanna spoke in favor of the amendment, and it was adopted.

On motion of Representative Hurley (Margaret), the following amendment was adopted:

On page 2, line 2 following 'Prisoners" strike the balance of the sentence and insert "and such other persons and agencies who or which have a legitimate interest therein, shall have reasonable access to treatment records maintained hereunder."

Mr. Bond moved adoption of the following amendment:

On page 2, following section 3 add a new section as follows:

"NEW SECTION. Sec. 4. Prisoners placed on treatment release shall not be placed in a work release facility operated by the state under chapter 72.65 RCW, or in a similar facility operated by the state or its agencies to provide housing for work release individuals. Nor shall there be any reduction in the total number of work release positions available in state facilities as a result of placement of treatment prisoners."

Mr. Bond spoke in favor of the amendment, and Mr. Hanna spoke against it.

Mr. Bond spoke again in favor of the amendment.

POINT OF INQUIRY

Mr. Bond yielded to question by Mr. Hanna.

Mr. Hanna: "Since about seventy percent of the people of Walla Walla have some kind of addiction, whether it be alcohol or drug abuse, would you mind telling me what you base your decision on? That they look different or they act different? How do you know they don’t get along and how do you know which is which?"

Mr. Bond: "Well, I have to rely on what the guards tell me and when I last visited Walla Walla last year that was the strong information I got."

The amendment was not adopted.

MOTION

On motion of Mr. Chandler, further consideration of Substitute House Bill No. 13 was deferred, and the bill was ordered placed on the second reading calendar immediately following Engrossed House Bill No. 271.

On motion of Ms. Sommers, Second Substitute House Bill No. 766 was substituted for House Bill No. 766, and the second substitute bill was placed on the calendar for second reading.

Second Substitute House Bill No. 766 was read the second time.

On motion of Ms. Becker, the following amendments were adopted: On page 3, line 3 before "request" insert "(3)"

On page 3, line 4 after "agricultural land" strike the remainder of the paragraph through line 7 and insert "pursuant to section 3 of this 1977 act."

On page 3, after line 20 insert a new section as follows:

"NEW SECTION. Sec. 3. All public notices which are published, posted, or mailed to property owners by any unit of local government concerning hearings on proposed improvements listed in section 2 of this act, which are to be financed in whole or in part by benefit assessments, shall indicate that any owner of property which is classified as open space agricultural and farm land may, prior to the final hearing on the proposed improvement, file a written notice of obligation with the governing body of the unit of local government, which notice of obligation indicates that the owner desires to have the collection of such benefit assessment delayed pursuant to the provisions of this act. Such notice of obligation shall be signed by the property owner and once received by the unit of local government shall be conclusive and said owner may not withdraw such notice of obligation. Whenever a unit of local government receives such a notice of obligation at any time prior to the final hearing, the collection of the benefit assessments on such open space agriculture and farm land shall be delayed as provided by this 1977 act."

Renumber the remaining sections consecutively.

Mr. Eng moved adoption of the following amendment:

On page 3, line 19 after "at a" insert "minimum"

Mr. Eng spoke in favor of the amendment, and Ms. Becker spoke against it.

POINT OF ORDER

Mr. Eng: "You stated that I could only move this one amendment, and the thing is that I only spoke to the amendment itself and Representative Becker is speaking to the second amendment. There is no way you can separate these two and it doesn't make any sense. How can you allow her to speak on the second amendment without having it before us?"

The Speaker (Mr. O'Brien presiding): "Your point is pretty well taken, Representative Eng. Will you hold your remarks to the first amendment, Representative Becker. It's pretty hard to hold the comments specifically to the first amendment."

Ms. Becker continued her remarks in opposition to the amendment.

Mr. Eng spoke again in favor of the amendment, and Ms. Sommers spoke against it.

POINT OF INQUIRY

Mr. Eng yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "Speaking to the practicality of this amendment, how, in your opinion, would the process work such that the farmer would know about what rate he would be paying at a given time?"

Mr. Eng: "It's actually very easy, because all you have to do at the beginning of the year is find out what the last year's treasury note would be, add two percent and that would be the rate."

Mr. Douthwaite: "Would this then involve simply a phone call to the banker who had access to this information?"

Mr. Eng: "No, they would be in a little booklet that is put out yearly by the Federal Reserve."

Mr. Douthwaite: "How would an individual farmer determine what the rate might be?"

Mr. Eng: "All he would have to do is call for his assessment."

Mr. Douthwaite spoke in favor of the amendment, and Representatives Kilbury and Becker spoke against it.

The amendment was not adopted.

Mr. Hansen moved adoption of the following amendment by Representatives Hansen, Fancher and Flanagan:

On page 3, line 19 strike "compounded annually"
Representatives Hansen, Fancher and Pardini spoke in favor of the amendment, and Ms. Becker spoke against it.

POINT OF INQUIRY

Mr. Pardini yielded to question by Mr. Eng.

Mr. Eng: "Representative Pardini, how do you come up with an effective rate of six percent?"

Mr. Pardini: "I think the effective rate of six percent is if we are talking about the LID's—local improvement districts, for the purposes of sewer, water, roads, those types of things, specifically are issued by counties. They affect the particular property, counties or cities; they are a lien against the property, a preferred claim against that particular property. These governing agencies are presently issuing these bonds at somewhere in the neighborhood of six percent."

Mr. Eng: "What do you do then when the prime rate goes up to ten or eleven percent?"

Mr. Pardini: "You ought to remember that these are tax exempt bonds that the local governmental entities are putting out so they don't fall into the same category as the ninety-day bills. Typically that rate for the last three or four years, even in tight money periods, has been around six percent because they are tax exempt bonds issued by a local governmental authority."

Mr. Eng: "Isn't it true then that there's an opportunity that the local governments in such cases can take this money which they have to borrow and invest it in bonds or anything else that would be higher than six percent?"

Mr. Pardini: "Except that the money cannot be borrowed by a local governmental unit unless it is secured by something. In this particular case, LID's are secured by a lien against the property involved. They could not just go out and borrow money, utilize the money to reinvest it in a higher yield. They would have to do it for the improvements only."

Mr. Eng: "What I'm getting at here is that everybody has to pay their LID's and the local governments have this money, they could invest it and they would get higher than six percent."

Mr. Pardini: "They don't get the money when the people pay their LID's. The governing authority uses those payments to repay the bonds. It just washes right through them."

Ms. Becker spoke against the amendment.

POINT OF ORDER

Mr. Pardini: "Representative Becker has already spoken twice on the amendment, Mr. Speaker."

The Speaker (Mr. O'Brien presiding): "Your point is well taken."

Ms. Sommers spoke against the amendment, and Mr. Hansen spoke again in favor of it.

POINT OF INQUIRY

Ms. Sommers yielded to question by Mr. Polk.

Mr. Polk: "Representative Sommers, do we now compound the interest charges on delinquent property taxes?"

Ms. Sommers: "No, I don't believe that we do. This is a very different kind of a bill with a different thrust."

Mr. Polk spoke in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Hansen, Fancher and Flanagan to Second Substitute House Bill No. 766, and the amendment was not adopted by the following vote: Yeas, 39; nays, 56; not voting, 3.

Voting nay: Representatives Adams, Bauer, Becker, Bender, Blair, Boldt, Burns, Charette, Charnley, Clemente, Douthwaite, Ehlers, Enbody, Eng, Erak, Erickson, Fischer, Gaines, Gallagher, Greengo, Grimm,

Not voting: Representatives Knedlik, Maxie, Moreau.

The Clerk read the following amendment by Representatives Hansen, Fancher and Flanagan:

On page 3, line 19 after "at" strike all the material down to and including "annually" on line 20 and insert "the same rate that improvement district pays on the bonds used to finance the said improvement at the time the improvement is made"

With the consent of the House, Mr. Hansen withdrew the amendment.

The Clerk read the following amendment by Representative Eng:

On page 3, line 20 after "annually" insert ": PROVIDED, That in any year in which the average yield of the one hundred eighty-two day United States treasury bill rate plus two percent exceeds eight percent, the rate derived by adding the average yield of the one hundred eighty-two day bill rate plus two percent shall be used in lieu of such eight percent rate for that particular year:"

With the consent of the House, Mr. Eng withdrew the amendment.

On motion of Mr. Eng, the following amendment was adopted:

On page 3, line 20 after "annually" insert ": PROVIDED FURTHER, That if the lands upon which such benefit assessments have been delayed are withdrawn from classification or there is a change to a non-agricultural land use in a month other than the month in which such benefit assessments were originally delayed, then the accrued interest due shall include the amounts compounded annually in prior years plus interest on the delayed charges applied at a rate of eight percent per year for that part of the last year in which such charges were delayed:"

On motion of Ms. Becker, the following amendment was adopted:

On page 4, line 18 strike "6" and insert "7"

MOTION FOR RECONSIDERATION

Mr. Nelson (Gary), having voted on the prevailing side, moved that the House reconsider the vote by which the amendment by Representative Becker to page 3, line 4 was adopted.

With the consent of the House, Mr. Nelson (Gary) withdrew the motion.

POINT OF INQUIRY

Ms. Becker yielded to question by Mr. Nelson (Gary).

Mr. Nelson (Gary): "Representative Becker, in regards to your amendment, the amendment says, after the word 'land' strike the remainder of the paragraph. Could you, for purposes of clarifying what the record will have, indicate on that line which word 'land' you are referring to because it does appear twice on the line?"

Ms. Becker: "It refers to the second 'land' after 'agricultural' and I believe that's the way the amendment was read in by the Clerk."

Second Substitute House Bill No. 766 was ordered engrossed and passed to Committee on Rules for third reading.

HOUSE BILL NO. 97, by Representatives Warnke, Lee and Pruitt:

Prohibiting the sale of alcohol in seating areas at sports arenas.

The bill was read the second time.

Mr. Salatino moved adoption of the following amendment by Representatives Salatino and Owen:

On line 7 after "beverage" insert "or food" and strike "in the spectator seating area"

Representatives Salatino and Owen spoke in favor of the amendment, and Representatives Taller, Paris and Zimmerman spoke against it.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Salatino and Owen to House Bill No. 97, and the amendment was not adopted by the following vote: Yeas, 14; nays, 81; not voting, 3.

Not voting: Representatives Knedlik, Maxie, and Mr. Speaker.

The Clerk read the following amendment by Representatives Salatino and Owen:
On lines 8 and 9 strike everything after "events"

With consent of the House Mr. Owen withdrew the amendment.

ENGROSSED HOUSE BILL NO. 271, by Representatives Adams, Kreidler, Fortson, Pearsall, Whiteside, Pruitt, Newhouse, Lux, May, Hanna, Haley, Charnley, Fischer, Gallagher, Greengo, McCormick, Moreau and Salatino:

Adopting procedures for the establishment of transfer and clinical training programs at the University of Washington school of medicine for Washington residents attending foreign medical schools.

The bill was read the second time.

Committee on Appropriations recommendation: Majority, do pass as amended. (For amendments, see Journal, 29th Day ex. sess., April 8, 1977.)

Mr. Shinpoch moved adoption of the committee amendment.

Mr. Haley moved adoption of the following amendment to the committee amendment by Representatives Haley and Adams:
On line 3 of the amendment strike "eight hundred twenty" and insert "four hundred fifty"

Mr. Haley spoke in favor of the amendment, and Mr. Blair spoke against it.

POINT OF INQUIRY

Mr. Blair yielded to question by Mr. Haley.

Mr. Haley: "Representative Blair, how many transfers does the bill require? What's the minimum or how many students must be included?"

Mr. Blair: "The testimony we heard in committee indicated there would be approximately a dozen students who would participate in this program in the upcoming biennium. The bill does not say there has to be any particular number, but the bill does say that the University must accept those who make application. The testimony we heard was that a dozen would apply."

Mr. Haley: "Does the bill say that the University must accept those who make application?"

Mr. Blair: "It says, 'The University shall not discriminate against any state resident for consideration for any clerkship (whatever that means) for the reason that such resident is attending or has graduated from a foreign medical school, except in accordance with similar standards of competency for other medical students. The University shall adopt a coordinated transfer application system with regards to the program...provided the student meets the following conditions: The student must be a bona fide resident of the state of Washington at the time of matriculation; the student must provide satisfactory documentary evidence of successful completion of two years of academic training; the applicant must have taken and successfully passed part I of the test administered by the national board of medical examiners and the University School of Medicine shall sponsor state residents for the national board examination part I after their completion of two years of work in a foreign medical school.' Your point, I suppose, is that some of these students are not going to pass the exam. You indicated that there is a potential of twenty-five students. Testimony we heard is that approximately twelve of them will meet these tests and would qualify. That's all we've had to go on. You are right, it's kind of open-ended; nobody really knows how many will be able to participate in this program. We really don't know how many foreign medical students from the state of Washington there are all over the world, but the appropriation doesn't say that we have to spend all of this money. It
says $800,000, or so much thereof as may be necessary. I think it's unreasonable to thrust a mandatory program on the school and not provide them with the amount of money that they may have to spend to cover the cost of that program. If it doesn't run that high, if it's lower, as you have suggested, then that's the amount that will be spent. To require them to do it and then not give them the funds for it is unreasonable."  

Representatives Haley, Adams and Becker spoke in favor of the amendment to the committee amendment, and Mr. Patterson spoke against it.

POINT OF INQUIRY

Mr. Patterson yielded to question by Mr. Hurley (George).

Mr. Hurley (George): "Representative Patterson, the other students attending the medical school are free to practice anywhere they want, aren't they, out of state?"

Mr. Patterson: "Yes."

Mr. Hurley (George): "But if I interpret your statement correctly, you think these students should practice in the state of Washington?"

Mr. Patterson: "All I'm trying to point out to you is that what we are doing here is basically expanding the appropriation. I agree that it's very difficult to put a dollar figure on how many students are going to come into the medical programs that are being offered, because these students could not get into the medical school in the first place because they have a limited number of spaces. That's what I'm trying to talk about. These students that choose to go out—and the intent section of this is hoping that they will come back and practice in the state of Washington. No graduate of the University of Washington Medical School is required to stay in the state of Washington and practice. It would be nice if they would, but all I'm saying is that there is no way we can require that."

Representatives Hurley (George) and Adams spoke in favor of the amendment to the committee amendment.

The amendment was adopted, and the amended committee amendment was adopted.

Mr. Blair moved adoption of the following amendment:
On page I, line 9 after 'Section I.' strike all material down through and including "follows: " on line 11.

Representatives Blair and Haley spoke in favor of the amendment.

POINT OF INFORMATION

Mr. Douthwaite: "If we adopt the Blair amendment, what is the affect of the language which we are adopting on page 1? What is now called section 1, and after Blair's amendment, if it should pass, it's not called anything. It seems to be starting without any section. What is the intent?"

The Speaker (Mr. O'Brien presiding): "It appears to the Speaker that is probably a matter for the Bill Drafting Department to determine. He is striking any reference to the chapter and reference to the new section is being added."

Representatives Douthwaite and Schmitten spoke in opposition to the amendment.

POINT OF ORDER

Mr. Blair: "The question before us is in codification. Everybody is debating the whole bill again. Representative Douthwaite did it, Representative Schmitten is doing it. Would you please ask them to stick to my amendment which we are discussing at this time?"

The Speaker (Mr. O'Brien presiding): "It's pretty hard to stay on your amendment."

Mr. Schmitten continued his remarks in opposition to the amendment.

Mr. Blair spoke again in favor of the amendment.

The amendment was not adopted.

On motion of Mr. Tilly, the following amendment was adopted:
On page 3, line 16 after 'The' insert 'University of Washington medical'

POINT OF INQUIRY

Mr. Barr: "What's the standard of how we judge how well the children have done after the tests are taken? Who do we judge them against?"

Mrs. Fortson: "Students, by the testing we do, are graded according to grade average; that is, if you are tested in the fourth grade and you score at 3.2 in reading skills, you are much behind in that. It's done in every level and compared with other students in your own school, in your district, in the state, and in the nation."

Mr. Barr: "It's true then that they are judged on how the average kids are doing?"

Mrs. Fortson: "They're judged on an individual basis and compared to average."

Mr. Barr spoke against passage of the bill.

REENGROSSED SUBSTITUTE SENATE BILL NO. 2112, Prime Sponsor: Senator Wilson, modifying civil service appointment procedures for sheriffs' offices and authorizing unclassified positions. Reported by Committee on Local Government.

MAJORITY recommendation: Do pass with the following amendments:
On page 1, beginning on line 8 strike the remainder of the bill and insert the following:
The general purpose of this chapter is to establish a merit system of employment for county deputy sheriffs and other employees of the office of county sheriff, thereby raising the standards and efficiency of such offices and law enforcement in general. This chapter shall not apply in any county having adopted a home rule charter pursuant to Article XI, section 4, of the Washington state Constitution.

Sec. 2. Section 1, chapter 1, Laws of 1959 and RCW 41.14.020 are each amended to read as follows:

Definition of terms:

(1) 'Commission' means the civil service commission, or combined county civil service commission, herein created, and 'commissioner' means any one of the three members of any such commission;

(2) 'Appointing power' means the county sheriff who is invested by law with power and authority to select, appoint, or employ any deputy, deputies or other necessary employees subject to civil service;

(3) 'Appointment' includes all means of selecting, appointing, or employing any person to any office, place, position, or employment subject to civil service;

(4) 'County' means any nonhome rule county of the state, or any counties combined pursuant to RCW 41.14.040 for the purpose of carrying out the provisions of this chapter;

(5) 'Deputy sheriff' or other members of the office of county sheriff' means all persons regularly employed in the office of county sheriff either on a part time or full time basis.

Sec. 3. Section 6, chapter 1, Laws of 1959 and RCW 41.14.060 are each amended to read as follows:

It shall be the duty of the civil service commission:

(1) To make suitable rules and regulations not inconsistent with the provisions hereof. Such rules and regulations shall provide in detail the manner in which examinations may be held, and appointments, promotions, transfers, reinstatements, demotions, suspensions, and discharges shall be made, and may also provide for any other matters connected with the general subject of personnel administration, and which may be considered desirable to further carry out the general purposes of this chapter, or which may be found to be in the interest of good personnel administration. The rules and regulations and any amendments thereof shall be printed, mimeographed, or multigraphed for free public distribution. Such rules and regulations may be changed from time to time.

(2) To give practical tests which shall consist only of subjects which will fairly determine the capacity of persons examined to perform duties of the position to which appointment is to be made. Such tests may include tests of physical fitness or manual skill or both.

(3) To make investigations concerning and report upon all matters touching the enforcement and effect of the provisions of this chapter, and the rules and regulations prescribed hereunder; to inspect all departments, offices, places, positions, and employments affected by this chapter, and ascertain whether this chapter and all such rules and regulations are being obeyed. Such investigations may be made by the commission or by any commissioner designated by the commission for that purpose. Not only must these investigations be made by the commission as aforesaid, but the commission must make like investigation on petition of a citizen, duly verified, stating that irregularities or abuses exist, or setting forth in concise language, in writing, the necessity for such investigation. In the course of such investigation the commission or designated commissioner, or chief examiner, may administer oaths, subpoenas and require the attendance of witnesses and the production by them of books, papers, documents, and accounts appertaining to the investigation and also cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in the superior court; and the oaths administered and the subpoenas issued hereunder shall have the same force and effect as the oaths administered and subpoenas issued by a superior court judge in his judicial capacity; and the failure of any person so subpoenaed to comply with the provisions of this section shall be deemed a violation of this chapter, and punishable as such.

(4) To conduct hearings and investigations in accordance with this chapter and by the rules of practice and procedure adopted by the commission, and in the conduct thereof neither the commission, nor designated commissioner shall be bound by technical rules of evidence. No informality in any proceedings or hearing, or in the manner of taking testimony before the commission or designated commissioner, shall invalidate any order, decision, rule, or regulation made, approved, or confirmed by the commission: PROVIDED, That no order, decision, rule, or regulation made, approved, or confirmed by any designated commissioner conducting any hearing or investigation alone shall be of any force or effect whatsoever unless and until concurred in by at least one of the other two members.

(5) To hear and determine appeals or complaints respecting the allocation of positions, the rejection of an examinee, and such other matters as may be referred to the commission.

(6) To provide for, formulate, and hold competitive tests to determine the relative qualifications of persons who seek employment in any class or position and as a result thereof establish eligible lists for the various classes of positions, and provide that persons laid off because of curtailment of expenditures, reduction in force, and for like causes, head the list in the order of their seniority, to the end that they shall be the first to be reemployed.

(7) To certify to the appointing authority, when a vacant position is to be filled, on written request, the names of the three persons highest on the eligible list for the class. If there is no such list, to authorize a provisional or temporary appointment list of three persons for such class. ([Such]) Any person who is appointed by the appointing authority from a temporary provisional appointment list shall not continue employment in that position for a period longer than four months; nor shall any person receive more than one provisional appointment or serve more than four months as provisional appointee in any one fiscal year.

(8) To keep such records as may be necessary for the proper administration of this chapter.
Sec. 4. Section 7, chapter 1, Laws of 1959 as amended by section 1, chapter 186, Laws of 1975 1st ex. sess. and RCW 41.14.070 are each amended to read as follows:

The unclassified position appointments authorized by this subsection shall include administrative, executive, and clerical positions as initially designated by the sheriff, who shall notify the civil service commission of such designations. Subsequent changes in the designation of which positions are to be unclassified may only be made by the sheriff with the concurrence of the civil service commission, and then only after the civil service commission has heard the issue in open meeting. Should any position initially designated by the sheriff to be unclassified pursuant to this section be under the classified civil service at the time of such designation, and should such position be occupied, the employee occupying such position shall have the right to remain employed in the sheriff's office in a position which is still a classified civil service position.

Sec. 5. Section 13, chapter 1, Laws of 1959 and RCW 41.14.130 are each amended to read as follows:

The appointing power shall forthwith appoint ((such)) a person from those so certified to the vacant position.

To enable the appointing power to exercise a greater degree of choice in the filling of positions, no appointment, employment, or promotion in any position in the classified service shall be deemed complete until after the expiration of a period of one year's probationary service, as may be provided in the rules of the civil service commission, during which the appointing power may terminate the employment of the person (certified to him) appointed, if during the performance test thus afforded, upon observation or consideration of the performance of duty, the appointing power deems ((him)) such person unfit or unsatisfactory for service in the office of county sheriff. Thereupon the appointing power shall ((designate the person certified as standing next highest on any such list)) again requisition the commission for the names and addresses of persons eligible for appointment in the manner provided by this section and ((such)) the person appointed in the manner provided by this section shall likewise enter upon said duties for the probationary period, until some person is found who is deemed fit for appointment, employment, or promotion whereupon the appointment, employment, or promotion shall be deemed complete.

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Your motion is incomplete. Where is House Bill No. 743? Your motion is not a valid motion. Apparently the bill is in the Committee on Energy. First of all that committee would have to be relieved of the bill; then when the committee is relieved of the bill you can make a motion of this nature."

Mr. Pardini: "The nature of the motion is to automatically relieve the committee of the bill."

The Speaker (Mr. O'Brien presiding): "You are out of order."

HOUSE BILL NO. 37, by Representatives Hurley (Margaret), Paris, North, Lee and Gaines:

Establishing a campsite reservation system in state parks.

The bill was read the second time.

Representative Hurley (Margaret) moved adoption of the committee amendment to page 2, line 27, and spoke against its adoption.

Mr. Owen spoke in favor of adoption of the committee amendment, and Representative Hurley (Margaret) spoke again in opposition to it.
POINT OF INQUIRY

Representative Hurley (Margaret) yielded to question by Mr. Owen.

Mr. Owen: "I'm curious after all this talk, are you speaking from your personal point of view or as committee Chairman?"

Representative Hurley (Margaret): "I think that's a good question. I did say I voted no on the amendment. I am Chairman of the committee and have been for three years before. I'm pretty interested in what happens in this field. I guess probably what I want is to have this reservation system really work for the people—for those people who have less time now than ever to go from one park to the other if they are turned down and for those people who are working and they have to—"

POINT OF ORDER

Mr. Boldt: "Mr. Speaker, I'm very interested in the answer to the inquiry by Representative Owen and I feel that the Representative from Spokane is using the question as an opportunity to discuss the amendment."

The Speaker (Mr. O'Brien presiding): "Continue, Representative Hurley, but confine your remarks to the question."

Mrs. Hurley: "I think it's pretty hard to say if I'm interested or am I disinterested. Of course, I'm interested. I'm interested as a member of the committee; I'm interested as a Chairman; I'm interested in the people using the system. I guess I'm talking both ways."

Representative Craswell spoke in favor of the amendment.

The amendment was adopted.

On motion of Representative Hurley (Margaret), the committee amendment to page 2, line 31 was adopted.

Mr. Martinis moved adoption of the following amendment:

Mr. Martinis spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Martinis yielded to question by Mrs. Hurley (Margaret).

Mrs. Hurley (Margaret): "Representative Martinis, what is the fiscal impact on the reservation system with your amendment?"

Mr. Martinis: "Representative Hurley, the fiscal impact is, by the committee amendment, $15,000. It's stated in the bill. I guess a person could turn right around and ask you, Representative Hurley, what is the fiscal impact of this, but the bill states that there will be appropriated $15,000 to set up a reservation system. Of course, there is then an account where the charges for a reservation system will go in and be used solely to develop and maintain the reservation system. A fiscal impact? I'm more concerned over my constituents than I am the fiscal impact, but then we did reduce the appropriation to $15,000."

Representatives Hurley (Margaret), Craswell and Owen spoke against the amendment, and Mr. Martinis spoke again in favor of it.

POINT OF ORDER

Mr. Owen: "Is Representative Martinis speaking on final passage of the bill or on the amendment?"

Mr. Conner spoke again in favor of the amendment.
POINT OF INQUIRY

Mr. Conner yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "Representative Conner, I would assume the Federal Environmental Protection Agency probably has rules and regulations, if not laws, prohibiting the removal of catalytic converters from exhaust systems. The language on line 11 reads, '...any catalytic converter in the exhaust system of any such vehicle may be lawfully removed.' If there is a federal law existing it seems we are building in a conflict. How is this resolved?"

Mr. Conner: "The federal rules and regulations do have that; however, the representative from the Department of Ecology did speak to us about the possibility of the loss of the federal funding, but the committee felt that in line with the evidence submitted in such a graphic manner, the state regulations should not be in effect."

Mr. Douthwaite spoke against the committee amendment.

Representatives Leckenby, Wilson, Gaines and Fancher spoke in favor of the amendment, and Mr. Charnley spoke again in opposition to it.

The committee amendment was adopted.

If we had a personal services contract awarded to Ajax Incorporated or something, is it your intent, and the intent of the sponsors of this bill, that at least one of the principle officers of the corporation or association be identified?"

Mr. McKibbin: "The intent of this subsection is to clarify. Currently, when the contracts are written into the books, names are abbreviated because of the length of the names of them. If there's a large number of people in the firm—if it's a law firm, for instance—they would abbreviate down to two. This is to provide that we would know all the individuals that are members of that firm. In a corporation I would suspect it would include just the full name."

Mr. Ehlers: "It's my understanding that with the federal regulations the federals will come in and, in fact, inspect the mobile homes that are being manufactured?"

Mr. Warnke: "That's true."

Mr. Ehlers: "If that's the case then our need for having the Department of Labor and Industries inspect the homes would no longer be necessary. Wouldn't we save money if the federals come in and did the inspections and we would not have to have employees from the Department do the inspections?"

Mr. Warnke: "No, I don't think we would save any money, because presently L&I has a team of inspectors that are traveling with the feds and are inspecting in other states as well as the state of Washington. With the adoption of the act, those inspectors will probably stay within the state."

Mr. Ehlers: "If I understand then, if we did not have to have inspectors by L&I, the federal inspectors would then continue to inspect the mobile homes and we would not really find it necessary to have those inspectors. Wouldn't we save money then? Wouldn't the federals be able to carry out the inspection and verify that everything is fine, is of good construction and fire-safe, etc.?"

Mr. Warnke: "We would not be losing federal support nor would we not be spending state dollars because we are presently, even if we don't adopt this act, using some state inspectors traveling with the federal inspectors. Those dollars are being spent presently. If the act does not pass we still will have some state inspectors that are doing inspections."

NEW SECTION. Sec. 4. This chapter shall regulate and determine legal rights, remedies, and obligations arising from any rental agreement between a landlord and a tenant regarding a mobile home lot. All such rental agreements shall be unenforceable to the extent of any conflict with any provision of this chapter. Chapter 59.12 RCW shall be applicable only in implementation of the provisions of this chapter and not as an alternative remedy to this chapter which shall be exclusive where applicable: PROVIDED, That the provisions of RCW 59.12.090, 59.12.100, and 59.12.170 shall not apply to any rental agreement included under the provisions of this chapter. RCW 59.18.370 through 59.18.410 shall be applicable to any action of forcible entry or detention of unlawful detainer arising from a tenancy under the provisions of this chapter.

NEW SECTION. Sec. 5. Each landlord shall notify his tenants in writing on or before November 1, 1977, that all rental agreements entered into thereafter for a term of six months or longer must be in writing and that a written one year rental agreement, conforming to the requirements of this chapter, is available upon request by the tenant: PROVIDED, That in the case of a mobile home park or part thereof acquired for construction of a public works project, or under imminent threat of condemnation for a public works project, such one year rental agreements need not be offered by the landlord. A tenant or prospective tenant may elect to execute a rental agreement for less than a one year term. If a one year rental agreement is executed, no landlord shall allow a mobile home to be moved into a mobile home park until the written rental agreement has been signed by both the landlord and tenant and a copy provided to the tenant.

NEW SECTION. Sec. 6. (1) All rental agreements executed between landlord and tenant shall contain:

(a) The terms for the payment of rent, including time and place, and any additional charges to be paid by the tenant to the landlord. Additional charges payable by the tenant to the landlord that occur less frequently than monthly shall be itemized in a billing to the tenant;

(e) The name and address of the person who is the landlord and, if such person does not reside in Washington state, the name and address of a person who is authorized to act as agent of the landlord for the purposes of service of notices and process. If no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered such agent;

(2) Rental agreements between a landlord and tenant shall not contain:

(a) Any provision which permits the landlord to evict a tenant or charge a penalty fee for late payment of rent or other charges prior to five days beyond the date on which the rent or other charges are due;
NEW SECTION. Sec. 6. It shall be the duty of the landlord to:

(1) Maintain the mobile home park to substantially comply with any applicable code, statute, ordinance, or regulation governing its maintenance or operation, which the legislative body enacting the applicable code, statute, ordinance or regulation could enforce as to the premises rented; and

(2) Maintain the mobile home park in a sanitary manner; and

(3) Indicate each mobile home lot in the park so as to make clear each tenant's area of responsibility.

NEW SECTION. Sec. 7. (1) Rental agreements shall be automatically renewed unless:

(ii) The rental agreement will be terminated upon its expiration date for due cause as specified in the notice; PROVIDED, That due cause shall be limited to one or more of the reasons enumerated in section 14 of this act; or

(iii) The rental agreement will be terminated upon its expiration date due to a change in land use to other than a mobile home park.

(2) After receipt of a notice which conditions renewal of the rental agreement upon acceptance by the tenant of new terms, the tenant shall notify the landlord in writing if the tenant does not intend to renew the rental agreement:

(a) Not less than thirty days prior to the expiration of a rental agreement for a fixed term; or

(b) Not less than fifteen days prior to the expiration of a month-to-month rental agreement.

(3) Failure of the tenant to notify the landlord as specified in subsection (2) of this section shall result in automatic renewal of the rental agreement on a month-to-month basis, including the terms specified in the landlord's notice.

NEW SECTION. Sec. 8. Rules and regulations contained in a rental agreement may be amended or supplemented by the landlord during the term of a rental agreement only:

(1) Upon six months' written notice; or

(2) With the written consent of the tenant.

However, written regulations pertaining to recreational facilities may be reasonably amended at the landlord's discretion.

(3) Abide by all rules or regulations of the mobile home park as contained in the rental agreement or as amended subsequently; and

(4) Give the landlord prompt written notice of needed repairs or complaints.

NEW SECTION. Sec. 10. It shall be the duty of the landlord to:

(8) Provide adequate space for parking which does not block traffic on any road.

(b) Any provision which permits the landlord to charge a penalty fee for late payment of rent or other charges in excess of five dollars per month or five percent of the total amount of rent or other charges due, whichever is greater;

(c) Any provision which allows the landlord to increase the rent or alter the due date for rent payment during the term of the rental agreement: PROVIDED, That a rental agreement may include an escalation clause for a pro rata share of any increase in the mobile home park's real property taxes or utility assessments or charges, over the base taxes or utility assessments or charges of the year in which the rental agreement took effect, if the clause also provides for a pro rata reduction in rent or other charges in the event of a reduction in real property taxes or utility assessments or charges, below the base year;

(d) Any provision allowing the landlord to charge an amount in excess of two months' rent in advance and an amount in excess of one month's rent as a security deposit;

(e) Any provision by which the tenant agrees to waive or forego rights or remedies under this chapter;

(f) Any provision allowing the landlord to charge an 'entrance fee' or an 'exit fee';

(g) Any provision by which the tenant agrees to the exculpation or limitation of any liability of the landlord arising under law, or to indemnify the landlord for that liability or the costs connected therewith; or

(h) Any provision by which the tenant agrees to pay the attorney's fees of the landlord, except as authorized in this chapter; and

(3) A provision in a rental agreement prohibited by subsection (2) of this section is unenforceable. If a landlord attempts to enforce any provision known by him to be prohibited, the tenant may recover actual damages sustained by him and reasonable attorney's fees.

NEW SECTION. Sec. 7. (1) Rental agreements shall be automatically renewed unless:

(a) Otherwise agreed in the original rental agreement; or

(b) The landlord gives the tenant written notice, not less than two months prior to the expiration of a rental agreement for a fixed term and not less than thirty days prior to the expiration of a month-to-month rental agreement, that:

(i) The rental agreement will be renewed only upon the tenant's acceptance of the new terms specified in the notice; or

(ii) The rental agreement will be terminated upon its expiration date for due cause as specified in the notice; PROVIDED, That due cause shall be limited to one or more of the reasons enumerated in section 14 of this act; or

(iii) The rental agreement will be terminated upon its expiration date due to a change in land use to other than a mobile home park.

(2) After receipt of a notice which conditions renewal of the rental agreement upon acceptance by the tenant of new terms, the tenant shall notify the landlord in writing if the tenant does not intend to renew the rental agreement:

(a) Not less than thirty days prior to the expiration of a rental agreement for a fixed term; or

(b) Not less than fifteen days prior to the expiration of a month-to-month rental agreement.

(3) Failure of the tenant to notify the landlord as specified in subsection (2) of this section shall result in automatic renewal of the rental agreement on a month-to-month basis, including the terms specified in the landlord's notice.

NEW SECTION. Sec. 8. Rules and regulations contained in a rental agreement may be amended or supplemented by the landlord during the term of a rental agreement only:

(1) Upon six months' written notice; or

However, written regulations pertaining to recreational facilities may be reasonably amended at the landlord's discretion.

NEW SECTION. Sec. 9. It shall be the duty of the tenant to:

(1) Keep the mobile home lot in a clean and sanitary condition, and dispose of all rubbish and garbage in a sanitary manner;

(2) Not permit a nuisance or commit waste;

(3) Abide by all rules or regulations of the mobile home park as contained in the rental agreement or as amended subsequently; and

(8) Provide adequate space for parking which does not block traffic on any road.
NEW SECTION. Sec. 11. Improvements, except a natural lawn, purchased and installed by a tenant on a mobile home lot shall remain the property of the tenant even though affixed to or in the ground and may be removed or disposed of by the tenant at the termination of the tenancy: PROVIDED, That a tenant shall leave the mobile home lot in substantially the same or better condition than upon taking possession.

NEW SECTION. Sec. 12. A landlord shall not:

(1) Prohibit meetings by tenants of a mobile home park to discuss mobile home living and affairs, conducted at reasonable times and in an orderly manner, on the premises, nor penalize any tenant for participation in such activities;

(2) Deny any tenant the right to sell such tenant's mobile home within a park or require the removal of the mobile home from the park solely because of the sale thereof: PROVIDED, That:

(a) A rental agreement for a fixed term shall be assignable by the tenant to any person to whom he sells or transfers title to the mobile home, subject to the approval of the landlord after fifteen days' written notice of such intended assignment;

(b) The assignee of the rental agreement shall assume all the duties and obligations of his assignor for the remainder of the term of the rental agreement unless, by mutual agreement, a new rental agreement is entered into with the landlord; and

(c) The landlord shall approve or disapprove of the assignment of a rental agreement on the same basis that the landlord approves or disapproves of any new tenant, except that the landlord may, pursuant to a program to upgrade the quality of the mobile home park, disapprove the assignment of the rental agreement if the mobile home is less than ten feet in width, more than ten years old, or in a run-down condition;

(3) Enter any tenant's mobile home without permission of the tenant: PROVIDED, That in case of emergency or abandonment, the landlord may enter the mobile home without the tenant's consent;

(4) Restrict the tenant's freedom of choice in purchasing goods or services: PROVIDED, That door-to-door solicitation in the mobile home park may be prohibited or restricted in the rental agreement;

(5) Terminate a rental agreement for the primary purpose of making the mobile home lot available to another person; or

(6) Tow or impound a vehicle located on the premises except after reasonable effort by the landlord to notify the owner or operator thereof.

NEW SECTION. Sec. 13. If the tenant substantially fails to carry out the duties imposed by section 9 or 11 of this act, the landlord may bring an action in an appropriate court, or at arbitration if so agreed, for any remedy provided under this chapter or otherwise provided by law.

NEW SECTION. Sec. 14. A tenant may be evicted only for one or more of the following reasons:

(1) Substantial or repeated violation of the rules and regulations of the mobile home park as contained in the rental agreement or as subsequently amended, or of any other condition or covenant of the rental agreement, other than one for the payment of rent. The tenant shall be given a ten day written notice in which to comply or vacate. In the case of periodic rather than continuous violation, said notice shall specify that the same violation repeated shall result in eviction;

(2) Nonpayment of rent or additional charges specified in the rental agreement, upon five days' written notice to pay rent or to vacate;

(3) Conviction of the tenant of a misdemeanor, gross misdemeanor, or felony under federal, state, or local law, the commission of which threatens the health, safety, or welfare of the other mobile home park tenants, upon three days' written notice by the landlord to vacate.

NEW SECTION. Sec. 15. (I) The landlord shall not take or threaten to take reprisals or retaliatory actions against the tenant because of any good faith and lawful:

(a) Complaints or reports by the tenant to a governmental authority concerning the failure of the landlord to substantially comply with any code, statute, ordinance, or regulation governing the maintenance or operation of the mobile home park;

(b) Assertions or enforcement by the tenant of his rights and remedies under this chapter.

(2) 'Reprisal or retaliatory action' shall mean and include but not be limited to any of the following actions by the landlord when such actions are intended primarily to retaliate against a tenant because of the tenant's good faith and lawful act:

(a) Eviction of the tenant;

(b) Increasing the rent required of the tenant;

(c) Reduction of services to the tenant;

(d) Increasing the obligations of the tenant; or

(e) Termination of a rental agreement.

NEW SECTION. Sec. 16. If the tenant defaults in the payment of rent and reasonably indicates by words or actions his intention not to resume tenancy, he shall be liable for the following for such abandonment: PROVIDED, That upon learning of such abandonment of the premises the landlord shall make a reasonable effort to mitigate the damages resulting from such abandonment:

(1) When the tenancy is month-to-month, the tenant shall be liable for the rent for the thirty days following the date the next regular rental payment would have become due.

(2) When the tenancy is for a term greater than month-to-month, the tenant shall be liable for the lesser of the following:

(a) The entire rent due for the remainder of the term; or

(b) All rent accrued during the period reasonably necessary to reenter the premises at a fair rental, plus the difference between such fair rental and the rent agreed to in the prior rental agreement.
In the event of abandonment by the tenant of a mobile home located in the landlord's mobile home park, the landlord may immediately take possession of any property of the tenant located on the mobile home lot, including the mobile home, and may store the same in a secure place.

A notice containing the name and address of landlord and the place where the property is stored must be mailed promptly by the landlord to the last known address of the tenant. After sixty days from the date of default in rent, and after prior notice of such sale is mailed to the last known address of the tenant, the landlord may sell such property and may apply any income derived therefrom against moneys due the landlord, including drayage and storage. Any excess income derived from the sale of such property shall be held by the landlord for the benefit of the tenant for a period of one year from the date of sale, and if no claim is made or action commenced by the tenant for the recovery thereof prior to the expiration of that period of time, the balance shall be the property of the landlord.

(3) In the event of foreclosure on or repossession of a tenant's mobile home, the person entitled to possession of such mobile home shall be liable for rent for the mobile home lot, at the same rate as was charged the tenant, for the month in which he became entitled to such possession and thereafter until the mobile home is removed. The landlord shall have the right to require removal of the mobile home from the mobile home park within thirty days after establishment of legal possession. In the event that the removal is not effected in the time required, the landlord may take possession of and store the mobile home in a secure place and bring an action for damages against the person entitled to possession.

NEW SECTION. Sec. 17. If at any time during the tenancy the landlord fails to carry out the duties required by section 10 of this act, the tenant may, in addition to pursuit of remedies otherwise provided him by law, deliver written notice to the person designated in section 6(1)(e) of this act, which notice shall specify the mobile home park involved, the name of the owner, if known, and the nature of the defective condition. For the purposes of this chapter, a reasonable time for the landlord to commence remedial action after receipt of such notice by the tenant shall be, except where circumstances are beyond the landlord's control:

(1) Not more than twenty-four hours, where the defective condition deprives the tenant of water or heat or is imminently hazardous to life or health;
(2) Not more than forty-eight hours, where the landlord fails to provide hot water or electricity;
(3) Subject to the provisions of subsections (1) and (2) of this section, not more than seven days in the case of a repair under section 19 of this act;
(4) Not more than thirty days in all other cases.

In each instance the burden shall be on the landlord to see that remedial work under this section is completed with reasonable promptness.

NEW SECTION. Sec. 18. (1) If, after receipt of written notice, and expiration of the applicable period of time, as provided in section 17 of this act, the landlord fails to remedy the defective condition within a reasonable time the tenant may:

(a) Terminate the rental agreement and quit the premises upon written notice to the landlord without further obligation under the rental agreement, in which case he shall be discharged from payment of rent for any period following the quitting date, and shall be entitled to a pro rata refund of any prepaid rent, and shall receive a full and specific statement of the bases for retaining any of the deposit together with any refund due in accordance with section 24 of this act;
(b) Bring an action in an appropriate court, or at arbitration if so agreed, for any remedy provided under this chapter or otherwise provided by law; or
(c) Pursue other remedies available under this chapter.

(2) Not less than fifteen days following written notice to the landlord, a tenant may deposit into escrow the payment of rent while seeking relief for failure of the landlord to carry out the landlord's duties or obligations to the tenant as required by statute, regulation, or ordinance or as set forth in the rental agreement.

NEW SECTION. Sec. 19. (1) If at any time during the tenancy, the landlord fails to carry out any of the duties imposed by section 10 of this act, and notice of the defect is given to the landlord pursuant to section 17 of this act, the tenant may submit to the landlord or his designated agent by certified mail or in person at least two bids to perform the repairs necessary to correct the defective condition from licensed or registered persons, or if no licensing or registration requirement applies to the type of work to be performed, from responsible persons capable of performing such repairs. Such bids may be submitted to the landlord at the same time as notice is given pursuant to section 17 of this act: PROVIDED, That the remedy provided in this section shall not be available for a landlord's failure to carry out the duties in section 10(3) of this act.

(2) If the landlord fails to commence repair of the defective condition within a reasonable time after receipt of notice from the tenant, the tenant may contract with the person submitting the lowest bid to make the repair, and upon completion of the repair and an opportunity for inspection by the landlord or his designated agent, the tenant may deduct the cost of repair from the rent in an amount not to exceed the sum expressed in dollars representing one month's rental of the tenant's mobile home lot in any twelve-month period: PROVIDED, That when the landlord must commence to remedy the defective condition within thirty days as provided in section 17(4) of this act, the tenant cannot contract for repairs for at least fifteen days following receipt of said bids by the landlord: PROVIDED FURTHER, That the total costs of repairs deducted in any twelve-month period under this subsection shall not exceed the sum expressed in dollars representing one month's rental of the tenant's mobile home lot.

(3) If the landlord fails to carry out the duties imposed by section 10 of this act within a reasonable time, and if the cost of repair does not exceed one month's rent, including the cost of materials and labor, which shall be computed at the prevailing rate in the community for the performance of such work, and if
repair of the condition need not by law be performed only by licensed or registered persons, the tenant may repair the defective condition in a workmanlike manner and upon completion of the repair and an opportunity for inspection, the tenant may deduct the cost of repair from the rent: PROVIDED, That the total costs of repairs deducted in any twelve-month period under this subsection shall not exceed one month's rent of the mobile home lot.

(4) The provisions of this section shall not:
(a) Create a relationship of employer and employee between landlord and tenant; or
(b) Create liability under the workmen's compensation act; or
(c) Constitute the tenant as an agent of the landlord for the purposes of RCW 60.04.010 and 60.04.040.

(5) Any repair work performed under the provisions of this section shall comply with the requirements imposed by any applicable code, statute, ordinance, or regulation. A landlord whose property is damaged because of repairs performed in a negligent manner may recover the actual damages in an action against the tenant.

NEW SECTION. Sec. 20. If the landlord violates any provision of sections 11 or 12 of this act, the tenant may bring an action in an appropriate court, or at arbitration if so agreed, for any remedy provided under this chapter or otherwise provided by law.

NEW SECTION. Sec. 21. (1) No duty shall devolve upon the landlord to repair a defective condition, nor shall any defense or remedy be available to the tenant under this chapter, where the defective condition complained of was caused by the conduct of such tenant, his family, invitee, or other person acting under his control, or where a tenant unreasonably fails to allow the landlord access to the property for purposes of repair.

(2) The tenant shall be current in the payment of rent before exercising any of the remedies accorded him under the provisions of this chapter: PROVIDED, That this section shall not be construed as limiting the tenant's civil remedies for negligent or intentional damages: PROVIDED FURTHER, That this section shall not be construed as limiting the tenant's right in an unlawful detainer proceeding to raise the defense that there is no rent due and owing.

NEW SECTION. Sec. 22. (1) Any written notice required by this chapter to be given to a tenant by a landlord shall be delivered to the tenant personally or mailed to the tenant's last known address.

(2) Any written notice required by this chapter to be given to a landlord by a tenant shall be delivered personally to the landlord or the agent, if any, named in the rental agreement, or mailed to the last known address of the landlord or to the last known address of the agent, if any, named in the rental agreement.

NEW SECTION. Sec. 23. All moneys paid to the landlord by the tenant as a deposit as security for performance of the tenant's obligations in a rental agreement shall promptly be deposited by the landlord in a trust account in a bank, savings and loan association, mutual savings bank, or with a licensed escrow agent located in Washington. Unless otherwise agreed in writing, the landlord shall be entitled to receipt of interest paid on such trust account deposits. The landlord shall provide the tenant with a written receipt for the deposit and shall provide written notice of the name and address and location of the depository and any subsequent change thereof. If during a tenancy the status of landlord is transferred to another, any sums in the deposit trust account affected by such transfer shall simultaneously be transferred to an equivalent trust account of the successor landlord, and the successor landlord shall promptly notify the tenant of the transfer and of the name, address, and location of the new depository. The tenant's claim to any moneys paid under this section shall be prior to that of any creditor of the landlord, even if such moneys are commingled.

NEW SECTION. Sec. 24. Within fourteen days after the termination of the rental agreement and vacation of the mobile home lot, the landlord shall give a full and specific statement of the basis for retaining any of the deposit together with the payment of any refund due the tenant under the terms and conditions of the rental agreement. No portion of any deposit shall be withheld on account of wear resulting from ordinary use of the mobile home lot.

If the landlord fails to give such statement together with any refund due the tenant within the time limits specified above such landlord shall be liable to the tenant for the amount of said deposit.

Nothing in this chapter shall preclude the landlord from proceeding against, and the landlord shall have the right to proceed against, a tenant to recover sums exceeding the amount of the tenant's damage or security deposit for damage to the property for which the tenant is responsible together with reasonable attorney's fees and costs of suit.

NEW SECTION. Sec. 25. In any action arising out of this chapter, the prevailing party shall be entitled to reasonable attorney's fees and costs. Venue for any action arising under this chapter shall be in the district or superior court of the county in which the mobile home lot is located.

NEW SECTION. Sec. 26. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 27. There is added to chapter 59.04 RCW a new section to read as follows:
This chapter does not apply to any rental agreement governed under the provisions of chapter 59.04 RCW (sections 1 through 26 of this act).

(3) The availability of payroll deductions; and
(4) Whether the group contains sufficient numbers to conduct the affairs of a separate credit union.

POINT OF PARLIAMENTARY INQUIRY

Representative Hurley (Margaret) spoke in favor of the amendment to the amendment.

POINT OF INQUIRY

Representative Hurley (Margaret) yielded to question by Representative Owen.

Mr. Owen: "Are you trying to eliminate those employers with more than seven employees?"

Mrs. Hurley (Margaret): "I think the present law does provide that seven or more employees with a common bond can now establish a credit union. I think they would already be covered by the present law."

Representatives Winsley and Hurley (Margaret) spoke in favor of the amendment to the amendment, and Representatives Lux, Becker, Nelson (Gary) and Kreidler spoke against it.

The amendment to the amendment was not adopted.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the amendment by Representative Kreidler.

"Sec. 6. Section 78, chapter 35, Laws of 1945 as amended by section 6, chapter 158, Laws of 1973 1st ex. sess. and RCW 50.20.100 are each amended to read as follows:

In determining whether work is suitable for an individual or whether an individual has left work voluntarily without good cause, the commissioner shall consider the degree of risk involved to (his) the individual's health, safety, and morals, (his) the individual's physical fitness and prior training, (his) the individual's experience and prior earnings, (his) the individual's length of unemployment and prospects for securing local work in (his) the individual's customary occupation, the distance of the available work from (his) the individual's residence, and such other factors as the commissioner may deem pertinent, including state and national emergencies.

Renumber the remaining section consecutively.

On page 5, after line 2 insert the following:

"Sec. 6. Section 4, chapter 35, Laws of 1945 as last amended by section 1, chapter 73, Laws of 1973 and RCW 50.04.030 are each amended to read as follows:

'Benefit year' with respect to each individual, means the fifty-two consecutive week period beginning with the first day of the calendar week (with respect to) in which the individual files an application for an initial determination and thereafter the fifty-two consecutive week period beginning with the first day of the calendar week (with respect to) in which the individual next files an application for an initial determination after the expiration of (his) the individual's last preceding benefit year: PROVIDED, HOWEVER, That the foregoing limitation shall not be deemed to preclude the establishment of a new benefit year under the laws of another state pursuant to any arrangement providing for the interstate combining of employment and wages and the interstate payment of benefits nor shall this limitation be deemed to preclude the commissioner from backdating an initial application at the request of the claimant either for the convenience of the department of employment security or for any other reason deemed by the commissioner to be good cause.

An individual's benefit year shall be extended to be fifty-three weeks when at the expiration of fifty-two weeks the establishment of a new benefit year would result in the use of a quarter of wages in the new base year that had included in the individual's prior base year.

No benefit year will be established unless it is determined that the individual earned wages in "(employment" during his base year of not less than the qualifying annual wage computed for the calendar year preceding the last June 30th immediately preceding his benefit year and either had "employment" in not less than sixteen weeks of his base year in each of which he earned the "qualifying weekly wage" computed for the second calendar year preceding the calendar year in which each such week ended or had) "employment" in not less than six hundred hours of (his) the individual's base year: PROVIDED, HOWEVER, That a benefit year cannot be established if the base year wages include wages earned prior to the establishment of a prior benefit year unless the individual earned wages in 'employment' during the last two quarters of the new base year of not less than six times the weekly benefit amount computed for (his) the individual's new benefit year.

"(As the change contained in the third paragraph of this section relating to the weeks worked qualification would invalidate basic data upon which benefit qualification determinations must be made the satisfaction of the weeks worked requirement will require as to base year weeks ending in the second two quarters of 1972 that the individual will have earned not less than the "qualifying weekly wage" computed for the calendar year 1971. Nothing in this paragraph or in the preceding paragraph shall be deemed to justify or support
the redetermination of any monetary determination denying the establishment of a benefit year made prior to the effective date of this 1977 amendatory act)

If the wages of an individual are not based upon a fixed duration of time or if the individual's wages are paid at irregular intervals or in such manner as not to extend regularly over the period of employment, the wages for any week shall be determined in such manner as the commissioner may by regulation prescribe. Such regulation shall, so far as possible, secure results reasonably similar to those which would prevail if the individual were paid his or her wages at regular intervals.

Sec. 7. Section 6, chapter 2, Laws of 1970 ex. sess. as last amended by section 1, chapter 228, Laws of 1975 1st ex. sess. and RCW 50.04.355 are each amended to read as follows:

On or before the fifteenth day of June of each year an 'average annual wage', an 'average weekly wage', ((a 'qualifying annual wage', a 'qualifying weekly wage');)) and an 'average annual wage for contributions purposes' shall be computed from information for the preceding calendar year including corrections thereof reported within three months after the close of that year by all employers as defined in RCW 50.04.080. The 'average annual wage' is the quotient derived by dividing total remuneration reported by all employers by the average number of workers reported for all months and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar. The 'average annual wage' thus obtained shall be divided by fifty-two and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar to determine the 'average weekly wage'. ((The 'qualifying annual wage' shall be computed by multiplying the 'average annual wage' by fifteen percent and if the result is not a multiple of fifty dollars, rounding the result to the next lower multiple of fifty dollars. The 'qualifying weekly wage' shall be computed by multiplying the 'average weekly wage' by fifteen percent and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.))

The 'average annual wage' for contributions purposes is the quotient derived by dividing total remuneration reported by all employers subject to contributions by the average number of workers reported for all months by these same employers and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.

Sec. 8. Section 46, chapter 35, Laws of 1945 as amended by section 2, chapter 228, Laws of 1975 1st ex. sess. and RCW 50.12.070 are each amended to read as follows:

Each employing unit shall keep true and accurate work records, containing such information as the commissioner may prescribe. Such records shall be open to inspection and be subject to being copied by the commissioner or his or her authorized representatives at any reasonable time and as often as may be necessary. The commissioner may require from any employing unit any sworn or unsworn reports with respect to persons employed by it, which he or she deems necessary for the effective administration of this title. Each employer shall make periodic reports at such intervals as the commissioner may by regulation prescribe, setting forth the remuneration paid for employment to workers in his employ, the names of all such workers, and until April 1, 1978, the number of weeks for which the worker earned the 'qualifying weekly wage', and beginning July 1, 1977, the hours worked by each worker and such other information as the commissioner may by regulation prescribe.

In the event the employing unit fails or has failed to report the number of ((weeks)) hours in a reporting period for which a worker ((earned the 'qualifying weekly wage')) worked such number will be computed by the commissioner and given the same force and effect as if it had been reported by the employing unit. In computing the number of such ((weeks)) hours worked the total wages for the reporting period, as reported by the employing unit, shall be divided by the dollar amount of the 'qualifying weekly wage') state's minimum wage in effect for such reporting period and the quotient, disregarding any remainder, shall be credited to the worker: PROVIDED, ((That the total number of weeks credited to the worker for any quarterly period shall not exceed thirteen weeks: PROVIDED FURTHER,)) That the computation so made will not be subject to appeal by the employing unit.

Renumber the remaining section consecutively

On page 5, on line 11, after "1978" insert "1977": PROVIDED FURTHER, That the first paragraph of section 6 of this 1977 amendatory act shall take effect immediately and the remaining portion of section 6 of this 1977 amendatory act and all of section 7 of this 1977 amendatory act shall take effect commencing with benefit years beginning on and after October 1, 1978; and the first paragraph of section 8 of this 1977 amendatory act shall take effect on and after July 3, 1977 and the second paragraph of section 8 shall take effect on October 1, 1978.*

Mr. Tilly moved adoption of the following amendment:
On page 4, line 1 after "of" and before "years" strike "eight to ten" and insert "twelve to fifteen"

POINT OF PARLIAMENTARY INQUIRY

Mr. Hanna: "How can we be considering an amendment which assumes the adoption of something that will take place later on maybe? Amending this is assuming the Tilly amendments are all going to pass."

The Speaker (Mr. O'Brien presiding): "The body will have to determine whether or not these amendments shall be adopted and apparently if they are not adopted there will be some inconsistency."

Mr. Tilly moved adoption of the following amendment:
On page 23, after line 21 insert a new section as follows:
'Sec. 33. Section 9A.20.020, chapter 260, Laws of 1975 1st ex. sess. as amended by section 2, chapter 38, Laws of 1975-76 2nd ex. sess. and RCW 9A.20.020 are each amended to read as follows:

MOTIONS

On motion of Mr. Bender, HOUSE BILL NO. 615 was placed on the calendar for immediate consideration.

On motion of Mr. Bender, further consideration of Substitute House Bill No. 614 was deferred until after consideration of House Bill No. 615.

HOUSE BILL NO. 615, by Representatives Enbody, Knowles and McKibbin:

Substitute House Bill No. 615 was read the second time.

Mr. Tilly moved adoption of the following amendment:
On page 3, line 22 strike "or intoxication"

Mr. Tilly spoke in favor of the amendment, and Mr. Smith spoke against it.
POINT OF INQUIRY

Mr. Tilly yielded to question by Mr. Knedlik.

Mr. Knedlik: "Representative Tilly, by intoxication are you concerned both with regard to drugs and with regard to alcohol or with regard to alcohol only?"

Mr. Tilly: "The drugs are not mentioned in here and in the statutes we are not defining intoxication, but I thought that since we debated that issue on the floor, I feel that who knows what a jury might stretch for. My basis on this is something someone takes, swallows, smokes or something and it gets them into that state. I think someone could do this deliberately. Also, when we discussed mitigating circumstances in the committee, we learned that even though in statute a state can spell out the mitigating circumstances, which we are attempting to do here, a jury is not limited to those that are in statute. I do feel that this is going far beyond what should be in statute."

The amendment was adopted.

On motion of Mr. Tilly, the following amendment was adopted:

On page 4, line 11 after "imposition" strike "((or execution))" and insert "or execution"

On motion of Mr. Enbody, the following amendment by Representatives Smith, Enbody and Tilly was adopted:

On page 4, after line 24 insert the following new section:

"NEW SECTION. Sec. 5. The determination whether the sentence of death shall be imposed shall be made by the jury.

(1) If the jury does not unanimously return a written finding of an aggravating circumstance or circumstances, the court shall:
   (a) Dismiss the jury;
   (b) Enter a finding of guilty of murder in the first degree; and
   (c) Impose sentence as prescribed in RCW 9A.32.040.

(2) If the jury unanimously returns a written finding of one or more aggravating circumstances, and unanimously returns a written finding that there are not mitigating circumstances sufficiently substantial to call for leniency, the court shall:
   (a) Enter a finding of guilty of aggravated murder in the first degree; and
   (b) Reconvene the jury and conduct a separate sentencing proceeding pursuant to sections 6 and 7.

(3) If the jury unanimously returns a finding of one or more aggravating circumstances, but further finds that there are mitigating circumstances sufficiently substantial to call for leniency, the court shall:
   (a) Discharge the jury;
   (b) Impose a sentence of life imprisonment as prescribed in RCW 9A.32.046.

(4) If following trial the jury is unable to reach a unanimous agreement as to either the existence or nonexistence of aggravating or mitigating circumstances, the court, through the proper procedure, shall establish whether or not the jury is found to be deadlocked on the issue of aggravating circumstances, the court shall dismiss the jury and proceed under subsection (1) of this section. If the jury is deadlocked on the issue of mitigating circumstances but have found an aggravating circumstance or circumstances, the court shall discharge the jury and proceed as prescribed in subsection (3) of this section. If the jury is deadlocked on both issues, it shall be dismissed and the court shall proceed as prescribed in subsection (1) of this section.

(5) When a death penalty is imposed, neither the court nor the jury shall have the discretion to suspend or defer the imposition or execution of the sentence of death and the death sentence shall be imposed in accordance with chapter 10.70 RCW. The death sentence shall take place at the state penitentiary under the direction of and under arrangements made by the superintendent thereof, but the time of the execution shall be set by the trial judge at the time of imposing sentence and as a part of the sentence."

Renumber the remaining sections consecutively and correct internal references.

On motion of Mr. Enbody, the following amendments by Representatives Enbody, Smith and Tilly were adopted:

On page 5, line 6 after "evidence," insert "and following a unanimous finding of one or more aggravating circumstances and a unanimous finding that there are no mitigating circumstances sufficiently substantial to call for leniency."

On page 5, line 26 after "act," insert "unanimously returns a finding of one or more aggravating circumstances but further find the existence of a mitigating circumstance sufficiently substantial to call for leniency."

On motion of Mr. Smith, the following amendment was adopted:

On page 5, beginning on line 8 following "trial" strike the remainder of subsection (a) and insert "establishes the guilt of the defendant with clear certainty; and"

Substitute House Bill No. 615 was ordered engrossed.
On motion of Mr. Bender, the rules were suspended, the second reading considered the third, and Engrossed Substitute House Bill No. 615 was placed on final passage.

Mr. Enbody spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Smith yielded to question by Mr. Tilly.

Mr. Tilly: "Representative Smith, as Chairman of the subcommittee on this subject, I would like to have your opinion as to what the word 'probability' would mean—what percentage that would indicate? On page 5, line 10 it says, 'Where there is a probability that the defendant would commit criminal acts of violence that would constitute a continuing threat to society.'"

Mr. Smith: "This, of course, is one of the questions a jury must answer unanimously in the affirmative before they can execute an individual. This language was taken from the Texas statute which has been upheld by the United States Supreme Court and the use of the word 'probability' in the law is that it would be more than fifty-one percent—or fifty-one percent more likely. It's the same as preponderance of evidence. The next would be beyond a reasonable doubt, which would be considerably higher."

Mr. Tilly spoke in favor of passage of the bill, and Representatives Shinpoch and Hanna spoke against it.

POINT OF INQUIRY

Mr. Smith yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "I understand there is an important court case with respect to Washington state death penalty. Would you explain to the body how this bill will dovetail or will match, I hope, if it does pass, that court case which is pending?"

Mr. Smith: "I will yield to Representative Knowles."

Mr. Knowles: "The conviction that you are speaking of occurred either in Pierce or King County. Of course, it's based on the initiative which is the current law in the state of Washington until our Supreme Court declares it unconstitutional. In the opinions rendered by the Attorney General and various prosecuting attorneys about the state, the initiative as it was passed by virtue of the Supreme Court case which was issued after that time, would be unconstitutional. It is my understanding also that there has been a conviction under that initiative and that the Superior Court in that case did hold it constitutional. So now it's up to the Supreme Court to determine whether or not that initiative is constitutional. This task force set about however to try to examine the laws dealing with capital punishment in those states whose capital punishment laws had been declared constitutional and attempted to put together a bill here that would meet the test of constitutionality."

POINT OF INQUIRY

Mr. Knowles yielded to question by Mr. Smith.

Mr. Smith: "Representative Knowles, can you describe for the record, what you understood to be the committee's intent in developing section 6(1)(a) particularly as it was amended here on the floor today?"

Mr. Knowles: "What the committee intended here was for the protection of those instances where an innocent man might be convicted, only to find later that someone else had committed that crime. The committee felt that just using the reasonable doubt standard, which is all that's necessary for conviction, but to use that reasonable doubt standard to determine whether or not you're going to take that man's life, we ought to have a little higher standard. I forget the exact language that was in the subcommittee bill, but there was a lowering of that standard by committee amendment and using that language that we've adopted today, it would satisfy the concerns of the Judiciary Committee in adopting that standard which is a little higher than a reasonable doubt."

Mr. Smith: "Representative Knowles, do you recall that the language in the substitute bill recommended by the committee was beyond any doubt?"

Mr. Knowles: "Yes, that was the language used."
Mr. Smith: "Section 3 describes the possible sentence following conviction of aggravated murder in the first degree shall be punishment by confinement in a state institution for life without possibility of release by the parole board for any reason. That is no work release, furlough, etc. Was it the intent of the committee to, in any way, affect the authority of the Governor to pardon a convicted offender by this section or any provision of the bill?"

Mr. Knowles: "No, there is nothing in the bill that would, in any way, restrict the right of any Governor to issue a pardon. That's an executive authority and I doubt seriously if we could change it by statute even if it was in the bill."

Representatives Smith, Struthers and Enbody spoke in favor of passage of the bill.

Mr. Newhouse demanded the previous question and the demand was sustained.

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 615, and the bill failed to pass the House by the following vote: Yeas, 63; nays, 25; not voting, 10.

On page 1, beginning on line 7 strike everything after the enacting clause and insert the following:

*NEW SECTION. Section 1. The legislature hereby recognizes that there does currently exist many opportunities whereby the citizenry of the state may volunteer their labor services to local governmental bodies or agencies and that such voluntary services provide an opportunity for such volunteers to assist in reducing the cost of governmental services and also provide a public service. The legislature also recognizes that traditionally the recipient unit of government compensates such volunteers for nominal out-of-pocket expenses associated with travel to and from the place where such services are rendered, clothing costs, laundry costs, and other similar costs by paying to such volunteers a uniform nominal amount per unit of voluntary service rendered. The legislature also recognizes that the receipt of such compensation does not normally constitute an income element to the recipient.

POINT OF INQUIRY

Mr. Hanna yielded to question by Mr. Amen.

Mr. Amen: "Representative Hanna, the amendment we just passed adds a new section 9, which says the following factors shall never be considered—sex, race, creed, social class; and then you took out section 12. You said you were taking out what we had put in, but section 12 pertains to something entirely different. It pertains to when a court imposes sentence for more than one sentence. I don't understand what we did there, would you please explain it?"

Mr. Hanna: "I said that those two amendments would bring the bill back into the form passed by the House Judiciary Committee. If you think there is some fine tuning we need to do on that, I think we can get at it in the Senate. What I was trying to do was to amend the bill back into the shape the Judiciary Committee has passed to the body. We made those decisions in the Judiciary Committee and that was the purpose of the amendments."

Mr. Amen: "When you spoke on the amendments you were saying that this was taking out something that we just put in the bill, but these are two entirely different subjects. If section 12 is taken out, does this appear any other place in the bill?"

Mr. Hanna: "My understanding from the staff is that in this section on mitigating aspects, we have already taken care of that. In that section the changes we have made now make the whole bill consistent."

POINT OF INQUIRY

Mr. Hanna yielded to question by Mr. Newhouse.

Mr. Newhouse: "What then was the purpose—this is a substitute bill proposed by the Judiciary Committee. Do you mean that it was a misprint?"

Mr. Hanna: "Either the mistake was made by staff of Judiciary Committee or by the Code Reviser's Office, but the amendment I offered brought it back into the shape we passed it out of committee."

Mr. Taller spoke in favor of passage of the bill, and Mr. Shinpoch spoke against it.

Mr. Hanna closed debate, speaking again in favor of the bill.

Mr. Fischer spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Eng yielded to question by Mr. Hansen.

Mr. Hansen: "Representative Eng, as Chairman of the Committee on Financial Institutions, why did the amendments you have on this bill come out on the floor instead of as a substitute bill? How can people keep track of their bank accounts with this bill as it is now?"

Mr. Eng: "To answer your last question, this won't alter your bank account in any way. Last Friday was the last day with our rules for getting House bills out of committee, and so we decided to get this bill out. The reason for that was that a federal financial institution has gone ahead and set up a point of sale terminal which has the other financial institutions very upset. We had a hearing on it last Friday and the conclusion was that maybe they are getting into an area that may be an infringement on the state franchise laws for financial institutions. If they are, the only recourse the state has in that area would be to file suit against them, but the other financial institutions feel that this is not a viable course. In our country there are two forms for regulating financial institutions, the state and the federal, so the thing is that if we don't get this bill out, the other financial institutions that are regulated by the state would not have a chance to try to get into this area which means they fall behind. This area is very competitive and very costly, and once someone gets a head start, it's very hard for the banks to catch up."

Representatives Deccio and Struthers spoke in favor of the bill.

MESSAGE FROM THE SENATE

May 3, 1977

Mr. Speaker:

The Senate has passed:

ENGROSSED SUBSTITUTE SENATE BILL NO. 2697,

and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

MOTION

On motion of Mr. Bender, the House reverted to the fourth order of business.

INTRODUCTION AND FIRST READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 2697, by Committee on Ways and Means (Originally sponsored by Senators Donohue and Odegaard):

Relating to property tax limitation.

MOTION

On motion of Mr. Bender, the rules were suspended, and Engrossed Substitute Senate Bill No. 2697 was advanced to second reading and placed at the top of today's second reading calendar.

The Speaker declared the House to be at ease.
The Speaker called the House to order.

Engrossed Substitute Senate Bill No. 2697 was read the second time in full.

On motion of Mr. Shinpoch, the following amendment was adopted:
On page 3, line 24 after "authorized" strike "except for expenditures attributable to an unexpected increase in student enrollment and for the acquisition of motor vehicles for student transportation"

Mr. Charette moved adoption of the following amendment:
On page 5, line 4 after "allocation" insert a period and strike the rest of subsection (6) beginning with "PROVIDED" on line 4

Representatives Charette and Pardini spoke in favor of the amendment, and Representatives Shinpoch, Newhouse and Dunlap spoke against it.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "If this amendment passes, or even if it doesn't, if the school districts want a special levy for one year and use it for whatever purpose and run a similar levy the following year to continue, is there an obligation, as you read the bill, for us here in the Legislature to continue this fund to the school district at the level which it is funding itself plus supplementing it at a state level? Is there an obligation for us to continue its funding at that level?"

Mr. Charette: "I believe the answer is no."

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "Representative Shinpoch, will you answer that same question?"

Mr. Shinpoch: "What you are asking is a question that in my judgment would ultimately be settled in Supreme Court. What you're asking is, can we pass any kind of statutory language that limits our constitutional obligation. I guess I, not being an attorney, have a rather simplistic view that says no, we may not change the Constitution by passing a statute. So I guess the answer to your question is that the Supreme Court will have to answer it. The position we are in today is a position we did not think we had responsibility to, that we allowed the local level to determine what the salaries were. Once the levies failed, they came to the courts and said the Legislature doesn't give them enough money to pay that and the courts agreed. I think you're right back in the same position if you allow this."

Mr. Douthwaite: "Your answer is yes, you do think we are liable to continue the salaries if we allow them to run levies, then we do pick up that obligation the following year?"

Mr. Shinpoch: "Yes."

Mr. Douthwaite spoke against adoption of the amendment.

Mr. Charnley demanded an electric roll call and the demand was sustained.

Representatives Barnes, Knedlik and Hurley (George) spoke in favor of the amendment, and Representatives Clemente and Flanagan spoke against it.

Mr. Charette closed debate, speaking again in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Charette to Engrossed Substitute Senate Bill No. 2697, and the amendment was not adopted by the following vote: Yeas, 45; nays, 47; not voting, 6.

Not voting: Representatives Blair, Bond, Grimm, Martinis, Moreau, Oliver.
STATEMENT FOR THE JOURNAL

Explanation of my vote for the Charette amendment to SSB 2697:
I favored this proposal (which lost) to allow local levies for any purpose for these reasons:
We need to continue local control, and thus must allow local levies.
We should trust the voters; they can make these decisions.
Levies will not pass easily, once state provides basic funding at the state level.
We should take the Washington Education Association at its word, that it favors local control.
There are differences in the cost of living throughout the state, and reasons why people live in different areas. Therefore, not all professional people should be paid the same and differences should be allowed for all the variations of this state. School boards should be given some local latitude.

HAROLD S. ZIMMERMAN, 17th District.

Mr. Taller moved adoption of the following amendment:
On page 4, line 34 strike 'ten' and insert 'fifteen'
Mr. Taller spoke in favor of the amendment, and Mr. Shinpoch spoke against it.
Mr. Taller spoke again in favor of the amendment.
The amendment was not adopted.
The Clerk read the following amendment by Representative Taller:
On page 5, line 2 strike 'ten' and insert 'fifteen'
With the consent of the House, Mr. Taller withdrew the amendment.

Mr. Shinpoch moved adoption of the following amendments:
On page 4, beginning on line 1 strike everything down through line 22 on page 5 and insert the following:
After the effective date of this 1977 amendatory act, no property taxes collected by a school district pursuant to voter authorization under RCW 84.52.052 shall be used to increase the average compensation levels for certificated and classified employees in the district: PROVIDED, That any school district which otherwise would be unable to maintain its 1976-77 cost per full time equivalent pupil in the 1977-78 school year, may collect taxes pursuant to RCW 84.52.052 and may expend such property taxes for any purpose necessary to maintain such 1976-77 FTE cost: PROVIDED FURTHER, That any school district with a district average salary for certificated staff or classified staff below the respective statewide average salary for certificated staff or classified staff during the preceding school year, may collect taxes pursuant to RCW 84.52.052 and may expend such property taxes for the purpose of increasing such average salary levels for certificated staff or classified staff up to but not to exceed the statewide average for the preceding year.
If any school district with an average salary for certificated staff and classified staff greater than the respective statewide average salary for certificated staff and classified staff during the preceding school year expends such property taxes to increase the average compensation levels for certificated or classified employees in the district, the amount of funds to which such district would otherwise be entitled from state general funds appropriated for compensation increases shall be withheld by the superintendent of public instruction in an amount equal to such expenditure. The legislature declares that by fiscal year 1979, no taxes approved by the electorate of a school district pursuant to RCW 84.52.052 shall be used to fund basic programs of education as defined in Chapter ..., Laws of 1977 (SHB 960).
On page 5, line 23 strike '3, 1981' and insert '8, 1977'

POINT OF ORDER

Mr. Pardini: "The House, in acting on Representative Charette's amendment, has already decided the question before us as to whether special levies can or cannot be used for teacher salaries and Representative Shinpoch's amendment purports to change that decision. I believe the amendment is out of order, that the House has already made their decision on that."

SPEAKER'S RULING

The Speaker: "Your point is not well taken, they are two different amendments."

Mr. Shinpoch spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Polk.

Mr. Polk: "Representative Shinpoch, it appears that your amendment would limit levies for the purpose of raising salaries. It would do away with any levies for what might be considered basic education, but I see nothing in your amendment, or what would be remaining in the
bill, which would, in any way, limit levies for subjects that are not considered basic education. Is that correct?"

Mr. Shinpoch: "The only limit on levies in here is on using them to increase the compensation. There is no limit—if you want to enhance your program, if you want to add additional subjects, if you want to enrich your programs. We're going to fund, beginning in 1978/79 under this, at a staffing ratio that seems to be accepted throughout the state (at least I've heard no one speak against it) at 1 to 20 for certificated; 1 to 60 with court costs to go along with that. If you are like Tacoma, which at this point is 1 to 17.8 and you want to pass a special levy to maintain that, then that is permitted under this bill. There's nothing in this amendment that would keep Tacoma from doing that. There is nothing in this to keep you from passing special levies for anything you wanted other than increasing compensation."

Mr. Charette spoke in favor of the amendments.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Shinpoch, following up on Representative Polk's question, the proviso in your amendment—any school district which would otherwise be unable to maintain its 1976-77 cost... would only be limited, as I understand your amendment, on any special levy in the future to that 1976-77 cost. How then could they enrich their program or do anything above and beyond that if that were the absolute limitation on them?"

Mr. Shinpoch: "I believe it was Representative Dunlap's amendment that you put on Substitute House Bill No. 960—all I did was modify that amendment to the extent that you could use the levies for salaries so long as you're not above the statewide average. Possibly you'd like to ask him the question. My staff just informed me that it only applies to that one year. It is a grandfather clause for Bellevue."

Mr. Pardini: "I think it's a little different situation here than what we had in Substitute House Bill No. 960. I think the proviso very clearly says that the maximum you can use special levies for is to maintain 1976-77 costs for full time students. There is no escape hatch above and beyond that for any special enrichment program or anything like that. If you have a district with a double levy loss in 1976-77, you're going to be in trouble."

Mr. Dunlap: "The intent of my amendment which is now slightly modified by Representative Shinpoch, was to do just as you have suggested—make certain that any school district would be able to maintain its 1976-77 costs per FTE. If it were unable to do so it could levy a special levy in order to bring it up to that FTE cost. No additional moneys were envisioned for supplemental programs."

Mr. Barnes spoke in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendments by Representative Shinpoch to Engrossed Substitute Senate Bill No. 2697, and the amendments were adopted by the following vote: Yeas, 47; nays, 45; not voting, 6.

Not voting: Representatives Blair, Bond, Grimm, Martinis, Moreau, Oliver.

On motion of Mr. Clemente, the following amendment was adopted:
On page 5, line 29 strike all the material down to and including "receive." on line 35 and insert the following:
"The state of Washington currently makes ample provision for the education of all children residing within the state, in accordance with the state Constitution and the legislative definitions thereof. The passage of this excess levy will provide additional funding for certain special programs, which the elected school board of this district believes would enhance the delivery of quality education. The failure of this levy would not affect the basic educational program of this district."
Mr. Salatino moved adoption of the following amendment:
On page 5, line 23 strike all of section 5 and renumber the remaining sections consecutively.

Representatives Salatino and Heck spoke in favor of the amendment.

ROLL CALL

MOTION FOR RECONSIDERATION

Mr. Gallagher, having voted on the prevailing side, moved that the House now reconsider the vote by which the amendment to page 5, line 4 by Representative Charette failed to pass the House.

SPEAKER'S RULING

The Speaker: "There has been action of consequence since the Charette amendment was acted upon. The language that the Charette amendment would have stricken is no longer in the bill, therefore your motion is out of order."

MOTION FOR RECONSIDERATION

Mr. Polk, having voted on the prevailing side, moved that the House reconsider the vote by which the amendments to Engrossed Substitute Senate Bill No. 2697 by Representative Shinpoch were passed.

The motion carried.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

The Speaker stated the question before the House to be the motion by Representative Polk that the House reconsider the vote by which the Shinpoch amendments were passed.

ROLL CALL

Not voting: Representatives Blair, Bond, Grimm, Moreau.

Ms. Becker moved that the rules be suspended, the second reading considered the third, and Engrossed Substitute Senate Bill No. 2697 as amended by the House be advanced to final passage.

ROLL CALL

On petition of (((ten))) twenty-five or more voters resident more than ten miles from any place of election, the (((b) county)) county legislative authority shall establish a separate voting precinct therefor (((subject to the requirements and limitations of subsection (2) of this section))).

The county legislative authority of each county in the state hereafter formed shall, at their first session, divide their respective counties into election precincts with two hundred fifty voters or less and establish the boundaries of the same; the county auditor shall thereupon designate the voting place for each such precinct.

Sec. 5. Section 29.04.055, chapter 9, Laws of 1965 as amended by section 1, chapter 127, Laws of 1974 ex. sess. and RCW 29.04.055 are each amended to read as follows:

At any (primary, regular, or special county: city; town; or district) election, general or special, or at any primary, the election authority (((of any such municipality or district))) may combine, unite, or divide precincts for the purpose of holding such election: PROVIDED, That in the event such election shall be held upon the day of any state primary or state general election held in an even-numbered year this section shall not apply.

NEW SECTION. Sec. 6. In all counties, all voters shall be registered in accordance with the provisions of this chapter. For the purpose of this chapter, 'county auditor' shall have the meaning ascribed to that term by RCW 29.04.095(1). The county auditor shall be responsible for the conduct of voter registration within the county and shall be the custodian of all official voter registration records for that county.

NEW SECTION. Sec. 7. The secretary of state shall design a unified voter registration form, compatible with existing records, which will permit the applicant to conveniently prepare, on a single card, an initiative signature card as required by section 14 of this 1977 amendatory act, and a cancellation of any prior registration in this state. The applicant shall enter the required information, other
than his or her signature, no more than one time. The form shall also contain instructions on its use, a notification of filing deadlines specified by section 16 of this 1977 amendatory act, a warning to the applicant of the penalty for knowingly supplying false information, and space for the county auditor to enter the voter's precinct identification, taxing district identification, and registration number. The reverse side of the form shall be printed to permit mailing to the county auditor.

NEW SECTION. Sec. 8. Registration forms necessary to carry out the registration of voters as provided by this chapter shall be furnished by the secretary of state without cost to the respective counties.

NEW SECTION. Sec. 9. The original voter registration records for all precincts within each county shall be filed alphabetically without regard to precincts in the office of the county auditor and shall not be open to public inspection. The information from such records, with the exception of date of birth, shall be available for public inspection and copying as provided in RCW 29.04.100 and 29.04.110.

NEW SECTION. Sec. 10. Each county auditor shall maintain a computer file on magnetic tape or disk, punched cards, or other form of data storage containing the records of all registered voters within the county. Where it is necessary or advisable, the auditor may provide for the maintenance of such files by private contract or through interlocal agreement as provided by chapter 39.34 RCW, as now or hereafter amended. The computer file shall include, but not be limited to, each voter's name, residence address, sex, date of registration, applicable taxing district and precinct codes, and the last five consecutive dates on which the individual has voted: PROVIDED, That if the voter has not voted at least five times since establishing his or her current registration record, only the available dates shall be included. The county auditor shall subsequently record each consecutive date upon which the individual votes and retain at least the last five such consecutive dates. The computer file of voter registration records shall be arranged so that individual precinct lists of registered voters may be prepared containing only the names, and other information required by this section, listed alphabetically by the surnames of the voters in that precinct.

NEW SECTION. Sec. 11. There is established in the state general fund an account, entitled the voter registration assistance account, to be used to compensate county auditors in counties with fewer than twelve thousand registered voters at the time of the most recent state general election, for unrecoverable costs incident to the maintenance of voter registration records on electronic data processing systems. The secretary of state shall administer the voter registration assistance account and authorize the payments therefrom under such rules as he may prescribe. County auditors in counties entitled to this compensation shall be paid annually an amount equal to thirty cents for each registered voter in that county at the time of the most recent state general election.

NEW SECTION. Sec. 12. The expense of voter registration and the maintenance of voter registration records shall be apportioned between the county and the cities and towns within that county according to the number of voters registered in all rural areas of the county and in each city and town, respectively, at the time of the last state general election.

NEW SECTION. Sec. 13. The county auditor shall be responsible for the distribution of voter registration forms by which a person may register to vote and cancel any previous registration in the state. Registrations submitted on such voter registration forms need not be subscribed to by the county auditor or a deputized registrar. The county auditor shall keep an adequate supply of voter registration forms in his or her office at all times for political parties and others interested in assisting in voter registration, and he or she shall make every effort to make these forms generally available to the public through government offices, businesses, labor union offices, schools, and any other locations necessary to extend registration opportunities to all areas of the county. After the initial distribution of voter registration forms to a given location, it shall be the duty of a representative designated at that location by that office, business, union, school, firm, or other establishment to notify the county auditor of the need for additional supplies of voter registration forms.

NEW SECTION. Sec. 14. An applicant for registration shall record on the registration form the following items concerning his or her qualifications as a voter of this state, and of the county, city, town, and precinct in which he or she applies for registration:

1. The address of his or her last former registration as a voter in this state, if applicable;
2. His or her full name;
3. His or her sex;
4. His or her date of birth;
5. His or her place of residence for voting purposes, giving the street and number, or post office box and physical description sufficient to determine location; and
6. His or her daytime telephone number, if any. After completing this information concerning his or her qualifications, the applicant shall sign a statement in the following form: 'I, the undersigned, hereby declare that the facts set forth relating to my qualifications as a voter are true. I further declare that I am a citizen of the United States, that I am not presently denied my civil rights as a result of being convicted of an infamous crime, that I will have lived in this state, county, and precinct thirty days immediately preceding the next election at which I offer to vote, and that I will be at least eighteen years of age at the time of voting.'

The applicant shall also sign his or her name upon a separate portion of the voter registration card, to be designated as an initiative signature card, which also contains spaces for his or her surname, followed by his or her given name or names, the name of the county and city or town, with post office or street address, the date on which the individual registered, and the name or number of the precinct in which the voter is registered.
The voter registration form shall provide, in a conspicuous place, the following warning: 'Any person who knowingly supplies false information on this voter registration form or who knowingly makes a false declaration as to his or her qualifications for registration shall be guilty of a class C felony.'

**NEW SECTION.** Sec. 15. Upon receipt of a completed voter registration form, the county auditor shall immediately examine the form to see that the applicant for registration is not currently registered in that county and shall record on the form the precinct identification, taxing district identification, and other information required by law. Except as provided in section 16 of this 1977 amendatory act, the county auditor, within thirty days of receipt of a voter registration form, shall send to the applicant by first class mail a voter registration card identifying his or her current precinct and containing such other information as may be prescribed by the secretary of state. If the voter registration form is incomplete or incorrect the county auditor, within fifteen days of receipt of such form, shall notify the applicant, and if necessary, send him or her a new voter registration form. The post office shall be instructed not to forward this form or any voter registration card to any other address and to return to the county auditor all undelivered forms and voter registration cards.

**NEW SECTION.** Sec. 18. Any qualified elector temporarily residing outside of the county of his or her permanent residence but within the state of Washington, may submit a registration form to the auditor of the county in which he or she is temporarily residing in the manner provided in this chapter. The county auditor receiving the voter registration forms as provided in section 15 of this 1977 amendatory act shall transmit the forms to the county auditor of the county where the applicant permanently resides. A voter registration form received from another county shall be processed immediately by the county auditor of the place of permanent residence of the applicant in the manner provided in sections 15 and 16 of this 1977 amendatory act.

**NEW SECTION.** Sec. 19. Any otherwise qualified elector whose otherwise complete and correct application for voter registration is received by the county auditor less than thirty days prior to a primary or election, general or special, may apply prior to the day of any such primary or election in person to the office of the county auditor of the county of his or her residence for a special absentee ballot for such election or primary. The auditor shall register the individual in the manner provided in this chapter, but the registration shall not be effective until thirty days after its execution. The auditor, after the twenty-first day before the election in which the individual intends to vote, shall issue the individual an absentee ballot for any election which occurs before the effectiveness of the individual's registration. This absentee ballot shall be of the same form and shall be processed and canvassed in the same manner as other absentee ballots under chapter 29.36 RCW, as now or hereafter amended.

**NEW SECTION.** Sec. 20. On the first Monday of each calendar month the county auditor shall transmit all initiative signature cards which have been received in his or her office during the prior month to the secretary of state for filing in his office. Each lot must be accompanied by the certificate of the county auditor receiving the voter registration cards or the original cards, and that the voters are registered in the precincts and from the addresses shown thereon.

**NEW SECTION.** Sec. 21. The initiative signature cards shall be kept on file in the office of the secretary of state in such manner as will be most convenient for, and for the sole purpose of, checking initiative and referendum petitions. They shall not be open to public inspection or be used for any other purpose.

**NEW SECTION.** Sec. 22. Prior to each primary or election, the county auditor shall prepare a precinct list of registered voters for each precinct in which that primary or election is to be conducted and a certificate as to the authenticity of those records. He or she shall deliver the precinct list of registered voters and the certificate to the inspecor or one of the judges of the appropriate precinct at the proper polling place as provided by RCW 29.48.030, as now or hereafter amended.

**NEW SECTION.** Sec. 23. The precinct list of registered voters for each precinct, delivered to the precinct election officers for use on the day of a primary or an election held in that precinct, shall be returned by them to the county auditor upon the closing of the polling place or at the completion of the count of the votes cast in that precinct at the primary or election. The lists shall be retained by the county auditor for a period of at least one year following the election. These records shall be open to public inspection under such rules as the county auditor may prescribe.

**NEW SECTION.** Sec. 24. The secretary of state, as chief election officer, shall adopt rules not inconsistent with the provisions of this chapter:

1. (a) Provide the specifications, including style, form, color, quality, and dimensions of the cards, records, forms, lists, and other supplies to be used in recording and maintaining voter registration records;

The candidates for nonpartisan offices shall be listed in the manner otherwise provided by law. There shall be blank spaces for writing in the name of any candidate, if desired, on the ballot card or envelope.

NEW SECTION. Sec. 41. There is added to chapter 29.30 RCW a new section to read as follows:

All proceedings at the counting center shall be under the direction of the county auditor and under the observation of at least two observers, who shall not be from the same political party, appointed by the county chairman of the respective major political party. Such proceedings shall be open to the public, but no persons except those employed and authorized for the purpose shall touch any ballot card or ballot container.

Technical assistance from private vendors to the county auditor shall be limited to advice and assistance in the training of precinct election officers and counting center personnel and the development of instructional materials for use in such training, routine maintenance and repair service on the voting devices and vote tallying systems, and any emergency assistance required due to the mechanical failure of any voting device or vote tallying system. Private vendors may provide the compilation of computer programs and preparation of office and report files according to the specifications established by the county auditor for a specific primary or election. All precinct program cards shall be prepared by the county auditor or the staff of his office. Ballot layout functions are to be performed by the secretary of state for federal offices and state-wide measures and offices, and by the county auditor for all other measures and offices.

NEW SECTION. Sec. 72. There is added to chapter 29.34 RCW a new section to read as follows:

At the direction of the county auditor, a representative of each major political party shall together stop at each designated polling place and pick up the sealed containers containing the voted ballot cards for delivery to the counting center. There may be as many as two such stops at each polling place, but the first stop may not be made prior to 2:00 p.m. and the second stop may not be made until after the polls have been closed to voting.

The procedure for transporting voted ballot cards from the respective polling places to the counting center or to predesignated collection stations shall include, but not be limited to, the following measures:

1. On the day of the primary or election in precincts where ballots are cast on voting devices, two precinct election officials, one representing each major political party, shall place all voted ballots in noncombustible, water resistant ballot containers, furnished by the county auditor and properly identified with his mailing address, and seal the containers with prenumbered seals. The precinct election officials of each major political party or representative of each major political party designated by the county auditor to deliver such ballots shall transport the sealed ballot containers to the counting center or to a predesignated collection station in an enclosed vehicle, making certain that all doors and windows thereof other than those windows necessary for adequate ventilation are closed and locked.

2. At the counting center or the collection stations where the sealed ballot containers are delivered by the designated representatives of the major political parties, the county auditor or his designated representative shall receive the sealed ballot containers with the voted ballot cards enclosed, record the time and date together with each precinct and seal number, and complete signed receipts indicating the time, date, and precinct and seal number of each ballot container received, and give a copy of such receipt to the representatives delivering the ballot containers as such containers are received.

3. If the ballot containers are delivered to the collection station instead of being delivered directly to the counting center, the county auditor or his designated representative shall transfer such election containers to the counting center in an enclosed vehicle, making certain that all doors and windows thereof other than those windows necessary for adequate ventilation are closed and locked. All ballots being so transferred shall be accompanied by two appointed officials, who shall not be of the same political party, and a representative of the county auditor, who may be one of the appointed officials.

NEW SECTION. Sec. 73. There is added to chapter 29.34 RCW a new section to read as follows:

At least three days prior to the day of the primary or general election, all programming for the vote tallying system to be used at that primary or general election shall be tested by the secretary of state or his designee to ascertain that the equipment will correctly count the vote cast for all candidates and on all measures appearing on the ballot at that primary or general election. The tests shall be conducted by processing a predetermined number of ballot votes for each candidate and for and against each measure. For each office for which there are two or more candidates and for each issue, the group of test ballots shall include one or more ballots which have votes in excess of the number allowed by law, in order to verify the ability of the vote tallying system to reject such votes. The test shall be designed to verify the capability of the vote tallying system to perform all of the functions that can reasonably be expected to occur during conduct of that particular primary or election, including but not limited to verification of the content of the ballot format for each precinct or polling place, verification of rotation in the program, and verification of major error identification routines in the program of the vote tallying system. If any error is detected, the cause thereof shall be ascertained and corrected, and an errorless count shall be made before the programming is approved and certified.

Such tests shall be observed by at least two observers, who shall not be of the same political party, designated by the county chairman of the respective county central committees, and shall be open to candidates, the press, and the public. The secretary of state, the county auditor, and the political party observers shall certify that the test has been properly conducted. Copies of such certification shall be retained by the secretary of state and the county auditor. All programming materials and test ballots shall be securely locked in a noncombustible, water resistant container, and sealed until the day of the primary or general election. This test shall be repeated immediately before the start of the official count of ballots in the same manner as set forth above.

NEW SECTION. Sec. 74. There is added to chapter 29.34 RCW a new section to read as follows:

At least two days prior to the day of the primary or general election, all programming for the vote tallying system to be used at that primary or general election shall be tested by the county auditor or his designee to ascertain that the equipment will correctly count the vote cast for all candidates and on all measures appearing on the ballot at that primary or general election. The tests shall be conducted by processing a predetermined number of ballot votes for each candidate and for and against each measure. For each office for which there are two or more candidates and for each issue, the group of test ballots shall include one or more ballots which have votes in excess of the number allowed by law, in order to verify the ability of the vote tallying system to reject such votes. The test shall be designed to verify the capability of the vote tallying system to perform all of the functions that can reasonably be expected to occur during conduct of that particular primary or election, including but not limited to verification of the content of the ballot format for each precinct or polling place, verification of rotation in the program, and verification of major error identification routines in the program of the vote tallying system. If any error is detected, the cause thereof shall be ascertained and corrected, and an errorless count shall be made before the programming is approved and certified.

Such tests shall be observed by at least two observers, who shall not be of the same political party, designated by the county chairman of the respective county central committees, and shall be open to candidates, the press, and the public. The secretary of state, the county auditor, and the political party observers shall certify that the test has been properly conducted. Copies of such certification shall be retained by the secretary of state and the county auditor. All programming materials and test ballots shall be securely locked in a noncombustible, water resistant container, and sealed until the day of the primary or general election. This test shall be repeated immediately before the start of the official count of ballots in the same manner as set forth above.
The political party observers, upon mutual agreement, may request a precinct, to be selected at random, at the point of check-in, and manually take a total count of ballots and/or a total count for any one office, return that precinct to the counting center, and request a detailed printout. This may be done as many as three times during the official count so that the accuracy of the proceedings can be again verified by the count of the premarked group of ballots.

NEW SECTION. Sec. 74. There is added to chapter 29.34 RCW a new section to read as follows:
The ballot cards picked up during the polling hours may subsequently be counted before the polls have closed: PROVIDED, That all such election returns must be held in secrecy in the same manner as the count of paper ballots during polling hours as provided by RCW 29.54.030. Any person revealing any election returns to unauthorized persons prior to the close of the polls shall be subject to the same penalties as provided by RCW 29.54.035.

Upon breaking the seals and opening the containers, all voted ballot cards shall be checked for partially removed chads, whereupon any such partially removed chads shall be entirely removed from the ballot cards. If it is found that any ballot is damaged or defective so that it cannot properly be counted by the vote tallying system, a true duplicate copy shall be made of the damaged ballot in the presence of witnesses and substituted for the damaged ballot. All such damaged ballots shall be kept by the county auditor until sixty days after the primary or election concerned.

The returns printed by the vote tallying system, to which has been added the count of questioned ballots, challenged ballots, write-in votes, and absentee votes, shall constitute the official returns of the primary or election in that county.

Sec. 75. Section 32, chapter 109, Laws of 1967 ex. sess. and RCW 29.34.170 are each amended to read as follows:

In addition, if other elections, including special or general, are also being held on the same day and it can be determined that the absentee voter is qualified to vote at such elections, such additional absentee ballots shall be automatically issued to the end that, whenever possible, each absentee voter receives the ballots for all elections he would have received if he had been able to vote in person.

The election officer, or his duly authorized representative, shall include the following additional items when issuing an absentee ballot:

Sec. 96. Section 29.62.090, chapter 9, Laws of 1965 and RCW 29.62.090 are each amended to read as follows:

Immediately after the official results of ((an)) a state primary or general election ((or-primary)) in his county are ascertained, the county auditor or other election officer shall make an abstract of the number of registered voters in each precinct and of all the votes cast in his county at such state primary or general election for ((county officers, state officers, national officers and officers elected by districts.)) and against state measures and for each candidate for federal, state, and legislative office or for any other office which the secretary of state is required by law to canvas. The abstract shall be entered on blanks furnished by the secretary of state or on compatible computer printouts approved by the secretary of state, and (transmit)) transmitted to the secretary of state ((by-registered mail a certified copy thereof)) no later than the next business day following the certification by the county canvassing board.

Sec. 97. Section 29.62.100, chapter 9, Laws of 1965 and RCW 29.62.100 are each amended to read as follows:

The ((state canvassing board shall consist of the)) secretary of state((the state treasurer and the state auditor-He)) shall, as soon as possible but in any event not later than the third Tuesday following the primary, canvass and certify the returns of all primary elections as to candidates for state offices, United States senators and representatives in congress, and all other candidates whose district extends beyond the limits of a single county.

Sec. 98. Section 29.64.010, chapter 9, Laws of 1965 and RCW 29.64.010 are each amended to read as follows:

An officer of a political party or any person for whom votes were cast in a primary election for nomination as an candidate for election to an office who was not declared nominated may file with the appropriate canvassing board or boards a written application for a recount of the votes cast at such primary in any precinct for all persons for whom votes were cast in such precinct for such nomination.

An officer of a political party or any person who was a candidate at any general election for election to an office or position who was not declared elected, may file with the appropriate canvassing board or boards a written application for a recount of the votes cast at such election in any precinct in such county for all candidates for election to such office or position.

Any group of five or more registered voters may file with the appropriate canvassing board or boards a written application for a recount of the votes cast at any election, regular or special, in any precinct upon any question or issue, provided that the members of such group shall state in such application that they voted on such question or proposition. Such group of electors shall, in such application, designate one of the members of the group as chairman, and shall indicate therein the voting residence of each member of such group. In the event the recount requested concerns a regular or special district election where the precincts were combined and the election results of the individual precincts impossible to determine, the application for the recount shall embrace all ballots cast at such district election.

An application for recount in a precinct using a vote tally system shall specify whether the recount shall be done manually or by the vote tally system. A recount done by the vote tally system shall use separate and distinct programming from that used in the original count, and shall also provide for a separate and distinct test of the logic and accuracy of such program.
All applications for recount shall be filed within three days, excluding Saturdays and Sundays, after the canvassing board has declared the official results of the primary or election. The provisions of this chapter shall apply to the recounting of votes cast by paper ballots and counted at the polling places, to the recounting of votes recorded on ballot cards and counted by a vote tally system. The provisions of this chapter shall neither apply to votes cast by absentee ballot and counted by the canvassing authority, nor to votes cast on voting machines printing election returns: PROVIDED, That this chapter shall apply to votes cast by absentee and counted by the canvassing authority if specific request for such recount is made at the time the application is filed and the additional deposit is made as provided in RCW 29.64.020.

Sec. 99. Section 29.64.020, chapter 9, Laws of 1965 and RCW 29.64.020 are each amended to read as follows:

Each application for recount shall separately list each precinct as to which a recount of the votes therein is requested, and the person filing an application shall at the same time deposit with the canvassing board the sum of ten dollars in cash or by certified check for each precinct so listed in such application as security for the payment of charges for the making of the recount therein applied for, which charges shall be fixed by the canvassing board as provided in RCW 29.64.060. In the event the application for a recount applies to a special or regular district election then the deposit to be made with the canvassing board shall be ten dollars in cash or by certified check for each precinct completely or partially within said district. If at said special or regular district election paper ballots were used and the precincts were combined and the election results of the individual precincts impossible to determine, then the deposit shall be a sum of money equal to the total number of ballots cast at such district election multiplied by the factor of five cents; and if a specific request is made for the recount of absentee ballots, then an additional deposit shall be made in a sum of money equal to the total number of such absentee ballots to be counted multiplied by the factor of five cents.

If at said special or regular district election voting machines were used and the precincts were combined and the election results of the individual precincts impossible to determine, then the deposit shall be ten dollars for each voting machine used.

If ballot cards and a vote tally system were used at any precinct as to which a recount is requested, the amount of the deposit required shall depend on whether a manual recount of ballot cards or a recount by the vote tally system is requested. If a manual recount of the ballot cards is requested, the deposit shall be the same as for paper ballots. If a recount by the vote tally system is requested, the deposit shall be five cents for each ballot card.

Upon the filing of an application, the canvassing board shall promptly fix the time when and the place at which the recount will be made, which time shall be not later than five days after the day upon which such application is filed. The county auditor shall mail notice of the time and place so fixed to the applicant. If the application requests a recount of votes cast for a nomination or a candidacy for election, the county auditor shall also mail such notice to each person for whom the votes were cast for such nomination or election. Such notice shall be mailed by registered mail not later than two days before the date fixed for the commencement of the recount. Each person entitled to receive such notice may attend and witness the recount and may be accompanied by counsel.

In the case of a recount of votes cast upon a question or proposition, a second group of five or more registered voters, who voted upon such question or proposition other than those voters requesting the recount, may file with the canvassing board a written statement to that effect, may designate therein one of their number as chairman of such group and an attorney as their legal counsel, and may request that the persons so designated be permitted to attend and witness the recount. Thereupon the persons so designated may attend and witness the recount.

Sec. 100. Section 29.64.060, chapter 9, Laws of 1965 and RCW 29.64.060 are each amended to read as follows:

The charges for making a recount of votes of precincts listed in an application for recount filed with the board of elections shall be fixed by the board and shall include all expenses incurred by such board because of such application other than the regular operating expenses which the board would have incurred if the application had not been filed.

The total amount of charges so fixed divided by the number of precincts listed in such application, the votes of which were recounted, shall be the charge per precinct for the recount of the votes of the precincts so listed in such application. The votes of which were recounted: PROVIDED, That the charges per precinct so fixed shall not be more than five dollars for each precinct concerned or in the event of a recount of a regular or special district election where all ballots were requested to be recounted irrespective of precincts, the maximum charge shall not exceed two cents per ballot) the actual cost.

Such charge shall be deducted by the board from the money deposited with the board by the applicant for the recount at the time of filing his application, and the balance of the money so deposited shall be returned to such applicant unless the costs of the recount were higher than the deposit, in which case the applicant shall be required to pay the difference: PROVIDED, That no such charges shall be deducted by the board from the money deposited for a recount of votes cast for a nomination or for an election to an office or position in any precinct, if upon the completion of a recount the applicant is declared nominated or elected, or if upon completion of a recount concerning a question or proposition, the result of such election is declared to be opposite to the original declaration of the result of such election. All moneys deposited with the board by an applicant not returned to him shall be paid by such board into the general fund of the political subdivision concerned.

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert:

"NEW SECTION. Section 1. It is the intent of this legislation to improve executive management and control of state publications and reduce state expenditures through: (1) Elimination of reports and publications which are economically or otherwise unjustified; and (2) the simplification and consolidation of other reports and publications.

NEW SECTION. Sec. 2. The terms defined in this section shall have the meanings indicated when used in this chapter.

(1) 'Director' means the director of the office of program planning and fiscal management.

(2) 'State agency' includes every state office, department, division, bureau, board, commission, committee, higher education institution, community college, and agency of the state and all subordinate subdivisions of such agencies in the executive branch financed in whole or in part from funds held in the state treasury, but does not include the offices of executive officials elected on a state-wide basis, agricultural commodity commissions, the legislature, the judiciary, or agencies of the legislative or judicial branches of state government.

(3) (a) 'State publication' means publications of state agencies and shall include any annual and biennial reports, any special report required by law, state agency newsletters, periodicals and magazines, and other printed informational material intended for general dissemination to the public or to the legislature.

(b) 'State publication' may include such other state agency printed informational material as the director may prescribe by rule or regulation, in the interest of economy and efficiency, after consultation with the governor, the state librarian, and any state agencies affected.

(c) 'State publication' does not include:

(i) Business forms, preliminary draft reports, working papers, or copies of testimony and related exhibit material prepared solely for purposes of a presentation to a committee of the state legislature;

(ii) Typewritten correspondence and interoffice memoranda, and staff memoranda and similar material prepared exclusively as testimony or exhibits in any proceeding in the courts of this state, the United States, or before any administrative entity;

(iii) Any notices of intention to adopt rules under RCW 34.04.025(1)(a) as now existing or hereafter amended;

(iv) Publications relating to a multistate program financed by more than one state or by federal funds or private subscriptions; or

(v) News releases sent exclusively to the news media.

An additional copy shall be filed with the state library as a public record.

(2) The director or the director's designee may selectively review state publications in order to determine if specific state publications are economically and effectively contributing to the accomplishment of state agency program objectives. The director or the director's designee shall provide general guidelines as to the number of copies to be printed for use or distribution by the issuing agency and any public or other distribution under chapter 40.06 RCW as now or hereafter amended, or other applicable directives.

(4) The director, after consultation with affected agencies, shall prepare and publish guidelines for use by state agencies in determining and evaluating the benefits and costs of current and proposed state publications. All state agencies shall evaluate each new state publication they propose and shall annually evaluate each continuing state publication they produce in accordance with the guidelines published by the director.

(5) The director shall, after consultation with affected state agencies, also provide by general rules and regulations for overall control of the quality of the printing of state publications. Necessary publications are

NEW SECTION. Sec. 4. (1) The governor or the governor's designee shall take such other action as may be necessary to maximize the economy, efficiency, and effectiveness of state publications and to do so may eliminate, consolidate, or simplify state agency publications.

(2) Nothing in this chapter shall be construed in any way as restricting public access to public records or the public right to copy such records as provided by RCW 42.17.250 through 42.17.340 as now existing or hereafter amended.

NEW SECTION. Sec. 5. Neither the public printer nor any state agency shall print or authorize for printing any state publication that has been determined by the director to be inconsistent with section 3 of this 1977 amendatory act except to the extent this requirement may conflict with the laws of the United States or any rules or regulations lawfully promulgated under those laws. A copy of any state publication printed without the approval of the director under the exceptions authorized in this section shall be filed with the director with a letter of transmittal citing the federal statute, rule, or regulation requiring the publication. The director shall submit a report of such exceptions, as filed, to the legislative budget committee at least annually.

NEW SECTION. Sec. 6. POINT OF INQUIRY

Ms. Erickson yielded to question by Mr. Deccio.

Mr. Deccio: "Representative Erickson, I'm a sponsor on the bill and at the time it sounded like a good idea, but since that time I've been advised that changing the university status could increase the costs. Would you care to comment on that?"

Ms. Erickson: "It's been shown that it doesn't necessarily increase the cost. This does not mean, of course, that there won't be normal increases, but this, in itself, does not necessitate an increase. There is no criteria that would cause this. In fact, as I have indicated, there has been agreement that there will be no further doctoral programs given, which means that Western is willing to give up their existing doctoral program and usually those programs are rather expensive. We have been shown that this does not mean that there will be, because of this status, increase in the costs."

POINT OF INQUIRY

Mr. Martinis yielded to question by Mr. Charette.

Mr. Charette: "Representative Martinis, in reading this bill which deals with regulation of fishing, in section 2 there's a part I don't understand. Will you explain that?"

Mr. Martinis: "Representative Charette, I really didn't want to get into section 2, but I will explain it. This refers to a statute that is on the books right now. The reason why we are reducing two penalties for any type of fishing violation within a period of five years is because the Department of Fisheries—"

POINT OF ORDER

Representative Hurley (Margaret): "Representative Martinis is not speaking on the amendments and I do believe the question was much broader than the amendments called for. I think we ought to determine if he is going to discuss the whole bill when we have an amendment before us."
The Speaker (Ms. Becker presiding): "Representative Martinis, please confine your remarks to the question by Representative Charette."

Mr. Martinis: "I'll confine my remarks to the explanation of section 2 as the question was put. The reason why section 2 is in the bill is because the Department of Fisheries' computer has only a five-year bank, so now the program at the Department of Fisheries for the revocation of licenses or keeping track of the violations only goes back five years. The reason for section 2 in this bill is to make the statutes consistent with the capabilities within the Department of Fisheries. It has absolutely nothing to do with section 1. Those of you who are familiar with bill drafting know that's why we have different sections, because they are separate subjects."

POINT OF INQUIRY

Mr. Martinis yielded to question by Mrs. Fortson.

Mrs. Fortson: "Do these regulations apply to Indian fishermen?"

Mr. Martinis: "Representative Fortson, the court has been very, very reluctant to enforce state regulations against Indian fisheries. Two weeks ago in Superior Court in Snohomish County there was a conviction from the district court of a man fishing in an area that was closed for conservation reasons and this is lawful—you can close for conservation reasons under the present statutes. He was convicted in the district court, but when it came before the presiding judge in Snohomish County that case was thrown out for one reason: There were five Indian fishermen. Testimony showed there were five Indian fishermen fishing in the same area that was closed for conservation reasons and there was no citation issued to them. We are after equality under the law. Under this law here, the same case would pertain to that. If the laws of the state of Washington were discriminatorily enforced against a non-Indian fisherman and not an Indian fisherman, I would hope the Superior Courts of the state of Washington would take the same course as the judge did in Snohomish County."

**POINT OF INQUIRY**

Mr. Thompson yielded to question by Mr. Leckenby.

Mr. Leckenby: "Representative Thompson, in looking at this I'm not exactly sure what it will do, but it seems to me that in subsection (3) on page 1, if you put in one ramp in a down-town area—let's say on one intersection, which would be four ramps, that you would, by passing this bill, be required to place additional ramps in both directions on every street in the city. In other words, once you started it, would you not be required to match at the end of blocks and across streets and so forth, so that eventually in a short time you would have covered the whole city?"

Mr. Thompson: "That's not right. The amendments we adopted by Representatives Charnley and Berenton clarified that that was not so. The bill does however provide that if a ramp is built into an intersection in one direction that there will be a corresponding ramp out of the intersection across from it, but it doesn't require ramping in all directions. Ultimately, this will occur and we intend to examine the extent to which it has developed during the interim. The present language only provides that if there is a ramp into the intersection in one direction that there will be a corresponding ramp opposite."

Sec. 2. Section 16, chapter 1, Laws of 1961 and RCW 41.06.150 are each amended to read as follows:

In ((adopting-or-revising)) preparing classification and salary schedules as set forth in RCW 41.06.150 as now or hereafter amended the (/(board)) department of personnel shall give full consideration to prevailing rates in other public employment and in private employment in this state ((and)). For this purpose the department shall ((make periodic wage surveys)) undertake salary and fringe benefit surveys to be planned and conducted on a joint basis with the higher education personnel board, with one such survey to be conducted each year prior to the convening of each regular session of the state legislature((c)). The results of this survey shall be submitted to the governor and the state budget director of the office of program planning and fiscal management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished to the standing committees for appropriations of the senate and house of representatives.

The department shall furnish the following supplementary data in support of its recommended salary schedule:

1. A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

2. An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the request for deviation from prevailing rates and the rationales for the changes set forth in the report.

3. A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the department of personnel with:

(a) Those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; and

(b) Those department of personnel classes which are substantially the same as classes being used by the higher education personnel board clearly marked to show the commonality of the classes between the two jurisdictions;

4. A supplemental salary schedule which indicates the additional salary to be paid state employees for hazardous duties or other considerations requiring extra compensation under specific circumstances. Additional compensation for these circumstances shall not be included in the basic salary schedule but shall be maintained as a separate pay schedule for purposes of full disclosure and visibility; and

5. A supplemental salary schedule which indicates those cases where the board determines that prevailing rates do not provide similar salaries for positions that require or impose similar responsibilities, judgment, knowledge, skills, and working conditions. This supplementary salary schedule shall contain proposed salary adjustments necessary to eliminate any such dissimilarities in compensation. Additional compensation needed to eliminate such salary dissimilarities shall not be included in the basic salary schedule but shall be maintained as a separate salary schedule for purposes of full disclosure and visibility.

It is the intention of the legislature that requests for funds to support recommendations for salary deviations from the prevailing rate survey data shall be kept to a minimum, and that the requests be fully documented when forwarded by the department of personnel. Further, it is the intention of the legislature that the department of personnel and the higher education personnel board jointly determine job classes which are substantially common to both jurisdictions and that basic salaries for these job classes shall be equal based on salary and fringe benefit survey findings.

NEW SECTION. Sec. 3. There is added to chapter 41.06 RCW a new section to read as follows:

Sec. 10. Section 11, chapter 36, Laws of 1969 ex. sess. as amended by section 2, chapter 122, Laws of 1975 1st ex. sess. and RCW 28B.16.110 are each amended to read as follows:

The salary schedules and compensation plans, adopted and revised as provided in RCW 28B.16.100 as now or hereafter amended, shall reflect (not less than) prevailing rates in other public employment and in private (industries and other governmental units for positions of a similar nature) employment in this state or in the locality in which the institution or related board is located. For this purpose (wage) salary and fringe benefit surveys shall be undertaken by the board with the assistance of the various personnel officers of the institutions of higher education and on a joint basis with the department of personnel, with one such survey to be conducted each year prior to the convening of each regular session of the state legislature. The results of such (wage) salary and fringe benefit survey shall be forwarded with recommended salary adjustments, which recommendations shall be advisory only, to the governor and the director of the office of program planning and fiscal management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished by the board to the standing committees for appropriations of the senate and house of representatives.

The board shall furnish the following supplementary data in support of its recommended salary schedule:

1. A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized.
to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

(2) An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the requests for deviation from prevailing rates and the reasons for the changes;

(3) A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the higher education personnel board with:

(a) Those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; and

(b) Those higher education personnel board classes which are substantially the same as classes being used by the department of personnel clearly marked to show the commonality of the classes between the two jurisdictions;

(4) A supplemental salary schedule which indicates the additional salary to be paid state employees for hazardous duties or other considerations requiring extra compensation under specific circumstances. Additional compensation for these circumstances shall not be included in the basic salary schedule but shall be maintained as a separate pay schedule for purposes of full disclosure and visibility; and

(5) A supplemental salary schedule which indicates those cases where the board determines that prevailing rates do not provide similar salaries for positions that require or impose similar responsibilities, judgment, knowledge, skills, and working conditions. This supplementary salary schedule shall contain proposed salary adjustments necessary to eliminate any such dissimilarities in compensation. Additional compensation needed to eliminate such salary dissimilarities shall not be included in the basic salary schedule but shall be maintained as a separate salary schedule for purposes of full disclosure and visibility.

It is the intention of the legislature that requests for funds to support recommendations for salary deviations from the prevailing rate survey data shall be kept to a minimum, and that the requests be fully documented when forwarded by the board. Further, it is the intention of the legislature that the department of personnel and the higher education personnel board jointly determine job classes which are substantially common to both jurisdictions and that basic salaries for these job classes shall be equal based on salary and fringe benefit survey findings.

POINT OF ORDER

Mr. Polk: "Mr. Speaker, House Rule 81 requires that a majority recommendation of a committee must be signed by the majority of the entire membership of the committee in a regularly called meeting before a bill may be reported out. Engrossed Substitute Senate Bill No. 2949 was not signed in accordance with that rule. Looking at the committee report, there are seven signatures, two of whom were not present at the meeting, including the committee chairman. It is not proper, under the House rules, for this bill to be read in and reported for Rules Committee second reading."

The Speaker (Mr. O'Brien presiding): "Your point of order is on the validity of the signing of the do pass report. What would you like to have us do?"

Mr. Polk: "Mr. Speaker, the report of the committee should not be accepted by the body, but it should be referred back to the committee until they have had a meeting at which time they come out with seven signatures of people who are actually there at the meeting. It's not possible for the body to accept the committee report."

The Speaker (Mr. O'Brien presiding): "What names do you have that are in question?"

Mr. Polk: "I could question two names—that of Representative Warnke and Representative Owen. Representative Warnke, being the committee chairman, was not present; his vice chairman conducted the meeting, so no time could there have been more than six there. As a matter of fact, there were only five members there when the vote was taken. There was not even a quorum present, and under Rule 82 there should be a quorum required also. I believe they are in violation of two House rules and therefore the body should not accept that committee report. It should be reported back to committee. Further, the Chair should reject the report, rather than the body, because it would require a suspension of the rules for the body to do that, but the Chair should automatically send it back to the committee."

The Speaker (Mr. O'Brien presiding): "The Speaker will withhold rendering an opinion on your point of order until we have checked the question and we will hold the bill where it is on Committee Reports until we check out your statement."

POINT OF PARLIAMENTARY INQUIRY

Mr. Berentson: "Going back to Rule 81, where it does state that a majority of the entire membership of the committee in a regularly called meeting must be present before a bill is passed out, we understand that, but would you give us a ruling as to the necessity of a quorum being present in a committee before action is taken on a bill? I think that is the issue before us, a quorum was not present."
The Speaker (Mr. O'Brien presiding): "Representative Berentson, the Speaker will interpret the rule literally, but I am holding the ruling on the point of order until we have checked some of the statements made by Representative Polk."

Mr. Berentson: "Can you tell us the procedure you will use to determine whether a quorum was present? I assume you are going to check the roll call in the committee. It is quite apparent, in our opinion, that a quorum was not present. Our members were there."

The Speaker (Mr. O'Brien presiding): "We intend to check your assumptions."

NEW SECTION. Sec. 114. COMMUNITY COLLEGE EDUCATION.

The appropriations contained in sections 115 through 120 of this act shall be subject to the conditions and limitations set forth in this section and the conditions and limitations set forth in the section making such appropriations. Such conditions and limitations shall be strictly construed.

1. The program funding levels for the community college system for each fiscal year of the biennium are based in part on special nonformula items and in part on the following formula entitlements:
   a. Student services program—65% of formula entitlement;
   b. Plant operations and maintenance program:
      i. 60% of formula entitlement for variable costs; and
      ii. 100% of formula entitlement for fixed costs;
   c. Instruction and departmental research—General program:
      i. 81.55% of formula entitlement for faculty staffing; and
      ii. 64% of formula entitlement for faculty support;
   d. Libraries program:
      i. 55% of formula entitlement for staffing;
      ii. 54% for collections.

2. In accordance with the provisions of this subsection the office of program planning and fiscal management shall use the allotment process during the 1977-79 biennium to control the funding of the formula portion of the instructional services program of all community colleges. Controls shall be applied to the community college education system as a total entity. For the purpose of the controls outlined in this section, full time equivalent student enrollment shall be the controlling factors. The "contract level" is defined as the average annual full time equivalent enrollment projection upon which the budget is based. The "base level" is defined as the prior year’s actual average annual full time equivalent enrollment level. "Growth funding" is defined as that portion of the state general fund appropriation by which the contract level exceeds the base level. Growth funds shall be allocated at the beginning of each fiscal year. All unearned growth funds shall revert to the state general fund at the end of the fiscal year in which such enrollment fails to materialize.

Reversions are not required when the actual annual average full time equivalent student enrollment is within a set range of the contracted level. The allowable tolerance for the community college system as a single entity is three percent.
Contract enrollments for the second year of the biennium shall be revised by the office of program planning and fiscal management in the event the first year's actual average annual full time equivalent enrollment falls below the base level of the first year.

(3) The state board for community college education shall not transfer more than five percent of the funds generated by the formula entitlements set forth in subsection (1) of this section between programs. Such transfers are subject to review and approval by the office of program planning and fiscal management. If any transfers between programs, up to the limit authorized by this subsection, are made the state board shall report the amounts and purposes of such transfers to the senate ways and means committee and house appropriations committee at the beginning of each session of the legislature.

(4) The aggregate cost of remunerated professional leaves awarded at any institution during any year, including the cost of replacement personnel, shall not exceed the cost of salaries which otherwise would have been paid to personnel on leaves.

(5) The office of program planning and fiscal management, upon the failure of SSB 2435 (or a similar measure) to become law, shall reduce the allotments of state general funds for each fiscal year in amounts equal to the revenues which would have otherwise been available in the state general fund.

(6) The legislature directs that Olympia Technical Community College shall not become a comprehensive community college and shall offer only those courses essential to vocational education.

NEW SECTION. Sec. 114A. The state board for community college education and the boards of trustees for community college districts thirteen and fourteen may waive the payment of nonresident fees by residents of Cowlitz, Clark, Pacific, or Wahkiakum counties, Washington, to attend any of the following Oregon institutions: Clatsop, Portland, or Mount Hood community colleges, or Portland state university.

The council for postsecondary education, in cooperation with the state board for community college education, shall undertake a study of the effects on costs and participation rates of such reciprocity arrangements, as well as the feasibility of other reciprocity agreements involving the states of Idaho and Oregon. The council for postsecondary education shall work with the above referenced Oregon institutions and their governing bodies to secure maximum participation by the state of Oregon. The council shall, to the extent possible, involve interested legislators, groups, and institutions in such efforts. The council for postsecondary education shall present its report with recommendations to the 46th regular session of the Washington state legislature.

The distribution of such funds shall be based on a percent of formula entitlement for faculty staffing which shall be increased at the rate of one percentage point above the 81.55% base level for each 100 full time equivalent students below the 2,500 enrollment level, except that no college shall be funded in excess of 98.54% of formula.

NEW SECTION. Sec. 121. HIGHER EDUCATION.

The appropriations contained in sections 122 through 152 of this act shall be subject to the conditions and limitations set forth in this section and the conditions and limitations set forth in the section making such appropriations. Such conditions and limitations shall be strictly construed.

(1) The program funding levels for each four year institution of higher education for each fiscal year of the biennium are based in part on special nonformula items and in part on the following formula entitlements:

(a) Student services program—75% of formula entitlement;
(b) Plant operations and maintenance program:
   (i) 60% of formula entitlement for variable costs; and
   (ii) 100% of formula entitlement for fixed costs;
(c) Instruction and departmental research—General program:
   (i) 80% of formula entitlement for faculty staffing at Western Washington State College, Central Washington State College, The Evergreen State College, and Washington State University; 82.8% of formula entitlement for faculty staffing at Eastern Washington State College; and 85.2% of formula entitlement at the University of Washington; and
   (ii) 64% of formula entitlement for faculty support;
(d) Libraries program:
   (i) 55% of formula entitlement for staffing at the state colleges, 60% at Washington State University, and 75% at the University of Washington;
   (ii) Formula entitlement for collections as follows: 80% at the University of Washington, 70% at Washington State University, 85% at Eastern Washington State College, 90% at Central Washington State College, 97% at The Evergreen State College, and 89% at Western Washington State College.

(2) In accordance with the provisions of this subsection the office of program planning and fiscal management shall use the allotment process during the 1977-79 biennium to control the funding of the formula portion of the instructional services program of all the four year institutions of higher education. Controls shall be applied to each four year institution separately. For the purpose of the controls outlined in this section, formula faculty entitlements shall be the controlling factors. The "contract level" is defined as the average annual full time equivalent enrollment projection upon which the budget is based. The "base level" is defined as the prior year's actual average annual full time equivalent enrollment level. "Growth funding" is defined as that portion of the state general fund appropriation by which the contract level exceeds the base level. Growth funds shall be allotted at the beginning of each fiscal year. All unearned growth funds shall revert to the state general fund at the end of the fiscal year in which such enrollment fails to materialize.

Contract enrollments for the second year of the biennium shall be revised by the office of program planning and fiscal management in the event the first year's actual average annual full time equivalent enrollment falls below the base level of the first year.

(3) The four year institutions of higher education are hereby authorized to request the approval of the office of program planning and fiscal management to transfer up to five percent of the amount of state general funds appropriated for any specific program to other programs. The office of program planning and fiscal management shall not approve any transfer request which would result in an expenditure of state general funds in any program in excess of 105% of the appropriation for such program. The office of program planning and fiscal management shall not approve any transfer request which would result in the operation of the instructional services program at any institution in excess of 80 percent of staffing formula entitlement. The office of program planning and fiscal management shall immediately report the amount and purpose of each such transfer to the senate ways and means committee and the house appropriations committee.

(4) No funds appropriated by sections 122 through 152 of this act shall be used for the inauguration or operation of any new degree program until such program has been reviewed and recommended by the council for postsecondary education.

(5) The aggregate cost of remunerated professional leaves awarded at any institution during any year, including the cost of replacement personnel, shall not exceed the cost of salaries which otherwise would have been paid to personnel on leaves.

(6) The office of program planning and fiscal management, upon the failure of SSB 2435 (or a similar measure) to become law, shall reduce the allotments of state general funds for each fiscal year in amounts equal to the revenues which would have otherwise been available in the state general fund.

(7) The average full time faculty direct classroom contact hours shall be at least 12 hours per week for the two universities and 14 hours per week for the four state colleges. Faculty direct classroom contact hours are defined as the actual number of hours of weekly instructional contact between the full time faculty member and the class in the case of scheduled classes and between the full time faculty member and the student enrolled in individual instruction courses. Office hours and informal student/faculty contact shall not be included except where specifically related to individual instruction courses. The council for postsecondary education shall develop uniform guidelines and reporting requirements to carry out the provisions of this subsection and shall monitor, each quarter or semester, institutional conformance to the provisions and
general Guidelines. The Council for postsecondary education shall provide a report to the house appropriations committee and the senate ways and means committee by February 1, 1978, on the fall quarter 1978 experience and a similar report by October 1, 1979, on the 1978-79 average annual experience.

NEW SECTION. Sec. 164. The office of program planning and fiscal management is hereby requested to cooperate fully with the legislative evaluation and accountability program committee in the areas of appropriation schedules, allotments, and estimated expenditure schedules as such items relate to the monitoring and evaluation by the LEAP data processing system of funds appropriated in this act. It is the intent of the legislature to cooperate with the governor in the implementation of RCW 43.88.070 which provides in part: "Appropriations shall be deemed maximum authorizations to incur expenditures... to ensure that expenditure rates are such that program objectives are realized within these maximums".

NEW SECTION. Sec. 165. Notwithstanding the provisions of chapter 82, Laws of 1973 1st ex. sess., the house of representatives, the senate, and the permanent statutory committees shall pay expenses quarterly to the department of general administration facilities and services revolving fund for services rendered by the department for operations, maintenance, and supplies relating to buildings, structures, and facilities utilized by the legislature for the biennium beginning July 1, 1977. The provisions of this section shall be null and void if HB 54 (or a similar measure) becomes law.

NEW SECTION. Sec. 166. The word "agency" used herein means and includes every state government office, officer, each institutional, correctional, or, and every department, division, board, and commission, except as otherwise provided in this act.

The phrase "agencies headed by elective officials" used herein shall mean those executive offices of departments of the state which are directly supervised, administered, or controlled by the governor, lieutenant governor, secretary of state, treasurer, auditor, attorney general, superintendent of public instruction, commissioner of public lands, or insurance commissioner, but it shall not include those boards, commissions, or committees on which one or more of the above mentioned officials serve.

NEW SECTION. Sec. 167. In order to carry out the provisions of these appropriations and the state budget, the director of the office of program planning and fiscal management with the approval of the governor, shall:

(1) Allot all or any portion of the funds herein appropriated or included in the state budget, to the various agencies by such periods as he shall determine and may place any funds not so allotted in reserve: PROVIDED, That the director of the office of program planning and fiscal management shall not alter allotment requests filed with him, nor shall he place in reserve any funds, for the following: Washington State Apple Advertising Commission; Washington State Fruit Commission; Washington Dairy Products Commission or any agricultural commodity commission created under the provisions of chapter 15.66 RCW; the legislative branch of state government including the legislative budget committee, the legislative evaluation and accountability program committee, the state actuary, the statute law committee, and any legislative committee or the judicial branch of state government: PROVIDED FURTHER, That the aggregate of allotments for any agency shall not exceed the total of applicable appropriations and local funds available to the agency concerned. It shall be unlawful for any officer or employee to incur obligations in excess of approved appropriations or to incur a deficiency and any obligations so made shall be deemed invalid.

Nothing in this section or in chapter 328, Laws of 1959, shall prevent revisions of any allotment when necessary to prevent the making of expenditures under appropriations in this act in excess of available revenues.

(2) Issue rules to establish uniform standards and business practices throughout the state service, including regulation of travel by officers and employees and the conditions under which per diem shall be paid, so as to improve efficiency and conserve funds.

(3) Prescribe procedures and forms to carry out the above.

(4) Allot funds from appropriations in this act in advance of July 1, 1977: PROVIDED, That no expenditures may be made from the appropriations contained in this act, except as otherwise provided, until after July 1, 1977.

NEW SECTION. Sec. 168. Unless prohibited by federal law the receipt of federal or other funds which are not anticipated in the appropriation bill enacted by the legislature shall be used to support regular programs instead of using funds appropriated from state taxes or similar revenue sources. Any state funds replaced by federal or other receipts shall be placed in reserve at the end of the respective fiscal year to the credit of the appropriate state fund or account, and shall not be expended, unless authorized by law.

NEW SECTION. Sec. 169. In the event that receipts shall be less than those estimated in the budget from any source, expenditures shall be limited to the amount received. Receipts for purposes of this section shall include amounts realized within one calendar month following the close of a fiscal period and applicable to expenditures of that period. The amount of such payment shall be credited to and shall be treated for all purposes as having been collected during the fiscal period.

NEW SECTION. Sec. 170. State funds appropriated for the specific purpose of matching federal funds and which are not required wholly or in part to qualify for such federal funds shall be placed in reserve and shall revert to the general fund at the end of the respective fiscal year.
NEW SECTION. Sec. 171. In the event that federal funds received for a program or activity are less than the amount of federal funds appropriated for such program or activity, the total expenditure for such program or activity shall be reduced by an equal amount and no state funds shall be used to replace the federal funds.

NEW SECTION. Sec. 172. If a scheduled program or project funded by the appropriations contained in this act has not been fully implemented during any quarter of the respective fiscal year, then the office of program planning and fiscal management shall withhold the equivalent amount of the appropriation and full time equivalent staff years from such program or project and shall place the same in reserve at the end of the respective fiscal year.

NEW SECTION. Sec. 173. Agencies are authorized to make refunds of erroneous or excessive payments and in the case of other refunds, which may be provided by law, without express appropriation therefor.

NEW SECTION. Sec. 174. Whenever allocations are made from the governor's emergency appropriation to an agency which is financed by other than general fund moneys, the director of the office of program planning and fiscal management shall direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance such agency. No appropriation shall be necessary to effect such repayment.

NEW SECTION. Sec. 175. In addition to the amounts appropriated in this act for revenue for distribution, bond retirement and interest, transfers, and interest on registered warrants, there is also appropriated such further amounts as may be required or available for these purposes under any statutory formula or under any proper bond covenant made in accordance with law.

NEW SECTION. Sec. 176. Amounts received by an agency as reimbursements pursuant to RCW 39.34.130 shall be considered as returned loans of materials supplied or services rendered. Such amounts may be expended as a part of the original appropriation of the fund to which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the director of the office of program planning and fiscal management which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum interagency usage of data processing equipment and services, and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed.

NEW SECTION. Sec. 177. It is the expressed intention of the legislature that agency operational activity shall be regularly monitored by the office of program planning and fiscal management, under their statutory authority relating to the allotment control function, in order to limit fluctuations in the respective fiscal year spending patterns which tend to inflate the expenditures in the second fiscal year of the biennium. Particular control emphasis shall be placed on those instances in which the full time equivalent staff years authorization is deliberately delayed in order to increase the agency's full time equivalent staff years as substantiation for the second fiscal year or the ensuing biennial request. Unanticipated receipts, which are authorized by the governor and expended by any state agency, shall be allotted, monitored, controlled, and reported separately at the end of the respective fiscal year and at the end of the biennium to the governor and the house appropriations committee and the senate ways and means committee. Such report shall identify the full time equivalent staff years and the program and/or activity for which such funds were expended.

NEW SECTION. Sec. 178. To obtain maximum interagency use of aircraft, the Aeronautics Commission in accordance with chapter 39.34 RCW is hereby authorized to lease, purchase, or otherwise acquire suitable aircraft which shall be utilized for the purposes of the Aeronautics Commission and also by other state agencies which have a need for an aircraft to carry out agency assigned responsibilities: PROVIDED, That the Aeronautics Commission is further authorized to enter into contractual agreements with other state agencies in order to acquire aircraft, establish rental rates for aircraft under their control, provide pilot services, aircraft maintenance, and make such other provisions as necessary to provide aircraft and related services for multi-agency use: PROVIDED FURTHER, That in order to achieve economy in the use of the appropriations contained within this act no state agency may purchase or otherwise acquire an aircraft or enter into a flying service or aircraft rental contract without first seeking such service from the Aeronautics Commission and without prior approval of the director of the office of program planning and fiscal management.

NEW SECTION. Sec. 179. If any part of this act shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this act is hereby declared to be inoperative solely to the extent of such conflict, and such finding or determination shall not affect the operation of the remainder of this act; the rules and regulations under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 180. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 181. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.*

Such regulation shall, so far as possible, secure results reasonably similar to those which would prevail if the individual were paid wages for any week shall be determined in such manner as the commissioner may by regulation prescribe.

No benefit year will be established unless it is determined that the individual earned wages in employment during the base year of not less than six times the weekly benefit amount computed for the individual's base year: PROVIDED, HOWEVER, that the foregoing limitation shall not be deemed to preclude the establishment of a new benefit year under the laws of another state pursuant to any agreement providing for the interstate combining of employment and wages and the interstate payment of benefits nor shall this limitation be deemed to preclude the commissioner from backdating an initial application at the request of the claimant either for the convenience of the department of employment security or for any other reason deemed by the commissioner to be good cause.

An individual's benefit year shall be extended to be fifty-three weeks when at the expiration of fifty-two weeks the establishment of a new benefit year would result in the use of a quarter of wages in the new base year that had been included in the individual's prior base year.

No benefit year will be established unless it is determined that the individual earned wages in employment during his base year of not less than the "qualifying annual wage" computed for the calendar year preceding the last June 30th immediately preceding his benefit year and either had 'employment' in not less than sixteen weeks of his base year in each of which he earned the "qualifying weekly wage" computed for the second calendar year preceding the calendar year in which each such week ended or had 'employment' in not less than six hundred eighty hours of the individual's base year: PROVIDED, HOWEVER, that a benefit year cannot be established if the base year wages include wages earned prior to the establishment of a prior benefit year unless the individual earned wages in 'employment' during the last two quarters of the new base year of not less than six times the weekly benefit amount computed for the individual's new benefit year.

SENATE AMENDMENTS TO HOUSE BILL

May 4, 1977

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 563 with the following amendments:

On page 1, strike everything after the enacting clause and insert the following:

"Section 1. Section 4, chapter 35, Laws of 1945 as last amended by section 1, chapter 73, Laws of 1973 and RCW 50.04.030 are each amended to read as follows:

'Benefit year' with respect to each individual, means the fifty-two consecutive week period beginning with the first day of the calendar week ([with respect to]) in which the individual files an application for an initial determination and thereafter the fifty-two consecutive week period beginning with the first day of the calendar week ([with respect to]) in which the individual next files an application for an initial determination after the expiration of ([this]) the individual's last preceding benefit year: PROVIDED, HOWEVER, that the foregoing limitation shall not be deemed to preclude the establishment of a new benefit year under the laws of another state pursuant to any agreement providing for the interstate combining of employment and wages and the interstate payment of benefits nor shall this limitation be deemed to preclude the commissioner from backdating an initial application at the request of the claimant either for the convenience of the department of employment security or for any other reason deemed by the commissioner to be good cause.

An individual's benefit year shall be extended to be fifty-three weeks when at the expiration of fifty-two weeks the establishment of a new benefit year would result in the use of a quarter of wages in the new base year that had been included in the individual's prior base year.

No benefit year will be established unless it is determined that the individual earned wages in employment during his base year of not less than the "qualifying annual wage" computed for the calendar year preceding the last June 30th immediately preceding his benefit year and either had 'employment' in not less than sixteen weeks of his base year in each of which he earned the "qualifying weekly wage" computed for the second calendar year preceding the calendar year in which each such week ended or had 'employment' in not less than six hundred eighty hours of the individual's base year: PROVIDED, HOWEVER, that a benefit year cannot be established if the base year wages include wages earned prior to the establishment of a prior benefit year unless the individual earned wages in 'employment' during the last two quarters of the new base year of not less than six times the weekly benefit amount computed for the individual's new benefit year.

((As the change contained in the third paragraph of this section relating to the weeks worked qualification would invalidate basic data upon which benefit qualification determinations must be made the satisfaction of the weeks worked requirement will require at least base year weeks ending in the second two quarters of 1972 that the individual will have earned not less than the "qualifying weekly wage" computed for the calendar year 1971. Nothing in this paragraph or in the preceding paragraph shall be deemed to justify or support the redetermination of any monetary determination denying the establishment of a benefit year made prior to the effective date of this 1973 amendatory act.))

If the wages of an individual are not based upon a fixed duration of time or if the individual's wages are paid at irregular intervals or in such manner as not to extend regularly over the period of employment, the wages for any week shall be determined in such manner as the commissioner may by regulation prescribe. Such regulation shall, so far as possible, secure results reasonably similar to those which would prevail if the individual were paid his or her wages at regular intervals.

Sec. 2. Section 6, chapter 2, Laws of 1970 ex. sess. as last amended by section 1, chapter 228, Laws of 1975 1st ex. sess. and RCW 50.04.355 are each amended to read as follows:
On or before the fifteenth day of June of each year an "average annual wage", an "average weekly wage", ((a "qualifying annual wage", a "qualifying weekly wage");) and an "average annual wage for contributions purposes" will be computed from remuneration for the preceding calendar year including the corrections thereof reported within three months after the close of that year by all employers as defined in RCW 50.04.080. The "average annual wage" is the quotient derived by dividing total remuneration reported by all employers by the average number of workers reported for each month and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar. The "average annual wage" thus obtained shall be divided by fifty-two and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar to determine the "average weekly wage". ((The "qualifying annual wage" shall be computed by multiplying the "average annual wage" by fifteen percent and if the result is not a multiple of fifty dollars, rounding the result to the next lower multiple of fifty dollars. The "qualifying weekly wage" shall be computed by multiplying the "average weekly wage" by fifteen percent and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.) The "average annual wage" for contribution purposes is the quotient derived by dividing total remuneration reported by all employers subject to contributions by the average number of workers reported for all months by these same employers and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.

Sec. 3. Section 46, chapter 35, Laws of 1945 as amended by section 2, chapter 228, Laws of 1975 1st ex. sess. and RCW 50.12.070 are each amended to read as follows:

Each employing unit shall keep true and accurate work records, containing such information as the commissioner may prescribe. Such records shall be open to inspection and be subject to being copied by the commissioner or his or her authorized representatives at any reasonable time and as often as may be necessary. The commissioner may require from any employing unit any sworn or unsworn reports with respect to persons employed by it, which he or she deems necessary for the effective administration of this title. Each employer shall make periodic reports at such intervals as the commissioner may by regulation prescribe, setting forth the remuneration paid for employment to workers in its employ, the names of all such workers, and the worker's earnings and other work connected facts as the commissioner may prescribe.

In the event the employing unit fails or has failed to report the number of ((weeks)) hours in a reporting period for which a worker ((earned the "qualifying weekly wage");) worked such number will be computed by the commissioner and given the same force and effect as if it had been reported by the employing unit. In computing the number of such ((weeks)) hours worked the total wages for the reporting period, as reported by the employing unit, shall be divided by the dollar amount of the (("qualifying weekly wage")); state's minimum wage in effect for such reporting period and the quotient, disregarding any remainder, shall be credited to the worker: PROVIDED, ((That the total number of weeks credited to the worker for any quarterly period shall not exceed thirteen weeks: PROVIDED, FURTHER,)) That the computation so made will not be subject to appeal by the employing unit.

Sec. 4. Section 73, chapter 35, Laws of 1945 as last amended by section 21, chapter 2, Laws of 1970 ex. sess. and RCW 50.20.050 are each amended to read as follows:

(1) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter until he or she has obtained work and earned wages of not less than his or her suspended weekly benefit amount in each of five calendar weeks. ((PROVIDED, That the computation under this section shall not extend beyond the tenth calendar week following the worker's last reported period of suspension.))

(2) An individual shall not be considered to have left work voluntarily without good cause when:
(a) He or she has left work to accept a bona fide job offer; or
(b) The separation was because of the illness or disability of the claimant or a member of the claimant's immediate family if the claimant took all reasonable precautions, in accordance with any regulations that the commissioner may prescribe, to protect his or her employment status by having promptly notified the employer of the reason for the absence and by having promptly requested reemployment when again able to assume employment.

(3) In determining whether an individual has left work voluntarily without good cause, the commissioner shall consider the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness, the individual's ability to perform the work, and such other work connected factors as the commissioner may deem pertinent, including state and national emergencies. Good cause shall not be established for voluntarily leaving work because of its distance from an individual's residence where the distance was known to the individual at the time he or she accepted the employment, nor because of any other significant work factor which was generally known and present at the time he or she accepted employment unless the related circumstances have so changed as to amount to a substantial involuntary deterioration of the work factor or unless the commissioner determines that other related circumstances would work an unconscionable hardship on the individual were he or she required to continue in the employment.

(4) Subsections (1) and (3) of this section shall not apply to an individual whose marital status or domestic responsibilities cause him or her to leave employment. Such an individual shall not be eligible for unemployment insurance benefits until he or she has requalified, either by obtaining work and earning wages of not less than the suspended weekly benefit amount in each of five calendar weeks or by reporting in person to the department during ten different calendar weeks and certifying on each occasion that he or she is ready, able, and willing to immediately accept any suitable work which may be offered, is actively seeking
work pursuant to customary trade practices, and is utilizing such employment counseling and placement services as are available through the department.

Suitable work for an individual is employment in an occupation in keeping with the individual's prior work experience, education, or training and if the individual has no prior work experience, special education, or training for employment available in the general area, then employment which the individual would have the physical and mental ability to perform. In determining whether work is suitable for an individual (or whether an individual has left work voluntarily without good cause), the commissioner shall also consider the degree of risk involved to (\(\text{his}\)) the individual's health, safety, and morals, (\(\text{his}\)) the individual's physical fitness ((and prior training, his experience and prior earnings, (his)), the individual's length of unemployment and prospects for securing local work in ((his)) the individual's customary occupation, the distance of the available work from (\(\text{his}\)) the individual's residence, and such other factors as the commissioner may deem pertinent, including state and national emergencies.

(2) An individual's weekly benefit amount shall be an amount equal to one twenty-fifth of (\(\text{his}\)) the average quarterly wages of the individual's total wages during ((that)) the two quarters of (\(\text{his}\)) the individual's base year in which such total wages were highest, except that if such computed amount is less than seventeen dollars, the weekly benefit amount shall be deemed to be seventeen dollars. The maximum amount payable weekly shall be determined as of each June 30th to apply to benefit years beginning in the twelve-month period immediately following such June 30th. The maximum amount payable weekly shall be (((fifty))) fifty-five percent of the 'average weekly wage' for the calendar year preceding such June 30th: \(\text{PROVIDED, That if as of any June 30th the unemployment compensation trust fund balance has improved so that the employer contribution as determined pursuant to RCW 50.24.010 is less than three percent, the maximum amount payable weekly for benefit years beginning with the first full calendar week in July next following shall be sixty percent of the 'average weekly wage' for the calendar year preceding such June 30: PROV}E\text{D FURTHER, That if any weekly benefit or maximum benefit amount computed herein is not a multiple of one dollar, it shall be adjusted to the nearest multiple of one dollar, except that if the computed amount ends in fifty cents, it shall be adjusted to the next higher multiple of one dollar.}\)

The term 'school' includes primary schools, secondary schools, and 'institutions of higher education' as that phrase is defined in RCW 50.44.040.}\)  

This disqualification shall not apply to any individual who:  

(1) Is in approved training within the meaning of RCW 50.20.043; or  

(2) Demonstrates to the commissioner by a preponderance of the evidence his or her actual availability for work, and in arriving at this determination the commissioner shall consider the following factors:  

(a) Prior work history;  

(b) Scholastic history;  

(c) Past and current labor market attachment; and

In making computations under this section and RCW 50.29.010, wages paid based on services performed for employers who make payments in lieu of contributions, which have not been reimbursed to the fund as of any June 30 shall be deemed an asset of the unemployment compensation fund, to the extent that such moneys exceed the amount of payments in lieu of contributions which the commissioner has previously determined to be uncollectible: PROVIDED, FURTHER, That the amount attributable to employment with the state shall also include interest as provided for in RCW 50.44.020.

Contributions shall become due and be paid by each employer to the treasurer for the unemployment compensation fund in accordance with such regulations as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in employment of the employer.
