(2) The contributions required under this section are payable and shall be deducted, as prescribed by the commissioner by rule, from the individual's wages by his or her employer and shall be held in trust by the employer for the commissioner until they are paid to the commissioner, in the manner prescribed by the commissioner by rule, for deposit in the unemployment compensation fund. These contributions are not subject to garnishment or attachment and are not considered assets of the employer for the purposes of liens, judgments, or bankruptcy proceedings. The contributions required under this section shall be collected from the employer in the manner provided under this title for employer contributions.

(3) Any employer who fails to make the deductions required under this section is liable to the commissioner for payment of the amount of the required contributions. Any employer who misappropriates or converts to his or her own use any funds held in trust under this section shall pay the amount misappropriated or converted, plus a penalty equal to five times that amount or twenty-five dollars, whichever is greater.

Any amount required under this subsection shall be paid to the commissioner for deposit in the unemployment compensation fund.

(4) Employers shall maintain a record of the amount deducted from each employee's wages for contributions under this section and shall furnish a statement of the deductions to each employee at the times and in the manner the commissioner prescribes by rule. An application for a refund under this section must be made during the calendar year after the calendar year in which the deductions are made.

(5) This section shall apply to wages paid on or after July 1, 1982, through December 31, 1983. In determining contributions payable under this section for July 1, 1982, through December 31, 1982, individuals shall be given credit as if contributions had been paid under this section on wages paid on or after January 1, 1982, through June 30, 1982.

If the amount in the unemployment compensation fund on any June 30th, after January 1, 1971, is less than four and one-half percent of total remuneration paid by all employers during the preceding calendar year and reported on or before the March 31st following such year, the amount of wages subject to tax shall increase on the January 1st next following by six hundred dollars: PROVIDED, That the amount of wages subject to tax in any calendar year shall not exceed eighty percent of the 'average annual wage' for the second preceding calendar year rounded to the next lower multiple of three hundred dollars.

In making computations under this section and RCW 50.29.010, wages paid based on services for employers making payments in lieu of contributions shall not be considered remuneration. Moneys paid from the fund, based on services performed for employers who make payments in lieu of contributions, which have not been reimbursed to the fund as of any June 30 shall be deemed an asset of the unemployment compensation fund, to the extent that such moneys exceed the amount of payments in lieu of contributions which the commissioner has previously determined to be uncollectible: PROVIDED, FURTHER, That the amount attributable to employment with the state shall also include interest as provided for in RCW 50.44.020.

Contributions shall become due and be paid by each employer to the treasurer for the unemployment compensation fund in accordance with such regulations as the commissioner may prescribe((and)). Contributions required under this section shall not be deducted, in whole or in part, from the remuneration of individuals in employment of the employer. Any deduction in violation of the provisions of this section shall be unlawful.

In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

Mr. Van Dyken spoke again in favor of the amendment, and Mr. Taylor spoke against it.
POINT OF INQUIRY

Mr. Van Dyken yielded to question by Mr. Ellis.

Mr. Ellis: "Representative Van Dyken, if your amendment hangs, how are those costs going to be paid?"

Mr. Van Dyken: "Representative Ellis, you pose an excellent question and part of the point of the amendment. If, as the proponents of the bill maintain, new development is good for the communities, then there isn't going to be any other indirect costs for that; all of the cost of the development will be paid for by the development. But if that is not true—if, indeed, there is a subsidy that's going to have to be paid in order to bring in that new development—all this says is that it's not going to be paid by the existing homeowners. If there are some fees in there—and everyone has been saying there really aren't costs associated with it—they had better figure out who is really going to pay for it. All this amendment says is who is not going to pay for it."

Mr. Nelson (G) spoke against the amendment.

The amendment was not adopted.

Substitute House Bill No. 312 was ordered engrossed and passed to Committee on Rules for third reading.

RESOLUTION

HOUSE RESOLUTION NO. 82-174, by Representatives Tilly and Ehlers:

WHEREAS, Washington State is in a fiscal crisis equal to or greater than any faced before; and

WHEREAS, All state agencies have been severely cut back and required to use remaining funds and human resources in the most prudent and efficient manner possible; and

WHEREAS, The number of employees in the Washington State Parks and Recreation Commission maintaining the 102 state parks has steadily declined, reducing important protections and services to a growing number of families who find camping their only affordable recreation; and

WHEREAS, The Washington State Parks and Recreation Commission has recently approved a resolution which purported to increase efficiency by eliminating local level district supervisors and creating two new regional headquarters in addition to the three now existing; and

WHEREAS, The proposed elimination of district supervisors and creation of more regional managers, assistant managers and other office staff has resulted in a deterioration of morale as evidenced by a recent overwhelming no-confidence vote; and

WHEREAS, The proposed reorganization would result in increased bureaucracy and additional costs by adding regional directors, assistant directors and office staff, while decreasing the number of uniformed on-site personnel;

NOW, THEREFORE, BE IT RESOLVED, That the Director and members of the Washington State Parks and Recreation Commission be hereby admonished to discontinue plans for increasing the number of administrative personnel and instead make every effort to maintain or improve the level of services at on-site park locations; and
BE IT FURTHER RESOLVED, That the Governor be requested to investigate the proposed reorganization as well as the management performance of the Parks and Recreation Commission and take whatever action is needed to correct the problem; and

BE IT FURTHER RESOLVED, That the Washington State Parks and Recreation Commission be directed to report to the House Natural Resources and Environmental Affairs Committee within sixty days with full details on the proposed reorganization and justification, after the House Natural Resources and Environmental Affairs Committee has received the reports from the Parks Commission and after the Governor has had sufficient time to complete his investigation, and if either find cause not to implement such reorganization, then the Parks and Recreation Commission shall take no action to implement such reorganization.

Mr. Tilly moved adoption of the resolution.

POINT OF INQUIRY

Mr. Tilly yielded to question by Ms. Stratton.

Ms. Stratton: "Representative Tilly, is this going to start a precedent in our having other commissions having to do the same thing? What kind of a bottleneck in processing are we going to have down the road?"

Mr. Tilly: "Representative Stratton, it really depends on each particular member, I think, and our body and the body on the other side of the rotunda, as to how strongly we feel or how strongly we question what a commission is doing. This is strictly a request of this legislative body that the commission respond to our question. There's no precedent, except this legislature, in its budget, is taking the strong action of eliminating the regional offices of DSHS, which, I believe, is about $1.9 million savings."

House Resolution No. 82–174 was adopted.

Representative King (J) appeared at the bar of the House.

NOTICE OF RECONSIDERATION

Mr. Ehlers, having voted on the prevailing side, served notice that he would, on the next working day, move for reconsideration of the vote by which House Resolution No. 82–174 was adopted.

MOTION

On motion of Mr. Nelson (G), the House adjourned until 9:00 a.m., Monday, April 5, 1982.

VITO T. CHIECHI, Chief Clerk

WILLIAM M. POLK, Speaker

MOTION

On motion of Mr. Williams, the House concurred in the Senate amendments to Engrossed Substitute House Bill No. 1226.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker declared the question before the House to be the final passage of Engrossed Substitute House Bill No. 1226 as amended by the Senate.

Mr. Hastings demanded an oral roll call vote and the demand was sustained.

Mr. Williams spoke in favor of passage of the bill, and Mr. Heck spoke against it.

POINT OF INQUIRY

Mr. Williams yielded to question by Mr. Kreidler.

Mr. Kreidler: "Representative Williams, as I take a look at this bill as it has come over from the senate, it appears to call for a number of things to be developed. It's going to entail a significant amount of work in the Department of Personnel, yet I haven't seen a fiscal note. Could you give us some indication of what this measure is going to cost?"

Mr. Williams: "No, I can't, Mr. Kreidler. I can't tell you how much this will save by having great productivity in state government. I estimate it will save us millions of dollars, but as you know, in referring to House Bill 124, which we just approved, it depends upon your persuasion because each person who looks at it will say a greater number of people will take advantage of the system. It's the same with this. We're not sure how much productivity will increase, but we do know that we can increase productivity in state government. A minor savings in productivity increase translates into millions of dollars for the state."

Mr. Kreidler spoke against passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 1226 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 50; nays, 43; not voting, 5.

A., Nickell, Nisbet, Padden, Prince, Rosbach, Sanders, Schmidt, Smith, Sprague, Struthers, Taylor, Teutsch, Tilly, Tupper, Van Dyken, Vander Stoep, Williams, Wilson, and Mr. Speaker.

Engrossed Substitute House Bill No. 1226 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

modify the terms and conditions of the suspension or extend the period of the suspended sentence.

The court in the order granting probation and as a condition thereof, may in its discretion imprison the
defendant in the county jail for a period not exceeding one year or may fine the defendant any sum not
exceeding one thousand dollars plus the costs of the action, and may in connection with such probation
impose both imprisonment in the county jail and fine and court costs. As a condition of probation, the court

make restitution to any person or persons who may have suffered loss or damage by reason of the commis-

a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement, the court, in lieu of
imposing the fine authorized for the offense under RCW 9A.20.020, may order the defendant to pay an amount, fixed by the court, not to exceed double the amount of the defendant’s gain or victim’s loss from the commission of a crime. Such amount may be used to provide restitution to the victim at the order of the court. It shall be the duty of the prosecuting attorney to investigate the alternative of restitution, and to recommend it to the court, when the prosecuting attorney believes that restitution is appropriate and feasible. If the court orders restitution, the court shall make a finding as to the amount of the defendant’s gain or victim’s loss from the crime, and if the record does not contain sufficient evidence to support such finding the court may conduct a hearing upon the issue. For purposes of this section, the terms ‘gain’ or ‘loss’ refer to the amount of money or the value of property or services gained or lost.

The person shall, in addition, be required to complete a course at an alcohol information school approved by the department of social and health services. (One day) If, after completing an alcohol evaluation at the alcohol information school, the convicted person is found to have a serious alcohol problem, the alcohol information school may recommend more intensive alcoholism treatment in a program approved by the department of social and health services. Standards for approval shall be prescribed by rule under the administrative procedure act, chapter 34.04 RCW. The courts shall periodically review the costs of alcohol information schools and treatment programs within their jurisdictions. Twenty-four consecutive hours of the jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. The court may impose conditions of probation that may include nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate.

Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. If such person at the time of a second or subsequent conviction is without a license or permit because of a previous suspension or revocation, the minimum mandatory sentence shall be ninety days in jail and a two hundred dollar fine. The penalty so imposed shall not be suspended or deferred. The person shall, in addition, be required to complete diagnostic evaluation at an alcoholism program approved by the department of social and health services or other diagnostic evaluation as the court designates. If the person is found to have an alcohol or drug problem requiring treatment, the person shall complete treatment at an approved alcoholism treatment facility or approved drug treatment center.

In addition to any nonsuspendable and nondeferrable jail sentence required by this subsection, the court shall sentence a person to a term of imprisonment not exceeding one hundred eighty days and shall suspend but shall not defer the sentence for a period not exceeding two years. The suspension of the sentence may be conditioned upon nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of suspension during the suspension period.

(3) There shall be levied and paid into the highway safety fund of the state treasury a penalty assessment in the minimum amount of twenty-five percent of, and which shall be in addition to, any fine, bail forfeiture, or costs on all offenses involving a violation of any state statute or city or county ordinance relating to driving a motor vehicle while under the influence of intoxicating liquor or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor: PROVIDED, That all funds derived from such penalty assessment shall be in addition to and exclusive of assessments made under RCW 46.61.030 and shall be for the exclusive use of the department for driver services programs and for a statewide alcohol safety action program, or other similar programs designed primarily for the rehabilitation or control of traffic offenders. (5) The license or permit to drive or any nonresident privilege of any person convicted of ((either of the offenses named in RCW 46.61.502 or 46.61.504)) driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs shall:

(a) On the first conviction under either such offense, be suspended by the department for not less than thirty days: PROVIDED, That the court may recommend that no suspension action be taken. The treatment agency shall forward a copy of the completed diagnostic evaluation and treatment report to the department of licensing before the department may reinstate the person's driver's license. The department of licensing shall determine the person's eligibility for licensing based upon these reports and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified.
(b) On a second conviction under either such offense within a five year period, be suspended by the department for not less than sixty days. The treatment agency shall forward a copy of the completed diagnostic evaluation and treatment report to the department of licensing before the department may reinstate the person's driver's license. The department of licensing shall determine the person's eligibility for licensing based upon these reports as provided in RCW 46.20.031 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified;

(c) On a third or subsequent conviction under either such offense within a five year period, be revoked by the department.

(6) In any case provided for in this section, where a driver's license is to be revoked or suspended, such revocation or suspension shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case such conviction is sustained on appeal such revocation or suspension shall take effect as of the date that the conviction becomes effective for other purposes.

Mr. Ehlers: "Representative Williams, I don't understand, and I've been a supporter of pension reform myself and have had the opportunity to vote for that, and I am also concerned about the state system and the local system. I missed your point on why you believe that the state should interfere with what is a local system. As a believer in local control, why should we do this?"

Mr. Williams: "The founding fathers of the state of Washington vested the powers of local government to the state legislature, and the local governments have those powers expressly delegated to them by the state. One of the major issues in the state at the present time in cities, counties, PUD's, is the fact of stability. One of the things happening across the state is that elected officials and elected city councils are passing off benefits and not telling the voters what the costs will be. They are not computing the actuarial values; they are not fully funding the pension systems. Then they are coming before the legislature and saying that they are poor and they need additional taxes. We're finding this, not only in our state pension systems, but also, as you will see in later amendments, we're finding out where small agencies in the state are passing off pension benefits and hoping the state will pick up the tab. I'm sure you're familiar with the 1970-71 time frame when the state of Washington inherited the State..."

"NEW SECTION. Sec. 3. It is the intent of this chapter to provide an incentive for state personnel to effect a savings in the operation of state government by curtailing the practice of expending all appropriated funds when such expenditures are unnecessary for the operation of the agency. To end this wasteful practice, the legislature intends to provide for the payment of cash bonus awards to employees whose actions enable the agency to control spending during the last quarter of each biennium and thereby revert part of its appropriation to the general fund.

NEW SECTION. Sec. 4. As used in this chapter, 'agency' means every department, board, commission, and agency of the executive branch of state government to which funds are appropriated by the legislature.

NEW SECTION. Sec. 5. By October 1 of each even-numbered year, each agency shall have adopted a program to prevent disproportionate spending during the last quarter of the biennium. The agency shall provide the director of financial management with a copy of its program. The director of financial management shall compile such programs and make them available for public inspection.

NEW SECTION. Sec. 6. Any executive head of an agency may apply for a bonus award under this chapter by submitting an application to the governor during the month of August next following the end of the biennium for which the award is sought. The application shall be on forms prescribed by the governor and shall include the amount of the savings and the employees for which the cash bonus is being requested.

NEW SECTION. Sec. 7. The governor shall pay a bonus, from funds appropriated therefor, to each agency from which funds were reverted to the general fund for the previous biennium if the executive head of the agency can establish, to the governor's satisfaction, that the agency did revert the funds due to its efforts to implement its program adopted under section 5 of this act.

The governor shall prescribe the amount of the bonus and, in consultation with the executive agency head, the distribution to those employees who made the key decisions which resulted in the savings. The total amount of the bonus shall not exceed ten percent of the funds which reverted to the general fund from the agency for the biennium or twenty-five thousand dollars, whichever is less. The funds shall not be distributed to more than fifteen employees or ten percent of the agency's average number of full time equivalent employees during the last fiscal year, whichever is less. No employee may receive more than two thousand five hundred dollars.

NEW SECTION. Sec. 8. Any bonus award received under this chapter shall not be considered as salaries or wages for the purpose of computing any pension or retirement allowance.

NEW SECTION. Sec. 9. This chapter shall expire June 30, 1985.

NEW SECTION. Sec. 10. There is added to chapter 43.88 RCW a new section to read as follows:
By October 1 of each even-numbered year, the director of financial management shall have prepared and provided the president of the senate and speaker of the house of representatives with a report showing graphically for each agency the extent to which spending, for purposes other than salary and fringe benefits, varied between the quarters of the fiscal years in the preceding biennium. For those agencies whose spending for such purposes during the last quarter shown was ten percent or more greater than during any other quarter shown, the director shall provide his opinion on whether there exists sufficient justification for the disproportionate spending.

NEW SECTION. Sec. 11. Sections 3 through 9 of this act shall constitute a new chapter in Title 41 RCW.

4) A prior service pension which shall be equal to one-seventieth of his average final compensation for each year or fraction of a year of prior service not to exceed thirty years credited to his service accounts. In no event shall any original member upon retirement at age seventy with ten or more years of service credit receive less than nine hundred dollars per annum as a retirement allowance, nor shall any member upon retirement at any age receive a retirement allowance of less than nine hundred dollars per annum if such member has twelve or more years of service credit, or less than one thousand and two hundred dollars per annum if such member has sixteen or more years of service credit, or less than one thousand five hundred and sixty dollars per annum if such member has twenty or more years of service credit. In the event that the retirement allowance as to such member provided by subdivisions (1), (2), (3), and (4) hereof shall amount to less than the aforesaid minimum retirement allowance, the basic service pension of the member shall be increased from one hundred dollars to a sum sufficient to make a retirement allowance of the applicable minimum amount.

5) Notwithstanding the provisions of subsections (1) through (4) of this section, the retirement allowance payable for service where a member was elected or appointed pursuant to Articles II or III of the Constitution of the state of Washington or RCW 48.02.010 and the implementing statutes shall be a combined pension and annuity. Said retirement allowance shall be equal to three percent of the average final compensation for each year of such service: PROVIDED, That average final compensation under this subsection who upon retirement has served ten or more years shall receive a retirement allowance of at least one thousand two hundred dollars per annum; such member who has served fifteen or more years shall receive a retirement allowance of at least one thousand eight hundred dollars per annum; and such member who has served twenty or more years shall receive a retirement allowance of at least two thousand four hundred dollars per annum: PROVIDED, That the initial retirement allowance of a member retiring only under the provisions of this subsection shall not exceed the average final compensation upon which the retirement allowance is based. The minimum benefits provided in this subsection shall apply to all retired members or to the surviving spouse of deceased members who were elected under the provisions of Article II of the Washington state Constitution.

6) Upon making application for a service retirement allowance under RCW 41.40.180, a member who is eligible therefor shall make an election as to the manner in which such service retirement shall be paid from among the following designated options, calculated so as to be actuarially equivalent to each other:

Option IA. A member electing this option shall receive a retirement allowance payable throughout his life only with termination at death, which shall be computed as provided for in subsections (1) through (4) or (5) of this section.

Option I. If he dies before the total of the annuity portions of the retirement allowance paid to him equals the amount of his accumulated contributions at the time of retirement, then the balance shall be paid to such person or persons having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board, or if there be no such designated person or persons, still living at the time of his death, then to his surviving spouse, or if there be another such designated person or persons still living at the time of his death nor a surviving spouse, then to his legal representative; or

Option II. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board at the time of his retirement. Unless payment shall be made under RCW 41.40.270, option II shall automatically be given effect as if selected for the benefit of the surviving spouse upon the death in service, or while on authorized leave of absence for a period not to exceed one hundred and twenty days from the date of payroll separation, of any member who is qualified for a service retirement allowance or has completed ten years of service at the time of death, except that if the member is not then qualified for a service retirement allowance, such option II benefit shall be based upon the actuarial equivalent of the sum necessary to pay the accrued regular retirement allowance commencing when the deceased member would have first qualified for a service retirement allowance; or

Option III. Upon his death, one-half of his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board at the time of his retirement.

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(5), 82.44.030, and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund except taxes collected under RCW 82.44.020(5). RCW 28A.47.760 through 28A.47.774 in the ensuing twelve months and any additional amounts required by the covenants of such bonds shall be transferred from the state school equalization fund to the 1963 public school building bond retirement fund.

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state ratably, on the basis of the population as last determined by the office of financial management.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise taxes revenues imposed and collected under RCW 35.58.273 as follows:

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year’s budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

All revenues from this additional tax shall be deposited in the state general fund.

Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

((4)) (5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their agents, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or their agents.

For the purposes of this chapter:

(1) 'Selling price' means the consideration, whether money, credits, rights, or other property except, until July 1, 1983, trade-in property of like kind, expressed in the terms of money paid or delivered by a buyer to a seller without any deduction on account of the cost of tangible property sold, the cost of materials used, labor costs, interest, discount, delivery costs, taxes, or any other expenses whatsoever paid or accrued and without any deduction on account of losses; but shall not include the amount of cash discount actually taken by a buyer; and shall be subject to modification to the extent modification is provided for in RCW 82.08.080.

When tangible personal property is rented or leased under circumstances that the consideration paid does not represent a reasonable rental for the use of the articles so rented or leased, the 'selling price' shall be determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe;

(2) 'Seller' means every person making sales at retail or retail sales to a buyer or consumer, whether as agent, broker, or principal;

(3) 'Buyer' and 'consumer' include, without limiting the scope hereof, every individual, receiver, assignee, trustee in bankruptcy, trust, estate, firm, copartnership, joint venture, club, company, joint stock company, business trust, corporation, association, society, or any group of individuals acting as a unit, whether mutual, cooperative, fraternal, nonprofit, or otherwise, municipal corporation, quasi municipal corporation, and also the state, its departments and institutions and all political subdivisions thereof, irrespective of the nature of the activities engaged in or functions performed, and also the United States or any instrumentality thereof;

Sec. 29. Section 82.12.010, chapter 15, Laws of 1961 as last amended by section 1, chapter 1, Laws of 1975-'76 2nd ex. sess. and RCW 82.12.010 are each amended to read as follows:

For the purposes of this chapter:

(1) 'Value of the article used' shall mean the consideration, whether money, credit, rights, or other property except, until July 1, 1983, trade-in property of like kind, expressed in terms of money, paid or given or contracted to be paid or given by the purchaser to the seller for the article of tangible personal property, the use of which is taxable under this chapter. The term includes, in addition to the consideration paid or given or contracted to be paid or given, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used shall be determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules and regulations as the department of revenue may prescribe.

In case the articles used are acquired by bailment, the value of the use of the articles so used shall be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules and regulations as the department of revenue may prescribe: PROVIDED, That in case any such articles of tangible personal property are used in the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used shall be determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules and regulations as the department of revenue may prescribe.

In the case of articles manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States, the value of the articles used shall be determined according to the value of the ingredients of such articles.

(2) 'Use,' 'used,' 'using,' or 'put to use' shall have their ordinary meaning, and shall mean the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, or any other act preparatory to subsequent actual use or consumption within this state;

(3) 'Taxpayer' and 'purchaser' include all persons included within the meaning of the word 'buyer' and the word 'consumer' as defined in chapters 82.04 and 82.08 RCW;

(4) 'Retailer' means every person engaged in the business of selling tangible personal property at retail and every person required to collect from purchasers the tax imposed under this chapter;
(5) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, shall have full force and effect with respect to taxes imposed under the provisions of this chapter. Sidney R. Snyder, Secretary.

REPORT OF FREE CONFERENCE COMMITTEE

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 3783, authorizing the physical revaluation of property every six years if statistical adjustments are made, have had the same under consideration and we recommend the following amendments:

Strike everything after the enacting clause and insert the following:

"Section 1. Section 84.41.030, chapter 15, Laws of 1961 as amended by section 6, chapter 288, Laws of 1971 ex. sess. and RCW 84.41.030 are each amended to read as follows:

Each county assessor shall maintain an active and systematic program of revaluation on a continuous basis, and shall establish a revaluation schedule which will result in revaluation of all taxable real property within the county at least once each four years and physical inspection of all taxable real property within the county at least once each six years.

Sec. 2. Section 2, chapter 131, Laws of 1974 ex. sess. as amended by section 9, chapter 214, Laws of 1979 ex. sess. and RCW 84.41.041 are each amended to read as follows:

Each county assessor shall cause taxable real property to be physically inspected and valued at least once every ((four)) six years in accordance with RCW 84.41.030, and in accordance with a plan filed with and approved by the department of revenue. Such revaluation plan shall provide that a reasonable portion of all taxable real property within a county shall be revalued and these newly-determined values placed on the assessment rolls each year. If the revaluation plan provides for physical inspection at least once each four years, during the intervals between each physical inspection of real property, the valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data. If the revaluation plan provides for physical inspection less frequently than once each four years, during the intervals between each physical inspection of real property, the valuation of such property shall be..."
adjusted to its current true and fair value, such adjustments to be made once each year and to be based upon appropriate statistical data.

The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property.

Sec. 3. Section 84.41.090, chapter 15, Laws of 1961 as amended by section 200, chapter 278, Laws of 1975 1st ex. sess. and RCW 84.41.090 are each amended to read as follows:

The department of revenue shall by rule establish appropriate statistical methods for use by assessors in adjusting the valuation of property between physical inspections. The department of revenue shall make and publish such additional rules, regulations and guides which it determines are needed to supplement materials presently published by the department of revenue for the general guidance and assistance of county assessors. Each assessor is hereby directed and required to value property in accordance with the standards established by RCW 84.40.030 and in accordance with the applicable rules, regulations and valuation manuals published by the department of revenue.

Sec. 4. Section 36.21.080, chapter 4, Laws of 1963 as last amended by section 3, chapter 274, Laws of 1981 and RCW 36.21.080 are each amended to read as follows:

The assessed valuation of property under the provisions of RCW 36.21.040 through 36.21.080 shall be considered as of ((the April 30th immediately preceding the date that the property is placed on the assessment rolls)) July 31st of that year.

(2) If, on or before December 31 in any calendar year, any real or personal property placed upon the assessment roll of that year is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor and has been reduced in value by more than twenty percent as a result of a natural disaster, the true cash value of such property shall be reduced for that year by an amount determined as follows, without necessity of taxpayer application under chapter 84.70 RCW:

(a) First take the true cash value of such taxable property before destruction or reduction in value and deduct therefrom the true cash value of the remaining property after destruction or reduction in value.

(b) Then divide any amount remaining by twelve and multiply the quotient by the number of months or major fraction thereof remaining after the date of the destruction or reduction in value of the property.

Sec. 5. Section 84.40.040, chapter 15, Laws of 1961 as last amended by section 97, chapter 195, Laws of 1973 1st ex. sess. and RCW 84.40.040 are each amended to read as follows:

He shall make an alphabetical list of the names of all persons in his county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the standard form prescribed by the department of revenue, which statement and list shall include, if required by the form, the year of acquisition and total original cost of personal property in each category of the prescribed form, and shall be signed and verified under penalty of perjury by the person listing the property. Such list and statement shall be filed on or before the last day of March, but the assessor, upon written request filed on or before such date and for good cause shown therein, shall allow a reasonable extension of time for filing. The assessor shall on or before the 1st day of April of each year mail a notice to all such persons at their last known address that such statement and list is required, such notice to be accompanied by the form on which the statement or list is to be made: PROVIDED, That the notice mailed by the assessor to each taxpayer each year shall, if practicable, include the statement and list of personal property of the taxpayer for the preceding year. Upon receipt of such statement and list the assessor shall thereupon determine the true and fair value of the property included in such statement and enter one hundred percent of the same in the assessment books opposite the name of the party assessed; and in making such entry in his assessment list, he shall give the name and post office address of the party listing the property, and if the party resides in a city the assessor shall give the street and number or other brief description of his residence or place of business. The assessor may, after giving written notice of his action to the person to be assessed, add to the assessment list any taxable property which, in his judgment, should be included in such list.

(4) Appeals by an assessor or owner of an intercounty public utility or private car company from determinations by the director of revenue of equalized assessed valuation of property and the apportionment thereof to a county made pursuant to chapter 84.12 RCW and 84.16 RCW, the right to such appeal being hereby established.

(5) Appeals by an assessor, landowner, or owner of an intercounty public utility or private car company from a determination of any county indicated ratio for such county compiled by the department of revenue pursuant to RCW 84.48.075: PROVIDED, That

(a) Said appeal be filed after review of the ratio ((by the assessor with the department of revenue and upon or before August 14th)) under RCW 84.48.075(3) and not later than fifteen days after the date of certification as required by RCW 84.48.075; and

(b) The hearing before the board shall be expeditiously held in accordance with rules prescribed by the board and shall take precedence over all matters of the same character.

Sec. 7. Section 3, chapter 284, Laws of 1977 ex. sess. and RCW 84.48.075 are each amended to read as follows:

(1) The department of revenue shall annually, prior to the first Monday in August, determine ((the)) and submit to each assessor a preliminary indicated ratio for each county: PROVIDED, That the department shall establish rules and regulations pertinent to the determination of the indicated ratio, the indicated real property ratio and the indicated personal property ratio: PROVIDED FURTHER, That these rules and regulations may provide that data, as is necessary for said determination, which is available from the county assessor of any county and which has been audited as to its validity by the department, ((may)) shall be utilized by the department in determining the indicated ratio.

(2) To such extent as is reasonable, the department may define use classes of property for the purposes of determination of the indicated ratio. Such use classes may be defined with respect to property use and may include agricultural, open space, timber and forest lands.

(3) The department shall review each county's preliminary ratio with the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, if requested by the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, respectively, between the first and third Mondays of August. Prior to equalization of assessments pursuant to RCW 84.48.080(, but no later than August 1st, the department shall submit its findings or preliminary findings to each of the county assessors allowing a reasonable time for review by the assessor) and after the third Monday of August, the department shall certify to each county assessor the real and personal property ratio for that county.

(4) The department of revenue shall also examine procedures used by the assessor to assess real and personal property in the county, including calculations, use of prescribed value schedules, and efforts to locate all taxable property in the county. If any examination by the department discloses other than market value is being listed on the county assessment rolls of the county by the assessor and, after due notification by the department, is not corrected, the department of revenue shall, in accordance with rules adopted by the department, adjust the ratio of that type of property, which adjustment shall be used for determining the county's indicated ratio.

Sec. 8. Section 43, chapter 26, Laws of 1967 ex. sess. and RCW 82.03.140 are each amended to read as follows:

In all appeals over which the board has jurisdiction under RCW 82.03.130, a party taking an appeal may elect either a formal or an informal hearing, such election to be made according to rules of practice and procedure to be promulgated by the board: PROVIDED, HOWEVER, That nothing herein shall be construed to modify the provisions of RCW 82.03.190; AND PROVIDED FURTHER, That upon an appeal under RCW 82.03.130(5), the director of revenue may, within ten days from the date of its receipt of the notice of appeal, file with the clerk of the board notice of its intention that the hearing be held pursuant to chapter 34.04 RCW. In the event that appeals are taken from the same decision, order, or determination, as the case may be, by different parties and only one of such parties elects a formal hearing, a formal hearing shall be granted.

Sec. 9. Section 47, chapter 26, Laws of 1967 ex. sess. and RCW 82.03.180 are each amended to read as follows:

Judicial review of a decision of the board of tax appeals shall be de novo in accordance with the provisions of RCW 82.32.180 or 84.68.020 as applicable except when the decision has been rendered pursuant to a formal hearing elected under RCW 82.03.140 or 82.03.190, in which event judicial review may be obtained only pursuant to RCW 34.04.130 and 34.04.140: PROVIDED, HOWEVER, That nothing herein shall be construed to modify the rights of a taxpayer conferred by RCW 82.32.180 and 84.68.020 to sue for tax refunds: AND PROVIDED FURTHER, That no review from a decision made pursuant to RCW 82.03.130(1) may be obtained by a taxpayer unless within the petition period provided by RCW 34.04.130 the taxpayer shall have first paid in full the contested tax, together with all penalties and interest thereon, if any. The director of revenue shall have the same right of review from a decision made pursuant to RCW 82.03.130(1) as does a taxpayer; and the director of revenue and all parties to an appeal under RCW 82.03.130(5) shall have the right of review from a decision made pursuant to RCW 82.03.130(5).

NEW SECTION. Sec. 10. There is added to chapter 84.40 RCW a new section to read as follows:

For the purpose of assessment and valuation of all taxable property in each county, any real or personal property in each county shall be subject to visitation, investigation, examination, discovery, and listing at any reasonable time by the county assessor of the county or by any employee thereof designated for this purpose by the assessor.
In any case of refusal to such access, the assessor shall request assistance from the department of revenue which may invoke the power granted by chapter 84.08 RCW.

Sec. 11. Section 84.08.060, chapter 15, Laws of 1961 as amended by section 150, chapter 278, Laws of 1975 1st ex. sess. and RCW 84.08.060 are each amended to read as follows:

The department of revenue shall have power to direct and to order any county board of equalization to raise or lower the valuation of any taxable property, or to add any property to the assessment list, or to perform or complete any other duty required by statute. The department of revenue may require any such board of equalization to reconvene after its adjournment for the purpose of performing any order or requirement made by the department of revenue and may make such orders as it shall determine to be just and necessary. The department may require any county board of equalization to reconvene at any time for the purpose of performing or completing any duty or taking any action it might lawfully have performed or taken at any of its previous regular July, November or April meetings. If such board of equalization shall fail or refuse forthwith to comply with any such order or requirement of the department of revenue, the department of revenue shall have power to take any other appropriate action, or to make such correction or change in the assessment list, and such corrections and changes shall be a part of the record of the proceedings of the said board of equalization: PROVIDED, That in all cases where the department of revenue shall raise the valuation of any property or add property to the assessment list, it shall give notice either for the same time and in the same manner as is now required in like cases of county boards of equalization, or if it shall deem such method of giving notice impracticable it shall give notice by publication thereof in a newspaper of general circulation within the county in which the property affected is situated once each week for two consecutive weeks, and the department of revenue shall not proceed to raise such valuation or add such property to the assessment list until a period of five days shall have elapsed subsequent to the date of the last publication of such notice: PROVIDED FURTHER, That appeals to the board of tax appeals by any taxpayer or taxing unit concerning any action of the county board of equalization shall not raise the valuation of the property to an amount greater than the larger of either the valuation of the property by the county assessor or the valuation of the property assigned by the county board of equalization. Such notice shall give the legal description of each tract of land involved, or a general description in case of personal property; the tax record-owner thereof; the assessed value thereof determined by the county board of equalization in case the property is on the assessment roll; and the assessed value thereof as determined by the department of revenue and shall state that the department of revenue proposes to increase the assessed valuation of such property to the amount stated and to add such property to the assessment list at the assessed valuation stated. The necessary expense incurred by the department of revenue in making such reassessment and/or adding such property to the assessment list shall be borne by the county or township in which the property as reassessed and/or so added to the assessment list is situated and shall be paid out of the proper funds of such county upon the order of the department of revenue.

NEW SECTION. Sec. 12. Sections 1 through 5 of this act are necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Signed by Senators Craswell, Ridder, Newhouse; Representatives Greengo, Amen.

MOTION

Mr. Greengo moved that the Report of the Free Conference Committee be adopted.

Mr. Greengo spoke in favor of the motion.

POINT OF INQUIRY

Mr. Greengo yielded to question by Mr. Padden.

Mr. Padden: "Representative Greengo, on page 12, new section 10, there is language regarding the assessor's right to demand visitation on real property, and this body has previously shown quite a concern about units of government being able to go onto private or real property. Is this going to allow an assessor to demand to go onto a citizen's property and go into the house whether the citizen wants that or not?"
Mr. Greengo: "My understanding is that the answer is 'no.' The county assessor would have the same powers as the Department of Revenue, and no more."

Mr. Padden spoke against the motion to concur, and Ms. Sommers spoke in favor of it.

The motion was carried.

MOTION

On motion of Mr. Hastings, further consideration of the Free Conference Committee Report on Engrossed Substitute Senate bill No. 3783 was deferred, and the bill was placed on the third reading calendar.

On page 29, after line 36 insert the following:

"NEW SECTION. Sec. 32. The legislature recognizes that tax preferences are enacted by the legislature to meet objectives which are determined to be in the public interest. The legislature finds, however, that some tax preferences may not be efficient or equitable tools for the achievement of current legislative objectives. The legislature finds that unless it can be demonstrated that the public interest is served by the continued existence of tax preferences, they should be terminated or modified. The legislature further finds that periodic evaluations of tax preferences are needed to determine if their continued existence is in the public interest.

It is the intent of the legislature to establish a mechanism for scheduling periodic evaluations of tax preferences together with a system for their termination, continuation, or modification. By this mechanism, the legislature intends to ensure that thorough periodic evaluations are made and that those tax preferences which do not continue to serve the public interest are terminated or modified.

NEW SECTION. Sec. 33. As used in this chapter, 'tax preference' means an exemption, exclusion, or deduction from the base of a state tax; a credit against a state tax; a deferral of a state tax; or a preferential state tax rate.

NEW SECTION. Sec. 34. The legislative budget committee shall review each tax preference for termination by the processes provided in this chapter. The review shall be completed and a report prepared on or before June 30th of the year prior to the date established for termination. Upon completion of its report, the legislative budget committee shall transmit copies of the report to the department of revenue. The department of revenue may then conduct its own review of the tax preference scheduled for termination and shall prepare a report on or before September 30th of the year prior to the date established for termination. Upon completion of its report the department of revenue shall transmit copies of its report to the legislative budget committee. The legislative budget committee shall prepare a final report that includes the reports of both the department of revenue and the legislative budget committee. The legislative budget committee and the department of revenue shall, upon request, make available to each other all working papers, studies, and other documents which relate to reports required under this section. The legislative budget committee shall transmit the final report to all members of the legislature, to the governor, and to the state library.

NEW SECTION. Sec. 35. In reviewing a tax preference, the legislative budget committee shall develop information needed by the legislature to determine if the tax preference should be terminated as scheduled, modified, or reestablished without modification. The legislative budget committee shall consider, but not be limited to, the following factors in the review.

(1) The persons or organizations whose state tax liabilities are directly affected by the tax preference.
(2) Legislative objectives that might provide a justification for the tax preference.
(3) Evidence that the existence of the tax preference has contributed to the achievement of any of the objectives identified in subsection (2) of this section.
(4) The extent to which continuation of the tax preference beyond its scheduled termination date might contribute to any of the objectives identified in subsection (2) of this section.
(5) Fiscal impacts of the tax preference, including past impacts and expected future impacts if it is not terminated as scheduled.
(6) The extent to which termination of the tax preference would affect the distribution of liability for payment of state taxes.

NEW SECTION. Sec. 36. (1) Following receipt of the final report from the legislative budget committee, the ways and means committees of the house of representatives and the senate shall jointly hold a public hearing to consider the final report and any related data. The committees shall also receive testimony from the governor, or the governor's designee, and other interested parties, including the general public.

(2) Following the joint hearing, the committees may separately hold additional meetings or hearings to come to a final determination as to whether a continuation, modification, or termination of a tax preference is in the public interest. If a committee determines that a tax preference should be continued or modified, it shall make the determination as a bill. No more than one tax preference shall be reestablished or modified in any one bill.

NEW SECTION. Sec. 37. The select joint committee established under RCW 43.131.120 shall be responsible for the development of legislation which provides a schedule for the termination of tax preferences in a manner consistent with the terms of this chapter. The termination of tax preferences shall occur over a period of four years, beginning on June 30, 1984. In the development of this legislation, the select joint committee shall identify tax preferences which might appropriately be scheduled for termination and arrange for automatic termination of tax preferences, with a reasonable number of tax preferences to be terminated on June 30, 1984, including appropriate tax exemptions identified as eligible for termination by the department of revenue in the study conducted pursuant to section 26(3), chapter 340, Laws of 1981 (uncodified), a reasonable number of tax preferences to be terminated on June 30, 1985, a reasonable number of tax preferences to be terminated on June 30, 1986, and a reasonable number of tax preferences to be terminated on June 30, 1987.

Proposed legislation, recommendations, and findings shall be submitted to the legislature as soon as is practicable, but no later than the first day the legislature is in session after January 1, 1983.

NEW SECTION. Sec. 38. On or before September 30, 1982, the department of revenue shall provide the select joint committee with a report on existing tax preferences. The report shall include a list of tax preferences and a description of each one. Upon request of the select joint committee, the department of revenue shall provide additional information needed by the select joint committee to meet its responsibilities under this chapter.
NEW SECTION. Sec. 39. Sections 32 through 38 of this act shall constitute a new chapter in Title 43 RCW.

Renumber the sections consecutively and correct internal references accordingly.

Representatives Ehlers and Greengo spoke in favor of the amendment to the amendment.

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Amen.

Mr. Amen: "Representative Ehlers, on page 2, you have stated that the Legislative Budget Committee shall review each tax preference. What do you see in this? Is this a one-time study or what is the proposal on this? By when does it have to be done?"

Mr. Ehlers: "Representative Amen, this particular amendment is the subject of a bill which I have requested a hearing on for the last year on four different occasions. What it essentially calls for is a recommendation to be made to the legislature as soon as practical, but no later than January 1, 1983. That would be the recommendation, and then the workload would not come until much later than that. There are dates—if you look further into the bill—dealing with tax preferences in 1984, 1985 and 1987 and so forth, to distribute the workload over a larger period of time and also for the legislature to apply some criteria to the decision making. I believe the time-line in here could very easily fit into the workload of the Legislative Budget Committee. The gist of it is, much like the original Sunset legislation, that a recommendation would be made to the next legislature in bill form, and then the specific ones would be identified and passed by the next legislature."

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Dickie.

Mr. Dickie: "Representative Ehlers, I have been looking through this hurriedly, and I'm wondering if it might be construed to apply to examination of public employee contracts, and whether or not it would apply to federal income tax, as well as state?"

Mr. Ehlers: "No, I don't believe so. I think specifically, if you look at the RCW citations, it refers to specific tax exemptions, tax credits, given by the Washington State Legislature and not federal."

POINT OF INQUIRY

Ms. Sommers yielded to question by Mr. Nisbet.

Mr. Nisbet: "Representative Sommers, I always feel more secure dealing with revenue matters when I've heard your viewpoints on a particular measure, especially one coming from the opposite side of the aisle. I see you have signed on this. Would you care to give the body the benefit of your remarks pertaining to this particular amendment?"

Ms. Sommers: "I think that this is the kind of review we need very badly. We need a thorough, analytical look at so many of the figures that have been made in the past, and I would hope you would support it. It doesn't wipe anything out; it says we're going to review them."

Mr. Nisbet spoke in favor of the amendment to the amendment.

POINT OF INQUIRY

Mr. Ehlers yielded to question by Ms. Teutsch.

Ms. Teutsch: "Representative Ehlers, would the work of this group parallel or duplicate the work of the Tax Advisory Council? If not, what type of coordination would exist between these two groups that will be looking at many of the same issues?"

Mr. Ehlers: "I really don't know what the Tax Advisory Council is. It's probably one of a number of others that ought to come under some Sunset review. I'm not aware of it. Did we just create it?"

Ms. Teutsch: "It is a commission appointed by the Governor and currently has sixteen members that come from a cross-section of the state. We had an amendment here on the floor several days ago to reduce it to twelve and to have members from each caucus of the House to work and to look into revenue measures in the state."
Mr. Ehlers: "I would assume that they would, in fact, have an opportunity to make their recommendations for the various tax exemptions, loopholes, to be included in the recommendations to the legislature. This is similar to the Sunset process where a number of commissions and boards and the governor's office and AWB and everybody else, has an opportunity to submit a list and have some input into the list of what's before the legislature. So yes, I would encourage such an organization to be part of those recommendations to the legislature, just as I would suggest that they, of course, make use of the Department of Revenue study that lists all of the various exemptions."

Mr. Nelson (G) spoke in favor of the amendment to the amendment.

On motion of Mr. Nelson (G), the rules were suspended, to allow additional members to sign on the amendment to the amendment.

Representatives Sprague, Hankins, Smith, McDonald, Tilly, Addison and Nelson (G) signed onto the amendment to the amendment.

POINT OF PARLIAMENTARY INQUIRY

Mr. Chandler: "Mr. Speaker, I haven't had a chance to read this amendment, but on page 4, line 30, it says, 'If a committee determines that a tax preference should be continued or modified, it shall make the determination as a bill.' My question is: Does that language mean that if the committee does not determine that the tax should be continued, that absent preference and absence of a bill would mean the preference would no longer be in effect?"

The Speaker: "Representative Chandler, a state law cannot be repealed without a bill with a repealer clause."

Representatives Ehlers and Greengo again spoke in favor of the amendment to the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Ehlers and others to the Greengo amendment to Engrossed Senate Bill No. 4250, and the amendment to the amendment was adopted by the following vote: Yeas, 95; nays, 2; not voting, 1.

Voting nay: Representatives Fancher, Padden.

Not voting: Representative Winsley.

Mr. Lux moved adoption of the following amendments by Representatives Lux and Eng to the Greengo amendment:

On page 25, after line 6 strike all of sections 28 and 29.
Renumber the remaining sections consecutively and correct internal references accordingly.

On page 30, beginning on line 8 strike "May 1, 1982" after line 6 strike all of sections 28 and 29.

Representatives Lux, Sommers, Rust and Rinehart spoke in favor of the amendments to the amendment, and Representatives Prince, Taylor, Tilly, Struthers and McGinnis spoke against them.

Mr. Lux spoke again in favor of the amendments.

ROLL CALL

The Clerk called the roll on adoption of the amendments by Representatives Lux and Eng to the Greengo amendment to Engrossed Senate Bill No. 4250, and the amendments were not adopted by the following vote: Yeas, 26; nays, 70; not voting, 2.

Voting nay: Representatives Addison, Amen, Barr, Barrett, Bender, Berleen, Bickham, Bond, Brown, Cantu, Chamberlain, Chandler, Clayton, Dawson, Dickie, Ebeler, Ehlers, Ellis, Erak, Fancher, Fiske,
Not voting: Representatives Tupper, Winsley.

Ms. Sommers moved adoption of the following amendments to the Greengo amendment:
On page 29, after line 36 insert the following:
"Sec. 32. Section 82.16.050, chapter 15, Laws of 1961 as last amended by section 1, chapter 368, Laws of 1977 ex. sess. and RCW 82.16.050 are each amended to read as follows:
In computing tax there may be deducted from the gross income the following items:
(1) Amounts derived by municipally owned or operated public service businesses, directly from taxes levied for the support or maintenance thereof: PROVIDED, That this section shall not be construed to exempt service charges which are spread on the property tax rolls and collected as taxes;
(2) Amounts derived from the sale of commodities to persons in the same public service business as the seller, for resale as such within this state. This deduction is allowed only with respect to water distribution, light and power, gas distribution or other public service businesses which furnish water, electrical energy, gas or any other commodity in the performance of public service businesses;
(3) Amounts actually paid by a taxpayer to another person taxable under this chapter as the latter's portion of the consideration due for services furnished jointly by both, if the total amount has been credited to and appears in the gross income reported for tax by the former;
(4) The amount of cash discount actually taken by the purchaser or customer;
(5) The amount of credit losses actually sustained by taxpayers whose regular books of accounts are kept upon an accrual basis;

ROLL CALL

The Clerk called the roll on adoption of the amendments by Representative Sommers to the Greengo amendment to Engrossed Senate Bill No. 4250, and the amendments to the amendment were not adopted by the following vote: Yeas, 32; nays, 63; not voting, 3.
Upon every person engaging within this state in business as a harvester of timber; as to such persons the amount of tax imposed with respect to such business shall be equal to ((the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by the appropriate rate as follows):

(a) For timber harvested between October 1, 1974, and June 30, 1983, inclusive, the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by six and one-half percent; plus

(b) For timber harvested between April 1, 1982, and June 30, 1983, inclusive, an additional tax equal to the rate specified in section 32 of this 1982 act multiplied by the tax payable under subsection (1)(a) of this section. To facilitate collection of this additional tax, the department of revenue is authorized to adjust the total tax rate under this section to the nearest one-tenth of one percent, adjusting one-hundredths equal to or greater than five one-hundredths to the greater tenth.

(2) For purposes of this section:

(a) 'Harvester' means every person who from his own privately owned land or from the privately owned land of another under a right or lease granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services sells, cuts or takes timber for sale or for commercial or industrial use. It does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(b) 'Timber' means forest trees, standing or down on privately owned land, and except as provided in RCW 84.33.170 includes Christmas trees.

(c) 'Stampage value of timber' means the appropriate stumpage value shown on tables to be prepared by the department of revenue pursuant to subsection (3) of this section.

(d) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) The department of revenue shall designate areas containing timber having similar growing, harvesting and marketing conditions to be used as units for the preparation and application of stumpage values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or subclassification of timber within such units, which values shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. Such stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined from (a) gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities, or from (b) gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest, or from a combination of (a) and (b), and shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions and all other relevant factors. Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood or other sudden unforeseen cause, the department shall revise such tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying such tax. The preliminary area designations and stumpage value tables and any revisions thereof shall be subject to review by the ways and means committees of the house and senate prior to finalization. Tables of stumpage values shall be signed by the director or his designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request therefor.

(4) On or before the sixtieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

(5) There are hereby created in the state treasury a state timber tax account A and a state timber tax reserve account in the state general fund and any interest earned on the investment of cash balances shall be deposited in these accounts. The revenues from the tax imposed by subsection (1)(a) of this section shall be deposited in state timber tax account A and state timber tax reserve account as follows:

<th>YEAR OF COLLECTION</th>
<th>ACCOUNT A</th>
<th>RESERVE ACCOUNT</th>
</tr>
</thead>
<tbody>
<tr>
<td>1973 and thereafter</td>
<td>100%</td>
<td>0%</td>
</tr>
</tbody>
</table>

The revenues from the tax imposed by subsection (1)(b) of this section shall be deposited in the state general fund.
The tax imposed under this section shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments and remittance therefor shall be made on or before the last day of the month next succeeding the end of the quarterly period in which the tax accrued. The taxpayer on or before such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of the tax for which he is liable for the preceding quarterly period, and shall sign and transmit the same to the department of revenue, together with a remittance for such amount.

The taxes imposed by this section shall be in addition to any taxes imposed upon the same persons pursuant to one or more of sections RCW 82.04.230 to 82.04.290, inclusive, and RCW 82.04.440, and none of such sections shall be construed to modify or interact with this section in any way, except RCW 82.04.450 and 82.04.490 shall not apply to the taxes imposed by this section.

Any harvester incurring less than ten dollars tax liability under this section in any calendar quarter shall be excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due.

Mr. Nelson (D) moved that the rules be suspended, to allow the following amendment to the amendment to the Greengo amendment:

On page 2, line 16, and page 5, line 3 after "material," insert "caviar, pate, truffles, escargot:"

A division was called.
ROLL CALL

The Clerk called the roll on the motion to suspend the rules to allow adoption of the Nelson (D) amendment to the Van Dyken/Galloway amendment to the Greengo amendment and the motion was lost by the following vote: Yeas, 44; nays, 53; not voting, 1.

Not voting: Representative Winsley.

The Speaker stated the question before the House to be the amendment by Representatives Van Dyken and Galloway to the Greengo amendment.

Representatives Van Dyken and Greengo spoke in favor of the amendment to the amendment.

POINT OF INQUIRY

Mr. Van Dyken yielded to question by Mr. Nelson (D).

Mr. Nelson (D): Representative Van Dyken, you used the term 'essentials of life' in describing food that should not bear the sales tax. By your list, you seem to exclude a number of things—ice cream, snack foods, other so-called junk food—from that list that's essential to life. I wonder if you would include items like caviar, pate, truffles, escargot, frog legs, those kinds of items which are not very usual in most people's diets, yet under your amendment, I would assume, would still be exempt from taxation. Maybe I missed something; maybe they are taxable under your amendment, but could you clarify for me how the sales tax would apply on those items and whether or not they are essential for life?

Mr. Van Dyken: "Representative Nelson, when drafting this amendment, we took those major categories which were generally high ticket items and which are generally considered not to be truly essential. It is not, by any means, intended to be an exclusive list identifying all those items which are not essential for life. If we did that, we would probably have an amendment that would not fit on our desks. It is intended to name those major categories."

Representatives Nelson (D), Taylor, O'Brien, Tilly and Owen spoke against the amendment, and Representatives Greengo, Galloway and Lux spoke in favor of it.

Mr. Van Dyken spoke again in favor of the amendment to the amendment.

The amendment to the amendment was not adopted.

Mr. Amen moved adoption of the following amendments by Representatives Flanagan and Amen to the Greengo amendment:

On page 24, line 2 after "amount of" strike "ten" and insert "four"

The additional taxes imposed under this act shall take effect on the dates designated in this act notwithstanding the date this act becomes law under Article II, section 12 of the state Constitution.

Representatives Amen and Flanagan spoke in favor of the amendment to the amendment, and Representatives Rinehart and Nisbet spoke against it.

Mr. Heck demanded an electric roll call vote and the demand was sustained.

Mr. Clayton spoke in favor of the amendment to the amendment.

POINT OF INQUIRY

Ms. Stratton asked Mr. Clayton to yield to question and he refused to yield.

Representatives Nelson (D) and James spoke against the amendment to the amendment, and Representatives Garson, Lewis and Greengo spoke in favor of it.

POINT OF INQUIRY

Mr. Greengo yielded to question by Ms. Rinehart.

Ms. Rinehart: "Representative Greengo, could you tell the body the effect this amendment would have on previous amendments to this bill passed by this body?"

Mr. Greengo: "It's my understanding that it would supersede the Hastings' amendment which was adopted. It takes effect on page 25, so everything prior to that would remain in effect."

Ms. Rinehart: "What would be the relationship of this amendment to the Greengo striking amendment?"

Mr. Greengo: "In effect, if this amendment is adopted, the amendment before us will be the Flanagan/Amen amendment. If we adopt this and no other amendments, we will then have before us the Greengo amendment as amended."

Mr. Amen spoke again in favor of the amendment.

Mr. Heck demanded a Call of the House and the demand was not sustained.

Mr. Flanagan spoke again in favor of the amendment to the amendment, and Mr. Lux spoke against it.

The Speaker declared the House recessed until 7:00 p.m.

EVENING SESSION

The House was called to order at 7:00 p.m. by the Speaker. The Clerk called the roll and all members were present.

On motion of Mr. Hastings, ENGROSSED SUBSTITUTE SENATE BILL NO. 3783 as amended by Free Conference Committee was placed at the top of the calendar for immediate consideration.

POINT OF INQUIRY

Mr. Greengo yielded to question by Mr. Addison.

Mr. Addison: "Representative Greengo, for the purpose of establishing legislative intent, on page 10, line 3 it states that if the Department of Revenue determines that 'other than market value is being listed on the county assessment roles of the county by the assessor, and if the assessor fails to take corrective action once notified, the Department of Revenue can adjust the ratio of that type of property.' Do you feel that such an adjustment could be made by the Department based on the determination that a single parcel or a few parcels are not at market value?"

Mr. Greengo: "Representative Addison, the answer to that is 'no.' Before the Department of Revenue could adjust the ratio of a type of property, the Department would have had to determine that the majority of the parcels in that category or type of property were improperly valued."

Ms. Leonard spoke against passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute Senate Bill No. 3783 as amended by the Free Conference Committee, and the bill passed the House by the following vote: Yeas, 70; nays, 24; not voting, 4.

This subsection does not apply to hot prepared food products, other than food products which are heated after they have been dispensed from the vending machine.

For tax collected under this subsection, the requirements that the tax be collected from the buyer and that the amount of tax be stated as a separate item are waived.

Representatives Amen and Thompson spoke in favor of the amendment to the amendment.

POINT OF INQUIRY

Mr. Amen yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Amen, you've indicated that you feel this will broaden the base and, in the compromise, you have added a sunset date at the end of the biennium. I wonder how that squares with the comments and recommendations of those banking representatives from New York and the representatives from Seattle who indicated that it would be four or five years until we could expect our state's credit rating to turn around and be increased. If we sunset at the end of the biennium, it would seem to me that we're telling them we're not serious about maintaining a broadened base long enough to see it be in place when that time limit of four or five years comes up."
Mr. Amen: "Representative Nelson, I think adding something like this certainly is a better indication to the bankers in New York and other places that we're trying to accomplish what they are asking for. Even with the sunset, I think it's preferable to a surtax. Again, I think it's a preference and I think it's a better one even for the banks. I would think they would look at it with more favor than the other."

Mr. Nelson (D): "Do you have any indication from any representatives of either New York or Washington that it is more favorable?"

Mr. Amen: "Only what was given to us when the bankers were here."

Mr. Nelson (G) spoke in favor of the amendment to the amendment.

POINT OF PARLIAMENTARY INQUIRY

Mr. King (R): "If I recall correctly, the amendment Representative Nelson is referring to was made to an amendment which has just been deferred and is in limbo out there, or was it made to the original bill?"

The Speaker: "It was made to the Greengo amendment, I believe, Representative King."

Mr. King (R): "Then the amendment we have before us now is an amendment to the Greengo amendment?"

The Speaker: "Yes, it is."

Mr. King (R): "So the Ehlers' amendment is there and if this amendment passes, the Ehlers' amendment will still be in the bill?"

The Speaker: "If the Greengo amendment is adopted as amended by the Amen amendment before us and by the Ehlers' amendment, then that's what we will be voting on on final passage."

Representatives King (R) and Lux spoke against the amendment to the amendment.

Mr. Brown demanded an electric roll call vote and the demand was sustained.

Mr. Nisbet spoke in favor of the amendment to the amendment, and Ms. Rinehart spoke against it.

MOTION FOR RECONSIDERATION

Mr. Patrick, having voted on the prevailing side, moved that the vote by which the Amen amendment to the Greengo amendment was not adopted, be reconsidered.

Mr. Nelson (G) spoke in favor of the motion.

Mr. Brown demanded an electric roll call vote and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion that the House reconsider the vote by which the Amen amendment to the Greengo amendment was not adopted, and the motion was carried by the following vote: Yeas, 67; nays, 30; not voting, 1.

NEW SECTION. Sec. 36. No license as an agent to sell lottery tickets or shares shall be issued to any person to engage in business exclusively as a lottery sales agent. Before issuing such license the director shall consider such factors as: (1) The financial responsibility and security of the person and his business or activity, (2) the accessibility of his place of business or activity to the public, (3) the sufficiency of existing licenses to serve the public convenience, and (4) the volume of expected sales.

For purposes of this section, the term 'person' means an individual, association, corporation, club, trust, estate, society, company, joint stock company, receiver, trustee, assignee, referee, or any other person acting in a fiduciary or representative capacity, whether appointed by a court or otherwise, and any combination of individuals. 'Person' shall not be construed to mean or include any department, commission, agency, or instrumentality of the state, or any county or municipality or any agency or instrumentality thereof.

NEW SECTION. Sec. 37. Any person licensed as provided in this chapter is hereby authorized and empowered to act as a lottery sales agent.

NEW SECTION. Sec. 38. The commission may deny an application for, or suspend or revoke, after notice and hearing, any license issued pursuant to this chapter. Such license may, however, be temporarily suspended by the director without prior notice, pending any prosecution, investigation, or hearing. A license may be suspended or revoked or an application may be denied by the commission for one or more of the following reasons:
(1) Failure to account for lottery tickets received or the proceeds of the sale of lottery tickets or to file a bond if required by the director or to comply with the instructions of the director concerning the licensed activity;

(2) For any of the reasons or grounds stated in RCW 9.46.075 or violation of the rules of the commission;

(6) A material change, since issuance of the license with respect to any matters required to be considered by the director under section 36 of this act.

For the purpose of reviewing any application for a license and for considering the denial, suspension, or revocation of any license the gambling commission may consider any prior criminal conduct of the applicant or license and the provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to such cases.

NEW SECTION. Sec. 39. No right of any person to a prize drawn shall be assignable, except that payment of any prize drawn may be paid to the estate of a deceased prize winner, and except that any person pursuant to an appropriate judicial order may be paid the prize to which the winner is entitled. The commission and the director shall be discharged of all further liability upon payment of a prize pursuant to this section.

NEW SECTION. Sec. 40. A person shall not sell a ticket or share at a price greater than that fixed by rule of the commission. No person other than a licensed lottery sales agent shall sell lottery tickets, except that nothing in this section shall be construed to prevent any person from giving lottery tickets or shares to another as a gift.

Any person convicted of violating this section shall be guilty of a misdemeanor.

NEW SECTION. Sec. 41. A ticket or share shall not be sold to any person under the age of eighteen, but this shall not be deemed to prohibit the purchase of a ticket or share for the purpose of making a gift by a person eighteen years of age or older to a person less than that age. Any licensee who knowingly sells or offers to sell a lottery ticket or share to any person under the age of eighteen, and is convicted of such, shall be guilty of misdemeanor. In the event that a person under the age of eighteen years directly purchases a ticket in violation of this section, no prize will be paid and the prize money will be treated as unclaimed pursuant to section 18 of this act.

NEW SECTION. Sec. 42. A person shall not alter or forge a lottery ticket. A person shall not claim a lottery prize or share of a lottery prize by means of fraud, deceit, or misrepresentation. A person shall not conspire, aid, abet, or agree to aid another person or persons to claim a lottery prize or share of a lottery prize by means of fraud, deceit, or misrepresentation. Any person convicted of violating this section shall be guilty of a felony.

NEW SECTION. Sec. 43. Any person who conducts any activity for which a license is required by this chapter, or by rule of the commission, without the required license issued by the commission, and is convicted of such, shall be guilty of a felony. If any corporation conducts any activity for which a license is required by this chapter, or by rule of the commission, without the required license issued by the commission, it may be punished by forfeiture of its corporate charter, in addition to the other penalties set forth in this section.

NEW SECTION. Sec. 44. Whoever, in any application for a license or in any book or record required to be maintained by the commission or in any report required to be submitted to the commission, shall make any false or misleading statement, or make any false or misleading entry or willfully fail to maintain or make any entry required to be maintained or made, or who willfully refuses to produce for inspection by the commission, or its designee, any book, record, or document required to be maintained or made by federal or state law, and is convicted of such, shall be guilty of a gross misdemeanor.

NEW SECTION. Sec. 45. Any person who violates any provision of this chapter for which no penalty is otherwise provided, or knowingly causes, aids, abets, or conspires with another to cause any person to violate any provision of this chapter, and is convicted of such, shall be guilty of a class C felony, except where other penalties are specifically provided for in this chapter.

NEW SECTION. Sec. 46. Any person who violates any rule adopted pursuant to this chapter for which no penalty is otherwise provided, or knowingly causes, aids, abets, or conspires with another to cause any person to violate any rule adopted pursuant to this chapter, and is convicted of such, shall be guilty of a gross misdemeanor, except where other penalties are specifically provided for in this chapter.

NEW SECTION. Sec. 47. A ticket or share shall not be purchased by, and a prize shall not be paid to any member or employee of the commission or to any spouse, child, brother, sister, or parent residing as a member of the same household in the principal place of abode of any member or employee of the commission. Any person convicted of violating this section shall be guilty of a misdemeanor.

NEW SECTION. Sec. 48. Unclaimed prize money for the prize on a winning ticket or share shall be retained in the state lottery fund for the person entitled thereto for one year after the drawing in which the prize was won. If no claim is made for said money within such year, the prize money shall be retained in the state lottery fund for distribution pursuant to section 3 of this act and all rights to the prize shall be extinguished.

NEW SECTION. Sec. 49. The director, in his discretion, may require any or all lottery sales agents to deposit to the credit of the state lottery fund in banks designated by the state treasurer, all moneys received by such agents from the sale of lottery tickets or shares, less the amount, if any, retained as compensation.
NEW SECTION. Sec. 50. No other law providing any penalty or disability for the sale of lottery tickets or any acts done in connection with a lottery shall apply to the sale of tickets or shares performed pursuant to this chapter.

NEW SECTION. Sec. 51. If the person entitled to a prize or any winning ticket is under the age of eighteen years, and such prize is less than five thousand dollars, the director may direct payment of the prize by delivery to an adult member of the minor's family or a guardian of the minor of a check or draft payable to the order of such minor. If the person entitled to a prize or any winning ticket is under the age of eighteen years, and such prize if five thousand dollars or more, the director may direct payment to such minor by depositing the amount of the prize in any bank to the credit of an adult member of the minor's family or a guardian of the minor as custodian for such minor. The person so named as custodian shall have the same duties and powers as a person designated as a custodian in a manner prescribed by the Washington uniform gifts to minors act, chapter 21.24 RCW, and for the purposes of this section the terms 'adult member of a minor's family,' 'guardian of a minor,' and 'bank' shall have the same meaning as in chapter 21.24 RCW. The commission and the director shall be discharged of all further liability upon payment of a prize to a minor pursuant to this section.

NEW SECTION. Sec. 52. There is hereby created and established a separate fund, to be known as the state lottery fund. Such fund shall be managed, maintained, and controlled by the commission and shall consist of all revenues received from the sale of lottery tickets or shares, and all other moneys credited or transferred thereto from any other fund or source pursuant to law. The fund shall be a separate fund outside the state treasury. No appropriation is required to permit expenditures and payment of obligations from the fund.

NEW SECTION. Sec. 53. The moneys in the state lottery fund shall be used only: (1) For the payment of prizes to the holders of winning lottery tickets or shares; (2) for purposes of making deposits into the reserve account created by section 54 of this act and into the revolving fund created by section 55 of this act; (3) for purposes of making deposits into the state's general fund; and (4) for the repayment to the state's general fund of the amount appropriated to the fund pursuant to section 31 of this act.

NEW SECTION. Sec. 54. In the event the commission decides to pay any portion of or all of the prizes in the form of installments over a period of years, it shall provide for the payment of all such installments by one, but not both, of the following methods:

   (1) It may enter into contracts with any financially responsible person or firm providing for the payment of such installments; or
   
   (2) It may establish and maintain a reserve account into which shall be placed sufficient moneys for the director to pay such installments as they become due. Such reserve account shall be maintained as a separate and independent fund outside the state treasury.

NEW SECTION. Sec. 55. There is hereby created a revolving fund into which the commission shall deposit sufficient money to provide for the payment of the costs incurred in the operation and administration of the lottery: PROVIDED, That the amount deposited in such revolving fund shall never exceed fifteen percent of the total revenues accruing from the sale of lottery tickets or shares. Such revolving fund shall be managed, controlled, and maintained by the commission and shall be a separate and independent fund outside the state treasury.

NEW SECTION. Sec. 56. Each member of the commission shall receive compensation of fifty dollars per day for each day actually spent in the performance of duties, and actual necessary traveling and other expenses in going to, attending, and returning from meetings of the commission, and actual and necessary traveling and other expenses incurred in the discharge of such duties as may be requested by a majority vote of the commission or by the director.

NEW SECTION. Sec. 57. The provisions of the administrative procedure act, chapter 34.04 RCW, shall apply to administrative actions taken by the commission or the director pursuant to this chapter.

NEW SECTION. Sec. 58. The state auditor shall conduct an annual post-audit of all accounts and transactions of the lottery and such other special post-audits as he may be directed to conduct pursuant to chapter 43.09 RCW.

NEW SECTION. Sec. 59. This chapter shall expire five years after the effective date of this act, unless extended by law. The legislative budget committee shall evaluate the effectiveness of this chapter. The final report of the evaluation shall be available to the legislature at least six months prior to the scheduled termination date. The report shall include, but is not limited to, objective findings of fact, conclusions, and recommendations as to continuation, modification, or termination of this chapter.

NEW SECTION. Sec. 60. Sections 31 through 59 of this act shall be liberally construed to carry out the purposes and policies of the act.

NEW SECTION. Sec. 61. There is hereby appropriated to the state lottery fund from the state general fund the sum of one million five hundred thousand dollars, or so much thereof as may be necessary, for carrying out the purposes of creating the lottery provided for in sections 31 through 58 of this act and in carrying out such functions and duties pursuant to said sections 31 through 58 of this act. Such appropriation
shall be repaid to the general fund as soon as practicable from the net revenues accruing in the state lottery fund after the payment of prizes to holders of winning tickets or shares and expenses of the lottery.

**NEW SECTION. Sec. 62.** Sections 31 through 59 of this act shall constitute a new chapter in Title 67 RCW.

**NEW SECTION. Sec. 63.** There is added to chapter 9.46 RCW a new section to read as follows:

The provisions of this chapter, as now or hereafter amended, shall not apply to the conducting, operating, participating, or selling or purchasing of tickets or shares in the 'lottery' or 'state lottery' as defined in section 1 of this act when such conducting, operating, participating, or selling or purchasing is in conformity to the provisions of sections 31 through 59 of this act and to the rules adopted thereunder.

**NEW SECTION. Sec. 64.** Sections 31 through 63 of this act shall be submitted to the people for their adoption and ratification by not less than sixty percent affirmative vote of the electors voting thereon, or rejection, at a special election hereby ordered by the legislature, which election shall be held in conjunction with the next state-wide election to be held in this state, all in accordance with Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof."

Renumber the remaining sections consecutively.

**POINT OF ORDER**

Mr. Greengo: "Mr. Speaker, I would raise the question of scope and object on this amendment."

**SPEAKER'S RULING**

The Speaker: "Representative Greengo, the bill deals with Title 82 RCW, revenue and taxation. The amendment that has been placed before us deals with Title 9, which deals with gambling. In looking at the title amendment, it also deals with Title 67, which is the Gambling Commission, but does not deal in any part with the section on revenue and taxation. On that point, I would rule that your point of order is well taken. The amendment is beyond the scope and object of the bill."

The Speaker stated the question before the House to be reconsideration of the amendment by Representatives Flanagan and Amen to the Greengo amendment.

**ROLL CALL**

The Clerk called the roll on reconsideration of the amendment by Representatives Flanagan and Amen to the Greengo amendment to Engrossed Senate Bill No. 4250, and the amendment was not adopted by the following vote: Yeas, 32; nays, 66; not voting, 0.

The Speaker stated the question now before the House to be reconsideration of the amendment by Representatives Flanagan and Amen to the Greengo amendment.

Representatives Amen, Patrick, Garson, Tupper, and McGinnis spoke in favor of the amendment to the amendment, and Representatives Nelson (D), Rinehart and Brown spoke against it.

Mr. Brown demanded an electric roll call vote and the demand was sustained.

Mr. Bender spoke against the amendment to the amendment, and Ms. Teutsch spoke in favor of it.

**POINT OF INQUIRY**

Mr. Greengo yielded to question by Ms. Valle.

Ms. Valle: "Representative Greengo, have we had hearings in the Revenue Committee this session on putting the sales tax on food?"

Mr. Greengo: "Very frankly, Representative Valle, at this time of the night, I'm hard put to tell you what we have heard in Revenue Committee. We've heard just about everything. I don't believe we have heard this, nor have we heard the surtax either. We're probably going to
have to vote on both of them. We’ve talked about them an awful lot and so I guess it’s kind of irrelevant, isn’t it."

Ms. Valle spoke against the amendment to the amendment, and Mr. Dawson spoke in favor of it.

Mr. Struthers demanded the previous question and the demand was sustained.

ROLL CALL

The Clerk called the roll on reconsideration of the amendment by Representative Amen to the Green-go amendment to Engrossed Senate Bill No. 4250, and the amendment was not adopted by the following vote: Yeas, 39; nays, 59; not voting, 0.

Mr. Nelson (D) spoke in favor of the motion.

POINT OF PARLIAMENTARY INQUIRY

Mr. Nelson (G): "Mr. Speaker, Engrossed Senate Concurrent Resolution No. 150 had specific items with regard to what this legislature would address in a special session. Would you inform the body whether or not Senate Joint Resolution No. 111 would fall under any of the categories, such as reorganization, fiscal issues, bills necessary for the implementation of budget, bills in dispute, ferry legislation and resolutions and matters relating to the operation of the legislature?"

The Speaker: "It doesn't sound like it would, Representative Nelson."

Mr. Nelson (G): "Mr. Speaker, I would then ask the Chair whether or not that motion would be in order to be placed before this body?"

The Speaker: "Representative Nelson, if you are asking specifically if this would somehow be part of Washington Public Power Supply System because it's related to energy, the answer is 'No.'"

ROLL CALL

The Clerk called the roll on the motion that the Committee on Energy and Utilities be relieved of Engrossed Second Substitute Senate Joint Resolution No. 111, and it be placed on the second reading calendar, and the motion was lost by the following vote: Yeas, 42; nays, 56; not voting, 0.

On page 24, line 2 after "amount of" strike "ten" and insert "•••
Beginning on page 28, line 33 strike all material down to and including line 36 on page 29 and insert:
"(1) Until and including the day before the change date, the rate of the sales and use taxes under section 1 of this act shall be five and nine-tenths percent and the rate of the additional taxes under sections 2 through 24 of this act shall be eight percent.
(2) From and after the change date until and including the thirtieth day of June, 1983, the rate of tax shall be as follows:
(a) If the November revenue collections are less than $3,075,000,000, the rate of sales and use taxes under section 1 of this act shall be six and one-tenth percent and the rate of the additional taxes under sections 2 through 24 of this act shall be ten percent.
(b) If the November revenue collections equal or exceed $3,075,000,000 and are less than $3,100,000,000 the rate of sales and use taxes under section 1 of this act shall be five and nine-tenths percent and the rate of the additional taxes under sections 2 through 24 of this act shall be eight percent.
(c) If the November revenue collections equal or exceed $3,100,000,000 and are less than $3,125,000,000, the rate of sales and use taxes under section 1 of this act shall be five and eight-tenths percent and the rate of the additional taxes under sections 2 through 24 of this act shall be five percent.
(d) If the November revenue collections equal or exceed $3,125,000,000, the rate of sales and use taxes under section 1 of this act shall be five and five-tenths percent and the rate of the additional taxes under sections 2 through 24 of this act shall be zero percent.
(3) As used in this section:
(a) 'November revenue collections' means revenues, penalties, and interest actually collected for credit to the fiscal biennium beginning July 1, 1981, for the taxes imposed under the following statutes, as amended by this act, and deposited with the state treasurer for credit to the general fund during the period beginning July 1, 1981, and ending with the specified date:

(i) Chapters 82.04, 82.08, 82.12, 82.16, and 82.26 RCW: November 10, 1982.
(ii) Chapters 82.24 and 82.45 RCW, and RCW 28A.47.440: October 31, 1982.

(b) 'Change date' for the taxes under sections 1 through 9 and 12 through 24 of this act means December 1, 1982; and for the taxes under section 10 and 11 of this act means January 1, 1983."

Mr. Greengo spoke in favor of the amendment to the amendment.

POINT OF INQUIRY

Mr. Greengo yielded to question by Ms. Rust.

Ms. Rust: "Representative Greengo, after line 10 (b), it says, 'If the November revenue collections equal or exceed $3,075,000,000 and are less than $3,100,000,000...' and you have 'the rate will be five and nine-tenths percent and the rate of the additional taxes under sections 2 through 24 of this act shall be eight percent.' That is the same, I believe, as it is above. Do you mean to have it that way?"

Mr. Greengo: "Yes. That is the median money that fits our revenue projections. That says the sales tax will stay at five and nine-tenths percent, which is an eight percent surcharge. If you take 5.5 and multiply it by 1.08 you come up with 5.94, rounded off to the nearest tenth is 5.9 percent, but all of the other taxes that are included under the surcharge are at eight percent and they stay there."

POINT OF INQUIRY

Mr. Greengo yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative Greengo, you made a statement that the Department of Revenue could notify all the stores in time so the rate could be changed. I thought this included all these taxes and not just the sales tax."

Mr. Greengo: "Representative Flanagan, whatever business entities, or whoever is paying a sales tax, will have that period between November 10 when we close the books until December 1 to change."

Mr. Flanagan: "I thought this figure applied to all the taxes—B&O, utilities and real estate?"

Mr. Greengo: "I was using the word 'stores' in the generic sense. All of those who are paying a sales tax will be notified of that change, or if they are collecting other taxes, such as the cigarette tax or the liquor tax, they would also be notified that there is a change of rate. It could change or it could stay the same."

Mr. Flanagan: "Don't any of the others—real estate, excise, electric utilities, PUD's—don't they change, too?"

Mr. Greengo: "Of course they do. I said I was using the word 'stores' in a generic sense of all those entities that will be paying the tax."

The amendment to the amendment was adopted.

The Greengo amendment as amended was adopted.

On motion of Mr. Nelson (G), the following amendment to the title was adopted:

For purposes of this subsection, misconduct shall include, but not be limited to, nonfeasance and misfeasance.

(2) Nothing in this chapter shall be construed to mean that an operating agency is in any manner an agency of the state. Nothing in this chapter alters or destroys the status of an operating agency as a separate municipal corporation or makes the state liable in any way or to any extent for any preexisting or future debt of the operating agency or any present or future claim against the agency.

(3) The eleven members of the executive board shall be selected with the objective of establishing an executive board which has the resources to effectively carry out its responsibilities. (6) The executive board shall select and employ a managing director of the operating agency and may delegate to the managing director such authority for the management and control of the operating agency as the executive board deems appropriate. The managing director's employment is terminable at the will of the executive board.

(7) ((Any executive board created under this section shall cease to function upon the initiation of regular operations of the nuclear power plant over which it has exercised construction management powers and duties. If the operating agency is constructing two or more nuclear power plants simultaneously, the executive board shall cease exercising all powers as to each plant as it becomes operational.)) Members of the executive board shall be immune from civil liability for mistakes and errors of judgment in the good faith performance of acts within the scope of their official duties involving the exercise of judgment and discretion. This grant of immunity shall not be construed as modifying the liability of the operating agency.

The operating agency shall undertake the defense of and indemnify each executive board member made a party to any civil proceeding including any threatened, pending, or completed action, suit, or proceeding, whether civil, administrative, or investigative, by reason of the fact he or she is or was a member of the executive board, against judgments, penalties, fines, settlements, and reasonable expenses, actually incurred by him or her in connection with such proceeding if he or she had conducted himself or herself in good faith and reasonably believed his or her conduct to be in the best interest of the operating agency.

In addition members of the executive board who are utility employees shall not be fired, forced to resign, or demoted from their utility jobs for decisions they make while carrying out their duties as members of the executive board involving the exercise of judgment and discretion.

NEW SECTION. Sec. 4. (1) All personnel and employees of a board of directors or executive board or committee displaced by section 3 of this act shall become personnel and employees of the executive board created in section 3 of this act without any loss of rights, subject to any appropriate action thereafter.

(2) All pending business before a board of directors or executive board or committee which is replaced by the executive board created in section 3 of this act shall be continued and acted upon by the new executive board.

(3) This act shall not be construed to alter:

(a) Any existing rights acquired under laws relating to operating agencies;

(b) The status of any actions, activities, or civil or criminal proceedings of any existing operating agencies;

(c) The status of any collective bargaining agreements, indebtedness, contracts, or other obligations;

(d) Any valid resolutions, covenants, or agreements between an operating agency and members, participants in any electric generating facility, privately owned public utilities, or agencies of the federal government; or

The common law doctrine of incompatibility of offices is hereby voided as it applies to persons sitting on the board of directors or the executive board of an operating agency and holding an elective or appointive position on a public utility district commission or municipal legislative authority or being an employee of a public utility district or municipality.

Sec. 6. Section 43.52.373, chapter 8, Laws of 1965 and RCW 43.52.373 are each amended to read as follows:

The amount of such bond may be decreased or increased from time to time as the board may by resolution direct.

The board shall also appoint an auditor and may require him to give a bond with a surety company authorized to do business in the state of Washington in such amount as it shall by resolution prescribe, conditioned for the faithful discharge of his duties. The auditor shall report directly to the board and be responsible to it for discharging his duties.

The premiums on the bonds of the auditor and the treasurer shall be paid by the operating agency. The board may provide for coverage of said officers and other persons on the same bond.

If the department proposes to change or modify any project list on the master compilation, it shall give the committees on ways and means thirty days' written notice of the change or modification prior to the expenditure or obligation of any funds appropriated by this section. The department shall immediately inform the committees of significant changes from historic federal funding levels for waste disposal facilities and water supply facilities.

(1) Improve the streams and rivers of this state which are important to the success of the state's natural stocks of salmon;
(2) Create employment opportunities for the citizens of those communities in which unemployment rates are high as a result of unemployment in the timber and fishing industries;
(3) Provide maximum utilization of existing salmon stocks; and
(4) Develop and implement mini-modular mobile hatchery complexes on rehabilitated streams.

In addition the secretary is authorized to acquire, by lease or contract, appropriate facilities for the housing of work release participants and providing for their subsistence and supervision. Such work release participants placed in leased or contracted facilities shall be required to reimburse the department the per capita cost of subsistence and lodging in accordance with the provisions and in the priority established by RCW 72.65.050(2). MOTION

On motion of Mr. Chandler, the House concurred in the Senate amendments to Engrossed Substitute House Bill No. 1230.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 1230 as amended by the Senate.

POINT OF PARLIAMENTARY INQUIRY

Mr. Chandler: "Mr. Speaker, how many votes are required to pass this bill?"

The Speaker: "To make the bond provisions of this act effective, it will take fifty-nine votes."

POINT OF INQUIRY

Mr. Chandler yielded to question by Mr. Lux.

Mr. Lux: "Representative Chandler, how many dollars in new bond authorization are in this bill and how many total dollars of reauthorization are in the bill?"
THIRTIETH DAY, APRIL 10, 1982

Mr. Chandler: "In our original authorization, we went from $3.5 million to $6 million on the fire services training center. The Senate has added $900,000 for a variety of projects, most of them here on the capitol campus, and I just don't have the figure for the reauthorization."

POINT OF INQUIRY

Mr. Chandler yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative Chandler, in this bill I notice that the last priority is the water facilities. I also notice that we hit the seven percent taxpayer debt limit for fiscal year 1984, and then it says that the State Finance Committee will make changes in priorities when they get to that debt limit. How much do you think that may affect the last priority and the fact that we hit that statutory deadline of 1984?"

Mr. Chandler: "By then, you will have sold around $255 million, and, of course, a lot depends on what the 1983 session of the Legislature does about taxation."

Mr. Lux spoke against passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 1230 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 63; nays, 32; not voting, 3.

Not voting: Representatives Owen, Salatino, Winsley.

Engrossed Substitute House Bill No. 1230 as amended by the Senate, having received the constitutional sixty percent majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Opposing the imposition of user fees to fund federal navigation projects.

The memorial was read the second time. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and the memorial was placed on final passage.

Representatives Chamberlain and Nelson (D) spoke in favor of passage of the memorial, and Ms. Stratton spoke against it.

POINT OF INQUIRY

Mr. Chamberlain yielded to question by Mr. Lux.

Mr. Lux: "Representative Chamberlain, I assume that this work will be done by the Corps of Army Engineers—the dredging and so on—and that this will be funded by general fund moneys from all of the people of the United States through the United States Treasury. Is this true?"

Mr. Chamberlain: "I believe the Corps of Engineers is generally funded that way, and the Corps of Engineers does virtually all of the maintenance on the Columbia River system."

Representatives Lux and Isaacsen spoke in favor of the memorial.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Joint Memorial No. 115, and the memorial passed the House by the following vote: Yeas, 86; nays, 9; not voting, 3.

Not voting: Representatives Owen, Salatino.

Engrossed Senate Bill No. 4995, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Providing plans for organization of interim activities of the legislature.

The resolution was read the second time. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third and the resolution was placed on final passage.

Mr. Nelson (G) spoke in favor of passage of the resolution.

ROLL CALL

The Speaker announced he was signing:

SUBSTITUTE HOUSE BILL NO. 1230,

SENATE BILL NO. 4250,

SENATE BILL NO. 4995,

SENATE JOINT MEMORIAL NO. 115.

Representatives Owen and Salatino appeared at the bar of the House.

ENGROSSED SENATE BILL NO. 4972, by Senator Zimmerman:

Relating to local government finance.

The bill was read the second time.

Mr. Padden moved adoption of the following amendments:

On page 6, line 28 after "shall" strike the balance of the section and insert "refer such tax or increase to a vote of the people and shall not collect such tax or increase unless approved by a majority of the voters of the city or town voting on the proposition,"

On page 8, line 3 after "shall" strike the balance of the section and insert "refer such tax proposal to a vote of the people and shall not collect such tax unless approved by a majority of the voters of the county or city voting on the proposition,"

On page 11, line 24 after "shall" strike the balance of the section and insert "refer such tax proposal to a vote of the people and shall not collect such tax unless approved by a majority of the voters of the county or city voting on the proposition,"

Representatives Padden and Taylor spoke in favor of the amendments, and Representatives Barrett, Hine, Heck, Nelson (G) and Isaacsom spoke against them.

The amendments were not adopted.

Mr. Bickham moved adoption of the following amendment by Representatives Bickham, Barrett, Lundquist, Tilly and McCormick:

On page 7, beginning on line 11 strike all of sections 11, 12, 13, 14, 15 and 16 and renumber the remaining sections consecutively and correct internal references accordingly.

Representatives Bickham, James, Lux and King (R) spoke in favor of the amendment, and Representatives Greengo, Barrett, Hine, Flanagan and King (J) spoke against it.

The amendment was not adopted.

Ms. Sommers moved adoption of the following amendment:

On page 10, beginning on line 22 strike all material down through "tax," on line 28 and insert "The rate of such additional tax imposed by a county shall be up to three-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city shall be up to three-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax)"

Ms. Sommers spoke in favor of the amendment, and Mr. Nelson (G) spoke against it.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Ms. North.

Ms. North: "I'm aware of your words that it's up to the cities to make the decision whether or not to elect to impose this tax. If one city does so and is very close to another city, does that not create what we would call a 'hot spot,' and then people will go to the city which does not impose the sales tax? Then you almost create a situation where everyone must impose this."

Mr. Nelson (G): "Representative North, as a past city councilwoman yourself, I'm sure you understand that when you do have differences among bordering cities there is a tendency on occasion for people to go to where they think the lower rate might be imposed, but I believe there are so many varieties of services and so many differences in just the base prices that it's difficult to say that the one-half of one percent or the one-quarter of one percent is going to make such a difference that the consumers are going to look at only that as the reason why they may go to the adjoining city or the adjoining or, in some cases, to the adjoining state. Therefore, I don't feel that this local option sales tax makes any difference at all. I think it's so miniscule that it doesn't come into play. In the community where I happen to live, there are a number of large shopping centers that have a tremendous marketing capability for drawing
people. I might point out that those larger cities have a lower rate of taxation on almost every­
thing else—no B&O tax to any extent, no utility tax, very small kinds of taxes that would be
incidental—so essentially it is an additional drawing power even though the city may have the
one-half of one percent greater sales tax than that larger city, and the one that has no com­
ercial establishment may not have any of that one-half of one percent."

Representatives Hine, Barrett and Barr spoke against the amendment, and Representa­
tives Taylor and Flanagan spoke in favor of it.

The amendment was not adopted.

On motion of Mr. Hastings, the rules were suspended, the second reading considered the
third, and the bill was placed on final passage.

Mr. Nelson (G) spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Eberle yielded to question by Mr. Barrett.

Mr. Barrett: "Representative Eberle, along the lines that Representative Nelson just
talked about, I know that you have been working with a particular section on page 4, line 11 of
this bill. It says, 'This section does not prohibit voluntary agreement with counties, cities, towns
or of municipal corporations...' What is the explanation of 'voluntary agreement' in this case?"

Mr. Eberle: "Representative Barrett, that question has been decided in court. Justice
Marshall Neill of the Washington State Supreme Court and a former member of this body,
states in Chrobuck vs. Snohomish County (1971) the following: '...The indicia of validity in
such agreements include (1) The performance called for is directly related to public needs
which may be expected to result from the proposed usage of the property to be rezoned. (2)
Fulfillment of these needs is an appropriate function of the contracting governmental body. (3)
Performance will mitigate the public burden in meeting those resulting needs by placing it
more directly on the party whose property use will give rise to them. (4) The agreement
involves no purported relinquishment by the governing body of its discretionary zoning power.

'Basically, a valid concomitant agreement operated to materialize any expected negative
impact of the proposed property usage. In this, it is distinguished from an agreement which
seeks to extract some collateral benefit from the property owner....'"

Representatives Barrett and Hine spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Ms. Maxie.

Ms. Maxie: "Representative Nelson, does this bill preclude developers from paying water
rights or water fees for a given area, or would this be spread out for property owners as
opposed to new developers coming in?"

Mr. Nelson (G): "Representative Maxie, the reference on the development fees is shown
in section 5. It will be pointed out, as it was in both House Bill No. 1014 and House Bill No.
323, that the cities and counties would be able to collect fees for hook-ups and the necessary
waterpipe, and so on, that would be placed there by the developer in a new plat. It should also
be pointed out that this section does not apply (this is on page 5, line 18) to special purpose
districts that are formed, and those are basically the water and sewer districts which impose
the same kinds of fees for the utilities that they handle."

Representatives Sommers and Lux spoke against passage of the bill.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Ms. Berleen.

Ms. Berleen: "Representative Nelson, we, in this Legislature, have proposed in this session
that some of the responsibility for social services be transferred from the state to the counties.
The original House budget reduction plan had such a proposal, as did House Bill 1235. Because Initiative 62 requires that additional responsibility given local government by the state
government be accompanied by enough revenue to support these programs, would the addi­
tional revenue generated by the enactment of this bill, Engrossed Senate Bill No. 4972, be
considered as revenue to support the services transferred by the 1983 Legislature?"
Mr. Nelson (G): 'Representative Berleen, the answer would be 'yes.' There are no additional responsibilities transferred or required of local governments in this act, and a tremendous amount of revenue can be generated for local government through this act. So long as the cost of programs transferred did not exceed the amount of revenues allowed by this act, it would appear that this tax authorization could be referenced in future years as support for transferred programs.'

Ms. Hine spoke again in favor of the bill.

POINT OF PARLIAMENTARY INQUIRY

Mr. Chandler: "When a question is asked of another member, as with the case of Representative Nelson, is there some special note made of that question and answer in the Journal?"

The Speaker: "The question and the answer are inserted in the Journal, Representative Chandler."

Mr. Chandler: "How would a member get the remarks of Representative Hine entered into the Journal?"

The Speaker: "Basically in two ways, Representative Chandler; it could be inserted by a motion or Representative Hine could request of the Clerk that her remarks be inserted verbatim."

MOTION

On motion of Mr. Chandler, Ms. Hine's remarks were ordered inserted into the Journal.

Ms. Hine: "The response to that last question disturbs me a great deal. I do not believe that the intent of this legislation is to give the locals the ability to handle state programs. The fiscal relief option for local governments, which I have mentioned to you, has really turned out to be a rather small portion of this bill and was to respond to the fiscal crisis that they are going through which is very much the same as we are experiencing in the state. They have had revenue shortfalls; they have had programs from the federal government and the state that have been taken away; they have, over the years, had to absorb mandated costs for many programs, such as CEPA, shorelines management, and many other things. Essentially, they have had to live with labor costs different from the state. The state has been able to cut back the employees' proposed salary increases. Local governments—due to the wisdom of this body which has said that local fire, police and some others—must have compulsory arbitration; therefore, the increases that we have to grant to employees on the local level cannot reflect our true financial picture all the time. We have, in fact, put lids on local government. We've imposed the 106% property tax lid; we have continuously cut back the ability to respond to the needs of the communities. Our local governments have been cutting back. My city cut 17% last year and will cut 17% again this year. This bill was intended to give some flexibility to deal with existing and future local fiscal problems, not to handle state problems on the local level."

MOTION

On motion of Mr. King (R), the following remarks by Representative Chandler were ordered inserted into the Journal.

Mr. Chandler: "I think there is very definitely a difference of opinion here on what the response to Representative Berleen's question would be. I intend to vote for this bill, and I do so gladly, but I do not do so with the understanding that subsequent legislatures can shift the local government responsibilities which, under the provisions of Initiative 62, would require that revenues go with them, and then come back and say that we did that in the 1982 Legislature with the adoption of the local option sales tax. I do hope that view is shared by the majority here, and that we will, at least, show in the record that there is a difference of opinion should anyone care to look in the future."

Ms. Teutsch spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 4972, and the bill passed the House by the following vote: Yeas, 75; nays, 23; not voting, 0.

Engrossed Senate Bill No. 4972, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Mr. Nelson (G), Engrossed Senate Bill No. 4972 was ordered immediately transmitted to the Senate.

On motion of Mr. Nelson (G), the House advanced to the seventh order of business.

THIRD READING

ENGROSSED SENATE BILL NO. 4705 as amended by the House, by Senators Gallaghan, Rasmussen, Shinpoch, Deccio, Metcalf, Quigg, Vognild and Haley:

Authorizing the use of credit cards for state purchases.

The bill was read the third time and placed on final passage.

The Speaker stated the question before the House to be a Point of Order raised by Representative Heck.

SPEAKER'S RULING

The Speaker: "Representative Heck raised a point of order challenging this bill under the terms of Senate Concurrent Resolution No. 150. The Speaker has examined Senate Concurrent Resolution No. 150 and finds that it exempts fiscal issues. In reading Senate Bill 4705, it is an act relating to state purchasing. In examining the bill reports and other data by the committee, I find it will significantly enhance auditing of state expenditures and can save substantial moneys by allowing the state to benefit from cash purchasers subsidizing the credit industry. I would find, under those terms, Representative Heck, that your point of order is not well taken."

Representatives Addison and Kaiser spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 4705 as amended by the House, and the bill passed the House by the following vote: Yeas, 97; nays, 1; not voting, 0.

Voting nay: Representative Nickell.

Engrossed Senate Bill No. 4705 as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. Nelson (G), Engrossed Senate Bill No. 4705 as amended by the House, was ordered immediately transmitted to the Senate.

On motion of Mr. Nelson (G), Engrossed Substitute Senate Bill No. 4996 was ordered immediately transmitted to the Senate.

On motion of Mr. Nelson (G), the House advanced to the eighth order of business.

ELECTION OF CHIEF CLERK

On motion of Mr. Nelson (G), a unanimous ballot was cast to declare the Office of Chief Clerk vacant for the purpose of electing a Chief Clerk.

POINT OF PERSONAL PRIVILEGE

Mr. Nelson (G): "Mr. Speaker, for the last week we have been served by a lady who, I think, has just done a tremendous job of keeping order at the bar of the House. One who certainly has done a tremendous job during the final week in which we undergo an awful lot of pressure processing papers that very few of us ever really see. I'd like to compliment Patsy Williams for a great job of keeping things in order, especially all those pieces of paper that are amendments to these bills. They quite often end up coming up late and require a great deal of expediting, and I think the body should recognize the tremendous work she has done for us."

POINT OF PERSONAL PRIVILEGE

Mr. Williams: "I would like to add to Representative Nelson's remarks. We really need to take this opportunity to congratulate Patsy for the fine job she has done in taking over in a
very hectic time of the session and being able to keep order up there, particularly with the tremendous amount to do and the large amount of paperwork. It is significant that Patsy stepped into the Chief Clerk's position, after being unanimously elected, as the youngest Chief Clerk we have had in the House. That she did this, I think, speaks well for her integrity. She was recognized by both sides of the aisle as someone who would fill in the role at a very key time of the session and do an excellent job. Pasty has had the opportunity to work for the house for a little over three years and she has been a secretary; worked in the office of the ombudsman; she has been a researcher; assistant to the Chief Clerk and Chief Clerk. Mr. Speaker, I asked her what she wants to do next, and I think maybe you should worry a little because she informed me her next goal is to be Speaker since it does not require a person to be elected."

The Speaker declared that nominations for the office of Chief Clerk were in order.

Mr. Nelson (G) nominated Franz J. Wiechers-Gregory for the position of Chief Clerk.

On motion of Mr. Struthers, the nominations were closed.

On motion of Mr. Nelson (G), a unanimous ballot was cast for Franz J. Wiechers-Gregory for Chief Clerk.

**ELECTION OF ASSISTANT CHIEF CLERK**

The Speaker declared that nominations for the office of Assistant Chief Clerk were in order.

**POINT OF ORDER**

Mr. O'Brien: "I'm looking at Rule 3, and I don't see any provision for Assistant Chief Clerk. It would appear to me that you would have to amend Rule 3 to provide for the election of Assistant Chief Clerk."

**SPEAKER'S RULING**

The Speaker: "Representative O'Brien, the House can elect any officer without having it specifically mentioned in the House Rules."

Mr. Amen nominated Donald Meyer for the office of Assistant Chief Clerk.

On motion of Mr. Struthers, the nominations were closed and a unanimous ballot was cast for Donald Meyer for Assistant Chief Clerk.

The Speaker instructed the Sergeant at Arms to escort Franz J. Wiechers-Gregory and Donald Meyer to the rostrum. The Speaker administered the oath of office to them.

I, Ralph Munro, Secretary of State of the State of Washington and custodian of the official seal of the State, do hereby certify that the attached copy of the Proclamation of the Governor calling an extraordinary session of the Legislature of the State of Washington to convene on the 26th Day of June, 1982, is a true, correct and complete copy of the original of said proclamation now on file in this office.

PROCLAMATION BY THE GOVERNOR

The State of Washington is in a fiscal and budgetary crisis. Revenues continue to fall short of previously anticipated levels, and will not meet the needs of the state and its people. It
is therefore necessary for me to convene the legislature in extraordinary session for the purpose of modifying laws relating to the revenues and expenditures of the state.

NOW, THEREFORE, I, John Spellman, Governor of the State of Washington, by virtue of the authority vested in me by Article II, Section 12 and Article III, Section 7 of the State Constitution, do hereby convene the Washington State Legislature in extraordinary session in the Capitol at Olympia at 9:00 a.m. on June 26, 1982.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia this 24th date of June, A.D., nineteen hundred and eighty—two.

(Seal)

JOHN SPELLMAN, Governor

MESSAGE FROM THE GOVERNOR

June 26, 1982

To the 47th Legislature in its Second Extraordinary Session of 1982

Only twice before in the history of Washington has its legislature been called into a summer session in an election year. And never before in the history of our state has a legislature had to deal with an emergency as profound and protracted as the budget crisis that has brought the 47th Legislature back to Olympia for its fourth special session.

During the past two weeks, your leadership and I have been meeting regularly in order to lay the foundation for a bipartisan, bicameral solution to the crisis we face. These meetings have been characterized by a tremendous spirit of cooperation, and great progress toward consensus has been the fruit of our labor. It is my fervent hope that this spirit will continue and will ensure a successful session.

Each of us may have a pet plan for resolving this emergency - a plan that reflects our personal philosophies or the desires of our political constituencies. But such concerns must now yield to the spirit of cooperation that has emerged. The likelihood that any individual point of view will find a complete victory in this special session is minimal.

This special session presents the opportunity to mitigate the across-the-board chaos of an 8.2 percent reduction in state services. The executive order imposing those cuts defined the "worst case;" it is the fourth such order I have had to issue in compliance with state law.

Some improvement of this situation is better than no improvement. Any solution is better than no solution.

I assure you of my support for any solution that, together, we are able to achieve. And I wish you Godspeed in your crucial deliberations.

JOHN SPELLMAN, Governor

POINT OF INQUIRY

Ms. Brekke yielded to question by Ms. Galloway.

Ms. Galloway: "Representative Brekke, we have a sheet of paper on our desks that refers to the social services cuts. I wonder if you might give some brief explanation of how the cuts in this budget might effect these programs with the expected cuts on the federal level?"

Ms. Brekke: "Representative Galloway, I'd like to point out that the concern I have is with the social service budget cuts that are embodied in this budget bill. The ones in this bill look innocuous enough in section I, the decision package recommended by the Department of Social and Health Services. My concern is with the expected budget cuts on the federal level. They can be as high as $55 million. These will be directed cuts. The expected impact upon our system will be $30 to $40 million of state funds. That will be effective in October. I certainly hope that we will not be here in October. Therefore, this is the one and only time that we have to deal with the potential effect of both cuts. I have gone back to the priority limiting that Department of Social and Health Services Secretary Gibbs has recommended and has indicated that he will continue this prioritization. On this paper are listed many—not all—of the cuts in section 2, which will, in fact, occur in October. It will be a delayed effect of what is done here tonight. I'll mention a few, but you can read the rest for yourself. Mental health—community mental health—the seriously disturbed clients will be reduced by ten percent—4700 seriously disturbed patients will not receive basic mental health services. The portal program at Northern State [Hospital] will be closed. One hundred thirty chronically disturbed adults who are presently being served will be removed from there. The long-term residential treatment section of the alcohol abuse program will be eliminated. That will impact 1,100 clients and in the DSHS remarks, it indicated that these clients 'do not recover without treatment, will continue to degenerate and eventually die.' The aging and adult services, the senior citizen services, which has three years to go, fifty percent cut. Chore services, the contracting of all these chore services that was instituted about three years ago is now eliminated in this program. 6,700 chore service recipients on the contracted program will be transferred to the individual provider program. The department estimates that 1,500 of these individuals would soon terminate as a consequence of the difficulty in finding and employing providers, which the individuals would have to do. Another one of note that was exempted is the medically indigent deductible which would return from $500 to $1500. I hope you'll look at the rest."

Mr. Nisbet spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Chandler yielded to question by Mr. Lundquist.

Mr. Lundquist: "Representative Chandler, is there any situation in this bill that's being passed here that the portal program will be closed?"
Mr. Chandler: "No, Representative Lundquist, there is no stipulation for that or any of the other things. What the previous speaker was referring to was the reprioritization or a list of anticipated actions which would be taken by the secretary of the Department of Social and Health Services. As my colleague, Representative Nisbet, has pointed out, it's a 'what-if' list. There is nothing here that says anything specific about the portal program or any other."

Mr. Grimm spoke in favor of passage of the bill.

POINT OF PERSONAL PRIVILEGE

Mr. Taylor: "Since this is the last session for Representative Amen, I would like to make a few remarks. We've talked about working together; we've talked about understanding, and we've even talked about kindness and compassion. I think tonight, as Speaker Pro Tem Otto Amen observes his last sine die, I would like to pay tribute to him. I had my office next door to him when I was a freshman, albeit a rather old freshman, but I learned so much. It took Otto awhile to teach me some things, but I think all of us tonight will look with real regret upon the leaving of a man who has been regarded as one of the most respected legislators and nicest people in the history of the state of Washington who has ever sat in this body. I'd like you to join me in a standing ovation for Otto Amen."

Mr. O'Brien: "Mr. Speaker and ladies and gentlemen of the House, I've known Otto Amen for a good number of years, too, and I can tell you that I enjoyed working with Representative Amen, your Speaker Pro Tem. He's always been a gentleman of the highest caliber. He was always fair and impartial. You could talk to Otto, and he would understand your feelings. I think this is a remarkable trait for anyone—his complete understanding of human nature. I know that since we've been in the minority that it was always very pleasant to talk to someone on your side who would look to our problems and give us a friendly ear. I know the State Legislature is going to miss Representative Amen because he made a great contribution here. I certainly wish you well, Otto, in the years to come because you've been a real gentleman and friend to me."

POINT OF PERSONAL PRIVILEGE

Mr. Nelson (G): "Mr. Speaker, I would like to take this opportunity to compliment you and to thank you for a lot of long hours on behalf of this body. I'm sure that I say so on behalf of members of the House of Representatives, because, I think, we all realize the amount of effort you have had to place into the job of Speaker of the House of Representatives. You have set a tremendous example for those who may follow in your footsteps in having set some fantastic goals for a legislature such as this one and having accomplished so many of them in a style of leadership that, I think, a lot of us would like to have as part of our repertoire in seeing things accomplished in these Chambers. I think we are especially happy with the fact, that during the course of this Speaker's term, he has been quick of wit; has always had a smile on his face, which broke a lot of tensions in these chambers in many cases in negotiating processes. I think that is certainly a characteristic that we're not going to forget. We're thankful, also, that you've had the opportunity to extend to this body the effort for obtaining a great number of things that perhaps we would have never had the opportunity to pursue—the changes in many of the administrative activities and the new voting board that will benefit future legislatures. Perhaps, we don't recognize how valuable that is now, but once we get started, I think everybody will realize that you were the one who was serving at the time we instituted some streamlined processes.

"In saying my final thank you to you, we hope you enjoy your career in which you will now be able to participate one-hundred percent. I'm sure your family will be happy to share more of your time. Thank you very much."

GOVERNOR’S MESSAGES ON HOUSE BILLS
VETOED AND PARTIALLY VETOED

April 3, 1982

To the Honorable,
the House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to Sections 6 and 7 of SUBSTITUTE HOUSE BILL NO. 58 entitled:
"AN ACT Relating to local government."

Sections 6 and 7 would restrict the membership of joint city-county housing authorities. Absent fuller discussion of the issue — which did not occur during public hearings on this bill — my inclination is to allow the local governments that establish the joint authorities to determine the most appropriate membership of the authorities.

Respectfully submitted,
JOHN SPELLMAN, Governor.

April 20, 1982

To the Honorable,
the House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to Sections 14, 15 and 16(2), SECOND SUBSTITUTE HOUSE BILL NO. 124, entitled:
"AN ACT Relating to public employment; amending certain sections of RCW 28B and RCW 41.04 and other sections and declaring an emergency."

Section 14 directs that the state general fund full-time equivalent employment of any state agency during any month not exceed the average monthly state general fund FTE employment of the previous calendar year or the state general fund FTE employment of the same month of the previous year. Section 14 also limits replacement of state general fund-supported employees to 50 percent of those leaving employment after December 31, 1981.

Employee attrition does not occur evenly between agencies. Agencies with high turnover would be severely affected, particularly in view of staffing reductions that have already occurred. The hiring freeze imposed by Section 14 is overly restrictive; it does not allow for exceptions to meet critical needs, nor does it allow for the planning and control that is essential to good management. In addition, the exempting provisions of this bill will result in an unfair burden being placed on the remainder of state government. For these reasons, I have vetoed Section 14.
Section 15 requires agencies to report every six months to the Office of Financial Management (OFM) the number of vacancies created and positions filled. OFM must present this information to the legislature 15 days thereafter. To require additional paperwork of questionable purpose and value is not appropriate during times of budgetary and staffing reductions. The OFM presently collects and distributes sufficient information to keep the legislature and me adequately informed as to the status of state agency staffing.

Subsection (2) of Section 16 is a study requirement related to Section 14 and is therefore unnecessary.

With the exceptions noted above, Second Substitute House Bill No. 124 is approved.

Respectfully submitted,
JOHN SPELLMAN, Governor.

April 3, 1982

To the Honorable,
the House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one paragraph of SECOND SUBSTITUTE HOUSE BILL NO. 378 entitled:
"AN ACT Relating to the regulation of cosmetology."

The paragraph beginning on page 10, line 24, and ending on page 11, line 2, would require public postsecondary schools, as a precondition for the issuance of a cosmetology school location license, to perform extensive market surveys. The purpose of these market surveys would be to demonstrate either unmet demand for cosmetologists or unsatisfactory servicing of current students.

Our community colleges routinely conduct market surveys before establishing new programs. This is a matter of prudent management. Thus, this statutory requirement is not necessary. In addition, this paragraph contains standards which would be difficult to enforce, creates duplicate roles for the Department of Licensing and the Community College Board, and may lead to inequitable treatment of students in certain areas of the state.

With the exception of the paragraph referenced above, Second Substitute Bill No. 378 is approved.

Respectfully submitted,
JOHN SPELLMAN, Governor.

April 20, 1982

To the Honorable,
the House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to Section 30 of HOUSE BILL NO. 600, entitled:
"AN ACT Relating to crimes."
The Implied Consent Law, passed by the voters of this state in 1969, provides that a person's privilege to drive is conditioned on a promise to take a breathalyzer test when suspected of driving under the influence of alcohol. Failure to take the test results in a six-month loss of license.

Section 30 would undermine the Implied Consent Law. It would permit persons who refuse the breathalyzer and who subsequently are found guilty of DWI to apply for an occupational driver's license. Ironically, those who were acquitted of the charges could not apply for the occupational permit.

If we are to have an Implied Consent Law—and I believe we should—we must enforce it. There must be a clear consequence to refusing the breathalyzer; otherwise, the Implied Consent Law will be intolerably weakened.

With the exception of Section 30, which I have vetoed, House Bill No. 600 is approved.

Respectfully submitted,
JOHN SPELLMAN, Governor.

For Veto Message on SUBSTITUTE HOUSE BILL NO. 811, see page 287.
For Veto Message on HOUSE BILL NO. 826, see page 1255.

April 20, 1982

To the Honorable,
the House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval HOUSE BILL NO. 829, entitled:

"AN ACT Relating to elected officials."

The words "or identifying information" on page 1, line 15, are ambiguous. It is not clear whether they refer to information identifying an elected official or information identifying a ballot issue. If the latter interpretation were accepted, the previous part of the sentence would prohibit local elected officials from using standard letterhead to distribute any printed information to the electorate within 90 days of an election.

There are proper administrative functions, including the general distribution of government information on a wide variety of subjects, that should not come to a 90-day standstill simply because the official in charge is facing an election.

While the intent of preventing mailing abuses by elected officials is admirable, this bill goes too far and would inhibit legitimate functions of government. I would welcome more carefully drawn legislation.

For these reasons I have vetoed House Bill No. 829.

Respectfully submitted,
JOHN SPELLMAN, Governor.
To the Honorable,  
the House of Representatives  
of the State of Washington  
Ladies and Gentlemen:  
I am returning herewith without my approval as to Sections 3 and 4 of HOUSE BILL NO. 851, entitled:  
"AN ACT Relating to eligibility for services from the developmental disabilities division of the department of social and health services."  
Section 3 of this Act is the current federal definition of developmental disabilities, which is designated in Section 4 to take effect March 1, 1983. When this occurs, the federal definition will be in conflict with another definition of developmental disabilities also contained in the bill. I have vetoed Sections 3 and 4 to avoid difficulties in the future interpretation of this section of the Code.

Respectfully submitted,  
JOHN SPELLMAN, Governor.

April 3, 1982

To the Honorable,  
the House of Representatives  
of the State of Washington  
Ladies and Gentlemen:  
I am returning herewith without my approval as to Sections 11, 12 and 17 of SUBSTITUTE HOUSE BILL NO. 875, entitled:  
"AN ACT Relating to state government."  
Sections 11, 12 and 17 would effect the termination of the Model Litter Control and Recycling Program on June 30, 1983. In order to comply with the provisions of the Sunset Act, a review of the program would have to be completed by June 30, 1982. Such a short time period is not adequate for a full review of the program.  
With the exception of Sections 11, 12 and 17, Substitute House Bill No. 875 is approved.

Respectfully submitted,  
JOHN SPELLMAN, Governor.

April 3, 1982

To the Honorable,  
the House of Representatives  
of the State of Washington  
Ladies and Gentlemen:  
I am returning herewith without my approval as to subsections (1) and (3) of Section 4 of SUBSTITUTE HOUSE BILL NO. 891, entitled:  
"AN ACT Relating to medicare supplemental health insurance."
I have signed into law the main body of the bill. However, subsections (1) and (3) of Section 4 would repeal two current statutes which I feel should remain law. These are RCW 48.66.030 and RCW 48.66.140, both of which contain important consumer protections.

Respectfully submitted,
JOHN SPELLMAN, Governor.

March 27, 1982

To the Honorable,
The House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to Section 1(1)(b), SECOND SUBSTITUTE HOUSE BILL NO. 987, entitled:
"An Act Relating to school district employees."

This section would prohibit school boards from paying school employees for unused vacation leave.

Since other state employees are not similarly restricted, it is inequitable to single out one group of employees for differential treatment. Any reform in this area should be uniform.

With the exception of Section 1(1)(b), which I have vetoed, the remainder of Second Substitute House Bill No. 987 is approved.

Respectfully submitted,
JOHN SPELLMAN, Governor.

April 20, 1982

To the Honorable,
the House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to Section 30 of SUBSTITUTE HOUSE BILL NO. 1226, entitled:
"AN ACT Relating to public employees."

I have vetoed Section 30 on pages 27 and 28, and all references to Section 30 on pages 13, 15, 23, 24, 25 and 27.

Section 30 calls for legislative review and approval of the proposed administrative rules for implementing the act. Failure of the legislature to approve the rules would void several sections of the act. In addition to presenting some constitutional issues relating to the functions of the legislative and executive branches, implementation of this section creates too much uncertainty as to when or whether the law will become effective.

With the exception of Section 30 and the references to it, which I have vetoed, Substitute House Bill No. 1226 is approved.

Respectfully submitted,
JOHN SPELLMAN, Governor.
April 20, 1982

To the Honorable,
the House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to Section 16, subsection (60) of SUBSTITUTE HOUSE BILL NO. 1230, entitled: "AN ACT Relating to appropriations."

New language in Section 16, subsection (60) would require the Department of Fisheries to locate eight salmon-rearing pens at McNeil Island. This is a good idea which the Department of Fisheries is working to implement. But such a project may violate our agreement with the federal government regarding the use of McNeil Island. If, for this reason, the pens at McNeil Island are not possible, the funds should be used for pens elsewhere. The new language would not permit this; vetoing it will permit the Director of Fisheries to make the best use of his limited funds.

With the exception of Section 16, subsection (60), which I have vetoed, House Bill No. 1230 is approved.

Respectfully submitted,
JOHN SPELLMAN, Governor.
