The Honorable William M. Polk, Speaker of the House of Representatives The Legislature of the State of Washington Olympia, Washington

Dear Mr. Speaker:
I, Ralph Munro, Secretary of State of the State of Washington and custodian of the official seal of the State, do hereby certify that the attached copy of the proclamation of the Governor calling an extraordinary session of the Legislature of the State of Washington to convene on the 9th day of November, 1981, is a true, correct and complete copy of the original of said proclamation now on file in this office.

RALPH MUNRO, Secretary of State.

PROCLAMATION OF GOVERNOR

The State of Washington faces a financial crisis unprecedented in scope and depth. The short-term and long-term financial health of the state government, as well as those essential services that depend on a fiscally sound government, have been jeopardized by a national recession that acutely affects the State of Washington, by high inflation, by reductions in federal monies going to the states, and by a dramatic reduction in state revenues, which will not now meet even the severely reduced biennial budget enacted by the 1981 Regular Session. This financial crisis must be met by positive and timely action by the Washington State Legislature.

NOW, THEREFORE, I, John Spellman, Governor of the State of Washington, by virtue of the authority vested in me by Article II, Section 12 (Amendment 68), and Article III, Section 7, of the State Constitution, do hereby convene the Washington State Legislature in special (extraordinary) session for a period not exceeding 30 days in the capitol at Olympia, at 9:00 a.m., November 9, 1981. The session is convened for the purpose of enacting measures necessary to effect feasible state expenditure reductions, to provide additional state and local revenues, and to preserve public safety.
IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia this 6th day of November, A. D., nineteen hundred and eighty-one.

(Seal of State of Washington)

GOVERNOR'S MESSAGE

Governor Spellman: "Governor Cherberg, Mr. Speaker, members of the Legislature, ladies and gentlemen: We come together today to head off catastrophe. I've called you into Special Session to meet an unprecedented challenge.

Six months ago, when your last session ended, I congratulated you for responsibly meeting the challenges that you faced then. We cut back the growth of state government by $850 million. Since that last time we met, the state government has absorbed a further $400 million cut in federal revenue. If we had not met today, and if we fail to meet the clear and present danger that confronts us today, the result would be certain across-the-board catastrophe. The law dictates that unless we act in this special session, the ten percent cuts will stand and the courts still may conclude that those cuts must be twenty percent in all areas except the common schools. But cuts of that depth would be catastrophic and chaotic. If we fail to meet the present challenge, there will be no choice but to turn violent prisoners free on the streets. If we fail to meet the challenge, there will be no choice but to abandon more mentally ill to wander the sidewalks helplessly—those streets and sidewalks grow more crowded every day with the unemployed, the hapless victims of national recession. If we fail, access to higher education will be severely restricted. If we fail, we shall fundamentally weaken the basic education of every
child in our state and that means throwing away our future. If we fail, the safety match that makes the difference between despair and hope for the genuinely needy, the poor, the aged, the handicapped and the dependent children will be ripped to shreds. We must not let that happen. It would set the state back half a century. Worse, it would jeopardize the fundamental institutions that we, the people of the State of Washington, have so carefully built and nurtured.

*Be it resolved, that we shall not fail. To succeed we must adopt a balanced program that maintains vital services while paring the desirable services. Those vital services that cannot sustain further cuts must be protected from disintegration by additional taxation.

*Now, none of us like the idea of increasing a single tax, and none of our constituents want to pay an unnecessary tax, but after we have already made substantial cuts in programs, the alternative to taxation is to abandon the state's historical commitment to those critical services that maintain domestic tranquility, that protect our quality of life and secure the opportunity of every Washingtonian to pursue happiness. We can abandon our heritage and put our state's future at great risk or we can increase taxes to the extent necessary to maintain those most vital services during a period of temporary recession.

*For me the choice is clear—I choose a fair tax increase—not catastrophe. I choose compassion, not chaos; I choose prisons and other institutions adequate to meet our needs. I choose quality education for our children. I choose economic development to fight recession. I choose to keep the safety nets in place. I choose to care. Throughout our history the people of the State of Washington have chosen to care. In good times and in bad times, Washingtonians have courageously protected and assisted the most fragile members of our society. We have always helped the helpless.

*It will take courage to keep that faith, to do what must be done. The easy course is to point fingers of blame for our present plight. The convenient course is to split on party lines and bog down in inaction. The self-satisfying course is to let others cast the tough votes and sometimes unpopular votes, but that is not the history of the State of Washington or of its legislature.

*In our first meeting in these chambers, last January, we were faced with a mandate to cut the size of the growth of state government and we are succeeding. We face another mandate today. It is a mandate of conscience. The future of the state of Washington will be decided within the next few weeks. The Legislature of this state now holds the social fabric of our society in its hands and it must decide whether to protect it or to allow it to unravel. When I first met with you last January 14th, I spoke of the possibility of a new era of candor, a year of candor and cooperation between the executive and the legislative branches. I said that working together we can meet any challenge, and I am today even more committed to that pledge of cooperation. Let both branches of government, let both Houses of the Legislature, both sides of the aisle rededicate ourselves to working together with mutual respect, for the times and the people we serve demand no less. We must succeed in meeting this mandate of conscience and with God's help we shall.*

The President of the Senate requested the special committee to escort Governor Spellman from the House to his office.

On motion of Mr. Nelson (G), the Joint Session was dissolved.

The President of the Senate returned the gavel to the Speaker.

The Speaker requested the Sergeants at Arms of the Senate and the House to escort President Cheroërg, President Pro Tem Guess and Vice President Pro Tem Clarke and the Senators to the Senate Chamber.

To Committee on Revenue

MOTION

Mr. Nelson (G) moved that the bills listed on today's agenda under the fourth order of business be considered first reading and be referred to the committees designated.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Mr. King (R).

Mr. King (R): "Representative Nelson, is it the leadership's intention to work bills in this short session that have been referred to the newly-created committee?"
Mr. Nelson (G): "If a bill comes before the body from that committee it would be my intention that would be the preference."

Mr. King (R): "I guess I'm referring to a concern that many people have expressed that this session be limited to just the matters of the financial problems facing the state. Some of these, I'm sure, might have an indirect effect in terms of potential tax revenue, but certainly wouldn't take the same priority as others. I just wondered what the rush was to get these bills into committee?"

Mr. Nelson (G): "Representative King and members of the body, I think we all realize that part of this session would deal with streamlining state government for cost reductions and from what we've been able to obtain from Representative Williams and this select committee, there are some suggestions that should be considered by this select committee as to their merits. That's the intent."

POINT OF PARLIAMENTARY INQUIRY

Mr. Heck: "I notice that on today's introductions and first reading of bills, that there are several that have committee sponsorship and I'm reading Rule 11, and my understanding of Rule 11 is that the only way in which a bill can be sponsored by a committee is that it be so directed by the Rules Committee or go through the Proposed Measure process. It's further my understanding that none of these bills have actually gone through that process. Could you clarify for me how it is that these bills can appear as having committee sponsorship?"

The Speaker: "Representative Heck, under Rule 11, as you correctly point out, the Rules Committee would be required to name the committee as sponsor. We are fully prepared to do that. It was our intention to expedite this as much as possible for the benefit of your members and our members, the press and the public, to have this handled as quickly as possible; however, if you wish to make a point of order, Representative Heck, I'm prepared to put the House at ease immediately for the purpose of a Rules Committee meeting."

MOTION

Mr. Burns moved that the motion by Representative Nelson (G) be amended and HOUSE BILL NO. 784 be referred to Committee on Higher Education.

Representatives Burns and Grimm spoke in favor of the motion, and Mr. McDonald spoke against it.

Mr. Brown demanded an electric roll call vote and the demand was sustained.

Representatives Burns and Grimm spoke again in favor of the motion to amend the Nelson (G) motion, and Mr. McDonald spoke again in opposition to it. Representative Teutsch spoke against the motion.

ROLL CALL

The Clerk called the roll on the motion by Representative Burns to amend the motion by Representative Nelson (G) and refer House Bill No. 784 to Committee on Higher Education, and the motion was lost by the following vote: Yeas, 43; nays, 53; not voting, 2.

Not voting: Representatives Hastings, Tupper.

MOTION

On motion of Mr. Nelson (G), further consideration of the motion to refer the bills on the agenda to the committees designated was deferred.

INTRODUCTION AND FIRST READING

HOUSE CONCURRENT RESOLUTION NO. 31, by Representative Nelson (G):

Carrying over bills from the first extraordinary session.

On motion of Mr. Nelson (G), the rules were suspended, the second reading considered the third, and the resolution was placed on final passage and adopted.

On motion of Mr. Nelson (G), House Concurrent Resolution No. 31 was ordered immediately transmitted to the Senate.

The Speaker stated the question before the House to be the motion by Representative Nelson (G) that the bills listed on today’s agenda under the fourth order of business be referred to the committees designated.

Representatives Valle, Bender and Salatino spoke against the motion, and Mr. Taylor spoke in favor of it.

The motion was adopted.

SPEAKER’S PRIVILEGE

The Speaker: "Ladies and gentlemen of the House, it has been now approximately seven weeks since the first announcements of the fiscal situation that brought us here this morning were made known. The best information that we have available to us leaves no doubt that we are indeed facing a fiscal crisis that is unprecedented in its severity in the state of Washington, both to the government of the state and to the people of the state. This morning, the Governor outlined for us the nature of and the reasons for the problems that we are to address in the coming days. No comfort can be taken from the fact that other states are in exactly the same kind of shape that we are. Across the country, federal, state and local governments, public and private institutions all face similar problems as we are facing in trying to bring an inflation-ridden economy under control. Those that address these problems with a reasonably sound approach will emerge from this crisis, I believe, as stronger institutions. That means that we are going to have to be working in the few weeks ahead of us as diligently as possible to come to grips with the problems that abound."

"We've had one hundred seventy-five hours of public hearings in the last several weeks and countless hours of work by the members of this body and by staff. I feel that this Legislature—I am confident that this Legislature—is ready to work toward a solution to the problems that we all admit and freely acknowledge that we do have. I am certain that we will do so in the most efficient and expeditious way possible with a minimum of political rancor that has often marked legislative assemblies. In the opening of this legislature back in January of this year, I said that creative and productive people cannot and should not be managed. I believe that even more strongly today, that creative people like you are not manageable. You have a right to expect a framework in which to work towards solutions to problems. I think our President said it a few months ago about as well as anyone could possibly say, what we are up against right now: 'If not us, who? If not now, when?'"

POINT OF PERSONAL PRIVILEGE

Mr. Ehlers: "We, on our side, will cooperate in a bipartisan way because I think the Governor did outline the seriousness of the problem. However, I think it also must be said from our side that we are ready to guide everything in this session—every tax measure, every cut in programs, any additions to programs, every piece of legislation—based on six principles which we will use this session for measuring each and every bill that comes to us.

"One is the item of fiscal integrity. We are concerned about the credit rating of the state and returning it to the fine credit rating that we have had in the past. We cannot afford interest payments of $5,000 an hour, twenty-four hours a day, seven days a week. We cannot afford the lowered bond rating of the state. The taxpayers cannot afford it. We don't think it's good management, and we certainly are going to look at everything in the light of fiscal integrity.

"We are concerned about a second principle, and that is the area of gimmicks. We believe that there shall be no more gimmicks; no more changing from one treasurer's account to another account; no more lightbulb switching. We don't believe we can afford that. That's what got us into the mess we are in now.

"Certainly, we believe that we want to cooperate in the area of wise cuts. There are cuts, we believe, that will not, hopefully, impact individuals who need the help. We believe that they
should be compassionate cuts, just like your governor said. We promise that that we will seri­ously look at the cuts you are proposing. There should not be cuts if, in the long run, they are not cost-effective.

"Frankly, there are other principles, but I want to leave you with a last one, the fourth one today. That's the area of open government. Whatever we do in this body, whatever we do in the area of these principles, it should be openly arrived at with accountability so the people out there know how Representative Ehlers voted, how Representative Dick Nelson voted, Gary Nelson, Nisbet, whomever. If there is one thing I've learned in the last few months going around this state, it is that people want to know how their representative votes—on either side of the issue. So we should urge that we open up the process, and that whatever we do with fiscal integrity, working together, we can find solutions, but let's find them together. Please."

MOTION

On motion of Mr. Hastings, the bills listed on today's agenda under the fourth order of business were considered first reading and were passed to the committees designated.

MOTION

Mr. Heck moved that HOUSE BILL NO. 786 and HOUSE BILL NO. 787 be made a Special Order of Business at 10:00 a.m., January 20, 1982.

SPEAKER'S RULING

The Speaker: "Representative Heck, your motion would be setting a time certain for these bills beyond the constitutional limit of this extraordinary session. Therefore, I will not accept the motion as stated."

POINT OF PARLIAMENTARY INQUIRY

Mr. Heck: "Where, in either our rules or Reed's Rules does it state that we cannot put a motion to place to a day certain bills that are before us to the next session?"

The Speaker: "Representative Heck, the effect of this session is that we were called here for thirty days under the terms of our Constitution, and the body only can deal with the matters that can be handled in those thirty days. If you are going to make a motion that would treat this as a tabling motion, you may offer a motion to table or otherwise dispose of them in that fashion."

Mr. Heck: "I'd like to point out to you, Mr. Speaker, that according to your own rules this session is considered the full two-year period of time for which the members of this body are elected. I'd like to point out further, Mr. Speaker, that the proclamation by which we sit in session today, signed by Governor Spellman and attested to by Secretary of State Munro, states explicitly that this session is convened for the purpose of enacting measures necessary to effect peaceful state expenditure reductions, to provide additional state and local revenues and to preserve the public safety. I fail to see how these two measures relating to redistricting fall under the purview of any of that."

POINT OF PERSONAL PRIVILEGE

Mr. King (R): "Mr. Speaker, I'd like to note that today is Veterans' Day and that we are here celebrating it, for the first time in my memory, by not having a presentation of the colors of our nation or our state. I suppose that is done so we can hurry back to committees which are considering significantly reducing veterans' preferences for state employment and to committees which are considering abolishing the waiver of tuition for veterans."

The Speaker: "Representative King, the colors are going to be presented at the 1:30 p.m. session. We are here for a half-hour now hoping to do nothing more than read in the bills and go back to committee meetings."

The Speaker: "Is this a point of personal privilege, Representative Kreidler, or are you just making a speech?"

RESOLUTION

WHEREAS, November 11th, the anniversary of the signing of the armistice after the first World War has been the traditional date when this nation honors all the men and women who are veterans of that war and other wars; and
WHEREAS, The role of those who fought to keep America the home of the brave and the land of the free has always been one of honor and importance; and
WHEREAS, The nation owes no greater debt to any than to those who gave their lives for their country in war; and
WHEREAS, The service to their country of all veterans of the United States armed services is worthy of the highest recognition;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That this body specially recognizes and is deeply grateful for the great contribution of the citizens of this state who have served in the armed services of their country and salutes them on this day; and
BE IT FURTHER RESOLVED, That copies of this resolution be transmitted by the Chief Clerk of the House to the headquarters of each veterans' organization in the state.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Mr. Barrett.

Mr. Barrett: "Representative Nelson, I notice on our desks that there are some amendments relating to the rules and I want to clarify. Are the rules that we are going to be talking about the same rules that we passed in the 1981 session already held?"

Mr. Nelson (G): "My records indicate that, yes, we have addressed these two rules in previous times. In fact, two previous times, in which we heard a lot of distortions and a bending of the truth; a lot of political rhetoric that wasted our time. What was important at that time is important to us again. All of a sudden, we are faced with having rule changes which essentially take the time away from taking care of the people's business for which this special session was called. What it is really doing is forcing these Chambers to now address the same amendments to our rules, and I think the people, the responsible media here today, have already heard the actualities of these rules. They have served the body well and all of a sudden they want to cover it again.

"There is no question in my mind that what's going to happen here is that the Democrats who offered these amendments have set out to simply destroy the possible accomplishments of what we're trying to do in this session by wasting more time dealing with rules that don't need to be changed, and I find it very disgusting. In fact, Representative Barrett, I find it almost a crime to use the amount of time necessary for this again in that it costs about $55,000 to $60,000 a day for us to be here. I, for one, am going to keep track of the time used at this point by the minority party to waste what would otherwise be accomplished in good operations of this Chamber."

Representatives Grimm and Hine spoke in favor of the amendment, and Mr. Chandler spoke against it.

Mr. Brown demanded an electric roll call vote and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of the amendment to House Rule 15 by Representatives Ehlers, Heck and Grimm, and the amendment was not adopted by the following vote:

Yeas, 44; nays, 52; not voting, 2.

Not voting: Representatives Martinis, Sprague.

Mr. Heck moved adoption of the following amendment by Representatives Ehlers, Grimm and Heck:

Rule 16(A) after "shall be in order" insert": PROVIDED, That one-sixth (1/6th) of the members may demand that any vote be recorded for this journal"

Representatives Heck, Becker and Ehlers spoke in favor of the amendment, and Representatives Barrett, Struthers and Nelson (G) spoke against it.

THIRD DAY, NOVEMBER 11, 1981

On motion of Mr. Nelson (G), the House reverted to the fourth order of business.

NEW SECTION. Sec. 19.

On page 16, after line 26 insert the following:

"NEW SECTION. Sec. 18. The legislature recognizes that it is of paramount importance to the people of this state that their government be responsible and accountable. To this end, regular reapportionment and redistricting of state legislative and congressional districts is required to ensure fair and effective representation for the citizens of this state. The legislature further recognizes that local government districts should be regularly and fairly reapportioned and redistricted. Therefore, a decennial commission system is hereby established to provide for the development of plans, to be adopted into law without amendment, for reapportionment and redistricting, according to specific criteria and standards.

NEW SECTION. Sec. 19. After each decennial census made by authority of the United States after the effective date of this act, and thereafter in each year ending in one, a commission shall be established to provide for the development of plans, to be adopted into law without amendment, for the redistricting and reapportionment of state legislative and congressional districts as are required by law, and for the review of local redistricting plans. The commission shall be known as the voting boundary commission.

NEW SECTION. Sec. 20. State and congressional redistricting plans shall be drawn by the voting boundary commission according to the following apportionment standards:

(1) State legislative districts in each house of the legislature shall have population as nearly equal as is practicable, excluding transient military personnel, according to the population reported in the most recent federal decennial census. In no case may a single district have a population which varies by more than five percent from the average population of all districts.

(2) Congressional districts shall have a population as nearly equal as is practicable, excluding transient military personnel, according to the population reported in the most recent federal decennial census. In no case may a single district have a population which varies by more than two percent from the average population of all districts.

(4) All districts shall be drawn, as nearly as practicable, so as to be separated by existing natural or artificial barriers.

(5) All districts shall be drawn to coincide with the boundaries of local political subdivisions, if practicable and not inconsistent with other criteria.

(6) No district may be drawn for the purpose of diluting the voting strength of any language or racial minority group.

(7) No district may be drawn to purposely favor or disfavor any political party.

(8) Districts shall be drawn so as to minimize division of natural neighborhoods and communities of interest, whenever practicable.

NEW SECTION. Sec. 21. Members of the voting boundary commission shall be selected as follows:

(1) By January 1st of each year ending in one, the secretary of state shall give public notice of the establishment of that decade’s voting boundary commission to give reasonable and adequate opportunity for interested parties to offer nominations to the selecting authorities.

(2) By February 15, the selecting authorities shall announce their appointment, and certify those appointments to the secretary of state, of the persons selected to serve as voting boundary commission commissioners. If after February 15 an appointment has not been made, the vacancy shall be filled by appointment by the chief judges of the court of appeals divisions from a list of names submitted by the party leadership of the original selecting authority for that position. The leadership shall submit a list of at least three names to the court of appeals judges by March 1 and selection shall be made therefrom within five calendar days. If the selecting authority fails to submit a list of names to the court of appeals chief judges, it is the responsibility of the chief judges to appoint a commissioner of their own choosing by March 10 and certify the appointment to the secretary of state.

(10)(a) The decennial commission shall prepare state and congressional plans and review local government plans as expeditiously as possible. The commission shall take all necessary steps to conclude its business and cease operations, including a final report detailing financial expenditures and the disposition of all commission property, papers, and business, by October 31 of each year ending in two. The commission shall thereupon be terminated, until appointment of the next decade's commission: PROVIDED, That the commission may temporarily reconvene from time to time if necessary to hear and decide appeals from a challenged local plan, or if reconvened by the supreme court to comply with a court order for preparation of a new plan or revision of the existing plan.

POINT OF INQUIRY

Mr. Barrett yielded to question by Mr. Padden.

Mr. Padden: "Representative Barrett, where does the money actually come from for this? Are these new taxes we are talking about?"

Mr. Barrett: "Representative Padden, I'm aware that the money comes from a percentage of income to the state, from parimutuel horse race betting, and it is now in funds that are declared surplus and are going to be moved into this fund."

Mr. King (R) spoke against the bill, and Mr. Nelson (G) spoke in favor of it.

POINT OF INQUIRY

Mr. Barrett yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Barrett, when this bill came in, it was totally state money. It was amended in committee to split the cost half and half, and that has only been a very short amount of time. That suggests that there is a potential in the private sector, perhaps, for more money to fund this kind of activity. Do you know if the private sector has been asked as to how much they are willing to put up and might they not double that $500,000, and put up to a million dollars in it? Has there been an effort made to do that?"

Mr. Barrett: "Representative Nelson, I would point out that we haven't really asked them for this kind of participation in this kind of activity before. I have no doubt that once the state implements this program, once it puts together the coordinating and implementing offices that are going to be needed overseas, I rather expect that within a very few years, if it takes that long, the private sector will completely finance this kind of operation since it will be a successful one."

Mr. Nelson (D) spoke in opposition to the bill, and Mr. Sanders spoke again in favor of it.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 780, and the bill passed the House by the following vote: Yeas, 71; nays, 26; not voting, 1.

Engrossed House Bill No. 780, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE GOVERNOR

November 12, 1981

To the Honorable,
The Senate and the House of Representatives
of the State of Washington
Ladies and Gentlemen:

In compliance with the provisions of Section 11 of Article III of the Constitution of the state of Washington, I have the honor to submit herewith my report of the pardon of Mr. Richard E. Anderson, which has been granted since the adjournment of the First Extraordinary Session of the Forty-Seventh Regular Session of the Legislature.

Richard E. Anderson was found guilty of indecent liberties on January 27, 1948 in the Superior Court of Snohomish County, Washington, Cause Number 817. He then spent approximately eight months in the State Reformatory in Monroe and in Sedro-Woolley State Hospital before being paroled.

Since 1952, Mr. Anderson has worked for the American-Canadian Stratigraphic Service Company, where he is now Senior Geologist. In 1968, Mr. Anderson became a Canadian citizen. So long as his conviction stands, he cannot obtain a visa too work for his company in the United States, which would be advantageous to him and his company. On June 23, 1981 the Snohomish County Superior Court, on motion of a Snohomish County Deputy Prosecuting Attorney, "dismissed" the information filed in Cause Number 817 against Mr. Anderson. This dismissal, however, was not sufficient to clear the way for obtaining a visa.

The passage of 33 years since Mr. Anderson was convicted, his many years of productive work, and his justifiable reasons for wanting to work in the United States all indicate that a pardon of Mr. Anderson is in the interest of justice.

On November 10, 1981, Richard E. Anderson was pardoned from the judgment and sentence of indecent liberties (Cause Number 817) entered on January 27, 1948, by the Superior Court of the state of Washington for Snohomish County.

Respectfully submitted,
John Spellman, GOVERNOR.

(1) It is the policy of the state of Washington that, when conditions require reductions or layoffs in the workforce of any state agency, the state maintain those positions providing direct care or service to the public, clients, or residents of the state that are essential for their health and well-being, as well as maintain those positions maintaining the facilities and properties of the state.

(2) In furtherance of this policy, each agency head shall develop plans for implementing reductions or layoffs in the workforce. Plans shall identify those positions, including but not limited to executive, management, administrative and exempt positions, scheduled for reduction or layoff. Plans for implementing reductions or layoffs in the workforce shall be in relationship to the ratio between management and nonmanagement positions found in the agency. This shall not preclude agency heads from reducing or laying off management positions to a level exceeding the existing management to nonmanagement ratios.

(3) Such plans shall be negotiated in advance with the exclusive representative affected. All plans shall be submitted to the office of financial management. The director of financial management may grant exceptions to the requirements of subsections (1) and (2) of this section when the director finds that compliance would inordinately disrupt the delivery of services or maintenance of facilities and properties of the state.

(4) Whenever a reduction or layoff in workforce is required, each agency head shall prepare a list indicating the actual number of layoffs among executive, management, administrative, exempt, and other positions. Each agency head shall also prepare a detailed organizational chart indicating all agency positions and their interrelationships. All lists and organizational charts shall be submitted to and reviewed by the office of
financial management. On or before January 15, 1982, and each year thereafter, the office of financial manage-
ment shall file a report with the committees on state government of the senate and the house of represen-
tatives. The report shall contain: (a) A listing of actual layoffs among executive, management,
administrative, exempt, and other positions by each agency; (b) the organizational chart of each agency; (c)
recommendations for furthering the policy and requirements of this section; and (d) a listing indicating those
instances where the director of financial management has granted exemptions under subsection (3) of this
section.

Sec. 5. Section 4, chapter 36, Laws of 1969 ex. sess. as amended by section 1, chapter 94, Laws of 1977

one which is physically located outside the state of Washington and who is employed pursuant to RCW
28B.50.092 and assigned to an educational program operating outside of the state of Washington.

(2) Student, part time, or temporary employees, and part time professional consultants, as defined by
the higher education personnel board, employed by institutions of higher education and related boards.

(3) The director, his confidential secretary, assistant directors, and professional education employees of
the state board for community college education.

(4) The personnel director of the higher education personnel board and his confidential secretary.

(5) The governing board of each institution, and related boards, may also exempt from this chapter,
subject to the employees right of appeal to the higher education personnel board, classifications involving
research activities, counseling of students, extension or continuing education activities, graphic arts or publi-
cations activities requiring prescribed academic preparation or special training, and principal assistants to
executive heads of major administrative or academic divisions, as determined by the higher education per-
sonnel board: PROVIDED, That no nonacademic employee engaged in office, clerical, maintenance, or food
and trade services may be exempted by the higher education personnel board under this provision.

(6) The salary and fringe benefits of all exempt positions, except for the presidents, vicepresidents and
academic personnel in subsection (1) of this section, part-time professional consultants in subsection (2) of
this section, and the director under subsection (3) of this section, shall be determined by the higher educa-
tion personnel board.

Sec. 6. Section 5, chapter 36, Laws of 1969 ex. sess. and RCW 28B.16.050 are each amended to read as
follows:
Any employee having a classified service status in a position may take a temporary appointment in an
exempt position, with the right to return to his regular position, or to a like position, (at the conclusion of
such temporary appointment) within four years from the date of appointment to the exempt position.

NEW SECTION. Sec. 7. There is added to chapter 28B.16 RCW a new section to read as follows:

(1) It is the policy of the state of Washington that, when conditions require reductions or layoffs in the
workforce of any institution of higher education or related board, the institution of higher education or
related board maintain those positions providing direct care or service to the public, clients, or residents of
the state that are essential, as well as maintain those positions maintaining the facilities and properties of the
institution of higher education.

(2) In furtherance of this policy, each head of an institution of higher education or related board shall
develop plans for implementing reductions or layoffs in the workforce. Plans shall identify those positions,
including but not limited to executive, management, administrative and exempt positions, scheduled for
reduction or layoff. Plans for implementing reductions or layoffs in the workforce shall be in relationship to
the ratio between management and nonmanagement positions found in the institution of higher education or
related board. This shall not preclude heads of institutions of higher education or related boards from
reducing or laying off management positions to a level exceeding the existing management to nonmanage-
m ent ratios.

(3) Such plans shall be negotiated in advance with the exclusive representative affected. All plans shall
be submitted to the office of financial management. The director of financial management may grant excep-
tions to the requirements of subsections (1) and (2) of this section when the director finds that compliance
would inordinately disrupt the delivery of services or maintenance of facilities and properties of the institu-
tions of higher education.

(4) Whenever a reduction or layoff in workforce is required, each head of an institution of higher edu-
cation or related board shall prepare a list indicating the actual number of layoffs among executive, man-
agement, administrative, exempt, and other positions. Each head of an institution of higher education or
related board shall also prepare a detailed organizational chart indicating all positions and their interrela-
tionships. All lists and organizational charts shall be submitted to and reviewed by the office of financial
management. On or before January 15, 1982, and each year thereafter, the office of financial management
shall file a report with the committees on state government of the senate and the house of representatives.
The report shall contain: (a) A listing of actual layoffs among executive, management, administrative,
exempt, and other positions by each institution of higher education or related board; (b) the organizational
chart of each institution of higher education or related board; (c) recommendations for furthering the policy
Representatives Garson and Kreidler spoke in favor of the amendment, and Mr. Williams spoke against it.

Mr. Brown demanded an electric roll call vote and the demand was sustained.

Representatives Owen and Walk spoke in favor of the amendment, and Representatives James and McGinnis spoke against it.

Mr. Garson spoke again in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Garson, Kreidler, Vander Stoep, Rosbach, Owen and Sommers to Substitute House Bill No. 763, and the amendment was adopted by the following vote: Yeas, 53; nays, 45; not voting, 0.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Mr. Nelson (G) served notice that he would move for reconsideration of the vote by which the amendment by Representative Garson and others to Substitute House Bill No. 763 was adopted.

MOTION

On motion of Mr. Nelson (G), further consideration of Substitute House Bill No. 763 was deferred, and the bill was ordered placed on the bottom of today's second reading calendar.

HOUSE BILL NO. 774, by Representatives Sommers, Owen, Williams, Nisbet, Monohon, McCormick, Amen, Brown, Fiske, Grimm, Heck, Hine, Houchen, King (J), Leonard, Prince, Scott, Struthers and Walk:

Modifying jail space requirements.

The bill was read the second time. On motion of Ms. Houchen, Substitute House Bill No. 774 was substituted for House Bill No. 744, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 774 was read the second time. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Ms. Sommers spoke in favor of passage of the bill.

POINT OF INQUIRY

Ms. Sommers yielded to question by Mr. Struthers.

Mr. Struthers: "Representative Sommers, in the new section of the bill, on page 1, line 25, the bill refers to the physical plants operating and other standards. My question is: In using the language 'other standards,' where the original jail bond bill referred to 'physical plant standards and custodial and care standards,' would this 'other standards' be addressing the custodial and care standards that the original jail bond bill mentioned?"

Ms. Sommers: "Yes, I believe it will. I believe the word 'other' includes any other standards relating to jails. I might add that the committee added the word operating on that line. I suppose that they had remembered that the original bill used 'custodial and care' and that we might have added that language, but I think it's synonymous and that is certainly the intent."
Mr. Struthers spoke in favor of the bill.

POINT OF INQUIRY

Ms. Sommers yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Sommers, in section 3 of the bill, it says the local governments may use a share of the savings for capital costs relating to the jail, such as law enforcement offices, juvenile detention facilities, land, construction, remodeling, court facilities, equipment and furnishings. In effect, would you consider this breaking new ground in terms of what the state is willing to pay local government with respect to related jail construction?"

Ms. Sommers: "It is my understanding that it is different from the original proposal. For example, land was not covered and the intent here was to provide an incentive to local governments to enable them to review and perhaps to revise their design. We thought it important to have that in the bill."

Mr. Nelson (D): "Are these kinds of costs to be paid for by a bond measure at the local level?"

Ms. Sommers: "Yes, I believe they would."

Mr. Nelson (D) spoke against passage of the bill, and Representatives King (J) and Houchen spoke in favor of it.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 774, and the bill passed the House by the following vote: Yeas, 93; nays, 5; not voting, 0.

Voting nay: Representatives Brekke, Burns, Gruger, Nelson D., Rinehart.

Substitute House Bill No. 774, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

On motion of Mr. Nelson (G), the House reverted to the fifth order of business.

Revising public employment laws.

The House resumed consideration of the bill on second reading. (For previous action see Journal, 5th Day, 2nd ex. sess., November 13, 1981)

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Mr. Nelson (G) moved that the House reconsider the vote by which the amendment by Representative Garson and others was adopted.

Mr. Nelson (G) spoke in favor of the motion.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Ms. Sommers.

Ms. Sommers: "You mentioned working out some additional compromise. Could you outline for us what changes you would envision in a compromise that would be different than the compromise amendment that was adopted on Friday?"

Mr. Nelson (G): "Representatives Sommers and members of the body, there are an awful lot of things that have been deleted in the amendment to this bill. I think we all agree that one thing that has been avoided has been the performance evaluation. I'll be the first to admit that may not be the most perfect situation to even try and implement. I know the problems of getting a lot of our folks trained to properly take on the activity of performance evaluation, so I think that's one of the things that needs to be addressed—that we would hold onto the performance evaluation but only implement the master proper training of all of our people in state government.

"I think we need to talk again about the merits of either the rule of three or the rule of ten. Personally I'm not really hung up on one or the other because I think each of those people who support one or the other have some great arguments to offer.

"We also need to look, perhaps, at the evaluation procedures with reference to step increases and maybe it will be something of a shorter evaluation approach than one that would address the reduction in force. Those are things just off the top of my head that appear likely
to be discussed and, I think, need to be discussed in order to save the bill, that has a great amount of interest to the citizens of this state rather than lose it."

Representatives Garson and Kreidler spoke against the motion to reconsider, and Mr. Lewis spoke in favor of it.

Mr. Brown demanded an electric roll call vote and the demand was sustained.

POINT OF INQUIRY

Is it your intention that a young woman who is living at home and, unfortunately, becomes pregnant—she is living with her parents at that time, but if she were to move out of that home she would be eligible for the AFDC program—I think I see what you are trying to do, but you have created an administrative nightmare with this as to determination of who is and who isn't eligible for AFDC."

Ms. Gruger: "First of all, Representative Nisbet, we are not discussing AFDC; we're talking about the unemployed general assistance program which is what the person would be receiving under my amendment."

Mr. Nisbet: "Well, I know you're not talking about it, but you are using the criteria that is the basis for what you are attempting to do."

Ms. Gruger: "On a realistic level, Representative Nisbet—and I have been a case worker interviewing both families and young women as a family service case worker—girls do not move away from home in order to receive a welfare grant. If they leave home, it's because the parents find it unbearable in the embarrassment that their daughter is pregnant and unmarried."

Said hearing shall be initiated by filing a written request therefor with the president or district president, as the case may be, within ten days after issuance of such notice. The president, upon receipt of such notice, shall within three days apply to the American Arbitration Association to provide a list of five qualified arbitrators; such list shall be furnished by such association to the president within five days of the receipt of the request therefor. Upon receipt of such list, the president shall immediately notify the board of trustees and the representative of the employee organization of a date, time, and place (not later than five days thereafter) for a representative of each party to meet with such president to determine which one of the five arbitrators on such list shall preside at such hearing, each party having a successive right to strike one name, until only one name remains on such list; the president shall then immediately notify the American Arbitration Association of such choice, and the arbitrator so chosen, with the cooperation of such president, shall set the date, time and place for the arbitration hearing, which shall convene not later than .... days after such arbitrator has been chosen, notice thereof being given to the parties concerned. The arbitrator shall have such powers as provided in the arbitration panel in RCW 41.56.450; such hearing shall be concluded within .... days; the arbitrator shall make his written findings of fact and determination based on the evidence within .... days thereafter, a copy of which shall be immediately served by the arbitrator on the parties concerned: PROVIDED, That the arbitrator may differentiate in his findings and determinations as to the individuals concerned when a consolidated hearing is held. Each determination of the arbitrator shall be final and binding upon all parties thereto. Failure by a faculty member to timely request an arbitration hearing hereunder shall cause separation from service of such faculty members so notified on the effective date as stated in the notice, regardless of the duration of any individual employment contract.

Where there is more than one faculty member affected by the board of trustees' reduction in force who request an arbitration hearing, such faculty members requesting hearing shall be deemed to be acting collectively in making such request and a consolidated hearing shall be held: PROVIDED, That costs incurred for the services and expenses of such hearing shall be shared equally by the community college and the faculty member or faculty members requesting hearing.
Separation from service without prejudice after an arbitration hearing under the provisions of this section shall become effective upon notice to the board of trustees of the arbitrator's findings and determinations.

It is the intent of the legislature by enactment of this section and in accordance with RCW 28B.52.035, to modify any collective bargaining agreements in effect, or any conflicting board policies or rules, so that any separation from service which take place after this section becomes effective, whether in progress or to be initiated, will comply solely with the provisions of this section: PROVIDED, That any applicable policies, rules, or provisions contained in a collective bargaining agreement related to lay-off units, seniority and re-employment rights shall not be affected by the provisions of this paragraph: PROVIDED FURTHER, That any rights of any employee terminated from service under the provisions of this section shall not be prejudiced upon a return to service thereafter.

Nothing in this section shall be construed to affect the right of the board of trustees or its designated appointing authority not to renew a probationary faculty appointment pursuant to RCW 28B.50.857.

NEW SECTION, Sec. 2. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION, Sec. 3. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.*

Not voting: Representatives Valle, Winsley.

**MOTION**

On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Representatives King (R) and Rust spoke against passage of the bill, and Mr. McDonald spoke in favor of it.

**POINT OF INQUIRY**

Mr. McDonald yielded to question by Mr. Warnke.

Mr. Warnke: *Representative McDonald, going through the bill, I just have one thing that bothers me. I understand that the Board of Trustees may declare a financial emergency and there are also some things outlined which allows them to declare that emergency. It allows them to set aside the tenure policies that they have in effect in the community college districts. Who decides when the financial emergency is over, and, if it is over do the existing contracts go back into effect?*

Mr. McDonald: *Let me first outline what derives the decision. Basically, it's the constant dollar amount of money that they have dropped in a budgeting period or because of a budget shortfall; then they can reduce proportional to that amount. Presumably, when you get back into a situation where you do have the money, those people who have been laid off will be the ones that will be first hired back on, Representative Warnke. That is my understanding.*

Ms. Teutsch spoke in favor of passage of the bill.
ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 782, and the bill passed the House by the following vote: Yeas, 55; nays, 41; not voting, 2.

POINT OF ORDER

Mr. Thompson: "Mr. Speaker, I would like to have your ruling as to whether or not this amendment is germane to the bill."
SPEAKER'S RULING

The Speaker: "The Speaker has examined the bill as printed and finds that it has some fifty–three repeaters in it; it has an extremely broad title; it deals in part with a section that relates to the cigarette tax, and how it was originally used to fund education; it repeals some bonding statutes. The amendment is dealing with another section of 28A, the education section of the RCW, and with a section on bonds as well, and adds another purpose for the bonding, so the Speaker would find the amendment is within the scope and object of the bill."

Mr. Dawson moved adoption of the following amendment to the amendment by Representative Dawson and others:

On page 2, line 14 of the amendment following "vehicles" insert "other than replacement vehicles"

Representatives Dawson and Granlund spoke in favor of the amendment to the amendment, and it was adopted.

"Sec. 2. Section 1, chapter 98, Laws of 1975-'76 2nd ex. sess. and RCW 28A.03.360 are each amended to read as follows:

(1) It shall be the intent and purpose of this section to direct the office of superintendent of public instruction to conduct standardized reading, mathematics, and language arts achievement level surveys of approximately two thousand students distributed throughout the state in each of the grade levels eight and eleven during such testing cycles as provided for in subsection (2) of this section. The survey testing shall be based on a statistical random sample of students from these grade levels sufficient to generalize about all of the students at each of the selected grade levels from the state's school districts. The purpose of these surveys is to allow the public and the legislature to evaluate how Washington students in these grades compare to students in the same grades tested in other comparable national achievement surveys. The office of superintendent of public instruction shall coordinate such tests and provide such information as obtained therefrom to the legislature no less often than once every four years.

(2) The superintendent of public instruction shall prepare a report to the legislature on the achievement levels of students in grades eight and eleven based on the achievement level surveys conducted in the 1975-77 biennium and for each of the subsequent testing cycles as designated by the superintendent of public instruction's office. Such report shall include a comparison of the achievement levels attained by Washington students to the levels attained by students outside of the state, with special emphasis placed on the basic skills of reading, mathematics, and language arts. Such report shall also focus on appropriate input variables and comparisons of variables reported by other states' testing programs.

(3) Results of the first survey test shall be made available to the school districts and the legislature no later than June 30, 1977.

(4) In addition to the survey testing for grades eight and eleven as set forth in this section, every school district is encouraged to test pupils in grade two by an assessment device designed or selected by the local school districts. This test shall be used to help teachers in identifying those pupils in need of assistance in the skills of reading, writing, mathematics, and language arts. The test results are not to be compiled by the superintendent of public instruction, but are only to be used by the local school district.
(5) The superintendent of public instruction shall prepare, with the assistance of local school districts, and conduct a standardized achievement test to be given annually to all pupils in grade four. The test shall assess students' skill in reading, mathematics, and language arts and shall focus upon appropriate input variables. Results of such tests shall be compiled by the superintendent of public instruction, who shall make those results available annually to the legislature, to all local school districts and subsequently to parents of those children tested. The results shall allow parents to ascertain the achievement levels and input variables of their children as compared with the other students within the district, the state and, if applicable, the nation. The tests under this subsection shall not be required during the period from July 1, 1981 until June 30, 1983.

Ms. Houchen yielded to question by Mr. Bender.

Mr. Bender: "Representative Houchen, will you explain to this body why you are changing your vote? What weighed your decision?"

Ms. Houchen: "Well, Representative Bender, it's a little embarrassing. I was off the floor working on another bill, and I came whipping back to my seat to change the vote and I simply voted the wrong way."

ROLL CALL

On page 1, line 11 of the title after "section;" strike everything through "28A.03.360;" on line 13

The bill was ordered engrossed. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Mr. McDonald yielded to question by Mr. Nelson (G).

Mr. Nelson (G): "Representative McDonald, now with the amendment that has been placed on Substitute House Bill No. 770, I'd like to have you explain to the body what type of savings and the amount, if you can, is now going to be given to the school districts across the state during this biennium? Perhaps you can tell us what the savings would have been had we had no amendments, and now, with the amendments, what the savings will potentially be?"

Mr. McDonald: "Representative Nelson, there will be no change since the Hine amendment that was adopted concerning the fourth grade testing does not affect this biennium. There would be an effect over the next six years, but I think that although we only have $201,000 or $202,000 for this biennium, I believe that it is much higher because, particularly in the area of student learning objectives, there are an awful lot of hours expended on the effort that I believe will be used in more productive ways. The fiscal note to this biennium will not change."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 770, and the bill passed the House by the following vote: Yeas, 97; nays, 0; not voting, 1.

MOTION

On motion of Mr. Nelson (G), the House reverted to the sixth order of business.

SECOND READING

HOUSE BILL NO. 788, by Representative Nelson (G):

Providing a temporary modification in the state retail sales and use tax rates.

The bill was read the second time. On motion of Mr. Greengo, Substitute House Bill No. 788 was substituted for House Bill No. 788, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 788 was read the second time.

On motion of Mr. Nelson (G), the following amendment was adopted:

On page 1, line 22 after "price" insert ": PROVIDED FURTHER, That such tax shall be levied and collected in an amount equal to four and one-half percent of the selling price of goods or services sold pursuant to a written contract enforceable at law on or before November 1, 1981, regardless of the date of delivery or performance."

Mr. Greengo moved adoption of the following amendment:
On page 1, beginning on line 14 after "price," strike the remainder of subsection (1) and insert "PROVIDED, That from and after the first day of (June, 1976) December, 1981, until the thirtieth day of June, (1976) 1983, such tax shall be levied and collected in an amount equal to ((four and six-tenths)) five and five-tenths percent of the selling price: PROVIDED FURTHER, That from and after the first day of October, 1982, until the thirtieth day of June, 1983, such tax shall be levied and collected in an amount equal to five percent of the selling price, if the total revenue received by the state under chapters 82.04, 82.08, 82.12, 82.16, 82.20, and 82.26 RCW from and after the first day of January, 1982, until the fifteenth day of September, 1982, exceeds two billion six hundred million dollars.*

Mr. Greengo spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Greengo yielded to question by Ms. Sommers.

Ms. Sommers: "Representative Greengo, $2,600,000 is a round number, and I don't have with me, immediately at hand, the precise estimate for this period of time nor the figures of the latest projection provided to us by the LBC. Could you remind us what the specific estimate is?*

Mr. Greengo: "I believe the OFM has come out with a revenue projection which shows us being short $601 million in the general fund. What I tried to do was put in the sum of money that would be coming into the treasury if this tax is in place and if our revenue assumptions, as given to us, hold true. The number that I've been given by staff is $2,600,000—that's rounded to the next highest number to keep it simple. If we receive that money by September 15, the tax lowers automatically. What we're doing is making this trigger on an actual receipt date rather than a calendar day. It's the receipt of the actual dollars in the treasury."

Ms. Sommers: "So when the Department of Revenue makes its usual midmonth estimate or calculation, the rate would be dependent upon a statement by the Department of Revenue? In other words, on the 15th of September, 1982, the Department of Revenue would make its statement that the rate should continue to be 5-1/2%?*

Mr. Greengo: "Representative Chandler has just handed me the exact figures. Without this tax, on September 15, 1982, from the RCW's we have quoted starting on the first of January, the Treasurer should receive $2,397,000. We're saying with this tax increase in place that number will increase to $2,600,000, and, if, in fact, it is there—and not by the Department of Revenue's count but by the Treasurer's count—in the general fund, then that would be the signal for the Treasurer to say that it is there, and then the Department of Revenue would instigate the reduction of the sales tax beginning September 30th."

Ms. Sommers: Can the Department feasibly, technically make a decision and then have it implemented within fifteen days? That's one more question, and then my last question would be: Is it constitutionally valid for us to delegate taxing authority in this way?"

Mr. Greengo: "The answers I've had, and I've had this amendment in the works for some number of days, is yes, they can handle it. It will be a little bit of work. The AG was questioned on the constitutionality of this with the RCW's and the Constitution, and Mr. Lee Johnson, an assistant AG, has assured us that it is legal. Yes, there is some work that has to be done at that point, of course, but it is constitutional."

POINT OF INQUIRY

Mr. Greengo yielded to question by Mr. Thompson.

Mr. Thompson: "We appreciate your patience, Representative Greengo, with our struggle to understand this. These questions are asked earnestly. What happens if that figure is not raised?"

Mr. Greengo: "In the absence of the Treasurer telling the Department of Revenue that he has gotten $202.6 million dollars, nothing happens and the one-cent increase stays on until the end of the biennium?"

Mr. Thompson: "Then that would mean that it would end at the end of the biennium?"

Mr. Greengo: "Yes."
Mr. Greengo yielded to question by Mr. Ehlers.

Mr. Ehlers: "How long have you known that this proposal might be an amendment? Did I understand you to say two or three days?"

Mr. Greengo: "I've been working on it, actually, for several weeks, Representative Ehlers. I've been trying to convince enough people—first of all, I tried to work out the problems; secondly, I tried to establish that it really had some validity in the House. It looked like it might pass, so I offered it."

Mr. Ehlers: "Two or three weeks? How many people on this side of the aisle did you talk to about it?"

Mr. Greengo: "I haven't talked to anybody particularly other than in the Revenue Committee. I've mentioned to a few members there. Basically, I've been working with staff to see if it is a practical idea."

Mr. Ehlers spoke against adoption of the amendment.

The amendment was adopted.

Substitute House Bill No. 788 was ordered engrossed. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Mr. McDonald yielded to question by Mr. Dawson.

Mr. Dawson: "Representative McDonald, I would ask if you would comment once again on the conditions that would be in place if the amendment that Representative Teutsch will propose is passed?"

Mr. McDonald: "Representative Dawson, there may be some future action that will deal with this in a more comprehensive way, not that we are going to eliminate fee waivers to MIA's and POW's, because that is not the intent of the bill that is before you or the intent of the Governor, who proposed it. There is a one percent fee waiver available to each of the colleges and universities in the state, and that is available for all the categories that we have dealt with separately. Allowing those universities to exercise discretion in granting those fee waivers is, I think, the subject of a future action on this bill that will itemize which areas we feel are important. I feel that would be a better approach."

Mr. Warnke spoke in favor of the amendment.

ROLL CALL
The Clerk called the roll on adoption of the amendment by Representatives Bender, Salatino and Eng to page 8, line 29 of Substitute House Bill No. 784, and the amendment was adopted by the following vote: Yeas, 50; nays, 45; not voting, 3.

Mr. McDonald spoke in favor of the amendment, and Mr. King (R) spoke against it.

Mr. McDonald spoke again in favor of the amendment.

**POINT OF INQUIRY**

Mr. McDonald yielded to question by Mr. Warnke.

Mr. Warnke: "Representative McDonald, as I recall, in committee we reinserted the language that is in the bill, and that is different from the amendment you are now offering."

Mr. McDonald: "Representative Warnke, in committee we made it for research universities and regional universities, but what we are doing here is just including community colleges. It's simply a technical amendment and there is no change in the policy that we adopted in committee."

ELEVENTH DAY, NOVEMBER 19, 1981

POINT OF INQUIRY

Mr. McDonald yielded to question by Mr. Hastings.

Mr. Hastings: "Representative McDonald, you've been working on the budget process quite a bit and now this has come up before us. Can you tell me what the fiscal impact would be on this?"

Mr. McDonald: "It would have a $6.5 million fiscal impact."

Mr. Hastings spoke against the amendments.

POINT OF INQUIRY

Mr. McDonald yielded to question by Mr. Ehlers.

Mr. Ehlers: "Representative McDonald, it's really amazing how quickly you folks can come up with these numbers out of the air. I'm just curious, Representative McDonald, about the fiscal note that you have on this item. Could you share that document with us? We don't have that document in our books with that information."

Mr. McDonald: "I think the people in Appropriations – Education Committee have the particular document that I'm looking at. You also have a fiscal note on this particular item and I think it's outlined in it."

Mr. Ehlers: "Yes, there is a fiscal note, but there is nothing specifically dealing with it because it didn't come from that committee. I'm wondering, specifically, Representative McDonald, where you came up the $6.5 million?"

Mr. McDonald: "That was from the TPE estimate that comes from the post secondary education estimate. The fiscal note that you may have was the one at the governor's level of $7.4 million. In the committee we amended it down to $6.5 million because we took out the students activities fees that Representative Teutsch is referring to. We left that in there because we didn't want to take the service and activities fees."

Mr. Ehlers spoke in favor of the amendments, and Mr. McDonald again opposed them.

ROLL CALL

The Clerk called the roll on adoption of the amendments by Representative Eng and others to Substitute House Bill No. 784, and the amendments were not adopted by the following vote: Yeas, 43; nays, 53; not voting, 2.

(f) Nonimmigrant aliens entering the United States under and in pursuance of the provisions of a treaty of commerce and navigation between the United States and the foreign state of which he or she is a national, more specifically as referred to under the visa classification defined in Title 8, Section 1101(a)(15)(B)(i) under the Immigration and Nationality Act as in the Code of the United States of America, and the spouse and children of any such alien: For such persons the difference between the tuition, operating, and services and activities fees charged to resident students and those fees charged to nonresident students may be waived;

On page 14, line 19 beginning with "students" strike all matter down through "That" on line 22.

Representatives Galloway, Becker and Kreidler spoke in favor of the amendment, and Representatives McDonald, Struthers and Nelson (G) spoke against it.

Mr. Hastings demanded an electric roll call vote and the demand was sustained.

POINT OF INQUIRY

Mr. McDonald yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative McDonald, one way to look at these fees for the low credit hour courses, is in terms of the percent of actual cost of providing the instruction. Is it true that for a half credit hour course and a one credit hour course the cost of tuition would exceed the actual cost of providing the course to the students?"

Mr. McDonald: "That is not true. The cost to the community college students is about twenty-three percent of the cost, but that's on an average. With the administrative cost being much higher for enrolling and taking care of somebody who is only signed up for a one-hour course, I would submit to you that the cost of two hours is consistent with the rest of the community college population."

Mr. Nelson (D): "But it is greater, is it not, than the total instructional cost?"

Mr. McDonald: "No, that is not true. Once again, it's twenty-three percent, Representative Nelson, of the instructional cost and not of all costs at the university."

Mr. Nelson (D): "How do you explain then a document I received from your staff—from the State Board of Community College Education, dated November 12, 1981, that says for a half credit hour course under this bill, the tuition cost is 207% of the instruction cost?"
Mr. McDonald: "I think that was referring to the original three percent limitation which has been dropped down to a two percent limitation."

Mr. Nelson (D): "So you are saying that it would not increase the fee one hundred percent?"

Mr. McDonald: "In my estimation, it would not from the figures I've seen."

Mr. Nelson (D): "What is the figure then?"

Mr. McDonald: "As we've said, the operation cost for a one-hour course is still $11, but when you add on the tuition fee, which is the capital portion, that's another $4.33, and then you add on the student and activity fee of $2; that brings it up to $17.33. If you do the same thing with a two-hour course, it's $21.66 for operation; it's $8.33 for tuition; it's $4.33 for student and activity fees, bringing it to a grand total of $34.32, so I think for you to say that we are only considering operation fees, is just not correct because there are the other things—the tuition costs and the student and activity fees—that have to be figured into this whole thing. When you do that at the absolute worst for a half-hour course, it would be four times what everybody else would be paying as a percentage. I submit to you, Representative Nelson, that by having extremely high administrative costs, these things are going to wash out and we are equal."

Mr. Nelson (D) spoke in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Galloway and Becker to Substitute House Bill No. 784, and the amendment was not adopted by the following vote: Yeas, 37; nays, 58; not voting, 3.

Not voting: Representatives Fiske, Scott, Winsley.

Mr. McDonald moved adoption of the following amendment:

On page 14, line 34, strike "operating fee and insert "general tuition and operating fees"

Mr. McDonald spoke in favor of the amendment.

POINT OF INQUIRY

Mr. McDonald yielded to question by Mr. Warnke.

Mr. Warnke: "Representative McDonald, what's the fiscal impact on this one?"

Mr. McDonald: "$1.1 million."

The amendment was adopted.

Mr. McDonald moved adoption of the following amendment:

On page 19, after line 16 add a new section as follows:

*NEW SECTION, Sec. 20. The board of regents or board of trustees of each of the state's regional and state universities, The Evergreen State College, and each community college may establish an operating fee surcharge not exceeding ten percent of the fees established in section 13 through 21 of this act, to supplement funds otherwise available for institutional operating purposes. Revenues from such surcharge shall be deposited in each institution's general local fund. Establishment of, or any increase in, an operating fee surcharge shall be determined and notification made at least thirty days prior to the beginning of the academic term. Adjustments made by community college boards and trustees shall be made in accordance with rules and regulations promulgated by the state board for community college education: PROVIDED, That these funds shall be excluded from calculations of educational costs upon which general tuition and operating fees will be based: PROVIDED FURTHER, These funds shall not be used for salary increases."

Renumber the remaining sections consecutively.

Mr. McDonald spoke in favor of the amendment.
Mr. McDonald yielded to question by Mr. Salatino.

Mr. Salatino: "Representative McDonald, is there any other governmental institution in this state that is nonelected that has the ability to raise fees or taxes as a board of trustees? Are we setting precedent here by basically allowing nonelected people to step into policy setting and raising, indirectly, taxes or fees?"

Mr. McDonald: "I think, Representative Salatino, whether they are elected or not, they certainly have a constituency out there and certainly the administration of those institutions is concerned with the students and will yield to their wishes. I think it is only appropriate that we allow this particular thing to pass as a safety valve."

Representatives Salatino, Grimm, Erak, Ehlers, Teutsch and Hine spoke against the amendment, and Representatives Patrick, Ellis, Eberle, Struthers and Barnes spoke in favor of it.

Mr. Heck demanded an electric roll call and the demand was sustained.

Mr. McDonald yielded to question by Mr. Warnke.

Mr. Warnke: "Representative McDonald, I don't see any restrictions on the use of the ten percent. Could they be used for salary increases?"

Mr. McDonald: "No, that is not true. If you look at the last lines, it says, 'Provided further, these funds shall not be used for salary increases.'"

Mr. McDonald yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative McDonald, this is just for the record. Can all or part be waived for the surcharge?"

Mr. McDonald: "The surcharge is totally at the discretion of the university, as this is written."

Mr. Nelson (D): "So it doesn't apply necessarily to every student evenly; it could develop a policy for waiving all or part of the surcharge?"

Mr. McDonald: "I think that is correct, Representative Nelson."

Mr. Nelson (D): "Why is this thirty days chosen? Do you think that's long enough for a student to plan for expenses in a term?"

Mr. McDonald: "Yes."

Mr. Nelson (G) spoke in favor of the amendment, and Mr. Erak again opposed it.

Mr. King (R) spoke against the amendment.

The Clerk called the roll on adoption of the amendment by Representative McDonald to page 19 of Substitute House Bill No. 784, and the amendment was adopted by the following vote: Yeas, 50; nays, 46; not voting, 2.

Not voting: Representatives Fiske, Winsley.

Representative Winsley appeared at the bar of the House.

Mr. Nelson (D) moved adoption of the following amendment by Representatives Nelson (D), Burns and Rust:
On page 21, beginning on line 11 after "be" strike all matter down to and including "seventy-five" on line 14 and insert "three thousand (seven) nine hundred and (forty-one) thirty-nine dollars, and thereafter such fees shall be ((one hundred and twenty percent of such fees charged in subsection (4) above)) fifty-eight."

Representatives Nelson (D) and Rust spoke in favor of the amendment, and Representatives Nelson (G) and McDonald spoke against it.

POINT OF INQUIRY

Mr. McDonald yielded to question by Mr. Hastings.

Mr. Hastings: "Representative McDonald, you said this would cost considerable money. Could you tell the body how much that would be?"

Mr. McDonald: "Yes, Representative Hastings, that would be about $2.1 million."

Mr. Hastings spoke against the amendment, and Ms. Becker spoke in favor of it.

Mr. Struthers demanded an electric roll call vote and the demand was sustained.

Mr. Heck spoke in favor of the amendment, and Mr. Barnes spoke against it.

Mr. Nelson (G) demanded the previous question, and the demand was sustained.

Not voting: Representatives Fiske, Owen, Warnke.

The Clerk read the following amendment by Representatives Nelson (D), Burns and Rust:

On page 23, line 21, beginning with "three" strike all matter down to and including "seventy-five" on line 24 and insert 

"((three)) two thousand ((six)) four hundred ((sixty-one)) sixty-four dollars and fifty cents, and thereafter such fees shall be ((one hundred and twenty percent of such fees charged in subsection (3) above)) fifty." 

With the consent of the House, Mr. Nelson (D) withdrew the amendment.

That staff in the SPI's office is funded out of a slice of the traffic safety education account, which, if this bill passes, will be abolished. Is that your intent? If not, how do you intend to provide for that staff support?"

Mr. McDonald: "I'm glad you brought that question up because I think it is important. We will have to reappropriate this fund because it is a different name of a fund if this bill passes. It would be my estimation, Representative Heck, to put language in the budget bill that does pass that would appropriate money for administration to the SPI's office for this new account."

Mr. Nelson (G) spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. McDonald yielded to question by Ms. Galloway.

Ms. Galloway: "Representative McDonald, under the levy lid, school districts are granted levy capacity equal to the difference between the previous year's basic education allocation converted at 100% of formula of the districts' basic education actual allocation. This levy capacity is in addition to a districts' normal levy lid. It was put in the levy lid bill in 1977 as a guarantee to school districts that if the legislature falls below the 100% funding level then the districts can make up the shortfall through the additional levy capacity. As this budget proposes, there is $36 million, or 1.4% of the formula. Isn't it true that school districts will have their levy capacity increased by this amount?"

Mr. McDonald: "That is true."

Ms. Galloway: "So, in effect, we are actually raising property taxes?"

Mr. McDonald: "That is not true, Representative Galloway. There has to be a vote of the people to pass a levy."

Mr. Struthers demanded an oral roll call vote, and the demand was sustained.

POINT OF INQUIRY

Mr. Chandler yielded to question by Mr. Heck.

Mr. Heck: "You are no doubt aware that the Attorney General's office generated a series of memorandums that related to the feasibility of his office being able to successfully defend the state against the law suits brought by school districts or other parties contending that basic education is not being adequately funded. In one of those memorandums, the one dated November 4th, he states quite explicitly that if the dollars appropriated to the general appropriation formula are lower, then the formula itself must be changed if he is to successfully defend the state. Is it therefore your intent, since you are underfunding the general appropriation formula for basic education allocation by $36 million, to go into the basic education act and revise those formulas? If not, how do you expect the AG's office to successfully defend itself, given that he has stated quite explicitly that he won't be able to?"

Mr. Chandler: "This is one of the very difficult issues that we faced in the development of this expenditure reduction and that was attempting to achieve enough in expenditure reductions in other areas of the budget without touching K-12. Frankly, it was impossible—impossible without making what I felt, and what many of the other members of the Ways and Means Committee felt were simply too substantial cuts in those areas. The decision was made that rather than do that we would, in fact, take some reduction in the common school support.
In order to do that, it was necessary to take some reduction in apportionment. It was a conscious decision to do so. I talked personally with Mr. Malone and many others who are knowledgeable in this area, and yes, you are right; I read his memo and I heard him tell us that it would be difficult to defend. Rather than redefine basic education, which you and I helped to define a few years ago, we decided it would be best to make this temporary and identify it in this budget document. You read that. We identified this reduction as a temporary one, made necessary by this condition in the state—this economic condition in the state—rather than to make what would end up being a permanent redefinition and a permanent reduction in the support of the common schools. One thing I feel most strongly about is that we should never do that. At least until we've seen strong evidence that it would make sense to do so and I haven't seen that evidence. Barring that, we decided to not make that decision. I think this is a very serious matter for all of us to consider. If this budget document here makes its way to the Senate, it's an issue that we have to deal with in a very, very conscious and careful way. The effects of reduction, as you well know, in any area of K-12, whether inside the apportionment formula or out, ends up very likely being spread across all of the spending areas at the local school district level—taken from salaries, taken from transportation, taken from any of the areas of spending. The actual fact is that school boards take the cuts from anywhere they want. We decided to be honest with ourselves and be honest with the courts, state it up front, what we are doing and why, and hope that recognizing the temporary steps that we have taken, they will agree that this action was justified and would stand up under the Constitution of the state of Washington."

Representatives Heck, Becker, Eng, Kreidler, Scott, Burns, Wang, Ehlers and Nelson (D) spoke against passage of the bill, and Representatives Sanders and Williams spoke in favor of it.

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 811, and the bill passed the House by the following vote: Yeas, 53; nays, 45; not voting, 0.

Mr. Williams spoke in favor of passage of the bill.
Mr. Garson yielded to question by Mr. Kreidler.

Mr. Kreidler: "Is it the intent of the language on page 10, line 11 and page 22, line 17, which says, 'Appointments with preference given to professional candidates...' to insure that all applicants to jobs under the state personnel board and higher education personnel board shall be placed on a rank register and that promotional candidates shall be given preference over others except employees who are in a lay-off situation and veterans who qualify?"

Mr. Garson: "That is correct."

Mr. Kreidler: "Regarding the modifications of the current six-month probationary period to allow a probationary period of up to twelve months, it is my understanding that it is the intent to limit any extension beyond six months to executive, management and mini-freeze type employees. Is that right?"

Mr. Garson: "Or the highly technical, also. That is correct."

Mr. Garson spoke in favor of passage of the bill.

Mr. Williams yielded to question by Mr. Hastings.

Mr. Hastings: "Representative Williams, you heard the question and answer between Representative Kreidler and Representative Garson. Would you care to respond to Representative Kreidler's question?"

Mr. Williams: "I guess this now is the only area we are not in agreement on. Specifically, we discussed this at great length. We do not intend that the only people to be considered for the register are appointments. That was the hang-up; that's why the language is in here. The intent of the agreed on compromise which is in the language is that we give preference. As we discussed late last night and reviewed with the state personnel director, in most cases it will be promotional opportunity, but there are some cases where we must reach outside to get a better qualified employee. Those are a minority of the cases; they are normally known for each class and event and that's why we couldn't agree on the suggestion made by Representative Garson."

Representatives Kreidler and Lewis spoke in favor of passage of the bill.

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 763, and the bill passed the House by the following vote: Yeas, 97; nays, 0; not voting, 1.

Not voting: Representative Winsley.

Engrossed Substitute House Bill No. 763, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

The Speaker resumed the Chair.

In accordance with the provisions of Senate Concurrent Resolution No. 126, the Speaker appointed Representatives Chamberlain, Heck, Rosbach, Thompson and Williams as members of the Select Committee on Mt. St. Helens Disaster Relief.

**NEW SECTION.** Section 1. There is added to chapter 74.09 RCW a new section to read as follows:

A person is ineligible for medical assistance or the limited casualty program for the medically needy for a period determined under section 2 of this act if the person knowingly and wilfully assigns or transfers cash or other resources at less than fair market value after the effective date of this act for the purpose of qualifying or continuing to qualify for such medical care within two years preceding the date of application for such care: PROVIDED, That for the purpose of qualifying for such care and notwithstanding the provisions of chapter 26.16 RCW, this section shall not prohibit the voluntary transfer or assignment between spouses.

**NEW SECTION.** Sec. 2. There is added to chapter 74.09 RCW a new section to read as follows:

(1) If the uncompensated fair market value of the resources assigned or transferred is:

(a) Twelve thousand dollars or less, the period of ineligibility shall be prorated up to twelve months from the date of transfer;

(b) More than twelve thousand dollars but less than thirty thousand dollars, the period of ineligibility shall be prorated up to twenty-four months;

(c) More than thirty thousand dollars but less than fifty thousand dollars, the period of ineligibility shall be prorated up to thirty-six months;

(d) More than fifty thousand dollars, the period of ineligibility shall be forty-eight months.

(2) The department may waive a period of ineligibility if the department determines that the application of the period of ineligibility will cause undue hardship.

**NEW SECTION.** Sec. 3. There is added to chapter 74.09 RCW a new section to read as follows:

The department, by rule, shall adopt procedures to provide due process for applicants or recipients found not to qualify for medical assistance or the limited casualty program for the medically needy. At any hearing the department shall prove by a preponderance of the evidence that the person knowingly and wilfully assigned or transferred cash or other resources at less than fair market value for the purpose of qualifying or continuing to qualify for the benefits or care. If the prevailing party in such an action is the person, the person shall be awarded reasonable attorney fees.

**NEW SECTION.** Sec. 4. There is added to chapter 74.09 RCW a new section to read as follows:

(1) Any person who knowingly and wilfully receives cash or resources transferred or assigned for less than fair market value after the effective date of this act to enable an applicant or recipient to qualify for assistance under RCW 74.09.510 or 74.09.700 is guilty of a gross misdemeanor.

(2) Any person who knowingly and wilfully receives cash or resources transferred or assigned for less than fair market value is liable for a civil penalty equal to the uncompensated value of the cash or resources transferred or assigned at less than fair market value. The civil penalty shall not exceed the cost of assistance rendered by the department to an applicant or recipient. The person may rebut the presumption that the transfer or assignment was made for the purpose of enabling the applicant or recipient to qualify or continue to qualify for assistance. The prevailing party in such an action shall be awarded reasonable attorney fees.

(3) Any moneys collected under this section shall be deposited in the revolving fund which is hereby created. This revolving fund shall consist of all fees collected under this section and any moneys appropriated to it by law. The state treasurer shall be the custodian of the revolving fund. Prior to the issuance or renewal of the license, the licensee shall pay a license fee ((of one hundred dollars plus two dollars per bed per-year)) as established by the department. No fee shall be required of government operated institutions. All licenses issued under the provisions of this chapter shall expire on a date to be set by the department, but no license issued pursuant to this chapter shall exceed ((twelve)) thirty-six months in duration. When the annual license renewal date of a previously licensed nursing home is set by the department on a date less than twelve months prior to the expiration date of a license in effect at the time of reissuance, the license fee shall be prorated on a monthly basis and a credit be allowed at the first renewal of a license for any period of one month or more covered by the previous license). When a change of ownership occurs, the entity becoming the licensed operating entity of the facility shall pay ((the full licensing fee)) a fee ((for the facility)) established by the department at the time of application for the license. Following such inspection or inspections, written notice of any violation of this law or the rules and regulations promulgated hereunder, shall be given the applicant or licensee and the department. The notice shall describe the reasons for the facility's non-compliance. The notice shall inform the facility that it must comply with a plan of correction within a specified time, not to exceed sixty days from the date the plan of correction is approved by the department. The penalties in RCW 18.51.060 may be imposed if, after the specified period, the department determines that the facility has not complied. In life-threatening situations or situations which substantially limit the provider's capacity to render adequate care, the department may require immediate correction or proceed immediately under RCW 18.51.060. The department may prescribe by regulations that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition or new construction, submit its plans and specifications therefor to the department for preliminary inspection and approval or recommendations with respect to compliance with the regulations and standards herein authorized.

1. [(No later than December 31, 1986)](1) Within thirty days of admission, the department shall evaluate, through review and assessment, the comprehensive plan of care for each resident supported by the department under RCW 74.09.120 as now or hereafter amended.

2. The department shall review the comprehensive plan of care for such resident at least annually or upon any change in the resident's classification.

3. Based upon the assessment of the resident's needs, the department shall assign such resident to a classification. Developmentally disabled residents shall be classified under a separate system.

4. The nursing home shall submit any request to modify a resident's classification to the department for the department's approval. The approval shall not be given until the department has reviewed the resident.

5. The department shall accept ((revised licensing standards for nursing homes)) suitable for implementing the civil penalty system authorized under this chapter (section 74.42 RCW) and chapter 74.46 RCW.

[((2)]) The department, the board of health, the school of medicine, the University of Washington, and the schools of nursing within the state shall jointly submit to the legislature, not later than December 28, 1980, alternative methods of identifying and measuring the results of services delivered by the nursing home:

The department shall purchase necessary physician and dentist services by contract or 'fee for service.' The department shall purchase hospital care by contract or by all inclusive day rate, or at a reasonable cost based on a ratio of charges to cost. Any hospital when requested by the department shall supply such information as necessary to justify its rate, charges or costs. All additional services provided by the hospital shall be purchased at rates established by the department after consultation with the hospital. The department shall purchase nursing home care by contract. The department shall establish regulations for reasonable nursing home accounting and reimbursement systems which comply with RCW 74.09.610. The regulations shall provide that no payment shall be made to a nursing home which does not permit inspection by the department of social and health services of every part of its premises and an examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs and methods of supply, and any other records the department deems relevant to the establishment of such a system. All other services and supplies provided under the program shall be secured by contract.

The department may purchase care in institutions for the mentally retarded, also known as intermediate care facilities for the mentally retarded. The department shall develop rules for reasonable accounting and reimbursement systems for such care and report such rules to the next regular session of the legislature for review prior to implementation. Institutions for the mentally retarded include licensed nursing homes, public institutions, licensed boarding homes with fifteen beds or less, and hospital facilities certified as intermediate care facilities for the mentally retarded under the federal medicaid program to provide health, habilitative, or rehabilitative services and twenty-four hour supervision for mentally retarded individuals or persons with related conditions and includes in the program "active treatment" as federally defined.

Sec. 7. Section 4, chapter 260, Laws of 1977 ex. sess. as amended by section 2, chapter 2, Laws of 1981 1st ex. sess. and RCW 74.09.580 are each amended to read as follows:

The nursing home payment system under this chapter shall provide for individually-based or class-based rates which shall be the maximum reimbursement for each nursing home for the period for which the rates are assigned.

(a) Beginning with the settlements for calendar year 1981, the nursing home shall submit a preliminary settlement report simultaneously with the annual cost report.

(b) Within ninety days after receipt of the reports by the secretary, the department shall submit a proposed settlement report by cost center to the nursing home which fully substantiates disallowed costs, refunds, underpayments, and/or adjustments to the preliminary settlement report.

(c) The proposed settlement shall provide the basis for a schedule to correct overpayments and underpayments.

(a) (1) The department shall calculate a settlement for the 1980 cost reporting period by comparing the rate paid to a contractor with that contractor's reported allowable costs. Refunds due the department based upon overpayments made to nursing home contractors from January 1, 1980, through December 31, 1980, indicated by this settlement shall be due and payable in full within thirty days after written notice is received from the department.

(b) Where deemed appropriate by the department, repayment may be made according to a schedule determined by the department.

(c) Failure on the part of a nursing home contractor to tender payment due in full within thirty days after notice is received from the department shall render the contractor liable for the payment of interest to the department at the rate of one percent per month for any unpaid balance from thirty days after the date of notification until payment is full is received by the department. Liability for interest payments under this subsection (2)(c) shall remain in effect whether a contractor is in default of repayment or is making repayment according to a schedule determined by the department in lieu of payment in full upon notification of payment due.
(d) Unless payment due from a nursing home contractor is received in full within thirty days after notification from the department or unless principal and interest payments are received according to a schedule determined by the department, recoupment from current reimbursement payments due a contractor in default will commence according to a schedule determined by the department.

(e) Nothing in this subsection shall prejudice the rights of contractors or the department regarding audit adjustments and/or revised settlements which may be promulgated by the department from time to time in individual contractor cases.

(3) Operators of nursing homes shall refund all portions of payments received which exceed actual audited costs and all portions of payments received which are attributable to unreasonable or nonallowable costs as determined by federal or state regulations.

Sec. 8. Section 1, chapter 2, Laws of 1981 1st ex. sess. and RCW 74.09.610 are each amended to read as follows:

(1) The nursing home auditing and cost reimbursement system of the department of social and health services shall be governed by this section until implementation of chapter 74.46 RCW. The department shall reimburse nursing homes on the basis of the following cost centers: Patient care, food, administration and operations, and property.

(2) (a) For rate setting purposes for fiscal year 1982, the department shall reimburse the patient care cost center at the January 1, 1981, reimbursement rate, as adjusted for inflation.

((e)) (b) For rate setting purposes in fiscal year 1983, this subsection (2)(b) applies.

(i) There shall be established by the department a redistribution pool consisting of overpayments to contractors for 1981 indicated by proposed settlements for 1981, less one million dollars.

(ii) If a contractor's patient care cost center rate for 1981 is greater than or equal to the contractor's desk reviewed 1981 patient care costs, the department shall reimburse the patient care cost center at the desk reviewed 1981 patient care costs plus any patient care funds shifted to other cost centers pursuant to subsection (8) of this section, as adjusted for inflation.

(iii) If the contractor's 1981 patient care center rate is less than the contractor's desk reviewed 1981 patient care costs, the department shall reimburse the contractor's patient care cost at the January 1, 1982, reimbursement rate less one and one half percent, as adjusted for inflation, plus an allowance from the redistribution pool. The allowance for a contractor shall not exceed the contractor's patient care costs, as adjusted for inflation, and the total of allowances distributed shall not exceed the redistribution pool under subsection (2)(b)(i) of this section. If the funds contained in the redistribution pool exceed or are equal to the total amount by which contractors were underfunded in the patient care cost center, each contractor's allowance will be equal to the amount by which the contractor was underfunded. If the funds contained in the redistribution pool are less than the total amount by which contractors were underfunded in the patient care cost center, each contractor will receive an allowance which shall be a percentage of the amount by which the contractor was underfunded. The percentage shall be determined by dividing the amount of the pool by the total amount of underfunding.

(c) In addition, the reimbursement shall be enhanced by three million dollars for the first year of the biennium and by ((five)) one million four hundred thousand dollars for the second year of the biennium. These enhancements shall be apportioned among the nursing homes proportionately based on the patient care cost center for each nursing home.

((b)) (d) For the purpose of nursing assistant certification, the department shall reimburse at a rate of thirty cents for each Medicaid patient day for the first year of the biennium ((and at a rate of thirty-three cents, as adjusted for inflation, for each Medicaid patient day for the second year of the biennium)). This is in addition to the January 1, 1981, reimbursement rate.

(c) Effective July 1, 1982, the patient care cost center reimbursement rate shall be adjusted as follows:

(i) As used in (ii) of this subsection, patient care consultation refers to medical director, patient activities, physical therapy, speech therapy, occupational therapy, and other therapy consultation.

(ii) The department shall determine the average expense weighted by patient days for patient care consultation taken from the most recently completed cost reports.

In determining the patient care cost to be used for rate setting pursuant to subsections (2)(b)(ii) and (iii) of this section, the department shall not include any cost in excess of the average cost determined under (ii) of this subsection.

(3) Reimbursement for food cost center shall be at the January 1, 1981, reimbursement rate, adjusted for inflation.

(4) The administration and operations cost center consists of two components:

(a) (i) For rate setting purposes for fiscal year 1982, the wages for all employees, other than nursing service personnel and administrators and assistant administrators, shall be reimbursed at the January 1, 1981, rate as adjusted for inflation.

(ii) For rate setting purposes for the fiscal year 1983:

(A) If the contractor's administration and operations wage component rate for 1981 is greater than or equal to the contractor's desk reviewed 1981 administration and operations wage costs, the department shall reimburse the contractor's administration and operations wage component at the desk reviewed 1981 administration and operations wage component costs as adjusted for inflation.

(B) If the contractor's administration and operations wage component rate for 1981 is less than the contractor's desk reviewed 1981 administration and operations wage costs, the department shall reimburse the contractor's administration and operations wage component at the January 1, 1981, reimbursement rate as adjusted for inflation, except that, after distribution of the redistribution pool to contractors underfunded
in the patient care cost center pursuant to subsection (2)(b)(iii) of this section, any funds remaining will be
distributed to contractors with rates below cost in proportion to the underfunding in this component. This
distribution shall not exceed the total of underfunded cost in this component.

(b) Reimbursement for administration and operations, including all items not specified in subsections
(2), (3), (4)(a), (5), and (6) of this section, shall not exceed the eighty-fifth percentile of the costs of all
reporting facilities, not including any funds shifted pursuant to subsection (8) of this section, as adjusted for
inflation, except that the nursing home facilities may be grouped by factors, other than ownership or legal
organizational characteristics, which could reasonably influence cost requirements for administration and
operations. Effective July 1, 1982, the administration and operations cost center reimbursement rate shall be
adjusted as follows:

(i) As used in (ii) and (iii) of this subsection, administration and operations consultation expense refers
to dietary and medical record consultant fees.

(ii) The department shall determine the average expense weighted by patient days for administration
and operations consultation expense taken from the most recent completed cost report.

(iii) Reimbursement for administration and operations consultation shall be the lesser of the average
expense as determined under (ii) of this subsection or the individual facility's costs for administration and
operations consultation expenses taken from the most recent completed cost report, as adjusted for inflation.
This adjustment applies only to the July 1, 1982, through July 1, 1983, reimbursement period.

(5) The return on net invested equity for each facility shall be determined by utilizing medicare rules
and regulations.

(6) Property cost center reimbursement for both leased and owner-operated facilities shall not exceed
the predicted cost plus one standard deviation of the necessary and ordinary costs of depreciation, and inter­
est, of owner-operated facilities utilizing a multiple regression formula developed by the department of social
and health services, recognizing factors which may be significant, including location, age, and type of facil­
ity. Rental costs of leased facilities other than those operating as intermediate care facilities for the mentally
retarded, and depreciation and interest costs of owner-operated facilities, for leases or mortgages entered
into prior to July 1, 1979, shall be reimbursed to the extent they do not exceed the reimbursement rate pay­
able for the property cost center as of June 30, 1979, or July 1, 1979, whichever is higher, adjusted to meet
any discrepancies as determined by the federal government between the reimbursements made and the

Representatives Scott, Mitchell, Becker and Salatino spoke in favor of the amendment, and Representatives Nisbet and Struthers spoke against it.

**POINT OF INQUIRY**

Mr. Nisbet yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Nisbet, I understand the department has presented figures to your committee, and also to the Institutions Committee, the policy committee in this area that I serve on, that indicate that between now and the end of this biennium in July of 1983, there will be 1900 people more than there are beds in our state institutions. My question is: Do you agree with that number and do you agree with the answer that was given by the department, that there is no apparent solution to the need for new bed space? Wouldn't this proposal of creating 500 beds to the honor camp perhaps give us some solution to the need for
beds in the short term? That facility exists now and would simply need to be renovated, and it could be brought in line before either the prison at Monroe which, I understand, will come on line after this biennium, and the prison at Clallam Bay which will come on line in January of 1985?"

Mr. Nisbet: "We are overpopulated now, and I don't remember the exact figures, Representative Nelson. We are overpopulated now and we will be overpopulated. We are gaining prisoners in the amounts of approximately 80 to 90 per month, who cannot be flushed out of the system by the old method of saying we'll shorten terms and so forth."

Mr. Nelson (D): "The second question was: Do you agree with the department's assessment that there is no apparent solution?"

Mr. Nisbet: "No, I don't agree with that. I joined you back when we were discussing McNeil and Governor Ray was violently opposed to it. I'm beginning to question my decision a little bit as I see the black hole that's being built up over there. As far as McNeil is concerned, and this overpopulation, we don't own McNeil. An awfully lot of people think we have McNeil and we are renting McNeil at a very, very expensive price tag. There is legislation in Congress which Senator Gorton and a few of the other folks back there are supporting, to try and get McNeil turned over to us to enable the state to buy McNeil, but I don't know whether we will get it because it is a game preserve, and it has a lot of allure for a large segment of the population. As I said this is an extremely 'iffy' plan. Right now we are renting a small portion of McNeil. We are allowed to use outside of the wire, the residences that were built there for the guards, but that's it. We are renting a small portion of McNeil. Hopefully, somewhere down the line, Congress may—again may—enable us to acquire all of McNeil, and then we would possibly be able, sometime in the future, to go into such things as creating an honor camp there. I really don't know if that's the place for an additional honor camp."

Mr. Nelson (D) spoke in favor of the amendment, and Mr. Scott spoke again in favor of it.

(1) Applicants and recipients under this title must satisfy all reporting requirements imposed by the department.

(2) The secretary shall have the discretion to consider: (a) Food stamp allotments and/or (b) rent or housing subsidies as income in determining eligibility for and assistance to be provided by public assistance programs. If the department considers food stamp allotments as income in determining eligibility for assistance, applicants or recipients for any grant assistance program must apply for and take all reasonable actions necessary to establish and maintain eligibility for food stamps.

NEW SECTION. Sec. 2. There is added to chapter 74.04 RCW a new section to read as follows:

Payment of assistance shall not be made for any month if the payment prior to any adjustments would be less than ten dollars. However, if payment is denied solely by reason of this section, the individual with respect to whom such payment is denied is determined to be a recipient of assistance for purposes of eligibility for other programs of assistance except for a community work experience program.

NEW SECTION. Sec. 3. There is added to chapter 74.12 RCW a new section to read as follows:

The department shall establish consolidated standards of need each biennium which may vary by geographical areas, program, and family size, for aid to families with dependent children, refugee assistance, supplemental security income, and general assistance to unemployed persons. Standards for aid to families with dependent children, refugee assistance, and general assistance to unemployed persons shall include reasonable allowances for shelter, fuel, food, transportation, clothing, household maintenance and operations,
personal maintenance, and necessary incidentals. The standard of need shall take into account the economies of joint living arrangements.

The department is authorized to establish rateable reductions and grant maximums consistent with federal law.

Payment level will be equal to need or a lesser amount if rateable reductions or grant maximums are imposed. In no case shall a recipient of supplemental security income receive a state supplement less than the minimum required by federal law.

The department may establish a separate standard for shelter provided at no cost.

Sec. 5. Section 1, chapter 6, Laws of 1981 1st ex. sess. and RCW 74.04.005 are each amended to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

November 24, 1981

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 774 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Section 1. The legislature finds that:

(1) The United States supreme court has reversed lower court decisions relating to jail and prisons standards, thus permitting state and local authorities more flexibility in planning jail and prison facilities;
(2) Current physical plant standards used by the state jail commission in allocating state funds for local jail construction are inconsistent with supreme court decisions, and will result in increased construction costs, and impose higher staffing costs on local governments;
(3) The major part of the two hundred thirty-six million dollars of bonds presently authorized for jail construction remains to be issued, and it is estimated that the state will exceed its statutory limit for bond issues by 1984;
(4) It is incumbent upon the legislature to eliminate unnecessary bond issues and to reduce costs to the state and local governments.

NEW SECTION. Sec. 2. There is added to chapter 70.48 RCW a new section to read as follows:

The jail commission shall immediately review and modify physical plant, operating, and other standards in accordance with current case law. In accordance with such revised standards or variances, local governments may modify jail designs to reduce space and staffing requirements and construction costs.

NEW SECTION. Sec. 3. The state jail commission shall advise the legislature of the changes in standards by or before February 1, 1982.

Sec. 4. Section 5, chapter 316, Laws of 1977 ex. sess. as last amended by section 1, chapter 276, Laws of 1981 and RCW 70.48.050 are each amended to read as follows:

In addition to any other powers and duties contained in this chapter, the commission shall have the powers and duties:

(1) To adopt such rules and regulations, after approval by the legislature, pursuant to chapter 34.04 RCW, as it deems necessary and consistent with the purposes and intent of this chapter on the following subjects:
(a) Mandatory custodial care standards that are essential for the health, welfare, and security of persons confined in jails. In adopting each rule or regulation pertaining to mandatory custodial care standards, the commission shall cite the applicable case law, statutory law or constitutional provision which requires such rule or regulation. The commission shall grant variances from custodial care standards to governing units which operate jails with physical deficiencies which directly affect their ability to comply with these standards, if the governing unit is eligible for and has applied for funds under RCW 70.48.110. The variances remain in effect until state funding to improve or reconstruct the jails of these governing units has been expended for that purpose;
NEW SECTION. Sec. 6. Effective June 30, 1984, sections 1 through 4 of this act, the RCW sections under which they are codified, and any amendments thereto, shall expire.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

On page 1, line 1 of the title after "standards;" strike the remainder of the title and insert "amending section 5, chapter 316, Laws of 1977 ex. sess. as last amended by section 1, chapter 276, Laws of 1981 and RCW 70.48.050; amending section 6, chapter 96, Laws of 1974 ex. sess. as last amended by section 1,
chapter 64, Laws of 1980 and RCW 19.27.060; adding new sections to chapter 70.48 RCW; creating new sections; providing an expiration date; and declaring an emergency.

(2) (a) For rate setting purposes for fiscal year 1982, the department shall reimburse the patient care cost center at the January 1, 1981, reimbursement rate, as adjusted for inflation.

(iii) If the contractor's 1981 patient care cost center rate is less than the contractor's desk reviewed 1981 patient care costs, the department shall reimburse the contractor's patient care cost center at the desk reviewed 1981 patient care costs plus any patient care funds shifted to other cost centers pursuant to subsection 8 of this section, as adjusted for inflation.

(ii) If a contractor's patient care cost center rate for 1981 is greater than or equal to the contractor's desk reviewed 1981 patient care costs, the department shall reimburse the contractor's patient care cost center at the desk reviewed 1981 patient care costs plus any patient care funds shifted to other cost centers pursuant to subsection 8 of this section, as adjusted for inflation.

(i) There shall be established by the department a redistribution pool consisting of overpayments to contractors for fiscal year 1981 indicated by proposed settlements for 1981, less one million dollars.

(ii) The percentage shall be determined by dividing the amount of the underfunding by the total amount by which contractors were underfunded.

(iii) If the contractor's 1981 patient care cost center rate is less than the contractor's desk reviewed 1981 patient care costs, the department shall reimburse the contractor's patient care cost center at the January 1, 1982, reimbursement rate less one and one half percent, as adjusted for inflation, plus an allowance for the redistribution pool.

(iv) If the contractor's 1981 patient care cost center rate is greater than or equal to the contractor's desk reviewed 1981 patient care costs, the department shall calculate a redistribution pool consisting of overpayments to contractors for fiscal year 1981 indicated by proposed settlements for 1981, less one million dollars.

(v) The percentage shall be determined by dividing the amount of the underfunding by the total amount by which contractors were underfunded.

(c) In addition, the reimbursement shall be enhanced by three million dollars for the first year of the biennium and by (three) one million four hundred thousand dollars for the second year of the biennium. These enhancements shall be apportioned among the nursing homes proportionately based on the patient care cost center for each nursing home.

(d) For the purpose of nursing assistant certification, the department shall reimburse at a rate of thirty cents for each medicaid patient day for the first year of the biennium (and at a rate of thirty-three cents, as adjusted for inflation, for each medicaid patient day for the second year of the biennium). This is in addition to the January 1, 1981, reimbursement rate.

(e) Effective July 1, 1982, the patient care cost center reimbursement rate shall be adjusted as follows:
(i) As used in (ii) of this subsection, patient care consultation refers to medical director, patient activities, physical therapy, speech therapy, occupational therapy, and other therapy consultation.

(ii) The department shall determine the average expense weighted by patient days for patient care consultation taken from the most recently completed cost reports.

In determining the patient care cost to be used for rate setting pursuant to subsections (2)(b)(ii) and (iii) of this section, the department shall not include any cost in excess of the average cost determined under (ii) of this subsection.

(3) Reimbursement for the food cost center shall be at the January 1, 1981, reimbursement rate, adjusted for inflation.

(4) The administration and operations cost center consists of two components:

(a) For rate setting purposes for fiscal year 1982, the wages for all employees, other than nursing service personnel and administrators and assistant administrators, shall be reimbursed at the January 1, 1981, rate as adjusted for inflation.

(b) Reimbursement for administration and operations, including all items not specified in subsections (2), (3), (4)(a), (5), and (6) of this section, shall not exceed the eighty-fifth percentile of the costs of all reporting facilities, not including any funds shifted pursuant to subsection (8) of this section, as adjusted for inflation, except that the nursing home facilities may be grouped by factors, other than ownership or legal organizational characteristics, which could reasonably influence cost requirements for administration and operations. Effective July 1, 1982, the administration and operations cost center reimbursement rate shall be adjusted as follows:

(j) As used in (ii) and (iii) of this subsection, administration and operations consultation expense refers to dietary and medical record consultant fees.

(ii) The department shall determine the average expense weighted by patient days for administration and operations consultation expense taken from the most recent completed cost report.

(iii) Reimbursement for administration and operations consultation shall be the lesser of the average expense as determined under (ii) of this subsection or the individual facility's costs for administration and operations consultation expenses taken from the most recent completed cost report, as adjusted for inflation. This adjustment applies only to the July 1, 1982, through July 1, 1983, reimbursement period.

(5) The return on net invested equity for each facility shall be determined by utilizing medicare rules and regulations.

(6) Property cost center reimbursement for both leased and owner-operated facilities shall not exceed the predicted cost plus one standard deviation of the necessary and ordinary costs of depreciation, and interest, of owner-operated facilities utilizing a multiple regression formula developed by the department of social and health services, recognizing factors which may be significant, including location, age, and type of facility. Rental costs of leased facilities other than those operating as intermediate care facilities for the mentally retarded, and depreciation and interest costs of owner-operated facilities, for leases or mortgages entered into prior to July 1, 1979, shall be reimbursed to the extent they do not exceed the reimbursement rate payable for the property cost center as of June 30, 1979, or July 1, 1979, whichever is higher, adjusted to meet any discrepancies as determined by the federal government between the reimbursements made and the approved state medicaid plan, and adjusted for any approved capitalized additions or replacements, except that any leased facility which has operated as an intermediate care facility for the mentally retarded prior to July 1, 1979, shall be reimbursed to the extent that the property costs exceed the upper limit of the multiple regression formula.

(7) The patient personal needs allowance limitation shall be thirty-three dollars and fifty cents.

(8) For settlement purposes only, for calendar years 1981, 1982, and 1983, a nursing home may shift among cost centers an amount not greater than twenty percent of the reimbursement rate of the cost center into which the shift is being made. Shifts may be made among the cost centers. However, shifts may not be made into the property cost center. The department shall monitor on a random basis the extent and patterns of shifting between cost centers authorized by this section. The department shall report to the legislature on its findings required by this section prior to (February) July 15th of each year.

(9) Audits shall be conducted by the department and settlements shall be calculated by cost center only.

(10) The department may adjust reimbursement rates to reflect required increases in staffing levels and capital improvements.

(11) Any reference in this section to a January 1, 1981, reimbursement rate includes any adjustment resulting from a rate appeal and its final resolution, but shall not include any adjustment resulting from litigation on reimbursement rates prior to June 30, 1981, or the procedures by which they were established.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 811 as amended by the Senate.

POINT OF INQUIRY

Mr. McDonald yielded to question by Mr. Chandler.

Mr. Chandler: "Representative McDonald, on page 75, line 12 of Engrossed Substitute House Bill 811, the language refers to LEAP Document No. 3 Revised. What is LEAP Document No. 3 Revised?"

Mr. McDonald: "LEAP Document No. 3 Revised is the staff entitlement work sheet that will be used to determine the funding levels of a school district's handicapped budget for the 1982/83 school year."

Mr. Chandler: "How does LEAP Document No. 3 Revised differ from the one in current use?"

Mr. McDonald: "The only difference is that the certificated instructional staff ratios have been reduced and the classified instructional support staff ratios have been increased. This reflects the policy that the state will not provide funding for staff that do not perform instructional duties as instructors. Examples of this is social workers, physical therapists and nurses. However, you should note that the ratios have been adjusted in such a way as not to reduce the total staff."

Mr. Struthers demanded an oral roll call vote on the passage of the bill, and the demand was sustained.

POINT OF INQUIRY

Mr. McDonald yielded to question by Mr. Warnke.

Mr. Warnke: "Representative McDonald, is this so-called LEAP 3 Document available for us?"

MOTIONS

On motion of Mr. Nelson (G), HOUSE BILL NO. 775 was ordered immediately transmitted to the Senate.

On motion of Mr. Nelson (G), ENGROSSED HOUSE BILL NO. 813 was rereferred to Committee on Rules.

POINT OF PARLIAMENTARY INQUIRY

Mr. Martinis: "Mr. Speaker, were the House Rules, and in particular, House Rule 13, violated by the House considering House Bill No. 804 on second reading? House Rule 13 says every measure should be read on three separate days and that when only five days remain before a session must end by law, this rule may be suspended by a majority vote. Mr. Speaker,
my point is that this is the twenty-third day of a thirty-day session and the exception in House Rule 13 does not pertain to House Bill 804. Therefore, the Chair has violated the rules."

SPEAKER'S RULING

The Speaker: "Representative Martinis, House Bill 804 is now in Rules for third reading. I understand the point you have raised, and had it been raised at the time, I would have sustained your challenge."

Mr. Martinis: "Mr. Speaker, my point then is that House Rule 13 has been violated by the Chair."

The Speaker: "Representative Martinis, If any member had raised the objection in a timely fashion, I would have sustained that objection."

Mr. Martinis: "Who put House Bill 804 before the body?"

The Speaker: "The Rules Committee."

Mr. Martinis: "Mr. Speaker, as a message to this body, the clear violation of Rule 13 is just another nail in the coffin."

MESSAGES FROM THE GOVERNOR

December 1, 1981

To the Honorable,
The House of Representatives Of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to subsection 3 of section 4 of SECOND SUBSTITUTE HOUSE BILL NO. 557, entitled:
"AN ACT Relating to Medical Care."

Subsection 3 of section 4 would have established a new revolving fund under the control of the Department of Social and Health Services. Since the bill states no purpose for the new fund and since we are currently trying to reduce the number of separate funds, I have vetoed this provision.

With the exception of subsection 3 of section 4, Second Substitute House Bill No. 557 is approved.

Respectfully submitted,
JOHN SPELLMAN, Governor

POINT OF ORDER

Mr. King (R): "I believe, Mr. Speaker, that my motion, a notice of reconsideration, would take precedence over the motion to immediately transmit. I was standing prior to the time your majority leader was standing."

SPEAKER'S RULING

The Speaker: "Representative King, so far the motion before us is the motion that Substitute House Bill 804 be immediately transmitted to the Senate. I have not, at this point, received any notice of reconsideration, so I would have to say that your point of order is not well taken. Do you wish to serve notice?"

POINT OF INQUIRY

Mr. Ellis yielded to question by Ms. Hine.

Ms. Hine: "Representative Ellis, I am concerned about the potential cost or benefits for local government. Would you explain to me what your response has been when you checked with various local governments and what their position is, and just what cost factor is involved for them?"

Mr. Ellis: "Representative Hine, I have checked with several counties. They gave me no direct cost figures. It would be my understanding that when the local counties do their tax statements they would simply add a line. They have to state exactly what your tax obligation is in the form and all they would do is simply add a line and show the three percent discount, and if you want to pay it that would be the exact amount you would pay. I can't see how it would be any more. It's probably just one more line on the form and perhaps a letter that they would send along encouraging the taxpayer to do it and telling him what the discount interest rate is. I don't think the impact on local government would be all that expensive. They have to get their tax statements out by February 15, and they have plenty of time to do it."

Ms. Hine: "Is it true then, that if they pay the discount, the total amount of taxes collected for their use might be, less? The only advantage would be they would get the use of some of the money earlier?"

Mr. Ellis: "Yes, that's correct. About two-thirds goes to the county, as I understand it, and if they didn't need the money, then they could invest it and I think in $100,000 lots they are getting about 10.5% now. It would offset the cost. The state could do likewise."

Mr. Nisbet spoke against passage of the bill, and Mr. Isaacson spoke in favor of it.

Ms. Sommers again opposed passage of the bill, and Mr. Ellis again spoke in favor of it.

Mr. Warnke demanded the previous question, and the demand was sustained.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Kathy Balise and Keoki Morgan. Prayer was offered by The Reverend Burdette R. Palmberg, Mercer Island Covenant Church:

"Our Father, this body faces some enormous needs. We ask Your wisdom and guidance to give us good sense to be effective; to exercise creative stewardship of the resources, both fiscal and personal; to aggressively address the needs and problems of this state; to deal with tenacity, patience and realism, the issues we face. Continue to work with us until a way is found where it seems at this time there be no way. Give us the common sense to be concerned with what is right rather than with our press notices; to be willing to work toward compromise and unwilling to compromise ourselves; to work for the people rather than for partisanship and to remind us that in the thick of debate we are representatives for the people who have elected us and not spokesmen for power blocks or special interests. Help this body to be willing to be lonely in the right rather than to be popular in the wrong. We ask in Jesus’ name. Amen."

STATE OF THE STATE ADDRESS

Governor Spellman: "Mr. President, Mr. Speaker, distinguished elected officials, members of the House and Senate, ladies and gentlemen: As required by the State Constitution, let me report to you the condition of the affairs of the state.

"Unemployment will soon be running at eleven or twelve percent. The construction and timber industries are in a depression. $1.5 billion has been cut from previous program levels. The prisons are bursting at the seams, after a one-year population increase of one thousand prisoners. In 1982, the population will increase by another one thousand. We have no cash reserves. We have nine months in which to pay off a $400 million loan. We are $925 million below the strict tax lid imposed by the people. The state's bond rating has been down-graded, costing the taxpayers $100 million in interest payments over the next twenty years. Soon the bond rating will be reviewed and scrutinized again. High credit costs have depressed the retail sales upon which state revenues depend. The most recent economic forecast—confirmed by the best economic thinkers in the state—showed a projected $144 million revenue shortfall over the next seventeen months. There is mounting evidence of further revenue declines before the biennium is over."
Let's assume for the moment that we take care of the immediate problems we face today. A year from today, we are likely to face another $1 billion in fiscal problems. Increased enrollments in kindergarten through high school will require an increase in school spending for the 1983–85 biennium. Higher education enrollment is projected to increase in the next biennium. And we will have to replace $70 million in capital construction money used to pay for higher education operating costs in this biennium. State pension funding requirements will leap by at least $250 million. Adult corrections will require additional millions, as the prison population continues to increase through the 1983–85 biennium. And we must assume that federal reductions in appropriations to the states will continue. The $1 billion 1983–85 biennium problem we will face next year does not include inflation.

Let us assume that inflation runs at seven percent. Counting inflation alone, maintaining only the radically reduced state spending of the past year, we would be required to come up with about another $1 billion in revenue.

That's a great start for a speech!

While the ravages of inflation—though already somewhat curbed—continue to mount, the property tax collection rate will continue to fall. The people's repeal of the inheritance tax last November will add a further revenue erosion of $114 million in the 1983–85 biennium. We will be about $1 billion below Initiative 62's strict tax limit a year from today, when the next Legislature must write the next biennial budget.

What must we do now? We must meet our $144 million and $15 million revenue shortfalls, which currently exist. We must also restore adequate levels of reserves, by $150 million, in anticipation of further economic and revenue deterioration. In short, we must provide $309 million in additional revenues. This is what we must do as prudent stewards of the public trust. And we must do it without concern for the elections this fall.

The people of the state of Washington did not elect us to get reelected. They elected us to deal forthrightly with the problems of our state. They did not elect us to give us a job. They elected us to do a job. I call upon all of us today to put aside electioneering until after our crucial work is completed. For the good of the people we must resist the strong temptation to characterize as scapegoats those who take the difficult course of responsible action. Let us all delay the start of this fall's campaign until we get the job done!

At the end of your 1981 session, I told you and I told the people that you were to be congratulated on what you accomplished; that you deserved praise for your unprecedented hard work; that you had responsibly taken the politically difficult course. And I want more than anything to be able to repeat that praise following this session, because if the crucial work is not done in this session, and if the economy continues to deteriorate, there is no question you will be back in special session before the fall. I suggest to you that the electorate of this state would prefer a good-faith approach to solving our problems to the supposedly 'safe' political course of trying to avoid those problems. To try to avoid those problems is to grossly underestimate the wisdom and intelligence of the electorate. As long as I am Governor I will continue to urge you to cooperate with each other and to work together with mutual respect to get the job done.

I have just submitted to you my assessment of the top priorities for this meeting of the Legislature. We have, minimally, a $309 million problem. That's the bare bones. My $309 million revenue proposal is based on my assessment of what can win your acceptance, even though I know that neither you nor I like taxes as a solution, and that taxes are almost always among the last agenda items that any session deals with, I ask for a tax increase of $180 million—$176 million from imposing the sales tax on gasoline and $4 million from closing a loophole by taxing aircraft. I ask for $129 million in nontax revenues. I ask that you require the top 2.6 percent of the state's retail stores to pay their collections of state sales tax in a more timely way so that the taxpayers can reap the benefits of their money without delay. I ask you to pass a higher education fee bill which would establish a more equitable tuition and fee system for the state's colleges and universities. And I ask you to pass a DSHS fiscal responsibility bill which would require families with good incomes to pay for a portion of the care and services that they receive from the state.

I have kept my package simple and minimal. It will meet the state's needs for the biennium. It is not the only possible tax package, but it is the one I think has the best chance for passage. Washington State has one of the narrowest tax bases in the country. We are one of only six states that have no income tax. More than two-thirds of the states have a higher property tax burden than we do. Half the states still impose a sales tax on food. Our ranking in the state and local tax burden has been dropping steadily for years. This is good news for the
taxpayer, but we can go only so far before creating a chronic crisis in financing basic state services. That crisis was the reality which dominated state government in 1981; and, until we act conclusively, it will remain the priority of our agenda for the 1980's.

Beyond that, we need to make a beginning toward establishing a firmer footing for future budgets. I am proposing that the Legislature create a dual purpose fund to serve as a cushion against any further revenue declines that may occur. This fund will also provide a down payment on putting the state's finances back in order. We do this, not to keep budget officers happy, but to meet the needs that people cannot meet on their own. We cannot be satisfied with the current availability of care for the mentally ill. The demand for state and local mental health care is placing a great strain on barely adequate resources. The need for better care is undeniable. Additional funds will be necessary before the end of this biennium in order to care for an increasing number of mentally ill persons requiring involuntary treatment. Because additional appropriations are unlikely, money to meet mental health needs will have to come from existing and already strained DSHS appropriations. As a minimum action, we must take up the question of how to restructure the state's mental health system—to integrate hospital care, outpatient care, emergency services, and follow-up care in community services. The explosion of the state's prison population requires legislative action to begin building a new 500-bed prison in addition to the one under construction at Monroe. The social price that would have to be paid for not taking such action is better left undisputed.

While I have spoken against unacceptable spending cuts in the delivery of services, that does not mean that the efficiency and productivity of the government cannot be improved. I, therefore, have proposed, as you have requested, a reorganization of the state's data processing authority to maximize efficiency and productivity and to avoid needless waste. I have also proposed a first-step program in government reorganization to eliminate needless agencies, boards and commissions, and to provide for a more economical approach to the delivery of government services. And I have asked for the power to develop and implement further organizational reforms and efficiencies. Efficiency is not enough. More than anything else, we need jobs, and we need them now.

I propose creating a Community Economic Revitalization Board, to increase public project construction and economic development tailored to the needs of individual communities. I propose accelerating bond programs, already authorized and approved by the people, to create jobs now. I propose that, as the federal government removes itself from funding jobs—finding services, the state come up with the money to help relieve the most serious human problem facing us—unemployment. Ultimately, the only real solution to our fiscal woes is the rehabilitation of our economy and the creation of hundreds of thousands of jobs. On this point we are of one mind. We must do everything we can to create jobs and to stimulate economic activity. The crisis condition of the Washington Public Power Supply System makes this task doubly urgent. WPPSS has created a vast dark cloud of awesome debt that has for so many months loomed as a fiscal and economic danger so great as to make a $309 million revenue problem pale indeed. Were WPPSS to collapse—to go into uncontrolled termination—the impacts on the public and private sectors of our economy and on the economic health of our entire region, would be profoundly adverse.

The problems we face are real. They will not go away. If we fail to deal with them now, the Budget and Accounting Act would require an across-the-board cut in state services, including K-12 education, of almost five percent for the second year of this biennium. Potentially, that could mean a ten percent across-the-board cut, were common schools to be exempted by the courts. If the economy deteriorates further, and if we fail to act now, those cuts could be even deeper. It is these times and these problems, and not political expediency, that dictate the actions we must take.

In my first year as Governor, the Legislature responded to the challenge and met the demands of responsibility and conscience. I pray with all my heart that our record of success will continue in 1982. Our success has come from working closely together, step by step, through extremely difficult times. As I hope you discovered in 1981, my door is always open and will remain open. I will continue to work closely with you so that together we do the job the people have chosen us to do.

Thank you.

The President instructed the committee to escort Governor Spellman to his office.

Beginning on page 1, line 5 after "Section 1." strike all material down to and including "affected." page 21, line 19 and insert the following:
Third Day, January 13, 1982

Article II, section 3 and Article XXVII, section 13 of the Washington state constitution require that the legislature apportion and district anew the members of the senate and house of representatives, and divide the state into congressional districts, according to the number of inhabitants.

The legislature declares its intent that any redistricting law enacted by the legislature in 1981 be repealed.

Sec. 2. The definitions set forth in this section apply throughout this chapter, unless the context requires otherwise.

(1) 'Chief election officer' means the secretary of state.

(2) 'Federal census' means the decennial census required by federal law to be prepared by the United States bureau of the census in 1990 and each year ending in zero thereafter.

(3) 'Lobbyist' means an individual required to register with the Washington public disclosure commission pursuant to RCW 42.17.150.

(4) 'Plan' means a plan for legislative redistricting mandated by Article II, section 3 of the state Constitution.

(6) 'Public office' means any elected or appointed office or employment in the executive, judicial, or legislative branch or in any agency, commission, or organization of the federal, state, or local government.

Sec. 3. A legislative redistricting commission shall be established on or before March 15, 1982, to provide for the apportionment and redistricting of this state. The five-member commission shall be appointed as follows:

(1) Each leader of the two largest political parties in each house of the legislature shall appoint one member.

(2) The four appointed members, by an affirmative vote of at least three, shall appoint the fifth member who shall be a nonvoting member and serve as chairman.

(3) If, by March 25, 1982, three of the four appointed members fail to select a fifth member pursuant to subsection (2) of this section, the supreme court shall appoint the fifth member by April 15, 1982.

(4) A vacancy on the commission shall be filled by the person who made the initial appointment, or the successor of the person making the original appointment, within fifteen days after the vacancy occurs.

Sec. 4. No person may be appointed to the commission who:

(1) Is not a registered voter of the state at the time of selection;

(2) Holds or has held public office or political party office within one year prior to selection;

(3) Is a relative of or is employed by a member of the state house of representatives or the state senate; or

(4) Is or has within one year prior to selection been a registered lobbyist.

Sec. 5. No member of the commission may:

(1) Hold or campaign for public or political party office while a member of the commission; or

(2) Actively participate in or contribute to any political campaign of any candidate for state or federal elective office while a member of the commission.

Sec. 6. (1) The commission shall select a competent person or persons to prepare a plan dividing the state into legislative and congressional districts.

(2) The commission may employ the services of experts, consultants, and support staff, including attorneys not employed by the attorney general, as necessary to carry out its duties pursuant to this chapter. The chief election officer, the treasurer, and the attorney general shall make available to the commission such personnel, facilities, and other assistance as the commission may reasonably request.

(3) The commission, upon written request by a witness and subject to rules promulgated by the commission, may reimburse witnesses for their necessary expenses incurred in appearing before the commission.

(4) The legislature shall appropriate funds to enable the commission to carry out its duties. Members shall receive one hundred dollars of compensation for each day spent in the performance of their duties and reimbursement for actual and necessary expenses. Compensation and reimbursement of employees for actual and necessary expenses shall be determined by the commission.

Sec. 7. In addition to other duties prescribed by law, the commission shall:

(1) Adopt rules pursuant to the Administrative Procedure Act, chapter 34.04 RCW, to carry out the provisions of Article II, section 3 of the state Constitution and of this chapter, which rules shall provide that three voting members of the commission constitute a quorum to do business, and that the votes of a majority of the members present are required for any official action of the commission;

(2) The commission shall act as the legislature's recipient of redistricting data and maps from the United States Bureau of the Census. Upon receipt of the data and maps, the commission shall promptly provide copies to the secretary of the senate and chief clerk of the house of representatives.

(3) Preserve all information filed with and developed by the commission pursuant to public records statutes, chapter 42.17 RCW;

(4) Hold open meetings pursuant to the Open Public Meetings Act, chapter 42.30 RCW;

(5) Prepare and maintain minutes pursuant to RCW 42.32.030;

(6) Prepare and publish a report with the plan; the report will be made available to the public at the time the plan is published. The report shall include but shall not be limited to: (a) The population and percentage deviation from the average district population for every district; (b) an explanation of the criteria
used in developing the plan with a justification of any deviation in a district from the average district population; (c) a map of all the districts; and (d) the cost incurred by the counties for adjusting precinct boundaries.

Sec. 8. In the commission's plan:

(1) Districts shall have a population as nearly equal as is practicable, excluding nonresident military personnel and their dependents, based on the population reported in the federal decennial census.

(2) To the extent consistent with other criteria of this section, district lines shall be drawn so as to coincide with the boundaries of local political subdivisions. The number of counties and municipalities divided among more than one district shall be as small as possible.

(3) Districts shall be composed of convenient, contiguous, and compact territory. Land areas are deemed contiguous if they share a common land border or are connected by a highway, bridge, or tunnel. Areas separated by unbridged water are deemed contiguous to the nearest land area only where necessary to comply with the other criteria enumerated in the Constitution and this section. Areas which only share common borders at the points of adjoining corners may not be deemed contiguous. Areas separated by geographical boundaries or artificial barriers that prevent transportation within a district may not be deemed contiguous.

(4) No district may be drawn for the purpose of favoring any political party, incumbent legislator, or other person or group.

(5) No district may be drawn for the purpose of diluting the voting strength of any language or racial minority group.

(6) The commission shall provide, whenever practicable, that a precinct shall be wholly within a single legislative district.

Sec. 9. (1) The commission shall adopt the redistricting plan with the approval of three of the four voting members of the commission, and shall adopt the plan not later than May 5, 1982.

(2) If three of the four voting members fail to approve a plan within the time limitation provided in subsection (1) of this section, the supreme court shall adopt a plan by May 31, 1982.

(3) The plan shall take effect upon approval by the commission, or the supreme court if the commission fails, and shall constitute the districts for the legislative and congressional elections held in the year ending in two and, thereafter, for each legislative and congressional election held until a new plan is adopted according to this chapter. Any revision by the legislature of the redistricting plan shall be approved by two-thirds of the members elected to each house thereof.

Sec. 10. (1) Following the period provided by section 9(2) of this act for the commission's adoption of a plan, the commission shall take all necessary steps to conclude its business and cease operations. The commission shall prepare a financial statement disclosing all expenditures made by the commission. The official record shall contain all relevant information developed by the commission pursuant to carrying out its duties under this chapter, data collected, minutes of meetings, written communications, and other information of a similar nature. The commission shall provide for the permanent preservation of this official record. Once the commission ceases to exist, any budget surplus shall revert to the state general fund.

(2) The commission shall cease to exist forty-five days after the date established by section 9(2) of this act for submission of a plan unless the supreme court extends the commission's term.

Sec. 11. After the plan is approved as provided in section 9 of this act, any registered voter may file a petition with the supreme court challenging the plan. The court may consolidate any or all petitions and shall give all such petitions precedence over all other matters.

Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Sec. 13. Sections 1 through 11 of this act shall constitute a new chapter in Title 44 RCW.

Sec. 14. The following acts or parts of acts are each repealed:

(1) Chapter 288, Laws of 1981 and chapter 44.07B RCW are each hereby repealed; and

(2) Any other act of the forty-seventh legislature establishing or modifying legislative or congressional district boundaries.

Renumber the remaining section consecutively.

Representatives Bender and Tupper spoke in favor of the amendment, and Mr. Eberle spoke against it.

Mr. Brown demanded an electric roll call vote and the demand was sustained.

Mr. King (R) spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Bender yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative Bender, your amendment completely takes the legislature out of redistricting. Doesn't this require a constitutional amendment?"

Mr. Bender: "My understanding is 'no', because it is only a one-time situation. We have to redistrict again in 1990 and we are saying this is the intent for this one time only which will put us up before an independent commission for redistricting and, then in 1983, we will come
Representatives Flanagan, Prince, Taylor, Barnes, Ellis, Bond, Padden and Williams spoke against the amendment, and Representatives Martinis, Heck, Rinehart, Nelson (D), Bender, Ehlers and Armstrong spoke in favor of it.

Representative Taylor again spoke in opposition to the amendment.

Mr. O'Brien demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Bender and others to Substitute House Bill No. 787, and the amendment was not adopted by the following vote: Yeas, 47; nays, 49; not voting, 2.

Not voting: Representatives Fancher, McDonald.

Mr. Van Dyken moved adoption of the following amendment:

On page 12, beginning on line 3 through line 9 strike all of subsection (I) and renumber the remaining subsections consecutively.

Mr. Van Dyken spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Van Dyken yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Van Dyken, since the unamended version of this bill allows the legislature the final say and a part of the legislature has just finished drawing boundaries for legislative districts, and it has, at least in some people's opinion, offended the concept of community of interest, yet it has drawn boundaries that have taken into account population and has allowed some variance that the court would allow, what makes you think your amendment would keep communities of interest intact, given the fact the legislature will continue to be doing the job?"

Mr. Van Dyken: "Representative Nelson, you bring up a good argument in favor of my amendment. There are two important factors. Number one, I think the legislature, given the situation in which we are existing, did a very good job of protecting community of interest in trying to negotiate a workable bill. Number two, I am an advocate of an independent redistricting commission. Even the words in this bill are not totally to my satisfaction. I would prefer to have a totally constitutionally independent commission. Note please that in section 19 of this bill, the legislature cannot amend whatever plan would come from this commission ten years hence. They cannot amend it. What I am doing is allowing the commission the latitude to consider the community of interest and not the legislature to have that community of interest. The commission would be coming with a plan that could not be amended by the legislature to that body to accept or reject."

Representatives Nelson (D) and Becker spoke against the amendment, and Representatives Eberle and Padden spoke in favor of it.

Mr. Van Dyken spoke again in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Van Dyken to Substitute House Bill No. 787, and the amendment was not adopted by the following vote: Yeas, 37; nays, 59; not voting, 2.

Voting yea: Representatives Amen, Barr, Barrett, Berleen, Bond, Clayton, Dawson, Eberle, Ellis, Fiske, Flanagan, Garson, Hastings, Houchen, James, Leonard, McGinnis, Mitchell, Nickell, Padden,
Patrick, Prince, Rosbach, Sanders, Schmidt, Sprague, Stratton, Struthers, Taylor, Teutsch, Tilly, Tupper, Van Dyken, Williams, Wilson, Winsley, and Mr. Speaker.

Not voting: Representatives Fancher, McDonald.

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, I'm raising a question of the fact that you have two subject matters encompassed in one bill. It's my feeling that the object and scope of the bill should pertain to the question of redistricting and reapportionment only. When you set forth to include a portion relative to the commission, you have two matters within one bill. The Supreme Court has considered this, in some instances, to be a double-headed monster. In this instance, I believe, Mr. Speaker, that the two subject matters should be separated and included in separate bills."

SPEAKER'S RULING

The Speaker: "Representative O'Brien, in examining the situation, it would be my personal feeling that the subject matters you are concerned about are so closely related that it is very difficult to distinguish between the two. I have chosen to rely on long distinguished parliamentarians who have ruled many times in this Chamber that a constitutional provision is not appropriate for the Speaker to rule upon. Under the advice and counsel of former Speaker O'Brien, and the long-standing rulings you have put forth to guide this body, I will submit to that and decline to rule on the question."

Substitute House Bill No. 787 was passed to Committee on Rules for third reading.

MOTION

On motion of Mr. Nelson (G), the House adjourned until 9:30 a.m., Thursday, January 14, 1982.

RESOLUTIONS

HOUSE RESOLUTION NO. 82–100, by Representatives Wilson and Nisbet:

WHEREAS, The marine lands and shorelands of the state of Washington are among the most valuable of its natural resources and should be administered in the public interest to maximize the beneficial use thereof for navigation, commerce, and recreational purposes, while at the same time preserving these lands for enjoyment by future generations; and

WHEREAS, The aquatic land laws governing the beds, tidelands, and shorelands of the navigable waters of the state have been amended in a piecemeal fashion over the past eighty years, resulting in a statutory framework for management of this public trust which is ill-defined, lacking a consistent management philosophy, and overly complicated and unclear in its intent and execution, and recognizing that studies previously authorized to rewrite these laws have not resulted in a comprehensive revision of these laws;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the House Natural Resources and Environmental Affairs Committee's subcommittee on aquatic lands be authorized to convene an Aquatic Lands Task Force composed of the subcommittee's members, and representatives from the Department of Natural Resources and private entities interested in the administration of aquatic lands. The subcommittee and its task force shall review the laws governing the management of state-owned marine lands, shorelands, and harbor areas and the manner in which the Department of Natural Resources has interpreted and administered these laws in fulfillment of their trust management responsibilities, with the purpose of proposing legislation which will: (1) Clearly define aquatic lands; (2) articulate a management philosophy; (3) provide clear procedures for managing these lands; and (4) provide a comprehensive recodification and revision of laws related to aquatic lands.

Mr. Wilson moved adoption of the resolution and spoke in favor of it.
FIFTH DAY, JANUARY 15, 1982

POINT OF INQUIRY

Mr. Wilson yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Wilson, I agree this is a very timely resolution. Your comments, however, suggested that the rental program that the department has instituted will be set aside until this is accomplished, but I don't see that addressed in the resolution."

Mr. Wilson: "The intent of the resolution is to set up a task force of senators, representatives and members from the department and interested public industry to study the patchwork of laws that exist right now governing aquatic lands to arrive at a more consistent policy in the handling of the lands. It is hoped that the department will set an abeyance of some of their increases until this is done."

Mr. Nelson (D) spoke in favor of the resolution, and it was adopted.

NOW, THEREFORE, BE IT RESOLVED, That on this day, we, the members of the House of Representatives of the state of Washington, pause in our endeavors to pay homage to one of America’s most honorable and honored citizens, the Reverend Dr. Martin Luther King, Jr., in order to call to the attention of the residents of this state Dr. King’s wisdom and accomplishments and to rededicate ourselves to the pursuance of his principles of love, freedom, and equality for all; and

I would like to thank not only the members of my caucus who went together and showed real concerns for a community that I was born and raised in, but I would also like to thank the Speaker and those members on your side of the aisle who were sympathetic to the cause of the city of Everett. And those other people, I wish to thank you for putting up with me in my sincere efforts and the efforts of my people, my community leaders. If nothing else happened in this effort in the House of Representatives, you have united all of the elements of the city of Everett. Not for partisan effort, but to show a community that they can band together, Republicans and Democrats and independents. Believe me, we’ll see it down here again—not on partisan issues, but on issues that concern our communities. Again, I’d like to thank the House of Representatives from the bottom of my heart."

"The Honorable J. R. Sharpe, Canadian Consul General and Mrs. Sharpe;
"The Honorable Walter Lockwood, American Consul General and Mrs. Lockwood."

President Cherberg introduced Speaker Polk for welcoming remarks.
Speaker Polk: "Thank you, Governor Cherberg. Governor Spellman, very distinguished guests, ladies and gentlemen: It's a distinct honor and a pleasure to welcome you here today to meet His Excellency Premier William R. Bennett of British Columbia. I am reliably informed that Premier Bennett has heard about our reapportionment plan and has come to meet some of his new constituents.

"Our relationship with our neighbors to the north has always, and continues to be, one of cordial and productive relations and I am certain that all of us will find the experiences and approaches with which our Canadian friends are addressing the concerns, which all of us share, to be most interesting and productive. I have to confess that in the dozen or so years now that I have been in the Washington State Legislature that we have not had great amount of governmental contact between our Legislature and that of British Columbia and I think we should all regard that as one of lost opportunity.

"Mr. Bennett, I think your visit today brings with it a rich opportunity for establishing a strong working relationship between our governments—a close working relationship between the State of Washington and British Columbia—and I am certainly encouraged by that. I want to extend a heartfelt and warm welcome to you and your visitors who are with us today. I hope you will find your visit fruitful and rewarding."

The President of the Senate introduced Governor John Spellman.

Governor Spellman: "Speaker Polk, distinguished members of the Supreme Court, members of the House and Senate, distinguished guests, ladies and gentlemen: As Governor, I am greatly honored by the opportunity to welcome and introduce to our Legislature, the Premier of the Province of British Columbia, the Honorable William Richards Bennett. He has the unique distinction of being the son of a Premier, the late W.A. C. Bennett. He has for two decades was Premier of British Columbia.

"Our state's quest is for better relations with British Columbia and indeed we have the opportunity to reach out the hand of friendship across the border and meet in Victoria with Premier Bennett. I had the rare experience of speaking to their Legislative Assembly and the experience of seeing a Legislative Assembly where the Premier didn't just come in occasionally to talk, but was the center of all debate. He is at least a part of the debate of which he is the center.

"He is a native of British Columbia and went through the school system in British Columbia and later distinguished himself in business. He followed then in his father's footsteps in public life. The diversity and breadth of his business career spanning lumber, agriculture and investment companies, wholesale and retail, I think, reflects the diversitality that he has brought to public service. He has, for three decades, been an active member of the British Columbia Social Credit Party. When he first sought public office, really only eight years ago, he was elected as a representative from the Okanagan south constituency to the Provincial Legislative Assembly. Two years later he was chosen as Premier and for those of you who may not know, he is not only Premier-, but he is a very active floor leader and the leader of all debate. Almost everyone sitting behind you is not only a member of the cabinet, but is an elected representative of their constituency as well. If I think I have problems with department heads, imagine having elected department heads. It seemed to work rather well on the occasion I was there.

"His resume, I don't think, would be complete without referring to the fact the he and Audrey, who is gracing us with her attendance this morning, have four sons and maintain a residence in the Okanagan Territory in addition to being in Victoria. This is only the second time, as far as I can determine, that a provincial Premier has addressed this body. After their generous welcome and the opportunity I received to speak to their Legislative Assembly, I think this is an important occasion, because we do so much business and we have so much cultural activity and so much educational activity that we share. It is important that we—despite our differences, because we are different countries and we have different political systems—that Washington and British Columbia share a common destiny and we acknowledge that as we have shared a very fruitful and common past. We have agreed, the Premier and I, that when we do differ, we will not bicker; that our mutual problems call for solutions, not confrontations. So, on my last visit I discovered Premier Bennett to be a leader with charm and insight, great skill and I know you will share my view as you join in welcoming him.

"Ladies and gentlemen, it is my privilege to present to you the Honorable W. R. Bennett, Premier of British Columbia."

Premier Bennett: "Governor Spellman, Lieutenant Governor Cherberg, Mr. Speaker, members of the State Supreme Court, the Senate and the House of Representatives, and, of
course, Canadian Consul General Sharpe and American Consul Lockwood, distinguished guests: It is a great honor and pleasure for me to have the honor to speak with you today. I must say, coming from a Legislature in British Columbia, I have never experienced a welcome such as you have given to me and to understand that, you must sometime, if you have not, visit the proceedings of the British Columbia Legislature to get some idea of the different sort of welcome I receive there.

Although we are now well into the month of January, I cannot let this occasion pass without conveying two sets of wishes. First I bring with me the greetings and belated wishes for a happy and successful new year to all of you from the 2,700,000 British Columbians who are your neighbors to the north. Secondly, it pleases me to offer my congratulations to the University of Washington Huskies for their well-earned Rose Bowl victory. I might say that I hope some of their success would rub off on the Seattle Seahawks and the British Columbia Lions, who aren't noted for the same success the Huskies have.

We, in the vibrant and burgeoning problems of British Columbia, believe we are very fortunate—indeed, that we are doubly blessed. In the first place, we are endowed with a land that is immeasurably rich in natural resources and in scenic wonderment. A land that is a source of both our life style and our livelihood. The second blessing is that we have the inestimable advantage of having neighbors such as yourselves and on a larger scale that as Canadians we have you, as Americans on our frontier. I call you neighbors, but in truth, we are more. We are neighbors by chance, but we are friends by choice. That we have come to share a frontier through the shifting of continents from the fashioning of mountains out of the sea, was surely beyond man's control. That we have taken this frontier and have made it a pathway to close encounters of commerce and friendship is a tribute to the wisdom of our forefathers and the continuing good sense of our people today. One has only to look at recent events in Poland to appreciate how fortunate we are to be free men and women. Free to build our lives according to our efforts and our abilities; free to criticize our governments; free to cross into each other's country, albeit sometimes slowed considerably by the traffic at the border at Blaine. However, our system of government may differ somewhat—your Constitution having been forged out of revolution; our own after many years of discussion, and in recent months, after some division, in the Canadian way of compromise and conciliation—as neighbors and friends we share, to a great extent, the common past, common traditions and a common feature of prosperity that is the framework of freedom and liberty.

Each time I look at our corner of the world on a globe, located as we are in the northeast of the great Pacific Rim, an area that spans such diverse societies and exciting markets as Australia, Mexico, Japan and the Asian, or Southeast Asian nations, I'm awed by the bountiful opportunities that await us in the future. With Alaska and the Yukon to the north, and British Columbia and Washington to the south, we share an area together of 1.2 million square miles which is roughly one-third of the total of your United States. When we consider our immense natural resources, our fortune in being part of the developing Pacific Rim, and most importantly, the energies, skills and creativity of our people, one cannot help but be impressed by the future potential of our corner of the world for the rest of this century and for the century to follow.

I recently returned from a visit to Japan. What I saw will come as no surprise to your Governor, who has had the foresight to lead trade missions to that part of the world. I've been to Japan and seen a society of almost continuous technological change and innovation; of dynamic marketing and above all, a cooperative effort and commitment toward the achievement of mutually beneficial goals. Although our histories and traditions are quite different, there are some lessons we can learn or relearn from the Japanese, both economically and socially. The Japanese have gained greatly from a commitment to growth and productivity; from an emphasis on cooperation above confrontation. In recent months as the economy has turned down, we have seen workers and managers in both Canada and the United States come to recognize a common interest in the health and prosperity of their enterprise and in an environment of tough international competition, it is to be hoped that this new knowledge will endure once the economic situation improves. Just as we might learn to put greater emphasis on cooperation in our internal affairs, if we, in the Pacific Northwest, are to benefit fully from our good fortune in the provinces and the states, we must take every appropriate opportunity available to us to cooperate with each other.

Forest fire suppression and emergency measure agreements, signed by your Governor and myself on his visit to Victoria last year, are tangible examples of the benefits of dialogue and cooperation to both of our peoples. Agreements such as these can only result in the strengthening of our region and, indeed, of the entire social and economic fabric of our respective
nations. The spirit of cooperation in our region can serve as a beacon of hope for improving relations between our two great countries. At present the people of British Columbia and of your state are experiencing difficult economic times, with the very high levels of unemployment the most disturbing feature. Entire industries, and most particularly the forest industry, on both sides of the border are undergoing unprecedented challenge. Governments, too, are facing a down turn in their fiscal fortune and are having to come to grips with a period of fiscal restraint. In your country the federal administration is transferring a greater share of the burden of financing social programs to the states in the name of decentralizing power. In my country the same process is under way, but, ironically, in the name of centralizing power. But whatever the rationale, the process underway in both countries makes it all the more necessary that we pursue economic recovery as our number one social priority. As it is increasingly clear, in order to do good, you have to do well. In this vein, I cannot help but recall the words of your late President, John F. Kennedy, who, in commenting on the importance of economic growth to all society, once observed that a rising tide lifts all boats.

"I'm optimistic. I sense that this period we are going through, difficult as it may be, is only a temporary adjustment. A challenge, if you will, posed by the world to test the energy and creativity of our respective nations. I believe in the underlying strength of our two nations, and I am confident that this strength will soon begin to manifest itself to the long-term benefit of our people. This does not mean that periodic differences between British Columbia and the State of Washington will disappear. Governor Spellman, when addressing the British Columbia Legislature last May, put it very aptly—if I may quote him when he said, 'It is normal for friends and neighbors who share a common fence to fall into occasional dispute, sometimes even with a bit of yelling across that fence.' He went on to point out that British Columbia and the State of Washington have too much in common to let occasional dispute stand between us. I agree with Governor Spellman. For the benefit of both British Columbia and the State of Washington, both sides must accept the challenge of resolving these disputes through communication and cooperation. We must always be careful that we do not allow issues to escalate, for as Governor Spellman and I know at first hand, once voices have been raised, it takes a lot of hard work to restore good relations. When I refer to our mutual benefit, I'm not only referring to trade and commerce, to questions such as energy, forests and environmental quality, I'm also referring to our friendship. I believe the financial rewards of cooperation are secondary to the real rewards, that of the enhancement of the sense of harmony and mutual understanding and of genuine closeness that we share in this part of the world. That is the greatest reward of all. In the best of times small incidents can magnify in importance and threaten a basically healthy relationship. In times such as those we must be especially vigilant not to allow short term economic difficulties to lead to 'beggar thy neighbor' policies. If we, in the Pacific Northwest know anything—and this is a lesson that perhaps our eastern countries seem not to have learned from the 1930's—it is that trade must be made freer and not more controlled and that economic barriers must be reduced rather than reinforced.

"Again, I would like to thank you, Governor Spellman, on behalf of myself and all British Columbians for honoring us by allowing me the opportunity to address your Legislature today. Official visits of this type are an important part of the communication and cooperation I've just mentioned. To that end, we in British Columbia are looking forward, Governor, to your next visit to us, hopefully later this year. Again thank you very much for your courtesy today."

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Heck.

Mr. Heck: "Representative Ellis, there has been some confusion in the last few days surrounding the exact provisions of 626. One of the question that has been raised is whether or not existing statutes providing for criminal sanction for display of obscene materials is being replaced in this bill by civil action. Which classes of criminal offenses are being repealed, if any, and being replaced by civil proceedings?"

Mr. Ellis: "My understanding is that the present criminal statutes would be repealed (I'm not sure the Senate is going to go completely along with that). This bill, in addition to having the civil possibility, has a criminal provision in it. I think it's Section 7. In addition, Representative Bond has introduced a new criminal statute based on a recent United States Supreme Court opinion upholding a—Texas statute in the criminal area—that's in our committee now, that we will also be hearing on Tuesday. Out of this, we will hope to have a coordinated effort

Mr. Heck: "I wish I had a clearer understanding. It occurs to me that it is not clear what criminal sanctions remain in the law for the display of obscene material and related activity. I have a deep concern that we would be replacing the ability to prosecute and impose criminal sanctions against this kind of activity."

Mr. Ellis: "Representative Heck, this would not remove the ability of local jurisdictions to have their own criminal ordinances and zoning statutes. I understand there is a partial amendment in this bill, and I'm sorry I can't be specific on the type of offense and the penalty, but I will go to counsel and try to get you some specific answers."

The bill was read the third time and placed on final passage.

Representatives McDonald and Nelson (G) spoke in favor of passage of the bill, and Representatives Burns, Eng, King (R) and Teutsch spoke against it.
POINT OF INQUIRY

Mr. McDonald yielded to question by Mr. Heck.

Mr. Heck: "Representative McDonald, in light of the fact that the operating fee surcharge was added to this bill on the floor of the House during our last session, and in light of the fact that at that time when that amendment was objected to on the basis that it had failed to ever receive a public hearing, why has the Appropriations - Education Committee not conducted a public hearing on this major change in the tuition policy of this state, especially considering your remarks at that time that were it possible you would assure this body of a full, complete, open public hearing on such a major change in tuition policy? Why have we had no hearing?"

Mr. McDonald: "Representative Heck, I would like to bring your attention to the fact that there were several hearings when the surcharge was brought out as an option, along with some other options, for the consideration of House Bill 784. It was not part of the original bill, but then I don't think the process precludes us from making amendments on the floor. It was brought up in the committee in several hearings, one in October, that I can remember distinctly."

Representatives Rust, Nelson (D), Erak, Rinehart, Pruitt, Grimm and Warnke spoke against passage of the bill, and Mr. James spoke in favor of it.

Mr. McDonald closed debate, speaking again in favor of the bill.

On motion of Mr. Ellis, the committee amendments were adopted.

The bill was ordered engrossed. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Mr. Ellis spoke in favor of passage of the bill.
POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Ellis, just for the record, I want to make sure the State patrol is bound by the same rules that any other police agencies are, in terms of wiretapping or any other investigative tool. They have to get the same permission, do they, from the courts that any other law enforcement agency does?"

Mr. Ellis: "Yes, Representative Nelson. There is a bill pending in the Senate to amend the wiretapping statute, but it hasn't passed yet. They would be subject to the same rules."

Mr. Nelson (D): "There is no exception under the law currently that would give the State Patrol more authority than any other law enforcement agency?"

Mr. Ellis: "Not to my knowledge, and certainly this bill doesn't give them any additional authority in that area."

Mr. Addison moved adoption of the following amendment by Representative Flanagan:

"Strike everything after the enacting clause and insert the following:

(a) A statement that the state must pledge its full faith and credit toward the payment of the general obligation bonds and that the debt service payments must be made from state taxes and revenues, which may result in an increase in taxes or a reduction in existing programs. However, if the debt service payments are not required to be made from state taxes and revenues, it shall be so stated; and

(b) An estimate of the dollar amount of debt service on the bonds per year, and an estimate of the total principal and interest payments required for the full term of the bonds. These estimates shall be based on current interest rate estimates and shall be prepared by the state finance committee.

A copy of the petition and a notice of such appeal shall be served on the secretary of state and the attorney general. The court shall, upon filing of the petition, examine the measure, the explanatory statement, and the objections thereto and may hear argument thereon and shall, as soon as possible, render its decision and certify to and file with the secretary of state such explanatory statement as it determines will meet the requirements of this chapter. The decision of the superior court shall be final and its explanatory statement shall be the established explanatory statement. Such appeal shall be heard without costs to either party."
(2) Arguments and rebuttal statements advocating the voters' approval or rejection of any measure shall be prepared and submitted for printing by the committees created pursuant to RCW 29.81.030, 29.81.040 and 29.81.050. Such arguments and rebuttal statements shall be the arguments and rebuttal statements and no other arguments or rebuttal statements shall appear in the pamphlet as to such measure. Arguments may contain graphs and charts, supported by factual statistical data and pictures or other illustrations, but cartoons or caricatures shall not be permitted.

Mr. Addison spoke in favor of the amendment.

POINT OF ORDER

Mr. O'Brien: "Is the language contained in this amendment to Engrossed Substitute House Bill No. 11, the same language that was contained in the original bill? Is that bill still pending before the House?"

The Speaker: "Are you asking if this is the language contained in the original House Bill 11?"

Mr. O'Brien: "I believe this is the language of a bill Representative Flanagan introduced previously."

The Speaker: "Representative O'Brien, I am unaware of any bill pending before the House that is the same as the language of this amendment."

The amendment was adopted.

RESOLUTIONS

HOUSE RESOLUTION NO. 82-105, by Representatives Schmidt, Martinis, Chamberlain, Brown, Mitchell, Taylor, Leonard, Johnson, Salatino, Gallagher, Wilson, Hankins, Dawson, Nelson (G), Lundquist, Barrett, James, Wang, Nisbet, Struthers, Sprague and McCormick:

WHEREAS, The state of Washington serves its country by providing a location for several important federal military and Indian reservations; and

WHEREAS, The common schools of Washington seek to provide the highest quality of education for all enrolled students, including students of families associated with federal reservations; and

WHEREAS, The presence of a federal reservation within a common school district places an inordinate burden on the district's property taxpayers by reducing the district's property tax base; and

WHEREAS, The federal government has heretofore recognized its responsibility toward such districts by providing P.L. 874 impact aid to partially compensate the districts for lost property tax revenue; and

WHEREAS, Relatively large amounts of the property of certain common school districts in the state of Washington are occupied by federal reservations, leaving such districts especially dependent on P.L. 874 impact aid; and
WHEREAS, The danger currently exists for a significant reduction in P.L. 874 impact aid funding;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the state of Washington, That the federal government be urged to maintain P.L. 874 impact aid at current levels or to provide other means to fairly compensate common school districts in the state of Washington for the reduced property tax revenue caused by the placement of federal reservations within those districts; and

BE IT FURTHER RESOLVED, That the Chief Clerk of the House of Representatives send copies of this resolution to the Secretary of Defense of the United States, the Assistant Secretary of the Interior for Indian Affairs, the chairmen of the Congressional appropriations and defense committees, and each member of Congress from the state of Washington.

Ms. Schmidt moved adoption of the resolution. Representatives Schmidt, Taylor, Grimm and Lux spoke in favor of the resolution, and it was adopted.

HOUSE RESOLUTION NO. 104, by Representatives Wilson, Schmidt, Owen, Fiske, James, Granlund, Lundquist, Nisbet, Eberle and Houchen:

WHEREAS, The state ferry system provides a vital transportation link for Washingtonians living throughout the Puget Sound basin, and is critical to the economy of the state; and

WHEREAS, Annual ferry fare increases of thirteen percent in 1979, twenty-five percent in 1980 and thirteen percent in 1981, imposed to balance the budget for continued ferry operations, have placed an increasingly burdensome financial strain on those depending on the ferry system; and

WHEREAS, Experience in public transportation systems throughout the country has proven that as fares are increased in reaction to decreasing ridership, ridership decreases further, posing the threat of a destructive fare spiral which can ultimately destroy public transportation systems; and

WHEREAS, The Governor's Special Commission on Ferries has identified the need to achieve greater efficiency in ferry operations, and has urged the creation of a ferry system productivity council to promote this goal; and

WHEREAS, The Special Commission on Ferries has further recommended that annual fare increases should not exceed the Seattle Consumer Price Index in order to maintain affordable transportation for ferry users; and

WHEREAS, In its initial position paper on 1982 ferry fare increases prepared for review by the ferry advisory committees, the Department of Transportation stated that the ferry system has been operating below budget in fuel and payroll costs and that an eleven percent fare increase would generate sufficient revenues to stay within budgetary allocations through the end of the current biennium; and

WHEREAS, It is essential that all functions of government operate as effectively and efficiently as possible and all efforts be made to restrict inflationary increases in charges to consumers of government services;

NOW, THEREFORE BE IT RESOLVED, That the House of Representatives urge the Transportation Commission, the Department of Transportation and the Washington State Ferry System to institute cost-saving measures to improve ferry system efficiency and lower costs, and to take such other actions as will eliminate the need for ferry fare increases which exceed the consumer price index; and

BE IT FURTHER RESOLVED, That a copy of this resolution be sent to the Transportation Commission, the Department of Transportation and the Washington State Ferry System.

On motion of Mr. Wilson, the resolution was adopted.

MESSAGE FROM THE GOVERNOR

December 21, 1981

To the Honorable,
The House of Representatives
of the State of Washington

Ladies and Gentlemen:

I am returning herewith without my approval as to several provisions, ESHB 811, entitled:

"AN ACT Relating to reductions in appropriations."

The provisions I have vetoed and the reasons therefore are as follows:

1. On page 4, I have vetoed Section 1. This section would interject the legislature, through the Legislative Budget Committee, into the administration of state government. Further, were the section to become law, it would duplicate the purpose of Section 33, Chapter 143, Laws of 1981, and of Executive Order 81-20, which require the Department of General Administration to review and approve expenditures for state remodeling and renovation plans. A further review and approval by the LBC would be wasteful and unnecessary.

2. On page 5, I have vetoed Section 2, which forbids the use of funds for agency deputy director positions not existing in law prior to January 1, 1981. This is a blanket prohibition which excepts only the Department of Corrections and the Department of Social and Health Services. While I appreciate the spirit of economy that is conveyed by this section, these restrictions during a time of state agency reorganization could be counter-productive. Such efforts toward economies are better accomplished on a case-by-case basis by this office.

3. On page 10, Section 15, lines 34 and 35, and on page 11, lines 1 through 5, I have vetoed the proviso that reads: "Provided, that no raise effective February 1, 1983, shall increase any annual salary above $35,000 in which case the recipient shall receive only that portion of the raise which would increase the salary to no more than $35,000: Provided Further, that no employee making $35,000 or more per year on February 1, 1983, shall be eligible for the raise effective on that date:"

On page 76, Section 76, I have vetoed subsection (11), which states: "Notwithstanding any other provision of law, no employee whose salary exceeds thirty-five thousand dollars per year may receive further increase from these funds, nor shall any employee whose salary is less than thirty-five thousand dollars exceed that figure as a result of further increase from these funds. Any savings created by such action shall be expended only for non-employee related items."

While a salary lid for government employees may have appeal, it would soon seriously hamper the state's ability to attract and keep competent managers, supervisors, and other professionals. If the federal experience is any indication, we could expect increasing numbers of government managers to depart for business and consulting work, government lawyers for private firms, and doctors and dentists at our mental and other custodial institutions for private practice. Some of our best professionals in education would also be discouraged from public service. Especially in times of limited resources, the state cannot afford such a drain of talent. This could begin a state slide toward mediocrity. In addition, it is unfair to select one group of state employees for discriminatory treatment in the area of pay raises. The same rules should apply to all state employees.

4. On page 17, I have vetoed Section 23. In a time of increased, and usually unavoidable, litigation, the Attorney General must be able to meet agency demands for legal services. This veto action restores the Office of the Attorney General to the appropriation level originally provided by the Legislature for the 1981–83 Biennium. The Attorney General has agreed,
however, to reduce his expenditures under this appropriation by 5 percent. I have forwarded to you a copy of a letter to me from the Attorney General amplifying the grounds for this veto and stating his commitment.

5. On page 18, Section 24, I have vetoed subsection (6). I have also vetoed the following provisions relating to the same subject: On page 82, Section 83, lines 24 through 26; on page 83, Section 84, lines 5 through 7 beginning with "In making reductions..."; on page 83, Section 85, lines 21 through 26; on page 84, Section 86, lines 2 through 5; on page 84, Section 87, lines 15 through 18; on page 84, Section 88, lines 24 through 27; on page 85, Section 89, lines 4 through 7; and on page 85, Section 90, lines 22 through 24.

These provisions require a reduction in state General Fund-supported travel expenses of 30 percent for all state agencies except the community colleges, which are to be reduced 8 percent. A blanket reduction of both in-state and out-of-state travel is sure to impair the vital functions of several agencies. For example, the members of the Board of Prison Terms and Paroles must constantly travel to our state institutions in order to hold parole hearings. The Department of Revenue estimates a loss of $21 million in state revenues if its auditors, who must travel to businesses in order to perform tax audits, were to reduce their travel in compliance with this provision. In an effort to keep noncritical travel to a minimum, I have issued a directive to all state agencies reminding them of existing travel regulations, requiring further curtailment of travel, and directing that all travel out-of-state be personally approved by agency directors.

6. On page 20, Section 28, I have vetoed the sentence in subsection (5) beginning on line 26 and continuing through line 29 that specifies the number of FTE staff years that the Department of Revenue may use in its expanded revenue recovery efforts. I believe the legislature intended to limit additional new staff to 50 FTE's. But the language would actually limit the department to 32.75 total staff years in fiscal year 1983 for this critical activity. I have thus vetoed what I believe is a technical mistake. Consistent with legislative intent, however, the department will expend these funds solely for this purpose, and no more than 50 new audit staff will be hired.

7. On page 29, Section 41, subsection (2), I have vetoed the sentence beginning on line 17 that reads: "Allotment modifications shall be submitted to the Legislative Budget Committee for approval prior to implementation." This language requires Legislative Budget Committee consent to all allotment amendments related to the Department of Social and Health Services. Such a procedure not only is cumbersome but also preempts the Governor's statutory responsibility for allotment approval, and interjects the legislature into the executive operations of state government.

8. On page 31, Section 42, I have vetoed part (ix) of subsection 2(b), which reads as follows:
"Tobacco products shall not be provided to inmates who have not earned such products."
Providing loose tobacco (not cigarettes) to inmates has proved useful in managing our crowded correctional institutions. At this time, a sudden abandonment of this custom could prove dangerous to the morale and tranquility of those institutions.

9. On pages 57 through 61, I have vetoed Section 65. This section contains a proviso which purports to prohibit state moneys from being spent on Metro's proposed wastewater outfall at Seahurst. While I recognize the controversy surrounding Metro's proposed project, that controversy cannot properly be resolved by a budget bill proviso which was adopted without a public hearing. The use of state moneys for the proposed project is subject to the comprehensive hearing—and—approval process passed by the voters just over a year ago in Referendum 39, now codified as Chapter 43.99F RCW. That process, including full hearings on the matter by the legislature, should run its course before any final determination regarding the use of state moneys is made.

As a consequence of this veto, the appropriation level for the Department of Ecology is maintained at the level established in the 1981 Regular Session. I am, however, directing the Department of Ecology to implement budget and FTE levels consistent with the budget cuts that this section would have imposed.

10. On page 65, Section 71, I have vetoed the words "A maximum of..." on line 5 of subsection (2) that directs that: "A maximum of $1,997,000 shall be expended for the operation of the Clearwater, Olympic, Larch Mountain, Indian Ridge, Cedar Creek, Maple Lane, Naselle, and Mission Creek Honor Camps."
The legislative intent of subsection (2) was to reduce the State General Fund appropriation to the honor camp programs by 10 percent. Because of a technical drafting error, the amendment does not include the words "General Fund-State appropriation." This oversight limits the spending authority of the Department of Natural Resources to approximately 50 percent of the current expenditure level, because approximately 50 percent of this program is funded by nonstate general fund sources. At that level the honor camps could not survive. Therefore, a veto of the phrase indicated will permit the level of funding necessary to support the honor camps for the remainder of the biennium.

11. On page 78, Section 80, subsection (3), I have vetoed the phrase on lines 33 and 34 "under section 100 of this act." The appropriate reference should be to Section 82 of the Act, which amends Section 100 of the original appropriations bill, Senate Bill 3636, Chapter 340, Laws of 1981 (uncodified).

With the exceptions of the aforementioned sections, which I have vetoed, ESHB 811 is approved.

Respectfully submitted,
JOHN SPELLMAN, GOVERNOR.

MOTION FOR VETO OVERRIDE

Ms. Berleen moved that the House do pass Section 65 of Engrossed Substitute House Bill No. 811, notwithstanding the veto of the Governor.

POINT OF PARLIAMENTARY INQUIRY

Mr. Brown: "Mr. Speaker, it has traditionally been parliamentary procedure that the perfection of amendments on bills be taken in order. Would it not be appropriate parliamentary procedure to take the veto overrides in order on House Bill 811?"

The Speaker: "Representative Brown, I know of no such parliamentary procedure. Any of the parts of the veto message may be moved to be overridden by the first person recognized by the Chair."

Representatives Berleen, Pruitt, Addison, Valle and Granlund spoke in favor of the motion, and Representatives Teutsch, Sommers and North spoke against it.

Mr. Nelson (G), demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion that the House do pass Section 65 of Engrossed Substitute House Bill No. 811 notwithstanding the veto of the Governor, and the motion failed to pass the house by the following vote: Yeas, 38; nays, 55; not voting, 5.

POINT OF PERSONAL PRIVILEGE

Ms. Hine: "The vote we have just taken concerns me a bit that some of us who are representing people did not have a chance to express ourselves. I understand the need to expedite this business, but I would like to point out that this is the only arena in which we have representation from that district. The Metro Council has thirty-nine people and only two are represented from the district, and of course, Kitsap and Pierce have none. While this first round, Mr. Speaker and members of the assembly, seems to have gone to Goliath, I assure you that we Davids will rearm and return."

MOTION FOR VETO OVERRIDE

Ms. Sherman moved that the House do pass section 2 of Engrossed Substitute House Bill No. 811 notwithstanding the veto of the governor.

Ms. Sherman spoke in favor of the motion.
ROLL CALL

Representatives Rust and Granlund spoke in favor of the motion, and Representatives Patrick and Struthers spoke against it.

POINT OF INQUIRY

Ms. Houchen yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Houchen, the section that was vetoed talks about earning tobacco. My understanding is that it is still not possible for all inmates in our penal institutions to work in a way that they might earn money or tobacco as in kind salary. Is that your understanding, that there are still a lot of people who do not have the opportunity to earn this tobacco, so it would be a disadvantage to those people who would not have jobs?"

Ms. Houchen: "Yes, Representative Nelson, that is true. There are some people who are confined to their cells and are not allowed out to work. That would be one example."

Representatives Nelson (D) and Nickell spoke against the motion, and Representatives Lux and Kaiser spoke in favor of it.

ROLL CALL

The Clerk called the roll on the motion that the House do pass subsection (ix) of section 2(b) of section 42 of Engrossed Substitute House Bill No. 811 notwithstanding the veto of the Governor, and the motion was lost by the following vote: Yeas, 48; nays, 45; not voting, 5.

MESSAGE FROM THE GOVERNOR

May 19, 1981

To The Honorable,
The House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval, HOUSE BILL NO. 537, entitled:

"AN ACT Relating to occupational drivers licenses."

The Implied Consent Law, passed by the voters of this state in 1969, provides that a person's privilege to drive is conditioned on a promise to take a breathalyzer test when suspected of driving under the influence of alcohol. Failure to take the test results in a six-month loss of license.

House Bill No. 537 would undermine the Implied Consent Law. It would permit persons who refuse the breathalyzer and who subsequently are found guilty of DWI to apply for an occupational driver's license. Ironically, those who were acquitted of the charges could not apply for the occupational permit.

If we are to have an Implied Consent Law—and I believe we should—we must enforce it. There must be a clear consequence to refusing the breathalyzer or the Implied Consent Law will be intolerably weakened.

I have therefore vetoed House Bill No. 537.

Respectfully submitted,
JOHN SPELLMAN, GOVERNOR

SECOND READING

HOUSE BILL NO. 844, by Representatives Ellis, Johnson and Maxie:

Authorizing public agencies to contract with collection agencies.

The bill was read the second time.
Mr. Ellis moved adoption of the following amendment by Representatives Ellis, Armstrong and Salatino:

On page I, after line 19 insert:

"(4) For purposes of this section, the term debt shall include fines and other debts."

Mr. Ellis spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Ehlers.

Mr. Ehlers: "Representative Ellis, just looking at this amendment, would this apply to school districts and political subdivisions of the state? Would this apply to school districts as well as students who owe money, or results of vandalism or whatever? Could they, in effect, have that debt or fine turned over to a collection agency?"

Mr. Ellis: "Yes, Representative Ehlers, it would be my understanding that is true."

Mr. Ehlers spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Ellis yielded to question by Ms. Maxie.

Ms. Maxie: "Representative Ellis, I asked the question in Rules Committee relative to the definition of the term 'debt,' and specifically, including fines. I was primarily interested in a couple of situations in Seattle, where we have the difficult time of collecting debts for parking fines. It's not so much the first-time notice, but sometimes the notices have gone unpaid and they add up. It's difficult to get the fines after a period of time. This would cover those kinds of fines as well?"

Mr. Ellis: "Yes, Representative Maxie, any legitimately imposed fine. I'm not sure about the parking ticket itself, whether without further legal procedure, these would necessarily be imposed, but my understanding is that the ordinance of the city defines those as fines, so I think they would stand a good chance of being included."

Ms. Maxie: "You have another bill in your committee regarding the victim's compensation fund. I had asked the question regarding whether or not this would help that, and I know this is permissive legislation, but would it help that process?"

Mr. Ellis: "Yes."

Ms. Maxie spoke in favor of the amendment, and it was adopted.

The bill was ordered engrossed. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

The bill was read the third time and placed on final passage.

Mr. Ellis spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Warnke.

Mr. Warnke: "Representative Ellis, couldn't the unpaid parking tickets be handled under House Bill 844 that just passed?"

Mr. Ellis: "If the municipality elected to involve a collection agency, yes. They have a double option here."

Mr. Patrick spoke against passage of the bill.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Garrett.

Mr. Garrett: "As I understand this bill, it would be limited only to parking fines and forfeitures. There would be no way that the local agencies, by ordinance or some other means, could attach, for instance, delinquent water bills, or light bills or any other means? It seems
like it would put the state into a collection agency and I want to be sure we don't go too far with this."

Mr. Ellis: "Representative Garrett, the legislation is limited to parking tickets only."

Representatives Leonard and Padden spoke against passage of the bill, and Mr. Armstrong spoke in favor of it.

POINT OF INQUIRY

Mr. Ellis yielded to question by Ms. Winsley.

Ms. Winsley: "Representative Ellis, in the bill there is a twenty-five percent surcharge at the time that someone were to pick up his license tabs. Since the department is going to have to go through a lot of work in keeping track of all these traffic offenses for overparking, I'd like to know where this twenty-five percent surcharge is going to go. Is it going to go to the state or is it going back to the local governments?"

President Cherberg: "Mr. Speaker, Governor Spellman, elected state officials, ladies and gentlemen of the Legislature, I have the honor to present to you our distinguished guests from Japan: The Honorable Isami Hirazawa, Deputy Secretary-General; The Honorable Yoshio Yakubo, Board Member; The Honorable Yasutomo Inoue, The Honorable Tomio Sairyo, The Honorable Tadashi Kajimoto, The Honorable Masao Kokubo, The Honorable Kazuo Ishida, The Honorable Takeshi Ohta, The Honorable Kazushige Wada and Senior Foreign Affairs Specialist for the Hyogo Prefectural Government, The Honorable Yasutaro Takeuchi.

"Gentlemen, welcome to the State of Washington.

"The President should also like to present to you The Honorable Ichiji Ishii, Secretary General of the Japan-America Society and distinguished member of Hyogo Prefectural Assembly."

The President of the Senate introduced Governor John Spellman.

Governor Spellman: "Governor Cherberg, Speaker Polk, members of the Senate and House of Representatives, ladies and gentlemen: I discovered, when I went to Japan earlier this year, to speak in phrases and verse so that we may have the opportunity of translation. I'm giving our interpreter the opportunity to come forward to the microphone, and I will go somewhat slower than usual.

"It is a distinct pleasure for me to welcome our good friends of the Hyogo Prefectural Assembly and their goodwill delegation who honor us with their presence today under the auspices of the Japan-America Society of the Hyogo Prefectural Assembly. We regret that Speaker Nakabayashi was unable to be with us today, but we are very pleased Assemblyman
Ishii, the Secretary General of the Japan–America Society was able to lead the delegation. The state of Washington and the Hyogo Prefecture have been sister–states for more than eighteen years. It is among the oldest of relationships we have, and I feel that it is, perhaps, most certainly the most active. We have sister–state relations between not only Hyogo, but also many of the cities within Hyogo Prefecture with the state of Washington.

"The visit we made—Senators Benitz and Quigg, Representatives Sanders, Smith and myself—to Kobe in June was a real eye-opener. We found that we are very similar in climate (we were there in the rainy season), in the greenery and the natural evergreens rising from the ocean, and the view from the Portopia Hotel in Kobe showed us one of the world's most active ports—an active trading partner with the state of Washington. Awesome traffic—it was almost like an air–traffic control situation with the ships coming in and out of that very busy port. Ten thousand seagoing vessels a year in and out of the port.

"The Hyogo Prefecture and its port of Kobe is Japan's gateway to the world. We, in the state of Washington, hope with our ports to become the gateway to Japan and to the Pacific. Their manmade ports and the islands that attribute to being those ports are well worth observing. Portopia '81 was a remarkable demonstration of various technologies, and it was fitting that the state of Washington was the only state in the United States that participated with Japan and the the port of Kobe in that awesome display of modern technology.

"Let me speak briefly of the benefits of the sister–state relationship which we have. Certainly, it starts with the personal contacts between the governmental leaders and the people of our two states getting to know each other better. We found that many people here and many people there have mutual relatives, mutual businesses, which makes for a strong and warm friendship.

"There are twenty–two of the cities in the state of Washington that have a sister–city relationship with various cities in Japan. Seattle and Kobe is one of the oldest, which is twenty–five years in existence this year, and if you were to go to Kobe, you would find a totem pole in downtown Kobe as you would find a stone pagoda in Mount Baker Park. Relationships have been good for decades, but they have never been better. We have greeted numerous delegations from Hyogo here in the last year and the Prime Minister of Japan met with me within the last two months. Japan has great faith in Washington's future. That faith in Washington's future was demonstrated only yesterday in the signing of the articles of agreement between the giant Marubeni Corporation of Japan and the state of Washington. It was preceded earlier this year with a similar agreement with the largest and oldest trading corporation in Japan, Mitsui. Those growing economic ties from this relationship have been demonstrated in every part of this state in the last year, but we have only begun to tap the future of the Pacific Rim. The world is coming to an acknowledgement of the fact that this is the century of the Pacific. Both Hyogo Prefecture and the state of Washington are very much in the 'catbird seat'—I think that translates into a key position—in terms of world trade and the opportunities as traders in that Century of the Pacific.

"Members of the Prefectural Goodwill Delegation, please convey warm wishes of friendship to my good friend, Governor Sakai, to Speaker Nakabayashi and to the people of Hyogo Prefecture. During your stay, make yourselves at home in Washington, and let it be your home away from home. Thank you."

President Cherber introduced Speaker Polk.

Speaker Polk: "Governor Spellman, Mr. President, fellow legislators, distinguished and honored guests: I am certainly pleased and honored to introduce to you, and to extend our heartfelt welcome, to a distinguished legislative colleague from our sister–state in Japan, the Hyogo Prefecture. Mr. Ichiji Ishii has served his third four–year term in the Hyogo Prefectural Assembly and is also the Secretary General of the Japan–America Society of the Assembly. His visit marks the eighteenth anniversary of the unique sister–state relationship between his prefecture and our state of Washington, which, indeed, has contributed so much to the bonds, not only between our nations, but also between the people of the regions and localities which share remarkably similar characteristics, common goals and concerns.

"It is notable that of the twenty–two sister–cities in Japan, eight are located in the hills of Hyogo Prefecture, including Seattle's sister–city of Kobe, which is also Mr. Ishii's birthplace. The strong commitment to effect a productive international relation, which this reflects, is personified by our distinguished guest today. His involvement and achievement in furthering the excellent relationships we enjoy are impressive, indeed.

"In addition to his legislative responsibilities, Mr. Ishii is Executive Director of Kokusui–Shusho Company and Secretary of the Trade Committee of the Kobe Chamber of Commerce.
and Industry as well as a board member of Prefectural Mutual Aid Association. We note also that Mr. Ishii's ties to the Pacific Northwest extend beyond the Washington border to the south. He is a graduate of the University of Oregon with a Master's Degree in Business Administration.

"Ladies and gentlemen, will you please join me in welcoming this remarkable individual and in greeting our close relatives in the family of nations: Mr. Ichiji Ishii."

Mr. Ishii: "It is our greatest honor and pleasure to be able to visit our American sister-state, Washington, at this time. We would like to express our sincere appreciation to Governor John Spellman, Lieutenant Governor John Cherberg, Speaker of the House William Polk, Senators, Representatives and all others whose kind cooperation and understanding made this trip possible.

"Our sense of honor and pleasure at this historic Legislative Hall of the state of Washington is even more exalted when I realize that our goodwill delegation represents not only the Hyogo Prefectural Assembly, but also the five million, two hundred thousand people of Hyogo Prefecture.

"The friendship between the United States and Japan originates in the Treaty of Peace and Amity signed in 1854 by the two countries. Therefore, with the exception of the tragic Pacific War, the history of our relations is almost 130 years old.

"However, the most impressive aspect of our friendship is not the length of its history, but the common framework of democracy and freedom through which the two nations have vested mutual trust in each other. We must be aware that the same common framework is the sustaining and strengthening force underlying our sister-state affiliation.

"Our sister-state affiliation is only nineteen years young, but it is gratifying to know that the relations have been expanding enormously through economic and industrial cooperation, exchange of visits and many programs which transcend the geographical and cultural differences and barriers.

"A recent memorable event in our sister-state affiliation was the visit to the Portopia Fair in 1981 by Governor Spellman, Senators Benitz, and Quigg and Representatives Sanders and Smith. We are grateful to these people and the state of Washington for their support of the Fair.

"Currently we have eight pairs of sister-state affiliations among the cities of Washington and Hyogo. They are: Seattle and Kobe; Spokane and Nishinomiya; Kent and Kaibara; Auburn and Kasuga; Renton and Nishiwaki; Walla Walla and Sasayama; Edmonds and Himeji; and Olympia and Yashiro.

"I'm sure that various programs of exchange and friendship in these sister-city affiliations will contribute significantly to the development and maintenance of peace, understanding, tolerance and mutual trust between the people of Washington and our people and even between the two countries.

"Again, thank you for this opportunity, and we hope to see you in Japan in the near future. Thank you."

The President of the Senate requested the special committee to escort Mr. Ishii from the House Chamber.

The President of the Senate requested the committee to escort Governor Spellman from the House Chamber.

The President of the Senate requested the committee to escort the distinguished dignitaries of the Hyogo Prefectural Assembly from the House Chamber.

Ms. Valle moved adoption of the following amendment:

On page 1, line 12 after "section strike "prohibits" and insert "shall allow"
POINT OF ORDER

Mr. Sanders: "This amendment violates Reed's Rule 159."

SPEAKER'S RULING

The Speaker: "Representative Sanders, having looked at the amendment and looked at the bill, I find that the bill states on line 12, 'Provided, That nothing in this section shall prohibit drilling...' and the amendment would turn it around and say 'nothing in this section shall allow...' Under Reed's Rule 159 that you have cited, it states, 'The insertion of the word "not" or the striking it out is not a proper amendment, since it does not change the question, but merely reverses the vote.' Therefore, I would rule that your point of order is well taken."

The Speaker called on Mr. Hastings to preside.

Ms. Valle moved adoption of the following amendment by Representatives Valle, Martinis and Gallagher:

On page 1, after line 16 add a new section as follows:

"NEW SECTION. Sec. 2. This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof."

Mr. Williams: "For the purpose of collecting the fees, $75,000."

Mr. Erak: "The bill report shows $172,000. Is the bill report off or is the figure misprinted in the bill itself?"

Mr. Williams: "For the purpose of implementing the bill, there would be $75,000 transferred from the trust land purchase account to the general fund for the State Parks and Recreation Commission. In addition, there will be another $172,000 collected in fees into the trust land purchase account in the general fund."

Mr. Erak spoke against the bill.

POINT OF INQUIRY

Mr. Sanders: "Representative Rosbach, policy matters before this body affecting parks and recreation are normally heard before your standing committee in public hearings and thrashed out. Was this issue heard before your committee?"

Can you confirm as to whether or not this is the case?"

Mr. Williams: "No, I cannot."
POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Van Dyken.

Mr. Van Dyken: "Representative Thompson, can you confirm or deny as to whether or not there is a special tax paid on fuels by boaters for the purpose of the operation and purchase of the marine state park system?"

Mr. Thompson: "Representative Van Dyken, unclaimed marine fuel tax is used for this purpose. It is not sufficient for this purpose, however, and unclaimed tax is from eastern Washington boaters and small boaters. The people who will pay this charge for moorage, for the most part will be large boat owners who are smart enough to know how to claim their tax, deprive the state of its use for this purpose, and do so."

Representatives Van Dyken and King (R) spoke against passage of the bill.

POINT OF INQUIRY

Mr. Williams yielded to question by Mr. Dawson.

Mr. Dawson: "Representative Williams, can you clarify for the body the intent of the Parks and Recreation Department as to what facilities these fees will apply? Specifically, tying up to docks and piers as opposed to established fees if they tie to buoys or to drop anchor?"

Mr. Williams: "The fees would not apply where you drop anchor or tie to a buoy. They only apply where you tie up. The fees would be implemented by the Parks and Recreation Commission."

Representatives Dawson and Granlund spoke in favor of passage of the bill.

MOTION

Mr. Erak moved that section 2 be struck from the bill.

HOUSE BILL NO. 822, by Committee on Appropriations – General Government and Representative Williams:

Modifying the filing officer's duties and filing fees for amendments under Article 9 of the UCC.

The bill was read the second time.

On motion of Mr. Ellis, the following amendment was adopted:

On page 1, after line 18 insert the following:

Section 1. Section 9-203, chapter 157, Laws of 1965 ex. sess. as amended by section 12, chapter 41, Laws of 1981 and RCW 62A.9-203 are each amended to read as follows:

(1) Subject to the provisions of RCW 62A.4-208 on the security interest of a collecting bank and RCW 62A.9-113 on a security interest arising under the Article on Sales, a security interest is not enforceable against the debtor or third parties with respect to the collateral and does not attach unless:

(a) the collateral is in the possession of the secured party pursuant to an agreement, or the debtor has signed a security agreement which contains a description of the collateral and in addition, when the security interest covers (crop or growing or to be grown or) timber to be cut, a description of the land concerned; and

(b) value has been given; and

(c) the debtor has rights in the collateral.

(2) A security interest attaches when it becomes enforceable against the debtor with respect to the collateral. Attachment occurs as soon as all of the events specified in subsection (1) have taken place unless explicit agreement postpones the time of attaching.

(3) Unless otherwise agreed a security agreement gives the secured party the rights to proceed provided by RCW 62A.9-306.

(4) A transaction, although subject to this Article, is also subject to chapters 31.04, 31.08, 31.12, 31.16, 31.20, and 31.24 RCW, and in the case of conflict between the provisions of this Article and any such statute, the provisions of such statute control. Failure to comply with any applicable statute has only the effect which is specified therein."
Section 1. Section 9-301, chapter 157, Laws of 1965 ex. sess. as amended by section 15, chapter 41, Laws of 1981 and RCW 62A.9-301 are each amended to read as follows:

(1) Except as otherwise provided in subsection (2), an unperfected security interest is subordinate to the rights of
(a) persons entitled to priority under RCW 62A.9–312;
(b) a person who becomes a lien creditor before the security interest is perfected;
(c) the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business, or is a buyer of farm products in ordinary course of business, to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected;
(d) in the case of accounts and general intangibles, a person who is not a secured party and who is a transferee to the extent that he gives value without knowledge of the security interest and before it is perfected.

(2) If the secured party files with respect to a purchase money security interest before or within ((ten)) twenty days after the debtor receives possession of the collateral, he takes priority over the rights of a transferee in bulk or of a lien creditor which arise between the time the security interest attaches and the time of filing.

(3) A 'lien creditor' means a creditor who has acquired a lien on the property involved by attachment, levy or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment.

(4) A person who becomes a lien creditor while a security interest is perfected takes subject to the security interest only to the extent that it secures advances made before he becomes a lien creditor or within forty-five days thereafter or made without knowledge of the lien or pursuant to a commitment entered into without knowledge of the lien.

Sec. 2. Section 9–312, chapter 157, Laws of 1965 ex. sess. as amended by section 22, chapter 41, Laws of 1981 and RCW 62A.9–312 are each amended to read as follows:

(1) The rules of priority stated in other sections of this Part and in the following sections shall govern when applicable; RCW 62A.4–208 with respect to the security interests of collecting banks in items being collected, accompanying documents and proceeds; RCW 62A.9–103 on security interests related to other jurisdictions; RCW 62A.9–114 on consignments.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if
(a) the purchase money security interest is perfected at the time the debtor receives possession of the inventory; and
(b) the purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii) before the beginning of the twenty–one day period where the purchase money security interest is temporarily perfected without filing or possession (subsection (5) of RCW 62A.9–304); and
(c) the holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and
(d) the notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within ((ten)) twenty days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:
(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.
(b) So long as conflicting security interests are unperfected, the first to attach has priority.
(c) Priority of security interests which are perfected but which are not otherwise priority to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise.

(6) For the purposes of subsection (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing or the taking of possession, the security interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security...
interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.

Sec. 3. Section 9-313, chapter 157, Laws of 1965 ex. sess. as amended by section 23, chapter 41, Laws of 1981 and RCW 62A.9-313; are each amended to read as follows:

(1) In this section and in the provisions of Part 4 of this Article referring to fixture filing, unless the context otherwise requires

(a) goods are "fixtures" when they become so related to particular real estate that an interest in them arises under real estate law;

(b) a "fixture filing" is the filing in the office where a mortgage on the real estate would be filed or recorded of a financing statement covering goods which are or, are to become fixtures and conforming to the requirements of subsection (5) of RCW 62A.9-402;

(c) a mortgage is a "construction mortgage" to the extent that it secures an obligation incurred for the construction of an improvement on land including the acquisition cost of the land, if the recorded writing so indicates.

(2) A security interest under this Article may be created in goods which are fixtures or may continue in goods which become fixtures, but no security interest exists under this Article in ordinary building materials incorporated into an improvement on land.

(3) This Article does not prevent creation of an encumbrance upon fixtures pursuant to real estate law.

(4) A perfected security interest in fixtures has priority over the conflicting interest of an encumbrancer or owner of the real estate where

(a) the security interest is a purchase money security interest, the interest of the encumbrancer or owner arises before the goods become fixtures, the security interest is perfected by a fixture filing before the goods become fixtures or within ((ten)) twenty days thereafter, and the debtor has an interest of record in the real estate or is in possession of the real estate; or

(b) the security interest is perfected by a fixture filing before the interest of the encumbrancer or owner is of record, the security interest has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner, and the debtor has an interest of record in the real estate or is in possession of the real estate; or

(c) the fixtures are readily removable factory or office machines or readily removable replacements of domestic appliances which are consumer goods, and before the goods become fixtures the security interest is perfected by any method permitted by this Article; or

(d) the conflicting interest is a lien on the real estate obtained by legal or equitable proceedings after the security interest was perfected by any method permitted by this Article.

(5) A security interest in fixtures, whether or not perfected, has priority over the conflicting interest of an encumbrancer or owner of the real estate where

(a) the encumbrancer or owner has consented in writing to the security interest or has disclaimed an interest in the goods as fixtures; or

(b) the debtor has a right to remove the goods as against the encumbrancer or owner. If the debtor's right terminates, the priority of the security interest continues for a reasonable time.

(6) Notwithstanding paragraph (a) of subsection (4) but otherwise subject to subsections (4) and (5), a security interest in fixtures is subordinate to a construction mortgage recorded before the goods become fixtures if the goods become fixtures before the completion of the construction. To the extent that it is given to refinance a construction mortgage, a mortgage has this priority to the same extent as the construction mortgage.

(7) In cases not within the preceding subsections, a security interest in fixtures is subordinate to the conflicting interest of an encumbrancer or owner of the real estate which is not the debtor.

(8) When the secured party has priority over all owners and encumbrancers of the real estate, he may, on default subject to the provisions of Part 5, remove his collateral from the real estate but he must reimburse any encumbrancer or owner of the real estate who is not the debtor and who has not otherwise agreed for the cost of repair of any physical injury, but not for any diminution in value of the real estate caused by the absence of the goods removed or by any necessity for replacing them. A person entitled to reimbursement may refuse permission to remove until the secured party gives adequate security for the performance of this obligation.*

On motion of Mr. Ellis, the following amendment was adopted:

On motion of Mr. Tilly, the following amendment to the title was adopted:

The bill was ordered engrossed. On motion of Mr. Struthers, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

**POINT OF INQUIRY**

Mr. Ellis yielded to question by Mr. Ehlers.

Mr. Ehlers: "Representative Ellis, I notice that there is a dollar fee for a search request. This is a fee bill. My question is: How much does it actually cost to do the search? If there is an excess, where does that money go?"

Mr. Ellis: "Representative Ehlers, is your question as to why the removal of the dollar search fee?"

Mr. Ehlers: "Yes."

Mr. Ellis: "That is the fee they had in for what they call a 'nonstandard request.' Usually the request for information is made on one of the department forms and it's four or five dollars and I think this maybe raises it, but I'm not sure about that. It was just not worth fiddling with; they don't get that many nonconforming requests. I think it was more trouble to fiddle with the dollar fee than it was worth."

Mr. Ehlers: "We're now going to appropriate $692,000. Is this going to be additional revenue? Are there additional fees you've dropped besides the one dollar?"

Mr. Ellis: "My understanding is that there are some adjustments in fees. I'd have to go through the bill section by section to indicate that, but it pays far more than the expenditures. I'm sorry I can't give it to you in detail."

**POINT OF INQUIRY**

Mr. Williams yielded to question by Mr. Ehlers.

Mr. Ehlers: "The question and concern I still have, and it's not really answered, is what happens to the excess in the fees that are collected? Where is that money going to go? It seems to me that the fee is rather large in comparison to the cost of doing the search and the other kinds of activities. The fee does not seem to represent the services provided, but seems to be substantially higher."

Mr. Williams: "Representative Ehlers, you will see on the fiscal note that the sum of $1.5 million goes to the general fund of the state and the expenditures come out of that; therefore, any surplus goes into the state general fund."

Mr. Ehlers: "What is the difference between the fees being collected and the cost of service that is being provided to people who are using this service?"

Mr. Williams: "Approximately fifty percent. If you will notice your fiscal note, it does not show some of the costs in there, but it is approximately fifty percent."

Mr. King (R): "Representative Taylor, if a school district needs to buy twenty buses to replace defective equipment and they need twenty additional buses, how do you tell which bus is additional and which is replacement?"

Mr. Taylor: "Well, you have to purchase, if you have that kind of money, out of some other source of money, Representative King, so the funds are not commingled. They are accounted for separately so there would be a very real distinction. There would be no way a district could do that."

Mr. King (R): "There is a constitutional prohibition against using bonds to replace equipment. It was put there for a purpose."

Mr. Taylor: "This would not permit replacement of buses; it would be strictly for additional buses. There's no way they could do otherwise, Representative King."

POINT OF INQUIRY

Mr. Amen: "Representative Addison, in section 5 it says, 'The Flesch reading ease score shall appear on the first page of the bill, resolution or memorial.' Would you explain to us who determines whether it is above 50 and how long it would take? How involved would this be?"

Mr. Addison: "The Flesch reading ease test would be programmed into the Code Reviser's Computer. We discussed this with them at length. It's really instantaneous, Representative Amen. The computer works at the speed of light and the bill would end up with the score printed at the top."

POINT OF INQUIRY

Mr. Addison yielded to question by Ms. Maxie.

Ms. Maxie: "Representative Addison, did you intend to work with the Code Reviser's Office and other entities? Is this to be accomplished on a voluntary basis?"

Mr. Addison: "Yes, Representative Maxie, I think some people in the agencies are already doing this on a voluntary basis. The bill is rather permissive. It does not require that any passage meet any particular score. It only says 'when reasonable.' Reasonable is defined by either the head of the agency or by the author of the bill or resolution. What this really does is give us an opportunity to check up on those people who are operating in a good faith arrangement. I think this will give the legislature, through the bill and through the audit established in the bill through the Legislative Budget Committee, a process where we can start looking at the people who are not dealing in good faith and who are not trying to meet with what the intent of this is all about."

Ms. Maxie spoke against passage of the bill, stating that she would vote for it, and Mr. Wang spoke against it.

POINT OF INQUIRY

Mr. Addison yielded to question by Mr. Ehlers.

Mr. Ehlers: "Representative Addison, you know in the past we have had a lot of legislation dealing with bill drafting—simplifying rules and that sort of thing. Always in the past, the Statute Law Committee has been involved in the testimony. Could you explain to me why,
either under the opponents or the proponents, there doesn't seem to be any testimony of the people from the Code Reviser's who are basically implementing this law?"

Mr. Addison: "Representative Ehlers, they did come in and testify before the State Government Committee and at some length. The discussion basically involved what techniques the Code Reviser is currently using to draft things into more readable language. They are making a good effort in this regard. This bill is an attempt to monitor the progress over a period of time as to how they are doing and how rules and regulations adopted by state agencies are doing. It's meant as a check and it doesn't do everything. It doesn't slice bread and it won't take you to the movies and back, but it will give us an opportunity in this body to check up and see how we are doing from time to time."

Mr. Ehlers: "In section 5 of this bill it says, 'All bills, resolutions and memorials introduced after the effective date of this act...'. Representative Addison, would substitute bill in committee, which do not go through bill drafting in the Code Reviser's Office, amendments, substitute bills, striking amendments on the floor, also be required by law to have the test? It appears from the structure—and of course, I have difficulty reading that—would they be required to meet that test?"

Mr. Addison: "For the purpose of establishing legislative intent, no bills or amendments offered from the floor probably, reasonably, couldn't be anticipated to have the time to do that. The nice thing about using the Code Reviser's Office is that the computer is there and it's a very simple program to put into effect. I think we should agree that it be reasonable and not required on amendments offered on the floor."

Mr. Ehlers spoke against passage of the bill.

POINT OF INQUIRY

Mr. Addison yielded to question by Ms. Sommers.

Ms. Sommers: "Representative Addison, will you tell us what score this bill got?"

Mr. Addison: "56."

HOUSE CONCURRENT RESOLUTION NO. 37, by Representatives Dawson, Williams, Galloway, Greengo, Tilly, King (J), Hine, Salatino, Armstrong, Stratton, Rosbach, Brown, Fiske, Wang, Eberle and Sanders:

Urging the state investment board to make investments to stimulate the state's economy.

The resolution was read the second time. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and the resolution was placed on final passage.

Mr. Dawson spoke in favor of the resolution.

POINT OF INQUIRY

Mr. Dawson yielded to question by Mr. McDonald.

Mr. McDonald: "Representative Dawson, for the record, recognizing that we have $5 million in moneys for the investments for pensions, and that any degradation of the return on this deficit would be very costly to the general fund, it is my understanding that the intent of this joint resolution would not be to direct them to take any lower rate of return on investments than they could get in the rest of the market, and that the prudent-man rule would still be binding—that they would not use these moneys in something that would not ordinarily be done anyway, but just more judiciously search out investment opportunities in this state?"

Mr. Dawson: "Representative McDonald, I would concur in your remarks. I hope the language of the bill clearly states that we are not asking the State Investment Board to alter, in any way, the manner in which they determine what is a prudent investment. They can take into consideration, as you well know, several factors: Yield on return, risk, maturity, equity and any number of factors. It is not the purpose of this resolution to attempt, in any way, to induce them to alter the manner in which they determine if it is prudent."

Representatives McDonald and Thompson spoke in favor of the resolution.

POINT OF INQUIRY

Mr. Dawson yielded to question by Mr. O'Brien.

Mr. O'Brien: "Representative Dawson, the part of this resolution pertaining to loans to financial institutions of the state of Washington for the purpose of infusing such capital into the economy of the state, would that be in violation of our state Constitution?"
Mr. Dawson: "Representative O'Brien, that's standard practice now. The Investment Board, I believe, holds approximately $300 to $350 million in home mortgages, as an example, so this is a practice that is currently under way."

Mr. O'Brien: "Do you classify purchases of mortgages as not a loan?"

Mr. Dawson: "No, that is not a loan, Representative O'Brien. They are purchasing mortgages. I think you will find if you were to examine the Treasurer's vault, that there are several millions of dollars of mortgages that have been purchased by pension funds or the State Investment Board in the past that were held as collateral for investments."

Mr. Garrett spoke against the resolution.

POINT OF INQUIRY

Mr. Dawson yielded to question by Ms. Valle.

Ms. Valle: "Under this proposed resolution, could the Investment Board invest in WPPSS Plants 1, 2 and 3?"

Mr. Dawson: "Representative Valle, it's very difficult for me to answer that. As far as I know, if the Investment Board should deem it in the best interest of that fund, yes, indeed, they could invest in 1, 2 and 3 or any other bond issue that they consider a prudent investment. I want to assure you that this is no backward attempt to try to induce them to do so."

Mr. Williams spoke in favor of the resolution.

duet." on line 11

sentatives Sanders, Bond, Chandler and Flanagan spoke against it.

House Bill No. 1033 was passed to Committee on Rules for third reading.

The Speaker assumed the Chair.

POINT OF PARLIAMENTARY INQUIRY

Mr. Ehlers: "Several of our members, Mr. Speaker, were looking at the rather busy

schedule this afternoon in committees and it was pointed out by some members who are mem-

bers of the Transportation Committee and those of the Financial Institutions and Insurance

Committee, that both groups are going to be dealing with mandatory auto insurance. Both

committees are at the same time and they are wondering if it would be possible for them to be

consolidated because some members would like to attend one or the other of them, and they

are afraid they will lose some information since both committees are having hearings on the

same subject matter?"

The Speaker called on Mr. Nelson (G) to reply.

Mr. Nelson (G): "I've had an opportunity to talk to the two committee chairmen, and the

Transportation Committee would take care of this particular issue at the very beginning of

their hearing, and then the Financial Institutions Committee would take it up at the very end. I

want to point out that Financial Institutions has already heard the bill once and the only rea-

son that a similar measure of some scope involving this was in Transportation Committee is

that the Traffic Safety Subcommittee of that committee has been addressing this issue, and

they want a chance to once again look at it. To accommodate those who might want to go to

both, that will be the schedule."

Mr. Ehlers: "Mr. Speaker, there has been some concern on our side regarding the cut-off. Some committee chairmen have expressed in committee to some of our members a very definite cut-off statement in the House as to what House bills are going to be considered in committee. Others have given less definite statements. We have in our possession a copy of a Republican resolution saying that the House was going to have cut-off resolutions a week from this Friday; others have said it's going to be this Friday, and we're wondering, first of all, what the decision is regarding the rolling cut-off date, and can we have a statement on that? When is the cut-off?"

The Speaker: "Are you finished, Representative Ehlers?"

Mr. Ehlers: "With the first part of my question, yes."

The Speaker: "What's the second part?"

Mr. Ehlers: "If we, in fact, do have a written cut-off resolution, and thirdly, if we do or if we don't, what exemptions do we have to the cut-off?"

The Speaker called on Mr. Hastings to reply.

Mr. Hastings: 'I guess we're coming to that time of the session when you start saying: 'What are we doing and what are we not doing.' We're over halfway through this session, Representative Ehlers, and it seems to me what you're saying is: 'Gosh, you've been doing nothing for thirty days and now all of a sudden you're saying, wait a minute, we don't have the rules and you're changing the rules in the middle of the game.' What we're trying to do is going through this process is to have some flexibility in the process. What we ought to do is get on with the business of the state rather than sit here and take up this time. We have a large
calendar here, and we're trying to get on with the business of the state. You keep saying we have to have cut-offs and we have to have rules, and certainly we do, and we're trying to follow those rules, but we're being flexible in trying to do what we can do. It seems to me this is another case of slowing down the process. I think we ought to get on with the business and come to a conclusion in sixty days or less. That's what we're trying to do."

POINT OF ORDER

Mr. Ehlers: "Mr. Speaker, it's my understanding that the relative terms of parliamentary inquiry would direct the Speaker to respond and not have someone else respond to a point of parliamentary inquiry. It does not open the subject to a discussion of my point of parliamentary inquiry."

SPEAKER'S RULING

The Speaker: "Frankly, Representative Ehlers, you did not raise a point of parliamentary inquiry. All you did was raise some questions about the procedures of the House and it seemed best at that time to allow the leadership of the majority party to respond as to what the procedures were. There was no parliamentary inquiry raised."

The Speaker declared the House to be at ease.

The Speaker called the House to order.

bills through the House, and I'm sure the state will be better for it. I noticed we just got on our desks a new schedule and there are three rolling recesses next week. Since you made the remarks this morning, why do we have three rolling recesses instead of the press of business?"

Mr. Hastings: "Representative Ehlers, I think what I said was 'getting on with the business,' but the reason why, is that's kind of been decided, I guess, that we will start looking over a lot of the Senate measures that are coming over. As you know, they've been very active over there. They have the same problems we have over here that was experienced this morning, they kept slowing down, so we want to give a lot of consideration to some of those bills that are coming over here."

POINT OF PERSONAL PRIVILEGE

Mr. Nisbet: "Last November I responded to a letter written by a concerned parent of a developmentally disabled child. Although I attempted to make my feelings clear, I apparently failed to do so. Because I chose to use a certain phrase to graphically describe what I believe to be a repugnant attitude prevalent in some of our institutional programs, I have since been accused of not being compassionate, of leading some sort of 'campaign' against the developmentally disabled, and some have suggested that I be removed as Chairman of the Appropriations - Human Services Committee.

"In fairness to my family, to my colleagues in the legislature, both Republican and Democrat, and in fairness to the people of the state of Washington, I wish to clarify my remarks so that no one will misunderstand my meaning or my attitude toward the developmentally disabled or any others in our state institutions. Unfortunately, I have been denied the opportunity to adequately respond in the news media, therefore, I must use the privilege of speaking here on the floor of the House.

"A great deal has been said about certain words I used. Well, those who know me, know that I am someone who is used to giving and receiving straight talk. I try hard not to hurt people's feelings, but I also try hard to tell the truth. Sometimes you just can't have it both ways.

"When I wrote to Mrs. Hovig, I said—and I quote—'I do not believe that God holds any human being in higher regard than another, particularly myself. I do believe that every human being is entitled to reach as high a level of understanding and attainment as he or she is capable of reaching.' I have always said that I believe that in many cases we are pursuing a policy of placation and sedation and so I wrote: 'When there is a person inside, doing this with drugs or other techniques seems to me to be less than desirable, no matter how many millions of dollars we are spending.' Now, some people have interpreted those words to mean that I regard developmentally disabled and others in our institutions as less than human. I do not! I regard them as human beings who are entitled to be treated as such and who are deserving of every opportunity to attain their highest potential — a right we all share.

"What I am saying is this: There are some people in our system of public institutions who are treated as if they are less than human, and there are some policies in some of our institutions that foster the use of drugs and other methods of so-called 'treatment' which are aimed more at the convenience of the system than at helping those who are institutionalized.

"We like to think that we are sophisticated and that we have left behind us the days when we took people who society did not regard as normal and simply locked them away—'out of sight, out of mind'—was the institutional philosophy.

"Well, we may have stopped some practices like routine lobotomies and using cattle prods, but pharmaceutical research has produced some awfully close substitutes. This may make us more 'sophisticated,' but it doesn't make us more humane or more compassionate.

"The jobs of those who administer our institutions are not easy, and I would not take anything away from the men and women who work to provide the best possible care they know how, but this does not change the fact that there are those who would use our state institutions as dumping grounds for their unwanted, and it does not change the fact that some of the policies we continue to follow have been formulated more for the convenience of the system than for the benefit of human beings.
"It is easy enough to take someone like me and use my words to create a media event. Every time a public official opens his mouth he takes a chance at becoming a target. That's why so many politicians either choose to say and do nothing, or take a survey first to see what the majority wants to hear.

"My question to all of you and to the representatives of the news media is this: When are we going to seriously focus on the real issues?

"If there is a real interest in humanitarianism and compassion, why is this not reflected in our institutional policies? Why, for example, has there not been a major revision of our mental health laws, such as the legislation that last year passed out of this House 95–0, but failed to win public support for passage in the Senate?

"Some may want to judge my compassion on the basis of words, but a society's compassion is judged on action and there are, ladies and gentlemen, hundreds who are forced to wait quietly for us to act.

"Thank you, Mr. Speaker and members of the House."

Mr. Sanders yielded to question by Mr. Heck.

Mr. Heck: "Representative Sanders, this means that anybody, regardless of their age, may enter the tavern for the purpose of ordering food?"

Mr. Sanders: "A person ordering food must leave the tavern until the food is prepared and when the food is ready, can go back into the tavern and pick up the food and leave."

Mr. Heck: "No matter what the age?"

Mr. Sanders: "Correct."

Mr. Patrick spoke against the amendment.

With the consent of the House, Mr. Sanders withdrew the amendment.

On motion of Mr. Sanders, the following amendments were adopted:

On page 15, line 30 after "person" strike "over" and insert "or more."

Mr. Greengo moved adoption of the following amendment by Representatives Greengo and Rinehart:

On page 16, after line 8 add a new section as follows:

"NEW SECTION. Sec. 8. There is added to chapter 66.24 RCW a new section to read as follows:

There shall be a special wine retailer's license to be designated as class P license to solicit, take orders for, sell, and deliver wine in bottles and original packages. The licensee may purchase the wine at wholesale. The fee for the license is seventy-five dollars per year. The person actually delivering the wine shall be the licensee and shall be at least twenty-one years of age. Wine shall not be delivered during hours when establishments with class F licenses are not authorized to sell wine. A licensee shall not deliver more than one bottle of wine to the same address in any twenty-four period. No delivered wine shall be opened in any establishment which is the holder of a class C, class F, class H, class I and class J license."

Renumber the remaining sections consecutively.

Representatives Greengo, Lux, Rinehart and Brekke spoke in favor of the amendment, and Representative Sanders spoke against it.
Mr. Greengo spoke again in favor of the amendment.

POINT OF INQUIRY

Mr. Greengo yielded to question by Ms. Galloway.

Ms. Galloway: "Representative Greengo, there isn't any stipulation in this amendment that says at what age one has to be to whom the wine is delivered. I have some concern for that."

Mr. Greengo: "I believe that's in the rules and regulations."

The amendment was adopted.

Ms. Brekke moved adoption of the following amendment:
On page 16, line 19 after "Sec. 9." strike "This" and insert "Section 5 of this"

Mr. Greengo moved adoption of the following amendment to the Brekke amendment:
Strike "Section 5" and insert "Sections 5 and 8"

POINT OF INQUIRY

Mr. Greengo yielded to question by Mr. Sanders.

Mr. Sanders: "Have we already added section 5 into the bill?"

Mr. Greengo: "My understanding is that this just leaves the emergency clause in effect for this."

The Speaker: "The amendment that was offered by Representative Brekke seeks to change the emergency clause in section 9 to have only section 5 of this act come under the emergency clause. The amendment to the amendment by Representative Greengo would have section 5 and section 8 (which the Speaker would interpret to mean the new section 8 that was added by the amendment by Representatives Greengo and Rinehart)."

POINT OF INQUIRY

Mr. Greengo yielded to question by Mr. Nelson (G).

Mr. Nelson (G): "Representative Greengo, so that I understand what it is you are doing here, and perhaps to question the ruling of the Chair, as I understand it, this amendment by you and Representative Rinehart was intended to address the new section 8 that was in the Substitute House Bill and not the amendment that added section 8. Would you clear that up?"

Mr. Greengo: "My idea is that what we are trying to do is retain the emergency clause on section 8, which is the amendment we just adopted. The rest of the bill would not have an emergency clause on it."

Representatives Sanders and Nisbet spoke against the amendment to the amendment, and it was not adopted.

The Speaker stated the question before the House to be the amendment by Ms. Brekke.

POINT OF INQUIRY

Mr. Nisbet yielded to question by Ms. Brekke.

Ms. Brekke: "Representative Nisbet, can you tell me what portion of this bill negatively impacts your area?"

Mr. Nisbet: "The reason for my wanting the emergency clause—to be specific, we have, in our area in Sequim and in other locations near Port Angeles, a restaurant that is located—one near a school and the other near a church—and under existing law, the church must give written approval. This particular church, a very solid group of people, don't feel they should have to write. This bill says as long as they don't object—they are given the opportunity to write if they desire to object to it, but they don't have to write if they agree to it. The emergency clause would allow this problem to be resolved, and therefore, this business could go ahead, open up and expand its operations. That's why I'd like to see the emergency clause on the entire bill. In the second place, I don't approve of emergency clauses, even in an omnibus bill, only applying to parts of a bill."

Ms. Brekke spoke in favor of the amendment, and Ms. Schmidt spoke against it.
Ms. Granlund: "Representative Sanders, in our bill report it mentions hospitals as being able to serve beer or wine without charge to patients or guests, including guests over eighteen years of age. Number one, I have searched the bill and I see no mention of this in the bill whatsoever. Could you tell me what line that's on?"

Mr. Sanders: "It's in section 7, page 16."

Ms. Granlund: "Representative Sanders, in our bill report it mentions hospitals as being able to serve beer or wine without charge to patients or guests, including guests over eighteen years of age. Number one, I have searched the bill and I see no mention of this in the bill whatsoever. Could you tell me what line that's on?"

Mr. Sanders: "It's in section 7, page 16."

Mr. Sanders refused to yield to another question by Ms. Granlund.

Ms. Brekke spoke again in favor of the amendment.

On motion of Mr. Nelson (G), further consideration of Substitute House Bill No. 1063 was deferred.

On page 27, line 27 after "powers" strike "or authority" and insert "((or authority))"

Representatives Eng and Lundquist spoke in favor of the amendments, and Representatives Rosbach, Monohon, Struthers and Winsley spoke against them.

Mr. Padden: "Representative Padden, I presume you are aware of court decisions which have held the due-on-sale clause is a restriction on the right of private property, and it's an undue alienation of that right. Does this bill, or does it not, legitimize the due-on-sale clause to savings and loan associations?"

Mr. Dawson: "Representative Padden, it's my opinion that whether or not we approve this amendment, it would not affect, in any depreciable way, the rights of the question of the due-on-sale clause."

Mr. Lux spoke against the amendments, and Representatives Isaacson and Eng spoke in favor of them.

The amendments were adopted.

On motion of Mr. Dawson, the following amendments by Representatives Dawson and Eng were adopted:

Mr. Padden spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Padden yielded to question by Ms. Becker.

Ms. Becker: "Representative Padden, I am not certain of your explanation. What do you believe the effect of this amendment would be? What I have observed from reading it is that it strikes the language about not-for-profit group home placement being the rule and the exception, and I can't figure out what that language added anyway other than some talk about not-for-profit group homes."

Mr. Padden: "There was some concern in the committee hearing, Representative Becker, that the language might somehow tie the hands of the DJR and require them to place juveniles in group homes against their discretion. I don't believe it does, but in order to clarify the situation, I think it would be best if the language is eliminated."

Ms. Becker: "Representative Padden, is it your understanding then, that the remaining language after the adoption of this amendment would make it clear that it would be the department, rather than the committing court, which would make the decision about placing the offender in a group home?"

Mr. Padden: "That is correct, Representative Becker."

POINT OF INQUIRY

Mr. Padden yielded to question by Mr. Owen.

Mr. Owen: "Representative Padden, is it your opinion that this would allow the department's discretion to place the offender?"

Mr. Padden: "Representative Owen, the language we are talking about on the amendment itself really does not have anything to do with the department. That language is in the substitute bill, and perhaps might be best questioned on final passage. The answer is that the department will be the one, and after the juveniles are turned over to the department then they will have the discretion."

The amendment was adopted.

Substitute House Bill No. 810 was read the second time.

Mr. Hastings moved adoption of the following amendment by Representatives Hastings and Williams:

On page 2, line 31 after "state" insert ": PROVIDED FURTHER, That when altering, repairing, or improving leased or rented premises, all work done shall conform to the requirements of any applicable local building code, but in no instance shall the director authorize improvements that would exceed the requirements of such local building code."

Mr. Hastings spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Hastings yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Hastings, this would seem to be a rather tight requirement. Couldn't there be situations in which, for whatever reason, some part of a building code might need to be exceeded by the state?"

Mr. Hastings: "Representative Nelson, what this says is that each local jurisdiction has a building code that they are required to have by law, and this simply says that when the state remodels or when they go in and get a new lease, they will not exceed what is required already. There have been cases in the past, particularly in my area, where they have gone in and far exceeded what the building code is, and the ultimate consequence of that is that it is very, very costly to the taxpayers because they are going far beyond what is required."

Mr. Nelson (D): "But you would acknowledge that it is very tight language and there is no waiver provision in it in case they have a good reason for going beyond the building code?"

Mr. Hastings: "I guess my reaction to that is that if there is a reason to change the building code, I would assume that a local jurisdiction, under the auspices of local control, would be the one that would recognize that. I don't think the state necessarily is the one that ought to go in and say they think the code ought to be different."
POINT OF INQUIRY

Mr. Hastings yielded to question by Mr. Ehlers.

Mr. Ehlers: "What's interesting about this is that we have a state building code, and it would appear that any local building code must meet or exceed the state building code. If that is true, then it would appear in some localities that the local building code, such as in Seattle and some of the things they have in Seattle, that the state might have to conform to the requirements of the local building code which may exceed the state building code. In that case, we are talking about more money not less."

Mr. Hastings: "I think the question here is safety and that's why you have building codes. If the state building code overrides the local, it certainly has the right protections, but there have been cases, in my area particularly, where a governmental office has gone in and far exceeded what is local. In addition to that, they have exceeded the state building code; therefore, you have a costly situation. I think this corrects that and I think the keypoint here is that you don't go below the state building code."

Mr. Ehlers: "I understand what you are trying to do, but what I am saying is that it appears to me, Representative Hastings, that it potentially could be doing just the opposite. If the local building codes must conform to the state building code standards, then to say in this amendment that they must reach the requirements of any applicable local building codes—in some cases local building code standards—are higher than the state standards, this will cost more money, not less money by your amendment."

Mr. Hastings: "Representative Ehlers, I can't agree with what you are saying. I think you are agreeing with me one hundred percent. The issue here probably goes farther beyond the cost. It has to do with local control. If that local jurisdiction wants to have higher building codes than the state, then they certainly have that right. All I am saying by this amendment, is that the state shall not exceed what that jurisdiction says."

POINT OF INQUIRY

Mr. Hastings yielded to question by Mr. Heck.

Mr. Heck: "Representative Hastings, I'm no expert at building codes, but the example that comes to my mind is that there is a minimum requirement that there are outlets every 'x' number of feet. Just as an example, it seems to me that inherent in the unique situation of a room or desk placement or whatever improvement, they may need a particular outlet more frequently, or more of them, than is the requirement, and yet it reads here that you couldn't even put the outlets in because it would exceed a local building code."

Mr. Hastings: "First of all, Representative Heck, the building codes deal with minimum standards. Presumably, for that one example, you could probably run an extension cord. Those things are sold at office supply houses throughout the state. I don't see any problem with that. I think the issue here is, in the long run it would be, that the state should not exceed the local building codes."

Representatives Heck and Prince spoke against the amendment.

MOTION

STATEMENT FOR THE JOURNAL

I was out of the room for an emergency phone call and missed casting a "Yes" vote on Substitute House Bill No. 1125.

RICHARD H. BARRETT, 5th District.

POINT OF PERSONAL PRIVILEGE

Mr. Williams: "Eight score and thirteen years ago, a great American president was born. As we pause to reflect on Abraham Lincoln's birthday, we remember a man who was born in a Kentucky log cabin. Success came late and death came early to Lincoln.

"Almost from birth, Lincoln appeared likely to wind up as an 'also-ran' in life's race. He was poor and had little formal schooling. He failed in business at the age of 22. He was defeated for the state legislature at 23; failed again in business at age 25. He had a nervous breakdown at age 32. He failed to receive his party's nomination for Congress at age 34; he ran for the Senate and lost at age 46. He was defeated for the Vice Presidency at age 47; defeated again for the Senate at age 49. A hopeless loser, some people said. Yet, Abraham Lincoln was elected and became one of our greatest presidents at age 51. He knew how to accept defeat—temporarily.

"Lincoln is remembered not only for his record as president, but also for two immortal speeches he gave—the Gettysburg Address and his second inaugural address.

"At Gettysburg, Abraham Lincoln expressed a new moral concept between the victors and the vanquished. He expressed an ideal that was to make it possible to resolve the hate and heal the wounds of a nation torn by one of the most bloody wars of all time. Today we could certainly use his wisdom in these chambers.

"As Lincoln stated in his speech, 'The world will little know, nor long remember, what we say here....' If we change a few words, 'but the people of this state will be drastically affected by our actions.' We need to dedicate ourselves to the great task remaining before us, that from the honored memory of our great deceased President, we take increased devotion to that cause for which he gave his full measure of devotion, that the ideals expressed at Gettysburg in 1863 are as meaningful and vital today as they were then. I am firmly convinced that they will continue to have vitality as long as men and women remain determined 'That government of the people, by the people and for the people shall not perish from the earth.'

"If we briefly look at his second inaugural speech, if a few words are changed, and you change it from 'war' to 'budget crisis,' it sounds like he's speaking to the legislature in Washington state today. Lincoln stated that neither party expected the budget crisis of this magnitude or duration which it has already attained. Each party looked for an easier triumph and a result less fundamental and less dramatic for the people.

"Both parties read the same Bible; both parties pray to the same God, and each invokes the Almighty's aid against the other side. It may seem strange that men should dare to ask a just God's assistance in wringing their bread from the sweat of other men's faces, but let us judge not that we not be judged. The prayer of both parties could not be answered.

"If Lincoln were here today, I am sure he would ask us to rise above our partisan differences, to work together for the common good; to resist partisan attack and work for the betterment of the legislative process and the people of the great state of Washington. Let us remember Lincoln for the next month and dedicate ourselves to his memory by resisting partisan attacks so that we can truly give our full measure of devotion to the unfinished tasks before us. We will have plenty of time for partisan attacks after this session.

"Finally, with a few words changed: 'With malice toward none, with charity for all, with firmness in the right as God gives us to the see the right, let us finish the work we are in, to bind up the state's wounds, to care for him who shall have borne the battle, and to do all we may to achieve and cherish a just and lasting economic recovery for the citizens of the great state of Washington.'"

Prohibiting carrying firearms or dangerous weapons onto school premises.

Allowing exemption from attendance at public schools upon basis of religious or personal beliefs of person having custody of child.

Substitute House Bill No. 996 was read the second time.

Mr. Ellis moved adoption of the following amendment by Representatives Ellis, Dickie, Cantu and Ehlers:

On page 3, line 22 after "(e)" strike everything through "testing" on line 25 and insert "Cause the child to have a standardized achievement test administered yearly by a qualified individual either at the location of the private schooling or by a local school district or educational service district, and make the test results a part of the child's permanent records."

Mr. Ellis spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Ellis yielded to question by Ms. Hine.

Ms. Hine: "Representative Ellis, I approve of this making the choice, but I was wondering if there is any kind of burden placed on the public school people to have to go to the private school. Who makes the decision on where the testing is done?"

Mr. Ellis: "Representative Hine, I'm not sure I can answer that. My guess is that it will be worked out between the private school and the local school district, whatever is most convenient to both parties. The private school would conduct their own test probably and make it part of the child's record; they might have to seek a standardized test from a public school. I don't know where those come from."

Ms. Hine spoke in favor of the amendment, and Mr. Taylor spoke against it.

POINT OF INQUIRY

Mr. Ellis yielded to question by Ms. Galloway.

Ms. Galloway: "Representative Ellis, it doesn't specify where the permanent record of this student will be kept when they take the testing. Could you share with us how you think that will be handled?"

Mr. Ellis: "Yes, Representative Galloway, it's my understanding that under the principle part of the bill, the records are kept by the person who teaches the child. If it's a child in a home, taught by a parent, as many are doing now—that's why this bill has been expanded to recognize that—then that would be a part of that child's record in case he ever transferred into the public schools. The nonapproved private religious schools would be required to keep records just like any other private school, so it would become part of the student's record and follow the student."

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Lux.

Mr. Lux: "In regard to the records, Representative Ellis. If they are kept in a private home and the youngster is taught in the basement somewhere, how do you make sure the records are secure from fire, from rodents, vermin or whatever? What guarantee is there?"

Mr. Ellis: "Representative Lux, how do you protect your deeds in your home—down in your basement in a shoe box where most of us keep our home records? This isn't any different."

Mr. Lux spoke against the amendment, and Mr. Ellis spoke again in favor of it.
POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Erak.

Mr. Erak: "Representative Ellis, I've been looking at your amendment, and it says, 'qualified individual either at the location of the private schooling or by a local school district or educational service district...'. Do these private schools participate in the funding to offset the cost of educational service districts in any way that you are aware of?"

Mr. Ellis: "Representative Erak, it would be my understanding that all of these people are taxpayers in the state of Washington. If you are asking if they are paying a fee, I don't know."

Representatives Taylor and Galloway spoke against adoption of the amendment, and Representatives Dickie and Van Dyken spoke in favor of it.

Mr. Nelson (G), demanded the previous question, and the demand was sustained.

Substitute House Bill No. 996 was ordered engrossed and passed to Committee on Rules for third reading.

Not voting: Representatives Houchen, and Mr. Speaker.

HOUSE BILL NO. 1121, by Committee on Ethics, Law and Justice and Representatives Tupper, Granlund and Ellis:

The bill was read the second time. On motion of Mr. Ellis, Substitute House Bill No. 1121 was substituted for House Bill No. 1121, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 1121 was read the second time.

Mr. Armstrong moved adoption of the following amendments by Representatives Armstrong, Tupper and Ellis:

On page 1, line 6 before "As" insert "(1)"
On page 1, line 10 after "legislator" insert "and by the governmental unit"
On page 1, line 11 after "into" insert ": PROVIDED, That if the contract was entered into without the knowledge of a person or governmental unit otherwise required to report under this section, then the person or unit shall report within 10 days after gaining such knowledge. For the purposes of this section 'knowledge' shall mean knowing or having reason to know"
On page 1, after line 13 insert:

"(2) The requirements of subsection (1) for reporting by state governmental units are in addition to the filing requirements of chapter 39.29 RCW or any other provision of law. Any state governmental unit
entering into a contract which has not been signed by a legislator and which does not directly involve a leg­
islator but which the unit knows a legislator would be required to report under subsection (1), shall notify
the legislator of the contract within ten days of entering into it.

Representatives Armstrong and Tupper spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Armstrong yielded to question by Ms. Schmidt.

Ms. Schmidt: "Representative Armstrong, in the second part of your amendment, you talk
about a unit knowing a 'legislator would be required to report under subsection (1), shall notify
the legislator of the contract within ten days of entering into it.' Could you tell me how that is
going to be enforced? What penalties are you proposing? Why should the unit involved here
have to advise the husband of one of their employees, who happens to be a legislator, of any
contract they are entering into?"

Mr. Armstrong: "They should have to because the legislators themselves, first of all, may
not know that the spouses' Washington, D.C. arm of the firm has made a contract with the state
of Washington. It is very possible the legislator would not know at all that the contract
had been made. The question of enforcement is a good question. RCW 39.29 already requires
a governmental unit to inform the LBC when a legislator has made a contract with the gov-
ernment. Therefore, some provisions are already in place in that regard. There are no sanctions
provided in this bill; there are only the requirements that anyone can look at the records and
find out if this is true and raise the issue in the press. That would be a sanction, if not a crimi-
nal sanction or civil sanction, which would be applicable to a governmental unit. A sanction
applicable to the legislators is the $10,000 civil penalty, among others."

Ms. Schmidt: "In the committee process, this whole question came up. I guess my feeling
was more along the lines of Representative Becker's comments in the committee, that perhaps
when these restrictions and requirements are applied to children and spouses, the one-year
annual reporting is more enforceable and more appropriate. In the upper section, where you
refer to reporting within 10 days after gaining such knowledge, is that reporting the informa-
tion to a legislator in writing, or orally, or in what way would it be reported?"

Mr. Armstrong: "I think the word 'reporting,' has a common significance. I think it would
mean in writing. I hasten to point out that passing this amendment does not mean that you
have to vote for or against this bill, all it does is make the bill a good bill if you are going to
pass it. I urge passage of the amendment, and then take your choice of whether or not to pass
the bill, which requires 10-day reporting instead of annual reporting."

Ms. Schmidt spoke against the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Armstrong,
Tupper and Ellis to Substitute House Bill No. 1121, and the amendment was adopted by the

It was recognized that all over the nation we had a problem in that arena, and we assembled a task force made up of people from the industry, from transportation, from the local governments, fire and police. I know that group has been working very effectively. My question is: Does this bill represent the results and recommendations of that group? If the answer is 'yes,' that's the end of my statement, and if not, then I'd like to know where there may be a conflict?"

Mr. Garson: "Yes, Representative Hine, it most definitely does come out of that study. It should be one of the vanguards and will be only the second of its kind in the United States to
pass. That was a very valuable study and this is the beginning, I think, of many good things to come from that."

Mr. Bond spoke in favor of the amendment, and Mr. Wang spoke against it.

POINT OF INQUIRY

Mr. Bond yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Bond, I'm wondering what the fiscal impact of your amendment would be under Initiative 62?"

Mr. Bond: "I don't think it has an effect on that. That would relate to requirements we placed on lesser governments. There wouldn't be any if there wasn't any liability."

Mr. Nelson (D): "Yes, but isn't it clear that you are requiring the public utilities which are local units of government to enforce this amendment?"

Mr. Bond: "That point needs some clearing up. I'm glad you asked the question. The term 'public utilities' relates to all utility companies, whether privately-owned, investor-owned or PUD's."

Mr. Nelson (D): "I guess my question: Representative Bond, is for a municipal utility or a public utility district under this amendment, would be required to enforce the requirements of section 2? I'm wondering what the fiscal impact would be on the state under Initiative 62, which requires that the state pay for any requirements we impose on local governments."

Mr. Bond: "You may be aware that all utility companies have safety programs, and they all have close relationships with appliance dealers, contractors and that sort of thing, to be sure that installations are properly made. I don't think that represents much of an impact."

(2) Commencing April 1, 1982, cities and counties throughout the state are authorized to impose, at local option, and if imposed the state department of revenue shall collect, a special excise tax on hotel and motel rooms as consistent with the definitions provided in section 9. The rate of the tax imposed under this section shall be:

(a) Not to exceed five percent in the city in which a convention and trade facility is located; and

(b) Not to exceed two percent in the county area outside the city in which the facility is located.

(3) No special excise tax pursuant to this section shall be authorized for a city unless it is approved by the legislative body of the city. Neither shall a special excise tax for a county area be imposed unless it is approved by the affected legislative body of the county.

(4) The proceeds of the tax may be used solely for the planning, design, construction, furnishing, landscaping and financing costs of local convention and trade centers, or repayment of any bonded indebtedness related thereto.

(5) The legislative body of any city or county, before imposing the tax, shall have completed and approved a study and plan to establish the desirability and economic feasibility of the proposed convention and trade facilities.

(6) The city in which a facility is located may at its option request that state general obligation bonds be authorized to fund a local trade and convention center. The state legislature declares its intent to consider the issuance of state general obligation bonds to fund local convention and trade center facilities, provided that the state finance committee approves a bond repayment plan based solely on revenues generated by local special excise taxes authorized pursuant to this section."

THIRTY-SIXTH DAY, FEBRUARY 15, 1982

Sec. 12. Section 12, chapter 236, Laws of 1967 and RCW 67.28.190 are each amended to read as follows:

Any seller, as defined in RCW 82.08.010, who is required to collect any tax under RCW 67.28.180 for any municipality shall pay over such tax to such municipality as provided in RCW 67.28.200 ((and such tax shall be deducted)). If a seller is required to collect tax for both a city and a county under RCW 67.28.180(2)(b) and the combined city and county tax rate exceeds two percent, the seller shall deduct a portion of the combined tax from the amount of tax such seller would otherwise be required to collect and to pay over to the department of revenue under chapter 82.08 RCW. The portion deducted shall equal the difference between the amount of tax collected under RCW 67.28.180(2)(b) and the amount that would have been collected if the combined tax rate equaled two percent.

Renumber the remaining sections consecutively and correct internal references accordingly.

POINT OF ORDER

Mr. Ehlers: "Mr. Speaker, I would raise a question of scope and object on this amendment."

SPEAKER'S RULING

The Speaker: "Representative Ehlers, I have examined the title of the bill and the substance of the bill and find that it is an act relating to public utilities and adding a new chapter to Title 67 RCW. The bill, in section 10, deals with chapter 67.28 RCW and 82.14 RCW. The amendment before us deals with 67.28 and 82.08 RCW and does deal with the tax on public utilities and the tax on hotel/motel rooms, so I would find your point of order is not well taken and the amendment is within the scope and object of the bill."

Representatives Flanagan and Amen spoke in favor of the amendment, and Representatives Chandler, O'Brien and Sommers spoke against it.

Mr. Flanagan spoke again in favor of the amendment, and it was not adopted.

POINT OF INQUIRY

Mr. Chandler yielded to question by Mr. Lux.

Mr. Lux: "Representative Chandler, what is the debt service on this $100 million bond issue?"

Mr. Chandler: "It obviously depends on the interest rate at which you sell the bonds. The projection is that we would pay off early, that we will have more than sufficient funds to pay off early, so your question is almost impossible to answer. Let me try. If the rate is 11.1%, then the total debt service over the full twenty-five years would be $296 million, but is you pay it off earlier, then you would deduct $11,841,000 every year that you pay it off early. The thing to remember is, that it is the people who visit the state of Washington and stay in those rooms who are paying that. It's not a general obligation tax for the people of the state of Washington. We're taking advantage of an opportunity here, and we're allowing seventy-five hundred people who don't have jobs to go to work, and we're putting $60 million into the general fund which we wouldn't have otherwise."

Mr. Lux spoke against passage of the bill, and Mr. Chandler spoke again in favor of it.

This bill provides the mechanism by which they can make that decision. Contrary to what has been said on the floor, if you will look at page 4 of the bill, starting with line 3, subsection (4), the bill states: 'The proposition to create a cultural arts, stadium and convention district shall be submitted to the voters of the proposed district at the next general election held sixty or more days after the adoption of the resolution or at a special election called for such purpose. The motion was carried.

MOTION

On motion of Mr. Hastings, the rules were suspended, and Engrossed House Bill No. 885 was returned to second reading for the purpose of amendment.

ENGROSSED HOUSE BILL NO. 885, by Representatives Patrick, O'Brien, Wilson, Burns, Prince, Grimm, Winsley, Bender, Tupper, Lux, Van Dyken, Valle, Mitchell, Nelson (D), Leonard, Kreidler, Houchen, Eng, Ellis and Wang:

The bill was ordered reengrossed. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Mr. Patrick yielded to question by Mr. O'Brien.

Mr. O'Brien: "Representative Patrick, is it the intention that the revenue raised by House Bill No. 885 be used for cancer research through the Fred Hutchinson Cancer Research Center?"

Mr. Patrick: "Representative O'Brien, the moneys raised through the passage of Engrossed House Bill No. 885 are earmarked for cancer research and are deposited to an
account within the Department of Social and Health Services. It is expected that the Department of Social and Health Services shall contract for cancer research and community educational programs on cancer with the Fred Hutchinson Cancer Research Center in order to help meet the center's five percent federal grant match requirements. While all the moneys may not go to this center, it is the intent of the sponsors of Engrossed House Bill No. 885 that the vast majority of the funds be contracted by DSHS for program support at the Hutchinson Center as this state's support for the regional center's ongoing research and community programs.

THIRD READING

POINT OF PERSONAL PRIVILEGE

Mr. Ehlers: *Mr. Speaker, this is the 166th day; it's 10 o'clock at night; we're going over a number of bills that were pulled out of Rules this evening. Many of these bills on the second reading calendar are bills that we have never seen before tonight and our caucus is a little bit upset that there is no cutoff resolution. It is feared that we are going to be having this type of evening session with these kinds of bills being thrown at us. We've asked, Mr. Speaker and ladies and gentlemen of the House, that we not have these evening sessions unless we have the Rules Committee meet early in the day and pull the kinds of bills we're going to have on the second reading calendar so the members of my caucus will have an opportunity to study them. We are very concerned about that, and we believe the late hour tonight is not the time to spend dealing with these matters.*

POINT OF PERSONAL PRIVILEGE

Mr. Nelson (G): *Mr. Speaker, one of the reasons we are going to the seventh order of business is to permit anyone who hasn't had a chance to study these measures that are presently on the second reading calendar to do so, and prepare any amendments and to take care of all the study that's necessary the following day. Every measure that's out here on the third reading calendar has been before this body at least once and sometimes twice. There has been opportunity for every member to have looked at those; we've had a chance to caucus, and I see no reason not to continue doing what we are doing and that's to take into consideration a lot of measures that need to be passed this session. We're about to do that and I think we need to get along with the business.*
POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Mr. Heck.

Mr. Heck: "Representative Nelson, is it a correct interpretation of your remarks then that it is not your intention to work the second reading calendar this evening, but merely the third reading calendar? The reason I ask is that we were told by a representative of your caucus that we were going to do this entire calendar, both second and third reading, this evening."

Mr. Nelson (G): "Representative Heck, it depends on what concerns there might be on those on second reading. If there are people who wish to provide amendments to those on the second reading calendar, they are always open to do that. That would, in fact, provide the opportunity for everybody to look at the amendments that have been submitted. Right now, we have only amendments on House Bills No. 1002, 1178, 894 and 22. If members of your caucus wish to put up amendments, I think we will be very obliging. Right now, the first intention is to get down to the third reading calendar and then consider what's necessary on the second reading calendar. By the time we've gotten through those twelve or thirteen measures, I think there's ample opportunity to have everybody here consider what's on the second reading calendar and to propose amendments as necessary."

MOTION

Mr. Ehlers moved that the House adjourn until 9:30 a.m., Tuesday, February 16, 1982.

The motion was lost.

THIRD READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 78, by Committee on Revenue (originally sponsored by Representatives Addison, Brown, Greengo, Cantu, Hankins, Taylor, Houchen, Maxie, Wang, McGinnis and Warnke):

Modifying the senior citizens property tax exemption.

The bill was read the third time and placed on final passage.

Representatives Addison and Brown spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Addison yielded to question by Mr. McDonald.

Mr. McDonald: "Representative Addison, I need a point of clarification here. What is the revenue impact?"

Mr. Addison: "Representative McDonald, as with most of the senior citizen legislation, it is a shift. It's a very slight shift because we find that as social security payments and other cost of living kinds of adjustments that are in various pensions, it puts senior citizens into higher and higher income levels. This bill just keeps them up with that, so approximately the same number of people who qualify under the current law will continue to qualify under this bill. It's about $175,000 in shifts that would be shifted throughout the whole state. As a percentage of the tax base, that's almost an infinitesimal amount."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 78, and the bill passed the House by the following vote: Yeas, 90; nays, 1; not voting, 7.

Voting nay: Representative Sanders.

MOTION

Mr. Nelson (G) moved that further action on Engrossed Substitute House Bill No. 288 be deferred and the bill be placed at the bottom of today's third reading calendar.

Mr. Bender spoke against the motion and Mr. Nelson (G) spoke in favor of it.

Mr. Brown demanded an electric roll call vote on the motion and the demand was sustained.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Mr. Ehlers.

Mr. Ehlers: "Representative Nelson, this bill that came over from the Senate, was it read in today?"

Mr. Nelson (G): "Yes."

Mr. Ehlers: "How long is this bill that we're addressing now been on the third reading calendar? First the second reading and then the third reading calendar?"

Mr. Nelson (G): "As far as I know it's been about two weeks, Representative Ehlers. It was about the same time that I was notified by the Senate that they were looking at their Senate bill and would want us to look at what they were doing in conjunction with House Bill 288. I thought that made pretty good sense to me so we simply held it here and are waiting for the Senate to act."

Mr. Ehlers spoke against the motion, and Mr. Nelson (G) spoke again in favor of it.

ROLL CALL

The Clerk called the roll on the motion to defer consideration of Engrossed Substitute House Bill No. 288, and the motion was lost by the following vote: Yeas, 41; nays, 51; not voting, 6.

Not voting: Representatives Dawson, Fiske, James, Leonard, Schmidt, Sommers.

MOTION

Not voting: Representatives Dawson, Fiske, James, Leonard, Schmidt, Sommers.

Requesting the federal government settle and acquire tribal claims and rights to the fish and natural resources located in the state.

The memorial was read the third time and placed on final passage.

Representatives Lundquist, Heck and Hastings spoke in favor of the memorial, and Ms. Stratton spoke against it.

POINT OF INQUIRY

Mr. Lundquist yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Lundquist, I note that the memorial includes all resources in addition to fishing resources—all other natural resources located in the state under tribal rights and claims. I'm wondering if you have an estimate of the value of all those natural resources in addition to the fish resource, which I understand is a very costly resource?"

Mr. Lundquist: "Representative Nelson, I don't have an estimate of the resources that are involved in this treaty any more than I have an estimate of the resources that are involved in the state-owned property or the private-owned properties across the state. I don't have any idea of that; however, these items were included in the memorial because the court decisions have indicated in the last few years that they have been going in every direction. I think this is the problem with the memorial now. It's a problem that actually only the Congress can settle."

Mr. Nelson (D): "Would you expect the Congress, if they act on this memorial, to extend it to other states as well, in fairness and equity to citizens around the country?"

Mr. Lundquist: "At this point in time, Representative Nelson, I'd be very happy if the Congress would deal fairly with the citizens of the state of Washington."

Representatives Nelson (D), Warnke, Kreidler, Pruitt and Lux spoke against the memorial, and Mr. Nisbet spoke in favor of it.

Mr. Lundquist closed debate, speaking again in favor of the memorial.

THIRTY-SIXTH DAY, FEBRUARY 15, 1982 497

Allowing exemption from attendance at public schools upon basis of religious or personal beliefs of person having custody of child.

The bill was read the third time and placed on final passage.

Mr. Ellis spoke in favor of passage of the bill.
Mr. Ellis yielded to question by Mr. Heck.

Mr. Heck: "Representative Ellis, I notice that on page 4, section 1, at the beginning of subsection (5)(c), it indicates that parents failing to comply with the provisions of this legislation will 'be prosecuted accordingly.' I don't read any penalties set forth in this statute or any reference to any other section of the code which provides for those penalties. I wonder if you could enlighten the body with a discussion about what 'accordingly' means?"

Mr. Ellis: "Representative Heck, you will notice this is an amendment to the compulsory attendance law and for failure to comply with the statutes, the parents, according to an Attorney General's opinion in this area, are guilty of violating the compulsory attendance statute, and are subject to a $25 a day fine for that violation. I would have to check the code to find where that it, but that's the penalty provision and we already have that AG's opinion on that subject."

Mr. Heck: "Representative Ellis, neither do I notice set forth in this proposal any enforcement mechanism, inherent to the very nature of what would be allowed by this proposal, i.e. the instruction of children in the privacy of one's own home, creates enforcement problems to be sure, and since nothing appears to be contemplated within the language, I wonder if you could enlighten the body with what your individual intent might be and how you might see this potentially very serious problem being ameliorated?"

Mr. Ellis: "Representative Heck, it's my understanding that we have the enforcement problem right now. The superintendents have asked the prosecutors to bring a lawsuit for the enforcement. They are aware of students who are not attending the public schools in violation of this. They have the Attorney General's opinion and yet there is the underlying First Amendment problem. This statute lays on the parent the obligation. I would take it that the enforcement would be in the same way that any truancy law is enforced. If it came to the attention of a neighbor, for example, that the kids were out in the field picking berries rather than being in school, or if the child was a runaway or something like that, or it came to the attention of the local superintendent that there were children out on the street or someplace else, they would complain to the local prosecutor. Mr. Redmond, I think, is prepared to go to work under this statute. He's helped us put the thing together."

Representatives Heck, Galloway and Valle spoke against the passage of the bill, and Mr. Ellis spoke again in favor of it.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 996, and the bill failed to pass the House by the following vote: Yeas, 41; nays, 52; not voting, 5.

Engrossed Substitute House Bill No. 996, having failed to receive the constitutional majority, was declared lost.

NOTICE OF RECONSIDERATION

Mr. Ellis, having voted on the prevailing side, served notice that he would, on the next working day, move for reconsideration of the vote by which Engrossed Substitute House Bill No. 996 failed to pass the House.

Ms. Hine yielded to question by Ms. Teutsch.

Ms. Teutsch: "Representative Hine, I see in your book, and I don't know whether it addresses the new bill or not, that the planning director of the City of Redmond has opposed one of the bills. Also the issue of theaters showing pornographic films has been rather a key issue in the area of Redmond and Renton. I wonder how this bill would address that issue?"

Ms. Hine: "Representative Teutsch, the planning director testified to the previous bill; she has not seen this version. I'm not suggesting local governments are going to be jumping up and down with glee at this, but I do suggest that it's much improved and something, I think, they can live with. The issue of the theaters did come up in our committee discussion. The bill has within it a disclaimer that anyone who is trying to collect under this act because of theaters, massage parlors, and a list of those types of businesses, that they may not. It specifically excludes them from the intent of being able to collect damages under this act."

The state may bring an action against the bond or trust account to recover penalties. The state or an injured person may bring an action against the bond or trust account for damages to the injured person. The liability of the surety or trustee shall be only for actual damages and shall not exceed the amount of the bond or trust account."

Representatives Lux and Sanders spoke in favor of the amendments, and they were adopted.

POINT OF INQUIRY

Mr. Sanders yielded to question by Mr. King (R).

Mr. King (R): "Representative Sanders, before we move this bill out of the possibility of amendment, I would like to know if a person would have to be a licensed auctioneer in order to put on a small fund raiser, such as is done quite often for churches, youth groups and so on?"

Mr. Sanders: "No, they are not required to be licensed. This bill explicitly excludes charitable organizations like YMCA's, 4-H clubs, and young farm groups from having to comply with this bill."

The bill was ordered engrossed. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Ms. North spoke in favor of passage of the bill.

POINT OF INQUIRY

Ms. North yielded to question by Mr. Addison.

Mr. Addison: "Representative North, I was wondering if you could share with the body the number of instances in the state where people have been hurt by auctioneers and how this bill would solve those problems?"

Ms. North: "Representative Addison, I can't really give you the number. I might tell you of some instances where people have bid and acquired things through auction but really don't have any titles to them and there has been a cloud on this acquisition of these items. Another way the people have been hurt, I might say, is that unscrupulous auctioneers have possibly held auctions, collected the sales tax and made off with the sales tax, and it has never come into the coffers of this state. This would have some hold on a licensed auctioneer."

Mr. Addison spoke against passage of the bill, and Mr. Clayton spoke in favor of it.

POINT OF INQUIRY

Mr. Clayton yielded to question by Mr. Greengo.

Mr. Greengo: "Representative Clayton, I notice that out of sixteen members on the committee, only nine voted for it and the question comes up—I sat on that committee for six years when it was called the Commerce Committee—who asked for the bill? Were there people in who testified that had been hurt by the lack of having licensed auctioneers, or was it the auctioneers who were asking that their industry be licensed?"
Mr. Clayton: "The auctioneers came in and asked for this bill. They contacted Representative North and myself. I have two of the largest auctioneering groups in the state in my district and they asked for this regulation because sometimes out-of-state auctioneers come in and they don't register. They sell equipment and move back out. The people here wanted some protection, and they would like to have this so there would be some control of the auctioneering business in the state."

Representatives Greengo, Williams and James spoke against passage of the bill, and Representatives O'Brien, Lux, Clayton, Smith, Armstrong and Warnke spoke in favor of it.

Mr. Hastings demanded the previous question, and the demand was sustained.

POINT OF PERSONAL PRIVILEGE

Mr. Fiske: "David Fiske is a ten-year old boy (he'll be eleven in a few days) who has really never been sick a day in his life until about ten days ago. Since then he has been stricken with a very rare cancer disease. For those of you who know him, and I know a lot of you do, he's a one-in-a-million boy, and, unfortunately, he has a one-in-a-million kind of cancer. Since last Friday, he has become paralyzed from the waist down and he's had his spine operated on, a tumor removed and had an awful lot of bad things happen to him, but he's never complained except about one thing. He's mad at his father because he's not down in Olympia. He saw the
news Monday night and he was pretty upset when he knew I wasn't here, so that's why I'm here.

"David and I want to thank all of my very good friends on this side of the aisle who have done so much, and all of my very good friends on that side of the aisle who have done so much, too, and from the Senate and the staff, the churches back home that are praying for David. For those of you who wonder whether prayers and support can do anything, I'd like to remind you of last October when I suddenly had to leave late in the day and fly 3,000 miles to be with my father who was very seriously ill, and they didn't feel he might make it through the surgery. He had a ninety percent heart block. He had emergency by-pass surgery, and they didn't know if he would make it through the surgery, and they didn't know what kind of condition he would be in after the surgery. For those of you—many of you prayed and supported me then—the truth to that support is here. Dad, stand up. (Applause)

"Back home in Florida, they call Dad a walking miracle. That's one miracle down and one to go!

"A lot of you want to know what is happening. David is starting chemotherapy, probably Saturday, for a long period of time, and radiation therapy Monday; his rehabilitation therapy on his paraplegic problem, probably next week, and I am going to be with him to get that started and then I'll be back down here where David wants me to be. Thank you all for your support, and thank you for your friendship, and God bless you all for your prayers."

The Speaker: "Pat, I think I can speak for all members of this House and the staff in assuring you that all of our prayers and thoughts are with you and Sally and David, and if there's anything that anybody can possibly do, you be assured we stand ready to help."

(1) The fees for razor-clamming licenses are:

(a) For an annual resident license, two dollars and fifty cents; and

(b) For an annual nonresident license, ((ten)) twenty dollars.

(2) Any resident sixty-five years of age or older or under sixteen years of age shall be issued, upon making an affidavit to such effect and upon payment of the dealer fee established in RCW 75.25.030, a personal use razor clam license at no cost.

(3) For the purposes of this chapter, 'resident' means a person who, for at least thirty days immediately preceding application for a license, has maintained a permanent place of abode within this state and has established, by formal evidence, an intent to continue residence within this state. All other persons are nonresidents.

(4) License fees received from the issuance of razor-clamming licenses shall be paid into the general fund and shall be subject to legislative appropriation until the cumulative total subject to legislative appropriation equals the appropriation under *section 11 of this act or so much of that appropriation as is actually used. Any excess over the amount appropriated or used shall be credited to the department of fisheries and shall be expended on the development or operation of programs beneficial to razor clam harvesting."

Mr. Garson spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Garson yielded to question by Ms. Rust.

Ms. Rust: "Representative Garson, do you believe that this doubling of the nonresident license fees for digging razor clams is consistent with our statewide efforts to promote tourism?"

Mr. Garson: "I think it is consistent with the need to give a benefit to the state and the resource where the resource is being consumed by all those who are using it. I think we are in a position of subsidizing this area through general funds, and I think what this does is bring into line the out-of-state to what the in-state are paying to utilize the same resource."

Can you tell me and the body, in your bill as presented, are there any provisions for the state agencies to notify in the event of a substantial permit requirement?"
Mr. Lundquist: "Yes, Representative Dawson, there is a requirement of this bill that the state agencies, the Department of Fisheries, the Department of Game, Social and Health Services and those other agencies affected by a substantial development would, under this bill, receive notification. I might point out that under the present law this is not required. I might also point out that under the bill that we're proposing here today, there is an increased amount of notice by approximately one week. This has also been worked out with the Department of Fisheries and they understand. I think if you really want to understand this bill, you have to understand what happens now. In response to Representative Thompson's concerns, this bill does not contain any requirements of the local jurisdictions."

The bill was read the third time and placed on final passage.

Ms. Leonard spoke in favor of passage of the bill.

POINT OF INQUIRY

Ms. Leonard yielded to question by Mr. Kreidler.

Mr. Kreidler: "Representative Leonard, with discussion of several members when this bill came out, there were a couple of questions that relate to the same thing you were asked. I'm concerned about it. It would appear that perhaps there is going to be a considerably increased number of walkouts, presuming that the county coroners would perhaps feel that they were
going to be susceptible to lawsuits, and so forth, if they didn't do it when there was any rea­sonable doubt, and if they did do it in quite a few more cases, it would appear that there would be considerable more cost involved. There would be a number of autopsies performed and because of that, there would be a fiscal impact and Initiative 62 would come into play. Can you respond to that? Is there going to be any increase in the number of autopsies performed because of this bill? What is the cost to local government?"

Ms. Leonard: "Representative Kreidler, actually an autopsy, I understand, costs $250. There is a bill to require that the coroners be dismissed, and we go to medical examiners which I have information would cost $200,000. I believe the $250 cost for these cases where there is cause to believe that a person has met death by unlawful means should, under any circum­stances, be investigated. I just don't believe that unlawful deaths should go undetected. I do believe that $250 is not a great deal of extra money to pay for the actual facts."

Representatives Kreidler and Nickell spoke against passage of the bill, and Representa­tives Vander Stoep and Leonard spoke in favor of it.

MOTION FOR RECONSIDERATION

Mr. Prince, having served notice on the previous working day, moved that the House now reconsider the vote by which SUBSTITUTE HOUSE BILL NO. 895 failed to pass the House.

Ms. Houchen spoke in favor of the motion, and Mr. Ehlers spoke against it.

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Barrett.

Mr. Barrett: "Representative Ehlers, you are apparently reading into this bill something I can't find. Could you please point out to me where it prohibits items less than 8-1/2X11?"

Mr. Ehlers: "On page 1, lines 15 through 18, it reads: 'Therefore, it is the purpose of this 1982 act that the state eliminate usage of legal size media and adopt the usage of letter-size media for all state forms, documents, reports or other papers.' While it only eliminates legal size by the fact that the rest of the construction of that sentence says it will adopt letter size media for all state forms, documents, reports or other papers, would imply to me, at least, that there would only be one standard form for all items in the state."

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Hastings.

Mr. Hastings: "Representative Ehlers, in your debate earlier on why you were not voting for reconsideration, you made a statement that paperwork is not the cause of the high cost, that labor cost was really the big cost. Is that true?"
Mr. Ehlers: "What I said was that paper cost is the cost actually of paper, not paperwork. When you look at the cost of any kind of printing, my experience has been when we buy from print shops, the cost is set up on the cost of materials and not the paper. At least that's what I've been led to understand when I talked to printers where I have had my items printed. Labor costs, at least on billings I've received are substantially more."

Mr. Hastings: "You said the labor costs were the big costs and not the cost of the paper, is that correct?"

Mr. Ehlers: "That's true."

Ms. Rust spoke against the motion to reconsider the bill.

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Nisbet.

Mr. Nisbet: "Representative Ehlers, you've made quite a case about our schedules appearing on legal size paper. Are you familiar with the Senate schedule and do you know what size it is printed on?"

Mr. Ehlers: "Other than the fact it's a violation to talk about the other body, I really don't know or care what they do, frankly. I'm just concerned about our operation, Representative Nisbet, and primarily, I'm concerned about this particular bill which is setting into law something which I think is not very flexible."

Ms. Houchen spoke again in favor of the motion, and Ms. Granlund spoke against it.

ROLL CALL

The Clerk called the roll on the motion that the House reconsider the vote by which Substitute House Bill No. 895 failed to pass the House, and the motion was carried by the following vote: Yeas, 58; nays, 38; not voting, 2.

While many excellent programs exist, there is need to build public confidence in the ability of the education system to amply educate students. The legislature has evidence of a lack of coordination between education institutions, a weak response to the progressive academic and vocational needs of students, an unclear statement as to roles and missions, an inconsistency between programs, duplications of effort, and inefficient uses of public dollars. The possibilities for improving this structure require comprehensive examination."

(b) Personal information in files maintained for employees, appointees, or elected officials of any public agency to the extent that disclosure would violate their right to privacy.

(d) Specific intelligence information and specific investigative records compiled by investigative, law enforcement, and penology agencies, and state agencies vested with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or for the protection of any person's right to privacy.

(2) The exemptions of this section shall be inapplicable to the extent that information, the disclosure of which would violate personal privacy or vital governmental interests, can be deleted from the specific records sought. No exemption shall be construed to permit the nondisclosure of statistical information not descriptive of any readily identifiable person or persons.

(3) Inspection or copying of any specific records, exempt under the provisions of this section, may be permitted if the superior court in the county in which the record is maintained finds, after a hearing with notice thereof to every person in interest and the agency, that the exemption of such records, is clearly unnecessary to protect any individual's right of privacy or any vital governmental function.

This morning I spoke against the House committee amendments to House Bill No. 796, and mistakenly voted for them. I want the record to show that I vote "No" to the amendments.

MOTION

On motion of Mr. Nelson (D), further consideration of House Bill No. 796 was deferred.

HOUSE BILL NO. 1102, by Representatives Nelson (G), Martinis, Struthers, Scott, Monohon, Hastings and Owen:

Implementing law relating to the control of gambling.

The bill was read the second time. On motion of Mr. Sanders, Substitute House Bill No. 1102 was substituted for House Bill No. 1102, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 1102 was read the second time.

Ms. Monohon moved adoption of the following amendment by Representatives Monohon and Struthers:

On page 4, line 27 after "premises." insert "A business holding a class B or H license issued by the Washington state liquor control board is deemed to be an established business primarily engaged in the sale of food and drink for consumption on the premises, and any authorized gambling activity operated in connection with said business is deemed an incidental activity thereto."

Representatives Monohon, Erak, Brown, Barrett, Thompson and Struthers spoke in favor of the amendment, and Representatives Greengo, Williams, Patrick and McDonald spoke against it.

Mr. Hastings demanded the previous question and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Monohon and Struthers to page 4, line 27 of Substitute House Bill No. 1102, and the amendment was adopted by the following vote: Yeas, 54; nays, 42; not voting, 2.

Not voting: Representatives Eberle, Winsley.

Mr. Kreidler moved adoption of the following amendment by Representatives Kreidler and Van Dyken:

On page 9, line 22 after "activities" insert ": PROVIDED, That this subsection shall not apply unless the event is held in the local community of the chapter or local unit"

Mr. Kreidler spoke in favor of the amendment, and Ms. Monohon spoke against it.
Mr. Kreidler yielded to question by Mr. Armstrong.

Mr. Armstrong: "For the purpose of establishing legislative intent, what do you mean by 'the local community'?"

Mr. Kreidler: "I'm glad you asked that question, Representative Armstrong. Certainly it would be my intent that we would be only talking about something that's within an easy commute distance from the area that represents the local community—let's say thirty miles or something like that. It would be within a reasonable area of the sponsoring organization. It wouldn't wind up having a focal point that, by virtue of the regulations right now, the law can act as a full-blown casino and run casino operations every single weekend. That's what we're trying to get at. We're trying to say that, certainly, some organizations aren't going to have a specific hall right there in their community, but it's certainly within a reasonable commute distance for them—something like a few miles would be able to satisfy that."

Mr. Tupper: "My concern here is that a local unit of a club or organization—let's say out in the Ocean shores area—would be able to contract, in essence, all around the state with its other local units and be able to put on a continual series of fund raisers, day in and day out, week in and week out, month in and month out, but that local organization that would be doing the fund raising all over the state, and would, in fact, be in a position to constitute almost a permanent gambling activity. Would this bill, if the amendment is attached, permit that?"

Mr. Kreidler: "My answer would be 'no.' It would help limit the potential for that. It would help to prevent that from happening. It's happening right now, but it would happen on a potentially grander scale if this new language is not limited by imposing my amendment. As it stands right now, a particular focal point can have functions there every single weekend of the month, year in and year out, and by allowing this amendment you can make sure that as they do that now—and I'm certainly opposed to that as it is now—if they continue that, they are now going to be able to draw in larger organizations and areas, so they really can make it a full-blown casino operation on weekends at such focal points."

Mr. Van Dyken spoke in favor of the amendment, and Mr. Struthers again opposed it.

Mr. Barrett: "Representative Kreidler, as I read your amendment, you have ignored the fact that there are two chapters and two local units referred to in the bill. The bill says that any local chapter or unit may request or cooperate with the services of any other chapter or unit under the same parent group. Your amendment says that the event must be held in the chapter or unit's own community. My question first is: Is the intent of your amendment to so thoroughly cloud the preceding sentence that it would be impossible for anyone to interpret which group is meant, or is the intent of the amendment to make it impossible because each group could only operate in its own local jurisdiction, to make it impossible for any unit to cooperate with another unit even though they were members of the same parent organization?"

Mr. Kreidler: "I have another amendment that will hopefully address that concern you are raising here. My amendment here addresses only this subsection of the bill, and what I'm basically saying with this is that often times a local chapter or unit doesn't have somebody who is particularly good as a blackjack dealer, but they can get some real pros out of their whole area chapter who can participate then in an Ocean Shores, or some other focal point, operation. You really get some real pros in there as your casino night operators that you can't get out of the local chapter. That's not why we devised this bill in the first place, and it's certainly very much of a broadening, so I'm essentially trying to get at that type of participation of the larger organizations."

Representatives Barrett and Struthers spoke against the amendment, and Mr. Greengo spoke in favor of it.

Mr. Hastings demanded the previous question and the demand was sustained.
The Clerk called the roll on the amendment by Representatives Kreidler and Van Dyken to page 9, line 22 of Substitute House Bill No. 1102, and the amendment was not adopted by the following vote: Yeas, 41; nays, 52; not voting, 5.

If a person having substantial proprietary or other authoritative control over any premises shall permit said premises to be used with the person's knowledge for the purpose of conducting gambling activity other than gambling activities as set forth in RCW 9.46.030 as now or hereafter amended, ((and acting other than as a player,)) and said person permits such to occur or continue or makes no effort to prevent its occurrence or continuation, he shall be considered as being engaged in professional gambling: PROVIDED, That the accepting or receiving of money or other property for the sole purpose of procurement of refreshments such as food, drink and tobacco products shall not constitute a violation of subparagraph (a) or subparagraph (b) of this subsection, so long as the amount of money or property accepted or received is equal to or less than the actual purchase of said refreshments: PROVIDED FURTHER, That the proprietor of a bowling establishment who awards prizes obtained from player contributions, to players successfully knocking down pins upon the contingency of identifiable pins being placed in a specified position or combination of positions, as designated by the posted rules of the bowling establishment, where the proprietor does not participate in the proceeds of the 'prize fund' shall not be construed to be engaging in 'professional gambling' within the meaning of this chapter: PROVIDED, FURTHER, That the books and records of the games shall be open to public inspection.

programs, bilingual education, urban, rural, racial and disadvantaged programs, programs for gifted students, and other special programs.

Sec. 2. Section 4, chapter 265, Laws of 1981 and RCW 28A.41.520 are each amended to read as follows:

Each district's annual student transportation allocation shall be based on differential rates determined by the superintendent of public instruction in the following manner:

(1) The superintendent shall annually calculate a standard student mile allocation rate for each district. 'Standard student mile allocation rate,' as used in this section, means the per mile allocation rate for transporting an eligible student. The standard student mile allocation rate may consist of no more than eight differential rates state-wide, as determined by the superintendent and shall include but not be limited to such factors as climate and terrain; nonpassenger miles; and the costs of insurance, district or contracted employee salaries, and benefits, maintenance, fuel, supplies, and materials. Such rates shall recognize, to the extent possible, cost differentials that are not under the direct control of the district. The standard student mile allocation rate shall be used to determine the transportation allocation for those services provided for in RCW 28A.41.505(1).

(2) The superintendent shall annually calculate a standard unit mile rate for each district. 'Standard unit mile rate,' as used in this section, means the cost of operating an approved transportation vehicle for one mile. The standard unit mile rate may consist of no more than eight differential rates state-wide, as determined by the superintendent, and shall be based on the factors used in subsection (1) of this section. The standard unit mile rate shall be used to determine the transportation allocation for those services provided for in RCW 28A.41.505(2) and (3). For purposes of allocating funds for RCW 28A.41.505(2), the superintendent shall use the average number of miles reported by the district for the two school years excluding field trips.

(3) Prior to June 1st of each year the superintendent shall submit to the office of financial management, and the committees on education and ways and means of the senate and house of representatives a report outlining the methodology and rationale used in determining the student mile and unit mile rates to be used the following year.

Sec. 3. Section 5, chapter 265, Laws of 1981 and RCW 28A.41.525 are each amended to read as follows:

The superintendent shall determine the preliminary, estimated student transportation allocation for each district and notify districts of their preliminary student transportation allocation by June 15. ((The superintendent shall include not less than twenty-five percent of the estimated student transportation allocation in the following September apportionment payment to school districts:)) By the following October 15th, every district shall notify the superintendent of any changes in the data utilized in calculating the preliminary student transportation allocation. The superintendent shall then make necessary corrections and shall notify districts of the final student transportation allocation before the following December 1st. If the number of eligible students in a school district changes ten percent or more from the final October 15 number, and the change is maintained for a period of twenty consecutive school days or more, the district may submit revised eligible student data to the superintendent of public instruction. The superintendent shall, to the extent funds are available, recalculate the district's allocation for the transportation of pupils to and from school.

The superintendent shall make the student transportation allocation in accordance with the apportionment payment schedule in RCW 28A.48.010, as now or hereafter amended. For the 1982-83 school year, no school district shall receive a reduction or increase in funds of over three percent of what it received in the previous year as adjusted to its proportional share of funds appropriated by the legislature for 1982-83 transportation services.

NEW SECTION. Sec. 4. The superintendent of public instruction shall submit a report to the legislature which shall:

(1) Identify the factors that will be used to recognize cost differentials between districts, and the data elements that will be used to measure the factors that contribute to these cost differentials;

(2) Collect the appropriate financial and workload data necessary to measure cost differentials between districts;

(3) Describe and analyze the differential rates associated with the standard student mile allocation under the eligibility formula along with an analysis of each school district's eligibility for a differential rate. The rationale for choosing specific rates and the procedures used in evaluating district requests for differential rates shall also be included;

(4) Compare and analyze the difference in costs of changing the 'eligible student' definition in RCW 28A.41.510 to include only those students whose residence or assigned route stop is more than one and one-half miles from the student's school, while still excepting handicapped students;

(5) Compare the distribution of transportation operating funds to each local school district under the interim methodology approved for the 1982–83 school year and the methodology requiring use of eligible student for 1983–84; and

(6) Present options for a continued phase-in of the eligible student allocation formula, with a description of the fiscal impact on school districts.

The report shall be submitted to the senate and house committees on education no later than December 15, 1982.
All data collected by the superintendent and requested by the committees on ways and means or education of the house or senate pertaining to the funding of pupil transportation shall be delivered to the legislative evaluation and accountability program (LEAP) as soon as possible in a machine readable form acceptable to the LEAP committee.

NEW SECTION. Sec. 5. Section 13, chapter 265, Laws of 1981 (uncodified) is hereby repealed.

NEW SECTION. Sec. 6. Sections 2 and 3 of this amendatory act shall take effect September 1, 1982.

NEW SECTION. Sec. 7. If any provision of this amendatory act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

On line 1 of the title after "transportation;" strike the remainder of the title and insert the following "amending section 7, chapter 359, Laws of 1977 ex. sess. and RCW 28A.41.162; amending section 4, chapter 265, Laws of 1981 and RCW 28A.41.520; amending section 5, chapter 265, Laws of 1981 and RCW 28A.41.525; creating new sections; repealing section 13, chapter 265, Laws of 1981 (uncodified); and providing an effective date."

"NEW SECTION. Section 1. It is the purpose of this chapter to reduce the incidence of arson fraud by requiring insurers to obtain specified information prior to issuing a fire insurance policy for certain structures and by authorizing insurers to cancel fire insurance policies when characteristics frequently associated with arson fraud are present.

NEW SECTION. Sec. 2. (1) The state fire marshal may designate certain classes of occupancy within a geographic area or may designate geographic areas as having an abnormally high incidence of arson. This designation shall not be a valid reason for cancellation, refusal to issue or renew, modification, or increasing the premium for any fire insurance policy.

(2) A fire insurance policy may not be issued to insure any property within a class of occupancy within a geographic area or within a geographic area designated by the state fire marshal as having an abnormally high incidence of arson until the applicant has submitted an anti-arson application and the insurer or the insurer's representative has inspected the property. The application shall be prescribed by the state fire marshal and shall contain but not be limited to the following:

(a) The name and address of the prospective insured and any mortgagees or other parties having an ownership interest in the property to be insured;

(b) The amount of insurance requested and the method of valuation used to establish the amount of insurance;

(5) An anti–arson application shall contain a notice stating: "Designation of a class of occupancy within a geographic area or geographic areas as having an abnormally high incidence of arson shall not be a valid reason for cancellation, refusal to issue or renew, modification, or increasing the premium for any fire insurance policy."

NEW SECTION. Sec. 3. Notwithstanding the provisions of RCW 48.18.290, where two or more of the following conditions exist, an insurer may, under section 4 of this act, cancel a fire insurance policy for any structure:

(2) On which, without reasonable explanation, progress toward completion of permanent repairs has not occurred within sixty days after receipt of funds following satisfactory adjustment or adjudication of loss resulting from a fire;

(3) Which, because of its physical condition, is in danger of collapse;

Any employee whose compensation includes a health care services contract providing health care services expenses, the premiums for which are paid in full or in part by an employer including the state of Washington, its political subdivisions, or municipal corporations, or paid by payroll deduction, may pay the premiums as they become due directly to the health care service contractor whenever the employee's compensation is suspended or terminated directly or indirectly as the result of a strike, lockout, or other labor dispute, for a period not exceeding six months and at the rate and coverages as the health care services contract provides. In any action for damages, whether based on tort or contract or otherwise, a claim or counterclaim for damages may be litigated in the principal action for malicious prosecution on the ground that the action was instituted with knowledge that the same was false, and unfounded, malicious and without probable cause in the filing of such action, or that the same was filed as a part of a conspiracy to misuse judicial process by filing an action known to be false and unfounded. In any action for malicious prosecution, whether brought by an independent lawsuit or brought in the principal action by claim or counterclaim, the injured party may recover actual damages or liquidated damages of five hundred dollars, a reasonable attorney's fee, and other costs of litigation. In an action for malicious prosecution, an arrest or seizure of property need not be an element of the claim nor do special damages need to be proved. SENATE BILL NO. 4557, Prime Sponsor: Senator Deccio, modifying the landlords' rights and responsibilities when a tenancy is abandoned. Reported by Committee on Ethics, Law and Justice.

MAJORITY recommendation: Do pass with the following amendments:
Strike everything after the enacting clause and insert the following:
"NEW SECTION. Section 1. SHORT TITLE. Sections 1 through 14 of this act shall be known as the 'self-service storage facility landlord-tenant act'.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Self-service storage facility' means any real property designed and used for the purpose of renting or leasing individual storage space to tenants who are to have access to such for the purpose of storing and removing personal property, or any use permitted by the rental agreement. No tenant shall use a self-service storage facility for residential purposes. If a landlord issues a warehouse receipt, bill of lading, or other document of title for the personal property stored, the provisions of this chapter do not apply. Nothing in this subsection shall be construed to imply that prior to the effective date of this act, the definition of self-service storage facilities differed from the definition given in this subsection.

(2) 'Landlord' means the landlord, operator, lessor, or sublessor of a self-service storage facility, his agent, or any other person authorized by him to manage the facility, or to receive rent from a tenant under a rental agreement.

(3) 'Tenant' means a person, his sublessee, successor, or assign, entitled to the use of the storage space at a self-service storage facility under a rental agreement, to the exclusion of others.

(4) 'Rental agreement' means any agreement or lease, written or oral, that establishes or modifies the terms, conditions, rules, or any other provisions concerning the use and occupancy of real property in a self-service storage facility.
(5) 'Personal property' means movable property not affixed to land, and includes, but is not limited to, goods, merchandise, and household items.

(6) 'Last known address' means that address provided by the tenant in the latest rental agreement, or the address provided by the tenant in a subsequent written notice of a change of address.

(7) 'Abandoned' as it relates to personal property of a tenant in a self-service storage facility means the tenant has defaulted in rent and by words or actions reasonably indicates the intention not to continue tenancy.

NEW SECTION. Sec. 3. NOTICE OF APPARENT ABANDONMENT. (1) If the tenant defaults in rent and the landlord in good faith believes that the tenant has abandoned the tenancy and the personal property stored within the self-service storage facility, but does not know so for certain, the landlord may terminate the tenancy and declare the tenant's personal property abandoned if the following occurs subsequent to default:

(a) The landlord sends by first class and certified mail, return receipt requested, a notice of intent to declare the abandonment of the tenancy and the personal property to the last known address of the tenant. The landlord shall also send notice to any other addresses known to the landlord where the tenant might reasonably be expected to receive the notice; and

(b) No reply is received within thirty days of the mailing of the notice. This notice shall state that if no reply is received within thirty days that the landlord shall determine the tenancy and the personal property abandoned and subject to sale.

(2) This section is intended to provide landlords with assurance that a determination of abandonment is proper in the circumstances, and is not intended to be exclusive.

NEW SECTION. Sec. 4. TAKING POSSESSION. Upon abandonment, the landlord may immediately enter and take possession of any property of the tenant found on the premises and may remove the same to and store the same in a reasonably secure place.

NEW SECTION. Sec. 5. DISCOVERY OF SECURED CREDITORS. Upon taking possession, the landlord shall submit an information request under RCW 62A.9-407 to the department of licensing. Any secured creditors of the tenant discovered as a result of this information request shall receive notice as provided in section 7(1)(d) of this act.

NEW SECTION. Sec. 6. NOTICE TO TENANT. (1) A notice must be mailed by the landlord by first class and certified mail, return receipt requested, within three days after taking possession of the tenant's property to the last known address of the tenant.

(2) The notice shall state:

(a) The tenant's name;
(b) That the landlord is holding in safe storage property of the tenant;
(c) A description of the property;
(d) The location of the property;
(e) The name and address of the landlord;
(f) That if the tenant does not reclaim the tenant's property within sixty days after the specified date of default in rent, or thirty days after the date the notice required in subsection (1) of this section is sent, whichever is later, the landlord intends to sell the personal property stored and apply the proceeds as specified in section 10 of this act; and

(g) The conditions on which any person could reclaim the property, as specified in section 8 of this act, with the amounts set out where applicable as much as is reasonably practical.

NEW SECTION. Sec. 7. SALE OF TENANT'S PROPERTY. (1) The landlord may sell or otherwise dispose of any or all of the property taken possession of and stored by the tenant after the latest of the following:

(a) Sixty days after mailing of the notice under section 3 of this act;
(b) Thirty days after mailing of the notice prescribed in section 6 of this act;
(c) After reasonable efforts to locate the absent tenants;
(d) Ten days' notice to secured creditors of the tenant discovered through the information request submitted under section 5 of this act. This notice shall contain the same information as the notice to the tenant set forth in section 6(2) of this act.

(2) The property may be sold in its condition 'as is' or following any commercially reasonable preparation for sale. Disposition of the property may be by public or private proceedings and may be as a unit or in parcels and at any time and place and on any terms, but every aspect of the disposition including the method, manner, time, place, and terms must be commercially reasonable. Reasonable notification of the time and place of any public sale or of the time of which any private sale or other intended disposition is to be made shall be sent by the landlord to the tenant and secured creditors identified in (1)(d) of this section. The landlord may buy at any public sale. If the property is of a type customarily sold on a recognized market, no notice of time and place of sale is required and the landlord may buy such property, as well as any other property which is of a type which is the subject of widely distributed standard price quotations.

(3) The fact that a better price could have been obtained by a sale at a different time or in a different method, or in a different place, from that selected by the landlord is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. If the landlord sells the property in conformity with reasonable commercial practices among dealers in the type of property sold, he has sold in a commercially reasonable manner. The principles stated in the two preceding sentences with respect to sales also apply as may be appropriate to other types of disposition.
NEW SECTION. Sec. 8. REDEMPTION. (1) At any time before the landlord has disposed of property or entered into contract for its disposition under this chapter, the tenant, unless otherwise agreed in writing, may redeem the property by tendering to the landlord fulfillment of all obligations owed by the tenant to the landlord as set out in section 12 of this act which have accrued up to the date of redemption.

(2) At any time before the landlord has disposed of property or entered into a contract for disposition under this chapter, any person who has a security interest in the property may, unless otherwise agreed in writing, redeem the property by tendering to the landlord:

(a) Any unpaid rent or charges specified in the rental agreement accrued up to the date of redemption: PROVIDED, That the amount of rent required to be tendered by the secured creditor shall not exceed two months' rent due; and

(b) The reasonable costs of taking possession, moving, storing, safeguarding, preparing the property for sale, the costs of arranging the sale, and selling the tenant's property plus reasonable attorney's fees and legal expenses incurred in taking such actions.

NEW SECTION. Sec. 9. EFFECT OF SALE. (1) When property is disposed of by a landlord under this chapter, the disposition transfers to a purchaser for value all of the tenant's rights therein and discharges any security interest in or lien upon the property. The purchaser takes free of any such rights and interests even if the landlord fails to comply with the requirements of this chapter or of any judicial proceedings (a) in the case of a public sale, if the purchaser has no knowledge of any defects in the sale and if he does not buy in collusion with the landlord, other bidders, or the person conducting the sale; or (b) in any other case, if the purchaser acts in good faith as defined in RCW 62A.1-201(19).

(2) The director of licensing shall promulgate rules under chapter 34.04 RCW for the application for and the reissuance of the certificate of title showing ownership of any property sold or otherwise disposed of under the provisions of this chapter which property is required by Title 46 RCW to have a certificate of title.

NEW SECTION. Sec. 10. APPLICATION OF PROCEEDS FROM SALE. (1) Any proceeds from the sale may be applied in the following order:

(a) To any reasonable costs of storing, moving, safeguarding, and selling the property;

(b) To any secured creditors of the tenant discoverable by an information request under RCW 62A.9-407 sent to the department of licensing;

(c) To any other moneys due the landlord as specified in section 11 of this act.

(2) Any excess proceeds from the sale of the property shall be paid to the state treasurer subject to a claim by the tenant within one year of sale.

NEW SECTION. Sec. 11. REMEDIES FOR NONCOMPLIANCE. If it is established that the landlord is not proceeding in accordance with the provisions of sections 3 through 10 of this act, disposition may be ordered or restrained on appropriate terms and conditions. If the disposition has occurred in violation of this chapter, the tenant or any person entitled to notice has a right to recover from the landlord any loss caused by the failure to comply with the provisions of this chapter, including but not limited to legal costs and reasonable attorney's fees.

NEW SECTION. Sec. 12. TENANT'S LIABILITY TO LANDLORD UPON ABANDONMENT. If a tenant abandons a tenancy the landlord shall make reasonable efforts to mitigate the damages resulting from the abandonment, and after such reasonable efforts are made, is entitled to the following from the tenant:

(1) The reasonable costs of taking possession of, moving, storing, safeguarding, preparing the property for sale, and the costs of arranging the sale, plus reasonable attorney's fees and legal expenses incurred in taking such actions if not otherwise reimbursed by the provisions of section 10 of this act;

(2) Any unpaid rent or charges specified in the rental agreement; and

(3) Any damages to the landlord's property caused by the tenant.

NEW SECTION. Sec. 13. LIEN GRANTED. The landlord has a lien upon all personal property located at a self-service storage facility for unpaid rent or charges specified in the rental agreement, and for expenses reasonably incurred in its sale or other disposition under this chapter: PROVIDED, That the landlord's lien for rent shall not exceed two months' rent due. The lien provided for in this section is superior to any other lien or security interest. Foreclosure shall be by the sale provisions of sections 3 through 10 of this act.

NEW SECTION. Sec. 14. REMEDIES NOT EXCLUSIVE. The remedies specified in sections 3 through 12 of this act are not exclusive and the parties retain the rights to all other actions or remedies. If a landlord sells a tenant's personal property as permitted by this chapter and the proceeds from the sale of those goods are insufficient to pay the landlord all that the tenant owes to the landlord, the tenant shall remain liable for the remainder.

NEW SECTION. Sec. 15. DECLARATION OF PURPOSE. The purpose of sections 1 through 14 of this act is to clarify the manner and circumstances in which self-service storage facility landlords may take possession of and sell the personal property of persons renting space at such facilities.

NEW SECTION. Sec. 16. Nothing in sections 1 through 14 of this act shall be construed to imply that self-service storage facilities subject to the operation of sections 1 through 14 of this act are or are not engaged in the business of warehousing or that rental of storage space as defined herein does or does not constitute the rental of real property, or that the rent from which, as defined herein, does or does not constitute income from the rental of real property.

NEW SECTION. Sec. 17. Sections 1 through 14 and 18 of this act constitute a new chapter to be added to Title 59 RCW.

NEW SECTION. Sec. 18. Section captions as used in this act do not constitute any part of the law.
Sec. 19. Section 31, chapter 207, Laws of 1973 1st ex. sess. and RCW 59.18.310 are each amended to read as follows:

If the tenant defaults in the payment of rent and reasonably indicates by words or actions his intention not to resume tenancy, he shall be liable for the following for such abandonment: PROVIDED, That upon learning of such abandonment of the premises the landlord shall make a reasonable effort to mitigate the damages resulting from such abandonment:

(1) When the tenancy is month-to-month, the tenant shall be liable for the rent for the thirty days following either the date the landlord learns of the abandonment, or the date the next regular rental payment would have become due, whichever first occurs.

(2) When the tenancy is for a term greater than month-to-month, the tenant shall be liable for the lesser of the following:

(a) The entire rent due for the remainder of the term; or

(b) All rent accrued during the period reasonably necessary to rerent the premises at a fair rental, plus the difference between such fair rental and the rent agreed to in the prior agreement, plus actual costs incurred by the landlord in rerenting the premises together with statutory court costs and reasonable attorney's fees.

In the event of such abandonment of tenancy and an accompanying default in the payment of rent by the tenant, the landlord may immediately enter and take possession of any property of the tenant found on the premises and may store the same in any reasonably secure place. A notice containing the name and address of landlord and the place where the property is stored must be mailed promptly by the landlord to the last known address of the tenant. After sixty days from the date of default in rent, and after prior notice of such sale is mailed to the last known address of the tenant, the landlord may sell such property and may apply any income derived therefrom against moneys due the landlord, including drayage and storage. After deducting the actual costs of transfer, storage, and sale of such property, any excess income derived from the sale of such property shall be held by the landlord for the benefit of the tenant for a period of one year from the date of sale, and if no claim is made or action commenced by the tenant for the recovery thereof prior to the expiration of that period of time, the balance shall be the property of the landlord. If the landlord reasonably determines that any of the property, other than memorabilia, official papers, documents, correspondence, or photographs, is of such little value that the cost of storage and sale probably exceeds the amount realizable from sale, the landlord may list such property on a notice to be mailed to the tenant's last known address indicating that such property may be destroyed or otherwise disposed of not less than fifteen days after the mailing.

ENGROSSED SENATE BILL NO. 4559, Prime Sponsor: Senator Lee, modifying the state forms management program. Reported by Committee on State Government.

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Section 1. This act may be known and cited as the forms reduction act of 1982.

NEW SECTION. Sec. 2. The legislature finds that the functioning of state government, business, and individual activities is becoming increasingly more cumbersome as the number, length, and complexity of forms increase and that the forms burden imposed by the state can be a hindrance to the citizens of the state and can add to the costs of products and services. Eliminating unnecessary forms will simplify paperwork, increase efficiency, effect productivity improvements, and reduce costs related to the amount of time individuals and businesses are required to take to complete various forms and to the procurement, printing, storage, use, and distribution of forms.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 4 through 7 of this act.

(1) 'State agency' means any executive branch office, department, board, commission, or other separate unit or division, however designated. The term includes any unit of state government established by law of which the executive officer or each member is either elected or appointed, and upon which the statutes confer powers and impose duties in connection with operations of either a governmental or proprietary nature. It also includes every state-supported institution of higher education.

(2) 'Form' means a printed document providing entry space for variable information.

NEW SECTION. Sec. 4. (1) By July 30, 1983, and by July 30 of each even-numbered year thereafter, each state agency shall report the following information to the office of financial management for the previous fiscal year ending on June 30:

(a) The estimated total number of hours required to fill out each form; and
(b) The estimated number of people filling out each form.

(2) The product of the numbers provided under (a) of subsection (1) of this section multiplied by the numbers provided under (b) of subsection (1) of this section constitutes the form burden for each form.

(3) The sum of all the products in subsection (2) of this section for each agency constitutes the agency's form burden for that fiscal year.

NEW SECTION. Sec. 5. (1) For the fiscal year ending on June 30, 1984, each agency shall satisfy the director that it has reduced by fifteen percent its form burden that it had for the fiscal year ending on June 30, 1983. The director of financial management may specifically waive this requirement for an agency if necessary for the efficient and effective administration of the agency and the carrying out of its duties.

(2) An agency's form burden established under subsection (1) of this section for the fiscal year ending on June 30, 1984, shall not be increased except with the specific authorization of the director after a finding by the director that the increase is necessary for the efficient and effective administration of the agency and the carrying out of its duties.

NEW SECTION. Sec. 6. The director shall adopt rules governing the reports required under section 4 of this act. The director shall review each report to determine whether it is an accurate estimate of the agency's form burden. By November 1, 1983, and by November 1 of each even-numbered year thereafter, the director shall provide a report to the speaker of the house of representatives and the president of the senate showing the agencies, if any, which have not complied with sections 2 through 5 of this act and shall report each agency's form burden and the total state-wide form burden.

NEW SECTION. Sec. 7. The director of financial management shall place one-half of one percent of all funds appropriated to an agency in reserve if the agency does not comply with section 5(1) of this act. The director shall hold such funds in reserve until the agency complies or the appropriation expires.

NEW SECTION. Sec. 8. Sections 2 through 8 of this act shall expire on June 30, 1985, unless extended by law for an additional fixed period of time.

NEW SECTION. Sec. 9. Sections 2 through 8 of this act are each added to chapter 43.41 RCW.

POINT OF ORDER

SPEAKER'S RULING (MR. AMEN PRESIDING)

The Speaker (Mr. Amen presiding): "Representative Nelson, your point is well taken, and the amendment will probably be offered as a floor amendment."

Mr. Wang moved adoption of the following amendment by Representatives Wang, Nisbet, Owen, Houchen and Nelson (D):

On page 1, after line 25 insert the following:

"Section 1. Section 1, chapter 45, Laws of 1970 ex. sess. as amended by section 29, chapter 108, Laws of 1975-'76 2nd ex. sess. and RCW 80.50.010 are each amended to read as follows:

The legislature finds that the present and predicted growth in energy demands in the state of Washington requires the development of a procedure for the selection and utilization of sites for energy facilities and the identification of a state position with respect to each proposed site. The legislature recognizes that the selection of sites will have a significant impact upon the welfare of the population, the location and growth of industry and the use of the natural resources of the state.

It is the policy of the state of Washington to recognize the (pressing) need for (increased) adequate energy facilities, and to ensure through available and reasonable methods, that the location and operation of such facilities will produce minimal adverse effects on the environment, ecology of the land and its wildlife, and the ecology of state waters and their aquatic life.

It is the intent to seek courses of action that will balance (the increasing demands for) energy facility location and operation (in conjunction) with the broad interests of the public. Such action will be based on these premises:

(1) To assure Washington state citizens that, where applicable, operational safeguards are at least as stringent as the criteria established by the federal government and are technically sufficient for their welfare and protection.

(2) To preserve and protect the quality of the environment; to enhance the public's opportunity to enjoy the esthetic and recreational benefits of the air, water and land resources; to promote air cleanliness; and to pursue beneficial changes in the environment.

(3) To provide (abundant) adequate energy at reasonable cost.*

Mr. Wang: "Not that I am aware of."

Mr. Vander Stoep: "It's been established that the EFSEC currently does not now and never has been involved in determining need. I'm wondering what kind of additional staff would be required to do the adequate job that you would want?"

Mr. Wang: "I believe EFSEC could do the job of considering need. They consider all kinds of factors as it is, and I think need is an appropriate one for them to be considering. I can't provide you with specific details of the fiscal impact, but clearly it would depend on the type of project and a number of other variables. EFSEC obviously is going to have to up their staffing, and so forth, depending on the particular situation."

POINT OF INQUIRY

Mr. Tilly yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Tilly, as one who voted against this measure last year, I have to admit that I've been rethinking my position. The reason for my rethinking is that we are now seeing budget deficits that are not in the $40 or $50 billion category, but $100 billion plus category, and it appears those deficits, instead of coming down during this administration, will probably go up. This is in spite of massive cuts, not only in social programs, but all programs, almost across the board. It's being pushed, of course, by increases in one program, the defense program of this country. President Reagan, your President, rated the budget deficit and the need for a balanced budget with economic recovery in this country when he campaigned for election, and he indicated that high interest rates and high inflation rates could be reduced, could be mitigated by balancing the budget. In fact, it seemed that was the key part of his economic program. I guess I'm puzzled then, why the administration has apparently reversed itself, and I believe it was Mr. Regan, the Treasury Secretary, who announced not too long ago that the budget deficit and balancing the budget were not crucial any longer and were not linked to economic recovery. I'm wondering whether you agree with your president's position as enunciated by the Treasury Secretary, and whether, indeed, this particular memorial will achieve the result that we all would like to see, and that is an economic recovery that really does reduce inflation and reduce interest rates?"

Mr. Tilly: "Representative Nelson, I support very strongly what President Reagan is attempting to do. I believe he has inherited a real mess, just like Governor Spellman did. I think for too long Americans have been used to the good life. I believe America is suffering right now from not being competitive in the world market. Look at what's happening in many of our major industries—we're pricing ourselves out. I believe the program the President has embarked on is to try to lick inflation. I think that was one of his main themes. You think of some progress there, but we all knew when we went into this that it was not going to be done easily. What we're expecting is an instant miracle; we want a quick fix. We'd like to have it solved within the next ten or fifteen minutes. Americans are very impatient and we're going to have to learn to be resourceful. I feel that the President's program, at this point, is perhaps overly ambitious. I think when you try to balance the budget, cut taxes and increase the defense budget all in one time, it is trying to do too much. I think if he just attempted to do one of those, then we wouldn't have the deficit that's being projected for this year."

Representatives Padden, Bond, McGinnis and Dickie spoke in favor of the memorial, and Representatives Becker and King (J) spoke against it.
POINT OF INQUIRY

Mr. Hastings yielded to question by Mr. Lux.

Mr. Lux: "Representative Hastings, when was the last time the United States had a balanced budget?"

Mr. Hastings: "Representative Lux, I just simply can't answer that right off the top of my head. I'd have to do some research. I think it was probably before we embarked on all of those big spending programs with the idea that government can solve all of our problems. I can't give you the specific date of that."

Representatives Lux, Heck, Grimm and Scott spoke against the memorial, and Representatives Williams, Owen and Salatino spoke in favor of it.

Mr. Nelson (G) demanded the previous question and the demand was sustained.

Mr. Tilly closed debate, speaking again in favor of the memorial.

POINT OF ORDER

Mr. Isaacson: "Mr. Speaker, I would like a ruling on this amendment. I believe it is the subject of another bill still pending before the House, and I also believe it is beyond the scope and object of the bill."

SPEAKER'S RULING

The Speaker: "Representative Isaacson, House Rule 14(D) states, that '...no bill or resolution shall at any time be amended by annexing thereto or incorporating therein any other bill or resolution pending before the House.' The Speaker has examined the amendment and has examined the bill suggested as being incorporated, and finds very little similarity in the language between House Bill 1222, and the amendment, although the subject matter may be the same. Secondly, if I could draw your attention to Reed's Rule 112: 'Both these objections to present action must be presented before consideration has been entered upon. After debate has begun or other action has been taken it is too late.' The Speaker, therefore, will rule that the debate had begun, consideration had begun due to the fact that Representative Erak had already made the opening remarks in favor of the amendment, and therefore, your objection is not timely."

Representatives Isaacson, Lundquist and Kreidler spoke against the amendment, and Representatives James, Scott and Nelson (G) spoke in favor of it.
Mr. Erak spoke again in favor of the amendment, and Mr. Isaacson again opposed it.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Erak, Nelson (G) and Scott to Substitute Senate Bill No. 4481, and the amendment was not adopted by the following vote: Yeas, 43; nays, 52; not voting, 3.

The Clerk called the roll on the motion that the House reconsider the vote by which House Joint Memorial No. 1 passed the House, and the motion was lost by the following vote: Yeas, 49; nays, 49; not voting, 0.

- HOUSE BILL NO. 832,
- HOUSE BILL NO. 844,
- HOUSE BILL NO. 1013,

Third Reading

ENGROSSED SUBSTITUTE HOUSE BILL NO. 996, by Committee on Education (originally sponsored by Representatives Ellis, Ehlers, Eberle, Johnson, Hastings and James):

Allowing exemption from attendance at public schools upon basis of religious or personal beliefs of person having custody of child.

The bill was read the third time and placed on final passage.

Mr. Ellis spoke in favor of passage of the bill.

Point of Inquiry

Mr. Ellis yielded to question by Ms. Cole.

Ms. Cole: *On page 2, line 34 would you define what a 'personal belief is?"*

Mr. Ellis: "I'll attempt to do so. I will have to relate to the background of religious beliefs to do so. The background in the area of conscientious objectors who did not have to sign up for service if they had a religious belief—that used to be a belief in God, but the cases have come along now to say that all you have to have is a sincere belief—a conviction sincerely held. So the personal belief here would be that either along religious lines or a personal belief like some of the home teachers have who aren't certificated teachers, that they can do a better job at home, and they are willing to undertake the duties to do so. It would have to be clear; it would have to be a personal belief sincerely held."

Ms. Cole: "There are some churches that really believe in segregation and that is a personal belief. Would that apply in this area?"

Mr. Ellis: "Certainly, it would apply. With what's going on in Congress and the Supreme Court case that's pending right now, those schools would not be entitled to a tax exemption, but there's no question in this country that if they want to have a school and teach racial segregation they can do so, but they are not going to get any tax exemption. By the way, I've got to say in passing, the American Civil Liberty Union supports this bill and the amendment."

Ms. Cole: "On page 3, line 12, what do you mean or how do you interpret it when it says, 'home or other school?""

Mr. Ellis: "It's my understanding that that is to cover both the home situation, which is very clear, or a church school or a private school that doesn't meet the approval process. Apart from this bill, any group of students called together, either in church or wherever it might be, also would have to comply with fire and safety standards, and all of the zoning codes."

Ms. Cole: "Would there be any kind of qualifications required in terms of the person who is teaching the children in these other schools?"

Mr. Ellis: "There is no requirement in this statute—this is the compulsory attendance statute—on qualification of personnel, but duties that the parent undertakes here is to have the basic course of education, which is the same basic course as in approved schools, to teach regular hours, to have regular testing and the other provisions. Let me tell you once again, and I am answering your question directly, I know the WEA is very interested in certificated teachers. Our Supreme Court, on February 4 issued the opinion, and in the course of that opinion, a plurality of the judges—four of the judges—said, this is a quote, and I am summarizing it for brevity—they stated it was true the state does not have to put up with totally unqualified teachers in any of the contexts of teaching, but neither can the state require that teachers have the same qualifications as public school teachers. They quoted the Vermont case and there are
three cases saying that. So, if the WEA wants a certificated process for these schools, they can implement that. They came out with one section, poorly written, and attempted to hang it onto this bill. I'll help them draft a right one, but they have to do it separately. New Mexico had an accreditation process for private schools and qualification of teachers in private schools; they ran it for about two years and cut it off entirely because it was too much burden on the state to administer. You cannot impose that kind of participation on these teachers."

Representatives Cole, Galloway and Valle spoke against passage of the bill, and Representatives Padden, Sprague and Van Dyken spoke in favor of it.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Erak.

Mr. Erak: "Under the definition of private school, if somebody wishes to teach their children or have them taught in their home, how is this defined? Do they have to basically go through and put in the exits and the crash bars on the exit doors, and this kind of thing, to qualify for private school?"

Mr. Ellis: "Representative Erak, my understanding is that if they would go beyond their own child and invite other students in, then they will have to comply with fire and safety standards, yes. That's what the case is about that came out February 4. They tried to lay the regular fire and safety regulations onto the private schools and the Supreme Court said you can't do that. You can have fire and safety regulations, but address the matter reasonably. It was found absolutely safe for 250 people on Sunday under a fire inspection at a certain church, and one week later they said it wasn't safe for 35 students on Monday. The Supreme Court said you can't do that to them."

Mr. Erak spoke against passage of the bill, and Mr. Ellis closed debate, speaking again in favor of it.

Ms. Hine spoke against passage of the bill, and Mr. Isaacson spoke in favor of it.

POINT OF INQUIRY

Mr. Isaacson yielded to question by Ms. Brekke.

Mr. Brekke: "Representative Isaacson, I believe I heard you say that person after person came before the committee. I notice in the bill report on this that it says no one testified in support?"

Mr. Isaacson: "I think, Representative Brekke, you did not listen to what I was saying. I said the measure was passed in the House last year and we had testimony at that time. We had a hearing on it at which time we had other people testify again. That report is not written up in the bill report, but it will be made available to you if you would like to have that information."

Representatives Brekke and Armstrong spoke against passage of the bill.
