The Co-Chief Clerk of the House of Representatives of the Forty-sixth Legislature, Vito T. Chiechi, called the House to order at 12:00 noon.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Sherri King and Jim Deal. Prayer was offered by Pastor Burdette Palmberg of the Mercer Island Covenant Church:

"Our Father, You who have created all things and given to us the responsibility of management of Your creation, we come before You requesting that You give us the wisdom that is necessary to do the job. We come from partisan backgrounds and our loyalties are very well fixed. We would ask, God, that there might be an overwhelming loyalty to truth, to justice and to fairness. Grant Lord, that we might do as the prophets of old have challenged us, 'What doth the Lord require of thee, but to do justice and to love mercy and to walk humbly with your God.' Without Thy guiding hand this body can be in confusion. With Thy guiding hand there can be effective ministry. This we pray for in Christ's name. Amen.'

Co-Chief Clerk Chiechi appointed Representatives Ellis and Salatino to escort The Honorable Chief Justice Robert F. Brachtenbach of the Supreme Court of the State of Washington to the rostrum.

All incidental questions of order arising after a motion is made for any of the questions named in this rule and pending such motion, shall be decided, whether on appeal or otherwise, without debate.
A motion for suspension of the rules shall not be debatable, except, however, the mover of the motion may briefly explain the purpose of the motion, and one member may briefly state the opposition to the motion.

(E) Question of Consideration. The question of consideration may be raised as to any measure, motion or amendment. The question shall not be put until the measure, motion or amendment has been read. The question shall be carried by a majority vote of the members present and should the question fail as to a motion or amendment the underlying measure shall stand before the body as if the motion or amendment had never been offered.

(F) Table an Amendment. A motion to lay an amendment on the table shall not carry the main question with it unless so specified in the motion to table.

MEMBERS RIGHT TO DEBATE

RULE 21. The methods by which a member may exercise his or her right to debate are as follows:

(A) Recognition of Speaker. When any member is about to speak in debate or deliver any matter to the house the member shall rise and respectfully address the speaker, pause until recognized, shall confine all remarks to the question under debate, and avoid personalities; and no member shall impugn the motive of any member's vote or argument.

(B) Order of Speaking. When two or more member arise at once, the speaker shall name the one who is to speak.

(C) Right of Member to Speak. No member shall speak longer than ten minutes without consent of the house: PROVIDED, That when only five (5) days remain before a session must end by law no member shall speak more than three minutes without the consent of the house. No member shall speak more than twice on the same question without leave of the house. No member shall speak more than twice on the same question without the consent of the house. No member shall speak more than twice on the same question without leave of the house: PROVIDED, That the chairman/chairwoman of the committee or the mover of the question may close debate so long as the act is consistent with Rule 23 (B) (Previous Question).

RULES OF DEBATE

RULE 22. The rules for debate in the house are as follows:

(A) Question of Privilege. Any member may rise to a question of privilege and explain a personal matter, by leave of the speaker, but the member shall not discuss any pending question in such explanations.

(B) Withdrawal of Motion, Bill, Etc. After a motion is stated by the speaker, or a bill, memorial, resolution, petition or remonstrance is read by the clerk, it shall be deemed to be in possession of the house, but may be withdrawn by consent of the house at any time before decision or amendment.

(C) Reading of a Paper. When the reading of any paper is called for, and is objected to by any member, it shall be determined by a vote of the house.

(D) Order of Questions. All questions, whether in committee or in the house, shall be propounded in the order in which they are named, except that in filling blanks the largest sum and the longest time shall be put first.

(E) Division of Points of Debate. Any member may call for a division of a question, other than to the general appropriation bill except as provided in Rule 15, which shall be divided if it embraces subjects so distinct that one being taken away a substantive proposition shall remain for the decision of the house; but a motion to strike out and to insert shall not be divided. The rejection of a motion to strike out and to insert one proposition shall not prevent a motion to strike out and to insert a different proposition: PROVIDED, That if blanks are being filled the largest sum and longest time must be put first.

(F) Decorum of Members. While the speaker is putting the question, no member shall walk across or out of the house; nor when a member is speaking shall any member entertain private discourse or pass between the speaking member and the rostrum.

(G) Exception to Words Spoken in Debate. If any member be called to order for words spoken in debate the person calling the member to order shall repeat the words excepted to and they shall be taken down in writing at the clerk's table. No member shall be
held in answer or be subject to the censure of the house for words spoken in debate if any other member has spoken before exception to them shall have been taken.

(H) Transgression of Rules—Appeal. If any member, in speaking or otherwise, transgresses the rules of the house the speaker shall, or any member may, call the member to order, in which case the member so called to order shall immediately sit down unless permitted to explain; and the house shall, if appealed to decide the case without debate; if there be no appeal, the decision of the chair shall be submitted to.

If the decision be in favor of the member called to order, the member shall be at liberty to proceed; if otherwise, and the case shall require it, the member shall be liable to the censure of the house.

ENDING OF DEBATE

RULE 23. The rules for ending debate are as follows:

(A) Putting of Question. Question shall be put in this form, to-wit: "As many as are in favor of (as the question shall be) say 'Aye';" and after the affirmative vote is expressed, "as many as are opposed say 'No'."

(B) Previous Question. The previous question upon all recognized motions or amendments which are debatable may be ordered by two-thirds (2/3) of the members present, and shall have the effect of cutting off all debate and bringing the house to a direct vote on the motion or amendment on which it has been ordered: PROVIDED, HOWEVER, That one of the sponsors of a bill, memorial, or resolution, or the chairman/chairwoman of the committee, when the measure is on final passage or when the motion to postpone indefinitely is pending, may have the privilege of closing debate after the previous question has been ordered.

(C) Putting the Motion Ending Debate. The previous question is not debatable and cannot be amended. The previous question shall be put in this form: "Representative ...... demands the previous question. As many as are in favor of ordering the previous question will say 'Aye'; as many as are opposed will say 'No'."

The results of the motion are as follows: If determined in the negative, the consideration goes on as if the motion had never been made; if decided in the affirmative, the presiding officer, without debate, proceeds to put the question.

If an adjournment is had after the previous question is ordered, the motion or proposition on which the previous question was ordered shall be put to the house immediately following the approval of the journal on the next working day, thus making the main question privileged over all other business, whether new or unfinished.

(D) Motion to Adjourn. A motion to adjourn shall always be in order, except when the house is voting or is working under the call of the house; but this rule shall not authorize any member to move an adjournment when another member has the floor.

VOTING

RULE 24. Every member who was in the house when the question was put shall vote unless, for special reasons, excused by the house.

All motions to excuse a member shall be made before the house divides or before the call for yeas and nays is commenced; and any member requesting to be excused from voting may make a brief and verbal statement of the reasons for making such request, and the question shall then be taken without further debate.

(A) Voting within Bar Only. Upon a division and count of the house on the question, only members at their desk within the bar of the house shall be counted.

(B) Change of Vote—Private Interest. When the electric roll call machine is used, no member shall be allowed to vote or change a vote after the speaker has locked the roll call machine. When the oral roll call is used, no member shall be allowed to change a vote after the result has been announced. No member shall vote on any question in the event of which that member is immediately or particularly interested.* or in any case when that member is not within the bar of the house before the last name was called, unless by unanimous consent; and when any member shall ask leave to vote, the speaker shall propound the question, "Were you within the bar of the house when the last name was called?"

**A member who has a private interest in any bill or measure proposed or pending before the legislature shall disclose the fact to the house of which he is a member, and shall not vote thereon." (See also Constitution, Art. 2, Sec. 30.)
METHOD OF VOTING

RULE 25. A method of voting shall be as follows:

(A) Clerk's Desk During Voting. No member or other person shall visit or remain by the clerk's desk while the yeas and nays are being called.

(B) Yeas and Nays. Upon the final passage of any measure, the vote shall be taken by yeas and nays and shall be recorded by the electric voting system: PROVIDED, HOWEVER, That an oral roll call shall be ordered when the house is sitting as the house and the same shall be demanded by one-sixth (1/6) of the members present. (Art. II, Sec. 21.)

The speaker may vote last when the yeas and nays are called.

When the vote is by electric voting machine or by oral roll call on any question it shall be entered upon the journal of the house, except when the house is in the committee of the whole.

(C) Tie Vote, Question Loses. In case of an equal division, the question shall be lost.

If the speaker is in doubt, or if division is called for and is supported by at least seventeen members, the house shall divide and a recorded vote shall be taken.

(D) Reconsideration. Notice of a motion for reconsideration of any vote may be made only on the day the vote to be reconsidered was made. The motion must be made by a member who voted on the prevailing side and may be acted upon upon a succeeding day: PROVIDED, That the reconsideration of the vote by which a bill passed or failed must be taken on the next working day after such vote was taken: PROVIDED FURTHER, That when only five days remain before a session must end by law then reconsideration of votes on the final passage of measures must be taken on the same day as the original date. A motion to reconsider can be decided only once when decided in the negative.

(E) Veto Bills—No Reconsideration. The veto message of the governor accompanying any bill passed by the legislature, together with the bill vetoed, shall be read in the house. It shall then be in order to proceed to the reconsideration of the bill, refer it, lay it on the table, or postpone its consideration to a day certain.

The merits of the bill may be debated before the vote is taken, but the vote on a vetoed bill cannot be reconsidered.

In case of a bill containing several sections or items, one or more of which has been objected to by the governor, each section or item so objected to shall be voted upon separately by the house.

Action by the house upon all vetoed bills shall be endorsed upon the bill and certified by the speaker.

Vetoed bills originating in the house which have not been passed notwithstanding the veto of the governor shall remain in the custody of the officers of the house until the close of the session, after which they shall be filed with the secretary of state.

CALL OF THE HOUSE

RULE 26. A majority of the members may demand a call of the house at any time before the house has divided or the voting has commenced by yeas and nays.

(A) Doors to be Closed. A call of the house being ordered, the sergeant at arms shall close and lock the doors, and no member shall be allowed to leave the chamber: PROVIDED, That the rules committee shall be allowed to meet, upon request of the speaker, while the house stands at ease: AND PROVIDED FURTHER, That the speaker may permit members to use such portions of the fourth floor as may be properly secured.

(B) Sergeant at Arms to Bring in the Absentees. The clerk shall call a roll of the members immediately and note the absentees, whose names shall be read and entered upon the journal in such manner as to show who are absent with leave and who are absent without leave.

The clerk shall furnish the sergeant at arms with a list of those who are absent without leave, and the sergeant at arms shall proceed to bring in such absentees; but arrests of members for absence shall not be made unless ordered by a majority of the members present.

(C) House Under Call: Raising Call. While the house is under a call, no business shall be transacted except to receive and act on the report of the sergeant at arms; and no other motion shall be in order except a motion to proceed with business under the call of the house, a motion to suspend further proceedings under the call of the house, or a motion to

excuse absentees, any of which motions shall be determined by viva voce vote unless a roll call is demanded by one-sixth of the members present. The motion to suspend further proceedings under the call or to excuse absent members shall not be adopted unless a majority of the members present vote in favor thereof.

(D) Call of House Raised when Absentees Return. When the sergeant at arms shall make a report showing that all who were absent without leave are present the call of the house may be dispensed with; or the house may proceed under the call, on a majority vote of the members elected, with its regular business.

APPEAL FROM DECISION OF CHAIR

RULE 27. The decision of the chair may be appealed from by any member, on which appeal no member shall speak more than once unless by leave of the house. In all cases of appeal the question shall be: "Shall the decision of the chair stand as the judgment of the house?"

COMMITTEES AND MEMBERSHIP

DUTIES OF COMMITTEES

RULE 29. House committee shall operate as follows:

(A) Notice of Committee Meeting. The chief clerk shall make public the time, place and subjects to be discussed at committee meetings. All public hearings held by committees shall be scheduled at least five (5) days in advance and shall be given adequate publicity: PROVIDED, That this rule shall not apply when only fifteen (15) days remain before a session must end by law.

(B) Committee Quorum. A majority of any committee shall constitute a quorum for the transaction of business.

(C) Session Meetings. No committee shall sit while the house is in session without special leave of the speaker.

(D) Duties of Standing Committees.

(1) Standing committees shall act upon all referred bills, memorials and resolutions. Only such bills as are included on the written notice of a committee meeting may be considered at that meeting except upon the vote of a majority of the entire membership of the committee to consider another bill.

(2) A majority recommendation of a committee must be signed by a majority of the entire membership of the committee in a regularly called meeting before a bill, memorial or resolution may be reported out: PROVIDED, That three-fifths (3/5) of the members elected to the house may require a committee to report a bill back to the house during the order of business at which it may be considered. Majority recommendations of a committee
can only be "do pass", "do pass as amended", or that "the attached substitute be substituted therefor and that the substitute bill do pass."

(3) Minority reports, "do not pass" or "without recommendation", may be submitted with the majority report. Members of the committee not concurring in the majority report may prepare a written minority report containing a different recommendation, which shall be signed by those members of the committee subscribing thereto.

(4) All committee reports shall be spread upon the journal. The journal of the house shall contain an exact copy of all committee reports, together with the names of the members signing such reports.

(5) Every vote to report a measure out of committee shall be taken by the yeas and nays, and the names of the members voting for and against as well as the names of members absent shall be recorded on the committee report and spread upon the journal. The chairman may call for a recorded vote, including the names of absent members, on any substantive question before the committee. A copy of all recorded committee votes shall be kept by the chief clerk and shall be available for public inspection.

(6) All bills including a direct appropriation of or having a fiscal impact of fifty thousand dollars ($50,000) or more shall be referred to the ways and means committee before their final passage. The chairman of the ways and means committee shall be a defacto voting member on all appropriation and revenue committees.

(7) No standing committee shall vote on any issue by secret written ballot.

(8) During its consideration of or vote on any bill, resolution or memorial, the deliberations of any standing committee of the house of representatives shall be open to the public.

FREE CONFERENCE COMMITTEE REPORT

RULE 30. No floor vote may be taken on any free conference report within twenty-four hours of its placement on each member's desk, unless the free conference committee made no changes in the bill as it was last acted upon by the house.

STANDING RULES AMENDMENT

RULE 31. Any standing rule or order of the house may be rescinded or changed by a majority vote of the members elected: PROVIDED, That the proposed change or changes be submitted in writing to the members together with notice of the consideration thereof at least one day in advance.

Any standing rule of order or business may be suspended temporarily by a two-thirds vote of the members present: PROVIDED, That when only five days remain before a session must end by law, bill reading may be advanced by majority vote. (Rule 13)

SMOKING

RULE 32. Smoking of cigarettes, pipes, or cigars shall not be permitted at any public meeting of any committee of the house of representatives. No smoking signs shall be posted in all committee rooms of the house of representatives.

PARLIAMENTARY RULES

RULE 33. The rules of parliamentary practice comprised in Reed's Parliamentary Rules shall govern all cases in which they are not inconsistent with the standing rules and orders of the house.

RULES TO APPLY FOR ASSEMBLY

RULE 34. The permanent house rules adopted at the beginning of the assembly are to govern all acts of the house during the course of the assembly unless amended or repealed.

Mr. Nelson (G) moved adoption of the resolution.

POINT OF PARLIAMENTARY INQUIRY

Mr. Hastings: "Under what rules are we considering this motion?"

Mr. Chiechi: "With the fall of the gavel which opened this 47th Session, the rules which governed the previous assembly ended, and we are currently operating without rules of procedure. For that reason, the Chair would entertain a motion for the method of considering the main motion by Representative Nelson."
MOTION

Mr. Hastings moved that the debate be limited to three members in support, including the maker of the motion; that three members be allowed to speak in opposition; that the time period for the debate be limited to five minutes for each speaker, including questions between the members, providing that the maker of the motion should be allowed one minute to close debate.

POINT OF ORDER

Mr. O'Brien: "If we are not operating under any rules, it appears to me the first order of business is for the adoption of temporary rules. In that case, this motion setting forth procedural steps is entirely out of order. The function you have at the present time is to adopt some rules to govern this opening session of the Legislature and not to go into details about a number of speakers, limitations or things of that nature. You have to adopt a broad outline of rules and procedures, and until that comes I believe this motion is entirely out of order."

CHIEF CLERK'S RULING

Mr. Chiechi: "Representative O'Brien, it appears to me that we have operated under Reed's Rules on many occasions in this body. This is one of Reed's Rules and I believe that we are now ready for the debate. Your point is not well taken.

"Since the motion for a method of consideration is incidental to the main question, general rules of parliamentary practice hold that it should be decided without debate."

POINT OF INFORMATION

Ms. Sommers: "Would you please clarify the motion? As I understood it, the proposed motion would apply to debate on the adoption of the rules, but not the amendments to the rules?"

Mr. Chiechi: "That is correct."

Mr. Heck demanded an oral roll call vote, and the demand was sustained.

POINT OF ORDER

Mr. King: "Mr. Speaker, my point of order is that I do not believe that any general rules of parliamentary procedure allow for the adoption of a rule that would limit debate—actually abolish all debate and consideration—without debate on that rule."

Mr. Chiechi: "Representative Nelson?"

Mr. Nelson (G): "I believe that my colleague from the 38th District will find the rule is very clear—Reed's Rule 194. This is not unprecedented. The method of consideration is often times used in order to get this body organized in an orderly fashion so that we don't waste a lot of time during the beginning of this session. I think it is important to get things started off and I believe we can also adjust the rules. I'll be speaking to that as a formality of what we agreed upon between both teams represented on this floor. I believe we should proceed with the orderly conduct of adopting them now and going on with the matters we are concerned with today."

Mr. Chiechi: "As Representative Nelson has stated, Rule 194 is a 'Motion as to Methods of Consideration.' If you will read that rule you will see how we are ruling."

ROLL CALL

The Clerk called the roll on the motion by Representative Hastings to limit debate on House Resolution No. 81-1, and the motion was carried by the following vote: Yeas, 56; nays, 42; not voting, 0.

POINT OF PARLIAMENTARY INQUIRY

Mr. Hastings: "The intent of the motion, as I understand it, is to limit the debate on the motion and it is my understanding that would include all subsequent debate on the question. Is that right?"

Mr. Chiechi: "As the motion said, we are going to allow five minutes for three members each in support of and in opposition to."

Mr. O'Brien demanded a Call of the House.

CHIEF CLERK'S RULING

Mr. Chiechi: "Because we have no rules that we are operating under, we will not have a Call of the House."

Mr. Nelson (G) spoke in favor of the rules.

POINT OF ORDER

Mr. King (R): Mr. Speaker, I believe there is an amendment on the desk to the rules which should be considered prior to a speech on the adoption of the major motion.

CHIEF CLERK'S RULING

Mr. Chiechi: "There is nothing before the body except the main question right now. Representative Nelson is now going to take his five-minute speech on the rules. The one thing that I think you will want to recognize is that you will be allowed to make your amendments, but your amendments will be limited to the number of minutes that are going to be allowed for each speaker as the motion was passed previously."

POINT OF ORDER

Ms. Sommers: "That was precisely the question I put to you earlier. Clarifying the motion as it was made, that the motion by Representative Hastings, which so seriously limits the debate does cover only the motion, yes or no, to adopt or not to adopt the rules. You clarified to us, which I appreciated very much, that it did not cover amendments to the rules. I refer you to your remarks made just a few minutes ago."

Mr. Chiechi called on Mr. Nelson (G) to reply.

Mr. Nelson (G): "I believe Representative Hastings then put the parliamentary inquiry again to the Chief Clerk to clarify, so it was a common understanding that we want to try to get these rules adopted, if for no other reason in a temporary fashion, today. I believe the Chief Clerk's ruling on that was that we wanted to limit the number of times that each individual gets up. We have three proponents and three opponents to these rules and limited to five minutes each. That has now been declared."

POINT OF INFORMATION

Mr. Heck: "Mr. Chief Clerk, would you be so kind as to read back from the House Journal for the members of the House of Representatives, the exact wording of Representative Sommers' question, and your response to it?"

Mr. Chiechi: "I think, Representative Heck, we will ask that it be printed. We don't have the facilities to do that immediately. We will continue with the debate."

POINT OF ORDER

Ms. Sommers: "Is it your intention, in conflict with your previous ruling, to limit debate on all amendments? To not allow individual amendments and to not allow the makers of those amendments to speak to them? We clearly are concerned about many areas of the rules, many sections of the rules, and your motion, which you've stated will apply to the main question of 'yes or no' on the total rules, will then totally eliminate the debate of the many areas in those rules which we feel limits public input and public information. Are you intending then to suppress, to eliminate, the possibility to discuss those areas?"

The Co-Chief Clerk called on Mr. Nelson (G) to reply.

Mr. Nelson (G): "If I could finish my remarks, Representative Sommers, I would be happy to expand on the opportunity for all amendments by the members of this body. I think it's important, Representative Sommers, that we at least allow the maker of the motion to continue and give you the remarks necessary to keep firmly in mind what we would like to see
FIRST DAY, JANUARY 12, 1981 17

this body accomplish. These rules, that you see in front of you, for the most part, remain exactly the same as those that we allowed in the 46th Legislative Session; the ones we have operated under in the past. There are only three new provisions within these rules that I think I should bring to your attention. Rule No. 11 is a new rule that has been introduced to this body to limit the number of prime-sponsored bills to ten, but at the same time, providing an unlimited number of proposals that may be introduced to this body through the Rules Committee on what will be termed the Blue Sheet. Secondly, Rule 16 in these proposed amendments, reintroduces the concept of what is called Committee of the Whole, an option that can be used within this body but not necessarily be geared for any specific time or issue. It has been an option used in the budget and other pieces of legislation that have a specific emotional impact on the members of the body, as well as those who are covering the legislative scene. Lastly, Rule 28 simply revises the standing committees of the House to a lesser number than has existed in the prior session. I do want to point out that there are a lot of rules that have not been cast in concrete—"

POINT OF PARLIAMENTARY INQUIRY

Mr. Ehlers: "It has been customary in this House that when there has been a point of order the Chief Clerk or the presiding officer responds to that point of order. Are we now under a different set of understandings which are outside the rules which in the past have governed this body since the conception of the Legislature?"

Mr. Chiechi: "At some point in time, Representative Ehlers, if it appears to the presiding officer that the points of order are to create disturbance, the presiding officer can ask that they not be made. At this point I think we are in the process of debate and I would hope that is what we can continue with."

Mr. Ehlers: "I guess the confusion is to know when that is taking place. When the presiding officer does not, in fact, respond, how does one know when we are out of order or not being appropriate? Could you explain to us when you have reached that point, because of the fact that you don't respond it's difficult for us to understand whether or not you have forgotten, or your eyesight is bad. We don't know."

Mr. Nelson (G) continued his remarks in favor of the resolution.

POINT OF PARLIAMENTARY INQUIRY

Mr. Warnke: "I am still confused by your response to the question raised by Representative Sommers and I refer to the motion made by Representative Hastings. As I read it closely, the limitation shall include the main motion and questions that arise from the floor, but it does not mention the amendments that are laid on the desk for distribution. I would like to know how you would have construed this motion made by Representative Hastings to include amendments?"

Mr. Chiechi: "As the motion states, the debate will be limited to three members each in support of and opposition to the motion, including the maker of the motion. If you have amendments and wish to place them on the desk, those amendments will be taken into consideration in your limit of fifteen minutes."

POINT OF INFORMATION

Mr. Salatino: "I'm still confused if we are talking about the separation between the amendment and the overall motion and whether we're going to accept or reject these rules. If I read the point that's been raised, the motion by Representatives Hastings does not clarify the point of whether or not we're going to get into a long-range debate on individual amendments. So far a number of people have asked for inquiries, or points of information, to have you clarify this. I think it's somewhat confusing. Possibly we could take a short break and have either Representative Hastings redraft his particular motion so it would clarify that, because certainly it does not, within the motion that is before us right now, speak to the body of the debate. It simply speaks to the opening and closing of the debate and limits individual members. It just stifles, basically, our attempt to respond and allow ourselves to be part of this process. I wish you would point that out because I think there are many members on your side, probably, who are somewhat confused by Representative Hastings' motion because it simply does not clarify that we—and the new members—should be involved, too—be able to debate and be able to analyze various rules and individual amendments that will be proposed by the Democratic party. I think that one point that Representative Sommers has tried to mention, and Representative Heck and Representative Ehlers, should be clarified before we continue to go on. I
agree with Representative Nelson, and want to establish some rules so we can operate, but I also want to make sure I have an opportunity to discuss the amendments I propose to the rules and if they are not cut off or stifled or limited, because, really, this is probably the most important part, the most important day of this session, and how we're going to operate. As a member of the minority party, am I going to have the opportunity to talk and discuss various issues that deal with the critical issues of this state? I think that's a point that definitely should be clarified. I don't think, Mr. Chief Clerk, you've done an adequate job so far. Many of our members are confused and I know I am, and I'm sure your members are also—"

POINT OF ORDER

Mr. Nelson (G): "There has been understanding in this body, I think, that we would not charge any member personally or in fact defame the activity of any person on the rostrum or who is on the floor speaking. I would take exception to Representative Salatino's remarks. At the same time, I would like to clarify things that they have recalled with respect to how we're going to handle amendments and I've been unable to get to that point because I've been continually interrupted by points of order. I would ask the Chair to permit me to continue so that we can clarify what we are all trying to accomplish."

Mr. Chiechi: "I'm sure my good friend, Mr. Salatino, didn't mean those remarks. Would you continue, Representative Nelson."

Mr. Nelson (G) continued his remarks in favor of the resolution.

POINT OF PARLIAMENTARY INQUIRY

Mr. Heck: "At what point in this process are you going to allow us to debate the amendments which we submitted almost an hour ago?"

Mr. Chiechi: "Representative Heck, as I have stated before, you will be allowed to debate your amendments under the motion by Representative Hastings. You will be allowed fifteen minutes for both the proponents and opponents of this resolution. Under that rule, we will allow you to make your amendments."

POINT OF ORDER

Mr. O'Brien: "Why are you allowing your majority leader to discuss the merits of this resolution before the amendments are acted upon? That's completely arbitrary. I know that you're a fair man and I'd just like to cite Reed's Rule No. 33. It states, 'The presiding officer, especially if any complicated business is to be transacted, should be a man of good presence, good voice, of much firmness, and good temper. He should have knowledge of parliamentary law, and sufficient good sense to enable him to know when to press a rule and when to let common consent have its way...'. All I'm doing, in citing this rule, Mr. Chief Clerk, is to allow us to act on our amendments and then if the majority leader wants to expound the merits and the demerits (mostly the demerits) of this proposition—you have 56 members, we have 42—and now you want to do something for us. Everytime your party comes into power you come in with this gag rule, obnoxious changes to our rules that we've been functioning on for many years, and I think it's high time you took a real deep look at your sense of responsibility—"

POINT OF ORDER

Mr. Nelson (G): "Mr. Chief Clerk, I think those comments are really uncalled for. We're giving every opportunity for anybody to have input and I don't feel that the process should be degraded by casting disparaging remarks that we're trying to gag anybody. That's not the case."

Mr. Chiechi: "I'm sure my good friend, Representative O'Brien, didn't mean those remarks."

POINT OF ORDER

Ms. Sommers: "I want to confirm the statements of Representative O'Brien. I know that you are a fair and charitable man and I would ask two questions. The first one is: I have been timing Representative Nelson's speeches and know that he has exceeded his five minutes and I believe he is coming close to exceeding your fifteen minutes. I would ask you to rule on that. In addition, I have a great concern, and I would like to know if the several amendments will be passed out so that the press may read them prior to the fifteen-minute limit."
Mr. Chiechi: "Representative Sommers, I think that probably you have exceeded your fifteen minutes also in delaying the proceedings. We are having copies made of the amendments, so we will be at ease for a few minutes."

The Co-Chief Clerk declared the House to be at ease.

Mr. Chiechi: "The Chair would like to establish now our fifteen-minute rule for the pros and fifteen minutes for the cons. You may make your amendment, you may address yourself to the amendment, but the clock starts when you start talking. If you are in a point of order situation or attempting to disrupt the body, we will count that in your fifteen minutes. Our clerk will be taking the time and will let me know when your five minutes have concluded."

**POINT OF INQUIRY**

Mr. King (R): "I'm still in doubt in my own mind. Does that mean that we have— that this rule by Representative Hastings will apply to each amendment as it is brought up so that the limitations apply to the debate relative to those amendments?"

Mr. Chiechi: "I'll state it again, Representative King. It is the total of fifteen minutes for the pros and fifteen minutes for the cons which includes the amendments."

Mr. King (R): "In the event that we are only able to discuss a few of the amendments, how will the remainder of the amendments be considered? Without debate?"

Mr. Chiechi: "Representative King, when your debate time has concluded we will take a vote on final passage."

**POINT OF PARLIAMENTARY INQUIRY**

Mr. Grimm: "Does that mean that individuals who have sponsored substantive amendments to the proposed rules will not even have the opportunity to have them introduced before the members of the House, and before members of the public?"

Mr. Chiechi: "I believe, Representative Grimm, that Representative Nelson stated earlier that the process of amendment of these rules will be allowed in subsequent sessions. There is no attempt to stop amendments to the rules. The only thing we're trying to do here is to get organized in order to run with a set of rules."

Mr. Grimm: "Is it your attempt, under my reading of some of these rules—for instance, one of the proposed rules would make it so that if anyone were to make a motion on a question of consideration under the temporary rules, that if they were to be adopted, it's possible—for simply, even without consideration of amendment—it would simply be tabled. Would those rules be in effect temporarily so you would, in essence be precluding the opportunity for full debate of the amendments you're talking about? Or would you be waiving or somehow excluding those amendments, or even, as I read it, a tabling motion? It could be tabled once it's been introduced? Those are certainly questions of fairness and whether or not we're going to be merely perfunctory today or actually adopting rules that are going to preclude the opportunity for full hearing on how people in this state are going to view the operations of this Legislature and whether or not there's full disclosure of debate."

Mr. Chiechi: "Representative Grimm, I think that certainly is in the rules, but Speaker-elect Polk is an honest and fair man, as Representative O'Brien so aptly quoted, and I believe that he will allow for all the debate that's necessary."

Mr. Grimm: If, as you say, he is willing to be fully fair and not take advantage of the temporary rules that are being proposed, what would be his objection, or yours as the presiding officer, to have those stricken voluntarily, so that the minority would have a guarantee of making sure we do have that opportunity which you have so ardently and cogently advocated?"

Mr. Chiechi: "As I have stated, Representative Grimm, I think Speaker-designate William Polk will be fair and judicious in his rulings."

Mr. Nelson (G) concluded his remarks in favor of House Resolution No. 81-1.

**POINT OF INFORMATION**

Mr. King (R): "Do I have an opportunity to introduce any amendments?"

Mr. Chiechi: "Certainly, they will come under your fifteen minutes."

Mr. King (R) moved adoption of the following amendment:
On page 1, line 2 after "follows:" insert the following and renumber the remaining rules consecutively:

"Rule 1. The following rules are hereby adopted as temporary rules of the House of Representatives of the 47th Legislature: PROVIDED, That the rules of the House of Representatives of the 46th Legislature shall apply for the purposes of debate, amendment and other matters relating to the adoption of permanent rules of the 47th Legislature. These temporary rules shall expire at 10:00 A.M. on Friday, January 16, 1981 and the Rules of the House of Representatives of the 46th Legislature shall at that time become the temporary rules of the 47th Legislature. ELECTION OF SPEAKER

The Co-Chief Clerk declared nominations for Speaker of the House were in order.

Mr. Nelson (G): "The election of the Speaker of the House of Representatives is not just a mere formality, it is perhaps one of the most important decisions this House can make during this 47th Legislative term. The individual who is elected to be our Speaker is not only the presiding officer of this body and its Chief Executive, but he is also a key to our success in addressing the important issues that face the people of this state.

Recognizing the significance of the office and the need to place this office in the hands of someone with exceptional qualifications, I am pleased and honored today to nominate William M. Polk of Mercer Island as our Speaker of the House of Representatives. Most of us here know Bill Polk, but I believe it's worthwhile to take a moment to list some of his qualifications. He's an experienced legislator. He's beginning his eleventh year as a member of this body. He has served on many committees, both standing and select—he was a member of the Appropriations Committee, and a member of the Legislative Budget Committee. His leadership has been proven in a wide range of endeavors both inside and outside the legislative process. He has served our country as an officer in the U.S. Army as well as the Washington National Guard and has been deeply involved in civic, business and professional affairs. He has served in political leadership roles at the local, state and national levels. He has served as the Chairman of the Republican Caucus the past four years. He has the unified support of his colleagues.

"I've known Bill Polk personally now for eight years, not only as a legislative colleague, but as a friend. His personal qualities are impressive as are his professional leadership qualifications. He's articulate and I find him to be patient and decisive. He's also fair and, above all, he is a man of integrity. I feel today that it's fitting that someone who, by professional training as an architect, be nominated to be our Speaker of the House. An architect utilizes his skills to turn a vision into reality. I have every confidence that Representative Bill Polk can and will work toward the realization of the vision that we, as Washington citizens, have for the future of our state."

Ms. Fancher: "It is a privilege for me to rise to second the nomination of Representative William Polk of Mercer Island for the position of Speaker of the House. I fully endorse the comments made by the Representative from the 21st District, particularly as to the outstanding leadership qualifications of Representative Polk for this very important office. I'm certain
that every member here is keenly aware of the challenges that we face this session. The efficient and effective operation of the House is essential over the next three months if we are to address the major issues facing our state with the constitutionally allotted time. It is critical, therefore, that we have someone at the helm to provide that leadership and who has the knowledge and wisdom to guide us toward the successful completion of our work. There is no doubt in my mind that the leader we need for the 47th Legislature is Representative William Polk."

Co-Chief Clerk Dean Foster assumed the Chair.

Mr. Heck: "It is indeed a pleasure for me to place in nomination for the office of Speaker of the House of Representatives the name of Richard King from the 38th Legislative District. Representative King's distinguished legislative career spans a period of sixteen years. He, incidentally, entered the Legislature with an overwhelming mandate of a 126-vote margin out of 62,000 cast. His margin of victory has, however, increased dramatically in every subsequent election.

"If there are two things that distinguish Representative King's career in the Legislature, they are his regard for those who are traditionally underrepresented, who have a disproportionately smaller share of economic power through which they speak in the Legislature and his constant vigilance of the principles of open government. His regard for those traditionally underrepresented is indicated by his long history of involvement with issues relating to working men and women in this state; his chairmanship of the Labor Committee; his current chairmanship on a select committee on industrial insurance. His leadership in the areas relating to open government is well-established. He was a mover and a shaker in the effort to adopt the public disclosure law in this state. He has been the chief spokesman for a stronger ethics bill with which elected officials should govern themselves. His career has been recognized by Representative King's colleagues and consequently he has served in a variety of roles in leadership, both as Chairman of the Committee on Labor, on Constitutions and Elections, and various select committees, but most recently, over the past four years, as the floor leader for the Democratic Party here in the House of Representatives.

"Representative King has also been recognized nationally by being selected as President of the National Democratic Legislature's Organization, an organization which has over 5,000 members.

"Dick King is truly a leader for the eighties. His record establishes that. It's a forward-looking approach to government of openness in regard to those underrepresented. Representative King would serve you well, would serve us well, would serve our constituency well, as Speaker of the House of Representatives. I urge you to cast your vote for Representative King."

Mr. Grimm: "I rise to second the nomination of Representative King as Speaker of the Washington State House of Representatives. Probably the most highly valued quality in Representative King that I have observed over the last several years now, both on the staff of the Legislature and as a member, he does have very high ideals. Ideals which he is willing to pursue aggressively but even more highly it has become apparent under his leadership that his own ideals are ideals that everyone has a right to participate, that the means are more important than the ends; that the democratic process is more important to the people in the state than any other factor that we have before us in the Legislature.

"We tend to think of minority rights as being one of Democrat or Republican and that's just not the case. Each time each one of us has an idea that's unpopular that's a minority idea. Representative King has constantly demonstrated a willingness to make sure that those ideas, however popular or unpopular, and those individuals, however popular or unpopular, have an opportunity to be heard in the marketplace of ideas. Under his leadership stumbling blocks have consistently become stepping stones to a better state. He leads not by autocratic rule but by one of helping people see the right direction in which they and we, as a state, should be going.

"And what are those directions? Last night many of you heard Father Axer from Seattle University say: (I'm not going to read it; I'm going to paraphrase) 'Care of our senior citizens in rest homes'—so it's his and I hope it's ours, and it certainly is Representative King's very high goal. Justice and compassion, making laws which effect the feeding of hungry, the housing of homeless and the care of the needy. And most important, to stand for what is right and not for what is politically expedient.
I urge you to support Representative King, because as Representative Nelson mentioned, this is probably the most important vote you are going to take in the next two years. I hope you will join me in supporting not only an excellent legislator, but also a very fine man.*

Co-Chief Clerk Vito T. Chiechi resumed the Chair.

On motion of Mr. Nelson (G), nominations for Speaker of the House of Representatives were closed.

ROLL CALL

The Clerk called the roll and Mr. Polk was elected Speaker of the House by the following vote: Mr. Polk, 55; Mr. King (R), 41; not voting, 2.

Those voting for Mr. King (R) were: Representatives Becker, Bender, Brekke, Brown, Burns, Ehlers, Eng, Erak, Erickson, Gallagher, Galloway, Garrett, Granlund, Grimm, Gruger, Heck, Hine, King, J., Kreidler, Lux, Martinis, Maxie, McCormick, Monohon, Nelson, D., North, O'Brien, Owen, Polk, Pruit, Rust, Salatino, Scott, Sherman, Sommers, Stratton, Thompson, Valle, Walk, Wang, Warnke.

Not Voting: Representatives Rinehart, Taller.

The Co-Chief Clerk appointed Representatives Amen, Flanagan, O'Brien and Gallagher to escort Representative Polk to the rostrum. The oath of office was administered to Representative Polk by Chief Justice Brachtenbach.

The Co-Chief Clerk presented the gavel to the Speaker.

The Speaker: *Thank you. I appreciate the confidence you have placed in me, and, of course, the great responsibility that goes with the office. I am looking forward to serving you with great enthusiasm.

*Allow me a few personal moments. I would like to introduce to you my family whose support and understanding through the past ten years has been so important to me.

*My mother who lives in New Jersey has never been here before when our Legislature has been in session, so it pleases me on this occasion to present my mother, Mrs. W. Merrill Polk of Haddonfield, New Jersey. Mother, would you please stand to be acknowledged by the House.

*Karla's parents now reside at Panorama City in Lacey so don't have far to come. Karla's mother, Mrs. Werner Leopold, is able to be with us today.

*As I was walking in today I saw numerous small children—sons and daughters of our members. Our three children have virtually grown up around these chambers, watching, paging and waiting for caucus to end. Lucy, now a freshman at the University of Washington; Beth, a junior at Mercer Island High School; Andy a 9th grader at South Mercer Junior High and finally, my marvelous wife, Karla.

*During recent weeks my family has certainly been aware that public attention is once more focused on the Legislature as I'm sure you and your families have felt that as well.

*Our Lord observed that a city set on a hill cannot hide its light. What kind of a light will we, the 47th Legislature, provide? A beacon of assurance or a confused glow?

*Let me suggest a few characteristics which I pray will mark this 47th Session of the Washington State Legislature.

*We can be an efficient and effective institution. I don't believe you can manage creative people—whether they be architects, as I am, or legislators—but you can provide an opportunity through a disciplined framework within which creative people may concentrate on the task at hand. I want you to have that opportunity. To that end, the majority has already instituted numerous organizational changes.

*Speaking of opportunity, we have a magnificent opportunity before us now to reexamine, reaffirm or redirect every program or policy currently employed in the State of Washington. That is an opportunity few legislators have ever had, but this is an opportunity we must also have the courage to seize.

*The people of this nation and this state are crying for credible leadership of which they be confident and proud. It is our obligation to conduct our affairs in such a way as to earn the confidence and respect of our citizens. We have an opportunity, if we will take it, to provide for our state a Legislature which is a beacon of hope.
"This is a year of opportunity—an opportunity which is no less than a renaissance in public affairs. I'm excited by that—I hope you are, too.

"As your Speaker, my first obligation is to each of you. My door will always be open to you. Please accept this as my continuing invitation to each of you, to work together to fulfill the highest ideals of public service. Thank you for this opportunity."

Mr. Nelson (G): "It's a real privilege to be the first to address you, Mr. Speaker. I wish to extend to you the congratulations of this body, I am sure, and the public of the State of Washington. We look forward to working with you in your new capacity for a very productive and, hopefully, a very short session."

Mr. King (R): "Mr. Speaker, I'd like to add the congratulations of our caucus for your election and we wish you well in terms of the goals you are going to attempt to achieve. We want you to know that our efforts will not be to slow up that process, but really to make sure that we understand what is happening before we vote on the things that occur. So we pledge to you cooperation for a speedy session to deal with the many problems facing the state."

COMMITTEE FROM THE SENATE

Senators Charnley, Craswell and Hughes appeared at the bar of the House and reported that the Senate was organized and ready for business.

ELECTION OF SPEAKER PRO TEMPORE

The Speaker announced that nominations for Speaker Pro Tem were in order.

Mr. Chandler: "It is a distinct honor and a great pleasure for me today to place in nomination as Speaker Pro Tem of the House of Representatives the name of Otto Amen. One of the first instructions that Otto gave me was: Don't make it sound so good that people won't know it's me you are talking about. That's the humility of a man we all know and that's to say a lot right there.

"Of course, you expect me to say the usual things. The fact that he graduated from Washington State University in Pharmacy; that he was a pharmacist for six years until he returned to the family farm where he has been working every since. He was the President of the Washington Wheat Growers and he was President of Western Wheat and Chairman of the Washington Wheat Commission. He had done all that, was looking around for something to do and in 1966 ran for the Legislature, was elected and began his service in 1967. He has served in the minority as well as the majority. At one time he was Agriculture Chairman and shared with Representative O'Brien the Chair of Speaker Pro Tem in the last session. He is married to Doris, having known her and dated her ever since their college days together in Pullman. They have two very nice sons. That's to tell you something about Otto Amen, the citizen, and that's saying a lot, but what about Otto Amen, the man.

"Ever since I've known Otto I cannot remember him ever saying anything disparaging about another person and I wish I could say that about myself. An old friend of Otto's from his district told me: 'If everyone in the world were like Otto Amen, we wouldn't need any laws.' Others that I talked to said he's just a good solid citizen; he's a good person. When I talked to Doris to see what she thought, she said, 'Well, he picks up his socks.' Although that's all she said, the twinkle in her eye gave away how she feels about her husband. What those two people have is what a marriage ought to be.

"If you'll bear with me just a moment I want to recall something for you. St. Francis of Assisi was praying and this prayer was recorded. You'll recall he said: 'Make me a channel of peace. Where there is hatred that I may bring love; where there is wrong, I may bring forgiveness; where there is discord, harmony; where there is error, bring truth; where there's doubt, faith; where there is despair, hope.' He asked for guidance that he could bring comfort rather than be comforted himself, that he could understand even though he might not be understood, that he could love rather than be loved. Great ideals are like stars. We use them as humans to guide our course even though we never truly reach them. Otto Amen would be the first person here to admit he falls short of those ideals expressed so very well by St. Francis. Of all the people in the House of Representatives that I know, Otto Amen comes closest to those ideals, that's why it's such a great honor for me to place his name in nomination today."

Mr. Schmitten: "It's truly an honor and a privilege to second the nomination of Representative Otto Amen for the position as Speaker Pro Tem for the House of Representatives.

"After those fine words by Representative Chandler, he leaves very little else to be said. I would only emphasize that, above all else, Representative Amen has a reputation of having an absolute integrity about him and for being very impartial in deliberations before this body. I
think those are very fine important qualities in the absence of the Speaker when he ascends to the Speaker's podium.

"Otto, I'm proud to make this secondary nomination and place your name as the Speaker Pro Tem of the 47th Legislative Session."

Mr. Martinis: "I'd like to nominate Representative John O'Brien as Speaker Pro Tem of the House. John is the most senior member of this great body and has served in just about every capacity except page, I understand. I'm not going to say too much about John. He's probably the most famous individual as far as parliamentary procedure, integrity, service to his community and to his legislative district and to the state. John knows more about the rules and the use of the rules, the operation of this House, handling this body, as unruly as it can get at times, and has served for our speakers in their absence. Therefore, I think John is the most qualified to be Speaker Pro Tem in this House."

Ms. North: "I am privileged to add my second to the nomination of John O'Brien for Speaker Pro Tem of the House of Representatives. He is imminently qualified. I was just checking with him because I had to check back—although I've been here going on my fifth term, John is beginning his twentieth term. He has served as Speaker of the House for eight terms and Speaker Pro Tem for eight terms. He certainly has a knowledge of rules. I was first impressed with John as a freshman. He offered to share his expertise in classes, rule classes, for any who would come and I think this is so commendable and I was well-impressed. I do think that we need John O'Brien as Speaker Pro Tem."

On motion of Mr. Nelson (G), nominations for Speaker Pro Tern were closed.

ROLL CALL

The Clerk called the roll on the election of Speaker Pro Tempore and Otto Amen was elected by the following vote: Mr. Amen, 55; Mr. O'Brien, 42; not voting, 1.

Not voting: Representative Taller.

The Speaker appointed Representatives Fancher, McCormick, Prince and Martinis to escort Representative Amen to the rostrum.

Chief Justice Brachtenbach administered the oath of office to Speaker Pro Tern Amen.

Mr. Amen: "I want to thank you for the honor and the privilege of having elected me as Speaker Pro Tem and for being able to serve in this manner. I'm certainly looking forward to the challenge.

"I would like the privilege of introducing my best supporter, my partner, and best of all, my wife for a wonderful 41 years, Doris. Representative Chandler mentioned that we have two sons that we are both very proud of. They couldn't be here. One of them is in California, president of an electronics firm, and the other one is back in Washington, D.C., working for the Department of Agriculture. They were home for Christmas so they couldn't be here today.

"Representative Polk made some very wonderful remarks here and I would just like to add, that what I am saying to you, is that I will do the best I can to fulfill this office and be as fair as possible. We've been told that we have tremendous problems facing us and I believe they are not insurmountable if we work together to do the best we can. My hope and prayer for this session is that we leave here at the end of the session being able to hold our heads high, to be proud of the accomplishments we have made, and above all, that the people of the state will be the winners of what we do. Again, my sincerest thanks to you."

ELECTION OF CHIEF CLERK

The Speaker announced that nominations for Chief Clerk were in order.

Mr. Tilly: "I'm very proud on this historic occasion to nominate Vito T. Chiechi of Beverly Beach, which is out on Cooper Point near Olympia, to this very important position. I believe that we should know a little about the position when we elect the person to fill those
many duties. The Chief Clerk is really the chief administrative officer of the House of Representatives. He will be responsible for the payroll, for supervising the staff, the Journal and all the record-keeping, so we need a person who has this experience to take this important task. Vito, as you know, has been Co-Chief Clerk with Dean Foster the past session, so he certainly does have the experience. He has also worked in the Legislature as the Executive Assistant to Speaker of the House in the early seventies, and has over thirty years experience in both private and public service. I won't go into the family because this would almost involve a 'This Is Your Life' type of operation with talking about Vito's children and his wife, Delores. He does have a degree in finance from Seattle University and I'm confident that Vito's background will enable him to serve this legislative body well. I encourage all of you to vote for Vito Chiechi for Chief Clerk."

On motion of Mr. Nelson (G), nominations for Chief Clerk were closed and a unanimous ballot was cast for Vito T. Chiechi as Chief Clerk of the House of Representatives.

The Speaker appointed Representatives Eberle and Warnke to escort Mr. Chiechi to the rostrum, and Chief Justice Brachtenbach administered the oath of office to him.

ELECTION OF SERGEANT AT ARMS

The Speaker announced that nominations were in order for Sergeant at Arms of the House.

Mr. Hastings: "It is my pleasure today to nominate for Sergeant at Arms of the 47th Legislature, George Temir of Edmonds. The Sergeant at Arms is a very important position because he is in charge of the facilities here in the House. With the massive changeover that we are all aware of, putting this thing together so we could get started today, was a big job. George did not come on just today; as a matter of fact, he's been on board since the middle of December. The fact is that we are ready to go, ready to start business right now.

"I've known George for a number of years; we were very active in a civic organization ten years or so ago, and I've known him for the type of individual he is—a very strong individual and we need a strong individual to run as our Sergeant at Arms and to keep this place in order. George and his wife, Anna, have four children and have been married for twenty-four years. When I informed George that I was going to nominate him he said, 'The last time you did this, didn't I lose?' I informed him that wasn't the case at all; we were just preparing for this time and we trust the outcome will be much different. It's my pleasure to nominate George Temir for Sergeant at Arms."

On motion of Mr. Nelson (G), nominations for Sergeant at Arms were closed, and a unanimous ballot was cast for George Temir for Sergeant at Arms of the House.

The Speaker appointed Sergeants at Arms Harry Lapham and Ross Young to escort Mr. Temir to the rostrum. Chief Justice Brachtenbach administered the oath of office to him.

The House advanced to the eighth order of business.

MESSAGES FROM THE GOVERNOR

January 12, 1981

To the Honorable,
The Senate and the House of Representatives
Of the State of Washington
Ladies and Gentlemen:

In compliance with the provisions of Section 11 of Article III of the Constitution of the State of Washington, I have the honor to submit herewith my report of each case of reprieve, commutation or pardon which I have granted since the adjournment of the 1980 Session of the Forty-Sixth Regular Session of the Legislature.

On the 22nd day of April, 1960 Edmond Gray was sentenced by the Superior Court for the State of Washington, in and for the County of Spokane, under Cause Number 16395, to three consecutive life terms on three counts of First Degree Murder.

James Spalding, Superintendent of the Washington State Penitentiary, having reviewed the records and reports contained in the institutional file for Edmond Gray, certified that his work and conduct have been meritorious and recommended that his sentence be commuted and he be paroled to a plan approved by the Board of Prison Terms and Paroles.

Letters of support and recommendation have been presented on behalf of Edmond Gray from a number of correctional officers and other staff persons at the Washington State Penitentiary and from relatives and friends, all recommending that Edmond Gray be considered for parole.

All the information available to me with respect to Edmond Gray has been carefully reviewed, and the recommendations of public officers who are knowledgeable of his present circumstances have been considered. I have concluded that further incarceration of Edmond Gray is not in the best interest of society or himself, that he is demonstrably rehabilitated, and that he will be able to fill a responsible role in the community and will not be a threat to other persons.

On this day, January 12, 1981, a commutation order was signed to commute the life sentence of Edmond Gray and authorize the Board of Prison Terms and Paroles to parole Edmond Gray, subject to the complete control, supervision and authority of said Board, which authority shall include any and all action deemed appropriate by said Board, including the authority to revoke the parole and return Edmond Gray to imprisonment.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Seal of the State of Washington at Olympia, this twelfth day of January, A.D., 1981.
(Washington State Seal)

BRUCE K. CHAPMAN,
Secretary of State

The Speaker presented the gavel to the President of the Senate.

The President of the Senate appointed Senators Lee, Ridder and Wojahn and Representatives Galloway, Smith and Teutsch to escort the state elected officials from the State Reception Room to seats within the House Chamber.
MESSAGE FROM THE GOVERNOR

January 13, 1981

The Honorable John A. Cherberg
President of the Senate
Olympia, Washington
The Honorable William Polk
Speaker of the House
Olympia, Washington

Dear Lt. Governor Cherberg, Mr. Speaker and Honorable Members of the House and Senate:

Pursuant to my constitutional duties and obligations, I transmit herewith my message on the condition of the affairs of state. Four separate documents constitute the bulk of this report.

The first of these is the report on my fourth year in office, attached herewith, that details the activities of the executive branch of government. There is little need to repeat here what is contained in that document, but three areas are so important to the future of this state that they warrant special emphasis.

A. Reorganization of the executive branch. As presently constituted there are eight state elected officials other than the Governor in the executive branch, and the Governor has no administrative supervision of more than 60 percent of the General Fund. For example, the sums allocated to the common schools are controlled by the independently elected Superintendent of Public Instruction. Additional areas removed from the Governor's administrative jurisdiction include all those agencies and departments that are headed by Commissions. Operation by committee, despite the dedicated service of outstanding citizens, is no more successful a management arrangement in the government than it is in the private sector.

B. Reexamination of the state's retirement systems. The state's portion of retirement costs is fast approaching 10 percent of the General Fund. Increases of around 60 percent (for state contributions amounting to $857 million) have been recommended by the State Actuary. I propose, before such increases are granted — some of which would amount to a state contribution of 78 percent of a member's monthly paycheck — that the legislature review the extent of commitment of general tax money for pensions. In particular the cost of the Law Enforcement and Firefighters' pensions must be revised lest these and the other government pension systems bankrupt the state.

C. Restrictions on bonding capacity. The 46th Legislature wisely put a limit of seven percent on the state's bonding authority. This was just one of the many actions that have served to maintain the state's favorable bond rating AA+. However, bonds have been authorized, but not yet issued, up to an amount that exceeds the limit by as much as $500 million. Excessive bonding, with its heavy load of debt service stretching years into the future, must be avoided if we are to maintain confidence in this state's financial condition and management. After a recent transaction in which the state received a very favorable 7.9 percent interest rate, Mr. Eugene Crowley, Vice President of Solomon Brothers said "...it is a demonstration of the faith the banking community has in this state and a vote of confidence in its management."

The second document is the supplemental budget to cover extraordinary costs of the current biennium ending June 30, 1981. Increases over anticipated needs have occurred, primarily in the common schools and in welfare. A plan to meet these needs within presently available funds has been presented to you.

The third document is the balanced budget for the 1981-83 biennium. My proposed budget, if adopted, will provide for essential state programs at adequate and near current levels without the necessity for imposing new or increased taxes. Since my budget was submitted on December 19, 1980, much discussion has centered on the adequacy of our revenue forecasts.

Economic prediction is at best an inexact science, and although I have confidence in the experts within government and from the private sector who advised my administration on the revenue outlook for the coming two and one-half years, I also recognize that events over which the state government has no control may unfold in such a manner as to render our forecasts obsolete.

Should that be the case, and should the legislature determine that additional revenues must be found, my recommendations include the following:

A. Distasteful as it may be, in a time of reduced revenues it is appropriate to examine once again those activities that have been exempted from certain taxes. I refer to applying the Business and Occupation taxes to all professional transactions and to the press, and
extending the sales tax to media advertising. I would urge that these areas of privilege begin to assume their fair share of the taxes now disproportionately borne by business.

B. Increase in student tuition fees is necessary. Higher education now receives approximately 15 percent of the state's general fund revenues. Nationwide, students pay about one-fourth of the annual instructional costs in publicly supported colleges and universities; in Washington our students are charged only from 8 percent at community colleges to roughly 15 percent at the four-year institutions.

C. Extension of the sales tax to gasoline has been much debated. It may be counterproductive as a means of increasing funds for transportation, but additional user fees to subsidize all modes of transportation are clearly needed.

The fourth element in this report is a package of some 20 executive request pieces of legislation that will support economic development, strengthen human services, improve executive management, and increase assistance to local governments.

In summary, the state's economic condition is sound, its economy is diverse and growing. But until the present recession fades and interest rates come down, there will not be enough revenue for the state to fund all the programs and services that various groups of citizens want and some demand. Now is the time to practice restrictions on spending and to ponder the following from an anonymous writer:

"A democracy cannot exist as a permanent form of government. It can survive only until the voters discover that they can vote themselves largess from the public treasury. From that moment on, the majority always vote for the candidates promising the most benefits from the public treasury with the result that democracy always collapses over loose fiscal policies always followed by a dictatorship.

The average age of the world's great democratic civilizations and nations has been 200 years. All have progressed through the same sequence: from bondage to spiritual faith, from spiritual faith to great courage, from great courage to liberty, from liberty to abundance, from abundance to selfishness, from selfishness to complacency, from complacency to apathy, from apathy to dependency, and from dependency back again to bondage."

We can escape this fate if we act now.

Respectfully submitted,
DIXY LEE RAY, Governor

The President of the Senate instructed the special escort committee to escort the state elected officials from the House Chamber.

On motion of Mr. Nelson (G), the Joint Session was dissolved.

The President of the Senate returned the gavel to the Speaker.

The Speaker directed the committee to escort President Cherberg, President Pro Tempore Goltz and the members of the Washington State Senate to the Senate Chamber.

The Speaker called the House to order.

MESSAGE FROM THE SECRETARY OF STATE

APPOINTMENT OF REPRESENTATIVE

January 9, 1981

Mr. Bill Polk, Speaker
House of Representatives
Legislative Building
Olympia, Washington

Dear Speaker Polk:

The King County Council in regular session today confirmed the appointment of Jay Lane to the vacancy in the House of Representatives for the 36th Legislative District, Position 2, to be effective January 14, 1981.

Sincerely,

Dorothy M. Owens, Deputy Clerk

The President of the Senate directed the committee to escort Representative Lane to her seat on the floor of the House.

The President of the Senate appointed Senators Fleming and Hayner and Representatives Greengo and Owen to escort Governor-elect and Mrs. Spellman to the rostrum.
President Cherberg: "The President is going to take advantage of the extra time we have. This is a very enjoyable experience and I am going to add to my enjoyment by introducing the members of Governor-elect and Mrs. Spellman's family.

"First of all, a very charming and gracious young lady, named Katherine, also known as 'Kat,' who will be a sixth grader at St. Michael's Grade School. Perhaps sometime, Kat, if you have enough influence, you might be able to become a page in Olympia.

"Another young beauty, Teresa, who will be a junior at Olympia High School; "Handsome young son, Jeff, who is beginning his first term at The Evergreen State College;

"Another son, David, is a senior at Seattle University;

"Bart, who is an economics graduate of the University of Washington and is employed in Seattle. In a little aside, John's father, Bart, was a football coach at the University of Washington in the late twenties and early thirties. I matriculated at the University in 1929 and grew to know Coach Spellman very well and admired him highly and had a great deal of respect for him, not only as a man but also as a football coach. He was the one holdover from coaching on Bagshaw's staff to serve on Jimmy Phelan's staff, which was quite a compliment because Jimmy Phelan was a hardheaded Irishman, too.

"Another young lady, Margo, who is employed organizing the 13th International Cancer Congress to be held in Seattle in 1982, and her husband, Brian Tagas, who is a recent MBA graduate of the University of Washington.

"It is also a great pleasure and honor to present Mrs. Frank Murphy, who is the Governor's mother-in-law, of Seattle; the Governor's sister, Mrs. Eugene Tully and her son, Steve, of Encino, California; and Mrs. Spellman's brother, Dr. Gerald Murphy and his wife, Bridgett, of New York.

"And now to get back to the football note, a man who has thrilled thousands upon thousands of people at the University of Washington with his eloquent voice, the honorable Robert McGrath, who will honor us by singing the National Anthem."

Mr. McGrath sang The Star Spangled Banner.

Prayer was offered by Archbishop Raymond G. Hunthausen of the Catholic Diocese of Seattle:

"Lord God, Master of the Universe, we gather here today with joyful hearts uplifted in gratitude and praise. We bless You, God of Freedom, for making us a free people and for helping us work to remain free of all that threatens to make us slaves. We thank You, Lord God our Redeemer, for showing us how we might be a free people in spirit and in heart. Look kindly on Your servant, John Spellman, and on these officials with whom he will govern the people of our state. As You directed Your holy servant, Moses, to lead Your children of Israel from slavery, from the oppression of evil, so direct these, our chosen public servants, that they may stay free from the oppression of evil, of greed or of the lust for power over others. Let their efforts at serving the common good be founded always on a profound respect for the dignity of the human person. In seeking solutions to the vast social and political problems that will confront them as officeholders, strengthen them to keep their eyes fixed on the dignity of every citizen. Help them to remember in their service on our behalf, that the great resources and complicated structures at their disposal exist primarily for the sake of the people, not the people for them. God of justice and mercy, let our new Governor and his colleagues hunger and thirst for justice and for peace. Where there is hatred, let them sow love; where there is despair, hope; where there is darkness, light; and where there is sadness, joy. Give courage and endurance to their spouses and families for the demands that this time of public service will make on them. God of kindness and love, grant Governor Spellman and these government officials the grace of being faithful to the call that is theirs and the gift of being grateful for the pleasures and the trials in building the human community. Blessed are You, Lord God, Master of the Universe, for bringing us together here today with joyful hearts uplifted in praise. We thank You and we bless Your Name. Amen."

The President: "Thank you ever so much, your excellency for your most inspirational and heartwarming prayer. Every person here is delighted and honored that you could be with us today. Ladies and gentlemen, this Joint Session has been called for the purpose of administering the oath of office to the constitutionally elected officials of the State of Washington, and to receive the Inaugural Address of the Governor."

The President returned the gavel to The Speaker.

GOVERNOR'S INAUGURAL ADDRESS

"Lieutenant Governor Cherberg, Mr. Speaker, Your Excellency Archbishop Hunthausen, former Governor Dan Evans, Mr. Chief Justice, distinguished members of the Supreme Court, distinguished elected officials, members of the legislature:

"Coach Cherberg, you may be sure that even though my father was a football coach of yours, I'm certainly not going to be a coach, I expect you to give me a little coaching as you have today. It is, of course, both an honor and a humbling experience that you and I have been entrusted by the people of the state of Washington with their aspirations for the state for the next four years. I urge you to now pray with me for divine inspiration and assistance so that we may carry out that stewardship with wisdom, with justice and with charity.

"When a new governor stands before the people and the Legislature of the state of Washington for the first time, there is a moment when we can enjoy a sense of anticipation—a possibility that an era of candor and cooperation between the Executive and the Legislature will begin.

"If we can achieve that, there is no task that we cannot attack. If we cannot work together, even the simplest of goals will elude us. I pledge myself to cooperate with you. Let us have a fresh start, a new relationship; not alone for you and me, but for the State and all of the people of Washington.

"Let us work together with mutual respect.

"The troubles which we face—and which we share—certainly crowd the headlines and the news reports. We are constantly reminded of the difficult decisions which we must make in the days ahead. There is no question in my mind that they are difficult and complex decisions, but in the beginning days of my administration and your legislative session our attitude should be based more on optimism than upon doubt. More in hope than in resignation. More in enthusiasm than in despair. I urge you to share my conviction that 105 days from today we will face the people of the state and tell them that we have served them well. That we have maintained vital services. That we have cut back the cost of ongoing programs. That we have provided with compassion for those in urgent need.

"I call for this optimism fully aware of the financial situation which faces us immediately and of the sacrifices that each citizen must share. Tomorrow I will propose a program to meet financial needs. That program will not require a tax increase.
We must do more than merely meet the present crisis. We must assure that it will not happen again. I will propose, after consultation with you, that we require by law that the state build a revenue reserve, a counter-cyclical fund, to see us through the declines in the national economy when tax revenues dip and important services are threatened. We must learn the lesson of the Old Testament story of the fat years and the lean years. We must develop resources which will see us through those in times of need like these.

Indeed, it is times like these that demand the careful nurturing of all our resources. To accomplish this, I have been working the last many weeks assembling a management team. I hope that team will earn your respect for the thoughtful and energetic way in which they will administer their departments and deliver high-quality services at the greatest economy possible.

To accomplish this will require the whole-hearted cooperation of our dedicated corps of public employees. We all respect the magnitude of the job which they do. I am charging my department heads to open and maintain the internal channels of communication among the state employees, their supervisors and the top levels of the departments. We want to establish teams which will make each department trim, manageable and efficient. We must utilize the talents which reside in the personnel of the state government and, at the same time, acknowledge their right to adequate compensation and support their legitimate aspirations.

Just as we should not make up the deficits in the state budget from the pay envelopes of the employees, we must not be parties to balancing our budget on the shoulders of the poor. The need for food and medical care for children and the aged does not decrease in tough times. The needs of the mentally ill and developmentally disabled do not diminish in times of tight budgets. We must not turn our backs on those who must turn to this government when all else fails. Those able to work should be provided an opportunity to work. Welfare grants must encourage—not discourage—work. Training programs must equip people for work that is available now. We must have affordable housing. We must address these issues with the assurance that the public recognizes the need. The history of this state demonstrates beyond a shadow of a doubt that our citizens will accept their responsibility to aid those in need.

Even as I am speaking today, our state prisons and local jails are bursting at the seams, and every indication is that the budget assumptions regarding prison population in the next two years are 500 to 1,000 persons short of the problem we will really face. To meet this urgent need, I will present a plan to use—at least on a temporary basis—the McNeil Island facility. We will also proceed with additional facilities which you have already authorized. We have a big need and it will take several approaches to solve that problem.

The prison problem is only one segment of the whole criminal justice system. The entire system needs a review—from juvenile delinquency to long-term imprisonment. It is a time for rethinking current practices, and perhaps for shedding long-held notions. To take the first steps in this rethinking, I will bring together all of the parties—police, prosecutors, judges, correction officials, parole boards and the Legislature to give high priority to developing a criminal justice system which will be appropriate to the needs of the eighties and which will reflect the hopes of society.

On the subject of corrections, I must make an additional statement. Our goal is to provide secure but humane prisons. While serious criminals must be separated from society, we must not merely 'warehouse' offenders. We need rehabilitative and work programs which not only reduce idleness, but also give individuals a greater sense of their own worth. Recent disorders in our state prisons are producing an effect which is directly opposite to the goals of the inmates. They should be aware that, while we can be persuaded, we will not be threatened.

While social concerns take a lion's share of our budget, we must continue this state's commitment to the excellence of education from kindergarten through graduate school. We start with strong public schools, providing sound basic education with maximum local control. At the same time, we must assure that the state which funds—and must fund—basic education in full, will have the requisite control over costs.

Community colleges must remain open to those whose future earning capacity is dependent on the education, training and retraining available to them in the community colleges.

Our colleges and universities have suffered in recent years. They are essential to the enhancement of our future cultural and economical growth. It may be impossible to solve all their problems in the next biennium, but we must develop a comprehensive plan for their future fiscal health, and set it in motion. Tuitions must increase in a fair and predictable manner, and the educational institutions must be allowed maximum financial flexibility in order to proceed through these difficult times.
In addition to the vital services which they offer to our economy in many research fields, our major universities are one of the underpinnings of our agricultural and fisheries industries in terms of research. There is an ever-increasing worldwide demand in a hungry world for the fruits of our bountiful land. Our crystal clear waters offer the promise of becoming one of the great fisheries of the world. Increasingly, the markets of the world are seeking out the products of the state of Washington and it’s our job to see that they do that in an increasingly rapid manner.

When George Vancouver sailed into Puget Sound in 1792, he wrote that the fertile landscape required only ‘...the industry of man...to render it the most lovely country that can be imagined.’ Vancouver’s concern is with us still, although from a different point of view. It is not men and women we seek, for they will come whether we wish it or not. What is needed is expansion of job opportunities to provide work for our ever-growing population. To accomplish this, we need a vigorous policy of pursuing markets abroad and of encouraging the expansion of existing businesses and the establishment of new businesses in this state. In this latter endeavor, we must be conscious of the competitive pressures from other states that sometimes put us at a disadvantage. Not only from other states but from abroad. Our undisputed natural beauty, quality of life and business opportunity are sometimes not sufficient by themselves to tip the scales in favor of our area over inducements to locate elsewhere.

The people of Washington cannot afford to lose employment opportunities to our neighbors. We need an aggressive industrial development program to attract the kinds of industries that are compatible with our environment. I will propose carefully drafted legislation for tax-free industrial revenue bonds. Not corporate welfare—but incentives to create jobs. Not a program with the abuses seen in a few other states...but a reasonable program which will deserve—and earn—the respect of the entire public of the state of Washington. Forty-nine other states have an industrial revenue bonding authority. This state simply must have that ability.

Any discussion of the economy of the eighties must consider energy. It is the essential factor of the equation. We must take every step necessary to assure adequate energy to meet the needs of our growing population and healthy economy. Our commitment must include not only construction, and we must construct, but also innovation in use of unconventional sources and, of course, conservation—conservation and more conservation.

A revitalized—perhaps I should say, ‘re-energized’—Energy Office with a clear mission and a strong management is necessary. We must capture the opportunities offered by the new Northwest Regional Power Bill...opportunities to address the critical energy need of the region.

While the decade we are entering will be a difficult one, there are no insurmountable obstacles facing us at this time. Washington State is blessed by a tradition of good government, able and dedicated public servants, and committed people who work in their communities and participate in the governmental process. Our job is to provide them with laws and administration for an atmosphere conducive to each citizen’s freedom and pursuit of happiness.

What is needed is a reaffirmation of traditional values. Families are the basic units of society. Work is good. Those who provide jobs are not the enemies of society. Education is essential. Government should regulate only to the extent necessary to protect the public. Society cannot provide everything people want, but it must be able to provide everything they need. We can achieve more by working together than by fighting one another.

If we are to have the jobs, energy, education, and necessary social programs, we must work together and reason together.

- Business and industry are necessary for jobs and taxes.
- Labor unions are important in providing good conditions.
- Strong local government is essential.
- The environment must be protected.
- Children must be nurtured and educated.
- Seniors should be respected and given choices.

We need to put aside at this beginning, this opportunity, the rhetoric that divides us. Let us emphasize those principles on which we agree—accentuate the positive. Let us start with the assumption that all of us are working in good faith, and let us get on with our job. Finally, let us pray for God’s help so that working together we will enter a new era of progress—one which will satisfy the demands of our great stewardship which has been entrusted to us. Thank you.” (Applause)

(I) The speaker pro tempore shall exercise the duties, powers and prerogatives of the speaker in the event of the speaker's death, illness, removal, or inability to act, until the speaker's successor shall be elected.

POINT OF ORDER
Mr. O'Brien: "House Resolution No. 81-1—Has it been adopted?"

The Speaker: "I'm sorry Mr. O'Brien I don't understand what you are asking."

Mr. O'Brien: "It appears to me, Mr. Speaker, the resolution should be moved and presented to us for adoption and then amendments could be offered to it. As it is now, it isn't before us."

The Speaker: "Representative O'Brien, HFR 81-1 was adopted on the first day of the session. We are now considering amendments that were placed on the desk twenty-four hours in advance of today's session as is required by these rules, for amending the rules."

Mr. O'Brien: "However this resolution pertains to making the rules permanent as rules of the 47th Legislature. It appears to me you have to place it before us again in order to have amendments considered."

SPEAKER'S RULING
The Speaker: "Representative O'Brien, this is what the argument was all about on Monday, the first day of the session. We adopted these rules and there is a procedure contained within these rules for amending these rules. We previously agreed that we would set today's
session aside for amendments to these rules to be offered. The amendments were placed on the desk twenty-four hours in advance of today's session in accordance with these rules, and they are now ready to debate these amendments."

Mr. Nelson (G) spoke in favor of the amendment, and it was adopted.

Mr. Grimm moved adoption of the following amendment to the House Rules:

On page 2, line 27, Rule 5, after "house." insert the following:

"In appointing the committee members to standing committees, the speaker shall name members in the same ratio as the membership of the respective parties in the house. Committee members will be selected by each party's caucus. The majority party caucus will select all committee chairmen/chairwomen.

Members of the rules committee will be selected in the same manner and same ratio as provided above and the speaker will serve as chairman of the rules committee.

Patronage will be divided proportionately by the party caucuses, following as closely as possible the ratio between the parties."

Representatives Grimm and King (R) spoke in favor of the amendment, and Mr. Hastings spoke against it.

POINT OF INQUIRY

Mr. King (R) yielded to question by Mr. Struthers.

Mr. Struthers: "Representative King, were you not given the opportunity to name the number of members to each of the standing committees?"

Mr. King (R): "No, we were not given the opportunity to name the members."

Mr. Struthers: "Were you given the names?"

Mr. King (R): "Yes, we were."

Mr. Struthers: "Then that's equal representation as we appear here as a body on the floor. In the previous session, Representative King, hasn't the party that you represent taken the breakage on the Rules Committee?"

The Speaker: "Representative Salatino, are you making a speech or asking a question?"

POINT OF INFORMATION

Mr. Brown: "On the ten-bill rule, for example, if I introduce ten bills during the session, will those bills die at the end of the session or will they be alive in subsequent sessions?"

The Speaker: "Representative Brown, if I may call your attention to the last paragraph of Rule 10, which Representative Brekke called my attention to yesterday, I think you'll find the answer to your question. They will be alive."

Mr. Brown: "By session, you mean daily? And by assembly you mean a two–year period?"

The Speaker: "Representative Brown, if I can call your attention to section 1 of the Rules which deals with definitions, you will find a definition of both words."

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Ms. Rinehart.

Ms. Rinehart: "Representative Nelson, I have a question concerning equal representation in the 36th District. Representative Taller introduced six bills. Are we to understand that Representative Lane can introduce only four bills?"

Mr. Nelson (G): "The rule refers to members and Representative Taller was a member of this body at the time. If any one of you were to leave office and a new member were to come aboard, that member would be given the opportunity to introduce ten bills during the assembly."

Ms. Rinehart spoke again in favor of the amendment.

Mr. Taylor: "During the debate this morning on the rules, and particularly pertaining to the Rules committee, I think the eastern Washington members of the Rules Committee were very unfairly impugned and that being the case, I think the one-third of us in the eastern part of the state are vitally concerned—"

POINT OF ORDER

Mr. Heck: "I don't believe Representative Taylor's remarks thus far fall under the umbrella of point of personal privilege."

Mr. Taylor: "Mr. Speaker, I would contend that it's a point of personal privilege to defend the honor of the eastern Washington members of the Rules Committee. I'm not a member of the Rules Committee, but I know the members from eastern Washington who are and they are fair-minded people and they represent the entire state of Washington. Just because for once eastern Washington has a little clout, I don't think that's out of order."

The Speaker: "Representative Taylor, you did defend them admirably, I must admit."

COMMITTEE APPOINTMENT

The Speaker appointed Representative Fiske to the Legislative Ethics Committee.

POINT OF PARLIAMENTARY INQUIRY

Ms. Rinehart: "When I turn in a Blue Sheet to the Chief Clerk, does it go directly to the Rules Committee and then go to a committee, or before it goes to a committee does the committee Chair need to make a request?"

The Speaker: "Representative Rinehart, the rules, as they exist today, state that you turn in your Blue Sheets to the Clerk's office and they will be forwarded to the Rules Committee. At that point one of three things may occur: The Chair of the committee may request the Blue Sheet to be sent there; the majority of the committee members may request that the Blue Sheet be sent there, or the Rules Committee may automatically send the Blue Sheet there. In any of these situations the Rules Committee makes that decision of which committee it should go to."

Ms. Rinehart: "My second question is one concerning efficiency. There's a problem in referring to a Blue Sheet. I filed a Blue Sheet this morning and I asked my office to send over the Blue Sheet I had on my desk and they sent me a blue signature sheet. What I really wanted was not a blue signature sheet but the white sheet with the blue trim which is actually the Blue Sheet. I'd like to request that there be a statement put on the white sheet with the blue fringe that says, 'This is a Blue Sheet.'"

The Speaker: "Representative Rinehart, thank you for bringing efficiency matters to my attention. We will ask the Chief Clerk if they can handle this in an administrative way rather than on the floor of the House. Thank you."

Not voting: Representatives Bender, Schmitten.

House Bill No. 104, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION
On motion of Mr. Nelson (G), House Bill No. 104 was ordered transmitted immediately to the Senate.

HOUSE BILL NO. 42, by Representatives Tilly, Ellis, Winsley, Gallagher, Valle, Sherman, Patrick, Schmitten, Dawson, Brown, Van Dyken, Stratton, Bond, Taylor, Sanders and Cantu:

Prohibiting the use, possession, and delivery of drug paraphernalia.

The bill was read the second time.

POINT OF PERSONAL PRIVILEGE
Mr. Tilly: "Before we get into the debate on this bill which involves drug paraphernalia, I feel that I want to apologize to certain members whose names were mentioned in an article in the Tacoma News Tribune. After the hearing the other day on this bill, I was interviewed by several reporters and there was one inaccuracy I know of in the article saying that I was going to oppose the bill because of an amendment the committee had adopted. That is not correct. I intended to research to see what the effect of the amendment was. The more important statement does, I feel, impugn the motives of members and my question is really the amendment itself and what effect it would have on our children. I certainly do not want to do any harm to the members who propose amendments. I still oppose them and will continue to do that."

POINT OF PERSONAL PRIVILEGE
Mr. Wang: "I just wanted to say this is not a matter which I take lightly. The transgression was a serious one, not only to me personally, but also to those members on both sides of the aisle who happen to support one or more of the amendments and, also, I think to all of us in the House who have agreed to abide by certain rules and certain standards. I appreciate the gentleman's remarks. A public apology on the House floor, especially from a veteran and a leader of the majority caucus to a freshman in the minority, is previously unprecedented. I appreciate that you have accepted responsibility for your actions. We may differ on issues but, from this time forward, we will do so at least out of mutual respect. I personally accept the apology and am willing to consider the matter closed."

Committee on Ethics, Law and Justice recommendation: Do pass as amended. (For amendment, see Journal, 10th Day, January 21, 1981.)

On motion of Mr. Ellis, the committee amendment was adopted.

Mr. Wang moved adoption of the following amendment:
On page 3, line 15 strike all of subsection (2) and renumber the remaining subsection consecutively.

Mr. Wang spoke in favor of the amendment, and Mr. Patrick spoke against it.

Mr. Struthers demanded an electric roll call vote and the demand was sustained.

ROLL CALL
The Clerk called the roll on adoption of the amendment by Representative Wang to House Bill No. 42, and the amendment was not adopted by the following vote: Yeas, 19; nays, 78; not voting, 1.

Voting nay: Representatives Addison, Amen, Barnes, Barr, Barrett, Bender, Berleen, Bickham, Bond, Brown, Cantu, Chamberlain, Chandler, Clayton, Dawson, Dickie, Eberle, Ehlers, Ellis, Erak, Erickson,
TWELFTH DAY, JANUARY 23, 1981

Not voting: Representative Schmitten.

Mr. Wang moved adoption of the following amendment:
On page 5, line 2 strike all of subsection (4).

Mr. Wang spoke in favor of the amendment, and Mr. Tilly spoke against it.

Mr. Struthers demanded an electric roll call vote and the demand was sustained.

POINT OF INQUIRY

Mr. Tilly yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Tilly, in the list of drug paraphernalia, item number 5, it says, 'Scales and balances used, intended for use, or designed for use in weighing or measuring controlled substances...' My question is, are there special kinds of scales and balances that one could distinguish from other kinds of chemical scales and balances that chemists and pharmacists and other people involved in laboratory work generally use for weighing micro-amounts or moderate amounts of materials precisely, so that we would know that an advertisement of a balance is indeed for the purposes of legitimate chemical use and not for drug use? I say that as a technical person who reads a lot of technical journals and sees a lot of advertisements commonly in those journals for all kinds of weighing devices."

Mr. Tilly: "I wish I had your technical question in front of me to give you probably a more thorough answer, Representative Nelson. I think what we are really concerned with is that if this is used to promote the sale of and use of illegal drugs, it would be covered by this. For example, if there is an advertisement in High Times, which is probably the best known publication, I would say it would definitely fall under this prohibition."

Mr. Nelson (D) spoke in favor of the amendment.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representative Wang to page 5, line 2 of House Bill No. 42, and the amendment was not adopted by the following vote:

Yeas, 14; nays, 83; not voting, 1.

Not voting: Representative Schmitten.

House Bill No. 42 was ordered engrossed and passed to Committee on Rules for third reading.

HOUSE CONCURRENT RESOLUTION NO. 2, by Representatives Isaacson, Valle, Bond, Sherman and Sanders (by Joint Ad Hoc Committee on Science and Technology request):

Creating a 1981 Joint Ad Hoc Committee on Science and Technology.

The resolution was read the second time and passed to Committee on Rules for third reading.

RESOLUTIONS

HOUSE RESOLUTION NO. 81-4, by Representative Maxie:

WHEREAS, Recent census statistics demonstrate that Washington State has a rapidly growing population; and
WHEREAS, The increasing population of the state and the complexity of state government has produced a greater demand for constituent services from members of the House of Representatives; and

WHEREAS, The citizens of the state would be better served by their Representatives if each Representative were provided a full-time administrative aide to assist the member in representing the member's constituents and responding to their inquiries and concerns;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the Rules Committee is hereby directed to allocate to each member sufficient funds to employ a full-time administrative assistant, secretary, legal aide, or other assistant at a salary of not less than fourteen thousand dollars per year.

Ms. Maxie moved adoption of the resolution.

Representatives Maxie, Rinehart, Grimm and Scott spoke in favor of the resolution, and Representatives Taylor, Lewis, Tilly and Isaacson spoke against it.

MOTION

Mr. Nelson (G) moved that House Resolution No. 81–4 be referred to Committee on Rules.

POINT OF INFORMATION

Mr. King (R): "Mr. Speaker, it takes a super majority to move a bill from Rules, but would it also take a super majority to put it into Rules?"

The Speaker: "Representative King, this is the same as any other motion, and does not require a super majority to move the bill to the Rules Committee."

POINT OF PARLIAMENTARY INQUIRY

Mr. Heck: "Is this the correct item of the agenda? Is it appropriate at this time? We're not at the order of business to be referring bills or measures to committee."

The Speaker: "Representative Heck, you can make a motion to refer a bill to Rules Committee at any time under any order of business."

The motion was carried.

POINT OF PERSONAL PRIVILEGE

Ms. Maxie: "I have to comment on the statement made by Representative Isaacson relative to my not utilizing the constituent service—"

The Speaker: "Representative Maxie, let's not open up debate in discussing what one member said about the debate. We're not debating the resolution again."

Ms. Maxie: "No, not debating the resolution, but to point out the fact that I have utilized as many resources as I can humanly do in the Legislature and have recognized, also talked to, respective leadership, both Republican and Democrat with respect to this issue. This is the approach, in my estimation, that is the only recourse I have to call attention to the problem. I have utilized the constituent service, but the one thing that is very clear is that when I have utilized those services, I have often had to wait almost a month to get some kind of response. The other comment made here is that the very reason I am doing this is because the people in my area are hardest hit when it comes to budget cuts and I don't think it's fair to have those people not have some kind of support with their representatives. I do feel that the arguments that were used to move this resolution to Rules were not founded and they misunderstood what I was trying to do, but I'm pleased it's in Rules because at least it's not dead. I think the issue is going to grow because my constituents, as well as other constituents, are in support of this, Mr. Speaker."
WHEREAS, Dean R. Foster has served as Chief Clerk of the House of Representatives for three terms and one additional term as Co-Chief Clerk; and
WHEREAS, At the time of his election as Chief Clerk in 1973, he was the youngest Chief Clerk of a legislative body in the United States; and
WHEREAS, He began his service in the Washington State Legislature in 1959 and served four years as a bill clerk in the Washington State Senate; and
WHEREAS, Between service in the Washington State Legislature, Dean R. Foster served as a Captain in the U.S. Air Force as an intelligence officer and graduated from the University of Washington with a B.A. degree; and
WHEREAS, During his tenure as Chief Clerk, this House has inaugurated many procedural reforms which greatly increased the efficiency of the House of Representatives and increased opportunities for the people of the state of Washington to participate in the governmental process; and
WHEREAS, As a result of his administrative ability, his knowledge of parliamentary procedures and his innate ability for fairness in his conduct in the performance of his duties, won him the respect and admiration of Legislators from both political parties and of the employees of the House of Representatives;
NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That we hereby express our heartfelt appreciation to Dean R. Foster for his meritorious service to all those connected with the House of Representatives, past and present; and
BE IT FURTHER RESOLVED, That a suitably inscribed copy of this Resolution be presented to Dean R. Foster.

Mr. O'Brien moved adoption of the resolution.

Representatives O'Brien, Heck, Amen, Grimm, Bond, Scott, Winsley and King (R) spoke in favor of the resolution, and it was adopted.

The Speaker instructed Sergeant At Arms Ross Young to escort Dean R. Foster to the rostrum.

The Speaker presented Mr. Foster with a plaque commending his service as Chief Clerk and Mr. Foster briefly addressed the House.

MOTION

On motion of Mr. Nelson (G), the House adjourned until 9:30 a.m., Monday, January 26, 1981.

WILLIAM M. POLK, Speaker

When I took this office I swore that I would uphold the Constitution and Laws of the United States and of the State of Washington to the best of my ability. I believe that Engrossed House Bill No. 42 will be found unconstitutional, and for me to vote for something that I believe unconstitutional would violate my oath of office. I did not vote against the act because under our system of government the courts, and not legislators, must decide questions of constitutionality.

WHEREAS, Fifty-two of the Americans who were in the embassy at the time it was seized have remained in Iran as hostages, used as political pawns by opposing factions within that country; and

WHEREAS, The complicated process of gaining the hostages' release was marked by frustration and tragedy, with each new obstacle adding more anguish to the burden shared by the families and loved ones of the captives; and

WHEREAS, The thoughts and prayers of all Americans and of the world have been with the hostages and their families and loved ones throughout this tragic experience; and

WHEREAS, The ordeal of the hostages is finally over and the prayers of the world have been answered by the release and safe return of all fifty-two hostages;

On motion of Mr. Nelson (G), HOUSE BILL NO. 255 and HOUSE BILL NO. 256 were referred to Committee on State Government.

On motion of Mr. Nelson (G), HOUSE BILL NO. 261 was referred to Committee on Local Government.

On motion of Mr. Nelson (G), HOUSE BILL NO. 264 was referred to Committee on Labor and Economic Development.

**COMMITTEE ASSIGNMENT**

The Speaker appointed Representative McGinnis to the Joint Committee on Workers' Compensation.

**SECOND READING**

The Speaker declared the House to be at ease.

The Speaker called the House to order.

**MOTION**

On motion of Mr. Nelson (G), House Bill No. 206 was placed at the top of today's second reading calendar.

**HOUSE BILL NO. 206, by Representative Chandler:**

Adopting a supplemental budget.

The bill was read the second time.

On motion of Mr. Chandler, Substitute House Bill No. 206 was substituted for House Bill No. 206, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 206 was read the second time.

**POINT OF ORDER**

Mr. O'Brien: "Rule 13, subsection (B) states as follows: '...No bills shall be considered on second reading unless a calendar of bills for second reading and copies of any amendment made by a committee have been distributed to each member no later than 8:00 p.m. on the second day preceding such consideration unless otherwise provided by the rules committee...' I submit to you, Mr. Speaker, that the amendments were not placed on the desks of the members by Sunday night at 8 p.m., the second day preceding today's consideration of Substitute House Bill No. 206."

**SPEAKER'S RULING**

The Speaker: "Representative O'Brien, Rule 13(8) provides that, unless '...otherwise provided by the rules committee.' The action of the Rules Committee yesterday in placing this substitute bill, not an amendment, before the body of the House, is the other consideration by the Rules Committee. Therefore, your point of order is not well taken."

**POINT OF ORDER**

Mr. O'Brien: "To my knowledge, the Rules Committee didn't discuss Substitute House Bill No. 206 for the purpose of consideration. A waiving or suspending of the rules now is to amendments. We didn't discuss that particular point."

The Speaker: "Representative O'Brien, you were in Rules Committee and you know that this is a substitute bill, not an amendment provided by the committee."

Mr. O'Brien: "A substitute bill is nothing but one amendment."

The Speaker: "Thank you very much. Your point is not well taken."

**MOTION**

Mr. Nelson (G) moved that the House do now resolve itself into the Committee of the Whole for purpose of considering Substitute House Bill No. 206.

**POINT OF ORDER**

Mr. O'Brien: "I'd like to have you rule on Rule 15 which states: 'Bills appropriating money may be considered in committee of the whole house, and no change in the amount appropriated shall be made outside of the committee of the whole: PROVIDED, That the report of the committee of the whole with amendments incorporated thereto may be adopted
by a majority vote of the members present on the second reading. No amendment to the general appropriation bill, commonly known as the budget, adding any new item, or items, thereto not incorporated in the bill as reported by the ways and means committee, shall be adopted except by the affirmative vote of two-thirds of the representatives elected.... I submit to you the supplemental bill should not be classified as the general appropriation bill, and therefore amendments can be adopted by the Committee of the Whole by majority vote. I'd like you to rule on that."

The Speaker: "Representative O'Brien, do I understand you are asking me to rule whether this is a budget bill or not?"

Mr. O'Brien: "I would like you to rule whether or not the supplemental bill appropriating moneys should be classified differently than the general appropriation bill. There are two fine distinctions, Mr. Speaker. One is a supplemental bill appropriating money and the other is a general appropriation bill which is your main omnibus appropriation bill, which is entirely different from a supplemental bill, and therefore amendments should be able to be adopted by a majority vote of the members present."

SPEAKER'S RULING

The Speaker: "Representative O'Brien, your point of order, as I understand it, is to ask for a ruling on whether this budget bill before us is a general appropriation bill, and therefore subject to Rule 15, and I would rule that it is."

Mr. O'Brien: "You are going to rule that a supplemental appropriation bill is in the same category as a general appropriation bill?"

The Speaker: "Representative O'Brien, I am ruling that this is a general appropriation bill affecting the general appropriations that were passed two years ago and falls into the same category with the same distinction as any other general appropriation bill."

Mr. Heck demanded an electric roll call vote on the motion, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion that the House resolve itself into Committee of the Whole for the purpose of considering Substitute House Bill No. 206, and the motion was carried by the following vote: Yeas, 56; nays, 42; not voting, 0.

The department shall provide this report within existing research resources.

NEW SECTION. Sec. 29. The department shall conduct a random sample of those individuals affected by the reduction of chore services as required by this supplemental budget. This study shall include a detailing of the following impacts: (1) the extent to which individuals are institutionalized as a result of loss of assistance; (2) the number of individuals which were able to find assistance from private sources to meet basic needs; and (3) the number of individuals who become enrolled in another state or locally funded program. *NEW SECTION. Section 1. There is added to chapter 82.32 RCW a new section to read as follows:

For tax payments due for the taxable activities occurring in and after the month of June, 1981, through December, 1981, the taxes imposed in chapters 82.04, 82.08, 82.12, 82.14, and 82.16 RCW are due and payable within fifteen days following the end of the month in which the taxable activities occur. For tax payments due for taxable activities occurring after December, 1981, these taxes are due and payable within five days following the end of the month in which the taxable activities occur. The payments so remitted shall be made along with a form which sets forth the amount of tax estimated by the taxpayer to be due and such other taxpayer account information as the department of revenue may require. A reconciliation report shall be submitted before the end of the next month succeeding each calendar quarter of each calendar year for the preceding calendar quarter setting forth the amount of gross sales, including nontaxable sales, taxable sales or activities, the amount of tax thereon, and such other information as the department may require, and the taxpayer shall remit therewith the balance owing, if any, of the tax due for the three months of the preceding quarter. The report shall set forth the amount of the payments made at the end of each month of the quarter and any balance due or credit due the taxpayer. For paying less than the total amount due in any month of the quarter, a penalty equal to ten percent of the amount underpaid shall be assessed unless the total of the amounts paid monthly is at least ninety percent of the amount due. This penalty for underpaying is in addition to any penalties applicable for failure to pay before penalty dates under RCW 82.32.090.

The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. The department of revenue shall allow any taxpayer with an annual tax liability of less than nine thousand dollars to file quarterly or annual returns, and the department of revenue shall adjust this dollar figure annually to reflect inflation.

The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.
Sec. 2. Section 82.32.090, chapter 15, Laws of 1961 as last amended by section 1, chapter 179, Laws of 1971 ex. sess. and RCW 82.32.090 are each amended to read as follows:

If payment of any tax due is not received by the department of revenue by the (last day of the month in which the tax becomes) due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received by the last day of the month (next succeeding the month) in which the due date falls, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received by the last day of the (second) month next succeeding the month in which the due date falls, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than two dollars.

If payment of any tax is received within the first ten days of the month next succeeding the month in which the tax is payable, the amount of such payment shall be credited to, and shall be treated for all purposes as having been collected during, the fiscal year which includes the month preceding the month in which such due date falls. Effective June 30, 1985, and thereafter if the payment of any tax is received during the first fifteen days in the month in which the tax is payable, the amount of such payment shall be credited to, and shall be treated for all purposes as having been collected during, the fiscal year which includes the month preceding the month in which such due date falls.

NEW SECTION. Sec. 3. The following acts or parts of acts are each repealed:

(1) Section 82.04.490, chapter 15, Laws of 1961, section 45, chapter 278, Laws of 1975 1st ex. sess. and RCW 82.04.490;
(2) Section 82.08.070, chapter 15, Laws of 1961, section 8, chapter 293, Laws of 1961, section 8, chapter 299, Laws of 1971 ex. sess. and RCW 82.08.070;
(3) Section 82.12.050, chapter 15, Laws of 1961, section 53, chapter 278, Laws of 1975 1st ex. sess. and RCW 82.12.050; and

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect June 1, 1981, except section 3 of this act which shall take effect July 1, 1981.

Ms. Sommers spoke in favor of the amendment, and Mr. Hastings spoke against it.

Ms. Sommers spoke again in favor of the amendment.

POINT OF ORDER

Mr. Nelson (G): "I would ask that the lady who is speaking on the amendment keep her remarks to the amendment, and not stray from the content of this bill."

The Speaker (Mr. Amen presiding): "Representative Sommers, will you please confine your remarks to the amendment before us."

Ms. Sommers concluded her remarks in favor of the amendment, and Mr. Greengo spoke against it.

POINT OF INQUIRY

Mr. Hastings yielded to question by Mr. Lux.

Mr. Lux: "Representative Hastings, did you say that business would be impacted considerably because they use the tax revenues they collect in their operation?"

Mr. Hastings: "I said that businesses could be impacted, particularly those businesses that do a credit business, because generally you bill on the tenth of the month following or something like that. Very seldom in a down—economy like we’re facing right now, do you get all of your revenues in by the tenth, let alone the fifteenth. I think that makes a hardship on those merchants, particularly the credit merchants. Also, I would like to mention that the compensation that was out of that amendment does not do service to those businesses."

Mr. Lux spoke in favor of the amendment.

Mr. Struthers demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Ms. Sommers to page 1 of Substitute House Bill No. 208, and the amendment was not adopted by the following vote: Yeas, 36; nays, 61; not voting, 1.

Not voting: Mr. Speaker.

Substitute House Bill No. 208, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

POINT OF INFORMATION

Ms. Rust: "On Substitute House Bills 207, 208 and 209, it says the sponsors are the Committee on Revenue, yet the majority report is signed by people who are not on the Committee on Revenue, and there is no minority report signed and there was a minority report. I would like to ask you why this is not included?"

The Speaker: "I'd like to call your attention to the Bill Report Book that you all have at your desks. The bill reports that are in there are the report of the last committee that dealt with the bill before it went to the Rules Committee. Therefore, it's merely in your book to show how the bill was, what kind of shape the bill was in, before it went to the Rules Committee. It has been requested that all bill reports be inserted in the bill books so that you can have a record of the action taken by preceding committees in the case where it has been referred to more than one committee. We will follow that procedure in the future and the bill room will be so advised."

HOUSE BILL NO. 209, by Committee on Revenue and Representative Greengo:

Modifying provisions relating to state funds.

The bill was read the second time.

On motion of Mr. Greengo, Second Substitute House Bill No. 209 was substituted for House Bill No. 209, and the second substitute bill was placed on the calendar for second reading.

Second Substitute House Bill No. 209 was read the second time.

Ms. Granlund moved adoption of the following amendment by Representatives Granlund and Dawson:

On page 2, line 19 after "direct." insert "Any money from the common school construction fund which is made available for the current use of the common schools shall be restored to the fund by appropriation, including interest income foregone, before the end of the next fiscal biennium following such use."
Representatives Granlund, Dawson, Scott, Heck and Rinehart spoke in favor of the amendment, and Representatives McDonald and Greengo spoke against it.

Representative Nelson (D) spoke in favor of the amendment, and Representatives Dawson and Granlund spoke again in favor of the amendment.

Mr. Grimm demanded an oral roll call vote on the amendment, and the demand was sustained.

**ROLL CALL**

The Clerk called the roll on adoption of the amendment by Representatives Granlund and Dawson to page 2, line 19 of Second Substitute House Bill No. 209, and the amendment was adopted by the following vote: Yeas, 49; nays, 47; not voting, 2.

Not voting: Representatives Cantu, Mitchell.

**POINT OF PARLIAMENTARY INQUIRY**

Mr. Martinis: "Is it proper that the Chief Clerk ask a member how they voted by either sign language or to indicate how they should vote if they have not indicated the vote by sign language?"

The Speaker: "Mr. Martinis, the Chief Clerk does not instruct anybody how to vote, as you well know. If the Clerk up here can find out how a member is intending to vote—some people have weaker voices than others—they can use any means at all useful to them in determining their duty."

Ms. Galloway moved adoption of the following amendment:

On page 2, line 32 after "derived," insert "Any funds so appropriated or transferred shall be restored to the fund by appropriation, including interest income foregone, before the end of the next fiscal biennium following the appropriation or transfer."

Representatives Galloway and Rinehart spoke in favor of the amendment, and Mr. Greengo spoke against it.

**ROLL CALL**

The Clerk called the roll on adoption of the amendment by Representative Galloway to page 2, line 32 of Second Substitute House Bill No. 209, and the amendment was not adopted by the following vote: Yeas, 44; nays, 52; not voting, 2.

Not voting: Representatives Cantu, Mitchell.

Ms. Rust moved adoption of the following amendment:

On page 5, line 18 after "chapter." insert "Funds appropriated from the state timber reserve account for the support of the common schools shall be restored to the account by appropriation, including interest income foregone, before the end of the next fiscal biennium following the appropriation."

Ms. Rust spoke in favor of the amendment, and Mr. Greengo spoke against it.

The amendment was not adopted.

The Clerk read the following amendment by Representative Rinehart:
On page 7, line 24 after "1981," insert "Any funds so transferred shall be restored to the criminal justice training account by appropriation, including interest income foregone, before July 1, 1983."

**POINT OF ORDER**

Mr. King (R): "Mr. Speaker, a division was called for on the last vote by several different people."

The Speaker: "I guess I didn't hear it, Representative King. I'm sorry but we've passed that order of business. If you would like to move for reconsideration and get back there, we could do that."

Mr. King (R): "As long as we have not proceeded to another item of business a motion for division would still be in order."

**SPEAKER'S RULING**

The Speaker: "The vote was announced by the Speaker, so if you would like to move for reconsideration you are welcome to do that. The question before the House is now an amendment by Representative Rinehart on page 7, line 24."

Ms. Rinehart moved adoption of the amendment and spoke in favor of it.

Mr. King (R) demanded an oral roll call vote and the demand was sustained.

Mr. Nisbet spoke against the amendment, and Mr. Nelson (D) spoke in favor of it.

**POINT OF INQUIRY**

Ms. Hine asked Mr. Nisbet to yield to question and he refused to yield.

Mr. Nisbet spoke again in opposition to the amendment.

**ROLL CALL**

Not voting: Representatives Bond, Cantu, Eberle, Mitchell.

Engrossed Second Substitute House Bill No. 209, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.
MOTION

On motion of Mr. Nelson (G), the House adjourned until 9:30 a.m., Wednesday, February 4, 1981.

WILLIAM M. POLK, Speaker

VITO T. CHIECHI, Chief Clerk
The House was called to order at 9:30 a.m. by the Speaker. The Clerk called the roll and all members were present, except Representative Ellis, who was excused.

HOUSE JOINT RESOLUTION NO. 6, by Representatives Tupper, Erickson, Nelson (D), Scott, Taylor, Gruger, Heck, Rust, Hine, Bender, Eng, McCormick, Martinis, Ehlers, Sherman, Granlund, Lux, Galloway, Wilson, Sprague, Nisbet, King (R), Garrett, Wang, Salatino, Kreidler and Pruitt:
Amending the Constitution to establish a redistricting commission.

MOTION

On motion of Mr. Nelson (G), the bills and resolution listed on today's agenda under the fourth order of business were considered first reading and referred to the committees designated.
POINT OF PARLIAMENTARY INQUIRY

Mr. Tupper: "Mr. Speaker, two of the bills that were referred are of concern to me. They are designated to go to the Select Committee on Redistricting and I wanted to find out a little more about how that committee is constituted and will it be regularly receiving bills?"

The Speaker: "On January 17th in open session, the Speaker appointed the Select Committee on Redistricting and named the members of the committee at that time. It would be my intention that the committee would receive bills that refer to the subject of redistricting."

MOTION

Mr. Nelson (G) moved that HOUSE BILL NO. 282 be referred to the Select Committee on Redistricting.

POINT OF ORDER

Mr. King (R): "Mr. Speaker, the Select Committee on Redistricting is not a standing committee and there are no procedures within the rules that I can see for referral to anything but a standing committee of any bills before the Legislature. It puzzles me, and I guess what I'm going to do is raise a point of order, that the committee does not, in fact, exist for the purpose of receiving bills."

SPEAKER'S RULING

The Speaker: "Representative King, I'd like to call your attention to several items in the House rules. Under Rule 1, committee is defined as a standing or select committee; under Rule 5, the Speaker shall appoint all conference, select or joint committees; under Rule 13, after the first reading the measure shall be referred to an appropriate committee. If committee is defined to include a select committee, I see no problem with the referral of this measure to that committee. Your point is not well taken."

POINT OF ORDER

Mr. Heck: "Mr. Speaker, the very rule which you referred to, defining a committee as any standing or select committee of the House, '...as so designated by rule or resolution,' has not occurred. While you have the authority under the rules to appoint select committees, this defines committees only as those that exist in the rules or those created by resolution. We haven't done that. By your own precedence in establishing the Select Committee on Vietnam Era Veterans and Criminal Justice, you created those committees by resolution. The Select Committee on Redistricting has not been created by resolution. It, therefore, does not exist for the purpose of receiving legislation."

SPEAKER'S RULING

The Speaker: "Representative Heck, we have broadly interpreted the word 'resolution' to include a resolution of the Speaker of the House in terms of appointing a committee. Again, I would find your point not well taken."

POINT OF ORDER

Mr. O'Brien: "House Rule 28 points out specifically the committees of the House. If you're going to set up a new committee you should at least amend the rules to stipulate that you want to have another standing committee. Rule 28 sets forth the standing committees of the House and Rule 29 states how those committees shall operate. If you want to bypass two rules, that's fine, but I think you should take it upon yourself, if you want to have another standing committee relative to this legislative redistricting, to amend the rules to give it some status. This has happened before in your Special Select Committee on Institutions, but it's still a violation of our House rules. I would think, if you want to create more committees, you should do it on the basis of amending the rules and not arbitrarily by a Speaker's decision."

SPEAKER'S RULING

The Speaker: "Representative O'Brien, perhaps you misunderstand. This is not intended to be a standing committee; it's a select committee and it doesn't have to be included in the rules dealing with standing committees."
Mr. O'Brien: "Mr. Speaker, it has a function like the standing committees. In reporting bills to a select committee, the select committee has to report it back out to the Rules Committee to place on second reading in the usual process, so you are circumventing the process that has been established not only by rules but also by precedence."

The Speaker: "It does have a great deal of similarity but, I assure you, we are not circumventing the process. The process was built in to allow the creation of select committees, and that's exactly what has been done."

POINT OF INFORMATION

Mr. Bender: "Does this mean now that the Vietnam Select Committee will get the legislation that we proposed in the last interim?"

The Speaker: "I will certainly examine that question. I haven't researched anything about your subcommittee and how that was appointed either, Representative Bender, but they certainly could, I believe. I will look into that further for you."

MOTION

Mr. Heck moved that the motion by Representative Nelson (G) be amended and House Bill No. 282 be referred to Committee on State Government.

Mr. Heck spoke in favor of the motion.

POINT OF ORDER

Mr. Nelson (G): "Mr. Speaker, the gentleman has made a motion to amend my motion to refer to the State Government Committee. I think he should speak within the bounds of why he feels this particular bill should be referred there rather than to the select committee."

The Speaker: "Representative Heck, will you please confine your remarks to the motion before us and not to the discussion of the rules or the way we got to this point."

Mr. Heck continued his remarks.

POINT OF ORDER

Mr. Nelson (G): "The gentleman is again straying and is beginning now to put into perspective what he thinks another member is doing with a given bill, if the bill ever reaches that committee. I think the speaker should address himself as to why he thinks the bill should go to State Government Committee and continue that line rather than going into any of these other personal charges."

The Speaker: "Representative Heck, please do confine your remarks. I asked you to do that before and you seem to have a penchant toward straying from the subject. Would you please try diligently to confine yourself."

Mr. Heck continued speaking in favor of his motion.

POINT OF ORDER

Mr. Nelson (G): "Again, the gentleman is starting to impugn the motives of another member on this House floor and is now conjecturing that a given chairman is going to do something in violation of giving this bill an opportunity to be heard in a fair manner. We're addressing the idea of having it go to a committee that has been established. It is on record as being there, and I don't think we should hear these charges now brought out as though we had not done those proper things that should permit this bill to go to the Select Committee on Redistricting. If he wants to confine his remarks as to why it should be in State Government which, I think, is his motion, that's fine, but I think he's going well beyond that."

The Speaker: "Representative Heck, we've gone through this several times. Do you think you can restrain yourself? You point out that you've perhaps had some lessons in the past, but that's also why I recognize it so well."

Mr. Eberle spoke against the motion to amend Representative Nelson's motion, and Mr. King (R) spoke in favor of it.

Mr. Grimm demanded an electric roll call vote and the demand was sustained.
TWENTY-FOURTH DAY, FEBRUARY 4, 1981

POINT OF INQUIRY

Mr. Eberle yielded to question by Mr. Ehlers.

Mr. Ehlers: "Representative Eberle, as you perhaps know, I am a member of this select committee, and it's difficult for me to let you know that perhaps on two other occasions this select committee, since it isn't a standing committee, was scheduled at the same time as another committee on which I serve making it impossible for me to be at both places. If this bill is not referred to State Government Committee and goes to the Select Committee on Redistricting, what assurance do we have that the record of scheduling the meetings when they conflict with regular standing committee meetings, is somehow going to change?"

Mr. Eberle: "Representative Ehlers, it is true we have had a little difficulty in finding a time slot for the committee that was fully free for everyone. However, that may be because this committee was appointed a week after the other committees were established and its time slots were arranged. I just talked to my committee staff a moment ago and they said that on Monday of this week your secretary was asked to speak to you to see if you would be available for a meeting on Friday afternoon and she called back and said 'yes,' so I suppose you are available this Friday."

Mr. Ehlers spoke in favor of the motion, and Mr. Nelson (G) spoke against it.

POINT OF INFORMATION

Ms. Sommers: "Will the public be given the normal several days' notice when this committee schedules a hearing on a redistricting bill?"

The Speaker: "Yes."

Ms. Sommers: "Is there then, as Representative Eberle appeared to state, a meeting scheduled for Friday of this week?"

The Speaker: "Notices were sent out last Friday to the media and to people who have indicated interest in the subject matter. I personally have seen notices posted in various buildings around the capitol campus."

Ms. Sommers: "Mr. Speaker, I do not see a notice on our normal calendar. Does that mean that this select committee's meetings will not be included in the normal calendar?"

The Speaker: "No, it does not mean that. You will find that in the future it will be on the calendar of meetings."

POINT OF INFORMATION

Mr. Brown: "Do we have a Human Services Committee meeting going on?"

The Speaker: "Yes, we do."

Mr. Brown: "Shouldn't those members be present here on the floor?"

The Speaker: "Representative Brown, if you had been present here on the floor in the beginning of the session, you would have heard that they were excused under leave of the Speaker in accordance with the House rules."

POINT OF INQUIRY

Mr. Grimm yielded to question by Mr. Grimm.

Mr. Grimm: "Representative Eberle, you've mentioned that you would be willing to give these measures a full and fair public hearing and an opportunity for people to speak on them. Given that what has been completed and the members have information available to them and a decision on which they can weigh, are you willing to commit to committing members of that committee, of which you are the chairman, to vote in public session on these redistricting proposals so that we have an opportunity to have a record on that matter?"

Mr. Eberle: "Representative Grimm, I'm a member of this body like everyone else, and I guess I abide by the rules just like everyone else does."

Representatives Grimm, Ehlers and O'Brien spoke in favor of the motion.
POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Ms. Granlund.

Ms. Granlund: "Representative Nelson, I've been sitting here musing, why was it necessary for Representative Struthers to introduce a resolution so as to have the corrections bill sent to the Select Committee on Institutions and now we don't need such a resolution?"

Mr. Nelson (G): "Representative Granlund, I'd like to call your attention to the fact that the Select Committee on Corrections was established in the previous session, and it called for a resolution to reestablish its activity for this session. In the case of the Select Committee on Redistricting, it is a new committee, something that was ordered by the Speaker, to address this very technical area and it doesn't need a resolution."

ROLL CALL

The Clerk called the roll on the motion that House Bill No. 282 be referred to the Committee on State Government, and the motion was lost by the following vote: Yeas, 34; nays, 47; not voting, 17.

POINT OF PERSONAL PRIVILEGE

Mr. Lux: "Mr. Speaker, I think I want to express my feeling of shame and disbelief that we have disenfranchised the membership of a whole committee on this motion."

The Speaker stated the question before the House to be the motion by Mr. Nelson (G) that House Bill No. 282 be referred to the Select Committee on Redistricting.

POINT OF INFORMATION

Mr. Scott: "It is my understanding that those excused members will not have a chance to vote on this issue. I assume that is correct."

The Speaker: "They were not here to vote."

Mr. Scott: "Is it your purpose to establish the precedence of allowing people, by whatever means, by your leave in the future, if there happens to be a tough issue on the floor, that you can have a convenient meeting to get the proponents—"

POINT OF ORDER

Mr. Nelson (G): "Mr. Speaker, the gentleman from the 39th District is impugning your motives and the actual ability on the part of the Speaker to make these determinations from time to time. To make generalizations to the point he's now gone is far beyond asking for a point of information."

SPEAKER'S RULING

The Speaker: "Obviously, I agree with you, Representative Nelson. Representative Scott, Democratic staff brought to my attention that there was a meeting going on and that they had a number of problems still in front of them. It was my determination at that time to allow that committee to continue meeting. I did not know at that point that you and your people were going to raise this issue that, in your view, is of such critical nature."

The motion was carried.

MOTION

The Speaker declared the House to be at ease.

The Speaker called the House to order.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 166, by Committee on Education (originally sponsored by Representatives McDonald, Taylor, Chandler, Bond, Flanagan, Barr, Smith, Wilson, McGinnis, Struthers, Lundquist and Amen):

Implementing law relating to payment of school district personnel.

The bill was read the third time and placed on final passage.

POINT OF ORDER

Mr. King (R): "We should not be considering Engrossed Substitute House Bill No. 166 because of Rule 29, subsection (6), which states that all bills including a direct appropriation or having a fiscal impact of $50,000 or more should be referred to Ways and Means Committee before final passage. Mr. Speaker, Representative Taller, then Chairman of the Legislative Evaluation and Accountability Program Committee, in writing a memorandum to all legislators, pointed out that the system that schools are using at the present time had resulted in an excess of $10 million cost for this past biennium and he projected costs would be some $30 million for the 1981-82 year, so the rationale for adopting the lid bill on teachers' salaries was to deal with that problem of unanticipated increases in costs to the state. There is also one additional problem which the Ways and Means Committee should look at because of the fiscal impact it might have, and that is the fact the bill includes language which would put a lid on funds from all sources whatever which would include federal categorical aid funds and would be a violation of federal law which would, in turn, jeopardize the federal funds that come to this state and are very much a part of our budget."

SPEAKER'S RULING

The Speaker: "Representative King, having looked at your document dated September 30th, dealing with the general subject matter with which this bill is dealing, but not dealing with this specific bill, the indication is that because of action of school boards there might be a fiscal impact of some nature. As I understand this bill, and having discussed it with the Chairman of the Education Committee, this is a policy statement for which no fiscal impact is determinable, but that is totally to be determined by a future piece of legislation, known as the Appropriations Bill that will be coming along later. So at this time it is impossible to say that this bill, in my judgment, has a fiscal impact of anything. There is nothing known about the dollar amount that this body may, in the future, appropriate dealing with this policy. I would find your point of order not well taken."

Mr. King (R) spoke against passage of the bill, and Mr. McDonald spoke in favor of it.

POINT OF ORDER

Mr. King (R): "If this bill has no fiscal impact, as you have ruled, bringing up arguments of fiscal impact would not be germane to the bill."

The Speaker: "Your point of order is well taken. Representative McDonald, you are obviously arguing with the Speaker's ruling."

Mr. McDonald concluded his remarks in favor of the bill, and Ms. Galloway spoke against it.

Mr. Taylor spoke in favor of the bill, and Ms. Becker spoke against it.

Mr. Nelson (G) demanded an oral roll call vote and the demand was sustained.

POINT OF INQUIRY

Mr. Taylor yielded to question by Mr. Erak.

Mr. Erak: "Representative Taylor, I have listened to your response regarding the State Education Board and the reply to the levy lid question. In some ways I think you're coming through pretty clear, and also the State Board. As I read this I would like your opinion. The
State Board also says the Legislature should provide an additional $117.9 million for education during the remaining five months of this biennium. How do you feel about that?" 

Mr. Taylor: "That’s an easy question for me to answer. If we have the revenue, if the money is there, I would sure support it. Representative Erak, you and I would both support it, but we both have to be responsible. If the money were there, we would vote together on that." 

Ms. Galloway again opposed passage of the bill, and Mr. Warnke also spoke against it.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 166, and the bill passed the House by the following vote: Yeas, 52; nays, 44; not voting, 2.

Not voting: Representatives Ellis, Struthers.

Engrossed Substitute House Bill No. 166, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

ENGROSSED HOUSE BILL NO. 77, by Representatives Addison, Erak, Garson, Greengo, Brown, Dickie, Barrett, Teutsch, Patrick, Hanksins, Taylor, Johnson, Hastings, Sanders, Houchen, Granlund, McGinnis, Warnke and Lewis:

Authorizing legislative review of agency rules by a joint select committee with power to suspend.

The bill was read the third time and placed on final passage.

Representatives Addison and Walk spoke in favor of passage of the bill.

CONFLICT OF INTEREST

RULE 1. A legislator has a personal interest which is in conflict with the proper discharge of legislative duties if the legislator has reason to believe or expect that a direct monetary gain or a direct monetary loss will be derived by reason of the legislator's official activity.

However, a legislator does not have a personal interest which is in conflict with the proper discharge of legislative duties if no benefit or detriment accrues to the legislator as a member of a business, profession, occupation, or group, to a greater extent than to any other member of such business, profession, occupation, or group.
CODE OF ETHICS

In order to maintain legislative integrity and secure the public interest the following Code of Ethics is adopted for legislators:

(2) A legislator shall not solicit, receive, or accept any gratuity or compensation for services rendered in connection with legislative employment other than legislative salary.
(3) A legislator shall not ask, receive, or agree to receive anything of value upon any understanding that the legislator's vote, opinion, judgment, or action will be influenced thereby.
(4) A legislator shall not solicit, receive, or accept a gift, favor or service under circumstances where it could be reasonably inferred that such action would influence the legislator in the discharge of legislative duties, or was a reward.
(5) A legislator shall not accept any remuneration other than legislative compensation for legislative advice or assistance.
(6) A legislator shall not appear before any department of state government for compensation that is contingent upon action by that department of state government unless the fee is set or approved by that department.

(b) Actions which involve undue influence upon any state agency, court, or governmental subdivision:
(1) A legislator shall not represent clients for compensation in proceedings or hearings before state agencies, boards or commissions involving claims of state employees.
(2) A legislator, singularly or through others, shall not use or attempt to use improper means to influence a state agency, board or commission.
(3) A legislator may use an official title or stationery in connection with a matter or proceeding before a state agency, board or commission, only if done without compensation, in connection with legislative duties.
(4) A legislator shall not represent any claimant for compensation in any claim placed before the legislature.
(5) A legislator shall not receive compensation for an appearance before a state agency as an expert witness.

(c) Actions which constitute an abuse of official position or a violation of public trust:
(1) A legislator shall not accept employment, or engage in any business, or be involved in any activity which one might reasonably expect would require the disclosure of privileged information gained by virtue of holding legislative office.
(2) A legislator shall not enter into any contract with a state agency involving services or property, unless the contract is made after public notice and competitive bidding; except in cases where public notice and competitive bidding are not required, the contract or agreement shall be filed with the Board of Ethics.

Section 2. A legislative employee shall not use or attempt to use the employee's official position to (1) personally obtain any privilege, exemption, special treatment or any other thing of value, or (2) obtain any such benefit for others except as required to perform duties within the scope of employment.

Section 3. A legislative employee shall not accept or solicit anything of value for personal benefit or for the benefit of others under circumstances in which it can be reasonably inferred that the legislative employee's independence of judgment is impaired or is intended as a reward for any official action.

Section 4. A legislative employee shall not disclose confidential information acquired by reason of the employee's official position to any person or group not entitled to receive such information, nor shall the employee use such information for personal gain or benefit or for the benefit of others.

SPEAKER'S RULING

The Speaker: "The Speaker finds that the bill before us deals with provisions for obtaining an absentee ballot under shorter time periods than otherwise may be provided if a duly qualified voter is injured and is in the hospital. The amendment before us deals with elements of getting registered and is not dealing with the subject the same as is in the bill, namely that of shorter time periods of absentee ballots. Therefore, the Speaker finds the point of order is well taken."

POINT OF INQUIRY

Mr. Flanagan yielded to question by Mr. O'Brien.

Mr. O'Brien: "Representative Flanagan, has any other state adopted such a provision in their bond proposals to the electorate?"

Mr. Flanagan: "Representative O'Brien, I don't know. I introduced this bill because I thought it was a good idea and I found widespread acceptance here in the House. I don't know about other states."

Mr. O'Brien: "Do you think this will help to have the people approve bond issues by being so definitive on the bonds, the indebtedness, the cost of servicing, the interest and all that? Do you think it will help promote the sale of bonds?"

Mr. Flanagan: "Well, on these particular bond issues that are referred to here, I voted here in the House to put them on the ballot, but I didn't like the kind of information that was printed in the papers. I objected to that and I feel the voters are entitled to have more objective information and then if they still want to vote for the bond issues that's fine and I may vote for them too."

MESSAGE FROM THE SENATE

February 9, 1981

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 209 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. There is added to chapter 48.14 RCW a new section to read as follows:

(1) Every insurer with a tax obligation under RCW 48.14.020 shall make prepayment of the tax obligations under RCW 48.14.020 for the current calendar year's business, if the sum of the tax obligations under RCW 48.14.020 for the preceding calendar year's business is ten thousand dollars or more.

(2) The commissioner shall credit the prepayment toward the appropriate tax obligations of the insurer for the current calendar year under RCW 48.14.020.

(3) The minimum amounts of the prepayments shall be percentages of the insurer's tax obligation based on the preceding calendar year's business and shall be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;
(b) On or before September 15, twenty-five percent; and
(c) On or before December 15, twenty-five percent.

The commissioner may approve prepayments of lesser amounts if the insurer demonstrates, to the commissioner's satisfaction, that a reduction in current calendar year premium volume will result in a lesser tax liability than for the preceding year. Any approved revised prepayment schedule must equal ninety-five percent of the total tax liability for the current calendar year.

(4) The effect of transferring policies of insurance from one insurer to another insurer is to transfer the tax prepayment obligation with respect to RCW 48.14.020.

The commissioner shall credit the prepayment toward the appropriate tax obligations of the insurer for the current calendar year under RCW 48.14.020.

The minimum amounts of the prepayments shall be percentages of the insurer's tax obligation based on the preceding calendar year's business and shall be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;
(b) On or before September 15, twenty-five percent; and
(c) On or before December 15, twenty-five percent.

The commissioner may approve prepayments of lesser amounts if the insurer demonstrates, to the commissioner's satisfaction, that a reduction in current calendar year premium volume will result in a lesser tax liability than for the preceding year. Any approved revised prepayment schedule must equal ninety-five percent of the total tax liability for the current calendar year.

(4) The effect of transferring policies of insurance from one insurer to another insurer is to transfer the tax prepayment obligation with respect to the policies.

(5) On or before June 1 of each year, the commissioner shall notify each insurer required to make prepayments in that year of the amount of each prepayment and shall provide remittance forms to be used by the insurer. However, an insurer's responsibility to make prepayments is not affected by failure of the commissioner to send, or the insurer to receive, the notice or forms.
Sec. 2. Section 14.06, chapter 79, Laws of 1947 and RCW 48.14.060 are each amended to read as follows:

(1) Any insurer failing to file its tax statement and to pay the specified tax or prepayment of tax on premiums (for more than thirty days after date due shall be liable to a penalty of twenty-five dollars for each additional day of delinquency) by the last day of the month in which the tax becomes due shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not paid within forty-five days after the due date, the insurer shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not paid within sixty days of the due date, the insurer shall be assessed a total penalty of twenty percent of the amount of the tax. In such event the tax may be collected by distraint, and the penalty recovered by any action instituted by the commissioner in any court of competent jurisdiction. The amount of any such penalty collected shall be paid to the state treasurer and credited to the general fund.

(2) At his discretion the commissioner may revoke the certificate of authority of any such delinquent insurer, such certificate of authority not to be reissued until all taxes, prepayments of tax, and penalties incurred by the insurer have been fully paid and the insurer has otherwise qualified for the certificate of authority.

NEW SECTION. Sec. 3. There is added to chapter 84.33 RCW a new section to read as follows:

A timber tax distribution guarantee account is established in the state treasury. Any interest earned on the investment of cash balances in this account shall be deposited in this account. PROVIDED, That a school district shall not receive an amount from the timber tax distribution guarantee account for that part of its state timber tax reserve account distribution which is attributable to a maintenance and operation levy.

Sec. 4. Section 8, chapter 294, Laws of 1971 ex. sess. as last amended by section 3, chapter 6, Laws of 1979 and RCW 84.33.080 are each amended to read as follows:

(2) On the twentieth day of the second month of each calendar quarter, commencing February 20, 1974, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion and pay into the state general fund for the support of the common schools the amount listed below of the state's proportion (determined in December of the preceding year pursuant to subsection (1) of this section) in August of any year commencing with 1972, the balance in the state timber tax reserve account extending real property taxes upon the tax rolls for collection in the following year.

(4) If, after the transfer, if any, from the state timber tax account A (pursuant to subsection (2) of this section) in August of any year commencing with 1974, the balance in the state timber reserve account exceeds two million dollars, the amount of the excess shall be applied first, subject to legislative appropriation of funds allocated from the state timber reserve account.) (H) Following the transfer, if any, from the state timber tax account A pursuant to subsection (2) of this section, in November of 1977 and each year thereafter, (the balance in the state timber tax reserve account exceeds two million dollars,) the department of revenue shall determine on or before December 31 of such year, an amount to be distributed to the taxing districts the following calendar year, which distribution shall be determined in the following manner: PROVIDED, That the amount of such excess reserve account distribution shall be limited to that amount which, when added to the total account A distribution for the same calendar year, will allow a percentage increase or decrease in total calendar year distributions equal to the percentage increase or decrease in excise tax collections between the preceding calendar year and the current calendar year:

(a) The department of revenue shall calculate a harvest factor and a harvest factor proportion for each taxing district, in the manner provided in subsection (5) of this section except that for years before 1978 there shall be used the aggregate value of timber harvested for as many quarters for which information is available;

(b) By multiplying the amount of such excess by the harvest factor proportion for each taxing district respectively, the department of revenue shall calculate the amount to be distributed to each local taxing district and to the state and shall certify such amounts to the respective county assessors and state;

(c) Along with each quarterly payment pursuant to subsection (2) of this section, the state treasurer shall pay, out of the state timber reserve account, to the treasurer of each timber county for the account of each local taxing district one-fourth of such district's portion (determined pursuant to (b) above) of such excess and the state treasurer shall pay into the state's general fund for the support of the common schools out of the state timber tax reserve account such additional one-fourth amount due the state.

(5) On or before December 31 of each year commencing with 1978, the department of revenue shall deliver to the treasurer of each timber county a schedule setting forth for each taxing district or portion thereof lying within such county:

NEW SECTION. Sec. 5. The unappropriated balance of the state timber tax reserve account is transferred to the timber tax distribution guarantee account.

NEW SECTION. Sec. 6. There is added to chapter 82.32 RCW a new section to read as follows:

For tax payments due for taxable activities occurring prior to and including the month of December, 1981, the taxes imposed in chapters 82.04, 82.08, 82.12, 82.14, and 82.16 RCW are due and payable within fifteen days following the end of the month in which the taxable activities occur. For tax payments due for taxable activities occurring after December, 1981, these taxes are due and payable within five days following the end of the month in which the taxable activities occur. The payments so remitted shall be made along with a form which sets forth the amount of tax estimated by the taxpayer to be due and such other taxpayer account information as the department of revenue may require. A reconciliation report shall be submitted before the end of the next month succeeding each calendar quarter of each calendar year for the preceding calendar quarter setting forth the amount of gross sales, including nontaxable sales, taxable sales or activities, the amount of tax thereon, and such other information as the department may require, and the taxpayer shall remit therewith the balance owing, if any, of the tax due for the three months of the preceding quarter. The report shall set forth the amount of the payments made at the end of each month of the quarter and any balance due or credit due the taxpayer. For paying less than the total amount due in any month of the quarter, a penalty equal to ten percent of the amount underpaid shall be assessed unless the total of the amounts paid monthly is at least ninety percent of the amount due. This penalty for underpaying is in addition to any penalties applicable for failure to pay before penalty dates under RCW 82.32.090.

The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. These tax returns are due and payable before the end of the next month succeeding each reporting period.

The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.

Sec. 7. Section 82.32.090, chapter 15, Laws of 1961 as last amended by section 1, chapter 179, Laws of 1971 ex. sess. and RCW 82.32.090 are each amended to read as follows:

The payment of any tax due is not received by the department of revenue by the ((last day of the month in which the tax is due)) due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received by the last day of the month ((next succeeding the month)) in which the due date falls, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received by the last day of the ((second)) month next succeeding the month in which the due date falls,
there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than two dollars.

If payment of any tax is received within the first ten days of the month next succeeding the month in which the tax is payable, the amount of such payment shall be credited to, and shall be treated for all purposes as having been collected during, the fiscal year which includes the month preceding the month in which such due date falls. Effective June 30, 1985, and thereafter if the payment of any tax is received during the first fifteen days in the month in which the tax is payable, the amount of such payment shall be credited to, and shall be treated for all purposes as having been collected during, the fiscal year which includes the month preceding the month in which such due date falls.

If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than five dollars.

Notwithstanding the foregoing, the aggregate of penalties imposed under this chapter for failure to file a return, late payment of any tax, increase, or penalty, or issuance of a warrant shall not exceed twenty-five percent of the tax due, or seven dollars, whichever is greater.

POINT OF ORDER

Mr. Nelson (G): "Mr. Speaker I would ask the Chair to rule on the scope and object of this general government amendment that deals with human services."

SPEAKER'S RULING

The Speaker: "The Speaker has looked at the bill and the title of the bill and finds it is an act relating to public assistance, reenacting and amending certain sections. The amendment that has been offered by Representative Wang deals with general government matters and is so indicated even in the title amendment necessary to bring the title into line with this amendment, striking social and health services and inserting state government. The Speaker would find your point of order is well taken; the amendment is beyond the scope and object."

Mr. Wang moved adoption of the following amendment:
On page 21, line 34 after "Act" strike all language through the period on line 9 and insert ": PROVIDED, That the secretary shall have discretion to provide that aid to families with dependent children assistance shall be available to any child in need who has been deprived of parental support or care by reason of the unemployment of a parent or stepparent liable under this chapter for the support of such child, to the extent that matching funds are available from the federal government.

The legislature finds the strength of the family is important to the state because it is the fundamental unit responsible for and capable of meeting the numerous needs of a child; it provides the love, the strength, and the stability that each of us needs to function in our daily work; and is a unique source of values essential to the maintenance of a democratic society.

The legislature further finds that Aid to Families with Dependent Children - Employable is a cost-effective program which allows families in need to remain together while reducing the average length of stay on public assistance from a median of twelve to twenty-four months on the Aid to Families with Dependent Children - Regular caseload to a median of three to six months on Aid to Families with Dependent Children - Employable caseload.

The legislature further finds that the elimination of the Aid to Families with Dependent Children - Employable program will result in the breakup of two thousand to two thousand five hundred families.

The legislature further finds that it is in the paramount interest of the state of Washington to foster and protect the family unit rather than the breakup of the family."

On page 22, line 13 strike "((or unemployment))" and insert "or unemployment"

Mr. Wang spoke in favor of the amendments.

Mr. Brown demanded an electric roll call vote and the demand was sustained.

Representatives Pruitt and Kreidler spoke in favor of the amendments, and Mr. Nelson (G) spoke against them.

Mr. Wang closed debate, speaking again in favor of the amendments.

The Clerk called the roll on adoption of the amendments by Representative Wang to page 21 of Substitute House Bill No. 245, and the amendments were not adopted by the following vote: Yeas, 38; nays, 55; not voting, 5.

Ms. Becker moved adoption of the following amendment:

On page 22, after line 15 insert the following:

"NEW SECTION. Sec. 21. MOTIONS

On motion of Mr. Nelson (G), HOUSE BILL NO. 30 was rereferred from Committee on Rules to Committee on Transportation; HOUSE BILL NO. 67 was rereferred from Committee on Rules to Committee on Natural Resources; and HOUSE BILL NO. 268 was rereferred from Committee on Transportation to Committee on Ethics, Law and Justice.

On motion of Mr. Nelson (G), the House advanced to the seventh order of business.

THIRD READING

HOUSE BILL NO. 99, by Representatives Smith, Flanagan, Nisbet, Dickie, Barr, Sanders, Isaacson, Fancher, Clayton and Hastings:

Modifying provisions relating to water rights reverted to the state.

The bill was read the third time and placed on final passage.

Mr. Smith spoke in favor of the bill, and Mr. Martinis spoke against it.

Mr. Clayton spoke in favor of the bill.

POINT OF INQUIRY

Mr. Smith yielded to question by Mr. Sanders.

Mr. Sanders: "Representative Smith, is it the intent of this bill, or would it be its effect, to diminish in any manner the authority of the Department of Ecology to establish minimum instream flows?"

Mr. Smith: "That is not the intent of this bill, nor would this bill have that effect."

Mr. Sanders: "After the passage of House Bill No. 99—"
POINT OF ORDER

Mr. Martinis: "I believe the person speaking is reading from a prepared text without permission of the body, and that's forbidden by the rules."

The Speaker: "Representative Sanders, if you could proceed with your questioning—I would like to have this situation clarified, however. The House rules do limit the members from reading from documents without leave of the House. It has never been extended to include the words, the own words, of a House member. Members may write out what they wish to say in a prepared speech and deliver their words that way. It has generally been interpreted to mean that you are not to be reading from a paper, like a newspaper article or a magazine, or that kind of document. If we could just be careful about how we proceed with that matter."

Mr. Sanders: "Mr. Speaker, the reason I am reading this question is because it's been prepared by an attorney and we are trying to establish legislative intent."

POINT OF ORDER

Mr. Martinis: "Mr. Speaker, by the representatives own admission those are not his own words, and very definitely by his own admission it is a prepared text by someone else and he is reading someone else's question."

The Speaker: "Yes, I heard it, too."

MOTION

On motion of Mr. Hastings, Mr. Sanders was allowed to read the question in order to establish legislative intent.

Mr. Sanders: "Representative Smith, after the passage of House Bill No. 99, could water rights reverted to the state for nonuse be used to satisfy instream flow requirements that had been established by the Department of Ecology?"

Mr. Smith: "Yes."

Mr. Sanders spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Gallagher: "Representative Martinis, what effect will the Boldt second decision have on this bill?"

Mr. Martinis: "Representative Gallagher, that remains to be seen, but the purpose and intent of this bill is so during periods of low-flow east of the Cascades, agriculture could have priorities over fish and wildlife. What the effect of the Boldt 2 does is it says basically that the Indian treaties have jurisdiction over deleterious environmental effects over those treaties granted to those Indians. I think if you look at the bill digest or the committee report that it is very obvious that the Indians were the major objectors to this piece of legislation. I think we are taking a look at the Yakima River primarily because that's where Representative Smith has his major interests. You may pass this bill today and the Director of Ecology may rule however he wants to, but this bill will be in the federal courts as soon as you start taking those minimum flows out of the Yakima River and you start having some deleterious effects on the fisheries resource of certain rivers. Then the federal courts will say you have to provide the minimum flows to protect the Indian treaty rights."

Representatives Flanagan, Nisbet and Amen spoke in favor of the bill, and Representatives Valle, Lux and Martinis opposed it.

Representatives Clayton and Smith spoke again in favor of passage of the bill.

POINT OF INQUIRY

Mr. Brown asked Mr. Smith to yield to question and he refused to yield.

Mr. Nelson (G) demanded the previous question and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 99, and the bill passed the House by the following vote: Yeas, 51; nays, 43; not voting, 4.

Nickell, Nisbet, Padden, Patrick, Prince, Rosbach, Sanders, Schmidt, Smith, Sprague, Stratton, Struthers, Taylor, Tilly, Tupper, Van Dyken, Warnke, Williams, Winsley, and Mr. Speaker.

House Bill No. 99, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Representatives Becker and Isaacson appeared at the bar of the House.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 245, by Committee on Human Services (originally sponsored by Committee on Human Services and Representative Mitchell – by Department of Social and Health Services request):

Modifying public assistance laws.

The bill was read the third time and placed on final passage.

Mr. Wang spoke against passage of the bill, and Mr. Mitchell spoke in favor of it.

POINT OF INQUIRY

Mr. Pruitt asked Mr. Mitchell to yield to question, and Mr. Mitchell refused.

Representatives Pruitt, Kreidler and Stratton spoke against passage of the bill.

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 245, and the bill passed the House by the following vote: Yeas, 51; nays, 44; not voting, 3.

MOTION

Mr. Chandler moved that the House do concur in the Senate amendment to Engrossed Substitute House Bill No. 206.

Mr. Chandler spoke in favor of the motion, and Representatives Sommers and O’Brien spoke against it.

Mr. Hastings demanded an electric roll call vote and the demand was sustained.

Mr. Nisbet spoke in favor of the motion, and Representatives Erak and Becker spoke against it.

POINT OF ORDER

Mr. Nelson (G): "Mr. Speaker, I guess the body isn't listening to direction. We have three amendments to Engrossed Substitute House Bill No. 206, and the speaker is now straying into areas that do not address the three amendments."

The Speaker: "That is correct, we are only addressing the Senate amendment to Engrossed Substitute House Bill No. 206. After we have dealt with the concurrence, there will be plenty of time to talk about the entire bill on final passage. You will have time to make your shots, so if we could get on with addressing the Senate amendment to this bill it would be appreciated."
POINT OF ORDER

Ms. Brekke: "I would like to point out that the amendment says: 'Senate amendment to Engrossed Substitute House Bill No. 206 by Senator Scott. Strike everything after the enacting clause and insert the following:....'"

The Speaker: "Your point is well taken, Representative Brekke. Representative Becker, proceed."

Ms. Becker continued her remarks.

Mr. Ehlers spoke against the motion to concur and Mr. Nelson (G) spoke in favor of it.

Ms. Brekke spoke against the motion.

Mr. Nelson (G) demanded the previous question, and a division was called on the demand.

ROLL CALL

The Clerk called the roll on the demand for the previous question in the debate on the motion to concur in the Senate amendment to Engrossed Substitute House Bill No. 206, and the demand did not receive the required two-thirds majority by the following vote: Yeas, 55; nays, 43; not voting, 0.

Mr. Ehlers again opposed the motion to concur in the Senate amendment.

POINT OF INQUIRY

Mr. Nisbet yielded to question by Mr. Dawson.

Mr. Dawson: "Representative Nisbet, in the course of conducting and listening to testimony regarding mental health in your committee on healing services' appropriations, was this subject addressed regarding the adequacy of funds to support the activities at Western State Hospital?"

Mr. Nisbet: "Yes, Representative Dawson, it was. I have with me the transcript of our meeting of the 21st of January, 1981, and in that meeting the following question was asked by myself of Dr. Gilbert Cole, Director of Mental Health: 'With the five percent reduction, the eighteen percent hiring fees, and the staff attrition, what is the impact of all of this on the accreditation of Western and all our other institutions?' The answer is rather lengthy, but let me quote the last paragraph of that answer: 'The bottom line of this is that the state hospital now has about $2 million more money than it did at the start of the biennium. If you had to subtract all of these different things, the total number of positions authorized in the hospital currently is 1,007, compared to 893 in the original appropriation back in 1979. The population had presumably to be around 825 in 1979 and it jumped at one point to over 1,000 last summer, an we were stretched very, very thin. In September, we initiated an admission control policy which is resulting in the hospital maintaining itself at about 850 since then which is only 25 higher than what it was eighteen months ago. If you look at all of these things together, in fact, the staffing levels are currently better than they were eighteen months ago by about 80 positions. Now that doesn't mean to say that things are easy, but I think things have to be put into their context. At this point we have made a number of management reforms there, reorganizations within the hospital. We have instituted a variety of training activities and we are currently in the process of looking at some ways to make more efficient use of available resources."

"His final paragraph, and I would like to pause before I read it,—'I think it would be simplistic to say that the problem at this point is simply a matter of staffing.' That is a quote from Gilbert Cole, Director of Mental Health addressing the Committee on Human Services on January 21, 1981."
Mr. Kreidler spoke against the motion.

POINT OF INQUIRY

Ms. Becker asked Mr. Nelson (G) to yield to question, and he refused.

Representatives Winsley, Stratton and Valle spoke against the motion.

ROLL CALL

The Clerk called the roll on the motion that the House do concur in the Senate amendment to Engrossed Substitute House Bill No. 206, and the motion was carried by the following vote: Yeas, 52; nays, 46; not voting, 0.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 206 as amended by the Senate.

Representatives Chandler, Nelson (G) and Taylor spoke in favor of the bill, and Representatives King (R), O'Brien and Grimm spoke against it.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 206 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 51; nays, 47; not voting, 0.

Engrossed Substitute House Bill No. 206 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

POINT OF PERSONAL PRIVILEGE

Ms. Becker: "As you all know since you've been part of it, we've had a great debate about Chore services as part of the budget bill. Many words have been said about the need for continuing Chore services in order to prevent many people from being eliminated from this very desirable service. There have certainly been legitimate differences among the members of this body on that issue. This morning Representative Nisbet and I found in the newspapers that Charles Reed, head of DSHS - Bureau of Aging, said in response to a question asked of him upon the passage of the supplemental budget, that the department expects no one actually to be eliminated because of the budget. As a legislature we have many differences between each other and between the parties, but I think that this incident should illustrate to us that often our common interest is in obtaining accurate information from bureaucracy. I am dismayed that this sort of information and this proposal for not having to actually eliminate anyone was not concretely presented to the Appropriations - Human Services Committee at the time we debated the budget. I think the credibility of budget information is probably more crucial now than it has been for the past several years because of the tight revenue situation we face, and to not have these ideas from those who are responsible for carrying out the budget at the time when the budget is being considered, is a major obstacle to those of us who have to make those decisions. I hope we will keep this incident in mind as we progress through the operating budget and I hope that those who put information before us will also keep that concern of ours in mind."

POINT OF PERSONAL PRIVILEGE

Mr. Nisbet: "I would like to make additional comment to the statements just made by Representative Becker. I think we have not only a case of the bureaucracy not telling us what is actually going on but also we have an even more pressing situation, in my opinion. We now have the bureaucracy determining the priorities of this body. I am sure that had we known, when we were debating this very critical area, that funding could be found, that there are many of us who might have decided that rather than to place it here, we would have put it there. We went through a rather traumatic debate here on the floor a very short time ago on the matter of mental health and now we have the bureaucracy deciding how that money would
be spent rather than this body, who has the responsibility to the people of our state, to deter-
mine those priorities. I, for one, think we have been ‘had.’ I appreciate Representative Becker’s
remarks and I certainly hope, that in the future, the department realizes that this has to be a
situation of mutual trust, because if it isn’t, we have no alternative but to ride roughshod over
their alleged plans.”

**POINT OF PERSONAL PRIVILEGE**

Mr. Chandler: "The two previous speakers have pointed out a very, very serious problem.
I want to tell every one of you that just in case this message isn’t being delivered by the com-
ments you are hearing today, I am having a letter drafted to the Department of Social and
Health Services. That letter will tell them that before the House of Representatives is going to
even so much as consider a supplemental budget for such emergent needs as Western and
Eastern State Hospitals, we want them to level with us and tell us how much money is avail-
able for these various programs and why, when we have set a priority in Chore services, that
priority is ignored, and moneys were spent there which could have easily have been shifted to
what had been represented to us as an absolute critical crisis need. As soon as I have that letter
ready, I am going to sign it and I would like to invite every member of the House of Repre-
sentatives to join me in signing that letter and maybe we’ll get these people’s attention.”

MESSAGES FROM THE GOVERNOR

February 19, 1981

To the Honorable,
The House of Representatives of the State of Washington
Ladies and Gentlemen:

I have the honor to advise you that on February 19, 1981, Governor Spellman approved the following House Bills, entitled:

SUBSTITUTE HOUSE BILL NO. 206: Relating to state agencies; adopting supplemental budget;
SUBSTITUTE HOUSE BILL NO. 207: Relating to insurance premiums taxation;
SECOND SUBSTITUTE HOUSE BILL NO. 209: Relating to state funds;
SUBSTITUTE HOUSE BILL NO. 245: Relating to social and health services.

Sincerely,
Marilyn Showalter, Counsel.

February 19, 1981

To the Honorable,
The House of Representatives
of the State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section of SUBSTITUTE HOUSE BILL NO. 208, entitled:

AN ACT Relating to excise taxation.

Section 3 of this bill allows those who collect retail sales tax to keep one-fourth percent of the tax they collect as compensation for collecting the tax.

The principle that taxpayers should not be compensated for complying with tax laws has long been accepted by federal, state, and local governments in the United States with only minor exceptions. I believe it would be unwise to depart from that principle at this time. To award retail sales taxpayers a subsidy estimated to be nearly $8 million during the 1981–83 biennium, while the state faces serious financial problems, demonstrates an indefensible order of priorities.

With the exception of Section 3, which I have vetoed, the remainder of Substitute House Bill No. 208 is approved.

Respectfully submitted,
JOHN SPELLMAN, Governor.

POINT OF PERSONAL PRIVILEGE

Mr. Grimm: "I rise to object very strongly to an action taken earlier this morning — approximately thirty minutes ago. As you know, or should know, it came to our attention as a result of Senate Bills 3209 and 3210, that this state is facing some difficulties financially. Legislation which passed the Senate, assigned to the Financial Institutions Committee in the House last Friday, without our knowledge until this morning, and without any action—we were asked as members of the minority party, and I'm sure you were asked as members of the majority party—to attempt to expedite action on Senate Bills 3209 and 3210. We went into caucus, both of us, for the first time on this issue so that we could have an opportunity to understand exactly the nature and extent of the problem. During the course of our discussion there were many questions and members asked if it would be possible to have the State Treasurer, a state elected official, Robert O'Brien, within the bar of the House to explain Senate Bills 3209 and 3210 and answer any questions members of our caucus might have had. That information that he was to be within the House was given to the majority leader of the House. During our caucus there was the conducting of business of the House out here and it was, in my humble opinion, a grievous affront upon us as members of the House and the decorum of the House that we are called upon to maintain and it was an insult to a state elected official. I want now to disassociate myself from that and to admonish the action that was taken."

POINT OF PERSONAL PRIVILEGE

Mr. Nelson (G): "I think we should make clear exactly what the timing is on the address of Senate Bills No. 3209 and 3210. Prior to the session activity today, there was an agreement between the majority leader and the minority leader about having a caucus for fifteen minutes to address this. I gave memos and other backup information to substantiate the need within each caucus to address those two bills. We recessed for that fifteen-minute time frame to allow both caucuses an opportunity to go over the bills. The majority caucus stayed within the fifteen minutes, went over the measures, and at that time, we came out about 10:17 a.m., and it was acknowledged that you needed additional time to discuss each of those measures and we extended it to 10:30. At 10:30 I once again went to the minority caucus room and the minority ranking member came out and indicated you needed ten more minutes with the elected official, which would have been 10:40. The running of this House is based on trust and an arrangement where we can fulfill a time frame. We aren't going to go along lackadaisical with that kind of proceedings from this point onward. Whenever we say we need a specific amount of time, we will acknowledge that amount of time and we have to do it on a joint basis with trust and with recognition that there are ninety-eight members out here, not just forty-two or not just fifty-six. If you say you need thirty minutes, we will definitely understand that; if you say you need
an hour, we will understand it, but we first say fifteen, we extend it fifteen, then we are given
the word it's another ten. I don't think we need to put these numbers of people on this House
floor at ease for a long period of time and delay the work of this legislature. Yes, a Senate bill
was placed before us as the first order of business on second reading. That's all that was done.
We've been waiting out here exactly one and a half hours since the first time this body
recessed."

POINT OF PERSONAL PRIVILEGE

Mr. King (R): "Mr. Speaker, since it has become a question about whether or not the
minority party is going to have an opportunity to fully discuss matters that come before us or
not, I thought, since my name was alluded to, I'd mention several things. Number one, the
question was put to the majority leader of whether we ought to have the State Treasurer come
to our caucus today to answer questions or whether he would prefer that he come tomorrow.
There was no mention made of the amount of time. We wouldn't recognize an amount of time
imposed upon us in a matter as serious as this. In the process of questions, we came to the
conclusion that at least one of those measures which they are trying to rush through very
quickly, could seriously jeopardize the bond rating of the state of Washington and might end
up costing us $100 million or more. It's the kind of matter that should be referred to commit­
tee. We didn't know that, and we wouldn't have known it if we hadn't asked the Treasurer
directly, whether or not he was requesting that these matters be acted upon without committee
action. His answer to that was 'no.' The amount of time that we spent in that caucus, I think,
for the public of this state may be more than worthwhile. When we get to discussing in com­
mittee one of these bills—because if you think they are such an emergency, then that is where
we intend to let you deal with it—you are going to find out how that could jeopardize our bond
rating."

POINT OF INQUIRY

Mr. Scott yielded to question by Mr. Nelson (G).

Mr. Nelson (G): "Representative Scott, for the purpose of clarification on this amendment, is it your intention that this particular protection on any transfer of funds would only be for this existing transitional period as the community college is perhaps split into another one, and does not apply to the next biennium budget in the instructional staff relationship that might exist because of the number of full time students at each campus?"

(1) Which are entered into after the effective date of this act; or
(2) In which there is an increase in the principal amount after the effective date of this act."

Mr. Eng spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Eng yielded to question by Mr. Struthers.

Mr. Struthers: "Representative Eng, would this mean that if I was on a margin account and then the usury law had not been changed and stays in place as it is today, would an addition to my margin account be at one rate of interest and the original amount of my margin account would stay at twelve percent if my account was with Foster & Marshall?"

Mr. Eng: "No, Representative Struther, what would happen if this bill becomes law is that the law would then allow that institution to charge you at whatever is the going market rate. What this amendment will do is to state if you, as a consumer—if you are on a margin account now you are considered a consumer—are being charged today over twelve percent, the usury limit, this law then would not make what may be an invalid contract today, a valid contract by going backwards and making an illegal instrument a valid instrument."

Mr. Struthers spoke against the amendment, and Mr. Eng spoke again in favor of it.

MOTION
On motion of Mr. Nelson (G), the House reverted to the fifth order of business.

REPORT OF STANDING COMMITTEE
February 26, 1981

HOUSE BILL NO. 31, Prime Sponsor: Representative Amen, revising workers' compensation laws. Reported by Committee on Financial Institutions and Insurance.

MAJORITY recommendation: The substitute bill be substituted therefor and the substitute bill do pass. Signed by Representatives Dawson, Chairman; Bickham, Vice Chairman; Chandler, Dickie, McGinnis, Nisbet, Rosbach, Sanders.

MINORITY recommendation: Do not pass. Signed by Representatives Lux, Ranking Minority Member; Eng, King (R), Monohon, Salatino, Scott.

Rereferred to Committee on Revenue.

MOTIONS
On motion of Mr. Nelson (G), the House advanced to the eighth order of business.
On motion of Mr. Nelson (G), HOUSE BILL NO. 491 was rereferred from Committee on Ethics, Law and Justice to Committee on Financial Institutions and Insurance.

Mr. King (R) moved that HOUSE BILL NO. 31 be rereferred concurrently to Committee on Ways and Means.

The Speaker: "Representative King, I want you to understand the import of your motion. The bill is now in the hands of the Revenue Committee and the effect of your motion would be to relieve the Revenue Committee of at least a portion of the bill, and to have it then concurrently referred to both the Ways and Means Committee and the Revenue Committee. That, in my judgment, would require a sixty percent vote to accomplish."
POINT OF ORDER

Mr. King (R): "Mr. Speaker, my understanding is that the Speaker cannot refer bills simply by saying that they go to a committee; that there needs to be a vote taken on it. My contention is that the bill is still on the desk before us."

SPEAKER'S RULING

The Speaker: "Representative King, if you will refer to Rule 4(G), you'll find that the language says, 'The speaker shall refer all measures...'. Secondly, I may point out to you that if you are raising a point of order, it is not timely raised."

Mr. King (R): "I would cite Rule 13, 'Upon being reported back by committee, all measures shall go to the rules committee.' You cannot, simply by saying that it goes to another committee, have it go to another committee."

The Speaker: "Representative King, there is also the provision in Rule 29 that all bills having a direct appropriation or having a fiscal impact of $50,000 or more shall be referred to the Ways and Means Committee before final passage. Rule 13 is an automatic mechanism so that the House does not have to take the time on motions to put the bill into the Rules Committee. I find nothing inconsistent with that and the bill, by my ruling, is now in the possession of the Revenue Committee."

Mr. King (R): "That rule says that those bills that have the impact shall be referred to the Ways and Means Committee—not the Revenue Committee, not the Appropriations Committees or subcommittees—"

The Speaker: "Representative King, I have made the ruling. If you would like to speak to your motion, you may."

Mr. King spoke in favor of the motion and Mr. Nelson (G) spoke against it.

Mr. King spoke again in favor of the motion.

POINT OF ORDER

Mr. Nisbet: "That committee he is referring to is not a subcommittee."

SPEAKER'S RULING

The Speaker: "Your point is well taken. Representative King, I think I have tried to make the point before and we should understand that my interpretation of the rules is that Rule 29(6), is any of the committees. The full Ways and Means or any of the three Appropriations Committees or the Revenue Committee, may receive the bill under the requirements of 29(6) and it will not have to go back to the full Ways and Means Committee after that."

Mr. King (R): "Mr. Speaker, we've just had a point of order raised and recognized that the Revenue Committee is not a subcommittee so that must mean that it is a committee."

The Speaker: "That's exactly what I've said."

Mr. King (R): "Now we have another committee called Ways and Means Committee. If the drafters of the rules intended that bills that have fiscal impacts—"

SPEAKER'S ADMONITION

The Speaker: "Representative King, you were recognized to speak to your motion. I understand at this point that all you're doing is arguing with the Speaker's ruling as to the interpretation of the rules. If you wish to speak to your motion, you may continue."

Mr. King continued his remarks in favor of the motion.

POINT OF INFORMATION

Ms. Sommers: "Mr. Speaker, I feel that I need a clearer understanding of your ruling. As I read Rule 29 (6) (and I would invite members to take out their rule book and look at it) it does very clearly say that all bills including a direct appropriation or fiscal impact of $50,000 or more shall be referred to the Ways and Means Committee. Now we thought the Ways and Means Committee was that ten-member committee chaired by Representative Chandler and now you are telling—"
The Speaker: "Representative Sommers, the ruling that I offered a few moments ago, if you will also look at the way Rule 28 is drafted, '15. Ways and Means,' is extended to Appropriations, is extended to Human Services, Education, General Government, and back out to Revenue. My reading of this could be that Ways and Means – Appropriations–Human Services is a committee; Ways and Means – Appropriations–Education is a committee; Ways and Means – Appropriations–General Government is a committee; Ways and Means – Revenue is a committee; Ways and Means, itself, is a committee. That is the ruling I gave."

Ms. Sommers: "If you read the second sentence in subsection (6), it clarifies that the chairman of the Ways and Means Committee shall be a voting member on the Appropriations and Revenue committees. In other words, that Ways and Means Committee is one committee, but the Appropriations and Revenue committees are different committees."

The Speaker: "Representative Sommers, what you are doing is arguing with the ruling and not trying to clarify a point of information. I think the point of information has been clarified that there are, in fact, five committees under item 15 of Rule 28."

Ms. Sommers: "So your ruling is that bills with a fiscal impact will not have to go to the Ways and Means Committee in the future?"

The Speaker: "It will go to any of those Ways and Means Committees."

A division was called.

ROLL CALL

The Clerk called the roll on the motion by Representative King (R) that House Bill No. 31 be rereferred to Committee on Ways and Means concurrently, and the motion was lost by the following vote: Yeas, 41; nays, 56; not voting, 1.

Not voting: Representative Garrett.

Representatives Ellis, Lux and Bond spoke in favor of the bill, and Mr. Tilly spoke against it.

POINT OF INQUIRY

Mr. Tilly yielded to question by Mr. McGinnis.

Mr. McGinnis: "Representative Tilly, it sounds to me in your logic that under the present statute the penalty would really be more money, or I would assume, more disgrace, than the situation of actually raising the fees. Is that correct? It sounds more expensive to violate the law under existing law, which I would assume would be in statute, too, but at the same time it sounds like we've covered the idea of whether or not it's unwise to be outside the law?"

Mr. Tilly: "It would be very unwise."

Mr. McGinnis spoke against passage of the bill.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Ehlers.

Mr. Ehlers: "Representative Ellis, in the bill itself there is no increase in what a person pays to the general fund—$10.00—but it increases the bond from $1,000 to $10,000. If that's the case, for a $1,000 bond, currently, you are telling us that it is $2.50 per year?"

Mr. Ellis: "According to testimony it is $30.00 for four years and it might go up as high as $10.00 a year."

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 130, and the bill passed the House by the following vote: Yeas, 70; nays, 26; not voting, 2.

SECOND READING

The Speaker (Mr. Amen presiding) declared the House to be at ease.
The Speaker called the House to order.
HOUSE BILL NO. 604, by Committee on Ways and Means and Representatives Chandler, Wang, Granlund, Galloway and Rust:

Modifying provisions relating to public assistance.

The bill was read the second time.

On motion of Mr. Chandler, the following amendment was adopted:

On page 2, line 20 strike "four hundred thirty-four" and insert "two hundred sixty"

House Bill No. 604 was ordered engrossed.

On motion of Mr. Nelson (G), the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 604 was placed on final passage.

Mr. Chandler spoke in favor of passage of the bill.

Mr. Kreidler spoke in reference to the bill.

POINT OF ORDER

Mr. Nelson (G): "Mr. Speaker, we're talking about the final passage of Engrossed House Bill No. 604 and any reference to any other measures passed or not passed is improper."

POINT OF ORDER

Mr. King (R): "Mr. Speaker, I think interrupting a speaker with a point of order which is so obviously not well taken—"

The Speaker: "Representative King, I did not hear the words that were spoken by Representative Kreidler. I understand Representative Nelson's complaint is that he is referring to other measures. Please confine discussions on Engrossed House Bill No. 604 in accordance with the House rules."

Mr. Kreidler continued his remarks.

POINT OF ORDER

Mr. Chandler: "Mr. Speaker, I don't know if you've heard enough of this or not, but it has absolutely nothing to do with Engrossed House Bill 604 and whether it should be passed or not."

The Speaker: "Representative Chandler, your point is well taken. I have been listening to you, Representative Kreidler, would you please confine your remarks to whether Engrossed House Bill 604 should be passed or not."

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, all I would like to have you do is refer to Reed's Rule 216, 'Relevancy of debate.' You can see that you have broad authority and should be very patient and allow the speaker to cover the wide range of the subject matter pertaining to this issue. It's on final passage and open for full debate."

The Speaker: "Thank you for bringing that to my attention, Representative O'Brien. I have had the feeling that the Speaker has been extraordinarily patient this morning in listening to the debate and has given wide range thus far on a bill that is confined to a very small area of the FAMCO program and is now running amuck out here on the floor. We would like to confine the remarks, again, to the subject before us, the final passage of Engrossed House Bill 604."

Mr. Kreidler concluded his remarks and Mr. Nisbet spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Chandler yielded to question by Mr. Ehlers.

Mr. Ehlers: "Representative Chandler, it is my understanding that by the amendment we passed, striking $434,000 and inserting $260,000, that in your estimation, was an accurate picture of the costs of this particular program. Is that correct?"

Mr. Chandler: "Representative Ehlers, it's not my estimate of what the costs would be; it's the department's estimate. As a matter of fact, I talked to Mr. Gibbs on the phone just before submitting this amendment, and he told me that they believe there are thirty more patients involved, making it a total of 460, but they can make it with this $260,000."
Mr. Ehlers: "The language which reads, '...were residents of any such facility under the medical assistance program during February 1981...' Would you construe that to mean that if there were more than 430, those people would be covered under the existing dollars if they qualify?"

Mr. Chandler: "That's correct, the intent of the bill is to grandfather anybody who was in the program during February 1981. It was originally thought to be 430, now it's 460."

Mr. Ehlers: "I guess what I'm saying is that it doesn't say that they have to be in the program at that time; it says 'if they were residents of any such facility.' The point I'm trying to make, Representative Chandler, is that the local nursing home that I contacted found that, by their records, there were people who had not received notice, but were, in fact, eligible for the program and who were residents of that facility during February 1981. My question is: Even if they weren't part of the program at that time, as long as they were residents of that facility in February, 1981, would they be eligible for the program?"

Mr. Chandler: "No, they would not, because it very clearly states that they must be residents of any such facility under the medical assistance program."

Mr. Ehlers spoke in favor of the bill.

Mr. Hastings demanded the previous question, and the demand was not sustained.

Representatives Sommers, Becker, Nelson (G) and Chandler spoke in reference to the bill.

POINT OF ORDER

Mr. Heck: "His remarks are clearly straying beyond the scope and object of Engrossed House Bill 604."

The Speaker: "As Representative O'Brien admonished me earlier, Representative Heck, there's a great deal of leeway and latitude that should be given on full debate. However, Representative Chandler, would you confine your remarks as closely as possible to the passage of Engrossed House Bill 604."

Mr. Chandler continued his remarks in favor of the bill, and Mr. Kreidler again spoke against it.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 604 and the bill passed the House by the following vote: Yeas, 97; nays, 0; not voting, 1.

Revising workers' compensation laws.

The bill was read the second time.

On motion of Mr. Dawson, Substitute House Bill No. 31 was substituted for House Bill No. 31, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 31 was read the second time.
POINT OF INQUIRY

Mr. Dawson yielded to question by Mr. King (R).

Mr. King (R): "Representative Dawson, I personally have not seen the fiscal notes that would be attached to the substitute bill. On several occasions we were promised that before we worked the bill we would at least have an opportunity to see those. Are there any available that you could share with us?"

Mr. Dawson: "I am certainly not an expert on procedure, Representative King, but yes, I have been in possession of fiscal notes. We have, in this packet, fiscal notes from the Insurance Commissioner, from the Department of Labor and Industries, and they are in the billbooks, Representative King."

Mr. Bender moved adoption of the following amendment by Representatives Bender and Warnke:

On page 8, line 8 after "amended," insert "and fringe benefits"

Representatives Bender and Scott spoke in favor of the amendment, and Mr. Dawson spoke against it.

Not voting: Representative Winsley.

Ms. Maxie moved adoption of the following amendment by Representatives Maxie and Scott:
On page 9, line 9 after "made" insert "and has personnel who adjudicate claims"

Ms. Maxie spoke in favor of the amendment, and Mr. Dawson spoke against it.

POINT OF INQUIRY

Mr. Dawson yielded to question by Mr. Lux.

Mr. Lux: "Representative Dawson, would this language in the bill allow or mandate that there be hotline numbers that the workers could call, or how do they intend to handle this so a person wouldn't have to make long distance calls hither and yon?"

Mr. Dawson: "Well, Representative Lux, let me seize this opportunity to point out that, yes, indeed, I think the state system does have fifteen field offices, but there is only one place in the entire state, and that's right here in Olympia, where adjudication takes place—let's make certain that we are talking about the same thing—only one place in the state, under the present system, where the adjudication process takes place. When, and if, private insurers are to enter the market, you will have an infinite number of claims offices where claims will be filed and adjudication, if necessary, will take place. Yes, indeed, to answer your question, this bill specifies that a telephone number, and every means by which an injured employee is to contact, toll free, that claims office as specified in the bill. Again, I go back, Representative Lux, as you well know, if they violate the spirit of the law, the certification will be yanked."

Representatives Lux and Scott spoke in favor of the amendment, and Representatives McGinnis and Dawson spoke against it.

Mr. Lux spoke again in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Maxie and Scott to page 9, line 9 of Substitute House Bill No. 31, and the amendment was not adopted by the following vote: Yeas, 42; nays, 55; not voting, 1.

Mr. Taylor spoke in favor of the amendment, and Representatives King (R), Salatino and Warnke spoke against it.

Mr. Taylor spoke again in favor of the amendment, and Mr. King (R) again opposed it.

Representatives Lux and Tupper spoke in favor of the amendment.

On motion of Mr. Ehlers, further consideration of the amendment was deferred while an amendment to the amendment was prepared.

Mr. Lux moved adoption of the following amendments:
On page 9, line 29 after 'state' strike 'and' and insert 'but shall not include'
On page 9, line 30 after 'act,' strike 'but shall not include' and insert 'or'

Representatives Lux and King (R) spoke in favor of the amendments, and Representatives Dawson and McGinnis spoke against them.

Mr. Lux spoke again in favor of the amendments, and Mr. Dawson again opposed them.

ROLL CALL

The Clerk called the roll on adoption of the amendments by Representative Lux to page 9, line 29 and 30 of Substitute House Bill No. 31, and the amendments were not adopted by the following vote: Yeas, 42; nays, 55; not voting, 1.

Not voting: Representative Winsley.

MOTION

On motion of Mr. Hastings, the House advanced to the seventh order of business.

THIRD READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 31, by Committee on Financial Institutions and Insurance (originally sponsored by Representatives Amen, Tilly, Clayton, Owen, McCormick, Barr, Bickham, Fancher, Struthers and Smith):

Revising workers' compensation laws.

The bill was read the third time and placed on final passage.

Mr. Amen spoke in favor of passage of the bill.

POINT OF ORDER

Mr. Heck: "We have neither the amendments nor an engrossed bill, including the amendments that were adopted on this floor yesterday; therefore, I submit we do not have this bill before us and further consideration of it is out of order."

The Speaker: "Representative Heck, to what rule are you referring?"

Mr. Heck: "I don't recollect the exact rule off the top of my head, Mr. Speaker, but it's been a long-established precedent in this body that we don't vote on measures we don't have in our books. Without those amendments, we don't even have this bill."
The Speaker: "Representative Heck, yesterday all of the amendments were passed out to each member. Each member has a copy of Substitute House Bill 31 in the bill books and we passed out copies of every amendment that was dealt with by this House. I am perplexed as to what your point of order is at this point. What rule is it that you are referring to?"

POINT OF ORDER

Mr. O'Brien: "It's just established procedure that the Chief Clerk, at the end of the session, would see that the amendments would be placed in the bill books. This has been going on since 1889. I don't understand why you want to divert from this established procedure and precedent. It's beyond my comprehension to have a bill out here without the proper amendments in it so the members can see them. I would suggest you put the House at ease and have the bill clerks come up and paste the amendments in."

The Speaker: "Thank you, Representative O'Brien. Back in 1889, when Chief Clerk Chiechi was establishing the procedures here, I suppose he probably did that. Representative O'Brien, as you point out, you are putting it as a matter of procedure that maybe has been followed when it has been possible to follow, but there is nothing in our House Rules that I can find that requires that any amendments be securely attached in your billbooks as you are requesting now. The rule that I find is that committee amendments must be securely fastened."

POINT OF ORDER

Mr. Gallagher: "I still say that we should be put at ease. This is a lousy bill."

The Speaker: "Thank you, Representative Gallagher, I'll take that as one of your floor speeches."

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, if you will look at Reed's Rule 48, 'Rights of Members. The rights of each member are based upon the doctrine of his equality with every other member. He has therefore the right to present his propositions and to debate them fully....' I submit to you that each member has the right to ask for the proper procedure here and to not follow it if you are in violation of Reed's rules."

SPEAKER'S RULING

The Speaker: "Representative O'Brien, each member does have the right to fully debate the issue. The amendments were passed to all the members on this floor yesterday, and the members voted on each issue as it came before us. I would expect that each member understands fully which amendments were actually adopted and which ones were turned down because of the attention that all of the members paid to the amendments as they came before the body. I would submit to you, sir, that the rights of all members are being upheld and there is no point of order that I can see that is standing."

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, if you will look at Reed's Rule 33, it states as follows: 'The presiding officer... should have knowledge of parliamentary law, and sufficient good sense to enable him to know when to press a rule and when to let common consent have its way...'"

The Speaker: "Representative O'Brien, the body established the qualifications on the opening day of the session. Your point of order is not well taken."

POINT OF INFORMATION

Ms. Rinehart: "Mr. Speaker, I'd like to know how many amendments were adopted?"

The Speaker: "Twenty-one amendments were adopted, Representative Rinehart."

Mr. Greengo spoke in favor of passage of the bill, and Mr. Ehlers spoke against it.

POINT OF INQUIRY

Mr. Greengo yielded to question by Ms. Becker.

Ms. Becker: "Representative Greengo, you made the statement a moment ago that this bill and its fiscal impact would not have any effect on the general fund. Are you ready to stand up and say unequivocally, for the benefit of the House Journal and for time immemorial, that the passage of this bill will not make additional people eligible for public assistance who were formerly covered by the L&I funds?"
Mr. Greengo: "Representative Becker, I was speaking to the fact that all administration of the fund is specially set up to handle all of the administrative expenses. The moneys that come into that fund will be from premiums that are paid, and they will pay the costs of the administration; they will pay the cost of the default fund; they will pay the cost of all of the benefits that are paid out under this bill. I am personally convinced, that while it's possible to find some workers who may not fare as well under this bill as they do presently, there are many, many, many more who are going to fare much better. Overall, and that's what we have to look at, is this a better system that we are proposing than what we have now? I am convinced that it is a much better system."

Ms. Rinehart spoke against passage of the bill, and Mr. Greengo spoke again in favor of it.

MOTION

Mr. O'Brien moved that Engrossed Substitute House Bill No. 31 be rereferred to Committee on Ways and Means.

Representatives O'Brien, King (R) and Kreidler spoke in favor of the motion, and Mr. Dawson spoke against it.

POINT OF INQUIRY

Mr. Kreidler yielded to question by Mr. Nisbet.

Mr. Nisbet: "Representative Kreidler, as a legislator and as an employer, can you tell me what your rates are going to be two years from now?"

Mr. Kreidler: "The answer to your question is 'no,' but no one else can tell either. The simple fact of the matter is that we are dealing in a situation where we know that the industrial rates, whether it's a state system or any other system, are going to go up. The difference is that we can project right now where the state system would be in two years. If we're sixty per cent, a hundred percent over that, I'm coming looking for the people who made that possible."

Representatives Nisbet and McGinnis spoke against the motion, and Representatives Scott and Pruitt spoke in favor of it.

Mr. Brown demanded an electric roll call vote on the motion, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion that Engrossed Substitute House Bill No. 31 be rereferred to Committee on Ways and Means, and the motion was lost by the following vote: Yeas, 41; nays, 55; not voting, 2.

Not voting: Representatives Erickson, Winsley.

The Speaker stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 31.

POINT OF ORDER

Mr. Heck: "Mr. Speaker, I would like to reraise the point of order I raised earlier and I would like to cite for you Rule 13(8) which states in part, 'All amendments adopted on the second reading shall be securely fastened to the original bill...'."

The Speaker: "I thought before that might be what you were referring to, Representative Heck, and they are all securely attached to the original bill."
POINT OF ORDER

Mr. Grimm: "The bill is not before us. Rule 29(D)(5) of your rules, if I may state, say that every vote to report a measure out of committee shall be taken by the yeas and nays and the names of the members voting for and against as well as the names of members absent and reported on the committee report and spread upon the Journal. As I recall, there was no recorded vote in Rules and so the bill is not before us."

SPEAKER'S RULING

The Speaker: "Representative Grimm, the section in Rule 29, duties of the committees,—the time for making an objection about committee conduct is in the committee and not on the floor. Your point of order is not well taken."

Representatives Scott, Warnke and Salatino spoke against passage of the bill, and Mr. McGinnis spoke in favor of it.

POINT OF INQUIRY

Mr. Dawson yielded to question by Mr. Garson.

Mr. Garson: "Representative Dawson, is it the intent under section 7, subsection (5) to allow the state fund, or any other insurance organization covered under the act, to be able to establish a deviated rate at any time including its first submittal to the insurance commission and the insurance commissioner, and that the function of the rating bureau essentially is a statistical gathering organization, and that the final base rate is developed from informational material and not binding on the members or the insurance commissioner?"

Mr. Dawson: "Representative Garson, I would respond to your question in the affirmative and point out that your concept of what the rating bureau does is essentially correct, and that section you mentioned in your question does provide the opportunity for the state fund to deviate, with permission of the insurance commissioner, downwards and upwards. They are allowed deviations in classification—I think you understand what that means—and they are also allowed to deviate on the basis of administrative experience."

Representatives Garson, Dawson and Leonard spoke in favor of the bill, and Representatives Garrett, Erak, Heck and Lux spoke against it.

Mr. Garson spoke again in favor of the bill, and Representatives Scott and King (R) spoke against it.

Mr. Brown demanded an oral roll call vote and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 31, and the bill passed the House by the following vote: Yeas, 55; nays, 41; not voting, 2.

Not voting: Representatives Erickson, Winsley.

Engrossed Substitute House Bill No. 31, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Mr. Heck spoke in favor of the amendment, and Representatives Martinis and Greengo spoke against it.

POINT OF INQUIRY

Mr. Heck yielded to question by Ms. Monohan.

The community college district shall be responsible for making certain such prescribed training has been completed and shall pay the costs and expenses of such training."

Ms. Brekke moved adoption of the following amendment:

On page 1, beginning on line 11 strike all material down to and including "district." on line 17 and insert "personnel for a security force.

(1) Members of a community college security force may use reasonable force to detain a person when it appears that a person has committed or is attempting to commit a crime. Should any person be detained, the security force shall immediately notify the law enforcement agency having jurisdiction over the community college site. The security force is authorized to detain the person for a reasonable time until custody can be transferred to a law enforcement officer. Members of a security force may use reasonable force in the protection of persons and properties located within the confines of the community college: PROVIDED, That the rights just enumerated are in addition to any others that may exist by law including, but not limited to, the rights granted in RCW 9A.16.020(4).

(2) Any community college board of trustees may employ law enforcement personnel who have been deputized, commissioned, and sworn as peace officers by a municipal or county jurisdiction of the state of Washington, and, further, may furnish the deputizing agency or jurisdiction with surety of acceptance of responsibility for actions of such deputized employees while carrying out their duties under the policies of the employing community college district.

(3) Any law enforcement personnel employed under the provisions of this section shall have successfully completed training as prescribed by the Washington state criminal justice training commission prior to employment. Ms. Brekke spoke in favor of the amendment, and Mr. Barnes spoke against it.

POINT OF INQUIRY

Mr. Barnes yielded to question by Mr. Thompson.

Mr. Thompson: "Representative Barnes, the language in your amendment appears to be identical with the language in section 3 of the Brekke amendment. It concerns me. Is there not a problem with requiring a community college to pay for the training of an individual not yet in their employ?"

Mr. Barnes: "Representative Thompson, this amendment would require community colleges to pay the expense of the training providing a person did not already have the training, but it would require that the training be attained before being employed in the position where they can use the full police powers. They could be employed without using those police powers as security people on campus, as they do now."

Ms. Brekke spoke again in favor of the amendment and Mr. Barnes again opposed it.

Representatives Erak and Nickell spoke against the amendment, and it was not adopted.

House Bill No. 351 was ordered engrossed and passed to Committee on Rules for third reading.

A county coroner, medical examiner, or the prosecuting attorney having jurisdiction may issue a certificate of presumed death when the official issuing the certificate determines to the best of the official's knowledge and belief that there is sufficient circumstantial evidence to indicate that a person has in fact died in the county or in waters contiguous to the county as a result of an accident or natural disaster, such as a drowning, flood, earthquake, volcanic eruption, or similar occurrence, and that it is unlikely that the body will be recovered. Beginning on page 1, line 12 after "Section I.," strike all the material down to and including "affected." on page 7, line 28 and insert "There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.27 RCW a new section to read as follows:

Any child shall be exempt from the provisions of RCW 28A.27.010 upon a written certificate signed by any parent and/or legal guardian of the child or any adult in loco parentis to the child that the religious beliefs or conscience of the signator are contrary to the requirements of RCW 28A.27.010 and 28A.02.201. The written certificate shall be presented to an educational service district superintendent or to a local school district superintendent in the district in which the child resides: PROVIDED, That in lieu of the child's attendance at an approved private school, the parent or legal guardian or adult in loco parentis shall make provision for the education of the child which includes instruction designed to achieve those skills set forth in RCW 28A.58.752, as now or hereafter amended, and such instruction as is necessary to meet the minimum high school graduation requirements as are now or hereafter established by the state board of education."

Representative Ehlers and Hine spoke in favor of the amendment, and Representatives Ellis and McDonald spoke against it.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Lux.

Mr. Lux: "It was mentioned by Representative McDonald that a good part of this deals with religious conscience and so on. What religions, in your definition, are included? What are we talking about when we say 'religion'? Is this a cult, anti-religion? What is included in this term?"

Mr. Ellis: "Representative Lux, there has been a considerable development in the United States Supreme Court opinion on the definition of religion. There's about a hundred page Harvard Law Review article on it; but briefly stated, as I understand it, any matter of conscience, sincerely held, would qualify in that area, so it would cover a broad brace of matters of religious conscience. The bill is a response out of cases in Ohio, Kentucky, North Carolina, where the state attempted to dictate curriculum and other matters to these schools and they lost the cases. This bill is an attempt to accommodate the religious concept, as defined by the Supreme Court, and yet provide some balance of state interest."
Mr. Lux spoke in favor of the amendment, and Ms. Valle spoke against it.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Erak.

Mr. Erak: 'Representative Ellis, on page 1, line 23 of the bill, it says, '...or school districts have the option to be classified as exempt schools...'. Does this say that they have the option if they want to become a private school district, this bill would give it to them?'

Mr. Ellis: 'Representative Erak, are you asking if a public school district could become a private one?'

Mr. Erak: 'Yes.'

Mr. Ellis: 'No, you have to fit it into the concept of Title 28. In fact, Representative Erak, there was no regulation in this state of private schools whatsoever until 1971. They operated and existed, but there was no approval process for them whatsoever. This would not allow the public school districts to opt out, only private schools.'

Mr. Pruitt spoke in favor of the amendment, and Mr. Vander Stoep spoke against it.

Mr. Ehlers spoke again in favor of the amendment.

The amendment was not adopted.

Substitute House Bill No. 196 was passed to Committee on Rules for third reading.

HOUSE BILL NO. 461, by Representatives Prince, Burns, Isaacson, Amen and Stratton:

Authorizing educational reciprocity as to institutions of higher education with state of Idaho.

The bill was read the second time and passed to Committee on Rules for third reading.

HOUSE BILL NO. 76, by Representatives Schmidt, Tilly, Dawson, Patrick, James, Johnson, Nelson (G), Struthers, Winsley, Barr, Addison, Hastings, Granlund, Walk and Owen:

The bill was read the second time. On motion of Mr. Ellis, Substitute House Bill No. 76 was substituted for House Bill No. 76, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 76 was read the second time.

Mr. Patrick moved adoption of the following amendment:

On page 3, line 22 after 'attorney' insert 'legislator; an elected official in the executive branch of state government;'

Mr. Patrick spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Patrick yielded to question by Mr. Nelson (D).

Mr. Nelson (D): 'Representative Patrick, 'legislator,' in this case, refers only to State Representatives and Senators or is this a more inclusive term to include other branches of government and elected officials?'

Mr. Patrick: 'Yes, that's correct.'

Mr. Nelson (D): 'So, it includes city council members, county council members and any elected officials in the state? County commissioners, coroners, sheriffs, anybody that's elected?'

Mr. Patrick: 'No, it includes only those in the executive branch of government at the state level.'

Mr. Nelson (D): 'So we're only talking about State Representatives and Senators, then?'

Mr. Patrick: 'And the executive branch.'

Representatives Padden, Becker and Nelson (D) spoke against the amendment, and Representatives Schmidt and Struthers spoke in favor of it.
POINT OF INQUIRY

Mr. Patrick yielded to question by Mr. Pruitt.

Mr. Pruitt: "The question I didn't think of in committee or I would have asked it, is, in the countries where there are political assassinations are there death penalties in those countries?"

Mr. Patrick: "To the best of my knowledge, those countries that are having difficulties with political assassinations do not have a strong law dealing with death penalties."

Representatives Pruitt and King (R) spoke against the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Patrick to Substitute House Bill No. 76, and the amendment was not adopted by the following vote: Yeas, 43; nays, 50; not voting, 5.

Mr. Tilly moved adoption of the following amendment:

On page 3, line 22 after "attorney;" strike everything down to and including "officer;" on line 23.

Mr. Tilly spoke in favor of the amendment, and Mr. Struthers spoke against it.

The amendment was not adopted.

Ms. Becker moved adoption of the following amendment:

On page 3, following subsection (5) strike all of subsection (6) and renumber the remaining subsections consecutively.

Ms. Becker spoke in favor of the amendment, and Mr. Tilly spoke against it.

POINT OF INQUIRY

Ms. Schmidt yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Schmidt, on page 3, in the section we are dealing with in the Becker amendment in subsection (6) there is a qualification there—"the murder was related to the exercise of official duties performed or to be performed by the victim"—yet above that on lines 2 and 3, where we are talking about murders of law enforcement officers, there is another qualification—"the victim was known or reasonably should have been known by the person to be such at the time of the killing." I guess I see that as kind of a softer qualification in terms of the judges and the other people than for police officers so that the murder must be, with more certainty, connected with the official duties for a police officer than it is with a judge. Would you comment on why we don't have parallel language in the bill in those two sections which would otherwise seem to be quite similar?"

Ms. Schmidt: "Representative Nelson, I am not an attorney. I have worked with the Prosecuting Attorney's Association in perfecting this bill. The only purpose in coming up with House Bill 76 is to provide this state with the strongest, most constitutionally sound death penalty that can be produced. I cannot question the wording. I understand it is current wording at this time and for that reason it was left in."

Mr. Nelson (D) spoke in favor of the amendment, and Mr. Tilly again opposed it.

The amendment was not adopted.

Mr. Wang moved adoption of the following amendment by Representatives Wang and Berleen:

On page 5, following line 11 add a new subsection as follows:

"(4) Upon receiving the notice of special proceeding, the court shall appoint counsel to assist the defendant's attorney. Counsel appointed pursuant to this section shall have at least five years' experience in criminal law in the state of Washington and shall be approved by the Washington supreme court. The
Washington supreme court shall adopt such standards for the approval of counsel as it deems necessary to ensure expert counsel for those subject to the sentence of death. The cost of counsel appointed pursuant to this section shall be borne by the state.

Mr. Wang spoke in favor of the amendment, and Representatives Hastings and Schmidt spoke against it.

Mr. Wang spoke again in favor of the amendment.

The amendment was not adopted.

Ms. Schmidt moved adoption of the following amendment:

On page 7, line 17 after "unanimously." insert "In order to return a negative answer to the question posed by this subsection, the jury must so find with at least ten votes. If the jury, after due deliberation, is unable to answer the question posed by this subsection, the trial court may declare a mistrial."

Ms. Schmidt spoke in favor of the amendment, and Mr. Padden spoke against it.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Schmidt to page 7, line 17 of Substitute House Bill No. 76, and the amendment was adopted by the following vote: Yeas, 49; nays, 46; not voting, 3.

Not voting: Representatives Chandler, Stratton, Taylor.

On motion of Ms. Schmidt, the following amendment was adopted:

On page 8, line 14 after "jury" strike "fails to return an affirmative" and insert "returns a negative"

MOTION FOR RECONSIDERATION

Mr. Erak, having voted on the prevailing side, moved that the House reconsider the vote by which the amendment by Representative Schmidt to page 7 was adopted.

MOTION

On motion of Mr. Nelson (G), further consideration of Substitute House Bill No. 76 was deferred, and the bill was ordered placed at the top of tomorrow's second reading calendar.

HOUSE BILL NO. 219, by Representatives O'Brien, Wilson, Struthers, Sherman and Brekke:

Regulating transactions between artists and art dealers.

The bill was read the second time. On motion of Mr. Sanders, Substitute House Bill No. 219 was substituted for House Bill No. 219, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 219 was read the second time and passed to Committee on Rules for third reading.

Mr. Sanders: "The question I had in my mind, is the revenue coming in from fees equal to the expenditures that are being appropriated in the bill?"

Mr. Mitchell: "Historically, all licensing bills are supposed to cover their own expenses. This is an exception. As far as my own position, I'm staying rather neutral on it and the reason I'm staying neutral is that I do believe that this profession should be upgraded and this is an opportunity for the people to have good care as far as midwifery is concerned. I admit that it's not fiscally responsible at this time as far as immediate revenue, however, they did state that within two years there would be possibly a hundred people qualify as midwives."

SPEAKER'S RULING (MR. AMEN PRESIDING)

The Speaker (Mr. Amen presiding): "The scope and object of House Bill 279 is to the method of what school directors may run at large. The act only affects chapter 28A.57 RCW. The bill was read the second time.
POINT OF PARLIAMENTARY INQUIRY

Mr. King (R): "Attached to House Bill No. 385 is a fiscal note which may not be a fiscal note, but it does indicate that some agencies that were sampled by the Office of Fiscal Management, that DSHS would have an increased cost of $303,395, the Department of Agriculture, $100,546. These figures would indicate that the bill would require more than $50,000 or would have an impact of that amount. My inquiry is, what process would be used to follow the rules to have this referred to Ways and Means Committee? Is that done by you or does it have to be done by motion?"

The Speaker (Mr. Amen presiding): "Representative King, the amount seems to be indeterminate. You have the option of making a motion, if you so wish."

House Bill No. 385 was passed to Committee on Rules for third reading.

The Speaker resumed the Chair.

RESOLUTIONS

WHEREAS, Responsible expenditures of state funds by state agencies is of vital importance to the fiscal integrity of the state and is crucial for the continued survival of the state; and

WHEREAS, The budget and accounting act, chapter 43.88 RCW, provides an effective and essential budget and accounting system for all activities of state government; and

WHEREAS, The House of Representatives has received information indicating that certain officers and employees of the Department of Social and Health Services have not complied with the budget and accounting act in expending funds appropriated for programs and purposes including, but not limited to, the state penitentiary and a program to aid violent and disturbed children; and

WHEREAS, The House of Representatives has received information indicating that the Department of Social and Health Services has not followed expenditure allotment procedures, that appropriations have been overexpended, overencumbered, or expended contrary to the terms, limits, or conditions of the appropriations, and that there has been malfeasance, misfeasance or nonfeasance on the part of certain past or present officials or employees of the department;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the Attorney General of the state of Washington is requested to immediately investigate the Department of Social and Health Services for compliance with the budget and accounting act and for proper expenditure of the moneys appropriated to the department, and that the Attorney General is requested to bring any appropriate civil action or recommend any appropriate criminal action against past or present officials or employees of the department; and

BE IT FURTHER RESOLVED, That the State Auditor is requested to cooperate fully with the Attorney General in investigating the Department of Social and Health Services and make any necessary audits of the department; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted to the Honorable Ken Eikenberry, Attorney General of the state of Washington and to the Honorable Robert V. Graham, State Auditor for the state of Washington.

Mr. Hastings demanded an electric roll call vote and the demand was sustained.

POINT OF INQUIRY

Mr. Nisbet yielded to question by Mr. Martinis.

Mr. Martinis: "Representative Nisbet, is there anything in this resolution that is intended to detract from the outstanding job that Mr. Bob Graham, our State Auditor, has done or even to imply that he has not performed as the office dictates?"

Mr. Nisbet: "On the back page of the resolution, line 2, you will note that we have requested that State Auditor Graham work with the Attorney General in order to accomplish the examination of this very serious breach. It is our intention, and that is why we have placed it here, that this be a joint effort on the part of our State Auditor and our State Attorney General."

Mr. Martinis: "Is it for me to understand that there is nothing in this act that is to detract from the job that he has been doing?"

Mr. Nisbet: "Representative Martinis, if I felt Mr. Graham needed to be on the front of that resolution, he would be there. So I can say that you are perfectly right in your contention that he is on the back page and not on the front page."

Representatives Berleen and Williams spoke in favor of the resolution.

MEMORIAL PROGRAM

Presiding: President of the Senate John A. Cherberg
Chairperson: Representative John L. O'Brien

INVOCATION

by

Father William Treacy
Our Lady of the Lake Catholic Church, Seattle

"May God's peace and compassion be with you, the family members, fellow legislators, and friends of those whom you recall in this memorial service. It is my privilege, for which I am grateful, to ask God to be with us in this memorial service. Many times these members voted in these chambers on various issues. Today they call us to cast a vote for them. It is a single issue vote; one of the more important votes we can cast, one of the most crucial votes they ever cast, too. It is this: We are asked to vote in the inner sanctuaries of our hearts as we recall their memories to affirm the belief that they are still alive—more fully alive than ever—sharing in the mystery of a new spring with a God who renews our earth each year.

"Almighty God, Giver of Life, we see the evidence of Your power and might in the magnificent blossoms appearing on the hitherto bare branches of our trees. New life is literally
bursting out all over after the death of winter. Give to each of us the assurance that death is for the winter for which we passed towards a new and eternal spring. As we honor these loved ones today in this memorial service, they call us to cast a unanimous vote along nonpartisan lines, without regard to church or creed, that the last of life is truly the best for which the first was made. For peace and hope to sustain us along the road of life to comfort us in moments like this, we thank You, God. Amen.”

MEMORIAL TRIBUTE
by
Representative John L. O'Brien

"We are assembled today to pay a fitting tribute to the lives and services of distinguished former members of the Senate and the House of Representatives of the State of Washington, who have passed from among us during the last two years. The Forty-seventh Legislative Session of the State of Washington conveys its respect on behalf of the people of our state to these deceased legislators who once sat in the hallowed chambers of the House and Senate, answered roll calls on sometimes critical and perplexing measures, attended committee meetings, and at all times served to the best of their ability to make our state a better place to live. They have passed to their eternal reward; however, their achievements, records and valued services are recorded in the journals of the Senate and House and are a permanent part of the history of the state of Washington. We express our sympathy to the bereaved families and friends and share with them on this occasion the happy memories of the legislators who served beyond their call of duty and responsibilities, loved the state of Washington and left a legacy of dedicated public service that will remain always in our hearts."

POINT OF INQUIRY

Ms. Teutsch yielded to question by Mr. Mitchell.

Mr. Mitchell: "Representative Teutsch, you have been working on this legislation for many years, and how would this amendment affect your bill?"

Ms. Teutsch: "Representative Mitchell, that is up to the legislature because you are looking at how we will fund this legislation. It was funded from the general fund for the past two years, but the advisory committee was aware of the problems we were having in this state with revenue, so they chose—rather than be in competition with so many other fine programs, recognizing that we don't have enough money in the general fund—for a short period of time they would draw money from the marriage dissolution program, then I understood there was a problem, that the court information judicial system wanted the money. So you are asking how to vote on this amendment? I will have to leave that up to your conscience, but then I'm going to seek your support for whatever the funding source is, so that we can continue this program for the displaced homemakers. Recognize that the displaced homemakers are not a group of people that necessarily have a wide band of support because their hair is gray and they've spent a lot years in their homes. Please, legislators, don't forget them. Vote your consciences and then help me get this bill through the legislature."

Mr. Chandler spoke against the amendment, and it was not adopted.

On motion of Mr. Hastings, the committee amendment to the title was adopted.

On motion of Ms. Teutsch, the following amendment to the title was adopted:

The Reader of the Senate read the following letters to Senator Magnuson from Congressman Thomas S. Foley and President Reagan:
I regret that I cannot be there personally to add my voice to those paying tribute to a great man. For years I have benefited from the guidance and knowledge of Warren Magnuson as Washington State has grown and prospered from his service.

It is appropriate on this day as we pay tribute to you, Maggie, that we also pay tribute for the things you have done. As a result of your efforts, lives have been saved, medical knowledge furthered, wilderness areas set aside and farmland protected. In all, you have, in no small way, helped make this state great. We can never repay you for your compassion and concern—but we can thank you from the bottom of our hearts.

Sincerely,

THOMAS S. FOLEY, Majority Whip.

March 19, 1981

Dear Senator Magnuson:

I am very proud and happy to extend my congratulations and best wishes as your friends and former colleagues in the Washington State Legislature gather in a Joint Session to honor you.

"Maggie Day" is a special tribute to a special gentleman whose forty-four years in the United States Congress reflect your caring spirit and dedication not only to the people of your home state but to those of our great nation.

Nancy joins me in saluting you and your distinguished career.

With warm personal regard and, again, our congratulations.

Sincerely,

RONALD REAGAN, President.

TRIBUTES

Senator Bottiger: "Mr. President, members of the Legislature, I take great honor on speaking in behalf of the Democratic Caucus in the Senate, Maggie, to extend to you our tribute and our good wishes. I think each of us has a special story he could tell and the one that comes to mind most vividly to me is: Some few years ago when we had a problem with a tanker bill here in the Legislature—we had passed it; it got vetoed, and there were a couple of phone calls back to you and to your staff, explaining the problem and asking what could be done—of course, along came a little amendment to the Marine Mammal Act to preserve Puget Sound from the supertankers, hopefully for a long, long time to come in the future.

"More than any one story, I think what you left when you left the Senate, and what you contributed to all of us is more symbolic by the quality of the people you brought around you and the ability of you to collect the friends and instill the knowledge that you, and you alone, have. I think you have taught so much to so many that will last so long that this state will always have Warren Magnuson."

Senator Jones: "Mr. President, members of the Legislature, guests and fellow taxpayers (that gets us all into the act, I guess). Speaking for the Senate Majority Caucus, I would like to add these words, Senator Magnuson. We feel that it is appropriate that we pay tribute today to a man whose long and distinguished career began as a member of this body. You, armed with those legislative skills that you acquired here in Olympia, went on to represent this state in Washington, D.C. for over forty years. During that time you became a recognized leader in the areas of health care, communications and transportation. Your great love of the sea and its resources raised the issue of ocean policy to a level of national and international concern. You are a founding member of the bipartisan Northwest Coalition in the Congress with our neighbors from Idaho, Montana, Oregon and Alaska. The list of your accomplishments does seem endless, but in anyone's career there comes a time to pause and reflect on the record and it is in this spirit that we join together to honor you, Senator Magnuson."

Representative Gary Nelson: "Mr. President, ladies and gentlemen of the House and Senate, distinguished guests: I would like to reach back after having been reminded by the slides here today that when Warren G. Magnuson began his career here in the Washington State Legislature, he was known as the most expert and learned parliamentarian in these chambers. I guess the theory goes back that we had senators in public life who became identified with one major issue and we had others who became mechanics of this process, perhaps in a quiet fashion, and Warren G. Magnuson was known as the man who knew the process, sometimes being quiet until someone chose or gave him reason not to be quiet, and then Warren G. Magnuson let his feelings be known. I should point out to the new members of this body that learning the parliamentary maneuvers and learning how to make this process work is very important, and in his career here, Maggie was proof positive. Mr. Magnuson learned here, over half century ago,
that good intentions are not always enough. That we must translate good intentions into good public policy. Sometimes, perhaps we didn't agree with Maggie's philosophy, but never did we question his good intentions.

"Mr. Magnuson, you've certainly made your mark on the citizens of the State of Washington and in this body. You began as a prosecuting attorney in the late twenties and early thirties. The state did have its gangster and undercover operation times even here in scandal–free Washington, and we are proud of the efforts you made on our behalf in taking that squeaky-clean reputation to Washington, D.C. as a congressman. Sir, we welcome you back today. We know that you will continue to make a contribution to our state. I guess we all should be careful because perhaps, sir, you may start over again in this legislature and most of us are getting to like our jobs."

Representative O'Brien: "Mr. President, ladies and gentlemen of the House and Senate, distinguished guests: Speaking on behalf of the Democratic Caucus, today we are honoring one of the most outstanding citizens of the Twentieth Century, Warren G. Magnuson, who began his elective public service career here in the Washington State House of Representatives. Today we are proud to have the opportunity to welcome you home, Warren.

"Warren G. Magnuson served in the 1933 Session of the Legislature and was Chairman of the Unemployment Relief Committee. Then, as now, we were very much concerned about the plight of the unemployed. At that time he introduced House Bill No. 88, an act relating to and providing for the development of the Grand Coulee Power and Irrigation Project. This bill was referred to his committee on Unemployment Relief, where for some reason, it never saw the light of day. I make reference to this incident only because, as many of you will recall, President John F. Kennedy, in his comments on Senator Warren Magnuson's achievements in the Senate, said that Senator Magnuson was an unassuming person, very humble in his relations with other Senators, and on one occasion, on the floor of the Senate asked them to support a little amendment to the budget bill which authorized the construction of the Grand Coulee Dam. Apparently Warren had been interested in that area for a long time.

"He rose to the highest position in the Senate, President Pro Tempore, which is constitutionally appointed third in line to the Presidency of the United States. We were all fully cognizant of the role he played as chairman of the all–powerful Senate Appropriations Committee, where he did more for our state than anyone in its history. His continued commitment to health care earned him the nickname of Mr. Health. In 1980, he was awarded an Honorary degree by the Georgetown University for his humane efforts in the field of health and welfare and students. The first bill he ever introduced in Congress established the National Cancer Institute which became the National Institute of Health. In 1973, he was the recipient of the Albert Lasker Public Service and Health Award, which is considered by some to be as noteworthy as the Nobel Prize in medicine.

"One day at a reception in Washington, D.C., he commented that he had had a very difficult time with the budget that day where cuts had been made, and he said, 'You know the Senators are still talking to me and they are here tonight.' Which shows the deep affection that his fellow senators had for Warren Magnuson, and he had for them.

"Senator Magnuson was of tremendous assistance to us on the dedication of the Mother Joseph statue ceremony on May 1, 1980 in the national Capitol. He has been willing at all times, to be of service whenever called upon. His congressional staff and his long–time assistants were of great assistance to him. They were active and busy and he often referred to them as his 'bumblebees.' He had a great attraction for young people. Many wanted to serve on his staff as interns.

"Senator Warren G. Magnuson has received many rewards for his outstanding leadership and his assistance in the fields of education, consumer and environmental protection.

"Senator Magnuson will be sorely missed, not only by the people of this state, but the nation as a whole. We extend our best wishes to Warren Magnuson on his retirement from public service, and with the feeling that it must be a genuine source of personal satisfaction to him that his long and dedicated public service will be forever recognized in the annals of the history of the State of Washington and that he left a legacy to our state and nation that will be hard to surpass."

Speaker Polk: "Senator Magnuson, I am especially pleased and honored to participate in these proceedings, because what really unites all of us today is the fact that we are all here as legislators. Certainly, you, Senator, have had a long honorable service to our country and legislative productivity. One of the favorite things that visitors do when they visit the House of Representatives is walk around the offices upstairs on the fourth floor and see all the pictures of
former legislators. Somewhere around 1933 is a fine one that has a handsome young freshman legislator with the name Magnuson under it. Do you remember what it was like around here in 1933? I don't, I have to confess, so I had to do a little bit of research. I thought as we go through the things we are going through this year it might be constructive to note what they were doing at that time.

"Things really haven't changed so much in the past thirty-five years, you'll find. Back then the press also clamored about the danger of prolonged legislative sessions, only then the headlines said, 'Solons predict 40-day session of the Legislature. Nelson sees little chance of legislative adjournment.' I can assure you, Senator, that is not our present majority leader but Senator L.H. Nelson. I note then, as now, government interference was a hotly debated topic. Thirty-six days of that particular session were spent on debating the state liquor system. This headline really fascinates me: 'Sale of liquor here confined to drug stores.' Right next to that is another headline which says: 'Legislators adjourn for lunch without deciding appropriation.' Some things never change. For a black Republican heart like mine, it was especially gratifying to note that the young Representative, Warren Magnuson, was in the forefront leading the fight for free enterprise as he opposed the state's intrusion into the free market in this question of the state liquor stores. I love this quote because the persuasion of the logic is overwhelming: 'My grandfather could produce and deliver bottled spirits faster than any state controlled agency.'

"In the area of committee work, very little has changed, my friends. Maggie's very first bill, just a little hummer to authorize state purchase of Grand Coulee Dam, didn't get out of committee. And of course there was a budget fight complete with court action to revise the 1934 education budget. So Senator, on this occasion, it ought to give us a lot of hope. Take special heed, freshmen legislators, who thought it difficult to move your bill out of committee, that Maggie made it through all the adversities of being a legislator and how!

"Senator Magnuson, it is a pleasure for me today to present to you another plaque. I guess my role today is as a presenter. This reads, 'Since 1931 Warren Grant Magnuson has set the highest standards for public service. His dedication to the best interests of his constituents, the environment, the well-being of this nation and its people are hallmarks of his unparalleled career and an inspiration to legislators everywhere.' Thank you, Maggie."

President Cherberg: "Ladies and gentlemen, it is now my pleasure to perform one of the most rewarding acts I've done in my life. I'd like to say that behind every man who has ever climbed to the heights of success that Senator Magnuson has reached, there is a strong woman behind him holding the ladder—Jermaine Magnuson."

The President of the Senate presented Mrs. Magnuson with a bouquet of roses.

President Cherberg: "The best way to introduce the Governor is to do it short and simply, but I don't want to do that in this particular instance because I believe that most of you know that John Spellman's father, Bart Spellman, was a football coach at the University of Washington at the time that Senator Magnuson was an outstanding quarterback. Therefore, Senator Magnuson knew the Spellman family before John did. There's one other little angle, that being that Bart Spellman was also a coach at the University of Washington when I was trying to be a football player. I at least knew the Spellman family when John was maybe two or three years old. Now it is with great pleasure and high honor that I introduce, with all due respect and affection, His Excellency, the Governor of the State of Washington."

Governor Spellman: "Let me first say how happy I am Mr. President, distinguished members of the Legislature, honored guests, everyone, to be here to honor Senator Magnuson. Yes, Lieutenant Governor Cherberg, the Senator and I go back a long way. He not only, of course, played football with my father, but I know the night he was first elected he spent most of the night with my father.

I know also that he appointed my brother to the United States Military Academy and introduced me to the Supreme Court when I was first admitted to the bar, so we go back a long way. There is little to say about the history of Senator Magnuson's career as others have already said it so eloquently. I will read you a proclamation after while.

I think the Senator typifies a couple of things. First of all, Sam Rayburn's statement that, very early on, he learned to disagree without being disagreeable, which is a great virtue in public life. The thing that sticks out—I was trying to think what thing really does stand out—was maybe two years ago. I was in Washington D.C. as County Executive—and I have to add the Senator didn't start his political career in Olympia, he started in King County as prosecutor and a darn good one—I had to leave his office to go somewhere else and the Senator, who
was Senate Leader Pro Tern, arranged for me to have a ride. It was, of course a very special car, with a hotline to the White House. The gentleman who was driving the car was somewhat senior, and we struck up a conversation, and I asked him about himself. He said, 'Well, I was the driver for Hubert Humphrey for the last few years of his life and the Senate assigned me to that position. When Senator Humphrey died, a lot of me died with him.' He said Humphrey was such a warm and caring man and he was confident that the void in his heart would never be filled. Then he concluded by saying, 'It has been filled. I called Muriel Humphrey the other day and told her that my period of sorrow was over, that Warren Magnuson has filled that position for me, because he is a man who really cares about people. About the people who drive him in the car, about people he meets on the street.' I think that is the outstanding characteristic about Maggie. He has had an illustrious career, but based on the fact he cares about each individual person, no matter what their walk of life.

"So, as Governor, I'd like to read a proclamation:

WHEREAS, Warren Grant Magnuson has served the people of Washington State with extraordinary distinction for forty-eight years, including thirty-four years as this state's senior United States Senator; and
WHEREAS, he has displayed national leadership in the fields of consumer protection, health care, and environmental quality, among many others; and
WHEREAS, he has made inestimable contributions to the economic prosperity and enviable quality of life this state enjoys; and
WHEREAS, he demonstrated that public officials can and must work as a team if the well-being of the people is to be protected and enhanced; and
WHEREAS, he proved that humor and good will have a place in politics, while enmity should not; and
WHEREAS, he has been a legislative master who was always there, and always ready, whenever we needed him; and
WHEREAS, he is affectionately known as "Maggie" in every corner of his state; and
WHEREAS, we will heed his example always, but will not see his equal again; and
WHEREAS, it is fitting that we, the people, should pause to honor him and thank him, and show him the respect and admiration we feel for him and his great life's work:
NOW THEREFORE, I, John Spellman, Governor of the State of Washington, hereby proclaim Thursday, March 19, 1981, as

MAGGIE DAY

and urge all citizens of the state to follow the great example set forth by this very great American.

Signed, this 19th day of March, 1981
JOHN SPELLMAN, Governor.

President Cherberg: "Honored ladies and gentlemen, on several occasions the President has had the opportunity to be present when Senator Magnuson has received glowing introductions. On such occasions, the Senator would generally reply that if his father had happened to be present he would have enjoyed the remarks, but if his mother were present she would have believed them.

"Senator Magnuson, you have received the highest of accolades that the members of the Legislature and the officials of state government have been able to impart to you. I'm sure that every person in the House who has heard these remarks believes every word. I certainly do. I tried to do the best I could to introduce Governor Spellman and the best way, I believe, to introduce Warren Grant Magnuson is to just say, 'Here's Maggie!'

Senator Magnuson: "Governor Spellman, John, Mr. Speaker, members of the Supreme Court, fellow legislators, ladies and gentlemen: I am a little bit overwhelmed and I suppose I ought to just say thank you and sit down and quit while I'm ahead, but I know you'll be patient with me and listen to a few remarks that I have prepared for this occasion.

"It was here, as has been mentioned so many times today, that my own life as a legislator started. I sat down there in the second aisle seat and that was 48 years ago. That's half a century almost. So there's a flood of memories—good memories—that well up in my body when I look at this Chamber. I'm sure that as I sat there that I never believed in my wildest dreams that I would be back here today, a half century later, speaking to this group. But the Lord has been good to me. He's kept me well and healthy and here I am.

"Although I do not expect this to be my last visit here or with many of you, the fact that I now have a greater degree of freedom to say what I might makes it even more difficult to single
out what I wish to say to you today. But knowing that some of you might have the good fortune, or the curse, whichever you want to call it, to serve as a legislator as long as I have, I want to say a few things about legislators. Although the problems facing you during this session loom large, they differ mainly in degrees to what my colleagues and I faced right here in 1933. They differ little from what all members of all legislative bodies in our nation have faced. They always boil down to just how to cope with the problems of the day. I've learned one thing, there aren't any new problems. There's just more of them. That's all—more of them—as the country gets bigger. I am always reminded of that. I have the front page of the New York Times from the day I was born and I can read all of the articles. Newspapers didn't have headlines in those days; they had little stories and everything was on the front page. All I have to do is change the names and the dates and it's the same old story. To meet the challenges of the day is the responsibility that we all assume when we seek legislative office—it is the burden of all who sit in legislative halls. Legislators—John, with due respect to the executive department—are the true keepers of the flame and we must be mindful of just how that happened and how all this got started in our nation.

"After the constitutional convention finally adjourned in Philadelphia and Benjamin Franklin walked out into the square, there was a crowd there and someone asked him, 'What kind of a government did you give us, Ben—a democracy?' He answered, 'No, we gave you a republic, if we can just make it work.' And we've made it work for over 200 years, haven't we?

"A republic means representative government, which you people are. Making it work is what legislating and legislators are all about; you are the power; you're the source, and you delegate out, as it were, to the executive, but elected representatives like yourselves must go about doing the people's business. Sometimes I think the reason we have more executives is because you can't be in session all the time and you've got to leave it up to the good will or at least the foresight or the hindsight of the executive who will carry out what you do.

"I know you must go about doing the people's business in their name and in their best interests and as each of you see it, trying to do what is best for all and not just what the loudest might demand. Now to ignore the problems of our constituents is one option that legislators have, but that is often an option that undermines public confidence. I know that most legislators, most of them, want to address themselves to the issues of the time. I've found, however, that legislators have varying degrees of looking at the same problems and that divergence of views causes problems within the legislature. But down deep all legislators—all of them that I know—Republicans and Democrats in the Congress—I've served with many of them—share the same goals. They want to do what is best for our state and the nation. It's just how to go about it that causes division, but that keeps things interesting, doesn't it? Some problems, I've found, might only need public exposure or extensive hearings and debate and review. Just talking it out, many of we legislators can talk it out without getting into legislation, might help resolve things without positive action. Whatever the problems that a significant number of our constituents face, that is the proper business of legislators. Legislative bodies are the repository of the people's power to do or not to do things. Only you can act. Executives carry out what the legislators direct. And that's just what Ben Franklin meant when he said, 'It's a republic.' It's a representative government, so you are very important people.

"If there is a single hallmark to my own career as a legislator, it was that I was in a position to accept a number of those challenges, delve into the problems and explore the possible solutions with a vast number of experts and concerned citizens. I don't know how many hours and days and weeks I've spent in extensive hearings and listened to people like you're doing right now. Whenever a concensus was attainable we tried to make the solution work and not to ignore the problems of our constituents. And then there were not so many new problems—more often they were variations of old problems caused by growth in the country.

"It was mentioned here today that I was made chairman of the Unemployment Committee, a special committee formed in the 1933 Legislature. If you think you're having trouble with unemployment now, you should have been here then. We had hunger marches down in Olympia; people actually hungry. We appropriated the big sum of ten million for a bond issue to handle the unemployed—ten million dollars. We went through that depression period and we came out of it. We were very important people. It is another duty of legislators to see that change evolves slowly to meet the conditions of the time. It is never easy to determine that and to make that decision. There's a legislative prayer. It goes something like this:

"'Oh Lord, give me the courage to change what needs to be changed; give me the humility to accept what can't be changed; but above all, Lord, give me the wisdom to discern between the two.' That's a legislative prayer.
"Change, itself, is inevitable in our institutions, especially the legislative, and you are
designed to be responsive to the need for change. Most of the forces seeking change today are
represented within legislative bodies, and they can all be heard right here. The marvelous,
resilient, adaptable energy of our free political system should focus right here with you. To me
evolution of legislation is the most appropriate engine for change. Now there have always been
those opposed to any change; their approach to politics is negative. The media has a habit of
grading legislative bodies according to the number of bills they pass. They have a chart. Well, I
can tell them, and you can tell them, that it's sometimes harder to kill a bill than it is to pass
one. That takes some doing. It could be that if a legislature did nothing—didn't do anything
affirmative, except the housekeeping, which they have to do—it could be listed as a good legis-
lature. Some people would like that. That's why our forefathers in the State of Washington
limited us to a sixty-day session. We used to stop the clock; you don't do that anymore—we'd
stop the clock and go on for awhile, not too long, but we had to stay in session continuously.
Everybody had a bet around here.

"Some people just don't trust government anymore but, deep down, maybe they don't
trust people either. But we must trust government and we must trust the people; for govern-
ment is the one institution that the people, collectively, put in place to meet whatever needs the
people might have. Government remains ever accountable to the people and, through them,
that means you. It is a legislator's duty to see that government works well so it will be trusted.
Whether it be the town meetings of colonial days or legislative chambers like this, it is right
here, with legislators like yourselves, where all public issues come home to roost. It is right here
where the job must be done.

"I have received a great honor today. Jermaine and I are quite proud of it; very humble
about it, and it is with no small amount of envy that I view the challenges that you face and
your position to do something about them. I know you will meet those challenges and you will
try to represent your constituents the very best you know how as you see it. You may see dif-
ferently from your colleagues but, as I say, that's what makes things interesting.

"The other day at a press conference some reporters asked me what I'd learned in 48
years as a legislator. That's a tough question. I had to pause and think awhile. I looked back
over my service and thought that you can't be an efficient legislator unless you have the respect
of your colleagues. That's the main thing and one of the main ingredients for that respect is,
first and most important, your word must be good. Perhaps it's a little old fashioned but your
word in legislative bodies should be as good as your bond. You don't have time to make written
contracts.

"Another thing I've learned is most legislators get into trouble because they talk too
much. No legislator is defeated by what he didn't say. There are show horses in legislative
bodies and there are work horses. The work horses usually stay and the show horses sometimes
run into political trouble. They prance and show off too much. I'm of the work horse school in
a legislative body. I also learned that if you have the votes you don't need to make a speech.

"I'm a good example of that. A Senator named Harry Berg, Sr. had been trying for years
to abolish the RFC. He didn't talk very much. His son succeeded him and he didn't talk very
much either. He won by one vote to abolish the RFC. His colleague was absent that day and
had worked for a week on his speech and he wanted to give it, so Harry Berg, to help him out,
moved to reconsider the vote and let his colleague give his speech. His colleague made his 1-
hour speech against the evils of the RFC and they called for the roll again and they lost by 2
votes.

"The last thing I've learned is you must gauge your decisions on all legislative matters by
asking yourself, 'Is this in the best interests of the state or nation?'—not just what might please
some single-issue interest group. Do not give in to the tyranny of single-issue politics. You are
here to represent everyone in the state whether you're a Republican or Democrat. I wish you
every success in your duties. And I wish some of you have the same good luck that followed me
in my own legislative endeavors. In time to come we might even work together on specific
issues or public programs for I am not about to lay aside all of my interests and concerns in the
public realm. I don't think I'll run for the legislature because I live in the 37th District—the
district I represented in Congress—but I couldn't beat George Fleming because he's too good a
Senator. You know we had a lame duck session in Congress after the election and someone
characterized me—all the columnists—that I wasn't a lame duck; I'm a retired rooster. The
rooster is about ready to crow again every once in awhile even though he's retired.

"In closing, if I did not express fully, for both myself and Jermaine, our heart-felt thanks
to all those here who have been so considerate, so helpful and kind to us over the years. That
you've all been so kind does me honor enough. Good luck—and God bless." (Applause)
The President of the Senate requested the escort committees to escort Governor Spellman and the U.S. Congressmen from the House Chamber.

The President of the Senate requested the escort committees to escort the State Elected Officials and the Justices of the Supreme Court from the House Chamber.

**MOTION**

On motion of Mr. Nelson (G), the Joint Session was dissolved.

The President of the Senate returned the gavel to the Speaker of the House.

The Speaker requested the Sergeants at Arms to escort President Cherberg, President Pro Tem Guess and the State Senators from the House Chamber.

On motion of Ms. Becker, the following amendment by Representatives Becker and Williams was adopted:

On page 5, line 25 after "act" and before the period insert ": PROVIDED, That community residential facilities that are constructed and operate to provide services exclusively for more than fifteen mentally ill persons, on July 1, 1981, shall be classified as residential treatment facilities if the county authority determines such classification of the facility is critical for the community mental health program and the facility meets all other requirements for certification pursuant to this chapter."

Ms. Becker moved adoption of the following amendment:

On page 26, beginning on line 27 strike all language through page 27, line 8 and substitute the following:

"The department and the superintendent of public instruction, in consultation with other local government officials and service providers, shall develop a comprehensive plan for the coordinated delivery of mental health, medical, educational, social, and correctional services to children and adolescents. The secretary
shall analyze administrative options for the organization of children's services, and shall report to the legislature by January 1, 1983 on his efforts to provide efficient, effective, and integrated services for children and adolescents.

Representatives Becker and Williams spoke in favor of the amendment.

POINT OF INQUIRY

Ms. Becker yielded to question by Mr. Taylor.

Mr. Taylor: "Representative Becker, I'm seeing this idea in this amendment for the first time and I'm wondering what does this mean? Does this mean they'll provide services through the schools and that the program will be carried on and the schools will be assuming still another responsibility? What really does it mean?"

Ms. Becker: "The intent here is not to call for a whole new branch of services; it's simply to ask for some coordination and cooperation. Obviously, one of the most important arenas where children's mental health services are already being provided, in a sense, is in the school, and it simply makes sense that the division of Mental Health Services and the Superintendent of Public Instruction should be talking together about their mutual interests and not, in my opinion, envision that they would start anything new or call for new rules in the schools."

Mr. Taylor: "If the Department does not ask for more money, does the State Superintendent of Public Instruction ask for more money to involve themselves in this?"

Ms. Becker: "Representative Taylor, they have not, but I guess what I have to say is that they are not going to be given money to do this so to that extent it's obviously not going to be a mammoth new effort on their part, but we do know that they have people who are identified in this and we just assume that they would be willing to have a couple of meetings with DSHS if possible."

POINT OF INQUIRY

Ms. Becker yielded to question by Mr. Tilly.

Mr. Tilly: "Representative Becker, one of the things that I've noticed in my district and the community where we have a mental health program is that it seems to me that they are quite often serving the same clientele. I've wondered why this isn't put under one umbrella? I'm wondering if your amendment would preclude the consolidation of children's mental health and adult mental health programs within a community mental health service?"

Ms. Becker: "Well, it certainly would not be my intent because my intent in offering this amendment is to open up options rather than to limit them. It seems to me that there are many—well, the children's mental health services have never been thought about as a system; they've just sort of grown up. We have crisis intervention here; we have long-term beds over here; and we have community mental health services and nobody has sat down and thought, in my opinion, as to what the most efficient and cost effective and quality way of delivering those services would be. That's the long answer to your question. The short answer is no, it should not preclude that option. I want DSHS to have complete flexibility to rethink this thing from the bottom up."

Mr. Tilly spoke in favor of the amendment, and it was adopted.

On motion of Mr. Tilly, the following amendments were adopted:

On page 27, after line 16 insert a new section as follows:

*NEW SECTION. Sec. 35. The state auditor shall biennially audit the financial operations of the division of mental health of the department of social and health services beginning with fiscal year 1982 through fiscal year 1986.*

On page 5, line 14 after "bidding" insert ": PROVIDED, That no project shall be considered to have reached an advanced stage of construction as used in this act unless the construction of such project is certified to be at least eighty-five percent complete as determined by the method used by the operating agency to disclose relevant information under federal securities laws"

Mr. Wang spoke in favor of the amendment, and Mr. Barnes spoke against it.

Mr. Nelson (D) spoke in favor of the amendment, and Mr. Barnes again opposed it.
Mr. Barnes yielded to question by Mr. Wang.

Mr. Wang: "Representative Barnes, if we cannot define and determine the percentage as you have alleged, how would the percentage of completion be specified in the bids? Are they in violation of the federal securities law in the current bids when they do specify that it is approximately eighty-five percent complete?"

Mr. Barnes: "Representative Wang, you presented an amendment in the committee which would ask them to define the criteria for advanced stage construction. I thought that was a good amendment, and I voted for it. I cannot say that I can answer your question really. I can relate to the airplane business in which sometimes in very early stages when some parts or some instruments of an airplane are being replaced or changed, very often in many stages of the construction it is much more plausible to let a contract by negotiation rather than bidding when you've had several contracts to work on a site."

Mr. Wang spoke again in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Wang and Nelson (D) to Second Substitute House Bill No. 338, and the amendment was not adopted by the following vote: Yeas, 35; nays, 59; not voting, 4.

An independent study to determine the feasibility, cost-effectiveness, need for, and financing of nuclear projects four and five of the Washington Public Power Supply System, an operating agency organized pursuant to chapter 43.52 RCW, shall be conducted by an independent firm or firms or by an institution of higher education in this state, to be determined by the director of the office of financial management. Such study shall be completed and transmitted no later than March 1, 1982, to the governor, the president of the senate, the speaker of the house of representatives, the board of directors of the Washington Public Power Supply System, and the governing body of each participant in the projects. Such study shall include the following:

(1) The prospects for successful financing of plant construction, including analyses of inflation effects, probable interest rates, future monetary policy, market reaction to financing arrangements, and risks associated with such financing arrangements;
(2) The probable ultimate costs and schedule for completing each of the projects;
(3) The probable cost of power produced by each plant throughout the period of plant operation;
(4) The need for the projected output of each project considering the projected demand for electricity, other supply or conservation actions that will be accomplished before each project is completed, and the availability and potential of additional supply and conservation actions that could be undertaken; and
(5) The cost of available energy supply and conservation actions compared to the cost of completing each project, considering life cycle costs and time of availability.

The director of the office of financial management shall contract with an independent firm or firms or an institution of higher education in this state, as he deems appropriate, to carry out the purposes of this section.

NEW SECTION. Sec. 4. There is hereby appropriated from the state general fund not to exceed one million five hundred thousand dollars to the office of financial management for the purpose of contracting for the study required by section 3 of this act. The moneys reimbursed shall be considered part of the cost of construction of the projects."

Renumber the remaining section consecutively.

Ms. Rinehart spoke in favor of the amendment, and Mr. Barnes spoke against it.

POINT OF INQUIRY

Ms. Rinehart yielded to question by Mr. Sanders.

Mr. Sanders: "Representative Rinehart, the way I read your amendment, you're questioning the need for WPPSS projects 4 and 5?"
Ms. Rinehart: "The question is whether or not it can be demonstrated that they are cost-effective and if the financing is feasible. That is one among a number of questions raised, yes."

Mr. Sanders: "Would one of the objectives be to cancel projects 4 and 5 as a result of this study, perhaps?"

Mr. Rinehart: "No, that is not my intention."

POINT OF INQUIRY

Mr. Barnes yielded to question by Ms. Rinehart.

Ms. Rinehart: "Representative Barnes, concerning the House bill on this subject, it was my understanding that bill was not scheduled and would not be scheduled for committee hearing. Is that correct?"

Mr. Barnes: "I'm afraid that's correct. We've really run out of time. However, the bill in the Senate is moving—Senate Bill No. 2972."

Representatives Nelson (D), Tupper and Wang spoke in favor of the amendment, and Representatives Barnes and Isaacson spoke against it.

After June 30, 1987, all bonds issued by an operating agency shall be sold to the highest and best bidder after such advertising for bids as the board of the operating agency may deem proper: PROVIDED, That the board may reject any and all bids so submitted and thereafter sell such bonds so advertised under such terms and conditions as it may deem most advantageous to its own interests."

Renumber the remaining sections consecutively.

Not voting: Representatives Amen, Bond, Ellis, King R.
Ms. Becker moved adoption of the following amendment by Representatives Becker and Tupper:

On page 3, after line 8 insert a new section as follows:

"NEW SECTION. Sec. 3. Any joint operating agency engaged in the construction of one or more nuclear generating facilities on the effective date of this act shall adopt and file with the legislative budget committee a projected total construction budget for completion of the nuclear generating facilities no later than August 31, 1981. The legislative budget committee shall review such budget with the assistance of the administrative auditor appointed pursuant to RCW 43.52.378 to determine whether there is a substantial probability that construction of the facility or facilities will be completed at no greater cost than that specified in the projected total construction budget. If the legislative budget committee determines there is not a substantial probability that the facility or facilities will be completed at no greater cost than that specified in the projected total construction budget, it shall develop an adjusted total construction budget. The legislative budget committee shall report its findings together with the projected or adjusted total construction budget to the speaker of the house and the president of the senate. The operating agency shall not issue any revenue bond or warrant, as defined in this 1981 act, in excess of the amount specified in the projected or adjusted total construction budget unless the legislature adopts a concurrent resolution approving a specific amount in excess of the projected or adjusted total construction budget."

Ms. Becker spoke in favor of the amendment, and Mr. Isaacson spoke against it.

POINT OF INQUIRY

Mr. Williams yielded to question by Mr. Isaacson.

Mr. Isaacson: "Representative Williams, could you inform the body what would happen if the legislature became involved in the supply system and should indeed shut down some of the plants because of the supposed intent of this amendment?"

Mr. Williams: "Several weeks ago we had the opportunity to meet with bond counsel and review the options available to us as a legislative body. It became apparent at that hearing that were the legislature to put itself into this position, it would have a very dramatic effect on the bond rating of WPPSS bonds. If WPPSS had to come before the legislature to get approval of any ceiling, it would have a very dramatic effect on WPPSS bonds. We were trying to find what options we could have to exercise legitimate control over and that's why we met with bond counsel."

Mr. Isaacson again opposed the amendment.

Representatives Tupper, Pruitt and Becker spoke in favor of the amendment, and Representatives Barnes and Williams spoke against it.

Mr. Tupper spoke again in favor of the amendment.
SIXTY-NINTH DAY, MARCH 21, 1981

POINT OF INQUIRY

Mr. Tupper yielded to question by Ms. Stratton.

Ms. Stratton: "Representative Tupper, you gave a date a moment ago when the legislature approved the JOA. What was that date?"

Mr. Tupper: "I believe that was 1975 when we originally set up the JOA authority in the RCW's."

Representatives Stratton and Wang spoke in favor of the amendment.

Mr. Scott demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Becker and Tupper to Substitute House Bill No. 339, and the amendment was not adopted by the following vote: Yeas, 42; nays, 52; not voting, 4.

"NEW SECTION. Sec. 3. There is added to chapter 43.52 RCW a new section to read as follows:

In any year in which an operating agency issues any revenue bonds or warrants as defined in section 1 of this act, each utility participating in any project of the operating agency shall inform its ratepayers of the present rates and the rates projected at the time the project is anticipated to begin commercial operation for each major class of customers. Such information shall be in a clear and concise form, to be determined by the governing authority of the utility, and shall be distributed in each customer's regular billing statement at least once each year."

Renumber the remaining sections consecutively.

Mr. Wang spoke in favor of the amendment.

HOUSE CONCURRENT RESOLUTION NO. 17, by Representatives Wilson, Nelson (G), Mitchell, Houchen, Scott, Sprague, Grimm, Ehlers, Erickson, King (R), Clayton, Martinis, Walk, Sanders, Johnson, Lundquist:

Encouraging the location of high-technology industries in Washington state.

The resolution was read the second time.

On motion of Mr. Grimm, the following amendment by Representatives Grimm, Ehlers, Walk, Erickson, Winsley and Johnson was adopted:

On page 2, line 1 after "companies.* strike "In the case of" and insert "For both Pierce County and:..."
POINT OF INQUIRY

Mr. Wilson yielded to question by Mr. Tilly.

Mr. Tilly: "Representative Wilson, on page 1, line 29, where it talks about the legislature taking appropriate action to include the provision of funds, how wide a scope are you talking about? Highways? Are you talking about schools? Are you talking about other public services that the legislature should provide to these two counties? What is the fiscal impact?"

Mr. Wilson: "Essentially, this resolution is a statement of intent designed to state our desire for new industry in this state and in impacted areas, to help, if we possibly can, the assistance and roads—particularly, road impact, the transportation impact in particular areas. It's not a terrific amount; it's literally a statement of intent, that's all."

POINT OF PARLIAMENTARY INQUIRY

Mr. Heck: "To help the body better understand the process here, could you clarify whether or not questions and answers are appropriate on second reading when they are not germane to an amendment before the body?"

The Speaker: "We should try to stay with what is germane before the body. Sometimes things get a little out of hand, Representative Heck, and I think today's one of those days."

House Concurrent Resolution NO. 17 was ordered engrossed. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and Engrossed House Concurrent Resolution No. 17 was placed on final passage.

Mr. Wilson spoke in favor of the resolution.

POINT OF PARLIAMENTARY INQUIRY

Mr. Nisbet: "I would like to know just how binding on this body this resolution would be. As I read this portion where it states, '..including the provisions of funds, to assist on a fair share basis, the (counties and firms) in providing the necessary public services...' Does that mean that we are committed to whatever funding the counties and these firms determine?"

The Speaker: "Representative Nisbet, a concurrent resolution is the statement of position of the two bodies at this point in time between the House and Senate. I don't believe I can comment on any kind of binding effect it would have in the future years, but as a matter of parliamentary procedure, they are statements between the House and Senate at this point in history."

Mr. Nisbet: "This point in history—Saturday afternoon at nineteen minutes of three or during this session of the legislature, sir?"

The Speaker: "Representative Nisbet, I'll try to state it a little bit clearer. The effect of House Concurrent Resolution No. 17 would be to say that, as of today, the House of Representatives—if this is adopted—would be of a mind to provide funds within our power to support the purposes of House Concurrent Resolution No. 17. Certainly, if there is an appropriation required the matter does have to come before the House and Senate again like any other appropriations bill. It is a statement of the mind of this body today."

MOTION

On motion of Mr. Nelson (G), the rules were suspended, to allow other members to sign on as sponsors of the resolution.

Representatives Gallagher, Eberle, Bender and Granlund signed the resolution.

Mr. Tilly spoke against adoption of the resolution, and Representatives Houchen, Grimm and Taylor spoke in favor of it.

MOTION

POINT OF INQUIRY

Mr. Lewis: "Would we, in light of the cut-off, be able to have the bill before us on second reading, then referred to Rules and then back on third reading in time for action so it can pass this House this session?"

Mr. Chandler: "Representative Lewis, no, I will not tell you that this bill will come out. I will tell you that there is time and I will also tell you, and the other members of this House, this, like a number of other bills, creates a fund—dedicates it to pay for a program, a very worthy one, which in the future would in a sense exempt that program—not others, just as
SIXTY-NINTH DAY, MARCH 21, 1981

worthy or more so—just that one from the appropriations process. That is a very serious situa-
tion and a question that I think the Ways and Means Committee should take a look at. This is
not an act today unfriendly to this bill, or to another that became a question last week, but the
same applies to all of them. They should follow the orderly path of legislation here and the
rules we've set up, so that the Ways and Means Committee has control over all spending and
revenue issues that come through the House."

POINT OF PARLIAMENTARY INQUIRY

Mr. Ehlers: "Mr. Speaker, in our cut-off rules, having to do with exemptions for appro-
priations or revenue measures, do those cut-offs only deal with items that carry their own
appropriation or are those items which have a fiscal impact and do not have an appropriation
also subject to cut-off?"

SPEAKER’ RULING

The Speaker: "Representative Ehlers, I'll draw your attention to Engrossed House Con-
current Resolution No. 3, which says, '...except for the omnibus appropriation, commonly
known as the budget, or supplemental budget, revenue, and redistricting bills.' It does not
imply bills that have a fiscal impact, so I would say that bills that just have a fiscal impact or
an impact upon the budget would be cut off."

POINT OF INQUIRY

Mr. Hastings yielded to question by Ms. Rinehart.

Ms. Rinehart: "Testimony before the Revenue Committee revealed that the choice of fifty-seven percent of gross receipts as the appropriate taxable value of vending machine food sales is based on studies of past sales. There is no guarantee that this percentage will be appropriate in the future. Changes in consumer demand and other factors affecting vending machine food sales may justify a future increase or decrease in the percentage.

To ensure that the Legislature is informed of warranted changes in this percentage, I believe the Department of Revenue should conduct periodic reviews of sales' and tax receipts' characteristics. I propose that the Department of Revenue be asked to complete a first review for the Legislature prior to the 1985 session."

Mr. Hastings: "I am willing to join with you in making a request that the Department of Revenue conduct this review. It is my understanding that a statutory review requirement will not be needed to give the Department direction. The Department has indicated that our request, which will be noted in the House Journal, will be sufficient."

Ms. Rinehart: "I appreciate your support, Representative Hastings. I assume the Department of Revenue is listening and will respond to our request in a timely fashion."

Representatives Sanders and Brekke spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Sanders yielded to question by Mr. Chandler.

Mr. Chandler: *Representative Sanders, the comment was just made by the previous speaker about a very small fiscal impact. I'm one who needs to be concerned about small fiscal impacts, and our rules clearly state that any bill with a fiscal impact of $50,000 or greater must go the Ways and Means Committee. The fiscal note that I see indicates that for the Department of Social and Health Services alone, the impact would be 13-1/2 FTE's and $303,000. I don't mean to get into the way of anyone's good legislation, but I do think we need to follow the rules of the House and have legislation prioritized by the budgeting committee. So unless you can assure me that this bill doesn't have a $50,000 or greater fiscal impact, I must ask that we move it into Ways and Means Committee.*

Mr. Sanders: *Representative Chandler, we've studied the fiscal impact of this bill in depth, and the first indications from the department agencies were a blunted impact because they didn't want anything to do with this bill. As you know, the agencies will frequently unofficially balloon their fiscal estimates in order to kill a bill. When these high estimates came in we did a study on them, and I can provide you with the report. We have it available on the Chief Clerk's desk; it was made by the Independent Business Association and shows that, based on a similar measure which has been passed by the federal government, the fiscal impact on state government will be less than $50,000. I have confidence that is the true fiscal impact.*

Mr. Walk: "Representative Nelson, in section 4, the first sentence requires agencies to encourage architectural engineering firms to submit annually statements of qualification and performance data. Can agencies comply with this requirement by having their associations annually prepare a list of agencies with the names, addresses and phone numbers of a contact person for each agency and then mail this list to the Architects' and Engineers' Coordinating Council?"

HOUSE RESOLUTION NO. 81-30, by Representative Scott:

WHEREAS, The right of way of the abandoned Milwaukee Railroad line stretches for two hundred miles through the state of Washington, starting at the town of Easton and extending through central and eastern Washington to the Idaho border; and
WHEREAS, Retention of the right of way corridor in the public domain would serve the best interests of the citizens of Washington because it would preserve a corridor to serve as a vital route for a rail system should a future need arise, and it would allow development of a valuable recreational area for hiking, horseback riding, and other nonmotorized recreational pursuits; and
WHEREAS, There are fifteen steel bridges and fifty-five wooden bridges along the right of way which have been bid for salvage, and this action would foreclose state acquisition of the corridor for recreational purposes; and
WHEREAS, The cost of the bridges at salvage is $281,000 but the cost of replacing the bridges to allow future use of the right of way as a rail system route would be in the millions of dollars; and
WHEREAS, The legislature acknowledges the value and importance of acquiring the right of way corridor for public use, and recognizes the need to act quickly before public acquisition is foreclosed;
NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That a thirty day moratorium be imposed on any final action which would foreclose the state from acquiring the abandoned right of way for use as a recreational corridor.
BE IT FURTHER RESOLVED, That this resolution does not affect pending or future legislation which promotes port district negotiations or the right of port districts to acquire and operate rail facilities.

Mr. Scott moved adoption of the resolution and spoke in favor of it.

Notwithstanding any other provision of law, school districts, educational service districts, or any other state or local governmental agency concerned with education, when declaring texts and other books, equipment, ((instructional)) materials or relocatable facilities as surplus, shall, prior to other disposal thereof, serve notice in writing to the office of the state superintendent of public instruction which shall then notify any public school district or private school in Washington state annually requesting such a notice, that the same is available for sale, rent, or lease to public school districts or private schools, at depreciated cost or fair market value, whichever is greater: PROVIDED, That students wishing to purchase texts pursuant to RCW 28A.58.103(2) shall have priority as to such texts. Sec. 4. Section 28A.58.045, chapter 223, Laws of 1969 ex. sess. as last amended by section 1, chapter 16, Laws of 1979 ex. sess. and RCW 28A.58.045 are each amended to read as follows:

(b) Purchase real property for the purpose of locating thereon and affixing thereto any house or houses and appurtenant buildings removed from school sites owned by the district and sell for cash, at public or private sale, and convey by deed all interest of the district in or to such acquired and improved real property.

(4) Private schools shall have the same rights as any other person or entity to submit bids for the purchase of surplus real property and to have such bids considered along with all other bids.

(5) Any sale of school district real property authorized pursuant to this section shall be preceded by a market value appraisal by three licensed real estate brokers selected by the board of directors and no sale shall take place if the sale price would be less than ninety percent of ((such appraised market value)) the average of the three appraisals made by the brokers: PROVIDED, That if the property has been on the market for three years or more the property may be sold for not less than seventy-five percent of the average appraised value with the unanimous consent of the board.

(6) If in the judgment of the board of directors of any district the sale of real property of the district not needed for school purposes would be facilitated and greater value realized through use of the services of licensed real estate brokers, a contract for such services may be negotiated and concluded: PROVIDED, That the use of a licensed real estate broker will not eliminate the obligation of the board of directors to provide the notice described in this section: PROVIDED FURTHER, That the fee or commissions charged for any broker services shall not exceed seven percent of the resulting sale value for a single parcel: PROVIDED FURTHER, That any licensed real estate broker selected by the board to appraise the market value of a parcel of property to be sold may not be a party to any contract with the school district to sell such parcel of property for a period of three years after the appraisal.

(7) If in the judgment of the board of directors of any district the sale of real property of the district not needed for school purposes would be facilitated and greater value realized through sale on contract terms, a real estate sales contract may be executed between the district and buyer: PROVIDED, That the terms and conditions of any such sales contract must comply with rules and regulations of the state board of education, therein authorized, governing school district real property contract sales.

Is it your intent that a first class city, such as Tacoma, would be preempted under this bill from enacting local variations of anti discrimination laws? For example, the Tacoma ordinance speaks specifically to advertising, a subject which is not addressed under state law?"

Mr. Wang: "No, Representative Padden, that is not the intent. House Bill No. 100 merely reauthorizes what has been existing law for a number of years. It is intended to be permissive rather than preemptive with local ordinances on discrimination. A Washington court of appeals cited that no real conflict can exist unless the ordinance declares something to be right which state law declares to be wrong, or visa versa; therefore, House Bill No. 100 does not preempt local ordinances."
Mr. Padden spoke in favor of passage of the bill.

Mr. Martinis spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Martinis yielded to question by Mr. Chamberlain.

Mr. Chamberlain: "Representative Martinis, I just wanted to ask, what was the estimated number of permits at the time of this arrangement, and what is the current application number now?"

Mr. Martinis: "First, we have to establish for the record that there has been zero compliance with class IV special forest practices. Where they said that five percent of forest practices applications would be coming under the requirements for a detailed statement, during the period of time when this amendment had been in effect, there has probably been 50,000 forest practices applications. Over half of those applications are Class I and Class II, which do not even need a permit. All they need is simple filing with the Department of Natural Resources. That leaves about 4500 permits. Take five percent and that will give you the figure, but what you have to know is that there's been no compliance whatsoever. That's the point."

Representatives Lundquist and Barr spoke against the amendment, and Mr. McDonald spoke in favor of it.

Mr. Martinis spoke again in favor of the amendment.

The Clerk called the roll on adoption of the amendment by Representative Martinis to page 2, line 12 of House Bill No. 372, and the amendment was not adopted by the following vote: Yeas, 47; nays, 50; not voting, 1.

On motion of Mr. Dawson, the committee amendments were adopted.

POINT OF INQUIRY

Mr. Dawson yielded to question by Ms. North.

Ms. North: "Pardon my ignorance, Representative Dawson, but what's the difference in the risk between a savings at 5-3/4% and a $10,000 money market certificate?"

Mr. Dawson: "Both of those instruments are insured instruments. The money market fund is a slightly different instrument. FGIC insures your passbook savings and insures any deposits up to $100,000. The money market certificate is also an insured instrument and so you have insurance on that particular type of deposit, but you are also guaranteed a certain guaranteed rate. You are guaranteed 5-3/4%. This disclosure would make you aware, if you were to deposit, that you do not have absolute certainty of a guaranteed rate of return. It would vary depending upon the success of that particular fund."

Ms. North: "I understand then that the present 5-3/4% interest could be a varying rate and not guaranteed?"

Mr. Dawson: "This would not affect the passbook savings, it would only affect another instrument that your bank or thrift institution could offer you as a depositor."

Ms. North: "The present money market certificates of $10,000 are guaranteed a rate?"

Mr. Dawson: "Yes, that's correct."

House Bill No. 701 was ordered engrossed and passed to Committee on Rules for third reading.

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, it appears to me the motion to reconsider has to be made today. If the motion carries then the motion by Mr. Nelson would be in order, but to move it over without acting on a motion for reconsideration would be out of order."

The motion has been made by a member who voted on the prevailing side, and Representative Nelson's motion would have us act on it on a succeeding day."

Mr. O'Brien: "Mr. Speaker, if you read the proviso is says, 'Provided, the reconsideration of the vote by which a bill passed or failed must be taken on the next working day after such vote was taken.' I submit to you the vote has to be taken, and it hasn't been taken yet. If the vote is taken and then it carries, then the motion is in order. All you have to do is review the Speaker's rulings of past sessions, and you'll find this is founded."

Mr. Nelson (G) withdrew the motion.

"Section 1. Section 5, chapter 147, Laws of 1974 ex. sess. and RCW 70.37.050 are each amended to read as follows:

The authority shall establish rules concerning its exercise of the powers authorized by this chapter. The authority shall receive from applicants requests for the providing of bonds for financing of health care facilities and shall investigate and determine the need and the feasibility of providing such bonds. (In cooperation with the participant the authority shall work out and specify a project plan or system and the agreements and contracts to be entered into in order to carry out the purposes and policies of this chapter including contracts with respect to construction, financing, maintenance, operation, or management.) Whenever the authority deems it necessary or advisable for the benefit of the public health to provide financing for a health care facility, it shall adopt a system and plan therefor and shall declare the estimated cost thereof, as near as may be, including as part of such cost funds necessary for the expenses incurred in the financing as well as in the construction or purchase or other acquisition or in connection with the rental or other payment for the use thereof, interest during construction, reserve funds and any funds necessary for initial start-up costs, and shall issue and sell its bonds for the purposes of the proposed plan or system:

The bill was read the second time and passed to Committee on Rules for third reading.

Modifying powers and duties of the energy office.

The bill was read the second time. On motion of Mr. Barnes, Substitute House Bill No. 402 was substituted for House Bill No. 402, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 402 was read the second time.

Mr. Tupper moved adoption of the following amendment by Representatives Tupper and Bond:

On page 4, line 18 strike all of subsection (2) through line 27 and renumber the remaining subsections consecutively.

Representatives Tupper and Bond spoke in favor of the amendment, and Mr. Barnes spoke against it.
Mr. Tupper yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Tupper, I'd like to understand fully the fiscal impact of this amendment. You said that one more full time equivalent would be necessary to maintain the library. Have you also calculated how much time would be required by the Energy Office staff to make the trip from their office, which is several blocks west of the library, to use the facilities, if they are moved to the central library?"

Mr. Tupper: "Yes, Representative Nelson, 17 hours, 23 minutes and 6 seconds. No, of course not. Obviously, it's very difficult to calculate the exact amount of time they would spend traveling to and from. In speaking to your question, if you'll look at the fiscal note that we do have, we are looking at $19,992 for a Librarian III in the first year; $21,206 for a Librarian III in the second year, for a total fiscal impact in the biennium of about $40,000, which we would be able to save by the adoption of this amendment."

Mr. Nelson (D): "You don't know what the additional cost would be for the staff of the Energy Office going to use the library?"

Mr. Tupper: "No, I don't, although I would submit that we could easily save $40,000 when we take a look at the rest of the amendments we are going to be doing, which will actually change this office from being a program office to that of being a policy office. I think you'll find we'll be able to save a lot more than the $40,000. I can't conceive of $40,000 worth of travel between the office and the library."

Mr. Nelson (D): "Have you also, Mr. Tupper, included in your fiscal note what it will cost the State Library to maintain that section on energy?"

Mr. Tupper: Obviously, we haven't done a fiscal note on this, Representative Nelson. We are offering amendments and once they are adopted, our new fiscal note will be prepared. There would be some additional cost, undoubtedly; however, you do have a benefit of having a lot of librarians there, some of whom probably are not being fully utilized, and can spend part of their time on the State Energy Office rather than having a fulltime librarian. Or, as Representative Barnes indicated, a 1.3 FTE."

Mr. Nelson (D): "Have you asked Mr. Williams if the State Library has some unused librarians?"

Mr. Tupper: "No."

Representatives Nelson (D) and Williams spoke against the amendment.

Mr. Barnes yielded to question by Mr. Pruitt.

Mr. Pruitt: "Representative Barnes, I understand well that as a central data bank for the professional, the possible needs for this central system are near the coast. Is it also conceivable, however, that this would be materials available for the public?"

Mr. Barnes: "That's true, Representative Pruitt. One of the points brought out by Representative Williams, is that one of the more beneficial functions of this office has been to have information available for other state agencies and for the public. As far as having the information available for themselves and their policy making functions, for those of you who work for political-type groups, as I do, you realize that it's very necessary to have this material and a complete reference right near where you work. Therefore, I would suggest we defeat this amendment."

Mr. Pruitt: "Representative Barnes, if this library is going to be used by other agencies and by the general public in addition to the professionals in the Energy Office, would it not be better to have the materials at a place a little more central to the public? Or at least they have knowledge of a library source at the State Library?"

Mr. Barnes: "That's a point you could argue, Representative Pruitt. I think if they are seeking information on energy and energy matters, they would probably go to the Energy Office as they would need help in going to this library and consulting materials."

Mr. Sanders demanded the previous question, and the demand was sustained.

The director may waive the interest on the unpaid excise tax when the interest exceeds five dollars and the department of licensing determines that the cost of processing the collection of the interest exceeds the amount of interest due.

The tax and all charges authorized under this chapter are a specific lien on the travel trailer or camper from the date it first becomes due under this chapter and shall have priority to and be fully paid and satisfied before any other lien, mortgage, judgment, debt, obligation, or responsibility to or with which the travel trailer or camper may be charged or liable after the effective date of this act. The director shall forward by registered or certified mail a copy of the notice of delinquency to the legal owner recorded with the director under chapter 46.12 RCW.

If the tax is not paid immediately after distraint, the sheriff shall advertise the sale of the travel trailer or camper by posting written notices in three public places in the county in which the travel trailer or camper is located, one of which shall be at the county court house of the county, and by posting a written notice on the travel trailer or camper in a conspicuous place, if he has not taken manual possession of it. The notices shall state the time when and the place where the travel trailer or camper will be sold. He shall tax the same fees for making the distraint and sale of the travel trailer or camper for the payment of taxes as are allowed him by law for making levy and sale of property on execution, traveling fees to be computed from the county seat of the county to the place of making distraint. If the taxes for which the travel trailer or camper is distrained, together with the penalty, accrued interest, and costs and fees accruing thereon, are not paid before the date appointed for the sale, which shall be not less than ten days after the distraint and taking of the travel trailer or camper and posting of the notices, the sheriff shall proceed to sell the travel trailer or camper at public auction. After deducting the costs and fees, he shall pay to the county auditor the amount of money arising from the sale, he shall pay the excess to the owner of the travel trailer or camper so sold or to his legal representative, who shall be deemed to be the county treasurer if the owner or other legal representative cannot be determined or found.

POINT OF INQUIRY

Mr. Pruitt yielded to question by Mr. Nisbet.

Mr. Nisbet: "Representative Pruitt, I know what the term 'physician' means. I think it's pretty well defined, but I see in this particular piece of legislation, the use of the word 'counselor.' I know of camp counselors; I know of a multiplicity of counselors, but I don't really
know what is meant in the sense that it's being used here. Would you explain what you feel it means?"

Mr. Pruitt: "I think a little background of it, Representative Nisbet, is in order. When a woman is going for an abortion procedure, and has some questions on this, she is not likely to choose a camp counselor. She is likely to be going to a place where there is experience and expertise in counseling. That can be a very trusted person, such as a minister, or a counselor who is well skilled in counseling."

Mr. Nisbet spoke against the amendments.

Mr. Sanders demanded the previous question and the demand was sustained.

The amendments were adopted.

Mr. Tupper moved adoption of the following amendment:

Ms. Becker moved adoption of the following amendment to the above amendment:

The bill was read the third time and placed on final passage.

Mr. Dawson spoke in favor of passage of the bill, and Mr. Lux spoke against it.

POINT OF INQUIRY

Mr. Lux yielded to question by Mr. Ellis.

Mr. Ellis: "Representative Lux, you mentioned the other day, the neanderthal states of Kentucky, North Caroline and Ohio, and I'm sure you realize their interest rates far exceed ours without any limitation whatsoever. Arkansas is a state that has the same limit as ours. I'd like to ask you, on what time space of the geological time age, does that place the state of Washington if we don't adopt this?"

Mr. Lux: "First of all, Representative Ellis, Arkansas has a ten percent constitutional limit. I think if you will look at the history of the states on the eastern seaboard, they had lower usury rates than we did—some of them eight percent and some of them ten percent. That is the reason some of those savings and loans on the east coast are in such trouble today."

Representatives Dawson, Barrett and Lewis spoke in favor of passage of the bill, and Representatives Wang, Stratton, Owen and Lux spoke against it.

POINT OF INQUIRY

Mr. Dawson yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Dawson, I think most of us are listening carefully to our constituents on this issue. I certainly have been. I think it's kind of a strange phenomenon that I've found that, given the sound and fury in this legislative body, there is a large contrast between that and the silence from back home. I received a few messages on this issue, and most of those messages were from people that were, in some way, connected with financial institutions or resale businesses. They were in favor of this bill. At the most, I have received one or two messages from consumers and in those cases, neither of them could tell me that they were refused a loan for a consumer purchase. It leaves me rather perplexed to try to understand where the emphasis, where the need and the interest for this particular bill is really coming from. I wonder if you could tell me, given my experience, how I am supposed to understand that? If there is, indeed, a lack of money to loan people so they can make purchases, why is it that we don't hear from them? Why is it that in my district which is a working person's district, an average kind of district in this state, I don't hear from my constituents on this issue?"

Mr. Dawson: "I don't know, Representative Nelson, why you haven't heard from your constituents; however, I will guarantee you that you do have many constituent, as we all do, who are simply unable to get any consumer-type loans at this time. In your area in King County, you have a very large bank that I was informed had set aside $40 million for consumer loans for this year, and they have made none. That same bank, I understand, just this week closed their lending window and laid off one hundred of their personnel who are involved in the consumer lending business. Banks simply cannot loan at that rate. I don't know why those individuals who cannot get consumer loans haven't contacted you. They have contacted me, however."

Mr. Nelson (G) demanded the previous question and the demand was sustained.

POINT OF INQUIRY

Mr. Taylor yielded to question by Mr. Wang.

Mr. Wang: "Representative Taylor, under this legislation, a district may be reimbursed for busing for a program such as bilingual, handicapped, voc-tech, gifted, magnet programs and, in effect, most educational programs except desegregation?"

Mr. Taylor: "I don't know about desegregation. I can't speak to that, but the educational programs that you spoke to, yes. We have discussed before the fact that educational programs, course of study, would be funded under this legislation. I think this has been very clearly stated on this floor. I think you can look at the other part of it, if there is a purpose for educational programs or courses of study, yes, it will be funded, but I think your last question doesn't affect the issue. Your question was, courses of study, and I couldn't answer regarding magnet programs, but in my opinion, yes, I personally feel that we would fund the magnet programs."
Mr. Eng yielded to question by Mr. Wang.

Mr. Eng: "Representative Eng, as a member of the Education Committee, could you speak to the intent of this legislation, and specifically, would you concur with the remarks of Representative Kreidler that the intent of the bill is to eliminate busing for desegregation purposes such as in Seattle?"

Mr. Eng: "Yes, Representative Wang, I feel that the intent of this legislation is to prevent the state from reimbursing the local school districts for transportation costs for the purpose of racial desegregation. This I feel would seriously undermine efforts of the [schools] to desegregate. Also, in part of this bill, the language is very similar to Initiative 350. For example, 'those nearest or next-nearest to a student's residence,' came out of Initiative 350 which our federal courts have declared unconstitutional. Representative Addison has said in Education Committee and has said on the floor of this House that the purpose of this bill is to encourage transportation efficiency, and I have been on the Education Committee for six years and that committee has over and over again made studies in the subcommittee on transportation efficiencies. It has asked the SPI's office to do so; it has asked also the State Board of Education to do so. So, ladies and gentlemen, how can we answer this serious question that has such great fiscal impact by one short meeting in the House Education Committee and then have Representative Addison come out on the floor here and say a few words about transportation efficiency and say that's the real intent of this bill. The real intent of this bill is to eliminate desegregation in Seattle, and that I think, is a racist bill."

Mr. Wang spoke against passage of the bill.

Mr. King (R): "It appears to me that this bill would amend Initiative 350. My point is, will it therefore take a two-thirds vote to pass?"

The Speaker: "Representative King, it is my understanding that this act is in a different portion of the RCW and is not in the same section where it would be amending Initiative 350. Initiative 350 has been voided by the courts and even though it is now in appeal, we do not have a valid law that we would be appealing at this point."

Mr. King (R): "The fact that the court has invalidated the law, does that really have any impact at all on whether or not it takes two-thirds?"

The Speaker: "Representative King, I believe the relevant part is that the act is not amending Initiative 350 or that section of the Code that Initiative 350 was directed toward."

Mr. Pruitt asked Mr. Addison to yield to question, and he refused to yield.

Mr. Pruitt spoke against passage of the bill, and Mr. Tupper spoke in favor of it.

Mr. Addison yielded to question by Mr. Nelson (G).

Mr. Addison: "Representative Nelson, I'm glad you asked that question to establish legislative intent of this body today. My estimation is that those voting 'aye' will be voting to amend section 28A.41.160, which deals with reimbursement of transportation costs and we're simply changing the policy that was established a few years ago when we went into a position of fully funding basic education. The state was trying to decide at that point how to fund it. You've got a lot of districts out there and you've got some districts that are small and that cost a lot; you have growth districts; you have districts that are shrinking and what's a fair way to reimburse? One of the definitions that we are able to come up with, was that we were going to make children walk approximately two miles to school. Other than that, we didn't come up with very much in the way of defining what kind of busing we were going to pay for. This bill simply says that in the legislature's estimation we are going to try to define that a little closer; that we are talking to a neighborhood school policy; that we're not going to bus beyond the
nearest or next-nearest school, unless it's a handicapped child or unless they have a particular course of study that cannot be obtained in the school that's either nearest or next-nearest. So, we are amending section 28A.41.160, which requires the legislature to fund as close to one hundred percent as possible. There's a separate section of the law that deals with programs that we may fund and that's 28A.41.162, and in that section, we talk about the legislature funding transportation for things like population factors, enrollment fluctuations, special programs, including, but not limited to, voc-tech, compensatory, bilingual, urban, racial, disadvantaged, programs for gifted or other special programs that the legislature may define. So, the intent of this legislation, in my opinion, is to talk about a neighborhood school policy and try to further define what was attempted four years ago when we had this struggle over how busing policy would be funded.'

Representatives Rust, Ehlers, Heck and Eng spoke against passage of the bill.

Mr. Hastings, demanded the previous question, and the demand was sustained.

The governing body of any city within a border area or the governing body of any county containing a border area may, after approval by a majority of the voters therein, impose an additional sales and use tax in accordance with the terms of this chapter. The tax shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city. The rate of tax under this section shall not exceed one-tenth of one percent: PROVIDED, That if a county imposes a tax under this section, the rate of tax imposed under this section by a city therein shall not exceed eighty-five percent of the rate imposed by the county.

As used in this section, 'border area' means an area within seven miles of the Washington-Canadian border and that area of Whatcom County commonly referred to as Point Roberts.

NEW SECTION. Sec. 3. Sections 1 and 2 of this act expire on July 1, 1987."

Mr. Greengo spoke in favor of the amendment, and Representatives Becker and Van Dyken spoke against it.

On page 1, line 20 strike "forty-nine and three-fourths" and insert "Fifty"

On page 1, line 20 strike "thirty-nine and three-fourths"

Mr. Greengo spoke in favor of the amendments, and Mr. Van Dyken spoke against them.

POINT OF INQUIRY

Mr. Van Dyken yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Van Dyken, how many taverns do you have in the border area and is that above the state average?"

Mr. Van Dyken: "I'm sorry to disappoint you, Representative Nelson, but I'm not an expert in such things. I just don't know."
Mr. Nelson (D) spoke in favor of the amendment.

The amendment was not adopted.

On motion of Mr. Nelson (G), the rules were suspended, the second reading considered the third, and Second Substitute House Bill No. 257 was placed on final passage.

ROLL CALL

The Clerk called the roll on the final passage of Second Substitute House Bill No. 257, and the bill passed the House by the following vote: Yeas, 85; nays, 11; not voting, 2.

Second Substitute House Bill No. 257, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

HOUSE BILL NO. 444, by Committee on Energy and Utilities and Representatives Tupper, Brekke, Bickham, Bond, Sprague, Hine, Bender, Isaacson, Eberle, Dickie and Ellis:

Requiring donations made by public service companies to be considered operating expenses.

The bill was read the second time. On motion of Mr. Tupper, Substitute House Bill No. 444 was substituted for House Bill No. 444, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 444 was read the second time.

Mr. Isaacson moved adoption of the following amendment:

On page 1, line 26 after "purposes" strike everything down to and including "each" on page 2, line 1, and insert ": PROVIDED, That the public service company, in accordance with the rules established by the WUTC, include annually a notice in its billing which delineates all contributions which have been included in its operating expenses".

Mr. Isaacson spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Isaacson yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Isaacson, in your amendment, is it your intent that when the UTC develops rules to regulate the reporting of contributions in this bill, that they will be somewhat free to allow contributions to similar organizations to be consolidated for the purpose of reducing the reporting requirements? For example, I know that utilities service companies in the state will give to numerous United Way organizations around the state, local United Way organizations, Boy Scouts in various areas, Junior Achievement, Red Cross, Future Farmers, senior centers—those kinds of organizations which have units or chapters around the state. My question is, is it your intent that under the rules, the UTC then would allow those to be grouped together for the purposes of facilitating and reducing the costs of reporting?"

Mr. Isaacson: "That's correct. They should only report the parent organization and the individual chapters need not be listed."

Mr. Nelson (D): "So your intent is, that indeed the actual recipients of the contributions be listed and they not be listed as general groups of charity, scientific and educational?"

Mr. Isaacson: "That is correct. The actual name of the organization should be listed but the individual chapters under that organization would not be listed."

Representatives Nelson (D) and Tupper spoke in favor of the amendment.
POINT OF INQUIRY

Mr. Isaacson yielded to question by Ms. Stratton.

Ms. Stratton: "Are we also going to ask them to declare the additional cost of adminis­tering this regulation that we're putting on them?"

Mr. Isaacson: "As I understand it, to lump sum the contributions will be a minimal cost, but it will provide the consumer with a statement that would indicate how much of their payments are being spent for contributions."

Ms. Stratton: "You do not anticipate, then, additional cost to a company which has thou­sands of accounts and has to prepare these statements?"

Mr. Isaacson: "Representative Stratton, I think the people who are keeping track of this have to keep track of what their contributions are for the sake of reporting them as expense to WUTC, and so that bookkeeping part has already been established and would be useful in reporting the same information to the consumers as they report to the WUTC."

The amendment was adopted.

The Clerk read the following amendment by Representative Nelson (D):

On page 1, line 29 after "recipient" insert "organization"

With the consent of the House, Mr. Nelson (D) withdrew the amendment.

Mr. Wang spoke in favor of the amendment, and Mr. Bond spoke against it.

POINT OF INQUIRY

Mr. Bond yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Bond, what does the word 'bond' or the action of filing a bond mean in this case? Does the person have to put down a thousand dollars or only a portion of that amount? What happens to that bond at some point after the action is filed and dispensed with?"

Mr. Bond: "The normal course of events in this kind of a situation is that if the citizen who brings the suit loses, he loses his bond either in the form of a bond or the thousand dollars."

Mr. Nelson (D): "On the other hand, if the person wins the suit then he gets the money back? What if the suit is thrown out?"
Mr. Bond: "I think the judge usually, in the case where a bond is required to be posted, determines whether or not the action was brought frivolously and that would probably constitute the loss of the bond."

Mr. Nelson (D): "How much does a person actually have to put down? Is it the full amount of the bond?"

Mr. Bond: "You have to guarantee sufficient financial strength so they can get you for the full thousand dollars. The bond is a temporary device which enables you to satisfy the situation without putting up the full amount, but if you lose, you have to find the thousand plus what the bond costs you."

The amendment was not adopted.

Mr. Nelson (D) moved adoption of the following amendments:
- On page 5, beginning on line 14 after "sold." strike all material down to and including "manner." on line 15

POINT OF PARLIAMENTARY INQUIRY

Mr. O'Brien: "What legislative day are we now on?"

The Speaker: "The same one we've been on all day, Representative O'Brien."

Mr. O'Brien: "The day stopped at 12 midnight."

The Speaker: "Representative O'Brien, in your many years of service here in the Legislature, I think you are well aware of the long-standing tradition and the rather historic proportions that this Legislature has followed in both the House and the Senate to figure that the business of the day is concluded when the House adjourns that day. As a matter of fact, I was expecting you would probably ask me such a question, so I went back and took a look in the Journal."

Mr. O'Brien: "Let's hear the ruling."

The Speaker: "You didn't ask for a ruling; you asked for a point of parliamentary inquiry."

Mr. O'Brien: "I'm asking you to rule on whether or not this is the 80th day or the 81st day."

The Speaker: "This is the 80th legislative day until we adjourn."

Mr. O'Brien: "I don't believe it is. It ends at midnight and we're beginning a new legislative day."

The Speaker: "As a matter of fact, Representative O'Brien, because I know there is certain confirmation in the Senate, I checked in the Senate and found that the Lieutenant Governor, a gentleman I know you have a great deal of respect for and have followed the rulings he
has made over the years, and the traditions of the Senate have been well known. The Lieutenant Governor is so widely respected as to have been reelected over and over again because of the way he has dealt with parliamentary procedures, and I know that he has given you advice over the years as to how to rule in this House, and he has decided today is still the 80th day and that we may continue until we adjourn.

"Question by Representative O'Brien at the hour of 12 midnight in the year of 1972, asking of Speaker Swayze which day it was, the same sort of a problem, the Speaker said, 'Yes, in my opinion we are still in the 41st day. I examined the rules of this House and numerous sections of Reed's Rules of Order earlier this evening as we approached the midnight deadline and I find no reference in either our rules or Reed's Rules that midnight is the end of any particular working day.' Of course, Representative O'Brien, you would agree that we should follow and honor ancient and honorable traditions of this House."

Mr. O'Brien: "It's ten after 12 on the 81st legislative day."

POINT OF PARLIAMENTARY INQUIRY

Mr. Nelson (G): "Which legislative day are we presently working under?"

The Speaker: "I still say it's the 80th day, Representative Nelson."

Mr. O'Brien yielded to question by Mr. King (R).

Mr. King (R): "Representative O'Brien, could you tell me what day this is and what time it is?"

Mr. O'Brien: "It's ten after 12 on the 81st legislative day."

POINT OF PARLIAMENTARY INQUIRY

Mr. Nelson (G): "Which legislative day are we presently working under?"

The Speaker: "I still say it's the 80th day, Representative Nelson."

Ms. Erickson spoke in favor of the amendment, and Mr. Barrett spoke against it.

On page 1, strike everything after the enacting clause and insert the following:

NEW SECTION. Section I. The Northwest Interstate Compact on Low-Level Radioactive Waste Management is hereby enacted into law and entered into by the state of Washington as a party, and is in full force and effect between the state and other states joining the compact in accordance with the terms of the compact.

ARTICLE I-Policy and Purpose

The party states recognize that low-level radioactive wastes are generated by essential activities and services that benefit the citizens of the states. It is further recognized that the protection of the health and safety of the citizens of the party states and the most economical management of low-level radioactive wastes can be accomplished through cooperation of the states in minimizing the amount of handling and transportation required to dispose of such wastes and through the cooperation of the states in providing facilities that serve the region. It is the policy of the party states to undertake the necessary cooperation to protect the health and safety of the citizens of the party states and to provide for the most economical management of low-level radioactive wastes on a continuing basis. It is the purpose of this compact to provide the means for such a cooperative effort among the party states so that the protection of the citizens of the states and the maintenance of the viability of the states' economies will be enhanced while sharing the responsibilities of radioactive low-level waste management.

ARTICLE II-Definitions

As used in this compact:

(1) 'Facility' means any site, location, structure, or property used or to be used for the storage, treatment, or disposal of low-level waste, excluding federal waste facilities;
ARTICLE III—Regulatory Practices

Each party state hereby agrees that it will adopt practices which will require low-level waste shipments originating within its borders and destined for a facility within another party state to conform to the applicable packaging and transportation requirements and regulations of the host state. Such practices shall include:

1. Maintaining an inventory of all generators within the state that have shipped low-level waste to facilities in another party state;
2. Periodic unannounced inspection of the premises of such generators and the waste management activities thereon;
3. Authorization of the containers in which such waste may be shipped, and a requirement that generators use only that type of container authorized by the state;
4. Assurance that inspections of the carriers which transport such waste are conducted by proper authorities, and appropriate enforcement action taken for violations;
5. After receiving notification from a state in which a facility is located that a generator within the party state is in violation of applicable packaging or transportation standards, the party state will take appropriate action to assure that such violations do not recur. Such action may include inspection of every individual waste shipment by that generator.

Each party state may impose fees upon generators and shippers to recover the cost of the inspections and other practices under this Article. Nothing in this Article shall be construed to limit any party state's authority to impose additional or more stringent standards on generators or carriers than those required under this Article.

ARTICLE IV—Regional Facilities

Section 1. Facilities located in any party state, other than facilities established or maintained by individual waste generators for the management of their own waste material, shall accept low-level waste generated in any party state if such waste has been packaged and transported according to applicable laws and regulations.

Section 2. No facility located in any party state may accept waste generated outside of the region comprised of the party states.

Section 3. Until such time as section 2 of this Article takes effect as provided in Article V, facilities located in any party state may accept low-level waste generated outside of any of the party states only if such waste is accompanied by a certificate of compliance issued by an official of the state in which such waste shipment originated. Such certificate shall be in such form as may be required by the party state in which the facility is located, and shall contain at least the following:

1. The generator's name and address;
2. A description of the contents of the waste container;
3. A statement that the waste being shipped has been inspected by the official who issued the certificate or by his agent or by a representative of the United States Nuclear Regulatory Commission, and found to have been packaged in compliance with applicable federal regulations and such additional requirements as may be imposed by the state of origin;
4. A binding agreement by the state of origin to reimburse any party state for any liability or expense incurred as a result of an accidental release of such waste during shipment or after such waste reaches the facility.

Section 4. Each party state shall cooperate with the other party states in determining the appropriate site of any facility that might be required within the region comprised of the party states, in order to maximize public health and safety while minimizing the use of any one party state as the host of such facilities on a permanent basis. In determining appropriate facility sites, the party states shall evaluate the qualifications of proposed facility sites, including but not limited to hydrology, geology, and climate. Each party state further agrees that decisions regarding waste management facilities in their region will be reached through a good faith process which takes into account the burdens borne by each of the party states as well as the benefits each has received.

Section 5. The party states recognize that the issue of hazardous wastes is similar in many respects to that of radioactive wastes and agree that there are advantages in using a regional approach for all hazardous wastes.

In consideration of the state of Washington maintaining a facility for the disposal of low-level radioactive wastes, the state of Oregon agrees to maintain its existing site for the disposal of hazardous and chemical wastes. Other party states which may have a hazardous waste site also agree to maintain the existence of such sites or other similar facilities.

(2) 'Low-level waste' means waste material which contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities which exceed federal standards for unrestricted release. Low-level waste does not include waste containing more than ten nanocuries of transuranic contaminants per gram of material, nor spent reactor fuel, nor material classified as either high-level waste or waste which is unsuited for disposal by near-surface burial under any applicable federal regulations;

(3) 'Generator' means any person, partnership, association, corporation, or any other entity whatsoever which, as a part of its activities, produces low-level radioactive waste;

(4) 'Host state' means the state with a facility to which low-level waste is shipped for disposal.
Section 6. Any party state with a facility may establish a schedule of fees and requirements related to that facility, to assure that closure, perpetual care, and maintenance and contingency requirements are met, including adequate bonding.

ARTICLE V—Eligible Parties and Effective Date

Section 1. Each of the following states is eligible to become a party to this compact: Idaho, Montana, Oregon, Utah, Washington, Colorado, Nevada, and Wyoming. As to any eligible party, this compact shall become effective upon enactment into law by that party, but it shall not become initially effective until enacted into law by two states. Any party state may withdraw from this compact by enacting a statute repealing its approval.

Section 2. After the compact has initially taken effect pursuant to section 1 of this Article, any eligible party state may become a party to this compact by the execution of an executive order by the governor of the state. Any state which becomes a party in this manner shall cease to be a party upon the final adjournment of the next general or regular session of its legislature or July 1, 1983, whichever occurs first, unless the compact has by then been enacted as a statute by that state.

ARTICLE VI—Severability

If any provision of this compact, or its application to any person or circumstance, is held to be invalid, all other provisions of this compact, and the application of all of its provisions to all other persons and circumstances, shall remain valid, and to this end the provisions of this compact are severable.

NEW SECTION. Sec. 2. (1) There is created the Washington radioactive waste storage commission. The commission shall be composed of seven members selected as follows:

(a) Two members of the house of representatives appointed by the speaker, one from each major party;
(b) Two members of the senate appointed by the majority leader, one from each major party;
(c) One member appointed by the governor;
(d) One representative of the department of social and health services; and
(e) One representative of the Washington state patrol.

(2) Vacancies shall be filled as soon as possible from the same political party as the original appointments.

(3) The commission members shall select one member to serve as chairperson and secretary. The chairperson, with the approval of the commission, may hire and discharge personnel as may be necessary for the performance of the commission's functions.

(4) The commission has the authority on behalf of the state of Washington to negotiate and enter into contracts with other individual states which have enacted the compact set forth in section 1 of this act. The contracts shall reflect the varying needs of the individual states.

(5) The commission shall report biannually to the governor and to the legislature on the progress of compact negotiations.

(6) All departments, agencies, and officers of this state and its subdivisions shall cooperate with the commission in the furtherance of any of its activities pursuant to this chapter.

(7) The commission may establish advisory and technical committees as it deems necessary, membership on which may include private citizens, expert and lay personnel, representatives of industry, labor, commerce, agriculture, civic associations, medicine, education, voluntary health agencies, and officials of local, state, and federal government.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Ms. Valle spoke in favor of the amendment.

POINT OF INQUIRY

Ms. Valle yielded to question by Mr. Isaacson.

Mr. Isaacson: "Representative Valle, if I understand your testimony, you are saying that the law we have put together to establish the compact without this amendment would permit the other states in the compact to tell us what to do? Is that what you just said?"

Ms. Valle: "That's right."

Mr. Isaacson: "Then, Representative Valle, why do we have a statement in the law then that says the other states in the compact must abide by our packaging and handling and transportation regulations or they are not permitted to ship their wastes through our state?"

Ms. Valle: "I did say that's regulatory language and it was included and is part of the whole state. That is a protection for us and I agree with you, but, in addition, Representative Isaacson, from what I read in the Substitute House Bill No. 652, I read that other decisions that are made by the compact that do not concern outside wastes, the rest of the states could outvote the state of Washington. Other decisions are not placed in statute."
Mr. Isaacson: "As I recall, in the bill, didn't we include language that said it had to be under an emergency condition in order to consider such outside wastes? Wasn't that part of the definition?"

Ms. Valle: "I just did say, with exception of wastes outside, but other decisions that are not here written. I interpret the bill to mean that other member states, if they ouvtoke the state of Washington, may so do."

POINT OF PARLIAMENTARY INQUIRY

Mr. Nelson (G): "Mr. Speaker, if this amendment should be adopted, would it be true that because of section 13, where we are now appropriating the sum of $1 million, that this measure would have to be referred to the Ways and Means Committee?"

The Speaker: "Essentially what you say is correct. The amendment before us right now is not the entire piece of paper you have. It is only the first amendment to page 1, line 26, that we are now considering. You were speaking to the rest of the amendments, which we could take as a single amendment. If that second amendment is adopted, then the rules of the House say it would have to be referred to a Ways and Means Committee prior to final passage."

POINT OF PARLIAMENTARY INQUIRY

Mr. Chandler: "As I understand your comments, Mr. Speaker, the bill as it is written would not have to go to the Ways and Means Committee?"

Mr. Walk: "Representative Warnke, I believe the bill is carefully laid out where we are only talking about 'in the line of duty,' and I think that would probably take care of that situation."

Mr. Warnke: "My concern is that 'in the line of duty' a dog may attack an innocent person. Is the police officer and the department held immune in that instance?"

Mr. Walk: "I believe the intent of the bill is that the department would not be immune in that case. That would be the intent."

Mr. Patrick: "Normally, in a situation where a police dog will attack a citizen and it is unwarranted, that citizen is protected by the city's insurance policy—fully protected. There is no dog out on the street doing a job right now that doesn't have some form of insurance that covers the citizens."
