SENATE AMENDMENTS TO HOUSE BILL

April 17, 1985

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 999 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. It is the intent of this act to provide for an equitable distribution of funds appropriated for educational clinics, to stabilize existing programs, and to provide a system for orderly expansion or retrenchment in the event of future increases or reductions in program appropriations.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.97 RCW to read as follows:

The superintendent of public instruction shall prepare a report on educational clinics that:

(1) Identifies a funding level that is adequate to fund the enrollment served by educational clinics during the previous fiscal year;

(2) Identifies locales in the state which are served by educational clinics but where demand for educational clinic services will support additional service, and recommends the funding level necessary to serve such demand;

(3) Identifies locales in the state which are not served by educational clinics but where demand will support operation of clinics, and recommends the funding level necessary to serve such demand; and

(4) Identifies locales in the state that are either underserved or not served by existing public school programs for drop-outs or for drop-out prevention, but where demand will support such services and recommends the funding level necessary to serve such demand.

The report shall be submitted to the legislature by January 1 in the year following the effective date of this act and updates of the report shall be submitted with each biennial budget request until such time as funding levels reach the levels recommended in subsections (2) and (3) of this section.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.97 RCW to read as follows:

In allocating funds appropriated for educational clinics, the superintendent of public instruction shall:

(1) Place priority upon stability and adequacy of funding for educational clinics that have demonstrated superior performance as defined in RCW 28A.97.040(2).

(2) Initiate and maintain a competitive review process to select new or expanded clinic programs in unserved or underserved areas. The criteria for review of competitive proposals for new or expanded education clinic services shall include but not be limited to:

(a) The proposing organization shall have obtained certification from the state board of education as provided in RCW 28A.97.010;

(b) The cost-effectiveness of the proposal as judged by the criteria established in RCW 28A.97.100(1) and (2); and

(c) The availability of committed nonstate funds to support, enrich, or otherwise enhance the basic program.

(3) In selecting areas for new or expanded educational clinics programs, the superintendent of public instruction shall consider factors including but not limited to:

(a) The proportion and total number of dropouts unserved by existing clinics programs, if any;

(b) The availability within the geographic area of programs other than educational clinics which address the basic educational needs of dropouts; and

(c) Waiting lists or other evidence of demand for expanded educational clinic programs.

(4) In the event of any curtailment of services resulting from lowered legislative appropriations, the superintendent of public instruction shall issue pro rata reductions to all clinics funded at the time of the lowered appropriation. Individual clinics may be exempted from such pro rata reductions if the superintendent finds that such reductions would impair the clinic’s ability to operate at minimally acceptable levels of service. In the event of such exceptions, the superintendent shall determine an appropriate rate for reduction to permit the clinic to continue operation.

(5) In the event that an additional clinic or clinics become certified and apply to the superintendent for funds to be allocated from a legislative appropriation which does not increase from the immediately preceding biennium, or does not increase sufficiently to allow such additional clinic or clinics to operate at minimally acceptable levels of service without reducing the funds available to previously funded clinics, the superintendent shall not provide funding for such additional clinic or clinics from such appropriation.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.97 RCW to read as follows:

The superintendent shall include the educational clinics program in the biennial budget request. Contracts between the superintendent of public instruction and the educational clinics
shall include quarterly plans which provide for relatively stable student enrollment but take into consideration anticipated seasonal variations in enrollment in the individual clinics. Funds which are not expended by a clinic during the quarter for which they were planned may be carried forward to subsequent quarters of the fiscal year. The superintendent shall make payments to the clinics on a monthly basis pursuant to RCW 28A.97.040.

Sec. 5. Section 3, chapter 341, Laws of 1977 ex. sess. and RCW 28A.97.030 are each amended to read as follows:

The superintendent of public instruction shall adopt, by rules, policies and procedures to permit a prior common school dropout to reenter at the grade level appropriate to such individual's ability: PROVIDED, That such individual shall be placed with the class he would be in had he not dropped out and graduate with that class, if his ability so permits notwithstanding any loss of credits prior to reentry and if such student earns credits at the normal rate subsequent to reentry.

Notwithstanding any other provision of law, any certified educational clinic student, upon completion of an individual student program and irrespective of age, shall be eligible to take the general educational development test as given throughout the state. Any such student who passes the general educational development test shall not be permitted to reenroll in the common school system in the state for other than vocational courses.

NEW SECTION. Sec. 6. If specific funding for the purposes of section 2 of this act, referencing this act by bill number, is not provided by the legislature by July 1, 1987, section 2 of this act shall be null and void. Section 2 of this act shall be of no effect until such specific funding is provided. If such funding is so provided, section 2 of this act shall take effect when the legislation providing the funding takes effect.

NEW SECTION. Sec. 7. Section 3(5) of this act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On page I, line 1 of the title, after "clinics: strike the remainder of the title and insert "amending RCW 28A.97.030; adding new sections to chapter 28A.97 RCW; creating new sections; and declaring an emergency."

and the same is herewith transmitted.

MOTION

Mr. Appelwick moved that the House do concur in the Senate amendments to Substitute House Bill No. 1003.

Mr. Appelwick spoke in favor of the motion.

POINT OF INQUIRY

Mr. Appelwick yielded to question by Mr. Braddock.

Mr. Braddock: "Representative Appelwick, I have a concern. I received an inquiry about this change in RCW 82.04.330. As I read it, the existing language has been stricken—the language that says 'for sale of.' I'm curious as to whether or not, if we pass this with the language ‘for sale of’ deleted, would it be taking away the exemption of those people who are raising for sale any animal, bird, or insect, or the milk, eggs, wool, fur, meat, honey, etc.? That is the way it reads to me and I have a concern that we may inadvertently be taking away the exemption from some other producers."

Mr. Appelwick: "That is not the intent of the sponsors of the amendment, but right now it would say anyone who is raising, on their own land or land that they control, would be exempt from the B&O tax. There may be a problem of construction because, of course, normally it says that if you delete language that is intended to work a change. I suppose they could construe it that you are now saying that anyone who is raising for sale is subject to the tax, but there is other legislative intent to the contrary. I don't think that would be a major problem."

Mr. Hastings spoke in favor of the motion to concur and the motion was carried.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker stated the question before the House to be the final passage of Substitute House Bill No. 1003 as amended by the Senate.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 1003 as amended by the Senate, and the bill passed the House by the following vote:

Yea: 82; nay: 15; excused: 1.

Substitute House Bill No. 1003 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:
The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1077 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This chapter shall be known as the state health care purchasing reform act of 1985.

NEW SECTION. Sec. 2. The legislature finds that the rising increase in health costs for public employees and persons within the state's care is a major public policy concern and that unless addressed through specific statutory direction adequate health care will not be attainable through the expenditure of public funds. The legislature further finds that prevalent methods of health care delivery and cost reimbursement are often inefficient and wasteful.

It is therefore essential that effective cost control programs be established. It is the intent of the legislature to control costs of state purchased health care while maintaining an adequate level of care; promote wellness; encourage the development of managed health care systems and other systems that have been effective in controlling costs; place within one authority the responsibility and power to control cost while insuring adequate care; and place the state of Washington in a leadership position in cost containment. It is also the legislative intent that cost control procedures be implemented by all state agencies that purchase or provide health care.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section shall apply throughout this chapter.

(1) 'State purchased health care' or 'health care' means medical and health care, pharmaceuticals, and medical equipment purchased with state and federal funds by the department of social and health services, the state employees insurance board, the department of labor and industries, the department of corrections, and the department of veterans affairs.

(2)(a) 'Managed health care' for the purposes of this chapter means a system which shall include these components:

(i) Provision of insurance and responsibility for delivery of care through the same organization;

(ii) A comprehensive range of services either directly or on contract with other providers;

(iii) Control of utilization through identified management intervention points;

(iv) A data collection system that includes, as a minimum, utilization data on all clients and quality of care review; and

(v) Financial risk to the provider organization.

(b) It may as an option also include the following:

(i) A mechanism to resolve complaints;

(ii) Incorporation of health promotion activities as a regular part of medical care;

(iii) Membership education regarding appropriate use of facilities and services;

(iv) Quality of care reviews, utilization review, and peer review; and

(v) Financial incentives to the consumer to control costs.

NEW SECTION. Sec. 4. (1) There is hereby created a unit within the office of financial management which shall have the following powers and duties:

(a) To adopt guidelines for acceptable state purchased health care programs which will accomplish the purposes of this chapter;

(b) To review periodically all agency practices for purchasing health care to ensure compliance with health care guidelines;

(c) To coordinate the activities of all state agencies with respect to health care cost containment policies;

(d) To explore new ways to control cost while maintaining adequate levels of care;

(e) To submit to the legislature by January 7, 1987, legislation that is necessary to streamline health care purchasing procedures and remove unnecessary barriers, including but not limited to state contracting procedures;

(f) To coordinate and encourage efforts by state agencies to establish proven health promotion and disease and accident prevention efforts within state-purchased health care programs including, but not limited to education, monitoring, and counseling of consumers on effective methods to minimize illness:
(g) To ensure coordination of the development and maintenance of appropriate health care information systems by all state agencies purchasing or providing health care, to the fullest extent possible using existing data systems, that include:

(i) Common definitions of health care services;
(ii) Health care data elements common to all agencies;
(iii) Health care data elements unique to any agency;
(iv) The capability to monitor the number of persons for whom services are purchased or provided, the types of services or benefit packages provided or purchased, and the unit costs to the state;
(v) Mechanisms for thorough program and budget review; and
(vi) Preparing, on the basis of data available from state agencies, and submitting to the legislature by September 1 of each even-numbered year, biennial and long-term projections for total health care costs assuming no changes in current programs, and recommendations to reduce the costs of those programs:

(h) To establish procedures for volume purchasing of health care goods and equipment; and

(i) To appoint a technical advisory committee that represents state employees, state agencies, and others with technical expertise who are involved in the direct purchase, funding, or provision of health care.

(2) All state agencies shall cooperate in assisting the unit to implement the provisions of this chapter.

(3) The hospital commission, the health planning and certificate of need sections of the department of social and health services, the board of health, department of licensing, health care facilities authority, and the office of the insurance commissioner shall each submit a report to the legislature by November 30, 1986.

The report shall describe the respective roles of these agencies regarding health care cost containment and their accomplishments over the preceding six years, and shall address ways to increase the efficiency of these agencies to control costs and maintain quality of care.

(4) The unit shall have an administrator who, along with one other employee, shall be exempt from civil service law, chapter 41.06 RCW.

NEW SECTION. Sec. 5. (i) The state employees’ insurance board, the department of social and health services, the department of labor and industries, the department of veterans affairs, and the department of corrections shall individually or in cooperation with other agencies take any necessary actions to control costs without reducing the quality of care when reimbursing for or purchasing drugs. To accomplish this purpose, each agency shall investigate the feasibility of and may establish a drug formulary designating which drugs may be paid for through the respective health care programs. For purposes of this section, a drug formulary means a list of drugs, either inclusive or exclusive, that defines which drugs are eligible for reimbursement by the agency.

(ii) In developing the drug formulary authorized by this section, agencies:

(a) Shall prohibit reimbursement for drugs that are determined to be ineffective by the United States food and drug administration;
(b) Shall adopt rules in order to ensure that less expensive generic drugs will be substituted for brand name drugs in those instances where the quality of care is not diminished;
(c) Where possible, may authorize reimbursement for drugs only in economical quantities;
(d) May limit the prices paid for drugs by such means as central purchasing, volume contracting, or setting maximum prices to be paid;
(e) Shall consider the approval of drugs with lower abuse potential in substitution for drugs with significant abuse potential, and
(f) May take other necessary measures to control costs of drugs without reducing the quality of care.

(iii) Agencies may provide for reasonable exceptions to the drug formulary required by this section.

(iv) Agencies may establish medical advisory committees, or utilize committees already established, to assist in the development of the drug formulary required by this section.

(v) Agencies shall report to the unit on the requirements in this section by November 30, 1986.

NEW SECTION. Sec. 6. A new section is added to chapter 51.44 RCW to read as follows:

The department of labor and industries shall establish, on an ongoing basis, a review of methods to be used to obtain savings in health care costs and also an analysis of all optional systems considered by the department to control costs, including establishing a managed health care system approach for the provision of health care services, which would include making available to injured workers preferred provider arrangements, health maintenance organizations, or other managed health care or case management systems. This shall include an analysis of the constraints of establishing the system under Title 51 RCW and shall also consider incentives to encourage injured workers to use the system. The department shall prepare any legislation necessary to implement this or other strategies it may recommend to the legislature to effect these savings.
NEW SECTION. Sec. 7. The director of labor and industries shall submit to the legislature no later than January 1, 1986, a report that will propose methods to incrementally reduce the projected expenditures of the medical aid fund up to twenty percent for the period of July 1, 1986, to June 30, 1987. With each proposed incremental reduction, the report shall include: Methods of obtaining the reduction; effects upon injured workers; effects upon the service provider; and drafts of any legislation necessary to implement the reductions.

NEW SECTION. Sec. 8. A new section is added to chapter 74.09 RCW to read as follows:

In addition to its existing managed health care programs, the department shall develop plans for two managed health care programs, one in the eastern part and one in the western part of the state. The plan shall include measures to ensure enrollment of at least five thousand medical assistance enrollees in each program, in addition to the number enrolled in managed health care programs as of June 30, 1985. The department shall report to the legislature no later than January 1, 1986, on the development of the plan.

NEW SECTION. Sec. 9. A new section is added to chapter 43.131 RCW to read as follows:

The state health care purchasing unit and its powers and duties shall be terminated on June 30, 1991, as provided in section 10 of this act.

NEW SECTION. Sec. 10. A new section is added to chapter 43.131 RCW to read as follows:

As now existing or hereafter amended, are each repealed, effective June 30, 1992.

NEW SECTION. Sec. 11. Sections 1 through 5 of this act shall constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 12. The legislature finds that:

(1) A substantial percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services:

(2) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and often results in substantial expenditures for emergency and remedial medical care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state:

(3) The use of managed health care systems, as defined in section 13 of this act, has significant potential to reduce the growth of health care costs incurred by the people of this state, and low-income pregnant women are an especially vulnerable population, along with their children, who need greater access to managed health care; and

(4) As declared in RCW 70.39.010, health care is a right of the people and one of the primary purposes for which governments are established.

The purpose of this chapter is to establish a program providing access to affordable basic health care for low-income persons through the use of managed health care systems. This chapter is intended to establish an appropriate mechanism that will foster the entrepreneurial abilities of health care providers in many communities to join together in helping to address a significant portion of that unmet need for access to affordable health care that exists among the residents of the state and in almost every community. The legislature intends that the program be designed and operated in a fiscally prudent manner within the funds appropriated from the basic health plan account established in this chapter, and that the program emphasize primary and preventive health care services while also covering necessary hospitalization.

NEW SECTION. Sec. 13. As used in this chapter:

(1) 'Washington basic health plan' or 'plan' means the system of enrollment and payment on a prepaid capitated basis for basic health care services administered by the board through participating managed health care systems, created by this chapter.

(2) 'Board' means the Washington basic health plan board created under section 15 of this act.

(3) 'Managed health care system' means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the board and rendered by duly licensed providers, to a defined patient population by enrollment in the plan and in the managed health care system.

(4) 'Enrollee' means an individual, or an individual's spouse and dependent children, all under the age of sixty-five, who reside in the state, whose gross family income at the time of enrollment does not exceed one and one-half times the federal nonfarm poverty level as adjusted for family size and determined annually by the federal office of management and budget, who choose to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the board, and who, at the time of enrollment, are not eligible for medical coverage under chapter 74.09 RCW and do not have access to employer-sponsored health care coverage.
NEW SECTION. Sec. 14. The basic health plan trust account is hereby established in the state treasury. All revenues received under section 30 of this act shall be deposited in the basic health plan trust account. Disbursements from the account shall be made pursuant to appropriation and upon warrants drawn by the Washington basic health plan board created in section 15 of this act. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. The earnings on any surplus balances in the basic health plan trust account shall be credited to the account, notwithstanding RCW 43.84.090. After January 1, 1987, the legislature shall not appropriate for an ensuing fiscal period amounts exceeding ninety percent of the revenues anticipated to accrue to the account during the fiscal period.

NEW SECTION. Sec. 15. There is hereby created a Washington basic health plan board, which shall be a separate and independent board of the state. For efficiencies in operation and consultation, the offices of the board shall be co-located with those of the hospital commission. The board shall be composed of nine members appointed by the governor, as follows:

1. One member representing hospitals, as defined in RCW 70.41.020.
2. Two members representing individual health care professionals licensed under Title 18 RCW, at least one of whom shall be a physician.
3. Two members representing the health care insurance industry and possessing actuarial experience or expertise in health care financing and/or benefit design. who may be associated with health care service contractors or commercial health insurers registered and doing business in the state under Title 48 RCW.
4. One member representing labor, who is an active trustee of a union-sponsored health care fund.
5. One representative of private employers who provide or purchase health care benefits for employees.
6. Two representatives of consumers, at least one of whom represents the interests of low-income persons.

The governor shall designate one of the members designated in subsections (5) and (6) of this section to serve as chairman. At least two of the three members designated in subsections (1) and (2) of this section shall be persons actively engaged in rendering health care services through a managed health care system. No member designated in subsection (3), (4), (5), or (6) of this section shall have any fiduciary obligation to any health care provider or facility, or any material financial interest in the provision of health care services.

Members of the board shall serve for four-year terms: PROVIDED, That the members initially appointed after the effective date of this act, three shall be appointed to four-year terms, two to three-year terms, two to two-year terms, and two to one-year terms. Appointments shall require senate confirmation. No member of the board shall serve for more than two consecutive terms. A vacancy shall be filled by appointment for the remainder of the unexpired term and the initial appointments and vacancies shall not require senate confirmation until the legislature next convenes.

NEW SECTION. Sec. 16. Meetings of the board shall be held as frequently as its duties require. The board shall keep minutes of its meetings and adopt procedures for the governing of its meetings, minutes, and transactions. Five members of the board shall constitute a quorum, but a vacancy on the board shall not impair its power to act. No action of the board shall be effective unless five members concur therein. The board may, consistent with the procedural requirements of chapter 42.30 RCW, meet in executive session with representatives of prospective or participating managed health care systems to discuss matters of a proprietary or sensitive nature.

The members of the board shall be compensated in accordance with RCW 43.03.250 and shall be reimbursed for their travel expenses in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 17. The board shall employ a full-time executive director, who shall be the chief administrative officer of the board and shall be subject to its direction. The executive director, medical director, and up to three other employees shall be exempt from the civil service law, chapter 41.06 RCW.

The board shall employ such other staff as are necessary to fulfill the responsibilities and duties of the board, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the board may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the board. The board may call upon other agencies of the state to provide available information as necessary to assist the board in meeting its

(5) 'Subsidy' means the difference between the amount of periodic payment the board makes, from funds appropriated from the trust account, to a managed health care system on behalf of an enrollee and the amount the board determines to be the enrollee's responsibility under section 19(2) of this act.
responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit. The board may create committees from its membership, and may appoint such ad hoc advisory committees as it deems necessary.

The board may apply for and receive and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

NEW SECTION. Sec. 18. The board may promulgate and adopt, under chapter 34.04 RCW, regulations consistent with this chapter to carry out the purposes of this chapter.

NEW SECTION. Sec. 19. The board shall have the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, and other services that may be necessary for basic health care, which enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for periodic payments to the board. The schedule of services shall emphasize preventive and primary health care, shall include all services necessary for prenatal, postnatal, and well-child care, and shall include a separate schedule of basic health care services for children, eighteen years of age and younger, for those enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services the board shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080. No major professional service may be included in the schedule until legislation is enacted imposing a tax or other assessment, to be deposited in the basic health plan trust account, upon the class of providers or practitioners by whose members that professional service is to be performed.

(2) To design and implement a structure of periodic payments due from enrollees. The payment structure shall be based upon enrollee family size and shall include a sliding scale whereby payments shall vary according to enrollee family income. The structure shall be designed so as to include payment amounts for enrollment of children without requiring enrollment of their parents. The board shall not enroll such numbers of enrollees who qualify for subsidies as might reasonably be expected to result in an overexpenditure of appropriations for such purposes. Whenever the board finds that there is danger of such an overexpenditure, the board shall close all enrollment in the plan until the board finds the danger no longer exists. Payments to the board by the department of social and health services on behalf of any person eligible for medical coverage under chapter 74.09 RCW, subject to section 24 of this act, shall not be less than the payments the board makes to managed health care systems for coverage of those persons.

(3) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The board shall endeavor to assure that covered basic health care services are available through the plan to prospective enrollees living in all areas of the state and, where possible, from among a selection of participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems, and in its dealings with such systems the board shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several communities of the state.

(4) To receive periodic payments from enrollees, deposit the payments in the basic health plan operating account, keep records of enrollee payments and status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(5) To accept applications from individuals, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least annually thereafter, or at the request of any enrollee, eligibility due to current gross family income for reduced sliding scale payments that will be the responsibility of the enrollee. An enrollee who remains current in making periodic sliding-scale payments, as determined by the board under subsection (2) of this section, may continue enrollment if the enrollee’s gross family income rises above one and one-half times the federal nonfarm poverty level, but shall then make payment at the maximum rate established in the sliding fee schedule. No subsidy shall be paid with respect to any enrollee whose current gross family income exceeds one hundred fifty percent of the federal nonfarm poverty level.

(6) To require that prospective enrollees who may be eligible for medical coverage under chapter 74.09 RCW apply for such coverage.

(7) To determine, on a community rating basis, the amount of each periodic per capita or per family payment to a participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for all enrollees, the periodic per capita or per family payments to participating managed health care systems may vary among the systems. In negotiating payment levels with participating systems the board shall consider the
characteristics of the populations served by the respective systems, economic circumstances of the local area or community, and other factors the board finds relevant.

(8) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic reports on health care services rendered to enrollees, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the board shall endeavor to minimize costs, both to the managed health care systems and to the board. The board shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the hospital commission, to minimize duplication of effort.

(9) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as it deems appropriate.

NEW SECTION. Sec. 20. The benefits available under the plan shall be subject to the provisions of RCW 48.21.200 and shall be excess to the benefits payable under the terms of any insurance policy issued to or on the behalf of an enrollee which provides payments toward medical expenses without a determination of liability for the injury.

NEW SECTION. Sec. 21. On and after July 1, 1986, enrollees whose payments to the board are current shall be entitled to receive covered basic health care services as defined by the board from the respective managed health care systems in which they are enrolled. Before January 1, 1987, the board may not enroll more than thirty thousand individuals who are eligible for subsidies. Before January 1, 1987, the board shall endeavor to secure participation agreements with managed health care systems in not more than twelve areas of the state, including urban, suburban and rural areas, and to the extent possible with a mixture of public hospitals, community clinics, cities and counties, nonprofit hospitals, and health care professionals engaged in independent practice. The board shall endeavor to secure participation agreements with managed health care systems in each of the congressional districts of the state. The board shall closely monitor growth patterns so as not to exceed that consistent with the orderly development of the plan.

NEW SECTION. Sec. 22. Any enrollee whose payments to the board are delinquent may be dropped from enrollment status. The board shall make reasonable efforts to notify delinquent enrollees of their removal from the plan and shall provide for a hearing under chapters 34.04 and 34.12 RCW for any enrollee who contests the board’s decision to drop the enrollee from the plan. Upon removal of an enrollee from the plan, the board shall promptly notify the managed health care system in which the enrollee has been enrolled, and shall not be responsible for payment for health care services provided to the enrollee (including, when applicable, members of the enrollee’s family) after the date of notification. A managed health care system may contest the denial of payment for coverage of an enrollee through a hearing under chapters 34.04 and 34.12 RCW.

NEW SECTION. Sec. 23. Managed health care systems participating in the plan shall do so by contract with the board and, on and after July 1, 1986, shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee as long as payments from the board on behalf of the enrollee are current. Subject to board approval and with full disclosure to enrollees and prospective enrollees, a managed health care system may impose nominal copayments upon enrollees as an incentive for proper utilization of services. The board may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than copayments authorized under this section, for covered services directly from enrollees, but nothing in this chapter empowers the board to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems. The board shall establish a period of at least thirty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care systems the board shall endeavor to establish a uniform period for such opportunity.

Prior to negotiating with any managed health care system the board shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state. In negotiating with managed health care systems for participation in the plan, the board shall adopt a uniform procedure that includes at least the following:

1) The board shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

2) The board shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals:
(3) The board shall, before executing any initial or renewal contracts, be assured that adequate enrollee protection and continuity of care measures are in place, and the full schedule of services can be provided any enrollee.

(4) The board may then select one and preferably more than one system to provide the covered services under the plan within a specific geographic area; and

(5) The board may adopt a policy that gives preference to systems substantially supported by public revenues or involving public agencies.

NEW SECTION. Sec. 24. Any enrollee who, after enrollment in the plan, becomes eligible for medical assistance or medical care services under chapter 74.09 RCW may continue as a plan enrollee, and shall so continue if the enrollee's minimum enrollment period, if any, has not expired. If the enrollee continues enrollment in the plan under this section, the department of social and health services shall make periodic payments to the plan on the enrollee's behalf, at the maximum rate established in the sliding scale, for the services covered by the plan: PROVIDED, That with respect to enrollees eligible for medical assistance under RCW 74.09.510, the periodic amount payable to the plan shall not be greater than the amount with respect to which full federal financial participation is available under title XIX of the federal social security act. Any enrollee on whose behalf the department of social and health services makes payments to the plan under this section and chapter 74.09 RCW may continue as an enrollee, making periodic payments based on his own income as determined under the sliding scale, after eligibility for coverage under chapter 74.09 RCW has ended. Nothing in this section affects the right of any person eligible for coverage under chapter 74.09 RCW to receive the services offered to other persons under that chapter but not included in the schedule of basic health care services covered by the plan. The board and the department of social and health services shall cooperatively adopt procedures to facilitate the transition of plan enrollees and payments on their behalf between the plan and the programs established under chapter 74.09 RCW.

NEW SECTION. Sec. 25. In addition to the powers and duties specified in sections 17 and 19 of this act, the board shall have the power to enter into contracts for the following functions and services:

(1) With public or private agencies, to assist the board in its duties to design or revise the schedule of covered basic health care services, and/or to monitor the performance of participating managed health care systems.

(2) With public or private agencies, to provide technical or professional assistance to health care providers, particularly public or private nonprofit organizations and providers serving rural areas, who show serious intent and apparent capability to participate in the plan as managed health care systems.

(3) With health care service contractors registered under RCW 48.44.015 and doing business in the state, for marketing and administrative services in connection with participation of managed health care systems, enrollment of enrollees, billing and collection services to the board, and other administrative functions ordinarily performed by health care service contractors, other than insurance: PROVIDED, That any activities of a health care service contractor pursuant to a contract with the board under this section shall be exempt from the provisions and requirements of Title 48 RCW.

(4) With any public hospital district established under chapter 70.44 RCW or with any county or city, to administer the plan as the board's agent with respect to enrollees residing and managed health care systems serving the geographic area within the boundaries of the district, county, or city: PROVIDED, That the district, county, or city shares with the board, on a dollar for dollar matching basis, the cost of payments to participating managed health care systems for coverage of enrollees residing within the boundaries of the district, county, or city less the amounts payable by enrollees to the district, county, or city as agent for the board. In the event a hospital district, county, or city provides the board with adequate assurances of its ability to administer the plan for potential enrollees residing within its jurisdiction and agrees to share in the cost of any subsidy required for enrollees under the schedule for sliding scale payments, and the board has agreements for participation with a managed health care system or systems within the boundaries of such district, county, or city, and with the approval of the legislature, the plan may commence operations in that jurisdiction on or after March 30, 1986 notwithstanding the implementation dates in sections 21 and 23 of this act.

(5) With any community health center or other public or private nonprofit health care provider participating in a managed health care system under the plan and demonstrating financial need, to furnish direct financial assistance in meeting the start-up costs of providing covered basic health care services under the plan, for a period not exceeding one year after the managed health care system commences coverage of enrollees.

NEW SECTION. Sec. 26. The activities and operations of the Washington basic health plan under this chapter, including those of managed health care systems to the extent of their participation in the plan, shall be exempt from the provisions and requirements of Title 48 RCW.

NEW SECTION. Sec. 27. The legislature reserves the right to amend or repeal all or any part of this act at any time and there shall be no vested private right of any kind against such amendment or repeal. All the rights, privileges, or immunities conferred by this act or any acts
done pursuant thereto shall exist subject to the power of the legislature to amend or repeal this
act at any time.

NEW SECTION. Sec. 28. A new section is added to chapter 50.20 RCW to read as follows:
The commissioner shall notify in writing any person filing a claim under this chapter of the
availability of basic health care coverage to qualified enrollees in the Washington basic
health plan under chapter 70._._. RCW (sections 12 through 27 of this act). The department shall
maintain a supply of Washington basic health plan enrollment application forms, which shall

in the Washington basic health plan.

NEW SECTION. Sec. 29. A new section is added to chapter 74.08 RCW to read as follows:

be provided in reasonably necessary quantities by the Washington basic health plan board, in
each community service office for the use of persons wishing to apply for enrollment in the
Washington basic health plan.

NEW SECTION. Sec. 30. A new section is added to chapter 82.24 RCW to read as follows:

department of revenue from the persons mentioned in and in the manner provided by this
chapter, an excise tax upon the sale, use, consumption, handling, possession, or distribution
of cigarettes in an amount equal to the rate of four mills per cigarette. The moneys collected
under this section shall be deposited in the basic health plan trust account of the state treasury.

NEW SECTION. Sec. 31. The Washington basic health plan board shall be appointed, hire
an executive director, and commence operations as promptly as practicable after the effective
date of this act. Not later than January 1, 1986, the board shall submit to the legislature a
progress report including:
(1) The schedule of covered basic health care services adopted under section 19 of this
act;
(2) A proposal for legislation imposing, effective July 1, 1986, a tax or other assessment
upon any class of health care providers or practitioners providing major professional services
included in the schedule of basic health care services adopted under section 19 of this act,
designed to raise sufficient revenue to cover the anticipated cost to participating managed
health care systems of the professional services of providers or practitioners within the class;
(3) A descriptive listing of managed health care systems expected to participate in the
Washington basic health plan, along with an identification of geographical areas within the

board under section 19 of this act;

assessment or tax imposed under this act an appropriate deduction, from the base used for
such assessment or tax, of the costs associated with the provision of charity care by the health
care provider;
(9) Any proposals for statutory changes which the board deems necessary to implement
the purposes of this chapter; and
(10) Any other information which the board deems appropriate.
Not later than January 1, 1987, the board shall submit to the legislature a further progress
report, updating its 1986 report, and covering the same items provided for therein, with pro-
jections based upon implementation of the plan to date. Further, the report shall include a
description of the performance of the first managed health care systems included as eligible
providers as provided in reasonably necessary quantities by the Washington basic health plan
board.

NEW SECTION. Sec. 32. Sections 12 through 27 of this act shall constitute a new chapter in

Excused: Representative Smith C - 1.

The Speaker stated that the House had, by its action, refused to concur in the Senate amendments to Substitute House Bill No. 1077, and asked the Senate to recede therefrom.
SENATE AMENDMENT TO HOUSE BILL

April 19, 1985

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1078 with the following amendment:

"NEW SECTION. Sec. 1. It is the intent of the legislature to establish a preschool state education and assistance program. This special assistance program is a voluntary enrichment program to help prepare some children to enter the common school system and shall be offered only as funds are available. This program is not a part of the basic program of education which must be fully funded by the legislature under Article IX, section 1 of the state Constitution.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Advisory committee' means the advisory committee under section 6 of this act.

(2) 'At risk' means a child at least four years of age and not eligible for kindergarten whose family circumstances would qualify that child for eligibility under the federal head start program.

(3) 'Department' means the department of community development.

(4) 'Eligible child' means an at-risk child as defined in this section who is not a participant in a federal or state program providing like educational services and may include children who are eligible under rules adopted by the department if the number of such children equals not more than ten percent of the total enrollment in the preschool program.

(5) 'Approved preschool programs' means those state-supported education and special assistance programs which are recognized by the department of community development as meeting the minimum program rules adopted by the department to qualify under this chapter and are designated as eligible for funding by the department under sections 7 and 9 of this act.

NEW SECTION. Sec. 3. The department of community development shall administer a state-supported preschool education and assistance program to assist eligible children with educational, social, health, nutritional, and cultural development to enhance their opportunity for success in the common school system. Eligible children shall be admitted to approved preschool programs to the extent that the legislature provides funds.

NEW SECTION. Sec. 4. Approved preschool programs shall receive state-funded support through the department. School districts, and existing head start grantees in cooperation with school districts, are eligible to participate as providers of the state preschool program. School districts may contract with other governmental or nongovernmental nonsectarian organizations to conduct a portion of the state program. Funds appropriated for the state program shall be used to establish new or expanded preschool programs, and shall not be used to supplant federally supported head start programs. Persons applying to conduct the preschool program shall identify targeted groups to be served, program components, the qualifications of instructional and special staff, facilities and equipment support, and transportation and personal care arrangements.

NEW SECTION. Sec. 5. The department shall establish an advisory committee composed of interested parents and representatives from the state board of education, the office of the superintendent of public instruction, the division of children and family services within the department of social and health services, early childhood education and development staff preparation programs, the head start programs, school districts, and such other organizations as deemed necessary by the department to assist with the establishment of the preschool program.

NEW SECTION. Sec. 6. The department shall adopt rules under chapter 34.04 RCW for the establishment of the preschool program. The rules shall provide for the establishment of an early childhood assistance program. The department in developing the rules for the preschool program shall consult with the advisory committee, and shall consider such factors as coordination with existing head start and other preschool programs, the preparation necessary for instructors, qualifications of instructors, adequate space and equipment, and special transportation needs. The rules shall specifically require the preschool programs to provide for parental involvement at a level not less than that provided under the federal head start program criteria.

NEW SECTION. Sec. 7. The department shall review applications received within nine months after the effective date of this act, and designate those programs eligible to commence operation within two months of such date.

NEW SECTION. Sec. 8. The governor shall report to the legislature before the convening of the regular session of the legislature which commences after at least a year from the effective date of this act, on the merits of continuing and expanding the preschool program or instituting other means of providing early childhood development assistance. The office of the superintendent of public instruction shall assist the governor in the preparation of the report and shall
be consulted on all issues addressed in said report. This report shall consider the experiences of federal and state preschool programs and address the preschool education recommendations submitted to the legislature during 1985.

If the governor recommends the continuation of a state-funded preschool program, then the governor's report shall include specific recommendations on at least the following issues:

1. The desired relationships of a state-funded preschool education and assistance program with the common school system;
2. The types of children and their needs that the program should serve;
3. The appropriate level of state support for implementing a comprehensive preschool education and assistance program for all eligible children, including related programs to prepare instructors and provide facilities, equipment, and transportation;
4. The state administrative structure necessary to implement the program; and
5. The establishment of a system to examine and monitor the effectiveness of preschool educational and assistance services for disadvantaged children to measure, among other elements, if possible, how the children completing this program compare to the average level of performance of all state students in their grade level, and to those at-risk students who do not have access to this program. The evaluation system shall examine how the percentage of these children needing access to special education or remedial programs compares to the overall percentage of children needing such services and compares to the percentage of at-risk students who do not have access to this program needing such services.

NEW SECTION. Sec. 9. For the duration of this act, the department may award state support under sections 1 through 7 of this act to increase the numbers of eligible children assisted by the federal or state-supported preschool programs in this state by up to five thousand additional children. Priority shall be given to groups in those geographical areas which include a high percentage of families qualifying under the federal 'at risk' criteria. The overall program funding level shall be based on an average grant of no more than two thousand seven hundred dollars per child to cover all program costs: PROVIDED. That programs addressing special needs of selected groups or communities shall be recognized in the department's rules.

NEW SECTION. Sec. 10. The department from funds appropriated for the administration of the program under this act shall reimburse the expenses of the advisory committee.

NEW SECTION. Sec. 11. The department may solicit gifts, grants, conveyances, bequests and devises for the use or benefit of the preschool state education and assistance program established by this act. The department shall actively solicit support from business and industry and from the federal government for the preschool state education and assistance program.

NEW SECTION. Sec. 12. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by the legislature by July 1, 1987, this act shall be null and void. This act shall be of no effect until such specific funding is provided. If such funding is so provided, this act shall take effect when the legislature providing the funding takes effect.

NEW SECTION. Sec. 13. This act shall be known as the early childhood assistance act of 1985.

NEW SECTION. Sec. 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 15. Sections 1 through 11 of this act shall expire two years after the effective date of this act. and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

MOTION

On motion of Mr. Ebersole, the House concurred in the Senate amendment to Engrossed Second Substitute House Bill No. 1078.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker stated the question before the House to be the final passage of Engrossed Second Substitute House Bill No. 1078 as amended by the Senate.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Second Substitute House Bill No. 1078 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 66; nays, 31; excused, 1.

Excused: Representative Smith C - 1.

Engrossed Second Substitute House Bill No. 1078 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

I made an error in my final recorded vote on E2SHB 1078 as amended by the Senate. My recorded vote was “No,” but because of changes made on the bill which I missed, the vote should have been “Yes.”

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article VII of the state Constitution by adding a new section to read as follows:

Article VII. section .... Notwithstanding any provision of this Constitution, the legislature may by general law for the purpose of permitting special financing of public improvements authorize the legislative authority of any county, city, or town to create boundaries, within its jurisdiction, after such legislative authority conducts a public hearing, containing only that real property which the legislative authority determines will be increased in true and fair value by reason of specified public improvements within those boundaries. In no event shall any property tax assessment be increased for any real property lying outside of the boundaries referred to above if the increase would be attributable to the specified public improvements authorized by this section but such real property shall be assessed always at current market value, nor shall any portion of property taxes for real property lying outside of said boundaries be used to pay for the specified public improvements or public obligations authorized by this section. The legislature may further provide that all or a portion of the property taxes levied within those boundaries against increases in the true and fair value of such real property may be used to pay for the specified public improvements or to pay public obligations incurred to fund the specified public improvements. Any such public obligations payable solely from revenues from these public improvements and such property taxes levied against the increases in real property value shall not constitute general indebtedness.

For purposes of this section, 'property taxes' means:

(1) Property taxes subject to the aggregate limitation on tax levies by the state and all taxing districts in section 2 of this Article; and

(2) Property taxes levied by port districts and public utility districts, except for property taxes levied specifically for the purpose of making required payments of principal and interest on general indebtedness.

For purposes of this section, 'public improvements' means:

(1) Capital projects that benefit the public at large and do not discriminate against any citizen on the basis of race, national origin, color, sex, age, economic status, or the presence of any sensory, mental, or physical handicap.

Nothing in this section authorizes a county, city, or town to exercise powers of eminent domain contrary to the provisions of Article I, section 16.

Nothing in this section authorizes a county, city, or town to pledge all or part of its full faith and credit without complying with the laws relating to the incurring of general indebtedness, including Article VIII, section 1 and Article VIII, section 6, or to aggregate tax levies in excess of the limitation on levies in section 2 of this Article.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.* and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 18, 1985

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 227 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. It is a privilege granted by the state to operate a motor vehicle upon the highways of this state. The legislature recognizes the threat that uninsured drivers are to the people of the state. In order to alleviate the threat posed by uninsured drivers, it is the intent of the legislature to require that no application for an original motor vehicle license or for renewal or reinstatement of a vehicle license will be approved unless accompanied by evidence of insurance as set forth in this chapter.

NEW SECTION. Sec. 2. (1) On and after January 1, 1986, no application for an original motor vehicle license or for renewal or reinstatement of a motor vehicle license may be approved or validated unless the applicant certifies that a motor vehicle insurance policy or a surety bond issued by a company authorized to do business in this state or surplus line coverage under chapter 48.15 RCW is in effect in at least the amounts specified in RCW 46.29.490 on account of any accident in which the vehicle is involved. A certificate of deposit of money or securities, as provided in RCW 46.29.550, or a certificate of self-insurance, as provided in RCW 46.29.630, meets the requirements of this section.

(2) It is unlawful to willfully falsify insurance information submitted to the department pursuant to subsection (1) of this section or section 5 of this act. Violation of this subsection is a misdemeanor, punishable by a fine of not to exceed one thousand dollars or thirty days imprisonment or both.

(3) The department shall annually verify on a random audit basis by negative verification the insurance information contained in at least one percent of all certifications received pursuant to subsection (1) of this section.

For purposes of this section, 'negative verification' means that an insurer or surety shall be required to notify the department, upon inquiry by the department, only if the insurer or surety determines that no insurance policy or bond issued by it was in force at the time for which the department is inquiring.

NEW SECTION. Sec. 3. (1) On or after January 1, 1986, it is unlawful to operate a motor vehicle subject to registration under chapter 46.16 RCW in this state unless the vehicle is insured against liability as provided in RCW 46.29.490, by a bond under RCW 46.29.520, by a certificate of deposit under RCW 46.29.550, or by self-insurance under RCW 46.29.630.

(2) Violation of this section is a misdemeanor, punishable by a fine not to exceed one thousand dollars or thirty days imprisonment or both.

(3) A policy of insurance issued as required by this chapter or pursuant to chapter 46.29 RCW may contain conditions and limitations commonly used in motor vehicle insurance policies including but not limited to the following:

(a) Reasonably prompt written notice of accident or loss and prompt delivery to the company of claim or suit papers;

(b) Cooperation in the defense of any claim and attendance at proceedings and hearings;

(c) Notification and payment of premiums for any newly acquired or replacement vehicle;

(d) Named driver or under-age driver limitations;

(e) Permissive use by the named insured of a nonowned vehicle and permissive use of the insured vehicle by other persons;

(f) Limitation of coverage to the named insured or organizations defined as persons insured.

NEW SECTION. Sec. 4. An insurance carrier who issues a policy required by this chapter shall also furnish the policy holder with the carrier's name, the policy number, and the identification number of the vehicle insured under the policy. The policy holder shall transfer this information to the reverse side of the current vehicle registration or otherwise keep this information in written form in the vehicle.

NEW SECTION. Sec. 5. (1) A law enforcement officer requiring an operator of a motor vehicle subject to registration under chapter 46.16 RCW to produce for inspection a driver's license shall also require the operator to produce the information required by section 4 of this act.

(2) If the operator of the motor vehicle is unable to produce the information as required, the operator shall be charged with a violation of section 3 of this act. If the operator can demonstrate to the court that liability insurance was in effect on the vehicle at the time of the inspection, the charge against the driver shall be reduced to a traffic infraction of failure to show proof of insurance. The infraction is punishable by a fine of not more than fifty dollars.
NEW SECTION. Sec. 6. Sections 1 through 5 of this act do not apply to motor vehicles registered with the Washington utilities and transportation commission as common or contract carriers.

Sec. 7. Section 2, chapter 11, Laws of 1979 as last amended by section 1, chapter 30. Laws of 1981 and RCW 46.52.030 are each amended to read as follows:

(1) The driver of any vehicle involved in an accident resulting in injury to or death of any person or damage to the property of any one person to an apparent extent of three hundred dollars or more, shall, within twenty-four hours after such accident, make a written report of such accident to the chief of police of the city or town if such accident occurred within an incorporated city or town or the county sheriff or state patrol if such accident occurred outside incorporated cities and towns.

(2) If such accident was not investigated by a law enforcement officer, the original of such report shall be immediately forwarded by the authority receiving such report to the chief of the Washington state patrol at Olympia, Washington, and the second copy of such report to be forwarded to the department of licensing at Olympia, Washington.

(3) If such accident was investigated by a law enforcement officer, the original of each driver's report required by subsection (1) of this section shall be retained by the local law enforcement agency where the accident occurred, and the second copy shall be forwarded to the department of licensing at Olympia, Washington.

(4) Any law enforcement officer who investigates an accident for which a driver's report is required under subsection (1) of this section shall submit an investigator's report as required by RCW 46.52.070.

(5) The chief of the Washington state patrol may require any driver of any vehicle involved in an accident, of which report must be made as provided in this section, to file supplemental reports whenever the original report in his opinion is insufficient, and may likewise require witnesses of any such accident to render reports. For this purpose, the chief of the Washington state patrol shall prepare and, upon request, supply to any police department, coroner, sheriff, and any other suitable agency or individual, sample forms of accident reports required hereunder, which reports shall be upon a form devised by the chief of the Washington state patrol and shall call for sufficiently detailed information to disclose all material facts with reference to the accident to be reported thereon, including the location, the cause, the conditions then existing, and the persons and vehicles involved, personal injury or death, if any, the amounts of property damage claimed, the total number of vehicles involved, whether the vehicles were legally parked, legally standing, or moving, and whether such vehicles were occupied at the time of the accident. The accident report shall also contain sufficient information to permit verification of motor vehicle liability insurance. The department shall verify on a random audit basis the insurance information contained in at least five percent of the accident reports received pursuant to this section. Every required accident report shall be made on a form prescribed by the chief of the Washington state patrol and each authority charged with the duty of receiving such reports shall provide sufficient report forms in compliance with the form devised. The report forms shall be designated so as to provide that a copy may be retained by the reporting person.

Sec. 8. Section 12, chapter 10, Laws of 1982 as amended by section 6, chapter 164. Laws of 1983 and RCW 46.63.020 are each amended to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

April 18, 1985

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 242 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 1. chapter 145. Laws of 1981 and RCW 7.69.010 are each amended to read as follows:

In recognition of the severe and detrimental impact of crime on victims, survivors of victims, and witnesses of crimes and the civic and moral duty of victims, survivors of victims, and witnesses of crimes to freely and voluntarily cooperate with law enforcement and prosecutorial agencies, and in further recognition of the continuing importance of such citizen cooperation to state and local law enforcement efforts and the general effectiveness and well-being of the criminal justice system of this state, the legislature declares its intent, in this chapter, to grant to
the victims of crime and the survivors of such victims a significant role in the criminal justice system. The legislature further intends to ensure that all victims and witnesses of crime are treated with dignity, respect, courtesy, and sensitivity; and that the rights extended in this chapter to victims, survivors of victims, and witnesses of crime are honored and protected by law enforcement agencies, prosecutors, and judges in a manner no less vigorous than the protections afforded criminal defendants.

Sec. 2. Section 2, chapter 145, Laws of 1981 and RCW 7.69.020 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) ‘Crime’ means an act ((committed by an adult or juvenile in this state which, if committed by a competent adult person, would constitute a crime as provided in either federal, state, or local statute)) punishable as a felony, gross misdemeanor, or misdemeanor under the laws of this state or equivalent federal or local law.

(2) ((‘Family member’)) Survivor’ or ‘survivors’ of a victim of crime means a spouse, child, parent, (or) legal guardian, sibling, or grandparent. If there is more than one survivor of a victim of crime, one survivor shall be designated by the prosecutor to represent all survivors for purposes of providing the notice to survivors required by this chapter.

(3) ‘Victim’ means a person against whom a crime has been committed or the representative of a person against whom a crime has been committed.

(4) ‘Victim impact statement’ means a statement submitted to the court by the victim or a survivor, individually or with the assistance of the prosecuting attorney if assistance is requested by the victim or survivor, which may include but is not limited to information assessing the financial, medical, social, and psychological impact of the offense upon the victim or survivors.

(5) ‘Witness’ means a person who has been or is expected to be summoned to testify for the prosecution in a criminal action, or who by reason of having relevant information is subject to call or likely to be called as a witness for the prosecution, whether or not an action or proceeding has been commenced.

Sec. 3. Section 3, chapter 145, Laws of 1981 and RCW 7.69.030 are each amended to read as follows:

There shall be a reasonable effort made to ((ensure)) ensure that victims, survivors of victims, and witnesses of crimes have the following rights:

(1) To be informed by local law enforcement agencies or the prosecuting attorney of the final disposition of the case in which the victim, survivor, or witness is involved;

(2) To be notified by the party who issued the subpoena that a court proceeding to which they have been subpoenaed will not occur as scheduled, in order to save the person an unnecessary trip to court;

(3) To receive protection from harm and threats of harm arising out of cooperation with law enforcement and prosecution efforts, and to be provided with information as to the level of protection available;

(4) To be informed of the procedure to be followed to apply for and receive any witness fees to which they are entitled;

(5) To be provided, whenever practical, a secure waiting area during court proceedings that does not require them to be in close proximity to defendants and families or friends of defendants;

(6) To have any stolen or other personal property expeditiously returned by law enforcement agencies or the superior court when no longer needed as evidence. When feasible, all such property, except weapons, currency, contraband, property subject to evidentiary analysis, and property of which ownership is disputed, shall be photographed and returned to the owner within ten days of being taken;

(7) To be provided with appropriate employer intercession services to ensure that employers of victims, survivors of victims, and witnesses of crime will cooperate with the criminal justice process in order to minimize an employee’s loss of pay and other benefits resulting from court appearance;

(8) To access to immediate medical assistance and not to be detained for an unreasonable length of time by a law enforcement agency before having such assistance administered. However, an employee of the law enforcement agency may, if necessary, accompany the person to a medical facility to question the person about the criminal incident if the questioning does not hinder the administration of medical assistance;

(9) (To have the family members of homicide victims afforded all of the rights established under subsections (1) through (4), (6), and (7) of this section)) With respect to victims and survivors of victims, to be physically present in court during trial, or if subpoenaed to testify, to be scheduled as early as practical in the proceedings in order to be physically present during trial after testifying and not to be excluded solely because they have testified;

(10) With respect to victims and survivors of victims, to be informed by the prosecuting attorney of the date, time, and place of the trial and of the sentencing hearing for felony convictions upon request by a victim or survivor;
(1) To submit a victim impact statement or report to the court, with the assistance of the prosecuting attorney if requested, which shall be included in all presentence reports and permanently included in the files and records accompanying the offender committed to the custody of a state agency or institution;

(2) With respect to victims and survivors of victims, to present a statement personally or by representation, at the sentencing hearing for felony convictions;

(3) To be promptly notified upon the request of victims or survivors of victims by the agency or institution having custody of an offender convicted and sentenced to a term of confinement of more than a year, or acquitted by reason of insanity, of a violent offense as defined in RCW 9.94A.030, when such offender is furloughed, placed on work or training release or partial confinement, placed on parole, or released following completion of a sentence, placed under community supervision, conditionally released, or finally discharged from an insanity commitment, or when such offender escapes. The victim or survivor may designate that another person or entity receive the notification. The agency or institution shall send the notice to the last known address provided by the requesting victim or survivor; and

(4) With respect to victims and survivors of victims, to entry of an order of restitution by the court in all felony cases, even when the offender is sentenced to confinement, unless extraordinary circumstances exist which make restitution inappropriate in the court's judgment.

NEW SECTION. Sec. 4. A new section is added to chapter 7.69 RCW to read as follows:

For purposes of this chapter, a victim who is incapacitated or otherwise incompetent shall be represented by a parent or present legal guardian, or if none exists, by a representative designated by the prosecuting attorney without court appointment or legal guardianship proceedings. Any victim may designate another person as the victim's representative for purposes of the rights enumerated in RCW 7.69.030.

NEW SECTION. Sec. 5. A new section is added to chapter 7.69 RCW to read as follows:

Nothing contained in this chapter may be construed to provide grounds for error in favor of a criminal defendant in a criminal proceeding, nor may anything in this chapter be construed to grant a new cause of action or remedy against the state, its political subdivisions, law enforcement agencies, or prosecuting attorneys. The failure to provide notice of the rights enumerated in RCW 7.69.030 or to provide notice pursuant to RCW 7.69.030(13) to a victim, survivor, or witness under this chapter shall not result in civil liability for the agency or institution or its employees so long as the failure to notify was in good faith and without gross negligence. The failure to make a reasonable effort to ensure that victims, survivors, and witnesses under this chapter have the rights enumerated in RCW 7.69.030 shall not result in civil liability so long as the failure to make a reasonable effort was in good faith and without gross negligence. This chapter does not limit other civil remedies or defenses of the offender or the victim or survivors of the victim.

Sec. 6. Section 11, chapter 137, Laws of 1981 as amended by section 5, chapter 209, Laws of 1984 and RCW 9.94A.110 are each amended to read as follows:

Before imposing a sentence upon a defendant, the court shall conduct a sentencing hearing. The sentencing hearing shall be held within forty court days following conviction. Upon the motion of either party for good cause shown, or on its own motion, the court may extend the time period for conducting the sentencing hearing. The court shall consider the presentence reports, if any, including any victim impact statement and criminal history, and allow arguments from the prosecutor, the defense counsel, the offender, the victim, the survivor of the victim, or a representative of the victim or survivor, and an investigative law enforcement officer as to the sentence to be imposed. If the court is satisfied by a preponderance of the evidence that the defendant has a criminal history, the court shall specify the conviction it has found to exist. All of this information shall be part of the record. Copies of all presentence reports presented to the sentencing court and all written findings of facts and conclusions of law as to sentencing entered by the court shall be sent to the department by the clerk of the court at the conclusion of the sentencing and shall accompany the offender if the offender is committed to the custody of the department.

Sec. 7. Section 12, chapter 137, Laws of 1981 as last amended by section 6, chapter 209, Laws of 1984 and RCW 9.94A.120 are each amended to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2) and (5) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree where the offender used force or means likely to result in death or
intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than three years, and shall not be eligible for furlough, work release or other authorized leave of absence from the correctional facility during such minimum three year term except for the purpose of commitment to an inpatient treatment facility. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section.

(5) In sentencing a first-time offender, other than a person convicted of a violation of chapter 9A.44 RCW or RCW 9A.64.020, the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;
(b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;
(c) Pursue a prescribed, secular course of study or vocational training;
(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender’s address or employment;
(e) Report as directed to the court and a community corrections officer; or
(f) Pay a fine, make restitution, and/or accomplish some community service work.

(6) If a sentence range has not been established for the defendant’s crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, restitution, a term of community supervision not to exceed one year, and/or a fine. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(7) (a) When an offender is convicted of any violation of chapter 9A.44 RCW or RCW 9A.64.020 except RCW 9A.44.040 or RCW 9A.44.050 and has no prior convictions of chapter 9A.44 RCW, RCW 9A.64.020, or any other felony sexual offenses in this or any other state, the sentencing court on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment. After receipt of the reports, the court shall then determine whether the offender and the community will benefit from use of this special sexual offender sentencing alternative. If the court determines that both the offender and the community will benefit from use of this provision, the court shall then impose a sentence within the sentence range and, if this sentence is less than six years of confinement, the court may suspend the execution of the sentence and place the offender on community supervision for up to two years. As a condition of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;
(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment;
(iii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender’s address or employment;
(iv) Report as directed to the court and a community corrections officer;
(v) Pay a fine, make restitution, accomplish some community service work, or any combination thereof; or
(vi) Make recoupment to the victim for the cost of any counseling required as a result of the offender’s crime.

If the offender violates these sentence conditions the court may revoke the suspension and order execution of the sentence. All confinement time served during the period of community supervision shall be credited to the offender if the suspended sentence is revoked.

(b) When an offender is convicted of any felony sexual offense and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, order the offender committed for up to thirty days to the custody of the secretary of the department of social and health services at the Eastern State Hospital or the Western State Hospital for evaluation and report to the court on the offender’s amenability to treatment at these facilities. If the secretary of the department of social and health services cannot begin the evaluation within thirty days of the court’s order of commitment, the offender shall be transferred to the state for confinement pending an opportunity to be evaluated at the appropriate facility. The court shall review the reports and may order that the term of confinement imposed be served in the sexual offender treatment programs at Western State Hospital or Eastern State Hospital, as determined by the secretary of the
If the offender does not comply with the conditions of the treatment program, the secretary of the department of social and health services may refer the matter to the sentencing court for a determination as to whether the offender shall be transferred to the department of corrections to serve the balance of his term of confinement.

If the offender successfully completes the treatment program before the expiration of his term of confinement, the court may convert the balance of confinement to community supervision and may place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;
(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender's address or employment;
(iii) Report as directed to the court and a community corrections officer;
(iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his community supervision, the court may order the offender to serve out the balance of his community supervision term in confinement in the custody of the department of corrections.

(8) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days.

Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(9) If a sentence imposed includes a fine or restitution, the sentence shall specify a reasonable manner and time in which the fine or restitution shall be paid. In any sentence under this chapter the court may also require the offender to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary (a) to pay court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required, (b) to make recoupment of the cost of defense attorney's fees if counsel is provided at public expense, (c) to contribute to a county or interlocal drug fund, and (d) to make such other payments as provided by law. All monetary payments shall be ordered paid by no later than ten years after the date of the judgment of conviction.

(10) Except as provided under RCW 9.94A.140(1), a court may not impose a sentence providing for a term of confinement or community supervision which exceeds the statutory maximum for the crime as provided in RCW 9A.20.020.

(11) All offenders sentenced to terms involving community supervision, community service, restitution, or fines shall be under the supervision of the secretary of the department or such person as the secretary may designate and shall follow implicitly the instructions of the secretary including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer of any change in the offender's address or employment.

(12) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(13) A departure from the standards in RCW 9.94A.400(1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

(14) This section shall apply to offenses committed before the effective date of this 1985 act.

NEW SECTION. Sec. 8. A new section is added to chapter 9.94A RCW to read as follows:

"A new section is added to chapter 9.94A RCW to read as follows:

NEW SECTION. Sec. 8. A new section is added to chapter 9.94A RCW to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2) and (5) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than three years, and shall not be eligible for furlough, work release or other authorized leave of absence from the correctional facility during such minimum three year term except for the purpose of commitment to an inpatient treatment facility.

1831
The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section.

(5) In sentencing a first-time offender, other than a person convicted of a violation of chapter 9A.44 RCW or RCW 9A.64.020, the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;
(b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;
(c) Pursue a prescribed, secular course of study or vocational training;
(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender’s address or employment;
(e) Report as directed to the court and a community corrections officer; or
(f) Pay a fine and/or accomplish some community service work.

(6) If a sentence range has not been established for the defendant’s crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or a fine. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(7) (a) When an offender is convicted of any violation of chapter 9A.44 RCW or RCW 9A.64.020 except RCW 9A.44.040 or RCW 9A.44.050 and has no prior convictions of chapter 9A.44 RCW, RCW 9A.64.020, or any other felony sexual offenses in this or any other state, the sentencing court on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

After receipt of the reports, the court shall then determine whether the offender and the community will benefit from use of this special sexual offender sentencing alternative. If the court determines that both the offender and the community will benefit from use of this provision, the court shall then impose a sentence within the sentence range and, if this sentence is less than six years of confinement, the court may suspend the execution of the sentence and place the offender on community supervision for up to two years. As a condition of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;
(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment;
(iii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender’s address or employment;
(iv) Report as directed to the court and a community corrections officer;
(v) Pay a fine, accomplish some community service work, or any combination thereof; or
(vi) Make recoupment to the victim for the cost of any counseling required as a result of the offender’s crime.

If the offender violates these sentence conditions the court may revoke the suspension and order execution of the sentence. All confinement time served during the period of community supervision shall be credited to the offender if the suspended sentence is revoked.

(b) When an offender is convicted of any felony sexual offense and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, order the offender committed for up to thirty days to the custody of the secretary of the department of social and health services at the Eastern State Hospital or the Western State Hospital for evaluation and report to the court on the offender’s amenability to treatment at these facilities. If the secretary of the department of social and health services cannot begin the evaluation within thirty days of the court’s order of commitment, the offender shall be transferred to the state for confinement pending an opportunity to be evaluated at the appropriate facility. The court shall review the reports and may order that the term of confinement imposed be served in the sexual offender treatment programs at Western State Hospital or Eastern State Hospital, as determined by the secretary of the department of social and health services. The offender shall be transferred to the state pending placement in the treatment program.

If the offender does not comply with the conditions of the treatment program, the secretary of the department of social and health services may refer the matter to the sentencing court for determination as to whether the offender shall be transferred to the department of corrections to serve the balance of his term of confinement.
If the offender successfully completes the treatment program before the expiration of his term of confinement, the court may convert the balance of confinement to community supervision and may place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;
(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender's address or employment;
(iii) Report as directed to the court and a community corrections officer;
(iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his community supervision, the court may order the offender to serve out the balance of his community supervision term in confinement in the custody of the department of corrections.

If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days.

Local jail administrators may schedule court-ordered intermittent sentences as space permits.

If a sentence imposed includes a fine or restitution, the sentence shall specify a reasonable manner and time in which the fine or restitution shall be paid. In any sentence under this chapter the court may also require the offender to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary (a) to pay court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required, (b) to make recoupment of the cost of defense attorney's fees if counsel is provided at public expense, (c) to contribute to a county or interlocal drug fund, and (d) to make such other payments as provided by law. All monetary payments shall be ordered paid by no later than ten years after the date of the judgment of conviction.

Except as provided under RCW 9.94A.140(1), a court may not impose a sentence providing for a term of confinement or community supervision which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(1) All offenders sentenced to terms involving community supervision, community service, restitution, or fines shall be under the supervision of the secretary of the department or such person as the secretary may designate and shall follow implicitly the instructions of the secretary including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer of any change in the offender's address or employment.

(2) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(3) A departure from the standards in RCW 9.94A.400(1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210(2) through (6).

(4) The court shall order restitution whenever the offender

to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(3) In addition to any sentence that may be imposed, a defendant who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(4) This section does not limit civil remedies or defenses available to the victim or defendant.

(5) This section shall apply to offenses committed before the effective date of this act.

NEW SECTION. Sec. 10. A new section is added to chapter 9.94A RCW to read as follows:

(1) When restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within sixty days and shall set the terms and conditions under which the defendant shall make restitution. Restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses. The amount of restitution shall not exceed double the amount of the offender's gain or the victim's loss from the commission of the crime. For the purposes of this section, the offender shall remain under the court's jurisdiction for a maximum term of ten years subsequent to the imposition of sentence. The portion of the sentence concerning restitution may be modified as to amount, terms and conditions during the ten-year period, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum for the crime. The offender's compliance with the restitution shall be supervised by the department.

(2) Restitution shall be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property unless extraordinary circumstances exist which make restitution inappropriate in the court's judgment and the court sets forth such circumstances in the record. In addition, restitution shall be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(3) In addition to any sentence that may be imposed, a defendant who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(4) This section does not limit civil remedies or defenses available to the victim, survivors of the victim, or defendant.

(5) This section shall apply to offenses committed after the effective date of this act.

(3) Whenever any person accused of having committed a crime posts bail in superior court pursuant to the provisions of chapter 10.19 RCW and such bail is forfeited, there shall be deducted from the proceeds of such forfeited bail a penalty assessment, in addition to any other penalty or fine imposed by law, equal to the assessment which would be applicable under subsection (1) of this section if the person had been convicted of the crime.

(4) Such penalty assessments shall be paid by the clerk of the superior court to the county treasurer who shall monthly transmit the money as provided in RCW 10.82.070. Until June 30, 1987, each county shall deposit not less than one and seventy-five hundredths percent of the money it retains under RCW 10.82.070 and chapter 3.62 RCW and all money it receives under subsection (8) of this section into a fund maintained exclusively for the support of comprehensive programs to encourage and facilitate testimony by the victims of crimes and witnesses to crimes. After that date, each county shall continue to provide for such comprehensive programs. A program shall be considered "comprehensive" only after approval of the department upon application by the county prosecuting attorney. The department shall approve as comprehensive only programs which:

(a) Provide comprehensive services to victims and witnesses of all types of crime with particular emphasis on serious crimes against persons and property. It is the intent of the legislature to make funds available only to programs which do not restrict services to victims or witnesses of a particular type or types of crime and that such funds supplement, not supplant, existing local funding levels.

(b) Are administered by the county prosecuting attorney either directly through the prosecuting attorney's office or by contract between the county and agencies providing services to victims of crime.

(c) Make a reasonable effort to inform the known victim or his surviving dependents of the existence of this chapter and the procedure for making application for benefits;

(d) Assist victims in the restitution and adjudication process; and

(e) Assist victims of violent crimes in the preparation and presentation of their claims to the department of labor and industries under this chapter.

Before a program in any county west of the Cascade mountains is submitted to the department for approval, it shall be submitted for review and comment to each city within the county with a population of more than one hundred fifty thousand. The department will consider if the county's proposed comprehensive plan meets the needs of crime victims in cases adjudicated in municipal, district or superior courts and of crime victims located within the city and county.

(5) Upon submission to the department of a letter of intent to adopt a comprehensive program, the prosecuting attorney shall retain the money deposited by the county under subsection (4) of this section until such time as the county prosecuting attorney has obtained approval of a program from the department. Approval of the comprehensive plan by the department must be obtained within one year of the date of the letter of intent to adopt a comprehensive program. The county prosecuting attorney shall not make any expenditures from the money deposited under subsection (4) of this section until approval of a comprehensive plan by the department. If a county prosecuting attorney has failed to obtain approval of a program from the department under subsection (4) of this section or failed to obtain approval of a comprehensive program within one year after submission of a letter of intent under this section, the county treasurer shall monthly transmit one hundred percent of the money deposited by the county under subsection (4) of this section to the state treasurer for deposit in the public safety and education account established under RCW 43.08.250.

(6) County prosecuting attorneys are responsible to make every reasonable effort to assure that the penalty assessments of this chapter are imposed and collected.
(7) Penalty assessments under this section shall also be imposed in juvenile offense disposi­tions under Title 13 RCW. Upon motion of a party and a showing of good cause, the court may modify the penalty assessment in the disposition of juvenile offenses under Title 13 RCW.

(8) Until June 30, 1987, every city and town shall transmit monthly one and seventy-five one-hundredths percent of all money, other than money received for parking infractions, retained under RCW 3.46.120, 3.50.100, and 35.20.220 to the county treasurer for deposit as provided in subsection (4) of this section. After that date, every city and town shall transmit to the county a percentage of such money, up to one and seventy-five one-hundredths percent, which matches the percentage of court revenue the county provides under subsection (4) of this section.

The Senate has passed SUBSTITUTE HOUSE BILL NO. 272 with the following
amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 9A.44 RCW to read as follows:

(I) This section applies only to a criminal proceeding involving a sexual offense alleged to
have been committed against a child under ten years of age.

(2) The recording of an oral statement of the child made before the proceeding begins is
admissible into evidence if the statement is admissible pursuant to RCW 9A.44.120 and if:

(d) Every voice on the recording is identified; and

(e) All parties to the proceeding or the parties' attorneys are afforded an opportunity to
view the recording before it is offered into evidence

(3) Upon a showing of cause, the court may at any time order that disclosure of a record-
ning made pursuant to this section be restricted or deferred, or make such other order as is
appropriate, provided that such recording to which a party is entitled must be disclosed in
time to permit counsel to make beneficial use thereof.

NEW SECTION. Sec. 2. A new section is added to chapter 13.34 RCW to read as follows:

(I) This section applies only to a dependency proceeding involving abuse or neglect
alleged to have been committed against a child under ten years of age.

(2) The child either:
   (a) Testifies at the proceedings; or
   (b) Is unavailable as a witness: PROVIDED, That when the child is unavailable as a witness, such statement may be admitted only if there is corroborative evidence of the act.

The child witness shall be deemed unavailable for the purposes of this section if the court determines that the child is not competent to testify or that there is a strong probability that the child would experience emotional trauma of a degree and kind that would seriously inhibit the child's ability to testify fully and accurately if the child were required to testify in open court. Nothing in this section shall limit or expand the court's discretion in exercising reasonable control over the mode and order of interrogating witnesses and presenting evidence so as to protect witnesses from harassment or undue embarrassment.

A statement shall not be admitted under this section unless the proponent of the statement makes known to the adverse party the proponent's intention to offer the statement and the particulars of the statement sufficiently in advance of the proceedings to provide the adverse party with a fair opportunity to prepare to meet the statement.

(2) The child either:
   (a) Testifies at the proceedings; or
   (b) Is unavailable as a witness: PROVIDED, That when the child is unavailable as a witness, such statement may be admitted only if there is corroborative evidence of the act. The child witness shall be deemed unavailable for the purposes of this section if the court determines that the child is not competent to testify or that there is a strong probability that the child would experience emotional trauma of a degree and kind that would seriously inhibit the child's ability to testify fully and accurately if the child were required to testify in open court. Nothing in this section shall limit or expand the court's discretion in exercising reasonable control over the mode and order of interrogating witnesses and presenting evidence so as to protect witnesses from harassment or undue embarrassment.

A statement may not be admitted under this section unless the proponent of the statement makes known to the adverse party his intention to offer the statement and the particulars of the statement sufficiently in advance of the proceedings to provide the adverse party with a fair opportunity to prepare to meet the statement."

(3) In a prosecution under this section, if evidence has been introduced tending to show the existence at the time the extension of credit in question was made of the circumstances described in RCW 9A.82.020(2) (a) or (b), and direct evidence of the actual belief of the debtor as to the creditor's collection practices is not available, then for the purpose of showing that words or other means of communication, shown to have been employed as a means of collection, in fact carried an express or implicit threat, the court may in its discretion allow evidence to be introduced tending to show the reputation of the defendant in any community of which the person against whom the alleged threat was made was a member at the time of the collection or attempt at collection.

(a) Any interest acquired or maintained by a person in violation of RCW 9A.82.060 or 9A.82.080 to the extent of the investment of funds obtained from a violation of RCW 9A.82.060 or 9A.82.080 and any appreciation or income attributable to the investment.

(c) All proceeds traceable to or derived from an offense included in the (definition of racketeering) pattern of criminal profiteering activity and all money, negotiable instruments, securities, and other things of value significantly used or intended to be used significantly to facilitate the commission of the offense.

(d) A defendant convicted in any criminal proceeding is precluded ((from subsequently denying the essential allegations of the criminal offense of which the defendant was convicted)) in any civil proceeding from denying the essential allegations of the criminal offense proven in the criminal trial in which the defendant was convicted. For the purposes of this subsection, a conviction shall be deemed to have occurred upon a verdict, finding, or plea of guilty, notwithstanding the fact that ((an appeal appellate)) appellate review of the conviction and sentence has been or may be (lodged upon any judgment and sentence entered thereon) sought. If a subsequent reversal of the conviction occurs, any judgment that was based upon that conviction may be reopened upon motion of the defendant.

(e) The attorney general or county prosecuting attorney may, in a civil action brought pursuant to this section, file with the clerk of the superior court a certificate stating that the case is of special public importance. The judge so designated shall promptly assign the action for hearing, participate in the hearings and determination, and cause the action to be expedited.

(f) The standard of proof in actions brought pursuant to this section is the preponderance of the evidence test. A person other than the attorney general or county prosecuting attorney who files an action under this section shall serve notice and one copy of the pleading on the attorney general within thirty days after the action is filed with the superior court. The notice shall identify the action, the person, and the person's attorney. Service of the notice does not limit or otherwise affect the right of the state to maintain an action under this section or intervene in a pending action nor does it authorize the person to name the state or the attorney general as a party to the action.

(11) Except in cases filed by a county prosecuting attorney, the attorney general may, upon timely application, intervene in any civil action or proceeding brought under this section if the attorney general certifies that in the attorney general's opinion the action is of special public importance. Upon intervention, the attorney general may assert any available claim and is entitled to the same relief as if the attorney general had instituted a separate action.

(12) In addition to the attorney general's right to intervene as a party in any action under this section, the attorney general may appear as amicus curiae in any proceeding in which a claim under this section has been asserted or in which a court is interpreting RCW 9A.82.010, 9A.82.080, 9A.82.090, 9A.82.110, or 9A.82.120, or this section.

(13) A private civil action under this section ((is remedial and)) does not limit any other civil or criminal action under this chapter or any other provision. Private civil remedies provided under this section are supplemental and not mutually exclusive.

(14) (In bringing a civil action under this chapter, the attorney general or county prosecuting attorney may grant a witness immunity in exchange for testimony in the civil case. The immunity bars the use or derivative use of the witness's testimony in any subsequent criminal prosecution of the witness except for perjury or false swearing committed during the course of the testimony.) Upon motion by the defendant, the court may authorize the sale or transfer of assets subject to an order or lien authorized by this chapter for the purpose of paying actual attorney's fees and costs of defense. The motion shall specify the assets for which sale or transfer is sought and shall be accompanied by the defendant's sworn statement that the defendant has no other assets available for such purposes. No order authorizing such sale or transfer may be entered unless the court finds that the assets involved are not subject to possible forfeiture under RCW 9A.82.100(4)(f). Prior to disposition of the motion, the court shall notify the state of the assets sought to be sold or transferred and shall hear argument on the issue of whether the assets are subject to forfeiture under RCW 9A.82.100(4)(f). Such a motion may be made from time to time and shall be heard by the court on an expedited basis.
In an action brought under subsection (1)(a) and (b)(i) of this section, either party has the right to a jury trial.

Sec. 12. Section 11, chapter 270, Laws of 1984 and RCW 9A.82.110 are each amended to read as follows:

When the fund exceeds seven hundred fifty thousand dollars, all funds in excess of the actual damages sustained shall be deposited in the public safety and education account.

(b) Any prosecution and investigation costs, including attorney’s fees, recovered for the state by the county prosecuting attorney as a result of enforcement of civil and criminal statutes pertaining to any offense included in the definition of (racketeering) criminal profiteering, whether by final judgment, settlement, or otherwise, shall be deposited, as directed by a court of competent jurisdiction, in the fund established by this subsection. In an action brought by a prosecuting attorney on behalf of the county under RCW 9A.82.100(1)(b)(i) in which the county prevails, any payments ordered in excess of the actual damages sustained shall be deposited in the public safety and education account.

(c) The county legislative authority may prescribe a maximum level of moneys in the (antiracketeering) antiprofiteering revolving fund. Moneys exceeding the prescribed maximum shall be transferred to the county current expense fund.

(d) The moneys in the fund shall be utilized by the county prosecuting attorney for the investigation and prosecution of any offense, within the jurisdiction of the county prosecuting attorney, included in the definition of (racketeering) criminal profiteering, including civil enforcement.

(e) If a county has not established an antiprofiteering revolving fund, any payments or forfeitures ordered to the county under this chapter shall be deposited to the county current expense fund.

Sec. 13. Section 12, chapter 270, Laws of 1984 and RCW 9A.82.120 are each amended to read as follows:

(1) The state, upon filing a criminal action under RCW 9A.82.060 or 9A.82.080 or a civil action under RCW 9A.82.100, may file in accordance with this section a (racketeering) criminal profiteering lien. A filing fee or other charge is not required for filing a (racketeering) criminal profiteering lien.

(2) A (racketeering) criminal profiteering lien shall be signed by the attorney general or the county prosecuting attorney representing the state in the action and shall set forth the following information:

(a) The name of the defendant whose property or other interests are to be subject to the lien;

(b) In the discretion of the attorney general or county prosecuting attorney filing the lien, any aliases or fictitious names of the defendant named in the lien;

(c) If known to the attorney general or county prosecuting attorney filing the lien, the present residence or principal place of business of the person named in the lien;

(d) A reference to the proceeding pursuant to which the lien is filed, including the name of the court, the title of the action, and the court’s file number for the proceeding;

(f) A statement that the notice is being filed pursuant to this section;

(g) The amount (which) that the state claims in the action or, with respect to property or other interests (which) that the state has requested forfeiture to the state or county, a description of the property or interests sought to be paid or forfeited;

(h) If known to the attorney general or county prosecuting attorney filing the lien, a description of property (which) that is subject to forfeiture to the state or property in which the defendant has an interest (which) that is available to satisfy a judgment entered in favor of the state; and

(i) Such other information as the attorney general or county prosecuting attorney filing the lien deems appropriate.

(3) The attorney general or the county prosecuting attorney filing the lien may amend a lien filed under this section at any time by filing an amended (racketeering) criminal profiteering lien in accordance with this section (which) that identifies the prior lien amended.

(4) The attorney general or the county prosecuting attorney filing the lien shall, as soon as practical after filing a (racketeering) criminal profiteering lien, furnish to any person named in the lien a notice of the filing of the lien. Failure to furnish notice under this subsection does not invalidate or otherwise affect a (racketeering) criminal profiteering lien filed in accordance with this section.

(5)(a) A (racketeering) criminal profiteering lien is perfected against interests in personal property (by filing the lien with the department of licensing) in the same manner a security interest in like property pursuant to RCW 62A.9-302, 62A.9-303, 62A.9-304, 62A.9-305, and 62A.9-306 or as otherwise required to perfect a security interest in like property under applicable law. In the case of perfection by filing, the state shall file, in lieu of a financing statement in the form prescribed by RCW 62A.9-402, a notice of lien in substantially the following form:

NOTICE OF LIEN

Pursuant to RCW 9A.82.120, the state of Washington claims a criminal profiteering lien on all real and personal property of:

Name: ........................................

Address: ......................................

State of Washington

By (authorized signature)

On receipt of such a notice from the state, a filing officer shall, without payment of filing fee, file and index the notice as if it were a financing statement naming the state as secured party and the defendant as debtor.

(b) A (racketeering) criminal profiteering lien is perfected against interests in real property by filing the lien (with the county auditor of the county in which the real property is located. The state may give such additional notice of the lien as it deems appropriate) in the office where a mortgage on the real estate would be filed or recorded. The filing officer shall file and index the criminal profiteering lien, without payment of a filing fee, in the same manner as a mortgage.

(6) The filing of a (racketeering) criminal profiteering lien in accordance with this section creates a lien in favor of the state in:

(a) Any interest of the defendant, in real property situated in the county in which the lien is filed, then maintained, or thereafter acquired in the name of the defendant identified in the lien;

(b) Any interest of the defendant, in personal property situated in this state, then maintained or thereafter acquired in the name of the defendant identified in the lien; and

(c) Any property identified in the lien to the extent of the defendant's interest therein.

(7) The filing of a racketeering lien under this section is notice to all persons dealing with the person or property identified in the lien of the state's claim. The lien created in favor of the state in accordance with this section (is superior and prior to the claims or interests of any other person, except a person possessing or maintaining the interest identified in the lien.

(a) A valid lien perfected prior to the filing of the racketeering lien;

(b) In the case of real property, an interest acquired and recorded prior to the filing of the racketeering lien; or

(c) In the case of personal property, an interest acquired prior to the filing of the racketeering lien), when filed or otherwise perfected as provided in subsection (5) of this section, has, with respect to any of the property described in subsection (6) of this section, the same priority determined pursuant to the laws of this state as a mortgage or security interest given for value (but not a purchase money security interest) and perfected in the same manner with respect to such property; except that any lien perfected pursuant to Title 60 RCW by any person who, in the ordinary course of his business, furnishes labor, services, or materials, or rents, leases, or otherwise supplies equipment, without knowledge of the criminal profiteering lien, is superior to the criminal profiteering lien.

(8) Upon entry of judgment in favor of the state, the state may proceed to execute thereon as in the case of any other judgment, except that in order to preserve the state's lien priority as
provided in this section the state shall, in addition to such other notice as is required by law, give at least thirty days' notice of the execution to any person possessing at the time the notice is given, an interest recorded subsequent to the date the state's lien was perfected.

(9) Upon the entry of a final judgment in favor of the state providing for forfeiture of property to the state, the title of the state to the property:

(a) In the case of real property or a beneficial interest in real property, relates back to the date of filing the (racketeering) criminal profiteering lien (with the county auditor of the county in which the real property is located) or, if no (racketeering) criminal profiteering lien is filed, then to the date of recording of the final judgment or the abstract thereof (with the county auditor of the county in which the real property is located); or

(b) In the case of personal property or a beneficial interest in personal property, relates back to the date the personal property was seized by the state, or the date of filing of a (racketeering) criminal profiteering lien in accordance with this section, whichever is earlier, but if the property was not seized and no (racketeering) criminal profiteering lien was filed then to the date the final judgment was filed with the department of licensing and, if the personal property is an aircraft, with the federal aviation administration.

(10) This section does not limit the right of the state to obtain any order or injunction, receivership, writ, attachment, garnishment, or other remedy authorized under RCW 9A.82.100 or appropriate to protect the interests of the state or available under other applicable law.

(11) In a civil or criminal action under this chapter, the superior court shall provide for the protection of bona fide interests in property, including community property, subject to liens of persons who were not involved in the violation of this chapter, except to the extent that such interests or property were acquired or used in such a way as to be subject to forfeiture pursuant to RCW 9A.82.100(4)(f).

Sec. 14. Section 13, chapter 270. Laws of 1984 and RCW 9A.82.130 are each amended to read as follows:

1. A trustee who is personally served in the manner provided for service of legal process with written notice that a lien notice has been recorded or a civil proceeding or criminal proceeding has been instituted under this chapter against any person for whom the trustee holds a beneficial interest in real property, shall immediately furnish to the attorney general or county prosecuting attorney the following:

(a) The name and address of the person, as known to the trustee;

(b) To the extent known to the trustee, the name and address of all other persons for whose benefit the trustee holds title to the real property; and

(c) If requested by the attorney general or county prosecuting attorney, a copy of the trust agreement or other instrument under which the trustee holds legal or record title to the real property.

2. The recording of a lien notice shall not constitute a lien on the record title to real property owned by a trustee at the time of recording except to the extent that trustee is named in and served with the lien notice as provided in subsection (1) of this section. The attorney general or county prosecuting attorney may bring a civil proceeding in superior court against the trustee to recover from the trustee the amounts set forth in RCW 9A.82.150. In addition to amounts recovered under RCW 9A.82.150, the attorney general or county prosecuting attorney also may recover its investigative costs and attorneys' fees.

3. The recording of a lien notice does not affect the use to which real property or a beneficial interest owned by the person named in the lien notice may be put or the right of the person to receive any avails, rents, or other proceeds resulting from the use and ownership except the sale of the property, until a judgment of forfeiture is entered.

4. This section does not apply to any conveyance by a trustee under a court order unless the court order is entered in an action between the trustee and the beneficiary.

5. Unless a trustee receives written notice that a person having a beneficial interest in the trust is named in a lien notice or is otherwise a defendant in a civil proceeding)) notwithstanding that a trustee is served with notice as provided in subsection (1) of this section, this section does not apply to:

(a) A conveyance by a trustee required under the terms of any trust agreement (the trust agreement is a matter of public record before a lien notice is filed: or

(b) A conveyance by a trustee to all persons who have a beneficial interest in the trust) in effect before service of such notice on the trustee.

Sec. 15. Section 14, chapter 270. Laws of 1984 and RCW 9A.82.140 are each amended to read as follows:

1. The term of a lien notice shall be six years from the date the lien notice is recorded. If a renewal lien notice is filed by the attorney general or county prosecuting attorney, the term of the renewal lien notice shall be for six years from the date the renewal lien notice is recorded. The attorney general or county prosecuting attorney is entitled to only one renewal of the lien notice.

2. The attorney general or county prosecuting attorney filing the lien notice may release in whole or in part any lien notice or may release any specific property or beneficial interest
from the lien notice upon such terms and conditions as the attorney general or county prose-
cuting attorney considers appropriate and shall release any lien upon the dismissal of the action
which is the basis of the lien or satisfaction of the judgment of the court in the action or
other final disposition of the claim evidenced by the lien. A release of a lien notice executed
by the attorney general or county prosecuting attorney shall be recorded in the official records
in which the lien notice covering that property was recorded. No charge or fee may be
imposed for recording any release of a lien notice.

(3) (a) A person named in the lien notice may move the court in which the civil proceed-
ing giving rise to the lien notice is pending for an order extinguishing the lien notice.

(b) Upon the motion of a person under (a) of this subsection, the court immediately shall
enter an order setting a date for hearing, which shall be not less than five nor more than ten
days after the motion is filed. The order and a copy of the motion shall be served on the attor-
ney general or county prosecuting attorney within three days after the entry of the court's
order. At the hearing, the court shall take evidence on the issue of whether any property or
beneficial interest owned by the person is covered by the lien notice or otherwise subject to
foreclosure under RCW 9A.82.120. If the person shows by a preponderance of the evidence that
the lien notice is not applicable to the person or that any property or beneficial interest owned
by the person is not subject to foreclosure under RCW 9A.82.120, the court shall enter a judgment
extinguishing the lien notice or releasing the property or beneficial interest from the lien notice.

(c) The court may enter an order releasing from the lien notice any specific real property
or beneficial interest if, at the time the lien notice is recorded, there is pending an arms length
sale of the real property or beneficial interest in which the parties are under no undue compul-
sion to sell or buy and are able, willing, and reasonably well informed and the sale is for
the fair market value of the real property or beneficial interest and the recording of the lien
notice prevents the sale of the property or interest. The proceeds resulting from the sale of the
real property or beneficial interest shall be deposited with the court, subject to the further order
of the court.

(d) At ((the hearing held pursuant to (b) of this subsection, if)) any time after filing of a lien,
the court ((releases)) may release from the lien ((notice)) any property ((or beneficial interest:
the person shall post)) upon application by the defendant and posting of security equal to the
((fair market)) value of the property ((or beneficial interest owned by the person)) to be
released.

Sec. 16. Section 15, chapter 270, Laws of 1984 and RCW 9A.82.150 are each amended to
read as follows:

(1) If a trustee conveys title to real property for which, at the time of the conveyance, ((a
lien notice has been recorded in the county in which the real property is situated and the
notice names a person who the trustee knows holds a beneficial interest in the trust)) the trustee
has been personally served with notice as provided in RCW 9A.82.130(1) of a lien under this
chapter, the trustee shall be liable to the state for the greater of:

(a) The amount of proceeds received by the person named in the lien notice as a result of
the conveyance;

(b) The amount of proceeds received by the trustee as a result of the conveyance and dis-
tributed by the trustee to the person named in the lien notice; or

(c) The fair market value of the interest of the person named in the lien notice in the real
property so conveyed.

(2) If the trustee conveys the real property for which a lien notice has been ((recorded))
served on the trustee at the time of the conveyance and holds the proceeds that would other-
wise be paid or distributed to the beneficiary or at the direction of the beneficiary or benefi-
ciary's designee, the trustee's liability shall not exceed the amount of the proceeds so held so
long as the trustee continues to hold the proceeds.

Sec. 17. Section 16, chapter 270, Laws of 1984 and RCW 9A.82.160 are each amended to
read as follows:

A trustee who knowingly fails to comply with RCW 9A.82.130(1) is guilty of a gross misde-
meanor. A trustee who conveys title to real property after service of the notice as provided in
RCW 9A.82.130(1) with the intent to evade the provisions of RCW 9A.82.100 or 9A.82.120 with
respect to such property is guilty of a class C felony.

(3) A financial institution shall be reimbursed in an amount set by the court for reasonable costs incurred in providing information pursuant to this section.

(4) This section does not preclude the use of other legally authorized means of obtaining records, nor preclude the assertion of any legally recognized privileges.

Roll on, Columbia, roll on!
Your Power is turning our Darkness to Dawn:
Roll on, Columbia, Roll on!
Other great rivers add power to you.
Yakima, Snake, and the Klickitat, too,
W illamette, Sandy, and Hood River, too;
Roll on Columbia, roll on! (Chorus if desired)
At Bonneville now there are ships in the locks,
The waters have risen and cleared all the rocks,
Ship loads of plenty will steam past the docks,
So roll on, Columbia, roll on! (Chorus if desired)

The mightiest thing ever built by a man,
To run the great factories for old Uncle Sam:
It's roll on, Columbia, roll on!"

SENATE AMENDMENTS TO HOUSE BILL
April 19, 1985

Mr. Speaker:
The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 846 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. For the purposes of this act, the legislature finds it is the policy of the state of Washington that:

(1) The quality of the natural environment shall be protected and, where possible, enhanced as follows: Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental
values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(2) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public.

Sec. 2. Section 35.92.010, chapter 7, Laws of 1965 and RCW 35.92.010 are each amended to read as follows:

A city or town may construct, condemn and purchase, purchase, acquire, add to, maintain and operate waterworks, within or without its limits, for the purpose of furnishing the city and its inhabitants, and any other persons, with an ample supply of water for all purposes, public and private, including water power and other power derived therefrom, with full power to regulate and control the use, distribution, and price thereof: PROVIDED, That the rates charged must be uniform for the same class of customers or service. Such waterworks may include facilities for the generation of electricity as a byproduct and such electricity may be used by the city or town or sold to an entity authorized by law to distribute electricity. Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply. In classifying customers served or service furnished, the city or town governing body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; capital contributions made to the system including, but not limited to, assessments; and any other matters which present a reasonable difference as a ground for distinction. No rate shall be charged that is less than the cost of the water and service to the class of customers served.

For such purposes any city or town may take, condemn and purchase, purchase, acquire, and retain water from any public or navigable lake or watercourse, surface or ground, and, by means of aqueducts or pipe lines, conduct it to the city or town; and it may erect and build dams or other works across or at the outlet of any lake or watercourse in this state for the purpose of storing and retaining water therein up to and above high water mark; and for all the purposes of erecting such aqueducts, pipe lines, dams, or waterworks or other necessary structures in storing and retaining water, or for any of the purposes provided for by this chapter, the city or town may occupy and use the beds and shores up to the high water mark of any such watercourse or lake, and acquire the right by purchase, or by condemnation and purchase, or otherwise, to any water, water rights, easements or privileges named in this chapter, or necessary for any of said purposes, and the city or town may acquire by purchase or condemnation and purchase any properties or privileges necessary to be had to protect its water supply from pollution. Should private property be necessary for any such purposes or for storing water above high water mark, the city or town may condemn and purchase, or purchase and acquire such private property. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a city or town that does not own or operate an electric utility system to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner.

Sec. 3. Section 35.92.070, chapter 7, Laws of 1965 and RCW 35.92.070 are each amended to read as follows:

When the governing body of a city or town deems it advisable that the city or town purchase, acquire, or construct any such public utility or make any additions and betterments thereto or extensions thereof, it shall provide therefor by ordinance, which shall specify and adopt the system or plan proposed, and declare the estimated cost thereof, as near as may be, and the ordinance shall be submitted for ratification or rejection to the voters of the city or town at a general or special election, except in the following cases where no submission shall be necessary:

(1) When the work proposed is (a) an addition to, or betterment of, or extension of, or an increased water supply for, existing waterworks; (b) PROVIDED, That submission by a city or town that does not own or operate an electric utility system shall be necessary for a work which may produce electricity for sale in excess of present and future needs of the water system if such work involves an ownership greater than twenty-five percent in a new water supply project combined with an electric generation facility or if the combined facility has an installed capacity in excess of five megawatts; or (b) an addition, betterment, or extension of an existing system or plant of any other public utility for which no general indebtedness is to be incurred by the city or town:
(2) When in the charter of a city or town a provision has been adopted authorizing the corporate authorities thereof to provide by ordinance for acquiring, opening, or operating any of such public utilities, for which no general indebtedness is to be incurred; or

(3) When in the judgment of the corporate authority, the public health is being endangered by the discharge of raw or untreated sewage into any river or stream and the danger to the public health may be abated by the construction and maintenance of a sewage disposal plant for which no general indebtedness shall be incurred by the city or town responsible for such contamination.

If a general indebtedness is to be incurred, the amount and terms thereof shall be included in the proposition submitted to the voters and such proposition shall be adopted by three-fifths of the voters voting at such election.

If no general indebtedness is to be incurred the proposition may be adopted by a majority vote.

Thirty days' notice of the election shall be given in the newspaper doing the city or town printing, by publication in each issue of at least once each week in the paper during such time.

When a proposition has been adopted, or in the cases where no submission is necessary, the corporate authorities of the city or town may proceed forthwith to purchase, construct, and acquire the public utility or make additions, betterments, and extensions thereto and to make payment therefor.

Sec. 4, Section 8, chapter 114, Laws of 1929 as amended by section 1, chapter 108, Laws of 1959 and RCW 57.08.010 are each amended to read as follows:

A water district may acquire by purchase or condemnation, or both, all property and property rights and all water and water rights, both within and without the district, necessary for its purposes. A water district may lease real or personal property necessary for its purposes for a term of years for which such leased property may reasonably be needed where in the opinion of the board of water commissioners such property may not be needed permanently or substantial savings to the district can be effected thereby. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities of the third class, insofar as consistent with the provisions of this title, except that all assessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the water district, and the duties devolving upon the city treasurer are hereby imposed upon the county treasurer. A water district may construct, condemn and purchase, purchase, add to, maintain and supply waterworks to furnish the district and inhabitants thereof, and any city or town therein and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private and with full authority to regulate and control the use, distribution and price thereof. Such waterworks may include facilities which result in combined water supply and electric generation, provided that the electricity generated thereby is a byproduct of the water supply system. Such electricity may be used by the water district or sold to any entity authorized by law to distribute electricity. Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a water district may take, condemn and purchase, purchase, acquire and retain water from any public or navigable lake, river or watercourse, or any underflowing water and, by means of aqueducts or pipe line conduct the same throughout such water district and any city or town therein and carry it along and upon public highways, roads and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipe lines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such water district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a water district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner.

A water district may purchase and take water from any municipal corporation.

A water district may fix rates and charges for water supplied and may charge property owners seeking to connect to the district's water supply system, as a condition to granting the right to so connect, in addition to the cost of such connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that such property owners shall bear their equitable share of the cost of such system.

Sec. 5, Section 10, chapter 210, Laws of 1941 as last amended by section 4, chapter 190, Laws of 1981 and RCW 56.08.010 are each amended to read as follows:

A sewer district may acquire by purchase or by condemnation and purchase all lands, property rights, water, and water rights, both within and without the district, necessary for its purposes. A sewer district may lease real or personal property necessary for its purposes for a term of years for which such leased property may reasonably be needed where in the opinion
of the board of sewer commissioners such property may not be needed permanently or sub-
stantial savings to the district can be effected thereby. The right of eminent domain shall be
exercised in the same manner and by the same procedure as provided for cities of the third
class, insofar as consistent with the provisions of this title, except that all assessments or reas-
seSSment rolls required to be filed by eminent domain commissioners or commissioners
appointed by the court shall be prepared and filed by the district, and the duties devolving
upon the city treasurer shall be imposed upon the county treasurer for the purposes hereof; it
may construct, condemn and purchase, add to, maintain, and operate systems of sewers for
the purpose of furnishing the district and inhabitants thereof with an adequate system of sewers
for all uses and purposes, public and private, including but not limited to on-site sewage dis-
posal facilities, facilities for the drainage of storm or surface waters, public highways, streets,
and roads with full authority to regulate the use and operation thereof and the service rates to
be charged. Such sewage facilities may include facilities which result in combined sewage
disposal, treatment, or drainage and electric generation, provided that the electricity gener-
atcd thereby is a byproduct of the system of sewers. Such electricity may be used by the sewer
district or sold to any entity authorized by law to distribute electricity. Such electricity is a
byproduct when the electrical generation is subordinate to the primary purpose of sewage
disposal, treatment, or drainage. For such purposes a district may conduct sewage throughout
the district and throughout other political subdivisions within the district, and construct and lay
sewer pipe along and upon public highways, roads, and streets, within and without the district,
and condemn and purchase or acquire land and rights of way necessary for such sewer pipe.
A district may erect sewage treatment plants, within or without the district, and may acquire
by purchase or condemnation, properties or privileges necessary to be had to protect any
lakes, rivers, or watercourses and also other areas of land from pollution, from its sewers or its
sewage treatment plant. For the purposes of sewage facilities which include facilities which
result in combined sewage disposal, treatment, or drainage and electric generation where the
electric generation is a byproduct, nothing in this section may be construed to authorize a dis-
trict to condemn electric generating, transmission, or distribution rights or facilities of entities
authorized by law to distribute electricity, or to acquire such rights or facilities without the con-
sent of the owner. A district may charge property owners seeking to connect to the district sys-
tem of sewers, as a condition to granting the right to so connect, in addition to the cost of such
connection, such reasonable connection charge as the board of commissioners shall determine
to be proper in order that such property owners shall bear their equitable share of the cost of
such system. A district may compel all property owners within the sewer district located within
an area served by the district system of sewers to connect their private drain and sewer sys-
tems with the district system under such penalty as the sewer commissioners shall prescribe by
resolution. The district may for such purpose enter upon private property and connect the pri-
ivate drains or sewers with the district system and the cost thereof shall be charged against the
property owner and shall be a lien upon property served.

NEW SECTION. Sec. 6. A new section is added to chapter 90.54 RCW to read as follows:
In addition to other requirements of this chapter, when the proposed water resource
development project involves a new water supply combined with an electric generation facility
where such electricity generated may be sold to an entity authorized by law to distribute
electricity, the department shall evaluate and utilize, in connection with any application to
appropriate water pursuant to the water code, chapter 90.03 RCW, sufficient information furn-
ished by the project applicant regarding the need for the project, alternative means of serv-
ing the purposes of the project, the cumulative effects of the project and similar projects that
are built, under construction or permitted in the relevant river basin or basins, the impact, if
any, on flood control plans and an estimate of the impact, if any, of the sale of the project's
electricity on the rates of utility customers of the Bonneville power administration. Such infor-
mation shall be furnished at the project applicant's own cost and expense.

NEW SECTION. Sec. 7. (1) Nothing in this act exempts any city or town, water district, or
sewer district from compliance with applicable state and federal statutes and regulations
including but not limited to: State environmental policy act, chapter 43.21C RCW; national
environmental policy act, 42 U.S.C. Sec. 4321 et seq.; federal power act, 16 U.S.C. Sec. 791 et
seq.; public utility regulatory policies act, 15 U.S.C. Sec. 717f; Pacific northwest electric power
planning and conservation act, 16 U.S.C. Sec. 839; energy financing voter approval act, chapter
80.52 RCW; water resources act, chapter 90.54 RCW; federal clean water act, 33 U.S.C. Sec.
1251 et seq.; the public water system coordination act, chapter 70.116 RCW; and the state clean
water act, chapter 90.48 RCW.

(2) In addition, if the work proposed under this act involves a new water supply project
combined with an electric generation facility with an installed capacity in excess of five meg-
awatts which may produce electricity for sale in excess of present and future needs of the
water system, then each of those with a greater than twenty-five percent ownership interest in
the project shall jointly prepare an independent economic feasibility study evaluating the cost-
effectiveness of the combined facility in the context of forecast regional water needs, alternate
sources of water supply, and the potential impact of the combined facility on rates charged for
water and electricity.
In addition to the economic feasibility study, the results of the environmental impact statement required by chapter 43.21C RCW and any review by the department of ecology made pursuant to chapter 90.54 RCW shall be made available to the public at least sixty days prior to any public vote on the new combined project.

(3) This act supplements the authority of cities and towns, water districts, and sewer districts and does not restrict or impose limits on any authority such municipal corporations may otherwise have under any laws of this state nor may the authority of such municipal corporations under other laws of this state be construed more narrowly on account of this act.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

On page 1, line 2 of the title, after "57.08.010," strike all material through "90.54.100;" and insert "and 56.08.010; adding a new section to chapter 90.54 RCW;" and the same is herewith transmitted.

(2) Have the amusement ride or structure inspected for safety at least once annually by an insurer or a person with whom the insurer has contracted and obtain from the insurer or person a written certificate that the inspection has been made and that the amusement ride or structure meets the standards for coverage and is covered by the insurer as required by subsection (3) of this section;

(3) Have and keep in effect an insurance policy in an amount not less than one million dollars per occurrence insuring: (a) The owner or operator; and (b) any municipality or county on whose property the amusement ride or structure stands, or any municipality or county which has contracted with the owner or operator against liability for injury to persons arising out of the use of the amusement ride or structure;
(4) File with the department the inspection certificate and insurance policy required by this section; and

(5) File with each sponsor, lessor, landowner, or other person responsible for an amusement structure or ride being offered for use by the public a certificate stating that the insurance required by subsection (3) of this section is in effect.

NEW SECTION. Sec. 3. (1) Application for an operating permit to operate an amusement ride or structure shall be made on an annual basis by the owner or operator of the amusement ride or structure. The application shall be made on forms prescribed by the department and shall include the certificate required by section 2(2) of this act.

(3) If an amusement ride or structure for which a permit has been issued pursuant to section 3 of this act is moved and installed in another place but is not materially rebuilt or materially modified so as to change the original action of the amusement ride or structure, no new permit is required prior to the expiration of the permit.

NEW SECTION. Sec. 5. (1) The department shall adopt rules under chapter 34.04 RCW to administer this chapter. Such rules may exempt amusement rides or structures otherwise subject to this chapter if the amusement rides or structures are located on lands owned by United States government or its agencies and are required to comply with federal safety standards at least equal to those under this chapter.

(2) The department may order in writing the cessation of the operation of an amusement ride or structure for which no valid permit is in effect or for which the owner or operator does not have an insurance policy as required by section 2 of this act.

"NEW SECTION. Sec. 1. It is the intent of the legislature to require the department of labor and industries to implement experience rating and retrospective rating of both accident and medical aid fund premiums no later than January 1, 1989.

The legislature believes that experience rating industrial insurance premiums is a proven method of rewarding employers who promote workplace safety and can provide a significant incentive for employers and employees to reduce work related injuries. However, the legislature finds that before experience rating is implemented it is necessary to study its potential impact on small and large employers."
NEW SECTION. Sec. 2. The department of labor and industries shall report to the commerce and labor committees of the house of representatives and senate no later than December 1, 1986, regarding its plan to implement experience and retrospective rating of the medical aid fund premium, and the impact of experience rating on employer and employee medical aid fund premium rates, including but not limited to the average change in premium rates and the maximum and minimum modification factors for small and large employers.

NEW SECTION. Sec. 3. A new section is added to chapter 51.36 RCW to read as follows:

An employer may request review of billings for any medical and surgical services received by a worker by submitting written notice to the department. The department shall investigate the billings and determine whether the worker received services authorized under this title. Whenever such medical or surgical services are determined to be unauthorized, the department shall not charge the costs of such services to the employer's account.

SENATE AMENDMENT TO HOUSE BILL

April 19, 1985

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 141 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 1, chapter 98, Laws of 1975-76 2nd ex. sess. as amended by section 8, chapter 278, Laws of 1984 and RCW 28A.03.360 are each amended to read as follows:

(1) Every school district is encouraged to test pupils in grade two by an assessment device designed or selected by the local school districts. This test shall be used to help teachers in identifying those pupils in need of assistance in the skills of reading, writing, mathematics, and language arts. The test results are not to be compiled by the superintendent of public instruction, but are only to be used by the local school district.

(2) The superintendent of public instruction shall prepare and conduct, with the assistance of local school districts, a standardized achievement test to be given annually to all pupils in grade four. The test shall assess students' skill in reading, writing, mathematics, and language arts and shall focus upon appropriate input variables. Results of such tests shall be compiled by the
superintendent of public instruction, who shall make those results available annually to the
legislature, to all local school districts and subsequently to parents of those children tested. The
results shall allow parents to ascertain the achievement levels and input variables of their
children as compared with the other students within the district, the state and, if applicable, the
nation.

(3) The superintendent of public instruction shall prepare and conduct, with the assistance
of local school districts, an assessment to be administered annually to all grade eight students.
The purposes of the assessment are to assist students, parents, and teachers in the planning and
selection of appropriate high school programs and courses for the students and to provide
comparisons within the district, the state and, if applicable, the nation. The assessment shall
include but not be limited to tests in reading, mathematics, and language arts and a student
interest inventory. The superintendent of public instruction shall make the results available to
all local school districts which shall in turn make them available to students, parents, and
teachers in a timely fashion.

(4) The superintendent of public instruction shall prepare and conduct, with the assistance
of local school districts, a standardized achievement test to be given annually to all students in
grade ten. The purposes of the test are to assist students in meeting district graduation require-
ments and in making decisions regarding potential career options and the test results shall
allow schools and parents to ascertain the achievement levels of their students as compared
with other students within the district, the state, and, if applicable, the nation. The results may
also be used as an aid in the development of plans to build upon individual students' strengths
and to address areas in which individual students' skills are not as strong. The test shall include
but not be limited to examinations in reading, mathematics, and language arts and a student
academic and career interest inventory and may include the collection of other academic
achievement related information. Results of the test shall be compiled by the superintendent
of public instruction who shall annually make the results available to all local school districts
which shall in turn make the results available to students, parents, and teachers in a timely
fashion. In addition to a compilation of school district test results, the test results for each school
shall be reported as they relate to selected demographic variables.

(5) The superintendent of public instruction shall test approximately two thousand students
distributed throughout the state in the eleventh grade once every two years. Choice of students
shall be based on a statistical random sample of students from this grade level sufficient to
generalize about all of the students at the grade level from the state's school districts. The pur-
pose of the test is to allow the public, the legislature, and school district personnel to evaluate
how Washington students in this grade compare to students in the same grade tested in other
comparable national achievement surveys.

NEW SECTION. Sec. 2. If specific funding for the purposes of this act, referencing this act by
bill number, is not provided by the legislature by July 1, 1987, the amendment to RCW 28A.03-
350 by section 1 of this act shall be null and void. This act shall be of no effect until such spe-
cific funding is provided. If such funding is so provided, this act shall take effect when the
legislation providing the funding takes effect.*

and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

SENATE AMENDMENT TO HOUSE JOINT RESOLUTION

April 18, 1985

Mr. Speaker:

The Senate has passed HOUSE JOINT RESOLUTION NO. 23 with the following amendment:

Beginning on page I, line 1, strike all material through "state." on page 3, line 13 and insert the following:

"BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article VII of the state Constitution by adding a new section to read as follows:

Article VII, section Notwithstanding any provision of this Constitution, the legislature may by general law for the purpose of permitting special financing of public improvements authorize the legislative authority of any county, city, or town to create boundaries, within its jurisdiction, after such legislative authority conducts a public hearing, containing only that real property which the legislative authority determines will be increased in true and fair value by reason of specified public improvements within those boundaries. In no event shall any property tax assessment be increased for any real property lying outside of the boundaries referred to above if the increase would be attributable to the specified public improvements authorized by this section but such real property shall be assessed always at current market value, nor shall any portion of property taxes for real property lying outside of said boundaries be used to pay for the specified public improvements or public obligations authorized by this section. The legislature may further provide that all or a portion of the property taxes levied within those boundaries against increases in the true and fair value of such real property may be used to pay for the specified public improvements or to pay public obligations incurred to fund the specified public improvements. Any such public obligations payable solely from revenues from these public improvements and such property taxes levied against the increases in real property value shall not constitute general indebtedness.

For purposes of this section, 'property taxes' means:

(1) Property taxes subject to the aggregate limitation on tax levies by the state and all taxing districts in section 2 of this Article; and

(2) Property taxes levied by port districts and public utility districts, except for property taxes levied specifically for the purpose of making required payments of principal and interest on general indebtedness.

For purposes of this section, 'public improvements' means:

(1) Capital projects that benefit the public at large and do not discriminate against any citizen on the basis of race, national origin, color, sex, age, economic status, or the presence of any sensory, mental, or physical handicap.

Nothing in this section authorizes the provision of public improvements which counties, cities, and towns may not otherwise provide.

Nothing in this section authorizes a county, city, or town to exercise powers of eminent domain contrary to the provisions of Article I, section 16.

Nothing in this section authorizes a county, city, or town to pledge all or part of its full faith and credit without complying with the laws relating to the incurring of general indebtedness, including Article VIII, section 1 and Article VIII, section 6, or to aggregate tax levies in excess of the limitation on levies in section 2 of this Article.
BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

(d) The landscaping plan of the site shall exclude the parking of all vehicles, exclude the construction of any structure, including bus stop facilities, and emphasize the scenic vista of Mt. Rainier and other natural topographical features.
(2) In respect to the programming and preplanning for a state heritage and natural resources facility:
(a) The state capitol historical association and other civic groups as recognized by the state capitol historical association shall have full authority to participate in the planning of the state heritage center space;

NEW SECTION. Sec. 707. FOR THE ARTS COMMISSION
Artwork allowance pooling: Up to one-half of one percent of moneys appropriated in this act shall be spent as provided in RCW 28A.58.055, 28B.10.027, and 43.17.200.

NEW SECTION. Sec. 708. To carry out effectively the provisions of this act, the governor may assign responsibility for planning, engineering, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 709. Reappropriations shall be limited to the unexpended balances remaining June 30, 1985, in the current appropriation for each project.

NEW SECTION. Sec. 710. As part of the annual six year update to the State Facilities and Capital Plan, agencies shall, beginning with the January 1986 update, provide lease development projects to the office of financial management.

NEW SECTION. Sec. 711. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with any moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the committees on ways and means of the senate and house of representatives.

NEW SECTION. Sec. 712. Notwithstanding any other provisions of law, for the 1985-87 biennium, state treasurer transfers of reimbursement to the general fund from the community college capital projects account for debt service payments made under the provisions of Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available in the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community college education need not accumulate any specific balance in the
community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 713. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the department of general administration for possible consolidation and compliance with state office standards prior to allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 714. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project which is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer shall be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects which are funded from the same fund or account.

A report of any transfer effected under this section shall be filed with the legislative auditor by the director of financial management within thirty days of the date the transfer is effected. The legislative auditor shall review and compile these filings and periodically report thereon to the legislative budget committee and the appropriate standing committees of the senate and house of representatives.

NEW SECTION. Sec. 715. To carry out effectively, efficiently, and economically the provisions of this act, each agency shall establish a start date and completion date on each project which has an estimated total cost which exceeds five hundred thousand dollars and for which a start or completion date is not specified in this act. This information shall be furnished to the office of financial management and the legislative auditor no later than the date the allotment request is filed with the office of financial management. If a project cannot start on or before the indicated start date or be completed by the indicated completion date, the director of the agency shall document and file with the office of financial management and the legislative budget committee the reason for the delay and indicate the new start and/or completion date(s). The legislative auditor shall review these filings and report thereon to the legislative budget committee and the appropriate standing committees of the senate and house of representatives.

As a result of these filings, agency directors may be required to appear before the legislative budget committee for further explanation of a project delay.

NEW SECTION. Sec. 716. (1) A maximum of $121,800,000 of the appropriations and reappropriations provided in sections 301 through 309 of this act may be disbursed during the 1985-87 biennium.

(2) Reappropriations in sections 301 through 305 of this act are reauthorizations of appropriations from section 887, chapter 57, Laws of 1983 1st ex. sess. Proceeds of the sale of bonds authorized by chapter 266, Laws of 1984 may be used for the support of these projects.

NEW SECTION. Sec. 717. The appropriations of moneys and the designation of funds and accounts by this and other acts of the 1985 legislature shall be construed in a manner consistent with legislation enacted by the 1985 legislature to conform state funds and accounts with generally accepted accounting principles.

NEW SECTION. Sec. 718. (1) The legislature finds:

(a) Estimates of capital project costs are prepared in a manner to ensure sufficient funds are available for the completion of projects.

(b) Actual project costs are influenced by variations in cost factors, changing unit price levels, available inventories, inflation rates, gross construction volume at the time of project bid, and other factors that cannot be predicted at the time of estimating capital project costs.

(c) Due to funding limitations, necessary capital projects are deferred to ensuing biennia.

(d) The deferral of capital projects results in increased project costs due to the effects of inflation and increased deterioration of facilities.

(e) No statutory authority currently exists to allow project cost savings to be used to implement necessary capital projects that were deferred to ensuing biennia due to lack of funds.

(2) There is hereby authorized a capital projects cost control incentive program for the 1985-87 biennium.

(3) Appropriations not required by an agency to complete capital projects authorized in this act, may be expended to implement, in priority sequence, those capital renewal projects of the agency listed in the Governor’s Six-Year Capital and Facility Plan for the 1987-89 Biennium, as that list exists in the Governor’s final 1986 update of the six-year plan. Expenditures under this section are subject to the following conditions:

(a) No expenditure may be made without the prior allotment approval of the office of financial management.

(b) The office of financial management shall notify the senate and house ways and means committees prior to authorizing any project for implementation under this section.
(c) No project may be authorized under this section by the office of financial management unless sufficient funds are available to complete a project's design phase, construction phase, or both.

(d) Appropriations in this act for a capital project shall not be expended under this section unless:

(i) All contracts associated with the performance of the project have been completed and accepted by the state of Washington;

(ii) The statutory thirty-day lien period for each project has expired;

(iii) All claims of lien against project contracts have been satisfied;

(iv) There are no outstanding claims against the state of Washington by any contracted party to the project construction contract; and

(v) Any and all negotiated settlements or settlements arising from the findings of an arbitration board or court of jurisdiction have been satisfied.

NEW SECTION. Sec. 719. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 720. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1985.

I am returning herewith without my approval as to one section, ENGROSSED HOUSE BILL NO. 99, entitled:
"AN ACT Relating to the taxation of fish farms."
Section 5 of this bill attempts to assure that the previous sections could not be construed to imply that fish farmers were taxable as extractors for B&O taxes and liable for sales and use taxes on their feed purchases prior to the effective date of this bill.

This section would weaken the state's position if fish farmers attempted to avoid payment of back taxes by legal action.

With the exception of Section 5, Engrossed House Bill No. 99 is approved.
Respectfully submitted,
BOOTH GARDNER, Governor.

SENATE AMENDMENTS TO HOUSE BILL

April 23, 1985

Mr. Speaker:

After returning the bill to second reading under suspension of the rules, the Senate has repassed SUBSTITUTE HOUSE BILL NO. 890 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. As used in this chapter, the terms defined in this section have the meanings indicated unless the context clearly requires otherwise.

(1) 'Agricultural product,' 'conditioner,' 'consignor,' 'person,' 'processor,' and 'producer' have the meanings defined in RCW 20.01.010.

(2) 'Preparer' means a person engaged in the business of feeding livestock or preparing livestock products for market.

NEW SECTION. Sec. 2. Starting on the date a producer delivers any agricultural product to a processor or conditioner, the producer has a first priority statutory lien, referred to as a 'processor lien.' This processor lien shall continue until twenty days after payment for the product is due and remains unpaid, without filing any notice of lien, for the contract price, if any, or the fair market value of the products delivered. The processor lien attaches to the agricultural products delivered, to the processor's or conditioner's inventory, and to the processor's or conditioner's accounts receivable. However, no processor lien may attach to agricultural products delivered by a producer, or on the producer's behalf, to a processor which is organized and operated on a cooperative basis and of which the producer is a member, nor may such lien attach to such processor's inventory or accounts receivable.

NEW SECTION. Sec. 3. Starting on the date a producer delivers grain, hay, or straw to a preparer, the producer has a first priority statutory lien, referred to as a 'preparer lien.' This preparer lien shall continue twenty days after payment for the product is due and remains unpaid, without filing any notice of lien, for the contract price, if any, or the fair market value of the products delivered. The preparer lien attaches to the agricultural products delivered by the producer to the preparer, and to the preparer's accounts receivable.

NEW SECTION. Sec. 4. (1) A producer claiming a processor or preparer lien may file a statement evidencing the lien with the department of licensing after payment from the processor, conditioner, or preparer to the producer is due and remains unpaid. For purposes of this subsection and section 5 of this act, payment is due on the date specified in the contract, or if not specified, then within thirty days from time of delivery.

(2) The statement shall be in writing, verified by the producer, and shall contain in substance the following information:

(a) A true statement of the amount demanded after deducting all credits and offsets;

(b) The name of the processor, conditioner, or preparer who received the agricultural product to be charged with the lien;

(c) A description sufficient to identify the agricultural product to be charged with the lien;
NEW SECTION. Sec. 5. (1) If a statement is filed pursuant to section 4 of this act within twenty days of the date upon which payment from the processor, conditioner, or preparer to the producer is due and remains unpaid, the processor or preparer lien evidenced by the statement continues its priority over all other liens or security interests upon agricultural products, inventory, and accounts receivable, except as provided in (b) of this subsection. Such priority is without regard to whether the other liens or security interests attached before or after the date on which the processor or preparer lien attached.

(b) The processor or preparer lien shall be subordinate to liens for taxes or labor perfected before filing of the processor or preparer lien.

(2) If the statement provided for in section 4 of this act is not filed within twenty days of the date payment is due and remains unpaid, the processor or preparer lien shall thereupon become subordinate to:

(a) A lien that has attached to the agricultural product, inventory, or accounts receivable before the date on which the processor or preparer lien attaches; and

(b) A perfected security interest in the agricultural product, inventory, or accounts receivable.

NEW SECTION. Sec. 6. (1) The processor lien shall terminate six months after, and the preparer lien shall terminate fifty days after, the later of the date of attachment or filing, unless a suit to foreclose the lien has been filed before that time as provided in section 7 of this act.

(2) If a statement has been filed as provided in section 4 of this act and the processor has received payment for the obligation secured by the lien, the processor shall promptly file with the department of licensing a statement declaring that full payment has been received and that the lien is discharged. If, after payment, the processor fails to file such statement of discharge within ten days following a request to do so, the producer shall be liable to the processor, conditioner, or preparer in the sum of one hundred dollars plus actual damages caused by the failure.

NEW SECTION. Sec. 7. (1) The processor or preparer liens may be foreclosed and enforced by civil action in superior court.

(2) In all suits to enforce processor or preparer liens, the court shall, upon entering judgment, allow to the prevailing party as a part of the costs, all moneys paid for the filing and recording of the lien and reasonable attorney fees.

Sec. 8. Section 1, chapter 139, Laws of 1959 as last amended by section 1, chapter 305, Laws of 1983 and RCW 20.01.010 are each amended to read as follows:

As used in this title the terms defined in this section have the meanings indicated unless the context clearly requires otherwise.

(1) 'Director' means the director of agriculture or his duly authorized representative.

(2) 'Person' means any natural person, firm, partnership, exchange, association, trustee, receiver, corporation, and any member, officer, or employee thereof or assignee for the benefit of creditors.

(3) 'Agricultural product' means any unprocessed horticultural, viticultural, and berry products, hay and straw, and livestock. When used in (this chapter under the provisions of RCW 25.91-828)) section 2 of this 1985 act, 'agricultural product' means horticultural, viticultural, and berry products, hay and straw, and turf and forage seed and applies only when such products are delivered to a processor or conditioner in an unprocessed form.

(4) 'Producer' means any person engaged in the business of growing or producing any agricultural product, whether as the owner of the products, or producing the products for others holding the title thereof.

(5) 'Consignor' means any producer, person, or his agent who sells, ships, or delivers to any commission merchant, dealer, cash buyer, or agent, any agricultural product for processing, handling, sale, or resale.

(6) 'Commission merchant' means any person who receives on consignment for sale or processing and sale from the consignor thereof any agricultural product for sale on commission on behalf of the consignor, or who accepts any farm product in trust from the consignor thereof for the purpose of resale, or who sells or offers for sale on commission any agricultural product, or who in any way handles for the account of or as an agent of the consignor thereof any agricultural product.

(7) 'Dealer' means any person other than a cash buyer, as defined in subsection (10) of this section, who solicits, contracts for, or obtains from the consignor thereof for reselling or processing, title, possession, or control of any agricultural product, or who buys or agrees to buy any agricultural product from the consignor thereof for sale or processing and includes any person, other than one who acts solely as a producer, who retains title in an agricultural
product and delivers it to a producer for further production or increase. For the purposes of this chapter, the term dealer includes any person who purchases livestock on behalf of and for the account of another, or who purchases cattle in another state or country and imports these cattle into this state for resale.

(8) 'Limited dealer' means any person operating under the alternative bonding provision in RCW 20.01.211.

(9) 'Broker' means any person other than a commission merchant, dealer, or cash buyer who negotiates the purchase or sale of any agricultural product, but no broker may handle the agricultural products involved or proceeds of the sale.

(10) 'Cash buyer' means any person other than a commission merchant, dealer, or broker, who obtains from the consignor thereof for the purpose of resale or processing, title, possession, or control of any agricultural product or who contracts for the title, possession, or control of any agricultural product, or who buys or agrees to buy any agricultural product by paying to the consignor at the time of obtaining possession or control of any agricultural product the full agreed price of the agricultural product, in coin or currency, lawful money of the United States. However, a cashier's check, certified check, or bankdraft may be used for the payment.

(11) 'Agent' means any person who, on behalf of any commission merchant, dealer, broker, or cash buyer, acts as liaison between a consignor and a principal, or receives, contracts for, or solicits any agricultural product from the consignor thereof or who negotiates the consignment or purchase of any agricultural product on behalf of any commission merchant, dealer, broker, or cash buyer and who transacts all or a portion of that business at any location other than at the principal place of business of his employer. With the exception of an agent for a commission merchant or dealer handling horticultural products, an agent may operate only in the name of one principal and only to the account of that principal.

(12) 'Retail merchant' means any person operating from a bona fide or established place of business selling agricultural products twelve months of each year. Any retailer may occasionally wholesale any agricultural product which he has in surplus; however, such wholesaling shall not be in excess of two percent of the retailer's gross business.

(13) 'Fixed or established place of business' for the purpose of this chapter means any permanent warehouse, building, or structure, at which necessary and appropriate equipment and fixtures are maintained for properly handling those agricultural products generally dealt in, and at which supplies of the agricultural products being usually transported are stored, offered for sale, sold, delivered, and generally dealt in in quantities reasonably adequate for and usually carried for the requirements of such a business, and that is recognized as a permanent business at such place, and carried on as such in good faith and not for the purpose of evading this chapter, and where specifically designated personnel are available to handle transactions concerning those agricultural products generally dealt in, which personnel are available during designated and appropriate hours to that business, and shall not mean a residence, barn, garage, tent, temporary stand or other temporary quarters, any railway car, or permanent quarters occupied pursuant to any temporary arrangement.

(14) 'Processor' means any person, firm, company, or other organization that purchases agricultural crops from a consignor and that cans, freezes, dries, dehydrates, cooks, presses, powders, or otherwise processes those crops in any manner whatsoever for eventual resale.

(15) 'Pooling contract' means any written agreement whereby a consignor delivers a horticultural product to a commission merchant under terms whereby the commission merchant may commingle the consignor's horticultural products for sale with others similarly agreeing, which must include all of the following:

(a) A delivery receipt for the consignor that indicates the variety of horticultural product delivered, the number of containers, or the weight and tare thereof;

(b) Horticultural products received for handling and sale in the fresh market shall be accounted for to the consignor with individual pack-out records that shall include variety, grade, size, and date of delivery. Individual daily packing summaries shall be available within forty-eight hours after packing occurs. However, platform inspection shall be acceptable by mutual contract agreement on small deliveries to determine variety, grade, size, and date of delivery;

(c) Terms under which the commission merchant may use his judgment in regard to the sale of the pooled horticultural product;

(d) The charges to be paid by the consignor as filed with the state of Washington;

(e) A provision that the consignor shall be paid for his pool contribution when the pool is in the process of being marketed in direct proportion, not less than eighty percent of his interest less expenses directly incurred, prior liens, and other advances on the grower's crop unless otherwise mutually agreed upon between grower and commission merchant.

(16) 'Date of sale' means the date agricultural products are delivered to the person buying the products.

(17) 'Boom loader' means a person who owns or operates, or both, a mechanical device mounted on a vehicle and used to load hay or straw for compensation.

(18) 'Conditioner' means any person, firm, company, or other organization that receives turf, forage, or vegetable seeds from a consignor for drying or cleaning.
(19) 'Seed bailment contract' means any contract meeting the requirements of chapter 15.48 RCW.

(20) 'Proprietary seed' means any seed that is protected under the Federal Plant Variety Protection Act.

Sec. 9. Section 1, chapter 264, Laws of 1961 and RCW 60.22.010 are each amended to read as follows:

(1) Any person who furnishes commercial fertilizer, and/or pesticide, and/or weed killer to another for use on the lands owned, contracted to be purchased, used or rented by him, may have a lien upon all the crops on which the fertilizer, and/or pesticide, and/or weed killer are used to secure the payment of the purchase price thereof: PROVIDED. That if the commercial fertilizer, and/or pesticide, and/or weed killer is furnished to any tenant farmer, the lien shall apply only to the tenant farmer’s interest in the crops unless written consent of the owner of the premises is obtained((–PROVIDED FURTHER. That such lien shall be subordinate to any crop lien or crop mortgage which has been filed for record prior to the furnishing of such materials or products)). This lien shall take first priority over any other security interest in crops for which no new value was provided if such materials or services were given to enable the debtor to produce crops during the production season.

(2) If the crop, or any part thereof, is sold subsequent to the filing of the lien, or possession delivered to an agent, broker, cooperative agency or other person to be sold or otherwise disposed of and its identity lost, or the crop commingled with other property so that it cannot be segregated, and if the purchaser, agent, broker, cooperative agency or other person is notified of the filing of the lien by being served with a certified copy thereof, the lien shall attach to the proceeds of the sale of the crop or part thereof remaining in the possession of the purchaser, agent, broker, cooperative agency or other person at the time of the notice and to any proceeds of such sale that may thereafter come into the possession of any of such persons and the lien shall be as effective against such proceeds as against the crop itself.

Sec. 10. Section 9-310, chapter 157, Laws of 1965 ex. sess, as amended by section 76, chapter 305, Laws of 1983 and RCW 62A.9-310 are each amended to read as follows:

(1) When a person in the ordinary course of his business furnishes services or materials with respect to goods subject to a security interest, a lien upon goods in the possession of such person given by statute or rule of law for such materials or services takes priority over a perfected security interest only if the lien is statutory and the statute expressly provides for such priority.

(2) A preparer lien or processor lien created pursuant to chapter ((260-H)) 60.-- RCW (sections 1 through 7 of this 1985 act) or a depositor’s lien created pursuant to chapter 22.09 RCW takes priority over any perfected or unperfected security interest.

(3) A commercial fertilizer, pesticide, or weed killer lien takes priority over any perfected or unperfected security interest for which no new value was provided if materials or services were given to enable the debtor to produce crops during the production season.

Sec. 11. Section 9-104, chapter 157, Laws of 1965 ex. sess, as last amended by section 75, chapter 305, Laws of 1983 and RCW 62A.9-104 are each amended to read as follows:

This Article does not apply

(a) to a security interest subject to any statute of the United States to the extent that such statute governs the rights of parties to and third parties affected by transactions in particular types of property; or
(b) to a landlord’s lien; or
(c) to a lien given by statute or other rule of law for services or materials or to a lien created under chapter ((260-H)) 60.-- (sections 1 through 7 of this 1985 act) or 22.09 RCW except as provided in RCW 62A.9-310 on priority of such liens; or
(d) to a transfer of a claim for wages, salary or other compensation of an employee; or
(e) to a transfer by a government or governmental subdivision or agency; or
(f) to a sale of accounts or chattel paper as part of a sale of the business out of which they arose, or an assignment of accounts or chattel paper which is for the purpose of collection only, or a transfer of a right to payment under a contract to an assignee who is also to do the performance under the contract or a transfer of a single account to an assignee in whole or partial satisfaction of a preexisting indebtedness; or
(g) to a transfer of an interest or claim in or under any policy of insurance, except as provided with respect to proceeds (RCW 62A.9–306) and priorities in proceeds (RCW 62A.9–312); or
(h) to a right represented by a judgment (other than a judgment taken on a right to payment which was collateral); or
(i) to any right of set-off; or
(j) except to the extent that provision is made for fixtures in RCW 62A.9–313, to the creation or transfer of an interest in or lien on real estate, including a lease or rents thereunder; or
(k) to a transfer in whole or in part of any claim arising out of tort; or
(l) to a transfer of an interest in any deposit account (subsection (1) of RCW 62A.9–103), except as provided with respect to proceeds (RCW 62A.9–306) and priorities in proceeds (RCW 62A.9–312).
Sec. 12. Section 9-203, chapter 157, Laws of 1965 ex. sess. as last amended by section 1, chapter 186, Laws of 1982 and RCW 62A.9-203 are each amended to read as follows:

(1) Subject to the provisions of RCW 62A.4-208 on the security interest of a collecting bank and RCW 62A.9-113 on a security interest arising under the Article on Sales, a security interest is not enforceable against the debtor or third parties with respect to the collateral and does not attach unless

(a) the collateral is in the possession of the secured party pursuant to agreement, or the

(b) value has been given; and

(c) the debtor has rights in the collateral.

(2) A security interest attaches when it becomes enforceable against the debtor with

respect to the collateral. Attachment occurs as soon as all of the events specified in subsection

(1) have taken place unless explicit agreement postpones the time of attaching.

(3) Unless otherwise agreed a security agreement gives the secured party the rights to

proceeds provided by RCW 62A.9-306.

(4) A transaction, although subject to this Article, is also subject to chapters 31.04, 31.08, 31.12, 31.16, 31.20, and 31.24 RCW, and in the case of conflict between the provisions of this Article and any such statute, the provisions of such statute control. Failure to comply with any applicable statute has only the effect which is specified therein.

Sec. 13. Section 9-307, chapter 157, Laws of 1965 ex. sess. as amended by section 20, chapter 41. Laws of 1981 and RCW 62A.9-307 are each amended to read as follows:

(1) A buyer in ordinary course of business (subsection (9) of RCW 62A.1-201) other than a person buying farm products from a person engaged in farming operations takes free of a security interest created by his seller even though the security interest is perfected and even though the buyer knows of its existence.

(2) In the case of consumer goods, a buyer takes free of a security interest even though perfected if he buys without knowledge of the security interest, for value and for his own personal, family or household purposes unless prior to the purchase the secured party has filed a financing statement covering such goods.

(3) A buyer other than a buyer in ordinary course of business (subsection (1) of this section) takes free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the purchase, unless made pursuant to a commitment entered into without knowledge of the purchase.

(4) Notwithstanding subsection (1) of this section, any person registered under the Federal Packers and Stockyard Act, 7 U.S.C. 181, who sells livestock for another for a fee or commission or who purchases livestock or livestock byproducts with the intent to resell takes free of a security interest created by the seller, even though the security interest is perfected, when such person is without knowledge of the security interest. For the purposes of this subsection, a person has "knowledge" if:

(a) Notice is furnished by the seller as provided in RCW 16.57.240; or

(b) A statement of the security interest is filed pursuant to chapter 16—RCW (sections 14 through 20 of this 1985 act).

(2) "Director" means the director of the department or a duly authorized representative.

When the holders of obligations issued under an indenture of trust, equipment trust agreement or the like are represented by a trustee or other person, the representative is the secured party.

NEW SECTION. Sec. 15. Any secured party who obtains or maintains a security interest in livestock situated in this state may file copies of an effective financing statement with the department. The provisions of chapter 62A.9 RCW apply to the filing of statements under this section as that chapter relates to the form, content, duration, and times for filing of the statements.

NEW SECTION. Sec. 16. A secured party who has filed a statement of security interest in livestock with the department shall, upon the termination of the security interest, promptly file a notice of termination with the department. If, after termination of the security interest, the secured party fails to file a statement of discharge within ten days following a request to do so, the secured party shall be liable to the debtor in the sum of one hundred dollars plus actual damages caused by the failure.

NEW SECTION. Sec. 17. A statement filed under section 15 of this act shall be accompanied by a filing fee from the secured party in an amount established by the director in accordance with chapter 34.04 RCW. The fee may differ by the type of statement and an additional fee may be required for each separate name or trade name under which the statement is filed or indexed.
NEW SECTION. Sec. 18. Upon receiving a statement and filing fee, the department shall index the statement according to the name and trade name, if any, of the debtor. The department shall regularly publish a listing of the filings of effective financing statements and statements of assignment. The department shall furnish the listings on a subscription basis.

NEW SECTION. Sec. 19. Neither the director nor any employee of the department is personally liable to any secured party, debtor, public livestock market operator, livestock dealer, or any other person for the administration of this chapter.

NEW SECTION. Sec. 20. The livestock security interest fund is hereby established in the custody of the state treasurer. The department shall deposit in the fund all moneys received from livestock security interest filing fees. Moneys in the fund shall be spent only for carrying out the purpose and provisions of this chapter. The fund is subject to the allotment procedure provided under chapter 43.88 RCW and an appropriation is required for disbursements.

(6) Section 14, chapter 305, Laws of 1983 and RCW 20.01.670.

By January 1, 1986, the department of ecology shall report to the legislature all enforcement actions initiated from 1983 through November, 1985 regarding the protection of Puget Sound water quality. The report shall include the number and type of complaints received, the number of inspections conducted, the number of violations cited, the number of variances granted, the amount of penalties collected, the number of times maximum fines were collected, the number of penalties that were rescinded, and the number of criminal actions that were taken. The department of ecology shall also hold public hearings in December, 1985 in accordance with the administrative procedure act, chapter 34.04 RCW, regarding the adequacy of current enforcement activities. A report summarizing the testimony presented shall also be prepared for the legislature by February 15, 1986.

Every person who:

Each and every such violation shall be a separate and distinct offense, and, in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for. The penalty amount shall be set in consideration of the previous history of the violator and the severity of the violation's impact on public health and/or the environment in addition to other relevant factors. The penalty herein provided for shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the director of the department or his authorized delegate describing such violation with reasonable particularity. The director or his authorized delegate may, upon written application therefor received within fifteen days after notice imposing any penalty is received by the person incurring the penalty, and when deemed in the best interest to carry out the purposes of this chapter, remit or mitigate any penalty provided for in this section upon such terms as he in his discretion shall deem proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as he may deem proper. The director shall remit or mitigate penalties only upon a demonstration of extraordinary circumstances such as the presence of information or factors not considered in setting the original penalty. Any person incurring any penalty hereunder may appeal the same to the hearings board as provided for in chapter 43.21B RCW. Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the department. When an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the director or his authorized delegate setting forth the disposition of the application. Any penalty imposed hereunder shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When an application for remission or mitigation is made, any penalty incurred hereunder shall become due and payable thirty days after receipt of notice setting forth the disposition of the application unless an appeal is filed from such disposition. Whenever an appeal of any penalty incurred hereunder is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part. If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided. All penalties recovered under this section shall be paid into the state treasury and credited to the general fund.

Such determination shall not constitute an order or directive under RCW 90.48.135. Within thirty days from the receipt of notice of such determination, such person shall file with the department a full report stating what steps have been and are being taken to control such waste or pollution or to otherwise comply with the determination of the department. Whereupon the department shall issue such order or directive as it deems appropriate under the circumstances, and shall notify such person thereof by registered mail.

(2) Whenever the department deems immediate action is necessary to accomplish the purposes of chapter 90.48 RCW, it may issue such order or directive, as appropriate under the circumstances, without first issuing a notice or determination pursuant to subsection (1) of this section. (2) The courts defined in RCW 26.50.010(3) have jurisdiction over proceedings under this chapter. [(If a proceeding under chapter 26.09, 26.12, or 26.26 RCW is commenced in a superior court before or after the filing of an action in a district or municipal court under this chapter, then the superior court shall have exclusive jurisdiction over proceedings under this chapter. Any municipal or district court order entered while that court had jurisdiction remains valid until superseded by a superior court order;)] The jurisdiction of district or municipal courts under this chapter shall be limited to the issuance and enforcement of temporary orders for protection provided for in RCW 26.50.070 if: (a) A superior court has exercised or is exercising jurisdiction over a proceeding under this title or chapter 13.34 RCW involving the parties; (b) the petition for relief under this chapter presents a child custody or visitation issue; or (c) the petition for relief under this chapter requests the court to exclude a party from the dwelling which the parties share. concurrent jurisdiction with the superior court to extend the order for protection.
(3) An action under this chapter shall be filed in the county or the municipality where the
petitioner resides, unless the petitioner has left the residence or household to avoid abuse. In
that case, the petitioner may bring an action in the county or municipality of the previous or the
new household or residence.
(4) A person’s right to petition for relief under this chapter is not affected by the person
leaving the residence or household to avoid abuse.
(5) If an action under this chapter is commenced in a district or municipal court and a
petitioner or respondent contests custody or visitation rights, then, upon the motion of either
party containing proof that the petition for relief under this chapter has been filed with the

forma pauperis on forms supplied by the court. If the court determines that a petitioner lacks
the funds to pay the costs of filing, the petitioner shall be granted leave to proceed in forma
pauperis and no filing fee or any other court related fees shall be charged by the court to the
petitioner for relief sought under this chapter. If the petitioner is granted leave to proceed in
forma pauperis, then no fees for service may be charged to the petitioner.
(2) For the purpose of determining whether a petitioner has the funds available to pay the

((6)) (1) Require the respondent to pay the filing fee and court costs, including service fees, and to reimburse the petitioner for costs incurred in bringing the action, including a reasonable attorney's fee. If the petitioner has been granted leave to proceed in forma pauperis, the court may require the respondent to pay the filing fee and costs, including services fees, to the county or municipality incurring the expense.

(2) Any relief granted by the order for protection, other than a judgment for costs, shall be for a fixed period not to exceed one year.

(3) In providing relief under this chapter, the court may realign the designation of the parties as 'petitioner' and 'respondent' where the court finds that the original petitioner is the abuser and the original respondent is the victim of domestic violence.

Sec. 6. Section 10, chapter 263. Laws of 1984 and RCW 26.50.090 are each amended to read as follows:

(1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsection (6) of this section.

Service of an order issued under this chapter shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(6) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary.

(7) Except in cases where the petitioner is granted leave to proceed in forma pauperis, municipal police departments serving documents as required under this chapter may collect the same fees for service and mileage authorized by RCW 36.18.040 to be collected by sheriffs.

A police officer having probable cause to believe that a person has committed or is committing a felony shall have the authority to arrest the person without a warrant. A police officer may arrest a person without a warrant for committing a misdemeanor or gross misdemeanor only when the offense is committed in the presence of the officer, except as provided in subsections (1) through (4) of this section.

(1) Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of property or involving the use or possession of cannabis shall have the authority to arrest the person.

(2) A police officer shall arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that:

(a) An order has been issued of which the person has knowledge under RCW 10.99.040(2), 10.99.050, 26.09.060, chapter 26.26 RCW, or chapter 26.50 RCW restraining the person and the person has violated the terms of the order restraining the person from acts or threats of violence or excluding the person from a residence; or

(b) The person is eighteen years or older and within the preceding four hours has assaulted that person's spouse, former spouse, or ((other)) a person eighteen years or older with whom the person resided or has formerly resided and the officer believes: (1) A felonious assault has occurred; (ii) an assault has occurred which has resulted in bodily injury to the
victim, whether the injury is observable by the responding officer or not; or (iii) that any physical action has occurred which was intended to cause another person reasonably to fear imminent serious bodily injury or death. Bodily injury means physical pain, illness, or an impairment of physical condition. When the officer has probable cause to believe that spouses, former spouses, or other persons who reside together or formerly resided together have assaulted each other, the officer is not required to arrest both persons. The officer shall arrest the person whom the officer believes to be the primary physical aggressor. In making this determination, the officer shall make every reasonable effort to consider: (i) the intent to protect victims of domestic violence under RCW 10.99.010; (ii) the comparative extent of injuries inflicted or serious threats creating fear of physical injury; and (iii) the history of domestic violence between the persons involved.

(3) Any police officer having probable cause to believe that a person has committed or is committing a violation of any of the following traffic laws shall have the authority to arrest the person:
   (a) RCW 46.52.010, relating to duty on striking an unattended car or other property;

   (e) RCW 46.20.342, relating to driving a motor vehicle while operator's license is suspended or revoked;
   (f) RCW 46.61.525, relating to operating a motor vehicle in a negligent manner.

(4) A law enforcement officer investigating at the scene of a motor vehicle accident may arrest the driver of a motor vehicle involved in the accident if the officer has probable cause to believe that the driver has committed in connection with the accident a violation of any traffic law or regulation.

(5) Except as specifically provided in subsections (2), (3), and (4) of this section, nothing in this section extends or otherwise affects the powers of arrest prescribed in Title 46 RCW.

(6) No police officer may be held criminally or civilly liable for making an arrest pursuant to RCW 10.31.100(2) if the police officer acts in good faith and without malice.

Sec. 10. Section 4. chapter 105. Laws of 1979 ex. sess. as last amended by section 22, chapter 263. Laws of 1984 and RCW 10.99.040 are each amended to read as follows:

(1) Because of the serious nature of domestic violence, the court in domestic violence actions:
   (a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;
   (b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;
   (c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED. That the court may order a criminal defense attorney not to disclose to his client the victim's location; and
   (d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence.

(2) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any ((defendant)) person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit ((the defendant)) that person from having any contact with the victim. The ((arresting)) jurisdiction authorizing the release shall determine whether ((the defendant)) that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting ((the defendant)) that person from having contact with the victim, the court authorizing release may issue, by telephone, a no-contact order prohibiting the ((defendant)) person charged or arrested from having contact with the victim. The no-contact order shall also be issued in writing as soon as possible. If the court has probable cause to believe that the ((defendant)) person charged or arrested is likely to use or display or threaten to use a deadly weapon as defined in RCW 9A.04.110 in any further acts of violence, the court may also require ((the defendant)) that person to surrender any deadly weapon in ((the defendant)) that person's immediate possession or control, or subject to ((the defendant)) that person's immediate possession or control, to the sheriff of the county or chief of police of the municipality in which ((the defendant)) that person resides or to the defendant's counsel for safekeeping.

(3) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended.

(4) Wilful violation of a court order issued under subsection (2) or (3) of this section is a misdemeanor. The written order releasing the ((defendant)) person charged or arrested shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 10.99 RCW and will subject a violator to arrest. A certified copy of the
order shall be provided to the victim. If a no-contact order has been issued prior to charging that order shall expire at arraignment or within seventy-two hours if charges are not filed. Such orders need not be entered into the computer information system in this state which is used by law enforcement agencies to list outstanding warrants.

(5) Whenever an order prohibiting contact is issued, modified, or terminated under subsection (2) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall forthwith enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the law enforcement information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state.

Sec. 11. Section 46.64.015, chapter 12, Laws of 1961 as last amended by section 2, chapter 28, Laws of 1979 ex. sess. and RCW 46.64.015 are each amended to read as follows:

Whenever any person is arrested for any violation of the traffic laws or regulations which is punishable as a misdemeanor or by imposition of a fine, the arresting officer may serve upon him a traffic citation and notice to appear in court. Such citation and notice shall conform to the requirements of RCW 46.64.010, and in addition, shall include spaces for the name and address of the person arrested, the license number of the vehicle involved, the driver’s license number of such person, if any, the offense or violation charged, the time and place where such person shall appear in court, and a place where the person arrested may sign. Such spaces shall be filled with the appropriate information by the arresting officer. The arrested person, in order to secure release, and when permitted by the arresting officer, must give his written promise to appear in court as required by the citation and notice by signing in the appropriate place the written citation and notice served by the arresting officer. An officer may not serve or issue any traffic citation or notice for any offense or violation except either when the offense or violation is committed in his presence or when a person may be arrested pursuant to RCW 10.31.100, as now or hereafter amended. The detention arising from an arrest under this section may not be for a period of time longer than is reasonably necessary to issue and serve a citation and notice, except that the time limitation does not apply under any of the following circumstances:

(1) Where the arrested person refuses to sign a written promise to appear in court as required by the citation and notice provisions of this section;

(2) Where the arresting officer has probable cause to believe that the arrested person has committed any of the offenses enumerated in RCW 10.31.100(10), as now or hereafter amended.

Sec. 12. Section 5, chapter 299, Laws of 1961 and RCW 3.46.030 are each amended to read as follows:

If a defendant is found guilty of a crime and a condition of the sentence restricts the defendant’s ability to have contact with the victim, such condition shall be recorded and a written certified copy of that order shall be provided to the victim.

(2) Whenever an order prohibiting contact is issued, modified, or terminated under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall forthwith enter the order for one year into any computer-based criminal intelligence system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the law enforcement information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state.

Sec. 13. Section 37, chapter 299, Laws of 1961 and RCW 3.46.030 are each amended to read as follows:

A municipal department shall have exclusive jurisdiction of matters arising from ordinances of the city, and no jurisdiction of other matters except as conferred by statute.

Sec. 14. Section 51, chapter 299, Laws of 1961 as last amended by section 104, chapter 258, Laws of 1984 and RCW 3.50.020 are each amended to read as follows:

The municipal department shall have exclusive original jurisdiction over traffic infractions arising under city ordinances and exclusive original criminal jurisdiction of all violations of city ordinances duly adopted by the city in which the municipal department is located and shall have original jurisdiction of all other actions brought to enforce or recover license penalties or forfeitures declared or given by such ordinances or by state statutes. The municipal court shall also have the jurisdiction as conferred by statute. The municipal court is empowered to forfeit cash bail or bail bonds and issue execution thereon; and in general to hear and determine all causes, civil or criminal, including traffic infractions, arising under such ordinances and to pronounce judgment in accordance therewith.

NEW SECTION. Sec. 15. Sections 1 and 2 of this act shall take effect September 1, 1985.
On page 1, on line 1 of the title, after "violence," strike the remainder of the title and insert "amending RCW 26.50.020, 26.50.030, 26.50.035, 26.50.040, 26.50.060, 26.50.090, 26.50.200, 9A.36-040, 10.31.100, 10.99.040, 46.64.015, 10.99.050, 3.46.030, and 3.50.020; and providing an effective date."

The long-range health and environmental goals for the state of Washington must include the protection of the state's critical water bodies and supplies for the health, safety, and enjoyment of its people, and the economic use of water by providing water pollution control facilities and activities. The purpose of this chapter is to provide financial assistance to the state and local governments in the achievement of federal and state water pollution control requirements for the protection of the state's critical water resources. It is further the purpose of this chapter to provide this financial assistance without further indebting the state. It is the policy of this state that the responsibility of paying for the costs of that portion of capacity of water pollution control facilities designed to deal with future growth is a local responsibility and that grants and loans made under this chapter shall not be used to finance such capacities."

"NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Account' means the 1985 water pollution control account.
(2) 'City' means a city or town.
(3) 'Critical water resource' means those significant surface or subterranean water bodies in jeopardy of further degradation causing irreparable deterioration.
(4) 'Department' means the department of ecology.
(5) 'Eligible cost' means that portion of the cost of a water pollution control facility that can be financed in part by a grant or loan under this chapter. The term does not include any portion of a facility's cost attributable to capacity that is in excess of that reasonably required to address one hundred ten percent of the water pollution control facility needs existing at the time application is made for a loan or grant. The department shall adopt rules to further define 'eligible cost' and these policies shall be designed to fairly finance water pollution control facilities and to assure that the taxpayers in some areas of the state are not disproportionately called upon to pay for costs of addressing future pollution control needs in other parts of the state attributable to projected growth occurring in such other parts of the state.
(6) 'Public body' means the state of Washington or any agency, county, city, political subdivision, municipal corporation, or quasi-municipal corporation thereof, an agency of the federal government, and those Indian tribes now or hereafter recognized as such by the federal government.
(7) 'Water pollution control activities' means: (a) Actions to remove pollutants from or prevent pollution of critical water resources; (b) actions to clean up hazardous waste spills that threaten critical water resources; (c) the development of plans to prevent pollution of critical water resources and to specify needs for water pollution control facilities and other water pollution control activities; (d) research into activities that prevent pollution of critical water resources; and (e) the development of plans and designs specific to particular water pollution control facilities.
(8) 'Water pollution control facilities' means facilities owned or operated by a public body for: (a) Preventing pollution to, or mitigating the deterioration of, critical water resources used for drinking purposes, but not including individual hookups; (b) secondary treatment of sewage or greater than secondary treatment of sewage, and related Interceptors and outfalls; (c) facilities for treating stormwater; and (d) facilities for storing sewage and stormwater until it can be treated."

NEW SECTION. Sec. 3. The 1985 water pollution control account is hereby created in the state treasury. The following moneys shall be placed in the account: (1) Tax receipts from the tax imposed in section 7 of this act; (2) moneys appropriated to this account; (3) principal and interest from the repayment of loans made pursuant to this chapter; and (4) investment income obtained from the investment of these moneys.
NEW SECTION. Sec. 4. Moneys in the account shall be administered by the department of ecology subject to legislative appropriation. The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing monies in any case where federal, local, or other moneys are made available on a cost-sharing basis, for water pollution control facilities and activities within the purposes of this chapter, and for related administrative expenses. Moneys in the account may also be used by the department to finance water pollution control activities within the purposes of this chapter.

The department shall ensure that grants of moneys authorized under this chapter do not constitute more than fifty percent of the total eligible cost of any water pollution control facility, and that the grants and loans of moneys authorized under this chapter do not constitute more than seventy-five percent of the total eligible cost of any water pollution control facility. The department shall also ensure that the combination of grants and loans of moneys authorized under this chapter and federal grants do not exceed seventy-five percent of the eligible cost of any water pollution control facility. The department shall insure that grants and loans made to a public body for water pollution control activities do not constitute more than fifty percent of the costs of the water pollution control activity. The department shall not provide grants for planning or design of water pollution control facilities, but may provide loans for such purposes that constitute up to one hundred percent of such costs.

Not more than three percent of the moneys in the account may be used by the department of ecology to pay for the administration of the grant and loan program established under this chapter.

Loans shall not be for a term in excess of ten years and shall bear interest at rates determined by the department in consultation with the state treasurer.

The department shall present a progress report on use of moneys from the account to the legislature no later than November 30th of each year.

NEW SECTION. Sec. 5. The department shall distribute grants and loans over the period from the effective date of this act until December 31, 1995, in the following manner:

(1) Not more than thirty-three percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of Puget Sound, including Hood Canal;

(2) Not more than ten percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of the straits of Juan de Fuca, Georgia, and Rosario, and marine embayments immediately adjacent to these straits;

(3) Not more than three percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of other marine water in the state;

(4) Not more than eleven percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of freshwater lakes and rivers, including but not limited to Lake Chelan and the Yakima and Columbia rivers;

(5) Not more than sixteen percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of sole source aquifers, including but not limited to not more than fourteen percent for water pollution control facilities or activities that remove pollutants from or prevent the pollution of the Spokane Rathdrum Prairie aquifer; and

(6) Not more than twenty-one percent for water pollution control facilities or activities as prescribed by the department.

These distribution percentages shall not restrict distributions in any single year. Not more than two and one-half percent of the total amounts of these moneys from the effective date of this act until December 31, 1995, may be transferred by the department to the state conservation commission for such purposes, of which one-half percent shall be used for research.

NEW SECTION. Sec. 6. When making grants or loans for water pollution control facilities, the department shall take into consideration the following:

(1) The protection of water quality and public health;

(2) The cost to household ratepayers if they had to finance the water pollution control facilities without state assistance;

(3) Regulatory actions established in federal and state compliance orders;

(4) The recommendations of the Puget Sound water quality authority and any other board, council, commission, or group established by the legislature to study water pollution control issues around the state;

(5) Geographical distribution;

(6) The extent to which the recipient county or city, or if the recipient is another public body, the extent to which the county or city in which the recipient public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean body of water sought to be protected by the water pollution control facilities or activities that would be partially financed by the grant or loan; and

(7) The level of local fiscal effort by household ratepayers since 1972 in financing water pollution control facilities.

When allocating moneys in the account for water pollution control activities, the department shall take into consideration subsections (1), (3), (4), (5), (6), and (7) of this section.
Within two years after the Puget Sound water quality authority has made its recommenda-
donations on nonpoint pollution, no grant or loan, or distribution of grant or loan moneys, may be
to any public body located within a county from which nonpoint pollution enters Puget
Sound unless the director of the department of ecology finds that the Puget Sound water quality
authority’s recommendations on nonpoint pollution have been implemented by each public
entity within the county, to the extent that the entity has the implementing authority.

MESSAGE FROM THE SENATE

April 26, 1985

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on ENGROSSED SUBSTITUTE SENATE BILL NO. 3235, and has granted powers of Free Conference.

Sidney R. Snyder, Secretary.

REPORT OF FREE CONFERENCE COMMITTEE

April 26, 1985

Mr. Speaker:

Mr. President:

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 3235, providing programs for educational excellence, have had the same under consideration, and we recommend that the bill be amended as follows and that the bill as amended by the Free Conference Committee do pass:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The superintendent of public instruction shall by December 1, 1985, recommend to the legislature a basic education allocation formula which provides adequate but not excessive funding for districts having less than twenty-five full time equivalent students.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.58 RCW to read as follows:

Each school district board of directors shall develop a schedule and process by which each public school within its jurisdiction shall undertake self-study procedures on a regular basis: PROVIDED, That districts may allow two or more elementary school buildings in the district to undertake jointly the self-study process. Each school may follow the accreditation process developed by the state board of education under RCW 28A.04.120(4), although no school
is required to file for actual accreditation, or the school may follow a self-study process developed locally. Whatever process is used must focus upon the quality and appropriateness of the school's educational program and the results of its operational efforts.

Any self-study process must include the participation of staff, parents, members of the community, and students, where appropriate to their age.

Emphasis throughout the process shall be placed upon:

1. Achieving educational excellence and equity;
2. Building stronger links with the community; and
3. Reaching consensus upon educational expectations through community involvement and corresponding school management.

The initial self-study process within each district shall begin by September 1, 1986, and should be completed for all schools within a district by the end of the 1990-91 school year.

The state board of education shall develop rules and regulations governing procedural criteria. Such rules and regulations should be flexible so as to accommodate local goals and circumstances. Rules and regulations may allow for waiver of the self-study for economic reasons and may also allow for waiver of the initial self-study if a district or its schools have participated successfully in an official accreditation process or in a similar assessment of educational programs within the last three years. The self-study process shall be conducted on a cyclical basis every seven years following the initial 1990-91 period.

The superintendent of public instruction shall provide training to assist districts in their self-studies.

Each district shall annually report to the superintendent of public instruction on the scheduling and implementation of their self-study activities.

NEW SECTION. Sec. 3. The legislature recognizes the need to keep and attract quality teachers in our public schools. The legislature intends to examine the effectiveness of a career ladder in our public schools. To improve the quality of teaching and foster a professional climate which encourages creativity and cooperation among teachers and enhances the intrinsic rewards teachers experience from helping students learn, the legislature intends to locally test ways in which the goal of attracting and retaining excellent teachers might be accomplished.

The legislature recognizes that a career ladder system is one means of enhancing the attractiveness of teaching; however, the legislature wishes to investigate this concept further prior to determining whether to develop such a system.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.67 RCW to read as follows:

1. The superintendent of public instruction is hereby authorized to grant funds for selected school improvement and research projects, including improvements in curriculum, instruction, and classroom management developed by teachers.

2. The superintendent shall appoint an advisory committee on research and development, composed of certificated and noncertificated staff, administrators, curriculum specialists, parents, school directors, postsecondary educators, business persons, and others as the superintendent finds necessary. The committee shall propose criteria to the superintendent to evaluate proposed school improvement and research projects proposed by educational employees. The criteria approved by the superintendent shall: (a) Assure to the extent possible that projects will be chosen which represent the various geographical locations, school or district sizes, and grade levels existing in the state; (b) provide for evaluation of each project upon completion; and (c) include such other requirements as the superintendent finds necessary. The committee shall recommend to the superintendent of public instruction the awarding of grants to fund those proposals showing the most potential for developing knowledge which will be helpful to local districts in their efforts to enhance educational equity and excellence. Projects may involve the collaboration of personnel from higher education institutions and kindergarten through grade twelve educators.

3. The superintendent of public instruction shall award grants to selected project participants in such amounts as determined by the superintendent of public instruction, who shall take into consideration grant amounts as recommended by the advisory committee on research and development under subsection (2) of this section. The sum of all grants awarded per year shall not exceed that amount appropriated by the legislature for such purposes. Grants may be awarded to individual teachers or teams of teachers including teacher's aids and volunteers.

4. The superintendent of public instruction shall maintain a clearinghouse of information on these research projects for the use of local districts.

Sec. 5. Section 14, chapter 244, Laws of 1969 ex. sess. as last amended by section 1, chapter 229, Laws of 1983 and RCW 28A.41.140 are each amended to read as follows:

The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational
opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

1. Certificated staff and their related costs;
2. Classified staff and their related costs;
3. Nonsalary costs;
4. Extraordinary costs of remote and necessary schools and small high schools; and
5. The attendance of students pursuant to RCW 28A.58.075 and 28A.58.245, each as now or hereafter amended, who do not reside within the servicing school district.

This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. Commencing with the 1980-81 school year, the formula adopted by the legislature shall reflect a ratio of not less than fifty certificated personnel to one thousand annual average full time equivalent students and one classified personnel to three certificated personnel. In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect: PROVIDED, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.58.754. The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.41.145, as now or hereafter amended, enrolled on the first school day of each month. The definition of full time equivalent student shall be determined by rules and regulations of the superintendent of public instruction: PROVIDED, That the definition shall be included as part of the superintendent's biennial budget request: PROVIDED, FURTHER, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: PROVIDED, FURTHER, That the office of financial management shall make a monthly review of the superintendent's reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

Certificated staff shall include those persons employed by a school district in a teaching, instructional, educational staff associate, learning resources specialist, administrative or supervisory capacity and who hold positions as certificated employees as defined under RCW 28A.01.130, as now or hereafter amended, and every school district superintendent, and any person hired in any manner to fill a position designated as, or which is in fact, that of deputy superintendent or assistant superintendent: PROVIDED, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: PROVIDED, FURTHER, That the hiring of such noncertificated people shall not occur during a labor dispute and such noncertificated people shall not be hired to replace certificated employees during a labor dispute. Each annual average full time equivalent certificated classroom teacher's direct classroom contact hours shall average at least twenty-five hours per week. Direct classroom contact hours shall be exclusive of time required to be spent for preparation, conferences, or any other nonclassroom instruction duties. Up to two hundred minutes per week may be deducted from the twenty-five contact hour requirement, at the discretion of the school district board of directors, to accommodate authorized teacher/parent-guardian conferences, recess, passing time between classes, and informal instructional activity. Implementing rules to be adopted by the state board of education pursuant to RCW 28A.58.754(6) shall provide that compliance with the direct contact hour requirement shall be based upon teachers' normally assigned weekly instructional schedules, as assigned by the district administration. Additional record-keeping by classroom teachers as a means of accounting for contact hours shall not be required. However, upon request from the board of directors of any school district, the provisions relating to direct classroom contact hours for individual teachers in that district may be waived by the state board of education if the waiver is necessary to implement a locally approved plan for educational excellence and the waiver is limited to those individual teachers approved in the local plan for educational excellence. The state board of education shall develop criteria to evaluate the need for the waiver. Granting of the waiver shall depend upon verification that: (a) The students' classroom instructional time will not be reduced; and (b) the teacher's expertise is critical to the success of the local plan for excellence.

NEW SECTION, Sec. 6. A new section is added to chapter 28A.04 RCW to read as follows:

The state board of education may grant waivers to school districts from the provisions of RCW 28A.58.750 through 28A.58.754 on the basis that such waiver or waivers are necessary to implement successfully a local plan to provide for all students in the district an effective education system that is designed to enhance the educational program for each student. The local plan may include alternative ways to provide effective educational programs for students who experience difficulty with the regular education program.

The state board shall adopt criteria to evaluate the need for the waiver or waivers.

NEW SECTION, Sec. 7. A new section is added to chapter 28A.58 RCW to read as follows:

School boards may by separate contract with certificated instructional and classified staff provide supplemental compensation for additional days or additional duties as set forth in the
bargaining agreement or agreements as negotiated between the district and the respective bargaining representatives, if the district does not incur obligations for the supplements beyond the current school year and if such supplements do not cause the state to incur any present or future funding obligations. Additional days for certificated instructional staff and classified staff shall be those days beyond their respective work year. Such separate contracts shall be subject to the collective bargaining provisions of chapters 41.59 and 41.56 RCW. Such supplemental compensation shall not be deemed an increase in salary or compensation for purposes of RCW 28A.58.095. (2) If an inmate convicted of a violent offense escapes from a correctional facility, the department of corrections shall immediately notify, by the most reasonable and expedient means available, the chief of police of the city and the sheriff of the county in which the inmate resided immediately before the inmate's arrest and conviction. If previously requested, the department shall also notify the witnesses and the victim, if any, of the crime for which the inmate was convicted or the victim's next of kin if the crime was a homicide. If the inmate is recaptured, the department shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(3) The department of corrections shall send the notices required by this chapter to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

(4) For purposes of this section the following terms have the following meanings:

(a) 'Violent offense' means a violent offense under RCW 9.94A.030;
(b) 'Next of kin' means a person's spouse, parents, siblings and children.

(5) Nothing in this section shall impose any liability upon a chief of police of a city or sheriff of a county for failing to request in writing a notice as provided in subsection (1) of this section.

NEW SECTION. Sec. 2. A new section is added to chapter 9.94A RCW to read as follows:

The department of corrections shall provide the victims and next of kin in the case of a homicide and witnesses involved in violent offense cases where a judgment and sentence was entered after October 1, 1983, a statement of the rights of victims and witnesses to request and receive notification under sections 1 and 3 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 9.94A RCW to read as follows:

Requests for notification under section 1 of this act shall be made by sending a written request by certified mail directly to the department of corrections and giving the defendant's name, the name of the county in which the trial took place, and the month of the trial. NEW SECTION. Sec. 4. A new section is added to chapter 9.94A RCW to read as follows:
The notification requirements of section 1 of this act are in addition to any requirements in RCW 43.43.745 or other law.

Sec. 5. Section 3, chapter 137, Laws of 1981 as last amended by section 3, chapter 209, Laws of 1984 and RCW 9.94A.030 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Commission' means the sentencing guidelines commission.

(2) 'Community corrections officer' means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(3) 'Community service' means compulsory service, without compensation, performed for the benefit of the community by the offender.

(4) 'Community supervision' means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed pursuant to this chapter by a court. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5).

(5) 'Confinement' means total or partial confinement as defined in this section.

(6) 'Conviction' means an adjudication of guilt pursuant to Titles 10 or 13 RCW.

(7) 'Crime-related prohibition' means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct.

The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) 'Criminal history' includes a defendant's convictions or pleas of guilty in juvenile court if: (i) The guilty plea or conviction was for an offense which is a felony and is criminal history as defined in RCW 13.40.020(5); and (ii) the defendant was fifteen years of age or older at the time the offense was committed; and (iii) the defendant had not reached his or her twenty-third birthday at the time the offense for which he or she is being sentenced was committed.

(10) 'Determinate sentence' means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community service work, or dollars or terms of a fine or restitution. The fact that an offender through 'earned early release' can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(11) 'Fines' means the requirement that the offender pay a specific sum of money over a specific period of time to the court.

(12) 'First-time offender' means any person convicted of a felony not classified as a violent offense under this chapter, who previously has never been convicted of a felony in this state, federal court, or another state, and who has never participated in a program of deferred prosecution for a felony offense.

(13) 'Offender' means a person who has committed a felony established by state law and is eighteen years of age or older or is less than eighteen years of age but whose case has been transferred by the appropriate juvenile court to a criminal court pursuant to RCW 13.40.110. (14) 'Partial confinement' means confinement for no more than one year in a facility or institution operated or utilized under contract by the state or any other unit of government, for a substantial portion of each day with the balance of the day spent in the community.

(15) 'Restitution' means the requirement that the offender pay a specific sum of money over a specific period of time to the court as payment of damages. The sum may include both public and private costs. The imposition of a restitution order does not preclude civil redress.

(16) 'Sentence range' means the sentencing court's discretionary range in imposing a nonappealable sentence.

(17) 'Total confinement' means confinement inside the physical boundaries of a facility or institution operated or utilized under contract by the state or any other unit of government for twenty-four hours a day, or pursuant to RCW 72.64.050 and 72.64.060.

(c) Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as a violent offense under subsection (((I)) (19)(a) or (b) of this section.

Sec. 6. Section 10, chapter 152, Laws of 1972 ex. sess. as amended by section I. chapter 20, Laws of 1973 and RCW 43.43.745 are each amended to read as follows:

(I) It shall be the duty of the sheriff or director of public safety of every county, of the chief of police of each city or town, or of every chief officer of other law enforcement agencies operating within this state, to record the fingerprints of all persons held in or remanded to their custody when convicted of any crime as provided for in RCW 43.43.735 for which the penalty of imprisonment might be imposed and to disseminate and file such fingerprints in the same manner as those recorded upon arrest pursuant to RCW 43.43.735 and 43.43.740.

(2) Every time the secretary authorizes a furlough as provided for in RCW 72.66.012 the department of ((social and health services)) corrections shall notify, forty-eight hours prior to the beginning of such furlough, the section that the named prisoner has been granted a furlough, the place to which furloughed, and the dates and times during which the prisoner will be on furlough status. In the case of an emergency furlough the forty-eight hour time period shall not be required but notification shall be made as promptly as possible and before the prisoner is released on furlough. Upon receipt of furlough information pursuant to the provisions of this subsection the section shall notify the sheriff or director of public safety of the county to which the prisoner is being furloughed, the nearest attachment of the Washington state patrol in the county wherein the furloughed prisoner shall be residing and such other criminal justice agencies as the section may determine should be so notified.

That the chief shall promulgate rules pursuant to chapter 34.04 RCW to carry out the provisions of this subsection.

(4) Whenever a person serving a sentence for a term of confinement in a state correctional facility for convicted felons, pursuant to court commitment, is released on an order of the state board of prison terms and paroles, or is discharged from custody on expiration of sentence, the department of ((social and health services)) corrections shall promptly notify the section that the named person has been released or discharged, the place to which such person has been released or discharged, and the conditions of his release or discharge, and shall additionally notify the section of change in residence or conditions of release or discharge of persons on active parole supervision, and shall notify the section when persons are discharged from active parole supervision.

No city, town, county, or local law enforcement authority or other agency thereof may require that a convicted felon entering, sojourning, visiting, in transit, or residing in such city, town, county, or local area report or make himself known as a convicted felon or make application for and/or carry on his person a felon identification card or other registration document. Nothing herein shall, however, be construed to prevent any local law enforcement authority from recording the residency and other information concerning any convicted felon or other person convicted of a criminal offense when such information is obtained from a source other than from such requirement which source may include any officer or other agency or subdivision of the state.

NEW SECTION. Sec. 7. A new section is added to chapter 9.94A RCW to read as follows:

"Civil liability shall not result from failure to provide notice required under sections 1 through 6 of this act unless the failure is the result of gross negligence."

MESSAGE FROM THE SENATE

April 26, 1985

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on SUBSTITUTE SENATE BILL NO. 3184, and has granted the powers of Free Conference.

Sidney R. Snyder, Secretary.

REPORT OF FREE CONFERENCE COMMITTEE

April 26, 1985

Mr. Speaker:

Mr. President:

We, of your Free Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 3184, providing state-owned housing for certain state employees, have had the same under consideration, and we recommend that the bill be amended as follows and that the bill as amended by the Free Conference Committee do pass:

NEW SECTION. Sec. 1. The legislature recognizes that significant benefits accrue to the state and that certain types of state operations are more efficient when personnel services are available on an extended basis. Such operations include certain types of facilities managed by agencies such as the departments of natural resources, corrections, fisheries, game, social and health services, transportation, veterans affairs, and the parks and recreation commission.

The means of assuring that such personnel are available on an extended basis is through the establishment of on-site state-owned or leased living facilities. The legislature also recognizes the restrictions and hardship placed upon those personnel who are required to reside in such state-owned or leased living facilities in order to provide extended personnel services.

The legislature further recognizes that there are instances where it is to the benefit of the state to have state-owned or leased living facilities occupied even though such occupancy is not required by the agency as a condition of employment.

NEW SECTION. Sec. 2. (1) Whenever an agency requires that an employee reside in state-owned or leased living facilities as a condition of employment, such living facilities shall be made available to the employee under the conditions set forth in sections 3 and 4 of this act.

(2) Whenever an agency determines that (a) a living facility owned or leased by the agency is not occupied by employees under subsection (1) of this section and (b) it would be to the agency's benefit to have the facility occupied by an employee of the agency whose duties involve extended personnel services associated with the work site upon which the living facility is located or at work site near to where the living facility is located, the agency may make the facility available to such employee.

(3) Whenever an agency determines that (a) a living facility owned or leased by the agency is not occupied by employees under subsection (1) of this section and (b) the facility has been made available to employees under subsection (2) of this section and that no such employees have opted to reside in the facility, the agency may make the facility available for occupancy to other interested parties.

NEW SECTION. Sec. 3. (1) No rent may be charged to persons living in facilities provided under section 2 (1) and (2) of this act. Such employees shall pay the costs of utilities associated with the living facility.
(2) Rent and utility charges to residents of living facilities under section 2(3) of this act shall be established by the agency responsible for managing the living facility.

(3) Utility charges required by this section shall be based upon six cents per month per square foot to a maximum of thirteen hundred square feet, outside dimension. Utility costs may be adjusted by the department of general administration on a yearly basis to reflect an average of utility rate changes affecting all state-owned housing in the state. Individuals residing in living facilities available under section 2 of this act shall pay all utility costs attributable to the personal enhancements of the individual.

(4) Any person occupying state-owned or leased living facilities shall do so with the understanding that he or she assumes custodial housekeeping responsibility as directed by the agency. Such responsibility shall not include maintenance, repairs, or improvements to the facilities. An occupant of a state-owned or leased facility is liable for damages to the facility in excess of normal wear and tear.

NEW SECTION. Sec. 4. The state shall maintain living facilities occupied under section 2 of this act in a safe, healthful condition.

NEW SECTION. Sec. 5. Sections 1 through 4 of this act shall constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Signed by Senators Thompson, Zimmerman, Rinehart; Representatives Belcher, Peery, Hankins.

MOTION

On motion of Ms. Belcher, the House adopted the Report of the Free Conference Committee on Substitute Senate Bill No. 3184.

SENATE AMENDMENT TO HOUSE BILL

April 25, 1985

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 849, with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes the importance of teachers in the educational system. Teachers are the fundamental element in assuring a quality education for the state's and the nation's children. Teachers, through their direct contact with children, have a great impact on the development of the child. The legislature finds that this important role of the teacher requires an assurance that teachers are as successful as possible in attaining the goal of a well-educated society. The legislature finds, therefore, that the evaluation of those persons seeking to enter the teaching profession is no less important than the evaluation of those persons currently teaching. The evaluation of persons seeking teaching credentials should be strenuous while making accommodations uniquely appropriate to the applicants. Strenuous teacher training and preparation should be complemented by examinations of prospective teachers prior to candidates being granted official certification by the state board of education. Teacher preparation program entrance evaluations, teacher training, teacher preparation program exit examinations, official certification, in-service training, and ongoing evaluations of individual progress and professional growth are all part of developing and maintaining a strong precertification and postcertification professional education system.

The legislature further finds that an evaluation system for teachers has the following elements, goals, and objectives: (1) An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system must encourage improvements in teaching skills, techniques, and abilities by identifying areas needing improvement; (3) an evaluation system must provide a mechanism to make meaningful distinctions among teachers and to acknowledge, recognize, and encourage superior teaching performance; and (4) an evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity.

NEW SECTION. Sec. 2. The state board of education shall conduct a comprehensive study of teacher preparation issues, in cooperation with institutions of higher education offering teacher preparation programs, the council for postsecondary education or its successor agency, and other groups or organizations having an interest in teacher preparation issues, and report its findings and recommendations to the legislature by January 1 in the year following the effective date of this act. The report shall include any proposed legislation and costs required to implement any recommendations and shall also include a list of any recommendations that can be implemented without legislative action. The study shall include but not be limited to:

(1) Development of a recommended plan for an undergraduate five-year teacher preparation program that provides for one full year of full time student teaching experience or equivalent supervised field experience and which includes alternatives for compensating students for the period they are engaged in student teaching;

(2) Examining explicit criteria for entrance into and exit from teacher preparation programs including, as precertification requirements, testing and assessments of competency in:

(a) Various subjects with an analysis of how many tests would be needed for current or revised endorsement areas and a determination of cost on use of state-developed tests or use of existing tests;

(b) Pedagogy, including the ability to encourage students to learn and relate to others in a mutually respectful manner; or

(c) Requiring the institutions of higher education offering teacher preparation programs to certify to the state board of education, under state board rules adopted pursuant to chapter 34.04 RCW, that graduates from the respective teacher preparation programs are qualified in their major field of academic study;

(3) A review of issues relating to endorsements on certificates including consideration of the feasibility of modifying the criteria and requirements for granting endorsements to recognize:

(a) Successful teaching experience in a field in which the teacher does not hold an endorsement, as evidenced by successful evaluations and other relevant factors as determined by the state board of education;

(b) Credit for work completed through an in-service training program approved under RCW 28A.71.210;

(c) Successful completion of courses offered through educational service districts, community colleges, private business, and other cooperative arrangements or through the innovative use of communications technologies;

(d) Successful completion of subject area tests as may be validated and approved by the state board of education; or
than May Isl. The purpose of the probationary period is to give the employee opportunity to
bination period shall be established beginning on or before February Isl and ending no later
results of the evaluation in writing, and shall provide the employee with a copy thereof within
least twice in the performance of their assigned duties. Total observation time for each

tion. or series of observations, the principal or other evaluator shall promptly document the

demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement shall be specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.58.450 or 28A.67.070, as now or hereafter amended.

The establishment of a probationary period shall not be deemed to adversely affect the contract status of an employee within the meaning of RCW 28A.58.450, as now or hereafter amended.

(2) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

(3) Each certificated employee shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her professional performance.

(4) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated employees or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator’s contract under RCW 28A.67.070, as now or hereafter amended, or the discharge of such evaluator under RCW 28A.58.450, as now or hereafter amended.

(5) After an employee has four years of satisfactory evaluations under subsection (1) of this section, a school district may use a short form of evaluation. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. However, the evaluation process set forth in subsection (1) of this section shall be followed at least once every three years and an employee or evaluator may request that the evaluation process set forth in subsection (1) of this section be conducted in any given school year. The short form evaluation process may not be used as a basis for determining that an employee’s work is unsatisfactory under subsection (1) of this section nor as probable cause for the nonrenewal of an employee’s contract under RCW 28A.67.070.

NEW SECTION. Sec. 7. A new section is added to chapter 28A.67 RCW to read as follows:

(1) The superintendent of public instruction shall develop and test in local districts minimum standards based on available research to be used by local districts in evaluations conducted pursuant to RCW 28A.67.070. The superintendent of public instruction shall compensate any district participating in such tests for the actual expenses incurred by the district. The minimum standards for evaluation shall include: (a) A statement of the purpose of evaluations; (b) the frequency of evaluations, with recognition of the need for more frequent evaluations for beginning teachers; (c) the conduct of the evaluation; (d) the procedure to be used in making the evaluation; and (e) the use of the results of the evaluation.

In developing the minimum standards, the superintendent of public instruction shall consider a variety of proposals, such as proposals providing for peer review and evaluation, input by parents, input by students in appropriate circumstances, instructional assistance teams, and outside professional evaluation.

The superintendent of public instruction shall adopt the minimum standards not later than July 1, 1986. This subsection shall not preclude a local district from adopting local procedures or alternative programs which exceed the minimum standards.

(2) The superintendent of public instruction shall develop or purchase and test in local districts model evaluation programs, including standardized evaluation instruments, which meet the minimum standards established pursuant to subsection (1) of this section and the minimum
criteria established pursuant to RCW 28A.67.065. Such programs shall include specific indicators of performance or detailed work expectations against which performance can be measured. The superintendent of public instruction shall compensate any district participating in such tests for the actual expenses incurred by the district. Not later than July 1, 1988, the superintendent of public instruction shall select from one to five model evaluation programs which may be used by local districts in conducting evaluations pursuant to RCW 28A.67.065. Local school districts shall establish an evaluation program by selecting one of the models approved by the superintendent of public instruction or by adopting an evaluation program pursuant to the bargaining process set forth in chapters 41.56 and 41.59 RCW. Local school districts may adopt an evaluation program which contains criteria and standards in excess of the minimum criteria and standards established by the superintendent of public instruction.

NEW SECTION. Sec. 8. A new section is added to chapter 28A.67 RCW to read as follows:

The superintendent of public instruction shall provide technical assistance to local districts for implementation of the minimum standards and model evaluation programs selected under section 7 of this act.

This act shall be of no effect unless such specific funding is so provided. If such funding is so provided, this act shall take effect when the legislation providing the funding takes effect.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. and the same is herewith transmitted.

2. The exact size of the council and the term and method of selection and replacement of council members shall be specified in the school improvement plan developed pursuant to subsection (3) of this section.

3. Each school site council shall be required to develop an annual school improvement plan containing improvement objectives as established by the council under guidelines developed by the superintendent of public instruction.

REPORT OF FREE CONFERENCE COMMITTEE 

April 26, 1985

Mr. Speaker: 
Mr. President: 

We, of your Free Conference Committee, to whom was referred ENGROSSED SENATE BILL NO. 3400, changing provisions relating to state mineral, oil and gas leases, have had the same under consideration, and we recommend that the bill be amended as follows and that the bill as amended by Free Conference Committee do pass: 

Strike everything after the enacting clause and insert the following: 

"Sec. 1. Section 167, chapter 255, Laws of 1927 and RCW 79.01.668 are each amended to read as follows:

At any time during the term of the option contract, the holder thereof, or the holder of any interest in the option contract, may apply to the commissioner of public lands for a coal mining lease of the lands included therein, or such portion thereof as may be specified, for the purpose of mining and extraction of coal therefrom. Such coal mining lease shall be for such term, not more than twenty years, and in such form as may be prescribed by the commissioner of public lands, shall entitle the lessee to mine and sell and dispose of all coal underlying said land and to occupy and use so much of the surface thereof as may be necessary for bunkers and other outside works, and for railroads, buildings, appliances and appurtenances in connection with the mining operations. Such lease shall provide for the payment to the state of a royalty, according to the grade of coal, for each ton of merchantable coal taken from the lands, as follows: For lignite coal of the class commonly found in Lewis and Thurston counties, not less than ten cents per ton; for subbituminous coal, not less than fifteen cents per ton; for high grade bituminous and coking coals, not less than twenty cents per ton; but such lease shall provide for the payment each year of a minimum royalty of not less than one nor more than ten dollars an acre for the lands covered thereby: PROVIDED. That the commissioner of public lands may agree with the lessee that said minimum royalty shall be graduated for the different years of the term. The minimum royalty fixed in the lease shall be paid in advance each year, and the lessee, at stated periods during the term of the lease, fixed by the commissioner, shall furnish to the commissioner of public lands a written report under oath showing the amount of merchantable coal taken from the land during the period covered by such report and shall remit therewith such sum in excess of the minimum royalty theretofore paid for the current year as may be payable as royalty for the period covered by such report."

"Provided. That the commissioner of public lands may agree with the lessee that said minimum royalty shall be graduated for the different years of the term."

The commissioner shall incorporate in every lease such provisions and conditions not inconsistent with the provisions of this chapter and not inconsistent with good coal mining practice as he shall deem necessary and proper for the protection of the state. 

The commissioner shall be empowered to prescribe such rules and regulations, not inconsistent with this chapter and not inconsistent with good mining practice, governing the manner and methods of mining as in his judgment are necessary and proper."

Sec. 2. Section 2, chapter 131, Laws of 1955 and RCW 79.14.020 are each amended to read as follows:
The commissioner is authorized to lease public lands for the purpose of prospecting for, developing and producing oil, gas or other hydrocarbon substances. Each such lease is to be composed of not more than six hundred forty acres, except a lease on river bed, lake bed, tide and submerged lands which is to be composed of not more than one thousand nine hundred twenty acres. All leases shall contain such terms and conditions as may be prescribed by the rules and regulations adopted by the commissioner in accordance with the provisions of this chapter. Leases (shall) may be for an initial term(s) of from five up to ten years and may be extended for so long thereafter as lessee shall comply with the provisions hereof and (1) shall produce any of said substances from the leased lands, (and shall comply with the provisions hereof) or (2) shall be engaged in drilling, deepening, repairing, or redrilling any well thereon, or be thereafter excused therefrom but not to exceed a period of twenty years: (The lessee shall have preferential right to a new lease covering such lands for an additional twenty-year period on the same terms and conditions as set forth in such previous lease), except the lease shall be continued for a producing well as long as it is producing or is covered by a unit plan to which the commissioner has consented to participate in under RCW 78.52.450.

Sec. 3. Section 3, chapter 131, Laws of 1955 as amended by section 1, chapter 151. Laws of 1980 and RCW 79.14.030 are each amended to read as follows:

The department of natural resources shall require as a prerequisite to the issuing of any lease a rental as set by the board of natural resources but not less than one dollar and twenty-five cents per acre or such prorated share of the rental per acre as the state's mineral rights ownership for the first year of such lease, payable in advance to the department of natural resources at the time the lease is awarded and a like rental annually in advance thereafter so long as such lease remains in force. PROVIDEDThat such rental shall cease at such time as royalty accrues to the state from production from such lease. Commencing with the lease year beginning on or after oil, gas or other hydrocarbon substances are first produced in quantities deemed paying quantities by lessee on the land subject to such lease, lessee shall pay a minimum royalty as set by the board of natural resources but not less than five dollars per acre or fraction thereof or such prorated share of the rental per acre as the state’s mineral rights ownership at the expiration of each year. Royalties payable by the lessee shall be the royalties from production as provided for in RCW 79.14.070 or the minimum royalty provided herein, whichever is greater: PROVIDED, That if such lease is unitized, the minimum royalty shall be payable only on the leased acreage after production is obtained in such paying quantities from such lease.

Sec. 4. Section 5, chapter 131. Laws of 1955 and RCW 79.14.050 are each amended to read as follows:

All leases shall provide that if oil, gas or other hydrocarbon substances are not encountered on or before the end of the initial (five-year) term, the lease shall not terminate if lessee is then prosecuting drilling operations on the leased lands with due diligence, in which event the same shall remain in force so long as lessee shall keep one string of tools in operation on the leased lands, allowing not to exceed ninety days between the completion of one well and the commencement of the next until such substances are encountered in quantities deemed paying quantities by lessee. All leases shall further provide that if oil, gas or other hydrocarbon substances in paying quantities shall have been discovered on the leased lands prior to the expiration of the initial (five-year) term, then in the event at any time after the expiration of the initial (five-year) term production on the leased land shall cease from any cause, the lease shall not terminate provided lessee resumes operations for the drilling of a well or the restoration of production within ninety days from such cessation. The lease shall remain in force during the prosecution of such operations, and if production results therefrom, then so long as production continues.

Sec. 5. Section 12, chapter 64. Laws of 1970 ex. sess. as amended by section 4, chapter 215. Laws of 1984 and RCW 78.44.110 are each amended to read as follows:

The permit fees required under this chapter shall be as follows:

(1) The basic fee for the permit shall be two hundred fifty dollars per permit year for each separate location, payable with submission of the application and annually thereafter with submission of the report required in RCW 78.44.130: PROVIDED, That permits for land not engaged in surface mining on or before June 7, 1984, shall be twenty-five dollars per permit year. The legislature finds that homemakers are an unrecognized part of the work force who make an invaluable contribution to the strength, durability, and purpose of our state.

The legislature further finds that there is an increasing number of persons in this state who, having fulfilled a role as homemaker, find themselves 'displaced' in their middle years through divorce, death of spouse, disability of spouse, or other loss of family income of a spouse. As a consequence, displaced homemakers are very often left with little or no income; they are ineligible for categorical welfare assistance; they are subject to the highest rate of unemployment of any sector of the work force; they face continuing discrimination in employment because of their age and lack of recent paid work experience; they are ineligible for unemployment insurance because they have been engaged in unpaid labor in the home; they are ineligible for social security benefits because they are too young, and many never qualify because they have been divorced from the family wage earner; they may have lost beneficiaries' rights under employer's pension and health plans through divorce or death of spouse; and they are often unacceptable to private health insurance plans because of their age.

It is the purpose of this chapter to establish guidelines under which the ((council for post-secondary education)) higher education coordinating board shall contract to establish multipurpose service centers and programs to provide necessary training opportunities, counseling, and services for displaced homemakers so that they may enjoy the independence and economic security vital to a productive life.

Sec. 37. Section 3, chapter 73, Laws of 1979 and RCW 28B.04.030 are each amended to read as follows:

In the event of a vacancy on the authority due to death, resignation, or removal of one of the public members, and upon the expiration of the term of any public member, the governor shall appoint a successor for a term expiring on the fourth anniversary of the successor's date of the appointment. Pay a fine, make restitution, accomplish some community service work, or any combination thereof; or

Make recoupment to the victim for the cost of any counseling required as a result of the offender’s crime.

If the offender violates these sentence conditions the court may revoke the suspension and order execution of the sentence. All confinement time served during the period of community supervision shall be credited to the offender if the suspended sentence is revoked.

When an offender is convicted of any felony sexual offense and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court shall then impose a sentence within the sentence range and, if this sentence is less than six years of confinement, the court may suspend the execution of the sentence and place the offender on community supervision for up to two years. As a condition of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;

(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense.

A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment.

(iii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender’s address or employment;

(iv) Report as directed to the court and a community corrections officer;

(v) Pay a fine, make restitution, accomplish some community service work, or any combination thereof; or

(vi) Make recoupment to the victim for the cost of any counseling required as a result of the offender’s crime.

If the court determines that both the offender and the community will benefit from use of this special sexual offender sentencing alternative. If the court determines that both the offender and the community will benefit from use of this provision, the court shall then impose a sentence within the sentence range and, if this sentence is less than six years of confinement, the court may suspend the execution of the sentence and place the offender on community supervision for up to two years. As a condition of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;

(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense.

A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment.

(iii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender’s address or employment;

(iv) Report as directed to the court and a community corrections officer;

(v) Pay a fine, make restitution, accomplish some community service work, or any combination thereof; or

(vi) Make recoupment to the victim for the cost of any counseling required as a result of the offender’s crime.

If the court violates any of the terms of his community supervision, the court may order the offender to serve out the balance of his community supervision term in confinement in the custody of the department of corrections. The offender shall be transferred to the state pending placement in the treatment program.

If the offender successfully completes the treatment program before the expiration of his term of confinement, the court may convert the balance of confinement to community supervision and may place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;

(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender’s address or employment;

(iii) Report as directed to the court and a community corrections officer;

(iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his community supervision, the court may order the offender to serve out the balance of his community supervision term in confinement in the custody of the department of corrections.

If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

If a sentence imposed includes a fine or restitution, the sentence shall specify a reasonable manner and time in which the fine or restitution shall be paid. In any sentence under this chapter the court may also require the offender to make such monetary payments, on such
terms as it deems appropriate under the circumstances, as are necessary (a) to pay court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required, (b) to make recoupment of the cost of defense attorney's fees if counsel is provided at public expense, (c) to contribute to a county or interlocal drug fund, and (d) to make such other payments as provided by law. All monetary payments shall be ordered paid by no later than ten years after the date of the judgment of conviction.

(10) Except as provided under RCW 9.94A.140(1), a court may not impose a sentence providing for a term of confinement or community supervision which exceeds the statutory maximum for the crime as provided in RCW 9A.20.020.

(11) All offenders sentenced to terms involving community supervision, community service, restitution, or fines shall be under the supervision of the secretary of the department or such person as the secretary may designate and shall follow implicitly the instructions of the secretary including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer of any change in the offender's address or employment.

(12) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(13) A departure from the standards in RCW 9.94A.400(1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210(2) through (6).

(14) This section shall apply to offenses committed before the effective date of this 1985 act.

NEW SECTION. Sec. 8. A new section is added to chapter 9.94A RCW to read as follows:

(1) Except as authorized in subsections (2) and (5) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than three years, and shall not be eligible for furlough, work release or other authorized leave of absence from the correctional facility during such minimum three year term except for the purpose of commitment to an inpatient treatment facility. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section.

(5) In sentencing a first-time offender, other than a person convicted of a violation of chapter 9A.44 RCW or RCW 9A.64.020, the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;

(b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;

(c) Pursue a prescribed, secular course of study or vocational training;

(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer of any change in the offender's address or employment;

(e) Report as directed to the court and a community corrections officer; or

(f) Perform a fine and/or accomplish some community service work.

(6) If a sentence range has not been established for the defendant's crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or a fine. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(7) (a) When an offender is convicted of any violation of chapter 9A.44 RCW or RCW 9A.64.020 except RCW 9A.44.040 or RCW 9A.44.050 and has no prior convictions of chapter 9A.44 RCW, RCW 9A.64.020, or any other felony sexual offenses in this or any other state, the
sentencing court on its own motion or the motion of the state or the defendant, may order an
examination to determine whether the defendant is amenable to treatment.

After receipt of the reports, the court shall then determine whether the offender and the
community will benefit from use of this special sexual offender sentencing alternative. If the
court determines that both the offender and the community will benefit from use of this provi-
sion, the court shall then impose a sentence within the sentence range and, if this sentence is
less than six years of confinement, the court may suspend the execution of the sentence and
place the offender on community supervision for up to two years. As a condition of the sus-
pended sentence, the court may impose other sentence conditions including up to six months of
confinement, not to exceed the sentence range of confinement for that offense, crime-related
prohibitions, and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;
(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient
sex offender treatment not to exceed the standard range of confinement for that offense. A
community mental health center may not be used for such treatment unless it has an appropri-
ate program designed for sex offender treatment;
(iii) Remain within prescribed geographical boundaries and notify the court or the com-
munity corrections officer of any change in the offender’s address or employment;
(iv) Report as directed to the court and a community corrections officer;
(v) Pay a fine, accomplish some community service work, or any combination thereof; or
(vi) Make recoupment to the victim for the cost of any counseling required as a result of
the offender’s crime.

If the offender violates these sentence conditions the court may revoke the suspension and
order execution of the sentence. All confinement time served during the period of community
supervision shall be credited to the offender if the suspended sentence is revoked.

(b) When an offender is convicted of any felony sexual offense and is sentenced to a term
of confinement of more than one year but less than six years, the sentencing court may, on its
own motion or on the motion of the offender or the state, order the offender committed for up to
thirty days to the custody of the secretary of the department of social and health services at the
Eastern State Hospital or the Western State Hospital for evaluation and report to the court on the
offender’s amenability to treatment at these facilities. If the secretary of the department of
social and health services cannot begin the evaluation within thirty days of the court’s order of
commitment, the offender shall be transferred to the state for confinement pending an opportu-
nity to be evaluated at the appropriate facility. The court shall review the reports and may
order that the term of confinement imposed be served in the sexual offender treatment pro-
grams at Western State Hospital or Eastern State Hospital, as determined by the secretary of the
department of social and health services. The offender shall be transferred to the state pending
placement in the treatment program.

If the offender does not comply with the conditions of the treatment program, the secretary
of the department of social and health services may refer the matter to the sentencing court for
determination as to whether the offender shall be transferred to the department of corrections
to serve the balance of his term of confinement.

If the offender successfully completes the treatment program before the expiration of his
term of confinement, the court may convert the balance of confinement to community supervi-
sion and may place conditions on the offender including crime-related prohibitions and
requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;
(ii) Remain within prescribed geographical boundaries and notify the court or the com-
munity corrections officer of any change in the offender’s address or employment;
(iii) Report as directed to the court and a community corrections officer;
(iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his community supervision, the court may order
the offender to serve out the balance of his community supervision term in confinement in the
custody of the department of corrections.

(8) If the court imposes a sentence requiring confinement of thirty days or less, the court
may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A
sentence requiring more than thirty days of confinement shall be served on consecutive days.
Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(9) If a sentence imposed includes a fine or restitution, the sentence shall specify a reason-
able manner and time in which the fine or restitution shall be paid. In any sentence under this
chapter the court may also require the offender to make such monetary payments, on such
terms as it deems appropriate under the circumstances, as are necessary (a) to pay court costs,
including reimbursement of the state for costs of extradition if return to this state by extradition
was required, (b) to make recoupment of the cost of defense attorney’s fees if counsel is pro-
vided at public expense, (c) to contribute to a county or interlocal drug fund, and (d) to make
such other payments as provided by law. All monetary payments shall be ordered paid by no
later than ten years after the date of the judgment of conviction.
(10) Except as provided under RCW 9.94A.140(1), a court may not impose a sentence providing for a term of confinement or community supervision which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(11) All offenders sentenced to terms involving community supervision, community service, restitution, or fines shall be under the supervision of the secretary of the department or such person as the secretary may designate and shall follow implicitly the instructions of the secretary including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer of any change in the offender’s address or employment.

(12) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(13) A departure from the standards in RCW 9.94A.400(1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210(2) through (6).

(14) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court’s judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

(15) This section shall apply to offenses committed after the effective date of this act.

Sec. 9. Section 14, chapter 137, Laws of 1981 as amended by section 5, chapter 192. Laws of 1982 and RCW 9.94A.140 are each amended to read as follows:

(1) If restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within sixty days and may set the terms and conditions under which the defendant shall make restitution. Restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses. The amount of restitution shall not exceed double the amount of the offender’s gain or the victim’s loss from the commission of the crime. For the purposes of this section, the offender shall remain under the court’s jurisdiction for a maximum term of ten years subsequent to the imposition of sentence. The portion of the sentence concerning restitution may be modified as to amount, terms and conditions during the ten-year period, regardless of the expiration of the offender’s term of community supervision and regardless of the statutory maximum for the crime. The offender’s compliance with the restitution shall be supervised by the department.

(2) Restitution may be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property. In addition, restitution may be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor’s recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(3) In addition to any sentence that may be imposed, a defendant who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(4) This section does not limit civil remedies or defenses available to the victim or defendant.

(5) This section shall apply to offenses committed before the effective date of this 1985 act.

NEW SECTION. Sec. 10. A new section is added to chapter 9A.40 RCW to read as follows:

(1) When restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within sixty days and shall set the terms and conditions under which the defendant shall make restitution. Restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses. The amount of restitution shall not exceed double the amount of the offender’s gain or the victim’s loss from the commission of the crime. For the purposes of this section, the offender shall remain under the court’s jurisdiction for a maximum term of ten years subsequent to the imposition of sentence. The portion of the sentence concerning restitution may be modified as to amount, terms and conditions during the ten-year period, regardless of the expiration of the offender’s term of community supervision and regardless of the statutory maximum for the crime. The offender’s compliance with the restitution shall be supervised by the department.
(2) Restitution shall be ordered whenever the offender is convicted of an offense which results in injury to any person or damage or loss of property unless extraordinary circumstances exist which make restitution inappropriate in the court's judgment and the court sets forth such circumstances in the record. In addition, restitution shall be ordered to pay for any injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(3) In addition to any sentence that may be imposed, a defendant who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(4) This section does not limit civil remedies or defenses available to the victim, survivors of the victim, or defendant.

(5) This section shall apply to offenses committed after the effective date of this act.

The director may apply for and, subject to appropriation, expend federal funds under Public Law 98-473 and any other federal program providing financial assistance to state crime victim
compensation programs. The federal funds shall be deposited in the public safety and education account in the general fund and may be expended only for purposes authorized by applicable federal law.

Sec. 13. Section 10, chapter 302, Laws of 1977 ex. sess. as last amended by section 311, chapter 258, Laws of 1984 and RCW 7.68.035 are each amended to read as follows:

(1) Whenever any person is found guilty in any superior court of having committed a crime, except as provided in subsection (2) of this section, there shall be imposed by the court upon such convicted person a penalty assessment. The assessment shall be in addition to any other penalty or fine imposed by law and shall be ((fifty)) seventy dollars for each case or cause of action that includes one or more convictions of a felony or gross misdemeanor and ((twenty-five)) forty-five dollars for any case or cause of action that includes convictions of only one or more misdemeanors.

(2) The assessment imposed by subsection (1) of this section shall not apply to motor vehicle crimes defined in Title 46 RCW except those defined in the following sections: RCW 46.61.520, 46.61.522, 46.61.024, 46.52.090, 46.70.140, 46.65.090, 46.61.502, 46.61.504, 46.52.100, 46.61.520, 46.52.020, 46.10.130, 46.09.130, 46.61.525, 46.61.685, 46.61.530, 46.61.500, 46.61.015, 46.52.010, 46.44.180, 46.10.090(2), and 46.09.120(2).

(3) Whenever any person accused of having committed a crime posts bail in superior court pursuant to the provisions of chapter 10.19 RCW and such bail is forfeited, there shall be deducted from the proceeds of such forfeited bail a penalty assessment, in addition to any other penalty or fine imposed by law, equal to the assessment which would be applicable under subsection (1) of this section if the person had been convicted of the crime.

(4) Such penalty assessments shall be paid by the clerk of the superior court to the county treasurer who shall monthly transmit the money as provided in RCW 10.82.070. Until June 30, 1987, each county shall deposit not less than one and seventy-five one-hundredths percent of the money it retains under RCW 10.82.070 and chapter 3.62 RCW and all money it receives under subsection (8) of this section into a fund maintained exclusively for the support of comprehensive programs to encourage and facilitate testimony by the victims of crimes and witnesses to crimes. After that date, each county shall continue to provide for such comprehensive programs. A program shall be considered 'comprehensive' only after approval of the department upon application by the county prosecuting attorney. The department shall approve as comprehensive only programs which:

(a) Provide comprehensive services to victims and witnesses of all types of crime with particular emphasis on serious crimes against persons and property. It is the intent of the legislature to make funds available only to programs which do not restrict services to victims or witnesses of a particular type or types of crime and that such funds supplement, not supplant, existing local funding levels;

(b) Are administered by the county prosecuting attorney either directly through the prosecuting attorney's office or by contract between the county and agencies providing services to victims of crime;

(c) Make a reasonable effort to inform the known victim or his surviving dependents of the existence of this chapter and the procedure for making application for benefits;

(d) Assist victims in the restitution and adjudication process: and

(e) Assist victims of violent crimes in the preparation and presentation of their claims to the department of labor and industries under this chapter.

Before a program in any county west of the Cascade mountains is submitted to the department for approval, it shall be submitted for review and comment to each city within the county with a population of more than one hundred fifty thousand. The department will consider if the county's proposed comprehensive plan meets the needs of crime victims in cases adjudicated in municipal, district or superior courts and of crime victims located within the city and county.

(5) Upon submission to the department of a letter of intent to adopt a comprehensive program, the prosecuting attorney shall retain the money deposited by the county under subsection (4) of this section until such time as the county prosecuting attorney has obtained approval of a program from the department. Approval of the comprehensive plan by the department must be obtained within one year of the date of the letter of intent to adopt a comprehensive program. The county prosecuting attorney shall not make any expenditures from the money deposited under subsection (4) of this section until approval of a comprehensive plan by the department. If a county prosecuting attorney has failed to obtain approval of a program from the department under subsection (4) of this section or failed to obtain approval of a comprehensive program within one year after submission of a letter of intent under this section, the county treasurer shall monthly transmit one hundred percent of the money deposited by the county under subsection (4) of this section to the state treasurer for deposit in the public safety and education account established under RCW 43.08.250.

(6) County prosecuting attorneys are responsible to make every reasonable effort to insure that the penalty assessments of this chapter are imposed and collected.
(7) Penalty assessments under this section shall also be imposed in juvenile offense dispositions under Title 13 RCW. Upon motion of a party and a showing of good cause, the court may modify the penalty assessment in the disposition of juvenile offenses under Title 13 RCW.

(8) Until June 30, 1987, every city and town shall transmit monthly one and seventy-five one-hundredths percent of all money, other than money received for parking infractions, retained under RCW 3.46.120, 3.50.100, and 35.20.220 to the county treasurer for deposit as provided in subsection (4) of this section. After that date, every city and town shall transmit to the county a percentage of such money, up to one and seventy-five one-hundredths percent, which matches the percentage of court revenue the county provides under subsection (4) of this section.

Sec. 14. Section 6, chapter 122, Laws of 1973 1st ex. sess. as last amended by section 4, chapter 302. Laws of 1977 ex. sess. and RCW 7.68.060 are each amended to read as follows:

The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including the cost of acquisition and development of land and improvements for public facilities, as well as the acquisition, construction, rehabilitation, alteration, expansion, or improvement of the facilities. (Grants) A grant may also be authorized for purposes designated in this chapter, but only when grants are uniquely required, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not make a grant or loan unless the application includes convincing evidence that a specific private development or expansion is ready to occur and will only occur if the grant or loan is made.

(2) The board shall only make grants or loans for those projects which would result in specific private developments or expansions (a) in manufacturing, production, food processing, assembly, warehousing, and industrial distribution, or (b) which substantially support the trading of goods or services outside of the state's borders. In no instance may the board make a grant or loan for a project where the primary purpose is to facilitate or promote a retail shopping development or expansion.

(3) The board shall prioritize each proposed project according to the number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located. As long as there is more demand for loans or grants than there are funds available for loans or grants, the board is instructed to fund those projects (which will lead to the greatest employment once the initial project is completed) in order of their priority.

(4) The board may not make a grant or loan for any project that probably would result in a development or expansion that would displace existing jobs in any other community in the state.

(5) The board may not make any grant or loan for the acquisition of real property, including buildings and other fixtures which are a part of real property.

(6) A responsible official of the political subdivision shall be present during board deliberations and provide information that the board requests.

((Public facilities funds shall be used for projects to)) (7) The board shall only make loans or grants for projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the
creation or retention of long-term economic opportunities. (The board shall determine whether or not the projects will assist in alleviating unemployment.)

(8) Before any loan or grant application is approved, the political (subdivisions of the state) subdivision seeking the loan or grant must demonstrate to the community economic revitalization board that no other timely source of funding is available to (them) at costs reasonably similar to financing available from the community economic revitalization board.

NEW SECTION. Sec. 4. A new section is added to chapter 43.160 RCW to read as follows:

Each agency head of an executive branch agency who is appointed to the community economic revitalization board under RCW 43.160.030 may designate an agency employee to take his or her place on the board for meetings in which the agency head will be absent. The designee shall have all powers to vote and participate in board deliberations as have the other board members.

NEW SECTION. Sec. 5. A new section is added to chapter 43.160 RCW to read as follows:

In order to enhance competition for grants and loans and the quality of projects for which loans and grants are sought, the board shall take such reasonable measures as are necessary to familiarize government officials and members of the public with the provisions of this chapter, particularly the board's authority to make grants and loans.

NEW SECTION. Sec. 6. A new section is added to chapter 43.160 RCW to read as follows:

(1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for loans and grants, the board shall spend at least twenty percent for grants for projects in distressed counties. For purposes of this section, the term 'distressed counties' includes any county, in which the average level of unemployment for the three years before the year in which an application for a loan or grant is filed, exceeds the average state employment for those years by twenty percent.

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in distressed counties are clearly insufficient to use up the twenty percent allocation, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for loans and grants for projects not located in distressed counties.

NEW SECTION. Sec. 7. LEGISLATIVE FINDINGS AND POLICY. The legislature finds that there exists in the state of Washington over four billion dollars worth of critical projects for the planning, acquisition, construction, repair, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, and storm and sanitary sewage systems. The December, 1983 Washington state public works report prepared by the planning and community affairs agency documented that local governments expect to be capable of financing over two billion dollars worth of the costs of those critical projects but will not be able to fund nearly half of the documented needs. It is the policy of the state of Washington to encourage self-reliance by local governments in meeting their public works needs and to assist in the financing of critical public works projects by making loans, financing guarantees, and technical assistance available to local governments for these projects.

NEW SECTION. Sec. 8. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section shall apply throughout this chapter.

(1) 'Board' means the public works board created in section 9 of this act.

NEW SECTION. Sec. 9. PUBLIC WORKS BOARD CREATED. (1) The public works board is hereby created.

(2) The board shall be composed of thirteen members appointed by the governor for terms of four years, except that five members initially shall be appointed for terms of two years. public members of the board as chair. The term of the chair shall coincide with the term of the

with RCW 43.06.070 and 43.06.080.

NEW SECTION. Sec. 10. GENERAL POWERS OF THE BOARD. The board may:

(1) Accept from any state or federal agency, loans or grants for the planning or financing 
of any public works project and enter into agreements with any such agency concerning the 
loans or grants;

(2) Provide technical assistance to local governments;

(3) Accept any gifts, grants, or loans of funds, property, or financial or other aid in any 
form from any other source on any terms and conditions which are not in conflict with this 
chapter;

(4) Adopt rules under chapter 34.04 RCW as necessary to carry out the purposes of this 
chapter;

(5) Do all acts and things necessary or convenient to carry out the powers expressly 
granted or implied under this chapter.

NEW SECTION. Sec. 11. PUBLIC WORKS FINANCING POWERS. In order to aid the financing 
of public works projects, the board may:

(1) Make low-interest or interest-free loans to local governments from the public works 
assistance account or other funds and accounts for the purpose of assisting local governments 
in financing public works projects. The board may require such terms and conditions and may 
charge such rates of interest on its loans as it deems necessary or convenient to carry out the 
purposes of this chapter. Money received from local governments in repayment of loans made 
under this section shall be paid into the public works assistance account for uses consistent with 
this chapter.

(2) Pledge money in the public works assistance account, or money to be received by the 
public works assistance account, to the repayment of all or a portion of the principal of or 
interest on obligations issued by local governments to finance public works projects. The board 
shall not pledge any amount greater than the sum of money in the public works assistance 
account plus money to be received from the payment of the debt service on loans made from 
that account, nor shall the board pledge the faith and credit or the taxing power of the state or 
any agency or subdivision thereof to the repayment of obligations issued by any local 
government.

(3) Create such subaccounts in the public works assistance account as the board deems 
necessary to carry out the purposes of this chapter.

(4) Provide a method for the allocation of loans and financing guarantees and the provi­sion 
of technical assistance under this chapter.

All local public works projects aided in whole or in part under the provisions of this chap­
ter shall be put out for competitive bids. The competitive bids called for shall be administered 
in the same manner as all other public works projects put out for competitive bidding by the 
local governmental entity aided under this chapter.

NEW SECTION. Sec. 12. ELIGIBILITY AND PRIORITY. (1) To qualify for loans or pledges under 
this chapter the board must determine that a local government meets all of the following 
conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least 
one-quarter of one percent;
(b) The local government must have developed a long-term plan for financing public 
works needs; and
(c) The local government must be using all local revenue sources which are reasonably 
available for funding public works, taking into consideration local employment and economic 
factors.

(2) The board shall develop a priority process for public works projects as provided in this 
section. The intent of the priority process is to maximize the value of public works projects
accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(c) The cost of the project compared to the size of the local government and amount of loan money available;

(d) The number of communities served by or funding the project;

(e) Whether the project is located in an area of high unemployment, compared to the average state unemployment; and

(f) Other criteria that the board considers advisable.

(5) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(6) Before November 1 of each year, the board shall develop and submit to the ways and means committees of the senate and house of representatives a prioritized list of projects which are recommended for funding by the legislature. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(7) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

NEW SECTION. Sec. 16. LEGISLATIVE FINDINGS AND POLICY. The federal deficit reduction act of 1984 imposes an annual ceiling on the aggregate amount of federally tax-exempt private activity bonds, including student loan bonds, industrial development bonds, and certain government activity bonds, that may be issued during any calendar year by or on behalf of states and their political subdivisions. The deficit reduction act of 1984 provides a formula for allocating the annual ceiling among various issuers of private activity bonds within a state, but permits each state to enact a different allocation method that is appropriate to that state's
needs. The purpose of this chapter is to provide a flexible and efficient method of allocating the state ceiling in Washington in a manner that recognizes the need of the state and its political subdivisions to finance public improvements which are owned by those public entities and also promotes industrial and economic development, encourages private investment, and assists students seeking financial aid.

NEW SECTION. Sec. 17. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

1. 'Board' means the community economic revitalization board as created by chapter 43.160 RCW.

2. 'Private activity bond subcommittee' means the subcommittee created by section 15 of this act.

3. 'Bonds' means bonds, notes, or other obligations of an issuer.

4. 'Bond purchase agreement' means an executed agreement for the purchase of bonds which may or may not be contingent on the allocation of a portion of the state ceiling for the bonds.

5. 'Bond use category' means any of the following categories of bonds: Government activity bonds, industrial development bonds, or student loan bonds.

6. 'Code' means the federal internal revenue code as it exists, with amendments, on the effective date of this act. It also means the code as amended after the effective date of this act, but only if the amendments are approved by the board as provided in section 21 of this act.

7. 'Department' means the department of trade and economic development or its successor with respect to the powers and duties granted by this chapter.

8. 'Director' means the director of the department or the director's designee.

9. 'Government activity bonds' means bonds that are classified as private activity bonds under the code and that are neither student loan bonds nor revenue bonds issued under Article XXXI of the state Constitution.

10. 'Industrial development bonds' means nonrecourse revenue bonds issued under Article XXXII of the state Constitution.

11. 'Issuer' means the state, any agency or instrumentality of the state, any political subdivision, or any other entity authorized to issue private activity bonds in the state.

12. 'Private activity bonds' means bonds that are private activity bonds as defined in the code.

13. 'State ceiling' means the state of Washington.

14. 'State ceiling' means for any calendar year the aggregate amount of private activity bonds that may be issued in the state under the code.

15. 'Student loan bonds' means bonds issued by an issuer that are student loan bonds as defined in the code.

NEW SECTION. Sec. 18. ALLOCATION. (1) The state ceiling shall be allocated each year initially as follows: Forty-five percent to government activity bonds; forty-five percent to industrial development bonds; and ten percent to student loan bonds. The allocation is subject to revision by the board as provided in section 20 of this act.

(b) No issuer is eligible to file a notification form or receive an allocation for the financing of an individual project of more than seven and one-half million dollars of any government activity bond or industrial development bond allocation of the state ceiling without a certificate of approval from the board.

(b) In determining whether to issue a certificate of approval, the board may consider but is not limited to the following criteria:

(i) The number of employment opportunities the project is likely to create in relation to the amount of the bond issuance;

(ii) The level of unemployment in the geographic area likely to be affected by the project;

(iii) Public health and safety benefits;

(iv) The amount of state ceiling which remains unallocated;

(v) The number of persons who will benefit from the project, and

(vi) Other such criteria the board deems appropriate.

(c) The board may condition its certificate of approval on any terms it deems appropriate.

(d) The board shall issue or deny a certificate of approval within sixty days of the filing of an application for the certificate.

(e) The board may delegate to the private activity bond subcommittee of the board, by rule, any of its powers under this chapter.

(f) Subject to the provisions of this chapter, the portion of the state ceiling allocated to a bond use category shall be allocated automatically to an issuer of bonds in that category in the order of the date and time the issuer files a properly completed and signed notification form with the department.

NEW SECTION. Sec. 19. (1) The notification form filed by an issuer shall identify: (a) The amount of the state ceiling allocation that is sought; (b) the bond use category from which the allocation is to be made; (c) a certification by the issuer that a bond purchase agreement has been executed with respect to the bonds for which an allocation is sought; and (d) such other information or evidence of the issuer's intention to issue bonds as the director prescribes.
(2) If the principal amount of the bonds for which an allocation of the state ceiling is sought does not exceed the amount of the state ceiling available in the bond use category applicable to the bonds, the director shall mail a written allocation confirmation notice to the issuer within five business days after the filing of the issuer's notification form for the bonds.

(3) If the principal amount of the bonds for which an allocation of the state ceiling is sought exceeds the amount of the state ceiling available in the bond use category applicable, the director shall mail a written deficiency notice to the issuer within five business days after the filing of the issuer's notification form for such bonds and in that notice advise the issuer of the amount by which the principal amount of the bonds described in the notification form exceeds the available state ceiling. The issuer shall be entitled to an allocation of the remaining available state ceiling in the applicable bond use category upon its filing with the department within fifteen calendar days after the date of the director's deficiency notice, a written notice of the amount of the available state ceiling it will consume.

(4) State ceiling allocation notification forms filed in any year for which a full or partial deficiency notice was given by the director shall be retained on a waiting list. When any state ceiling becomes available that year or on January 1 of the following year for the bond use category for which the notification form was filed, the following rules apply: (a) The director shall notify by mail the issuers on the waiting list; and (b) those issuers who, within five business days of receipt of such notice, certify to the director their intention to issue bonds up to the amount stated in the original notification form, shall receive an allocation of the available state ceiling in the order the original notification forms were filed.

(5) Except as provided in section 20(2) and (3) of this act, all allocations of the state ceiling shall expire on the ninety-first day after mailing of the director's allocation confirmation or the notice of allocation, unless the bonds described in the issuer's state ceiling allocation notification form have been delivered to their original purchaser. Each issuer shall file a confirmation of delivery notice with the department within ten days after delivery of the bonds.

NEW SECTION. Sec. 20. REALLOCATION. (1) After June 1 of any year the board may, in its discretion, reallocate the remaining portion of the state ceiling in any bond use category allocated pursuant to section 18(1) of this act that has not been and does not appear reasonably likely to be consumed that year.

(2) The board may in its discretion grant an advanced allocation of the state ceiling in any future year of a portion of the state ceiling for a bond use category, subject to the limitations and criteria in section 18(5) of this act, and may waive the requirements under section 19(5) of this act that the bonds be issued within ninety days of the director's allocation confirmation and notice of allocation. Advanced allocations shall be deemed to have been received by issuers on January 1 of the year for which they are granted in each year, and in the order they were granted. Any advanced allocation shall be contingent on the existence of available state ceiling. Such advanced allocations shall be considered received before any new allocations are made in a given year.

(3) In December of any year, if the board finds that it is reasonably likely that a portion of the state ceiling otherwise would not be consumed, the board, in its discretion, may grant an allocation of the state ceiling to an issuer for financing of a specific project and waive the requirements under section 19(5) of this act that bonds be issued within ninety days after mailing of the director's allocation confirmation or notice of allocation. The issuer may then carry forward the allocation for the project for a period of time permitted by the code.

NEW SECTION. Sec. 21. RULE-MAKING AUTHORITY. (1) The board may adopt such rules as are necessary to carry out the purposes of this chapter.

(2) In order to permit the full use of the authorized state ceiling under the federal law, the board may adopt rules approving any amendments made to the code after the effective date of this act.

NEW SECTION. Sec. 22. ANNUAL REPORT. The department shall report annually at the start of each annual legislative session to the legislature and the governor on the allocations of the state ceiling made during the previous year.

NEW SECTION. Sec. 23. TERMINATION. The method for making new allocations of the state ceiling provided in sections 18, 19, and 20 of this act shall expire on December 31, 1988, unless extended by law for an additional fixed period of time, except that any guaranteed allocations granted under section 20(2) of this act and any allocations carried forward under section 20(3) of this act shall remain in full force and effect after that date.

NEW SECTION. Sec. 24. RATIFICATION. Any state ceiling allocations taken during 1984 or 1985 in conformance with the code and an applicable executive order of the governor are ratified and confirmed and shall remain in full force and effect notwithstanding any other provision of this act.

Sec. 25. Section 10, chapter 40, Laws of 1982 1st ex. sess. and RCW 43.160.900 are each amended to read as follows:

The community economic revitalization board and its powers and duties shall be terminated on June 30, 1987, and shall be subject to the procedures required by chapter 43.131 RCW. This chapter expires June 30, (1987) 1988. Any remaining duties of the community economic
revitalization board after June 30, 1987, are transferred to the department of revenue on June 30, 1987.

**NEW SECTION.** Sec. 26. Sections 16 through 24 of this act shall constitute a new chapter in Title 39 RCW.

**NEW SECTION.** Sec. 27. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION.** Sec. 29. CODIFICATION. Sections 7 through 13 of this act shall constitute a new chapter in Title 43 RCW.

**MOTION**

Mr. McMullen moved that the report of the Free Conference Committee on Engrossed Substitute House Bill No. 461 be adopted.

**POINT OF PERSONAL PRIVILEGE**

Ms. Silver: "In accordance with Reed's Rule 178. I rise to inform you that the integrity of our proceedings has been undermined by the manner in which the Conference Committee report on ESHB 461 has reached our desks. A few months ago, this side of the aisle criticized the four-person Free Conference Committee rule and how it would harm the legislative process. We were told on the floor of the House, to trust, the process will be fair, the minority party will receive notice. The minority party will have a chance to participate. I kept in close contact with the chairman for ESHB 461, and was advised no meetings had occurred. Yesterday, at 1:35 p.m., I was advised the Conference Committee was meeting at 1:30. When I arrived, the report had already been negotiated, signed and placed before me for my signature.

"Is this participation for the minority party? This is fair? This is the legislative process to represent all the people of the state? We have more bills in Conference this session than ever before. The majority party has full control to make significant changes. So the folks back home should know that bills are decided in the back room where the minority party is excluded and where a lobbyist—a lobbyist—is included. The legislative process on Engrossed Substitute House Bill 461 was a farce."

A division was called.

**ROLL CALL**

The Clerk called the roll on the motion that the House adopt the report of the Free Conference Committee on Engrossed Substitute House Bill No. 461. and the motion was carried by the following vote: Yeas, 50; nays, 46; excused, 2.

Excused: Representatives Ballard, Smith C – 2.

MESSAGE FROM THE SENATE

April 27. 1985

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on SUBSTITUTE HOUSE BILL NO. 956. and has granted the powers of Free Conference.

Sidney R. Snyder. Secretary.

REPORT OF CONFERENCE COMMITTEE

April 27. 1985

Mr. Speaker:

Mr. President:

We, of your Conference Committee, to whom was referred SUBSTITUTE HOUSE BILL NO. 956. relating to the powers of local government in relation to federal grants and programs. have had the same under consideration, and we report that we are unable to agree and respectfully request the powers of Free Conference in order to amend the bill.

MOTION

Ms. Nutley moved that the House adopt the Conference Committee report on Substitute House Bill No. 956 and grant the committee powers of Free Conference.

POINT OF ORDER

Mr. Dellwo: "The Joint Rules of the Senate and House, Rule 8, provides that in case of failure of the conferees to agree on matters resting at issue between the two houses, the committee may, in addition, consider new proposed items within the scope and object of the title. There are two issues. One, of course, is the fact that there must be a failure of the conferees to agree. In the proposed Free Conference draft, word for word, is the Senate version. It is very easy to see that they could agree. I would suggest that the Free Conference powers that they have requested are not needed. Further, the scope and object of the title has been interpreted by many bodies, including the Supreme Court. The courts have uniformly said that
there has to be a rational unity between the subject under the one title, the one bill. I would suggest again that that uniform rational unity is missing. We have two separate bills -- a third one, too -- but at least two separate bills, two different chapters, two different subjects and they do not have that rational unity. I would suggest that the purpose of the conferees can be handled by just a regular conference, and a Free Conference would not be necessary. I would ask the Speaker to rule on this."

**SPEAKER'S RULING**

The Speaker: "Representative Dellwo, as to the three points: The first point, I believe, is that the conferees do not agree. It is noted on the Free Conference report that five out of the six conferees did agree, so your point is not well taken. On scope and object, the Speaker has examined Substitute House Bill 956 and the amendment thereto. The Joint Rule, in the case of Free Conference, in Rule 8, 'In case of failure of the conferees to agree on matters directly at issue between the two houses, the committee may in addition consider new proposed items within the scope and object of the title of the bill in conference....' The Speaker has examined the original bill. It has a very broad title, 'An Act Relating to local government....' The Speaker would find that your point is not well taken. The third issue is in the areas of two subjects or more in a single bill and that is a matter for the court to decide. That's a constitutional question, not for this body to decide and your point is not well taken."

The Speaker stated the question before the House to be the motion that the House adopt the report of the Conference Committee and grant the committee powers of Free Conference.

Mr. Dellwo spoke against the motion.

**POINT OF ORDER**

Mr. Barrett: "Mr. Speaker, I would ask you to call to the attention of the speaker the fact that we are now debating, not the process by which we have Free Conference nor the process by which these bills arrived, but the fact that these items are on the agenda."

The Speaker: "Representative Dellwo, please speak to the question before us."

Mr. Dellwo concluded his remarks in opposition to the motion and Representatives Nutley, Brough and Crane spoke in favor of it.

Mr. Prince demanded the previous question and the demand was sustained.

A division was called.

**ROLL CALL**

The Clerk called the roll on the motion that the House adopt the report of the Conference Committee on Substitute House Bill No. 956, and the motion was lost by the following vote: Yeas, 33; nays, 63; excused, 2.

Excused: Representatives Ballard, Smith C - 2.
MESSAGE FROM THE SENATE

April 27, 1985

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on SUBSTITUTE HOUSE BILL NO. 131, and has granted the powers of Free Conference.

Sidney R. Snyder, Secretary.

REPORT OF CONFERENCE COMMITTEE

April 24, 1985

Mr. Speaker:

Mr. President:

We, of your Conference Committee, to whom was referred SUBSTITUTE HOUSE BILL NO. 131, revising the regulation of health-related professions, have had the same under consideration, and we report that we are unable to agree and respectfully request the powers of Free Conference in order to amend the bill.

Signed by Senators Thompson, Kreidler; Representatives Brekke, Tanner, Lewis.

MOTION

Ms. Brekke moved that the report of the Conference Committee on Substitute House Bill No. 131 be adopted and the committee be granted powers of Free Conference.

POINT OF ORDER

Mr. Padden: "Mr. Speaker, I would ask for a ruling on scope and object of the Free Conference report with the point that the amendment changes the title of the act in at least four respects. Among other things, it adds a new chapter to Title 18 RCW; it adds a new section to chapter 43.131. Also the fact that the amendment exceeds the scope and object of Substitute House Bill 131 is underscored by the amendment's own admission that is that it is really a separate act dealing with a separate issue. In this regard, section 179 of the amendment refers to the twenty-two new sections as the omnibus credentialing act for counselors."

SPEAKER'S RULING

The Speaker: "Representative Padden, the Speaker has examined Substitute House Bill 131 as recommended by the Free Conference Committee, and also examined the title of the original bill, Substitute House Bill 131, which is 'An Act relating to the regulation of health and health related professions and businesses....' The Speaker once again refers to Rule 8 and would note that there was nothing changed before the semicolon in the original title; therefore, the Free Conference report appears to be within the scope and object of the original bill. Your point is not well taken."

Representatives Locke, Patrick, Wang and Brekke spoke against the motion to grant the powers of Free Conference, and the motion was lost.

REPORT OF FREE CONFERENCE COMMITTEE

April 26, 1985

Mr. Speaker:
Mr. President:

We, of your Free Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 4241, authorizing the state employees' insurance board to disapprove certain panel medicine group plans, have had the same under consideration, and we recommend that the bill be amended as follows and the bill as amended by the Free Conference Committee do pass:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 1, chapter 136, Laws of 1977 ex. sess. and RCW 41.05.005 are each amended to read as follows:

The legislature, recognizing the desirability of maintaining a healthy work force in order to promote the efficiency and productivity of the employees and officials working for the state and political subdivisions, ((declare,)) finds it to be in the best interest of the state and political subdivisions to provide comprehensive health care to ((state)) public employees and officials and their dependents, while at the same time there is an increased need for comprehensive public oversight of the costs of and expenditures for health care services. The legislature also finds that, by increasing the coverage group, the state may affect the cost not only to the state for employee costs but also the overall costs in the state.

It is therefore the purpose of this chapter to establish health care plans that provide comprehensive health care for all qualified ((state)) public employees and officials and their dependents; ((which plans will be funded by the employer to the fullest extent possible)).

Sec. 2. Section 1, chapter 39, Laws of 1970 ex. sess. as last amended by section 90, chapter 3, Laws of 1983 and RCW 41.05.010 are each amended to read as follows:

Bill Gleason, Assistant Secretary.

REPORT OF FREE CONFERENCE COMMITTEE

April 27, 1985

Mr. Speaker:

Mr. President:

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 4196, providing for special programs to assist the unemployed and underemployed, have had the same under consideration, and we recommend that the bill be amended as follows and that the bill as amended by Free Conference Committee do pass:

Strike everything after the enacting clause and insert the following:

'NEW SECTION, Sec. 1. The legislature finds and declares that:

(1) The number of persons unemployed in the state is significantly above the national average.

(2) Persons who are unemployed represent a skilled resource to the economy and the quality of life for all persons in the state.

(3) There are jobs available in the state that can be filled by unemployed persons.

(4) A public labor exchange can appreciably expedite the employment of unemployed job seekers and filling employer vacancies thereby contributing to the overall health of the state and national economies.

(5) The Washington state job service of the employment security department has provided a proven service of assisting persons to find employment for the past fifty years.

(6) Expediting the reemployment of unemployment insurance claimants will reduce payment of claims drawn from the state unemployment insurance trust fund.

(7) Increased emphasis on assisting in the reemployment of claimants and monitoring claimants' work search efforts will positively impact employer tax rates resulting from the recently enacted experience rating legislation, chapter 205, Laws of 1984.

(8) Special employment service efforts are necessary to adequately serve agricultural employers who have unique needs in the type of workers, recruitment efforts, and the urgency of obtaining sufficient workers.

(9) Study and research of issues related to employment and unemployment provides economic information vital to the decision-making process.

The legislature finds it necessary and in the public interest to establish a program of job service to assist persons drawing unemployment insurance claims to find employment, to provide employment assistance to the agricultural industry, and to conduct research into issues related to employment and unemployment.

'NEW SECTION, Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Job service' means the employment assistance program of the employment security department;

(2) 'Employment assistance' means services to unemployed persons focused on and measured by the obtaining of employment;

(3) 'Labor exchange' means those activities which match labor supply and labor demand, including recruitment, screening, and referral of qualified workers to employers;

(4) 'Special account of the administrative contingency fund' means that fund under section 8 of this act established within the administrative contingency fund of the employment security department which provides revenue for the purposes of this chapter.

(5) 'Continuous wage and benefit history' means an information and research system utilizing a longitudinal data base containing information on both employment and unemployment.

'NEW SECTION, Sec. 3. Job service resources shall be used to assist with the reemployment of unemployed workers using the most efficient and effective means of service delivery. The
job service program of the employment security department may undertake any program or activity for which funds are available and which furthers the goals of this chapter. These programs and activities may include, but are not limited to:

(1) Supplementing basic employment services, with special job search and claimant placement assistance designed to assist unemployment insurance claimants to obtain employment;

(2) Providing employment services, such as recruitment, screening, and referral of qualified workers, to agricultural areas where these services have in the past contributed to positive economic conditions for the agricultural industry;

(3) Providing otherwise unobtainable information and analysis to the legislature and program managers about issues related to employment and unemployment; and

(4) To research and consider the degree to which the employment security department can contract with private employment agencies, private for-profit and not-for-profit organizations in the fields of job placement, vocational counseling, career development, career change and employment preparation on a fee for service-performance basis.

Sec. 4. Section 8, chapter 35. Laws of 1945 as last amended by section 9, chapter 13. Laws of 1983 1st ex. sess. and RCW 50.04.070 are each amended to read as follows:

(b) The proper administration of this title for which purpose appropriations from federal funds have been requested but not yet received, provided, the administrative contingency fund will be reimbursed upon receipt of the requested federal appropriation.
Money in the special account created under section 8 of this 1985 act may only be expended, after appropriation, for the purposes specified in this 1985 act.

Sec. 7. Section 5, chapter 205, Laws of 1984 and RCW 50.29.025 are each amended to read as follows:

For the rate year 1984 and each rate year thereafter, the contribution rate for each employer shall be determined under this section.

(1) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the June 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(2) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in subsection (5) or (6) of this section shall be in effect for assigning tax rates for the rate year: PROVIDED, That a uniform tax rate of 3.3 percent shall be in effect for the rate year 1984. The intervals for determining the effective tax schedule shall be:

(4) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in subsection (5) or (6) of this section: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(5) Except as provided in subsection (6) of this section, the contribution rate for each employer in the array shall be the rate specified in the following table for the rate class to which he or she has been assigned, as determined under subsection (4) of this section, within the tax schedule which is to be in effect during the rate year:

The contribution rate for each employer not qualified to be in the array shall be a rate equal to the average industry tax rate as determined by the commissioner; however, the rate may not be less than one percent. PROVIDED. That employers who do not meet the definition of 'qualified employer' by reason of failure to pay contributions when due shall be assigned the contribution rate of five and four-tenths percent. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, shall be in accordance with established classification practices found in the 'Standard Industrial Classification Manual' issued by the federal office of management and budget to the third digit provided in the Standard Industrial Classification code.

NEW SECTION. Sec. 8. A new section is added to chapter 50.24 RCW to read as follows:

A separate and identifiable account to provide for the financing of special programs to assist the unemployed is established in the administrative contingency fund. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, at the rate of two one-hundredths of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010.

Contributions under this section shall become due and be paid by each employer under rules as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in the employ of the employer. Any deduction in violation of this section is unlawful.

Contributions under this section shall be payable only for calendar years 1985 and 1986.

NEW SECTION. Sec. 9. A new section is added to chapter 50.44 RCW to read as follows:

The term 'reasonable assurance,' as used in RCW 50.44.050, means a written, verbal, or implied agreement that the employee will perform services in the same capacity during the ensuing academic year or term as in the first academic year or term. A person shall not be deemed to be performing services 'in the same capacity' unless those services are rendered under the same terms or conditions of employment in the ensuing year as in the first academic year or term.

Sec. 10. Section 2, chapter 1, Laws of 1971 as last amended by section 1, chapter 1, Laws of 1983 and RCW 50.22.010 are each amended to read as follows:
As used in this chapter, unless the context clearly indicates otherwise:

1. "Extended benefit period" means a period which:
   (a) Begins with the third week after a week for which there is an 'on' indicator; and
   (b) Ends with the third week after the first week for which there is an 'off' indicator. PROVIDED. That no extended benefit period shall last for a period of less than thirteen consecutive weeks, and further that no extended benefit period may begin by reason of an 'on' indicator before the fourteenth week after the close of a prior extended benefit period which was in effect with respect to this state.

2. There is an 'on' indicator for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) either:
   (a) Equalled or exceeded one hundred twenty percent of the average of such rates for the corresponding thirteen-week period ending in each of the preceding two calendar years and equalled or exceeded five percent; or
   (b) Equalled or exceeded six percent. PROVIDED. That the six percent trigger shall apply only until ((April 30, 1984)) December 31, 1985.

3. There is an 'off' indicator for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) was either:
   (a) Less than five percent; or
   (b) Five percent or more but less than six percent and the rate of insured unemployment was less than one hundred twenty percent of the average of the rates for the corresponding thirteen week period ending in each of the two preceding calendar years: PROVIDED. That the six percent trigger shall apply only until ((April 30, 1984)) December 31, 1985.

4. 'Regular benefits' means benefits payable to an individual under this title or under any state law (including benefits payable to federal civilian employees and to ex-service men pursuant to 5 U.S.C. chapter 85) other than extended benefits or additional benefits.

5. 'Extended benefits' means benefits payable for weeks of unemployment beginning in an extended benefit period to an individual under this title or under any state law (including benefits payable to federal civilian employees and to ex-service men pursuant to 5 U.S.C. chapter 85) other than regular or additional benefits.

6. 'Additional benefits' are benefits totally financed by the state and payable under this title to exhaustees by reason of conditions of high unemployment or by reason of other special factors.

7. 'Eligibility period' of an individual means the period consisting of the weeks in his or her benefit year which begin in an extended benefit period that is in effect in this state and, if his or her benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

8. 'An additional benefit period' means a period within an extended benefit period which:
   (a) Begins with the third week after a week for which:
      (i) The governor determines that adverse economic conditions and high unemployment among the state's workers necessitate payment of additional benefits; and
      (ii) The commissioner determines that, for the fifty-two consecutive weeks ending with such week, the rate of insured unemployment as calculated under (d) of this subsection equals or exceeds six and one-half percent: PROVIDED. That six percent shall apply if the fifty-two week rate of insured unemployment has been less than four and one-half percent at any time within the preceding one hundred four weeks:
   (b) Ends with the third week after a week for which the commissioner determines that, for the fifty-two consecutive weeks ending with such week, the rate of insured unemployment as calculated under (d) of this subsection is less than six and one-half percent: PROVIDED. That six percent shall apply if the additional benefit period began because of the provision in (a)(ii) of this subsection, the fifty-two week rate of insured unemployment has not exceeded six and one-half percent during the additional benefit period, and the additional benefit period has been in effect for fewer than thirty-six weeks:
   (c) No additional benefit period may last for a period of less than thirteen weeks, and no additional benefit period may begin before the fourteenth week after the close of a prior additional benefit period:
   (d) 'Rate of insured unemployment,' for the purposes of (a) and (b) of this subsection, means the percentage derived by dividing the average weekly number of individuals filing claims in this state for weeks of unemployment with respect to the most recent fifty-two consecutive weeks as determined by the commissioner on the basis of his reports to the United States Secretary of Labor by the average monthly employment covered under this title for the first four of the most recent six completed calendar quarters ending before the end of such fifty-two week period. The division shall be carried to the fourth decimal place with any remaining fraction disregarded.
(e) If a federally funded program of benefits is established which provides for benefits beyond thirty-nine weeks, any additional benefit period in effect shall terminate on the last day of the week preceding the effective week of the federal program. No additional benefit period may begin while such a federal program is in effect.

(9) 'Additional benefit eligibility period' of an individual means the period consisting of the weeks in his or her benefit year which begin in an additional benefit period that is in effect and, if his or her benefit year ends within such additional benefit period, any weeks thereafter which begin in such period.

(10) 'Exhaustee' means an individual who, with respect to any week of unemployment in his or her eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were payable to him or her under this title or any other state law (including dependents' allowances and regular benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week; or

(b) Has received, prior to such week, all of the regular benefits that were available to him or her under this title or any other state law (including dependents' allowances and regular benefits available to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week, after the cancellation of some or all of his or her wage credits or the total or partial reduction of his or her rights to regular benefits: PROVIDED, that, for the purposes of (a) and (b), an individual shall be deemed to have received in his or her current benefit year all of the regular benefits that were payable to him or her, or available to him or her, as the case may be, even though:

(i) As a result of a pending appeal with respect to wages or employment, or both, that were not included in the original monetary determination with respect to his or her current benefit year, he or she may subsequently be determined to be entitled to more regular benefits; or

(ii) By reason of the provisions of another state law, he or she is not entitled to regular benefits with respect to such week of unemployment (although he or she may be entitled to regular benefits with respect to future weeks of unemployment in the next season, as the case may be, in his or her current benefit year), and he or she is otherwise an exhaustee within the meaning of this section with respect to his or her right to regular benefits under such state law seasonal provisions during the season or off season in which that week of unemployment occurs; or

(iii) Having established a benefit year, no regular benefits are payable to him or her during such year because his or her wage credits were canceled or his or her right to regular benefits was totally reduced as the result of the application of a disqualification; or

(c) His or her benefit year having ended prior to such week, he or she has insufficient wages or employment, or both, on the basis of which he or she could establish in any state a new benefit year that would include such week, or having established a new benefit year that includes such week, he or she is precluded from receiving regular benefits by reason of the provisions in RCW 50.04.030 which meets the requirement of section 3304(a)(7) of the Federal Unemployment Tax Act, or the similar provision in any other state law; and

(d) (i) Has no right for such week to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, and such other federal laws as are specified in regulations issued by the United States secretary of labor; and

(ii) Has not received and is not seeking for such week unemployment benefits under the unemployment compensation law of Canada, unless the appropriate agency finally determines that he or she is not entitled to unemployment benefits under such law for such week.

((11)) 'State law' means the unemployment insurance law of any state, approved by the United States secretary of labor under section 3304 of the Internal revenue code of 1954.

NEW SECTION. Sec. 11. A new section is added to chapter 50.22 RCW to read as follows:

An additional benefit period is established beginning April 7, 1985. No new claims for additional benefits will be accepted for weeks beginning after December 31, 1985. This additional benefit period shall end with the start of an extended benefit period or with the start of any totally federally funded benefit program for exhaustees.

The weekly benefit amount shall be calculated as specified in RCW 50.22.040.

The total additional benefit amount shall be the lesser of one-third of regular benefits or eight times the individual's weekly benefit amount.

Additional benefits shall not be payable for weeks more than one year beyond the end of the benefit year of the regular claim.

The maximum amount of additional benefits for an individual shall be reduced, but not below zero, by any federal supplemental compensation paid based on the individual's most recent benefit year.

Benefits paid under this section shall be paid under the same terms and conditions as extended benefits and shall not be charged to the experience rating account of individual employers.
An individual's eligibility for additional benefits shall not be limited or terminated by reason of any event or failure to meet eligibility requirements for the period between April 7, 1985, and the effective date of this act.

(8) This section shall expire on December 31, 1986.

NEW SECTION. Sec. 12. The commissioner shall make a report to the legislature on the impact of the job service program established pursuant to this act by December 1, 1987.

NEW SECTION. Sec. 13. The following acts or parts of acts are each repealed:

(1) Section 17, chapter 18, Laws of 1982 1st ex. sess., section 1, chapter 13, Laws of 1983 1st ex. sess. and RCW 50.22.100;
(2) Section 18, chapter 18, Laws of 1982 1st ex. sess., section 2, chapter 13, Laws of 1983 1st ex. sess. and RCW 50.22.110;
(3) Section 19, chapter 18, Laws of 1982 1st ex. sess., section 3, chapter 13, Laws of 1983 1st ex. sess. and RCW 50.22.120; and
(4) Section 1, chapter 140, Laws of 1984 and RCW 50.44.052.

NEW SECTION. Sec. 14. Sections 1, 2, 3, and 8 of this act shall expire July 1, 1987.

NEW SECTION. Sec. 15. The sum of five million two hundred thousand dollars, or so much thereof as may be necessary, is appropriated from the special account of the administrative contingency fund of the employment security department to the employment security department to support the job service program under sections 1 through 3 of this act for the 1985-1987 fiscal biennium. However, if federal funding is increased to provide for the financing of the services specified in this act, this appropriation shall be reduced by the amount that federal funding is increased specifically for such services. This portion of the state appropriation shall be deposited in the unemployment compensation fund.

NEW SECTION. Sec. 16. If any part of this act shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this act is hereby declared to be inoperative solely to the extent of such conflict, and such finding or determination shall not affect the operation of the remainder of this act.

POINT OF INQUIRY

POINT OF PERSONAL PRIVILEGE

Mr. Padden: "Mr. Speaker, my point of personal privilege is that I think the fact that we are here on Sunday morning is certainly a violation of the traditions. I believe, since I have served in the House of Representatives, perhaps there has been an occasion, but I cannot recall one, when we've been in session on Sunday morning. It is part of our tradition that we ask for guidance before we start each working day. I think the fact that we are here this morning shows a lack of sensitivity to the beliefs of many of the members of this House of Representatives and I certainly hope that it is not repeated."

MESSAGE FROM THE SENATE

April 28, 1985

Mr. Speaker:
The Senate has adopted the report of the Conference Committee on SUBSTITUTE SENATE BILL NO. 3384, and has granted the committee powers of Free Conference.

Sidney R. Snyder, Secretary.

THIRD REPORT OF FREE CONFERENCE COMMITTEE

April 28, 1985

Mr. Speaker:
Mr. President:
We, of your Free Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 3384, establishing a salmon and steelhead rehabilitation and enhancement policy board, have had the same under consideration, and we recommend that SUBSTITUTE SENATE BILL NO. 3384 be amended as follows and that the bill as amended by the Free Conference Committee do pass:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Currently, many of the salmon stocks of Washington state are critically reduced from their sustainable level. The best interests of all fishing groups and the citizens as a whole are served by a stable and productive salmon resource. Immediate action is needed to reverse the severe decline of the resource and to insure its very survival. The legislature finds a state of emergency exists and that immediate action is required to restore its fishery.

Agreement and strife have dominated the salmon fisheries for many years. Conflicts among the various fishing interests have only served to erode the resource. It is time for the state of Washington to make a major commitment to increasing productivity of the resource and to move forward with an effective rehabilitation and enhancement program. The department of fisheries is directed to dedicate its efforts to make increasing the productivity of the salmon resource a first priority and to seek resolution to the many conflicts that involve the resource.

Success of the enhancement program can only occur if projects efficiently produce salmon or restore habitat. The expectation of the program is to optimize the efficient use of funding on projects that will increase artificially and naturally produced salmon, restore and improve habitat, or identify ways to increase the survival of salmon. The full utilization of state resources and cooperative efforts with interested groups are essential to the success of the program.

NEW SECTION. Sec. 2. (1) The director shall develop long-term regional policy statements regarding the salmon fishery resources before December 1, 1985. The director shall consider the following in formulating and updating regional policy statements:
(a) Existing resource needs;
(b) Potential for creation of new resources;
(c) Successful existing programs, both within and outside the state;
(d) Balanced utilization of natural and hatchery production;
(e) Desires of the fishing interest;
(f) Need for additional data or research;
(g) Federal court orders; and
(h) Salmon advisory council recommendations.
(2) The director shall review and update each policy statement at least once each year.

NEW SECTION. Sec. 3. (1) The director shall develop a detailed salmon enhancement plan with proposed enhancement projects. The plan and the regional policy statements shall be submitted to the secretary of the senate and chief clerk of the house of representatives for legislative distribution by June 30, 1986. The enhancement plan and regional policy statements
shall be provided by June 30, 1986, to the natural resources committees of the house of representatives and the senate. The director shall provide a maximum opportunity for the public to participate in the development of the salmon enhancement plan. To insure full participation by all interested parties, the director shall solicit and consider enhancement project proposals from Indian tribes, sports fishermen, commercial fishermen, private aquaculturists, and other interested groups or individuals for potential inclusion in the salmon enhancement plan. Joint or cooperative enhancement projects shall be considered for funding.

(2) The following criteria shall be used by the director in formulating the project proposals:
   (a) Compatibility with the long-term policy statement;
   (b) Benefit/cost analysis;
   (c) Needs of all fishing interests;
   (d) Compatibility with regional plans, including harvest management plans;
   (e) Likely increase in resource productivity;
   (f) Direct applicability of any research;
   (g) Salmon advisory council recommendations;
   (h) Compatibility with federal court orders;
   (i) Coordination with the salmon and steelhead advisory commission program;
   (j) Economic impact to the state;
   (k) Technical feasibility; and
   (l) Preservation of native salmon runs.

(3) The director shall not approve projects that serve as replacement funding for projects that exist prior to the effective date of this act, unless no other sources of funds are available.

(4) The director shall prioritize various projects and establish a recommended implementation time schedule.

NEW SECTION. Sec. 4. Upon approval by the legislature of funds for its implementation, the director shall monitor the progress of projects detailed in the salmon enhancement plan.

The director shall be responsible for establishing criteria which shall be used to measure the success of each project in the salmon enhancement plan.

NEW SECTION. Sec. 5. The director shall report to the legislature on or before October 30th of each year on the progress and performance of each project. The report shall contain an analysis of the successes and failures of the program to enable optimum development of the program. The report shall include estimates of funding levels necessary to operate the projects in future years.

The director shall submit the reports and any additional recommendations to the committees on ways and means and the committees on natural resources of the senate and house of representatives.

NEW SECTION. Sec. 6. As used in this chapter, 'enhancement project' means salmon propagation activities including, but not limited to, hatcheries, spawning channels, rearing ponds, egg boxes, fishways, fish screens, stream bed clearing, erosion control, habitat restoration, net pens, applied research projects, and any equipment, real property, or other interest necessary to the proper operation thereof.

Sec. 7. Section 75.16.070, chapter 12, Laws of 1955 as amended by section 13, chapter 46, Laws of 1983 I st ex. sess. and RCW 75.08.065 are each amended to read as follows:

(i) The director may enter into contracts and agreements with a person to secure food fish or shellfish or for the construction, operation, and maintenance of facilities for the propagation of food fish or shellfish.

(2) The director may enter into contracts and agreements to procure from private aquaculturists food fish or shellfish with which to stock state waters.

Sec. 8. Section 2, chapter 327, Laws of 1977 ex. sess. as last amended by section 173, chapter 46, Laws of 1983 1st ex. sess. and RCW 75.48.120 are each amended to read as follows:

(i) The department shall not acquire, construct, or substantially improve a salmon enhancement facility unless the requirements of this section are met.

(a) The productivity of a salmon propagation facility is very dependent on water quantity and quality. Due to the limited number of water sources which meet the critical needs of a facility, it is imperative that these sources are acquired. Therefore, site acquisitions and preliminary design shall be considered by the department as generally having priority over project development.

(b) Prior to expending moneys for the construction and development of a particular salmon propagation facility, except for site acquisition and preliminary design, the department shall, with the advice of the advisory council created in subsection (2) of this section, give consideration to the following factors with respect to that facility:

(i) The department's management authority over propagated salmon;

(ii) The level of expected Canadian interception on the propagated salmon and whether this would be acceptable;

(iii) Whether an acceptable agreement has been reached on the status of treaty Indian salmon harvest: \((\text{em})\)
(v) Whether there can be a maximum harvest of propagated salmon with a tolerable impact on other salmonid stocks, both natural and artificial, and on their environment. The department shall consult on this matter with the department of game, and
(v) Compatibility with regional policy statements and the salmon enhancement plan under chapter 75 -- RCW (sections 1 through 6 of this 1985 act).

(c) All facilities funded in full or in part by the salmon enhancement account shall operate at full production capacity. Facilities which drop below full production capacity shall be made available for volunteer cooperative projects under chapter 75.52 RCW or on a contract basis for private salmon propagation solely to stock state waters. The salmon advisory council shall submit to the legislature by January 1, 1986, an evaluation of each facility funded by the 1977 salmon enhancement account, and a determination as to the full production capacity of each facility based on the objective of maximizing the number, pounds, quality, survival, and other pertinent factors affecting salmon smolt released.

(2) To aid and advise the department in the performance of its functions with regard to the salmon enhancement program, a salmon advisory council is created. Mr. Speaker:

The Senate has receded from its amendments to SUBSTITUTE HOUSE BILL NO. 660 on page 1, line 15 and page 1, line 1, and has passed the bill with the amendment to page 1, line 12, and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker stated the question before the House to be the final passage of Substitute House Bill No. 660 with the Senate amendment to page 1, line 12.

Mr. Walk spoke in favor of passage of the bill.

POINT OF INQUIRY

Ms. Schmidt yielded to question by Mr. Walk.

Mr. Walk: "The Senate amendment, with which we are concurring, directs both the Washington State Patrol and the Utilities and Transportation Commission to repeal any WAC rules relative to driver qualification and hours of service for private carriers if federal funds for enforcement are withdrawn. The bill itself, though gives that rule-making authority only to the State Patrol. Is this amendment intended to give the UTC any rule-making authority over private carriers?"

Ms. Schmidt: "No, Representative Walk, it is not. The amendment before us was prepared by the Senate in concert with another amendment which would have
given the UTC such rule-making authority. However, the other amendment was defeated by the Senate, and this amendment simply was not corrected to reflect that. But clearly, it is the intent that only the State Patrol will have rule-making authority for private carrier hours of service and driver qualifications."

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 660 with the Senate amendment to page 1, line 12, and the bill passed the House by the following vote: Yeas, 95; nays, 1; excused, 2.

Voting nay: Representative Sutherland - 1.

Excused: Representatives Ballard, Smith C - 2.

Substitute House Bill No. 660 with certain Senate amendment, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE SENATE

April 28, 1985

Mr. Speaker:

The Senate suspended the rules and returned ENGROSSED SUBSTITUTE HOUSE BILL NO. 863 to second reading, amended the bill and passed the bill with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 43.160 RCW to read as follows:

The legislature recognizes that in order to attract new industry to the state of Washington, and to encourage significant expansion of industries already here, it is often necessary to construct or improve public works facilities. To that end, the legislature, in 1982, created the community economic revitalization board and subsequently established a program of loans and grants to political subdivisions to enable construction and improvement of such facilities. This program has made a significant contribution toward stimulating economic development within the state.

The legislature now finds that the state's economic development efforts can be further enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such improvements must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by sections 2 and 3 of this act. It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.

NEW SECTION. Sec. 2. A new section is added to chapter 43.160 RCW to read as follows:

(1) An application to the board from a political subdivision may also include a request for improvements to an existing state highway or highways. The application is subject to all of the applicable criteria relative to qualifying types of development set forth in this chapter, as well as procedures and criteria established by the board.

(2) Before board consideration of an application from a political subdivision that includes a request for improvements to an existing state highway or highways, the application shall be forwarded by the board to the transportation commission.

(3) The board may not make its final determination on any application made under subsection (1) of this section before receiving the findings of the transportation commission as
specified in section 3 of this act. Notwithstanding its disposition of the remainder of any such application, the board may not approve a request for improvements to an existing state highway or highways without the approval of the improvements, as submitted or amended by the transportation commission as specified in section 3 of this act.

(4) The board shall notify the transportation commission of its final decision regarding any application made under this section.

NEW SECTION. Sec. 3. A new section is added to chapter 47.01 RCW to read as follows:

(1) Upon receiving an application for improvements to an existing state highway or highways pursuant to section 2 of this act from the community economic revitalization board, the transportation commission shall, in a timely manner, determine whether or not the proposed state highway improvements:

(a) Meet the safety and design criteria of the department of transportation;
(b) Will impair the operational integrity of the existing highway system;
(c) Will affect any other improvements planned by the department; and
(d) Will be consistent with its policies developed pursuant to RCW 47.01.071.

(2) Upon completion of its determination of the factors contained in subsection (1) of this section and any other factors it deems pertinent, the transportation commission shall forward its approval of the proposed improvements as submitted or amended or disapproval, to the board, along with any recommendation it may wish to make concerning the desirability and feasibility of the proposed development. If the transportation commission disapproves any proposed improvements, it shall specify its reasons for disapproval.

(3) Upon notation from the board of an application's approval pursuant to section 2 of this act, the transportation commission shall direct the department of transportation to carry out the improvements in coordination with the applicant.

(4) The transportation commission shall notify the legislative transportation committee of all state highway improvements to be carried out pursuant to sections 2 and 3 of this act.

(5) All state highway improvements that are approved pursuant to sections 2 and 3 of this act shall be charged to the economic development account of the motor vehicle fund created by RCW 47.10.803.

Sec. 4. Section 1, chapter 316, Laws of 1981 as amended by section 1, chapter 19, Laws of 1982 and RCW 47.10.801 are each amended to read as follows:

(1) In order to provide funds necessary for the location, design, right of way, and construction of selected interstate and other state highway improvements, there shall be issued and sold, subject to subsections (2) and (3) of this section, upon the request of the Washington state transportation commission a total of four hundred ((sixty)) sixty million dollars of general obligation bonds of the state of Washington for the following purposes and specified sums:

(a) Not to exceed two hundred twenty-five million dollars to pay the state's share of costs for federal-aid interstate highway improvements and until December 31, (1989) 1989, to temporarily pay the regular federal share of construction of federal-aid interstate highway improvements to complete state routes 82, 90, 182, and 705 in advance of federal-aid apportionments under the provisions of 23 U.S.C. Secs. 115 or 122: PROVIDED, That the total amount of bonds issued to temporarily pay the regular federal share of construction of federal-aid interstate highways in advance of federal-aid apportionments as authorized by this section and RCW 47.10.790 shall not exceed one hundred twenty million dollars: PROVIDED FURTHER, That the transportation commission shall consult with the legislative transportation committee prior to the adoption of plans for the obligation of federal-aid apportionments received in federal fiscal year 1985 and subsequent years to pay the regular federal share of federal-aid interstate highway construction projects or to convert such apportionments under the provisions of 23 U.S.C. Secs. 115 or 122;

(b) Two hundred twenty-five million dollars for major transportation improvements throughout the state that are identified as category C improvements and for selected major non-interstate construction and reconstruction projects that are included as Category A Improvements in RCW 47.05.030;

(c) Ten million dollars for state highway improvements necessitated by planned economic development, as determined through the procedures set forth in sections 2 and 3 of this act.

(2) The amount of bonds authorized in subsection (1)(a) of this section shall be reduced if the transportation commission, in consultation with the legislative transportation committee, determines that any of the bonds that have not been sold are no longer required.

(3) The amount of bonds authorized in subsection (1)(b) of this section shall be increased by an amount not to exceed, and concurrent with, any reduction of bonds authorized under subsection (1)(a) of this section in the manner prescribed in subsection (2) of this section.

Sec. 5. Section 3, chapter 316, Laws of 1981 and RCW 47.10.803 are each amended to read as follows:

The proceeds from the sale of the bonds authorized by RCW 47.10.801(1)(a) and (b) shall be deposited in the motor vehicle fund((and)). The proceeds from the sale of the bonds authorized by RCW 47.10.801(1)(c) shall be deposited in the economic development account of the motor vehicle fund, hereby created. All such proceeds shall be available only for the purposes...
enumerated in RCW 47.10.801, for the payment of bond anticipation notes, if any, and for the payment of the expense incurred in the drafting, printing, issuance, and sale of such bonds.

NEW SECTION. Sec. 6. The sum of ten million dollars, or so much thereof as may be necessary, is appropriated from the economic development account of the motor vehicle fund to the department of transportation for the biennium ending June 30, 1987, to carry out the provisions of sections 2 and 3 of this act and RCW 47.10.801(1)(c). However, the money available for expenditure under this appropriation may not exceed the amount of money derived from the sale of bonds, and interest earned thereon, authorized by RCW 47.10.801(1)(c) and deposited to the credit of the economic development account of the motor vehicle fund.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the entire act and the application of the provision to other persons or circumstances is invalid and of no further force and effect.

NEW SECTION. Sec. 8. Section 11, chapter 316, Laws of 1981 and RCW 47.10.810 are each hereby repealed.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

On page 1, line 2 of the title, after "development," strike the remainder of the title and insert "amending RCW 47.10.801 and 47.10.803; adding new sections to chapter 43.160 RCW; adding a new section to chapter 47.01 RCW; repealing RCW 47.10.810; making an appropriation; and declaring an emergency." and the same is herewith transmitted.

INTRODUCTION AND FIRST READING

ReESSB 3656 by Committee on Ways & Means (originally sponsored by Senator McDermott)

Adopting the 1985-87 biennial operating appropriations act.

Mr. Appelwick moved that the rules be suspended, Reengrossed Substitute Senate Bill No. 3656 advanced to second reading and placed at the top of today’s second reading calendar.

POINT OF ORDER

Mr. G. Nelson: “Engrossed Substitute Senate Bill No. 3656 was acted on by this body with an amendment and it has gone to the Senate. The Senate rolled that bill back and changed the underlying document. That bill should now come back to
the House for concurrence or nonconcurrence. They did not concur in our amendments. You can’t just simply have the bill come back to us. I would raise a point of order on the methodology being used here to reintroduce that bill.”

SPEAKER’S RULING

The Speaker: “Representative Nelson, this is consistent with the practice we did on one occasion yesterday. The bill as it passed here was an engrossed substitute bill. The bill went to the Senate, they suspended the rules and went back to second reading. It was amended and then became reengrossed -- a new bill. It was then sent to the House and followed the course of a regular bill. Your point is not well taken.”

POINT OF PARLIAMENTARY INQUIRY

Mr. G. Nelson: "Where is the House amendment to Engrossed Substitute Senate Bill 3656?"

The Speaker: “As I said earlier, Representative Nelson. Engrossed Substitute Senate Bill No. 3656 is not before us. It is Reengrossed Substitute Senate Bill No. 3656, which is an entirely new bill.”

POINT OF ORDER

Mr. G. Nelson: "That is impossible to do when another body’s amendment has been placed on a bill. There is no way. Reed’s Rules do not permit the opposite body of this legislature to remove an amendment. They can only concur or not concur in our amendment. They can change the underlying document and I would agree that has been done by the Senate, but what is being done here to introduce it under the fourth order is simply a way to get around the rules of this body, both the Joint Rules and the House Rules.”

SPEAKER’S RULING

The Speaker: “Representative Nelson, this is the third occasion you have raised exactly the same issue. The Speaker has ruled in each case. It has happened, and, in fact, it happened yesterday.”

POINT OF ORDER

Mr. Barrett: “Mr. Speaker, Reed’s Rules say that a body cannot lay an amendment on the table without laying the entire underlying bill on the table. I would ask your ruling on that.”

SPEAKER’S RULING

The Speaker: “Representative Barrett, no one has attempted to lay the amendment on the table, and, in fact, it is not even before us if one would try to lay it on the table.”

Mr. Barrett: "At the risk of belaboring the problem, Mr. Speaker, we think we are on very firm parliamentary grounds. I ask, again, if that amendment went with that bill; it has been laid on the table by one of the bodies. We are not acting on the bill which was the underlying bill without having any indication of what happened to the amendment, which apparently, has been laid on the table. I ask again for your ruling that this is not properly before us.”

The Speaker: “Representative Barrett, once again I’ll go through the process. The bill went to the Senate as Engrossed Substitute Senate Bill No. 3656; the Senate suspended the rules and went back to second reading for purposes of amendment. They amended this and it became a new bill. Reengrossed Substitute Senate Bill No. 3656. Your point is not well taken.”

POINT OF ORDER

Mr. O’Brien: “Mr. Speaker, I would like to refer to Reed’s Rule 224: ‘References to Another Legislative Branch. It is not permissible to allude to the actions of the other house of a legislature, or to refer to a debate there. Such conduct might lead to misunderstanding and ill-will between two bodies which must cooperate in
order to properly serve the people. So, also, the action of the other body should not be referred to to influence the body the member is addressing."

The Speaker: "Not only that, Representative O'Brien, but also I wasn't even aware there was another body."

POINT OF PARLIAMENTARY INQUIRY

Mr. G. Nelson: "Mr. Speaker, can you give me the reference on the rule that in this body permits a bill to be rolled back to second reading and have the opposing body's amendments rolled back, either in Reed's Rules or in the House Rules, which would permit us to accept those kinds of actions?"

SPEAKER'S RULING

The Speaker: "Representative Nelson, there is no such rule; however, the body can suspend the rules by two-thirds vote, or suspend the rules by whatever requirement that you may have to suspend the rules. This body could, in fact, do the same thing if it chose to suspend the rules. We apparently did that two years ago. You raised no objection at that time. In Senate Bill 3184, yesterday, there was no objection to the same process."

The Speaker declared the House to be at ease until 7:00 p.m.

EVENING SESSION

The House was called to order at 7:00 p.m. by the Speaker.

Representative Ballard appeared at the bar of the House.

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 28A.57.322, chapter 223, Laws of 1969 ex. sess. and RCW 28A.57.322 are each amended to read as follows:

Every person elected or appointed to the office of school director, before entering upon the discharge of the duties thereof, shall take an oath or affirmation to support the Constitution of the United States and the state of Washington and to faithfully discharge the duties of his office according to the best of his ability. In case any official has a written appointment or commission, his oath or affirmation shall be endorsed thereon and sworn to before any officer authorized to administer oaths. School officials are hereby authorized to administer all oaths or affirmations pertaining to their respective offices without charge or fee. All oaths of office, when properly made, shall be filed with the ("officer with whom declarations of candidacy for such positions are filed") county auditor.

Sec. 2. Section 3, chapter 107, Laws of 1980 and RCW 29.04.040 are each amended to read as follows:

(1) No paper ballot precinct ("shall") may contain more than three hundred voters. The county legislative authority may divide, alter, or combine precincts so that, whenever practicable, over-populated precincts shall contain no more than two hundred fifty registered voters in anticipation of future growth.

(2) Precinct boundaries may be altered at any time as long as sufficient time exists prior to a given election for the necessary procedural steps to be honored (("PROVIDED. HOWEVER: That")), Except as permitted under subsection (5) of this section, no precinct boundaries ("shall") may be changed during the period starting ((as of)) on the thirtieth day prior to the first day for candidates to file for the primary election and ending with the day of the general election.

(3) Precincts in which voting machines or electronic voting devices are used may contain as many as nine hundred registered voters (("PROVIDED. That")), but there shall be at least one voting machine or device for each three hundred registered voters or major fraction thereof when a state primary or general election is held in an even-numbered year.

(4) On petition of twenty-five or more voters resident more than ten miles from any place of election, the county legislative authority shall establish a separate voting precinct thereof.

(5) The county auditor shall temporarily adjust precinct boundaries when a city annexes county territory to the city. The adjustment shall be made as soon as possible after the approval of the annexation. The temporary adjustment shall be limited to the minimum changes necessary to accommodate the addition of the territory to the city and shall remain in effect only until the precinct boundary modifications reflecting the annexation are adopted by the county legislative authority.

The county legislative authority may establish by ordinance a limitation on the maximum number of registered voters in each precinct within its jurisdiction. The limitation may be different for precincts based upon the method of voting used for such precincts and the number may be less than the number established by law, but in no case may the number exceed that authorized by law.

If such a limitation is established by a county legislative authority, no precinct within the jurisdiction of the county may contain more registered voters than authorized in such an ordinance.

The county legislative authority of each county in the state hereafter formed shall, at their first session, divide their respective counties into election precincts with two hundred fifty voters or less and establish the boundaries of the ("same") precincts. The county auditor shall thereupon designate the voting place for each such precinct.

A special election called by such governing body shall be held on one of the following dates as decided by the governing body:

Any candidate for city, town, or district offices may withdraw his declaration at any time (to and including the first Wednesday after) before the Friday following the last day allowed for filing declarations of candidacy.

All candidates required to file declarations of candidacy shall pay the same fees and be governed by the same rules as contained in RCW 29.18.030 through 29.18.100(when PROVIDED: That), but no filing fee (when) may be charged (in the event that) if the office sought is without a fixed annual salary.

Each ballot shall be identified at the top with the words, 'Primary Election Ballot,' and below that, the county in which the ballot is to be used, the date of the primary, and the instruction: 'To vote for a person mark a cross in the first square at the right of the name of the person for whom you desire to vote. To vote for a person not on the ballot, write in the name of
the candidate, and the party affiliation if for a partisan office, in the space provided."
Beginning at the top of the left hand column, at the left of the line shall appear the name of the position for which the names following are candidates, and to the left of the right of the same line the words, "Vote for," then the words 'One', 'Two', or a spelled number designating how many persons under that head are to be voted for. Below this shall come the names of all candidates for that position, each followed by the name of the political party, if any, with which the candidate desires to affiliate or the word 'nonpartisan,' with a square to the right. Each position with the names running for that office, shall be separated from the following one by a bold line. All primary paper ballots shall be sequentially numbered, but done in such a way to permit removal of such numbers without revealing the identity of any individual voter. There shall be no printing upon the back of the ballots nor any mark thereon to distinguish them.

Sec. 8. Section 60, chapter 361, Laws of 1977 ex. sess. as amended by section 1, chapter 121. Laws of 1982 and RCW 29.30.081 are each amended to read as follows:

Next after the instructions and before the offices shall be placed the questions of adopting constitutional amendments or any other state measure authorized by law to be submitted to the voters of such election.

(2) The candidate or candidates of the major political party which received the highest number of votes from the electors of this state for the office of president of the United States at the last presidential election shall appear first below the office heading, the candidate or candidates of the other major political parties shall follow according to the votes cast for their nominees for president at the last presidential election, and the candidate or candidates of all other parties shall follow in the order of their qualification with the secretary of state. The candidates for nonpartisan offices shall be listed in the manner otherwise provided by law. There shall be blank spaces for writing in the name of any candidate, if desired, on the ballot.

(3) There shall be a □ at the right of the name of each nominee so that a voter may clearly indicate the candidate or the candidates for whom he wishes to cast his ballot.

(4) Under the designation of the office there shall be indicated the number of candidates to such office to be voted for at such election.

(5) If the election is in a year in which a president of the United States is to be elected, the names of candidates for president and vice president for each political party shall be grouped together, each group enclosed in brackets with a single square to the right in which the voter indicates his choice.

(6) All paper ballots for general elections shall be sequentially numbered, but done in such a way to permit removal of such numbers without leaving any identifying marks on the ballot. There shall be no printing on the back of the paper ballots or any mark thereon to distinguish them.

Sec. 9. Section 33, chapter 361, Laws of 1977 ex. sess. and RCW 29.30.310 are each amended to read as follows:

All ballot pages for primary, general, or special elections in counties using voting devices shall be uniform in color and size, shall be white, and shall be printed in black ink. The first page shall be identified at the top with the name of the election, the county in which the ballot page is to be used, and the date of the election. On the front of the first ballot page or prominently displayed on each voting device to be used at a primary, general, or special election, there shall be printed instructions directing the voters how to properly record a vote for any candidate and for or against any measure. Beginning at the top of the left hand column, at the left of the line shall appear the name of the position for which the names to the immediate right are candidates, and below the name of the office or position the words, 'Vote for', then the words 'One', 'Two', or a spelled number designating how many persons under that head are to be voted for. Immediately to the right of the name of the office or position shall come the names of all candidates for that position, each followed by the name of the political party, if any, with which the candidate desires to affiliate or the word 'nonpartisan,' with an arrow or other notation at the right edge of the ballot page indicating where the voter is to punch or otherwise mark his ballot for that candidate. Each position with the names running for that office, shall be separated from the following one by a bold line. All ballot cards for primary elections shall be sequentially numbered, but done in such a way to permit removal of such numbers without leaving any identifying marks on the ballot. There shall be no marks on the ballot cards which would distinguish an individual voter's ballot card from other ballot cards in the same precinct.

Sec. 10. Section 67, chapter 361, Laws of 1977 ex. sess. and RCW 29.34.125 are each amended to read as follows:

(1) On the front of the first ballot page or prominently displayed on each voting device to be used at a general election, there shall be printed instructions directing the voters how to properly record a vote for any candidate and for or against any measure, including write-in votes. After the instructions and before the offices shall be placed the questions of adopting constitutional amendments or any other state measure authorized by law to be submitted to the voters of such election.
(2) All nominations of any party or group of petitioners shall be indicated by the title of such party or petitioners as designated by them in their certificate of nomination or petition, following the name of such candidate, and the name of each nominee shall be placed beside the designation of the office for which he has been nominated.

(3) There shall be an arrow or other notation at the right edge of the ballot page opposite the name of each candidate indicating where the voter is to punch or otherwise mark his ballot card for that candidate.

(4) Under the designation of the office, if more than one candidate is to be voted for there shall be indicated the number of candidates to such office to be voted for at such election.

(5) If the election is in a year in which a president of the United States is to be elected, in spaces separated from the balance of the party tickets by a heavy black line, shall be the names and spaces for voting for candidates for president and vice president. The names of candidates for president and vice president for each political party shall be grouped together, each group enclosed with a single arrow or other notation to the right.

(6) All ballot cards for general elections shall be sequentially numbered, but done in such a way to permit removal of such numbers (by precinct election workers) without leaving any identifying marks on the ballot. There shall be no printing on the back of the ballot cards nor any mark thereon to distinguish an individual voter's ballot card from other ballot cards from the same precinct.

Sec. 11. Section 29.36.010, chapter 9, Laws of 1965 as last amended by section 1, chapter 27, Laws of 1984 and RCW 29.36.010 are each amended to read as follows:

Any duly registered voter may vote an absentee ballot for any primary or election in the manner provided in this chapter.

A voter desiring to cast an absentee ballot must apply in writing to his county auditor no earlier than forty-five days nor later than the day prior to any election or primary. Application for an absentee ballot shall be approved unless the voter's signature upon the application compares favorably with the voter's signature upon his permanent registration record.

NEW SECTION. Sec. 12. A new section is added to chapter 29.04 RCW to read as follows:

(1) Every person who desires to be a write-in candidate and have such votes counted at a primary or election shall, if the jurisdiction of the office sought is entirely within one county, file a declaration of candidacy with the county auditor not later than the Tuesday immediately before the primary or election. If the jurisdiction of the office sought encompasses more than one county the declaration of candidacy must be filed with the secretary of state not later than the first Tuesday before the primary or election. No person may file as a write-in candidate for more than one primary or election; and before that primary or election.

(a) At a general election, the person attempting to file either filed as a write-in candidate for the same office at the preceding primary or the person's name appeared on the ballot for the same office at the preceding primary;

(b) The person attempting to file as a write-in candidate has already filed a valid write-in declaration for that primary or election, unless one or the other of the two filings is for the office of precinct committeeperson;

(c) The name of the person attempting to file already appears on the ballot as a candidate for another office, unless one of the two offices for which he or she is a candidate is precinct committeeperson.

The declaration of candidacy shall be similar to that required by RCW 29.18.030 and shall be accompanied by either the appropriate filing fee or a supplemental nominating petition, as required by RCW 29.18.050.

(2) The provisions of subsection (1) of this section do not apply to any person who desires to be a write-in candidate for an office or nomination if a vacancy caused by the death or disqualification of a candidate or nominee for that office or nomination occurs: After the Tuesday before the primary or election; and before that primary or election.

NEW SECTION. Sec. 13. A new section is added to chapter 29.04 RCW to read as follows:

The secretary of state shall, not later than the Friday after the last day for filing of write-in declarations with his or her office, notify each county auditor of any such filings for offices appearing on the ballot in that county. The county auditor shall ensure that those persons...
charged with counting the ballots for a primary or election are notified of all valid write-in candidates before the tabulation of those ballots.

Sec. 14. Section 29.36.075, chapter 9, Laws of 1965 as amended by section 1, chapter 136. Laws of 1983 and RCW 29.36.075 are each amended to read as follows:

Convening boards of any primary or election, including a state primary or state general election, shall not tabulate or record votes cast by absentee ballots on any uncontested office except write-in votes for candidates for the office of precinct committeeperson (write in votes for uncontested precinct committeepersons' races shall be canvassed and included with the official vote count) who have filed valid declarations of candidacy under section 12 of this 1985 act. "Uncontested office" means an office where only one candidate has filed a valid declaration of candidacy either during the regular filing period or as a write-in candidate under section 12(1) of this 1985 act. "Uncontested office" does not mean an office or nomination for which a person may be a write-in candidate under section 12(2) of this 1985 act.

Each voter casting an absentee ballot not counted as provided in this section, nevertheless, shall be credited with voting on his permanent voting history record. Further, such uncontested absentee ballots shall be retained for the same length of time and in the same manner as paper ballots cast in person as provided by RCW 29.54.070.

Sec. 15. Section 29.51.100, chapter 9, Laws of 1965 as amended by section 15, chapter 101. Laws of 1965 ex. sess. and RCW 29.51.100 are each amended to read as follows:

On receipt of his or her ballot in (an) a primary or a general or special election the ((elector)) voter shall forthwith and without leaving the polling place retire alone to one of the places, booths, or (departments) compartments provided to prepare ((his) and mark the ballot. (Each elector shall prepare his ballot by marking a cross 'X' after the name of every person or candidate for whom he wishes to vote.) Ballots shall be voted in the manner appropriate for the type of system used.

((In case of a ballot containing a constitutional amendment or other question to be submitted to the vote of the people the voter shall mark a cross 'X' after the question, for or against the amendment or proposition, as the case may be:)) Any ((elector)) voter may write (in the blank spaces) the name of any person for an office who has filed as a write-in candidate for the office in the manner provided by section 12(1) of this 1985 act, or who is exempted from filing by section 12(2) of this 1985 act, for whom he or she may wish to vote. (Provided: That where a partisan office is concerned, the voter must not only write in the name of the candidate, but also the party affiliation of such person pursuant to the provisions of RCW 29.51.170 as now or hereafter amended.)

Before leaving the booth or compartment the ((elector)) voter shall fold ((his)) the ballot or ballot card or place the ballot card in the envelope provided in such a manner that the number of the ballot (shall) appears on the outside (thereof) or projects beyond the covering page or envelope end, without displaying the marks on the face (thereof and deliver it) of the ballot. The voter shall then return with the ballot to the inspector of election.

Sec. 16. Section 29.51.170, chapter 9, Laws of 1965 as last amended by section 1, chapter 121. Laws of 1973 1st ex. sess. and RCW 29.51.170 are each amended to read as follows:

For any office at any election or primary, any voter may write in on the ballot the name of any person (for whom he desires to vote for any office) who has filed as a write-in candidate for that office in the manner provided by section 12(1) of this 1985 act, or who is exempted from filing by section 12(2) of this 1985 act, and such vote shall be counted the same as if the name had been printed on the ballot and marked by the voter. (Provided: That no write-in vote for a partisan office at a general election shall be valid for any person who has offered himself as a candidate for such position for the nomination at the preceding primary; provided, further, that when voting machines or voting devices and ballot cards are used, no write-in vote for any candidate for a partisan office at either a state primary election or state general election shall be valid unless a political party affiliation is also written by the voter after the candidate's name: AND PROVIDED FURTHER, that in the instance of a write-in candidate for a partisan office only those write-in votes constituting the greatest number of a single political party designation shall be valid for counting purposes when the canvassing authority certifies the official election returns. The same procedure must be followed when paper ballots are used for partisan offices at a state primary election. For such write-in voting, it shall not be necessary for a voter to write the full name of the political party concerned. Any abbreviation including the first letter of the political party name shall be acceptable as long as the precinct election officers can determine to their satisfaction the person voted for and the political party intended: Any person who is nominated at any primary election as a write-in candidate for any public office but who has not previously paid the regular filing fee shall not have his name printed on the official ballot for the general election unless, within five days after the official canvass of the primary vote, he executes a declaration of candidacy and pays the same fee required by law to be paid by candidates for filing for the office for which he has been nominated).

Sec. 17. Section 29.51.110, chapter 9, Laws of 1965 as amended by section 43, chapter 202. Laws of 1971 ex. sess. and RCW 29.51.110 are each amended to read as follows:
Upon delivery of each ballot after being marked and folded by a voter, the inspector ((in an audible tone shall repeat the name of the voter and the number of the ballot. The election clerks having in charge the registration cards and poll books or precinct lists of registered voters, if they find that the number marked opposite the voter's name thereon corresponds with the number of the ballot handed to the inspector, shall mark the word 'voted' or check a spot so designated opposite the name of such voter and one of the clerks shall call back in an audible tone the name of the voter and the number of his ballot. The inspector) shall ((then)) separate the slip containing the number of the ballot from the ballot and shall deposit the ballot in the ballot box. ((The numbers removed from the ballots shall be destroyed immediately.)) The inspector shall, however, permit any voter expressing a desire to separate his or her own slip or to deposit his or her own ballot, or both, to do so. Any voter detaching or separating the number slip must return that slip to the inspector.

Sec. 18. Section 35.23.190, chapter 7, Laws of 1965 and RCW 35.23.190 are each amended to read as follows:

Before entering upon his duties and within ten days after receiving notice of his election or appointment every officer of the city shall quality by taking the oath of office and by filing such bond duly approved as may be required of him. The oath of office shall be filed with the county auditor. If no notice of election or appointment was received, the officer must qualify on or before the date fixed for the assumption by him of the duties of the office to which he was elected or appointed. The city council shall fix the amount of all official bonds and may designate what officers shall be required to give bonds in addition to those required to do so by statute.

All official bonds shall be approved by the city council and when so approved shall be filed with the city clerk except the city clerk's which shall be filed with the mayor. No city officer shall be eligible as a surety upon any bond running to the city as obligee.

The city council may require a new or additional bond of any officer whenever it deems it expedient.

In a city of the third class, the treasurer, city attorney, clerk, police judge, chief of police, and such other officers as the council may require shall each, before entering upon the duties of his office, take an oath of office and execute and file with the clerk an official bond in such penal sum as the council shall determine, conditioned for the faithful performance of his duties and otherwise conditioned as may be provided by ordinance. The oath of office shall be filed with the county auditor.

Sec. 20. Section 35.27.120, chapter 7, Laws of 1965 and RCW 35.27.120 are each amended to read as follows:

Every officer of a town before entering upon the duties of his office shall take and file with the ((town clerk)) county auditor his oath of office. The clerk, treasurer, and marshal before entering upon their respective duties shall also each execute a bond approved by the council in such penal sum as the council by ordinance may determine, conditioned for the faithful performance of his duties including in the same bond the duties of all offices of which he is made ex officio incumbent.

Except as provided under section 39 of this act, each county auditor shall, not later than July 1, 1988, complete the testing and installation of the new or modified automated voter registration system and the incorporation of the optional political party preference information collected under RCW 29.07.070, 29.10.020, and 29.51.060 for any voter who is currently registered at the time of the conversion to the new or modified system.

By July 1, 1988, each county legislative authority shall determine if the county's existing automated registration system has the capacity to include party preference information in the
voter registration records of that county or if the county has the resources to modify the system so as to accommodate these changes. If the county legislative authority determines that the county's registration system does not have such a capacity and that the authority does not have the resources to modify the system, sections 36 and 37 of this act shall not apply, on or after the effective date of those sections, to that county. A county legislative authority operating under the exemption in this section shall review the determination again by March 1, 1988, and at least every two years thereafter.

Sec. 40. Section 13, chapter 329, Laws of 1977 ex. sess. and RCW 29.18.160 are each amended to read as follows:

(1) A vacancy caused by the death or disqualification of any candidate or nominee of a major or minor political party may be filled at any time up to and including the day prior to the election for that position. For state partisan offices in any political subdivision voted on solely by electors of a single county, an individual shall be appointed to fill such vacancy by the county central committee in the case of a major political party or by the state central committee or comparable governing body in the case of a minor political party. For other partisan offices, including federal or state-wide offices, an individual shall be appointed to fill such vacancy by the state central committee or comparable governing body of the appropriate political party.

(2) Should such vacancy and appointment occur no later than the third Tuesday prior to the state primary or general election concerned and the ballots and voting machine labels have been printed, it shall be mandatory that they be corrected by the appropriate election officers. In making such correction, it shall not be necessary to reprint complete ballots if any other less expensive technique can be used and the resulting correction is reasonably clear.

(3) Should such vacancy and appointment occur after the third Tuesday prior to said state primary or general election, not later than the Tuesday before the primary or election, and time does not exist in which to correct (proper) ballots (including absentee ballots) or voting machine labels, (either in total or in part, then the votes cast or recorded for the person who has died or become disqualified shall be counted for the person who has been named to fill such vacancy); the individual appointed to fill the vacancy shall file as a write-in candidate for the office or nomination in accordance with section 12(1) of this 1985 act. If the vacancy occurs after the Tuesday before the primary or election, the provisions of section 12(1) of this 1985 act do not apply to write-in candidates for that office or nomination.

Voters cast for the person who has died or become disqualified during the period described in subsection (1) of this section shall not be tabulated or recorded by the canvassing board.

(4) When the secretary of state is the person with whom the appointment by the major or minor political party is filed, he shall, in certifying candidates or nominations to the various county auditors insert the name of the person appointed to fill a vacancy.

In the event that the secretary of state has already sent forth his certificate when the appointment to fill a vacancy is filed with him, he shall forthwith certify to the county auditors of the proper counties the name and place of residence of the person appointed to fill a vacancy, the office for which he is a candidate or nominee, the party he represents and all other pertinent facts pertaining to the vacancy.

This section does not apply to the use of any reproduction of such official election materials if (1) the reproduction is not produced at public expense and (2) the reproduction does not bear any language or device indicating that it or the original from which it is made is an official publication of any jurisdiction of the state. Any person who violates this section is guilty of a misdemeanor.

NEW SECTION. Sec. 42. A new section is added to chapter 29.07 RCW to read as follows:

The county auditor shall have custody of the voter registration records for each county and shall maintain those records in accordance with this section.

(1) The original voter registration form, as established by RCW 29.07.070, shall be filed alphabetically without regard to precinct and shall not be available for public inspection and copying.

(2) An automated file of all registered voters shall be maintained pursuant to RCW 29.07-220, which shall be the source of the precinct lists of registered voters used at the polls on election day. Lists of registered voters produced from the automated file are public records and are thus available for inspection and copying. Information on any individual voter is exempt from public inspection and copying whenever, in the opinion of the county auditor, the release of such information would result in an unreasonable invasion of personal privacy. If a person is denied public inspection and copying of the automated file, the justification for the denial shall be explained fully in writing.

NEW SECTION. Sec. 43. Section 29.07.150, chapter 9, Laws of 1965, section 19, chapter 202, Laws of 1971 ex. sess. and RCW 29.07.150 are each repealed.
Sec. 44. Section 2, chapter 21, Laws of 1973 1st ex. sess. and RCW 29.07.065 are each amended to read as follows:

In addition, whenever the registration officer has a doubt as to whether the applicant is of legal voting age, such officer shall require the applicant to produce a record which establishes the applicant's date of birth.

Failure to produce such identification except when necessary to establish the applicant's date of birth at the time of registration as set forth in this section shall not deter the act of registration: PROVIDED. That registration officials shall indicate on the registration form by checking either 'identification produced' or 'identification not produced'.

NEW SECTION. Sec. 45. Sections 32 through 35 and 38 of this act shall become effective on July 1, 1987.

It is the desire of the legislature that the citizens of newly incorporated cities or towns receive uninterrupted and adequate services in the period prior to the city or town government attaining the ability to provide such service levels. In addition to the services provided under RCW ____ (section 1, chapter 143, Laws of 1985), it is the purpose of this section to permit the county or counties in which a newly incorporated city or town is located to contract with the newly incorporated city or town for the continuation of essential services until the newly incorporated city or town has attained the ability to provide such services at least at the levels provided by the county before the incorporation. These essential services may include but are not limited to, law enforcement, road and street maintenance, drainage, and other utility services previously provided by the county before incorporation. The contract should be negotiated on the basis of the county’s cost to provide services without consideration of capital assets which do not continue to be amortized for principal and interest or depreciated by the county. The exception for not considering capital assets which are no longer amortized for principal and interest or depreciated is recognition of the preexisting financial investment of citizens of the newly incorporated city or town who have made in county capital assets.

Nothing in this section limits the ability of the county and the newly incorporated city or town to contract for higher service levels or for other time periods than those imposed by this section.

MESSAGES FROM THE GOVERNOR

May 21, 1985

To the Honorable, House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, SUBSTITUTE HOUSE BILL NO. 61, entitled:

"AN ACT Relating to health insurance."
This bill would impose costs on local governments to provide insurance programs to some of their former employees. This issue should be decided at the local level since the cost is substantial and the state is providing no added revenue sources or funding. Some local governments have also expressed concern that this legislation violates the intent, if not the letter, of Initiative 62, which restricted the state’s ability to impose new programs on local governments without providing funding sources.

The idea contained in this bill is worthwhile. People who have taken early retirement from local governments find it expensive to obtain coverage under reasonably priced individual policies. Those eligible for medicare coverage fare slightly better when purchasing supplemental health insurance but still face costly options.

Several local governments have established programs similar to the one contained in this bill, but the retirement group is separately rated from the active employees group. Joining the two groups increases the cost to local government. The extent of the increased cost is not easy to estimate.

However, there is little doubt that the cost of this bill for local governments would be substantial. It would vary from government unit to unit depending on the size of the active employee group, the benefits in the health policy, the number of retirees, and the insurance carrier(s).

I would encourage local governments to provide this program for their retired employees. The state and local governments who have opted to join the State Employees’ Insurance Board (SEIB) have this program already. Others can also provide the coverage by joining SEIB or setting up the program with their separate insurance carriers.

Due to the substantial cost impact on local governments, I have vetoed Substitute House Bill No. 61.

Respectfully submitted,

BOOTH GARDNER, Governor.
May 21, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, SUBSTITUTE HOUSE BILL NO. 493, entitled:

"AN ACT Relating to Seismic Safety."

Substitute House Bill No. 493 would create a seismic safety commission which would review preparedness for an earthquake, recommend priorities, and disseminate information. The Department of Emergency Management currently has a program and the legal authority to carry out these functions. Furthermore, the proposed commission would include only two members who are not state officials.

Creation of new boards and commissions should be done only after careful consideration of their need. In the case of this department, the creation of a new commission without funding may lessen the needed staff time to work on this and other serious department measures. In general, commissions can be useful where functions cannot be exercised by a single existing state agency or where there is a strong public purpose served in establishing citizen oversight of governmental functions. Even in these circumstances, alternatives such as interagency coordination and temporary advisory groups should be considered before creating a new government entity.

I have instructed the Director of the Department of Emergency Management to ensure that the purposes of Substitute House Bill No. 493 are carried out by the department. As needed, the Director will ask for technical advice from experts outside the department.

For these reasons, I have vetoed Substitute House Bill No. 493.

Respectfully submitted,

BOOTH GARDNER, Governor.
May 21, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, HOUSE BILL NO. 723, entitled:
"AN ACT Relating to radioactive waste."

House Bill No. 723 extends the Business and Occupational tax rates currently applied to the disposal of low level radioactive wastes at Hanford to all activities related to the storage or disposal of high level radioactive wastes in the state. It is intended that this tax be levied on U.S. Department of Energy site characterization activities related to the possible siting of a high level repository at Hanford, as well as to the disposal of high level wastes.

The paramount issue in siting a repository at Hanford is safety. I have stated on many occasions that the site must be proven both safe and the safest available. I am concerned that signing this measure would send a new message: That the state will accept the repository if the price is right.

Some proponents of the bill see it as a significant near-term source of revenue for the state. I believe the state could not rely on such revenues. Attempting to collect such a tax on federal activities would certainly result in prolonged litigation with uncertain prospects for eventual success.

The Nuclear Waste Policy Act of 1982 commits the Federal government to making payment in lieu of taxes at rates the state would ordinarily collect. I am committed to ensuring that such payments will be made at the appropriate rate.

For these reasons, I have vetoed House Bill No. 723.

Respectfully submitted,
BOOTH GARDNER, Governor.

SENATE CONCURRENT RESOLUTIONS
GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED AND PARTIALLY VETOED

Forty-Ninth Legislature
1985 Regular and Special Session

April 25, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval a portion of Section 4, Substitute House Bill No. 52, entitled:

"AN ACT Relating to revising provisions relating to the human rights commission."

This bill makes various technical and procedural changes to the operation of the Human Rights Commission.

However, a portion of Section 4 requires the governor in making appointments to guarantee that the membership of the commission is representative of the various geographical areas of the state. This language is not typical of clauses for other Boards and Commissions and is vague. Language which expressly states the number of representatives from each side of mountains is typical and preferable where the legislature desires to mandate a geographic mix.

I am committed to work for geographical representation on Boards and Commissions and overall feel I have done so.

With the exception of a portion of Section 4, Substitute House Bill No. 52 is approved.

Respectfully submitted,
Booth Gardner, Governor

For Veto Message on SUBSTITUTE HOUSE BILL NO. 61, see page 2267.
For Veto Message on HOUSE BILL NO. 99, see page 1966.

May 21, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to one portion of a section, Engrossed House Bill No. 116, entitled:

"AN ACT Relating to public employees."

Section 3, in part, requires that the same standardized performance evaluation procedure applies to both classified and exempt positions. I feel that agency directors should have flexibility in establishing performance evaluation forms and procedures for their exempt employees. If a position meets the criteria for exemption, the supervisor of that sensitive position should have the flexibility to evaluate the employee's performance with the most appropriate process and form. I am also in favor of maintaining a clear distinction between classified and exempt positions. Section 3, in part, is therefore vetoed.

With the exception of the part of Section 3 which I have vetoed, Engrossed House Bill No. 116 is approved.

Respectfully submitted,
Booth Gardner, Governor

May 20, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section Substitute House Bill No. 150, entitled:
"AN ACT Relating to special districts:"
I am vetoing Section 44 in order to eliminate a conflict with Section 87. Section 44 would amend RCW 85.08.290; Section 87 would repeal the same. The procedures set forth in Section 44 are not needed. It refers back to Sections 1 through 19 which do contain the formation procedures.
With the exception of Section 44, which I have vetoed, the remainder of Substitute House Bill No. 150 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 20, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen: I am returning herewith without my approval as to a portion of Section 4, Substitute House Bill No. 187, entitled:
"AN ACT Relating to state-authorized improvements to state highways by counties and service districts:"
Language in Section 4 prohibits the Department of Transportation (DOT) from eliminating, delaying, or reducing the scale of a project that would otherwise be a part of the six-year highway plan in order to coerce a county or service district to participate in funding. Although I support the legislature's intent with this language in Section 4, I am concerned that it could place DOT in the difficult position of proving a lack of malice whenever the department eliminated, delayed or reduced the scale of a project for good cause. This would disrupt the systematic planning process and might invite litigation over routine decisions of the agency. For these reasons I have vetoed a portion of Section 4.
With the exception of a portion of Section 4, Substitute House Bill No. 187 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 21, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval as to Sections 7 and 9, Substitute House Bill No. 242, entitled:
"AN ACT Relating to rights of crime victims, survivors of crime victims, and witnesses of crime:"
This bill, among other things, contains changes in the Crime Victims Compensation Act. Sections 7 and 9 relate to the restitution provisions of the current law and require that they apply to offenses committed before the effective date of this legislation. The Legislature intended to refer only to those crimes committed after the sentencing guidelines took effect; the language in Sections 7 and 9 could affect offenders sentenced many years ago. I believe this is inappropriate and am, therefore, vetoing Sections 7 and 9.
With the exception of Sections 7 and 9, which I have vetoed, Substitute House Bill No. 242 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 16, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen: I am returning herewith without my approval as to one section Substitute House Bill No. 262, entitled:
"AN ACT Relating to obsolete provisions in Title 28A RCW:"
Substitute House Bill No. 262 was introduced at the request of the Superintendent of Public Instruction to modify or repeal certain obsolete provisions of Title 28A RCW, the education code.

Due to a drafting oversight, the Section 6 modification is an updating of existing State Board of Education member election law rather than a change to reflect current practice. Current law provides that elections be held annually. In practice, these elections are held biennially. The State Board intended that this section be modified to authorize the practice of biennial elections. The State Board has requested a veto of this section, with the understanding that they will request mandatory legislation in 1986 to bring Board member election practice in line with statutory requirements.

With the exception of Section 6, which I have vetoed, the remainder of Substitute House Bill No. 262 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 16, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one portion Substitute House Bill No. 270, entitled:

"AN ACT Relating to acupuncture;"

Section 5(2)(a) of this bill would require applicants for licensure as an acupuncturist to complete two years of college training in the general sciences and humanities before undertaking acupuncture training. While general education is certainly desirable, we must be careful not to impose any requirements on applicants that are not specifically related to their ability to practice competently. This two-year education requirement does not relate to competence, and neither does the requirement that it be completed before occupational training commences.

With the exception of Section 5(2)(a), Substitute House Bill No. 270 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 20, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to Section 105 and Section 202(2), Substitute House Bill No. 314, entitled:

"AN ACT Relating to state agencies;"

This legislation is the second supplemental appropriations bill. It reduces appropriations over twelve million dollars and authorizes transfers to the General Fund in excess of seven million dollars.

Section 105 reduces the Department of Personnel's general fund appropriation by $45,000. These monies were part of the appropriation made in 1984 to allow the Department to conduct a comparable worth study and are necessary to complete the study. Thus, the reduction in Section 105 is inappropriate.

It should be noted that the Department has placed into reserve status $45,000 from two other General Fund-State appropriations made under Chapter 15, Laws of 1983, 1st Extraordinary Session and Chapter 162, Laws of 1984. These monies will revert to the General Fund-State at the end of this biennium and will help to reduce any possible shortfall.

Section 202(2) requires that the Department of Social and Health Services adopt rules no later than June 1, 1985, relating to criteria for eligibility for the general assistance-medical program. This section would necessitate the adoption of such rules on an emergency basis without public hearing.

While the Department is prepared to propose rules by June 1, 1985, it is my opinion that there is no emergency requiring immediate adoption. Rather, the
Department should be permitted to hold appropriate public hearings and train staff on the implementation of such new rules before their effective date.

With the exceptions of Section 105 and Section 202(2), which I have vetoed, Substitute House Bill No. 314 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 16, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section Engrossed House Bill No. 327, entitled:

"AN ACT Relating to motor vehicles."

Section 1 of this bill would prohibit the use of optical strobe light devices on motor vehicles other than emergency or law enforcement vehicles.

Section 2 would provide that the owners of pre-1968 motor vehicles would retain their pre-1968 license plates if they consider their vehicles to be collector's items.

Current state law provides that a motor vehicle over thirty years old is a collector's item. The vehicle must be restored and in good working condition. The owner of a collector's item can keep the original plates if the plates are of the same year as the year the subject vehicle was manufactured.

Current law also mandates that all pre-1968 motor vehicle license plates must be replaced starting in January 1985 unless the vehicle can be classified as a collector's item. The purpose for this law is to aid law enforcement officials and to promote highway safety.

Section 2 would negate the current mandate for the replacement of all pre-1968 vehicle plates. The only basis for the determination that a vehicle owner would be exempt from current provisions is the owner's opinion that the vehicle is a collector's item. The Department of Licensing would not have the authority to evaluate the owner's claim or to establish rules for the determination of collector's items that are less than thirty years old.

The Department of Licensing estimates that there are over 500,000 motor vehicles in the pre-1968 category. Very few of these vehicles would be classified as collector's items under the current law. Indeed, the potential for abuse of the proposed law could be significant. With less persons complying with the intent of the current law, both the law enforcement and safety aspects of the law would be reduced.

Pre-1968 vehicle owners have been purchasing replacement plates since January 1985. The old plates have been destroyed, and the Department of Licensing has no authority to refund replacement plate fees. Thus, if enacted, Section 2 would create unequal protection for the motoring public.

For these reasons I have vetoed Section 2.

With the exception of Section 2, Engrossed House Bill No. 327 is approved.

Respectfully submitted,
Booth Gardner, Governor

For Veto Message on SUBSTITUTE HOUSE BILL NO. 386, see page 951.

May 16, 1985

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to subsection 5 of Section 3, Substitute House Bill No. 396, entitled:

"AN ACT Relating to making state eligibility requirements for grant assistance programs consistent with federal law."

Subsection 5 of Section 3 would establish a state procedure for computer matching of Internal Revenue forms of all people applying for assistance in order to verify their income and resources. This procedure would be implemented by
December 31, 1985. However, the federal government must be a partner in this endeavor, and the federal regulations upon which the procedures will be based have not been finalized. Therefore, since this program must be in place by federal requirement on October 1, 1986, the state should not implement a program at an earlier date that may need substantial revision to bring it into conformance with federal law.

With the exception of subsection 5 of Section 3, Substitute House Bill No. 396 is approved.

Respectfully submitted,
Booth Gardner, Governor

April 25, 1985

To the Honorable.
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to one provision, Second Substitute House Bill No. 428, entitled:

"AN ACT Relating to real estate licenses."

This bill requires that sales persons and brokers complete a prescribed number of hours of instruction in order to obtain, renew or reinstate their real estate licenses. In addition, in Section 3 of the bill, the Department of Licensing would be required to mail a warning notice of impending cancellation of a license if the department does not receive the renewal fee from a license holder within eleven months after the license expiration date.

I have vetoed Section 3 of the bill because it is more correctly the license holder's responsibility, and not the department's, to complete a timely renewal of the license. There are already sufficient reminders: renewal notices are mailed to the last known address of the licensee sixty days before the due date; real estate brokers are charged by law to employ only currently licensed persons; real estate auditors check the current status of licensees during audits; each licensees renewal date is fixed on his or her birthday; and, reminders are published quarterly in the Real Estate News.

With the exception of Section 3, Second Substitute House Bill No. 428 is approved.

Respectfully submitted,
Booth Gardner, Governor

May 21, 1985

To the Honorable.
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to two sections, Engrossed Substitute House Bill No. 435, entitled:

"AN ACT Relating to county, municipal and political subdivision employees."

The last portion of Section 2 after the word "taxes" is vetoed. This language makes no sense and appears to be a drafting error which only confuses the meaning of this section.

Section 7(1) provides that employees would continue to receive all other benefits given active employees. This language could include such things as uniform allowances, shift differential, shooting pay, sick and vacation leave accruals, and other compensation normally given only to working employees. The section attempted to parallel the LEOFF I program, hence my veto.

The balance of the bill is approved. It provides a needed benefit to a group of employees generally acknowledged by the public as subject to unusual duty related injuries. The cost appears not to be substantial.

I do not support the piecemeal or total readoption of the LEOFF I system for LEOFF II employees. This bill standardizes a practice similar to one voluntarily adopted by a number of counties and cities.
With the exceptions of Section 2 in part and Section 7(1), the remainder of Engrossed Substitute House Bill No. 435 is approved.

Respectfully submitted,
Booth Gardner, Governor

For Veto Message on SUBSTITUTE HOUSE BILL NO. 493, see page 2268.

To the Honorable,
House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to two sections, Engrossed Substitute House Bill No. 550 entitled:

"AN ACT Relating to the theft of cable television services."

Section 1(3) and Section 4(4) are not approved because they include presumptions of intent. Such statutory presumptions run counter to general law and should be reserved for use only in situations where significant public harm is involved.

With the exception of Section 1(3) and Section 4(4), Engrossed Substitute House Bill No. 550 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable,
House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to several sections, Substitute House Bill No. 625, entitled:

"AN ACT Relating to the Department of Commerce and Economic Development."

The Department of Commerce and Economic Development is scheduled to be terminated on June 30, 1985, pursuant to RCW 43.131.257 of the Washington Sunset Act of 1977, as amended.

Substitute House Bill 625 would reauthorize the Department to continue after June 30, 1985. The Department's name would be changed to the Department of Trade and Economic Development.

The bill would also create two new advisory groups and a new international trade and investment information system.

I am delighted that the Department is being reauthorized. The encouragement of state economic growth and job creation are major public policy goals of both the executive and legislative branches of state government. Competition with other states to attract new, job creating investments is at a high level. The efficient and wise use of our resources to accomplish our economic goals requires that we maintain a focal point in state government for economic development-related activities. This Act would not only allow the Department to continue, but it would also provide its management with the necessary flexibility to respond to changing circumstances in the state's economic development environment.

Although I agree with the primary purpose of this Act, several sections require veto.

I believe that strong private sector involvement in state government economic development activities is good public policy. The authority and the responsibility for appointing advisory groups is provided to the Director of the Department of Trade and Economic Development in Section 16 of this Act. I concur with this provision because I believe that the Director is in the best position to determine when advisory groups used to be formed, as well as to provide adequate budget and other resources required to support their work.

Accordingly, I have vetoed Sections 79 through 81, which would create the Forest Products Market Development Task Force. This proposed new statutory body does not have an appropriation, and its functions could be implemented by the Department without a new statutory body.
I do concur with the need for the state to develop coordinated strategies to enhance its competitive export trade position in the forest products industry, which is the primary purpose of Sections 79-81 of Substitute House Bill No. 625. However, I believe this purpose could be addressed by the Department of Trade and Economic Development in concert with others through the interagency "coordination" and "trade development" provisions. Sections 4 and 6 respectively of Substitute House Bill 625, without the creation of a new statutory board as specified in Sections 79-81. Alternatively, the Department of Natural Resources, within its existing responsibilities and authorities, could appropriately initiate such an advisory committee. Further, the University of Washington's Center for International Trade in Forest Products, which the legislature has now made a permanent part of the College of Forest Resources, is charged with the responsibility for drawing upon public and private sector resources to expand the State's export of forest products.

Similarly, Sections 84-94 would create an advisory group to be known as the Tourism Partnership Commission, which does not have an appropriation. The intent of Sections 84-94 can be accomplished under Section 16 of Substitute House Bill 625 which authorizes the Director of the Department of Trade and Economic Development to appoint advisory groups as needed, and, therefore, a new statutory body without an appropriation is not warranted at this time.

In addition to the vetoes of Section 79-81 and 84-94, I have also vetoed several sections of this Act for technical reasons.

I have vetoed Sections 7 and 8 because they duplicate international trade policy statements and objectives contained in other sections of the Act.

I have vetoed Section 59 because it is a triple amendment to RCW 43.160.030 pertaining to membership on the Community Economic Revitalization Board (CERB). Sections 2 and 3 of Substitute House Bill No. 863 and Sections 1 and 2 of Substitute House Bill No. 461, both which also passed the legislature this session, also amend RCW 43.160.030. Sections 2 and 3 of Substitute House Bill 863 have also been vetoed by separate action.

I have also vetoed Sections 82 and 83 which would establish an international trade and investment information system within the Department of Trade and Economic Development. Similar but broader responsibilities are provided to the Department by Sections 5, 6 and 12 of Substitute House Bill No. 625.

With the exception of Sections 7, 8, 59 and 79-94, Substitute House Bill No. 625 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 1 through 8, Engrossed Second Substitute House Bill No. 627, entitled:
"AN ACT Relating to economic development."

Sections 1 through 8 of this bill would establish a Mental Sports Competition and Research Commission. While the intent of these sections is laudable and I heartily endorse competition in chess, bridge and other intellectual games, I feel that it is more appropriate for communities and school districts to support and promote these activities at the local level, or through state associations.

With the exception of Sections 1 through 8, which I have vetoed, Engrossed Second Substitute House Bill No. 627 is approved.

Respectfully submitted,
Booth Gardner, Governor

For Veto Message on HOUSE BILL NO. 723, see page 2269.
Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 13, Second Substitute House Bill No. 738, entitled:

"AN ACT Relating to community economic development."

I strongly support the "community revitalization team" approach contained in this bill for a coordinated effort by state agencies to assist the leaders of distressed communities in planning and implementing programs to achieve economic stabilization and recovery.

Section 13 of the bill stipulates that this legislation "shall be null and void" if funding is not specifically provided for it in the omnibus appropriations act for the fiscal year beginning July 1, 1985. While the omnibus appropriations act for the 1985-87 biennium has not yet been enacted, funding for Second Substitute House Bill No. 738 was specifically provided for in the Senate and House budget proposals. Accordingly, I have vetoed Section 13.

The remaining sections of Second Substitute House Bill No. 738 are approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to one section, Engrossed House Bill No. 758 entitled:

"AN ACT Related to public utilities."

This bill would provide that a utility customer is presumed liable for the costs and damages incurred by a utility if there is evidence of meter tampering or circumvention to avoid payment for utility services. Utilities would be able to recover triple damage in any civil action sought under this provision.

Section 1(3) creates a rebuttable presumption of a violation. Such statutory presumptions run counter to general law and should be reserved for use only where significant public harm is involved.

With the exception of Section 1(3), Engrossed House Bill No. 758 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section Engrossed Substitute House Bill No. 760, entitled:

"AN ACT Relating to youth employment."

Section 8 of the bill repeats the text of the existing statute on the expiration date of the Washington Conservation Corps with no changes. Since Section 8 contains no amendatory language it is an unnecessary part of the bill.

With the exception of Section 8 which I have vetoed, the remainder of Engrossed Substitute House Bill No. 760 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable,
House of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Substitute House Bill No. 781, entitled:

"AN ACT Relating to higher education."

The bill establishes the Washington Distinguished Professorship Trust Fund. This fund would provide state challenge grants of $250,000 each to match an equal
amount in private donations raised by the four-year institutions to create endowments for distinguished scholars.

Section 7 would make the entire act null and void if the Legislature does not provide specific funding for the distinguished professorship program by July 1, 1987. The bill requires the Legislature to appropriate a sum to the trust fund for the purpose of making the state challenge grants. Obviously, such grants cannot be made or promised until such funds are appropriated by the Legislature. Moreover, since state funds from the trust fund cannot be disbursed until the requisite private donations are deposited, Section 7 is unnecessary. Further, I believe the program is of sufficient merit to survive until state funds are made available, for these reasons, I have vetoed Section 7.

With the exception of Section 7, which is vetoed, Substitute House Bill No. 781 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable,
House of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section Substitute House Bill No. 843, entitled:

"AN ACT Relating to livestock;"

Section 25 of this bill amends a notice that was also amended in Section 8 of Senate Bill No. 3800. The latter is preferable because it is part of a statewide standardization of notice provisions.

With the exception of Section 25, which is vetoed, the remainder of Substitute House Bill No. 843 is approved.

Ladies and Gentlemen:

I am returning herewith, without my approval as to one section, House Bill No. 853, entitled:

"AN ACT Relating to the issuance of title certificates of ownership and the protection of security interests in vessels and watercraft."

Section 12 of the bill directs that Sections 1, 2, and 5 through 11 must be added to Chapter 82.02 RCW, general provisions relating to excise taxes. This directive is not correct. Those sections should be added to Chapter 88.02 RCW, the chapter relating to watercraft registration.

With the exception of Section 12, House Bill No. 853 is approved.

Booth Gardner, Governor

To the Honorable,
House of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to four sections, Engrossed Substitute House Bill No. 863, entitled:

"AN ACT Relating to transportation improvements necessitated by planned economic development."

I fully support the purpose of Engrossed Substitute House Bill No. 863. It allocates funds through existing Department of Transportation bond authority to allow CERB (Community Economic Revitalization Board) to fund improvements to the state highway system in connection with economic development projects. The bill also establishes a procedure for coordinated review and approval of these highway
system improvements between CERB and the State Transportation Commission. Also, in the closing hours of the legislative session, an amendment was added to Engrossed Substitute House Bill No. 863 which increased the membership of CERB.

Engrossed Substitute House Bill No. 461, an act relating to economic development, is a bill that was the subject of much deliberation and which also passed the legislature this session. Among its provisions, Engrossed Substitute House Bill No. 461 also amends the CERB statute, Chapter 43.160 RCW, by clarifying evaluation standards for CERB projects, and enlarging the CERB Board.

I agree with the purpose of both bills. However, they contain provisions that would result in four double amendments to the CERB statute.

Sections 2 and 3 of Engrossed Substitute House Bill No. 863 add additional members to CERB. Sections 1 and 2 of Engrossed Substitute House Bill No. 461 also add members to CERB. I have vetoed Sections 2 and 3 of Engrossed Substitute House Bill No. 863 because I believe the membership provisions of Engrossed Substitute House Bill 461 is a more definitive statement of legislative intent because the bill resulted from more extensive discussion and negotiation during the session.

Section 4 of Engrossed Substitute House Bill No. 863 adds a new section to Chapter 43.160 RCW. Section 4 of Engrossed Substitute House Bill No. 461 duplicates the same language. Therefore, I have vetoed Section 4 of Engrossed Substitute House Bill No. 863 in order to avoid the confusion of duplicate sections being added to Chapter 43.160 RCW.

Section 12 of Engrossed Substitute House Bill No. 863 adds an emergency clause to the act and makes Section 3 effective July 1, 1985. The emergency clause is not necessary and the referral to Section 3 would make it a double amendment. Therefore, I have vetoed Section 12 of Engrossed Substitute House Bill No. 863 in order to avoid confusion.

With the exception of Sections 2, 3, 4 and 12, Engrossed Substitute House Bill No. 863 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to one section, House Bill No. 999 entitled:

"AN ACT Relating to educational clinics . . .;"

House Bill No. 999 establishes a new system for the allocation of state funds in support of educational clinics, and directs a study by the Superintendent of Public Instruction concerning the funding and program criteria for educational clinics and public school drop-out prevention programs.

Section 5 was added as a Senate floor amendment. The intent of the section was to preclude the potential disruptiveness that might result from drop-out students returning to their former high schools. The amendment, though, would allow such students to return for attendance in vocational educational programs. The intent of this amendment has merit, although it unfortunately raises two significant legal questions: equal protection for all students; and denying the constitutional right to a basic education. The Supreme Court ruled that there is an absolute right of the state to provide a basic education, unless prevented by the student. The Section 5 provision might be held unconstitutional because it limits the state's responsibility to provide an equal opportunity for basic education for all students.

The equal protection issue arises because only drop-outs who have attended educational clinics and obtained a GED would be prohibited from returning to the common school system. There is no statutory prohibition against a drop-out returning to the common school system.

With the exception of Section 5, which I have vetoed, the remainder of House Bill No. 999 is approved.

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to one provision, Substitute House Bill No. 1191, entitled:

"AN ACT Relating to incorporation of cities and towns; and adding new sections to Chapter 35.21 RCW."

The creation of a mandatory credit in section 2 could obligate county government to continue to provide services beyond the sixty day phase in period provided in section 1 without any compensation. The county could be required for a longer term to provide services even though the revenue (tax base) to pay for those services would be transferred to the city.

Counties and cities have in the past been able to work out cooperative inter-local agreements under RCW 39.34 to insure the continuation of essential public services. Section 1 which remains, insures a free start up period for newly created cities. Additional terms for services should be subject to mutual agreement without mandatory credits.

With the exception of section 2, Substitute House Bill No. 1191 is approved.

To the Honorable,
House of Representatives
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to one section, Engrossed Substitute House Bill No. 1234, entitled:

"AN ACT Relating to agricultural marketing."

This bill designates the Department of Agriculture as the agency of state government for the administration and implementation of state domestic and foreign agricultural market development activities.

Section 4 of the bill would create an agricultural market development advisory committee. Members of the committee would be appointed by the Governor and advise the director of the Department of Agriculture on the development and administration of agricultural marketing programs to be conducted by the department.

I believe that the idea of having strong private sector involvement in state government agricultural marketing activities is good public policy. Business background and experience would strengthen program implementation and help to ensure successful operations. However, I also believe that it would be more efficient for the director of the Department of Agriculture to organize such advisory committees and appoint the members directly. The Director already has the authority to appoint advisory committees, when necessary, and can proceed as intended by this legislation.

With the exception of Section 4, Engrossed Substitute House Bill No. 1234 is approved.

Booth Gardner,
Governor
