NEW SECTION. Sec. 106. FOR THE DEPARTMENT OF COMMUNITY DEVELOPMENT
Tacoma Union Station building stabilization and planning

The appropriation in this section is subject to the following conditions and limitations:

1. $1,000,000 of this appropriation is provided solely to prevent further deterioration of the Tacoma Union Station building. This may include, but is not limited to, providing a fire detection system, removing safety hazards, and programming necessary to implement these works.

2. A maximum of $500,000 may be used for planning regarding future use of the Tacoma Union Station property to promote state economic development.

3. The money in this section is provided contingent upon a written legal agreement between the city of Tacoma and the state that (a) requires state approval of future uses and disposition of the Tacoma Union Station property and (b) gives the state the right of first refusal to assume the city of Tacoma’s option to purchase the Tacoma Union Station property currently owned by the Burlington Northern Company.

NEW SECTION. Sec. 107. FOR THE DEPARTMENT OF COMMUNITY DEVELOPMENT
Capitalize development loan fund (88-2-002)

The appropriation in this section is subject to the following conditions and limitations: Up to one million five hundred thousand dollars may be used for grants of state funds to local governments which qualify as ‘entitlement communities’ under the federal law authorizing community development block grants, which shall not require the commitment of additional federal funds by the entitlement community.

Additional grants may be provided to entitlement communities subject to the matching requirement in RCW 43.168.100.

To the extent permitted under federal law, the development loan committee shall require local entitlement communities to transfer repayments of principal and interest to the Washington state development loan fund.

NEW SECTION. Sec. 108. FOR THE DEPARTMENT OF COMMUNITY DEVELOPMENT
Emergency management building minor works (88-3-003)

NEW SECTION. Sec. 109. FOR THE DEPARTMENT OF COMMUNITY DEVELOPMENT
Silver Lake dam

The appropriation in this section is subject to the following conditions and limitations: The money appropriated in this section is provided solely to complete repairs on the Silver Lake dam in Cowlitz county and for technical assistance to assist local entities in this project.
NEW SECTION, Sec. 110. FOR THE DEPARTMENT OF COMMUNITY DEVELOPMENT
Tall ship mobile tourist attraction

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for the Grays Harbor historical seaport authority to construct a mobile tall ships tourist attraction if local or private sources provide $125,000 in money or in-kind support for the project.

1. If the department determines that less than $125,000 will be available from local or private sources, the state grant shall be reduced accordingly to maintain this $4 to $1 ratio, and the unspent funds shall lapse.

2. The $125,000 match shall be counted as amounts in excess of $500,000 obtained for the project from a local government bond issue in calendar year 1986.

3. The local in-kind match may include donated assets. Assets shall be valued at their fair market value at the time of donation.

NEW SECTION, Sec. 111. FOR THE DEPARTMENT OF COMMUNITY DEVELOPMENT
Gray's Harbor dredging

The appropriation in this section is provided solely for the state's share of costs for Gray's Harbor dredging, dike construction, bridge relocation, and related expenses.

1. This money is contingent on $40,000,000 from the United States army corps of engineers and $10,000,000 from local government funds being provided for the project.

2. The port of Gray's Harbor shall make the best possible effort to acquire additional project funding from sources other than those in subsection (1) of this section. Any money, up to $10,000,000 provided from sources other than those in subsection (1) of this section, shall be used to reimburse or replace state building construction fund money.

3. A maximum of $5,000,000 of this appropriation may be spent before July 1, 1989.

NEW SECTION, Sec. 112. FOR THE DEPARTMENT OF COMMUNITY DEVELOPMENT
Underwater naval warfare museum

The appropriation in this section is provided solely for reconstruction, upgrading, and preservation of the main floor of the Nordic Heritage Museum to accommodate a completed Dream of America exhibit on the Pacific Northwest. This appropriation is contingent on the provision of an equal amount of money from nonstate sources.

NEW SECTION, Sec. 113. FOR THE DEPARTMENT OF COMMUNITY DEVELOPMENT
Nordic Heritage Museum

The appropriation in this section is provided solely for reconstruction, upgrading, and preservation of the main floor of the Nordic Heritage Museum to accommodate a completed Dream of America exhibit on the Pacific Northwest. This appropriation is contingent on the provision of an equal amount of money from nonstate sources.
The appropriation in this section is subject to the following conditions and limitations:

1. No expenditures from this appropriation may be made before July 1, 1988.

2. No expenditures from this appropriation may be made until the department has completed the state-wide housing data study and the legislature has reviewed the results.

3. The appropriation shall be used solely for capital costs associated with the purposes of the housing trust fund under RCW 43.185.050. These moneys shall be used for loans or grants for capital projects state-wide that will provide housing for persons or families with special housing needs and with incomes at or below fifty percent of the median family income for the county or standard metropolitan statistical area where the project is located. At least thirty percent of the moneys used for loans or grants shall go to projects located in rural areas.

4. The department shall to the maximum extent feasible use the appropriation to leverage other funds for capital costs associated with the purposes of the housing trust fund under chapter 43.185 RCW.

## Planning and programming for east campus property, a Department of Natural Resources office building, office buildings, and relocation expenses

The appropriation in this section is subject to the following conditions and limitations:

1. In developing the east capitol campus plan the department shall work cooperatively with the ways and means committees of the senate and house of representatives. A final recommendation shall be issued by December 1, 1987. The final recommendation shall include a proposed plan for state building leases in Thurston county.

2. Prior to the expenditure of any funds appropriated under this section, the department shall provide the senate and house of representatives ways and means committees with a plan and schedule for the relocation of the department of natural resources to interim office space. The plan and schedule shall provide for the interim relocation of the department of natural resources to be accomplished by March 1, 1988.

3. The department shall study the facility needs of the criminal justice training center and report its findings to the ways and means committees of the senate and house of representatives by December 1, 1987.

4. The department shall develop recommendations for the disposition of the old Thurston county courthouse.

5. The department shall make recommendations for a permanent state museum.

NEW SECTION. Sec. 549. FOR CENTRAL WASHINGTON UNIVERSITY
Telecommunications system (88-2-003)

The appropriation in this section is provided solely for an on-campus communications system and shall not be spent until the university demonstrates to the office of financial management that the purchase of a telecommunication system is less expensive than leasing a comparable system. The cost comparison between leasing and purchasing shall be determined on the basis of a life-cycle cost analysis which includes, but is not limited to, maintenance, depreciation, overhead, installation, training, and operating costs.

The appropriation in this section is subject to the following conditions and limitations: A maximum of $1,500,000 of the appropriation may be expended for planning assistance to any ground water management areas created pursuant to chapter 453, Laws of 1985. Such assistance shall be allocated in a manner consistent with chapter 3, Laws of 1986.

NEW SECTION. Sec. 703. FOR THE DEPARTMENT OF ECOLOGY
Water quality projects (88-3-003)
The appropriation in this section is subject to the following conditions and limitations:

1. $1,000,000 of the water quality account appropriation is provided solely for hazardous waste planning assistance, consistent with chapter 3, Laws of 1986. If House Bill No. 434 is enacted by June 30, 1987, the amount provided in this subsection shall lapse.

2. In developing rules to administer chapter 3, Laws of 1986 and in awarding grants, extended grant payments, or loans from the water quality account, the department shall consider:

(a) For facilities that discharge directly into marine waters, the department shall:

(i) Give first priority to secondary wastewater treatment facilities that are mandated by both federal and state law;

(ii) Give second priority to projects which reduce combined sewer overflows; and

(iii) Encourage economies that are derived from any simultaneous projects which achieve both (i) and (ii) of this subsection.

(b) In determining the appropriate level of state assistance for eligible facilities and activities, the department shall consider:

(i) The need to provide additional assistance for eligible activities undertaken by local public bodies which lack taxing or revenue generating authority; and

(ii) The need to provide additional assistance for eligible facilities undertaken by local public bodies that would suffer severe financial hardship in the absence of such additional assistance.

(c) The department shall place such funds as may be necessary from the water quality account into a state revolving loan fund to be used to match capitalization funds provided by the federal environmental protection agency under Public Law 100-4. The department shall also gradually arrange for a transition in the assistance program toward the use of loans.

(d) The following limitations shall apply to the department's total distribution of funds appropriated under this section:

(i) Not more than fifty percent for water pollution control facilities which discharge directly into marine waters;

(ii) Not more than twenty percent for water pollution control activities that prevent or mitigate pollution of underground waters and facilities that protect federally designated sole source aquifers with at least two-thirds for the Spokane-Rathdrum Prairie aquifer;

(iii) Not more than ten percent for water pollution control activities that protect freshwater lakes and rivers including but not limited to Lake Chelan and the Yakima and Columbia rivers;

(iv) Not more than ten percent for activities which control nonpoint source water pollution;
(v) Ten percent and such sums as may be remaining from the categories specified in (i) through (iv) of this subsection for water pollution control activities or facilities as determined by the department.

(5) In determining compliance schedules for the greatest reasonable reduction of combined sewer overflows, the department shall consider the amount of grant or loan moneys available to assist local governments in the planning, design, acquisition, construction, and improvement of combined sewer overflow facilities.

The appropriation in this section is subject to the following conditions and limitations:

1. A maximum of $500,000 of this reappropriation may be expended to complete the Lake Osoyoos international water control structure authorized by chapter 76, Laws of 1982. This amount is in addition to the $3,000,000 previously appropriated for this purpose.

2. Funds previously appropriated for the East Selah reregulating reservoir shall be reallocated for purposes of early implementation of the Yakima river basin water enhancement project in order to financially assist irrigators in making up 80,000 acre feet of water per year lost because of a 1980 court decision.

NEW SECTION. Sec. 770. FOR THE DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT

Washington state agricultural trade complex at Yakima (88-3-004)

The appropriation in this section is subject to the following conditions and limitations:

1. Expenditures made under this appropriation shall equal seventy-five percent of the total project design and construction costs and shall not exceed $6.5 million. The twenty-five percent local match shall be cash to cover expenditures for actual design and construction costs. In-kind contributions shall not be considered in determining the twenty-five percent local match.

2. This appropriation is contingent on financial or in-kind contributions of at least $6,500,000 being provided from nonstate sources. If Engrossed Substitute Senate Bill No. 6064 is
not enacted by the legislature by June 30, 1987, the value of the required local match shall be reduced to $3,500,000.

NEW SECTION. Sec. 913. FOR THE ARTS COMMISSION——ART WORK ALLOWANCE

In accordance with RCW 28A.56.055, 28B.10.027, and 43.17.200, all state agencies or departments shall expend, as a non-deductible item, out of any moneys appropriated for the original construction of any state building, an amount of one-half of one percent of the appropriation for the acquisition of works of art which may be an integral part of the structure, attached to the structure, detached within or outside of the structure, or can be exhibited by the agency in other public facilities. If the amount is not required in toto or in part for any project, the unrequired amounts may be accumulated and expended for art in other projects of the agency. For the purpose of this section, ‘building’ does not include highway construction sheds, warehouses, or other buildings of a temporary nature.

NEW SECTION. Sec. 914. To carry out effectively the provisions of this act, the governor may assign responsibility for planning, engineering, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 915. Reappropriations shall be limited to the unexpended balances remaining June 30, 1987, in the current appropriation for each project.

NEW SECTION. Sec. 916. As part of the annual six year update to the State Facilities and Capital Plan, agencies shall provide lease development projects to the office of financial management.

NEW SECTION. Sec. 917. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with any moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the committees on ways and means of the senate and house of representatives.

NEW SECTION. Sec. 918. Notwithstanding any other provisions of law, for the 1987-89 biennium, state treasurer transfers of reimbursement to the general fund from the community college capital projects account for debt service payments made under the provisions of Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available in the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community college education need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 919. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the department of general administration for possible consolidation and compliance with state office standards prior to allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.
NEW SECTION. Sec. 920. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project which is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer shall be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects which are funded from the same fund or account.

A report of any transfer effected under this section shall be filed with the legislative auditor by the director of financial management within thirty days of the date the transfer is effected. The legislative auditor shall review and compile these filings and periodically report thereon to the legislative budget committee and the appropriate standing committees of the senate and house of representatives.

NEW SECTION. Sec. 921. To carry out effectively, efficiently, and economically the provisions of this act, each agency shall establish a start date and completion date on each project which has an estimated total cost which exceeds five hundred thousand dollars and for which a start or completion date is not specified in this act. This information shall be furnished to the office of financial management and the legislative auditor no later than the date the allotment request is filed with the office of financial management. If a project cannot start on or before the indicated start date or be completed by the indicated completion date, the director of the agency shall document and file with the office of financial management and the legislative budget committee the reason for the delay and indicate the new start and/or completion date(s). The legislative auditor shall review these filings and report thereon to the legislative budget committee and the appropriate standing committees of the senate and house of representatives.

As a result of these filings, agency directors may be required to appear before the legislative budget committee for further explanation of a project delay.

NEW SECTION. Sec. 922. (1) The legislature finds:
(a) Estimates of capital project costs are prepared in a manner to ensure sufficient funds are available for the completion of projects.
(b) Actual project costs are influenced by variations in cost factors, changing unit price levels, available inventories, inflation rates, gross construction volume at the time of project bid, and other factors that cannot be predicted at the time of estimating capital project costs.
(c) Due to funding limitations, necessary capital projects are deferred to ensuing biennia.
(d) The deferral of capital projects results in increased project costs due to the effects of inflation and increased deterioration of facilities.
(e) No statutory authority currently exists to allow project cost savings to be used to implement necessary capital projects that were deferred to ensuing biennia due to lack of funds.

(2) There is hereby authorized a capital projects cost control incentive program for the 1987-89 biennium.

(3) Appropriations not required by an agency to complete capital projects authorized in this act, may be expended to implement, in priority sequence, those capital renewal projects of the agency listed in the Governor's Six-Year Capital and Facility Plan for the 1989-91 Biennium, as that list exists in the Governor's final 1988 update of the six-year plan. Expenditures under this section are subject to the following conditions:
(a) No expenditure may be made without the prior allotment approval of the office of financial management.
(b) The office of financial management shall notify the senate and house ways and means committees prior to authorizing any project for implementation under this section.
(c) No project may be authorized under this section by the office of financial management unless sufficient funds are available to complete a project's design phase, construction phase, or both.
(d) Appropriations in this act for a capital project shall not be expended under this section unless:
(i) All contracts associated with the performance of the project have been completed and accepted by the state of Washington;
(ii) The statutory thirty-day lien period for each project has expired;
(iii) All claims of lien against project contracts have been satisfied;
(iv) There are no outstanding claims against the state of Washington by any contracted party to the project construction contract; and
(v) Any and all negotiated settlements or settlements arising from the findings of an arbitration board or court of jurisdiction have been satisfied.

NEW SECTION. Sec. 923. To assure that major construction projects are carried out in accordance with legislative and executive intent, capital projects for renovation or additional space contained in this act that exceed two million five hundred thousand dollars and have not completed a program document prior to September 1, 1986, shall not expend funds for planning and construction until the office of financial management has reviewed the agency's
programmatic document and approved the continuation of the project. The program document shall include but not be limited to projected workload, site conditions, user requirements, current space available, and an overall budget and cost estimate breakdown.

NEW SECTION. Sec. 924. The appropriations contained in this act are maximum expenditure authorizations. Pursuant to RCW 43.88.037, moneys disbursed from the treasury on the basis of a formalized loan agreement with another governmental entity shall be treated as a loan and are to be recorded as loans receivable and not as expenditures for accounting purposes. To the extent that moneys are disbursed on a loan basis, the corresponding appropriation shall be reduced by the amount of loan moneys disbursed from the treasury during the 1987-89 biennium.

NEW SECTION. Sec. 925. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 926. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.*

Mr. Grimm moved adoption of the following amendment to the amendment:

On page 10, after line 18 of the amendment, insert the following:

Mr. Grimm spoke in favor of the amendment to the amendment.

POINT OF INQUIRY

Mr. Grimm yielded to question by Mr. Schoon.

Mr. Schoon: Representative Grimm, the amendment indicates that there will be received an additional six million dollars being made available from nonstate funds. Is that the correct ratio?

Mr. Grimm: That is correct. It would require six million dollars of nonstate funds in order to have the state appropriate and the locals receive the 2.5.

The amendment by Representative Grimm to the amendment was adopted.

On motion of Mr. Ballard, the following amendment by Representatives Ballard and Grimm to the amendment was adopted:

On page 91, beginning on line 30, strike all of subsection (2).

The amendment as amended was adopted.

The bill was ordered reengrossed. On motion of Mr. McMullen, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Mr. Bristow spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Bristow yielded to question by Mr. Fisch.

Mr. Fisch: I notice that in Section 890, the Department of Natural Resources is authorized to spend up to $800,000 to purchase 51 miles of abandoned Milwaukee Railroad right-of-way in Clallam and Jefferson Counties. The language of the section is unclear as to a portion of the right-of-way that currently runs through a port marine terminal. Is it your interpretation that recreational uses would have first call and that we will see a recreational trail cutting through a port's marine terminal?

Mr. Bristow: No, I don't read it as authorizing a recreational trail through the terminal. The intent is to assure the use of the existing undeveloped right-of-way
for recreational and industrial development uses. It is not intended to convert an existing marine terminal or parts of it into a recreation area.

Representatives B. Williams and Padden spoke against passage of the bill.

Mr. Lux asked Mr. Bristow to yield to a question, and Mr. Bristow refused.

Ms. L. Smith spoke against passage of the bill, and Ms. Allen spoke in favor of it.

**ROLL CALL**

The Clerk called the roll on the final passage of Reengrossed Substitute House Bill No. 327, and the bill passed the House by the following vote: Yeas, 65; nays, 28; excused, 5.

Excused: Representatives Bumgarner, Doty, Hanks, Miller, Sanders - 5.

Reengrossed Substitute House Bill No. 327, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

**MESSAGE FROM THE SENATE**

May 18, 1987

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on ENGROSSED SUBSTITUTE HOUSE BILL NO. 1221, and has granted said committee the powers of Free Conference.

Bill Gleason, Assistant Secretary.

**REPORT OF CONFERENCE COMMITTEE**

May 17, 1987

Mr. Speaker:

We, of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1221, revising the 1987-89 omnibus appropriations act, have had the same under consideration and we report that we are unable to agree and we respectfully request the powers of Free Conference in order to amend the bill.

Signed by Senators McDermott, McDonald, Hansen; Representatives Grimm, McMullen, Ballard.

**MOTION**

On motion of Mr. Grimm, the report of the Conference Committee was adopted and the Committee was granted powers of Free Conference.

**THIRD READING**

ENGROSSED SUBSTITUTE HOUSE BILL NO. 621, by Committee on Ways & Means (originally sponsored by Representatives Bristow, Silver, Locke, Holland, Grimm, L. Smith, Basich and P. King; by request of Governor Gardner)

Authorizing state general obligation bonds for capital projects.

The bill was read the third time. On motion of Mr. McMullen, the rules were suspended, and the bill was returned to second reading for the purposes of amendment.

Mr. Bristow moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:
NEW SECTION. Sec. 1. The state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of four hundred twelve million three hundred thousand dollars, or so much thereof as may be required, to finance the projects described and authorized by the legislature in the capital and operating appropriations acts for the 1987-1989 fiscal biennium and subsequent fiscal biennia, and all costs incidental thereto.

Bonds authorized in this section shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. The state finance committee may obtain insurance or letters of credit and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of bonds authorized in this section. Promissory notes or other obligations issued pursuant to this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the same relate.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued.

NEW SECTION. Sec. 2. Bonds issued under section 1 of this act are subject to the following conditions and limitations:

1) General obligation bonds of the state of Washington in the sum of four hundred four million four hundred thousand dollars, or so much thereof as may be required, shall be issued for the purposes described and authorized by the legislature in the capital and operating appropriations acts for the 1987-1989 fiscal biennium and subsequent fiscal biennia, and to provide for the administrative cost of such projects, including costs of bond issuance and retirement, salaries and related costs of officials and employees of the state, costs of insurance or credit enhancement agreements, and other expenses incidental to the administration of capital projects. Subject to such changes as may be required in the appropriations acts, the proceeds from the sale of the bonds issued for the purposes of this subsection shall be deposited as follows:

(a) Thirty million dollars in the common school construction fund created in RCW 28A.40.101;
(b) Three hundred sixty-two million seven hundred thousand dollars in the state building construction account created in RCW 43.83.020.

These proceeds shall be used exclusively for the purposes specified in this subsection and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of this subsection, and shall be administered by the Office of Financial Management, subject to legislative appropriation.

2) General obligation bonds of the state of Washington in the sum of three million two hundred thousand dollars, or so much thereof as may be required, shall be issued for the purpose of providing funds for Washington State University to perform capital projects which consist of the planning, designing, constructing, remodeling, repairing, furnishing, and equipping of state buildings, structures, utilities, roads, grounds, and lands, and to provide for the administrative cost of such projects, including costs of bond issuance and retirement, salaries and related costs of officials and employees of the state, costs of insurance or credit enhancement agreements, and other expenses incidental to the administration of capital projects. The proceeds from the sale of the bonds issued for the purposes of this subsection shall be deposited in the higher education construction account, shall be used exclusively for the purposes specified in this subsection and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of this subsection, and shall be administered by Washington State University, subject to legislative appropriation.

NEW SECTION. Sec. 3. Both principal of and interest on the bonds issued for the purposes specified in section 2(1) of this act shall be payable from the state general obligation bond retirement fund. The state finance committee may provide that a special account be created in such fund to facilitate payment of such principal and interest.

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on such bonds in accordance with the provisions of the bond proceedings. The state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the state general obligation bond retirement fund, or a special account in such fund, such amounts and at such times as are required by the bond proceedings.

NEW SECTION. Sec. 4. Both principal of and interest on the bonds issued for the purposes of section 2(2) of this act shall be payable from the higher education bond retirement fund of 1979. The state finance committee may provide that a special account be created in such fund to facilitate payment of such principal and interest.

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on such bonds in accordance with the
provisions of the bond proceedings. The state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the higher education bond retirement fund of 1979, or a special account in such fund, such amounts and at such times as are required by the bond proceedings.

NEW SECTION. Sec. 5. Bonds issued under section 1 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 6. On or before June 30th of each year and in accordance with the provisions of the bond proceedings the state finance committee shall determine the relative shares of the principal and interest payments determined pursuant to section 4 of this act, exclusive of deposit interest credit, attributable to each of the institutions of higher education in proportion to the principal amount of bonds issued for the purposes of section 2(2) of this act for projects for each institution. On each date on which any interest or principal and interest payment is due, the board of regents or the board of trustees of each institution of higher education shall cause the amount so computed to be paid out of the appropriate building account or capital projects account to the state treasurer for deposit into the general fund of the state treasury.

NEW SECTION. Sec. 7. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 1 of this act, and sections 3 and 4 of this act shall not be deemed to provide an exclusive method for the payment.

NEW SECTION. Sec. 8. The bonds authorized in section 1 of this act shall be a legal investment for all state funds or funds under state control and for all funds of any other public body.

Sec. 9. Section 43.83.020, chapter 8, Laws of 1965 as amended by section 43, chapter 57, Laws of 1985 and RCW 43.83.020 are each amended to read as follows:

The proceeds from the sale of the bonds authorized herein shall be deposited in the state building construction account which is hereby established in the state treasury and shall be used exclusively for the purposes of carrying out the provisions of the capital appropriation (act of 1959) acts, and for payment of the expense incurred in the printing, issuance, and sale of such bonds. All earnings of investments of balances in the state building construction account shall be credited to the general fund.

Sec. 10. Section 1, chapter 224, Laws of 1979 ex. sess. and RCW 43.831.160 are each amended to read as follows:

For the purpose of providing needed capital improvements consisting of the acquisition, construction, remodeling, furnishing, and equipping of state buildings and facilities for the department of fisheries, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of ((5)) five million forty-five thousand dollars, or so much thereof as may be required, to finance these projects, and all costs incidental thereto. No bonds authorized by RCW 43.831.160 through 43.831.170 and 43.831.912 shall be offered for sale without prior legislative appropriation, and these bonds shall be paid and discharged within thirty years of the date of issuance in accordance with Article VIII, section 1 of the state Constitution.

Sec. 11. Section 1, chapter 229, Laws of 1979 ex. sess. and RCW 43.99B.010 are each amended to read as follows:

For the purpose of providing funds for the acquisition and development of outdoor recre- ational areas and facilities in this state, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of ((10)) ten million nine hundred forty-five thousand dollars, or so much thereof as may be required, to finance these projects and all costs incidental thereto. No bonds authorized by RCW 43.99B.010 through 43.99B.026 shall be offered for sale without prior legislative appropriation, and these bonds shall be paid and discharged within thirty years of the date of issuance.

Sec. 12. Section 3, chapter 34, Laws of 1982 as last amended by section 1, chapter 233, Laws of 1985 and RCW 67.40.030 are each amended to read as follows:

For the purpose of providing funds for the state convention and trade center, the state finance committee is authorized to issue, upon request of the corporation formed under RCW 67.40.020 and in one or more offerings, general obligation bonds of the state of Washington in the sum of ((50)) fifty million, seven hundred sixty-five thousand dollars, or so much thereof as may be required, to finance this project and all costs incidental thereto, to capitalize all or a portion of interest during construction, to provide for expansion, renovation, and contingency costs of the center, and to reimburse the general fund for expenditures in support of the project. The state finance committee may make such bond covenants as it deems necessary to carry out the purposes of this section and this chapter. No bonds authorized in this section may be offered for sale without prior legislative appropriation.
NEW SECTION. Sec. 13. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 14. Sections 1 through 8 of this act shall constitute a new chapter in Title 43 RCW.

Mr. Bristow spoke in favor of the amendment, and it was adopted.

On motion of Mr. Bristow, the following amendment to the title was adopted:
On page 1, line 1 of the title, after “bonds:” strike the remainder of the title and insert “amending RCW 43.83.020, 43.831.160, 43.99B.010, and 67.40.030; and adding a new chapter to Title 43 RCW.”

The bill was ordered reengrossed. On motion of Mr. McMullen, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

POINT OF PARLIAMENTARY INQUIRY

Mr. Padden: Could you tell me, Mr. Speaker, how many votes are necessary to pass this measure?

The Speaker: Fifty-nine.

Representatives Barnes, Lux and B. Williams spoke against passage of the bill, and Mr. Grimm spoke in favor of it.

ROLL CALL

The Clerk called the roll on the final passage of Reengrossed Substitute House Bill No. 621, and the bill passed the House by the following vote: Yeas, 64; nays, 29; excused, 5.

Excused: Representatives Bumgarner, Doty, Hankins, Miller, Sanders - 5.

Reengrossed Substitute House Bill No. 621, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

The Speaker declared the House to be at ease until 1:15 p.m.

AFTERNOON SESSION

The Speaker (Mr. Appelwick presiding) called the House to order.

Representative Sanders appeared at the bar of the House.

THIRD READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 455, by Committee on Ways & Means (originally sponsored by Representatives Ebersole, Holm, Peery, Cole, Appelwick, Pruitt, Hine, Locke and Unsoeld; by request of Governor Gardner)

Enhancing the financing and management of the states' schools.

The bill was read the third time. On motion of Mr. McMullen, the rules were suspended and the bill was returned to second reading for purposes of amendment.

Mr. Ebersole moved adoption of the following amendment by Representatives Ebersole and Grimm:

Strike everything after the enacting clause and insert the following:
NEW SECTION. Sec. 1. The legislature intends to establish the limitation on school district maintenance and operations levies at twenty percent, with ten percent to be equalized on a state-wide basis. The legislature further intends to establish a modern school financing system for compensation of school staff and provide a class size reduction in grades kindergarten through three. The legislature intends to give the highest funding priority to strengthening support for existing school programs.

The legislature finds that providing for the adoption of a state-wide salary allocation schedule for certificated instructional staff will encourage recruitment and retention of able individuals to the teaching profession, and limit the administrative burden associated with implementing state teacher salary policies.

PART I
FINANCING OUR SCHOOLS

Sec. 101. Section 1, chapter 374, Laws of 1985 as amended by section 40, chapter 185, Laws of 1987 and RCW 84.52.0531 are each amended to read as follows:

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) (For excess levies in 1985 for collection in 1986 and thereafter; the sum of:
(a) That amount equal to ten percent of each school district's prior year basic education allocation; plus
(b) That amount equal to ten percent of each school district's prior year state allocation; exclusive of federal funds; for the following programs:
(i) Pupil transportation;
(ii) Handicapped education costs;
(iii) Gifted; and
(iv) Compensatory education; including but not limited to remediation assistance; bilingual education; and urban, rural, racial disadvantaged programs; plus
(c) In the case of nonhigh school districts only; an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.44 RCW, as now or hereafter amended, for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (4) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.44 RCW in such computation;

(2) Excess levies authorized under this section or under RCW 84.52.052 shall not be used directly or indirectly to increase the average salary or fringe benefits for certificated or classified personnel in any school district. PROVIDED, That any school district may expend excess levy funds to provide increases in salary and fringe benefits for certificated or classified personnel whose salary and fringe benefits are provided wholly from local school district excess levies in a percentage not to exceed the respective average percentage increases in the salary and fringe benefit levels for certificated and classified employees of the district funded with state appropriated funds. PROVIDED FURTHER, That those contracts which have been negotiated prior to July 1, 1977 by those school districts for such school year shall not be abrogated by this section. "Fringe benefits" for purposes of this subsection shall include:
(a) Employer retirement contributions, if applicable;
(b) Health and insurance payments including life, accident, disability, unemployment compensation, and workers' compensation; and
(c) Employer social security contributions;

(3) Any school district whose average base compensation for certificated or classified personnel respectively is below state-wide average base compensation level for certificated or classified personnel during the preceding school year, may collect and expend property taxes authorized by this section, or under RCW 84.52.052, for the purpose of increasing such district's average compensation for certificated or classified personnel as allowed in the latest applicable state operating budget. Compensation, for purposes of this subsection, shall mean salary plus fringe benefits for certificated and classified personnel of a school district as allowed in the latest applicable state operating budget;

(4)) For the purpose of this section, the basic education allocation shall be determined pursuant to RCW 28A.41.130, 28A.41.140, and 28A.41.145, as now or hereafter amended: PROVIDED, That when determining the basic education allocation under subsection ((4)) (4) of this section, (effective September 1, 1999;) nonresident full time equivalent pupils who are participating in a program provided for in chapter 28A.44 RCW or in any other program pursuant to an interdistrict agreement shall be included in the enrollment of the resident district and excluded from the enrollment of the serving district.

((Certificated personnel shall include those persons employed by a school district in a teaching, instructional, administrative or supervisory capacity and who hold positions as certificated personnel as defined under RCW 28A.01.130, as now or hereafter amended, and every school district superintendent and any person hired in any manner to fill a position designated...))
as, or which is in fact, that of deputy superintendent or assistant superintendent. Classified personnel shall include those persons employed by a school district other than certificated personnel as defined in this section in a capacity for which certification is not required:

(5) Any district is authorized to exceed the levy limitations imposed by subsection (1) for taxes to be collected during calendar years 1985 through 1990 as follows:

(a) (2) For [(excess levies to be collected in calendar years 1986-1987, and 1988)] the purposes of subsection (5) of this section, a base year levy percentage shall be established. The base year levy percentage shall be equal to the greater of: (((6))) (a) The district's actual levy percentage for calendar year 1985, (((6))) (b) the average levy percentage for all school district levies in the state in calendar year 1988. or (((6))) (c) the average levy percentage for all school district levies in the educational service district of the district in calendar year 1985.

(b) The base year levy percentage established in (a) of this subsection shall be reduced in even increments beginning in calendar year 1989. The incremental reduction shall equal one-fifth of the percentage points the base year levy percentage exceeds the amount authorized in subsection (1) of this section:

(c) For excess levies to be collected in calendar year 1993, the maximum dollar amount which may be levied by or for any school district shall not exceed the amount authorized in subsection (1) of this section. The provisions of this subsection shall not apply to excess levies to be collected after calendar year 1993:

(6))) (3) For excess levies for collection in calendar year 1988 and thereafter, the maximum dollar amount shall be the total of:

(a) The district's levy base as defined in subsection (4) of this section multiplied by the district's maximum levy percentage as defined in subsections (5) and (6) of this section; plus

(b) In the case of nonhigh districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.44 RCW for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (1) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.44 RCW in such computation; less

(c) The maximum amount of state matching funds under section 102 of this 1987 act for which the district is eligible in that tax collection year:

(d) For excess levies for collection in calendar year 1988 and thereafter, a district's levy base shall be the sum of the following allocations receivable by the district for the prior school year; the amount of an allocation for compensation increases, multiplied by the percent increase per full-time equivalent student in the state basic education appropriation between the prior school year and the current school year;

(e) The district's basic education allocation as determined pursuant to RCW 28A.41.130, 28A.41.140 and 28A.41.145;

(f) State and federal categorical allocations for the following programs:

(i) Pupil transportation;

(ii) Handicapped education;

(iii) Education of highly capable students;

(iv) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;

(v) Food services; and

(vi) State-wide block grant programs; and

(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

(5) For levies to be collected in calendar year 1988, a district's maximum levy percentage shall be determined as follows:

(a) Multiply the district's base year levy percentage as defined in subsection (2) of this section by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (7) of this section which are to be allocated to the district for the 1987-88 school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage; and

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in calendar year 1988.

(6) For excess levies for collection in calendar year 1989 and thereafter, a district's maximum levy percentage shall be determined as follows:

(a) Multiply the district's maximum levy percentage for the prior year or thirty percent, whichever is less, by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (7) of this section which are to be allocated to the district for the current school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage; and
The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in that calendar year.

(7) Levy reduction funds shall mean increases in state funds allocated to a district for programs included under subsection (4) of this section that are not attributable to enrollment or workload changes, compensation increases, or inflationary adjustments recognized in state allocation formulas. Any other increases in state allocations from the district's allocations for the prior school year that are not specifically excluded in this subsection shall be considered levy reduction funds. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data.

(8) For the purposes of this section, 'prior school year' shall mean the most recent school year completed prior to the year in which the levies are to be collected.

(9) For the purposes of this section, 'current school year' shall mean the year immediately following the prior school year.

(10) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

NEW SECTION. Sec. 102. A new section is added to chapter 28A.41 RCW to read as follows:

(a) 'Prior collection year' shall mean the year immediately preceding the year in which the local effort assistance shall be allocated.

(b) The 'state-wide average ten percent levy rate' shall mean ten percent of the total levy bases as defined in RCW 84.52.0531(4) summed for all school districts, and divided by the total assessed valuation for excess levy purposes in the prior tax collection year for all districts as adjusted to one hundred percent by the county indicated ratio established in RCW 84.48.075.

(c) The 'ten percent levy rate' of a district shall mean:

(i) Ten percent of the district's levy base as defined in RCW 84.52.0531(4), plus one-half of any amount computed under RCW 84.52.0531(3)(b) in the case of nonhigh school districts; divided by

(ii) The district's assessed valuation for excess levy purposes for the prior tax collection year as adjusted to one hundred percent by the county indicated ratio.

(d) 'Eligible districts' shall mean those districts with a ten percent levy rate which exceeds the state-wide average ten percent levy rate.

(3) Allocation of state matching funds to eligible districts for local effort assistance shall be determined as follows:

(a) Funds raised by the district through maintenance and operation levies during that tax collection year shall be matched with state funds using the following ratio of state funds to levy funds: (i) The difference between the district's ten percent levy rate and the state-wide average ten percent levy rate; to (ii) the state-wide average ten percent levy rate.

(b) The maximum amount of state matching funds for which a district may be eligible in any tax collection year shall be ten percent of the district's levy base as defined in RCW 84.52.0531(4), multiplied by the following percentage: (i) The difference between the district's ten percent levy rate and the state-wide average ten percent levy rate; divided by (ii) the district's ten percent levy rate.

(4) Fifty-five percent of local effort assistance funds shall be distributed to qualifying districts during the applicable tax collection year on or before June 30 and forty-five percent shall be distributed on or before December 31 of any year.

Sec. 103. Section 3, chapter 325, Laws of 1977 ex. sess. as amended by section 1, chapter 133, Laws of 1986 and RCW 84.52.053 are each amended to read as follows:

The limitations imposed by RCW 84.52.050 through 84.52.056, and RCW 84.52.043 shall not prevent the levy of additional taxes by school districts, when authorized so to do by the electors of such school district in the manner set forth in and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state, as amended by Amendment (59) 79 and as thereafter amended, at a special or general election to be held in the year in which the levy is made or, in the case of a proposition authorizing two-year levies for maintenance and operation support of a school district, in the manner set forth in and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state, as amended by Amendment (59) 79 and as thereafter amended, at a special or general election to be held in the year in which the first annual levy is made: PROVIDED, That once additional tax levies have been authorized for maintenance and operation support of a school district for a two year period, no further additional tax levies for maintenance and operation support of the district for that period may be authorized.
A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote ‘yes’ and those opposed thereto to vote ‘no’.

PART II

ENHANCING SCHOOL MANAGEMENT

Sec. 201, Section 2, chapter 46, Laws of 1973 as last amended by section 1, chapter 144. Laws of 1986 and RCW 28A.41.130 are each amended to read as follows:

From those funds made available by the legislature for the current use of the common schools, the superintendent of public instruction shall distribute annually as provided in RCW 28A.40.010 to each school district of the state operating a program approved by the state board of education an amount which, when combined with an appropriate portion of such locally available revenues, other than receipts from federal forest revenues distributed to school districts pursuant to RCW 28A.02.300 and 28A.02.310, as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support, excluding excess property tax levies, will constitute a basic education allocation in dollars for each annual average full time equivalent student enrolled, based upon one full school year of one hundred eighty days, except that for kindergartens one full school year shall be one hundred eighty half days of instruction, or the equivalent as provided in RCW 28A.58.754, as now or hereafter amended.

Basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW 28A.41.130 and 28A.41.140 to fund those program requirements identified in RCW 28A.58.754 in accordance with the formula and ratios provided in RCW 28A.41.140 and those amounts of dollars appropriated by the legislature to fund the salary requirements of sections 203 and 204 of this 1987 act.

Operation of a program approved by the state board of education, for the purposes of this section, shall include a finding that the ratio of students per classroom teacher in grades kindergarten through three is not greater than the ratio of students per classroom teacher in grades four and above for such district: PROVIDED, That for the purposes of this section, ‘classroom teacher’ shall be defined as an instructional employee possessing at least a provisional certificate, but not necessarily employed as a certificated employee, whose primary duty is the daily educational instruction of students: Provided further, that the state board of education shall adopt rules and regulations to insure compliance with the student/teacher ratio provisions of this section, and such rules and regulations shall allow for exemptions for those special programs and/or school districts which may be deemed unable to practically meet the student/teacher ratio requirements of this section by virtue of a small number of students.

If a school district’s basic education program fails to meet the basic education requirements enumerated in RCW 28A.41.130, 28A.41.140 and 28A.58.754, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured: PROVIDED, That the state board of education may waive this requirement in the event of substantial lack of classroom space.

Sec. 202, Section 14, chapter 244, Laws of 1969 ex. sess. as last amended by section 5, chapter 349. Laws of 1985 and RCW 28A.41.140 are each amended to read as follows:

The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

- [(H)](1) Certificated instructional staff and their related costs;
- [(S)](2) Certificated administrative staff and their related costs;
- [(C)](3) Classified staff and their related costs;
- [(N)](4) Nonsalary costs;
- [(E)](5) Extraordinary costs of remote and necessary schools and small high schools, including costs of additional certificated and classified staff; and
- [(A)](6) The attendance of students pursuant to RCW 28A.58.075 and 28A.58.245, each as now or hereafter amended, who do not reside within the servicing school district.

(2) (a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. (Commencing with the 1980–81 school year, the formula adopted by the legislature shall reflect a ratio of not less than fifty certificated personnel to one thousand annual average full time equivalent students and one classified person to three certificated personnel.)
(b) The formula adopted by the legislature for the 1987-88 school year shall reflect the following ratios at a minimum: (i) Forty-eight certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

(c) Commencing with the 1988-89 school year, the formula adopted by the legislature shall reflect the following ratios at a minimum: (i) Forty-nine certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve; (iii) four certificated administrative staff to one thousand annual average full time equivalent students in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

(d) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect: PROVIDED, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.58.754 and section 203 of this 1987 act. The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.41.145, as now or hereafter amended, enrolled on the first school day of each month and shall exclude full time equivalent handicapped students recognized for the purposes of allocation of state funds for programs under chapter 28A.13 RCW. The definition of full time equivalent student shall be determined by rules and regulations of the superintendent of public instruction: PROVIDED, That the definition shall be included as part of the superintendent's biennial budget request: PROVIDED, FURTHER, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: PROVIDED, FURTHER, That the office of financial management shall make a monthly review of the superintendent's reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

(3) (a) Certificated instructional staff shall include those persons employed by a school district ((in a teaching, instructional, educational staff associate, learning resources specialist, administrative or supervisory capacity and who hold positions as certificated employees as defined under RCW 28A.01.130, as now or hereafter amended; and every school district superintendent, and any person hired in any manner to fill a position designated as, or which is in fact, that of deputy superintendent or assistant superintendent)) who are nonsupervisory employees within the meaning of RCW 41.59.020(8): PROVIDED, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: PROVIDED, FURTHER, That the hiring of such noncertificated people shall not occur during a labor dispute and such noncertificated people shall not be hired to replace certificated employees during a labor dispute.

(b) Certificated administrative staff shall include all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4).

(d) Each annual average full time equivalent certificated classroom teacher's direct classroom contact hours shall average at least twenty-five hours per week. Direct classroom contact hours shall be exclusive of time required to be spent for preparation, conferences, or any other nonclassroom instruction duties. Up to two hundred minutes per week may be deducted from the twenty-five contact hour requirement, at the discretion of the school district board of directors, to accommodate authorized teacher/parent--guardian conferences, recess, passing time between classes, and informal instructional activity. Implementing rules to be adopted by the state board of education pursuant to RCW 28A.58.754(6) shall provide that compliance with the direct contact hour requirement shall be based upon teachers' normally assigned weekly instructional schedules, as assigned by the district administration. Additional record-keeping by classroom teachers as a means of accounting for contact hours shall not be required. However, upon request from the board of directors of any school district, the provisions relating to direct classroom contact hours for individual teachers in that district may be waived by the state board of education if the waiver is necessary to implement a locally approved plan for educational excellence and the waiver is limited to those individual teachers approved in the local plan for educational excellence. The state board of education shall develop criteria to evaluate the need for the waiver. Granting of the waiver shall depend upon verification that: (a) The students' classroom instructional time will not be reduced; and (b) the teacher's expertise is critical to the success of the local plan for excellence.

NEW SECTION. Sec. 203. A new section is added to chapter 28A.41 RCW to read as follows:
(1) For the purposes of this section and sections 204 and 205 of this act, "basic education certificated instructional staff" shall mean all full-time equivalent certificated instructional staff in the following programs as defined for state-wide school district accounting purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.

(2) In the 1987-88 school year, each school district shall maintain a ratio of at least forty-five basic education certificated instructional staff to one thousand annual average full-time equivalent students. In the 1988-89 school year and thereafter, each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full-time equivalent students.

NEW SECTION. Sec. 204. A new section is added to chapter 28A.41 RCW to read as follows:

(1) The legislature shall establish for each school year in the appropriations act a state-wide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.41.140.

(2) The superintendent of public instruction shall calculate salary allocations for state funded basic education certificated instructional staff by determining the district average salary for basic education instructional staff using the salary allocation schedule established pursuant to this section. However, no district shall receive an allocation based upon an average basic education certificated instructional staff salary which is less than the average of the district's 1986-87 actual basic education certificated instructional staff salaries, as reported to the superintendent of public instruction prior to June 1, 1987, and the legislature may grant minimum salary increases on that base.

NEW SECTION. Sec. 205. A new section is added to chapter 28A.58 RCW to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a baccalaureate degree and zero years of service; and

(b) Salaries for certificated instructional staff with a masters degree shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a masters degree and zero years of service;

(3)(a) The actual average salary paid to basic education certificated instructional staff shall not exceed the district's average basic education certificated instructional staff salary used for the state-wide salary allocation schedule for basic education certificated Instructional staff salaries under RCW 28A.41.140.

(b) Fringe benefit contributions for basic education certificated instructional staff shall be included as salary under (a) of this subsection to the extent that the district's actual average benefit contribution exceeds the greater of: (i) The formula amount for insurance benefits provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable; or (ii) the actual average amount provided by the school district in the 1986-87 school year. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.58.096, or employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, additional responsibilities, or incentives. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.58.074, shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.58.450 through 28A.58.515. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 3 of the state Constitution.

Sec. 206. Section 3, chapter 16, Laws of 1981 and RCW 41.59.935 are each amended to read as follows:

Nothing in this chapter shall be construed to grant employers or employees the right to reach agreements regarding salary or compensation increases in excess of those authorized in accordance with ((RCW 28A.58.095)) sections 204 and 205 of this 1987 act.

Sec. 207. Section 2, chapter 143, Laws of 1986 and RCW 28A.02.325 are each amended to read as follows:

The board of directors of the school district shall make the final determination as to whether an employee suggestion award will be made and shall determine the nature and extent of the award. The award shall not be a regular or supplemental compensation program for all employees and the suggestion must, in fact, result in actual savings greater than the award amount. Any moneys which may be awarded to an employee as part of an employee
suggestion program shall not be considered salary or compensation for the purposes of ((RCW 28A.58.095)) section 205 of this 1987 act or chapter 41.40 RCW.

Sec. 208. Section 5, chapter 278, Laws of 1984 as amended by section 1, chapter 197, Laws of 1987 and RCW 28A.03.425 are each amended to read as follows:

The office of the superintendent of public instruction, in consultation with the state board of education, shall prepare model curriculum programs and/or curriculum guidelines in three subject areas each year. These model curriculum programs or curriculum guidelines shall span all grade levels and shall include statements of expected learning outcomes, content, integration with other subject areas including guidelines for the application of vocational and applied courses to fulfill in whole or in part the courses required for graduation under RCW 28A.05.060, recommended instructional strategies, and suggested resources.

Certificated employees with expertise in the subject area under consideration shall be chosen by the superintendent of public instruction from each educational service district, from a list of persons suggested by their peers, to work with the staff of the superintendent of public instruction to prepare each model curriculum program or curriculum guidelines. Each participant shall be paid his or her regular salary by his or her district, and travel and per diem expenses by the superintendent of public instruction. The superintendent of public instruction shall make selections of additional experts in the subject area under consideration as are needed to provide technical assistance and to review and comment upon the model curriculum programs and/or curriculum guidelines before publication and shall be paid travel and per diem expenses by the superintendent of public instruction as necessary. The model curriculum programs and curriculum guidelines shall be made available to all districts. Participants developing model curriculum programs and/or curriculum guidelines may be used by school districts to provide training or technical assistance or both. After completion of the original development of model curriculum programs or curriculum guidelines, the office of the superintendent of public instruction shall schedule, at least every five years, a regular review and updating of programs and guidelines in each subject matter area. ((Any travel and per diem expenses provided to employees involved in the development of model programs or guidelines shall not be considered salary or compensation for purposes of the limitations established in RCW 28A.58.095.))

Sec. 209. Section 2, chapter 147, Laws of 1986 and RCW 28A.03.523 are each amended to read as follows:

(1) The superintendent of public instruction shall establish an annual award program for excellence in education to recognize teachers, principals, school district superintendents, and school boards for their leadership, contributions, and commitment to education. The program shall recognize annually:

(a) Three teachers from each congressional district of the state. One individual must be an elementary level teacher, one must be a junior high or middle school level teacher, and one must be a secondary level teacher;

(b) Three principals from each congressional district of the state. One individual must be an elementary building principal, one must be a junior high or middle school building principal, and one must be a secondary building principal;

(c) One school district superintendent from the state; and

(d) One school district board of directors from the state.

Not more than three teachers and three principals from each congressional district and one superintendent and one school board from the state may be recognized and receive awards in any school year.

(2) The awards for teachers and principals shall include certificates presented by the governor and the superintendent of public instruction at a public ceremony or ceremonies in appropriate locations.

(3) In addition to certificates under subsection (2) of this section, awards for teachers and principals shall include:

(a) A waiver of tuition and fees under RCW 28B.15.547 and a stipend not to exceed one thousand dollars to cover costs incurred in taking courses for which the tuition and fees have been waived under this subsection and RCW 28B.15.547. The stipend shall not be considered compensation for the purposes of ((RCW 28A.58.095)) section 205 of this 1987 act; or

(b) Teachers and principals, at their discretion, may elect to forego the waiver of tuition and fees and the stipend under subsection (3) of this section and apply for a grant not to exceed one thousand dollars, which grant shall be awarded under the provisions of RCW 28A.03.525. Within one year of receiving the award for excellence in education, teachers and principals shall notify the superintendent of public instruction in writing of their decision to apply for a grant or to receive the waiver of tuition and fees and the stipend under subsection (3) of this section.

Sec. 210. Section 2, chapter 399, Laws of 1985 and RCW 28A.58.842 are each amended to read as follows:

The board of directors of any school district may establish a commendable employee service and recognition award program for certificated and classified school employees. The
program shall be designed to recognize exemplary service, special achievements, or outstanding contributions by an individual in the performance of his or her duties as an employee of the school district. The board of directors of the school district shall determine the extent and type of any nonmonetary award. The value of any nonmonetary award shall not be deemed salary or compensation for the purposes of (RCW 28A.58.095) section 205 of this 1987 act or chapter 41.32 RCW.

NEW SECTION, Sec. 211. The following acts or parts of acts are each repealed:
(1) Section 7, chapter 349, Laws of 1985 and RCW 28A.58.093;
(2) Section 2, chapter 16, Laws of 1981, section 1, chapter 275, Laws of 1983, section 1, chapter 245, Laws of 1984 and RCW 28A.58.095; and
(3) Section 4, chapter 16, Laws of 1981 and RCW 41.56.960.

NEW SECTION, Sec. 212. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION, Sec. 213. This act shall take effect September 1, 1987."

Mr. Ebersole moved adoption of the following amendment by Representatives Ebersole and Grimm to the amendment:

On page 19, after line 25 of the amendment, insert the following:

"NEW SECTION, Sec. 212. The sum of twenty-one million five hundred ten thousand dollars, or as much thereof as may be necessary is appropriated for the biennium ending June 30, 1989, to the superintendent of public instruction for state matching funds distributed pursuant to section 102 of this act."

Renumber remaining sections consecutively.

Mr. Ebersole spoke in favor of the amendment to the amendment, and it was adopted.

The Speaker stated the question before the House to be the adoption of the amendment by Representatives Ebersole and Grimm as amended.

Representatives Brough, Betrozoff and Taylor spoke against the amendment as amended, and Mr. Ebersole spoke in favor of the amendment.

MOTION

On motion of Mr. Lewis, the following remarks by Representative Betrozoff were ordered inserted in the Journal.

Mr. Betrozoff: I would urge you to vote "No" on this striking amendment, and I also urge a "No" on the bill itself, because there are some problems with it and some of those problems include things such as: We are talking about going to a 20% levy lid, which I support. The part that I don't support is that there is no deadline for coming down to the 20%. You have districts that are over the 20% at the present time, and the last three times that the Legislature has continued to freeze the levy lid, it has always maintained a deadline schedule of bringing it down to 10%. In this case we're talking about 20%, but there is no deadline. For some people that may be a good deal, but I think you should reflect on the fact that this Legislature will now have, out in the districts, a 20% difference, perhaps more in some cases, between some school districts and other school districts, and there will be no incentive by the school districts, or the Legislature, to do anything about it. I think it's a serious defect of going to 20%.

This bill also states that if the Legislature provides additional money that is over and above workload, over and above compensation, and over and above inflation, that the districts have to reduce their levies dollar for dollar. However, you make one large exception and that is for federal funds. You are now acknowledging that federal funds can be used to broaden the base. In other words, you now have a large amount of money that you can base your 10% or your 20% on and you are not requiring the districts to bring those levies down. That is an unequal piece of this legislation.

The other part of it is the tax rate versus the assessed valuation. If you really want to be fair about equalization, you want to be fair among all the districts, you really have to stay with the assessed valuation per student. That is the fairest way because the other way is a reflection of some districts getting more categorical aid than other districts. If you get a lot of categorical aid, you are going to get more of the tax rate, so you are getting more state money; therefore, you are getting more levy money as a result. I don't see the fairness in that.
The other part is the mandated minimum. Probably, the worst policy statement in the bill is mandating 46 certificated instructional staff per thousand and telling the districts from now on they must hire 46 certificated instructional staff. We have never done that since 1977. This is an example of where the Legislature is trying to scoop the school board. We are being the school board here. We're telling the board they don't know how to run your districts, and we're going to tell 297 districts that all of them have to run it the same way. You have to have 46 certificated instructional staff and the other can be administrative staff.

The other part is House Bill No. 166 language. We have restricted salary increases to those provided by the Legislature. In this bill, you are releasing classified people and administrative people from that requirement. That means that you can use local levy money or any other source of money to raise administrative salaries and to raise classified salaries. This doesn't make up the majority of the salary money that you provide for the districts, but you can bet that in five or ten years from now, if the levy goes down or a levy is modified, the districts will have to come back to the Legislature and ask for more money for administrative staff and for classified staff because you removed the requirements or the restrictions for the increases. That's probably the worst policy statement in this bill. It's in the striking amendment, and it's in the regular bill that is before you also.

The good part of the bill is going to 20%. If we could salvage that part of it, it would be worth it. The levy equalization is the good part of the bill. We need to salvage that also. The salary equalization money is a very good idea. We need to bring the salary schedule closer around the state of Washington. But you have too many items in here that are not worth it. They are very bad policy for the Legislature to pass. Therefore, I would urge you to vote "No" on this striking amendment.

Representatives Grimm, Peery and Vekich spoke in favor of the amendment as amended, and Mr. Barnes opposed it. Representatives Brough and Taylor again opposed it, and Mr. Ebersole spoke again in favor.

A division was called.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representatives Ebersole and Grimm as amended, and the amendment as amended was adopted by the following vote: Yeas, 62; nays, 32; excused, 4.

Excused: Representatives Bumgarner, Doty, Hankins, Miller - 4.

With consent of the House, the following amendment by Representatives Ebersole and Grimm to the title was adopted:

On page 1, line 1 of the title, after "education;" strike the remainder of the title and insert "amending RCW 84.52.0531, 84.52.053, 28A.41.130, 28A.41.140, 41.59.935, 28A.02.325, 28A.03.425, 28A.03.523, and 28A.58.842; adding new sections to chapter 28A.41 RCW; adding a new section to chapter 28A.58 RCW; creating a new section; repealing RCW 28A.58.093, 28A.58.095, and 41.56.960; and providing an effective date."

With consent of the House, the following amendment by Representatives Ebersole and Grimm to the title amendment was adopted:

On page 20, line 8 of the title amendment, after "41.56.960;" insert "making an appropriation."

The title amendment as amended was adopted.

The Speaker resumed the Chair.
The bill was ordered reengrossed. On motion of Mr. McMullen, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Representatives Ebersole and Sanders spoke in favor of final passage of the bill, and Representatives Betrozoff and Taylor opposed it.

ROLL CALL

The Clerk called the roll on the final passage of Reengrossed Second Substitute House Bill No. 455, and the bill passed the House by the following vote: Yeas, 63; nays, 31; excused, 4.

Excused: Representatives Bumgarner, Doty, Hankins, Miller - 4.

Reengrossed Second Substitute House Bill No. 455, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. McMullen, Reengrossed Second Substitute House Bill No. 455 was ordered immediately transmitted to the Senate.

MESSAGES FROM THE SENATE

May 18, 1987

Mr. Speaker:
The Senate has passed:
ENGROSSED HOUSE CONCURRENT RESOLUTION NO. 4418,
HOUSE CONCURRENT RESOLUTION NO. 4422.
and the same are herewith transmitted.

Bill Gleason, Assistant Secretary.

May 18, 1987

Mr. Speaker:
The President has signed:
SECOND SUBSTITUTE HOUSE BILL NO. 477.
and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

SIGN BY THE SPEAKER

The Speaker announced he was signing:
HOUSE CONCURRENT RESOLUTION NO. 4418,
HOUSE CONCURRENT RESOLUTION NO. 4422.

MOTION

Mr. McMullen moved that the Committee on Rules be relieved of Engrossed Second Substitute House Bill No. 434 and that the bill be placed on the third reading calendar for immediate consideration. The motion was carried.
Providing for procedures to protect the public from hazardous substances.

The bill was read the third time. On motion of Mr. McMullen, the rules were suspended and the bill was returned to second reading for the purpose of amendment.

Mr. Bristow moved adoption of the following amendment by Representatives Bristow, Rayburn, May, Sutherland, Walker, Vekich, Hargrove, Kremen, Madsen, Haugen, Day, Gallagher, Zellinsky, Ebersole, Fisch, Grant, Baugher, Rasmussen, Chandler, McLean, Moyer, Meyers, Lewis, B. Williams, P. King, C. Smith, Silver, Schoon, Barnes, S. Wilson, Schmidt, Amundson, J. Williams, Hanksins, Ferguson, Brough and Holland:

"Sec. 1. Section 1, chapter 65, Laws of 1983 1st ex. sess. and RCW 70.105A.010 are each amended to read as follows:

PURPOSE. (1) It is the policy of the state of Washington to protect the public health and welfare of all its citizens against the dangers arising from the generation, transport, treatment, storage, and disposal of hazardous wastes and from releases or threatened releases of hazardous substances. In order to reach that policy objective, it is not only necessary to provide state government with broad powers of regulation, control, and removal of these hazardous wastes and substances, including the power to fashion and effectuate remedial directives, but it is imperative that adequate funds are also provided to carry out these powers in a vigorous manner. In the implementation of the provisions of this chapter, the state shall, when appropriate, cooperate with and support federal agencies in their implementation of counterpart federal hazardous waste and substances programs, while pursuing independent state actions whenever it appears they will provide more efficient ((or)) and effective alternative programs to achieve the policies and purposes of this chapter.

(2) The purposes of this chapter are, among others: (a) To supplement the powers already vested in the department of ecology relating to hazardous wastes and to releases or threatened releases of substances which are hazardous to the environment or public health, (b) to provide moneys necessary for the full, sufficient, and efficient implementation of the hazardous waste and substances regulation control and removal program of the state, (c) to encourage reduction of hazardous wastes through recycling and improvement of manufacturing processes, (d) to provide for the cleanup and restoration of those sites within the state at which improper disposal of hazardous waste has occurred, resulting in the potential for deleterious impacts on the health and welfare of the citizens of the state, as well as on the state’s natural, environmental, and biological systems, (e) to provide for funding to study, plan, and undertake the rehabilitation, removal, and cleanup of hazardous waste deposited improperly at sites located within the state, (and) (f) to provide funds for matching purposes for participation in the federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended by Public Law 99-499, (g) to establish a mechanism to remedy releases and threatened releases of hazardous substances into the state’s environment in an expeditious fashion which encourages voluntary and prompt cleanups, and (h) to provide flexibility to the department and potentially responsible parties in devising voluntary response action plans so that the public health and the environment are protected.

Sec. 2. Section 2, chapter 65, Laws of 1983 1st ex. sess. and RCW 70.105A.020 are each amended to read as follows:

DEFINITIONS. As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) ‘Dangerous waste’ shall have the same definition as set forth in RCW 70.105.010(5) and shall specifically include those wastes designated as dangerous by rules adopted pursuant to chapter 70.105 RCW;

(2) ‘Department’ means the department of ecology;

(3) ‘Director’ means the director of ecology or the director’s designee;

(4) ‘Disposal’ means the discharge, deposit, injection, release, dumping, spilling, leaking, placing, or allowing to seep any hazardous substance into or on any land or water;

(5) ‘Extremely hazardous waste’ shall have the same definition as set forth in RCW 70.105.010(6) and shall specifically include those wastes designated as extremely hazardous by rules adopted pursuant to chapter 70.105 RCW;

(6) ‘Facility’ means (a) any building, structure, installation, equipment, pipe or pipeline (including any pipe into a sewer or publicly owned treatment works), well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, vessel or aircraft;
or (b) any site or area where a hazardous substance, other than a consumer product in consumer use, has been deposited, stored, disposed of, or placed, or otherwise come to be located;

(7) "Generate" means any act or process which produces hazardous waste or first causes a hazardous waste to become subject to regulation;

(9) "Hazardous waste" means and includes all dangerous and extremely hazardous wastes;

(10) An agency of the state or unit of local government which acquired ownership or control

(11) 'Local government' means a city, town, or county;

(12) 'Natural resources' means land, water, air, fish, wildlife, or other such resources belonging to, managed by, within the jurisdiction of, or held in trust by the state, a subdivision of the state, municipal corporation, foreign government, or other public entity;

(13) 'Owner or operator' means:

(a) In the case of a vessel, any person owning, operating, or chartering such vessel;

(b) Any person with any ownership interest in the facility or who exercises any control over the facility;

(c) In the case of an abandoned facility, any person who had owned, or operated, or exercised control over the facility;

(d) The term does not include:

(i) An agency of the state or unit of local government which acquired ownership or control involuntarily through bankruptcy, tax delinquency, abandonment, or circumstances in which the government involuntarily acquires title. This exclusion does not apply to an agency of the state or unit of local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility; or

(ii) A person who, without participating in the management of a vessel or facility, holds indicative of ownership primarily to protect the person's security interest in the vessel or facility;

(14) 'Person' means an individual, trust, firm, joint stock company, partnership, association, state, public or private or municipal corporation, commission, political subdivision of a state, interstate body, the federal government including any agency or officer thereof, and any Indian tribe or authorized tribal organization.
(15) ‘Release’ means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, disposing or allowing to seep into the environment, including the abandonment or discarding of barrels, containers, or other closed receptacles containing any hazardous substance, pollutant or contaminant but excludes (a) any release which results in exposure to persons solely within a workplace, with respect to a claim which such persons may assert against the employer of such persons, (b) the normal application of fertilizer, and (c) the application of pesticide products when applied as registered under the federal Insecticide, fungicide, and rodenticide act.

(16) ‘Remedy’ or ‘remedial action’ means those actions consistent with permanent remedy taken, instead of, or in addition to, removal actions in the event of a release or threatened release of a hazardous substance into the environment to prevent or minimize the release of hazardous substances so that they do not migrate to cause substantial danger to present or future public health or welfare or the environment. The term also includes off-site transport to and off-site storage, treatment, destruction, or secure disposition of hazardous substances and associated contaminated material at a hazardous waste disposal facility or such actions at the location of the release or threatened release as storage, confinement, perimeter protection using dikes, trenches, or ditches, clay cover, neutralization, cleanup of released hazardous substances or contaminated materials, recycling or reuse, diversion, destruction, segregation of reactive wastes, dredging or excavations, repair or replacement of leaking containers, collection of leachate and runoff, on-site treatment or incineration, provision of alternative water supplies, and any monitoring reasonably required to assure that such actions protect the public health and welfare and the environment. The term includes the acquisition of property necessary to effect the action and the costs of permanent relocation of residents and businesses and community facilities where the director determines that, alone or in combination with other measures, such relocation is more cost-effective than and environmentally preferable to the transportation, storage, treatment, destruction, or secure disposition offsite of hazardous substances, or may otherwise be necessary to protect the public health or welfare.

(17) ‘Remove’ or ‘removal’ means:

(a) The cleanup or removal of a hazardous substance which has been released into the environment;

(b) Such actions as may be necessary in the event of the threat of a release of hazardous substances into the environment;

(c) Such actions as may be necessary to monitor, assess, and evaluate the release or threat of release of hazardous substances;

(d) The disposal of removed material; or

(e) The taking of such other actions as may be necessary to prevent, minimize, or mitigate damage to the public health or welfare or to the environment which may otherwise result from a release or threat of release of hazardous substance to the environment.

(18) ‘Reportable quantity’ means that amount of a hazardous substance to be reported under this chapter as set by rule by the department.

(19) ‘Respond’ or ‘response action’ means remove, removal, remedy, or remedial action.

(20) ‘Response costs’ or ‘costs of response’ means all costs incurred in performing a response action, including the costs of indemnifying response action contractors, all other costs and interest attributable to the response action, and, where the response or response action is undertaken by the department, costs of departmental investigation, design, or feasibility study preceding such removal or action and any enforcement activities related thereto.

(21) ‘Response action contract’ means any written contract or agreement entered into by a response action contractor to provide services relating to a response action with the department, or any responsible party carrying out a response action plan under section 6 of this 1987 act or complying with a regulatory order under section 14 of this 1987 act.

(22) ‘Response action contractor’ means (a) any person who enters into a response action contract with respect to any release or threatened release of a hazardous substance, pollutant, or contaminant with a responsible party or the state to provide services relating to the response action, or (b) any person who is retained or hired by a person described in (a) of this subsection, or who enters into a contract with such person, to provide any services relating to a response action.

(23) ‘Threatened release’ means the presence of hazardous substance such that a release is imminent unless a response action is taken.
(c) Respond to releases or threatened releases of hazardous substances and take appropriate enforcement actions;

(d) Make contracts for professional services, technical services, or for construction. However, the director may expedite response to releases or threatened releases of hazardous substances by prequalifying contractors, as long as the prequalification is pursuant to a uniform system of rating bidders;

(e) Carry out all programs of the federal comprehensive environmental response, compensation, and liability act of 1980 as amended by Public Law 99-499. The power to participate in the programs under the federal act includes, but is not limited to, the power to agree to supply state matching funds, subject to legislative appropriation for removal or response actions, to assure site maintenance, to assure the availability of hazardous waste facilities, and to make such contracts or cooperative agreements with the federal government as may be necessary under the federal act:

(f) Participate in and carry out all programs of the federal resource conservation and recovery act. 42 U.S.C. Sec. 9601 et seq., as amended as of the effective date of this section, which are contemplated for state participation, implementation, or administration under that act:

(g) Investigate, respond to, and direct or initiate cleanup of spills or other releases of petroleum or petroleum products and recover reasonable costs incurred by the department from persons responsible for such releases; or

(h) Take other actions necessary to carry out the provisions of this chapter.

(2) The department shall: (a) To the greatest extent possible, when the director determines that federal funding would facilitate appropriate response action, apply to the federal government for funds to carry out the powers granted by this chapter and may receive and administer those funds, and (b) make best efforts to recover state moneys spent on response action, including administration, overhead, investigation, removal, remedial action, mitigation, any other account expenditures, and damages.

(3) The department may adopt rules under chapter 34.04 RCW, to carry out the provisions of this chapter.

NEW SECTION. Sec. 4. SCHEDULES. (1) The director shall maintain a list of all potential hazardous waste sites in the state at which the department has undertaken preliminary assessments, site inspections, other site studies, or response actions, or at which the department has knowledge of response action by potentially responsible parties.

(2) By September 30 of each year until 1998, the director shall submit a report to the appropriate standing committees of the legislature on hazardous waste cleanup activity in the state during the previous fiscal year. The report shall include at least the following:

(a) The sites where preliminary assessments or site inspections were undertaken or completed;

(b) The sites where studies related to potential response actions were undertaken or completed;

(c) The sites where response actions were undertaken or completed either by potentially responsible parties or by the department;

(d) The sites where the department has initiated enforcement actions, and the results of such enforcement actions; and

(e) An accounting of the toxics control account.

NEW SECTION. Sec. 5. RESPONSIBLE PARTIES—STANDARD OF LIABILITY. (1) Except as provided in subsection (4) of this section, the following persons are parties responsible for releases or threatened releases of hazardous substances at a facility: (a) The owner or operator of a facility, (b) any person who at the time of disposal of any hazardous substance owned or operated any facility at which the hazardous substances were disposed, (c) any person who (I) owned or possessed hazardous substances and (II) by contract, agreement, or otherwise arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment of the hazardous substances, or otherwise generated hazardous wastes disposed of or treated at the facility, (d) any person who (i) accepts or accepted any hazardous substances for transport to a disposal, treatment, or other facility selected by such person from which there is a release or a threatened release of a hazardous substance, unless such disposal or treatment facility, at the time of disposal or treatment, could legally receive such wastes, or (ii) so accepts such substances for transport where such transporter has reasonable grounds to believe that such facility is not operated in accordance with chapter 70.105 RCW, and (e) any person who sells or has sold a hazardous substance and is responsible for written instructions for the use of the substance if (I) the substance is or was used in accordance with such instructions, and (ii) the use causes or caused the release of a hazardous substance which in turn causes or caused a substantial threat to public health or the environment.

(2) Except as otherwise provided in sections 8 and 17 of this act, and notwithstanding any other provision or rule of law, any person who is responsible, for a release or threatened release of a hazardous substance from a facility is strictly liable, jointly and severally, for the following costs and damages which result from the release or threatened release or to which the release or threatened release contributes:
(a) All response costs incurred by the state, a political subdivision of the state or the United States, including such costs incurred prior to the effective date of this section;

(b) All response costs incurred by any person but only insofar as such costs are incurred in conformance with this chapter; and

(c) All damages for any injury to, destruction of, or loss of natural resources, including the reasonable costs of assessing such injury, destruction, or loss.

(3) There shall be no liability under this section imposed on a person who can establish that the release or threatened release of a hazardous substance for which the person would be otherwise responsible was caused solely by:

(a) An act of God;

(b) An act of war; or

(c) An act or omission of a third party (including but not limited to a trespasser) other than

(i) an employee or agent of the person asserting the defense, or

(ii) any person whose act or omission occurs in connection with a contractual relationship, existing directly or indirectly, with the person asserting this defense to liability. This defense only applies where the person asserting the defense has exercised due care with respect to the hazardous substance and took reasonable precautions against the foreseeable acts or omissions of the third party and the foreseeable consequences of those acts or omissions.

(4) The following persons shall not be responsible parties: Any person who is an owner, past owner, or purchaser of a facility who can establish by a preponderance of the evidence that at the time the facility was acquired such person had no knowledge or reason to know that any hazardous substance which is the subject of the release or threatened release was disposed of on, in, or at the facility.

(5) No person (including the United States or any state or Indian tribe) may recover under the authority of this section for any response costs or damages resulting from the application of a pesticide product registered under the federal insecticide, fungicide, and rodenticide act. Nothing in this subsection shall affect or modify in any way the obligations or liability of any person under any other provision of state or federal law, including common law, for damages, injury, or loss resulting from a release of any hazardous substance or for removal or remedial action or the costs of removal or remedial action of such hazardous substance.

(6)(a) To establish that a person had no reason to know, as provided in subsection (4) of this section, the defendant must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property, consistent with good commercial or customary practice in an effort to minimize liability. Any court interpreting this subsection shall take into account any specialized knowledge or experience on the part of the defendant, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection.

(b) Nothing in this subsection shall diminish the liability of any previous owner or operator of such facility who would otherwise be liable under this chapter. If the defendant obtained actual knowledge of the release or threatened release of a hazardous substance at such facility and, when the defendant owned the real property, and then subsequently transferred ownership of the property to another person without disclosing such knowledge, such defendant shall be treated as liable and no defense shall be available to such defendant under subsection (3)(c) of this section.

(c) Nothing in this subsection shall affect the liability under this chapter of a defendant who by act or omission, caused or contributed to the release or threatened release of a hazardous substance which is the subject of the action relating to the facility.

(7) Except as provided in section 8 of this act, there shall be a right to contribution among potentially responsible parties for response costs incurred pursuant to this chapter.

(8)(a) Whenever in the public interest as determined by the director, the director shall, as promptly as possible reach a final settlement with a potentially responsible party if such settlement involves only a minor portion of the response costs at the facility concerned and, in the judgment of the director, either:

(i) Both the amount of the hazardous substances and the toxic or other hazardous effects of the substances contributed by that party to the facility are minimal in comparison to other hazardous substances at the facility; or

(ii) The potentially responsible party: (A) Is the owner of the real property on or in which the facility is located; (B) did not conduct or permit the generation, transportation, storage, treatment, or disposal of any hazardous substance at the facility; and (C) did not contribute to the release or threatened release of a hazardous substance at the facility through any action or omission. This subparagraph (ii) does not apply if the potentially responsible party purchased the real property with actual or constructive knowledge that the property was used for the generation, transportation, storage, treatment, or disposal of any hazardous substance.

(b) The director may provide a covenant not to sue of a scope commensurate with the activities, if any, addressed in the settlement agreement to any party who has entered into a settlement under this subsection unless such a covenant would be inconsistent with the public
interest as determined by the director. For purposes of this subsection only, a covenant not to sue means a promise by the state that with respect to the activities, if any, addressed in the settlement agreement the state will not initiate any future administrative or judicial action to force the responsible party to clean up, pay the expenses for cleaning up, conduct any investigations, or pay the expenses for any investigations or response costs.

(c) A settlement under this subsection shall be entered as a consent decree issued by a court of competent jurisdiction or embodied in a consent order of the department.

(d) A party who has resolved its liability to the state under this subsection shall not be liable for claims for contribution regarding matters addressed in the settlement. Such settlement does not discharge any of the other potentially responsible parties but it reduces the total potential liability of the others to the state by the amount of the settlement.

NEW SECTION. Sec. 6. INVESTIGATIONS. (1) If there is a reasonable basis to believe there may be a release or threatened release of a hazardous substance, any officer, employee, or representative designated by the director may require, upon reasonable notice, information or documents relevant to that release or threatened release from a person who has or may have information relevant to (a) the identification, nature, and volume of materials generated, treated, stored, transported to, or disposed of at a facility and the dates thereof, (b) the nature or extent of a release or threatened release of a hazardous substance at or from a facility, (c) the identity of potentially responsible parties, or (d) information relating to the ability of a person to pay for or perform a response action. In addition, upon reasonable notice, the person shall either grant to appropriate representatives access at all reasonable times to inspect documents or records relating to such matters, or copy and furnish to the representatives all documents or records, at the option of the person. The department may, by subpoena, require the attendance and testimony of witnesses and the production of reports, papers, documents, answers to questions, and other information that the department deems necessary. In case of a refusal to obey a subpoena issued pursuant to this subsection, and served upon any person, the superior court for any district in which such person is found, resides, or transacts business shall, upon application by the department and after notice to such person, have jurisdiction to issue an order requiring such person to appear and give testimony before the department, or to appear and produce documents before the department, or both, and any failure to obey such order of the court may be punished by such court as contempt.

(2) Where there is a reasonable basis to believe there may be a release or threatened release of a hazardous substance, the department, its authorized employees, agents, or contractors, or the employees, agents, or contractors of a responsible party acting under an approved response action plan in order to determine the need for response to the release or the threat of release of hazardous substances may, upon reasonable notice, enter upon any real property, public or private, to conduct sampling, inspection, examination, and investigation directed at evaluating the release or threatened release. In conducting the listed activities, the department or other person gaining access under this section shall take all feasible precautions to avoid disrupting the ongoing operation on the site. The department or other person gaining access under this section shall provide to the owner, or operator, or person in charge of the facility, if requested, a portion of each sample taken equal in volume or weight to the portion retained. If any analysis is made of such samples, a copy of the results of such analysis shall be furnished promptly to the owner, operator, or person in charge as well as to representatives of the public and other interested persons.

NEW SECTION. Sec. 7. PRIORITIES/NOTICE OF RESPONSIBILITY. (1) In implementing this chapter the director shall be guided by the following priorities in descending order, but the director may use funds appropriated from the state toxics control account to respond to releases deemed by the director to pose the more significant risks to public health or the environment:

(a) Voluntary action undertaken by potentially responsible parties without resort to use of the state toxics control account with or without the procedures of this chapter;

(b) Voluntary action undertaken by potentially responsible parties but with some public funding from the state toxics control account; and

(c) Action undertaken by the department and financed by the toxics control account, subject to cost recovery.

(2) Before the department begins a removal or remedial action, it shall:

(a) Investigate the site or require an investigation pursuant to section 6 of this act to determine to the extent possible:

(i) The identity of each potentially responsible party;

(ii) The type, nature, and volume of the hazardous substances generated, or transported by, or associated with each identified potentially responsible party and the date of disposal;

(b) Notify interested persons, the public, and the identified potentially responsible parties with the results of the investigation and allow access to the information gathered by the department; and

(c) Provide notified or responsible parties the opportunity to prepare and implement a response action plan pursuant to section 8 of this act.

(3) This section shall not apply if the department acts pursuant to section 10(2) of this act.
NEW SECTION. Sec. 8. RESPONSE ACTION PLANS. (1) Any person or persons receiving notice under section 7 of this act may submit to the department a response action plan for response action at a facility where there has been a release or threatened release of hazardous substances.

(2) Such person or persons receiving notice under section 7 of this act shall have sixty days to propose to the department a response action plan and, upon written application, the director may grant extensions of up to sixty days. Such a plan shall include a proposed budget for the response action, a binding schedule for completing the elements of the plan, and a commitment to complete all elements of the plan. Monitoring provisions shall also be provided unless the responsible parties provide clear and convincing evidence that monitoring provisions are not necessary. The plan may be part of a phased approach to investigation, removal, and remedial action. A request for a covenant not to sue pursuant to section 9 of this act of a scope commensurate with the proposed response action may accompany any plan involving remedial action.

(3) As part of the proposed response action plan, the persons submitting the plan may propose specific cleanup levels for each hazardous substance or area to which the plan responds.

(4) The department shall issue a preliminary decision accepting, accepting with conditions, or rejecting the proposed plan. The preliminary decision shall set forth the reasons for the decision and any perceived deficiencies in the plan. The potentially responsible parties proposing the plan shall thereafter have an opportunity to modify the proposed plan or provide additional supporting justification for acceptance of the parties' original plan. The department shall thereafter issue its final decision including its response to any submittal of any modifications or additional material. The department shall adopt rules providing for reasonable time periods under this subsection.

(5) The department shall give notice of the proposed response action plan, cleanup levels proposed by the persons submitting the plan and the cleanup levels proposed by the department, and the results of the department's investigation to interested persons and the public. The notice shall include a brief analysis of the plan, the results of the investigation, and a statement of how additional information may be obtained. Public comment shall be accepted for a minimum of forty-five days from the date of notice.

(6) In each response action plan, the department shall set and incorporate the cleanup levels and such levels shall include:

(a) With respect to each hazardous substance, a cleanup level which at a minimum meets the substantive requirements of all applicable state and federal laws, regulations, rules, and criteria established for the purposes of this section;

(b) With respect to hazardous substances for which no applicable state or federal law, regulation, rule, or criteria established for the purposes of this section exists, the department shall set the cleanup level on a case-by-case basis in order to prevent potential harm to the public health and the environment. In making this determination the department may refer to state and federal laws, regulations, rules, and criteria relevant and appropriate to this determination;

(c) With respect to each hazardous substance, where persons submitting a plan demonstrate to the department by clear and convincing evidence that an alternative to cleanup levels established under (a) of this subsection would assure protection of human health and the environment, then the department may allow a deviation from those cleanup levels.

(7) In assessing or approving response actions, the department shall select those actions that will attain a degree of cleanup which is protective of human health and the environment, is cost-effective, and that utilizes permanent solutions to the maximum extent possible. In determining whether to approve, approve with conditions, or reject the plan, the director shall, at a minimum, consider and issue findings on the following factors:

(a) The extent to which the plan would meet the cleanup levels required in subsection (6) of this section;

(b) Whether the plan or alternatives to the plan would provide optimum protection of human health and the environment;

(c) The plan's compliance with the waste management priorities established in RCW 70.105.150;

(d) The reliability of the proposed response action technology;

(e) The impact of the response actions on the quality of air, groundwater, and surface waters, including existing and potential future uses;

(f) The extent to which the plan includes adequate provisions for monitoring the effectiveness of the response action, both before and after certification of completion;

(g) The impact of the response actions on existing and potential land uses of the site and adjoining lands;

(h) The extent to which the proponents of the plan will fund the response action;

(i) The proponents' record of compliance with implementing past response action plans; and
(j) The extent to which use of federal funds would facilitate or hinder appropriate response action.

(8) The director may approve a response action plan containing an agreement which requires the department to provide a specified amount of money to help defray the costs of implementing the plan. This provision of state funds may be provided only in circumstances where the director finds it would expedite or enhance cleanup operations or achieve greater fairness with respect to the payment of response costs. The director shall adopt rules providing criteria and priorities governing public funding of response costs under this subsection. The amount of public funding in an agreement under this section is to be determined solely by the director and under no circumstances may the amount be increased through court review or arbitration.

(9) If new information is revealed while implementing an approved response action plan, the responsible parties and the department may amend the plan. If such new information reveals a significant quantity of a hazardous substance or condition not previously identified in the approved plan as being present at the site, in an area of the site other than that described in the approved plan, or in quantities significantly greater than as described in the approved plan, then the plan shall be amended. The department shall adopt rules providing a method for amending approved plans. These rules shall provide an amendment process similar to the process specified in subsections (5) through (10) of this section. The issuance of a covenant not to sue pursuant to section 9 of this act shall not bar amendments to response action plans under this subsection.

(10) Any accepted response action plan shall be implemented by consent order of the department or by consent decree issued by a court of competent jurisdiction.

(11) If the director rejects the plan or if any responsible party fails to submit a response action plan after being notified of its potential responsibility, the responsible party or parties shall be liable for the reasonable and necessary costs of response incurred by the department.

(12) Any responsible party who without sufficient cause willfully violates an order issued pursuant to section 14 of this act or fails to comply with any element of the plan shall be liable for up to three times the reasonable and necessary costs of response incurred by the department as a result of such failure or violation.

(13) A responsible party who has not participated in implementing the provisions of a response action plan, including any amendments to the plan, shall have no right to seek or obtain contribution for payment of response costs against any responsible party participating in implementing the plan and any future amendments to the plan. For purposes of this subsection only, a party shall be considered to be a participating party upon issuance of the consent order or decree provided for in subsection (10) of this section. Issuance of a consent order or decree provided for in subsection (10) of this section is a bar to entry of any judgment for contribution in favor of a nonparticipating party against a participating party.

(14) A participant in the plan may seek recovery of its costs that are above its proportionate share of costs from any responsible party not participating in the plan. If such nonparticipating responsible party (a) received a notice of responsibility under section 7(2)(a) of this act or had actual notice of the development of the plan, (b) had reason to believe it was a responsible party, and (c) is a nonpublic entity, it may be liable to the participants in the plan for up to three times such nonparticipant's proportionate costs.

(15) (a) Any potentially responsible party or combination of parties, who is or are parties to a response action plan, including any potentially responsible party as defined under section 5 of this act that is an instrumentality of local, state, or federal government, may initiate an arbitration proceeding to resolve disputes concerning only issues specified in (b) of this subsection, by giving all responsible parties participating in the plan notice of the intent to arbitrate.

(b) The arbitration proceedings provided in this section shall be solely for the purpose of allocating the payment of response costs among potentially responsible parties that have obtained approval for a response action plan. The effect of such arbitration shall be final and binding on the parties to the arbitration and there shall be no right of appeal on allocation of response costs.

(c) For purposes of this subsection only, the allocation of costs of response among the participating parties shall be based on factors including but not limited to: Volume, toxicity, mobility, strength of evidence, ability to pay, causation, degree of care, litigative risks, public interest considerations, precedential value, and inequities and aggravating factors.

(d) The provisions of this subsection (15) are optional and are not intended to prevent any other method of resolving disputes on issues subject to arbitration under this subsection.

(e) For the purpose of conducting the arbitration procedure specified in this subsection, a panel of three arbitrators may be chosen and convened in accordance with the procedures of the American arbitration association. To the extent possible, at least two of those arbitrators shall have experience and expertise in engineering, the physical or biological sciences, health services, financial matters, or other relevant experience and qualification on response actions.
NEW SECTION. Sec. 9. COVENANT NOT TO SUE. (1) When requested by a responsible party who has agreed to participate in implementing a response action plan, the director shall provide a covenant not to sue with respect to any remedial action which is required by the plan and which will accomplish any of the following:

(a) Treatment of hazardous substances so as to destroy, eliminate, or permanently immobilize the hazardous constituents of such substances so that the substances, or any byproduct of the treatment or destruction process, no longer present any foreseeable future significant risk to public health or welfare or the environment; or

(b) When such destruction, elimination, or permanent immobilization is not practicable, the transportation of the hazardous substances off site to an approved hazardous waste disposal facility meeting the requirements of the federal resource conservation and recovery act, 42 U.S.C. Sec. 6924 and 6925, as amended as of the effective date of this section, and, if the substances are disposed of in this state, the rules of the department adopted pursuant to chapter 70.105 RCW for permanent disposal facilities: or

(c) Cleanup levels which have been set only under section 8(6)(a) of this act.

(2) (a) When requested by a responsible party who has agreed to participate in implementing a response action plan, the director shall provide a covenant not to sue with respect to any remedial action if the cleanup levels have been established under section 8(6)(b) of this act, and if the covenant not to sue is determined by the director to be in the public interest.

(b) In making the determination of public interest the director shall consider the following factors:

(i) Whether the benefits from the expedition of the voluntary response action caused by the issuance of a covenant not to sue would exceed the potential future risk to the public health and finances caused by such issuance;

(ii) The nature of the risks that might remain at the facility;

(iii) The extent to which the response action plan is based on attainment of performance standards based on objective criteria for releases of substances to, or the presence of substances in, land, air, or water;

(iv) Whether the account or other sources of funding would be available for any additional remedial actions that might eventually be necessary at the facility;

(v) Whether the monitoring and maintenance required at the site, if any, will protect human health and the environment; and

(vi) The extent to which the technology used in the response action is demonstrated to be effective.

(3) When requested by a responsible party who has agreed to participate in implementing a response action plan, the director shall provide a covenant not to sue with respect to any remedial action taken if the cleanup level or levels have been established under section 8(6)(c) of this act and if:

(a) The director has determined that issuing the covenant is in the public interest as defined in subsection (2)(b) of this section;

(b) Compliance with the otherwise applicable standards is technically impracticable from an engineering perspective, and

(c) The plan provides optimum protection of human health and the environment.

(d) A 'covenant not to sue' means a promise by the state made with respect to a particular hazardous substance or a particular area, the cleaning up of which has been the purpose of a previously approved remedial action undertaken by the responsible party at the direction of the department and with the approval of the department. In issuing the covenant, the state promises that, with respect to that substance or area, it will not initiate any future administrative or judicial action to force the responsible party to clean up, pay the expenses for cleaning up, conduct any investigations or pay the expenses for any investigations or response costs. A covenant shall be commensurate with and strictly limited to the scope of the previously approved remedial action, meaning that (a) if the remedial action was for cleaning up a particular hazardous substance, then the covenant does not extend to other hazardous substances, and (b) if the remedial action was for cleaning up a particular area, then the covenant does not extend to other areas. A covenant may be issued with respect to all remedial actions taken under a completed response action plan or may be issued for one or more particular remedial actions taken under a completed response action plan. When a covenant is issued for a particular area and not for particular hazardous substances within that area, the department shall take special care to assure that both the planned remedial action and its implementation conform to this chapter. As used in this subsection, the term 'particular area' means a precisely described three-dimensional area.

(5) The issuance of a covenant not to sue does not affect the power of the state to take whatever actions are necessary, other than those expressly barred by the covenant, to protect members of the public from a health hazard, including, but not limited to, actions to prevent entrance upon the property, to prevent the use of the property for any purpose which exposes anyone to a health hazard, or to enter upon the property and take measures to clean up the hazardous substance. Nor does the issuance of a covenant affect any power of the state to institute or respond to any tort action or any other judicial or administrative action, so long as
the state's action or response is not expressly barred by the covenant. With respect to any 
action filed against the state, a covenant does not bar the state from filing a cross-claim, coun-
terclaim, or third party action against any person who may be liable or from seeking contri-
bution from such person, so long as the damages or relief sought by the state in filing the cross-
claim, counterclaim, or third party action is not expressly barred by the covenant.

(6) The director shall issue the covenant not to sue at the time of approval of a response 
action plan pursuant to section 8 of this act. Any covenant not to sue issued by the director shall 
be conditioned upon compliance with the approved response action plan and issuance of a 
certificate of completion pursuant to section 11 of this act. A covenant shall cease to be condi-
tional and shall become effective on the date of certification of completion.

(7) After July 1, 1992, a covenant not to sue shall not be granted if the balance in the toxics 
reserve account is below ten million dollars.

(8) The decision to grant or deny a covenant under this section shall be reviewable under 
section 12 of this act.

(9) A person receiving a covenant not to sue under this chapter shall not be relieved of 
any liability owed to persons, other than the state of Washington, under any federal, state, or 
local law, including the common law.

(10) Issuance of a covenant not to sue to a responsible party shall not relieve or decrease 
any other party's liability to the state.

NEW SECTION. Sec. 10. DEPARTMENT'S POWERS TO INITIATE RESPONSE ACTIONS. (1) If a 
responsible party fails to initiate a response action plan or fails to comply with an approved 
response action plan, the director shall take appropriate steps to assure that the necessary 
response actions are undertaken, and, if necessary, proceed with an action to recover the costs 
of response action from the responsible party or parties.

(2) If the director determines that: (a) An emergency exists that requires immediate action 
to protect human health or the environment, and (b) the owner or operator is unwilling or 
unable to take such immediate action, the department, its authorized employees, agents, or 
contractors, or the employee, employee, agents, or contractors of a responsible party acting under 
departmental approval may without court order enter upon property, public or private, to take 
such response action as is necessary to abate the emergency.

(3) If the potentially responsible parties fail to implement a response action plan that has 
been approved pursuant to section 8 of this act, the director may determine, in accordance 
with the procedures set forth in this section, that action to respond to a release or threatened 
release of hazardous substances is necessary and that entry upon real property, public or pri-
ivate, is necessary to execute response action. Such entry may be made by the department, its 
authorized employees, agents, or contractors, or the employee, employee, agents, or contractors of a 
responsible party acting under an approved response action plan. The director's determina-
tion shall be based upon inspection, study, or other data as may be available, shall be made 
in writing, and shall be available for public inspection and copying. The department shall 
provide the potentially responsible parties with: (a) A written document detailing the director's determina-
tion and the basis for the determination; and (b) notice that response action and entry upon 
property shall proceed in no fewer than sixty days, and (c) a request for a prompt response. 
The director shall confer with any potentially responsible party responding to receipt of the director's deter-
mination in order to accommodate that party's legitimate concerns while obtaining prompt 
and necessary response action.

(4) The department, with the assistance of the attorney general's office, may apply to 
superior court for an order authorizing entry upon real property to execute response action. 
The department's application shall: (a) State that the notice procedures required in this section 
have been carried out, (b) describe the property concerned, (c) describe the response action 
selected by the director, and (d) include a schedule identifying the dates response actions are 
planned. If, after a hearing, the superior court finds that the department's application and sup-
porting materials establish that the department has made a reasonable attempt to accommodate 
date any responding party's legitimate concerns, the superior court shall enter an order 
authorizing entry upon real property to execute response action.

(5) The following are not subject to review under chapter 43.21B or 34.04 RCW: (a) The dir-
ector's determination that response action is necessary, that entry upon real property is neces-
sary, or the basis for such decision; and (b) any response by the director to the responsible 
party's concerns.

(6) No common law writ, temporary restraining order, or preliminary or permanent 
injunction may issue to stay or delay response action deemed necessary by the director unless 
the superior court finds that the complainant lacks any adequate remedy at law.

(7) Prior to conducting a response action, the department shall: 

(a) Prepare a proposed scope of work based on any investigation or study conducted by 
or for the department, the responsible parties, or others;

(b) Provide the identified responsible parties with notice of the proposed response action 
and an opportunity to comment on the scope of work proposed and provide similar notice and 
opportunity to comment to members of the public that request notice. Unidentified responsible
parties and other members of the public shall also be notified by publication consistent with chapter 65.16 RCW, and

(c) Prepare a final scope of work based on the comments received and any other study or investigation conducted by or for the department.

The proposed and final scope of work, and the basis for them as well as all comments received by the department shall constitute the record of decision of the department. No record of decision need be developed when an emergency exists and the department undertakes a response action to protect the public health or the environment.

(8) Where the department has developed a record of decision for a response action and the department has conducted the response action in accordance with such record, in any action brought to recover costs, the scope of work of the department shall be presumed reasonable and necessary unless demonstrated to be arbitrary and capricious.

(9) The attorney general, at the request of the director, may recover from any responsible party moneys expended by the department on response actions, including response actions undertaken prior to the effective date of this section. This shall include any damages caused by responsible parties and any other costs allowed to be recovered by this chapter. Such actions may be commenced in the superior court of Thurston county, in the superior court of the county where the facility is located, or other court of competent jurisdiction. The amounts recoverable shall include interest from the date costs were first incurred for any response action taken.

NEW SECTION. Sec. 11. CERTIFICATION OF COMPLETION OF REMEDIAL ACTIONS. (1) Upon completion of an approved response action plan, the persons submitting the plan may apply for a certificate of completion from the department. The department shall provide notice of an application for certification of completion to interested persons and the public. The notice shall include a brief analysis of the application and indicate where additional information may be obtained. Public comment shall be accepted for a minimum of forty-five days from the date of the notice.

(2) The director shall grant or deny an application for certification of completion within ninety days of the application. If the director finds that all the provisions of the response action plan have been fully implemented, the director shall approve an application for certification of completion.

NEW SECTION. Sec. 12. REVIEW OF DECISIONS. (1) Within fifteen days of the director's disapproval or conditional acceptance of a response action plan pursuant to section 8 of this act, or at any time after approval of the plan, any potentially responsible party or combination of parties, which may be subject to the plan, may initiate an arbitration proceeding to resolve disputes concerning the plan or proposed plan by giving the department and all parties participating in the plan notice of the intent to arbitrate. Within fifteen days after denial of certification of completion of remedial action under section 11 of this act, any party who applied for certification may initiate an arbitration proceeding to resolve disputes concerning the certification of completion of the remedial action by giving the department and all parties participating in the plan notice of the intent to arbitrate. Decisions of the department regarding the amount or denial of public funding and regarding covenants not to sue are not subject to arbitration.

(2) A person with interests not otherwise represented at an arbitration proceeding may request to intervene in the proceeding for the purpose of presenting information to the arbitration panel. The arbitration panel shall grant intervenor status if it finds that additional information from such persons would be useful and relevant in reaching a decision. An intervenor shall have full rights to participate in the proceeding but shall not have the right to select an arbitrator.

(3) The department shall notify persons who commented on either the response action plan, the certification of completion, or the decision on a covenant not to sue when an arbitration has been initiated.

(4) An arbitration panel of three shall be chosen. One panel member shall be selected by the department, one by the potentially responsible party or parties, and the third by the first two members selected. To the extent possible, at least two arbitrators shall have experience and expertise in response action techniques and the financial and environmental consequences of implementation of response action plans. If within fifteen days after the date on which notice of intent to arbitrate is given, the department or any party is unable to agree on the method of selecting the panel members or on the rules for the operations of the panel, the department or any party may petition the superior court of Thurston county to promulgate rules to govern the selection of the panel members and the operations of the panel. If the court considers it appropriate, it may apply the procedures of the American Arbitration Association.

(5) The arbitrators shall: (a) Establish a time schedule for expedient resolution of the dispute, (b) allow for the presentation of both written and oral testimony and discovery procedures to supplement the agency's administrative record, and (c) issue findings of fact and conclusions as part of the panel decision. Proceedings may be informal, and the parties need not adhere to the rules of evidence for superior court. The panel's decisions shall be based on findings and conclusions and shall be by majority vote. The decision of the department shall be upheld unless the party challenging such decision, or the intervenor, demonstrates by clear
and convincing evidence that the decision of the department was incorrect or otherwise inconsistent with the provisions of this chapter. Costs, including reasonable expert and attorney's fees, of the arbitration shall be assessed by the arbitrators against each party or intervener with potential liability under this chapter, in an amount reflecting the degree to which each party failed to prevail in its position in the decision of the arbitrators.

(6) If a responsible party or the department appeals the arbitration decision to the court and fails to improve its position, the court shall assess costs and attorney's fees of the defending parties against the party that appeals.

(7) For purposes of subsections (1) through (6) of this section, 'party' means the department or a responsible party initiating arbitration in accordance with subsection (1) of this section.

(8) There shall be no right to judicial review of the department's or arbitration panel's decision regarding approval, conditional approval, or rejection of a proposed response action plan or its completion; the certification of completion of a remedial action; or the grant or denial of a covenant not to sue except as provided in this section.

(9) Any person aggrieved: (a) By the acceptance, conditional acceptance, or rejection of a voluntary response action plan under section 8 of this act; (b) by the grant or denial of an application for certification of completion under section 11 of this act; or (c) by the grant, denial, or limitation of a covenant under section 9 of this act shall have a right to judicial review of the department's decision. Review shall be sought within sixty days of the final action of the department in the superior court for Thurston county. The appealing parties shall show by clear and convincing evidence that the rejection or acceptance of the plan or application for certification of completion or granting, denying, or limiting the covenant was incorrect or otherwise inconsistent with the purposes of this chapter. If a request for arbitration is made pursuant to subsection (1) of this section, direct appeals pursuant to this subsection shall be stayed pending resolution of the arbitration and court review on matters arbitrated shall then be limited to a review of the record of arbitration. Any appeal of an arbitration decision issued under this chapter shall be of the record of the arbitration decision only and there shall be no right to a trial de novo. The arbitration panel's decision shall be upheld unless the court finds it to be clearly erroneous. Appeals shall be heard on the civil motion calendar and expedited to the maximum extent possible consistent with due process of law.

(10) Where the circumstances of a particular case indicate that a party to an unsuccessful suit has sought judicial review as a means of delay, the court may assess, as a penalty, any economic gain such party may have realized through such delay.

NEW SECTION. Sec. 13. NOTIFICATION/RETENTION OF RECORDS. (1) Any person (a) in charge of a vessel from which a reportable quantity of hazardous substance is released into or upon the waters of this state or adjoining shorelines; or (b) in charge of a vessel from which a reportable quantity of hazardous substance is released which may affect natural resources belonging to, pertaining to, or under the exclusive management authority of the state; or (c) in charge of a facility from which a reportable quantity of hazardous substance is released who fails to notify immediately the department as soon as he or she has knowledge of such release, or who knowingly submits a false or misleading notice shall, upon conviction, be fined not more than twenty-five thousand dollars, or imprisoned for not more than three years, or not more than five years in the case of a second or subsequent conviction, or both. Notification received pursuant to this section, or information obtained by the notification, shall not be used against any such person in any criminal case, except a prosecution for perjury or for giving a false statement.

(2) Beginning with the effective date of this section, for fifty years thereafter, or for fifty years after the date of establishment of a record, whichever is later, or at any such earlier time if a waiver is obtained from the department, it shall be unlawful for any person knowingly to destroy, mutilate, erase, dispose of, conceal, or otherwise render unavailable, unreadable, or falsify any records of the type which the department may by rule identify as necessary. Any person who violates this subsection shall, upon conviction, be fined not more than twenty-five thousand dollars or imprisoned not more than three years, or five years in the case of a second or subsequent conviction, or both. If a business entity ceases operation before this period has expired other than by transfer of business operations to another entity, its obligations and the obligations of any of its employees under this subsection shall be terminated upon providing the department notice of ceasing operations and access to its records for one hundred twenty days prior to their destruction or disposal, unless the department agrees to a lesser period.

NEW SECTION. Sec. 14. ENFORCEMENT. (1) Whenever, in the opinion of the director (a) a person is responsible for a release or threatened release of a hazardous substance; (b) that person has been notified of its potential responsibility pursuant to section 7 of this act; and (c) that person has not submitted or implemented a response action plan pursuant to section 8 of this act, the director may seek injunctive or other judicial relief or issue such order or directive as it deems appropriate under the circumstances, and serve the order on that person personally or by registered mail. Such an order is not appealable pursuant to chapter 43.21B RCW.

(2) Whenever the director determines an emergency exists that requires immediate action to protect human health or the environment, the director may (a) issue such order or directive as appropriate under the circumstances, without first giving notice or otherwise allowing
response action as set forth in subsection (1) of this section; or (b) request the attorney general to secure such relief as may be necessary to abate such danger or threat, and the superior court of the district in which the threat occurs shall have jurisdiction to grant such relief as the public interest and the equities of the case may require.

NEW SECTION. Sec. 15. CIVIL PENALTIES. (1) Any person who violates any provision of an approved response action plan, or who fails to submit a proposed response action plan pursuant to section 8 of this act may be subject to a civil penalty of up to ten thousand dollars per day for each day of violation. Each and every such violation shall be a separate and distinct offense, and in the case of a continuing violation, every day’s continuance shall be a separate offense. Every act of commission or omission which procures, aids, or abets in the violation shall be subject to such a penalty. The penalty shall be imposed and appealed pursuant to RCW 90.48.144.

(2) In determining the amount of any penalty assessed pursuant to this section, the director shall take into account the nature, circumstances, extent, and gravity of the violation or violations and, with respect to the violator, any prior history of such violations, the degree of culpability, economic benefit or savings, if any, resulting from the violation, and such other matters as justice may require.

(3) Any person against whom a civil penalty is assessed under this section may obtain review thereof before the pollution control hearings board by filing a notice of appeal within thirty days from the date of such order, and by simultaneously sending a copy of such notice by certified mail to the director.

(4) If any person fails to pay an assessment of a civil penalty after it has become a final and unappealable order, the director may request the attorney general to institute a civil action in Thurston County superior court or other appropriate court to collect the penalty, and such court shall have jurisdiction to hear and decide any such action.

NEW SECTION. Sec. 16. THIRD PARTY ACTIONS. (1) Any person aggrieved by an action or inaction of a potentially responsible party which may result in a release of a hazardous substance that presents an imminent and substantial endangerment to health or the environment may bring an action in superior court to compel the potentially responsible party to comply with the provisions of this chapter. Before any action may be brought, the person aggrieved shall mail by certified mail a notice of intent to sue to the director of the department, who shall be allowed thirty days to negotiate or mediate a resolution to the dispute before any action may be filed.

(2) Any person aggrieved by the release or threat of release of a hazardous substance may commence a civil action against any person who fails to comply with an approved response action plan to carry out a response action.

(3) No action may be commenced under this section where:

(a) The department is diligently prosecuting a judicial action or pursuing administrative action under this chapter to force a potentially responsible party to respond to the release or threatened release of hazardous substances under this chapter; or

(b) The department is diligently pursuing response action against the release of the hazardous substances.

(4) Any person aggrieved who prevails in an action brought under this section shall be entitled to reasonable attorneys’ fees and costs.

(5) Nothing in this chapter affects or impairs any right under any other statute or under the common law to bring a legal action relating to the release or threatened release of hazardous substances.

NEW SECTION. Sec. 17. RESPONSE ACTION CONTRACTOR LIABILITY. (1) A person who is a response action contractor, or a person employed by any public body who provides services relating to response action, and who is working within the scope of the person’s employment with respect to any release or threatened release of a hazardous substance, pollutant, or contaminant from a facility shall not be liable under this chapter, under any other state or local law, or under common law to any person for injuries, costs, damages, expenses, or other liability, including, but not limited to, claims for indemnification or contribution, and claims by third parties for death, personal injury, illness, or loss of or damage to property or economic loss, that results from such release or threatened release. This subsection shall not apply in the case of a release or threatened release that is caused by conduct of the response action contractor that is negligent, grossly negligent, or that constitutes intentional misconduct.

(2) Nothing in this section affects the liability of any person under any warranty under state law, or the liability of an employer who is a response action contractor to any employee of such employer under any provision of law.

(3) The director may agree to hold harmless and indemnify any response action contractor meeting the requirements of this section against any liability, including the expenses of litigation or settlement, for negligence arising out of the contractor’s performance in carrying out response action activities under this chapter, unless the liability was caused by conduct of the contractor that was grossly negligent or that constituted intentional misconduct. Indemnification under this subsection shall apply only to response action contractor liability that results from a release or threatened release of any hazardous substance, pollutant, or contaminant if the
release arises out of response action activities. An indemnification agreement under this sub-
section shall include deductibles and shall place limits on the amount of indemnification to be
made available.

(4) The exception provided under subsection (1) of this section, and the authority of the
director to offer indemnification under subsection (3) of this section shall not apply to any per-
son covered by the provisions of section 5(1) of this act.

(5) A person retained or hired by a potentially responsible party shall be eligible for con-
sideration for indemnification under subsection (3) of this section only if the director specifically
approves the response action being implemented.

NEW SECTION. Sec. 21. ASSISTANCE FOR PUBLIC PARTICIPATION. (1) It one hundred or
more persons who may be adversely affected by the failure to undertake an adequate
response action petition the department for assistance. the department may grant moneys
which releases shall be subject to the reporting and notification requirements under subsections
(3) and (4) of this section before recording the documents effecting the transfer.

(2) Where any response action has been conducted or approved by the department with
respect to any release or threatened release of a hazardous substance and the director has
determined that the response action has been completed in accordance with section 11 of
this act, the director shall declare in writing that the response action has been completed. The
declaration shall be promptly filed with the records of real property kept by the auditor at the
county in which the property is located.

(3) The owner of real property, whether public or private nonresi-
dential real property upon which a release of a hazardous substance as defined in subsection
(4) of this section has been found by the department to have occurred shall place a notice in
the records of real property kept by the auditor of the county in which the property is located.
The notice shall: (a) identity the property; (b) identify the owner of the property; and the person
causing the notice to appear; (c) state that a release of a hazardous substance occurred on the
property; (d) state the date the release occurred; and (e) direct further inquiries to the depart-
ment. The department shall maintain records that identify the response action taken and the
hazardous substance or substances released for each response action that has been conducted
or approved by the department. Any person with an interest in the property, injured by the
failure of a property owner to comply with this section, may recover damages for that injury
by filing an action in superior court for the county in which the release occurred.

(2) Where any response action has been conducted or approved by the department with
respect to any release or threatened release of a hazardous substance and the director has
determined that the response action has been completed in accordance with section 11 of
this act, the director shall declare in writing that the response action has been completed. The
declaration shall be promptly filed with the records of real property kept by the auditor of the
county in which the property is located and shall identify the property, the owner of the prop-
erty, and the date the release occurred. The declaration shall also be provided to interested
persons and the public.

(3) The owner of real property, whether public or private, transferring any right, title, or
interest in the property shall provide, before recording the documents effecting the transfer, a
written statement to the person's transferee describing any release of a hazardous substance as
defined in subsection (4) of this section which the owner knows to have occurred for the prior
twenty years on the property being transferred. Unless otherwise agreed by seller and pur-
chaser, any purchaser injured by the failure of any owner of real property to provide the
statement referred to in this subsection, or injured by the failure of an owner of real property to
provide the statement referred to in this subsection before recording the documents effecting
the transfer, is entitled to recover damages for that injury by filing an action in superior court for the county in which the release occurred.

(4) The department shall determine by rule, consistent with the purposes of this chapter,
which releases shall be subject to the reporting and notification requirements under subsections
(1) and (3) of this section. This rule shall limit required reporting under this section to those
releases that are of a magnitude that would cause a long-term adverse threat to the
environment.

NEW SECTION. Sec. 20. FRAUD. If a potentially responsible party commits fraud on the
department or another potentially responsible party in a proposed response action plan, in a
request for a covenant not to sue, or in an application for a certificate of completion, then any
limitation on liability or covenant not to sue otherwise provided is void, and the injured person
may recover treble the actual damages sustained.

NEW SECTION. Sec. 21. ASSISTANCE FOR PUBLIC PARTICIPATION. (1) If one hundred or
more persons who may be adversely affected by the failure to undertake an adequate
response action plan petition the department for assistance, the department may grant moneys
from the account established by section 30 of this act necessary to facilitate participation of a
representative of those petitioning in the activities under this chapter.
(2) Grants may be made available to facilitate public participation in activities authorized by sections 8, 9, and 11 of this act.

(3) Grants may be made available to facilitate public participation in other activities under this chapter if, in the discretion of the department, such participation will expedite compliance with the purposes of this chapter.

(4) Grants shall not exceed fifty thousand dollars for any one site.

(5) The department shall implement this section in a manner that furthers public participation in the activities authorized by this chapter.

NEW SECTION. Sec. 22. A new section is added to chapter 43.21C RCW to read as follows:

SEPA EXEMPTION. The detailed statement and other procedural requirements of this chapter shall not be applicable to investigative or response activities undertaken by the state or authorized or ordered by the state under chapter 70.105A RCW.

NEW SECTION. Sec. 23. EXEMPTION FROM PERMITS. Any person acting under an approved response action plan or the department undertaking a response action shall be exempt from the procedural and substantive requirements of state and local laws which would otherwise be applicable to such response action, including those requirements imposed by chapters 70.94, 70.105, 90.03, 90.44, 90.48, and 90.58 RCW.

NEW SECTION. Sec. 24. A new section is added to chapter 70.94 RCW to read as follows:

EXEMPTION FROM PERMITS. Any person acting under an approved response action plan or the department undertaking a response action under chapter 70.105A RCW shall be exempt from the procedural and substantive requirements of this chapter.

NEW SECTION. Sec. 25. A new section is added to chapter 70.105 RCW to read as follows:

EXEMPTION FROM PERMITS. Any person acting under an approved response action plan or the department undertaking a response action under chapter 70.105A RCW shall be exempt from the procedural and substantive requirements of this chapter.

NEW SECTION. Sec. 26. A new section is added to chapter 90.03 RCW to read as follows:

EXEMPTION FROM PERMITS. Any person acting under an approved response action plan or the department undertaking a response action under chapter 70.105A RCW shall be exempt from the procedural and substantive requirements of this chapter.

NEW SECTION. Sec. 27. A new section is added to chapter 90.44 RCW to read as follows:

EXEMPTION FROM PERMITS. Any person acting under an approved response action plan or the department undertaking a response action under chapter 70.105A RCW shall be exempt from the procedural and substantive requirements of this chapter.

NEW SECTION. Sec. 28. A new section is added to chapter 90.48 RCW to read as follows:

EXEMPTION FROM PERMITS. Any person acting under an approved response action plan or the department undertaking a response action under chapter 70.105A RCW shall be exempt from the procedural and substantive requirements of this chapter.

NEW SECTION. Sec. 29. A new section is added to chapter 90.58 RCW to read as follows:

EXEMPTION FROM PERMITS. Any person acting under an approved response action plan or the department undertaking a response action under chapter 70.105A RCW shall be exempt from the procedural and substantive requirements of this chapter.

NEW SECTION. Sec. 30. STATE TOXICS CONTROL ACCOUNT. (1) The state toxics control account is hereby created in the state treasury. Money in the account may only be used in a manner consistent with this chapter. Money deposited in the account shall be administered by the department and shall be subject to legislative appropriation. Money placed in the account shall include: (a) Tax receipts as provided in section 46 of this act; (b) the hazardous waste fees under section 54 of this act; (c) costs of cleanup actions undertaken after the effective date of this section and recovered under this chapter or any other authority which allows such recovery; (d) penalties collected or recovered pursuant to this chapter; and (e) any other money appropriated to the account by the legislature. All earnings from investment of balances in the state toxics control account, except as provided in RCW 43.84.090, shall be credited to the account.

(2) Costs of cleanup actions undertaken prior to the effective date of this section and recovered under this chapter shall be deposited in the general fund.

(3) Money in the account may be used for the following activities: Public funding of response costs as provided in section 8(8) of this act; implementation of the hazardous and solid waste regulatory program under chapters 70.105 and 70.95 RCW and the hazardous waste cleanup program under this chapter; grants as provided in section 21 of this act; and water and health protection.

NEW SECTION. Sec. 31. TOXICS CONTROL RESERVE ACCOUNT. (1) The toxics control reserve account is hereby created in the state treasury. Money in the account shall be used solely for actions including cleanup or removing and remedying releases or threats of releases of hazardous substances by the state at sites for which a covenant not to sue has been entered into by the state. Money deposited in the account shall be administered by the department and shall be subject to legislative appropriation. All earnings from investment of balances in the toxics control reserve account, except as provided in RCW 43.84.090, shall be credited to the account.
(2) Beginning on July 1, 1988, and on July 1 of each year thereafter, the treasurer shall transfer three million dollars from the state toxics control account to the toxics control reserve account. This subsection applies only if on the July 1 date the tax rate under section 42 of this act is at thirty-one hundredths of one percent and the balance in the reserve account is less than twenty million dollars.

NEW SECTION. Sec. 32. TOXICS CONTROL RESPONSE ACCOUNT. The toxics control response account is hereby created in the state treasury to be used exclusively to fund response actions for nonparticipating and orphan shares, the latter of which include shares of persons who are bankrupt, insolvent, or otherwise unavailable for payment. The state treasurer shall deposit into the toxics control response account from the toxics control account for the biennium ending June 30, 1989, the sum of twenty-one million two hundred seventy-eight thousand dollars. Any funds remaining at the end of each fiscal biennium in this account shall be deposited in the toxics control reserve account.

NEW SECTION. Sec. 33. LOCAL TOXICS CONTROL ACCOUNT. (1) The local toxics control account is hereby created in the state treasury.

(2) All tax receipts deposited in this account under section 52 of this act shall be placed by the state treasurer in a bond reimbursement subaccount and used only to reimburse the general fund for all costs of bond redemption, including principal and interest, with respect to bonds the proceeds of which have been placed in the bond proceeds subaccount as provided in subsection (3) of this section.

(3) All proceeds of bond sales deposited in the account shall be placed by the state treasurer in a bond proceeds subaccount, and subject to appropriation by the legislature, shall be used for the following purposes: To pay for the appropriation provided in section 34(2) of this act; solid waste planning, management, regulation and enforcement; technical assistance to local governments on solid waste management practices; financial assistance for local toxics control projects; and health protection.

NEW SECTION. Sec. 34. APPROPRIATION TO THE DEPARTMENT OF ECOLOGY. (1) There is hereby appropriated from the state toxics control account to the department of ecology eleven million one hundred thousand dollars, or so much thereof as may be necessary, for the biennium ending June 30, 1989, to be allocated for the following purposes:

(a) Not to exceed five hundred thousand dollars for agricultural waste management programs.

(b) Not to exceed eight million six hundred thousand dollars for the ongoing implementation of the hazardous waste regulatory program authorized by chapter 70.105 RCW including, but not limited to, activities to permit and inspect hazardous waste facilities and to provide technical assistance to local governments in accordance with RCW 70.105.170 and 70.105.255; and local planning grants as provided in RCW 70.105.220 and 70.105.235.

(c) Not to exceed two million dollars for local enforcement grants.

(2) There is hereby appropriated from the local toxics control account to the department of ecology an amount not to exceed one hundred twenty-four million four hundred eleven thousand dollars, or so much thereof as may be necessary, for the biennium ending June 30, 1989, to be allocated for the following purposes:

(a) Not to exceed two million three hundred eleven thousand dollars for the ongoing implementation of the hazardous waste regulatory program authorized by chapter 70.105 RCW including, but not limited to, activities to permit and inspect hazardous waste facilities and to provide technical assistance to local governments in accordance with RCW 70.105.170 and 70.105.255; and local planning grants as provided in RCW 70.105.220 and 70.105.235.

(b) Not to exceed two million one hundred thousand dollars for the solid waste management activities including, but not limited to: State and local solid waste enforcement; the development and dissemination of technical assistance information for local governments regarding proper management and disposal of solid waste in accordance with RCW 70.95.100 and 70.95.263(2); and local planning grants as provided in RCW 70.95.130.

(c) Not to exceed one hundred twenty million dollars for grants and loans pursuant to section 36 of this act and the administrative costs of the bond issues.

(d) This subsection (2) is only effective to the extent that the proceeds from bond sales are deposited into the local toxics control account and can be used to pay for the appropriation.

(3) There is hereby appropriated from the state toxics control response account to the department of ecology, for the biennium ending June 30, 1989, an amount not to exceed twenty-one million two hundred seventy-eight thousand dollars, to be used exclusively for the purposes specified for the state toxics control response account under section 52 of this act.

NEW SECTION. Sec. 35. APPROPRIATION TO THE DEPARTMENTS OF REVENUE, COMMUNITY DEVELOPMENT, AND SOCIAL AND HEALTH SERVICES. (1) There is hereby appropriated from the state toxics control account to the department of revenue an amount not to exceed one hundred six thousand dollars, or so much thereof as may be necessary, for the biennium ending June 30, 1989, to administer the collection of revenues from the taxes imposed in sections 42 and 43 of this act.

(2) There is hereby appropriated from the state toxics control account to the department of community development an amount not to exceed eight hundred twenty-one thousand dollars.
The legislature shall not change the order of the priorities recommended for funding by the department.

Definitions in this chapter shall be allocated for the following purposes:

(a) Not to exceed two hundred sixty-six thousand dollars to test public drinking water supplies for organic chemicals.

(b) Not to exceed six hundred sixty-eight thousand dollars to monitor drinking water supplies potentially affected by hazardous waste releases.

(c) Not to exceed five hundred eighty-four thousand dollars to health risk assessments, health monitoring activities, and health information services for communities surrounding a hazardous waste site.

NEW SECTION. Sec. 36. FINANCING LOCAL TOXICS CONTROL PROJECTS. In order to finance local toxics control projects and other local programs required by chapters 70.95 and 70.105 RCW, the department shall:

(1) Make grants or combinations of grants or low-interest loans to local governments from the local toxics control account or such other subaccounts for the purpose of assisting local governments to finance local toxics control projects and development of plans and/or programs as required by RCW 70.95.100, 70.95.130, 70.105.220, and 70.105.235. The department may charge such rates of interest on its loans to reimburse the account for administrative charges to carry out the grant purposes of this chapter. The department shall develop criteria based on the financial ability of the local government to determine the grants and/or combination grant and loan amounts. At least seventy-five percent of any bond proceeds deposited in the local toxics control account shall be disbursed as grants to local governments. Money received from local governments in repayment of loans made under this section shall be paid into the local toxics control account.

(2) Create such subaccounts in the local toxics control account as the department deems necessary to carry out the purposes of this chapter.

(3) Provide a method for the allocation of financial assistance.

NEW SECTION. Sec. 37. APPLICATION FOR FINANCIAL ASSISTANCE FOR LOCAL TOXICS CONTROL PROJECTS. To apply for financial assistance to initiate a response action the local government must have been notified by the department as a responsible party under section 7 of this act.

NEW SECTION. Sec. 38. CONDITIONS FOR FINANCIAL ASSISTANCE. As a condition to any financial assistance under section 36 of this act for a local toxics program, the department may require that a county or city will develop programs to:

(1) Increase reduction of solid waste;

(2) Achieve the recycling of solid wastes;

(3) Encourage waste reduction and recycling of moderate risk wastes, including education programs; and

(4) Implement collection programs for moderate risk waste.

The programs shall be incorporated into either an approved solid waste management plan in accordance with RCW 70.95.090 or an approved local hazardous waste management plan in accordance with RCW 70.105.220.

NEW SECTION. Sec. 39. PRIORITY PROCESS FOR LOCAL TOXICS CONTROL PROJECTS. (1) The department shall develop a priority process for grants or loans to help finance local government projects for implementing response action plans. The department shall consider at least the following factors in assigning a priority to a project:

(a) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(b) The cost of the project compared to the amount of funds available; and

(c) The fiscal condition of the local government.

(2) The department shall not sign contracts or otherwise financially obligate funds from the local toxics control account for local toxics control projects and local government response action plans before the legislature has appropriated funds for a specific list of such projects. The legislature may remove projects from the list recommended by the department. The legislature may charge the cost of the priorities recommended for funding by the department.

NEW SECTION. Sec. 40. INTENT. It is the intent of this chapter to levy a tax on all defined substances sold, used, consumed, handled, or distributed within this state. It is the further intent of this chapter to impose the tax only once for each defined substance, but nothing in this chapter exempts any person taxable under any other law.

NEW SECTION. Sec. 41. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Distributor' means (a) any person engaged in the business of selling defined substances in this state who brings, or causes to be brought, into this state from without the state any defined substance for sale, (b) any person who makes, manufactures, or fabricates defined substances sold, used, consumed, handled, or distributed within this state.
substances in this state for sale in this state, and (c) any person engaged in the business of selling defined substances without this state who ships or transports defined substances to persons in this state.

(2) 'Defined substance' means:

(a) All materials deemed hazardous substances according to section 101(14) of the federal comprehensive environmental response, compensation, and liability act of 1980 (42 U.S.C. Sec. 9601(14)) as amended by Public Law 99–499;

(b) Petroleum products; and

(c) Any other substance or category of substances determined by rule of the department of ecology to present a threat to the public health or welfare or the environment if released into the environment.

(3) 'Petroleum product' means every product derived from the refining of crude oil, including but not limited to, plant condensate, lubricating oil, gasoline, aviation fuel, kerosene, diesel motor fuel, benzol fuel oil, residual oil, liquefied or liquefiable gases such as butane, ethane, and propane, and every other product derived from the refining of crude oil. 'Petroleum product' does not include natural gas, asphalt, or petroleum coke.

(4) 'Previously taxed defined substance' means:

(a) A defined substance in respect to which tax has been paid under this chapter and which has not been remanufactured or reprocessed in any manner (other than mere repackaging) since the tax was paid. If a defined substance in respect to which a tax has been paid under this chapter becomes an ingredient or component of another substance and the new substance is not a defined substance, no additional tax under this chapter shall be paid on the new substance; or

(b) A petroleum product which has been refined from another petroleum product in respect to which a tax has been paid under this chapter. If a petroleum product has as an ingredient or component part a nonpetroleum product defined substance in respect to which tax has been paid under this chapter, the manufacturing, refining or processing of said petroleum product shall not cause additional tax liability under this chapter, on said defined substance or said petroleum product.

(5) 'Use,' 'used,' 'using,' or 'put to use' shall have their ordinary meaning and shall mean the first act within this state by which the taxpayer takes or assumes dominion or control over a defined substance, and shall include activities such as storage, withdrawal from storage, or any other act within this state of combining defined substances with other ingredients or components to produce a new product, regardless of whether the defined substance will be consumed or resold in the course of business.

(6) 'Wholesale value' means the established price for which a manufacturer sells a defined substance to a distributor. If a defined substance is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the substance or is sold under conditions wherein the purchase price does not represent the true wholesale value thereof, the wholesale value of the defined substance shall be determined as nearly as possible according to the wholesale selling price at the place of use of similar substances of like quality and character, in accordance with rules of the department.

(7) Except as otherwise specified in this chapter, the definitions in chapters 82.04, 82.08, and 82.12 RCW apply to this chapter.

NEW SECTION. Sec. 42. Sales tax imposed. (1) A tax is imposed upon each sale, handling, or distribution of a defined substance in this state by a distributor at the rate specified in subsection (3) of this section multiplied by the wholesale value of the defined substance. The tax shall be imposed at the time the distributor (a) brings, or causes to be brought, into this state from without the state defined substances for sale, (b) makes, manufactures, or fabricates defined substances in this state for sale in this state, or (c) ships or transports defined substances to retailers in this state, to be sold by those retailers.

(2) The tax imposed in this section does not apply to successive sales, handlings, or distributons of previously taxed defined substances.

(3) (a) The rate of tax under this section shall be thirty one-hundredths of one percent, except as provided otherwise under this section.

(b) If on the last day of any calendar quarter the balance in the toxics reserve account exceeds twenty million dollars, the rate under this section shall be twenty-four one-hundredths of one percent effective for taxable events occurring after the last day of the next calendar quarter. This reduced rate shall continue to be effective unless it is changed under (c) of this subsection.

(c) If, subsequent to a rate reduction under (b) of this subsection, on the last day of any calendar quarter the balance in the toxics reserve account is less than ten million dollars, then the rate under this section shall be thirty one-hundredths of one percent effective for taxable events occurring after the last day of the next calendar quarter.

(d) Subsection (2)(b) of this section shall expire and cease to be of any force or effect on the first day in which the rate is increased under subsection (2)(c) of this section.
NEW SECTION. Sec. 43. USE TAX IMPOSED. (1) A tax is imposed upon each use of a defined substance at the rate provided in section 42 of this act multiplied by the wholesale value of the defined substance.

(2) The tax imposed in this section does not apply to the use of previously taxed defined substances.

NEW SECTION. Sec. 44. RECORDS. Every distributor shall keep complete and accurate records of defined substances held, purchased, sold, manufactured, brought in, or caused to be brought in from without the state. The records shall contain information required by the department, which may include but is not limited to the seller’s name and address, the buyer’s name and address, the date of sale, and all prices and discounts. All books, records, and other papers and documents required under this section shall be preserved for a period of at least five years after the date of the entries appearing in the records. The requirements of this section are in addition to the requirements of RCW 82.32.070.

NEW SECTION. Sec. 45. CREDITS FOR TAXES. Credit for taxes paid under this chapter shall be made, in accordance with rules of the department, for:

(1) Defined substances which are delivered outside this state by the seller or the seller’s agents;

(2) Defined substances which are returned to the person who paid the tax on that defined substance under this chapter;

(3) Petroleum products which are exported for use outside this state as fuel, including fuel carried from this state in the fuel tank of any airplane, ship, truck, or other vehicle; and

(4) Defined substances consisting of alumina or which are destroyed by a distributor in a manner approved by the department of ecology.

NEW SECTION. Sec. 46. ADMINISTRATIVE PROVISIONS. Chapter 82.32 RCW applies to the taxes imposed in this chapter. Revenues from the taxes imposed in this chapter shall be deposited in the state toxics control account created in section 30 of this act.

Sec. 47. Section 1, chapter 175, Laws of 1982 and RCW 36.58.100 are each amended to read as follows:

SOLID WASTE DISPOSAL DISTRICT—AUTHORIZED—BOUNDARIES—POWERS—GOVERNING BODY. (1) The legislative authority of any county ((other than a class AA county)), or the council of any city or town, is authorized to establish ((one or more)) a solid waste disposal district((s)) within the county, city, or town for the purpose of providing and funding solid waste disposal services and solid waste disposal sites, as provided in this section. ((No solid waste disposal district may include any area within the corporate limits of a city or town unless the city or town governing body adopts a resolution approving inclusion of the area within its limits. The county legislative authority may modify the boundaries of the solid waste disposal district by the same procedure used to establish the district.)) A solid waste disposal district may be created to fund a disposal site or sites located within the district or to assist in funding, pursuant to interlocal agreement under chapter 39.34 RCW, a disposal site or sites operated by another establishing authority. Each solid waste disposal district shall develop and implement a comprehensive plan for funding all solid waste disposal sites within the district, entering into interlocal agreements, pursuant to subsection (1) of this section or finance their funding obligations through any of the following or combination of the following:

Adjustment of rates, sale of bonds, or allocation of other revenues.

(2) A solid waste disposal district created by a county legislative authority shall include only that part of the county, whether incorporated or unincorporated, which is served by the solid waste disposal site or sites which will be funded by the district, except that any area within a city or town shall be excluded if the legislative authority of the city or town elects to finance the city or town’s funding obligations through any of the following or combination of the following:

Adjustment of rates, sale of bonds, or allocation of other revenues.

(3) A city or town council may create a solid waste disposal district to fund a solid waste disposal site or sites which serve the city or town. If such site or sites also serve any other incorporated or unincorporated areas, the legislative authorities for those areas, upon request of the city or town, shall either create a solid waste disposal district pursuant to subsection (1) of this section or finance their funding obligations through any of the following or combination of the following:

Adjustment of rates, sale of bonds, or allocation of other revenues.

(4) If a city or town is included in a solid waste disposal district, the district must include the entire city or town.

(5) A solid waste disposal district may be dissolved by the ((county legislative)) establishing authority after holding a hearing as provided in RCW 36.58.110.

(6) As used in RCW 36.58.100 through 36.58.150 the term ((county includes all counties other than class AA counties)) ‘establishing authority’ means a legislative authority or council authorized to establish a solid waste disposal district under this section.

(7) A solid waste disposal district is a quasi-municipal corporation, an independent taxing ‘authority’ within the meaning of Article VII, section 1 of the state Constitution, and a ‘taxing district’ within the meaning of Article VII, section 2 of the state Constitution.

(8) A solid waste disposal district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or
hereafter be specifically conferred by statute: PROVIDED, That a solid waste disposal district shall not have the power of eminent domain.

(9) The (county legislative) establishing authority shall be the governing body of a solid waste disposal district. The electors of a solid waste disposal district shall be all registered voters residing within the district.

Sec. 48. Section 2, chapter 175, Laws of 1982 and RCW 36.58.110 are each amended to read as follows:

SOLID WASTE DISPOSAL DISTRICT—ESTABLISHMENT, MODIFICATION, OR DISSOLUTION—HEARING—NOTICE. (A county legislative) An establishing authority proposing to establish a solid waste disposal district or to modify or dissolve an existing solid waste disposal district shall conduct a hearing at the time and place specified in a notice published at least once not less than ten days prior to the hearing in a newspaper of general circulation within the proposed solid waste disposal district. This notice shall be in addition to any other notice required by law to be published. Additional notice of such hearing may be given by mail, posting within the proposed solid waste disposal district, or in any manner local authorities deem necessary to notify affected persons. All hearings shall be public and the (county legislative) establishing authority shall hear objections from any person affected by the formation, modification, or dissolution of the solid waste disposal district and make such changes (in the boundaries of the district or any other modifications that the county legislative) as the establishing authority deems necessary.

Sec. 49. Section 3, chapter 175, Laws of 1982 and RCW 36.58.120 are each amended to read as follows:

SOLID WASTE DISPOSAL DISTRICT—ESTABLISHMENT—ORDINANCE. No solid waste disposal district shall be established (within a county) unless the (county legislative) establishing authority determines, following a hearing held pursuant to RCW 36.58.110, that it is in the public interest to form the district and the (county legislative) establishing authority adopts an ordinance creating the solid waste disposal district and establishing its boundaries.

Sec. 50. Section 5, chapter 175, Laws of 1982 and RCW 36.58.140 are each amended to read as follows:

SOLID WASTE DISPOSAL DISTRICT—EXCISE TAX—LIEN FOR DELINQUENT TAXES AND PENALTIES. A solid waste disposal district may levy and collect an excise tax on the privilege of living in or operating a business in a solid waste disposal taxing district sufficient to fund its solid waste disposal activities.(PROVIDED, That any property which is producing commercial garbage shall be exempt if the owner is providing regular collection and disposal) including, but not limited to, costs for solid waste disposal operations, capital costs, and monitoring costs.

Any excise tax imposed under this section must be: (I) Imposed on all businesses and residences in the district, including but not limited to publicly and privately owned utilities; and (2) tax collected from each business and residence shall be the same.

Any revenues received under this section may be pledged for retirement of revenue bonds issued under RCW 36.58.150.

The excise tax shall be billed and collected by the establishing authority at times and in the manner fixed and determined by the (solid waste disposal district) establishing authority. Penalties for failure to pay the tax on time may be provided for. A solid waste disposal district shall have a lien for delinquent taxes and penalties, plus an interest rate equal to the interest rate for delinquent property taxes. The lien shall be attached to each parcel of property in the district that is occupied by the person so taxed and shall be superior to all other liens and encumbrances except liens for property taxes.

The solid waste disposal district shall periodically certify the delinquencies to the county treasurer at which time the lien shall be attached. The lien shall be foreclosed in the same manner as the foreclosure of real property taxes.

Sec. 51. Section 7, chapter 282, Laws of 1986 and RCW 82.18.020 are each amended to read as follows:

TAX IMPOSED. There is imposed on each person using the services of a refuse collection business a refuse collection tax equal to ((three and six-tenths)) nine and two-tenths percent of the consideration charged for the services.

Sec. 52. Section 9, chapter 282, Laws of 1986 and RCW 82.18.040 are each amended to read as follows:

COLLECTION OF TAX—PAYMENT TO STATE. Taxes collected under this chapter shall be held in trust until paid to the state. Taxes so received by the state shall be deposited as follows: (1) Taxes received as a result of a rate equal to three and six-tenths percent shall be deposited in the public works assistance account created in RCW 43.155.050; and (2) the remainder of the taxes received shall be deposited in the local toxics control account created in section 33 of this 1987 act. Any person collecting the tax who appropriates or converts the tax collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. If a taxpayer fails to pay the tax imposed by this chapter to the person charged with collection of the tax and the person charged with collection fails to pay the tax to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the tax.
The tax shall be due from the taxpayer within twenty-five days from the date the taxpayer is billed by the person collecting the tax.

The tax shall be due from the person collecting the tax at the end of the tax period in which the tax is received from the taxpayer. If the taxpayer remits only a portion of the total amount billed for taxes, consideration, and related charges, the amount remitted shall be applied first to payment of the refuse collection tax and this tax shall have priority over all other claims to the amount remitted.

The legislature on behalf of the state pledges to maintain and continue the tax rate increase provided by section 51 of this 1987 act and to place the tax revenues resulting therefrom in the local toxics control account for purposes of fully reimbursing the general fund for bond redemption costs, both principal and interest.

NEW SECTION. Sec. 53. HAZARDOUS WASTE NOTIFICATION. A new section is added to chapter 70.105 RCW to read as follows:

Any person who generates, transports, offers for transport, or transfers hazardous waste or who operates a hazardous waste transfer, storage, treatment, or disposal facility shall provide the department with notice of the person's intent to do so and shall obtain an environmental protection agency/state identification number. The department may adopt rules providing exemptions to this section consistent with the purposes of this chapter and chapter 70.105A RCW.

NEW SECTION. Sec. 54. HAZARDOUS WASTE FEE. A new section is added to chapter 70.105 RCW to read as follows:

(1) Every hazardous waste notifier shall pay to the department a hazardous waste fee to be calculated pursuant to subsection (2) of this section.

(2) The fee shall include the following:

(a) Twenty-five dollars for notification and request for an environmental protection agency/state identification number;

(b) Twenty-five dollars for cancellation of an environmental protection agency/state identification number;

(c) Fifty dollars per year for processing the annual report required by the department, provided, however, that no such fee shall be due in years when the annual report reports no wastes;

(d) An annual inspection charge in an amount to be set by the department pursuant to subsection (3) of this section; and

(e) A permit charge in an amount to be set by the department pursuant to subsection (4) of this section.

(3) The department shall set the inspection charge by rule as follows:

(a) The department shall collect inspection fees from individual notifiers. The fee charged to any notifier shall not exceed the maximum allowed in (e) of this subsection.

(b) The fee schedule pursuant to (e) of this subsection shall be based on the size, complexity, and type of facility or transporter to be inspected as set forth in (c) and (d) of this subsection;

(c) In determining the size of the facility, the following categories shall be used:

(i) Under five tons equals 'small';

(ii) Five to ten tons equals 'medium'; and

(iii) Over ten tons equals 'large'.

(d) In determining the complexity of the facility, the following categories, excluding those substances which are to be or have been recycled, and excluding contaminated soils and substances from spills, improper disposal, or other activities (as distinct from process), shall be used.

For the purposes of this section, 'waste stream' shall mean a hazardous waste which is different from any other hazardous waste produced or handled by a notifier at the notifier's site. Two hazardous wastes are different if they do not share the same waste identification number.

(i) 'Simple' facilities are those which produce or manage less than four waste streams.

(ii) 'Moderate' facilities are those which produce or manage between four and seven waste streams.

(iii) 'Complex' facilities are those which produce or manage more than seven waste streams.

(e) Annual fees assessed upon a notifier shall not exceed:

(i) For large, complex land disposal facilities, sixteen thousand dollars;

(ii) For small simple land disposal facilities, six thousand six hundred dollars;

(iii) For large complex treatment facilities, nine thousand two hundred dollars;

(iv) For small simple treatment facilities, one thousand nine hundred dollars;

(v) For large complex storage facilities, seven thousand three hundred dollars;

(vi) For small simple storage facilities, one thousand five hundred dollars;

(vii) For large complex transporters or generation facilities, four thousand seven hundred dollars;

(viii) For small simple transporters or generation facilities, four hundred dollars;

(ix) For medium simple transporters or generation facilities, fifteen hundred dollars;
(x) For facilities of medium size or moderate complexity, the department shall establish by
rule a maximum annual fee between four hundred and sixteen thousand dollars, relative to
and consistent with the limits in these subparagraphs (i) through (ix).

(4) The department shall set a permit charge for each notifier seeking a permit under this
chapter as follows:

(a) The charge shall be based on actual costs of permitting, as determined by a cost
accounting system which accurately accumulates such data for each permit applicant,
including overhead attributable to such costs of permitting.

(b) For each notifier seeking a permit, the department shall estimate the costs of the permit.
Beginning January 31, 1988, each notifier seeking a permit shall pay one-fifth of that cost esti­
mate. One-fifth shall be paid by January 31 of each subsequent calendar year except when
governed by (c) of this subsection.

(c) At the time the drafting of a permit is completed, the department shall inform the
notifier of the actual cost of the permit, as determined from an accurate cost accounting sys­
tem. If that amount, prorated over the five years, exceeds the amount paid up to that time by
the notifier, the department shall bill the notifier for the difference. If the amount owed is not
paid within thirty days, the department may deny the permit. The amount collected for each of
the remaining of the five years shall be adjusted accordingly. If the actual cost is less than the
amount paid by the notifier, the department shall refund the difference at the time the permit is
issued and the amount collected for each of the remaining of the five years shall be adjusted
accordingly. If the application process is ended without issuance of a permit, the department
shall refund any overpayment, and bill for any underpayment, within thirty days of when the
process is ended.

NEW SECTION. Sec. 55. A new section is added to chapter 70.105 RCW to read as follows:

(1) The fees required by section 54 of this act, when due and payable, shall bear interest at
the rate of nine percent per annum for each month (or portion thereof) that the fee is not paid.

(2) The department of ecology may levy civil penalties in the amount of up to five hundred
dollars for each day fees and interest due and owing under section 54 of this act are unpaid.

The procedures relating to levying and collection of penalties set forth in RCW 90.48.144 shall
be applied to penalties levied under this section. Moneys collected under this subsection shall
be placed in the hazardous waste control and elimination account.

(3) The attorney general is authorized to initiate such actions in the courts as are necessary
and appropriate to insure compliance with the provisions of this chapter.

NEW SECTION. Sec. 56. A new section is added to chapter 43.131 RCW to read as follows:

(1) The authority under chapter 70.105A RCW except for that under sections 31, 33, and 36
through 39 of this act shall terminate on June 30, 1997, as provided under section 57 of this act.

(2) The authority under chapter 82 RCW (sections 40 through 46 of this act) shall terminate
on June 30, 1997, as provided under section 57 of this act.

NEW SECTION. Sec. 57. A new section is added to chapter 43.131 RCW to read as follows:

(1) Chapter 70.105A, with the exception of sections 31, 33, and 36 through 39 of this act shall

(2) Chapter 82 RCW (sections 40 through 46 of this act) shall expire June 30, 1998.

NEW SECTION. Sec. 58. SEVERABILITY. If any provision of this act or chapter 70.105A RCW
or its application to any person or circumstances is held invalid, the remainder of the act or the
application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 59. LIBERAL CONSTRUCTION. This act and chapter 70.105A RCW are
exempt from the rule of strict construction and shall be liberally construed to give full effect to
the purposes for which they were enacted.

NEW SECTION. Sec. 60. CODIFICATION. (1) Sections 3 through 21, 23, 30 through 33, and 36
through 39 of this act shall be added to chapter 70.105A RCW.

(2) Sections 40 through 46 of this act shall constitute a new chapter in Title 82 RCW.

NEW SECTION. Sec. 61. SECTION CAPTIONS. Section captions as used in this act constitute
no part of the law.

NEW SECTION. Sec. 62. REPEALERS. The following acts or parts of acts are each repealed:

(1) Section 3, chapter 65, Laws of 1983 1st ex. sess., section 129, chapter 7, Laws of 1985 and
RCW 70.105A.030:

(2) Section 4, chapter 65, Laws of 1983 1st ex. sess. and RCW 70.105A.040;

(3) Section 5, chapter 65, Laws of 1983 1st ex. sess. and RCW 70.105A.050;

(4) Section 6, chapter 65, Laws of 1983 1st ex. sess. and RCW 70.105A.060;

(5) Section 7, chapter 65, Laws of 1983 1st ex. sess. and RCW 70.105A.070;

(6) Section 8, chapter 65, Laws of 1983 1st ex. sess. and RCW 70.105A.080;

(7) Section 13, chapter 65, Laws of 1983 1st ex. sess. and RCW 70.105A.090;

(8) Section 9, chapter 65, Laws of 1983 1st ex. sess. and RCW 70.105A.090; and

(9) Section 15, chapter 65, Laws of 1983 1st ex. sess. and RCW 70.105A.095.

NEW SECTION. Sec. 63. (1) The state treasurer shall transfer to the state toxics control
account the balance of all funds in the hazardous waste control and elimination account which
remain in this account immediately prior to the effective date of this section. Any person who,
by the effective date of this section, has not paid the fees and other amounts due under those
sections of chapter 70.105A RCW which are repealed by section 62 of this act shall continue to be obligated to pay such fees and amounts. All payments received after the effective date of this section shall be deposited into the state toxics control account. The provisions of those RCW sections which are repealed in section 62 of this act shall continue to apply to those fees and amounts which are due on the effective date of this section.

(2) The repeal of RCW 70.105A.030 shall be applied retroactively as of January 1, 1987, so that no person, as defined in RCW 70.105A.020, will have to pay any fee for 1987, collectible in 1988.

NEW SECTION. Sec. 64. EFFECTIVE DATE. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1987.

Mr. Bristow spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Bristow yielded to question by Mr. Jacobsen.

Mr. Jacobsen: Could you explain exactly what the amendment does?

Mr. Bristow: As I said before, I don't pretend to be an expert. But if you want to begin with me on page 4, lines 24 through 26 of the bill, it talks about crude oil and petroleum products as distinct from wastes that should not be covered by the liability provisions, so the amendment leaves those subject to taxes. The leases of crude oil and petroleum products are already covered by a multitude of state and federal environmental laws. On page 8, line 30, responsibility for petroleum and that the petroleum while it is a product is not a hazardous waste. On page 5, lines 23 through 35, legal applications of federally approved pesticides are not considered to be released. Applicators would not be held liable for federally approved usage of pesticides on page 11, lines 22 through 31.

On page 17, lines 10 through 18, cleanup standards composed of laws, regulations, rules and criteria have been amended here to insure that due process is observed as the department adopts criteria. On page 17, line 27, the department of ecology is being asked to approve response action, and cost effectiveness would be one of the factors that they are asked to consider as they approve response action. On page 19, lines 4 and 5, this would authorize the department of ecology access to the entire record of a cleanup when they are deciding whether or not to amend this plan. On page 19, lines 25 through 28, this portion of the amendment would bar suits for contribution after the department of ecology has agreed on a cleanup plan with the participating parties. Page 20, line 18, the language is deleted; the consequence of this is to authorize the court to consider the results of an arbitration. On page 28, lines 25 through 26, and page 29, lines 20 through 21, this changes the standards for review by arbitration to the same as was in the bill as it passed the House to make certain that an action was consistent with the act as we would pass it. On page 34, page 35, page 35-36, pages 25, 34 and 35 require the department to set up thresholds for sales that must be recorded through the county auditor so that we will know going in what must and must not be recorded with the county auditor. On the sale of new property, of a quart of oil or ten gallons of gasoline, does that then become required as part of your deed?

On page 39--this establishes a separate account from which the orphan shares will be paid. The idea here is that there will be clear accountability. We want to make certain that sites are cleaned up and I don't think that anyone here, whether they're supportive of the sponsor of the amendment, the sponsor of the original bill, any of the folks that signed on, hopefully myself and Representative Rayburn, would deny the fact that we need to do cleanup in this state. But we want to make certain that it's clear and that there is accountability for the use of orphan shares and the funds that are created to do that.

On page 44, line 18, this amendment avoids labelling taxed substances as hazardous and instead they are listed or called defined substances. On page 44, lines 29 and 30, to the extent that the taxes imposed on crude oil, refined oil brought into this state may escape the tax. So this amendment clarifies that all refined oil products are to be taxed in place of a hit or miss taxation on crude oil.

Page 50, lines 33 and 34, this amendment will assure that equality under the tax as authorized by this section takes place, so that all of the residents of a waste management district would be equally assessed. Beginning on page 52, line 27, and ending on page 55, line 13, this amendment caps the hazardous waste fees
and the amounts of this cap are consistent with Ecology's proposed fee schedule and this has been agreed to by the Department of Ecology as I understand it. That's the extent of my rather limited knowledge on this bill. I'm certain that it clarifies any questions you might have.

Representatives May, Hargrove, Rayburn, S. Wilson, Rasmussen, Schoon and Nealey spoke in favor of the amendment, and Representatives Unsoeld, Hine and Sprengle opposed it.

A division was called.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representative Britstow and others to Engrossed Second Substitute House Bill No. 434, and the amendment was adopted by the following vote: Yeas, 56; nays, 38; excused, 4.

The following amendment to the title was adopted:

On page 1, line 1 of the title, after "environment;" strike the remainder of the title and insert "amending RCW 70.105A.010, 70.105A.020, 36.58.100, 36.58.110, 36.58.120, 36.58.140, 82.18.020, and 82.18.040; adding a new section to chapter 43.21C RCW; adding a new section to chapter 70.105A RCW; adding a new section to Title 82 RCW; adding one new section to chapter 43.131 RCW; adding a new section to chapter 70.94 RCW; adding one new section to chapter 70.105 RCW; adding a new section to chapter 90.03 RCW; adding a new section to chapter 90.44 RCW; adding a new section to chapter 90.48 RCW; adding a new section to chapter 90.58 RCW; creating new sections; repealing RCW 70.105A.030, 70.105A.040, 70.105A.050, 70.105A.060, 70.105A.070, 70.105A.080, 70.105A.090, 70.105A.900, and 70.105A.905; prescribing penalties; making appropriations; providing an effective date; and declaring an emergency;".

The bill was ordered reengrossed and passed to Committee on Rules for third reading.

There being no objection, the House reverted to the fourth order of business.

INTRODUCTIONS AND FIRST READING

HB 1252 by Representatives Valle, Ebersole, Winsley, Pruitt, Ferguson, Wineberry, Lux, Brekke, Nealey, Schoon, Walker, Rasmussen, Cole, Moyer, Brooks, D, Sommers and Wang

AN ACT Relating to information about the prevention of acquired immune deficiency syndrome in the schools; adding a new section to chapter 28A.04 RCW; and adding a new section to chapter 28A.05 RCW.

Referred to Committee on Education.

HB 1253 by Representatives Zellinsky, Schmidt, Pruitt, Britstow, Meyers, J, Williams and S, Wilson

AN ACT Relating to solid waste transfer stations and waste reduction and recycling priorities; adding a new section to chapter 70.95 RCW; and creating a new section.

Referred to Committee on Environmental Affairs.

MOTION

On motion of Mr. McMullen, the bills on today's first reading calendar were referred to the committees designated.
Mr. Speaker:

The Senate has passed REENGROSSED SUBSTITUTE HOUSE BILL NO. 327 with the following amendments:

On page 40, line 9, strike "1,461,000" and insert "3,000,000"
On page 40, line 15, strike "3,500,000" and insert "5,039,000"
On page 120, after line 12, insert the following:

"For the purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated herein.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way."

On page 118, after line 43, insert the following:

"NEW SECTION. Sec. 914. The sum of two hundred thousand dollars or as much thereof as may be necessary, is appropriated to the office of financial management from the state building construction account.

The appropriation in this section is subject to the following conditions and limitations:

The office of financial management shall conduct a study on improving the state's capital planning and budgeting process and shall submit a report to the state legislature by January 1, 1988, with appropriate recommendations, plans, and proposed legislation that would establish comprehensive capital planning guidelines and criteria by which state agencies would prepare their six-year capital plans and by which the office of financial management shall conduct reviews and revisions of agency capital budget plans, including lease and lease development projects. These guidelines shall provide for at least the following categories and criteria under which capital requests shall be grouped and evaluated:

(1) NEW CAPITAL PURCHASE, LEASE, AND LEASE DEVELOPMENT REQUESTS: The criteria for evaluating such requests should include changes in workload volumes, service levels, resource requirements necessary to support changes in workload or service levels, and cost-benefit analysis to determine the feasibility of the request as well as the advantages of leasing versus purchasing and vice versa;

(2) REPLACEMENT OF EXISTING CAPITAL ASSETS: The criteria for evaluating such requests should include the alleviation of hazardous conditions in accordance with life-safety and building code requirements, and alleviation of the inability to maintain economically the asset as determined by appropriate cost and feasibility studies;

(3) MAJOR MAINTENANCE: The criteria for evaluating such requests should include, but not be limited to compliance with life-safety and building code requirements, energy conservation, alleviation of overcrowded space conditions, avoidance of waste and deterioration, and enhancements to working conditions;

(4) COMMUNITY AND ECONOMIC DEVELOPMENT (i.e. grants, subsidies, loans, and entitlements to local governments). The criteria for evaluating such requests should include quantifiable measurements for determining the extent to which the project or program meets the goals, objectives, or intent of its authorizing legislation;

(5) OTHER:

(a) Avoiding duplication or waste by coordinating program and project plans and schedules;

(b) Taking advantage of economies of scale by sharing program and project costs; and

(c) Advertising and awarding program and project funds or bids under one rather than multiple contract proposals."

Renumber the remaining sections consecutively and correct any internal references accordingly.

and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

MOTION

Mr. Bristow moved that the House do concur in the Senate amendments to Reengrossed Substitute House Bill No. 327.

Mr. Bristow spoke in favor of the motion, and it was carried.
FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker stated the question before the House to be the final passage of Reengrossed Substitute House Bill No. 327 as amended by the Senate.

Mr. B. Williams spoke against final passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Reengrossed Substitute House Bill No. 327 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 64; nays, 30; excused, 4.

Excused: Representatives Bumgarner, Doty, Hankins, Miller - 4.

Reengrossed Substitute House Bill No. 327 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE SENATE

May 18, 1987

Mr. Speaker:

The Senate has adopted the report of the Free Conference Committee on ENGROSSED SUBSTITUTE HOUSE BILL NO. 1221, and has passed the bill as amended by the Free Conference Committee, and the same is herewith transmitted.

Sidney R. Snyder, Secretary

REPORT OF FREE CONFERENCE COMMITTEE

May 17, 1987

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1221, revising the 1987-89 omnibus appropriations act, have had the same under consideration, and we recommend that the bill be amended as follows and that the amended bill do pass:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) A budget is hereby adopted and, subject to the provisions set forth in the following sections, the several amounts specified in the following sections, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for salaries, wages, and other expenses of the agencies and offices of the state and for other specified purposes for the fiscal biennium beginning July 1, 1987, and ending June 30, 1989, except as otherwise provided, out of the several funds of the state hereinafter named.

(2) Unless the context clearly requires otherwise, the definitions in this section apply throughout this act.

(a) 'Fiscal year 1988' or 'FY 1988' means the fiscal year ending June 30, 1988.
(b) 'Fiscal year 1989' or 'FY 1989' means the fiscal year ending June 30, 1989.
(c) 'Provided solely' means the specified amount may be spent only for the specified purpose. Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose which is unnecessary to fulfill the specified purpose shall revert.
(d) 'Revert' or 'lapse' means the amount shall return to an unappropriated status.
(e) 'FTE' means full time equivalent.

NEW SECTION. Sec. 2. Agencies receiving appropriations under this act shall not initiate any services that will require expenditure of state general fund moneys except as expressly authorized in this act unless the services were provided on March 1, 1987. Agencies may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the
program in excess of amounts anticipated in this act and, in the case of unanticipated unrestrict- 
icted federal moneys, as long as an equal amount of appropriated state general fund mon-
ey is placed in a reserve status. Unrestricted federal moneys shall be used, to the maximum 
extent permitted under federal law, to replace state general fund moneys appropriated under 
this act for the biennium ending June 30, 1989. As used in this subsection, 'unrestricted federal 
moneys' includes block grants and other funds that federal law does not require to be spent on 
explicitly defined projects or matched on a formula basis by state funds.

NEW SECTION. Sec. 3. For agencies for which the governor has allotment authority, the 
office of financial management shall limit expenditures for personal services contracts, goods 
and services, travel, and furnishings and equipment so that total general fund—state 
expenditures for such agencies are $18,000,000 less than the total of the general fund—state 
appropriations for such agencies.

PART I 
GENERAL GOVERNMENT

NEW SECTION. Sec. 101. FOR THE HOUSE OF REPRESENTATIVES
General Fund Appropriation ........................................ $ 44,349,000

NEW SECTION. Sec. 102. FOR THE SENATE
General Fund Appropriation ........................................ $ 29,631,000

(1) $3,337,000 is provided solely for the indigent appeals program.

(2) $110,000 is provided solely for the creation of the public defender task force. The 
supreme court shall compile a list of three qualified persons from which the governor shall 
appoint the director of the public defender task force. Qualifications of the director shall 
include admission to the practice of law in this state for at least five years and experience in 
the representation of persons accused of crime. The director shall be paid a salary fixed by the 
governor under RCW 43.03.040. To assist the director in carrying out the duties of the position, 
there is created a public defender task force consisting of the following members: One member 
appointed by both the associations of cities and counties; one member appointed by the Washington 
state bar association; one member appointed by both the Washington appellate 
defender association and the Washington defender association; one member appointed by the Washington 
association of prosecuting attorneys; one member appointed by the judiciary; two 
members appointed by the president of the senate who shall not be members of the same
political party; and two members appointed by the speaker of the house of representatives who shall not be members of the same political party. Members of the task force shall serve without compensation but shall be reimbursed for travel expenses under RCW 43.03.050 and 43.03.060.

The director shall, with the assistance of the task force, review the current system for providing appellate representation to indigent persons in criminal cases, civil commitment proceedings, and cases involving a disposition in a juvenile offense proceeding. The director shall by January 1, 1989, report to the judiciary committees of the house of representatives and senate with a plan for an effective and efficient program for delivering indigent defense services state-wide in trial court, the court of appeals, and the supreme court. In criminal cases, civil commitment proceedings, and cases involving a disposition in a juvenile offense proceeding. The plan shall include: Guidelines for determining who is eligible to receive legal services under the program, an estimate of resources needed to carry out the program at the trial and appellate court levels, and recommendations for mandatory pro bono publico participation by private attorneys.

NEW SECTION. Sec. 108. FOR THE LAW LIBRARY

NEW SECTION. Sec. 202. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) Appropriations made in this act to the department of social and health services shall be initially allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act, nor shall allotment modifications permit moneys which are provided solely for a specific purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that will require expenditure of state general fund moneys except as expressly authorized in this act, unless the services were provided on March 1, 1987. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act, and an equal amount of appropriated state general fund moneys shall lapse. As used in this subsection, 'unrestricted federal moneys' includes block grants and other funds that federal law does not require to be spent on explicitly defined projects or matched on a formula basis by state funds.

(3) The department of social and health services is authorized to expend federal funds made available by the federal immigration reform and control act, P.L. 99-603, for the purposes contained in that act.

(4) The department of social and health services shall not revise eligibility criteria for any of its programs or services in a manner which will increase the number of eligible persons or the general fund—state expenditures for the program or service unless specifically authorized by this act. To the extent that revisions to eligibility criteria are required by federal or state statute or court order, including the setting of need standards for public assistance recipients, such revisions shall be reviewed by appropriate committees of the legislature prior to implementation.

(5) If Engrossed Senate Bill No. 5097 is enacted by June 30, 1987, the department shall administer the lifeline fund established under the bill and shall recover its administrative costs from the fund. Payments to local exchange companies shall not exceed amounts available in the lifeline fund.

(6) The department shall implement the plan for performance-based contracts developed under sections 203(e) and 204(1)(c), chapter 6, Laws of 1985 ex. sess., whereby a portion of vendor payments for private group care and other community residential placements shall reflect achievement of client outcome standards. The department shall report on implementation of the plan to the ways and means committees of the senate and house of representatives by December 15, 1987, and December 15, 1988.

(7) The appropriations in sections 203, 208, 210, 213, 214, and 215 of this act shall be expended as provided in each section, except that the department may expend money, appropriated for other purposes, for the family independence program only after approval by the director of financial management. The director of financial management shall notify the ways and means committees of the senate and house of representatives regarding deviation from the legislative program appropriation levels.

(8) The department shall report monthly unit cost performance data for all budget units, including comparisons to previous periods, to the legislative evaluation and accountability program committee on a quarterly basis.

The appropriations in this section are subject to the following conditions and limitations:

1. Vendor rate increases shall average 2.0 percent on September 1, 1987, and 4.0 percent on September 1, 1988. Department contracts for group home services, therapeutic day care, seasonal day care, and domestic violence shelters shall provide for and assure payment of compensation for staff of no less than $4.76 per hour beginning September 1, 1987, and $5.15 per hour beginning September 1, 1988.

2. $7,500,000 of the general fund—state appropriation is provided solely for the improvement of services to protect children. $5,035,000 of the amount provided in this subsection is provided solely for increased child protective services and child welfare casework staff, necessary support and supervisory staff, and assistant attorneys general to provide legal services for child protective services cases. The department shall conduct intensive recruitment and priority hiring of qualified multi-ethnic casework staff. $400,000 of the amount provided in this subsection is provided solely for training for child protective services and child welfare staff who investigate and serve child abuse and neglect cases. $2,425,000 of the amount provided in this subsection is provided solely to implement the provisions of Engrossed Second Substitute House Bill No. 586 which establish a pilot project in order to guide the state in developing a comprehensive system of children and family services. If the bill is not enacted by June 30, 1987, this amount shall lapse. The department shall report to the ways and means and human services committees of the senate and house of representatives on implementation of this section by January 15, 1988. The report shall include the following information:

(a) The effectiveness of providing additional casework, support staff, and other services provided in this section in reducing and refocusing the workload of child protective services caseworkers;

(b) The impact on caseloads of hiring child protective services support staff, including clerical support, assistant attorneys general, eligibility determination specialists, and public health nurses; and

(c) The number and classifications of staff and the level and types of additional services for which the moneys in this section are used.

3. $1,000,000 of the general fund—state appropriation is provided solely for the expansion of therapeutic day care.

4. $2,160,000 of the general fund—state appropriation is provided solely for public health nurses to provide prevention and early intervention services for the protection of children, and to assist in the investigation of low-risk child abuse and neglect referrals.

5. $600,000 of the general fund—state appropriation is provided solely to increase private agency fees in connection with foster care placements, effective July 1, 1987.

6. $400,000 of the general fund—state appropriation is provided solely for expansion of current contracted community services to prevent the occurrence or recurrence of family conflict, abuse, or out-of-home placements.

7. $1,000,000 of the general fund—state appropriation is provided solely for training and support for families providing foster care services.

8. $300,000 of the general fund—state appropriation is provided solely to fund counseling, education, and support for victims of sexual abuse.

9. $500,000 of the general fund—state appropriation is provided solely to increase contracted Indian child welfare services.

10. $1,298,000 of the general fund—state appropriation is provided solely for financial eligibility workers to ensure that every child in foster care who is eligible for federal financial participation under Title IV, Part B, or Title IV, Part E of the federal social security act is identified. Any federal moneys generated by this activity in excess of the amount appropriated in this section shall be expended for foster care services and a like amount of state moneys shall lapse.

11. $93,000 of the general fund—state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 6013. If the bill is not enacted by June 30, 1987, the amount provided in this subsection shall lapse.

12. A maximum of $332,000, of which $275,000 is from the general fund—state appropriation, and 7.8 full time equivalent staff may be transferred from the division of children and family services to the administration and supporting services program to consolidate the social service payment system. If this transfer affects the comparability of historical expenditure information at the program, category, or budget-unit level, the department shall reconstruct historical data for the preceding six years.

13. $125,000 is provided solely for the purpose of implementing Engrossed Second Substitute Senate Bill No. 5252. If the bill is not enacted by June 30, 1987, the amount provided in this subsection shall lapse.

mentation of a mentally ill offender unit at Echo Glen children's center.
(b) The department shall develop a ten-year plan to include operating and capital costs
of using Green Hill school to house level I and the more serious level II offenders. The plan may
include other viable options to handle the increasing numbers of violent offenders entering the
juvenile rehabilitation institutions. The plan shall be presented to the ways and means commit-

(3) PROGRAM SUPPORT
General Fund Appropriation—State . . . . $ 2,788,000

NEW SECTION, Sec. 205. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—
MENTAL HEALTH PROGRAM
(1) COMMUNITY SERVICES
General Fund Appropriation—State $ 118,388,000
General Fund Appropriation—Federal $ 40,738,000
General Fund Appropriation—Local $ 1,580,000
Total Appropriation $ 160,706,000
The appropriations in this subsection are subject to the following conditions and limitations:
(a) Vendor rate increases shall average 2.0 percent on September 1, 1987, and 4.0 percent
on September 1, 1988. Community mental health centers and residential services providers
shall provide for and assure payment of compensation for staff of no less than $4.76 per hour
beginning September 1, 1987, and $5.15 per hour beginning September 1, 1988.
(b) $2,690,000, of which $2,383,000 is from the general fund—state appropriation is pro-
vided solely for the Kitsap mental health services residential treatment alternative project. The
state reimbursement rate shall not exceed $200 per client day and treatment for individual cli-
ents shall not exceed 180 days. All eligible involuntary treatment referrals shall be made to the
project. No involuntary treatment referrals of Kitsap county residents may be made to Western
state hospital. The maximum reimbursement rate to Kitsap county hospitals shall be $250 per
day per patient. Within the amount provided in this subsection, in an effort to reduce
recommitments to psychiatric hospitals and evaluation and treatment facilities, $500,000, of
which $443,000 is from the general fund—state appropriation, is provided solely for a Kitsap
mental health services outreach case management team. The services provided shall include
participation with the court in formulation of conditions of conditional release and less restric-
tive alternative placement, participation in development of an individualized treatment plan
with the treatment team, assistance with housing, financial management, medication manage-
ment, nutrition, system advocacy, mental health services and monitoring the person receiving
treatment to ensure that the person abides by the requirements of the person's individualized
treatment plan. The case managers shall be mental health professionals, or shall be supervised
by mental health professionals as defined in RCW 71.05.020(11). Kitsap mental health services
shall participate in the state and county client tracking system required by RCW 71.24.035(4)(h)
and 71.24.045(6). Kitsap mental health services shall provide quarterly reports to the commit-
tees on ways and means of the senate and house of representatives describing the numbers
and characteristics of clients served and the resulting diversions from psychiatric hospitals and
evaluation and treatment facilities. In addition, the department shall present an annual report
to the same legislative committees by January 1, 1988, and January 1, 1989, indicating
progress made toward meeting the long-term residential bed needs of Kitsap county.
(c) $4,375,000, of which $3,500,000 is from the general fund—state appropriation, is provided solely for a state-wide pilot demonstration project as provided for in Second Substitute Senate Bill No. 5074. These funds include 2 percent for costs of administration for participating counties. The plan for the project shall be developed by the department in cooperation with interested counties, mental health providers, other interested members of the community, and legislative staff and shall be submitted to the legislature by September 1, 1987. The plan shall include specific criteria for inclusion in the project for counties choosing to participate and shall meet the conditions set forth in Second Substitute Senate Bill No. 5074. The plan shall provide for evaluation of the effects of case management on the treatment of involuntarily committed persons. The evaluation shall incorporate an experimental design. Evaluation support of no more than $125,000 of the general fund—state appropriation is from the emergency and technical assistance funds provided for in RCW 71.24.155. The plan shall assure that case management services are administered in a manner which recognizes client needs within the availability of funds provided in this subsection (c). If Second Substitute Senate Bill No. 5074 is not enacted by June 30, 1987, the amount provided in this subsection shall be provided solely for case management services for persons ordered to a fourteen-day less restrictive treatment setting as provided for in RCW 71.05.240.

(d) $1,000,000 of the general fund—state appropriation is provided solely for the support of involuntary treatment act administration.

(e) The mental health division, in conjunction with county officials and other affected parties, shall develop a fair and equitable formula for distributing involuntary treatment act administration funding to counties. The formula shall incorporate workload estimates and any other relevant factors required to reflect actual county administration costs. The mental health division shall present the proposed formula to the ways and means committees of the senate and house of representatives by November 15, 1987. Implementation of the formula may take effect immediately after legislative review but no later than January 1, 1988. Of the funding provided in this section for involuntary treatment act administration, $3,400,000 is placed in reserve status pending legislative review of the new formula. No county allocation of funds for fiscal year 1988 may be less than its fiscal year 1987 allocation. Counties shall continue to fund current maintenance of effort funding levels during the ensuing biennium.

(f) Grants to counties for community mental health programs shall total not less than $55,957,000 of the general fund—state appropriation under RCW 71.24.155. Of this amount, $2,000,000 is provided solely for expanded services to children.

(g) $480,000 of the general fund—state appropriation is provided solely for continuation of the community psychiatric training program at the University of Washington.

fund—federal appropriation are provided solely for an adult dental program for Title XIX
categorically eligible and medically needy persons, effective January 1, 1988. If Substitute
House Bill No. 1225 is enacted by June 30, 1987, the department shall by January 1, 1989, enroll
20,000 categorically eligible and medically needy persons in prepaid capitated dental
programs.

(2) The department of social and health services may increase the medically needy
income level under RCW 74.09.700 to the maximum level allowable for federal financial par­
ticipation under Title XIX of the federal social security act within funds appropriated for this
purpose.

(3) $8,338,000 of the general fund—state appropriation and $9,823,000 of the general
fund—federal appropriation are provided solely for medical assistance for categorically
needy pregnant women and children up to two years of age whose household income does
not exceed 90 percent of the federal poverty level, whose resources do not exceed reasonable
standards established by the department, and whose coverage qualifies for federal financial
participation under Title XIX of the federal social security act. Any part of the amounts pro­
vided in this subsection which are not needed for the purposes of this subsection may
be spent for the purposes outlined in subsection (2) of this section.

The appropriations in this section are subject to the following conditions and limitations:

(1) $3,576,000 of the general fund—state appropriation is provided solely for grants to public and private nonprofit organizations to operate food banks, food distribution centers, and emergency shelters.

(2) $100,000 of the general fund—state appropriation may be used for increased department administrative staff if the department receives federal grants in excess of $1,000,000 under U.S. House of Representatives Resolution 558. If the department does not receive grants of at least $1,000,000, the amount provided in this subsection shall lapse.

(3) $12,136,000 of the general fund—state appropriation is provided solely for early childhood education and assistance programs under Substitute Senate Bill No. 5476 or Engrossed Second Substitute House Bill No. 458. These moneys shall be used to provide services to at least 2,000 children. If neither bill is enacted by June 30, 1987, the amount provided in this subsection shall lapse.

(4) The department shall conduct a state-wide housing needs study. The study, with preliminary recommendations, shall be submitted to the housing committee of the house of representatives and the commerce and labor committee of the senate no later than December 31, 1987, and a final report shall be submitted by December 31, 1988.

(5) $325,000 of the general fund—state appropriation is provided solely for pilot demonstrations and development of model vocational programs, including a study of a technology demonstration skills center in Lewis county.
(6) $708,000 of the general fund—state appropriation is provided solely for grants to public broadcast stations under section 3 of Engrossed Substitute Senate Bill No. 5285. $42,000 of the general fund—state appropriation is provided solely for grants to public broadcast stations under section 4 of Engrossed Substitute Senate Bill No. 5285. If the bill is not enacted by June 30, 1987, the amounts provided in this subsection shall lapse.

(7) The department shall review the needs of low-income migrant and seasonal workers. To the extent that funds are available, the legislature encourages the department to give special attention to low-income migrant and seasonal workers.

(8) $360,000 of the general fund—state appropriation is provided solely for grants to three nonprofit agencies and local government agencies for local reemployment centers. In order to provide a breadth of experience and geographic dispersion, one center shall be located in King county, one center shall be located in a southwest Washington county in which the unemployment rate was at least 20 percent above the state average during the preceding calendar year, and one center shall be located in an eastern Washington standard metropolitan statistical area in which the unemployment rate was at least 20 percent above the state average during the preceding calendar year. Each center shall provide direct and referral services to the unemployed. These services may include reemployment assistance, medical services, social services including marital counseling, psychotherapy, mortgage foreclosure and utility problem counseling, drug and alcohol abuse counseling, credit counseling, and other services deemed appropriate. These services are designed to supplement and not supplant the on-going efforts of local job centers administered by the employment security department. Each grant recipient must match state dollars on a one-for-one basis with non-state dollars.

(9) $118,000 of the general fund—state appropriation is provided solely for a study to determine the economic contribution of sport and commercial salmon and sturgeon fishing.

(10) $100,000 of the general fund—state appropriation is provided solely to implement Substitute House Bill No. 430. If the bill is not enacted by June 30, 1987, the amount provided in this subsection shall lapse.

(11) $173,000 of the general fund—state appropriation is provided solely for a study of the uses, structure, and operation of a state-wide video telecommunications network. The department shall submit a report to the house of representatives and senate by January 1, 1989, recommending a plan for using video telecommunications in state government and assessing the potential of a state-wide public affairs satellite/cable television network broadcasting programs on state government to Washington state citizens. The department shall consult with the telecommunications division of the department of general administration for technical assistance in preparing this report.

(12) $250,000 of the general fund—state appropriation is provided solely for the border town impact mitigation program.

(13) $25,000 is provided solely for the purpose of implementing Engrossed Second Substitute Senate Bill No. 5252. If Engrossed Second Substitute Senate Bill No. 5252 is not enacted by June 30, 1987, the amount provided in this subsection shall lapse.

(14) In addition to the fee imposed under RCW 19.27.085, there is imposed through June 30, 1989, a fee of two dollars on each building permit issued by a county or a city. Quarterly, each county and city shall remit moneys collected under this subsection to the state treasury for deposit in the building code council account. However, no remittance is required until at least fifty dollars has accumulated pursuant to this subsection.

(15) $187,000 of the general fund—state appropriation is provided solely for technical assistance to Okanogan county for the preparation of plans and permits relating to winter sports facilities development.

General Fund Appropriation ........................................ $ 1,948,000
Hospital Commission Account Appropriation .................... $ 1,420,000
Total Appropriation .............................................. $ 3,368,000

NEW SECTION, Sec. 226. FOR THE EMPLOYMENT SECURITY DEPARTMENT

General Fund Appropriation—State ................................ $ 5,700,000
General Fund Appropriation—Federal ............................ $ 146,257,000
General Fund Appropriation—Local ................................ $ 18,373,000
Administrative Contingency Fund Appropriation—Federal .... $ 6,918,000
Unemployment Compensation Administration Fund Appropriation—Federal $ 110,569,000
The appropriations in this section are subject to the following conditions and limitations:

1. The department shall submit a plan to the commerce and labor committees of the senate and house of representatives by January 15, 1988, regarding continuation of services provided at its satellite office at 2106 Second Avenue, Seattle. The plan shall identify any proposed changes to the service level in effect on July 1, 1988, and methods of assuring reasonable access to a full array of services for area clients.

2. The department shall produce local area labor market information packages for the state's economically distressed counties.

3. The department shall produce an annual state economic report to the legislature and the governor that includes but is not limited to:
   a. Identification and analysis of industries in the United States, Washington state, and local labor markets with high levels of seasonal, cyclical, and structural unemployment;
   b. The industries and local labor markets with plant closures and mass lay-offs and the number of affected workers;
   c. An analysis of the major causes of plant closures and mass lay-offs;
   d. The number of displaced workers and persons who have exhausted their unemployment benefits, classified by industry, occupation, and local labor markets;
   e. The experience of the unemployed in their efforts to become reemployed. This should include research conducted on the continuous wage and benefit history;
   f. Five-year industry and occupational employment projections; and
   g. Annual and hourly average wage rates by industry and occupation.

4. The department shall establish a counter-cyclical employment program.

   a. This program shall provide employment for unemployed forest product workers. ‘Forest products industries’ means industries within the standard industrial classification code numbers 8, 24, and 26. The program shall operate, on a pilot basis in two locations in Washington state, with preference given to distressed areas in the state.
   b. Eligibility for employment under the counter-cyclical employment program shall occur only upon exhaustion of unemployment insurance benefits received upon termination of employment in the Washington forest products industry and eligibility shall be limited to only those persons who are either currently unemployed, employed part time, or whose employment in the Washington forest products industry was terminated within the previous year. No one shall be employed by the program for longer than six months in a two-year period, except as to administrative and supervisory employees.
   c. The program shall begin after completion of two consecutive quarters of below-average employment in forest products industries in Washington state and shall cease sixty days after the completion of two consecutive quarters of above-average timber products employment in Washington state. If, on the effective date of this act, forest products employment in the state has been below average for two consecutive quarters, the program shall begin immediately. In order to determine average forest products employment, the department shall calculate the trend of forest products employment in Washington state by the number of forest products employees, as reported by the department, during the fifteen years prior to the date the calculation is made. ‘Average forest products employment’ means the level of employment indicated by this trend line.
   d. Employment under the counter-cyclical employment program shall consist of activities which enhance the value of state, county, and local government lands and waters and associated improvements, with priority given to enhancing state lands and waters. Eligible activities shall include, but are not limited to, thinning, slash removal, reforestation, fire suppression, trail maintenance, maintenance of recreational facilities, dike repair, tourist facilities, stream enhancement, water quality enhancement, irrigation repair, and the building of shellfish beds.
   e. Employees under the counter-cyclical employment program, except administrative employees, shall not be considered state employees for the purposes of existing provisions of law with respect to hours of work, sick leave and civil service. Employees under the program shall receive the same medical and dental benefits and holiday and vacation benefits as state employees. Compensation for employees under the counter-cyclical employment program shall be at least eight dollars per hour of employment, except as to administrative and supervisory personnel. Employment under the program shall not result in the displacement or partial displacement, such as reduction of hours of nonoverime work, wages, or other employment benefits, of currently employed workers, including but not limited to state civil service employees, or of currently or normally contracted services. The services of counter-cyclical employment members are exempt from unemployment compensation coverage under RCW 50.44.040 and the members shall be so advised by the department.
   f. The department shall administer the program in consultation with the state natural resource agencies. The employment security department may enter into contracts and agreements with state agencies and private and public individuals and organizations to carry out the program.
$120,000 of the administrative contingency fund—federal appropriation is provided solely for a reemployment bonus demonstration project, contingent on the availability of federal or private funding of no less than $500,000. The employment security department shall evaluate the effectiveness of the reemployment bonus in returning unemployed workers to employment and report to the commerce and labor committees of the senate and house of representatives by January 15, 1989. If federal or private moneys do not become available before June 30, 1988, the amount provided in this subsection shall lapse.

The appropriations in this section are subject to the following conditions and limitations:
(1) $600,000 of the general fund appropriation is provided solely for the business assistance center. The center, in concert with participating state agencies, shall develop a reporting system to document the work and results of state business assistance programs. The center shall forward annual reports to the ways and means committees of the house of representatives and senate, the trade and economic development committee of the house of representatives and the commerce and labor committee of the senate, including but not limited to jobs created, investment generated, and measures of technical assistance provided and other program activities.

(2) $185,000 of the general fund appropriation is provided solely for contracts with Washington State University small business development center programs. State funds for small business development center programs in Lewis county shall not be reduced from the level provided in the 1985-1987 biennium.

(3) $625,000 of the general fund appropriation is provided solely for contracts with the small business export finance assistance center of Washington. At least $100,000 of the amount provided in this subsection shall be used by the department and the small business export finance assistance center for the development of a coordinated outreach program for trade information services and export finance assistance. In developing this program, the department and the small business export finance assistance center shall work with the business assistance center, ports, and other users and suppliers of trade services.

(4) The department shall analyze market trends and investment opportunities in at least eight key sectors of the Washington economy. The department shall publish five-year projections of selected mature and growth industries with current or potentially large impacts on the state economy, including barriers to competitiveness, potential market niches, investment trends, and their relationship to state economic development efforts. The department shall work in concert with the Washington state economic development board, the department of community development, CENTRAFOR, IMPACT, the employment security department, and the private sector to develop these industry studies and to analyze strategies for the retention and development of high-wage jobs.

(5) The following amounts of the general fund appropriation are provided solely for matching funds to equal amounts of private-sector, federal, and in-kind contributions:

(a) Washington high technology center, $7,000,000, and

(b) Center for international trade in forest products, $297,000.

(6) $225,000 of the general fund appropriation is provided solely for preparation, if warranted, of a proposal to the federal department of energy that the proposed superconducting super collider be located in Washington state.

NEW SECTION. Sec. 315. FOR THE ECONOMIC DEVELOPMENT BOARD

General Fund Appropriation—State $666,000
General Fund Appropriation—Private/Local $100,000
Total Appropriation $766,000

NEW SECTION. Sec. 316. FOR THE WASHINGTON CENTENNIAL COMMISSION

General Fund Appropriation $7,377,000
State Centennial Commission Account Appropriation $2,540,000
Total Appropriation $9,917,000

The appropriations in this section are subject to the following conditions and limitations:

(1) State agencies, at the request of the centennial commission, may develop programs or activities related to the Washington state centennial. Agencies that develop programs or activities in conjunction with the centennial commission shall not charge the commission for overhead or administrative costs.

(2) The commission may contract with Pacific Celebration '89 for promotion of Washington state's future trade and economic ties with nations in the Pacific rim. Any contract with Pacific Celebration '89 shall include, but is not limited to, the following conditions:

(a) Pacific Celebration '89 activities shall create increased opportunities for marketing Washington state products and services, include a series of leadership conferences on emerging issues of the Pacific economy, promote Washington state as the focus of trade activity within the Pacific basin, recognize the contributions to the development of Washington state by people of Pacific heritage, and increase knowledge and understanding of Pacific cultures by Washington citizens. Activities shall be staged in communities throughout the state during the centennial year.

(b) Each $1.00 in state funds provided to Pacific Celebration shall be matched over the course of the biennium by at least $1.60 in private contributions and event sponsorships. If, at any point during the biennium, the centennial commission determines that private contributions and event sponsorships will, by the end of the biennium, amount to less than $1.60 for each $1.00 of state money provided, it shall reduce disbursements proportionally.

(c) Any state money used for contracts with Pacific Celebration shall be repaid, to the greatest extent possible, from net revenue of Pacific Celebration activities. Net revenues from these activities shall be maximized and returned to the general fund according to a financial plan approved by the commission.
The general fund appropriation is intended to be the final state contribution to the funding of centennial commission projects.

NEW SECTION, Sec. 317. FOR THE STATE CONVENTION AND TRADE CENTER
State Convention and Trade Center Account Appropriation

5. $43,000 of the general fund—state appropriation is provided solely for the purchase of multi-cultural/multi-ethnic instructional materials to be distributed to all elementary and secondary school buildings in the state.

6. The superintendent of public instruction shall, jointly with the state board for community college education, develop an integrated state plan for all state and federally funded vocational education services. The superintendent of public instruction and the state board for community college education shall also jointly develop a consistent and reliable data base on public vocational education, including enrollments, costs, program activities, and job placement. Such data shall be made available to the office of the governor and the legislature.

7. $35,000 of the general fund—state appropriation is provided solely for the development of a horticulture greenhouse project within the Sequim school district.

NEW SECTION. Sec. 502. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION——FOR EDUCATIONAL SERVICE DISTRICTS

General Fund Appropriation ...................................... $ 9,966,000

The appropriation in this section is subject to the following conditions and limitations: The educational service districts shall continue to furnish financial services required by the superintendent of public instruction and RCW 28A.21.088 (3) and (4).

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION——FOR GENERAL APPORTIONMENT (BASIC EDUCATION)

General Fund Appropriation ...................................... $ 3,805,863,000
Revenue Accrual Account Appropriation ....................... $ 55,100,000
Total Appropriation ............................................. $ 3,860,963,000

The appropriations in this section are subject to the following conditions and limitations:

1. $367,786,000 is provided solely for the remaining months of the 1986-87 school year.

2. Allocations for certificated staff salaries for the 1987-88 and 1988-89 school years shall be determined by multiplying each district's average basic education certificated instructional and administrative salaries as determined under section 504 of this act by the districts' formula-generated staff units as follows:

(a) On the basis of average annual full time equivalent enrollments, excluding handicapped full time equivalent enrollment as recognized for funding purposes under section 507 of this act, and excluding full time equivalent enrollment otherwise recognized for certificated staff unit allocations under (d) through (i) of this subsection:

(i) Forty-six certificated instructional staff units for each one thousand full time equivalent kindergarten through twelfth grade students.

(ii) Four certificated administrative staff units for each one thousand full time equivalent kindergarten through twelfth grade students.

(b) For the 1987-88 school year, an additional two certificated instructional staff units for each one thousand average annual full time equivalent students in kindergarten through third grade.

(ii) For the 1988-89 school year, an additional three certificated instructional staff units for each one thousand average annual full time equivalent students in kindergarten through third grade.

(c) For school districts with a minimum enrollment of 250 full time equivalent students, whose full time equivalent student enrollment count in a given month exceeds the first of the month full time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full time equivalent students been included in the normal enrollment count for that particular month.

(d) 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each seventeen and one-half full time equivalent students enrolled in a vocational education
program approved by the superintendent of public instruction. However, for skill center pro-
grams, the ratio shall be 0.92 certificated instructional staff units and 0.08 certificated adminis-
trative staff units for each annual average 16.67 full time equivalent students enrolled in an
approved vocational education program.

(e) For districts enrolling not more than twenty-five average annual full time equivalent
students in kindergarten through grade eight, and for small school plants within any school
district which enroll not more than twenty-five average annual full time equivalent kindergar-
ten through eighth grade students and have been judged to be remote and necessary by the
state board of education:

(i) For those enrolling no students in grades seven or eight. 1.76 certificated instructional
staff units and 0.24 certificated administrative staff units for enrollment of not more than five
students, plus one-twentieth of a certificated instructional staff unit for each additional student
enrolled; and

(ii) For those enrolling students in either grades seven or eight. 1.68 certificated instruc-
tional staff units and 0.32 certificated administrative staff units for enrollment of not more than
five students, plus one-tenth of a certificated instructional staff unit for each additional student
enrolled.

(f) For districts enrolling more than twenty-five but not more than one hundred average
annual full time equivalent students in kindergarten through grade eight, and for small school
plants within any school district which enroll more than twenty-five average annual full time
equivalent kindergarten through eighth grade students and have been judged to be remote
and necessary by the state board of education, in the following cases:

(i) For districts and small school plants with enrollments of up to sixty annual average full
time equivalent students in kindergarten through grade six. 2.76 certificated instructional staff
units and 0.24 certificated administrative staff units:

(ii) For districts and small school plants with enrollments of up to twenty annual average
full time equivalent students in grades seven and eight. 0.92 certificated instructional staff units
and 0.08 certificated administrative staff units.

(g) For each nonhigh school district having an enrollment of more than seventy annual
average full time equivalent students and less than one hundred eighty students, operating a
grades K-8 program or a grades 1-8 program, an additional one-half of a certificated
instructional staff unit.

(h) For each nonhigh school district having an enrollment of more than fifty annual aver-
age full time equivalent students and less than one hundred eighty students, operating a
grades K-6 program or a grades 1-6 program, an additional one-half of a certificated
instructional staff unit.

(i) For districts that operate no more than two high schools with enrollments of not more
than three hundred average annual full time equivalent students, for enrollments in each such
high school, excluding handicapped and vocational full time equivalent enrollments:

(i) Nine certificated instructional staff units and one-half of a certificated administrative
staff unit for the first sixty annual average full time equivalent students; and

(ii) Additional certificated staff units based upon a ratio of 0.8732 certificated instructional
staff units and 0.1268 certificated administrative staff units per forty-three and one-half aver-
age annual full time equivalent students.

(j) Allocations for classified salaries for the 1987-88 and 1988-89 school years shall be calcu-
lated by multiplying each district's average basic education classified salary allocation as
determined under section 504(2) of this act by the district's formula-generated classified staff
units determined as follows:

(a) For enrollments generating classified staff unit allocations under subsections (2) (e)
through (i) of this section, one classified staff unit per each three certificated staff units allocated
under such subsections.

(b) For all other enrollment in grades kindergarten through twelve, including vocational
but excluding handicapped full time equivalent enrollments, one classified staff unit for each
sixty average annual full time equivalent students.

(c) For each nonhigh school district with an enrollment of more than fifty annual average
full time equivalent students and less than one hundred eighty students, an additional one-half
of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 19.41 percent in the 1987-88
school year and 19.53 percent in the 1987-88 school year of certificated salary allocations pro-
vided under subsection (2) of this section, and a rate of 17.00 percent in the 1987-88 school year
and 17.12 percent in the 1988-89 school year of classified salary allocations provided under
subsection (3) of this section.

(5) Insurance benefit allocations for the 1987-88 and 1988-89 school years shall be calcu-
lated at a rate of $167 per month for the number of certificated staff units determined in sub-
section (2) of this section and for the number of classified staff units determined in subsection (3)
of this section multiplied by 1.152.

(b) (a) For nonemployee related costs with each classified staff unit allocated under sub-
sections (2) (a), (b), (c), and (e) through (i) of this section, there shall be provided a maximum of
certified. on the basis of additional years of experience or educational credits, shall be allocated for basic education certificated administrative staff and basic education classified instructional employees for the purposes of calculating certificated salaries and benefits.

(8) The superintendent may distribute a maximum of $3,209,000 outside the basic education formula during fiscal years 1988 and 1989 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of $342,000 may be expended in fiscal year 1988 and a maximum of $342,000 in fiscal year 1989.

(b) For summer vocational programs at skills centers, a maximum of $1,099,000 may be expended in fiscal year 1988 and a maximum of $1,135,000 may be expended in fiscal year 1989.

(c) A maximum of $272,000 may be expended for school district emergencies.

(9) Formula enhancements are provided under this section which are not attributable to enrollment or workload changes, compensation increases, or inflationary adjustments. For the purposes of section 101 of Engrossed Second Substitute House Bill No. 455, the following allocations for the 1987-88 school year shall be recognized as levy reduction funds:

(a) For certificated instructional staff units generated under subsection (2)(b)(i) of this section, all allocations for nonemployee-related costs and one-half of all allocations for certificated salaries and benefits.

(b) For certificated instructional staff units generated under subsection (2)(b)(ii) of this section, one-third of all allocations including nonemployee-related costs and certificated staff salaries and benefits.

(10) For the purposes of section 101 of Engrossed Second Substitute House Bill No. 455, the increase per full time equivalent student in the state basic education appropriation provided under this section is 2.75 percent between the 1986-87 and 1987-88 school years, and 3.52 percent between the 1987-88 and 1988-89 school years.

(11) The revenue accrual account appropriation is provided solely for allocations to the teachers' retirement system included under subsection (4) of this section.

(12) A maximum of $372,000 may be distributed to enhance funding provided in subsections (1) through (8) of this section for remote and necessary school plants on islands without scheduled public transportation which are the sole school plants serving students in elementary grades on these islands. Any school district receiving an allocation under this subsection must certify that funding distributed for its remote and necessary school plants under this subsection and subsection (2)(e) of this section is used solely for programs for students enrolled in these school plants. The superintendent of public instruction shall ensure compliance with this subsection, including appropriate distribution of school district overhead costs. The superintendent shall study and, in a report submitted to the legislature prior to December 1, 1988, make recommendations on adequate but not excessive funding formulas for remote and necessary school plants serving less than twenty-five students.

(13) The appropriations in this section includes $110,343,000 allocated for compensation increases for basic education staff, as provided pursuant to section 504 of this act.

NEW SECTION. Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—BASIC EDUCATION EMPLOYEE COMPENSATION

For the purposes of section 503 of this act and this section, the following conditions and limitations apply:

(1) Districts shall certify to the superintendent of public instruction such information as may be necessary regarding the years of service and educational experience of basic education certificated instructional employees for the purposes of calculating certificated instructional staff salary allocations pursuant to this section. Any change in information previously certified, on the basis of additional years of experience or educational credits, shall be reported and certified to the superintendent of public instruction at the time such change takes place.

(b) For the purposes of subsection (2) of this section, 'basic education certificated instructional staff' is defined as provided in section 203 of Engrossed Second Substitute House Bill No. 455.

(c) "LEAP Document 10" means the computerized tabulation of 1986-87 average salary allocations for basic education certificated administrative staff and basic education classified staff, as developed by the legislative evaluation and accountability program committee on May 11, 1987, at 11:06 hours.

(2)(a)(i) For the 1987-88 school year, average salary allocations for basic education certificated administrative staff under section 503 of this act shall be the district's 1986-87 certificated
administrative average salary shown on LEAP Document 10, increased by 2.1 percent of the 1986-87 LEAP Document 10 state-wide average salary for certificated administrative staff.

(ii) For the 1988-89 school year, average salary allocations for basic education certificated administrative staff under section 503 of this act shall be the district's certificated administrative average salary allocation for the 1987-88 school year provided under this section, further increased by 2.14 percent of the 1986-87 LEAP Document 10 state-wide average salary.

(b)(i) For the 1987-88 school year, average salary allocations for basic education classified staff under section 503 of this act shall be the district's 1986-87 classified average salary shown on LEAP Document 10, increased by 2.7 percent of the 1986-87 LEAP Document 10 state-wide average salary for classified staff.

(ii) For the 1988-89 school year, average salary allocations for basic education classified staff under section 503 of this act shall be the district's 1987-88 classified average salary allocation for the 1987-88 school year provided under this section, further increased by 2.77 percent of the 1986-87 LEAP Document 10 state-wide average classified salary.

(c) Allocations for certificated instructional salaries in the 1987-88 school year under section 503(2) of this act shall be the greater of:

(i) The district's average salary as determined by placing the district's actual full time equivalent basic education certificated instructional staff for that school year on the 1987-88 state-wide salary allocation schedule established in subsection (3)(a) of this section; or

(ii) The district's actual average annual basic education certificated instructional staff salary for the 1986-87 school year, as reported to the superintendent of public instruction prior to June 1, 1987, improved by 2.1 percent.

(d) Allocations for certificated instructional salaries in the 1988-89 school year under section 503(2) of this act shall be the greater of:

(i) The district's average salary as determined by placing the district's actual full time equivalent basic education certificated instructional staff for that school year on the 1988-89 state-wide salary allocation schedule established in subsection (3)(b) of this section; or

(ii) For districts which received salary allocations for the 1987-88 school year under subsection (2)(c)(ii) of this section, the average basic education certificated instructional staff salary allocated for that year increased by 2.1 percent.

(3) Pursuant to section 204 of Engrossed Second Substitute House Bill No. 455, the following state-wide salary allocation schedules for certificated instructional staff, for allocation purposes only, are established:

NEW SECTION. Sec. 505. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR CATEGORICAL PROGRAM SALARY INCREASES

General Fund Appropriation: $21,549,000

The appropriation in this section is subject to the following conditions and limitations:
(1) 'Incremental fringe benefits' means 18.77 percent in the 1987-88 school year and 18.89 percent in the 1988-89 school year for certificated staff, and 13.47 percent in the 1987-88 school year and 13.59 percent in the 1988-89 school year for classified staff, which percentages shall
be the fringe benefit rates applied to the respective salary adjustments provided in subsection (3) of this section.

(2) A maximum of $8,431,000 is provided to implement salary increases for each school year for state-supported school employees in the following categorical programs: Transitional bilingual instruction, learning assistance, education of highly capable students, vocational technical institutes, and pupil transportation. Moneys provided by this subsection include costs of incremental fringe benefits and shall be distributed by increasing allocation rates for each school year by the amounts specified:

(a) Transitional bilingual Instruction: The rates specified in section 509 of this act shall be increased by $10.51 per pupil for the 1987-88 school year and by $21.60 per pupil for the 1988-89 school year.

(b) Learning assistance: The rates specified in section 510 of this act shall be increased by $9.15 per pupil for the 1987-88 school year and by $18.60 per pupil for the 1988-89 school year.

(c) Education of highly capable students: The rates specified in section 511 of this act shall be increased by $6.23 per pupil for the 1987-88 school year and by $12.84 per pupil for the 1988-89 school year.

(d) Vocational technical institutes: The rates for vocational programs specified in section 513 of this act shall be increased by $57.15 per full time equivalent student for the 1987-88 school year, and by $117.45 per full time equivalent student for the 1988-89 school year.

(e) Pupil Transportation: The rates provided under section 516 of this act shall be increased by $0.47 per weighted pupil-mile for the 1987-88 school year, and by $0.95 per weighted pupil-mile for the 1988-89 school year.

(3) A maximum of $13,118,000 is provided for salary increases and incremental fringe benefits for state-supported staff unit allocations in the handicapped program, section 507, and for state-supported staff in Institutional education programs, section 508, and in educational service districts, section 502. The superintendent of public instruction shall distribute salary increases for these programs not to exceed the percentage salary increases provided for basic education staff under section 504 of this act.

NEW SECTION. Sec. 506. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—LOCAL EDUCATION PROGRAM ENHANCEMENT FUNDS

General Fund Appropriation 49,500,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The purpose of this section is to provide a grant, in addition to the district's basic education allocation, to each school district based on full time equivalent student enrollment to meet the educational needs of each district.

(2) School districts shall be eligible to receive a grant in addition to their basic education allocation. This additional grant shall be distributed to local school districts from the superintendent of public instruction on the basis of full time equivalent students. For districts enrolling not more than one hundred average annual full time equivalent students, except as otherwise specified, and for small school plants within any school district, which small plants have been judged to be remote and necessary by the state board of education, the grant shall be distributed as follows:

(a) For grades K-6, for districts enrolling not more than sixty average full time equivalent students, the grant shall be based on sixty full time equivalent students;

(b) For grades 7 and 8, for districts enrolling not more than twenty average full time equivalent students, the grant shall be based on twenty full time equivalent students; and

(c) For districts that have high schools with sixty or fewer full time equivalent students, the grant shall be based on sixty full time equivalent students.

(3) For the 1987-89 biennium, each school district shall receive, in addition to the basic education allocation, a grant of no less than $67.50 per full time equivalent student. Grants shall be distributed on a school year basis. A maximum of $24,750,000 may be allocated for the 1987-88 school year.

(4) For the purposes of this section, each school board shall:

(a) Assess the needs of the schools within the district;

(b) Assign priority to addressing the identified needs;

(c) Prepare a comprehensive two-year plan to address the priority needs identified by the committee within the grant funding limitations; and

(d) Develop an evaluation methodology to assess specifically how the expenditure of the grants demonstrate a direct educational benefit to the pupils within the district.

(5) New or existing programs enhanced by the funds provided to districts by a grant under this chapter shall not become a part of the state's basic education obligation as set forth by the Constitution.

(6) Funding appropriated and plans developed shall not be subject to collective bargaining.

(7) No school district board of directors may grant salary and compensation increases from a grant under this section in excess of the amount and/or percentage as may be provided for employees as set forth in the state operating appropriations act in effect at the time the compensation is payable.
Local district grants may be used to fund any or all of the following activities:

(a) Innovative programs to increase the adult-pupil ratio without increasing the number of certificated staff, including but not limited to:
   (i) Providing stipends to competent retired teachers to return them to the classroom as 'team teachers' or classroom assistants;
   (ii) Providing stipends to teachers' aides;
   (iii) Providing incentives to administrators who spend a portion of their work day in the classroom team teaching or providing classroom assistance;
   (iv) Providing recognition to citizen volunteers who assist in the classroom;
   (v) Providing training programs for classroom assistants, including volunteers; and
   (vi) Purchasing equipment that directly relates to classroom instruction or assists the teacher in minimizing time away from teaching.

(b) Drop-out prevention and retrieval programs, including, but not limited to:
   (i) Curriculum development;
   (ii) Public and private sector partnerships in expanding offerings in programs such as 'Choices' and the 'Registry' program;

(c) Drug and alcohol abuse programs, including, but not limited to:
   (i) In-service staff training programs for the identification of students at-risk; and
   (ii) Community services networking to direct students who are substance abusers to appropriate treatment facilities.

(d) Early childhood programs, including, but not limited to:
   (i) A parents as first teachers program that provides for resource materials on home learning activities, private and group educational guidance, individual and group learning experiences for the parent and child, and other appropriate activities to enable parents to improve learning in the home, understand the relationship between developmental stages and behavior, and monitor their children's growth and development relating to understanding and use of language; perception through sight and hearing; motor development and hand-eye coordination; and health, physical development, and emotional, social, and mental development;
   (ii) Nutritional programs;
   (iii) Parental participation programs; and
   (iv) Child day-care programs.

(e) In-service training programs for staff development, including but not limited to:
   (i) Funding speakers or group leaders to deliver in-service training to staff;
   (ii) Program materials and equipment;
   (iii) Tuition, registration fees, and associated fees for attendance at seminars, workshops, or courses that directly relate to enhancing adult training for classroom duties; and
   (iv) Travel reimbursement directly related to in-service training.

(f) Programs that develop and promote logical reasoning and improved analytical skills, including programs for highly capable students.

Stipends may be awarded under RCW 28A.58.093 to certificated or classified staff who assume extra duties that specifically relate to any activities included in subsection (8) of this section.

Small or rural districts may enter into cooperative agreements to provide educational enhancements through the sharing of grant funds.

The superintendent of public instruction shall make a comprehensive report to the legislature on the use of the local district grants and the educational benefits derived therefrom by January 31, 1989.

NEW SECTION. Sec. 507. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION FOR HANDICAPPED EDUCATION PROGRAMS

General Fund Appropriation—State
407,476,000

General Fund Appropriation—Federal
45,318,000

Total Appropriation
452,794,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $41,565,000 of the general fund—state appropriation is provided solely for the remaining months of the 1986-87 school year.

(2) The superintendent of public instruction shall distribute state funds for the 1987-88 and 1988-89 school years in accordance with districts' actual handicapped enrollments and the allocation model established in LEAP Document 9 as developed by the legislative evaluation and accountability program committee on April 27, 1987, at 14:43 hours.

(3) A maximum of $411,000 may be expended from the general fund—state appropriation to fund 4.66 full time equivalent teachers and one aide at Children's Orthopedic Hospital and Medical Center. This amount is in lieu of money provided through the home and hospital allocation and the handicapped program.
From state or federal funds appropriated under this section, the superintendent of public instruction shall allocate a total of $130,000 for the early childhood home instruction program for hearing impaired infants and their families.

NEW SECTION. Sec. 501. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR INSTRUCTIONAL EDUCATION PROGRAMS

General Fund Appropriation—State $20,121,000
General Fund Appropriation—Federal $7,034,000
Total Appropriation $27,155,000

The appropriations in this section are subject to the following conditions and limitations:

1. $3,577,000 of the general fund—state appropriation is provided solely for the remaining months of the 1986-87 school year.
2. $10,094,000 of the general fund—state appropriation is provided solely for the 1987-88 school year, distributed as follows:
   a. $4,128,000 is provided solely for programs in state institutions for the handicapped or emotionally disturbed. These moneys may be distributed for that school year at a maximum rate averaged over all of these programs of $102.94 per full time equivalent student.
   b. $2,978,000 is provided solely for programs in state institutions for delinquent youth. These moneys may be distributed for that school year at a maximum rate averaged over all of these programs of $6.405 per full time equivalent student.
   c. $370,000 is provided solely for programs in state group homes for delinquent youth. These moneys may be distributed for that school year at a maximum rate averaged over all of these programs of $3.492 per full time equivalent student.
   d. $564,000 is provided solely for juvenile parole learning center programs. These moneys may be distributed for that school year at a maximum rate averaged over all of these programs of $1,395 per full time equivalent student, and are in addition to moneys allocated for these students through the basic education formula established in section 503 of this act.
   e. $2,054,000 is provided solely for programs in county detention centers. These moneys may be distributed for that school year at a maximum rate averaged over all of these programs of $4,012 per full time equivalent student.
3. Distribution of state funding for the 1988-89 school year shall be based upon the following overall limitations for that school year including expenditures anticipated for July and August of 1989:
   a. State funding for programs in state institutions for the handicapped or emotionally disturbed may be distributed at a maximum rate averaged over all of these programs of $10,296 per full time equivalent student and a total allocation of no more than $3,735,000 for that school year.
   b. State funding for programs in state institutions for delinquent youth may be distributed at a maximum rate averaged over all of these programs of $5,410 per full time equivalent student and a total allocation of no more than $2,894,000 for that school year.
   c. State funding for programs in state group homes for delinquent youth may be distributed in that school year at a maximum rate averaged over all of these programs of $3,502 per full time equivalent student and a total allocation of no more than $397,000 for that school year.
   d. State funding for juvenile parole learning center programs may be distributed at a maximum rate averaged over all of these programs of $1,387 per full time equivalent student and a total allocation of no more than $156,000 for that school year, excluding funds provided through the basic education formula established in section 503 of this act.
   e. State funding for programs in county detention centers may be distributed at a maximum rate averaged over all of these programs of $4,022 per full time equivalent student and a total allocation of no more than $2,059,000 for that school year.
4. The superintendent of public instruction may distribute a maximum of $153,000 from the general fund—state appropriation to supplement moneys provided under subsections (1) through (3) of this section, for the purpose of addressing enrollment variations or other program needs, including increases in summer school programs.

NEW SECTION. Sec. 502. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR TRANSITIONAL BILINGUAL PROGRAMS

General Fund Appropriation $11,294,000

The appropriation in this section is subject to the following conditions and limitations:

1. $1,174,000 is provided solely for the remaining months of the 1986-87 school year.
2. The superintendent shall distribute funds for the 1987-88 and 1988-89 school years at a rate for each eligible student of $420 per year.

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR THE LEARNING ASSISTANCE PROGRAM

General Fund Appropriation $48,011,000

The appropriation in this section is subject to the following conditions and limitations:

1. $3,982,000 is provided solely for the remaining months of the 1986-87 school year.
2. Funding for school district learning assistance programs serving kindergarten through grade nine shall be distributed during the 1987-88 and 1988-89 school years at a maximum rate of $536 per unit as calculated pursuant to this subsection. The number of units for each...
school district in each school year shall be the sum of: (a) The number of full time equivalent students enrolled in kindergarten through grade six in the district multiplied by the percentage of the district’s students taking the fourth grade basic skills test who scored in the lowest quartile as compared to national norms, and then reduced by the number of students ages eleven and below in the district who are identified as specific learning disabled and are served through programs established pursuant to chapter 28A.13 RCW; and (b) the number of full time equivalent students enrolled in grades seven through nine in the district multiplied by the percentage of the district’s students taking the eighth grade basic skills test who scored in the lowest quartile as compared to national norms, and then reduced by the number of students ages twelve through fourteen in the district who are identified as specific learning disabled and are served through programs established pursuant to chapter 28A.13 RCW. For the purposes of allocating funds for the 1987–88 school year, the superintendent shall use the most recent prior five-year average scores on the fourth grade test and the most recent prior three-year average scores on the eighth grade test. For the purposes of allocating funds for the 1988–89 school year, the superintendent shall use the most recent prior five-year average scores on the fourth grade test and the most recent prior four-year average scores on the eighth grade test.

HIGHER EDUCATION

NEW SECTION. Sec. 601. The appropriations in sections 602 through 608 of this act are subject to the following conditions and limitations:

(1) For the purposes of this section and sections 602 through 608 of this act, ‘institutions of higher education’ means the institutions receiving appropriations pursuant to sections 602 through 608 of this act.

(2) Student Quality Standard: During the 1987-89 fiscal biennium, each institution of higher education shall not expend less than the average biennial amount listed in this subsection per full time equivalent student. The amounts include total appropriated operating expenses for the institution, less expenditures for plant maintenance and operations, with the exception of Washington State University, where cooperative extension and agriculture research are also excluded from the per student expenditures. This expenditure per student requirement may vary by two percent if the director of financial management certifies that the failure to meet the minimum expenditures per student is attributable to circumstances beyond the control of the institution.

University of Washington ........................................ $ 7,763

Washington State University .................................... $ 6,549

Central Washington University, Eastern Washington University, The Evergreen State College, and Western Washington University:

The first 3000 FTE Students ...................................... $ 5,974

Each Student over 3000 FTE ....................................... $ 3,895

State Board for Community College Education ................ $ 2,793

(3) Each institution of higher education and the state board for community college education shall report to the 1989 regular session of the legislature the following information:

(a) The number of minority students attending the institution or the community college system and the measures taken by such institution or system during the 1987-89 fiscal biennium to increase the number of minority students and reduce the drop-out rates for minority and other students;

(b) The number of women employed by the institution or system and the actions taken by the institution or system to increase the number of women in managerial and senior-level positions;

(c) Actions taken by the institution or community college system to improve the quality of undergraduate and graduate education programs;

(d) Actions taken by the institution or system to expand or improve educational services off the campus and the process for evaluating the need for educational services in locations away from the campus;

(e) The process for evaluating and accepting students for admission into the institution or the system;

(f) Any process developed by the institution or the system for evaluating student performance;

(g) Actions taken by the institution or system to operate programs jointly with another public or private institution;

(h) How the faculty and exempt salary increase funds were distributed among the faculty and staff of each institution and the results of the increased salary levels on faculty and staff recruitment and retention;

(i) The annual faculty turnover rates experienced by the institution or the system; and

(j) The amount spent on instructional equipment, the type of equipment purchased, and the instructional enhancements that resulted from the additional equipment.
The state board for community college education shall collect and report the information required of the community college system under this subsection.

(4) The state board for community college education shall, jointly with the superintendent of public instruction, develop an integrated state plan for all state and federally funded vocational education services. The superintendent of public instruction and the state board for community college education shall also jointly develop a consistent and reliable data base on public vocational education, including enrollments, costs, program activities, and job placement. Such data shall be made available to the office of the governor and the legislature.

(5) The state board for community college education shall, jointly with the superintendent of public instruction, develop an integrated state plan for all state and federally funded vocational education services. The superintendent of public instruction and the state board for community college education shall also jointly develop a consistent and reliable data base on public vocational education, including enrollments, costs, program activities, and job placement. Such data shall be made available to the office of the governor and the legislature.

(6) Central Washington University, Eastern Washington University, and Western Washington University shall each collect summer term tuition fees at the same rates established for the regular academic quarter and shall transfer the fees to the state treasury in accordance with RCW 28B.15.031.

(7) The appropriations in sections 602 through 608 of this act provide the following amounts to identify and recruit minority students from junior high and high schools in the state, to foster minority student interest in a college education, to provide support services such as counseling and tutorial assistance, and to improve the retention of such students in higher education through and beyond the baccalaureate level. At least $147,000 of the amount appropriated to the University of Washington shall go to increase the efforts of the math, engineering, and science achievement program.

**PART VIII**

**MISCELLANEOUS**

**NEW SECTION.** Sec. 801. The appropriations contained in this act are maximum expenditure authorizations. Pursuant to RCW 43.88.037, moneys disbursed from the treasury on the basis of a formalized loan agreement with another governmental entity shall be treated as a loan and are to be recorded as loans receivable and not as expenditures for accounting purposes. To the extent that moneys are disbursed on a loan basis, the corresponding appropriation shall be reduced by the amount of loan moneys disbursed from the treasury during the 1987-89 biennium.

**NEW SECTION.** Sec. 802. Notwithstanding the provisions of chapter 82, Laws of 1973 1st ex., the house of representatives, the senate, and the permanent statutory committees shall pay expenses quarterly to the department of general administration facilities and services revolving fund for services rendered by the department for operations, maintenance, and supplies relating to buildings, structures, and facilities utilized by the legislature for the biennium beginning July 1, 1987.

**NEW SECTION.** Sec. 803. Whenever allocations are made from the governor's emergency fund appropriation to an agency which is financed in whole or in part by other than general fund moneys, the director of financial management may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance the agency. No appropriation shall be necessary to effect such repayment.

**NEW SECTION.** Sec. 804. In addition to the amounts appropriated in this act for revenue for distribution, bond retirement and interest including ongoing bond registration and transfer charges, transfers, interest on registered warrants, and certificates of indebtedness, there is also appropriated such further amounts as may be required or available for these purposes under any statutory formula or under any proper bond covenant made in accordance with law.

**NEW SECTION.** Sec. 805. In addition to such other appropriations as are made by this act, there is hereby appropriated to the state finance committee from legally available bond proceeds in the respective construction or building funds and accounts such amounts as are necessary to pay the expenses incurred in the issuance and sale of the subject bonds.

**NEW SECTION.** Sec. 806. Amounts received by an agency as reimbursements pursuant to RCW 39.34.130 shall be considered as returned loans of materials supplied or services rendered. Such amounts may be expended as a part of the original appropriation of the fund to
which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the director of financial management, which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum interagency usage of data processing equipment and services, and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed.

NEW SECTION. Sec. 807. The appropriations of moneys and the designation of funds and accounts by this and other acts of the 1987 legislature shall be construed in a manner consistent with legislation enacted by the 1985 and 1987 legislatures to conform state funds and accounts with generally accepted accounting principles.

NEW SECTION. Sec. 808. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 809. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions and shall take effect July 1, 1987.

On page 1, beginning on line 1 of the title, after "budget," strike the remainder of the title and insert "making appropriations and authorizing expenditures for the operations of state agencies for the fiscal biennium beginning July 1, 1987, and ending June 30, 1989; providing effective dates; and declaring an emergency."

Signed by Senators McDermott, McDonald, Hansen; Representatives Grimm, McMullen, Ballard.

MOTION

On motion of Mr. Grimm, the House adopted the Report of the Free Conference Committee on Engrossed Substitute House Bill No. 1221.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY FREE CONFERENCE COMMITTEE

The Speaker stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 1221 as amended by Free Conference Committee.

Representatives Grimm, Silver, B. Williams, Appelwick, McMullen, Ballard and Hine spoke in favor of passage of the bill, and Representatives Ebersole and H. Sommers opposed it.

MOTION

On motion of Ms. Hine, the following remarks by the conferees were ordered to be inserted in the Journal.

Mr. Grimm: I urge you to vote for the budget, Engrossed Substitute House Bill No. 1221, as it has been reported to you by the Free Conference Committee. I urge you to do that in recognition of the fact that it does many good things. First of all, as has been our assertion from the beginning, whatever we do in the making of improvements to state services and programs over the next two years, it will not be done at the expense of the poor and the needy. I'm pleased to let you know that there is nothing that adversely impacts or affects those who are poor or needy in this proposal. As a matter of fact, contrary to the Senate's position, there is no hassle factor called "mandatory monthly reporting" provisions contained in this proposal. In addition, there are substantial improvements. Funding for the first time, thanks to the Speaker, for basic health care and those who are medically needy; improvements in health care for people who haven't had access to health care. It does more. It restores, beginning January 1 of 1988, access for individuals who are needy and on welfare to dental care. That program had been in effect prior to 1981 and was taken out during the recession and now for the first time it is being restored. There are many people whose teeth and whose health have been very bad, who will say thank you and mean it.

In addition, we have and are proposing, that we make substantial improvements in the education and higher education in this state. In education, improvements in class size, kindergarten through third grade, 52 and then 53 per thousand. For children who are preschool age, and are at risk because of low income, we are providing an enhancement of $6 million for them; improvements not even called for in Governor Gardner's proposal for vocational-technical institutes of S6
million; improved enrollments and better and new equipment. Drop-out programs—one of the worst problems confronting us in our educational system is keeping kids in school—an additional $5.5 million to make sure that they are kept in school; and in higher education, faculty salaries, universally considered to be one of the priorities of this legislative session; instructional support which, if you are on the faculty of our institutions of higher education, you consider to be equally important—the most significant improvement in instructional support in our colleges and universities in many, many years; for the students, improvements for financial aid, $10 million. That’s the good news.

But there is, as well, bad news. There is a price that we are paying for no new taxes. There is a price that we are paying for all the programs that have been squeezed into this budget and that is a lack of fiscal responsibility. Not since 1981-82 have we passed a budget with such a huge, what is commonly referred to as, bow wave. When we passed House Bill No. 527 more than a month ago, one individual on this floor urged us to vote "No" because it was going to demand a $500 million tax increase as a result of the bow wave. This budget, forced upon us in great measure (the no-tax part of it) by the Senate, those who were in control of the budget-writing process there, has more than $700 million in bow wave.

Pensions: The reduction in even the pension amount that we passed here in House Bill No. 527 more than a month ago. $140 million reduction. Those are prices, those are costs, that, in fact, are not going to be saved eventually. They just won’t be incurred and covered during 1987–89, but they will be by some other legislature in the future, more likely in 1989 than not. It spoils, unfortunately, the four-year tradition of fiscal integrity and responsibility that has been established here in this house and this legislature since 1983, and I regret this loss.

I do want to say, however, that the system works. Thanks, and here on what I hope is the last day, I can use names, thanks to Representative Ballard; thanks to Representative McMullen. We had a formal conference committee process that, in fact, made it possible for us to reach a resolution and for that, I appreciate their help and the help as well of Senator McDonald, Senator McDermott and Senator Hansen. In closing, I would like to say one thing with the leave of the Speaker. Thirteen years ago, the Speaker Leonard Sawyer made a very risky decision. He said we are going to hire professional staff so that we can have independent decision-making and not be dependent on everyone in government agencies or lobbyists from outside. He said let’s hire people who will be nonpartisan and who will give us good information. He did, and what we have is a thank you to a group of staff people who best represent that tradition that was established almost fifteen years ago. If they are listening over there, to Scott and Greg and to Vicky and to Bill and Bill and Nancy and Janet and Randy and all the others, for the information that you have provided to us, for the many hours of work, for the quality of the product and the ability to give us the power to make independent decisions, and to get this budget drafted, thank you.

Mr. McMullen: I rise to urge you to adopt this compromise budget. I believe it is a true compromise. It is the best we can do with what we have at this time. Over the period of the last several weeks we’ve seen proposal after proposal turned out and printed up. I think it got into the high teens at one point. For almost every item in the budget we can find a proposal which had a higher amount and a proposal which had a lower amount. Now I had my own personal druthers, but this particular conference committee went through all these items and tried to strike what they felt was the best balance on all the items. Our own personal bottom line, the House position, was to protect the social services of our state and do the best we could with education on top of that. I think we can be proud of what we were able to accomplish, albeit somewhat limited.

In the area of K-12 education we pumped in $140 million without counting the salary increases — $140 million of new money into education. In the higher education area we pumped in 155 million new dollars. If you’ve watched over the past decade or so, those states who make a real surge toward economic development talk about the investments they make into higher education. We have 155 million new dollars in higher education. Two hundred and ninety-five million dollars into education—a quarter billion dollars; nearly $300 million. I say let the word go out across this country that the state of Washington is stepping up to its future. We’re
putting nearly 300 million new dollars into education which is enhancement money. I think it's something we can be proud of. I urge your vote "Yes" on this budget.

Mr. Ballard: I rise to ask you to vote for this budget. I think it is a process of a lot of time and a lot of people. I know that we all would have liked to get out of here earlier, but that simply didn't work out. For the last several weeks we have been sitting at a negotiating table: a lot of people have done a lot of giving, a lot of projecting. We have had an excellent process, even though it has been a timely process.

I think, as far as the negotiators themselves go, there were no winners or losers, but the people of the state of Washington are the ones that I think are going to win with this budget. I've never served on the Ways & Means Committee, and everybody always says that that's the committee you need to get on, because you get where the action is and you get to see where all the money is going. I can tell you the one thing that has really gotten my attention in being part of the negotiations is going through the actual amount of money and the places where we spend money in this state. If you haven't done it, folks, you need to do it. I use the words of one of our representatives; I was shocked, surprised, amazed and I guess what I have to say is, if anybody says that we are running government totally efficiently, you need to sit down and go through the process. It's a little frightening how we do things out there. But that's it. I think the process we have started on a bipartisan effort is going to pay dividends because if we're going to spend the money, it's my strong feeling we need to spend it in the very best manner possible to affect the most people in a positive manner. We've started that process.

It's a responsible document. Sure, we could spend lots of money in other areas and all of us have our areas that we would like to. We've dealt with education. It's been pointed out by all the members who have spoken here today. Very responsible, social needs are increased in a number of areas. We've left a reserve, and all of us would like to have a higher reserve, but we've left a reserve that gives us some area; if we have something happen, that's going to give us a way not to have to come back here and raise taxes if we have some minor glitches in our economy. It's done all this within existing revenue. I know that there are lots of people who would have like to have done it differently, but when we put it all together and we look at this document, I think we have a real winner here. I strongly encourage you to vote "Yes."

Representatives Braddock and Sprenkle spoke against passage of the bill, and Representatives Brough, Walker, Valle and Leonard spoke in favor of it.

INTRODUCTION AND FIRST READING

HCR 4423 by Representative McMullen

Adjourning Sine Die.

MOTIONS

On motion of Mr. McMullen, the rules were suspended and House Concurrent Resolution No. 4423 was placed on the calendar for second reading and read the second time in full.
On motion of Mr. McMullen, the rules were suspended, the second reading considered the third, and the resolution was placed on final passage.

Representatives McMullen and Locke spoke in favor of adoption of the resolution.

POINT OF INFORMATION

Mr. Ballard: Mr. Speaker, if we pass House Concurrent Resolution No. 4423, does that mean that this body will not be able to take any further action on any bills?

The Speaker: Representative Ballard, no. The House Concurrent Resolution No. 4423 is a concurrent resolution effective when adopted by the Senate and signed by the President of the Senate. The resolution by itself does not preclude other business by this body. This resolution signals the Senate that we're ready to adjourn sine die.

The resolution was adopted.

SENATE AMENDMENTS TO HOUSE BILL

May 18, 1987

Mr. Speaker:

The Senate has passed REENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 455 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 1, chapter 374, Laws of 1985 as amended by section 40, chapter 185, Laws of 1987 and RCW 84.52.0531 are each amended as follows:

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be as follows:

(1) For excess levies in 1985 for collection in 1986 and thereafter, the sum of:
(a) That amount equal to ten percent of each school district's prior year basic education allocation; plus
(b) That amount equal to ten percent of each school district's prior year state allocation, exclusive of federal funds, for the following programs:
(i) Pupil transportation;
(ii) Handicapped education costs;
(iii) Gifted; and
(iv) Compensatory education, including but not limited to remediation assistance, bilingual education, and urban, rural, racial disadvantaged programs; plus
(c) In the case of nonhigh school districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.44 RCW, as now or hereafter amended, for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (4) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.44 RCW in such computation.
(2) Excess levies authorized under this section or under RCW 84.52.052 shall not be used directly or indirectly to increase the average salary or fringe benefits for certificated or classified personnel in any school district: PROVIDED, That any school district may expend excess levy funds to provide increases in salary and fringe benefits for certificated or classified personnel whose salary and fringe benefits are provided wholly from local school district excess levies in a percentage not to exceed the respective average percentage increases in the salary and fringe benefit levels for classified and certificated employees of the district funded with state appropriated funds: PROVIDED FURTHER, That those contracts which have been negotiated prior to July 1, 1977 by those school districts for such school year shall not be abrogated by this section. 'Fringe benefits' for purposes of this subsection shall include:
(a) Employer retirement contributions, if applicable;
(b) Health and insurance payments including life, accident, disability, unemployment compensation, and workmen's compensation; and..."
(c) Employer social security contributions.

(3) Any school district whose average base compensation for certificated or classified personnel respectively is below state-wide average base compensation level for certificated or classified personnel during the preceding school year, may collect and expend property taxes authorized by this section, or under RCW 84.52.052, for the purpose of increasing such district’s average compensation for certificated or classified personnel as allowed in the latest applicable state operating budget. ‘Compensation’, for purposes of this subsection, shall mean salary plus fringe benefits for certificated and classified personnel of a school district as allowed in the latest applicable state operating budget.

(4) For the purpose of this section, the basic education allocation shall be determined pursuant to RCW 28A.41.130, 28A.41.140, and 28A.41.145, as now or hereafter amended: PROVIDED, That when determining the basic education allocation under subsection (1) of this section, effective September 1, 1979, nonresident full time equivalent pupils who are participating in a program provided for in chapter 28A.44 RCW or in any other program pursuant to an interdistrict agreement shall be included in the enrollment of the resident district and excluded from the enrollment of the serving district.

Certificated personnel shall include those persons employed by a school district in a teaching, instructional, administrative or supervisory capacity and who hold positions as certificated personnel as defined under RCW 28A.01.130, as now or hereafter amended, and every school district superintendent, and any person hired in any manner to fill a position designated as, or which is in fact, that of deputy superintendent or assistant superintendent. Classified personnel shall include those persons employed by a school district other than certificated personnel as defined in this section in a capacity for which certification is not required.

(5) Any district is authorized to exceed the levy limitations imposed by subsection (1) for taxes to be collected during calendar years 1985 through 1993 as follows:

(a) For excess levies to be collected in calendar years 1986, 1987, (1988), 1989, a base year levy percentage shall be established. The base year levy percentage shall be equal to the greater of: (i) The district’s actual levy percentage for calendar year 1985, (ii) the average levy percentage for all school district levies in the state in calendar year 1985, or (iii) the average levy percentage for all school district levies in the educational service district of the district in calendar year 1985.

(b) The base year levy percentage established in (a) of this subsection shall be reduced in even increments beginning in calendar year (1989) 1990. The incremental reduction shall equal one-fifth of the percentage points the base year levy percentage exceeds the amount authorized in subsection (1) of this section.

(c) For excess levies to be collected in calendar year 1993, the maximum dollar amount which may be levied by or for any school district shall not exceed the amount authorized in subsection (1) of this section. The provisions of this subsection shall not apply to excess levies to be collected after calendar year 1993.

(d) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

NEW SECTION. Sec. 2. A new section is added to chapter ... (ESHB 1221), Laws of 1987 1st ex. sess. to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—-FOR GENERAL APPORTIONMENT

(BASIC EDUCATION)

General Fund Appropriation .................. $ 3,695,520,000
Revenue Accrual Account Appropriation ........ $ 55,100,000
Total Appropriation ............................ $ 3,750,620,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $367,646,000 is provided solely for the remaining months of the 1986-87 school year.

(2) Allocations for certificated staff salaries for the 1987-88 and 1988-89 school years shall be determined by multiplying each district’s average basic education certificated salary as determined under section 105(3)(a) of this act by the districts’ formula-generated staff units as follows:

(a) On the basis of average annual full time equivalent enrollments, excluding handi-capped full time equivalent enrollment as recognized for funding purposes under section 507 of chapter ... (ESHB 1221), Laws of 1987 1st ex. sess., and excluding full time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (h) of this subsection:

(i) Fifty certificated staff units for each one thousand full time equivalent kindergarten through twelfth grade students;

(ii) For the 1987-88 school year, two additional certificated staff units for each one thousand full time equivalent students in kindergarten through grade three; and

(iii) For the 1988-89 school year, three additional certificated staff units for each one thousand full time equivalent students in kindergarten through grade three.

(iv) It is the intent of the legislature that school districts use the increased funds provided in subsection (2)(a) of this section to provide improved adult-student classroom ratios and. to the extent possible, additional certificated instructional staff.
(b) For school districts with a minimum enrollment of 250 full time equivalent students, whose full time equivalent student enrollment count in a given month exceeds the first of the month full time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full time equivalent students been included in the normal enrollment count for that particular month.

(c) One certificated staff unit for each seventeen and one-half full time equivalent students enrolled in a vocational education program approved by the superintendent of public instruction. However, for skill center programs, the ratio shall be one certificated staff unit for each annual average 16.67 full time equivalent students enrolled in an approved vocational education program.

(d) For districts enrolling not more than twenty-five average annual full time equivalent students in kindergarten through grade eight, and for small school plants within any school district which enroll not more than twenty-five average annual full time equivalent kindergarten through eighth grade students and have been judged to be remote and necessary by the state board of education:

(i) For those enrolling no students in grades seven or eight, two certificated staff units for enrollment of not more than five students, plus one-twentieth of a certificated staff unit for each additional student enrolled; and

(ii) For those enrolling students in either grades seven or eight, two certificated staff units for enrollment of not more than five students, plus one-tenth of a certificated staff unit for each additional student enrolled.

(e) For districts enrolling more than twenty-five but not more than one hundred average annual full time equivalent students in kindergarten through grade eight, and for small school plants within any school district which enroll more than twenty-five average annual full time equivalent kindergarten through eighth grade students and have been judged to be remote and necessary by the state board of education, in the following cases:

(i) For enrollments of up to sixty annual average full time equivalent students in kindergarten through grades six, three certificated staff units; and

(ii) For enrollments of up to twenty annual average full time equivalent students in grades seven and eight, one certificated staff unit.

(f) For each non-high school district having an enrollment of more than seven annual average full time equivalent students and less than one hundred eighty students, an additional one-half of a certificated staff unit.

(g) For each non-high school district having an enrollment of more than fifty annual average full time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated staff unit.

(h) For districts that operate no more than two high schools with enrollments of not more than three hundred average annual full time equivalent students, for enrollments in each such high school, excluding handicapped and vocational full time equivalent enrollments:

(i) Nine and one-half certificated staff units for the first sixty annual average full time equivalent students; and

(ii) Additional certificated staff units based upon a ratio of one certificated staff unit per each additional forty-three and one-half annual average full time equivalent students.

(3) Allocations for classified salaries for the 1987-88 and 1988-89 school years shall be calculated by multiplying each district’s average basic education classified salary allocation as determined under section 105(3)(b) of this act by the district’s formula-generated classified staff units determined as follows:

(a) For those generating certificated staff unit allocations under subsection (2)(d) through (h) of this section, one classified staff unit per each three certificated staff units allocated under such subsection.

(b) For all other enrollments, including vocational but excluding handicapped full time equivalent enrollments, one classified staff unit for each sixty average annual full time equivalent students.

(c) For each non-high school district with an enrollment of more than fifty annual average full time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(d) Fringe benefit allocations shall be calculated at a rate of 19.41 percent in the 1987-88 school year and 19.53 percent in the 1988-89 school year of certificated salary allocations provided under subsection (2) of this section, and a rate of 17 percent in the 1987-88 school year and 17.12 percent in the 1988-89 school year of classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations for the 1987-88 and 1988-89 school years shall be calculated at a rate of $167 per month for the number of certificated staff units determined in subsection (2) of this section and for the number of classified staff units determined in subsection (3) of this section multiplied by 1.152.
(6)(a) For nonemployee related costs with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of $5,973 per certificated staff unit in the 1987-88 school year and a maximum of $6,188 per certificated staff unit in the 1988-89 school year.

(b) For nonemployee related costs with each certificated staff unit allocated under subsection (2)(c) of this section, there shall be provided a maximum of $11,382 per certificated staff unit in the 1987-88 school year and a maximum of $11,792 per certificated staff unit in the 1988-89 school year.

(7) Allocations for costs of substitutes for classroom teachers shall be distributed at a maximum rate of $275 per full time equivalent basic education classroom teacher during the 1987-88 and 1988-89 school years.

(8) The superintendent may distribute a maximum of $3,176,000 outside the basic education formula during fiscal years 1988 and 1989 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of $342,000 may be expended in fiscal year 1988 and a maximum of $342,000 in fiscal year 1989.

(b) For summer vocational programs at skills centers, a maximum of $1,099,000 may be expended in fiscal year 1988 and a maximum of $1,121,000 may be expended in fiscal year 1989.

(c) A maximum of $272,000 may be expended for school district emergencies.

(9) Formula enhancements are provided under this section which are not attributable to enrollment or workload changes, compensation increases, or inflationary adjustments. For the purposes of section 101 of this act, the following shall be recognized as levy reduction funds:

(a) For certificated staff units generated under subsection (2)(a)(ii) of this section, all allocations for nonemployee related costs and one-half of all allocations for certificated salaries and benefits;

(b) For certificated staff units generated under subsection (2)(a)(iii) of this section, one-third of all allocations including salaries, benefits, and nonemployee related costs.

(10) As a condition to the allocation of funds to school districts appropriated pursuant to this section, the superintendent of public instruction shall require school districts to ensure that, during the respective school year, the district has complied with all rules adopted by the superintendent of public instruction to implement RCW 28A.58.095. For any violation of such rules, the superintendent shall withhold an amount equal to the level of violation when applied to the district's respective basic education allocation, unless or until such time as the school district comes into compliance with the rules.

(11) A maximum of $372,000 may be distributed to enhance funding provided in subsections (1) through (8) of this section for remote and necessary school plants on islands without scheduled public transportation which are the sole school plants serving students in elementary grades on these islands. Any school district receiving an allocation under this subsection must certify that funding distributed for its remote and necessary school plants under this subsection and subsection (2)(d) of this section is used solely for programs for students enrolled in these school plants. The superintendent of public instruction shall ensure compliance with this subsection, including appropriate distribution of school district overhead costs. The superintendent shall study and, in a report submitted to the legislature prior to December 1, 1988, make recommendations on adequate but not excessive funding formulas for remote and necessary school plants serving less than twenty-five students.

(12) The revenue accrual account appropriation in this section is provided solely for pension contribution allocations under subsection (4) of this section.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.58 RCW, Laws of 1987 1st ex. sess. to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—SCHOOL DISTRICT EMPLOYEE COMPENSATION

For the purposes of section 104 of this act and this section, the following conditions and limitations apply:

(1)(a) 'LEAP Document 10A' means the computer tabulation of 1986-87 derived base salaries for basic education certificated staff and 1986-87 average salaries for basic education classified staff, as developed by the legislative evaluation and accountability program committee on May 11, 1987, at 11:07 hours.

(b) 'LEAP Document 1' means the computer tabulation of staff mix factors characterizing certificated staff by educational experience and years of service, as developed by the legislative evaluation and accountability program committee on April 20, 1981, at 11:35 hours.

(c) 'Incremental fringe benefits' means 18.77 percent in the 1987-88 school year and 18.89 percent in the 1988-89 school year for certificated staff, and 13.47 percent in the 1987-88 school year and 13.59 percent in the 1988-89 school year for classified staff, which percentages shall be the fringe benefit rates applied to the respective salary adjustments provided in this section.

(2) For the purposes of RCW 28A.58.095 and section 104(9) of this act, the following conditions and limitations apply:
(a) Effective September 1, 1987, each school district is authorized to grant salary increases that increase the district’s basic education certificated derived base salary to no more than the greater of: (i) The district’s certificated derived base salary as shown on LEAP Document 10A increased by 2.1 percent; or (ii) $17,615.

(b) Effective September 1, 1988, each school district is authorized to grant salary increases that increase the district’s basic education certificated derived base salary to no more than the greater of: (i) The district’s maximum certificated derived base salary for the 1987–88 school year under (a) of this subsection further increased by 2.1 percent; or (ii) $18,151.

(c) Effective September 1, 1987, each school district is authorized to grant salary increases that increase the district’s basic education average classified salary to no more than the sum of: (i) The district’s average classified salary as shown on LEAP Document 10A; and (ii) 2.7 percent of the state-wide average classified salary shown on LEAP Document 10A.

(d) Effective September 1, 1988, each school district is authorized to grant salary increases that increase the district’s basic education average classified salary to no more than the sum of: (i) The district’s maximum average classified salary for the 1987–88 school year under (c) of this subsection; and (ii) 2.77 percent of the state-wide average classified salary as shown on LEAP Document 10A.

(e) The maximum percentage salary increase in school district programs other than the basic education program shall not exceed the percentage increase authorized pursuant to this section for the district’s basic education program.

(f) (i) The maximum percentage increase in each district’s certificated derived base salary for administrative group employees, computed using LEAP Document 1, shall not exceed the percentage increase authorized pursuant to this section in the district’s basic education certificated derived base salary.

(ii) The maximum percentage increase in each district’s classified average salary for administrative group employees shall not exceed the percentage increase authorized pursuant to this section in the district’s basic education average classified salary.

(g) Insurance benefits are limited by this act to an average monthly rate of $167 per full time equivalent certificated employee and to an average monthly rate of $167 per classified unit. Classified units shall be calculated on the basis of 1,440 hours of work per year, with no individual employee counted for more than one unit. In accordance with RCW 28A.58.095, this subsection relates to insurance benefit increases granted in either the 1987–88 or 1988–89 school year which would raise the rate per full time equivalent unit to more than $167 per month.

(h) Increments granted by school districts to certificated staff shall constitute salary increases in the year in which the increments are given by a district to the extent only that the aggregate of increments granted by a district exceeds the aggregate of increments pursuant to LEAP Document 1.

(i) School districts may elect an alternate measure of salary compliance for classified staff by comparing average salaries for the current school year with the imputed classified average salary that was or would have been paid the same staff in the same positions during the prior school year if the districts electing this alternative certify by board resolution that any amount in excess of state-funded salary levels in each year thereafter is solely a district obligation created through local district personnel policies and salary schedule placements, and that the effect shall neither incur nor imply any current or future funding obligation by the state.

(j) For the purposes of this subsection and Implementation of RCW 28A.58.095, ‘basic education’ means those school district programs defined in the accounting manual for public schools in the state of Washington as 01 – Basic Education, 31 – Vocational Secondary, 94 – General Instructional Support, and 97 – General Support Services:

3(a) For the purposes of the appropriation in section 104 of this act, each district’s average basic education certificated staff salary allocation shall be the district’s certificated derived base salary as shown on LEAP Document 10A, multiplied by the district’s prior year staff mix factor for basic education certificated staff calculated using LEAP Document 1.

(b) For the purposes of the appropriation in section 104 of this act, each district’s average basic education classified salary allocation shall be the amount shown on LEAP Document 10A.

4(a) $34,822,000 is provided to increase funding for each basic education certificated staff unit allocated for the 1987–88 school year under section 104(2) of this act by an amount equal to the district’s basic education certificated staff mix factor for the prior school year, determined using LEAP Document 1, multiplied by the difference between the district’s maximum 1987–88 certificated derived base salary authorized under subsection (2)(a) of this section and the district’s certificated derived base salary shown on LEAP Document 10A, and for incremental fringe benefits.

(b) $58,069,000 is provided to increase funding for each basic education certificated staff unit allocated under section 104(2) of this act for the 1988–89 school year by an amount equal to the district’s basic education certificated staff mix factor for the prior school year, determined using LEAP Document 1, multiplied by the difference between the district’s maximum 1988–89...
certificated derived base salary authorized under subsection (2)(b) of this section and the district's certificated derived base salary shown on LEAP Document 10A, and for incremental fringe benefits.

(c) $6,886,000 is provided to increase funding for each basic education classified staff unit allocated for the 1987-88 school year under section 104(3) of this act by 2.7 percent of the state-wide average classified salary shown on LEAP Document 10A, and for incremental fringe benefits.

(d) $11,310,000 is provided to increase funding for each basic education classified staff unit allocated under section 104(3) of this act for the 1988-89 school year by 5.47 percent of the state-wide average classified salary shown on LEAP Document 10A, and for incremental fringe benefits.

(5) A maximum of $13,017,000 is provided to implement salary increases for state-supported school employees in the following categorical programs: Transitional bilingual instruction, learning assistance, education of highly capable students, vocational technical institutes, and pupil transportation. Moneys provided by this subsection shall be distributed by increasing allocation rates for each school year by the amounts specified:

(a) Transitional bilingual instruction: The rates specified in section 509 of chapter ... (ESHB 1221), Laws of 1987 1st ex. sess. shall be increased by $10.74 per pupil for the 1987-88 school year and by $21.79 per pupil for the 1988-89 school year.

(b) Learning assistance: The rates specified in section 510 of chapter ... (ESHB 1221), Laws of 1987 1st ex. sess. shall be increased by $8.24 per pupil for the 1987-88 school year and by $16.72 per pupil for the 1988-89 school year.

(c) Education of highly capable students: The rates specified in section 511 of chapter ... (ESHB 1221), Laws of 1987 1st ex. sess. shall be increased by $5.36 per pupil for the 1987-88 school year and by $12.90 per pupil for the 1988-89 school year.

(d) Vocational technical institutes: The rates for vocational programs specified in section 513 of chapter ... (ESHB 1221), Laws of 1987 1st ex. sess. shall be increased by $56.86 per full time equivalent student for the 1987-88 school year, and by $115.39 per full time equivalent student for the 1988-89 school year.

(e) Pupil transportation: The rates provided under section 516 of chapter ... (ESHB 1221). Laws of 1987 1st ex. sess. shall be increased by $0.42 per weighted pupil-mile for the 1987-88 school year, and by $0.86 per weighted pupil-mile for the 1988-89 school year.

(6) A maximum of $7,788,000 is provided for salary increases and incremental fringe benefits for state-supported certificated and classified staff allocations in the handicapped program and state-supported staff in institutional education programs and educational service districts. Such moneys shall be distributed to implement the same percentage salary increases as authorized for basic education staff under this section.

(7) As a condition to the allocation of funds provided by this section for the 1987-88 school year, the superintendent of public instruction shall require school districts to ensure that the district has established for that school year a minimum full time equivalent salary for all certificated staff of $17,115, excluding supplemental contracts.

(b) As a condition to the allocation of funds provided by this section for the 1988-89 school year, the superintendent of public instruction shall require school districts to ensure that the district has established for that school year a minimum full time equivalent salary for all certificated staff of $17,651, excluding supplemental contracts.

NEW SECTION. Sec. 4. Sections 503, 504, and 505, chapter ... (ESHB 1221), Laws of 1987 1st ex. sess. (uncodified) are hereby repealed.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1987.

On page 1, line 1, after "0531" strike the remainder of the title and insert "and 84.52.053: adding a new section to chapter 28A.41 RCW: adding new sections to chapter ... (ESHB 1221), Laws of 1987 1st ex. sess.: repealing sections 503, 504, and 505, chapter ... (ESHB 1221), Laws of 1987 1st ex. sess. (uncodified); making appropriations; providing effective dates; and declaring an emergency;"

and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

MOTIONS

Mr. Ebersole moved that the House do not concur in the Senate amendments to Reengrossed Second Substitute House Bill No. 455 and ask the Senate to recede therefrom.

Mr. Betrozoff moved that the House do concur in the Senate amendments to Reengrossed Second Substitute House Bill No. 455.

Representatives Betrozoff and Taylor spoke in favor of the motion, and Mr. Ebersole opposed it.
Mr. Betrozoff spoke again in favor of the motion, and Mr. Holland spoke in favor of it.

The motion by Mr. Betrozoff to concur in the Senate amendments to Reengrossed Second Substitute House Bill No. 455 was not carried.

The Speaker stated that the House had, by its action, refused to concur in the Senate amendments to Reengrossed Second Substitute House Bill No. 455 and asked the Senate to recede therefrom.

**MOTION**

On motion of Mr. Appelwick, the House recessed until 1:30 p.m.

**AFTERNOON SESSION**

The House was called to order by the Speaker (Mr. O'Brien presiding).

**MOTION**

On motion of Mr. Ebersole, the House adjourned until 1:30 p.m., Thursday, May 21, 1987.

JOSEPH E. KING, Speaker

ALAN THOMPSON, Chief Clerk
The House was called to order at 1:30 p.m. by the Speaker. The Clerk called the roll and all members were present except Representatives Beck, Bumgarner, Chandler, Day, Doty, Hankins, R. King, Miller, D. Sommers and Wang who were excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Christine Thompson and Rick Nelson. Prayer was offered by Representative Clyde Ballard.

Reading of the Journal of the previous day was dispensed with and it was ordered to stand approved.

The Speaker (Mr. O'Brien presiding) declared the House to be at ease.

Mr. Speaker:
The Senate has passed REENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 455 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature intends to establish the limitation on school district maintenance and operations levies at twenty percent, with ten percent to be equalized on a state-wide basis. The legislature further intends to establish a modern school financing system for compensation of school staff and provide a class size reduction in grades kindergarten through three. The legislature intends to give the highest funding priority to strengthening support for existing school programs.

The legislature finds that providing for the adoption of a state-wide salary allocation schedule for certificated instructional staff will encourage recruitment and retention of able individuals to the teaching profession, and limit the administrative burden associated with implementing state teacher salary policies.

PART I
FINANCING OUR SCHOOLS

Sec. 101. Section 1, chapter 374, Laws of 1985 as amended by section 40, chapter 185, Laws of 1987 and RCW 84.52.0531 are each amended to read as follows:

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

1. (For excess levies in 1985 for collection in 1986 and thereafter, the sum of:
   a. That amount equal to ten percent of each school district's prior year basic education allocation; plus
   b. That amount equal to ten percent of each school district's prior year state allocation:

   exclusive of federal funds, for the following programs:
   i. Pupil transportation;
   ii. Handicapped education costs;
   iii. Gifted and
   iv. Compensatory education, including but not limited to remediation assistance, bilingual education, and urban, rural, racial disadvantaged programs; plus
   c. In the case of nonhigh school districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.44 RCW, as now or hereafter amended, for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (4) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.44 RCW in such computation;
(2) Excess levies authorized under this section or under RCW 84.52.652 shall not be used directly or indirectly to increase the average salary or fringe benefits for certificated or classified personnel in any school district. PROVIDED: That any school district may expend excess levy funds to provide increases in salary and fringe benefits for certificated or classified personnel whose salary and fringe benefits are provided wholly from local school district excess levies in a percentage not to exceed the respective average percentage increases in the salary and fringe benefit levels for certificated and classified employees of the district funded with state-appropriated funds: PROVIDED FURTHER: That those contracts which have been negotiated prior to July 1, 1977 by those school districts for such school year shall not be abrogated by this section. "Fringe benefits" for purposes of this subsection shall include:

(a) Employer retirement contributions, if applicable;
(b) Health- and insurance payments including life, accident, disability, unemployment compensation, and workers' compensation; and
(c) Employer social security contributions.

(3) Any school district whose average base compensation for certificated or classified personnel, respectively, is below state-wide average base compensation level for certificated or classified personnel during the preceding school year, may collect and spend property taxes authorized by this section, or under RCW 84.52.650, for the purpose of increasing such district's average compensation for certificated or classified personnel as allowed in the latest applicable state operating budget. "Compensation": for purposes of this subsection shall mean salary plus fringe benefits for certificated and classified personnel of a school district as allowed in the latest applicable state operating budget

(4)) For the purpose of this section, the basic education allocation shall be determined pursuant to RCW 28A.41.130, 28A.41.140, and 28A.41.145, as now or hereafter amended: PROVIDED, That when determining the basic education allocation under subsection (((4))) (4) of this section, (effective September 1, 1979)) nonresident full time equivalent pupils who are participating in a program provided for in chapter 28A.44 RCW or in any other program pursuant to an interdistrict agreement shall be included in the enrollment of the resident district and excluded from the enrollment of the serving district.

(Certificated personnel shall include those persons employed by a school district in a teaching, instructional, administrative or supervisory capacity and who hold positions as certificated personnel as defined under RCW 28A.01.130, as now or hereafter amended; and every school district superintendent, and any person hired in any manner to fill a position designated as, or which is in fact that of deputy superintendent or assistant superintendent. Classified personnel shall include those persons employed by a school district other than certificated personnel as defined in this section in a capacity for which certification is not required.

(5) Any district is authorized to exceed the levy limitations imposed by subsection (4) for taxes to be collected during calendar years 1985 through 1993 as follows:

(a) (2) For ((excess levies to be collected in calendar years 1985, 1986, 1987, and 1988)) the purposes of subsection (5) of this section, a base year levy percentage shall be established. The base year levy percentage shall be equal to the greater of: (((a))) (a) The district's actual levy percentage for calendar year 1985. (((b))) (b) The average levy percentage for all school district levies in the state in calendar year 1985, or (((c))) (c) The average levy percentage for all school district levies in the educational service district of the district in calendar year 1985.

(((b))) The base year levy percentage established in (a) of this subsection shall be reduced in even increments beginning in calendar year 1989. The incremental reduction shall equal one-fifth of the percentage points the base year levy percentage exceeds the amount authorized in subsection (1) of this section:

(c) For excess levies to be collected in calendar year 1993, the maximum dollar amount which may be levied by or for any school district shall not exceed the amount authorized in subsection (1) of this section. The provisions of this subsection shall not apply to excess levies to be collected after calendar year 1993:

(((e))) (3) For excess levies for collection in calendar year 1988 and thereafter, the maximum dollar amount shall be the total of:

(a) The district's levy base as defined in subsection (4) of this section multiplied by the district's maximum levy percentage as defined in subsections (5) and (6) of this section; plus
(b) In the case of nonhigh districts only, an amount equal to the total estimated amount due by the school district to high school districts pursuant to chapter 28A.44 RCW for the school year during which the tax is levied. This increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (1) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.44 RCW in such computation; less
(c) The maximum amount of state matching funds under section 102 of this 1987 act for which the district is eligible in that tax collection year.

(4) For excess levies for collection in calendar year 1988 and thereafter, a district's levy base shall be the sum of the following allocations received by the district for the prior school year, including allocations for compensation increases, multiplied by the percent increase per
full time equivalent student in the state basic education appropriation between the prior school year and the current school year:

(a) The district's basic education allocation as determined pursuant to RCW 28A.41.130, 28A.41.140, and 28A.41.145;

(b) State and federal categorical allocations for the following programs:
   (I) Pupil transportation;
   (II) Handicapped education;
   (III) Education of highly capable students;
   (IV) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;
   (V) Food services; and
   (VI) State-wide block grant programs; and

(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

(5) For levies to be collected in calendar year 1988, a district's maximum levy percentage shall be determined as follows:

(a) Multiply the district's base year levy percentage as defined in subsection (2) of this section by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (7) of this section which are to be allocated to the district for the 1987-88 school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage; and

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in calendar year 1988.

(6) For excess levies for collection in calendar year 1989 and thereafter, a district's maximum levy percentage shall be determined as follows:

(a) Multiply the district's maximum levy percentage for the prior year or thirty percent, whichever is less, by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (7) of this section which are to be allocated to the district for the current school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage; and

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in that calendar year.

(7) Levy reduction funds shall mean increases in state funds allocated to a district for programs included under subsection (4) of this section that are not attributable to enrollment or workload changes, compensation increases, or inflationary adjustments recognized in state allocation changes, any other increases in state allocations from the district's allocations for the prior school year that are not specifically excluded in this subsection shall be considered levy reduction funds. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data.

(8) For the purposes of this section, 'prior school year' shall mean the most recent school year completed prior to the year in which the levies are to be collected.

(9) For the purposes of this section, 'current school year' shall mean the year immediately following the prior school year.

(10) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

NEW SECTION. Sec. 102. A new section is added to chapter 28A.41 RCW to read as follows:

(1) Commencing with taxes assessed in 1988 to be collected in calendar year 1989 and thereafter, in addition to a school district's other general fund allocations, each eligible district shall be provided local effort assistance funds as provided in this section. Such funds are not part of the district's basic education allocation. For the first distribution of local effort assistance funds provided under this section in calendar year 1989, state funds may be prorated according to the formula in this section.

(2) (a) 'Prior tax collection year' shall mean the year immediately preceding the year in which the local effort assistance shall be allocated.

(b) The 'state-wide average ten percent levy rate' shall mean ten percent of the total levy bases as defined in RCW 84.52.0531(4) summed for all school districts, and divided by the total assessed valuation for excess levy purposes in the prior tax collection year for all districts as adjusted to one hundred percent by the county indicated ratio established in RCW 84.48.075.

(c) The 'ten percent levy rate' of a district shall mean:

(I) Ten percent of the district's levy base as defined in RCW 84.52.0531(4), plus one-half of any amount computed under RCW 84.52.0531(3)(b) in the case of nonhigh school districts; divided by
(ii) The district's assessed valuation for excess levy purposes for the prior tax collection year as adjusted to one hundred percent by the county indicated ratio.

(d) 'Eligible districts' shall mean those districts with a ten percent levy rate which exceeds the state-wide average ten percent levy rate.

(3) Allocation of state matching funds to eligible districts for local effort assistance shall be determined as follows:

(a) Funds raised by the district through maintenance and operation levies during that tax collection year shall be matched with state funds using the following ratio of state funds to levy funds: (i) The difference between the district's ten percent levy rate and the state-wide average ten percent levy rate; and (ii) the state-wide average ten percent levy rate.

(b) The maximum amount of state matching funds for which a district may be eligible in any tax collection year shall be ten percent of the district's levy base as defined in RCW 84.52.0531(4), multiplied by the following percentage: (i) The difference between the district's ten percent levy rate and the state-wide average ten percent levy rate; and (ii) the district's ten percent levy rate.

(4) Fifty-five percent of local effort assistance funds shall be distributed to qualifying districts during the applicable tax collection year on or before June 30 and forty-five percent shall be distributed on or before December 31 of any year.

Sec. 103. Section 3, chapter 325, Laws of 1977 ex. sess. as amended by section 1, chapter 133, Laws of 1986 and RCW 84.52.053 are each amended to read as follows:

The limitations imposed by RCW 84.52.050 through 84.52.056, and RCW 84.52.043 shall not prevent the levy of additional taxes by school districts, when authorized so to do by the electors of such school districts in the manner ((set forth in)) and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state, as amended by Amendment ((69)) 79 and as thereafter amended, at a special or general election to be held in the year in which the levy is made or, in the case of a proposition authorizing two-year levies for maintenance and operation support of a school district ((including but not limited to levies)) or authorizing two-year through six-year levies to support the construction, modernization, or remodeling of school facilities ((and levies for the maintenance and operation of schools for a period exceeding one year)), or both, at a special or general election to be held in the year in which the first annual levy is made: PROVIDED, That once additional tax levies have been authorized for maintenance and operation support of a school district for a two-year period, no further additional tax levies for maintenance and operation support of the district for that period may be authorized.

A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote 'yes' and those opposed thereto to vote 'no'.

PART II

ENHANCING SCHOOL MANAGEMENT

Sec. 201. Section 2, chapter 46, Laws of 1973 as last amended by section 1, chapter 144, Laws of 1986 and RCW 28A.41.130 are each amended to read as follows:

From those funds made available by the legislature for the current use of the common schools, the superintendent of public instruction shall distribute annually as provided in RCW 28A.48.010 to each school district of the state operating a program approved by the state board of education an amount which, when combined with an appropriate portion of such locally available revenues, other than receipts from federal forest revenues distributed to school districts pursuant to RCW 28A.02.300 and 28A.02.310, as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support, excluding excess property tax levies, will constitute a basic education allocation in dollars for each annual average full time equivalent student enrolled, based upon one full school year of one hundred eighty days, except that for kindergartens one full school year shall be one hundred eighty half days of instruction, or the equivalent as provided in RCW 28A.58.754, as now or hereafter amended.

Basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW 28A.41.130 and 28A.41.140 to fund those program requirements identified in RCW 28A.58.754 in accordance with the formula and ratios provided in RCW 28A.41.140 and those amounts of dollars appropriated by the legislature to fund the salary requirements of sections 203 and 204 of this 1987 act.

Operation of a program approved by the state board of education, for the purposes of this section, shall include a finding that the ratio of students per classroom teacher in grades kindergarten through three is not greater than the ratio of students per classroom teacher in grades four and above for such district: PROVIDED, That for the purposes of this section, 'classroom teacher' shall be defined as an instructional employee possessing at least a provisional certificate, but not necessarily employed as a certificated employee, whose primary duty is the daily educational instruction of students: PROVIDED FURTHER, That the state board of education shall adopt rules and regulations to insure compliance with the student/teacher ratio provisions
of this section, and such rules and regulations shall allow for exemptions for those special programs and/or school districts which may be deemed unable to practically meet the student/teacher ratio requirements of this section by virtue of a small number of students.

If a school district’s basic education program fails to meet the basic education requirements enumerated in RCW 28A.41.130, 28A.41.140 and 28A.58.754, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured: PROVIDED, That the state board of education may waive this requirement in the event of substantial lack of classroom space.

Sec. 202, Section 14, chapter 244, Laws of 1969 ex. sess. as last amended by section 5, chapter 349. Laws of 1985 and RCW 28A.41.140 are each amended to read as follows:

The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

- Provided, further, that the definition of full time equivalent student shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.58.754 and section 203 of this 1987 act.
- The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.41.145, as now or hereafter amended, enrolled on the first school day of each month and shall exclude full time equivalent handicapped students recognized for the purposes of allocation of state funds for programs under chapter 28A.13 RCW. The definition of full time equivalent student shall be determined by rules and regulations of the superintendent of public instruction: PROVIDED, That the definition shall be included as part of the superintendent’s biennial budget request: PROVIDED, FURTHER, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: PROVIDED, FURTHER, That the
office of financial management shall make a monthly review of the superintendent's reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

(3) (a) Certificated instructional staff shall include those persons employed by a school district (in a teaching, instructional, educational staff associate, learning resources specialist, administrative or supervisory capacity and who hold positions as certificated employees as defined under RCW 28A.01.130, as now or hereafter amended, and every school district superintendent, and any person hired in any manner to fill a position designated as, or which is in fact, that of deputy superintendent or assistant superintendent) who are nonsupervisory employees within the meaning of RCW 41.59.020(4). PROVIDED. That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: PROVIDED. FURTHER. That the hiring of such noncertificated people shall not occur during a labor dispute and such noncertificated people shall not be hired to replace certificated employees during a labor dispute.

(b) Certificated administrative staff shall include all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4).

(4) Each annual average full time equivalent certificated classroom teacher's direct classroom contact hours shall average at least twenty-five hours per week. Direct classroom contact hours shall be exclusive of time required to be spent for preparation, conferences, or any other nonclassroom instruction duties. Up to two hundred minutes per week may be deducted from the twenty-five contact hour requirement, at the discretion of the school district board of directors, to accommodate authorized teacher/parent-guardian conferences, recess, passing time between classes, and informal instructional activity. Implementing rules to be adopted by the state board of education pursuant to RCW 28A.58.754(6) shall provide that compliance with the direct contact hour requirement shall be based upon teachers' normally assigned weekly instructional schedules, as assigned by the district administration. Additional record-keeping by classroom teachers as a means of accounting for contact hours shall not be required. However, upon request from the board of directors of any school district, the provisions relating to direct classroom contact hours for individual teachers in that district may be waived by the state board of education if the waiver is necessary to implement a locally approved plan for educational excellence and the waiver is limited to those individual teachers approved in the local plan for educational excellence. The state board of education shall develop criteria to evaluate the need for the waiver. Granting of the waiver shall depend upon verification that:

(a) The students' classroom instructional time will not be reduced; and (b) the teacher's expertise is critical to the success of the local plan for excellence.

NEW SECTION. Sec. 203. A new section is added to chapter 28A.41 RCW to read as follows:

(1) For the purposes of this section and sections 204 and 205 of this act, 'basic education certificated instructional staff' shall mean all full time equivalent certificated instructional staff in the following programs as defined for state-wide school district accounting purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.

(2) In the 1988-89 school year and thereafter, each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full time equivalent students.

NEW SECTION. Sec. 204. A new section is added to chapter 28A.41 RCW to read as follows:

(1) The legislature shall establish for each school year in the appropriations a state-wide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.41.140.

(2) The superintendent of public instruction shall calculate salary allocations for state funded basic education certificated instructional staff by determining the district average salary for basic education instructional staff using the salary allocation schedule established pursuant to this section. However, no district shall receive an allocation based upon an average basic education certificated instructional staff salary which is less than the average of the district's 1986-87 actual basic education certificated Instructional staff salaries, as reported to the superintendent of public instruction prior to June 1, 1987, and the legislature may grant minimum salary increases on that base.

NEW SECTION. Sec. 205. A new section is added to chapter 28A.58 RCW to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a baccalaureate degree and zero years of service; and

(b) Salaries for certificated instructional staff with a masters degree shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a masters degree and zero years of service.

(3)(a) The actual average salary paid to basic education certificated instructional staff shall not exceed the district's average basic education certificated Instructional staff salary
used for the state basic education allocations for that school year as determined pursuant to section 204 of this act.

(b) Fringe benefit contributions for basic education certificated instructional staff shall be included as salary under (a) of this subsection to the extent that the district's actual average benefit contribution exceeds the greater of: (1) The formula amount for insurance benefits provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable; or (2) the actual average amount provided by the school district in the 1986-87 school year. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.58.096, or employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, additional responsibilities, or incentives. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.67.074. shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.58-.450 through 28A.58.515. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 3 of the state Constitution.

Sec. 206. Section 3, chapter 16, Laws of 1981 and RCW 41.59.935 are each amended to read as follows:

Nothing in this chapter shall be construed to grant employers or employees the right to reach agreements regarding salary or compensation increases in excess of those authorized in accordance with (RCW 28A.58-.095) sections 204 and 205 of this 1987 act.

Sec. 207. Section 2, chapter 143, Laws of 1986 and RCW 28A.02.325 are each amended to read as follows:

The board of directors of the school district shall make the final determination as to whether an employee suggestion award will be made and shall determine the nature and extent of the award. The award shall not be a regular or supplemental compensation program for all employees and the suggestion must, in fact, result in actual savings greater than the award amount. Any moneys which may be awarded to an employee as part of an employee suggestion program shall not be considered salary or compensation for the purposes of (RCW 28A.58-.095) section 205 of this 1987 act or chapter 41.40 RCW.

Sec. 208. Section 5, chapter 278, Laws of 1984 as amended by section 1, chapter 197, Laws of 1987 and RCW 28A.03.425 are each amended to read as follows:

The office of the superintendent of public instruction, in consultation with the state board of education, shall prepare model curriculum programs and/or curriculum guidelines in three subject areas each year. These model curriculum programs or curriculum guidelines shall span all grade levels and shall include statements of expected learning outcomes, content, integration with other subject areas including guidelines for the application of vocational and applied courses to fulfill in whole or in part the courses required for graduation under RCW 28A.05.060. recommended instructional strategies, and suggested resources.

Certificated employees with expertise in the subject area under consideration shall be chosen by the superintendent of public instruction from each educational service district, from a list of persons suggested by their peers, to work with the staff of the superintendent of public instruction to prepare each model curriculum program or curriculum guidelines. Each participant shall be paid his or her regular salary by his or her district, and travel and per diem expenses by the superintendent of public instruction. The superintendent of public instruction shall make selections of additional experts in the subject area under consideration as are needed to provide technical assistance and to review and comment upon the model curriculum programs and/or curriculum guidelines before publication and shall be paid travel and per diem expenses by the superintendent of public instruction as necessary. The model curriculum programs and curriculum guidelines shall be made available to all districts. Participants developing model curriculum programs and/or curriculum guidelines may be used by school districts to provide training or technical assistance or both. After completion of the original development of a model curriculum program or curriculum guidelines, the office of the superintendent of public instruction shall schedule, at least every five years, a regular review and updating of programs and guidelines in each subject matter area. (Any travel and per diem expenses provided to employees involved in the development of model programs or guidelines shall not be considered salary or compensation for purposes of the limitations established in RCW 28A.58.095;)

Sec. 209. Section 2, chapter 147, Laws of 1986 and RCW 28A.03.523 are each amended to read as follows:
(1) The superintendent of public instruction shall establish an annual award program for excellence in education to recognize teachers, principals, school district superintendents, and school boards for their leadership, contributions, and commitment to education. The program shall recognize annually:

(a) Three teachers from each congressional district of the state. One individual must be an elementary level teacher, one must be a junior high or middle school level teacher, and one must be a secondary level teacher;

(b) Three principals from each congressional district of the state. One individual must be an elementary building principal, one must be a junior high or middle school building principal, and one must be a secondary building principal;

(c) One school district superintendent from the state; and

(d) One school district board of directors from the state.

Not more than three teachers and three principals from each congressional district and one superintendent and one school board from the state may be recognized and receive awards in any school year.

(2) The awards for teachers and principals shall include certificates presented by the governor and the superintendent of public instruction at a public ceremony or ceremonies in appropriate locations.

(3) In addition to certificates under subsection (2) of this section, awards for teachers and principals shall include:

(a) A waiver of tuition and fees under RCW 28B.15.547 and a stipend not to exceed one thousand dollars to cover costs incurred in taking courses for which the tuition and fees have been waived under this subsection and RCW 28B.15.547. The stipend shall not be considered compensation for the purposes of RCW 28A.58.095 or section 205 of this 1987 act; or

(b) Teachers and principals, at their discretion, may elect to forego the waiver of tuition and fees and the stipend under subsection (3) of this section and apply for a grant not to exceed one thousand dollars, which grant shall be awarded under the provisions of RCW 28A.03.535. Within one year of receiving the award for excellence in education, teachers and principals shall notify the superintendent of public instruction in writing of their decision to apply for a grant or to receive the waiver of tuition and fees and the stipend under subsection (3) of this section.

Sec. 210. Section 2, chapter 399, Laws of 1985 and RCW 28A.58.842 are each amended to read as follows:

The board of directors of any school district may establish a commendable employee service and recognition award program for certificated and classified school employees. The program shall be designed to recognize exemplary service, special achievements, or outstanding contributions by an individual in the performance of his or her duties as an employee of the school district. The board of directors of the school district shall determine the extent and type of any nonmonetary award. The value of any nonmonetary award shall not be deemed salary or compensation for the purposes of RCW 28A.58.095 or chapter 41.32 RCW.

NEW SECTION. Sec. 211. The following acts or parts of acts are each repealed:

(1) Section 7, chapter 349, Laws of 1985 and RCW 28A.58.093;

(2) Section 2, chapter 16, Laws of 1981, section 1, chapter 275, Laws of 1983, section 1, chapter 245, Laws of 1984 and RCW 28A.58.095; and

(3) Section 4, chapter 16, Laws of 1981 and RCW 41.56.960.

NEW SECTION. Sec. 212. The sum of five million dollars, or as much thereof as may be necessary is appropriated for the biennium ending June 30, 1989, to the superintendent of public instruction for state matching funds pursuant to section 102 of this act. Such sum is found to be equivalent to twenty-three percent of the money for state matching funds under section 102 of this act for the 1987-89 biennium. The superintendent of public instruction shall distribute the funds to districts proportionally to the amount the district would have received if the formula under section 102 of this act were fully funded. Districts shall not receive more than their proportional shares.

NEW SECTION. Sec. 213. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 214. This act shall take effect September 1, 1987.*

On page 1, line 1 of the title, after "education," strike the remainder of the title and insert "amending RCW 84.52.0531, 84.52.053, 28A.41.130, 28A.41.140, 41.59.935, 28A.02.325, 28A.03.425, 28A.03.523, and 28A.58.842; adding new sections to chapter 28A.41 RCW; adding a new section to chapter 28A.58 RCW; creating a new section; repealing RCW 28A.58.093, 28A.58.095, and 41.56.960; making an appropriation; and providing an effective date."

and the same is herewith transmitted.

Sidney R. Snyder, Secretary.
MOTION

Mr. Ebersole moved that the House do concur in the Senate amendments to Reengrossed Second Substitute House Bill No. 455.

Mr. Ebersole spoke in favor of the motion.

POINT OF INQUIRY

Mr. Ebersole yielded to question by Mr. Sanders.

Mr. Sanders: Representative Ebersole, how was the reduction from $21.5 million to $5 million accomplished?

Mr. Ebersole: The money for the last six months of this biennium would be prorated, meaning roughly twenty-three cents on the dollar. The same districts that would have qualified will still qualify, but they would get a proportionately reduced share. Essentially it's twenty-three cents on the dollar.

POINT OF ORDER

Mr. Padden: Mr. Speaker, under House Rule 14(B), "Before proceeding with business, the roll of the members shall be called and the names of those absent or excused shall be entered on the journal...." I have carefully reviewed the minutes of the Journal of the twenty-fourth day of this special session on Wednesday, May 20, when Engrossed Second Substitute House Bill No. 455 had business acted upon it without a roll call or a quorum present. I also call your attention to Reed's Rule 20, regarding a quorum and would ask for a ruling whether or not RE2SHB No. 455 can be properly acted upon in light of the fact that there was no quorum present yesterday.

SPEAKER'S RULING

The Speaker: Representative Padden, the Speaker has found that your point is not timely. We have approved yesterday's Journal. Nobody challenged a quorum. Representative Lewis demanded an electric roll call vote, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion by Representative Ebersole that the House do concur in the Senate amendments to Reengrossed Second Substitute House Bill No. 455, and the motion was carried by the following vote: Yeas, 72; nays, 16; excused, 10.

Representative Silver was excused.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker stated the question before the House to be the final passage of Reengrossed Second Substitute House Bill No. 455 as amended by the Senate.

Mr. Ebersole spoke in favor of passage of the bill, and Mr. Taylor opposed it.

Representative Lewis demanded an oral roll call vote, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Reengrossed Second Substitute House Bill No. 455 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 71; nays, 16; excused, 11.

Reengrossed Second Substitute House Bill No. 455 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

I wish to change my vote from "Yea" to "Nay" on RE2SHB No. 455 as amended by the Senate.

PETER T. BROOKS, 16th District.

There being no objection, the House reverted to the fourth order of business.

INTRODUCTIONS AND FIRST READING

HB 1254 by Representatives H. Sommers, Appelwick and Bristow

AN ACT Relating to public facilities: amending RCW 67.40.020; adding a new section to chapter 67.28 RCW: adding a new section to chapter 67.40 RCW: creating new sections; making appropriations; and declaring an emergency.

Referred to Committee on State Government.

HB 1255 by Representatives Vekich, Kremen, Zellinsky, Hargrove, Schoon, Amondson, B. Williams, Cantwell, Braddock, Grant, Day and Rasmussen

Referred to Committee on Trade & Economic Development.

HB 1256 by Representatives Day, Kremen, Silver, Vekich and Schoon

Referred to Committee on Trade & Economic Development.

MOTION

On motion of Mr. Appelwick, the rules were suspended and Engrossed Substitute Senate Bill No. 5901 was placed on the calendar for second reading.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 5901, by Committee on Ways & Means (originally sponsored by Senator McDermott)

Revising the authority of the state convention and trade center.

The bill was read the second time.
Mr. Locke moved adoption of the following amendment by Representatives Locke and Grimm:

On page 1, after line 5, strike all material through line 35 on page 4 and insert the following:

"NEW SECTION. Sec. 1. (1) The director of financial management, in consultation with the chairpersons of the ways and means committees of the senate and house of representatives, may authorize temporary borrowing from the state treasury for the purpose of covering cash deficiencies in the state convention and trade center account resulting from project completion costs. Subject to the conditions and limitations provided in this section, lines of credit may be authorized at times and in amounts as the director of financial management determines are advisable to meet current and/or anticipated cash deficiencies. Each authorization shall distinctly specify the maximum amount of cash deficiency which may be incurred and the maximum time period during which the cash deficiency may continue. The total amount of borrowing outstanding at any time shall never exceed the lesser of:

(a) $58,275,000; or

(b) An amount, as determined by the director of financial management from time to time, which is necessary to provide for payment of project completion costs.

(2) Unless the due date under this subsection is extended by statute, all amounts borrowed under the authority of this section shall be repaid to the state treasury by June 30, 1989, together with interest at a rate determined by the state treasurer to be equivalent to the return on investments of the state treasury during the period the amounts are borrowed. Borrowing may be authorized from any excess balances in the state treasury, except the agricultural permanent fund, the Millersylvania park permanent fund, the state university permanent fund, the normal school permanent fund, the permanent common school fund, and the scientific permanent fund.

(3) As used in this section, 'project completion' means:

(a) All remaining development, construction, and administrative costs related to completion of the convention center; and

(b) Costs of the McKay building demolition, Eagles building rehabilitation, and construction of rentable retail space and an operable parking garage.

(4) It is the intent of the legislature that project completion costs be paid ultimately from the following sources:

(a) $29,250,000 to be received by the corporation under an agreement and settlement with Industrial Indemnity Co.;

(b) $1,070,000 to be received by the corporation as a contribution from the city of Seattle;

(c) $20,000,000 to be received by the corporation under an anticipated agreement with a private developer;

(d) $7,955,000 to be provided by a private developer for McKay building demolition, Eagles building rehabilitation, and construction of rentable retail space and an operable parking garage; and

(e) $4,765,000 for contingencies and project reserves from additional general obligation bonds to be repaid from convention center revenue from the special excise tax under RCW 67.40.090.

(5) The borrowing authority provided in this section is in addition to the authority to borrow from the general fund to meet the bond retirement and interest requirements set forth in RCW 67.40.060. To the extent the specific conditions and limitations provided in this section conflict with the general conditions and limitations provided for temporary cash deficiencies in RCW 43.88.260 (section 7, chapter ... (SSB 5606), Laws of 1987), the specific conditions and limitations in this section shall govern.

Sec. 2. Section 2, chapter 34, Laws of 1982 as last amended by section 1, chapter 210. Laws of 1984 and RCW 67.40.020 are each amended to read as follows:

(1) The governor is authorized to form a public nonprofit corporation in the same manner as a private nonprofit corporation is formed under chapter 24.03 RCW. The public corporation shall be an instrumentality of the state and have all the powers and be subject to the same restrictions as are permitted or prescribed to private nonprofit corporations, but shall exercise those powers only for carrying out the purposes of this chapter and those purposes necessarily implied therefrom. The governor shall appoint a board of nine directors for the corporation who shall serve terms of six years, except that two of the original directors shall serve for two years and two of the original directors shall serve for four years. After January 1, 1991, at least one position on the board shall be filled by a member representing management in the hotel or motel industry subject to taxation under RCW 67.40.090. The directors may provide for the payment of their expenses. The corporation may cause a state convention and trade center with an overall size of approximately three hundred thousand square feet to be designed and constructed on a site in the city of Seattle. In acquiring, designing, and constructing the state convention and trade center, the corporation shall consider the recommendations and proposals issued on December 11, 1981, by the joint select committee on the state convention and trade center.
(2) The corporation may acquire and transfer real and personal property by lease, sublease, purchase, or sale, and further acquire property by condemnation of privately owned property or rights to and interests in such property pursuant to the procedure in chapter 8.04 RCW, or gift, accept grants, request the financing provided for in RCW 67.40.030, cause the state convention and trade center facilities to be constructed, and do whatever is necessary or appropriate to carry out those purposes. The corporation may enter into lease and sublease contracts for a term exceeding the fiscal period in which such lease and sublease contracts are made: PROVIDED, That such contracts are approved by the director of financial management in consultation with the chairpersons of the ways and means committees of the house of representatives and the senate. The terms of sale or lease of properties acquired by the corporation on February 9, 1987, pursuant to the property purchase and settlement agreement entered into by the corporation on June 12, 1986, excepting the McKay parcel which the corporation is contractually obligated to sell under that agreement, shall also be subject to the approval of the director of financial management in consultation with the chairpersons of the ways and means committees of the house of representatives and the senate. In order to allow the corporation flexibility to secure appropriate insurance by negotiation, the corporation is exempt from RCW 48.30.270. The corporation shall maintain, operate, promote, and manage the state convention and trade center.

(3) In order to allow the corporation flexibility in its personnel policies, the corporation is exempt from chapter 41.06 RCW, chapter 41.05 RCW, RCW 43.01.040 through 43.01.044, chapter 41.04 RCW and chapter 41.40 RCW.

Sec. 3. Section 2, chapter 233, Laws of 1985 and RCW 67.40.025 are each amended to read as follows:

((To more accurately determine the total costs and revenues of)) All operating revenues received by the corporation under RCW 67.40.020 ((and to ensure accountability, promote flexibility, and increase profitability, the funds of the corporation shall be administered as an enterprise fund by the corporation, the state treasurer, and other state agencies. Administration and accounting of an enterprise fund, as applied by and to the corporation formed under RCW 67.40.020, includes the following additional powers and practices:

(1)) shall be deposited in the state trade and convention center operations account, hereby created in the state treasury. Moneys in the account, including unanticipated revenues under RCW 43.79.270, may be spent only after appropriation by statute, and may be used only for operation and promotion of the center.

Subject to approval by the office of financial management under RCW 43.88.260 (section 7, chapter ... (SSB 5606), Laws of 1987), the corporation may expend moneys for operational purposes in excess of the (amount appropriated for such purposes) balance in the account, to the extent the corporation receives or will receive additional operating revenues.

(2) Seventy-five percent of the income from the investment of the corporation's funds deposited in the general fund pursuant to RCW 43.84.099 (including interest earned thereon, before and after May 10, 1985, shall be credited against any future borrowings by the corporation from the general fund for debt service or otherwise at the time such funds are needed after July 1, 1987));

(4) As used in this section, 'operating revenues' does not include any moneys required to be deposited in the state convention and trade center account:

Sec. 4. Section 4, chapter 34, Laws of 1982 as last amended by section 6, chapter 57, Laws of 1985 and RCW 67.40.040 are each amended to read as follows:

(1) The proceeds from the sale of the bonds authorized in RCW 67.40.030, earnings from the investment of the proceeds, the proceeds of the tax imposed under RCW 67.40.090, and ((operating revenues of)) all other moneys received by the state convention and trade center from any public or private source which are intended to fund the acquisition, design, construction, expansion, or renovation of the center, shall be deposited in the state convention and trade center account hereby created in the state treasury and in such subaccounts as are deemed appropriate by the directors of the corporation.

(2) Seventy-five percent of the income from the investment of the corporation's funds deposited in the account, including interest earned thereon, before and after May 10, 1985, shall be credited against any future borrowings by the corporation from the general fund for debt service or otherwise at the time such funds are needed after July 1, 1987;

(3) Moneys in the account, including unanticipated revenues under RCW 43.79.270, shall be used exclusively for the following purposes in the following priority:

(((2))) (2) For reimbursement of the state general fund under RCW 67.40.060;
(b) After appropriation by statute;
((3))) (3) For payment of expenses incurred in the issuance and sale of the bonds issued under RCW 67.40.030;
((3))) (i) For acquisition, design, and construction of the state convention and trade center;
((4))) (4) For operation and promotion of the center;
((5))) (iii) For reimbursement of any expenditures from the state general fund in support of the state convention and trade center;
The surtax is intended to reimburse. The surtax so determined shall be effective.

Section (a) "surtax deficiency" means any excess of (I) the convention center net operating deficit over (II) receipts from the surtax imposed under

subsection. On or before October 1, 1993. and on or before October 1 of each succeeding year.

The state general obligation bond retirement fund shall be used for the payment of the principal of and interest on the bonds authorized in RCW 67.40.030.

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements. Not less than thirty days prior to the date on which any interest or principal and interest payment is due, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the state general obligation bond retirement fund an amount equal to the amount certified by the state finance committee to be due on that payment date. On each date on which any interest or principal and interest is due, the state treasurer shall cause an identical amount to be paid out of the state convention and trade center account, or state convention and trade center operations account, from the proceeds of the special excise tax imposed under RCW 67.40.090, operating revenues of the state convention and trade center, and bond proceeds and earnings on the investment of bond proceeds, for deposit in the general fund of the state treasury. Any deficiency in such transfer shall be made up as soon as special excise taxes are available for transfer and shall constitute a continuing obligation of the state convention and trade center account until all deficiencies are fully paid.

Bonds issued under RCW 67.40.030 shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

Sec. 6. Section 9, chapter 34, Laws of 1982 and RCW 67.40.090 are each amended to read as follows:

(1) The rate of the tax imposed under this section shall be:

((6))) (a) From April 1, 1982, through December 31, 1982, inclusive, three percent in the city of Seattle and two percent in King county outside the city of Seattle; and

((4))) (b) On and after January 1, 1983, five percent in the city of Seattle and two percent in King county outside the city of Seattle. The tax levied under this subsection (b) shall expire on the first day of the next calendar quarter after the director of financial management certifies that (i) the bonds issued pursuant to RCW 67.40.030 have been fully retired and (ii) all borrowings by the convention center for (A) bond retirement, and (B) operating expenses of the convention center incurred through June 30, 1992, have been repaid together with interest at a rate determined by the state treasurer to be equivalent to the return on investments of the state treasury during the period the amounts are borrowed.

(2) On and after October 1, 1993, in addition to the tax specified in subsection (1) of this section, there is levied a surtax for the purpose of reimbursing moneys borrowed to pay actual net operating deficits of the convention center incurred after June 30, 1992, as provided in this subsection. On or before October 1, 1993, and on or before October 1 of each succeeding year, the director of financial management shall certify the actual net operating deficit, if any, of the convention center for the prior fiscal year and shall determine the rate of surtax which, if imposed during the succeeding twelve months, will be sufficient to reimburse moneys borrowed for the actual net operating deficit of the convention center in the prior fiscal year plus any surtax deficiencies in prior years less any surtax surpluses in prior years. As used in this section, (a) 'surtax deficiency' means any excess of (1) the convention center net operating deficit over (2) receipts from the surtax imposed under this subsection to reimburse such deficit; and (b) 'surtax surplus' means any excess of (1) receipts from a surtax imposed to reimburse a convention center net operating deficit over (2) the convention center operating deficit which the surtax is intended to reimburse. The surtax so determined shall be effective, and shall be
imposed and collected, beginning October 1 of each year for the succeeding twelve months:

PROVIDED, That the surtax shall not exceed forty percent of the tax in effect under subsection (1) of this section in the city of Seattle and in King county outside the city of Seattle. The director of financial management shall determine the amount of the surtax based upon actual receipts from the tax provided for in RCW 67.40.090 during the last complete fiscal year. The surtax imposed on hotels and motels in King county outside the city of Seattle shall be forty percent of the surtax imposed on hotels and motels in the city of Seattle.

(3) The surcharge under subsection (2) of this section shall be forty percent of the tax in effect under subsection (1) of this section, effective on the day either of the following events occurs, whichever is earlier:
(a) A temporary or permanent injunction or order becomes effective which prohibits in whole or in part the collection of surtax at the rates specified in subsection (2) of this section; or
(b) A decision of a court in this state invalidating in whole or in part subsection (2) of this section.

The proceeds of the special excise tax shall be deposited in the state convention and trade center account. Chapter 82.32 RCW applies to the tax imposed under this section.

NEW SECTION. Sec. 7. A new section is added to chapter 67.28 RCW to read as follows:

No city imposing the tax authorized under RCW 67.28.180 may use the tax proceeds directly or indirectly to acquire, construct, operate, or maintain facilities or land intended to be used by a professional sports franchise if the county within which the city is located uses the proceeds of its tax imposed under RCW 67.28.180 to directly or indirectly acquire, construct, operate, or maintain a facility used by a professional sports franchise.

NEW SECTION. Sec. 8. A new section is added to chapter 67.40 RCW to read as follows:

No city imposing the tax authorized under RCW 67.40.100(2) may use the tax proceeds directly or indirectly to acquire, construct, operate, or maintain facilities or land intended to be used by a professional sports franchise if the county within which the city is located uses the proceeds of its tax imposed under RCW 67.28.180 to directly or indirectly acquire, construct, operate, or maintain a facility used by a professional sports franchise.

NEW SECTION. Sec. 9. There is appropriated to the state convention and trade center corporation from the state convention and trade center account, for the fiscal period beginning on the effective date of this section and ending June 30, 1989, the following amounts:

(1) $51,618,000 for development, construction, and administrative costs of completion; and
(2) $12,720,000 for McKay building demolition, Eagles building rehabilitation, construction of rentable retail space and an operable parking garage, and project reserves and contingency funds.

NEW SECTION. Sec. 10. A new section is added to chapter 317, section 31, chapter ... (ESHB 1221). Laws of 1987 1st ex. sess., (uncodified) is repealed.

NEW SECTION. Sec. 11. A new section is added to chapter 67.40 RCW to read as follows:

The state treasurer shall from time to time transfer from the state general fund, or such other funds as the state treasurer deems appropriate, to the state convention and trade center operations account such amounts as are necessary to fund appropriations from the account. All amounts borrowed under the authority of this section shall be repaid to the appropriate fund, together with interest at a rate determined by the state treasurer to be equivalent to the return on investments of the state treasury during the period the amounts are borrowed.

NEW SECTION. Sec. 12. $9,320,000 or so much thereof as may be necessary, is appropriated from the state convention and trade center operations account to the state convention and trade center corporation, for the fiscal biennium ending June 30, 1989, for the purposes of operation and promotion of the center.

NEW SECTION. Sec. 13. It is the intention of the legislature to review the public nonprofit corporation created in chapter 67.40 RCW to construct and operate the state convention and trade center, and the method of financing the capital and operating costs of the state convention and trade center. Further, it is the intention of the legislature that the state continue its responsibility to finance the capital costs of the center, to retire debt issued for this purpose, to continue all existing obligations and duties of the corporation, and to maintain management continuity for the center.

NEW SECTION. Sec. 14. There is hereby created the joint committee on the state convention and trade center of the legislature of the state of Washington. The committee shall consist of: (1) Two members each of the majority and minority caucuses of the senate, as selected by the president of the senate, one of whom is the chairperson of the committee on ways and means or the chairperson's designee; and (2) two members each of the majority and minority caucuses of the house of representatives, as selected by the speaker of the house, one of whom is the chairperson of the committee on ways and means or the chairperson's designee.

NEW SECTION. Sec. 15. The joint committee on the state convention and trade center, in consultation with the state convention and trade center board, members of the hotel and motel industry subject to taxation under RCW 67.40.090, and the director of financial management, or the director's designee, shall prepare a report to the legislature on or before December 15, 1987, on the state convention and trade center. This report shall address the operational, managerial, and financial feasibility, and the advantages and disadvantages, of alternative
organizational structures for and financing of the state convention and trade center. The report shall include recommendations for separating the state from fiscal responsibility for operation of the center to the maximum extent possible, including the possibility of privatization, while providing for fulfillment of all existing obligations and duties of the corporation. The report shall include analysis of granting direct taxing authority to the entity managing the center.

NEW SECTION. Sec. 16. There is hereby appropriated one hundred thousand dollars to the senate and house of representatives from the state general fund for fiscal year 1988 to finance the report by the select committee on the convention and trade center. This appropriation may be used to finance a consultant's study on this subject.

NEW SECTION. Sec. 17. The board of directors of the convention center corporation shall provide for public display, protection, and maintenance of works of art as specified by either the executive rules committee of the house of representatives or the facilities and operations committee of the senate.

NEW SECTION. Sec. 18. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Mr. Locke spoke in favor of the amendment.

POINT OF ORDER

Mr. Hargrove: Mr. Speaker, I raised the point of order promptly after the moving of the amendment, and I would like to ask you to rule on the scope and object of this particular amendment, considering the Speaker's previous-type rulings that he has made this session, saying many times from the rostrum that the amendments should perfect the bill and not...

SPEAKER'S RULING

The Speaker: Representative Hargrove, your point of order was not raised in a timely manner.

Mr. Wineberry moved adoption of the following amendments by Representatives Wineberry, Belcher, Nelson, Heavey, Jacobsen, Nutley, Leonard, Jesernig, Fisher, Vekich, O'Brien, Sayan and Allen to the amendment:

On page 1, after line 6 of the amendment, insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 67.40 RCW to read as follows:

Unless the context clearly requires otherwise, the deletions in this section apply throughout this chapter.

(1) 'Affirmative action' means a procedure by employers by which racial minorities, women, persons in the protected age category, persons with disabilities, Vietnam-era veterans, and disabled veterans are provided with increased employment opportunities. It does not mean any sort of quota system.

(2) 'Commission' means the Washington state human rights commission.

(3) 'Contract' includes any agreement with the public corporation formed under RCW 67.40.020 for the construction, alteration, or repair of any facility and any agreement with the corporation for the purchase, lease, or furnishing of goods, real or personal property, or services, including utility services, investment services, transportation (including bills of lading), research, insurance, and consultants. 'Contract' does not include agreements creating the relationship of employee with the contracting agency.

(4) 'Corporation' means the public corporation formed under RCW 67.40.020.

NEW SECTION. Sec. 2. A new section is added to chapter 67.40 RCW to read as follows:

(1) Contractors whether in or out of the state of Washington submitting a bid for a contract shall submit to the corporation for review and approval by the commission an affirmative action plan, consistent with the office of federal contract compliance programs' guidelines, designed to increase opportunities in all aspects of employment for racial minorities, women, persons in the protected age category, persons with disabilities, Vietnam-era veterans, and disabled veterans.

(2) All affirmative action plans shall affect opportunities for the categories listed in subsection (1) of this section except as otherwise provided in this section. Any contractor who has an affirmative action plan or conciliation agreement approved by the office of federal contract compliance, or analogous agency, within the preceding thirteen months shall be considered by the commission to have an approved plan for state contract purposes.

(3) Implementation of the review and approval processes shall encompass every contractor bidding as of a specific date, or be based on a random selection method adopted by the commission. No contractor may be placed at a disadvantage on a contract or have awarding of the contract delayed because of a backlog in processing affirmative action plans or because of a complaint which has not been resolved under section 4, 7, or 8 of this act.
(4) When there is participating state and federal funds on a singular contract, compliance with federal guidelines shall prevail. Contractors bidding for the first time shall submit an affirmative action plan with the bid. When a commission approved affirmative action plan is included within the specifications of a construction contract, contractors shall not be required to submit a separate plan. NEW SECTION. Sec. 3. A new section is added to chapter 67.40 RCW to read as follows:

The commission shall have the following powers and duties:

(1) Investigate the employment practices of any contractor to determine compliance with this chapter.

(2) Review and approve or disapprove affirmative action plans submitted by contractors currently doing business with the corporation.

(3) Develop, adopt, and implement rules governing the affirmative action plans, including the form and content of the plans, consistent with the guidelines established by the office of federal contract compliance programs, including procedures for developing affirmative action goals, timetables, standard contract clauses, and such other rules as may be necessary to effectuate the purpose of this chapter.

(4) In appropriate cases, notify the corporation, the United States equal employment opportunity commission, the office of federal contract compliance programs, or other appropriate federal, state, or local agencies whenever it has reason to believe that any contractor is not in compliance with this chapter.

(5) Develop, adopt, and implement rules governing an optional annual affirmative action employment and supplier plan for goods and services contractors which satisfies both affirmative action and minority and women's business enterprises compliance goals.

(6) Issue declaratory rulings pursuant to RCW 34.04.080 on the application of this chapter and any implementing rules.

(7) Advise the corporation, state agencies, contractors, and others on the policy of this chapter and practices under it.

NEW SECTION. Sec. 4. A new section is added to chapter 67.40 RCW to read as follows:

Following the procedures in RCW 49.60.230 and 49.60.240 to the extent applicable, the commission shall receive or initiate complaints of discrimination or noncompliance with this chapter. Investigate the complaints, make findings as to whether or not there is reasonable cause to believe that a person is not in compliance, and attempt to achieve compliance by conference, conciliation, and persuasion. If an agreement is reached for compliance, it shall be reduced to writing and issued as an order of the commission.

NEW SECTION. Sec. 5. A new section is added to chapter 67.40 RCW to read as follows:

If no agreement can be reached for compliance, then the commission may take one or more of the following actions:

(1) Acceptance of a corrective action plan which shall include a contractor's written and signed commitment outlining actions taken or proposed, with time limits and goals, to correct, compensate for, and remedy each violation of equal opportunity requirements as specified in a list of deficiencies;

(2) Recommend that the corporation enforce the sanctions clauses of the contract; or

(3) File an action in superior court and petition the court to enforce the sanctions clauses of the contract.

NEW SECTION. Sec. 6. A new section is added to chapter 67.40 RCW to read as follows:

Any contract executed by a private developer for the sale or lease of retail space in the state convention and trade center shall contain a clause requiring the developer to sell or lease not less than seven percent of such retail space to minority-owned businesses and not less than three percent of such retail space to women-owned businesses certified under chapter 39.19 RCW, unless the private developer can demonstrate to the commission that such certified businesses are not available for the applicable lease period.

NEW SECTION. Sec. 7. A new section is added to chapter 67.40 RCW to read as follows:

If a person, firm, corporation, or business does not comply with any provision or provides any fraudulent information concerning compliance with any provision of a contract required under sections 2 through 6 of this act, the corporation may withhold payment on, suspend, or terminate the contract and subject the contractor to civil penalties of ten percent of the amount of the contract or five thousand dollars, whichever is less. With repeat violations, exceeding a single violation, may disqualify the contractor from further participation in state contracts for a period of one year.

After an administrative hearing by the corporation pursuant to chapter 34.04 RCW and after the exhaustion of administrative remedies, any adverse decision under this section may be appealed to any superior court in any county where the alleged violation occurred. The prevailing party in any hearing or court action is entitled to attorneys' fees and court costs.

NEW SECTION. Sec. 8. A new section is added to chapter 67.40 RCW to read as follows:

If necessary to effectuate the purposes of this chapter, contracts shall be awarded to other than the lowest bidder if the lowest bidder fails or refuses to adopt or implement an affirmative action plan approved by the commission. Under no circumstances may the contract be
awarded to other than the lowest bidder for the sole reason that the lowest bidder has not achieved a specified numerical or percentage goal or timetable."

Renumber the remaining sections consecutively and correct any internal references accordingly.

On page 6, line 22 of the amendment, after "41.06 RCW" and before the comma insert "except RCW 41.06.150(22) and the rules adopted by the state personnel board thereto."

POINT OF ORDER

Mr. Schoon: Mr. Speaker, I'd appreciate it if you would rule on scope and object on this amendment, please.

SPEAKER'S RULING

The Speaker: Representative Schoon, the Speaker has examined Engrossed Substitute Senate Bill No. 5901 and has examined the amendment labelled 771. The Senate Bill is an act relating to fiscal matters and deals with financial matters relating to the trade and convention center, including borrowing authority, appropriation authority and accounting. Amendment 771 deals with personnel policies and matters. I find that your point is well taken: the amendment is outside the scope and object of the original bill.

Mr. Hargrove moved adoption of the following amendment by Representatives Hargrove, Vekich, Fisch and Basich to the amendment:

On page 1, after line 7 of the amendment, insert the following:

"NEW SECTION. Sec. 1. Section 10, chapter 232, Laws of 1985 and RCW 82.60.050 are each amended to read as follows:

RCW 82.60.030 and 82.60.040 shall expire July 1, 1994.

Sec. 2. Section 22, chapter 116, Laws of 1986 and RCW 82.62.040 are each amended to read as follows:

RCW 82.62.020 and 82.62.030 shall expire July 1, 1991."

Renumber the remaining section consecutively and correct any internal references accordingly.

POINT OF ORDER

Mr. Locke: Thank you, Mr. Speaker. I challenge the scope and object of this amendment.

SPEAKER'S RULING

The Speaker: The Speaker has examined Engrossed Substitute Senate Bill No. 5901 and has examined the amendment labelled 773. As you know, Representative Hargrove, Engrossed Substitute Senate Bill No. 5901 is a matter relating to the fiscal matters of the trade and convention center. Your amendment deals with the extension of sales' tax deferral. I find, Representative Locke, your point of order is well taken: the amendment is outside the scope and object of the original bill.

Mr. Hargrove moved adoption of the following amendment by Representatives Hargrove, Baugher, Sayan, Fisch, Vekich, Basich and Lux to the amendment:

On page 1, after line 7 of the amendment, insert the following:

"NEW SECTION. Sec. 1. All convention center operations and contractors must use union labor."

Renumber the remaining section consecutively and correct any internal references accordingly.

POINT OF ORDER

Mr. May: I request a ruling on scope and object.

SPEAKER'S RULING

The Speaker: Representative May, the Speaker finds that Engrossed Substitute Senate Bill No. 5901 deals with fiscal matters concerning the trade and convention center. Amendment 774 again deals with personnel matters and personnel requirements. I find that your point is well taken: the amendment is outside the scope and object of the bill.

Representative L. Smith was excused.

The Clerk read the following amendment by Representatives Ferguson, Padden and Sanders to the amendment:
On page 1, following line 7 strike everything beginning with "NEW SECTION. Sec. 1." through "sports franchise." on page 2, line 5.

With consent of the House, Mr. Ferguson withdrew the amendment.

Mr. Ferguson moved adoption of the following amendment by Representatives Ferguson, Padden and Sanders to the amendment:

On page 15, beginning on line 21, strike all sections 7 and 8 of the striking amendment and renumber the remaining sections consecutively.

Mr. Ferguson spoke in favor of the amendment to the amendment, and Representatives H. Sommers and Betrozott opposed it.

A division was called.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representative Ferguson and others to the amendment to Engrossed Substitute Senate Bill No. 5901, and the amendment to the amendment was not adopted by the following vote: Yeas, 16; nays, 70; excused, 12.

Mr. Vekich moved adoption of the following amendment to the amendment:

On page 19 of the amendment, after line 31, insert the following:

"NEW SECTION. Sec. 17. Nothing in this act shall be construed to constitute legislative approval or exoneration of any of the past actions of the convention center corporation."

Renumber the remaining sections.

POINT OF ORDER

Mr. Locke: I would ask the Speaker to rule on the propriety of this amendment, because I believe it is beyond the scope and object of the underlying amendment.

SPEAKER'S RULING

The Speaker: Representative Locke, again the Speaker has examined Engrossed Substitute Senate Bill No. 5901 and finds that it still deals with fiscal matters concerning the trade and convention center. The amendment, Representative Vekich, deals with civil liability; nothing in the act deals with the civil liability of the trade and convention center members. I find, Representative Locke, your point is well taken, that the amendment is outside the scope and object of the original bill.

POINT OF PERSONAL PRIVILEGE

Mr. Vekich: Mr. Speaker, I have questions concerning the convention center, and I think that my amendments did deal with fiscal matters. I respect your rulings, as always though, but I wish this body had had a chance to make a very clear intent. Right now, with that ruling, intent is going to be cloudy on what we are intending to do with this bill.

Mr. Nelson moved adoption of the following amendment by Representatives Nelson, Jacobsen, Sayan, Bremke, Cole, O'Brien, Niemi and Crane to the amendment:

On page 2, line 2, strike section 17 of the amendment.

Representatives Nelson, Crane, O'Brien, Hargrove, Brough, Niemi and May spoke in favor of the amendment, and Representatives Locke, Appelwick and Ebersole opposed it.
Representative Padden demanded the previous question. and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representative Nelson and others to Engrossed Substitute Senate Bill No. 5901, and the amendment to the amendment was adopted by the following vote: Yeas, 47; nays, 39; excused, 12.

The amendment by Representatives Locke and Grimm as amended was adopted.

The following amendment by amendment by Representatives Locke and Grimm to the title was adopted:

On page 1, line 1, of the title, after "fiscal matters," strike the remainder of the title and insert "amending RCW 67.40.020, 67.40.025, 67.40.040, 67.40.060, and 67.40.090; adding a new section to chapter 67.28 RCW; a new section to chapter 67.40 RCW; creating new sections; repealing section 317, chapter ... (ESHB 1221). Laws of 1987 1st ex. sess. (uncodified); making appropriations; and declaring an emergency."

On motion of Mr. Appelwick, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Locke, Holland, O'Brien, Ferguson, Grimm and Sanders spoke in favor of passage of the bill, and Representatives Hargrove, Zellinsky, B. Williams and Lux opposed it.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute Senate Bill No. 5901 as amended by the House, and the bill passed the House by the following vote: Yeas, 51; nays, 35; excused, 12.

Engrossed Substitute Senate Bill No. 5901 as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

On motion of Mr. Appelwick, Engrossed Substitute Senate Bill No. 5901 as amended by the House was ordered immediately transmitted to the Senate.
STATEMENT FOR THE JOURNAL

I was unable to attend the last days of the special session of the Legislature, because I was excused on state business to attend a conference sponsored by the Council of State Governments. The conference was on drug testing, a subject under active consideration by the House Commerce & Labor Committee, which I chair. I had confirmed my plans to attend the conference and received the approval of House leadership when it appeared that the Legislature was about to adjourn sine die on May 18. While out of state, I stayed in telephone contact with the Speaker’s office to determine if it were necessary for me to return to vote on any issues.

Had I been present, on May 21, 1987, I would have voted “Yes” on the final passage of RE2SHB 455 as amended by the Senate and “No” on the final passage of ESSB 5901 as amended by the House.

ART WANG, 27th District.

SIGNED BY THE SPEAKER

The Speaker announced he was signing:

Sentencing Guidelines Commission: Representatives Armstrong, Padden;
Joint Committee on Pension Policy: Representatives Bristow, Hine, Holland, Patrick, Sayan, Silver, H. Sommers, B. Williams.

SPEAKER’S PRIVILEGE

The Speaker recognized, within the bar of the House, Governor Booth Gardner. The Governor briefly addressed the House and presented to the Speaker a picture signed by the Governor and the members of the House of Representatives.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

MESSAGES FROM THE SENATE

May 21, 1987
Mr. Speaker:
The Senate has concurred in the House amendments to SUBSTITUTE SENATE BILL NO. 5901 and passed the bill as amended by the House.

RESOLUTION

WHEREAS, All the members of the House of Representatives would like to thank our staffs; and

WHEREAS, The Code Reviser's staff and our professional nonpartisan committee staff have labored hours to research, draft and perfect the thousands of bills we consider; and

WHEREAS, The billroom staff and the workroom staff have worked tirelessly and at all hours of the day and night; and

WHEREAS, The cafeteria staff have kept us well nourished, maybe too well nourished; and

WHEREAS, The countless personal aides, clerks, committee staff and caucus staffs have given us the kind of dedicated service that helps us all carry out our duties and responsibilities as members of the House of Representatives;
NOW, THEREFORE, BE IT RESOLVED, That our sincere thanks be extended to all of those people who assist in carrying out the business of the State of Washington; and

BE IT FURTHER RESOLVED, That copies of this Resolution be distributed to staff offices in appreciation of a job well done.

Ms. Hine moved adoption of the resolution. Ms. Hine spoke in favor of the resolution, and it was adopted.

SIGNED BY THE SPEAKER

The Speaker announced he was signing:

HOUSE CONCURRENT RESOLUTION NO. 4421.

SENATE CONCURRENT RESOLUTION NO. 8418.

POINT OF PERSONAL PRIVILEGE

Mr. Ballard: Mr. Speaker, before we adjourn tonight, I wanted to make a couple of remarks that have to do with how we have judged your performance. I'm sure that you're probably anxiously waiting to hear what's going to be said. I was a little concerned because the word got out, and I looked around a while ago and there were no members left in the chambers. That worried me, but I see we have a few members here now.

Personally, Mr. Speaker, I would like to say that I appreciate deeply the way that we've been able to work together this session. I appreciate the job you've done and the fairness that you've shown to the minority party. I think we've made a major step forward in representing the people of the state of Washington, and we wanted to tell you that, on behalf of myself and the Republican Caucus. In addition
to that, I'd like to say thank you very much to the majority party, to the leadership and to the members. I think it's going to be a session we're going to look back on with some excitement and some questions, but overall, we'll look back on a real success. On behalf of all of us, thank you for a job well done.

SPEAKER'S PRIVILEGE

The Speaker: Thank you, Representative Ballard. I've appreciated your support this session. Even when the Senate didn't want to go home, I know that you were there for a motion to sine die. We appreciated that. I do appreciate the contribution of the minority party. I hope we've set new standards in being able to work with one another, lower our voices, and that we've set new standards on the floor of civility and cooperation. For that, and to you, I'm very, very grateful. Thank you very much.

POINT OF PERSONAL PRIVILEGE

Ms. Hine: We also would like to express our thanks to our Speaker, although the last time we did that in Caucus, we didn't get out of here...so we were a little cautious about doing that in Caucus this evening. Mr. Speaker, we appreciate your leadership. We also would like to join you in saying thanks to the minority party, all of the leaders over there, and those who have worked on the committees. I think this has been less partisan than any session since I first came down, which was the 1981 session. We are here as legislators; we respect the institution. I certainly appreciate the way you and the members of both parties have made that their priority. Thanks to everyone.

MESSAGE FROM SECRETARY OF STATE

The Honorable,
Speaker of the House of Representatives
The Legislature of the State of Washington
Olympia, Washington
Mr. Speaker:

I have attached a full, true, and correct copy of Proclamation No. 87-04 of the
Governor calling a special session of the Washington State Legislature to be con­
vened at 9:00 a.m. on August 10, 1987.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the
state of Washington this tenth day of August, 1987.

(SEAL) RALPH MUNRO,
Secretary of State.

PROCLAMATION BY THE GOVERNOR

Whereas, the invalidation of the multiple activities exemption contained in
RCW 82.04.440 by the United States Supreme Court now requires adjustments to the
state's business and occupation tax to achieve constitutional equality between
Washington taxpayers who have conducted and will continue to conduct business
interstate and intrastate commerce; and

Whereas, it is necessary to clarify the requirement that nursing homes entering
into contracts with the Department of Social and Health Services shall provide spe­
cific minimum wages for certain employees;

Now, Therefore, I, Booth Gardner, Governor of the State of Washington, by vir­
tue of the authority vested in me by Article II, Section 12 (Amendment 68) and Arti­
cle III, Section 7 of the State Constitution, do hereby convene the Washington State
Legislature in special session in the Capitol at Olympia at 9:00 a.m. on August 10,
1987, for the purposes stated herein.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the
state of Washington to be affixed at Olympia this 31st day of July, A.D. nineteen
hundred and eighty-seven.

(SEAL) BOOTH GARDNER,
Governor.

There being no objection, the House advanced to the eighth order of business.
RESOLUTION

HOUSE FLOOR RESOLUTION NO. 87-4705, by Representatives McMullen and Brough

BE IT RESOLVED, That the Speaker appoint a committee of three members of the House to notify the Senate that the House of Representatives is organized and ready to conduct the business of the Second Special Session of the Legislature.

On motion of Mr. McMullen, the resolution was adopted.

APPOINTMENT OF SPECIAL COMMITTEE

The Speaker appointed Representatives Sprenkle, Holm, J. Williams and Silver to notify the Senate that the House was organized and ready to conduct business.

REPORT OF SPECIAL COMMITTEE FROM SENATE

A committee from the Senate, consisting of Senators Hanson, Lee, Newhouse and Stratton, appeared at the bar of the House and notified the House that the Senate was organized and ready for business.

The report was received and the committee returned to the Senate.

MESSAGE FROM THE SENATE

August 10, 1987

Mr. Speaker:

The President has signed:

SENATE CONCURRENT RESOLUTION NO. 8419,
and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

SIGNED BY THE SPEAKER

The Speaker announced he was signing:

SENATE CONCURRENT RESOLUTION NO. 8419.
Mr. Speaker:

The Senate has passed:

SENATE BILL NO. 6078,

and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

INTRODUCTION AND FIRST READING

SB 6078 by Senators Vognild, Hayner, Fleming and Sellar; by request of Governor and Department of Revenue

Modifying certain business and occupation tax credits.

MOTIONS

On motion of Mr. McMullen, the rules were suspended, and the bill was advanced to second reading and read the second time in full.

Mr. McMullen moved that the rules be suspended, the second reading considered the third, and the bill be placed on final passage.

Ms. Brough spoke in favor of the motion, and it was carried.

Representatives Grimm and Holland spoke in favor of passage of the bill.

On motion of Mr. McMullen, the following remarks were ordered inserted in the Journal.

Mr. Grimm: On June 23 the United State Supreme Court ruled that the multiple activities exemption contained in Washington's Business and Occupation tax was unconstitutional. The bill before you today repairs the B&O tax system and returns it to firm constitutional ground.

This bill is the result of a great deal of thought and study. After the United State Supreme Court ruling, a work group was formed to respond to the decision. The group was bipartisan, composed of two members of each caucus in the House and the Senate, as well as two representatives of Governor Gardner.

The group considered a number of solutions, such as the elimination of the multiple activities exemption, which would have doubled the tax on businesses that both manufacture and sell their products in Washington. The group also considered an apportioned gross receipts tax. In the end, the group unanimously recommended the double credit because it solves the constitutional problem identified by the United State Supreme Court with the least disruption to the present Business and Occupation tax system.

The U.S. Supreme Court struck down the multiple activities exemption because its benefits were limited exclusively to intrastate commerce. A business that both manufactured and sold in Washington was subject to only one tax, either the wholesale or retail B&O tax. The multiple activities exemption shielded the business from the manufacturing tax on the products sold within the state. The multiple activities exemption did not apply, however, to manufacturing businesses engaged in interstate commerce. If a business manufactured a product in Washington and sold it elsewhere, the business was potentially subject to two taxes—Washington's manufacturing tax and another state's selling tax. The U.S. Supreme Court concluded in June that this potential for double taxation of interstate commerce was discriminatory.

The double credit eliminates this problem by extending the benefits of the multiple activities exemption to interstate commerce. Under this bill, intrastate commerce and interstate commerce will be treated in an identical manner as required by the U.S. Supreme Court.

The idea of allowing a credit against Washington taxes for taxes paid to other states is not a new one. In 1985 the legislature enacted a Business and Occupation tax credit, in anticipation of a ruling by the U. S. Supreme Court invalidating the multiple activities exemption. This bill simply extends the scope of that 1985 credit.

Also, for many years Washington has allowed a credit against Washington use tax for sales taxes paid to other states. The analogy between the use tax credit and the double credit in this bill is especially apt. The U. S. Supreme Court supported its
conclusion that the multiple activities exemption was discriminatory by comparing it to Washington's sales and use tax which allows a use tax credit for sales taxes paid to other states. The court concluded that in order to have a valid multiple activities exemption, it is similarly necessary for Washington to allow a credit against Washington tax liability for taxes paid to other states. The double credit in this bill achieves that end.

In short, this bill responds to the United States Supreme Court decision and minimizes the state's fiscal and legal risk. It substantially improves the 1985 credit enacted by legislature and it does so in a way that does not adversely impact small manufacturers doing business in the state.

Specifically, the bill provides a credit against the wholesaling or retailing taxes for manufacturing taxes paid to Washington state and jurisdictions outside Washington. It also allows a credit against Washington manufacturing and extracting taxes for gross receipts' taxes on wholesaling or retailing paid outside the state.

I urge your support.

Mr. Holland: This bill has been criticized by some because it only allows credit for the payment of certain gross receipts' taxes in other jurisdictions. They argue that to be valid, a credit must be allowed against a wider variety of taxes, even including income taxes paid to other jurisdictions.

Their argument misconstrues the decision of the U.S. Supreme Court. In discussing the requirement for credits, the Supreme Court was clearly talking about credits for manufacturing and selling gross receipts' taxes paid to other states. Put another way, Washington must treat interstate businesses in the same manner as it treats intrastate businesses. Washington is not required to account for or allow a credit for completely different kinds of taxes paid in other jurisdictions.

Again, the analogy to Washington's sales and use tax is apt. Washington allows a credit against its use tax for sales taxes paid to other states. We do not allow a credit against our use tax for income or property taxes paid to any other state--nor are we required to. The same principle applies to the double credit in this bill.

In fact, other jurisdictions do have gross receipts' taxes which may be credited against Washington's taxes under this bill. For example, a number of states impose gross receipts' taxes, similar to Washington's extracting tax, on the severance of minerals, oil or gas. An oil company that pays a qualifying gross receipts' tax on the severance of oil will be entitled to a credit against Washington's selling tax on the sale of that oil in this state.

In conclusion, the work group and leadership have agreed to a proposal on a bipartisan basis. That proposal responds to the legal and fiscal concerns which were expressed upon receipt of the Supreme Court decision.

I want to compliment all four caucuses and the Governor and his staff for putting forth a workable solution to this complicated problem. I urge your support. Thank you.

ROLL CALL

The Clerk called the roll on the final passage of Senate Bill No. 6078, and the bill passed the House by the following vote: Yeas, 89; nays, 3; absent, 1; excused, 5.

- On page 7, line 17, strike subsection (12)(e) and renumber the remaining subsection
- On page 7, line 22, after "residents" strike everything through "state" on line 23
- On page 8, line 30, after "acquisition" insert "; or

(3) To a foreign or domestic corporation if:

(a) the original articles or bylaws contain a provision expressly electing not to be covered by this chapter;

(b) the board of directors of the corporation adopts, prior to thirty days after the effective date of this 1987 act, an amendment to the corporation's bylaws expressly electing not to be subject to the provisions of this chapter; or

(c) if an amendment to the articles or bylaws of the corporation is approved by the shareholders, other than interested shareholders and their affiliates and associates, holding a majority of the outstanding voting power of all shares entitled to vote, excluding the shares of interested shareholders and their affiliates and associates, expressly electing not to be subject to this chapter. An amendment adopted under (c) of this subsection is not effective until eighteen months after the vote of the shareholders and shall not apply to any significant business transaction with a target corporation by an acquiring party whose share acquisition date is prior to the effective date of the amendment.

Mr. Braddock spoke in favor of the amendments, and Representatives Wang and Ballard opposed them.

A division was called.

ROLL CALL

The Clerk called the roll on the adoption of the amendments by Representative Braddock to Senate Bill No. 6084, and the amendments were not adopted by the following vote: Yeas. 22; nays. 67; absent, 1; excused, 8.

Absent: Representative King P - 1.

On motion of Mr. McMullen, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Mr. Wang spoke in favor of passage of the bill.

Mr. Padden was excused.

Mr. Appelwick spoke against passage of the bill.

POINT OF PARLIAMENTARY INQUIRY

Mr. Holland: Rule 1 of the Joint Rules, Conflict of Interest; Joint Rule 1(a), Code of Ethics; and House Rule 20 address the issue of a legislator voting on measures in which he or she may have personal interest. The legislation we have before us in Senate Bill No. 6084 potentially uniquely affects the operation of my employer, the Boeing Company. The House and Joint Rules relating to members voting state that legislators, who have what is defined as a conflict of interest regarding a measure before the body, shall not vote on that measure. As both a Boeing employee and a stockholder in Boeing, I request that you rule, pursuant to the Rules of the House, the Joint Rules and Reed's Parliamentary Rule 235, regarding whether I should or should not be excused from voting on this bill.
SPEAKER'S RULING

The Speaker: Representative Holland, both Joint Rule I and House Rule 20(D) clearly state that a legislator does not have a personal interest which is in conflict with the proper discharge of legislative duties, if no benefit or detriment accrues to the legislator as a member of a business, profession, occupation or group to a greater extent than any other member of such business, profession, occupation or group. You are part of a class of eighty thousand people, and I don’t think you stand to benefit personally to a greater extent than the other members of that group. My ruling is that the rules clearly state that you do not have a conflict of interest.

POINT OF PARLIAMENTARY INQUIRY

Mr. Sanders: I’m also a Boeing employee. Does the previous ruling apply to me?

SPEAKER'S RULING

The Speaker: Yes, Representative Sanders. It would apply to all Boeing employees.

Representatives Taylor, Lux, Ebersole and Brough spoke in favor of passage of the bill, and Mr. Locke opposed it.

ROLL CALL

The Clerk called the roll on the final passage of Senate Bill No. 6084, and the bill passed the House by the following vote: Yeas, 77; nays, 12; excused, 9.

Voting nay: Representatives Amondson, Appelwick, Baugher, Braddock, Chandler, Dellwo, Fuhrman, Holm, Locke, Rust, Sayan, Unsoeld - 12.

Senate Bill No. 6084, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

JOSEPH E. KING, Speaker

ALAN THOMPSON, Chief Clerk
The House was called to order at 9:00 a.m. by the Speaker (Mr. Appelwick presiding). The Clerk called the roll and all members were present except Representatives Allen, Haugen, R. King, Schmidt, Silver, L. Smith, H. Sommers and S. Wilson who were excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Andrea Norquist and Eric Evans. Prayer was offered by The Reverend Richard Hart, Minister of the First Baptist Church of Olympia:

Heavenly Father, amidst all the beauty and the glory of this new day, we pause to give thanks to You for the gift of life and for the privilege of serving as leaders. It feels sort of strange for us to be crowded into this hearing room when we are accustomed to the spaciousness of the House Chambers. It feels sort of odd for us to be summoned back from family, jobs, vacations and various other responsibilities. But here we are, and so we are asking for a measure of Your Grace to deal with the issues at hand. We know all too well from experience that it is much easier to ask questions than to provide answers, to surface problems than to give workable solutions. But the reality is that answers do need to be shared and solutions do need to be put in motion. So we hold up to You these, our Representatives and leaders, and ask that You would draw from each of them the very best that they have to give. Focus their attention and bless them with a gentle, but purposeful spirit, which will lead to practical, workable solutions. And then, O Lord, as the day closes, may we experience the joy of knowing that we have labored together. Amen.

The Speaker assumed the Chair.

MESSAGE FROM SECRETARY OF STATE

The Honorable,
Speaker of the House of Representatives
The Legislature of the State of Washington
Olympia, Washington
Mr. Speaker:

I have attached a full, true, and correct copy of Proclamation No. 87-05 of the Governor calling a special session of the Washington State Legislature to be convened at 9:00 a.m. on October 10, 1987.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the state of Washington this tenth day of October, 1987.

(SEAL) RALPH MUNRO,
Secretary of State.

PROCLAMATION BY THE GOVERNOR

Whereas, consideration by the Legislature of the issues of hazardous waste sites’ cleanup and funding, and additional funding to ensure teachers are given the pay increases anticipated from earlier legislation which was effective for the 1987-88 school year, should not be delayed further:
Now, Therefore, I, Booth Gardner, Governor of the State of Washington, by virtue of the authority vested in me by Article II, Section 12 (Amendment 68) and Article III, Section 7 of the State Constitution, do hereby convene the Legislature of the State of Washington on Saturday, October 10, 1987, at 9:00 a.m. in Special Session in Olympia for the purposes stated herein.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia this 2nd day of October, Nineteen Hundred and Eighty-Seven.

(SEAL) BOOTH GARDNER.
Governor.

There being no objection, the House advanced to the eighth order of business.

RESOLUTION

HOUSE FLOOR RESOLUTION NO. 87-4707, by Representatives Ebersole and Ballard

BE IT RESOLVED, That the Speaker appoint a committee of four members of the House to notify the Senate that the House of Representatives is organized and ready to conduct the business of the Third Special Session of the Legislature.

RESOLUTION

WHEREAS, State Representative Dick Fisch, whose untimely demise was a deep shock to all of us, was a highly esteemed member of the Democratic Caucus of the House of Representatives; and

WHEREAS, State Representative Dick Fisch was honored and recognized by his election as Vice Chair of the Democratic Caucus, and his sense of interest and wisdom on pending critical issues were major contributions to our success; and

WHEREAS, State Representative Dick Fisch, since his election to the House of Representatives in 1982, served with distinction on the following very important committees: Rules; Transportation; Commerce and Labor; and Constitutions, Elections and Ethics, where he was noted for his competency, interest and dedication to the legislative process; and

WHEREAS, State Representative Dick Fisch was particularly interested in civic and community affairs and Democratic party activities, which he demonstrated by being active in the Boy Scouts and United Way and by serving on the Clallam County Shorelines Advisory Committee, the state Teachers' Retirement Board, and as Chairman of the Clallam County Democratic Central Committee; and

WHEREAS, State Representative Dick Fisch had a great interest in educational issues, election reform, our state's history, the rights of labor, the environment and economic development; and as a legislator with deep humanitarian concerns, he was a strong supporter of social justice for the elderly and needy; and

WHEREAS, State Representative Dick Fisch, as a friend, will be sorely missed by all of the members of the House of Representatives for his congeniality, friendship and good nature;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives of the State of Washington extends its deepest condolences on the recent demise of Dick Fisch to his wife, Janet, and his children, Lisa and Karl, and wishes to share with them that which must be a genuine feeling of personal happiness and joy that he lived a good life and made a life commitment so others could lead happier, fuller and more meaningful lives; and

BE IT FURTHER RESOLVED, That a copy of this Resolution be immediately transmitted to his wife, Janet Fisch, and children, Lisa and Karl Fisch, by the Chief Clerk of the House of Representatives.

Mr. O'Brien moved adoption of House Floor Resolution No. 87-4708. Representatives O'Brien, Taylor, Hargrove, Walker and Basich spoke in favor of the resolution, and it was adopted.

"NEW SECTION. Sec. 65. DECLARATION OF POLICY. (1) Each person has a fundamental and inalienable right to a healthful environment, and each person has a responsibility to preserve and enhance that right. The beneficial stewardship of the land, air, and waters of the state is a solemn obligation of the present generation for the benefit of future generations.
(2) A healthful environment is now threatened by the irresponsible use and disposal of hazardous substances. There are hundreds of hazardous waste sites in this state, and more will be created if current waste practices continue. Hazardous waste sites threaten the state's water resources, including those used for public drinking water. Many of our municipal landfills are current or potential hazardous waste sites and present serious threats to human health and
environment. The costs of eliminating these threats in many cases are beyond the financial means of our local governments and ratepayers. The main purpose of sections 65 through 87 of this act is to raise sufficient funds to clean up all hazardous waste sites and to prevent the creation of future hazards due to improper disposal of toxic wastes into the state's land and waters.

Many farmers and small business owners who have followed the law with respect to their uses of pesticides and other chemicals nonetheless may face devastating economic consequences because their uses have contaminated the environment or the water supplies of their neighbors. With a source of funds, the state may assist these farmers and business owners, as well as those persons who sustain damages, such as the loss of their drinking water supplies, as a result of the contamination.

Because it is often difficult or impossible to allocate responsibility among persons liable for hazardous waste sites and because it is essential that sites be cleaned up well and expeditiously, each responsible person should be liable jointly and severally.

NEW SECTION. Sec. 66. DEFINITIONS.

(1) 'Department' means the department of ecology.

(2) 'Director' means the director of ecology or the director's designee.

(3) 'Facility' means (a) any building, structure, installation, equipment, pipe or pipeline (including any pipe into a sewer or publicly owned treatment works), well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, vessel, or aircraft, or (b) any site or area where a hazardous substance, other than a consumer product in consumer use, has been deposited, stored, disposed of, or placed, or otherwise come to be located.

(5) 'Hazardous substance' means:

(a) Any dangerous or extremely hazardous waste as defined in RCW 70.105.010(5) and (6), or any dangerous or extremely dangerous waste designated by rule pursuant to chapter 70.105 RCW;

(b) Any hazardous substance as defined in RCW 70.105.010(14) or any hazardous substance as defined by rule pursuant to chapter 70.105 RCW;

(c) Any substance that, on the effective date of this section, is a hazardous substance under section 101(14) of the federal cleanup law, 42 U.S.C. Sec. 9601(14);

(d) Petroleum or petroleum products; and

(e) Any substance or category of substances, including solid waste decomposition products, determined by the director by rule to present a threat to human health or the environment if released into the environment.

The term hazardous substance does not include any of the following when contained in an underground storage tank from which there is not a release: Crude oil or any fraction thereof or petroleum, if the tank is in compliance with all applicable federal, state, and local law.

(6) 'Owner or operator' means:

(a) Any person with any ownership interest in the facility or who exercises any control over the facility; or

(b) In the case of an abandoned facility, any person who had owned, or operated, or exercised control over the facility any time before its abandonment:

The term does not include:

(i) An agency of the state or unit of local government which acquired ownership or control involuntarily through bankruptcy, tax delinquency, abandonment, or circumstances in which the government involuntarily acquires title. This exclusion does not apply to an agency of the state or unit of local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility; or

(ii) A person who, without participating in the management of a facility, holds indicia of ownership primarily to protect the person's security interest in the facility.

(7) 'Person' means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, state government agency, unit of local government, federal government agency, or Indian tribe.

(8) 'Potentially liable person' means any person whom the department finds, based on credible evidence, to be liable under section 68 of this act. The department shall give notice to any such person and allow an opportunity for comment before making the finding, unless an emergency requires otherwise.

(9) 'Public notice' means, at a minimum, adequate notice mailed to all persons who have made timely request of the department and to persons residing in the potentially affected vicinity of the proposed action; mailed to appropriate news media; published in the newspaper of largest circulation in the city or county of the proposed action; and opportunity for interested persons to comment.

(10) 'Release' means any intentional or unintentional entry of any hazardous substance into the environment, including but not limited to the abandonment or disposal of containers of hazardous substances.
NEW SECTION. Sec. 67. DEPARTMENT'S POWERS AND DUTIES. (1) The department may exercise the following powers in addition to any other powers granted by law:

(a) Investigate, provide for conducting, or require potentially liable persons to investigate any releases or threatened releases of hazardous substances, including but not limited to inspecting, sampling, or testing to determine the nature or extent of any release or threatened release. If there is a reasonable basis to believe that a release or threatened release of a hazardous substance may exist, the department's authorized employees, agents, or contractors may enter upon any property and conduct investigations. The department shall give reasonable notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(b) Conduct, provide for conducting, or require potentially liable persons to conduct remedial actions (including investigations under (a) of this subsection) to remedy releases or threatened releases of hazardous substances. In carrying out such powers, the department's authorized employees, agents, or contractors may enter upon property. The department shall give reasonable notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(c) Indemnify contractors retained by the department for carrying out investigations and remedial actions, but not for any contractor's reckless or wilful misconduct;

(d) Carry out all state programs authorized under the federal cleanup law and the federal resource, conservation, and recovery act, 42 U.S.C. Sec. 9601 et seq., as amended;

(e) Classify substances as hazardous substances for purposes of section 66(5) of this act and classify substances and products as hazardous substances for purposes of section 73(1) of this act; and

(f) Take any other actions necessary to carry out the provisions of this chapter, including the power to adopt rules under chapter 34.04 RCW.

(2) The department shall immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. The department, within nine months after the effective date of this section, shall adopt, and thereafter enforce, rules under chapter 34.04 RCW to:

(a) Provide for public participation, including at least (i) the establishment of regional citizen's advisory committees, (ii) public notice of the development of investigative plans or remedial plans for releases or threatened releases, and (iii) concurrent public notice of all compliance orders, enforcement orders, or notices of violation;

(b) Establish a hazard ranking system for hazardous waste sites;

(c) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remedying releases or threatened releases at the site; and

(d) Publish and periodically update minimum cleanup standards for remedial actions at least as stringent as the cleanup standards under section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at least as stringent as all applicable state and federal laws, including health-based standards under state and federal law.

(3) Before November 1st of each even-numbered year, the department shall develop, with public notice and hearing, and submit to the ways and means and appropriate standing environmental committees of the senate and house of representatives a ranked list of projects and expenditures recommended for appropriation from both the state and local toxics control accounts. The department shall also provide the legislature and the public each year with an accounting of the department's activities supported by appropriations from the state toxics control account, including a list of known hazardous waste sites and their hazard rankings, actions taken and planned at each site, how the department is meeting its top two management priorities under RCW 70.105.150, and all funds expended under this chapter.

(4) The department shall establish a scientific advisory board to render advice to the department regarding the classification of hazardous substances for purposes of section 66(5) of this act and the classification of substances or products as hazardous substances for purposes of section 73(1) of this act. The board shall consist of five independent members to serve staggered three-year terms. No members may be employees of the department. Members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.
NEW SECTION. Sec. 68. STANDARD OF LIABILITY. (1) Except as provided in subsection (3) of this section, the following persons are liable with respect to a facility:
(a) The owner or operator of the facility;
(b) Any person who owned or operated the facility at the time of disposal or release of the hazardous substances;
(c) Any person who owned or possessed a hazardous substance and who by contract, agreement, or otherwise arranged for disposal or treatment of the hazardous substance at the facility, or arranged with a transporter for transport for disposal or treatment of the hazardous substances at the facility, or otherwise generated hazardous wastes disposed of or treated at the facility;
(d) Any person (i) who accepts or accepted any hazardous substance for transport to a disposal, treatment, or other facility selected by such person from which there is a release or a threatened release for which remedial action is required, unless such facility, at the time of disposal or treatment, could legally receive such substance; or (ii) who accepts a hazardous substance for transport to such a facility and has reasonable grounds to believe that such facility is not operated in accordance with chapter 70.105 RCW;
(e) Any person who both sells a hazardous substance and is responsible for written instructions for its use if (i) the substance is used according to the instructions and (ii) the use constitutes a release for which remedial action is required at the facility.
(2) Each person who is liable under this section is strictly liable, jointly and severally, for all remedial action costs and for all natural resource damages resulting from the releases or threatened releases of hazardous substances. The attorney general, at the request of the department, is empowered to recover all costs and damages from persons liable therefor.
(3) The following persons are not liable under this section:
(a) Any person who can establish that the release or threatened release of a hazardous substance for which the person would be otherwise responsible was caused solely by:
(i) An act of God;
(ii) An act of war; or
(iii) An act or omission of a third party (including but not limited to a trespasser) other than
(A) an employee or agent of the person asserting the defense, or
(B) any person whose act or omission occurs in connection with a contractual relationship existing, directly or indirectly, with the person asserting this defense to liability. This defense only applies where the person asserting the defense has exercised the utmost care with respect to the hazardous substance, the foreseeable acts or omissions of the third party, and the foreseeable consequences of those acts or omissions;
(b) Any person who is an owner, past owner, or purchaser of a facility and who can establish by a preponderance of the evidence that at the time the facility was acquired by the person, the person had no knowledge or reason to know that any hazardous substance, the release or threatened release of which has resulted in or contributed to the need for the remedial action, was released or disposed of on, in, or at the facility. This subsection (b) is limited as follows:
(i) To establish that a person had no reason to know, the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property, consistent with good commercial or customary practice in an effort to minimize liability. Any court interpreting this subsection (b) shall take into account any specialized knowledge or experience on the part of the person, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection;
(ii) The defense contained in this subsection (b) is not available to any person who had actual knowledge of the release or threatened release of a hazardous substance when the person owned the real property and who subsequently transferred ownership of the property without first disclosing such knowledge to the transferee;
(iii) The defense contained in this subsection (b) is not available to any person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance at the facility;
(c) Any natural person who uses a hazardous substance lawfully and without negligence for any personal or domestic purpose in or near a dwelling or accessory structure when that person is: (i) A resident of the dwelling; (ii) a person who, without compensation, assists the resident in the use of the substance; or (iii) a person who is employed by the resident, but who is not an independent contractor;
(d) Any person who, for the purpose of growing food crops, applies pesticides or fertilizers without negligence and in accordance with all applicable laws and regulations.
(4) There may be no settlement by the state with any person potentially liable under this chapter except in accordance with this subsection.
(a) The attorney general may agree to a settlement with any potentially liable person only if the department finds, after public notice and hearing, that the proposed settlement would lead to a more expeditious cleanup of hazardous substances in compliance with cleanup standards under section 67(2)(d) of this act and with any remedial orders issued by the department. Whenever practicable and in the public interest, the attorney general may expedite such a settlement with persons whose contribution is insignificant in amount and toxicity.

(b) A settlement agreement under this subsection shall be entered as a consent decree issued by a court of competent jurisdiction.

(c) A settlement agreement may contain a covenant not to sue only of a scope commensurate with the settlement agreement in favor of any person with whom the attorney general has settled under this section. Any covenant not to sue shall contain a reopening clause which requires the court to amend the covenant not to sue if factors not known at the time of entry of the settlement agreement are discovered and present a previously unknown threat to human health or the environment.

(d) A party who has resolved its liability to the state under this subsection shall not be liable for claims for contribution regarding matters addressed in the settlement. The settlement does not discharge any of the other liable parties but it reduces the total potential liability of the others to the state by the amount of the settlement.

(e) Nothing in this chapter affects or modifies in any way a person's right to seek or obtain relief under other statutes or under common law. Including but not limited to damages for injury or loss resulting from a release or threatened release of a hazardous substance. No settlement by the department or remedial action ordered by a court or the department affects any person's right to obtain a remedy under common law or other statutes.

NEW SECTION. Sec. 69. ENFORCEMENT. (1) With respect to any release, or threatened release, for which the department does not conduct or contract for conducting remedial action and for which the department believes remedial action is in the public interest, the director shall issue orders requiring potentially liable persons to provide the remedial action. Any liable person who refuses, without sufficient cause, to comply with an order of the director is liable in an action brought by the attorney general for:

(a) Up to three times the amount of any costs incurred by the state as a result of the party's refusal to comply; and

(b) A civil penalty of up to twenty-five thousand dollars for each day the party refuses to comply.

The treble damages and civil penalty under this subsection apply to all recovery actions filed on or after the effective date of this section.

(2) Any person who incurs costs complying with an order issued under subsection (1) of this section may petition the department for reimbursement of those costs. If the department refuses to grant reimbursement, the person may within thirty days thereafter file suit and recover costs by proving that he or she was not a liable person under section 68 of this act and that the costs incurred were reasonable.

(3) The attorney general shall seek, by filing an action if necessary, to recover the amounts spent by the department for investigative and remedial actions and orders. Including amounts spent prior to the effective date of this section.

(4) The attorney general may bring an action to secure such relief as is necessary to protect human health and the environment under this chapter.

(5) (a) Any person may commence a civil action to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give notice of intent to sue, unless a substantial endangerment exists. The court may award attorneys' fees and other costs to the prevailing party in the action.

(b) Civil actions under this section and section 70 of this act may be brought in the superior court of Thurston county or of the county in which the release or threatened release exists.

NEW SECTION. Sec. 70. TIMING OF REVIEW. The department's investigative and remedial decisions under sections 67 and 69 of this act and its decisions regarding liable persons under sections 66(8) and 68 of this act shall be reviewable exclusively in superior court and only at the following times: (1) In a cost recovery suit under section 69(3) of this act; (2) in a suit by the department to enforce an order or seek a civil penalty under this chapter; (3) in a suit for reimbursement under section 69(2) of this act; (4) in a suit by the department to compel investigative or remedial action; and (5) in a citizen's suit under section 69(5) of this act. The court shall uphold the department's actions unless they were arbitrary and capricious.

NEW SECTION. Sec. 71. TOXICS CONTROL ACCOUNTS. (1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under section 74 of this act and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW after the effective date of this section; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. Moneys in the
account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(i) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(ii) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(iii) The hazardous waste cleanup program required under this chapter;

(iv) State matching funds required under the federal cleanup law;

(v) Financial assistance for local programs in accordance with RCW 70.95.130, 70.95.140, 70.95.220, 70.95.230, 70.95.530, 70.105.220, 70.105.225, 70.105.235, and 70.105.260;

(vi) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

(vii) Hazardous materials emergency response training;

(viii) Water and environmental health protection and monitoring programs;

(ix) Programs authorized under chapter 70.146 RCW;

(x) A public participation program, including regional citizen advisory committees;

(xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under section 67(2)(d) of this act but only when the amount and terms of such funding are established under a settlement agreement under section 68(4) of this act and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur and (B) the prevention or mitigation of unfair economic hardship; and

(xii) Development and demonstration of alternative management technologies designed to carry out the top two hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under section 74 of this act and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent. Moneys deposited in the local toxics control account shall be used by the department for grants to local governments for the following purposes in descending order of priority: (a) Remedial actions; (b) hazardous waste plans and programs under RCW 70.105.220, 70.105.225, 70.105.235, and 70.105.260; and (c) solid waste plans and programs under RCW 70.95.130, 70.95.140, 70.95.220, and 70.95.230. Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105 and 70.95 RCW.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute. All earnings from investment of balances in the accounts, except as provided in RCW 43.84.090, shall be credited to the accounts.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed fifty thousand dollars though it may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation.

(7) The department shall adopt rules for grant issuance and performance.

NEW SECTION. Sec. 72. INTENT OF POLLUTION TAX. It is the intent of this chapter to impose a tax only once for each hazardous substance possessed in this state and to tax the first possession of any hazardous substance that is a hazardous substance under section 101(14) of the federal comprehensive environmental response, compensation, and liability act of 1980, 42 U.S.C. Sec. 9601(14), as amended by Public Law 99-499.

(a) Any pesticide product required to be registered under the federal insecticide, fungicide and rodenticide act; and

(b) Petroleum products;

(c) Any pesticide product required to be registered under the federal insecticide, fungicide and rodenticide act; and
(d) Any other substance, category of substance, and any product or category of product determined by the director of ecology by rule to present a threat to human health or the environment if released into the environment. The director of ecology shall not add or delete substances from this definition more often than twice during each calendar year. For tax purposes, changes in this definition shall take effect on the first day of the month that is at least thirty days after the effective date of the rule. The word 'product' or 'products' as used in this paragraph (d) means an item or items containing both: (i) One or more substances that are hazardous substances under (g), (b), or (c) of this subsection or that are substances or categories of substances determined under this paragraph (d) to present a threat to human health or the environment if released into the environment; and (ii) one or more substances that are not hazardous substances.

(2) 'Petroleum product' means plant condensate, lubricating oil, gasoline, aviation fuel, kerosene, diesel motor fuel, benzol, fuel oil, residual oil, liquefied or liquefiable gases such as butane, ethane, and propane, and every other product derived from the refining of crude oil, but the term does not include crude oil.

(3) 'Possession' means the control of a hazardous substance located within this state and includes both actual and constructive possession. 'Actual possession' occurs when the person with control has physical possession. 'Constructive possession' occurs when the person with control does not have physical possession. 'Control' means the power to sell or use a hazardous substance or to authorize the sale or use by another.

(4) 'Previously taxed hazardous substance' means a hazardous substance in respect to which a tax has been paid under this chapter and which has not been remanufactured or reprocessed in any manner (other than mere repackaging or recycling for beneficial reuse) since the tax was paid.

(5) 'Wholesale value' means fair market wholesale value, determined as nearly as possible according to the wholesale selling price at the place of use of similar substances of like quality and character, in accordance with rules of the department.

(6) Except for terms defined in this section, the definitions in chapters 82.04, 82.08, and 82.12 RCW apply to this chapter.

NEW SECTION. Sec. 74. POLLUTION TAX. (1) A tax is imposed on the privilege of possession of hazardous substances in this state. The rate of the tax shall be seven-tenths of one percent multiplied by the wholesale value of the substance.

(2) Moneys collected under this chapter shall be deposited in the toxics control accounts under section 71 of this act.

(3) Chapter 82.32 RCW applies to the tax imposed in this chapter. The tax due dates, reporting periods, and return requirements applicable to chapter 82.04 RCW apply equally to the tax imposed in this chapter.

NEW SECTION. Sec. 75. EXEMPTIONS. The following are exempt from the tax imposed in this chapter:

(1) Any successive possession of a previously taxed hazardous substance. If tax due under this chapter has not been paid with respect to a hazardous substance, the department may collect the tax from any person who has had possession of the hazardous substance. If the tax is paid by any person other than the first person having taxable possession of a hazardous substance, the amount of tax paid shall constitute a debt owed by the first person having taxable possession to the person who paid the tax.

(2) Any possession of a hazardous substance by a natural person under circumstances where the substance is used, or is to be used, for a personal or domestic purpose (and not for any business purpose) by that person or a relative of, or person residing in the same dwelling as, that person.

(3) Any possession of a hazardous substance amount which is determined as minimal by the department of ecology and which is possessed by a retailer for the purpose of making sales to ultimate consumers. This exemption does not apply to pesticide or petroleum products.

(4) Any possession of alumina or natural gas.

(5) Persons or activities which the state is prohibited from taxing under the United States Constitution.

(6) Any persons possessing a hazardous substance where such possession first occurred before the effective date of this section.

NEW SECTION. Sec. 76. CREDITS. (1) Credit shall be allowed in accordance with rules of the department of revenue for taxes paid under this chapter with respect to fuel carried from this state in the fuel tank of any airplane, ship, truck, or other vehicle.

(2) Credit shall be allowed, in accordance with rules of the department, against the taxes imposed in this chapter for any hazardous substance tax paid to another state with respect to that hazardous substance. For the purpose of this subsection:

(a) 'Hazardous substance tax' means a tax:

(i) Which is imposed on the act or privilege of possessing hazardous substances, and which is not generally imposed on other activities or privileges; and
(ii) Which is measured by the value of the hazardous substance, in terms of wholesale value or other terms, and in the determination of which the deductions allowed would not constitute the tax an income tax or value added tax.

(b) "State" means (i) the state of Washington, (ii) a state of the United States other than Washington, or any political subdivision of such other state, (iii) the District of Columbia, and (iv) any foreign country or political subdivision thereof.

NEW SECTION. Sec. 77. WATER DISCHARGE FEES. A new section is added to chapter 90.48 RCW to read as follows:

(1) The department shall establish annual fees to collect expenses for issuing and administering each class of permits under RCW 90.48.160, 90.48.162, and 90.48.260. An initial fee schedule shall be established by rule within one year of the effective date of this section, and thereafter the fee schedule shall be adjusted no more often than once every two years. This fee schedule shall apply to all permits, regardless of date of issuance, and fees shall be assessed prospectively. All fees charged shall be based on factors relating to the complexity of permit issuance and compliance and may be based on pollutant loading and toxicity and be designed to encourage recycling and the reduction of the quantity of pollutants. Fees shall be established in amounts to fully recover and not to exceed expenses incurred by the department in processing permit applications and modifications, monitoring and evaluating compliance with permits, conducting inspections, securing laboratory analysis of samples taken during inspections, reviewing plans and documents directly related to operations of permittees, overseeing performance of delegated pretreatment programs, and supporting the overhead expenses that are directly related to these activities.

(2) The annual fee paid by a municipality, as defined in 33 U.S.C. Sec. 1362, for all domestic wastewater facility permits issued under RCW 90.48.162 and 90.48.260 shall not exceed the total of a maximum of five cents per month per residence or residential equivalent contributing to the municipality's wastewater system. The department shall adopt by rule a schedule of credits for any municipality engaging in a comprehensive monitoring program beyond the requirements imposed by the department, with the credits available for five years from the effective date of this section and with the total amount of all credits not to exceed fifty thousand dollars in the five-year period.

(3) The department shall ensure that indirect dischargers do not pay twice for the administrative expense of a permit. Accordingly, administrative expenses for permits issued by a municipality under RCW 90.48.165 are not recoverable by the department.

(4) In establishing fees, the department shall consider the economic impact of fees on small dischargers and the economic impact of fees on public entities required to obtain permits for storm water runoff and shall provide appropriate adjustments.

(5) All fees collected under this section shall be deposited in the water quality permit account hereby created in the state treasury. Moneys in the account may be appropriated only for purposes of administering permits under RCW 90.48.160, 90.48.162, and 90.48.260.

(6) The department shall submit an annual report to the legislature showing detailed information on fees collected, actual expenses incurred, and anticipated expenses for the current and following fiscal years.

(7) The legislative budget committee in 1993 shall review the fees established under this section and report its findings to the legislature in January 1994.

Sec. 78. Section 6, chapter 109, Laws of 1987 and RCW 43.21B.—are each amended to read as follows:

(1) Any order issued by the department or authority pursuant to RCW 70.94.211, 70.94.332, 70.105.095, 43.27A.190, 86.16.020, or 90.48.120(2) or any provision enacted after July 26, 1987, or any permit, certificate, or license issued by the department may be appealed to the pollution control hearings board if the appeal is filed with the board and served on the department or authority within thirty days after receipt of the order. Except as provided under chapter 70—RCW (sections 65 through 71 of this 1987 act)—this is the exclusive means of appeal of such an order.

(2) The department or the authority in its discretion may stay the effectiveness of such an order during the pendency of such an appeal.

(3) At any time during the pendency of an appeal of such an order to the board, the appellant may apply pursuant to RCW 43.21B.—(section 7, chapter 109, Laws of 1987) to the hearings board for a stay of the order or for the removal thereof.

(4) Any appeal must contain the following in accordance with the rules of the hearings board:

(a) The appellant's name and address;
(b) The date and docket number of the order, permit, or license appealed;
(c) A description of the substance of the order, permit, or license that is the subject of the appeal;
(d) A clear, separate, and concise statement of every error alleged to have been committed;
(e) A clear and concise statement of facts upon which the requester relies to sustain his or her statements of error; and

(i) The appellant's name and address;
(ii) The date and docket number of the order, permit, or license appealed;
(iii) A description of the substance of the order, permit, or license that is the subject of the appeal;
(iv) A clear, separate, and concise statement of every error alleged to have been committed;
(v) A clear and concise statement of facts upon which the requester relies to sustain his or her statements of error; and
NEW SECTION. Sec. 79. A new section is added to chapter 70.105 RCW to read as follows:

Any person who knowingly transports, treats, stores, handles, disposes of, or exports a hazardous substance in violation of this chapter is guilty of: (1) A class B felony if the person knows at the time the conduct constituting the violation places another person in imminent danger of death or serious bodily injury; or (2) a class C felony if the person knows that the conduct constituting the violation places any property of another person or any natural resources owned by the state of Washington or any of its local governments in imminent danger of harm. As used in this section, 'imminent danger' means that there is a substantial likelihood that harm will be experienced within a reasonable period of time should the danger not be eliminated. As used in this section, 'knowingly' refers to an awareness of facts, not awareness of law. Violators shall be punished as provided under RCW 9A.20.021.

NEW SECTION. Sec. 80. A new section is added to chapter 70.105A RCW to read as follows:

The legislature is encouraged to revise the hazardous waste fees prescribed in RCW 70.105A.030 in a manner which provides an incentive for waste reduction and recycling. If prior to the effective date of this section, RCW 70.105A.030 as it existed on August 1, 1987, has not been amended in a manner which specifically provides an incentive for hazardous waste reduction and recycling, then (1) the requirement to pay the fees prescribed in that section is eliminated solely for fees due and payable on June 30, 1989; and (2) the department of ecology shall prepare, and submit to the legislature by January 1, 1990, a proposed revision designed to provide an incentive for hazardous waste reduction and recycling.

NEW SECTION. Sec. 81. REPEALER. Section 4, chapter 249, Laws of 1985 and RCW 90.48.460 are each repealed.

This section shall take effect on the date the rule establishing the initial fee schedule under section 77 of this act takes effect.

NEW SECTION. Sec. 82. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 83. CONSTRUCTION. The provisions of this act are to be liberally construed to effectuate the policies and purposes of this act. In the event of conflict between the provisions of this act and any other act, the provisions of this act shall govern.

NEW SECTION. Sec. 84. EXISTING AGREEMENTS. The consent orders and decrees in effect on the effective date of this section shall remain valid and binding.

NEW SECTION. Sec. 85. CAPTIONS. As used in this act, captions constitute no part of the law.

NEW SECTION. Sec. 86. SHORT TITLE. This act shall be known as 'the model toxics control act.'

NEW SECTION. Sec. 87. LEGISLATIVE DIRECTIVE. Sections 65 through 71 of this act shall constitute a new chapter in Title 70 RCW. Sections 72 through 76 of this act shall constitute a new chapter in Title 82 RCW.

NEW SECTION. Sec. 88. (1) Sections 1 through 64 and 89 of this act shall be submitted to the people for their adoption and ratification, or rejection, at the November 1988 general election to be held in this state, in accordance with Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof.

(2) Sections 65 through 90 of this act shall be submitted to the people for their adoption and ratification, or rejection, at the November 1988 general election to be held in this state, in accordance with Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof.

(3) The portion of this act submitted to a vote of the people under subsection (1) of this section shall be submitted separately from the portion of this act submitted to a vote of the people under subsection (2) of this section.

(4) If either the portion of this act submitted to a vote of the people under subsection (1) of this section or the portion of this act submitted to a vote of the people under subsection (2) of this section receives a majority of the votes cast thereon, then that portion shall become law as provided in Article II, section 1 of the state Constitution, as amended. If both the portion of this act submitted to a vote of the people under subsection (1) of this section and the portion of this act submitted to a vote of the people under subsection (2) of this section receive a majority of the votes cast thereon, then that portion receiving the greater number of 'yes' votes shall become law as provided in Article II, section 1 of the state Constitution, as amended, and the portion receiving the smaller number of 'yes' votes shall be null and void and of no force or effect.
(5) Neither section 89 or section 91 of this act may be construed to modify or in any way alter the requirements of this section.

NEW SECTION. Sec. 89. This referendum (sections 1 through 64 of this act) became law immediately upon passage by the legislature but shall continue in effect only if it is (1) approved by a majority vote and (2) the number of 'yes' votes for this referendum is greater than the number of 'yes' votes for Referendum No. ____ (sections 65 through 87 of this act) if Referendum No. ____ (sections 65 through 87 of this act) is also approved by a majority vote. The majority vote required by this section shall be that number of 'yes' votes the state Constitution requires to pass a referendum.

NEW SECTION. Sec. 90. This referendum (sections 65 through 87 of this act) shall become law only if it is (1) approved by a majority vote and (2) the number of 'yes' votes for this referendum is greater than the number of 'yes' votes for Referendum No. ____ (sections 1 through 64 of this act) if Referendum No. ____ (sections 1 through 64 of this act) is also approved by a majority vote. The majority vote required by this section shall be that number of 'yes' votes the state Constitution requires to pass a referendum.

NEW SECTION. Sec. 91. Sections 1 through 64 of this act are necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately. Sections 1 through 64 of this act shall continue in effect only if approved by the voters as provided in section 89 of this act.*

Ms. Unsoeld spoke in favor of the amendment, and Ms. Hine spoke against it.

Ms. Rust spoke in favor of the amendment.

Ms. Rust demanded an oral roll call vote, and the demand was sustained.

Representatives Walker, May and Brough opposed the amendment, and Representatives Braddock, Sayan, Taylor, Appelwick and Locke spoke in favor of it. Ms. Unsoeld spoke again in favor of the amendment.

ROLL CALL

The Clerk called the roll on the adoption of the amendment on page 46, line 32, by Representative Unsoeld to Engrossed Senate Bill No. 6085, and the amendment was not adopted by the following vote: Yeas, 35; nays, 52; excused, 8.

MOTIONS

On motion of Mr. Ebersole, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Mr. Braddock moved that all remarks on final passage of Engrossed Senate Bill No. 6085 as amended by the House be spread upon the Journal. The motion was carried.

Ms. Hine: Thank you, Mr. Speaker. I think today we all know more about hazardous waste, toxic waste, covenants not to sue, water permit fees and security interests than we ever thought we would know, and maybe didn't even want to know. This is really a significant occasion. We live on this thin crust of the planet earth, and sometimes through ignorance or negligence we have caused contamination and danger to the earth and subsequently to each other. We have been aware of this problem, and we're probably just beginning to be aware of how significant it is and what a tremendous impact we have had, not only on our generation, but as some of my colleagues in the previous debate pointed out, on future generations.

The bill before us and the initiative do many of the same things. Their mission is the same. What we are saying is it is time to clean up, or to begin cleaning up, our toxic wastes. And we are doing that through two means. A very significant part of this is dependent upon voluntary cleanup on the part of the industries who have
been polluting or are in a mode where they may pollute. This bill calls for voluntary cleanup; it gives the proverbial carrot, but it also carries the stick. It says, if you invest your money in cleanup, we will help you design a plan. We will help take care of your liability for the future so that you can, in fact, rehabilitate this property. It makes a partnership, a covenant, with those businesses to clean up individually. And sometimes, as we start talking about the rate of taxation, who's going to pay it, we forget that most of this cleanup is going to occur as a result of private industry voluntarily cleaning up. In the estimates from the Department of Ecology there is approximately $203 million needed for toxic waste cleanup during the 1987-89 biennium. Of that amount $143 million is paid by industry on a voluntary basis. About $30 million of that $203 million would come from our state fund and, potentially, another $30 million from the federal government. And so, as we haggle over the amount of money raised in this bill, we must not overlook that the main thrust is to have voluntary cleanup on the part of industry. It is also our hope, our mission, and that of the task force, that the moneys we collect will indeed be spent on cleanup—that industry's money will be spent on cleanup rather than on litigation to try to figure out who ought to do what.

My friends, this is indeed a risky business. We have never done this before. We are putting more into this than any other state to date, as far as dollars expended and effort. We hope it's going to work. We have put into process a system that has lots of checks and balances. It has court review. It has plenty of opportunity for citizen participation. We hope that we have put into place a measure that will begin cleanup immediately. It's too important not to.

Those of us who live in areas where hazardous waste sites have truly been identified know the fear, the uneasiness, the concern on the part of citizens who live around it. I have the Midway landfill, as does Representative Barnes, in my district and the Kent Highland. People are worried about their health; they are worried about their homes. It is something that disrupts not just those people in the immediately vicinity, but all of those in the neighborhood. Nobody knows for sure the ramifications of some of these sites. Part of this bill—and I think a significant part and we really haven't talked about it today—is that almost half the money is to go to the local government. If you talk to your city and county representatives, you know that they are extremely concerned about the heavy burden they have—to clean up the toxic waste, the dumps and all of those things that have, without meaning to, caused a problem. About half of this money will go to assist them. They will have to put forward a lot of their own money, or a lot of the money of the taxpayers at the local level as well, to do this kind of cleanup.

I think the bill, as I mentioned earlier, represents many, many hours of work on the part of many individuals. I would like to say how much I appreciated having a chance to work on that task force and the good will of the members of both parties of both chambers in truly working in a legislative arena to come up with a solution. It was nothing but good will and some hard decisions. We all agreed to compromise in areas that we wouldn't personally have necessarily done. There are things in this bill that I would change. There are things in this bill that any one of you might like to change. But I believe it is in the same spirit as the initiative in that it begins cleanup now. It sets up a fund to help pay for that cleanup and it does put forward that invitation to private industry to clean up. We will work with them, and they will not have to worry about continual suits and continual liability.

I want also to say a great big thank you to all of those people who worked on the initiative. Some of you before me have pointed out it was the threat of or the excitement—let's put it a different way. It was that people became so excited about this subject, that we knew that we had to address it. They did a lot of work: they talked with us on the task force; we were able to make many changes in this bill as a result of some of their concerns. There are still some differences. I grant you that. Who knows who is right and who is wrong? But I think they are very close, certainly in their approach to the mission. I believe that today, my colleagues, we do this state, ourselves, and indeed this planet earth a real service by passing this bill and trying to clean up things that we have done in the past. I urge your support.

Mr. Taylor: Thank you, Mr. Speaker. I'm going to acknowledge the hard work of the task force. I realize it was a lot of work and they are to be complimented.
However, I'm voting no today, not because I'm against supertund, but because I think the legislative process has been violated. The standing committee has been by-passed. For ten years I've served in this body and have heard about the process and the institution—how it must be preserved. The standing committee was only brought in at the last minute. Think that over. Do we, from now on, appoint a task force? The chief executive of this state, and I love him dearly as a friend, has said, "We found a new way to pass legislation." He was so delighted with what occurred last time, he's said, "I'll work with eight people rather than 147." I think that's totally wrong. It violates everything that we talk about as far as this institution is concerned.

It's wrong to ask us to be here today. In three months we will be in session. The task force bill is good. They've done their jobs and let's wait. We didn't need to be here today. It costs the taxpayers of the state thousands of dollars. I tell you, myself, everybody here, we know why the rush occurred. And it just goes against every grain of principle I have, even though I want to see a supertund bill. It totally violates every principle that I have to see us act in this fashion. And once again I want to compliment the people with the initiative. I still say this would not have occurred had they not done the job. We wouldn't have moved. So I would say we're taking the credit away from them. We've jumped in. We could have waited until January and had all of us here to do some of the debating. We could have had the standing committee in place doing its job.

So I'm making this protest and voting no, hoping this is the end of this type of approach to legislation. Do we want a legislature of eight people and a governor? Then let's put that on the ballot, too, because there has not been participation. There has not been participation statewide. There was some window washing that went on around the state, but let's not kid ourselves. We know who was involved and they're honorable people, but they shouldn't have been asked to do this job. It was wrong to ask them to do it. It would have been correct to come back in January and say to the standing committee, "You do the job."

Once again, I compliment the committee; they have done a good job. But the process is wrong and the governor is wrong and it's wrong for us to be here today. I hope some of you will join me in voting no. Thank you.

Mr. Meyers: Thank you, Mr. Speaker and members of the House. The Governor called us here today to do a job, and we should do that job. The task force bill and the perfecting amendments that we passed today are the solutions to a critical problem that shouldn't wait. If the forces behind the initiative don't feel that this legislation goes far enough, then they have the opportunity to go forward with the initiative and let the people decide. And whether this bill passes today or not, that's going to be the case. If we don't pass this legislation and the initiative fails, then the public that entrusted us to do this job is no longer being represented by us and we failed them. So I'm asking you to pass the bill and get on with the job of hazardous and toxic waste management today. Thank you.

Ms. Valle: Thank you, Mr. Speaker. Members of the House, I'm going to vote no on this bill for some different reasons. Yesterday I had the pleasure of touring two hazardous waste sites, one in Renton and one near West Valley Highway somewhere in South King County in an industrial park. The first one was some oil barrels and some tires. It was actually in a residential area and there were people living on both sides of this hazardous waste site. That particular owner is cooperative and will work with the Department of Ecology once either this bill passes or the initiative passes. The second one was a different kind of site. It was an aluminum recycling business that is now bankrupt. We asked how much had been spent on this site right now to clean it up. Sixty thousand dollars had been spent by the Department of Ecology. They are now out of funds, so they can't do anything more with the site. As I said, the owner is bankrupt, and so we asked the question, "How much is it going to cost?" It's going to cost many millions of dollars to clean up that site.

The reason I am not supporting this bill is because it does not provide enough money. I'm not even sure that the initiative has enough money in it, but I'm looking at the long-range, the twenty-year income of the initiative and it provides at least $207 million more. And we're going to need that amount of money.
Another reason I’m not going to support this bill is because it provides for capital expenditures for incinerators. The Department of Ecology has already expended $75 million out of, I think, Referendum 37 and before they were to do that, they were to establish a good recycling program here in the State of Washington. It’s hard to watch our bureaucracies and I must say as part of the Environmental Affairs Committee, I was very surprised at these expenditures, this $75 million that is planned for incinerators. It’s a hazardous waste site bill and not an incinerator bill and I don’t like that position in it. We have heard about underground gasoline storage tanks, but the cost there is really phenomenal.

For these and many other substantive reasons, I am not supporting this bill. I also want to call upon the people that are the formulaters of the initiative and I want to encourage them. I’ll be working on that initiative because I want that process to go forth. I really think that the passage of this bill which I expect is going to pass—I think it has enough votes to pass—will spur the initiative people along. I want to be sure that it does, and I’m voting no today.

The Speaker called on Mr. O’Brien to preside.

Mr. Ballard: Thank you, Mr. Speaker. Ladies and gentlemen of the House, I rise to support this bill that is before us. It’s been a long time in getting here; we’ve spent five years, give or take, in dealing with it. Yes, I would have preferred that we had done something with this the last session. That turned out not to be the case. Yes, it is very true that because of the people working on the initiative we were told clearly that it is time we accepted our responsibility and did our legislative duty. We presented to the people what we feel is our solution. I think we have done a good job in going through this subject and coming up with, what I feel is, an excellent solution.

I would have preferred to have spent my summer doing things that I’d planned on originally. In fact, it was almost like a plot, because every time we planned something, we ended up back with superfund. We’ve talked a lot about the process, and a lot of you who are friends have said we don’t agree with this process and think that we should do it differently. I don’t have any argument with that. However, I will say to you I don’t think we would have dealt with it the next session, if we would have waited. I think only because of the push that we have had were we successful in getting this far. It is something that the people of the State of Washington wanted a clear message about. We’ve talked about it; we’ve debated it; we’ve dodged the bullet. I think it’s time that we get on with this and let them know where we stand on it.

We talk about the process. I would simply say to you and suggest to you that, if we put as much effort into the major legislative issues that we’re going to be looking at in this next session and in the years to come as we have put into this superfund bill, we will do the people of the State of Washington a lot better job than what we’ve done since I’ve been involved in the process. We’ve passed major pieces of legislation, quite frankly, without letting the people have good input into it and understand it. I’ve voted on some things that were major pieces of legislation that I’ve scratched my head and thought, “What was that all about?” So I would encourage us in the future to make sure that we do work together. I echo the comments by the Representative from the 33rd District that it was a delightful process, working together in a bipartisan manner with the other chamber in doing a job that needed to be done. I would heartily recommend this to you and would ask for your support. I think we can be proud of the job we’ve done here today for the people of the State of Washington. Thank you.

The Speaker resumed the Chair.

Ms. Nutley: Thank you, Mr. Speaker. My intention today is to vote against this measure for a couple of reasons. One, this will not be the end of this issue. I predict that we will spend a lot of hours on it next January, if the initiative is successful and we will be dealing with how we’re going to dispose of the issue of the initiative and any alternatives. I submit to you that this will not be the end and this session here today is not the efficient solution that some of us think that it might be.

Second, I believe that this particular bill and its effort to reach compromise fell short and has not really reached the kind of compromise that we could all be at
ease with. I worked on this issue last year prior to this last session, and I know the complexities involved and I compliment the task force on its efforts in getting where they have gotten. But my own feeling is that it's just not quite there. As such, I was hopeful that we would be able to deal with this in January and really come up with a true compromise. I am disappointed that many of the amendments offered today were not adopted, because I think that they could have solved many of the problems I have with the bill before us. I can count, though, and I realize that this bill will probably be adopted today.

I did want to state that another reason that I will be protesting this particular bill is that it does not go far enough, especially when it comes to local government. Having served on the Local Government Committee for the last three years and having a very broad and varied and long background in local government in my previous life before coming to this body, I can assure you that local governments are certainly having difficulties in doing the kinds of things that we ask them to do every session that we are here. We very often—most often—don't provide adequate funds to the local governments to do the things that we ask them to do. I find in the task force measure that we have not gone far enough, we have not provided enough money to local governments to provide the kind of cleanup that they are going to have to do. And we have again put the burden back on constituents and rate payers, in many cases, to come up with the dollars that we are shorting them in this measure. I would urge those of you who are concerned about the burdens that we have placed on local governments and their inability to deal with those issues that we hand to them, to please vote with me. Please vote no. Thank you.

Mr. Locke: Thank you, Mr. Speaker. Members of the House, I did not favor being called into special session on this issue or any other issue which we've considered today. I do support the initiative, but I think that a lot of the criticisms that have been launched on this issue have been overstated. We have criticisms and fears about the initiative, and I think those fears and criticisms have been exaggerated. I do not believe that the initiative will wreak havoc on the business community, be it large or small. I certainly don't believe that the task force report is a rape of the environment as it has been portrayed.

We're here because of reality. The reality is that we didn't have the votes in the House and the Senate during the last session to pass the initiative proposal or any other strong superfund proposal. The so-called "Unsoeld One," or the first proposal by Representative Unsoeld, passed the House but was thoroughly changed in the Senate. Then there was the "Unsoeld Two," or the "King/Unsoeld" proposal, which was defeated by a gutting amendment in the House of Representatives. Due to the strong leadership that exists within our caucus, that measure was killed and forced the battle that we now have before us and encouraged the initiative forces to go forward and use that as a pressure for getting this legislature finally to deal with legislation. I think that a lot of concerns of the business community are exaggerated because once the initiative is enacted and once it gets down to the local level and to the businesses, many of the concerns that are theoretical will never really materialize.

Having said that, I think that it's important that we pass this piece of legislation because if we read it, if we really take an opportunity to study it, I think it is very much superior to many of the concepts that were proposed during the legislative session. I think it is in balance, a very fair and reasonable document. We have a window of opportunity that's been given to us, encouraged or pushed along by the initiative, but a window of opportunity nonetheless. Because if the initiative for whatever reason doesn't get the signatures, or if upon receiving the signatures does not pass at the ballot, we will have lost whatever hammer, force or leverage that we have to enact tough environmental legislation. And while the initiative is still collecting the signatures and the outcome is debatable, although I believe that it will get the signatures, but as long as it's debatable, we have that opportunity to pass tough legislation.

Sure it's not as strong as I would like it to be, but I think that when we really look at it, if it were to pass, I don't think I could go around saying that I'm ashamed of this piece of legislation. I'm not. I think I could turn around and tell the public that it's good legislation; it's fair; it's reasonable. Yes, it could be stronger, but it's
still good and fair and deserves support. I think it's a baseline. We enact what we can now and if the initiative is able to receive the signatures and is able to get on the ballot and if it passes, that just means stronger environmental legislation in the future. But if not, we will be left with the task force report that I think does a very good job and sets a good policy for the State of Washington. I urge your support.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 6085 as amended by the House, and the bill passed the House by the following vote:

Yeas, 65; nays, 22; excused, 8.

Engrossed Senate Bill No. 6085 as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE SENATE

Mr. Speaker:
The President has signed:

HOUSE BILL NO. 1264.

Bill Gleason, Assistant Secretary.

POINT OF PERSONAL PRIVILEGE

Mr. Appelwick: I rise to congratulate one of our members before the rest of the folks wander off in all of the excitement here. Today in this third special session we have nearly completed our first day under the helm of a new majority leader. He's gotten through his first suspend-and-bump motion with the appropriate protocol and sufficient poise to make even John L. O'Brien proud. The new majority leader has said to me at least a half a dozen times today that "he feels old"; "he feels old"; and the last one was that "he feels very old." Today is the fortieth birthday of Representative Ebersole. He now joins the ranks of the Jack Benny followers. He has had at least three parties. I believe to date, and promises to go at another one this evening which is probably why he feels so old. I would ask you to congratulate him again on his fortieth birthday and on his first day of service as majority leader of this house.

The Speaker declared the House to be at ease.
The Speaker called the House to order.

MESSAGES FROM THE SENATE

Mr. Speaker:
The Senate has concurred in the House amendments to ENGROSSED SENATE BILL NO. 6085, and passed the bill as amended by the House.

Sidney R. Snyder, Secretary.

Mr. Speaker:
The President has signed:

ENGROSSED SENATE BILL NO. 6085.

Sidney R. Snyder, Secretary.
Signed by the Speaker

The Speaker announced he was signing:

ENGROSSED SENATE BILL NO. 6085.

The Speaker called on Mr. O'Brien to preside.

There being no objection, the House advanced to the eighth order of business.

Resolution

HOUSE FLOOR RESOLUTION NO. 87-4709, by Representatives Ebersole and Ballard

NOW, THEREFORE, BE IT RESOLVED, That a committee of four members be appointed by the Speaker to notify the Senate that the House of Representatives is ready to adjourn the Third Special Session of the 1987 Legislature sine die.

On motion of Mr. Ebersole, the resolution was adopted.

Appointment of Special Committee

Under the terms of House Floor Resolution No. 87-4709, the Speaker (Mr. O'Brien presiding) appointed Representatives Hargrove and Miller to notify the Senate that the House was ready to adjourn sine die.

There being no objection, the House reverted to the fourth order of business.

Introduction and First Reading

HCR 4424 by Representatives Ebersole and Ballard

Notifying the governor of adjournment of the 1987 third special session.

Motions

On motion of Mr. Ebersole, the rules were suspended and House Concurrent Resolution No. 4424 was advanced to second reading and read the second time in full.

On motion of Mr. Ebersole, the rules were suspended, the second reading considered the third, and the resolution was placed on final passage.

House Concurrent Resolution No. 4424 was adopted.

Appointment of Special Committee

The Speaker (Mr. O'Brien presiding) appointed Representatives Rust, Heavey, Walker and May to notify the Governor that the Legislature was ready to adjourn sine die.

Report of Special Committee

The Special Committee appeared at the bar of the House and reported that they had notified the Senate that the House was about to adjourn sine die.

The report was received and the special committee was discharged.

Report of Special Committee from Senate

A committee from the Senate, consisting of Senator Bauer and Secretary of the Senate Snyder, appeared at the bar of the House and notified the House that the Senate was ready to adjourn sine die.

The report was received and the committee returned to the Senate.

The Speaker resumed the Chair.

To the Honorable, House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 6 and 15, Substitute House Bill No. 2, entitled:

"AN ACT Relating to special purpose districts."

Sections 6 and 15, if signed, would result in an identical double amendment of sections 1 and 2 of House Bill No. 643, which I have already signed into law. For this reason, I have vetoed sections 6 and 15.

With the exceptions of sections 6 and 15, Substitute House Bill No. 2 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1, 20, 23, 75 and 86, Engrossed Substitute House Bill No. 25, entitled:

"AN ACT Relating to state government."

Section 1 requires the Office of Financial Management to suggest a system to control the purchases of furniture by state agencies. While the existing system is not perfect, it does provide for some flexibility so that agencies may operate efficiently while at the same time allowing executive and legislative control through the budget process. The system envisioned by this section would add an additional layer of bureaucracy to a single part of the state purchasing system and would be costly to administer.

Improvements are possible in many areas of state government, and purchasing is one of these areas. I think that any changes in furniture purchasing should be considered in the context of improvements of the overall system. Therefore, I have vetoed section 1.

Three sections of Engrossed Substitute House Bill No. 25 contain amendments that conflict with other bills receiving my signature. Section 20 amends RCW 39.19.030(8), which is also amended by Engrossed Senate Bill 5529, section 3. Section 23 amends RCW 39.86.070, which is repealed by Substitute House Bill 739, section 13(8). Section 75 amends RCW 77.04.110, which is repealed by Engrossed Second Substitute House Bill 758, section 98. These amendments are incompatible, so I have vetoed these sections to avoid confusion.

Section 86 requires all state publications which are to be sent to legislators to be routed through the State Library. I fully agree that state agencies should limit publications to the Legislature to what is necessary. However, the language in section 86 is overly broad and could result in delays of critical information to the Legislature. To keep with the intent of this section, I will direct the Office of Financial
Management to work with agencies to devise a system that will distribute their publications more efficiently and effectively.

With the exception of sections 1, 20, 23, 75 and 86, Engrossed Substitute House Bill 25 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 2(l)(k), 5, 10 and 12, Engrossed Substitute House Bill No. 26, entitled:

"AN ACT Relating to the lottery:"

Section 2(l)(k) and portions of section 10 would require the Lottery to pay out exactly 45% of revenue as prizes. This requirement is technically impractical, since it is not possible to predict when Lotto prizes will be won. The present language requiring prize payments "not be less than forty-five percent" is preferable.

Section 5 requires the Lottery to notify local governments prior to the licensing of a business to sell lottery tickets, and provides for the denial of a license if the business is a non-conforming use. The Lottery currently has 3,900 retail outlets and issues approximately 600 new licenses per year. Notification of the appropriate executive bodies would place an unreasonable administrative burden on the agency. To address the needs of local governments, the Lottery has developed procedures that require prospective licensees to obtain permission from the local executive body if they are non-conforming uses.

Sections 10 and 12 require that costs of advertising and game-related services be appropriated. The current system under which these costs are budgeted and allotted, but not appropriated, has been satisfactory. The restriction would deny the Lottery the flexibility it needs to carry out its program and respond to changing conditions.

With the exception of Sections 2(l)(k), 5, 10 and 12, Engrossed Substitute House Bill No. 26 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 32, 33, 34, 37, 52, 53 and 54, Substitute House Bill No. 48, entitled:

"AN ACT Relating to parenting:"

This legislation is part of a comprehensive approach by the Legislature to respond to pressing children's issues. As a result, several bills overlap each other. Sections 32, 33 and 34 of Substitute House Bill No. 48 affect how child support payments are made. Substitute House Bill No. 420, an act creating the child support registry, also affects the child support payments process. If both bills were signed into law, there would be conflicting interpretations of the law on support orders, wage assignments, and directions to the court. To eliminate this ambiguity, I believe Substitute House Bill No. 420, which is more thorough, should take precedence. Therefore, I have vetoed sections 32, 33 and 34 of Substitute House Bill No. 48.

Section 37 of Substitute House Bill No. 48 concerns modification of support orders and merely re-codifies RCW 26.09.170. Substitute House Bill No. 413 amends this section of law. The amended language is preferable and a veto of section 37 will eliminate ambiguity.
Sections 52, 53 and 54 amend statutes having to do with custodial interference. These sections are very similar to Substitute Senate Bill No. 5088, which I have vetoed. While I agree that non-custodial parents deserve fair treatment when their visitation rights are abused, I am concerned that involving the police in settling non-violent visitation disputes where harm to the child is not evident is an improper approach.

I have been asked to veto section 3(3)(f) because of concerns that it would give an unfair advantage to those more financially well-off in parenting/custodial decisions. However, as this is only one factor in a non-exclusive list of factors describing parenting functions, I am confident that the courts will not use this to discriminate against less well-off parents, usually women, in custody cases. However, if after experience it appears that discrimination is occurring, I will support a change to the law.

With the exceptions of sections 32, 33, 34, 37, 52, 53 and 54, Substitute House Bill No. 48 is approved.

Booth Gardner, Governor

I am returning herewith, without my approval as to section 12, Engrossed Substitute House Bill No. 88, entitled:
"AN ACT Relating to personal service contracts."

This bill establishes a policy of open competition for all personal service contracts and directs the Office of Financial Management to establish procedures for competitive solicitation, record-keeping, reporting and filing of contracts to implement this bill.

Section 12 declares an emergency and directs that the bill take effect immediately. The Office of Financial Management must have time to establish the required procedures and communicate these new procedures to all state agencies, institutions, boards and commissions. Allowing this bill to become effective upon signing, with no procedures established, would result in confusion for state agencies attempting to carry on their contracting activities and comply with new requirements which have not been fully developed. A normal ninety day effective date will allow the program to be fully developed and give agencies the opportunity to understand the new procedures which should assist compliance.

With the exception of section 12, Engrossed Substitute House Bill No. 88 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 19, 1987

I am returning herewith, without my approval as to section 23(1), Substitute House Bill No. 129, entitled:
"AN ACT Relating to counselors, social workers, mental health counselors and marriage and family therapists."

Section 23(1) adds those persons who will come under registration or certification by Substitute House Bill No. 129 to the list of persons mandated to report incidents of child or adult dependent person abuse or neglect in RCW 26.44.030.

Section 10 of Engrossed Second Substitute Senate Bill No. 5659 adds licensed or certified child care providers or their employees and juvenile probation officers to the list of mandated reporters in RCW 26.44.030. This section is an appropriate addition to the mandated reporting law.
While some counselors have direct contact with children, all licensed or certi­fied child care providers and their employees and juvenile probation officers have direct contact with children and should be a higher priority to be added as mandated reporters of child and adult dependent person abuse and neglect. Therefore, I have vetoed section 23(1) of Substitute House Bill No. 129.

With the exception of section 23(1), Substitute House Bill No. 129 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 18, 1987

I am returning herewith, without my approval as to section 4, Engrossed Sub­stitute House Bill No. 134, entitled:

"AN ACT relating to certifying radiological technologists and nuclear medici­ne technologists."

This bill provides that "no person may represent himself or herself to the public as a certified radiological technologist without holding a valid certificate to prac­tice" from the state. It authorizes the Department of Licensing to set and collect fees and to designate those schools from which graduation will be accepted as proof of an applicant's eligibility to receive a certificate. It also authorizes the department to determine whether alternative methods of training are equivalent to formal education, and to allow proof of alternative training to determine the applicant's eligibility to receive a certificate. The bill does not provide for the state to establish any testing or competency test in order for applicants to receive certification.

Section 4 establishes certain exemptions from certification. These exemptions are unnecessary because certification is voluntary and is only required by people who want to represent themselves as certified radiological technologists. The lack of certification does not prohibit someone from practicing in the field of radiologi­cal technology. This section further confuses the meaning of the bill by referring to people who are unlicensed in section 4 even though this bill does not provide for a licensing (inability to practice without a certificate) approach.

With the exception of section 4, Engrossed Substitute House Bill No. 134 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 15, 1987

I am returning herewith, without my approval as to sections 1 and 5, House Bill No. 135, entitled:

"AN ACT Relating to the western library network."

Section 1 of House Bill No. 135 amends RCW 27.26.020. Section 13 of Second Substitute Senate Bill No. 5555 contains identical language. Therefore, I have vetoed section 1 in order to avoid confusion.

Section 5 amends RCW 43.105.130. Identical language is contained in section 12 which also contains additional language in Second Substitute Senate Bill No. 5555. Hence, I have vetoed section 5.

With the exception of sections 1 and 5, House Bill No. 135 is approved.

Respectfully submitted,
Booth Gardner, Governor

For Veto Message on HOUSE BILL NO. 146, see page 2292.
To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 4, 5, and 14, Engrossed Second Substitute House Bill No. 164, entitled:

"AN Act Relating to funding the Washington housing trust fund."

Engrossed Second Substitute House Bill No. 164 provides funding from interest earnings on nominal deposits of real estate earnest money. A low income housing assistance advisory committee is established to advise the director of the Department of Community Development. A brokers' trust account board is created with final authority over the award of housing grant funds from this financing source. Twenty-five percent of the aggregated interest on brokers' trust accounts is directed to the real estate commission account for licensee education activities.

Sections 4 and 5 of the bill delete language related to social services that was included in the original enabling legislation. This language includes special support services directly related to housing as an eligible activity for the award of housing trust grant funds. Although the majority of these funds are intended for housing activities related to construction and rehabilitation, it is also important to retain the trust funds' flexibility to meet unique housing services needs as these arise.

Removal of these sections results in the elimination of new language to explicitly include the homeless as a target group for trust fund grants. This does not represent a substantive change, however, because shelters and other services for the homeless are already designated as eligible activities for receipt of funds in section 6 of the enabling statute.

Section 14 was inadvertently left in the bill after interest earnings on tenant security deposits was removed as a potential trust funding source. I am removing this section to avoid confusion.

With the exception of sections 4, 5, and 14, Engrossed Second Substitute House Bill No. 164 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2, House Bill No. 171, entitled:

"AN ACT Relating to community colleges."

Section 2 amends RCW 28B.50.100, which is also amended by duplicate language in section 1001 of Engrossed Substitute House Bill No. 454, which I have already signed. Therefore, I have vetoed section 2 to avoid duplication.

With the exception of section 2, House Bill No. 171 is approved.

Respectfully submitted,

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 12, Engrossed Second Substitute House Bill No. 196, entitled:

"AN ACT Relating to driving without a license."
Section 12 of this bill repeals RCW 46.20.416 which prohibits driving while in a suspended or revoked status. Section 1 of the bill incorporates the provisions of that statute into RCW 46.20.342.

The repeal affected by section 12 occurs ninety days after the end of the regular legislative session just completed. However, new statutory language to replace that provision does not take effect until July 1, 1988, as provided in section 13. Without a veto of section 12, this prohibition would lapse for approximately one year which would be an undesirable and unintended lapse in our suspension of driver license law.

With the exception of section 12, Engrossed Second Substitute House Bill No. 196 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 19, 1987

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 226, entitled:

"AN ACT Relating to public employers."

This bill would invalidate the 1975 Supreme Court case, Zylstra v. Piva, 85 Wn. 2d 743, which insured collective bargaining for Superior Court employees whose wages are set by the county for all matters under the control of the county, "specifically matters relating to wages, including benefits relating directly to wages such as medical insurance". However, the decision held that for purposes of hiring, firing and working conditions, and other matters necessarily within the statutory responsibility of the court (Judicial Branch) collective bargaining did not apply. The court indicated, "Our solution seeks to preserve for these employees as large a sphere of collective bargaining as possible, in accord with the stated purpose of the bargaining act."

This bill would change perceptions of independence that the courts have with the public. To require the judiciary to be involved in the collective bargaining process will impact the public's view of its impartiality on similar labor issues.

The bill would be more acceptable if the application and scope were limited to court employees who are under the control and supervision of a court administrator hired by the court to handle personnel and administrative matters. This approach would not involve the judges directly in the bargaining process and exclude the judge's personal staff which works with them in the courtroom every day.

Given the unique operation of the judicial system and the fact that each elected judge has separate control over individual employees, I do not believe the extension of collective bargaining to the matters within the direct control of the judges is appropriate.

For the above reasons, I have vetoed Substitute House Bill No. 226.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 408(1) and 412, ReEngrossed Substitute House Bill No. 327, entitled:

"AN ACT Adopting the capital budget."

Section 408(1), Page 42, State Board of Education

This subsection eliminates the "super match" for school projects related to desegregation or vocational technical assistance. There are several jurisdictions
around the state which have approved bond issues based on the premise that they would qualify for this funding. To change the rules now would mean these projects could not go forward. I do not believe this is appropriate.

However, I am concerned about the policy of providing "super match" for specific types of projects. During the interim, I intend to review this policy and determine whether legislation affecting future projects should be offered.

Section 412. Page 43, Superintendent of Public Instruction

This section provides funds for capital planning and interim transportation costs for Nine Mile Falls School District. From discussions with representatives of the district, it appears that the purpose is incorrectly stated. It is supposed to be used for costs related to the transition of the district from a non-high to a high school district. However, the citizens of the district have already provided sufficient levy money to cover all these costs, which include the cost of bonds for the new high school and payments to other school districts for taking Nine Mile Falls high school students while the new school is being constructed. There is no justification for appropriating these funds.

With the exception of sections 408(1) and 412, ReEngrossed Substitute House Bill No. 327 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 3(1) and 3(3), Substitute House Bill No. 425, entitled: "AN ACT Relating to district heating systems."

The intent of the legislation, as stated in section 1, is "to provide a streamlined permitting system which will encourage development and efficient utilization and distribution of heat while continuing to provide reasonable consumer protections." Section 3(1) and 3(3) contradict this intent.

Section 3(1) states that the intent of the legislation is to minimize "any long-term rate impacts on customers of existing utilities." While harmful impacts should be minimized, I do not believe that beneficial impacts should be limited. Further, limiting consumer benefits contradicts the legislative intent of consumer protection.

Section 3(3) requires that public hearings be used to determine the effects district heating have on long-term utility rates. State law currently provides consumer protection by (1) requiring the establishment of district heating only by municipal legislative ordinance and (2) requiring the legislative authority to estimate consumer costs of such a system (RCW 35.97.050-060). Instead of streamlining the permitting system, section 3(3) retards the advancement of district heating while not furthering consumer protection.

With the exception of sections 3(1) and 3(3), Substitute House Bill No. 425 is approved.

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 8, Engrossed House Bill No. 435 entitled: "AN ACT Relating to real estate brokers and salesmen."

Section 8 would exempt from the real estate excise tax assumed mortgages on real property which are refinanced.
Refinancing assumed mortgages is simply one means of financing the pur- chase of real property; no public goal or objective is served by this selective exemption. Washington cannot afford the loss of several million dollars caused by such an exemption.

With the exception of section 8, Engrossed House Bill No. 435 is approved.

Respectfully submitted,
Booth Gardner, Governor

For Veto Message on SUBSTITUTE HOUSE BILL NO. 440, see page 2291.

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

May 18, 1987

I am returning herewith, without my approval as to sections 3(6), 3(16), 20(7) and 20(8), Engrossed Second Substitute House Bill No. 448, entitled:

"AN ACT Relating to the family independence program."

This bill is the beginning of a new opportunity for the needy of our state to achieve independence, to free themselves from reliance on government assistance and to achieve a better standard of living. I appreciate the efforts of those in the Legislature who have worked with me to make this opportunity possible, and I want to thank them for their support. The final version of the bill, however, contains some flaws, and I find it necessary to veto several items to ensure a smooth start for the program. These problems are surprisingly few for a measure of this scope.

Section 3(6) contains a definition of "Family Opportunity Councils" that conflicts with the description of these councils found elsewhere in the bill. The description in section 6 provides clearer direction to the councils and should stand alone.

Section 3(16) adopts a definition of placement which describes full-time employment as "thirty hours or more per week." Using this definition could have a significant fiscal impact by increasing the number of enrollees who would receive the maximum benefit level. In order to make sure that the program can be accomplished with existing resources, this definition should be deleted.

Section 20(7) would prevent the implementation of the Family Independence Program in any county in which the average unemployment rate is more than twice the state-wide average. This means that we would not be able to offer critically needed services to enrollees in economically distressed counties, even though it is these counties that could benefit the most from the creation of jobs through the job subsidy mechanism.

Section 20(8) would require the implementation of mandatory monthly report- ing in at least one region. Data on both the state and national level has shown that mandatory monthly reporting is not cost effective. This provision would lead to increased administrative costs and complexity without compensating savings.

With the exception of sections 3(6), 3(16), 20(7) and 20(8), Engrossed Second Substitute House Bill No. 448 is approved.

Respectfully submitted,
Booth Gardner, Governor

May 19, 1987

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith without my approval as to sections 111 through 115, 201 through 204, 221, 225 through 232, 306, 307, 308, 309, and 410, Second Substitute House Bill No. 456 entitled:

"AN ACT Relating to education."

This measure was introduced at my request. Its provisions deal with a wide range of problems encountered by children who are at risk of failure in school.
A number of amendments which created new programs were added to this bill during the legislative process. While I believe most of these programs are meritorious, I am vetoing those for which the Legislature provided no funding. Adding unfunded programs to substantive law gives false hope to those who would benefit from them. For this reason, I have vetoed sections which would have created a parents as first teachers program (sections 111 through 115), a grants-based program to provide elementary counselors (sections 201 through 204), and a multi-purpose block grant program (sections 225 through 232). I hope the Legislature will reconsider these programs, particularly the elementary counselors provisions, at some future time when funding may be available.

In addition, I am vetoing Section 221 which creates a mandatory increase in funding for gifted students but which was not funded in the budget.

Sections 306 through 308 permit state employees to use sick leave to participate in school activities. Similar provisions in the bill I requested were tied to approved parent participation programs developed by school districts. The lack of provisions to ensure that leave is used for meaningful participation fundamentally alters the concept and could lead to abuse.

Section 309 was likewise in the original bill. I included this provision anticipating that the Legislature would provide increased revenues for education and provide me with a budget with a decent reserve and a reasonable amount of management flexibility. With the budget which was actually approved by the Legislature, I have reluctantly concluded that the tax exemption for donated equipment might lead to an unacceptable loss of revenue.

Section 410 is standard null and void language which is unnecessary since the balance of Second Substitute House Bill No. 456 was funded in the budget.

With the exception of sections 111 through 115, 201 through 204, 221, 225 through 232, 306, 307, 308, 309, and 410 which I have vetoed, Second Substitute House Bill No. 456 is approved.

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, House Bill No. 462, entitled:

"AN ACT Relating to industrial insurance payments and penalties."

Section 3 of this bill would limit the workers' compensation benefits that can be paid to offenders injured or killed while performing community service. Those who are performing court-ordered community service would be able to receive medical treatment for their injuries, but would be excluded from receiving compensation for lost wages.

This provision is reasonable if applied to those who are incarcerated or who have no actual loss of wages because they are not employed, but it would also affect some who have regular employment. This section would prevent those who suffer an economic loss because of an accident while performing community service from collecting compensatory benefits under industrial insurance. Further, it may open the state to liability for time loss resulting from such an accident.

Coverage of community service workers under the industrial insurance system is at the option of the government or non-profit agency for which the service is performed. Those agencies that would like to provide for the possible needs of these workers and at the same time protect themselves from unknown financial liability should have this opportunity.

In order to address the question of payment of time loss benefits to those who have no regular income, I am asking the Department of Labor and Industries to work with the proponents of this proposal to develop a solution that will be equitable to all concerned.
With the exception of section 3, House Bill No. 462 is approved.

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1 and 3, Engrossed Substitute House Bill No. 498, entitled:

"AN ACT Relating to collective bargaining for firefighters and emergency medical personnel."

Section 1 expands for the first time the definition of "uniform personnel" beyond law enforcement officers and firefighters as defined under RCW 41.26.030, which is the LEOFF Retirement Act. This bill would add employees regularly employed on a full-time basis in a public fire department with duties related to fire, investigation, inspection and dispatch.

There are public policy reasons for binding interest arbitration as the ultimate collective bargaining dispute resolution for "essential public safety employees" (i.e. police officers and firefighters). The employees who would be added under this bill are different in terms of how essential they are to the maintenance of public safety. At this point we have a strong and clearly defined line in the law between what is "essential" to public safety and what is not. If this bill becomes law, that line becomes blurred.

I do feel that employees engaged in fire investigation, fire inspection and fire dispatching provide needed and important services similar to those provided by a number of other public employees in other occupations, including dispatchers employed in joint communication centers which dispatch fire, police and emergency vehicle responses. If this bill were signed into law, many other groups would ask for inclusion under what would be an uncertain and an expanded use of the term "essential services". All of these employees have full collective bargaining rights now, and I do not feel the expansion is necessary to protect public safety.

Section 3 is vetoed to reinstate the law to its present status, since the change in section 1 is vetoed.

With the exception of sections 1 and 3, Engrossed Substitute House Bill No 498 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to a portion of section 4(1), sections 5, 6, 7, 10, 15, 16 and 17, Second Substitute House Bill No. 586, entitled:

"AN ACT Relating to child abuse and neglect."

This legislation is a direct response to the need for improved and coordinated services to protect our children from abuse and neglect. I heartily support the thrust of this bill and want to ensure its component parts do not duplicate other bills.

Section 6 establishes a joint select committee on children and family services to provide oversight over a comprehensive children's services pilot project and to develop a long-term children's services strategy for the state. This is similar to the objectives required in Substitute House Bill No. 813, which establishes the Governor's Commission on Children. Therefore, this section is duplicative and unnecessary.

Since I have vetoed section 6, which would create the joint select committee on children and family services, I have vetoed a portion of section 4(1) and section 5 since these references to the joint select committee on children and family services have become unnecessary. The bill still instructs the Department of Social and
Health Services to provide a detailed implementation plan for the pilot projects to the Legislature.

Section 7 requires the pilot projects to expire on December 31, 1989. This duplicates the termination date in section 4. Therefore, I have vetoed section 7.

Sections 10, 15, 16 and 17 designate specific expenditures for child protective services. I am supportive of the ideas behind these improvement measures but the hiring of specific numbers of attorneys and caseworkers, for example, would be more appropriately found in a budget bill. In addition, with the final passage of the 1987–89 biennium budget having occurred, there will be funds for some of these enhancements. Therefore, I have vetoed sections 10, 15, 16 and 17.

With the exceptions of a portion of section 4(1), sections 5, 6, 7, 10, 15, 16 and 17, Second Substitute House Bill No. 586 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House of Representatives of the State of Washington Ladies and Gentlemen:

I am returning herewith, without my approval as to part of section 1, Substitute House Bill No. 630 entitled:

"AN ACT Relating to pilotage."

A portion of section 1 of this bill amends the requirements for public members appointed to the board of pilotage commissioners. The amendment prohibits such members from being licensed pilots or employees of a vessel operator for ten years preceding appointment and from having a direct financial interest in pilot-related business.

While I support the Legislature's intention to provide a balance among representatives to boards and commissions, I cannot support altering requirements that would affect the terms of existing members. Unfortunately, the Attorney General's office believes this amendment would necessitate the removal of a current board member. Should the Legislature pass similar legislation clearly affecting only future appointments and terms, I would give it more favorable consideration.

With the exception of part of section 1, Substitute House Bill No. 630 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House of Representatives of the State of Washington Ladies and Gentlemen:

I am returning herewith, without my approval as to section 29, Engrossed Substitute House Bill No. 648, entitled:

"AN ACT Relating to noxious weed control."

Section 29 of this bill would require courts to distribute revenue received as a result of infractions issued by a noxious weed board in a different way than is currently prescribed by statute. As part of the Court Improvement Act of 1984, all court revenue is distributed according to a 68/32% formula between local and state government. The Court Improvement Act did away with an administratively expensive and cumbersome system of separate accounting for numerous small special purpose court collections. The unified and simplified system now in place is vastly superior to its predecessor. The change mandated by this section would be a step backward toward the old system.
With the exception of section 29, Engrossed Substitute House Bill No. 648 is approved.

Booth Gardner, Governor

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval as to part of section 5, Second Substitute House Bill No. 684 entitled:
"AN ACT Relating to criminal sentencing"

Section 5 of this bill is intended to clarify legislative intent to prohibit multiple sentences for persons committing crimes that encompass the same criminal conduct. Such sentences are served concurrently but are counted separately for the purposes of determining offenders' sentencing scores for subsequent criminal acts.

During the legislative process, section 5 was amended twice to accomplish the same end. The language of the two amendments is incompatible and signing the bill in this form would have the unintended consequence of lowering offender scores for certain cases.

With the exception of part of section 5, Second Substitute House Bill No. 684 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval as to section 57, and 74(2), Engrossed Second Substitute House Bill No. 758, entitled:
"AN ACT Relating to the department of wildlife."

Engrossed Second Substitute House Bill No. 758 reorganizes the Department of Game into the Department of Wildlife. As part of this reorganization, greater authority is vested in the Director of Wildlife, the chief executive officer of the Department.

Section 57 requires the Director to employ a minimum of 85 field wildlife enforcement agents. As with other Departmental staffing decisions, a determination of the actual number of wildlife enforcement agents to be employed by the Department is more appropriately left to the Director's discretion. Enforcement is an important responsibility of the Department, and the Director is instructed to employ an adequate number of wildlife agents to ensure enforcement coverage throughout the state.

Section 74(2) would direct to the Wildlife Conservation Reward Fund, rather than to the Public Safety and Education Fund, certain reimbursements to the state for the value of game animals taken illegally. Section 74(2) would require courts to distribute revenue received from these reimbursements in a different way than is currently prescribed by statute. Currently, as part of the Court Improvement Act of 1984, all court revenue is distributed according to a 68/32% formula between local and state government. The state's 32% share goes into the Public Safety and Education Account and is used to support a variety of state programs, including some sponsored by the Department of Wildlife.

The Court Improvement Act did away with a very cumbersome system of separate accounting for numerous small special purpose court collections. The unified and simplified system now in place is superior to its predecessor. The change mandated by section 74(2) would be a step backward toward the old system.
With the exception of section 57, and 74(2), Engrossed Second Substitute House Bill No. 758 is approved. Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Substitute House Bill No. 767, entitled:

"AN ACT Relating to respiratory care."

This bill provides for a certification system for respiratory care practitioners under the Department of Licensing. The Director may issue a certificate to any applicant who has graduated from an approved school or successfully completed alternative training which meets the criteria established, and may give an examination, and require completion of experience requirements.

This bill appears to be a certification-only regulation, i.e. limiting who can use a title, except for language contained in section 3 which makes the bill operate like a licensing regulation. This section says "An entity or person shall not employ or contract with persons engaging in respiratory care as respiratory care practitioners that have not received a certificate to practice. . . ." This is not consistent with the other sections of the bill which provide for certification. Also, it is not appropriate to take a group such as this which has not previously been regulated and impose on them the most rigorous regulating standard, i.e. licensing.

I would also note that section 3 becomes effective 90 days after the adjournment of the legislature while section 4, which adopts the certification approach and requires certification for anyone who "uses any title" involving respiratory care, is not effective until September 15, 1987.

By vetoing section 3 of this bill, I am leaving intact a certification approach for respiratory care practitioners. However, I am rejecting the licensing approach for the reasons set forth above.

With the exception of section 3, Substitute House Bill No. 767 is approved.

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to a portion of section 1(1), Second Substitute House Bill No. 813, entitled:

"AN ACT Relating to the governor's commission on children;"

I heartily support the establishment of a Governor's Commission on Children to develop a long-term strategy for an effective, comprehensive children's services delivery system. The bill, however, requires the commission to be composed of more legislators than citizens and requires that a legislator serve as chair of the commission. When commissions are established in the Office of the Governor, their composition is made up predominantly of citizens because the executive office should reflect the views of the public.

Therefore, it is my intention to appoint a commission whose composition is similar to what was outlined in the original version of House Bill 813. For this reason, I have vetoed the portion of section 1(1) that describes the commission's membership.
With the exception of a portion of section 1(1), Second Substitute House Bill No. 813 is approved.

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, as to section 1112, Engrossed Substitute House Bill No. 927, entitled:

"AN ACT Relating to the enforcement of judgments."

Section 1112 is identical to section 118 of Senate Bill No. 5017. Since I have already signed Senate Bill No. 5017, section 1112 of this bill is duplicative. I have also noted that several sections of Engrossed Substitute House Bill No. 927 contain additional amendments to sections amended by Senate Bill No. 5017 and that Engrossed Substitute House Bill No. 927 repeals a section which was amended in Senate Bill No. 5017. I assume that the amendments made in Engrossed Substitute House Bill No. 927 reflect the intent of the legislature to make further changes to these sections.

With the exception of section 1112, Engrossed Substitute House Bill No. 927 is approved.

Respectfully submitted.

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed House Bill No. 959, entitled:

"AN ACT Relating to the powers of initiative and referendum in cities and towns."

This bill would automatically extend the powers of initiative and referendum on city or town ordinances to voters of any municipality with a population in excess of 500. Currently, voters may gain these powers on local matters through city charters, by resolution of the local government legislative authority, or by petition with subsequent approval of a ballot proposition.

I feel that these existing routes to referendum and initiative powers promote broader participation in the process of government while providing reasonable safeguards against a second-guess in difficult local government decisions. No case has been made that the lack of a general initiative and referendum power has led to abuses. In the absence of such evidence, I see no reason to burden local governments with provisions which make their work more difficult.

For this reason, Engrossed House Bill No. 959 is vetoed in its entirety.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 970, entitled:

"AN ACT Relating to reimbursement of institutions for the mentally retarded."
This legislation would increase the compensation for the property and return-on-investment portion of the reimbursement formula of nursing homes that provide care to developmentally disabled persons. Currently, this portion of the reimbursement formula for nursing homes that care for elderly persons is different from those that care for developmentally disabled persons.

While I recognize the need for adequate and equitable reimbursement for proprietary operators of these nursing homes, there was no appropriation included with the bill. With no funding provided, enactment of this legislation would force the Department of Social and Health Services to absorb this cost through cuts of direct services to developmentally disabled persons. This is not feasible for a program with a client waiting list.

Therefore, I have vetoed Substitute House Bill No. 970.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1(3), 1(4) and 1(5), Substitute House Bill No. 978, entitled:

"AN ACT Relating to water projects in the Yakima river basin."

Since the passage of Substitute House Bill No. 978, I have been contacted by many having interests in the waters of the Yakima River system. Through review of letters, by personal contacts at all levels of government, and based upon information provided by my agency directors, I am well aware of the circumstances which prompted this legislation, the divisiveness which has resulted and the significance of my action in a partial veto.

I support and endorse the policy of water neutrality contained in this legislation. Simply stated, any water project in the Yakima Basin that creates a new demand for water must provide a source of supply or an operating agreement to meet that demand. Unfortunately, I believe the bill is flawed and does not achieve the intended result of promoting water neutrality. The provisions of these subsections are ambiguous and may not achieve the protection of existing rights.

Sections 1(3), 1(4) and 1(5) are intended to create a state process for assuring water neutrality. To date, issues related to new water projects, including fish passage facilities within the Yakima River basin, have been cooperatively resolved. I encourage this approach. I have directed the Departments of Ecology, Agriculture and Fisheries to seek negotiated construction and operation agreements for facilities that may require additional water. If such agreements are not reached in a reasonable time, I have instructed the Department of Ecology to utilize the water rights permit process for resolving these issues.

In approving sections 1(1) and 1(2), I affirm my continued support for the Yakima Enhancement Project. Within these sections is the message that the state wishes to see early Congressional action on the next phase of the project and that a final and successful conclusion of the project is an absolute necessity. The momentum to achieve these goals was present before the disputes that arose surrounding Substitute House Bill No. 978 became an issue. I encourage all parties to now cooperatively direct their efforts toward regaining that momentum. Should such cooperation not exist and similar legislation come to me at the conclusion of the next session, I may take a different action.

With the exception of sections 1(3), 1(4) and 1(5) Substitute House Bill No. 978 is approved.

Respectfully submitted,
Booth Gardner, Governor
To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 3, 5, 6, 7, 8, 9 and 10, Engrossed Substitute House Bill No. 995, entitled:

"AN ACT Relating to the mobile home park purchase fund and providing technical assistance."

Engrossed Substitute House Bill No. 995 establishes a mobile home park purchase fund and requires the Department of Community Development to establish an office of mobile home affairs, provide ombudsman services and technical assistance, and staff a new advisory committee on mobile home and manufactured housing affairs.

Although I concur that manufactured housing and mobile homes provide an important source of low-income housing in Washington State, this bill would establish an extensive new program and subsidies in an area in which state government has no experience. Further, the Legislature did not appropriate funding for this ambitious and costly new program.

Sections 3, 5, 6, 7 and 8 set up the internal policies and procedures of the mobile home park purchase fund. The Housing Committee of the House of Representatives will be looking at potential funding sources for a park purchase program over the interim to address next session. Therefore, it is premature to now outline specific internal fund policies and to mandate the development of regulations before having answered the more basic question of a financing source.

Section 9 includes several substantive but unfunded program activities for the Department of Community Development. Although I am vetoing this section, I have requested the department to establish an office of mobile home affairs and to provide technical assistance to mobile home tenants and park owners. By establishing this office, the department will be able to gain experience with mobile home and manufactured housing issues and will begin to collect information on additional program needs. The department's experience in providing this initial technical assistance may well demonstrate the need for other elements of this bill and warrant expansion of this program in future legislation.

Another difficulty with proposed language in section 9 is the requirement that the Department of Community Development "promote the development and utilization of mobile homes or manufactured housing." I have eliminated this paragraph because I feel it is inappropriate for the Department to advocate on behalf of a narrow segment of housing options (mobiles and manufactured units) when Department of Community Development's overall agency mission is to help develop low-income housing and involves working on a broader range of housing supply types.

Subsection 3 of section 9 would establish a narrowly-focused advisory committee in statute. Boards, commissions, committees, task forces and similar entities have proliferated in this state, and now number over 400. The director of Community Development has authority to create ad hoc advisory groups as the need arises. This authority makes it unnecessary to create advisory committees in statute.

Section 10 requires the department to evaluate programs established in the bill. With no programs being established, such an evaluation would be irrelevant.

Although several sections have been vetoed, I have retained sections related to the mobile home park purchase fund framework and have requested the department to undertake technical assistance activities. This will allow the state to pursue the worthy goal of protecting mobile home parks as an important source of low-income housing consistent with our current level of knowledge and fiscal capacity. I am also asking the Department to ensure that it coordinates implementation of this legislation with its work on the Housing Trust Fund, which might be utilized in conjunction with the mobile home park purchase fund established by this legislation.
With the exception of sections 3, 5, 6, 7, 8, 9, and section 10, Engrossed Substitute House Bill No. 995 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval as to section 29, Engrossed Second Substitute House Bill No. 1006, entitled:
"AN ACT Relating to quality of care in nursing homes."

Section 29 of this bill would require additional legislative review of determinations of need for nursing home beds. This determination is already a long and complex process that involves participants from a variety of organizations, including the Legislature, with support and technical expertise provided by the State Health Coordinating Council.

This interim, the executive branch will be looking at a number of issues in the area of long-term care, including factors related to growth in the nursing home budget. The process of determining need for nursing home beds is an integral aspect of the nursing home budget, as well as the state's overall long-term care policy. It should be considered in the context of this broader review.

In the meantime, the Legislature is represented on the State Health Coordinating Council, which provides an opportunity for input and review.

With the exception of section 29, Engrossed Second Substitute House Bill No. 1006 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 19, 1987

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval as to section 1(4), House Bill No. 1205 entitled:
"AN ACT Relating to authorizing the department of ecology to distribute funds from the water quality account for water pollution facilities, using extended grant payments."

House Bill No. 1205 authorizes the Department of Ecology to enter into contracts with local jurisdictions allowing the state to pay its share of project costs over an extended period up to a maximum of twenty years. The purpose of this authorization is to reduce the state's initial assistance to a local jurisdiction constructing a major water pollution control facility, thereby maintaining adequate funds in the water quality account to assist other local jurisdictions.

Section 1(4) was added as a Senate floor amendment. It requires the state share for one category of water pollution control, sole source aquiter protection, to be in the form of a fifty percent matching grant. The designation of a sole source aquiter is determined by the federal Environmental Protection Agency under the Safe Drinking Water Act. Currently, three such aquiters have been designated in our state and several more are under federal review.

The Department of Ecology is developing by rule a comprehensive and consistent program for use of funds from the water quality account, including the appropriate level of cost sharing with local jurisdictions for eligible water pollution control facilities and activities in accordance with Chapter 70.146 RCW.

I concur that the protection of sole source aquiters is of high priority, and projects for such protection should receive a fair level of state aid. However, the appropriate level of state assistance for any project funded by the water quality...
account should be made in the context of overall state priorities for water pollution control assistance.

With the exception of section 1(4), which I have vetoed, House Bill No. 1205 is approved.

Respectfully submitted,
Booth Gardner, Governor
June 12, 1987

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 2, 3, 107(2), 121(2), 121(3), 201(1)(a), 201(1)(d), 201(3)(c), 202(4), 202(8), 205(2)(a), 207(3), 209(4), 213(3), 303(2), 313(6), 317, 401(3), 402(3), 506(4)(c), (6), (7), and (9), 515(2), 601(5), and 606(2), Engrossed Substitute House Bill No. 1221, entitled:

"AN ACT Relating to the budget; making appropriations and authorizing expenditures for the operations of state agencies for the fiscal biennium beginning July 1, 1987, and ending June 30, 1989."

My reasons for vetoing these sections are as follows:

Section 2, Page 2, Limits on New Services
This subsection prohibits new services not expressly authorized in this budget, unless the services were provided on March 1, 1987. In the 1987-89 biennium, I intend to continue to manage state services to keep their growth at a minimal level. I am concerned, however, that the absolute prohibition in this subsection may be too broad and may unnecessarily restrict state government's ability to respond to emergent needs.

This section also requires replacement of state funds when unanticipated federal funds are received. Although acceptable in concept, the language used is too restrictive and could result in the inability to use federal fund sources as available.

Section 3, Page 2, $18 Million Savings
Section 3 requires $18 million in General Fund-state savings through limitations on agency expenditures for personal services contracts, goods and services, travel, and equipment. Although I intend to reduce agency expenditures to achieve the expected savings, agency managers should be given the flexibility to make budget reductions in ways that are least disruptive to agency program objectives. The savings can be achieved through means other than the four items cited in this section. I would hope, too, that higher education institutions and elected officials, over whom I have no direct management control, will join with other executive agencies in finding savings.

Section 107(2), page 4, Public Defender Task Force
This subsection designates $110,000 in the Supreme Court's budget for creation of a task force to study the creation of a statewide program for delivery of indigent defense services. It also creates a task force director position. The responsibility for providing indigent defense currently rests with the state for appellate cases and with local governments for the trial court level. I do not favor consideration of shifting such substantial costs to the state for the total program without significant involvement and representation of state officials in the review.

Section 121(2), Page 10, Draft Reports
This language requires agencies to submit required reports to the Legislature by the date specified, notwithstanding time for the Office of Financial Management to grant approval. This language is unnecessary. Sections of law requiring such reports have specific due dates and the Office of Financial Management has the necessary authority to require the reports due in advance so it can review them prior to the date set by the Legislature.

Section 121(3), Page 10, Furniture Management
This subsection requires the Office of Financial Management to report to the Legislature on a system to control the purchases of furniture by state agencies. I
vetoed this requirement from House Bill No. 25 and I am vetoing it again for the same reason.

The system envisioned would add an additional layer of bureaucracy to a single part of the state purchasing system and would be costly to administer. Any changes in furniture purchasing should be considered in the context of improvements to the overall purchasing system.

Section 201(1)(a), Page 17, Work Training Release and Substance Abuse Contracts.

This section would restrict the Department of Corrections from using its own more cost-effective resources when appropriate and require the Department to contract solely with non-profit corporations for the amount specified for work-training release for convicted felons. This restriction is not appropriate and is inconsistent with other efforts to restrict uses of personal service contracts.

Section 201(1)(d), Page 17, Sexual Offender Treatment Program

This subsection provides for the implementation of the Sex Offender Treatment Program within the provisions of Second Substitute House Bill No. 1251. This bill was not enacted by the Legislature. The Department of Corrections will, however, implement a sex offender treatment program consistent with current law and legislative intent.

Section 201(3)(c), Page 18, Drug and Alcohol Treatment Programs

Under this language the Department of Corrections is required to expend its drug and alcohol treatment funds solely through contract service providers. Since the Department currently utilizes both state employees and contract service providers for its drug and alcohol treatment programs, this proviso would have the effect of mandating the supplanting of state employees with contract providers. This proviso limits the ability of the Department to pursue the most efficient provision of drug and alcohol treatment to offenders in institutions and work release facilities. The Department of Corrections will continue to provide drug and alcohol treatment through the use of both state employees and contracted services.

Section 202(4), Page 19, Legislative Review of Eligibility Criterion, Department of Social and Health Services.

This subsection prohibits the Department of Social and Health Services from revising eligibility criteria in a manner that would increase the number of eligible persons or increase General Fund-State expenditures. The subsection also stipulates that required revisions to eligibility criteria be reviewed by the appropriate committees of the Legislature prior to implementation. While it is not my intention to voluntarily change criteria in a manner which would increase the number of eligible persons, I believe that this provision eliminates the agency's ability to react expeditiously to changes by the courts and the federal government as well as to maximize efficiency. Should such mandatory changes become necessary, the Department of Social and Health Services will promptly inform the appropriate legislative committees.

Section 202(8), Page 20, Monthly Unit Cost Performance Data.

This subsection provides for monthly reporting of cost performance data from all the Department of Social and Health Services budget units and is overly restrictive. This requirement would result in excessive amounts of data being transmitted from the Department of Social and Health Services to the LEAP Committee. The Executive has responded and will continue to respond to legislative inquiries at the specific level of detail requested as well as provide regular reports on key budget drivers.

Section 205(2)(a), Page 27, Program for Adaptive Living Transition Plan.

This subsection requires the Department of Social and Health Services to develop a plan to move clients served by the Program for Adaptive Living into community residential facilities, and prohibits any other community residential programs from being established on the grounds of state mental institutions.

I share legislative concern for creating community alternatives for the mentally ill and will direct the Department to develop a transition plan for submittal to the Office of Financial Management by January 1, 1988. This plan will address the
transition of clients served by the Program for Adaptive Living into community residential facilities. No new community residential programs will be established on the grounds of state mental health institutions without consultation with the appropriate legislative committees and Office of Financial Management approval.

Section 207(3), Page 30, Contracted Chore Services

Section 207(3) deals with the low wage earner increase. The appropriation provided in the long term care budget does not adequately support the requirement as written. The result of this appropriation would be an unintended increase to some providers which could only be funded by reductions to the chore services caseload. Although I am vetoing this section, I am directing the Department of Social and Health Services to implement the low wage earner increase to provide rates of $4.76 per hour beginning September 1, 1987, and $5.15 per hour beginning September 1, 1988, for full-time employees providing chore services on an hourly basis and to allow an equivalent percentage increase for services provided by individuals to clients for the attendant care program. By taking this action, we will be able to maintain chore service caseloads at the highest level possible while guaranteeing substantial wage increases for low paid direct service workers.

Section 209(4), Page 33, Shelter Services Under Substitute House Bill No. 646.

This section requires the Department of Social and Health Services to provide services to any individual who requests shelter, and who is determined to be eligible by criteria established in Substitute House Bill 646, the “Alcoholism and Drug Addiction Treatment and Shelter Act.” Fiscal responsibility is clearly defined in Substitute House Bill 646: “the Department shall provide alcohol and drug treatment services within available funds.” The demand for shelter related to treatment services may very well exceed the level assumed in the budget language and is inconsistent with the intent of Substitute House Bill 646, which is to provide shelter and treatment services only within available funds.

Section 213(3), Page 37, Transferring $500,000 to the Department of Revenue.

This appropriation transfer is no longer applicable because of my veto of House Bill 1239, the bill which authorized the transfer of caseload forecasting functions to the Economic and Revenue Forecast Council.

Section 303(2), Page 50, Wetlands Restoration Project Planning.

This subsection reduces flexibility in the Department of Ecology’s budget by requiring it to expend $75,000 of the General Fund-State appropriation solely for wetlands restoration planning. Funding for this activity was not added to the Department’s budget and must be absorbed in existing programs. This veto will allow the Department to carry out this planning activity more effectively within existing resources.

Section 313(6), Page 57, Hazardous Waste Disposal Program.

This subsection appropriates $50,000 to the Department of Agriculture to implement a hazardous waste disposal program for pesticides. Earlier, I vetoed Senate Bill No. 6010, which directed the Department to develop the administrative structure necessary to implement a disposal program for pesticides because that activity would have caused the state to assume long-term liability. In recognition of the growing problem of pesticide disposal, I am directing the Department of Agriculture to use these funds to develop a proposal for disposal of these wastes.

Section 317, Page 60, State Convention and Trade Center, Duplication

This section is a duplication of section 12 of Engrossed Substitute Senate Bill No. 5901, which also contains the same appropriation but also creates a new account established for the Convention Center’s operating expenses.

Section 401(3), Page 61, State Patrol.

This section establishes a major crimes investigation unit within the Washington State Patrol. The initiation of this unit, which expands the State Patrol’s activities to include direct criminal investigation assistance to local law enforcement entities, is a major policy decision which should receive careful and thorough executive and legislative scrutiny. It should be noted that the Legislature did consider, but failed to enact, legislation adopting this policy in the 1987 session.

One of the purposes of this appropriation is to allow the Washington State Patrol to work with the Green River Task Force. The Task Force has accumulated
much valuable information which could be used by other law enforcement authorities both now and in the future. I believe that this is a worthwhile undertaking and am therefore directing the Chief of the Washington State Patrol to work with the Office of Financial Management to devise and fund a plan for drawing on the task force's knowledge and data.

Section 402(3), Page 62, Department of Licensing.

This subsection places portions of second-year appropriations for professional regulation into reserve pending reappropriation by the 1988 Legislature. It requires that a report describing the methods used to set fees be submitted to the Legislature by December 1, 1987. The withholding of appropriations is unduly restrictive, especially in view of new legislative requirements for professional licensing enacted this year. I have directed the Office of Financial Management to review the report and determine if the Department of Licensing has justified the methods used to set fees charged for professional regulation. The Department and the Office of Financial Management will work with the budget committees to resolve any outstanding issues.

Section 506(4)(c), (6), (7), and (9), Page 76, Local Education Program Enhancement Funds

Section 506 specifies both the funding level and use of monies appropriated for a new program, education block grants. I have consistently stated that I would not accept a budget with new programs that is not also financially responsible. This budget, combined with other legislation, provides a reserve of less than $70 million. I am concerned that this is inadequate, given normal fluctuations in revenue and spending forecasts. One way to increase the reserve would be to veto this entire section. However, the needs of K-12 education are so great that I have decided to leave the program and the funds in the budget.

Grant funding to local school districts in addition to their basic education allocations includes adult/pupil ratio; dropout prevention and retrieval programs; drug and alcohol abuse programs; early childhood programs; in-service training programs; and programs to enhance reasoning and analytical skills. However, certain subsections are vetoed as follows:

Subsection 4(c) requires that a two-year plan be established by districts based on the needs identified by "the committee". There is no committee stipulated in section 506; it was only included in earlier drafts of the legislation. Therefore, this language is inappropriate. In addition, districts are charged in other subsections with assessing and evaluating their needs as they relate to expending the enhancement funds.

Subsection 6 restricts districts unnecessarily as to their process for determining how to spend the enhancement funds. Also, other controlling statutes would dictate if and when employee group involvement is required.

Subsection 7 unnecessarily stipulates that the enhancement funds may not be used for a salary increase beyond that which is specified in the budget. New statutory salary restrictions are now in place in ReEngrossed Second Substitute House Bill No. 455, which was passed after this budget bill, and this language is no longer needed.

Subsection 9 refers to a section of the code which has been repealed by ReEngrossed Second Substitute House Bill No. 455 and therefore must be removed to avoid confusion.

Section 515(2), Page 86, Educational Clinics

This subsection requires that $635,000 of the total appropriation for educational clinics be spent in counties presently unserved by clinics. These clinics work with dropouts to encourage them to return to school or to prepare them to take the GED examination. There are currently no applications pending with the Superintendent of Public Instruction to establish clinics in unserved counties. Furthermore, existing clinics have the capacity to serve more students than the balance of the appropriation would permit. I encourage the Superintendent to use the funds available as a result of my action for distribution to the existing clinics.

Section 601(5), page 91, Vocational Education Planning.

This subsection duplicates sections 601(4) and is therefore unnecessary.
Section 606(2) page 97, Central Washington University Business School Accreditation.

The Legislature provided significant increases for higher education, equalized funding per pupil among the regional universities, and adopted a policy of flexibility allowing institutional self-determination. Within that context, the restriction of additional funds for a single programmatic option is inconsistent and detrimental to the overall legislative objectives for higher education funding.

With the exception of sections 2, 3, 107(2), 121(2), 121(3), 201(1)(a), 201(1)(d), 201(3)(c), 202(4), 202(8), 205(2)(a), 207(3), 209(4), 213(3), 303(2), 313(6), 317, 401(3), 402(3), 506(4)(c), (6), (7) and (9), 515(2), 601(5), and 606(2). Engrossed Substitute House Bill No. 1221 is approved.

Respectfully submitted,
Booth Gardner, Governor
May 18, 1987

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 6 and 23, House Bill No. 1228 entitled:

"AN ACT Relating to criminal penalties for, criminal sentences for, education regarding, and treatment for alcohol and substance abuse;"

Section 6 amends RCW 26.28.080 by striking language relating to providing alcohol to minors. The same amendment was effected in slightly different form by chapter 204, laws of 1987.

Section 23 provides an effective date of July 1, 1988, for section 10 which authorizes the distribution of certain beer retailer license fees. Section 10(4) provides funds to the superintendent of public instruction for an alcohol prevention program. However, the fee increase providing these funds does not take effect until July 19. Without a veto of section 23, the general fund will lose approximately $150,000 which it can ill afford.

With the exception of sections 6 and 23, House Bill No. 1228 is approved.

Respectfully submitted,
Booth Gardner, Governor
June 9, 1987

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed House Bill No. 1239, entitled:

"AN ACT Relating to fiscal matters."

This bill would require the employment of a caseload forecast supervisor by the secretary of the Department of Social and Health Services to supervise the preparation of all state caseload forecasts. It would mandate the preparation of four caseload forecasts each year for a variety of services provided through the department. The forecast would be subject to the approval of what is now the economic and revenue forecast council.

Many of these forecasted caseloads provide the basis for projected program expenditures and as such, are important considerations in the development of the Governor's budget request. The development of the budget is an Executive responsibility. This bill would shift a portion of that responsibility to the Forecast Council.

The development of caseload estimates for some programs cannot be appropriately undertaken without the coincident development of program policy. The development of such caseload estimates, without policy development, would be unproductive.
The bill also creates an artificial time frame for the preparation of these forecasts and eliminates the flexibility to manage the forecasting process according to the needs and statutory responsibilities of the executive branch of government. In short, this legislation is an encroachment on the Executive's authority and capacity to plan and execute its responsibilities.

For these reasons, Engrossed House Bill No. 1239 is vetoed.

Respectfully submitted,

Booth Gardner, Governor
